Migratory game birds of a species on which open seasons are prescribed by regulation 4, legally taken, and parts thereof, may be transported in or out of Alaska, Puerto Rico, or the State where taken, during the respective open seasons therein. Such birds when legally taken in and exported from Canada or Mexico, and if from Mexico when accompanied by a Mexican export permit, may be transported into the United States during the open seasons where killed.

Not more than the number of such birds permitted by regulation 5 to be taken by one person in one day, except American and redbreasted mergansers, or in two days in the case of woodcock, and ducks (except wood ducks), nor more than four geese, including brant, but not including blue, snow, or white-fronted geese, and in addition not more than eight singly or in the aggregate of blue, snow, or whitefronted geese where such are permitted to be taken, shall be transported by any one person in 1 calendar week out of Alaska, Puerto Rico, or the State where taken or from Canada or Mexico into the United States.

Any such birds or parts thereof in transit during the open season may continue in transit for such additional time immediately succeeding such open season, not to exceed 5 days, necessary to deliver them to their destination, and may be possessed in any State, Alaska, Puerto Rico, or the District of Columbia, during the period constituting the open season where taken, and for an additional 45 days next succeeding said open season. Any package in which such birds or parts thereof are transported shall have the name and address of the shipper and of the consignee and an accurate statement of the numbers and kinds of birds or parts thereof contained therein clearly and conspicuously marked on the outside thereof.

Nothing contained herein shall be construed as permitting transportation of such birds, or parts thereof, from, to, or through any State, Alaska, Puerto Rico, or the District of Columbia, or to or through Canada or Mexico contrary to the laws of the place in which taken or from, to, or through which transported; nor shall any such birds be imported from Canada or Mexico contrary to the laws of the place in which taken or from, to, or through which transported.

Migratory game birds imported from countries other than Canada and Mexico. Migratory game birds of a species on

which open seasons are prescribed by regulation 4, legally taken in and exported from a foreign country (other than Canada and Mexico, for which provision is hereinbefore made) may be transported by any one person in 1 calendar week in numbers not exceeding those permitted by regulation 5 to be taken by one person in 1 day, except American and redbreasted mergansers, or in 2 days in the case of woodcocks, ducks (except wood ducks), but not more than 4 geese, including brant, but not including blue, snow, or whitefronted geese, and in addition not more than eight singly or in the aggregate of blue, snow, or whitefronted geese, to any State, Alaska, or Puerto Rico during the open season prescribed by said regulation 4 for such State, Alaska, or Puerto Rico on that species, and to the District of Columbia during the open season so prescribed for Maryland, and may be possessed in such State, Alaska, or Puerto Rico, or the District of Columbia for an additional 45 days immediately succeeding such open season, if transportation and possession of such birds are not prohibited by such State, Alaska, or Puerto Rico and if transported in packages marked as hereinbefore provided.

Regulation 7—Taking of Certain Migratory Nongame Birds by Eskimos and Indians in Alaska

In Alaska, Eskimos and Indians may take, in any manner and at any time, and may possess and transport, auks, auklets, guillemots, murres, and puffins and their eggs and skins for use of themselves and their immediate families for food and clothing.

Regulation 8—Propagating, Scientific, and Other Permits

1. Any person without a permit may possess and transport for his own use, legally acquired live migratory waterfowl and the plumage and skins of legally taken migratory game birds, and such person may possess, dispose of, and transport for the making of fishing flies, bed pillows, and mattresses, and for similar commercial uses, but not for millinery nor ornamental use, feathers of wild ducks and wild geese legally killed or seized and condemned by Federal or State game authorities.

2. Permits for the taking, acquisition, and possession of live migratory birds and their eggs for propagating purposes, for the taking, acquisition and possession of migratory birds and their eggs, nests, or parts for scientific and other limited purposes, for the disposition and transportation of such birds, eggs, nests, parts, and their increase, and for the mounting or other preparation by a taxidermist of such birds, eggs or nests, may be issued under the direction of the Secretary, upon such terms and conditions, including the keeping of records and the making of reports, as he may deem are necessary for the protection of the species and consistent with the general purposes of these regulations.

3. Without obtaining a permit as otherwise required in Section 2 of this regulation, public museums, zoological parks and societies, and public scientific and

educational institutions may acquire, possess, purchase, dispose of and transport migratory birds and their eggs, nests or parts. State or municipal game farms or city parks also may acquire, possess, dispose of, and transport live migratory waterfowl without a permit.

4. Applications for permits shall be in such form as may be prescribed by the Secretary, and shall be addressed to the Director of Fish and Wildlife Service, Chicago 54, Illinois.

5. Every package in which migratory birds or parts, nests or eggs thereof, are shipped wholly within a State or Territory or the District of Columbia, or in which such birds or parts or eggs thereof are transported by any means whatever from one State, Territory, or the District of Columbia, to, into, or through another State, Territory, or the District of Columbia, or to a foreign country, shall be plainly and clearly marked, labeled, or tagged on the outside thereof to show the name and address of the consignor and consignee, the contents of the package, the number of the permit under authority of which it is shipped or transported, and the purpose for which the birds or parts, nests or eggs are being shipped or transported.

Regulation 9—Permits to Kill Migratory Birds Injurious to Agriculture or Other Interests

Agriculture or other injury. When information is furnished the Secretary that any species of migratory bird has become, under extraordinary conditions, seriously injurious to agriculture or other interests in any extensive area, an investigation will be made to determine the nature and extent of the injury, whether the birds alleged to be doing the damage should be killed, and, if so, during what times, hours, and by what methods and means. Upon such determination an appropriate order will be made by the Secretary.

Whenever, by reason of a rapid decrease in the distribution and abundance of any species of migratory game birds during any open season specified in these regulations, the shortening of such season or the reduction of the daily bag and possession limits will operate to insure a continuing and normal supply of such species, then, in that event the applicable season or the daily bag and possession limits of such species shall be shortened or reduced to the extent determined necessary to insure such continuing and normal supply. Whenever, by reason of the destruction of valuable agricultural crops through the overabundance of any species of migratory game birds during either an open or closed season specified in these regulations, the lengthening of an open season or the increase of the daily bag and possession limits or a change in the manner, method or hours of such taking will operate to reduce the destruction of valuable agricultural crops, then, in such event the applicable season or daily bag and possession limits may be increased or the manner, method or hours of taking changed for such fixed period or time to the extent necessary to conserve such valuable agricultural crops. In no event shall any

season be lengthened to provide an open season of more than 3½ months.

The facts as to the decrease in distribution and abundance of any species of migratory game birds requiring a shortening of seasons or reductions of daily bag and possession limits, or as to the destruction of valuable agricultural crops requiring the lengthening of seasons or other remedial action, shall be determined by the Secretary and in accordance therewith he shall issue applicable orders which shall become effective when published in the FEDERAL REGISTER.

Specific injury. Upon receipt by the Director, or the Regional Director in the region where the injury occurs, of information from the owner, tenant, or sharecropper that migratory birds are injuring his crops or other interests on the land on which he resides, together with a statement of the location of the land, the nature of the crops or other interests being injured, the extent of such injury, and the particular species of birds committing the injury, an investigation will be made, and if it is determined from such investigation that the injury complained of is substantial and can be abated only by killing the birds, or some of them, permits to kill the birds may be issued by the Director or by the Regional Director, if authorized by the Director, in which permits will be specified the time during which, the means and methods by which, and the person or persons by whom the birds may be killed, and the disposition to be made of the birds so killed, and such other restrictions as may be deemed necessary and appropriate in the circumstances of the particular case.

Every person exercising any privilege granted in a permit issued by the Director or Regional Director shall keep an accurate record of all migratory birds killed by him and whenever requested by the Director or by the Regional Director shall submit promptly, on a form provided by the Fish and Wildlife Service for the purpose, a report correctly stating the species and the number of each species of migratory birds killed by him, and in any event shall submit such report to the Regional Director on or before January 10 of each year. Failure to submit a report as required by this regulation will be sufficient cause for revocation of the permit or withdrawal of any privilege accorded any person failing to make the report.

Regulation 10—State Laws for the Protection of Migratory Birds

Nothing in these regulations or in any permit issued thereunder shall be construed to permit the taking, possession, sale, purchase, or transportation of migratory birds, or parts, nests, or eggs thereof contrary to the laws and regulations of any State or Territory or the District of Columbia, made for the purpose of giving further protection to migratory birds, their nests, and eggs, when such laws and regulations are not inconsistent with the conventions between the United States and any other country for the protection of migratory birds or with the Migratory Bird Treaty Act

and do not extend the open seasons for such birds beyond the dates prescribed by these regulations.

Regulation 11—Transportation of Game Mammals to and From Mexico

Game mammals or parts or products thereof, taken in and transported from a State, Territory, or the District of Columbia, may be transported to Mexico, if the importation thereof is not prohibited by law or regulation of that country, upon presentation to the collector of customs at the port of exit of the certificate of an official, warden, or other officer of the game department of such State, Territory, or District, that such game mammals, or parts or products thereof, which must be listed in the certificate, were taken or acquired, and are being transported in compliance with the laws and regulations of such State, Territory, or District.

Live game mammals authorized by a special permit issued by the Secretary of the Interior, pursuant to section 241 of the Penal Code, the administration of which section was in part transferred to said Secretary on July 1, 1939, pursuant to the Reorganization Act of 1939 (53 Stat. 561), to be imported, and the dead bodies of game mammals, or parts, or products thereof, proceeding from Mexico, if accompanied by a Mexican export permit, may be transported into the United States, but their possession in any State or Territory or the District of Columbia will be subject to the laws of such State, Territory, or District.

The Migratory Bird Treaty Act regulations approved August 11, 1939 (54 Stat. 2615), and all amendments thereof are hereby revoked, but all permits heretofore made or issued pursuant to said act and now in force authorizing the killing or other disposition of certain species of migratory birds when injurious to crops and other property and interests and the taking, possession, sale, purchase, exchange, or transportation of migratory birds and their nests and eggs for scientific purposes, and migratory waterfowl and their eggs for propagating purposes, are hereby continued and extended in full force and effect as permits adopted and approved or made or issued hereunder.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and caused the seal of the Department of the Interior to be affixed, this 25th day of July, 1944.

[SEAL]

HAROLD L. ICKES,
Secretary of the Interior.

AND WHEREAS upon consideration it appears that approval of the foregoing regulations will effectuate the purposes of the aforesaid Migratory Bird Treaty Act:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby approve and proclaim the foregoing regulations.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

TITLE 7—AGRICULTURE

Chapter IX—War Food Administration
(Marketing Agreements and Orders)PART 965—MILK IN THE CINCINNATI, OHIO,
MARKETING AREAHANDLING OF MILK IN CINCINNATI, OHIO,
MARKETING AREA

Order amending the order, as amended, regulating the handling of milk in the Cincinnati, Ohio, marketing area.

§ 965.1 *Findings and determinations*—(a) *Findings upon the basis of hearing record.* Pursuant to the act and the rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR, Cum. Supp. 900.1-900.17; 7 F.R. 3350, 8 F.R. 2815), a public hearing was held upon certain proposed amendments to the tentatively approved marketing agreement and to the order, as amended, regulating the handling of milk in the Cincinnati, Ohio, marketing area. It is hereby found upon the basis of the evidence introduced at the original hearing on said order and in addition to the other findings made prior to or at the time of the original issuance of said order (which findings are hereby ratified and affirmed, save only as such findings are in conflict with the findings hereinafter set forth), that:

(1) The order regulating the handling of milk in the said marketing area, as amended and as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in the Cincinnati, Ohio, marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to sections 2 and 8 (e) of the act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices set forth in the said order, as amended and as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(3) The said order, as amended and as hereby amended, regulates the handling of milk in the same manner, and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who

are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of at least 50 percent of the volume of milk covered by this order, which is marketed within the Cincinnati, Ohio, marketing area, refused or failed to sign the tentatively approved marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said tentatively approved marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of the said order, as amended and as hereby amended, is the only practical means pursuant to the declared policy of the act of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of the order, as amended and as hereby amended, is approved or favored by at least two-thirds of the producers who participated in a referendum on the question of its approval and who, during the determined representative period, were engaged in the production of milk for sale in the said marketing area.

Order Relative to Handling

It is hereby ordered, That such handling of milk in the Cincinnati, Ohio, marketing area as is in the current of interstate commerce or as directly burdens, obstructs, or affects interstate commerce shall from the effective date hereof be in compliance with the terms and conditions of the said order, as amended and as hereby amended; and the said order, as amended, is hereby amended as follows:

1. Delete § 965.6 (a) (1) (9 F.R. 825) and substitute therefor the following:

(1) Class I milk—\$3.80.

2. Delete § 965.6 (a) (2) and substitute therefor the following:

(2) Class II milk—\$3.35: *Provided*, That the price for Class II milk shall not be less than the price for Class III milk plus 15 cents.

(48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U.S.C. 601 et seq.)

Issued at Washington, D. C., this 31st day of July 1944, to be effective on and after the 16th day of August 1944.

War Food Administrator.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 4319]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

MORTON SALT CO.

§ 3.45 (e) *Discriminating in price—Indirect discrimination—Cumulative discounts:* § 3.45 (e) *Discriminating in price—Indirect discrimination—Discounts and allowances.* In the sale of Morton's Free Running Table Salt, plain or iodized, or other grades of table salt in commerce, discriminating directly or indirectly in the price of such products of like grade and quality as among wholesale or retail dealers purchasing said salt when the differences in price—defined, for the purposes of comparison, as used in the order as taking into account discounts, allowances, and other terms and conditions of sale—are not justified by differences in the cost of manufacture, sale, or delivery resulting from differing methods or quantities in which such products are sold or delivered by selling any of such products (1) to some wholesalers thereof at prices different from the prices charged other wholesalers who in fact compete in the sale and distribution of such products; (2) to some retailers thereof at prices different from the prices charged other retailers who in fact compete in the sale and distribution of such products; or (3) to any retailer at prices lower than prices charged wholesalers whose customers compete with such retailer; prohibited. (Sec 2 (a), 49 Stat. 1526; 15 U.S.C., sec. 13 (a)) (Cease and desist order, Morton Salt Company, Docket 4319, July 28, 1944)

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 28th day of July, A. D. 1944.

