tory or X-ray work performed previously and presented by the registrant may be given consideration by the medical advisor. It shall be the duty of the registrant to present himself to the medical advisor to the local board at the time and place designated and to submit to examination.

(b) The medical advisor to the local board shall (1) give each registrant who presents himself for medical interview such examination as he deems necessary, or (2) review each affidavit of a reputable physician or official statement of a representative of a Federal or State agency referred to him by the local board. From such examination or review, the medical advisor to the local board shall determine whether the registrant has one or more of the defects or conditions listed in Part 629 of this chapter and shall record his findings in item 20 of Section II of the Record of Induction (NME Form No. 47).

§ 628.4 *Duties of local board.* (a) When no medical advisor to the local

board is available, the local board, to the extent that it is capable of doing so, shall make the examination, review, and finding provided for in § 628.3.

(b) When a registrant is ordered to appear for medical interview the local board shall:

(1) Prepare an original and two copies of the Record of Induction (NME Form No. 47), completing Section I and item 19 of Section II thereof, and send the original and both copies to the medical advisor to the local board for completion of item 20 of Section II after the medical interview; and

(2) Enter under "Minutes of Actions by Local Board and Appeal Board" on the Classification Questionnaire (SSS Form No. 100) the date the Notice to Registrant to Appear for Medical Interview (SSS Form No. 220) was mailed to the registrant and the date upon which he is ordered to appear.

(c) After completion of the medical interview the local board shall determine, after considering the findings and recommendations of the medical advisor to the local board, whether or not to order the registrant to report for armed forces physical examination. The local board shall enter the date of the medical interview in column 7 of the Classification Record (SSS Form No. 102).

(d) If the local board determines that the registrant has a physical or mental condition listed in Part 629 of this chapter which disqualifies him for service in the armed forces, the following action shall be taken:

(1) The local board shall file the original of the Record of Induction (NME Form No. 47) in the registrant's Cover Sheet (SSS Form No. 101) and forward the two copies of the Record of Induction (NME Form No. 47) to the State Director of Selective Service who shall forward one copy to the Surgeon General, Department of the Army, Washington, D. C., and retain one copy.

(2) The local board shall review the classification of the registrant and if it finds under the provisions of Part 622 of this chapter that he should be placed in some other class, reopen his classification and classify him anew and mail him a Notice of Classification (SSS Form No. 110).

(3) The local board shall cancel any Order to Report for Armed Forces Physical Examination (SSS Form No. 223) which it has mailed to the registrant and advise him in writing of such cancellation.

(4) The local board shall note in column 4 of the Physical Examination List (SSS Form No. 225), if the registrant's name appears thereon, the fact that he has been found disqualified for service in the armed forces and also the classification in which he has been retained or placed.

(e) If the local board determines that the registrant does not have a physical or mental condition listed in Part 629 of this chapter which disqualifies him for service in the armed forces, or if the local board has any doubt concerning the existence of any such condition, the local board shall order the registrant to report for armed forces physical examination as provided in § 628.11.

§ 628.5 *Transfer for medical interview.* (a) Any registrant who has received a Notice to Registrant to Appear for Medical Interview (SSS Form No. 220) and who is so far from his own local board that presenting himself to the medical advisor to his local board would be a hardship may file a written request with the local board having jurisdiction of the area in which he is at that time located for his transfer for medical interview to that local board. The local board with which the request for transfer for medical interview is filed shall forward the request to the registrant's own local board.

(b) Upon receiving such request for transfer for medical interview the registrant's own local board shall forward the original and two copies of the Record of Induction (NME Form No. 47), after completing Section I and item 19 of Section II thereof, to the local board of transfer and shall enter under "Minutes of Actions by Local Board and Appeal Board" on the Classification Questionnaire (SSS Form No. 100) the date such forms were forwarded and the designation of the local board of transfer.

(c) The local board of transfer shall arrange for the medical interview of the registrant and on completion shall return the original and both copies of the Record of Induction (NME Form No. 47) to the registrant's own local board which shall take the further action required by paragraphs (c), (d), and (e) of § 628.4.

ARMED FORCES PHYSICAL EXAMINATION

§ 628.10 *Who will be examined.* Every registrant, before he is ordered to report for induction, shall be given an armed forces physical examination under the provisions of this part unless he is a delinquent.

§ 628.11 *Order to report for armed forces physical examination.* (a) In accordance with instructions of the Director of Selective Service, the State Director of Selective Service shall periodically issue to each local board in his State a directive specifying the number of registrants to be delivered for armed forces physical examination and the time and place fixed for such delivery.

(b) In complying with such directive, the local board shall mail an Order to Report for Armed Forces Physical Examination (SSS Form No. 223) to registrants who have been classified in Class I-A and Class I-A-O without regard to whether the registrants have requested or will request a personal appearance before the local board and without regard to whether an appeal has been or will be taken. The local board in complying with such directive shall, so far as is practicable, select and order to report for armed forces physical examination such registrants in the order of their liability for service.

(c) The local board may also mail an Order to Report for Armed Forces Physical Examination (SSS Form No. 223) to any registrant (1) who is classified in a class other than Class I-A or Class I-A-O if it determines that his induction may shortly occur, or (2) when directed to do so by the Director of Selective Service or the State Director of Selective Service.

(d) At the time the local board prepares the original Order to Report for Armed Forces Physical Examination (SSS Form No. 223), it shall make a copy of such form and shall file the copy in the registrant's Cover Sheet (SSS Form No. 101).

§ 628.12 *Postponement of armed forces physical examination.* The issuance of an Order to Report for Armed Forces Physical Examination (SSS Form No. 223) may be delayed or the forwarding of a registrant under such an order may be postponed to the same extent and in the same manner as provided in § 632.2 of this chapter with reference to an Order to Report for Induction (SSS Form No. 252); *Provided*, that any such delay or postponement under the provisions of this section shall terminate whenever the local board determines that the induction of the registrant is imminent, in which event the local board shall order the registrant to report for armed forces physical examination.

§ 628.13 *Preparing records for a group ordered to report for armed forces physical examination.* (a) As soon as the local board has mailed orders to report for armed forces physical examination to all registrants who are to appear for such examination at a particular time and place it shall:

(1) Prepare in quintuplicate a Physical Examination List (SSS Form No. 225), completing thereon the entries in columns (1), (2), and (3) for each such registrant.

