TITLE 7—AGRICULTURE

Chapter XI—War Food Administration (Distribution Orders)

[FDO 71-1]

PART 1414—POULTRY

TURKEYS

Pursuant to the authority vested in me by Food Distribution Order No. 71 (8 F.R. 10703), issued by the War Food Administrator on August 2, 1943, as amended, effective in accordance with the provisions of Executive Order No. 9280, dated December 5, 1942, and Executive Order No. 9322, dated March 26, 1943, as amended by Executive Order No. 9334, dated April 19, 1943, and in order to effectuate the purposes of the aforesaid orders, *It is hereby ordered*, As follows:

§ 1414.2 *Delegation of authority*—(a) *Definitions*. Each term defined or used in Food Distribution Order No. 71, as amended, shall, when used herein, have the same meaning as that which it has in said Food Distribution Order No. 71, as amended.

(b) *Delegation*. In accordance with the provisions of § 1414.1 (g) of Food Distribution Order No. 71, as amended, authority is hereby delegated to the regional directors, Food Distribution Administration, War Food Administration (8 F.R. 9315, 11198), to perform the following acts, subject to the following conditions:

(1) To consider petitions for relief from hardship with respect to turkeys delivered to the Armed Services of the United States and rejected by the Armed Services, and to grant releases with respect to such petitions upon any or all of the following conditions: That such turkeys will be (i) placed in storage; (ii) used for canning purposes; (iii) sold to purchasers who will retain such turkeys in storage or use the turkeys so sold for canning purposes; *Provided*, That no regional director shall grant releases, pursuant hereto, with respect to turkeys subject to Food Distribution Order No.

71, as amended, without first obtaining a certificate from the applicant furnished by the Office of the Quartermaster General of the United States Army showing the grade or condition of such turkeys and the number of pounds of such turkeys to be so released.

(2) To consider petitions for relief from hardship requesting releases from the provisions of Food Distribution Order No. 71, as amended, and to grant releases with respect to such petitions to the extent necessary to permit the sale of live turkeys for breeding purposes: *Provided*, That no regional director shall grant releases pursuant hereto with respect to turkeys subject to Food Distribution Order No. 71, as amended, without first obtaining proof satisfactory to him that such turkeys are to be sold as, and will be used for, breeding purposes.

(c) *Effective date*. This order shall become effective at 12:01 a. m., e. w. t., August 23, 1943.

(E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; FDO 71, 8 F.R. 10703)

Issued this 23d day of August 1943.

ROY F. HENDRICKSON,
Director of Food Distribution.

TITLE 30—MINERAL RESOURCES

Chapter VI—Solid Fuels Administration for War

[Order 3]

PART 602—GENERAL ORDERS AND DIRECTIVES

MAINTENANCE OF RECORDS AND FILING OF REPORTS

An order requiring the maintenance of records and the filing of reports and

other necessary information and statistical data by certain persons engaged in solid fuels industries.

In order to effectuate the purposes of Executive Order No. 9332 (8 F.R. 5355) it is necessary that the Solid Fuels Administrator for War obtain data concerning the shipment and distribution of solid fuels other than Pennsylvania anthracite.

Valuable information and data with regard to bituminous coal has heretofore been readily available from invoices, reports and other statistical data required to be filed with the Bituminous Coal Division of the Department of the Interior pursuant to appropriate orders of the Division issued under the Bituminous Coal Act of 1937, as amended. The Bituminous Coal Act ceases to be in effect at 12:01 a. m., August 24, 1943 (except as provided in section 13 of the Revised Statutes). It is essential that part of the information and data formerly filed with the Bituminous Coal Division and additional information and data with regard to coal other than Pennsylvania anthracite be filed with the Solid Fuels Administration for War. Information in regard to the distribution of Pennsylvania anthracite is presently obtainable from other sources.

Now, therefore, pursuant to the provisions of Executive Order No. 9332, (8 F.R. 5355), It is ordered, That:

§ 602.61 *Definitions.* (a) "C o a l" means all anthracite, except Pennsylvania anthracite; all bituminous, semi-bituminous and sub-bituminous coal having calorific value in British thermal units of seven thousand six hundred per pound or more and having a natural moisture content in place in the mine of less than 30 per centum and includes lignitic coal having calorific value in British thermal units of less than seven thousand six hundred per pound or having a natural moisture content in place in the mine of 30 per centum or more.

(b) "Person" means any person, partnership, association, business, trust, corporation, government corporation or agency, or organized group of persons.

(c) "Producer" means any person engaged in the business of mining coal at a mine producing 50 tons per day or more, or having rail or river shipping facilities regardless of tonnage produced.

(d) "Distributor" means any person who purchases and resells coal in not less than cargo or railroad car lots (or truck load tonnage equivalents of railroad car lots delivered to the same purchaser within five consecutive days) and shall include, without limitation, dock operators, lake and tidewater forwarders, co-operators, and the operators of central washeries or preparation plants.

(e) The terms "size groups," "consumer use," "market area," and "producing district" shall have the same meaning, in regard to bituminous coal, as established by the various schedules, orders, rules, regulations and practices of the Bituminous Coal Division of the Department of the Interior as of August 23, 1943. The terms, "size groups" and "producing district," when used with reference to other than bituminous coal

shall have the meaning established by usage in the applicable industry.

§ 602.62 *Information and reports to be filed.* (a) Every producer and distributor of coal shall maintain appropriate records and shall file on or before the 1st day of each calendar month, commencing November 1, 1943, a report concerning the total tonnage of coal produced or shipped by said producer or distributor during the second preceding calendar month: *Provided, however,* That the report required to be filed November 1, 1943, shall cover the period July, August, September 1943. Such report shall be filed with the Office of the Solid Fuels Administration for War, Washington, D. C., on forms to be prescribed by it, and shall show, to the extent required by said forms, the total tonnage produced, shipped or otherwise disposed of from each mine, dumping pier, dock, central washery or preparation plant by size groups and the consumer use; in the case of railroad fuel and by-product coal, the name of the consumer; the method of movement, the applicable market area and the destination state or port to which shipments were made.

(b) Each person who directs or orders the dumping of coal into vessels for transshipment via lake or tidewater or for vessel or bunker fuel use shall maintain appropriate records and shall file with the Solid Fuels Administration for War, Washington, D. C. on or before the first day of each calendar month, commencing November 1, 1943, a copy of the cargo manifest, consist report or dumping sheet issued to him in regard to each shipment of coal made during the second preceding calendar month, and shall attach to and file with such copy, a statement, which may be a copy of the invoice covering the coal dumped, showing the producing district (where such district is District No. 7 or 8 there shall be an indication as to whether the coal involved was low or high volatile bituminous coal), tonnages by size groups, consumer use, destination of the vessel, and, if the coal involved is for railroad fuel use or is for by-product use, the name of the vendee or purchaser. On November 1, 1943 such persons shall file the information required by this subparagraph (b) in regard to each shipment of coal made during the months of July, August and September 1943, or, in lieu thereof, shall file a summary report of such shipments as may be required by the Solid Fuels Administration for War.

§ 602.63 *Approval of Bureau of the Budget.* The information and reports required to be filed by § 602.62 of this order are subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942 and regulations issued thereunder.

§ 602.64 *Penalties.* (a) Any person who wilfully violates any provision of this order, or who, by any act or omission, falsifies records kept or information furnished in connection with this order is guilty of a crime and upon conviction may be punished by fine or imprisonment.

(b) Any person who wilfully violates any provision of this order may be prohibited from delivering or receiving any material under priority control or such other action may be taken as is deemed appropriate.

This order shall become effective September 1, 1943.

(E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 23d day of August 1943.

H. A. GRAY,
Deputy Solid Fuels
Administrator for War.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125; 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176.

PART 933—COPPER

[Supplementary Order M-9-b, as Amended August 24, 1943]

§ 933.3 *Supplementary Order M-9-b—(a) Definitions.* For the purposes of this supplementary order:

(1) "Scrap" means all copper or copper-base alloy materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescence, failure or other reason.

(2) "Copper clad steel scrap" means all copper or copper-base alloy clad or coated steel materials or objects in which the cladding or coating amounts to 3% or more by weight and which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescence, failure or other reason.

(3) "Copper" means copper metal which has been refined by any process of electrolysis or fire refining to a grade and in a form suitable for fabrication such as cathodes, wire bars, ingot bars, ingots, cakes, billets, wedge bars or other refined shapes, or copper shot or other forms produced by a refiner.

(4) "Copper base alloy" means any alloy, except one which contains 0.10% or more of metallic beryllium, in the composition of which the percentage of copper metal by weight equals or exceeds 40% of the total weight of the alloy.

(5) "Alloy ingot" means an alloy ingot or other shape for remelting which has been cast primarily from copper-base alloy or scrap.

(6) "Brass mill scrap" means that scrap which is a waste or by-product of industrial fabrication of products of brass mills.

(7) "Brass mill" means any person who rolls, draws or extrudes castings of

copper or copper-base alloys; it does not include a mill which rerolls, redraws or reextrudes products produced from refinery shapes or castings of copper or copper-base alloys.

(8) "Foundry" means any person casting copper or copper-base alloy shapes or forms suitable for ultimate use without rolling, drawing, extruding, or forging. The process of casting includes the removal of gates, risers and sprues, and sand blasting, tumbling or dipping, but does not include any further machining or processing.

(9) "Scrap dealer" means any person regularly engaged in the business of buying and selling scrap.

(10) "Public utilities" means any person furnishing telephone, telegraph or electric light and power services to the public or city, suburban or inter-city electrically operated public carrier transportation.

(b) *Delivery or acceptance of scrap, copper clad steel scrap or alloy ingots.* Notwithstanding any preference rating, no person shall deliver or accept the delivery of any scrap, copper clad steel scrap or alloy ingots except in accordance with the following directions:

(1) Brass mill scrap shall be delivered only to a scrap dealer or to a brass mill; a scrap dealer who accepts delivery of brass mill scrap shall in turn deliver such scrap only to a brass mill or another scrap dealer.

(2) No. 1 or No. 2 copper scrap shall be delivered only to a scrap dealer, or to a person specifically authorized by the War Production Board to receive deliveries of such quantities of No. 1 or No. 2 copper scrap.

(3) Copper clad steel scrap and unreloadable fired artillery cases, cartridge cases or bullet jackets, which have been manufactured from copper, copper-base alloys or copper clad steel, in excess of ten (10) pounds, shall be delivered only to persons specifically authorized or directed by the War Production Board to receive such deliveries.

(4) Scrap other than that specified in paragraphs (b) (1) through (3) above shall be delivered only to a scrap dealer, or to a person specifically authorized by the War Production Board to receive deliveries of such quantities of scrap.

(5) Alloy ingots shall be delivered only to a person specifically authorized by the War Production Board to receive deliveries of such quantities of alloy ingots.

(6) No person shall accept delivery of alloy ingots, copper clad steel scrap or unreloadable fired artillery cases, cartridge cases or bullet jackets, which have been manufactured from copper, copper-base alloys or copper clad steel, in excess of ten (10) pounds, except as specifically authorized by the War Production Board.

(7) A person other than a brass mill or dealer shall accept a delivery of scrap, other than that specified in paragraph (b) (6) above, only pursuant to a specific authorization of the War Production Board.

(8) A brass mill shall accept no delivery of scrap other than brass mill

scrap without the specific authorization of the War Production Board.

(9) A scrap dealer shall accept delivery of scrap only if:

(i) Such scrap is not of a kind or grade specified in paragraph (b) (6) above, and

(ii) Such scrap dealer shall during the preceding 60 days, have sold or otherwise disposed of scrap to an amount at least equal in weight to the scrap inventory of such scrap dealer on the date of acceptance of delivery of scrap (which inventory shall exclude such delivery), and

(iii) Such scrap dealer shall have filed with the Bureau of Mines, College Park, Maryland, by the 10th of each month, Form PD-249, and

(iv) Such scrap dealer shall have supplied such other information as the War Production Board may from time to time require.

(10) No person shall dispose of any material, the delivery of which he accepted as scrap, other than as scrap in the manner provided in this paragraph (b), except with the specific authorization of the War Production Board.

(c) *Melting or processing of scrap, copper clad steel scrap or alloy ingots.*

(1) No person other than a brass mill shall melt or process scrap, copper clad steel scrap or alloy ingots, without the specific authorization of the War Production Board.

(2) No brass mill shall melt or process any scrap other than brass mill scrap, without the specific authorization of the War Production Board.

(3) Any person accepting a delivery of scrap, copper clad steel scrap or alloy ingots shall use such scrap, copper clad steel scrap or alloy ingots only for the purposes for which acceptance of such delivery is authorized by the War Production Board.

(d) *Delivery to or acceptance of copper by foundries and makers of alloy ingots.* Notwithstanding any preference rating, no person shall deliver any copper to a foundry or to a maker of alloy ingots, and no foundry or maker of alloy ingots shall accept any such delivery, except as specifically authorized by the War Production Board.

(e) *Authorization—(1) Basis of authorization.* Authorization to receive deliveries of, melt or process copper, scrap, copper clad steel scrap, or alloy ingots will be given by the War Production Board to assure the satisfaction of the most essential war requirements.

(2) *Application for authorization.* (i) Any person desiring to obtain an authorization, pursuant to this order, to accept the delivery of, melt or process copper, alloy ingot, scrap or more than ten (10) pounds of unreloadable fired artillery cases, cartridge cases or bullet jackets which have been manufactured from copper or copper base alloys, should make application on Form PD-59, Copper Division, War Production Board, by the 5th of each month.

(ii) Any person applying for an authorization to accept delivery of copper clad steel scrap or more than ten (10) pounds of unreloadable fired artillery cases, cartridge cases or bullet jackets which have been manufactured from copper clad steel must furnish the

War Production Board with a letter setting forth the kind and grade of material, the tonnage, the period during which deliveries must be received, and the end use into which products produced out of such material will go.

(3) *Proof of authorization—(1) Refined copper.* Any foundry or ingot maker authorized to purchase specified amounts of refined copper under the terms of an allocation certificate must submit the allocation certificate issued to him to his supplier at the time of placing his order. If the order is placed with a dealer, the allocation certificate must be surrendered to the dealer. If the order is placed with a refiner, the allocation certificate must be endorsed by the refiner, specifying the quantity of refined copper which the refiner will deliver.

(ii) *Alloy ingot, scrap or copper clad steel scrap.* Any person authorized to purchase specified amounts of alloy ingot, scrap or copper clad steel scrap may notify his supplier of his right to make a purchase by endorsing on, or attaching to, each contract or purchase order placed by him under the terms of the authorization, a certification in the following form signed by an official duly authorized for such purpose:

Certification: The undersigned purchaser hereby represents to the seller and to the War Production Board that he is entitled to purchase the items shown on this purchase order pursuant to Allocation Certificate, Serial No. _____ for the month of _____ and that receipt of these items, together with all other orders placed by him, will not result in his receiving more alloy ingot, scrap or copper clad steel scrap, than he has been authorized to receive for the month indicated by such purchase order pursuant to said Allocation Certificate.

Name of purchaser	Address
Signature and title of duly authorized official	Date

The person receiving the certification shall be entitled to rely on such certification unless he knows or has reason to believe it to be false. Each person supporting a purchase order by such a certification must maintain at his regular place of business all documents, including purchase orders and preference rating orders and certificates, upon which he relies as entitling him to make such purchases, segregated and available for inspection by representatives of the War Production Board, or filed in such manner that they can be readily segregated and made available for such inspection.

(f) *Disposal of scrap or copper clad steel scrap, generated through fabrication or accumulated through obsolescence.* No person shall use, melt, or dispose of any scrap or copper clad steel scrap generated in his plant through fabrication or accumulated in his operations through obsolescence, in any way other than by sale or delivery to a person authorized to accept such delivery, without the specific authorization of the War Production Board. In no event shall any person keep on hand more than thirty days' accumulation of scrap or copper clad steel scrap unless such accumulation aggregates less than one ton. All persons generating scrap or copper clad steel scrap through fabrication or accumulating scrap or copper clad steel scrap through obsolescence, in excess of

five hundred pounds in any calendar month, shall report on Form PD-226 on or before the 5th day of the following month, to the War Production Board, Ref: M-9-b, setting forth inventory of scrap and copper clad steel scrap at the beginning of the previous calendar month, accumulations and sales during such month, inventory at the end of such month and such other information as the War Production Board may request from time to time. Nothing herein contained shall prohibit any public utility from using its own operations wire or cable which has become scrap by obsolescence provided the lengths of such wire or cable are in excess of five feet and the quantity of such material so used by such public utility in any calendar month does not exceed five tons or such other amount as the War Production Board may specifically authorize.

(g) *Toll agreement.* No person shall deliver scrap, copper clad steel scrap or alloy ingots and no person shall accept same for converting, remelting or other processing under any existing or future toll agreement, conversion agreement or other form of agreement by which title remains vested in the person delivering the scrap, copper clad steel scrap or alloy ingots or causing the scrap, copper clad steel scrap or alloy ingots to be delivered, or which agreement is contingent upon return of processed material in any quantities, equivalent or otherwise, to the person delivering or causing the scrap, copper clad steel scrap or alloy ingots to be delivered, unless and until such an agreement shall have been approved by the War Production Board. Any person desiring to have such an agreement approved must furnish the War Production Board a letter setting forth the names of the parties to such agreement, the material involved as to kind and grade, the form of same, the estimated tonnage involved, the estimated rate of delivery, the length of time such agreement or other similar agreement has been in force, the duration of the agreement, the purpose for which the processed material is to be used, and any other pertinent data that would justify such approval.

(h) *Restriction on acceptance of copper-base alloys or castings, including alloy ingots, made therefrom.* No person shall knowingly accept delivery of copper-base alloys or castings, including alloy ingots, made therefrom, which have been obtained by melting and processing scrap or copper clad steel scrap delivered to a melter or processor contrary to the provisions of this order.

(i) *Specific directions.* The War Production Board may from time to time issue specific directions to any person as to the source, destination, amount, or grade of scrap, copper clad steel scrap or alloy ingots to be delivered, acquired or used by such person.

(j) *Reports.* In addition to the reports specified in this order, each ingot maker shall file by the 5th of each month, Form PD-751, Ingot Makers Report of Copper Base Alloy Ingot and each foundry shall file by the 5th of each month, Form PD-(9)-B, Copper Foundries: Monthly Report of Copper Base Alloy Ingot Inventory.

(k) *Violations.* Any person who willfully violates any provision of this order or who willfully furnishes false information to the War Production Board in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries or from processing or using material under priority control and may be deprived of priorities assistance.

(l) *Addressing of communications.* All applications, statements, or other communications filed pursuant to this order or concerning the subject matter hereof, should be addressed Copper Division, War Production Board, Ref: M-9-b, Washington 25, D. C.

Issued this 24th day of August 1943.

PART 1029—FARM MACHINERY AND EQUIPMENT AND ATTACHMENTS AND REPAIR PARTS THEREFOR

[Limitation Order L-257 as Amended August 24, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of critical materials entering into the manufacture of farm machinery and equipment and repair parts therefor, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1029.15 Limitation Order L-257—

(a) *What this order does.* This order describes the rules governing the manufacture of farm machinery and equipment and repair parts for sale in the continental United States and possessions. (Manufacture for export is covered by Order L-257-a.) To aid manufacturers in planning a continuous production cycle, it is the intention that this will be the basic order from year to year. However, it is expected that a new schedule of quota percentages will be issued as a part of the order each year for the "current quota period" starting July 1 of that year, and this will become the "applicable schedule" for that period. For example, the applicable schedule for the period July 1, 1943 to June 30, 1944, is Schedule A; for the following twelve-month period starting July 1, 1944, the new applicable schedule might be called Schedule B, etc. In order that producers may plan their production and order materials in advance, they may assume that the schedule in effect at any particular time will continue into the next "current quota period", until such time as a new schedule is issued. At present, there is no quota limitation on repair parts.

In addition to quota and other limitations on manufacture, this order also has rules on the filing and approval of pro-

duction schedules, covering machinery and equipment (both farm and non-farm) and repair parts. Producers affected must stick to their schedules, with certain exceptions, so that the various programs, both farm and non-farm, can be met on time.

(b) *Definitions.* For the purpose of this order (and any orders supplementary hereto, unless otherwise indicated):

(1) "Producer" means any person, other than a supplier, to the extent that he is actively engaged in the current manufacture (in the United States) of farm machinery and equipment or of repair parts for farm machinery and equipment, but does not include any person who did not manufacture any farm machinery and equipment or repair parts in 1940 or 1941.

(2) "Small producer" means any producer whose total net sales (including exports and sales by affiliates) of all products did not exceed \$100,000 during the calendar year 1941; and includes any other producer who has been classified by the Smaller War Plants Corporation as a "smaller, distressed producer" and is specifically designated as such for the purpose of this order by the War Production Board, on such terms and conditions as may be proper.

(3) "Manufacture" means to put into process, machine, fabricate, or otherwise alter materials by physical or chemical means.

(4) "Supplier" means any person engaged in the manufacture (for sale to a producer in the United States) of materials, parts, assemblies or subassemblies to be physically incorporated into farm machinery and equipment or repair parts manufactured by such producer, or to be resold by such producer as repair parts.

