AUTHORITY: §§ 274.60 to 274.85, inclusive, issued under authority contained in Article Third, par. (b) of the Corporate Charter of the Commodity Credit Corporation; sec. 7 (a), 49 Stat. 4 as amended, sec. 4 (b), 55 Stat. 498 as amended, sec. 302 (a), 52 Stat. 43; 15 U. S. C., Sup., 713 (a), 713a-8 (b), 7 U. S. C. 1302 (a).

§ 274.60 *Administration of program.* The program will be administered at the county level by the county agricultural conservation committees under the general supervision of the respective State committees.

Forms may be obtained from county committees in areas where loans are available, or from the office of Commodity Credit Corporation serving the area. State and county committees will determine or cause to be determined the quantity and grade of the commodity and the amount of the loan. All documents will be completed and approved by the county committee, which will retain copies of all documents: *Provided, however,* That the county committee may designate in writing certain employees of the county agricultural conservation association to execute such forms on behalf of the committee.

The county committee will furnish the borrower with the names of local lending agencies approved for making disbursements on loan documents, or with the address of the Grain Branch office to which loan documents may be forwarded for disbursement.

§ 274.61 *Availability of loans.* (a) Seed loans shall be available in the areas where the seed is produced. Insofar as is practicable, warehouse rather than farm storage shall be required by the county committee in all areas.

(b) Seed loans shall be available after the 1947 harvest season begins and loan documents must be completed prior to August 16, 1947, for blue lupine and March 1, 1948, for Austrian Winter Pea seeds.

§ 274.62 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which the Commodity Credit Corporation has entered into a Lending Agency Agreement (Form PMA-97) or other lending agency agreement prescribed by Commodity Credit Corporation.

§ 274.63 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing the commodity in 1947, as landowner, landlord, tenant, share cropper, or custom harvester.

§ 274.63 *Eligible seed.* Any seed specified in the attached schedule of specifications and loan rates (Table 1) which is harvested in 1947 by an eligible producer,

which can be or is cleaned to meet the specifications, and which does not contain noxious weeds or seeds of White Top, Canada Thistle, Dodder, Quackgrass, Johnson Grass, Bindweed, Russian Knapweed, Perennial Sox Thistle, or Leafy Spurge singly or combined in excess of 45 seeds per pound is eligible for a loan when placed in proper storage, if the beneficial interest is and always has been in the eligible producer, or now is in the custom harvester.

§ 274.65 *Eligible storage*—(a) *Farm*. Only inspected and approved structures will qualify. Farm storage is applicable only to blue lupine seed and only in areas designated by the Production and Marketing Administration. Farm storage shall consist of farm buildings which are of such substantial and permanent constructions as determined by the county agricultural conservation committee to afford safe storage of the seed for a period of 2 years and permit effective fumigation for the destruction of insects and afford protection against rodents, other animals, thieves, and weather.

(b) *Warehouse*. Seed shall be stored in a warehouse which has executed a Seed Cleaning and Storage Agreement on CCC Seed Form A (revised May 11, 1947) and which complies with other provisions of the instructions in §§ 274.60–274.85. Upon delivery of the seeds to producers on payment of their loans, warehousemen shall label all seed as required by the Federal Seed Act and the applicable State seed law. Upon delivery of the seed to CCC, warehousemen shall label all seed as required by the Federal Seed Act and the seed law of the State or county into which shipment is directed by CCC.

§ 274.66 *Approved forms*. The approved forms constitute the loan documents which together with the provisions of the instructions in §§ 274.60–274.85 govern the rights and responsibilities of the producer, and should be read carefully. Any fraudulent representation made by a producer in obtaining a loan or in executing any of the loan docu-

ments will render him subject to prosecution under the United States Criminal Code.

(a) *Farm storage*. Approved forms shall consist of producer's notes on CCC Commodity Form A, secured by chattel mortgages on CCC Commodity Form AA.

(b) *Warehouse storage*. Approved forms shall consist of note and loan agreements, CCC Commodity Form B, secured by negotiable warehouse receipts representing the commodity stored in approved warehouses.

(c) *Note and loan agreements*. Notes and note and loan agreements must be executed in accordance with the instructions in §§ 274.60–274.85, with State and documentary revenue stamps affixed thereto where required by law. Notes and note and loan agreements executed by an administrator, executor, or trustee will be acceptable only where legally valid.

§ 274.67 *Determination of quantity*. The actual weight of the seed shall constitute the quantity of seed to be under loan; except that the quantity of blue lupine seed in farm storage may be determined by multiplying the number of net cubic feet in the bin times 47, times the percent of pure seed as determined by the analysis, and the product shall be the pounds of seed to be placed under loan. Measurements and computation shall be according to instructions in Commodity Loan–2, Part 1.

§ 274.68 *Determination of quality*. All determinations of germination and purity shall be on the basis of an official test of a representative sample. An official test shall be an analysis made by a seed-testing laboratory approved by the State PMA committee. A representative sample of bagged seed shall consist of equal portions taken from evenly distributed parts of the lot of seed to be sampled. In quantities of five bags or less, each bag shall be sampled; in quantities of more than five bags, at least every fifth bag but not less than five bags shall be sampled. A probe or trier shall be used in drawing these samples. Bulk seed shall be sampled by inserting a long probe or thrusting the hand into the bulk as circumstances require in at least seven uniformly distributed parts of the quantity being sampled. Samples of Austrian Winter Pea and blue lupine seed shall be at least 2 pounds in weight.

§ 274.69 *Liens*. The commodity must be free and clear of all liens and encumbrances, or if liens or encumbrances exist on the commodity, proper waivers must be obtained.

§ 274.70 *Charges to be paid by producer*—(a) *Service fees*. Where the commodity is farm-stored the producer shall pay a service fee of 2 cents per hundredweight but not less than \$3.00; and where the commodity is warehouse-stored the producer shall pay a service fee of 1 cent per hundredweight but not less than \$1.50.

(b) *Other charges*. Costs of cleaning, bags and baggage, testing, tagging, fumigating if necessary, and transportation to approved warehouses are to be borne by the producer. Such costs should not exceed the charges provided in the CCC

cleaning and storage agreement for seed processors. In case of warehouse storage in bulk or otherwise where the seed is not ready for merchandising, the cost of the above items not paid for by the producer shall be deducted from the amount of the loan.

§ 274.71 *Set-offs.* A producer who is listed on the county AAA debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the loan to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of the service fees and amounts due prior lien-holders. Indebtedness owing to the Commodity Credit Corporation shall be given first consideration after claims of prior lien-holders.

§ 274.72 *Loan rates.* Loan and settlement rates for the designated qualities of seed are set out in Tables I and II.

§ 274.73 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum; and interest shall accrue from the date of disbursement of the loan, notwithstanding the printed provisions of the note.

§ 274.74 *Transfer of producer's equity.* The right of the producer to transfer either his right to redeem the commodity or his remaining interest may be restricted by Commodity Credit Corporation.

§ 274.75 *Safeguarding of the commodity.* The producer is obligated to maintain the farm storage structures in good repair, and to keep the commodity in good condition.

§ 274.76 *Insurance.* Commodity Credit Corporation will not require the producer to insure the commodity placed under farm storage loan; however, if the producer does insure such commodity such insurance shall inure to the benefit of Commodity Credit Corporation to the extent of its interest, after first satisfying the producer's equity in the commodity involved in the loss.

§ 274.77 *Loss or damage to the commodity.* The producer is responsible for any loss in quantity or quality to farm-stored commodity, except that uninsured physical loss or damage occurring without fault, negligence, or conversion on the part of the producer resulting solely from an external cause other than insect infestation or vermin will be assumed by the Corporation, *Provided*, The producer has given the county committee immediate notice in writing of such loss or damage, and *Provided*, There has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan.

§ 274.78 *Personal liability.* The making of any fraudulent representation by the producer in the loan documents or in obtaining the loan, or the conversion or unlawful disposition of any portion of the commodity by him, shall render the producer personally liable for the amount of the loan and for any resulting

expense incurred by any holder of the note.

§ 274.79 *Maturity and satisfaction.* Loans mature on demand but not later than September 1, 1947, for blue lupine, and April 30, 1948, for Austrian Winter Pea seed. In the case of farm storage loans, the producer is required to pay off his loan on or before maturity date, or to deliver the mortgaged commodity within 60 days after maturity date. Credit will be given for the total quantity delivered, provided it was stored in the bins in which the commodity under loan was stored, at the applicable settlement rate, according to quality. If the settlement value of the commodity delivered exceeds the amount due on the loan, the amount of the excess shall be paid to the producer. If the settlement value of the commodity is less than the amount due on the loan, the amount of the deficiency, plus interest, shall be paid by the producer to the Corporation, and may be set off against any payment which would otherwise be made to the producer under any agricultural programs administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from Commodity Credit Corporation or any other agency of the United States. In the event the farm is sold or there is a change of tenancy, the commodity may be delivered before the maturity date of the loan upon prior approval by the county committee.

§ 274.80 *Removal of the commodity.* If the loan is not satisfied upon maturity by payment, or delivery, the holder of the note may remove the commodity and sell it, either by separate contract or after pooling it with other lots of the same commodity similarly held. The producer has no right of redemption after the commodity is pooled, but shall share ratably in any overplus remaining upon liquidation of the pool. The Commodity Credit Corporation shall have the right to treat a pooled commodity as a reserve supply to be marketed under such sales policies as the Corporation determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of the commodity, even though part or all of such pooled commodity is disposed of under such policies at prices less than the current domestic price for such commodity. Any sum due the producer as a result of the sale of the commodity or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 274.81 *Release of the commodity.* A producer may obtain release of the commodity by paying to the holder of the note, or note and loan agreement, the principal amount thereof, plus interest. If the note is held by an out-of-town lending agency or by Commodity Credit Corporation, the producer may request that the note be forwarded to a local bank for collection. In such case, where Commodity Credit Corporation is the holder of the note, the local bank will be

instructed to return the note if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of a farm storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by a marginal release on the county record. Partial releases of the commodity may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of the commodity to be released. In case of warehouse storage loans, each partial release must cover all of the commodity under one warehouse receipt number.

§ 274.82 *Storage allowance.* On farm-stored blue lupine seed a storage allowance of 10 cents per 100 pounds on the quantity of seed shown on the loan document less any amount owing the Corporation will be paid borrowers if the seed is delivered to Commodity Credit Corporation after September 1, 1947, provided there has been no fraudulent representation or conversion of any part of the collateral by the producer, and the collateral has not been abandoned or has not become damaged or impaired through the fault or negligence of the producer. The storage allowance will also be paid if, pursuant to demand by the Corporation or agreement for repayment of the loan, the seed is delivered to the Corporation before September 1, 1947, *Provided*, The demand for repayment was not due to any fraudulent representation on the part of the borrower or was not made because the seed was damaged, threatened with damage, abandoned, or otherwise impaired.

For warehouse-stored seeds, the maximum warehousing charges that may be paid by Commodity Credit Corporation if the seed becomes the property of CCC are stated in CCC Seed Form A, Supplement 1-1947.

§ 274.83 *Purchase of notes.* Commodity Credit Corporation will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages or negotiable warehouse receipts. The purchase price to be paid by Commodity Credit Corporation will be the principal sums remaining due on such notes, plus accrued interest from the date of disbursement to the date of purchase at the rate of 1½ percent per annum. Lending agencies are required to submit a weekly report to the Corporation and to the county committee on 1940-CCC Form F or such other form as the Corporation may prescribe, of all payments received on producers' notes held by them, and are required to remit promptly to Commodity Credit Corporation an amount equivalent to 1½ percent interest per annum, on the amount of the principal collected, from the date of disbursement to the date of payment. Lending agencies should submit notes and reports to the CCC office serving the area.

§ 274.84 *Offices of Commodity Credit Corporation.* The area offices of Commodity Credit Corporation, and the areas served by them, are shown below:

PART 29—TOBACCO INSPECTION

DESIGNATION OF FAYETTEVILLE, N. C., TOBACCO MARKET

Upon a referendum conducted, pursuant to prior notice (12 F. R. 3305), during the period June 5 through June 7, 1947, among tobacco growers who, during the 1946 marketing season, sold tobacco at auction on the market at Fayetteville, North Carolina, it is found that more than two-thirds of the growers

voting in such referendum favor the designation of such market under section 5 of the Tobacco Inspection Act (49 Stat. 731; 7 U. S. C. 511 et seq.) for the mandatory inspection and certification of tobacco sold on such market. Therefore, pursuant to the authority vested in the Secretary of Agriculture, and for the purposes of said act, the orders of designation of tobacco markets (7 CFR, Cum. Supp., 29.301; 9 F. R. 11571; 10 F. R. 11104; 11 F. R. 7967; 11 F. R. 8712; and 11 F. R. 13099) are amended by adding thereto at the end thereof the following paragraph (aa):

§ 29.301 Designation of tobacco markets.

(aa) The tobacco market at Fayetteville, North Carolina. Effective 30 days after June 24, 1947, no tobacco of any type shall be offered for sale at auction on the market at Fayetteville, North Carolina, until such tobacco shall have been inspected and certified by an authorized representative of the U. S. Department of Agriculture according to

standards established under the Tobacco Inspection Act (49 Stat. 731; 7 U. S. C. 511 et seq.): Provided, however, That such requirement of inspection and certification may be suspended at any time when it is found impracticable to provide inspection or when the quantity of tobacco available for inspection is not sufficient to justify the cost of such service. No fee or charge shall be imposed or collected for the inspection and certification of tobacco sold or offered for sale at auction on the market designated in this paragraph.

(49 Stat. 731; 7 U. S. C. 511 et seq.; E. O. 9280, Dec. 5, 1942, 7 F. R. 10179; E. O. 9322, March 26, 1943, 8 F. R. 3807; E. O. 9334, Apr. 19, 1943, 8 F. R. 5423; E. O. 9392, Oct. 28, 1943, 8 F. R. 14783; E. O. 9577, June 29, 1945, 10 F. R. 8087)

Issued this 17th day of June 1947.

