The President

EXECUTIVE ORDER 9770

CREATING AN EMERGENCY BOARD TO INVESTIGATE A DISPUTE BETWEEN THE LONG ISLAND RAILROAD COMPANY AND CERTAIN OF ITS EMPLOYEES

WHEREAS a dispute exists between the Long Island Railroad Company, a carrier, and certain of its employees represented by the Railroad Workers Industrial Union, Division of District 50, United Mine Workers of America, a labor organization; and

WHEREAS this dispute has not heretofore been adjusted under the provisions of the Railway Labor Act, as amended; and

WHEREAS this dispute, in the judgment of the National Mediation Board, threatens substantially to interrupt interstate commerce within the state of New York, to a degree such as to deprive that portion of the country of essential transportation service:

NOW, THEREFORE, by virtue of the authority vested in me by section 10 of the Railway Labor Act, as amended (45 U.S.C. 160), I hereby create a board of three members, to be appointed by me, to investigate said dispute. No member of the said board shall be pecuniarily or otherwise interested in any organization of railway employees or any carrier.

The Board shall report its findings to the President with respect to the said dispute within thirty days from the date of this order.

As provided by section 10 of the Railway Labor Act, as amended, from this date and for thirty days after the board has made its report to the President, no change, except by agreement, shall be made by the Long Island Railroad Company or its employees in the conditions out of which the said dispute arose.

SOURCE: §§ 521.1 to 521.35, inclusive, is Regulations of Federal Housing Commissioner for Mutual Mortgage Insurance under sec. 203 of the National Housing Act, as amended, revised August 15, 1946. The word "Commissioner" has been substituted in this revision of Part 522 for the word "Administrator", wherever used to conform with the provisions of Executive Order 9070, dated February 24, 1942.

APPROVAL OF MORTGAGEES

§ 521.1 *Governmental institutions approved as mortgagees.* The following institutions are hereby approved as mortgagees under section 203 (b) of the National Housing Act:

- (a) National Mortgage Associations.
- (b) Federal Reserve Banks,
- (c) Federal Home Loan Banks,
- (d) Reconstruction Finance Corporation,
- (e) RFC Mortgage Company, and
- (f) Any other Federal, State or municipal governmental agency that is or may hereafter be empowered to hold mortgages insured under Title II of the National Housing Act as security or as collateral or for any other purpose.

§ 521.2 *Federal Reserve members, other institutions.* Members of the Federal Reserve System, institutions whose accounts are insured by the Federal Savings and Loan Insurance Corporation and institutions whose deposits are insured by the Federal Deposit Insurance Corporation may be approved as mortgagees upon application.

§ 521.3 *Charitable or nonprofit organizations.* Any charitable or nonprofit organization which presents evidence that it is responsible, has permanent funds of not less than \$100,000, and has experience in mortgage investment, may be approved upon application.

§ 521.4 *Approval of other institutions.* Any other institution not hereinbefore mentioned may be approved as a mortgagee upon application if it has the following qualifications and meets the following conditions to the satisfaction of the Commissioner:

- (a) It is a chartered institution or other permanent organization having succession;
- (b) It is subject to the inspection and supervision of a governmental agency which is required by law to make periodic examinations of its books and accounts and it submits satisfactory evidence that it has sound capital funds of a value of not less than \$25,000 (or if a mutual company or association without capital funds, it has a net worth of not less than \$25,000); or if not subject to such inspection and supervision of a governmental agency it shall submit a detailed audit of its books made by an accountant satisfactory to the Commissioner and reflecting a condition satisfactory to him, and also, so long as its approval as mortgagee continues, shall file with the Commissioner similar audits at least once in each calendar year and submit at any time to such examination of its books and affairs as the Commissioner may require, and comply with any other conditions that the Commissioner may impose;
- (c) Its principal activity is lending on or investing in mortgages, funds which are under its own control; and it has sound capital funds properly proportioned to its liabilities and to the character and extent of its operations. Such funds shall be of a value of not less than \$100,000. It is provided that the qualification and condition contained in the preceding sentence shall not apply:

(1) To an institution or other permanent organization of the character described in the first division of paragraph (b) of this section; or

(2) To an institution or other permanent organization that establishes to the satisfaction of the Commissioner that it is a duly authorized loan correspondent of, and whose approval is requested by, an approved mortgagee or assignee which lends on, or invests in, mortgages on a national scale and is subject to the inspection and supervision of a governmental agency, on the condition that the termination of its relationship as such correspondent will be cause (subject to the provisions of § 521.6) for withdrawal of its approval as an approved mortgagee and on the further condition that the correspondent institution and the institution for which it is authorized to act shall agree to notify promptly the Commissioner of the termination of such relationship and on the further condition that the correspondent institution shall agree to originate insured mortgage loans for the purpose of sale only to the institution or institutions which requested its approval; and

(d) If it is not an institution or other permanent organization of the character described in the first division of paragraph (b) of this section, it shall submit an agreement in writing: (1) That so long as it continues to be approved as a mortgagee, it will not issue any mortgage participating certificates on which it assumes personal liability, or issue any guaranty with respect to principal or interest of any mortgage, except that any such obligations outstanding on the date of the application of such institution may thereafter be renewed; and (2) that it will segregate all monthly payments under mortgages insured by the Commissioner, received by it on account of ground rents, taxes, assessments, and insurance premiums, and will deposit such funds in a special account, or accounts, with some banking institution whose accounts are insured by the Federal Deposit Insurance Corporation and shall use such funds for no purpose other than that for which they were received.

§ 521.5 *Approval of fiduciary investments.* Approval as a mortgagee under § 521.1-521.8 of a banking institution or trust company which is subject to the inspection and supervision of a governmental agency, shall be deemed to constitute approval of such institution or company when lawfully acting in a fiduciary capacity in investing fiduciary funds which are under its individual or joint control. Upon termination of such fiduciary relationship, whether by revocation or otherwise, any insured mortgages held in the fiduciary estate shall be transferred to a mortgagee approved under this section and the fiduciary relationship must be such as to permit such transfer.

Nothing in §§ 521.1 to 521.8 inclusive, shall be construed to permit the sale to the general public of instruments representing the beneficial interest in all or part of one or more insured mortgages.

§ 521.6 *Approval may be withdrawn.* Approval of an institution as a mort-

gagee may be withdrawn at any time by notice from the Commissioner. In the discretion of the Commissioner, the transfer of an insured mortgage to a mortgagee not approved to act under §§ 521.1-521.8, or the failure of a mortgagee not subject to the inspection and supervision of a governmental agency, to segregate all funds received from mortgagors on account of ground rents, taxes, assessments and insurance premiums, and to deposit such funds in a special account or accounts, with some banking institution whose accounts are insured by the Federal Deposit Insurance Corporation, or the use of such funds for any purpose other than that for which they were received, or the failure of a mortgagee to conduct its business on the plan indicated by its application for approval, or the termination of its supervision by a governmental agency will be cause for withdrawal of approval. Withdrawal of approval will in no case affect the insurance on mortgages theretofore accepted for insurance.

§ 521.7 *Financial statements to be furnished.* All approved mortgagees shall at any time upon request furnish the Commissioner with a copy of their latest periodic financial statement or report.

§ 521.8 *Proper servicing of mortgages.* All approved mortgagees are required to service insured loans in accordance with acceptable mortgage practices of prudent lending institutions. In the event of default, the mortgagee should be able to contact the mortgagor and otherwise exercise diligence in collecting the amounts due. The holder of the mortgage is responsible to the Commissioner for proper servicing, even though the actual servicing may be performed by an agent of such holder.

APPLICATION AND COMMITMENT

§ 521.9 *Submission of application.* Any approved mortgagee may submit an application for insurance of a mortgage about to be executed, or of a mortgage already executed.

§ 521.10 *Form of application.* The application must be made upon a standard form prescribed by the Commissioner.

§ 521.11 *Fee to accompany application.* If the application is for a firm commitment, it must be accompanied by the mortgagee's check for a sum computed at a rate of three dollars (\$3) per thousand dollars (\$1,000) of the original principal amount of the mortgage loan applied for, to cover the costs of appraisal by the Commissioner, but in no case shall such sum be less than ten dollars (\$10). If an application is refused without an appraisal being made by the Commissioner, the fee will be returned to the applicant but no portion of the fee will be returned after appraisal or on account of any difference between the amount applied for and the amount approved for insurance.

If the application is for a conditional commitment, it must be accompanied by the mortgagee's check for ten dollars (\$10) regardless of the amount of the mortgage. The balance, if any, of the fee as stipulated herein shall be payable

upon and shall accompany the application for the firm commitment, if any, subsequently submitted pursuant thereto.

If the application is made on behalf of a veteran of World War II, for the insurance of a mortgage too refinancing an existing insured mortgage which is in default, by reason of his military service, the fee herein provided may be waived by the Commissioner if he finds that the collection of such fee would be inequitable under the particular circumstances of the transaction.

§ 521.12 *Approval of application.* Upon approval of an application, acceptance of the mortgage for insurance will be evidenced by the issuance of a commitment setting forth, upon a form prescribed by the Commissioner, the terms and conditions upon which the mortgage will be insured.

§ 521.13 *Refinancing existing mortgage.* If on the date of the application for a firm commitment there is a then existing mortgage on the property, whether insured or uninsured, held by a mortgagee other than the applicant, which mortgage is to be refinanced in whole or in part by the mortgage offered for insurance, such application must be accompanied by a certificate executed by the proposed mortgagor certifying that he has applied to the holder of such existing mortgage for refinancing and that after reasonable opportunity, such holder has failed or refused to make a loan of a like amount and on as favorable terms as those of the loan offered for insurance as described in the application submitted therewith after taking into account amortization provisions, commission, interest rate, mortgage insurance premium, and costs to the mortgagor for legal services, appraisal fees, title expenses, and similar charges.

ELIGIBLE MORTGAGES

§ 521.14 *Form, lien.* The mortgage must be executed upon a form approved by the Commissioner for use in the jurisdiction in which the property covered by the mortgage is situated, by a mortgagor with the qualifications hereinafter set forth in §§ 521.28-521.31, must be a first lien upon property that conforms with the property standards prescribed by the Commissioner, and the entire principal amount of the mortgage must have been disbursed to the mortgagor, or to his creditors for his account and with his consent.

§ 521.15 *Maximum amount of mortgage and appraisal value of property.* The mortgage should involve a principal obligation in an amount of \$100 or multiples thereof but must not exceed \$16,000 and must not exceed 80 percent of the appraised value of the property as of the date the mortgage is accepted for insurance except under the following circumstances:

(a) If the amount of the mortgage does not exceed \$5,400 and there is located upon the property a dwelling designed principally for a single family residence, the construction of which (1) is begun after February 3, 1938, and which is approved for mortgage insurance prior to the beginning of construction, or (2) the construction of which was begun after January 1, 1937, and before Febru-

ary 3, 1938, and which at the time the mortgage is accepted for insurance has not been sold or occupied since completion.

Such mortgage may exceed 80%, provided at the time the mortgage is insured the mortgagor is the owner and occupant and has paid on account of the property at least 10 percent of its appraised value, in cash or its equivalent, but must not exceed 90 percent of the appraised value of the property as of the date the mortgage is accepted for insurance.

(b) If the amount of the mortgage does not exceed \$8,600 and the property complies with all of the conditions set forth in paragraph (a) above, except as to the amount of the mortgage, and has an appraised value (as of the date the mortgage is accepted for insurance) in excess of \$6,000, the amount of such mortgage must not exceed 90 percent of \$6,000 of such value, plus 80 percent of the balance of such value.

§ 521.16 *Payments and maturity dates.* The mortgage should come due on the first of a month and must have a maturity satisfactory to the Commissioner, not to be less than four nor more than twenty years from the date of insurance, except that a mortgage of the character described in § 521.15 (a) may have a maturity satisfactory to the Commissioner, not more than twenty-five years from the date of insurance. The amortization period should be either 5, 8, 10, 12, 15, 17 or 20 years by providing for either 60, 96, 120, 144, 180, 204 or 240 monthly amortization payments except that as to mortgages of the character described in § 521.15 (a) such period may also be either 24 or 25 years by providing for 288 or 300 monthly amortization payments.

§ 521.17 *Rate of interest.* The mortgage may bear interest at such rate as may be agreed upon between the mortgagee and the mortgagor, but in no case shall such interest rate be in excess of 4½ percent per annum. Interest shall be payable in monthly installments on the principal then outstanding.

§ 521.18 *Amortization provisions.* The mortgage must contain complete amortization provisions satisfactory to the Commissioner, requiring monthly payments by the mortgagor not in excess of his reasonable ability to pay as determined by the Commissioner. The sum of the principal and interest payments in each month shall be substantially the same.

§ 521.19 *Payment of insurance premiums.* The mortgage may provide for monthly payments by the mortgagor to the mortgagee of an amount equal to one-twelfth of the annual mortgage insurance premium payable by the mortgagee to the Commissioner. Such payments shall continue only so long as the contract of insurance shall remain in effect. The mortgage should provide that upon the payment of the mortgage before maturity, the mortgagor shall pay the adjusted premium charge referred to in § 522.3 (b) but shall not provide for the payment of any further charge on account of such prepayment.

§ 521.20 *Mortgagor's payments to include other charges.* The mortgage shall provide for such equal monthly payments by the mortgagor to the mortgagee as

will amortize the ground rents, if any, and the estimated amount of all taxes, special assessments, if any, and fire and other hazard insurance premiums, within a period ending one month prior to the dates on which the same become delinquent. The mortgage shall further provide that such payments shall be held by the mortgagee in a manner satisfactory to the Commissioner, for the purpose of paying such ground rents, taxes, assessments, and insurance premiums, before the same becomes delinquent, for the benefit and account of the mortgagor. The mortgage must also make provision for adjustments in case the estimated amount of such taxes, assessments, and insurance premiums shall prove to be more, or less, than the actual amount thereof so paid by the mortgagor.

§ 521.21 *Mortgagee's application of payments.* All monthly payments to be made by the mortgagor to the mortgagee as hereinabove provided, in §§ 521.17 to 521.20, inclusive, shall be added together and the aggregate amount thereof shall be paid by the mortgagor each month in a single payment. The mortgagee shall apply the same to the following items in the order set forth:

- (a) Premium charges under the contract of insurance;
- (b) Ground rents, taxes, special assessments, and fire and other hazard insurance premiums;
- (c) Interest on the mortgage; and
- (d) Amortization of the principal of the mortgage.

Any deficiency in the amount of any such aggregate monthly payment shall, unless made good by the mortgagor prior to, or on, the due date of the next such payment, constitute an event of default under the mortgage.

§ 521.22 *Late charge.* The mortgage may provide for a charge by the mortgagee of a "late charge," not to exceed two cents for each dollar of each payment more than fifteen days in arrears, to cover the extra expense involved in handling delinquent payments.

§ 521.23 *Mortgagor's payments when mortgage is executed.* The mortgagor must pay to the mortgagee, upon the execution of the mortgage, a sum that will be sufficient to pay the ground rents, if any, and the estimated taxes, special assessments, and fire and other hazard insurance premiums for the period beginning on the date to which such ground rents, taxes, assessments, and insurance premiums were last paid and ending on the date of the first monthly payment under the mortgage and may be required to pay a further sum equal to the first annual mortgage insurance premium, plus an amount sufficient to pay the mortgage insurance premium from the date of closing the loan to the date of the first monthly payment.

§ 521.24 *Service charge.* The mortgagee may charge the mortgagor the amount of the appraisal fee provided for in § 521.11 and an initial service charge to reimburse itself for the cost of closing the transaction. Such service charge shall not exceed one percent of the original principal amount of the mortgage

or a charge of \$20, whichever is the greater, except that in cases of property under construction or to be constructed where the mortgagee makes partial disbursements and inspections of the property during the progress of construction, such initial service charge may be in an amount not in excess of 2½ percent of the original principal amount of the mortgage or a charge of \$50, whichever is the greater.

§ 521.25 *Approval of other charges.* In addition to the charges hereinbefore mentioned, the mortgagee may collect from the mortgagor only recording fees and such appraisal fees and cost of title search as are approved by the Commissioner. Nothing in this section and § 521.24 shall be construed as prohibiting the mortgagor from dealing through a broker, who does not represent the mortgagee, if he prefers to do so, and paying the broker such compensation as is satisfactory to the mortgagor.

§ 521.26 *Project must be economically sound.* The mortgage must be executed with respect to a project which, in the opinion of the Commissioner, is economically sound.

ELIGIBLE MORTGAGORS

§ 521.27 *Mortgage must be only lien upon property.* A mortgagor must establish that after the mortgage offered for insurance has been recorded, the mortgaged property will be free and clear of all liens other than such mortgage and that there will not be outstanding any other unpaid obligation contracted in connection with the mortgage transaction or the purchase of the mortgaged property, except obligations which are secured by property or collateral owned by the mortgagor independently of the mortgaged property: *Provided*, That if the mortgagor is a veteran and obtains a guaranteed loan under Title III of the Servicemen's Readjustment Act of 1944 the existence of such loan or any secondary lien upon the mortgaged property to secure such loan shall not render the first mortgage ineligible for insurance.

§ 521.28 *Relationship of income to mortgage payments.* A mortgagor must establish that the periodic payments required in the mortgage submitted for insurance bear a proper relation to his present and anticipated income and expenses.

§ 521.29 *Credit standing of mortgagor.* A mortgagor must have a general credit standing satisfactory to the Commissioner.

§ 521.30 *Residence of mortgagor.* A mortgagor is not restricted as to place of residence and need not be the occupant of the property covered by the mortgage, except where the principal obligation of the mortgage exceeds 80 percent of the appraised value under the conditions set forth in § 521.15 (a) and (b).

ELIGIBLE PROPERTIES

§ 521.31 *Nature of title to the realty.* A mortgage to be eligible for insurance must be on real estate held in fee simple, or on leasehold under a lease for not less than 99 years which is renewable, or under a lease with a period of not less than

50 years to run from the date the mortgage is executed.

§ 521.32 *Dwelling unit located on property.* At the time a mortgage is insured there must be located on the mortgaged property a dwelling unit designed principally for residential use for not more than four families. Such unit may be connected with other dwellings by a party wall or otherwise.

§ 521.33 *Standards for buildings.* The buildings on the mortgaged property must conform with the standards prescribed by the Commissioner.

§ 521.34 *Location of property.* The mortgaged property, if otherwise acceptable to the Commissioner, may be located in any community where the housing standards meet the requirements of the Commissioner.

§ 521.35 *Effective date.* The administrative rules in this part are effective as to all mortgages on which a commitment to insure is issued to an approved mortgagee on or after August 15, 1946.

AUTHORITY: §§ 522.1 to 522.19, inclusive, issued under sec. 211, as added by sec. 3, 52 Stat. 23; 12 U.S.C. Sup., 1715b.

SOURCE: §§ 522.1 to 522.19, inclusive, is Regulations of Federal Housing Commissioner for Mutual Mortgage Insurance under section 203 of the National Housing Act, as amended, revised August 15, 1946. The word "Commissioner" has been substituted in this revision of Part 522 for the word "Administrator" wherever used to conform with the provisions of Executive Order 9070 dated February 24, 1942.

§ 522.1 *Citation.* The regulations in this part may be cited and referred to as "Part 522—Regulations of the Federal Housing Commissioner for Mutual Mortgage Insurance under section 203 of the National Housing Act, as amended, revised August 15, 1946."

§ 522.2 *Definitions.* As used in the regulations in this part:

(a) The term "Commissioner" means the Federal Housing Commissioner.

(b) The term "Act" means the National Housing Act.

(c) The term "mortgage" means such a first lien upon real estate as is commonly given to secure advances on, or the unpaid purchase price of, real estate under the laws of the jurisdiction where the real estate is situated, together with the credit instruments, if any, secured thereby.

(d) The term "insured mortgage" means a mortgage which has been insured by the endorsement of the Commissioner.

(e) The term "mortgagor" means the original borrower under a mortgage and his heirs, executors, administrators, and assigns.

(f) The term "mortgagee" means the original lender under a mortgage and its successors and such of its assigns as are approved by the Commissioner.

(g) The term "contract of insurance" means the endorsement of the Commissioner upon the credit instrument given in connection with an insured mortgage, incorporating by reference the regulations in this part.

§ 522.3 *Premiums.* (a) The mortgagee shall pay to the Commissioner an annual mortgage insurance premium equal to one-half of one per centum ($\frac{1}{2}\%$) of the average outstanding principal obligation for the twelve-month period following the date on which such premium becomes payable, and calculated in accordance with the amortization provisions without taking into account delinquent payments or prepayments.

The first such premium is to be paid on the date on which such insurance becomes effective by endorsement and shall be calculated on the average outstanding principal balance for the year beginning with a day thirty days prior to the date of the first monthly payment. Until the mortgage is paid in full or the mortgaged property is acquired by the Commissioner as hereinafter set forth, or until the contract of insurance is otherwise terminated as hereinafter provided, the next and each succeeding premium shall be paid annually thereafter on the anniversary of such day, and the amount of the second premium payment will be adjusted accordingly. Such premiums shall be paid either in cash or debentures issued under Title II of the National Housing Act at par plus accrued interest.

The provisions of this section with reference to the amount of principal on which the premium charge is calculated shall also apply to mortgages insured prior to the date of the regulations in this part but only in respect to premiums payable after February 3, 1938.

(b) In the event that the principal obligation of any mortgage accepted for insurance is paid in full prior to maturity, the mortgagee shall within thirty days thereafter notify the Commissioner of the date of prepayment and shall pay to the Commissioner an adjusted premium charge of one per centum of the original principal amount of the prepaid mortgage, except that if at the time of such prepayment there is placed on the

mortgaged property a new insured mortgage in an amount less than the original amount of the prepaid mortgage, such adjusted premium shall be one per centum of the difference in such amounts.

In no event shall the adjusted premium exceed the aggregate amount of premium charges which would have been payable if the mortgage had continued to be insured until maturity.

No adjusted premium shall be due or payable in the following cases:

(1) Where at the time of such prepayment there is placed on the mortgaged property a new insured mortgage for an amount equal to or greater than the original principal amount of the prepaid mortgage; or

(2) Where the final maturity specified in the mortgage is accelerated solely by reason of partial prepayments made by the mortgagor which do not exceed in any one calendar year fifteen per centum (15%) of the original face amount of the mortgage; or

(3) Where the final maturity specified in the mortgage is accelerated solely by reason of payments to principal to compensate for (i) damage to the mortgaged property, or (ii) a release of a part of such property if approved by the Commissioner; or

(4) Where payment in full is made of a delinquent mortgage on which foreclosure proceedings have been commenced, or for the purpose of avoiding foreclosure, if the transaction is approved by the Commissioner.

(5) Where the final maturity specified in the mortgage is accelerated solely by reason of partial prepayments which in any one calendar year exceed fifteen per centum of the original face amount of the mortgage, if made by the mortgagor during the period of the national emergency declared by the President to exist on May 27, 1941; or where the principal obligation of any mortgage accepted for insurance is paid in full prior to maturity by the mortgagor during the period of such national emergency: *Provided*, The mortgagee submits to the Commissioner a certificate signed by the mortgagor certifying that the mortgage has been paid in full without refinancing or otherwise creating any obligation or debt for which the mortgagor or property owned by the mortgagor is liable.

Upon such prepayment the contract of insurance shall terminate.

(c) If at the time of prepayment a new insured mortgage is placed on the same property, the Commissioner will refund to the mortgagee for the account of the mortgagor an amount equal to the pro rata portion of the current annual mortgage insurance premium theretofore paid, which is applicable to the portion of the premium year subsequent to such prepayment.

§ 522.4 *Insurance endorsement.* Upon compliance, satisfactory to the Commissioner, with the terms of his commitment to insure, the Commissioner will endorse the original credit instrument in form as follows:

No. -----
Insured under the
National Housing Act
And Regulations of the
Federal Housing Commissioner
For Mutual Mortgage Insurance
Dated November 1, 1934
As amended -----
Federal Housing Commissioner
By -----
Authorized Agent

Date -----

The mortgage shall be an insured mortgage from the date of such endorsement. The Commissioner and the mortgagee shall thereafter be bound by the regulations in this part with the same force and to the same extent as if a separate contract had been executed relating to the insured mortgage, including the provisions of the regulations in this part and of the National Housing Act.

§ 522.5 *Classification of mortgages.* Insured mortgages shall be so classified in groups that the mortgages in any group shall involve substantially similar risk characteristics.

§ 522.6 *Premium charges and other fees credited to group account.* Premium charges received for the insurance of any mortgage, appraisal and other fees, the receipts derived from the property covered by the mortgage and claims assigned to the Commissioner in connection therewith, and all earnings on the assets of the group account shall be credited to the account of the group to which the mortgage is assigned.

§ 522.7 *Charges against group account.* The principal of, and interest paid or to be paid on, debentures issued in exchange for any property, payments made or to be made to the mortgagee and mortgagor, and expenses incurred in the handling of the property covered by the mortgage and in collection of claims assigned to the Commissioner in connection therewith shall be charged to the account of the group to which such mortgage is assigned.

§ 522.8 *Termination of group account.* The Commissioner shall terminate the insurance as to any group of mortgages (a) when he shall determine that the amounts to be distributed as hereinafter set forth to each mortgagee under an outstanding mortgage assigned to such group are sufficient to pay off the unpaid principal of each such mortgage; or (b) when all the outstanding mortgages in any group have been paid.

Upon such termination, the Commissioner shall charge the group account with the estimated losses arising from transactions relating to that group, shall transfer to the General Reinsurance Account an amount equal to ten per centum of the total premium charges theretofore credited to such group account, and shall distribute to the mortgagees, for the benefit and account of the mortgagors of the mortgages assigned to such group, the balance remaining in such group in such proportions as may be equitable as among such mortgages and in accordance with sound actuarial and accounting practice.

§ 522.9 *Application of funds by mortgagee.* The mortgagee shall accept such payment and apply it on account of the obligation, if any, of the mortgagor under the insured mortgage and distribute the balance, if any, to the mortgagor. If such payment is sufficient to satisfy the obligation of the mortgagor in full, the mortgagee shall thereupon deliver to the mortgagor any instrument or instruments necessary or proper to discharge such mortgage.

§ 522.10 *Amount of payment determined by Commissioner.* No mortgagor or mortgagee shall have any vested right in a credit balance in any such account or be subject to any liability arising out of the mutuality of the Mutual Mortgage Insurance Fund, and the determination of the Commissioner as to the amount to be paid by him to any mortgagee or mortgagor shall be final and conclusive.

§ 522.11 *Rights of parties on termination of insurance.* In the event the mortgagee forecloses on the mortgaged property, but does not convey it to the Commissioner in accordance with § 522.14, and the Commissioner is given written notice thereof, or in the event the mortgagor pays the obligation under the mortgage in full, prior to the maturity thereof, and the mortgagee pays any adjusted premium required under § 522.3 (b), and the Commissioner is given written notice by the mortgagee of such payment by the mortgagor, the obligation to pay any subsequent premium charge for insurance shall cease and all rights of the mortgagee and mortgagor, under § 522.14 shall terminate as of the date of such notice. Upon such termination, the mortgagor shall be entitled to receive a share of the credit balance of the group account to which the mortgage has been assigned in such amount as the Commissioner shall determine to be equitable and not inconsistent with the solvency of the group account and of the Fund.

§ 522.12 *Time of default.* If the mortgagor fails to make any payment, or to perform any other covenant or obligation under the mortgage, and such failure continues for a period of thirty days, the mortgage shall be considered in default, and the mortgagee shall, within sixty days thereafter, give notice in writing to the Commissioner of such default, unless such default has been cured or unless the Commissioner has been notified of a previous default which remains uncured.

§ 522.13 *Transfer of property to the Commissioner; conditions of default in mortgage.* At any time within one year from the date of default the mortgagee, at its election, shall either:

(a) With, and subject to, the consent of the Commissioner, acquire by means other than foreclosure of the mortgage, possession of, and title to, the mortgaged property; or

(b) Commence foreclosure of the mortgage: *Provided*, That if the laws of the State in which the mortgaged property is situated do not permit the commencement of such foreclosure within such period of time, the mortgagee shall commence such foreclosure within sixty

days after the expiration of the time during which such foreclosure is prohibited by such laws.

The mortgagee shall promptly give notice in writing to the Commissioner of the institution of foreclosure proceedings and shall exercise reasonable diligence in prosecuting such proceedings to completion.

For the purposes of this section, the date of default shall be considered as thirty days after (1) the first uncorrected failure to perform a covenant or obligation, or (2) the first failure to make a monthly payment which subsequent payments by the mortgagor are insufficient to cover when applied to the overdue monthly payments in the order in which they became due.

If after default and prior to the completion of foreclosure proceedings, the mortgagor shall pay to the mortgagee all monthly payments in default and such expenses as the mortgagee shall have incurred in connection with the foreclosure proceedings, notice shall be given to the Commissioner, and the insurance shall continue as if such default had not occurred.

Nothing contained in this section shall be construed so as to prevent the mortgagee, with the written consent of the Commissioner, from taking action at a later date than herein specified.

If at any time during default the mortgagor is a "person in military service," as such term is defined in the Soldiers' and Sailors' Civil Relief Act of 1940, the period during which he is in such service shall be excluded in computing the one year period within which the mortgagee shall commence foreclosure or acquire the property by other means as provided in this section and no postponement or delay in the prosecution of foreclosure proceedings during the period the mortgagor is in such military service shall be construed as failure on the part of the mortgagee to exercise reasonable diligence in prosecuting such proceedings to completion as required by this section. If the mortgagor is a person in military service as defined in such act, the mortgagee may, by written agreement with the mortgagor, postpone for the period of military service, and three months thereafter, that part of the monthly payment, or any part thereof which represents amortization of principal: *Provided*, Such agreement contains a provision for the resumption of monthly payments thereafter in amounts which will completely amortize the mortgage debt within its original maturity. Such agreement, however, will in no way affect the amount of the annual mortgage insurance premium which will continue to be calculated in accordance with the original amortization provisions."

§ 522.14 *Condition of property when transferred; delivery of debentures; certificate of claim and definition of the term "waste."* If the default is not cured as aforesaid, and if the mortgagee has otherwise complied with the provisions of § 522.13, and at any time within thirty days (or such further time as may be necessary to complete the title examination and perfect such title) after acquiring possession of the mortgaged property

by foreclosure, or by other means in accordance with paragraph (a) of § 522.13, tenders to the Commissioner possession of, and a deed containing a covenant which warrants against the acts of the mortgagee and all claiming by, through, or under it, conveying good merchantable title (evidenced as hereinafter provided in § 522.15) to, such property undamaged by fire, earthquake, flood, or tornado, and undamaged by waste, except as hereinafter in this section provided, and assigns (without recourse or warranty) any and all claims which it has acquired in connection with the mortgage transaction, and as a result of the foreclosure proceedings or other means by which it acquired such property, except such claims as may have been released with the approval of the Commissioner, the Commissioner shall promptly accept conveyance of such property and such assignment and shall deliver to the mortgagee:

(a) Debentures of the Mutual Mortgage Insurance Fund as set forth in section 204 of the act, issued as of the date foreclosure proceedings were instituted or the property was otherwise acquired by the mortgagee after default, bearing interest at the rate of two and three-quarters per centum (2¾%) per annum payable semi-annually on the first day of January and the first day of July of each year, and having a total face value equal to the value of the mortgage as defined in section 204 (a) of the act. Such value shall be determined by adding to original principal of the mortgage, which was unpaid on the date of the institution of foreclosure proceedings or the acquisition of the property otherwise after default, the amount of all payments, which have been made by the mortgagee for taxes, ground rent and water rates, which are liens prior to the mortgage, special assessments, which are noted on the application for insurance or which become liens after the insurance of the mortgage, insurance on the property mortgaged and any mortgage insurance premium paid after the institution of foreclosure proceedings or the acquisition of the property otherwise after default, and by deducting from such total any amount received on account of the mortgage after the institution of foreclosure proceedings or the acquisition of the property otherwise after default and from any source relating to the property on account of rent or other income after deducting reasonable expenses incurred in handling the property: *Provided, however*, That with respect to mortgages which are accepted for insurance prior to July 1, 1944, under section 203 (b) (2) (B), on which the unpaid principal obligation at the time of the institution of foreclosure proceedings exceeds eighty per centum (80%) of the appraised value of the property as of the date the mortgage was accepted for insurance, there will be included in the debentures issued by the Commissioner, on account of foreclosure costs actually paid by the mortgagee and approved by the Commissioner an amount not in excess of two percent of the unpaid principal of the mortgage as of the date of the institution of foreclosure pro-

ceedings, but in no event in excess of \$75.00: *Provided further*, That with respect to mortgages to which the provisions of sections 302 and 306 of the Soldiers' and Sailors' Civil Relief Act of 1940, as amended, apply and which are insured under section 203 of the National Housing Act, there shall be included in the debentures an amount which the Commissioner finds to be sufficient to compensate the mortgagee for any loss which it may have sustained on account of interest on debentures and the payment of insurance premiums by reason of its having postponed the institution of foreclosure proceedings or the acquisition of the property by other means during any part or all of the period of such military service and three months thereafter.

Such debentures shall be registered as to principal and interest and all or any such debentures may be redeemed, at the option of the Commissioner with the approval of the Secretary of the Treasury, at par and accrued interest on any interest payment day on three months' notice of redemption given in such manner as the Commissioner shall prescribe.

(b) A certificate of claim in accordance with section 204 (e) of the act, which shall become payable, if at all, upon the sale and final liquidation of the interest of the Commissioner in such property in accordance with section 204 (f) of the act. This certificate shall be for an amount which the Commissioner shall determine to be sufficient to pay all amounts due under the mortgage and not covered by the amount of debentures and shall include a reasonable amount for necessary expenses incurred by the mortgagee in connection with the foreclosure proceedings or the acquisition of the mortgaged property otherwise and the conveyance thereof to the Commissioner, including reasonable attorney's fees, unpaid interest and cost of repairs to the property made by the mortgagee after default to remedy the waste mentioned in this section. Each such certificate of claim shall provide that there shall accrue to the holder thereof with respect to the face amount of such certificate, an increment at the rate of three per centum (3%) per annum.

The term "waste" as used in this section means permanent or substantial injury caused by unreasonable use, or abuse, and is not intended to include damage caused by ordinary wear and tear.

The provisions of this section concerning waste, shall not apply to mortgages on which the unpaid principal obligation at the time of the institution of foreclosure proceedings exceeds seventy-five percent of the appraised value of the property as of the date of the mortgage was accepted for insurance.

§ 522.15 *Satisfactory title evidence.* Evidence of title of the following types will be satisfactory to the Commissioner:

(a) A fee or owner's policy of title insurance, a guaranty or guarantee of title, or a certificate of title, issued by a title company, duly authorized by law and qualified by experience to issue such; or

(b) An abstract of title prepared by an abstract company or individual engaged in the business of preparing abstracts of title and accompanied by the legal opin-

ion as to the quality of such title signed by an attorney at law experienced in examination of titles; or

(c) A Torrens or similar title certificate; or

(d) Evidence of title conforming to the standards of a supervising branch of the Government of the United States or of any State or Territory thereof.

Such evidence of title shall be furnished without cost to the Commissioner and shall be executed as of a date to include the recordation of the deed to the Commissioner, and shall show that, according to the public records, there are not, at such date, any outstanding prior liens, including any past due and unpaid ground rents, general taxes, or special assessments.

If the title and title evidence are such as to be acceptable to prudent lending institutions and leading attorneys generally in the community in which the property is situated, such title and title evidence will be satisfactory to the Commissioner and will be considered by him as good and merchantable.

The Commissioner will not object to the title by reason of the following matters, provided they are not such as to impair the value of the property for residence purposes, or provided they have been brought to the attention of the insuring office for consideration in fixing the valuation:

(1) Customary easements for public utilities, party walls, driveways, and other purposes; customary building or use restrictions for breach of which there is no reversion and which have not been violated to a material extent;

(2) Such restrictions when coupled with a reversionary clause, provided there has been no violation prior to the date of the deed to the Commissioner;

(3) Slight encroachments by adjoining improvements;

(4) Outstanding oil, water, or mineral rights which, in the opinion of the Commissioner, do not impair the value of the property for residence purposes, or which are customarily waived by prudent lending institutions and leading attorneys generally in the community.

§ 522.16 *Assignment of mortgages.* When the insured mortgage is transferred to another approved mortgage, such transferor and transferee shall both notify the Commissioner of such transfer within thirty days thereof, and the transferee shall thereupon succeed to all the rights and become bound by all the obligations of the transferor under the contract of insurance; and the transferor shall thereupon be released from its obligations under the contract of insurance.

Whenever the insured mortgage is transferred to another approved mortgage for the purposes of collateral only, no notice need be given to the Commissioner until such collateral is foreclosed, but the transferor shall remain subject to all the obligations of the contract of insurance.