In the Matter of Morton Salt Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, answer of the respondent, testimony and other evidence in support of the allegations of said complaint and in opposition thereto taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence and exceptions filed thereto, briefs in support of the complaint and in opposition thereto, and oral argument of counsel; and the Commission having made its findings as to the facts and its conclusions that respondent has violated the provisions of subsection (a) of section 2 of an act of Congress entitled, "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (Clayton Act), as amended by Act approved June 19, 1936 (Robinson-Patman Act):

It is ordered, That respondent, Morton Salt Company, a corporation, and its officers, representatives, agents, and employees, directly or through any corporate or other device in the sale of Mor-

ton's Free Running Table Salt, plain or iodized, or other grades of table salt in commerce as "commerce" is defined in the aforesaid Clayton Act, do forthwith cease and desist from discriminating directly or indirectly in the price of such products of like grade and quality as among wholesale or retail dealers purchasing said salt when the differences in price are not justified by differences in the cost of manufacture, sale, or delivery resulting from differing methods or quantities in which such products are sold or delivered,

(a) By selling any of such products to some wholesalers thereof at prices different from the prices charged other wholesalers who in fact compete in the sale and distribution of such products.

(b) By selling any of such products to some retailers thereof at prices different from the prices charged other retailers who in fact compete in the sale and distribution of such products.

(c) By selling any of such products to any retailer at prices lower than prices charged wholesalers whose customers compete with such retailer.

For the purposes of comparison, the term "price" as used in this order takes into account discounts, allowances, and other terms and conditions of sale.

Chapter II—Securities and Exchange Commission

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

RATIO OF INDEBTEDNESS TO NET CAPITAL; BROKERS AND DEALERS

The Securities and Exchange Commission, deeming it necessary for the exercise of the functions vested in it and necessary and appropriate in the public interest and for the protection of investors so to do, pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 15 (c) and 23 (a) thereof, hereby amends § 240.15c3-1 [Rule X-15c3-1] to read as follows:

§ 240.15c3-1 *Ratio of aggregate indebtedness to net capital*—(a) *General provision.* No broker or dealer shall permit his aggregate indebtedness to all other persons to exceed 2,000 per centum of his net capital.

(b) *Exemptions.* The provisions of this rule shall not apply to any broker or dealer who (1) does not extend credit to any person to whom he sells or for whom he purchases any securities, and (2) does not carry money or securities for the account of customers or owe money or securities to customers, except as an incident to transactions with or for customers which are promptly consummated by payment or delivery: *Provided,* That credit shall not be deemed to be extended by reason of a bona fide delayed delivery of any such security against full payment of the entire purchase price thereof upon such delivery within thirty-five (35) days after such purchase.

(c) *Definitions.* For the purpose of this rule:

(1) The term "aggregate indebtedness" shall be deemed to mean the total money liabilities of a broker or dealer arising in connection with any transaction whatsoever, including, among other things, money borrowed, money payable against securities loaned and securities "failed to receive," customers' free credit balances, credit balances in customers' accounts having short positions in securities, and equities in customers' commodities future accounts, but excluding

(i) Indebtedness secured by exempted securities;

(ii) Amounts segregated in accordance with the provisions of the Commodity Exchange Act and the rules and regulations thereunder; and

(iii) Liabilities on open contractual commitments;

(2) The term "net capital" shall be deemed to mean the net worth of a broker or dealer (that is, the excess of total assets over total liabilities), adjusted by

(i) Adding unrealized profits (or deducting unrealized losses) in the accounts of the broker or dealer and, if such broker or dealer is a partnership, adding equities (or deducting deficits) in accounts of partners;

(ii) Deducting fixed assets and assets which cannot be readily converted into cash, including, among other things, real estate, less any indebtedness secured thereby; furniture and fixtures; exchange memberships; prepaid rent, insurance and expenses; unsecured advances and loans to partners, officers, directors, employees, and salesmen; customers' unsecured notes and accounts; and deficits in customers' accounts, except in bona fide cash accounts within the meaning of section 4 (c) of Regulation T of the Board of Governors of the Federal Reserve System;

(iii) Deducting 10% of the market value of securities long and short (except exempted securities) in the capital, proprietary and other accounts of the broker or dealer and, if such broker or dealer is a partnership, in accounts of partners;

(iv) Deducting, in the case of a broker or dealer who has open contractual commitments, 10% of the value (which shall be the market value whenever there is a market) of each net long and each net short position contemplated by any existing contractual commitment in the capital, proprietary and other accounts of the broker or dealer and, if such broker or dealer is a partnership, in accounts of partners, except as to exempted securities, and except that the deduction with respect to any individual commitment shall be reduced by the unrealized loss in such commitment; and

(v) Deducting, in the case of a broker or dealer who is a sole proprietor, the excess of (a) liabilities which have not been incurred in the course of business as a broker or dealer over (b) assets not used in the business, but only if such excess would materially affect net worth;

(3) The term "exempted securities" shall mean those securities specifically defined as exempted securities in section 3 (a) (12) of the Securities Exchange Act of 1934;

(4) The term "partner," where the broker or dealer is a partnership, shall mean only a partner who has agreed in writing that the equity in any accounts he may maintain with such partnership shall be included as partnership property;

(5) The term "contractual commitments" shall include underwriting, when-issued and delayed delivery contracts, endorsements of puts and calls, commitments in foreign currencies, and spot (cash) commodities contracts, but shall not include uncleared regular way purchases and sales of securities and contracts in commodities futures; a

series of contracts of purchase or sale of the same security conditioned, if at all, only upon issuance may be treated as an individual commitment; and

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-599]

D. APPLETON-CENTURY CO. INC.

D. Appleton-Century Co. Inc. is a corporation organized under the laws of the State of New York with an office and place of business at 35 West 32nd street, New York City and engaged in the business of publishing and selling books. During the calendar year 1942, the company caused to be put into process in the production of books 2,064,077 pounds of paper. Under Limitation Order L-245 the company was entitled to put into process for production of books during the year 1943 only 90 per cent of the amount of paper by weight put into process during 1942, or 1,857,699.3 pounds of paper. The company put into process during the year 1943 2,293,657 pounds of paper, an excessive use of 435,987.7 pounds. The company offers the explanation that confusion existed for months in its accounting department as a result of the illness and resignation of its treasurer, and that its records of paper consumption had always been compiled by dollar values and not by weight. The company was familiar with the terms of Order L-245 and while there was no deliberate intent on the part of the company to exceed its quota or otherwise violate Limitation Order L-245, its officers failed to take reasonably prudent steps to establish its quota early enough in the year to serve as a guide for the control of its operations and to prevent the substantial excess usage which concededly took place. This excessive use of paper has diverted scarce material to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.599 *Suspension order No. S-599.* (a) D. Appleton-Century Co. Inc., its successors and assigns, shall reduce its consumption of paper during the year 1944 so that the total amount of paper put into process in the calendar year 1944 shall be 435,987.7 pounds less than it would otherwise be permitted to put into process during 1944 under the provisions of Limitation Order L-245, unless otherwise authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve D. Appleton-Century Co. Inc., its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on the date of issuance and shall expire on December 31, 1944.

Issued this 11th day of August 1944.

PART 3270—CONTAINERS

[Conservation Order M-290, Direction 5]

DELIVERIES OF SHEETS TO SHEET PLANTS UNDER THIRD QUARTER AUTHORIZATIONS AFTER OCTOBER 1, 1944

The following direction is issued pursuant to conservation Order M-290:

(a) If all of the conditions stated in this direction are fulfilled, a sheet plant may accept against third quarter authorizations deliveries of corrugated and solid fibre sheets, even though they were not delivered or in transit to it by September 30, 1944.

(1) The sheet plant must have placed its order, duly certified its accordance with Order M-290 (see paragraphs (c) and (d), for the sheets with its supplier prior to September 20, 1944, and must be entitled to accept the sheets, in so far as tonnage is concerned, within the authorization it received for the third quarter of 1944.

(2) The corrugated or solid fibre sheets must be made from containerboard which was delivered or in transit to the sheet supplier prior to October 1, 1944, pursuant to a duly certified purchase order carrying the sheet plant's authorization number in accordance with paragraph (c) of Order M-290.

(b) This direction supersedes, to the extent indicated, the statement contained in outstanding third quarter authorizations for containerboard to the effect that such authorizations lapse with respect to any containerboard not actually delivered or in transit to the consumer by the last day of the quarter covered by his application. In all other respects, the provisions of Order M-290 and all authorizations issued thereunder remain fully applicable.

Issued this 12th day of August 1944.

[General Conservation Order M-380, as Amended July 21, 1944, Amdt. 1]

MOISTURE VAPOR BARRIER MATERIAL

Section 3281.96 *General Conservation Order M-380* is hereby amended in the following respects:

I. Add the following two new paragraphs (a) (7) and (a) (8):

(7) "Ammunition container bag" means a container made of moisture vapor barrier material used to package ammunition for the Army and Navy of the United States.

(8) "Powder bag" means a container made of moisture vapor barrier material used to package gun powder for the Army and Navy of the United States.

II. Amend paragraph (b) (3) to read as follows:

(3) No person shall use any moisture vapor barrier material, moisture barrier bags or processed sheets except for ammunition container bags, powder bags and for packaging products which have been ordered by or for the account of the Army or Navy of the United States. PART 3133—PRINTING AND PUBLISHING

[Limitation Order L-240, Supp. 1, as Amended Aug. 12, 1944]

NEWSPAPERS

§ 3133.6a *General Limitation Order L-240, Supplement No. 1—(a) Purpose of appeal clause.* The serious shortage in the supply of print paper available for newspapers makes it necessary for publishers to reduce their consumption substantially, as provided in Order L-240. Such reductions may create serious hardships which, however, are unavoidable in time of war. Appeals are not granted to ameliorate, in individual cases, hardships applicable to an entire industry. They are granted only to provide relief, subject to the provisions of paragraphs (b) to (g), from certain undue and excessive hardships which would be created if the order were applied without modification to an exceptional set of circumstances. Appeals which do not establish such hardships shall be denied.

(b) *No automatic adjustments.* Paragraph (f) of this supplement describes the types of hardships for which quota adjustments shall be made by the War Production Board on appeal. These adjustments, however, are not automatic. A publisher who believes that his case is covered by one of the subparagraphs of paragraph (f) may not make his own adjustment of his consumption quota. No publisher may use any paper in excess of his consumption quota, computed in accordance with paragraphs (j) to (m)

of Order L-240, unless he files an appeal for such relief and a grant is made in writing signed by the Recording Secretary of the War Production Board.

(c) *Adjustments of base tonnages.* Wherever appropriate, grants on appeal shall be made in the form of adjustments of a publisher's base tonnage which shall continue to be effective in future quarters, subject to re-examination and modification at any time by the War Production Board.

(d) *Effective date of base tonnage adjustments.* Adjustments of base tonnages are not retroactive. A publisher whose base tonnage is adjusted, on appeal, does not receive, by virtue of such adjustment, a "carry-over of unused tonnage" from any quarter before the issuance of the appeal grant.

(e) *Application of curtailments.* Constructive base tonnages granted on appeal are subject to the curtailments required by paragraph (k) of Order L-240 as amended from time to time.

(f) *Types of hardship for which relief shall be granted.* In passing upon appeals under Order L-240 the following standards shall govern:

(1) *Extraordinary population increase accompanied by circulation increase.* Where there has been extraordinary growth of population in a newspaper's trading area since December 31, 1942, its consumption quota shall be adjusted in order to permit the maintenance of adequate newspaper service in that trading area. The amount of tonnage to be granted shall be determined as follows: (i) the percentage of population growth in the newspaper's trading area since December 31, 1942 and the percentage of the newspaper's circulation growth in that area measured by the average for the first two quarters of 1944 over the average for the year of 1942, shall be ascertained. (ii) The newspaper's consumption quota shall be increased to the extent that the lower of these two figures exceeds 7½%. In other words, a newspaper must absorb the first 7½% of both population and circulation increase, and it will be granted ex-quota paper only to the extent that population or circulation increase exceeds 7½%, whichever percentage increase is smaller.

Population increase shall be determined on the basis of the best available evidence. In making such determination consideration may be given not only to census figures but also to ration book records, estimates of military authorities, local government officials, postal authorities, telephone, gas and electric companies, housing authorities, employment and labor agencies, transportation agencies, Chambers of Commerce and others. In trading areas where evidence of population increase is inconclusive, weight may be given to circulation increase as evidence of population increase. Increased circulation resulting from promotional sales efforts shall not be included.

Additional adjustment shall be made for newspapers in trading areas whose population has increased more than 50% since the last decennial census, in order to maintain adequate newspaper service in the trading area.

(2) *Extraordinary circulation increase.* Where a newspaper's average circulation for the second quarter of 1943 exceeds its average circulation for the year 1942 by more than 10%, the newspaper's consumption quota shall be increased to the extent of such circulation increase in excess of 10%, without the necessity of establishing any population increase. Increased circulation resulting from promotional sales efforts shall not be included.

(3) *Discontinuance or merger of newspapers.* Adjustments in consumption quota shall be made in order to maintain adequate newspaper service in a community where there has been a discontinuance or merger of newspapers.

(4) *Supplements added in 1941 or 1942.* Adjustments in consumption quota shall be made for newspapers which added supplements in 1941 or 1942. Such adjustments shall be made only to the extent that the newspaper's total content was increased by the addition of the supplements and such increase was not reflected in its base tonnage and only to the extent it appears that because of contractual relationships undue hardship would be caused by a failure to make such adjustments.

[Paragraphs (5), (6), (7) and (8) formerly (6), (7), (8) and (9). Former paragraph (5) deleted Aug. 12, 1944.]

(5) *Temporary suspension.* Newspapers which were forced to suspend publication temporarily during 1941 because of strikes, fires, or similar conditions shall be granted compensatory increases in their base tonnages, to the extent that it was impracticable to continue operations at another plant.

(6) *Change in roll size.* Publishers who reduced the width of their newspaper rolls in 1941 shall be granted compensatory increases in their base tonnages.

(7) *Increased frequency of issuance.* Publishers who increased the frequency of issuance of their newspapers in 1941 and 1942 shall be granted adjustments of their base tonnages to permit continued publication at the frequency of issuance established before Order L-240 was issued, on December 31, 1942.

(8) *Extraordinary hardships.* Appeal tonnage shall not be recommended by either the administrator or the Division Appeals Committee or granted by the Appeals Board for causes other than those enumerated in subparagraphs (1) to (7) of this paragraph (f) except where unforeseen, unusual, extraordinary or emergency conditions constituting undue and excessive hardship are proved. Certain factors which shall not be recognized as grounds for the granting of appeal tonnage are described in paragraph (g).

(g) *Factors which shall not be considered as grounds for granting appeals.* The following is a list of some of the factors which shall not be considered as grounds for the granting of tonnage on appeal. This list is not exclusive.

(1) The nature of a newspaper's contents.

(2) Diminished base period consumption because of financial conditions.

(3) Suspension of publication in 1941 or 1942 except as provided in paragraph (f) (5).

