PART 20-RETENTION PREFERENCE REGULA-TIONS FOR USE IN REDUCTION IN FORCE

> CLASSIFICATION; REINSTATEMENT PRIORITY

1. Effective as of September 30, 1949, § 20.3 is amended by the addition of the following unnumbered paragraph at the end of the section:

§ 20.3 Actention preference; classification. For the purpose of determining the relative rights to retention in the service in reductions in force, employees shall be classified in major groups A, B, and C according to tenure of employment, and by subgroups 1, 2, 3, and 4 on the basis of veteran preference and efficlency ratings as follows:

Effective September 30, 1949, each employee eligible to acquire competitive status under the authority of Executive Order 10080 will be classified in subgroup A-3 plus if entitled to veteran preference or subgroup A-4 plus if not entitled to veteran preference, until (1) it is determined that he will not be recommended by the agency for competitive status, (2) the time limit for recommending status is past, or (3) the recommended status is disapproved by the Civil Service Commission. Subgroup A-3 plus ranks between subgroups A-2 and A-3, and subgroup A-4 plus ranks between subgroups A-3 and A-4.

2. Effective as of September 30, 1949, § 20.11 (a) is amended by the addition of the following unnumbered paragraph:

§ 20.11 Reinstatement priority—(a) Reinstatement reserve list. \* \* \*

Any employee separated on or after September 30, 1949, who has acquired a competitive status under the authority of Executive Order 10080, shall be entitled, upon application to the agency from which separated, to have his name entered upon the appropriate reinstatement reserve list for the remaining portion of the one-year period following the date of the notice under which he was separated. (Secs. 11 and 19, 58 Stat. 390, 391; 5 U. S. C. 860, 868)

ture, 515 Southwest Tenth Avenue, Portland 5, Oreg.

Norman F. Horsey, Fruit and Vegetable Branch, PMA, U. S. Department of Agriculture, Washington 25, D. C.

§ 617.102 Approved countries. An approved country shall be any one of the following countries and territories, excluding dependent areas under their administration:

Austria, Belgium, Denmark, France, Bi-Zonal Germany, French Zone, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Sweden, Switzerland, Trieste, Turkey, United Kingdom, Israel, Egypt, Philippine Islands, Western Hemisphere Countries (except Canada, Cuba, Mexico and Venezuela).

§ 517.103 Rate of payment. The rate of payment shall be fifty (50) percent of the export sales price, computed before the deduction of such payment, basis free alongside ship United States port, Provided, however, That such payment shall not be in excess of fifty (50) percent of the domestic market price at the time of sale and place of delivery, as determined by the Secretary, or his authorized representative; And provided, jurther, That the place of delivery, for the purpose of determining the domestic market price at the time of sale, shall be a United States port of export which is on the seaboard nearest the area of production from which the fruit orig-inates. Such payment, however, shall not exceed \$1.25 per package as listed in \$517.104 (b) (3). The total amount invoiced the foreign buyer and the Secretary shall not exceed the export sales price as described herein.

§ 517.104 Eligibility for payment. (a) No payment will be made hereunder, unless the exporter executes and files Form FV-427, "Declaration of Sale and Intent to Export Fresh Apples under Program QMX 96a," with the designated representative of the Secretary, as indicated in § 517.101, nearest the principal office of the exporter. Form FV-427 must be filed separately for each lot sold for export and shall be mailed as promptly as possible after date of consummation of sale but in no event later than the date of export. No payment will be made if such form is mailed after such date of export, and no payment will be made in excess of the sum to be billed the Secretary as shown in the executed form FV-427, unless the Secretary or his representative, upon written request by the exporter, stating his reasons therefor, waives such delay in filing or approves such greater amount. The Secretary or his representative will notify the ex-porter as promptly as possible after receipt of any executed form FV-427 if any information shown in such form does not conform with the terms and conditions of this offer.

(b) Payment shall be made hereunder only with respect to fresh apples produced in the United States and sold for export which conform with the following requirements:

(1) Grades. Fresh apples exported under this program shall meet the requirements of U. S. No. 1 grade, or better, as defined in the latest United States Standards for Apples; or, shall meet the requirements of State Fancy grade, or better, of the State of origin, as defined in the latest respective State standards for apples. In addition, all apples exported under this program must meet the requirements of the Export Apple and Pear Act and the requirements of the United States standards for export except that the apples shall be wrapped in oiled paper, or a moderate amount of shredded oiled paper shall be scattered throughout the apples in the package.

(2) Inspection. Exporters shall be required to furnish, at no expense to the Secretary, certificates of inspection for each lot of fresh apples exported pursuant to this offer. Such certificates shall be issued by the Federal or Federal-State Inspection Service. Inspection for United States standards for export must be performed within ten (10) days prior to date of export; *Provided*, That, upon request of the exporter indicating his reasons therefor, the Secretary, or his representative, may, if he deems it desirable, grant an extension of time for such inspection.

(3) Export packing. All fresh apples to be exported under this program shall be suitably packed for export in a manner which shall reasonably assure their arrival in good condition in the country of destination. All packages shall be new, and all boxes and bushels shall be properly strapped for export. Export shipments may be made in any of the following:

Standard eastern apple boxes or standard northwestern apple boxes with caps and liners;

Standard export tub bushel baskets with caps and liners.

(c) No payment hereunder will be made in connection with any sale for export unless the sales contract is entered into on or after the effective date of this program and the fresh apples are exported pursuant to such sale, on or after the date of such sale and prior to 12:00 o'clock midnight, April 1, 1950. The sales contract must show the date of sale, sales price free alongside ship, United States port, quantity and description of the commodity, and country of destination.

(d) The exporter shall undertake, as a part of his "Declaration of Sale and Intent to Export Fresh Apples under Program QMX 96a," as required in paragraph (a) of this section, that the commodity exported under this program will thereafter not reenter the United States or its territories or possessions, or be diverted to other than an eligible country as listed herein (§ 517.102), in fresh or processed form (including damaged fruit and salvage therefrom). In the event of such reentry or diversion to other than an eligible country, the exporter shall refund to the Secretary any export payment received under this program with respect to the quantity involved in such reentry or diversion.

§ 517.105 Claims supported by proof of exportation. (a) The exporter shall file a separate claim for payment for each export sale under this program with the representative of the Secretary with whom he filed Form FV-427, "Declaration of Sale and Intent to Export Fresh

Apples under Program QMX 96a," not later than April 15, 1950: Provided, That, upon request of the exporter indicating his reasons therefor, the Secretary, or his representative, may, if he deems it desirable, grant an extension of time for such filing. Each claim for payment shall be filed in an original and three copies on youcher Form FDA-564, "Public Voucher-Diversion Programs," and shall be supported by (1) two certified copies of the sales contract, (2) two certified copies of the sales invoice to the buyer showing the contract price less the payment to be made by the Secretary, (3) two copies of the ocean on-board bill of lading signed by an agent of the steamship company, (4) the original and one copy of the inspection certificates required in paragraph (b) (2) of § 517.104. and (5) such other documents, if any, as may be required by the Secretary, or his representative, evidencing sale and exportation of the product on which payment is claimed.

The on-board bill of lading must show the quantity and description of the commodity, the date and place of loading on vessel, the destination of the commodity, and the name and address of both the exporter and consignee. If the shipper or consignor named in such bill of lading is other than the exporter (seller) named in the sales contract, the exporter shall furnish with his claim a waiver by such shipper or consignor, in favor of such exporter, of any right to claim payment under this program for the commodity covered by such bill of lading.

§ 517.106 Records and accounts. The exporter shall maintain adequate records showing purchases, sales, and deliveries of fresh apples exported or to be exported in connection with this program. Such records, accounts, and other documents relating to any transaction in connection with this program shall be available during regular business hours for inspection and audit by authorized employees of the United States Department of Agriculture, and shall be preserved for two years after the effective date of this program.

§ 517.107 Amendment and termination. The Secretary may amend this program at any time upon public announcement of such amendment, or may terminate this program at any time by giving five days' public notice thereof; such amendment or termination, however, shall not apply to sales made and declared under the program prior to the effective date of such amendment or termination.

§ 517.108 Persons not eligible. No member of or delegate to Congress, or resident Commissioner, shall be admitted to any share or part of any payment made under this program or to any benefit that may arise therefrom, but this provision shall not be construed to extend to a payment made to a corporation for its general benefit.

§ 517.109 Definitions. As used herein the following terms have the following meanings:

(a) "Secretary" means the Secretary of the United States Department of

Agriculture, or any authorized representative of the Secretary.

(b) "Exporter" means any individual. corporation, partnership, association, or other business entity engaged in the business of selling fresh apples for export, produced and packed in the continental United States.

(c) "Sale" or "sales contract" includes a contract to sell. The contract shall consist of a written instrument signed by buyer and seller or a written offer and acceptance evidenced by an exchange of telegrams, cablegrams, or letters.

(d) "Date of sale" means the date on which both buyer and seller signed a written contract or the date on which there was a written acceptance of a written offer or counteroffer to buy or sell, except that, where the contract is signed or the acceptance takes place during the period this offer is in effect, but the contract or acceptance is intended to take effect either before or after such period, the date of sale shall be the date on which the contract or acceptance is intended to take effect, as determined by the Secretary.

(e) "Date of export" of any lot shall be considered to be the date of execution of the ocean on-board bill of lading covering such lot.

(f) "Public announcement" and "public notice" means the issuance of a press release or the publication of a notice in the FEDERAL REGISTER.

Note: The record keeping and reporting requirements contained herein have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Effective date. This program shall be effective on October 13, 1949.

Dated this 12th day of October 1949. S. R. SMITH. [SEAL]

Authorized Representative of the Secretary of Agriculture.

[F. R. Doc. 49-8312; Filed, Oct. 14, 1949; 8:51 a. m.]

- 517.123 Definitions.

AUTHORITY: §§ 517.115 to 517.123 issued under sec. 32, 49 Stat. 774, as amended, 7 U. S. C. 612c; sec. 112, Pub. Law 472, 80th Cong., 62 Stat. 137.

§ 517.115 General statement. (a) In order to encourage the exportation of fresh winter pears produced in Oregon, Washington and California, the Secretary of Agriculture, pursuant to the authority conferred by section 32 of Public Law 320, 74th Congress, as amended, and section 112 (f) of the Foreign Assistance Act of 1948, offers to make payments to

U. S. exporters of fresh winter pears which are sold for export to an approved country as designated in § 517.116, subject to the terms and conditions hereinafter set forth.

(b) Information pertaining to the operation of this program and forms prescribed for use thereunder may be obtained from the following representatives of the Secretary:

J. H. Bryce, Fruit and Vegetable Branch,

 PMA, U. S. Department of Agriculture, 921
 Tenth Street, Sacramento 14, Calif.
 W. J. Broadhead, Fruit and Vegetable
 Branch, PMA, U. S. Department of Agriculture, 515 Southwest Tenth Avenue, Portland 5, Oreg.

Norman F. Horsey, Fruit and Vegetable Branch, PMA, U. S. Department of Agriculture, Washington 25, D. C.

§ 517.116 Approved countries. An approved country shall be any one of the following countries and territories, excluding dependent areas under their administration:

Austria, Belgium, Denmark, France, Bi-Zonal Germany, French Zone Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Sweden, Switzerland, Trieste, Turkey, United King-Portugal, Sweden, dom, Israel, Egypt, Philippine Islands, Western Hemisphere Countries (except Canada, Cuba, Mexico and Venezuela).

§ 517.117 Rate of Payment. The rate of payment shall be fifty (50) percent of the export sales price, computed before the deduction of such payment, basis free alongside ship United States port: Provided, however, That such payment shall not be in excess of fifty (50) percent of the domestic market price at the time of sale and place of delivery, as determined by the Secretary, or his authorized representative; And provided, further, That, the place of delivery, for the purpose of determining the domestic market price at the time of sale, shall be a United States port of export which is on the seaboard nearest the area of production from which the fruit originates. Such payment, however, shall not exceed \$1.25 per western standard pear box or \$0.621/2 per western standard half box as described in § 517.118 (b) (5). The total amount invoiced the foreign buyer and the Secretary shall not exceed the export sales price as described herein.

§ 517.118 Eligibility for payment. (a) No payment will be made hereunder, unless the exporter executes and files Form FV-428, "Declaration of Sale and Intent to Export Fresh Winter Pears under Program QMX 96a," with the representative of the Secretary, as indicated in § 517.115, nearest the principal office of the exporter. Form FV-428 must be filed separately for each lot sold for export and shall be mailed as promptly as possible after date of consummation of sale but in no event later than the date of export. No payment will be made if such form is mailed after such date of export, and no payment will be made in excess of the sum to be billed the Secretary as shown in the executed Form FV-428, unless the Secretary or his representative, upon written request by the exporter, stating his reasons therefor, waives such delay in filing or approves such greater amount. The Secretary or

his representative will notify the exporter as promptly as possible after receipt of any executed form FV-428 if any information shown in such form does not conform with the terms and conditions of this offer.

(b) Payment shall be made hereunder only with respect to fresh winter pears produced in Oregon, Washington or California and sold for export which conform with the following requirements:

(1) Varieties. Fresh winter pears which may be exported under this program shall be any of the following varieties: Bosc, Anjou, Comice, and Winter Nelis.

(2) Grades. Fresh winter pears exported under this program shall meet the requirements of U.S. No. 1 Grade, or better, as defined in the latest U.S. Standards for Winter Pears; provided, however, that the tolerance allowed for decay or internal break-down shall average not more than two (2) percent, by count, in any lot and shall not exceed ten (10) percent, by count, in any container up to and including January 31. 1950, and shall average not more than three (3) percent, by count, in any lot and shall not exceed ten (10) percent, by count, in any container on and after February 1, 1950. In addition, all winter pears exported under this program must meet the requirements of the Export Apple and Pear Act.

(3) Sizes. The sizes of pears which may be exported under this program shall be, for each variety, a size that will pack, in accordance with the "Standard Pack" requirements of the U. S. Standards for Winter Pears, not to exceed the following number of pears per western standard pear box: Bosc, 180; Anjou, 180: Comice 180; and Winter Nelis 225

180: Comice, 180; and Winter Nells, 225. (4) Inspection. Exporters shall be required to furnish, at no expense to the Secretary, certificates of inspection for each lot of fresh winter pears exported pursuant to this offer. Such certificates shall be issued by the Federal or Federal-State Inspection Service. A condition inspection must be performed within ten (10) days prior to date of export; provided, that, upon request of the exporter indicating his reasons therefor, the Secretary, or his representative, may, if he deems it desirable, grant an extension of time for such inspection.

(5) Export packing. All fresh winter pears to be exported under this program shall be suitably packed for export in a manner which shall reasonably assure their arrival in good condition in the country of destination. The commodity shall be properly packed for export in new containers, which shall be either the western standard pear box (inside dimensions,  $8'_{2}'' \ge 11'_{2}'' \ge 18''$ ) or the western standard half box (inside dimension,  $4'_{2}'' \ge 5'_{2}'' \ge 11'_{2}'' \ge 18''$ ), and each container shall be properly strapped for export.

(c) No payment hereunder will be made in connection with any sale for export unless the sales contract is entered into on or after the effective date hereof and the fresh winter pears are exported pursuant to such sale, on or after the date of such sale and prior to 12:00 o'clock midnight on the date specified below for each variety:

Bosc	Feb. 1,	1950
Comice	Mar. 15	, 1950
Anjou	May 15,	1950
Winter Nelis	May 15,	1950

The sales contract must show the date of sale, sales price free alongside ship, United States port, quantity and description of the commodity, and country of destination.

(d) The exporter shall undertake, as a part of his "Declaration of Sale and Intent to Export Fresh Winter Pears under Program QMX 96a," as required in paragraph (a) of this section, that the commodity exported under this program will thereafter not reenter the United States or its territories or possessions, or be diverted to other than an eligible country as listed herein (§ 517.116), in fresh or processed form (including damaged fruit and salvage therefrom). In the event of such reentry or diversion to other than an eligible country, the exporter shall refund to the Secretary any export payment received under this program with respect to the quantity involved in such reentry or diversion.

§ 517.119 Claims supported by proof of exportation. (a) The exporter shall file a separate claim for payment for each export sale under this program with the representative of the Secretary with whom he filed Form FV-428. "Declaration of Sale and Intent to Export Fresh Winter Pears under Program QMX 96a," not later than May 31, 1950: Provided, That, upon request of the exporter indicating his reasons therefor, the Secretary, or his representative, may, if he deems it desirable, grant an extension of time for such filing. Each claim for payment shall be filed in an original and three copies on voucher FDA-564, "Public Voucher-Form Diversion Programs," and shall be supported by (1) two certified copies of the sales contract, (2) two certified copies of the sales invoice to the buyer showing the contract price less the payment to be made by the Secretary, (3) two copies of the ocean on-board bill of lading signed by an agent of the steamship company, (4) the original and one copy of the inspection certificate(s) required in paragraph (b) (4) of § 517.118, and (5) such other documents, if any, as may be required by the Secretary, or his representative, evidencing sale and exportation of the product on which payment is claimed.

(b) The on-board bill of lading must show the quantity and description of the commodity, the date and place of loading on vessel, the destination of the commodity, and the name and address of both the exporter and consignee. If the shipper or consignor named in such bill of lading is other than the exporter (seller) named in the sales contract, the exporter shall furnish with his claim a waiver by such shipper or consignor, in favor of such exporter, of any right to claim payment under this program for the commodity covered by such bill of lading. \$ 517.120 Records and accounts. The exporter shall maintain adequate records showing purchases, sales, and deliveries of fresh winter pears exported or to be exported in connection with this program. Such records, accounts, and other documents relating to any transaction in connection with this program shall be available during regular business hours for inspection and audit by authorized employees of the United States Department of Agriculture, and shall be preserved for two years after the effective date of this program.

§ 517.121 Amendment and termination. The Secretary may amend this program at any time upon public announcement of such amendment, or may terminate this program at any time by giving five days public notice thereof; such amendment or termination, however, shall not apply to sales made and declared under the program prior to the effective date of such amendment or termination.

§ 517.122 Persons not eligible. No member of or delegate to Congress, or resident Commissioner, shall be admitted to any share or part of any payment made under this program or to any benefit that may arise therefrom, but this provision shall not be construed to extend to a payment made to a corporation for its general benefit.

§ 517.123 Definitions. As used herein, the following terms have the following meanings:

(a) "Secretary" means the Secretary of the United States Department of Agriculture, or any authorized representative of the Secretary.

(b) "Exporte." means any individual, corporation, partnership, association, or other business entity engaged in the business of selling fresh winter pears for export, produced and packed in the Continental United States.

(c) "Sale," or "sales contract" includes a contract to sell. The contract shall consist of a written instrument signed by buyer and seller or a written offer and acceptance evidenced by an exchange of telegrams, cablegrams, or letters.

(d) "Date of sale" means the date on which both buyer and seller signed a written contract or the date on which there was a written acceptance of a written offer or counteroffer to buy or sell, except that, where the contract is signed or the acceptance takes place during the period this offer is in effect, but the contract or acceptance is intended to take effect either before or after such period, the date of sale shall be the date on which the contract or acceptance is intended to take effect, as determined by the Secretary.

(e) "Date of export" of any lot shall be considered to be the date of execution of the ocean on-board bill of lading covering such lot.

(f) "Public announcement" and "public notice" mean the issuance of a press release or the publication of a notice in the FEDERAL REGISTER.

Note: The record keeping and reporting requirements contained herein have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Effective date. This program shall be effective on October 13, 1949.

Dated this 12th day of October, 1949. [SEAL] S. R. SMITH,

Authorized Representative of the Secretary of Agriculture. [F. R. Doc. 49-8311; Filed, Oct. 14, 1949;

#### SUBPART-1949 COTTON LOAN PROGRAM

LOANS ON AMERICAN-EGYPTIAN COTTON

The 1949 Cotton Loan Bulletin (1949 CCC Cotton Bulletin 1) (14 F. R. 3723) is hereby amended by adding § 607.29 to read as follows:

§ 607.29 Loans on American-Egyptian cotton. Loans on eligible American-Egyptian cotton will be made available to eligible producers. The provisions of the 1949 Cotton Loan Bulletin (1949 CCC Cotton Bulletin 1), applicable to loans on upland cotton, will also be applicable to loans on American-Egyptian cotton, except as follows:

(a) Loans will be available on those qualities of American-Egyptian cotton specified in the table of rates at the end of this section at the rates specified in such table.

