TITLE 3—THE PRESIDENT

PROCLAMATION 2996

THANKSGIVING DAY, 1952

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA
A PROCLAMATION

In the cycle of the seasons, another year marked by the abundance of God's gifts is nearing its end. At such a time we are wont to turn to Him and with humble hearts to offer thanks as a Nation for His manifold blessings.

We are moved by the inspiring autumnal beauty of our land, which uplifts the hearts of men. We are thankful for the natural and human resources which have enabled us not only to enjoy high material and spiritual standards ourselves but also to help others in the effort to achieve or protect their well-being.

We are grateful for the privileges and rights inherent in our way of life, and in particular for the basic freedoms, which our citizens can enjoy without fear. This year it is especially fitting that we offer a prayer of gratitude for the spirit of unity which binds together all parts of our country and makes us one Nation indivisible.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, conforming to our hallowed custom, and in consonance with the joint resolution of Congress approved on December 26, 1941, do hereby call upon all our people to celebrate Thursday, November 27, 1952, as Thanksgiving Day. On that day let us, with a full awareness of our privileges and a deepening sense of the obligations which they entail, each in his own way, but together as a whole people, give due expression to our thanks, and let us humbly endeavor to follow the paths of righteousness in obedience to the will of Almighty God.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this eighth day of November in the year of our Lord nineteen hundred and [SEAL] fifty-two, and of the Independence of the United States of America the one hundred and seventy-seventh.

HARRY S. TRUMAN

By the President:

DAVID BRUCE,
Acting Secretary of State.

EXECUTIVE ORDER 10409

AWARD OF THE PURPLE HEART TO PERSONS SERVING WITH THE NAVY, MARINE CORPS, OR COAST GUARD OF THE UNITED STATES

By virtue of the authority vested in me as President of the United States and as Commander in Chief of the armed forces of the United States, it is hereby ordered as follows:

1. The Secretary of the Navy shall award the Purple Heart, in the name of the President of the United States, to any person who while serving in any capacity with the Navy, Marine Corps, or Coast Guard of the United States has been, or may hereafter be, wounded (a) in any action against an enemy of the United States, (b) in any action with an opposing armed force of a foreign country in which the armed forces of the United States are engaged, or (c) as the result of an act of any such enemy or opposing armed force.

2. The Secretary of the Navy shall award the Purple Heart posthumously, in the name of the President of the United States, to any person who while serving in any capacity with the Navy, Marine Corps, or Coast Guard of the United States after April 5, 1917, has been, or may hereafter be, killed, or who has died or may hereafter die subsequent to being wounded, (a) in any action against an enemy of the United States, (b) in any action with an opposing armed force of a foreign country in which the armed forces of the United States are engaged, or (c) as the result

of an act of any such enemy or opposing armed force.

3. The wound for which the award is made must have required treatment by a medical officer.

4. The Purple Heart shall be forwarded to the nearest of kin of any person entitled to the posthumous award, regardless of whether a previous award has been made to such person, except that if the award results from service prior to December 7, 1941, the Purple Heart shall be forwarded to such nearest of kin upon his application therefor to the Secretary of the Navy.

5. Except as authorized in paragraph 4 hereof, no more than one Purple Heart shall be awarded to any one person, but for each subsequent justification for such an award a Gold Star, or other suitable device, shall be awarded to be worn with the Purple Heart as prescribed by appropriate regulations.

6. If so authorized by the Secretary of the Navy, the award of the Purple Heart may be made by the Commander in Chief of a fleet, or by such other appropriate officer or officers as the Secretary of the Navy may designate.

7. The Secretary of the Navy may issue such regulations as he may deem appropriate to effectuate the purposes of this order. The regulations of the Secretary of the Navy and the regulations of the Secretary of the Army and the Secretary of the Air Force with respect to the award of the Purple Heart shall, so far as practicable, be of uniform application, and shall be subject to the approval of the Secretary of Defense.

8. This order shall supersede Executive Order No. 9277 of December 3, 1942, entitled "Award of the Purple Heart to Persons Serving with the Navy, Marine Corps or Coast Guard of the United States", but existing regulations issued pursuant to that order shall, so far as they are not inconsistent with this order, remain in effect until modified or revoked by regulations issued by the Secretary of the Navy pursuant to this order.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabiliza- tion, Economic Stabilization Agency

[Ceiling Price Regulation 22, Amdt. 9 to
Supplementary Regulation 7]

CPR 22—MANUFACTURERS' GENERAL CEILING PRICE REGULATION

SR 7—MODIFICATIONS AND ALTERNATIVE PROVISIONS FOR MANUFACTURERS OF CHEMICALS

CARBON TETRACHLORIDE, TECHNICAL GRADE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 9 to Supplementary Regulation 7 to Ceiling Price Regulation 22 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 9 to Supplementary Regulation 7 makes certain changes in the ceiling prices established by Amendment 8 to Supplementary Regulation 7 for sales of carbon tetrachloride by manufacturers.

Amendment 8 established a ceiling price of \$0.0772 per pound for "spot sales" of carbon tetrachloride, technical grade, in tank car lots. The term "spot sales" was meant to include sales made at scheduled or list prices, as distinguished from sales made at specially negotiated prices. Sales of carbon tetrachloride to manufacturers of halogenated hydrocarbon refrigerants have customarily been made at such negotiated prices which have traditionally been lower than the scheduled prices at which other sales of carbon tetrachloride were made. The ceiling price established by Amendment 8 for such sales to manufacturers of halogenated hydrocarbon refrigerants was the \$0.0772 per pound ceiling price established for the types of sales made at scheduled prices, minus the differential which the manufacturer had in effect between the two types of sales during his Ceiling Price Regulation 22 base period. (The Statement of Considerations accompanying Amendment 8 incorrectly referred to this period as the period December 19, 1950, to January 25, 1951, inclusive. The text of the amendment itself, which governs, correctly provided that the period in question is the Ceiling Price Regulation 22 base period).

The ceiling prices established by Amendment 8 replaced the manufacturers' ceiling prices determined under Ceiling Price Regulation 22. A uniform ceiling price of \$0.0772 per pound for sales to purchasers other than those who

used the carbon tetrachloride in the manufacture of halogenated hydrocarbon refrigerants was established in order to restore the practice of uniform prices for sales to such purchasers. This practice had been changed by the provisions of Ceiling Price Regulation 22, which required manufacturers to determine their ceiling prices on the basis of their individual cost experience. The making of this \$0.0772 ceiling price the basis, however, for determining ceiling prices for sales of carbon tetrachloride to manufacturers of halogenated hydrocarbon refrigerants is now believed to be in error. Sales prices to such purchasers had been customarily determined by means of individual negotiations and were, therefore, not uniform among the various manufacturers selling to these purchasers. Moreover, in the averaging process used to determine the \$0.0772 ceiling price to other classes of purchasers, the prices for sales to manufacturers of halogenated hydrocarbon refrigerants and the volume of these sales were not included. Accordingly, it was not appropriate for the ceiling price of \$0.0772, which resulted from the averaging process, to be the basis for determining the ceiling prices for sales to manufacturers of halogenated hydrocarbon refrigerants. This amendment, therefore, excludes sales to manufacturers of halogenated hydrocarbon refrigerants from the scope of Amendment 8 and restores the ceiling prices for such sales to the level which existed immediately prior to the effective date of Amendment 8. Because it is believed that it was erroneous to include such sales within the scope of Amendment 8 originally, the restoration of the ceiling prices in effect immediately prior to the effective date of Amendment 8 is made retroactive to that effective date.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Section 10 of Supplementary Regulation 7 to Ceiling Price Regulation 22 is amended as follows:

1. Add the following sentence at the end of paragraph (a): "However, this section does not apply to your sales of this commodity to purchasers who use the commodity in the manufacture of halogenated hydrocarbon refrigerants."

2. Paragraphs (b) and (c) are amended to read as follows:

(b) Your ceiling prices for your sales of carbon tetrachloride, technical grade, to all classes of purchasers except to purchasers who use such carbon tetrachloride in the manufacture of halogenated hydrocarbon refrigerants are as follows:

(1) For sales in tank car lots, \$0.0772 per pound, with minimum transportation allowed east of the eastern borders of Montana, Wyoming, Colorado, and New Mexico.

(2) For a sale in less than tank car lots, or for a sale for delivery west of the eastern borders of Montana, Wyoming,

Colorado, and New Mexico, your ceiling price is that determined by applying to the ceiling price set forth in paragraph (b) (1) of this section the differential required or permitted by section 3 of Ceiling Price Regulation 22. If section 3 of Ceiling Price Regulation 22 cannot be applied in your case because you did not make such a sale in your base period or prior thereto, your ceiling price for such sale is the price determined in accordance with section 33 or section 34 of Ceiling Price Regulation 22.

