Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess Profits Taxes

[T. D. 5419]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

ESTIMATED TAX OF INDIVIDUALS

In order to conform Regulations 111 (26 CFR, Cum. Supp., Part 29) to section 13 (except section 13 (b) and (e)) of the Individual Income Tax Act of 1944 (Public Law 315, 78th Congress), approved May 29, 1944, such regulations are amended as follows:

\*PARAGRAPH 1. There is inserted immediately preceding § 29.58-1, added by Treasury Decision 5305, approved November 12, 1943, the following:

SEC. 13. ESTIMATED TAX OF INDIVIDUALS. (Individual Income Tax Act of 1944, Part I.)

(a) *Declarations and amendments*. Sections 58, 59, and 60 (relating to declaration and payment of estimated tax), are amended to read as follows:

SEC. 58. DECLARATION OF ESTIMATED TAX BY INDIVIDUALS.

(a) *Requirement of declaration*. Every individual (other than an estate or trust and other than a nonresident alien with respect to whose wages, as defined in section 1621 (a), withholding under Subchapter D of Chapter 9 is not made applicable) shall, at the time prescribed in subsection (d), make a declaration of his estimated tax for the taxable year if:

- (1) His gross income from wages (as defined in section 1621) can reasonably be expected to exceed the sum of \$5,000 plus \$500 with respect to each surtax exemption (except his own) provided in section 25 (b); or
- (2) His gross income from sources other than wages (as defined in section 1621) can reasonably be expected to exceed \$100 for the taxable year and his gross income to be \$500 or more.

(b) *Contents of declaration*. In the declaration required under subsection (a) the individual shall state:

- (1) The amount which he estimates as the amount of tax under this chapter for the taxable year, without regard to any credits under sections 32 and 35 for taxes withheld at source;
- (2) The amount which he estimates as the credits for the taxable year under sections 32 and 35; and
- (3) The excess of the amount estimated under paragraph (1) over the amount estimated under paragraph (2), which excess for the purposes of this chapter shall be considered the estimated tax for the taxable year.

The declaration shall also contain such other information for the purposes of carrying out the provisions of this chapter as the Commissioner, with the approval of the Secretary, may by regulations prescribe, and shall contain or be verified by a written statement that it is made under the penalties of perjury.

(c) *Joint declaration by husband and wife.* In the case of a husband and wife, a single declaration under this section may be made by them jointly, in which case the liability with respect to the estimated tax shall be joint and several. No joint declaration may be made if either the husband or wife is a nonresident alien. If a joint declaration is made but a joint return is not made for the taxable year, the estimated tax for such year may be treated as the estimated tax of either the husband or the wife, or may be divided between them.

(d) *Time and place for filing.*—(1) *In general.* The declaration required under subsection (a) shall be filed on or before March 15 of the taxable year, except that if the requirements of section 58 (a) are first met

(A) After March 1 and before June 2 of the taxable year, the declaration shall be filed on or before June 15 of the taxable year, or

(B) After June 1 and before September 2 of the taxable year, the declaration shall be filed on or before September 15 of the taxable year, or

(C) After September 1 of the taxable year, the declaration shall be filed on or before January 15 of the succeeding taxable year.

(2) *Amendment of declaration.* An individual may make amendments of a declaration filed during the taxable year under this subsection, under regulations prescribed by the Commissioner with the approval of the Secretary. If so made, such amendments may be filed on or before the fifteenth day of the last month of any quarter of the taxable year subsequent to that in which the declaration was filed and in which no previous amendment has been filed, except that in the case of an amendment filed after September 15 of the taxable year, it may be filed on or before January 15 of the succeeding taxable year. Declarations and amendments thereof shall be filed with the collector specified in section 53 (b) (1).

(3) *Return as declaration or amendment.* If on or before January 15 of the succeeding taxable year the taxpayer files a return, for the taxable year for which the declaration is required, and pays in full the amount computed on the return as payable, then, under regulations prescribed by the Commissioner with the approval of the Secretary:

(A) If the declaration is not required to be filed during the taxable year, but is required to be filed on or before such January 15, such return shall, for the purposes of this chapter, be considered as such declaration; and

(B) If the tax shown on the return (reduced by the credits under sections 32 and 35) is greater than the estimated tax shown in a declaration previously made, or in the last amendment thereof, such return shall, for the purposes of this chapter, be considered as the amendment of the declaration permitted by paragraph (2) to be filed on or before such January 15.

(e) *Extension of time.* The Commissioner may grant a reasonable extension of the time for filing declarations and paying the estimated tax, under such rules and regulations as he shall prescribe with the approval of the Secretary. Except in the case of taxpayers who are abroad, no such extension shall be for more than six months.

(f) *Persons under disability.* If the taxpayer is unable to make his own declaration,

the declaration shall be made by a duly authorized agent or by the guardian or other person charged with the care of the person or property of such taxpayer.

(g) *Signature presumed correct.* The fact that an individual's name is signed to a filed declaration shall be prima facie evidence for all purposes that the declaration was actually signed by him.

(h) *Publicity of declaration.* For the purposes of section 55 (relating to publicity of returns), a declaration of estimated tax shall be held and considered a return under this chapter.

#### SEC. 59. PAYMENT OF ESTIMATED TAX.

(a) *In general.* The estimated tax shall be paid as follows:

(1) If the declaration is filed on or before March 15 of the taxable year, the estimated tax shall be paid in four equal installments. The first installment shall be paid at the time of the filing of the declaration, the second and third on June 15 and September 15, respectively, of the taxable year, and the fourth on January 15 of the succeeding taxable year.

(2) If the declaration is filed after March 15 and not after June 15 of the taxable year, and is not required by section 58 (d) to be filed on or before March 15 of the taxable year, the estimated tax shall be paid in three equal installments. The first installment shall be paid at the time of the filing of the declaration, the second on September 15 of the taxable year, and the third on January 15 of the succeeding taxable year.

(3) If the declaration is filed after June 15 and not after September 15 of the taxable year, and is not required by section 58 (d) to be filed on or before June 15 of the taxable year, the estimated tax shall be paid in two equal installments. The first installment shall be paid at the time of the filing of the declaration, and the second on January 15 of the succeeding taxable year.

(4) If the declaration is filed after September 15 of the taxable year, and is not required by section 58 (d) to be filed on or before September 15 of the taxable year, the estimated tax shall be paid in full at the time of the filing of the declaration.

(5) If the declaration is filed after the time prescribed in section 58 (d) (including cases in which an extension of time for filing the declaration has been granted under section 58 (e)), paragraphs (2), (3), and (4) of this subsection shall not apply, and there shall be paid at the time of such filing all installments of estimated tax which would have been payable on or before such time if the declaration had been filed within the time prescribed in section 58 (d), and the remaining installments shall be paid at the times at which, and in the amounts in which, they would have been payable if the declaration had been so filed.

(b) *Amendments of declaration.* If any amendment of a declaration is filed, the remaining installments, if any, shall be ratably increased or decreased, as the case may be, to reflect the increase or decrease, as the case may be, in the estimated tax by reason of such amendment, and if any amendment is made after September 15 of the taxable year, any increase in the estimated tax by reason thereof shall be paid at the time of making such amendment.

(c) *Installments paid in advance.* At the election of the individual, any installment of the estimated tax may be paid prior to the date prescribed for its payment.

(d) *Payment as part of tax for taxable year.* Payment of the estimated tax, or any installment thereof, shall be considered payment on account of the tax for the taxable year. Assessment in respect of the estimated tax shall be limited to the amount paid.

#### SEC. 60. SPECIAL RULES FOR APPLICATION OF SECTIONS 58 AND 59.

(a) *Farmers.* In the case of an individual whose estimated gross income from farming

for the taxable year is at least two-thirds of the total estimated gross income from all sources for the taxable year, in lieu of the time prescribed in section 58 (d), the declaration for the taxable year may be made at any time on or before January 15 of the succeeding taxable year.

(b) *Application to short taxable years.* The application of sections 58, 59, and 294 (d), and of subsection (a) of this section, to taxable years of less than twelve months shall be as prescribed in regulations prescribed by the Commissioner with the approval of the Secretary.

(c) *Fiscal years.* In the application of sections 58 and 59, and subsection (a) of this section, to the case of a taxable year beginning on any date other than January 1, there shall be substituted, for the months specified therein, the months which correspond thereto.

(c) *Effective date.* The amendment made by subsection (a), insofar as it relates to section 58 (a) of the Internal Revenue Code, shall be applicable only with respect to taxable years beginning after December 31, 1944.

(d) *Special rule for 1944.* The provisions of sections 58 and 59 of such Code, as amended by this Act, shall be subject to the following modifications with respect to declaration and payment of estimated tax for the calendar year 1944:

(1) *Time for filing declaration.* If the requirements of section 58 (a) of such Code, without regard to its amendment by this Act, are first met before April 1, 1944, the declaration shall be filed on or before April 15, 1944, and if such requirements are first met after March 31, 1944, and before June 2, 1944, the declaration shall be filed on or before June 15, 1944.

(2) *Payment of estimated tax.* If the declaration is filed on or before April 15, 1944, then (even though such declaration under existing law or under paragraph (1) of this subsection was not required to be filed before June 15, 1944) the estimated tax shall be paid in four equal installments and at the times provided in section 59 (a) (1) of such Code, as amended by this Act. If the declaration is filed after April 15, 1944, and not after June 15, 1944 (and is not required by paragraph (1) to be filed on or before April 15), the estimated tax shall be paid in three equal installments and at the times provided in section 59 (a) (2) of such Code, as amended by this Act. The rule provided in section 59 (a) (5) of such Code, as amended by this Act, shall apply with respect to declarations filed after the time prescribed in paragraph (1) of this subsection.

#### SEC. 2. TAXABLE YEARS TO WHICH APPLICABLE. (Individual Income Tax Act of 1944, Part I.)

Except as otherwise expressly provided, the amendments made by this part shall be applicable with respect to taxable years beginning after December 31, 1943.

PAR. 2. Section 29.58-1, as amended by Treasury Decision 5403, approved September 5, 1944, is further amended as follows:

(A) By striking out the heading and inserting in lieu thereof the following: "Declarations of estimated tax—taxable year beginning prior to January 1, 1945—(a) General."

(B) By inserting in paragraph (b) immediately following "December 31, 1942," the following: "and prior to January 1, 1945."

(C) By adding at the end thereof the following new section:

§ 29.58-2 *Declarations of estimated tax; taxable years beginning after December 31, 1944*—(a) *General*. A declaration of estimated tax shall, for taxable years beginning after December 31, 1944, be made by (1) every citizen of the United States whether residing at home or abroad, (2) every individual residing in the United States though not a citizen thereof, and (3) every nonresident alien who is a resident of Canada or Mexico and who has wages subject to withholding at the source under section 1622, if such citizen or resident or alien can reasonably be expected to have for such taxable year:

(1) Gross income from wages subject to withholding under section 1622 in excess of the sum of \$5,000 plus \$500 for each surtax exemption (excluding the surtax exemption claimed for the taxpayer himself) allowable as a credit under section 25 (b); or

(2) Gross income of more than \$100 from sources other than wages subject to withholding under section 1622 and total gross income of \$500 or more.

In the case of a husband and wife, whether or not they are living together, a joint declaration of estimated tax may be made if the gross income of either spouse meets the requirements of section 58 (a). If the gross income of each spouse meets the requirements of section 58 (a), either a joint declaration must be made or a separate declaration must be made by each. For the purpose of determining whether a declaration of estimated tax is required under the provisions of section 58 (a), a married person may not take into account the surtax exemption of his spouse, if his spouse has, or is reasonably expected to have, gross income.

In estimating his gross income for the taxable year, a parent should not take into account the income of his minor child. Such income is not includible in the gross income of the parent. See section 22 (m).

