Chapter VIII—Office of Housing Expediter

[Controlled Housing Rent Reg., Amdt. 185]

[Controlled Rooms in Rooming Houses and Other Establishments Rent Reg., Amdt. 184]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CALIFORNIA AND MISSISSIPPI

The Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92) are amended in the following respects:

1. Schedule A, Item 30, is amended to describe the counties in the Defense-Rental Area as follows:

Orange County, except the Cities of Laguna Beach and Newport Beach, and except that portion lying south of the south line of Township Six south, Range Eight west, San Bernardino Base and Meridian, and the easterly and westerly prolongation of said south line; and Los Angeles County, except Cata-

lina Township and the Cities of Covina, La Verne and Monrovia.

This decontrols the City of Monrovia in Los Angeles County, California, a portion of the Los Angeles, California, Defense-Rental Area.

2. Schedule A, Item 35a, is amended to describe the counties in the Defense-Rental Area as follows:

Sacramento, except the City of Folsom; San Joaquin; and Yolo.

This decontrols the City of Folsom in Sacramento County, California, a portion of the Sacramento, California, Defense-Rental Area.

3. Schedule A, Item 41, is amended to describe the counties in the Defense-Rental Area as follows:

Kings; and Tulare, except the City of Woodlake.

This decontrols the City of Woodlake in Tulare County, California, a portion of the Tulare-Kings, California, Defense-Rental Area.

4. Schedule A, Item 162, is amended to describe the counties in the Defense-Rental Area as follows:

Harrison County, except Pass Christian, Hendersons Point, the City of Gulfport and the Town of Long Beach.

This decontrols the Town of Long Beach in Harrison County, Mississippi, a portion of the Biloxi-Pascagoula, Mississippi, Defense-Rental Area.

All decontrols effected by this amendment are based on resolutions submitted in accordance with section 204 (j) (3) of the Housing and Rent Act of 1947, as amended.

This amendment shall become effective November 4, 1949.

Issued this 3d day of November 1949. (Sec. 204 (d), 61 Stat. 197, as amended, 62 Stat. 37, 94, Pub. Law 31, 81st Cong.; 50 U. S. C. App. 1894 (d))

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

ARKANSAS, COLORADO, IOWA, ILLINOIS AND LOUISIANA

The Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92) are amended in the following respects:

1. Schedule A, Item 24, is amended to read as follows:

(24) [Revoked and decontrolled.]

This decontrols the entire Newport-Walnut Ridge, Arkansas, Defense-Rental Area, consisting of the City of Jonesboro in Craighead County, Arkansas.

2. Schedule A, Item 46, is amended to describe the counties in the Defense-Rental Area as follows:

In Pueblo County, Townships 20 and 21, South, Ranges 64 and 65, west of the 6th principal Meridian.

This decontrols the entire Pueblo, Colorado, Defense-Rental Area, except the portion specified above.

3. In Schedule A, all of Item 93 which relates to Clinton County, Iowa, is deleted.

This decontrols the City of Clinton, Iowa, a portion of the Savanna-Clinton, Illinois, Defense-Rental Area, and leaves under control in said Defense-Rental Area the City of Savanna in Carroll County, Illinois.

4. Schedule A, Item 133, is amended to describe the counties in the Defense-Rental Area as follows:

Ouachita Parish; and in Morehouse Parish, the City of Bastrop.

This decontrols Union Parish, Louisiana, and Morehouse Parish, Louisiana, except the City of Bastrop, portions of the Monroe-Bastrop, Louisiana, Defense-Rental Area.

All decontrols effected by this amendment are on the Housing Expediter's own initiative, in accordance with section 204 (c) of the Housing and Rent Act of 1947, as amended.

This amendment shall become effective November 4, 1949.

Issued this 3d day of November 1949. (Sec. 204 (d), 61 Stat. 197, as amended, 62 Stat. 37, 94, Pub. Law 31, 81st Cong.; 50 U. S. C. App. 1894 (d))

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

DEATH PENSION OR COMPENSATION PAYABLE SOLELY BY VIRTUE OF CERTAIN AMENDATORY LAWS

In § 4.77, a new paragraph (d) is added to read as follows:

§ 4.77 *Death pension or compensation payable solely by virtue of certain amendatory laws.* * * *

(d) *Death pension or compensation payable solely by virtue of Public Law 195, 81st Congress—*(1) *General.* Notwithstanding the provisions of any other law which prescribes the effective date of awards of death pension or compensation in the case of any claimant for death pension or compensation under laws administered by the Veterans' Administration, who was receiving a current pension or compensation on August 1, 1949, whose claim arose with respect to the death of a member or former member of the armed forces on or after December 7, 1941, and who was unable to file claim

by reason of being interned by a country with which the United States was at war or was otherwise prevented from filing such claim by action of such country, the award of death pension or compensation shall be adjusted so as to be effective as of the date the award would have been effective had claim been filed on the date of death: *Provided*, That claim shall be filed prior to August 2, 1950.

(2) *Definition of "receiving a current pension or compensation."* The phrase "receiving a current pension or compensation" will include those cases in which:

(i) Payments of pension or compensation were in course of payment on August 1, 1949;

(ii) Payment on a running award had been suspended or discontinued and in which the award is resumed by action taken after August 1, 1949 effective from a date prior to or on August 1, 1949;

(iii) A claim was pending on August 1, 1949 and in which an award was subsequently made to commence prior to or on August 1, 1949;

(iv) Payments were being made on August 1, 1949, to a child or children, where an award had previously been made to a widow for herself and such child or children in her custody but terminated prior to August 1, 1949, by reason of the widow's remarriage, forfeiture of title, excess income, or death.

