PROCLAMATION 2673

THANKSGIVING DAY, 1945

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA
A PROCLAMATION

In this year of our victory, absolute and final, over German fascism and Japanese militarism; in this time of peace so long awaited, which we are determined with all the United Nations to make permanent; on this day of our abundance, strength, and achievement; let us give thanks to Almighty Providence for these exceeding blessings.

We have won them with the courage and the blood of our soldiers, sailors, and airmen. We have won them by the sweat and ingenuity of our workers, farmers, engineers, and industrialists. We have won them with the devotion of our women and children. We have bought them with the treasure of our rich land. But above all we have won them because we cherish freedom beyond riches and even more than life itself.

We give thanks with the humility of free men, each knowing it was the might of no one arm but of all together by which we were saved. Liberty knows no race, creed, or class in our country or in the world. In unity we found our first weapon, for without it, both here and abroad, we were doomed. None have known this better than our very gallant dead, none better than their comrade, Franklin Delano Roosevelt. Our thanksgiving has the humility of our deep mourning for them, our vast gratitude to them.

Triumph over the enemy has not dispelled every difficulty. Many vital and far-reaching decisions await us as we strive for a just and enduring peace. We will not fail if we preserve, in our own land and throughout the world, that same devotion to the essential freedoms and rights of mankind which sustained us throughout the war and brought us final victory.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, in consonance with the joint resolution of Congress approved December 26, 1941, do hereby proclaim Thursday November 22, 1945, as a day of national thanksgiving. May we on that day, in our homes and in our places of worship, individually and as groups, express our humble thanks to Almighty God for the abundance of our blessings and may we on that occasion rededicate ourselves to those high principles of citizenship for which so many splendid Americans have recently given all.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 12th day of November, in the year of our Lord one thousand nine hundred [SEAL] forty-five and of the Independence of the United States of America the one hundred and seventieth.

HARRY S. TRUMAN

By the President:

JAMES F. BYRNES,
Secretary of State.

Pursuant to the authority of the Surplus Property Act of 1944 (58 Stat. 765; 50 U. S. C. App. Sup. 1611) and Public Law 181, 79th Congress, It is hereby ordered, That:

Where the owning agency also acts as the disposal agency, the same procedure shall be followed. Owing agencies shall transmit to the Surplus Property Administrator, one copy of each SPB-1, in which property having a total cost of \$50,000 or more is listed simultaneously with the transmittal of copies of Form SPB-1 to the disposal agency. Owing agencies shall transmit to the Surplus Property Administrator, one copy of each correction or withdrawal of a declaration on Form SPB-1.1 which involves a total cost (appearing in Block 10) amounting

to \$50,000 or more, simultaneously with the transmittal of copies to the disposal agency. Disposal agencies are authorized to correct or adjust a declaration on Form SPB-1 after verification of the declaration and inspection of the property. When the disposal agency makes such correction or adjustment without the submission by the owning agency of a Form SPB-1.1 covering such correction or adjustment, the submission of such Form SPB-1.1 by the owning agency shall not be required.

2. Each owning agency shall declare such personal property surplus to the Surplus Property Administrator on Revised Form SPB-2, *Declarations of Surplus Personal Property to Surplus Property Board*, as attached hereto, in accordance with the instructions accompanying such form.

3. Owing agencies shall declare surplus real property located within the continental United States, its territories and possessions, to the Surplus Property Administrator on Form SPB-5, *Declaration of Surplus Real Property to the Surplus Property Board*, as attached hereto, in accordance with the instructions accompanying such form.

4. Forms SPB-1, SPB-1.1, SPB-1.2, SPB-1.3, SPB-2 and SPB-5 may be reproduced by the owning agencies, provided that the formats are identical with those on file with the Division of the Federal Register, sample copies of which may be obtained from the Administrator. Forms SPB-1 and SPB-1.1 should allow for a 1" margin on the left. Form SPB-1.1 should be reproduced on yellow paper so as to distinguish it readily from Form SPB-1.

