CPR 5—IRON AND STEEL SCRAP

MODIFICATION OF RESTRICTIONS ON USE FOR CERTAIN ELECTRIC FURNACE AND FOUNDRY GRADES

Pursuant to the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong., Pub. Law 98, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 7 to Ceiling Price Regulation 5 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation 5 modifies the provisions relating to restrictions on use for certain electric furnace and foundry grades of steel scrap of dealer and industrial origin and eliminates Grade 30—Hard steel cut 2 feet and under—from the regulation.

Prior to the issuance of this amendment, section 3 (b) (4) of CPR 5 prohibited the charging of the premiums established for Grades 11, 12, 13, 14, 15, 16, 17, 18, 20 and 21 when sold for use in basic open hearth or blast furnaces except when authorization was received from the Office of Price Stabilization. The

granting of such authorization was limited to situations in which the physical characteristics of his furnaces or the metallurgical nature of his product required the use of the enumerated grades by a basic open hearth or blast furnace consumer.

These restrictions were incorporated in CPR 5 to discourage the over-production of these grades, but the National Production Authority advised OPS that in certain circumstances they unduly limited the movement of scrap and prevented the allocation of material to basic open hearth and blast furnace consumers under emergency circumstances which jeopardized their continued operations.

The changes made in this amendment, adopted after consultation with NPA, are designed to permit exceptions from the restrictions on use under limited circumstances while retaining sufficient control to prevent a recurrence of the conditions which made it necessary to impose the more stringent limitations which have been replaced. Although the premiums for grades 20 and 21 may again be charged solely upon allocation by NPA, it is believed that the reduction in premiums made by Amendment 5 to the regulation, effective October 30, 1951, to a large extent removed the incentive for preparation of quantities of such material in excess of ordinary demand. The regulation also now provides that when the other electric furnace or foundry grades involved are sold for use in basic open hearth or blast furnaces, the established premiums may be charged and paid only when authorized by OPS and that such authorization will be granted only when material is allocated by NPA and the physical characteristics of the consumer's furnaces, or the metallurgical nature of his product, require the use of such material or particular emergency circumstances make it necessary for a consumer to use such material to avoid a shutdown of his basic open hearth or blast furnaces. Under these provisions, it is anticipated that authorization will be granted only in cases where an open hearth or blast furnace consumer cannot operate without the grades of material involved or where unforeseen, and unforeseeable, circumstances (such as adverse weather conditions, transportation breakdowns, and the like) make the grades of scrap ordinarily used in open hearths and blast furnaces not immediately available to the consumer affected thereby. In view of the fact that such emergency circumstances will require prompt action, any authorization which may be granted will be based upon information furnished by NPA, rather than upon the basis of applications by the seller or buyer.

Amendment 4 to the regulation, effective October 22, 1951, provided for Grade 30—hard steel cut 2 feet and under—and established a premium of \$5.00 per gross ton. This action was taken because it was understood at the time that certain foundries required this material in their

operations and were not able to obtain it. It now seems, however, that the need for this material is not as great as first appeared and the continuance of the premium has resulted in a dislocation in the movement of scrap and evasion of the regulation. NPA has recommended that Grade 30 be removed from the regulation and the recommendation has been carried out in this amendment.

Because of the circumstances surrounding the issuance of this amendment, it was not practicable to consult with industry representatives prior to its promulgation.

AMENDATORY PROVISIONS

Ceiling Price Regulation 5 is amended in the following respects:

1. In section 3 (a) (2), Grade 30 "Hard Steel cut 2 feet and under" is deleted.

2. Section 3 (b) (4) is amended to read as follows:

(4) The premiums established for Grades 11, 12, 13, 14, 15, 16, 17, 18, 20 and 21 may be charged only when sold for use in electric furnaces, acid open hearth furnaces, or foundries and when any such grade is sold for use in basic open hearth or blast furnaces the ceiling price shall be the ceiling price applicable to the corresponding basic open hearth or blast furnace grade except that:

(i) The premiums established for Grades 20 and 21 may be charged and paid when such material is sold and purchased for use in a basic open hearth or blast furnace pursuant to an allocation of the National Production Authority;

(ii) The premiums established for Grades 11 to 18, inclusive, may be charged and paid when such material is sold and purchased for use in a basic open hearth or blast furnace only if authorization is received from the Office of Price Stabilization. Such authorization will be granted only when material has been allocated by the National Production Authority and the physical characteristics of his furnaces or the metallurgical nature of his product require the use of such material by the consumer or particular emergency circumstances make it necessary for a consumer to use such material to avoid a shutdown of his basic open hearth or blast furnace. Any authorization pursuant to this subdivision will be granted upon the basis of information furnished by the National Production Authority.

3. Section 3 (b) (6) is deleted.

4. In section 23 (c) the specification headed "(30) Hard steel cut 2 feet and under" is deleted.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 5, 1952.

Office of International Trade

[Case No. 120]

MAURICE MAY, INC., ET AL.

ORDER DENYING EXPORT PRIVILEGES

In the matter of Maurice May, Inc., Frank M. S. Shu, president, Madeline M. Sobers, secretary, 76 Beaver Street, New York 5, New York; Maurice May, Ltd., Frank M. S. Shu, president, 20 Peck Seah Street, Singapore; respondents. Case No. 120.

This proceeding was begun by the issuance of a charging letter, dated January 14, 1952, wherein the Office of International Trade charged the above-named respondents with having violated the Export Control Act of 1949, as amended, and the regulations issued thereunder.

The charging letter alleged that the respondents, through their New York firm, submitted to the Office of International Trade in December 1950, and March and April 1951, a number of applications for validated export licenses to export various quantities of antibiotics and sulfa drugs to specific consignees in Singapore. It was further alleged that in each one of these applications respondents falsely represented the ultimate consignees and purchasers to be the parties specified therein, and that the respondents held accepted orders from such parties for the commodities involved, when in fact the respondents knew that they held no such accepted orders and that respondents were the actual ultimate consignees and purchasers. It was further alleged that respondents represented in each application that British Malaya was the country of ultimate destination and that the end use of the commodities was for resale to local hospitals and doctors in Singapore, while concealing from the Office of International Trade the fact that respondents knew that they could not legally import these commodities into Singapore and store and sell them there. In addition, the charging letter

alleged that the respondents submitted to the Office of International Trade with their applications of April 1951, telegrams which purported to be from the ultimate consignees and purchasers named in those applications, specific Singapore drug houses, which telegrams were to serve as evidence substantiating the representations contained in each of the applications. The telegrams were in form ultimate consignee statements from each specific drug house, and each telegram stated that the drug house certified the commodities covered by its approved Singapore import permit were being purchased by it for its own use in British Malaya and were not for reexport. The Office of International Trade was unaware that these telegrams were in fact not prepared and sent by these specified ultimate consignees but by respondent Frank Shu in Singapore without their authorization, and that most of the representations contained therein were false and misleading.

It further appears from said charging letter that in reliance on the representations made in several of the applications, and the documents submitted therewith, the Office of International Trade issued several licenses authorizing the export to Singapore of a quantity of antibiotics and sulfa drugs. Only one of these licenses was used by the respondents. The shipment of penicillin made thereunder was seized by the Singapore authorities and disposed of by forced sale in Singapore.

The above-named respondents, after receiving the said charging letter, and following discussions by their counsel with officials of the Office of International Trade and with the Compliance Commissioner, submitted to the Office of International Trade, with the advice of and through their counsel, a statement in which they admitted, for the purposes of this compliance proceeding only, the charges set forth in the aforesaid letter of January 14, 1952, waived all right to a hearing on such charges, and consented to the entry of an order the terms of which are set forth hereinbelow.