§ 522.17 *Termination of contract of insurance.* The contract of insurance shall terminate upon the happening of either of the following events:

(a) The acquisition of the insured mortgage by, or the pledge thereof to, any person, firm, or corporation, public

or private, other than an approved mortgagee, whether individually or in trust for another: *Provided*, That this paragraph shall not be applicable to a mortgage acquired or held by an approved mortgagee, which is a banking institution or trust company inspected and supervised by some governmental agency, for a trust held or administered by it in a fiduciary capacity, as long as such fiduciary relationship shall remain in effect;

(b) The disposal by an approved mortgagee of any partial interest in an insured mortgage or group of insured mortgages (whether to another approved mortgagee or otherwise) by means of a declaration of trust, or by a participation or trust certificate, or by any other device: *Provided*, That this paragraph shall not be applicable to any mortgage so long as it is held in a common trust fund maintained by a bank or trust company (1) exclusively for the collective investment and reinvestment of moneys contributed thereto by the bank or trust company in its capacity as a trustee, executor or administrator; and (2) in conformity with the rules and regulations prevailing from time to time of the Board of Governors of the Federal Reserve System, pertaining to the collective investment of trust funds; *Provided further*, That this subsection (b) shall not be applicable to any mortgage so long as it is held in a common trust estate administered by a bank or trust company which is subject to the inspection and supervision of a governmental agency, exclusively for the benefit of other banking institutions which are subject to the inspection and supervision of a governmental agency, and which are authorized by law to acquire beneficial interest in such common trust estate, nor to any mortgage or group of mortgages transferred to such a bank or trust company as trustee exclusively for the benefit of outstanding owners of undivided interests in the trust estate, under the terms of certificates issued and sold more than three years prior to said transfer, by a corporation which is subject to the inspection and supervision of a governmental agency.

Upon the termination of the insurance under this section, the mortgagor shall be entitled to receive a share of the credit balance of the account of the group to which the insured mortgage has been assigned, in such amount as the Commissioner shall determine to be equitable and not inconsistent with the preservation of the solvency of such account and the Mutual Mortgage Insurance Fund.

§ 522.18 *Amendments.* The regulations in this part may be amended by the Commissioner at any time and from time to time, in whole or in part, but such amendment shall not affect the contract of insurance on any mortgage already insured, or any mortgage or prospective mortgage on which the Commissioner has made a commitment to insure.

§ 522.19 *Effective date.* The regulations in this part are effective as to all mortgages on which a commitment to

insure is issued to an approved mortgagee on or after August 15, 1946. Wherever a mortgagee so desires, the provisions of the Regulations in this part shall become a part of any contract of insurance heretofore made.

Issued at Washington, D. C., August 15, 1946.

RAYMOND M. FOLEY,
Federal Housing Commissioner.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

[T. D. 5531]

Subchapter C—Miscellaneous Excise Taxes

PART 310—TAXES ON OLEOMARGARINE, ADULTERATED BUTTER, AND PROCESS OR RENOVATED BUTTER

IMPORTATION OF OLEOMARGARINE FROM PHILIPPINE ISLANDS

In order to conform Regulations 9 (1936 edition) (26, CFR, Part 310), to section 507 (b) of the Philippine Trade Act of 1946 (Pub. Law 371, 79th Congress), approved April 30, 1946, such regulations, but only as prescribed and made applicable to the Internal Revenue Code by Treasury Decision 4886, approved February 11, 1939 (26 CFR Cum. Supp., Note), are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 310.81 (Article 81) the following:

SEC. 3340. SHIPMENTS TO THE UNITED STATES. (Internal Revenue Code.)

(a) *Tax Imposed in United States*—(1) *Amount.* There shall be levied, collected, and paid, in the United States, upon articles, goods, wares, or merchandise coming into the United States from the Philippine Islands a tax equal to the internal-revenue tax imposed in the United States upon the like articles, goods, wares, or merchandise of domestic manufacture.

(2) *Payment.* Such tax shall be paid by internal revenue stamp or stamps, to be provided by the Commissioner, and to be affixed in such manner and under such regulations as he, with the approval of the Secretary, shall prescribe.

(b) *Exemption from tax imposed in the Philippine Islands.* Such articles, goods, wares, or merchandise shipped from said Islands to the United States shall be exempt from the payment of any tax imposed by the internal revenue laws of the Philippine Islands.

SEC. 507. SPECIAL EXCISE PROVISIONS RELATING TO THE PHILIPPINES REPEALED. (Philippine Trade Act of 1946, Public Law 371, 79th Congress, approved April 30, 1946.) * * *

(b) Sections 3340, * * * of the Internal Revenue Code, are repealed, effective July 4, 1946.

PAR. 2. Section 310.81 (Article 81) is amended as follows:

(a) By striking out the word "Oleomargarine" at the beginning thereof and inserting in lieu of such word the following: "Prior to July 4, 1946, oleomargarine".

(b) By adding thereto a paragraph reading as follows:

No. 165—2

On and after July 4, 1946, all oleomargarine coming into the United States from the Philippine Islands is taxable at the rate of 15 cents per pound, in addition to any customs duty imposed thereon, the same as oleomargarine imported from other foreign countries.

(Sec. 3791, I.R.C. (53 Stat. 467; 26 U.S.C. 3791))

[SEAL] JOSEPH D. NUNAN, Jr.,
Commissioner of Internal Revenue.

Approved: August 22, 1946.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Direction 9, as Amended Aug. 23, 1946]

SPECIAL INVENTORY RESTRICTIONS FOR MANUFACTURERS OF CERTAIN TEXTILE ITEMS

The following amended direction is issued pursuant to PR 32:

(a) *Purpose.* This direction contains special inventory rules for manufacturers of certain apparel. Its purpose is to assure prompt and continuous deliveries of such products for distribution to consumers, by preventing the accumulation by manufacturers of inventories which would be excessive, in view of the extremely urgent need for the products by purchasers. These special rules are more specific than the general rules in Priorities Regulation 32, and are controlling. They apply whether or not the materials from which the products are made are acquired with priorities assistance. However, when the products are made from materials acquired with ratings assigned under Order M-328B, the specific rules in that order are controlling. When a particular situation or action is not covered either by the rules in this direction or those in Order M-328B, the general rules in Priorities Regulation 32 still apply.

(b) *Restrictions on receipts of production materials.* Receipts of fabric, yarn and other materials for making products on List A of this direction are limited to the quantities permitted under Priorities Regulation 32.

(c) *Restrictions on processing.* (1) No manufacturer of any products on List A may cut, process, or otherwise alter any finished fabric or yarn made of cotton, synthetic fiber or wool, or their blends, for use as body fabric, body lining, or any other purpose in making any of such listed products, if his inventory of the material in its cut, processed, or otherwise altered shape or form is, or will be, more than a practicable minimum working inventory. This limitation applies whether the manufacturer does his own processing or has it done for his account by others. He

may not exceed it by causing or permitting avoidable delays in transportation, storage, or processing, nor by putting or having put into process quantities of material which would exceed it, or which would give him a quantity of partly processed material or partly finished products greater than that which he can assemble and complete into finished products under the rules in this direction.

(2) In addition, no manufacturer of any products on List A may cut, process, or otherwise alter any finished fabric or yarn made of cotton, synthetic fiber, or wool, or their blends, or have any other person do so for him, for use as body fabric or body lining or any other purpose in making any of such products, if his inventory of the finished products is, or will be, more than the smaller of the following:

(i) A practicable minimum working inventory, or

(ii) The quantity of that product which he produced during the period of time indicated in List A. (Where a manufacturer has not been making a product, this limitation in (c) (2) (ii) does not apply during the 30 calendar days after his initial production of that product has begun.)

(3) "Finished product" includes all products of the kinds on List A in a manufacturer's possession and all held for his account in a public warehouse or by any other person, on which the manufacturing processes have been completed, whether or not they have been sorted, pressed, labelled or packaged.

(4) In determining what is a practicable minimum working inventory of finished products, any inventory which is larger than that which a manufacturer has been maintaining in the immediate past (even where less than that permitted under paragraph (c) (2) (ii) above) is excessive, unless there are valid reasons why this is not so. For example, withholding of products in anticipation of increases in OPA ceiling prices is not a valid reason. Also, in the case of products which can be distributed very quickly by a manufacturer, an inventory not greater than the quantity produced in the period of a week or ten days may be a practicable minimum working inventory.

(5) If in any case a product on List A is designated on that list as a seasonal one, and a particular manufacturer must produce and stock it up in advance of the season because he is unable to make sales until the seasonal demand occurs, he may have an inventory larger than that specified in (c) (2) (ii) above, provided his inventory is no greater and is accumulated no further in advance than that which he would normally have in the ordinary course of his business to meet reasonably anticipated future seasonal requirements.

(6) The rules in this paragraph (c) apply for products on List A instead of the rule in paragraph (f) of Priorities Regulation 32.

(d) *Other rules and regulations.* The failure of a manufacturer to schedule his production in such a way that his finished products can be disposed of in accordance with applicable regulations of the Office of Price Administration and other governmental agencies does not relieve him from the restrictions in this direction.

(e) *Adjusting purchase orders, production, and sales*—(1) *Outstanding orders.* If because of a change in operations, slowing of production, delayed delivery by a supplier, or any other change in requirements, a manufacturer who has ordered material for future delivery would, if he accepted delivery on the date specified, exceed the limits prescribed by this direction (or by Priorities Regulation 32), he must promptly adjust his outstanding orders, and, if necessary, postpone or cancel them. Paragraph (h) of Priorities Regulation 32 describes what further deliveries may be accepted after his orders have been adjusted.

(2) *Finished product inventories.* Whenever List A is amended and a manufacturer of any product is affected by such an amendment and has an inventory of more than the amount permitted by paragraph (c) (2) (ii) of this direction, he must promptly, and in any event within 15 days after the issuance of such amendment, either bring his inventory within the applicable limits by increasing his rate of sales or by reducing his rate of operations, or stop further production until his inventory is within the applicable limits. Similarly, manufacturers of products on List A must keep their inventories within the applicable limits by increasing rate of sales, or by reducing rate of operations.

(f) *Other rules.* The rules stated in Priorities Regulation 32 and other directions to it must also be observed with respect to products on List A, except as stated in this direction.

Issued this 23d day of August 1946.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 28, Schedule I, as Amended Aug. 6, 1946, Amdt. 1]

CRITICAL PRODUCTS

Schedule I to Priorities Regulation 28 is amended by substituting the following for the present item "alcohol":

except maximum prices for lake dock sales of railroad fuel established by § 1340.256 (a), may be increased as follows:

(1) The maximum prices for bituminous coal, lignite, briquettes, packaged fuel, and other miscellaneous solid fuels except Bernice semi-anthracite, and Virginia semi-anthracite, on sales to all persons, other than resellers and purchasers in railroad carlots f. o. b. seller's facilities, may be increased by an amount not to exceed 18 cents per net ton; and on sales to resellers and purchasers in railroad carlots f. o. b. seller's facilities, by an amount not to exceed 9 cents per net ton.

(2) The maximum prices for Pennsylvania anthracite, coke, Bernice semi-anthracite and Virginia semi-anthracite, on sales to persons, other than resellers and purchasers in railroad carlots f. o. b. seller's facilities, may be increased by an amount not to exceed 30 cents per net ton, and on sales to resellers and purchasers in railroad carlots f. o. b. seller's facilities, by an amount not to exceed 10 cents per net ton.

2. Section 1340.256 (a) (1) (iii) is amended to read as follows:

(iii) Sixty (60) cents per net ton.

This amendment shall become effective August 22, 1946.

Issued this 22d day of August 1946.

PART 1345—COKE
[MPR 77, Amdt. 6]

BEEHIVE OVEN COKE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 77 is amended in the following respects:

1. Section 7 is amended to read as follows:

SEC. 7. *Maximum prices for sales of beehive oven coke produced in the Connellsville District—(a) Maximum prices.*

(1) The maximum delivered price for beehive oven furnace coke produced in the Connellsville District in-hand drawn ovens and for which the total coal supply is necessarily trucked from the mine to the ovens shall be \$9.35 per net ton, f. o. b. cars ovens, plus the transportation charges from Connellsville, Pennsylvania, to the place of delivery as customarily computed: *Provided*, That any seller of such coke shall have filed with the Office of Price Administration an affidavit stating the name, ownership, and average monthly production of the operation, the number of ovens operated, whether part or all of the ovens are hand-drawn, and the distance and place from which the coal is trucked.

(2) The maximum delivered price for all other beehive oven furnace coke produced in the Connellsville District shall be \$8.75 per net ton f. o. b. cars ovens, plus the transportation charges from Connellsville, Pennsylvania to the place of delivery as customarily computed.

(b) *Selling commissions.* Selling commissions or charges for the sale of beehive oven furnace coke produced in the Connellsville District shall not exceed \$.25 per net ton.

2. Section 9 is amended to read as follows:

SEC. 9. *Maximum prices for sales of all other beehive oven coke—(a) Sales by producers.* The maximum price for beehive oven coke (other than beehive oven furnace coke produced in the Connellsville District and beehive oven foundry coke produced in Fayette or Nicholas Counties, West Virginia) when sold by a producer at or for delivery from the oven plant shall be the sum of the price determined in accordance with the applicable rule set forth in subparagraph (1) below, plus the applicable addition set forth in subparagraph (2) below.

(1) *Price determining rules.* (i) The price for such coke shall be price specified in the last price circular, list or schedule issued by the producer on or before December 31, 1941, and in effect during the period December 15-31, inclusive, 1941, for sales of the same size, kind and quality of coke; to purchasers of the

same general class; for the same general use; and by the same method and under the same terms of delivery.

(ii) If a price cannot be determined under (i), the price for such coke shall be the weighted average price charged by the producer during the period December 15-31, inclusive, 1941, for deliveries of the same size, kind and quality of coke; to purchasers of the same general class; for the same general use; and by the same method and under the same terms of delivery. "Weighted average price" means that amount obtained by dividing the total sum received on deliveries in the specified period (before the deduction of any allowances or discounts or the addition of any special service charge) by the total number of tons delivered.

(iii) If a price cannot be determined under (i) or (ii), the price for such coke shall be the price, as determined under the provisions of this subparagraph (1), of the seller's most closely competitive producer in the same locality for the sale of the same size, kind and quality of coke; to purchasers of the same general class; for the same general use; and by the same method and under the same terms of delivery.

(2) *Additions.* The applicable amount set forth below may be added to the applicable price determined in accordance with the rules set forth in (1):

(i) A producer of beehive oven coke made in Wise County, Virginia, may add a sum not to exceed \$1.00 per net ton.

(ii) A producer of beehive oven coke, other than beehive oven furnace coke, made in the Connellsville District may add a sum not to exceed \$2.85 per net ton for handdrawn coke or \$2.75 per net ton for machine-drawn coke.

(b) *Sales by distributors.* Maximum prices for beehive oven coke (other than beehive oven furnace coke produced in the Connellsville District and beehive oven foundry coke produced in Fayette or Nicholas Counties, West Virginia) when sold by a distributor at or for delivery from the oven plant shall be the sum of the net cost of the beehive oven coke to the distributor plus an amount found by multiplying such net cost by the distributor's March 31, 1946 percentage mark-up.

(1) "Net cost", as used in this paragraph (b), means the distributor's invoice cost for the coke being priced less all discounts he could have taken or his supplier's maximum price for sales to the distributor, whichever is lower.

(2) "March 31, 1946 percentage mark-up" means the percentage margin obtained by the distributor on March 31, 1946 on sales of the same size, kind and quality of beehive oven coke; to a purchaser of the same general class; for the same general use; and by the same method and under the same terms of delivery. Such mark-up shall be calculated in the following manner:

(i) The distributor shall determine the maximum price applicable to a delivery of the same size, kind and quality of coke; to a purchaser of the same general class; for the same general use; and by the same method and under the same terms of delivery made by him on March

31, 1946 or on the most recent day prior thereto on which he made such delivery;

(ii) He shall subtract from such maximum price the net cost incurred in connection with the delivery referred to in (i); and

(iii) Divide the amount obtained by the operation described in (ii) by the net cost incurred in connection with such delivery. The resulting figure, translated into a percentage, is the distributor's March 31, 1946 percentage mark-up.

(c) *Applications for establishment of a maximum price.* If a producer or distributor cannot determine a maximum price under (a) or (b) above, the maximum price shall be the price established by the Office of Price Administration upon application by the seller. Any price so established shall be in line with the level of maximum prices otherwise established by this Regulation. The producer or distributor shall apply by letter to the Office of Price Administration, Washington, D. C. for the establishment of such a price setting forth:

(1) A description of the coke for which a maximum price is to be established;

(2) The reasons why such price cannot otherwise be determined;

(3) The maximum price requested by the applicant and a detailed explanation of how such price was determined; and

(4) The reasons why the applicant believes such price to be in line with the level of maximum prices otherwise established by this regulation. The Office of Price Administration may require the applicant to furnish additional relevant information, if necessary, and may approve, disapprove or make adjustments in the maximum price requested. Any maximum price established pursuant to this paragraph (c) shall be subject to adjustment at any time.

(d) *Terms of sale, discounts, special service charges.*—(1) *Delivery in facilities owned by the seller.* Where beehive oven coke for which a maximum price is determined under the provisions of this section 9 is sold f. o. b. ovens and is delivered in any transportation facilities owned, hired by, or subject to the control of the seller, there may be added to such maximum price a sum not to exceed the actual transportation costs incurred, determined in a reasonable manner, but in no event to exceed the lowest common carrier rate for a similar haul between the same points.

(2) *Cash and quantity discounts and credit terms.* (1) There shall be deducted from the maximum prices determined under this section 9 the cash and quantity discounts and other allowances (other than freight rate absorptions) which the same producer or distributor actually made, or made available to, purchasers during the period December 15-31, inclusive, 1941.

(ii) The rate of interest on overdue accounts or on a note, trade acceptance or other form of indebtedness accepted in payment of an account, shall not exceed the rate charged by the seller on similar transactions during the period December 15-31, inclusive, 1941.

(iii) The charge made for any special service (including, specifically but not exclusively, bags, and bagging, specially prepared sizes, split cars containing

more than one size, box car loading and truck loading from any producing facilities) shall not exceed the charge made by the seller for the same special service supplied during December 15-31, 1941; or, in the case of a special service which was not supplied during the period, the offering price which the seller then had in effect for the same special service; or, if during that period the seller neither supplied nor had in effect an offering price for the same special service, then the charge made by such person during that period for the similar service most nearly like it.

This amendment shall become effective August 22, 1946.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 22d day of August 1946.

ARTICLE I—SCOPE OF THE REGULATION

SECTION 1. *Jobber sales of stock millwork at higher than maximum prices prohibited.* (a) On and after April 12, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive any stock millwork under a "jobber's sale of stock millwork" covered by this regulation at prices higher than the maximum prices established by this regulation, and no person shall agree, offer or attempt to do any of these things.

(b) Prices lower than the maximum prices, may of course, be charged or paid.

SEC. 2. *Coverage of the regulation—(a) Definition of stock millwork.* The term "stock millwork" as used in this regulation refers to all items of millwork which at the manufacturing level are subject to any of the following maximum price regulations: MPR 44³—Douglas Fir Doors; MPR 253⁴—Redwood Lumber and Millwork (Tables 12 and 27); RMPR 293⁵—Stock Millwork; MPR 412⁶—Tide-water Red Cypress Lumber (Table 13); and MPR 589⁷—Douglas Fir Stock Millwork. Mouldings are not included in this definition; they are covered by MPR 601⁸—Mouldings. This regulation also does not cover basic lumber patterns which are covered by the applicable mill lumber regulations.

(b) *Definition of the term "jobber's sale of stock millwork."* As used in this regulation the term "jobber's sale of stock millwork" means all sales out of jobbers' warehouses to retail lumber yards and other distributors, and all direct-mill sales of stock millwork covered by Revised Maximum Price Regulation 293 and Maximum Price Regulation 589 in quantities not covered under those regulations. (Revised Maximum Price Regulation 293 and Maximum Price Regulation 589 cover direct mill sales in quantities of 12,000 pounds or more by truck delivered to one place, or of 15,000 pounds or more by rail delivered to one or more places, no matter whether the buyer is a jobber, dealer, or anyone else. Maximum Price Regulation 589 also covers direct-mill sales of millwork when it is shipped with softwood lumber and/or fir doors, mouldings or plywood and the weight of the total shipment is 12,000 pounds or more by truck to a single place, or 15,000 pounds or more by rail to one or more places.) Note that sales out of jobbers' warehouses which are situated in the same locality as a manufacturing plant and which are controlled by the plant, or control it, or are under common control with it, are on the same basis as sales direct from the factory.

[Paragraph (b) amended by Am. 1, 9 F.R. 7690, effective 7-13-44 and Am. 11, 11 F.R. 3656, effective 4-4-46]

(c) *Coverage of stock millwork items appearing on state or area stock lists.* All items of stock millwork which appear on a state or an area stock list designated by an appendix to this regulation are covered by this regulation when sold by anyone making a "jobber's sale of stock millwork" for delivery in the state or area to which the state or area stock list applies.

(d) *Coverage of stock millwork items appearing on individual stock lists.* All items of stock millwork which are listed on a stock list or price list issued or used by anyone making a "jobber's sale of stock millwork" are covered by this regulation when the product is sold in a "jobber's sale of stock millwork" by the person who issued or used the stock list or price list on which the product is listed.

(e) *Coverage of odd stock millwork.* Odd stock millwork is stock millwork as defined in section 2 (a) which is not listed as stock in the area stock list or in the individual seller's stock list, but for which prices can be computed by adding the extras published in the price list which the seller used in March 1942 to the price of a designated stock item on such list. If the individual seller had or used no price list in March 1942, then as to him, odd stock millwork shall be the items for which prices can be computed by adding the extras published in the area stock list. All items of odd stock millwork, as so defined, are covered by this regulation when sold in a "jobber's sale of stock millwork."

ARTICLE II—MAXIMUM PRICES AND TERMS OF SALE

Sec. 2a. [Deleted]

[Sec. 2a added by Am. 11, 11 F.R. 3656, effective 4-4-46 amended by Am. 12, 11 F.R. 5599, effective 5-27-46 and deleted by Am. 13, effective 8-23-46]

Sec. 3. *Maximum prices*—(a) *Maximum prices in areas covered in the appendices*—(1) *Items specifically priced*. The maximum prices for stock millwork items (other than odd stock items) in any area covered by the appendices are those specifically fixed in the appendix for the area in which delivery is made; or, if no specific mark-up is fixed for an item in such area appendix, then the price shall be determined as provided in section 3 (a) (2) (ii). If the seller's customary method of pricing is to use a list and discount sheet, he may adjust his discounts to the half point nearest to the maximum price for an item established by this regulation. Unless otherwise specified, the mark-ups given in this regulation are to be added to the manufacturer's largest quantity maximum price.

(2) *Items not specifically priced*—(i) *Items not on area stock list*. Any person whose stock list includes stock millwork items (other than odd stock items) which are not shown on the stock lists specified in the appendix for the particular area in which the delivery is to be made, shall file with the Building Materials Price Branch, Office of Price Administration, Washington 25, D. C., a copy of his stock list, indicating which stock millwork items in it are not included in the stock lists specified for the area, and may thereafter sell these items at the maximum prices, if any, established for that area unless notified to the contrary by the Office of Price Administration within thirty days of the receipt of the filing of the list.

(ii) *Items on area stock list*. In the case of any stock millwork items (other than odd stock items) which are shown on stock lists specified in the appendix for the particular area in which the delivery is to be made, but for which no mark-up is provided in such area appendix, the seller must apply to the Office of Price Administration, Washington 25, D. C., for approval of a mark-up. His application must show the mark-up used prior to March 31, 1942, for the same item. The requested mark-up may not be used by the seller before approval by the Office of Price Administration.

(iii) *Odd stock items*. The maximum prices for any individual seller's odd stock millwork shall be the current maximum prices for his stock millwork plus any extra charges for odd stock items which are published in the price list applicable to his sales of odd stock items, as designated in section 2 (e) above. Before a seller may use such maximum prices, however, he shall file such price list with, if such price list is already on file, he shall send written notification of that fact to, the Buildings Materials Price Branch, Office of Price Administration, Washington 25, D. C., and he may not quote or charge such prices until he has received a written acknowledgment of the filing of such list or notice.

[Subparagraphs (1) and (2) amended by Am. 1, 9 F.R. 7690, effective 7-13-44 and Am. 6, 10 F.R. 3222, effective 3-31-45]

[Note: References to Lumber Branch are changed by Supplementary Order 112 (10 F.R. 6066) to be references to Building Materials Price Branch.]

(3) *Items not previously carried in stock*. In the case of a stock millwork item which is not included in the area stock list or in the 1941, 1942 or current stock list of the jobber who now wishes to sell it, such jobber may apply to the Office of Price Administration for permission to add the item to his stock list and to sell the item at a maximum price calculated by using the method prescribed for similar items in the appendix applying to his particular area. He must provide the following information:

- (i) The requested price.
- (ii) A complete description of the item to be priced.
- (iii) The price differential between it and the most comparable item in the price tables, between October 1, 1941, and April 1, 1942, from the seller's own records, or if that is impossible, from the experience of the trade. If no established price differential which can be used for comparison existed, a detailed analysis of the calculation of the price shall be furnished.

As soon as the request has been filed, quotations and deliveries may be made at the requested price, but final payment may not be made until the price has been approved. Action on the request may be by letter or telegram.

(b) *Maximum prices in any area not included in the appendices*. The maximum price for a jobber sale of a stock millwork item covered by this regulation in any area not included in the appendices shall be computed as follows:

(1) The seller may add to his maximum price for the item as established under the General Maximum Price Regulation the dollar-and-cents amount by which the jobber's net acquisition cost of the item on or before March 31, 1946, would by reason of price increases authorized by the Office of Price Administration exceed his net acquisition cost of the item on August 1, 1943.

(2) To the result computed under (1) above, he may then add an amount not greater than the percentage increase in cost of the item to him resulting from an increase in his suppliers' prices authorized by the Office of Price Administration after March 31, 1946.

However, wherever the price established for a jobber sale under the above provision is lower than the prices established for direct-mill shipments of carload quantities, the prices established for direct-mill shipments of carload quantities may be used for jobber sales under this paragraph.

[Paragraph (b) amended by Am. 13, effective 8-23-46]

(c) *How to figure inbound transportation*. (1) No inbound transportation is

figured on products covered by Revised Maximum Price Regulation No. 293 since prices in that regulation are freight allowed.

(2) In computing maximum prices for stock millwork priced in Maximum Price Regulation 44 to the manufacturer's f. o. b. mill ceiling price, freight may be added as follows:

(i) For items that are priced on a list and discount basis at the manufacturers' level, the manufacturer's f. o. b. mill discount may be shortened by the number of points indicated in subdivision (iv) below for the appropriate freight zone as defined in subdivision (iii) below, in which delivery is made.

(ii) For items which have a dollars-and-cents price at the manufacturers' level, the manufacturer's f. o. b. mill price may be increased by the dollars-and-cents amount named in subdivision (iv) for the appropriate freight zone in which delivery is made.

(iii) The price zones referred to in subdivision (iv) below are described as follows: (The map¹ delineates these zones)

of any item under any circumstance in which a price cannot be otherwise computed under other provisions of this regulation must make application to the Building Materials Price Branch, Office of Price Administration, Washington 25, D. C. for approval of a price. The application must contain a complete description of the item to be priced, the requested selling price, the maximum price under the GMPR, and any additional facts which the respondent cares to make in support of the requested price.

As soon as the request has been filed, quotations and deliveries may be made at the requested price, but final payment may not be made until the price has been approved. Action on the request may be by letter or telegram.

[Paragraph (d) added by Am. 1, 9 F.R. 7690, effective 7-13-44]

SEC. 4. *Cash discounts.* If cash is paid the maximum price must be reduced by the seller's August 1941 cash discount. When a seller was not in business in August 1941, not less than two percent cash discount for payment in ten days shall be allowed. On specific written allocations issued by the Office of the Chief of Engineers, War Department, the terms thirty days net may be used by the seller regardless of his established practice.

SEC. 5. *Invoicing requirements.* An invoice must be rendered in all sales. All invoices must contain a sufficiently complete description of the millwork to show whether the price is proper or not. Any specification or extra which affects the maximum price must be mentioned in the description. The invoice must show whether the sale is a carload or less-than-carload sale, whether shipped by rail or truck, the total quantity and price of each item, the total value of the sale, origin and destination of the shipment, and any additions for packaging.

[Sec. 5 amended by Am. 1, 9 F.R. 7690, effective 7-13-44]

SEC. C. *Prohibited practices*—(a) *General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of up-grading, commissions, services, transportation, arrangements, premiums, special privileges, tying-agreements, trade understandings, changes in discount practices, and the like.

(b) *Adding commission to ceiling prohibited.* It is unlawful for any person to charge, receive, or pay a commission for the service of procuring (including buying, selling or locating stock millwork, or for any related service such as "expediting") which does not involve physical handling of stock millwork, if the commission plus the purchase price results in a total payment by the buyer of the stock millwork which is higher than the maximum price of the stock millwork. For purposes of this regulation, a commission is any compensation, however designated, which is paid for the procurement of stock millwork. This prohibition has no application to the case of a bona fide employer-employee rela-

(3) For products covered by Maximum Price Regulations 253 and 412 shorten discounts one half point for each four cents of freight rate including transportation tax from the following basing points:

(i) MPR 253 (Redwood Lumber and Millwork) (Tables 12 and 27).

Western area: Eureka, California.

Eastern area: Direct-mill maximum prices are not f. o. b. mill but are delivered on a 57 cents rate. Therefore, for inbound transportation add only the excess of the actual rate from Eureka, California, to the seller's warehouse over the 57 cents rate. If the rate is less than 57 cents deduct the resulting difference in transportation charges from the Eastern area prices in MPR 253.

(ii) MPR 412 (Tidewater Red Cypress Lumber) (Table 13).

Perry, Florida: Alabama, Connecticut, Delaware, District of Columbia, Florida, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and Wisconsin.

Ponchatoula, Louisiana: Arizona, Arkansas, California, Colorado, Idaho, Iowa, Kan-

sas, Louisiana, Mississippi, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming. Jobbers with warehouses located in these states may make the additions allowed for Louisiana producers in calculating mill prices. (See section 24 of MPR 412.)

Albany, Georgia: Georgia and Tennessee.
Sumter, South Carolina: North Carolina and South Carolina.

[Subparagraph (3) amended by Am. 9, 19 F.R. 14183, effective 11-21-45]

(4) For products covered by MPR 589 inbound transportation shall be figured in accordance with the provisions of the applicable appendices of MPR 589 where maximum prices are established on an f. o. b. mill basis in the regulation.

[Subparagraph (4) added by Am. 9]

(d) *Maximum prices for sales of items which cannot be priced under paragraph (a) or (b).* Any person desiring to make a direct-mill sale of an item covered by RMPR 293 in quantities exempt under section 2 (b) (1) of that regulation for which a price cannot be otherwise computed under other provisions of this regulation, or a sale under this regulation

tionship where the employee serves only one employer, insofar as stock millwork procurement is concerned, and where the compensation paid by the employer is a fixed salary and is not based directly or indirectly on the quantity, price or value of the stock millwork in connection with which the service is rendered.

ARTICLE III—MISCELLANEOUS

SEC. 7. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery, but no person may deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery.

SEC. 8. *Applications for adjustment and petitions for amendment—(a) Government contracts.* See Procedural Regulation No. 6.⁹

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,¹⁰ issued by the Office of Price Administration.

SEC. 9. *Records.* All sellers must keep for two years records which will show a complete description of the items of stock millwork sold, the name and address of the buyer, the date of sale, and the price. Buyers must keep similar records, including the name and address of the seller. These records must be kept for any month in which the seller or buyer sold or bought \$200 or more of stock millwork in transactions which are covered by this regulation.

SEC. 10. *Enforcement.* Persons violating any provision of the regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 11. *Licensing.* The provisions of Licensing Order No. 1,¹¹ licensing all persons who make sales under price control are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more maximum price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 12. *Imports and exports—(a) Imports.* Sales, purchases, and deliveries of commodities covered by this regulation which originate outside of and are imported into the continental United States are governed by the Maximum Import Price Regulation.¹²

(b) *Exports.* The maximum prices for export sales of stock millwork are governed by the Second Revised Maximum Export Price Regulation.¹³

[Subdivision (i) amended by Am. 1, 9 F.R. 7690, effective 7-13-44]

(ii) *Odd sizes.* Odd sizes are those items which are shown in the state stock lists and which are not listed as fast, medium or slow and which are shown in or which can be built up from Standard Woodwork Lists, Catalog No. 40.

[Subdivision (ii) added, former (ii) redesignated (iii) by Am. 1]

(iii) Any item on a stock list in effect on January 1, 1944, classified as fast, medium or slow, shall not be transferred to a higher mark-up column, regardless of how marked in catalog or price list.

(d) *Maximum prices for quantity sales.* For less-than-carload sales for items covered by this regulation when shipped to one customer, accepted for shipment at one time to one place, the maximum prices for that part of Pennsylvania covered by this appendix and the states of Ohio and Kentucky, on orders amounting to \$100.00 or over shall be 5 percent less than the maximum prices computed according to paragraph (c) above.

(e) *Maximum prices for carload sales.* The maximum prices for any millwork items sold under this regulation and included in any carload shipment shall be 15 percent less than the maximum prices computed according to paragraph (c) above.

(f) *Delivery and crating.* (1) For delivery by company-owned trucks in the jobber's customary free delivery zone, for any size order containing full bundles or broken bundles, the maximum prices shall be those computed according to paragraphs (c) and (d) of this section.

(2) Where shipment weighing 150 pounds or more is made by common car-

rier the exact amount of the freight charges paid by consignee shall be deducted from the maximum prices. If shipped by any other means, only the common carrier rate per 100 pounds must be deducted.

(3) Where shipment of a broken bundle is made by common carrier and the broken bundle is repacked, the packing charge specified below may be added to the maximum price for delivery in that part of Pennsylvania covered by this appendix and the states of Ohio and Kentucky.

[Table amended by Am. 1, 9 F.R. 7690, effective 7-13-44]

Sec. 17. *Appendix E: Maximum prices for the Mid-Northern area—(a) Area definition.* The Mid-Northern area includes the states of Iowa, Illinois, and Wisconsin; the Upper Peninsula of Michigan, and that part of Missouri east of a line starting in Schuyler County just

east of Lancaster, and drawn straight south to the western end of the extreme southern line of Miller County and continuing on county lines between Miller and Pulaski, Maries and Pulaski, Phelps and Pulaski, Phelps and Texas, Dent and Texas, Dent and Shannon, Reynolds and Shannon, Reynolds and Carter, Carter and Wayne, Carter and Butler, Carter and Ripley, and Ripley and Oregon.

(b) *Items covered and stock lists.* (1) The stock millwork items which are covered by this regulation in each state in the Mid-Northern area are the sizes and kinds of stock millwork (as that term is defined in section 2 (a)), regardless of trade name, which are included in the state stock list designated below for the state in which delivery is made:

(i) The "Lumber Dealers' Price Book Number 10" issued by Williams & Hunting Company, Cedar Rapids, Iowa, is designated as the state stock list for Iowa.

(ii) "Bilt-Well Millwork Price Guide Number 75" issued by Carr & Johnston Company, Peoria, Illinois, is designated as the state stock list for Illinois.

(iii) "Vetter's Builders Woodwork Design Book Number 1141" issued by the Vetter Manufacturing Company, Stevens Point, Wisconsin, is designated as the stock list for Wisconsin and Upper Michigan.

(iv) "Huttig Handy Helper No. 740" issued by Huttig Sash and Door Co., St. Louis, Missouri, is designated as the stock list for that part of Missouri covered by this appendix.

(2) Also all items of stock millwork which are listed on a stock list or price list issued or used by anyone making a "jobber's sale of stock millwork" in this area are covered by this regulation when

sold in a "jobber's sale of stock millwork" by the person who issued or used that stock list or price list on which the product is listed.

(c) *Maximum prices.* The maximum less-than-carload prices for delivery in the Mid-Northern area are as follows:

(1) For stock millwork priced in Revised Maximum Price Regulation No. 293, the maximum carload direct-mill shipment price to dealers, freight allowed, for the zone in which delivery is made in a "jobber's sale of stock millwork", plus the percentage mark-up in subparagraph (4) below:

(6) Any item on a stock list in effect on January 1, 1944, classified as f st, medium or slow shall not be transferred to a higher mark-up column, regardless of how marked in catalog or price list.

(d) Maximum prices for quantity sales. For less-than-carload sales for items covered by this regulation when shipped to one customer, accepted for shipment at one time to one place, the maximum prices shall be:

(1) For orders of twelve or more each of telephone cabinets, ironing board cabinets, medicine cabinets, mantels, breakfast nocks—10 percent less than the maximum prices computed according to paragraph (c) above; and

(2) For orders on assorted purchase of twelve or more telephone cabinets, ironing board cabinets, medicine cabinets, mantels, breakfast nocks—5 percent less than the maximum prices computed according to paragraph (c) above.