5. [Deleted Sept. 25, 1945.]

6. Form SPB-1.2, *Declaration of Surplus Property to Disposal Agency*, as attached hereto, may be used by the War Department and the Navy Department as a substitute for Form SPB-1 in declaring to the Reconstruction Finance Corporation surplus property located within the continental United States, its territories and possessions, resulting from contractor inventory. Form SPB-1.3, *Listing Sheet*, as attached hereto, may be used as the detailed listing sheet in support of Form SPB-1.2, as a substitute for Form SPB-1, "Continuation Sheet". Forms SPB-1.2 and SPB-1.3 will be prepared in accordance with the instructions attached thereto.

7. The Reconstruction Finance Corporation is authorized to correct or adjust a declaration previously made on SPB-1.2 and SPB-1.3 by the War Department or the Navy Department to conform to the property thereafter delivered to or upon the order of the Reconstruction Finance Corporation. When the Reconstruction Finance Corporation makes such correction or adjustment without the submission by the owning agency of a Form SPB-1.1 covering such correction or adjustment, the submission of such Form SPB-1.1 may be omitted.

8. In making declarations of government-owned personal property furnished contractors under a facilities contract, lease, rental agreement, or other contract or contract provision specifically governing the acquisition, use or disposition of such property, the Navy

Department may use Navy Department Form S & A 269 and Office of Contract Settlement Form 5a for reporting items of machinery or equipment in the same major (2-digit) group of the Standard Commodity Classification at a single location. A Form SPB-1 shall, however, be used as a cover sheet. A one line description shall be shown on Form SPB-1 and continuation sheets for each Navy Department Form S & A 269 attached, and there shall be included on both the Form SPB-1 and the Navy Department Form S & A 269 a proper cross-reference to identify each Navy Department Form S & A 269 with the related one line listing on Form SPB-1. Not more than ninety-nine Navy Department Forms S & A 269 or Office of Contract Settlement Forms 5a shall be attached to a single covering Form SPB-1.

9. In making declarations of government-owned personal property located in government-owned plants operated by contractors under cost-plus-a-fixed-fee contracts, the War Department may use existing records including inventory listings and inventory cards, provided that a Form SPB-1 or Form SPB-1.2 is used as a cover sheet and provided further that all of the information required by the Form SPB-1 or Form SPB-1.2 is shown either on the Form SPB-1 or Form SPB-1.2 or on the supporting documents.

10. Wherever in the forms or the instructions to the forms the words "Surplus Property Board" or "Board" appear, they shall be deemed to refer to the Surplus Property Administrator.

This order shall become effective November 10, 1945.

PART 8305—SURPLUS NONINDUSTRIAL REAL PROPERTY

AUTHORITY TO DISPOSAL AGENCY TO DISPOSE OF WEATHER BUREAU PROPERTY LOCATED ON CAMPUS OF NORWICH UNIVERSITY, NORTHFIELD, VERMONT, IN CONSIDERATION OF BENEFITS AFFORDED BY UNIVERSITY TO THE UNITED STATES

The Federal Works Agency has for disposal a tract of land consisting of 1.26 acres together with a two-story brick building thereon, located on the campus of Norwich University, Northfield, Vermont, which the University desires to acquire.

tution exempt from taxation under section 101 (6) of the Internal Revenue Code; that it conveyed this land to the United States in 1909 without compensation, and the Government has thus had the use of the land without consideration from that date to the present time. The Government erected thereon at a cost of approximately \$13,000 a brick building for use as a Weather Bureau and has since used it for that purpose at an expense for operation exceeding \$1,000 per year. The University proposes that it will operate the Weather Bureau free of cost or expense to the Government for a minimum period of ten (10) years, affording the Government the full service and benefit thereof to the same extent as when operated by the Government; and the University requests that this property be transferred to it without a cash payment and in consideration of its obligation to maintain and operate the Weather Bureau for said period, and afford the Government the benefits referred to.