The charging letter, evidentiary material relating to the charges set forth therein, and the above-mentioned proposal for a consent order, have been submitted to the Compliance Commissioner for review. Upon the basis of such review, and upon the informal presentation of the facts, including extenuating circumstances claimed by respondents, at the conference with counsel for the Office of International Trade and counsel for said respondents, the Compliance Commissioner has found the terms and conditions of the proposed order as consented to by respondents to be fair and reasonable, and he has recommended that such order be issued.

The findings and recommendations of the Compliance Commissioner have been carefully considered, together with the charging letter, the evidentiary material, the proposal for a consent order, and the fact that the respondents have not since April 1951, of their own volition engaged in trade involving exports from the United States. It appears therefrom that such findings are in accordance with the evidence and that such recommenda-

tions are reasonable and should be adopted. Now, therefore, it is ordered as follows:

(1) Respondents, and each of them, are hereby denied and declared ineligible to exercise the privileges of exporting, receiving, or otherwise participating directly or indirectly in any exportation of any commodity from the United States to any foreign destination, including Canada. Such denial of export privileges is deemed to include and prohibit participation, directly or indirectly in any manner or capacity, (a) in the obtaining or using of export licenses, including general as well as validated export licenses, (b) as a party or as a representative of a party to any export license application, (c) in any exportation from the United States to Canada, or to any other foreign destination under either general or validated licenses, (d) in receiving any exportations from the United States, and (e) in the financing, forwarding, transporting, or other servicing of exports from the United States.

(2) Such denial of export privileges shall extend not only to the named respondents, but also to Kung Shin Co., Hong Kong, and any person, firm, corporation or other business organization with which they or any of them may be now or hereafter related by ownership, control, position of responsibility, or other connection in the conduct of trade involving exports from the United States or services connected therewith.

(3) This order shall extend for a period of fifteen (15) months from the date hereof: *Provided, however*, That upon the expiration of nine (9) months from the date of this order, the order shall be suspended for the balance of the fifteen (15) months and the export privileges denied herein shall be restored to respondents. In the event, however, that the respondents or any of them, at any time during the fifteen (15)-month period covered by this order violate any of the provisions of this order or any of the regulations of the Office of International Trade, and the Office of International Trade determines the violation was knowingly committed, the Office of International Trade may summarily at the time it determines such violation occurred, issue an order which denies, to the respondent or respondents who have violated, all export privileges for the full six (6)-month period which has been suspended, without limiting thereby the Office of International Trade from instituting any further action based on such violation.

(4) No person or business organization shall knowingly (a) apply for or obtain any license, shipper's export declaration, bill of lading, or other export control document relating to any exportation from the United States of commodities to or for any of the respondents or those persons and business organizations covered in paragraph (2) hereinabove; or (b) order, receive, service, or otherwise act as a party or as a representative of a party to, any exportation of commodities from the United States, in such manner that any of the aforesaid respondents or those persons and business organizations covered in paragraph (2)

hereinabove will directly or indirectly obtain any benefit therefrom, without prior disclosure of such facts to, and specific authorization of, the Office of International Trade.

Assistant Director
for Export Supply.

[Ceiling Price Regulation 7, Section 43,
Special Order 804]

SPERRY TOP-SIDER FOOTWEAR, DIVISION
OF U. S. RUBBER CO.

CEILING PRICES AT RETAIL

Statement of considerations. This is an order establishing uniform retail prices issued upon the basis of an application filed by a supplier under section 43 of CPR 7. This section gives a manufacturer or wholesaler the right to apply for uniform retail ceiling prices for certain of his branded articles. This section requires that the articles must customarily have been sold at substantially uniform prices, and the ceiling prices applied for must not raise the general level of prices under CPR 7.

The order may, of course, be amended or revoked if further review shows that the requirements of the regulation have not been fully met.

This special order requires each article to be tagged or marked with the retail ceiling price. The supplier must send to each retailer a copy of this special order, as well as a list of ceiling prices for each article or cost line and notice of all amendments. The order requires the supplier to file certain sales reports with OPS.

Retailers will be concerned with sections 1 through 6 of this special order which contain provisions applying to them. The rest of the order is of interest primarily to the applicant.

