TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

[Reg. D]

PART 204—RESERVES OF MEMBER BANKS

PRESENTATION OF SAVINGS ACCOUNTS PASSBOOKS

§ 204.103 *Presentation of savings accounts passbooks.* The Board has been requested to pass upon the propriety of a practice proposed to be followed by a member bank under which the bank would accept, in the case of savings accounts, deposits by mail without presentation of the passbook.

It is understood that the member bank proposes to include in its passbooks relating to savings deposits provisions to the effect that deposits may be made by mail and that the depositor at any subsequent time may present his passbook so as to permit the existing balance, as affected by such deposits, to be reflected by entries therein and that every six months following the last such presentation (in the event a period of such length should occur), the bank will mail a statement to the depositor showing the existing status of his account. It is also understood that the bank has advised that all provisions of this part and Part 217 concerning withdrawals from savings deposits will be observed.

While the definitions of the term "savings deposit" contained in this part and Part 217 of this chapter require presentation of the passbook upon withdrawals by any person other than the depositor himself, it is not required that the passbook be presented when deposits are made in a savings account. Also, while it is required that withdrawals made upon presentation of the passbook shall be entered at the time of the withdrawal and that any other withdrawal shall be entered as soon as practicable thereafter, there is no comparable provision with respect to entries of deposits in the passbook. This part and Part 217 of this chapter provide that a savings deposit shall be "evidenced" by a passbook and contemplate that deposits, as well as withdrawals, will be entered in the passbook in due course. However, on the basis of the facts stated and with the understanding that the requirements of this part and Part 217 of this chapter with respect to withdrawals of savings deposits will be observed, it is the Board's view that deposits with respect to which the proposed practice is followed by a member bank may properly be regarded as savings deposits under this part and Part 217.

(Sec. 11, 38 Stat. 262; 12 U. S. C. 248. Interprets or applies secs. 11, 19, 38 Stat. 261, 270,

PART 217—PAYMENT OF INTEREST ON
DEPOSITS

Sec.
217.102 Transfers of time deposits.
217.103 Presentation of savings accounts
passbooks.

AUTHORITY: §§ 217.102 and 217.103 issued
under sec. 11, 38 Stat. 262; 12 U. S. C. 248.
Interpret or apply secs. 19, 24, 38 Stat. 270,
273, as amended, sec. 8, 48 Stat. 168, as
amended; 12 U. S. C. 264, 371, 371a, 371b, 461.

§ 217.102 *Transfers of time deposits.*
It is the practice of certain member
banks to amend agreements as to time
deposit accounts, now subject to with-
drawal upon 30 days' notice and bearing
interest at 1 percent, so as to provide for
90 days' notice of withdrawal and inter-
est at 1¼ percent. Since such an
amendment makes the deposits subject
to more severe restriction as to with-
drawal and does not result in payment to
the depositor, the Board feels that this
practice does not constitute payment be-
fore maturity in violation of this part
and interest may properly be paid from
the date of amendment at a rate per-
mitted by § 217.6 for deposits payable
upon written notice of less than 6
months and not less than 90 days.

§ 217.103 *Presentation of savings ac-
counts passbooks.* For text of this
interpretation, see § 204.103 of this
chapter.

is amended to read as follows:

§ 36.4356 *Credit restrictions.* * * *

(5) Loans made in connection with
residential property in the Territory of
Alaska, the Panama Canal Zone, or any

Over \$24,250.....	45 percent of value.

With respect to construction loans in
cases where land is owned by the vet-
eran, the down payment will relate to
the cost of construction plus the reason-
able value of the land: *Provided*, That in
the case of construction of a farmhouse
the amount determined to be the reason-
able value of the land so owned by the
veteran shall be deemed, for the
purposes of this paragraph, to be 5 per-
cent of the cost of construction. For the
purpose of computing the amount of
down payment required, the estimated
costs of closing the loan or financing the
purchase shall be added to the purchase
price of the property or cost of the con-
struction or improvements to a farm-
house, and the down payment may be
used to pay such costs: *Provided*, That
the pro rata portion of the current year's
taxes, ground rents, hazard insurance
premiums, and other prepaid items nor-
mally involved in financing a purchase
will not be added to the purchase price
of the property or cost of the construc-
tion or improvements to a farmhouse
and must be paid by the veteran in addi-
tion to the down payment otherwise re-
quired: *And provided further*, That this
paragraph shall not be applicable with
respect to loans made in the Territory of
Alaska, the Panama Canal Zone, or any
territory or possession outside the con-
tinental United States, nor shall the pro-
visions be applicable in connection with
loans for the improvement of a farm-
house made solely for the replacement,
reconstruction, or repair of such a farm-
house destroyed or substantially dam-
aged by flood, fire or other similar
casualty. With respect to construction
loans, the fair market value of the lot,
if owned by the veteran, may be con-
sidered pro tanto as satisfying the down
payment requirement: *Provided*, That in
connection with such loans the veteran,
in addition to the required down pay-
ment, will deposit with Veterans' Admin-
istration or in an escrow satisfactory to
Veterans' Administration 10 percent of
the estimated cost of construction or