The building, which has been in use for more than thirty-five (35) years, has been subject to normal depreciation; and the Federal Works Agency considers that the benefits to the United States, amounting to at least \$1,000 per year for a period of ten (10) years, will exceed the current market value of the property, and that, in view of such benefits to the United States and under the provisions of section 13 (a) (1) (C) of the Surplus Property Act of 1944, and § 8305.12 (h) (5) of Surplus Property Administration Regulation 5, it may properly dispose of this property to Norwich University without a cash consideration and in consideration only of its obligation to maintain and operate the Weather Bureau without charge to the United States for a minimum period of ten (10) years; *It is therefore ordered, That:*

Notwithstanding the provisions of §§ 8305.11 (d) and 8305.12 (c), (d) and (e), the Federal Works Agency, as disposal agency, after having given public notice of availability in a newspaper published or having general circulation in the county in which the property is located for a period of ten (10) days, is hereby authorized, in the absence of an acceptable offer to purchase by any priority holder, to convey said property to Norwich University without a cash payment and in consideration of its obligation to maintain and operate said property as a Weather Bureau for a minimum period of ten (10) years, and during said period to afford the Government full service and benefit thereof to the same extent as when the Weather Bureau was operated by the Government. Such conveyance shall be made subject to the right of reversion to the United States in the event of failure by Norwich University to provide the service in compliance with said obligation.

This order shall become effective November 9, 1945.

TREASURY DEPARTMENT.

Bureau of Internal Revenue.

RELIEF FROM EXCESS PROFITS TAX BECAUSE
OF AN INADEQUATE EXCESS PROFITS
CREDIT

ALLOWANCES DURING FISCAL YEAR ENDED
JUNE 30, 1945

Subchapter E of Chapter 2 of the Internal Revenue Code imposes an excess profits tax on corporations for taxable years beginning after December 31, 1939. Under the provisions of this subchapter, excess profits are measured by comparing the earnings for the current taxable year with a statutory excess profits credit.

Section 722 of Subchapter E reflects the recognition by Congress of the de-

sirability and necessity of granting relief in meritorious cases to corporations which bear an excessive tax burden because of an inadequate excess profits credit. This section provides for the recomputation of excess profits tax on the basis of a reconstructed excess profits credit.

As required by section 722 (g) the following list, containing the cases arranged alphabetically by internal revenue districts, shows the name and address of each corporation to which relief has been allowed, business, taxable years involved, excess profits credit before allowance of relief, increase in excess profits credit claimed, increase in excess profits credit allowed, decrease in excess profits tax, and increase in income tax. There are included as a supplement to this list eight cases in which relief was allowed by the Commissioner during the fiscal year ended June 30, 1944. These cases were not included in the list of allowances made during the fiscal year 1944 previously published. Allowance by The Tax Court of the United States, has been made in two cases, which cases are included in the list, with appropriate notations.

In order to determine the relief granted and the relevant data required to be published, intermediate computations of the excess profits tax and the income tax showing the amounts of taxes which would have been due without the benefits of section 722 were made. Comparison of the pertinent items and figures appearing in the application for relief and the tax computations after the allowance of relief with those appearing in the intermediate tax computations developed the required data.

Explanations of certain of the items, as displayed in their respective column headings of the list, and the data evolved, follow:

Business in which engaged, Column 2. The business in which taxpayer is engaged is that reported in the income tax return of the corporation for the taxable year or years involved, therefore, it does not necessarily correspond with the business during the base period. In those instances where the return for the year involved failed to disclose the nature of business, information from other sources was utilized. Moreover, since the nature of business shown usually represents a general description of the predominant business activity, it does not necessarily represent or reflect the business activity with respect to which an inadequate excess profits credit was established.

Excess profits credit before allowance of relief, Column 4. The excess profits credit before allowance of relief is the credit originally claimed by the taxpayer, as corrected, whether based on income or capital.

Increase in the amount of excess profits credit claimed by taxpayer, Column 5. The increase in the amount of excess profits credit claimed by taxpayer is the excess of the credit based on the constructive income claimed by the taxpayer over the credit before allowance of relief shown in column 4.