(5) "Machinery and equipment" means agricultural machinery, mechanical equipment and implements (including all attachments used in conjunction therewith) of the types ordinarily manufactured for farm use, and listed on the applicable schedule attached hereto.

(6) "Farm use" means use for the production or care of crops, livestock, livestock products, or other produce on a farm (or elsewhere in the case of poultry), or use for any civilian purpose with respect to horseshoes, muleshoes, oxen-shoes, and harness hardware.

(7) "Farm machinery and equipment" means machinery and equipment which is manufactured specifically for farm use, including irrigation and drainage equipment (excluding tile), horseshoes, muleshoes, oxen-shoes, harness hardware, and water well casing (fabricated by other than pipe mills); but excluding repair parts, and also excluding all of the following: tracklaying type tractors, fencing, poultry netting and wire, wire fencing, bale ties or straps, oil well casing and water pipe, grain bins and corn cribs, water storage tanks, nails (all kinds), and sundry hardware (including hand tools, chains, barn door track, pulleys, scales, and similar items not specified on the applicable schedule).

(8) "Non-farm machinery and equipment" means machinery and equipment,

as defined in paragraph (b) (5) above, which is manufactured pursuant to rated orders for any purpose other than farm use.

(9) "Attachment" for machinery and equipment means a supplementary appliance which may be added to an otherwise complete machine to extend the utility of such machine.

(10) "Repair parts" means all types of replacement parts considered separately or as assemblies which are manufactured for use and used in the repair and maintenance of "farm machinery and equipment" and shall include plow shares and shapes, and water pump cylinders. No item listed on the applicable schedule shall be deemed a repair part.

(11) "Base production" means the weight of a producer's total manufacture in the United States of any item of farm machinery and equipment for sale in the United States during either the calendar year 1940 or 1941, in whichever year such weight was the greater.

(12) "United States" means the forty-eight states, the District of Columbia, Alaska, Hawaii, Puerto Rico, the Virgin Islands, and all other territories and possessions of the United States.

(13) "Current quota period" means the twelve-month period which starts July 1 of any year and ends June 30 of the following year, as identified on the applicable schedule.

(14) "Applicable schedule" means the particular schedule relating to a current quota period, and fixing manufacturing quotas (for sale in the United States) for each item listed for that period.

(c) *Restrictions on production for domestic farm use*—(1) *Manufacturing quotas.* During any current quota period, no producer shall manufacture, for sale in the United States, more of any item of farm machinery and equipment (by weight) than his quota for that item. This quota is figured by taking the percentage shown for the item on the applicable schedule, and multiplying it by his base production of the item. Exceptions to this general rule are stated in paragraph (d). Special restrictions are set forth in subparagraph (2) below and in paragraph (f).

(2) *Special restrictions.* (i) No person who is not a "producer" has any quota. However he may manufacture farm machinery and equipment and repair parts of an aggregate value up to \$2,500 during any current quota period.

(ii) No item which is not provided for in the applicable schedule shall be manufactured as "farm machinery and equipment" for sale in the United States.

(iii) No producer shall manufacture, for sale in the United States, any item of farm machinery and equipment requiring rubber tires, except upon specific authorization in writing of the War Production Board. Application for this authorization may be made on form WPB 3033.

(iv) No producer who is not a "small producer" shall manufacture, for sale in the United States, any item of farm machinery and equipment except to the extent listed on an approved production schedule under paragraph (e).

(3) *Adjustments in quotas.* The War Production Board may, by specific written directions or authorizations issued to any producer or other person affected by this order, increase or decrease any quota or authorized use of materials; and may transfer any portions of quotas between producers, taking into account the amount and weight of materials to be used, the need for particular items at the time required in particular areas, the labor and transportation situation in the manufacturing areas involved, and such other factors as may be proper.

(d) *Exceptions*—(1) *No quota for repair parts.* Producers may manufacture repair parts for sale in the United States without any restrictions as to quota. However, they must comply with paragraph (e) with respect to production schedules.

(2) *Bracketed items.* Wherever, in an applicable Schedule, two or more items are bracketed together, the producer must apply the individual percentages to his base production of each item in the bracket and add up the various weights. This total permissible weight may then be distributed among all or any one or more of the items in that bracket as he chooses (regardless of the individual quota percentages).

(3) *Attachments may be lumped together.* Any producer may choose not to follow the individual quota percentages for items of attachments as indicated on the applicable schedule, and instead manufacture not more than an aggregate of 75% of his total base production of all attachments. This total may be distributed among all or any one or more of the attachments made by him. However, once this choice is made, the producer must stick to it for all attachments to be made during the current quota period.

(4) *Small producers.* Any "small producer" may use the quota percentage "100%" instead of the quota percentage listed on any applicable schedule for any item or items which he makes, but only to the extent that the weight of his total manufacture of all items of farm machinery and equipment during the current quota period does not exceed, in the aggregate, 100% of his base production of these items. In addition, small producers do not have to comply with certain provisions of this order with respect to production schedules or other reports, as stated in subparagraph (c)

(2) (iv) and paragraphs (e) and (k). However, this does not relieve them from complying with all CMP Regulations and procedures.

(5) *Production before or after current quota periods*—(i) *Advance planning of production.* Before the beginning of any current quota period, producers may plan their production, order materials and start initial fabrication in accordance with the applicable schedule for the coming period. For this purpose, until such time as a new applicable schedule is issued, it may be assumed that the schedule currently in effect will apply for this next period. In other words, the schedule in effect is always the "applicable schedule" unless and until displaced by a new schedule.

(ii) *Carry-over of uncompleted portions of quotas.* Any portions of quotas for sale in the United States under an applicable schedule (including all amendments, appeals and specific authorizations) which are not completely manufactured by the end of the current quota period, may be carried over and added to the corresponding quotas of the next current quota period but only to the extent that they can be completed by July 31 of this next period. However, uncompleted quotas (domestic, and those under Schedule B-6) under Order L-170 may be carried over as explained above for completion any time before June 30, 1944.

(6) *Substitute materials.* Any person may manufacture for sale in the United States the following items, without regard to the restrictions of this order, if they are made from the substitute materials listed:

Bee hives.
Farm gates.
Feed trucks.
Grit boxes.
Hog troughs.
Laying nests.
Livestock feeders.
Milk stools.
Poultry feeders.
Poultry waterers.

These items are unrestricted only if they are made entirely (except for nails and essential strappings and fastenings, and except for doors in the case of livestock feeders) from any one or more of the following materials:

Glass or other ceramic products.
Plain concrete.
Fibre board.
Wood fibre products.

Plywood (produced with binder or adhesive not restricted by Conservation Order M-25 or any other applicable M or L order).

Gum and other hardwood lumber.

Softwood lumber (subject to the restrictions of Conservation Order M-208 and all other applicable M and L Orders).

Some of the items listed above are also given quotas on the applicable schedule. These quotas apply only to the extent that the items are to be made from iron or steel.

(7) *Substitution for critical materials encouraged.* If the weight of any item of farm machinery and equipment manufactured by a producer has been or will be increased by his substituting for more critical materials any of the materials listed above in subparagraph (d) (6), he may still manufacture in any current quota period the number of units which would have been within his domestic quota before making the substitution. Also, a producer may apply for additional quota for any item in which he can substitute these materials entirely for more critical materials.

(8) *Assignments of quota.* All assignments of quota specifically authorized by appeal under Limitation Order L-170 for the period starting November 1, 1942, or under this Order L-257, are re-authorized for each current quota period. The assignee, in figuring his additional quota, must take the percentage on the applicable schedule for each item transferred and multiply it by the assignor's base production of that item. The assignor's quota is, to that extent, revoked.

(e) *Production schedules—(1) AA-2 for purpose of scheduling production.* Producers may schedule their production of items of farm machinery and equipment and repair parts as if the orders for these items bore a rating of AA-2.

(2) *Production schedules must be filed: exemption for "small producers".* With respect to each item of machinery and equipment (both farm and non-farm) and repair parts, each producer must file a production schedule on Form WPB-3053, listing the quantities he plans to have available for shipment (within his quota) to various classes of customers, in accordance with the instructions on the form. This production schedule is deemed approved as filed, unless the producer is notified in writing to the contrary by the War Production Board. "Small producers" do not have to file this form.

(3) *Items on approved schedule to be available for shipment; changes in schedule.* Each producer must have available for shipment each month to each class of customer the quantities of each item and of repair parts as indicated on his approved schedule. However, he may complete (within his approved total) more than his schedule in any month. He may also, if necessary, delay completion of any quantities

scheduled for any class of customer for any month up to the last day of the next month. Any other change in an approved schedule must be reported on Form WPB-3181 and the change will be deemed approved as filed, unless the producer is notified in writing to the contrary by the War Production Board.

(4) *Deliveries for farm use protected.* A producer must deliver all quantities of items listed on an approved schedule (WPB-3053 or WPB-3181) for farm use and for export without regard to preference ratings, unless otherwise specifically directed in writing by the War Production Board. Small producers who have not filed Form WPB-3053 may deliver items for farm use and for export without regard to any orders bearing preference ratings of AA-2x or lower.

(f) *Further restrictions—(1) Items containing iron and steel.* No person shall manufacture, from iron or steel (excluding screws, nails, rivets, bolts, wire, strapping or small hardware for joining or other similar essential purposes), any of the following items:

Bee hives
Milk stools
Tongues
Silos (except for ladders, chutes and platforms)
Cattle stalls
Stanchions
Stock pens
Marking poles
Thills
Farm gates
Boxes for farm wagons and trucks (not motor trucks)
Farm wagon gears
Farm trucks (not motor trucks);

Provided however, That nothing in this paragraph (f) (1) shall be deemed to prevent the manufacture of:

(i) Cattle stalls, stanchions, stock pens, marking poles, or farm gates from re-rolled rail steel, plus strappings and essential hardware (and plus necessary wire in the case of farm gates), or

(ii) Farm wagon gears or farm trucks from re-rolled rail and axle steel, "top cuts," or Bessemer process steel, plus iron castings and wheels, and plus not more than 100 pounds of open-hearth process steel per item.

(2) *Restrictions on sale for domestic use.* Subject to such directions as may be issued from time to time as to rationing control by the War Food Administrator, no person shall sell any item of new farm machinery and equipment (except poultry equipment, horseshoes, muleshoes, oxenshoes, and harness hardware) which was manufactured for sale in the United States, and which he knows or has reason to believe will not be used in the hands of the ultimate consumer for farm use, except to fill a contract or purchase order bearing a preference rating of AA-4 or higher.

(g) *Excess inventory.* Any producer may sell to any other producer any material in his inventory which is in excess of his requirements for the items of farm machinery and equipment and repair parts authorized to be manufactured under the provisions of this order. Such sales shall be expressly permitted within

the terms of paragraph (c) (3) of Priorities Regulation No. 13.

(h) *Conservation of materials.* (1) If any other order of the War Production Board limits the use of critical materials in the manufacture of farm machinery and equipment, non-farm machinery and equipment, or repair parts to a greater extent than this order does, the other order shall govern unless it states otherwise.

(2) The War Production Board may also from time to time issue special orders requiring standardization, simplification, substitution, or other measures to save critical materials in the manufacture of farm machinery and equipment, non-farm machinery and equipment, or repair parts. One order of this kind is L-170-a, restricting the use of copper.

(i) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

Note: Former paragraph (k) and (l) redesignated (m) and (n).

(k) *Reports.* Each producer who is not a "small producer" must file by the 10th day of each month a report on Form WPB-1768 of his production during the previous month in accordance with the accompanying instructions. The first report must be filed on or before September 10, 1943. In addition, if any serious production trouble or delay develops between dates of filing the above Form WPB-1768, the producer should immediately advise the War Production Board, including the following information where applicable:

(1) The name of any material or component part, the non-delivery of which is, or will be, materially retarding his production.

(2) The name of the manufacturer or supplier with whom the order was placed.

(3) Producer's purchase order number.

(4) Date of the order.

(5) Supplier's order number.

(6) Promised date of delivery.

(l) *Applicability of regulations.* This order and all transactions affected by it are subject to all present and future regulations of the War Production Board, unless this order states otherwise.

(m) *Order L-170.* Except as otherwise stated in this order, it supersedes Limitation Order L-170 as of July 1, 1943. Supplementary Limitation Order L-170-a shall remain in full force and effect until revoked or modified.

(n) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Farm Machinery and Equipment Division, Washington 25, D. C. Ref: L-257.

NOTE: The reporting requirements in paragraphs (k), (c) (2) (iii), (e) (2) and (e) (3) have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of August 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A TO L-257

APPLICABLE SCHEDULE FOR CURRENT QUOTA PERIOD
JULY 1, 1943 TO JUNE 30, 1944, INCLUSIVE

Manufacturing Quotas for Items of Farm Machinery and Equipment for Domestic Farm Use

NOTE: Items 272 (k), (l), 292 (i), (j), (k) bracketed; items 50-53, 108-1081 rebracketed; Schedule caption, Group 15 caption, Group 15, Division 1 caption amended August 24, 1943.

Producers are not restricted by any quota percentage in the manufacture of repair parts.

Quotas for new machinery and equipment for farm use are expressed as a percentage of the net shipping weight of each item produced during 1940 or 1941, whichever was higher. In accordance with paragraph (d) (2), production of "bracketed items" may be distributed among all or any one or more items included in the particular bracket, so long as the total weight does not exceed that determined by applying the various quota percentages to the items in the particular bracket.

"Small producers" may use the quota percentage of 100% for any item or items they manufacture, so long as their aggregate production of all items does not exceed 100% of their total 1940 or 1941 production, whichever was higher, as provided in paragraph (d) (4).

Quotas for each item of attachments, unless election is made to lump together all attachments pursuant to paragraph (d) (3), are expressed as the same percentage as that listed for the machine with which the particular attachment is used (except engines).

Any item of farm machinery and equipment not provided for in this Schedule A is not to be manufactured for sale in the United States, unless specifically exempted under the order. Moreover, any manufacture of an item in excess of the percentages established in this Schedule A, even though it may be scheduled for production under paragraph (e), is permitted only if specifically authorized pursuant to paragraph (c) (3) or on appeal.

GROUP 1: PLANTING, SEEDING, AND FERTILIZING MACHINERY

PART 1029—FARM MACHINERY AND EQUIPMENT AND ATTACHMENTS AND REPAIR PARTS THEREFOR

[Limitation Order L-257-a as Amended August 24, 1943]

EXPORTS

§ 1029.16 *Limitation Order L-257-a—*
(a) *What this order does.* This order describes the rules governing the manufacture for export of machinery and equipment (both farm and non-farm) and repair parts, and supplements Limitation Order L-257 covering domestic production. All general provisions of the domestic order, such as definitions and rules for production schedules, will apply to producers for export under this order, unless this order indicates otherwise. It is expected that this order L-257-a will be the basic export order from year to year, but that "applicable export schedules" of quotas will be issued for each "current quota period", just as explained in Order L-257 for domestic quotas. It may be assumed that the applicable export schedules in effect at any particular time will continue into the next "current quota period", until such time as new schedules are issued.

(b) *Additional definitions.* The definitions of Order L-257, unless otherwise indicated in this order, shall apply for the purpose of this order, and also the following:

(1) "Base shipment" means one-half the net shipping weight of the total quantity (as reported on Form PD-388) of farm machinery and equipment and repair parts in the aggregate exported by a producer during the calendar years 1940 and 1941 combined to any country or group of countries (except Canada) listed on an applicable export schedule.

(2) "Lend-Lease order" means any order for machinery and equipment (both farm and non-farm) or repair parts placed by any agency of the United States Government in response to a requisition filed pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(3) "Applicable export schedule" means any schedule which relates to a current quota period and fixes manufacturing quotas for the foreign country or countries listed for that period.

(c) *Restrictions on production for export—*(1) *General export quotas (except Canada).* During any current quota period, no producer shall manufacture for shipment, or ship, to foreign countries more machinery and equipment (both farm and non-farm) and repair parts than his quota for the particular country or countries, as indicated on the applicable export schedule. Where countries are listed on an applicable export schedule as a group with only one quota percentage, the producer's quota for all countries in the group as a whole is the listed percentage of his base shipments to those countries. Where countries are listed individually with separate quota percentages, the producer's quota for each country is the applicable percentage

of his base shipment to that country. Where the quota percentage is 0% for any country or group of countries listed, or where a particular foreign country is not listed at all, shipments can be made only by getting a special quota under paragraph (c) (4). These special quotas will be given only as the need arises.

Each export quota for a country or group of countries (except Canada) is an over-all tonnage, which the producer can divide up among farm machinery and equipment, non-farm machinery and equipment, and repair parts, as he chooses.

Exceptions to these general rules are stated in paragraph (d).

(2) *Canadian quotas.* During any current quota period, no producer shall manufacture for shipment to Canada more of any item of farm machinery and equipment (in units) or attachments and repair parts (by weight) than his quota as indicated on the applicable export schedule. For each item of farm machinery and equipment (excluding attachments) the producer's quota is half the number of that item (in units) shipped by him to Canada during the calendar years 1940 and 1941, multiplied by the percentage shown for the item on the schedule. (Quotas for Canada do not include non-farm machinery and equipment.)

For each item of attachments, the quota is half the net shipping weight of that item shipped by the producer to Canada during the calendar years 1940 and 1941, multiplied by the percentage shown for the item on the schedule. However, the producer may choose to lump all attachments as explained in paragraph (d) (3).

For repair parts, the quota is half his total 1940 and 1941 shipments by weight of all repair parts to Canada, multiplied by the indicated percentage.

Exceptions to these general rules are stated in paragraph (d).

(3) *Special restrictions.* No producer shall manufacture for shipment, or ship, to any foreign country (including Canada):

(i) Any item of farm machinery and equipment requiring rubber tires, except upon specific authorization in writing of the War Production Board;

(ii) Any item of farm machinery and equipment or repair parts except to the extent listed on an approved production schedule under paragraph (e).

(4) *Adjustments in quotas.* The War Production Board may, by specific written directions or authorizations issued to any producer or other person affected by this order, increase or decrease any export quota or authorized use of materials; and may transfer any portions of quotas between producers, taking into account the amount and weight of materials to be used, the need for particular items at the time required in particular countries, the labor and transportation situation in the manufacturing areas involved, and such other factors as may be proper.

(d) *Exceptions—(1) Production before or after current quota periods—(i) Advance planning of production.* Before the beginning of any current quota period, producers may plan their advance production for export as explained for domestic production in subparagraph (d) (5) (i) of Order L-257.

(ii) *Carry-over of uncompleted portions of quotas.* Any portions of export quotas under an applicable export schedule (including all amendments, appeals and specific authorizations) which are not completely manufactured by the end of the current quota period, may be carried over and added to the corresponding quotas of the next current quota period, but only to the extent that the particular items are covered by an export license issued by the Office of Economic Warfare or by a Lend-lease order, dated before July 1 of this next period. However, items for Canada may be carried over to the extent that they can be completed by July 31 of this next period.

(iii) *Uncompleted L-170 quotas.* Uncompleted export quotas under Order L-170 (except Canada) may be carried over as explained in subparagraph (d) (1) (ii) above to the extent that they are covered by an export license or Lend-Lease order dated before October 1, 1943. Uncompleted L-170 quotas for Canada may be completed up to June 30, 1944.

(2) *Bracketed items for Canada.* Wherever, in an applicable export schedule for Canada, two or more items are bracketed together, the producer may distribute his total quota (in units) for that bracket among all the items in that bracket, as set forth for domestic items in paragraph (d) (2) of Order L-257.

(3) *Attachments for Canada.* Any producer may choose not to follow the individual quota percentages for attachment items for Canada as indicated on the applicable export schedule, and instead manufacture up to 75% of half his total 1940 and 1941 shipments of all attachments (by weight) to Canada, under the terms set forth for domestic attachments in paragraph (d) (3) of Order L-257.

(e) *Production schedules.* Each producer who is not a "small producer" must have available for shipment export the quantities of items of machinery and equipment (both farm and non-farm) and repair parts as indicated on his production schedules which have been filed and approved in accordance with paragraph (e) of Order L-257. All provisions of that paragraph apply to production schedules for export, unless otherwise indicated.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(g) *Communications.* All communications concerning this order, shall, unless otherwise directed, be addressed to:

War Production Board, Farm Machinery and Equipment Division, Washington 25, D. C., Ref.: L-257-a.

Issued this 24th day of August 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPLICABLE EXPORT SCHEDULES OF ORDER L-257-A FOR CURRENT QUOTA PERIOD JULY 1, 1943 TO JUNE 30, 1944

NOTE: Caption amended August 24, 1943.

Quotas for countries listed on Schedules X-1, X-3, X-4, X-5, X-6, X-7 below are expressed as a percentage of one-half the total net shipping weight of the 1940 and 1941 shipments of farm machinery and equipment and repair parts to all the countries in the particular group.

Quotas for countries listed on Schedule X-8 below are expressed as a percentage of one-half the total net shipping weight of the 1940 and 1941 shipments to each such country.