[SEAL] CLINTON P. ANDERSON,
Secretary of Agriculture.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Orange Reg. 123]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.349 Orange Regulation 123—(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR, Cum. Supp., 933.1 et seq.; 11 F. R. 9471), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that the compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) Order. (1) During the period beginning at 12:01 a. m., e. s. t., June 23, 1947, and ending at 12:01 a. m., e. s. t., June 30, 1947, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida, which grade U. S. Combination Russet, U. S. No. 2 Russet, U. S. No. 3, or lower than U. S. No. 3 grade (as such grades

are defined in the United States standards for citrus fruits, as amended (11 F. R. 13239; 12 F. R. 1); or

(ii) Any oranges, except Temple oranges, grown in the State of Florida, which are of a size larger than a size that will pack 126 oranges, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the standards for containers for citrus fruit established by the Florida Citrus Commission pursuant to section 3 of Chapter 20449, Laws of Florida, Acts of 1941 (Florida Laws Annotated § 595.09)).

(2) As used herein, "handler" and "ship" shall have the same meaning as is given to each such term in said amended marketing agreement and order.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 18th day of June 1947.

[Lemon Reg. 227]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.334 *Lemon Regulation 227*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 53 (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of lemons grown in the State of California or

in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., June 22, 1947, and ending at 12:01 a. m., P. s. t., June 29, 1947, is hereby fixed at 625 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said marketing agreement and order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

[Peach Order 2, Amdt. 1]

PART 962—FRESH PEACHES GROWN IN GEORGIA

REGULATION BY SIZE

Findings. (1) Pursuant to the marketing agreement and Order No. 62 (7 CFR, Cum. Supp., 962.1 et seq.), regulating the handling of fresh peaches grown in the State of Georgia, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Industry Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of peaches, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

Peach Order 2, as amended. Effective at 12:01 a. m., e. s. t., June 23, 1947, the provisions in § 962.302 (b) (1) of Peach Order 2 (12 F. R. 3601) shall read as follows:

(b) **Order, as amended.** (1) During the period beginning at 12:01 a. m., e. s. t., June 23, 1947, and ending at 12:01 a. m., e. s. t., July 7, 1947, no handler shall ship any peaches of any variety of a size smaller than 1½ inches in diameter (as "diameter" is defined in the United States Standards for Peaches, 12 F. R. 3798), except that not more than ten (10) percent, by count, of the peaches contained in any bulk lot or in any lot of packages may be of a size smaller than 1½ inches in diameter, as aforesaid, but not more than fifteen (15) percent, by count, of the peaches contained in any individual package in any lot may be of a size smaller than 1½ inches in diameter, as aforesaid.

Nothing contained herein shall be construed (1) as affecting or waiving any right, duty, obligation, or liability which has arisen or which, prior to the effective time of the provisions hereof, may arise in connection with any provision of said Peach Order 2, or (2) as releasing or extinguishing any violation of said

Peach Order 2 which has occurred or which, prior to the effective time of the provisions hereof, may occur.

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.329 Orange Regulation 183—(a)

Findings. (1) Pursuant to the provisions of Order No. 66 (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) **Order.** (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., June 22, 1947, and ending at 12:01 a. m., P. s. t., June 29, 1947, is hereby fixed as follows:

(i) **Valencia oranges.** (a) Prorate District No. 1, unlimited movement; (b) Prorate District No. 2, 1500 carloads; and (c) Prorate District No. 3, unlimited movement.

(ii) **Oranges other than Valencia oranges.** (a) Prorate Districts Nos. 1, 2, and 3, no movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Orange Administrative Committee, in accordance with the provisions of the said order, shall calculate the quantity

of oranges which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 of the rules and regulations (11 F. R. 10258) issued pursuant to said order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

DOGS; BOOK OF RECORD RECOGNITION

Pursuant to the authority vested in the Secretary of Agriculture by paragraph 1606, section 201, Title II, of the act of June 17, 1930 (46 Stat. 673; 19 U. S. C. 1201, par. 1606), paragraph (a) of § 151.6, Chapter I, Title 9, Code of Federal Regulations, as amended (par. 1, sec. 2, reg. 2, B. A. I. Order 365), is amended by adding to the subdivision of said paragraph relating to dogs the following breeds and book of record:

Dogs

Name of breed	Book of record			By whom published
	Newfoundland Register.	Live	Stock	
Various recognized breeds.....				Department of Natural Resources, Kenneth J. Carter, secretary, St. John's Newfoundland.

This amendment shall become effective on publication in the FEDERAL REGISTER.

NOTE: Whereas the importation into the United States of purebred animals for breeding purposes benefits the public by improving the breeds of animals in the United States, and Congress has recognized this fact in paragraph 1606, section 201 of the act of June 17, 1930 (19 U. S. C. 1201, par. 1606) under which purebred animals imported by United States citizens may be imported duty-free if they are certified by the Department of Agriculture as registered in a book of record recognized by the Secretary of Agriculture for the particular breed; and whereas, pending issuance of such certificate, the importer is required by regulations of the United States Customs Bureau to post a bond valid for a limited period and subject to forfeiture unless the certificate is obtained and submitted to the Customs Bureau within such time; and whereas certificates have

been requested from the Department of Agriculture for purebred dogs registered in the book of record specified above which has not heretofore been recognized by the Secretary of Agriculture in his regulations under said act; and whereas the Secretary of Agriculture has determined that the regulations should be amended to recognize such book of record and thereby to relieve restrictions upon the importation of such dogs; and whereas the foregoing amendment to accomplish this purpose should be made effective as soon as possible in order to be of maximum benefit to the public and in order to prevent unnecessary hardship to importers through forfeiture of their bonds, it is found, upon good cause, that compliance with the notice and hearing requirements of section 4 of the Administrative Procedure Act would be impracticable, unnecessary and contrary to the public interest, and good cause is found to exist for issuance of the foregoing amend-

ment effective less than thirty days after publication.

Issued this 17th day of June 1947.

(46 Stat. 673; 19 U. S. C. 1201, par. 1606)

TITLE 10—ARMY: WAR DEPARTMENT

Chapter VII—Personnel

PART 708—DECORATIONS, MEDALS, RIBBONS AND SIMILAR DEVICES

PART 709—PRESCRIBED SERVICE UNIFORM MISCELLANEOUS AMENDMENTS

Part 708, Chapter VII, Title 10, Code of Federal Regulations is amended in the following respects:

1. In § 708.1 paragraph (a) (2) is revoked and paragraphs (b) and (c) are superseded by the following:

§ 708.1 *Decorations.* (a) * * *
(2) [Revoked]

(b) *War Department military decorations.* An Oak-Leaf Cluster is awarded in lieu of an additional decoration and its precedence is that of the decoration it represents. Order of precedence of military decorations is as follows:

- (1) Medal of Honor.
- (2) Distinguished-Service Cross.
- (3) Distinguished-Service Medal.
- (4) Silver Star.
- (5) Legion of Merit.
- (6) Distinguished-Flying Cross.
- (7) Soldier's Medal.
- (8) Bronze Star Medal.
- (9) Air Medal.
- (10) Army Commendation Ribbon.
- (11) Purple Heart.

(c) *Duplication of awards.* Not more than one decoration will be awarded for the same act of heroism, the same meritorious achievement, or the same period of meritorious service.

2. In § 708.2 paragraphs (a) (3) and (b) (3) are added as follows:

§ 708.2 *To whom decorations awarded—*(a) *Medal of Honor.* * * *

(3) *Description.* A bronze five-pointed star $1\frac{1}{16}$ inches in diameter, surrounded by a laurel wreath in green enamel, suspended by two links from a bronze bar bearing the inscription "Valor," and surmounted by an eagle. In the center of the star is the head of Minerva surrounded by the inscription "United States of America." Each ray of the star bears an oak leaf in green enamel. On the reverse of the bar are stamped the words "The Congress to," and on the reverse of the medal are engraved the grade, name, and organization of the recipient, with the place and date of the act for which the medal is awarded. The medal is suspended by a hook to a ring fastened behind the eagle. The hook is attached to a neckband of ribbon 20 inches in length. The neckband is of light blue watered silk $1\frac{3}{16}$ inches in width and midway between the ends of the neckband are 13 white stars arranged in the form of a triple chevron,

consisting of two chevrons of 5 stars each and one of 3 stars.

(b) *Distinguished-Service Cross.* * * *

(3) *Description.* A cross of bronze 2 inches in height and $1\frac{13}{16}$ inches in width with an eagle on the center, and a scroll below the eagle bearing the inscription "For Valor." On the reverse, in the center of the cross, is a space for the name of the recipient (which is to be engraved within a wreath). The cross is suspended by a ring from a watered silk ribbon $1\frac{3}{8}$ inches in length and $1\frac{3}{8}$ inches in width, composed of a band of red ($\frac{1}{8}$ inch), white ($\frac{1}{16}$ inch), blue (1 inch), white ($\frac{1}{16}$ inch), and red ($\frac{1}{8}$ inch).

3. In § 708.2 revise paragraph (c) (1) and add (c) (4) as follows:

(c) *Distinguished-Service Medal.* (1) The Distinguished-Service Medal is awarded to members of the armed forces who, while serving in any capacity with the Army, distinguished themselves by exceptionally meritorious service to the Government in a duty of great responsibility. (See act July 9, 1918 (40 Stat. 871; 10 U. S. C. 1407, 1408; M. L. 1939, sec. 906)

(4) *Description:* The coat of arms of the United States in bronze surrounded by a circle of dark blue enamel $1\frac{1}{2}$ inches in diameter, bearing the inscription "For Distinguished Service MCMXVIII." On the reverse is a scroll for the name of the recipient (which is to be engraved) upon a trophy of flags and weapons. The medal is suspended by a bar from a watered silk ribbon $1\frac{3}{8}$ inches in length and $1\frac{3}{8}$ inches in width, composed of a band of scarlet ($\frac{5}{16}$ inch), a stripe of dark blue ($\frac{1}{16}$ inch), a band of white ($\frac{5}{8}$ inch), a stripe of dark blue ($\frac{1}{16}$ inch) and a band of scarlet ($\frac{5}{16}$ inch).

4. Revise § 708.2 (d) (1) (i), add paragraph (d) (1) (iii), and in paragraph (d) (2) (i) where the word "personnel" appears, substitute the word "members" in lieu thereof; add paragraph (d) (2) (iii) as follows:

(d) *Legion of Merit—*(1) *United States armed forces.* (i) The Legion of Merit, without degree, is awarded to members of the armed forces of the United States who, while serving in any capacity with the Army, distinguish themselves by exceptionally meritorious conduct in the performance of outstanding services. See sec. 2, act July 20, 1942 (56 Stat. 662; 10 U. S. C. 1408b; M. L. 1939, Supp. III, sec. 924a), and E. O. 9260, October 29, 1942 (sec. 1 WD Bul. 54, 1942).

(iii) A five-pointed American white star of heraldic form bordered in purplish red enamel $1\frac{7}{8}$ inches circumscribing diameter with 13 white stars on a blue field emerging from a circle of clouds; backing the star a laurel wreath with modeled crossed arrows pointing outward between each arm of the star and the wreath. On the bronze reverse is a disk (which is to be engraved with the name of the recipient) surrounded by the words "Annuit Coeptis" (He (God) has favored our undertakings) and "MDCCLXXXII," on the scroll the words "United States of America." The

pendant is suspended by a silk ribbon $1\frac{7}{8}$ inches in length and $1\frac{3}{8}$ inches in width, composed of a band of purplish red ($\frac{1}{4}$ inches), with edges of white ($\frac{1}{16}$ inch).

(2) *Armed forces of foreign nations.*
(i) The Legion of Merit, in four degrees, is awarded to members * * *

(iii) *Description—*(a) *Chief Commander.* A domed five-pointed American white star plaque of heraldic form bordered in purplish red enamel $2\frac{15}{16}$ inches circumscribing diameter with 13 white stars on a blue field emerging from a circle of clouds; backing the star a laurel wreath with pierced crossed arrows pointing outward between each arm of the star and the wreath. The reverse is engraved with the words "United States of America" and the name of the recipient.

(b) *Commander.* A five-pointed American white star of heraldic form bordered in purplish red enamel $2\frac{1}{4}$ inches circumscribing diameter with 13 white stars on a blue field emerging from a circle of clouds, backing the star a laurel wreath with pierced crossed arrows pointing outward between each arm of the star and the wreath. A bronze wreath connects an oval suspension ring to neck ribbon. The reverse of the five-pointed star is enameled in white, bordered in purplish red enamel, in the center of a disk (which is to be engraved with the name of the recipient) surrounded by the words "Annuit Coeptis" and "MDCCLXXXII," on the scroll the words "United States of America." The neck ribbon is $2\frac{1}{4}$ inches in length, $1\frac{15}{16}$ inches in width composed of a band of purplish red ($1\frac{1}{16}$ inches) with edges of white ($\frac{1}{16}$ inch).

(c) *Officer.* Same as subparagraph (1) (ii) of this paragraph with the addition of an all-bronze device of same design as the pendant, $\frac{3}{4}$ inch in diameter, on the center of suspension ribbon.

(d) *Legionnaire.* Same as subparagraph (1) (iii) of this paragraph.

5. Revise § 708.2 (e) (2) and add paragraph (e) (3) as follows:

(e) *Silver Star.* * * *

(2) Those individuals who, prior to December 7, 1941, have been cited for gallantry in action in orders issued by the headquarters of a force commanded by a general officer, may make application for the Silver Star to The Adjutant General, Washington 25, D. C.