(b) In addition to meeting the requirements for eligible cotton as set forth in  $\S$  607.4, all such cotton shall be of normal character and no such cotton shall be accepted for a loan with respect to which the classification indicates any reduction in grade or staple length because of irregularities or defects.

#### PART 633-MEAT ANIMALS AND MEAT PRODUCTS

#### SUBPART-SUPPORT PRICES FOR HOGS

§ 633.105 Support prices for hogs. (a) Announcement is hereby made that if necessary to support prices of hogs at 90 percent of parity until March 31, 1950, operations will be undertaken as hereinafter provided. Such operations will be conducted so as to maintain the U. S. average price received by farmers for hogs at monthly support levels rather than to maintain prices at weekly support levels for individual markets as heretofore announced for previous periods. The monthly support levels for the U. S. average price received by farmers for hogs for the period October 1949 through March 1950, based on parity price for hogs on September 15, 1949, are as follows:

1949	Dollars per 100 pounds	1950	Dollars per 100 pounds
October	16. 40	January	14.90
November	15. 00	February	15.50
December	14. 20	March	16.20

(b) If action is required to maintain the U. S. average price received by farmers for hogs at the above levels, the Commodity Credit Corporation will support prices by making purchases of pork products (hog sides, primal cuts, and other products) or through other appropriate action.

(c) Upon request addressed to the Director, Livestock Branch, Production and Marketing Administration, Department of Agriculture, Washington 25, D. C., information concerning pork products purchases will be provided if such operations are undertaken.

(d) In addition to the above monthly support levels, the following figures have been established for each week, to be used only as guides for support operations. This schedule of guides shows seasonal trends in the support level and approximates the level at which average prices of barrows and gilts must be maintained at sever, midwestern markets so that prices received by farmers will average out to the national support price. While the weekly guides are not considered as specific support levels, they will be used as a basis for comparison with the combined average weekly market price of barrows and gilts at the markets of Chicago, St. Louis National Stock Yards, South St. Paul, Sioux City, Omaha, Kansas City, and South St. Joseph.

## TITLE 7—AGRICULTURE

### Chapter VI—Soil Conservation Service, Department of Agriculture

PART 600-FUNCTIONS AND PROCEDURE

#### SALE OF FARM UNITS

Pursuant to the provisions of section 3 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 237, 238; 5 U. S. C. 1002), and the authority vested in me by order dated June 28, 1945 (10 F. R. 7959), paragraph (d) of § 600.6 (7 CFR 600.6 (d)) of Chapter VI, Title 7, Code of Federal Regulations, is amended to read as follows:

§ 600.6 Water conservation and utilization. \* \* \*

(d) Acquired project lands will be sold insofar as practicable in family-size farm units as determined by Regional Conservators. Prior to the time project lands have been developed for irrigation and irrigation water is available, land acquired by the Government may be leased to qualified operators upon appli-

#### Saturday, October 15, 1949

cation to the project supervisor. After acquired lands have been developed for irrigation and irrigation water is available, Regional Conservators will, except as to units to be sold to persons to whom commitments to purchase were made prior to September 11, 1946, and who have been approved by the Family Selection Committee, and except as to units occupied by tenants who are veterans of World War II, who meet the requirements of purchasers, and who wish to acquire the farm units on which they reside, advertise the number of familysize farm units on projects which will be available for sale and the number which will be available for lease, with option to purchase, at any specified time. For a period of 90 days after such advertisement preference in the sale or lease of farms will be given to qualified veterans of World War II as defined in the surplus property act of 1944 (58 Stat. 765. as amended, 50 U. S. C., app. 1611-1646). Application forms, for showing the applicant's qualifications, and information concerning the purchase of project farms may be obtained from the respective Project Supervisors or Regional Conservators. Prospective tenants and purchasers must, insofar as practicable, be in need of a family-type farm; be citizens of the United States; have had previous experience in farming where the major portion of the family income was from the farm; have a satisfactory credit reputation; and own or be in a position to secure necessary equipment and livestock to operate the land for which application is being made. In addition, prospective purchasers must be free from permanent infectious diseases or disabilities that are likely to obstruct the fulfillment of their obligations incident to the purchase of the farm. Applicants will be considered and passed upon by a Family Selection Committee composed of seven persons residing in the community or county in which the project is located. The applicants will be notified of the action taken by the Family Selection Committee.

(60 Stat. 237, 238, 5 U. S. C. 1002; Order, Ass't War Food Administrator, June 28, 1945, 10 F. R. 7959)

Issued this 6th day of October 1949.

[SEAL] M. L. NICHOLS, Acting Chief, Soil Conservation Service.

# Chapter VII-Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

#### PART 722-COTTON

PROCLAMATION OF NATIONAL MARKETING QUOTA AND NATIONAL ACREAGE ALLOTMENT FOR 1950 CROP

§ 722.101 Basis and purpose. This proclamation is issued to announce find-

### FEDERAL REGISTER

ings made by the Secretary of Agriculture with respect to the total supply and the normal supply of cotton for the marketing year beginning August 1, 1949, and to proclaim whether, upon the basis of such findings, a national marketing quota and a national acreage allotment for the 1950 crop of cotton are required under the following provisions of the Agricultural Adjustment Act of 1938, as amended, including amendments made by Public Law 272, 81st Congress, approved August 29, 1949:

#### NATIONAL MARKETING QUOTA

SEC. 342. Whenever during any calendar year the Secretary determines that the total supply of cotton for the marketing year beginning in such calendar year will exceed the normal supply for such marketing year, the Secretary shall proclaim such fact and a national marketing quota shall be in effect for the crop of cotton produced in the next calendar year. The Secretary shall also determine and specify in such proclamation the amount of the national marketing quota in terms of the number of bales of cotton (standard bales of five hundred pounds gross weight) adequate, together with (1) the esti-mated carry-over at the beginning of the marketing year which begins in the next calendar year and (2) the estimated imports during such marketing year, to make avail-able a normal supply of cotton. The na-tional marketing quota for any year shall be not less than ten million bales or one million bales less than the estimated domestic consumption plus exports of cotton for the marketing year ending in the calendar year in which such quota is proclaimed, whichever is smaller: *Provided*, That the national marketing quota for 1950 shall not be less than the number of bales required to provide a national acreage allotment of twenty-one million acres. Such proclamation shall be made not later than October 15 of the calendar year in which such determination is made.

#### ACREAGE ALLOTMENTS

SEC. 344 (a). Whenever a national marketing quota is proclaimed under section 342, the Secretary shall determine and proclaim a national acreage allotment for the crop of cotton to be produced in the next calendar year. The national acreage allotment for cotton shall be that acreage, based upon the national average yield per acre of cotton for the five years immediately preceding the calendar year in which the national marketing quota is proclaimed, required to make avail able from such crop an amount of cotton equal to the national marketing quota.

The findings and determinations made by the Secretary are contained in § 722.102 and have been made on the basis of the latest available statistics of the Federal Government. Prior to making such findings and determinations, notice was published in the FEDERAL REG-ISTER (14 F. R. 5945) that the Secretary was preparing to examine the supply situation to determine if quotas were required under the act and that any interested person might express his views in writing with respect thereto, postmarked not later than 10 days from the date of publication of the notice. All written expressions received postmarked not later than October 9, 1949, the closing date therefor referred to in the notice aforesaid, have been duly considered.

§ 722.102 Findings and determinations with respect to the national marketing quota and national acreage allotment for the 1950 crop of cotton-(a) Total supply. The total supply of cotton for the marketing year beginning August 1, 1949 is 20,659,000 running bales, consisting of (1) a carry-over on August 1, 1949 of 5.283,000 bales, (2) estimated production during the 1949 calendar year of 15,176,-000 bales, and (3) estimated imports into the United States during the marketing year beginning August 1, 1949 of 200,000 bales.

(b) Normal supply. The normal supply of cotton for the marketing year beginning August 1, 1949, is 16,250,000 running bales, consisting of (1) estimated domestic consumption for the marketing year beginning August 1, 1949. of 8,000,000 bales, (2) estimated exports of cotton during the marketing year beginning August 1, 1949, of 4,500,000 bales, and (3) 30 percent of the sum of subparagraphs (1) and (2) as an allowance for carry-over, which is 3,750,000 bales.

(c) National marketing quota. It is hereby determined and proclaimed that the total supply of cotton for the marketing year beginning August 1, 1949, will exceed the normal supply of cotton for such marketing year; therefore, a national marketing quota shall be in effect for the crop of cotton produced in the calendar year 1950. It is further determined and proclaimed that the amount of the national marketing quota for the 1950 crop of cotton shall be 11,733,750 bales of cotton (standard bales of 500 pounds gross weight). The amount of such quota has been determined under section 342 of the act which, in effect, provides that the 1950 quota shall be the largest of the following number of bales:

(1) The number of bales of cotton (standard bales of five hundred pounds gross weight) adequate, together with (i) the estimated carry-over at the beginning of the 1950-51 marketing year and (ii) the estimated imports during the 1950-51 marketing year, to make available a normal supply of cotton, 8.742.995 bales.

(2) The smaller of ten million bales or one million bales less than the estimated domestic consumption plus exports of cotton for the marketing year ending July 31, 1949 (11,791,066 bales). 10,000,000 bales.

(3) Not less than the number of bales required to provide a national acreage allotment of 21,000,000 acres, 11,733,750 bales.

(d) National acreage allotment. It is hereby determined and proclaimed that the national acreage allotment for the 1950 crop of cotton shall be 21,000,000 acres.

(52 Stat. 31, 38-43, 45, 55; 7 U. S. C. 1282, 1301, 1304, 1341; Pub. Law 272, 81st Cong., Aug. 29, 1949)

Done at Washington, D. C., this 12th day of October 1949. Witness my hand and seal of the Department of Agriculture.

K. T. HUTCHINSON, [SEAL] Acting Secretary of Agriculture.

[F. R. Doc. 49-8309; Filed, Oct. 14, 1949; 8:51 a.m.]

### Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 933-ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

#### APPROVAL OF BUDGET OF EXPENSES AND FIXING OF RATE OF ASSESSMENT

On September 22, 1949, notice of proposed rule making was published in the FEDERAL REGISTER (14 F. R. 5781) regarding the budget of expenses and the fixing of the rate of assessment for the 1949-50 fiscal period under Marketing Agreement No. 84, as amended, and Order No. 33, as amended (7 CFR, Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida. This regulatory program is effective pursuant to the Agricultural Marketing Agreement Act of 1937, as amended. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, which were submitted by the Growers Administrative Committee (established pursuant to the amended marketing agreement and order), it is hereby found and determined that:

§ 933.203 Budget of expenses and rate of assessment for the 1949-50 fiscal period. (a) The expenses necessary to be incurred by the Growers Administrative Committee established pursuant to the provisions of the aforesaid amended marketing agreement and order, for the maintenance and functioning, during the fiscal period beginning August 1, 1949, and ending July 31, 1950, both dates inclusive, of the Growers Administrative Committee and the Shippers Advisory Committee, established under the aforesaid amended marketing agreement and order, will amount to \$144,000 and the rate of assessment to be paid by each handler shall be four mills (\$0.004) per standard packed box of fruit shipped by such handler during the said fiscal period; and such rate of assessment is hereby fixed as each handler's pro rata share of the aforesaid expenses

(b) As used in this section, the terms "standard packed box," "handler," "shipped," and "fruit" shall have the same meaning as is given to each such term in said amended marketing agreement and order.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 7 CFR, Part 933)

Done at Washington, D. C., this 12th day of October 1949, to be effective 30 days after the date of publication hereof in the FEDERAL REGISTER.

[SEAL] K. T. HUTCHINSON, Acting Secretary of Agriculture.

[F. R. Doc. 49-8341; Filed, Oct. 14, 1949; 8:53 a. m.]

#### [Grapefruit Reg. 118]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

#### LIMITATION OF SHIPMENTS

§ 933.448 Grapefruit Regulation 118—(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR, Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than October 17, 1949. Shipments of grapefruit, grown in the State of Florida, have been subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, since September 12, 1949, and will so continue until October 17, 1949; the recommendation and supporting information for continued regulation subsequent to October 16 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on October 11; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time thereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time hereof.

(b) Order. (1) During the period beginning at 12:01 a. m., e. s. t., October 17, 1949, and ending at 12:01 a. m., e. s. t., October 31, 1949, no handler shall ship:
(i) Any grapefruit of any variety, no mander shall ship the properties of any variety.

grown in the State of Florida, which do not grade at least U. S. No. 2 Russet; (ii) Any seeded grapefruit, other than

(ii) Any seeded grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 80 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(iii) Any seedless grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 112 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(iv) Any pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 126 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, "handler," "variety," and "ship" shall have the same meaning as is given to each such term in said amended marketing agreement and order; and the terms "U.S. No. 2 Russet," "standard pack," and "standard nailed box" shall each have the same meaning as when used in the United States Standards for Grapefruit (7 CFR 51.191).

(48 Stat. 31, as amended; U. S. C. and Sup. 601 et seq.; 7 CFR, Part 933)

Done at Washington, D. C., this 13th day of October 1949.

#### [Orange Reg. 171]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

#### LIMITATION OF SHIPMENTS

§ 933.449 Orange Regulation 171-(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR, Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237: 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for

making the provisions hereof effective not later than October 17, 1949. Shipments of oranges, grown in the State of Florida, have been subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, since September 12, 1949, and will so continue until October 17, 1949; the recommendation and supporting information for continued regulation subsequent to October 16 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on October 11; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time thereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of oranges: and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time hereof.

(b) Order. (1) During the period beginning at 12:01 a. m., e. s. t., October 17, 1949, and ending at 12:01 a. m., e. s. t., October 31, 1949, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida which do not grade at least U. S. No. 2 Russet; or

(ii) Any oranges, except Temple oranges, grown in the State of Florida which are a size smaller than a size that will pack 288 oranges, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, the terms "handler" and "ship" shall each have the same meaning as when used in said order; and the terms "U. S. No. 2 Russet," "standard pack," and "standard nailed box" shall each have the same meaning as when used in the United States Standards for Oranges (7 CFR 51.192).

(48 Stat. 31, as amended; U. S. C. and Sup. 601 et seq.; 7 CFR, Part 933)

Done at Washington, D. C., this 13th day of October 1949.

[SEAL] S. R. SMITH, Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 49-8338; Filed, Oct. 14, 1949; 8:53 a. m.]

#### [Orange Reg. 297]

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

#### LIMITATION OF SHIPMENTS

 \$966.443 Orange Regulation 297 —
 (a) Findings. (1) Pursuant to the pro-No. 200—2

# FEDERAL REGISTER

visions of Order No. 66 (7 CFR, Cum, Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure. and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1946 ed. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

G

(b) Order. (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 16, 1949, and ending at 12:01 a. m., P. s. t., October 23, 1949, is hereby fixed as follows:

(i) Valencia oranges. (a) Prorate District No. 1: no movement;

(b) Prorate District No. 2: 1,150 carloads;

(c) Prorate District No. 3: no movement.

 (ii) Oranges other than Valencia oranges. (a) Prorate District No. 1: no movement;

(b) Prorate District No. 2: no movement;

(c) Prorato District No. 3: no movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 (11 F. R. 10258) of the rules and regulations contained in this part.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 14th day of October 1949.

[SEAL] S. R. SMITH, Director, Fruit and Vegetable Branch, Production and Marketing Administration.

PART 979-IRISH POTATOES GROWN IN

APPROVAL OF BUDGET OF EXPENSES AND

FIXING RATE OF ASSESSMENT

ing rules and regulations relative to a

proposed budget and rate of assessment,

to be made effective under Marketing

Agreement No. 103 and Order No. 79 (7

CFR, Part 979), regulating the handling of Irish potatoes grown in Eastern South

Dakota production area, was published

in the FEDERAL REGISTER (14 F. R. 5609).

This regulatory program is effective pur-

suant to the provisions of the Agricul-

tural Marketing Agreement Act of 1937.

as amended (48 Stat. 31, as amended;

7 U. S. C. 601 et seq.). After considera-

tion of all relevant matters presented,

including the rules and regulations set

forth in the aforesaid notice, which rules

and regulations were adopted and sub-

mitted for approval by the South Dakota

Potato Committee (established pursuant

to said marketing agreement and order),

the following rules and regulations are

of assessment. The expenses necessary to be incurred by the South Dakota

Potato Committee, established pursuant

to Marketing Agreement No. 103 and

Order No. 79, to enable such committee

to carry out its functions pursuant to the provisions of the aforesaid marketing

agreement and order during the fiscal year ending June 30, 1950, will amount

to \$2,500. The rate of assessment to be

paid by each handler who first handles

potatoes shall be five mills (\$0.005) per

§ 979.202 Budget of expenses and rate

hereby approved.

PART 4a-AIRPLANE AIRWORTHINESS

EMPTY WEIGHT AND C. G. DETERMINATION

Under sections 205 (a), 603 (c), and 609 of the Civil Aeronautics Act of 1938, as amended, the Administrator of Civil Aeronautics is authorized to inspect and reexamine aircraft for the purpose of determining whether they are in a condition for safe operation, and to adopt such procedures as he deems necessary to carry out these responsibilities.

Acting pursuant to the foregoing authority, and in accordance with section 3 of the Administrative Procedure Act, I hereby adopt the following policies:

§ 4a.723-1 New production aircraftempty weight and c. g. determination (CAA policies which apply to § 4a.723). See § 4a.725-1.

§ 4a.725-1 New production aircraftempty weight and c. g. determination (CAA policies which apply to § 4a.725)-(a) Purpose. The purpose of this section is to provide a procedure which will permit manufacturers of new aircraft, as described in paragraph (b) of this section to establish an average empty weight and empty c.g. for such aircraft, thus avoiding the necessity of weighing each aircraft.

(b) Coverage. Aircraft to which the procedure outlined herein may be applied are those which are newly manufactured in accordance with requirements contained in CAR 3 and CAR 4a (except transport category aircraft), and which are produced under the terms of a production certificate.

(c) Procedure. Manufacturers producing aircraft in accordance with the requirements prescribed in paragraph (b) of this section who are interested in establishing an average empty weight and empty c. g. in lieu of actually weighing each aircraft, should prepare and forward through the local Aviation Safety Agent to the Chief, Manufacturing Inspection Branch, for coordination and approval, a detailed proposal regard-

#### PROBATE BASE SCHEDULE-Continued VALENCIA ORANGES-continued

28	2		

ing the procedure to be followed in establishing the system outlined herein. Any proposal submitted by a manufacturer which can be shown to achieve the objective of the present requirements applying to weight and balance control; i. e., an accurate determination of average empty weight and empty c.g., will be considered acceptable.

(d) Example. The following example cutlines an acceptable method for effecting this system:

(1) Actually weigh and determine empty c. g. of five to ten aircraft of a particular model, which have comparatively identical equipment installed, to determine the average weight and c.g.

(2) Weigh an individual aircraft at regular intervals; e. g., each tenth aircraft, as circumstances and conditions may warrant, for the purpose of determining continued accuracy of the initial empty weight and c. g. established.

(3) When the spot checking, as prescribed in subparagraph (2) of this paragraph, indicates a variation in weight in excess of 1 percent of the initially established empty weight and/or a variation in the empty weight c. g. in excess of  $\frac{1}{2}$  percent of the MAC, a new average should be established in accordance with subparagraph (1) of this paragraph.

(4) Inasmuch as a weight and balance report is required in connection with each aircraft presented for certification, these reports may be computed for aircraft which are not actually weighed. Such reports should be marked "computed" for those aircraft which are not actually weighed, and other reports will be marked "actual."

These policies shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 205 (a), 52 Stat. 984, as amended by Reorg, Plans III and IV of 1940, 3 CFR, Cum. Supp., 5 F. R. 2107, 2421; 49 U. S. C. Interpret or apply sec. 603 (c), 425 (a). 609, 52 Stat. 1009, 1011, as amended by Reorg. Plans III and IV of 1940; 49 U. S. C. 553, 559)

#### [Supplement 2]

#### PART 26-AIR-TRAFFIC CONTROL-TOWER OPERATOR CERTIFICATES

#### CONTROL-TOWER OPERATOR RATINGS

Under sections 205 (a), 601, and 602 of the Civil Aeronautics Act of 1938, as amended, and §§ 26.7 and 26.8 of the Civil Air Regulations, the Administrator of Civil Aeronautics is authorized to prescribe examinations which must be passed by certificated air-traffic controltower operators before they may hold junior and senior ratings.