Increase in the amount of excess profits credit allowed, Column 6. The increase

in the amount of excess profits credit allowed is the excess of the recomputed credit based on constructive income finally allowed over the credit before allowance of relief shown in column 4.

Gross reduction in the excess profits tax, Column 7; gross increase in the income tax, Column 8. The gross reduction in the excess profits tax and the gross increase in the income tax resulting from the operation of section 722 are the differences between the gross taxes which would have been due without the benefits of section 722 and the gross taxes due after relief had been granted. The gross excess profits tax is the tax due prior to the deferment under section 710 (a) (5), the foreign tax credit under section 729, the credit for debt retirement under section 783, and the adjustment under section 734. The gross income tax is the tax due prior to the foreign tax credit under section 131.

The changes in the income and excess profits taxes shown reflect the effect of the increases attributable to section 722 in the unused excess profits credit carried forward from prior taxable years as well as the effect of the increase in unused excess profits credit carried back from subsequent taxable years to the extent that claims with respect to unused credit carry-overs and carry-backs determined under section 722 were allowed within the same fiscal year.

While the decrease in excess profits tax is directly related to the increase in excess profits credit allowed, a number of factors serve to invalidate a comparison of the relationship of these two items applicable to a corporation for different taxable years or to different corporations for the same taxable year. Among the most important factors affecting this comparison are (1) increase in excess profits tax rates, (2) changes in rate structure from a graduated to a flat rate system, (3) effect of unused excess profits credits of prior and subsequent years attributable to section 722, (4) variation of provisions applicable to fiscal years, (5) limitation of excess profits tax to the amount by which 80 percent of net income exceeds the income tax, applicable to certain taxable years, and (6) relation of excess profits before the application of section 722 to the increase in excess profits credit allowed.

For taxable years beginning after December 31, 1940, a portion of the amount by which the excess profits tax is reduced by reason of the application of section 722 is offset by an increase in income tax. This offset arises from the provisions which permit the deduction of the income subject to excess profits tax (or excess profits tax in certain taxable years) in arriving at income subject to income tax.

Lists containing the cases in which relief has been allowed during the fiscal years ended June 30, 1942 and June 30, 1943, have been published in the FEDERAL REGISTER, Volume 9, Number 194, dated September 28, 1944 and a similar list relating to allowance made during the fiscal year ended June 30, 1944, has been published in the FEDERAL REGISTER, Volume 9, Number 219, dated November 2, 1944.

[Gen. Order 68, Order 1]

STOCK MILLWORK IN WASHINGTON, D. C., AREA

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to the provisions of General Order No. 68, it is ordered:

SECTION 1. *What this order covers.* This order covers all sales of stock millwork at the retail level made by any seller located in the Washington, D. C., trading area consisting of the District of Columbia and those portions of the States of Maryland and Virginia located within 20 miles of the zero mileage stone in Washington, D. C. (at the Treasury Building).

SEC. 2. *Definition of retail level.* By retail level is meant a sale to the consumer or to a contractor for installation rather than resale. It includes the type of sale referred to in the trade as "contract sale" wherein the seller provides his own take off from plans and specifications, quotes a flat price, and guarantees enough material to complete the job.

SEC. 3. *Definition of stock millwork.* "Stock millwork" as covered by this or-

der refers to such standard woodwork items as listed below as well as to any item which can be priced as stock millwork in the following regulations: MPR 44, Douglas Fir Doors; RMPR 293, Stock Millwork; and MPR 589, Douglas Fir Stock Millwork.

- (a) Panel doors.
- (b) Sash doors.
- (c) Glazed windows.
- (d) Frames (windows, door or cellar).
- (e) Window screens.
- (f) Sash.
- (g) Garage doors.
- (h) Blind or shutter doors.
- (i) Cupboard doors.