(3) *Description:* A bronze star $1\frac{1}{2}$ inches in circumscribing diameter. In the center thereof is a $\frac{3}{16}$ inch diameter raised silver star, the center lines of all rays of both stars coinciding. The reverse has the inscription "For gallantry in action" and a space for the name of the recipient (which is to be engraved). The star is suspended by a rectangular-shaped metal loop with corners rounded from a silk moire ribbon $1\frac{3}{8}$ inches in length and $1\frac{3}{8}$ inches in width, composed of stripes of blue ($\frac{3}{32}$ inch), white ($\frac{3}{64}$ inch), blue ($\frac{3}{32}$ inch) white ($\frac{3}{64}$ inch), and blue ($\frac{3}{32}$ inch).

6. So much of the text following the headnote of § 708.2 (f) (1) is amended, and paragraph (f) (4) is added as follows:

(f) *Distinguished-Flying Cross.* (1) The Distinguished-Flying Cross is awarded to members of the armed forces who, while serving * * *

(4) On a bronze $1\frac{1}{2}$ inch cross patee a four-bladed propeller $1\frac{1}{16}$ inches across blades; in the reentrant angles, rays forming a 1 inch square. On the reverse is engraved the name of the recipient. The cross is suspended by a plain straight link from a silk moire ribbon $1\frac{3}{8}$ inches in length and $1\frac{3}{8}$ inches in width, composed of stripes of blue ($\frac{1}{8}$ inch), white ($\frac{1}{8}$ inch), blue ($\frac{1}{32}$ inch), white ($\frac{1}{32}$ inch), red ($\frac{3}{32}$ inch), white ($\frac{1}{32}$ inch), blue ($\frac{1}{32}$ inch), white ($\frac{1}{8}$ inch), and blue ($\frac{1}{8}$ inch).

7. Paragraph (g) of § 708.2 is superseded by the following:

(g) *Soldier's Medal.* (1) The Soldier's Medal is awarded to members of the armed forces who, while serving in any capacity with the Army, distinguish themselves by heroism not involving actual conflict with the enemy and not in aerial flight. See sec. 11, act July 2, 1926 (44 Stat. 789; 10 U. S. C. 1428).

(2) The Soldier's Medal may be awarded to an individual for performance of an act or acts of heroism involving voluntary risk of life under conditions other than those of conflict with an enemy and while not in aerial flight. The same degree of heroism is required as for the Distinguished-Flying Cross.

(3) *Description.* On a $1\frac{3}{8}$ inch bronze octagon and eagle displayed, standing on a fasces, between two groups of stars of six and seven, above the group of six a spray of leaves. On the reverse is a shield paly of 13 pieces on the chief, the letters "U. S." supported by sprays of laurel and oak, around the upper edge the inscription "Soldier's Medal" and across the face the words "For Valor." In the base is a panel for the name of the recipient (which is to be engraved). The medal is suspended by a rectangular-shaped metal loop with corners rounded from a silk moire ribbon $1\frac{3}{8}$ inches in length and $1\frac{3}{8}$ inches in width composed of two outside stripes of blue $\frac{3}{8}$ inch in width, the center containing 13 white and red stripes of equal width (7 white and 6 red).

8. Paragraph (h) of § 708.2 is superseded by the following:

(h) *Purple Heart.* (1) The Purple Heart, established by General George Washington at Newburgh, August 7, 1782, during the Revolutionary War, is awarded to members of the armed forces of the United States and to civilian citizens of the United States, who, while serving with the Army, are wounded in action against an enemy of the United States, or as a direct result of an act of such enemy, provided the wound necessitates treatment by a medical officer.

(2) A wound is defined as an injury to any part of the body from an outside force, element, or agent sustained as the result of a hostile act of the enemy or while in action in the face of the enemy. One award is authorized for each such wound, except that only one award is authorized for two or more wounds received at the same instant. The word

"element" refers to weather and permits award to personnel severely frostbitten while actually engaged in combat. Trench foot will not be considered as meriting award. The phrase "at the same instant" prohibits duplicate awards of the Purple Heart for two or more injuries or wounds received from one missile, force, explosion, or agent.

(3) *Description.* On a purple enameled heart within a bronze border, a profile head in relief of General George Washington in military uniform. Above the enameled heart is the shield of Washington's coat of arms between two sprays of leaves in green enamel. On the reverse below the shield and leaves without enamel, is a raised bronze heart with the inscription, "For Military Merit," with a space for the name of the recipient (which is to be engraved). The entire device is $1\frac{1}{16}$ inches in length. The medal is suspended by a rectangular-shaped metal loop with corners rounded from a silk moire ribbon $1\frac{3}{8}$ inches in width and $1\frac{3}{8}$ inches in length, consisting of a purple (pansy) center with $\frac{1}{8}$ -inch white edges.

(4) Those individuals who, as members of the Army of the United States, prior to December 7, 1941, were awarded a meritorious services citation certificate in World War I, or were authorized to wear a wound chevron, or received wounds in action which would have entitled them to wear a wound chevron under regulations existing at that time, may make application to The Adjutant General, Washington 25, D. C., for award of the Purple Heart in lieu of the meritorious service citation certificate or wound chevron.

(5) Those individuals who, on or after December 7, 1941, were awarded a Purple Heart for meritorious achievement or meritorious service in connection with military operations against the enemy may make application to The Adjutant General, Washington 25, D. C., for an appropriate award in lieu of the Purple Heart.

9. Paragraph (i) (3) is added to § 708.2 as follows:

(i) *Air Medal.* * * *

(3) *Description.* A bronze compass rose $1\frac{11}{16}$ inches circumscribing diameter suspended by the pointer and charged with an eagle volant carrying two lightning flashes in its talons. The points of the compass rose on the reverse are modeled with the central portion plain for the name of the recipient (which is to be engraved). The medal is suspended from a moire silk ribbon $1\frac{3}{8}$ inches in length and $1\frac{3}{8}$ inches in width, composed of a band of ultramarine blue ($\frac{1}{8}$ inch), a band of golden orange ($\frac{1}{4}$ inch), a band of ultramarine blue ($\frac{3}{8}$ inch), a band of golden orange ($\frac{1}{4}$ inch), and a band of ultramarine blue ($\frac{1}{8}$ inch) by a ring engaging the pointer.

10. Paragraphs (j) and (k) of § 708.2 are superseded by the following:

(j) *Oak-Leaf Cluster.*—(1) *Award.* No military decoration will be awarded more than once to any one person, but for each succeeding act of heroism, meritorious achievement, or period of meri-

torious service justifying an award, a bronze Oak-Leaf Cluster will be awarded in lieu. A silver Oak-Leaf Cluster may be worn in lieu of five bronze Oak-Leaf Clusters.

(2) *Description.* A bronze or silver twig of four oak leaves with three acorns on the stem $13/32$ inch in length for the suspension ribbon and $1/8$ inch in length for the service ribbon.

(3) *Replacement.* The provisions of (1) above do not preclude the issuance of a duplicate decoration or a replacement to the next of kin or to the person to whom it was awarded whenever the decoration previously presented has been lost, destroyed, or rendered unfit for use without fault or neglect on the part of the person to whom it was awarded (see § 708.7).

(k) *Bronze Star Medal.*—(1) *Heroism.* (i) The Bronze Star Medal is awarded to persons who, while serving in any capacity with the Army, on or after December 7, 1941, distinguish themselves by heroism in combat against the armed enemy, in operations not involving participation in aerial flight. See E. O. 9419, February 4, 1944 (9 F. R. 1495).

(ii) The Bronze Star Medal may be awarded to recognize minor acts of heroism in actual ground combat against the enemy where the award of a Silver Star is not warranted.

(2) *Meritorious achievement or meritorious service.* (i) The Bronze Star Medal is awarded to members of the armed forces who, while serving in any capacity with the Army, on or after December 7, 1941, distinguish themselves by meritorious achievement or meritorious service, not involving participation in aerial flight, in connection with military operations against an enemy of the United States. See E. O. 9419, February 4, 1944 (9 F. R. 1495).

(ii) The required meritorious achievement or meritorious service for award of the Bronze Star Medal is less than that required for the Legion of Merit, but must nevertheless be accomplished with distinction. The Bronze Star Medal may be awarded to recognize meritorious service or single acts of merit.

(3) *Description.* (i) A bronze star $1\frac{1}{2}$ inches in circumscribing diameter. In the center thereof is a $3/16$ inch diameter raised bronze star, the center line of all rays of both stars coinciding. The reverse has the inscription "Heroic or meritorious achievement" and a space for the name of the recipient (which is to be engraved). The star is suspended by a rectangular-shaped metal loop with corners rounded from a silk moire ribbon $1\frac{3}{8}$ inches in length and $1\frac{3}{8}$ inches in width composed of stripes of white ($1/32$ inch), red ($1/16$ inch), white ($1/32$ inch), blue ($1/8$ inch), white ($1/32$ inch), red ($1/16$ inch), and white ($1/32$ inch).

(ii) Letter "V" device: A bronze block letter "V" $1/4$ of an inch in height, with serifs at the top of the members.

(4) *Letter "V" device.* The letter "V" device is authorized for wear on the suspension ribbon and the service ribbon of the Bronze Star Medal to indicate that an award was made for heroism (valor) rather than for meritorious achievement or meritorious service. Only one letter

"V" will be worn. All additional awards whether for heroism, meritorious achievement, or meritorious service will be designated by Oak-Leaf Clusters. All orders awarding the Bronze Star Medal will specifically state whether the award was for heroism, meritorious achievement, or meritorious service.

11. Paragraph (1) of § 708.2 is revoked and paragraph (m) of the same section is added as follows:

(1) *United States America Typhus Commission Medal.* [Revoked]

(m) *Army Commendation Ribbon.*

(1) The Army Commendation Ribbon is awarded to members of the armed forces who, while serving in any capacity with the Army, on or after December 7, 1941, distinguish themselves by meritorious achievement or meritorious service, not in connection with military operations against the enemy.

(2) The meritorious achievement or meritorious service required is less exceptional than that required for the Legion of Merit, but nevertheless must be accomplished with distinction. Exactly the same degree of meritorious achievement or meritorious service is required as that for which the Bronze Star Medal and/or the Air Medal are awarded. It is particularly desired that the Army Commendation Ribbon be awarded to outstanding company-grade officers, warrant officers, and enlisted men whose achievement or service meets the standards prescribed. An Army Commendation Ribbon will not be awarded for the same period of service or achievement for which the Bronze Star or Air Medal has been awarded.

(3) The Army Commendation Ribbon will not be awarded for meritorious achievement or meritorious service rendered during World War II within the following operational areas between the inclusive dates indicated below:

(i) December 7, 1941 through May 8, 1945: European, Mediterranean, and North African Theaters of Operations; United States Forces in Africa and Middle East; and Persian Gulf Command.

(ii) December 7, 1941 through September 2, 1945: United States Army Forces in Pacific; and China and India-Burma Theaters.

(iii) June 3, 1942 through August 24, 1943: Alaskan Department in the area west of longitude 165 degrees west, and south of latitude 55 degrees north, which is the area of the Aleutian Islands west of Fort Mears (inclusive).

(4) Those individuals who, as members of the armed forces of the United States, on or after December 7, 1941 and prior to January 1, 1946, were commended in a letter of commendation or certificate of commendation by a major general, or officer occupying the position vacancy of a major general, for meritorious achievement or meritorious service, not in connection with military operations against the enemy (see subparagraph (3) of this paragraph) may make application for the Army Commendation Ribbon to The Adjutant General, Washington 25, D. C.

12. Section 708.4 is rescinded and the following substituted therefor:

§ 708.4 *Time limits.* (a) Except as prescribed in paragraph (b) of this section when the decoration is to be awarded in lieu of another decoration previously awarded, or on the basis of an existing letter, certificate, or citation in orders (see paragraph (e) (2), (h) (4), (h) (5) and (m) (4) of § 708.2), no military decoration will be awarded to any person after more than 3 years from the date of the heroism, meritorious achievement or meritorious service justifying an award, nor unless the recommendation was submitted through military channels within 2 years from the date of the heroism, meritorious achievement, or meritorious service.

(b) As an exception, military decorations may be awarded when the heroism, meritorious achievement, or meritorious service justifying the award was performed between December 7, 1941 and December 31, 1946, both dates inclusive, providing a recommendation is submitted through official channels prior to July 1, 1947.

13. In § 708.5 amend the last portion of the text to read as follows:

§ 708.5 *Posthumous awards.* * * * Widow or widower, eldest son, eldest daughter, father, mother, eldest brother, eldest sister, eldest grandchild.

14. Section 708.7 is rescinded and the following substituted therefor:

§ 708.7 *Replacement.* Whenever a decoration and/or appurtenance is lost, destroyed, or rendered unfit for use without fault or neglect on the part of the person to whom it was awarded, it will be replaced without charge upon application to The Adjutant General, Washington 25, D. C.

15. Add § 708.11 as follows:

§ 708.11 *Medal of Freedom—(a) Citizens and habitual residents of the United States.* (1) The Medal of Freedom without degree, is awarded to citizens or habitual residents of the United States not in the armed forces who, on or after December 7, 1941, distinguish themselves by meritorious achievement or meritorious service to the United States in the prosecution of the war against an enemy. See E. O. 9586, July 6, 1945 (10 F. R. 8523).

(2) The Medal of Freedom will not be awarded to any citizen or habitual resident of the United States for any meritorious achievement or meritorious service performed within the continental limits of the United States. The degree of meritorious achievement or meritorious service required is the same as that for which the Bronze Star Medal is awarded to members of the armed forces.

(b) *Citizens of foreign nations.* (1) The Medal of Freedom, in four degrees, is awarded to persons, not citizens or habitual residents of the United States nor members of the armed forces, who distinguish themselves by meritorious achievement or meritorious service which has aided the United States in the prosecution of the war against the enemy.

(2) The degree of the Medal of Freedom and corresponding degrees of the Legion of Merit are:

<i>Medal of Freedom</i>	<i>Legion of Merit</i>
(i) Gold palm	Chief Commander.
(ii) Silver palm	Commander.
(iii) Bronze palm	Officer and Legionnaire.

