## TITLE 6—AGRICULTURAL CREDIT

### Chapter III—Farmers Home Administration, Department of Agriculture

#### Subchapter B—Farm Ownership Loans

#### PART 333—PROCESSING SUBSEQUENT LOANS

Part 333 in Chapter III, Title 6 of the Code of Federal Regulations (13 F. R. 9415; 6 CFR 333.1-333.11) is amended to read as follows:

- Sec.  
333.1 General.  
333.2 Purposes.  
333.3 Interest rates, source of funds, and amortization schedules.  
333.4 Variable payment agreements.  
333.5 Reappraisal of farms.  
333.6 Certification by County Committee.  
333.7 Preparation of subsequent loan docket.  
333.8 Approval of subsequent loans.  
333.9 Title clearance.  
333.10 Closing of the loan.

**AUTHORITY:** §§ 333.1 to 333.10 issued under sec. 41 (1), 60 Stat. 1066; 7 U. S. C. 1015 (1). Statutory provisions interpreted or applied are cited to text in parentheses.

**DERIVATION:** §§ 333.1 to 333.10 contained in FHA Instruction 443.3.

§ 333.1 *General.* (a) A subsequent direct loan is a loan from Federal funds available under title I of the Bankhead-Jones Farm Tenant Act, as amended, made to a person who is indebted to the Government on account of a direct Farm Ownership loan or a credit sale of real estate, or made to a transferee in connection with the transfer of a Farm Ownership farm in accordance with Part 372, Subpart B, of this chapter. For the purposes of this part, the term "borrower" includes a person who purchased real estate from the Government on credit, as well as the recipient of a cash loan. A deferred advance to complete farm development (see §§ 324.24 and 324.25 of this chapter) and an advance to pay a recoverable cost charge for such items as taxes and property insurance are not subsequent loans.

(b) Ordinarily, a subsequent loan will not be approved if the amount of funds required is less than \$500, except for the payment of equity in a transfer case. When the amount required is less than \$500, it usually can be provided from farm income.

(c) See §§ 311.21 to 311.31 of this chapter regarding Farm Ownership "Loan Limitations" as applied to subsequent loans.

(Secs. 1 (a), 3 (a), 44 (b), 60 Stat. 1072, 1074, 1069; 7 U. S. C. 1001 (a), 1003 (a), 1018 (b))

§ 333.2 *Purposes.* A subsequent loan may be made to a Farm Ownership borrower under the provisions of this part to accomplish any one or any combination of the following purposes:

(a) To alter existing buildings, construct new buildings, or improve or develop land when necessary to make the farm an efficient family-type farm-management unit.

(b) To purchase additional land necessary to make the farm an efficient family-type farm-management unit.

(c) To pay equity to a transferor in connection with the transfer of a Farm Ownership farm.

(d) To refinance existing Farm Ownership indebtedness, when necessary, in connection with a loan for enlargement or improvement of an undersized or underimproved farm.

(e) To meet the need for improvements to adjust farming operations to changing conditions. These are conditions which affect the type of farming or the methods of production. Examples of such changing conditions might be:

(1) *Change in prevailing area conditions.* Changes in prevailing conditions within an area may require adjustments in farming operations. Sanitation standards with respect to the production of whole milk may change, forcing a borrower to cease shipping whole milk unless required improvements are made. In other instances, changes in available markets also may make it necessary for a borrower to convert to another type of farming.

(2) *Change in individual farm.* Significant changes in the condition of the farm may require adjustments in farming operations.

(Secs. 1 (a), 1 (c), 60 Stat. 1072, 1073; 7 U. S. C. 1001 (a), 1001 (c))

§ 333.3 *Interest rates, sources of funds, and amortization schedules.* Various kinds of Farm Ownership financial assistance have been extended at

different rates of interest and involving a number of sources of funds. Therefore, the following policy will govern the making of a subsequent Farm Ownership loan so that future servicing will be simplified: (a) All or part of the outstanding Farm Ownership indebtedness will be refinanced if so provided herein; (b) the benefit of the lowest practicable rate of interest on outstanding Farm Ownership indebtedness will be retained

for the borrower, but not more than two rates of interest will be permitted in any case; (c) unpaid balances on outstanding Farm Ownership debts will be reamortized.

(a) When making a subsequent loan to a borrower whose outstanding Farm Ownership indebtedness was not incurred in accordance with title I of the Bankhead-Jones Farm Tenant Act, as originally enacted or as amended:

(1) Sufficient funds will be included in the subsequent loan to refinance all outstanding Farm Ownership indebtedness.

(2) The interest rate will be 4 percent.

(3) The subsequent loan will be amortized so as to mature within one year of, but not later than, the maturity date of the borrower's initial Farm Ownership note, unless the loan approval officer determines that a longer payment period is necessary, but in no case will it be amortized over a period longer than 40 years from the date of the subsequent loan note.

(This applies to those Farm Development borrowers, including former Farm and Home Improvement and Special Real Estate borrowers, whose initial loans were made from Loans, Grants, and Rural Rehabilitation funds or from State Rural Rehabilitation Corporation funds; Project Liquidation borrowers whose units were sold not pursuant to title I; Project Liquidation borrowers whose units represent investments of a State Rural Rehabilitation Corporation; Project Liquidation borrowers whose units were sold by a Defense Relocation Corporation, a Land Leasing or Land Purchasing Association, or similar corporation; and borrowers whose farms were security for Operating loans and were acquired by the Government and sold to the borrowers on title I terms in accordance with Part 372, Subpart E, of this chapter.)

(b) When making a subsequent loan to a borrower whose outstanding Farm Ownership indebtedness was incurred solely in accordance with title I of the Bankhead-Jones Farm Tenant Act, as originally enacted or as amended, and the case does not involve both an outstanding 3 percent note and an outstanding  $3\frac{1}{2}$  percent note:

(1) The outstanding Farm Ownership indebtedness will not be refinanced.

(2) The subsequent loan will bear interest at the rate of 4 percent and each outstanding debt will be continued at its present rate of interest.

(3) Each outstanding debt will be reamortized as of the date the subsequent loan is closed. The subsequent loan will be amortized so as to mature within one year of, but not later than, the maturity date of the earliest outstanding note, unless a transfer case is involved. If a subsequent loan is made in connection with a transfer case, the subsequent loan will be amortized so as to mature within one year of, but not later than, the due date of the final installment under the assumption agreement.

(c) When making a subsequent loan to a borrower who owes a Farm Owner-

ship debt which was incurred at 3 percent in accordance with title I of the Bankhead-Jones Farm Tenant Act, and who also owes a Farm Ownership debt which was incurred at  $3\frac{1}{2}$  percent in accordance with title I of the act, as amended:

(1) The 3 percent debt will not be refinanced, but the subsequent loan will include funds to refinance the  $3\frac{1}{2}$  percent debt.

(2) The initial loan will be continued at the 3 percent interest rate, whereas the subsequent loan will bear interest at the rate of 4 percent.

(3) The 3 percent debt will be reamortized as of the date the subsequent loan is closed. The subsequent loan will be amortized so as to mature within one year of, but not later than, the maturity date of the 3 percent note, unless a transfer case is involved. If a subsequent loan is made in connection with a transfer case, the subsequent loan will be amortized so as to mature within one year of, but not later than, the due date of the final installment under the assumption agreement.

(Secs. 1 (a), 3 (b) (1)-(3), 44 (b), 48, 60 Stat. 1072, 1074, 1069, 1070, sec. 1, 62 Stat. 534; 7 U. S. C. 1001 (a), 1003 (b) (1)-(3), 1018 (b), 1022)

§ 333.4 *Variable payment agreements.* A Payment Plan I borrower who applies for a subsequent loan will be informed that it will not be possible to maintain his initial loan under Payment Plan I and his subsequent loan under Payment Plan II (see § 361.24 of this chapter). Therefore, a Payment Plan I borrower who adopts Payment Plan II by signing Form FHA-190, "Promissory Note," or Form FHA-190A, "Bond," in connection with his subsequent loan will be required to transfer his initial loan account to Payment Plan II by signing Form FHA-165, "Variable-Payment Agreement."

(The law provides that a borrower may select a fixed basis for payment which would require an insertion on the note, approved by the representative of the Office of the Solicitor, and deletion of the variable payment paragraph contained in Forms FHA-190. Because it is of no advantage to the borrower, it is not anticipated that any borrower would elect the fixed basis for payment.)

(Secs. 3 (b) (4), 44 (b), 48, 60 Stat. 1074, 1069, 1070; 7 U. S. C. 1003 (b) (4), 1018 (b), 1022)

§ 333.5 *Reappraisal of farms.* For any subsequent loan, except in the case of a subsequent loan in connection with a transfer (see Part 372, subpart B, of this chapter), a new earning capacity report will be required only when:

(a) The sum of the annual installment which will be payable on the initial loan and the annual installment which will be payable on the subsequent loan (as computed by the County Supervisor) exceeds the "Net Farm Income Available for Payment on FO Loan" shown on the latest earning capacity report; or

(b) A purpose of the subsequent loan is for farm enlargement; or

(c) The County Committee requests a new earning capacity report; or

(d) The State Field Representative or the County Supervisor determines that there have been physical changes in the farm which appear to have significantly altered its normal earning capacity or such changes are likely to result if the subsequent loan is made.

(Secs. 1 (a), 2 (b), 3 (b) (3), 48, 60 Stat. 1072, 1073, 1074, 1070; 7 U. S. C. 1001 (a), 1002 (b), 1003 (b) (3), 1022)

§ 333.6 *Certification by County Committee.* (a) The County Committee will certify again on Form FHA-491, "County Committee Certification," as to the fair and reasonable value of the farm, based upon its normal earning capacity, after the contemplated improvements are made. The Committee will take into consideration any information on farm production that has become available as a result of operating history, as well as the normal earning capacity of the farm indicated on the latest Form FHA-596, "Earning Capacity Report." The Committee also will consider Forms FHA-14, "Farm and Home Plan," FHA-14C, "Long-Time Farm and Home Plan," and FHA-643, "Farm Development Plan." However, the Committee should discount any farm productivity due to the special capabilities of the borrower. A justifiable basis must exist for any change in former certifications. In the case of a subsequent loan to a transferee in connection with a transfer case, Form FHA-499, "Recertification by County Committee," will be used instead of Form FHA-491.

