AMENDMENTS TO THE JOINT RULES AND REGULATIONS

By virtue of authority and direction of section 402 of the Federal Seed Act (53 Stat. 1275; 7 U.S.C. 1592; E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; E.O. 9392, 8 F.R. 14783; E.O. 9577, 10 F.R. 8087) and after public hearing, held on May 16, 1945, notice of which was published in the FEDERAL REGISTER of May 4, 1945, the following amendments to the joint rules and regulations of the Secretary of the Treasury and the Secretary of Agriculture under the Federal Seed Act (7 CFR, Cum. Supp. 201.208 et seq.) are hereby promulgated.

1. In § 201.208 insert the words "adzuki bean," "celery," "chickpea," "hemp," "mung bean," "peanut," and "sunflower" in proper alphabetical order.

2. In § 201.210 (d) add at the end of the sentence the words: "except if the lot does not appear to be of uniform quality the separate portions shall be forwarded together but without being combined into a composite sample."

3. In § 201.212 delete subsection (c).

4. Change § 201.215 to read: "All samples shall be accompanied by a description of the lot of seed offered for importation, on a form provided for this purpose by the Department of Agriculture."

5. In § 201.218 delete the words "bears a sufficient mark of identification" and insert in lieu thereof the words "is stenciled to show the name of the kind or

variety of the seed and a lot number or designation identifying the lot of seed."

6. In § 201.222 (a) delete the word "Celery" and add "Lupine" and "Horse or broad bean."

7. In § 201.222 (b) add the words "Celery" and "Peanut."

8. In § 202.222 add a new paragraph designated (d) to read:

(d) The collector of customs shall notify the Department of Agriculture of any change in the nature of a declaration made under this section.

9. In § 201.228 add the following: "Any correction of the labeling upon the containers shall be done under the supervision of the Department of Agriculture at the expense of the importer who shall also reimburse the Government for the expenses of travel required to perform such supervision. When a representative of the Department of Agriculture finds upon examination of seed that it is incorrectly described on the invoice presented at the time of entry, a finding of 'false labeling' under the Federal Seed Act of August 9, 1939, will be made. The seed will be refused admission until after the importer has given satisfactory assurance to the Department of Agriculture that he has taken appropriate steps to file with the collector of customs at the port of entry a corrected customs invoice describing the seed in terms which will not constitute 'false labeling.' Upon receipt of such assurance, the Department of Agriculture will notify the collector of the nature of the 'false labeling' and that the seed may be granted admission under the Federal Seed Act. The importer will be liable for the payment of liquidated damages under the bond filed in connection with the entry unless a corrected customs invoice is produced within the time provided for by law or regulations."

10. Change § 201.230 to read:

(a) Seed or screenings refused admission into the commerce of the United States shall be exported by the owner or consignee within 12 months of the date of notice of such refusal or at the expiration of such 12-month period the rejected seed or screenings shall be destroyed under the supervision of an employee or authorized agent of the United States Department of Agriculture in such manner as may be determined by the United States Department of Agriculture.

(b) When seed or screenings which have been refused admission into the commerce of the United States are exported the collector of customs shall notify the office of the United States Department of Agriculture that issued the notice of rejection and shall also submit to said office a sample drawn from the seed at the time of exportation.

(c) The destruction of seed or screenings refused admission shall be at the expense of the owner or consignee who shall also reimburse the Government for the expense of travel required to perform such supervision. The United States Department of Agriculture shall make a report of such destruction giving the amount by weight to the collector of customs at the port of entry of such seed or screenings.

These amendments shall become effective on and after the expiration of thirty days after date of publication herein.

³ Pure seed unit consists of spike, spikelet, floret or caryopsis.

10. In § 201.47 delete the word "counted" in next to the last sentence of the section and insert in lieu thereof the word "

12. Change § 201.49 to read:

§ 201.49 *Other crop seed*. Seeds of plants grown as crops (other than the kind, variety, or type included in the pure seed) each kind, variety, or type of which is present in a proportion to the whole of 5 percent or less, whether shriveled, cracked, or otherwise injured, and pieces of seeds larger than one-half of the original size, whether broken, insect-damaged, or diseased, shall be considered other crop seeds unless recognized as weed seeds.

13. Change § 201.50 to read as follows:

§ 201.50 *Weed seed*. Seeds, bulbils or tubers or plants recognized as weeds by laws or official regulations or by general usage shall be considered weed seeds: *Provided*, That undeveloped or badly injured weed seeds, including noxious-weed seeds, as described under inert matter shall be considered inert matter and not weed seed. When seeds of *Juncus* spp. are present and would not add more than 0.1 percent to the percentage of weed seed, they need not be separated but may be included with the inert matter.

14. Change § 201.51 to read as follows:

§ 201.51 *Inert matter*. Inert matter shall include seedlike structures from both crop and weed plants and other matter not seeds as follows:

(a) *Seedlike structures from crop plants*. Pieces of seeds one-half the original size or less, whether broken, insect-damaged, or diseased; seeds of legumes and crucifers with the seed coats entirely removed; empty glumes and sterile florets of grasses; attached sterile florets of grasses (which must be removed from the fertile florets except in bluegrasses, Rhodes grass, bluestems and gramas).