Where items are specifically priced by sizes, any size of the item not listed and not carried in stock, and which cannot be purchased from the stock of a jobber or manufacturer and, further, which is made by a specialty millwork plant whose normal production, as measured by the calendar year 1941, is not more than 25% of stock items, may be priced as Special Millwork under the General Maximum Price Regulation at the March 1942 level.

SEC. 4. *Maximum prices.* The base maximum prices for stock millwork are set forth in Tables 1 through 14 in the appendix which are annexed to and made a part of this order. The base maximum prices are subject to discounts based on the dollar volume of the order as follows:

DISCOUNTS FOR STOCK MILLWORK

For sales of stock millwork in quantities up to \$50—use base price.

For sales of stock millwork in quantities from \$50 to \$150—less 3%.

For sales of stock millwork in quantities from \$150 to \$500—less 6%.

For sales of stock millwork in quantities from \$500 to \$1,500—less 10%.

For sales of stock millwork in quantities from \$1,500 to \$5,000—less 13%.

For sales of stock millwork in quantities from \$5,000 and over—less 16%.

In applying these discounts the total size of the order of millwork and related items determines the discount to be applied.

The prices provided herein are the maximum which may be charged for the stock items shown whether purchased from other manufacturers, jobbers, or self-produced. Prices lower than the maximum may, of course, be charged. Any seller may quote on a contract basis, wherein he takes off quantities from blueprints and guarantees sufficient material to finish the job, without violating this order provided he maintains records showing how he arrived at his estimate and that the estimate was based on prices permitted by this order as well as any other applicable regulation. If quotations are made on a contract basis, however, and the quantity of stock millwork actually furnished is valued at less than the contract price, the maximum charge which may be made is the total of the maximum prices for the items actually furnished and not the contract price.

Sec. 5. *Delivery additions.* The prices set forth in this order include all additions or charges for delivery. No deduction need be made where the purchaser elects to make his own delivery. In those cases where the stock millwork

[SO 119, Order 14]

JOHN B. SALTERINI CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Sections 13 and 14 of Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's maximum prices.* John B. Salterini Company, 510-14 East 72nd Street, New York, New York, may increase by no more than 19.8% its ceiling prices to each class of purchaser for the artistic iron furniture which it manufactures.

(b) *Maximum prices of purchasers for resale.* Purchasers for resale of any article which the manufacturer sells at an adjusted price permitted by this order shall determine their maximum resale prices in the following manner:

(1) A retailer who must determine his ceiling prices under Maximum Price Regulation No. 580 by the use of a pricing chart shall compute his ceiling prices in the manner provided by that regulation.

(2) A wholesaler who must determine his ceiling prices under Maximum Price Regulation No. 590 shall find his ceiling price in the manner provided by that regulation.

(3) A purchaser for resale who must determine his maximum prices under the General Maximum Price Regulation, and who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable article" contained in § 1499.3 (a) of that regulation, except that it need not be currently offered for sale, shall find his ceiling prices according to the method and procedure set forth in that section using as his "cost" his invoice cost.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(4) If a purchaser for resale cannot determine his ceiling price under any of the above methods, he shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances, on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) All requests not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective on the 14th day of November 1945.

Issued this 13th day of November 1945.

 Administrator.

READY MIXED CONCRETE

MODIFICATION OF MAXIMUM PRICES

An opinion accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Order 1 under Maximum Price Regulation No. 592 is amended in the following respects:

Section 4.4 is amended to read as follows:

SEC. 4.4 *Modification of maximum prices of ready-mixed concrete.* The manufacturer's maximum prices established pursuant to Maximum Price Regulation 592, for ready-mixed concrete, may be increased by adding to the established maximum prices per cubic yard for each specification of that commodity an amount not to exceed the actual dollars-and-cents additional cost, rounded off to the nearest \$0.05 per cubic yard, resulting from the price increase for sales of cement permitted by Amendments Nos. 6, 9, 10, 11, and 12 to Maximum Price Regulation No. 224. The term "manufacturer" as used here means any person who makes the first sale of ready-mixed concrete.

This amendment shall become effective November 14, 1945.