(c) For the purposes of section 32, 33 or 34 of Ceiling Price Regulation 22 the ceiling prices established by this section shall be deemed to be ceiling prices established by Ceiling Price Regulation 22.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 9 to Supplementary Regulation 7 to Ceiling Price Regulation 22 is effective as of July 12, 1952.

[Ceiling Price Regulation 22, Amdt. 1 to
Supplementary Regulation 35]

CPR 22—MANUFACTURERS' GENERAL CEILING PRICE REGULATION

SR 35—ADJUSTMENTS TO REFLECT INCREASED OUTBOUND TRANSPORTATION RATES

CORRECTION OF COVERAGE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to Supplementary Regulation 35 to Ceiling Price Regulation 22 is hereby issued.

STATEMENT OF CONSIDERATIONS

SR 35 to CPR 22 provided methods whereby manufacturers under CPR 22, including those who have adjusted their ceiling prices under SR 17 or 18 to CPR 22 or under GOR 20 or 35, might adjust their delivered ceiling prices to reflect increases in their outbound transportation costs resulting from increased transportation rates authorized by any federal or state regulatory agency since the "cut-off" date to which increases in costs had previously been recognized. As issued, SR 35 specifically stated that it was inapplicable to ceiling prices established under SR 30 and certain other supplementary regulations to CPR 22.

As seems apparent from the Statement of Considerations of SR 35, the exclusion of ceiling prices established under SR 30 from the applicability of SR 35 was an inadvertent error. SR 30 was issued on July 14, 1952 to provide a method whereby manufacturers of specified commodities might apply for delivered ceiling prices to replace their f. o. b. ceiling prices established under CPR 22 or any supplementary regulation to CPR 22. This privilege was designed to put the applicant on the same basis with respect

to outbound transportation costs as his competitors who had been selling on a freight-delivered basis during the CPR 22 base period. Consequently the adjustment permitted by SR 30 was upon the basis of freight costs as of March 15, 1951 or, if the applicant had elected to determine adjustments under SR 17 to CPR 22 or SR 18 to CPR 22, as of July 26, 1951. SR 35 was not intended to bar relief to manufacturers who, by operation of SR 30 were required to absorb increases in outbound transportation costs since the cut-off dates fixed in SR 30. As issued, SR 35 results in unintended discrimination against manufacturers who had secured adjusted ceiling prices under SR 30.

Accordingly this amendment deletes the exclusionary reference to SR 30 to CPR 22 in section 1 of SR 35.

Deletion from section 1 of the exclusionary reference to SR 30 necessitates a minor amendment in section 9 (b). That section now provides for use of the July 26, 1951, base date if the ceiling prices to be adjusted under SR 35 "were determined" under the supplementary regulations implementing the Capehart amendment or under GOR 20. In order to make that section applicable to ceiling prices which include an adjustment under these regulations but which were determined under SR 30, it will be necessary to substitute for the words "were determined" the words "include an adjustment".

Because of the nature of this amendment the Director has not found it necessary or practicable to consult with industry representatives, including trade association representatives.

AMENDATORY PROVISIONS

Supplementary Regulation 35 to Ceiling Price Regulation 22 is amended as follows:

1. The third sentence of section 1 is amended by deletion of the letters and figures "SR 30"; so that it shall read as follows: "This supplementary regulation does not apply to ceiling prices established under the following supplementary regulations to CPR 22: SR 28; SR 29; SR 31; SR 32; or SR 34."

2. The second sentence of section 9(b) is amended by deletion of the words "were determined" and substitution therefor of the words "include an adjustment," so that it shall read as follows:

However, if the ceiling prices which you adjust under this supplementary regulation include an adjustment under SR 17 or SR 18 to CPR 22 or GOR 20, your base date is July 26, 1951, or any later date you select for any particular shipment if on such later date the July 26, 1951 rate or a higher rate was in effect.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective November 13, 1952.

Note: The record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in

accordance with the Federal Reports Act of 1942.

Acting Director of Price Stabilization.

CPR 24—CEILING PRICES OF BEEF SOLD AT WHOLESALE

COMBINATION DISTRIBUTOR

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, Economic Stabilization Agency General Order 2, Delegation of Authority by the Secretary of Agriculture with respect to meat, as amended, and Economic Stabilization Agency General Order 5, Revision, this Amendment 22 to Ceiling Price Regulation 24, is hereby issued.

STATEMENT OF CONSIDERATIONS

The accompanying amendment to Ceiling Price Regulation (CPR) 24 broadens the definition of combination distributor. Prior to Amendment 7 to CPR 24, sellers could qualify as combination distributors, if, among other things, they sold during a specified period 25 percent of their total meat, by weight, to purveyors of meals. The definition did not restrict the percentage of meat which such sellers could sell to ultimate consumers and still qualify as combination distributors. Amendment 7, however, limited combination distributors to those who, in addition to having sold 25 percent of their total meat, by weight, to purveyors of meals, sell not more than 50 percent to ultimate consumers. As explained in the Statement of Considerations to Amendment 7, the purpose of such change was to exclude as combination distributors sellers who are normally considered retailers. Such sellers were provided with a pricing technique for their sales to purveyors, or eating places, in Ceiling Price Regulation (CPR) 25. Their ceiling prices on sales to purveyors of meals were established by CPR 25 to reflect the overall margin they customarily obtained. The cuts priced in CPR 25 were those generally sold by such sellers. However, since the definition of combination distributor in CPR 24 did not exclude retailers, many retailers selling to eating places chose, in instances where the cuts in CPRs 24 and 25 were similar, to sell that cut which under either regulation had the higher ceiling prices.

It has, however, come to the attention of the Director of Price Stabilization that certain sellers who customarily sell over 50 percent of their meat to ultimate consumers have historically made a substantial amount of sales to purveyors of meals. On sales to purveyors of meals such sellers do not differ from combination distributors selling less than 50 percent to ultimate consumers. Both groups have customarily sold the same cuts at the same prices. Accordingly,

section 50 (g) has been amended to remove the restriction on sales to ultimate consumers. Section 50 (g) has further been amended to redefine combination distributors as those sellers who currently sell 25 percent to purveyors of meals as well as those who have sold such percentage during past stated periods. Sellers, therefore, who no longer meet the 25 percent requirement and thus are primarily retailers, will no longer be able to sell to purveyors of meals at the ceiling prices provided for combination distributors. However, to eliminate the opportunity of sellers, qualifying as retailers under CPR 25 and as combination distributors under CPR 24, to choose the higher prices of each regulation, a new prohibition has been added to section 11. By virtue of this prohibition, any seller choosing to qualify as a combination distributor under CPR 24 must make all his sales to purveyors of meals under that regulation and cannot sell under Ceiling Price Regulation 25. This change will permit individual sellers to elect the regulation which shall apply to all their sales to purveyors and, therefore, to make their sales to such class in accordance with their historic practice.

In formulating this amendment the Director of Price Stabilization has consulted as far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment the provisions of this regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

It is not believed that this amendment will cause any substantial changes in business practices, cost practices or methods, or means or aids to distribution; however, to the extent that such changes may be compelled, they are necessary to prevent circumvention or evasion of Ceiling Price Regulation 24, as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 24 is amended in the following respects:

1. Section 11 is amended by adding a new paragraph (g) to read as follows:

(g) *Sales by combination distributors.* If you are a combination distributor, you shall make all your sales and deliveries of all beef products to purveyors of meals at or below the ceiling prices established for combination distributors by the provisions of this regulation, and shall not sell or deliver to purveyors of meals any beef product at higher prices. You shall not, moreover, sell to purveyors of meals any beef products not permitted to be sold under Ceiling Price Regulation 24.

2. Section 50 (g) is amended to read as follows:

(g) "Combination distributor" means any establishment which sold or delivered to purveyors of meals during the year 1950 (or, if no sales were made in 1950, during the period from January 1, 1951 to April 30, 1951) and which sells or delivers to purveyors of meals during

FILING OF APPLICATIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this Amendment to Supplementary Regulation 22 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Supplementary Regulation 22 to Ceiling Price Regulation 34, as amended, provides for filing applications thereunder with the OPS District Office for the district in which the bank is located, rather than the National Office.

It is the policy of this office to delegate to its field offices the authority to process applications of local sellers whenever it is feasible to do so. The OPS District Office in the proximate area of the seller is usually better aware of the local situation and problems than the National Office. In addition, the burden on the applicant is often substantially lessened by dealing with the local office in that it is more convenient than dealing with the National Office in Washington, D. C. Most banks operate within a limited geographical area and their problems in most cases can best be handled by local OPS offices.