(b) *Seedlike structures from weed plants*. All badly injured, undeveloped

or empty structures which resemble seeds but which by visual examination (including dissection or the use of reflected light) can be easily demonstrated as having no embryo or having only a rudimentary embryo or having an embryo that has been destroyed by a disease organism. Included as inert matter are structures from weed plants as follows:

(1) Seeds of grasses with over half the embryo removed;

(2) "Seeds" of dodder which are usually fragile, ashen gray to brown in color and somewhat enlarged;

(3) Ragweed seed with both the involucre and pericarp absent;

(4) Shriveled, blackened seeds of buck-horn;

(5) Empty seeds or fruits such as occur in the sedge, buckwheat, morning-glory, and sunflower families;

(6) Empty glumes and sterile florets of grasses;

(7) Seeds of legumes and species of *Brassica* with the seed coats entirely removed;

(8) Bulbils of wild onion and garlic with the basal or stem end portion removed; and

(9) Seeds of *Juncus* spp. when not in excess of 0.1 percent.

(c) *Other matter*. Soil, sand, stones, chaff, stems, leaves, nematode galls, and fungus bodies (such as ergot and other sclerotia and smut balls).

15. Change § 201.52 to read as follows:

§ 201.52 *Noxious-weed seeds*. The determination of the number of seeds, bulbils, or tubers of individual noxious weeds present per unit weight should be made on at least the minimum quantities listed in table 1 except that if 30 or more noxious-weed seeds, bulbils, or tubers of one species are found in the pure seed

analysis or noxious-weed seed examination of a like amount, the rate of occurrence of that species shall be based on the pure seed analysis and the occurrence of that species in the remainder of the bulk examined for noxious-weed seeds need not be noted.

16. Change § 201.53 to read:

§ 201.53 *Source of seed for germination*.

(a) When both purity and germination tests are required, seeds for germination shall be taken from the separation of the kind, variety, or type considered pure seed and shall be counted without discrimination as to size or appearance.

(b) When only a germination test is required and the pure seed is estimated or determined to be at least 98 percent, the pure seed for the germination test may be taken indiscriminately from a representative portion of the bulk.

(c) When only a germination test is required and the pure seed is found to be less than 98 percent, the pure seed shall be taken indiscriminately from a pure seed separation made according to the provisions of these rules and regulations which govern the separation of the kind, variety, or type considered pure seed except that other crop seeds, inert matter, and weed seeds need not be separated.

17. In § 201.57 add the following: "If at the end of the germination period provided for legumes, okra, and asparagus in these rules and regulations there are still present swollen seeds or seeds of these kinds which have just started to germinate, all seeds or seedlings except the above-stated shall be removed and the test continued for 5 additional days and the normal seedlings included in the percentage of germination."

18. Change § 201.58 to read as follows:

§ 201.58 *Methods of testing for germination and hard seed*.

² Temperature: A single numeral indicates a constant temperature. Two numerals separated by a dash indicate an alternation of temperature; the test is held at the first temperature for approximately 16 hours and at the second temperature for approximately 8 hours per day.

³ Hard seeds often present. If at the end of the germination period there are still present swollen seeds or seeds which have just started to germinate all seeds or seedlings

except the above-stated shall be removed and the test continued for 5 additional days and the normal seedlings included in the percentage of germination.

⁴ A two-tenths (0.2) percent solution of potassium nitrate (KNO₃) prepared by dissolving 2 grams of KNO₃ in 1,000 cc. of water is used in moistening the substratum.

⁵ The prechilling period is not included in the germination period given in this table unless otherwise specified.

⁶ 'Prewet' method on cotton: Shake seed in a closed container, thoroughly wetting the 'fuzz' of the seed. Blot off all excess moisture and put in to germinate. If the 'prewet' test is higher, report both it and the standard germination.

19. In § 201.60 insert after the words "Bermuda grass", the following: "Guinea grass, molasses grass, and Vasey grass."

20. In § 201.101 add to the enumerated kinds of seed the following: "Horse or broad bean, lupine, and peanut."

§ 1300.721 *Purpose.* The purpose of this procedural regulation is to establish the procedures to be used by the Administrator of the Office of Price Administration in carrying out the functions, powers and duties delegated to him by the Economic Stabilization Director pursuant to the provisions of section 2 of the act of June 26, 1945 (Public Law 88, 79th Congress, First Session), entitled "An act to permit the continuation of certain subsidy payments and certain purchase and sale operations by corporations created pursuant to Section 5d (3) of the Reconstruction Finance Corporation Act, as amended, and for other purposes." Section 2 of the above act provides in substance that any slaughterer who heretofore or hereafter shall have received extra-compensation payments under Livestock Slaughter Payments Regulation No. 3 of the Reconstruction Finance Corporation (Defense Supplies Corporation) when such slaughterer was not in a class eligible for such extra-compensation payments, shall be relieved in whole or in part of obligation to repay the amount thereof and shall be entitled to receive, in whole or in part, the amount of such extra-compensation payments repaid by such slaughterer to, or withheld by Reconstruction Finance Corporation on account of such extra-compensation payments, to the extent that it is determined that it would be inequitable for Reconstruction Finance Corporation to require repayment by such slaughterer or to retain the amounts so repaid or withheld, provided it is also determined that such slaughterer believed reasonably and in good faith that he was eligible to receive such extra-compensation payments.

§ 1300.722 *Persons eligible to file applications under this regulation.* Any slaughterer who heretofore or hereafter shall have received extra-compensation payments under Livestock Slaughter Payments Regulation No. 3 of Reconstruction Finance Corporation when such slaughterer was not in a class eligible for such extra-compensation payments, may file an application to be relieved, in whole or in part, of obligation to repay the amount thereof and to receive, in whole or in part, the amount of such extra-compensation payments repaid by such slaughterer to or withheld by Reconstruction Finance

Corporation on account of such extra-compensation payments.

To the extent that it is determined by the Administrator that it would be inequitable for Reconstruction Finance Corporation to require repayment by such slaughterer or to retain the amounts so repaid or withheld, and upon a determination by the Administrator that such slaughterer believed reasonably and in good faith that he was eligible to receive such extra-compensation payments, such slaughterer's application shall be granted and such slaughterer shall be relieved, in whole or in part, of obligation to repay the amount thereof and shall be entitled to receive, in whole or in part, the amount of such extra-compensation payments repaid by such slaughterer to, or withheld by Reconstruction Finance Corporation on account of such extra-compensation payments.