NOTE: Quota percentages are not established for countries listed in Schedules X-2 and X-9 below. Quotas for these countries, and for special projects in any country, will be allocated specifically from time to time under paragraph (c) (4).

Schedule X-10

Quotas for the following items of farm machinery and equipment (excluding attachments) are expressed as a percentage of one-half the number of units of each item shipped to Canada during the combined calendar years 1940 and 1941; where applicable, the item numbers correspond to those in Schedule A of Order L-257. Bracketed items may be handled as indicated in paragraph (d) (2).

The quota base for each item of attachments, and for repair parts, is one-half the net shipping weight of the 1940 and 1941 shipments thereof. Note option to lump all attachments as provided in paragraph (d) (3).

Items not listed are not to be manufactured for shipment to Canada.

PART 1041—PRODUCTION, TRANSPORTATION,
REFINING AND MARKETING OF PETROLEUM

[Preference Rating Order P-98-c, as
Amended August 24, 1943]

To facilitate sales of idle or excess materials, equipment and facilities by persons engaged in the petroleum industry to other persons engaged in the petroleum industry and to control the acquisition of materials by persons engaged in the petroleum industry, the following order is deemed necessary and appropriate in the public interest and to promote the national war effort:

§ 1041.3 *Preference Rating Order P-98-c*—(a) *Definitions*. (1) "Operator" means any person to the extent that he is engaged in the petroleum industry.

(2) "Surplus material" means with respect to each operator that quantity of any item of material, usable for purposes other than scrap, in the operator's possession or under his control which is determined to be surplus critical material in accordance with Schedule A, B, or C; or which (with respect to any material not identified as critical material) exceeds the quantity required or scheduled for use during the succeeding 90 days.

(3) All other definitions of Preference Rating Order P-98-b shall apply in this order.

(b) *Sales of material between operators*. (1) Notwithstanding the provisions of Priorities Regulation No. 1, as amended from time to time, any operator may sell or transfer to any operator material from the seller's or transferor's stocks or inventories, and any such sale or transfer shall be expressly permitted within the terms of Priorities Regulation No. 13, as amended from time to time.

(2) Notwithstanding the provisions of Priorities Regulation Nos. 1 and 13, as amended from time to time, any operator may sell or transfer to any supplier, for sale or transfer by the supplier to an-

other operator, material from the stocks or inventories of the operator.

(3) Where any material is to be used by an operator outside of the United States, its territories or possessions, no operator may sell, transfer or accept delivery of such material under the provisions of this paragraph (b) unless Form PD-470 is filed with the Petroleum Administration for War prior to any such sale or transfer. For the purposes of this subparagraph Form PD-470 will be treated as an information form only and not as an application.

(c) *Restrictions on acquisition and use of materials*. (1) The provisions of CMP Regulation No. 2 and paragraph (f) of CMP Regulation No. 5 shall not be applicable to the sale, delivery, or transfer of material or the use of implementing documents under the provisions of this order. The following provisions of this paragraph (c) shall apply.

(2) No operator or supplier may deliver to any operator, and no operator may accept delivery of, any material for ultimate use in the United States, its territories or possessions, or the Dominion of Canada, in a quantity which if accepted by the operator would result in surplus material for that operator.

(3) No operator may submit a contract or purchase order, effect a sale or transfer authorized by the provisions of paragraph (b) of this order, or apply or extend priorities assistance to obtain delivery of any material for ultimate use in the United States, its territories or possessions, or the Dominion of Canada in a quantity which if accepted by the operator would result in surplus material for that operator.

(4) On and after August 1, 1943, no operator who is required to make a certification of compliance under the provisions of the PAW-Materials Redistribution Program No. 2 may submit a contract or purchase order, effect a sale or transfer authorized by the provisions of paragraph (b) of this order, or apply priorities assistance to obtain delivery of any material unless such certification has been made.

(5) Any operator or supplier may deliver to any operator, and any operator may accept delivery of, material for ultimate use outside of the United States, its territories or possessions, or the Dominion of Canada only where the operator accepting delivery of such material secures priorities assistance in conformity with the provisions of Priorities Regulation No. 9 and Forms PD-311 or PD-311-c, as they may be amended from time to time.

(d) *Participation in Materials Redistribution Program*. Where any material is to be used by an operator in the United States, its territories or possessions, such operator shall file such applications as are required by the PAW-Materials Redistribution Program No. 2 and shall participate in such program to the extent required by its terms and provisions. Any operator required to make a certification of compliance under the provisions of the PAW-Materials Redistribution Program No. 2 may be deprived of priorities assistance where a determination has been made that such op-

erator has surplus material which he has not made available for redistribution in accordance with such program.

(e) *Communications and appeals*. (1) All reports which may be required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed:

(i) By any person located in the United States, its territories or possessions, or elsewhere other than the Dominion of Canada to: Petroleum Administration for War, Interior Building, Washington, D. C., Ref.: P-98-c.

(ii) By any person located in the Dominion of Canada to: Office of Oil Controller, Dominion of Canada, Toronto, Canada, Ref.: P-98-c.

(2) Any person affected by this order or the applicable provisions of Part 1 of the PAW-Materials Redistribution Program No. 2, who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may file an appeal with the Petroleum Administration for War, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. Such appeal shall be made by filing a letter in triplicate with the Director of Materials, Petroleum Administration for War, Interior Building, Washington, D. C., Ref.: P-98-c. Action with respect to this order and the PAW-Materials Redistribution Program No. 2 may thereupon be taken as is deemed appropriate.

(f) *Applicability of orders and regulations*. Except as provided in paragraph (c) (1), this order does not authorize acquisition, receipt or use of any material by any person in violation of any inventory, quota or use restrictions imposed by any order or regulation. This order and all transactions affected thereby are subject to the applicable provisions of any regulation issued by the War Production Board, as amended from time to time.

(g) *Violations*. Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the War Production Board in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance by the War Production Board.

(h) *Further limitations on use of priorities assistance*. The Petroleum Administration for War may issue in its own name further restrictions or limitations on the use of priorities assistance by operators in the petroleum industry.

Issued this 24th day of August 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

DETERMINATION OF SURPLUS CRITICAL MATERIAL
FOR THIS SCHEDULE

To determine surplus critical material for Schedule A: Subtract from the total quantity of any item of critical material (of a type

identified on this schedule), that quantity by item which is required or scheduled for use during the succeeding 90 days.

Critical material:	Branch of industry used in
Carbon and alloy steel:	
Tubular goods (oil country):	
Casing.....	P
Tubing—2" and up.....	P
Drill pipe.....	P
Line pipe—2" and up.....	P, NG, R, T
Wire rope.....	P
API steel sucker rods.....	P

SCHEDULE B

DETERMINATION OF SURPLUS CRITICAL MATERIAL FOR THIS SCHEDULE

To determine surplus critical material for Schedule B: Subtract from the total quantity of any item of critical material (of a type identified on this schedule), one-half of the quantity by item actually installed or put into service (use) in 1942.

	Branch of industry used in
Carbon and alloy steel:	
Condenser tubes.....	NG, R
Boiler tubes.....	R
Still tubes.....	R
Copper:	
Wire (wire mill copper products).....	P, NG, R
Pipe and tubing (including tubes).....	NG, R
Copper base alloys:

Footnotes

(These footnotes are applicable to any footnoted material, regardless of the schedule in which such material is listed.)

Footnoted material is considered "critical material" for the purposes of this program only where:

(a) In the case of footnote¹, the material is unused, reconditioned or rebuilt.

(b) In the case of footnote², the material was sold new to any person (not necessarily to the required participant) at any time since December 31, 1937.

(c) In the case of footnote³, the material is not actually installed at the time a report under the Program is submitted.

(d) In the case of footnote⁴, the material has a new replacement cost (excluding the power unit) of \$600 or more.

(e) In the case of footnote⁵, the material has a new replacement cost (including the power unit) of \$200 or more.

The symbols P, NG, R, T, and M as used in the right-hand column above have the following meanings:

P means Production (oil or gas).

NG means Natural Gasoline Production.

R means Refining.

T means Transportation.

M means marketing.

PART 1253—BERYLLIUM

[General Preference Order M-160 as Amended August 24, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of beryllium for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1253.1 *General Preference Order M-160*—(a) *Definitions*. For the purposes of this order:

(1) "Beryllium" means and includes:

(i) Ores and concentrates, including beneficiated or treated forms, containing beryllium, commercially recognized;

(ii) The element beryllium, sometimes known as "glucinum", in commercially pure form;

(iii) Any alloy containing 3% (three per cent) or more by weight of the element beryllium;

(iv) All chemical compounds containing beryllium as an essential and recognizable component;

(v) Any alloy made for resale in whole or in part from scrap or secondary materials containing 0.1% or more of metallic beryllium and commercial beryllium alloys recovered therefrom.

It does not include beryllium scrap which is regulated by Order M-160-a.

(b) *Allocations*. After June 1, 1942, no person shall deliver or accept delivery of beryllium except as specifically authorized by the War Production Board. The War Production Board will from time to time allocate the supply of beryllium and specifically direct the manner and quantities in which deliveries thereof shall be made and accepted; and the War Production Board may also issue specific directions as to the manner and quantities in which beryllium may be processed for particular purposes or end uses. The War Production Board may require any person seeking to place a purchase order for beryllium to place the same with one or more particular suppliers. Such allocations and directions will be made to insure satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made without regard to any preference ratings assigned to particular contracts or purchase orders.

(c) *Reports*. (1) Unless otherwise ordered by the War Production Board, no person shall be entitled to receive an allocation of beryllium unless, not later than the 20th day of the month next preceding the month in which delivery is desired, he shall have filed with the War Production Board, and with any supplier with whom he may place an order for beryllium, an application on Form PD-496, and in addition shall have filed with the War Production Board a report on Form PD-497.

(2) Any person who, on the first day of June or any month thereafter, has in his possession or under his control any beryllium in excess of ten (10) pounds (beryllium content) shall file with the War Production Board a report on Form PD-497 not later than the 20th day of such month even though he does not desire delivery of beryllium during the next succeeding month.

(3) Failure by any person to file an application pursuant to paragraph (c) (1) may be construed as notice to the War Production Board and to all suppliers of beryllium that such person does not desire an allocation of beryllium for the next succeeding month.

(d) *Exceptions*. (1) Notwithstanding any other provision of this order, any person may, until July 1, 1942, deliver beryllium for the purpose of producing any article which is being produced with the assistance of a preference rating order or certificate issued or extended to the manufacturer which assigns a rating of A-1-c or higher.

(2) Beryllium may be delivered without the specific authorization of the War Production Board to the Metals Reserve Company or to any other

Corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act, as amended (15 U.S.C., section 606 (b)), or to any duly authorized agent of such corporation.

(e) *Special directions.* The War Production Board may from time to time issue specific directions or prohibitions with respect to the permissible kind or quantity of beryllium in the composition of any material or product, and he may also in his discretion direct the use of any practical substitute in lieu of beryllium in the production of any materials or products.

(f) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944) as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(g) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *General Imports Order M-63 unaffected.* Nothing contained in this order shall be construed as altering or modifying in any way the provisions of General Imports Order M-63 applicable to beryllium.

(i) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the War Production Board, Washington 25, D. C., Reference: M-160.

Issued this 24th day of August 1943.

PART 1253-BERYLLIUM SCRAP [Supplementary Order M-160-a]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of beryllium scrap for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1253.2 *Supplementary Order M-160-a—(a) Definitions.* For the purposes of this order.

(1) "Beryllium scrap" means all copper or copper base alloy materials or objects which are the waste or by-product of industrial fabrication or which

have been discarded on account of obsolescence, failure or other reason, and which contain 0.1% or more of metallic beryllium.

(2) "Producer" means Beryllium Corporation of Pennsylvania, Brush Beryllium Company, Clifton Products, Inc., and any other persons who may be so designated in writing by the War Production Board.

(3) "Approved smelter" means any person whose name appears on Schedule A attached to this order as the same may be amended from time to time.

(4) "Dealer" means any person regularly engaged in the business of buying and selling beryllium scrap.

(b) *Restrictions on use of beryllium scrap.* (1) No person other than a producer or an approved smelter, shall melt, reprocess, smelt or otherwise use beryllium scrap, unless specifically authorized so to do in writing by the War Production Board on application made by letter to the Mica-Graphite Division. Reference: M-160-a; provided, however, that a brass mill may remelt beryllium scrap generated by it and that a foundry may remelt its gates, sprues and risers, if in so doing the brass mill or foundry does not debase or contaminate the material, and if, in applying for permission to acquire beryllium copper or beryllium master alloy, it reduces the requirements on its suppliers by an amount equal to the anticipated recoverable metal. A foundry may also accept a new casting of its own production, which is found to be defective or was spoiled in machining, and recast and reship it to replace the original casting.

(2) The War Production Board may issue directives to approved smelters, producers and others who may be permitted to melt beryllium scrap, which directives may direct the exact alloy or alloys which must be produced therewith and the amount of such alloy or alloys, and may prohibit the production of certain alloys. The War Production Board may also issue directives describing the amount of secondary ingot all fabricators and foundries (either integrated or independent) may be required to blend with primary master alloy in the production of fabricated and cast shapes, and the War Production Board may, by directives, designate certain producers or smelters who shall be the only persons permitted to receive and melt beryllium scrap of certain alloys and to produce certain alloys. Directives with respect to all matters described in this paragraph (b) (2) may contain directions as to the production schedules of the persons to whom they are issued.

(c) *Segregation of beryllium scrap.* (1) Any person who in the course of manufacture generates 100 pounds or more of beryllium scrap in a plant in any month after June, 1943, shall carry out thereafter in any such plant the Beryllium Copper Scrap Segregation Program set forth in Schedule B attached to this order and made a part hereof, unless otherwise directed in writing by the War Production Board.

(2) Any person receiving beryllium scrap shall keep such scrap segregated, prior to using it in the manner permitted

by paragraph (b) hereof to at least the same extent as when it was received by him; and if he redelivers such scrap he shall do so segregated at least to the same extent as when it was received by him.

(d) *Contamination of beryllium scrap.* No person shall contaminate beryllium scrap with any other material except that a producer or approved smelter may mix beryllium scrap with other metals in the production of beryllium master alloys or beryllium copper subject to the restrictions contained in any applicable directives and that a brass mill or foundry may mix beryllium scrap with other metals when using beryllium scrap to the extent permitted by the provisions of paragraph (b) (1) hereof.

(e) *Sale and delivery of beryllium scrap.* Except as otherwise specifically authorized in writing by the War Production Board, all persons generating or holding beryllium scrap shall after September 1, 1943, deliver all such scrap at intervals not to exceed 30 days (except that brass mills or foundries may retain for more than 30 days beryllium scrap which they are entitled to use under the provisions of paragraph (b) (1) hereof) in accordance with the following provisions:

(1) *Segregated plant scrap.* Unless the War Production Board has issued a directive in writing to the contrary pursuant to paragraph (e) (4) hereof, beryllium scrap generated in the course of manufacture in a plant subject to the Beryllium Copper Scrap Segregation Program by paragraph (c) (1) hereof and beryllium scrap in such plant consisting of defective or rejected material, shall be segregated in accordance with the program (Schedule B). After segregation, such beryllium scrap shall be shipped directly to any producer or approved smelter provided, however, that where the amount of such scrap of any one type required to be kept separate by the program does not amount to 200 pounds in any month, the scrap of such type may also be shipped directly to any dealer.

(2) *All other scrap.* Unless the War Production Board has issued a directive in writing to the contrary pursuant to paragraph (e) (4) hereof, any person (other than a dealer) who owns or originates any beryllium scrap which he is not required to segregate in accordance with paragraph (c) (1) of this order, shall deliver such scrap to any dealer or approved smelter and shall not use or dispose of such scrap in any other way.

(3) *Dealers operations.* Unless the War Production Board has issued a directive in writing to the contrary pursuant to paragraph (e) (4) hereof, all dealers must deliver any beryllium scrap (whether or not deemed to be usable in "as is" form) to a producer or approved smelter; provided, however, that any dealer may sell any beryllium scrap to another dealer if, in the regular course of business, he does not currently collect sufficient beryllium scrap to make it practicable for him to sell directly to a producer or approved smelter.

(4) *Directives.* The War Production Board may issue directives to a particu-

lar person or to a class of persons directing him or them to deliver beryllium scrap of certain alloys to another specific person or to a class of persons.

(f) *Certification upon sale of segregated scrap.* The generator of beryllium scrap which is segregated as provided in paragraph (c) (1) hereof and the Beryllium Copper Scrap Segregation Program (Schedule B), shall furnish the person to whom he makes delivery of such scrap with a signed document in the form of WPB 3067, or in substantially similar form showing:

- (i) The alloy number or the designation "mixed beryllium scrap" when applicable;
- (ii) Form of scrap;
- (iii) Weight (on a clean and dry basis, moisture content estimated, if necessary); and
- (iv) The name and address of the plant where generated.

This document shall bear a notation as to the date of delivery and names and addresses of the parties to the transaction, and, in case of redelivery of such scrap, shall be endorsed and delivered to the person receiving such scrap. Any person delivering scrap segregated as provided in Part I of the Program (Schedule B), shall clearly mark it showing the alloy number or specification, form and source. No mixed beryllium scrap or beryllium scrap other than scrap segregated in accordance with Part I of the Program (Schedule B), shall be designated as "segregated scrap" by any person.

(g) *Tolling prohibited.* No beryllium scrap may be delivered or received pursuant to toll, repurchase or similar arrangement, unless such transaction is specifically authorized in writing by the War Production Board.

(h) *No acquisition or delivery in violation of order.* No person shall hereafter acquire or deliver beryllium scrap or products made therefrom if he has reason to believe such material has been or is to be used in violation of the terms of this or any other order of the War Production Board: *Provided, however,* That any producer or approved smelter may acquire beryllium scrap for any purpose permitted by this order and any directives issued hereunder at any time, irrespective of the right of the person disposing of the same to have acquired or to deliver such scrap.

(i) *Records.* Each person who participates in any transaction involving beryllium scrap shall keep and preserve for at least two years complete and accurate records as to all such transactions, which records shall be subject to inspection by the War Production Board. This record-keeping requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(j) *Reports.* Any person generating or receiving beryllium scrap in any quarter, or having in his possession beryllium scrap at the end of any calendar quarter, shall file with the Mica-Graphite Division quarterly reports on Form WPB 3066 not later than the 20th day after the end of such calendar quarter, if he is instructed so to do by instructions on Form WPB 3066, or if

otherwise specifically directed by War Production Board. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(k) *Addressing of communications.* All applications, statements, reports or other communications filed pursuant to this order or concerning the subject matter hereof, should be addressed to: War Production Board, Mica-Graphite Division, Washington 25, D. C., Reference: M-160-a.

(l) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and, upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 24th day of August 1943.

Recording Secretary.

SCHEDULE A—APPROVED BERYLLIUM SMELTERS

American Brass Company, Waterbury, Connecticut.
Wilbur B. Driver Company, Newark, New Jersey.
Riverside Metal Company, Riverside, New Jersey.

SCHEDULE B—BERYLLIUM COPPER SCRAP SEGREGATION PROGRAM

I. *Segregation of beryllium scrap other than mixed beryllium scrap.*—(1) *By alloy content.* Beryllium scrap (other than mixed beryllium scrap as hereinafter defined) of each individual alloy (for example, nickel or cobalt bearing scrap) shall be segregated from beryllium scrap of every other alloy.

NOTE: Scrap from plated or otherwise coated material may not be included with uncoated material of the same alloy specifications.

(2) *By form.* In addition to the above segregation on the basis of alloy content, the scrap of each alloy (other than mixed beryllium scrap as hereinafter defined) shall be segregated into four form types:

(i) "Solids from wrought shapes" generated by shearing, clipping, cutting, blanking or similar processes and also defective or rejected wrought beryllium parts.

(ii) "Casting solids" consisting of defective or rejected casting and gates, sprues, risers or similar foundry scrap.

(iii) "Wrought machinings" generated by machining, drilling, boring, turning, milling or like operations on wrought products or wrought parts.

(iv) "Casting machinings" generated by machining, drilling, boring, turning, milling or like operations on foundry products and parts made therefrom.

In no event shall solids and machinings be combined.

II. *Segregation of mixed beryllium scrap by form.*—(1) *Definition.* "Mixed beryllium scrap" shall consist of beryllium scrap in the form of solids or machinings, the alloy content of which cannot be identified, or of grindings, sawings, buffings and other fines and of drosses, skimmings and sweepings.

(2) *Classification.* All mixed beryllium scrap shall be segregated into four classes as follows:

- (i) Solids;
- (ii) Machinings;
- (iii) Sawings;
- (iv) Drosses, skimmings, grindings, buffings and sweepings and other fines.

Each of the four classes of mixed beryllium scrap shall be handled separately from each other class of mixed beryllium scrap and from all other beryllium scrap.