It is therefore the opinion of the Director of Price Stabilization that applications for change in banking practices or for the establishment of ceiling prices by banks on their depositors' checking accounts should be handled by the OPS district offices.

The technical nature of this amendment has made formal consultation with industry representatives impracticable.

AMENDATORY PROVISIONS

Supplementary Regulation 22 of Ceiling Price Regulation 34, as amended, is amended by deleting the phrase "Director of Price Stabilization, Attention: Chief, Service Trades Branch, Washington 25, D. C.," wherever it appears in sections 3, 4 (a), 5 (b), 6 (a), 7 (a), 8 (a), and 8 (b) of Supplementary Regulation 22 to Ceiling Price Regulation 34, and inserting in lieu thereof, the phrase "appropriate OPS District Office."

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, Economic Stabilization Agency General Order 2, Delegation of Authority by the Secretary of Agriculture with respect to meat, as amended, and Economic Stabilization Agency General Order 5, Revision, this Amendment 17 to Ceiling Price Regulation 74 is hereby issued.

STATEMENT OF CONSIDERATIONS

The accompanying amendment to Ceiling Price Regulation (CPR) 74, amends the definition of combination distributor to conform with a similar change made by Amendment 22 to CPR 24, issued concurrently herewith.

In formulating this amendment, the Director of Price Stabilization has consulted so far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment, the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of the act.

It is not believed that this amendment will cause any substantial changes in business practices, cost practices or methods, or means or aids to distribution; however, to the extent that such changes may be compelled, they are necessary to prevent circumvention or evasion of Ceiling Price Regulation 74, as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 74 is amended in the following respects:

1. Section 60 (d) is amended to read as follows:

(d) "Combination distributor" means any establishment which sold or delivered to purveyors of meals during the year 1950 (or, if no sales were made during 1950, during the period from January 1, 1951, to September 25, 1951), and which sells or delivers to purveyors of meals during each calendar quarter beginning on or after January 1, 1953, not less than 25 percent of the total volume

STATEMENT OF CONSIDERATIONS

The accompanying amendment to Ceiling Price Regulation (CPR) 101 amends the definition of combination distributor to conform with a similar change made by Amendment 22 to CPR 24, issued concurrently herewith.

In formulating this amendment, the Director of Price Stabilization has consulted so far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment, the provisions of this regulation are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of the act.

It is not believed that this amendment will cause any substantial changes in business practices, cost practices or methods, or means or aids to distribution; however, to the extent that such changes may be compelled, they are necessary to prevent circumvention or evasion of Ceiling Price Regulation 101, as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 101 is amended in the following respect:

1. Section 50 (d) is amended to read as follows:

(d) "Combination distributor" means any establishment which sold or delivered to purveyors of meals during the year 1950 (or, if no sales were made in 1950, during the period from January 1, 1951 to December 4, 1951) and which sells or delivers to purveyors of meals during each calendar quarter beginning on or after January 1, 1953, not less than 25 percent of the total volume by

[General Ceiling Price Regulation, Amdt. 1 to Supplementary Regulation 118]

GCPR, SR 118—CEILING PRICES FOR SALES BY MANUFACTURERS AND BRAND OWNERS OF NEW REPLACEMENT SECOND LINE TIRES

CEILING PRICES FOR MAIL-ORDER SALES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment to Supplementary Regulation 118 to the General Ceiling Price Regulation (16 F. R. 5424) is hereby issued.

STATEMENT OF CONSIDERATIONS

The statement of considerations which accompanied Supplementary Regulation 118 to the General Ceiling Price Regulation is incorporated herein by reference. The effect of this amendment will be to make the ceiling prices for sales of second line low pressure tires 75 percent of the manufacturers' or brand owners' ceiling prices to all their various classes of purchasers for the same size first line low pressure tires.

When Supplementary Regulation 118 was originally issued, consideration was not given to the fact that the term "reference or retail list prices" as used in the regulation refers not only to manufacturers' and brand owners' suggested retail prices and actual retail prices for sales through retail outlets but to catalogue prices of mail order tire-sellers as well. These catalogue prices are net prices, less freight, to the consumer and are determined by the sellers concerned on the basis of circumstances peculiar to this type of tire sale. In many respects, these circumstances are quite different from those upon which tire manufacturers determine their retail outlet list prices. The purchaser of a mail order tire gets no trade-in allowance on his old tire. He gets no service such as having the new tire mounted for him. The manufacturers' retail list tire prices take into account the fact that considerable variability is possible in the price a retail dealer will pay for a trade-in tire, what he will charge for various services, and, in fact, how much free service he will perform for the purchaser. Accordingly, some sellers have ceiling prices for their sales made at retail through regular outlets, and these are expressed in terms of a retail list price less discounts, trade-in allowances, services, etc., and also have

a separate catalogue ceiling price to mail order customers.

Since the issuance of Supplementary Regulation 118 it has come to the attention of the Director that the catalogue prices of certain mail order sellers of first line low pressure passenger car tires in effect 30 days prior to September 10, 1952 were reduced below their catalogue ceiling prices. Manufacturers' retail list prices for first line low pressure tires, on the other hand, have generally been maintained at their January 1951 levels. Accordingly, the voluntary reduction in catalogue prices yielded, under the regulation, lower second line low pressure tire ceiling prices for those sellers who reduced their prices of first line low pressure tires to mail order customers. This amendment removes the possibility of discrimination which might have resulted from the application of the 75 percent factor to prices in effect at the date of the regulation rather than to ceiling prices.

Although accomplishment of this objective will result in somewhat higher ceiling prices for some sellers, it will preserve the relationship between each seller's ceiling prices on first and second line low pressure tires.

In the judgment of the Director the provisions of this amendment are generally fair and equitable and are proper in the administration of Title IV of the Defense Production Act of 1950, as amended. In the formulation of this amendment special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

Supplementary Regulation 118 to the General Ceiling Price Regulation is amended in the following respects:

1. Paragraph (a) of section 2 is amended by adding a new sentence after the word "regulation" so that the paragraph now reads as follows:

(a) Your ceiling prices to your various classes of purchasers for all your sales of second line low pressure tires are your reference or retail list prices computed under paragraph (b) of this section less the same discounts off list, allowances and services, other than those of a temporary nature and which had a specified termination date, which you extended to each of those classes of purchasers in your sales of second line tires during the 30-day period preceding the issuance of this regulation. However, your ceiling prices for sales of second line low pressure tires to mail order catalogue customers, if any, are 75 percent of your ceiling prices for your sales of the same size first line low pressure tires to your catalogue customers.

2. Paragraph (b) of section 2 is amended so as to read as follows:

(b) Your reference or retail list price for any size second line low pressure tire is 75 percent of your retail ceiling price for the same size first line low pressure tire.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment 1 to Supplementary Regulation 118 to the General Ceiling Price Regulation shall become effective November 18, 1952.

GOR 4—EXEMPTIONS AND SUSPENSIONS OF CERTAIN CONSUMER SOFT GOODS

EXEMPTION OF ACADEMIC, ECCLESIASTICAL AND FRATERNAL ORDER VESTMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 10 to General Overriding Regulation 4, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds to the list of commodities exempted from price control academic, ecclesiastical and fraternal order vestments. As used herein, the word "vestments" means garments or insignia of ceremony or office. Among the articles covered by the amendment are academic gowns, caps and hoods; pulpit and choir gowns, albs, amices, birettas, cassocks, chasubles, cottas, dalmatics, maniples, miters, palliums, rochets, stoles, surplices, tunics and similar ecclesiastical garments; robes, coats, capes, mantles, headdresses, gauntlets, leggings, sashes, symbolic aprons and similar fraternal order garments. The amendment is not applicable to the rental of these articles or other services rendered in connection with them.

According to reliable estimates, annual sales of academic, ecclesiastical and fraternal order vestments amount to something less than \$5,000,000, consequently they constitute a negligible proportion of all apparel. These garments are purchased by only a few persons for very special and limited uses, many of them are made to order and specification, repeat orders are rare, and the demand for them is inelastic. It is thus clear that they do not enter significantly into the cost of living or into business costs, and that their decontrol will not result in the diversion of materials or labor to their manufacture.

This amendment exempting sales of academic, ecclesiastical and fraternal order vestments from price control is therefore being issued. For the same reasons, the Office of Price Administration also decontrolled most of these commodities, by Amendment 42 to Supplementary Order No. 126, effective June 28, 1946.

To the extent practicable under the circumstances, the Director of Price Stabilization has consulted with representatives of the industry involved and has given consideration to their recommendations.

AMENDATORY PROVISION

Section 2 of General Overriding Regulation 4, Revision 1, as amended, is further amended by adding the following paragraph:

(j) Academic, ecclesiastical, and fraternal order vestments.