Order. For the reasons set forth in the Statement of Considerations and pursuant to section 43 of CPR 7, it is ordered that the following provisions be in effect:

Provisions for retailers—1. What this order does. Sections 1 through 6 apply to you and establish uniform ceiling prices if you sell at retail the articles identified below:

Name and address of applicant: Sperry Top-Sider Footwear, Division of U. S. Rubber Co., 15 Main Street, Beacon Falls, Connecticut.

Brand names: "Sperry Top-Sider."
Articles: Rubber soled footwear.

2. Retail ceiling prices for listed articles. Your ceiling prices for sales at retail of the articles identified above are the retail prices listed in your supplier's application filed with OPS. These prices will be included in a list which will be annexed to the copy of this order which you will receive from your supplier. The list of ceiling prices will be filed with the Federal Register as an appendix to this special order as soon as practicable. These ceiling prices are effective 10 days after you receive this order and the ceiling

price list, but in no event later than 60 days after the date this order is issued. You shall not sell above these ceiling prices. You may, of course, sell below these prices.

3. Retail ceiling prices for unlisted items. Some or all of the retail ceiling prices in this order are fixed in terms of the cost of the article to you. Whenever you receive one of applicant's branded articles which is in the same category and which has the same net cost as one covered by the list, the ceiling price for such article shall be the same as the ceiling price for the article having that same net cost.

4. Retail ceiling prices affected by amendment to this order. This order may be amended from time to time or it may be revoked. If so, the applicant is required to send you a copy of the revocation or amendment, together with any list of changes or additions in retail ceiling prices. The ceiling prices contained in any such amendment become your ceiling prices.

5. Marking and tagging. This order requires your supplier to pre-ticket his articles by an early date. The label, tag or ticket must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

After 90 days from the effective date of this order, unless you receive articles marked or tagged in this form, you must so mark or tag them yourself. Before that date you must mark, tag or post your prices in the manner required by the regulation which applies in the absence of this special order.

With respect to articles the ceiling prices of which are affected by any amendment to this order, the same rules apply except that you must mark or tag such articles as stated above not later than 60 days after the effective date of the amendment.

6. Applicability. This special order establishes your ceiling prices for the articles covered by it regardless of whether you would otherwise price the articles under CPR 7 or any other regulation. It applies to sales in the 48 states and the District of Columbia.

Provisions for the applicant—7. Notification to retailers. As the manufacturer or wholesaler to whom this special order is issued, you shall do the following:

(a) **Sending order and list to old customers.** Within 15 days after the effective date of this special order, you shall send a copy of this order, together with a copy of the list referred to in section 8 below to each purchaser for resale to whom, within two months immediately prior to the effective date, you had delivered any article covered by this order.

Instead of marking the article you may attach a label, tag or ticket containing the same information.

[Ceiling Price Regulation 7, Section 43, Special Order 806]

LUX CLOCK MANUFACTURING CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, The Lux Clock Manufacturing Co., Inc., 95 Johnson Street, Waterbury 20, Connecticut, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the article a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. Ceiling prices. The ceiling prices for sales at retail of clocks and kitchen timers sold through wholesalers and retailers and having the brand name(s) "Lux" shall be the proposed retail ceiling prices listed by The Lux Clock Manufacturing Co., Inc., 95 Johnson Street, Waterbury 20, Connecticut, hereinafter referred to as the "applicant" in its application dated May 31, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than March 26, 1952, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. Marking and tagging. On and after March 26, 1952, The Lux Clock Manufacturing Co., Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order or attach to the article a label, tag, or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$.....