(2) Prepare in triplicate the Record of Induction (NME Form No. 47) by completing Section I and item 19 of Section II thereof for each such registrant for whom such form has not previously been completed.

(3) Assemble and attach to the registrant's Record of Induction (NME Form No. 47) any information in the possession of the local board which should be considered by the armed forces in determining the acceptability of the registrant for military service.

(b) Whenever a registrant referred to in paragraph (a) of this section is transferred to another local board for armed forces physical examination, a notation of such transfer shall be made in column 5 of the Physical Examination List (SSS Form No. 225) and all of the other records of such registrant prepared in the manner provided in paragraph (a) of this section shall be transmitted to the local board to which such registrant is transferred for armed forces physical examination in the manner and at the time provided in § 628.14.

§ 628.14 *Transfer of registrants for physical examination.* (a) Any registrant who has received an Order to Report for Armed Forces Physical Examination (SSS Form No. 223) and who is so far from his own local board that reporting to his own local board would be a hardship may, subject to the provisions of this section, be transferred for armed forces physical examination to the local board having jurisdiction of the area in which he is at that time located.

(b) Any such registrant desiring to be so transferred shall immediately report to the local board having jurisdiction

of the area in which he is at that time located, present his Order to Report for Armed Forces Physical Examination (SSS Form No. 223), and complete, in quadruplicate, the request portion of Transfer for Armed Forces Physical Examination (SSS Form No. 222).

(c) The local board with which such registrant files such request shall investigate the circumstances of the registrant's absence from his own local board area. If it finds that he does not have a good reason for his absence, it shall endorse its disapproval upon his request, mail the original thereof to the registrant's own local board, mail a copy to the registrant, and file the remaining copies. Such registrant shall then be required to report in accordance with the Order to Report for Armed Forces Physical Examination (SSS Form No. 223) which he received from his own local board.

(d) If the local board with which the registrant files such request finds that he has a good reason for his absence from his own local board area and that he is so far from his own local board area that it would be a hardship for him to return to his own local board area for his armed forces physical examination, it shall endorse its approval upon his request, mail the original and one copy by air mail (unless ordinary mail is as expeditious) to the registrant's own local board, mail a copy to the registrant, and file the remaining copy.

(e) Immediately upon receiving the approved Transfer for Armed Forces Physical Examination (SSS Form No. 222), the registrant's own local board shall complete on the original thereof the order transferring the registrant for armed forces physical examination. It shall then mail the original of the Transfer for Armed Forces Physical Examination (SSS Form No. 222) to the local board to which the registrant is being transferred and shall file the copy in the registrant's Cover Sheet (SSS Form No. 101). It shall also mail to the local board to which the registrant is being transferred for armed forces physical examination, the original and two copies of the Report of Induction (NME Form No. 47), any information in the possession of the local board which should be considered by the armed forces in determining the acceptability of the registrant for military service, and any other records designated by the Director of Selective Service.

(f) The local board to which such registrant is transferred for armed forces physical examination, when it receives the papers from the registrant's own local board as provided in paragraph (e) of this section, shall prepare and mail to the registrant a new Order to Report for Armed Forces Physical Examination (SSS Form No. 223) and shall add the name of the registrant to its Physical Examination List (SSS Form No. 225) indicating in the "Remarks" column thereof that the registrant is a transfer from another local board.

(g) When the transferred registrant's examination has been completed or if he fails to report for such examination, the local board to which such registrant was transferred for armed forces physical examination shall forward all the pa-

pers with reference to such registrant to his own local board.

§ 628.15 *Transfer for armed forces physical examination directed by Director of Selective Service.* (a) The Director of Selective Service may direct that a particular registrant or a registrant who comes within a described group of registrants be transferred for armed forces physical examination to such local board or local boards as he shall designate.

(b) A registrant selected for armed forces physical examination shall be transferred for such examination to the local board having jurisdiction of the area in which he is at that time located whenever, from information in his file, it appears that the registrant is located in one and the registrant's own local board is located in another of the following: the continental United States, the Territory of Alaska, the Territory of Hawaii, Puerto Rico, or the Virgin Islands.

(c) To accomplish the transfer for armed forces physical examination, under paragraphs (a) or (b) of this section, the registrant's own local board shall complete the Transfer for Armed Forces Physical Examination (SSS Form No. 222) in duplicate by inserting the date, name, and present address of the registrant and the words "By direction of the Director of Selective Service" on the front of such form and by completing the second endorsement on the back of such form. The copy of the Transfer for Armed Forces Physical Examination (SSS Form No. 222) shall be filed in the registrant's Cover Sheet (SSS Form No. 101). The local board shall then forward the original of the Transfer for Armed Forces Physical Examination (SSS Form No. 222), the original and both copies of the Report of Induction (NME Form No. 47), any information in the possession of the local board which should be considered by the armed forces in determining the acceptability of the registrant for military service, and any other records designated by the Director of Selective Service, to the State Director of Selective Service of the State in which the registrant is located. The State Director of Selective Service of the State in which the registrant is located shall check such documents and insert thereon the name and address of the local board in his State to which the registrant is transferred for armed forces physical examination and forward the documents to such local board. The local board to which the registrant is transferred shall cause the registrant to be given an armed forces physical examination and shall take the actions provided for in paragraphs (f) and (g) of § 628.14.

§ 628.16 *Duty of registrant to report for and submit to armed forces physical examination.* (a) When the local board mails to a registrant an Order to Report for Armed Forces Physical Examination (SSS Form No. 223), it shall be the duty of the registrant to report for such examination at the time and place fixed in such order unless, after the date the Order to Report for Armed Forces Physical Examination (SSS Form No. 223) is mailed and prior to the time fixed therein for the registrant to report for his armed

forces physical examination, the local board cancels such Order to Report for Armed Forces Physical Examination (SSS Form No. 223) or postpones the time when such registrant shall so report and advises the registrant in writing of such cancellation or postponement.