III. *General provisions.*—(1) *Official responsible for handling beryllium scrap.* Each person operating a plant generating in any month after June, 1943, 100 pounds or more of beryllium scrap, shall appoint a responsible employee to supervise the collection, segregation and handling of all beryllium scrap generated in the plant. The name of such employee shall be forwarded to the Mica-Graphite Division, Washington 25, D. C. No dealer or other person not a regular employee of the plant shall perform any such function except as the War Production Board may specifically authorize in writing.

(2) *Collection and identification.* Segregation shall be effected at the machine where the beryllium scrap is generated. Separate containers for collection and bins for storage shall be provided for each type of beryllium scrap required to be segregated by this program. All containers and bins shall be clearly marked to identify the alloy and the form of scrap for which they are intended, and they shall be kept clean, dry and in good condition, so that their contents shall be protected from contamination and the weather. Each container and bin shall be used only as a receptacle for the alloy and form of scrap for which it is designated and marked.

(3) *Identification of segregated scrap for shipment.* Each unit of segregated scrap shall, upon shipment, be clearly marked or labelled to show the alloy number or the designation "mixed beryllium scrap" where applicable, the form and the source, i. e., the plant where generated.

(4) *Obligation as regards subcontractors.* Each person operating a plant as part of his arrangement with any subcontractor to whom he furnishes beryllium copper, shall impose an obligation upon, and otherwise make every effort to see to it that, such subcontractor institutes and carries out an adequate beryllium copper scrap collection and segregation program in conformance with this schedule and Order M-160-a.

PART 3035—NUTGALLS AND TANNIC ACID U. S. P.

[Revocation of General Conservation Order M-204]

Section 3035.1 *General Conservation Order M-204* is hereby revoked. This action shall not be construed to affect in any way any liability or penalty accrued or incurred under said Order M-204.

Issued this 24th day of August 1943.

PART 3270—CONTAINERS

[Supplementary Order L-103-b as Amended August 24, 1943]

GLASS CONTAINER QUOTAS

§ 3270.36 *Supplementary Order L-103-b—(a) Definitions.* For the purposes of this supplementary order:

(1) "Glass container" means any machine made bottle, jar or tumbler which is made of glass and which is suitable for packing any product.

(2) "Commercial user" means any person who uses glass containers for commercially packing any class of listed products in the continental United States (the 48 States and the District of Columbia).

(3) "Class of listed products" means any class of products listed in Schedule I of this order. Food and drug products listed in Schedules I and II of Order M-104 and shortening are not included in Schedule I of this Order, and therefore glass containers for such products are not subject to the restrictions of this order.

(4) "Quota period" means the 4-month period from July 1 through October 31, 1943, inclusive. This is the period during which the restrictions below will operate.

(5) "Base period" means, unless otherwise specified in Schedule I of this order, whichever of the following two periods a commercial user chooses: Base Period A (July 1-October 31, 1942, inclusive), Base Period B (January 1-December 31, 1942, inclusive). The number of empty new glass containers and metal cans accepted during the base period will be used in computing quotas under the restrictions below.

Quota and Related Restrictions

(b) *Quota restriction.* During the quota period (July 1-October 31, 1943), no commercial user shall accept delivery of, have manufactured, or have set aside by suppliers for his account, more empty new glass containers for packing any class of listed products than his quota for that purpose. The amount of the quota shall be computed by applying the appropriate quota percentage (as specified in Schedule I for that class) to the amount of his base quantity. The amount of the base quantity shall be computed in accordance with paragraphs (c) or (d) below:

(c) *Computing base quantity (except for beverages).* A commercial user's base quantity for any class of listed products other than beverages (as defined in Schedule I of this order) shall be whichever of the following two amounts he chooses:

(1) *Choice #1.* The number of new glass containers and metal cans accepted by him during Base Period A (July 1-October 31, 1942, unless otherwise specified in Schedule I of this order), for packing that class of products; or

(2) *Choice #2.* One-third of the number of new glass containers and metal cans accepted by him during Base Period B (January 1-December 31, 1942, unless otherwise specified in Schedule I of this order), for packing that class of products.

(d) *Computing base quantity for beverages.* A commercial user's base quantity for beverages (as defined in Schedule I of this order) shall be which-

ever of the following two amounts he chooses:

(1) *Choice #1.* The number of new returnable glass containers accepted by him during Base Period A (July 1-October 31, 1942) for bottling beverages plus 8% of the number of new non-returnable glass containers and metal cans accepted by him during that period for bottling beverages; or

(2) *Choice #2.* One-third of the number of new returnable glass containers accepted by him during Base Period B (January 1-December 31, 1942) for bottling beverages plus 8% of one-third of the number of new non-returnable glass containers and metal cans accepted by him during that period for bottling beverages.

(e) *Restrictions on July-August acceptances.* During July 1943, no commercial user shall accept delivery of more than 35% of his quota for any class of listed products. During August 1943, no commercial user shall accept delivery of more than the following portion of that quota: 60% of that quota minus the number of containers accepted by him against that quota during July 1943. During September and October 1943, he may accept delivery of whatever portion of that quota he did not accept during July and August 1943. If the amount permitted for acceptance during either July or August 1943 is less than a carload, he may accept up to a carload during such month, provided that amount is within his quota for the class of listed products. This paragraph shall not be construed as in any way increasing the amount of any quota.

Restrictions on Using Larger Sizes

(f) *Maximum capacity increase.* The total capacity of all empty new glass containers accepted by any commercial user during the quota period for packing any class of listed products shall not exceed the following maximum: (1) 140% of the total capacity of the number of empty new glass containers and metal cans accepted by him for that class of listed product during Base Period A or, if he has chosen Base Period B for computing his quota, (2) 140% of the total capacity of one-third of the number of empty new glass containers and metal cans accepted by him for that class of listed product during Base Period B. Capacity shall be computed in terms of gallons or pounds, whichever is the customary measure for the particular class of products.

(g) *Restriction on 1/2-gal. and 1-gal. sizes.* No commercial user shall accept delivery of more 1/2-gallon and 1-gallon empty new glass containers for packing any class of listed products than the following maximum: (1) the total number of all 1/2-gallon and 1-gallon empty new glass containers and metal cans accepted by him for that class of listed product during Base Period A or, if he has chosen Base Period B for computing his quota, (2) one-third of the total of all 1/2-gallon and 1-gallon empty

new glass containers and metal cans accepted by him for that class of listed product during Base Period B. The amount of 1/2-gallon and 1-gallon glass containers which he may accept is subject to the other restrictions of this order, including those of paragraph (f) above.

Applicability of Order L-103-a

(h) *Applicability of Order L-103-a.* In addition to the restrictions of this order, every commercial user shall comply with the maximum inventory restrictions (60-day supply) of Supplementary Order L-103-a.

Exceptions

(i) *Small-user exception.* The restrictions of this order shall not apply to any commercial user who accepts no more than a total of \$1,000 worth (cost price to him) of empty new glass containers for all classes of listed products for the entire quota period.

(j) *Exception for stocks in transit.* The restrictions of this order shall not apply to any empty new glass containers placed in transit to a commercial user before July 1, 1943, even though received by him on or after July 1, 1943. This exception shall not apply to any empty new glass containers set aside for a commercial user before July 1, 1943 by a supplier but not placed in transit to him until on or after that date.

(k) *Assignment of special quota (malt beverages).* A special quota may be assigned by the War Production Board to any malt beverage bottler if the new containers accepted by him during his base period were principally non-returnable bottles, and if the quota computed on the resulting base quantity is inadequate for his operations at a rate consistent with the reductions generally contemplated by the quota restrictions of this order.

(l) *Multiple-unit users.* Any commercial user who uses glass containers at more than one plant may choose to compute and apply a separate quota for each plant (or groups of plants) or a collective quota for all such plants. Any organization which consists of a parent corporation and one or more wholly-owned subsidiary corporations may consider itself as a single commercial user for purposes of this paragraph.

Quota-Exemptions

(m) *Quota-exemptions (except for beverages).* In addition to his quota of glass containers for any class of listed products (other than beverages as defined in Schedule I) and free of the restrictions of paragraphs (e) and (f) above, any commercial user may accept delivery of the number of glass containers used, or actually to be used, during the quota period for delivering that class of listed products to or for any of the following persons:

(1) Army, Navy, Marine Corps, Maritime Commission, or War Shipping Administration of the United States (including persons operating vessels for

such Administration or Commission for use thereon).

(2) Any person for packing products for retail sale or distribution through post-exchanges, sales commissaries, officers' messes, servicemen's clubs, ship service stores, or outlets; provided same are located at Army or Navy camps, are not operated for private profit and are established primarily for the use of Army or Navy enlisted personnel within Army or Navy establishments or on Army or Navy vessels.

(3) American Red Cross, United Service Organizations, or such other non-profit Defense Recreation Committees, engaged in the operation of recreation centers in the forty-eight states of the United States or the District of Columbia solely for military personnel, as are certified to be within the exemption provided by this paragraph by the Office of Defense Health and Welfare Services, OEM.

(4) Any agency of the United States purchasing for a foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(n) *Quota-exemptions for beverages.* In addition to his quota of glass containers for beverages (as defined in Schedule I) and free of the restrictions of paragraphs (e) and (f) above, any commercial user may accept delivery of the following portion of the number of new or used glass containers used, or actually to be used, during the quota period for delivering beverages to or for any of the persons listed under paragraph (m) above:

(1) *Export shipment.* The full amount of glass containers for delivering beverages to or for any such person for shipment to points outside the continental United States.

(2) *Domestic consumption.* 8% of the full amount of glass containers for delivering beverages to or for any such person for use or distribution within the continental United States.

Miscellaneous Provisions

(o) *Restriction on changing choices.* After choosing his base period and the method of computing quotas for multiple-unit organizations, no commercial user shall thereafter change his choice, unless authorized by the War Production Board.

(p) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter, referring to the particular provision appealed from and stating fully the grounds for the appeal.

(q) *Communications.* All communications concerning this order shall be addressed to: War Production Board, Containers Division, Washington 25, D. C., Ref.: L-103-b.

(r) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(s) *Expiration.* This order shall expire at the close of business October 31, 1943, unless previously revoked or extended.

Issued 24th day of August 1943.

By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE I—LISTED PRODUCTS AND QUOTA PERCENTAGES

Acceptances of empty new glass containers for packing the classes of products listed in Column 2 below are subject to the quota restrictions of Order L-103-b. The percentage listed in Column 3 below for each class is the quota percentage to be used in computing the quota for that class, as provided for in paragraph (b) of the Order.

(NOTE.—Table amended Aug. 24, 1943.)

Class No.	Class of Product	Quota Percentage
(1)	(2)	(3)
I.....	Chemicals, household and industrial supply (only the items listed in Schedule III of Order M-104, but excluding cosmetics).	80
II.....	Beverages (malt and non-alcoholic beverages as defined in Schedule IV of Order M-104).	65
III.....	Coffee	175
IV.....	Distilled spirits; cordials	65
V.....	Wines	65
X.....	All other products (including cosmetics, but not including (a) products listed in Schedules I and II of Order M-104 and (b) shortening).	65

¹ For coffee, Base Period A shall be the 4-month period from July 1 through October 31, 1941, and Base Period B shall be the 12-month period January 1 through December 31, 1941.

[Interpretation 1 of Order L-103-b]

Paragraph (b) of Order L-103-b (§ 3270.36) prohibits commercial users from accepting delivery, having manufactured, or having set aside by their suppliers for their account more than their quota of empty new glass containers for packing any class of listed products. This does not mean that a commercial user has one quota for acceptances, a second quota for amounts which he may have manufactured, and a third quota for amounts which he may have set aside. It means that the amounts he accepts, and the amounts he has manufactured, and the amounts he has set aside are all chargeable to the same quota.

Issued this 24th day of August 1943.

Subchapter C—Director, Office of War Utilities PART 4500—ELECTRIC, GAS, WATER, AND STEAM UTILITIES—MATERIALS

[Supplementary Utilities Order U-1-f]

§ 4500.7 *Supplementary Utilities Order U-1-f—(a) Definitions.* For the purposes of this Supplementary Order:

(1) "Domestic consumer" means a prospective consumer who is requesting

an extension of service to a building used exclusively for dwelling purposes.

(2) "Industrial consumer" means a prospective consumer who is requesting an extension of service to a building used in whole or in part for the manufacture, processing or assembly of products or materials.

(3) "Commercial consumer" means a prospective consumer not classified in this order as "domestic" or "industrial."

(b) *Permission to build certain extensions.* Notwithstanding the provisions of paragraph (h) (1) of Utilities Order U-1, facilities other than temporary facilities may be built by producers to furnish electric, gas, water and central steam heating service, provided that all of the following conditions are satisfied:

(1) Where construction or remodeling by the consumer is involved, no specific direction, order, certificate or other authorization for construction has been issued by the War Production Board to authorize such construction or remodeling. If such authorization has been issued, the construction of utility facilities is governed by Supplementary Utilities Order U-1-d.

(2) In the case of gas and electric facilities to serve domestic consumers, the dwelling to be served is in a locality listed in Schedule A of this order.

(3) In the case of facilities to serve industrial or commercial consumers:

(i) The cost of utilities facilities, including any part thereof built by or for the consumer does not exceed \$1500 in the case of underground construction or \$500 in the case of other construction, and

(ii) The consumer is engaged in the manufacture of a product or in the conduct of a business or activity listed in Schedules I or II of CMP Regulation 5, as amended.

(4) Utility facilities can be built within the limits of the Utilities Construction Standards, shown on Schedule B of this order.

(5) The connection does not duplicate an adequate service already installed, or constitute a stand-by service, or an enlargement of a service already installed.

(6) No other producer can render the same service with less use of critical material.

(c) This order does not constitute a release, in the case of gas producers or consumers, from the provisions of Limitation Orders L-31 or L-174.

Issued this 24th day of August 1943.

Recording Secretary.

SCHEDULE A

Localities in which extensions of utilities services are permissible under the provisions of this Supplementary Utilities Order U-1-f.

In the case of localities listed below where the United States Department of Commerce, Bureau of the Census, has established a "Metropolitan Area," extension of service pursuant to the provisions of this order, U-1-f, can be made anywhere within such area; localities in which the Bureau of the Census

has designated a Metropolitan Area are indicated in the following list by an asterisk. In the remainder of the localities listed below where no Metropolitan Area has been established by the Bureau of the Census, extensions pursuant to the provisions of this supplementary order, U-1-f, may be made anywhere within the city or corporate limits of the locality and at a distance not to exceed ten miles in a straight line from such city or corporate limits.

SCHEDULE B

UTILITIES CONSTRUCTION STANDARDS

The material used in extensions permitted by Supplementary Utilities Order U-1-f must conform to this Schedule B, and must not exceed, within the dollar value limits of paragraph (b) (3) (1) of this order, the quantities shown below for each domestic, industrial, or commercial consumer as defined in paragraph (a) of this order.

A. PERMITTED TYPES OF CONDUCTOR AND PIPE

I. Electric conductor for primary:

a. Steel, or

b. Any other type of conductor not consisting exclusively of copper, which is available in the producer's inventory in excess of a practical working minimum, or in such excess inventory of another producer, and having a conductivity equal to or less than #6 AWG copper conductor.

II. Electric conductor for secondary: No limitation except for domestic extensions. In the case of domestic: any type of conductor having a conductivity equivalent to or less than that of #6 AWG copper conductor.

III. Pipe:

a. Cast iron, for working pressures of 100 pounds or less.

b. Steel, for working pressures of over 100 pounds, or for working pressures of 100 pounds or less provided it is available in the producer's excess inventory or in the excess inventory of another producer.

c. Non-metallic.

B. PERMITTED QUANTITIES OF CONDUCTOR AND PIPE, OTHER THAN NON-METALLIC

I. Domestic consumers—A. For electric extensions:

(1) For primary lines, up to 900 conductor feet of any conductor permitted by section I above.

(2) For secondary lines and service drops, up to 20 pounds of non-ferrous metal in conductor, less one pound of non-ferrous metal for each 90 conductor feet or fraction thereof of conductor used in the primary extension. *Provided, however,* That up to 45 pounds of copper in conductor may be used in the extension of secondary and service drops, if the service may be rendered from a transformer already installed and in service.

b. For gas or central steam heating extensions:

(1) Up to 170 pounds of steel pipe or 1200 pounds of cast iron pipe.

(2) A combination involving not more than 170 pounds of steel pipe and not more than 1200 pounds of cast iron pipe less twice the weight of any steel pipe used.

c. For water extensions:

(1) Up to 170 pounds of steel pipe, or 1200 pounds of cast iron pipe, or 600 pounds of lead or lead alloy pipe, or

(2) Either of the following combinations:

(a) not more than 170 pounds of steel pipe and not more than 1200 pounds of cast iron pipe less twice the weight of any steel pipe used.

(b) not more than 600 pounds of lead or lead-alloy pipe and not more than 1200 pounds of cast iron pipe less the weight of any lead or lead alloy pipe used.

II. Industrial consumers—The smallest size or quantities of equipment, conductor, or pipe required to furnish electricity, gas, water, or central steam heat at minimum service standards.

III. Commercial consumers—A. For electric extensions:

(1) For primary lines, up to 900 conductor feet of any conductor permitted by Section I above.

(2) For secondary lines and service drops, up to 40 pounds of non-ferrous metal in conductor, less one pound of non-ferrous metal for each 90 conductor feet or fraction thereof of conductor used in the primary extension: *provided however,* that up to 65 pounds of copper in conductor may be used in the extension of secondary and service drops, if the service may be rendered from a transformer, already installed and in service.

b. For gas or central steam heat extensions:

(1) Up to 250 pounds of steel pipe, or 1800 pounds of cast iron pipe, or

(2) A combination of not more than 250 pounds of steel pipe and not more than 1800 pounds of cast iron pipe less twice the weight of any steel pipe used.

c. For water extensions:

(1) Up to 250 pounds of steel pipe, or 1800 pounds of cast iron pipe, or 1000 pounds of lead or lead alloy pipe, or

(2) Either of the following combinations:

(a) not more than 250 pounds of steel pipe, and not more than 1800 pounds of cast iron pipe less twice the weight of any steel pipe used, or

(b) not more than 1000 pounds of lead or lead alloy pipe, and 1800 pounds of cast iron pipe less the weight of any lead pipe used.

C. PERMITTED QUANTITIES OF NON-METALLIC PIPE

Non-metallic pipe of a length not greater than that length which would be installed if cast iron pipe were used in accordance with the quantities in the above standards.

Chapter XI—Office of Price
AdministrationPART 1364—FRESH, CURED AND CANNED
MEAT AND FISH PRODUCTS

[MPR 418, Amdt. 4]

FRESH FISH AND SEAFOOD

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 418 is amended in the following respects:

1. Section 2 (c) is added to read as follows:

(c) *Sales to canners.* The applicable prices in Table A shall apply to sales of fresh fish and seafood to canners by any person.

2. Section 3 (a) (1) is amended to read as follows:

(1) *Maximum prices for sales by a primary fish shipper wholesaler.* Maximum prices for sales by a primary fish shipper wholesaler or agent or other per-

son acting on behalf, or under control of such primary fish shipper wholesaler, are the prices listed in Table B (Article IV, section 20 (b)). These are prices for bulk fish and seafood f. o. b. his established place of doing business. For fish and seafood that are placed in containers the prices shall be the prices set forth in Table B plus the container prices provided in section 19. These prices shall apply to sales by a primary fish shipper wholesaler to wholesalers who are also retailers.

3. Section 13 (c) is added to read as follows:

(c) Every person making a sale of any fresh fish or seafood subject to this regulation shall furnish to the purchaser at the time of delivery a written statement setting forth the date; the name and address of the buyer and seller; the species sold; the quantity, sizes, grades, and styles of dressing of fresh fish and seafood, and the price charged therefor, including a separate statement of the container cost, if any, as provided in section 19, and transportation cost, if any, as provided in section 7.

4. Section 20 is amended by inserting after the words "shall apply to any sale of that species dressed in a style not

listed" the words "and for this purpose round is to be considered a style of dressing."

5. In section 20, Table A, Schedule No. 2, the size of Item No. 5 is added to read "Under 1½ #".

6. In section 20, Table A, Schedule No. 7, the size of Item No. 3 is added to read "Under 1½ #".

7. In section 20, Table A, Schedule No. 8, the size of Item No. 3 is added to read "Under 1½ #".

8. In section 20, Table A, Schedule No. 11, the size of Item No. 3 is amended to read "1½ # to 2½ #" instead of "Under 2½ #".

9. In section 20, Table A, the name of Schedule No. 18 is amended by adding "(Chlamys hindsi) (Chlamys hercicus)".

10. In section 20, Table A, Schedule No. 24, the size of Item No. 1 is amended to read "All sizes" instead of "6 lb. & over".

11. In section 20, Table A, Schedule No. 24, Item No. 2 is hereby revoked.

12. In section 20, Table A, Schedule No. 27, the size of Item No. 2 is amended to read "Under 14 lbs." instead of "7 to 14 lb".