The general public is not particularly interested in the issuance of rules regarding the examination of air-traffic control-tower operators. Therefore, in adopting the following rules compliance with the notice, procedures, and effective date provisions of section 4 of the

Administrative Procedure Act would be unnecessary and is not required.

Acting pursuant to the foregoing authority, and in accordance with section 3 of the Administrative Procedure Act, I hereby adopt the following rules:

§ 26.7-1 Qualifications for controltower operator certificate—junior rating (CAA rules which apply to § 26.7 (d))-(a) Authority. Section 26.7 specifies certain subjects to be covered in the examination for a junior rating and in paragraph (d) permits additional subjects in which the Administrator may deem an examination necessary.

(b) Area of examination. Because of the additional privileges accorded the control-tower operator with junior rating in § 26.26, the current written junior rating examination is inadequate to cover the added duties. In the interest of safety, and so that full appraisal of the scope of the examination will become matters of public notice, the present written rating examination is changed to a practical examination. The following subjects in outline form will be the area of examination:

(1) Junior rating:

- (i) The control-tower: Hazards to operation. Equipment.
- Use of equipment.
- (11) The airport: Hazards to operation. Rules. Facilities.
- Use of facilities.
- (iii) The control zone: Hazards to operation. Prominent objects. Reporting points. Traffic pattern.
- (iv) Notices to airmen.
- (y) Weather facilities and procedures: Weather stations. Sequence reports.
  - Forecasts.
- Visibility check points. (vi) A demonstration of knowledge in the control of air traffic under VFR conditions.

§ 26.8-1 Qualifications for controltower operator certificate-senior rating. (CAA rules which apply to  $\S 26.8(a)(4)$ ) -(a) Authority. Section 26.8 (a) speci-

fies certain subjects to be covered in the examination for a senior rating and in subparagraph (4) permits additional subjects in which the Administrator may deem an examination necessary

(b) Area of examination. Because of additional facilities provided for the control of air traffic, it is deemed necessary that the rating examination be enlarged to cover the operation of such facilities. In the interest of safety and so that full appraisal of the area of the examination will become matters of public notice, the present written rating examination is changed to a practical examination. The following subjects in outline form will be the area of examination:

- (1) Senior rating:
- (i) The air traffic control facilities serving the airport:
  - The tower.
  - The center. The airways.
- (ii) Air navigation facilities: Beacons.
- Ranges
- Fan markers.

Compass locators. ILS -See note 1.

- GCA 1-See note 1.
- Any other. (iii) Use of Airman's Guide.
- (iv) Use of the Flight Information Manual.
- (v) Holding procedures.
- (vi) Standard approach procedures—air-craft, tower approach control—See note 1.
- (vii) Missed approaches.

- (viii) Alternate airports.
  (ix) Search and rescue procedures.
  (x) A demonstration of ability to control air traffic under IFR conditions.

These rules shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 205 (a), 52 Stat. 984, as amended by Reorg. Plans III and IV of 1940. 3 CFR, Cum. Supp., 5 F. R. 2107, 2421; 49 U. S. C. 425 (a). Interpret or apply secs. 601, 602, 52 Stat. 1007, 1008, as amended by 62 Stat. 1217; 49 U. S. C. 551, 552)

#### F. B. LEE. Acting Administrator of Civil Aeronautics.

[F. R. Doc. 49-8315; Filed, Oct. 14, 1949; 8:51 a. m.]

#### [Supplement 1]

#### PART 27-AIRCRAFT DISPATCHER CERTIFICATES

#### AIRCRAFT DISPATCHER COURSE

Under sections 205 (a), 601, and 602 of the Civil Aeronautics Act of 1938, as amended, and § 27.7 of the Civil Air Regulations, the Administrator of Civil Aeronautics is authorized to prescribe a course of instruction from which an applicant for an aircraft dispatcher certificate must graduate before he may become eligible to hold such certificate.

Acting pursuant to the foregoing authority, and in accordance with section 3 of the Administrative Procedure Act, I hereby adopt the following policies:

§ 27.7-1 Requirements for approved aircraft dispatcher course (CAA policies which apply to § 27.7 (e))-(a) Authority. Section 27.7 provides that an ap-plicant for an aircraft dispatcher certificate shall have met specified experience requirements or (paragraph (e)) be a graduate of an aircraft dispatcher course approved by the Administrator.

A graduate of an approved aircraft dispatcher course is deemed to have met the minimum experience requirements for the aircraft dispatcher certificate. Because no other experience is required, it is essential that a course approved under this section be of such content and scope which will insure the maximum proficiency of applicants qualifying as graduates.

(b) Application for approval and training course outline—(1) Application for approval. An applicant desiring approval for an aircraft dispatcher course of study shall submit the following ma-terial to the local agent:

<sup>&</sup>lt;sup>1</sup>Applicable only where the procedures have been established or facility is installed.

(i) Three copies of the proposed course outline.

(ii) A description of the facilities and equipment to be used in the training.

(iii) A roster of instructors who are to teach the course of study with their qualifications.

(iv) A statement as to the continuity and duration of the course of study.

A letter of transmittal addressed to the Administrator of Civil Aeronautics shall be attached, and the letter shall contain a request for approval of the course of study submitted. The request for approval should be submitted to the nearest regional office of the Civil Aeronautics Administration through the local Aviation Safety agent.

(2) Training Course Outline. It is not mandatory that the course outline submitted be arranged by subject headings as listed in the following example; any arrangement of general headings and subheadings will be satisfactory, provided all the subject material listed here is included, and the acceptable minimum number of hours is assigned to each subject. Each general subject shall be broken down into detail showing items to be covered in the course.

If the applicant for the approved course desires to include additional subjects in the training curriculum other than those which are required, the hours allotted such additional subjects may not be included in the hourly requirements of the approved training course. Subjects not required for approval should be separated from the required aircraft dispatcher subjects and the time devoted thereto shall not be applied toward meeting the established time minimums.

tendance at any one time. Such classrooms shall be properly heated, lighted, and ventilated.

(2) Equipment and material. Material and equipment of the kind and quantity necessary to give each student the theoretical and practical training in the use of such material and equipment to qualify him to perform the duties and functions of an aircraft dispatcher.

(d) Instructors. (1) The quantity of instructors available for conducting the course of study shall be determined according to the needs and facilities of the applicant. However, the ratio of students per instructor should not exceed 25 students for one instructor.

(2) It is preferable that all instructors be possessed of a currently effective aircraft dispatcher certificate. However, at least one instructor who possesses a currently effective aircraft dispatcher certificate must be available for coordination of the training course instruction.

(e) Revision of training course. Requests for revision of course outlines, facilities, and equipment shall be accomplied in the same manner established for securing approval of the original course of study. Revisions should be submitted in such form that an entire page or pages of the approved outline can be removed and replaced by the revision.

The list of instructors may be revised at any time without request for approval, provided the minimum requirements are maintained and the local agent is notified.

(f) Credit for previous experience or training. A course operator may evaluate an entrant's previous experience or training and where the training or experience is provable and comparable to portions of the approved course curriculum, may, as each individual case warrants, allow credit for such, commensurate with accepted training practices. Where credit is allowed, the basis for allowance and the total hours credited shall be incorporated as a part of the student's records, provided for in paragraph (g) of this section.

(g) Student records and reports. (1) A course operator shall keep an accurate record of each student, which shall be made available to representatives of the Administrator. Among other things the record shall include:

 A running account of the hours of classroom instruction given each student.

- (ii) Subjects covered.
- (iii) Hours devoted to each subject.
- (iv) Periodic examination results.
- (v) Final examination results.

(vi) When credits are granted for previous experience or training, the approved course operator shall keep an accurate record of the examination, examination grades, nature of previous experience or training, and amount of credit granted.

(2) In addition to student records, a course operator shall submit an annual report to the Civil Aeronautics Administration on or before January 31 of each year. The report shall include:

(i) Names and addresses of all students graduated with their school examination grades.

(ii) Names of the students who have failed or were dropped from the course of study, with the grades made by each student and a brief explanation of the reasons for dismissal.

(h) Standards of instruction. The standards of instruction shall be such, that at least eighty (80) percent of the students who apply within ninety days after graduation will be able to qualify on the first attempt for certification as an aircraft dispatcher.

(i) Statement of graduation. Each student who successfully completes the approved aircraft dispatcher course shall be given a statement of graduation. An acceptable statement of graduation is: Civil Aeronautics Administration,

# Washington 25, D. C.

GENTLEMEN: This is to certify that (name of graduate) on (dated of graduation), successfully completed a course of training for aircraft dispatchers which is approved by the Administrator of Civil Aeronautics.

Signed \_\_\_\_\_ Title \_\_\_\_\_ School \_\_\_\_\_

(j) Cancellation of approval. The failure to meet or maintain any of the requirements established herein for the approval and operation of an approved course of study shall be considered sufficient grounds for cancellation of the approval to operate an approved course of study.

If an approved course operator should desire voluntary cancellation of the course of study, a letter should be directed to the Administrator of Civil Aeronautics through the local agent requesting cancellation.

(k) Change of ownership, name, or location—(1) Change of ownership. The approval of a course of training for aircraft dispatchers is not transferable nor assignable. A merger of course operators or approved courses or any other device of consolidation will require reapproval of the course of study for the successor operator. The course of study will be approved in the same manner as an original training curriculum as provided for in paragraph (b) (1) of this section.

(2) Change in the name of the operator. A course operator may change the name under which the approved course operates, without invalidating the initial approval. However, the new name must be reported immediately to the local agent.

(3) Change in location. A change in location of an approved course of study will not invalidate original course approval. However, such change must be reported immediately to the local agent.

These policies shall become effective upon publication in the FEDERAL REGIS-TER.

(Sec. 205 (a), 52 Stat. 984, as amended by Reorg. Plans III and IV of 1940, 3 CFR, Cum. Supp., 5 F. R. 2107, 2421; 49 U. S. C. 425 (a). Interpret or apply secs. 601, 602, 52 Stat. 1007, 1008, as amended by 62 Stat. 1217; 49 U. S. C. 551, 552)

#### [Supplement 2]

PART 42—NONSCHEDULED AIR CARRIER CER-TIFICATION AND OPERATION RULES

#### OPERATING LIMITATIONS AND PERFORMANCE DATA

Acting pursuant to authority contained in sections 205 (a) and 601 of the Civil Aeronautics Act of 1938, as amended, and § 42.80 of the Civil Air Regulations, and in accordance with section 3 of the Administrative Procedure Act, the following rules are hereby prescribed. They are made effective without delay in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

§ 42.80–1 Operating limitations and performance data for large, passengercarrying, non-transport category aircraft (CAA rules which apply to § 42.80). Prior to January 1, 1950, passengercarrying aircraft not certificated in the transport category shall be operated in accordance with such operating limitations as the Administrator shall determine will provide a safe relation between the performance of the aircraft and the airports to be used and the areas to be traversed. It has been determined that, in the interest of safety, effective November 1, 1949, passenger-carrying Curtiss C-46 airplanes designated as Models A, D, and E, and the F model which has a maximum certificated weight of 45,000 pounds, shall be operated in accordance with the following operating limitations:

(a) Take-off limitations. No take-off shall be made except under conditions which will permit the airplane to be brought to a safe stop within the effective length of the runway from any point on take-off up to the time of attaining, with all engines operating at normal take-off power, 105% of the minimum control speed or 115% of the power-off stall speed in the take-off configuration, whichever is greater, as shown by the accelerate-stop distance data.

(1) In applying this requirement takeoff data shall be based upon still-air conditions, and no correction shall be made for any uphill gradient of 1% or less when such percentage is measured as the difference between elevation at the end points of the runway divided by the total length. For all uphill gradients greater than 1%, the effective take-off length of the runway shall be reduced 20% for each 1% grade.

(2) At the option of the air carrier, consideration of the "effective length" of the runway and of runway gradient may be omitted, provided that the accelerate-stop distance does not exceed 85% of the length of the runway.

(b) En route limitations. No airplane shall be taken off at a weight in excess of that which, with the critical engine inoperative, would permit a rate of climb of at least 50 feet per minute at an al-titude of at least 1,000 feet above the elevation of the highest ground or obstruction within 10 miles of either side of the intended track or at an altitude of 5,000 feet, whichever is higher. For the purpose of this section it shall be assumed that the weight of the airplane a: it proceeds along its intended track is progressively reduced by the anticipated consumption of fuel and oil; that the propeller of the inoperative engine is in the minimum drag position; that the wing flaps and landing gear are in the most favorable positions; and that the remaining engine or engines are operating at the maximum continuous power available. The 10-mile lateral distance specified herein may, for a distance of no more than 20 miles, be reduced to 5 miles provided that special air navigational facilities provide a reliable and accurate identification of any high ground or obstruction located outside of such 5-mile lateral distance but within the 10-mile distance.

(c) Landing limitations. No airplane shall be taken off at a weight in excess of that which, under the conditions hereinafter stated in subparagraphs (1) and (2) of this paragraph, would permit the airplane to be brought to rest at the field of intended destination within 70% of the effective length of the runway from a point 50 feet directly above the intersection of the obstruction clearance line and the runway. For the purpose of this section it shall be assumed that the takeoff weight of the airplane is reduced by the weight of the fuel and oil expected to be consumed in flight to the field of intended destination.

(1) It shall be assumed that the aircraft is landed on the most favorable runway and direction for zero wind conditions.

(2) It shall be assumed, considering every probable wind velocity and direction, that the aircraft is landed on the most suitable runway, taking due account of the ground handling characteristics of the airplane and allowing for the effect on the landing path and roll of not more than 50% of the favorable wind component.

(3) If the airport of intended destination will not permit full compliance with subparagraph (2) of this paragraph, the aircraft may be taken off if an alternate airport is desiganted which permits compliance with subparagraphs (1) and (2) of this paragraph.

(4) At the option of the air carrier, consideration of the "effective length" of the runway and of the wind conditions specified in subparagraphs (2) and (3) of this paragraph may be omitted provided that the distance to bring the airplane to rest from a point 50 feet directly above the beginning of the most favorable runway shall not exceed 55% of the length of the runway.

(d) Performance data. In determining compliance with the provisions of the foregoing operating limitations, the performance data set forth hereinafter as tables 1, 2, and 3 shall be used:

### RULES AND REGULATIONS

#### TABLE 1-TAKE-OFF LIMITATIONS

(a) "Effective length" of runway required when effec-tive length is determined in accordance with CAR 42.1 (a) (12). (Distance to accelerate to 107 m. p. h., TIAS, and stop.)

	Airplane weight in pounds					
Alti- tude in feet	40,000	42,000	44,000	45,000

38,000 36,000	10,700	9,700 11,350

<sup>1</sup> Altitude at which airplane meets climb requirement of CAM 42.80-1 (b), <sup>3</sup> Highest altitude of terrain over which airplane may be operated in compliance with CAM 42.80-1 (b).

TABLE 3-LANDING LIMITATIONS

(a) "Effective length" of runway required when effective length is determined in accordance with CAR 42.1 (a) (12).

	Airplane weight in pounds					
Altitude in feet	40, 000	42, 000	44, 000	45, 000		
		Distanc	e in feet			
S. L 1,000	3, 700 3, 800	3, 855 3, 960	4,030	4,110		
2,000 3,000 4,000	3,900 4,050 4,110	4,070 4,180 4,290	4,250 4,360 4,475	4, 335 4, 450 4, 565		
5,000	4,215 4,330	4,400 4,515	4, 595 4, 710	4,680		

(b) Actual length of runway required when effective length, considering obstacles, is not determined in ac-cordance with CAR 42.1 (a) (12).

Ster.	Airplane weight in pounds					
Alti- tude in feet	40,000	42,000	44,000	45,000		
-	Distance in feet					
S. L 1,000 2,000 3,000 4,000 5,000 6,000	4, 710 4, 840 4, 965 5, 155 5, 230 5, 365 5, 510	4,910 5,040 5,180 5,320 5,460 5,600 5,745	5, 130 5, 270 5, 410 5, 550 5, 695 5, 850 5, 995	5, 230 5, 370 5, 520 5, 665 5, 810 5, 955 6, 110		

These rules shall become effective November 1 1949

(Sec. 205 (a), 52 Stat. 984, as amended by Reorg. Plans III and IV of 1940, 3 CFR, Cum. Supp., 5 F. R. 2107, 2421; 49 U. S. C. 425 (a). Interpret or apply sec. 601, 52 Stat. 1007, as amended by 62 Stat. 1217; 49 U. S. C. 551)

DONALD W. NYROP, [SEAL] Acting Administrator of Civil Aeronautics.

[F. R. Doc. 49-8266; Filed, Oct. 14, 1949; 8:45 a. m.]

#### [Supplement 2]

#### PART 50-AIRMAN AGENCY CERTIFICATES

FLYING SCHOOL CURRICULUM

Under sections 205 (a), 601, and 607 of the Civil Aeronautics Act of 1938, as amended, and § 50.13 of the Civil Air Regulations, the Administrator of Civil Aeronautics is authorized to prescribe curriculums for flying schools.

The general public is not particularly interested in the issuance of rules regarding flying school curriculums. There-fore, in adopting the following rules, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be unnecessary and is not required.

Acting pursuant to the foregoing authority, and in accordance with section 3 of the Administrative Procedure Act, I hereby adopt the following rules:

§ 50.13-1 Commercial pilot training curriculum requirements for approved airman agencies (CAA rules which apply to § 50.13 (b))-(a) General. The rules set forth in this section will be applied by the Civil Aeronautics Administration to qualify graduates of approved commercial flying schools to meet the experience requirements necessary for commercial pilot certification.

Each operator of an approved airman agency commercial flying school is urged to alter, if necessary, the present phase of night flying training so as to allow their trainees to conform with the international commercial pilot night flying requirements during the stipulated ten hours of night flight training. This may be accomplished by allowing each trainee to fly at least five hours and make a minimum of ten take-offs and landings while solo or serving as pilot in command.

Graduates of commercial flying schools who have not met the night landing requirements of § 20.35 (a) of the Civil Air Regulations will have the following statement entered upon their graduation certificate: "Holder does not meet the international night flight requirements of ICAO."

(b) Commercial curriculum for night flying. A total of ten hours of pilot in command, dual, or solo night flying must be given. Whenever practicable, at least three hours should be cross-country over lighted airways. During this phase of training, at least five hours, including ten take-offs and ten landings should be accomplished while solo, or while serving

as pilot in command and the sole manipulator of the controls.

\$ 50,13-2 Primary and commercial pilot training curriculum requirements jor approved airman agencies (CAA rules which apply to §§ 50.13 (a) and 50.13 (b))-(a) General. The rules set forth in this section will be applied by the Civil Aeronautics Administration in preparing graduates of approved primary and commercial flying schools to meet the experience and flight test requirements necessary for private and commercial pilot certification. Effective August 15, 1949, all graduates of primary or commercial approved flying schools will not be required to accomplish spins during the flight test for either private or commercial pilot certificates. We urge each operator of an approved primary or commercial flying school to utilize the training flight time thus saved in additional stall practice, thereby improving each trainee's recognition of the flight characteristics encountered under slow flight or partial stall conditions.

Graduates of approved airman agency flight instructor schools are unaffected by this provision.

These rules shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 205 (a), 52 Stat. 984, as amended by Reorg. Plans III and IV of 1940, 3 CFR, Cum. Supp., 5 F. R. 2107, 2421; 49 U. S. C. 425 (a). Interpret or apply secs. 601, 607, 52 Stat. 1007, 1011, as amended by 62 Stat. 1217; 49 U. S. C. 551, 557)

[SEAL] F. B. LEE, Acting Administrator of Civil Aeronautics.

[F. R. Doc. 49-8316; Filed, Oct. 14, 1949; 8:51 a. m.]

#### [Supplement 7, Amdt. 13]

PART 60-AIR TRAFFIC RULES

DANGER AREA ALTERATIONS

Under sections 205 and 601 of the Civil Aeronautics Act of 1938, as amended, and § 60.13 of the Civil Air Regulations, the Administrator of Civil Aeronautics is authorized to designate as a danger area any area within which he has determined that an invisible hazard to aircraft in flight exists, and no person may operate an aircraft within a danger area unless permission for such operation has been issued by appropriate authority. Such areas have been designated and published

The following danger area alterations have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and should be adopted without delay, in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Acting pursuant to sections 205 and 601 of the Civil Aeronautics Act of 1938, as amended, and § 60.13 of the Civil Air Regulations, and in accordance with sections 3 and 4 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter I,

Part 60. § 60.13-1, as follows:

FEDERAL REGISTER

1. The Rainbow Point, Florida, listing is amended by changing the "Name and Location (Chart)" column to read: "Dinner Point (Orlando Chart)"

2. A Camp Ripley, Minnesota, area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
Camp Ripley (Du- luth Chart).	N boundary: lat. 46°10'30" N 8 boundary: lat. 46°09'55" N. E boundary: long. 94°21'00" W. W boundary: long. 94°26'00" W.	Surface to 30,000 feet.	Continuous	Camp Ripley, Minn.