(4) Population or circulation increase, except as provided in paragraph (k) (2) of Order L-240 or paragraphs (f) (1) or (f) (2) of this supplement.

(5) Retarded circulation growth caused by a price increase in 1941 or 1942.

(6) Conservation of paper at any time except as provided in paragraph (f) (6).

[Note: Paragraphs (7) through (13) formerly (8) through (14). Former paragraph (7) deleted Aug. 12, 1944.]

(7) Change in number of advertising lines at any time, except as provided in paragraphs (f) (3) and (f) (4).

(8) Unsold copies or circulation returns.

(9) Special events such as war bond drives, recruiting drives, war news, political news, etc.

(10) Inability to maintain or increase advertising lines under existing quotas.

(11) The fact that additional tonnage was granted on appeal to a competitor.

(12) Request to use in a newspaper started since December 31, 1942, more tonnage than that permitted in paragraph (m) of Order L-240.

(13) Consumption of print paper in violation of Order L-240, whether or not such violation was wilful.

Procedure

(h) *How appeals are submitted.* Appeals from Order L-240 may be filed by addressing a letter in duplicate to the War Production Board, Printing and Publishing Division, Washington 25, D. C. Ref: L-240.

(i) *Form of appeals.* The letter of appeal need not follow any particular form. It should state informally, but completely, the particular provision appealed from, the precise relief desired, the subdivision of paragraph (f) upon which the appellant relies, and the reasons why denial of the appeal would result in undue and excessive hardship.

(j) *Denials by administrator.* Appeals may be denied in the first instance by the administrator of the order.

(k) *Re-appeal from denial by administrator.* When an appeal has been denied by the administrator of the order, the appellant may re-appeal, within 15 days after the letter of denial is mailed, by addressing a letter to the War Production Board, Printing and Publishing Division, Washington 25, D. C. Ref: L-240. This letter may contain simply a request that the case be forwarded to the Appeals Board of the War Production Board. Any additional information which the appellant cares to submit at this time will also be forwarded to the Appeals Board.

(l) *Grant of appeals.* Although the administrator of the order may deny an appeal in the first instance, only the Appeals Board has the power to grant relief in individual cases from the provisions of the order.

(m) *Recommendation of grant by the administrator.* The administrator of the order may recommend that an appeal be granted in whole or in part. In that event the case shall be forwarded to the Appeals Board with the written recommendation of the administrator and the written concurrence or non-concurrence of each member of the Division Appeals

Committee, consisting of himself, the administrators of Orders L-241, L-244, and L-245, the Assistant Director of the Printing and Publishing Division for Labor, and representatives of the Office of Civilian Requirements and the Conservation Division.

(n) *Optional reference to Appeals Board by administrator.* The administrator of the order may, if he desires, refer a case to the Appeals Board with a recommendation of denial or with no recommendation at all.

(o) *Hearings by Appeals Board.* If the Appeals Board desires to obtain additional facts not contained in the file it may, in its discretion, hold a public hearing on any appeal. To the extent consistent with the necessity for emergency relief, a schedule of hearings shall be made up in advance. Information concerning the time and place of any scheduled hearing shall be available at the office of the Appeals Board at any time during business hours.

(p) *Conduct of hearing.* Hearings by the Appeals Board are open to the public. All interested parties may attend and, in the discretion of the Board, may be heard. The hearings are informal and the Board is not bound by legal rules of evidence. It is not necessary for an appellant to be represented by counsel although he may do so if he wishes.

(q) *Decision by Appeals Board.* The Appeals Board may grant or deny an appeal in whole or in part. It may also attach conditions to a grant.

(r) *Finality of decisions.* The decisions of the Appeals Board shall be final, unless that Board elects to reopen the case.

(s) *Publication of grants.* Grants on appeals shall be announced publicly at least every two weeks.

(t) *Announcement of grounds of decision.* Whenever a grant is made for "unforeseen, unusual, extraordinary or emergency conditions" under paragraph (f) (8), a brief memorandum of the basis of the decision shall be made public by the Appeals Board within two weeks, and the decision shall be treated as a precedent in future situations of an identical character.

(u) *Amendment of supplement.* Whenever a new standard is developed, the supplement shall be amended to set forth that standard.

(v) *Public files.* Public files shall be set up in all cases, including those filed before as well as after October 7, 1943, whether or not they resulted in a grant. They shall be available for public inspection at any time during the business hours of the War Production Board. The public files shall include:

1. All papers filed by the appellant in support of the appeal except those portions which contain confidential data.
2. All memoranda by War Production Board officials containing recommendations for or against the allowance of the appeal.
3. Copy of all letters of grant or denial.
4. A transcript of the record of any public hearing (or if the stenographic notes of the hearing have not been transcribed, a memorandum referring to the notes and stating how a transcript may be obtained).

(w) *False representations.* All grants on appeal are conditional upon the

validity of the statements submitted in support thereof. Any person who willfully conceals a material fact or furnishes false information in connection with an appeal, whether orally or in writing, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both, as provided in section (35) (A) of the United States Criminal Code.

Section 3102.16 *Schedule 15 to Limitation Order L-211* is amended to read as follows:

§ 3102.16 *Schedule 15 to Limitation Order L-211 (a)—Definitions.* For the purpose of this schedule:

(1) "Hot-rolled carbon steel bars" means carbon steel bars in either straight bar or coil form produced from billets or blooms by hot-rolling, without subsequent processing for accuracy of cross-section or to impart special surface finishes. The term does not include tool steel bars, file steel bars, or concrete reinforcement bars.

(2) "Bars" means rounds, squares, round-cornered squares, hexagons, ovals, half-ovals, half rounds, and bar size shapes (angles, channels, and tees under 3 inches on both legs). Rounds, squares, and hexagons having dimensions in excess of those shown in Table 1 of this schedule (classified as forgings), and flats as defined in section 8 of the American Iron and Steel Institute Steel Products Manual, Revision June, 1943, are not within the scope of this definition.

(3) "Carbon steel" means steel other than alloy steel as defined in Order M-21-a, but does not include wrought iron.

(b) *Restrictions on sizes.* No person shall produce or deliver hot-rolled carbon steel bars of any type listed in Table 1 within the range of sizes there listed, except in the sizes listed in that table.

(c) *Acceptance of delivery.* No person shall accept delivery of any hot-rolled carbon steel bars which he knows or has reason to believe have been produced or delivered in violation of the provisions of paragraph (b) of this schedule.

(d) *Exceptions.* The provisions of this schedule shall not prevent:

(1) Delivery or acceptance of hot-rolled carbon steel bars which because of errors in manufacture do not conform to the requirements of this schedule, providing such requirements are waived by the purchaser.

(2) Production, delivery, or acceptance of hot-rolled carbon steel bars specifically permitted in writing by the War Production Board.

(e) *Records.* Each person owning or possessing hot-rolled carbon steel bars excepted by the provisions of paragraph (d) shall retain records of such material available for inspection by duly authorized representatives of the War Production Board.

THE WICHITA BEACON

The Wichita Beacon is a corporation with its principal office in Wichita, Kansas. It is engaged in the business of publishing a daily newspaper known as The Wichita Beacon. In the first, second, and third quarters of 1943, it used or caused to be used in the publication of its newspaper, 83.86 tons, 30.782 tons, and 9.99 tons respectively, of print paper in excess of its quotas for such quarterly periods as established by Limitation Order L-240 and in violation of that order. The officers of the company were familiar with the provisions of Limitation Order L-240 and the violations were wilful, but there were extenuating circumstances. This excessive use of paper has diverted scarce material to uses not authorized by the War Production

Chapter XI—Office of Price Administration

PART 1346—BUILDING MATERIALS

[RMPR 206, Amtd. 5]

VITRIFIED CLAY SEWER PIPE AND ALLIED PRODUCTS

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 206 is amended in the following respects:

1. Section 4.1 is amended to read as follows:

SEC. 4.1 *Maximum prices for "pick-up basis" and for "less-than-carload shipments by rail."* (a) (1) Any manufacturer making sales on a "pick-up basis," f. o. b. factory, from a factory located within the Eastern Area, as defined in section 5.1 of this regulation, or any manufacturer making sales in "less-than-carload shipments by rail" delivered to a destination point within such area, may increase his established March 1942 maximum price by an amount not in excess of an amount determined in the following manner: Reduce the discounts established during the month of March 1942 for sales of sewer pipe products covered by discount numbers 1 to 7, inclusive, by 3 points, those covered by discount numbers 8 to 16, inclusive, by 4 points, of the tables of list prices set forth in section 5.2 of this regulation.

*Copies may be obtained from the Office of Price Administration.

18 F.R. 1428, 16995; 9 F.R. 4349.

(2) In the case of sales of sewer pipe products sold f. o. b. factory on a "pick-up basis" or for "less-than-carload shipments by rail" within the States of Iowa, Minnesota, North Dakota, South Dakota, and Zones 3 and 4 in the State of Wisconsin, as defined in section 8.1 below, sellers may add 11.4 percent to the highest prices charged during the month of March 1942 for the same quality, kind, and quantity of sewer pipe products delivered to purchasers of the same class.

(3) In the case of sales of sewer pipe products sold f. o. b. factory on a "pick-up basis" or for "less-than-carload shipments by rail" within the East Central Area, as defined in section 7.1 below, sellers may add 8 percent to the highest price charged during the month of March 1942 for the same quality, kind, and quantity of sewer pipe products delivered to purchasers of the same class.

(4) Maximum prices for the sale of sewer pipe products sold f. o. b. factory on a "pick-up basis," except the St. Louis Metropolitan Area, and for "less-than-carload shipments by rail" into all areas of the United States not specifically covered by subparagraphs (1), (2), and (3) above, shall be a price not in excess of

the highest price charged for delivery on a "pick-up basis" and for "less-than-carload shipment by rail" during the month of March 1942 for the same quality, kind, and quantity of sewer pipe products delivered to purchasers of the same class.

(b) Maximum prices for the sale of sewer pipe products sold f. o. b. factory on a "pick-up basis" and/or "delivered" for the St. Louis Metropolitan Area are established in section 8.4 (e) of this regulation.

The term "pick-up basis" when used in reference to a sale means a transaction in which a purchaser takes delivery of sewer pipe products at the factory and removes the sewer pipe products from the factory by conveyance provided by the purchaser.

The term "less-than-carload shipment" means a shipment or quantity of vitrified clay sewer pipe and allied products which totals less than the minimum weight as set forth in the tariffs of railroad carriers upon which the railroad carload rate from the point of shipment to the point of destination is based.

PART 1413—SOFTWOOD LUMBER PRODUCTS

[MPR 381, Amdt. 5]

STOCK SCREEN GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

1. In section 3, paragraph (c) is re-lettered (d) and a new paragraph (c) is added to read as follows:

(c) *Addition to maximum prices for retail sales.* When a regular dealer purchases from other than a factory or factory warehouse and pays inbound common carrier freight from his normal sources of supply in excess of \$0.75 per hundred pounds, the regular dealer may increase his maximum prices for retail sales of screen doors or extension window screens or knocked-down window screen frames by 2 percent of list price, and he may increase his maximum prices for retail sales of combination doors by 3 percent of list price.

2. In section 4 (a), sub-paragraph (2) is amended to read as follows:

(2) In sales to distributors, when the shipment originates at any place other than a factory or factory warehouse:

(i) The seller cannot charge for delivery when delivery is made by the seller's own truck.

(ii) When shipment is made by common carrier, any seller who allowed freight in March 1942 must allow freight to the same extent as he did in March 1942, but not in excess of \$0.75 per hundred pounds. Sellers who allowed no freight in March 1942 may continue to allow no freight.

3. Section 7 is amended to read as follows:

SEC. 7. Records and reports—(a) Records. Sellers must keep records which will show a complete description of the items of stock screen goods sold, the

name and address of the buyer (except in retail sales), the date of the sale and the price. Buyers must keep similar records, including the name and address of the seller (except in retail sales). These records must be kept for two years, covering any month in which the seller or buyer sold or bought \$200 or more of stock screen goods.

(b) *Reports.* All regular dealers who increase their retail prices on screen doors, extension window screens or combination doors in accordance with the provisions of section 3 (c) shall report to the Lumber Branch, Office of Price Administration, Washington 25, D. C. the names of their regular suppliers of these products, the origin and destination of inbound shipments, the freight rates per hundred pounds, the amount of freight allowed by the supplier, and the quantity of screen goods and combination doors received from such regular suppliers. Such reports shall be made by September 1, 1944 to cover the period July 1, 1943 to June 30, 1944. No report shall be required for any period after June 30, 1944, except that a seller who advances his prices under section 3 (c) after, but not before, December 31, 1944, shall submit a report giving the above information for the most recently completed twelve month period prior to such price advance.

This amendment shall become effective August 17, 1944.

PART 1418—TERRITORIES AND POSSESSIONS

[MPR 373, Amdt. 75]

HOME BUILDING MATERIALS IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

MPR 373 is amended in the following respects:

¹ 8 F.R. 5388, 6359, 6849, 7200, 7457, 8064, 8550, 10270, 10666, 10984, 11247, 11437, 11849, 12299, 12703, 13023, 13342, 13500, 14139, 14305, 14688, 15253, 15369, 15851, 15852, 16866, 16997, 15862, 17201; 9 F.R., 173, 393, 580, 584, 1158, 1487, 1489, 1528, 1530, 2177, 2659, 5168, 5438, 5482, 6259, 6810, 6813, 6814, 6818, 6885, 7262, 7424.

1. A new section 69 is added to read as follows:

SEC. 69. Maximum prices for sales of home building materials at wholesale—
(a) *What is covered by this section.* This section establishes maximum prices for sales at wholesale of the home building materials listed in Appendix A.

(b) *Wholesalers' maximum prices.* If you are a wholesaler of any home building material item listed in Appendix A, your maximum prices shall be determined as follows:

(1) For out of stock sales of any item manufactured outside the Territory of Hawaii (i. e. all items except those listed under the classification Brick):

First, add the manufacturer's selling price and your "landing cost," computed in accordance with the provisions of paragraph (e). Then multiply this amount by the applicable multiplication factor listed in Appendix A for the particular item and class of purchaser involved. The resulting price shall be your maximum price.

(2) For sales on a drop shipment basis of any item manufactured outside the Territory of Hawaii (i. e. all items except those listed under the classification Brick):

Your maximum price shall be the maximum price established by sections 2 and 3 of the General Maximum Price Regulation for the Territory of Hawaii.

(3) For sales of any locally manufactured item (i. e. all items listed under the classification Brick): Add the manufacturer's selling price and the applicable dollars and cents markup listed in Appendix A for the particular item and class of purchaser involved. The resulting price shall be your maximum price.