(b) The County Committee also will complete Form FHA-493, "Equity Determination and Tract Valuation," as provided in § 321.43 of this chapter.

(Secs. 2 (b), 2 (d), 3 (a), 44 (a), (2), (3), 60 Stat. 1073, 1074, 1068; 7 U. S. C. 1002 (b), 1002 (d), 1003 (a), 1018 (a) (2), (3))

§ 333.7 *Preparation of subsequent loan docket.* (a) The subsequent loan docket forms will be prepared in general accordance with Part 331, Subpart A, of this chapter. In addition to the forms mentioned in §§ 333.1 to 333.10, the following forms will be prepared in the County Office and included in the loan docket: Form FHA-197, "Application for FHA Services;" Form FHA-668, "Loan Agreement and Request for Funds;" and Form FHA-5, "Loan Voucher." Form FHA-668, "Loan Agreement and Request for Funds," and Form FHA-190, "Promissory Note," (or Form FHA-190A, "Bond") will be prepared consistent with the amortization schedules prescribed in § 333.3. (In the States of Delaware, New Jersey, New York, and Pennsylvania, Form FHA-190A, "Bond," is used in place of Form FHA-190, "Promissory Note.") Also, when required, the following forms will be prepared in the County Office and included in the docket: Form FHA-188, "Option for Purchase of Farm;" Form FHA-176, "Request for Reamortization of Farm Ownership Loan;" and Form FHA-43, "Appraisal of Buildings for Insurance." The County Supervisor will assemble the subsequent loan docket when the County Committee has signed Form FHA-491.

(Secs. 3 (b), 44 (b), 60 Stat. 1074, 1069; 7 U. S. C. 1003 (b), 1018 (b))

§ 333.8 *Approval of subsequent loans.* (a) Except for a subsequent loan in connection with a transfer case and in connection with a credit sale of real estate, the State Field Representative is authorized to approve or disapprove a subsequent loan, and to execute the same documents he executes in connection with an initial loan.

(b) The State Director also is authorized to approve or disapprove a subsequent loan.

(c) In the case of a subsequent loan to a transferee in connection with a transfer case or a credit sale of real estate, the County Supervisor will forward the docket to the State Director who will approve or disapprove the subsequent loan.

(Secs. 1 (a), 60 Stat. 1072; 7 U. S. C. 1001 (a))

§ 333.9 *Title clearance.* Title clearance will be effected in accordance with Part 327 of this chapter. It will be noted, among other things, that if title insurance is available and the subsequent loan involves the purchase of additional land or the refinancing of outstanding Farm Ownership indebtedness, a new policy of mortgagee's title insurance will be required.

(Secs. 3 (a), 44 (b), 60 Stat. 1074, 1069; 7 U. S. C. 1003 (a), 1018 (b))

§ 333.10 *Closing of the loan.* (a) The subsequent loan will be closed in accordance with closing instructions received from the representative of the Office of the Solicitor.

(b) When the borrower's subsequent loan check is received in the County Office from the Area Finance Office, it will be handled as provided in Part 331, Subpart A, of this chapter.

(c) The amount of the first installment on the subsequent loan and the year in which it will become due will be inserted on Form FHA-497, "Notification of First Payment Date," at the time the borrower and his wife sign the mortgage (deed of trust) securing the subsequent loan. The amount of the first installment, not to exceed the amount of each of the succeeding installments shown on Form FHA-190, will be agreed upon mutually by the County Supervisor and the borrower. The date of the first installment will be the first March 31 following the date of the subsequent loan check, regardless of the date on which the subsequent loan is closed.

(d) Supplemental (additional) property insurance, when required, will be obtained.

(e) A subsequent loan is considered closed when the mortgage (deed of trust) securing the subsequent loan is filed for record.

(f) When the mortgage (deed of trust) securing the subsequent loan is recorded, it will be handled as provided in Part 331, Subpart A, of this chapter.

(g) The closing instructions will be initiated and handled as provided in Part 331, Subpart A, of this chapter.

(Secs. 1 (a), 3 (a), 3 (b), 44 (b), 60 Stat. 1072, 1074, 1069; 7 U. S. C. 1001 (a), 1003 (a), 1003 (b), 1018 (b))

### Subchapter C—Loans, Purchases, and Other Operations

[1950 C. C. C. Wheat Bulletin A]

#### PART 671—WHEAT

##### SUBPART—1950 WHEAT PRICE SUPPORT PROGRAM

- Sec.  
671.201 Administration.  
671.202 Applicability of §§ 671.201 to 671.207.  
671.203 Definitions.  
671.204 Determination of a producer's share of the farm acreage allotment and wheat acreage.  
671.205 Determination of a producer's share of the permitted acreage and wheat acreage.  
671.206 Eligible producer.  
671.207 Eligible wheat.

AUTHORITY: §§ 671.201 to 671.207 issued under sec. 4 (d) Public Law 806, 80th Cong., interpret or apply sec. 5 (a) Pub. Law 806, 80th Cong., sec. 202 (a), Pub. Law 897, 80th Cong., 62 Stat. 1072, 1247.

§ 671.201 *Administration.* The program will be carried out under the general supervision and direction of the Manager, Commodity Credit Corporation, by Production and Marketing Administration (hereinafter referred to as PMA) through State and county PMA committees.

§ 671.202 *Applicability of §§ 671.201 to 671.207.* Sections 671.201 to 671.207 shall govern the eligibility of producers and wheat under the 1950-crop Wheat Price Support Operations insofar as compliance with 1950 Wheat acreage allotments is concerned.

§ 671.203 *Definitions.* As used in §§ 671.201 to 671.207, and in all instructions, forms and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them unless the context or subject matter otherwise requires.

(a) *Farm.* "Farm" means all adjacent or nearby farm or range land under the same ownership which is operated by one person, including also:

(1) Any other adjacent or nearby farm or range land which the county committee, in accordance with instructions issued by the Assistant Administrator for Production, PMA, determines is operated by the same person as part of the same unit in producing range live-

stock or with respect to the rotation of crops, and with workstock, farm machinery, and labor substantially separate from that for any other land; and

(2) Any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops.

A farm shall be regarded as located in the county in which the principal dwelling is situated or, if there is no dwelling thereon, it shall be regarded as located in the county in which the major portion of the farm is located.

(b) *Ownership tract.* "Ownership tract" means all adjacent or nearby land under the same ownership which is operated in 1950 by one person, including also any field rented tracts under the same ownership.

(c) *Farm acreage allotment.* "Farm acreage allotment" means the sum of all the acreage allotments established under Regulations Pertaining to the Farm Acreage Allotments for the 1950 Crop of Wheat (14 F. R. 4940), for the area comprising the farm: *Provided*, That if no acreage allotment is established under such regulations, the farm shall be deemed to have a farm acreage allotment of zero acres.

(d) *Wheat acreage.* "Wheat acreage" means the acreage seeded for the production of wheat in 1950, excluding a wheat mixture, plus the acreage of volunteer wheat which reaches maturity. Except as otherwise authorized by PMA, all wheat seeded shall be considered as seeded for the production of wheat.

(e) *Permitted acreage.* "Permitted acreage" means the wheat acreage on any farm on which the wheat acreage is in excess of the acreage allotment but not in excess of 15 acres.

§ 671.204 *Determination of a producer's share of the farm acreage allotment and wheat acreage.* (a) Where one ownership tract constitutes a farm, the farm acreage allotment and the wheat acreage shall be divided according to each producer's share in the 1950 wheat crop. If there is no wheat acreage on the farm, the allotment shall be divided according to the leasing agreement, or in the absence of a leasing agreement covering the division of wheat, in accordance with the usual leasing custom in the locality.

(b) Where the farm contains more than one ownership tract, each producer's share of the farm acreage allotment shall be the acreage allotment established for his individual tract divided according to his share in any wheat produced on such tract, whether or not the wheat acreage on the farm is in excess of the farm acreage allotment. If there is no wheat acreage on the tract, the allotment shall be divided according to the leasing agreement, or in the absence of a leasing agreement covering the division of wheat, in accordance with the usual leasing custom in the locality.

(c) Where the farm contains more than one ownership tract and the wheat acreage is not in excess of the farm acreage allotment, each producer's share of the wheat acreage on the farm shall be deemed to be proportionate to his share

of the farm acreage allotment, whether or not there is any wheat acreage on his tract.

(d) Where the farm contains more than one ownership tract and the wheat acreage exceeds the farm acreage allotment, each producer's share of the wheat acreage on the farm shall be computed as follows:

(1) If the wheat acreage on his tract does not exceed the acreage allotment for the tract, his share of the wheat acreage on the farm shall be equal to his share of the acreage allotment for the tract.

(2) If the wheat acreage on his tract exceeds the acreage allotment for the tract, his share of the wheat acreage on the farm shall be equal to his share of the acreage allotment for his tract plus a number of acres determined by multiplying the excess acreage for the farm by a percentage figure obtained by dividing his share of the excess acreage on his tract by the sum of the excess acreage for all overplanted tracts on the farm.

§ 671.205 *Determination of a producer's share of the permitted acreage and wheat acreage.* Each producer's share of the permitted acreage and wheat acreage for a farm to which permitted acreage is applicable shall be proportionate to his share of the wheat acreage on his tract.