§ 1300.723 *Form and place of filing of application.* (a) The application shall be in writing and shall consist of an original and four copies. The application shall be signed and verified either by the slaughterer personally or if a partnership, by a partner, or if a corporation or association, by a duly authorized officer thereof.

(b) The application shall be filed with the Secretary of the Office of Price Administration, Washington, D. C.

§ 1300.724 *What the application must contain.* Each application filed pursuant to this regulation shall contain the following information:

(a) A statement of the dates and amounts of extra-compensation payments received by the slaughterer from Reconstruction Finance Corporation.

(b) A statement of the dates and amounts of such extra-compensation payments repaid by such slaughterer to, or withheld by Reconstruction Finance Corporation on account of such extra-compensation payments.

(c) A statement of the facts indicating that the slaughterer believed reasonably and in good faith that he was eligible to receive such extra-compensation payments.

(d) A statement of the facts indicating that it would be inequitable for Reconstruction Finance Corporation to require repayment or to retain the amounts so repaid or withheld.

(e) For each of the calendar or fiscal years 1936-39, inclusive; for the calendar or fiscal year during which extra-compensation payments were received, and for the period following such calendar or fiscal year to date of application, consolidated profit and loss statements and consolidated balance sheets on OPA Financial Reporting Form A or B, whichever is appropriate.

(f) A statement for each of the periods enumerated in (e) above, showing officers', partners' and proprietors' salaries, bonuses, commissions, and withdrawals.

(g) A statement for each of the periods enumerated in (e) above, showing the amounts spent for improvements and repairs separately.

(h) Number of head and live weight of applicant's slaughter by species of livestock (treat cattle and calves separately) for each year from 1936-1939 and for 1943; and by monthly accounting periods for 1944 and 1945 to date, to the extent that this information has not been filed with Reconstruction Finance Corporation. Indicate the periods, if any, for which this information has been filed with Reconstruction Finance Corporation.

§ 1300.725 *Additional information required.* The Administrator may, by order, require any applicant to submit in affidavit form such additional information as the Administrator deems necessary or appropriate for a determination of the right of such applicant to relief under the Act specified in section 1 of this regulation.

§ 1300.726 *Hearings.* (a) Evidence will be received, as a general rule, only in affidavit form. In exceptional cases, where the Administrator deems it necessary for complete presentation of the facts, he may provide for a hearing upon any application at a time and place specified by him in order to receive oral testimony and may appoint an official of the Office of Price Administration to conduct such hearing.

(b) In the event that the Administrator orders the receipt of oral testimony, notice shall be served on the applicant not less than five days prior to receipt of such testimony. The notice shall state the time and place of the hearing and the presiding officer designated by the Administrator.

§ 1300.727 *Final action on application.* The Administrator's action upon an application, either granting it in whole or in part, or denying it, shall be in the form of an order, with an accompanying opinion stating the reasons for the Administrator's action and setting forth his findings and determinations. The order shall contain a certification to Reconstruction Finance Corporation of the Administrator's findings and determinations as provided for in this regulation. A copy of the order and accompanying opinion shall be filed with Reconstruction Finance Corporation and the Director of Economic Stabilization.

§ 1300.728 *Review by the United States Emergency Court of Appeals.* An order denying an application either in whole or in part is reviewable by the United States Emergency Court of Appeals under rules prescribed by said Court.

This regulation shall become effective August 13, 1945.

NOTE: The reporting provisions of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 10th day of August 1945.

PART 1389—APPAREL

[RMPR 330; Amdt. 2]

RETAILERS' AND WHOLESALERS' PRICES FOR WOMEN'S, GIRLS', AND CHILDREN'S AND TODDLERS' OUTERWEAR GARMENTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 330 is amended in the following respects:

1. Section 3 (b) is amended by substituting the phrase "amendment to your pricing chart" for the phrase "amended pricing chart" in the two places in the paragraph where that phrase appears.

2. Section 5 (a) is amended by amending the second sentence thereof to read as follows: "Except in cases of transfers of business under section 6, if you did not deliver any garments under Maximum Price Regulation 330 prior to May 18, 1944, or if you do not have base period records sufficient to prepare a pricing chart, you may not sell or deliver any garment covered by this regulation until you have received authorization from the OPA to establish maximum prices."

3. Section 5 (b) is amended by amending the caption to read "(b) *Filing and contents of applications by new sellers*", and by inserting the words "by a seller who did not deliver any garments under Maximum Price Regulation 330 prior to May 18, 1944," between the phrase "shall be filed" and the phrase "with the Office of Price Administration".

4. Section 5 is amended by redesignating paragraph (c) as paragraph (d) and by adding a new paragraph (c) to read as follows:

(c) *Filing and contents of applications by sellers who do not have adequate base period records.* Three signed copies of an application for authorization to establish maximum prices shall be filed by sellers who do not have base period records sufficient to prepare a pricing chart, with the OPA at the district office having jurisdiction over the area in which the seller is located, setting forth (1) the most accurate pricing chart the seller can prepare on the basis of his records and recollection, (2) an explanation of the manner in which the seller can corroborate the information contained in the chart, (3) a list of the names and addresses of the seller's 3 most closely competitive sellers of the same class and (4) a request that the chart described in (1) be approved.

You may not use the pricing chart described in (1) above in establishing maximum prices until you have received authorization to do so from the OPA. If authorization is given it will be accompanied by instructions as to a method for establishing maximum prices of the garments to be sold. This authorization may approve the chart included in the application in whole or in part or may revise such chart. The authorization may be revised or revoked at any time by the Office of Price Administration.