(e) Maximum prices for carload sales. The maximum prices for any millwork items sold under this regulation and included in any carload shipment shall be 15 percent less than the maximum prices computed according to paragraph (c) above.

(f) Delivery and crating. (1) For delivery by company-owned trucks in the jobber's customary free delivery zone, for any size order containing full bundles or broken bundles, the maximum prices shall be those computed according to paragraph (c) and (d) of this section.

(2) Where shipment weighing 150 pounds or more is made by common carrier the exact amount of the freight charges paid by consignee shall be deducted from the maximum prices. If shipped by any other means, only the common carrier rate per 100 pounds must be deducted.

(3) Where shipment of a broken bundle is made by common carrier and the broken bundle is repacked, the packing charge specified below may be added to the maximum price.

SEC. 21. Appendix I: Maximum prices for the Texas area—(a) Areas definition. The Texas area includes all of the State of Texas except the counties of El Paso, Hudspeth, Culberson, Jeff Davis, Presidio and Brewster.

(b) Items covered and stock lists. (1) The stock millwork items which are covered by this regulation in the Texas area are all the items which meet both of the following tests:

(i) They are stock millwork items as defined in section 2 (a), and

(ii) Regardless of trade name, they are a size and kind of stock millwork included in "Ideal Products", issued by the Wm. Cameron & Company, Inc., Wholesale, Waco, Texas, which is designated as the area stock list.

(2) Also all items of stock millwork which are listed on a stock list or price list issued or used by anyone making a "jobber's sale of stock millwork" in this area are covered by this regulation when sold in a "jobber's sale of stock millwork" by the person who issued or used the stock list or price list on which the product is listed.

(c) Maximum prices. The maximum less-than-carload prices for delivery in the Texas area are as follows:

(1) For stock millwork priced in Revised Maximum Price Regulation No. 293, the maximum carload direct-mill shipment price to dealers, freight allowed, for the zone in which delivery is made in a "jobber's sale of stock millwork", plus the percentage mark-up in subparagraph (4) below:

(2) For stock millwork priced in Maximum Price Regulation 44, the maximum f. o. b. mill price established by Maximum Price Regulation 44 for persons who, during the first nine months of 1941, received the seller's prevailing maximum discount with the addition for freight in accordance with the methods set forth in section 3 (c) (2) of this regulation, plus the percentage mark-up in subparagraph (4) below:

[Subparagraph (2) amended by Am. 8, 10 F.R. 12040, effective 9-25-45]

(3) For stock millwork items priced in any regulation, other than MPR 44 and RMPR 293, named in section 2 (a), the seller may apply for approval of a price under section 3 (a) (2) and 3 (a) (3) of this regulation.

[Subparagraph (3) amended by Am. 9, 10 F.R. 14183, effective 11-21-45]

Odd sizes are those items which are shown in the area stock list and which are not listed as fast, medium or slow and which are shown in or which can be built up from standard woodwork lists, catalog No. 40.

(ii) Any item on this stock list, classified as fast, medium and slow, shall not be transferred to a higher mark-up column, regardless of how marked in catalog or price list.

(d) *Maximum prices for quantity sales.* For less-than-carload sales for items covered by this regulation when shipped in full bundles, according to paragraph (f) (3) below, shall be 10 percent less than the maximum prices computed according to paragraph (c) above.

(e) *Maximum prices for carload sales.* The maximum prices for any millwork item sold under this regulation and included in any carload shipment shall be 15 percent less than the maximum prices computed according to paragraph (c) and (d) above.

(f) *Delivery and crating.* (1) For delivery by company-owned trucks in the jobber's customary free delivery zone, for any size order containing full bundles or broken bundles, the maximum prices shall be those computed according to paragraphs (c) and (d) of this section.

(2) Where shipment weighing 150 lbs. or more is made by common carrier the exact amount of the freight charges paid by consignee shall be deducted from the maximum prices. If shipped by any other means, only the common carrier rate per 100 pounds must be deducted.

If dealers pick up at the jobber's warehouse, uncrated, millwork items weighing 150 lbs. or more, an extra 5% discount shall be allowed.

(3) Where shipment of a broken bundle is made by a common carrier and the broken bundle is repacked, the packing charge specified below may be added to the maximum price.

SEC. 23. Appendix K: Maximum prices for the Nebraska area—(a) Area definition. The Nebraska area consists of the entire State of Nebraska.

(b) Items covered and stock lists. (1) The stock millwork items which are cov-

ered by this regulation in the Nebraska area are all the items which meet both of the following tests:

(i) They are stock millwork items as defined in section 2 (a), and

(ii) Regardless of trade name they are a size and kind of stock millwork included in "Biltwell Millwork Specialties" (Dec. 1, 1941) issued by the Adams & Kelly Co., Omaha and Hastings, Nebraska, which is designated as the area stock list.

(2) Also all items of stock millwork which are listed on a stock list or price list issued or used by anyone making a "jobber's sale of stock millwork" in this area are covered by this regulation when sold in a "jobber's sale of stock millwork" by the person who issued or used the stock list or price list on which the product is listed.

(c) *Maximum prices.* The maximum less-than-carload prices for delivery in the Nebraska area are as follows:

(1) For stock millwork price in Revised Maximum Price Regulation No. 293, the maximum carload direct-mill shipment price to dealers, freight allowed, for the zone in which delivery is made in a "jobber's sale of stock millwork," plus the percentage mark-up in subparagraph (4) below:

(2) For stock millwork priced in Maximum Price Regulation 44, the maximum f. o. b. mill price established by Maximum Price Regulation 44 for persons who, during the first nine months of 1941, received the seller's prevailing maximum discount with the addition for freight in accordance with the methods set forth in section 3 (c) (2) of this regulation, plus the percentage mark-up in subparagraph (4) below:

[Subparagraph (2) amended by Am. 8, 10 F.R. 12040, effective 9-25-45]

(3) For stock millwork items priced in any regulation, other than MPR 44 and RMPR 293, named in section 2 (a), the seller may apply for approval of a price under section 3 (a) (2) and 3 (a) (3) of this regulation.

[Subparagraph (3) amended by Am. 9, 10 F.R. 14183, effective 11-21-45]

(e) *Delivery.* (1) For delivery by company-owned trucks in the jobber's customary free delivery zone, for any size order containing full bundles or broken bundles, the maximum prices shall be those computed according to paragraphs (c) and (d) of this section.

(2) Where shipments are made by common carrier the maximum prices established by this regulation are f. o. b. warehouse, with freight equalized with the following competitive points: Omaha, Nebraska; Lincoln, Nebraska; Grand Island, Nebraska; Hastings, Nebraska; Sioux City, Iowa; St. Joseph, Missouri; Denver, Colorado; Cheyenne, Wyoming.

[Sec. 23 added by Am. 3, 9 F.R. 11798, effective 10-2-44; amended as otherwise noted]

Sec. 24. *Appendix L: Maximum prices for the Denver area—(a) Area definition.* The Denver area includes all of the State of Colorado; and the State of Wyoming, except the counties of Teton, Sublette, Lincoln, and Uinta and that portion of Sweetwater County east of a line starting at the point where the

boundary line between Sublette and Fremont counties reaches the northern boundary of Sweetwater county and continuing south to and east of the town of Rock Springs, and thence south to the northern border of Colorado.

(b) *Items covered and stock lists.* The stock millwork items which are covered by this regulation in the Denver area are all of the items which meet the following tests:

(1) They are stock millwork items as defined in section 2 (a), and

(2) Regardless of trade name, they are a size and kind of stock millwork included in the millwork price list in effect in March 1942, section A, pages 1 to 32; section B, pages 1 to 16; and section D, pages 1 to 4, issued by Lumber Dealers, Incorporated, of Denver and Pueblo, Colorado; and Cheyenne, Wyoming, which is designated as the area stock list.

If any items are listed as stock millwork on a stock list or price list (other than the area stock list as designated in the preceding paragraph numbered (2) issued or used by any person in making a "jobber's sale of stock millwork" in this area, such items are stock millwork in this area when sold by such person, whether or not they are listed in the area stock list described above.

(c) *Maximum prices.* The maximum less-than-carload prices for delivery in the Denver area are as follows:

(1) For stock millwork priced in Revised Maximum Price Regulation 293, the maximum carload direct-mill shipment price to dealers, freight allowed, for the zone in which delivery is made in a "jobber's sale of stock millwork", plus the percentage mark-up in subparagraph (4) (i) below:

(2) For stock millwork priced in Maximum Price Regulation 44, the maximum f. o. b. mill price established by Maximum Price Regulation 44 for persons who, during the first nine months of 1941, received the seller's prevailing maximum discount with the addition for freight in accordance with the methods set forth in section 3 (c) (2) of this regulation, plus the percentage mark-up in subparagraph (4) below:

[Subparagraph (2) amended by Am. 8, 10 F.R. 12040, effective 9-25-45]

(3) For stock millwork items priced in any other regulation named in section 2 (a), seller may apply for approval of a price under sections 3 (a) (2) and 3 (a) (3) of this regulation.

(5) *Designation of standard and slow-moving items.* (i) For this area, standard and slow-moving items are as shown by Lumber Dealers, Inc., Pueblo and Denver, Colorado; and Cheyenne, Wyoming in its stock list. Standard items are designated therein by * and slow-moving items are unmarked.

(ii) Any item on a stock list in effect on January 1, 1945 classified as standard shall not be transferred to the higher mark-up column, regardless of how marked in catalog or price list.

(d) *Maximum prices for quantity sales.* For less-than-carload sales of windows and sash in full bundle quantities, the maximum prices shall be 5 percent less than the maximum prices computed for cash and windows in paragraph (c) (4) (i) above.

(e) *Delivery.* (1) For delivery by company-owned trucks in a zone recognized by the jobber in March 1942 to be a free delivery zone, for any size order, containing full or broken bundles, no delivery charge may be added to the maximum prices computed according to paragraph (c) above. For delivery by company-owned trucks in other than a free delivery zone the same charges may be added to the maximum prices as were added in March 1942 on deliveries of like quantities to like classes of purchasers.

(2) When shipments are made by common carrier the maximum prices established by this regulation are f. o. b. warehouse, and the purchaser must pay the actual freight charges from warehouse location, unless the freight charges from either Cheyenne, Wyoming or Pueblo, Colorado, to the point of delivery are lower, in which case the purchaser shall pay only the lower freight charge from either of these points.

(3) When shipments are made by common carrier, the crating charges specified below may be added to the maximum prices:

SEC. 25. Appendix M: Maximum prices for the Salt Lake City area—(a) Area definition. The Salt Lake City area consists of the State of Nevada; the State of Utah; the part of Idaho consisting of the counties of Twin Falls, Gooding, Jerome, Lincoln, Blaine, Butte, Clark, Fremont, Teton, Madison, Jefferson, Bonneville, Bingham, Power, Minidoka, Bannock, Caribou, Oneida, Franklin, Bear Lake, and Cassia; and the part of Wyoming consisting of Teton, Lincoln, Sublette, and Uinta Counties and the part of Sweetwater County west of a line starting at the point where the boundary line between Sublette, and Fremont Counties reaches the northern boundary of Sweetwater County, and continuing south to and east of the town of Rock Springs, and thence south to the northern border of Colorado.

(b) The stock millwork items which are covered by this regulation in the Salt Lake City area are all of the items which meet the following test:

(1) They are stock millwork items as defined in section 2 (a), and

(2) Regardless of trade name, they are a size and kind of stock millwork included during March 1942 in the 600 Series of the Price Guide issued by Morrison-Merrill and Company of Salt Lake City, Utah, which series is designated as the area stock list.

If any items are listed as stock millwork on a stock list or price list (other than the area stock list as described in the preceding paragraph numbered (2)) issued or used by any person in making a "jobber's sale of stock millwork" in this area, such items are stock millwork in this area when sold by such person, whether or not they are listed in the area stock list described above.

(c) **Maximum prices.** The maximum less-than-carload prices for delivery in the Salt Lake City area are as follows:

imum prices computed according to paragraph (c) above. For delivery by company-owned trucks in other than a free delivery zone the same charges may be added to the maximum prices as were added in March 1942 on deliveries of like quantities to like classes of purchasers.

(2) Where shipments are made by common or contract carrier, the maximum prices established by this regulation are f. o. b. warehouse.

[Sec. 30 added by Am. 4, 9 F.R. 14694, effective 12-20-44; amended as otherwise noted]

SEC. 31. Appendix S: Maximum prices for the Northern California area—

(a) *Area definition.* The Northern California area consists of that part of the State of California north of the southern boundaries of the counties of Inyo, Tulare, Kings and Monterey.

(b) *Items covered and stock lists.* The stock millwork items which are covered by this regulation in the Northern California area are all of the items which meet the following tests:

(1) They are stock millwork items as defined in section 2 (a), and

(2) Regardless of trade name, they are a size and kind of stock millwork included in "Official Sash and Door Price Schedule No. 141, March 1, 1941" as published by Nicolai Door Sales Company, San Francisco, California, which is designated as the area stock list.

If any items are listed as stock millwork on a stock list or price list (other than the area stock list as described in the preceding paragraph numbered (2)) issued or used by any person in making a "jobber's sale of stock millwork" in this area, such items are stock millwork in this area when sold by such person, whether or not they are listed in the area stock list described above.

(c) *Maximum prices.* The maximum less-than-carload prices for delivery in the Northern California area are as follows:

List prices shown in "Sash and Door Price Schedule No. 141" dated March 1, 1941 less the discounts as follows:

[Above paragraph added by Am. 13, effective 8-23-46]

(d) *Maximum prices for carload sales.* The maximum prices for any millwork item sold under this regulation and included in any carload shipment shall be 15 percent less than the maximum prices established in paragraph (c) above for the smallest quantity bracket.

[Paragraph (d) amended by Am. 13, effective 8-23-46]

(e) *Delivery.* (1) For delivery by company-owned trucks for any size order, containing full or broken bundles, the maximum prices shall be those computed according to paragraph (c) of this section, and no additional charge for delivery may be made.

(2) Where shipment weighing 200 pounds or more is made by common carrier the exact amount of the freight charges paid by consignee shall be deducted from the maximum prices. If 200 pounds or more are shipped by means other than common carrier or company-owned truck, the common carrier rate for the actual weight shipped must be deducted. Where shipment weighing less than 200 pounds is made by means other than company-owned truck, the maximum prices in this appendix are f. o. b. warehouse.

[Sec. 31 added by Am. 4, 9 F.R. 14694, effective 12-20-44]

Effective date. This regulation shall become effective April 12, 1944. [Maximum Price Regulation 525 originally issued April 6, 1944]

[Effective dates of amendments are shown in notes following the parts affected]

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 23d of August 1946.

PART 1400—TEXTILE FABRICS: COTTON, WOOL, SILK, SYNTHETIC AND ADMINISTRATIONS

[MPR 478, Amdt. 16]

COATED AND COMBINED FABRICS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 9 (f) of Maximum Price Regulation 478 is amended by the addition of a new subparagraph designated (2) to read as follows:

(2) *Approval of maximum prices.* The Office of Price Administration may approve or disapprove the proposed maximum price, or may approve a maximum price that differs from the proposed maximum price but which is consistent with the level of maximum prices fixed by this regulation. The proposed maximum price, however, shall be deemed to be approved unless within fifteen days after the mailing of the report (or within fifteen days after the mailing of all additional information which may have been requested) the Office of Price Administration notifies the manufacturer that his proposed maximum price has not been approved or that action thereon has been deferred pending receipt of further information. The Office of Price Administration may at any time adjust an approved maximum price (not to apply retroactively) so as to make it consistent with the level of prices otherwise established by the regulation.

This amendment shall become effective August 28, 1946.

Issued this 23d day of August 1946.

PART 1360—MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT

[MPR 453, Amdt. 10]

WHOLESALE AND RETAILERS' MAXIMUM PRICES FOR AUTOMOTIVE PARTS

A statement of the considerations involved in the issuance of this amendment issued simultaneously herewith has been filed with the Division of the Federal Register.

Maximum Price Regulation 453 is amended in the following respects:

1. The first sentence in section 5 following the headnote is amended to read as follows: "This section does not apply to non-list parts or to sales of trade name parts or catalog house parts as defined in section 6 (e)."

2. Section 6 (e) is amended to read as follows:

(e) *Definition*—(1) *Trade name parts.* A trade name part is a purchased automotive part when sold by a person under his own trade name who is not a manufacturer as defined in section 17 (a).

(2) *Catalog house parts.* A catalog house part is a purchased automotive part when sold by a person, other than a manufacturer as defined in section 17 (a), not under his own trade name but through the issuance of catalogs or price lists to the automotive trade.

3. Section 17 (a) is amended to read as follows:

(a) *Manufacturer.* A person is a manufacturer under this regulation with respect to a part if:

(i) He is a producer as defined in section 21 (g) of MPR 452 or rebuilder of the part; or

(ii) He purchased the part but had it made to his own specification and design and resells it under his own trade name, except when the sale is made at retail; or

(iii) He purchased the part but his sales of the parts described in (i) and (ii) above account for more than 50 per cent of his dollar return on sales of automotive parts and he resells the purchased part under his own trade name.

This amendment shall become effective August 24, 1946.

Issued this 22d day of August 1946.

PART 1418—TERRITORIES AND POSSESSIONS
[RMPR 373, Amdt. 105 (§ 1418.151)]
BUILDING MATERIALS IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 69 of Revised Maximum Price Regulation 373 is amended in the following respects:

1. Paragraph (a) (1) (i) is amended to read as follows:

(i) Except as otherwise provided below, this section covers sales of installed building materials and the services incidental to their installation into, or repair of, or removal from, any construction (including driveways and parking areas connected with a building) on the Island of Oahu. This section does not cover public works (i. e., public roads, public docks, public schools, public hospitals) or construction by or for the United States or Territorial Government.

2. Paragraph (c) (3) is amended to read as follows:

(3) "Masonry" means the supply or installation of all concrete or clay products such as brick and tile; the supply or installation of concrete floors, walls, steps, slabs, or any other materials commonly known as mason materials, including the installation of such materials supplied by the owner; and such work as is commonly understood in the building trades to be mason work; or any of

the foregoing. It does not include work done on hand hewn natural rock, nor does it include asphalt concrete.

3. Paragraph (c) (10) (i) is deleted.

4. Paragraphs (c) (11), (c) (12) and (c) (13) are redesignated paragraphs (c) (12), (c) (13) and (c) (14), respectively.

5. A new paragraph (c) (11) is added to read as follows:

(11) "Site labor payroll cost" means the actual wages paid (at rates no higher than those permitted by General Order No. 9) to site workers on the actual site labor payroll (or in the case of millwork, special shop work or asphalt concrete processed at the plant, the actual payroll for labor which would otherwise have been involved on the site).

6. Appendix C is amended to read as follows:

APPENDIX C—MAXIMUM PRICES FOR MASONRY

The maximum prices for masonry as defined in paragraph (c) (3) of this section shall be determined as follows:

(a) Concrete floors and walks.	Maximum price per sq. ft.
(1) Concrete slabs 3½" to 4½" thick, masonry walks laid on the ground or on suitable base (requiring no bottom form), including wire mesh, if required by specifications.....	\$0.60
(2) As in (1) above where color is added for surface coloring.....	.70
(3) As in (1) above where color is added to the extent of ½" depth intensity.....	.80

The above prices include the preparation of the base and the finishing of floors and walks.

The minimum strength concrete required under these prices shall be either 1.35 ratio or two thousand pound 28-day strength. No addition to these prices may be made for stronger or higher water cement ratio concrete.

(b) Excavating.	Maximum price per cubic yard to a depth of 5 feet
(1) Class I soil: (loose soil, sand, top soil, which may be excavated by shovel).....	\$2.50
(2) Class II soil: (tight soil, gumbo or clay, loose rocky soil).....	4.00
(3) Class III soil: (tight rocky soil, soft coral rock, which may be excavated by pick and shovel or with buster).....	5.50

No additional charge may be made for the use of machinery.

The above prices include the necessary spreading of soil or rock taken from the excavation but do not include the removal of such soil or rock to another part of the customer's property or elsewhere except when specifically ordered by the customer, in which case the removal charges shall not exceed the maximum prices applicable to hauling.

The maximum prices for excavating to a depth greater than five feet shall be established under paragraph (n) of this appendix.

(c) *Backfill*—(1) *Depth not to exceed two feet.* The maximum prices established by the GMPR for Hawaii, plus hauling rates on backfill (not exceeding maximum prices for such hauling), plus labor at \$1.50 per cubic yard.

(2) *Depth exceeding two feet.* The maximum prices established by the GMPR for Hawaii, plus hauling rates on backfill (not exceeding maximum prices for hauling), plus labor at \$2.00 per cubic yard.

(d) *Foundation and foundation walls in place, limited to residential work*—(1) *Without forms.* The hauling and waiting time

on the concrete mix, plus the delivery charge on the reinforcing steel (not exceeding maximum prices for such hauling), plus \$21.00 per cubic yard.

(2) *With forms on one side.* The hauling and waiting time on the concrete mix, plus the delivery charge on the reinforcing steel (not exceeding maximum prices for such hauling), plus \$23.00 per cubic yard.

(3) *With forms on two sides.* The hauling and waiting time on the concrete mix, plus the delivery charge on the reinforcing steel (not exceeding maximum prices for such hauling), plus \$35.00 per cubic yard.

The prices set forth in subparagraphs (1), (2) and (3) above include round reinforcing steel rods, up to and including 2½" in diameter, which meet the standards and specifications of the building code. (Maximum prices for foundation and foundation walls in place using round reinforcing steel rods greater than 2½" shall be established under paragraph (n) of this appendix.)

Foundation and foundation walls in place include all building up to the ground floor level, in no case to exceed 2 feet above natural grade. (Maximum prices for building in excess of 2 feet above natural grade shall be established under paragraph (n) of this appendix.)

(e) *Hollow tile in place*—(1) *Jobs requiring 100 surface feet or more.* (i) *Up to 10 feet from grade.*

Thick concrete tile in place:	Per surface foot, set for plastering
3", 4", 5", up to and including 6" thick.....	\$0.50
8" thick.....	.55
10" thick.....	.70
12" thick.....	.75

(ii) *Above 10 feet from grade.* Five cents per surface foot for each additional 5 foot rise may be added to the prices set forth in subdivision (i) above. For example, from 10 to 15 feet above the grade, surface foot prices will increase by five cents per surface foot, and from 15 to 20 feet prices will increase 10¢ per surface foot, etc.

(2) *Jobs requiring less than 100 surface feet.* Thirty percent may be added to the prices set forth in (1) above.

Hauling charges to the job site (when incurred) on hollow tile and mixing ingredients, not exceeding maximum prices for such hauling, may be added to the prices set forth in subparagraphs (1) and (2) above.

The prices set forth in subparagraphs (1) and (2) above include all materials and labor (including the cost of tile lintels in openings up to 5 lineal feet) for setting hollow tile in place. They do not include grouted reinforced columns, tile filled lintels over 5 lineal feet, or bond beams.

Fifty-five cents per surface foot may be added to the prices set forth in subparagraphs (1) and (2) above for reinforcing concrete tile (except for the cost of tile lintels in openings up to 5 ft.).

Ten cents per surface foot for pointed joints and fifteen cents per surface foot for beaded joints may be added to the prices set forth in subparagraphs (1) and (2) above.

(f) *Hollow stone vibrated tile in place and finished on one side*—(1) *Jobs requiring 100 surface feet or more.*

	Maximum price per surface foot
4" thick in place.....	\$0.70
6" thick in place.....	.75
8" thick in place.....	.80
12" thick in place.....	.90

Fifteen cents per surface foot may be added to the above prices when tile is finished on both sides.

(2) *Jobs requiring less than 100 surface feet.* Thirty percent may be added to the prices set forth in (1) above.

Hauling charges to the job site (when incurred) on hollow stone vibrated tile and mixing ingredients, not exceeding maximum

prices for such hauling, may be added to the prices set forth in subparagraphs (1) and (2) above.

The prices set forth in subparagraphs (1) and (2) above include all materials and labor (including the cost of tile lintels in openings up to 5 lineal feet) for setting hollow stone vibrated tile in place. They do not include grouted reinforced columns, tile filled lintels over 5 lineal feet, or bond beams.

Fifty-five cents per surface foot may be added to the maximum prices set forth in (1) and (2) above for reinforcing hollow stone vibrated tile (except for the cost of tile lintels in openings up to 5 ft.).

(g) *Cement laundry tray slab and two platforms.*

Maximum price
(each)

- (1) Cement laundry tray slab, limited to 4 feet x 8 feet in place, and two cement platforms, limited to 2 ft. x 4 ft. in place, laid on the ground, front and rear of house. \$30.00

(h) *Footing stones in place.*

Maximum price
(each)

- (1) 16 x 16 x 6. \$1.25

(i) *Concrete blocks for use in conjunction with termite shields in place.*

Maximum price
(each)

- (1) 7 x 7 x 4. \$0.15

(j) *Stairs and platforms*—(1) *Entrance stairs on fill.* \$4.00 per lineal foot of riser (regardless of size of rise or tread) up to 5 risers, front or rear, plus \$2.00 per square foot for the raised platform. For each riser above 5 risers, \$5.50 per lineal foot of riser may be charged. For example, for 8 risers the maximum price shall be \$4.00 per lineal foot of riser for the first 5 risers, and each additional riser shall be calculated at \$5.50 per lineal foot of riser.

(2) *Platforms on ground.* Where specific prices have not otherwise been established in this Appendix C, maximum prices shall be established under paragraph (a) of this appendix for flat slab work.

(3) *Platforms on fill.* \$2.00 per square foot above the 5 ft. riser, plus 25 cents per square foot for each riser above 5 risers. For example, a platform built on fill at the tenth riser shall be calculated on the basis of \$3.25 per square foot.

(4) *Reinforced concrete open stairs.* The maximum price as established under subparagraph (1) above for stairs on fill, plus the maximum price as established under paragraph (e) per square foot for hollow tile in place for each surface foot of buttress.

The prices established in this paragraph (j) include all materials, labor, forms, preparation of site and finishing. These prices do not include metal railings or bannisters.

Ten percent may be added to the prices set forth above if coloring is specified.

(k) *Masonry demolition work.* (1) The maximum price for masonry demolition work when preparing for new work, except where it is herein specified that such prices include preparation for base, shall be the sum of the following: (i) the site payroll hourly rate paid to each employee actually working on the job calculated at rates not to exceed wages established in General Orders No. 9, (ii) workman's compensation insurance, public liability, unemployment compensation, and social security cost (not to exceed 11% per hourly rate of employee), and (iii) ten percent of item (i) and (ii).

(In connection with demolition work special attention is called to Section 69 (e) (8).)

(1) *Cinder brick in place*—(1) *Up to 10 ft. from grade.* On jobs requiring 1,000 bricks or more, the maximum price shall be \$70 per thousand. Such price includes the cost

of brick, mortar, and labor, regardless of type of work done. On jobs requiring less than 1,000 bricks, the maximum price shall be the proportionate part of the maximum price for a thousand bricks plus 30%.

(2) *Above 10 ft. from grade.* The prices set forth in (1) above may be increased by \$5 per thousand brick for every 5 ft. rise. For example: \$75 per thousand may be charged for brick in place above 10 ft. to 15 ft.; \$80 per thousand may be charged for brick in place above 15 to 20 ft., etc.

Hauling charges to the job site (when incurred) on brick, not exceeding OPA maximum prices for such hauling, may be added to the above prices.

(m) *Grey and natural color brick (not including fire brick) in place*—(1) *Up to 10 feet from grade.* The maximum price shall be \$60.00 per thousand. Such price includes the cost of brick, mortar, and labor, regardless of type of work done.

(2) *Above 10 ft. from grade.* The prices set forth in (1) above may be increased by \$5.00 per thousand brick for every 5 ft. rise. For example: \$65 per thousand may be charged for brick in place above 10 ft. to 15 ft.; \$70 may be charged for brick in place above 15 ft. to 20 ft., etc.

Hauling charges to the job site (when incurred) on brick, not exceeding OPA maximum prices for such hauling, may be added to the above prices.

(n) *All other masonry.* (1) For all other masonry for which maximum prices have not been specifically provided for herein, the maximum price shall be the sums of the following:

(i) Materials delivered and used, not exceeding maximum prices established for sales to contractors by section 50 or 61 of this regulation or other applicable regulations (if contract is for labor only, do not include this item).

(ii) Actual labor performed at rates no higher than those permitted for mason work under General Orders No. 9, and

(iii) An amount not to exceed one-half of the actual site labor payroll.

(o) *Plastering*

Maximum Price
per square yard

- (1) White putty. \$2.00
(2) Sand finish. 1.75

This price includes all materials and labor but not lath. Lath shall be supplied at prices no higher than the maximum wholesale prices as established by applicable maximum price regulations.

(p) *Travel time.* The following additions for travel time shall be applicable to all maximum prices established under this Appendix C:

(1) *Repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated on the basis of the hourly rate provided in each applicable appendix from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

(2) *New construction.* Travel time may be added for new construction which is performed at a distance greater than five miles from the seller's place of business and on the contractor's time, but in no event shall it exceed more than one-eighth of the actual site payroll.

This amendment shall become effective as of June 3, 1946.

Issued this 23d day of August 1946.

District Office may register the establishment and grant a temporary allowable inventory. The retailer or wholesaler must report on OPA Form R-362-A (Rev.) within 10 days after the first eight weeks of operation, giving all the information required by the form covering such operation. Upon receipt of the eight weeks operation report the District Office may assign a permanent allowable inventory to such establishment.

3. The first sentence of Section 18.4 (a) is amended to read as follows: "A person who buys or otherwise acquires an industrial user establishment of any type and who already has two or more industrial user establishments which are registered together must register the new establishment together with his other establishments at the same District Office."

This amendment shall become effective August 27, 1946.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of Budget in accordance with the Federal Reports Act of 1942.

PART 1499—COMMODITIES AND SERVICES [RMPR 165, Supp. Service Reg. 72]

REPAIR AND MAINTENANCE SERVICES ON AUTOMOTIVE VEHICLES AND FARM EQUIPMENT

A statement of the considerations involved in the issuance of this Supplementary Service Regulation issued simultaneously herewith, has been filed with the Division of the Federal Register. For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, by the Stabilization Act of 1942, as amended and Executive Orders Nos. 9250, 9328, 9599, and 9651, Supplementary Service Regulation No. 72 is hereby issued.

§ 1499.713 Services covered. (a) This regulation applies to all sellers engaged in the repair or maintenance of automotive vehicles or farm equipment where such services are covered by Revised Maximum Price Regulation 165.

(b) Applicability of other regulations. Except as provided herein to the contrary, all provisions of RMPR 165 and any other applicable service regulations shall apply to the services covered by this regulation. The adjustment provisions of Supplementary Service Regulation 6 shall no longer be available to sellers covered by this regulation.

(c) Adjustment of customers' hourly rate. Any seller engaged in the repair or maintenance of automotive vehicles or farm equipment is authorized to adjust his customers' hourly rate in accordance with the results of his computations specified in Part 1 of Appendix A. In making the calculations and adjustments, careful attention must be paid to the definitions of paragraph (f).

(1) If a seller has different customers' hourly rates for different classes of customers, or, if he sells different services at varying rates and a separate group of mechanics is employed for each, a separate computation must be made in each instance to obtain adjustments of the several customers' hourly rates.

(2) A seller who has no employees may assume for himself the going wage rate of a mechanic doing comparable work in an establishment of similar size and type, and proceed to adjust in accordance with Part 1 of Appendix A.

(d) Adjustment of fixed charges. If a seller has established fixed charges for certain services under RMPR 165, and has a "permissible increase factor" (as determined in line 1, Part 2 of Appendix A) he may increase such fixed charges

by his "increase factor". The adjusted fixed charges must be rounded to the nearest nickel. A fixed charge means a charge not computed by means of a customers' hourly rate.

NOTE: The "permissible increase factor" may be applied only to that part of the fixed charge which represents the actual labor price of that charge. The selling price of all parts and materials must be subtracted.

(e) Approval of adjustments. No adjustment can be put into effect until approved by the appropriate OPA District Office. Three copies of Appendix A, properly completed, must be submitted for such approval.

(1) Notification of approval or disapproval. Upon approval, the OPA District Office will return to the seller one copy of the form he submitted, and will mail another copy of the form to the seller's Price Control Board for the purpose of effecting an amendment to the seller's previously filed maximum prices. No further filing is necessary by the seller in such a case. In case of disapproval, the OPA District Office will return to the seller one copy of the submitted form with reasons for such disapproval.

(2) Failure to receive notification. Adjusted prices shall be considered approved 20 days after receipt of the proper forms by the OPA District Office, unless

the seller is advised within that time of disapproval or a request is made for additional information. If a seller has not received notice of the action taken on his adjusted prices and wishes to put them in effect after the 20 day waiting period, he must then file a statement of his adjusted maximum prices with his Price Control Board.

(3) The OPA District Office may at any time disapprove or revise adjustments hereunder for failure to comply with all the requirements stated in this regulation.

(f) Definitions. As used in this regulation the term: "Average straight-time hourly wage" means the total straight-time wages paid all productive mechanics during a designated week, divided by the total straight-time hours they work during that week.

"Productive mechanics" means employees regularly engaged in performing maintenance and repair work, including apprentices and trainees for whose labor charges are made and those who have been employed for a period of six months, but excluding service managers or others whose work is supervisory in nature. Foremen who perform full time repair or maintenance work may be considered as productive mechanics.

"Fixed charge" means a charge not computed by means of a customers' hourly rate.

PART I

Calculation of Average Straight-Time Wage Rate

- 1. Total number of employees..... Number of employees in repair department.....
2. These computations are based on my pay roll for the week ending....., 194.....

Table with 5 columns: (A) List names of "productive mechanics", (B) Classification of each worker, (C) Straight-time hours worked during week, (D) Wage paid for this labor, (E) Hourly rate paid each.

NOTE: If additional space is required, attach a separate sheet to this form and list under proper column headings your complete productive mechanics pay roll for the week selected. A definition of "productive mechanics" may be found in Supplementary Service Regulation 72.

- 4. Divide the total of Column B by Column C=\$....., which represents the average straight-time wage paid during the selected week.
5. The wages paid during the selected week are approved by the Wage Stabilization Board for the reason checked below: (You must check one).
- I employ not more than eight employees in my entire firm and I qualify under General Order No. issued by the National Wage Stabilization Board.
- I pay less than 65 cents an hour to all my mechanics.
- The wages I paid during the week selected were at rates no higher than the rates which were in effect on February 14, 1946.
- I obtained special Wage Stabilization Board approval and I attach a copy of that approval.

Adjustment of customers' hourly rate

6. My present customers' hourly rate is (before additions permitted for overtime by SSR 21) \$.....
7. The average hourly straight-time wage paid to my productive mechanics during the selected week was (the figure in line 4 above)
8. In accordance with the Adjustment Table (set out below) I request an increase in my present customers' hourly rate to (round the figure obtained to the nearest five cents)

Adjustment table

If your average straight-time hourly wage paid to productive mechanics is:

- 90 cents or less.....
- Over 90 cents but less than \$1.50.....
- \$1.50 or more.....

You may adjust your maximum customers' hourly rate to:

- Your average straight-time hourly wage plus 90 cents.
- Double your average straight-time hourly wage.
- Your average straight-time hourly wage plus \$1.50.

PART II

Adjustment of fixed charges

1. My "increase factor" as based on my adjusted customers' hourly rate is.....
NOTE: To obtain the "increase factor," divide your increased adjusted customers' rate (line 8 above) by your present customers' hourly rate (line 6 above). Carry the results to three decimal places.
2. Attach a separate sheet describing your fixed charges under the column headings below: Note: The percentage "increase factor" may be applied only to that part of the fixed charge which represents the actual labor price of that charge. The selling price of all parts and materials must be subtracted before the increase factor is applied to the fixed charge.

PART 1499—COMMODITIES AND SERVICES
[2d Rev. SR 14, Amdt. 40]

STANDARD WIRE NAILS

Modification of maximum prices established by the General Maximum Price Regulation for certain miscellaneous commodities and services.

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Section 5.4 is amended to read as follows:

SEC. 5.4 *Modification of maximum prices for retail sales of standard wire nails.*—(a) *Applicability.* This section is applicable to all sales of standard wire nails when sold:

(1) By a retailer or through a retail outlet to a consumer in quantities of 2500 pounds or less;

(2) By any reseller to a farmer in quantities of 2500 pounds or less, or

(3) By any reseller to contractors, commercial, industrial, and institutional users (except retailers), or the Federal Government or any state government or

any political subdivisions thereof, in quantities of 1500 pounds or less.

