Chapter VIII—War Food Administration (Sugar Determinations)

PART 802-SUGAR DETERMINATION

1944-45 SUGARCANE FARMING PRACTICES IN PUERTO RICO

Determination of farming practices to be carried out in connection with the production of sugarcane during the crop year 1944-45 in Puerto Rico, Pursuant to the Sugar Act of 1937, as amended (Revised).

Pursuant to the provisions of section 301 (e) of the Sugar Act of 1937, as amended, and Executive Order No. 9322, issued March 26, 1943, as amended by Executive Order No. 9334, issued April 19, 1943, the following determination is hereby issued:

§ 802.43g Farming practices to be carried out in connection with the production of sugarcane during the crop year 1944-45. The requirements of section 301 (e) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to any farm in Puerto Rico if the farming practices specified herein are carried out on the farm during the period January 1, 1944, to April 30, 1945;

(a) Farms containing more than 400 acres of sugarcane. For farms on which more than 400 acres of sugarcane are growing at any time during 1944:

(1) The application to land on which sugarcane is planted during 1944 of sufficient chemical fertilizer to provide an average quantity of plant food of not less than 75 pounds per acre fertilized.

(2) The application to land on which a ratoon crop of sugarcane is started during 1944 of sufficient chemical fertilizer to provide an average quantity of plant food of not less than 50 pounds per acre fertilized.

(b) Farms containing more than 100, but not more than 400, acres of sugarcane. For farms on which more than

100, but not more than 400, acres of sugarcane are growing at any time during 1944:

(1) The application to land on which sugarcane is planted during 1944 of chemical fertilizer in an amount averaging not less than 200 pounds per acre fertilized.

(2) The application to land on which a ration crop of sugarcane is started during 1944 of chemical fertilizer in an amount averaging not less than 130 pounds per acre fertilized.

(c) Farms containing 100 acres or less of sugarcane. For farms on which not more than 100 acres of sugarcane are growing at any time during 1944:

(1) The application to land on which sugarcane is planted during 1944 of chemical fertilizer in an amount averaging not less than 125 pounds per acre fertilized.

(2) The application to land on which a ration crop of sugarcane is started during 1944 of chemical fertilizer in an amount averaging not less than 80 pounds per acre fertilizer.

(3) In lieu of the provisions of subparagraphs (1) and (2) of this paragraph the application during the 1944 harvest season to the land from which sugarcane is harvested of the tops and trash cut from such sugarcane.

(d) Minimum acreage requirements for the application of fertilizer. In every case in which the application of fertilizer is required as aforesaid, the number of acres on which fertilizer is to be applied prior to April 30, 1945, shall not be less than 100 percent of the number of acres on which sugarcane is planted during 1944, and not less than 80 percent of the number of acres on which a ratoon crop of sugarcane is started during 1944.

(e) Standards of performance. The foregoing practices shall be carried out on the farm in accordance with farming methods commonly used in the community in which the farm is located.

(f) Definitions. "Chemical fertilizer" means commercial chemical fertilizer of

Chapter I-Federal Power Commission

[Order 117]

PART 57-APPLICATIONS FOR CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY UNDER SECTION 7 OF THE NATURAL GAS ACT AS AMENDED

TRANSFERABILITY; TEMPORARY CONTINUANCE OF AUTHORIZATION

May 23, 1944.

Amending the "Provisional rules of practice and regulations under the Natural Gas Act, with approved forms, effective July 11, 1938."

The Commission, pursuant to authority vested in it by the Natural Gas Act, particularly section 16 thereof, and finding such action necessary and appropriate for carrying out the provisions of said act, hereby adopts, promulgates, and prescribes the following amendments to the "Provisional rules of practice and regulations under the Natural Gas Act, effective July 11, 1938":

Part 57, Applications for Certificates of Public Convenience and Necessity under section 7 of the Natural Gas Act as amended, be and it is hereby amended by adding the following section:

§ 57.12 Transferability; temporary continuance of authorization. Certificates of public convenience and necessity (whether "grandfather" clause or non-"grandfather" clause certificates) issued under section 7 of the Natural Gas Act, are not transferable. However, authorization thereunder may continue in effect for a period not to exceed two years, in the event of the involuntary transfer of the facilities used thereunder by operation of law (including such transfers to receivers or trustees).

The Commission may also make such supplemental orders in the premises a's it may find necessary or appropriate for

the purposes of the act.

The amendments to the "Provisional rules of practice and regulation under the Natural Gas Act, with approved forms, effective July 11, 1938" adopted, promulgated and prescribed by this order shall become effective on June 10, 1944. The Secretary of the Commission shall cause publication of this order to be made in the Federal Register.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue Subchapter A—Income and Excess Profits Taxes [T. D. 5374]

PART 29—INCOME TAX; TAXABLE YEARS BE-GINNING AFTER DECEMBER 31, 1941

GAIN FROM SALE OR EXCHANGE OF PROPERTY

Amending Regulations 111 to conform to section 123 of the Revenue Act of 1943, relating to gain from sale or exchange of property pursuant to orders of Federal Communications Commission.

In order to conform Regulations 111 [Part 29, Title 26, Code of Federal Regulations, Cum. Supp.] to section 123 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations are amended by inserting immediately after § 29.112 (k)—I the following:

SEC. 123. GAIN FROM SALE OR EXCHANGE OF PROPERTY PURSUANT TO ORDERS OF FEDERAL COM-MUNICATIONS COMMISSION. (Revenue Act 1943.)

(a) In general. Section 112 is amended by adding at the end thereof a new subsection as follows:

(m) Gain from sale or exchange to effectuate policies of Federal Communications Commission. If the sale or exchange of property (including stock in a corporation) is certified by the Federal Communications Commission to be necessary or appropriate to effectuate the policies of the Commission with respect to the ownership and control of radio broadcasting stations, such sale or exchange shall, if the taxpayer so elects, be treated as an involuntary conversion of such property within the meaning of subsection (f) of this section. For the purposes of subsection (f) of this section as made appli-cable by the provisions of this subsection, stock of a corporation operating a radio broadcasting station, whether or not representing control of such corporation, shall be treated as property similar or related in service or use to the property so converted. The part of the gain, if any, upon such sale or exchange to which subsection (f) of this section is not applied shall nevertheless not be recognized, if the taxpayer so elects, to the extent that it is applied to reduce the basis for determining gain or loss upon sale or exchange of property, of a character subject to the allowance for depreciation under section 23 (1), remaining in the hands of the taxpayer immediately after the sale or exchange, or acquired in the same taxable year. The manner and amount of such reduction shall be determined under regulations prescribed by the Commissioner with the approval of the Secretary. Any election made by the taxpayer under this subsection shall be made by a statement to that effect in his return for the taxable year in which the sale or exchange takes place (or, with respect to taxable years beginning before January 1, 1944, by a statement to that effect filed within six months after the date of the enactment of the Revenue Act of 1943 in such manner and form as may be prescribed by regulations prescribed by the Commissioner with the approval of the Secretary) and such election shall be binding for the taxable year and all subsequent taxable years.

(b) Taxable years to which applicable. The amendments made by this section shall be applicable with respect to taxable years beginning after December 31, 1942.

§ 29.112 (m)-1 Gain from sale or exchange to effectuate policies of Federal Communications Commission. cability only to taxable years beginning after December 31, 1942, and at the election of the taxpayer, subsection (m), in effect, postpones the recognition of gain upon the sale or exchange of property, if the Federal Communications Commission certifies such sale or exchange to be necessary or appropriate to effectuate the policies of the Commission with respect to the ownership or control of radio broadcasting stations. Any taxpayer desiring to obtain the benefits of section 112 (m) shall file with the Commissioner of Internal Revenue, or the collector of internal revenue, a certificate from the Federal Communications Commission clearly identifying the property and showing that the sale or exchange of such property is necessary or appropriate to effectuate the policies of the Commission with respect to the ownership and control of radio broadcasting stations. Such certificate shall be accompanied by a detailed statement showing: the kind of property, the date of acquisition, the cost or other basis of the property, the date of sale or exchange, the name and address of the transferee, and the amount of money and the fair market value of the property other than money received upon such sale or exchange.

Section 112 (m) applies only in the case of a sale or exchange made necessary by reason of the Commission's policies as to ownership or control of radio facilities. The section does not apply in the case of a sale or exchange made necessary as a result of other matters, such as the operation of a broadcasting station in a manner determined by the Commission to be not in the public interest or in violation of Federal or State law.

An election to have the benefits of subsection (m) shall be made in the manner prescribed in § 29.112 (m)-4.

§ 29.112 (m)-2 Nature and effect of election—(a) Alternative elections. A taxpayer entitled to the benefits of subsection (m) in respect of a sale or exchange of property may elect:

 To treat such sale or exchange as an involuntary conversion under the pro-

visions of section 112 (f); or

(2) To treat such sale or exchange as an involuntary conversion under the provisions of section 112 (f), and in addition elect, except as provided in subsection (b) with respect to that portion of the gain included in a replacement fund, to reduce the basis of property, in accordance with the regulations prescribed in § 29.112 (m)-3, by all or part of the gain that would otherwise be recognized under section 112 (f); or

(3) To reduce the basis of property, in accordance with the regulations prescribed in § 29.112 (m)-3, by all or part of the gain realized upon the sale or

exchange.

The effect of these provisions is, in general, to grant the taxpayer an election to treat the proceeds of the sale or exchange as the proceeds of an involuntary conversion subject to the provisions of section 112 (f), including the establishment of a replacement fund, and a further election to reduce the basis of certain property owned by the taxpayer by the amount of the gain realized upon the sale or exchange to the extent of that portion of the proceeds which is not treated as the proceeds of an involuntary conversion.

An election under section 112 (m) for any taxable year shall be irrevocable and shall be binding for such taxable year and all subsequent taxable years.

(b) Application of sections 112 (f) and 113 (a) (9). If the taxpayer elects, either under (1) or (2) of paragraph (a) of this section, to treat the sale or exchange as an involuntary conversion, the provisions of sections 112 (f) and 113 (a) (9), as modified by section 112 (m), together with the regulations prescribed under such sections shall be applicable to determine the amount of recognized gain and the basis of property acquired as a result of such sale or exchange. For the purposes of section 112 (m) and these regulations, stock of a corporation operating a radio broadcasting station shall be treated as property similar or related in service or use to the property sold or exchanged. Securities of such a corporation other than stock, or securities of a corporation not operating a radio broadcasting station do not constitute property similar or related in service or use to the property sold or exchanged. If the taxpayer exercises the election referred to in (1) of paragraph (a) of this section, the gain realized upon such sale or exchange shall be recognized to the extent of that part of the money received upon the sale or exchange which is not expended in the manner prescribed in section 112 (f) and the regulations thereunder. If, however, the taxpayer exercises the elections referred to in (2) of paragraph (a) of this section, the amount of the gain which would be recognized, determined in the same manner as in the case of an election under (1) of such paragraph, shall not be recognized but shall be applied to reduce the basis of property, remaining in the hands of the taxpayer after such sale or exchange or acquired by him during the same taxable year, which is of a character subject to the allowance for depreciation under section 23 (1). Such reduction of basis shall be made in accordance with and under the conditions prescribed by § 29.112 (m)-3.

If in pursuance of an election to have the benefits of section 112 (f) the tax-payer establishes a replacement fund and the entire amount of such fund is not subsequently expended in the acquisition of property similar or related in service or use within the meaning of section 112 (f), gain shall be recognized to the extent provided in such section and the amount of such recognized gain may not be applied to reduce the basis of property under the provisions of section 112 (m) and § 29.112 (m)-3.

In the application of sections 112 (f) and 113 (a) (9) to determine the recognized gain and the basis of property acquired as a result of a sale or exchange pursuant to an election under (1) or (2) of paragraph (a) of this section, the entire amount of the proceeds of such sale or exchange shall be taken into account.

The application of the provisions of this section may be illustrated by the following examples:

Example (1). A, who makes his returns on the calendar year basis, sold in 1943, for \$100,000 cash, stock of X, a corporation which operates a radio broadcasting station. The stock had a basis in A's hands of \$75,000. Forthwith, A used \$50,000 of the proceeds of the sale to purchase stock in Y Corporation which also operates a radio broadcasting station. The sale was certified by the Federal Communications Commission as provided in section 112 (m) and A elected in his return for the taxable year in which the sale occurred to treat such sale and purchase as an involuntary conversion subject to the provisions of section 112 (f). He also elected at the same time to reduce the basis of depreciable property, in accordance with the provisions of § 29.112 (m)-3, by the amount of gain that would otherwise be recognized under the provisions of section 112 (f), as made applicable by section 112 (m). The determination of the amount to applied in reduction of basis under \$ 29.112 (m) -3 and of the basis under section 112 (a) (9) of the stock of Y Corporation purchased by A is as follows:

Application of section 112 (f) and (m):

Example (2). B, who makes his returns on the calendar year basis, owned all the stock of R Corporation, a company operating a radio broadcasting station. The stock had a basis of \$100,000 in B's hands. During the calendar year 1944, B sold the R Corporation stock for \$300,000, cash. The sale was certified by the Federal Communications Commission as provided in section 112 (m) and B elected in his return for the taxable year to have the benefits of section 112 (f) and applied for and received permission to establish a replacement fund with \$150,000 of the proceeds of the sale. He also elected to reduce the basis of depreciable property re-

maining in his hands by the amount of gain that would be recognized under section 112 (f) as made applicable by section 112 (m). During the calendar year 1945, B expended \$100,000 from the replacement fund to purchase stock in the S Corporation, which corporation qualifies under section 112 (m) as a corporation operating a radio broadcasting station. The balance of \$50,000 in the replacement fund was withdrawn and the fund discontinued.

The computation of recognized gain, the amount to be applied in reduction of basis under \$ 29.112 (m)-3, and the basis in B's hands of the stock in S Corporation are as follows:

§ 29.112 (m)-3 Reduction of basis of property pursuant to election under section 112 (m)-(a) General rule. In addition to the adjustments provided in section 113 (b), and the sections of these regulations relating thereto, which are required to be made with respect to the cost or other basis of property, a further adjustment shall be made in the amount of the unrecognized gain under section 112 (m), if the taxpayer so elects. Such further adjustment shall be made only with respect to the cost or other basis of property which is of a character subject to the allowance for depreciation under section 23 (1), and which remains in the hands of the taxpayer immediately after the sale or exchange in respect of

Basis of S Company stock_____ 100,000

which the election is made, or which is acquired by the taxpayer in the same taxable year in which such sale or exchange occurs. If the property is in the hands of the taxpayer immediately after the sale or exchange, the time of reduction of the basis is the date of the sale or exchange; in all other cases the time of reduction of the basis is the date of acquisition.

The reduction of basis under section 112 (m) in the amount of the unrecognized gain shall be made in respect of the cost or other basis, as of the time prescribed, of all units of property of the specified character. The cost or other basis of each unit shall be decreased in an amount equal to such proportion of the unrecognized gain as the adjusted basis (for determining gain, determined without regard to this section) of such unit bears to the aggregate of such adjusted bases of all units of such property, but the amount of the decrease shall not be more than the amount of such adjusted basis. If in the application of such rule the adjusted basis of any unit is reduced to zero, the process shall be repeated to reduce the adjusted basis of the remaining units of property by the portion of the unrecognized gain which is not absorbed in the first application of the rule. For such purpose the "adjusted basis" of the remaining units shall be the adjusted basis for determining gain reduced by the amount of the adjustment previously made under this section. The process shall be repeated until the entire amount of the unrecognized gain has been absorbed.

(b) Special cases. With the consent of the Commissioner, the taxpayer may, however, have the basis of the various units of property of the class specified in section 112 (m) and this section adjusted in a manner different from the general rule set forth in paragraph (a) of this section. Variations from such general rule may, for example, involve adjusting the basis of only certain units of such property. The request for variations from the general rule should be filed by the taxpayer with his return for the taxable year in which he elects to have the basis of property reduced under section 112 (m) or, if such election is made with respect to a taxable year beginning before January 1, 1944, the request should accompany the statement of election for such year. Agreement between the taxpayer and the Commissioner as to any variations from such general rule shall be effective only if incorporated in a closing agreement entered into under the provisions of section

§ 29.112 (m)-4 Manner of election. An election under the provisions of section 112 (m) shall be in the form of a written statement and shall be executed and filed in duplicate. Such statement shall be signed by the taxpayer or his authorized representative. In the case of a corporation the statement shall be signed with the corporate name, followed by the signature and title of at least two officers of the corporation empowered to sign for the corporation, and the corporate seal must be affixed. An election under section 112 (m) to reduce the basis of property and an election under such section to treat the sale or exchange as an involuntary conversion under section 112 (f) may be exercised independently of each other. An election under section 112 (m) must be filed with the return for the taxable year in which the sale or exchange occurs, except that in the case of a sale or exchange occurring in a taxable year beginning before January 1, 1944, the election must be filed with the Commissioner of Internal Revenue, Washington 25, D. C., attention of the Income Tax Unit, Records Division, on or before August 25, 1944. Where practicable, the certificate of the Federal Communications Commission required by § 29.112 (m)-1 should be filed with the election.

If the taxpayer elects to treat the sale or exchange as an involuntary conversion under the provisions of section 112 (f), any application to establish a replacement fund thereunder shall be made in accordance with the provisions of such section and § 29.112 (f) -2.

If, in pursuance of an election to have the basis of its property adjusted under section 112 (m), the taxpayer desires to have such basis adjusted in any manner different from the general rule set forth in the regulations, in effect at the time of filing the election, prescribed under section 112 (m), the precise method (including allocation of amounts) should be set forth in detail on separate sheets accompanying the election. Consent by the Commissioner of Internal Revenue to any departure from such general rule shall be effected only by a closing agreement entered into under the provisions of section 3760 of the Internal Revenue Code.