(3) The Medal of Freedom without palm is equivalent to the Bronze Star Medal awarded members of the armed forces.

(c) *Description.* (1) The medal of bronze is 1¼ inches in diameter. On the obverse is the head, shoulders, and head-dress of freedom (taken from the statue on the top of the United States Capitol dome). In the lower portion in an arc is the inscription "Freedom." On the reverse is the "Liberty Bell" without carriage, within a circle composed of the words "United States of America." The medal is suspended by a ring from a silk moire ribbon 1¾ inches in length and 1⅜ inches in width composed of red (7/16 inch), white (1/32 inch), red (1/8 inch), white (1/32 inch), red (1/8 inch), white (1/32 inch), red (1/8 inch), white (1/32 inch), and red (7/16 inch).

(2) *Palm.* A gold, silver, or bronze palm 1⅜ inches in length.

(d) *Time limits.* See § 708.4.

(e) *Additional awards.* No more than one Medal of Freedom will be awarded to any one person. For each additional meritorious achievement or meritorious service warranting an additional award to a citizen or habitual resident of the United States, an Oak-Leaf Cluster will be awarded in lieu. For each additional meritorious achievement or meritorious service warranting an additional award to a citizen of a foreign nation, the Medal of Freedom in higher degree will be awarded in lieu. A subsequent award in a lesser degree is not authorized.

MISCELLANEOUS AMENDMENTS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 13th day of June 1947.

The Civil Aeronautics Board, acting pursuant to the Civil Aeronautics Act of 1938 as amended, particularly sections 205 (a) and 1001 thereof, and pursuant to the Administrative Procedure Act, particularly sections 3 and 12 thereof, hereby amends Part 302 of Title 14 of the Code of Federal Regulations as follows, effective immediately:

1. Paragraph (b) *The Office of the General Counsel*, of § 302.2 is amended by striking therefrom all of subparagraph (4) *The Safety Legal Division*, of such section:

2. Paragraph (e) of § 302.2 is amended to read as follows:

§ 302.2 *Functions of officers and bureaus.* * * *

(e) *The Office of the Trial Examiners.* The Chief Examiner is directly responsible to the Board for the conduct and disposition of all formal proceedings before the Board arising under Titles IV and VI, and section 1002 of the Civil Aeronautics Act. The following activities within the Office of Trial Examiners are performed under the administrative supervision and direction of the Chief Examiner:

(1) *The Economic Proceedings Division.* The Examiners assigned to this division of the Office of Trial Examiners preside at prehearing conferences and hearings in all formal economic proceedings. All matters concerning the conduct of a hearing and motions and requests arising in connection with any such proceeding are referred to the Examiner assigned to the proceeding. Such examiner acts upon such matters as may

be disposed of by him and prepares recommendations to the Chief Examiner or to the Board respecting disposition of such matters as require action by the Chief Examiner or the Board. Recommended decisions are made by the examiners in all economic proceedings other than those for the fixing of passengers, cargo, and mail rates. The final decision in such economic proceedings is also drafted by the examiner pursuant to instructions from the Board.

(2) *The Safety Enforcement Proceedings Division.* This division handles all formal proceedings under sections 602 and 609 of the Civil Aeronautics Act of 1938. In addition to the regular functions of examiners, the regional examiners supervise the regional dockets, maintain a calendar of cases for the region, conduct correspondence relating to regional cases and in general conduct the business essential to the handling of safety enforcement proceedings in their regions. An examiner does not prepare any review on exceptions or appeal of any initial decision made by him. The division drafts opinions and orders for the Board as instructed by the Board.

(3) *The Docket Section.* The Docket Section receives, docket, and maintains all documents in formal proceedings before the Board; makes official service of notices, orders, rules, reports, and decisions in economic proceedings; and issues periodic statements and reports respecting the status of all formal proceedings.

(4) *The Editorial Unit.* The Editorial Unit edits and prepares for printing: reports, decisions, and opinions; and prepares the index digest for the bound volumes of the Board's official reports.

3. Paragraph (a) of § 302.5 *Channeling of complaints*, is amended by striking out the words "*Informal complaints*" appearing as the heading thereof and inserting in lieu thereof the words "*Informal complaints in economic matters.*"

4. Paragraph (b) of § 302.5 is amended by striking out the words "*Formal complaints*" appearing as the heading thereof and inserting in lieu thereof the words "*Formal complaints in economic matters.*"

5. Section 302.5 is amended by adding thereto a new paragraph (c) reading as follows:

(c) *Complaints and petitions in safety enforcement matters.* Formal complaints in safety matters are filed by the Administrator of Civil Aeronautics with the Docket Section of the Board in Washington, or in the Regional Docket in which the case arises. Informal complaints should be filed with the legal staff of the Administrator. Any person whose application for the issuance or renewal of an airman certificate or rating has been denied may petition the Board for a review of the action of the Administrator. All such formal complaints or petitions for review are referred to the Office of Trial Examiners and are handled by the Safety Enforcement Proceedings Division. Proceedings are conducted as provided for in Part 97 of the Civil Air Regulations of this chapter.

6. Section 302.7 (c) (3) of this chapter is amended to read as follows:

§ 302.7 *Channeling of formal proceedings* * * *

(c) *Suspension and revocation of safety certificates.* * * *

(3) A Trial Examiner is designated by the Chief Trial Examiner or an Assistant Chief Trial Examiner; where a Regional Examiner has been assigned, he will ordinarily be designated for all cases within his region.

7. Paragraph (c) of § 302.7 is amended by adding subparagraph (9), to read as follows:

(9) Proceedings for a review of the action of the Administrator in denying the issuance or renewal of an airman certificate or rating also follow the requirements of and the procedure described in Part 97 of the Civil Air Regulations of this chapter. Such proceeding may be instituted by an informal request by a party whose interests have been adversely affected by the action of the Administrator.

CONSTRUCTION COST ALLOWANCES

Acting pursuant to the authority vested in me by the Federal Airport Act (60 Stat. 170; Pub. Law No. 377, 79th Cong.), I hereby amend Part 550 of the regulations of the Administrator of Civil Aeronautics, as follows:

By adding a new subdivision, to be numbered (iii), to § 550.9 (a) (2):

§ 550.9 *Allowable project costs.* * * *

(a) *Classification of project costs.*
* * *

(2) *Construction costs; contract.*
* * *

(iii) *Sponsor's stock-pile materials and supplies.* Stock-pile items of appropriate materials and supplies owned by the sponsor or furnished from a source of supply owned by the sponsor, when incorporated into an approved airport project by the contractor: *Provided*, That such materials and supplies shall not have been appropriated to the project prior to the date of execution of the Grant Agreement relating to such project.

This amendment shall become effective upon publication in the FEDERAL REGISTER.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 141—TESTS AND METHODS OF ASSAY FOR ANTIBIOTIC DRUGS

CRYSTALLINE PENICILLIN TABLETS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463 and Pub. Law 16, 80th Cong., 1st Sess.; 21 U. S. C. Sup. 357) the regulations for tests and methods of assay of antibiotic drugs (12 F. R. 2215) are hereby amended by adding the following new section:

§ 141.21 *Crystalline penicillin tablets*—(a) *Potency*. Proceed as directed in § 141.1 except paragraph (i) thereof, and in lieu of the directions in paragraph (d) of § 141.1 prepare sample as follows:

Dissolve 12 tablets in sterile distilled water to make an appropriate stock solution. The average potency of the tablets is satisfactory if it contains not less than 85% of the number of units per tablet it is represented to contain.

(b) *Microorganism count*. Accurately weigh from 3 to 5 tablets in a test tube and add sufficient sterile penicillinase contained in a total volume of 15 ml. to inactivate the penicillin present. Let stand one hour. Thoroughly shake the mixture and transfer aseptically one-third the amount to each of three sterile petri dishes. Pour into the petri dish 20 ml. of nutrient agar, described in § 141.1 (b) (1), which has been melted and cooled to 48° C. Thoroughly mix, allow the agar to solidify, invert the petri dish, and incubate for 48 hours at 37° C. Count the number of colonies appearing on the plates and calculate therefrom the number of viable microorganisms per gram.

(c) *Toxicity*. Proceed as directed in § 141.4.

(d) *Moisture, pH, microscopical test for crystallinity, stability, penicillin G content and penicillin K content*. Proceed as directed in § 141.5.

This order, which provides for the marketing of a new penicillin product, crystalline penicillin tablets, shall become effective upon publication in the FEDERAL REGISTER, since both the public and the penicillin industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order and would be contrary to the public interest, and I so find, since it was drawn in collaboration with interested members of the affected industry, and since it would be against public interest to delay the marketing of a new penicillin product. (Sec. 507, 52 Stat. 1040, as amended by 59 Stat. 463 and Pub. Law 16, 80th Cong., 21 U. S. C. and Sup. 357)

Dated: June 16, 1947.

PART 146—CERTIFICATION OF BATCHES OF PENICILLIN-OR STREPTOMYCIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463 and Public Law 16, 80th Cong., 1st Sess.; 21 U. S. C., Sup. 357) the regulations for the certification of penicillin-containing drugs and streptomycin-containing drugs are hereby amended as indicated below:

1. Paragraph (a) of § 146.25, *Penicillin oil and wax*, is amended by deleting the last two sentences of the paragraph and substituting therefor the following: "The peanut oil, sesame oil, and the white wax used conform to the standards prescribed therefor by the U. S. P."

2. Part 146 is amended by adding the following new section:

§ 146.39 *Crystalline penicillin tablets*—(a) *Standards of identity, strength, quality, and purity*. Crystalline penicillin tablets are molded, freely soluble tablets of crystalline penicillin. It is tableted without the addition of diluents, binders, lubricants, colorings, or flavorings. The potency of each tablet is not less than 50,000 units; it conforms to the requirements of § 146.24 (a) for crystalline penicillin except subparagraphs (2), (4), and (7) of § 146.24 (a), but its content of viable microorganisms is not more than 50 per gram.

(b) *Packaging*. Each tablet is enclosed in a foil or plastic film or other container each of which is a tight container as defined by the U. S. P. except the provision that it shall be capable of tight reclosure. The composition of the container shall be such as will not cause any change in the strength, quality, or purity of the contents beyond any limit therefor in applicable standards, except that minor changes so caused which are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded.

(c) *Labeling*. Each package of crystalline penicillin tablets shall bear, on its label or labeling as hereinafter indicated, the following:

(1) On the outside wrapper or container and the immediate container:

(i) The batch mark;
(ii) The number of units in each tablet of the batch;
(iii) The statement "Warning—Not for injection";

(iv) The statement "Expiration date -----", the blank being filled in with the date which is 36 months after the month during which the batch was certified;

(v) The statement "Caution: To be dispensed only by or on the prescription of a -----", the blank being filled in with the word "physician" or "dentist" or both, as the case may be;

(vi) A reference specifically identifying a readily available medical publication containing directions and precautions (including contraindications and possible sensitization) adequate for the use of such tablets; or a reference to a

brochure, or other printed matter containing such directions and precautions, and a statement that such brochure and printed matter will be sent on request.

(d) *Requests for certification; samples*. (1) In addition to complying with the requirements of § 146.2, a person who requests certification of a batch of crystalline penicillin tablets shall submit with his request a statement showing the batch mark, the number of packages of each size in such batch, the batch mark and (unless it was previously submitted) the date on which the latest assay of the penicillin used in making such batch was completed, the number of units in each tablet, the quantity of crystalline penicillin used in making the batch, and the date on which the latest assay of the tablets comprising such batch was completed.

(2) Such person shall submit in connection with his request results of the tests and assays listed after each of the following, made by him on an accurately representative sample of the batch: Average potency per tablet, toxicity, average moisture, pH, microorganism count, penicillin K content (unless it is crystalline penicillin G), crystallinity, heat stability, and the penicillin G content if it is crystalline penicillin G.

(3) Such person shall submit in connection with his request accurately representative samples of the batch: One tablet for each 5,000 tablets in the batch, but in no case less than 40 tablets or more than 120 tablets, collected by taking single tablets at such intervals throughout the entire time the tablets are being made that the quantities made during the intervals are approximately equal.

(e) *Fees*. The fee for the services rendered with respect to each batch of crystalline penicillin tablets under the regulations in this part shall be:

(1) \$1.00 for each tablet in the sample submitted in accordance with paragraph (d) (3) of this section; and

(2) If the Commissioner considers that investigations, other than examination of such tablets, are necessary to determine whether or not such batch complies with the requirements of § 146.3 for the issuance of a certificate, the cost of such investigations.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

This order, which provides for the marketing of a new penicillin product, crystalline penicillin tablets, and new and amended standards for peanut oil, sesame oil, and white wax shall become effective upon publication in the FEDERAL REGISTER since both the public and the penicillin industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order and would be contrary to the public interest, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay the marketing of a new penicillin product and revising the stand-

PART 200—ORGANIZATION AND PROCEDURE DELEGATION OF AUTHORITY; POWER SITE CLASSIFICATIONS

CROSS REFERENCE: For an addition to the list of delegations of authority contained in §§ 200.50 to 200.53, see § 4.623 under Title 43, *infra*, authorizing the Director of the Geological Survey to classify public domain lands as power sites valuable for power purposes and to modify or revoke such classifications.

TITLE 32—NATIONAL DEFENSE

Chapter VII—Sugar Rationing Administration, Department of Agriculture

[3d Rev. RO 3; Amdt. 55]

PART 707—RATIONING OF SUGAR SUGAR

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Third Revised Ration Order 3 is amended in the following respects:

1. Section 2.8 (b) (2) is amended to read as follows:

(2) All sugar (other than sugar which was included in his present inventory and sugar acquired under the provisions of section 8.9) received without giving up evidences.