territory or possession outside the con-
tinental United States.

3. In § 36.4504, paragraph (e) is
amended to read as follows:

§ 36.4504 *Loan closing expenses.* * * *
(e) The veteran will be required to
make a down payment in cash or its
equivalent of an amount which when
related to the purchase price or cost of
construction or to the improvement of a
farmhouse will not be less than that
specified in the following schedule:

such alternative sum, in cash or its
equivalent, as Veterans' Administration
may determine to be necessary, in order
to afford adequate assurance that suffi-
cient funds will be available, from the
proceeds of the loan or from other
sources, to assure completion of the
construction in accordance with the
plans and specifications upon which Vet-
erans' Administration based its loan
commitment.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR, Part 192]

**OIL AND GAS LEASE BONDS; FORM
NOTICE OF PROPOSED RULE MAKING**

Pursuant to the authority vested in the Secretary of the Interior by section 32 of the Mineral Leasing Act of February 25, 1920 (41 Stat. 450; 30 U. S. C. sec. 189), and section 10 of the Mineral Leasing Act for Acquired Lands of August 7, 1947 (61 Stat. 915; 30 U. S. C. sec. 359), notice is hereby given that the Department of the Interior is giving consideration to the

adoption of a new oil and gas lease bond form designed to cover all leases held or operated by the principal in one or more States and related amendments to §§ 192.100 and 192.101 of Title 43, Code of Federal Regulations. A tentative draft of the proposed form is set out as Appendix A, and a tentative draft of the proposed amendments is set out as Appendix B. The proposed new bond form and amendments are under consideration for use in connection with oil and gas leases under the Mineral Leasing Act, and the Mineral Leasing Act for Acquired Lands.

Interested persons may submit written comments, suggestions, or objections

with respect to the proposed new bond form and the amendments to the Director of the Bureau of Land Management, Washington 25, D. C., within 30 days from the date of publication of this notice.

The purpose of the new bond form and of the amendments is to simplify the administration of oil and gas leases for both the public and the Department. The proposed blanket bond, if adopted, could be used, at the option of a lessee or operator, in place of individual bonds on each lease held or operated by the principal. It would lessen considerably the amount of paper work and record keeping which is now required of the

PROPOSED RULE MAKING

principals, the sureties, and the Department of the Interior. The rates tentatively set are believed to be adequate to protect the interest of the Government and of the surface owners where the surface has been patented with a reservation of the oil and gas deposits.

Upon receiving the recommendation of the Director of the Bureau of Land Management, together with all responses received pursuant to this notice, the Secretary of the Interior will determine whether the proposed bond form and amendments to 43 CFR 192.100 and 192.101 should be adopted, with or without further change. If the Secretary determines that such form and amendments should be adopted, they will be published in the FEDERAL REGISTER.

DALE E. DOTY,

Assistant Secretary of the Interior.

OIL AND GAS LEASE BOND FOR USE IN CONNECTION WITH THE ACT OF FEBRUARY 25, 1920 (41 STAT. 437; 30 U. S. C. SEC. 181) OR THE ACT OF AUGUST 7, 1947 (61 STAT. 913; 30 U. S. C. SEC. 351), OR BOTH ACTS

Know all men by these presents, That we, _____ (address) _____ as principal, and _____ (address) _____ as

surety, are held and firmly bound unto the United States of America, in the sum of _____ dollars (\$_____), lawful money of the United States, which sum may be increased or decreased by a rider hereto executed in the same manner as this bond, for the use and benefit of (1) the United States, (2) any owner of a portion of the land subject to the coverage of this bond, who has a statutory right to compensation in connection with a reservation of the oil and gas deposits to the United States, and (3) any lessee or permittee under a lease or permit issued by the United States prior to the issuance of an oil and gas lease for the same land subject to this bond, covering the use of the surface or the prospecting for, or development of, other mineral deposits in any portion of such land, to be paid to the United States. For such payment, well and truly to be made, we bind ourselves, and each of us, and each of our heirs, executors, administrators, successors and assigns, jointly and severally, by these presents.