(3) *Rate payable in adjustment.* The rates payable in adjustment of awards over the periods affected will be those provided by applicable laws: *Provided*, That as to:

(i) Parents, where death compensation has been paid to both parents for any period subsequent to the date of the veteran's death and prior to August 1, 1949, and only one parent is entitled to receive benefits on August 1, 1949, by reason of the cessation of dependency or death of the other parent, the rate payable will be that allowed where only one parent has filed claim;

(ii) Child or children, where death compensation or pension has been paid to a widow for herself and child or children in her custody, covering any period subsequent to the veteran's death and prior to August 1, 1949, but terminated by reason of the widow's remarriage, forfeiture of title, excess income, or death prior to August 1, 1949, the adjustment to any such child or children entitled to receive benefits on August 1, 1949, covering any period subsequent to the date of the veteran's death and prior to the commencing date of payments to the widow will be made at the rate which would have been allowed to a child or children if there had been no widow.

(4) *Time limitation for submission of evidence.* Evidence required in support of a claim for benefits under this act must be received within one year from the date of request.

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 44 Stat. 382, as amended, sec. 1, 2, 46 Stat. 492, 1016, as amended, sec. 7, 48 Stat. 9, sec. 1, 52 Stat. 440, as amended, sec. 16, 57 Stat. 559, 58 Stat. 107; 38 U. S. C. 11a, 364a, 364g, 364h, 365, 370,

PART 21—VOCATIONAL REHABILITATION AND
EDUCATION

CHARGES AGAINST ENTITLEMENT

In § 21.52, paragraphs (a), (b), (d), (e), have been revised; a new subparagraph has been added and designated (f); the former subparagraph (f) has been redesignated (g); and subparagraphs (h) and (i) have been added:

§ 21.52 *Charges against entitlement*—(a) *General*. Charges against a veteran's period of entitlement will be made in terms of years, months, and days for periods during which the veteran is carried in a training status, including periods comprehended by paragraph (g) of this section, and § 21.102. Such charges will be recorded at the time the authorization action entering the veteran into training is completed, and subsequently revised if circumstances require such action.

(1) The period to be charged will be determined by subtracting the beginning calendar date of the certified period of enrollment from the ending calendar date of the certified period of enrollment. If, after dates are expressed in years, months and days, it becomes necessary to "borrow" a month to permit a subtraction of days, 30 days will be considered a month. In order to account for both the beginning and ending dates of the certified period of enrollment, one day will be added to the result obtained.

(2) If an interruption or discontinuance occurs at a date prior to the ending date of the certified period of enrollment, such date of interruption or discontinuance will be substituted as the minuend in the subtraction made to determine the charge against the veteran's remaining entitlement, and the necessary correction in the entitlement accounting record will be made, if in order. (See par. (g) of this section.)

(3) Where a course is pursued on a part-time basis, as defined in paragraph (b) of this section, the resulting period of years, months, and days obtained by subtraction will be multiplied by the appropriate part-time fraction ($\frac{1}{4}$, $\frac{1}{2}$ or $\frac{3}{4}$). A fraction of more than one-half day in the final result will be counted as one day. A fraction of one-half day or less will be disregarded.

(4) In computing time expended in pursuit of vocational rehabilitation training under Part VII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12) for the purpose of assessing charges against available entitlement under Part VIII, such time will be expressed in years, months, and days, and the computations will be in accordance with the methods set out in subparagraphs (1) and (2) of this paragraph, employing the beginning

and terminating dates of each period of Part VII training status. For the purpose of this section training status under Part VII will include all periods of authorized leave, but will be exclusive of the period for which subsistence allowance is payable after determination of employability. (Par. 3, Part VII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12))

(b) *Part-time training*. For the purpose of ascertaining the rate at which the veteran's full-time entitlement will be exhausted, part-time courses of study will be measured only in fractions of $\frac{3}{4}$, $\frac{1}{2}$ and $\frac{1}{4}$, determined in accordance with the standards herein prescribed for the type of training course being pursued.

(d) *Courses costing in excess of the rate of \$500 for an ordinary school year*. An eligible person pursuing a course for which he elects to have payments made in excess of the rate of \$500 for a full-time course for an ordinary school year (see par. (h) of this section) shall have charges made against his period of entitlement in accordance with paragraph (a) of this section, and an additional period representing 1 day of eligibility for each \$2.10 (\$500 divided by 238 days equals \$2.10 per day) in that part of the cost which is in excess of the rate of \$500. For courses being pursued on a part-time basis under this provision of the law, there shall be charged against the veteran's period of entitlement the usual charge for a part-time course and an additional period of 1 day of eligibility for each \$2.10 in that part of the cost which is in excess of the relevant proportion of the rate of \$500 applicable to a part-time course. For example, a veteran pursues a full-time course during the school year of two semesters which begins on September 24 and ends on June 7, the cost of which amounts to \$542. There shall be regularly charged against the veteran's entitlement the period from September 24 to June 7, 8 months and 14 days, but because of the \$42 of cost in excess of \$500, an additional period of 20 days (\$42 divided by \$2.10) shall be charged against his entitlement making a total charge of 9 months and 4 days. As a further example, a veteran pursues a half-time course during the school year of two semesters beginning September 24 and ending June 7, the cost of which is \$292. There shall be regularly charged against his entitlement 4 months and 7 days (one-half of 8 months and 14 days) and an additional period of 20 days because of the \$42 of cost in excess of \$250, the normal maximum cost of a half-time course. This makes a total charge against the veteran's eligibility of 4 months and 27 days (Par. 5, Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12)).

