Chapter IX—War Production Board

AUTHORITY: Regulations in this chapter, unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 177; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended Dec. 31, 1943, 9 F.R. 64.

PART 1255—INVENTORY RESTRICTION EXCEPTIONS

[General Inventory Order M-161, as Amended Jan. 23, 1945]

§ 1255.1 *General Inventory Order M-161*—(a) *What this order does.* This order excepts certain materials from inventory restrictions and from limits on the purchase of maintenance, repair, and operating supplies. The exception is made in some cases because there is no serious shortage of the material and in other cases because the material is available in quantity only in certain seasons, so that it is desirable to permit persons to buy and store it without limit.

(b) *Exception to inventory restrictions.* Section 944.14 of Priorities Regulation 1, which restricts inventory to a practicable working minimum, does not apply to the materials listed on Schedule A. Each of these materials is also exempted from all inventory restrictions in any other regulation or order of the War Production Board unless they expressly mention the material.

(c) *Exemption from restrictions on maintenance, repair, and operating supplies.* The materials listed on Schedule A are not subject to any restrictions in any regulation or order of the War Production Board which limit the quantity of material received or ordered for maintenance, repair, or operating supplies during any period on the basis of the amount of such supplies purchased during a base period. A person may receive or order for delivery any quantity of listed materials without regard to these restrictions. He does not have to charge

his orders for any such material against his base-period quota except to the extent that purchases of the same material were taken into account in arriving at his quota. For example, a manufacturer operating under CMP Regulation 5 is limited in his purchases of maintenance, repair, and operating supplies to the amount which he spent in the base period. A manufacturer who spent \$50,000 during the base period, including \$500 for a listed material, may buy any amount of that material during the current period and may use his MRO rating for that purpose, and he need include only \$500 of the amount thus spent for that material in figuring the amount to be charged to his quota of MRO.

Issued this 23d day of January 1945.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-692]

SPICER HARDWARE CO.

John T. Spicer, doing business as Spicer Hardware Company, is engaged in the retail hardware business at Middletown, Delaware. During the period from January 1, 1944 to August 14, 1944 he sold and delivered shotgun shells without specific authorization from the War Production Board, and in excess of the authorized quota as fixed in Schedule A of Limitation Order L-286. During the same period he sold and delivered 115,000 12, 16, and 20 gauge shotgun shells and 150,000 .22 caliber rim fire cartridges, although he had authorized orders for only 6,725 shotgun shells and 26,900 .22 caliber cartridges. Mr. Spicer was aware of Limitation Order L-286 and the sale and delivery of these shells and cartridges was a wilful violation of Order L-286. As a result of these violations, critical materials were diverted to uses unauthorized by the War Production

Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.692 *Suspension Order No. S-692.* (a) John T. Spicer shall not for four months from the effective date of this order purchase or accept delivery of any ammunition as defined and governed by Limitation Order L-286.

(b) John T. Spicer shall not for four months from the effective date of this order apply or extend any preference ratings or use any CMP allotment symbols, regardless of the delivery date named in any purchase order to which such ratings may be applied or extended or on which CMP allotment symbols are used.

(c) The restrictions and prohibitions contained herein shall apply to John T. Spicer, doing business as Spicer Hardware Company, or under any other name, his successors and assigns or persons acting in his behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such actions.

(d) Nothing contained in this order shall be deemed to relieve John T. Spicer, doing business as Spicer Hardware Company, or under any other name, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on January 24, 1945.

Issued this 17th day of January 1945.

Recording Secretary.

Quartermaster Depot, Philadelphia, Pennsylvania, and offer to accept from the Quartermaster Corps, a contract to make trousers (field, wool, serge, 18 ounces, special) in such quantity as will serve to utilize on government contracts during such period at least seventy-five percent of his output of men's wool trousers of all types (including those made for his account); and on or before January 23, 1945, he shall accept a contract to make such trousers. The Quartermaster Corps will provide the basic material and major findings for filling such contract.

(3) He shall begin production on the contract entered into with the Quartermaster Corps not later than three days following the receipt of the necessary fabric, and within ten days following the receipt of such fabric commence sewing operations on the garments specified in the contract. His production shall be scheduled to provide for the delivery of not less than 28% of the contracted quantity to the Quartermaster Corps during February, 1945, not less than 32% during March, 1945, and the balance during April, 1945, or as specified in the Army contract.

Trousers produced for ultimate delivery to naval officers and the Maritime Service shall be construed as having been produced on government contracts and contracts calling for delivery to a government agency.

(e) This direction shall remain in force as to each person covered by it until April 30, 1945, unless he receives from the Quartermaster Corps a written statement that his facilities for the production of trousers (field, wool, serge, 18 ounces, special) are not required, or unless an appeal to the War Production Board filed as provided in paragraph (g) (4) of Order M-328 is granted in writing.