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
Plum Tree Island (Norfolk Chart).	Beginning at lat. 37°06'00" N, long. 76°16'00" W; due N to lat. 37°12'00" N; due W to long. 76°22'30" W: southerly to lat. 37°06'00" N, long. 76°22'00" W; due E to lat. 37°06'00" N, long. 76°16'- 00" W, point of beginning. # Chapter II—Civil Aeronautics Administration

[Amdt. 21]

PART 600-DESIGNATION OF CIVIL AIRWAYS

MISCELLANEOUS AMENDMENTS

It appearing that (1) the increased volume of air traffic between certain points necessitates, in the interest of safety in air commerce, the immediate realignment and establishment of civil airways between such points; (2) the realignment and establishment of the civil airways referred to in (1) above, have been coordinated with the civil operators involved, the Army, and the Navy, through the Air Coordinating Committee, Airspace Subcommittee; and (3) compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required:

Now therefore, acting under authority contained in sections 205, 301, 302, 307 and 308 of the Civil Aeronautics Act of 1938, as amended, and pursuant to section 3 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter II, Part 600, as follows:

Designation and Redesignation of Civil Airways: Green Civil Airway No. 5; Amber Civil Airway No. 1; Red Civil Airways Nos. 29, 42, 55 and 74; Blue Civil Airways Nos. 32, 45 and 46

1. Section 600.15, Green Civil Airway No. 5 (Los Angeles, Calif., to Boston, Mass.) is corrected to change "Cochise, N. Mex." to read "Cochise, Ariz.".

2. Section 600.101 is amended to read:

§ 600.101 Amber civil airway No. 1 (United States-Mexican Border to Nome, Alaska). From the intersection of the southeast course of the San Diego, Calif., radio range and the United States-Mexican Border via the San Diego, Calif., radio range station; the intersection of the northwest course of the San Diego, Calif., radio range and the southeast course of the Long Beach, Calif., radio range; Long Beach, Calif., radio range station to the Los Angeles, Calif., radio range station. From the intersection of the north course of the Los Angeles, Calif., radio range and the southwest course of the Palmdale, Calif., radio range via the Bakersfield, Calif., radio range station; Fresno, Calif., radio range station; Sacramento, Calif., radio range station; Williams, Calif., radio range station; Red Bluff, Calif., radio range station; Fort Jones, Calif., radio range station; Medford, Oreg., radio range station; Eugene, Oreg., radio range station; Portland, Oreg., radio range station; Toledo, Wash., radio range station; Seattle, Wash., radio range station; Everett, Wash., radio range station; Bellingham, Wash., radio range station to the inter-

section of the northwest course of the Bellingham, Wash., radio range and the United States-Canadian Border. From the intersection of the southeast course of the Sitka (Biorka Island), Alaska, radio range and the U. S.-Canadian Bor-der via the Sitka (Biorka Island), Alaska, radio range station; Yakutat, Alaska, radio range station; the intersection of the northwest course of the Yakutat, Alaska, radio range and the southeast course of the Cordova (Hinchinbrook Island), Alaska, radio range; Cordova (Hinchinbrook Island), Alaska, radio range station; the intersection of the northwest course of the Cordova (Hinchinbrook Island), Alaska, radio range and the southeast course of the Anchorage, Alaska, radio range; Anchorage, Alaska, radio range station; Skwentna, Alaska, radio range station; the intersection of the northwest course of the Skwentna, Alaska radio range and the southeast course of the Farewell, Alaska, radio range; Farewell, Alaska, radio range station; McGrath, Alaska, radio range station; Unalakleet, Alaska, radio range station to the Nome, Alaska, radio range station.

3. Section 600.229 is amended to read:

§ 600.229 Red civil airway No. 29 (Rochester, N. Y., to Baltimore, Md.). From the intersection of the southwest course of the Rochester, N. Y., radio range and the east course of the Buffalo, N. Y., radio range to the intersection of the southwest course of the Rochester. N. Y., radio range and the northwest course of the Elmira, N. Y., radio range. From the intersection of the southeast course of the Elmira, N. Y., radio range and the north course of the Williamsport, Pa., radio range via the Williamsport, Pa., radio range station and the Harrisburg, Pa., radio range station; the Baltimore, Md., radio range station to the intersection of the south course of the Baltimore, Md., radio range and the southeast course of the Brandywine, Md., radio range, excluding that portion which lies more than two miles east of the south course of the Baltimore, Md., radio range between the intersection of the south course of the Baltimore, Md., radio range and the southern boundary of Red civil airway No. 45 and the intersection of the south course of the Baltimore, Md., radio range and the southeast course of the Washington, D. C., radio range, and excluding those portions which overlap danger areas.

4. Section 600.242 is amended to read:

§ 600.242 Red civil airway No. 42 (Milwaukee, Wis., to LaFayette, Ind.). From the intersection of the west course of the Milwaukee, Wis., radio range and the northwest course of the Chicago, Ill., radio range to the intersection of the east course of the Rockford, Ill., radio range and the northwest course of the Chicago, Ill., radio range. From the intersection of the southeast course of the Rockford. Ill., radio range and the west course of the Goshen, Ind., radio range to the intersection of the southeast course of the Rockford, Ill., radio range and the southeast course of the Chicago, Ill., radio range.

4

#### 5. Section 600.255 is amended to read:

§ 600.255 Red civil airway No. 55 (Burlington, Iowa, to Columbus, Ohio). From the Burlington, Iowa, radio range station via the Peoria, III., radio range to the intersection of the east course of the Peoria, III., radio range and the southwest course of the Joliet, III., radio range. From the South Bend, Ind., radio range station via the Goshen, Ind., radio range station; the Findlay, Ohio, nondirectional radio marker beacon to the Columbus, Ohio, radio range station.

#### 6. Section 600.274 is amended to read:

§ 600.274 Red civil airway No. 74. (Louisville, Ky., to Cincinnati, Ohio). From the Louisville, Ky., radio range station via the intersection of the north course of the Louisville, Ky., radio range and a line 241° magnetic from the Covington, Ky., VOR radio range station to the Covington, Ky., VOR radio range station.

7. Section 600.632 is amended to read:

§ 600.632 Blue civil airway No. 32 (Pendleton, Oreg., to Fairbanks, Alaska). From the Pendleton, Oreg., radio range station via the intersection of the northwest course of the Pendleton, Oreg., radio range and the southeast course of the Yakima, Wash., radio range to the Yakima, Wash., radio range station. From the Seattle, Wash., radio range station via the intersection of the northwest course of the Seattle, Wash., radio range and the south course of the Patricia Bay, B. C., radio range to the intersection of the south course of the Patricia Bay, B. C., radio range and the U. S.-Canadian Border. From the intersection of the northeast course of the Kenai, Alaska, radio range and the west course of the Anchorage (Merrill), Alaska, radio range to the intersection of the northwest course of the Anchorage (Merrill). Alaska, radio range and the northeast course of the Kenai, Alaska, radio range. From the Skwentna, Alaska, radio range station via the intersection of the northeast course of the Skwentna, Alaska, radio range and the southwest course of the Summit. Alaska, radio range to the Summit, Alaska, radio range station.

8. Section 600.645 is amended to read:

§ 600.645 Blue civil airway No. 45 (Lake Charles, La., to Baton Rouge, La.). From the intersection of the east course of the Lake Charles, La., radio range and the southwest course of the Baton Rouge, La., radio range to the Baton Rouge, La., radio range station.

9. Section 600.646 is amended to read:

§ 600.646 Blue civil airway No. 46 (Los Angeles, Calif., to Oakland, Calif.). From the Lebec, Calif., fan marker to the intersection of the southeast course of the Oakland, Calif., radio range and the northeast course of the Salinas, Calif., radio range.

10. Section 600.1002 "Other Civil Airways"—Rapid City, S. Dak., to Spearfish, S. Dak., is revoked.

This amendment shall become effective 0001 E. S. T., October 18, 1949. (Secs. 205 (a), 308, 52 Stat. 984, 986; 49 U. S. C. 425 (a), 458; Reorg. Plan No. IV of 1940, 3 CFR Cum. Supp., 5 F. R. 2421, Interprets or applies secs. 301, 302, 307, 52 Stat. 985, 986, as amended, Pub. Law 872, 80th Cong.; 49 U. S. C. 451, 452, 457)

[SEAL] E. M. STURHAHN, Acting Administrator of Civil Aeronautics.

#### [Amdt. 25]

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

#### MISCELLANEOUS AMENDMENTS

It appearing that (1) the increased volume of air traffic between certain points necessitates, in the interest of safety in air commerce, the immediate redesignation and establishment of control areas, control zones, and reporting points between such locations; (2) the redesignation and establishment of control areas and control zones referred to in (1) above, have been coordinated with the civil operators involved, the Army and the Navy, through the Air Coordinating Committee, Airspace Subcommittee; and (3) compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required:

Now therefore, acting under authority contained in sections 205, 301, 302, 307 and 308 of the Civil Aeronautics Act of 1938, as amended, and pursuant to section 3 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter II, Part 601, as follows:

Designation and Redesignation of Control Areas: Amber Civil Airway No. 1; Red Civil Airways Nos. 41 and 42; Blue Civil Airways Nos. 31 and 38; Designation and Redesignation of Control Zones; Designation and Redesignation of Reporting Points: Green Civil Airway No. 3; Amber Civil Airways Nos. 1 and 7; Red Civil Airways Nos. 27, 30 and 42; Blue Civil Airway No. 38

#### 1. Section 601.101 is amended to read:

§ 601.101 Amber civil airway No. 1 (United States-Mexican Border to Nome, Alaska). Those portions of Amber civil airway No. 1 within the limits of the continental United States; from the U. S.-Canadian Border to a point 25 miles northwest of the Cape Spencer intersection, and from a line extended at right angles across such airway through a point 50 miles southeast of the Cordova, Alaska, radio range station to a line extended at right angles across such airway through a point 25 miles northwest of the Skwentna, Alaska, radio range station.

2. Section 601.241 is amended to read:

§ 601.241 Red civil airway No. 41 (Yakutat, Alaska, to Gustavus, Alaska). All of Red civil airway No. 41.

~

3. Section 601.242 is amended by changing caption to read: "Red civil airway No. 42 (Milwaukee, Wis., to La Fayette, Ind.).

4. Section 601.632 is amended to read:

§ 601.632 Blue civil airway No. 32 (Pendleton, Oreg. to Fairbanks, Alaska). From the Pendleton, Oreg., radio range station to the U. S.-Canadian Border. From the intersection of the northeast course of the Kenai, Alaska, radio range and the west course of the Anchorage (Merrill), Alaska, radio range to the intersection of the northwest course of the Anchorage (Merrill), Alaska, radio range and the northeast course' of the Kenai, Alaska, radio range. From the Skwentna, Alaska, radio range station to a line extended at right angles across such airway through a point 25 miles northeast of the radio range station.

5. Section 601.638 is amended to read:

§ 601.638 Blue civil airway No. 38 (Annette Island, Alaska, to United States-Canadian Border). All of Blue civil airway No. 38.

6. Section 601.1027 is amended to read:

§ 601.1027 Control area extension (Kansas City, Mo.). All that area within a 42 mile radius of the Kansas City, Mo., Municipal Airport excluding that area outside existing civil airways that lies within the south quadrant of the Kansas City radio range.

7. Section 601.1093 is amended to read:

§ 601.1093 Control area extension (Fargo, N. Dak.). From the Fargo, N. Dak., radio range station extending 5 miles either side of the east course of the radio range to a point 20 miles east of the Glyndon fan marker, and extending from the ILS localizer 5 miles either side of the localizer course to a point 20 miles south of the outer marker.

8. Section 601.1111 is amended to read:

§ 601.1111 Control area extension (San Diego, Calif.). From the San Diego, Calif., radio range station extending 5 miles either side of the west course of the San Diego range to a point 3 nautical miles off shore.

9. Section 601.1113 is amended to read:

§ 601.1113 Control area extension (San Francisco, Calij.). All that area bounded on the northeast by a line extending through the San Francisco and Moffett Field radio range stations, on the northwest by a line 5 miles northwest of and parallel to the southwest course of the San Francisco radio range, on the west by a line 3 nautical miles off shore, on the southeast by a line 5 miles southeast of and parallel to the southwest course of the Moffett Field radio range.

10. Section 601.1170 is added to read;

§ 601.1170 Control area extension (Campbellton, Ga.). From the Campbellton, Ga., radio range station extending 5 miles either side of the north Course of the radio range to its intersection with the northwest course of the

No. 200-3

Atlanta, Ga., radio range, and extending 5 miles either side of the south course of the Campbellton radio range to its intersection with the southwest course of the Atlanta, Ga., radio range.

11. Section 601.1984 is amended by deleting the following airport: "Wichita Falls, Tex.: Sheppard (Kell) Field".

12. Section 601.1984 is amended by adding the following airport: "Pitts-

burgh, Pa.: Greater Pittsburgh Airport". 13. Section 601.2020 is amended to read:

§ 601.2020 Richmond, Va., control zone. Within a 5 mile radius of Byrd Field, Richmond, Va., extending 2 miles either side of the southwest course of the Richmond, Va., radio range to the Chester fan marker, and extending 2 miles either side of the ILS localizer course to a point 10 miles southwest of the ILS outer marker and to a point 10 miles northeast of the ILS middle marker.

14. Section 2029 is amended to read:

§ 601.2029 Fort Worth, Tex., control zone. Within a 5 mile radius of Meacham Field extending 2 miles either side of the north course of the Fort Worth radio range to the Haslet fan marker, and extending 2 miles either side of the south course of the radio range to the intersection of the south course of the radio range and the west course of the Dallas, Tex., radio range.

15. Section 601.2097 is amended to read:

§ 601.2097 Fargo, N. Dak., control zone. Within a 5 mile radius of the Fargo (Hector) Airport, extending 2 miles either side of the east course of the Fargo radio range to the Glyndon fan marker and extending 2 miles either side of the west course of the radio range to the Wheatland fan marker.

16. Section 601.2105 is amended to read:

§ 601.2105 Indianapolis, Ind., control zone. Within a 5 mile radius of the Weir Cook County Airport, extending 2 miles either side of the west course of the Indianapolis radio range to the Clayton fan marker.

17. Section 601.2113 is amended to read:

§ 601.2113 Milwaukee, Wis., control zone. Within a 5 mile radius of the General Mitchel Airport extending 2 miles either side of the south course of the Milwaukee radio range to the Franksville fan marker.

18. Section 601.2199 is amended to read:

§ 601.2199 Syracuse, N. Y., control zone. Within a 3 mile radius of the Clarence E. Hancock Airport extending 2 miles either side of the Syracuse ILS localizer course to the outer marker and extending westward 2 miles either side of the east course of the Syracuse radio range to the Syracuse radio range station.

19. Section 601.2256 is added to read:

§ 601.2256 Parkersburg, W. Va., control zone. Within a 5 mile radius of the Wood County Airport, Parkersburg, W. Va., extending 2 miles either side of the southwest course of the Parkersburg W. Va., VHF radio range to a point 10 miles southwest of the VHF radio range station.

20. Section 601.2257 is added to read:

§ 601.2257 Rantoul, Ill., control zone. V/ithin a 5 mile radius of the Chanute AFB, Rantoul, Ill., extending 2 miles either side of the southwest course of the Chanute AFB radio range to a point 10 miles southwest of the radio range station.

21. Section 601.2258 is added to read:

§ 601.2258 Wichita Falls, Tex., control zone. Within a 5 mile radius of Sheppard (Kell) Field, Wichita Falls, Tex., extending 2 miles either side of the southeast course of the Wichita Falls, Tex., radio range to the Jolly fan marker.

22. Section 601.4013 Green civil airway No. 3 (San Francisco, Calif., to New York, N. Y.), is amended by deleting the following reporting point after Bay Point, Calif., fan type radio marker station: "or the intersection of the northeast course of the Oakland, Calif., radio range and the south course of the Williams, Calif., radio range."

23. Section 601.4101 is amended to read:

§ 601.4101 Amber civil airway No. 1 (United States-Mexican Border to Nome, Alaska). San Diego, Calif., radio range station; the intersection of the northwest course of the San Diego, Calif., radio range and the southeast course of the Long Beach, Calif., radio range; Bakersfield, Calif., radio range station; Fresno, Calif., radio range station; Williams, Calif., radio range station; Red Bluff, Calif:, radio range station; Fort Jones, Calif., radio range station: Medford, Oreg., radio range station; Eugene, Oreg., radio range station; Portland, Oreg., radio range station; Toledo, Wash., radio range station; Everett, Wash., radio range station; Bellingham, Wash., radio range station : Sitka (Biorka Island), Alaska, radio range station; the intersection of the northwest course of the Sitka (Biorka Island), Alaska, radio range and the southwest course of the Gustavus, Alaska, radio range; the intersection of the east course of the Cordova (Hinchinbrook Island), Alaska, radio range and the southeast course of the Cordova (Mile 13), Alaska, radio range; Cordova (Hinchinbrook Island), radio range station; the intersection of the northwest course of the Cordova (Hinchinbrook Island), Alaska, radio range and the southeast course of the Anchorage, Alaska, radio range; the intersection of the northeast course of the Kenai, Alaska, radio range and the northwest course of the Anchorage, Alaska, radio range; Skwentna, Alaska, radio range station.

24. Section 601.4107 is amended to read:

§ 601.4107 Amber civil airway No. ¶ (Key West, Fla., to Caribou, Maine). Key West, Fla., radio range station;

### 6290

Miami, Fla., radio range station: West Palm Beach, Fla., radio range station; Melbourne, Fla., radio range station; Daytona Beach, Fla., radio range station; Brunswick, Ga., radio marker beacon; Savannah, Ga., radio range station; Charleston, S. C., radio range station; Florence, S. C., radio range station; Raleigh, N. C., radio range station; the intersection of the southwest course of the Richmond, Va., radio range and the southeast course of the Blackstone, Va., radio range; the intersection of the southwest course of the Washington, D. C., radio range and the southeast course of the Quantico, Va., radio range; Washington, D. C., radio range station; the intersection of the northeast course of the Washington, D. C., radio range and the west course of the Baltimore, Md., radio range; Newark, N. J., radio range station; Hartford, Conn., radio range station; Portland, Maine, radio range station; Augusta, Maine, radio range station; Bangor, Maine, radio range station; Presque Isle, Maine, radio range station.

25. Section 601.4227 is amended to read:

§ 601.4227 Red civil airway No. 27 (Knoxville, Tenn., to Detroit, Mich.). Corbin, Ky., radio range station; Dayton, Ohio, radio range station.

26. Section 601.4230 is amended to read:

§ 601.4230 Red civil airway No. 30 (Shreveport, La., to Jacksonville, Fla.). Alexandria, La., radio range station; Baton Rouge, La., radio range station; Crestview, Fla., radio range station; Tallahassee, Fla., radio range station.

27. Section 601.4242 is amended by changing caption to read: "Red civil airway No. 42 (Milwaukee, Wis., to La-Fayette, Ind.)."

28. Section 601.4638 is amended to read:

§ 601.4638 Blue civil airway No. 38 (Annette Island, Alaska to United States-Canadian Border). Petersburg, Alaska, radio range station; the intersection of the northwest course of the Petersburg, Alaska, radio range and the northeast course of the Sitka (Biorka Island), Alaska, radio range; Haines, Alaska, radio range station.

29. Section 601.5001 Other reporting points is amended by revoking the Montauk Intersection: "Intersection of the east course of the New York (La-Guardia), N. Y., radio range and the southwest course of the Providence, R. I., radio range."

This amendment shall become effective 0001 E. S. T., October 18, 1949.