(e) *Short, intensive, postgraduate or training course of less than 30 weeks costing in excess of the rate of \$500*. The charge against a period of entitlement for a short, intensive, postgraduate or training course of less than 30 weeks' duration where the cost of the course is in excess of the rate of \$500 for an ordinary school year will be determined

by dividing the total cost of the course by \$2.10 (\$500 divided by 238). The resulting days will be converted to years, months, and days in accordance with paragraph (f) of this section.

(f) *Conversion of time for entitlement accounting purposes*. When it is necessary, for purposes of entitlement accounting, to convert entitlement expressed in days into years, months and days, and vice versa, the conversion factor of 30.4 will be used, that is, the factor representing the average month of the 12-month year of 365 days (365 divided by 12 equal 30.4). In the result of these computations a fraction of more than one-half will be counted as 1 day. A fraction of one-half or less will be disregarded.

(g) *Training interrupted or veteran withdraws prior to the completion of a period of instruction*. (1) Where a veteran withdraws from a school, college, or university, or his course of training therein is interrupted or discontinued prior to the completion of any period of instruction considered as a unit for the purpose of paying tuition and related fees and the Veterans' Administration is required to pay tuition, the veteran must arrange to restore to the Veterans' Administration the amounts which have been paid for that portion of the time when he was no longer in attendance, or a charge will be made against his entitlement in terms of years, months, and days equivalent to the period for which payment was made.

(2) If it is shown that the payment made on behalf of the veteran represents a percentage of the total charges for a term or semester, the encumbrance will be a corresponding percentage of the term or semester in point of time.

(3) Unless the veteran arranges within a period of 1 year following the date of interruption of training to refund the amount paid for the period over which he was no longer in attendance, no further adjustments will be in order.

(4) Where the customary charges for tuition and related fees exceed \$500 for an ordinary school year and the veteran has elected to have the Veterans' Administration pay such excess costs, the additional charge against his period of entitlement will be made in accordance with paragraph (d) of this section; otherwise, entitlement charges will be in accordance with subparagraphs (1) and (2) of this paragraph.

(h) *Veteran's election to have Veterans' Administration pay charges in excess of the rate of \$500 for an ordinary school year*. Where customary charges are in excess of the rate of \$500 for an ordinary school year, the veteran's election to have such excess charges paid by the Veterans' Administration may be made at the time of enrollment, or after his enrollment, but in any event the election must be received with or prior to receipt of the institutional voucher in the regional office having jurisdiction. The veteran's election will apply only to the unit of instruction certified by the institution as the veteran's period of enrollment (ordinary school year, single term, single semester, or course). When enrollment is certified for a single term, se-

mester, or course, the term, semester, or course constitutes the unit of instruction to which such election applies. When the enrollment certification is for an ordinary school year, that period constitutes the unit of instruction and the veteran may not elect to have excess charges paid by the Veterans' Administration for any specific term or semester to the exclusion of other terms or semesters of the ordinary school year. Where enrollment has been effected by the Veterans' Administration upon the basis of the veteran's election to have the Veterans' Administration pay excess charges, such election may not be rescinded at any time except with full agreement of the institution, and in no event may such election be rescinded after the Veterans' Administration has made payment to the institution for the period covered by the election.

(1) *Overpayments of subsistence allowance not a basis for charges against entitlement.* Entitlement may not be charged solely by reason of overpayments in subsistence allowance, irrespective of whether recovery of such overpayments is waived or not waived. This has reference to true overpayments and does not relate to extended payments of subsistence allowance under the conditions specified in § 21.102.

(Sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9, sec. 504, 58 Stat. 293, as amended; 38 U. S. C. 11a, 694, 707. Interpret or apply 57 Stat. 43, secs. 300, 400, 500, 1500-1504, 58 Stat. 286, 287, 291, 300, 301, secs. 5, 6, 7, 10, 11, 59 Stat. 624, 626, 631, 542, 60 Stat. 124, 934, 61 Stat. 180, 449, 739, 791; 38 U. TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Federal Security Agency

PART 21—COMMISSIONED OFFICERS

DISABILITY RETIREMENTS

Subpart J is amended by adding at the end thereof the following undesignated centerhead and sections:

DISABILITY RETIREMENTS UNDER THE CAREER COMPENSATION ACT OF 1949

§ 21.198 *Establishment of medical review board to make findings and recommendations concerning disability retirements and separations.* The Surgeon General shall appoint one or more medical review boards and may appoint such subboards as are necessary to assist the boards for the purpose of making findings and recommendations relating to the determinations required by Title IV of the Career Compensation Act of 1949 relative to the disability retirement of commissioned officers of the Public Health Service. The boards and subboards shall be constituted as provided in § 21.161 of the Public Health Service regulations and shall have the additional powers and duties prescribed in § 21.162 of such regulations. The Surgeon General shall refer to a medical review board the case of any officer who may be entitled to retirement for disability, and the Surgeon General shall have, with respect to cases involving disability retirement or separation, the powers conferred upon him pursuant to § 21.163 of such regulations.

