VOLUME 10

NUMBER 184

Washington, Wednesday, September 19, 1945

The President

DESIGNATION OF WORLD WAR II
APPROVAL OF RECOMMENDATION OF WAR AND NAVY DEPARTMENTS

10 SEPTEMBER 1945.

The PRESIDENT

The White House

DEAR MR. PRESIDENT:

President Wilson, under date of July 31, 1919, addressed a letter to Secretary of War Baker which read, in part, as follows:

"It is hard to find a satisfactory 'official' name for the war, but the best, I think, that has been suggested is 'The World War', and I hope that your judgment will concur."

Subsequently, under date of October 7, 1919, War Department General Orders No. 115 directed:

"The war against the Central Powers of Europe, in which the United States has taken part, will hereafter be designated in all official communications and publications as 'The World War'."

As a matter of simplicity and to insure uniform terminology, it is recommended that "World War II" be the officially designated name for the present war covering all theaters and the entire period of hostilities.

The term "World War II" has been used in at least seven public laws to designate this period of hostilities. Analysis of publications and radio programs indicates that this term has been accepted by common usage.

If this recommendation is approved it is further recommended that the title "World War II" be published in the **FEDERAL REGISTER** as the official name of the present war.

Respectfully yours,

HENRY L. STIMSON,
Secretary of War.

JAMES FORRESTAL,
Secretary of the Navy.

Approved: September 11, 1945.

HARRY S. TRUMAN.

TITLE 29—LABOR
Chapter V—Wage and Hour Division
PART 526—INDUSTRIES OF A SEASONAL NATURE
RICE PROCESSING IN MINNESOTA

In the matter of the determination that the processing of wild rice in the State of Minnesota is an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Part 526, as amended, of the regulations issued thereunder.

Whereas, an application was received from the Wild Rice Producers' Association of Minnesota for a determination that the processing of wild rice constitutes an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Part 526, as amended, of the regulations issued thereunder; and

Whereas, it appeared from said application that:

(1) Wild rice matures and is harvested in Minnesota, during a regularly recurring season each year beginning about the middle of August and ending about the middle of October;

(2) Wild rice is perishable and must be processed as quickly as possible after harvesting to prevent deterioration and spoilage;

(3) Practically all of the establishments processing wild rice commercially are located in Minnesota. Wild rice is processed in these establishments during a regularly recurring season each year which begins at the same time as the harvesting season and lasts for about 90 days, after which the processing plants cease production for the remainder of the year except for such work as maintenance, repair, clerical and sales work because wild rice is no longer available for processing as a result of natural conditions; and

Whereas, on August 7, 1945, the Administrator of the Wage and Hour Division caused to be published in the FEDERAL REGISTER a notice which set forth the foregoing and which stated that (a) upon consideration of the facts presented by the application, the Administrator determined, pursuant to § 526.5 (b) (ii) of the regulations, that a *prima facie* case had been shown for the granting of an exemption as an industry of a seasonal nature pursuant to section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Part 526, as amended, of the regulations issued thereunder, to the processing of wild rice in Minnesota, and that (b) if no objection or request for hearing was received within 15 days following the publication of that determination, the Administrator, pursuant to § 526.5 (b) (ii) of the regulations, would make a finding upon the *prima facie* case; and

Whereas, no objection or request for hearing was received by the Administrator within the said 15 days;

Now, therefore, pursuant to § 526.5 (b) (ii) of the regulations, as amended, the Administrator hereby finds upon the *prima facie* case shown in the said application that the processing of wild rice in Minnesota is an industry of a seasonal nature, within the meaning of section 7 (b) (3) of the Fair Labor Standards Act of 1938 and the regulations issued thereunder, and, therefore, is entitled to the exemption provided in section 7 (b) (3) of the said act.

As used in this determination, the term "processing of wild rice" means the curing, drying, parching, hulling and cleaning of wild rice; and the following operations when performed by employees of wild rice processors on or near the premises of wild rice processing plants during the wild rice processing season: the packaging and bagging of wild rice; the storing of wild rice and the removal of the wild rice from storage and placing it in transportation facilities; and any operations or services necessary or incident to the foregoing.

Signed at New York, New York this 13th day of September 1945.

L. METCALFE WALLING,
Administrator.

(2) This direction shall apply to coal produced in Districts 2, 7 or 8 moving via the Great Lakes to any dock or other unloading facility, except those located at the following points: All points on Lake Erie, Lake Ontario, the Welland Canal, and the St. Lawrence River; all points on Lake Michigan within the States of Illinois and Indiana.

(3) In the event that compliance with the provisions of this direction will cause substantial disruption of normal shipments to other markets, the shipper shall immediately notify the Area Distribution Manager for the district in which the coal is produced of all pertinent facts. Such notification shall be furnished to the Area Distribution Manager in duplicate. The filing of such notification shall not, however, in any way relieve a shipper from the obligation of arranging and proceeding without delay to comply with the provisions of this direction.

(4) This direction supersedes the preference provisions of SFAW Regulation No. 27 and the provisions of all directions and orders inconsistent herewith. It shall not affect, however, the provisions of the notice of direction to shippers and industrial consumers of coal moving via the Great Lakes and ex-lake dock, issued August 30, 1945.

PART 602—GENERAL ORDERS AND DIRECTIVES

DIRECTION TO SHIPPERS OF COAL PRODUCED IN DISTRICTS 2, 7 OR 8 MOVING VIA THE GREAT LAKES

To accelerate shipments of coal moving via the Great Lakes so that required minimum shipments are made before the close of the season of navigation, it is necessary, pursuant to SFAW Regulation No. 1, as amended, to issue the following direction:

(1) Notwithstanding any provision of SFAW Regulation No. 27, shippers of coal produced in Districts 2, 7 or 8 shall immediately arrange their distribution schedules for the period September 17, 1945 to November 17, 1945 so that commitments for coal moving via the Great Lakes to a dock or other unloading facility located in the areas described in paragraph (2) below, are met in full. Such commitments include

(a) Those contracts entered into in accordance with SFAW Regulation No. 25, and
(b) Contracts for coal moving via the Great Lakes entered into in accordance with SFAW Regulation No. 24,

as modified by any SFAW directions, approvals or adjustments. In so far as practicable, distribution schedules shall be arranged so that not less than one-half of the coal necessary to fill such commitments will be shipped before October 17, 1945.

PART 602—GENERAL ORDERS AND DIRECTIVES

DIRECTION TO ALL SHIPPERS AND INDUSTRIAL CONSUMERS OF COAL PRODUCED IN DISTRICT 10 AND 11

To effectuate a fair distribution of the available production of coal produced during the month of October 1945 in Districts 10 and 11, it is necessary, pursuant to SFAW Regulation No. 1, as amended, to issue the following direction:

(1) All shippers of coal produced in Districts 10 or 11 are prohibited from shipping during the month of October 1945 to any industrial consumer subject to the provisions of SFAW Regulation No. 27 more coal than such industrial consumer is permitted to receive under the provisions of paragraph (2) below.