The weights specified above shall be determined by combining all items of bright and galvanized wire nails, brads, wire tacks or staples ordered by any person in one day.

(b) *Maximum prices.*—(1) *Sales out of jobbers' stocks.* When the nails are sold out of jobbers' stocks, the maximum price shall be determined as follows:

The seller shall multiply by 1.2 his delivered cost (not in excess of the applicable maximum price). The delivered cost used in determining the maximum price may not include the seller's cost of cartage from his local freight terminal to his warehouse or place of business.

(2) *Shipments directly from a manufacturer.* Where the nails were shipped to the seller directly from the manufacturer, the maximum price shall be determined as follows:

The seller shall multiply by 1.3 the manufacturer's mill carload price to dealers (not to exceed the applicable maximum price), excluding cost of cartage from his local freight terminal to his warehouse or place of business.

(3) *Sales of less than 25 pounds net.* Notwithstanding the provisions of (1) or (2), the maximum price for nails sold in lots of less than 25 pounds net shall be as follows:

Nails taking extras of:	Maximum price per pound.
Less than \$1.00.....	\$0.08
\$1.00 to \$3.00.....	.10
More than \$3.00.....	.12

(c) *Delivery charges.*—Any maximum price determined under the provisions of this section shall include delivery within the seller's "free delivery" zone as recognized by the seller during March

1942. Charges for delivery outside such "free delivery" zones shall not exceed the common carrier rate.

(d) *Definitions.* When used in this section, the terms:

(1) "Extras" means the published or quoted extras of the subsidiaries of the U. S. Steel Corporation as of April 16, 1941, or the published or quoted extras of the individual producer, as of April 16, 1941, and are additions to or deductions from the base price to make adjustments for variations in the product sold from the product governed by the base price. Extras include, but are not limited to, the extra charges for sizes, galvanizing and special features.

(2) "Mill carload price to dealer" means the producer's price to dealers for carload quantities at the governing or emergency basing point, as established by Revised Price Schedule 6, whichever is applicable, plus freight computed at the carload freight rate from such basing point to the seller's local freight terminal.

(3) "Retailer" means a person who sells primarily to purchasers for use and not for resale.

(4) "Retail outlet" means an outlet operated primarily for the purpose of making retail sales and includes, but is not limited to, retail hardware stores and retail lumber yards.

(5) "Standard wire nails" means any wire nails, brads, or staples, including but not limited to, bright wire, galvanized and cement coated nails of the following varieties: common nails, fine nails, casing nails, finishing nails, shingle nails, roofing nails, hinge nails, flooring brads, and metal lath staples, for which the producer's maximum price (established by Revised Price Schedule 6) is determined by using a basing point base price expressed in dollars-and-cents per 100 pounds and which is not subject to percentage discounts.

This amendment shall become effective August 23, 1946.

Issued this 23d day of August 1946.

MANUFACTURERS' MAXIMUM PRICES FOR AUTOMOTIVE PARTS

A statement of the considerations involved in the issuance of this amendment issued simultaneously herewith has been filed with the Division of the Federal Register.

Maximum Price Regulation 452 is amended in the following respects:

1. Section 1 (a) (1) is amended to read as follows:

(1) *Manufacture.* A person is a manufacturer under this regulation with respect to a part if:

(i) He is a producer (as defined in section 21) or rebuilder of the part; or
(ii) He purchased the part but had it made to his own specification and design and resells it under his own trade name, except when the sale is made at retail; or

(iii) He purchased the part but his sales of parts described in (i) and (ii) above account for more than 50 per cent of his dollar return on sales of automotive parts, and he resells the purchased part under his own trade name.

This amendment shall become effective August 24, 1946.

Issued this 22d day of August 1946.

[MPR 435, Amdt. 13]

NEW BICYCLE TIRES AND TUBES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 435 is amended in the following respects:

1. The table of contents, preceding section 1, is amended to read as follows:

Sec.

1. Prohibition against dealing in new bicycle tires and tubes at prices above the maximum.
2. Less than maximum prices.
3. To what transactions and commodities this regulation applies and the relation to other regulations.
4. Federal and state taxes.
5. Credit.
6. Transportation charges.
7. Evasive practices.

19. Sales by manufacturers to brand owners.
20. Sales to bicycle manufacturers for the original equipment of bicycles.
21. Reports and notification.
22. Maximum prices for bicycle tires.
23. Maximum prices for bicycle tubes.

2. Section 3 (c) (4) is amended to read as follows:

(4) *Any sale of imported bicycle tires or tubes.* Sales, purchases, and deliveries of imported bicycle tires and tubes are governed by the provisions of the Revised Maximum Import Price Regulation.

3. Section 16 (a) is amended by adding thereto the following:

"Jobber" means any seller of bicycle tires or tubes of the class which the brand owner offered bicycle tires or tubes during October 1941 at the prices which he had in effect to jobbers. In determining whether or not a seller is in that class, the criteria to be applied are those which the brand owner had in effect during October 1941 for determining which of his buyers were offered bicycle tires or tubes at such jobber prices.

"Retailer" means any seller of bicycle tires or tubes of the class to which the brand owner offered bicycle tires or tubes at dealer prices (prices for sales to retailers) during October 1941 or of the class existing during October 1941 which the brand owner had set up as being those who should properly be charged dealer prices. In determining whether or not a seller is in such a class, the criteria to be applied are those which the brand owner had in effect during October 1941 for determining which buyers should be offered bicycle tires or tubes at dealer prices.

"At retail" means sales and deliveries for use by the purchaser and not for resale.

4. Appendices A, B, C, and D are deleted.

5. New sections, designated 17, 18, 19, 20, 21, 22, and 23, are added, to read as follows:

SEC. 17. *Cash and volume discounts.* The following minimum percentage discounts shall be given on all sales to jobbers by American Tire Factories, Inc., Carlisle Tire and Rubber Company, Fisk Tires—Division of U. S. Rubber Company, Gillette Bicycle Tires—Division of U. S. Rubber Company, The Goodyear Tire and Rubber Company, Inc., The

Pharis Tire & Rubber Company, and United States Rubber Company:

Cash Discount	Annual volume bonus for current year	
	Percent	Volume
2%—10 prox.....	3.....	\$5,000 to \$7,499.
	4.....	\$7,500 to \$9,999.
	5.....	\$10,000 to \$19,999.
	7½.....	\$20,000 and over.

Any other seller shall extend to jobbers a cash discount which is at least as large as the smallest cash discount which he had in effect to jobbers during March, 1942.

SEC. 18. Factory seconds. Notwithstanding any other provision of this regulation, the maximum price for any sale or delivery to a jobber, retailer, or at retail of a factory second bicycle tire or tube shall be determined by deducting a minimum discount of 25 percent from the maximum price for sales to jobbers, retailers, or at retail which would apply if the tire or tube were not a factory second. "Factory second" means any new bicycle tire or tube from which the brand name has been removed.

SEC. 19. Sales by manufacturers to brand owners—(a) Maximum prices. Notwithstanding any other provision of this regulation, maximum prices for sales and deliveries by any manufacturer to any brand owner of bicycle tires and tubes of brands owned by such purchaser and of any rim strips, shall be the same as the maximum price to jobbers as established under this regulation for whichever one of the manufacturers' own brands is most comparable in physical quality to the tires or tubes being priced. *Provided, however,* That the maximum price determined under this section may not exceed the maximum price of the seller to his lowest price class of jobber on sales of his own (manufacturer's) brand.

(b) Reports. With the first sale or delivery of bicycle tires, tubes, or rim strips by the manufacturer to the brand owner thereof at prices which, pursuant to the provisions of this paragraph, are higher than the maximum prices which were in effect between the parties prior to November 19, 1945, such manufacturer shall within 10 days after such first sale or delivery, report to the Office of Price Administration, Washington, D. C., the description of the commodity sold, the price at which sold, the maximum price to such buyer for the commodity prior to November 19, 1945, the maximum price to such buyer for the same commodity pursuant to the provisions of this paragraph, and the name of the brand owner. Such manufacturer shall also similarly report to the Office of Price Administration, Washington, D. C., any subsequent sale of bicycle tires, tubes, or rim strips to such brand owner when the sales price differs from that previously reported.

SEC. 20. Sales to bicycle manufacturers for the original equipment of bicycles—(a) Applicability. The maximum prices fixed by this paragraph apply to sales and deliveries of bicycle tires, tubes and rim strips to bicycle manufacturers for

the original equipment of bicycles. This paragraph applies to all such original equipment sales and deliveries except those made pursuant to war orders. This paragraph does not apply to any sale or delivery of bicycle tires, tubes and rim strips for the original equipment of bicycles, made pursuant to war order as defined in Maximum Price Regulation No. 403—Certain rubber commodities purchased for Government use.

(b) Maximum prices—(1) Certain synthetic assemblies. The maximum price for any sale or delivery to which this paragraph applies, of the following grades and sizes of synthetic bicycle tire assemblies, consisting of two rim strips, two tubes, and two tires, shall be:

(2) The maximum prices for any sale or delivery to which this paragraph applies of a tire, tube, and rim strip assembly other than the grades and sizes specified in the table contained in (1) above, shall be a price in line with the maximum prices that this paragraph specifies, authorized by the Office of Price Administration, Washington, D. C., upon application in writing by the seller, for such authorization.

SEC. 21. Reports and notification. (a) Each owner of a brand name who first sold a bicycle tire or tube bearing such brand name after April 1, 1946, shall submit to the Office of Price Administration, Rubber, Chemicals and Drugs Price Branch, Washington 25, D. C., a report which shall contain the brand name, the type of the tire or tube according to the classification of types set forth in section 22 or section 23. If a tire or tube was first sold under such brand name between April 2, 1946, and September 7, 1946, the report shall be submitted to the Office of Price Administration within 10 days after September 7, 1946. If a tire or tube was not sold under such brand name prior to September 7, 1946, the report shall be submitted to the Office of Price Administration within 10 days after the tire or tube is first offered for sale.

(b) With or prior to the first sale after August 28, 1946, of a tire or tube by a brand owner, the brand owner shall furnish the buyer a written statement setting forth the type of such tire (standard, lightweight, or DeLuxe, etc.) or tube (Standard or Thorn and Puncture-Resistant or Premium) according to the

classification of types set forth in section 22 or section 23.

SEC. 22. Maximum prices for bicycle tires. The maximum prices for sales of bicycle tires to jobbers, retailers, and at retail of the sizes and types listed below, shall be the prices indicated for such size and type of tire. The maximum price for any size or type of bicycle tire not listed in the table below when sold to jobbers, retailers, or at retail, shall be determined by the Office of Price Administration upon application to the Rubber, Chemicals and Drugs Price Branch, Washington 25, D. C., setting forth a description of the tire to be priced, proposed selling prices, and a statement why these proposed prices are in line with the level of prices established by the regulation. The authorization will be by order.

PART 1349 — ELECTRICAL GENERATION, TRANSMISSION, CONVERSION AND DISTRIBUTION APPARATUS

[MPR 82, Amdt. 15]

WIRE AND CABLE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 82 is amended in the following respects:

1. Section 16 (a) (2) is amended to read as follows:

(2) *Resellers' prices.* (i) The maximum resellers' price for two conductor size 14 solid wire armored cable shall be the manufacturers' selling price for 250 foot coils as set forth in Appendix D, increased by 18%.

(ii) The maximum resellers' price for armored cable (other than that in section (i)), including armored lamp cord, armored leaded cable and bare armored ground wire shall be the manufacturers' selling price for the longest length coil as set forth in Appendix D increased by 21%.

(iii) The maximum resellers' price for less than full coils shall be the prices established under subparagraphs (i) and (ii) above, increased by 10%.

(iv) The reseller shall apply to the prices established under subparagraphs (i), (ii) and (iii), the same price differentials in effect to purchasers of the same class, all discounts (including cash discounts), and other conditions of sale which the reseller had in effect on May 7, 1946. If the reseller was not selling armored cable on that date, he

must determine his prices under section 11.

2. Appendix D is amended to read as follows:

PART 1340—FUEL

[MPR 121, Amdt. 39]

MISCELLANEOUS SOLID FUELS DELIVERED FROM PRODUCING FACILITIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 121 is amended in the following respects:

1. Section 1340.249 (e) (5) is amended to read as follows:

(5) Any producer of a miscellaneous solid fuel may add to his maximum prices established prior to July 1, 1946 under any of the pricing provisions of this regulation (i) the increase in his delivered cost of solid fuel manufactured into such briquettes or packaged fuel actually incurred by reason of the increase in railroad freight rates granted by the Interstate Commerce Commission in its order of June 20, 1946 on the Docket Ex Parte 162 or by any state regulatory body and based on Docket Ex Parte 162, and/or (ii) an amount not to exceed \$.06 per net ton to compensate for increase in water carrier rates for transportation of coal between United States ports on the Great Lakes; *Provided*, That the price increase so determined is reported to the Solid Fuels Price Branch, Office of Price Administration, Washington 25, D. C., and is approved in accordance with subdivision (iii) of § 1340.249 (d) (1).

2. Section 1340.249a is added to read as follows:

§ 1340.249a *Appendix B: Alternative pricing method for sales of miscellaneous solid fuels made by distributors (a) Price determination.* (1) A distributor subject to the provisions of this regulation may determine his maximum price by adding to the net cost of the miscellaneous solid fuel to be priced, an amount found by multiplying that "net cost" by his March 31, 1946 percentage mark-up on that miscellaneous solid fuel as calculated in paragraph (2) below.

(2) (i) "Net cost" means net unit cost of a miscellaneous solid fuel less all discounts to the distributor, or his producer's maximum price for that fuel, whichever is lower.

(ii) "March 31, 1946, percentage mark-up" is calculated by the distributor by subtracting from his March 31, 1946, maximum price of the fuel to be priced, his net cost of that fuel as determined from the last invoice which he received prior to March 31, 1946, and dividing the difference by that net cost.

(3) Each distributor pricing under this section must note on the invoice for the miscellaneous solid fuel he is pricing that he priced it pursuant to this § 1340.249a of Maximum Price Regulation No. 121. In addition, he must file with the Solid Fuels Price Branch of the Office of Price Administration, Washington 25, D. C., within 10 days after he has determined such price, his redetermined price and his method of calculation.

(b) *Application for mark-up.* If a distributor had no maximum price for a particular miscellaneous solid fuel in ef-

fect on March 31, 1946, his mark-up shall be the mark-up authorized by the Solid Fuels Price Branch of the Office of Price Administration, Washington 25, D. C. This mark-up shall be authorized upon application made by the distributor in accordance with § 1340.249 (c) (3) of this regulation. In addition to the information called for in said section, the application shall set forth the net cost to him of the miscellaneous solid fuel, his source of supply and the producer's net price for similar sales on March 31, 1946.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective August 23, 1946.

Issued this 23d day of August 1946.

Chapter XXIII—War Assets Administration

[Reg. 5, Order 11]

PART 8305—SURPLUS NONINDUSTRIAL REAL PROPERTY

FORMS FOR REPORTING ACQUISITION, DISPOSAL AND INVENTORY OF SURPLUS NONINDUSTRIAL REAL PROPERTY²

Surplus Property Administration Regulation 5, Order 11, issued January 16, 1946, entitled "Forms for Reporting Acquisition, Disposal and Inventory of Surplus Nonindustrial Real Property" (11 F.R. 746), is hereby revised and amended as herein set forth as War Assets Administration Regulation 5, Order 11.

Pursuant to the authority of the Surplus Property Act of 1944 (58 Stat. 765; 50 U. S. C. App. Sup. 1611), Public Law 181, 79th Congress, 1st Session (59 Stat. 533), Executive Order 9689 (11 F.R. 1265), and Public Law 375, 79th Congress, 2d Session, *It is hereby ordered*, That:

1. Disposal agencies shall file reports relating to receipt of declarations of surplus, to inventory, and to dispositions of surplus nonindustrial real property located in the continental United States, its territories and possessions, on WAA Forms 1050, 1051, 1052, 1053, 1053.1, 1054 and 1055, as attached hereto, in accordance with the instructions accompanying these forms. These forms shall supersede Forms SPA-50, 51, 52, 53, 54, 55 and 56.

2. Disposal agencies may reproduce WAA Forms 1050 through 1055; *Provided*, That the sizes and formats are identical with those on file with the Division of the Federal Register, sample copies of which may be obtained from the Administrator.

3. WAA Forms 1050 through 1055 may carry the information required thereon or they may be used as a cover transmittal sheet for mechanical accounting tabulations. If a machine-tabulated form is used, the columnar arrangement shall

AUTHORITY: §§ 301.0 to 301.14, inclusive, issued under (58 Stat. 889; 16 U.S.C. 460d).

§ 301.0 *Determination of the Secretary.* The Secretary of War having determined that use of the Fort Supply Reservoir Area, Wolf Creek, Oklahoma, the Norfolk Reservoir Area, North Fork River, Missouri and Arkansas, and the Nimrod Reservoir Area, Fourche La Pave River, Arkansas, by the general public for boating, swimming, bathing, fishing, and other recreational purposes will not be contrary to the public interest and will not be inconsistent with the operation and maintenance of the reservoirs for their primary purposes, hereby prescribes the following rules and regulations pursuant to the provisions of section 4 of an act of Congress approved December 22, 1944 (58 Stat. 889; 16 U.S.C. 460d); for the public use of the Fort Supply Reservoir Area, and the Norfolk Reservoir Area, and the Nimrod Reservoir Area.

§ 301.1 *Public use of reservoir areas under control of War Department—*(a) *Boats, commercial.* No boat, barge or other vessel shall be placed upon or operated upon any water of the reservoir for a fee or profit, either as a direct charge to a second party or as an incident to other services provided to the second party, except as specifically authorized by lease, license, or concession contract with the War Department.

(b) *Boats, private.* (1) The operation of boats on the reservoir for fishing and recreational use is permitted, except in prohibited areas designated by the District Engineer in charge of the reservoir area.

(2) A permit shall be obtained from the District Engineer or his authorized representative for placing and operating a boat on the reservoir for any one period longer than three days. No charge will be made for this permit. The permit shall be kept aboard the boat at all times that the boat is in operation on the reservoir.

(3) Unsafe boats will not be permitted on the reservoir, and all boats permitted on the reservoir shall be equipped for safe operation and operated in a safe manner in accordance with instructions issued by the District Engineer.

(4) Boats shall be moored only in areas designated by the District Engineer.

(5) A permit shall be obtained from the District Engineer for any special boat mooring facilities.

(6) The District Engineer in charge of the area shall have authority to revoke the permit for either the boat or mooring facilities and to require their removal upon the failure of the permittee to comply with the terms and conditions of the permit or with the regulations in this part.

(c) *Houseboats.* (1) A permit shall be obtained from the District Engineer for placing any houseboat on the water of the reservoir.

(2) Written approval of the District Engineer shall be obtained of the plans for houseboats and the construction of the houseboat shall conform to the plans as approved by the District Engineer.

(3) Refuse, garbage, rubbish, or waste of any kind shall be disposed of in the manner designated by the District Engineer or his authorized representative.

(4) Houseboats shall be securely moored in the area designated by the District Engineer.

(5) Houseboats shall be maintained in a condition satisfactory to the District Engineer and shall not be abandoned on the reservoir area.

(6) The District Engineer shall have authority to revoke the permit and require the removal of the houseboat upon failure of the permittee to comply with the terms and conditions or with the regulations in this part.

§ 301.2 *Swimming and bathing.* Swimming and bathing is permitted except in prohibited areas designated by the District Engineer.

§ 301.3 *Hunting and fishing.* (a) Hunting and fishing are permitted in accordance with all applicable Federal, State and local laws for the protection of fish and game, except in prohibited areas designated by the District Engineer.

(b) Hunting shall be with shotgun only.

(c) A permit shall be obtained from the District Engineer or his authorized representative to construct a duck blind on the water of the reservoir or upon the reservoir land.

§ 301.4 *Camping.* (a) Camping is permitted only at areas designated by the District Engineer in charge of the reservoir area or his authorized representative.

(b) Approval of the District Engineer, or his authorized representative, is required to camp in the reservoir area for any one period of two weeks or longer.

(c) Camping equipment shall not be abandoned or left unattended for 48 hours or more.

(d) The installation of any permanent facility at any public camp ground is permitted only on written authorization of the District Engineer or his authorized representative.

(e) Campers shall keep their camp grounds clean and dispose of combustibles and refuse in accordance with instructions posted by the District Engineer at each camp ground.

(f) Due diligence shall be exercised in building and putting out camp fires to prevent damage to trees and vegetation and to prevent forest and grass fires.

(g) Camps must be completely razed and the sites cleaned before the departure of the campers.

§ 301.5 *Picnicking.* Picnicking is permitted except in prohibited areas designated by the District Engineer or his authorized representatives.

§ 301.6 *Access to water area.* (a) Pedestrian access is permitted along the shores of the reservoir except in areas designated by the District Engineer or his authorized representative.

(b) Automobile access is permitted only over open public and reservoir roads.

(c) Access for the general public to launch boats is permitted only at the public launching sites designated by the District Engineer.

§ 301.7 *Destruction of public property.* The destruction, injury, defacement, or removal of public property or of vegetation, rock, or minerals, except as authorized, is prohibited.

§ 301.8 *Firearms and explosives.* Loaded rifles, loaded pistols, and explosives are prohibited in the reservoir area.

§ 301.9 *Gasoline and oil storage.* Gasoline and other inflammable or combustible liquids shall not be stored in, upon, or about the reservoir or shores thereof without the written permission of the District Engineer or his authorized representative.

§ 301.10 *Sanitation.* Refuse, garbage, rubbish or waste of any kind shall not be thrown on or along roads, picnicking or camping areas, in the reservoir waters or on any of the lands around the reservoir, but shall be burned or buried, or disposed of at designated points or places designed for the sanitary disposal thereof.

§ 301.11 *Advertisements.* Private notices and advertisements shall not be posted, distributed, or displayed in the reservoir area except such as the District Engineer or his authorized representative may deem necessary for the convenience and guidance of the public using the area for recreational purposes.

§ 301.12 *Unauthorized solicitations and business activities.* No person, firm or corporation, or their representatives, shall engage in or solicit any business on the reservoir area without permission in writing from the District Engineer or in accordance with terms of a lease, license, or concession contract with the War Department.

§ 301.13 *Commercial operations.* All commercial operations or activities on the waters of the reservoir or on the lands under the control of the War Department around the reservoir shall be in accordance with lease, license, or other agreements with the War Department.

§ 301.14 *Areas covered.* The regulations contained in this part shall govern

the public use of lands and waters under the control of the War Department at the following Reservoir Areas.

(a) Fort Supply Reservoir Area, Wolf Creek, Oklahoma.

(b) Norfolk Reservoir Area, Norfolk River, Missouri.

(c) Nimrod Reservoir Area, Fourche La Fave River, Arkansas.

TITLE 38—PENSIONS, BONUSES AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 5—ADJUDICATION; DEPENDENTS' CLAIMS

INSTRUCTIONS CONCERNING INCREASED RATES OF DEATH PENSION

1. Sections 4 and 5 Public Law 611, 79th Congress, approved August 7, 1946, provide as follows:

Sec. 4. The \$30 monthly rate of service pension payable to widows and former widows under the provisions of section 2 of the Act of May 1, 1926, as amended (44 Stat. 382; 58 Stat. 107; U.S.C. title 38, sec. 364a), is hereby increased to \$40 monthly.

Sec. 5. The increases provided by this Act shall be made effective the first day of the first calendar month following the date of enactment hereof.

2. *Current awards.* The provisions of this law will be applied in awards for periods on and after September 1, 1946.

3. *Automatic adjustments.* The payees accounts service will review the award account cards (code 5 A 2) of widows of veterans of the Spanish-American War, Boxer Rebellion and Philippine Insurrection, and in those instances in which: (1) Payments are being made to a widow for herself at the monthly rate of \$30; or (2) payments are being made to the widow for herself and a child or children in which the monthly rate for the widow is \$30 (that is where payments are not being apportioned), the total payable monthly under the award will be increased by \$10 effective September 1, 1946 as follows:

	Former rate	New rate
Widow.....	\$30.00	\$40.00
Widow and one child.....	36.00	46.00
Widow and two children.....	42.00	52.00
Widow and three children.....	48.00	58.00
Widow and four children.....	54.00	64.00
Widow and five children.....	60.00	70.00
Widow and six children.....	66.00	76.00

Where there is doubt as to whether the adjustment in rates should be automatically accomplished, such doubtful cases should be referred to the adjudicating division, dependents and beneficiaries claims service for preparation of an amended award.

The Division of Disbursement will be requested to prepare transcripts of the plates for the payees accounts service on cards 3¼ x 7¾. These cards will

bear in addition to name, address, XC-number and amount, the notation "Adj: Public Law 611, 79th Congress." Cards in those cases not automatically adjusted will be segregated. In those cases which are automatically adjusted, the payees accounts service will enter the new rates thereon, after which these cards will be forwarded to abstract division for recording and will then be filed in the case file over the most recent award.

In any case in which a subsequent review of the file discloses that the automatic adjustment was erroneously made, an amended award will be made to show the correct rate payable. Any reduction occasioned by decrease in the rates automatically adjusted will be effective date of last payment.

4. *Adjustment of awards not automatically increased.* (a) The payees accounts service will furnish the adjudicating division, dependents and beneficiaries claims service a list of all active cases in which payments under the act of May 1, 1926 as amended are apportioned between a widow and a child or children (code 5 A 2). The adjudicating division will obtain and review the XC files in these cases. In those cases in which payments are apportioned between a widow and a child or children, the rates will be adjusted as follows:

Widow.....	\$28.00
Child.....	18.00
Each additional child.....	6.00
Total amount for children equally divided.	

(b) The claims statistics service will furnish the adjudicating division, dependents and beneficiaries claims service with a list prepared from the abstract cards of all cases in which payments are being made to a child or children of a veteran of the Spanish-American War, Boxer Rebellion or Philippine Insurrection where there is no widow. The adjudicating division will obtain and review the XC files in these cases. Payments to a child or children where there is no widow which are being made at the rates provided in § 5.2634 (b) (1) of this chapter will be adjusted to authorize the following rates:

One child.....	\$46.00
Each additional child.....	6.00
Total amount equally divided.	

(c) The following statement will be made under "Reason for amendment" on the supplemental award brief face VA Form 8-553c: "Increase—Public Law 611, 79th Congress". The number of beneficiaries involved must also be shown. It will not be necessary to show any of the rates in effect prior to September 1, 1946. An appropriate letter of notification of the increase in rates will be forwarded to all payees in those cases in which an amended award is made to authorize the increase.

5. *Amended awards where automatic adjustment made.* Except as provided herein existing awards will not be amended solely for the purpose of showing the higher rates payable under this law. When subsequent developments in the individual cases necessitate amendatory award action the increased rates will then be shown.

6. *Prior adjudications.* Previous determinations on which an award was predicated will be accepted as correct in

the absence of clear and unmistakable error.

7. *Promptness of review.* Cases comprehended by this Instruction will be reviewed as promptly as possible consistent with the proper conduct of current adjudication activities.

PART 10—INSURANCE

NATIONAL SERVICE LIFE INSURANCE

§ 10.3400 *Applications by persons in active service.* (a) Persons in the active service in the land or naval forces of the United States, on October 8, 1940, and persons entering such service after that date (including those selected for training and service in the land or naval forces of the United States under the Selective Training and Service Act of 1940) under orders to active duty for a period of not less than thirty-one days, upon written application by any such person and payment of premiums while in such active service, shall be granted National Service Life Insurance on the five year level premium term plan for not more than \$10,000 or less than \$1,000 in multiples of \$500, in accordance with subparagraphs (1) and (2) of this paragraph. Such insurance must become effective while the applicant is in active service and in accordance with the provisions of § 10.3402 (a). No person may carry at any one time a combined amount of insurance in excess of \$10,000 under the War Risk Insurance Act, as amended, the World War Veterans' Act, 1924, as amended, and the National Service Life Insurance Act of 1940, as amended. Application for National Service Life Insurance should be made on forms prescribed by the Administrator, but any statement in writing which in substance meets the requirements of the regulation of this part shall be considered as an application: *Provided*, That the first monthly premium is paid, advanced or authorized to be deducted or allotted from pay at time of such application.

(1) Every person who is commissioned and ordered into, or who is examined, accepted, and enrolled in the active service in the land or naval forces after October 8, 1940, shall be granted such insurance without medical examination, provided application therefor is made while the applicant is in the active service and within 120 days after entrance into such service. Entrance into active service shall include a reentrance, but the provisions of section 602 (a) of the act shall not apply where the reentrance is a continuation of previous active service without interruption.

(2) Any person in the active service not eligible for insurance under subparagraph (1) of this section, shall be granted such insurance upon application made at any time while in the active service: *Provided*, The applicant is in good health at

the time of such application and furnishes evidence thereof satisfactory to the Administrator of Veterans' Affairs.

(b) Applications for insurance under section 602 (c) (2) of the National Service Life Insurance Act, as amended August 1, 1946. Persons who were in the active service between October 8, 1940, and September 2, 1945, both dates inclusive, may be granted National Service Life Insurance on the five-year level premium term plan in an amount of not more than \$10,000 nor less than \$1,000, in multiples of \$500, upon compliance with the conditions herein stated:

1. Written application therefor by any such person.
2. Payment of the first monthly premium.
3. Proof, satisfactory to the Administrator that the applicant is in good health.
4. The amount of insurance here granted plus the amount of any other insurance (National Service Life—United States Government Life—War Risk) in force under premium paying conditions or as extended insurance, shall not exceed \$10,000.
5. No person who has surrendered his National Service Life Insurance for its cash surrender value shall be entitled to apply for insurance under this paragraph to the extent of the amount of insurance so surrendered.

Service in the Philippine Commonwealth Army during the period stated above shall not be considered active service for the purpose of granting new insurance under section 602 (c) (2) of the act, as amended.

Where application is made prior to January 1, 1950, the application will not be denied on the ground that the applicant is not in good health by reason of any disability, less than total in degree, resulting from or aggravated by active service between October 8, 1940 and September 2, 1945.

An application for insurance hereunder should be made on the form prescribed therefor, but any written statement which in substance meets the requirements of the regulations in this part may be considered an application.

§ 10.3401 *Definition of good health.* The words "good health" when used in connection with insurance, mean that the applicant is, from clinical or other evidence, free from disease, injury, abnormality, infirmity, or residual of disease or injury to a degree that would tend to weaken or impair the normal functions of the mind or body or to shorten life.

The existence of "good health" shall not be denied in connection with any application for reinstatement of insurance, or for new insurance if such application is submitted prior to January 1, 1950 and if the disability or disabilities, less than total in degree, resulted from or were aggravated by active military or naval service between October 8, 1940 and September 2, 1945, both dates inclusive.

§ 10.3402 *Effective date—(a) Insurance applied for by persons in active service.* The effective date of a National Service Life Insurance policy granted under section 602 (a), (b), (c) (1) or (d) (1) of the National Service Life Insurance Act of 1940, as amended, shall not be established prior to October 8, 1940, nor prior to the entrance of the

applicant into active service. The effective date of the policy shall not be established later than the first day of the month following the date of application, nor after termination of active service.

Subject to the foregoing limitations the effective date of a National Service Life Insurance policy may be established upon written request by the applicant as follows:

(1) As of the date on which valid application and tender of premiums are made: *Provided*, That a premium advanced by the Service Department under the provisions of Public Law 451, 77th Congress, and regulations of the Department promulgated thereunder shall be deemed to be a tender of the first premium.

(2) As of the first day of month in which valid application and tender of premiums are made.

(3) As of the first day of month following that in which valid application is made and premium tendered or allotment of pay established.

(4) As of the first day of any month, but not more than six months, prior to the month in which valid application and tender of premium are made: *Provided*, That there be paid (i) an amount equal to the full reserve on the insurance at the end of the month prior to the month in which application is made, and (ii) the full premium on the amount of insurance for the month in which application is made.

Unless otherwise specified by the applicant, the effective date of National Service Life Insurance shall be established as follows:

(5) As of the date on which valid application and tender of premium are made: *Provided*, That a premium advanced by the Service Department under the provisions of Public Law 451, 77th Congress, and regulations of the Department promulgated thereunder shall be deemed to be a tender of the first premium.

(6) If the first premium be not tendered or advanced as provided above, such insurance shall be effective as of the first day of the month following the month in which valid application is made and allotment of pay established.

(b) *Effective date of insurance applied for under section 602 (c) (2) of the National Service Life Insurance Act, as amended August 1, 1946.* The effective date of a policy issued under section 602 (c) (2) of the National Service Life Insurance Act, as amended, may be established upon written request of the applicant as follows:

(1) As of the date on which valid application and tender of premium are made.

(2) As of the first day of the month in which valid application and tender of premium are made.

(3) As of the first day of the month following the month in which valid application and tender of premium are made.

(4) As of the first day of any month, but not more than six months, prior to the month in which valid application and tender of premium are made: *Provided*, That there be paid (i) an amount equal to the full reserve on the insurance at

the end of the month prior to the month in which application is made, and (ii) the full premium on the amount of insurance for the month in which application is made.

Unless otherwise specified by the applicant the effective date of National Service Life Insurance shall be established as of the date on which valid application and tender of premiums are made.

PREMIUMS

§ 10.3403 *Premium rates.* National Service Life Insurance is granted at the premium rate for the age nearest birthday anniversary of the applicant at the time the policy becomes effective in accordance with the premium rates published in Veterans' Administration Insurance Form 1535.

§ 10.3410 *Premiums to be deducted from compensation, retirement pay, or pension, treated as paid, for purpose of preventing lapse.* When premium deductions are authorized by the insured under National Service Life Insurance, in accordance with the provisions of Veterans' Administration regulations, the insurance premium will be treated as paid for the purpose of preventing lapse of the insurance, although such deduction is not in fact made, if upon the due date of the premium there due and payable to the insured an amount of disability compensation, death compensation, retirement pay, disability pension, or death pension sufficient to provide the payment. Any premium authorized to be deducted from disability compensation, death compensation, retirement pay, disability pensions, or death pension, due and payable to the insured and not actually paid, shall be deducted from any amount of current disability compensation, death compensation, retirement pay, disability pension, or death pension that may become due and payable to the insured. The amounts so deducted for premiums shall, except as otherwise provided in § 10.3502, be deposited and covered into the Treasury to the credit of the National Service Insurance Fund.

§ 10.3418 *Lapse while insured is in active military or naval service.* National Service Life Insurance will lapse and terminate while the insured is in the active military or naval service of the United States:

(a) If the insured fails to designate a method of payment of premiums at the time of applying or at any time elects to pay premiums on said insurance otherwise than by allotment of pay and such premiums are not paid prior to expiration of the grace period.

(b) Except as provided in § 10.3420, if the service department shall discontinue the allotment and premium is not otherwise paid prior to expiration of the grace period. (Secs. 601-618, 54 Stat. 1008-1014; 38 U.S.C. 801-818)

§ 10.3420 *Non-lapse of insurance during active service prior to date of enactment of Public Law 589, 79th Congress.*

(a) Where the insured provided for payment of the premiums by authorizing in writing the deduction of premiums from his service pay, insurance shall be

deemed not to have lapsed while he remained in active service, prior to the date of enactment of Public Law 589, 79th Congress, approved August 1, 1946: *Provided,* The deduction of premiums was discontinued because (1) the insured was discharged to accept a commission; or (2) the insured was absent without leave, if restored to active duty; or (3) the insured was sentenced by court martial, if he was restored to active duty, required to engage in combat, or killed in combat. If the insured died while the insurance was continued in force as provided above, payment of the benefits shall be made directly from the National Service Life Insurance Appropriation, and any premiums due on such insurance shall be deducted from the proceeds of the insurance.

(b) The provisions of the foregoing paragraph shall not apply to any insurance forfeited under section 612 of the National Service Life Insurance Act, as amended.

REINSTATEMENT

§ 10.3422 *Reinstatement of National Service Life Insurance.* Subject to the provisions of the National Service Life Insurance Act, as amended, and regulations issued thereunder, any insurance which has lapsed or may hereafter lapse and which has not been surrendered for a cash value or for paid-up insurance, may be reinstated upon written application signed by the applicant, and, except as hereinafter provided, upon payment of all premiums in arrears, with interest from their several due dates, provided such applicant at the time of application and tender of premiums is in the required state of health as shown in paragraph (a) or (b) of § 10.3423, whichever is applicable, and submits evidence thereof at the time of application and tender of premiums as may be satisfactory to the Administrator of Veterans' Affairs: *Provided,* That interest on premiums in arrears shall be at the rate of five per centum per annum, compounded annually, to the first monthly premium due date after July 31, 1946, and thereafter at the rate of four per centum per annum, compounded annually: *Provided further,* That the payment or reinstatement of any indebtedness against any policy must be made, and if such indebtedness with interest exceeds the reserve of the policy at the time of application for reinstatement thereof, then the amount of such excess shall be paid by the applicant as a condition of the reinstatement of the indebtedness and of the policy: *Provided further,* That a lapsed National Service Life Insurance policy which is in force under extended term insurance may be reinstated without health statement or other medical evidence, if application and tender of premiums with interest are made not less than five years prior to the date such extended insurance would expire: *Provided further,* That in any case in which the extended insurance under an endowment policy provides protection to the end of the endowment period such policy may be reinstated upon application and payment of the premiums with interest, and health statement or other medical evidence will not be required: *And, provided further,* That National Service Life Insurance on the

level premium term plan may be reinstated by written application of the insured accompanied by evidence of insurability and tender of two monthly premiums, but such insurance when reinstated without payment of all premiums in arrears with interest shall have no reserve value. Except as provided in § 10.3484 of this chapter, application for reinstatement of level premium term insurance accompanied by evidence of insurability and tender of premiums must be submitted prior to the expiration of the five year term period.