# TITLE 26-INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter C—Miscellaneous Excise Taxes [T. D. 43]

PART 151-REGULATIONS UNDER THE HAR-RISON NARCOTIC LAW, AS AMENDED

TRANSFER OF NARCOTIC DRUGS BY REGIS-TRANTS IN CLASS VI FOR CHEMICAL OR PHARMACOLOGICAL TESTS

Narcotic Regulations 5 (26 CFR, Part 151) relating to narcotics subject to the Harrison Narcotic Law, but only as prescribed and made applicable to the Internal Revenue Code by Treasury Decision 4884, approved February 11, 1939 (26 CFR, Cum. Supp., p. 5875) are amended by inserting immediately following Article 187 (26 CFR 151.187) a new article designated 187a (26 CFR 151.187a) reading as follows:

§ 151.187a Exception. A registrant in Class VI who has produced a narcotic drug and who desires to have chemical or pharmacological tests, including tests for clinical evaluation, made with such drug that cannot be made through use of his own research facilities, may apply to the Commissioner of Narcotics for permission to transfer an appropriate quantity of the narcotic drug so produced to another qualified registrant or exempt official (See §§ 151.91 to 151.94) for the purpose of having the desired tests made. The application shall state the name and profession of the prospective transferee, the quantity and kind of narcotic drug proposed to be transferred. and the purpose of the chemical or pharmacological tests desired to be made by such transferee. Upon receipt of written approval by the Commissioner of Narcotics, and official order form or an order with exempt certificate, as the case

may be, from the prospective transferee. the applicant may transfer the approved quantity of narcotic drug to the said transferee for use for the purpose stated. The transferor shall keep on file the written approval of the Commissioner of Narcotics, with the official order form or with the order and exempt certificate as the case may be, in such manner as to be readily accessible to inspection by any duly authorized officer or agent of the Treasury Department for not less than two years, and shall forward the triplicate copy of the official order form received from the transferee to the Narcotics District Supervisor for the district within which the transferor is located. The transferor shall securely attach to the container of any narcotic drug thus transferred a label bearing his name, address and registry number, the date of transfer, the identifying symbol, gen-eral or chemical name of the narcotic drug, and the statement "For Scientific Use Only."

The transferee shall use the narcotic drug thus obtained from a registrant in Class VI only in making, or causing to be made under his supervision, the chemical or pharmacological tests desired. He shall not transfer such narcotic drug or any product or residue thereof to any other person who is not under his direct supervision for the purpose of the tests and at the place where the tests are made, but such quantity of the narcotic drug or product or residue thereof which is no longer required for the purpose of the tests shall be returned to the original transferor (registrant in Class VI) upon receipt of appropriate official order form. The triplicate copy of this order form reecived from the original transferor shall be forwarded to the Narcotic District Supervisor for the district within which the person returning the narcotics is located. The transferee of narcotic drugs obtained from a registrant in Class VI shall keep a record of such drugs used and disposed of, in the manner described in § 151.186 (Article 186) with additional data, in the case of pharmacological tests, accounting for quantities dispensed to humans and animals. A copy of the report, by the transferee to the registrant in Class VI, of the results of the tests made, if such report includes data from which a complete accounting for the narcotic drug used and disposed of can be ascertained, may be kept on file by the transferee as the special record herein required. All records required by this section and § 51 .-186 shall be kept by the respective persons, in such manner as to be readily accessible to inspection, for not less than two years from the date of the last transaction shown therein.

(Sec. 2551, 2559, 2606, I. R. C.; 53 Stat. 270, 277, 283; 26 U. S. C. 2551, 2559, 2606)

Because the amendments made by this Treasury decision relieve restrictions under certain conditions, it is found unnecessary to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act. This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

[SEAL] GEO. J. SCHOENEMAN, Commissioner of Internal Revenue. H. J. ANSLINGER, Commissioner of Narcotics.

Approved: October 7, 1949.

E. H. FOLEY, Jr.,

Acting Secretary of the Treasury. [F R. Doc. 49-8288; Filed, Oct. 14, 1949; 8:49 a. m.]

# TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices, Department of the Treasury

[1949 Dept. Circ. 1]

PART 129-VALUES OF FOREIGN MONEYS

QUARTER BEGINNING OCTOBER 1, 1949

#### OCTOBER 1, 1949.

§ 129.12 Calendar year 1949. \* \* \* (d) Quarter beginning October 1, 1949. Pursuant to section 522, title IV, of the Tariff Act of 1930, reenacting section 25 of the act of August 27, 1894, as amended, the following estimates by the Director of the Mint of the values of foreign monetary units are hereby proclaimed to be the values of such units in terms of the money of account of the United States that are to be followed in estimating the value of all foreign merchandise exported to the United States during the quarter beginning October 1, 1949, ex-pressed in any such foreign monetary units: Provided, however, That if no such value has been proclaimed, or if the value so proclaimed varies by 5 per centum or more from a value measured by the buying rate in the New York market at noon on the day of exportation, conversion shall be made at a value measured by such buying rate as determined and certified by the Federal Reserve Bank of New York and published by the Secretary of the Treasury pursuant to the provisions of section 522, title IV, of the Tariff Act of 1930.

The value of foreign monetary units, as shown below in terms of United States money, is the ratio between the legal gold content of the foreign unit and the legal gold content of the United States dollar. It should be noted that this value, with respect to most countries, varies widely from the present exchange rates. Countries not having a legally defined gold monetary unit, or those for which current information is not available, are omitted.

Country	Monetary unit	Value in terms of U. S. money	Remarks
Canada and New-	Dollar	\$1.6931	Redemption of notes into gold suspended. Export of gold pro- hibited except under hoense.
Colombia	Peso	. 5128	Monetary Law No. 90 of Dec. 16, 1948, effective Dec. 18, 1948, content of peso 0.50637 gram of gold 9/10 fine. Obligation to sell
Costa Rica	Colon	1	gold suspended Sept. 24, 1931. Parity of 0,158267 fine gram gold established by decree law effective Mar. 22, 1947.
Denmark Dominican Republic.	Krone Peso	.4537 1.0000	Conversion of notes into gold suspended Sept. 29, 1931. By Monetary Law No. 1528 effective Oct. 9, 1947, gold content of pess equal to 0.885071 gram fine.
Ethiopia	Dollar	. 4025	New unit established by Proclamation of the Emperor on May 25, 1945, effective July 23, 1945.
Finland Guatemala	Markka Quetzal	.0426 1.0000	Conversion of notes into gold suspended Oct. 12, 1931. Decree No, 203 of Dec. 10, 1945, defined the monetary unit as 15 5/21 grains gold 9/10 fine. Conversion of notes into gold suspend- ed Mar. 6, 1933.
Haiti Hungary	Gourde Forint	$^{.2000}_{.0852}$	National bank notes redeemable on demand in U. S. dollars. New unit based on 13,210 forint per kilogram fine gold, effective July 1946.
Ireland Peru	Pound Sol	8. 2397 , 4740	Conversion of notes into gold suspended Sept. 21, 1931. Conversion of notes into gold suspended May 18, 1932; exchange control established Jan. 23, 1945.
Philippines	Peso	. 5000	Control Generalized and related matters based on Philippines concerning trade and related matters based on Philippine Trade Act of 1946.

# TITLE 32-NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter E-Organized Reserves

PART 564-ENLISTED RESERVE CORPS

SEPARATION FROM SERVICE

Section 564.9 is rescinded and the following substituted therefor: § 564.9 Separation from service—(a) Discharge of reservists on active duty. The discharge of enlisted reservists on active Federal duty will be governed by the provisions of regulations pertaining to enlisted members of the Regular Army.

(b) Discharge from reserve duty status. Except for enlisted personnel of the Regular Army transferred to the Enlisted Reserve Corps and placed on the retired list of the Regular Army and subsequently discharged upon completion of 30 years service under the provisions of AR 615-395 (Retirement) and enlisted personnel having Reserve obligation under provisions of the Selective Service Act of 1948, all members of the Enlisted Reserve Corps when not on active duty will be discharged as follows:

(1) By direction of the President or order of the Secretary of the Army. Such authority may be given either in individual cases or by an order applicable to all cases specified in the order.

(2) By direction of the commanding generals of area commands or such officer or officers as may be designated by them for that purpose:

(i) Upon expiration of term of enlistment or period of service.

(ii) To permit immediate reenlistment in Enlisted Reserve Corps, for 3 years, of reservists who apply for and are qualified for reenlistment:

(a) At any time during the last 90 days of current enlistment, or

(b) For the purpose of enlistment to meet length of service requirements for active duty tour, including extended active duty, active duty training, attendance at service schools, etc.

(c) Date of discharge will be the day immediately preceding the date of reenlistment. The discharge certificate will not be delivered to the individual until after reenlistment is effected.

(iii) When permanently physically disqualified for active service and ineligible for transfer to the Honorary Reserve. Certificate from physician setting forth the nature of specific physical defect, or defects, will be acceptable evidence, provided the defects listed are considered to be disqualifying under the provisions of Army Regulations.

(iv) Upon enlistment or acceptance of a commission in any of the armed forces (including the National Guard) of the United States including Reserve components thereof, or upon appointment to the United States Military, Naval, or Coast Guard Academy. When an enlisted reservist on active duty accepts an appointment in the Officers' Reserve Corps, he may, if he so desires, continue on active duty in an enlisted status and be discharged from the Enlisted Reserve Corps upon relief from active duty.

(v) Upon acceptance of appointment or enlistment in the Coast and Geodetic Survey, Public Health Service, or Coast Guard.

(vi) Upon request of reservist when in the opinion of the area commander the discharge will be to the best interest of the Government.

(vii) Upon presentation of conclusive evidence in accordance with the provisions of § 582.2 of this subchapter, that membership in the Enlisted Reserve Corps in a Reserve duty status has a material deterrent effect on his earning a livelihood.

(viii) Because of inaptitude or unsultability.

(ix) Because of evidence of unfitness.

(x) Upon conviction by a civil court.

(xi) For inability to locate after reasonable effort, or failure to reply to official communications. [SR 140-177-1, Sept. 29, 1949] (39 Stat. 195, 41 Stat. 780, 44 Stat. 705; 10 U. S. C. 421, 423-427)

PART 21-VOCATIONAL REHABILITATION AND EDUCATION

SUBPART A-REGISTRATION AND RESEARCH Correction

In Federal Register Document 49-8194, appearing at page 6196 of the issue for Thursday, October 13, 1949, the following changes are made:

1. In the fourth line of § 21.185 (c) (1) "on" should read "or".

2. In the note following § 21.185 (c) (8) (i) (b) "applied to music" should read "applied music"

3. In the eleventh line of § 21.185 (d) (3) "between" should read "before".

4. In the fourth line of § 21.186 (a) (1) "course" should read "source"

5. In the first sentence of § 21.186 (b) (1) "instructions" should read "instruction".

# TITLE 43—PUBLIC LANDS: INTERIOR

# Chapter I-Bureau of Land Management, Department of the Interior

Appendix-Public Land Orders

[Public Land Order 610]

#### CALIFORNIA

POWER SITE RESTORATION NO. 506 REVOK-ING IN PART POWER SITE RESERVE NO. 336

By virtue of the authority contained in the act of June 25, 1910, 36 Stat. 847 (43 U. S. C. 141-143), and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

The Executive Order of January 27, 1913, creating Power Site Reserve No.

336, is hereby revoked as to the following-described lands:

MOUNT DIABLO MERIDIAN

T. 2 N., R. 16 E., Sec. 4, lots 1 and 2; Sec. 5, NW1/4 SW1/4.

The areas described, including both public and non-public lands, aggregate 114.89 acres.

Lot 1 sec. 4, is patented land, and lot 2 sec. 4 and NW1/4SW1/4 sec. 5 are withdrawn for national forest purposes.

Effective on the date of publication of this order in the FEDERAL REGISTER, the public lands affected by this order shall be subject to application by the State of California for rights-of-way for public highways or as a source of material for the construction and maintenance of such highways pursuant to section 24 of the Federal Power Act as amended by the act of May 24, 1948, 62 Stat. 275.

This order shall not otherwise affect the status of the lands until the ninetyfirst day after the publication of this order in the FEDERAL REGISTER.

> OSCAR L. CHAPMAN. Acting Secretary of the Interior.

OCTOBER 11, 1949.

# PROPOSED RULE MAKING

### DEPARTMENT OF THE INTERIOR

**Fish and Wildlife Service** 

#### [ 50 CFR, Part 31 ]

NINEPIPE AND PABLO NATIONAL WILDLIFE REFUGES, MONTANA

PROPOSED REVISION OF FISHING REGULATIONS

Pursuant to section 4 (a) of the Administrative Procedure Act approved June 11, 1946 (60 Stat. 237) and section 10 of the Migratory Bird Conservation Act (45 Stat. 1224; 16 U. S. C. 715i) as amended, and the regulations issued pursuant thereto (50 CFR, Part 21) notice is hereby given that the Director of the Fish and Wildlife Service intends to take the following action:

Observations and reports of field rep-resentatives of the Fish and Wildlife Service indicate that fishing in accordance with the current regulations applicable to the Ninepipe and Pablo National Wildlife Refuges, Montana, is interfering with nesting migratory birds. Corrective action requires curtailment of the fishing season, which action was presented to and approved by resolutions of the Governing Body of the Confederated Salish and Kootenai Tribes of the Flathead Indian Reservation dated April 26, and June 3, 1949, respectively. Accordingly, it is proposed to amend § 31.251 to read as follows:

§ 31.251 Fishing permitted. Noncommercial fishing is permitted on the wa-

ters of the Ninepipe and Pablo National Wildlife Refuges, Montana, during the daylight hours of the periods from January 1 to the last day of February, inclu-sive, and from July 15 to December 31, inclusive, in any year, except that fishing is prohibited during the open season for the hunting of migratory birds, in accordance with the laws and regulations of the State of Montana, subject to such regulations as may be prescribed by the Office of Indian Affairs, subject to the regulations in Parts 18 and 21 of this chapter, and subject further to the conditions and restrictions in §§ 31.252 to 31.256.

In order that the regulations relating to fishing on the Ninepipe and Pablo Refuges shall be more definitive and shall bring to the attention of persons desiring to fish on such refuges, general regulations that are already applicable to such refuges, it is proposed to add the following sections:

§ 31.255 Use of boats prohibited. The use of canoes, boats, or floating devices of any description is prohibited on all waters of these refuges except for official purposes.

§ 31.256 Temporary restrictions. The officer in charge may temporarily suspend fishing in all or parts of the refuge areas by suitable posting when, in his judgment, such action is necessary for the protection of migratory waterfowl, wildlife concentrations, fishes and other aquatic animal life, food and cover plantings for wildlife, or for the carrying out of official operations in such area or areas.

The foregoing proposals, if adopted, shall become effective December 1, 1949. and will continue in effect until further notice. Interested persons are hereby given an opportunity to submit their views, data, or arguments with respect to these proposals in writing to Mr. Albert M. Day, Director, Fish and Wildlife Service, Washington 25, D. C.

Dated: October 11, 1949.

[SEAL]

CLARENCE COTTAM, Acting Director.

# DEPARTMENT OF AGRICULTURE

Bureau of Entomology and Plant Quarantine

#### [7 CTR, Part 319]

IMPORTED VINIFERA GRAPES AND CERTAIN OTHER FRUITS

NOTICE OF PROPOSED ADMINISTRATIVE IN-STRUCTIONS FOR COLD TREATMENTS

Notice is hereby given under section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that the Chief of the Bureau of Entomology and Plant Quarantine, pursuant to the authority conferred upon him by § 319.56-2 of the regulations supplemental to the Fruit and Vegetable

Quarantine (7 CFR 319.56-2) under section 5 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 159) is con- / sidering issuing administrative instructions relating to cold treatments of imported Vinifera grapes and certain other fruits, to appear as 7 CFR 319.56-2d, reading as follows:

§ 319.56-2d Administrative instructions for cold treatments of imported Vinifera grapes and certain other fruits— (a) Treatments authorized. The following cold treatments are authorized for imported Vinifera grapes and any other fresh fruits enterable under § 319.56-2 under permit and upon compliance with applicable regulations in this subpart:

(1) Phases of treatments. Authorized cold treatments shall consist of (1) precooling, during which the fruit shall be cooled until its pulp temperature is at or below a level designated in or under this paragraph and (i1) refrigeration, during which the fruit shall be held at or below this level for a number of days designated in or under this paragraph.

(2) Refrigeration temperatures and periods. Fruit cold treated because of the Mediterranean fruitfly shall be refrigerated for a period of 12 days at or below 34° F., or for 16 days at or below 36° F. Fruit cold treated because of fruitflies of the genus Anastrepha shall be refrigerated for a period of 16 days at or below 33° F., or for 18 days at or below 34° F., or for 20 days at or below 35° F. Refrigeration temperatures and periods for fruit to be cold treated because of other species of fruitflies may be designated by the Chief of the Bureau of Entomology and Plant Quarantine, if experimental data are available concerning applicable treatments of known effectiveness.

(b) Place and manner of treatments-(1) Places of precooling and refrigeration. Refrigeration may be conducted while the fruit is on shipboard in transit to the United States. If not so refrigerated, the fruit shall be both precooled and refrigerated after arrival only in cold storage warehouse approved by the Chief of the Bureau of Entomology and Plant Quarantine and located at the port of New York or such other northern ports as he may hereafter designate. Fruit which is to be refrigerated in transit shall be precooled either at a dockside refrigeration plant prior to loading aboard the carrying vessel, or aboard the carrying vessel prior to its departure. Refrigeration shall be completed in the compartment or room in which it is begun.

(2) Precooling of fruit before departure. Fruit which is to be refrigerated in transit must be precooled to the temperature designated in or under paragraph (a) of this section before it leaves the port of shipment in the country of its origin and a certificate to that effect, issued by a responsible official of the Department of Agriculture of such country shall accompany each cargo of the fruit to its destination. The precooling may be conducted in accordance with either (i) or (ii) of this subparagraph:

(i) Fruit may be precooled at a dockside refrigeration plant prior to loading aboard the carrying vessel. Such fruit

shall be precooled to a temperature at which it can be transferred to the refrigerated compartments on such vessel without a rise above the maximum temperature prescribed in or under paragraph (a) of this section. The certifying official shall sample fruit temperatures in all sections of the lot of fruit until he is satisfied that complete precooling has been accomplished in accordance with this section. As the loading proceeds the certifying official shall take frequent temperature readings of individual boxes of fruit. A record of such temperature readings shall accompany the certificate.

(ii) Fruit may be precooled aboard the carrying vessel. Such fruit shall be precooled in the same refrigerated compartments in which it is to be refrigerated. The boxes of the fruit shall be spaced, by horizontal wooden strips, so that each has at least one inch of clearance above and below to allow free circulation of the cooling air. At least two inches of clearance shall be allowed between stacks of the fruit. The certifying official shall sample fruit temperatures in all sections of the compartment until he is satisfied that complete precooling has been accomplished. The entire precooling must be completed as provided in these instructions and the certificate issued before the carrying vessel leaves the country of origin.

(3) Refrigeration in transit. (i) Refrigeration in transit shall consist of holding the fruit temperature at or below the maximum temperature level for the number of days prescribed in or under paragraph (a) of this section. A continuous, automatic temperature record under lock shall be maintained from at least four locations to be designated in each refrigerated compartment by an inspector of the Bureau of Entomology and Plant Quarantine. In large refrigerated compartments additional temperature elements may be required. Vessels whose temperature recording apparatus of less than four elements per compartment has already been approved by the Chief of such Bureau may be allowed to continue with their present equipment. Charts from the temperature recording apparatus shall be made readily available to an inspector of such Bureau at the port of arrival.

(ii) Refrigeration shall begin when the loading of precooled fruit has been completed or when the certifying official is satisfied that precooling aboard the vessel has been completed. The certifying official shall designate and initial on the thermograph chart the beginning of the refrigeration period. Refrigeration shall continue until the vessel arrives at the port of destination and the fruit is released for unloading by an inspector of the Bureau of Entomology and Plant Quarantine, even though this may prolong the refrigeration beyond the required period.

(4) Safeguarding untreated fruit. Whenever fruit is offered for entry as cold treated in transit and it cannot be established to the satisfaction of such inspector that the fruit has received the required cold treatment, such safeguards against the spread of fruitfly infestation as the inspector may prescribe shall be immediately applied.

(5) Cold treatment after arrival. (1) Fruit to be both precooled and refrigerated after arrival in the United States shall be delivered under the supervision of an inspector of the Bureu of Entomology and Plant Quarantine to the approved cold storage warehouse where such treatment is to be conducted.