13. In section 20, Table A is amended by adding the following items to read as follows:

PART 1382—HARDWOOD LUMBER

[MPR 458]

OAK FLOORING

In the judgment of the Price Administrator, it is necessary and proper to establish specific maximum prices for the sales of oak flooring. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate

the purposes of the Emergency Price Control Act of 1942, as amended. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

§ 1382.303 *Maximum prices for oak flooring.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328, Maximum Price Regulation No. 458 (Oak Flooring) which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1382.303 issued under 56 Stat. 23, 765; Public Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION NO. 458—OAK FLOORING

7. Petitions for adjustment or amendment.
8. Prohibited practices.
9. Records.
10. Enforcement.
11. Imports.
12. Relation to other regulations.

ARTICLE IV—PRICE TABLES

- Table 1. Maximum prices for standard grades and Victory Grade oak flooring.
Table 2. Maximum prices for prefinished Red and White oak flooring.

Article I—Scope of the Regulation

SECTION 1. *Prices higher than ceiling prohibited.* (a) On and after August 28, 1943, regardless of any contract or other obligation, no person shall sell or deliver and no person shall buy or receive in the course of trade or business, any oak flooring for direct-mill shipment at prices higher than the maximum prices fixed

by this regulation, and no person shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices may, of course, be charged and paid.

SEC. 2. What products, transactions, and persons are covered. This regulation covers all direct-mill sales of standard grades and victory grade of oak flooring, graded as such under the effective Grading Rules of the National Oak Flooring Manufacturers' Association, and also prefinished oak flooring. For the purposes of the regulation, prefinished oak flooring means oak flooring that has been sanded, filled, waxed, and pressure-rubbed to form a finished product ready for immediate use after installation. The regulation applies regardless of the kind of mill or plant in which the flooring is produced, and regardless of whether the particular item is specifically priced in the price tables or not. Any person who makes a sale of this kind, for himself or others, is subject to this regulation.

Article II—Maximum Prices and Terms of Sale

SEC. 3. Maximum f. o. b. mill prices.

(a) The maximum f. o. b. mill prices for oak flooring are set forth in Article IV.

(b) Less than carload quantities. Where the purchaser's order requires less than carload lot shipments, an addition of \$4.00 per M' BM may be made for oak flooring shipped in less than carload lots.

SEC. 4. Delivered prices. The general rule is that the maximum delivered price shall be a price not higher than the f. o. b. mill maximum price plus the actual transportation charges paid or incurred by the seller in making shipment directly from the mill to the point of delivery required by the purchaser. However, it is permissible to quote and charge delivered prices based on the rail rate times the estimated weight, evened out to the nearest quarter-dollar per M' BM.

The estimated weights are contained in the following table:

Standard Grade and Victory Grade Flooring:	Estimated Weights Weight per M' BM (Pounds)
3/8" x 1 1/2"	1,000
3/8" x 2"	1,000
1/2" x 1 1/2"	1,300
1/2" x 2"	1,300
5/16" x 1 1/2"	1,200
5/16" x 2"	1,200
25/32" x 1 1/2"	2,000
25/32" x 2"	2,000
25/32" x 2 1/4"	2,000
25/32" x 3 1/4"	2,250
Pre-Finished Flooring:	
25/32" x 3 1/4"	2,250
1/2" x 2 1/2"	1,500
3/8" x 2"	1,000

SEC. 5. Grades, services, or extras not listed. (a) If a seller wishes to sell a grade or item which is not specifically

priced in the price tables, he must apply to the Lumber Branch, Office of Price Administration, Washington, D. C., for a maximum price. He must provide the following information:

(1) The requested price;

(2) A complete description of the item to be priced;

(3) The price differential between it and the most comparable item in the price tables, in October, 1941, from the seller's own records, or if that is impossible, from experience of the trade. If no established price differential which can be used for comparison existed, a detailed analysis of the calculation of the requested price should be furnished.

(b) As soon as the request has been filed, quotations and deliveries may be made at the requested price, but the final payment may not be made until the price has been approved. Action on the request may be by letter or telegram.

Article III—Specific Duties and Privileges and Prohibited Practices

SEC. 6. Adjustable pricing. Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 7. Petitions for adjustment or amendment—(a) Government contracts. (1) The term "Government contract" is here used to include any contract with the United States or any of its agencies or with the government or any governmental agency of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the Defense of the United States". The term also includes any sub-contract under this kind of contract.

(2) Any person who has entered into or proposes to enter into a "Government contract", who believes that the maximum prices established by this regulation impede or threaten to impede production of Oak flooring essential to the

war program, may file an application for adjustment in accordance with Procedural Regulation No. 6,¹ as amended, by the Office of Price Administration. As soon as the application is filed, contracts, deliveries, and payments may be made at the requested price, subject to refund if the requested price is disapproved or lowered. The seller must notify the buyer that the delivery is made subject to this refund.

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,² issued by the Office of Price Administration.

SEC. 8. Prohibited practices. Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to changes in credit practices and cash discounts and to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying agreements, trade understandings and the like.

SEC. 9. Records. All sellers and all buyers of oak flooring for direct-mill shipment must retain a copy of the invoice covering each transaction or maintain records in other form containing a complete description of the flooring, name and address of the other party to the transaction, date of sale, and the price paid, including any special addition for extra service, working, or specification. These records must be retained for two years, for inspection by the Office of Price Administration.

SEC. 10. Enforcement. Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 11. Imports. The provisions of this regulation do not apply to the purchases, sales or deliveries of the commodities named in this regulation if they originate outside of and are imported into the continental United States. Sales, purchases and deliveries of such imported commodities are governed by the provisions of the General Maximum Price Regulation, and especially the Maximum Import Price Regulation.

SEC. 12. Relation to other regulations. Any sale or delivery covered by this regulation is not subject to the General Maximum Price Regulation.³

*Copies may be obtained from the Office of Price Administration.

* 8 F.R. 5988.

General Ration Order 7 is amended in the following respects:

1. Section 1.2 (c) is amended to read as follows:

(c) Stamps and coupons may be enclosed in sealed envelopes only during the period in which they are valid for transfer, surrender or deposit by the person enclosing them. Only stamps and coupons of one rationing program and of the same value may be enclosed in any one envelope, except that strips of stamps of one rationing program which stamps all bear the same letter, are attached together and are worth a total of 16 points, and blocks of stamps consisting of two or more such strips, may be enclosed in any one envelope even though the stamps are of different values. However, loose stamps may not be enclosed in the same envelope with strips or blocks of stamps.

2. Section 1.3 (a) is amended to read as follows:

(a) Any person who encloses stamps or coupons in a sealed envelope pursuant to section 1.2 must write on the face of the envelope his business name and address, the rationing program under which the stamps or coupons are used (for example: sugar, processed foods), the number and type of stamps or coupons enclosed, and their individual and total values, except that in case strips or blocks of stamps are enclosed, the word "strip" shall be written in place of the individual value. If special shoe stamps are enclosed he must also write on the face of the envelope the date of expiration for consumer use of the stamp first expiring. He must also sign his name on the face of the envelope. His signature shall constitute a certification as to the truth of the statements written on it.

3. Section 1.7 (b) is amended to read as follows:

(b) No person shall forge or shall, except in accordance with this or any other order of the Office of Price Administration, mutilate, alter or destroy any sealed envelope in which stamps or coupons are enclosed pursuant to this order.

This amendment shall become effective August 27, 1943.

NOTE: All reporting and record-keeping requirements of this General Ration Order, have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

SECTION 1. *Scope of the regulation—*

(a) *What retailers should look for particularly in this regulation.* (1) This regulation sets ceiling prices for women's rayon hosiery. It applies only to women's completely finished full-length hosiery the leg of which is made in whole or in part of rayon except that it does not apply to hosiery in which the leg is made of rayon in combination with silk, wool, or nylon.

*Copies may be obtained from the Office of Price Administration.

(2) The regulation divides purchasers of full-fashioned hosiery into three classes as to the ceiling prices which suppliers of rayon hosiery may charge them: Class I purchasers, Class II purchasers and Class III purchasers. Also retail sellers of full-fashioned hosiery are divided into two classes as to the ceiling prices which they themselves may charge: Class I retail outlets and Class II retail outlets. In section 4 (d) the differences between these classes is explained. It is very important that you find out the class in which you belong because your ceiling prices depend on it. After you find in what class you belong, you find your ceiling prices for full-fashioned hosiery by referring to Table (3). Your prices for circular knit hosiery appear in Table (6). These tables will be found in Appendix B at the end of the regulation.

(3) If you want to find your ceiling prices for "full-fashioned", "cut and sewn" and "semi-fashioned" rayon hosiery:

- (i) You look at the first part of Table (3), if you are a Class I retail outlet, and
- (ii) You look at the second part of Table (3), if you are a Class II retail outlet.

(4) If you want to find your ceiling prices for circular knit rayon hosiery:

- (i) You look at the first part of Table (6), if you bought the hosiery from a manufacturer, and
- (ii) You look at the second part of Table (6), if you bought the hosiery from a wholesaler.

(5) You will note that in the tables of ceiling prices, different ceiling prices are set for "A" and "B" hosiery. The difference between "A" and "B" is explained in section 15. Also, different ceiling prices are set for "first quality hosiery" and for "substandard hosiery" and for various constructions of hosiery. All rayon hosiery which is sold or delivered to you by your suppliers must be marked to show its particular construction and whether it is irregular, second or third. By reading Appendix A (standards of inspection) you can find the difference between "first quality" and "substandard" hosiery. In section 11 you will see the explanation of the technical terms which appear in the tables of ceiling prices.

(b) *Application of this regulation generally.* (1) The definitions of "sale at retail", "sale at wholesale" and "sales by manufacturers" are set forth in section 4. It is important that these definitions be read very carefully since different ceiling prices are set for each class of seller. For example, if a company considers itself a "wholesaler", but it does not come within the definition of "wholesaler" set out in this regulation, it must observe the maximum prices for sales by manufacturers.

(2) The tables of ceiling prices are given in Appendix B of the regulation. Except for a limited number of special constructions, separate ceiling prices are established for "A" and "B" hosiery. In section 15 minimum requirements for "A" stockings are explained: these are minimum standards of quality and construction. "A" stockings are stockings that meet all of the minimum requirements.

Stockings that do not meet the requirements of "A" are called "B".

(3) The tables of prices provide for differentials or premiums at the manufacturing, wholesale and retail levels for special constructions. These include constructions that are more costly, such as outsizes and extra-lengths, as well as constructions which enhance the utility of hosiery as, for example, cotton welts, "non-runs" and cotton feet.

(4) If a seller cannot find his ceiling price for his rayon hosiery in the tables, he must follow the procedure given in section 5. Ceiling prices for misses' hosiery must be established by application in accordance with the provisions of section 5.

(5) In section 7 marking requirements are set forth, which will provide purchasers with information as to ceiling prices for the various classes of sellers for each kind of hosiery. In section 8 provision is made for information which must be furnished to persons other than ultimate consumers.

(6) This regulation does not provide maximum prices for the hosiery which is covered by Maximum Price Regulation 95—Women's Nylon Hosiery,¹ and 274—Women's Silk Hosiery.²

SEC. 2. *Transactions in rayon hosiery which are prohibited by this regulation.* On and after May 15, 1943, regardless of any contract or obligation, no person shall:

- (a) Sell or deliver any rayon hosiery at a price higher than the maximum price permitted by this regulation; or
- (b) Deliver any rayon hosiery for which a maximum price is not provided in section 17 unless he receives from the Office of Price Administration, Washington, D. C., a specific maximum price therefor, as provided by section 5; or
- (c) Require a purchaser to buy or agree to buy any other hosiery or other article, service, package or wrapper in connection with a sale or delivery of rayon hosiery; or
- (d) Buy or receive rayon hosiery in the course of trade or business at a price higher than the maximum price permitted by this regulation; or
- (e) Offer, attempt, or agree to do any of the acts prohibited by this regulation; or
- (f) Do any other act which directly or indirectly increases above the maximum price the consideration paid by the purchaser for the rayon hosiery. Any practice which is a device to secure the effect of a higher-than-ceiling price is as much a violation as an outright raising of the maximum price. This applies to the devices making use of commissions, services, transportation arrangements, premiums, discounts, special privileges, tying-agreements, trade understandings and all similar practices.

SEC. 3. *Enforcement and penalties.* Persons violating any provisions of this Revised Maximum Price Regulation 339 are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension

of licenses provided by the Emergency Price Control Act of 1942, as amended.

Sec. 4. Maximum prices for rayon hosiery—(a) *Sales at retail.* The maximum prices for which rayon hosiery may be sold, delivered, or offered for sale at retail are the prices per pair set forth below in Tables (3) and (6) of Appendix B (section 17).

(1) *What is included in the term.* A "sale at retail" is any sale to an ultimate consumer.

(2) *Who is an ultimate consumer.* An "ultimate consumer" is any person (other than an industrial or commercial user) who

(i) Buys rayon hosiery for a purpose other than that of reselling it, and

(ii) Did not sell rayon hosiery in any quantity after January 31, 1942.

(b) *Sales at wholesale.* The maximum prices for which rayon hosiery may be sold, delivered or offered for sale at wholesale are the prices per dozen pairs set forth below in Tables (2) and (5) of Appendix B (section 17). These maximum prices do not apply unless the sale is a "sale at wholesale" as defined in this section. Sales, other than at retail, which do not qualify as "sales at wholesale" must be priced in accordance with the maximum prices set forth in Tables (1) and (4) of Appendix B.

(1) *What is included in the term.* A "sale at wholesale" is a sale of rayon hosiery, in any quantity, by a "wholesaler", who buys the hosiery after it has been knitted and assembled and who sells that "rayon hosiery" to anyone other than an ultimate consumer. A "sale at wholesale" also includes a sale to a commercial or industrial user, made by a person who sells principally at retail.

(2) *Who is a wholesaler.* A "wholesaler" is a seller who:

(i) Is engaged in the business of selling women's hosiery to retailers generally.

(ii) Regularly carries representative stocks of women's hosiery belonging to him in his own place of business.

(iii) Sells at least 10% of his total sales of women's hosiery out of stock (as opposed to "drop shipments").

(iv) Is not (a) a manufacturer, (b) an agent, employee, selling agent, or subsidiary of a manufacturer, or (c) a broker, and

(v) Was operating a wholesale business under the conditions prescribed in subparagraphs (2) (i) to (2) (iv), both inclusive, during the month of January 1942, or entered the business of selling women's hosiery for resale after January 31, 1942. (In the latter case, in order to qualify as a wholesaler, the seller must within 5 days after first engaging in the business of selling rayon hosiery for resale pursuant to this regulation, send a notice of his making sales at wholesale to the Office of Price Administration, Washington, D. C. This notice should be in writing and must state the seller's name and address, and the date upon which the seller first engaged in the business of making sales at wholesale after the effective date of this regulation).

(3) *Exception for certain affiliated sellers.* Even though an establishment engaged in the business of selling hosiery

for resale is so affiliated with the ownership, management or control of a business engaged in sewing, knitting or assembling women's hosiery as to be constituted a "manufacturer" under paragraph (c) (2), a sale by the establishment of hosiery not produced by such an affiliated manufacturer will be considered a "sale at wholesale" provided it is made under all of the following conditions:

(i) The establishment is at the time of the sale and was throughout 1940, maintained as a separate establishment and operated so as to qualify it as a "wholesaler" under the provisions of (i) to (v), inclusive, of subparagraph (b) (2).

(ii) The establishment at the time of the sale and throughout 1940 represented itself as a wholesaler, and was generally known as a wholesaler.

(iii) Less than 50% of the total units of women's full-fashioned hosiery delivered to the establishment during 1940 were composed of hosiery produced by affiliated manufacturers and by manufacturers to whom the establishment supplied or furnished yarn for such hosiery.

(c) *Sales by manufacturers.* The maximum prices for which rayon hosiery may be sold, delivered or offered for sale in any sale by a manufacturer other than at retail, are the prices per dozen pairs set forth in Tables (1) and (4) of Appendix B (section 17).

(1) *What is included in the term.* "Sales by manufacturers" include any sale by a "manufacturer" as defined below. The maximum prices set forth in Tables (1) and (4) of Appendix B apply also to:

(i) All sales (other than sales at retail) which do not qualify as "sales at wholesale" as defined above, and

(ii) Any sale of "rayon hosiery" which (a) The seller knit, sewed, or assembled, or

(b) Was manufactured from yarn or other materials supplied, purchased, or furnished by the seller.

(2) *Who is a manufacturer.* A manufacturer is any person who, directly or indirectly, owns or operates a business engaged in sewing, knitting or assembling women's hosiery, or whose business is owned, controlled, conducted or managed in any way by a person who owns, or is engaged in a business of sewing, knitting, or assembling hosiery.

(d) *Classes of sellers—*(1) *The general rule.* A seller is any person who sells or offers to sell rayon hosiery. Factories, stores, selling establishments and other selling units owned by the same person or commonly owned are considered to be the same seller.

(2) *Classes of retail sellers of full-fashioned hosiery.* For the purpose of determining the "class" of retail outlet or the "class" of purchaser to which a seller of full-fashioned hosiery belongs, an exception to the general rule is made in the case of a person who operates two or more establishments selling at retail or two or more departments within an establishment selling at retail. In that case, each separate establishment is considered a separate seller. If, however, there are two or more separate depart-

ments within the establishment, each department is considered a separate seller. Retail sellers of women's full-fashioned hosiery are classified as follows:

(1) "Class I retail women's hosiery outlet" includes every seller at retail who is a Class I purchaser with the following exceptions:

(a) House-to-house sellers, and

(b) Retail sellers affiliated with a manufacturer or wholesaler as described in paragraph (e) (1) (ii), *Provided* they conform to all of the following conditions:

(1) The retail seller's business was operated as a separate retail selling establishment on January 31, 1942, and would not be a Class I purchaser under the provisions of (e) (1) (iii);

(2) No affiliated manufacturer or wholesaler delivered more than 10% of his total annual shipments by dollar volume of women's full-length hosiery in 1940 or 1941 to the retail seller; and

(3) After May 31, 1943, the retail seller did not have delivered to him by any affiliated manufacturer or wholesaler (i) in any one month, more than 10% of any affiliated manufacturer's or wholesaler's total shipments of rayon hosiery for that month or (ii) in any six consecutive months more than 5% of any affiliated manufacturer's total shipments of rayon hosiery for that six months period. Retail sellers who meet all the conditions of this paragraph (b) become Class II retail women's hosiery outlets.

(ii) *Class II retail women's hosiery outlet.* Every seller at retail who is (a) a "house-to-house" seller, (b) a Class II purchaser or (c) a Class III purchaser, is a "Class II retail women's hosiery outlet."

(e) *Classes of purchasers of women's full-fashioned hosiery.* (1) "Class I purchaser" means the following persons:

(i) Every "manufacturer" and every "wholesaler" as defined in this section.

(ii) Every retail seller whose business is owned, controlled or operated by a "manufacturer" or "wholesaler" or by a person who owns, controls, or operates the business of a "manufacturer" or "wholesaler."

(iii) Every retail seller whose business was operated under both of the following conditions:

(a) *First condition.* The seller, or the central buying organization to which the seller belonged, made total annual sales of women's full-length hosiery exceeding \$250,000.00 in any year from 1939 to 1942, inclusive.

(b) *Second condition.* The seller, or the central buying organization to which the seller belonged, had an average percentage of initial mark-up on women's full-length hosiery of 34% or less in any year from 1939 to 1942, inclusive. To determine this mark-up percentage, the seller must (1) compute the total of the initial retail prices at which all purchases of this hosiery were marked during a given year, (2) compute the total of all invoice charges on purchases of the hosiery during the same year (figured after all discount deductions and including all transportation costs) and (3) subtract the total secured in (2) from the total secured in (1) and divide

the remainder by the total obtained in (1).

(2) "Class II purchaser" means any retail seller who is not a Class I purchaser and who, alone or together with all sellers belonging to the same central buying organization, made total annual sales of women's full-length hosiery exceeding \$100,000.00 in any year from 1939 to 1942, inclusive.

(3) "Class III purchaser" means any person who is not a "Class I purchaser" nor a "Class II purchaser." It includes industrial and commercial users.

(4) *Central buying organization.* A retail seller "belonged to a central buying organization" during any year from 1939 to 1942, inclusive, if during that year it was one of a group of sellers under common ownership or control, with a common purchasing office which bought 60% or more of the women's full-length hosiery that was bought by the entire group during that year.

(f) *Drop shipments.* A drop shipment of hosiery, sold at wholesale, is a shipment directly from the manufacturer to the purchaser.

(g) *When taxes may be added to the maximum price.* If a statute or ordinance permits a tax to be separately stated, the seller is permitted to charge or collect, in addition to the price, a tax on the sale or delivery of the hosiery provided he states the tax separately. This applies, however, only to a tax on a particular sale or delivery such as a gross tax or compensating use tax. Taxes on prior sales or deliveries may not be added.

SEC. 5. Maximum prices for rayon hosiery by special application. Maximum prices for rayon hosiery not specifically priced in section 17 can be established only by specific authorization from the Office of Price Administration, Washington, D. C. No person is permitted to deliver rayon hosiery for which a maximum price is not provided in section 17 unless he receives specific authorization from the Office of Price Administration.