§ 671.206 *Eligible producer.* No producer, whether individual, partnership, association, corporation or other legal entity, shall be eligible for price support on 1950 crop wheat unless such producer's share as landowner, landlord, tenant or sharecropper of the total wheat acreage on all farms in the county in which he has an interest does not exceed his share of the total acreage allotments or permitted acreages for such farms, as determined by the county committee: *Provided*, That no such producer shall be eligible for such price support if it is determined by the State PMA committee that the total of such producer's share of the total wheat acreage on all farms, wherever situated, in which he has an interest exceeds his share of the total acreage allotments or permitted acreages for such farms.

§ 671.207 *Eligible wheat.* No wheat other than wheat which is produced by an eligible producer in 1950 on a farm on which the wheat acreage is within the farm acreage allotment shall be eligible for price support.

## TITLE 7—AGRICULTURE

### Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 939—BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER AND BEURRE CLAIRGEAU PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

DETERMINATION RELATIVE TO BUDGET OF EXPENSES AND RATE OF ASSESSMENT FOR 1949-50 FISCAL PERIOD

Notice was published in the August 5, 1949, issue of the FEDERAL REGISTER (14 F. R. 4859) that consideration was being given to proposals regarding the budget of expenses and the fixing of the rate of assessment for the 1949-50 fiscal period under the marketing agreement and Order No. 39 (7 CFR Part 939) regulating the handling of the Beurre d'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California, effective under the Agricultural Marketing Agreement Act of 1937, as amended. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice which were submitted by the Control Committee (established pursuant to said marketing agreement and order), it is hereby found and determined that:

§ 939.202 *Budget of expenses and rate of assessment for the 1949-50 fiscal period—(a) Budget of expenses.* The expenses necessary to be incurred by the Control Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, for the maintenance and functioning of said committee during the fiscal period beginning July 1, 1949, and ending June 30, 1950, both dates inclusive, will amount to \$18,190.00.

(b) *Rate of assessment.* The rate of assessment, which each handler who first handles pears shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said marketing agreement and order, is hereby fixed at four mills (\$0.004) per standard western pear box of pears, or its equivalent of pears in other containers or in bulk.

It is hereby further found that good cause exists for not postponing the fixing of the aforesaid rate of assessment until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) shipments of pears are now being made and are subject to regulation in accordance with Pear Order 2 (7 CFR 939.302; 14 F. R. 5238) pursuant to the marketing agreement and order; and (2) according to the relevant provisions of said marketing agreement and order, the rate of assessment hereby fixed is applicable to all pears heretofore, or hereafter, shipped during the aforesaid fiscal period.

As used in this section, the terms "handler," "handles," "shipments," "shipped,"

"pears," "standard western pear box," and "fiscal period" shall have the same meaning as when used in said marketing agreement and order.

(48 Stat. 31, as amended, 7 U. S. C. and Sup. 601 et seq.; 7 CFR, Part 939)

Done at Washington, D. C. this 12th day of October 1949.

## TITLE 9—ANIMALS AND ANIMAL PRODUCTS

### Chapter I—Bureau of Animal Industry, Department of Agriculture

Subchapter B—Prevention of Animal Diseases; Cooperation With States

PART 53—FOOT-AND-MOUTH DISEASE, PLEUROPNEUMONIA, RINDERPEST, AND OTHER CONTAGIOUS OR INFECTIOUS ANIMAL DISEASES WHICH CONSTITUTE AN EMERGENCY AND THREATEN THE LIVESTOCK INDUSTRY OF THE COUNTRY

On September 1, 1949, a notice of rule making was published in the FEDERAL REGISTER (F. R. Doc. 49-7128; 14 F. R. 5433) regarding a proposed amendment of Part 53, Title 9, Chapter I, Subchapter B, Code of Federal Regulations (B. A. I. Order 376). Pursuant to the authority conferred upon the Secretary of Agriculture by sections 3 and 11 of the act of Congress approved May 29, 1884, as amended (21 U. S. C. 114 and 114a), section 2 of the act of Congress approved February 2, 1903, as amended (21 U. S. C. 111), and the recurring provision in the annual appropriation act for the Department of Agriculture for the payment of claims growing out of the purchase and destruction of animals and materials affected by or exposed to foot-and-mouth disease, pleuropneumonia, rinderpest, and other contagious or infectious animal diseases (21 U. S. C. and Supp., 129), and after consideration of the proposals contained in said notice of rule making and all material submitted in connection therewith, the said Part 53 is hereby amended to read as follows:

- |       |  |
|-------|--|
| Sec.  | Definitions.   |
| 53.1  |  |
| 53.2  | Determination of existence of disease; agreements with States. |
| 53.3  | Appraisal of animals and materials.                            |
| 53.4  | Destruction of animals.  |
| 53.5  | Disinfection or destruction of materials.                      |
| 53.6  | Disinfection of animals.                                       |
| 53.7  | Disinfection of premises, conveyances, and materials.          |
| 53.8  | Presentation of claims.  |
| 53.9  | Mortgage and other liens against animals or materials.         |
| 53.10 | Claims not allowed.  |

AUTHORITY: §§ 53.1 to 53.10 issued under secs. 3 and 11, 23 Stat. 32, as amended; sec. 2, 32 Stat. 792 and 39 Stat. 1167; 21 U. S. C. and Supp. 114, 114a, 111, and 129.

§ 53.1 *Definitions.* Words used in this part in the singular form shall be deemed to import the plural and vice

versa, as the case may demand. Unless otherwise clearly indicated by the context, whenever the following words, names, or terms are used in the regulations in this part, they shall be construed, respectively, to mean:

(a) "Department" means the United States Department of Agriculture.

(b) "Secretary" means the Secretary of Agriculture of the United States.

(c) "Bureau" means the Bureau of Animal Industry, Agricultural Research Administration, United States Department of Agriculture.

(d) "Bureau employee" means any inspector or other individual employed in the Bureau who is authorized by the Chief of Bureau to do any work or perform any duty in connection with the control and eradication of disease.

(e) "Inspector in Charge" means an inspector of the Bureau who is designated by the Chief of Bureau to take charge of work in connection with the control and eradication of disease as defined in this section.

(f) "Disease" means foot-and-mouth disease, rinderpest, contagious pleuropneumonia, or any other contagious, infectious, or communicable disease of animals (including poultry), which in the opinion of the Secretary constitutes an emergency and threatens the livestock industry of the country.

(g) "Materials" means parts of barns or other structures, straw, hay, and other feed for animals, farm products or equipment, clothing, and articles stored or contained in or adjacent to barns or other structures.

(h) "Person" means natural person, firm, partnership, corporation, company, society, and association, and every officer, agent, or employee thereof.

(i) "State" means each and every one of the States of the United States, the District of Columbia, and the Territories and possessions of the United States.

§ 53.2 *Determination of existence of disease; agreements with States.* (a) Upon declaration by the Secretary of Agriculture of the existence of any disease which in his opinion threatens the livestock industry of the country, the Chief of Bureau is hereby authorized to invite the proper State authorities to cooperate with the Department in the control and eradication of such disease.

(b) Upon agreement of the authorities of a State to enforce quarantine restrictions and orders and directives properly issued in the control and eradication of such a disease, and to pay 50 percent of the expenses of (1) purchase, destruction, and disposition of animals and materials affected by or exposed to the disease, and (2) disinfection of infected premises within the State, the Chief of Bureau is hereby authorized to agree, on the part of the Department, to cooperate with the State in the control and eradication of the disease and to pay not more than 50 percent of such expenses: *Provided*, That the Secretary may authorize other arrangements for the payment of such expenses upon finding that an extraordinary emergency exists.

§ 53.3 *Appraisal of animals and materials.* (a) Animals affected by or ex-

posed to disease, and materials required to be destroyed because of being contaminated by or exposed to disease shall be appraised by a Bureau employee and a representative of the State jointly, or, if the State authorities approve, by a Bureau employee alone.

(b) The appraisal of animals shall be based on the meat, egg production, dairy or breeding value, but in the case of appraisal based on breeding value, no appraisal of any animal shall exceed three times its meat, egg production, or dairy value: *Provided*, That poultry may be appraised in groups when the basis for appraisal is the same for each bird.

(c) Appraisals of animals shall be reported on forms furnished by the Bureau. Reports of appraisals shall show the number of animals of each species and the value per head or the weight and value by pound.

(d) Appraisals of materials shall be reported on forms furnished by the Bureau. Reports of appraisals of materials shall, when practicable, show the number, size or quantity, unit price, and total value of each kind of material appraised.

(e) Reports of appraisals shall be made in duplicate and signed by the appraiser, or appraisers, as the case may be. One copy shall be attached to the voucher in which compensation is claimed.

§ 53.4 *Destruction of animals.* (a) Animals affected by or exposed to disease shall be killed promptly after appraisal and disposed of by burial or burning, unless otherwise specifically provided by the Chief of Bureau in extraordinary circumstances.

(b) The killing of animals and the burial, burning, or other disposal of carcasses of animals pursuant to the regulations in this part shall be supervised by a Bureau employee who shall prepare and transmit to the Chief of Bureau a report identifying the animals and showing the disposition thereof.

§ 53.5 *Disinfection or destruction of materials.* (a) In order to prevent the spread of disease, materials contaminated by or exposed to disease shall be disinfected: *Provided, however*, That in all cases in which the cost of disinfection would exceed the value of the materials or disinfection would be impracticable for any reason, the materials shall be destroyed, after appraisal as provided in § 53.3.

(b) The disinfection or destruction of materials under this section shall be under the supervision of a Bureau employee who shall prepare and transmit to the Chief of Bureau a certificate identifying all materials which are destroyed, showing the disposition thereof.

§ 53.6 *Disinfection of animals.* Animals of species not susceptible to the disease for which a quarantine has been established, but which have been exposed to the disease, shall be disinfected when necessary by such methods as the Chief of Bureau shall prescribe from time to time.

§ 53.7 *Disinfection of premises, conveyances, and materials.* All premises, including barns, corrals, stockyards and pens, and all cars, vessels, aircraft, and

other conveyances, and the materials thereon, shall be cleaned and disinfected under supervision of a Bureau employee whenever necessary for the control and eradication of disease. Expenses incurred in connection with such cleaning and disinfection shall be shared according to the agreement reached under § 53.2 with the State in which the work is done.