A nonresident alien who is a resident of Canada or Mexico, who enters and leaves the United States at frequent intervals, and who has wages subject to withholding under the provisions of section 1622 is required to file a declaration of estimated tax if his gross income meets the requirements of section 58 (a). In the case of a nonresident alien gross income means only gross income from sources within the United States. (Section 212 (a).) As to what constitutes gross income from sources within the United States, see section 119 and the regulations thereunder. Thus, for example, a nonresident alien living in Canada with his wife and two dependent children throughout 1945 makes his return on the calendar year basis. His wife and children are also nonresident aliens. He is employed as an executive in Detroit, Michigan, at a salary of \$8,000 per annum and enters and leaves the United States at frequent intervals in pursuit of such employment. Neither husband nor wife has any reasonable expectation of any other income from United States sources. Since his wages derived from sources within the United States in 1945 can reasonably be ex-

pected to amount to more than \$5,000 plus \$1,500 (\$500 x 3), or \$6,500, a declaration of estimated tax must be filed by such resident of Canada for 1945.

An estate or trust though generally taxed as an individual is not within the scope of the system of current payment of the tax, and hence is not required to file a declaration.

The application of these provisions may be illustrated by the following examples:

*Example (1)*. M, a taxpayer making his return on the calendar year basis, is married and has two dependent children. Neither his wife nor children have any source of income. His salary from January 1 to June 30, 1945, was at the annual rate of \$6,000. However, effective July 1, 1945, his annual salary was increased to \$8,000 and under the facts then existing it is reasonable to assume that his salary for the remaining portion of 1945 will remain unchanged. As of July 1, 1945, therefore, it is reasonable to expect that he will derive for 1945 a salary of \$7,000. Since such amount is in excess of \$5,000 plus \$1,500 (\$500 x 3), or \$6,500, M is required to file a declaration of estimated tax for 1945. As to when such declaration is required to be filed, see § 29.58-7 (b).

*Example (2)*. N, a professional man engaged in the practice of his profession on his own account, has gross income of \$400 from such profession for the two months of January and February 1945. It can reasonably be expected that he will have no income during 1945 from any other source. Since N has gross income which can for 1945 reasonably be expected to exceed \$500 and such income does not constitute wages subject to withholding, he is required to file a declaration of estimated tax regardless of his family or marital status and regardless of the number of surtax exemptions to which he may be entitled for that year.

*Example (3)*. P has been regularly employed for many years prior to January 1, 1945, at which date his weekly wage is \$90. He is a widower and has three dependents none of whom has any source of income in 1945. He owns stock in a corporation from which he has derived regularly for many years prior to 1945 annual dividends ranging from \$120 to \$160. In view of the fact that for 1945 P can reasonably be expected to receive gross income of \$500 or more including more than \$100 of income from sources other than wages as defined in section 1621 (a), he is required to make a declaration of estimated tax for such year.

*Example (4)*. A is employed at the beginning of 1945 at an annual salary of \$8,000 which on the basis of facts then existing, will, it is expected, not undergo any change throughout 1945. It is not reasonably to be anticipated that he will have any other income in 1945. His wife, B, owns stock upon which dividends ranging from \$50 to \$90 have been paid regularly during years prior to 1945. A and B have four dependent children of whom two have no source of income in 1945; a third child is the beneficiary of a trust fund from which he has received in prior years annual income in the amount of approximately \$300, but has no other source of income; while the fourth child is gainfully employed upon a part-time basis and may reasonably be expected to receive compensation for his services amounting to \$600 in 1945. Under these facts, for the purpose of determining whether he is required to file a declaration, A may take into account only three surtax exemptions—one for each child expected to receive less than \$500 gross income in 1945. Since his anticipated salary of \$8,000 exceeds the sum of \$5,000 plus \$1,500 (\$500 x 3), or \$6,500, A will be required to file a declaration of estimated tax for 1945. A may not claim a surtax exemption

for his wife, B, in his separate declaration since, under the facts assumed, B is expected to have gross income in 1945. If, however, a joint declaration is made, a surtax exemption may be claimed for B.

(b) *Short taxable years*. For the purpose of determining whether the anticipated income for a short taxable year necessitates the filing of a declaration such income shall be placed on an annual basis in the manner prescribed in section 47 (c) (1). Thus, for example, a taxpayer who changes from the calendar year basis to a fiscal year basis beginning July 1, 1945, will have a short taxable year beginning January 1, 1945, and ending June 30, 1945. If his anticipated gross income for such short taxable year consists solely of wages (as defined in section 1621 (a)) in the amount of \$4,000, his total gross income and his gross income from such wages for the purpose of determining whether a declaration is required is \$8,000, the amount obtained by placing anticipated income of \$4,000 upon an annual basis. Hence, assuming such taxpayer is single and has no dependents, he is required to file a declaration for the short taxable year since his anticipated gross income from wages when placed upon an annual basis is in excess of \$5,000.

PAR. 3. Section 29.58-2, as amended by Treasury Decision 5403, is further amended as follows:

(A) By redesignating the section "§ 29.58-3".

(B) By striking from the second paragraph "amount and character" and inserting in lieu thereof the following: "amount and character (for the calendar year 1943), or amount (for taxable years beginning after December 31, 1943)".

(C) By inserting in the second paragraph immediately following "husband or wife should not" the following: ", for the calendar year 1943".

(D) By inserting immediately after the second paragraph thereof the following new paragraph:

For taxable years beginning after December 31, 1943, section 400 of the Internal Revenue Code, as amended, also may be used in computing the estimated tax for the purposes of the declaration. However, for the purposes of computing the tax liability under chapter 1 for such a taxable year in the case of married persons living together, if the net income of one spouse is determined without regard to the standard deduction, the standard deduction is not allowed to either. Hence, to avoid the risk of underestimating the tax in such case, one spouse should not use section 400 in computing the estimated tax unless the other spouse also uses section 400 or employs the standard deduction in computing the estimated tax.

(E) By striking from the last paragraph "32, 35 and 466 (e)" and inserting in lieu thereof "32 and 35".

PAR. 4. Section 29.58-3, as added by Treasury Decision 5305, is amended as follows:

(A) By redesignating the section "§ 29.58-4".

(B) By striking from the heading the words "living together".

(C) By amending the first paragraph thereof to read as follows:

For taxable years beginning before January 1, 1944, a husband and wife may make a joint declaration, if they are living together at the time prescribed for filing the declaration. For taxable years beginning after December 31, 1943, a husband and wife may make a joint declaration even though they are not living together. A joint declaration may not be made after the death of either the husband or wife or if either the husband or wife is a nonresident alien.

(D) By adding at the end thereof the following new paragraph:

If a joint declaration is made by husband and wife and thereafter one spouse dies, no further payments of estimated tax on account of such joint declaration are required from the estate of the decedent. The surviving spouse, however, shall be liable for the payment of subsequent installments of the joint estimated tax unless an amended declaration setting forth the separate estimated tax for the taxable year is filed by such spouse. Such separate estimated tax shall be paid at the time and in the amounts determined under the rules prescribed in § 29.58-11. For the purposes of the amended declaration, the payments made pursuant to the joint declaration may be divided between the decedent and the surviving spouse in such proportion as the surviving spouse and the legal representative of the decedent may agree.

PAR. 5. Section 29.58-4, as added by Treasury Decision 5305, is amended as follows:

(A) By redesignating the section "*§ 29.58-5*".

(B) By striking out the fifth and sixth sentences.

(C) By striking out "(including victory tax) for 1943" and inserting in lieu thereof "(including victory tax for 1943)".

PAR. 6. Section 29.58-5, as added by Treasury Decision 5305, is amended as follows:

(A) By striking out "*§ 29.58-5 Time and place for filing declarations.*" and inserting in lieu thereof the following: "*§ 29.58-6 Time and place for filing declarations: years beginning prior to January 1, 1944.*"

(B) By striking out the sixth sentence of paragraph (a) (1).

(C) By striking out the fifth sentence of paragraph (a) (2).

(D) By striking out all that part of paragraph (c) which follows the third sentence thereof.

(E) By adding at the end thereof the following new section.

*§ 29.58-7 Time and place for filing declarations; years beginning after December 31, 1943—(a) Special rules applicable to calendar year 1944 and fiscal years beginning in 1944.* The provisions of subsection (a) of section 58, as amended, relating to who shall file a declaration of estimated tax, are applicable only with respect to taxable years beginning after December 31, 1944. The tests, therefore, found in section 58 (a) prior to its amendment by the Indi-

vidual Income Tax Act of 1944 are applicable to the calendar year 1944 and fiscal years beginning in 1944. In the case of the calendar year 1944 if the requirements therein provided are first met before April 1, 1944, the declaration shall be filed on or before April 15, 1944; if such requirements are first met after March 31, 1944, and before June 2, 1944, the declaration shall be filed on or before June 15, 1944. If, however, such requirements are met on or after June 2, 1944, the general rule provided in section 58 (d) (1) (B) and (C) as amended by the Individual Income Tax Act of 1944 is applicable. Hence, if such requirements are first met after June 1, 1944, and before September 2, 1944, the declaration shall be filed on or before September 15, 1944, and if such requirements are first met after September 1, 1944, the declaration shall be filed on or before January 15, 1945.

In the case of a fiscal year beginning in 1944, the declaration must be filed on the 15th day of the third month of the taxable year. If, however, the requirements of section 58 (a), prior to its amendment, are first met after the first day of the third month and before the second day of the sixth month, the declaration must be filed on or before the 15th day of the sixth month of the taxable year. If such requirements are first met after the first day of the sixth month, and before the second day of the ninth month, the declaration must be filed on or before the 15th day of the ninth month of the taxable year; and if such requirements are first met after the first day of the ninth month, the declaration must be filed on or before the 15th day of the next succeeding taxable year.

(b) *Calendar and fiscal years beginning after December 31, 1944.* Declarations of estimated tax for the calendar year 1945 and subsequent calendar years shall (except in the case of farmers, as to whom see paragraph (c) of this section) be made on or before March 15 of such year by every individual whose then anticipated income for the current calendar year meets the requirements of section 58 (a), as amended. If, however, the requirements necessitating the filing of the declaration are first met, in the case of a taxpayer on the calendar year basis, after March 1, but before June 2 of the calendar year, the declaration must be filed on or before June 15; if the requirements are met after June 1 and before September 2, the declaration must be filed on or before September 15; and if such requirements are first met after September 1, the declaration must be filed on or before January 15 of the succeeding calendar year. In the case of a taxpayer on the fiscal year basis, the declaration must be filed on the 15th day of the third month of the taxable year. If, however, the requirements of section 58 (a), as amended, are first met after the first day of the third month and before the second day of the sixth month, the declaration must be filed on or before the 15th day of the sixth month of the taxable year. If such requirements are first met after the first day of the sixth month, and before the second day

of the ninth month, the declaration must be filed on or before the 15th day of the ninth month, of the taxable year, or if such requirements are met after the first day of the ninth month, the declaration must be filed on or before the 15th day of the next succeeding fiscal year. Thus, if an individual taxpayer is on the fiscal year basis ending June 30, 1946, his declaration must be filed on or before September 15, 1945, if the requirements of section 58 (a) are met on or before September 1, 1945. If, however, such conditions are not met until after September 1, 1945, and before December 2, 1945, the declaration need not be filed until December 15, 1945.

For calendar and fiscal years beginning after December 31, 1944, the requirements with respect to the filing of the declaration are those prescribed in section 58 (a), as amended. The requirements with respect to the time for filing the declaration apply alike to such nonresident aliens as are required to make a declaration as well as to United States citizens and residents. In the case of certain individuals outside the Americas, certain individuals in the military or naval forces of the United States who are serving on sea duty or outside the continental United States, and certain civilian employees of the United States who are prisoners of war or otherwise detained by any foreign government with which the United States is at war, the provisions of Treasury Decision 5279 (set forth in paragraph 111a of the Appendix to these regulations) relative to the time for filing returns are also applicable with respect to the time for filing declarations. In the case of any such individual, however, if the time for filing the return for a taxable year is postponed under the provisions of Treasury Decision 5279, a declaration of estimated tax for such taxable year is not required.

(c) *Farmers.* In the case of an individual, whose estimated gross income from farming for the taxable year is at least two-thirds of his total estimated gross income from all sources for such taxable year, his declaration may be filed on or before the 15th day of January of the succeeding taxable year in lieu of the time prescribed for individuals generally. The provisions of § 29.58-6 (a) (3) relating to what constitutes farming are equally applicable to taxable years beginning after December 31, 1943.