2. Section 2.10 (b) is amended by adding a sentence to read as follows: "However, an industrial user who acquires sugar under the provisions of section 8.9 may use such sugar in excess of his allotment for the period in which such sugar was acquired, or any subsequent period."

3. Section 8.9 is added to read as follows:

SEC. 8.9 *Ration-free delivery of sugar manufactured for own use.* (a) Any person who manufactures sugar for his own use, or has it manufactured for his own use by another person, from (1) an imported sugar-containing product, or from (2) a sugar-containing product for which ration evidences have been surrendered for the amount of sugar contained in such product, may acquire and use such sugar in his registered industrial user

establishment without the surrender of ration evidences.

4. Section 17.2 (a) is amended by adding a sentence to read as follows: "However, the provisions of this section do not apply to sugar acquired under the provisions of section 8.9."

This amendment shall become effective June 20, 1947.

Issued this 18th day of June 1947.

CLINTON P. ANDERSON,
Secretary of Agriculture.

Rationale Accompanying Amendment No. 55 to Third Revised Ration Order 3

Under the present regulations, a person who manufactures sugar is a primary distributor and he may not make an industrial use of sugar he produces unless he is also a registered industrial user. As an industrial user, he must give up evidences to his primary distributor establishment for any sugar he acquires or uses in such operations. Thus, a person who manufactures sugar from a product containing sugar for which ration evidences have been surrendered, or from an imported sugar-containing product, may not thereafter make an industrial use of the sugar recovered from such products unless he is a registered industrial user and unless he surrenders ration evidences covering the amount of the sugar.

Sugar-containing products and imported sugar-containing products which are used by an industrial user to make another product and which are damaged in the course of manufacture, may have no commercial value unless the sugar contained therein is recovered. However, under the present provisions of the regulations he may not recover the sugar from such products and make an industrial use of it without surrendering ration evidences. Since it is desirable to provide for the use of such recovered sugar without requiring the surrender of ration evidences, this amendment permits a person who, for his own use, manufactures, or has another person manufacture for him, sugar from a sugar-containing product for which ration evidences have been surrendered, or from an imported sugar-containing product, to acquire and use such sugar in his registered industrial user establishment without the surrender of ration evidences.

TITLE 36—PARKS AND FORESTS

Chapter I—National Park Service, Department of the Interior

PART 01—ORGANIZATION AND PROCEDURE ORGANIZATION; MISCELLANEOUS AMENDMENTS

1. Section 01.6 *General description*, is amended to read as follows:

§ 01.6 *Director's Office.* The Director of the National Park Service is in charge of the Service. The headquarters organ-

ization consists of the Director, Associate Director, and Assistant Director, four staff divisions, and eight technical branches. Under the supervision of the Director, the headquarters staff formulates policies for the protection, preservation, and use of the national park areas. It supervises the interpretive services in natural sciences, history, and archeology rendered for the public, provides for museum developments, and investigates proposed additions to the National Park System.

Staff offices and divisions consist of the Fiscal Division, the Personnel Division, the Safety Division, and the Office of the Chief Clerk.

2. Section 01.8 *Branch of Engineering*, is amended to read as follows:

§ 01.8 *Branch of Development.* The Branch of Development supervises all architectural and landscape design, engineering, planning, construction, and maintenance; prepares master plans and construction programs for the control of physical developments; collaborates with the Public Roads Administration regarding the location, design and construction of major roads and parkways; supervises sanitation control and water rights; has charge of engineering construction, surveys, maps, plans, codes, standards, designs, estimates, specifications, road maintenance, minor road construction, hydraulic structures, materials research, radio research and installation, construction bid invitations, and construction contract preparation; reviews concessioners' building plans; and directs the Historic American Buildings Survey.

3. Section 01.13 *Branch of Plans and Design*, is amended to read as follows:

§ 01.13 *Office of the Chief Counsel.* The Office of the Chief Counsel performs all legal services for the National Park Service; including rendition of legal advice concerning land acquisition, water rights, contracts, and other matters; preparation and interpretation of legislation and regulations relating to the National Park System; and advises the Director on legal aspects of concession policies.

4. A new § 01.15 *Office of Information*, is added, reading as follows:

§ 01.15 *Office of Information.* The Office of Information supervises public relations, informational, and editorial work, including the presentation of information concerning the policies and objectives of the Service, and preparation of reports and manuscripts for publication; advises authors and editors concerning demands for publications; represents the Director in interviews with the press, meetings with Government agencies, Congressional committees, and civic organizations.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 5—ADJUDICATION; DEPENDENTS' CLAIMS

MISCELLANEOUS AMENDMENTS

The following amendments are made to Part 5:

§ 5.2591 *Conditions under which apportionment may be made.* No change in paragraphs (a) and (b).

(c) (1) *Rates payable.* (i) Apportionment of death compensation or pension under any law administered by the VA, except as provided in subdivisions (ii) and (iii) of this subparagraph, shall be computed as follows: The share for all children for whom claim is filed will be that amount to which they would be entitled if there were no widow. The widow's share will be the difference between the children's share and the total amount payable on account of the widow and all children for whom claim is filed. In all instances, the amount payable to or for the children will be divided equally among the children. The share for any children in the widow's custody will be added to the widow's share. If, in the application of this rule, the widow's share would be increased to an amount greater than the amount to which she would be entitled if there were no children, then her share will be the amount to which she would be entitled if there were no children and the difference between the amount of such widow's share and the entire amount payable for the widow and children will be the children's share. If, however, in the application of this rule, the widow's share would be reduced to an amount lower than 50 percent of that to which she would be entitled if there were no children, then her share will be 50 percent of the amount to which she would be entitled if there were no children, and the difference between the amount of such widow's share and the entire amount payable for the widow and children will be the children's share.

No change in remainder of section.

§ 5.2592 *Changing prior apportionments; discontinuance of apportionments, effective dates—*(a) (1) *When change may be made.* If an award has been made pursuant to a prior apportionment regulation, and a retroactive increase in the total amount payable is in order, the awards will be adjusted in accordance with § 5.2591 (c), effective as of the commencement date of the prior apportionment or the date of the increase in the total amount payable, whichever is the later, provided no overpayment to any payee will result. If an overpayment to any payee will result, the amount of the retroactive increase will be divided equally among the children from the effective date of such increase to the last day of the month in which the action is taken, thereafter applying the rates prescribed in § 5.2591 (c).

No change in remainder of section. (60 Stat. 931)

PART 25—MEDICAL

MISCELLANEOUS AMENDMENTS

The following amendments are made to Part 25:

§ 25.6047 *Eligibility for hospital treatment or domiciliary care of persons discharged or retired from Military or Naval Service.* Within the limits of Veterans' Administration facilities, hospital treatment or domiciliary care may be furnished the following applicants in the specified order of preference:

No change in paragraphs (a) and (b).
No change in paragraph (c) (1).
Paragraph (c) (2) is amended to read as follows:

(2) Domiciliary care for persons enumerated in paragraph (c) (1) of this section, when suffering from a permanent disability or tuberculous or neuropsychiatric ailment and who are incapacitated from earning a living and who have no adequate means of support. If a member is discharged on his own request or at the expiration of seven days following an authorized pass or leave of absence, it will be presumed he no longer regards himself as incapacitated from earning a living. Under such circumstances he will not be furnished hospitalization or domiciliary care until the expiration of one month from the date of such discharge, except when requiring readmission in a medical emergency.

No change in paragraphs (d) (1) and (d) (2).

(3) If a member is discharged on his own request or at the expiration of seven days following an authorized pass or leave of absence it will be presumed he no longer regards himself as incapacitated from earning a living. Under such circumstances he will not be furnished hospitalization or domiciliary care until the expiration of one month from the date of such discharge except when requiring readmission in a medical emergency.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 6768]

PART 3—RADIO BROADCAST SERVICES

MISCELLANEOUS AMENDMENTS

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 12th day of June 1947.

The Commission having under consideration proposed amendments to Part 3, Subpart B, §§ 3.203 and 3.204 of the Commission's rules governing Standard and FM Broadcast Stations, and to sections 1, 2 and 4 of the Commission's Standards of Good Engineering Practice Concerning FM Broadcast Stations;

It appearing, that the existing rules provide for the assignment to Class A

FM stations of channels 281 through 300 (104.1 to 107.9 mc) and to Class B FM stations of channels 221 through 280 (92.1 to 103.9 mc); for a normal minimum separation for Class A stations of 50 miles on the same channel and 35 miles on adjacent channels; for the availability for assignment of all Class A channels in cities which are not the central city or cities of a metropolitan district, and for the availability for assignment of ten such channels in central cities of metropolitan districts which have fewer than six Class B stations; and for the reservation from assignment until July 1, 1947, of Class A channels 297, 298, 299 and 300;

It appearing, that under the existing FM standards the term "antenna height above average terrain" is defined as meaning the height of the radiation center of the antenna above the terrain 10 miles from the antenna in case of Class A stations, and as the height of the radiation center of the antenna above the average terrain 2 to 10 miles from the antenna in case of Class B stations; that Class A stations normally will not be required to determine their contours, while Class B stations shall determine the extent of their 1000 uv/m and 50 uv/m contours; and that objectionable interference is not considered to exist when the channel separation is 400 kc or greater, and, accordingly, FM broadcast stations in the same city or same area may be assigned channels 400 kc apart;

It appearing, that the application of the foregoing rules and standards tended to group stations 400 kc apart in most cities, resulting in some interference between stations located in the same city and difficulty in identifying stations close together on the FM receiver dial; and

It appearing, that the proposed amendments to the rules and standards are designed to resolve these interference and related problems by providing for the interspersing of Class A and Class B FM stations throughout the FM frequency band in order to provide a normal minimum separation of 800 kc between stations in the same city, and a minimum of 400 kc separation between stations in nearby cities in a few areas where the demand for such facilities so requires; and

It appearing, that the proposed amendments, in order to effectuate the foregoing design, further provide for the allocation of Class A stations in the same manner as Class B stations; for the availability for assignment of all Class A channels in cities which are not the central city or cities of a metropolitan district and in central cities of metropolitan districts which have fewer than six Class B stations; and for the reservation from assignment until July 1, 1947, of Class A channels 224, 240, 272 and 288; and

It appearing, that the adoption of the proposed amendments would make possible the issuance by the Commission of a revised tentative allocation plan for Class B FM broadcast stations (as proposed on April 10, 1947) under which additional Class B FM channels could be made available in many cities and areas to meet the recently developed demand for FM facilities in such cities and areas; and

It appearing, that on April 17, 1947, a general notice of proposed rule-making with respect to the proposed amendments was published in accordance with section 4 of the Administrative Procedure Act; that such notice provided that any interested party of the opinion that the proposed amendments should not be adopted might file on or before May 1, 1947, a brief or written statement setting forth his comments; that such notice scheduled a hearing before the Commission on May 8 and 9, 1947, to permit persons filing briefs or written statements to submit evidence or argument; and

It appearing, that statements in opposition to the proposed amendments have been filed only (1) by Richard Field Lewis, Jr., permittee of WINC-FM, a class B station at Winchester, Virginia, who subsequently advised the Commission that he desired to withdraw his appearance at the scheduled hearing, but who has requested by letter to the Commission that Channel No. 260 be assigned to WINC-FM under the proposed revision to the tentative allocation plan for class B FM broadcast stations (issued April 10, 1947); and (2) by Hearst Radio, Inc., The Tower Realty Company, and Radio-Television of Baltimore, Inc., jointly, whose applications for new class B FM stations at Baltimore, Maryland, have been heard in a comparative hearing upon issues which include whether three additional channels should be allocated to the Baltimore area, and whose statement in opposition requested, in the alternative, that Channel No. 260 be allocated to the Baltimore area in the proposed revision to the tentative allocation plan for class B FM broadcast stations (in addition to the two additional Class B channels allocated to the Baltimore area in the proposed plan), or that Channel No. 260 be held available for assignment in the event the Commission concludes in the Baltimore hearing that an additional channel should be assigned to that area; and

It appearing, that the Commission on May 7, 1947 announced that the hearing then scheduled for May 8 and 9, 1947 had been cancelled, since the question of the allocation of Channel No. 260, raised by both Lewis and the Baltimore applicants, was an issue between these parties, which did not affect the general merits of the proposed amendments, and which issue could be more appropriately determined at a later date without the necessity of delaying the adoption of the proposed amendments or proposed revision to the tentative allocation plan (which as proposed does not allocate Channel No. 260 in either the Baltimore or Winchester areas); and since, accordingly, no useful purpose would have been served by holding the hearing;

It appearing, that the adoption of the proposed amendments would not reduce the total number of FM channels heretofore assigned or presently available for assignment in any city or area, and would permit an increase in the total number of such channels available for assignment in certain cities and areas where the demand appears to exceed the channels

presently available; that no substantial objection to the adoption of the proposed amendments has been made;

Now, therefore, *It is ordered*, That §§ 3.203 and 3.204 of the Commission's rules governing Standard and FM Broadcast Stations be, and they are hereby, amended in the following respects:

1. Sections 3.203 (a), (b) and (d) are amended to read as follows:

§ 3.203 *Class A stations.* (a) A Class A station is a station which operates on a Class A channel and is designed to render service primarily to a community or to a city or town other than the principal city of an area, and the surrounding rural area. The transmitter power and antenna height of a Class A station shall normally be capable of coverage equivalent¹ to a minimum of 100 watts and a maximum of 1 kw effective radiated power and antenna height of 250 feet above average terrain, as determined by the methods prescribed in the Standards of Good Engineering Practice Concerning FM Broadcast Stations. Class A stations will not be authorized with more than 1 kw effective radiated power. Standard power ratings of transmitters used for Class A stations shall be not less than 250 watts nor more than 1 kilowatt. Class A stations will normally be protected to the 1 mv/m contour; however, assignments will be made in a manner to insure, insofar as possible, a maximum of service to all listeners, whether urban or rural, giving consideration to the minimum signal capable of providing service.