§ 53.8 *Presentation of claims.* Claims for (a) compensation for the value of animals, (b) cost of burial, burning or other disposition of animals, (c) the value of material destroyed, and (d) the expenses of destruction, shall each be presented, through the inspector in charge, to the Bureau on separate vouchers in form approved by the Chief of Bureau.

§ 53.9 *Mortgage and other liens against animals or materials.* When animals or materials have been destroyed pursuant to the requirements contained in this part, and compensation therefor is claimed, the claimant shall declare any mortgages or liens against such animals or materials, and the inspector in charge shall take reasonable precaution to determine, prior to his approval of vouchers covering such compensation, who is the owner of the animals or materials and whether there are any such mortgage or other liens outstanding against them. If it appears that there are outstanding liens, a full report regarding them shall be made and shall accompany the voucher. Every such report shall include a description of the liens, the name of the person or persons evidence thereof, and a statement showing what arrangements, if any, have been made to discharge the liens. Every such report should also include a statement of any claims other than liens outstanding against the animals or materials destroyed.

§ 53.10 *Claims not allowed.* (a) The Department will not allow claims arising under the terms of this part if the payee has not complied with all quarantine requirements.

(b) Expenses for the care and feeding of animals held for destruction will not be paid by the Department, unless the payment of such expense is specifically authorized or approved by the Chief of Bureau.

(c) The Department will not allow claims arising out of the destruction of animals or materials unless they shall have been appraised as prescribed in this part and the owners thereof shall have executed a written agreement to the appraisals.

The foregoing amendment shall become effective on the 15th day of November 1949.

Done at Washington, D. C., this 12th day of October 1949. Witness my hand and the seal of the Department of Agriculture.

# TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

## Chapter I—Veterans' Administration

### PART 3—VETERANS CLAIMS

#### ASSISTANCE TO CERTAIN VETERANS IN AC- QUIRING SPECIALLY ADAPTED HOUSING

Section 3.1501 is amended to read as follows:

§ 3.1501 *Assistance to certain veterans in acquiring specially adapted housing which they require by reason of their service-connected disabilities*—(a) *Purpose.* The purpose of this section is to establish the preliminary procedures by which the Veterans' Administration will provide assistance to certain veterans in acquiring specially adapted housing which they require by reason of the nature of their service-connected disabilities in compliance with Public Law 702, 80th Congress, approved June 19, 1948, and as amended by Public Law 286, 81st Congress, approved September 7, 1949.

(b) *Processing of applications*—(1) *Availability and execution of applications.* VA Form 4555 will be furnished to the veteran, or his representative, upon request. The application should be executed by the veteran and forwarded direct to the regional office where his claims folder is located. If no claim has been filed for benefits from the Veterans' Administration, the application should be forwarded to central office, Veterans' Administration, Washington 25, D. C.

(2) *Jurisdiction to execute certificate of eligibility.* Jurisdiction to execute VA Form 4555a, Certificate of Basic Eligibility, is vested solely in the claims division, veterans claims service, central office. When an application is received by a regional office or center having the claims folder a complete examination will be made pursuant to the provisions of subparagraphs (4) and (5) of this paragraph and recorded on the upper portion of VA Form 4555b, Certificate of Medical Feasibility, before the claims folder, including the application and the examination, are forwarded to central office. Central office will retain jurisdiction over the claims folder until the specially adapted housing applied for by the veteran has been furnished and the transaction is closed or the claim has been disallowed, at which time the folder will be decentralized.

(3) *Conditions precedent to execution of certificate of basic eligibility.* (i) Subsection (g), section 1, Title I, Public No. 2, 73d Congress, approved March 20, 1933, as added by Public Law 702, 80th Congress, is amended by Public Law 286, 81st Congress, to provide that any person who served in the active military or naval service of the United States who is entitled to compensation under the provisions of Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, paralysis, or progressive muscular dystrophies, of both lower extremities, such as to preclude locomotion without the aid of

braces, crutches, canes, or a wheelchair, shall be entitled to assistance in acquiring a suitable housing unit with special fixtures and movable facilities, made necessary by the person's disability, and necessary land therefor, subject to the provisions and limitations of Veterans Regulation 1 (a), as amended, part IX, as amended.

(ii) It will be noted that benefits are not restricted to World War II veterans nor to veterans of wartime service. It is only necessary that the veteran be entitled to compensation under Veterans Regulation 1 (a), as amended, for disability incurred in, or aggravated by, service on or after April 21, 1898.

(iii) The Central Disability Board will determine upon the basis of examinations in file including the report on VA Form 4555b if there is permanent total service-connected disability as defined in subdivision (i) of this subparagraph. Physical re-examination of a veteran may be ordered when in the discretion of the Central Disability Board the most recent report of physical examination on file is not considered sufficient to portray the present degree of his disability for the purposes of Public Law 702, 80th Congress, as amended.

(iv) (a) If the veteran is found to be eligible, the certificate of basic eligibility will be executed, and the complete file will be referred to the department of medicine and surgery for consideration of the question of the veteran's medical feasibility.

(b) In the event the chief, claims division, or his designate, finds that he cannot execute the certificate of basic eligibility, he will prepare a letter to the veteran listing the reasons for disapproval of the application and advising him of his right to appeal.

(c) In the event that consideration of the claim in the claims service will be delayed, such as obtaining examination or information from the service department, the veteran will be notified of the reasons for delay.

(4) *Jurisdiction to execute certificate of medical feasibility.* Jurisdiction to execute Certificate of Medical Feasibility, at the bottom of VA Form 4555b, is vested solely in the chief medical director, or his designate. When the file is referred to the department of medicine and surgery if the certificate of the examiners has not previously been executed, as provided in subparagraph (2) of this paragraph, the chief medical director, or his designate will arrange for an examination. Both the date and place of examination should be included in the box, "Date of examination" until revised VA Form 4555b is available.

(5) *Conditions precedent to execution of certificate of medical feasibility.* (i) In general, a certificate of medical feasibility will be issued to an eligible applicant except when the health or future well-being of the applicant would be further jeopardized by his occupancy of a "specially adapted house" or because discharge from the hospital is medically contraindicated.

(ii) When the applicant is hospitalized in a Veterans' Administration hospital or center and is suffering from a service-connected disability causing loss or loss

of use of both lower extremities, the manager will appoint a board which shall include the chief of service responsible for the patient, a neurologist, a urologist, and a physiatrist for the purpose of examining the applicant and for the preparation of VA Form 4555b. A surgeon, an orthopedist, or other specialists may be appointed to serve on the examining board as determined by the nature of the veteran's disability.

(iii) When an applicant with the condition set forth in subdivision (ii) of this subparagraph is not currently undergoing hospitalization, the examination and report referred to above will be accomplished at the nearest Veterans' Administration hospital, center, or regional office having the required specialistic professional personnel available as specified in subdivision (ii) of this subparagraph.

(iv) When an applicant with a condition as set forth in subdivision (ii) of this subparagraph is currently undergoing hospitalization in a non-Veterans' Administration hospital or is confined to his home and is unable to travel, the manager of the nearest Veterans' Administration hospital or regional office having the required specialistic professional personnel as specified in subdivision (ii) of this subparagraph, on its full time or consulting staff will detail a team including these specialists for the purpose of performing the examination and completing the report referred to in this paragraph.

(v) In recording a diagnosis of paraplegia the etiology, if known, should be stated in the box marked, "Diagnosis" on VA Form 4555b.

(vi) The recommendations of the board of examiners concerning the feasibility or non-feasibility for specially adapted housing is essential. It is also essential that the recommendations include a statement specifying the special fixtures and/or movable facilities made necessary by the disability.

(vii) The report of the examining team with whatever supporting data are considered necessary to uphold the recommendation will be forwarded to the chief medical director who will issue a certificate of medical feasibility in appropriate cases. The specialty of each examiner should be written after his signature.

(6) *Action to be taken when certifications of eligibility and medical feasibility have been approved.* When the certificate of basic eligibility and medical feasibility are certified favorably, the folder will be referred to the loan guaranty service which will notify the veteran of the action taken and furnish him with a supplemental application, VA Form 4555c, and appropriate descriptive information, as to the procedure to be followed in obtaining the financial assistance authorized by Public Law 702, 80th Congress, as amended by Public Law 286, 81st Congress.

(c) *Review of pending and disallowed claims.* Claims under Public Law 702, 80th Congress, which are pending or have been disallowed will be reviewed under the provisions of Public Law 286, 81st Congress, as specified in paragraph (b) (3) of this section, without further ap-

plication by the veteran. (Instruction 1-B, Public Law 702, 80th Cong.)

## PART 21—VOCATIONAL REHABILITATION AND EDUCATION

### SUBPART A—REGISTRATION AND RESEARCH MISCELLANEOUS AMENDMENTS

1. In § 21.6, the introductory paragraph is amended to read as follows:

§ 21.6 *Application for a course of education or training.* Application for a course of education or training under Part VIII, Veterans Regulations 1 (a), as amended (38 U. S. C. ch. 12), (except for a course of institutional on-farm training—see § 21.7) shall be made by submitting a properly executed VA Form 7-1950, Application for Course of Education or Training. The original, a certified copy, or a photostatic copy of the appropriate discharge document should be submitted with VA Form 7-1950. The receipt of VA Form 7-1950 in the Veterans' Administration is a prerequisite to the determination of eligibility and entitlement under Part VIII, and in no instance will any action to authorize payment of subsistence allowance be completed prior to the filing of the formal application.

2. In § 21.17, paragraph (g) is amended to read as follows:

§ 21.17 *Discharge or release.* \* \* \*  
(g) *Character of discharge changed by Board of Review.* Discharge under other than honorable conditions followed by an honorable discharge pursuant to the findings of a board of review under authority of section 301, Public Law 346, 78th Congress, or section 207, Public Law 601, 79th Congress, confers basic eligibility if other statutory criteria are satisfied.