(Sec. 123, Revenue Act of 1943 (Pub. Law 235, 78th Cong.) and sec. 62, Internal Revenue Code (53 Stat. 32; 26 U.S.C., 1940 ed., 62))

Chapter I-Department of Justice

[Order 3695, Supp. 5]

PART 5—Administration of the Foreign Agents Registration Act

REVISION OF FORMS

MAY 22, 1944.

Pursuant to authority vested in me by the Foreign Agents Registration Act of 1938, as amended, 56 Stat. 248, 22 U.S.C. 611, the following forms copies of which are attached hereto are prescribed, effective as hereinafter provided, for the respective purposes indicated:

1. Forms FA-1 and FA-2 are hereby revised and as so revised are prescribed for registration statements under sec-

tion 2 (a) of the act.

2. Forms FA-1-6M and FA-2-6M are hereby revised and as so revised are prescribed for supplemental statements pursuant to section 2 (b) of the act and Rule 204 of the rules and regulations thereunder.

3. The form designated Exhibit C is hereby revised and as so revised is prescribed for Exhibits C to registration statements on Forms FA-1 and FA-2 and supplemental registration statements on Forms FA-1-6M and FA-2-6M.

4. Form FA-3F is hereby revised and as so revised is prescribed for original statements pursuant to section 3 (f) of the act and Rule 305 (a) (1) of the rules and regulations thereunder.

5. Form FA-3F-6M is hereby revised and as so revised is prescribed for supplemental statements pursuant to section 3 (f) of the act and Rule 305 (f) (2) of the rules and regulations thereunder.

6. The form designated Exhibit A is hereby revised and as so revised is prescribed for Exhibits A to registration statements on Forms FA-1 and FA-2, original statements on Form FA-3F and supplemental statements on Forms FA-1-6M, FA-2-6M and FA-3F-6M.

This order shall be effective immediately, except that any statement for which any of the above forms is prescribed and which is filed on any other form hereinabove prescribed, or heretofore prescribed under the act, may be accepted for filing upon such terms and conditions as may be reasonably appropriate in the particular case.

TITLE 32-NATIONAL DEFENSE

Chapter IX-War Production Board

Subchapter B-Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter Issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15. 1943. 8 F.R. 6727.

PART 933-COPPER

|Conservation Order M-9-c, as Amended May 26, 1944]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of copper for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

- § 933.4 Conservation Order M-9-c-(a) Restrictions on manufacture of articles appearing on combined list. No manufacturer of any article on the combined list attached, or of parts (including repair parts') for any such article, may, if such article or parts contain copper products, or copper base alloy products, continue their manufacture by means of processing, assembling or finishing.
- (b) Restrictions on manufacture of articles not appearing on combined list out of inventory on hand on June 30, (1) A manufacturer of any arti-1942. cle omitted from the combined list or excepted from that list, or of parts (including repair parts 1) for such an article, may not continue the manufacture thereof by means of processing, assembling or finishing:

(i) Unless all copper products or copper base alloy products contained in such articles or parts were acquired by the manufacturer after June 30, 1942; or

(ii) Unless such articles or parts are being manufactured to fill a purchase order, existing or prospective,2 bearing a preference rating of AA-5 or higher or, in the case of a controlled materials producer under the Controlled Materials Plan, to fill an authorized controlled material order; and no such article or part so manufactured shall be delivered except to fill such an order; or

(iii) Unless the manufacturer has been specifically authorized in writing by the War Production Board to manufacture the article or parts in question, with the copper products or copper base alloy products being used. Applications for specific authorizations shall be made by letter addressed to the War Production Board, Copper Division, Washington 25, D. C., Reference: M-9-c.

¹ See also paragraph (f) (3) permitting the manufacture of repair parts to make specific repairs of used articles under certain conditions.

²Priorities Regulation No. 1, § 944.14, pro-hibits the manufacture of more than a practicable minimum working inventory of articles or parts to fill prospective orders.

- (2) The provisions of paragraph (b) (1) shall not apply to a manufacturer assembling a completed fractional horsepower electric motor into machinery of any kind omitted from the combined list or excepted from that list. The provisions of paragraph (b) (1) shall also not apply to the manufacturing of any machinery omitted from the Combined List or excepted from that list, or of parts (including repair parts) for such machinery, if the only copper products or copper base alloy products used which were in the inventory of the manufacturer on June 30, 1942 are bushings, bearings, nuts, bolts, screws, washers, and wire weighing in the aggregate less than 5% of the total weight of the article or
- (c) General restrictions on manufacture and plating. (1) No manufacturer may continue the manufacture of any article or parts (including repair parts) omitted from the Combined List or excepted from that list if such article or parts are to contain copper products or copper base alloy products where the use of any less scarce material " is practicable. Furthermore, no manufacturer may continue the manufacture of any article or parts (including repair parts) omitted from the combined list or excepted from that list if they are to contain more copper products or copper base alloy products than is necessary for the article's proper operation or a higher type or grade of copper or copper base alloy than is necessary for the article's proper operation.

(2) (i) The use of copper products or copper base alloy products for plating any article on the combined list or for plating any parts (including repair parts) of such an article, is prohibited unless such plating is expressly stated in the list to be permissible or such plating is an undercoating for lead. Undercoatings for lead should, in general, be less than 0.00005 inch in thickness.

(ii) The use of copper products or copper base alloy products for plating any article omitted from the combined list or excepted from that list, and the plating of parts (including repair parts) for such an article, is permitted provided that:

(a) Such plating is not for decorative purposes, or part of a decoration.

(b) The use of, or the normal wear on, such article or parts would make impracticable any other form of coating.

(d) Restrictions on deliveries to manutacturers. No person shall hereafter deliver copper products or copper base alloy products to any manufacturer, directly or indirectly, if he knows or has reason to believe that such products are to be used in violation of the terms of this order.

(e) General restrictions on deliveries. The disposition of frozen and excessive

inventories containing certain copper products or copper base alloy products shall be subject to the applicable provisions of Priorities Regulation No. 13 (§ 944.34), as amended from time to time.

(f) Exceptions—(1) Applicability of order to certain Governmental agencies. The provisions of this order shall not apply to the use of copper products or copper base alloy products in the manufacture of any article on the "Military Exemption List", or part therefor, which is being produced for purchase by, or for the account of, or for use by, the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, or the Coast Guard, where the use of copper products or copper base alloy products to the extent employed is required by the specifications (including performance specifications) of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, or the Coast Guard applicable to the contract, subcontract or purchase order.

The provisions of (2) Installation. this order shall not apply to the installation of any article or part (including a repair part) for the ultimate consumer on his premises when any manufacturing of such article or part is incidental to the installation and is done on the consumer's premises. This exception does not, however, in any way affect or modify the provisions of Supplementary Conservation Order M-9-c-4 (restricting the installation of certain types of copper and copper base alloy pipe, tube, fittings, and building materials) or of any other

order restricting installation.

(3) Repair. The restrictions of this order (other than those contained in paragraph (c)) shall not apply to the manufacture of repair parts to make a specific repair of a used article, or to a person repairing a used article, on or off the premises of the owner, if the manufacturer of the parts or the person making the repair does not use copper products or copper base alloy products weighing in the aggregate more than two pounds and when all manufacturing done by him is with knowledge of the particular used article to be repaired. The restrictions of this order (other than those contained in paragraph (c)) shall also not apply to the manufacture of repair parts to make a specific repair of a used article, or to a person repairing a used article, on or off the premises of the owner, even if the manufacturer of the parts or the person making the repair uses copper products or copper base alloy products weighing in the aggregate more than two pounds, when (i) the copper scrap or copper base alloy scrap derived from the article being repaired weighs within one pound of the copper product or copper base alloy product used, (ii) all such scrap is delivered to a scrap dealer or to any other person to whom such delivery may be made under the provisions of Copper Order M-9 and (iii) all manufacturing done is with knowledge of the particular used article

to be repaired.

(g) Special products; restrictions and exceptions—(1) Printing and publishing industries. After October 3, 1943, the provisions of this order shall not apply to the use of copper products and copper base alloy products in typography, engraving, photo-engraving, gravure plate making, electrotyping, stereotyping, and printing in the printing and publishing industries. In those processes, the use of bronze powder, bronze ink, bronze paste, and bronze leaf is controlled by Supplementary Conservation Order M-9-c-3. All other uses in those industries of copper products, copper base alloy products, copper scrap, and copper base alloy scrap are governed by Conservation Order M-339. Nothing contained in this paragraph (g) (1) shall affect the prohibition against the manufacture of powder containing copper products or copper base alloy products under paragraph (a) and the Combined List of this order.

(2) Insect screening. This order does not restrict the delivery, installation, or cutting of (i) used or second hand insect screening, (ii) insect screening in any roll which was initially cut before April 10, 1942, or (iii) insect screening in rolls which have been rejected by Copper Recovery Corporation or Metals Reserve Company, or their agent, before February 12, 1944 for any reason, or on or after that date for the reason stated in writing that the screening does not meet the specifications of the government buying program. However, no person shall deliver, install, or cut any other copper or copper base alloy insect screening (i) unless such screening is to be delivered to, installed for or cut on the order of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast Guard, any foreign country pursuant to the Act of March 11, 1941 entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or Defense Supplies Corporation, Metals Reserve Corporation or any other corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act as amended (except Defense Plant Corporation) or any person acting as agent of any such corporation (except Defense Plant Corporation); or (ii) unless such delivery, installation, or cutting shall be with the specific authorization of the War Production Board. Applications for specific authorizations shall be made by letter addressed to the War Production Board, Copper Division, Washington 25, D. C. Reference: M-9-c. Nothing contained in this paragraph (g) (2) affects the prohibitions on the manufacture, processing, assembling or finishing of insect screening with copper products or copper base alloy products under paragraph (a) and the Combined List. (See the item "insect screening" under the heading "Miscellaneous" on the combined list).

(3) Copper products not controlled by order. The provisions of this order shall not apply to the manufacture of the following articles and parts (including repair parts) even though they contain copper products, or copper base alloy products, since these articles are specifically governed by the following orders:

Shoe findings and footwear of all kinds governed by Supplementary Conservation Order M-9-c-1.

Fire protective equipment governed by General Limitation Order L-39.

Motorized fire apparatus governed by General Limitation Order L-43.

Bronze paste, bronze ink, and bronze leaf, and products made with bronze paste, bronze ink, bronze leaf and bronze powder (other than decalcomanias and ship bottom paint), governed by Supplementary Conservation Order M-9-c-3.

Jewelry as defined in and governed by Supplementary Conservation Order M-9-c-2.

Musical instruments governed by Supplementary Limitation Order L-37-a. Water meters governed by Schedule I of Lim-

itation Order L-154.

(4) Attachment and assembly work. (i) The provisions of this order do not apply to attaching finished slide fasteners, hook and eyes, brassiere hooks, sewon, machine attached or riveted snap fasteners, buckles, buttons, corset clasps, eyelets (other than eyelets usable as shoe eyelets), garter trimmings, hose supporters, insignia, jewelry, loops, mattress buttons, pin fasteners, pins, staples, slides, and trouser trimmings. The order does apply to the manufacture. processing, assembling and finishing of the closures and associated items listed above where the provisions of this order are more restrictive than other orders of the War Production Board.

(ii) The provisions of this order do not apply to the assembling of watch or clock movements finished prior to June 15, 1942, into cases not made of copper or copper base alloy. The provisions of this order do, however, apply to the manufacture, processing and finishing of watch and clock cases and of all other parts of watches and clocks and to assembling watches and clocks except as specifically exempted in this paragraph.

(h) Definitions. For the purposes of this order:

(1) "Copper" means unalloyed copper metal. It shall include unalloyed copper metal produced from scrap.

(2) "Copper base alloy" means any alloy metal in the composition of which the percentage of copper metal by weight equals or exceeds 40% of the total weight of the alloy. It shall include alloy metal produced from scrap but shall not include alloyed gold produced in accordance with U. S. Commercial Standard CS 67-38.

(3) "Copper products" means products made of copper fabricated to the extent that they are plate, sheet, strip, rolls, coils, wire, rod, bar, tube, tubing, pipe, extrusions, ingot, powder, anodes, castings, or forgings, or fabricated to any greater extent.

(4) "Copper base alloy products" means products made of copper base alloy, fabricated to the extent that they are plate, sheet, strip, rolls, coils, wire, rod, bar, tube, tubing, pipe, extrusions, ingot, powder, anodes, castings, or forgings, or fabricated to any greater extent.

(5) "Manufacturer" means a person who manufactures, processes, assembles, or finishes. "Manufacture" includes processing, assembling, and finishing.

(i) Miscellaneous provisions—(1) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(2) Appeal. Any appeal from the provisions of paragraphs (a) or (c) of this order shall be made by filing Form WPB-1477 (formerly PD-500 revised) with the War Production Board, Washington 25, D. C., Reference: M-9-c. Relief granted pursuant to an appeal under this order shall remain in effect despite any amendment to this order, unless the grant of relief is specifically revoked or modified by the War Production Board.

(3) Communications. Any reports required to be filed under this order and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Copper Division, Washington 25, D. C.,

Reference: M-9-c.

(4) Applicability of order. The prohibitions and restrictions contained in this order shall apply irrespective of whether the articles or parts whose manufacture is governed hereby are being manufactured pursuant to a contract made prior or subsequent to the effective date of this order. Insofar as any other order of the War Production Board may have the effect of limiting or curtailing to a greater extent than herein provided the manufacture of any articles or parts, the limitation of such other order shall be observed.

(5) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and, upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assist-

Issued this 26th day of May 1944. WAR PRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

COMBINED LIST

The manufacture, processing, assembling or finishing of the items listed below and of all parts (including repair parts) therefor is prohibited if such article or part contains copper products or copper base alloy products, except to the extent permitted by the excep-tions noted on the list. Where this list ex-cepts an item if the use of copper products or copper base alloy products in making the item is limited or if the item is being produced for a particular end use, the manufacture, processing, assembling and finishing of the item made under the terms of such an exception is governed by paragraphs (b) and (c) of this order.

AUTOMOTIVE, TRAILER 4 AND TRACTOR EQUIPMENT AND FARM MACHINERY

See also Order L-158 governing the manufacture of automotive replacement parts for passenger automobiles, motor trucks, truck trailers, passenger carriers, and off-the-highway motor vehicles.

Ambulance hardware (for locks, see under the heading "Miscellaneous" on this list). Automotive maintenance equipment (except

when the only copper products or copper base alloy products used are permitted by the terms of Order L-270).

Defrosters (except when the only copper products or copper base alloy products used are for parts necessary for conducting elec-

Heaters (except when the only copper products or copper base alloy products used are (i) for parts necessary for conducting electricity, or (ii) for radiators for passenger carriers having a seating capacity of not less than eleven persons).

Hearse hardware (for locks see under the heading "Hardware" on this list).

Horns (except when the only copper prod-ucts or copper base alloy products used are for parts necessary for conducting electricity)

Hub and gas-tank caps.

Lights, lamps, headlamps and accessories (except when the only copper products or copper base alloy products used are for parts necessary for conducting electricity and for plating reflectors as provided by the item "Reflectors * * *" on this list under the heading "Miscellaneous").

Miscellaneous fittings and trim.

Motorcycles (except when the only copper products or copper base alloy products used are for parts necessary for conducting electricity)

Motor-driven power cycles as defined in Order L-301 (except when the only copper products or copper base alloy products used are for parts necessary for generating and conducting electricity, or for carburetors, clutch facings or repair parts).

Rear-view mirrors and hardware.

BUILDING SUPPLIES

(Excluding supplies for ships, boats and aircraft)

Access panels.

Air conditioning equipment and refrigeration equipment (except when the only copper products or copper base alloy products used are permitted by the terms of Order L-126 and the schedules thereto and when the production of the equipment is permitted under the terms of Order L-38, either because the order therefor is an "authorized order" under L-38 or otherwise).

Anchors and dowels.

Blinds, including fixture fittings and trimmings

Caulking anchors.

Cement flooring and composition flooring (except that crude arsenical copper precipitate may be used for flooring for hospital operating and anesthesia rooms for places where explosives are handled or stored and for places where explosive vapors may be present).

Conduits.

Doors, door and window frames and sills and parts excluding door handles and knobs.

For door handles and door knobs, see under the heading "Hardware."

Drip pans,

Elevators and escalators (except when the only copper products or copper base alloy products used are for bearings, worm gears and parts necessary for conducting elec-

Expansion bolts and caulking anchors.

Fences and gates

Grilles, grids and gratings.

Gutters, leaders, downspouts, expansion joints, and accessories thereto.

Lighting fixtures (except when the only copper products or copper base alloy products used are for parts necessary for conduction of electricity)

Lincleum stripping.

Ornamental metal work.

Partitions.

Pile butt protection.

Pipe, tube, tubing and fittings for water sup-ply or water distribution systems and installations or for any gas supply or gas distribution system (except corporation stops and couplings therefor, curb stops and couplings therefor, adapters, unions, solder nipples and ferrules and except for all such pipe, tube, tubing and fittings for use in chlorine gas equipment).

Plumbing and heating supplies:

Bands on pipe covering. Cistern and low-water floats, and toilet floats.

Hot water heaters, tanks, and coils (except when the only copper products or cop-per base alloy products used are per-mitted by the terms of Orders L-185 and L-65)

Pipe, tube, tubing and fittings for piping systems (except solder nipples and fer-

Plumbing fixture fittings and trim (except when the only copper products or copper base alloy products used are permitted by the terms of Schedules V and XII of Order I-42 or any schedules or orders taking their place, or are permitted by a specific authorization of the War Production Board granted pursuant to such

a schedule or order).