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

EXEMPTION OF HIGH TEMPERATURE ALLOYS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 27 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 9 exempts from price control sales by producers of high temperature alloys.

High temperature alloys are characterized by their heat-, corrosion- and creep-resistant properties at extremely high temperatures. They were developed primarily for use in jet aircraft engines and superchargers, and approximately 95 percent of the total production of all such alloys (which is relatively small) is used for military purposes in such critical applications as jet engines, turbo-superchargers and guided missiles. For reasons indicated below, it is difficult to determine the exact cost of production, but, generally speaking, the cost of producing these alloys is relatively high because the materials entering into these alloys (such as cobalt, tungsten and columbium) are relatively high and because the man-hours required to produce and "work" these alloys are about four times that of tool and stainless steels.

These two factors of limited use and costly production have led to continuous experimentation to reduce the amount of critical and strategic materials required in them and to improve their physical properties so as to facilitate improved design and performance of the military matériel in which the alloys are incorporated. This extensive developmental work is also required to gain experience in processing these alloys. Furthermore, substantial losses occur because of lack of familiarity with the melting and rolling and heat treating techniques required to meet the specifications for these high temperature alloys. The experimentation is an expensive operation, adds to the present

high cost of the alloys and, with the other factors mentioned, precludes an accurate determination of costs. This, in turn, makes the establishment of ceiling prices extremely difficult, if not impossible. As is true for other items manufactured principally for military uses, a brake on excessive prices is afforded by the renegotiation requirements of existing laws on the procurement of military items.

The preparation of high temperature alloys sold for purposes other than military is so small that the continuance of price control on such sales is not warranted. The administrative burdens involved are disproportionate to the benefits to be derived from continued control. It is deemed advisable to exempt from price control all of the high temperature alloy steel production.

In view of the nature of this amendment, special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable, and will in no way defeat or impair the price stabilization program or the objectives of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

General Overriding Regulation 9 is amended in the following respects:

Section 2 (a) is amended by adding thereto a new subparagraph numbered (28) and reading as follows:

(28) *Sales of high temperature alloys.* Sales of high temperature alloys by producers thereof. "High temperature alloys" are those metallic mixtures which are designed for use principally in buckets and rotors of turbo-superchargers and jet engines, which contain less than 50 percent iron and which are designed to give the necessary resistance to heat, corrosion and creep at the extremely high temperatures produced by turbo-superchargers and jet engines.

[General Overriding Regulation 32, Special Order 9]

GOR 32—ADJUSTMENT OF CEILING PRICES FOR MATERIALS TO THE MINIMUM PRICES FIXED BY STATE LAWS

SO 9—SELLERS OF CIGARETTES IN KANSAS CEILING PRICES RAISED TO CONFORM WITH THE KANSAS UNFAIR PRACTICES ACT

Statement of considerations. This special order raises the ceiling prices of Kansas cigarette sellers above those previously established under regulations of the Office of Price Stabilization (OPS)

where necessary to conform to the minimum prices required to be charged by the Kansas Unfair Practices Act. This action does not presently affect ceiling prices of Kansas cigarette sellers which are at or above the minimum prices required by that Act on the effective date of this special order. Provision is also made for the adjustment of ceiling prices of cigarette sellers subject to the Kansas Unfair Practices Act in the event of a change in the minimum prices computed pursuant to that Act and in some instances for the establishment of ceiling prices for new brands of cigarettes sold in Kansas.

This special order is issued pursuant to section 5 of General Overriding Regulation (GOR) 32. That regulation was issued by the OPS to conform to the requirements of section 402 (1) of the Defense Production Act of 1950, as amended. GOR 32 sets forth certain facts which must be shown to exist in a particular State before the OPS is required by the above-noted statutory provision to raise ceiling prices to the minimum prices required by the law of that State.

It appears from the information contained in the application of the Attorney General for the State of Kansas that the Kansas Unfair Practices Act was in effect and enforced on June 30, 1952, and on September 3, 1952 (the date of application); that the act has not been held invalid by any court of competent jurisdiction; and that the ceiling prices of some cigarette sellers in the State of Kansas are lower than the minimum sales prices required to be charged by that Act.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 5 of GOR 32 this special order is hereby issued.

1. Ceiling prices of cigarette sellers subject to the Kansas Unfair Practices Act, hereinafter referred to as the Kansas Act, which are below the minimum sales prices computed pursuant to that Act, as specified in paragraph 5 hereof, are hereby raised to those minimum sales prices.

2. If the minimum prices for brands of cigarettes sold in Kansas on September 3, 1952, have increased after that date pursuant to the Kansas Act, such higher minimum prices shall become ceiling prices as hereinafter specified in this paragraph, upon the sending of a report by the Attorney General for the State of Kansas, hereinafter referred to as Attorney General, by registered mail to the Grocery Products Branch, Office of Price Stabilization, Washington 25, D. C. That report will indicate the reason for the change as well as the computations by which the new required minimum prices have been determined and will list the new prices for various brands of cigarettes. The higher minimum prices so reported shall be established as ceiling prices for the sellers affected by paragraph 1 hereof and any other seller subject to the Kansas Act whose ceiling prices would, as a result of such change, be below the new required minimum prices. If the minimum prices for brands of cigarettes sold in Kansas on September 3, 1952, are decreased after that date pursuant to the

Kansas Act, ceiling prices of the sellers affected by paragraph 1 hereof shall be established at the new required minimum prices. However, where such lower minimum prices are below the ceiling prices in effect immediately prior to the date of this special order, these ceiling prices shall be in effect after such change in the minimum prices.

3. If new brands of cigarettes are sold in Kansas after September 3, 1952, the cigarette sellers subject to the Kansas Act who are unable to compute ceiling prices for the new brands pursuant to section 5 of the General Ceiling Price Regulation (because their comparison brands are not priced under section 3 of the General Ceiling Price Regulation but are priced under paragraph 1 or 2 of this special order) shall take as their ceiling prices for such new brands the minimum sales prices computed for them in accordance with the Kansas Act. These prices will be established as ceiling prices for such cigarette sellers upon the sending of a report by the Attorney General by registered mail to the Grocery Products Branch, Office of Price Stabilization, Washington 25, D. C. This report will set forth the brand names of the cigarettes and the minimum sales prices required to be charged for them in accordance with the Kansas Act and will indicate how these minimum prices were computed.

4. Nothing in this special order shall prevent a cigarette seller subject to the Kansas Act whose ceiling prices would be affected by the Attorney General's filing the report set forth in paragraph 2 or 3 hereof, from filing such report in his own behalf. The individual seller may use as his ceiling prices the minimum prices required by the Kansas Act upon his mailing of such report unless and until such seller is notified by the OPS that the reported prices are disapproved or that further information is required. In the event of a request for further information, the reported minimum prices shall not be used as ceiling prices until such further information is sent by registered mail to the Grocery Products Branch, Office of Price Stabilization, Washington 25, D. C.

5. As used in this special order, the term "Kansas Unfair Practices Act" means that Act as amended up to June 30, 1952 (General Statutes of Kansas, 1949, Sections 50-401 to 50-408, inclusive).

6. This special order or any provision hereof may be revoked, suspended, or amended by the Director of Price Stabilization.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This special order is effective November 14, 1952.

NOTE: The record-keeping and reporting requirements of this special order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Acting Director of Price Stabilization.

No. 223—2

[General Overriding Regulation 39]

GOR 39—CEILING PRICES ON STATE CONTROLLED SALES OF FLUID MILK PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong., Pub. Law 96, 82d Cong., Pub. Law 429, 82d Cong., Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this General Overriding Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This general overriding regulation makes the recent amendments to section 402 (d) (3) of the Defense Production Act pertaining to fluid milk self-executing. Basically, it provides that the prices fixed by State regulatory bodies for the sale of fluid milk products shall be the effective ceiling prices. Section 402 (d) (3) of the Defense Production Act of 1950, as amended, reads in part as follows:

Where a State regulatory body is authorized to establish minimum and/or maximum prices for sales of fluid milk, ceiling prices established for such sales under this title shall (1) not be less than the minimum prices, or (2) be equal to the maximum prices, established by such regulatory body, as the case may be: And, provided further, That in the case of prices of milk established by any State regulatory body, with respect to which price parties may be deemed to contract, no ceiling price may be maintained under this title which is less than the price so established.

The Office of Price Stabilization has carefully reviewed the statutes, common law, and regulations pertaining to this problem in the States having milk price control agencies. It appears that all of these State regulatory bodies are bound to establish prices which are at least as high as the level of ceiling prices required under the Defense Production Act. Moreover, a survey of representative markets shows that where these State regulatory bodies fix minimum resale prices, these prices are almost universally the actual market prices.