(b) If the time when the registrant is ordered to report for armed forces physical examination is postponed, it shall be the duty of the registrant to report for armed forces physical examination upon the termination of such postponement and he shall report for armed forces physical examination at such time and place as may be fixed by the local board. Regardless of the time when or the circumstances under which a registrant fails to report for armed forces physical examination when it is his duty to do so, it shall thereafter be his continuing duty from day to day to report for armed forces physical examination to his local board and to each local board whose area he enters or in whose area he remains.

(c) Upon reporting for armed forces physical examination, it shall be the duty of the registrant (1) to follow the instructions of a member or clerk of the local board as to the manner in which he will be transported to the location where his armed forces physical examination will take place, (2) to obey the instructions of the leader or assistant leaders appointed for the group being forwarded for armed forces physical examination, (3) to appear for and submit to such examination as the commanding officer of the induction station shall direct, and (4) to follow the instructions of a member or clerk of the local board as to the manner in which he will be transported on his return trip from the place where his armed forces physical examination takes place.

§ 628.17 *Forwarding registrants for armed forces physical examination.* When the registrants who are to be forwarded for armed forces physical examination have assembled, the local board shall proceed as follows:

(a) The roll shall be called, using the previously prepared Physical Examination List (SSS Form No. 225), and any absence shall be recorded in the "Remarks" column.

(b) As each registrant's name is called he shall be observed by a member or clerk of the local board. If the member or clerk of the local board knows or sees a registrant who he believes may be disqualified for military service because of an obvious defect or manifest condition listed in Part 629 of this chapter, the registrant shall not be forwarded for armed forces physical examination on that day but shall be given a local board medical interview as provided in § 628.2 and if after such medical interview it is determined that the registrant is not disqualified he shall then be forwarded for an armed forces physical examination.

(c) A leader and assistant leaders shall be appointed and furnished with proper credentials.

(d) The leader shall be given the following in a sealed packet:

(1) The original and two copies of the Physical Examination List (SSS Form No. 225).

(2) For each registrant being forwarded, the original and two copies of the Record of Induction (NME Form No. 47), any information in the possession of the local board which should be considered by the armed forces in determining the acceptability of the registrant for military service, and any other records designated by the Director of Selective Service.

(e) When it is necessary, travel tickets or transportation requests, and meal and lodging requests for the group, both for the trip to the joint examining and induction station and for the return trip, shall be issued. The leader shall be instructed to deliver the sealed packet containing the original and two copies of the Physical Examination List (SSS Form No. 225), the originals and copies of the Record of Induction (NME Form No. 47), and other information to the commanding officer of the joint examining and induction station or his representative. He shall be instructed to return any unused portions of the transportation requests or any unused meal and lodging requests to the local board.

(f) The local board shall instruct all registrants in the group that it is their duty to obey the instructions of the leader and assistant leaders during the time they are going to and returning from the joint examining and induction station, that they will be met by proper representatives of the armed forces, that while they are at the joint examining and induction station, they will be subject to and must obey the orders of the representatives of the armed forces, that they must present themselves for and submit to such examination as the commanding officer of the joint examining and induction station shall direct, and that they will be returned to the local board when the examination is completed.

(d) A postponement of induction shall not render invalid the Order to Report for Induction (SSS Form No. 252) which has been issued to the registrant but shall operate only to postpone the reporting date and the registrant shall report on the new date without having issued to him a new Order to Report for Induction (SSS Form No. 252).

§ 632.3 *Postponement of induction; high school students.* (a) Any person who, while satisfactorily pursuing a full-time course of instruction at a high school or similar institution of learning, is ordered to report for induction prior to his graduation from such school or institution, shall, upon the facts being presented to the local board, have his induction postponed (1) until the time of his graduation therefrom, or (2) until he attains the twentieth anniversary of his birth, or (3) until he ceases satisfactorily to pursue such course of instruction, whichever is the earliest.

§ 632.9 *Certain registrants may request transfer for induction.* (a) Any registrant who is so far from his own local board that reporting to his own local board for induction would be a hardship may, subject to the provisions of this section, be transferred for induction to the local board having jurisdiction of the area in which he is at that time located. Application for such transfer may be made by the registrant at the time he receives his Order to Report for Induction (SSS Form No. 252).

When necessary for the accomplishment of the early induction of the registrant, the local board with which the registrant files his request may telegraph the registrant's own local board notifying it of the approval of the registrant's application for such transfer and requesting that the necessary records of the registrant be immediately forwarded to the local board of transfer. In such instances, the local board of transfer shall confirm the telegram by immediately mailing the original and two copies of the Request for Transfer for Delivery (SSS Form No. 260), with the endorsement of approval thereon, to the registrant's own local board.

(e) When the registrant's own local board receives the approved Request for Transfer for Delivery (SSS Form No. 260), or receives a telegraphic approval of a request for transfer as provided in paragraph (d) of this section, it shall:

(1) Immediately complete on the original of the Request for Transfer for Delivery (SSS Form No. 260) the order transferring the registrant for induction.

In the event that the papers of

the registrant have not already been forwarded to the local board of transfer, the forms referred to above shall be accompanied by the original and two copies of the Record of Induction (NME Form No. 47), all the records referred to in subparagraph (2) of paragraph (a) of § 632.5, and any other records designated by the Director of Selective Service.

(f) When the local board to which such registrant is transferred for induction receives the papers from the registrant's own local board, as provided in paragraph (e) of this section, it shall proceed to deliver him for induction as soon as practicable after the date fixed for him to report for induction in the Order to Report for Induction (SSS Form No. 252) issued by his own local board. If possible, the transferred registrant shall be delivered for induction with the next call on the local board to which he has been transferred, but if there is to be no such call at an early date, it shall deliver such transferred registrant specially whenever the joint examining and induction station is receiving men. When the local board of transfer determines to deliver such transferred registrant specially, it shall notify its State Director of Selective Service and request that the necessary arrangements be made for the time and place at which such transferred registrant may be delivered specially. The local board to which such registrant has been transferred for induction shall prepare an Order for Transferred Man to Report for Induction (SSS Form No. 253), in duplicate, mail the original to the transferred registrant, and file the copy. The local board to which such registrant has been transferred for induction shall add the name of the registrant to its Delivery List (SSS Form No. 261) and shall make a notation of such transfer and the identity of the local board from which he is transferred in the "Remarks" column of the Delivery List (SSS Form No. 261).