Push, kick, switch, floor and all other device

Radiator shields and covers.

Railings,

Roof, roofing, louvers, marquees, roofing nails, flashings, flashing valleys, and other roofing items.

Sheet, roll, strip and rod for building construction.

Shelves.

Stair and threshold treads, nosing and edgings

Store fronts.

Termite shields.

Terrazzo strips, reglets, moulding and trim. Thresholds and saddles.

Tie rods.

Unit heaters, unit ventilators, and convectors, space or local heaters, and blast heating coils, or any apparatus using such coils as part of its construction (except that any

copper products or copper base alloy products may be used for valves, controls, or parts necessary for conducting electricity, copper strip may be used for fins, copper tube may be used for water courses and headers, and cast brass also may be used for headers, if the copper content of the cast brass does not exceed 82% and the tin content 3½%).

Vents, ventilators and skylights.

Water containers for humidification. Weatherstripping and insulation.

BURIAL FOUIPMENT

Burial urns. Burial vaults.

Caskets and casket hardware. See also Order L-64

Memorial tablets.

Morticians' supplies.

(See also the item "Boxes, * * *" under the heading "Miscellaneous" on this list.)

CLOTHING AND DRESS ACCESSORIES

(See also Order L-68)

Dress ornaments. Handbag fittings. Insignia Metal cloths.

(See also the item "Slide fasteners under the heading "Miscellaneous" on this list.)

FURNISHINGS AND EQUIPMENT

Andirons, screens, and fireplace fittings. Candlesticks

Cooking and table utensils.

Counters Curtain fasteners, rods and rings.

Cuspidors. Fans (See the item "Fans * * *" under the heading "Miscellaneous" on this list). Furniture.

Furniture hardware (except bushings for hospital bed springs if the copper content of the brass does not exceed 74% and the tin content 2%). For locks, see under the heading "Hardware" on this list.

Gas heater and stove installation connections.

Hollow-ware.

Mud scrapers.

Portable heaters. For electric portable heaters, see the item "Electrical appliances " under the heading "Miscella-

Shower curtains.

Stoves and ranges for household cooking use, gas (except when each valve contains not more than 1/2 oz. of copper base alloy and each control contains not more than 11/2 oz. of copper base alloy and the stove or range contains no other copper or copper base alloy whatever; or except when the stove or range contains no copper or copper base alloy whatever other than 11/2 oz. of copper base alloy in each control and the copper base alloy contained in any valves which either were finished prior to August 7, 1942, or which were or will be finished subsequent to that date pursuant to the granting of an appeal on or before May 26. 1944, or the issuance of a written specific authorization issued subsequent to May 26, 1944 to a valve manufacturer. Valve manufacturers desiring specific authorization to make valves out of copper base alloy products should apply by letter addressed to the Copper Division, War Production Board, Washington 25, D. C., Reference M-9-c, setting forth the relevant facts including the alloy of the copper base alloy products to be used).

^{*} See also under "Passenger Transportation Equipment" on this List.

Stoves and ranges other than gas stoves and ranges for household cooking use (except when the only copper products or copper base alloy products used are for valves, ferrules for compression fittings, controls other than timers, and parts necessary for conducting electricity)

Timers, for stoves and ranges.

Trays.

Upholsterers' supplies, including nails and tacks.

Vases, pitchers, bowls, and artcraft. Washing tubs and washing boilers. Waste baskets, hat trees, humidors and

similar items.

HARDWARE

(Excluding hardware for aircraft)

finishing hardware, Builders' including hinges, door knockers, door checks, door pulls, door stops, door handles, door knobs, and hangers and tracks (except when the only copper products or copper base alloy products used are permitted by the terms of Schedule I of Order L-236). For locks, latches and padlocks, see below on this

Decorative hardware (including house numbers).

Expansion bolts.

Incinerator hardware and fittings.

Letter boxes and mail chutes.

Locks, latches and padlocks (except when the only copper products or copper base alloy products used are permitted by the terms of Schedule I of Order L-236; and except for interior working parts of railway car door locks and railway switch padlocks and for all parts of postal locks when manufactured by the Mail and Equipment Section of the United States Post Office).

Marine joiner hardware (except when the only copper product or copper base alloy product used are permitted by the terms of Schedule II of Order L-236).

Sash balances.

INDUSTRIAL MACHINERY

Pulp and paper manufacturing: Beater bars and beaters.

Head boxes for jordans, paper machines or any other use for regulating stock flow. Bars and fillings for jordans, refiners or any similar equipment used in the

preparation of paper stock.
Savealls, filters, washers, deckers or any similar equipment (except for screens). Stock and water lines, including shower

JEWELRY, GIFTS AND NOVELTIES

All jewelry, gifts and novelties including, but not limited to:

Advertising specialties.

Atomizers (see also this list under "Miscellaneous")

Bar fittings.

Book ends. Cosmetic containers. Lighters.

Napkin rings

Picture frames

Smokers' accessories, including ash trays.

PASSENGER TRANSPORTATION EQUIPMENT

(Including railroad cars, street and interurban cars, busses, and trailers, but excluding locomotives)

All items under the heading "Furnishings and equipment".

Air conditioning equipment and refrigera-tion equipment (except when the only copper products or copper base alloy products used are permitted by the terms of Order L-126 and the schedules thereto and when the production of the equipment is permitted under the terms of Order L-38, either because the order therefor is an "authorized order" under Order L-38 or otherwise).

Bands on pipe covering.

Decorative, general, and finish hardware, and ornamental metal work (for locks, see under the heading, "Hardware" on this List).

Door knockers, checks, pulls and stops. Doors and windows, door and window frames and window sills.

Drinking water reservoirs.

Lighting fixtures (except when the only cop-per products or copper base alloy products used are for parts necessary for conducting electricity).

tube, tubing, and fitting for plumbing and heating (except for essential repairs). Shower rods, heads and pans.

Sinks and drainboards.

Screening.

Towel and luggage racks.

Trolley frog bodies, trolley wire crossover bodies, trolley clamps used for supporting Fig. 8 or grooved trolley wire (unless used for carrying current), and miscellaneous items such as machine screws, bolts and studs used with overhead trolley line material.

Water containers for humidification. Weatherstripping and insulation.

MISCELLANEOUS

Alarm and protective systems, other than fire protective systems covered by Order L-39 (except when the only copper products or copper base alloy products used are for parts necessary for conducting electricity or where the use of such products is essen-tial to the proper functioning of the parts). Arch supports.

Atomizers (except for medicinal purposes and for use in the preparation of dried milk and dried eggs).

Barrel hoops.

Badges.

Bar and counter equipment and fittings. Barber shop equipment and supplies. Barrel hooks.

Bathroom accessories.

Beauty parlor equipment and supplies (except for repair and replacement parts of commercial permanent wave equipment and commercial hair driers, when the only copper products or copper base alloy products used are permitted by the terms of Order L-65.

Beverage dispensing units and parts thereof (except for self-contained drinking water coolers as defined in Schedule I of Order L-126 or under any schedule of Order

Bicycles, and similar vehicles, and equipment therefor (except valves for bicycle tires and tubes). (See also Order L-52.)

Binoculars, including opera glasses. Bird and pet cages and stands.

Blow torches, gasoline, kerosene and alcohol (except when the only copper products or copper base alloy products used are for the pump barrel, including pump barrel collar, pump check valve assembly, pump cylinder cap, brazing material, pack nut, valve stem, burner and jet block, filler plug bushing, feed pipe bushings and pump bushings).

Bottle coolers.

Boxes, cans, jars and other containers,

Cash registers.

Change making, and coin handling machines and devices (except for machines and devices, the production of which has been authorized under Order L-54-c).

Chimes and bells (except for any bells when the only copper products or copper base

alloy products used are for parts necessary for conducting electricity, and except for bells for use on board ship when the only copper products or copper base alloy products used are for parts necessary for conducting electricity or where the use of such products is essential to the proper func-tioning of the parts).

Clips.

Cleaning and polishing accessories, such as brooms, carpet sweepers, crumbing sets, dust pans, mops, pot scourers, whisk brooms and floor and furniture polishers. Clock and watch cases.

Clothes line pulleys and reels and scrubbing boards.

Cooking utensils (except for commercial processing machinery when the only cop-per products or copper base alloy products used are permitted by the terms of Order L-292 or by a specific authorization of the War Production Board granted pursuant to such order).

Cooling towers (except when the only copper products or copper base alloy products used are for parts necessary for conducting electricity, heat exchangers, bearings, and worm gears for speed reducers).

Cutlery, including pocket knives.

Daubers for shoe polish.

Dishwashing machines (except when the only copper products or copper base alloy products used are permitted by the terms of Order L-248 or by a specific authorization of the War Production Board granted pursuant to such order) and domestic garbage grinders.

Dispensers, hand, for hand lotions, paper products, soap and straws

Dog collars and other similar harness and equipment for pets. Domestic ice refrigerators as defined in Order

Domestic laundry equipment as defined in Order L-6 (except that copper products or copper base alloy products may be used in the assembly of new domestic laundry equipment when such assembly is specifi-cally authorized by the War Production Board under Order L-6; and except that copper products or copper base alloy prod-ucts may be used in the production of repair and replacement parts for domestic laundry equipment to the extent permitted by the terms of Order L-6)

Domestic mechanical refrigerators as defined

in Order L-5.

Domestic vacuum cleaners as defined in Order L-18.

Electric blankets.

Electric irons, portable, designed primarily to be used in ironing or pressing wearing apparel and having a self-contained heating element in which heat is generated by the passage of electricity (except that copper

products or copper base alloy products may be used in the manufacture of current carrying parts and for plating).

Electric light bulbs and cord sets for Christmas trees, and bulbs and neon and fluqrescent tubes for advertising and display purposes.

Electrical appliances, as defined in Order L-65 (except when the only copper products or copper base alloy products used are permitted by the terms of Order L-65). Electrolytic devices for the removal and pre-

vention of scale in boilers and condensers. Flashlights and lanterns powered by dry cell batteries (except when the only copper products or copper base alloy products used are for parts necessary for conducting electricity). For other lanterns, see the item "Lanterns * * "" on this list.

Fans, electric, as defined in Order L-176 (except when the only copper products or copper base alloy products used are permitted by the terms of Order L-176 or by a specific authorization of the War Production Board granted pursuant to such order)

Flower pots, boxes and holders for same.

Food dispensing utensils, devices and ma-

Fountains (except drinking water fountains when the only copper products or copper base alloy products used are permitted by Schedules V and XII of Order L-42).

Furniture grommets.

Games as defined in Order L-81.

Garden tools and equipment. Hair curlers, hair brushes and combs, shoe horns and button hooks.

Hand saw screws nuts and washers for attaching saw blades to the handle.

Hammers, including mallets. Health supplies, except the following: Acoustic aids

Anaesthesia apparatus and supplies, Atomizers (medical use only) Diagnostic equipment and supplies, Hypodermic syringes and needles, Infant incubators,

Instruments,

Laboratory equipment and supplies, Medicinal chemicals (limited to medical use only),

Operating room supplies and equipment, Ophthalmic products and instruments, Physical therapy equipment (limited to medical use only)

Respirators, resuscitators and iron lungs, Rubber hospital sundries,

Splints and fracture equipment, Sterilizers, blanket and solution warmers, Surgical and orthopaedic appliances (including artificial limbs and arms but not

including arch supports), Sutures and suture needles, and X-ray equipment and supplies. Hooks, including hat and coat hooks.

Ice cream freezers for use in the home.

Insect screening.

Kitchen utensils, devices and machines other than electrical appliances. For electrical appliances see the item "Electrical appliances * * *" on this list.

Kitchen and miscellaneous household articles.

Ladders and hoists (except when the only copper products or copper base alloy products used are for parts necessary for conducting electricity), including fittings.

Lamps, electric (except that copper products or copper base alloy products may be used for parts necessary for conducting electricity, but only in the case of non-portable lamps for use in hospitals or in industry, otherwise than in offices, or in the case of bicycle lamps of the generator type)

Lamps, other than electric (except for industrial, hospital or office use and then only when the only copper products or copper base alloy products used are for valves, controls, and wicks). Lanterns (except for generators, valves, con-

trols and fonts). This item does not apply to lanterns powered by dry cell batteries which are covered by the item "Flashlights * * *" on this list.

Lawn sprinkiers, mowers, seeders and rollers. Lighting fixtures for use outside of a building (except when the only copper products or copper base alloy products used are for parts necessary for conducting electricity). Mattress buttons and furniture glides. Medals, including decorations.

Mirrors.

Motion picture and projection equipment (i) except for parts to repair and maintain necessary existing equipment in public theaters and educational institutions and (ii) except for motion picture and projection equipment of the types the production and distribution of which is regulated by Order L-267 or Order L-325)

Name, identification, instruction and data

Non-operating or decorative uses of copper or copper base alloy, or the use of the same in such parts of installations and equipment (mechanical or otherwise) as bases, frames, guards, standards and supports.

Package handles and holders. Paint (except for ship bottoms)

Pari-mutuel, gambling and gaming machines, devices and accessories.

Pencils, mechanical (except that copper products or copper base alloy products may be used as an undercoating in the plating of outside functional parts.

Phonographs or other record players.

Photographic equipment and accessories ((i) except document copying machines and equipment therefor for business purposes and for use by the U.S. Post Office; (ii) except for X-ray equipment; and (iii) except for photographic equipment and accessories of the types the production and distribution of which is regulated by Order L-267).

Pleasure boat fastenings, fittings, hardware, and motors.

Pole-line hardware.

Powder, except for non-decorative uses. Printing rollers (except to the extent that an

equivalent poundage in copper or copper base alloy is returned to a brass mill in the form of old rollers or scrapings from old

Putty and scraping knives.
Radio receiving sets and vacuum tubes (except when their manufacture is permitted by the terms of Order I-265).

Razors operated by electricity (except for repair parts).

Razors not operated by electricity (except when the only copper products or copper base alloy products used in making safety razors or parts are for heads and for plating, and, in making straight razors or parts, are for rivets, pins and washers.

Reclaimers for heating water.

Reflectors (except that copper products or copper base alloy products may be used as an undercoating in electroplating in connection with silvering).

Refrigerator display cases

Saddlery hardware and harness fittings. Scales, except commercial, industrial and laboratory scales and laboratory balances.

(See also Order L-190.)

Screens and points for oil wells and water wells ((i) except for public and industrial water supply systems and installations and (ii) except for agricultural water supply systems when the only copper products or copper base alloy products used is used fourdrinier wire screening.)

Seismograph loading pole couplings.
Shells and caps for electric sockets except screw shells and except those used in connection with lamp signals in communication facilities.

Signs, including street signs. (See also Order

Slide fasteners, hooks and eyes, brassiere hooks, sew-on, machine attached or riveted snap fasteners, buckles, buttons, corset clasps, garter trimmings, hose supporters, personal hardware, pin fasteners, slides, and trouser trimmings; except as may be permitted by the terms of Order L-114 and eyelets, loops, staples, rivets, burrs and tacks for use on wearing apparel, except as may be permitted by the terms of Order L-114.

Slot, game and vending machines, including parking meters (except sanitary napkin vending machines when the only copper products or copper base alloy products used are for tumblers for locks).

Soda fountain equipment (except for repair and replacement parts manufactured in conformity with the inventory restrictions of Order L-38)

Sound equipment attachments for motion picture projection machines (except for attachments the production and distribution of which is regulated by Order L-325).

Sporting goods, and fishing and hunting equipment and supplies, except fishing equipment and supplies for commercial fishing use.

Staples for fastening cartons and containers.

Stationery supplies:

Desk accessories. (See also Order L-73.) Office supplies. (See also Order L-73.) Pencils. (See also Order L-227-b.) Pens and penholders.

Statues.

Stencils, adjustable and otherwise (except for hand cut stencils for marking shipments).

Sundials

Table flatware (except that copper products or copper base alloy products may be used as an undercoating in electroplating).

Telescopes

Tent poles and parts. Thermos jugs and bottles. Tokens.

Tovs

Tying devices for laundry.

Unions and union fittings (except seats and except for other parts of unions and union fittings where and to the extent that the physical and chemical properties of the liquid or gas passing through the union or union fitting makes the use of any other material dangerous or impractical). also Order L-288.) Umbrellas.

Valve handles.

Valves over 2-inch size (except seats, discs, stems, yoke sleeves, yoke bushings, stem bearings and packing glands, and except for other parts of such valves (i) where and to the extent that the physical and chemical properties of the liquid or gas passing through the valve makes the use of any other material dangerous or impractical or (ii) where and to the extent permitted by the terms of Order L-252 or by a specific authorization of the War Production Board granted pursuant to that order)

Voting machines. Weather vanes.

Weight reducing and exercising machines.

MILITARY EXEMPTION LIST

(The effect of an item being on this list is explained in paragraph (f) (1) of the

Bakery equipment (parts necessary for con-ducting electricity or where the use of copper products or copper base alloy products is essential to the proper functioning of the parts). For hot water heaters, tanks and coils see below on this list.

Bicycle coaster brakes.

Binoculars.

Blow torches, gasoline, kerosene and alcohol (parts other than tanks, only).

Boxes, cans, jars and other containers (for radio and communications equipment and for powder charges)

Buttons and insignia for military uniforms when and to the extent that their manufacture is specifically authorized in writing

by the War Production Board. Carbonated beverage dispensing units and soda fountain equipment for use on board ship (functional parts subject to corrosive action or which come in contact with food, only).

Conduits and pipe (for radio and electrical communications equipment).

Chronometer and watch cases.

Decorations as defined in Army and Navy Regulations when produced to fill purchase orders rated AA-3 or higher only.

Electric blankets. Field ranges and ski stoves.