This regulation does not, however, fix these State prices as ceiling prices for every level of distribution. Thus, sales in bulk by producers are not covered because the legal minimum prices provided for producer sales in the Defense Production Act are in many instances higher than their State prices. State prices for sales in retail stores are not automatically made the ceiling prices because the pre-Korea margins for some retail stores, particularly small stores with credit and delivery facilities, sometimes appear to have been higher than these State minimum margins. Where the State price is higher than the ceiling prices determined under any other regulation, the State price becomes the applicable ceiling price. Finally, in a few isolated instances, these State prices are obsolescent because the State prices have not been revised for some time. It is believed that the delay between the issuance and effective dates of this regulation will enable the State regulatory bodies themselves to obviate this latter problem.

In short, this regulation provides that ceiling prices for sales of fluid milk products, except for bulk sales by producers, shall be the applicable State minimum, maximum, or implied contract prices. When these prices rise, the ceiling prices rise; when these prices decline, the ceiling prices decline. Implied contract prices refer to the State price schedules in effect in Georgia. Of course, for areas and milk products not covered by this regulation, the presently controlling GCPR or AMPR still apply.

FINDINGS OF THE DIRECTOR OF PRICE STABILIZATION

In the judgment of the Director of Price Stabilization, the ceiling prices established by this regulation are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that Act. Special circumstances have made it impracticable to consult with industry representatives, including trade association representatives, before the issuance of this regulation.

REGULATORY PROVISIONS

5. Incorporation of General Ceiling Price Regulation by reference.

AUTHORITY: Sections 1 to 5 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101-2110. E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 1950 Supp.

SECTION 1. What this regulation does. This regulation establishes ceiling prices for most sales of fluid milk products for which selling prices are validly fixed by State regulatory bodies pursuant to authority conferred on them by State statutes in effect on June 30, 1952. Producer-sales of bulk raw milk and farm-separated cream are excluded from the coverage of this regulation as well as any other OPS regulation. Sales of fluid milk products not subject to price limitations so fixed by a State regulatory body shall either remain subject to the General Ceiling Price Regulation (GCPR), as amended, or, to the extent that the GCPR is superseded by Area Milk Price Regulations (AMPR's), subject to those AMPR's.

Sec. 2. Ceiling prices established by this regulation. Until December 15, 1952, your ceiling price for the sale of a "fluid milk product," as defined in section 3 below, is the higher of your ceiling prices as determined under the GCPR or an AMPR, whichever is applicable, or as determined under the applicable paragraph of paragraphs (a), (b), or (c) of this section. After December 15, 1952, your ceiling price for the sale of a "fluid milk product" shall be determined solely in accordance with the following paragraphs of this section.

(a) **State minimum prices.** If you sell fluid milk products subject to minimum prices validly fixed by a State reg-

ulatory body under the provisions of a State statute in effect on June 30, 1952, your ceiling prices for sales of those products, are the applicable minimum prices so fixed.

(b) *State maximum prices.* If you sell fluid milk products subject to maximum prices validly fixed by a State regulatory body under the provision of a State statute in effect on June 30, 1952, your ceiling prices for sales of those products are the applicable maximum prices so fixed.

(c) *Implied contract prices.* If you sell fluid milk products subject to prices validly fixed by a State regulatory body under the provisions of a State statute in effect on June 30, 1952, with respect to which prices parties may be deemed to contract, your ceiling prices for sales of those products are the prices so fixed.

SEC. 3. Exemptions. This regulation does not apply to the following:

(a) Sales of fluid milk products by operators of retail stores, except to the extent that applicable State minimum, maximum, or implied contract prices are higher than ceiling prices established by other OPS regulations;

(b) Producer-sales of bulk raw milk and farm-separated cream.

SEC. 4. Definition. The term "fluid milk products" as used in this regulation means products of which cow's milk is an ingredient for which a State regulatory body prescribes selling prices pursuant to authority established under a State statute in effect on June 30, 1952. "Fluid milk products" does not include raw cow's milk or farm-separated cream when sold by the producer thereof.

SEC. 5. Incorporation of General Ceiling Price Regulation by reference. Each person subject to this regulation shall be subject to all of the provisions of the General Ceiling Price Regulation (or of any applicable AMPR) which are not inconsistent with the provisions of this regulation, including, but not limited to, the enforcement, penalty and record-keeping provisions thereof.

Effective date. This general overriding regulation is effective November 18, 1952.

TIGHE E. WOODS,
Director of Price Stabilization.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 3—VETERANS CLAIMS

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

MISCELLANEOUS AMENDMENTS

1. In Part 3, paragraphs (e), (m), and (o) of § 3.1 are amended to read as follows:

§ 3.1 *Persons included in the acts in addition to commissioned officers and enlisted men.* * * *

(e) *Commissioned officers, Public Health Service.* Officers of the Public Health Service who were detailed for duty with the Army or Navy are included as officers in the active service. On or after November 11, 1943, commissioned officers of the Public Health Service, regular and reserve, who (1) are detailed for duty with the Army, Navy, or Coast Guard; (2) are serving in time of war outside the continental limits of the United States or in Alaska, regardless of whether the disability or death was suffered prior or subsequent to November 11, 1943; *Provided however*, That benefits may not be awarded for any period prior to November 11, 1943; or (3) perform active service in time of war and following the issuance of an Executive order declaring the commissioned corps of the Public Health Service a part of the military forces of the United States are also included. In regard to subparagraph (3) of this paragraph, the Executive order was published on June 29, 1945, effective July 29, 1945. Hence, on and after the latter date and to and including July 3, 1952, the above-described commissioned officers of the Public Health Service, with respect to active service performed, shall be considered as in active military or naval service and included within the acts administered by the Veterans' Administration: *Provided however*, That if disability was incurred after July 25, 1947, and prior to May 11, 1951, the rates payable and criteria are those provided by Part II, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12). On and after May 11, 1951, the rates payable and criteria are those provided by Part I, Veterans Regulation 1 (a), as amended, including those who incurred disability after June 26, 1950. (Sec. 212, Public Law 410, 78th Congress; Public Law 28, 82d Congress; E. O. 9575, June 21, 1945; E. O. 10349, April 26, 1952; E. O. 10356, May 29, 1952; E. O. 10362, June 14, 1952; E. O. 10367, June 30, 1952).

(m) *Cadets and midshipmen.* Cadets and midshipmen (Army, Navy, and Coast Guard) suffering from disabilities incurred in the line of duty while assigned to duties constituting war service, which includes practice cruises at sea but excludes practice maneuvers at West Point, during the period of one of the hostilities enumerated in Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12) (limited in the case of the Coast Guard to service on or after January 28, 1915), or during service within the purview of Public Law 28, 82d Congress, are entitled to compensation for such disability at the rate provided in Part I, Veterans Regulation 1 (a), as amended, if otherwise entitled. Cadets and midshipmen (Army, Navy, and Coast Guard) who are disabled by reason of a wound or injury received or a disease contracted while pursuing the prescribed course of instruction at the academies and in line of duty (limited in the case of the Coast Guard to such courses of instruction on or after January 28, 1915) are entitled to compensation at the rate prescribed in Part II, Veterans Regulation 1 (a), if otherwise entitled. Midshipmen (Navy

and Coast Guard) assigned to practice cruises, or cadets or midshipmen otherwise actually assigned to active duty for a total of at least 90 days during a period of hostilities enumerated in Veterans Regulation 1 (a), as amended (limited in the case of the Coast Guard to service on or after January 28, 1915), or during service within the purview of Public Law 28, 82d Congress, who are now suffering from a disability permanent and total in degree, but which is not connected with any period of service, are entitled to a pension at the rate prescribed in Part III, Veterans Regulation 1 (a), if otherwise entitled. Service as a cadet at the United States Military Academy, or as a midshipman at the United States Naval Academy, or as a cadet at the United States Coast Guard Academy on or after December 7, 1941, and before 12 o'clock noon, December 31, 1946, shall be considered active military or naval service in World War II for the purposes of laws administered by the Veterans Administration. (Sec. 10, Public Law 144, 78th Congress.) However, such service on and after June 27, 1950, does not by virtue of Public Law 28, 82d Congress, confer entitlement to disability compensation at the rates provided by Part I, Veterans Regulation 1 (a), as amended.

(o) *Women citizens of the United States.* Women citizens of the United States who were taken from the United States by the United States Government and who served in base hospitals overseas, including reconstruction aides and stenographers who so served, are included for disability compensation purposes. However, such persons are not eligible for disability pension under Part III, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12).