(g) The local board to which such registrant has been transferred for induction shall not substitute the transferred registrant for one of its selected men, but shall deliver the transferred registrant in addition to any deliveries it otherwise would make to fill its own call.

(h) When the transferred registrant has been inducted or rejected or if he fails to report for induction, the local board to which such registrant was transferred for induction shall complete the Report of Delivery of Transferred Registrant (SSS Form No. 263-A), detach and forward it to the State Director of Selective Service for the State in which the local board of origin is located, and forward all papers with reference to such registrant, with the exception of the Delivery List (SSS Form No. 261), to his own local board.

(i) The State Director of Selective Service for the State in which the local board of origin is located shall, upon receipt from the local board of transfer of the completed Report of Delivery of Transferred Registrant (SSS Form No. 263-A), record the disposition of the transferred registrant upon his copy of Report of Delivery of Transferred Registrant (SSS Form No. 263-A) and forward

the original of the Report of Delivery of Transferred Registrant (SSS Form No. 263-A) to the local board of origin.

(j) The transferred registrant, if inducted, shall not be credited to the local board to which he was transferred for delivery, but shall be credited to his own local board.

§ 632.10 *Transfer for induction directed by Director of Selective Service.*

(a) The Director of Selective Service may direct that a particular registrant or a registrant who comes within a described group of registrants be transferred for induction to such local board or local boards as he shall designate.

(b) A registrant selected for induction shall be transferred for induction to the local board having jurisdiction of the area in which he is at that time located whenever, from information in his file, it appears that the registrant is located in one and the registrant's own local board is located in another of the following: The continental United States, the Territory of Alaska, the Territory of Hawaii, Puerto Rico, or the Virgin Islands of the United States.

(c) To accomplish the transfer for induction under paragraph (a) or (b) of this section, the registrant's own local board shall:

(1) Prepare in triplicate the Transfer for Delivery (SSS Form No. 263) and the Report of Delivery of Transferred Registrant (SSS Form No. 263-A).

(2) Complete in duplicate the Request for Transfer for Delivery (SSS Form No. 260) by inserting the name and present address of the registrant and the words "By direction of the Director of Selective Service" and by completing the second endorsement on such form.

(3) Mail one copy of the Request for Transfer for Delivery (SSS Form No. 260) together with one copy of the Transfer for Delivery (SSS Form No. 263) and one copy of the Report of Delivery of Transferred Registrant (SSS Form No. 263-A) to its State Director of Selective Service and file one copy of the Request for Transfer for Delivery (SSS Form No. 260), one copy of the Transfer for Delivery (SSS Form No. 263), and one copy of the Report of Delivery of Transferred Registrant (SSS Form No. 263-A) in the registrant's Cover Sheet (SSS Form No. 101).

(4) Mail the original of the Request for Transfer for Delivery (SSS Form No. 260), the original of the Transfer for Delivery (SSS Form No. 263), the original of the Report of Delivery of Transferred Registrant (SSS Form No. 263-A) together with the original and two copies of the Record of Induction (NME Form No. 47), the original and two copies of the Report of Medical Examination (Standard Form 88) together with X-ray film, and the original and two copies of the Report of Medical History (Standard Form 89) if the registrant has received an armed forces physical examination, all other documents referred to in paragraph (e) of § 632.9, and any other records designated by the Director of Selective Service to the State Director of Selective Service of the State in which the registrant is located.

(5) Place a notation of the transfer of the registrant in the "Remarks" col-

umn of the Classification Record (SSS Form No. 102).

(d) The State Director of Selective Service of the State in which the registrant is located shall check the documents received from the registrant's own local board and, if not already accomplished, insert thereon the name and address of the local board in his State to which the registrant is transferred for induction and forward the documents to such local board. Unless the transfer of the registrant for induction is cancelled under paragraph (e) of this section, the local board to which the registrant is transferred shall cause the registrant to be delivered for induction and shall take the other actions provided for in paragraphs (f), (g), and (h) of § 632.9, and the State Director of Selective Service for the State in which the registrant's own local board is located shall take the action provided for in paragraph (i) of § 632.9.

(e) A registrant transferred for induction under this section may within five days after the date on which the local board to which he has been so transferred has mailed to him an Order for Transferred Man to Report for Induction (SSS Form No. 253), file with such local board a written request to cancel his transfer for induction. Upon such a request being filed, such local board shall determine whether grave and unusual hardship will result to the registrant if he is not permitted to report to his own local board for induction and, if it so determines, shall cancel his transfer for induction. The local board shall record such determination on the Request for Transfer for Delivery (SSS Form No. 260) and the Transfer for Delivery (SSS Form No. 263) and shall notify the registrant of its determination by letter. If the local board determines to cancel the transfer for induction, it shall (1) cancel the Order for Transferred Man to Report for Induction (SSS Form No. 253) which it mailed to the registrant, and (2) return the Request for Transfer for Delivery (SSS Form No. 260) and all other documents concerning such registrant to his local board through the State Director of Selective Service for the State in which the registrant's local board is located. Upon receipt of such documents, the registrant's own local board shall order the registrant to report to it for induction in the usual manner.

INDUCTION

§ 632.14 *Duty of registrant to report for and submit to induction.* (a) When the local board mails to a registrant an Order to Report for Induction (SSS Form No. 252), it shall be the duty of the registrant to report for induction at the time and place fixed in such order. If the time when the registrant is ordered to report for induction is postponed, it shall be the continuing duty of the registrant to report for induction upon the termination of such postponement and he shall report for induction at such time and place as may be fixed by the local board. Regardless of the time when or the circumstances under which a registrant fails to report for induction when it is his duty to do so, it

(d) When it is necessary, travel tickets or transportation requests, and meal and lodging requests for the group, covering their trip to the place of induction, shall be issued. The leader shall be instructed to deliver the sealed packet containing the original and two copies of the Delivery List (SSS Form No. 261), the originals and copies of the Record of Induction (NME Form No. 47), and all other information concerning the registrants in the group to the commanding officer of the induction station or to his representative.