The bond coverage extends only to the principal's holdings involving oil and gas deposits in the States named in Schedule A and to any other States or State that may be named in a rider attached hereto by the lessor with the consent of the surety. The coverage is confined to the principal's holdings under the act or acts cited at the head of the column under which the names of the States are now placed, or may be hereafter placed by the aforementioned rider.

The conditions of the foregoing obligations are such that, whereas the said principal in one or more of the following ways has an interest in oil and gas leases issued under the act or acts cited in Schedule A of this bond: (1) as the lessee of such leases; (2) as the approved holder of operating rights in all or part of the lands covered by such leases under operating agreements with the lessees; and (3) as designated operator or agent under such leases pending approval of an assignment or operating agreement; and

Whereas the principal is authorized to drill for, mine, extract, remove, and dispose of oil and gas deposits in or under the lands covered by the leases, operating agreements or designations and is obligated to comply with certain covenants and agreements set forth in such instruments; and

Whereas the principal and surety agree that without notice to the surety the coverage of this bond, in addition to the present holdings of the principal, shall extend to and include:

1. Any oil and gas lease hereafter issued to, or acquired by, the principal affecting oil and gas deposits in the States now named in Schedule A, or later named in a rider, the coverage to be confined to the principal's holdings under the act or acts cited at the head of the column in which the name of the State appears and to become effective immediately upon such issuance or upon departmental approval of a transfer in favor of the principal.

2. Any operating agreement hereafter entered into, with, or acquired by, the principal affecting oil and gas deposits in the States now named in Schedule A, or later named in a rider, relating to oil and gas leases issued under the act or acts cited in Schedule A at the head of the column in which the name of the State is placed. The coverage shall become effective immediately upon departmental approval of the agreement or of a transfer of an operating agreement to the principal.

3. Any designation subsequent hereto of the principal as operator or agent of a lessee under a lease issued pursuant to an act or acts cited in Schedule A and covering lands in a State named in Schedule A, either presently or by rider. This coverage shall become effective immediately upon the filing of such a designation under a lease.

4. Any extension of a lease covered by this bond, such coverage to continue without any interruption due to the expiration of the term set forth in the lease.

Provided, That, the surety may elect to have the additional coverage authorized under this paragraph become inapplicable as to all interests of the principal acquired more than 30 days after the receipt of notice of such election by the Bureau of Land Management.

Whereas, the surety hereby waives any right to notice of, and agrees that this bond shall remain in full force and effect notwithstanding:

1. A transfer or transfers, either in whole or in part, of any or all of the leases, or of the operating agreements, and further agrees to remain bound under this bond as to the interests either in the leases or in the operating agreements, or in both, retained by the principal when the approval of the transfer or transfers becomes effective.

2. Any modification of a lease or operating agreement, or obligations thereunder, whether made or effected by commitment of such lease or operating agreement to unit, cooperative, communitization or storage agreements, or development contracts, suspensions of operations or production, waivers, suspensions or changes in rental, minimum royalty and royalties, compensatory royalty payments, or otherwise; and

Whereas the principal and surety hereby agree that notwithstanding the termination of any lease or leases, operating agreements or designations as operator or agent, covered

by this bond, whether the termination is by operation of law or otherwise, the bond shall remain in full force and effect as to any remaining leases, operating agreements, or designations covered by the bond; and

Whereas the principal, as to any lease or part of a lease for lands as to which he has been designated as operator or agent, or approved as operator, in consideration of being permitted to furnish this bond in lieu of the lessees, agrees and by these presents does hereby bind himself to fulfill on behalf of each lessee all the obligations of each such lease for the entire leasehold in the same manner and to the same extent as though he were the lessee; and

Whereas the principal and surety agree that notwithstanding any payments made by the surety by reason of legal obligations arising under this bond, the bond shall remain in full force and effect in the sum above set forth, without any deduction therefrom for such payments and the coverage of this bond shall remain the same, unaffected by the payments or by the defaults giving rise to the obligations; and

Whereas the principal and surety agree that the neglect or forbearance of said lessor in enforcing, as against the lessees of such lessor, the payment of rentals or royalties or the performance of any other covenant, condition or agreement of the leases, shall not, in any way, release the principal and surety, or either of them, from any liability under this bond; and

Whereas the principal and surety agree that in the event of any default under the leases, the lessor may commence and prosecute any claim, suit, action or other proceeding against the principal and surety, or either of them, without the necessity of joining the lessees.