When the insured under a National Service Life Insurance policy on the level premium term plan makes inquiry prior to the expiration of the grade period disclosing a clear intent to continue insurance protection, such as a request for information concerning premium rates or conversion privileges, etc., an additional reasonable period not exceeding sixty days may be granted for payment of premiums due; but the premiums in any such case must be paid during the lifetime of the insured.

§ 10.3423 *Health requirements.* National Service Life Insurance may be reinstated if application and tender of premiums are made:

(a) If it be term insurance, within six months after lapse or six months after the date of approval of Public Law 589, 79th Congress, whichever is later, provided the applicant be in as good health on the date of application and tender of premiums as he was on the due date of the premium in default and furnished evidence thereof satisfactory to the Administrator. Insurance on any other plan may be reinstated on the basis of comparative health provided application is made and premiums are tendered prior to January 1, 1947 or within three months after the due date of the premium in default, whichever is later.

(b) After expiration of the applicable period mentioned in paragraph (a) hereof, provided applicant is in good health (§ 10.3401) on the date of application and tender of premiums, and furnished evidence thereof satisfactory to the Administrator of Veterans' Affairs.

§ 10.3424 *Evidence of insurability.* The applicant for reinstatement of a National Service Life Insurance policy must furnish evidence of insurability at the time of application satisfactory to the Administrator of Veterans' Affairs and upon such forms as the said Administrator shall prescribe or otherwise as he shall require. Applicant's own statement of comparative health may be accepted as proof of insurability for the purpose of reinstatement under § 10.3423 (a), but whenever deemed necessary in any such case by the Administrator of Veterans' Affairs report of physical examination may be required. Applications for reinstatement submitted after expiration of the applicable period mentioned in § 10.3423 (a) must be accompanied by report of physical examination made in accordance with the provisions of § 10.3464.

CHANGE IN PLAN

§ 10.3432 *Plans of National Service Life Insurance.* Subject to the condi-

tions stated in §§ 10.3433 and 10.3434. National Service Life Insurance on the five year level premium term plan may be converted to the following plans of insurance: Ordinary Life, Twenty Payment Life, Thirty Payment Life, Twenty Year Endowment, Endowment at Age Sixty, and Endowment at Age Sixty-Five.

§ 10.3433 *Exchange of a five year level premium term policy as of a current effective date.* National Service Life Insurance on the level premium term plan which has been in force at least one year may be exchanged, effective as of the date any premium becomes due, within the term period, for insurance of the same amount on any other plan issued by the Veterans' Administration under the National Service Life Insurance Act, 1940, as amended, upon payment by the insured (except where premium waiver is effective) of the current monthly premium at the attained age of the insured for the plan insurance selected. The reserve (if any) on the policy will be allowed as a credit on the current monthly premium except where premium waiver is effective: *Provided*, That conversion to an endowment plan may not be made while the insured is totally disabled. The exchange will be made without medical examination except when deemed necessary to determine whether an applicant for exchange to an endowment plan is totally disabled and upon complete surrender of the policy while in force by payment of waiver of premiums. Except as provided in § 10.3484 conversion of the term policy must be effected within the five-year term period, and if not exchanged or converted prior to the expiration of such period all protection thereunder shall cease.

§ 10.3434 *Exchange of a level premium term policy as of a date prior to the current month.* National Service Life Insurance on the level premium term plan which has been in force at least one year may be exchanged effective as of the date any premium has become due within the term period, for insurance of the same amount on any other plan issued by the Veterans' Administration under the National Service Life Insurance Act, 1940, as amended, upon payment by the insured of the difference between the reserve on the new policy and the reserve on the old policy and payment by the insured (except where premium waiver is effective) of the current monthly premium at the attained age of the insured as of the effective date of the new policy: *Provided*, That conversion to an endowment plan may not be made while the insured is totally disabled. The exchange will be made without medical examination, except when deemed necessary to determine whether an applicant for exchange to an endowment plan is totally disabled, and upon complete surrender of the policy while in force by payment or waiver of premiums: *Provided*, Waiver of the premiums on the new policy shall not be effective prior to the date such policy change was made. Except as provided in § 10.3484 of this chapter, conversion of the term policy must be effected within the five-year term period, and if not exchanged or converted prior

to the expiration of such period all protection thereunder shall cease.

§ 10.3435 *Exchange to a policy bearing the same effective date and having a higher reserve value.* If the insured be not totally disabled, National Service Life Insurance on any plan other than five year level premium term may be changed to insurance of the same amount, as of the same date and based on the same age, on any plan of insurance issued by the Veterans' Administration under the National Service Life Insurance Act of 1940, as amended, having a higher reserve value, upon payment by the insured of the difference between the reserve on the new policy and the reserve on the old policy. Such exchange will be made without medical examination except when deemed necessary to determine whether the insured be totally disabled and upon complete surrender of the policy while in force by payment of premiums.

§ 10.3436 *Exchange to a policy bearing the same effective date and having a lower reserve value.* National Service Life Insurance may be exchanged within five years from the effective date for insurance of the same amount, bearing the same date, and based on the same age, to any plan of insurance issued by the Veterans' Administration having a lower reserve value except to the five-year level premium term plan: *Provided*, The applicant is in good health at the time of application and furnishes evidence thereof satisfactory to the Administrator upon such forms as the Administrator shall prescribe, or otherwise as he shall require. The old policy must be in force under premium paying conditions and must be surrendered with all rights and claims thereunder. The difference between the reserve on the old policy and the reserve on the new policy, less any indebtedness, may be used to cover payment of future premiums or withdrawn in cash at the option of the insured. If the old policy has been in force for less than twelve months, the difference in reserve may be used only for the purpose of paying future premiums on the insurance and such premiums shall not be subject to withdrawal by the insured.

PREMIUM WAIVERS AND TOTAL DISABILITY

§ 10.3440 *Requirements for waiver of premiums.* Upon written application by the insured payment of premiums may be waived during the continuous total disability of the insured which continues or has continued for six or more consecutive months, provided such disability commenced (1) subsequent to date of application for insurance, (2) while the insurance was in force under premium-paying conditions, and (3) prior to the insured's sixtieth birthday: *Provided*, This paragraph shall not apply to any premium waiver authorized under subsection 602 (d) (3) of the Act, as amended. The insured shall be required to furnish proof satisfactory to the Administrator showing continuous total disability for at least six consecutive months, and may be denied benefits for failure to cooperate: *Provided further*, That in the event of death of the insured without filing application for waiver,

such application may be filed by the beneficiary with evidence of the insured's right to waiver under the conditions of this section on or before August 1, 1947, or within one year after death of the insured, whichever is the later; or, if the beneficiary be insane or a minor, such beneficiary may file application for waiver with evidence of the insured's right to waiver under the conditions of this section, within one year after removal of such legal disability.

§ 10.3441 *Effective date of premium waiver.* Subject to the following provisions, waiver of premiums may be made effective as of the date such six months continuous total disability commenced, but, except as hereafter provided, where the waiver is granted upon application of the insured made subsequent to August 1, 1947, such waiver shall not be effective as to any premiums which became due more than one year prior to receipt of such application in the Veterans Administration; or, where the waiver is granted upon application of the beneficiary, such waiver shall not be effective as to any premiums which became due more than one year prior to the date of death of the insured: *Provided*, That the Administrator may grant waiver of premiums in excess of such one year periods in any case in which he finds that the insured's failure to submit timely application or satisfactory evidence to show the existence or continuance of total disability was due to circumstances beyond the control of the insured; *Provided further*, That upon written application of the insured made on or before August 1, 1947, the Administrator shall grant waiver of any premium becoming due not more than five years prior to the date of enactment of the Insurance Act of 1946 (Public Law 589, 79th Congress, approved August 1, 1946) provided such waiver is otherwise authorized under the provisions of section 602 (n) of the act, as amended. Premiums tendered to cover a period during which the waiver is effective shall be refunded without interest.

§ 10.3443 *Total disability.* Total disability as referred to herein is any impairment of mind or body which continuously renders it impossible for the insured to follow any substantially gainful occupation.

Without prejudice to any other cause of disability, the permanent loss of the use of both feet, of both hands, or of both eyes, or of one foot and one hand, or of one foot and one eye, or of one hand and one eye, or the total loss of hearing of both ears, or the organic loss of speech, shall be deemed total disability for insurance purposes.

BENEFICIARIES

§ 10.3446 *Beneficiary designations.* The insured shall have the right to designate as beneficiary any person or persons, firm, corporation or other legal entity (including the estate of the insured) individually or as trustee, for insurance maturing on or after the date of enactment of Public Law 589, 79th Congress, approved August 1, 1946: *Provided*, That as to any insurance which matured prior

to August 1, 1946 designated beneficiaries shall be restricted to persons within the permitted class of designated beneficiaries, as follows: Wife (husband), child (including an adopted child, stepchild, illegitimate child), parent (including parent through adoption, stepparent, and persons who stood in loco parentis to the insured for a period of not less than one year prior to entry into active service), brother or sister (including those of the half blood) of the insured.

A beneficiary designation shall be made by notice in writing to the Veterans' Administration signed by the insured. A beneficiary designation, but not a change of beneficiary, may be made by last will and testament duly probated. A stepparent, stepchild or illegitimate child cannot be paid insurance which matured prior to August 1, 1946, unless specifically designated as a beneficiary by the insured. A designation of beneficiary need not be made in the application for insurance, but may be made at a later date.

§ 10.3447 *Beneficiary changes.* The insured shall have the right at any time, and from time to time, and without the knowledge or consent of the beneficiary to cancel the beneficiary designation, or to change the beneficiary, but a change of beneficiary to a person not within the permitted class of beneficiaries set forth in § 10.3446 shall not be effective as to insurance which matured prior to August 1, 1946. A change of beneficiary to be effective must be made by notice in writing signed by the insured and forwarded to the Veterans' Administration by the insured or his agent, and must contain sufficient information to identify the insured. Whenever practicable such notices shall be given on blanks prescribed by the Veterans' Administration. Upon receipt by the Veterans' Administration, a valid designation or change of beneficiary shall be deemed to be effective as of the date of execution: *Provided*, That any payment made before proper notice of designation or change of beneficiary has been received in the Veterans' Administration shall be deemed to have been properly made and to satisfy fully the obligations of the United States under such insurance policy to the extent of such payments.

§ 10.3448 *Class and order of payment to other than designated beneficiary.* If no beneficiary was designated by the insured for insurance which matured prior to the enactment of Public Law 589, 79th Congress, approved August 1, 1946, or if the designated beneficiary of such insurance did not survive the insured or dies or has died prior to completion of payment of the instalments certain payable under the provisions of the act and the terms of the policy, the instalments of insurance remaining unpaid shall be paid to persons in the permitted class of beneficiaries and in the order named:

- (a) Widow (widower) of the insured,
- (b) Child or children of the insured (including adopted children), in equal shares,
- (c) Parent or parents who last bore such relationship to the insured (including parent through adoption and persons who stood in loco parentis to the insured for a period of not less than one year prior to entry into active service), in equal shares,

(d) Brothers and sisters of the insured (including those of the half blood), in equal shares.

DEATH BENEFITS

§ 10.3449 *Limitations on entitlement and payment.* Any payment of insurance made to a person represented by the insured to be within the permitted class of beneficiaries shall be deemed to have been properly made and to satisfy fully the obligations of the United States under such insurance policy to the extent of such payments. The following provisions are applicable only to insurance which matured prior to the enactment of Public Law 589, 79th Congress, approved August 1, 1946. No person shall have a vested right to any instalment or instalments of the insurance and no instalment of insurance shall be paid to the heirs, creditors, or legal representatives as such of the insured or of any beneficiary. If no person within the permitted class survives to receive the insurance or any part thereof no payment of the unpaid instalments shall be made, except that if the reserve of a converted policy, together with dividend accumulations, less any indebtedness under such policy, exceeds the amount paid to the beneficiaries, such excess shall be paid to the estate of the insured unless the estate of the insured would escheat under the laws of his place of residence, in which event no payment shall be made.

When the amount of an individual monthly payment is less than \$5 such amount may, in the discretion of the Administrator, be allowed to accumulate without interest and be disbursed annually.

§ 10.3450 *Payment to first beneficiary where insurance matured prior to August 1, 1946.* Upon due proof of the death of the insured prior to the enactment of Public Law 589, 79th Congress, approved August 1, 1946 and while a National Service Life Insurance policy is in force, the monthly instalments without interest, which have accrued since the death of the insured (the first instalment being due on the date of the death of the insured) and the monthly instalments which thereafter become payable in accordance with the provisions of the policy shall be paid, as provided in § 10.3475, to the beneficiary or beneficiaries entitled.

§ 10.3451 *Payment after death of first beneficiary where insurance matured prior to August 1, 1946.* Upon due proof of death of the first beneficiary after payment has been made of at least one instalment of insurance which matured prior to August 1, 1946 thereafter monthly instalments in the same amount shall be paid to the person or persons entitled as beneficiary until all of the instalments certain shall have been paid.

The foregoing provision, if payment of the insurance had originally commenced prior to September 30, 1944, is subject to the present beneficiary's right to change the mode of payment as provided in § 10.3477 (b).

ASSIGNMENTS

§ 10.3459 *Assignments.* The proceeds of a National Service Life Insurance pol-

icy shall not be assignable except that the person designated as beneficiary may assign all or any part of his interest in the insurance to the insured's widow, widower, child, father, mother, grandfather, grandmother, brother, or sister, provided the designated contingent beneficiary, if any, joins the beneficiary in the assignment and such assignment is delivered to the Veterans Administration before any payments of the insurance have been made to the beneficiary.

Payment to the assignee shall be made in accordance with the option selected by the insured unless the insured selected Option 3 or 4. In the latter event the assignee will be paid in such number of equal monthly instalments under Option 2, as most nearly conforms to the number of instalments certain payable under the insured's election, or in 240 equal monthly instalments, whichever is the lesser.

INCONTESTABILITY

§ 10.3462 *Incontestability.* Subject to the provisions of § 10.3461 all National Service Life Insurance policies heretofore or hereafter issued, reinstated or converted shall be incontestable from the date of issue, reinstatement or conversion except for fraud, nonpayment of premium or on the ground that the applicant was not a member of the military or naval forces of the United States. (Secs. 601-618, 54 Stat. 1008-1014; 38 U.S.C. 801-818; Public Law 589, 79th Congress)

MODE OF PAYMENT AND OPTIONAL SETTLEMENT

§ 10.3475 *Mode of payment where insurance matured prior to August 1, 1946.* National Service Life Insurance which matured prior to the date of the enactment of Public Law 589, 79th Congress, approved August 1, 1946 shall be payable in the following manner:

(a) If the first beneficiary is under 30 years of age at the time of the death of the insured, in 240 equal monthly instalments at the rate of \$5.51 per month for each \$1,000 of insurance.

(b) If the first beneficiary is 30 or more years of age at the time of death of the insured, in equal monthly instalments for life, with 120 months certain (Option 3, § 10.3479).

(c) In lieu of the mode of payment shown in paragraphs (a) or (b) of this section, the insured or the first beneficiary may elect settlement as a refund life income (Option 4, § 10.3479).

§ 10.3476 *Selection and revocation of option.* The insured under a National Service Life Insurance policy may, during his lifetime, make his selection of the optional settlement set forth in § 10.3479 but such selection shall not be valid unless and until notice thereof is received in the Veterans' Administration. The insured may, during his lifetime, revoke his selection of the optional settlement, but the revocation shall not be valid unless and until notice thereof is received in the Veterans' Administration.

§ 10.3477 *Election of optional settlement by beneficiary—(a) Insurance maturing on or after August 1, 1946.* If the insured under a National Service Life

Insurance policy has not selected one of the optional settlements and dies on or after August 1, 1946, the insurance shall be payable in 36 equal monthly instalments but the designated beneficiary may elect to receive settlement under Option 2, 3, or 4. Such an election shall not be valid unless and until it is received in the Veterans' Administration. If the insured has selected an optional settlement then at the death of the insured the designated beneficiary may elect to receive payment in instalments spread over a greater period of time than that selected by the insured; thus:

(1) If the insured has selected Option 1, the beneficiary may elect to receive payment under Option 2, 3, or 4.

(2) If the insured has selected Option 2 with monthly instalments not in excess of 120, the beneficiary may elect to receive payment in a greater number of instalments under Option 2, or may elect to receive payment under Option 3 or 4.

(3) If the insured has selected Option 2 with monthly instalments in excess of 120, the beneficiary may elect to receive payment in a greater number of instalments under Option 2, or may elect to receive payment under Option 4, provided the number of instalments certain payable under Option 4 are not less than the number selected by the insured.

(4) If the insured has selected Option 3, the beneficiary may elect to receive payment under Option 4.

(5) If the insured has selected Option 4, and named no contingent beneficiary the beneficiary may elect to receive payment under Option 3.

A change in the mode of settlement is not authorized after payment has commenced, but where the insured has selected settlement under Option 1, a beneficiary who has elected to receive payment under Option 2, 3, or 4 may elect to receive the commuted value of any remaining unpaid instalments certain. Settlement under any one of the options or payment to the beneficiary of said commuted value shall be in full and complete discharge of all liability under the contract.

Options 3 and 4 shall not be available if the beneficiary be a firm, corporation, legal entity (including the estate of the insured), or trustee.

Settlement under Option 4 is not available to any beneficiary who is 69 or more years of age at the time of the death of the insured.

If the option selected by the insured or the designated beneficiary requires payment to any one beneficiary of monthly instalments of less than \$10 the amount payable to such beneficiary shall be paid under Option 2 in such maximum number of monthly instalments as are a multiple of 12 and will provide a monthly instalment of not less than \$10.

If the present value of the amount payable at the time any person initially becomes entitled to such payment is not sufficient to provide at least 12 monthly instalments of not less than \$10 each, such amount shall be payable in one sum.

(b) Insurance matured prior to August 1, 1946. If the insured under a National Service Life Insurance policy has

not selected one of the optional settlements and died prior to August 1, 1946, payment will be made as provided in § 10.3475 of this part, unless the first beneficiary elects settlement under option 4 (refund life income). If the insured selected settlement under the mode of payment provided in § 10.3475 of this part, then at his death the beneficiary if less than 69 years of age at the death of the insured may elect to receive payment under Option 4, but such an election shall not be valid unless and until it is received in the Veterans Administration. If the insured selected Option 4, payment will be made accordingly.

Except as provided below, a change in the mode of settlement is not authorized in any case in which payment has commenced, and settlement under any one of the options shall be in full and complete discharge of all liability under the contract: *Provided*, That where payments were commenced on or after September 30, 1944, but before the beneficiary was advised of the right of election, change in the mode of settlement may be effected if such beneficiary so elects within a reasonable period, ordinarily not more than 60 days, after notice has been sent regarding optional settlement: *Provided further*, That in any case in which payments were commenced prior to September 30, 1944, the beneficiary, whether or not the first beneficiary, may within two years after the enactment of Public Law 589, 79th Congress, approved August 1, 1946, elect a refund life income (Option 4) payable in monthly instalments adjusted as of the date of maturity of the insurance, and based upon the age of the original payee at such maturity date, credit being allowed for payments made under the present mode of settlement.

§ 10.3479 *Options*. The optional settlements under a National Service Life Insurance policy maturing on or after the date of enactment of Public Law 589, 79th Congress, approved August 1, 1946, are as follows:

Option 1. Insurance payable in one sum. Settlement under this option will be made only when selected by the insured. When such selection has been made, the face amount (less any indebtedness) will be payable in one sum upon the death of the insured.

Option 2. Insurance payable in elected instalments. The instalments noted below will be payable for an agreed number of months (not less than 36) to the designated beneficiary, but if the designated beneficiary dies before the agreed number of monthly instalments have been paid, the remaining unpaid monthly instalments will be payable as provided in §§ 10.3489 or 10.3490 of this part, whichever may be applicable:

The law does not authorize settlement under this option in any case in which less than 120 instalments may be paid; if the beneficiary is 69 or more years of age at the time of the death of the insured payment will be made as provided in Option 3.

(Secs. 601-618, 54 Stat. 1008-1014; 38 U.S.C. 801-818; Public Law 589, 79th Congress)

§ 10.3488 *Payment to designated beneficiaries where insurance matures on or after August 1, 1946.* National Service Life Insurance maturing on or after the date of enactment of Public Law 589, 79th Congress, approved August 1, 1946, is payable to the designated beneficiary in 36 monthly instalments unless one of the optional settlements as provided in § 10.3479 of this part has been selected by the insured or the designated beneficiary. The monthly instalments without interest, which have accrued since the death of the insured (the first instalment being due on the date of the death of the insured) and the monthly instalments which thereafter are payable in accordance with the option selected shall be paid to the designated beneficiary or beneficiaries.

§ 10.3489 *Payment to estate of insured.* If no person is designated beneficiary by the insured, or if the designated beneficiary (including a contingent beneficiary) does not survive the insured, or if a designated beneficiary not entitled to choose a lump sum settlement survives the insured and dies before receiving all the benefits due and payable, the remaining unpaid instalments certain shall be paid to the surviving designated contingent beneficiary, if any, and if no such contingent beneficiary survives, the present value of the remaining unpaid instalments certain shall be paid in one sum to the insured's estate, *Provided*, That in no event shall there be any payment to such estate of any sums which, if paid, would escheat. This provision shall not apply to any insurance which matured prior to August 1, 1946.

§ 10.3490 *Payment to estate of beneficiary.* If the designated beneficiary of National Service Life Insurance maturing on or after August 1, 1946 is entitled to settlement in one sum but dies before receiving payment, or has elected payment in monthly instalments under Option 2, 3, or 4 and dies before receiving all of the instalments due and payable thereunder, the present value of the remaining unpaid instalments certain shall be payable to the estate of such beneficiary: *Provided*, That in no event shall there be any payment to such estate of any sums which, if paid, would escheat.

§ 10.3492 *Election of payments of matured endowments.* The insured under a National Service Life Insurance policy issued on the endowment plan may, at the date of the maturity as an endowment, elect to receive payment in monthly instalments under Option 2 in lieu of payment in one sum. He shall have the right to designate the beneficiary or beneficiaries to receive any remaining unpaid instalments at his death. If the insured dies before receiving all such monthly instalments and no designated beneficiary survives, the present value of the remaining unpaid instalments shall be paid to the estate of the insured, provided such payment would not escheat. If the designated beneficiary of a matured endowment survives the insured the present value of any remaining unpaid instalments shall be paid to such beneficiary in one sum, unless the insured or such beneficiary has elected to continue the instalments under the option selected by the insured for payment of the endowment.

§ 10.3493 *Selection of optional settlements for minors and incompetents.* The National Service Life Insurance Act of 1940, as amended by Public Law 589, 79th Congress, approved August 1, 1946, provided that: "When an optional mode of settlement of insurance heretofore or hereafter matured is available to a beneficiary who is a minor or incompetent, such option may be exercised by his fiduciary, person qualified under Public Law 373, 72nd Congress, February 25, 1933 (47 Stat. 907; 25 U.S.C. 14), or person recognized by the Administrator as having custody of the person or the estate of such beneficiary, and the obligation of the United States under the insurance contract shall be fully satisfied by payment of benefits in accordance with the mode of settlement so selected."

TOTAL DISABILITY INCOME PROVISIONS

§ 10.3495 *Authority for the total disability income provision as provided in the National Service Life Insurance Act of 1940, as amended August 1, 1946.* The total disability income provision for National Service Life Insurance authorized by section 602 (v) of the National Service Life Insurance Act, 1940, as amended August 1, 1946, is subject in all respects to the provisions of the National Service Life Insurance Act, 1940, or any amendments thereto, and all regulations under the National Service Life Insurance Act, now in force or hereafter adopted, all of which together with the insured's application, report of physical examination, tender of premium and the total disability income provision shall constitute the contract.

§ 10.3496 *Application for total disability income provision authorized by the National Service Life Insurance Act of 1940, as amended August 1, 1946.* Application for the total disability income provision under National Service Life Insurance, authorized by section 602 (v) of the National Service Life Insurance Act of 1940, as amended August 1, 1946, and the report of physical examination should be on such forms as may be prescribed by the Veterans' Administration, but any statement in writing sufficient to identify the applicant and the amount of

insurance applied for, together with a satisfactory report of a physical examination and remittance to cover the first monthly premium will be sufficient as an application for the total disability income provision. Total disability insurance with benefits at the rate of \$5 per month will be granted for each \$1,000 of National Service Life Insurance in force in full multiples of \$500, but not to exceed the amount of life insurance, other than extended insurance, in force under the policy at the time of the application, upon compliance with the above requirements: *Provided*, The applicant is in good health; *Provided further*, That in any case in which the applicant while not totally disabled and prior to January 1, 1950, furnished proof satisfactory to the Administrator that his inability to furnish proof of good health is the result of an actually service incurred injury or disability, the requirement of proof of good health shall be waived.

§ 10.3497 *Effective date of total disability income provision authorized by the National Service Life Insurance Act of 1940; as amended August 1, 1946.* The total disability income provision will be made effective as follows:

(a) If the National Service Life Insurance policy and the total disability income provision are applied for at the same time and all requirements are complied with, the total disability income provision shall, except as provided in paragraph (b) of this section, be effective as of the same date the policy becomes effective.

(b) If the National Service Life Insurance policy is dated back, or has been previously issued, and the application is made on other than a due date of the monthly premium on the policy and all requirements are complied with, the total disability income provision shall be effective as of the last prior monthly premium due date.

§ 10.3498 *Total disability income provision for National Service Life Insurance authorized by the National Service Life Insurance Act of 1940; as amended August 1, 1946.* The total disability income provision for National Service Life Insurance authorized by the National Service Life Insurance Act of 1940, as amended August 1, 1946 is as follows:

NATIONAL SERVICE LIFE INSURANCE TOTAL DISABILITY INCOME PROVISION

	Monthly.....
----- Age of Insured	Quarterly.....
	Semiannually.....
	Annually.....

Provision for Waiver of Premiums and payment of monthly income attached to and made a part of National Service Life Insurance policy No. { $\frac{N}{V}$ } in the amount of \$ _____ issued on the life of _____ hereafter designated as the insured.

If the insured becomes totally disabled as the result of disease or injury and is continuously so disabled for a period of six consecutive months or more commencing after the date of application for the total disability income provision, or the effective date thereof, if later, and before attaining the age of sixty and while payment of any premium on this provision is not in default; and if due

proof satisfactory to the Administrator of Veterans' Affairs of such disability and the continuance of such disability is furnished before default in payment of premium on this provision or within one year from the due date of the premium in default, the United States of America will:

(a) Waive the payment of each premium on this provision (as well as on the policy) while such total disability continues, beginning with the first monthly premium falling due after such total disability commenced. Any premiums tendered for the period covered by the waiver will be refunded to the insured if living, otherwise to the party entitled to the life insurance payments.

(b) Pay to the insured a monthly income of \$5 for each \$1,000 insurance as shown on the face of this provision. Subject to the timely receipt of due proof as hereinafter provided such payments shall be effective as of the first day of the seventh consecutive month of continuous total disability and shall continue to be so payable during such total disability. Any monthly income payments due the insured by reason of total disability and not paid during his lifetime shall be paid to the party entitled to the life insurance payments. The monthly income payments made under this provision shall not reduce the face amount of the policy.

Total disability as referred to herein is any impairment of mind or body which continuously renders it impossible for the disabled person to follow any substantially gainful occupation. The monthly income payments may relate back to a date not exceeding six months prior to receipt of due proof of such total disability but not prior to the first day of the seventh consecutive month of continuous disability. Without prejudice to any other cause of disability the permanent loss of the use of both feet, of both hands, or of both eyes, or of one foot and one hand, or of one foot and one eye, or of one hand and one eye, or the total loss of hearing of both ears, or the organic loss of speech, shall be deemed total disability and monthly income payments or any of such specific causes of total disability may be paid from the first day of the seventh consecutive month of such continuous total disability.

Notwithstanding the fact that proof of total disability may have been accepted as satisfactory, the Administrator shall have the right to require proof of the continuance of such total disability at any time or times during the first two years after receipt of proof of total disability, but not more frequently thereafter than once a year. If the insured shall fail to furnish evidence satisfactory to the Administrator of the continuance of such total disability, or if it appears to the Administrator that the insured is able to engage in an occupation or perform work for compensation or profit, no further monthly income payments will be made and no further waiver of the payment of premiums will be granted, and thereafter premiums on the policy and on this provision will become due and payable as provided in the policy and in this provision.

If the policy shall lapse, or be surrendered for a cash value or for extended

insurance, or mature as an endowment, then this provision shall cease and no further premium will be payable. If the policy shall become paid up at the end of the premium paying period then this provision may be continued in force by the payment of monthly premiums as herein provided. If the policy be surrendered prior to the expiration of the premium paying period for paid-up insurance in an amount of not less than \$1,000 the insured may continue this provision in multiples of \$500 but not less than \$1,000 nor more than the amount of paid-up insurance, by the payment of the required premiums as they become due. If the amount of paid-up insurance is less than \$1,000 this provision shall cease and no further premium will be payable.

The waiver of premiums and the payment of the monthly income, as herein provided, shall be in addition to all other benefits and privileges under the policy, including the participation in such dividends on the policy as may be determined by the Administrator.

This provision may be canceled by the insured at any time upon written request to the Veterans' Administration accompanied by the policy (Certificate of Insurance) and this provision for endorsement.

This provision shall terminate and be of no further force and effect if any premium on the policy or on this provision be not paid when due or within the grace period of thirty-one days thereafter. If a premium be not paid as stipulated then this provision shall cease and terminate, but may be reinstated upon evidence of good health satisfactory to the Administrator of Veterans' Affairs, and upon payment of the premiums as stated below.

This provision, if attached to term insurance, may be reinstated upon evidence satisfactory to the Administrator showing the applicant to be in as good health as he was on the due date of the premium in default provided application and two monthly premiums are submitted within six months after the due date of the premium in default; if it be attached to insurance on any other plan reinstatement may be effected on the basis of comparative health provided application and all premiums in arrears with interest are submitted within three months after the due date of the premium in default, or prior to January 1, 1947, whichever is later.

This provision is issued in consideration of the application, evidence of good health, and the payment of a premium of _____ dollars and _____ cents in addition to the premium on the policy, said premium to be paid on the date this provision takes effect and on the same day of each month thereafter or within the grace period of thirty-one days.

This provision takes effect on the _____ day of _____ 19_____.

§ 10.3500 Insurance benefits authorized under section 602 (c) (3) of the act, as amended August 1, 1946. Any person in the active service between October 8, 1940 and September 2, 1945, both dates inclusive, who, while in such service and while performing full military or naval duty, made written application for insurance which was denied solely because of his condition of health, and who thereafter during such period of active service shall have incurred a total and permanent disability in line of duty or died in line of duty, shall be deemed to have applied for and to have been granted insurance for such amount which, when added to any other insurance in force under the War Risk Insurance Act, as amended, the World War Veterans' Act, 1924, as amended, or the

National Service Life Insurance Act of 1940, as amended, shall not in the aggregate exceed \$10,000.

Total permanent disability as referred to herein in any impairment of mind or body, which had continuously rendered it impossible for the disabled person to follow any substantially gainful occupation from the date of incurrence of such disability to the date of death. Without prejudice to any other cause of disability, the permanent loss of the use of both feet, or both hands, or of both eyes, or of one foot and one hand, or of one foot and one eye, or of one hand and one eye, or the total loss of hearing of both ears, or the organic loss of speech, shall be deemed total and permanent disability for the purpose of insurance under this provision. The right to insurance under

this provision may not be determined prior to the death of such person.

No rights, benefits or privileges, except the privilege of designating or changing the beneficiary, shall accrue to any such person during his lifetime, no policy or certificate of insurance shall be issued and no premiums shall be required for the purpose of continuing any such insurance in force.

Insurance when authorized under this provision shall be effective from the date such person applied for insurance while in the active service and shall be deemed to have been continued in force to the date of his death.

Upon the death of such person, insurance authorized under this provision shall be deemed to have matured and payment will be made to the party or

parties entitled to payment and in the manner provided in the National Service Life Insurance Act of 1940, as amended August 1, 1946, and regulations issued pursuant thereto.

There shall be deducted from the proceeds of such insurance the amount of the premiums payable thereon from the date of application to date of total and permanent disability or to date of death, if total and permanent disability in line of duty was not incurred.

Payments of insurance benefits under this provision shall be made directly from the National Service Life Insurance Appropriation.

§ 10.3502 *Crediting of premiums to and payment of benefits from National Service Life Insurance Appropriation.* All premiums collected for insurance granted or reinstated pursuant to the second sentence of section 602 (c) (2) of the act, as amended, or section 602 (v) (1) of the act, as amended, (first proviso) shall be credited directly to the National Service Life Insurance Appropriation.

Any payment of benefits on insurance granted or deemed to have been granted pursuant to the foregoing provisions of the act, as amended; section 602 (c) (3) of the act, as amended; section 602 (p) of the act, as amended (second sentence); and, any payment of benefits on insurance continued in force as provided in section 602 (m) (2) of the act, as amended, shall be made directly from the National Service Life Insurance Appropriation.

PART 35—VETERANS' REGULATIONS

INSTRUCTION ON INCREASE IN MONTHLY RATES OF COMPENSATION AND PENSION PAYABLE TO VETERANS OF WORLD WAR I AND WORLD WAR II, AND THEIR DEPENDENTS

For the purpose of effecting the provisions of section 2, Public Law 662, 79th Congress (Act of August 8, 1946), the following instructions are issued:

1. Public Law 662, 79th Congress, section 2, provides as follows:

That all monthly rates of compensation and pension payable to veterans of World War I and World War II and dependents of such veterans which are payable under any laws or regulations administered by the Veterans' Administration are hereby increased by 20 per centum: *Provided*, That such increase shall not apply to subsistence allowances payable under Public Laws Numbered 16 and 346, Seventy-eighth Congress, as amended.

The increases provided by this section shall be effective from the first day of the first month following the passage of this Act.

2. *Disability compensation and pension.* The increased rates authorized by

section 2 of the act will be effective on and after September 1, 1946 and are applicable to disability compensation and pension payable to veterans of World War I and World War II and those entitled to war-time rates under Public Law 359, 77th Congress, under any laws and regulations administered by the Veterans' Administration.

3. *Death compensation and pension.* The increased rates of death compensation and pension provided by the Act will be effective on and after September 1, 1946 and are applicable where benefits are payable to parents at the rates set forth in section 5, Public Law 198, 76th Congress, or to widows or children at the rates set forth in section 14 (a), Public Law 144, 78th Congress or Public Law 484, 73d Congress, as amended, or to widows, children or parents at the war-time rates set forth in § 35.01:

(a) Based on service rendered in World War I or World War II,

(b) Where death of a veteran of World War I or World War II resulted under the conditions set forth in section 31, Public Law 141, 73d Congress, section 12, Public Law 866, 76th Congress or section 2 (§ 35.017 (d)) Public Law 16, 78th Congress.

(c) Where benefits are payable within the purview of Public Law 359, 77th Congress, and

(d) Where benefits are payable at the rates provided by Public Law 484, 73d Congress, as amended, to a child of a veteran of the Spanish-American War, Boxer Rebellion or Philippine Insurrection whose entitlement arises solely by virtue of the provisions of section 1, Public Law 144, 78th Congress.

4. Adjustments required by section 2 of the act will, as far as possible be automatically effected from the finance records without individual adjudications.

5. In automatically adjusting the accounts of veterans whose awards have been apportioned, including special apportionments, the increased amount due will be prorated among the payees in accordance with the existing apportionment and a 20 percent increase will be authorized in favor of each payee.

6. In cases where an institutional award has been authorized any increase in the veteran's award will be deposited in the Funds Due Incompetent Beneficiaries, provided deposits are currently being made in this fund, otherwise such adjustment will be accomplished by award action.