3. In § 21.30, the section title, introductory paragraph and paragraphs (a) and (d) are amended to read as follows:

§ 21.30 *Conditions conferring eligibility.* Any veteran of World War II is eligible for a course of education or training in an approved educational or training institution for a period of 1 year plus a period of time equal to the time spent in active military or naval service on or after September 16, 1940, and before July 26, 1947 (except in cases of enlistees properly within the exceptional provisions of section 11 (a), Public Law 190, 79th Congress—see § 21.15) not to exceed a total of four calendar years, providing the following conditions prevail:

(a) That the person served in the active military or naval service on or after September 16, 1940, and prior to July 26, 1947.

(d) That the person makes application for and initiates the course of edu-

cation or training before July 26, 1951, or within 4 years from the date of his first discharge after July 25, 1947. (See § 21.51 (a) (1).)

(4) Section 21.32 is amended to read as follows:

§ 21.32 *Ninety days or more required service.* The 90 days or more active service requirement will be met if the 90-day period of service extends into or beyond the period September 16, 1940, to July 26, 1947. There must be 90 actual calendar days continuous active service so extending, but the requirements as to active service for a total of 90 days or more may be satisfied by two or more periods of service. If a person had two or more periods of active service, a part of each of which was within the statutory wartime period, all such service may be counted in combination for credit toward the 90-day requirement. When the 90-day requirement has been met, entitlement to education or training beyond 1 year will be based only upon the extent of active service on or after September 16, 1940, and prior to July 26, 1947 (except for enlistees properly within the exceptional provisions of section 11 (a), Public Law 190, 79th Congress).

5. In § 21.52, paragraph (c) is amended to read as follows:

§ 21.52 *Charges against entitlement.* \* \* \*

(c) *Correspondence courses.* A veteran who pursues a course by correspondence only shall have charged against his period of entitlement one-fourth of the elapsed time from the date of enrollment to the date of interruption or discontinuance. (See § 21.110 (c).) Similarly, a veteran who pursues concurrently as his total course more than one correspondence course in accord with § 21.300 (a) (whether either course or both courses are composed of single subjects or not) will have one-fourth time charged against his period of entitlement for each such course pursued.

6. In § 21.53, paragraph (a) (4) is amended to read as follows:

§ 21.53 *Extension of entitlement—(a) Definition of terms.* \* \* \*

(4) "Major part of such quarter or semester" means more than one-half of such a period, in point of time (except for courses comprehended in paragraphs (b) (2) and (3) of this section), and the measurement of the major part of such a term or semester will be adjudicated in the individual cases in the light of the beginning and ending dates of the quarter or semester as specified by the institution for the particular course in which the veteran is enrolled.

7. In § 21.66, paragraph (c) is added to read as follows:

§ 21.66 *Conduct and progress.* \* \* \*

(c) Correspondence schools will be required to discontinue any veteran enrolled in a correspondence course under Part VIII, Veterans Regulation 1 (a), as amended, who completes no lessons within a period of 120 days and to report each such case to the Veterans' Admin-

istration. No other reports of conduct and progress will be required from the correspondence school or the veteran.

8. In § 21.70, the cross references at the end of the section are amended to read as follows:

§ 21.70 *Jurisdiction over determinations.* \* \* \*

CROSS REFERENCE: Requirements for submission of evidence. See §§ 3.30 through 3.33 of this chapter.

CROSS REFERENCE: Definitions and proof of relationship and dependency. See §§ 3.40 through 3.57 of this chapter.

9. Section 21.71, *Determinations where evidence of marital status is incomplete*, is renumbered § 21.72 and amended to read as follows (§ 21.71, "Evidence requirement to establish marital status," remains unchanged):

§ 21.72 *Determinations where evidence of marital status is incomplete.* Claims will not be disallowed merely because a claimant is unable to furnish satisfactory evidence of the dissolution of prior marriages of either spouse. In such instances, after all facts affecting the validity of the marriage are established by the best obtainable evidence, a determination of the validity of the marriage will be made on the evidence of record by the vocational rehabilitation and education activity, or, if necessary, the case will be referred by the chief, vocational rehabilitation and education division, to the chief attorney for consideration; central office cases will be referred by the director, registration and research service, vocational rehabilitation and education, to the solicitor.

10. In § 21.104, paragraph (d) is added to read as follows:

§ 21.104 *Rates for subsistence allowance.* \* \* \*

(d) *Irregular training schedule in on-the-job training courses.* Subsistence allowance may be awarded veterans pursuing on-the-job training courses in situations where because of various business conditions the trainer is able to offer training on a staggered schedule only: *Provided*, That the irregular work schedule applies to all employees in the establishment and not to veteran-trainees alone. The rate of subsistence allowance will be determined by dividing the number of hours worked in a training cycle by the number of weeks in the cycle (i. e., number of weeks of training plus number of non-training weeks) to find the average number of hours per week, and authorizing the subsistence allowance rate for the fractional part of full-time training thus determined. In determining the wage differential in cases coming within the purview of this paragraph, the trainee and journeyman rates of pay will be those approved by the State approving agency and will be based upon the approved training program. Therefore, such rates will not be adjusted to conform with a reduced training schedule unless and until the State approving agency makes a formal change in the establishment's approval. Examples illustrative of the foregoing, assuming wage and ceiling differentials are not a bar to the payment of subsistence allowance, are shown below:

(1) A veteran's training program calls for a continuous 40-hour per week schedule, but he will pursue training on this schedule for only two out of every three weeks. Subsistence allowance will, therefore, be at the  $\frac{1}{2}$  rate since 80 hours of training (40 x 2) divided by the three-week training cycle equals 26 hours or  $\frac{1}{2}$  time, as defined by paragraph (b) of this section.

(2) A veteran's training program calls for a continuous 40-hour per week schedule, but he will pursue training for only three out of every four weeks. Subsistence allowance will, therefore, be at the  $\frac{3}{4}$  rate, since 120 hours of training (40 x 3) divided by the four-week training cycle equals 30 hours, or  $\frac{3}{4}$  time, as defined by paragraph (b) of this section.

11. In § 21.130, paragraphs (d) (3), (4), and (5) are amended to read as follows:

**§ 21.130 Effective dates. \* \* \***

(d) The effective dates of reductions or discontinuances of subsistence allowance will be: \* \* \*

(3) In case of a child, see § 21.103 (c).

(4) Interruption of course, the date the interruption occurred.

(5) Discontinuance of course, the date the discontinuance occurred.

12. In § 21.133, paragraph (f) is added to read as follows:

**§ 21.133 Rates of subsistence allowance. \* \* \***

(f) Re-entrance into active military or naval service. A veteran who has re-entered active military or naval service during the 2-months' period following the effective date of rehabilitation will not be authorized subsistence allowance if he is in receipt of active service pay.

### TITLE 43—PUBLIC LANDS: INTERIOR Chapter I—Bureau of Land Management, Department of the Interior

#### Appendix—Public Land Orders

[Public Land Order 611]

#### CALIFORNIA

#### AMENDING EXECUTIVE ORDER NO. 9107 AND PUBLIC LAND ORDERS NOS. 3 AND 80

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Executive Order No. 9107 of March 20, 1942, and Public Land Orders No. 3 of June 3, 1942, and No. 80 of January 16, 1943, withdrawing public lands for the use of the War Department, are hereby amended by deleting therefrom the following paragraph added to such orders

<sup>1</sup> The first entry in each of the above-numbered items is the entry as it has been previously published and the second entry in the numbered item represents the change made by this amendment.

by Executive Order No. 9526 of February 28, 1945:

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

Executive Order No. 9107 and Public Land Order No. 3 are further amended so that the withdrawals made thereby shall expressly include withdrawal from appropriation under the mineral-leasing laws.

The orders herein amended affect public lands in T. 26 N., R. 16 E., and Tps. 27 and 28 N., R. 17 E., Mount Diablo Meridian, California.

J. A. KRUG,  
Secretary of the Interior.

#### BLACK STEM RUST

#### NOTICE OF PROPOSED RULE MAKING

Notice is hereby given under section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that the Secretary of Agriculture, pursuant to section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161) is considering amending §§ 301.38-6, 301.38-7, and 301.38-9 of the regulations supplemental to the quarantine relating to black stem rust (7 CFR 301.38-6, 301.38-7, 301.38-9) in the following respects:

1. Amend §§ 301.38-6 and 301.38-9 to eliminate the requirements that each regulated interstate shipment of barberry, mahonia, and mahoberberis plants, seeds, or fruits shall be accompanied by a permit.

2. Amend §§ 301.38-6 (b) (2) and 301.38-7 (b) to permit unconditional movement from the eradication States to non-eradication States of seeds and fruits obtained from rust-resistant plants of barberry, mahonia, and mahoberberis growing in such States.

3. Amend § 301.38-7 to include an exception whereby nurseries may be issued permits to move rust-resistant barberry, mahonia, and mahoberberis plants and parts thereof capable of propagation (other than seeds and fruits) although there are in the nursery or environs thereof experimental plants of barberry, mahonia, or mahoberberis being grown pending determination of their resist-

ance to black stem rust. Such permit issuance would be conditioned upon agreement by the grower that the experimental plants will be kept segregated and intact in a specified location until their resistance to black stem rust has been determined.

The purpose of eliminating the requirement for individual permits on each shipment is to dispense with a large amount of work and expense on the part of the limited number of nurseries eligible to ship these products. It is believed that movement of such shipments can be adequately regulated by providing common carriers, the Post Office Department, and Federal and state regulatory inspectors with a list of authorized shippers.

The requirement that an establishment in an eradication state must be a holder of a permit in order to move seeds and fruits from rust-resistant plants to points outside the eradication states is no longer considered necessary for protecting such states against the spread of the black stem rust.