Issued this 13th day of November 1945.

[Max. Import Price Reg., Order 361 Under Order 38]

PORTUGUESE AND SPANISH SARDINES

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to the provisions of section (c) (5) of Order 38 under the Maximum Import Price Regulation, it is ordered:

(a) *Purpose of this order.* The purpose of this order is to establish separate maximum prices at which imported Portuguese and Spanish skinless and boneless sardines and Spanish boneless sar-

dines (any brand) packed in olive oil, purchased at or less than the foreign purchase price set out in section (f), may be sold by importers to wholesalers, chain stores, independent retail stores, industrial and institutional users without having to make application to the Office of Price Administration for the issuance of an individual order.

(b) *Application of this order.* The maximum prices established by this order apply to importers' sales (with the exception provided in section (f)), to the classes of purchasers named herein, of all imported Portuguese and Spanish skinless and boneless sardines, and Spanish boneless sardines (any brand) packed in olive oil.

(c) *Importers' maximum prices.* The maximum prices, above which no importer shall sell and no person buying from an importer shall purchase, on sales to the classes of purchasers named, for the following designated size of imported Portuguese and Spanish skinless and boneless sardines and Spanish boneless sardines (any brand) packed in olive oil shall be as follows:

Sales by importers to—	Per case of 100/334-ounce tins		
	Portuguese, skinless and boneless	Spanish	
		Skinless and boneless	Boneless
Wholesalers and chain stores	\$31.39	\$35.72	\$30.09
Independent retailers	33.06	37.40	31.09
Industrial and institutional users	34.45	38.97	33.02

The maximum prices authorized above are ex dock or ex warehouse any United States Continental point or port of entry. For sales with delivery made at some other point, payment incurred for transportation from the dock or warehouse at the point or port of entry to such other point may be added. Such transportation payment, however, shall not include the expense of local hauling or drayage within the metropolitan area of the point or port of arrival.

(d) *Terms of sale.* The importer with respect to his sales of imported Portuguese and Spanish skinless and boneless sardines and Spanish boneless sardines (any brand) packed in olive oil, for which maximum prices are established by this order, shall reduce such maximum prices by the discount for cash or prompt payment customarily granted in 1941 on sales of imported Portuguese and Spanish skinless and boneless sardines and Spanish boneless sardines (any brand) packed in olive oil, to purchasers of the same class.

(e) *Definitions.* A "wholesaler" is a person other than a chain store, an independent retail store, industrial or institutional user, who purchases and sells food products, generally, without materially changing their form.

A "chain store" is one of four or more retail stores under one ownership whose combined "annual gross sales" are \$500,000 or more, and which purchases and re-sells food products, generally, without materially changing their form, to ultimate consumers other than industrial or institutional users.

An "independent retail store" is one that is not one of four or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more and which purchases and re-sells food products, generally, without materially changing their form, to ultimate consumers other than industrial or institutional users.

An "industrial user" is any person who, either for his own commercial use or for resale, subjects an imported food item covered by this order, to a process that results in the production of a new and different article having a distinctive name, character or use; or who uses such food item as an ingredient or a component part of such an article.

An "institutional user" is a restaurant, hotel, club, hospital, or other similar establishment using an imported food item covered by this order in preparation or service of meals to individual consumers.

(f) *Exception from this order.* (a) The maximum prices for sales of sardines purchased by importers from foreign sellers at foreign purchase prices in excess of \$18.25 for Spanish boneless, \$18.80 for Portuguese skinless and boneless and \$22.45 for Spanish skinless and boneless per case of 100/3/4 ounce tins packed in olive oil (any brand) are not covered by this order and will continue to be authorized by individual order upon application to the Office of Price Administration in accordance with the provisions of paragraph (c) of Order 38 under the Maximum Import Price Regulation.

(b) The total landed costs upon which the Maximum prices in this order are based include duty in the amounts of \$7.80 per case for the Portuguese and Spanish skinless and boneless sardines and \$7.20 per case for the Spanish boneless sardines. If the duty actually paid is higher than that set out above, the increase may be added to the maximum prices on sales of these items. If the duty actually paid is lower than that set out above, the decrease must be subtracted from the maximum prices on sales of these items.