7. The act affects the amounts of compensation and pension payable under the following Codes, 6A1, 6A2, 6B4, 6B5, 10A, 10A1, 10B, 10B4, 10C, 16A and 16B. Immediately upon receipt of this instruction, the finance service in branch offices and the finance division in all VA regional offices and centers should make arrangements, mutually agreeable, with their respective Regional Disbursing Office, for earlier cut-off dates for the September run of check-copy on the above listed Codes. The payee accounts service of central office will make necessary arrangements with the central office for the Division of Disbursement for appropriate cut-off dates concerning the accounts under jurisdiction of the central

office. If at all practicable, it is recommended that some of the cut-off dates may be set prior to September 1. These check-copy books will be run without showing the amount to be paid. Both the salmon and white sheets, with the carbon intact, will be furnished by the regional Disbursing Office. The books should remain intact until the regular verification and reconciliation are effected.

8. There are attached hereto as Appendix A and B tables showing the most common of old compensation and pension rates with the new rates, reflecting the 20 percent increase authorized by law. Sufficient copies of these tables should be made available to all working on this assignment. The new rates are arrived at by the simple computation of multiplying the old rate by six and dividing by five. All fractions of a cent are dropped.

9. Using these tables, with the exception of those instances noted in paragraphs 10, 11 and 12, the new amount of compensation or pension payable under each of the above listed codes will be written on the check-copy books, in figures to the right of the C- or XC-number. These figures will be entered in indelible pencil. Care must be exercised that the figures are written legibly. Each individual check-copy set should be placed on a hard surface when the figures are written thereon. The necessary entries will also be made on the award account cards, to reflect the increase in amount and the authority therefor. These entries should be legibly written. The authority will be shown as "Adj. Public Law 662, 79th Congress." Rubber stamps should be procured to accomplish this entry on the award account cards.

10. Where there is doubt in the finance offices as to whether or not the adjustment in rates should be automatically accomplished, such as special apportionments or other cases, such doubtful cases should be referred to the adjudication organizational units for preparation of an amended award. This reference may be accomplished by preparing a 3" x 5" card showing the name of the payee and the C- or XC-number. In these cases the compensation or pension at the old rate will be entered on the check-copies. A pencil notation will be made on the award account card that such account has been referred to the adjudication organizational unit for appropriate action.

11. Special care will be exercised in effecting the automatic adjustments of compensation or pension payable under Code 10C. Only the compensation or pension part of the amount payable is affected by the 20 percent increase provided for in the act. In the 10 percent, 20 percent and 30 percent disability cases, when the compensation or pension part is increased by 20 percent, the vocational rehabilitation allowance must be decreased to stay within the limitation of the amount authorized to be paid.

12. Attention is directed to the provisions of section 1 of the act providing that veterans, having no dependents and being furnished hospital or domiciliary care, shall receive their pension or compensation without reduction for a certain

period of time. This section is effective August 8, 1946. The abstract section, adjudication division, field offices, and the claims statistics service, central office, will provide lists of all such payees for each of the above listed Codes. Accordingly, it will be necessary to make two entries on the check-copies of all such payees. The first entry to the right of the C-number will reflect the additional amount due on the old rate from August 8 to August 31, 1946 plus the September amount payable including the 20 percent increase. The second entry should be made on the right-hand margin and will be the new monthly rate payable for subsequent months. This second entry should be circled. See also Instruction No. 1, section 1, Public Law 662, for further more detailed instructions on section 1 of the act.

13. The reconciliation should then be accomplished by adding both the check-copy books and the corresponding award account cards. The tapes should be totaled every 10 sheets so that the balancing of each voucher, 100 sheets, will be simplified. Upon completion of this action, the salmon sheets, which are to become the voucher, should be separated from the white sheets of the check-copy books. This separation may be made easily by holding securely, with the left hand, the sheets at the half-moon cut, gripping the opposite end of the assembly with the right hand, and giving it a jerk.

14. The certification sheet, Form 1001a, bearing appropriate data should be prepared and attached to the salmon copies of the check-copy books. The vouchers, accompanied by the white copies of the books should be released to the regional disbursing office daily. In other words, the vouchers should not be temporarily held in the finance office as is the usual practice under finance regulations, but should be forwarded to the Regional Disbursing Office immediately upon completion so that that office may be given sufficient time in which to prepare the addressograph plates and the checks for the amount authorized. One copy of the adding machine tape should accompany each voucher to the Regional Disbursing Office. The last of the vouchers should be forwarded in sufficient time so that they may reach the Regional Disbursing Office no later than six working days from the end of the month.

15. Upon the return of the vouchers to the Regional Disbursing Office, a request will be made that, following the cutting of the addressograph plates showing the new regular monthly rates, runs of the plates be made on check-size cards for the use of the finance office submitting the vouchers. One set only of these cards will be run. All will bear the notation "Adj. Public Law 662, 79th Congress." Upon receipt of these cards, all will be checked carefully against the award account cards. On the Code 10C cards, there will be entered in pencil both the new rate of pension or compensation payable and the vocational rehabilitation allowance payable.

16. Following this action, the cards will be forwarded to the organizational unit responsible for the abstract cards, where appropriate recording entries will be made on the abstract cards. The cards will then be filed in the case folders immediately over the most recent award action in the folder.

17. The following miscellaneous instructions will be observed in connection with accomplishing this automatic adjustment of all compensations and pensions payable under the provisions of the act.

(a) All amended award action will be held in the adjudication organizational units pending completion of the automatic adjustments described herein unless over-payment would result. Finance offices will notify the adjudication organizational units when the automatic adjustment is completed. Where conditions at any station are such that all amended awards can be processed simultaneously with the automatic adjustments and without retarding the latter process the finance offices shall so advise the adjudication organizational unit and such amended awards may then be released to the finance office.

(b) On all accounts being decentralized during the month of August 1946 from the central office and received in the branch offices in September, the adjustment for the 20 percent increase will be made at the branch office.

(c) During the month of September, the decentralization of accounts (death pension and compensation) from the central office and the recentralization of accounts from the regional offices will be suspended. Decentralization and recentralization of accounts will be resumed in October. This action is necessary because of the work involved in accomplishing the automatic adjustments for the 20 percent increase.

(d) Every finance office is cautioned to check carefully the October check-copy books upon receipt from the Regional Disbursing Offices to ascertain that the correct new monthly rate is being paid on the above listed Finance Codes. It is possible that some of the October check-copy books for these codes will be furnished without the amount payable being shown. If so, the same procedure will be followed as is outlined herein for the September check-copy books. The Regional Disbursing Offices may not have had the opportunity to cut all the addressograph plates in time for the October run of the check-copy books. Consequently, some may be run without the amounts being shown. Arrangements should be made with the Regional Disbursing Offices that preference be given to cutting the plates for Codes 10A and 10A1.

18. Amended awards where automatic adjustment is made. No amended award will be made solely for the purpose of confirming the automatic adjustment. When subsequent developments in the individual cases necessitate amendatory or accrued award action, the increased rates will then be shown. If in the course of any subsequent review of the case for any reason it is determined that

the automatic adjustment was erroneously made, an amended award will be made to show the correct rate payable. Any reduction occasioned by decrease in the rates automatically adjusted will be effective date of last payment.

19. Deputy Administrators and Managers will, at their discretion, order the necessary over-time and may without regard to personnel ceiling employ temporary part-time employees for not to exceed 45 days, in order to effect the account adjustments outlined in this Instruction.

inches on a compressed pellet of the explosive three-hundredths of an inch thick and two-tenths of an inch in diameter, confined rigidly between hard steel surfaces as in the standard impact testing apparatus of the Bureau of Explosives, must be packed in cartidges, or in bags or metal containers, in outside boxes. They must be packed in cartidges when their sensitiveness is greater than the limit prescribed herein. Such explosives when dry may be packed in strong sift-proof cloth or paper bags or metal containers of capacity not exceeding 25 pounds. These explosives must be packed in outside containers complying with the following specifications:

Superseding and amending pars. (a), (b), (c) and (d), sec. 63, order Aug. 16, 1940, to read as follows:

Sec. 63. *Ammunition for cannon with empty, inert-loaded or solid projectiles or without projectiles.* (a) Ammunition for cannon with empty projectiles, inert-loaded projectiles, solid projectiles, or without projectiles, or shell, is fixed ammunition of caliber 37 mm (1½ inches) and larger, assembled in a unit consisting of the cartridge case containing the propelling charge and primer with empty, inert-loaded, or solid projectiles, or without projectiles.

(b) Packing. Ammunition for cannon with empty projectiles, inert-loaded projectiles, solid projectiles, or without projectiles or shell, must be well packed and properly secured in strong wooden or metal containers.

(c) Marking. Each outside package must be plainly marked "Ammunition for Cannon with Empty Projectiles," "Ammunition for Cannon with Inert-Loaded Projectiles," "Ammunition for Cannon with Solid Projectiles," or "Ammunition for Cannon Without Projectiles," as the case may be.

(d) Ammunition for cannon with empty projectiles, inert-loaded projectiles, solid projectiles, or without projectiles or shell, must not be offered for transportation by rail express, except as provided in sec. 52.

Amending order Aug. 16, 1940, as follows (add):

105A (a) Acrolein must be inhibited and packed in specification containers as follows:

(b) Spec. 5A. Metal drums not over 55 gallon capacity each.

Amending par. (c) (3) (a) (1), sec. 61, order Jan. 23, 1946, as follows:

Cancel par. (c) (3) (a) (1), of sec. 61. Superseding and amending par. (c) (4) (a) (1), sec. 61, order Jan. 23, 1946, to read as follows:

(1) When individual shipments are approved by the Bureau of Explosives in spec. 23G, fiberboard boxes. Not more than one cartridge in each box. High explosives packed in boxes consisting of more than one tube joined circumferentially are exempt from the requirements of sec. 61 (a) (3) and (b) (4). High explosives packed in boxes consisting of one tube closed at the ends are exempt from the requirements of sec. 61 (b) (1), (b) (3), and (b) (4). Gross weight of boxes not to exceed 65 pounds.

Superseding and amending par. (e) (1), sec. 61, order Aug. 16, 1940, to read as follows:

(1) High explosives containing no liquid explosive ingredient nor any chlorate if their sensitiveness to percussion is not greater than that measured by the blow delivered by an 8-pound weight dropping from a distance of 7

Part 3—Regulations Applying to Shippers (CFR 75)

Superseding and amending par. (d), sec. 50, order March 29, 1944, to read as follows:

(d) Liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate. (For shipment by carrier by motor vehicle other than common carriers, see section 822 (b).)

Amending par. (b) (3) (a), sec. 60, order Feb. 10, 1943, as follows:

Cancel par. (b) (3) (a), of sec. 60. Superseding and amending par. (b) (7), sec. 61, order April 19, 1946, to read as follows:

(7) High explosives (dynamite), except gelatin dynamite, packed in bags or in cartridges in excess of 2 inches in diameter and containing not more than 30 percent liquid explosive ingredients may be packed in outside containers without sawdust and without lining paper provided either each inside or outside container is sift-proof and is so treated as to prevent penetration by the commodity with which the container is filled for shipping.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

(Docket No. 3666)

PARTS 71-85—TRANSPORTATION OF DANGEROUS ARTICLES

TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 19th day of August A. D. 1946.

It appearing, that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921, (41 Stat. 1445), and Part II of the Interstate Commerce Commission Act, the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles: It further appearing, that in applications received we are asked to amend the aforesaid regulations as set forth in provisions made part hereof:

It is ordered, That the aforesaid regulations for transportation of explosives and other dangerous articles be, and are hereby, amended as follows:

A heat of steel made under any of the above specifications, chemical analysis of which is slightly out of the specified range, is acceptable, if satisfactory in all other respects, provided the standard permissible variations from specified chemical ranges and limits published in the American Iron and Steel Institute Products Manual, section 10, dated June, 1945, are not exceeded.

9. (c) For cylinders with service pressure of 900 p. s. i. or more the minimum wall shall be such that the wall stress at the minimum specified test pressure shall not exceed 67% of the minimum tensile strength of the steel as determined from the physical tests required in paragraphs 15 and 16 and shall not be over 70,000 p. s. i.

10. *Heat treatment.* The completed cylinders must be uniformly and properly heat treated prior to tests. Heat treatment of cylinders of the authorized analyses shall be as follows:

(a) All cylinders must be oil quenched except as noted in par. (e) below.

(b) The steel temperature on quenching shall be that recommended for the steel analysis, but in no case shall exceed 1650° F.

(c) All steels shall be tempered at a temperature most suitable for that steel.

(d) The minimum tempering temperature shall not be less than 1200° F. except as noted in par. (f) below.

(e) Steel 4130X may be normalized at a temperature of 1650° F. instead of being quenched, and cylinders so normalized need not be tempered.

(f) Intermediate manganese steels may be tempered at temperatures not less than 1150° F., and after heat treating each cylinder must be submitted to a magnetic test to detect the presence of quenching cracks. Cracked cylinders shall be rejected and destroyed.

15. (c) (1) The yield strength shall be determined by either the "offset" method or the "extension under load" method, as prescribed in American Society for Testing Materials Standard method of tension testing of metallic materials E8-42. The limiting offset shall be 0.2%.

(c) (2) Cross head speed of the testing machine shall not exceed 1/8 inch per minute during yield strength determination.

16. Acceptable results for physical and flattening tests; elongation at least 20% for 2" gauge length or at least 10% in other cases; flattening required without cracking to 6 times wall thickness.

(a) and (b) These paragraphs do not apply.

21. Inspector's report. After "These cylinders were made by process of-----"

add "The cylinders were heat treated by the process of-----"

In table "Record of Physical Tests of Material for Cylinders" change third column to read:

Yield Strength at 0.2% offset (pounds per square inch).

Amending spec. 3D, par. 19 (a), order Aug. 16, 1940, as follows (add to par. 19 (a)): "For cylinders made under authority of paragraph 22 the marking must be ICC-3DA480."

Superseding and amending par. 19, spec. 4B, order Jan. 23, 1946, as follows:

19. *On each cylinder.* By stamping plainly and permanently on shoulder, top head, neck or valve protection collar which is permanently attached to the cylinders and forming an integral part thereof: *Provided*, That cylinders not less than 0.090 inch thick may be stamped on the side wall adjacent to top head, as follows:

Amending par. 19, spec. 4B, order Aug. 16, 1940, as follows (add):

(a) ICC-***; stars to be replaced by specifications number under which the container was made, followed by the service pressure (for example, ICC-4B400, etc.).

(b) A serial ± number and an identifying symbol (letters); location + number to be just below the ICC mark; location + of symbol to be just below the serial number. The symbol and numbers must be those of purchaser, user, or maker. The symbol must be registered with the Bureau of Explosives; duplications unauthorized.

ICC-4B—

XY

(c) Inspector's official mark, near serial number; date of test (such as 5-45 for May 1945), so placed that date of subsequent test can be easily added.

± Lot numbers, not over 500 cylinders in each lot, authorized for cylinders not over 2 inches outside diameter and for cylinders over 2 inches outside diameter when the volumetric capacity does not exceed 60 cubic inches.

+ Symbol in front of or following the number with ample space between or symbol and serial number stamped into welded or brazed-on valve spud directly above the ICC specification mark located on head of cylinder are also authorized. Other variations in location authorized only when necessitated by lack of space.

Amending order Aug. 16, 1940, as follows (add):

SPECIFICATION 4D—INSIDE CONTAINERS—
WELDED STEEL SPHERES FOR AIRCRAFT
USE

Containers must comply with specification 3A except as follows (paragraph references are to specification 3A):

2. (a) *Type and size.* Welded steel spheres (two seamless hemispheres) not over 1,100 cubic inches capacity.

(b) *Service pressure.*¹ At least 300 to not over 500 pounds per square inch.

3. *Inspection by whom and where.* By competent inspector of the manufacturer, or a disinterested inspection agency; chemical analyses and tests, as specified, to be made with limits of the United States.

5. *Steel.* Open-hearth or electric steel of uniform and weldable quality. Content percent for the following not over: Carbon, 0.25; phosphorus, 0.045; sulphur, 0.050, except that steel commercially known as 4130X may be used with proper welding procedure and complying with the following analysis:

4130X	Percent
Carbon	0.25/0.35
Manganese	.40/0.60
Phosphorus	.04 max.
Sulphur	.05 max.
Silicon	.20/0.35
Chromium	.80/1.10
Molybdenum	.15/0.25
Zirconium	
Nickel	

8. *Manufacture.* By best appliances and methods; dirt and scale to be removed as necessary to afford proper inspection; no defect acceptable that is likely to weaken the finished container appreciably; reasonably smooth and uniform surface finish required.

8A. This paragraph does not apply.

9. (a) *Wall thickness.* The wall stress at minimum test pressure shall not exceed 24,000 pounds per square inch, except where steel commercially known as 4130X is used, stress at test pressure shall not exceed 37,000 pounds per square inch. Minimum wall 0.040 inch for any diameter sphere.

(b) Calculation must be made by the formula:

$$S = \frac{PD}{4tE}$$

where S=wall stress in pounds per square inch; P=test pressure prescribed for water jacket test, i. e., at least two times service pressure, in pounds per square inch; D=outside diameter in inches; t=minimum wall thickness in inches; E=0.85 (provides 85% weld efficiency factor)

11. *Openings in sphere.* (a) Each opening in sphere, except those for safety devices, must be provided with a fitting, boss, or pad, securely attached to sphere by brazing or by welding or by threads. If threads are used, they must comply with the following:

(1) Threads must be clean cut, even, without checks, and tapped to gauge.

(2) Taper threads to be of length not less than as specified for American Standard taper pipe threads.

¹ The service pressure limits the use of the sphere. It is generally shown by marks on sphere; for example, ICC-4D300 indicates the service pressure as 300 pounds per square inch.

(3) Straight threads, having at least 4 engaged threads, to have tight fit and calculated shear strength at least 10 times the test pressure of the sphere; gaskets required, adequate to prevent leakage.

(b) Closure of fitting, boss, or pad must be adequate to prevent leakage.

13. (d) Spheres must be tested as follows:

(1) Each sphere to at least 2 times service pressure, or

(2) One sphere out of each lot of 200 or less least 3 times service pressure. Others must be examined under pressure of 2 times service pressure and show no defects.

14. *Flattening test.* Between parallel steel plates on a press with welded seam at right angles to the plates; test one sphere taken at random out of each lot of 200 or less after hydrostatic test. Any projecting appurtenances may be cut off (by mechanical means only) prior to crushing.

15. (a) *Physical test.* Required on 2 specimens cut from flat representative sample plate of the same heat taken at random from the steel used to produce the sphere. This flat steel from which the 2 specimens are to be cut must receive the same heat-treatment as the sphere themselves. Sample plates to be taken for each lot of 200 or less spheres.

(b) Specimens must be: Gauge length 2 inches with width not over 1½ inches: *Provided*, That gauge length at least 24 times thickness with width not over 6 times thickness is authorized when wall of sphere is not over 3/16 inch thick.

16. Acceptable results for physical and flattening tests.

(a) Elongation at least 40% for 2" gauge length or at least 20% in other cases; yield point not over 70% of tensile strength; flattening test not required.

(b) Elongation at least 20% for 2" gauge length or 10% in other cases; flattening required to 50% of the original outside diameter without cracking.

17. This paragraph does not apply.

18. Reheat-treatment authorized; subsequent thereto, acceptable containers must pass all prescribed tests. Repair of welded seams by welding prior to reheat-treatment authorized.

19. *On each sphere.* By stamping plainly and permanently only where the metal is at least 0.09" thick, or on a metal nameplate permanently secured to the sphere by means other than soft solder, or by means that would not reduce the wall thickness.

(a) ICC-***; stars to be replaced by specification number under which the sphere was made, followed by the service pressure (for example, ICC-4D300, etc.).

(c) Inspector's official mark, near serial number; date of test (such as 5-37 for May, 1937), so placed that dates of subsequent tests can be easily added.

20. *Size of marks.* Of sufficient size to be legible.

21. *Inspector's report.* No change, except use the word "spheres" instead of "cylinders" throughout and use the words "sphere" where the metal is at least 0.09" thick or the metal "nameplate" instead of "shoulders of cylinders"

after the words "Marks stamped into the".

Superseding and amending par. 2, spec. 10A, order Aug. 16, 1940, to read as follows:

2. *Staves and heading.* To be of white oak, chestnut oak, red oak, black cherry, Douglas fir, beech, sweet birch, yellow birch, or sugar (hard) maple; quarter sawed with the grain, from straight-grained timber, so no annual ring shall slope over half the thickness of stave or head; thoroughly kiln dried, moisture content 7% to 11%; free from rotten sap, checks, pitch pockets, cat faces, seed and worm holes in excess of 15 in one container, and other defects that show through on both sides.

Superseding and amending par. 7, table, spec. 11A, order Aug. 16, 1940, to read as follows:

(6th column, first 3 items) from 28 to 28½ inches.

Amending spec. 12B, order Aug. 16, 1940, as follows (add):

36. *Special box.* Authorized only for not more than two square inside metal cans each containing not over 200 feet (approx.) motion-picture film; gross weight not to exceed 15 pounds. Must comply with this specification except as follows: Must be double-slide type, both slides of double-faced corrugated fiberboard at least 200 pound test; closure by taping with strong paper tape authorized.

Superseding and amending par. 4 (a), spec. 15D, order Aug. 16, 1940, as follows: Cancel par. 4 (a), Specification 15D.

Superseding and amending par. 6 (a), spec. 16B, order Aug. 16, 1940, as follows: Cancel par. 6 (a), Specification 16B.

Superseding and amending spec. MC200, order Nov. 8, 1941, and March 29, 1944, to read as follows:

SPECIFICATION MC 200—CONTAINERS FOR LIQUID NITROGLYCERIN, DESENSITIZED LIQUID NITROGLYCERIN OR DIETHYLENE GLYCOL DINITRATE

1. Every motor vehicle used for the transportation of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate shall have a body constructed as set forth below, which body shall have component parts as specified hereinafter:

MOTOR VEHICLE BODY

2. *Body proper.* The motor-vehicle body proper shall have a hinged cover. Both the body and the cover shall be well and strongly built of wood or other non-sparking material of equal strength, thoroughly waterproofed, having no end or side openings, and lined with copper or other non-sparking sheet metal having all seams made tight against leakage of nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate by welding, brazing, or soldering. No metal of such character as to be capable of producing a spark when struck may be exposed on the inside or the top of the body, nor on the nether side or any edge of the cover, the top of which shall be covered with metal. The body shall be

of such dimensions that it will contain only a single tier of individual containers and of such approximate height that the felt pads will securely constrain all inside containers from vertical motion with respect to the body, and shall be securely and firmly attached to the chassis of the motor vehicle. The total load shall not exceed nine hundred (900) quarts liquid measure of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.

3. *Cellular construction.* In the motor-vehicle body specified in par. 2 shall be inserted suitable wooden or other nonmetallic, nonsparking cellular construction, the dimensions of each cell of which shall be such that the rubber "boot" or secondary container for the primary container of the nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, both of which are specified hereinafter, shall snugly fit. The cellular construction shall extend from near the top to near the bottom of the full height of each "boot" to be fitted therein, and shall rest upon and be covered by at least one-half (½) inch of felt padding or other material affording equivalent shock-absorbing protection. The cellular construction shall be of such strength as to provide suitable restraint under all conditions of loading to prevent relative motion of inside containers to be inserted or carried therein.

INSIDE CONTAINERS AND BOOTS

4. (a) *Inside containers.* Individual containers shall be made of copper or other nonsparking metal of equivalent strength, with all seams closed by welding, brazing, or soldering, and shall be tight against leakage of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate. No individual container shall exceed ten (10) quarts (liquid measure) capacity of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.

(b) *Boots, rubber containers for individual containers.* Each individual container of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate shall be contained in a rubber boot or outer container into which it shall snugly fit, and which, in turn, shall snugly fit into any cell of the cellular construction specified in par. 3 of this specification. This boot shall be water-tight throughout and at least of such volume as to contain all of the liquid content of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate of any inside container inserted in it. It shall be provided with V-shaped grooves at suitable spacings throughout its inside surface, extending from top to bottom in such manner as to prevent the entrapment of air therein upon insertion of the inside container of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate. The inside height of the rubber boot shall approximate the height of the inside container (including stopper) as shipped.

Superseding and amending par. 1, spec. MC 201, order Nov. 8, 1941, and March 29, 1944, to read as follows:

SPECIFICATION MC 201—CONTAINER FOR BLASTING CAPS, ELECTRIC BLASTING CAPS, AND PERCUSSION CAPS

1. *Scope.* This specification pertains to a container to be used for the transportation of blasting caps, electric blasting caps, and percussion caps in connection with the transportation of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, where any or all of such types of caps may be used for the detonation of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate in blasting operations. This specification is not intended to take the place of any shipping or packing requirements of this Commission where the caps in question are themselves articles of commerce.

Part 4—Regulations Applying Particularly to Carriers by Rail Freight (CFR 80)

Superseding and amending part of par. (f), sec. 525, order Aug. 16, 1940, to read as follows:

(f) *Car certificate.* The following certificate, printed on strong tag board measuring 7 by 7 inches, or 6 by 8 inches, must be duly executed in triplicate by the carrier, and by the shipper, if he loads the shipment; the original must be filed by the carrier at the forwarding station on a separate file; and the other two must be attached to the outside of car doors, or to the sides of car, one on each side alongside of the explosive placard:

Superseding and amending headline and sideline description "1" and "13" loading chart, sec. 533, order Nov. 8, 1941, to read as follows:

1. *Ammunition for cannon with empty, inert-loaded or solid projectiles, or without projectiles.*

13. *Poisonous gases or liquids, in cylinders, projectiles or bombs, poison gas label.*

Superseding and amending par. (h) and note, sec. 548, orders Aug. 16, 1940, and June 29, 1945, to read as follows:

(h) Car certificate must be placed alongside of explosive placard. (See sec. 525 (f).)

NOTE: Because of the present emergency and until further order of the Commission, gondola cars used for the shipment of bombs or poison gas may be placarded on both sides and both ends of car.

Superseding and amending sec. 584 (a), in part, order Aug. 16, 1940, to read as follows:

(a) The revenue waybill, astray waybill, switching order or any other billing issued in lieu thereof, prepared from the shipping order or other shipping paper, or shipping orders used as waybills, must describe the article by shipping name as prescribed herein and must show label notations for less-than-carload shipments or placard notations for carload shipment for dangerous articles other than explosives and placard indorsements as follows:

(No change in table)

Part 7—Regulations Applying to Shipments Made by Way of Common, Contract or Private Carriers by Public Highway (CFR 85)

Superseding and amending headline and sideline description "1" and "13" loading chart, sec. 825, order Nov. 8, 1941, to read as follows:

1. *Ammunition for cannon with empty inert-loaded or solid projectiles, or without projectiles.*

13. *Poisonous Gases or Liquids, in cylinders, projectiles or bombs, Poison Gas Label.*

Superseding and amending pars. (a) and (b), sec. 821, order March 29, 1944, to read as follows:

(a) *Nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, forbidden to common carriers.* Liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, may not be accepted for transportation or be transported by any common carrier by motor vehicle.

(b) *Rejection of leaking containers of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.* Any individual container used for the transportation of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, or any boot used therewith, found in such a condition as to permit leakage, shall be discarded and shall not thereafter be repaired for further use.

Superseding and amending pars. (a) and (b), sec. 822, order March 29, 1944, to read as follows:

(a) *Acceptable packages.* Any motor carrier may accept for transportation or transport any acceptable explosive or other dangerous articles listed in the Commodity List, Part 2, of these regulations: *Provided, however,* That no provision of this section shall be so construed as to permit the acceptance or transportation of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate by any common carrier.

(b) *Liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.* Liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate may be transported only by motor carriers other than common carriers in containers complying with specification MC 200. No form of trailer may be attached.

Superseding and amending par. (b) (3), sec. 824, orders Aug. 28, 1942, and March 29, 1944, to read as follows:

(3) *Explosives on trucks or semitrailers; no other trailer.* Any explosive other than liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate and forbidden explosives may be loaded into and transported on any truck or any semitrailer attached to a tractor, to which no form of trailer may be attached when so loaded: *Provided, however,* That because of the present emergency and until further order of the Commission, loading and transporting of military or naval explosives is permitted

in motor combination units of truck and full trailer, in addition to the types of vehicles in which such commodities may now be transported, when said transportation is performed to, from, or on behalf of the United States Government or the United Nations.

Superseding and amending par. (b) (7), sec. 824, order Jan. 8, 1944, to read as follows:

(7) *Blasting caps or electric blasting caps in same vehicle with other explosives.* Blasting caps and electric blasting caps may be transported in the same motor vehicle with high explosives, as follows: The blasting caps and electric blasting caps must be packed in authorized I. C. C. specification outside shipping containers, or in prescribed inside I. C. C. packages in an outside box made of 1 inch lumber lined with suitable padding material not less than ½ inch thick or a box made of not less than 12 gage sheet metal lined with plywood or other suitable material not less than ⅜ inch thick so that no metal is exposed. Hinged cover and fastening device are required on boxes. These boxes must be loaded in motor vehicle so that contents or box will be immediately accessible for removal. Blasting caps or electric blasting caps, when not packed in containers referred to above in this paragraph, must be transported in containers as prescribed in spec. MC201. See sec. 824 (b) (13) for shipment of blasting caps with liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.

Explosive projectiles with detonating fuzes assembled in place must not be transported unless shipped by, for, or to the War or Navy Department of the United States Government, or unless of a type approved by the Bureau of Explosives.

Superseding and amending pars. (b) (8), (b) (11), (b) (12), and (b) (13), sec. 824, order March 29, 1944, to read as follows:

(8) *Lading within body or covered tailgate closed.* Except as provided in section 824 (b) (7), (b) (11) and (b) (13), dealing with the transportation of liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, all of that portion of the lading of any motor vehicle which consists of explosives shall be contained entirely within the body of the motor vehicle, and if such motor vehicle has a tailboard or tailgate, it shall be closed and secured in place during such transportation. Every motor vehicle transporting explosives must either have a closed body or have the body thereof covered with a tarpaulin, and in either event care must be taken to protect the load from moisture and sparks.

(11) *Loading requirements for liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.* Liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate may be accepted for transportation and transported only by motor carriers other than common carriers if it be loaded into or on a truck having the type

of body specified in specification MC 200. No liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate may be loaded directly above any other explosive, or in any quantity in excess of 900 quarts on one motor vehicle or 10 quarts in any one individual container. Additional quantities of explosives, other than nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, excepting any type of blasting or percussion cap or other detonating device, may be carried on such motor vehicle in a closed or covered bed or body which shall be firmly bolted or fastened above the lid of the compartment containing the nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate. In no case shall the net load be more than 7,500 pounds. (See section 824 (b) (13) and specification MC 201.)

(12) *Separation of tools and supplies for preparing charges.* Motor vehicles transporting liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, may also transport the tools and supplies necessary for preparing and firing charges thereof: *Provided*, That such tools and supplies be properly secured in place so as to prevent their coming in contact with the body above specified.

(13) *Caps, or other explosives.* Any explosive other than liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, transported on any motor vehicle transporting liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate, shall be segregated; each kind from every other kind, and from tools or other supplies. Any percussion caps, detonators, blasting caps, or electric blasting caps, shall be carried either in a cloth container having individual pockets for each such cap, or by at least equally safe means. No greater number of any such caps shall be carried in the manner described than is necessary for use, on any particular trip.

Superseding and amending par. (a) (4), sec. 828, orders July 14, 1942, and March 29, 1944, to read as follows:

(4) *Liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.* When any liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate has been spilled on any portion of any motor vehicle it shall be washed with a suitable neutralizing agent until all of any such spillage shall have become completely neutralized.

NOTE: Liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate may be destroyed by use of a solution composed of

60% commercial sodium sulfide.....	1 ounce.
Denatured alcohol (ounces).....	7½ fluid.
Acetone (ounces).....	2 fluid.
Water (ounces).....	3 fluid.

Superseding and amending par. (a) (5), sec. 828, order March 29 1944, to read as follows:

(5) *Explosives other than liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate.* When particles of any explosive composition

other than liquid nitroglycerin, desensitized liquid nitroglycerin or diethylene glycol dinitrate have escaped from a damaged container to the floor of the body of the carrier's motor vehicle, the floor shall be thoroughly swept and any absorbed portion removed.

It is further ordered, That this order shall become effective on August 19, 1946, and shall remain in full force and effect until further order of the Commission;

And it is further ordered, That a copy of this order shall be served upon all parties of record herein; and notice shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 95—CAR SERVICE

REFRIGERATOR CARS FOR FRUIT AND VEGETABLE CONTAINERS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 22nd day of August A. D. 1946.

Upon further consideration of Service Order No. 558, (11 F.R. 8043), as amended (11 F.R. 8371), and good cause appearing therefor: *It is ordered,* That:

Service Order No. 558, as amended, be, and it is hereby, further amended by substituting the following paragraphs (a) and (d) in lieu of paragraphs (a) and (d) thereof:

(a) (1) *Substitution of refrigerator cars for box cars, to transport fruit and vegetable containers and box shooks.* Except as provided in paragraph (a) (2), common carriers by railroad subject to the Interstate Commerce Act transporting fruit and vegetable containers, box shooks or other packaging or packing materials in carloads from origins located in the State of California or in the State of Oregon on or south of a line extending from Lakeview through Klamath Falls to Ashland, to destinations in the State of California may, at their option, furnish and transport not more than three (3) RS type refrigerator cars in lieu of each box car ordered, subject to the carload minimum weight which would have applied if the shipment had been loaded in a box car.

(2) On shipments on which the carload minimum weight varies with the size of the car,

(i) Two (2) RS type refrigerator cars may be furnished in lieu of one (1) box car ordered of a length of 40' 7", or less, subject to the carload minimum weight which would have applied if the ship-

ment had been loaded in a box car of the size ordered.

(ii) Three (3) RS type refrigerator cars may be furnished in lieu of one (1) box car ordered of a length of over 40' 7", but not over 50' 7", subject to the carload minimum weight which would have applied if the shipment had been loaded in a box car of the size ordered.

(d) *Expiration date.* This order shall expire at 11:59 p. m., September 23, 1946, unless otherwise modified, changed, suspended or annulled by order of this Commission.

It is further ordered, That this amendment shall become effective at 12:01 a. m., August 23, 1946; that a copy of this amendment shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

UTAH

PROPOSED USE OF PUBLIC LANDS BY WAR DEPARTMENT

AUGUST 21, 1946.

Notice is hereby given that a public hearing will be held at 10:00 a. m. on September 12, 1946, in the U. S. District Court Room, Post Office Building, at Salt Lake City, Utah, with respect to the request of the War Department to use certain public lands in western Utah, within the two areas described below, in connection with a proposed expansion of the Wendover Bombing Range.

C. Girard Davidson, Assistant Secretary of the Interior, is hereby designated to preside at the hearing. Brigadier General Miles Reber, War Department Special Staff, and Colonel Edwin H. Marks, Division Engineer, South Pacific Division, will represent the Secretary of War at the hearing.

The first tract which contains such public lands is in Tooele, Juab and Millard Counties, Utah, encompassing approximately 3,000,000 acres of surveyed and unsurveyed lands, approximately 55 miles wide and 100 miles long, described as follows:

BOMBING RANGE No. 3

SALT LAKE MERIDIAN, UTAH

Tps. 11 to 19 S., incl., R. 9 W.;
T. 20 S., R. 9 W.,
Secs. 4 to 9 incl.,

 Secs. 1 to 6 incl.;
 Tps. 14 to 23 S., incl., R. 17 W.

The second tract which contains such public lands is in Tooele County, encompassing approximately 46,080 acres of surveyed and unsurveyed lands described as follows:

BOMBING RANGE No. 2
 SALT LAKE MERIDIAN, UTAH

T. 5 S., R. 18 W.;
 T. 5 S., R. 19 W.

All interested persons having cause to object to the proposed use by the War Department of these public lands should present their objections, either orally or in writing, at such hearing. Written objections may also be filed with the Secretary of the Interior, Washington, D. C., until September 5, and thereafter, until the hearing, with the Bureau of Land Management, 407 Walker Bank Building, Salt Lake City.

OSCAR L. CHAPMAN,
 Acting Secretary of the Interior.

Wage and Hour Division.

LEARNER EMPLOYMENT CERTIFICATES ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rate applicable under section 6 of the act have been issued to the firms hereinafter mentioned under section 14 of the act, Part 522 of the regulations issued thereunder (August 16, 1940, 5 F. R. 2862, and as amended June 25, 1942, 7 F. R. 4725), and the determinations, orders and/or regulations hereinafter mentioned. The names and addresses of the firms to which certificates were issued, industry, products, number of learners, learner occupations, wage rates, learning periods, and effective and expiration dates of the certificates are as follows:

Independent Telephone Learner Regulations, July 17, 1944 (9 F. R. 7125).