(d) *Declarations for short taxable years.* No declaration may be made for a period of more than 12 months. A separate declaration for a fractional part of a year is, therefore, required where there is a change, with the approval of the Commissioner, in the basis of computing net income from one taxable year to another taxable year. The periods to be covered by such separate declarations in the several cases are those set forth in section 47 (a). No declaration, however, is required for a taxable year of less than three months. In the case of a decedent, no declaration need be filed subsequent to the date of death. As to requirement for amended declaration if death of one spouse occurs after filing a joint declaration, see § 29.58-4.

In the case of short taxable years the declaration shall be filed on or before the 15th day of the third month of such taxable year if the requirements of section 58 (a) are met on or before the first day of the third month of such year. If such requirements are first met after the first day of the third month but before the second day of the sixth month, the declaration must be filed on or before the 15th day of the sixth month. If, however, the period for which the declaration is filed is one of three months, or one of six months and the requirements of section 58 (a) were not met until after the first day of the third month, or one of nine months and such requirements were not met until after the first day of the sixth month, the declaration may be filed on or before the 15th day of the succeeding taxable year. If the short taxable year is a period:

(1) Of at least three months but less than six months and the requirements of section 58 (a) are first met after the first day of the third month, or

(2) Of at least six months but less than nine months and the requirements of section 58 (a) are first met after the first day of the sixth month, or

(3) Of nine months or more and the requirements of section 58 (a) are first met after the first day of the ninth month,

no declaration is required.

In the case of an individual whose estimated gross income from farming for a short taxable year is at least two-thirds of his total estimated gross income from all sources for such taxable year, his declaration may be filed on or before the fifteenth day of the month immediately following the close of such taxable year.

(e) *Place for filing declarations.* The rules prescribed in § 29.58-6 (b) with respect to the place for filing the declaration are equally applicable to taxable years beginning after December 31, 1943.

(f) *Amended declarations.* In the making of a declaration of estimated tax, the statute requires the taxpayer to take into account the then existing facts and circumstances as well as those reasonably to be anticipated relating to prospective gross income, allowable deductions and estimated credits for the taxable year. Amended or revised declarations may be made in any case in which the taxpayer estimates that his gross income, deductions, or credits will differ from the gross income, deductions, or credits reflected in the previous declaration. An amended declaration may also be made based upon a change in the number of surtax exemptions to which the taxpayer may be entitled for the then current taxable year, such as the acquisition of a dependent or divorce or marriage of the taxpayer. Such amended declaration shall be on Form 1040ES, marked "Amended". No amended or revised declaration may be filed in the quarter in which the original declaration has been filed nor in any subsequent quarter in which a prior or revised declaration has been filed. For

taxable years beginning after December 31, 1943, where an original declaration has previously been filed: In the case of a taxpayer on the calendar year basis, an amended declaration filed after September 15 may be filed on or before January 15 of the succeeding calendar year; in the case of a taxpayer on the fiscal year basis, an amended declaration filed after the 15th day of the ninth month of such fiscal year may be filed on or before the 15th day of the succeeding fiscal year. Thus, if a taxpayer is on a fiscal year basis beginning July 1, 1944, an amended declaration filed after March 15, 1945, may be filed on or before July 15, 1945.

(g) *Return as a declaration of estimated tax or amendment thereof.* If the taxpayer files his return for the calendar year on or before January 15 of the succeeding calendar year (or if the taxpayer is on a fiscal year basis, on or before the 15th day of the first month immediately succeeding the close of such fiscal year) and pays in full the amount of tax shown by such return as payable, then:

(1) Such return shall be considered also as a declaration for such taxable year if, in such case, the taxpayer first met the requirements of section 58 (a) (relating to the requirements with respect to filing of declarations) after September 1 of the taxable year (or the first day of the ninth month of the taxable year if the taxpayer is on a fiscal year basis); and

(2) If the tax shown on such return differs from the estimated tax shown in the previously filed declaration, such return shall be considered as an amended declaration the filing of which prior to January 15 of the succeeding taxable year is permitted by section 58 (d) (2).

Hence, for example, an individual taxpayer on the calendar year basis who, subsequent to September 1, 1944, first meets the requirements of section 58 (a) (prior to amendment by the Individual Income Tax Act of 1944) which necessitate the filing of such declaration in 1944, may satisfy the requirements as to the filing of such declaration by filing his return for 1944 on or before January 15, 1945, and paying in full at the time of such filing the tax shown thereon to be payable. A taxpayer on the fiscal year basis, who first meets the requirements of section 58 (a) after the first day of the ninth month of such taxable

year, may satisfy the requirements as to the filing of such declaration by filing his return and paying the tax on or before the fifteenth day of the first month following the close of such fiscal year.

Likewise, if a taxpayer files on or before September 15 a timely declaration for such year and subsequent thereto and on or before January 15 of the succeeding taxable year (or corresponding date in the case of a taxpayer on the fiscal year basis) files his return for such year, and pays at the time of filing the tax shown by the return to be payable, such return shall be treated as an amended declaration timely filed.

For the purposes of section 59 (d) (3) a taxpayer may file his return, Form 1040, on or before the 15th day of the first month following the close of the taxable year even though he has not been furnished by his employer Form W-2 or Form W-2 (Rev.). In such case the taxpayer shall compute, as accurately as possible, his wages for such year and the tax withheld for which he is entitled to a credit, reporting such wages and tax on his return, Form 1040, together with all other pertinent information necessary to the determination of his tax liability for such year.

PAR. 7. Section 29.58-6, added by Treasury Decision 5305, is redesignated "§ 29.58-8".

PAR. 8. Section 29.58-7, added by Treasury Decision 5305, is redesignated "§ 29.58-9".

PAR. 9. Section 29.58-8, as added by Treasury Decision 5305, is amended as follows:

(A) By striking out "§ 29.58-8 *Payment of estimated tax.*" and inserting in lieu thereof the following: "§ 29.58-10 *Payment of estimated tax—years beginning prior to January 1, 1944.*"

(B) By striking out the last sentence of the second paragraph and all of the third paragraph except the first sentence.

(C) By amending the cross reference in paragraph (b) to read "§ 29.58-6 (a) (3)".

(D) By adding at the end thereof the following new section:

§ 29.58-11 *Payment of estimated tax; years beginning after December 31, 1943—(a) General.* Section 59 (a), as amended, provides the following rules governing the time for payment of the estimated tax for calendar years beginning after December 31, 1943:

#### *Date of Filing Declaration*

- I. On or before March 15 (for calendar year 1944, April 15).
- II. After March 15 and before June 16 and not required to be filed on or before March 15.
- III. After June 15 and before September 16 and not required to be filed on or before June 15.
- IV. After September 15 and not required to be filed on or before that date.

#### *Dates of Payment of Estimated Tax*

- I. In four equal installments—one at time of filing declaration, one not later than June 15, one not later than September 15, and one not later than January 15 of the succeeding taxable year.
- II. In three equal installments—one at time of filing declaration, one on or before September 15, and one on or before January 15 of the succeeding taxable year.
- III. In two equal installments—one at time of filing declaration, and the other on or before January 15 of the succeeding taxable year.
- IV. In full at time of filing declaration.

If, for example, due to the nature and amount of his gross income and his then existing marital status for 1945, the taxpayer is not required to file his declaration as of March 15, but is required to file on or before June 15, 1945, the case comes within the scope of class II above and the estimated tax is payable in full at the time of filing the declaration or, in the alternative, in three equal installments, one on the date of filing, one on or before September 15, 1945, and the third installment on or before January 15, 1946.

Notwithstanding the rules set forth above relating to the time for payment of the estimated tax, section 59 provides that if in any case a declaration is filed after the time prescribed in section 58 (d) (including a case in which such filing is due to an extension of time granted for filing the declaration) the estimated tax shall be paid at the time of filing the declaration or, in the alternative, there shall be paid at such time all installments of the estimated tax which would have been payable on or before such date of filing if the declaration had been timely filed in accordance with the provisions of section 58 (d), and the remaining installments shall be paid at the times and in the amounts in which they would have been payable if the declaration had been so filed. Thus, for example, A, a married man who makes his return on the calendar year basis, was employed from the beginning of 1944 and for several years prior thereto at an annual salary of \$5,000, thus meeting the requirements of section 58 (a) prior to its amendment by the Individual Income Tax Act of 1944. A filed his declaration for 1944 on September 16, 1944. In such case, A should have filed a declaration on or before April 15, 1944, and at the time of filing his declaration he was delinquent in the payment of three installments of his estimated tax for the taxable year 1944. Hence, upon his filing the declaration on September 16, 1944, three-fourths of the estimated tax shown thereon must be paid.

In the case of a taxpayer on the fiscal year basis, there shall be substituted for the dates March 15, June 15, September 15 and January 15 of the succeeding taxable year, the 15th day of the third month, the 15th day of the sixth month and the 15th day of the ninth month of the taxable year and the 15th day of the succeeding taxable year, respectively. For example, if a taxpayer on the fiscal year basis ending June 30, 1945, first meets on January 15, 1945, the requirements of section 58 (a) without regard to its amendment by the Individual Income Tax Act of 1944, and the declaration is filed on or before March 15, 1945, the estimated tax shall be paid in two equal installments, one at the time of filing such declaration and the second on or before July 15, 1945.

In the case of a decedent, payments of estimated tax are not required subsequent to the date of death. See, however, § 29.58-4 for requirement of amended declaration by surviving spouse if a joint declaration was made with decedent before death.

At the election of the taxpayer any installment of the estimated tax may be paid prior to the date prescribed for its payment.

The payment of any and every installment of the estimated tax for any taxable year beginning after December 31, 1943, shall be considered payment on account of the tax for such taxable year. Hence, upon the return for such taxable year, the aggregate amount of the payments of estimated tax should be entered as payments to be applied against the tax shown on such return.

(b) *Farmers.* In the case of an individual whose estimated gross income from farming for taxable years beginning after December 31, 1943, is at least two-thirds of his total gross income from all sources for such taxable year, special provisions are made with respect to the filing of the declaration, the payment of the tax, and the penalties incurred. As to what constitutes income from farming within the meaning of this subsection, see § 29.58-6 (a) (3). In such case, if such taxable year is the calendar year, the declaration is to be filed on or before January 15 of the succeeding calendar year and payment of the estimated tax shall be made in full at such time. In the case of a farmer on the fiscal year basis, the declaration may be filed on or before the 15th day of the succeeding fiscal year and payment of the estimated tax shall be made in full at such time.

(c) *Special rules for 1944.* In any case in which a declaration of estimated tax for the calendar year 1944 is filed on or before April 15, 1944, the estimated tax shall be paid at the time of the filing of the declaration or, in the alternative, in four equal installments as follows: the first installment to be paid at the time of filing the declaration; the second installment on or before June 15; the third installment on or before September 15; and the fourth installment on or before January 15, 1945. If the declaration is filed after April 15, 1944, but before June 16, 1944, and such requirements of section 58 (a) were first met on or after April 1, 1944, the estimated tax may be paid in three equal installments as follows: the first installment at the time of filing the declaration, the second on or before September 15, 1944, and the third installment on or before January 15, 1945. If, however, the requirements of section 58 (a) (without regard to the amendment made by the Individual Income Tax Act of 1944) were first met before April 1, 1944, but no declaration was filed until after April 15, 1944, or if such requirements were met after March 31, 1944, and before June 2, 1944, and no declaration was filed until after June 15, 1944, then there shall be paid at the date of filing such declaration all installments of estimated tax which would have been payable on or before such date if the declaration had been filed within the time prescribed and the remaining installments shall be paid at the times at which and in the amounts in which they would have been payable had the declaration been so filed.