§ 21.199 *Procedures; full and fair hearings.* (a) If the report of the medical review board, which has reviewed the case of an officer for retirement, contains a finding that such officer is physically fit to perform the duties of his office and if such report is approved by the Surgeon General, the report shall be transmitted to the Administrator for appropriate action pursuant to paragraph (d) of this section.

(b) If the report of the medical review board, which has reviewed the case of an officer for retirement, recommends that such officer be retired or separated and if such report is approved by the Surgeon General, a copy of the report shall be forwarded to the officer concerned who shall be informed that if he feels aggrieved by any of the board's findings or recommendations, he shall have the right, within 30 days of his receipt of the report to request the Surgeon General to grant him a full and fair hearing. If the officer's request for a hearing is received within 30 days of his receipt of the board's report the Surgeon General shall grant such officer a full and fair hearing by such means as the Surgeon General may determine most appropriate under the circumstances. Upon completion of such a hearing, the findings and recommendations of the hearing tribunal, together with the board's report, shall be transmitted through the Surgeon General to the Administrator for appropriate action pursuant to paragraph (d) of this section.

(c) If an officer, upon notification of his right to request a hearing, states in writing that he does not desire a hearing, or if a request for a hearing is not received within 30 days from the officer's receipt of the board's report, the Surgeon General shall forward the report to the Administrator for appropriate action pursuant to paragraph (d) of this section.

(d) Upon receipt by the Administrator of the material transmitted to him the officer concerned shall be retired, separated, or continued on active duty as the Administrator shall determine: *Provided*, That if the Administrator determines to retire or separate an officer who has not been given an opportunity to request a full and fair hearing, the Administrator shall return all the material involving such officer to the Surgeon General for a hearing pursuant to paragraph (b) of this section.

(Secs. 102 (f), 413, Pub. Law 351, 81st Cong.)

These amendments shall be effective as of October 1, 1949.

Dated: November 2, 1949.

NOTICES

DEPARTMENT OF DEFENSE

Military Renegotiation Policy and Review Board

CONTRACTS ENTERED INTO BY DEPARTMENTS OF THE ARMY, THE NAVY, AND THE AIR FORCE THROUGH JUNE 30, 1949, CONTAINING RENEGOTIATION ARTICLE

OCTOBER 31, 1949.

Pursuant to the note to § 423.322-1 (c) of the Military Renegotiation Regu-

lations, two lists of numbers of prime contracts which contain the Renegotiation Article together with the names of the contractors holding such contracts, have been published in the FEDERAL REGISTER. These lists included contracts and other contractual documents which were entered into through March 31, 1949. For the convenience of contractors and subcontractors these lists have been consolidated with similar information supplied by the Departments of the

Army, the Navy and the Air Force and extending through June 30, 1949.

Publication of these lists, as well as future supplements, is for the sole purpose of disseminating information to help contractors and subcontractors identify sales which are subject to renegotiation. Although every effort has been and will be made to have the lists complete and accurate, the omission of the number of a contract subject to the Renegotiation Act of 1948 does not re-

lieve the contractor and the subcontractors thereunder from renegotiation. Conversely, the inclusion in a published list of the number of a contract which is not subject to the act will not make the contractor or subcontractor thereunder subject to renegotiation. The Renegotiation Article is not physically present in some of the contracts listed herein. However, it is considered that such contracts are required to contain the Article and are therefore subject to the Renegotiation Act of 1948. Consequently, the numbers of such contracts are published herein for the same purpose of information as those in which the Article is physically present.

Additional lists will be published from time to time in the FEDERAL REGISTER, and also, as supplements of the Military Renegotiation Regulations. The Military Renegotiation Policy and Review Board should be notified of any errors appearing on the lists so that corrections may be made.

The Military Renegotiation Regulations issued pursuant to the Renegotiation Act of 1948 may be obtained from the Superintendent of Documents, Washington 25, D. C. On that date the Military Renegotiation Policy and Review Board will discontinue its temporary emergency service covering both the distribution of these regulations and lists of prime contracts containing the Renegotiation Article.

The Superintendent of Documents will supply a complete set of these regulations printed on loose leaf pages suitable for standard size ring binders for a subscription price of \$2.50. This price will also include supplementary sheets to be issued from time to time covering (1) amendments to the regulations and (2) lists of prime contracts containing the Renegotiation Article. These supplementary pages will be of the same size and character as those on which the regulations are printed.

FRANK L. ROBERTS,
Chairman.

FEDERAL POWER COMMISSION

[Docket No. G-1278]

CONSOLIDATED GAS UTILITIES CORP.

ORDER FIXING DATE OF HEARING

On September 12, 1949, Consolidated Gas Utilities Corporation (Applicant), a

Delaware corporation having its principal place of business in Oklahoma City, Oklahoma, filed an application, supplemented by data thereto filed September 15, 1949, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural gas facilities, subject to the jurisdiction of the Commission, as fully described in such application on file with the Commission and open to public inspection.

Temporary authorization to construct and operate the requested facilities was granted by the Commission on September 21, 1949.

Applicant has requested that this application be heard under the shortened procedure provided for by § 1.32 (b) of the Commission's rules of practice and procedure; no request to be heard or protest has been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on September 28, 1949 (14 F. R. 5910).

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on November 18, 1949, at 9:30 a. m. e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application and supplemental data: *Provided, however,* That the Commission may, after a non-contested hearing forthwith dispose of the proceedings pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided for by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: November 2, 1949.