(2) Notwithstanding the provisions of § 602.715 (d) of SFAW Regulation No. 27, as amended, an industrial consumer of coal whose days' supply exceeds 60 days is prohibited from receiving during the month of October 1945, coal produced in District 11 in an amount greater than 100 per cent of his consumption requirements for such month, without first obtaining permission from the SFAW Area Distribution Manager for that district; an industrial consumer whose days' supply exceeds 30 days is prohibited from receiving during the month of October 1945 coal produced in District 10 in an amount greater than 100 per cent of his consumption requirements for such month, without first obtaining permission from the SFAW Area Distribution Manager for that district. An industrial consumer receiving coal from Districts 10 and 11 is prohibited from receiving more coal in the aggregate during the month of October 1945, than he is

permitted to receive from District 11 and he is further prohibited from receiving from District 10 more coal than he would be permitted to receive if he purchased coal only from that district.

(3) No person shall be held liable for damages or penalties under any contract for any default which shall result directly or indirectly from compliance with the provisions of this direction.

This direction shall become effective immediately.

(E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 176 and 58 Stat. 827)

SYRACUSE LUMBER CO.

Syracuse Lumber Company is a corporation of the State of New York, having its principal place of business at 319 N. Clinton Street, Syracuse, New York, and is engaged in the business of retail distribution of lumber and in the construction of wooden packing boxes and crates. During the period from July 18, 1944 to and including March 31, 1945, it placed certified rated orders for 1,277,149 board feet of lumber in excess of certified rated orders it received, contrary to War Production Board Limitation Order L-335 and War Production Board Priorities Regulation No. 3. These acts were due to gross negligence of the corporation's responsible officers and have interfered with the control established by the War Production Board for the assignment of priorities. In view of the foregoing, it is hereby ordered, that:

§ 1010.894 Suspension Order No. S-894. (a) Syracuse Lumber Company

(b) Nothing contained in this order shall be deemed to relieve the Syracuse Lumber Company from any restriction, prohibition, or provision contained in any order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) The restrictions and prohibitions contained herein shall apply to the Syracuse Lumber Company, its successors, or assigns, or persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

PART 1042—IMPORTS OF STRATEGIC MATERIALS¹

[General Imports Order M-63, as Amended Sept. 18, 1945]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain imported materials for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1042.1 General Imports Order M-63—(a) Definitions. For the purposes of this order:

(1) "Person" means any individual, partnership association, business trust, corporation, or any organized group of persons, whether or not incorporated.

other place, to which the person making the entry or withdrawal from custody of the United States Bureau of Customs of material imported subject to this order directs or has directed that such material be transported from the port of entry to be held until disposed of pursuant to this order.

(6) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(7) "Governing date" with respect to any material means the date when such material first became subject to General Imports Order M-63.

(b) *Restrictions on imports of materials*—(1) *General restriction*. No person, except as authorized in writing by the War Production Board, shall purchase for import, import, offer to purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any material subject to this order after the governing date. The foregoing restrictions shall apply to the importation of any material subject to the order regardless of the existence on the governing date or thereafter of any contract or other arrangement for the importation of such material. The materials subject to this order are those listed from time to time upon Lists A and B attached hereto.

(2) *Authorization by War Production Board*. Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form WPB-1041 addressed to the War Production Board Ref: M-63, Washington 25, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.

(3) *Restrictions on financing of imports*. No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation after the governing date of any material subject to this order, unless such bank or person either has received a copy of the authorization issued by the War Production Board under the provisions of paragraph (b) (2) or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in paragraph (b) (4).

(4) *Exceptions*. Unless otherwise directed by the War Production Board, the restrictions set forth in this paragraph (b) shall not apply:

(i) To the Foreign Economic Administration, U. S. Commercial Company, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, or any agent acting for

any such department, agency or corporation; or

(iii) To any material which on the governing date was in transit to a point within the continental United States.

(iv) [Deleted Mar. 30, 1944]

(v) To any material consigned as a gift or imported for personal use where the value of each consignment or shipment is less than \$100.00; or to any material consigned or imported as a sample where the value of each consignment or shipment is less than \$25.00; or to any used material in the category of household goods imported by the owner for his own personal use; or

(vi) To materials consigned as gifts for personal use by or to members of the Armed Services of the United States; or

(vii) [Deleted Nov. 13, 1944.]

(viii) To manufactured materials which are imported in bond solely for the purpose of having them repaired and then returned to the owner outside the continental United States; or

(x) To materials shipped into the United States in transit from one point in Mexico to another point in Mexico, or from one point in Canada to another point in Canada.

(xi) To materials on List B which are located in, and are the growth, production, or manufacture of, and are transported into the Continental United States overland, by air, or by inland waterway from Canada, Mexico, Guatemala or El Salvador.

(c) [Deleted June 4, 1945.]

(d) [Deleted June 4, 1945.]

(e) *Restrictions on distribution of List A and List B materials*. Unless otherwise provided by the terms of the authorization issued pursuant to paragraph (b) (2), any material on List A or List B which is imported in accordance with the provisions of this order after the governing date, may be sold, delivered, processed, consumed, purchased, or received without restriction under this order, but all such transactions shall be subject to all applicable provisions of the regulations of the War Production Board and to all orders and directions of the War Production Board which now or hereafter may be in effect with respect to such material.

(f) *Reports*—(1) *Reports on customs entry*. No material which is imported after the governing date, including materials imported by or for the account of the Foreign Economic Administration, U. S. Commercial Company, Commodity Credit Corporation, Metals Reserve Com-

The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted by the Collector of Customs to the War Production Board, Division of Stockpiling and Transportation, Ref.: M-63, Washington 25, D. C.

(2) *Other reports*. All persons having any interest in, or taking any action with respect to, any material imported after the governing date, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the War Production Board.

(3) *Exceptions*. The provisions of this paragraph (f) shall not apply to materials imported and consigned as gifts for personal use by or to members of the Armed Services of the United States.

(g) *Routing of communications*. All communications concerning this order shall, unless otherwise herein directed, be addressed to: War Production Board, Washington 25, D. C. Ref.: M-63.

(h) *Violations*. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority assistance. In addition, the War Production Board may direct the disposition and use of any material which is imported without authorization as required by paragraph (b).

(i) *Applicability of priorities regulations*. This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(j) *Effect on liability of removal of material from order*. The removal of any material from the order shall not be construed to affect in any way any liability for violation of the order which accrued or was incurred prior to the date of removal.

Issued this 18th day of September 1945.

LIST B

NOTE: List B amended Sept. 18, 1945.

The numbers listed after the following materials are commodity numbers taken from Schedule A, Statistical Classification of Imports of the Department of Commerce (issue of January 1, 1943). Materials are included in the list to the extent that they are covered by the commodity numbers listed below. If no commodity number is listed, the description given shall control.

Material	Commerce Import Class No.	Govern-ing date
Congo gum copal	N. S. C.	1/12/44
Paper, standard newsprint	4711.00	8/3/45

N. S. C.—No separate class or commodity number has been assigned for the material as described by the Department of Commerce, Statistical Classification of Imports.