(4) For sales of any item purchased from another wholesaler: If you purchase any home building material item from another wholesaler, you must secure a written record of your supplier's maximum price, and your maximum price shall be your supplier's maximum price.

(c) *Effect of changes in the manufacturer's selling price.* All changes in the manufacturer's selling prices shall be reflected in the computation of your maximum price under paragraph (b) above, as of the date merchandise is received in the Territory at the adjusted price. For example, your manufacturer of Wall Board reduces his selling price from \$29.00 MBM to \$28.00 MBM. At the time you receive a new purchase of this item from him in the Territory at the reduced price, i. e., \$28.00 MBM, you must reflect this figure in establishing

your maximum price for sales of that item in accordance with the provisions of subparagraphs (b) (1) and (b) (3). Accordingly, the reduced price (\$28.00 MBM) shall be used in computing your maximum price regardless of whether or not you have stocks on hand at the time which have been purchased at the higher price. The same rule applies in the computation of your maximum price when your manufacturer's selling price has increased: *Provided*, That such increased price shall not exceed the established maximum price for sales by your supplier to you.

(d) *Inability to price.* If you are unable to determine your maximum price for any article covered by this section under the pricing provisions set forth in paragraph (b), above, you shall apply the provisions of section 9a of this regulation to determine your maximum price.

(e) *"Landing cost" for items imported from outside the Territory of Hawaii.*

(1) "Landing cost" for items imported from outside the Territory of Hawaii shall be computed by adding the amounts permitted in subdivisions (i) through (v) set forth below. If any of the amounts, or any part thereof, specified in any of these subdivisions, has already been included in another subdivision, it may not again be added.

(i) An amount equal to the transportation charges, if any, actually incurred by the purchaser for transportation from the mainland point at which the purchaser received delivery to the mainland port of shipment (including Federal transportation tax and terminal charges) not in excess of public (common or contract) carrier rates.

(ii) An amount equal to mainland storage charges and insurance in connection therewith actually incurred by the purchaser. The charges for storage and insurance in connection therewith in excess of three months shall not be included.

(iii) An amount equal to cartage charges actually incurred by the purchaser for cartage from warehouse to dock in port of shipment, not in excess of public (common or contract) carrier rates.

(iv) An amount equal to charges for ocean freight, War Risk and Marine insurance actually incurred by the purchaser, and there may be included in this amount Territorial tolls and tonnage tax as shown on the bill of lading. However, the amount by which any cost of War Risk insurance exceeds the rates charged by the War Shipping Administration shall be included, but the type of coverage is at the discretion of the buyer and seller.

(v) An amount equal to cartage charges in the Port of Entry in the Territory of Hawaii from dock to the establishment of the purchaser, computed at a rate not in excess of prevailing (common or contract) carrier rates: *Provided*, That the commodity is moved from the dock at the purchaser's expense.

(2) Weighted average "landing cost". If an identical item on hand in the wholesaler's stock has two or more different "landing costs," then the landing cost for the item may, at the option of the seller, be determined by calculating a weighted average "landing cost" for the entire inventory of that identical item on hand. Weighted average "landing cost" shall be calculated as follows:

(i) Each different "landing cost" shall be multiplied by the number of units having such "landing cost." The products of such multiplication shall be added and the sum thereof divided by the total number of units for which the weighted average "landing cost" is desired. The quotient or result of such division is the weighted average "landing cost."

(f) *"Landing cost" in cases of inter-island shipments.* In the case that any item covered by this section is shipped from one island to another island in the Territory of Hawaii, the "landing cost" for such inter-island shipment may be added only after the maximum prices for such items have been computed under paragraph (b) above. "Landing cost" for inter-island shipments will be computed by adding the amounts permitted in subparagraph (1) through (3) set forth below.

(1) An amount equal to cartage charges actually incurred for cartage from warehouse to dock in the island from which the item was shipped, not in excess of prevailing public (common or contract) carrier rates.

(2) An amount equal to charges for ocean freight, War Risk and Marine insurance actually incurred for shipment between the islands, and there may be included in this amount Territorial tolls and tonnage tax as shown on the bill of lading. However, the amount by which any cost of War Risk insurance exceeds rates charged by the War Shipping Administration shall not be included, but the type of coverage is at the discretion of the buyer and seller.

(3) An equal amount to cartage charges on the island of final destination, from dock to the establishment of the purchaser, computed at a rate not in excess of prevailing public (common or

contract) carrier rates, *Provided*, That the commodity is moved from the dock at the wholesaler's expense.

(g) *Delivery charges.* (1) No charge shall be made for deliveries within a radius of 5 miles of the seller's warehouse or place of business of any of the home building materials listed in Appendix A, except those items specifically listed therein as sold on a f. o. b. basis; for example, cement in quantities of 100 bags. However, you may not refuse to make free delivery within the free zone unless it was not your practice as a seller during April 1942 to make free deliveries in this zone.

(2) For deliveries of items listed in Appendix A as priced on a f. o. b. basis, and for deliveries of all other items listed in Appendix A to points beyond a radius of 5 miles of the wholesaler's warehouse or place of business, the wholesaler may add an amount not in excess of the charges currently made by public (common or contract) carriers for similar services, except that in the case of sales of brick the wholesaler must add the delivery charges set forth in Appendix A for that item. Any charges made for delivery must be separately stated and shown on the invoice used in connection with the sale.

(h) *Records and invoices.* The following provisions regarding records and invoices shall apply in lieu of the provisions of paragraphs (a) and (c) of section 10 of this regulation.

(1) *Purchase records:* If you make sales at wholesale of any article listed

and described in Appendix A, you must keep and make available for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, complete and accurate records of each purchase of each such article, showing

(i) The date of purchase and the date of receipt.

(ii) The name and address of the seller.

(iii) A description of the article purchased.

(iv) The price paid or charged.

(v) The quantity purchased.

(vi) All data including the purchase, freight and other invoices or memoranda reflecting the charges incurred by you in arriving at your landing cost.

(2) *Sales invoices:* If you make sales of any item listed in Appendix A at wholesale, you shall invoice each sale of each such item. The original invoice shall be delivered to the buyer and shall state:

(i) Date of sale.

(ii) The name and address of the seller and buyer.

(iii) Itemized list of the articles sold.

(iv) A complete description of the articles sold, including grade, quantity, size, make or any other pertinent specification.

(v) The price charged or received.

(vi) All delivery charges.

A copy of this invoice shall be made and kept by you for examination by the

Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect.

(i) *Definitions.* When used in this section, the term

(1) "Manufacturer's selling price" means the price at which the manufacturer of the article sold and invoiced it f. o. b. factory, less all allowable discounts and allowances except cash discounts up to 2%, and before the addition of any premium or other charge permitted under the Second Revised Maximum Export Regulation.

(2) "Out of stock sales" means sales of items which the seller carries in stock, sells out of stock and which were invoiced and shipped to the establishment of the seller.

(3) "Sales on a drop shipment basis" means sales of items which the seller does not carry in stock, which were not sold out of stock and which were not shipped to the establishment of the seller.

(4) "Sale at wholesale" means a sale by any person who maintains warehouse stock or renders a selling service, and who buys any home building material item listed in Appendix A and resells it, without materially changing its form, to plantations, industrial users, the United States Government, or any agency thereof, contractors, builders or retail dealers.

2. Appendix A is added to read as follows:

Section 6.41 is amended in the following respect:

Paragraph (b) is redesignated paragraph (c) and a new paragraph (b) is added to read as follows:

(b) *Adjustment of maximum prices.*
(1) The Office of Price Administration may adjust any maximum price established under this section for any manufacturer of wet corn milling products in bulk whose continued production is considered necessary to maintain essential supply, and who demonstrates that an adjustment is necessary in order:

(i) To cover its total cost of wet corn milling operations if its current over-all profits before income taxes are less than its corresponding base period profits (1936-1939); or

(ii) To cover its direct costs of wet corn milling operations if its current over-all profits before income taxes are as great as or greater than its corresponding base period profits.

(2) Applications for adjustment under this paragraph shall be filed by the manufacturer with the Office of Price

Administration, Washington, D. C., in the manner prescribed by Revised Procedural Regulation No. 1, and shall contain the following information:

(i) Description of applicant's business, including a list by major groups of all commodities manufactured.

(ii) Present and requested maximum prices.

(iii) Applicant's annual profit and loss statements prepared according to its usual system of accounts for 1936 to 1939 inclusive, and for 1943 (or for its accounting periods corresponding to those calendar years) and for its most recent accounting period.

(iv) If the applicant is engaged in activities other than wet corn milling, his profit and loss statement for his wet corn milling operations during the most recent six months period. The statement of wet corn milling operations should show separately:

1. Net sales.
2. Cost of goods sold.
 - (a) Material cost.
 - (b) Labor cost.
 - (c) Factory overhead.

3. Gross profit from sales.
4. Selling and advertising expense.
5. General and administrative expense.
6. Other operating expense.
7. Net profit from operations (before income taxes).

In addition, physical volume and dollar volume sales figures for each of the major classes of commodities produced by him in his wet corn milling operations must be furnished for the identical period for which the above data are submitted. Packaged goods and bulk goods must be shown separately.

NOTE: Filing of 1936-1939 data is optional provided reports are available from the Bureau of Internal Revenue. Should the applicant prefer, this information will be requested by the Office of Price Administration directly from the Bureau of Internal Revenue. If you have submitted any of this information on Office of Price Administration Financial Reporting Forms A and B for certain periods, or have reported the exact information requested herein on a previous application for adjustment of maximum prices, you may so indicate and omit these reports in your present report.

(3) The Price Administrator may, by order, grant or deny the application in whole or in part and, in connection with adjustment of applicant's maximum prices, may also adjust maximum prices of purchasers for resale. Any such order may be revised or revoked at any time by the Price Administrator.

This amendment shall become effective August 17, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

via any other island in the Territory, the wholesaler shall calculate his maximum price for each item (that is, for each kind, brand, grade, variety, container type and container size) as follows:

(1) The wholesaler shall first ascertain his "landed cost" for the item he is pricing by adding the amounts permitted in subdivisions (i) through (vi) set forth below. If any of the amounts, or any part thereof, specified in any of these subdivisions has already been included in another subdivision, it may not again be added.

(i) An amount equal to the mainland seller's selling price, less all discounts and allowances except the discount for prompt payment up to 2%, and the customary swell and label allowances as received, and promotional allowances to the extent received in the calendar year 1941: *Provided*, That in all cases where the purchase is made from and billed by a local representative or agent of a mainland manufacturer, the wholesaler must obtain from such local representative or agent a written statement of his mainland principal's maximum price for the items sold.

(ii) An amount equal to the transportation charges, if any, actually incurred by the wholesaler for transportation from the mainland point at which the wholesaler received delivery to the mainland port of shipment, including Federal transportation tax, terminal charges, demurrage, and extra charges for shipment in less than carload lots.

(iii) An amount equal to mainland storage charges and insurance in connection therewith actually incurred by the wholesaler.

(iv) An amount equal to cartage charges actually incurred by the wholesaler for cartage from warehouse to dock in port of shipment.

(v) An amount equal to charges for ocean freight, war risk and marine insurance actually incurred by the wholesaler, and there may be included in this amount Territorial tolls and tonnage tax as shown on the bill of lading. However, the amount by which any cost of war risk insurance exceeds the rates charged by the War Shipping Administration shall not be included in the event that the difference between the two rates exceeds 1%, but the type of coverage is at the discretion of the buyer or seller.

(vi) An amount equal to cartage charges in the port of entry in the Territory of Hawaii, from dock to the wholesaler's warehouse or to the ultimate purchaser's establishment, computed at a rate of \$1.20 per ton, weight or measurement: *Provided*, That the merchandise is moved from the dock at the wholesaler's expense.

(2) When the item which the wholesaler is pricing is listed in Table A of this section, he shall then add to his "landed cost" computed in accordance with the provisions of paragraph (b) (1) above, the markup set forth in Table A for that item. When the item is not listed in Table A, the wholesaler shall divide such "landed cost" by the applicable division factor set forth in Table B of this section. The resulting price shall be the wholesaler's maximum price for that item.

This amendment shall become effective August 19, 1944.

Issued this 14th day of August 1944.

issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 41a is amended to read as follows:

SEC. 41a. *Maximum prices at wholesale for certain grocery items*—(a) *What this section covers.* This section sets maximum prices at wholesale for all grocery items listed and described in paragraph (n) of this section.

(b) *Maximum prices for grocery items imported directly from the mainland.* In the case of sales of any grocery items covered by this section, which are imported directly from the mainland, except any items imported from the mainland which are purchased from the Federal Surplus Commodities Corporation, or any items which are received from or

*Copies may be obtained from the Office of Price Administration.

(c) *Maximum prices for grocery items purchased from the Federal Surplus Commodities Corporation.* In the case of sales of any grocery items covered by this section which are purchased from the Federal Surplus Commodities Corporation, the wholesaler shall calculate his maximum price for each item (that is, for each kind, brand, grade, variety, container type and container size) as follows:

(1) The wholesaler shall first ascertain his "landed cost" for the item he is pricing by adding the amounts permitted in subdivisions (i) and (ii) set forth below. If any of the amounts, or any part thereof, specified in either of these subdivisions has already been included in the other subdivision, it may not again be added.

(i) An amount equal to the net price paid to the Federal Surplus Commodities Corporation.

(ii) An amount equal to cartage charges computed at a rate of \$1.20 per ton, weight or measurement, for cartage from the Federal Surplus Commodities Corporation's warehouse, or from the dock, to the wholesaler's warehouse or to the ultimate purchaser's establishment, *Provided*, That the merchandise is moved from the dock or Federal Surplus Commodities Corporation's warehouse at the wholesaler's expense.

(2) When the item which the wholesaler is pricing is listed in Table A of this section, he shall then add to his "landed cost", computed in accordance with the provisions of paragraph (c) (1) above, the markup set forth in Table A for that item. When the item is not listed in Table A, the wholesaler shall divide such "landed cost" by the applicable division factor set forth in Table B of this section. The resulting price shall be the wholesaler's maximum price for that item.

(d) *Maximum prices for grocery items purchased from manufacturers or producers located on the same island as the wholesaler.* In the case of sales of any grocery items covered by this section which are purchased from a manufacturer or producer located on the same island as the wholesaler, the wholesaler shall calculate his maximum price for each item (that is, for each kind, brand, grade, variety, container type and container size) as follows:

(1) The wholesaler shall first ascertain his "landed cost" for the item he is pricing by adding the amounts permitted in subdivisions (i) and (ii) set forth below. If any of the amounts, or any part thereof, specified in either of these subdivisions has already been included in the other subdivision, it may not again be added.