(b) The following frequencies are designated as Class A channels and are assigned for use by Class A stations:

Frequency (mc)	Channel No.	Frequency (mc)	Channel No.
92.1	221	100.1	261
92.7	224	100.9	265
93.5	228	101.7	269

97.7	249	105.5	288
98.3	252	106.3	292
99.3	257	107.1	296

These channels are available for assignment (1) in cities which are not the central city or cities of a metropolitan district, and (2) in central cities of metropolitan districts which have fewer than six Class B Stations.²

(d) No assignments will be made on channels 224, 240, 272 and 288 until July 1, 1947.

2. Section 3.204 (b) is amended to read as follows:

§ 3.204 *Class B stations.* * * *

(b) The following frequencies are designated as Class B channels and are assigned for use by Class B Stations:

¹ For the purpose of determining equivalent coverage, the 1 mv/m contour should be used.

² For the time being, until more FM broadcast stations are authorized, the Commission will not authorize Class A stations in central cities of metropolitan districts having four or more standard broadcast stations.

It is further ordered, That sections 1, 2 and 4 of the Commission's Standards of Good Engineering Practice Concerning FM Broadcast Stations be, and they are hereby, amended in the following respects:

1. Definitions. * * *

M. Antenna height above average terrain. (1) The term "antenna height above average terrain" means the height of the radiation center of the antenna above the terrain 2 to 10 miles from the antenna. (In general a different antenna height will be determined for each direction from the antenna. The average of these various heights is considered as the antenna height above average terrain.)

(2) Where circular or elliptical polarization is employed the antenna height above average terrain shall be based upon the height of the radiation center of the antenna which transmits the horizontal component of radiation.

2. Engineering standards of allocation. A. Sections 3.202 to 3.206 inclusive of the rules and regulations describe the basis for allocation of FM Broadcast Stations, including the division of the United States into Areas I and II.

B. FM broadcast stations shall determine the extent of their 1 mv/m and 50 uv/m contours in accordance with the methods prescribed in these Standards.

C. Although some service is provided by tropospheric waves, the service area is considered to be only that served by the ground wave. The extent of service is determined by the point at which the ground wave is no longer of sufficient intensity to provide satisfactory broadcast service. The field intensity considered necessary for service is as follows:

TABLE I

Area:	Median field intensity
City business or factory areas	1 mv/m
Rural areas	50 uv/m

A median field intensity of 3 to 5 mv/m should be placed over the principal city to be served and for Class B stations, a median field intensity of 1 mv/m should

be placed over the business district of cities of 10,000 or greater within the metropolitan district served. A field intensity of 5 mv/m should be provided over the main studio of a Class B station except as otherwise provided in § 3.205 of the rules. The location of the main studio of a Class A station is specified in § 3.203 of the rules. These figures are based upon the usual noise levels encountered in the several areas and upon the absence of interference from other FM stations.

E. The service area is predicted as follows: Profile graphs must be drawn for at least eight radials from the proposed antenna site. These profiles should be prepared for each radial beginning at the antenna site and extending to 10 miles therefrom. Normally the radials are drawn for each 45° of azimuth; however, where feasible the radials should be drawn for angles along which roads tend to follow. (The latter method may be helpful in obtaining topographical data where otherwise unavailable, and is particularly useful in connection with mobile field intensity measurements of the station and the correlation of such measurements with predicted field intensities.) In each case one or more radials must include the principal city or cities to be served, particularly in cases of rugged terrain, even though the city may be more than 10 miles from the antenna site. The profile graph for each radial should be plotted by contour intervals of from 40 to 100 feet and, where the data permits, at least 50 points of elevation (generally uniformly spaced) should be used for each radial. In instances of very rugged terrain where the use of contour intervals of 100 feet would result in several points in a short distance, 200- or 400-foot contour intervals may be used for such distances. On the other hand, where the terrain is uniform or gently sloping the smallest contour interval indicated on the topographic map (see below) should be used, although only a relatively few points may be available. The profile graph should accurately indicate the topography for each radial, and the graphs should be plotted with the distance in miles as the abscissa and the elevation in feet above mean sea level as the ordinate. The profile graphs should indicate the source of the topographical data employed. The graph should also show the elevation of the center of the radiating system. The graph may be plotted either on rectangular coordinate paper or on special paper which shows the curvature of the earth. It is not necessary to take the curvature of the earth into consideration in this procedure, as this factor is taken care of in the chart showing signal intensities (fig. 1).

The average elevation of the 8-mile distance between 2 and 10 miles from the antenna site should then be determined from the profile graph for each radial. This may be obtained by averaging a large number of equally spaced points, by using a planimeter, or by obtaining the median elevation (that exceeded for 50 per cent of the distance) in sectors and averaging these values.

To determine the distance to a particular contour, figure 1 concerning the

range of FM broadcast stations should be used. This chart has been prepared for a frequency in the center of the band and is to be used for all FM broadcast channels, since little change results over this frequency range. The distance to a contour is determined by the effective radiated power and the antenna height. The height of the antenna used in connection with figure 1 should be the height of the center of the proposed antenna radiator above the average elevation obtained by the preceding method. The distances shown by figure 1 are based upon an effective radiated power of 1 kilowatt; to use the chart for other powers, the sliding scale associated with the chart should be trimmed and used as the ordinate scale. This sliding scale is placed on the chart with the appropriate gradation for power in line with the lower line of the top edge of the chart. The right edge of the scale is placed in line with the appropriate antenna height graduations and the chart then becomes direct reading for this power and antenna height. Where the antenna height is not one of those for which a scale is provided, the signal strength or distance is determined by interpolation between the curves connecting the equidistant points.

The foregoing process of determining the extent of the required contours shall be followed in determining the boundary of the proposed service area. The areas within the required contours must be determined and submitted with each application for these classes of FM broadcast stations. Each application shall include a map showing these contours, and for this purpose sectional aeronautical charts or other maps having a convenient scale may be used. The map shall show the radials along which the profile charts and expected field strengths have been determined. The area within each contour should then be measured (by planimeter or other approximate means) to determine the number of square miles therein. In computing the area within the contours, exclude (1) areas beyond the borders of the United States, and (2) large bodies of water, such as ocean areas, gulfs, sounds, bays, large lakes, etc., but not rivers.

In cases where the terrain in one or more directions from the antenna site departs widely from the average elevation of the 2 to 10 mile sector, the application of this prediction method may indicate contour distances that are different from those which may be expected in practice. In such cases the prediction method should be followed, but a showing may be made if desired concerning the distance to the contour as determined by other means. Such showing should include data concerning the procedure employed and sample calculations. For example, a mountain ridge may indicate the practical limit of service although the prediction method may indicate the contour elsewhere. In cases of such limitation, the map of predicted coverage should show both the regular predicted area and the area as limited or extended by terrain. Both areas should be measured as previously described; the area obtained by the regular prediction method should be given in the applica-

tion form, with a supplementary note giving the limited or extended area. In special cases the Commission may require additional information as to the terrain in the proposed service area.

In determining the population served by FM broadcast stations, it is considered that the built-up city areas and business districts in cities having over 10,000 population and located beyond the 1 mv/m contour do not receive adequate service. Minor civil division maps (1940 census) should be used in making population counts, excluding cities not receiving adequate service. Where a contour divides a minor division, uniform distribution of population within the division should be assumed in order to determine the population included within the contour, unless a more accurate count is available.

4. *Interference standards.* Field intensity measurements are preferable in predicting interference between FM broadcast stations and should be used, when available, in determining the extent of interference. (For methods and procedure, see section 5.) In lieu of measurements, the interference should be predicted in accordance with the method described herein.

Objectionable interference is considered to exist when the interfering signal exceeds that given by the ratios of Table II. In Table II the desired signal is median field and the undesired signal is the tropospheric signal intensity exceeded for 1 per cent of the time.

TABLE II

Channel separation:	Ratio of desired to undesired signals
Same channel.....	10:1
200 kc.....	2:1
400 kc.....	(¹)
600 kc.....	(¹)
800 kc and above.....	No restriction ²

¹ To be determined.

² Intermediate frequency amplifiers of most FM broadcast receivers are designed to operate on 10.7 megacycles. For this reason the assignment of two stations in the same area, one with a frequency 10.6 or 10.8 megacycles removed from that of the other, should be avoided if possible.

Standards have not been established for channel separations in excess of 200 kc; various types of present FM receivers are under study by the Commission to provide data for determining such standards. Pending the completion of such studies and the promulgation of such standards, stations normally will not be authorized to operate in the same city or in nearby cities with a frequency separation of less than 800 kc, *Provided*, That stations may be authorized to operate in nearby cities with a frequency separation of not less than 400 kc where necessary in order to provide an equitable and efficient distribution of facilities, and *Provided further*, That class B stations will not be authorized in the same metropolitan district with a frequency separation of less than 800 kc. In the assignment of FM broadcast facilities the Commission will endeavor to provide the optimum use of the channels in the band, and accordingly may assign a channel different than that requested in an application.

In predicting the extent of interference within the ground wave service area of a

station, the tropospheric signal intensity (from co-channel and adjacent channel stations) existing for 1 per cent of the time shall be employed. The 1 per cent values for 1 kilowatt of power and various antenna heights are given in figure 2, and values for other powers may be obtained by use of the sliding scale as for figure 1. The values indicated by figure 2 are based upon available data, and are subject to change as additional information concerning tropospheric wave propagation is obtained.¹

In determining the points at which the interference ratio is equal to the values shown in Table II, the field intensities for the two interfering signals under consideration should be computed for a considerable number of points along the line between the two stations. Using this data, field intensity versus distance curves should be plotted (e. g., cross-curves on graph paper) in order to determine the points on this path where the interference ratios exist. The points established by this method, together with the points along the contours where the same ratios are determined, are considered to be generally sufficient to predict the area of interference. Additional points may be required in the case of irregular terrain or the use of directional antenna systems.

The area of interference, if any, shall be shown in connection with the map of predicted coverage required by the application form, together with the basic data employed in computing such interference. The map shall show the interference within the 50 uv/m contour.

It is further ordered, That the said amendments shall be effective immediately.

DEMURRAGE CHARGES ON CLOSED BOX CARS

RESTRICTIONS ON RECONSIGNING OF PERISHABLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 16th day of June, A. D. 1947.

Upon further consideration of Service Order No. 369 (10 F. R. 14030), as amended (10 F. R. 15073; 11 F. R. 639, 2383, 7857, 8453, 10304, 11013, 14522; 12 F. R. 1606, 1724, 2053, 2453), and good cause appearing therefor: It is ordered, that:

Section 95.369, *Demurrage charges on closed box cars*, of Service Order No. 369, as amended, be, and it is hereby, further amended by vacating and setting aside the following paragraph (c) (5) thereof:

(c) *Application.* * * *

(5) *Demurrage charges substituted for charges for storage of freight in closed box cars.* (i) The operation of all tariff rules, regulations, and charges for storage of freight in closed box cars at or short of ports consigned or reconsigned for export, coastwise or intercoastal movement is suspended insofar as they provide charges lower than the charges provided in this section.

(ii) In lieu of the charges for storage of freight in closed box cars at or short of ports suspended in subparagraph (5) (i) of this paragraph, the applicable charges for detention of closed box cars held at or short of ports, for unloading freight consigned to or reconsigned for export, coastwise or intercoastal movement shall be the demurrage charges prescribed in paragraphs (a) and (b) of this section.

It is further ordered, that this amendment shall become effective at 7:00 a. m., June 23, 1947, and the provisions of this amendment shall apply only to cars arriving at, or held at ports on or after the effective date hereof.

It is further ordered, that a copy of this order and direction shall be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 16th day of June A. D. 1947.

Upon further consideration of Service Order No. 396 (10 F. R. 15008), as amended (11 F. R. 1627, 4038, 9453; 12 F. R. 1235, 2288, 2479, 3673), and good cause appearing therefor: It is ordered, that:

Service Order No. 396, *Perishables; restrictions on reconsigning* (codified as 49 CFR, § 95.396), as amended, be, and it is hereby, further amended by substituting the following paragraph (a) for paragraph (a) thereof:

(a) *Definitions.* (1) The term "perishables" as used in this section means fruits and vegetables, fresh or green, other than cold pack, including citrus fruit; potatoes; onions; bananas; berries, other than cold pack; cantaloupes; coconuts; corn, fresh or green, other than cold pack; cranberries; melons; and pineapples.

(2) The term "arrival" as used in this section means the actual time a refrigerator car loaded with perishables is made available for inspection; is placed on a hold track for diversion or reconsignment; or is actually or constructively placed for unloading. Whenever any one of the three events occur the other two shall have no application to that car at that point.

It is further ordered, that this amendment shall become effective at 12:01 a. m., June 20, 1947, and it shall apply only on cars to be diverted or reconsigned on or after the effective date hereof.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. DEMURRAGE CHARGES ON GONDOLA, OPEN AND COVERED HOPPER CARS

At a session of the Interstate Commerce Commission, Division 3, held at its

office in Washington, D. C., on the 16th day of June A. D. 1947.

Upon further consideration of Service Order No. 653 (11 F. R. 14572), as amended (12 F. R. 128, 1606, 1816, 1952, 2093), and good cause appearing therefor: It is ordered, that:

Section 95.653 *Demurrage charges on gondola, open and covered hopper cars*, of Service Order No. 653, as amended, be, and it is hereby, further amended by vacating and setting aside the following paragraph (c) (5) thereof:

(c) *Application.* * * *

(5) *Demurrage charges substituted for charges for storage of freight in closed box cars.* (i) The operation of all tariff rules, regulations, and charges for storage of freight in gondola, open or covered hopper cars at or short of ports consigned or reconsigned for export, coastwise or intercoastal movement is suspended insofar as they provide charges lower than the charges provided herein.