INTERPRETATION 1: Revoked June 4, 1945.

INTERPRETATION 2

The following official interpretation is hereby issued by the War Production Board with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended.

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship the material must have been afloat, or on an ocean bill of lading must have been issued with respect to it on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 5, 1943.)

INTERPRETATION 3: Revoked June 4, 1945.

PART 3286—MISCELLANEOUS MINERALS

[General Preference Order M-89 as Amended Sept. 18, 1945]

CORUNDUM

Whereas, national defense requirements have created a shortage of corundum (as hereafter defined) for the combined needs of defense and private

account, and the supply of corundum now is and will be insufficient for defense and essential civilian requirements, unless the supply of corundum is conserved and its use in certain products manufactured for civilian use is curtailed; and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution and use thereof. Now, therefore, it is hereby ordered that:

§ 3286.15 General Preference Order M-89—(a) Definitions. For the purposes of this order:

(1) "Corundum" means naturally occurring crystalline anhydrous aluminum oxide suitable for abrasive use and unbonded. "Corundum" includes ores of corundum and the primary abrasive grains made therefrom. Natural emery, sapphire, and ruby are not included. Also, the type of corundum material known in the trade as "Boulder Corundum DC Fines" is not included.

(2) "Supplier" means any person who imports corundum, who produces corundum grain, or who offers corundum for sale.

(3) "Consumer" means any person who uses or consumes corundum by incorporating it physically into a product or who uses or consumes corundum in the form of grain, in any grinding, polishing, or fabricating process other than grinding of spectacle lenses (ophthalmic).

(b) *Restrictions on delivery and use.* No supplier shall make delivery of corundum except as authorized by the War Production Board. The Board will from time to time allocate the supply of corundum and specifically direct the manner and quantities in which deliveries to or by particular persons or for particular uses shall be made or withheld. The War Production Board may also direct, limit, or prohibit deliveries, withdrawals from inventories, and particular uses of corundum in the hands of consumers. Such allocations and directions will be made to insure the satisfaction of defense requirements of the United States, both direct and indirect, and they may be made, in the discretion of the War Production Board without regard to any preference ratings assigned to particular contracts or purchase orders. The War Production Board may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements.

(c) *Reports.* On or before the 5th day of each calendar month, each supplier of corundum ore or grain shall file with the War Production Board, in quadruplicate, Form WPB-2921 (formerly PD-293). On or before the 5th day of each calendar month, each consumer of corundum grain shall file with the War Production Board, in duplicate, Form WPB-2923 (formerly PD-294); provided, that any consumer of corundum grain who has neither received nor used any corundum

grain for a period of three or more consecutive months, according to reports filed by such consumer with the War Production Board on Form WPB-2923, may discontinue filing such reports. However, if at any later time he uses or delivers from stock any corundum grain, he shall file with the War Production Board Form WPB-2923, in duplicate, on or before the 5th day of the month following the month in which the use or delivery occurred; and if he desires to obtain delivery of any corundum grain, he shall file application therefor with the War Production Board on Form WPB-2923, in duplicate. The reporting requirements of this order have received the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

NOTE: Paragraph (d), formerly paragraph (e), redesignated Sept. 18, 1945. Former paragraph (d) deleted Sept. 18, 1945.

(d) *Miscellaneous provisions—(1) Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(2) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Miscellaneous Minerals Branch, Washington 25, D. C. Ref: M-89.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 18th day of September 1945.

Recording Secretary.

are located on the same or on adjoining parcels of land owned, leased or otherwise controlled by the seller. Such parcels of land shall be deemed to be adjoining even if they are separated by an intervening street, alley, highway, lane or railroad right-of-way.

SEC. 16. Limitations on total markups of merchandisers to be included in a maximum price. in excess of 15 percent; ham roll made from boneless ham only, which has a yield not in excess of 95 percent and a fat content not in excess of 15 percent; pudding containing less than 30 percent livers; head cheese; blood sausage; blood and tongue sausage; tongue roll; tongue loaf; tongue salad; fresh thuringer containing pork, beef or veal; fresh Italian or fresh Polish sausage which is made of pork, which has a fat content not in excess of 30 percent, which has a yield not in excess of 100 percent and which contains no extenders; smoked mettwurst; chili con carne; roast or cooked beef loaf; corned beef loaf; jellied corned beef; goose liver style sausage containing tongues, sweetbreads, and pistachio nuts; or imitation or mock chicken loaf, you must figure your ceiling prices for each of such products as required by this section 23.

(2) In computing such ceiling prices similar products made by different producers shall be considered separate and distinct products; sausage having the same ingredient formula but stuffed in different casings shall be considered separate and distinct products, notwithstanding the fact that such products may be manufactured by the same producer; and if the sausage products are graded or typed, each grade or type shall be considered a different product, notwithstanding the fact that two or more of such graded or typed products may be known by the same general name.

(3) Once you have computed the ceiling price for any sausage product under the provisions of this section 23, and if you sold such sausage product before September 18, 1945, in your regular course of business, the price so computed shall remain your ceiling price thereafter, except that in the event your supplier's ceiling price for any sausage product subsequently is changed by the Office of Price Administration and that subsequent change is intended to affect your ceiling prices you will receive written notice either from the Office of Price Administration or from your supplier indicating that you must recompute your ceiling price for any sausage product under the provisions of section 23 (b), 23 (c) or 23 (d), whichever is applicable, substituting the date of such notice wherever the date October 2, 1945, appears therein, and using your supplier's new ceiling price in determining your "total net delivered cost." Until such recompilation is made, you must not make any sales of the product. If, in your regular course of business you did not sell such sausage product before September 18, 1945, the price you compute first under the provisions of this section 23 shall be a temporary price, and may be used only during the three month period immediately following the date upon which you received your first delivery of the particular sausage commodity. Upon the expiration of the three month period you again are required to compute your ceiling

price. The price so computed shall remain your ceiling price thereafter, except that in the event your supplier's ceiling price for any sausage product subsequently is changed by the Office of Price Administration and that subsequent change is intended to affect your ceiling prices you will receive written notice either from the Office of Price Administration or from your supplier indicating that you must recompute your ceiling price for the particular sausage product involved. Upon receipt of such notice, you must recompute your ceiling price for such product as hereinbefore stated for sellers who sold the product before September 18, 1945.

(b) *Sales to ultimate consumers.* On and after October 2, 1945, if you sell any of the sausage products listed in this section 23 to ultimate consumers, you first must compute your ceiling price for each product in accordance with the following directions:

(1) If you are a Group 1 and 2 retailer, you must figure your ceiling price by multiplying your total net delivered cost per pound of such sausage product by 1.4. The result will be your ceiling price per pound on such sales. In determining your "total net delivered cost" follow the instructions given in paragraph (e) of this section 23.

(2) If you are a Group 3 and 4 retailer, you must figure your ceiling price by multiplying your total net delivered cost per pound of such sausage product by 1.35. The result will be your ceiling price per pound on such sales. In determining your "total net delivered cost" follow the instructions given in paragraph (e) of this section 23.