(i) An amount equal to the manufacturer's or producer's selling price, less all discounts and allowances, except the discount for prompt payment up to 2%, and the customary swell and label allowances as received, and promotional allowances to the extent received in the calendar year 1941.

(ii) An amount equal to cartage charges for cartage from the manufacturer's or producer's establishment to the

wholesaler's warehouse or to the ultimate purchaser's establishment, computed at a rate of \$1.20 per ton, weight or measurement, provided, that the merchandise is moved from the manufacturer's or producer's establishment at the wholesaler's expense.

(2) When the item which the wholesaler is pricing is listed in Table A of this section, he shall then add to his "landed cost", computed in accordance with paragraph (d) (1) above, the markup set forth in Table A for that item. When the item is not listed in Table A, the wholesaler shall divide such "landed cost" by the applicable division factor set forth in Table B of this section. The resulting price shall be the wholesaler's maximum price for that item.

(e) *Maximum prices for grocery items received from or via another Island in the Territory of Hawaii.* In the case of sales of any grocery items covered by this section which have been received from or via another Island in the Territory of Hawaii, the wholesaler shall calculate his maximum price for each item (that is, for each kind, brand, grade, variety, container type and container size) as follows:

(1) The wholesaler shall first ascertain his "landed cost" for the item he is pricing by adding the amounts permitted in subdivisions (i) through (iv), set forth below. If any of the amounts, or any part thereof, specified in any of these subdivisions has already been included in another subdivision, it may not again be added.

(i) An amount equal to the seller's selling price, less all discounts and allowances except the discount for prompt payment up to 2%, and the customary swell and label allowances as received, and promotional allowances to the extent received in the year 1941, *Provided*, That in the event the wholesaler has purchased the item from another wholesaler and the supplier has sold the item at less than his maximum wholesale price, the buyer may include in his "landed cost" the full amount of his supplier's maximum wholesale price in lieu of the price actually paid.

(ii) An amount equal to cartage charges for cartage from the warehouse of the seller or from the manufacturer's shipping point to dock in the Island from which the item is shipped calculated at a rate of \$1.20 per ton, weight or measurement, except in cases where the seller's maximum price regularly includes delivery to the dock.

(iii) An amount equal to charges for ocean freight, war risk and marine insurance actually incurred by the wholesaler for shipment between the Islands, and there may be included in this amount Territorial tolls and tonnage tax as shown on the bill of lading. However, the amount by which any cost of war risk insurance exceeds the rates charged by the War Shipping Administration shall not be included in the event that the difference between the two rates exceeds 1%, but the type of coverage is at the discretion of the buyer or seller.

(iv) An amount equal to cartage charges in the port of entry in the Island

on which the purchasing wholesaler is located from dock to the wholesaler's warehouse or to the ultimate purchaser's establishment, computed at a rate of \$1.20 per ton, weight or measurement, *Provided*, That the merchandise is moved from the dock at the wholesaler's expense.

(2) When the item which the wholesaler is pricing is listed in Table A of this section, he will then add to his "landed cost", computed in accordance with the provisions of paragraph (e) (1) above, the markup set forth in Table A for that item. When the item is not listed in Table A, the wholesaler shall divide the "landed cost" by the applicable division factor set forth in Table B of this section. The resulting price shall be the wholesaler's maximum price for that item.

(f) *Error account.* In computing the maximum wholesale price for the sale of any item covered by this section, when the actual amount of any charge, except the invoice cost, which is to be used in the computation of such price, is at that time unascertainable with respect to a particular shipment of any such item, the wholesaler may estimate the amount of the charge for the purpose of determining the maximum price only in case he fulfills the following conditions:

(1) That he set up an "error account."

(2) That when the actual amount of the charge becomes known he shall immediately include in this account the difference between the actual amount and the estimated amount.

(3) That if the difference is an amount in excess of the actual amount, then the amount of such difference shall be deducted in calculating the maximum price for any item on hand or received in the next shipment;

(4) That if the difference is an amount less than the actual amount, then the amount of such difference may be added in calculating the maximum price for any item on hand or received in the next shipment;

(5) That the error account show how the differences are applied.

(g) *Special services.* In appropriate cases where special service is rendered, the wholesaler may make application to the Office of Price Administration, Honolulu 2, T. H., for an additional margin based upon the cost of service, and the Territorial Director of the Office of Price Administration for the Territory of Hawaii may authorize an additional margin for such service.

(h) *Weighted average "landed cost."* If an identical item (that is, the same kind, brand, grade, variety, container type and container size) in the wholesaler's inventory on hand has two or more different landed costs, then the "landed cost" for the item may be determined by calculating a weighted average "landed cost" for the entire inventory of that item on hand. Weighted average "landed cost" shall be calculated as follows: Each different "landed cost" shall be multiplied by the number of units having such "landed cost." The products of such multiplication shall be added and the sum thereof divided by the total

number of the units for which a weighted average "landed cost" is desired. The quotient or result of such division is the weighted average "landed cost." This provision is permissive and not mandatory.

(i) *Customary units of sale and fractional prices.* Any maximum prices, calculated in accordance with the provisions of this section, shall be based on the wholesaler's customary unit of sale (that is, per case, box, bag, dozen, or the like). All such calculations resulting in a fraction of a cent shall be reduced to the nearest lower cent if the fraction is less than one-half cent and shall be increased to the nearest higher cent if the fraction is one-half cent or more.

(j) *Delivery charges.* No extra charges may be added by the wholesaler to the purchaser for delivery, except as follows:

(1) *Customary delivery charges.* In cases where it was the custom of the seller to make an extra charge for delivery during the calendar year 1941, the seller may upon approval of the Office of Price Administration, Honolulu 2, T. H., add to his maximum price an amount not in excess of local commercial trucking rates for such delivery.

(2) *Island of Maui.* For delivery in the Hana section of the Island of Maui of salt and any item bearing a margin of 9% or less as set forth in Table B, and all items listed in Table A, a wholesaler may add a hauling charge in amount not in excess of \$5.00 per ton, weight or measurement. However, in cases where cartage charges to the ultimate purchaser's establishment have been included in the computation of the "landed cost", no extra delivery charges may be added. The Hana section shall comprise all of the district of Hana and that portion of the district of Makawao lying south of the south boundary of the Ahupua of Kamaole, as defined by section 7620 of the Revised Laws of Hawaii, 1935.

(3) *Island of Hawaii.* For delivery from the City of Hilo to a retail establishment, or to the wholesaler's warehouse, located outside of Zone 1, a wholesaler may add an amount not in excess of the trucking charge actually incurred. However, in cases where cartage charges to the ultimate purchaser's establishment have been included in the computation of the "landed cost", no extra delivery charges may be added. Zone 1 of the Island of Hawaii shall comprise the area of Puna and South Hilo, as defined by section 7620 of the Revised Laws of Hawaii, 1935.

(k) *Multiple wholesaling.* Except as otherwise provided herein, the maximum price for any wholesaler other than the primary wholesaler of any grocery items covered by this section, shall be the maximum price of the primary wholesaler in the Territory of Hawaii. The primary wholesaler in the Territory of Hawaii making the importation or local purchase, shall furnish any wholesaler purchasing from him a written statement of his "landed cost", and of the maximum wholesale price determined in accordance with the provisions of this section; and thereafter in case of any further sales to other wholesalers, the seller shall furnish to the buyer a statement of the primary wholesaler's maximum price. This pro-

vision applies to all sales at wholesale except the following:

(1) *Sales to peddlers.* Where a wholesaler has purchased any such grocery items from another wholesaler in the Territory of Hawaii, the maximum wholesale price for sales by the second or subsequent wholesaler to peddlers (itinerant retail merchants) shall be the net price actually paid to the first wholesaler, plus 5%. The wholesaler shall furnish the peddler with a statement of the first wholesaler's maximum price or prices for the grocery items sold.

(1) *Records and reports.* The provisions of section 10 of this regulation relating to records and reports, shall not apply to this section 41a.

(1) *Records—(i) Purchase and sales records.* Every person making sales of any grocery items covered by this section 41a shall keep and make available for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect, complete and accurate records of each purchase and each sale made by such person, showing the date thereof, a full and complete description of the grocery item purchased or sold, name and address of the buyer and seller, the price paid or received, quantity purchased or sold, and all data including sales, freight and other invoices or memoranda reflecting the charges incurred by the wholesaler in arriving at his "landed cost" and maximum price.

(ii) *Error account.* Every person who maintains an Error Account in accordance with the provisions of paragraph (f) of this section, shall keep and maintain in a form suitable for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect, an account setting forth all credits and debits to the account, together with date of the entry and the reason for such entry.

(iii) *Invoices.* Every person making a sale at wholesale of any grocery items covered by this section 41a shall deliver to the buyer an invoice or sales slip setting forth a full and complete description of the grocery items sold, including name of brand, size of container, number of retail units in the wholesale units, name and address of buyer and seller, discounts allowed, quantity sold, the price paid or charged and the date of sale. In addition to the foregoing, whenever a sale is made of any cereals, pet foods, dehydrated soups or vegetables or paste products at a price that is lower than the wholesaler's maximum price, the wholesaler shall set forth on his invoice to the buyer not only the price charged but also his maximum price computed in accordance with the provisions of this section.

(2) *Reports.* Every person making a sale of any grocery items covered by this section shall prepare and file with the Office of Price Administration the following reports:

(i) *OPA Form THP 9, notification of changes in maximum prices established under Maximum Price Regulation No. 373, section 41a.* Any seller, whose maximum wholesale price for any grocery item is determined by this section, and

whose maximum price per wholesale unit has changed by an amount equal to one-half cent or more per retail unit since last reported to the Office of Price Administration, or since May 22, 1944, if no report has been filed for that item since that date, shall report such change in price to the District Office of the Office of Price Administration on the Island on which the seller is located, on OPA Form THP 9, prior to any sales of the item at the new maximum wholesale price. However, such report need be filed only in the case that three hundred or more wholesale units were received in one shipment by a wholesaler on the Island of Oahu, or one hundred or more wholesale units were received in one shipment by a wholesaler on any other Island in the Territory of Hawaii, and where these items are to be sold to retail grocery stores.

(ii) Any other reports that the Office of Price Administration, Honolulu 2, T. H., may from time to time require.

(m) *Inability to determine maximum prices.* Any person who is unable to determine his maximum wholesale price for any grocery item covered by this section shall apply to the District Office of the Office of Price Administration on the island on which the seller is located for the establishment of a maximum price for that item.

JOSEPH M. DODGE,
Chairman.

PART 1602—PROCEDURE FOR RENEGOTIATION

SUBPART B—PRELIMINARY INFORMATION REQUIRED OF CONTRACTORS

1. In § 1602.223 paragraph (a) is amended and paragraph (c) added, as follows:

§ 1602.223 *Letter of preliminary inquiry—(a) Unassigned contractors.* The War Contracts Board, through the Assignments and Statistics Branch, may send to contractors and subcontractors who are identified by it as probably subject to renegotiation proceedings (except those who have been previously assigned) a "Letter of Preliminary Inquiry" (see § 1607.702 (a) and (c)). Since the form appearing at § 1607.702 (a) allows a period of thirty days for answering, it will not be used within 30 days of the time for filing prescribed by the 1943 act. The "Letter of Preliminary Inquiry," sent by the Assignments and Statistics Branch, will be to determine whether or not the contractor should be assigned for renegotiation and to what Department or Service, if any, such assignment should be made. The filing of the "Standard Form of Contractor's Report" will constitute compliance with the requirement for mandatory filing under § 1602.222, if filed within the time prescribed by the 1943 act. [RR 223.1]

(c) *Follow-up.* The form appearing at § 1607.702 (d) will be used with respect to contractors who have not made response to a "Letter of Preliminary Inquiry" within the time prescribed for filing under subsection (c) (5) (A) of the 1943 act. Such follow-up letters will be sent by the office which sent the "Letter of Preliminary Inquiry" with appropriate variation in signature. [RR 223.3]

2. Section 1602.224 is amended to read as follows:

§ 1602.224 *Contractor's information and work sheet for renegotiation.* The War Contracts Board, through the Department or Service to which any contractor or subcontractor is assigned, may send to such contractor or subcontractor a form designed to assist him in preparing information when it is contemplated that formal renegotiation proceedings will be carried to conclusion (see § 1602.242). The form prepared for the use of supply contractors is the "Contractor's Information and Work Sheet for Renegotiation" (see § 1607.722) and that for construction contractors, architects and engineers is the "Construction Contractors, Architects, and Engineers Information and Work Sheet for Renegotiation" (see § 1607.724). [RR 224]

SUBPART D—CONDUCT OF RENEGOTIATION

Sections 1602.241 and 1602.242 are amended to read as follows:

§ 1602.241 *Commencement of renegotiation.* Renegotiation proceedings are

commenced by the mailing, by registered mail, of reasonable notice of the time and place of a conference to be held with respect to the renegotiation. (See § 1608.801.) A form which may be used for such purpose is set forth in § 1607.721. Such notice shall be given in all cases of renegotiations with respect to fiscal years ending after June 30, 1943, and in the absence of unusual circumstances such notice shall be given prior to the time a conference is held for the purpose of discussing the refund. In any case where a conference is unnecessary by reason of the progress which has been made in renegotiation prior to the sending out of the formal notice, the notice should be sent, but the conference can be waived by agreement with the contractor. [RR 241]

§ 1602.242 *Data presented by contractor.* The contractor should be prepared to present all the factual data pertinent to the consideration of his case. In this connection, reference is made to the information required in the mandatory financial statement (§ 1602.220 and following) and to other chapters hereof. Suitable forms, designed to help contractors in assembling data of significance in renegotiation, are set out at §§ 1607.722 and 1607.724. These forms are not mandatory, but indicate the type of information required of a contractor to supplement what he supplied on the mandatory financial statement (see § 1607.701). Manufacturers and supply contractors should use the "Contractor's Information and Work Sheet for Renegotiation" (see § 1607.722), and construction contractors, architects and engineers should use the "Construction Contractors, Architects, and Engineers Information and Work Sheet for Renegotiation" (See § 1607.724). (See also § 1602.224.) [RR 242]

PART 1603—DETERMINATION OF RENEGOTIABLE BUSINESS AND COSTS

SUBPART A—FISCAL YEAR BASIS FOR RENEGOTIATION AND EXCEPTIONS

In § 1603.311 paragraph (b) is amended by the addition of a reference at the end thereof, and paragraph (c) is amended, as follows:

§ 1603.311 *Allocation of excessive profits in cases of consolidated renegotiation.* * * *

(b) Excessive profits must be allocated among the corporations or enterprises included in the renegotiation, and the renegotiation agreement must disclose the allocation. If excessive profits have been realized and the renegotiation agreement merely imposes liability generally on the entire consolidated group for the profits found to be excessive, without fixing the separate liability, then the members of the group may not be allowed a deduction from their income for Federal tax purposes for the amount of excessive profits to be eliminated under the agreement, or a tax credit under section 3806 of the Internal Revenue Code. The excessive profits must be so allocated even though some or all of the members of the consolidated group par-

ticipate in filing a consolidated Federal tax return. (See § 1607.741 (b) (2)).