However, the amount of foods covered by Revised Ration Order 16 he may acquire under this section after January 27, 1945 is reduced by the amount of shortening (including lard), cooking and salad oils he has in his inventory at the close of business on January 27, 1945.

(Shortening (including lard) and cooking and salad oils acquired for points from retailers between 12:01 a. m., January 22, 1945 and 12:01 a. m., January 28, 1945 are not included.)

(b) If he has only one institutional user establishment, or more than one such establishment registered separately, the report must be filed not later than February 10, 1945. If he has more than one establishment registered together, the report must be filed not later than February 17, 1945.

(c) No institutional user may get an allotment after February 10, 1945, or February 17, 1945, as the case may be, unless he has made the report required by this section to the Board with which he is registered.

4. Section 7.6 (b) is amended by deleting the last two sentences (beginning with the words "Notwithstanding any provision") and substituting the following therefor: "Notwithstanding any provision of this paragraph, an industrial user may apply from January 23, 1945 to February 20, 1945, inclusive, for that part of his first period allotment based on his use of lard, shortening, and cooking and salad oils during the first quarter of his base period. If application is made at any time from January 23, 1945 to February 20, 1945, inclusive, no reduction shall be made in his first period allotment based on his use of lard, shortening, and cooking and salad oils. If the application is made after February 20, 1945, that part of his allotment shall be reduced in proportion to the portion of the two-month period (February-March) which has elapsed between February 1, 1945 and the time he applies for that part of his allotment. He shall be given a check for the amount of that part of his allotment, notwithstanding the provisions of paragraph (d) of this section."

5. Section 7.6 (n) is added to read as follows:

(n) *Cancellation or reduction of excess inventory on January 28, 1945*

*Copies may be obtained from the Office of Price Administration.

¹ 8 F.R. 10002, 11479, 11480, 11676, 12403, 12483, 12744, 14472, 15488, 16787, 17485; 9 F.R. 401, 455, 692, 1810, 2212, 2252, 2287, 2476, 2789, 3030, 3975, 3577, 3704, 4196, 4393, 4647, 4873, 5041, 5232, 5684, 5826, 5915, 6108, 6504, 6628, 7167, 7260, 7703, 7770, 8242, 8313, 9952, 10069.

based on lard, shortening, or cooking or salad oils. (1) An industrial user's excess inventory on January 28, 1945 shall be cancelled by the Board or District Office with which he is registered if he used, during his base period, only lard, shortening, or cooking or salad oils, and if he did not use any other foods covered by Revised Ration Order 16 during his base period. (His inventory of these items at the close of business on January 27, 1945 is not considered excess inventory on January 28, 1945.)

(2) An industrial user who, during his base period, used lard, shortening, or cooking or salad oils, as well as other foods covered by this order, may have on January 28, 1945, an "excess inventory" attributable to lard, shortening, or cooking or salad oils. He may apply for an adjustment of that "excess inventory". Application shall be made on OPA Form R-315 to the Board or District Office with which he is registered. It shall give his best estimate of the amount of his excess inventory attributable to lard, shortening, and cooking and salad oils. The Board or District Office shall reduce the "excess inventory" which he had on January 28, 1945 by the amount it finds is attributable to lard, shortening, salad and cooking oils.

(3) Nothing in this section shall be considered to forgive or excuse any violations by the applicant of this or any other order of the Office of Price Administration, or to affect any action which may be taken by the Office of Price Administration with respect to any such violations.

6. Section 7.7 (a) (1) is amended by adding the following parenthetical sentence at the end thereof: "(However, no person may apply for registration under this section if he became an industrial user because lard was restored to the list of foods covered by this order on January 19, 1945.)"

7. Sections 7.16 (e) and (f) are added to read as follows:

(e) In determining the amount of foods covered by this order used by an industrial user during the first allotment period of 1945, the amount of lard, shortening and cooking and salad oils used by him prior to January 28, 1945 shall not be included.

(f) In determining the amount of foods covered by this order acquired by an industrial user during the first allotment period of 1945, the amount of lard, shortening and cooking and salad oils acquired by him prior to January 28, 1945 shall not be included. However, the amount of foods covered by this order he may acquire under this section after January 27, 1945 is reduced by the amount of lard, shortening, salad and cooking oils he has in his inventory at the close of business on January 27, 1945.