On and after April 25, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to April 25, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the ticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer must comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

3. Notification to resellers—(a) Notices to be given by applicant. (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within 15 days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within 2 months immediately prior to the receipt of this special order the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

BARRON-ANDERSON CO.
CEILING PRICES AT RETAIL

Statement of considerations. This amendment to Special Order 328 establishes new retail ceiling prices for certain of the applicant's branded articles. These new retail ceiling prices are listed in paragraph 2 of the special order and marked with an asterisk. The ceiling prices established prior to this amendment and still in effect are listed without an asterisk.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 328 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 2 of the special order and substitute therefor the following:

2. **Retail ceiling prices for listed articles.** The following ceiling prices are established for sales after the effective date of this special order by any seller at retail of men's top coats and overcoats, mid-weight coats, and detachable warmers, manufactured or distributed by the Barron-Anderson Company, having the brand name "Barron-Anderson" and described in the manufacturer's or distributor's application dated July 11, 1951, as supplemented and amended by the manufacturer's or distributor's application dated November 24, 1951.

The ceiling prices listed below which are marked with an asterisk shall become effective on receipt of a copy of this order by the retailer, but in no event later than 30 days after the effective date of this order. Ceiling prices not marked with an asterisk are effective upon the effective date of this order. Sales may, of course, be made below the retail ceiling prices.

The selling prices to retailers listed below are subject to terms of Net 30 days.

SEALY MATTRESS CO.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 270, under section 43 of Ceiling Price Regulation 7, issued on August 6, 1951, effective August 7, 1951, established ceiling prices for sales at retail of mattresses and box springs manufactured by Sealy Mattress Company. The applicant requests the deletion of the brand names "President," "Royal," "Sheridan," and "Congress" from the special order, because through error these four brand names were omitted from the special order which the manufacturer mailed to his customers. This amendment therefore deletes the brand names "President," "Royal," "Sheridan" and "Congress" from the special order.

Amendatory provisions. Special Order 270, under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. In paragraph 1, delete from the brand names listed the brand names "President," "Royal," "Sheridan" and "Congress," and described in the manufacturer's application dated March 16, 1951, as amended by its application dated October 11, 1951.

Effective date. This amendment shall become effective January 28, 1952.

E. B. MALONE CO.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 677 under section 43 of Ceiling Price Regulation 7, issued on September 27, 1951, effective September 28, 1951, established ceiling prices for sales at retail of mattresses and box springs manufactured by E. B. Malone Company. The applicant requests the addition of the brand names "Fast-A-Sleep," and "Malone 1-2-3," to the brand names of mattresses and box springs listed in the special order. The applicant states that the brand name "Fast-A-Sleep" is identical in quality, workmanship and price with the brand name "Malone Glamorest," and the brand name "Malone 1-2-3" is identical in quality, workmanship and price with the brand name "Malone E. D. C." This amendment, therefore, adds the brand names "Fast-A-Sleep," and "Malone 1-2-3," to the brand names included in the special order.

Amendatory provisions. Special Order 677 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. In paragraph 1, add to the brand names of mattresses and box springs the brand names "Fast-A-Sleep," and "Malone 1-2-3" and described in the manufacturer's application dated August 27, 1951, as amended by its application dated January 7, 1952.

AMERICAN METAL SPECIALTIES CORP.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, American Metal Specialties Corporation, Hatboro, Pennsylvania, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the article a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. Ceiling prices. The ceiling prices for sales at retail of doll furniture sold through wholesalers and retailers and having the brand name(s) "Amsco" shall be the proposed retail ceiling prices listed by American Metal Specialties Corporation, Hatboro, Pennsylvania, hereinafter referred to as the "applicant" in its application dated October 1, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. (and supplemented and amended in the manufacturer's application dated January 2, 1952).

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than March 29, 1952, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. Marking and tagging. On and after March 29, 1952, American Metal Specialties Corporation must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order or attach to the article a label, tag, or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$.....

On and after April 28, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to April 28, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting pro-

visions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the pre-ticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer must comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

3. Notification to resellers—(a) Notices to be given by applicant. (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within 15 days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within 2 months immediately prior to the receipt of this special order the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Item (style or lot number or other description)	Retailer's ceiling price for articles listed in column 1
.....	\$.....