Elimination of the present requirement that none but rust-resistant plants be grown by authorized shippers is proposed to allow development of new rust-resistant species or varieties.

All persons who desire to submit written data, views, or arguments in connection with this matter should file the same with the Chief of the Bureau of Entomology and Plant Quarantine, Agricultural Research Administration, United States Department of Agriculture, Washington 25, D. C., within 20 days after the date of the publication of this notice in the *FEDERAL REGISTER*.

##### PUERTO RICAN FRUITS AND VEGETABLES BAGGAGE DECLARATION REQUIREMENT AND INSPECTION OF BAGGAGE

Notice is hereby given under section 4 of the Administrative Procedure Act (5

U. S. C. 1003) that the Secretary of Agriculture, pursuant to the authority conferred upon him by section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161) is considering revoking § 301.58-12 of the regulations supplemental to the quarantine relating to Puerto Rican fruits and vegetables (7 CFR 301.58-1 et seq.), and amending § 301.58-11 of the said regulations to read as follows:

§ 301.58-11 *Inspection of baggage.* Inspectors are authorized to ascertain by inspection whether any of the fruits or vegetables covered by § 301.58 are contained in the baggage or other personal belongings of passengers and members of the crew on ships, vessels, or aircraft plying between Puerto Rico and any other State, Territory, or District of the United States, to determine whether the same are infested with injurious insects, and in the case of infested or unauthorized products to require such safeguarding, treatment, or destruction as in the judgment of the inspector may be necessary. For the purpose of such inspection an inspector is authorized to open any box, bale, crate, bundle, or other package, including trunks, which may contain or be liable to contain any of the fruits or vegetables covered by § 301.58. Such baggage inspection shall, at the discretion of the inspector, be made either at the port of departure in Puerto Rico or at the port of debarkation within any State, Territory, or District of the United States other than Puerto Rico, and no such baggage or personal belongings of passengers or crew shall be removed from such dock, airport, or landing field until the same have been inspected and passed by an inspector.

The effect of the revocation of § 301.58-12 would be to eliminate the present requirement that a baggage declaration be executed and signed by each passenger arriving from Puerto Rico via ship, vessel, or aircraft. It has been determined that execution of this form is no longer necessary to assure compliance with the regulations under the Puerto Rican fruit and vegetable quarantine.

The proposed amendment to § 301.58-11 would provide a means of inspecting baggage of steamship passengers alternative to the present requirement that such baggage be inspected at the port of debarkation within any State, Territory, or District other than Puerto Rico, in that it would allow inspection of such

baggage at the port of departure in Puerto Rico.

All persons who desire to submit written data, views, or arguments in connection with this matter should file the same with the Chief of the Bureau of Entomology and Plant Quarantine, Agricultural Research Administration, United States Department of Agriculture, Washington 25, D. C., within 15 days after the date of the publication of this notice in the *FEDERAL REGISTER*.

[Docket Nos. G-1067, G-1177, G-1195]

SAN JUAN PIPE LINE CO. ET AL.

ORDER GRANTING APPLICATION TO REOPEN PROCEEDINGS FOR PURPOSE OF TAKING ADDITIONAL EVIDENCE AND FIXING DATE OF HEARING

OCTOBER 11, 1949.

In the matters of San Juan Pipe Line Company, Docket No. G-1067; El Paso

Natural Gas Company, Docket No. G-1177; and Pacific Gas and Electric Company, Docket No. G-1195.

On July 14, 1949, the Commission issued an order reopening the proceedings in the above-entitled consolidated dockets for further hearing to be held upon motion by Applicants, for the purpose of receiving additional evidence showing that El Paso Natural Gas Company (El Paso) owns or has contractually committed to it a gas supply adequate to meet the additional demands to be placed upon its system. Under the terms and conditions of the Commission's order, the record was ordered to remain open for a period of three months from the date of the issuance of said order.

On September 27, 1949, El Paso, San Juan Pipe Line Company (San Juan), and Pacific Gas and Electric Company (Pacific) filed a joint application with the Commission requesting further hearing in the above-entitled consolidated dockets in order that El Paso may submit additional evidence to the Commission in compliance with the order issued on July 14, 1949. Attached to said joint application is the certificate of the attorney for El Paso that all parties of record in the proceedings have been served with a copy thereof.

The Commission orders:

(A) The joint application for further hearing filed by Applicants El Paso, San Juan and Pacific on September 27, 1949, is hereby granted.

(B) A public hearing shall be held on the issues arising from the order of the Commission issued on July 14, 1949, in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., on January 4, 1950, at 10:00 a. m.

Date of issuance: October 12, 1949.

## DEPARTMENT OF THE TREASURY

### Bureau of Internal Revenue

#### RELIEF FROM EXCESS PROFITS TAX BECAUSE OF INADEQUATE EXCESS PROFITS CREDIT

ALLOWANCE DURING FISCAL YEAR ENDED  
JUNE 30, 1949

Subchapter E of Chapter 2 of the Internal Revenue Code imposes an excess profits tax on corporations for taxable years beginning after December 31, 1939. Under the provisions of this subchapter, excess profits are measured by comparing the earnings for the current taxable year with a statutory excess profits credit.

Section 722 of Subchapter E reflects the recognition by Congress of the desirability and necessity of granting relief in meritorious cases to corporations which bear an excessive tax burden because of an inadequate excess profits credit. This section provides for the recomputation of excess profits tax on the basis of a reconstructed excess profits credit.

As required by section 722 (g) the following list, containing the cases ar-

anged alphabetically by internal revenue districts, shows the name and address of each corporation to which relief has been allowed, business, taxable years involved, excess profits credit before allowance of relief, increase in excess profits credit claimed, increase in excess profits credit allowed, decrease in excess profits tax, and increase in income tax. Allowances by the Tax Court of the United States have been made in seventy-one cases, which are included in the list with appropriate notations. There are included as a supplement to this list thirty-nine cases in which relief was allowed by the Commissioner during the fiscal year ended June 30, 1948. These cases were not included in the list of allowances made during the fiscal year 1948 previously published.

In order to determine the relief granted and the relevant data required to be published, intermediate computations of the excess profits tax and the income tax showing the amounts of taxes which would have been due without the benefits of section 722 were made. Comparison of the pertinent items and figures appearing in the application for relief and the tax computations after the allowance of relief with those appearing in the intermediate tax computations developed the required data.

Explanations of certain of the items, as displayed in their respective column headings of the list, and the data evolved, follow:

**Business in which engaged, column 2.** The business in which taxpayer is engaged is that reported in the income tax return of the corporation for the taxable year or years involved, therefore, it does not necessarily correspond with the business during the base period. In those instances where the return for the year involved failed to disclose the nature of the business, information from other sources was utilized. Moreover, since the nature of business shown usually represents a general description of the predominant business activity, it does not necessarily represent or reflect the business activity with respect to which an inadequate excess profits credit was established.

**Excess profits credit before allowance of relief, column 4.** The excess profits credit before allowance of relief is the credit originally claimed by the taxpayer, as corrected, whether based on income or capital.

**Increase in the amount of excess profits credit claimed by taxpayer, column 5.** The increase in the amount of excess profits credit claimed by taxpayer is the excess of the credit based on the constructive income claimed by the taxpayer over the credit before allowance of relief shown in column 4.

**Increase in the amount of excess profits credit allowed, column 6.** The increase in the amount of excess profits credit allowed is the excess of the recomputed credit based on constructive income finally allowed over the credit before allowance of relief shown in column 4.

**Gross reduction in the excess profits tax, column 7; gross increase in the income tax, column 8.** The gross reduction

in the excess profits tax and the gross increase in the income tax resulting from the operation of section 722 are the differences between the gross taxes which would have been due without the benefits of section 722 and the gross taxes due after relief had been granted. The gross excess profits tax is the tax due prior to the deferment under section 710 (a) (5), the foreign tax credit under section 729, the credit for debt retirement under section 783, the ten percent credit under section 784, and the adjustment under section 734. The gross income tax is the tax due prior to the foreign tax credit under section 131.

The changes in the income and excess profits taxes shown reflect the effect of the increases attributable to section 722 in the unused excess profits credit carried forward from prior taxable years as well as the effect of the increase in unused excess profits credit carried back from subsequent taxable years to the extent that claims with respect to unused credit carry-overs and carry-backs determined under section 722 were allowed within the same fiscal year.

While the decrease in excess profits tax is directly related to the increase in excess profits credit allowed, a number of factors serve to invalidate a comparison of the relationship of these two items applicable to a corporation for different taxable years or to different corporations for the same taxable year. Among the most important factors affecting this comparison are (1) increase in excess profits tax rates, (2) changes in rate structure from a graduated to a flat rate system, (3) effect of unused excess profits credits of prior and subsequent years attributable to section 722, (4) variation of provisions applicable to fiscal years, (5) limitation of excess profits tax to the amount by which 80 percent of net income exceeds the income tax, applicable to certain taxable years, and (6) relation of excess profits before the application of section 722 to the increase in excess profits credit allowed.

For taxable years beginning after December 31, 1940, a portion of the amount by which the excess profits tax is reduced by reason of the application of section 722 is offset by an increase in income tax. This offset arises from the provisions which permit the deduction of the income subject to excess profits tax (or excess profits tax in certain taxable years) in arriving at income subject to income tax.