19 F.R. 11350; 10 F.R. 331.

5. Section 11 (c) is amended to read as follows:

(c) *Import sales.* This regulation does not apply to deliveries of garments made from points outside the continental United States or to sales or deliveries of garments originally imported by the seller after February 28, 1942. (For pricing of such garments see the Maximum Import Price Regulation.²) This regulation does, however, apply to all garments imported into the United States prior to March 1, 1942 and to sales or deliveries by any person other than the original importer of garments originally imported into the United States.

6. Section 14 (a) is amended by substituting the phrase "section 3" for the phrase "section 2."

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Control Order 1¹, Amdt. 15]

LIVESTOCK SLAUGHTER AND MEAT DISTRIBUTION

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

¹ 10 F.R. 4605.

² 8 F.R. 11681, 12237; 9 F.R. 2350, 7504, 8062.

Control Order 1 is amended in the following respects:

1. Section 1 (a) is amended to read as follows:

(a) *Class 1 slaughtering establishment.* Any place subject to "Federal inspection" at which a "person" slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock, is a "Class 1 slaughtering establishment." The term "Class 1 slaughtering establishment" also includes any place at which a person slaughters cattle, calves, sheep, lambs or swine to the extent that the slaughter by him of any of those species of livestock there is covered by a currently valid certification granted by the Secretary of Agriculture, or his designee, pursuant to War Food Order 139.

2. Section 1 (b) is amended to read as follows:

(b) *Class 2 slaughtering establishment.* Any place, other than a "Class 1 slaughtering establishment" or "Class 3 slaughtering establishment," at which a person slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock, is a "Class 2 slaughtering establishment."

3. Section 14 (a) is amended to read as follows:

(a) (1) Any Class 2 or Class 3 slaughterer who has obtained for his establishment Federal inspection, or certification from the Secretary of Agriculture, or his designee, pursuant to War Food Order 139, must, within five (5) days after such inspection or certification is obtained, surrender his OPA license or permit to the District Office or Board with which his establishment is registered together with a statement that he has obtained for the establishment covered by the license or permit Federal inspection, or certification pursuant to War Food Order 139, as the case may be. If he has obtained certification pursuant to War Food Order 139, his statement must include each species of livestock covered by the certification.

(2) If the District Office or Board finds that he has obtained for his establishment Federal inspection, or certification from the Secretary of Agriculture, or his designee, pursuant to War Food Order 139, it shall cancel his license or permit as a Class 2 or Class 3 slaughterer. However, if the certification obtained by a Class 2 slaughterer covers one or more, but not all, the species of livestock for which he has been issued quota bases, the District Office shall cancel his quota bases for the species of livestock covered by the certification and issue to him a new license, on OPA Form MC-5, containing his quota bases for the species of livestock not covered by the certification, as to which he shall remain a Class 2 slaughterer. (His new license shall bear the same number as the license surrendered, and for that purpose he shall continue to be a Class 2A or Class 2B slaughterer whichever he was before he obtained certification.)

4. Section 15 (a) is amended by substituting for the sentence in parentheses the following: "However, if he was registered as a Class 2 or Class 3 slaughterer with respect to that place, he must comply with section 14 (a)."

5. Section 21 (a) is amended by substituting for the definitions of "Class 1 slaughtering establishment" and "Class 2 slaughtering establishment" the following:

"Class 1 slaughtering establishment" means any place subject to "Federal inspection" at which a "person" slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock. The term also includes any place at which a person slaughters cattle, calves, sheep, lambs or swine to the extent that the slaughter by him of any of these species of livestock there is covered by a currently valid certification granted by the Secretary of Agriculture, or his designee, pursuant to War Food Order 139.

"Class 2 slaughtering establishment" means any place, other than a "Class 1 slaughtering establishment" or "Class 3 slaughtering establishment," at which a person slaughters cattle, calves, sheep, lambs or swine, other than cattle, calves, sheep, lambs or swine which he slaughters there for the owner of such livestock.

6. Section 21 (a) is further amended by adding the following definition in its proper alphabetical order:

"Certificate number" means the certificate number assigned to a slaughtering plant by the Secretary of Agriculture, or his designee, in granting certification of such plant pursuant to War Food Order 139.

7. Section 23 (a) (4) is added to read as follows:

(4) Any Class 2 slaughterer who obtains certification under War Food Order 139 shall be considered as a Class 1 slaughterer even though the certification covers the slaughter of one or more but not all species of livestock for which quota bases have been assigned to him under this order.

8. Section 24 (e) is amended by inserting after the phrase "the establishment number" the phrase "or certificate number."

9. Section 24 (f) (1) is amended by inserting after the phrase "by this section" the phrase "or certificate number issued by the Secretary of Agriculture, or his designee, pursuant to War Food Order 139."

PART 1499—COMMODITIES AND SERVICES

[MPR 580;¹ Amdt. 5]

RETAIL CEILING PRICES FOR CERTAIN APPAREL
AND HOUSE FURNISHINGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 580 is amended in the following respects:

1. Section 1 (c) is amended by adding to the first undesignated paragraph thereof the following sentence: "Notwithstanding the provisions of this paragraph (c), any seller at retail of an article for which a ceiling price has been established under section 13 of this regulation shall be subject to that section with respect to such sale."

2. Section 9 is amended to read as follows:

SEC. 9. "Up stream" and "cross stream" sales and sales of "cross stream" articles to ultimate consumers—(a) Maximum prices for "up stream" sales. Your maximum price for a sale of any article covered by this regulation to any person other than an individual ultimate consumer, another retailer, or an industrial, commercial, or institutional user, is the net cost of that article to you.