The special learner certificates issued to the following companies under the above regulations provide for the employment of learners in the occupation of commercial switchboard operator for a period not in excess of 480 hours at not less than 30 cents per hour for the first 320 hours and 35 cents per hour for the remaining 160 hours of the learning period. The number of learners authorized to be employed depends on the number of operators in the exchange, i. e., one learner if the exchange employs 8 operators or less, two learners if the exchange employs from 9 to 18 operators, etc. See Regulations, Part 522, § 522.083.

Puerto Rico Industrial Development Company, San Juan, Puerto Rico; Shoe Manufacturing Industry; ninety-two (92) learners in the operations of cutting (19 learners), stitching (35 learners), and making (38 learners) for a learning period of 2,080 hours at not less than 18 $\frac{3}{4}$ cents an hour while working on fabric and plastic shoes and not less than 22 $\frac{1}{2}$ cents an hour while working on leather shoes, and for every hour thereafter not less than the minimum established by any applicable wage order that may be in effect; effective August 6, 1946; expiring August 5, 1947.

The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of the applicable determinations, orders and/or regulations cited above. These certificates have been issued upon the employers' representations that experienced workers for the learner occupations are not avail-

able for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of regulations, Part 522.

Signed at New York, New York, this 21st day of August 1946.

FEDERAL POWER COMMISSION.

[Docket Nos. G-750 and G-753]

NORTHERN NATURAL GAS CO.

ORDER CONSOLIDATING PROCEEDINGS AND
 FIXING DATE OF HEARING

AUGUST 21, 1946.

Upon consideration of the following applications filed by Northern Natural Gas Company (applicant) for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended:

(a) Application filed July 8, 1946, Docket No. G-750, for authority to construct and operate the following described facilities:

(i) One 1,000 h. p. horizontal gas engine compressor unit, together with other appurtenances and equipment, at its compressor station located at Sublette, Kansas.

(ii) One 1,000 h. p. horizontal gas engine compressor unit, together with other appurtenances and equipment, at its compressor station located at Clifton, Kansas.

(iii) One 900 h. p. horizontal gas engine compressor unit, together with other appurtenances and equipment, at its compressor station located at Oakland, Iowa.

(iv) One 800 h. p. horizontal gas engine compressor unit, together with other appurtenances and equipment, at its compressor station located at Ogden, Iowa.

(v) One 800 h. p. horizontal gas engine compressor unit, together with other appurtenances and equipment, at its compressor station located at Hooper, Nebraska.

(vi) One 800 h. p. horizontal gas engine compressor unit, together with other appurtenances and equipment, at its compressor station located at South Sioux City, Nebraska.

(b) Application filed July 15, 1946, Docket No. G-753, to construct and operate the following described facilities:

(i) A measuring and regulating station consisting of one 6-inch orifice meter run and two 2-inch regulators, together with appurtenances thereto, and one 12' x 16' K. D. steel building, to be located in the Northwest Quarter of Section 12, Township 96 North, Range 22 West, Cerro Gordo County, Iowa.

(ii) Approximately 0.66 mile of 4½-inch O. D. pipe line, together with appurtenances thereto, from a point of interconnection with Applicant's 10-inch Mason City branch line in the Southwest Quarter of Section 1, Township 96 North, Range 22 West, Cerro Gordo County, Iowa, and extending in a southerly direction to the proposed metering and regulating station referred to in subparagraph (i) of paragraph (b) above.

It appears to the Commission that: Good cause exists for consolidating the above matters for purposes of hearing.

The Commission orders that:

(A) The proceedings in Docket Nos. G-750 and G-753 be and they are hereby consolidated for the purposes of hearing.

(B) A public hearing be held commencing on August 29, 1946, at 10:00 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue, N. W., Washington, D. C., respecting the matters involved and the issues presented in these proceedings; *Provided, however*, That if no protest or petition to intervene has been filed or allowed prior to the date herein fixed for hearing, or if a protest or a petition to intervene, in the judgment of the Commission raises no issue of substance, the Commission may dispose of the applications without contested hearing, by order, upon the applications and evidence filed or available to the Commission and such additional evidence as the Commission may require to be filed for its consideration.

(C) Interested state commissions may participate in this hearing in accordance with § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act, as amended.

By the Commission.

[Docket No. G-763]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

AUGUST 21, 1946.

Notice is hereby given that on August 2, 1946, the Northern Natural Gas Company (Applicant), a Delaware corporation, having its principal place of business at Omaha, Nebraska, filed with the Federal Power Commission an application for a certificate of public convenience and necessity under section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of certain facilities for the transportation and sale of natural gas subject to the jurisdiction of the Federal Power Commission as hereinafter more fully described.

The proposed facilities to be constructed and operated by the Applicant consist of:

1. *Compressor station additions—Sunray, Texas, compressor station (new station).* Three (3) 600 H. P. vertical gas engine-compressor units, complete with auxiliaries, cooling tower, cooling coils, buildings, and other appurtenances, to be located in Section 169, Block 3 T of T & N. O. R. Survey in Moore County, Texas. (1st, 2nd, and 3rd Units.)

Beaver, Oklahoma, compressor station. One (1) 1,300 H. P. horizontal gas engine-compressor unit, together with other appurtenances and equipment. (5th Unit.)

Sublette, Kansas, compressor station. Three (3) 1,000 H. P. horizontal gas engine-compressor units, together with other appurtenances and equipment. (8th, 9th, and 10th Units.)

Mullinville, Kansas, compressor station. Three (3) 1,300 H. P. horizontal gas engine-compressor units, together with other appurtenances and equipment. (7th, 8th, and 9th Units.)

Bushton, Kansas, compressor station. Three (3) 1,300 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (8th, 9th and 10th units).

Clifton, Kansas, compressor station. Five (5) 1,000 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (11th to 15th units).

Beatrice, Nebraska, compressor station. Five (5) 1,300 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (6th to 10th units).

Palmyra, Nebraska, compressor station. Two (2) 1,300 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (5th and 6th units).

Hooper, Nebraska, compressor station. Two (2) 800 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (5th and 6th units).

South Sioux City, Nebraska, compressor station. Two (2) 800 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (5th and 6th units).

Paullina, Iowa, compressor station (formerly referred to as Cherokee, Iowa,

compressor station). Two (2) 800 h. p. vertical gas engine-compressor units, together with other appurtenances and equipment. (4th and 5th units).

Dunnell, Minnesota, compressor station (new station). Four (4) 800 h. p. vertical gas engine-compressor units, complete with auxiliaries, cooling tower, cooling coils, buildings, and other appurtenances, to be located on the 16-inch main gas transmission line of applicant near Dunnell, Minnesota, in section 22, township 101 north, range 33 west, Martin County, Minnesota. (1st to 4th units).

Ogden, Iowa, compressor station. Two (2) 800 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (5th and 6th units).

Ventura, Iowa, compressor station. Two (2) 800 h. p. horizontal gas engine-compressor units, together with other appurtenances and equipment. (4th and 5th units).

2. *Loop line additions—Palmyra, Nebraska, Northeast.* 25.0 miles of 24-inch Loop line and appurtenances thereto, from the Palmyra, Nebraska, Compressor Station, extending in a northeasterly direction to a point in the Northwest Quarter of Section 12, Township 11 North, Range 12 East, Cass County, Nebraska.

Oakland, Iowa, North. 9.4 miles of 24-inch Loop line and appurtenances thereto, from the Oakland, Iowa, Compressor Station Yard, extending in a northeasterly direction to the 24-inch Valve Setting No. 4 in the Northwest Quarter of Section 18, Township 76 North, Range 37 West, Cass County, Iowa.

Ogden, Iowa, North. 10.92 miles of 24-inch Loop line and appurtenances thereto starting at Valve Setting No. 5 in the Northeast Quarter of Section 28, Township 89 North, Range 27 West, Webster County, Iowa, and running in a northerly direction to Valve Setting No. 6 in the Northwest Quarter of Section 10, Township 90 North, Range 26 West, Wright County, Iowa.

Ventura, Iowa, North. 26.0 miles of 24-inch Loop line and appurtenances thereto starting at Valve Setting No. 2 in the Northeast Quarter of Section 13, Township 103 North, Range 22 West, Freeborn County, Minnesota, and running in a northerly direction to a point in the Southeast Quarter of Section 4, Township 107 North, Range 21 West, Steele County, Minnesota.

Farmington, Minnesota, tie-in from East 18-inch to West 16-inch Main Lines. 11.75 miles of 24-inch Pipe Line and appurtenances thereto, from Valve Setting No. 11 on the 18-inch East Main Line of Applicant at a point in the Northeast Quarter of Section 36, Township 114 North, Range 20 West, Dakota County, Minnesota, and running in a northwesterly direction to Valve Setting No. 36 on the 16-inch West Main line of Applicant in the Southwest Quarter of Section 35, Township 27 North, Range 24 West, all in Dakota County, Minnesota.

Palmyra, Nebraska, North. 27.1 miles of 20-inch Loop line and appurtenances thereto, from Nebraska, Compressor Station and extending northwesterly to Valve Setting No. 7 in the Northwest

Quarter of Section 27, Township 13 North, Range 8 East, Saunders County, Nebraska.

Hooper, Nebraska, South. 6 miles of 18-inch Loop line and appurtenances thereto, from the 20' x 18' Swedge at Valve Setting No. 11, in the Southwest Quarter of Section 27, Township 16 North, Range 8 East, Saunders County, Nebraska, and extending Northerly to 18-inch Valve Setting No. 12, near the South bank of the Platte River, in the Northeast Quarter of Section 33, Township 17 North, Range 8 East, Saunders County, Nebraska.

South Sioux City, Nebraska, South. 33.83 miles of 18-inch Loop line and appurtenances thereto, from Valve Setting No. 9 in the Southwest Quarter of Section 10, Township 27 North, Range 8 East, Burt County, Nebraska, and extending Northerly to Valve Setting No. 14, in the South Sioux City, Nebraska, Station Yard in the Southeast Quarter of Section 33, Township 29 North, Range 9 East, Dakota County, Nebraska.

3. *Miscellaneous additions.*—Pipe Line from Sunray, Texas, compressor station to 24-inch Texas main line. Approximately 35 miles of 16-inch main pipe line and appurtenances thereto, from the Sunray, Texas, Compressor Station, extending easterly to Valve Setting No. 5 on the 24-inch Texas Main line of Applicant, in Section 11, Block M 22 of T. C. R. R. Survey, Hutchinson County, Texas.

Two 108-inch x 40-foot absorbers, Sublette dehydration plant. The construction of 2 108-inch x 40-foot Absorbers, together with other appurtenances and equipment, to be located at the present Sublette Dehydration Plant.

Two 72-inch x 71-foot absorbers, Sublette gasoline plant. The construction of two 72-inch x 71-foot absorbers and one 412 Horsepower Murray Boiler and other appurtenances and equipment, to be located at the present Sublette Gasoline Plant.

Dehydration plant at Sunray compressor station. The removal and reconditioning of the present dehydration plant of Applicant near Hugoton, Kansas, consisting of two 69' x 22' contactors and necessary appurtenances thereto, and the moving to and reconstruction of such plant at the Sunray, Texas, proposed compressor station site.

Applicant states that the proposed facilities are designed to increase Applicant's pipe line capacity and system capacity north of Clifton, Kansas, from 325 million cubic feet per day to 407 million cubic feet per day; and will increase its pipe line capacity into the Twin Cities area from 89.5 million cubic feet per day to 150 million cubic feet per day. Applicant further states that the proposed facilities are necessary to provide sufficient pipe line capacity to enable Applicant to deliver the estimated firm gas requirements of both its existing and proposed future markets for the 1947-48 heating season. Applicant submits that such markets north of Applicant's Clifton, Kansas, compressor station include all of Applicant's presently served markets as well as the six additional communities of St. Paul, West St. Paul and South St. Paul, Minnesota and Marshalltown, State Center and Colo, Iowa, which six communities Applicant proposes to

serve by means of the facilities supplied for in this docket; said markets, including the six additional communities consist of 198 communities with a total population of approximately 2,000,000, of which 480,000 are residential gas consumers.

Applicant states that its gas reserves as of December 31, 1945, were estimated to approximate 2.9 trillion cubic feet on a maximum basis of 16.4 pound absolute pressure per square inch and are estimated to approximate 2.8 trillion cubic feet at the end of 1946 after giving effect to an estimated withdrawal of 87 billion cubic feet of gas in 1946; that at such rate of withdrawal plus the 12.5 billion cubic feet of gas requirements estimated to result from the construction of the proposed facilities the indicated life of Applicant's gas reserves would approximate 28 years.

Applicant estimates that the total over-all capital cost of the proposed construction will be \$12,196,000.

The application states that no change in Applicant's FPC gas schedules on file with the Commission is contemplated in connection with the operation of the facilities proposed in this application.

Any interested state Commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act, as amended, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

Any person desiring to be heard or to make any protest with reference to the application of the Northern Natural Gas Company should file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

[Docket No. G-765]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

AUGUST 21, 1946.

Notice is hereby given that on August 7, 1946, Northern Natural Gas Company, a Delaware corporation having its prin-

cipal place of business at Omaha, Nebraska, filed with the Federal Power Commission an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of certain facilities, hereinafter described, for the transportation of natural gas in interstate commerce.

The proposed facilities to be constructed and operated in connection with Applicant's system consist of (1) approximately 34 miles of 10-inch natural gas pipe line together with appurtenances thereto, from a point of interconnection with Applicant's 10-inch pipe line near the town of Ames, Story County, Iowa, thence in an easterly direction to the measuring and regulating station situated in or near the corporate limits of Marshalltown, Iowa; (2) a measuring and regulating station to be located at the terminus of the proposed 10-inch natural-gas pipe line and at the border of the town of Marshalltown, Iowa; (3) approximately 1.10 miles of 2-inch natural-gas pipe line, together with appurtenances thereto, from a point of interconnection with Applicant's proposed 10-inch natural-gas pipe line, to the measuring and regulating station situated at or near the corporate limits of Colo, Iowa; (4) a measuring and regulating station to be located at the terminus of the proposed 1.10 miles of 2-inch natural-gas pipe line and at the town border of Colo, Iowa; (5) approximately one mile of 2-inch natural-gas pipe line, together with appurtenances thereto, from a point of interconnection with Applicant's proposed 10-inch natural-gas pipe line, to the measuring and regulating station situated at or near the corporate limits of State Center, Iowa; (6) a measuring and regulating station to be located at the terminus of the proposed one mile of 2-inch natural-gas pipe line and at the town border of State Center, Iowa.

The application recites that the service proposed to be rendered by the Applicant is delivery and sale by Applicant of the entire gas requirements of the towns of Marshalltown, Iowa, with a population of 19,240, Colo, Iowa, with a population of 539, and State Center, Iowa, with a population of 1,033; all as set forth in the town border contract of January 4, 1946, between the Applicant and Iowa Electric Light and Power Company, which contract is made a part of the application. The application further states that the Applicant estimates the volumes of natural gas to be delivered in the first and fifth year under the service proposed in the application as follows:

	Marshalltown		State Center		Colo		Total	
	First year	Fifth year	First year	Fifth year	First year	Fifth year	First year	Fifth year
Firm gas.....	170,000	620,000	4,400	13,000	2,700	8,100	177,100	641,100
Interruptible gas.....	18,000	810,250	18,000	3,000	18,000	831,250
Total gas.....	188,000	1,430,250	4,400	31,000	2,700	11,000	195,000	1,472,250
Maximum day, firm.....	1,170	5,000	30	100	30	70	1,230	5,170

It is stated in the application that Marshalltown, Iowa, is being served with manufactured gas of 550 B. t. u. by the Iowa Electric Light and Power Company, which company has a natural gas franchise for the town of Marshalltown, Iowa, and proposes to change over from manufactured gas to natural gas as soon as the natural gas is available. The application states that there is no gas service at present in Colo, Iowa, and that the Iowa Electric Light and Power Company has a natural gas franchise for Colo and proposes to build a distribution system and to start distributing natural gas as soon as natural gas is available. The application states, further that there is no gas service at present to State Center, Iowa, and the Iowa Electric Light and Power Company proposes to obtain a natural gas franchise to or in State Center at the time natural gas becomes available and thereafter build a distribution system and start the distribution of straight natural gas.

Applicant estimates that the cost to Iowa Electric Light and Power Company of the first year's volumes of natural gas to be purchased from the Applicant under the proposed service and under the provisions of the town border contract is \$41,428 for the firm base load and excess gas under Applicant's FPC schedules as follows:

	Mcf.	Rate	Cost
Firm:		Percent	
Base load.....	81,600	18.0	\$14,688
Excess.....	95,500	28.0	26,740
Total firm.....	177,100	23.4	41,428

The application recites further that in Applicant's judgment the proposed facilities will be adequate to meet the requirements of the towns to be connected to the Marshalltown Branch Line. It is submitted that with an estimated inlet pressure of 165 pounds at Ames, Iowa, there is approximately 9,000 Mcf of daily capacity to Marshalltown with a terminal pressure of 100 pounds at the Marshalltown border station. The 9,000 Mcf of daily capacity is considerably greater than the estimated fifth year firm maximum day requirements of 5,170 Mcf total for the three towns to be served. The above inlet pressure at Ames, Iowa, is based on 275 pounds being available at the Ames-Marshalltown branchline take-off at Applicant's Ogden compressor station. The estimated inlet pressure at the Ogden compressor station for the winter of 1947-48 is 300 pounds, and the estimated outlet pressure is 500 pounds. The connection of the Ames-Marshalltown branch line take-off at the Ogden compressor station is so arranged, the application states, that gas can be supplied from the outlet side of the Ogden compressor station if load growth makes higher branch inlet pressures desirable. With respect to the Colo branch line it is estimated that with the 165 pound pressure at Ames, Iowa, that the inlet pressure to the 2-inch Colo branch line would be 134 pounds under fifth year maximum day conditions. With 134 pounds inlet pressure and 100 pounds terminal pressure, the Colo branch line is estimated to have a daily capacity of 500

Mcf. The estimated firm maximum day for the fifth year at Colo, Iowa, is 70 Mcf. Finally, with respect to the State Center branch line, the Applicant states that with the 165 pound pressure at Ames, Iowa, it is estimated that the inlet pressure to the 2-inch State Center branch line would be 121 pounds under fifth year maximum day conditions. With 121 pounds inlet pressure and 100 pounds terminal pressure, the State Center branch line is estimated to have a total daily capacity of 410 Mcf. The estimated firm maximum day for the fifth year of State Center is 100 Mcf.

Applicant estimates its gas reserves, as of December 31, 1945, to approximate 2.9 trillion cubic feet on a measurement basis of 16.4 pounds absolute pressure per square inch, and these gas reserves are estimated to approximate 2.8 trillion cubic feet at the end of 1946, after giving effect to an estimated withdrawal of 87 billion cubic feet of gas by Applicant in 1946. It is estimated that at such rate of withdrawal plus the 12.5 billion cubic feet of gas requirements estimated to result from the construction of all the proposed facilities to be built by Applicant in 1947, the indicated life of Applicant's gas reserve would approximate 28 years.

Applicant's estimates of the total overall capital costs of construction of the proposed project will be \$471,600. It is stated that these proposed facilities will be financed out of the general funds of the Applicant.

Any interested state commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provision of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act, as amended, and if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

Any person desiring to be heard or to make any protest with reference to the application of Northern Natural Gas Company should file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of the publication of this notice in the FEDERAL REGISTER, a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

INTERSTATE COMMERCE COMMISSION.

[S.O. 580]

UNLOADING OF CONTAINERS AT CATASAUQUA, PA.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 22nd day of August A. D. 1946.

It appearing, that 15 cars loaded with containers at Catasauqua, Pa., on the Lehigh Valley Railroad Company, have been on hand for an unreasonable length of time and that the delay in unloading said cars is impeding their use; in the opinion of the Commission an emergency exists requiring immediate action: It is ordered, that:

Containers at Catasauqua, Pa., be unloaded. (a) The Lehigh Valley Railroad Company, its agents or employees, shall unload immediately the following cars loaded with containers now on hand at Biery Yard, Catasauqua, Pa.:

LV 27100	LV 27108	LV 27115
LV 27102	LV 27109	LV 27116
LV 27103	LV 27112	LV 27119
LV 27105	LV 27113	LV 27120
LV 27107	LV 27114	LV 27121

(b) Notice and expiration. Said carrier shall notify V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where and by whom such unloading was performed. Upon receipt of that notice this order shall expire. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901, 911; 49 U.S.C. 1 (10)-(17), 15 (2))

It is further ordered, that this order shall become effective immediately, and that a copy of this order and direction shall be served upon the Lehigh Valley Railroad Company, and upon the Association of American Railroads, Car Service Division, as Agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

[SO 81, Order 3]

RESALES OF CERTAIN CORN STARCH

SPECIAL MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and in accordance with section 11 of Supplementary Order 81, it is ordered:

(a) *What this order does.* This order establishes maximum prices for resales of the hereinafter described corn starch, which has been or may be purchased from the United States Government or any instrumentality thereof.

(b) *Maximum prices.* The maximum prices for resales of approximately 400,-320 pounds of corn starch (without any intrinsic change or modification therein), packed by Hoyt Bros., Inc., Newark, N. J., as edible pulverized corn starch in #10 hermetically sealed 4½-pound cans, and consisting of 11,120 cases strapped with 3 metal bands containing 8 cans per V3c case, and being parts of Lots Nos. 16077, 16160, 16229, 16343, 16384, and 16725, and now located in Essex Warehouse, Newark, N. J., shall be as follows:

(1) For resales by a wholesaler: A markup of 20% on the Government selling price, plus incoming freight.

(2) For resales by a retailer: A markup of 40% on his net invoice cost, plus incoming freight, or a markup of 70% on the Government's selling price, plus his incoming freight and that included in his net invoice cost, whichever total is the lower.

In the case of resales by one wholesaler to another wholesaler or by one retailer to another retailer, the aforesaid markups may be divided in such proportion as may be agreed upon between the parties to the transaction.

(c) *Invoice of sale.* Every wholesaler of the corn starch covered by this order shall furnish his purchaser with an invoice of sale setting forth the selling price of the Government disposal agency, and stating that the retailer's prices are governed by this order.

(d) *Definitions.* (1) "Wholesaler" means any person who sells to purchasers for resale.

(2) "Retailer" means any person who sells to ultimate consumers.

(3) "Incoming freight" means the amount actually paid or incurred for freight, or other method of transportation, not to exceed, however, the lowest applicable common or contract carrier freight rate.

(e) *Relation to other regulations and orders.* This order with respect to the commodity it covers supersedes any other regulation or order previously issued by the Office of Price Administration.

(f) *Revocation and amendment.* This order may be revoked or amended at any time.

This order shall become effective August 23, 1946.

Issued this 22d day of August 1946.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Order No. 7 under § 1499.159e of Maximum Price Regulation No. 188, It is ordered:

That Order No. 4 under Order No. 7 under Section 1499.159e of Maximum Price Regulation No. 188 be amended in the following respects:

1. Paragraph (c) is amended to read as follows:

(c) *Ceiling prices of purchasers for resale at wholesale.* The ceiling price of a purchaser for resale at wholesale of any domestic sewing machine manufactured by the Free Sewing Machine Company which the manufacturer delivered to a purchaser for resale before August 23, 1946 is his ceiling price in effect for that sale on the date he purchased the machine.

The ceiling price of a purchaser for resale at wholesale of any sewing machine which the manufacturer delivers to a purchaser for resale after August 22, 1946 shall be the ceiling price determined by the first applicable method of the following:

Method 1. For sales to each class of purchaser in each zone he shall determine the price which will yield him the same percentage of the total dollar margin between the manufacturer's price to him and the retailer's ceiling price for sales to ultimate consumers in that zone, as he received during March, 1942 in connection with the sale of the most comparable model to the same class of purchaser.

A wholesaler recomputing his ceiling prices in determining the percentage of the total dollar margin he should receive, may use, instead of March 1942 prices, the manufacturer's ceiling price to him in effect on August 22, 1946 for the same model, his own ceiling price on that date for sales of the same model to dealers, and the retail ceiling price under this order in effect on that date for the same model. He shall determine his dollar-and-cent markup by applying the percentage so determined to the total dollar margin between the manufacturer's ceiling price to him under this order and the retail ceiling price in his zone determined in accordance with this order, as amended. His new ceiling price is the sum of his invoice cost for the machine and the dollar-and-cent markup so determined.

Method 2. If a purchaser for resale at wholesale cannot determine his ceiling price for sales of a particular model to a particular class of purchaser in each zone under Method 1, his ceiling price for that sale is the ceiling price established under this section for the sale by his "closest seller of the same class." The "closest seller of the same class" of a purchaser for resale at wholesale is a seller who (a) has a ceiling price established for sales of the identical model to the same class of purchaser, and (b) is the same general class of seller, and (c) is located in the same retail price zone nearer to the seller than any other seller who meets the requirements of both (a) and (b) of this method.

Method 3. If a purchaser for resale cannot determine his ceiling prices for a particular sale by either of the above methods, he shall apply to the Office of Price Administration, Washington, D. C. for the establishment of his ceiling price for the sale under this order. Ceiling prices will be established under this

order which reflect margins in line with those received by purchasers for resale at wholesale who have established their ceiling prices under the provisions of this order.

2. Paragraph (d) is amended to read as follows:

(d) *Ceiling prices for sales to consumers.* The ceiling prices for all sales to ultimate consumers in each zone of the domestic sewing machines manufactured by the Free Sewing Machine Company are as follows:

(g) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale at wholesale covering sewing machines delivered by the manufacturer to the purchaser for resale at wholesale after August 22, 1946, the manufacturer shall notify the purchaser in writing of the method established by this order, as amended, for determining ceiling prices for resales at wholesale of such machines, and of the retail ceiling prices applicable to such machines.

At the time of, or prior to, the first invoice to a purchaser for resale at retail covering sewing machines delivered by the manufacturer to a purchaser for resale at retail after August 22, 1946, the seller shall notify the purchaser in writing of the dollar-and-cent retail ceiling prices established by this order, as amended, for the purchaser's resales.

This amendment shall become effective on the 23d day of August, 1946.

Issued this 22d day of August, 1946.

3. Paragraph (f) is amended to read as follows:

(f) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale at wholesale covering sewing machines delivered by the manufacturer to the purchaser for resale at wholesale after August 22, 1946, the manufacturer shall notify the purchaser in writing of the method established by this order, as amended, for determining ceiling prices for resales at wholesale of such machines, and of the retail ceiling prices applicable to such machines.

At the time of, or prior to, the first invoice to a purchaser for resale at retail covering sewing machines delivered by the manufacturer to a purchaser for resale at retail after August 22, 1946, the seller shall notify the purchaser in writing of the dollar-and-cent retail ceiling prices established by this order, as amended, for the purchaser's resales.

This amendment shall become effective on the 23d day of August 1946.

2. Section 6 is amended by the addition of the following undesignated paragraph:

Any such specially approved maximum price which was in effect on August 26, 1946 is increased by 5%; however, this increase may not be added where the seller is selling under the provisions of an individual adjustment order. Of course, a seller who has been selling under such an individual adjustment order may discontinue so selling at any time.

This amendment shall become effective August 27, 1946.

Issued this 22d day of August 1946.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 797 under section 16 of Maximum Price Regulation No. 591. Docket No. 6123-591.16-296. Wilson Foundry and Machine Company, Pontiac, Michigan.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Section 16 of Maximum Price Regulation No. 591; it is ordered:

(a) *Adjustment of maximum prices for the Wilson Foundry and Machine Company of Pontiac, Michigan.* The Wilson Foundry and Machine Company is authorized to establish the following maximum prices for sales of its line of aluminum garage doors, complete with necessary hardware:

On sales to jobbers..... \$50.00
On sales to retailers..... 62.00
On sales to consumers..... 77.00

The above listed prices are exclusive of excise tax and freight.

(b) *Maximum prices for resellers.* The maximum prices for all resellers of these products shall be as listed by category in paragraph (a), above.

(c) The maximum net prices set forth in (a) above are subject to discounts, allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered or would have extended or rendered to purchasers of the same class on comparable sales of commodities within the same general category during March, 1942.

(d) Each seller covered by this order, except a retailer, shall notify each of his purchasers in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for such seller, as well as the maximum prices established for purchasers, except retailers, upon resale.

(e) The Wilson Foundry and Machine Company shall stencil on the aluminum garage door covered by this order, substantially the following:

OPA Maximum Retail Price (with necessary hardware) \$77.00.

(f) This order shall be effective until, but not after, October 31, 1946.

This order shall become effective August 22, 1946.

Issued this 22d day of August 1946.

(2) *Charges for extra or optional equipment.* A charge for each item of extra or optional equipment not to exceed the list price to be computed as follows, less the discounts and allowances in effect on March 31, 1942 to the applicable class of purchaser:

(i) The Company shall multiply its January 1, 1941, list price for each item of extra or optional equipment by the increase factor approved by the Office of Price Administration for adjusting the Company's January 1, 1941 prices under Section 8 of Maximum Price Regulation 610.

(ii) The Company shall file the dollar and cents list prices for each item of extra or optional equipment with the National Office of Price Administration, Automotive Branch, Washington, D. C., within 48 hours after such adjusted prices are established.

(3) *Charge for transportation.* A charge for transportation of the truck and extra or optional equipment not to exceed a charge computed in accordance with the method the Company had in effect on March 31, 1942, plus transportation tax at the current legal rate.

(4) *Charge for taxes.* A charge to cover Federal excise taxes at the current legal rate, computed in accordance with the method the Company had in effect on March 31, 1942, and also state and local taxes, if any, directly imposed upon the sale or delivery of the truck and extra or optional equipment.

(5) *Charge for factory handling and delivery.* A charge for factory handling and delivery computed by using the same rate and method the Company had in effect on March 31, 1942, except as provided in the following sentence: In the case of a sale to a user, the amount that may be included in the handling and delivery charge for preparing and conditioning operations shall be determined in accordance with section 10 (g) (3) of Maximum Price Regulation 610.

(6) *Charge for advertising.* A charge to cover advertising expense not to exceed the amount charged on October 15, 1941, when such a charge is not included in the list price, and it was customary for the manufacturer to make a charge on October 15, 1941.

NOTE: As required by section 12 of Maximum Price Regulation 610, the Company shall notify all resellers of list prices and

discounts for the vehicles of base specifications and extra or optional equipment and shall notify resellers that they must use such list prices and discounts in determining maximum prices in accordance with section 10.

(b) A distributor of White motor trucks may sell and deliver each of the new White trucks described in paragraph (a) (1) at a price not to exceed the total of the following charges:

(1) *Charge for the new truck.* A charge for the new truck not to exceed the applicable list price set forth in paragraph (a) (1) less the discount in effect on March 31, 1942 to the applicable class of purchaser.

(2) *Charges for extra or optional equipment.* A charge for each item of extra or optional equipment not to exceed the list price which the Company shall determine in accordance with paragraph (a) (2) less the discount in effect on March 31, 1942 to the applicable class of purchaser.

(3) *Discounts for distributors not in business on March 31, 1942.* A distributor who was not in business on March 31, 1942 shall apply to the applicable list price for the new truck and extra or optional equipment, the discounts the Company appraises him were generally in effect for White distributors on March 31, 1942 to the applicable class of purchaser.

(4) *Other charges.* Charges made by section 10 of Maximum Price Regulation 610 when applicable to the sale.

(c) Resellers may sell and deliver to users each of the new White trucks described in paragraph (a) (1) at a price not to exceed the total of the following applicable charges.

(1) *Charge for new truck.* A charge for the new truck not to exceed the applicable list prices set forth in paragraph (a) (1). The Company will notify all resellers of the list prices authorized in this order for new trucks.

(2) *Charges for extra or optional equipment.* A charge for each item of extra or optional equipment not to exceed the list price which the Company will determine in accordance with paragraph (a) (2). The Company will notify all resellers of the list prices authorized in this order for extra or optional equipment.

(3) *Other charges.* Charges permitted by section 10 of Maximum Price Regulation 610 when applicable to the sale.

(d) A reseller may sell and deliver in a territory or possession of the United States each of the new White trucks described in paragraph (a) (1) at a price it may charge under paragraph (b) or (c), whichever is applicable, to which it may add a sum equal to the expense incurred by or charged to it for: Payment of territorial and insular taxes on the purchase, sale or introduction of the new truck and extra or optional equipment in the territory or possession, when not charged under paragraph (b); export premiums; boxing and crating for export purposes; assembly costs, if any; marine and war risk insurance; landing, wharfage and terminal operations, ocean freight; freight to the port of embarkation when not charged under paragraph (b); and inland freight from the port

of debarkation, by the most direct route to the reseller's place of business.

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

This order shall become effective August 23, 1946, for new White trucks and extra or optional equipment sold by the Company on and after August 23, 1946.

Issued this 23d day of August 1946.

PAUL A. PORTER,
Administrator.

[SO 94, Order 137]

WAR ASSETS ADMINISTRATION ET AL.
SPECIAL MAXIMUM PRICES FOR CERTAIN USED WOOL COMFORTERS

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and in accordance with section 11 of Supplementary Order 94, it is ordered:

(a) *What this order does.* This order establishes maximum prices at which the used wool comforter hereinafter described may be sold and delivered by the War Assets Administration or any other United States Government agency, and by any subsequent reseller.

(b) *Maximum prices.* The maximum prices (f. o. b. shipping point) per used comforter herein described shall be:

Description	Price for all sales to wholesaler	Price for all sales to retailer	Price for all sales at retail
Used wool comforter, 7' x 8', OD, stitched sides and hemmed ends, approximate weight—10 lbs. (Federal Stock No. 27-C-74100).....	\$3.50	\$4.50	\$7.50

Cross-stream sales may be made at any normal trade level of distribution by division of the markup in such proportion as may be agreed upon between the parties to the transaction.

(c) *Notification.* Any person who sells the comforter described in paragraph (b) to a retailer shall furnish the retailer with an invoice of sale setting forth the retailer's maximum price, and stating that the retailer is required by this order to attach to each comforter before sale a tag or label which plainly states a selling price not in excess of \$7.50.

(d) *Tagging.* Any person who sells the comforter described in paragraph (b) at retail shall attach to each comforter before sale a tag or label which plainly states a selling price not in excess of \$7.50, as follows:

OPA price—\$-----

(e) *Relation to other regulations and orders.* This order with respect to the commodity it covers supersedes any other regulation or order previously is-

Regional and District Office Orders.

[Twin Cities Order G-10 Under Gen.
Order 68]

HARD BUILDING MATERIALS IN FAIRBULT-OWATONNA, MINN., AREA

For the reasons sets forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order 68 and to the authority duly vested in the District Director of the Twin Cities District Office of the Office of Price Administration, it is ordered:

SECTION 1. What this order covers. This order covers all retail sales made by any seller, except the manufacturer, of commodities specified in Appendix A, attached hereto,¹ delivered to the Purchaser in the Fairbault-Owatonna, Minnesota Area. The Fairbault-Owatonna, Minnesota Area for the purpose of this order shall be and constitute the City of Fairbault, in the County of Rice, and the City of Owatonna in the County of Steele, all in the State of Minnesota.

SEC. 2. Definitions—(a) Retail sales. For the purpose of this order, a retail sale means a sale to an ultimate user, or to any contractor; provided that for

¹ Filed as part of the original document.

the purpose of this order, a "retail sale" shall not include any sale to the United States Government or any of its political sub-divisions.

(b) **Contractors.** Any person who sells material or equipment, and in connection therewith, assumes responsibility for its incorporation into a building, structure, or construction project at a fixed site, by charging a single price for the commodity installed, by guaranteeing performance and use, or by other objective evidence, shall be considered a contractor.

(c) **Applicators.** Purchases by applicators, as herein defined, of asphalt and tarred roofing products and insulation are excluded from the coverage of this order. Applicators are herein defined as contractors engaged exclusively in the business of applying roofing and/or siding and/or insulation to buildings.

SEC. 3. Relation to other regulations. The maximum prices fixed by this order supersede any maximum price or pricing method previously fixed by any other regulation or order covering the commodities specified in Appendix A. Except to the extent they are inconsistent with the provisions of this order, all other provisions of the regulations applicable to the commodities listed in Appendix A prior to the issuance of this order shall continue to apply to sales covered by this order.

SEC. 4. Maximum price, discounts and delivery practices. On and after the date of this order, regardless of any contract, agreement or other obligation, no person covered by this order shall sell, offer to sell, or deliver at retail as herein defined, any of the items listed in Appendix A, attached hereto, at prices higher than the maximum prices set forth in this Appendix. All prices are subject to all discounts, allowances, free deliveries, or other price differentials required to be maintained by the maximum price regulations covering the commodities listed in Appendix A prior to the issuance of this order.

SEC. 5. Posting. Every seller making sales covered by this order shall post a copy of the list of maximum prices for sales of the commodities contained in Appendix A of this order in each of his places of business in the area covered by this order in a manner plainly visible to all purchasers. In addition, he shall, if requested by any purchaser, make available to the purchaser for inspection his copy of this order including Appendix A containing the list of maximum prices. There is attached to this order for your convenience, two copies of its appendix containing the items covered with respective maximum prices applicable. One such copy of such list may be detached and used as a poster hereinafter required to be posted.