Lists containing the cases in which relief has been allowed for prior fiscal years have been published in the various issues of the FEDERAL REGISTER as follows:

## FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 8404, 9471]

GLENS FALLS PUBLICITY CORP. (WGLN)  
AND WEIM FITCHBURG, INC. (WEIM)ORDER DESIGNATING APPLICATION FOR CON-  
SOLIDATED HEARING ON STATED ISSUES

In re applications of Glens Falls Publicity Corporation (WGLN), Glens Falls, New York, Docket No. 8404, File No. BML-1247; WEIM Fitchburg, Incorporated (WEIM), Fitchburg, Massachu-

setts, Docket No. 9471, File No. BP-7339; for modification of license and for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 7th day of October 1949;

The Commission having under consideration the above-entitled application of WEIM Fitchburg, Incorporated which requests a permit to change the facilities of Station WEIM, Fitchburg, Massachusetts from frequency 1340 kilocycles, 250 watts power, unlimited time to frequency 1280 kilocycles, 1-kilowatt power,

unlimited time, to install a directional antenna, change transmitter location, and install a new transmitter;

It appearing, that, the above-entitled application of Glens Falls Publicity Corporation for modification of license to change the facilities of Station WGLN, Glens Falls, New York from frequency 1230 kilocycles, 100 watts power, unlimited time to frequency 1280 kilocycles, 1 kilowatt power, unlimited time employing a directional antenna day and night was designated for hearing October 27, 1948, in a consolidated proceeding with the application of Richard O'Connor and

## NOTICES

that Wodaam Corporation, licensee of Station WOV, New York, New York, was made a party to the proceeding; and

It further appearing, that, the petition of Richard O'Connor to amend was granted August 26, 1949, and on the Commission's own motion his application as amended was removed from the hearing docket; and

It further appearing, that the hearing on the above-entitled application of Glens Falls Publicity Corporation is scheduled to commence at 10:00 a. m. October 17, 1949, in Washington, D. C.;

It is ordered, That, pursuant to Section 309 (a) of the Communications Act of 1934, as amended, the above-entitled application of WEIM, Fitchburg, Incorporated is designated for hearing in a consolidated proceeding with the application of Glens Falls Publicity Corporation to commence at 10:00 a. m. October 17, 1949, in Washington, D. C., upon the following issues:

1. To determine the technical, financial, and other qualifications of WEIM Fitchburg, Incorporated, its officers, directors and stockholders to construct and operate Station WEIM as proposed.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of Station WEIM as proposed and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of Station WEIM as proposed would involve objectionable interference with Stations WOV, New York, New York; WKNE, Keene, New Hampshire, or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of Station WEIM as proposed would involve objectionable interference with the services proposed in the pending application of Glens Falls Publicity Corporation, or with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the operation of Station WEIM as proposed would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if either of the applications in this consolidated proceeding should be granted.

It is further ordered, That, WKNE Corporation, licensee of Station WKNE, Keene, New Hampshire is made a party to the proceeding with reference to all applications therein; and

It is further ordered, That the Commission's order of October 27, 1948, designating for hearing the application of

Glens Falls Publicity Corporation is amended to include the other above-entitled application of WEIM Fitchburg, Incorporated and to make Wodaam Corporation, licensee of Station WOV, New York, New York, a party to the proceeding with reference to all applications therein.

*It is further ordered*, That the taking of testimony and the receipt of evidence begin on Monday, October 31, 1949, at one o'clock in the afternoon of that day (Pacific standard time), in Room 524 (New) U. S. Courthouse, Portland, Oregon.

Upon completion of the taking of testimony and receipt of evidence in support of the allegations of the complaint, the Trial Examiner is directed to proceed immediately to take testimony and evidence on behalf of the respondents. The Trial Examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue a recommended decision which shall include recommended findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate recommended order; all of which shall become a part of the record in said proceeding.

Issued: October 7, 1949.

By the Commission.

NEW ENGLAND PUBLIC SERVICE CO.

### MEMORANDUM OPINION AND ORDER GRANTING AND PERMITTING APPLICATION-DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 10th day of October A. D. 1949.

New England Public Service Company ("NEPSCO"), a registered holding company, has filed an application-declaration requesting approval of the renewal, for a period of one year from October 11, 1949, of certain notes in the aggregate amount of \$10,300,000 and requesting an extension to October 9, 1950, of the time in which NEPSCO must sell sufficient of its holdings of utility stocks to repay such notes in full.

The Commission, by order dated June 27, 1947, and the United States District Court for the District of Maine, by order dated August 6, 1947, approved pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("the act") a plan for the retirement of NEPSCO's Prior Lien Preferred Stock which provided, among other things, for the borrowing by NEPSCO of an amount not in excess of \$16,000,000 for the period of one year, from The First National Bank of Boston and four other banks and trust companies and for the sale within one year after the date of the loan of sufficient of NEPSCO's holdings of utility stocks to repay the loan, provided that NEPSCO might request one or more extensions of time for such sale.

On October 9, 1947, NEPSCO, pursuant to the plan, borrowed an aggregate amount of \$13,500,000 at an interest rate of 2 1/4%, for a period of one year with

the right to two successive renewals for a period of one year each provided the Commission should approve such renewals. Under the loan agreement NEPSCO is obligated to make quarterly payments of \$400,000 on account of principal.

On October 11, 1948, the notes, reduced to \$11,900,000 by such quarterly payments, were renewed with our approval. New England Public Service Company, — SEC — (1948), HCA Release No. 8567. We took no action with respect to NEPSCO's request for an extension of one year from October 9, 1948, of the time in which portfolio securities were to be sold to repay the loan, stating that we saw no necessity for granting such an extension. No portfolio securities have as yet been sold by NEPSCO; however, as a result of further quarterly payments the notes have now been reduced to the amount of \$10,300,000.

NEPSCO's major investments in utility stocks consist of 1,315,181 shares (66.5%) of the common stock of Central Maine Power Company ("Central Maine"), and 493,856.8 shares (52.4%) of the Common stock of Public Service Company of New Hampshire ("New Hampshire"). NEPSCO also owns 231,668.5 shares (35.5%) of the common stock of Central Vermont Public Service Corporation. In view of the greater market value per share of the common stocks of Central Maine and New Hampshire and the greater number of shares held, it is primarily its holdings of the stock of the latter two companies to which NEPSCO must look for a source of funds with which to repay its notes. As collateral for the notes NEPSCO has pledged all of its holdings of common stock of New Hampshire and 904,226 shares of its holdings of common stock of Central Maine.

Contemporaneously with its application of a year ago for approval of the renewal of the notes NEPSCO filed a declaration (File No. 70-1951) proposing the sale by it of 200,000 shares of the common stock of New Hampshire by the end of that year, 1948, the proceeds of the sale to be applied to the reduction of the notes. New Hampshire ordinarily generates a large part of its electric power requirements at its hydro-electric stations. Prior to and concurrently with the filing of this declaration, the earnings of New Hampshire had been materially decreased as a result of periods of severe drought of unprecedented duration.

Further, in October 1948, Central Maine filed an application with respect to the issuance and sale by it of 286,496 shares of additional common stock, to finance its construction program. NEPSCO pointed out that, in view of the proposed sale by the subsidiary, the offering of Central Maine common stock by NEPSCO was undesirable at that time. Central Maine's application, as amended, we granted by orders of February 1 and 28, 1949, and the stock was thereupon sold for net proceeds before expenses of \$4,195,000. Central Maine Power Company, — SEC — (1949), HCA Release Nos. 8820 and 8891.

In April 1949, New Hampshire, to finance its construction program, filed with us an application with respect to

the issuance and sale by it of 104,804 shares of additional common stock. This application, as later amended, we granted, and the stock was then sold for net proceeds before expenses of \$2,224,000. Public Service Company of New Hampshire, — SEC — (1949), HCA Release Nos. 9102 and 9159. To avoid conflict with the sale of such stock by its subsidiary, NEPSCO amended its declaration (File No. 70-1951) to postpone its proposed sale of New Hampshire common stock until September 1949.

In September 1949, further to finance its construction program, Central Maine filed an application with respect to the issuance and sale by it of 200,548 shares of additional common stock. This application is presently pending before us. HCA Release No. 9374.

NEPSCO points out that the sale by it of common stock of Central Maine would be inappropriate while that company itself is proposing to issue and sell additional common stock, and further states that the sale of New Hampshire's common stock at this time is inadvisable since experience in marketing the common stocks of Central Maine and New Hampshire indicates that the two securities appeal to substantially the same market. NEPSCO therefore proposes, as a first step in reduction of the loan, to sell 200,000 shares of the common stock of New Hampshire in the latter part of 1949 or in January 1950.

The burden of NEPSCO's showing is to the effect that it has not been guilty of lack of due diligence in not making sales of securities in the period which has elapsed from its making the loan. That we have not taken serious issue with this position is indicated by the fact that we have not taken affirmative action despite the fact that NEPSCO has been in default on its commitment. We are not in a position, however, to find that it will not be feasible to make the requisite sales within less than a year and thus find no reason to grant the requested extension, which would have the potential effect of tying our hands for a full year. The renewal of the notes carries with it no such potential and is, of course, presently necessary and thus will be permitted.

It is ordered, Accordingly, that the application-declaration of NEPSCO insofar as it relates to the renewal for the period of one year of its notes, dated October 11, 1948, in the aggregate amount of \$10,300,000, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24, jurisdiction being reserved as to the remainder of the application-declaration.

Secretary.

PENNSYLVANIA ELECTRIC CO. ET AL.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its

office in the city of Washington, D. C., on the 10th day of October 1949.

In the matter of Pennsylvania Electric Company, Associated Electric Company, General Public Utilities Corporation; File No. 70-2141.