(ii) The fruit must arrive at a temperature sufficiently low to prevent insect activity and shall be promptly precooled and refrigerated. An automatic, continuous temperature record is required of each refrigeration, like that prescribed in subparagraph (3) of this paragraph for refrigeration in transit. The number of records required will be designated by the inspector for each refrigeration, depending upon the circumstances of each operation.

(iii) Shipments offered for entry before cold treatment may be allowed to leave customs custody under redelivery bond for cold treatment. Final release of the shipment by the Collector of Customs will be effected after the inspector has notified the Collector of Customs that the required cold treatment has been given.

(6) Containers and season of arrival. There are no restrictions on the types of containers in which fruit may be packed, nor on the season of the year during which shipments may be made. Untreated fruit arriving in broken containers must be immediately repacked under the supervision of an inspector or the contents must be immediately destroyed in a manner satisfactory to the inspector.

(7) Procedures in country of origin.
(i) By arrangement between the Chief of the Bureau of Entomology and Plant Quarantine and the equivalent official in the country of origin, certifying officials will be designated by the country of origin. Their signatures shall be filed with the Bureau of Entomology and Plant Quarantine.

(ii) Each container of fruit intended for in-transit refrigeration shall be stamped or marked as it is loaded on the carrying vessel so that it can be readily identified as such. Fruit being shipped under permit to be completely cold treated at the Port of New York or other subsequently designated northern ports shall not be so marked.

(iii) Fruit precooled at a dockside refrigeration plant shall be transferred to the refrigerated compartments on the carrying vessel without a rise in temperature above the maximum for the desired refrigeration. When this transfer has been accomplished, the certifying official shall issue a certificate of precooling.

(iv) Fruit to be precooled on the carrying vessel in the refrigerated compartments shall be loaded under supervision of the certifying official to assure that all packages have the proper clearance on all sides. When precooling has been completed, a certificate of precooling shall be issued by such official.

(v) Fruit in transit for cold treatment after arrival shall be loaded in a separate compartment and segregated from any ' fruit that is being refrigerated in transit.

(vi) Fruit not intended for any phase of cold treatment shall not be loaded in the same refrigerated compartment with fruit to be given such cold treatment.

(vii) The certifying official shall calibrate the elements of the temperature recording instruments not more than 3 days prior to the loading of fruit, by immersing them in a  $32^{\circ}$  F. mixture of crushed ice and water, and recording their deviation from  $32^{\circ}$  F. He shall also supervise the placement of the temperature elements in the proper places in the cargo of fruit.

(viii) The certificate of precooling shall be issued in quadruplicate, to cover the cargo of one vessel. The original certificate shall be airmailed to the inspector of the Bureau of Entomology and Plant Quarantine in charge at the port of destination. One copy shall accompany the carrying vessel. The third copy shall be mailed to the Bureau of Entomology and Plant Quarantine, United States Department of Agriculture, Washington 25, D. C. A record showing calibration of the elements of the temperature recording instruments, as required in subdivision (vii) of this subparagraph shall be attached to each certificate, along with any record of the fruit temperature readings required in subparagraph (2) (1) of this paragraph. The certificate shall also show the identifying stamp or mark placed on all containers of fruit undergoing intransit refrigeration.

(c) Approval of precooling plants, rejrigerated compartments, warehouses. All precooling plants in the country of origin, the refrigerated compartments on the carrying vessels, and cold storage warehouses at the Port of New York or subsequently designated northern ports must have prior approval of the Chief of the Bureau of Entomology and Plant Quarantine before any phase of cold treatment is begun. Requests for such approval shall be made to Import and Permit Section, Bureau of Entomology and Plant Quarantine, 209 River Street, Hoboken, New Jersey.<sup>4</sup>

(d) Caution and disclaimer. In prescribing cold treatments of Vinifera grapes and certain other fruits, it should be emphasized that inexactness and carelessness in applying the treatments may result in injury to the fruit, or its rejection for entry. The cold treatments required for the entry of fruit are considered necessary for the elimination of pest risk, and no liability shall attach to the United States Department of Agriculture or to any officer or representative of that Department in the event injury results to fruit offered for entry in accordance with these instructions.

The foregoing instructions would supersede the administrative instructions in B. E. P. Q. Nos. 463 and 464 (7 CFR 319.56-2d and 319.56-2e).

The purpose of the foregoing instructions is to combine in one document all instructions for sold treatments of Vinifera grapes and certain other fruits imported under permit in accordance with the regulations supplemental to the Fruit and Vegetable Quarantine. The foregoing instructions would also authorize the cold treatment of all enterable fruit, whereas the instructions presently in effect apply only to Vinifera grapes and certain other deciduous fruit. In addition, the foregoing instructions would authorize alternative schedules for treating such fruits and remove both the present date restrictions on the entry of fruit for cold treatments at the Port of New York and the limitations on types of containers in which such fruit must arrive.

All persons who desire to submit written data, views, or arguments in connection with this matter should file the same with the Chief of the Bureau of Entomology and Plant Quarantine, Agricultural Research Administration, United States Department of Agriculture, Washington 25, D. C., within 15 days after the date of the publication of this notice in the FED-ERAL REGISTER.

(Sec. 5, 37 Stat. 316; 7 U. S. C. 159; 7 CFR 319.56-2)

Done at Washington, D. C., this 5th day of October 1949.

[SEAL] AVERY S. HOYT, Acting Chief, Bureau of Entomology and Plant Quarantine.

[7 CFR, Part 960]

IRISH POTATOES GROWN IN MICHIGAN, WIS-CONSIN, MINNESOTA, AND NORTH DAKOTA

NOTICE OF PROPOSED BUDGET AND RATE OF ASSESSMENT

Notice is hereby given, pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1001 et seq.), that the Secretary of Agriculture is considering the approval of the budget of expenses and rate of assessment hereinafter set forth, which were recommended by the North Central Potato Committee, established pursuant to Marketing Order No. 60 (7 CFR 960.1 et seq.), regulating the handling of Irish potatoes grown in the States of Michigan, Wisconsin, Minnesota, and North Dakota. This regulatory program is effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.).

Consideration will be given to any data, views, or arguments pertaining thereto filed in triplicate with the Director, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., so as to be received by him not later than 15 days following publication of this notice in the FEDERAL REGISTER. The proposals are as follows:

§ 960.203 Budget of expenses and rate of assessment. The expenses necessary to be incurred by the North Central Potato Committee, established pursuant to the aforesaid marketing order, to enable such committee to perform its functions, in accordance with the provisions of the aforesaid marketing order and regulations duly issued thereunder, during the fiscal period ending June 30, 1950, will amount to \$60,000.

The rate of assessment to be paid by each handler who first ships potatoes shall be \$1.00 per railroad car or per truckload of more than 20,000 pounds, and 50 cents per truckload of 20,000 pounds or less, of potatoes shipped by him as the first handler thereof during such fiscal period: *Provided*, That no assessment shall be paid for a shipment or shipments of potatoes for consumption by a charitable institution or institutions or for distribution for relief purposes or for distribution by a relief agency or agencies.

Terms used herein shall have the same meaning as when used in Marketing Order No. 60.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 12th day of October 1949.

# DEPARTMENT OF LABOR

# **Division of Public Contracts**

#### [ 41 CFR, Part 202 ]

PREVAILING MINIMUM WAGE FOR CHEMICAL AND RELATED FRODUCTS INDUSTRY

#### NOTICE OF HEARING ON PROPOSED AMENDMENT

The Secretary of Labor, in a prevailing minimum wage determination issued pursuant to the provisions of the Walsh-Healey Public Contracts Act (act of June 30, 1936, 49 Stat. 2036; 41 U. S. C. secs. 35-45) and dated March 28, 1942 (41 CFR, Cum. Supp. 202.44) determined that the minimum wage for persons employed in the performance of contracts with agencies of the United States Government subject to the act for the manufacture or supply of the products of the **Chemical and Related Products Industry** was 40 cents per hour in the States of Maryland, Virginia, North Carolina, South Carolina, Tennessee, Arkansas, Mississippi, Alabama, Georgia, Florida, and the District of Columbia and 50 cents per hour for the remaining States of the United States.

A wage survey of selected chemical establishments made by the Bureau of Labor Statistics as of April 1949 shows clearly that the 40-cent and 50-cent rates now in effect no longer reflect the prevailing minimum wages in the industry and it is proposed therefore to hold a hearing for the purpose of consideration by the Secretary of Labor of an amendment of the current determination.

The Chemical and Related Products Industry, as defined in the current determination, is that industry which manufactures A. (1) heavy, industrial, and fine chemicals, including among others, compressed and liquefied gases, and insecticides and fungicides, and (2)

<sup>&</sup>lt;sup>1</sup>Applications for permits to import fruit under this subpart may also be made to said Import and Permit Section.

the by-products of the foregoing; and B. the manufacture of such commodities as: bluing; bone black, carbon black, and lampblack; cleaning and polishing preparations (except paint and varnish remover, furniture and floor wax and polish, and soap); mucilage, paste, and other adhesives. Omitted from the scope of the definition of this industry are: Ammunition; Drugs and medicines; Explosives; Fertilizer; Fireworks; Paints, pigments, varnishes and lacquers; and Soap, which have been accorded separate treatment by the Secretary.

Now, therefore, notice is hereby given: That a public hearing will be held on November 16, 1949, at 10:00 a. m. in Room 2325, Department of Labor, Constitution Avenue and Fourteenth Street. NW., Washington, D. C., before the Administrator of the Wage and Hour and Public Contracts Divisions or a representative designated to preside in his place, at which hearing all interested persons may appear and submit data. views and argument: (1) As to what are the prevailing minimum wages in the Chemical and Related Products Industry; (2) as to whether the definition of the Chemical and Related Products Industry should be amended to read as follows

The manufacture or packaging of (i) basic industrial inorganic chemicals; (ii) industrial organic chemicals except cyclic coal tar crudes, synthetic rubber, synthetic fibers, and explosives; (iii) compressed and liquefied gases; (iv) insecticides, fungicides, and agricultural chemicals; mucilage, laundry sours, writing inks and dextrine sizes; household pest control agents, disinfectants and deodorants, textile tints and dyes and bluings, and adhesives and cements: and chemical foundry supplies such as binders, core oils, facings and flux; (v) sulfonated oils and assistants; (vi) bone black, carbon black, and lamp black; (vii) cleaning and polishing preparations except floor and furniture wax, and paint and varnish removers; and (viii) glue, except animal.

In addition to the specific exceptions, enumerated in the foregoing, the following commodities are also excluded from the scope of the definition: Drugs and medicines; soap and glycerin; synthetic organic detergents for household and industrial use; paints, varnishes, lacquers, japans, and enamels; inorganic color pigments; whiting, putty, and wood fillers; gum and wood chemicals; fertilizers; vegetable and animal oils and fats; and printing ink; essential oils; perfumes, cosmetics, and other toilet preparations; glues made from animal materials; gelatin; and salt;

and; (3) as to whether there should be included in any amended determination for this industry provision for employment of learners and/or apprentices at subminimum rates, and if so, in what occupations, at what subminimum rates, and with what limitations, if any, as to length of period and number or proportion of such subminimum rate employees.

Persons intending to appear are requested to notify the Administrator of their intention in advance of the hearing. Written statements in lieu of personal appearance may be filed by mail at any time prior to the date of the hearing, or may be filed with the presiding officer at the hearing. An original and four copies of any such statement should be filed.

Copies of the above-mentioned wage survey by the Bureau of Labor Statistics (Chemicals 1949-Series 2 No. 73). as well as the Bureau of Labor Statistics tabulations titled "Supplementary Table A-Percentage Distribution of Learners and Apprentices in Selected Chemical Establishments by Straight-time Average Hourly Earnings, United States, April 1949, and Supplementary Table B-Distribution of Establishments and Workers (Excluding Learners and Apprentices) in Selected Branches of the Chemical Industry, According to Percentage of Plant Workers Earning Less Than Specified Amounts per Hour, United States, April 1949." will be made available to interested persons upon request to the Wage and Hour and Public Contracts Divisions, United States Department of Labor, Washington, D. C. Interested persons are invited to submit wage data, including data as to changes which have taken place in the wage structure of the industry since the time of the survey.

In the discretion of the Presiding Officer, a period of not to exceed 30 days from the close of the hearing may be allowed for the filing of comment on the evidence and statements introduced into the record of the hearing. In the event such supplemental statements are received an original and four copies of each such statement should be filed.

Signed at Washington, D. C., this 11th day of October 1949.

WM. R. McCome, Administrator. [F. R. Doc. 49-8268; Filed, Oct. 14, 1949;

8:46 a. m.]

# CIVIL AERONAUTICS BOARD

#### RESORT AIRLINES, INC.

APPLICABLE REGULATIONS RELATING TO TEMPORARY CERTIFICATES

Notice is hereby given that the Civil Aeronautics Board has under consideration a Special Civil Air Regulation as hereinafter set forth.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. All communications received within 15 days after the date of this publication will be considered by the Board before taking further action on the proposed rule.

Resort Airlines, Inc., which currently holds an air carrier operating certificate issued under the provisions of Part 42 of the Civil Air Regulations, has recently been issued a temporary certificate of public convenience and necessity to engage in all-expense tours in overseas and foreign air transportation.

While there is no express limitation on the number of flights which Resort can conduct between the points author-

ized in its certificate, it is apparent that at least in the initial stages of the operation the regularity or frequency of flights between some of its certificated points will vary to a considerable degree from the regularity and frequency of operation of the usual certificated air carrier. engaging in overseas or foreign air transportation. It would therefore appear to be unreasonable to require Resort to comply fully with the requirements of Part 41 over all segments of its authorized routes. On the other hand, it would not be in the interest of the public to authorize Resort to conduct, under the requirements of Part 42, all of its operations, including those whose route pattern might have comparable regularity or frequency to those of a scheduled air carrier.

It is therefore proposed to require that, on Resort's operations which exceed an established frequency or regularity, the carrier comply with the communications, pilot route competency, and dispatching requirements of Part 41 in addition to the provisions of Part 42. It is also contemplated that the Board will, from time to time, review the pattern of Resort's operation, and if the regularity and frequency of such operation should take on more of the characteristics of the usual certificated operation, we will reconsider the question of fully applying the requirements of Part 41 to the entire operation. It is proposed to the use a Special Circl

It is proposed to issue a Special Civil Air Regulation to read as follows:

1. Contrary provisions of the Civil Air Regulations notwithstanding, Resort Airlines, Inc., shall, upon surrender of its current air carrier operating certificate. be reissued such a certificate under the provisions of Part 42 of the Civil Air Regulations, and is hereby authorized to conduct its operations under such part as heretofore or hereafter amended: Provided, That where the operation of aircraft carrying passengers between any two points 1 exceeds the regularity or frequency set forth in paragraph 2 hereof, the carrier shall additionally comply with the provisions of Part 41 relating to communications, pilot route competency, and dispatching, as heretofore or hereafter amended.

2. Two flights, or one round trip, a week on the same day or days of the week for eight or more weeks in any 90 consecutive days; or a total of 36 or more flights, or 18 or more round trips, in any 90 consecutive days.

This regulation shall terminate October 1, 1951, unless sooner superseded or revoked.

This regulation is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

(Secs. 205 (a), 601, 604; 52 Stat. 984, 1007, 1010; 49 U. S. C. 425 (a), 601, 604)

Dated: October 12, 1949, at Washington, D. C.

By the Civil Aeronautics Board.

# DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

# SUGAR BEETS IN ARIZONA AND CALIFORNIA NOTICE OF COVERAGE OF HEARING AT

BERKELEY, CALIF.

Pursuant to the authority contained in subsections (c) (1) and (c) (2) of section 301 of the Sugar Act of 1948 (61 Stat. 929; U. S. C. Sup. 1131), notice is hereby given that the public hearing at Berkeley, California, scheduled for 10:00 a. m., in the Farm Credit Administration Building on October 26, 1949, in accordance with notice of hearings and designation of presiding officers issued September 2, 1949 (14 F. R. 5548), will cover the production of sugar beets in Arizona as well as in California.

The purpose of this hearing is to receive evidence likely to be of assistance to the Secretary of Agriculture in determining (1), pursuant to the provisions of section 301 (c) (1) of said act, fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugar beets in California and Arizona during the crop year 1950 on farms with respect to which applications for payments under the said act are made, and (2), pursuant to the provisions of section 301 (c) (2) of said act, fair and reasonable prices for the 1950 crop of sugar beets in California and Arizona, to be paid, under either purchase or toll agreements, by processors who as producers apply for payment under the said act. In the interest of obtaining the best possible information all interested persons are requested to appear at the hearing to express their views and present appropriate data in regard to the foregoing matters.

Issued this 12th day of October 1949.

RALPH S. TRIGG, Administrator.

## COTTON MARKETING QUOTA REFERENDUM FOR 1950 CROP

The Secretary of Agriculture has duly proclaimed, pursuant to the provisions of the Agricultural Adjustment Act of 1938, as amended, including amendments made by Public Law 272, 81st Congress, approved August 29, 1949, a national marketing quota for the crop of cotton produced in 1950.

A referendum of the farmers who were engaged in the production of cotton in the calendar year of 1948 will be held on December 15, 1949, pursuant to the provisions of the act and applicable regulations, to determine whether such farmers are in favor of or opposed to the 1950 quota. If two-thirds or more of the cotton farmers voting in the referendum favor the quota, such quota will be in effect for the 1950 cotton crop. If more than one-third of the cotton farmers voting in the referendum oppose the quota, the quota will not be in effect for the 1950 cotton crop.

Registration. The operator of each farm on which cotton was produced in 1948 should notify the office of the PMA County Committee of the names and addresses of all persons who as landlord, tenant, or sharecropper shared in the proceeds of the 1948 cotton crop, in order that their names may be listed on the register of eligible voters. The eligibility of any person to vote may be challenged, if his name is not on the registration list.

Eligibility to vote. 1. Farmers eligible to vote in the referendum will be those farmers who were engaged in the production of cotton in 1948 as owner-operator, cash tenant, standing-rent or fixed-rent tenant, or landlord of a share tenant, or as share tenant or share-cropper (except as provided in paragraph 2 below).

2. Farmers whose only cotton production in 1948 consisted of cotton which stapled  $1\frac{1}{2}$  inches or more in length shall not be eligible to vote in the referendum.

3. No cotton farmer (whether an individual, partnership, corporation, firm, association, or other legal entity) shall be entitled to more than one vote in the referendum, even though he may have been engaged in 1948 in the production of cotton on two or more farms or in two or more communities, counties, or States.

4. In case several persons, such as husband, wife, and children, participated in the production of cotton in 1948, under the same rental or cropping agreement or lease, only the person or persons who signed or entered into the rental or cropping agreement or lease shall be eligible to vote.

5. In the event two or more persons were engaged in producing cotton in 1948 not as members of a partnership but as tenants in common or joint tenants or as owners of community property, each such person is entitled to vote.

6. No person shall be eligible to vote in any community other than the community in which he now resides except as follows:

(a) Any person who resides in a community other than the community in which he is engaged in the production of cotton may, if he will not vote in the community in which he resides, vote at the polling place for the community in which he is engaged in the production of cotton.

(b) Any person who resides in a community in which there is no polling place shall be eligible to vote at the polling place designated for the community nearest to the community in which he resides. (c) Any person who on the day of the referendum will not be present in the county in which he is eligible to vote may, as early as 5 days prior to the date of the referendum, obtain a ballot at the most conveniently located county committee office and may cast his ballot by signing his name thereto and mailing it so that the ballot reaches the county committee for the county in which he is eligible to vote, not later than the closing hour on the date of the referendum which shall not be earlier than 5 o'clock, p. m., local time.

time. 7. There shall be no voting by mail (except as provided in paragraph 6 (c) above), by proxy, or by agent, but a duly authorized officer of a corporation, association or other legal entity or a duly authorized member of a partnership, may cast its vote.

#### PLACE FOR BALLOTING

The place for voting in the referendum in the \_\_\_\_\_ community will be \_\_\_\_\_

#### TIME

The polls, in accordance with the official instructions for holding the referendum, shall be opened promptly at \_\_\_\_\_\_ o'clock a. m. and closed promptly at \_\_\_\_\_\_ o'clock p. m., local time, on Thursday, December 15, 1949.

Committee) , 1949.

Done at Washington, D. C., this 12th day of October 1949. Witness my hand and the seal of the Department of Agriculture.

# FEDERAL POWER COMMISSION

# [Docket No. G-1252]

UNITED GAS PIPE LINE CO.