(e) The local board shall inform all registrants in the group that it is their duty to obey the instructions of the leader or assistant leaders during the time they are going to the place of induction; that they will be met by proper representatives of the armed forces at

the place of induction; that while they are at the place of induction they will be subject to and must obey the orders of the representatives of the armed forces; that they must present themselves for and submit to induction; that, if they are rejected, the representatives of the armed forces will, to the extent prescribed by the regulations of the armed forces, provide transportation and subsistence for their return trip.

(f) The local board shall mail one copy of the Delivery List (SSS Form No. 261) to State Director of Selective Service and shall file one copy.

CLASSIFICATION AND INDUCTION OF DELINQUENTS

§ 642.11 *Registration and classification of unregistered delinquent.* When a delinquent who has not registered reports or is brought before a local board, he shall be registered and the local board at which he registers shall enter on line 2 of his Registration Card (SSS Form No. 1) an address within the jurisdiction of such local board. As soon as possible after his registration, the local board shall classify him as provided in § 642.12.

§ 642.12 *Classification of registrant delinquent.* Any delinquent registrant between the ages of 19 and 26 may be classified in or reclassified into Class I-A or Class I-A-O, whichever is applicable, regardless of other circumstances: *Provided*, that a delinquent registrant in Class I-C who, after completion of any period of active service in the armed forces of the United States under the provisions of the Selective Service Act of 1948, has been separated from the armed forces or transferred to a reserve component thereof may not be classified in or reclassified into Class I-A or Class I-A-O under this section unless his classification out of Class I-C is specifically authorized by the Director of Selective Service.

(c) When a delinquent registrant is classified in or reclassified into Class I-A or Class I-A-O under the provisions of this part, an appeal may be taken under

the same circumstances and by the same persons as in any other case.

§ 642.15 *Continuous duty of certain registrants to report for induction.* Regardless of the time when or the circumstances under which a registrant fails or has failed to report for induction pursuant to an Order to Report for Induction (SSS Form No. 252) or pursuant to an Order for Transferred Man to Report for Induction (SSS Form No. 253) it shall thereafter be his continuing duty from day to day to report for induction to his own local board, and to each local board whose area he enters or in whose area he remains.

DELIVERY OF DELINQUENT REGISTRANTS

§ 642.21 *Procedure.* (a) If a delinquent registrant reports to or is brought before a local board other than his own local board, the local board to which he reports or before which he is brought shall advise his own local board by telegram or other expeditious means that the delinquent has reported to or has been brought before such local board and that he will be inducted if it is satisfactory to his own local board. The registrant's own local board shall reply by telegram or other expeditious means.

(b) If the registrant's own local board advises or if it is ascertained from the United States Department of Justice that the registrant is delinquent because he has failed to respond to an Order to Report for Induction (SSS Form No. 252) or an Order for Transferred Man to Report for Induction (SSS Form No. 253), the delinquent shall be delivered for induction and the local board to which the registrant has reported or before which he has been brought shall prepare such papers as may be necessary in order to effect such induction and forward copies thereof to the registrant's own local board. The induction of such a registrant shall be reported to the registrant's own local board in the same manner as if the registrant had been transferred for delivery to the local board from which such registrant was inducted.

(c) If the registrant's own local board advises that no Order to Report for Induction (SSS Form No. 252) or Order for Transferred Man to Report for Induction (SSS Form No. 253) has been issued to such registrant or that the registrant is no longer a delinquent, it shall advise the local board before which the registrant has appeared or has been brought of the action to be taken with reference to such registrant.

MEN IN CUSTODY

§ 642.31 *Completing records of man liable for training and service.* (a) Provided they are required and have not already been accomplished, the following steps shall be taken in connection with every man who has registered or who is required to register under the provisions of Title I of the Selective Service Act of 1948 immediately upon his reporting to or being brought before a local board or immediately upon his being taken into custody or his being placed in confinement:

(2) He shall complete his Classification Questionnaire (SSS Form No. 100).

(3) He shall complete his Special Form for Conscientious Objector (SSS Form No. 150), when applicable.

(4) He shall complete all other necessary forms.

(5) He may be physically examined.

(b) If such a man is unable or refuses to fill out any form in the manner required by paragraph (a) of this section, such form shall be filled out by a member or clerk of a local board or the superintendent, warden, or other law enforcement official from information gained by interviewing the delinquent and from other sources.

(c) If the signature of such man is required upon any form after it is filled out and he is unable or refuses to sign his name or make his mark upon any such form, a member or clerk of a local board or the superintendent, warden, or other law enforcement official shall sign such man's name and indicate that he has done so by signing his own name beneath the name of such man. The act of a member or clerk of a local board, or of the superintendent, warden, or other law enforcement official in so doing shall have the same force and effect as if such man had signed his name to such form.

§ 642.32 *Obligation of man in custody, confinement, or imprisonment.* No man is relieved from complying with the selective service law during the time he is in custody, confinement, or imprisonment. He shall perform the duties and shall be accorded the rights and privileges of all registrants.

A copy of such Delinquent Registrant Report (SSS Form No. 301) shall be placed in the delinquent's Cover Sheet (SSS Form No. 101).

States Attorney, the local board should contact the delinquent and the "employer" or "person who will always know" the delinquent's address, as shown on the Registration Card (SSS Form No. 1), or any other person likely to know his whereabouts. The local board may enlist the aid of local and State police officials or any other public or private agencies it deems advisable. In no event shall the local board order or participate in the arrest of a delinquent.

(c) Whenever the local board suspects a person, other than one of its own registrants, of being a delinquent, it shall, upon its own motion or upon request of the United States Attorney, advise such person by letter that he is suspected of being a delinquent and directing him to submit to the local board evidence concerning his selective service status. It shall be the duty of the person to whom such a letter is mailed to present such evidence to the local board and, if directed to do so, to appear personally before the local board. Unless the local board is convinced that such person is not delinquent, it shall report the facts to the United States Attorney by letter.

§ 642.42 *Local Board action subsequent to reporting a delinquent to United States Attorney.* (a) After a delinquent has been reported to the United States Attorney, it is the responsibility of the United States Attorney to determine, subject to the supervision and direction of the Attorney General, whether the delinquent shall be prosecuted. Before permitting such a delinquent to be inducted, the local board should obtain the views of the United States Attorney concerning such action.