By the Commission.

MANUFACTURERS LIGHT AND HEAT CO. ET AL.

ORDER GRANTING MOTION FOR WAIVER OF INTERMEDIATE DECISION PROCEDURE AND DESIGNATING DATE FOR FILING BRIEFS AND ORAL ARGUMENT

NOVEMBER 1, 1949.

In the matters of The Manufacturers Light and Heat Company, Docket No. G-1247; Lancaster County Gas Company, Docket No. G-1253; The Harrisburg Gas Company, Docket No. G-1254; Allentown-Bethlehem Gas Company, Docket No. G-1255; Consumers Gas Company,

Docket No. G-1256; Texas Eastern Transmission Corporation, Docket No. G-1280.

On October 21, 1949, during the course of hearings herein, Lancaster County Gas Company, The Harrisburg Gas Company, Allentown-Bethlehem Gas Company and Consumers Gas Company, Applicants in the foregoing designated proceedings, pursuant to the provisions of paragraph (c) of § 1.30 of the Commission's rules of practice and procedure, moved for waiver of the intermediate decision procedure, and waived the right of oral argument and opportunity for presenting proposed findings but requested the right to file briefs in these several dockets which have been consolidated for hearing. The Manufacturers Light and Heat Company, Texas Eastern Transmission Corporation, Pennsylvania Public Utility Commission, and the Staff of this Commission concurred in the motion.

On October 25, 1949, formal written motion supplementing the oral motion made by the aforesaid companies was filed with the Commission.

Opposition to the motion was entered by National Coal Association, United Mine Workers of America, Fuels Research Council, Inc., Anthracite Institute, and 21 railroad companies which were interveners in this consolidated proceeding.

The Commission finds:

(1) The need and demands for natural gas by Allentown-Bethlehem Gas Company, Consumers Gas Company, and The Harrisburg Gas Company have been considered and determined by the Commission in proceedings involving Texas Eastern Transmission Corporation in Docket No. G-1089. Delay in the commencement of natural gas service will postpone the savings which such service will make possible to these companies and to the consumers supplied by them.

(2) The evidence of record in this consolidated proceeding shows that pipe is available for the construction sought to be authorized in this proceeding, and that construction must begin before winter conditions prevail in order to permit the service to be rendered at the earliest time possible. Participation in this hearing by the interveners objecting to the aforesaid motion has included full opportunity for the examination of all witnesses and presentation of evidence.

(3) Service of natural gas to Lancaster County Gas Company is similar in kind, with the exception of four districts where straight natural gas will be delivered, to the service proposed for which deliveries of natural gas were authorized to be made available by Texas Eastern Transmission Corporation in Docket No. G-1089.

(4) Due and timely execution of its functions imperatively and unavoidably requires that the Commission omit the intermediate decision procedure and render final decision in the proceedings, and it is desirable in the public interest that oral argument be had concerning the matters involved and issues presented by the several applications.

The Commission orders:

(A) The intermediate decision procedure in each of the above-designated

dockets in this consolidated proceeding be and the same is hereby omitted in accordance with the provisions of § 1.30 (c) of the Commission's rules of practice and procedure.

(B) Briefs shall be filed by those parties and interveners who desire to participate in oral argument on or before November 18, 1949, reply briefs shall be filed by November 23, 1949, and oral argument be had before the Commission on November 30, 1949, at 10:00 a. m. e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

Date of issuance: November 2, 1949.

By the Commission.

Acting Secretary.

MOTOR CARRIER CLAIMS COMMISSION

ORGANIZATION AND FUNCTIONS

1. *Creation.* The Motor Carrier Claims Commission was created by Public Law 880, 80th Congress, 2d Session, approved July 2, 1948.

2. *General functions.* The purpose of the Motor Carrier Claims Commission is to hear and determine, according to law, existing claims against the United States arising from the taking by the United States of possession or control of any of the motor-carrier transportation systems described in Executive Order 9462, dated August 1, 1944 (CFR, 1944 Supp., p. 70). The settlement of any claim prior to the enactment of this Act will not prevent the Commission from hearing and determining such claim, if it determines that the principles of equity, as administered by the courts, require that such settlement be set aside and that such claim be heard and determined.

The original act provided that claims may be filed for a period of six months after the date of the enactment of this act. However, this time limitation has been amended and it is now possible for the Commission to receive claims until April 1, 1950.

The jurisdiction of the Commission over claims presented to it will be exclusive; but nothing in the act will prevent any person who does not elect to present his claim to the Commission from pursuing any other remedy available to him.

3. *General statement of organization.* (a) The Commission will consist of a Chairman and two other members, who will be appointed by the President, by and with the advice and consent of the Senate. At least two of such members shall be learned in the law and two members will constitute a quorum.

(b) Assistant Commissioners will be appointed by the Commission to conduct preliminary hearings to determine the facts and to make reports thereon to the Commission. In addition, they will perform special assignments in legal research and in the examination of and reporting on various proceedings and documents submitted to the Commission by the litigants involved.

(c) The Clerk of the Commission will act in the usual capacity of a clerk of a court and, in addition, will be the chief executive and administrative officer. He will appoint such subordinate employees as are necessary to conduct the business of the Commission.

(d) The Attorney General, or his assistants, will represent the United States in all claims presented to the Commission.