(c) *Sales to purveyors of meals.* On and after October 2, 1945, if you sell any of the sausage products listed in this section 23 to purveyors of meals, you first must compute your ceiling price for each product in accordance with the following directions:

(1) If you sell the sausage to purveyors of meals and such sales are made subject to the provisions of section 5 (b) (1) of this regulation, you may price such sales at or below the same prices you are authorized to charge ultimate consumers in accordance with the provisions of the foregoing paragraph (b) of this section 23 applicable to your store group.

(2) If you sell the sausage to purveyors of meals and such sales are made subject to the provisions of section 5 (b) (2), 5 (b) (4) or 5 (b) (6) of this regulation, you must figure your ceiling price by multiplying your total net delivered cost per pound of such sausage product by 1.17. The result will be your ceiling price per pound on such sales. In determining your "total net delivered cost" follow the instructions given in paragraph (e) of this section 23.

(3) If you sell sausage to purveyors of meals and such sales are made subject to the provisions of section 5 (b) (3) of this regulation, you must price such sales in accordance with the provisions of section 2 (a) of Maximum Price Regulation No. 389.

(d) *Sales to other retailers.* If you are authorized to sell sausage to other retailers under the provisions of section

5 (d) of this regulation, and on and after October 2, 1945, if you sell them any of the sausage products listed in this section 23, you must figure your ceiling price for such sales by multiplying your total net delivered cost per pound of such product by 1.17. The result will be your ceiling price per pound on such sales. In determining your "total net delivered cost" follow the instructions given in paragraph (e) of this section 23.

(e) *"Total net delivered cost."* For the purposes of this section 23 "total net delivered cost" must be determined by one of the following methods:

(1) If you made sales of the product prior to September 18, 1945, you must:

(i) Ascertain the amount per pound which you were charged by your customary type of supplier for the last customary quantity of the sausage product purchased by you before September 18, 1945. In no event may the amount so ascertained exceed your customary type of supplier's ceiling price for the particular sausage product.

(ii) From that amount subtract all discounts which you received on such purchase except the discount for prompt payment.

(iii) To the amount remaining add all customary transportation charges which you paid, if any, other than those paid for local trucking and local loading and unloading in case your supplier usually does not make delivery to your store door.

(iv) The amount thereby obtained is your "total net delivered cost."

(2) If you did not make sales of the product prior to September 18, 1945, but thereafter start to sell the product you must:

(i) Ascertain the amount per pound which you are charged for the first delivery of any quantity which you purchase. In no event may the amount so ascertained exceed your customary type of supplier's ceiling price for the particular sausage product.

(ii) From that amount subtract all discounts which you received on such purchase except the discount for prompt payment.

(iii) To the amount remaining add all transportation charges which you paid, if any, other than those paid for local trucking and local loading and unloading in case your supplier did not make delivery to your store door.

(iv) The amount thereby obtained shall be used as your "total net delivered cost" for a period of three months from the date on which you received delivery of your first purchase.

(v) Following the expiration of such three month period you must review all purchases of the product which you made during that period, ascertain the normal quantity customarily purchased by you from your customary type of supplier, and the amount per pound which you were charged for the last delivery of that quantity which you received during the three month period. In no event may the amount so ascertained exceed your customary type of supplier's ceiling price for the particular sausage product.

(vi) From that amount subtract all discounts which you received on such purchase except the discount for prompt payment.

(vii) To the amount remaining add all customary transportation charges which you paid, if any, other than those paid for local trucking and local loading and unloading in case your supplier usually does not make delivery to your store door.

(viii) The amount thereby obtained is your "total net delivered cost."

This amendment shall become effective October 2, 1945.

Section 15.11a (b) (2) is amended to read as follows:

(2) If he has been granted an adjustment under section 15.11 of this order or for losses for indeterminable causes under section 15.2, the Board may grant an adjustment if it finds that his net point inventory, as defined in subparagraph (1) of this paragraph, has been reduced to less than 55% of his allowable inventory (or that it would be so reduced if he were required to give up points for his remaining excess inventory). The Board shall, in this case, issue a check to the applicant equal to the amount by which 55% of his allowable inventory exceeds his net point inventory, and shall also cancel his remaining excess inven-

tory. If his net point inventory is greater than 55% of his allowable inventory, it shall cancel that part of his excess inventory which, if he were required to give up points therefor, would reduce his net point inventory below 55% of his allowable inventory.

This compilation of Maximum Price Regulation 398 includes Amendment 10, effective September 23, 1945. The text amended or added by Amendment 10 is underscored. Deletions and changes in tables are indicated by notes.

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 398 has been issued simultaneously herewith and filed with the Division of the Federal Register.²

representative members of the industry which will be affected by this regulation. In the judgment of the Price Administrator, the prices established herein are and will be generally fair and equitable and comply with the requirements of section 3 and the other requirements of the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and 9328, and will effectuate the purposes of said act and Executive orders.

Insofar as this regulation uses specifications and standards which were not, prior to such use, in general use in the trade or industry affected, or insofar as their use was not lawfully required by another Government agency, the Administrator has determined, with respect to such standardization, that no practicable alternative exists for securing effective price control with respect to the commodities subject to this regulation.

ARTICLE I—PURPOSE AND SCOPE OF REGULATION

SECTION 1. What this regulation does. This regulation fixes dollar-and-cents ceiling prices on all sales other than at retail of fresh and processed variety meats and edible by-products derived from hog, cattle, calf, sheep and lamb slaughter. On and after April 1943, the date this regulation takes effect, no person may sell, or deliver, except at retail, and no person in the course of trade or business, may buy or receive any variety meat or edible by-product at prices

higher than the prices permitted by this regulation. But lower prices may be charged or paid.

SEC. 2. How maximum prices are fixed—(a) General instructions. The ceiling prices for any sale are found by looking at paragraph (a) of section 13 which lists the base price per hundred-weight in dollars, for each kind of variety meat and edible by-product. To this price should be added the amount specified in paragraph (b) of that section for the zone in which the point of delivery is located. Section 14 should then be examined to determine whether any additions may be made to these prices and section 15, to determine whether any deductions are required. The base price, plus the zone differential, plus the permitted additions, and minus the required deductions is the ceiling price.

(b) Determining the zone in which the point of delivery is located—(1) Point of delivery. The point of delivery is either the point at which local delivery begins, if local delivery is made, or the point at which the product is delivered to the buyer, if no local delivery is made.

(i) Local delivery means delivery by any vehicle made by the seller to the place of business of the buyer or made to a point designated by a war procurement or government agency. A truck is not a place of business.

[Subparagraph (i) amended by Am. 5, 9 F.R. 13759, effective 11-21-44]

(ii) If no local delivery is made, the point at which the product is delivered to the buyer is the point where actual physical possession is taken by the buyer or where the product consigned to the buyer—

(a) Is received by a rail carrier for shipment at the railroad carload rate, or for shipment to an agency of the United States government; or

(b) Is received by a common or contract carrier, other than a railroad; or

(c) Is received by an express company for shipment by express to a purveyor of meals, the charges of such carrier in all three instances being paid directly to such carrier by the buyer.