(b) After a delinquent has been reported to the United States Attorney, the local board shall promptly advise the United States Attorney by letter when:

(1) The local board receives any additional information which (i) may be of assistance in locating the delinquent, (ii) has been requested by the United States Attorney, or (iii) may assist the United States Attorney in determining whether prosecution is warranted; or

(2) The local board has taken any action with reference to the classification or status of the registrant.

§ 642.43 *United States Attorney to advise final disposition.* The State Director of Selective Service shall request the United States Attorney to advise the local board concerned promptly by letter when he finally disposes of a case which has been reported to him on Delinquent Registrant Report (SSS Form No. 301).

§ 642.44 *Local Board record of delinquents.* (a) The local board shall open and maintain a Record of Delinquents (SSS Form No. 302), listing thereon all currently delinquent registrants between the ages of 19 and 26. A person suspected of being an unregistered delinquent shall not be entered upon such report unless and until his registration has been accomplished. On the last day of each month the local board shall forward two copies of the Record of Delinquents (SSS Form No. 302) to the State Director of Selective Service and two

copies to the United States Attorney having jurisdiction over the area in which such local board is located.

(b) On the last day of each month the local board shall post a copy of the current Record of Delinquents (SSS Form No. 302) on its bulletin board. The aid of the press and radio should be solicited to give the widest possible publicity to delinquencies.

§ 642.45 *Confirmation of record of delinquents.* The State Director of Selective Service shall request the United States Attorney to prepare, as of the 10th day of each month, a letter, in duplicate, either confirming the Record of Delinquents (SSS Form No. 302) which was forwarded to him by the local board on the last day of the previous month or specifically setting forth discrepancies therein and to forward the original thereof to the local board concerned and a copy to the State Director of Selective Service.

§ 642.46 *State record of delinquents.* The State Director of Selective Service shall prepare a Summary of Delinquencies (SSS Form No. 303) on or before the 15th day of each month and forward one copy to the Director of Selective Service, Washington, D. C.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Reg. Serial No. SR-327]

RENUMBERING AND RESCISSION OF PARTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 14th day of September 1948.

Presently the Civil Air Regulations are numbered in accordance with a decimal system established by Part 99. In order to conform with Part 2 of the Federal Register Regulations, the Board is renumbering the Civil Air Regulations. This amendment therefore rescinds Part 99, and redesignates Parts 01, 02, 03, 04a, 04b, 06, and 09 as 1, 2, 3, 4a, 4b, 6, and 9. New or revised parts of the Civil Air Regulations will, when promulgated, use the numbering system established in Part 2 of the Federal Register Regulations (See §§ 2.31-2.44 (11 F. R. 9837-38)).

Since parts of the Civil Air Regulations as now drafted set forth applicable definitions, Part 98, which is a generally applicable definition regulation, is no longer of any useful purpose, and it is hereby rescinded.

Since this regulation is procedural in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and this regulation may be made effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board hereby makes and promulgates the following Special Civil Air Regulation effective September 14, 1948:

1. Parts 01, 02, 03, 04a, 04b, 06, and 09 (14 CFR Parts 01, 02, 03, 04a, 04b, 06, and 09) are hereby redesignated Parts 1, 2, 3, 4a, 4b, 6, and 9, respectively.

2. Parts 98 and 99 (14 CFR, Parts 98, 99) are hereby rescinded.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425 (a))

By the Civil Aeronautics Board.

Secretary.

(2) No vessel shall occupy for a longer period than 30 days, unless a permit is obtained from the Captain of the Port for that purpose, any anchorage for which the time of occupancy is not otherwise prescribed in this section. No vessel in a condition such that it is likely to sink or otherwise become a menace or obstruction to navigation or anchorage of other vessels shall occupy an anchorage except in an emergency, and then only for such period as may be permitted by the Captain of the Port.

(3) Whenever, in the opinion of the Captain of the Port, such action may be necessary, that officer may require any or all vessels in any designated anchorage area to moor with two or more anchors.

(4) Every vessel whose crew may be reduced to such number that it will not have sufficient men on board to weigh anchor at any time shall be anchored with two anchors, with mooring swivel put on before the crew shall be reduced or released, unless the Captain of the Port shall waive the requirement of a mooring swivel.

(5) Anchorage of all vessels must be placed well within the anchorage areas, so that no portion of the hull or rigging

shall at any time extend outside the boundaries of the anchorage area.

(6) Any vessel anchoring under circumstances of great emergency outside of the anchorage areas must be placed near the edge of the channel and in such position as not to interfere with the free navigation of the channel nor obstruct the approach to any pier nor impede the movement of any boat, and shall move away immediately after the emergency ceases, or upon notification by the Captain of the Port.

(7) When applied for, a berth in an anchorage, if available, shall be assigned to any vessel by the Captain of the Port. He may grant revocable permits for habitually maintaining and using the same mooring space in an anchorage area, but no vessel shall occupy continuously a berth in an anchorage area when a vessel in regular traffic requires the berth or when navigation would be menaced or inconvenienced thereby. The Captain of the Port is authorized to issue permits for maintaining mooring buoys. The method of anchoring these buoys shall be as prescribed by the Captain of the Port. No vessel shall moor in any anchorage in such a manner as to interfere with the use of a duly authorized mooring buoy. In case of emergencies the Captain of the Port is hereby authorized to shift the position of any unattended vessel moored in or near any anchorage. No vessel shall be navigated within the limits of an anchorage at a speed exceeding six knots when in the vicinity of a moored vessel.

Permit issued by the Captain of the Port is not necessary for plant engaged upon works of river and harbor improvement under the supervision of the District Engineer, but the District Engineer will notify the Captain of the Port in advance of all such proposed work.

(10) Whenever the maritime or commercial interests of the United States so require, the Captain of the Port is hereby empowered to shift the position of any vessel anchored within the anchorage areas, of any vessel anchored outside the anchorage areas, of any vessel which is so moored or anchored as to impede or obstruct vessel movements in any channel or obstruct or interfere with range lights and of any vessel which, lying at the exterior end of a pier or alongside an open bulkhead, obstructs or endangers the passage of vessels in transit by, or to or from, adjacent wharf property or impedes the movements of vessels entering or leaving adjacent slips.