In the event of the refund of any amount of duty, which has been included in the total landed costs as compiled under this order, by the United States Treasury to the importer, the importer shall make refund of the amount of such refund to the final subsequent purchaser within 90 days from the receipt thereof or pay the amount so refunded to the United States Treasury.

(g) *Relation of this order to Order 38.* Unless the context otherwise requires, the provisions of Order 38 under the Maximum Import Price Regulation with the requirement for notice to purchasers as set out in paragraph (k) shall apply for the sale for which the maximum prices are established by this order.

(h) *Revocation and amendment.* This order may be revoked or amended at any time.

This order shall become effective November 13, 1945.

Issued this 13th day of November 1945.

CHESTER BOWLES,
Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 54-42, 54-69, 59-65]

CENTRAL STATES UTILITIES CORP. ET AL.

NOTICE OF FILING AND ORDER RECONVENING HEARING

In the matters of Central States Utilities Corporation, Central States Power & Light Corporation, Ogden Corporation, File No. 54-42; Ogden Corporation and Subsidiary Companies, File No. 54-69; Ogden Corporation and Subsidiary Companies, File No. 59-65.

I. Notice is hereby given that Ogden Corporation ("Ogden"), a registered

holding company, together with its subsidiary, Central States Utilities Corporation ("Central Utilities"), and the latter's subsidiary, Central States Power & Light Corporation ("Central States"), have filed Amendment No. 13 in these consolidated proceedings, proposing a plan for the extension of the maturity date of Central States' 5% Debentures ("Maturity Extension Plan") in connection with the plan for the liquidation of Central Utilities and Central States heretofore filed herein pursuant to section 11 (e) and other applicable sections of the Public Utility Holding Company Act of 1935 and the rules promulgated thereunder.

All interested persons are referred to said amendment, which is on file in the office of the Commission, for a full statement of the transactions proposed therein, which may be summarized as follows:

It is proposed to extend the maturity date of Central States' 5% Debentures from January 1, 1946, to January 1, 1947. During the one-year period of extension, said debentures shall continue to bear a 5% rate of interest and be subject to all their present terms and conditions and the terms and conditions of the Debenture Agreement dated as of January 1, 1934 under which they were issued, except that any interest payable on the debentures on and after January 1, 1946, to the holders thereof, other than Ogden, shall be (a) paid to such holders of such debentures, (b) placed in escrow pending a final determination of the creditors and security holders entitled thereto, or (c) treated in such manner as the Commission may determine to be fair and equitable to aid in carrying out in an orderly manner the aforesaid liquidation plan.

The applicants request the Commission, if and when it approves the Maturity Extension Plan, to apply to an appropriate court pursuant to section 18 (f) of the act to enforce and carry out as a separable plan under section 11 (e) of the act the terms and provisions of said Maturity Extension Plan.

Ogden proposes that, if the Maturity Extension Plan is approved by this Commission and by the court, it agrees to waive interest payments on such debentures owned by it which become due on January 1, 1946 and July 1, 1946, subject to the condition that it retains a claim to such interest which may be asserted if and when the total principal amount of and interest on all of the 5% Debentures owned by persons other than Ogden have been paid in full.

It is stated that the assets of Central States consist almost exclusively of cash and investments in government bonds, which after providing for the discharge of current liabilities, amount to \$1,975,000; and that the only action necessary to consummate the liquidation of Central States is the distribution of its net assets to creditors and security holders entitled thereto. It is further stated that applicants do not believe that it is probable that the necessary hearings before the Commission and the appropriate court in those consolidated proceedings relating to Amendment No. 12, which pro-

poses an amendment plan filed by Ogden for the liquidation of Central Utilities and Central States (Holding Company Act Release No. 5983), providing for a proposed distribution of Central States' assets, will be concluded, and the final orders of the Commission and such court entered in respect of such amended plan (Amendment No. 12) prior to January 1, 1946, the present maturity date of the company's 5% Debenture. Applicants further state that it therefore appears that Central States will not be in a position to make final payment of its outstanding debentures on January 1, 1946, and consequently, the extension of the maturity date of the debentures will be necessary if Central States is to be permitted to liquidate in an orderly manner.