8. Section 15.12 is added to read as follows:

Sec. 15.12 *Wholesalers may apply for adjustment because of point-free transfers of lard, shortening, cooking and salad oils during period from January 18, 1945 to January 28, 1945.* (a) A wholesaler may apply at any time from January 29, 1945 to February 10, 1945, inclusive, on OPA Form R-315 to the

Board with which he is registered for points equal to the excess of the point value of lard, shortening and cooking and salad oils which he transferred point-free under the provision of section 10.12 of this order between 12:01 a. m., January 19, 1945 and 12:01 a. m., January 28, 1945 over the point value of these items he acquired point-free during that period. He must state separately the amount of lard, shortening and cooking and salad oils which he acquired point-free between 12:01 a. m., January 19, 1945 and 12:01 a. m., January 28, 1945, and the amount of each of those items which he transferred point-free under section 10.12 of this order during that period. The Board may issue to the applicant a check for the points to which he is entitled under the provisions of this section.

This amendment shall become effective January 23, 1945.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[Region VI Order G-5 Under MPR 336, 355, and 394]

FABRICATED MEAT CUTS IN COOK COUNTY, ILL.

By virtue of the authority vested in me by the provisions of section 5 (c) of Maximum Price Regulation No. 336, section 5 (c) of Maximum Price Regulation No. 355 and section 5 (c) of Maximum Price Regulation No. 394, I am empowered to declare specific areas in the region under my jurisdiction to be deficient in supplies of fabricated meat cuts where I find that the following conditions exist therein:

(a) That purveyors of meals are unable to purchase fabricated meat cuts in volume sufficient to supply their requirements;

(b) That the deficiency in supplies of fabricated meat cuts is caused by the fact that sellers of fabricated meat cuts located in the area do not have adequate facilities of quotas to supply the demand;

(c) That purveyors of meals located in the area customarily have relied upon and must continue to rely upon retail sellers for their necessary supplies of meat.

I have investigated the situation existing in Worth, Lake and Stickney Townships in Cook County, Illinois, and as a result of that investigation I find:

That purveyors of meals located in the area are unable to obtain supplies of fabricated meat cuts adequate to fill their needs. This conclusion is based upon the following set of facts:

The Chicago Municipal Airport is located within the above named Townships. Various Air Lines using the facilities of this airport are large purveyors of meals. In addition, numerous eating establish-

ments located at or near the terminal serve meals to the employees of the airport and to travelers passing through Chicago. During the two-month period of March and April 1944, the Local War Price and Rationing Board allotted approximately 269,000 points for the use of the air lines and approximately 100,000 points to other eating establishments. Of this total it is estimated 295,000 points were used for the purchase of approximately 22,000 pounds of meat for the period. There are no wholesalers or hotel supply houses in the area serving these purveyors and it has been necessary to procure fabricated meat cuts from a local retailer. The only market in this area which is equipped and willing to sell the needed quantity is limited at the present time in its sales to purveyors of meals of 20% of its total volume which amount to approximately 8,500 pounds. Compared to the 22,000 pounds of meat which the purveyors of meals could purchase with the ration points allotted to them, it appears that there is a deficiency in this area in the supply of fabricated meat cuts.

Accordingly, *It is ordered*, That the area consisting of Worth, Lake and Stickney Townships in Cook County, Illinois, be and the same is hereby declared to be an area deficient in supplies of fabricated meat cuts.

This order may be revoked, amended or corrected at any time.

This order shall be effective as of January 20, 1945.

Regional Administrator.

[Region VIII Order G-8 Under MPR 355]

FABRICATED MEAT CUTS IN DUNSMUIR, CALIF., AREA

By virtue of the authority vested in me by the provisions of section 5 (c) of Maximum Price Regulation No. 336, section 5 (c) of Maximum Price Regulation No. 355 and section 5 (c) of Maximum Price Regulation No. 394, I am empowered to declare specific areas in the region under my jurisdiction to be deficient in supplies of fabricated meat cuts where I find that the following conditions exist therein:

(a) That purveyors of meals are unable to purchase fabricated meat cuts in volume sufficient to supply their requirements;

(b) That the deficiency in supplies of fabricated meat cuts is caused by the fact that there are no sellers of fabricated meat cuts located in the area;

(c) That purveyors of meals located in the area customarily have relied upon, and must continue to rely upon retail sellers for their necessary supplies of meat.

I have investigated the situation existing in the Dunsmuir Area, including the City of Dunsmuir and an area within

25 miles of the corporate limits thereof (as measured by the shortest highway distance), and as a result of that investigation I find:

(a) That purveyors of meals located in the area are unable to obtain supplies of fabricated meat cuts adequate to fill their needs. This conclusion is based upon the fact that purveyors of meals within the area are unable to obtain fabricated meat cuts in sufficient volume to supply their requirements. The purchase of ration quotas of meat has been made by purveyors of meals from retail markets, for there are no wholesalers or hotel supply houses in the area who fabricate meat locally. Purveyors of meals have customarily relied upon retail dealers, and they must continue to rely upon retail sellers for supplies of meat sufficient to meet their requirements.

This declaration shall be effective as of January 11, 1945.

Issued this 11th day of January 1945.

Acting Regional Administrator.