(c) The form and method of execution of the renegotiation agreement in the case of a consolidated renegotiation is described in § 1605.502 (m).

SUBPART D—MANDATORY EXEMPTIONS AND EXCLUSIONS FROM RENEGOTIATION

1. In § 1603.346 paragraph (b) is amended to read as follows:

§ 1603.346. *Construction contracts awarded as a result of competitive bidding.* * * *

(b) *Interpretation and application of exemption.* (1) This section of the 1943 act is applicable only to amounts received or accrued for fiscal years ending after June 30, 1943 (regardless of the date when the contract was made) under any contract which meets all of the following conditions:

(i) The contract is a contract with a Department (i. e., is a prime contract). The exemption has no direct applicability to subcontracts—but see paragraphs §§ 1603.347 and 1603.356 (b) for the principles governing exemption of subcontracts under prime contracts as to which this exemption is applicable.

(ii) The contract is for the construction of a building, structure, improvement or other similar facility. The exemption has no applicability to contracts for the furnishing of materials or supplies even if such materials or supplies are to be used in the construction of a building, structure, improvement or similar facility; nor has the exemption any applicability to contracts for the furnishing or installation of machinery or equipment.

(iii) The contract was awarded as a result of competitive bidding. A contract will be deemed to have been awarded as a result of competitive bidding only if (a) there has been published advertising or such other solicitation for bids as would open the bidding to all qualified bidders who could have been reasonably expected to bid on a job of the size, character and location concerned, (b) bids are received from two or more independent, responsible and qualified bidders in actual competition with each other, (c) the contract is let to the lowest qualified bidder, and (d) the contract price was not in excess of the low bid received.

(2) In distinguishing a contract for the construction of a building, structure, improvement or facility from a contract for the furnishing or installation of machinery and equipment, regard is to be had to the subject matter of the contract. If the subject matter of the contract would, as the subject matter of a subcontract, constitute machinery or equipment within the principles stated in § 1603.335 (b) (2) and (5) of these regulations, the contract will not be deemed to be a contract for the construction of a building, structure, improvement or facility, but will be regarded as a contract for the furnishing or installation of machinery or equipment. In a case where the construction of a building, structure, improvement or facility and the furnishing or installation of machinery or

equipment are embraced within a single contract, the undertaking for the construction job may be severed from the agreement to furnish or install the machinery or equipment and an appropriate finding made as to that portion of the entire contract which may properly be deemed exempt.

(3) If a construction contract is exempt from renegotiation under the provisions of this paragraph, all modifying instruments thereto providing for additional or different construction of buildings, structures, improvements or facilities to be performed at or adjacent to the site of the original project are considered a part of the original construction contract and therefore are exempt from renegotiation, *provided, however*, That the aggregate contract prices of all such modifying instruments do not exceed one-third of the contract price of the original construction contract.

(4) Determination whether this exemption is applicable to any particular contract shall be made by the Department or Service conducting the renegotiation in which such contract is involved upon the basis of the principles referred to in the preceding subparagraphs of this paragraph. [RR 346.2]

2. In § 1603.347 paragraph (b) is amended to read as follows:

§ 1603.347 *Subcontracts under exempt contracts and subcontracts.* * * *

(b) *Interpretation and application of exemption.* (1) It should be noted that the exemption applies only where the subcontract is under a contract or subcontract exempted by paragraph (1) of subsection (i) of the 1943 act. Thus, subcontracts under prime contracts or subcontracts exempted under the discretionary exemptions authorized by subsection (i) (4) of the 1943 act, the exemption measured by negotiable volume under subsection (c) (6), or any other exemption or exclusion contained in the 1943 act, are not exempted by this provision. (See § 1603.348 (e).)

(2) In any case involving the negotiable status of a subcontract under a prime contract the exempt status of which (by reason of the possible application of § 1603.346 (b) has not been determined, the procedure shall be as follows: The Department or Service conducting the renegotiation of such subcontract shall advise the Assignments and Statistics Branch of the identity of the prime contract, the exempt status of which is subject to question. The Assignments and Statistics Branch shall thereupon inform the Department or Service to which the prime contractor has been assigned for renegotiation and such Department or Service shall thereupon determine whether such prime contract is exempt under the provisions of § 1603.346 (b) and shall notify the Assignments and Statistics Branch of such determination and the said Branch shall thereupon notify the Department or Service conducting the renegotiation of the subcontract. In the event that such prime contractor has not been, and will not be, assigned for renegotiation, or if previously assigned and such assignment has been cancelled, the Assignments and

Statistics Branch shall so notify the Department or Service conducting the renegotiation of the subcontract and such Department or Service shall determine whether the prime contract would be entitled to exemption under the provisions of § 1603.346 (b) and shall notify the Assignments and Statistics Branch of such determination. [RR 347.2]

2. In § 1603.348 paragraphs (b) (2) and (c) are amended to read as follows:

§ 1603.348 *Annual receipts under statutory minimum.* * * *

(b) *Computation of aggregate receipts and accruals.* * * *

(2) Affiliate is used in this section to refer to a person who controls or is controlled by or under common control with the contractor. Total receipts or total billings under cost-plus-fixed-fee contracts are included in gross receipts or accruals in computing the limits referred to in this section. For the purpose of applying this provision of the Act gross receipts and accruals will be computed without the elimination of inter-company sales.

(c) *No reduction by refund below exemption.* (1) In connection with the renegotiation of contracts and subcontracts (other than subcontracts referred to in subsection (a) (5) (B) of the 1943 act), no determination of excessive profits after adjustment for state income taxes shall be made in an amount greater than that which, when deducted from the aggregate amount of gross receipts or accruals referred to in paragraph (b) (1) (i) will reduce them below \$500,000.

(2) In connection with the renegotiation of subcontracts referred to in subsection (a) (5) (B) of the 1943 act, no determination of excessive profits after adjustment for state income taxes shall be made in an amount greater than that which, when deducted from the aggregate amount of gross receipts or accruals referred to in paragraph (b) (1) (i) will reduce them below \$25,000.

(3) In the case of a fiscal year of less than twelve months, ending after June 30, 1943, these rules are applied on a prorated basis.

(4) In the renegotiation of contractors who are subject to renegotiation by reason of the common control provisions of the 1943 act (see paragraph (a) of this section) the refund may reduce the aggregate amount of gross receipts or accruals of any member below the floor specified in subparagraph (1) or (2) of this paragraph but the aggregate of the recoveries from such contractors after adjustment for state income taxes must not reduce the combined adjusted sales of the contractors below the minimum referred to in this paragraph. In the case of companies renegotiated on a consolidated basis the combined adjusted sales will be computed without the elimination of inter-company sales (see paragraph (b) (2)).

(5) Except in those cases where prior to the commencement of renegotiation a contractor makes a retroactive price reduction or refund, applicable to the period which is the subject of renegotiation, in an amount at least equivalent

to the maximum recovery permitted under the preceding provisions of this paragraph (so that if renegotiation proceedings were conducted there could be no recovery by reason of such limitation) the amount of excessive profits will be estimated by the renegotiating agency in the first instance without regard to the possible final effect of the above limitation on the amount of recovery.

(6) In applying the provisions of this paragraph to any case in which an adjustment for state income taxes is required (see § 1603.389), excessive profits shall first be determined and the appropriate adjustment for state income taxes shall be made without regard to any limitations imposed by this paragraph upon the amount of refund. The limitations of this paragraph shall then be applied in determining the amount to be refunded. [RR 348.3]

SUBPART E—PERMISSIVE EXEMPTIONS FROM RENEGOTIATION

1. Paragraph (c) of § 1603.355 is amended to read as follows:

§ 1603.355 *Contracts and subcontracts when effective competition is likely to exist.* * * *

(c) *Application of exemption to construction contracts and subcontracts.*

(1) The War Contracts Board has found that competitive conditions affecting the making of construction contracts and subcontracts entered into subsequent to June 30, 1943, were such as to result in effective competition with respect to the contract or subcontract price where all of the following conditions exist,

(i) the contract or subcontract is one for the construction of a building, structure, improvement or other similar facility. The exemption has no applicability to contracts or subcontracts for the furnishing of materials or supplies even if such materials or supplies are to be used in the construction of a building, structure, improvement or similar facility; nor has the exemption any applicability to contracts or subcontracts for the furnishing or installation of machinery or equipment.

(ii) the contract or subcontract did not constitute a substitute for or a revision or extension of an existing contract or subcontract entered into on or before June 30, 1943;

(iii) the work covered by the contract was substantially the same as the work for which the bids were requested;

(iv) bids were received from two or more independent, responsible and qualified bidders in actual competition with each other; and

(v) the contract or subcontract was let to the lowest qualified bidder; at a price not in excess of the low bid;

or where the subcontract is a construction contract which (a) meets the conditions prescribed in subdivision (i) above, and (b) is a subcontract under a contract or subcontract exempt from renegotiation under the foregoing provisions of this paragraph.

(2) In distinguishing a contract or subcontract for the construction of a building, structure, improvement or fa-

cility from a contract or subcontract for the furnishing or installation of machinery or equipment, the principles of § 1603.346 (b) (2) will be followed.

(3) If a construction contract or subcontract is exempt from renegotiation under the provisions of this paragraph, all modifying instruments thereto providing for additional or different construction of buildings, structures, improvements or similar facilities at or adjacent to the site of the original project are considered a part of the original construction contract or subcontract and therefore are exempt from renegotiation: *Provided, however,* That the aggregate contract prices of all such modifying instruments do not exceed one-third of the contract price of the original construction contract or subcontract.

(4) Determination whether this exemption is applicable to any particular contract or subcontract shall be made by the Department or Service conducting the renegotiation in which such contract or subcontract is involved upon the basis of the principles referred to in the preceding subdivisions of this paragraph. [RR 355.3]

2. Paragraph (b) of § 1603.356 is amended to read as follows:

§ 1603.356 *Subcontracts as to which it is not administratively feasible to determine and segregate profits.* * * *

(b) *Exemption.* (1) The War Contracts Board has found that it is not administratively feasible to determine and segregate the profits attributable to activities subject to renegotiation from those not so subject in the case of the following subcontracts:

(i) Subcontracts directly or indirectly under a prime contract to which the provisions of § 1603.346 (b) are applicable as to only a portion of the amounts received or accrued therefrom, due to the fact that a portion of such amounts were received or accrued in a fiscal year ending prior to July 1, 1943;

(ii) Subcontracts directly or indirectly under any modifying instrument of the general type described in § 1603.346 (b) (4) (regardless of whether such modifying instrument is exempted under that paragraph) which modifies a contract to which the provisions of § 1603.346 (b) are applicable; and

(iii) Subcontracts for the construction of a building, structure, improvement or other similar facility directly or indirectly under any modifying instrument of the general type described in § 1603.355 (c) (2) (regardless of whether such modifying instrument is exempted from renegotiation under § 1603.355 (c)).

The War Contracts Board has therefore exempted the foregoing subcontracts from all the provisions of the 1943 act.

(2) Since the powers of the War Contracts Board under subsection (i) (4) (F) (paragraph (a)) are applicable only to amounts received or accrued for fiscal years ending after June 30, 1943, the exemptions made by this paragraph are applicable only to amounts received or accrued under such subcontracts for fiscal years ending after June 30, 1943.

(3) In determining whether a subcontract is one for the construction of a building, structure, improvement or other similar facility, the principles of § 1603.346 (b) shall be applied. [RR 356.2]

3. Section 1603.358 is amended by changing "quintuplicate" to "triplicate". The section, as amended, reads as follows:

§ 1603.358 *Requests for exemption.* All requests or petitions for the exemption by general classes or types of contracts and subcontracts for a standard commercial article or of contracts or subcontracts where it is claimed there is "effective competition" or of other general classes or types of contracts under subsection (i) (4) of the 1943 act should be made in writing in triplicate and addressed to the War Contracts Price Adjustment Board at the address specified in § 1607.791 (e), and should be supported by a full statement of facts setting forth the basis for the requested exemption. [RR 358]

SUBPART F—LIMITATIONS ON COMMENCEMENT AND COMPLETION OF RENEGOTIATION

Sections 1603.362 and 1603.363 are amended by the addition of references. The sections, as amended, read as follows:

§ 1603.362 *Commencement of renegotiation proceedings.* Unless renegotiation proceedings are commenced either, (1) within one year after the close of the fiscal year in which the excessive profits were received or accrued, or (2) within one year after the statement required under subsection (c) (5) of the 1943 act is filed with the War Contracts Board, whichever is later, the liability of the contractor or subcontractor for the fiscal year involved will be discharged. Under subsection (c) (1) of the Renegotiation Act of 1943 the mailing of notice by registered mail of the time and place of a conference to be held with respect to the determination of excessive profits constitutes the commencement of the renegotiation proceeding (see § 1602.241). [RR 362].

§ 1603.363 *Completion of renegotiation proceedings.* Renegotiation must be completed by the making of an agreement or the entry of an order within one year following the commencement of the renegotiation proceeding, or the liability of the contractor or subcontractor for the fiscal year involved will be discharged. The one year period of limitation on completion of renegotiation proceedings does not apply, however, to the review by the War Contracts Board of an order made by a Secretary of a Department or any officer or agency to whom his authority in this respect has been redelegated. Also, the one year period may be extended by mutual agreement. A form which may be used for such extension is set out in § 1607.725, and reference is made to § 1608.821 (a) concerning authority to execute the same. The formalities for its execution are similar to the formalities for the ex-

ecution of a renegotiation agreement (see § 1605.502 (1) including subparagraph (5)). [RR 363]

SURPART H—COSTS ALLOCABLE AND ALLOWABLE AGAINST RENEGOTIABLE BUSINESS

1. In paragraph (d) of § 1603.381 subparagraph (5) is added as follows:

§ 1603.381 *Statutory provisions and general regulations.* * * *

(d) *Profit, cost allocation and allowance; general.* * * *

(5) *Costs previously allowed in renegotiation.* No item of cost shall be deemed "properly chargeable" against or "allocable" to renegotiable business to the extent that such item has, in a previous renegotiation, been charged against or allocated to renegotiable business in determining excessive profits, notwithstanding that such item may be a deduction or exclusion under Chapters 1 and 2E of the Internal Revenue Code in computing taxable net income for the taxable period corresponding to the fiscal period covered by the current renegotiation. [RR 381.4]

2. In § 1603.382 (f) (2) subdivision (iii) is amended to read as follows:

§ 1603.382 *Salaries, wages and other compensation.*

(f) *Pension, annuity, stock bonus and profit sharing plans.* * * *

(2) * * *

(iii) The payments on account of the plan, to be allowed as deductions for Federal income tax purposes, must actually have been paid within the taxable year except that as to payments into a qualified plan, a taxpayer on an accrual basis of accounting is deemed to have made a payment on the last day of the year if the payment is on account of such taxable year and is made within 60 days after the close of the taxable year of accrual.