(2) Determining the zone. Having determined the point of delivery, the zone in which such point is located can be found by reference to section 17 of this regulation in which all the zones are described by counties.

SEC. 3. Quality and descriptive labeling requirements—(a) After this regulation takes effect, the only variety meats and edible by-products which may be sold for ultimate consumption as food are those variety meats and edible by-products for which dollar-and-cents prices are fixed by this regulation and which satisfy the definitions made in section 16.

[Paragraph (a) amended by Am. 8, 10 F.R. 5375, effective 5-14-45]

(b) Descriptive labeling requirements. No variety meat or edible by-product may be offered for sale or sold, or bought in the course of trade or business, except in accordance with the provisions of this paragraph.

(1) The carton or other immediate container shall have stamped or printed on it the word "kosher" whenever kosher products are packed therein, and, whenever sterilized products are, the words "sterilized."

(2) The name of the variety meat or edible by-products must appear on the seller's invoice. Kosher and sterilized meat shall be invoiced as such.

[Section heading and paragraph (b) amended by Am. 1, 8 F.R. 11082, effective 8-7-43]

SEC. 4. Where this regulation applies. The provisions of this regulation shall apply to the forty-eight states of the United States, and to the District of Columbia.

SEC. 5. Sales to which this regulation does not apply. (a) The provisions of this regulation shall not apply to sales of variety meats or edible by-products, if prior to June 1, 1943, such variety meats or edible by-products have been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to the purchaser.

(b) The provisions of this regulation shall not apply to any sales at retail. Sales at retail mean sales to individuals for consumption by themselves or their families off the seller's premises and/or sales to retailers or purveyors of meals to the extent permitted under the provisions of Maximum Price Regulation No. 355, Maximum Price Regulation No. 336 and Maximum Price Regulation No. 394.

[Paragraph (b) amended by Am. 1, 8 F.R. 11082, effective 8-7-43 and Am. 10, effective 9-23-45]

(c) The provisions of this regulation with the exception of section 7 covering records and reports shall not apply to the following sales or deliveries of variety meats or edible by-products:

(1) Sales or deliveries made to industrial users who purchase such products for use in paints, chemicals or other similar manufactures, and who do not purchase such products for ultimate consumption as food; and

(2) Sales or deliveries made to pharmaceutical users who purchase such products for use in medicines or other similar pharmaceuticals, and who do not purchase such products for ultimate consumption as food.

[Paragraph (c) amended by Am. 8, 10 F.R. 5375, effective 5-14-45]

(d) The provisions of this regulation shall not apply to casings, non-kosher calf rennets, lamb or mutton kidneys.

(e) The provisions of this regulation shall not apply to deliveries of variety meats or edible by-products made to any political subdivision or agency of any state or of the United States, under contracts entered into prior to May 22, 1943: *Provided*, That this exemption shall not be construed to permit the upward revision of any prices fixed in such contracts.

SEC. 6. Relation to other regulations. (a) The provisions of this regulation supersede the provisions of the General Maximum Price Regulation⁴ with respect to sales and deliveries made in the

United States to other than industrial and pharmaceutical users of all variety meats and edible by-products for which maximum prices are established by this regulation. A maximum price is established for a variety meat or edible by-product by this regulation if a price is listed in section 13 for some form of that meat or by-product.

(b) The maximum price at which a person may export any variety meat or edible by-product shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation⁵ issued by the Office of Price Administration.

ARTICLE II—RECORD KEEPING AND ENFORCEMENT

SEC. 7. Records and reports. (a) After June 1, 1943, every person making a sale other than at retail, and every person making a purchase in the course of trade or business of any variety meat or edible by-product subject to this regulation shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, a complete and accurate record of each such purchase or sale, including sales to pharmaceutical or industrial users, showing the date thereof, the name and address of the buyer and of the seller, the price charged and the price received, and a description of the product including the grade, and the quantity sold; kosher products to be so indicated. Sales to pharmaceutical and industrial users are to be so identified.

(b) Such person shall, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942, submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraph (a) of this section, as the Office of Price Administration may from time to time require.

SEC. 8. Indirect price increases. No person shall evade any of the provisions of this regulation by any scheme or device and no person shall indirectly charge or receive for variety meats or edible by-products a price higher than the maximum prices permitted by this regulation. No person shall as a condition of selling any variety meats or edible by-products require a purchaser to buy any other meat or any other product: *Provided*, That the following payments shall not be construed as evasions of such price limitations under the following conditions:

(1) A payment by a buyer to a seller for icing services performed by the seller after June 1, 1943, and before delivery of variety meats and edible by-products to a railroad whose charges are paid directly to such railroad by the buyer, if the charge for such icing services is no higher than the costs actually incurred by the seller in performing such services and no higher than the charge which could lawfully have been made by the railroad if such services had been performed by the railroad.

(2) A payment by a war procurement agency to a seller for costs incurred in freezing and/or storing variety meats and by-products purchased by such agency, (i) if such freezing and/or storage costs were actually incurred by the seller and are evidenced by an invoice and warehouse receipt duly issued to the seller by a commercial warehouse in which case the agency may also pay actual costs not to exceed \$0.10 per hundredweight, incurred by the seller in transporting such meat to the commercial warehouse; or (ii) if such storage services were performed by the seller and not by a commercial warehouse and are evidenced by a warehouse receipt showing the length of the storage, issued by the seller to the war procurement agency, and if such charges do not exceed the second month's maximum storage rates (under the General Maximum Price Regulation) of commercial warehousemen in the vicinity of the place where the storage occurred.

(3) A payment by a buyer to a broker of not to exceed \$0.125 per hundredweight in excess of the maximum prices fixed by this regulation for services rendered by the broker to the buyer in connection with a sale of variety meats and edible by-products shall not be construed as an evasion of such price limitations if the broker has no business affiliation with the seller and if the total compensation received by the broker from both buyer and seller in connection with the sale does not exceed \$0.125 per hundredweight.

[Subparagraph (3) added by Am. 2, 8 F.R. 13297, effective 10-4-43]

[Sec. 8 amended by Am. 1, 8 F.R. 11082, effective 8-7-43]

SEC. 9. Licensing and Registration. The provisions of Supplementary Order No. 14 (§ 1305.18 *Licensing sellers of meat and meat products*)⁶ are made applicable to every person making sales subject to this regulation. The effect of making this order applicable is to require a license of all persons selling products for which maximum prices are established by this regulation. A license is automatically granted. It is not necessary to apply for the license, but all sellers may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. No person whose license is suspended may sell any such commodity during the period of suspension.

SEC. 10 Enforcement. (a) On and after June 1, 1943, any person violating any provision of this regulation is subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for revocation of licenses provided by the Emergency Price Control Act of 1942, as amended.