(b) Maximum prices for "cross stream" sales. (1) Your maximum price for a sale to another retailer of any article covered by this regulation shall be the sum of the following items:

(i) Your invoice cost less all discounts including cash discounts.

(ii) Any OPA adjustment charge appearing on your supplier's invoice.

(iii) Your incoming freight cost which you have separately paid.

(iv) The handling charge, if any, which you customarily made when selling articles covered by this regulation to another retailer immediately prior to March 1945. However, this charge may be added only if your records show your customary March 1942 handling charge or your method of establishing your handling charge in accordance with OPA regulations in effect before March 19, 1945, for such sales. In no event, however, may your handling charge exceed 10% of the costs listed in (i), (ii) and (iii), above.

You must give to the retailer an invoice which must state separately each item making up your costs as itemized in this subparagraph (1).

or

(2) If you customarily made sales of commodities covered by this regulation to other retailers immediately prior to March 1945 on which you figured your price by granting a specific discount from your retail price, you may continue to make such sales (excepting sales of articles purchased by you from other retailers), but only if your records show your customary March 1942 discount or your method of establishing a discount for such sales in accordance with OPA regulations in effect before March 19, 1945.

On such sales you must furnish the buyer with an invoice which, in addition to showing your retail price as established by this regulation and the discount you granted, must contain the following notice:

NOTICE OF CEILING PRICE

Under section 9 of Maximum Price Regulation 580 you may not sell the above articles to consumers at prices higher than our retail ceiling price shown on this invoice.

(c) Maximum prices for sales to ultimate consumers of articles purchased from other retailers. (1) If you purchase articles covered by this regulation from another retailer and pay the seller his costs permitted to him under paragraph (b) (1), you must determine your maximum price for sales of these articles to ultimate consumers in accordance with section 7, taking your net cost from your supplier's invoice and excluding all freight, adjustment and handling charges.

(2) If you purchase articles covered by this regulation and pay the seller his retail price less a specified discount, you must use as your maximum price for sales of those articles to ultimate consumers the seller's retail price as stated on his invoice to you.

3. Section 10 (a) is amended by deleting the phrase "section 12" and inserting in its place the phrase "sections 12 and 13."

4. Section 13 is amended to read as follows:

SEC. 13. Uniform dollar-and-cents prices for certain articles—(a) Who may apply. The OPA may, upon application

by a manufacturer or wholesaler, establish uniform ceiling prices for retail sales of an article whenever it appears that:

(1) His article (or one of his articles of the same type) was sold at retail at substantially uniform prices for a period immediately prior to March 19, 1945;

(2) The article is identified by a brand or company name;

(3) The price requested for the article is no higher than the existing level of ceiling prices under this regulation.

An order may be issued under this section establishing uniform ceiling prices for all retail sales of an article covered by this regulation although the seller may not otherwise be subject to this regulation. A ceiling price thus established shall apply in place of the ceiling price that would otherwise have been determined under sections 7, 10, 11 and 12 of this regulation or under the provisions of any other regulation. Except as provided by the order, all of the provisions of this or whatever regulations would otherwise have applied, shall remain applicable in all other respects.

An order under this section will ordinarily include a provision requiring the applicant to tag or ticket the article with the retail ceiling price and other specified information and may further require the applicant to give appropriate notification of the order to all persons to whom he sells that article.

(b) What the application must contain. A manufacturer or wholesaler requesting establishment of uniform prices under this section must file two copies of an application with the OPA Consumer Goods Price Division, Washington 25, D. C. In the application, the manufacturer or wholesaler shall state the following:

(1) His business name and address.

(2) A complete identification of the article for which the price is sought including:

(i) The name identifying the article and its style or lot number;

(ii) His own ceiling price;

(iii) An identification of the regulation and the section in that regulation or the identification of the order issued by the OPA under which his ceiling price was established.

(iv) His invoice price and terms to retailers of the article.

(v) His suggested retail price, if any, immediately prior to March 19, 1945.

(vi) A list of the names and addresses of his retail customers which need only include those customers to whom he delivered the article during the last three months preceding the date of application in which he made substantial deliveries of the article. (Applicant may request OPA to accept a specified part of this list as representative.)

(3) The uniform retail ceiling price which he requests for the article.

(4) In the case of wholesalers applying under this section, the name and address of the manufacturer of the article and the manufacturer's style or lot number.

5. In section 25, the reference to "section 15 (h) (2)" is deleted and the words "section 15 (i) (2)" substituted therefor.

6. In Appendix C, the text of paragraph (a), preceding subparagraph (1), is amended to read as follows:

(a) *Categories of apparel and apparel accessories.* You will note that in the descriptions of several of the categories listed below, it is stated that certain articles subject to Maximum Price Regulation 578 are not included. All of these articles will be marked with labels when you receive them, showing the OPA retail ceiling price and the letters "WPB-328B," or "WPB-385," or "WPB-388A."

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—RULES OF PRACTICE AND PROCEDURE

PART 2—GENERAL RULES AND REGULATIONS

PART 3—STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

PART 4—BROADCAST SERVICES OTHER THAN STANDARD BROADCAST

STATEMENT OF POLICY AND PROCEDURE FOR HANDLING BROADCAST APPLICATIONS

1. On January 25, 1945, the Commission issued a public notice outlining the procedure to be followed in handling

standard broadcast applications under the January 16, 1945 supplemental statement of policy, concerning applications for permits to construct new radio stations or to make changes in existing radio facilities. The public was there advised that unprocessed applications would be retained in status quo, and that new stations would be granted only in those communities having no primary service. The Commission further stated:

When manpower and materials again become available and conditions permit the resumption of normal licensing practices, the Commission will make an appropriate announcement and will provide a period of not less than 60 days for the filing and processing of new applications prior to taking any action on the cases retained in the pending files during the period that the statement of policy of January 26, 1944 as supplemented January 16, 1945, was in effect. Provision will also be made for the bringing up to date of all applications retained in the pending files. These procedures, it is believed, will prevent any inequity from resulting to persons who do not file applications during the period that the present policy remains in force.