A seller who wants to secure a specific maximum price for any type of rayon hosiery for which a maximum price is not provided in section 17 must file with the Office of Price Administration in Washington, D. C., an application setting forth a description in detail of the rayon hosiery for which a maximum price is sought, together with a sample thereof. The seller must also submit such additional information as may be required by the Office of Price Administration.

SEC. 6. Less than maximum prices may be charged. Lower prices than the maximum prices established by this maximum price regulation may be charged.

SEC. 7. Information which must be furnished to purchasers.—(a) Marking.—(1) Information required. No person may sell, deliver or offer for sale rayon hosiery unless there is firmly affixed to each pair of hosiery a marking which clearly and truthfully states identifying information as to the construction and price of the hosiery as follows:

(i) The word "ceiling" accompanied by the maximum price at retail under this regulation; (if the hosiery is circular knit and sold to a wholesaler the

letter "W" must precede the maximum price);

(ii) The name, trade-mark registered in the United States Patent Office, or the Office of Price Administration registration number of the person who first sells the hosiery in a completely finished state; (such sellers can secure registration numbers by writing to the Office of Price Administration, Washington, D. C.);

(iii) The gauge or needle count of the hosiery;

(iv) The word "proportioned" on all proportioned hosiery;

(v) The word "misses" on all misses' hosiery;

(vi) The word "out-size" on all out-size hosiery;

(vii) The words "extra-long" on all hosiery 34" in length or longer;

(viii) The word "irregulars" on all irregulars; the word "seconds" on all seconds; and the word "thirds" on all thirds. This marking of substandard hosiery must be placed on each stocking of the pair.

(2) *Methods of marking.* The hosiery must be marked with a transfer, label, ticket, marker or other device which is firmly affixed to at least one stocking of each pair of hosiery at the time it is delivered to the purchaser. However, inserts may be used by manufacturers until September 1, 1943, and by other sellers until October 1, 1943.

(3) *Description of marking.* Information required by subdivisions (1) (i) and (iii) above must be marked on the welt within an outlined space or block having dimensions no less than $\frac{3}{4}$ " x $1\frac{1}{2}$ " in the case of a transfer or no less than $\frac{3}{8}$ " x $\frac{3}{4}$ " in the case of a label or ticket. No other printing or lettering is permitted within the space or block except that the person who first sells the hosiery in a completely finished state may include his name, brand or registration number and any seller may include the words "Grade A" on all Grade A hosiery and the words "Grade B" on all Grade B hosiery, as those terms are explained in section 15. Two examples are set forth below:

Ceiling 92¢
45 gauge

Ceiling-W-35¢
260 ndls.

Any of the other information required by this paragraph may be placed on the welt provided it does not confuse or obscure the information contained in the space or block or it may be placed upon the foot of the stocking. Where inserts are permitted temporarily, all information may be placed on the insert.

(4) *Which retail price must be marked on hosiery.—(i) Circular knit hosiery.* (a) Hosiery delivered by a manufacturer to a seller at retail must be marked with the appropriate retail ceiling price provided in Table 6 (i).

(b) Hosiery delivered to a wholesaler and hosiery delivered by a wholesaler to a seller at retail must be marked with

the appropriate retail ceiling price provided in Table 6 (ii).

(ii) *Full-fashioned hosiery.* Hosiery which a manufacturer or wholesaler delivers to, or knows is intended for ultimate delivery to a Class I retail women's hosiery outlet must be marked with the appropriate retail ceiling price provided in Table 3 (i); otherwise, it must be marked with the appropriate retail ceiling price provided in Table 3 (ii).

(b) *Correcting marking.* If a seller receives hosiery which has been previously marked incorrectly or marked with a retail ceiling price which is not appropriate, he must correctly re-mark the hosiery by the use of a transfer, ticket or label firmly attached to the welt of the hosiery. However, a wholesaler selling to a purchaser of a different class from that for which his hosiery is marked, need not re-mark if the purchaser agrees by letter to re-mark the hosiery prior to sale at retail. Before the wholesaler may deliver such hosiery he must mail a copy of his purchaser's letter to the Office of Price Administration, Washington, D. C.

SEC. 8. Information which must be furnished in sales other than at retail.—(a) Information for marking. Within 5 days after the receipt of a written request from a purchaser of rayon hosiery by any person who has sold for resale or manufactured the rayon hosiery, such seller or manufacturer shall furnish to the purchaser, all information with respect to the construction and quality of the rayon hosiery which is pertinent to the marking required of the purchaser by this regulation.

(b) *Disclosure of class of purchaser.* Within 10 days after receiving a written request, every person who buys or offers to buy rayon hosiery must truthfully inform the seller in writing of the class of purchaser to which the buyer belongs. If the class of purchaser to which buyer belongs changes after the effective date of this regulation, he must notify all persons from whom he buys of the change of his class within 5 days after such change takes place and before ordering or purchasing any additional rayon hosiery.

SEC. 9. Relation between Revised Maximum Price Regulation 339 and the General Maximum Price Regulation.—(a) Provisions of General Maximum Price Regulation incorporated in this regulation. The General Maximum Price Regulation shall not apply and this regulation shall apply to sales, deliveries and offers to sell rayon hosiery. However, the following sections of the General Maximum Price Regulation are made a part of this regulation and each seller must comply with them:

(1) Current records (§ 1499.12).

(2) Sales slips and receipts (§ 1499.14).

(3) The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation shall apply to every person selling rayon hosiery at wholesale or retail.

(b) *Definitions incorporated by reference.* Unless the context otherwise requires, or unless otherwise specifically

* 8 F.R., 3096, 3849, 4347, 4486, 4724, 4978, 4848, 6047, 6962, 8511, 9025.

provided herein, the definitions set forth in § 1499.20 of the General Maximum Price Regulation shall apply to the terms used herein.

SEC. 10. *Relation of this regulation to other maximum price regulations.* (a) *Maximum Price Regulation 157.* With respect to sales of women's rayon hosiery, covered by this regulation, this regulation supersedes the provisions of Maximum Price Regulation 157, entitled "Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes".

(b) *Maximum Price Regulation 172.* Contractors' charges for the manufacture of women's rayon hosiery are not subject to this regulation, but are governed by Maximum Price Regulation 172, entitled "Charges of Contractors in Apparel Industry".

SEC. 11. *Explanation of terms (definitions).* (a) "Rayon hosiery" means any women's completely finished full-length hosiery of less than 45 inches in length, the leg of which is made in whole or in part of rayon, except hosiery in which the leg is made of rayon in combination with silk, wool or nylon. The term includes misses' hosiery.

(b) "Substandard quality" hosiery means hosiery not of first quality. This includes (1) irregulars; (2) seconds; and (3) thirds. These terms are defined in section 16—Appendix A—Standards of Inspection.

(c) Grade "A" hosiery is rayon hosiery which meets all of the minimum specifications for Grade A hosiery as explained in section 15. If the hosiery fails to meet any one or more of the minimum requirements as explained in section 15, it is classed as Grade "B" hosiery.

(d) The "gauge" of full-fashioned hosiery is the number of needles per 1½" of the needle bar on which the hosiery is knit, assuming use of the full needle bar except for a tolerance of 4 needles.

(e) The "needle count" of circular knit hosiery is the total number of needles on the knitting cylinder of the machine on which the hosiery is knit.

(f) Full-fashioned out-size hosiery. (1) "14" and 14½" out-size hosiery" is hosiery which

(i) Is knit on 14" or 14½" needle bar respectively, using the full needle bar (with a tolerance of 4 needles);

(ii) Is made with no fashionings or narrowings at the flare;

(iii) Contains the minimum number of courses required for Grade "A" hosiery as defined in section 15;

(iv) Is boarded on out-size forms in accordance with accepted trade practice.

(2) "15" and 16" out-size hosiery" is hosiery which is

(i) Knit on a full 15" or 16" needle bar, respectively (with a tolerance of 4 needles); and

(ii) Is boarded on out-size forms in accordance with accepted trade practice.

(g) "Combination yarn" is plied yarn in which filament rayon is twisted with other fibers.

(h) "Plied yarn" is a yarn in which two or more separate ends of continuous filament rayon yarn are combined by twisting.

(i) "Spun rayon yarn" is yarn spun from rayon staple fiber.

(j) "Blended yarn" is yarn which is spun from mixtures of rayon staple fiber and cotton fiber.

(k) "Full-lace hosiery" is lace hosiery knit with full-lace tackle on a full-fashioned knitting machine.

(l) "Jacquard hosiery" is hosiery knit with full Jacquard tackle on a full-fashioned knitting machine.

(m) "Full-length hosiery" is hosiery designed to be worn with the welt above the knee.

SEC. 12. *How this regulation may be amended.* Any person seeking an amendment which will have general applicability may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1⁶ issued by the Office of Price Administration.

SEC. 13. *Geographical applicability of this regulation.* This regulation shall be applicable to the continental United States and to the District of Columbia, but not to the territories and possessions of the United States.

This regulation does not apply to export sales, which are governed by the Second Revised Maximum Export Price Regulation.⁷

SEC. 14. *Adjustable pricing.* If you wish, you may sell at the maximum price permitted by this regulation subject to an agreement with the buyer to charge a higher price if it becomes the legal maximum price by the time delivery is made. But you must never charge a price which is higher than the maximum price in effect at the time of delivery. Moreover, unless authorized by the Office of Price Administration, you must not deliver at a price which is to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. This authorization will be given only where:

(1) a request for a change in the applicable price is pending; (2) authorization is necessary to promote distribution or production; and (3) it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended.

SEC. 15. *Minimum requirements for Grade "A" hosiery.* Grade A hosiery is completely finished continuous filament rayon hosiery, the leg of which is knitted in plain stitch and which meets the minimum requirements contained in Schedules A and B of War Production Board General Limitation Order L-274, as amended July 7, 1943. These specifications, for the pricing purposes of this regulation, do not apply to hosiery, the leg of which is made of combination or spun rayon yarns, nor to non-run, mesh, or cut-and-sewn rayon hosiery. The specifications are minimum in the sense that unless the hosiery meets every one of the requirements of these specifications, it is classed as Grade B. The fol-

lowing hosiery, however, shall be considered Grade A: (a) hosiery permitted to be manufactured by War Production Board with welt, sole, heel or toe reinforced with nylon or with English cotton yarn of a count finer than that permitted under Schedules A and B of War Production Board General Limitation Order L-274, as amended July 7, 1943 if it otherwise meets the specifications of Schedules A and B; (b) proportioned hosiery, manufactured consistently with the provisions of paragraph (c) of Schedule A of the War Production Board order; (c) hosiery placed in production prior to March 8, 1943 which meets all of the specifications of Schedules A and B of the War Production Board order other than the specifications pertaining to picots.

SEC. 16. *Appendix A: Standards of inspection.* Both Grade "A" and Grade "B" rayon hosiery must be classified and marked according to the standards of inspection set forth below.

(a) *Substandard quality.* All hosiery which is not first quality is deemed to be substandard quality. Substandard quality includes:

(1) *Irregulars.* A pair of substandard quality stockings are "irregulars" if one or both stockings contain any imperfections or irregularities in size, color, knit or weave: *Provided*, That neither stocking contains any obvious mends, runs, tears or breaks in the fabric, or any substantial defect, irregularity or imperfection in material, construction or finish;

(2) *Seconds.* A pair of substandard quality stockings are "seconds" if one or both stockings contain any obvious mends, runs, tears or breaks in the fabric or any substantial defect, irregularity or imperfection in material, construction or finish: *Provided*, That neither of the stockings contains (i) welt menders in excess of ½ inch, (ii) leg menders or seamers in excess of ¼ inch or (iii) more than two medium or three small menders; and

(3) *Thirds.* A pair of substandard quality stockings are "thirds" if either stocking contains (i) any of the following defects: (a) welt menders in excess of ½ inch, (b) leg menders or seamers in excess of ¼ inch or (c) more than two medium or three small menders or (ii) any other substantial defect, irregularity or imperfection which makes the hosiery a third, when judged by the seller's standards of inspection on the effective date of this regulation.

(b) *Explanation of table of defects.* The following table is not all-inclusive but it illustrates how hosiery containing any of the defects listed should be classified. Thus hosiery containing any of the defects listed in Column (1) cannot be considered first quality but must be considered irregulars. Similarly hosiery containing any of the defects listed in Column (2) must be considered seconds and not irregulars and hosiery containing any defects listed in Column (3) must be considered thirds.

PART 1499—COMMODITIES AND SERVICES

[Rev. SR 14, Amdt. 20]

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 4.7 of Revised Supplementary Regulation 14 is amended to read as follows:

(3) For all other sales and deliveries of defluorinated phosphate by processors, the maximum price shall be the same as for sales and deliveries in 100 pound paper bags plus or minus the difference in cost of packing in other than 100 pound paper bags.

(b) *Sales by jobbers.* The maximum price that a jobber may charge for the sale or delivery of defluorinated phosphate in carload lots shall be 50 cents per ton (maximum markup) and in less than carload lots shall be \$1.00 per ton (maximum markup) over the maximum price which he could lawfully have paid a processor for the quantity and quality purchased together with actual or reasonable transportation charges incurred by the seller in respect to the lot sold.

(c) *Sales by wholesalers.* The maximum price that a wholesaler may charge for the sale or delivery of defluorinated phosphate shall be \$2.00 per ton (maximum markup) over the maximum price which he could lawfully have paid the processor or jobber from whom he purchased (or if he purchased from any other class of person, over the maximum price which he could lawfully have paid a processor) for the quantity or quality purchased together with actual or reasonable transportation charges incurred by the seller in respect to the lot sold.

(d) *Sales by retailers.* The maximum price that a retailer may charge for the sale or delivery of defluorinated phosphate shall be \$5.00 per ton (maximum markup) over the maximum price which he could lawfully have paid to the processor, jobber or wholesaler from whom he purchased (or if he purchased from

any other class of persons, over the maximum price which he could lawfully have paid a processor) for the quantity and quality purchased together with actual or reasonable transportation charges incurred by the seller in respect to the lot sold.

(e) *Sales by any other persons.* The maximum price for the sale of defluorinated phosphate by any other person of a class of seller not hereinbefore specifically provided for shall be the maximum price which his seller could lawfully have charged for a like sale. Notwithstanding any other provision of this regulation, sales between persons of one of the class of sellers hereinbefore specifically provided for shall be permissible: *Provided*, That no such sales, nor sales to a person of a different class, shall be at a higher price than the maximum price hereinbefore prescribed for said class of sellers.

(f) *Geographical applicability.* Section 4.7 shall apply to all sales, whether for immediate or future delivery, within the 48 states and the District of Columbia of the United States of imported and domestic defluorinated phosphate whether produced from domestic or imported phosphate.

(g) *Definitions.* (1) "Defluorinated phosphate" shall mean that product obtained by processing phosphate so that the flourine content is reduced below a toxic level.

(2) "Per net ton" shall mean a quantity of at least 2000 pounds.

(3) "Jobber" means a person other than a retailer who buys defluorinated phosphate and resells the same without unloading into a warehouse.

(4) "Wholesaler" means a person who buys defluorinated phosphate and unloads his purchase into a warehouse and resells the same, except at retail.

(5) "Retailer" means a person who buys defluorinated phosphate and resells the same to an ultimate consumer.

(6) "Ultimate consumer" means a person who buys defluorinated phosphate for feeding and not for resale or processing.

(7) "Transportation charges" shall be computed at:

(i) The lowest common carrier rate (including the 3 percent tax provided for in section 620 of the Revenue Act of 1942, as amended) for the billing or shipment in question; or

(ii) If there is no such rate, the reasonable value of the service (including said 3 percent tax, if any) not exceeding any maximum price established therefor.

This amendment shall become effective August 28, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871, E.O. 9328, 8 F.R. 4931)

Issued this 23d day of August 1943.

2. Section 15, Appendix C (e) (4) is amended to read as follows:

(4) *Adjustment provisions.* (See also section 2 of Article 1.) Any regional office or such district office of the Office of Price Administration as may be authorized by the appropriate regional office, may, by order, adjust the maximum prices for raspberries as follows: The upward limit to which prices in Column I may be adjusted is the lower of (a) the average price received by growers for the 1942 crop in the region or district wherein the adjusted price is to be effected as determined by the regional or district office from official United States Department of Agriculture market news sources plus 3 cents per pound or (b) 18 cents per pound plus an amount equal to the freight between the area for which the adjustment is being made and the shipping point, in Oregon, Washington, New York, Pennsylvania, Ohio and Michigan, which is nearest to that area. The prices in Column I so adjusted shall be substituted for the corresponding base figures in Column II and III.

No adjustment upward may be made for raspberries grown or sold in the states of Oregon, Washington, New York, Pennsylvania, Ohio, or Michigan.

This amendment shall become effective August 23, 1943.

PART 11—STANDARD CONTRACT PROCEDURE

APPROVAL BY DIRECTOR OF PROCUREMENT

Section 11.103 of the regulations under this part is hereby amended to read as hereinafter provided:

§ 11.103 *Approval by Director of Procurement.* To assure the uniformity of purchase order forms as regards the features standardized by these regulations, all proposed forms shall be submitted to the Director of Procurement for approval prior to printing. The Director of Procurement will review proposed forms as to the standardized features only, and his approval will not extend to any feature left optional under these regulations. Without regard to § 11.3, the Director of Procurement may approve any purchase order form under this section notwithstanding minor deviations from the standardized format which he determines to be necessary to the department or establishment concerned and to effect no substantial impairment, beyond that de-

termined to be necessary, of the purposes of uniformity.

PART 22—MOUNTAIN REGION NATIONAL WILDLIFE REFUGES

NATIONAL ELK REFUGE, WYOMING

Under authority of section 84 of the Act of March 4, 1909, as amended by the Act of April 15, 1924, 43 Stat. 98, and in extension of § 12.9 of the Regulations for the Administration of National Wildlife Refuges under the Jurisdiction of the Fish and Wildlife Service, dated December 19, 1940 (5 F.R. 5284), the following is hereby ordered:

§ 22.271a *National Elk Refuge, Wyoming; hunting of elk.* Elk may be taken during the open season prescribed therefor by the State Game and Fish Commission of Wyoming during the calendar year 1943 on certain lands, hereinafter described, of the United States within the National Elk Refuge, Wyoming, in accordance with the provisions of the Regulations for the Administration of National Wildlife Refuges under the Jurisdiction of the Fish and Wildlife Service, dated December 19, 1940 (5 F.R. 5284), and subject to the following special provisions, conditions, restrictions, and requirements:

(a) *Area open to hunting.* The following-described lands of the United States within the National Elk Refuge shall be open to the hunting of elk:

That part of the refuge east of the refuge fence line running parallel to the Jackson-Moran highway, and north of the township line between Townships 41 and 42 North, the natural boundary of which shall be regarded as Flat Creek east of its junction with the canal, or ditch, in the NE¼ of section 1, T. 41 N., R. 116 W., in its east and west course through the refuge, to its intersection with the east line of section 4, T. 41 N., R. 115 W., sixth principal meridian, Wyoming.

(b) *Compliance with State laws and regulations.* Any person who hunts on

the refuge shall be in possession of a valid hunting license issued by the State of Wyoming authorizing him to hunt elk and a permit, if required. Said license and permit shall serve as a Federal permit for hunting elk on the refuge and must be carried on the person of the licensee while so hunting. The license and permit must be exhibited upon the request of any representative of the Wyoming Game and Fish Commission authorized to enforce the State game laws or of any representative of the Department of the Interior. The licensee must comply in every respect with the State laws and regulations governing the hunting of elk and upon request of any of the aforesaid representatives must exhibit for inspection all game killed by him or in his possession.

(c) *Disorderly conduct; intoxication.* No person who is intoxicated will be permitted to enter or remain upon the refuge for the purpose of hunting hereunder, and any person who indulges in any disorderly conduct on the refuge will be removed therefrom by the officer in charge and dealt with as prescribed by law.

(d) *Entry upon refuge.* Persons entering or crossing the refuge for the purpose of hunting, as permitted by the regulations in this section, shall use such routes of travel as may be designated by suitable posting by the officer in charge and shall not otherwise enter upon the refuge.

(e) *Forfeiture of privileges.* Failure of any person hunting on the refuge to comply with any of the provisions, conditions, restrictions, or requirements of the regulations in this section or the violation by him of any of the provisions of State or Federal laws or regulations applicable to hunting on the refuge not only will render such person liable to prosecution under the law but also will be sufficient cause for removing him from the refuge and for refusing him further hunting privileges on the refuge.

(f) *State cooperation in management of the herd and the shooting area.* The provisions of the regulations in this section shall be incorporated in and deemed to be a part of any cooperative agreement between the Director of the Fish and Wildlife Service and the Game and Fish Commission of Wyoming for the regulation, management, and operation of the shooting area established hereunder, the details of which shall be mutually agreed upon between said Director and Commission. The Director also may take such additional measures, in cooperation with said Commission or otherwise, as may be necessary to effect proper control of the animals wintering on the refuge and to maintain their numbers within the carrying capacity of the project.