Fishing equipment and supplies for use on life boats and rafts.

Floats for liquid level control (for use in aircraft and on board ship).

Furniture hardware (for use within magnetic circle on board ship) Hammers, including mallets.

Heaters, automotive (parts necessary for conducting electricity and radiators only).

Hoists, for handling powder, projectiles and explosives (for use on board ship). Hot water heater coils for hospital, laundry

and bakery projects.

Insect screening, when and to the extent that its manufacture is specifically authorized in writing by the War Production Board.

Instruction and data plates of wrought material of a gauge of 1/32nd of an inch or less (for use in aircraft and on board ship).
Instruction and data plates from cast ma-

terial of a gauge of 5/32d of an inch or less or of 7/32d of an inch or less in the case of a ship builders name plate (for use on board ship but only if and to the extent specified by the specifications, other than performance specifications, of the govern--mental agency acquiring the plate).

Kitchen utensils' devices, machines and appliances (parts necessary for conducting electricity or which come in contact with food or where the use of copper products or copper base alloy products is essential to the proper functioning of the parts)

Ladders and stairs, for use in gasoline storage spaces on board ship (treads, only).

Laundry equipment, for use on board ship (parts necessary for conducting electricity or where the use of copper products or copper base alloy products is essential to the proper functioning of the parts). For hot water heaters, tanks and colls see above on Laundry equipment, mobile, for field use (parts necessary for conducting electricity or where the use of copper products or copper base alloy products is essential to the proper functioning of the parts). For hot water heaters, tanks and coils see above on this list.

Lighting equipment and accessories for use in aircraft, on board ship and for use in lighting aids for marine or aerial navigation, and for searchlights.

Locks and latches (for use on board ship) and padlocks (for use where non-sparking metal is necessary to prevent a hazard from explosives).

Mirrors, when they are to be installed on board ship and the only copper product or copper base alloy product used is for coating the backing of the mirror to a thickness not in excess of .0015 inch.

Motion picture and projection equipment. Paint (for ship bottoms and flying boat hull

bottoms).

Phonographs and other record players being produced on a rating of AA-3 or higher. Photographic equipment and accessories.

Pins for hinges (for use on board ship). Prescription scales (health supplies). Safety lamps, flame type (for use on board

ship and for use in other places where there is danger of explosion). Screens and points for water wells.

Shells and caps for electric sockets (for use in aircraft and on board ship).

(i) Slide fasteners and tack buttons for use on jungle clothing and equipment, flying suits and Navy flying boots; and (ii) sew-on, machine attached or riveted snap fasteners, buckles, eyelets, staples, rivets and burrs, being produced on a rating of AA-3 or higher.

Sound equipment attachments for motion

picture projection machines.

Telescopes

Unions and union fittings (for use on board ship)

Valve handles (for use within magnetic circle on board ship).

Valves (for use on board ship). Valves of vacuum type, up to 3 inches.

INTERPRETATION 5

USE OF COPPER IN THE MANUFACTURE OF CERTAIN DRAINS AND STRAINERS

Conservation Order M-9-c, amended December 10, 1941, specifically prohibited any person from using after March 31, 1942, any copper or copper base alloy in the manufacture of gutters, leaders or downspouts, or accessories thereto, and of all roofing items, to go on private buildings. These provisions have remained in the order without interruption.

In addition, since May 7, 1942, paragraph (d) (1) of Order M-9-c (relettered as paragraph (c) (1) when the order was amended on October 4, 1943), has provided that no manufacturer may continue to manufacture from copper or copper base alloy, any article the manufacture of which, with copper or copper base alloy, is not specifically prohibited by the order, if it is practicable to use any material less scarce than copper, brass or bronze to make the article.

For some time, many manufacturers have been making floor, roof, cesspool and shower drains and strainers out of galvanized steel or iron; and it has been demonstrated that the use for such purposes of this type of material instead of copper or copper base alloy is practicable for all uses to which these articles are put except their use in places where explosives are handled or stored or where explosive vapors may be present. Furthermore, the types of iron and steel used as well as zinc, are less scarce materials than copper or copper base alloy.

Accordingly, manufacturers are prohibited by Copper Conservation Order M-9-c from using brass or other copper and copper base alloy materials to make all roof, floor, cesspool and shower drains or strainers, even if the drains or strainers are not accessories to gutters, leaders or downspouts, or roofing items. An exception to the foregoing arises in the case of drains or strainers for floors in places where explosives are handled or stored or where explosive vapors may be present. (Issued Oct. 19, 1943.)

PART 1204-PHTHALIC ALKYD RESINS

[General Preference Order M-139, Direction 21

REVOCATION OF CERTAIN AUTHORIZATIONS AND LIMITATION OF PHTHALIC ANHYDRIDE CONTENT OF OTHER AUTHORIZATIONS

The following direction is issued pursuant to General Preference Order M-

(a) Revocation. All authorizations issued to any person prior to April 1, 1944, for the use of phthalic alkyd resins, are hereby revoked.

This direction does not apply to phthalic alkyd resins which on May 26, 1944, have been put into process for uses authorized prior to April 1, 1944, and are no longer in the form in which such resins are delivered for resale or consumption. This direction is made necessary because of the critical shortage of phthalic alkyd resins and the ingredients of those resins. All end uses authorized on and after April 1, 1944 are still valid for the quantities authorized for those end

(b) Phthalic anhydride content limited to 1.5%. The phthalic anhydride content of phthalic alkyd resins used on or after June 1, 1944 to manufacture protective coatings conforming to the following specifications shall not exceed 31.5 per cent based on the solid content of the vehicle of said coatings:

(1) U.S. Army specification 3-177 (Enamel, Gloss, for Wood—Cleansing Compound, Re-

sistant)

(2) U.S. Army specification 3-178 (Enamel, Gloss, for Metal—Cleansing Compound, Re-

 (3) U.S. Army specification 3-181 (Enamel, Olive-drab, Rust-inhibiting).
 (4) U.S. Army specification 3-183 (Primer, Synthetic, Lacquer, Resisting)

(5) U.S. Army specification 3-187 (Enamel, Glycerol Phthalic, Special Coating for Pipe-

Line Equipment).
(6) U. S. Army Corps of Engineers specification T-1760 (Enamel, Lustreless for Coating Metal).

(7) U.S. Army Quartermaster Corps specification CQD-200A (Coatings; Exterior, Air Drying, Camouflage and Rust-inhibiting for

(8) U. S. Army Quartermaster Corps specification CQD-65B (Liner, Helmet, M-1).
(9) Federal specification TT-E-485 (Enam-

el-Drum Coating Exterior; Rust-inhibiting, Solvent Resistant)

(c) Phthalic anhydride content limited to 24%. The phthalic anhydride content of phthalic alkyd resins manufactured on or after June 1, 1944 in conformance with the following specifications may not exceed 24 per cent based on the solid ontent of the vehicle: U. S. Navy Department, Bureau of Ships, ad Interim specification 52-R-13

(Resin, Alkyd, Solution) and also U. S. Maritime Commission specification 52-MC-21 (Resin, Alkyd, Solution).

(d) No phthalic anhydride content permitted. On and after June 1, 1944, no phthalic anhydride may be used in the manufacture of:

(1) Those protective coatings commonly designated in the trade as baking wrinkle finishes or baking wrinkle enamels including materials produced in conformance with U.S. Army specification 3-188 which replaces ES-680A, B Classes 541 and 542.

(2) Lacquer conforming to U. S. Army specifications 3-162B or 3-162C, Grades I

(3) Wood sealer conforming to U. S. Army Ordnance specification TAC-ES-680, Class

(4) U. S. Navy Interim specification 52-P-22 paint, inside, semi-gloss, white; fire

retardent.

(5) Those protective coatings conforming to: (i) U. S. Army Ordnance specification TAC-ES-680A, Class 101 or AXS-750, or Corps of Engineers specification T-1599; (ii) ES-680A, B Class 102, or AXS-751; (iii) ES-680A, B Class 200 to 299 inclusive, AXS-752, AXS-753, or Corps of Engineers specification 7-1600; (iv) ES-680A, B Classes 439 and 440, or U. S. Army specification 3-175; (v) ES-680A, B Classes 300 to 399 inclusive; and (vi) Bureau of Ships ad Interim specification 52-P-26.

For replacements of these specifications,

see paragraph (e) below.
(e) Replacements for certain specifications. In the place of those specifications enumerated in paragraph (d) (5) for which phthalic anhydride is prohibited, the following replacement specifications may be used provided the phthalic anhydride content of the vehicle does not exceed 16 per cent of the total vehicle solids:

(1) U. S. Army specification 3-171, Grade
II (Primer, Synthetic, for Ferrous Metal).
(2) U. S. Army specification 3-172A, Grade
II (Primer, Synthetic Refinishing).

(3) U. S. Army specification 3-173, Grade II (Enamel, Synthetic, Lustreless)

(4) U. S. Army specification 3-174, Grade (Enamel, Synthetic, Semi-gloss). (5) U. S. Army specification 3-175A, Grade

II (Enamel, Synthetic, Gloss).

(6) Navy Department, Bureau of Ships ad Interim specification 52-P-26 amendment dated June 1, 1944.

PART 3270-CONTAINERS

[Limitation Order L-317, as amended Mar. 23, 1944, Interpretation 2]

APPLICABILITY OF INVENTORY RESTRICTIONS TO V-BOXES

The following interpretation is issued with respect to Limitation Order L-317.

- (a) Applicability of inventory restrictions to V-boxes. It has been called to the attention of the War Production Board that there is, in certain quarters, a misimpression to the effect that V-boxes are exempted from the Inventory Restrictions of Order L-317. This impression is completely unfounded. Inventories of V-boxes are controlled to the same extent as other fibre shipping containers by the provisions of paragraph (n) through (q) of Order L-317 and paragraph (b) of Direction 1 of that order.
- (b) Cancellation of excessive V-box orders. V-box orders are also subject to the restric-

tions against placing excessive orders set forth in paragraphs (c) and (d) of Direction 1 of Order L-317. Therefore, all orders for V-boxes in excess of the amount which a person would be entitled to receive within these inventory limitations must be cancelled immediately.

(c) Responsibility of box manufacturers.

Attention is called to the fact that box manufacturers share responsibility for seeing to it that no V-boxes (as well as other fibre shipping containers) are delivered which will cause a customer to exceed his permitted inventory, because under paragraph (d) of Order L-317 they are prohibited from manufacturing, selling, or delivering any new fibre shipping containers which they know or have reason to believe will be used or accepted in violation of the order.

[General Conservation Order M-241-a, as Amended May 19, 1944, Interpretation 3]

PUNCH BOARDS, PULL BOARDS AND SIMILAR ARTICLES

The following interpretation is issued with respect to General Conservation Order M-241-a.

This interpretation of General Conservation Order M-241-a applies to punch boards, pull boards and similar articles. Punch boards, pull boards and similar articles are not included in "Games and Toys" on List D of the order. They are to be considered as coming within the provision of paragraph (e) (1) of the order.

PART 1407-RATIONING OF FOOD AND FOOD PRODUCTS

[RO 16,1 Amdt. 141]

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order 16 is amended in the fol-

lowing respects:

1. The fourth sentence of section 1.1 (a) (1) is amended to read as follows: "Meat does not include gelatin, glue, or lard."

*Copies may be obtained from the Office of Price Administration.

2. Sections 1.1 (a) (4), 4.16 (a), 5.5 (a) (2), and 15.4 (d) (1) are amended by deleting the word "lard," wherever it appears.

3. Section 4.8 (a) is amended by deleting the words ", renders 'lard' " in the

second sentence.

4. Section 4.11 (c) (1) (ii) is revoked.

5. Section 4.11 (d) is amended by changing the period at the end of the first sentence to a comma and adding the words "except that he need not give any information with respect to lard".

6. The definition of "Lard" in section 24.1 (a) is amended by deleting the word

'rationed"

7. The definition of "Meat" in section 24.1 (a) is amended so that the third sentence shall read as follows: "Meat does not include gelatin, glue, or lard."
8. The definition of "Rationed fats or

oils" in section 24.1 (a) is amended by substituting the words "calves or lambs" for the words "calves, lambs or swine" in paragraph (2).

This amendment shall become effec-

tive May 25, 1944.

PART 1499—COMMODITIES AND SERVICES [Rev. SR 11 to GMPR, Amdt. 50]

EXCEPTIONS FOR CERTAIN UTILITIES SERVICES

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

1. Subparagraphs (28), (33), (41), (51), (91), (99) and (110) of paragraph (b) of § 1499.46 are amended to read as follows:

(28) Electricity-rates charged for furnishing, to the extent provided in paragraph (c) of this section.

(33) Express companies and freight forwarders-rates charged for their services, to the extent provided in paragraph (c) of this section.

(41) Gas-rates charged for furnishing, to the extent provided in paragraph (c) of this section.

(51) Light, heat, or power-rates charged for furnishing, to the extent provided in paragraph (c) of this section.

(91) Transportation of commodities by rail, water, motor, pipe line, or other means of conveyances—rates charged for, to the extent provided in paragraph (c) of this section.

(99) Water—rates charged for supplying to urban areas, to the extent provided in paragraph (c) of this section.

(110) Toll bridges and toll roads—rates charged for use of, to the extent provided in paragraph (c) of this section.

2. Subparagraphs (1) and (2) of paragraph (c) of § 1499.46 are amended to read as follows:

(1) Any person shall be exempt from the General Maximum Price Regulation, except as otherwise provided in subparagraph (2) of this paragraph, if

(i) He is subject to subparagraph (73), (140), or (141) of paragraph (b) of this

section, or

- (ii) He furnishes or offers to furnish to the general public any service listed in subparagraph (28), (33), (41), (51), (81), (82), (91), (92), (99), or (110) at rates or charges which are required by law to be non-discriminatory. Unless exempted by subparagraph (3) of this paragraph, any such person shall give notice of any proposed general increase in the rates or charges for such service thirty (30) days before the effective date of the increase. The notice shall be filed with the Transportation and Public Utilities Division of the Office of Price Administration, Washington, D. C., as provided in Procedural Regulation No. 11, as amended, and shall comply with all the applicable requirements of that regulation.
- (2) If, in the furnishing of a service listed in subparagraph (28), (33), (41), (51), (91), or (110), the person so doing is subject to subparagraph (1) of this paragraph but if maximum rates or charges for the service have not been established, or are not otherwise regulated, by a federal, state, or municipal authority having jurisdiction, then the rate or charge for the service furnished by such person which was lawfully in effect on March 24, 1944 or, if that rate or charge has been or subsequently is increased in conformity with the requirements of subparagraph (1) of this paragraph (c), such higher rate or charge, shall constitute such person's maximum price for the service under this regulation and the Emergency Price Control Act. In such a case no person furnishing the service shall charge or offer to charge, and no person in the course of trade or business shall pay or offer to pay, a rate or charge higher than the maximum price for the service. Any such charge, payment, or offer to charge or pay shall constitute a violation of this regulation and of the Emergency Price Control Act.

This amendment shall become effective as of May 23, 1944.

PART 1315—RUBBER AND PRODUCTS AND MA-TERIALS OF WHICH RUBBER IS A COM-PONENT

[MPR 415,1 Amdt. 6]

CERTAIN FEDERAL GOVERNMENT PURCHASES OF NEW RUBBER TIRES AND TUBES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 415 is amended in the following respects:

1. The preamble is amended to read as follows:

*Copies may be obtained from the Office of Price Administration. In the judgement of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith and has been filed with the Division of the Federal Register.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected or have previously been promulgated and their use lawfully required by another Government agency.

2. Section 1 is amended to read as follows:

SECTION 1. What this regulation covers-(a) Transactions covered. This regulation covers all sales to any agency of the United States Government of new natural rubber tires, tubes, or flaps. However, neither this regulation nor the General Maximum Price Regulation² shall apply to sales by Rubber Development Corporation of tires and tubes imported by it into the United States, to sales to Rubber Development Corporation or to Defense Supplies Corporation, to sales of synthetic rubber tires and tubes, or to any sales of aircraft tires or tubes to the War Department or the Department of the Navy. A tire or tube is "new" if it has been used less than 1,000 miles. "Rubber" means substitute rubber and all forms and types of rubber, including scrap, synthetic, balata, and reclaimed rubber. "Synthetic rubber tires or tubes" means tires or tubes which contain any synthetic rubber and which are marked with the symbols designated by the War Production Board, Office of Rubber Director, to identify them as containing synthetic rubber.

(b) Relation to other regulations. This regulation supersedes any other regulation issued by the Office of Price Administration as to transactions cov-

ered by this regulation.

(c) Geographical applicability. This regulation applies in the District of Columbia, the 48 states, and the Territory of Hawaii, but not in the other territories and possessions of the United States.

Section 4 is amended to read as follows:

SEC. 4. Maximum prices—(a) Sales to any Government agency other than Foreign Economic Administration (including Lend-Lease), the War Department, the Department of the Navy (including Marine Corps and Coast Guard), or the Maritime Commission. The maximum prices for such sales are the prices listed in Appendix A, delivered to the buyer.

in Appendix A, delivered to the buyer.

(b) Sales to the Foreign Economic Administration (including those for Lend-Lease), the War Department, the Department of the Navy (including the Marine Corps and Coast Guard), and the Maritime Commission. The maximum prices for such sales shall be determined by deducting 5 percent from the prices listed in Appendix A. Maximum prices for these sales are f. o. b. the seller's shipping point. However, the maximum

price for such sales of aircraft tires and tubes shall be the prices listed in Appendix A, delivered to the buyer.

(c) Packing expenses. The maximum prices fixed by this regulation include all packing expenses, and Supplementary Order No. 34° shall not apply to this

regulation.

(d) Natural rubber tires and tubes of types and sizes not listed in Appendix A.