(11) A vessel upon being notified to move into the anchorage limits or to shift its position on anchorage grounds, shall get under way at once or signal

for a tug, and shall change position as directed, with reasonable promptness.

(12) Nothing in this section shall be construed as relieving any vessel or the owner or person in charge of any vessel from the penalties of law for obstructing navigation or for obstructing or interfering with range lights, or for not complying with the navigation laws in regard to lights, fog signals, or for otherwise violating law.

(iv) Insofar as practicable, in the use of this anchorage preference shall be given to vessels storing explosives for current consumption.

(v) In cases of great emergency and when weather conditions are such that it is impossible for barges, scows, or lighters loaded with more than 20 tons of high explosives to proceed to Gravesend Bay or Raritan Bay, or lie at anchor there, such vessels may anchor temporarily in the Jersey Flats anchorage, but in each case the Captain of the Port must be immediately notified, and such vessel will not remain so anchored without his special permission.

(vi) This area shall not be used by vessels which do not carry explosives except in cases of great emergency.

(2) *Anchorage No. 49-C (naval and military anchorage).* In Gravesend Bay, north of a line bearing 260°30' from latitude 40°34'58", longitude 74°01'20", to latitude 40°34'54", longitude 74°01'49", and ranging through the stack on Hoffman Island; east of a line bearing 342° from the last-mentioned point to latitude 40°35'59", longitude 74°02'17", and ranging 250 yards due west of Fort Lafayette; south of a line bearing 96° from the last-mentioned point to latitude

40°35'56", longitude 74°01'45"; and west of a line bearing 343° from the last-mentioned point to latitude 40°34'58", longitude 74°01'20", and passing through Fort Hamilton Southwest Buoy 20.

(i) The Captain of the Port may permit the anchorage of commercial vessels in the southerly part of the area south of a line bearing 252° from the flagpole in the vicinity of Bay Parkway, Brooklyn, when use of the anchorage by naval or military vessels will permit. Any commercial vessels so moored as to obstruct the use of the area for the anchorage of naval or military vessels may be required by the Captain of the Port to shift its position or clear the area when found necessary, at its own expense.

(ii) Fishing and navigation by pleasure and commercial craft are prohibited within the area at all times when vessels which are moored in the area for the purpose of loading or unloading explosives display a red flag by day or a red light by night, unless special permission is granted by the Captain of the Port.

(iii) Vessels carrying high explosives in this anchorage shall not anchor closer than 400 yards to one another, but the number of vessels which may anchor in the area at any one time shall be at the discretion of the Captain of the Port. This provision is not intended to prohibit barges or lighters from tying up alongside ships for the transfer of cargoes.

(iv) Vessels carrying high explosives shall not occupy this anchorage for a period of time longer than is necessary to receive or discharge such cargoes, or between sunset and sunrise except by special permit from the Captain of the Port in cases of great emergency.

(v) Barges and lighters loaded with explosives may anchor in the easterly portion of this area provided such barges and lighters are anchored so as not to approach one another closer than 300 feet. The Captain of the Port may authorize the placing of moorings in the easterly portion of the area and the making fast thereto of not to exceed three barges or lighters at each mooring, provided these moorings are so spaced that the vessels at one mooring shall at all times be not less than 300 feet from the vessels at an adjacent mooring.

(3) *Anchorage No. 49-D.* In Raritan Bay, south of a line bearing 70° and ranging from Raritan Bay Buoy "EX" to West Bank Light; west of a line bearing 137° and ranging from the tower of former Princess Bay Light to the tower of former Waackaack Light; north of a line bearing 250° and ranging from Old Orchard Shoal Light to Boundary Daybeacon; and east of a line bearing 306° and ranging from Boundary Daybeacon to Raritan Bay Buoy "EX".

(i) This area shall not be used by vessels which do not carry explosives except in cases of great emergency.

(4) *Anchorage No. 49-F (emergency naval anchorage).* That portion of Sandy Hook Bay bounded by a line bearing 170°, 3,800 yards, from a point bearing 281°30' 2,050 yards, from Sandy Hook Light; thence 260°, 500 yards; thence 350°, 3,800 yards; thence 80°, 500 yards, to the point of beginning.

(1) This anchorage is to be used for the anchorage of naval vessels during emergencies only.

(ii) No pleasure or commercial craft shall navigate or moor within this area at any time when naval vessels which are moored in the area display a red flag by day or a red light by night.

(5) *Anchorage No. 49-G (naval anchorage).* That portion of Sandy Hook Bay bounded by a line bearing 208° 1,350 yards, from a point bearing 292°30', 3,600 yards, from Sandy Hook Light; thence 208°, 620 yards; thence 2°, 1,250 yards; thence 107°, 1,150 yards, to the point of beginning.

(i) No pleasure or commercial craft shall navigate or moor within this area at any time when vessels which are moored in the area display a red flag by day or a red light by night.

(n) *Regulations for explosives anchorages.* (1) Anchorages Nos. 49-B, 49-C, 49-D, 49-F, and 49-G are reserved for vessels carrying explosives. All vessels carrying explosives shall be within these areas when anchored, except as provided in subparagraph (6) of this paragraph.

(2) A written permit shall be obtained from the Captain of the Port before vessels carrying explosives, or on which explosives are to be loaded, may proceed to the anchorages provided for them; and no vessel shall occupy a berth in such anchorage except by authority of such permit, which permit may be revoked at any time.

(3) Vessels used in connection with loading or unloading explosives on vessels in anchorage areas, including tugs and stevedore boats, shall carry a written permit from the Captain of the Port. Such permit shall be shown whenever required by him or by his properly authorized agents.

(4) Whenever any vessel not fitted with mechanical power anchors in the explosives anchorages while carrying explosives, the Captain of the Port may require the attendance of a tug upon such vessel when in his judgment such action is necessary.

(5) Vessels carrying explosives shall comply with the general regulations in paragraph (1) of this section when applicable.

(6) The District Engineer, Corps of Engineers, may authorize, in writing, a vessel carrying explosives for use on river and harbor works or on other work under federal permit issued by the District Engineer to anchor in or near the vicinity of such work without a permit from the Captain of the Port. The District Engineer will prescribe the quantities of such explosives allowed on such vessel and the conditions under which they are to be stored and handled, and will furnish the Captain of the Port with a copy of such safety instructions together with a copy of his written authorization.