PART 25—SOUTHERN REGION NATIONAL WILDLIFE REFUGES

WHITE RIVER NATIONAL WILDLIFE REFUGE, ARKANSAS

Under authority of section 10 of the Migratory Bird Conservation Act of February 18, 1929 (45 Stat. 1222; 16 U.S.C. 715i), as amended, and in extension of § 12.3 of the Regulations for the Administration of National Wildlife Refuges under the Jurisdiction of the Fish and Wildlife Service, dated December 19, 1940 (5 F.R. 5284), the following is hereby ordered:

§ 25.966 *White River National Wildlife Refuge, Arkansas; noncommercial fishing.* Noncommercial fishing is permitted in all the waters of the White River National Wildlife Refuge, Arkansas, from May 16 to October 31, inclusive, of each year, in accordance with the provisions of the Regulations for the Administration of National Wildlife Refuges under the Jurisdiction of the Fish and Wildlife Service, dated December 19, 1940 (5 F.R. 5284), and subject to the following conditions, restrictions, and requirements:

(a) *State fishing laws.* Any person who fishes within the refuge must comply with the applicable fishing laws and regulations of the State of Arkansas. Fishing under this regulation shall be as defined by State law, except that the use of snag lines, picnic seines, and other similar contrivances is prohibited. Trot or set lines, under the direct supervision of the operator, may be used to take fish for individual, family, or picnic use but not for commercial purposes.

(b) *Fishing licenses and permits.* Any person who fishes within the refuge shall be in possession of a valid fishing license issued by the Arkansas Game and Fish Commission, if such license is required. This license shall serve as a Federal permit for fishing in the waters of the refuge and must be carried on the person of the licensee while so fishing. The license must be exhibited upon the request of any representative of the Arkansas Game and Fish Commission or of the Fish and Wildlife Service.

(c) *Routes of travel.* Persons entering the refuge for the purpose of fishing shall follow such routes of travel as may be designated from time to time by suitable posting by the officer in charge of the refuge.

(d) *Use of boats.* The use of boats, including motorboats, for the purpose of fishing in accordance with this regulation is permitted.

(e) *Camp sites and fires.* Camping on the refuge will be permitted at camp sites designated by the officer in charge, and the lighting of fires on any area of the refuge other than on such designated camp sites is prohibited.

(f) *Temporary restrictions.* During periods of waterfowl concentrations on the refuge, fishing will not be permitted in such areas of the refuge as, in the judgment of the officer in charge, should be closed to fishing in order to provide adequate protection for such waterfowl

concentrations and are posted suitably by such officer.

§ 25.966a *White River National Wildlife Refuge, Arkansas; commercial fishing.* Commercial fishing is permitted in all the waters of the White River National Wildlife Refuge, Arkansas, in accordance with the provisions of the Regulations for the Administration of National Wildlife Refuges under the Jurisdiction of the Fish and Wildlife Service, dated December 19, 1940 (5 F.R. 5284), and subject to the following conditions, restrictions, and requirements:

(a) *Period of fishing.* Commercial fishing during the migratory-waterfowl hunting season is prohibited, except that the refuge manager may issue permits allowing commercial fishing during the migratory-waterfowl hunting season in sections of the refuge of 5,000 acres or more in area whenever such sections are inundated by flood waters to a depth of 5 feet or more; provided such fishing shall not interfere with or cause disturbance to waterfowl and wildlife concentrations in such sections.

(b) *State fishing laws.* Any person who fishes commercially within the refuge must comply with the applicable fishing laws and regulations of the State of Arkansas, except that the use of heart and lead nets is not permitted during the period from February 1 to April 30, inclusive. Seining, including picnic seining, is not permitted at any time, and the Director of the Fish and Wildlife Service may further restrict the type of gear that may be used for commercial fishing.

(c) *Fishing licenses and permits.* Any person who fishes commercially within the refuge shall be in possession of a valid commercial fishing license issued by the Arkansas Game and Fish Commission, if such license is required, and a permit issued by the officer in charge of the refuge. The permit shall specify the water or waters in which the permittee may fish and the period or periods during which such fishing may be performed. The officer in charge may limit the number of permits issued for any particular waters during such periods as, in his discretion, such action is necessary for the protection of the fishery resources of the refuge or to prevent disturbance to concentrations of waterfowl using such waters or areas. The license and permit must be carried on the person of the licensee while so fishing and must be exhibited upon the request of any representative of the Arkansas Game and Fish Commission or of the Fish and Wildlife Service.

(d) *Routes of travel.* Persons entering the refuge for the purpose of fishing shall follow such routes of travel as may be designated from time to time by suitable posting by the officer in charge of the refuge.

(e) *Use of boats.* The use of boats, including motorboats, for the purpose of fishing in accordance with this regulation is permitted.

(f) *Reports.* Each person authorized to fish commercially within the refuge shall submit semiannual reports to the officer in charge thereof correctly stating the kinds of fish and the quantity of each taken.

(g) *Camp sites and fires.* Camping on the refuge will be permitted at camp sites designated by the officer in charge, and the lighting of fires on any area of the refuge other than on such designated camp sites is prohibited.

(h) *Temporary restrictions.* During periods of waterfowl concentrations on the refuge, commercial or other types of fishing will not be permitted in such areas of the refuge as, in the judgment of the officer in charge, should be closed to fishing in order to provide adequate protection for such waterfowl concentrations and are posted suitably by such officer.

The order of the Acting Secretary of Agriculture, dated August 21, 1936 (1 F.R. 1384), permitting fishing within the White River Migratory Waterfowl Refuge, Arkansas, is hereby revoked.

BITUMINOUS AND ANTHRACITE COAL MINES REVOCATION OF ORDERS FOR TAKING POSSESSION

AUGUST 21, 1943.

On May 1, 1943, by virtue of the authority vested in him by the President of the United States, the Secretary of the Interior signed Orders Nos. 1809 and 1810 (8 F.R. 5767), taking possession of anthracite and bituminous coal mines in which he found from the available information that a strike or stoppage had occurred or was threatened.

Thereafter, on June 25, the Secretary signed Orders Nos. 1835 and 1836 (8 F.R. 8761), pursuant to which he took possession of a number of additional anthracite and bituminous coal mines. However, no notice of the taking was issued to the mining companies affected by these latter orders, no Operating Managers for the United States were appointed for such mines, and no action taken to im-

plement the orders; and it is unnecessary to take such action or to retain possession of such coal mines.

Accordingly, it is hereby ordered and directed, That Orders Nos. 1835 and 1836 dated June 25, 1943 (8 F.R. 8761), be and they are hereby revoked.

[Order T-1]

HENRY CLAY COAL MINING CO., ET AL
ORDER TERMINATING GOVERNMENT POSSESSION AND CONTROL

AUGUST 19, 1943.

The Operating Managers for the United States for the coal mines of the mining companies listed in Appendix A have advised the Coal Mines Administrator that there has been no interruption in the operation of such mines since April 30, 1943, as a result of a strike or other labor disturbance, and have submitted factual evidence to that effect. Based on such evidence and advice, and after consideration of all the circumstances, I find that the possession and control by the Government of such mines are not necessary to insure the operation of such mines in the interest of the war effort, and that it is practicable to terminate the possession and control of such mines.

Accordingly, I order and direct, That possession and control by the Government of the mines of the mining companies listed in Appendix A, attached hereto and made a part hereof, including any and all real and personal property, franchises, rights, facilities, funds, and other assets used in connection with the operation of such mines and the distribution and sale of their products, be, and there are hereby, terminated and that there be conspicuously displayed at the mining properties copies of a poster to be supplied by the Coal Mines Administration and reading as follows:

NOTICE

Government possession and control of the coal mines of this mining company have been terminated by order of the Secretary of the Interior.

Provided, however, That nothing contained herein shall be deemed to preclude the Administrator from requiring the submission of information relating to operations during the period of Government possession and control as provided in section 40 of the Regulations for the Operation of Coal Mines under Government Control, as amended (8 F.R. 6655, 10712), for the purpose of ascertaining the existence and amount of any claims against the United States so that the administration of the provisions of Executive Order No. 9340 (8 F.R. 5695) may be concluded in an orderly manner; And provided, further, That except as otherwise ordered, the appointments of the

Operating Managers for the mines of the companies listed in Appendix A shall continue in effect.

ORDER TERMINATING GOVERNMENT POSSESSION AND CONTROL

AUGUST 19, 1943.

The Operating Managers for the United States for the coal mines of the mining companies listed in Appendix A have advised the Coal Mines Adminis-

trator that there has been no interruption in the operation of such mines since April 30, 1943, as a result of a strike or other labor disturbance, and have submitted factual evidence to that effect. Based on such evidence and advice, and after consideration of all the circumstances, I find that the possession and control by the Government of such mines are not necessary to insure the operation of such mines in the interest of the war effort, and that it is practicable to terminate the possession and control of such mines.

Accordingly, I order and direct, That possession and control by the Government of the mines of the mining companies listed in Appendix A, attached hereto and made a part hereof, including any and all real and personal property, franchises, rights, facilities, funds, and other assets used in connection with the operation of such mines and the distribution and sale of their products, be, and they are hereby, terminated and that there be conspicuously displayed at the mining properties copies of a poster to be supplied by the Coal Mines Administration and reading as follows:

NOTICE

Government possession and control of the coal mines of this mining company have been terminated by order of the Secretary of the Interior.

Provided, however, That nothing contained herein shall be deemed to preclude the Administrator from requiring the submission of information relating to operations during the period of Government possession and control as provided in section 40 of the Regulations for the Operation of Coal Mines under Government Control, as amended (8 F.R. 6655, 10712), for the purpose of ascertaining the existence and amount of any claims against the United States so that the administration of the provisions of Executive Order No. 9340 (8 F.R. 5695) may be concluded in an orderly manner; And provided further, That except as otherwise ordered, the appointments of the Operating Managers for the mines of the companies listed in Appendix A shall continue in effect.

EMPLOYEES ENGAGED IN FOREST AND RANGE FIRE FIGHTING ACTIVITIES

WAGE FIXING PROCEDURES

For the purpose of determining the prevailing rate of wages to be paid certain classes of field employees of the Department of the Interior and to effectuate wage stabilization among the various bureaus and offices of the Department engaged in forest and range fire fighting activities, the following procedure is established:

I

Wage Board

A Wage Board, composed of three representatives of the Department, is hereby established to determine prevailing wages for similar work in the locality of their employment for field employees of the Department of the Interior who are engaged in forest and range fire fighting (including all related activities), and who are not allocated to grade under the Classification Act of 1923, as amended, and to make recommendations with respect to such wages to the Secretary of the Interior. Jurisdiction over Grazing Service employees engaged in such activities is hereby transferred from the Grazing Service Wage Board to the Wage Board created herein.

II

Procedure To Be Followed by Board

In determining the prevailing wages for the labor classifications being considered by the Board, the Board shall procure evidence of the wages and compensation being paid to and perquisites received by those employed in these labor classifications by local County, State, and Federal fire protection organizations, private industrial employees, and others employing labor in the locality, whether pursuant to union agreements or otherwise. Hearings for the purpose of adducing evidence of wages paid in the locality may be held when, in the judgment of the Board, this is required in order to determine the prevailing rates of wages.

Based on the evidence procured as to prevailing wages and the perquisites of employment in the locality in the classifications under consideration by the Wage Board, the Board shall make its recommendations to the Secretary of the Interior as to the rates of wages to be paid to the Government employees of the classes above specified. The wages recommended, upon approval by the Secretary, shall become effective upon the date approved, unless otherwise directed by the Secretary of the Interior: *Provided*, That the Secretary of the Interior may direct the Board to reconsider any recommendation in whole or in part when, in his judgment, the recommended wage does not accord with the evidence procured as to the prevailing wage in the locality or when there is insufficient evidence to support the wage recommended.

III

Effective Period of Approved Wage Determinations

Any wage rates fixed in the manner above provided shall remain in effect until that rate has been supplanted by a different rate determined by the Wage Board with the approval of the Secretary of the Interior. Unless directed by the Secretary of the Interior to do so at other intervals, the Wage Board shall review wage rates at six-month intervals, beginning with the effective date of the first schedule of wages made in accordance with the procedure herein provided: *Provided*, That the Secretary of the Interior may direct a review at any other time when, in his judgment, this is desirable.

Unless otherwise ordered, the Board shall be composed of these departmental representatives:

Duncan Campbell, who shall act as Chairman of the Board, and Guy W. Numbers and John F. Shanklin, Members of the Board.

FEDERAL TRADE COMMISSION.

[Docket No. 5033]

COLUMBIA RIVER PACKERS ASSOCIATION,
INC.

COMPLAINT AND NOTICE

Complaint

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (c) of section 2 of the Clayton Act (U.S.C. Title 15, sec. 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint, stating its charges with respect thereto as follows:

PAR. 1. Respondent, Columbia River Packers Association, Inc., is a corporation organized and existing under the laws of the State of Oregon, with its principal office and place of business located at Astoria, Oregon.

PAR. 2. The respondent, Columbia River Packers Association, Inc., is now engaged and for many years prior hereto has engaged in the business of packing and canning salmon, shad, shad roe, tuna, tuna flakes and kippered sturgeon (all of which are hereinafter called sea food products) and in the marketing, selling and distribution of such sea food products in its own name and for its own account for resale.

The respondent sells and distributes its sea food products through two separate and distinct methods. First, through legitimate intermediaries who act as its agents in negotiating the sale of its sea food products and for which services such intermediaries customarily are paid, directly or indirectly, as commissions or brokerage two and one-half percent of the net purchase price of the sea food products sold. Second, through the sale of its sea food products directly to buyers who are paid, directly or indirectly on their own purchases of sea food products from the respondent commission or brokerage fees of five percent of the net purchase price of the sea food products so purchased.

The respondent, to distinguish its sea food products from the sea food products sold by competitors and to facilitate sales, utilizes registered and unregistered trade marks and brands for various sea food products it sells, which brands are generally known as packers' or sellers' brands. Representative of respondent's brands are "Bumble Bee", "Kinney's Palm", "Clover Leaf", "White Star", "Holly", "Fishermen's", "Pine Burr", "Magnolia", "Blue Bird", "Violet", "Swiftwater", "Clifton", "Tuxedo", "Sovereign", "Rosebud", "Delmonico", "Gladolus", "Golden Age", "Reliance", "Pride of Columbia", "Beacon", "Portrait", "Sunset", "Olympic", "Figaro", "Bon Bon", "Esquimaux", "Recruit", "Argonaut", "Harpoon", "Commerce", "West Coast" and "Stonewall Jackson". The respondent also sells its sea food products unlabeled or unbranded, and also under the labels or brands of its buy-

ers, which brands or labels are generally known to the trade as private or buyers' brands. Some of such buyers who incorrectly designate themselves as brokers also utilize registered and unregistered labels and brands, which labels and brands are utilized in selling such respective buyers' merchandise. Such buyers are primarily engaged in the purchase and sale of sea food products in their own name and for their own account.

PAR. 3. The respondent in the course and conduct of its said business, since June 19, 1936, has sold and distributed a substantial portion of its sea food products directly to buyers located in states other than the state in which the respondent is established, and as a result of said sales and the respondent's instructions, such sea food products are shipped and transported across state lines to such buyers who are located in various states of the United States.

PAR. 4. The respondent, since June 19, 1936, in connection with the interstate sale and distribution of sea food products in its own name and for its own account for resale, has sold such sea food products to numerous buyers located in the various states of the United States other than the state where respondent is established, and has been and is now paying or granting or has paid or granted, directly or indirectly, commissions, brokerage or other compensation or allowances or discounts in lieu thereof to numerous buyers of said sea food products sold under its own labels, unlabeled and under buyers' labels.

A representative, but by no means complete, list of buyers who since June 19, 1936, have purchased sea food products unlabeled or under the seller-responder's labels or under such respective buyers' labels from the respondent for their own account for resale and who have received and accepted and who are now receiving and accepting from said seller-responder on their respective purchases of sea food products, directly or indirectly, commissions, brokerage fees or allowances and discounts in lieu of brokerage fees, are as follows:

Southgate Brokerage Co., Inc., Norfolk, Virginia;
William H. Stanley, Inc., New York, New York;
Max Rabinovitz, Boston, Massachusetts;
Lincoln-McCallum Company, Minneapolis, Minnesota;
Fischer Brokerage Company, St. Louis, Missouri;
Paul Pankey & Company, Birmingham, Alabama;
P. Duff & Sons, Inc., Pittsburgh, Pennsylvania;
H. E. Runyon Company, Des Moines, Iowa;
Elwood C. Boobar & Company, San Francisco, California;
G. Y. Harry & Company, Portland, Oregon.

PAR. 5. The paying and granting by respondent, directly or indirectly, of commissions, brokerage or other compensation and allowances or discounts in lieu thereof to the buyers of said sea food products, on their own purchases which are resold unlabeled or under either the buyers' or sellers' labels, and the acts and practices of the respondent in promoting sales of sea food products by pay-

ing to buyers, directly or indirectly, commissions, brokerage or other compensation and allowances or discounts in lieu thereof, as set forth above, are in violation of subsection (c) of section 2 of the Clayton Act, as amended.

Wherefore, the premises considered, the Federal Trade Commission on this 20th day of August, A. D. 1943, issues its complaint against said respondent.

Notice

Notice is hereby given you, Columbia River Packers Association, Inc., a corporation, respondent herein, that the 24th day of September, A. D. 1943, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and

its official seal to be hereto affixed, at Washington, D. C., this 20th day of August, A. D. 1943.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

[Vesting Order 1981]

ALGUND EENBOOM, ET AL.

Re: Real property owned by Algund Eenboom and others.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that the following named persons whose last known addresses appear opposite their names, respectively, are residents of Germany and are nationals of a designated enemy country (Germany);

Names and Last Known Addresses

Algund Eenboom, Nuttermoor, Germany.
Aleida Eenboom, Varel, Germany.
Antze Eenboom Quitzow, also known as Frau Antze Quitzow "Geb" Eenboom, Varel, Germany.
Fekelina Eenboom Ernst Schulte, also known as Frau Fekelina Schulte "Geb" Eenboom "Verw" Ernst, Varel, Germany.
2. Finding that the persons referred to in subparagraph 1 hereof are the owners of the real property described in subparagraph 3 hereof;

3. Finding that the property described as follows:

Real property situated in Walla Walla, Washington, particularly described in Exhibit A, attached hereto and made a part hereof, together with all the fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

4. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

Hereby vests in the Alien Property Custodian the property described above, subject to recorded liens, encumbrances, and other rights of record held by or for persons who are not nationals of designated enemy countries, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on August 12, 1943.

OFFICE OF DEFENSE TRANSPORTATION.

DAIRIES OF ONEONTA, NEW YORK

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials and supplies (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 8278, 8377, 10910), Cathedral Farms, Meridale Jersey Farms, Inc., Maple Shade Dairy, South Side Dairy, Oneonta Dairy Co., and Fay Chase, have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery by motor vehicle of dairy products in Oneonta, New York.

The participants in the plan propose to eliminate wasteful operations in the wholesale and retail delivery of dairy products by reducing and curtailing deliveries and by exchanging wholesale customers. Retail deliveries by motor trucks or by horse-drawn vehicles will be made on an every-other-day basis. No retail delivery truck will start on its route earlier than 7:30 a. m. Wholesale customers will be limited to six deliveries a week. Wholesale trucks will not be started on delivery trips unless fully loaded; and delivery routes will be rearranged to conserve the most mileage. The participants will exchange outlying wholesale customers and will suspend service to such customers if located at unreasonable distances from their plants, provided adequate supplies are available from other sources.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.¹

RETAIL GROCERIES OF TOPEKA, KANSAS

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials and supplies, (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 8278, 8377, 10910), the retail grocers listed in Appendix A hereto, have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery by motor vehicle of food products in Topeka, Kansas, including North Topeka and those districts known as Oakland and Highland Park.

The participants in the plan, who maintain 73 retail grocery stores, propose to eliminate waste in the operation of their 99 motor vehicles by limiting retail deliveries of food products to Mondays, Wednesdays and Fridays of each week. They estimate that effectuation of the plan will result in savings of 164,000 truck-miles a year.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.¹

[Supp. Order ODT 3, Rev.-53]

ALBINA TRANSFER COMPANY, ET AL.

REGISTRATION OFFICE AT PORTLAND, OREGON, FOR HOUSEHOLD GOODS MOTOR CARRIERS

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of household goods, filed with the Office of Defense Transportation by the motor carriers of Portland, Oregon, named in the Appendix hereof, as governed by § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and good cause appearing therefor; *It is hereby ordered*, That:

1. The carriers, and each of them, named in the Appendix hereof (hereinafter collectively called "carriers"), respectively, in the transportation of household goods as common carriers by motor vehicle, shall establish an office (hereinafter referred to as "registration office") at Portland, Oregon, to facilitate the movement of shipments of household goods, in the following manner:

(a) Each carrier shall register with the registration office shipments which the carrier may be unable to transport by reason of the restrictions contained in General Order ODT 3, Revised, as amended;

(b) Each carrier shall register with the registration office all empty or partially loaded equipment for which the carrier has no shipments available;

(c) The manager or employees of the registration office shall advise the carriers as to shipments registered and empty equipment or the unloaded space therein which is available; *Provided*, That nothing herein contained shall be construed to authorize the manager or any employee of the registration office to dispatch equipment, direct traffic, or exercise any supervision or control over the movement of any shipment, or part thereof, in any manner whatsoever;

(d) The manager of the registration office, and each carrier, shall prepare and maintain such records, and make such reports, as the Office of Defense Transportation may prescribe, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942. Such records shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation; and

(e) The cost of maintaining the registration office shall be apportioned

among the carriers as they shall agree on, or in the event the carriers are unable to agree thereon, shall be apportioned as the Office of Defense Transportation shall determine and direct.