II. On May 20, 1943, the Commission entered an order (1) directing, pursuant to section 11 (b) of the act, among other things, that Central States recapitalize so as to distribute voting power fairly and equitably among its security holders, *Provided, however*, That such recapitalization need not be effected if said company is liquidated and dissolved, and that Central Utilities be liquidated and dissolved, and (2) approving, pursuant to section 11 (e) of the act, a plan filed by Ogden and certain of its subsidiary companies which provided, among other things, that Central States and Central Utilities would be liquidated and dissolved (File Nos. 54-69 and 59-65).

On December 8, 1944, the Commission entered an order approving the extension of the maturity date of Central States' 5% Debentures from January 1, 1945, to January 1, 1946 (File No. 54-42), and on December 27, 1944, the District Court of the United States for the District of Delaware entered an order approving said maturity extension.

Public hearings have heretofore been held in these consolidated proceedings in respect to Amendment No. 12 filed by Ogden proposing an amended plan for the liquidation of Central Utilities and Central States and have been continued subject to call of the Trial Examiner.

III. It appearing to the Commission that notice should be given and that the hearing herein should be reconvened for the purpose of taking testimony in respect of the Maturity Extension Plan (Amendment No. 13) and additional testimony in respect of the liquidation plan of Central Utilities and Central States (Amendment No. 12);

It is ordered, That the hearing herein be reconvened under the applicable provisions of the act and the rules of the Commission thereunder on November 28, 1945, at 10:00 a. m., e. s. t., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that date, the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted by the Commission under section 18 (c) of the act and to

a trial examiner under the Commission's rules of practice.

Notice is hereby given of said hearing to Central States, Central Utilities, Ogden, Continental Illinois National Bank and Trust Company of Chicago, Indenture Trustee of Central States' 5% Debentures, and to all interested persons, said notice to be given to Central States, Central Utilities, Ogden, Continental Illinois National Bank and Trust Company of Chicago, by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the act and by publication in the FEDERAL REGISTER:

It is further ordered, That Central States and Central Utilities shall give additional notice of this hearing to all their security holders (insofar as the identity of such security holders is known or is available to them) by mailing to each of said persons a copy of this notice and order at his last known address at least fifteen days prior to the date of hearing.

It is requested that any person desiring to be heard in these proceedings shall file with the Secretary of the Commission on or before November 26, 1945 an appropriate request or application to be heard, as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented by these proceedings, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether an extension of the maturity date of the 5% Debentures of Central States is necessary to effectuate the provisions of section 11 (b) of the act, and whether such extension in the manner proposed is fair and equitable to the persons affected.

(2) What disposition should be made of any interest payable on said debentures on and after January 1, 1946.

(3) Whether it is necessary or appropriate in the public interest or for the protection of investors and consumers to impose any terms and conditions, and, if so, what terms and conditions.

(4) Whether, in the event that the Commission shall approve the Maturity Extension Plan as filed or as modified, the Commission shall approve said plan for purposes of section 11 (d) of the act (as well as section 11 (e)) so as to permit the Commission of its own motion and irrespective of any request therefor on the part of Central States, Central Utilities or Ogden to apply to a court for the enforcement of the Amended Plan pursuant to section 11 (d) of the act;

(5) Whether in the event that the Commission shall not approve the Maturity Extension Plan as filed or as modified, a plan proposed by the Commission or by any person having a bona fide interest in the liquidation and dissolution of Central States and Central Utilities should be approved by the Commission for purposes of section 11 (d) of the act, and, if proposed by the Commis-

sion, what the terms and provisions of such plan should be.

By the Commission.