2. The War Production Board has indicated that materials will begin to become available within the next few months for use by broadcast applicants in all categories (standard, FM, television, etc.). It is therefore expected that construction started during the latter part of this year can be completed within the normal period of a construction permit without unreasonable difficulty.

3. The Federal Communications Commission accordingly gives notice that the 60-day period provided for in the January 25, 1945, public notice for the filing of new applications (standard, FM, television, etc.) will commence to run on August 7, 1945. Applicants will not be required to show that they have the necessary equipment on hand. The Commission will proceed, after October 7, 1945, to consider applications heretofore filed, and those filed during the 60-day period herein specified. However, with respect to FM and television, applications cannot be acted upon until applicable regulations are adopted.

4. In the meantime the Commission will continue to act on applications which have not heretofore been affected by the "freeze" policy, e. g., new stations in communities without primary service, noncommercial educational, experimental, and developmental services, and changes in equipment required by the Commission itself.

5. The following procedure will be observed in processing applications:

a. *Pending applications upon which no Commission action has been taken.* These applications will not be acted on for a period of at least 60 days from August 7, 1945. During that interim applicants may file such amendments as may be necessary to reflect new or changed conditions from those stated in the application. Such amendments shall be made in accordance with § 1.121 of the rules of practice and procedure, in triplicate, and shall become part of said application. At the termination of this 60-day period consideration will be given to these applications in the ordinary course of business and attention will also

be given to conflicting applications filed during this 60-day period.

b. *Applications which have been designated for hearing but not yet heard.* The Commission will not announce hearing dates for applications in this category, until the expiration of the 60-day period. Applicants desiring to file amendments shall do so within this period.

c. *Applications which have been heard and the records closed.* Applicants whose cases have been heard and upon which the record has been closed are requested to advise the Commission within the next 60 days of any changes which may have occurred reflecting upon matters of evidence introduced into the record. Copies of such notification shall also be served upon other parties to the proceeding and where additional testimony is required appropriate petitions may be filed to re-open the record for the introduction of this additional evidence.

Dated: August 7, 1945.

Chapter IV—Office of the Coordinator of Fisheries

[Order 1838; Area Coordinator's Gen. Direction P-20]

PART 401—PRODUCTION OF FISHERY COMMODITIES OR PRODUCTS

COORDINATED PILCHARD PRODUCTION PLAN

Pursuant to Order 1838 of the Secretary of the Interior, as amended June 6, 1945, § 401.2 entitled "Coordinated Pilchard Production Plan" (10 F.R. 6984), commonly referred to as the Pilchard Order, and in order to accomplish the purposes thereof, this General Direction P-20 is issued.

1. *Dispatching system*—(a) *System established.* The Area Coordinator has established a system for distributing loads of pilchards brought into the ports of San Francisco, Monterey and San Pedro by pilchard vessels of 20 register net tons or over and for directing within each port specifically where and to whom each load shall be delivered, because, in his opinion, it is necessary to do so in order to assure maximum production of all pilchard products, to assure production of each type of pilchard product in proper proportion to meet the requirements for military and essential civilian supply, and to promote an even flow of the material to canning and reduction plants. This system shall become applicable to loads of mackerel and other fish brought in by such vessels if the Port Supervisor finds that such application will promote the purposes of the Pilchard Order.

(b) *Advance dispatching to San Pedro.* The Port Supervisor at San Pedro will consider joint applications, signed by the boat owners and the processors concerned, for advance dispatching, for periods of time, of particular boats to specified plants. Any advance dispatch is subject to modification and cancellation by the Port Supervisor or his assistant whenever, in his opinion, such action is reasonably necessary to promote any of the purposes of the Pilchard Order.

(c) *Reporting to Port Supervisor.* The master of each pilchard vessel of 20 register net tons or over entering the ports of San Francisco, Monterey or San Pedro (except when the vessel is proceeding under an advance dispatch) shall report at once to the dispatcher (Port Supervisor or his assistants) at the waterfront, giving the following information: in San Pedro, the weight of the load; in Monterey, the weight of the load and the size of the fish; in San Francisco, the weight of the load and the size and condition of the fish.

(d) *Prompt delivery.* Every vessel dispatched pursuant to the Pilchard Order must proceed directly to the processing plant to which dispatched and deliver its fish promptly and in compliance with the dispatch. If an emergency exists preventing prompt compliance, the master must apply to the dispatcher for a modification.

2. *Records.* Every processor shall prepare a report of his operations for each calendar week and shall submit it to the office of the local Port Supervisor not later than 5:00 p. m. on the following Monday. The report shall be prepared on the form approved by the Bureau of the Budget, copies of which will be supplied by the Port Supervisor upon request. The report shall be accompanied by a copy of the canned fish pack report which is required of the processor by the United States Department of Agriculture for the same week.