ARTICLE III—MISCELLANEOUS PROVISIONS

SEC. 11 Petitions for amendment. Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1⁷ issued by the Office of Price Administration.

SEC. 12 *Adjustable pricing and adjustment.* (a) Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given

by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 542,¹ Amdt. 2]

CEILING PRICES FOR CERTAIN CANNED FISH AND SEAFOOD ITEMS SOLD BY PRIMARY DISTRIBUTORS AND OTHER DISTRIBUTORS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 542 is amended in the following respects:

1. Section 2 (a) is amended to read as follows:

(a) *Who are "primary distributors."* You are a "primary distributor" if you are not a wholesaler or retailer, and if

(1) You purchase all you sell (for your own account) of the kind and brand of canned fish or seafood being priced without packing or processing any part of it, and

(2) You made, during the one-year period immediately preceding the time of sale, at least 50 percent (by dollar volume) of your purchases from canners or processors of that kind of canned fish or seafood in carload quantities, delivered, for storage, into a warehouse or other receiving point not owned or controlled by any of your customers or the supplier, and

(3) You resold, during the one-year period immediately preceding the time of sale, at least 50 percent of your purchases of that kind of canned fish or seafood in less than carload quantities, and

(4) You did business in this manner during at least one of the three successive one-year periods between April 28, 1939 and April 28, 1942: *Provided, however,* That the requirement that you make at least 50 percent of your purchases in carload quantities shall not apply with respect to domestic canned crabmeat.

2. In section 3, the following is added to the regulations listed: "Miscellaneous Canned Fish and Seafood (Maximum Price Regulation No. 587)."²

3. Section 4 is amended to read as follows:

SEC. 4. *How a primary distributor figures his ceiling price.* If you are a primary distributor who has been authorized in writing by the OPA pursuant to section 9 of this regulation to use section 4 for the kind of canned fish or seafood being priced, and if you are selling, in less than carload quantities, an item of canned fish or seafood which you purchase from a canner or processor and which you have actually warehoused, you find your ceiling price for that item by multiplying your "net cost" of the item by 1.06.

(a) However, you may not use this method of pricing in the following cases:

(1) For sales of a "kind" of canned fish or seafood if you did not sell that kind as a primary distributor during at least one of the three successive one-year periods ending April 28, 1942. ("Kind" means canned salmon as contrasted with canned tuna fish.)

(2) For sales of canned fish and seafood items which are not in less than carload quantities.

(3) For sales of canned fish and seafood items which you have not warehoused.

(4) For sales of canned fish and seafood items which you purchase from a "wholesaler" or "retailer."

In the above cases, you must figure your ceiling price as "other distributors" under section 5.

(b) If you purchase any canned fish or seafood items from a primary distributor or "other distributor," you must use as your ceiling price for each such item your supplier's ceiling price for that item, f. o. b. shipping point, plus incoming freight paid by you.

4. Section 9 (a) (3) is amended to read as follows:

(3) For each kind of canned fish and seafood, your total dollar purchases during each of the one-year periods ending April 28, 1940, 1941 and 1942; your total dollar purchases from canners or processors in carload quantities during each of those periods that were delivered, for storage, into a warehouse or other receiving point not owned or controlled by any of your customers or the suppliers; and the name and address of such warehouse.

5. Section 9 (a) (4) is amended to read as follows:

(4) For each kind of canned fish and seafood, your total dollar sales during each of the one-year periods ending April 28, 1940, 1941 and 1942; and your total dollar sales during each of those periods that were made in less-than-carload quantities.

6. Section 9 (a) (5) is amended to read as follows:

(5) The names and addresses of your principal suppliers of each kind of canned fish and seafood during the three-year period ending April 28, 1942.

This amendment shall become effective September 24, 1945.

NOTE: The record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with Federal Reports Act of 1942.

Issued this 18th day of September 1945.

FEDERAL POWER COMMISSION.

[File Nos. G-200, G-207]

PANHANDLE EASTERN PIPE LINE CO. ET AL.

ORDER FIXING DATE OF HEARING ON PROPOSED RATES

SEPTEMBER 14, 1945.

City of Detroit, Michigan, and County of Wayne, Michigan, v. Panhandle Eastern Pipe Line Company and Michigan Gas Transmission Corporation, Docket No. G-200. In the matter of Panhandle Eastern Pipe Line Company, Michigan Gas Transmission Corporation, and Illinois Natural Gas Company, Docket No. G-207.

It appearing to the Commission that:

(a) By order of May 22, 1941, the Commission, after complaint filed in Docket No. G-200, instituted an investigation in Docket No. G-207 of all the interstate wholesale natural-gas rates and charges of Panhandle Eastern Pipe Line Company (hereinafter called "Panhandle") and its subsidiaries Michigan Gas Transmission Corporation and Illinois Natural Gas Company. After extensive hearings, the Commission, on September 23, 1942, entered its Opinion No. 80 and accompanying interim order directing Panhandle and its said subsidiaries to reduce their rates and charges for or in connection with the transportation and sale of natural gas in interstate commerce for resale for ultimate public consumption so as to reflect, when applied to such 1941 transportation and sales, "a reduction of not less than \$5,094,384 per annum below their 1941 consolidated gross operating revenues of \$17,789,573." The Commission's order of September 23, 1942, further directed Panhandle and its subsidiaries to file on or before October 15, 1942, new schedules of rates and charges, effective as to all bills regularly rendered on or after November 1, 1942, reflecting such reduction in rates and charges, and on and after the effective date of said new rate schedules to cease and desist from making, demanding, or receiving any rates and charges which do not reflect the reduction ordered. Said interim order further provided that the Commission reserves the right to reject all or any part of such new schedules and in lieu thereof to prescribe any other schedules by further order, and that the record herein shall remain open for such further proceedings as the Commission may deem necessary or desirable.

(b) On November 18, 1942, Panhandle and its subsidiaries filed a petition for review of the Commission's order of September 23, 1942, in the United States Circuit Court of Appeals for the Eighth

Circuit, in Case No. 12,466, and upon application of Panhandle, the Court, on December 7, 1942, entered an order staying the Commission's order of September 23, 1942, which stay provided, among other things, that:

The monthly difference between payments to petitioners (Panhandle and its subsidiaries) under existing rates or arrangements and those required under the order of the Commission shall be promptly paid over to John G. Hughes of Kansas City, Missouri, as the custodian of this Court, not later than the twenty-fifth of the succeeding month, to be held by him for the benefit of the ultimate consumers or of petitioners as in this litigation may be determined entitled thereto.

(c) On June 6, 1944, the Circuit Court of Appeals entered its opinion and judgment affirming the Commission's order and retained jurisdiction over the funds impounded with the custodian of the Court pending final determination of the case. On July 28, 1944, Panhandle filed a petition for a writ of certiorari in the Supreme Court of the United States. On November 13, 1944, a limited writ of certiorari was granted, and by order entered January 3, 1945, the scope of the review was enlarged. Thereafter, on January 29, 1945, the cause was argued by counsel and submitted to the Supreme Court, and on April 2, 1945, the Supreme Court affirmed the decision of the Court of Appeals and the Commission's interim order. *Panhandle Eastern Pipe Line Company, et al. v. Federal Power Commission, et al.*, 65 St. Ct. 821. The stay order of the Court of Appeals has been continued in effect pending the adoption by the Commission of new schedules reflecting the reduction prescribed by its interim order of September 23, 1942.