3. Section 1603.389 (a) is amended by the addition of a reference at the end thereof. The paragraph, as amended, reads as follows:

§ 1603.389 *State income taxes.*—(a) *In general.* Under subsection (a) (4) (B) of the 1943 act, taxes measured by income cannot be allowed as items of cost for purposes of renegotiation. However, this subsection provides specifically that in determining the amount of excessive profits to be eliminated, proper adjustment shall be made on account of the taxes measured by income (other than Federal taxes) so excluded, which are attributable to non-excessive renegotiable profits. The amount of any such adjustment will in no case exceed that part of such taxes actually payable which is payable because of the inclusion in income of the non-excessive renegotiable profits. The term "taxes measured by income" is interpreted to mean taxes which vary in accordance with the amount of net income of the taxpayer. Such term does not include taxes imposed upon or measured by gross income, gross receipts or sales. Such taxes measured by net income are herein referred to generally as "state income taxes" al-

though actually they may not be designated as "income taxes" in the legislation imposing such taxes, and although they may be imposed by political sub-divisions other than a state. For the effect of the floor provision limiting refunds of excessive profits, see § 1603.348 (c) (6). [RR 389.1]

PART 1604—DETERMINATION AND ELIMINATION OF EXCESSIVE PROFITS

SUBPART A—PRINCIPLES AND FACTORS IN DETERMINING EXCESSIVE PROFITS

Section 1604.407 (c) is amended by the addition of a reference in subparagraph (1). The subparagraph, as amended, reads as follows:

§ 1604.407 *Cost - plus - fixed - fee contracts.* * * *

(c) *Treatment of disallowed costs and adjustment of fees.* (1) Disallowances of costs under cost-plus-fixed-fee contracts made in accordance with the terms of the contracts will, except as noted below, be deducted from the fee. If, however, any part of the amounts so disallowed are determinable business expenses which would otherwise necessarily have been incurred for the continued operation of the business as an enterprise and, if such amounts are deductions of the character permitted under the applicable provision of the Internal Revenue Code and the contractor has fixed-price business, the amount of such disallowances may be allocated to fixed-price renegotiable and non-renegotiable business in proper proportions. Reference is made to §§ 1605.506 (f) and 1607.741 (b) (7), relating to waiver of claims under a cost-plus-fixed-fee contract when the amount of the item disallowed under such contract is allowed as a cost against renegotiable business.

PART 1605—AGREEMENTS AND STATEMENTS

SUBPART A—AGREEMENTS AND CLEARANCES

1. Section 1605.502 is amended in the following respects: Paragraph (b) is amended; subparagraph (8) is added to paragraph (e); in paragraph (1) subparagraph (2) is amended, subparagraph (5) is redesignated (6), and a new (5) is added; and paragraph (m) is added, as follows:

§ 1605.502 *Standard form of agreement.* * * *

(b) *Article 1: Profits to be eliminated.* The agreed dollar amount of excessive profits to be eliminated, after giving effect, in accordance with subsection (a) (4) (B) of the 1943 act, to any adjustment for taxes, other than Federal taxes, measured by income, will be set forth in Article E. Ordinarily such amount will be the excessive profits determined to have been received or accrued during a particular fiscal year under all of the contractor's contracts and subcontracts subject to renegotiation. When the renegotiation covers only contracts and subcontracts completed during a fiscal year or has been conducted only with respect to certain contracts and subcon-

tracts, the language used in Article 1 should be modified accordingly. When the amount of refund is limited by the application of the provisions of § 1603.-348 (c), an appropriate statement to that effect will be included in Article I of the Renegotiation Agreement (see suggested form of statement in footnote to Article 1, § 1607.741 (a)). [RR 502.2]

(e) Article 4: Terms of payment. * * *

(8) Provision is made in the standard form of renegotiation agreement for the payment of interest on defaulted installments. (See § 1607.741 (a) (4) and (b) (5)). The rate specified in the agreement is "the rate provided by law in the District of Columbia as the rate which is applicable in the absence of express contract as to the rate of interest." (See § 1608.807.) [RR 502.5]

(1) Formalities of execution. * * *

(2) The form and method of execution of the renegotiation agreement in the case of a consolidated renegotiation is described in paragraph (m).

(5) If the authority of the person signing the agreement is based upon a written instrument or court order or provision of law (as where the agreement is executed on behalf of a corporation in dissolution, or an estate or trust, or where the authority derives from a power-of-attorney), the agreement should be accompanied or supported by proper evidence of such authority.

(6) The Department conducting the renegotiation has authority to depart from the requirements of this paragraph in its discretion.

(m) Consolidated renegotiation; agreement, form and execution. If a group consists of affiliated enterprises, other than parent and subsidiary corporations, the standard form of agreement should be rewritten to include as parties thereto all members of the group to which are allocated any amount of the excessive profits and it must be executed by each such member of the group. If the group consists of parent and subsidiary corporations, the renegotiating agency may require the standard form of agreement to be re-written to include as parties thereto, in addition to the parent corporation, all subsidiaries to which are allocated any amounts of the excessive profits and each such subsidiary must execute the agreement. The renegotiating agency may, however, use the standard form of agreement executed only by the parent corporation. In such event, the following procedure will be followed: (1) the variation in Article 2 set forth in § 1607.741 (b) (2) shall be included in the agreement; (2) Exhibit B to the agreement must contain a clause by which each subsidiary to which is allocated any portion of the excessive profits agrees to pay such portion; (3) Exhibit B must be duly executed by each such subsidiary and an appropriate resolution authorizing such execution must be furnished (see paragraph (1)); and (4) Exhibit B will also provide that payment by the parent corporation will be applied ratably to satisfy the liability

of each member of the group. A form of Exhibit B to be used where the foregoing clauses are required, is set forth in § 1607.742 (b) (2). [RR 502.13]

2. In § 1605.506 paragraph (f) is redesignated (g) and a new paragraph (f) is inserted, as follows:

§ 1605.506 Additional provisions; variations. * * *

(f) Waiver of claims under cost-plus-fixed-fee contracts. If an item of cost is allowed in renegotiation for an item for which a claim for reimbursement under a cost-plus-fixed-fee contract has been made and disallowed by the Government, the contractor should waive and release such claim under the cost-plus-fixed-fee contract involved to the extent that the amount of the claim is allowed as a cost against renegotiable business (see § 1604.407 (c)). There is set out in § 1607.741 (b) (7) an appropriate form of clause relating to such claims. The form of clause may be varied to fit the particular case. [RR 506.6]

PART 1607—FORMS FOR RENEGOTIATION

SUBPART A—FORMS RELATING TO IDENTIFICATION, ASSIGNMENT AND CANCELLATION OF CASES

1. In § 1607.702 a footnote is added in paragraph (b), and the caption of paragraph (c) is amended, as follows:

§ 1607.702 Letters of preliminary inquiry. * * *

(b) Letter of preliminary inquiry (for use in assigned cases).

(For use in cases already assigned)

LPI-A No. -----

(Letterhead of Appropriate Department or Section)

GENTLEMEN:

Price Adjustment Boards and Sections have been established for the conduct of statutory proceedings for the renegotiation of contracts and subcontracts. Renegotiation with respect to contractors whose fiscal years ended on or before June 30, 1943 is controlled by the Renegotiation Act of 1942 as amended by the retroactive provisions of the Renegotiation Act of 1943. Renegotiation with respect to fiscal years ended after June 30, 1943 is controlled by the Renegotiation Act of 1943. Copies of both Acts are enclosed herewith.

The matter of conducting your statutory renegotiation proceedings has been assigned to this office.

Unless the amount of your business during your latest complete fiscal year was less than the statutory minimum as defined by subsection (c) (6) of the Act applicable to your business for that year, you are required by law to furnish the information called for by the "Standard Form of Contractor's Report." On the basis of the information thus presented, a determination will be made as to whether or not further renegotiation proceedings will be necessary.

To assist you in determining whether or not your business exceeded the statutory minimum as defined in the statutes referred to, your attention is invited to the "Instructions for Preparation of Standard Form of Contractor's Report" which accompany this communication.

The enclosed "Standard Form of Contractor's Report" is requested pursuant to the statutory power to obtain information

deemed necessary under the Act. Your filing of this "Standard Form of Contractor's Report" in satisfactory form will be deemed a compliance with the statutory provision requiring the filing by contractors and sub-contractors of a financial statement under the first sentence of subsection (c) (5) (A) of the 1943 Act, if filed within the time prescribed in such Act.

The "Standard Form of Contractor's Report" is to be filed with the undersigned, in duplicate, within thirty days of the date of this letter.¹ If your concern reports on a fiscal year basis for federal income tax purposes, the Report prepared should cover the same period.

If all of the information called for by this form has been furnished the Price Adjustment Agency to which the contractor has been assigned, refer to the final paragraph of instructions.

A separate letter or statement, in duplicate, containing any comments which you believe pertinent with respect to statutory renegotiation as it affects you will be appreciated.

(Appropriate Authorized Signature)

(c) Alternative form of letter of preliminary inquiry. * * *

2. In § 1607.704 (a) the third paragraph of the statement by contractor is amended by changing "receipts and accruals" to "receipts or accruals" and by changing "agencies or subcontracts" to "agencies and subcontracts", as follows:

§ 1607.704 Forms for cancellation of assignment—(a) Statement by contractor of non-applicability.

STATEMENT BY CONTRACTOR

NON-APPLICABILITY OF THE RENEGOTIATION ACT OF 1943

In making this certification recognition is given to the fact that in order to qualify for exemption it is necessary that both of the above conditions should be met; i. e., that the total of receipts or accruals under contracts with the above-named Departments or agencies and subcontracts as defined in the Act (excluding commissions and other income below mentioned) does not exceed \$500,000 and that the total of commissions and other income within the meaning of subsection (a) (5) (B) of the Act does not exceed \$25,000. Accordingly, we do not intend to file a financial statement in conformity with the provisions of the first sentence of subsection (c) (5) (A) of the Act. If we have been assigned for statutory renegotiation, we request that such assignment be cancelled.

SUBPART B—FORMS RELATING TO OPERATION OF RENEGOTIATION

Section 1607.724 is added as follows:

§ 1607.724 Construction contractors, architects, and engineers information and work sheet for renegotiation—(a) Instructions for preparation.

¹ Omit "within thirty days of the date of this letter" if this letter is being sent within thirty days of the time for filing prescribed by the 1943 Act.

CONSTRUCTION CONTRACTORS, ARCHITECTS, AND
ENGINEERS INFORMATION AND WORK SHEET
FOR RENEGOTIATION.

Information indicated in parts I and II herein is required for renegotiation under the Renegotiation Act, as amended. Any part of this information which the contractor has submitted, either in the "Standard Form of Contractor's Report (for Construction Contractors, Architects, and Engineers)" or in connection with a previous renegotiation, may be omitted, provided reference is made to the manner, time, and place of its submission. If any statements or information designated are inapplicable in a particular case, the contractor should so state and give the reason therefor. In financial statements all cents may be omitted. The contractor should so indicate if he prefers to discuss with the renegotiation authorities the methods of segregation of gross earnings and allocation of costs and expenses. In such cases, the contractor should submit all other information requested herein.

The contractor should certify that all information and data (subject to qualifications, if any, specifically set forth) are true and correct to the best of his knowledge and belief.

PART I—INSTRUCTIONS FOR PREPARATION OF
EXHIBITS

The enclosed exhibits are provided for the contractor's use in this connection. Should he submit in some other form his income data separated as between renegotiable and nonrenegotiable business, these exhibits should be used as guides.

Exhibit I

For an interpretation of items entering into renegotiable and nonrenegotiable business, respectively, refer to "Standard Form of Contractor's Report (for Construction Contractors, Architects, and Engineers)," Instructions 3, 4, and 6.

Line 1. Gross earnings. Enter total dollar volume of all work done under prime contracts, subcontracts, and purchase orders and other earnings, segregated as indicated by the columnar headings. For lump-sum and unit-price contracts (column A) show total contract price. For cost-plus-fixed-fee contracts (column B) show total reimbursements and fees earned. On joint venture lump-sum and unit-price contracts enter contractor's proportionate share of the total contract price (column C). On joint-venture cost-plus-fixed-fee contracts enter his proportionate share of the reimbursable costs and fees (column C). (Joint ventures are renegotiated as separate entities.) Column D is to be used only by contractors who report for tax purposes on other than the completed contract basis, but who prepare this exhibit I on a completed contract basis.

Line 2. Job costs. Enter in each column the job costs applicable to the corresponding contract earnings entered on line 1. For cost-plus-fixed-fee contracts (column B) include both reimbursable and direct nonreimbursable costs. For joint-venture contracts (column C) show proportionate share of costs.

Lines 5, 8, and 9. General and administrative expenses; other income; other deductions. Allocate to the classifications indicated for each column in accordance with the most equitable method in view of the particular situation.

Line 11. Rental income from owned equipment (net). Enter on this line in column E the renegotiable portion of the net amount (gross less applicable costs and expenses) received or accrued from the rental of equip-

ment owned by the contractor; in column F the nonrenegotiable portion of such net earnings; and in column G the sum of the amounts entered in columns E and F, respectively. If these amounts are significant, the contractor should support them by a separate schedule showing gross earnings from such rentals, distributed between renegotiable and nonrenegotiable business, and costs and expenses applicable to each classification, with resultant net earnings as shown in columns E, F, and G, respectively.

Line 12. Sales and other earnings. Enter on this line in column E the renegotiable portion of the net income from sales and services not included in columns A to D, inclusive; in column F the nonrenegotiable portion of such income; and in column G the sum of the amounts entered in columns E and F, respectively. The contractor should support these amounts by a separate schedule showing net sales and/or income from services, cost of sales and/or services, expenses applicable to each classification, and resultant net profits, as shown in columns E, F, and G, respectively.