(d) *Short taxable years.* In the case of a short taxable year for which a declaration is required to be filed the esti-

mated tax shall be paid in equal installments, one at the time of filing the declaration, one on the 15th day of the third month of each succeeding three-month period contained in such short taxable year except the last such three-month period or fraction thereof, and one on the 15th day of the first month of the succeeding taxable year. For example, if the short taxable year is the period of 10 months from January 1, 1945, to October 31, 1945, and the declaration is required to be filed on or before March 15, 1945, the estimated tax is payable in four equal installments, on the date of filing the declaration, June 15, September 15, and November 15. If in such case the declaration is required to be filed after March 15 but on or before June 15, the tax will be payable in three equal installments, on the date of filing the declaration, September 15 and November 15.

The provisions of paragraph (a) of this section relating to payment of estimated tax in any case in which the declaration is filed after the time prescribed in section 58 (d) are equally applicable to the payment of the estimated tax for short taxable years.

## TITLE 29—LABOR

### Subtitle A—Office of the Secretary of Labor

#### PART 4—DETERMINATIONS RELATING TO OVERTIME, SUNDAY AND HOLIDAY PAY PREMIUM COMPENSATION IN BUILDING AND CONSTRUCTION TRADES

Amendment of determination of September 30, 1942, as amended, on premium compensation in building and construction trades.

On April 11, 1944 the Secretary of Labor issued an amended determination on premium compensation in the building and construction trades which applied the exemption previously granted on September 30, 1942, for work on construction projects which is subject to the Wage Stabilization Agreement of July 22, 1941, to all other work in the building and construction industry performed by employees at the site of construction provided that such work is performed under specified conditions. Upon investigation it appears advisable to amend my order of April 11, 1944 by deleting such conditions.

I find that a wage stabilization agreement approved by a Government department or agency is operating satisfactorily in the building and construc-

tion industry and that the nature and exigencies of operations in such industry make it necessary and advisable for the successful prosecution of the war to amend my order of April 11, 1944.

Now, therefore, by virtue of the power vested in me by Executive Order 9248: *It is ordered*, That the determination of the Secretary of Labor, issued September 30, 1942, which provides that Executive Order 9240 shall not apply to any contract work done for or through any Federal agency for defense purposes within the continental limits of the United States and the Panama Canal Zone is extended to exempt from Executive Order 9240 all other work in the building and construction industry performed at the site of construction.

Nothing contained in this order shall be construed as limiting the operation or effect of the Wage Stabilization Agreement of July 22, 1941, and all work subject to this agreement shall continue to be subject to the amendment of my determination of September 30, 1942, issued May 22, 1943, which limits holidays on such work to New Year's Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day, and Memorial Day.

All questions of interpretation and application arising hereunder shall be referred for determination to the Wage Adjustment Board for the building and construction industry.

This order shall become effective December 1, 1944.

Dated: November 28, 1944.

FRANCES PERKINS,  
Secretary of Labor.

### PART 1010—SUSPENSION ORDERS

[Suspension Order S-661]

#### CLIMAX MACHINERY CO.

Climax Machinery Company, 121 to 153 East Morris Street, Indianapolis, Indiana, is an Indiana Corporation engaged in the manufacture of food slicing machines powered by fractional horsepower motors. During the period from June 1, 1942, to June 17, 1943 the corporation manufactured 5,578 food slicing machines powered by fractional horsepower motors which were not manufactured in fulfillment of orders or contracts bearing preference ratings of A-2 or higher, in violation of Limitation Order L-65. Between June 1, 1942 and August 1, 1943, it consumed 4,158 lbs. of copper and copper base alloys in the manufacture of food slicing machines, in violation of Conservation Order M-9-c. Between September 1, 1942 and August 1, 1943, it consumed approximately 1,300 pounds of zinc in the manufacture of food slicing machines, in violation of Order M-11-b. The responsible officers of the corporation were familiar with the provisions of Limitation Order L-65, Conservation Order M-9-c and Conservation Order M-11-b and its actions constituted wilful violations of these orders. These violations have diverted critical material to uses not authorized by the War Production Board, and have hampered and impeded the war effort of the United States. In view of the foregoing: It is hereby ordered, that:

#### § 1010.661 Suspension Order No. S-661.

(a) Climax Machinery Company, its successors or assigns, shall not, unless hereafter specifically authorized in writing by the War Production Board, manufacture or produce any new food slicers (or parts therefor) as specified by Limitation Order L-65, except pursuant to purchase orders, contracts or sub-contracts for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration. This restriction shall not apply to repair or replacement parts for such food slicers.

(b) Nothing contained in this order shall be deemed to relieve Climax Machinery Company, its successors or assigns, from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on November 24, 1944, and shall expire on February 24, 1945.

## PART 1188—RAILROAD EQUIPMENT

[General Limitation Order L-97, as Amended  
Nov. 25, 1944]

### NEW LOCOMOTIVES

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of critical materials entering into the production of new locomotives for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1181.1 *General Limitation Order L-97*—(a) *Purpose and scope.* This order covers the production and delivery of new locomotives. The previous control in this order over used locomotives is no longer effective.

(b) *Definitions.* For the purpose of this order: (1) "Locomotives" means all types of new locomotives, including but not limited to steam, electric, diesel, diesel-electric, gasoline and gasoline-electric locomotives. This definition does not include underground mine-type locomotives.

(2) "Producer" means any person engaged in the production of new locomotives.

(c) *Restrictions on production and delivery of locomotives.* Irrespective of the terms of any contract of sale or purchase or of any other commitment, no producer shall produce or deliver any locomotives except as authorized pursuant to the provisions of paragraph (d) of this order.

(d) *Production and delivery schedules.* (1) Each producer shall schedule (or reschedule, if necessary) his production and make deliveries of locomotives in accordance with such specific written directions as may be issued from time to time by the War Production Board.

(2) The production and delivery schedules established by any specific direction issued pursuant to paragraph (d) (1) above shall be maintained without regard to any preference ratings already assigned or hereafter assigned to particular contracts, commitments, or purchase orders, and may be altered only upon specific written direction of the War Production Board.

(3) If it becomes impossible for any producer to maintain production and delivery of locomotives in accordance with any such schedule, he shall immediately notify the War Production Board, and, unless otherwise directed by the War Production Board, he shall continue to produce and deliver locomotives in the order set forth in such schedule and shall postpone production and delivery of any such locomotives only to the extent required by the circumstances causing his failure to maintain production and delivery as required by such schedule.

(4) If conditions permit a producer to produce and deliver ahead of schedule any locomotive scheduled under this paragraph (d), he shall immediately notify the War Production Board. He may then, unless otherwise directed in writing by the War Production Board, pro-

duce and deliver the locomotives ahead of schedule, provided he continues to produce and deliver locomotives in the order set forth in his schedules under this order and that there will be no interference with any of his other production or delivery schedules.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(f) *Applicability of regulations.* This order and all transactions affected by it are subject to all applicable regulations of the War Production Board, as amended from time to time.

(g) *Communications.* All communications concerning this order shall be addressed to War Production Board, Transportation Equipment Division, Washington 25, D. C., Ref.: L-97.

Issued this 25th day of November 1944.

WAR PRODUCTION BOARD,  
By J. JOSEPH WHELAN,  
Recording Secretary.

INTERPRETATION 1

Revoked Dec. 4, 1943.

INTERPRETATION 2

The question has arisen to what extent a production and delivery schedule for a given number of locomotives, prescribed for a producer by the War Production Board pursuant to paragraph (d) (1) of Order L-97, takes precedence over any preference ratings which may be applied or extended to him, either for the locomotives themselves or for parts thereof.

A production and delivery schedule so established is protected by paragraph (d) (2), which provides that it "shall be maintained without regard to any preference ratings already assigned or hereafter assigned . . .". This protection of the schedule under Order L-97 extends not only to locomotives in completed form, but also to any locomotive parts manufactured by the producer which enter into the scheduled locomotives, to the extent that the diversion of such parts to fill rated orders would interfere with fulfillment of the prescribed schedule. (Issued April 12, 1943.)

PART 1188—RAILROAD EQUIPMENT

[Limitation Order L-97-a, as Amended  
Nov. 25, 1944]

NEW RAILROAD-TYPE CARS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of critical materials entering into the production of new railroad-type cars for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public

interest and to promote the national defense:

§ 1188.2 *Limitation Order L-97-a—*  
(a) *Purpose and scope.* This order, as amended December 4, 1943, covers production and delivery of all new railroad-type cars, including new industrial cars formerly covered by Order L-97-b, which has been revoked. The previous control in that order over used industrial cars is no longer effective.

(b) *Definitions.* For the purpose of this order:

(1) "Producer" means any person engaged in the production of new cars.

(2) "Cars" means all cars of the railroad type with a nominal capacity of ten (10) tons or over, whether for use in railroad service or industrial intraplant service, which have never been sold or used.

(3) "Railroad type" car means any car, except units which are self-propelled, falling within the "Classification of Cars, Definitions and Designating Letters Of", as described in section L of the "Manual of Standard and Recommended Practice" of the Mechanical Division, Operations and Maintenance Department, Association of American Railroads, effective as of January 1, 1943.

(c) *Restrictions on production and delivery.* Irrespective of the terms of any contract of sale or purchase or of any other commitment, no producer shall produce or deliver any car except as authorized pursuant to the provisions of paragraph (d) of this order.

(d) *Production and delivery schedules.* (1) Each producer shall schedule (or reschedule, if necessary) his production and make deliveries of new cars in accordance with such specific written directions as may be issued from time to time by the War Production Board.

(2) The production and delivery schedules established by any direction issued pursuant to paragraph (d) (1) shall be maintained without regard to any preference ratings already assigned or hereafter assigned to particular contracts, commitments, or purchase orders, and may be altered only upon specific written direction of the War Production Board.

(3) If it becomes impossible for any producer to maintain production or delivery of cars in accordance with any such schedule, he shall immediately notify the War Production Board, and, unless otherwise directed in writing by the War Production Board, he shall continue to produce and deliver cars in the order set forth in such schedule and shall postpone production or delivery of any such cars only to the extent required by the circumstances causing his failure to maintain production or delivery as required by such schedule.

(4) If conditions permit a producer to produce and deliver ahead of schedule any cars scheduled under this paragraph (d), he shall immediately notify the War Production Board. He may then, unless otherwise directed in writing by the War Production Board, produce and deliver the cars ahead of schedule, provided he continues to produce and deliver cars in

the order set forth in his schedules under this order and that there will be no interference with any of his other production or delivery schedules.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(f) *Applicability of regulations.* This order and all transactions affected by it are subject to all applicable regulations of the War Production Board, as amended from time to time.

(g) *Reports.* Producers must file semi-monthly on Form WPB-1334 reports of their deliveries of cars, in accordance with the instructions on the form. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 3274—MACHINE TOOLS AND INDUSTRIAL SPECIALTIES

[Limitation Order L-201, as Amended  
Nov. 25, 1944]

AUTOMOTIVE TIRE CHAINS, TRACTOR TIRE CHAINS, AND CHAIN PARTS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of critical materials entering into the manufacture of tire chains for use on passenger autos, commercial vehicles, and farm tractors for defense, for private account, and for

export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3274.76 *Limitation Order L-201—*  
(a) *Definitions.* For the purposes of this order:

(1) "Tire chain" means:  
(i) A complete chain assembly, whether or not reinforced, made for use on a tire of a passenger auto, commercial vehicle, or farm tractor in order to increase the traction of the tire.

(ii) Any cross chain, lock, hook, plate, or side chain, whether or not reinforced, made for use in repairing a complete tire chain.

(iii) Any chain assembly of the strap-on or single-chain type.

(2) "Passenger auto" means any passenger vehicle propelled by an internal combustion engine and having a seating capacity of less than eleven persons.

(3) "Commercial vehicle" means any light, medium, or heavy motor truck, truck-tractor, truck trailer, off-the-highway motor vehicle, passenger carrier having a seating capacity of eleven or more persons, or tractor other than a farm tractor.

(4) "Consumer" means the owner or operator of the vehicle for which tire chains are required, or the user of such tire chains for any other purpose.

(b) *Limits on types and sizes of tire chains.* (1) A producer must not make any tire chains containing any metal other than low carbon steel, or any tire chains which are plated with metal.

(2) A producer must not make any tire chains except for use on the following sizes of tires:

(i) Tires for passenger autos: 6.00-16 (in "light car special" type only); 6.50-16; 7.00-16; 7.50-16.