3. *Limitation of deliveries.* If a Port Supervisor has reason to believe that the purposes of the Pilchard Order will be promoted thereby, he may, after consultation with the members of the Port Committee or the mem-

bers of a subcommittee thereof, limit the amount of pilchards, mackerel and other fish which each pilchard vessel may thereafter bring into the port each day. Limits which are set may be changed from day to day and should provide the maximum tonnage which can be unloaded and processed properly and without unreasonable delay by the processing equipment and labor available in the port. No person shall bring into port any load of pilchards, mackerel or other fish in excess of the limit (which shall include a 5 ton leeway for margin of error) fixed for his vessel as set out in a notice posted by the Port Supervisor by 3:30 p. m. on the preceding day. Every processor who accepts delivery of any part of a load of pilchards, mackerel or other fish brought into port in violation of this paragraph shall report all of the facts to the Port Supervisor immediately upon ascertaining them.

4. *Fresh fish market, bait dealers.* If, in the opinion of a Port Supervisor, the purposes of the Pilchard Order would be promoted thereby, by preventing the diversion of pilchards from the uses deemed most essential, he may post the following notice applicable to the particular port: "No pilchard vessel of 20 register net tons or over, except as authorized by the dispatcher, shall sell or deliver pilchards to market boats, and no processor, except as authorized by the Area Coordinator, shall sell or deliver pilchards to the fresh or frozen fish market or to bait dealers." Upon the posting of such a notice, the restriction shall become a part of this General Direction applicable to the port.

5. *Small fish in Monterey*—(a) *Limits.* No person shall bring into the Port of Monterey in any one vessel more than one load of small pilchards during any one day, nor shall any person bring into the Port of Monterey any load of small pilchards whose weight exceeds 30 tons plus a 5 ton leeway for margin of error. A load of pilchards is a load of small pilchards if it contains more than 53% by weight (including leeway for margin of error) of fish smaller than 8½ inches. Every processor in the Port of Monterey who accepts delivery of any part of a load of small pilchards whose weight exceeds 35 tons shall report all of the facts to the Port Supervisor immediately upon ascertaining them.

(b) *Suspension.* The delivery of small pilchards in the Port of Monterey may be suspended entirely by the Port Supervisor for such periods of time as the Port Committee by an affirmative vote of at least six of its ten members may recommend, if the Port Supervisor finds that such suspension will promote the purposes of the Pilchard Order. Notice of any suspension shall be given by posting.

6. *Notices.* Notices to be posted to Port Supervisors will be posted as follows: San Pedro—Office of the Port Supervisor; Monterey—U. S. Coast Guard War Emergency Bulletin Board on Fishermen's Wharf; San Francisco—Outside Fisherman's Hall on Fishermen's Wharf, or if the weather is inclement, inside the hall. If a notice is properly posted, ignorance thereof will not excuse a violation of this General Direction P-20.

7. *Revocation of prior general directions.* All general directions, heretofore issued by the Area Coordinator pursuant to the Pilchard Order, as amended, have expired, or have been revoked, or are hereby revoked. Only this General Direction P-20 remains effective.

Issued this 31st day of July 1945.

H. W. TERHUNE,
Area Coordinator, Area II.

UNION STOCK YARDS, CHICAGO, ILL.

NOTICE OF PETITION FOR MODIFICATION

In re: Market Agencies doing business at the Union Stock Yards, Chicago, Illinois, Respondents.

By orders entered on January 8 and March 12, 1934, pursuant to the provisions of the Packers and Stockyards Act (7 U.S.C. 181 et seq.), the Secretary of Agriculture prescribed maximum reasonable rates and charges to be observed by the respondents. From time to time, these orders were modified by supplemental orders issued in the above docket.

By documents filed with the hearing clerk on July 30 and August 1, 1945, the respondents petitioned for leave to file an amendment to their tariffs, which it is stated, is to cover new and unusual services rendered by respondents in connection with the recently established 50 cents per cwt. cattle subsidy program of the Government, to wit:

EXTRA SERVICE CHARGES

The following extra service charges are applicable to each consignment (except where specified to the contrary).

For additional services rendered in handling, sorting and selling, and in furnishing information, evidence, and/or certificate, or certificates, supporting cattle feeders claim for the 50 cents per hundred pounds subsidy provided by the Agriculture Adjustment Agency's July 1, 1945, instructions based on the Commodity Credit Corporation's offer to make beef cattle production payments, published in the June 14, 1945, FEDERAL REGISTER:

10¢ for each head of cattle up to 50 head, plus 5¢ for each head over 50 up to 100 head, plus 1¢ for each head over 100, with a minimum charge of 25¢ for each consignment.

The effect of such proposed charges, if granted, would result in additional revenue to the respondents and, accordingly, it appears that public notice should be given to all interested persons of the petition of the respondents and to afford all interested persons, including patrons of the respondent, an opportunity to manifest their desire to be heard on the matter.

Therefore, notice is hereby given to the public and to all interested persons of the petition of the respondents for leave to apply the above service charges, and for the purpose of affording said respondents and all other interested persons, including patrons of the respondents, an opportunity to be heard upon the matters covered in the petition for modification.

All interested persons who desire to be heard shall notify the hearing clerk, Office of the Solicitor, U. S. D. A., Washington 25, D. C., within 15 days from the date of the publication of this notice.