(ii) In lieu of the charges for storage of freight in gondola, open or covered hopper cars at or short of ports suspended in subparagraph (5) (i) of this paragraph, the applicable charges for detention of gondola, open or covered hopper cars held at or short of ports, for unloading freight consigned to or reconsigned for export, coastwise or intercoastal movement shall be the demurrage charges prescribed in paragraphs (a) and (b) of this section.

It is further ordered, that this amendment shall become effective at 7:00 a. m., June 23, 1947, and the provisions of this amendment shall apply to cars arriving at, or held at ports on or after the effective date hereof.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. PART 95—CAR SERVICE

FREE TIME AT PORTS ON GONDOLA, OPEN AND COVERED HOPPER CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 16th day of June A. D. 1947.

RULES AND REGULATIONS

It appearing, that there is a critical shortage of gondola, open and covered hopper cars and that free time published in tariffs for unloading such cars at ports aggravates the shortage thereof; in the opinion of the Commission an emergency exists requiring immediate action at all ports of the country. It is ordered, that:

§ 95.758 *Free time at ports on gondola, open and covered hopper cars*—(a) *Free time reduced on gondola and hopper cars.* No common carrier by railroad, subject to the Interstate Commerce Act, shall allow, grant or permit more than a total of 7 days' free time on gondola, open and covered hopper cars held for unloading in coastwise, intercoastal or foreign commerce at the point of transshipment from car to vessel or when held short of such transfer point. The provisions of this paragraph shall not be construed to require or permit the increase of any free time published in tariffs lawfully on file with this Commission.

(b) *Computation of free time.* (1) All Sundays and legal holidays shall be included in computing the free time provided in paragraph (a) of this section.

(2) The free time provided in paragraph (a) of this section shall be computed continuously from the first 7:00

a. m. after actual or constructive placement until final release, less actual time required to move a constructively placed car to point of unloading.

(c) *Description of cars.* This section shall apply to cars suitable for interchange described under the headings Class G-Gondola Car Type, Class H-Hopper Car Type, also covered hopper cars having a mechanical designation prefixed by "LO" in the current Official Railway Equipment Register.

(d) *Exemptions.* This order shall not apply to cars described in paragraph (c) of this section loaded with coal or coke.

(e) *Extreme weather.* During the period when weather conditions exist as described in Rule 8, section A, Agent B. T. Jones' Tariff I. C. C. No. 3963, the provisions of this order are suspended. In lieu thereof the rules, regulations, and charges provided in lawfully published tariffs shall apply.

(f) *Effective date.* This section shall become effective at 7:00 a. m., June 23, 1947.

(g) *Expiration date.* This section shall expire at 7:00 a. m., December 1, 1947, unless otherwise modified, changed, suspended or annulled by order of this Commission.

(h) *Tariff provisions suspended.* The operation of all tariffs, rules and regulations, insofar as they conflict with the

provisions of this section is hereby suspended.

(i) *Announcement of suspension.* Each railroad, or its agent shall publish, file, and post a supplement to each of its tariffs affected thereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing the suspension of the operation of any of the provisions therein, and establishing the substituted provisions set forth in this section.

It is further ordered, that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as Agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

NOTICES

FEDERAL COMMUNICATIONS COMMISSION

TERMINATION OF FM CHANNEL RESERVATION POLICY ON JULY 1, 1947; WAIVER AS TO CLASS B FM APPLICANTS OF RULE AGAINST REPETITIOUS APPLICATIONS

JUNE 13, 1947.

The Commission announced today¹ that the reservation of certain Class A and Class B FM channels from assignment will automatically terminate on July 1, 1947, under §§ 3.203 (d) and 3.204 (c) of the Commission's rules, and that the Commission will consider and act upon applications for such facilities as promptly as possible after that date.

The Commission also announced today the adoption of an order waiving the requirements of § 1.363 (a)² of the Commission's rules with respect to any applicant for Class B FM facilities whose application has been denied, or may hereafter be denied, in a comparative hearing (where the applicant was not found to be disqualified), to permit the applicant to file an application for any reserved Class B FM channel prior to the expiration of one year from the effective date of the Commission's order or decision denying his prior application.

Under the FM channel reservation policy, one out of every five Class B

channels tentatively indicated as available to an area to which at least five Class B channels have been assigned, has been withheld from assignment since July 17, 1946, and Class A channels Nos. 297, 298, 299 and 300 have been withheld from assignment since April 3, 1947. On July 1, 1947 all of these reserved channels will again become available for assignment to qualified applicants. Since the Commission will consider and act upon applications for such reserved channels as promptly as possible after July 1, persons desiring to make application for either Class A or Class B reserved channels should file their applications promptly, and, if possible, should have them on file on or before July 1, 1947. In this connection, it is pointed out that under § 1.304 of the Commission's rules all FM applications filed on or after July 1, 1947 must specify the particular channel desired.

Commissioner Durr takes the position that the Commission should take steps looking towards further extension of reservation of FM channels.

CLASS B FM BROADCAST STATIONS

NOTICE OF AMENDMENTS TO FM RULES AND STANDARDS AND ADOPTION OF REVISED TEN- TATIVE ALLOCATION PLAN

JUNE 13, 1947.

The Commission announces adoption of an order¹ making final the amendments to the rules and engineering standards concerning FM broadcast stations which were proposed on April 10, 1947, and adoption of the revised tentative allocation plan for Class B FM broadcast stations,² which was issued as a proposed revision on April 10, 1947. Also released today is a list of the new channel assignments in accordance with the revised rules and standards for all FM licensees, construction permit holders, and those conditional grantees authorized for interim operation, as of June 9, 1947.

The amended rules and engineering standards, and the revised tentative allocation plan, were made effective immediately.

The amendments to the rules affect §§ 3.203 (a), (b) and (d); and 3.204 (b). The amendments to the standards affect sections 1-M; 2-A, B, C and E; and 4.

The amendments to the rules are identical with those proposed on April 10, 1947. The amendments to the standards are identical with those proposed on April 10, 1947, except that a change has been made in proposed section 4 to conform to the purposes of the amendments as stated in the Commission's Public Notice of April 10, 1947. The change modifies section 4 by adding the provision at the beginning of the paragraph which follows Table II to provide that pending the determination by the Commission of interference ratios for 400 kc and 600 kc channel separation "stations normally will not be authorized to operate in the same city or in nearby cities with a frequency separation of less than 800 kc, *Provided*, That stations may be authorized to operate in nearby cities with a frequency separation of not less than 400 kc where necessary in order to provide an equitable and efficient distribution of facilities, and, *Provided further*, That class B stations will not be authorized in the same metropolitan district with a frequency separation of less than 800 kc." The change also explains that the Commission is studying various types of pres-

ent FM receivers to provide data for determining such interference ratios.

The revised tentative allocation plan is the same as that proposed on April 10, 1947, except that a relatively few changes in the particular channels allocated to certain cities or areas have been made to provide a better use of the frequencies in those cities and areas. No change has been made in the total number of Class B channels allocated to any city or area. The changes in channel assignments affect the following cities:

California:	Indiana:
Fresno.	Hammond.
Los Angeles.	Evansville.
Salinas.	Iowa:
San Diego.	Burlington.
Santa Barbara.	Kentucky:
Stockton.	Bowling Green.
Connecticut:	Massachusetts:
Hartford.	Fall River.
New Britain.	North Adams.
Florida:	Michigan:
Fort Lauderdale.	Ann Arbor.
Orlando.	Minnesota:
Palm Beach.	Albert Lea.
Georgia:	Nebraska:
Savannah.	Grand Island.
Illinois:	Hastings.
Aurora.	Norfolk.
Carthage.	West Virginia:
Chicago.	Berkley.
Waukegan.	Charleston.
Galesburg.	

Outstanding construction permits and licenses will not be reissued at this time to specify the changed frequency assignments, but instead these changes will be included in succeeding instruments of authorization. In order to minimize the possibility of interference during the transition period, stations which will change frequency must request Commission approval prior to beginning operation on the new frequency. In some metropolitan areas it may be necessary to set a date on which all stations in the area will be required to change simultaneously to the new frequency assignments. The Commission will assist in resolving any conflicts which may arise in particular areas. It appears, however, that conflicts will be few and that stations now operating may for the most part schedule the change in frequency to meet their particular requirements. It is expected that all changes will have taken place by October 1, 1947.

CLASS B FM BROADCAST STATIONS

REVISED TENTATIVE ALLOCATION PLAN

JUNE 13, 1947.

Revised Tentative Allocation Plan for Class B FM Broadcast Stations

The attached revised tentative allocation plan for FM broadcast stations is based on the amendments to the FM rules and engineering standards adopted on this date. The former tentative allocation plan, as revised by the Commission on September 3, 1946 was based on assignments in a general area which were

for the most part, on alternate channels (400 kilocycles apart). Recent developments appear to indicate that such operation resulted in interference in many of the receivers being produced at the present time. As a result, the revised plan provides for a minimum frequency separation of class B stations in the same general area of 800 kilocycles. In no case has the number of class B channels in an area been reduced in this revision from that listed in the previous plan. In addition, in instances where the need has developed, channels have been added where possible, to provide assignments for applications which are now on file with the Commission. This revision of the tentative allocation plan is subject to further revisions in the future as the development of FM broadcasting might require, in the same manner as the previous allocation plan has been revised from time to time.

The revised tentative allocation plan is subject to § 3.204 (c) of the Commission's rules which provides for the reservation of certain class B channels until July 1, 1947. As in previous plans, it is emphasized that this allocation plan is tentative only and that deviations will be made wherever desirable or necessary. Consequently, the lack of a channel listing for a particular locality does not necessarily mean that a channel cannot be made available there. For example, a channel listed for a particular area may be assigned to any of several cities within that same general area, provided that the geographical change will not result in objectionable interference.

While the allocation plan is based on stations employing an effective radiated power of 20 kilowatts and antenna height of 500 feet above average terrain, stations in most areas of the United States are not limited to this power. The separation of stations varies from that required by ground wave interference (principally in the eastern United States) to the separation required for freedom from tropospheric interference one percent of the time or less (principally in the western areas). In general, the separation of stations increases toward the western part of the country where the expected demand for channels will be less and where added protection for weak signals will be provided. Since, under the rules, Class B stations may vary considerably in power and antenna height, the interference may be more or less than that which would be indicated by this allocation plan. It will be noted that only a few channels have been designated for a number of small cities, particularly in the West, since it appears that these will supply the probable demand. In such cases, more channels are available and will be provided as required. Examination will also reveal that in some sections of the country more channels are designated for certain areas than for others therein having comparable or larger populations. This results from the fact that areas near large centers of population usually contain a number of cities which require channels, while other areas are farther from dense population centers and thus involve no objectionable interference by the allocation of more channels in its section.

GLENS FALLS PUBLICITY CORP. (WGLN)
ORDER DESIGNATING APPLICATION FOR HEAR-
ING ON STATED ISSUES

In re application of Glens Falls Pub-
licity Corporation (WGLN), Glens Falls,
New York, Docket No. 8404, File No.
BML-1247; For Modification of License.

At a session of the Federal Communi-
cations Commission, held at its offices
in Washington, D. C., on the 11th day of
June 1947;

The Commission having under con-
sideration the above-entitled application
requesting a modification of license of
Station WGLN, Glens Falls, New York,
to change the facilities of said station
from 1230 kc, 100 w power, unlimited
time, to 1230 kc, 250 w power, unlimited
time, and a petition by Vermont Broad-
casting Corporation, licensee of Station
WJOY, Burlington, Vermont, requesting
that the above entitled application be
designated for hearing and that peti-
tioner be made a party to the proceed-
ing;

It is ordered, That the petition of Ver-
mont Broadcasting Corporation be, and
it is hereby, granted; and

It is further ordered, That, pursuant
to section 309 (a) of the Communica-
tions Act of 1934, as amended, the said
application of Glens Falls Publicity Cor-
poration be, and it is hereby, designated
for hearing, at a time and place to be
designated by subsequent order of the
Commission, upon the following issues:

1. To determine the areas and popu-
lations which may be expected to gain
or lose primary service from the opera-
tion of Station WGLN as proposed and
the character of other broadcast service
available to those areas and populations.

2. To determine whether the operation
of Station WGLN as proposed would in-
volve objectionable interference with
Stations WJOY, Burlington, Vermont;
WSNY, Schenectady, New York; and
WHUC, Hudson, New York, or with any
other existing broadcast stations, and,
if so, the nature and extent thereof, the
areas and populations affected thereby,
and the availability of other broadcast
service to such areas and populations.

3. To determine whether the operation
of Station WGLN as proposed would in-
volve objectionable interference with the
services proposed in any pending appli-
cations for broadcast facilities and, if so,
the nature and extent thereof, the areas
and populations affected thereby, and
the availability of other broadcast serv-
ice to such areas and populations.

It is further ordered, that Vermont
Broadcasting Corporation, licensee of
Station WJOY, Burlington, Vermont;
Western Gateway Broadcasting Corpo-
ration, licensee of Station WSNY, Sche-
nectady, New York; and Robert P. Stra-
kos and John F. Kearney, d/b as The
Colgren Broadcasting Company, permit-
tee of a construction permit for a new
standard broadcast station, WHUC,
Hudson, New York, be, and they are
hereby, made parties to this proceeding.

Notice is hereby given that § 1.857 of
the Commission's rules and regulations
is not applicable to this proceeding.

By the Commission.

PAWTUCKET BROADCASTING CO. (WFCI)

ORDER DESIGNATING APPLICATION FOR HEAR-
ING ON STATED ISSUES

In re application of Pawtucket Broad-
casting Company (WFCI), Pawtucket,
Rhode Island, Docket No. 8416, File No.
BML-1249; for Modification of License.

At a session of the Federal Communi-
cations Commission, held at its offices
in Washington, D. C., on the 11th day
of June 1947.