#### ORDER FIXING DATE OF HEARING

OCTOBER 11, 1949.

On August 10, 1949, United Gas Pipe Line Company, a Delaware corporation, having its principal place of business in Shreveport, Louisiana, filed with the Commission on application, as amended on October 3, 1949, for a certificate of public convenience and necessity pur-suant to section 7 of the Natural Gas Act. as amended, authorizing it to construct and operate certain natural-gas transmission facilities, subject to the jurisdiction of the Commission. The facilities are more fully described in the application and amendment on file with the Commission and open to public inspection. Due notice of the filing of the application has been given, including publication in the FEDERAL REGISTER ON August 31, 1949 (14 F. R. 5403).

# Saturday, October 15, 1949

#### The Commission orders:

(A) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a public hearing be held commencing on October 25, 1949, at 10:00 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters presented and the issues involved in said application, as amended.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: October 12, 1949.

By the Commission.

# SECURITIES AND EXCHANGE COMMISSION

#### JENNINGS AND CO.

MEMORANDUM OPINION AND ORDER PERMIT-TING REGISTRATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 10th day of October A. D. 1949.

on the 10th day of October A. D. 1949. In the matter of David H. Jennings, doing business as Jennings & Company, First National Bank Building, Tampa, Florida.

This is a proceeding pursuant to section 15 (b) of the Securities Exchange Act of 1934 to determine whether it is in the public interest to deny the application for registration as an over-thecounter broker-dealer of David H. Jennings, doing business as Jennings & Company, a sole proprietorship.<sup>1</sup>

After appropriate notice a hearing was held before a hearing officer. A recommended decision by the hearing officer was waived, and applicant and the Division of Trading and Exchanges submitted requests for findings. Applicant filed objections to the Division's requests, and the Division filed a reply brief. No request was made for oral argument. On the basis of the record we make the following findings.

From 1936 to 1940 Jennings was an officer, director and one-third shareholder of Haskell, Scott and Jennings, Inc., a registered broker and dealer. After 1940, following Scott's death and Haskell's retirement from active participation, Jennings assumed control of the

# <sup>1</sup>Section 15 (b) provides in part:

"The Commission shall, after appropriate notice and opportunity for hearing, by order deny registration to \* \* any broker or dealer if it finds that such denial \* \* is in the public interest and that (1) such broker or dealer whether prior or subsequent to becoming such \* \* (D) has willfully violated any provision of the Securities Act of 1933, as amended, or of this title, or of any rule or regulation thereunder."

No. 200-4

#### FEDERAL REGISTER

firm's activities. In January 1942, we revoked the company's registration for willful violations of the act, occurring in 1941, consisting of doing business without net capital when it owed substantial sums of banks and customers, commingling and hypothecating securities carried for the account of customers, and falsifying its books and records.<sup>2</sup>

Jennings, who from June 1942 to September 1948 served as an officer in the armed services, now proposes to operate a "small retail business" in Tampa, Florida, to participate in underwritings, and act as a "finder." He represents that he will not do any margin business, extend credit to any person to whom he sells or for whom he purchases any securities, carry money or securities for the account of customers, or owe money or securities to customers except as an incident to transactions with or for customers which are promptly consummated by payment or delivery.

The Division objects to Jennings' registration because he controlled Haskell, Scott and Jennings, Inc. at the time it violated the act. However, we have considered the fact that a period of nearly seven years has elapsed since the firm's registration was revoked, and the fact that Jennings has since conducted himself honorably. We have also examined Jennings' proposed method of doing business and note that if it is adhered to unsatisfied obligations to customers are not likely to arise. In addition, we have considered it appropriate at this time to take into account the fact that creditors of the old firm were reimbursed to a substantial extent by Jennings.

Under all the circumstances we do not find it in the public interest to deny Jennings' application for registration.

It is ordered, That the application of David H. Jennings, doing business as Jennings & Company, for registration as a broker and dealer be, and it hereby is, permitted to become effective.

By the Commission.

BLACKSTONE VALLEY GAS AND ELECTRIC CO. AND EASTERN UTILITIES ASSOCIATES

ORDER GRANTING APPLICATION AND PERMIT-TING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 6th day of October A. D. 1949.

Eastern Utilities Associates ("EUA"), a registered holding company, and its subsidiary company, Blackstone Valley Gas and Electric Company ("Blackstone"), having filed an applicationdeclaration and amendments thereto, pursuant to sections 6 (b) and 12 of the Public Utility Holding Company Act of 1935 and Rules U-42 and U-50 promulgated thereunder, with respect to the following proposed transactions.

Blackstone proposes to issue and sell. pursuant to the competitive bidding requirements of Rule U-50, 35,000 shares of \_\_\_\_% Cumulative Preferred Stock of the par value of \$100 per share. The proceeds of such sale will be used to retire 12,942 shares of Blackstone's outstanding 6% Preferred Stock at \$115 per share plus accrued dividends and to finance, in part, the construction requirements of Blackstone. The public offering of such new preferred stock will be subject to preemptive rights of the common stockholders of Blackstone and to an exchange offer to the holders of the 6% Preferred Stock of Blackstone. EUA, which owns 99.17% of the common stock of Black-

stone, will waive its preemptive rights. Public holders of the 1,430 shares of common stock are to have the right to subscribe to one share of new preferred stock at the public offering price for each share of common stock held and the exchange offer to the present preferred stockholders will be made on a share for share basis subject to dividend adjustments, plus a cash payment by Blackstone equal to the difference between the redemption price of the outstanding 6% Preferred Stock and the public offering price of the new preferred stock. The proposed issue and sale of securities by Blackstone is subject to the jurisdiction of the Public Utilities Administrator, Department of Business Regulation, State of Rhode Island, the State Commission of the State in which Blackstone is organized and doing business, and has been approved by that commission.

Said application-declaration having been duly filed and notice of said filing having been duly given in the form and manner prescribed in Rule U-23 promulgated under the act and the Commission not having received a request for hearing with respect to said application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding, subject to the conditions specified below, that the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder are satisfied, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective, and that the request of the applicant-declarant that the Commission's order become effective forthwith be granted:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, of EUA and Blackstone be, and the same hereby is, granted and permitted to become effective, forthwith, subjective, however, to the terms and conditions prescribed in Rule U-24 and subject to the following and further conditions:

1. That the proposed issue and sale of Preferred Stock of Blackstone shall not be consummated until the results of competitive bidding have been made a matter of record in this proceeding and a further order shall have been entered by the Commission in the light of the record so completed, which order may contain such further terms and conditions as may be deemed appropriate, jurisdiction being reserved for such purpose. 2. That jurisdiction be, and the same is hereby reserved with respect to all fees and expenses in connection with the proposed transactions.

By the Commission.

#### [File Nos. 70-2232, 70-2233]

CENTRAL AND SOUTH WEST CORP. ET AL.

#### NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 10th day of October A. D. 1949.

In the matter of Central and South West Corporation, File No. 70-2232; Central and South West Corporation, Central Power and Light Company, Southwestern Gas and Electric Company, File No. 70-2233.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Central and South West Corporation ("Central"), a registered holding company, and that in connection therewith a separate joint application-declaration has been filed by Central and its subsidiaries, Central Power and Light Company ("Power and Light"), and Southwestern Gas and Electric Company ("Southwestern"). Applicants-declarants have designated sections 6 (a), 7, 9 (a), 10 and 12 (f) of the act and Rules U-43 and U-50 promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Central proposes to issue and sell 725,567 shares of additional common stock, \$5 par value. The shares of common stock are to be offered first to the holders of the company's presently outstanding common stock of record as of the close of business on November 2, 1949, or such later date as the posteffective amendment to the registration statement shall become effective Stockholders, in accordance with their preemptive rights, will be given the opportunity to subscribe for and purchase one share of additional common stock for each ten shares held. The subscription offer will expire at 3:00 p.m., e. s. t., on November 18, 1949. Rights to subscribe will be evidenced by transferable subscription warrants. No subscriptions for a fraction of a share will be accepted and no fractional shares will be issued.

Central proposes, prior to the making of the subscription offer, to invite competitive bids, pursuant to Rule U-50, for the purchase of such shares as are not subscribed for and purchased by the common stockholders, such bids to specify the price per share to be paid to Central for such unsubscribed shares and the compensation to be paid by Central to the underwriters for their commitments and obligations in respect of the purchase of the unsubscribed shares. The price per share specified in the bid of the successful bidders for the unsubscribed shares will be the price at which the shares will be offered to stockholders pursuant to the subscription offer and will be the price at which the unsubscribed shares will be sold, subject to the terms of the underwriting agreement, to the successful bidders.

The declaration states that of the net proceeds to be received by Central from the sale of the common stock it will invest approximately \$4,000,000 to \$4,500,-000 in the common stock of Power and Light and approximately \$3,000,000 to \$3,500,000 in the common stock of Southwestern, and that such stocks will be acquired at their respective par values. It is further stated that Central may retain approximately \$500,000 of such proceeds for future investment, subject to any necessary approvals of the Commission, in one or more of its four principal subsidiaries.

Central requests that the ten-day publication period for inviting bids for the unsubscribed shares of common stock, as provided by Rule U-50, be shortened to a period of not less than six days.

Power and Light has authorized and outstanding 1,447,300 shares of common stock, \$10 par value. Southwestern has authorized 1,500,000 shares of common stock, \$10 par value, of which 1,216,800 shares are outstanding. In connection with the proposed transactions, Power and Light proposes to amend its Articles of Incorporation to increase its total authorized common stock by such number of shares as shall be acquired by Central, and Southwestern proposes to amend its Certificate of Incorporation to increase its total authorized common stock to 2,000,000 shares.

The application-declaration states that the net proceeds to be received by Power and Light and Southwestern from the sales of their common stock will be used by them to finance, in part, their construction programs.

Central estimates that its expenses, other than underwriters' compensation or commission, in connection with the issue and sale of common stock will aggregate \$100,000, including fees of \$15,000 to Middle West Service Company. The fee of independent counsel to be paid by the successful bidder is estimated at \$7,500. Power and Light and Southwestern estimate that their expenses in connection with the issue and sale of common stock will aggregate \$9,000.

Applicants-declarants represent that no regulatory authority, other than the Arkansas Public Service Commission, has or claims to have jurisdiction over any of the proposed transactions. It is stated that Southwestern will make application to said Commission for authority to issue and sell its proposed shares of common stock.

It is requested that the Commission's order granting and permitting to become effective the declaration and the application-declaration be issued by October 26, 1949 and become effective upon issuance.

Notice is further given that any interested person may, not later than October 24, 1949, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matters, stating the reasons for such request, the nature of his interest and the issues, if any, of law or fact raised by said declaration or application-declaration, proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 24, 1949, said declaration, as filed or as amended, and said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as pro-vided in Rules U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, Secretary.

#### [File No. 70-2234]

SOUTHERN NATURAL GAS CO.

#### NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 11th day of October A. D. 1949.

Southern Natural Gas Company ("Southern"), a registered holding company, has made a filing with this Commission, pursuant to sections 11 and 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-50 promulgated under the Act, with respect to a proposed sale by Southern of its security interests of Chattanooga Gas Company ("Chattanooga"), a public utility subsidiary of Southern. Among other things, the filing seeks an exception from Rule U-50, promulgated under the act, with respect to the proposed sale, and states that if the Commission grants the proposed exception an amendment will be filed herein setting forth the negotiation for and the terms of the proposed sale.

All interested persons are referred to this document, which is on file in the office of this Commission, for a statement of the transactions embraced therein which are summarized as follows:

Chattanooga's only outstanding securities consist of 7,500 shares of common stock, par value \$100 per share all of which are owned by Southern.

The instant filing requests that the order or orders of the Commission approving the proposed sale of the Chattanooga stock find that such sale is necessary or appropriate to the integration or simplification of Southern's holding company system and requests that such order or orders conform to the requirements of section 371 (b), 371 (f) and 1808 (f) of the Internal Revenue Code as amended and contain the recitals and specifications as set forth therein.

The filing states that the exception from Rule U-50 is being sought with respect to the sale of the common stock of Chattanooga primarily because, in the judgment of Southern, this common stock is not suitable for distribution to the general public since there are various uncertainties surrounding the present and future operations of Chattanooga; and states further that the application of Rule U-50 is not necessary in this case to assure the maintenance of competitive conditions or to obtain an adequate consideration to Southern.

The various uncertainties urged by Southern with respect to Chattanooga, on which the request for exception from Rule U-50 is predicated, are summarized as follows:

(a) Chattahooga has only a limited amount of gas generating facilities of its own (used only for peaking purposes). Its principal source of supply consists of purchased by-product gas. Contracts with the supplier of by-product gas, a non-affiliate, expire on December 31, 1951. While it seems likely that natural gas may be available to Chattanooga in late 1950, Chattanooga at present has no assured supply of natural gas or any assurance as to the date when deliverles will commence;

(b) Because of the recent curtailment of activities in local coal mines, resulting in reduction of available by-product gas, Chattanooga has been forced to reduce sales of gas to its industrial consumers to such an extent that its operations during the months of July and August 1949 were substantially less profitable than for the corresponding period of 1948;

(c) It is not possible at this time to forecast the rates and other terms under which natural gas may become available to Chattanooga upon its conversion to natural gas, these being matters which will have an important bearing upon the future earnings of Chattanooga;

(d) The capital requirements of Chattanooga attendant upon its future operations as a natural gas distributor cannot at this time be estimated with any degree of accuracy.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said filing;

It is ordered, That a hearing on said filing pursuant to the applicable provisions of the act and the rules and regulations thereunder, be held on October 25, 1949, at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., in such room as may be designated on that day by the hearing room clerk in Room 101. Any person desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission, on or before October 21, 1949, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is jurther ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing on such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a hearing officer under the Commission's rules of practice. The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of said filing, and that, on the basis thereof, the following matters and questions are presented for consideration without prejudice, however, to additional matters or questions being specified upon further examination:

1. Whether the facts and circumstances of the instant case warrant an exception from the competitive bidding requirements of Rule U-50;

2. Whether, in the event an exception from competitive bidding is warranted, it is necessary or appropriate in the public interest or for the protection of investors and consumers to impose terms and conditions with respect to such exception;

3. Generally, whether the proposed transactions comply with all of the applicable provisions and requirements of the act and the rules and regulations thereunder and whether in connection therewith any terms and conditions should be imposed.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve copies of this order by registered mail on Southern and that notice of said hearing shall be given to all other persons by publication of this order in the FEDERAL REGISTER and by general release of this Commission distributed to the press and mailed to the mailing list for releases issued under the act.

#### By the Commission.

#### [File No. 70-2240]

#### CITIES SERVICE CO.

#### NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of October A. D. 1949.

Notice is hereby given that Cities Service Company ("Cities"), a registered holding company, has filed applications and declarations pursuant to the Public Utility Holding Company Act of 1935 ("act"), and has designated sections 6 (a), 7, 9 (a), 10 and 12 (b) thereof and Rule U-43 of the rules and regulations promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to said applications and declarations which are on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Cities proposes to organize a new corporation, under the laws of the State of Delaware, to be known as Cities Service Hetera Corp. ("Hetera"), to which Cities proposes to transfer \$5,402.20 in cash and securities of an aggregate carrying value on the books of Cities of \$2,224,598, in exchange for all of the common stock (22,300 shares of \$100 par value) of Hetera. These securities are stated to represent investments in companies which are not public utilities as defined in the act and which are not engaged in the oil, wholesale natural gas or real estate businesses and are more particularly described as follows:

145,895 shares (99.569%) of 8% Cumulative Preferred Stock, \$3,399,000 principal amount of First Mortgage 6% Gold Bonds, and \$733,355.04 principal amount of Demand Notes of The Community Traction Company, an Ohio corporation which operates bus lines and street railway lines in the City of Toledo, Ohio.

21,601 shares (98.55%) of Common Stock, 1,943,875 shares (95.59%) of 1st Preferred Stock, 1,254 shares (100%) of 2d Preferred Stock, and \$110,250 principal amount of 7% Bonds due 1939 of The Brightman Manufacturing Company, an Ohio corporation which manufactures nuts for bolts.

339,639 shares (64.705%) of Common Stock and 1,470 shares of Certificates of Contingent Interest of Federal Liquidating Corporation, a Delaware corporation organized for the purpose of liquidating Federal Light & Traction Company.

1,215 shares (1.74%) of Class B preferred Stock of United Fuel Investments, Limited, a Canadian holding company.

\$395,000 principal amount of 5% Bonds due 1932 of Guayaquil & Quito Rallway Company, an Ecuador corporation which operates a railway line in Ecuador.

Cities states that the purpose of the proposed transactions is to simplify the corporate portfolio of the company by transferring miscellaneous investments of Cities in non-utility companies, which are not engaged in the oil, wholesale natural gas or real estate businesses, to Hetera for liquidation.

The filing requests that the Commission's order herein issue by October 21, 1949 and that it become effective forthwith upon its issuance in order that the proposed transactions may be consummated as soon as possible.

Notice is further given that any interested person may, not later than October 20, 1949 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter: Any such request shall set forth the nature of the interest asserted, the reason for such request, and the issues, if any, of fact or law raised by said filing desired to be controverted, or request may be made for notification by the Commission should it order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 20, 1949 said applications and declarations, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

#### UTAH POWER & LIGHT CO.

SUPPLEMENTAL ORDER RELEASING JURISDIC-TION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., the 11th day of October A. D. 1949.

Utah Power & Light Company ("Utah"), a registered holding company, having filed a declaration and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (a) and (7) thereof and Rule U-50 thereunder, regarding the issue and sale at competitive bidding of 148,155 additional shares of its common stock, subject to a rights offering to its present stockholders on the basis of one share of additional stock for each eight shares of common stock presently held, and \$3,000,000 principal amount of its First Mortgage Bonds, -----% Series due 1979; and

The Commission having by order dated September 1, 1949, permitted said declaration, as then amended, to become effective subject to the condition that the proposed issues and sales of securities not be consummated until the results of competitive bidding pursuant to Rule U-50 should have been made a matter of record in these proceedings and a further order entered by the Commission in the light of the record as so completed, and subject to a reservation of jurisdiction with respect to the payment of all fees and expenses incurred or to be incurred in connection with the proposed transactions; and

The record having been completed with respect to the results of competitive bidding for the sale of common stock and the Commission having issued its order on September 14, 1949, releasing jurisdiction insofar as the results of competitive bidding relating to the sale of such stock were concerned; and

Utah having filed a further amendment to its declaration setting forth that it had requested bids for the bonds and that in response to such invitations the following bids for such bonds were received:

Bidding group	Cou- pon rate	Price to company (percent of prin- cipal amount)	Cost to com- pany
Carl M. Loeb, Rhoades & Co., and E. H. Rollins & Sons, Inc. Salomon Bros. & Hutzler The First Boston Corp. Haisey, Stuart & Co., Inc Kidder, Peabody & Co. Union Scentities Corp. and Smith, Barney & Co Equitable Securities Corp Lehman Bros., and Bear, Stearns & Co.	274 275 275 275 275 275 275 275 275 276	101, 45117 101, 27 101, 235 101, 101 100, 94	2. 7719 2. 7989 2. 8032 2. 8121 2. 8138 2. 8204 2. 8283 2. 8368 2. 8693

Said amendment to the declaration having further set forth that Utah has acepted the bid of the syndicate jointly headed by Carl M. Loeb, Rhoades & Co. and E. H. Rollins & Sons, Incorporated, as shown above and that said bonds will

#### 6302

be offered for sale to the public at a price of 102.50% of the principal amount thereof plus accrued interest from October 1, 1949 to the date of delivery, resulting in an underwriters' spread of 0.409% of the principal amount of said bonds; and

Said amendment having also set forth the fees and expenses relating to the sales of common stock and bonds which fees aggregate \$80,000, allocated in the amount of \$50,000 to the common stock sale, and \$30,000 to the bond sale, including the following fees:

The Burtes	Common stock	Bonds	
Reid & Priest (counsel for the com- pany) Beckman & Bogue (counsel for the	\$8, 500	\$3, 500	
underwriters, Fee to be paid by successful bidders) Ebasco Services, Inc. Utah Savings & Trust Co. (sub-	3, 500 2, 500	3, 000 2, 000	
scription agent)	10,000		

The Commission having considered the record herein and finding that the fees and expenses proposed to be paid are not unreasonable, and observing no basis for the imposition of terms and conditions with respect to the matter set forth in the amendment filed herein:

It is ordered, That jurisdiction heretofore reserved with respect to the results of competitive bidding on the sale of the bonds, and the payment of fees and expenses relating to the sales of common stock and bonds be, and the same hereby is, released, and that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

# FEDERAL COMMUNICATIONS COMMISSION

#### [Docket No. 9461]

LIST OF ASSIGNMENTS IN THE BAND 1605-2000 KC. TO BE REGISTERED IN CON-NECTION WITH THE SPECIAL CONFERENCE OF THE INTERNATIONAL TELECOMMUNI-CATION UNION

#### CONFERENCE PROPOSALS

#### SEPTEMBER 21, 1949.

The Commission, in cooperation with the Department of State, has under consideration the matter of implementing the provisions of the Final Acts of the Atlantic City Telecommunications and Radio Conferences (1947) and of the Fourth Inter-American and Region 2 (ITU) Conference, Washington (1949).1 The implementation of these provisions requires, in part, the submission of a

list of frequency assignments consistent with the provisions of the said agreements, including their tables of frequency allocations, for consideration by a Special Administrative Radio Conference of the International Telecommunications Union (ITU) and inclusion in a new International Frequency List." Under provisions of the agreements re-ferred to above, the listing of frequency assignments in the new list, as approved by the Special Conference, with such deletions, modifications and additions as may be made periodically under terms of the agreements, will determine international rights of priority in the use of the various frequencies covered by the list.