(d) On May 26, 1945, Panhandle tendered certain proposed rate schedules for filing in purported compliance with the Commission's interim order of September 23, 1942. At the Commission's request, Panhandle forwarded copies of such proposed rate schedules to interested persons, including the regulatory commissions of the States of Texas, Kansas, Missouri, Illinois, Indiana, Michigan, and Ohio, and Panhandle's wholesale customers. By letter of June 7, 1945, the Commission requested all interested persons to make comments or suggestions concerning such proposed rate schedules, and thereafter numerous letters were received from State regulatory commissions, customers of Panhandle, and other interested persons, making comments, suggestions or objections with respect thereto. Such letters stated objections to a number of features of the proposed rate schedules, including the following:

(1) A proposed surcharge, effective June 1, 1945, based upon any increase in the number of house-heating consumers of Panhandle's wholesale customers;

(2) A proposed reclassification of gas resold to industrial customers;

(3) A proposed limitation on Panhandle's maximum daily delivery obligation to certain of its customers;

(4) The proposed commodity form of rate.

(e) By letter of July 31, 1945, the Commission advised Panhandle that the pro-

posed rate schedules tendered for filing on May 26, 1945, were "not acceptable"; that it did not feel that the straight commodity form of rate is proper under the circumstances in this case; that it cannot approve the surcharge applicable to house-heating customers; that it reserves for further consideration and probably hearing the proposed limitation on customer loads, the proposed definition of interruptible sales, and other terms of service; and that it had directed its staff to confer with authorized representatives of Panhandle for the purpose of considering another type of rate schedule. Accordingly, the Commission requested Panhandle to confer with the Commission's staff with regard to these matters. Following such conferences, Panhandle tendered for filing on September 12, 1945, revised proposed schedules of rates and charges in purported compliance with the Commission's interim order of September 23, 1942, reducing rates. Such revised proposed rate schedules purport to eliminate the several objections enumerated in paragraph (d), above. Panhandle has sent a copy of the revised proposed rate schedules to each of the State commissions concerned, its distributors, and to counsel for each of the parties in the above-docketed matters.

The Commission finds that:

It is appropriate and desirable in the public interest that a hearing be held in these proceedings, as hereinafter ordered, with respect to whether:

(1) The revised proposed rate schedules tendered for filing by Panhandle on September 12, 1945, should be allowed to take effect in whole or in part;

(2) All or any part of such revised proposed rate schedules should be rejected and the Commission should in lieu thereof prescribe any other rate schedules.

The Commission orders that:

(A) A public hearing be held commencing on September 24, 1945, at 10 o'clock a. m. in the hearing room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., with respect to whether:

(1) The revised proposed rate schedules tendered for filing by Panhandle on September 12, 1945, should be allowed to take effect in whole or in part;

(2) All or any part of such revised proposed rate schedules should be rejected and the Commission should in lieu thereof prescribe any other rate schedules.

Such hearing shall be limited to matters relating to proper rates which will comply with the Commission's interim order of September 23, 1942. The Commission reserves all other matters for later consideration.

(B) Interested State commissions may participate in these proceedings as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

[2d Rev. MPR 195, Order 12]

INDUSTRIAL WOODEN BOXES

SALES OF ASSEMBLED RETURNABLE BEVERAGE CASES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 7a of 2d Revised Maximum Price Regulation 195, it is ordered:

SECTION 1. What this order covers. This order covers all sales of assembled returnable (multiple trip) beverage cases produced in those states east of and including the States of Minnesota, Iowa, Nebraska, Kansas, Oklahoma, and Texas.

SEC. 2. Definition of "assembled returnable strapped beverage case"—(a) General. For the purpose of this order assembled returnable (multiple trip) beverage cases refers to the standard number 1, 2, 3, 3-30R, 6, 8, 9, 9-S, 11, 11A, 11S, 11AS, 13, 13S, 16, 16A, 18A, 18AS, beverage cases; a definition of each of

these boxes is given below. A strapped case refers either to a full strap or a "hand hole-to-hand hole" strap.

(b) *Description of beverage cases.* The cases are described below based on the number and size of bottle to be carried by the case as well as the minimum inside dimensions required for the case. It should be noted that these dimensions are minimum and that it is customary to build the cases larger than the minimum.

However, due to the variations of dimension customary in the industry for the same style box and further due to the custom in the industry not to change the price for a minor variation in dimension, only the minimum dimensions are set forth. It should be clearly understood, however, that all the larger customary sizes are covered by this order. The important factor is the number and size of bottles to be carried.

Case number	No. of bottles	Bottle capacity (fluid oz.)	If partitioned, No. of pockets	Minimum inside dimensions (inches)
1	12	24 to 32	12	15 $\frac{1}{2}$ x 11 $\frac{1}{2}$ x 4 $\frac{1}{4}$.
2	12	24 to 32	12	15 $\frac{1}{2}$ x 11 $\frac{1}{2}$ x 5 $\frac{1}{4}$.
3	24	10 (12 when reamed)	24	16 $\frac{1}{2}$ x 10 $\frac{1}{2}$ x 3 $\frac{3}{4}$.
3-30R	30	6 or less	30	13 $\frac{1}{2}$ x 11 $\frac{1}{2}$ x 3 (reamed partitions, ends and sides).
6	24	10 (12 when reamed)	24	16 $\frac{1}{2}$ x 10 $\frac{1}{2}$ x 8.
8	24	10 or less	24	14 $\frac{1}{2}$ x 10 $\frac{1}{2}$ x 8.
9	24	11 to 16	24	18 $\frac{1}{2}$ x 12 $\frac{1}{2}$ x 9 $\frac{1}{4}$.
9-B	24	11 to 16	24	18 $\frac{1}{2}$ x 12 $\frac{1}{2}$ x 4 $\frac{1}{4}$.
9-S	24	11 to 16 (Steinie)	24	19 $\frac{1}{2}$ x 12 $\frac{1}{2}$ x 8 $\frac{1}{4}$.
11	24	11 to 16	24	16 $\frac{1}{2}$ x 11 x 9 $\frac{1}{4}$.
11A	12	24 to 32	12	15 x 11 $\frac{1}{2}$ x 12.
11-S	24	1 Pint (Steinie)	24	17 $\frac{1}{2}$ x 11 $\frac{1}{2}$ x 7 $\frac{1}{4}$.
11AS	12	1 Quart (Steinie)	12	15 $\frac{1}{2}$ x 11 $\frac{1}{2}$ x 10.
13	24	24 to 32	12	18 $\frac{1}{2}$ x 11 $\frac{1}{2}$ x 12.
13-S	12	24 to 32 (Steinie)	12	16 $\frac{1}{2}$ x 12 $\frac{1}{2}$ x 10.
16	26	26 to 28 (regular type syphon)	10	22 x 8 $\frac{1}{2}$ x 5 $\frac{1}{2}$.
16A	10	26 to 28 (regular type syphon)	10	22 x 8 $\frac{1}{2}$ x 12 $\frac{1}{2}$.
18A	6	Half-gallon	6	13 $\frac{1}{2}$ x 9 $\frac{1}{2}$ x 14 $\frac{1}{2}$.
18AS	6	Half-gallon (Steinie)	6	16 $\frac{1}{2}$ x 10 $\frac{1}{2}$ x 10 $\frac{1}{2}$.