(ii) Tires for commercial vehicles other than farm tractors: 6.00-16, 6.50-20/32 x 6; 7.00-20; 7.50-16; 7.50-17; 7.50-20/34 x 7; 8.25-20; 9.00-20; 9.75-20.

(iii) Tires for farm tractors: As required.

(3) All tire chain produced for passenger autos or commercial vehicles must be of the types called A, C, G, and M in Tire Chain Specifications No. 7140, copyrighted by The Chain Institute, Inc., Chicago, Illinois, published July 1, 1940.

(c) *Production of specially sized tire chain.* Tire chain in types and sizes other than those permitted by paragraphs (b) (2) and (b) (3) may also be made when individually ordered for delivery by the producer directly to the consumer. This is an exception to paragraphs (b) (2) and (b) (3).

(d) *Limits on production—*(1) *For passenger autos.* Between April 1, 1944, and March 31, 1945, a producer must not use in the production of tire chain for passenger autos more than 24 percent of the total weight of metals used in the production of all tire chain (whether for passenger autos or commercial vehicles) sold by him during the period April 1, 1941-March 31, 1942.

(2) *For commercial vehicles.* Between April 1, 1944, and March 31, 1945, a producer must not use in the production of tire chain for commercial vehicles more than 24 percent of the total weight

of metals used in the production of all tire chain (whether for passenger autos or commercial vehicles) sold by him during the period April 1, 1941-March 31, 1942.

(3) *For farm tractors.* Between April 1, 1944, and March 31, 1945, a producer must not use in the production of tire chain for farm tractors more than the total weight of metals used in the production of all tire chain for farm tractors sold by him either during the year April 1, 1940-March 31, 1941, or the year April 1, 1941-March 31, 1942, whichever is greater.

(4) *Increased production in critical labor areas and requirement for special authorization.* Notwithstanding the increase in production permitted by this order, no producer's plant located in a Group I or Group II Labor Shortage Area as classified by the War Manpower Commission shall, during the period April 1, 1944-March 31, 1945, put into process for the production of tire chain under this order a total weight of metals in excess of that legally put into process during the period April 1, 1943-March 31, 1944, unless specific authorization to do so is obtained from the War Production Board. The policy of the War Production Board will be to authorize the using of an increased weight of metals for such production so as to avoid increasing requirements for labor in labor shortage areas. Any producer seeking specific authorization under this paragraph should file a written statement in triplicate with the War Production Board, Washington, D. C., explaining fully how labor requirements for the requested increase will be met.

(5) *Exclusions in determining quota.* In determining production quotas under this paragraph (d) sales of tire chain during the base period to or for the account of persons described in paragraph (e) below shall not be included.

(6) *Scheduling of tire chain production.* Each producer may schedule production of the quantity of tire chain which he is allowed to produce by this paragraph (d) regardless of preference ratings on orders for tire chain or other kinds of chain. An exception to this rule is that production of tire chain under this order shall not be permitted to delay the production and delivery of any order for tire chain or other kinds of chain rated AAA; or to delay the production or delivery more than thirty days beyond the required delivery date of any order for tire or other kinds of chain for delivery to or for the use of the Army, Navy, Maritime Commission, or War Shipping Administration.

(e) *Exceptions to applicability of this order.* With the exception of the restrictions contained in paragraph (b) (1), the restrictions of this order shall not apply to:

(1) Any contract or purchase order for material to be delivered to, or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Veterans' Administration, the Civil Aero-

navics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company, or the Treasury Department under Treasury Procurement Supply (TPS) contract.

(2) Any contract or purchase order placed by any agency of the United States Government for material to be delivered under the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(3) Any contract or purchase order for material which is to be ultimately delivered to the government of any country whose defense the President deems vital to the defense of the United States pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(f) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board.

(g) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Exceptions and appeals—*(1) *Production under Priorities Regulation 25.* Any person who wants to use more metal in the production of tire chains than the quota fixed in paragraph (d) (1), (d) (2) or (d) (3) (including a person who has no quota under this order) may apply for permission to do so as explained in Priorities Regulation 25. The provisions of paragraph (d) (6) do not apply to production authorized under Priorities Regulation 25.

(2) *Appeals.* Any appeal from the provisions of this order other than the restrictions in paragraphs (d) (1), (d) (2) and (d) (3) shall be made on Form WPB-1477 (formerly PD-500) or by filing a letter in triplicate with the field office of the War Production Board for the district in which is located the plant or branch to which the appeal relates, referring to the particular provision appealed from and stating fully the grounds of the appeal. No appeal should be filed from the provisions of paragraphs (d) (1), (d) (2) and (d) (3).

(i) *Communications.* All communications concerning this order shall unless otherwise directed be addressed to: War Production Board, Tools Division, Washington 25, D. C., Ref.: L-201.

Issued this 25th day of November 1944.

No person who has produced any laundry nets during the year 1944 shall use any cotton yarn or produce any cotton goods during the remainder of the fourth calendar quarter of 1944, or during any subsequent calendar quarter, unless he produces in such quarter laundry nets having a poundage at least equal to the poundage of laundry nets produced by him in the first calendar quarter of 1944.

In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Appeals.* No appeals should be filed from this order.

(i) *Applicability of other orders and regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time. ## PART 3293—CHEMICALS

[General Allocation Order M-300, Schedule 52 as amended Nov. 25, 1944]

## CELLULOSE ACETATE AND CELLULOSE ACETATE BUTYRATE MOLDING POWDER

§ 3293.1052 *Schedule 52 to General Allocation Order M-300—(a) Definition.* "Acetate molding powder" means both cellulose acetate molding powder and cellulose acetate butyrate molding powder, produced from cellulose ester flake. The definition of cellulose ester flake appears in Schedule M-300-50. The term

"acetate molding powder" does not include scrap.

(b) *General provisions.* (1) Acetate molding powder is subject to allocation under General Allocation Order M-300 as an Appendix B material. The initial allocation date is July 1, 1943, when this material was first put under allocation by Order M-326-a (subsequently amended to transfer acetate molding powder to M-326-b). The allocation period is the calendar month.

(2) The small order exemption is 100 pounds of acetate molding powder per person per month. Small order quantities may be received in addition to allocated quantities for experimental use and also to complete current jobs for which acetate molding powder has been allocated, notwithstanding Order M-300 (paragraph (p) (2)).

(3) Any molder specifically authorized to use acetate molding powder may furnish the material to another molder or having actually received formal authorization, may direct the supplier to deliver to another molder, for processing pursuant to toll agreement; provided, that he instructs the other molder to use the material for the exact purpose for which the molder has been authorized to use it. The molder who is to use the material may accept and use it pursuant to these instructions without the specific authorization of the War Production Board.

(c) *Transition from Appendix A to Appendix B control.* Regular and interim allocations issued under this schedule prior to November 25, 1944, remain in effect without limitation on duration of authorization for use but subject to the limitation of Order M-300 with respect to duration of authorization for delivery. Pending applications need not be refiled.

(d) *Suppliers' applications on WPB-2947.* Each supplier seeking authorization to use or deliver shall file application on Form WPB-2947 (formerly PD-602). Filing date is the 20th day of the month before the proposed delivery month. File separate sets of forms for cellulose acetate molding powder and cellulose acetate butyrate molding powder, specifying which one in the heading. Send four copies (one certified) to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-52. The unit of measure is pounds. An aggregate quantity may be requested without specifying customers' names, for delivery on uncertified exempt small orders. Fill in Table II.

(e) *Certified statements of use.* Each person placing orders for delivery of more than 100 pounds of acetate molding powder per month in the aggregate from all suppliers, shall furnish each supplier with a certified statement of proposed use, in the form prescribed in Appendix D of Order M-300. In the case

of civilian requirements, specify "Civilian" without further end use description. In the case of military requirements, specify the product, as "Thread", "Protector", "Buttons", "Combs", and specify quantities requested for each applicable military contract number or Lend-Lease requisition and contract number. Proposed use may also be specified as "for resale on further authorization", "for resale on exempt small orders", or "for export" (specify destination and export license number).

(f) *Budget Bureau approval.* The above reporting requirements have been approved by the Bureau of the Budget in accordance with Federal Reports Act of 1942.

(g) *Communications to War Production Board.* Communications concerning this schedule shall be addressed to War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-52.

Issued this 25th day of November 1944.

#### PART 3293—CHEMICALS

[Conservation Order M-54, Direction 1]

#### RELEASE OF MOLASSES FOR MANUFACTURE OF MIXED FEED

The following direction is issued pursuant to Conservation Order M-54.

(a) *What this direction does.* This direction authorizes suppliers of molasses (producers, primary distributors, secondary distributors and importers as defined in Order M-54) to distribute a limited quantity of molasses to Class 2 purchasers (as defined in that order) for the manufacture of mixed feeds, upon receipt of a WFA (War Food Administration) certificate. The direction also tells the Class 2 purchasers how to acquire this molasses free of the quarterly quota restrictions set forth in paragraph (c) (1) (ii) of Order M-54. Molasses acquired under this direction may be used by a Class 2 purchaser, free of the quarterly consumption quota restrictions in paragraph (e) (1) of Order M-54. No Class 2 purchaser may acquire or use molasses under this direction, free of the quota restrictions of M-54, unless he obtains a WPA certificate.

(b) *Procedure governing deliveries.* Any supplier may deliver molasses to a Class 2 purchaser without regard to the quantity of molasses which such purchaser may acquire under paragraph (c) (1) (ii) of Order M-54, and without receiving from the purchaser the certification required by paragraph (c) (2) of that order: *Provided*, That the supplier receives instead from the purchaser a WFA certificate, stating that the purchaser is entitled to receive a specified quantity and kind of molasses for the manufacture of mixed feeds. This direction is the supplier's authorization to make that delivery upon receipt of the WFA certificate. No supplier may deliver a greater quantity or a different kind of molasses to a Class 2 purchaser under this direction than the quantity and kind specified on the WFA certificate.

(c) *Procedure governing acquisition and use of molasses under this direction.* Any Class 2 purchaser desiring to acquire molasses in excess of the quantity permitted under paragraph (c) (1) (ii) of Order M-54 should apply for permission to do so by letter addressed to the Feed Management Branch, War Food Administration, Washington 25, D. C. If War Food Administration determines that the application should be granted, it will issue a WFA certificate to the purchaser entitling him to receive and use a specified quantity and type of molasses for the manufacture of mixed feeds. The Class 2 purchaser may then place a purchase order for the specified quantity and kind of molasses with a supplier and he must surrender his WFA certificate to the supplier. A Class 2 purchaser acquiring molasses in this manner may use it for the manufacture of mixed feeds without regard to the restrictions of paragraph (e) (1) of Order M-54. No beet molasses may be used for the manufacture of mixed feeds as provided in paragraph (c) (5) of Order M-54.

(d) *Time limit on use of WFA certificate.* After midnight December 31, 1944, no WFA certificate issued pursuant to this direction may be used to get molasses, and no supplier shall accept any such certificate after that date. In some instances, WFA certificates may state on their face that they expire before that date, in which case the certificate may not be used by the purchaser or accepted by the supplier after the expiration date appearing on the certificate.

#### PART 3270—CONTAINERS

[Conservation Order M-290, as Amended  
Nov. 27, 1944]

#### CONTAINERBOARD

§ 3270.1 *Conservation Order M-290—*  
(a) *Definitions.* For the purpose of this order:

(1) "Mill operator" means any person who operates a congregation of pulp preparation, roll and sheet finishing equipment, paper machines and subsidiary facilities located and operated together as a single producing unit for the production of containerboard.

(2) "Containerboard" means the types and grades of paperboard classified un-

der caption No. 211000 through 219000 in Form WPB-514, as currently revised. It shall also mean corrugated or solid fibre sheets of the kind used by "sheet plants" and "cleated-box manufacturers" in making containers or any other product. The term shall not include any item which is defined in Order P-146 as a "fibre shipping container"—such as a solid fibre (.045 or heavier) or corrugated fibre sheet or roll to be used for wrapping, packaging or otherwise protecting a product or material for shipment.