(1) The maximum price for sales of a natural rubber tire or tube of a size or type not listed in Appendix A shall be a price consistent with the level of maximum prices otherwise fixed by this regulation, authorized upon specific application to the Office of Price Administration

(2) In all cases covered by this paragraph (d), the seller must file with the Office of Price Administration, Washington, D. C., a report containing the fol-

lowing information:

(i) A description of the tire or tube for which a maximum price is sought, including the type, brand name, size, number of plies and construction.

(ii) The proposed maximum price, and a description of the pricing method used

in calculating such price.

(iii) The reasons why the seller believes that such price is consistent with the level of maximum prices otherwise

fixed by this regulation.

- (3) No seller required to report a maximum price under this section may accept payment for the tires or tubes (unless specifically authorized to do so by the Office of Price Administration) until the proposed maximum price is approved by the Office of Price Administration. The proposed maximum price, however, shall be deemed to be approved unless, within 20 days after mailing of the report (or within 20 days after the mailing of any additional information which may have been requested), the Office of Price Administration notifies the seller that his proposed maximum price has been disapproved or that action thereon has been deferred pending receipt of further information.
- (4) The Office of Price Administration may approve or disapprove, and may at any time after approval, correct maximum prices proposed or established under this section so as to bring them into proper relationship with the level of maximum prices otherwise established by this regulation.
- 4. A new section 10 is added to read as follows:

SEC. 10. Applications for adjustment.

(a) A manufacturer who believes that a maximum price established by this regulation impedes or threatens to impede production of a commodity which is essential to the war program may file an application for adjustment of that maximum price in accordance with the provisions of Procedural Regulation No. 6, issued by the Office of Price Administration.

PART 1351—FOOD AND FOOD PRODUCTS [RMPR 150, Amdt. 6]

FINISHED RICE AND RICE MILLING BY-PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

1. Section 1 is amended to read as follows:

SECTION 1. Applicability. Except as provided in section 2 hereof this revised regulation shall apply to all sales within the United States and the District of Columbia of domestic and imported finished rice and rice milling by-products, whether for immediate or future delivery.

2. Section 2 is amended to read as follows:

SEC. 2. Sales excepted. This revised regulation shall not apply to:

(a) Sales and deliveries of finished rice at wholesale which shall be and remain subject to Maximum Price Regulation 421, and sales and deliveries at retail which shall be and remain subject to Maximum Price Regulations 422 and 423.

(b) Sales and deliveries of wild rice or sweet rice.

(c) Any finished rice purchased by the United States or any of its agencies under such circumstances of emergency as to make delivery imperative and as to render it impossible to secure or unfair to require immediate delivery at the maximum price which would otherwise be applicable, if such purchases and deliveries are made pursuant to the provisions of section 4.3 (f) of Revised Supplementary Regulation No. 1 to the General Maximum Price Regulation.

This amendment shall become effective May 31, 1944.

PART 1351—FOOD AND FOOD PRODUCTS [MPR 275, 1 Amdt. 7]

EXTRACTED HONEY

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 275 is amended in the following respects:

- 1. Section 1351.1302 is amended to read as follows:
- § 1351.1302 Exempt sales. The provisions of this regulation do not apply to sales of "packaged honey" by wholesalers and retailers for which maximum prices are to be determined under the applicable provisions of Maximum Price Regulations 421, 422, and 423.
- 2. Section 1351.1311 is amended to read as follows:
- § 1351.1311 Evasion. Price limitations set forth in this regulation shall not be evaded whether by direct or indirect methods, in connection with any offer,

solicitation, agreement, sale, delivery, purchase or receipt of, or relating to the commodities whose prices are herein regulated alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, brokerage, premium or other privilege or other trade understanding or otherwise.

Specifically, the prices set forth in this regulation shall not be evaded by any understanding between the buyer and seller whereby a seller is to ship or sell, and the buyer receive or buy honey in smaller quantities than ordered or than would have been ordered but for that understanding.

3. New subparagraphs (6) and (7) are added to § 1351.1319 (a) to read as follows:

(6) "Dealer" means any person located in the Continental United States who buys and resells bulk honey. The term includes but is not limited to the following persons: carlot shippers, jobbers, importers, persons selling for the account of foreign shippers, wholesale grocery companies, bakery and confectionery supply houses, and retailers. A producer cannot be a dealer with respect to honey which he produces, but may be a dealer with respect to honey which he has purchased in the normal course of trade or business from another producer or dealer.

(7) "Imported bulk honey" means honey which was produced outside the Continental United States and packed in quantities of more than 15 pounds. Bulk honey which is composed partly of imported honey and partly of domestic honey shall be considered "imported

bulk honey".

4. Subparagraphs (3) and (4), including the footnotes applicable to terms used therein, of § 1351.1319 (b) are revoked and new subparagraphs (3), (4), (5), and (6) are added to that section to read as follows:

(3) Purchase price for bulk honey to be imported. The price per pound (net landed weight basis) c. i. f. point or port of arrival which any person may pay for bulk honey to be imported into the Continental United States shall be as follows:

\$0.112 for honey admitted free of U. S. dutles 0.100 for honey shipped from Cuba 0.097 for all other "imported bulk honey"

(i) The above prices include foreign export duties, marine and war risk insurance, freight, and all other charges customarily borne by a seller in a c. i. f. sale, but do not include applicable U. S. duties. If the person importing the bulk honey purchases it on a basis other than c. i. f. point or port of arrival, the maximum price which he may pay shall be the appropriate price set out above less the charges and expenses he incurs in bringing it to the U. S. point of port of arrival.

(4) Dealer maximum selling prices for imported bulk honey. The dealer's maximum price applicable, U. S. duty paid for imported bulk honey shall be as follows:

[Cents per pound]

	or truck	freight car at point or of arrival, uty paid
	Ware- housed by dealer in the U.S.A.	Not ware- housed by dealer in the U. S. A.
Quantity of sale: 12,000 pounds or over	113%	1134
Less than 12,000 pounds but not less than 1,500 pounds	123-6	113-2
Less than 1,500 pounds but not less than 300 pounds Less than 300 pounds	13½ 14½	11½ 11½

(ii) A dealer's maximum price per pound f. o. b. freight car or truck at a point in the Continental United States other than the point or port of arrival, shall be the maximum price established by this paragraph for the particular quantity and kind of sale made f. o. b. freight car or truck at the point or port of arrival, plus the actual freight charges paid by the dealer to a carrier or prior vendor and incurred on the honey from the point or port of arrival to the point from which the dealer sells f. o. b. The dealer's invoice accompanying the sale shall separately show the points from and to which the freight was paid, and the amounts paid therefore.

(iii) A dealer's maximum price per pound for bulk honey, not warehoused, sold on basis other than f. o. b. car or truck, shall be 11½¢ per pound less the amount of loading and carting charges which would have been incurred if the honey had been sold f. o. b. car or truck.

(iv) A dealer's maximum price per pound for an in-bond sale of imported bulk honey shall be the maximum price established for the same type of sale made on a duty paid basis less the amount of applicable duty.

(5) Dealers' maximum selling prices for domestic bulk honey. The dealer's maximum price per pound for domestic bulk honey, f. o. b. dealer's shipping point shall be as follows:

Quantity of sale: (ce	ents)
Less than 12,000 pounds but not less than 1,500 pounds	
Less than 1,500 pounds but not less	
than 300 pounds Less than 300 pounds	

(i) To the above table of prices the dealer may add the following:

(a) ½ e per pound in instances where he sells the honey in the container without such container being returned or another one being received in exchange.

(b) The actual freight charges paid by the dealer to a carrier or prior vendor, and incurred on the honey from the "producer's local shipping point" to the point from which the dealer sells f. o. b.; Provided, That the dealer states such charges on the invoice accompanying the sale, and lists the "producer's local shipping point" from which such honey was originally obtained.

(6) Dealers' service charges, (i) Whenever any dealer (located in the Continental United States) or the dealer (located in the Continental United

States) who supplied him has, within the continental limits of the United States, heated and strained, or heated and filtered, and repacked the bulk honey into a new or thoroughly cleaned container, a service charge not exceeding 1¢ per pound for domestic bulk honey so treated or 11/2¢ per pound for imported bulk honey so treated may be charged by such dealer to all buyers except buyers engaged in the business of bottling honey (to whom no such charge may be made). In the event such dealer, or such dealer who supplied him received the imported bulk honey in barrels and repacked it into metal containers after heating and straining it, or heating and filtering it, the maximum service charge shall be 2¢ per pound instead of 11/2¢ per pound.

(ii) A dealer shall not make any of the service charges provided above unless (a) the invoice which he gives to his purchaser states that the honey has been heated and strained, or heated and filtered, and repacked into a container by a dealer located in the United States, and states the name and address of the dealer who performed such service, and (b) the honey is in a container which is marked "Repacked in the United States."

This amendment shall become effective May 31, 1944.

PART 1381—SOFTWOOD LUMBER [RMPR 290]

SITKA SPRUCE LUMBER

Maximum Price Regulation 290 is redesignated Revised Maximum Price Regulation 290 and is revised and amended to read as set forth below:

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the industry affected.

ARTICLE I-SCOPE OF THE REGULATION

Section 1. Prices higher than ceiling prohibited. (a) On and after May 31, 1944, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any Sitka spruce lumber for direct-mill shipment at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices may, of course, be charged and

SEC. 2. What products are covered. This regulation covers all Sitka spruce (picea sitchensis) lumber, except aircraft grades as defined in Revised Maximum Price Regulation No. 109 1, Aircraft Lumber, whether the grades, sizes, and specifications are specifically named in the price tables in Article V, or not. Sitka spruce lumber produced in all parts of the United States, in Canada, and in Alaska, is covered. All grade terms have the meaning given in the Standard Grading and Dressing Rules, Number 12, issued by the West Coast Lumbermen's Association, effective March 1, 1943.

SEC. 3. What transactions are covered-(a) Direct mill shipments. This regulation applies to all shipments originating at a mill, no matter who the seller is, and no matter whether he usually is known as a mill, wholesaler, retailer or anything else. It does not apply to sales out of distribution yard stock. (The prices for yard sales may be found in Second Revised Maximum Price Regulation No. 215.2) A shipment is regarded as originating at a mill if the lumber reaches the purchaser without ever becoming an integral part of the stock of a distribution yard. A sale is considered a sale out of distribution yard stock only if the lumber was a part of regular yard stock at the time the sale was made.

(b) How to tell a mill from a distribution yard. The term "mill', as used here, covers what are known in the trade as sawmills, planning mills and concentration yards. Three types of establishment are described below: The first, (1), a typical sawmill or planing mill; the second, (2), a typical concentration yard; and the third, (3), a typical distribution yard. An establishment which resembles (1) or (2) more than it does (3) is considered a mill; and one which resembles (3) more than it does (1) or (2) is considered a distribution yard:

(1) "A typical sawmill or planing mill" is an establishment which is chiefly engaged in manufacturing lumber from logs or rough lumber by sawing or planing; which is located in or near a lumber producing area; which makes and sells chiefly Sitka spruce lumber.

(2) "A typical concentration yard" is an establishment which concentrates and prepares lumber for commercial shipment; which keeps in stock mostly Sitka spruce or other West Coast lumber; which has its lumber brought in chiefly in rough green form by truck from small local sawmills and sells chiefly for rail shipment; and which has been located at its particular site to be near the lumber producing area.

(3) "A typical distribution yard" is a wholesale or retail lumber yard which gets lumber from mills or other yards; unloads, sorts, stores, and resells or redistributes it; which regularly maintains a varied stock of lumber from different regions; which gets its lumber mostly by rail and sells mostly for truck shipment; which is equipped to make quick deliveries of many different items of lumber; and which has been located at its particular site in order to be near a lumber consuming area.

(c) New yards. In order to prevent violation of this regulation by unnecessary routing through yards, the Office of Price Administration will not recognize distribution yards set up after January 5, 1943, unless the new yard writes to the Office of Price Administration, Washington, D. C., and proves that it satisfies the requirements of the definition and that the purpose is not to get around this regulation by means of unnecessary yard business. Until approval is received, the new yard cannot consider itself a distribution yard for the purpose either of this regulation or of any other regulation issued by the Office of Price Administra-

(d) No quantity limits. There are no quantity limits on the transactions covered by this regulation. All direct-mill sales, large or small, are covered.

SEC. 4. What persons are covered. Any person who makes the kind of sale or purchase described above, for himself or others, is subject to this regulation. The term "person" includes an individual, corporation, partnership, association or any other organized group, their legal successors and representatives, United States or any government or any of their political subdivisions or any agency of any of the foregoing.

ARTICLE II-MAXIMUM PRICES AND TERMS OF SALE

SEC. 5. Basic prices and cash discount— (a) Basic prices. The maximum prices f. o. b. mill are set forth in Article V-Price Tables.

(b) Cash discount. If cash is paid, the maximum price must be reduced by the seller's October 1941 cash discount. For example, if the October 1941 discount for cash was 2%, and the maximum price without discount according to this regulation is \$30.00, the maximum price when cash is paid is \$29.40. If the seller was not in business in October 1941, the discount for cash is 2%. In any case on specific written allocations issued by the Office of the Chief of Engineers, War Department, the terms 30 days net may be used regardless of former practices.

SEC. 6. Direct-mill retail sales. An addition of \$3.50 per thousand feet may be made on a sale of less than 20,000 ft. BM (or less than carload if by rail), to any buyer who does not purchase for resale, where the shipment originates at a mill and the seller:

(a) Sees that the lumber is delivered to the job site at such time and in such manner as the buyer specifies;

(b) Gives the buyer the privilege of exchanging the lumber and returning unused material; and

(c) Agrees to make good any shortage promptly from stocks kept on hand for this purpose.

The size of the sale is determined by the total quantity involved in the transaction without regard to whether it is broken up into smaller orders or deliv-

SEC. 7. Sales on delivered basis-(a) Rail charges. (1) Only two methods of selling are recognized by this regulation. Any other method is prohibited, as a device to evade the ceiling by manipulation of freight.

The two permitted methods are: On a delivered basis using the estimated weights in Article VI or on an f. o. b. mill basis with actual freight (figured, of course, on actual weights) to be paid by the purchaser.

The two methods may not be combined in a single transaction; that is, a seller may not sell on a basis which gives him the benefit of favorable estimated weights but requires the use of actual weights on

¹⁷ F.R. 10100; 8 F.R. 270, 2872, 4325, 4717, 6833, 8614.

²⁸ F.R. 14145; 9 F.R. 221, 2553, 2948.

items where estimated weights would be unfavorable to him. Note that sales described as "ceiling delivered", or as f. o. b. mill with freight paid or included to a given destination, are to be treated as sales on a delivered basis. In such cases, the given estimated weights must be used. However, sales f. o. b. mill with seller to pay the freight to a stated destination and include it in his invoice to the buyer is a sale on an f. o. b. mill basis, and settlement on the basis of the actual weights must be made.

(2) The estimated green weights may be used only when green lumber is ac-

tually specified and shipped.

(3) The transportation charge, when estimated weights are used, must be evened out to the nearest quarter-dollar per 1000 feet board measure (nearest 5 cents per 1000 pieces of lath).

(b) Common or contract carrier (other than rail). Where transportation is by common or contract carrier (other than rail) the only rule is that actual cost of transportation may be added to the f. o. b.

mill ceiling.

(c) Private truck. When shipment is by truck owned or controlled by the seller. the following amounts may be added for transportation: For distances up to and including 10 miles, \$1.50 per M'; over 10 and up to and including 20 miles, \$2.00 per M'; and over 20 and up to and including 30 miles, \$2.50 per M'. Where the distance is greater than 30 miles, the seller may charge the amount of the railroad charge at the carload rate for the most similar haul or \$3.00 per M', whichever is greater. Distance, as used in this paragraph, means the distance from the mill to the point of destination as measured by the speedometer. No addition may be made for the return trip.

(d) Trucking to rail shipping point. When a truck haul precedes rail shipment, as when a mill located away from a railhead hauls by truck to the railroad, no addition may be made for the truck haul. However, in the following cases a mill may apply for special permission to

make an addition:

(1) Where the mill was located away from rail connections because it specialized in water-borne lumber, and where shortage of shipping has forced it to operate by rail;

(2) Where a mill's rail connection has been abandoned since September 5, 1941, and it has no comparable rail shipping

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington 25, D. C., and may be acted upon by letter or telegram. The addition may not be made on quotations or sales until permission has been received.

(e) Truck delivery after rail haul. When truck delivery to yard or job site follows a rail haul, and is specified in the order, the actual cost of truck delivery may be added. This may include the actual cost of handling and reloading involved in transfer from rail cars to

trucks.

(f) All-truck haul. When an all-truck haul ends in delivery to the job site, no special addition may be made above the charges provided in paragraphs (b) and (c) of this section.

SEC. 8. Maximum Export Price Regulation. The maximum price for export sales of Sitka spruce lumber is governed by the Second Revised Maximum Export Price Regulation.

SEC. 9. Lumber produced in Canada. The maximum prices for lumber produced in Canada and sold in the United States shall be the maximum prices f. o. b. mill set forth in Article V plus additions for transportation permitted by section 7: Provided, however, That the amount of such addition may not be greater than if the shipment had originated at Bell-

ingham, Washington.