(5) Within 15 days after the effective date of this special order or any amendment thereto, two copies of the ceiling price notice above described must be filed by the applicant with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

(6) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order, amendment and notices to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) **Notices to be given by purchasers for resale (other than retailers).** (1) A copy of this special order, together with the annexed notice of ceiling prices de-

scribed in subparagraph (a) (4) of this section, shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and the annexed notice, each purchaser for resale (other than retailers) shall send a copy of the order and notice to each of his purchasers to whom, within 2 months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described above.

4. Reports. Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, the applicant shall file with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6-month period.

5. Other regulations affected. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it, regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

6. Revocation. This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

7. Applicability. The provisions of this special order are applicable in the United States and the District of Columbia.

Effective date. This special order shall become effective January 29, 1952.

[General Overriding Regulation 10,
Special Order 11]

PURDY PRODUCTS, INC.

CEILING PRICE FOR SALES BY THE MANUFACTURER AND FOR SALES AT WHOLESALE AND RETAIL

Statement of considerations. In accordance with General Overriding Regulation 10, the applicant, Purdy Products, Inc., has applied to the Office of Price Stabilization for an adjustment of its ceiling prices on all of its manufactured products.

The applicant has submitted the information required by section 3 of the regulation and has produced evidence which in the judgment of the Director established that the applicant is eligible for an adjustment provided by the regulation.

Upon the basis of the information submitted it appears that the applicant's existing ceiling prices require it to operate at a loss with respect to its over-all manufacturing operation and the adjusted ceiling prices, to be established hereby, are considered not out of line with the ceiling prices established for other manufacturers of similar commodities.

It is shown that due to a substantial increase in raw material and labor costs, the applicant has been operating at a loss during the period from January 1, 1951 to September 30, 1951. It appears that a ceiling price increase of 13½% for all of the applicant's products during this period at the same volume of sales would have eliminated the loss.

It further appears from a projection of the applicant's operations that it will be operating at a loss in the future. This loss is attributable solely to its existing ceiling prices; and if a 13½ percent adjusted ceiling price on all of its manufactured products, is put into effect by the applicant, its operations will be at no more than a break-even point. However, if the applicant were to put into effect any greater adjustment of its ceiling prices than that authorized hereby, the operations of the applicant would be considerably above the break-even point permitted by General Overriding Regulation 10.

This special order also permits retailers and wholesalers to adjust their ceiling prices based upon the actual increase in the prices of Purdy Products, Inc., as authorized by section 5 of General Overriding Regulation 10. Retailers and wholesalers are permitted to apply their customary percentage markup to the manufacturer's adjusted ceiling prices.

In the judgment of the Director of Price Stabilization, adjustment is necessary in resellers' ceiling prices of all products manufactured by Purdy Products, Inc. which are covered by this order, and this order adjusts those prices to the extent deemed necessary. It is also the opinion of the Director that the retail and wholesale prices established by this special order, are no higher than the level of ceiling prices otherwise established by regulation issued by the Office of Price Stabilization.

Section 7, below, requires Purdy Products, Inc., to send to its wholesalers and purchasers, of all its manufactured products a copy of this special order, and likewise requires wholesalers of said products to send a copy to their retailers.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to General Overriding Regulation 10, *It is Ordered:*

1. That after the effective date of this special order, the adjusted ceiling prices for sales by Purdy Products, Inc. to wholesalers and retailers of all products manufactured by Purdy Products, Inc., are established at the level of its ceiling prices established by the General Ceiling Price Regulation increased by amounts equal to 13½ percent of such ceiling prices.

2. That after the effective date of this special order, wholesalers of the above products who sell to retailers, may increase their ceiling prices to retain their

percentage markup which the said wholesalers had in effect during the General Ceiling Price Regulation base period, December 19, 1950 to January 25, 1951.

3. That after the effective date of this special order, retailers who purchase from wholesalers, who have increased their ceiling prices pursuant to section 2, above, may increase their ceiling prices to the level which will permit them to retain their percentage markup which the retailers had in effect on any and all products of Purdy Products, Inc., during the General Ceiling Price Regulation base period, December 19, 1950 to January 25, 1951.