4. *Specific functions.* (a) The Commission will meet at such times and places as it may prescribe and will keep a full written record of all its hearings and proceedings, which will be open to public inspection. It will also establish its rules and procedures, which will be announced later. Initially, the headquarters of the Commission have been established in Kansas City, Missouri.

(b) The final determination of the Commission will be in writing and filed

with its Clerk and such determination will be subject to review in the same manner as is provided for cases in the Court of Claims upon application to the Supreme Court within three months from the date of the filing of such determination with the Clerk.

(c) Any member of the Commission or any employee designated in writing by the Chairman may administer oaths and examine witnesses. Any member of the Commission may require by subpoena the attendance and testimony of witnesses and the production of necessary books, papers, documents, etc., at any designated place of hearing, and has the power to take depositions before any designated individual competent to administer oaths under the laws of the United States or any state or territory.

Witnesses subpoenaed to testify or whose depositions are taken pursuant to this act, and the officers or employees taking the same, will severally be entitled to the same fees and mileage as are paid for like services in the courts of the United States.

(d) Each claim, after the proceedings have been finally concluded, will be reported to Congress. When the report of the Commission determining any claimant to be entitled to recover has been filed with Congress, such report will have the effect of, and be paid in the same manner as is provided for, in a final judgment in the Court of Claims. The payment of any claim will be a full discharge of the United States of all claims and demands touching any of the matters involved in the controversy and will be a bar forever of any further claim or demand against the United States.

5. *Legal limitation.* The existence of the Commission will terminate at the end of two years after the first meeting of the Commission. Upon its dissolution, the records of the Commission will be delivered to the Archivist of the United States.

THOMAS W. O'HARA,
Chairman,
Motor Carrier Claims Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-167]

UNITED CORP.

ORDER DENYING PETITION FOR REHEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 2d day of November A. D. 1949.

The United Corporation ("United"), a registered holding company, having filed an application, and an amendment thereto, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, for approval of an amended plan providing for the distribution to the holders of common stock of United, as a special capital dividend, of 1/10th of a share of common stock of its subsidiary, Niagara Hudson Power Corporation, for each share of United common stock; and

Public hearings having been held after appropriate notice at which hearings security holders and other interested persons were afforded an opportunity to be heard, and the Commission having considered the record and having issued its findings and opinion and order approving the said amended plan; and

Randolph Phillips, a common stockholder of United who had been given leave to be heard in these proceedings, having filed a petition for rehearing contending that he was not apprised of the submission of the record to the Commission for its decision and was prejudiced as a result, that the decision of the Commission should have been rendered by all the Commissioners rather than by the majority who participated therein, and that the requirement specified in the Commission's opinion and order that United file a comprehensive plan "promptly" is too vague and should be amended to require that such a plan be filed within a stated number of days;

The Commission having considered the said petition for rehearing and the reasons set forth therein, and having concluded that no basis has been shown for granting the relief requested;

It is ordered, That the said petition for rehearing be, and it hereby is, denied.

By the Commission.

INTERSTATE POWER CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION OVER FEES AND EXPENSES AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its

office in the city of Washington, D. C. on the 2d day of November A. D. 1949

Interstate Power Company ("Interstate"), a registered holding company and also an operating public utility company, filed a declaration with this Commission, pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act"), respecting the issue and sale of 300,000 additional shares of its common stock, with a par value of \$3.50 per share, at competitive bidding pursuant to Rule U-50 promulgated under the Act.

The Commission, by order dated October 21, 1949, permitted said declaration, as amended, to become effective subject to the condition that the proposed issue and sale of additional shares of common stock should not be consummated until the results of competitive bidding pursuant to Rule U-50 should be made a matter of record in this proceeding and a further order entered by the Commission in the light of the record so completed.

Interstate has now filed a further amendment to its declaration setting forth the action taken to comply with the requirements of Rule U-50, which amendment states that, pursuant to the invitation for competitive bids, the following bids were received:

Bidding group headed by—	Price per share bid
Smith, Barney & Co.....	\$7.8199
Merrill Lynch, Pierce, Fenner & Beane and Kidder, Peabody & Co..	7.7890
Blyth & Co. Inc.....	7.7600
Harriman Ripley & Co., Inc.....	7.6090

The amendment further states that, subject to approval by this Commission, Interstate has accepted the bid of Smith, Barney & Co., who have indicated that said shares will be offered for sale to the public initially at a price of \$8.25 per share. The initial public offering price results in a spread of \$0.4301 per share for the successful bidder.

The record has also been completed with respect to the fees and expenses incurred by Interstate in connection with the proposed transaction. Such fees and expenses are estimated in the aggregate amount of \$34,925, and include a fee of \$8,000 for Matthews & Springer, counsel for the company. The record indicates that the fee of Winthrop, Stimson, Putnam & Roberts, independent counsel for the underwriters, is \$5,000, which is to be paid by the successful bidder.

The Commission having examined said amendment and having considered the record herein, finds that the fees and expenses proposed to be paid in connection with the proposed transactions, to the extent they do not materially exceed the estimates, are not unreasonable, and observes no basis for adverse findings or the imposition of terms and conditions with respect to said declaration, as amended.

It is therefore ordered, That the jurisdiction heretofore reserved with respect to the matters to be determined as a result of competitive bidding under Rule U-50, and with respect to fees and expenses, in connection with the issue and sale by Interstate Power Company of 300,000 additional shares of its common stock, be, and hereby is, released, and

that said declaration, as amended, be, and hereby is, permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24.