(3) "Container manufacturer" means any person (including any sheet plant operator, fibre-drum manufacturer, and any cleated-box manufacturer) who manufactures shipping containers or parts therefor, made wholly or in part from any type of containerboard.

(4) "Sheet-plant" means any container-manufacturing plant which does not have either corrugating or pasting equipment.

(5) "Cleated-box manufacturer" means any manufacturer of shipping containers made of corrugated or solid fibre sheets attached to wooden cleats.

(6) "Sheet supplier" means any container-manufacturer who supplies corrugated or solid fibre sheets to sheet-plants, whether owned by him or not.

#### Restrictions on Delivery and Receipt of Containerboard

(b) *Restrictions on acceptance of delivery.* On and after April 1, 1944, no person shall accept delivery of containerboard except as authorized by the War Production Board in writing.

(c) *Sheet plants and cleated box manufacturers.* Sheet plants and cleated box manufacturers who have been authorized to accept delivery of containerboard may place orders for corrugated or solid fibre sheets with sheet suppliers. If the orders have been properly certified as provided in the next paragraph the supplier may obtain the amount of containerboard which he will use to fill the orders in addition to that which the War Production Board has permitted him to receive by authorization issued directly to him. In certifying his orders for this additional containerboard the supplier shall give his customer's authorization number and date.

(d) *Delivery restrictions.* On and after April 1, 1944, no person shall deliver containerboard except on an order accompanied by a certificate, manually signed by the purchaser or an authorized official of the purchaser, in substantially the following form:

Authorized under Order M-290. Date of authorization \_\_\_\_\_, authorization number \_\_\_\_\_

This certificate shall constitute a representation to the War Production Board (subject to the penalties of section 35A of the United States Criminal Code) that the purchaser is authorized under this and other applicable War Production

Board regulations and orders to place the delivery order and to receive the item(s) ordered for the purpose for which ordered. The standard certification of Priorities Regulation 7 must not be used instead of the certification described in this paragraph (d).

(d-1) *Exception to requirement of authorization to receive containerboard.* A person who has been granted an authorization by the War Production Board to receive containerboard may deliver such containerboard to another person to be processed, and such other person need not have War Production Board authorization or give the required certificate to accept the delivery if the person having the authorization retains ownership of the containerboard and invoices and sells the end product made from the containerboard. He must report the shipments of products so made on Form WPB-3077 in accordance with paragraph (s) below.

#### Authorizations

(e) *V-board.* Normally authorizations to accept delivery of containerboard for use in the manufacture of V-boxes will be on a monthly basis and will be issued separately on Form WPB-2492, Supplement No. 1, immediately prior to the month in which such containerboard is to be received. However, they may be issued at any other time and in any other manner (as by telegram or letter).

(f) *Containerboard other than V-board.* Authorizations to accept delivery of containerboard other than that described in paragraph (e) above will be either:

(i) "Basic authorizations" which will permit the acceptance of a specific amount of containerboard;

(ii) "Incentive authorizations" which will permit the acceptance of an indefinite amount of containerboard during a particular quarter. These incentive authorizations will be identified by the inclusion of the letter "X" in the authorization number. They will be issued to consumers of containerboard whose rating patterns as reported to the War Production Board on Form WPB-3077 are above average.

Both basic and incentive authorizations will generally be issued on Form WPB-2492 on a quarterly basis prior to the beginning of the pertinent quarter. They may, however, be issued at any other time and in any other manner, such as by telegram or letter.

(g) *Specifications of suppliers and delivery date; cancellation or amendment of authorizations.* (1) The authorizations described in paragraphs (e) and (f) above may specify the supplier with whom all or part of the authorized orders may be placed and the date as of which said orders are to be delivered.

(2) The War Production Board may cancel or amend any authorization for

the purchase of containerboard at any time prior to its complete fulfillment.

(h) *Acceptance of authorized orders.* No person shall fill any order certified as carrying an incentive authorization in any calendar quarter during which he has not previously shipped on "V-board", "basic authorization" and "small delivery" (see paragraphs (i) and (j)) orders, a tonnage of containerboard equal to at least ninety-five percent of his "proposed machine production" of containerboard for that quarter, as reported in Column A of Form WPB-2973. "V-board" and "basic authorization" orders will be identifiable by the fact that they will not have the letter "X" in the authorization number which must be set forth in the certificate provided by paragraph (d). "Small delivery" orders will be identifiable by the special certificate provided in paragraph (i).

#### Exceptions for Small Deliveries

(i) *Purchasers.* A person who accepts delivery of less than 2½ tons of containerboard from all sources in any calendar quarter shall not be required to obtain the written authorization of the War Production Board to get containerboard in that quarter. However, when he buys in lots of more than fifty pounds he must accompany his order with a certificate in the following form:

The undersigned certifies that the amount of containerboard delivered to him and ordered for delivery to him during the calendar quarter in which delivery of this order is to be made (including the amount specified in this delivery order), does not exceed 2½ tons.

Any person may accept delivery of containerboard in lots of less than fifty pounds without the authorization of the War Production Board and without filing the foregoing certificate.

(j) *Suppliers.* Any supplier of containerboard may deliver it to a person purchasing in accordance with the preceding paragraph (i) regardless of the provisions of paragraph (d) of this order.

#### Directions

(k) *Directions.* The War Production Board may, from time to time, issue directions of the following kinds:

(1) *Mill production.* Directions requiring that all or any part of any mill operator's containerboard production during any period shall be in specified types and grades. Such directions will not be inconsistent with Order M-93 or actions taken under that order.

(2) *Mill shipment.* Directions requiring that all or any part of any mill operator's containerboard production shall be shipped (in such quantities, types, and grades as may be specified) to specified persons and at specified times, whether or not the containerboard is produced for other persons.

(3) *Sheet-supplier shipments.* Directions requiring that all or any part of any sheet-supplier's supply of containerboard sheets shall be shipped in such quantities, types, and grades as may be

specified, to specified sheet-plants or cleated-box manufacturers.

(4) *Observance of directions.* Directions issued pursuant to this paragraph (k) shall, to the extent stated therein, take precedence over other deliveries of containerboard. The War Production Board may (with or without conditions) rescind or modify any directions issued pursuant to this paragraph (k) in any case in which it decides that there are special circumstances which would cause fulfillment of the direction to be impractical. In order to receive consideration, such special circumstances must be presented by telegram or letter to the War Production Board within seventy-two hours after they have arisen. If the War Production Board shall, after receipt of such facts, not give its written approval to an application for rescission or modification of a direction, the direction shall be fulfilled in accordance with its original terms.

Unless the War Production Board specifically permits him to do so, in writing, no mill operator or other supplier shall require customers to deliver waste in return for containerboard shipped on any authorized order.

#### *Restrictions on Use of Authorized Containerboard*

(1) *Use of authorized or directed containerboard.* Authorizations or directions issued under paragraphs (e), (f), or (k) may specify the use to which all or any part of the authorized or directed containerboard may be put. In such cases, no person shall use any such containerboard except for the purpose specified. This prohibition does not, however, prevent the substitute use of any equivalent amount of containerboard of suitable grades.

(m) *Production directions.* The War Production Board may, from time to time, direct any person to fill any designated order or class of orders involving the use of containerboard and to use in filling that order, any allocated or unallocated containerboard available to him.

(n) *Limitations on production of fabricated containerboard products.* No consumer of containerboard shall put into process, during any calendar month, more than the following amount of containerboard:

(1) 36 $\frac{2}{3}$  per cent of his basic authorization (see paragraph (f) (i)) of containerboard for the quarter in which the month in question falls, plus

(2) The amount of containerboard which was in his inventory on the first day of that month.

Within these limitations, consumers of containerboard must accept and fill orders for fabricated products in accordance with Priorities Regulation No. 1.

#### *Ratings*

(o) *Prohibition against use of ratings.* No person shall use any rating to get containerboard and no person selling containerboard shall require a rating as a condition of sale. Any rating purporting to be applied or extended to containerboard shall be void and no per-

son shall give any effect to it in filling an order.

#### *Inventory Restrictions*

(p) *Inventories.* No person shall knowingly deliver to any person, and no person shall accept delivery of any quantity of containerboard if the total inventory in the hands of the person accepting delivery is, or by virtue of acceptance will become, either (1) in excess of two carloads, or (2) in excess of his reasonably anticipated requirements for the next thirty days, whichever is greater.

(q) *Amounts of containerboard which may be ordered.* No person may place orders for more containerboard than he has been authorized to receive under this order, regardless of whether or not he intends to cancel or reduce some of his orders before they are delivered.

In addition, authorized purchase orders must specify delivery at a time when a person reasonably anticipates that he will be entitled to receive the amount of containerboard he has ordered within the inventory limitations of Priorities Regulation No. 1 or of paragraph (p) of this order, whichever is the more restrictive.

#### *Applications and Reports*

(r) *Applications for permission to receive containerboard.* Each person requiring authorization to accept delivery of containerboard during any calendar quarter shall file application on Form WPB-2492 in the manner and at the time stated in the instructions on that Form.

(s) *Reports required from all container manufacturers.* Each container manufacturer who requires authorization for the acceptance of containerboard (i. e. all those who are not exempt from this requirement under paragraph (i)) shall report to the War Production Board on Form WPB-3077 in accordance with the instructions appearing on that form.

(t) *Reports by manufacturers of V-boxes.* In addition to the reports required by paragraphs (r) and (s), above each manufacturer of V-boxes shall, on or before the 10th day of each month, report to the War Production Board on Form WPB-2492-Supplement No. 1, in accordance with the instructions on that form.

(u) *Budget approval.* The reporting requirements set forth in paragraphs (r), (s) and (t) of this order have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(v) *Other reports.* All persons affected by this order shall execute and file with the War Production Board, such other reports and questionnaires as said Board shall from time to time request subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

#### *Miscellaneous*

(w) *Multiple function organizations.* Where any person (including any parent subsidiary organization) engages in two or more of the types of operations subject to this order (for instance, if he is both a producer or supplier and a converter of containerboard), the provisions

of this order applicable to each type of function shall apply separately to his operations of that type. For example, a container-manufacturer may not receive containerboard from his own mill without an authorization; or part or all of that mill's production may be made the subject of a direction under paragraph (k).

(x) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order willfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(y) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

(z) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Paperboard Division, Washington 25, D. C., Ref.: M-290.

Issued this 27th day of November 1944.

WAR PRODUCTION BOARD,  
By J. JOSEPH WHELAN,  
Recording Secretary.

#### *INTERPRETATION 1*

Paragraph (b) of Order M-290 provides that no person shall accept delivery of containerboard except as authorized by the War Production Board in writing. This prohibition is not only applicable to container manufacturers, sheet plants, cleated box manufacturers, etc., but covers any person who requires the materials defined as containerboard by paragraph (a) (2) for any purpose. For instance, manufacturers of insulation, cedar closets, filing cabinets, and all other users of containerboard are barred from accepting delivery of this material without authorization. Pursuant to paragraph (d) a person who delivers containerboard to any person (not alone container manufacturers) except on an order certified as provided in that paragraph is in violation of Order M-290.

The material defined as containerboard in paragraph (a) (2) is any grade of paperboard classified under caption No. 211,000 through 219,000 in Form WPB-514 and any corrugated or solid fibre sheets of the kind used by sheet plants and cleated box manufacturers in making containers or any other product. If the sheets are of a kind used by sheet plants or cleated box manufacturers, they are covered by the order and cannot be acquired without authorization, regardless of whether they are to be used for the fabrication of containers or not.

Cases falling within the "small deliveries" exceptions provided by paragraphs (i) and (j) of the order are an exception to this rule. In addition, attention is called to the fact that items which fall within the definition of "fibre shipping containers" in Order P-146 are excluded from the definition of "containerboard" in Order M-290. (Issued Apr. 12, 1944.)

## PART 3293—CHEMICALS

[General Allocation Order M-300,  
Schedule 73]

## PINE OIL

§ 3293.1073 *Schedule 73 to General Allocation Order M-300*—(a) *Definition*. "Pine oil" means any mixture of secondary or tertiary terpene alcohol and terpene hydrocarbons produced by steam and solvent distillation by wood Naval stores producers, or by destructive distillation by wood Naval stores producers, or by chemical synthesis. The term does not include the monocyclic terpene hydrocarbon solvent known as "Dipentene".