¹ Half depth cases. All others are full depth.

If a manufacturer has any question whether the case which he is producing is covered by this order, he should write to the Building Materials and Construction Price Branch, Office of Price Administration, Washington 25, D. C., for official clarification giving a complete description of the box, including inside dimensions and whether partitioned as well as number of pockets if partitioned and the size of bottles.

Sec. 3. Maximum prices by zones. The maximum price for an assembled beverage case will be the price of the case for the zone in which it is produced and not the price for the zone into which it is delivered. An opinion accompanying this order issued simultaneously herewith, has been filed with the Division of the Federal Register.

In the judgment of the Regional Administrator of Region II of the Office of Price Administration, the maximum prices established and the regulations prescribed by this order are generally fair and equitable, are necessary to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and do not exceed the general level of prices fixed by Revised Maximum Price Regulation No. 251.

Therefore, under the authority vested in the Regional Administrator of Region II of the Office of Price Administration by the Emergency Price Control Act of 1942, as amended, and by section 9 of Revised Maximum Price Regulation No. 251, this order is hereby issued.

It also includes related and incidental construction work when sold by installers of re-siding and re-roofing, whether such sale

is made as a part of a general contract or not.

The term "composition re-siding" includes asphalt shingle re-siding, asbestos cement re-siding, insulated brick or stone re-siding and roll brick re-siding but shall not include wood shingles or wood re-siding.

The term "re-roofing" includes composition re-roofing such as asphalt shingles and mineral surface roll re-roofing and smooth surface roll re-roofing but does not include wood, metal or slate re-roofing.

(c) An employer paying or about to pay labor rates higher than those in effect for him on the effective date of this order by reason of the predetermination of wage rates by the Secretary of Labor under the Davis-Bacon Act or any order or authorization of the Wage Adjustment Board, National War Labor Board or Economic Stabilization Director, may file an application for an amendment of this order to reflect such increased labor rates. PENNSYLVANIA POWER CO. AND OHIO EDISON CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 14th day of September, A. D., 1945.

Notice is hereby given that a joint application and declaration has been filed with this Commission by Ohio Edison Company ("Ohio Edison"), a registered holding company and a subsidiary of The Commonwealth & Southern Corporation, also a registered holding company, and Ohio Edison's subsidiary, Pennsylvania Power Company ("Pennsylvania Power").

All interested persons are referred to said document which is on file in the offices of the Commission for a statement of the transactions therein proposed which are summarized as follows:

Pennsylvania Power proposes to:

(a) Issue and sell to the public, through underwriters selected pursuant to the competitive bidding provisions of Rule U-50, \$9,793,000 principal amount of new bonds maturing in not less than 30 years after date, of a series bearing interest at a rate not to exceed 2 7/8% per annum at a price not less favorable to the company than a 2 7/8% basis;

(b) Issue and sell at private sale to banks \$800,000 principal amount of installment promissory notes bearing interest at the rate of 2 1/4% per annum payable in 16 equal semi-annual installments of which the first installment shall be payable six months after the date of said notes.

(c) Issue not more than 42,000 shares of new preferred stock with a par value of \$100 per share and a dividend rate not to exceed 4.50% per annum which will be offered in exchange to the holders of its outstanding 42,000 shares of \$5 preferred stock without par value on a share for share basis, plus a cash dividend adjustment which, together with the dividends receivable on the new preferred stock will give each stockholder who exchanges a dividend at the rate of \$5 per share per annum up to the redemption date of the shares of \$5 preferred stock which are not exchanged. Any shares not exchanged will be redeemed at the redemption price of \$107.50. Pennsylvania Power reserves the right to reject all offers of exchange if less than 85% of the shares of \$5 preferred stock are exchanged.

Ohio Edison proposes to make a \$600,000 cash contribution to Pennsylvania Power.

The net proceeds from the sales of the above securities plus the capital contribution together with treasury funds and special deposits, all aggregating \$11,817,253, are to be used by Pennsylvania Power to redeem \$8,368,000 principal amount of 3 1/2% Series and \$1,825,000 principal amount of 4% Series of First Mortgage Bonds due 1961 at the redemption price of 105 1/4 and to provide funds for the construction of a new turbo-generator and boiler unit at an estimated cost of \$3,200,000.

In addition to the above Pennsylvania Power proposes to increase the stated capital represented by the presently outstanding 110,000 shares of common stock without par value from \$3,300,000 to \$3,900,000 thereby reflecting the contribution of \$600,000 by Ohio Edison and to transfer \$600,000 from earned surplus to the common stock capital account thereby increasing the stated capital represented by the presently outstanding common stock without par value to \$4,500,000 and to change and convert the 110,000 shares of such outstanding common stock into 150,000 shares of common stock with a par value of \$30 per share.

The application further states that Pennsylvania Power agrees that the Commission's order herein may contain a condition to the effect that, so long as any of the new bonds or shares of new preferred stock are outstanding, it will not declare or pay any dividends on its common stock (other than dividends payable in common stock) or make any distribution of assets to holders of common stock by purchase of shares or otherwise, in an amount which, when added to the aggregate of all such dividends and distributions subsequent to the last day of the month in which the new bonds are issued (referred to below as "said date"), would exceed 75% of the net income of Pennsylvania Power earned subsequent to said date, if, after the payment of any such dividend or the making of any such distribution, the aggregate of the par value of, or stated capital represented by, the outstanding shares of common stock and surplus of Pennsylvania Power would be less than an amount equal to 25% of the total capitalization and surplus of Pennsylvania Power.

The applicants-declarants state that approval of the Pennsylvania Public Utility Commission will be obtained with respect to the issuance and sale of the new bonds and the installment notes, the issuance and exchange of the new preferred stock, and the issuance of the new common stock.

The applicants-declarants have designated sections 6 (b), 9 (a), 10, 12 (b), 12 (d) and 12 (f) of the act and Rules U-42, U-43, U-44, U-45 and U-50 thereunder as being applicable to the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the application and declaration and that the application and declaration shall not be granted or permitted to become effective except pursuant to further order of the Commission:

It is further ordered, That Robert P. Reeder, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of issues presented by the application and declaration, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the proposed issue and sale of the new mortgage bonds and the proposed issue and exchange of new preferred stock are solely for the purpose of financing the business of Pennsylvania Power and have been expressly authorized by the State Commission of the state in which it is organized and doing business.