2. Shipments exchanged pursuant to this order shall be exchanged in accordance with the following conditions:

(a) All shipments shall be transported to point of destination on the bill of lading of the carrier with whom the shipper entered into the contract of carriage;

(b) Except as may be otherwise provided by agreement between the interested carriers or prescribed by the Interstate Commerce Commission or by an appropriate State regulatory body, the division of revenue derived from transportation of a shipment exchanged, and from storage in transit, packing and unpacking, and other accessorial services pertaining thereto, shall be as determined and directed by the Office of Defense Transportation;

(c) The rates and charges applicable to the transportation, storage in transit, packing and unpacking, and other accessorial services performed in respect of any shipment shall be the lawfully applicable rates and charges of the carrier with whom the shipper entered into the contract of carriage;

(d) The duties and obligations of the originating carrier to the shipper shall not be altered by an exchange made pursuant hereto; and

(e) The carriers shall not exchange shipments with each other except as provided herein.

3. Any common carrier by motor vehicle, duly authorized or permitted to engage in the transportation of household goods, and having suitable equipment and facilities therefor, may make application in writing to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C., for authorization to participate in the functioning of the registration office established pursuant hereto. A copy of every such application shall be served upon the manager of the registration office. Upon receiving such authorization, such carrier shall become subject to this order and shall thereupon be entitled and required to participate in the functioning of the registration office in accordance with all the provisions and conditions of this order, in the same manner and degree as the carriers named in the Appendix hereof.

4. Nothing contained in this order shall be so construed or applied as to relieve any carrier subject hereto from registering with joint information offices and obtaining clearance certificates as provided in General Order ODT 13, as amended (7 F.R. 5066, 5678), or required by any other General Order, or as to relieve any carrier from any other requirements of the Office of Defense Transportation, or from any other regulatory or legal requirement, or as to require or permit any carrier to perform any transportation service not authorized or sanctioned by law, or to render any service beyond its transportation capacity, or to alter its legal liability to any shipper or other carrier.

5. Each carrier subject to this order engaged in interstate transportation

shall file a copy of this order with the Interstate Commerce Commission, and, if engaged in intrastate commerce, shall file a copy hereof with each appropriate State regulatory body having jurisdiction over any operations affected hereby.

6. Contractual arrangements made by the carriers to effectuate the terms of this order shall not extend beyond the effective period of this order.

7. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised-53", and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

8. This Supplementary Order shall become effective on August 28, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 24th day of August 1943.

RED ARROW FREIGHT LINES, INC.
CENTRAL FREIGHT LINES, INC.

COORDINATED OPERATIONS BETWEEN POINTS
IN TEXAS

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by Red Arrow Freight Lines, Inc., Houston, Texas, and Central Freight Lines, Inc., Waco, Texas, pursuant to § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689,

7694; 8 F.R. 4660), a copy of which plan is attached hereto as Appendix 1,¹ and

It appearing that the carriers propose by the plan to coordinate their operations as common carriers of property by motor vehicle between points in Texas, by suspending the transportation of certain shipments and by diverting traffic in such way as to produce increased lading and more efficient use of motor vehicles, and

It further appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered, That:*

1. The plan for joint action above referred to is hereby approved, and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Shipments diverted in execution of the plan shall be transported pursuant to the lawfully applicable rates, charges, rules, and regulations of the diverting carrier.

4. The provisions of this order shall not be so construed or applied as to require either carrier named herein to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit either carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of either carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of opera-

tions directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised-54" and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

OFFICE OF ECONOMIC WARFARE.

STATEMENT OF GENERAL ECONOMIC PROGRAMS AND POLICIES

Pursuant to the provisions of Executive Order No. 9361,¹ of July 15, 1943, the following general economic programs and policies of the Office of Economic Warfare have been approved by the War Mobilization Committee, by resolution signed by more than a majority of the members of said Committee, at a meeting held on July 29, 1943:

Exports. To control the commercial exportation from the United States and its Territories, dependencies and possessions, of articles, materials, supplies and technical data so as to: (1) prevent the exportation of any articles, materials, supplies or technical data to such destinations, in such amounts or to such consignees as might aid directly or indirectly the enemy; (2) prevent the exportation, except for the purposes set forth in items (4) to (8) herein, of articles, materials or supplies required within the United States, its Territories, dependencies or possessions, for the war production effort and the civilian economy; (3) prevent the exportation of technical data except where necessary to assist in the development of industrial and mechanical techniques employed in furtherance of the war program of the United Nations and where adequate assurance is provided that such data will not be made available to unfriendly interests or where the nature of the data is such that

¹ 8 F.R. 9861.

indiscriminate disclosure will not impair the national defense or well being of the country; (4) supply materials needed to maintain and expand the production and procurement abroad of strategic and critical materials required for the war effort and civilian economies of the United Nations; (5) supply materials to allied countries of the kinds and in the amounts necessary to maintain their war and domestic economies; (6) supply materials to friendly countries of the kinds and in the amounts necessary to maintain their domestic economies; (7) insure, within the limitations of shipping availabilities, the priority of movement of goods most essential to the economies of such allied or other friendly countries; (8) control the shipment of goods to European and other neutrals with a view to obtaining from them concessions helpful to the war program of the United Nations and detrimental to the war effort of the enemy countries; and, incident to the foregoing, (9) locate stranded critical and strategic materials, including materials the exportation of which has been denied, and direct such materials in active channels where they will further the war program, either through the medium of voluntary resale or requisitioning and, where requisitioning is necessary, determine the fair and just compensation to be paid the owner; and, in the administration of said programs and policies, so administer its controls, consistent with the war exigencies, as to maintain and strengthen private trade channels and protect the trade position of the United States.

Imports. To provide for the procurement and production of materials and commodities in foreign countries so as to: (1) effectuate with maximum speed the execution of directives of the Chairman of the War Production Board and the War Food Administrator as to quantities, specifications, delivery time schedules, and priorities of materials, and commodities required to be imported for the war production effort and the civilian economy; (2) obtain, through preclusive purchase, materials and commodities, whether or not included in said directives of the War Production Board or the War Food Administrator, which may be vital to the enemy, either for military or civilian needs; (3) at the request of, or in cooperation with, as the case may be, the Department of State, the Lend-Lease Administration, the Army, the Navy or other affected agencies, arrange for the purchase or receipt of commodities for stockpile, stabilization or other approved purposes, and, pursuant to the priority determinations of the War Production Board and in collaboration with the War Shipping Administration, supervise the transportation of said commodities; and in the administration of said programs and policies, so far as consistent with the war exigencies, maintain and strengthen private trade channels, and protect the trade position of the United States.

Economic warfare analysts. To recommend or direct appropriate economic warfare measures, within the limits of prescribed authority, and, for these purposes, to collect, analyze and evaluate economic intelligence in order to: (1) maintain and tighten the blockade of the European continent; (2) injure the enemy and aid the United Nations by means of trade controls designed to secure maximum supplies and to restrict the flow of materials to the enemy; (3) work with other interested agencies in the elimination from Latin America of Axis or other economic interests inimical to the United States; (4) work with other interested agencies in the handling of economic problems in reoccupied or liberated areas; (5) perform technical services and operations necessary to the work of the Office of Economic Warfare abroad, in the fields of industrial engineering, petroleum, air transport, economic intelligence, cartography; and (6) assist the armed services in (a) esti-

mating enemy economic war capabilities; (b) analyzing bombing objectives in terms of industrial importance and susceptibility to damage; (c) assessing economic damage caused by bombing of specific targets and relating such damage to the total enemy productive capacity; and (d) meeting the problems of overseas supply.

A certified copy of the resolution embodying the foregoing was filed with the Secretary of State on August 4, 1943.

Dated: August 23, 1943.

Regional, State and District Office Orders.

[Region I, Order G-1 Under MPR 154]

ICE IN WORCESTER, MASS.

Order No. G-1 under Maximum Price Regulation No. 154 as amended.

For reasons set forth in an opinion accompanying this order, and pursuant to and under the authority vested in the District Director of the Worcester District Office, Region I, of the Office of Price Administration, under the authority contained in Amendment No. 3 of Maximum Price Regulation No. 154 as amended, *It is hereby ordered:*

(a) For retail delivered sales of natural and manufactured ice, and for platform sales of manufactured ice in the Worcester District Area, the maximum prices established by Maximum Price Regulation No. 154, ICE, are modified, so that the maximum prices for retail delivered sales of natural and manufactured ice and for platform sales of manufactured ice shall be either the maximum prices established by the seller under paragraph (a) or paragraph (b) of

§ 1393.12, or the respective prices listed in Schedule A for the quantities named, whichever are higher.

SCHEDULE A

Maximum prices for natural and manufactured ice	Per Cwt.
Retail delivered sales.....	\$0.60
Delivered commercial sales (Less than 300 lbs. initial delivery).....	.50
Quantity delivered commercial sales (Over 300 lbs. initial delivery).....	.40
Retail cash and carry sales (Less than 300 lbs.).....	.40
Wholesale at platform sales (For resale or otherwise 300 lbs. or over).....	4.00

Lower prices than those set forth in schedule A may be charged, demanded, paid, or offered.

(1) **Definitions:** For the purposes of this order, the term:

(i) "Retail delivered sales" means a sale of ice delivered to the purchaser (refrigerator or ice container) or at the purchaser's receiving point.

(ii) "Delivered commercial sales" means a sale of less than 300 lbs. initial delivery, of ice delivered to the purchaser (refrigerator or ice container) or at the purchaser's receiving point.

(iii) "Quantity delivered commercial sales" means a sale of ice delivered to the purchaser (refrigerator or ice container) or at the purchaser's receiving point.

(iv) "Retail cash and carry" means a sale of ice of less than 300 lbs. at the seller's platform, storage box, or place of business—in general not for resale.

(v) "Wholesale at platform for resale or otherwise" means a sale of 300 lbs. or over of ice, delivery of which is made to the purchaser at the seller's place of business.

(2) This order is subject to all the provisions of Maximum Price Regulation No. 154, ICE, as amended, which are hereby made a part of this order. Nothing contained, however, in § 1393.12 (e) (Amendment #4) of Maximum Price Regulation No. 154—ICE, as amended, shall be construed as affecting or prohibiting the ceiling prices established by this order.

(3) This order may be revoked, amended or corrected at any time.

This order shall become effective July 22, 1943.

Issued this 21st day of July 1943.

The issuance and sale by West Coast of \$600,000 principal amount of a new series of 4% First Mortgage Bonds, due 1963; the declaration of a liquidating dividend of \$754,400 by West Coast to Peoples; the contribution of \$1,000,000 in cash by Peoples to Texas Public; the acquisition by Texas Public from Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, of all the outstanding 4,950 shares of common stock of \$100 par value of Peoples Gas Company ("Peoples Gas"), a subsidiary of Consolidated, for \$1,246,000 in cash, subject to certain adjustments; immediately after such acquisition of common stock, the acquisition by Texas Public of the physical properties and other assets of Peoples Gas, subject to related liabilities, through the liquidation of such company and thereafter the dissolution of such company; and

Consolidated and Peoples Gas having filed applications and declarations pursuant to the Public Utility Holding Company Act of 1935 with respect to the following:

The sale by Consolidated to Texas Public of all the outstanding common stock of Peoples Gas, as above mentioned; the use of the proceeds of such sale by Consolidated to acquire in the open market through brokers, and retire, Southern Cities Utilities Company 30-year First Lien and Collateral Trust 5% Gold Bonds, due 1958, assumed by Consolidated; prior to the acquisition by Texas Public of the common stock of Peoples Gas, the redemption and retirement by Peoples Gas, at the request of Texas Public, of all the outstanding First Mortgage Bonds due 1961 in the principal amount of \$675,000 with treasury cash and \$600,000 in funds borrowed for that purpose from a bank

or banks; in connection with such borrowing; the issue and sale by Peoples Gas of a promissory note or notes to such bank or banks in return for moneys loaned.

The aforementioned applications and declarations having been consolidated for the purpose of hearings, and hearings having been held after due notice, and at such hearings the City of Port Arthur having intervened in opposition to the proposed acquisition by Texas Public of the common stock and assets of Peoples Gas; and requested findings of fact having been waived and briefs having been filed and an oral argument having been heard with respect to such acquisition and requested findings of fact, briefs and oral argument having been waived as to the remaining transactions; and the Commission having considered the record and having made and filed its Findings and Opinion herein:

It is hereby ordered and recited, (a) With respect to the sale by Consolidated of 4,950 shares of common stock of \$100 par value of Peoples Gas to Texas Public for \$1,246,000 in cash, subject to adjustments as of date of closing pursuant to contract between Consolidated and Texas Public dated May 26, 1943, which contract is incorporated in this order by reference, (b) with respect to the use for such purpose of cash deposited under the mortgage of Texas Public as a result of the sale by Texas Public of its water and irrigation properties in Jefferson, Hardin, Liberty and Chambers Counties, Texas, to the Lower Neches Valley Authority for the sum of approximately \$3,055,000 in cash; and (c) with respect to the issue and sale by Peoples Gas to a bank or banks of a promissory note or notes in the principal amount of \$600,000; that such sale of common stock and such issue and sale of a promissory note or notes are necessary or appropriate to the integration or simplification of Consolidated's holding company system and that such use of cash by Texas Public is necessary or appropriate to the integration or simplification of Peoples' holding company system, and that such sale of common stock, such issue and sale of a promissory note or notes and such use of cash are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935;

It is further ordered, That the aforesaid declarations be and hereby are permitted to become effective and the aforesaid applications be and hereby are granted forthwith, subject to the terms and conditions in Rule U-24 and to the following additional terms and conditions:

(1) That at least seven days before purchases are commenced Consolidated shall advise by letter each known holder of Southern Cities Bonds fully with respect to its intention to make such purchases and the method to be employed, the form of such letter to be submitted to the staff of the Public Utilities Division of this Commission prior to release;

(2) That Consolidated shall not solicit or cause to be solicited from individual

bondholders the sale of any bonds to the company;

(3) That no purchases shall be made directly or indirectly from persons or corporations in any way associated or affiliated with Consolidated; and

(4) That Consolidated shall furnish to the Commission promptly after the last day of each month, a schedule showing for each day covered by such report the number of bonds purchased, the prices at which purchased, and the name of the broker through whom purchased.

COMMUNITY POWER AND LIGHT COMPANY,
ET AL.

ORDER GRANTING EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 21st day of August, A. D. 1943.

In the matter of Community Power and Light Company, General Public Utilities, Inc., Southwestern Public Service Company, et al., File No. 70-282.

The Commission having by order dated July 8, 1942, entered pursuant to section 11 of the Public Utility Holding Company Act of 1935, directed, pursuant to section 11 (b) (1) of said Act, that Southwestern Public Service Company, a registered holding company, divest itself of all ownership and all control of certain properties and investments designated in said order and the order having provided that such divestment should be effected within one year from said date, unless such time should be further extended by the Commission; and

Southwestern Public Service Company having filed an application requesting an extension of time for one year within which to comply with the divestment provisions of said order of July 8, 1942; and

The Commission having found that Southwestern Public Service Company has been unable in the exercise of due diligence to comply with the divestment provisions of said order within the initial statutory period of one year from the date thereof, and that the requested extension of time is necessary and appropriate in the public interest and for the protection of investors and consumers:

It is ordered, That Southwestern Public Service Company be and it is hereby granted an additional period of one year from July 8, 1943, within which to comply with said provisions of said order of July 8, 1942.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 21st day of August 1943.

In the matter of the United Gas Improvement Company, File No. 70-706; Pennsylvania Electric Company, Erie County Electric Company, and Associated Electric Company, File No. 70-707; General Gas & Electric Corporation and Virginia Public Service Company, File No. 70-708; Pennsylvania Electric Company, File No. 70-760.

The United Gas Improvement Company (U. G. I.), Erie County Electric Company (Erie), Pennsylvania Electric Company (Penelec), Associated Electric Company (Aelec), Virginia Public Service Company (Virginia), and General Gas & Electric Corporation (Gengas), having filed applications, as amended, and declarations, as amended, under sections 6, 7, 9, 10, and 12 of the Public Utility Holding Company Act of 1935 and the Rules and Regulations promulgated thereunder, with respect to the following transactions:

1. Penelec will issue and sell 171,075 shares of its \$20 par value common stock to its parent, Aelec, for \$3,421,500 in cash. Subsequently, Aelec will donate 152,756 shares of such common stock to Penelec, thereby creating a capital surplus on the books of Penelec out of which a reserve will be created to provide fully for the excess of the purchase price of the assets of Erie over the book value thereof.

2. Erie will reclassify its presently outstanding 39,375 shares of \$100 par value common stock, all of which are presently held by U. G. I., into 35,000 shares of \$100 par value 5% cumulative preferred stock, and 4,375 shares of \$100 par value common stock. The preferred stock will be, by its terms, redeemable at par, at the option of either the issuer or holder, upon thirty days written notice.

3. Gengas will deliver to U. G. I. 121,334 shares (two-thirds of the total outstanding) of \$6 par value common stock of Eastern Shore Public Service Company (Del.) (Eastern Shore), in consideration of the payment to it by Penelec of \$566,667 in cash, plus adjustment for undistributed earnings applicable to said stock.

4. Virginia will deliver to U. G. I. 60,666 shares (one-third of the total outstanding) of \$6 par value common stock of Eastern Shore, in consideration of the payment to it by Penelec of \$283,333 in cash, plus adjustment for undistributed earnings applicable to said stock.

5. Penelec will acquire all of the then outstanding 4,375 shares of reclassified common stock of Erie, in consideration of the payment by it to U. G. I. of \$2,571,500 in cash, and the delivery to U. G. I. by Gengas and Virginia of all of the common stock of Eastern Shore.

6. Concurrently with or before the acquisition of the Erie common stock by Penelec,

U. G. I. will exercise its option to have re-deemed the then outstanding 35,000 shares of 5% Cumulative Preferred Stock of Erie.

7. Penelec will acquire the assets and assume all the liabilities (including the liability of \$3,500,000 arising from the call of the preferred stock) of Erie, transferring to Erie, in consideration thereof, all of the then outstanding (4,375) shares of its common stock. Erie will then be dissolved.

8. If, after U. G. I. acquires the common stock of Eastern Shore, the outstanding preferred stock of Eastern Shore is called for redemption (as is presently contemplated by U. G. I.) and a sum in excess of the liquidating value of \$100 a share for the preferred stock is paid, Penelec will pay in cash to U. G. I. an amount equal to the additional amount paid but not in excess of \$215,559.

9. Penelec will issue and sell at competitive sale, pursuant to Rule U-50, 35,000 shares of its cumulative preferred stock. The preferred stock will be identical with its presently outstanding cumulative preferred stock 5.10% Series A, \$100 par value, except with respect to dividend rate and redemption rate. The additional preferred stock will have a dividend rate of not over 5.10%, with the price to the company fixed at not less than 102. The proceeds from the sale of the preferred stock will be applied to liquidate the liability resulting from the call of the preferred stock of Erie.

10. Penelec will issue and sell, at competitive sale, pursuant to Rule U-50, \$4,000,000 principal amount of its First Mortgage Bonds. Such bonds will be issued under an Indenture supplemental to the Indenture securing its presently outstanding \$32,500,000 principal amount of First Mortgage 3½% Bonds, due January 1, 1972. The proceeds are to be used to refund the presently outstanding First Mortgage 5% Series Bonds, due November 1, 1978, of Keystone Public Service Company, in the same principal amount.

The Delmarva Electric Cooperative, Inc., having been given the right to participate in the proceedings, having moved that the Commission disapprove the proposal for the acquisition by The United Gas Improvement Company of the Common Stock of Eastern Shore Public Service Company (Delaware):

Public hearings having been held upon such matters after appropriate notice, and the Commission having considered the record and having made and filed its findings and opinion herein:

It is ordered, That said application, as amended, and said declarations, as amended, be and hereby are granted and permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24; and subject to the requirements of Rule U-50 with respect to the issuance of the \$4,000,000 principal amount of First Mortgage Bonds and of the 35,000 shares of Cumulative Preferred Stock, by Penelec, and that jurisdiction is reserved over the fees to be paid to Davis Polk Wardwell Sunderland & Kiendl, independent counsel to the prospective purchasers of the said securities;

It is further ordered, That the ten day period for inviting bids, as provided by Rule U-50, be shortened to a period of not less than seven days.

It is further ordered, That the said motion of the Delmarva Electric Cooperative, Inc., be and is hereby denied. By the Commission.