By the Commission.

Secretary.

MALDEN ELECTRIC CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 28th day of October A. D. 1949

Malden Electric Company ("Malden Electric"), a subsidiary of New England Electric System, a registered holding company, having filed an application with this Commission pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 regarding the following proposed transaction:

Malden Electric proposes to borrow, prior to December 31, 1949, an aggregate of \$500,000 evidenced by unsecured promissory notes bearing an interest rate of 2% per annum and maturing six months after the respective dates thereof. The lending banks and the respective amounts of their participation are as follows:

The First National Bank of Boston, Boston, Mass.....	\$250,000
The First National Bank of Malden, Malden, Mass.....	100,000
Malden Trust Co., Malden, Mass.....	50,000
Middlesex County National Bank, Malden, Mass.....	100,000
	500,000

The proceeds to be derived from the issuance of such notes, estimated in the amount of \$450,000 during October, 1949 and \$50,000 during December, 1949, will be utilized by Malden Electric to reimburse its treasury for capital expenditures heretofore made and, in part, to pay for construction work now in progress or contemplated prior to December 31, 1949.

Expenses in connection with the proposed borrowings are estimated to be not in excess of \$800, such amount to be paid to New England Power Service Company, an affiliated service company, for services to be rendered at cost.

It is further stated in the application that no State Commission or Federal Commission, other than this Commission, has jurisdiction over the proposed transaction.

Malden Electric having requested that the Commission's order herein be issued pursuant to Rule U-23 promulgated under the act and that the Commission's order herein become effective upon issuance; and

Said application having been filed on September 29, 1949, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a re-

quest for hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that said application, as amended, satisfies the requirements of the applicable provisions of the act and the rules thereunder, that the fees and expenses in connection therewith are not unreasonable, and that the application, as amended, should be granted without the imposition of terms and conditions other than those contained in Rule U-24 and the Commission deeming it appropriate to grant the request of Malden Electric that the order herein become effective upon the issuance thereof:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act that the said application, as amended, be, and the same hereby is, granted forthwith, subject to the terms and conditions contained in Rule U-24.

By the Commission.

ATTLEBORO STEAM AND ELECTRIC CO. ET AL.

ORDER GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 28th day of October A. D. 1949.

In the matter of Attleboro Steam and Electric Company, Beverly Gas and Electric Company, Gloucester Electric Company, Lawrence Gas and Electric Company, the Lowell Electric Light Corporation, Malden and Melrose Gas Light Company, Worcester Suburban Electric Company, New England Power Company, Northampton Electric Lighting Company, Northern Berkshire Gas Company, Quincy Electric Light and Power Company, Wachusett Electric Company, Weymouth Light and Power Company, Worcester County Electric Company, File No. 70-2342.

The above entitled companies, hereinafter collectively sometimes referred to as "applicant companies", subsidiary companies of New England Electric System ("NEES"), a registered holding company, having filed separate applications with this Commission pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 regarding the following proposed transactions:

On April 30, 1948 the applicant companies, together with certain other subsidiary companies of NEES, entered into bank loan agreements with five banks; namely, the First National Bank of Boston, the First National Bank of the City of New York, Central Hanover Bank and Trust Company, Irving Trust Company and the New York Trust Company. As at September 30, 1949, the total note indebtedness of the applicant companies, amounted to \$9,060,000 and the total note indebtedness of the applicant companies together with the other subsidiary

companies of NEES having similar bank loan agreements, amounted to \$12,288,000.

Each applicant company now proposes to issue, prior to November 30, 1949, additional unsecured promissory notes, due May 31, 1951, in the form and upon the terms and conditions set forth in its respective bank loan agreement and in an aggregate amount not in excess of the amount shown opposite the name of each applicant company in the following table:

Attleboro Steam & Electric Co....	\$50,000
Beverly Gas & Electric Co.....	120,000
Gloucester Electric Co.....	50,000
Lawrence Gas & Electric Co.....	70,000
The Lowell Electric Light Corp..	300,000
Malden & Melrose Gas Light Co...	200,000
Worcester Suburban Electric Co..	250,000
New England Power Co.....	800,000
Northampton Electric Lighting Co.....	50,000
Northern Berkshire Gas Co.....	120,000
Quincy Electric Light & Power Co..	40,000
Wachusett Electric Co.....	120,000
Weymouth Light & Power Co.....	80,000
Worcester County Electric Co....	900,000
	3,150,000

The interest rate of unsecured promissory notes issued under said bank loan agreements is determined in accordance with the formulae set forth therein. With the exception of the agreement entered into by Malden and Melrose Gas Light Company, a company engaged solely in the gas utility business, each of the bank loan agreements of the applicant companies provides for a basic rate of interest of 2½% per annum, payable quarterly on the 15th day of February, May, August, and November. If the discount rate for the Federal Reserve Bank of New York for advances under section 10 (b) of the Federal Reserve Act plus ¾ of 1% shall be higher than 2½% per annum for any period, then the interest rate for such period shall be such higher rate but in no case shall exceed 3½%. With respect to Malden and Melrose Gas Light Company, the basic interest rate is 3% per annum with the differential between it and the discount rate for the Federal Reserve Bank of the City of New York for advances being 1¼% rather than ¾ of 1% with a maximum interest rate not to exceed 4% per annum. Under all of the bank loan agreements the interest rate after default is 5% per annum. The terms and conditions of the bank loan agreements were summarized in the Commission's order of June 10, 1948, identified by File No. 70-1825 and published as Holding Company Act Release No. 8253.