(Sec. 1, 46 Stat. 847, sec. 4, 48 Stat. 9, 50 Stat. 305, sec. 304, 52 Stat. 1181, as amended, 53 Stat. 813, sec. 4, 54 Stat. 864, as amended, sec. 1, 211, 55 Stat. 598, 12, 56 Stat. 730, as amended 1072, sec. 2, 56 Stat. 1038, sec. 3, 10, 57 Stat. 371, 558, sec. 1, 2, 58 Stat. 324, sec. 2, 3, 212, 58 Stat. 569, 689, 60 Stat. 223, Vet. Reg. 1 (a), as amended, Vet. Reg. 10, as amended, Pub. Law 28, 82d Cong., E. O. 9575, 10 F. R. 7895, E. O. 8929, 6 F. R. 5581, E. O. 9666, 3 CFR 1945 Supp., E. O. 10349, Apr. 26, 1952, E. O. 10356, May 29, 1952, E. O. 10362, June 14, 1952, E. O. 10367, June 30, 1952; 5 U. S. C. 133a, note, 10 U. S. C. 336, 81 note, 14 U. S. C. 311, 33 U. S. C. 855a, 34 U. S. C. 855c, 855c-1, 857a, 38 U. S. C. 238, 238c-e, 704, 730, 745, ch. 12 note, 42 U. S. C. 213, 50 U. S. C. App. 1553, 1591, 1592)

2. Section 3.130 is revised to read as follows:

§ 3.130 *Statutory award for loss of use of creative organ.* Under the last paragraph of section 202 (3) of the World War Veterans' Act, as amended July 3, 1930, as reenacted by Public No. 141, 73d Congress, and as subsequently amended, any veteran shown to have suffered the loss of the use of a creative organ as the result of an injury received in the active service in line of duty between April 6, 1917, and November 11, 1918, shall be entitled to a statutory award of \$47 per month, independently of any other compensation which may be payable under said act: *Provided*

however, That if such disability was incurred while the veteran was serving with the United States military forces in Russia, the dates herein stated shall extend from April 6, 1917, to April 1, 1920. This statutory award shall be payable from the date the loss of the use of the creative organ is shown to exist, subject to the provisions of Part I, Veterans Regulation 2 (a) (38 U. S. C. ch. 12), and when payable shall be added to any other compensation payable to the veteran.

(Sec. 202, 43 Stat. 618, as amended, sec. 20, 48 Stat. 309, as amended, sec. 2, 60 Stat. 910, Pub. Law 427, 82d Cong.; 38 U. S. C. 471a-3, 473, 722)

3. In § 3.131, the headnote, introduction, paragraphs (b), and (f) are amended to read as follows:

§ 3.131 *Principles for determining entitlement to the statutory award for the anatomical loss or loss of use of a creative organ.* The following principles governing a rating as to entitlement to the statutory award provided by section 202 (3), World War Veterans' Act, 1924, as amended July 3, 1930, as reenacted by Public No. 141, 73d Congress, and as subsequently amended, or as provided by paragraph II (k), Parts I and II, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), for the "loss of use of a creative organ" will be observed:

(b) The loss being apparent or the loss of use having been properly demonstrated, the additional statutory award of \$47 monthly will be authorized when it is established by the official records of the service departments or other competent evidence that the loss or loss of use is the result of trauma (includes disease), and, as to the World War Veteran's Act, as amended, that it was incurred in the line of duty in the military service between the specified dates or had its inception in and therefore is directly attributable to disease incurred in the line of duty in the military service within the dates specified: *Provided moreover*, That the statutory award will not be granted under the World War Veterans' Act, as amended, when the antecedent disease is service-connected by statutory presumption. For the purposes of paragraph II (k), Parts I and II, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), the requirements of line of duty, incurrence (or aggravation) between specified dates, and the requirement of direct service connection as contrasted with service connection by statutory presumption do not apply.

(f) Cases wherein there is uncertainty as to whether the veteran is entitled to the statutory award for the loss or loss of use of a creative organ will be submitted to the director of the service concerned, central office, for determination.

(Sec. 202, 43 Stat. 618, as amended, sec. 20, 48 Stat. 309, as amended, sec. 2, 60 Stat. 910, Pub. Law 427, 82d Cong.; 38 U. S. C. 471a-3, 473, 722)

4. Section 3.132 is revised to read as follows:

§ 3.132 *Payment of statutory award of \$67 per month for arrested tuberculosis.* Under the third paragraph of section 202 (7), World War Veterans' Act, 1924, as amended July 2, 1926, as reenacted by Public No. 141, 73d Congress, and as subsequently amended, and under paragraph II (q), Part I or Part II, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), any veteran having had a service-connected active tuberculous disease of compensable degree, which has reached a condition of complete arrest, whose aggregate disabilities, including that resulting from tuberculosis, evaluated in percentage terms in accordance with the Schedule for Rating Disabilities, 1945 Edition, entitle him to a monthly award of compensation of less than \$67, shall be entitled to a statutory award of not less than \$67 per month as compensation in full for all disabilities, including that resulting from tuberculosis. However, for any period during which the veteran's disabilities, including that resulting from the tuberculous disease, evaluated in accordance with the Schedule for Rating Disabilities, 1945 Edition, entitled him to an aggregate award of \$67 or more per month, the provisions of this section regarding the statutory award for arrested tuberculosis will be met by awarding the veteran the amount determined in accordance with the schedule and extensions thereto. *Provided however*, That the statutory award under section 202 (3) of the World War Veterans' Act, 1924, as amended, is payable in addition to the statutory award for arrested tuberculosis under section 202 (7) thereof, where the loss or loss of use is due to tuberculosis. However, the special monthly compensation under subparagraph (k), paragraph II, Part I, Veterans Regulation 1 (a), as amended (or the corresponding peacetime rate), is not payable in addition to the award under subparagraph (q) thereof. The greater benefit is payable. In no event will disability compensation be awarded under subparagraph (q), paragraph II, Part I, Veterans Regulation 1 (a) (or the corresponding peacetime rate), prior to August 1, 1952.

(Sec. 202, 43 Stat. 618, as amended, sec. 20, 48 Stat. 309, as amended, sec. 2, 60 Stat. 910, Pub. Law 427, 82d Cong.; 38 U. S. C. 471a-3, 473, 480, 722)

5. In § 3.133, a new paragraph (d) is added as follows:

§ 3.133 *Effect of diagnoses of active tuberculosis.*

(d) When in a hospitalized case, a rating as permanently and totally disabled under Part III, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), on account of active pulmonary tuberculosis is in effect and there is a change in classification from active, the rating will be continued until discharge from the hospital. At hospital discharge, the narrative summary and the records in the claims folder will be examined to ascertain whether there is any evidence of active tuberculosis including any positive sputum in the past 6 months, and, if there is such evidence, reduction will be deferred pending examination in 6 months with absence of evidence of active tuberculosis during the period.

6. In § 3.135, paragraph (a) (1) is amended to read as follows:

§ 3.135 *Determination of "complete arrest" in tuberculosis.* (a) (1) The requirement for application of the statutory ratings authorized by section 2, Public Law 339, 81st Congress, or of the statutory award authorized by section 202 (7), World War Veterans' Act, 1924, as amended, as reenacted in part by Public No. 141, 73d Congress and by paragraph II (q), Part I, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), is "complete arrest" of the disease. For these purposes a veteran determined to have had active pulmonary tuberculosis will be held to have reached a condition of complete arrest when the diagnosis is other than active: *Provided*, That for a period of 6 months preceding the date of examination or hospital report, there has been no evidence of local or constitutional symptoms, or of an unstable lesion or cavity, or of tubercle bacilli in the sputum or gastric contents.

(Sec. 202, 43 Stat. 618, as amended, sec. 20, 48 Stat. 309, as amended, sec. 27, 48 Stat. 524, 60 Stat. 319, sec. 2, 63 Stat. 732, Pub. Law 427, 82d Cong.; 38 U. S. C. 471a, 480, 722, 736-738, ch. 12 note)

7. Section 3.136 is revised to read as follows:

§ 3.136 *Rating of arrest in nonpulmonary tuberculosis.* Disabilities in different body parts or organs resulting from arrested tuberculosis will be separately evaluated and combined for rating purposes in accordance with the Schedule of Disability Ratings, 1945, and extensions thereto. The rating of disability from nonpulmonary forms of arrested tuberculosis will be in accordance with the terms of the Schedule of Disability Ratings, 1945, and extensions thereto, as applied to resulting ankylosis, limitations of motion of joints, degree of fixation or angulation of the vertebral column, etc. Where, by surgical intervention, it has been possible completely to extirpate a tuberculosis focus, as in nephrectomy, adenectomy, orchidectomy, amputation of a part, etc., leaving no other tuberculosis focus, the rating and statutory award of not less than \$67 per month for arrested tuberculosis will be applicable in accordance with the foregoing.