Now, therefore, if said principal shall in all respects faithfully comply with all of the provisions of the leases referred to hereinbefore, then the above obligations are to be void; otherwise to remain in full force and effect.

In order to provide for a single oil and gas lease bond, in lieu of a separate bond for each lease, where more than one lease is involved, and otherwise to simplify the procedure pertaining to lease bonds, §§192.100 and 192.101 are amended as follows:

1. Section 192.100 is amended by adding a paragraph (e) to read:

§ 192.100 Amount of bonds required of lessee. * * *

(e) In lieu of bonds required under any of the preceding paragraphs, the holder of leases or of operating agreements approved by the Department or holder of operating rights by virtue of being designated operator or agent by the lessees pending Departmental approval of operating agreements, or by being approved by the Department as operator for an approved unit agreement,

may furnish a bond, the amount of which must be at the rate of \$25,000 for each unit of coverage. A unit of coverage shall be all the lands in any one State held by the principal under either the Mineral Leasing Act, or the Acquired Lands Mineral Leasing Act of 1947 (61 Stat. 913; 30 U. S. C. 351-359). To obtain coverage for all the lands in a State held under both of the above acts shall require a bond in an amount for two units of coverage.

(Sec. 32, 41 Stat. 450; 30 U. S. C. 189)

2. Section 192.101 is revised to read:

§ 192.101 *Form of bonds.* Bonds furnished by lessees will be on Form 4-208g; those furnished by operators on Form 4-238; bonds furnished in lieu of other bonds, pursuant to paragraph (e) of § 192.100, will be on Form 4—

CIVIL AERONAUTICS BOARD

[14 CFR, Parts 41, 61]

MECHANICAL INTERRUPTIONS

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau has under consideration amendments of Parts 41 and 61 in substance as hereinafter set forth.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted, in duplicate, to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. All communications received prior to February 7, 1951, will be considered by the Board before taking further action on the proposed rule. Copies of such communications will be available after February 9, 1951, for examination by interested persons at the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

Section 61.294 of the Civil Air Regulations currently provides that in the event of any mechanical failure or interruption which may involve the safety of the flight a pilot shall proceed to and land at the nearest place where a safe landing can be effected. In practice this section has been strictly construed so that the air carriers and the pilots feel it to be obligatory for the aircraft to make a landing at the nearest suitable

airport even in those instances where engines are stopped in flight for precautionary reasons, such as to eliminate roughness or to prevent any possible damage, and where flight beyond such an airport can be accomplished without prejudice to safety.

As a result, we have been informed that certain pilots have failed to feather engines as a precautionary measure because of their desire to continue the flight to its destination. If this information is correct, the practice is undesirable not only from a standpoint of possible engine damage but also because the failure to feather an engine as a precautionary measure might result in a fire or other serious hazard. Part 41 does not contain any specific provision on this subject.

We are advised that the carriers would prefer the pilots to have discretionary authority with respect to (1) making an immediate landing, (2) proceeding to their next scheduled stop, or (3) flying directly to the place where the carrier has a maintenance base or to the ultimate destination of the flight. The carriers support this position primarily on the basis that unnecessary landings at intermediate points increase maintenance and passenger handling costs. We are therefore proposing to add new §§ 41.25a and 61.294a in order to permit the pilot to exercise his discretion as to the course of flight in those cases where an engine has been feathered. The regulation will still require the pilot to make an immediate landing in those instances where the flight might not safely proceed to the point of next intended landing, and will not permit a pilot to land at an intermediate point after feathering an engine in flight and then take off for a further point without repairing the engine.

No change has been effected in provisions relative to procedure where mechanical failure other than power-plant failure is involved. However, it should be noted that this matter has been differently treated in the proposed revision of Part 40 currently under consideration and that some changes in current provisions may be expected when that part is promulgated.

1. It is proposed to amend § 61.294 to read as follows:

§ 61.294 *Mechanical failure in flight.* In the event of any mechanical failure or interruption except a powerplant failure (including a flight instrument, radio, or other essential component of the aircraft) which may involve the safety of the flight, the pilot shall proceed to and land at the nearest suitable airport in point of time where a safe landing can be effected.