The Commission having under con-
sideration the above-entitled application
requesting a modification of license for
Station WFCI to move its main studios
from 450 Main Street, Pawtucket, Rhode
Island, to 11 Dorrance Street, Providence,
Rhode Island;

It is ordered, That, pursuant to section
309 (a) of the Communications Act of
1934, as amended, the said application
be, and it is hereby, designated for hear-
ing at a time and place to be designated
by subsequent order of the Commission,
upon the following issues:

1. To determine the comparative needs
of the cities of Pawtucket and Provi-
dence, Rhode Island, for broadcast serv-
ice originating in local studios, and, in
view thereof, whether a grant of this
application would contribute to a fair,
efficient and equitable distribution of
radio service to each.

2. To determine whether the operation
of Station WFCI as proposed would be in
compliance with the Commission's rules
and Standards of Good Engineering
Practice Concerning Standard Broadcast
Stations with particular reference to
whether satisfactory service would be
rendered to the business and industrial
district of Providence, Rhode Island.

Notice is hereby given that § 1.857 of
the Commission's rules and regulations is
not applicable to this proceeding.

By the Commission.

FM BROADCAST STATIONS
FREQUENCY ASSIGNMENTS

JUNE 12, 1947.

In accordance with the revised FM
rules and standards adopted June 12,
1947, in Docket No. 6768, the Commis-
sion announces frequency assignments
for all FM broadcast station licensees,
construction permit holders, and those
holders of conditional grants which are
authorized for interim operation, as of
June 9, 1947. These frequency assign-
ments are shown in the following list.

Operation prior to March 1, 1948, on
channel assignments indicated by as-
terisks (*) will be contingent on clear-
ance of image frequency interference in
present aeronautical navigational aid
receivers.

COMMUNITY BROADCASTING CO. ET AL. ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Community Broadcasting Company, St. Cloud, Minnesota, Docket No. 8405, File No. BP-6027; Harry Willard Linder, St. Cloud, Minnesota, Docket No. 8129, File No. BP-5650; Max H. Lavine, St. Cloud, Minnesota, Docket No. 8130, File No. BP-5678; For Construction Permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 11th day of June 1947.

The Commission having under consideration the above-entitled application of Community Broadcasting Company requesting a construction permit for a new standard broadcast station to operate on 1240 kc., with 250 watts power, unlimited time, at St. Cloud, Minnesota; and

It appearing, That the Commission on February 20, 1947, designated for hearing in a consolidated proceeding the above-entitled applications of Max H. Lavine and Harry Willard Linder each requesting a construction permit for a new standard broadcast station to operate on 1240 kc., with 250 watts power, unlimited time, at St. Cloud, Minnesota;

It is ordered, That, pursuant to section

309 (a) of the Communications Act of 1934, as amended, the said application of Community Broadcasting Company be, and it is hereby, designated for hearing in the above consolidated proceeding at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the

Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the orders of the Commission dated February 20, 1947, designating the above-entitled application of Max H. Lavine and Harry Willard Linder for hearing in a consolidated proceeding be, and they are hereby, amended to included the said application of Community Broadcasting Company and to change the word "either," appearing in issue No. 7 thereof, to "any."

Notice is hereby given, that § 1.857 of the Commission's rules and regulations is not applicable to this proceeding.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1505]

MIDDLE WEST CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 16th day of June, A. D. 1947.

The Middle West Corporation ("Middle West"), a registered holding company, having filed a declaration, and amendments thereto, pursuant to section 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-44 promulgated thereunder regarding the following proposed transactions:

Public Service Company of Indiana, Inc. ("Service Company"), a subsidiary of Middle West and parent of Indiana Gas & Water Company, Inc. ("Gas-Water") has adopted a program of distributing to its own common stockholders, in lieu of cash dividends, the shares of common stock of Gas-Water at the quarterly rate of 1/20 share of Gas-Water common on each share of Service Company common. Middle West, as the owner of 224,586 shares (approximately 20.27%) of the common stock of Service Company has received two such quarterly dividends aggregating 22,458 3/4 shares of Gas-Water common stock representing 3.74% of the total of such shares outstanding.

Middle West proposes to sell such 22,458 3/4 shares of Gas-Water common stock to certain of the directors of Gas-Water and Service Company, or to members of their families, and to a business enterprise, of which one of such directors is President, as set forth in said declaration, as amended, for invest-

ment and not for resale or distribution, at a price of \$14 per share, for a total consideration of \$314,420.40.

Said declaration having been filed on April 18, 1947 and amendments thereto subsequently having been filed, and notice of filing having been duly given in the manner and form prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration, as amended, that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration, as amended, be permitted to become effective; and

The declarant having requested that the Commission's order with respect to said declaration, as amended, become effective as soon as may be reasonably practicable:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24, that the said declaration, as amended, be, and hereby is, permitted to become effective forthwith.

By the Commission.

KENTUCKY UTILITIES CO. ET AL.

ORDER PERMITTING APPLICATIONS-DECLARATIONS TO BECOME EFFECTIVE AND RESERVING JURISDICTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of June A. D. 1947.

In the matter of Kentucky Utilities Company, Old Dominion Power Company, and The Middle West Corporation, File No. 70-1520.

Joint applications-declarations, and amendments thereto, having been filed pursuant to the Public Utility Holding Company Act of 1935, and the applicable rules thereunder, by The Middle West Corporation, a registered holding company, Kentucky Utilities Company, a subsidiary of The Middle West Corporation, and Old Dominion Power Company, a subsidiary of Kentucky Utilities Company, proposing a recapitulation of Kentucky Utilities Company and of Old Dominion Power Company and related transactions; and

A hearing having been held in such matter and the Commission having considered the record and having made and filed its findings herein:

It is ordered, That said applications-declarations, as amended, be, and hereby are, granted and permitted to become effective, subject, however, to the terms

and conditions prescribed in Rule U-24 of the general rules and regulations under the Public Utility Holding Company Act of 1935 and subject further to the following terms and conditions:

(a) That the proposed issue and sale of bonds and preferred stock by Kentucky Utilities Company, pursuant to Rule U-50, shall not be consummated until the results of competitive bidding have been made a matter of record in this proceeding and a further order entered by this Commission in the light of the record so completed, which order may contain such further terms and conditions as may then be deemed appropriate, jurisdiction being reserved for this purpose.

(b) That in respect of the application for exemption pursuant to section 6 (b) of the issue and sale of securities by Old Dominion Power Company, the granting thereof shall become effective upon receipt by this Commission of a certified copy of an appropriate order of the State Corporation Commission of Virginia authorizing such issue and sale.

It is further ordered, That, in accordance with the request of Kentucky Utilities Company, the ten-day period for inviting bids as provided in Rule U-50, be, and hereby is, shortened to a period of not less than six days.

It is further ordered, That, except as indicated by the foregoing, this order become effective forthwith.

By the Commission.

NEW ENGLAND POWER ASSN.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of June A. D. 1947.

New England Power Association, a registered holding company, having filed a declaration, pursuant to section 12 (b) of the Public Utility Holding Company Act of 1935 and Rule U-45 promulgated thereunder, with respect to the following transactions:

New England Power Association proposes to guarantee performance of a lease to be entered into between Dartmouth Corporation, a non-affiliated company, and New England Power Service Company, a wholly owned subsidiary of declarant, of certain premises located at 441 Stuart Street, Boston, Massachusetts, which declarant now occupies. The proposed new lease is for a term of 15 years commencing July 1, 1947, with an option to renew for a further period of 5 years or 10 years, as New England Power Service Company elects by July 1, 1961 with the assent of New England Power Association. The stipulated rental for the initial 15-year term is to be \$207,000 annually and thereafter \$207,000 plus any amount by which the then fair yearly rental value of the space, as determined

by appraisers, exceeds such yearly rental during the initial term.

Said declaration having been filed May 13, 1947 and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied, that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective, and deeming it appropriate to grant a request of declarant that the order become effective forthwith:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

MILWAUKEE ELECTRIC RAILWAY & TRANSPORT CO. AND WISCONSIN ELECTRIC POWER CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 16th day of June, 1947.

Notice is hereby given that a joint declaration and application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by The Milwaukee Electric Railway & Transport Company ("Transport"), a wholly-owned subsidiary of Wisconsin Electric Power Company ("Electric"), a subsidiary holding company of The North American Company, a registered holding company. Declarants-applicants have designated section 12 (c) and Rule U-42 as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than June 25, 1947, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration-application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed; Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after June 25, 1947 said joint declaration-application, as filed or as amended, may be permitted to become

effective or be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt all of the proposed transactions or any of them as provided in Rule U-20 (a) and Rule U-100 thereof. All interested persons are referred to said joint declaration-application which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Transport proposes to redeem prior to January 1, 1948, at the principal amount thereof plus accrued interest, the balance, aggregating \$4,000,000 in principal amount, of its First Mortgage 4% Bonds, held by Electric. Such redemption is contingent upon and will be made simultaneously with the receipt of the proceeds from the proposed sale by Transport of substantially all of its operating properties, consisting principally of its Milwaukee Metropolitan System, its bus lines operated in the City of Milwaukee and known as Wisconsin Motor Bus Lines, its local suburban railway service and certain properties incidental to such operations.

The proposed sale of such transportation properties is to be made pursuant to the terms and conditions of a competitive bidding procedure adopted by the company, under the terms of which procedure sealed written proposals for the purchase of such properties are to be submitted to the company not later than 12:00 noon, central standard time, July 21, 1947, at Room 444, Public Service Building, 231 West Michigan Street, Milwaukee 1, Wisconsin.

With respect to the proposed sale of the transportation properties by Transport, declarants-applicants state that they do not feel that any section of the act or rules of the Commission requires the approval of the Commission for such sale, but if the Commission should determine that the provisions of subdivision (c) of Rule U-44 are applicable, then their application shall be deemed to be a notice of intention by Transport to invite competitive bids and to sell such properties as described therein. In connection with such sale the declarants-applicants have requested that the proposed sale be exempted from the provisions of Rule U-44 (c) under the provisions of Rule U-100, in the event the Commission deems the provisions of Rule U-44 applicable to such sale.

Electric seeks authorization to surrender the bonds to Transport upon the basis above described.

By the Commission.

BANKERS SECURITIES CORP. AND ALBERT M. GREENFIELD & CO.

NOTICE OF APPLICATION, STATEMENT OF ISSUES, AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its

office in the City of Philadelphia, Pa., on the 17th day of June A. D. 1947.

Notice is hereby given that Bankers Securities Corporation ("Bankers"), and Albert M. Greenfield & Co. ("Greenfield & Co.") have filed an application pursuant to section 6 (c) of the Investment Company Act of 1940 ("act") for an order of the Commission exempting from section 17 (e) (1) of the act, the proposed receipt of \$37,000 by Greenfield & Co. as a real estate brokerage fee for services rendered in negotiating the sale of No. 315-31 North Broad Street, Philadelphia, Pennsylvania.

Bankers is a closed-end management non-diversified investment company and is registered under the Investment Company Act of 1940.

Greenfield & Co. is a fully licensed real estate broker under the laws of Pennsylvania. Greenfield & Co. and Bankers are affiliated persons.

Greenfield & Co. as agent negotiated an agreement of sale of the aforesaid real estate beneficially owned by Bankers to Woodmen of the World Life Insurance Society for \$740,000. Bankers agreed to pay Greenfield & Co. a commission of 5% of the selling price, or \$37,000 of which Greenfield & Co. has agreed to pay \$8,000 to a non-affiliated cooperating broker and to pay \$5,000 for certain expenses. Payment of such commission is prohibited by section 17 (e) (1) of the act unless an exemption therefrom is granted by the Commission pursuant to section 6 (c). The applicants assert that an exemption is necessary or appropriate within the standards set forth in section 6 (c) of the act.

All interested persons are referred to said application which is on file in the office of this Commission for a more detailed statement of the matters of fact and law asserted.

The Corporation Finance Division of the Commission has advised the Commission that, upon a preliminary examination of the application, it deems the following issues to be raised thereby without prejudice to the specification of additional issues upon further examination: Whether and the extent to which an exemption from section 17 (e) (1) of the act so as to permit the receipt by Greenfield & Co. of a commission of 5% of the selling price in connection with the transaction hereinbefore referred to is necessary or appropriate in the public interest and consistent with the protection of investors and with the purposes fairly intended by the policy and provisions of the Act.

It appearing to the Commission that a hearing upon the application is necessary and appropriate:

It is ordered, Pursuant to section 40 (a) of the said act, that a public hearing on the aforesaid matter be held on June 30, 1947 at 9:30 a. m. eastern daylight saving time in Room 318 in the Securities and Exchange Commission building, 18th and Locust Streets, Philadelphia 3, Pennsylvania;

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing and any officer or officers so designated

to preside at any such hearing are hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to hearing officers under the Commission's rules of practice.

Notice of such hearing is hereby given to the above-named applicants, Bankers Securities Corporation and Albert M. Greenfield & Co., and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors. Any person desiring to be heard or otherwise desiring to participate in said proceeding should file with the Secretary of the Commission, on or before June 27, 1947 his application therefor as provided by Rule XVII of the rules of practice of the Commission, setting forth therein any of the above issues of law or fact which he desires to controvert and any additional issues he deems raised by the aforesaid applications.

By the Commission.

HELENE LEXOW ENGELMAN

In re: Estate of Helene Lexow Engelman, deceased. File 017-7041.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Gertrude Engelman, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the sum of \$297.13 was paid to the Attorney General of the United States by Elsa H. Hartung, Administratrix of the Estate of Helene Lexow Engelman, deceased;

3. That the said sum of \$297.13 is presently in the possession of the Attorney General of the United States and was property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which was evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

This vesting order is issued nunc pro tunc to confirm the vesting of the said property in the Attorney General of the United States by acceptance thereof on March 7, 1947, pursuant to the Trading with the Enemy Act, as amended.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on May 26, 1947.

For the Attorney General.