SEC. 6. Sales slips and records. Every seller covered by this order must provide the purchaser, whether he requests it or not, with a sales slip, invoice, receipt, or other evidences of sale of which an exact and full copy shall be retained by the seller for the duration of the Emergency Price Control Act of 1942, as amended. The sales slip or other evi-

dence of sale shall contain the following information with respect to items subject to this order.

1. Name and address of seller.
2. Date of sale.
3. Name and address of purchaser (necessary only on sales of items totaling \$7.50 or more).
4. Description of the item sold, including quantity, grade, and any other matter insofar as any of these matters may affect the price, in full detail necessary to permit the exact calculation of the applicable maximum price.
5. Charge, if any, for delivery beyond the free delivery zone (to the separately listed from the price of the item).
6. The total price.

Each such seller shall also keep such records of each sale as he customarily kept.

SEC. 7. On and after the effective date of this order any person covered by this order who sells or offers to sell at a price higher than the ceiling price permitted by this order, or otherwise violates any of the provisions of this order, shall be subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages as provided for by the Emergency Price Control Act of 1942, as amended.

No person subject to this order may evade any of the provisions of the order by any stratagem, scheme, or device. No person subject to this order, may as a condition of selling any particular building material, require a customer to buy anything else. Any such evasion is punishable as a violation of this order.

SEC. 8. Appendix A. Appendix A, Maximum Prices for Retail Sales of Hard Building Materials in the Fairbault-Owatonna, Minnesota Area, is attached hereto and made a part hereof.

This order may be modified, amended, or revoked at any time.

This order shall become effective July 29, 1946.

Issued this 26th day of July 1946.

[Twin Cities Order G-13 Under Gen. Order 68]
HARD BUILDING MATERIALS IN NORTHERN
MINNESOTA AREA

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the provisions of General Order 68 and to the authority duly vested in the District Director of the Twin Cities District Office of the Office of Price Administration, it is ordered:

SECTION 1. What this order covers. This order covers all retail sales made by any seller, except the manufacturer, of commodities specified in Appendix A, attached hereto, delivered to the purchaser in the Northern Minnesota area. The Northern Minnesota area, for the purpose of this order, shall be and constitute the following counties: Lake of the Woods, Itasca, Carlton, St. Louis (except the city of Duluth), and Koochi-ching, all in the State of Minnesota.

Sec. 2. Definitions—(a) Retail sales. For the purpose of this order, a retail sale means a sale to an ultimate user, or to any contractor: *Provided*, That for the purpose of this order, a "retail sale" shall not include any sale to the United States Government or any of its political subdivisions.

(b) **Contractor.** Any person who sells materials or equipment, and in connection therewith, assumes responsibility for its incorporation into a building, structure, or construction project at a fixed site, by charging a single price for the commodity installed, by guaranteeing performance and use, or by other objective evidence, shall be considered a contractor.

(c) **Applicators.** Purchases by applicators, as herein defined, of asphalt and tarred roofing products and insulation are excluded from the coverage of this order. Applicators are herein defined as contractors engaged exclusively in the business of applying roofing and/or siding and/or insulation to buildings.

Sec. 3. Relation to other regulations. The maximum prices fixed by this order supersede any maximum price or pricing method previously fixed by any other regulation or order covering the commodities specified in Appendix A. Except to the extent they are inconsistent with the provisions of this order, all other provisions of the regulations applicable to the commodities listed in Appendix A prior to the issuance of this order shall continue to apply to sales covered by this order.

Sec. 4. Maximum price, discounts and delivery practices. On and after the date of this order, regardless of any contract, agreement or other obligation, no person covered by this order shall sell, offer to sell, or deliver at retail as herein defined, any of the items listed in Appendix A, attached hereto, at prices higher than the maximum prices set forth in this Appendix. All prices are subject to all discounts, allowances, free deliveries, or other price differentials required to be maintained by the maximum price regulations covering the commodities listed in Appendix A prior to the issuance of this order.

Sec. 5. Posting. Every seller making sales covered by this order shall post a copy of the list of maximum prices for sales of the commodities contained in Appendix A of this order in a manner plainly visible to all purchasers. In addition, he shall, if requested by any purchaser, make available to the purchaser for inspection his copy of this order in-

¹ Filed as part of the original document.

cluding Appendix A containing the list of maximum prices. There is attached to this order for your convenience, two copies of its appendix containing the items covered with respective maximum prices applicable. One such copy of such list may be detached and used as a poster hereinbefore required to be posted.

Sec. 6. Sales slips and records. Every seller covered by this order must provide the purchaser, whether he requests it or not, with a sales slip, invoice, receipt, or other evidence of sale of which an exact and full copy shall be retained by the seller for the duration of the Emergency Price Control Act of 1942, as amended. The sales slip or other evidence of sale shall contain the following information with respect to items subject to this order:

1. Name and address of seller.
2. Date of sale.
3. Name and address of purchaser (necessary only on sales of items totaling \$7.50 or more).
4. Description of the item sold, including quantity, grade, and any other matter insofar as any of these matters may affect the price, in full detail necessary to permit the exact calculation of the applicable maximum price.
5. Charge, if any, for delivery beyond the free delivery zone (to be separately listed from the price of the item).
6. The total price.

Each such seller shall also keep such records of each sale as he customarily kept.

Sec. 7. On and after the effective date of this order any person covered by this order who sells or offers to sell at a price higher than the ceiling price permitted by this order, or otherwise violates any of the provisions of this order, shall be subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages as provided for by the Emergency Price Control Act of 1942, as amended.

No person subject to this order may evade any of the provisions of the order by any stratagem, scheme, or device. No person subject to this order, may as a condition of selling any particular building material, require a customer to buy anything else. Any such evasion is punishable as a violation of this order.

Sec. 8. Appendix A. Appendix A, Maximum Prices for Retail Sales of Hard Building Materials in the Northern Minnesota area, is attached hereto and made a part hereof.

This order may be modified, amended or revoked at any time. It shall become effective July 29, 1946.

Issued this 26th day of July 1946.

SEWER PIPE, DRAIN PIPE, FLUE PIPE AND WALL COPING

The maximum prices for sewer pipe, drain pipe, flue lining, and wall coping shall be the net yard prices appearing on the May 10, 1945 price list for the Lovell Plant, as filed in the Regional Office, Region VII, of the Office of Price Administration, plus a 15% increase.

(c) *Customary discounts, differentials and allowances must be maintained.* The maximum prices hereinabove established are net f. o. b. plant or yard and all customary discounts, quantity discounts, allowances or differentials heretofore established shall be maintained.

(d) *Maximum prices for resellers.* All resellers of the commodities covered by this order may add to their properly established maximum prices in effect on the effective date of this order the actual dollars-and-cents increase in acquisition costs resulting from the adjustment granted the manufacturer by this order.

(e) *Notification to all purchasers.* The Lovell Clay Products Company of Lovell, Wyoming shall send the following notice to every purchaser of the commodities covered by this order at or before the first invoice after the effective date of this order:

Revised Order No. G-1 under Section 16 of Maximum Price Regulation No. 592 provides for certain increases in net prices in effect on August 7, 1946 for sales by the Lovell Clay Products Company for brick and other clay products manufactured by it. The actual dollars-and-cents increase in costs for each product resulting from the adjustment granted is shown separately. The order provides that resellers may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by the order.

(f) *Revocation of Order No. G-1.* Order No. G-1 under section 16 of Maximum Price Regulation No. 592, issued May 9, 1946 and effective May 6, 1946, is hereby revoked.

(g) *Applicability of other regulations.* Except to the extent that they are inconsistent with the provisions of this order, all other provisions of Maximum Price Regulation No. 592 and of the Gen-

eral Maximum Price Regulation shall continue to apply to the manufacture and sale of the commodities covered by this order.

(h) *Geographical applicability.* The maximum prices established by this order for the Lovell Clay Products Company shall apply to sales of its products within all regions of the Office of Price Administration.

(i) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(j) *Right to revoke or amend.* This order may be revoked, modified or amended at any time by the Price Administrator or by the Regional Administrator.

Effective date. This Revised Order No. G-1 shall become effective on the 7th day of August 1946.

Issued this 8th day of August 1946.

ARTHUR S. BRODHEAD,
Regional Administrator.

[Region VI Order G-39 Under RMPR 122]

BY-PRODUCT COKE IN CHICAGO REGION

Pursuant to the authority vested in the Regional Administrator of Region VI by Section 1340.260 of Revised Maximum Price Regulation No. 122, as amended, and for reasons stated in an opinion issued herewith, it is ordered:

(a) *What this order does.* This order adjusts the maximum prices for sale of by-product coke of all dealers whose maximum prices for the sale of such solid fuels are now established under area pricing orders of Region VI of the Office of Price Administration.

(b) *Geographical applicability.* This order applies to all sales where the buyer receives physical delivery within the areas covered by each area pricing order in Region VI, which includes the States of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County, Indiana.

(c) *Price adjustments.* On by-product coke, the sale of which is governed by maximum prices established by Region VI orders G-1 to G-16 under Revised Maximum Price Regulation No. 122 inclusive, and appendices thereto, and any other Region VI area pricing orders issued under that regulation, dealers are hereby permitted to increase their maximum prices as follows:

(1) For sales of by-product coke purchased for resale from Koppers Company Inc., Minnesota Division, St. Paul, Minnesota by dealers to whom Order No. G-5 under Revised Maximum Price Regulation applies: \$0.95 per ton.

(2) For sales of any other by-product coke, whether or not the above Order No. G-5 applies, \$1.35 per ton.

(d) This Order No. G-39 shall remain in effect in each area covered by a Region VI area pricing order until such area order is amended to reflect the price increase permitted herein and to supersede this Order No. G-39.

(e) Effect of order on Revised Maximum Price Regulation No. 122. Insofar as any provision of this order may be inconsistent with any provision of Revised Maximum Price Regulation No. 122, as amended, the provisions contained in this order shall be controlling. Except as herein otherwise provided, the provisions of Revised Maximum Price Regulation No. 122, as amended, shall remain in full force and effect.

(f) This order may be revoked, amended, or modified at any time.

This order is effective as of June 28, 1946.

Issued this 8th day of August 1946.

EARL W. CLARK,
Acting Regional Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-1312]

STANDARD GAS AND ELECTRIC CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 22d day of August 1946.

Standard Gas and Electric Company, a registered holding company, having filed a declaration and amendments thereto pursuant to section 12 (d) of the Public Utility Holding Company Act of 1935 and the Rules and Regulations promulgated thereunder, regarding the following proposed transactions:

Standard Gas and Electric Company proposes to sell pursuant to the competitive bidding requirements of Rule U-50, 140,614 shares which it owns (representing 56.39% of the outstanding shares) of the presently outstanding 249,354.80 shares of common stock, without par value, of Mountain States Power Company, a Delaware corporation. Declarant states that the net proceeds from said sale will be applied toward the pay-

ment of interest and principal on its promissory notes dated April 10, 1946, issued to banks under the Bank Loan Agreement of declarant dated December 21, 1945, as later amended (copies of which are on file with the Commission, File No. 70-1211). Standard Gas and Electric Company represents that such sale is for the purpose of enabling the Company to comply with the provisions of subdivision (b) of section 11 of the Public Utility Holding Company Act of 1935 and with the order of the Commission dated August 8, 1941, issued pursuant thereto (File No. 59-9), and requests that the Commission in its order find that the proposed sale is necessary or appropriate to effectuate the provisions of section 11 (b) of said Act and make the specifications and itemizations necessary in order that sections 371 (b), 371 (f) and 1808 (f) of the Internal Revenue Code shall be applicable.

The declaration having been filed on June 3, 1946, a Notice of Filing having been duly given in the manner and form prescribed by Rule U-23 under said Act, the Commission not having received a request for hearing with respect thereto within the period specified in such notice, or otherwise, and the Commission not having ordered a hearing thereon and the declarant having requested that the effective date of said declaration be postponed until August 22, 1946; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective and finding with respect to said declaration that the requirements of section 12 (d) are satisfied;

It is hereby ordered, That pursuant to Rule U-23 and the applicable provisions of the Act said amended declaration be and the same is hereby permitted to become effective forthwith, subject to the terms and conditions prescribed by Rule U-24, and subject to the further condition that the proposed sale of shares of common stock of Mountain States Power Company by Standard Gas and Electric Company shall not be consummated until the results of competitive bidding pursuant to Rule U-50 have been made a matter of record herein and a further order shall have been entered with respect thereto, which order may contain such further terms and conditions as may then be deemed appropriate, for which purpose jurisdiction is hereby reserved.

It is further ordered, and the Commission finds, That the proposed sale and transfer by Standard Gas and Electric Company of 140,614 shares of the common stock, without par value, of Mountain States Power Company now held by Standard Gas and Electric Company is in accordance with and in obedience to the aforesaid order of this Commission dated August 8, 1941, which order found that the divestment by Standard Gas and Electric Company was necessary and appropriate for the purpose of bringing about compliance by Standard Gas and Electric Company with section 11 (b) (1) of the Act; and the said 140,614 shares of common stock of Mountain States Power Company are hereby specified and itemized as being included in the hold-

ings named in said order dated August 8, 1941.

By the Commission.

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 21st day of August A. D. 1946.

In the matter of Nathan A. Smyth and Leo Loeb, As Trustees in Reorganization under Chapter X of the Bankruptcy Act of Washington Gas and Electric Company, Debtor, File No. 52-27; Nathan A. Smyth and Leo Loeb, As Trustees in Reorganization under Chapter X of the Bankruptcy Act of Washington Gas and Electric Company, Debtor, Southern Utah Power Company, File No. 54-125; North American Gas and Electric Company, Washington Gas and Electric Company and their subsidiary companies, Respondents, File No. 59-22. Notice of filing of reorganization plan, pursuant to section 11 (f) of the Act, of amended plan for compliance with section 11 (b) (2), order of consolidation with pending sections 11 (b) (1) and 11 (b) (2) proceedings, and notice of and order reconvening hearings in consolidated proceedings to consider plans heretofore or hereafter filed.

Notice is hereby given, That an application has been filed by Nathan A. Smyth and Leo Loeb, as Trustees in Reorganization under Chapter X of the Bankruptcy Act of Washington Gas and Electric Company, Debtor ("Washington"), a public utility and registered holding company, said Trustees being also a registered holding company, for approval of a plan submitted pursuant to section 11 (f) of the Public Utility Holding Company Act of 1935 (the "Act") by Nathan A. Smyth, one of said Trustees, for the reorganization of Washington. Such plan includes, as an integral part thereof, an "Amended Plan of Recapitalization of Southern Utah Power Company ('Southern Utah')" submitted jointly by the said Trustees of Washington and by Southern Utah, a public utility company and a subsidiary of Washington, such plan of Southern Utah being designed to effect compliance with section 11 (b) (2) of the Act.

The proceeding for the reorganization of Washington under Chapter X of the Bankruptcy Act was instituted and is pending in the United States District Court for the Southern District of New York (the "Court"). It is provided by section 11 (f) of the act that in any such proceeding a reorganization plan for a registered holding company or any subsidiary thereof shall not become effective unless such plan shall have been approved by the Commission after opportunity for hearing prior to its submission to the court.

In these proceedings the Trustees of Washington, with the Court's approval,

have liquidated various properties of the company and certain of its holdings in securities of subsidiaries. As more fully described in Washington's plan, the Trustees have paid in full the principal and interest due on the formerly outstanding first mortgage bonds and have made payments aggregating \$1,269,484.49 on the First Lien and General Mortgage 6% Bonds, equivalent to 39% on account of \$3,129,000 face amount thereof and of \$126,088.43 interest accrued thereon to September 30, 1941. The Trustees have also made payments totalling \$2,785.45 to General Creditors. As of June 30, 1946 the liabilities of Washington, other than current and accrued indebtedness, consisted of the following:

First Lien and General Mortgage 6% Bonds:	
\$3,129,000 face amount, less	
\$1,220,310 heretofore paid on principal thereof.....	\$1,908,690.00
Interest thereon to June 30, 1946	866,796.67
	<hr/>
	2,775,486.67
General Creditors' Claims (maximum)	41,780.15
Interest thereon to June 30, 1946	12,425.49
	<hr/>
	54,205.64

* Includes two claims totalling \$21,343.15 recommended for allowance by the Trustee but reserved for further consideration by the Court.

Other securities of Washington outstanding as of June 30, 1946 consisted of 13,318 shares of 7% Cumulative Preferred Stock of \$100 par value and 24,950 shares of Common Stock without par value. Accumulated unpaid dividends on the preferred stock aggregated \$94.50 per share.

All of Washington's Common Stock was formerly owned by North American Gas & Electric Company which has been liquidated pursuant to a section 11 (e) Plan which has been enforced by the United States District Court for the District of Delaware. Such shares were found by this Commission and by such District Court to be valueless and, pursuant to the order of such court have been turned over to Washington's Trustee to be cancelled or held by him subject to order of the United States District Court for the Southern District of New York.

Southern Utah had outstanding as of June 30, 1946 the following securities:

4% First Mortgage Bonds, Series A, 1970	\$840,000
7% Cum. Prior Preference Stock, \$100 par	300,000
\$5 Preferred Stock, 353 1/2 shares, no par value, stated at \$100 per share	35,350
Common Stock, \$100 par	475,000

All of the prior preference and common stock and 41 shares of \$5 preferred stock are owned by Washington; the remainder of the \$5 preferred stock (312 1/2 shares) is owned by the public.

Accumulated unpaid dividends on the prior preference stock as of December 31, 1944 (aggregating \$110,250) were waived by Washington together with any dividend arrears which might be due Washington on its holdings of Southern Utah's \$5 preferred stock. As more fully set forth in the plan, it is the contention

of Washington's Trustees that there are no accrued unpaid dividends on such \$5 preferred stock other than amounts which have accrued since December 31, 1944.

All interested persons are referred to the said application and plans of Washington and Southern Utah which are on file in the offices of this Commission for a statement of the transactions proposed therein and other matters relating thereto. We are advised that copies of the plans will be mailed by the Trustee to interested parties in this proceeding including all creditors of Washington and all public stockholders of Washington and Southern Utah. The transactions proposed in said plans (more fully described therein) are summarized briefly as follows:

I. Proposed plan for reorganization of Washington. 1. Washington will be reorganized with an altered capital structure consisting of first mortgage bonds and one class of capital stock. The reorganized company will continue to own and operate Washington's properties situated at Tacoma, Washington and various nearby communities and comprising manufactured and butane gas plants and distribution systems.

2. Washington will issue \$782,250 principal amount of new 3 1/2% first mortgage bonds and 136,489 shares of new common stock without par value. It is proposed, subject to such changes as may be authorized by this Commission, that the new bonds shall mature in not less than 25 years, shall be redeemable at not more than 105% of their face value and shall have a sinking fund sufficient to retire at least 40% of the total issue by maturity. The bonds will be secured by first mortgage on all fixed assets of the reorganized company.

3. As more fully described hereinafter, Southern Utah will be recapitalized so as to have, in addition to its outstanding bonds, 3,941 shares of new 4 1/2% preferred stock of \$100 par value and 44,684 shares of new common stock of \$10 par value. The shares thereof which will be owned by Washington after such recapitalization will be distributed, or sold and the proceeds distributed, among Washington's creditors as hereinafter provided.

4. Washington will allocate its new bonds and common stock, its holdings of new preferred and common stocks of Southern Utah, and cash, to its creditors and to holders of its 7% Preferred Stock as set forth below. In connection with such allocation, the new common stock of Washington will be valued for distribution purposes at \$10 per share and all other securities distributed will be valued at their par or face values. The basis of such proposed allocation is as follows:

	Per \$1,000 face amount of bonds
(a) To holders of First Lien and General Mortgage Bonds (6% Bonds):	
New 3 1/2% Bonds of Washington.....	\$250
New Common Stock of Washington (38.8 shs.)	388
New 4 1/2% Preferred Stock of Southern Utah (1.1 shs.)	110
New Common Stock of Southern Utah (14 shs.)	140
	<hr/>
	888

NOTE: The total claim of the 6% Bondholders, as shown hereinabove, aggregated \$2,775,486.67 as of June 30, 1946, equivalent to \$887.02 per \$1,000 face amount of 6% Bonds. Holders thereof have heretofore received payments aggregating \$390 on account of principal and \$40.30 on account of accrued and unpaid interest, or a total of \$430.30 per \$1,000 bond.

	Total amount	Per-cent
(b) To General Creditors:		
New 4½% Preferred Stock of Southern Utah (283 shs., \$100 par)-----	\$28,300.00	52.2
New Common Stock of Southern Utah (253 shs., \$10 par)-----	2,530.00	4.7
New Common Stock of Washington (1,766 shs.)-----	17,660.00	32.6
Cash-----	5,715.64	10.5
	54,205.64	100.0

NOTE: Allocations to general creditors will be made in the percentage proportions shown above.

(c) To Holders of Washington's 7% Preferred Stock:

An aggregate of 13,318 shares of new Common Stock of Washington on a share for share basis, valued for distribution purposes at \$10 per share.

(d) The present common stock of Washington will not participate in the reorganization and will be cancelled.

In addition to the securities and cash allocated as above, interest will be paid in cash on the claims of bondholders and general creditors from June 30, 1946 to the date provided for the distribution of assets in the order confirming the plan.

5. The shares of new common stock of Washington will be distributed in accordance with the allocation set forth above as soon as feasible after confirmation of the plan. The new bonds of Washington and the new preferred and common stocks of Southern Utah owned by Washington will either be distributed or sold as hereinafter provided and the proceeds thereof distributed in accordance with said allocation.

6. For the purpose stated above, the Trustee will be authorized at any time within six months after confirmation of the plan to sell all but not a part of the bonds to be issued by the reorganized company, and the preferred and common shares of Southern Utah owned by Washington after the recapitalization of Southern Utah, or any of such shares, on such terms and at not less than such minimum prices as are fixed in the order of confirmation or as changed by subsequent orders of the Court. The proceeds of the sale of any of the securities will be distributed by the Trustee pro rata among the creditors according to the allocation of their interests therein as set forth above. Securities not sold within such period of six months, or any extension thereof granted by the Court, are to be distributed by the Trustee pro rata among the creditors in accordance with such allocation. In such case only whole shares of preferred or common stock of Southern Utah or common stock of Washington will be distributed by the Trustee. To the extent that any bondholder or general creditor would otherwise be entitled to receive a fractional

share he is to be paid by the reorganized company in cash an amount equal to that fraction of the par value of the share. All shares not distributed by the Trustee because of this provision shall be delivered to and become the property of the reorganized company.

7. None of the indebtedness of Washington other than that owed to its 6% bondholders and general creditors is to be affected by the plan.

8. Upon confirmation of the plan the Trustee will set up a reserve fund in an amount to be fixed by the Court in the order confirming the plan, to be used by him in paying such administration expenses as are approved by the Court and allowances as are made by it in the reorganization proceedings. Any balance remaining in the fund after such expenses and allowances have been paid shall be returned by the Trustee to the reorganized company. If such fund proves insufficient to meet the total of the expenses approved and the allowances so made, the reorganized company shall provide the Trustee with sufficient cash to make good the deficiency.

9. Following confirmation of the plan, nominations for members of the Boards of Directors of the reorganized company and of Southern Utah as recapitalized will be made to the Court by the Trustee and may be made by the Committee representing Washington's 6% Bondholders and by any other party who shall have appeared in these proceedings. The directors who receive the approval of the Court will serve until the next annual meeting of stockholders for the election of directors.

10. If within a period of one year after confirmation of the plan the trustee is unable to find the holders of any of Washington's 6% bonds, he shall deposit the securities or cash or both to which they are entitled with the trustee under the indenture securing such 6% bonds, to be held by it in trust for such holders and to be delivered to them upon surrender to it of the bonds and the payment by them of such charges with respect of the transaction as may be authorized by the court. At the end of the sixth year from the date of confirmation of the plan, all rights of holders of 6% bonds to receive any distribution of securities or payment of cash on account thereof, and all obligations of the reorganized company and of such indenture trustee with respect thereto shall terminate. Thereupon the indenture trustee shall deliver to the reorganized company all securities and cash so deposited then remaining in its hands, upon payment to it of any charges authorized by the court. Securities and cash so delivered to the reorganized company may be used by it for any corporate purpose.

II. Amended plan of recapitalization of Southern Utah. 1. Southern Utah will amend its articles of incorporation so as to provide for an authorized issue of 7,500 shares of 4½% preferred stock of \$100 par value in place of the presently authorized 4,500 shares of 7% prior preference stock of \$100 par value and 600 shares of \$5 preferred stock without par value, and to provide for an authorized issue of 75,000 shares of common stock of \$10 par value in place of the 7,500 shares

of \$100 par value common stock presently authorized.

2. The new 4½% Preferred Stock will have a preference in event of liquidation of \$100 per share and accrued dividends and will be redeemable by the company as a whole or in part at \$105 per share and accrued dividends on any dividend date on 30 days notice. The new Common Stock will have sole voting rights for election of directors except in event of a default in the payment of four quarterly dividends upon the Preferred Stock in which event holders of Preferred Stock will have the right as a class to elect a majority of the Board of Directors. These and other rights and provisions of the new Preferred and Common Stocks are more fully set forth in the amended plan.

3. Southern Utah will issue \$394,100 par value of the new 4½% Preferred Stock and \$446,840 par value of the new Common Stock. The outstanding securities of the company will then consist of these amounts of new Preferred and Common Stocks together with the present issue of \$840,000 principal amount of First Mortgage 4% Bonds, Series A, due 1970.

4. The new Preferred and Common Stocks will be issued to holders of presently outstanding stocks of the company on the following basis of exchange:

(a) For each share of 7% Prior Preference Stock 1.2298 shares of new 4½% Preferred Stock.

(b) For each share of \$5 Preferred Stock 0.8785 of a share of new 4½% Preferred Stock and 2 shares of new Common Stock.

(c) In place of 4,750 shares of \$100 par value Common Stock a total of 44,059 shares of new \$10 par value Common Stock.

In making the proposed exchanges, only whole shares of new stock will be delivered. Instead of delivering fractional shares, cash will be paid in amounts equal to the fractional amounts of the par value of the new stocks which would otherwise be deliverable.

5. Upon carrying out the proposed exchanges, the resulting holdings of new stocks and the estimated cash distributions in lieu of fractional shares will be as follows:

	To be received by—		
	Washington	Others ¹	Total
New 4½% preferred stock-----	\$372,500	\$21,600	\$394,100
New common stock-----	440,590	6,250	446,840
Cash-----	46.80	5,853.20	5,900

¹ Amounts here shown will be received by the public holders of 312½ shares of \$5 Preferred Stock. The remainder of such preferred stock and all presently outstanding prior preference and common stock is owned by Washington.

6. Shares of the present Prior Preference Stock, \$5 Preferred Stock and Common Stock may be tendered for exchange at the office of Southern Utah in Cedar City, Utah, on or after the day following the date when the proposed amendment to the Articles of Incorporation becomes effective. If so tendered within ninety days from such day the certificates for

the new Preferred Stock deliverable in exchange will be dated as of, and entitled to dividends as if issued on, the day following said effective date; if tendered after said ninety days the certificates for the new Preferred Stock will be dated and entitled to dividends as if issued on the day of the tender. After the effective date of the proposed amendment no holder of a certificate for a share or shares of the Prior Preference or \$5 Preferred Stock will be entitled to any rights as a stockholder of the Corporation except to exchange his shares as above provided.

7. Dividends on the \$5 Preferred Stock accruing since December 31, 1944 to the first day when tenders thereof for exchange for 4½% Preferred Stock may be made are to be paid to the holders of record thereof as of that date. Thereupon all dividend rights of holders of the \$5 Preferred Stock will terminate.

8. In addition to approval by this Commission, the amended plan, prior to consummation thereof, must be approved by the Public Service Commission of Utah and by the Court in connection with its approval of the plan of reorganization of Washington.

9. After the necessary approvals have been secured, as above, the proposed amendment of Southern Utah's Articles of Incorporation will be submitted to the vote of Southern Utah's stockholders. If a favorable vote by a majority of each class of outstanding stock of Southern Utah shall not have been obtained within a reasonable time, the Commission will be asked to apply to a Federal Court for an order to enforce compliance with the order of the Commission approving the plan.

III. The Commission having, by order dated June 6, 1941, instituted proceedings under Section 11 (b) (1) and 11 (b) (2) of the act (File No. 59-22) with respect to Washington and its former parent, North American Gas and Electric Company, and their subsidiaries, and said proceedings with respect to Washington and its subsidiaries being still pending; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that hearings in the aforesaid proceedings pursuant to sections 11 (b) (1) and 11 (b) (2) of the act with respect to Washington and its remaining subsidiary, Southern Utah, be reconvened; and that a hearing be held with respect to said plan of reorganization of Washington, either as filed or as it may hereafter be modified, and with respect to said amended plan of recapitalization of Southern Utah, or any other plans with respect to either or both of such companies which may be proposed by the Commission or by any person having a bona fide interest in the reorganization, in accordance with the provisions of section 11 (f) of the Act;

It further appearing that the proceedings herein with respect to the reorganization of Washington (File No. 52-27), the recapitalization of Southern Utah (File No. 54-125) and the pending proceedings with respect to Washington and Southern Utah under sections 11 (b) (1)

and 11 (b) (2) of the act will or may involve common questions of law and fact and that substantial savings of time and expense will result if all of the said proceedings are consolidated:

It is hereby ordered, That the proceeding in respect of the plan of reorganization of Washington (File No. 52-27), the proceeding in respect of the amended plan for the recapitalization of Southern Utah (File No. 54-125) and the pending proceedings in respect of Washington and Southern Utah pursuant to sections 11 (b) (1) and 11 (b) (2) of the act (File No. 59-22) be and hereby are consolidated, without prejudice to the right of the Commission to separate, either for hearing, in whole or in part, or for disposition in whole or in part, any of the issues, questions, matters or plans herein set forth or which may arise in these proceedings, or to consolidate with these proceedings other filings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.

It is further ordered, That a hearing in such consolidated proceedings under the applicable provisions of the act and rules of the Commission be held on September 23, 1946 at 10:00 a. m., e. d. s. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

It is further ordered, That Richard Townsend, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act, and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That, at the outset of said hearing opportunity shall be provided to Southern Utah Power Company and to Nathan A. Smyth and Leo Loeb, as Trustees of Washington Gas and Electric Company, Debtor, to show cause why an order should not be promptly entered under section 11 (b) (1) requiring that Washington dispose of all its interest, direct or indirect, in and in the property and assets owned or operated by Southern Utah and why the issues with respect to the recapitalization of Southern Utah should not first be considered and disposed of in these proceedings prior to the disposition of the remaining issues herein.

It is further ordered, That without limiting the scope of the issues to be considered in these consolidated proceedings, there will be considered at such hearing the following additional matters and questions:

1. Whether the proposed plans of Washington and Southern Utah are fair and equitable to the persons affected thereby and whether such plans are feasible.

2. To what extent, if any, the proposed plans should be modified or amended, to

render them fair and equitable to the persons affected thereby, or for any other reasons.

3. Whether the various transactions proposed in connection with the respective plans meet the requirements of the applicable sections of the act, particularly sections 7, 10, 11 and 12 thereof and the rules and regulations promulgated thereunder and of the Bankruptcy Act, as amended.

4. Whether the proposed accounting treatment in connection with each of the proposed plans is appropriate and in accordance with sound accounting principles and practices.

5. Whether, in the event that the Commission shall not approve the proposed plans for the reorganization of Washington and the recapitalization of Southern Utah, or either of them, as submitted, or as they may be hereafter modified or amended, or shall not approve a plan or plans for either or both of them proposed by any persons having a bona fide interest in the reorganization, the Commission shall (a) enter an order, pursuant to section 11 (b) (2) of the act, requiring Washington or Southern Utah, or both, to take such steps as shall ensure that the corporate structure or continued existence of any company in Washington's holding company system does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders of such holding company system, or (b) itself propose a plan for the reorganization of Washington and Southern Utah and, if so, what the terms and provisions of such a plan or plans should be.

6. Generally, whether the transactions proposed in the plans of Washington and Southern Utah are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the Act and the Rules thereunder and, if not, what modifications should be required to be made therein, and what terms and conditions should be imposed to satisfy the statutory standards.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to Nathan A. Smyth and Leo Loeb, Trustees of Washington Gas and Electric Company, Debtor, to Southern Utah Power Company, the Cities of Tacoma, Washington, and Cedar City, Utah, the Federal Power Commission, the Department of Public Service of the State of Washington, the Public Service Commission of the State of Utah, The Continental Bank and Trust Company of New York, indenture trustee under the mortgage securing Washington's First Lien and General Mortgage 6% Bonds and to The Chase National Bank of the City of New York, indenture trustee under the mortgage securing Washington's First Mortgage Bonds; and that notice of said hearing is hereby given to the security holders of Washington Gas and Electric Company and of Southern Utah Power Company, consumers of said companies, States, municipalities and politi-

cal subdivisions of States within which are located any of the utility assets of Washington Gas and Electric Company and of Southern Utah Power Company, or under the laws of any of which such companies are incorporated, all federal authorities having jurisdiction thereof, all State commissions, State securities commissions, and all agencies, authorities, judicial bodies or instrumentalities of the United States of America, and of one or more States, municipalities, or other political subdivision having jurisdiction over Washington Gas and Electric Company and Southern Utah Power Company, or over any of the business, affairs, or operations of either of them.

Further notice is to be given by general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and to all persons by publications of this order in the Federal Register not later than twenty days prior to the date hereinafter fixed as the date of hearing.

It is further ordered, That on or before August 28, 1946, Nathan A. Smyth, Trustee of Washington Gas and Electric Company, Debtor, shall serve notice of the said hearing by mailing copies of this notice of and order for hearing to all persons who have appeared in the reorganization proceeding of Washington Gas and Electric Company, Debtor (File No. 79529) in the United States District Court for the Southern District of New York, and to all known security holders of Washington Gas and Electric Company and Southern Utah Power Company, respectively, at their last known addresses; and

It is further ordered, That any persons desiring to be heard in connection with this proceeding, or proposing to intervene herein, shall file with the Secretary of this Commission, on or before September 20, 1946, his request or application therefor, as provided in Rule XVII of the rules of practice of the Commission.

By the Commission.

MARIE VAN WESEL

In re: Bank account owned by Marie Van Wesel. F-28-22750-E-1.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Marie Van Wesel, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of Bank of America National Trust and Savings Association, 300 Montgomery Street, San Francisco, California,

arising out of a savings account, Account Number 1588, entitled I. F. or Tom F. Chapman, Trustees for Marie Van Wesel, maintained at the branch office of the aforesaid bank located at Market and New Montgomery Streets, San Francisco, California, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Marie Van Wesel, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 24, 1946.

LINA VETTERLEIN

In re: Bank account owned by Lina Vetterlein. F-28-4583-E-1.

Under the authority of the Trading with the Enemy Act, as amended, and

Executive Order No. 9095, as amended, and pursuant to law, the undersigned after investigation, finding:

1. That Lina Vetterlein, whose last known address is Bergstr. 48, Schwab Gmünd, Wuerttemberg, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Lina Vetterlein, by Fulton Savings Bank, Kings County, 375 Fulton Street, Brooklyn 1, New York, arising out of a savings account, Account Number 63457, entitled Lina Vetterlein, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 24, 1946.

MARIE ELLINOR VERHEIN

In re: Bank account owned by Marie Ellinor Verhein, also known as Ellinor Verhein. F-28-4580-E-1.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Marie Ellinor Verhein, also known as Ellinor Verhein, whose last known address is Leipzig, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of The San Francisco Bank, 526 California Street, San Francisco 4, California, arising out of a savings account, Account Number 763724, entitled Edmund F. Russ, Trustee for Ellinor Verhein, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Marie Ellinor Verhein, also known as Ellinor Verhein, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 24, 1946.

HANS VOLSTROMMER

In re: Bank account owned by Hans Volstrommer. F-28-22749-E-1.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Hans Volstrommer, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Hans Volstrommer, by Manufacturers Trust Company, 55 Broad Street, New York, New York, arising out of a special interest (savings) account, Account Number CA 8216, entitled Hans Volstrommer, maintained at the branch office of the aforesaid bank located at 31-24 Steinway Street, Long Island City, New York, New York, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if

and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 24, 1946.

HELMUTH VON GLASENAPP

In re: Debt owing to Dr. Helmuth von Glasenapp. F-28-22748-C-1.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Dr. Helmuth von Glasenapp, whose last known address is Munz Strasse 4, Koenigsberg, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Dr. Helmuth von Glasenapp, by Hallgarten & Co., 44 Wall Street, New York 5, New York, in the amount of \$689.91, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not

be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 24, 1946.