The applications state that the proceeds from the issuance of said promissory notes will be used by each applicant company to reimburse its treasury for prior expenditures occasioned by the construction of property and to provide funds to pay for construction during the month of October 1949.

The applications state that the applicant companies contemplate the proposed note borrowings as temporary, pending permanent financing of construction expenditures and that such borrowings will be repaid from the proceeds of permanent financing. It is

further anticipated by the applicant companies that NEES, which is presently undertaking equity financing to obtain funds which will be invested in securities of its subsidiary companies, will provide the applicant companies with funds to reduce or pay off in entirety debt incurred for construction purposes. Each of the applicant companies proposes that if any permanent financing is done by it before the maturity of the notes proposed to be issued, exclusive of permanent financing which replaces indebtedness to NEES, such applicant companies will apply the proceeds therefrom in reduction of or in total payment of its unsecured promissory notes then outstanding, and the amount of the balance, if any, of such notes authorized by this Commission but then unissued will be reduced by the amount, if any, by which such permanent financing exceeds the notes at the time outstanding.

The Department of Public Utilities of the Commonwealth of Massachusetts has authorized the proposed transactions and the applications further state that no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Incidental services in connection with the proposed transactions will be performed by New England Power Service Company, an affiliated service company, at the actual cost thereof and the cost of such services to each of the applicant companies is estimated not to exceed \$50, or in the aggregate with respect to all of the applicant companies, not to exceed \$700.

The applicant companies having requested that the issuance of said promissory notes be exempted by order of the Commission pursuant to the third sentence of section 6 (b) of the act; that such order be effective upon issuance and that the applications be granted pursuant to Rule U-23 promulgated under the act without a hearing being held; and

Said applications having been filed on October 6, 1949, and an amendment thereto having been filed on October 11, 1949, notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said applications within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that said applications, as amended, satisfy the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder, that the fees and expenses in connection therewith are not unreasonable, and that the applications, as amended, should be granted without the imposition of terms and conditions other than those contained in Rule U-24 and the Commission deeming it appropriate to grant the request of the applicant companies that the order hereing become effective upon the issuance thereof:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act that the said applications, as amended, be, and the same hereby are,

granted forthwith, subject to the terms and conditions contained in Rule U-24.

By the Commission.

CITIES SERVICE CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of November A. D. 1949.

Cities Service Company ("Cities"), a registered holding company, having filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12(d) and Rules U-44 and U-50 promulgated thereunder regarding the following transactions:

The sale by Cities of its entire interest in the Ohio Public Service Company consisting of 2,000,000 shares of \$7.50 par value common stock and the application of the proceeds therefrom to the retirement of its 5% Gold Debentures due 1958, 1963 and 1966 and toward the reduction of its 5% Gold Debentures due 1969, at their respective redemption prices. In connection with the proposed sale of common stock Cities requests an exception from Rule U-50.

The application-declaration having been filed on October 14, 1949 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that, on the facts adduced in the application-declaration, compliance with the competitive bidding requirements of Rule U-50 is not appropriate in the public interest or for the protection of investors or consumers to assure the maintenance of competitive conditions, the receipt of adequate consideration or reasonableness of any fees or commissions to be paid with respect to the sale of the common stock and the Commission deeming it appropriate in the public interest and in the interest of investors or consumers that said application-declaration be granted and be permitted to become effective forthwith subject to the terms and conditions specified below:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the application of Cities for an exception from competitive bidding requirements of Rule U-50 be, and the same hereby is, granted and that the declaration with respect to the sale of said common stock of the Ohio Public Service Company be, and the same hereby is, permitted to become effective, subject to a reservation of jurisdiction with respect to the payment of all fees and

expenses incurred or to be incurred in connection with the proposed transactions, and subject to the terms and conditions prescribed in Rule U-24 and to the additional conditions that the proposed sale of common stock of the Ohio Public Service Company by Cities Service Company shall not be consummated until the manner in which negotiations have been conducted and the results thereof shall have been made a matter of record in this proceeding and a further order shall have been entered by the Commission in the light of the record so completed which order may contain such further terms and conditions as may then be deemed appropriate, jurisdiction being specifically reserved for such purpose.

ELISE SCHOENHOFEN

In re: Trust under the will of Elise Schoenhofen, deceased. File D-28-10574-G-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Elsie Buhl von Gorrissen, Kurt S. Wundt and Ingrid von Lyncker, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That Gert von Lyncker, descendants of Elsie Buhl von Gorrissen, names unknown, descendants of Kathryne Wundt (also known as Kathryne von Wundt), deceased, names unknown, and the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Petronella Wundt von Lyncker, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraph 1 and 2 hereof, and each of them, in and to the trust established under the will of Elise Schoenhofen, deceased, is property payable or deliverable to or claimed by, the aforesaid nationals of a designated enemy country (Germany);

4. That such property is in the process of administration by the Chicago Title and Trust Company, Trustee, acting under the judicial supervision of the Superior Court of Cook County, Illinois, and it is hereby determined:

5. That to the extent that the persons named in subparagraph 1 hereof and Gert von Lyncker, descendants of Elsie Buhl von Gorrissen, names unknown, descendants of Kathryne Wundt (also known as Kathryne von Wundt), deceased, names unknown, and the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Petronella Wundt von Lyncker, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.