Copies hereof shall be served on the respondents by registered mail or in person.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6774]

R. C. A. COMMUNICATIONS, INC., ET AL.
ORDER INSTITUTING AN INVESTIGATION AND
SETTING HEARING DATE

New and increased charges for telegraph communications from Italy to territories and possessions of U. S.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 1st day of August 1945:

It appearing, that R. C. A. Communications, Inc. has filed with the Commission a tariff schedule effective August 6, 1945, stating new increased charges for telegraph messages from Italy to territories and possessions of the United States; said tariff schedule being designated as follows:

R. C. A. Communications, Inc.
F. C. C. No. 39
3d Revised Page 56

It further appearing, that said tariff schedule states increased charges for telegraph communications in interstate and foreign commerce; that the rights and interests of the public may be injuriously affected thereby; and it being the opinion of the Commission that the effective date of such schedule, insofar as it provides for increased charges for telegraph communications from Italy to territories and possessions of the United States, should be postponed pending hearing and decision on the lawfulness of such increased charges;

It further appearing, that effective on various dates in August, 1945, the Commercial Cable Company and Mackay Radio and Telegraph Company have filed tariff schedules with the Commission stating new charges for telegraph messages from Italy (including Vatican City) to territories and possessions of the United States which are on the same basis as the above-cited increased charges of R. C. A. Communications, Inc., but which are reductions of the rates formerly provided in the tariffs of these two carriers for telegraph messages from Italy to the territories and possessions of the United States;

It is ordered, That the Commission, upon its own motion, without formal pleading, enter upon a hearing concerning the lawfulness of charges contained in 3d Revised Page 56 of the R. C. A. Communications, Inc. Tariff F. C. C. No. 56, insofar as they relate to telegraph communications from Italy to territories and possessions of the United States;

It is further ordered, That the operation of said 3rd Revised Page 56 of R. C. A. Communications, Inc. Tariff F. C. C. No. 39, insofar as it provides for increased charges for and in connection with telegraph communications from Italy to territories and possessions of the United States, be suspended; that the use of the charges therein stated as applicable to such communications be deferred until November 6, 1945, unless otherwise ordered by the Commission; and that during said period of suspension no changes shall be made in such charges or in the charges sought to be altered, unless authorized by special permission of the Commission;

It is further ordered, That an investigation be, and the same is hereby instituted into the lawfulness of the rates, charges, classifications, regulations, practices and services of R. C. A. Communications, Inc., the Commercial Cable Company, Mackay Radio and Telegraph Company, and The Western Union Telegraph Company, for and in connection with telegraph communications service between Italy, on the one hand, and the United States, its territories and possessions, on the other;

It is further ordered, That in the event a decision as to the lawfulness of the charges herein suspended has not been made during the suspension period and said charges have gone into effect, R. C. A. Communications, Inc. and all other carriers subject to the Commission's jurisdiction participating in the service provided under the tariff provisions herein suspended, shall, until further order of the Commission, each keep accurate account of all amounts charged, collected, or received by reason of any increase in charges effected thereby, that each such carrier shall specify in such accounts by whom and in whose behalf such amounts are paid; and R. C. A. Communications, Inc. and each such participating carrier shall file with this Commission a report, under oath, on or before the tenth day of each calendar month, commencing December 10, 1945, showing the amounts accounted for as aforesaid during the previous calendar month;

It is further ordered, That a copy of this order be filed in the offices of the Commission with said tariff schedule herein suspended in part; that R. C. A. Communications, Inc., the said carrier parties to such tariff schedule, the Commercial Cable Company, Mackay Radio and Telegraph Company, and The Western Union Telegraph Company, be, and they are hereby each made a party respondent to this proceeding; and that copies hereof be served upon each such party respondent.

It is further ordered, That this proceeding be, and the same is hereby assigned for hearing, on the 22nd day of August 1945, beginning at 10:00 A. M., at the offices of the Federal Communications Commission in Washington, D. C.

FEDERAL POWER COMMISSION.

[Docket No. G-653†]

IROQUOIS GAS CORP.

NOTICE OF APPLICATION

AUGUST 8, 1945.

Notice is hereby given that on July 30, 1945, an application was filed with the Federal Power Commission by Iroquois Gas Corporation (Applicant), a New York corporation with its principal place of business at Buffalo, New York, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to construct and operate certain facilities hereinafter described. The proposed construction will extend Applicant's present natural gas service to the Village of North Collins and Towns of North Collins, Collins and Brant, Erie County, New York.

The facilities, which Applicant seeks authorization to construct and operate, consist of approximately 68 feet of 3-inch steel pipe which will interconnect Applicant's existing 3-inch, high pressure natural-gas pipeline on the Brant-North Collins road in the Town of Brant, Erie County, New York, with its local existing distribution facilities acquired from John C. McMahon, situated in the Village of North Collins and Towns of North Collins, Collins and Brant, Erie County, New York.

The Public Service Commission of the State of New York, by its order of December 13, 1944, approved the acquisition by Applicant of the local distribution facilities above referred to.

Applicant asserts that the proposed connection is intended to augment the supply of natural gas for service to approximately 424 consumers served by the Applicant from the distributing facilities acquired from John C. McMahon, presently and within the next five years,

to insure adequate supply during peak demand periods; that over 90 percent of such consumers reside in the Village of North Collins, Erie County, New York; and that there are no main line industrial customers in the community. The application recites that there are no sales or interchange with other natural-gas companies involved, and that no other service is rendered by any other gas company in the Village of North Collins.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 24th day of August 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

The North American Company proposes to pay on October 1, 1945, a dividend to its holders of common stock of record on September 4, 1945. Such dividend will be payable in the common stock of Pacific Gas and Electric Company having a par value of \$25 per share, owned by The North American Company, at the rate of one share of common stock of Pacific Gas and Electric Company on each 100 shares of the common stock of The North American Company outstanding. No certificates will be issued for fractions of shares of stock of Pacific Gas and Electric Company but, in lieu thereof, cash will be paid at the rate of 41 cents for each 1/100th of a share of stock of Pacific Gas and Electric Company, this rate being based on the approximate market price of \$41 per share as of August 2, 1945, the date the proposed dividend was declared. The North American Company estimates that the payment of the above-mentioned dividend will involve the distribution of not more than 75,000 shares of the 1,348,192 shares of common stock of Pacific Gas and Electric Company owned by it and use of not more than \$525,000 of cash; and that the payment of such dividend will result in a charge of approximately \$2,850,000 to earned surplus.