2. It is proposed to add new §§ 41.25a and 61.294a, both to read as follows:

Powerplant failure or precautionary stoppage. (a) Except as provided in paragraph (b) of this section, when one engine of an aircraft fails or where the rotation of an engine of an aircraft is stopped in flight as a precautionary measure to prevent possible damage, a landing shall be made at the nearest suitable airport in point of time where a safe landing can be effected.

(b) The pilot in command of an aircraft having 4 or more engines may, if not more than one engine fails or the rotation thereof is stopped, proceed to an airport of his selection, if, upon consideration of the following factors, he determines such action to be as safe a course of action as landing at the nearest suitable airport:

(1) The nature of the malfunctioning and the possible mechanical difficulties which may be encountered if flight is continued,

(2) The altitude, aircraft weight, and useable fuel at the time of engine stoppage,

(3) The weather conditions en route and at possible landing points,

(4) The air traffic congestion,

(5) The type of terrain, and

(6) The familiarity of the pilot with the airport to be used.

(c) When engine rotation is stopped in flight, the pilot in command shall immediately notify the proper control station and shall keep such station fully informed regarding the progress of the flight.

(d) In cases where the pilot in command selects an airport other than the nearest suitable airport in point of time, he shall, upon completion of the trip, submit a written report, in duplicate, to his operations manager setting forth his reasons for determining that the selection of an airport other than the nearest (in point of time) was as safe a course of action. The operations manager shall, within 7 days after completion of the trip, furnish a copy of the report submitted by the pilot, and comments thereon to the Administrator.

These amendments are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

ANNUAL SURVEY OF INVENTORIES AND SALES OF SINGLE AND MULTIUNIT RETAIL TRADE ESTABLISHMENTS

NOTICE OF DETERMINATIONS

In conformity with the act of Congress approved June 19, 1948, 62 Stat. 478, and due notice of consideration having been published (15 F. R. 8788, Dec. 12, 1950) pursuant to said act, I have determined that annual data relating to single and multiunit retail trade establishments are needed to aid the efficient performance of essential governmental functions and have significant application to the needs of the public and industry and are not publicly available from nongovernmental or other governmental sources.

Retail trade, as the outlet for the products of industry, mining, and agriculture, is of strategic importance in the economy of this country and information such as retail inventory trends and sales-inventory ratios are basic to an analysis of the functioning of the economy. Such agencies as the Council of Economic Advisers and the Board of Governors of the Federal Reserve Board require inventory data in appraising the business outlook and in connection with the review of credit policies. Because figures are needed on all major elements of business investment for the measurement of the gross national product, data on retail inventories also are needed.

Business and industry also are interested in the inventory measures as indicators of the outlook for business activity and as tools for the promotion of business efficiency and stability. Retailers can make use of the sales-inventory ratios, derived from the survey, as benchmarks to which their own operation can be related.

The annual survey will collect information from a group of firms selected according to the number of retail units operated, sales size, and location of the store. Single and small multiunit firms operating establishments located within 68 Census sampling areas will be required to submit reports for individual establishments. Large multiunit firms will be required to submit reports covering all retail stores operated by each firm. Inasmuch as sales data are already collected on a monthly basis from most of these establishments, duplication will be avoided by requesting only inventory data for those establishments which have reported monthly sales figures regularly to the Bureau. Both inventory and annual sales data will be collected from an additional group of retailers for whom monthly sales figures are not available. Information will be collected annually covering each preceding calendar year. The appropriate report form will be furnished to establishments covered by the survey. Additional copies of the forms are available on request to the Director of the Census, Washington 25, D. C.

I have, therefore, directed that an annual survey be conducted for the purpose of collecting the data hereinabove described.

[SEAL] ROY V. PEEL,
Director.

It is further stated that Quincy presently has outstanding \$45,000 of notes payable maturing April 27, 1951, with interest at

All interested persons are referred to said declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Granite State proposes to issue up to and including March 31, 1951, notes due ninety days after the date of issue in the principal amount of \$100,000 payable to The First National Bank of Boston.

It is proposed that the notes bear interest at the rate of 2¼ percent per annum and that, should the interest rate on any of the notes exceed such amount, Granite State will file an amendment, stating the amount of the note and the rate of interest, at least five days prior to the execution of said note, and unless the Commission notifies Granite State to the contrary within said five days, the amendment will become effective at the end of such period.