Sec. 10. Maximum prices for Alaska lumber. The maximum prices f. o. b. mill for shipments originating in Alaska and delivered to points in Alaska or outside the continental United States shall be the maximum f. o. b. mill prices set forth in Article V plus an amount equal to freight under the Maritime Commission's published freight rate from Seattle, Washington, to the mill's shipping point, including surcharges, War Risk insurance, and wharfage and handling charges under the published Seattle Wharfage and Handling rate for comparable lumber. For all other shipments, the regular maximum f. o. b. mill prices

SEC. 11. Grades, services, or extras not listed. (a) If a seller wishes to sell a grade which is not specifically priced in the price tables, or wishes to make an addition for special workings, specifications, services, or other extras for which additions are not specifically permitted. he must apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C., for a maximum price. He must provide the following informa-

(1) The requested price:

(2) A complete description of the item to be priced:

(3) The price differential between it and the most comparable item in the price tables, between October 1, 1941 and June 1, 1942, from the seller's own records, or if that is impossible, from the experience of the trade. If no established price differential existed, a detailed analysis of comparative value should be furnished.

(b) As soon as the request has been filed, quotations and deliveries may be made at the requested price, but the final payment may not be made until the price has been approved. Action on the request may be by letter or telegram.

(c) In all cases where special prices have been approved by the Lumber Branch of the Office of Price Administration under § 1381.457 of the earlier regulation, Maximum Price Regulation 290; these special prices shall no longer apply if specific prices for the items are established by this regulation; but if no specific prices are established in the price tables, the price approved under the earlier regulation shall continue in effect.

(d) On any sale involving a "nonlisted" price or addition contemplated by paragraph (a) of this section, if the seller, for any reason, shall have failed to apply for approval of a maximum price under paragraph (a), the maximum price for the item sold shall be \$15.00 per thousand board feet, which maximum price shall include all allowances or additions for grade, size, condition, special workings, specifications or other extras.

ARTICLE III-SPECIFIC DUTIES AND PROHIB-ITED PRACTICES

SEC. 12. What the invoice must contain-(a) F. o. b. mill price. All invoices must contain a sufficiently complete description of the lumber to show whether the price is proper or not. Any working, specification, or extra which affects the maximum f. o. b. mill prices must be mentioned in the description. amount added for these does not have to be separately shown.

(b) Charges for transportation. In all delivered sales, the invoice must show

(1) Point of origin of shipment;

(2) Destination;
(3) Rail rate, if estimated weights are used; otherwise the actual amount added for transportation;

(4) The words "Direct-mill shipment".

(c) Delivery and related charges. Any separate charge which the seller is permitted to make for truck delivery after rail haul, or for trucking to railhead, must be separately shown on the invoice.

(d) Direct-mill retail sale. If the "direct-mill retail sale" mark-up is permissible and is added, this must be separately indicated in the invoice.

SEC. 13. Averaging out—(a) Different grades, classes or sizes. Different grades, classes or sizes of lumber may be sold and invoiced at an average price if all of the following conditions are observed:

(1) The footage of each item must be shown separately, and a piece tally must be furnished for each shipment.

(2) The average price for the lumber actually shipped must not be higher than it would have been if all the individual grades, classes, and sizes shipped had been sold separately at the individual ceiling price.

(3) If the order is shipped in more than a single carload, truckload, or boat shipment, the following invoicing and charging practices must also be followed:

(i) The invoice must show that it is part of a larger order and identify the order. It must also show the individual ceiling prices for the various items of lumber actually contained in each shipment, and the average selling price agreed upon.

(ii) The charges which may be made and collected on account for each shipment must not exceed the average price agreed upon or the total of the ceiling prices for the items in the particular shipment, whichever is the lower. Thus, if an average price was quoted on widths from 4" to 12", and if a car of all 4" was shipped, only the 4" price can be charged and collected on that car. But

^{*8} F.R. 4132, 5987, 7662, 9998, 15193.

if a car of all 12" widths was shipped, only the average price quoted could be

charged on that car.

(iii) Upon completion of the order the seller must render a final invoice showing the quantity of each shipment or delivery, the freight charge for each if sold on a delivered basis, the amount received on account, the total amount due on the order at the agreed average prices, and a reconciliation of the total amount so computed with the maximum prices permitted by this regulation. Final payment and all necessary adjustments between buyer and seller are to be made upon the final reconciliation.

(b) Different freight rates. When a single order, for which a single flat delivered price was quoted and accepted, is shipped from two or more mills to a single destination on varying freight rates, the seller may average-out the transportation charges. For example, if a wholesaler bids \$33.00 per MBM on a single order of a hundred thousand feet of lumber, the ceiling price being \$30.00 per MBM and the estimated freight \$3.00, he can ship half of it on a rate resulting in a \$2.00 freight charge and half on a rate resulting in a \$4.00 freight charge.

(1) Where this practice is adopted, the seller must observe all of the following

(i) Each invoice must state that the particular shipment is part of a larger order and identify the order. It must also show the individual rates for each delivery or shipment.

(ii) The transportation charges which may be made and collected for each shipment or delivery, on account, must not exceed the average transportation charge figured on the entire order or the actual transportation charge for the particular shipment based upon the permitted estimated weights, whichever is the lower.

(iii) Upon completion of the order the seller must render a final invoice showing the individual f. o. b. mill prices separately, the amount shipped from each mill, the freight charge for each shipment, and a reconciliation of the total amount so computed with the agreed delivered selling prices and also with the maximum prices permitted by this regulation. In the event that the sale was made at an average price for different grades, classes or sizes of lumber as well as an averagingout of transportation charges, the provisions of (a) above shall also be observed. Final payment and all necessary adjustments between buyer and seller are to be made upon the final reconciliation.

SEC. 14. What records must be kept. All sellers and all buyers who, in any one calendar month, sell or buy 20,000 board feet or more of Sitka spruce lumber, must keep records which will contain a complete description of the lumber involved, the name and address of the other party to the transaction, the date of the sale, and the price. Such records must be retained for two years, for inspection by the Office of Price Administration.

SEC. 15. Prohibited practices-(a) General. Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright This applies over-ceiling price. changes in credit practices and cash discounts and to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tving-agreements, trade understandings and the like.

(b) Specific practices. The following are some of the specific practices pro-

(1) Getting the effect of a higher price by changing credit practices from what they were in October 1941. This includes decreasing credit periods or making greater charges for extension of credit.

(2) Refusing, without good reason, to ship except in specified or restricted random lengths, or in mixed cars, or under other circumstances which bring the

seller an extra return.

(3) Selling as specified lengths or widths, a specific lot or shipment of lumber which is substantially equivalent to random lengths or widths, or reselling intact as specified lengths or widths a specific lot or shipment bought by the seller as standard or random lengths or widths, unless specifically permitted in the price tables. This prohibition shall not apply to shipments or deliveries which have been sorted out as to widths and lengths and then resold.

(4) Grading as a special grade lumber which can be graded as a standard grade; or wrongly or falsely grading or invoic-

ing lumber.

(5) Making additions for special specifications, services, or other extras which are not specifically permitted.

(6) Refusing to sell on an f. o. b. mill basis, and insisting on selling on a delivered basis.

(7) Failing to invoice properly and in accordance with the requirements of this regulation.

(8) Unnecessarily routing lumber

through a distribution yard.

(9) Quoting a gross price above the maximum price, even if accompanied by a discount the effect of which is to bring the net price below the maximum.

(10) Making additions for kiln-drying, anti-stain treatment or other services, treatments, or specifications unless they are expressly ordered by the buyer.

(11) Getting a higher price by charging the buyer for ripping or resawing, or charging on the basis of an original size larger than the item actually delivered (for example, charging the price of 4 x 4 ripped to 2 x 4 on a sale and delivery of 2 x 4's) except where the items ordered and delivered are non-standard sizes not specifically priced in the tables. This prohibition has no application where the buyer specifies the larger size to be ripped or resawn into items of smaller size and the resulting items are priced higher in the tables than the original larger size; for example, the buyer may order 1 x 4 x 12' #2 Common, priced at \$27.00 per MBM ripped to 1 x 2 x 12'. By buying the larger size ripped the price to the buyer is lower (\$28.00) than it would have been had he ordered the 1 x 2 as such (\$31.00). In this example the maximum price is \$28.00.

(12) Making the buyer take something he does not want in order to get what he does want; for example, making a buyer who orders No. 2 Common take all the upper grades that develop.

(13) Breaking up an order or apportioning deliveries in order to get the \$3.50

direct-mill retail sale addition.

(c) Adding commission to ceiling prohibited. It is unlawful for any person to charge, receive or pay a commission for the service of procuring (including buying, selling, or locating lumber, or for any related service such as "expediting") which does not involve actual physical handling of lumber, if the commission plus the purchase price results in a total payment by the buyer of lumber which is higher than the maximum price of the lumber. For purposes of this regulation, a commission is any compensation, however designated, which is paid for the procurement of lumber. This prohibition has no application to the case of a bona fide employer-employee relationship where the employee serves only one employer, insofar as lumber procurement is concerned, and where the compensation paid by the employer is a fixed salary and is not based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

(d) Combination grades. Lumber sold on combination grades may not be sold above the maximum price for the lowest priced grade actually named in the combination. For example, the maximum price for lumber sold as No. 2 and better is the maximum price fixed for No. 2 lumber. It is permissible to quote with specified higher grades as developed, but when the lumber is shipped, the quantities falling in each grade must be tallied separately on a board foot basis, separately identified by grade (except shop grades when sold to millwork establishments), and separately invoiced at prices not in excess of ceiling prices for the

respective grades.

SEC. 16. Adjustable pricing. Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of shipment; but no person may, unless authorized by the

Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after shipment. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 17. Special pricing rules. (a) Where the buyer specifies restricted lengths or an average length and the shipment or order fails to conform, the entire shipment must be priced at the random length price (unless the agreed price is lower).

(b) Where the buyer orders a random length shipment, and the given percentages of lengths as specified in footnotes to some of the price tables are not met because there is too large a percentage of shorts, the excess shorts must be priced at the separate prices for the short lengths.

(c) Where random length shipments required to average a specified length (e. g. 12' in the Board Table) fall short of this average, the price may not exceed that of the nearest shorter even length below the average length actually shipped.

(d) Where the order fails to specify the grade required, the seller may only ship and charge for No. 2 Common, unless otherwise agreed.

(e) Where the invoice does not specify the grade shipped or delivered, the price of the lowest grade in the shipment shall apply to the whole order.

(f) Where moisture content requirements are waived by the purchaser, the maximum price for the whole order, shipment, or delivery shall be the price herein established for green lumber. Where such a sale is made on a delivered basis, the seller may only use the given estimated weights for dry lumber in computing transportation costs.

(g) None of the additions permitted in the footnotes to the tables in Articles V may be added to the prices of the various items set forth in the tables unless the order expressly requires the working, grade, condition, size, or length for which the additions are permitted.

(h) In any case where a maximum price established in the former MPR 290, or in this revision or any later amendment, is reduced by subsequent amendment, sellers who have entered into firm contracts on the basis of the earlier ceilings may apply for special permission to complete shipment under such firm contracts without regard to the new ceiling, under the following rules and conditions:

(1) The permission, if granted, will allow completion of the contract within 60 days from the effective date of the action setting up the new ceilings.

(2) The existence of a "firm contract" must be shown by the seller's submitting a copy of formal contract or copies of written order and acceptance covering specific items, quantities, and prices.

(3) The application must show that the items covered by the contract were actually being produced and had not been shipped on the effective date of the action which changes the maximum

(4) The seller must state in his application—and the permission, if granted, will be so limited—that all prices shown in the contract will be adhered to, even though the maximum price on some items included therein may have been increased by the price action.

(5) Applications must be sent to the Lumber Branch, Office of Price Administration, Washington 25, D. C. The Lumber Branch may grant or deny such applications by letter or telegram.

Note that the seller must apply for the special permission covered in this paragraph, and he may not go ahead on the basis of the contract prices unless and until he has received the authorization to do so.

ARTICLE IV-MISCELLANEOUS

SEC. 18. Applications for adjustment and petitions for amendment—(a) Government contracts. See Procedural Regulation No. 6 * for adjustment provisions on certain government contracts or subcontracts.

(b) Petitions for amendment. Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 ° issued by the Office of Price Administration.

(c) In treating with petitions for amendment or adjustment, consideration will not be given to log and bolt costs which are higher than the applicable maximum purchase prices for logs

and bolts established in Revised Maximum Price Regulation No. 161 (West Coast Logs), and 348 (Logs and Bolts), or any revision or amendment of those regulations. This rule shall be followed regardless of whether the petitioner gets logs and bolts by purchasing them, logging his own standing timber, contracting for the logging of his own standing timber, or any other means. All petitions in any way based on the cost of logs or bolts must show the actual cost to the petitioner of logs and bolts received at his plant during the three months immediately prior to filing the petition, and the cost which would have been incurred by the petitioner if all of these logs and bolts had been purchased by him at ceiling prices. To figure these ceiling prices the petitioner should refer to the regulation which fixes the maximum prices for purchases and sales of the kinds of logs and bolts received at his plant.

SEC. 19. Enforcement. (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

(b) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. Persons who make sales covered by this regulation to war procurement agencies and buyers to whom lumber has been allocated by any such agencies are, however, subject to all the liabilities imposed by this regulation. "War procurement agencies" include the War Department. the Navy Department, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

SEC. 20. Licensing. The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

5. For lengths longer than listed: Specified lengths 41' to 50' add \$1.00 per foot to the 40' specified length price; 51' to 70' add \$2.00 per foot to the 50' specified length price; 71' and longer, add \$3.00 per foot to the 70' specified length price.

6. Specified odd or fractional lengths: Add \$1.00 to, and compute footage on next longer even length.

7. Random or restricted random lengths covering more than one price bracket, price the lengths falling within each bracket at the respective bracket prices.

Width:

For widths wider than listed up to and including 24"; Add \$1.00 for each additional 2" to widest listed width of the same grade, thickness and length; wider than 24"; Add \$2.00 for each additional 2" to the 24" price of the same grade, thickness and length.
 Odd or fractional widths or odd or fractional thicknesses or both: Add \$1.50 to next less even size. Compute footage on actual rough measure.

Thickness:

10. For thicker than listed sizes up to and including 24°:
Add \$1.00 for each additional 2" to thickest listed
size of the same grade, width and length: thicker
than 24" add \$2.00 for each additional 2" to 24"
price of the same grade width and length.

of the same size and grade.
V. G. add \$10.00 for each 2" wider than 12".
F. G. add \$5.00 for each 2" wider than 12".
10. Odd or fractional widths add \$2.00 to price of and compute footage on next wider width listed.

Thickness:

11. For fractional thickness between 2" and 3": add \$5.00 to price for 8/4 of same size, grade, condition and gram specification.

12. Odd and/or fractional thickness not listed: add \$5.00 to price of next less listed size.

Working charges:

13. Standard surfacing: add \$2.00 to rough price same size and grade.

14. Sanding: add \$10.00.

15. Log cabin siding, nosing or other special patterns not covered; add \$5.00 to surfaced price same length, grade and size.

T. and G., 828 and CM: add \$1.00 to surfaced price.

Miscellaneous:
17. Door stock (f. e. graded from poor side); add \$4.00.

Nosed stepping: add \$7.00.
 Tank and pipe stave stock: add \$4.00.
 Cut stock: Special cut-up stock cut to specified sizes, use R/L price of grade specified.
 Shims rough or surfaced %4° or 56" thick deduct \$10.00; ½" or 7/6", deduct \$12.00.
 Mast and spar stock containing at least five annual rings per inch, slope of grain not exceeding 1" in 10" free of heart centers and of good texture: add \$25.00 to price of B and better.
 Selected B and better eliminating severe cross, curly and coarse grain and otherwise suitable for ordinary ladder construction: add \$15.00 to price of B and better.

Applicable to entire appendix

1. All grade, size and paragraph references in this regulation refer to standard grading and dressing rules No. 12 issued by the West Coast Lumbermen's Association effective March 1, 1943.

2. All prices are based on 1,000 feet board measure, except lath. No lumber is sold in less than 1" count.

3. For bundling: Add \$1, tables 1 and 2 only.

4. Ripping and/or resawing not otherwise provided: Add \$1 per M; diagonal or tapered add \$5.00 per M.

5. Shims are boards too thin to be surfaced to standard thickness. They may be surfaced "hit or miss" to "Me", "%", "M" or Me" or may be sold rough if full thickness.

TITLE 38-PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I-Veterans' Administration

PART 5-ADJUDICATION: DEPENDENTS' CLAIMS

DEFINITIONS OF RELATIONSHIP

§ 5.2502 General Law. For the purposes of the general law the following definitions of relationship shall govern in the adjudication of claims for death pension;

(b) Child. (1) (i) The term "child" shall mean a legitimate child under the age of sixteen. Children born before the marriage of their parents, if acknowledged by the father before or after the marriage, shall be deemed legitimate (section 4704 R.S.). State laws as to legitimacy are not applicable. (14 P. D. 428.) The payment of pension may be further continued after the age of sixteen to or for a child who was pensioned or entitled to pension in its own right or with the mother, if such child was insane, idiotic, or otherwise physically or mentally helpless at the date of attaining the age of sixteen years and the helpless condition exists at the date of filing claim. Payments of pension continue during the period of helplessness.