UNITED PUBLIC SERVICE CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 15th day of September A. D. 1948.

The United Public Service Corporation ("United"), a registered holding company and a subsidiary of The Middle West Corporation, ("Middle West") a

registered holding company, having filed an application-declaration pursuant to sections 11 and 12 (c) of the Public Utility Holding Company Act of 1935 and Rule U-46 promulgated thereunder with respect to the following transactions:

United proposes to make two cash distributions to the holders of its capital stock as part of the process of its complete liquidation from funds to be received from cash liquidating dividends to be paid by United Public Utilities Corporation ("UPU"). The Commission has approved proposals by UPU providing, among other things, for cash distributions of \$5 and \$4 per share to the holders of the common stock of UPU. When the \$5 per share distribution by UPU is consummated, United, the holder of 148,055 shares (39.98%) of the common stock of UPU, will receive cash in the amount of \$740,275. Thereupon, United proposes to distribute in cash \$2.42 per share or an aggregate of \$740,501 to the holders of its outstanding capital stock. When the \$4 per share distribution by UPU is made, United will receive cash in the amount of \$592,220. Upon receipt of such cash, United proposes to make an additional cash distribution of \$1.93 per share or an aggregate of \$590,564 to the holders of its outstanding capital stock.

The application-declaration states that the proposed distributions have been approved by resolution of the stockholders of United authorizing the dissolution of the corporation. The application-declaration further states that the only remaining asset of United, other than cash, is its investment in the common stock of UPU and that the amounts received by United as cash dividends on its holdings of the common stock of UPU are not required for the conduct of United's business.

Said application-declaration having been filed on August 23, 1948, and notice of filing having been duly given in the form and manner prescribed by Rule U-23 under said act, and the Commission not having received a request for hearing with respect to said application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application-declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of the investors and consumers that said application-declaration be granted and permitted to become effective forthwith;

It is ordered, pursuant to Rule U-23 and the applicable provisions of the said act and subject to the terms and conditions of Rule U-24, that the application-declaration be, and hereby is, granted and permitted to become effective forthwith.

By the Commission.

MADISON GAS AND ELECTRIC CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 13th day of September A. D. 1948

Madison Gas and Electric Company ("Madison"), a public utility subsidiary of American Light & Traction Company ("American Light"), a registered holding company, having filed an application pursuant to the provisions of section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") with respect to the following transactions:

Madison proposes to enter into a Credit Agreement, which will expire eighteen months from date of execution, with Harris Trust and Savings Bank, Chicago, Illinois, and First Wisconsin National Bank of Milwaukee, Wisconsin ("the Banks"). The Credit Agreement will commit the Banks to advance to Madison a maximum of \$2,000,000 at an interest rate of 2¼% per annum. All notes issued by Madison will mature eighteen months from the date of execution of the Credit Agreement. The Credit Agreement provides that a quarterly commitment fee of one-half of one per cent per annum, based upon the average daily unused balance of the commitment computed for the preceding quarter period, will be paid to the Banks. Madison will have the right to reduce the commitment of the Banks at any time with a proportionate reduction of the commitment fee, and may prepay the notes at any time without penalty.

The application states that Madison requires funds to finance the construction of additional facilities urgently needed in the operation of its business. It is also stated that the \$2,000,000 to be borrowed under the proposed Credit Agreement should enable Madison to finance its construction program until the fall of 1949. In the interim Madison expects to conclude a permanent financing program which will involve the repayment of its bank borrowings and the raising of such additional funds as may be appropriate to complete its construction program through 1950.

Madison states that the Credit Agreement and the proposed issuance and sale of notes thereunder has been approved by the Public Service Commission of Wisconsin, the state commission of the state in which Madison is organized and doing business.

Such application having been duly filed and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the application that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and that it is not necessary to impose any terms or conditions, and the Commission deeming it appropriate in the

public interest and in the interest of investors and consumers that said application be granted and deeming it appropriate to grant the request of applicant that the order become effective forthwith upon issuance:

It is hereby ordered, pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed by Rule U-24, that the application be, and the same hereby is, granted and become effective forthwith.

By the Commission.

Notice is hereby given that a declaration has been filed pursuant to the Public Utility Holding Company Act of 1935 ("act"), and the general rules and regulations promulgated thereunder, by Standard Gas and Electric Company ("Standard Gas"), a registered holding company. The declarant has designated sections 11 (b) and 12 (d) of the act and Rule U-44 thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than September 23, 1948, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration proposed to be controverted or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 23, 1948, such declaration, as filed or as amended, may become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said declaration which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized below:

Standard Gas, which presently owns 750,000 shares (or 84.26%) of the outstanding Common Stock, \$20 par value, of Oklahoma Gas and Electric Company ("Oklahoma"), proposes to sell to underwriters 400,000 shares of its holdings of Common Stock of Oklahoma and to apply the net proceeds toward the payment of interest and principal on its outstanding notes payable to banks, due April 10, 1949, and aggregating \$20,694,384.95 as of June 30, 1948.

With the stated purpose of facilitating the proposed sale, Standard Gas proposes to stabilize the market price of Oklahoma Common Stock by purchases of such stock, if at that time deemed necessary or desirable, during the period between the effective date of this declaration and the time of the execution of its agreement with underwriters. It is proposed that the underwriters shall purchase any shares which Standard Gas may have publicly purchased pursuant to such program to stabilize, at the same price to be paid by the underwriters for the 400,000 shares of Oklahoma Common Stock.

Standard Gas requests that the Commission make the appropriate findings and tax recitals required by sections 371 (b), 371 (f), and 1808 (f) of the Internal Revenue Code.

Standard Gas also requests that the proposed sale be exempted from the competitive bidding provisions of Rule U-50 under the act.

Standard Gas further requests that the declaration be permitted to become effective as soon as practicable, following which, it will report by amendment the negotiations undertaken and the terms of the contract proposed to be entered into with the underwriters, and request the entry of a final order by the Commission authorizing the proposed sale.

By the Commission.