4. That in all other respects the application of Purdy Products, Inc., be, and it hereby is, denied.

5. That this special order or any provision thereof may be revoked, suspended or amended by the Director of Price Stabilization at anytime.

6. That the provisions of this special order are applicable to sales of the above products in the 48 States of the United States and in the District of Columbia.

7. That after the effective date of this special order, and before subsequent sales of the above-mentioned products, the applicant, Purdy Products, Inc., shall send to all its wholesalers and purchasers a copy of this special order, and wholesalers who increase their ceiling prices pursuant to this order shall likewise send to all their retailers a copy of this special order.

This order shall become effective January 29, 1952.

Director, Office of Price Stabilization.

[File No. 70-2465, 70-2504]

STANDARD GAS AND ELECTRIC CO.

ORDER PURSUANT TO SUPPLEMENT B OF
INTERNAL REVENUE CODE

JANUARY 28, 1952.

The Commission having issued an order on October 4, 1950, pursuant to the

Public Utility Holding Company Act of 1935 ("act"), in proceedings concerning Standard Gas and Electric Company ("Standard"), File No. 70-2465, relating to the sale by Standard of 137,857 shares of Common Stock of Louisville Gas and Electric Company, a Kentucky corporation ("Louisville"), and the expenditure of the proceeds of such sale in part for the retirement of the outstanding bank notes of Standard and the balance for other corporate purposes, including possible investments by Standard in its subsidiaries, in connection with which transaction Standard had requested the Commission to issue an order conforming to the requirements of Supplement R and section 1808 (f) of the Internal Revenue Code as amended; and

The Commission having in said order recited that it appeared appropriate to the Commission that an order as requested should be issued; and

The Commission having thereafter issued an order on November 16, 1950, pursuant to the act, in proceedings concerning Standard, and Wisconsin Public Service Corporation ("Wisconsin"), File Nos. 70-2504 and 70-2505, relating to the issuance and sale by Wisconsin of \$4,000,000 principal amount of First Mortgage Bonds, the issuance by Wisconsin and sale to Standard for \$2,250,000 of 225,000 shares of Common Stock of Wisconsin and the issuance by Wisconsin and distribution to Standard as a dividend of an additional 150,000 shares of Common Stock of Wisconsin; and

The Commission having been of the opinion at the time it issued said order dated October 4, 1950, that the sale of said Common Stock of Louisville and the expenditure of part of the proceeds of said sale in retirement of Standard's bank notes, and having been of the opinion at the time it issued said order dated November 16, 1950, that the expenditure of the balance of the proceeds of said sale for the acquisition by Standard of said 225,000 shares of Common Stock of Wisconsin were necessary or appropriate to the integration or simplification of the holding company system of which Standard was a member, and necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, but recitals to such effect having been formally set forth in said orders only in respect of the sale of the Common Stock of Louisville; and

It appearing appropriate to the Commission that said orders be amended, in accordance with the request of Standard, to set forth formally such recitals in respect of the expenditure by Standard of said proceeds of sale:

It is therefore ordered, That the order of the Commission dated October 4, 1950, entitled in the Matter of Standard Gas and Electric Company, File No. 70-2465, be and it hereby is amended, nunc pro tunc, by adding at the end of said order the following:

It is further ordered and recited, And the Commission finds that the expenditure and payment by Standard Gas and Electric Company of \$2,250,000 of the proceeds of said sale in complete retirement and cancellation of notes of Stand-

ard Gas and Electric Company, dated September 1, 1949, of the aggregate principal amount of \$2,250,000, payable to the following banks and in the following principal amounts, respectively, namely: The Chase National Bank of the City of New York—\$879,750, Continental Illinois Bank and Trust Company, Chicago, Ill.—\$879,750, and Mellon National Bank & Trust Company, Pittsburgh, Pa.—\$490,500, as heretofore authorized or permitted by the Commission, is necessary or appropriate to the integration or simplification of the holding company system of which Standard Gas and Electric Company is a member, and is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