(ii) From and after April 1, 1944, pension may be allowed to a helpless child as defined in subparagraph (1) (i) of this paragraph regardless of his or her age at the time of death of the veteran or date of filing claim: Provided, That such person was insane, idiotic or otherwise physically or mentally helpless at the date of attaining the age of sixteen years and the helpless condition exists at the date of filing claim and, Provided further, That such person is unmarried. (Public No. 280, 78th Congress, Act of April 1, 1944) See § 5.2584. (May 27, 1944) [Public No. 280, 78th Congress 1

COMMENCEMENT OF ORIGINAL AWARDS OF DEATH PENSION OR COMPENSATION

§ 5.2568 General law. Original awards of death pension under the general law (sections 4702 and 4707, Revised Statutes, as amended), as to service prior to April 21, 1898, shall commence:

(d) Helpless children where entitlement arises solely by virtue of Public No. 280, 78th Congress. Pension or additional pension payable to or for a helpless child within the purview of § 5.2502 (b) (1) (ii) shall commence (1) April 1, 1944, in those cases where the death of the veteran occurred prior to April 1, 1944, and an application was pending on that date or filed on or after that date and within one year following the date of death; (2) the day following the date of death where the death of the veteran occurred on or after April 1, 1944, and application is filed within one year following the date of death; (3) the date of filing application, if application is not filed within one year following the date of death, but in no event prior to April 1,

(e) Dependent mothers and fathers. Original awards of death pension shall commence the day following the date of the veteran's death, if claim is filed within one year from the date of death, otherwise from the date of filing of a formal

(f) No award under the general law for death resulting from service in the War with Spain, Boxer Rebellion, or Philippine Insurrection shall commence prior to March 28, 1934, under section 30, Title III, Public No. 141, 73d Congress (Act of March 28, 1934), or prior to August 13, 1935, under Public No. 269, 74th Congress (Act of August 13, 1935).

(g) For the purposes of the general law, as reenacted by the Act of March 28, 1934 (section 30, Title III, Public No. 141, 73d Congress) and the Act of August 13, 1935 (Public No. 269, 74th Congress), when claim was filed prior to August 5, 1939, the date of commencement shall be as prescribed in § 5.2568 (a) to (e). When claim is filed on or after August 5, 1939, the date of commencement shall be as prescribed in § 5,2572 (c). 27, 1944) [Public No. 280, 78th Con-

§ 5.2570 Service acts, Civil War. Original awards of death pension under the Service Acts relating to the Civil War (Act of May 1, 1920, 41 Stat. 585; Act of July 3, 1926, 44 Stat. 806; Act of June 9, 1930, 46 Stat. 529) shall commence:

(b) Children. The date of filing formal application, except that if the widow is barred under the provisions of section 4706, Revised Statutes, or has forfeited title under the Act of August 7, 1882 (22 Stat. 345), pension shall commence from the date of last payment to the widow if payment of pension has been made to her: Provided, That where pension or additional pension is payable to or for a helpless child solely by virtue of the provisions of Public No. 280, 78th Congress (see § 5.2502 (b) (1) (ii), pension shall commence (1) April 1, 1944, where application was pending on that date; (2) date of filing application, if application is filed on or after April 1, 1944. (May 27, 1944) [Public No. 280, 78th Congress]

§ 5.2571 Service act, Indian Wars. Original awards of death pension under the Service Act relating to the Indian wars (Act of March 3, 1927, 44 Stat. 1361), as amended shall commence:

(b) Children. The date of filing formal application, except that in case of death or remarriage of a pensioned widow or forfeiture of her title, their payments shall commence from the date of such death, remarriage or forfeiture: Provided, That, where pension or additional pension is payable to or for a helpless child solely by virtue of the provisions of Public No. 280, 78th Congress (see § 5.2502 (b) (1) (ii), pension shall commence (1) April 1, 1944, where application was pending on that date; (2) date of filing application, if application is filed on or after April 1, 1944. EFFECTIVE DATES OF REDUCTIONS AND DIS-CONTINUANCES OF DEATH PENSION AND COMPENSATION

§ 5.2584 General law and service acts. Awards of pension shall be reduced or discontinued as follows under: General law (sections 4702 and 4707, Revised Statutes, as amended), as to service prior to April 21, 1898; and service acts, relating to the Civil War, Act of May 1, 192((41 Stat. 585), Act of July 3, 1926 (44 Stat. 806), and Act of June 9, 1930 (46 Stat. 529); Indian wars, Act of March 3, 1927 (44 Stat. 1361); and War with Spain, Boxer Rebellion, and Philippine Insurrection, Act of July 16, 1918 (40 Stat. 903), Act of September 1, 1922 (42 Stat. 834), and Act of May 1, 1926 (44 Stat. 382), as reenacted by section 30, Title III, Public No. 141, 73d Congress (Act of March 28, 1934), and Public No. 269, 74th Congress (Act of August 13, 1935); and Act of July 13, 1943, Public No. 144, 78th Congress; and Act of April 1, 1944, Public No. 280, 78th Congress.

(a) Termination by limitation - (1) Widows and remarried widows. (i) Death pension payable to a widow or remarried widow shall terminate the day of death or the day preceding remarriage. If the widow is receiving additional pension for a child or children based on service rendered prior to April 21, 1898, the date of termination of such additional pension shall be the date of death of the child or the day preceding the child's sixteenth birthday: Provided, That where additional pension is being paid for a helpless child solely by virtue of the provisions of Public No. 280, 78th Congress (Act of April 1, 1944), the date of termination of such additional payments shall be the day preceding the marriage of the child. If the widow is receiving additional pension for a child or children based on service rendered on and after April 21, 1898, the date of termination of such additional pension shall be the date of death, or the day preceding marriage, or the day preceding the child's eighteenth birthday: Provided, That the discontinuance of additional pension for a child or children because of school attendance shall be effective as provided in § 5.2598 (g). Additional death pension being paid on behalf of any child by reason of permanent incapacity for self-support shall be discontinued effective the date of last payment when a determination has been made that such condition no longer exists. (May 27, 1944) [Public No. 280, 78th Congress]

(2) Children. * * *

(iv) Marriage of helpless child. Payments to or for a helpless child who marries shall be discontinued as of the date preceding the marriage. As to a child who is within the definition of the term contained in § 5.2052 (b) (1) (i), the presumption that the helpless con-

dition has ceased may be overcome by positive proof of continuing mental or physical condition resulting in helplessness; as to a child within the definition of the term contained in § 5.2502 (b) (1) (ii) or (b) (2), when pension or compensation is properly discontinued by reason of marriage it shall not thereafter be recommenced. TITLE 43—PUBLIC LANDS: INTERIOR Chapter I—General Land Office

[Circ. 1574]

PART 196—PHOSPHATE LEASES
NOTICE OF LEASE OFFER

Sections 196.9, 196.10 and 196.12 are amended to read as follows:

§ 196.9 Notice of lease offer. The register of the appropriate district land office will be directed to publish notice of the offer of the lands or deposits for lease for a period of 30 days in a newspaper of general circulation to be designated by the Commissioner of the General Land Office in the county in which the lands or deposits are situated. Such notice shall state the place where and the date and hour on which bids will be received and shall describe the land, the amount of royalty and rental to be charged, the minimum investment required, and whether the sale of lease will be made by sealed bids or public auction at the time fixed to the qualified bidder offering the highest bonus for the privilege of leasing the lands or deposits on the terms therein set forth. A copy of the notice will also be posted in the district land office during the period of publication thereof. Publication of the offer will be at the expense of the Government.

All bidders at any public sale of leases are warned against committing any act by intimidation, combination, or unfair management, to hinder or prevent bidding thereat, in violation of section 59 of the Criminal Code of the United States, approved March 4, 1909 (35 Stat. 1099, 18 U.S. C. 113).

§ 196.10 Auction of lease. Where the lease is to be sold at public auction the register, at the time fixed in the notice, will offer the land or deposits for lease in that manner at his office on the terms and conditions fixed in the notice to the qualified bidder of the highest amount offered as a bonus for the privilege of leasing the land, subject to the approval of the Secretary of the Interior. Such high bidder must deposit with the register on the day of sale a certified check or cash, for one-fifth of the amount of his bid, such sum to be deposited by the register in his account "Deposits, unearned proceeds, lands, etc."

§ 196.12 Action by bidder. The high bidder will be allowed 30 days from date of auction or where sealed bids are submitted, within 30 days from receipt of notice that his bid has been accepted within which to file in the district land office (a) a lease, duly executed by him in quintuplicate in the form prescribed in § 196.14; (b) evidence of qualifications as prescribed by § 196.6, unless such evidence has theretofore been filed; (c) the bond required by section 2 (b) of the lease, or United States bonds in lieu thereof under the Act of February 24, 1919 (40 Stat. 1148, 6 U.S.C. 15); and to pay the remainder of the bonus bid by him and the annual rental for the first year of the lease, together with the required filing fee of \$2, for each 160 acres of land, or fraction thereof, but in no case less than \$10.

> Fred W. Johnson, Commissioner.

KEARNEY FUEL CO., ET AL.

TERMINATION OF GOVERNMENT POSSESSION

On November 1, 1943, by virtue of the authority vested in me by the President of the United States, I signed Order No. 1888 (8 F.R. 15199), taking possession of anthracite and bituminous coal mines in which I found from the available information that a strike or work stoppage had occurred or was threatened. It now appears, however, that the companies listed in the appendix attached hereto did not operate any coal mines as of No-

vember 1, 1943. Accordingly, Order No. 1888 is hereby revoked so far as it affects the companies listed in the appendix attached hereto and made a part hereof.

Dated: May 25, 1944.

DETERMINATION OF PREVAILING MINIMUM WAGE IN SCIENTIFIC INDUSTRIAL AND LABORATORY INSTRUMENTS INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas, the prevailing minimum wage determination for the Scientific Industrial and Laboratory Instruments Industry issued by the Secretary of Labor on September 8, 1941, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U. S. C., Supp. III, sec. 35), provides that learners may be employed in the manufacture or furnishing of any one or more of the hereinafter described products of the Scientific Industrial and Laboratory Instruments Industry at the rate of 35 cents an hour or \$14 per week of 40 hours for a period not to exceed 60 days, if the total number of employees so classified does not exceed ten percent of the total number of employees in any one establishment in any given pay roll or workweek.

Products of the Scientific Industrial and Laboratory Instruments Industry:

Instruments and apparatus of the type used in navigation, surveying, engineering, drafting, target detection, fire control, meteorology laboratories for physical, chemical, clinical, biological, bacteriological, geological, physiological, and psychological teaching, demonstration, research and testing;

Instruments and apparatus for indicating, measuring, recording or controlling the following: Quantity, quality, temperature, combustion, pressure, flow, density, intensity, humidity, conductivity, position, altitude, level, attitude, angle, direction, distance, speed, and acceleration.

Electrically-actuated instruments used to measure physical quantities; and

Optical glass; but not including: Instruments and apparatus for measuring or controlling flow or consumption of water, gas, or gasoline, used in the services rendered by public utilities and service stations in indicating consumer consumption;

Instruments and apparatus used on automobiles:

Clocks and watches; and Machinists' gauges;

and

Whereas, it appears that substantially all employees subject to the Scientific Industrial and Laboratory Instruments Industry Wage Determination of the Secretary are engaged in commerce or in the production of goods for commerce as that term is defined in the Fair Labor Standards Act of 1938, and that consequently such employees are subject to the learner regulations established for the Fair Labor Standards Act; and

Whereas, it appears desirable for the purpose of coordinating the administration of the Fair Labor Standards Act of 1938 and the Public Contracts Act to amend the Scientific Industrial and Laboratory Instruments Industry Wage Determination of the Secretary to provide that learners may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938.

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before June 23, 1944, why the Secretary of Labor should not amend the wage determination for the Scientific Industrial and Laboratory Instruments Industry, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act so that learners may be employed at submini-

mum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938.

An original and four copies of all objections, protests, or any statements in opposition to or in support of the proposed amendments should be addressed to the Administrator, Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, 165 West 46th Street, New York 19, New York, and should be filed with the Administrator not later than June 23, 1944.

DETERMINATION OF PREVAILING MINIMUM WAGE IN SURGICAL INSTRUMENTS AND AP-PARATUS INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas, the prevailing minimum wage determination for the Surgical Instruments and Apparatus Industry issued by the Secretary of Labor on September 8, 1941, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U.S.C., Supp. III, sec. 35), provides that learners may be employed in the manufacture or furnishing of any one or more of the hereinafter described products of the Surgical Instruments and Apparatus Industry at the rate of 35 cents an hour or \$14 per week of 40 hours for a period not to exceed 60 days, if the total number of employees so classified does not exceed ten percent of the total number of employees in any one establishment in any given pay roll or workweek.

Products of the Surgical Instruments and Apparatus Industry:

Instruments and apparatus used in, or in connection with, or in the aid of the practice of medicine and as particularly applied to surgery, such as surgical and diagnostic instruments and apparatus for medical and surgical treatment, including sutures, ligatures, and sterilizers for surgical purposes, but not including:

Electro-surgical instruments and apparatus in which electricity is the diagnostic, therapeutic or functioning element, such as X-ray, fluoroscope, and high frequency apparatus and equipment, ultra-violet and infra-red ray and other therapeutic and heating lamps, apparatus and equipment;

Orthopedic appliances, such as trusses, braces, supports, splints, artificial limbs, and elastic belts and stockings; and

Surgical dressings;

[Docket No. G-462]

MISSISSIPPI RIVER FUEL CORP., ET AL.

ORDER FIXING DATE OF HEARING

May 23, 1944.

In the matter of Mississippi River Fuel Corporation, Hope Producing Company, Southern Carbon Company, United Carbon Company, La Del Oil Properties, Inc., The Amalgamated Company, Inc., and The Peerless Carbon Black Company.

It appearing to the Commission that:

(a) By orders of the Commission entered April 6¹ and July 27, 1943, an investigation was instituted for the purpose of enabling the Commission:

(1) To determine with respect to Mississippi River Fuel Corporation whether, in connection with any transportation or sale of natural gas subject to the jurisdiction of the Commission any rates, charges, or classifications demanded, observed, charged or collected, or any rules, regulations, practices or contracts affecting such rates, charges, or classifications are unjust, unreasonable, unduly discriminatory, or preferential; and

(2) To determine with respect to Hope Producing Company, Southern Carbon Company, United Carbon Company, La Del Oil Properties, Inc., The Amalgamated Company, Inc., and The Peerless Carbon Black Company (i) whether they are natural-gas companies within the meaning of the Natural Gas Act, and (ii) whether in connection with any transportation or sale of natural gas subject to the jurisdiction of the Commission, any rates, charges, or classifications demanded, observed, charged or collected. or any rules, regulations, practices or contracts affecting such rates, charges, or classifications are unjust, unreasonable, unduly discriminatory, or preferential.

(b) The said orders of April 6 and July 27, 1943, provided, further, that if the Commission, after hearing has been had, shall find that any of Respondents' rates. charges, classifications, rules, regulations, practices, or contracts subject to the jurisdiction of the Commission are unjust, unreasonable, unduly discrimina-tory or preferential, the Commission will determine and fix by order or orders the just and reasonable rates, charges, classifications, rules, regulations, practices or contracts to be thereafter observed

(c) The investigation conducted by the Commission's staff pursuant to the aforementioned orders with respect to the matters set forth in paragraphs (a) (1) and (b) hereof, insofar as such matters relate to Mississippi River Fuel Corporation, has now been substantially completed and discloses conditions, facts and circumstances which warrant a public hearing with respect to such matters.

The Commission orders that:

(a) A public hearing be held commencing on June 21, 1944, at 10:00 a. m., in Room 516, U. S. Customhouse Building, St. Louis, Missouri, with respect to the matters set forth in paragraphs (a) (1) and (b) hereof insofar as such matters relate to Mississippi River Fuel Corporation.

(b) This order is without prejudice to the investigation instituted by the Commission's orders of April 6 and July 27. 1943, with respect to the matters set forth in paragraphs (a) (2) and (b) hereof insofar as such matters relate to Hope Producing Company, Southern Carbon Company, United Carbon Company, La Del Oll Properties, Inc., The Amalgamated Company, Inc. and The Peerless Carbon Black Company.
(c) Interested State commissions may

participate in the hearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas

MEMPHIS NATURAL GAS CO.

NOTICE OF APPLICATION

May 24, 1944.

Notice is hereby given that on May 20, 1944, Memphis Natural Gas Company, a Delaware corporation having its principal place of business in Memphis, Tennessee, filed with the Federal Power Commission its application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, to authorize the construction and operation of the facilities hereinafter described.

The proposed construction consists of a 12¾-inch O. D. gas pipe line approximately 48½ miles in length, with an initial capacity of approximately 50,000 MCF per day, extending from a point adjacent to the gasoline plant of Claiborne Gasoline Company in the North Lisbon Field in Claiborne Parish, Louisiana, to the Applicant's Guthrie compressor station in the Monroe Field in Ouachita Parish, Louisiana.

Applicant asserts that the construction of the proposed facilities is essential and necessary in order to make available to the Applicant a supply of gas in addition to the Monroe Field supply presently available.

Any person desiring to be heard or to make any protest with reference to said application should on or before the 8th day of June, 1944, file with the Federal Power Commission a petition or protest in accordance with the Commission's Provisional rules of practice and regulations under the Natural Gas Act.

FLUID MILK IN ST. CLOUD AND SAUK RAPIDS, MINN.

Order No. G-57 under § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation, under Maximum Price Regulation No. 280. Maximum prices for specific food products, and under Maximum Price Regulation No. 329. Purchases of milk from producers for resale as fluid milk. Adjustment of fluid milk prices for St. Cloud and Sauk Rapids, Minnesota.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation, by § 1351.807 (a) of Maximum Price Regulation No. 280, and § 1351.408 (a) of Maximum Price Regulation No. 329, it is ordered:

(a) Maximum producer prices. The maximum prices which distributors may pay to producers for milk sold for human consumption in fluid form shall be \$2.75 per cwt. for 3.5% milk, plus not more than 5¢ for each 1/10 of a pound of butterfat in excess of 3.5% and minus not less than 5¢ for each 1/10 of a pound of butterfat below 3.5%.