General Public Utilities Corporation ("GPU"), a registered holding company, its subsidiary, Associated Electric Company ("Aelec"), also a registered holding company, and the latter's subsidiary, Pennsylvania Electric Company ("Penelec"), having filed a joint application-declaration, as amended, pursuant to sections 6, 7, 9 (a), 10 and 12 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rules U-42 and U-45 promulgated thereunder wherein the following transactions were proposed:

GPU would make cash capital contributions to Aelec in the aggregate amount of \$25,000,000. Aelec would apply \$20,854,000 of such outstanding 4½% bonds due 1953. The balance of \$4,146,000 would be advanced, from time to time, by Aelec to Penelec. Aelec would also advance to Penelec, from time to time, from Aelec's treasury, cash in an aggregate amount not in excess of \$354,000. As Penelec received the advances, it would issue its promissory notes to Aelec for the amount of each advance. Such promissory notes would mature six months from date of issue and would bear no interest. Penelec would apply the cash received from Aelec in payment of the cost of, or reimbursement of payments made for, the cost of construction or improvements after January 1, 1949, of Penelec's facilities. Penelec had outstanding certain promissory notes which were held by a commercial bank and which were issued under an agreement which has the effect of requiring the consent of the bank to the issuance by Penelec of any notes in an aggregate amount in excess of \$3,100,000 face amount. Penelec proposed to obtain the consent of the bank to the issuance of the six-month notes to Aelec for the amounts in excess of \$3,100,000; and

The Commission having, on May 27, 1949, granted and permitted such joint application-declaration, as amended, to become effective forthwith, and having also granted a request of applicants-declarants with respect to making appropriate recitals conforming to the requirements of sections 371 to 373, inclusive, and 1808 (f) of the Internal Revenue Code; and

Applicants-declarants having filed a post-effective amendment to their joint application-declaration wherein it is recited that GPU has made a cash capital contribution to Aelec in the aggregate amount of \$23,800,000 and that GPU now proposes to make cash capital contributions to Aelec in the aggregate amount of \$1,200,000, thus completing the contribution authorized in the order of May 27, 1949, and Aelec proposes to advance the entire \$1,200,000 to Penelec rather than employ \$890,000 of such funds for debt retirement as authorized by our order of May 27, 1949; and

Such post-effective amendment to the joint application-declaration having been duly filed, and notice of said filing having been duly given in the form and man-

ner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said post-effective amendment to the joint application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the requirements of the applicable provisions of the act are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said post-effective amendment to the joint application-declaration be granted and permitted to become effective, and deeming it appropriate to grant requests of applicants-declarants with respect to an amendment to the recitals conforming to the applicable provisions of the Internal Revenue Code in so far as it concerns the use of said \$1,200,000 and that the order become effective at the earliest date possible.

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the post-effective amendment to the joint application-declaration be, and the same hereby is, granted and permitted to become effective and the proposed transactions may be consummated forthwith.

It is further ordered, That the order of the Commission entered in this proceeding on May 27, 1949 be, and the same hereby is, amended so that the last paragraph thereof will read as follows:

It is further ordered and recited that the expenditure and investment by GPU of \$25,000,000 as a contribution to the capital of Aelec, for utilization by Aelec to the extent of \$19,964,000 for the redemption of its 4½% Gold Bonds due 1953, and to the extent of \$3,836,000 for advances to Penelec in accordance with the order entered herein on May 27, 1949, and to the extent of \$1,200,000 for utilization by Aelec for advances to Penelec in accordance with said order, as amended by this Supplemental Order, derived from the following sources:

(a) From the net proceeds of the sales of the shares of the common stock of New York State Electric & Gas Corporation, pursuant to the orders of the Commission, dated March 11, March 24 and April 11, 1949, respectively, after deducting from such net proceeds the sum of \$11,698,800 and \$500,000 expended pursuant to the orders of the Commission dated April 1 and May 6, 1949, respectively, and the sum of \$1,500,000 which the applicant-declarant has proposed in a declaration now pending before the Commission to contribute to New Jersey Power & Light Company (File No. 70-2139).

(b) To the extent that the funds available to GPU from the net proceeds of the aforesaid sales of the shares of common stock of New York State Electric & Gas Corporation, as stated in (a) above, shall be insufficient, from the payment of \$4,000,000 to be received by GPU out of the proceeds to be derived from the proposed sale by Staten Island Edison Corporation of 40,000 shares of its preferred stock, as proposed in an application-declaration now pending before the Commission (File No. 70-2095).

are necessary or appropriate to the integration or simplification of the GPU system of which GPU and Aelec are a part and are necessary or appropriate to effectuate the provisions of section 11 (b)

of the Public Utility Holding Company Act of 1935.

By the Commission.

IOWA-ILLINOIS GAS AND ELECTRIC CO.

ORDER GRANTING AND PERMITTING APPLICATION-DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of October A. D. 1949.

Iowa-Illinois Gas and Electric Company ("Iowa-Illinois"), a public utility subsidiary of The United Light and Railways Company, a registered holding company, having filed an application-declaration and amendments thereto, pursuant to section 6 (b) and, to the extent applicable, section 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated under the act, with respect to the following proposed transactions:

Iowa-Illinois proposes to issue and sell at competitive bidding, pursuant to the provisions of Rule U-50, \$10,000,000 principal amount of First Mortgage Bonds ---% Series due 1979. The bonds are to be issued under and secured by the company's existing Indenture dated March 1, 1947, as supplemented by a supplemental indenture of the same date and a second supplemental indenture dated October 1, 1949. The interest rate (which shall be a multiple of  $\frac{1}{8}$  of 1%) and the price to be received for the bonds (which shall be not less than 100% nor more than 102 $\frac{3}{4}$ % of the principal amount) are to be determined by competitive bidding. The net proceeds received from the sale of the bonds are to be used to pay the cost of the construction of additional facilities and to reimburse the treasury for expenditures heretofore made from other funds for such purposes.

Said application-declaration having been filed on September 10, 1949, and the last amendment thereto having been filed on October 10, 1949, and notice of the filing of said application-declaration, as amended, having been given in the form and manner prescribed by Rule U-23 promulgated under the act, and the Commission not having received a request for a hearing with respect to said application-declaration, as amended, within the time specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Illinois Commerce Commission, The State Commission of the State in which Iowa-Illinois is organized, and in which it transacts a portion of its business and which is stated to be the only State Commission having jurisdiction over the proposed transactions, having expressly authorized the proposed transactions; and

It further appearing that the fees and expenses, to be incurred and paid in con-

nection with the proposed issue and sale of bonds, including counsel fees of \$18,500, payable \$15,000 to Sidley, Austin, Burgess and Harper and \$3,500 to six firms of local counsel, are estimated at \$95,000, and that in addition \$9,000 is payable by the purchasers of the bonds to Isham, Lincoln & Beal, independent counsel for the prospective purchasers of the bonds, and the record being incomplete with respect to the fee of counsel, including counsel for the prospective purchasers of the bonds and the Commission deeming it appropriate to reserve jurisdiction with respect to said legal fees; and

Applicant-declarant having requested acceleration of the effective date of this order, and the Commission deeming it appropriate to grant such request; and

The Commission finding with respect to the proposed transactions that all applicable provisions of the act and the rules promulgated thereunder are satisfied, that no adverse findings are required thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers to grant and permit said application-declaration, as amended, to become effective forthwith, subject to the reservations of jurisdiction hereinafter specified:

It is ordered, Pursuant to Rule U-23, that said application-declaration, as amended, be, and it hereby is, granted and permitted to become effective forthwith, subject, however, to, the condition that the proposed sale of bonds shall not be consummated until the results of competitive bidding pursuant to Rule U-50 shall have been made a part of this proceeding and a further order of the Commission shall have been issued in the light of the record, as so completed, for which purpose jurisdiction is hereby reserved, and subject to a reservation of jurisdiction with respect to the fees of counsel, including counsel for the prospective purchasers of the bonds.

By the Commission.

WISCONSIN RIVER POWER CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of October 1949.

Notice is hereby given that an application-declaration has been filed with the Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by Wisconsin River Power Company ("River Company"), a subsidiary of Wisconsin Public Service Company, itself a subsidiary of Standard Power and Light Corporation and Standard Gas and Electric Company, both registered holding companies. Section 6 (a) of the act and Rule U-50 promulgated thereunder have been designated by River Company

as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than October 24, 1949, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the nature of his interest, the reasons for such request, and the issues, if any, of fact or law raised by said application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time thereafter such application-declaration as filed, or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transaction therein proposed which is summarized below:

River Company was organized for the purpose of and is now engaged in the development of two hydro sites on the Wisconsin River. The electric energy output of that company is to be sold to three companies which among them hold all of River Company's common stock. River Company seeks an exemption from the competitive bidding requirements of Rule U-50 promulgated under the act for the issuance and sale of \$1,500,000 principal amount of its First Mortgage Bonds of a 3% Series due 1977.

River Company had previously requested of the Commission the right to enter into negotiations for the sale of the bonds. The Commission informally authorized the Company to enter into such negotiations, without prejudice to the Company subsequently seeking, upon formal application, an exemption from the competitive bidding requirements of Rule U-50, the Company being required, however, to satisfy the Commission that competitive conditions have been maintained in the negotiations.

It is stated that pursuant to the informal authorization of the Commission, River Company invited bids from five institutional investors, of whom three responded, John Hancock Mutual Life Insurance Company bidding 100.94% of par at 3% interest, the Northwestern Mutual Life Insurance Company bidding 100.087% of par at 3% interest, and the Travelers Insurance Company bidding 100.00% of par at 3% interest, plus accrued interest from August 1, 1949, in each instance. The Company has stated that it has accepted the bid of John Hancock Mutual Life Insurance Company, subject, however, to the approval of this Commission.

The new bonds are to be secured by River Company's existing First Mortgage and Deed of Trust dated August 1, 1947, as amended by a Supplemental Indenture dated May 1, 1948, and by a Supplemental Indenture to be dated August 1, 1949. The proceeds from the sale of the new bonds are to be deposited in the

Construction Fund as provided by the Indenture and may be withdrawn upon the basis of 60% of construction costs. Approximately \$500,000 of such proceeds is to be withdrawn promptly after issuance of the new bonds and the balance to be withdrawn from time to time as construction progresses.

It is estimated that River Company's fees and expenses will not exceed \$8,000 of which \$4,500 represents counsel fees. In addition, River Power has agreed to pay the fees and expenses of independent counsel in an amount not to exceed \$2,000.

River Company states that no other Federal or State Commission has jurisdiction over the proposed transaction. It requests that the Commission's order herein issue on or before October 25, 1949, and be effective upon issuance.

By the Commission.

Secretary.