(Sec. 202, 43 Stat. 618, as amended, sec. 2, 60 Stat. 910, Pub. Law 427, 82d Cong.; 38 U. S. C. 471a-3, 480)

8. Section 3.150 is revised to read as follows:

§ 3.150 *General principles as to effective disability evaluations under the Schedule for Rating Disabilities, 1945 Edition.* Within the limits mentioned in §§ 3.148 and 3.149, the question of evaluating disabilities based on applications for monetary benefits must be determined on the facts in the individual case for consideration. If the disability is static in nature and the information in connection therewith furnished in the VA Form 8-526 or in the service records (claim filed within 1 year from date of discharge) is substantiated by a subsequent examination, the percentage

RULES AND REGULATIONS

evaluations in accordance with the terms of the rating schedule will be applicable from the date of claim or date following date of discharge. Where the disease or injury is not static in nature but is disclosed on examination within such a reasonable time after the filing of the claim or date of discharge from service (claim filed within 1 year from date of discharge) that the exercise of sound medical judgment would permit a determination that the condition was existent at the time the claim was filed, or at the time of discharge, the effective date of the evaluations assigned in accordance with the terms of the rating schedule will be the date of claim or the date following the date of discharge. Accordingly, when in the exercise of sound medical judgment the evidence is considered sufficient to establish an evaluation of the disability from the date of the original application, or date of discharge from the service (claim filed within 1 year of discharge), an appropriate rating will be made and payments authorized effective from the date of application, or date of discharge, if otherwise in order.

9. In § 3.155, paragraph (e) is amended to read as follows:

§ 3.155 *Combined ratings.* * * *

(e) The statutory allowance provided by section 202 (3), World War Veterans' Act, 1924, as amended, and reenacted by Public No. 141, 73d Congress, even though predicated upon a no percent rating under the 1925 Schedule of Disability Ratings, may be added to the compensation payable for disability incurred in a peacetime enlistment or in World War II and paid as one award. Where there is entitlement under the cited section of the World War Veterans' Act, and also entitlement under subparagraphs (k) through (p), paragraph II, Part I, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), to a special monthly allowance for one of the other conditions enumerated therein, additional compensation of \$47 monthly will be awarded under Public No. 141, 73d Congress. However, if there is no entitlement under section 202 (3), only one statutory award or special allowance may be authorized.

(Sec. 202, 43 Stat. 618, as amended, sec. 20, 48 Stat. 309, as amended, sec. 1, 62 Stat. 1219, as amended, Vet. Reg. 1 (a), as amended, Pub. Law 427, 82d Cong.; 38 U. S. C. 473, 489, 722, 740, ch. 12)

10. In § 3.235, paragraphs (b) (1) and (3), (c), and (d) are amended to read as follows:

§ 3.235 *Statutory awards, section 202, World War Veterans' Act, 1924, as amended, as reenacted by Public No. 141, 73d Congress.* The statutory awards provided in section 202 of the World War Veterans' Act, 1924, as amended, are payable under section 27 or 28, Title III, Public No. 141, 73d Congress, as follows:

(b) Under section 202 (3):

(1) First paragraph, the statutory rates for specified conditions as provided therein and as amended.

(3) Third paragraph, the additional compensation of \$47 monthly for the loss of the use of a creative organ or for the loss of the use of one or more feet or hands, independent of any other compensation (Public No. 866, 76th Congress and Public Law 662, 79th Congress and Public Law 427, 82d Congress).

(c) Under section 202 (5) an allowance not exceeding \$67 per month for a nurse or attendant.

(d) Under section 202 (7), an award of not less than \$67 per month to a person shown to have had an active tuberculous disease of a compensable degree which has reached a condition of complete arrest; and compensation under the minimum rating of 25 percent for arrested or apparently cured tuberculosis.

(Sec. 202, 43 Stat. 618, as amended, sec. 20, 48 Stat. 309, as amended, sec. 27, 48 Stat. 524, sec. 2, 60 Stat. 910, Pub. Law 427, 82d Cong.; 38 U. S. C. 471a, 471a-3, 473, 476, 478, 480, 722)

11. In § 3.236, the title and paragraphs (a), (b) (2), (c) (1), (2), and (3), and (d) are amended to read as follows:

§ 3.236 *Special monthly compensation specified by or fixed pursuant to paragraph II, Parts I and II, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), as amended by Public Laws 182, 659, and 662, 79th Congress, and Public Law 427, 82d Congress—(a) Special monthly compensation provided by paragraph II (k), Part I, or the corresponding peacetime rate provided by paragraph II, Part II.* The special monthly compensation provided by paragraph II (k), Part I, or the corresponding peacetime rate is applicable but once in any one case, when payable in addition to the compensation provided in paragraph II (a) to (j), Part I, or the corresponding peacetime rate. In other words, if the veteran has suffered the anatomical loss of one eye and one hand, his monthly compensation under Public No. 2, 73d Congress, as amended, will be increased by \$47 and not by \$94 or by \$37.60 and not by \$75.20, if the disabilities were incurred in wartime service or peacetime service, respectively. The additional allowance may be based upon an anatomical loss or loss of use included in the requirements for the basic rate. The additional allowances under paragraph II (k), Part I, or the corresponding peacetime rate are now payable in addition to compensation payable under paragraph II (l) to (n), Part I, or the corresponding peacetime rate, and such additional allowance is payable for each anatomical loss, loss of use, or blindness of one eye having only light perception, when existing in addition to the requirements for these basic rates, provided the total does not exceed \$400 in Part I cases, independent of additional compensation for dependents provided by section 1, Public Law 877, 80th Congress, as amended, or \$320 in Part II cases, independent of additional compensation for dependents provided by section 2, Public Law 877, 80th Congress, as amended. For example, a war veteran who has suffered the loss of use of both hands, one foot, and one eye (light perception only) will be compensated at \$266 plus two allowances of \$47 each

or \$360 under the second part of paragraph II (k), Part I.

(b) *Helplessness.* * * *

(2) The rate of \$313 provided under paragraph II (m), Part I, on account of helplessness requiring regular aid and attendance applies only in cases entitled on account of blindness of both eyes. A veteran having suffered the loss, or loss of use, of both hands, feet, or one hand and one foot, and having no other compensable disability will be rated according to the level of amputation or loss of use. Entitlement to a higher rate on account of helplessness requiring regular aid and attendance must be based on such need resulting from pathology other than the anatomical loss or loss of use of two extremities. When so based, i. e., upon pathology other than the anatomical loss or loss of use of two extremities, the rate will uniformly be \$400 (or \$320) monthly.

(c) *Intermediate rates fixed pursuant to law.* The authority contained in paragraph II (p), Part I, or the corresponding peacetime rate to allow the next higher rate or an intermediate rate will be administered as follows:

(1) With the anatomical loss, or loss of use, of one hand or one foot, and anatomical loss, or loss of use, of another extremity at a level or with complications preventing natural elbow or knee action with prosthesis in place, the rate will be \$290 (or \$232.00), and with additional disability (single permanent disabilities or combinations of permanent disabilities with the usual prohibition against pyramiding) independently ratable at 50 percent or more, the rate will be \$313 (or \$250.40), or with additional disability (single disabilities of permanent nature) independently ratable apart from any consideration of individual unemployability, at 100 percent, the rate will be \$333 (or \$266.40).

(2) With the anatomical loss, or loss of use, of one extremity at a level or with complications preventing natural elbow or knee action with prosthesis in place, and the anatomical loss of another extremity so near the shoulder or hip as to prevent the use of a prosthetic appliance, the rate will be \$333 (or \$266.40), and with additional disability (single permanent disabilities or combinations of permanent disabilities with the usual prohibition against pyramiding) independently ratable at 50 percent or more, the rate will be \$353 (or \$282.40), or with additional disability (single disabilities of permanent nature) independently ratable apart from any consideration of individual unemployability, at 100 percent, the rate will be \$377 (or \$301.60).

(3) With the anatomical loss, or loss of use, of one hand or one foot, and the anatomical loss of another extremity so near the shoulder or hip as to prevent the use of a prosthetic appliance, the rate will be \$313 (or \$250.40), and with additional disability (single permanent disabilities or combinations of permanent disabilities with the usual prohibition against pyramiding) independently ratable at 50 percent or more, the rate will be \$333 (or \$266.40), or with additional disability (single disabilities of permanent nature) independently ratable

apart from any consideration of individual unemployability, at 100 percent, the rate will be \$353 (or \$282.40).

(d) *Ratings for specific conditions—*

(1) *Rating of binocular blindness of different degrees.* (i) With blindness of one eye with 5/200 visual acuity or less and blindness of the other eye having only light perception, the rate will be \$250 (or \$232.00), and with additional disability (single permanent disabilities or combinations of permanent disabilities with the usual prohibition against pyramiding) independently ratable at 50 percent or more, the rate will be \$313 (or \$250.40), or with additional disability (single disabilities of permanent nature) independently ratable apart from any consideration of individual unemployability, at 100 percent, the rate will be \$333 (or \$266.40).