(b) *General provisions*. Pine oil is subject to the provisions of General Allocation Order M-300 as an Appendix B material. The initial allocation date is April 1, 1944, when pine oil first became subject to allocation under Order M-365 (revoked). The allocation period is the calendar month. The small order exemption is 54 gallons per month per person.

(c) *Transition from M-365*. Regular and interim allocations of pine oil heretofore issued under Order M-365 (revoked), are effective under this schedule, but are limited in duration as if originally issued under this schedule. Pending applications need not be refilled.

(d) *Special exemption for mines serialized under Preference Rating Order P-56*. All deliveries of pine oil to persons holding serial numbers under Preference Rating Order P-56 are exempt from the provisions of this order, provided, however, that:

(1) Such persons shall place on their purchase orders the endorsement appearing in paragraph (g) of Preference Rating Order P-56; and

(2) Suppliers shall report each month on Form WPB-2947 the total quantity of proposed monthly deliveries of pine oil to such persons, and list the serial numbers of such persons.

(e) *Suppliers' applications on WPB-2947*. Each supplier seeking authorization to use or deliver shall file application on Form WPB-2947 (formerly PD-602). Filing date is the 20th day of the month before the proposed delivery month. File separate sets of forms for steam and destructively distilled grades. Indicate location of supply. Send three copies (one certified) to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-73. The unit of measure is gallons. Fill in Table II except for Column 8. It is not necessary to report separate figures for each grade. After grouping customers according to end use and listing such customers alphabetically within each group with the quantity requested by each customer specified in Column 4, specify in Column 1 "Serialized mines" and below it list the serial numbers appearing on purchase orders on hand for delivery of pine oil during the following

month, to persons who placed on their purchase orders the endorsement appearing in paragraph (g) of Order P-56. Opposite it in Column 4, give total gallonage of such purchase orders. If pine oil is desired for resale on small orders, specify in Column 1 "Small orders" and opposite in Column 4 indicate an estimate of the aggregate amount needed for such deliveries.

(f) *Certified statements of use*. Each person placing orders for delivery of more than 54 gallons of pine oil per month in the aggregate from all suppliers, shall furnish each supplier with a certified statement of proposed use, in the form prescribed in Appendix D of Order M-300. Where the pine oil is to be used for the manufacture of soap, insecticides, disinfectants or textiles, the particular gallonage of pine oil needed for each end use should be specified for each product. For example, if the product is disinfectant, the certificate should state the end uses for which the disinfectant is to be sold, and the specific quantity of pine oil needed to make the disinfectant for each end use. In other words, if the disinfectant is to be sold directly to the Army and to the Navy, and also for use in public buildings, specify opposite each of these three end uses, the gallonage of pine oil needed to make the disinfectants to be delivered to each of these end uses. Where the primary product is to be sold on federal, state or municipal contracts or purchase orders, the contract or purchase order numbers should be specified on the certificate. If the primary product is textiles, it should be broken down into the type of textiles to be produced and the same end use information as described above given for each type of textile. Persons desiring to purchase pine oil for resale should specify "For resale on further authorization" as an end use. Persons desiring to purchase for export should certify "For export on further authorization" as an end use. Customer's orders accompanied by such certifications should be in the hands of suppliers not later than the 15th day of the month preceding the month in which delivery is to be made.

(g) *Budget Bureau approval*. The above reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(h) *Communications to War Production Board*. Reports and communications concerning this schedule shall be addressed to War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-73.

## PART 1381—SOFTWOOD LUMBER

[RMFR 161, Amdt. 18]

## WEST COAST LOGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.\*

Revised Maximum Price Regulation 161 is amended in the following respects:

1. In § 1381.154 Table (F) Noble Fir is amended to read:

(F) NOBLE FIR

	Puget Sound district	Willapa Bay-Grays Harbor district	Columbia River district	Tillamook
Aircraft Grade.....	\$45.00	\$45.00	\$45.00	\$43.00
Suitable for peeling.....	35.00	35.00	35.00	33.00
No. 1.....	23.00	23.00	23.00	21.00
No. 2.....	21.50	21.50	21.50	19.50
No. 3.....	20.00	20.00	20.00	18.00
Camp-run (ungraded).....	20.00	20.00	20.00	18.00

\*Copies may be obtained from the Office of Price Administration.  
19 F.R. 9668, 10644.

2. Section 1381.155, paragraphs (c) and (d) are amended to read:

(c) *Short lengths.* For blocks of peeler logs in lengths of less than 16 feet, which otherwise meet the requirements of standard peeler grades deduct \$5.00 per 1,000 feet, log scale, from the maximum prices in the price tables of § 1381.154 above, and for logs of all species other than peeler or wood logs in lengths less than 12 feet which meet the standard log grade requirements other than length, deduct \$1.00 per 1,000 feet log scale from the camp run maximum price of that species given in the tables of § 1381.154 above.

(d) *Cull logs.* Any logs of the species covered in the above table but not specifically priced shall be "culled out", and the maximum price at which they may be sold or purchased at any delivery point provided for in § 1381.153 shall be \$1.00 per thousand feet, log scale, without the deduction for non-delivery to towable waters required by § 1381.153 (b).

3. In § 1381.156, paragraphs (a), (b), and (f) are amended to read:

(a) An addition of \$1.00 per M' log scale may be made by any seller to the maximum price of any West Coast logs produced by any company whose entire logging operation is operated 48 hours or more per week in production.

(b) *Cancellations.* All "overtime addition" authorizations for 54-hour and 60-hour overtime operators issued under this § 1381.156 prior to November 25, 1944, are cancelled, effective November 25, 1944.

(f) *Exceptions from requirement.* When a company which has previously operated as an overtime company, and which is in good faith attempting to operate on a regular overtime basis, finds that in a particular month it is impos-

sible for particular sides or its entire operation to meet the requirements, due to weather conditions, labor stoppages, or transportation interruptions beyond its control, the operator is automatically granted an exemption from the requirements of this section on all logs actually produced under overtime conditions, providing he shall have filed a notice of the interruption of his operations with the appropriate District Office of the Office of Price Administration. The notice must state the reason for the interruption of operations and the length of time involved.

4. Section 1381.160 (b) is amended to read as follows:

(b) *Grades and scales.* All original scale records shall show gross and net measurements in diameter and length and net scale volume of each log, and shall designate the type of defect by appropriate symbols; except that the Portland District Office may waive the gross or net measurement requirement upon application from any approved scaler listed in Appendix B if the application shows that the original scale records customarily used in that district did not conform to the requirement of this section. Cedar slabs and chunks shall be so designated and the net scale only shall be shown.

5. In Appendix A, (a) under the caption "Select spruce sawmill logs", in the third paragraph the reference "No. 1 log" is changed to read "Select log"; under the caption "No. 1 Sitka Spruce logs", at the end of the first paragraph the period is changed to a comma and the words "and shall not be less than 12 feet in length" are added; under the caption "Rescales or check scales", the last sentence of the first paragraph is changed to read: "In either instance, the rescale shall be made without represen-

tation from either the buyer or seller and the rescale shall be the final scale and grade for that particular lot of logs except that if a difference of 5% or less in value is shown, the original scale shall be final scale"; and under the caption "Other species" a new provision is added to read:

*Aircraft grade-noble fir.* Aircraft grade-noble fir means a log which is selected from a suitable for peeling, No. 1, or No. 2 grade of noble fir log, and which:

(a) Is not less than 26 inches top diameter and not less than 16 feet long;

(b) Is straight grained so that the majority of the clear lumber can be produced with a slope of grain not greater than one in fifteen;

(c) If defects for which a scale deduction is made are present, such defects are permitted provided the size and location thereof will not prevent the entire log from producing 50 percent No. 2 clear and better or B and better lumber;

(d) Has reasonably uniform annual rings, not fewer than eight to the inch and within the clear portion of the log; and

(e) Is free of deep bark seams or other serious defects within the clear portion of the log.

This amendment shall become effective November 25, 1944.

Issued this 25th day of November 1944.

Administrator.

## PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 13, Amdt. 65]

## PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.\*

Section 4.6 (e) is added to read as follows:

(e) *Excess inventory for December 1944.* If a wholesaler's point inventory at the beginning of the December 3, 1944 reporting period is greater than 110 percent of his maximum allowable inventory for that reporting period, the difference is excess inventory. He must in that case, give up to the Office of Price Administration, for cancellation, points equal to his excess inventory. The points are to be given up in the form of a check drawn on his ration bank account, payable to the Office of Price Administration. That check must be attached to and forwarded with his report on OPA Form R-1310 for the reporting period ending December 2, 1944. A wholesaler who does not have enough points at the time he files his report, may accumulate points and must forward them with his next report. If he has not given up points equal to his excess inventory when he files his next report, he may accumulate points and must forward them with his succeeding reports until he has liquidated his excess inventory. He may, however, during each reporting period, retain enough points for the purpose of keeping his stocks balanced as permitted by section 4.7 of this order.

This amendment shall become effective November 29, 1944.

PART 1418—TERRITORIES AND POSSESSIONS  
[Restriction Order 10]

ALLOCATION OF LAUNDRY SOAP, SOAP FLAKES  
AND SOAP POWDER IN PUERTO RICO

*Preamble:* All available data indicate that laundry soap, soap flakes, and soap powder stocks on the Island have become extremely low. At the same time, because of material and manpower restrictions imposed by war, the output and imports of said commodity cannot be increased correspondingly. The result is that our supplies of laundry soap, soap flakes, and soap powder are not sufficient to meet the normal demand. By restricting the monthly deliveries of laundry soap, soap flakes, and soap powder to be made by importers, wholesalers and retailers in Puerto Rico it is thereby hoped that an equitable and fair distribution will be assured and thus make consumer rationing unnecessary.

ARTICLE I—HOW LAUNDRY SOAP, SOAP FLAKES  
AND SOAP POWDER ARE TRANSFERRED

*SECTION 1.1 Restriction on transfer of laundry soap, soap flakes, and soap powder.* (a) No importer or wholesaler shall transfer laundry soap, soap flakes, or soap powder to any person who was not his customer during any of the months of July, August, and September, 1944, and shall not transfer to any one of his customers for any one given month more than thirty-three and one-third percent (33 $\frac{1}{3}$ %) of the average monthly transfers made to that customer during the months of July, August, and September, 1944, unless authorized in writing by the Office of Price Administration for Puerto Rico.

(b) No manufacturer or retailer shall transfer to any consumer more than thirty-three and one-third percent (33 $\frac{1}{3}$ %) of the average monthly transfers made to that consumer during the months of July, August, and September, 1944.

*SEC. 1.2 Exceptions to limitation of transfers of laundry soap, soap flakes, and soap powder—*(a) *Allocation of quota not delivered to customer, or consumer.* When a customer or consumer for any reason fails to take delivery of any quantity of laundry soap, soap flakes, or soap powder, which he is entitled to obtain during any one given month, the importer, manufacturer, wholesaler, or retailer may transfer that customer's or consumer's allocation to one or more of his customers or consumers for delivery during the month immediately following, if such transfer will not result in the acquisition by such customer or consumer of more than 100% of the average monthly transfers of laundry soap, soap flakes, or soap powder made to him during the months of July, August, and September, 1944. An importer, wholesaler, or manufacturer who transfers to one or more of its customers the allocation of laundry soap, soap flakes, or soap powder, which another customer fails to take delivery of, shall notify the Office of Price Administration in writing of such transfers.

(b) *Exempt agencies.* Nothing in Restriction Order No. 10 shall be construed to limit the quantity of laundry soap, soap flakes, or soap powder which may be transferred to the Army and Navy of the United States, United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority,

the National Advisory Commission for Aeronautics and the Office of Scientific Research and Development.

(c) *Director may grant authorization for the acquisition of laundry soap, soap flakes or soap powder.* A person who must use laundry soap, soap flakes, or soap powder for the performance of services essential to the welfare of the community or the war effort, and who prior to the effective date of this order was not a laundry soap, soap flakes, or soap powder consumer, or who cannot perform said essential services with the allotted quantity of laundry soap, soap flakes, or soap powder to which he is entitled, may be authorized by the Director of the Office of Price Administration to acquire laundry soap, soap flakes, or soap powder.