Lines 14, 15, 16, 17, and 18. Amounts on these lines are to be entered in column G only.

Supporting schedules. Furnish supporting schedules as directed on the back of exhibits I and IA (also IB if applicable).

PART II—GENERAL INFORMATION

A. One copy each of the following:

1. Balance sheets as of the close of the year under review and each of the three (3) preceding years, and related analyses of surplus or net worth.

2. Income statement as regularly prepared, for the year under review.

3. Federal income and excess profits tax returns filed for the year under review.

4. Detailed or long form audit report, if available.

B. Information relative to affiliates:

1. A statement showing the names and addresses of the contractor's parent, subsidiary, and affiliated companies and organizations, with a brief description of the character of their business, the nature and extent of their affiliation, and an expression of the contractor's opinion as to whether or not, during the year under review, they had business subject to the Renegotiation Act, and as to which should be consolidated for purposes of renegotiation.

2. If the financial statements are submitted on a consolidated basis, similar financial statements for each subsidiary included in such consolidation.

3. The basis of setting intercompany prices (including rentals) when affiliates or subsidiaries are not consolidated.

4. A statement of sales and rentals to and purchases and rentals from subsidiaries and affiliates.

Instructions. The terms "affiliates" and "affiliated companies and organizations" means all persons under the control of or controlling, or under common control with the contractor.

C. A statement or schedule, amplified by adequate explanations, with respect to each of the following:

1. Type and approximate value of any materials or other assistance received from the Government or prime contractors;

2. The effect of raw material exemptions and "excess inventory" calculations provided for in subsection (i) of the Act;

3. Sales of materials and rentals of equipment to subcontractors entering into repurchases from them;

4. Interdepartmental sales not eliminated;

5. Any basic changes during the year under review in accounting methods, depreciation

rates, and/or methods, of inventory valuation;

6. Volume of direct renegotiable earnings from contracts with the subsidiaries of Reconstruction Finance Corporation (Defense Plant Corporation, Defense Supplies Corporation, Metals Reserve Co. and Rubber Reserve Co.), and the amount of profits therefrom. (If profits on such earnings are not segregated on the books, best estimate should be given);

7. A brief description of any bonus, pension trust, or other employee compensation plans in effect during the year under review, with comment as to how they are applicable to personnel for which compensation data are specifically supplied (officers, highly paid employees, etc.), and showing the dates that such plans were adopted. State whether approval has been obtained from the Bureau of Internal Revenue.

8. The latest taxable year examined by the Bureau of Internal Revenue and any significant changes made in taxable income or invested capital as a result of examinations made by the Bureau since 1 January 1942;

9. Any changes in excess profits tax credit claimed or to be claimed under section 721 or 722 of the Internal Revenue Code;

10. If royalties in excess of \$25,000 were paid or accrued during the year under review, the names of significant payees and amounts of payments. Similarly, if the contractor received royalties in excess of \$25,000, the names of licensees and amounts received from each;

11. Any revaluation of assets or recapitalization during the year under review;

12. Stockholders owning over 10 percent of voting stock and stockholdings of officers and key executives;

13. Financial interest in any subcontractor, supplier of material, or any concern from which construction plant or equipment has been acquired or rented during the year under review;

14. If the reporting entity is a joint venture, a certified copy of the joint-venture agreement;

15. Schedule showing name, address, and amount paid or accrued to each person, other than full-time employees, for obtaining or attempting to obtain contracts with any of the Departments named in the Act;

16. Any other matters with particular reference to those factors set forth in section (a) (4) (A) of the 1943 Act.

Instructions. Since each of the subjects listed above requires development in some detail for purposes of renegotiation, in order that full value can be given to the contractor's contribution to the conduct of the war, the contractor should give careful consideration to the preparation of his statements relative thereto. While such statements may be amplified at a meeting with representatives of the War Contracts Price Adjustment Board, it is desirable that they be presented in writing before such meeting.

TITLE 50—WILDLIFE

Chapter IV—Office of the Coordinator of Fisheries

[Order 1956, Amdt. 1]

PART 401—PRODUCTION OF FISHERY COM- MODITIES OR PRODUCTS

ALLOCATION OF HALIBUT WITHIN PORTS

Order No. 1956 of the Secretary of the Interior, issued June 13, 1944, (9 F.R. 6780) entitled "Allocation of Halibut Within Ports" is hereby amended as follows:

Paragraph (b) is amended by adding the following sentence at the end thereof: "Orderly production and marketing of the products of the fishery depend upon the equitable allocation of the catch among primary dealers, but all persons affected by this order are expected to cooperate in supplying the requirements of the armed services and by furthering the distribution of halibut available for civilian use to the principal distributing and consuming centers in substantially the normal percentages of supply."

Paragraph (c) (2) is amended to read as follows:

(2) "Dealer" means any person buying or taking delivery of halibut in wholesale quantities for his own account or the account of others, within fifty miles of the coastal or inland waters of Alaska, Washington, Oregon or California, except retailers and other buyers for resale direct to the ultimate consumer; the term also includes any person soliciting or making arrangements for any such sale or delivery as is described in the preceding clause, even though at a port other than where the sale or delivery or both are actually completed.

Paragraph (d) is amended to read as follows:

(d) *Permits required for dealers.* No person shall operate as a dealer, as defined in paragraph (c) (2) above, nor purchase halibut nor take delivery thereof from another person, within the

geographical limits described in that paragraph except in accordance with a permit issued pursuant to this order by the Fishery Coordinator or his representative. Each permit shall authorize operation at one port only; but the same dealer may have several permits for operation at different ports. Such permits shall be shown by the permittee on request to any person from whom the permittee proposes to purchase halibut. No fisherman or any other person shall deliver or sell halibut to any dealer except in accordance with such a permit. Any person soliciting or making arrangements for such sales or deliveries as are described in paragraph (c) (2) shall be considered to be operating as a dealer at the port where such activity occurs, though the sale or delivery or both are actually completed at some other port."

Paragraph (h) (1) is amended to read as follows, with the approval of the Bureau of the Budget:

(1) All dealers shall keep and preserve for not less than two years accurate records concerning purchases of halibut from fishermen and others, and sales of halibut to secondary dealers and others, showing for each transaction the data, the name and address of the other party, and the amount of halibut involved, by species.

Issued this 10th day of August 1944.

From June through October the maximum price, f. o. b. shipping points in all states for beets as described in the above paragraph will be \$1.35.

Appropriate allowances will be made to cover protective services.

No person who does not pack and ship beets and who does not regularly operate a packing and shipping plant for that commodity, will be permitted to purchase acreage at a price which, after adding the cost of harvesting, hauling, packing and inspection, results in a price higher than the applicable maximum price f. o. b. country shipping point.

The above prices may be incorporated in an amendment to Maximum Price Regulation No. 426 in substantially the same form as Appendix H.

Note: "Country shipping point" means the place in or near the producing area where the beets being priced are prepared for shipment and first loading on cars for rail shipments or on trucks for truck shipment. Prices established for shipping points are not grower ceiling prices unless the grower is the shipper.

Issued this 14th day of August 1944.

Sec. 2. Filing of lists of posted prices. When you have made up the list of food items and meals to be posted and your lawful ceiling price for each, you must make three copies of this list, and send or deliver it to your local War Price and Rationing Board on or before August 21, 1944. Each copy must be clear and legible, dated and signed by the owner or manager of your establishment, with the name and address of the establishment following the signature.

The War Price and Rationing Board shall check this list with your filed ceiling prices. If the prices check, the Board shall make a notation to this effect on one copy of the list and return it to you. You shall keep this copy in your establishment, and make it available for examination by any person during business hours.

If the prices on your list do not completely check with your filed ceiling prices, the Board will call you in for a conference, so that corrections can be made.

Sec. 3. Replacement of posters. If a poster is mutilated or becomes badly soiled or otherwise damaged, it must be replaced by a new one which may be obtained from your War Price and Rationing Board upon presentation of the damaged poster. Erasures or changes of prices listed on the poster are prohibited. The new poster must be filled out exactly like the old one. Large establishments may receive extra posters.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 59-5]

MIDDLE WEST CORP., ET AL.

MEMORANDUM OPINION AND ORDER GRANTING EXEMPTION

On the 24th day of January 1944, the Commission issued its Order pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935 requiring The Middle West Corporation, a registered holding company, to sever its relations with certain properties, operations and companies including, among others, Middle West Utilities Company of Canada, Limited and reserving jurisdiction to enter such further appropriate orders as the Commission should deem necessary to secure compliance with the provisions of the act and rules thereunder and to carry out the provisions of said order.

Middle West Utilities Company of Canada, Limited, is a Canadian corporation, all outstanding securities of which (consisting of preferred and common stock) are owned by The Middle West Corporation. Its activities are carried on exclusively within Canada and all its assets consist of securities of Canadian corporations, the businesses of which are carried on exclusively in Canada, and the assets of which consist of properties located in Canada or securities in Canadian companies operating exclusively in Canada. The principal assets of Middle West Utilities Company of Canada, Limited, consist of all the outstanding common stock and approximately 45.03% of the preferred stock and approximately \$80,000 principal amount of bonds of Great Lakes Power Company, Limited, a corporation organized and existing under the laws of the Province of Ontario engaged in the generation, distribution and sale of electric energy.

Middle West Utilities Company of Canada, Limited, has received an offer for all its security holdings in Great Lakes Power Company, Limited, such offer having been made by K. S. Barnes of Montreal, Canada, who has advised that the purchase is being made by him on behalf of the Hydro Electric Power Commission, an agency of the Province of Ontario.

By orders heretofore entered in File No. 31-375 on July 9, 1937; May 24, 1939; January 8, 1942, and December 29, 1943, the Commission has exempted Middle West Utilities Company of Canada, Limited as a holding company from all those provisions of the act which would require it to register under said act because of its directly or indirectly owning, controlling or holding with power to vote 10% or more of the outstanding voting securities of Great Lakes Power Company, Limited, its only subsidiary which is a public utility company. Such orders further provide for limited exemptions to Middle West Utilities Company of Canada, Limited as a subsidiary of The Middle West Corporation. Such exemptions, however, as a subsidiary, do not include an exemption from section 12

(d) of the act, and rules, regulations or orders promulgated thereunder.

The Middle West Corporation and Middle West Utilities Company of Canada, Limited, have requested that the Commission now issue its order exempting The Middle West Corporation and Middle West Utilities Company of Canada, Limited, with respect to such proposed sale insofar as the act or the rules, regulations or orders thereunder including section 12 (d) of the Act and the order issued by the Commission pursuant to section 11 (b) (1) of the act require application to and approval by the Commission in respect thereof.

In view of the exemptions previously granted and the fact that the proposed purchaser is an agency of the Province of Ontario, Dominion of Canada, we are of the opinion that the requested exemption may be appropriately granted and that such exemption would not be detrimental to the public interest or to the interest of investors or consumers;

It is therefore ordered, That The Middle West Corporation and Middle West Utilities Company of Canada, Limited be and they hereby are granted exemption with respect to the proposed sale by Middle West Utilities Company of Canada, Limited of all its security holdings in Great Lakes Power Company, Limited to the Hydro Electric Power Commission of the Province of Ontario, Dominion of Canada, or its representative from the provisions of the Public Utility Holding Company Act of 1935 or the rules, regulations or orders thereunder including section 12 (d) of the act and the order previously issued by the Commission herein pursuant to section 11 (b) (1) of the act, insofar as the same require application to and approval by the Securities and Exchange Commission with respect to such sale.

By the Commission (Commissioners Pike, O'Brien and McConnaughey) Chairman Purcell and Commissioner Healy being absent and not participating.

Dated: August 10, 1944.

Secretary.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 11th day of August 1944.

Notice is hereby given that joint applications-declarations have been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Denis J. Driscoll and Willard L. All interested persons are referred to said joint applications-declarations which are on file in the office of the Commission for a statement of the purpose and nature of the proposed transactions, which may be summarized as follows:

(1) United Coach will be merged into Aucorp, which will assume all its liabilities and acquire all its assets, including an income note, due 1960, of Railway in the amount of \$1,218,336.57. Thereupon all the outstanding shares of stock of United Coach held by Agecorp, and all indebtedness of United Coach to Aucorp will be surrendered for cancellation;

(2) Aucorp will purchase from Areal, its wholly-owned subsidiary, 166 shares of beneficial interest in Railway for a consideration of \$1,000;

(3) Railway will liquidate and deliver all its assets, subject to its liabilities, to Aucorp. In connection therewith Aucorp will surrender to Railway for cancellation the 166 shares of beneficial interest in Railway which it proposes to acquire, as set forth in paragraph (2) above, and the income note, due 1960, of Railway in the amount of \$1,218,336.57 which Aucorp will acquire from United Coach, as set forth in paragraph (1) above;

(4) Dover, having outstanding 2,500 shares of common stock, will purchase 1,600 shares for retirement from Aucorp for a consideration of \$450,000 and correspondingly reduce its capital from \$700,000 to \$250,000. Dover will pay for said shares in part by delivering to Aucorp, at the market value thereof at the date of delivery, \$200,000 principal amount of 3¼% income debentures, due 1978, and \$125,000 principal amount of 8% bonds, due 1940, of Agecorp; and the balance of the purchase price will be paid by Dover to Aucorp in cash;

(5) Agecorp, holding a 2% convertible obligation, due 1963, of Aucorp, amounting to \$82,747,814.66 at July 1, 1944, will receive from Aucorp, as payment on ac-

(6) Subject to obtaining an appropriate order from the District Court of the United States for the Southern District of New York, Agecorp will make a cash donation to NY PA NJ Utilities Company in the sum of \$4,000,000 to be used by the latter to discharge its bank loan of like amount from Guaranty Trust Company of New York.

It is stated in the applications-declarations that the purposes of the proposed transactions, as summarized above, are to simplify the corporate structure of the Agecorp holding company system by eliminating unnecessary corporate entities and the transfer of the ownership of substantial amounts of securities to their issuers or to more logical owners. In addition, it is stated, NY PA NJ Utilities Company will be enabled to discharge its outstanding bank loan. It is further stated that the proposed program will facilitate the consummation of the plan of reorganization of Agecorp and Associated Gas and Electric Company.

The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented

by said filing, particular attention will be directed at such hearing to the following matters and questions:

1. Whether the various proposed acquisitions will serve the public interest by tending towards the economical and efficient development of an integrated public utility system or systems;

2. Whether the considerations to be paid and received in connection with the various transactions, including all fees, commissions and other remuneration, are fair and reasonable;

3. The property of the proposed accounting treatment of the several transactions on the books of the respective applicants and declarants; and