(b) Applicability of producer prices. Maximum prices established by paragraph (a) of this order shall apply to all purchases of fluid milk from producers for resale for human consumption in fluid form by distributors whose bottling plants are located within the corporate limits of the communities of St. Cloud, Minnesota, and Sauk Rapids, Minnesota, or who sell within those communities 50% or more of the milk sold by them. The maximum prices provided in paragraph (a) of this order shall apply only to purchases from producers from

whom distributors covered by this order purchased during the period January 1, 1944, to March 31, 1944, and are not applicable to purchases from producers who did not, in that period, sell to distributors located in the communities of St. Cloud, Minnesota, and Sauk Rapids, Minnesota.

(c) Maximum distributor prices for sales to civilian purchasers. The maximum prices for the sale and delivery of fluid milk with a butterfat content of 4.5% or more at wholesale and at retail in St. Cloud, Minnesota, and Sauk Rapids, Minnesota, shall be the maximum prices determined under the General Maximum Price Regulation or under Maximum Price Regulation 280, whichever is appropriate for the type of sale being made, or the following prices, whichever shall be the higher:

	Wholesale	Retnil

(d) Maximum distributor prices for sales to the Army and Navy. The maximum prices for the sale and delivery of fluid milk to the Army and Navy shall be the price at wholesale computed under paragraph (c) of this order for the particular size and type of container, plus whichever of the following provisions is the higher:

1. One-half cent per quart or a proportionate amount for a part of a quart.

2. The actual transportation costs from the seller's plant to the point of delivery at the lowest common carrier rate.

(e) Applicability of distributor prices. For the purpose of paragraph (c) of this order, sales and deliveries within the St. Cloud and Sauk Rapids, Minnesota area shall mean:

1. All sales made within the city limits of St. Cloud and Sauk Rapids, Minnesota, and all sales at or from an establishment located in St. Cloud and Sauk Rapids, Minnesota.

2. All sales of fluid milk by any seller at retail at or from an establishment obtaining the major portion of its supply of milk from a seller at wholesale located within St. Cloud and Sauk Rapids, Minnesota.

(f) Definitions. (1) Sales at wholesale shall include all sales to retail stores, restaurants, schools, hospitals, prisons, and other institutions.

(2) Army or Navy means the War Department or the Department of the Navy

of the United States, including such Departments' sales stores, commissaries, ships' stores, officers' messes, and stores operated as Army canteens or post exchanges.

(g) Relation of this order to Office of Price Administration Regulations. No purchaser shall pay a larger proportion of transportation costs incurred in the delivery or supply of milk from producers than he paid on deliveries during January, 1943. Except as modified by this order, the provisions of Maximum Price Regulation No. 280, of Maximum Price Regulation No. 329, and of the General Maximum Price Regulation shall remain in full force and effect, and shall not be evaded by any change in business or trade practices.

(h) Revocability. This order may be revoked, amended or corrected at any time. The portion of this order which applies to prices which may be paid to producers has been approved by the Regional Director of the War Food Administration.

[File Nos. 54-42, 54-69, 59-65]

CENTRAL STATES UTILITIES CORP., ET AL.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 24th day of May, A. D., 1944.

In the matters of Central States Utilities Corporation, Central States Power & Light Corporation, Missouri Electric Power Company, Ogden Corporation, File No. 54-42; Ogden Corporation and Subsidiary Companies, File No. 54-69; Ogden Corporation and Subsidiary Companies, File No. 59-65.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Central States Power & Light Corporation ("Central States"), a registered holding company, as an amend-ment to a plan of liquidation previously filed under section 11 (e) of Act by the above-named parties (File No. 54-42).

Notice is further given that any interested person may, not later than June 3, 1944 at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notifled if the Commission should order a hearing thereon. At any time thereafter, said declaration or application (or both), as filed or as amended, may be granted, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th & Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration or application (or both) which is on file in the office of the Commission, for a statement of the transaction therein proposed, which is summarized below:

Central States proposes to use \$200,000 idle cash to purchase for retirement, for the period ending December 31, 1944, at 100% of unpaid principal amount and accrued interest, its outstanding First Mortgage and First Lien Gold Bonds, 51/2 % Series, due 1953. In this connection, the company states that for the past several years it has been engaged in reducing, with the approval of this Commission, the outstanding principal amount of said bonds by purchases in the open market and by solicitations of tenders, paying 100 and accrued interest in both instances; that on March 7, 1944 pursuant to authorization of this Commission, as well as that of the United States District Court for the District of Delaware, the company provided for a pro rata payment of 70% of the principal amount of said bonds outstanding on that date; and that as a result of the said purchases and the provision for pro rata payment of said bonds, there is now outstanding \$925,800 unpaid principal amount of said bonds.

By the Commission.

Halsey, Stuart & Co., Inc.	103.6499	
W. C. Langley & Co., and The First		
Boston Corporation	103, 629	
Lehman Brothers	103, 4329	
Mellon Securities Corporation	103.1599	

1 Plus accrued interest.

And it further appearing that West Penn Power Company has accepted the bid of the syndicate headed by Halsey, Stuart & Co., Inc., such bonds to be resold to the public at 104.5% of the principal amount thereof plus accrued interest from May 1, 1944 to the date of delivery, representing a spread to the underwriters of .8510% of the principal amount of said bonds; and

The Commission having examined the record herein and finding no basis for imposing additional terms and conditions with respect to the proposed transactions other than those prescribed by Rule

U-24;

It is ordered, That the said declaration, as amended, be and the same is hereby permitted to become effective forthwith subject to the terms and conditions prescribed by Rule U-24.

CONSOLIDATED NATURAL GAS CO. AND NEW YORK STATE NATURAL GAS CORP.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 24th day of May 1944.

Notice is hereby given that a joint application or declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Consolidated Natural Gas Company (Consolidated), a registered holding company, and its non-utility pipe line subsidiary, New York State Natural Gas Corporation (New York State).

Notice is further given that any interested person may, not later than June 5,

1944, at 10:00 a. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said joint application or declaration, as filed or as amended, may be granted, as pro-vided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said joint application or declaration, which is on file in the office of the said Commission, for a statement of the transactions therein proposed, which are

summarized below:

New York State proposes to issue 30,000 shares of capital stock (\$100 par value) to Consolidated for \$3,000,000 cash, which amount New York State proposes to use to finance the construction costs of a 127 mile natural gas transmission pipe line, 12 inches in diameter, in the State of Pennsylvania, extending from a point of connection with the system of The Hope Natural Gas Company (a subsidiary of Consolidated) on the Pennsylvania-West Virginia State Line, in a northeasterly direction to a connection with the southerly end of the Potter County Line of the Peoples Natural Gas Company (also a subsidiary of Consolidated).

This transaction is the initial step in a program which contemplates the construction and acquisition by New York State of direct transmission facilities connecting The Hope Natural Gas Company system at the Pennsylvania-West Virginia State Line with the New York State system in Northern Pennsylvania.

The construction and operation of the 127 mile natural gas transmission line has been authorized by the Federal Power Commission and a Preference Rating and Allotment Certificate has been granted by the War Production Board for the materials required in the construction of the pipe line.

VIRGINIA ELECTRIC AND POWER CO., ET AL.
APPLICATION GRANTED

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 23d day of May 1944.

In the matter of Virginia Electric and Power Company, Virginia Public Service Company, Engineers Public Service Company, File No. 70–846.

In the matter of General Gas & Electric Corporation, File No. 70-850.

Virginia Electric and Power Company, a subsidiary company of Engineers Public Service Company, a registered holding company, having filed an application pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 seeking an exemption from the provisions of section 6 (a) of said act of the issuance and sale of \$23,000,000 principal amount of its First and Refunding Mortgage Bonds, Series D 3%, due April 1. 1974, to be sold in accordance with Rule U-50 promulgated under said act; the Commission by its order of April 29, 1944, having granted, among other things, said application, as amended, subject to the condition that the proposed issuance and sale of said bonds should not be consummated until the results of the competitive bidding pursuant to Rule U-50 should have been made a matter of record in this proceeding and a further order should have been entered by this Commission in the light of the record so completed, which order might contain further terms and conditions as might then be deemed appropriate, jurisdiction being reserved for the imposition thereof in connection with the proposed transactions; and

Said Virginia Electric and Power Company having made a report to this Commission in the form of a further amendment to the application, setting forth the action taken to comply with Rule U-50 and showing that, pursuant to the invitation for competitive bids, three bids on said bonds by three groups of underwriters headed by Stone & Webster and Blodget, Incorporated, Eastman, Dillon & Co., and Halsey, Stuart & Co., Inc., respectively, were received, as follows:

¹ Plus accrued interest.

and the applicant further reporting that it has accepted the bid of the syndicate headed by Stone & Webster and Blodget, Incorporated, and that said bonds are to be resold to the public at 103.25 and accrued interest, representing a spread to the underwriters of .9501; and

The Commission having examined said amendment and finding no basis for imposing terms and conditions with respect to the price to be paid to the company, the underwriters' spread and the distribution thereof, or the interest rate, and finding no basis for the imposition of additional terms and conditions:

It is ordered, That said application, as amended, be and hereby is granted, subject to the terms and conditions contained in Rule U-24 and to Condition No. 4 to the Commission's order of April 29, 1944, namely: that jurisdiction be and the same hereby is reserved with respect to all legal fees incurred or to be incurred in connection with the consummation of the various transactions.

FEDERAL LIGHT & TRACTION CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa. on the 24th day of May, A. D. 1944.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Federal Light & Traction Company (Federal), a registered holding company. All interested persons are referred to said document which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Federal proposes to sell all of the outstanding common stock, namely, 50,000 shares, without par value, of Springfield Gas and Electric Company to R. H. Teed of Hot Springs, Arkansas, and such associates as he may determine, which may include some or any of the parties active in the operations of said company, for \$650,000 in cash, pursuant to an agreement dated April 22, 1944. Of said consideration, \$32,500 was paid upon execution of said agreement and the balance is payable on delivery of the securities. The funds received by Federal from such sale will be added to its general funds.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission.

to further order of this Commission, It is ordered, That a hearing on such matters under the applicable provisions of said act and rules of the Commission thereunder be held on June 7, 1944, at 10:00 a. m. at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pa. On such day the hearing room clerk will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such declaration shall become effective or why such application shall be granted. Notice is hereby given of said hearing to the above-named declarant or applicant and to all interested persons, said notice to be given to said declarant or applicant by registered mail and to all other persons by publication in the FEDERAL REGISTER. Any persons desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission on or before June 5, 1944, his request or application therefor as provided by Rule XVII of the rules of practice of this Commis-

It is further ordered, That Allen Mac-Cullen or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether and to what extent it is necessary or appropriate in the public interest or for the protection of investors or consumers to impose terms or conditions in regard to the proposed sale having particular regard for the con-

sideration to be received for such sale, maintenance of competitive conditions, fees and commissions, accounts, disclosures of interest, and similar matters.

2. Generally, whether the proposed transaction is in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and the rules thereunder and, if not, what modifications should be required to be made therein and what terms and conditions should be imposed to satisfy the statutory standards.

3. Whether the proposed transaction is fair and equitable to the persons interested and is necessary to effectuate the provisions of section 11 (b).

AMERICAN STATES UTILITIES CORP., ET AL. MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 25th day of May, A. D. 1944.

In the matter of American States Utilities Corporation, Edison Sault Electric Company, Southern California Water Company, Respondents.

Simplification of holding company system. Extension of time pursuant to section 11 (c) of the act. Application of a registered holding company and its subsidiary companies, filed pursuant to section 11 (c), for an extension of time within which to comply with an order issued pursuant to section 11 (b) (2) requiring the holding company to liquidate and dissolve, granted, for a period of six months, the Commission finding that applicant has been unable in the exercise of due diligence to comply with the order within one year from the date thereof and that such extension is necessary and appropriate in the public interest and for the protection of investors and consumers. Appearances: M. Morton Weinstein of the Public Utilities Division of the Commission.

American States Utilities Corporation ("American States"), a registered holding company, and its subsidiary companies, Edison Sault Electric Company ("Edison Sault") and Southern California Water Company ("Southern California") have filed an application pursuant to section 11 (c) of the Public

1 Section 11 (c) provides:

⁽c) Any order under subsection (b) shall be complied with within one year from the date of such order; but the Commission shall, upon a showing (made before or after the entry of such order) that the applicant has been or will be unable in the exercise of due diligence to comply with such order within such time, extend such time for an additional period not exceeding one year if it finds such extension necessary or appropriate in the public interest or for the protection of investors or consumers.

Utility Holding Company Act of 1935 requesting a six months' extension of the period within which it must comply with an order of the Commission dated April 9, 1943.2 Such order directed, pursuant to section 11 (b) (2) of the act, that American States take such action as is necessary to cause its liquidation and dissolution, and further directed American States and its subsidiaries to submit a plan to effect prompt compliance with the said order.

After appropriate notice, a public hearing was held upon said application, and the Commission, having considered the record, makes the following findings:

At the time of the entry of our order of April 9, 1943, American States had three subsidiary companies, Edison Sault, an electric utility operating in the upper peninsula of Michigan and on Mackinac Island, Michigan, Southern California, a water company operating in and about the City of Los Angeles, California, and Grimes Pass Power Company, an electric utility operating in

Boise County, Idaho. Since April 9, 1943, American States has caused Grimes Pass Power Company to sell and dispose of all its assets and to dissolve. In order to dispose of its interests in Edison Sault and Southern California and to effectuate compliance with the terms of our order of April 9. 1943, American States has filed with this Commission a plan of liquidation which proposes the distribution in kind to its preferred and common stockholders of its interests in the said remaining subsidiaries. Public hearings have been ordered to be held on this plan before a trial examiner of this Commission on June 8, 1944. The record indicates that much time during the year was expended in the formulation of the said plan, including the preparation of various studies on the assets and earning power of Edison Sault and Southern California.

In view of all the circumstances, we find that the applicants have made a showing of due diligence within the purview of section 11 (c) of the act and that an extension of time of six months within which to comply with our order of April 9, 1943 is necessary and appropriate in the public interest and for the protection of investors and consumers.

It is therefore ordered, That American States Utilities Corporation, Edison Sault Electric Company and Southern California Water Company be, and are hereby, granted an additional period of six months from April 9, 1944, within which to comply with the provisions of the said order of April 9, 1943.

By the Commission.

NORTHERN INDIANA PUBLIC SERVICE CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 25th day of May 1944.

Northern Indiana Public Service Company, a subsidiary of Clarence A. Southerland and Jay Samuel Hartt, Trustees of the Estate of Midland Utilities Company, a registered holding company, having filed applications, as amended, and declarations, as amended, under sections 6, 7, and 12 of the Public Utility Holding Company Act of 1935 and the Rules and Regulations promulgated thereunder, with respect to:

1. The reduction of the stated value of the no par value common stock of Northern Indiana Public Service Company from \$18,790,223.34 to \$13,851,-356.81, thereby creating capital surplus in the amount of \$4,938,866.53, to be immediately extinguished by charging it with \$4,938,866.53 of the \$8,455,526.46 reclassified, as of January 1, 1937, in its plant adjustment account.

2. The refinancing of 220,078 shares of its outstanding cumulative preferred stock (69,858 shares of the 7% series, 124,505 shares of the 6% series, and 25,715 shares of the 5½% series).

3. A request that the Commission enter an order finding that compliance with Rule U-50 requiring competitive bidding is not appropriate or necessary with respect to the refinancing of the preferred stock.

The Commission having issued, on May 5, 1944, an order denying the request for the exception from competitive bidding (Holding Company Act Release No. 5031); and

Northern Indiana Public Service Company having requested that the Commission defer action until the filing of a further amendment upon the refinancing of the preferred stocks; and

Public hearings having been held upon such matters after appropriate notice, and the Commission having considered the record and having made and filed its findings and opinion herein;

It is ordered. That said declaration, as amended, relating to the reduction of the stated value of the no par value common stock of Northern Indiana Public Service Company and the accompanying accounting adjustments, be and hereby is permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24.

It is further ordered, That jurisdiction be and hereby is reserved over all phases of the refinancing of the preferred stocks.

"KIYO MARU"

DETERMINATION OF VESSEL OWNERSHIP

Notice of determination by War Shipping Administrator pursuant to section 3 (b) of the act approved March 24, 1943 (Pub. Law 17, 78th Cong.)

Whereas on December 23, 1941, title to the vessel "Kiyo Maru," (238251), (including all spare parts, appurtenances and equipment) was requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended; and

Whereas section 3 (b) of the act approved March 24, 1943 (Pub. Law 17, 78th Cong.), provides in part as follows:

(b) The Administrator, War Shipping Administration, may determine at any time prior to the payment in full or deposit in full with the Treasurer of the United States, or the payment or deposit of 75 per centum, or just compensation therefor, that the ownership of any vessel (the title to which has requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended, or the Act of June 6, 1941 (Public Law 101, Seventy-Seventh Congress)), is not required by the United States, and after such determination has been made and notice thereof has been published in the FEDERAL REGISTER, the use rather than the title to such vessel shall be deemed to have been requisitioned for all purposes as of the date of the original taking; Provided however, That no such determination shall be made with respect to any vessel after the date of delivery of such vessel pursuant to title requisition except with the consent of the owner. * * *;

Whereas no portion or just compensation for the said vessel has been paid or deposited with the Treasurer of the United States; and

Whereas the ownership of the said vessel, spare parts, appurtenances and equipment is not required by the United States: and

Whereas the former owner of the vessel has consented to this determination and to the return of the vessel and the conversion of the requisition of title therein to a requisition of use thereof in accordance with the above-quoted provision of law:

Now therefore, I, Emory S. Land, Administrator, War Shipping Administration, acting pursuant to the above-quoted provisions of law, do hereby determine that the ownership of said vessel, spare parts, appurtenances and equipment is not required by the United States, and that, from and after the date of publication hereof in the FEDERAL REGISTER, the use rather than title thereto shall be deemed to have been requisitioned, for all purposes, as of the date of the original taking.