The purpose of this public notice is to indicate at this time for the information of interested parties the assignments in the band 1605-2000 kilocycles which the Commission has under consideration for recommendation to the Department of State as the assignments in that band which should be submitted to the Special Administrative Conference referred to above. Accordingly, there is attached (Appendix A) a list of such assignments. Before furnishing this list to the Department of State at this time for its use in connection with the terms of Resoluion No. 1 adopted by Region 2 (ITU) in Washington on July 9, 1949, the Commission will consider any comments which may be filed with the Secretary of the Commission by November 1, 1949. All interested persons are invited to submit comments on this matter.

The Commission's final recommendation with respect to a list of assignments in this frequency band will be announced before the convening of the aforementioned Special Conference. Any person desiring to comment upon or receive further information concerning this matter is invited to address the Secretary.

The Commission has endeavored in the list in Appendix A to accommodate existing stations. Comments relating to

col to the Convention, Additional Protocols of the Convention, Lesolutions, Recommen-dations and Opinions. Price: Swiss Francs 0.75 for Members and Associate Members; 0.90 for other Administrations and Companies (both prices do not include postage);

"Radio Regulations (Atlantic City, 1947). Additional Regulations, Additional Protocol Recommendations and Resolutions adopted by the International Radio Conference. Swiss Francs 5.70 for Members and Price: Associate Members; 6.50 for other Administrations and Companies (both prices do not include postage); 7.10 (including postage) for private entities."

opies of the Final Acts of the ITU Region 2 Fourth Inter-American Radio Conference (Washington, 1949), including the Inter-American Radio Agreement and the Resolution and Recommendations, of Region 2, are expected to be available in the near future from the International Telecommunication Union at Geneva, Switzerland. The price is Copies of all these documents unknown.

may be consulted at the Commission's offices, <sup>2</sup> The Special Administrative Radio Conference for approval of a new international master frequency list is scheduled to meet during the fall of 1949. However, it is anticipated that the Administrative Council of the ITU may defer this Conference to a later date.

future assignments or frequency allocations will not be considered at this time. It is anticipated that the subject of new services or expansions of existing services will be made the subject of frequency allocation proposals in the near future. A description of the plan in Appendix A follows:

1605-1750 kc. The assignments in this band indicated in Appendix A are those now in force in the United States, and no change is involved except in the case of two frequencies, 1602 kc, and 1614 kc. The only assignments to non-government stations now outstanding on 1614 kc. are to experimental stations. The frequency 1602 kc. is assigned to geophysical stations. The plan in Appendix A provides for the listing on 1614 kc. of the geophysical stations now assigned 1602 kc. Whether or not the plan submitted by the United States contains this feature will depend in part upon the nature of the comments received. Should this plan be used, the Commission will receive applications from the geophysical stations involved for the assignment of 1614 kc. in lieu of 1602 kc. Under this plan, those geophysical stations now using 1602 kc. and which do not cause harmful interference to the broadcasting service may continue to use 1602 kc., but the Commission recommends that a shift be made as soon as feasible to a more appropriate frequency. And under the plan in Ap-pendix A, it would be expected that experimental stations could continue to use 1614 kc., provided no harmful interference is caused to the services allocated the band 1605-1750 kc.

1750-1800 kc. An appropriate entry is included in the list in Appendix A for the use of this band by the disaster com-munications service. The effective date of the table of frequency allocations in this band cannot be before April 1, 1950, and it is expected that the current temporary allocation of this band to the radiolocation service will be terminated on or before the effective date of the new international allocation, in accordance with the conditions applicable to this temporary allocation in Part 2 of the Commission's rules.

1800-2000 kc. The only international registrations involved in this band are for Loran stations and the appropriate United States assignments are indicated in the plan in Appendix A.

Effective date. In order to permit the widening of the existing broadcasting band to 535-1605 kc. providing for the addition of 540 kc. as a broadcasting frequency at the earliest feasible date, it will be necessary to bring into force the new international table of frequency allocations in the band 150-535 kc. and 1605-2000 kc. on or after April 1, 1950. Since there is no extensive dislocation of existing services involved, it is expected that the plan of assignments in Appendix A may become effective on April 1, 1950.

Approved: September 21, 1949.

Released: September 23, 1949.

[SEAL]

By direction of the Commission.

T. J. SLOWIE, Secretary.

# UNITED STATES MARITIME COMMISSION

MEMBER LINES OF UNITED STATES ATLANTIC AND GULF-SANTO DOMINGO CONFERENCE ET AL.

#### NOTICE OF AGREEMENTS FILED WITH COMMISSION FOR APPROVAL

Notice is hereby given that the following described agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended:

Agreement 6080-5, between the Member Lines of the United States Atlantic & Gulf-Santo Domingo Conference, amends the basic agreement of that conference (No. 6080) by eliminating therefrom Article 6 (b) providing that "Member Lines shall absorb for the purpose of equalizing actual insurance differentials when insurance differentials obtain resulting from diversion, overage or under-sized vessels, or the operation of chartered vessels, or vessels not regularly engaged in the trade and, therefore, being subject to a higher insurance premium," and by amending Article 8 (a) to provide for a change in the day on which regular monthly meetings of the conference will be held. Agreement 6080 provides for the establishment and maintenance of uniform rates and conditions for and in connection with the transportation of all cargo between United States Atlantic and Gulf ports and ports in the Dominican Republic, excluding coal and coke in bulk moving outward, and raw sugar moving homeward, but including cargoes moving between ports in the Dominican Republic.

Agreement 6120-3, between the Member Lines of the United States Atlantic & Gulf-Puerto Rico Conference, amends the basic agreement of that conference (No. 6120) to provide for a change in the day on which regular monthly meetings of the conference will be held. Agreement No. 6120 provides for the establishment and maintenance of uniform rates and conditions for and in connection with the transportation of all cargo between United States Atlantic and Gulf ports and ports in Puerto Rico, including cargoes moving between ports in Puerto Rico.

Agreement 7568-1, between The Ocean Steam Ship Company Ltd., The China Mutual Steam Navigation Co., Ltd. and Nederlandsche Stoomvaart Maatschappij "Oceaan", amends the Blue Funnel Line Joint Service Agreement (No. 7568) by adding three new articles providing that bills of lading and passenger tickets shall clearly show the name of the carrier (party to agreement 7568) for whose account the vessel is operated and setting forth the manner in which the parties will share in conference admission fees, dues, expenses and deposits and how their joint share of revenues and expenses under any pooling agreement to which they are parties will be divided between them. Agreement No. 7568 covers the trade between ports of the United States and Hawaiian Islands and ports in British North America, West Indies, Central America, South America, Africa, Asia, Japan, Australasia, Philippine Islands, Europe, and all ports in islands or groups of islands adjacent thereto.

Agreement 7725, between N. V. Nederlandsch - Amerikaansche Stoomvaart -Maatschappij "Holland-America Line" and Alcoa Steamship Company, Inc. covers the transportation of cargo under through bills of lading from Holland and Belgium to the Virgin Islands, with transshipment at New York.

Interested parties may inspect these agreements and obtain copies thereof at the Commission's Office of Regulation, Washington, D. C., and may submit to the Commission within 20 days after publication of this notice written statements with reference to any of the agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: August 10, 1949.

[SEAL]

By order of the United States Maritime Commission.

> A. J. WILLIAMS, Secretary.

#### MEMBER LINES OF JAVA-NEW YORK RATE AGREEMENT ET AL.

#### NOTICE OF AGREEMENTS FILED WITH COMMISSION FOR APPROVAL

Notice is hereby given that the following described agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended:

Agreement 90-4, between the Member Lines of the Java-New York Rate Agreement, amends the basic agreement of the Java-New York Rate Agreement (No. 90) to increase the deposits required of members to guarantee possible damages for violation of the agreement from Fl. 10,000 to Fl. 25,000-Netherland Indies currency, and to change the provisions governing the determination of violation of and damages for breach of the agreement. Agreement No. 90 provides for the establishment and maintenance of uniform rates and conditions for and in connection with the transportation of cargo from Netherland East Indian ports, exclusive of ports on the east coast of Sumatra between Lansa and Indragiri both ports included, to United States Atlantic and Gulf ports.

Agreement 7970, between American President Lines, Ltd., De La Rama Lines, East Asiatic Company, Ltd., Java Pacific Line, Klaveness Line, Pacific Far East Line, Inc., Pacific Orient Express Line, Pacific Transport Lines, Inc., Salem-Skaugen Line, Silver Line, Ltd., States Marine Corporation/States Marine Corporation of Delaware, States Steamship Company and Sudden & Christenson, Inc., provides for the establishment of Pacific Coast Committee of Inward Trans-Pacific Steamship Lines for the purpose of conferring and discussing mutual problems affecting Pacific Coast ports of the United States and Canada or relating to the discharge and delivery of merchandise which has been or will be

transported in foreign commerce of the United States and Canada from ports in Japan, Korea, China, Philippine Islands, French Indo-China, Siam, Indonesia, Malaya, India, Pakistan and the Persian Gulf. On matters within the scope of any steamship conference agreement on file with the United States Maritime Commission the Committee will have no rate-making power nor shall it make any rules or regulations which are obligatory upon the parties and which relate to the discharge and delivery or handling of cargo, but may make recommendations on these subjects to the parties and to the respective steamship conferences in which the parties hold membership. On matters outside the scope of any such conference agreement and not in conflict with the functions of the Committee. the Committee may establish just and reasonable rates, rules and/or regulations with respect to discharge and delivery of cargo.

Interested parties may inspect these agreements and obtain copies thereof at the Commission's Office of Regulation, Washington, D. C., and may submit to the Commission within 20 days after publication of this notice written statements with reference to any of the agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: August 10, 1949.

By order of the United States Maritime \* Commission.

[SEAL]	A. J. WILLIAMS,
	Secretary.

#### ALAN PERCY GRAVES ET AL.

In re: Stock owned by Alan Percy Graves and others and debt owing to Dina Fischer. D-66-2291-D-1, F-28-946, F-28-946-D-1, F-28-24115-D-1, F-28-24116-D-1, F-28-24117-D-1, F-28-24120-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the persons whose names and last known addresses are as follows:

Name and Last Known Address

Alan Percy Graves, Rheinbaden Allee 49,

Berlin, Germany. Resi Callies, Strasse 78, Berlin-Lichterfelde, Germany.

Mrs. E. A. Strasen Drake, Strasse 78, Berlin-Lichterfelde, Germany.

Lina Diedrich, Talstrasse 16, Stutzerbach/ Thrg., Germany.

Lina Dietrich, Talstrasse 16, Stutzerbach/ Thrg., Germany. Paul Gebhardt, Richard Wagner Str. 40, Karlsbad, Germany. Dina Fischer, Munich 51, Germany.

are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows: Fifty (50) shares of \$3 cumulative preference capital stock of the United Corporation, 901 Market Street, Wilmington 7, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by certificates numbered 17779/17783 inclusive, registered in the name of Alan Percy Graves, together with all declared and unpaid dividends thereon, any and all rights of exchange under the plan of April 30, 1949;

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by Alan Percy Graves, the aforesaid national of a designated enemy country (Germany);

3. That the property described as follows: Four (4) shares of \$1 par value common capital stock of The United Corporation, 901 Market Street, Wilmington 7, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered 9604 for four shares of no par value common stock, registered in the name of Miss Resl Callies and Mrs. E. A. Strasen Drake, together with all declared and unpaid dividends thereon, and any and all rights to exchange the aforesaid (old) certificate for a (new) certificate for \$1 par value common stock of the aforesaid corporation,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by Resi Callies and Mrs. E. A. Strasen Drake, the aforesaid nationals of a designated enemy country (Germany);

4. That the property described as follows: Five (5) shares of \$1 par value common capital stock of The United Corporation, 901 Market Street, Wilmington 7, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered 387907 for five shares of no par value common stock registered in the name of Lina Diedrich, together with all declared and unpaid dividends thereon, and any and all rights to exchange the (old) certificate for a (new) certificate for \$1 par value common stock of the aforesaid corporation.

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by Lina Diedrich, the aforesaid national of a designated enemy country (Germany);

5. That the property described as follows: Five (5) shares of \$1 par value common capital stock of The United Corporation, 901 Market Street, Wilmington 7, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered 32252 for five shares of no par value common stock registered in the name of Miss Lina Dietrich, together with all declared and unpaid dividends thereon, and any and all rights to exchange the aforesaid (old) certificate for a (new) certificate for \$1 par value common stock of the aforesaid corporation,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by Lina Dietrich, the aforesaid national of a designated enemy country (Germany);

6. That the property described as follows: Eight (8) shares of \$1 par value common capital stock of The United Corporation, 901 Market Street, Wilmington 7, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered 105733 for eight shares of no par value common stock registered in the name of Paul Gebhardt, together with all declared and unpaid dividends thereon, and any and all rights to exchange the aforesaid (old) certificate for a (new) certificate for \$1 par value common stock of the aforesaid corporation;

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by Paul Gebhardt, the aforesaid national of a designated enemy country (Germany);

7. That the property described as follows: That certain debt or other obligation owing to Dina Fischer by The United Corporation, 901 Market Street, Wilmington 7, Delaware, in the amount of \$3.94, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same;

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by Dina Fischer, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

8. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest.

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on September 27, 1949. For the Attorney General.

### [Vesting Order 13869]

#### DENGO AND AKIRA NAKAYAMA

In re: Bank accounts owned by and debts owing to Dengo Nakayama, also known as D. Nakayama, and Akira. Nakayama. D-39-840, D-39-840-C-2, D-39-840-E-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Dengo Nakayama, also known as D. Nakayama, and Akira Nakayama, each of whose last known address is Japan, are residents of Japan and nationals of a designated enemy country (Japan);

2. That the property described as follows:

a. That certain debt or other obligation of Bishop National Bank, King and Bishop Streets, Honolulu, T. H., arising out of a savings account, account number 5342, entitled Dengo Nakayama, maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same,

b. That certain debt or other obligation of The Sumitomo Bank of Hawaii, P. O. Box 1200, Honolulu, T. H., arising out of a sundry savings account, Receiver's Liability number 11035-2852, entitled D. Nakayama, maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same, and

c. All those debts or other obligations evidenced by the checks dated March 1, 1948, drawn on the Bishop National Bank of Hawaii, King and Bishop Streets, Honolulu, T. H., payable, numbered and in the amounts set forth below:

Name of payee	Check No.	Receiv- er's cer- tificate No.	Amount
D. Nakayama by A. A. Nakayama Dengo Nakayama	11273 11274	4,070 4,071	\$90, 29 268, 72

and presently in the custody of the Trustees for the Creditors and Stockholders of the Pacific Bank in Dissolution, P. O. Box 1200, Honolulu, T. H., and any and all rights to demand, enforce and collect the aforesaid debts, and any and all rights in, to and under, including particularly the right to possession of the aforesaid checks,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Dengo Nakayama, also known as D. Nakayama, the aforesaid national of a designated enemy country (Japan):

3. That the property described as follows: That certain debt or other obligation evidenced by a check payable to Akira Nakayama by D. Nakayama, dated March 1, 1948, and drawn on the Bishop National Bank of Hawaii, King and Bishop Streets, Honolulu, T. H., numbered 11272, Receiver's Certificate number 4069, in the amount of \$8.81, and presently in the custody of the Trustees for the Creditors and Stockholders of the Pacific Bank in Dissolution, P. O. Box 1200, Honolulu, T. H., and any and all rights to demand, enforce and collect the aforesaid debt, and any and all rights in, to and under, including particularly the right to possession of the aforesaid check,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Akira Nakayama, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on September 27, 1949.

For the Attorney General.

### [Vesting Order 13877]

### CARL MUNDT

In re: Estate of Carl Mundt, deceased. File No. D-28-12516 E. T. sec. No. 16724. Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found: 1. That Herman Mundt, Richard Mundt, Ernst Johannes Emil Mundt, Joachim Ferd Mundt, Frau Wilhelmine Margaretha Wulf, Frau Betty Stelk, Herta Havemeister, Olga Loose, Emmi Ridder, Elli Untiedt, Anna Meyer, Anna Loose, Werner Loose, Erna Loose, and Erika Loose, whose last known address is Germany, are residents of Germany

No. 200-7

and nationals of a designated enemy country (Germany);

2. That the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Frau Anna Mundt Loose, deceased, except Mrs. Herbert Stoltenberg, a resident of the United States, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That all right, title, interest, and claim of any kind or character whatsoever of the persons identified in subparagraphs 1 and 2 hereof, except Mrs. Herbert Stoltenberg, a resident of the United States, and each of them, in and to the estate of Carl Mundt, deceased, is property payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Germany);

4. That such property is in the process of administration by Ed Andresen, Administrator, acting under the judicial supervision of the District Court of the State of Iowa, Ida County, Iowa;

and it is hereby determined:

5. That to the extent that the persons named in subparagraph 1 hereof and the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Frau Anna Mundt Loose, deceased, except Mrs. Herbert Stoltenberg, a resident of the United States, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States. The terms "national" and "designated

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on October 3, 1949.

For the Attorney General.

### [Vesting Order 13888]

#### AGNES ECKHARDT ET AL.

In re: Stock owned by Agnes Eckhardt, also known as Agnes Grube Eckhardt, Fedor Martin Hiller, Heinz Steffe and Hanny Steffe. F-28-23609-D-3, F-28-30433-D-1, F-28-30434-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Agnes Eckhardt, also known as Agnes Grube Eckhardt, Fedor Martin Hiller, Heinz Steffe and Hanny Steffe, each of whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows: Ten (10) shares of no par value \$6.00 Cumulative Preferred Stock of the North American Light and Power Company, 100 West 10th Street, Wilmington, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a Certificate numbered B04558, and registered in the name of Agnes Eckhardt, nee Grube, Germershausen No. 38, K. R. Duderstaat, Germany, together with all declared and unpaid dividends thereon, and any and all rights to the proceeds of redemption thereof,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Agnes Eckhardt, also known as Agnes Grube Eckhardt, the aforesaid national of a designated enemy country (Germany);

3. That the property described as follows: Fourteen (14) shares of no par value \$6.00 Cumulative Preferred Stock of the North American Light and Power Company, 100 West 10th Street, Wilmington, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a Certificate numbered 025198, and registered in the name of Fedor Martin Hiller, together with all declared and unpaid dividends thereon, and any and all rights to the proceeds of redemption thereof,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Fedor Martin Hiller, the aforesaid national of a designated enemy country (Germany);

4. That the property described as follows: Nine (9) shares of no par value \$6.00 Cumulative Preferred Stock of the North American Light and Power Company, 100 West 10th Street, Wilmington, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a Certificate numbered 029975, and registered in the name of Heinz Steffe and Hanny Steffe, as joint tenants with right of survivorship and not as tenants in common, 28 Hinkel Strasse, Potsdam-Babelsberg 2, Germany, together with all declared and unpaid dividends thereon, and any and all rights to the proceeds of redemption thereof.

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Heinz Steffe and Hanny Steffe, the aforesaid nationals of a designated enemy country (Germany);

#### and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on October 3, 1949.

For the Attorney General.