Applications by such consumers shall be made in writing to the Office of Price Administration at San Juan, Puerto Rico.

(d) *Judicial process.* Any person may acquire laundry soap, soap flakes, or soap powder, pursuant to judicial process or under the supervision of a court of competent jurisdiction.

(e) *Return of lost or stolen laundry soap, soap flakes, or soap powder.* Any person may transfer laundry soap, soap flakes, or soap powder which have been lost, stolen or otherwise wrongfully or mistakenly acquired to the person rightfully entitled thereto.

ARTICLE II—REPORTS

*SEC. 2.1 Importer, wholesaler or manufacturer's initial report.* Every importer, wholesaler or manufacturer must file an initial report with the Office of Price Administration at San Juan, Puerto Rico, on Form OPA-PR-200, indicating the name of its customers and the quantity of laundry soap, soap flakes, or soap powder transferred to each one of them during the months of July, August, and September, 1944.

Proceedings for the suspension orders shall be instituted and governed by the provisions of Procedural Regulation #4 of the Office of Price Administration.

## ARTICLE V—SCOPE OF THIS ORDER

## FUEL OIL, GASOLINE AND LIQUEFIED PETROLEUM GAS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.\*

Maximum Price Regulation No. 88 is amended in the following respects:

1. Section 1.2 (a) (6) is added to read as follows:

(6) Inter-refinery sales of C-4 petroleum fractions when such sales are made for replacement purposes at the direction of the Petroleum Administration for War.

2. Section 1.12 is amended to read as follows:

SEC. 1.12 *Records and price filing requirements.* Every person selling petroleum products subject to this regulation shall for as long as the Emergency Price Control Act of 1942, as amended, remains in effect keep and make available for examination by the Office of Price Administration records of the same kind as he customarily kept, relating to the prices which he charged for such petroleum products and in addition, records showing the basis upon which he determined maximum prices for such petroleum products.

3. Section 1.14 (t) is added to read as follows:

(t) "Township" means the entire geographical area within the outermost boundaries of a particular township. A specific price established for a township would apply in a separate political subdivision, for example, an incorporated city, village, etc., situated within such township, unless a different maximum price was expressly spelled out for the particular subdivision. For example, in Pennsylvania the City of Du Bois is located geographically within the outermost boundaries of Sandy Township. For the purposes of this regulation Du Bois, therefore, is to be regarded as being within Sandy Township.

(1) If there was a contract in effect on October 1, 1941 between a particular tank wagon or service station reseller and such contract provided for varying the price of the supplier to the reseller on the basis of the tank wagon price at the particular delivery point and if the maximum tank wagon price at such point is increased by section 7.4 but not to the normal price of the reference seller as posted on October 1, 1941, then the supplier's maximum delivered price to the reseller shall be increased only when the margin between the said price and the maximum tank wagon price at such point would be in excess of that called for in the contract had the maximum tank wagon price at such point been increased to normal and the extent of such increase to the supplier's maximum price shall be the amount of such excess.

(2) If there was a contract in effect on October 1, 1941, as described in (1) above and if the maximum tank wagon price at the particular point is increased to the normal price of the reference seller as posted on October 1, 1941, then the supplier's maximum delivered price to the reseller shall be altered in accordance with the provisions of such contract.

(2) Prior to delivery of any pattern first offered for sale after November 10, 1941 the seller shall submit to the Office of Price Administration, with respect to such pattern, a report in the detail required by Form No. 666:721 for fabrics purchased in the finished state, and Form No. 666:299 for fabrics converted into woven decorative fabrics by the seller.

(1) That such maximum price causes him hardship and is abnormally low in relation to the maximum prices established for competitive sellers of the same or similar commodities, and

(2) That establishing for him a maximum price bearing a normal relation to the maximum prices established for competitive sellers of the same or similar commodities will not cause or threaten to cause an increase in retail prices.

On and after July 13, 1942, all petitions for adjustment under this paragraph (b) shall be filed in accordance with Revised Procedural Regulation No. 1: *Provided*, That no petition for adjustment filed under this paragraph (b) after November 15, 1942, will be granted.

Such a petition shall be filed in accordance with Procedural Regulation No. 1<sup>9</sup>

(3) If the maximum price cannot be determined under paragraph (b) (1) or (2) of this section, the price determined by applying the following formula: The manufacturer shall (i) select the most nearly comparable pattern and construction for which a maximum price is established under paragraphs (b) (1) or (2) of this section; (ii) divide the maximum price for this comparable fabric by its costs (which for this purpose shall be limited to the cost of materials and of direct and indirect labor); and (iii) multiply the percentage so obtained by the cost (determined on the same basis) of the fabric being priced.

In applying this formula the manufacturer shall compute his costs for both fabrics on a current basis. In selecting

the "most nearly comparable pattern and construction" the manufacturer shall choose a fabric which, as compared to the fabric to be priced, would normally be sold by him (i) in the same general classification and price range, (ii) to the same classes of purchasers, (iii) for the same general purposes, and (iv) for approximately the same margin over direct cost. In cases where dyed or colored yarns are used in the fabric being priced hereunder and grey yarns would have served substantially the same purpose as the dyed or colored yarns, the cost of the yarns shall not be computed at any amount higher than the manufacturer's ceiling price for grey yarn.

No manufacturer shall transfer or deliver a woven decorative fabric which was not sold, offered for sale, transferred or delivered during the period between July 11, 1941 and July 13, 1942, inclusive, until he has submitted a report to the Office of Price Administration, Washington, D. C., in accordance with paragraph (a) (2) of § 1400.157, containing his interpretation of a proper maximum price as determined under this subparagraph.

[Subparagraph (3) amended by Am. 4, 8 F. R. 7822, effective 6-15-43; and Am. 7, effective 12-2-44]

(4) If the maximum price cannot be determined under paragraphs (b) (1), (2) or (3), the price approved in writing by the Office of Price Administration, Washington, D. C.:

(c) A manufacturer who sells woven decorative fabrics not produced by or for him as a manufacturer and who sold such fabrics prior to November 10, 1941, shall be governed with respect to such sales by the provisions of Maximum Price Regulation No. 39 applicable to persons other than manufacturers.

[Paragraph (c) added by Am. 5, 8 F. R. 17426, effective 1-4-44]

§ 1400.164 *Appendix B: Maximum prices for sales by persons other than manufacturers.* (a) The provisions of paragraph (a) of § 1400.163 shall apply to the maximum prices established herein.

(b) Except as provided in paragraph (c) of this § 1400.164, the maximum price for a pattern of any specific construction of a woven decorative fabric sold in the performance of a recognized distributive function<sup>21</sup> by a person other than a manufacturer shall be:

[Above paragraph amended by Am. 7, effective 12-2-44]

(1) 105% of the price quoted for the same pattern of the same construction in the seller's price list in effect on No-

<sup>21</sup> No sale is made "in the performance of a recognized distributive function" within the meaning of this Maximum Price Regulation No. 39 unless it advances the goods sold to the next stage of distribution. Presumptively, a sale by one jobber to another jobber is not a sale in the performance of a recognized distributive function.

November 10, 1941 to a purchaser of the same general class, or,

[Subparagraph (1) amended by Am. 1, 7 F.R. 5512; effective 7-16-42]

(2) If the maximum price cannot be determined under paragraph (b) (1) of this section, 105% of the highest price at which such pattern of the same construction was sold or offered for sale during the period from September 11 to November 10, 1941, inclusive, to a purchaser of the same general class, or,

(3) If the maximum price cannot be determined under paragraphs (b) (1) or (2) of this section, the price determined by the applications of the following formula: The seller shall (i) select from the same general classification and price range as the pattern being priced under this paragraph (b) (3), the pattern of the most nearly comparable construction for which a maximum price is established under paragraphs (b) (1) or (2) of this section and of which the seller sold or delivered the largest number of units during the period from September 11, to November 10, 1941, inclusive; (ii) divide his maximum price for that pattern by his supplier's present maximum price<sup>12</sup> for such pattern; and (iii) multiply the percentage so obtained by the maximum price of the supplier for the pattern being priced under this subparagraph: *Provided*, That if the fabric was acquired by the seller from a source other than a manufacturer or a converter the maximum price shall in no event exceed 185 per cent of the manufacturer's maximum price for the fabric, or of the converter's maximum price for the fabric if such fabric was initially purchased by a converter as defined in § 1400.161 (a) (3): *Provided further*, That the formula contained in the subparagraph shall not be used to determine the maximum price of a fabric which was sold to the seller as a remnant, close-out or second; of a fabric purchased from a furniture manufacturer; or of a fabric which was purchased by the seller as part of a job lot; or

[Subparagraph (3) amended by Am. 5, 8 F.R. 17426, effective 1-4-44 and Am. 6, 9 F.R. 458, effective 1-4-44 and Am. 7, effective 12-2-44]

<sup>12</sup> In determining his supplier's maximum price for the purpose of this subparagraph, the seller shall be permitted to rely upon the written representation of the supplier.

A converter in applying this formula should use as the supplier's maximum price the sum of the maximum price for the grey fabric and the maximum price established by the Office of Price Administration for the finishing operation which he performs or causes to be performed after acquiring the grey fabric.

For the purposes of this formula a converter who does his own finishing shall use as his supplier's maximum price the maximum price which would be applicable under Maximum Price Regulation No. 128—Processing Piece Goods—if the converter were selling the same operation.

[Footnote 12 amended by Am. 7, effective 12-2-44]

(4) If the maximum price cannot be determined under paragraphs (b) (1), (2) or (3) a price not in excess of 125% of the supplier's maximum price:<sup>13</sup> *Provided*, That the maximum price shall in no event exceed 185 per cent of the manufacturer's maximum price for the fabric, or of the converter's maximum price for the fabric if such fabric was initially purchased by a converter as defined in § 1400.161 (a) (3).

[Subparagraph (4) amended by Am. 5, 8 F.R. 17426, effective 1-4-44]

(c) *Special price limitations to prevent manipulative practices.* Regardless of the provisions of paragraph (b) of this § 1400.164 the maximum price shall be:

(1) The seller's cost of acquisition without freight in any case where (i) the sale is made by a person whose principal business is that of a furniture manufacturer; or (ii) the sale does not perform a recognized distributive function. (The resale of a fabric purchased from a person whose customary business is that of a retail seller is not a sale in the performance of a recognized distributive function, nor, presumptively, is a sale by one jobber to another jobber.)

(2) The supplier's maximum price, in any case where the fabric being sold was purchased by the seller from a person controlling, controlled by or under common control with the seller.

[Paragraph (c) added by Am. 7, effective 12-2-44]

It is ordered, that:

*Tank cars not to be light-weighed.*

(2) Any tank car may be light-weighed on a railroad owned or an industry owned track scale one time only in connection with each loaded trip. When such light-weighing is performed prior to loading the light weight so determined shall be shown on the bill of lading and the outbound waybill covering the loaded movement of that particular car. In this event that same car shall not be light-weighed subsequent to unloading thereof. When such light-weighing is not accorded at origin it may be performed at destination.

(b) *Tariffs suspended.* The operation of all tariff rules or regulations insofar as they conflict with the provisions of this order is hereby suspended.

(c) *Announcement of suspension.* Each of such railroads, or its agents, shall publish, file, and post a supplement in substantial accordance with the provisions of Rule 9 (k) of the Commission's

The statement shall set forth the amount of each kind of explosives and ingredients of explosives which you had on hand at each location on the opening of business on the date of this order,

the amount of each kind acquired by you that day and each day thereafter, the dates on which acquired, the names and addresses of the persons from whom acquired, the amount of each kind sold or otherwise disposed of by you, the dates on which sold or otherwise disposed of, the names and addresses of the persons to whom sold or otherwise disposed of, the numbers and dates of the Federal explosives licenses of the persons to whom sold or otherwise disposed of, the amount of each kind destroyed by you, the dates on which destroyed and the places where destroyed.