It is further ordered, That the order of the Commission, dated November 16, 1950, entitled in the Matter of Standard Gas and Electric Company, File No. 70-2504, Wisconsin Public Service Corporation, File No. 70-2505, be and it hereby is amended, nunc pro tunc, by adding at the end of said order the following:

It is further ordered and recited, And the Commission finds that the expenditure by Standard of \$2,250,000, constituting in part the balance of the proceeds from the sale by Standard of 137,857 shares of Common Stock of Louisville Gas and Electric Company (pursuant to the Commission's order dated October 4, 1950) in excess of the amount expended for retirement of the bank debt of Standard, or an amount equal to said balance, in exchange for, and in payment of the purchase price of, said 225,000 shares of new Common Stock of Wisconsin of the par value of \$10 per share, is necessary or appropriate to the integration or simplification of the holding company system of which Standard is a member, and is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

INTERSTATE POWER CO.

NOTICE OF FILING IN RESPECT OF ISSUANCE AND SALE TO BANKS OF NOTES

JANUARY 28, 1952.

Notice is hereby given that Interstate Power Company ("Interstate"), a registered holding company and an operating public-utility company, has filed with this Commission a declaration, pursuant to the Public Utility Holding Company Act of 1935 ("act"), in respect of a proposal to issue and sell \$4,300,000 of 3½ percent notes. The declaration designates sections 6 and 7 of the act as applicable to the proposed transactions.

Notice is hereby further given that any interested person may, not later than February 8, 1952, at 5:30 p. m.,

e. s. t., request the Commission in writing that a hearing be held on said declaration, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after February 8, 1952, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration, which is on file in the offices of this Commission, for a statement of the transactions proposed which are summarized as follows:

Interstate proposes to issue and sell, at any time and from time to time up to and including December 15, 1952, to Chase National Bank ("Chase"), not to exceed \$2,150,000 and to Manufacturers Trust Company ("Manufacturers") not to exceed \$2,150,000 or an aggregate of not to exceed \$4,300,000 of notes. The notes are to be issued pursuant to a credit agreement entered into on January 9, 1952, with such banks, are to mature 360 days from the date of the first borrowing or April 30, 1953 whichever date is the earlier, and are to bear interest at the rate of 3¼% per annum payable on the last days of May, June, September, and December. The notes are to be prepayable in whole or in part at any time and from time to time without premium, provided that, if prepayment is made directly or indirectly from or in anticipation of, other bank borrowings a premium calculated at the rate of 1% per annum on the amount being prepaid from the date of prepayment to the date of maturity is to be payable. A commitment fee of ¼%, equivalent to \$10,750, is to be paid.

The declaration further states that the construction program for the year 1952 will require \$6,851,030, and that Interstate has outstanding \$4,250,000 of bank notes maturing April 10, 1952 (issued pursuant to an order of the Commission entered February 16, 1951, File No. 70-2554), which the company has stated it intended to retire from the proceeds of permanent financing to be consummated prior to April 1952. It is further stated that Interstate contemplates filing on or about February 11, 1952, a declaration in respect of a proposal to issue and sell, at competitive bidding, prior to April 10, 1952, \$2,000,000 of bonds and 350,000 additional shares of common stock, such issuance and sale to be subject to market conditions and other factors, and to use the proceeds in part to retire the outstanding notes, and in part, together with borrowings to be made under the January 9, 1952, credit agreement, to finance the construction program and augment working capital. In the event the contemplated sale of bonds and common stock proves not to be feasible, the proceeds from borrowings under the Jan-

uary 9, 1952, credit agreement are to be used to retire the outstanding notes and augment working capital.

The declaration states that the credit agreement will terminate on March 15, 1952, if approval of the Commission is not obtained by that date, and it is requested that an order, to become effective upon its issuance, be entered herein as soon as possible and not later than February 11, 1952. In connection with the permanent financing Interstate states that it urgently needs to know the status of its proposal to borrow the \$4,300,000 which is the subject of this declaration.

It is stated that no state Commission has jurisdiction over the proposed transactions.

By the Commission.

Secretary.