Granite State proposes to use such borrowings to reimburse its treasury for past construction expenditures and to pay for additional estimated construction to March 31, 1951. The declaration states that Granite State contemplates the proposed borrowings as temporary in character pending the issuance of permanent securities to finance such expenditures. It is further stated that Granite State presently has outstanding \$90,000 of 2¼ percent notes payable to The First National Bank of Boston, due April 30, 1951. In connection with the system program for financing the construction requirements of the subsidiaries of NEES, including, among other things, the maintenance by NEES of a reasonable equity base for the required senior financing, the declaration contains the same statement quoted in the order of this Commission dated October 27, 1950, in Beverly Gas and Electric Company, et al., Holding Company Act Release No. 10182.

Expenses in connection with the proposed transactions, consisting exclusively of payments to be made to New England Power Service Company for services to be performed at cost, are estimated by Granite State not to exceed \$600.

The declaration states that no state commission has jurisdiction over the proposed transactions.

Granite State requests that the Commission's order herein become effective upon its issuance.

By the Commission.

T. I. S. MANAGEMENT CORP.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 17th day of January A. D. 1951.

Notice is hereby given that T. I. S. Management Corporation of New York City (Applicant) has filed an application under section 6 (c) of the Investment Company Act of 1940 for an order of exemption from the provisions of section 15 (a) of the act which make it unlawful for any person to act as an investment adviser for a registered investment company except pursuant to a written contract which contains certain specified statutory terms and which has been approved by a vote of a majority of the outstanding voting securities of such registered company.

It appears that Applicant is the Depositor under an agreement with the Trust Company of New Jersey pursuant to which Trusteed Industry Shares (T. I. S.), a registered investment company, was created; that such agreement contemplates that Applicant will retain an investment counsel to furnish investment advice in connection with the underlying portfolio of T. I. S.; that John H. Gross & Company, a sole proprietorship, had been acting as such investment counsel pursuant to an agreement approved by the shareholders of T. I. S.; that upon the death of John H. Gross on or about December 31, 1950, the aforementioned agreement was terminated; that on January 12, 1951, Applicant entered into a contract which conforms with the provisions of section 15 (a) of the act with Naess, Thomas & Thielbar, a copartnership, whereby the latter have agreed, contingent upon approval by the shareholders of T. I. S., to serve as investment counsel for a fee equal to the fee previously paid to John H. Gross & Company, to wit, 1/15 of 1 percent of the market value of the assets of T. I. S. until such value exceeds \$4,000,000 and 1/10 of 1 percent of the market value thereafter; and that Applicant intends to submit the contract to the shareholders of T. I. S., within 90 days after January 12, 1951, for their approval. Applicant urges that, unless an order of exemption from section 15 (a), for a period of ninety days from January 12, 1951, is issued so as to permit Naess, Thomas & Thielbar to act as investment counsel pending shareholder approval of the contract, Applicant will be unable to continue the performance of its duties as provided by the agreement between it and the Trust Company of New Jersey.

For a more detailed statement of the matters of fact and law asserted all persons are referred to said application

which is on file at the office of the Commission in Washington, D. C.

Notice is further given that an order may be issued granting the application in whole or in part and upon such conditions as the Commission may deem necessary and appropriate, at any time on or after February 5, 1951, unless prior thereto a hearing upon the application is ordered by the Commission. Any interested person may not later than February 2, 1951, at 5:30 p. m., e. s. t., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

Secretary.

In re: Estate of Henrietta E. Garrett, deceased. File No. D-28-1682; E. T. sec. Nos. 538 and 539.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the persons named in Exhibit A, attached hereto and by reference made a part hereof, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the domiciliary personal representatives, heirs-at-law, next of kin, legatees and distributees, names unknown, of the deceased persons named in Exhibit A, attached hereto and by reference made a part hereof, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in Exhibit A, attached hereto and by reference made a part hereof, in, to and against the Estate of Henrietta E. Garrett, deceased, is property payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Germany);

4. That such property is in the process of administration by Charles S. Starr and Frank G. Marcellus, administrators c. t. a., acting under the judicial supervision of the Orphans' Court of Philadelphia County, Pennsylvania; and it is hereby determined:

5. That to the extent that the persons identified in Exhibit A, attached hereto and by reference made a part hereof, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on January 2, 1951.

For the Attorney General.