(ii) With blindness of one eye having only light perception and anatomical loss, or blindness, having no light perception accompanied by phthisis bulbi, eversion, or other obvious deformity or disfigurement, of the other eye, the rate will be \$333 (or \$266.40), and with additional disability (single permanent disabilities or combinations of permanent disabilities with the usual prohibition against pyramiding) independently ratable at 50 percent or more, the rate will be \$353 (or \$282.40), or with additional disability (single disabilities of permanent nature) independently ratable apart from any consideration of individual unemployability, at 100 percent, the rate will be \$377 (or \$301.60).

(iii) With blindness of one eye having 5/200 visual acuity or less and anatomical loss, or blindness, having no light perception accompanied by phthisis bulbi, eversion, or other obvious deformity or disfigurement, of the other eye, the rate will be \$313 (or \$250.40), and with additional disability (single permanent disabilities or combinations of permanent disabilities with the usual prohibition against pyramiding) independently ratable at 50 percent or more, the rate will be \$333 (or \$266.40), or with additional disability (single disabilities of permanent nature) independently ratable apart from any consideration of individual unemployability, at 100 percent, the rate will be \$353 (or \$282.40).

(2) *Rating of blindness of both eyes having no light perception.* The rate under paragraph II (n), Part I, or the corresponding peacetime rate, \$353 (or \$282.40) per month, will be assigned when there is a total blindness of both eyes having no light perception accompanied by phthisis bulbi, eversion, or other obvious deformity or disfigurement, and with additional disability (single permanent disabilities or combinations of permanent disabilities with the usual prohibition against pyramiding) independently ratable at 50 percent or more, the rate will be \$377 (or \$301.60), or with additional disability (single disabilities of permanent nature) independently ratable apart from any consideration of individual unemployability, at 100 percent, the rate will be \$400 (or \$320).

(3) *Entitlement under paragraph II (o), Part I, or the corresponding peacetime rate.* Entitlement to the maximum rate of \$400 (or \$320) per month on account of entitlement to two of the rates provided in one or more of subparagraphs (1) to (n), inclusive, paragraph II, Part I, or the corresponding peacetime rate, must be based upon separate and distinct disabilities so entitling.

If the loss, or loss of use, of two extremities or being permanently bedridden renders the person helpless, increase to \$400 (or \$320) per month is not in order on account of this helplessness. Under no circumstances will the combination of "being permanently bedridden" and "being so helpless as to require regular aid and attendance" without separate and distinct anatomical loss, or loss of use, of two extremities, or blindness, be taken as entitling to \$400 (or \$320) per month. The fact, however, that two separate and distinct entitling disabilities, such as anatomical loss, or loss of use, of both hands and of both feet, result from a common etiological agent, for example, one injury or rheumatoid arthritis, will not preclude entitlement to the maximum rate.

(Par. II, Parts I and II, Vet. Reg. 1 (a), as amended, sec. 2, 60 Stat. 910, Pub. Law 427, 82d Cong.; 38 U. S. C. 471a-3, ch. 12)

12. In § 3.237, paragraphs (a) and (b) (1), (4), (5), (6), and (7) are amended to read as follows:

§ 3.237 *Additional allowance or increased compensation or pension for nurse and attendant and adjustment of awards during institutionalization—*(a) *General.* If and while a veteran is so helpless on account of a service-connected compensable condition or non-service-connected condition as to be in need of a nurse or attendant or regular aid and attendance (see §§ 3.176, 3.177, and 3.178), there will be allowed in addition to the compensation payable under Title III, Public No. 141, 73d Congress, as amended, the sum of \$67 per month or an increased statutory rate under Public No. 2, 73d Congress, as amended, or under Public Law 149, 82d Congress, as amended.

(b) *Reductions during hospitalization.* Where a veteran in receipt of additional or increased compensation or pension based upon the need for a nurse or attendant, or regular aid and attendance, other than on account of transverse myelitis or paraplegia involving paralysis of both lower extremities together with loss of anal and bladder sphincter control, or on account of Hansen's disease, is being furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration and is being furnished with nursing or attendant's service, the award of compensation or pension will be the amount authorized by the rating decision exclusive of any additional or increased amount on account of the need for a nurse or attendant, or regular aid and attendance. In the excepted cases a uniform rate of \$400 (\$320 or \$129) per month will be maintained, without deduction on account of being furnished aid and attendance in kind. Due to the different

additional amounts to which veterans may be entitled under Public Law 182, 79th Congress, as amended, on account of helplessness requiring regular aid and attendance, and consequent different amounts of reductions when being furnished regular aid and attendance in kind, when institutionalized by the Veterans' Administration, it is necessary to give careful attention to the exact basis of entitlement:

(1) The general rule as to reductions of special monthly compensation of \$266 (or \$212.80) per month or more or pension of \$129 monthly based upon the need for regular aid and attendance when the veteran is being furnished nursing or attendant's service while receiving hospital treatment, institutional or domiciliary care by the Veterans' Administration is that reduction will be in the additional amount based upon the need for regular aid or attendance. When the pension is being paid under Public Law 149, 82d Congress, the award will be the basic \$63 or \$75 monthly rate authorized by the rating decision exclusive of the additional amount on account of the need of regular aid and attendance. Corrected visual acuity of 5/200 or less, both eyes, or concentric contraction of the visual field to 5 degrees or less, qualifies for the \$129 rate without a showing of the need for aid and attendance. There will be no reduction thereof on account of institutionalization by the Veterans' Administration.

(4) The reduction in the case of a veteran entitled only under paragraph II (1), Part I, or the corresponding peacetime rate, on account of helplessness will be in the amount of \$93.50 (or \$74.80).

(5) When any veteran is entitled to one of the rates under paragraph II (1), (m), or (n), Part I, or the corresponding peacetime rate, by reason of anatomical losses or losses of use of extremities, blindness, having 5/200 visual acuity or less, or anatomical loss of both eyes, and is also entitled to another rate under paragraph II (1), Part I, or the corresponding peacetime rate, on account of being so helpless as to be in need of regular aid and attendance, no condition being considered twice in the determination, the rate of pension while not being maintained and furnished aid and attendance in kind will be \$400 (or \$320) per month. This amount is subject to reduction to \$313 (or \$250.40) or \$353 (or \$282.40) per month according to which the veteran is entitled apart from helplessness. No case will arise in which reduction from \$400 to \$266 will be in order, for the reason that the condition entitling to the second rate on account of rendering the person helpless will necessarily be totally disabling, thus entitling, if the basic entitlement is under paragraph II (1) or (m), Part I, or the corresponding peacetime rate, to one of the rates specified in the preceding sentence. Note that if the basic entitlement is under paragraph II (n), Part I, or the corresponding peacetime rate, the additional disability rendering the person helpless is necessarily ratable at 100 percent; consequently, the rate of pension will be \$400 (or \$320) per month whether

or not being furnished aid and attendance in kind.

(6) In the special case of entitlement under paragraph II (m), Part I, or the corresponding peacetime rate, only on account of blindness of both eyes, rendering him so helpless as to be in need of regular aid and attendance, the reduction will be \$47 (or \$37.60) per month.

(7) Additional pension of \$47 (or \$37.60) per month under paragraph II (k), Part I, or the corresponding peacetime rate, or on account of 50 percent disability or 100 percent disability in excess of the conditions entitling under paragraph II (l), (m), or (n), Part I, or the corresponding peacetime rate, is not subject to reduction on account of being furnished nursing or attendant's service.

The reduced rate of compensation or pension in such instances will be effective as of the beginning of the maintenance of the disabled veteran in an institution by the Veterans' Administration. The compensation or pension in all cases contemplated herein is subject to the limitations contained in § 3.255.

13. In § 3.310, the introduction and paragraph (d) are amended to read as follows:

§ 3.310 *Apportionments authorized.* Disability pension, disability compensation (including additional compensation for dependents provided by Public Law 877, 80th Congress, as amended by section 4, Public Law 339, 81st Congress), emergency officers retirement pay, and on and after October 17, 1940, service pension and pension for service prior to April 21, 1898, amounting to more than \$31.50 monthly, will be apportioned according to the table provided in § 3.311, except where otherwise authorized or provided in this section.

(d) In those cases where an incompetent veteran with a wife, child, or dependent parent, and for whom no guardian or other legal fiduciary has been appointed, is maintained in an institution by the United States or a political subdivision thereof, the disability pension payable under Part III, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), unless paid in the discretion of the Administrator to the wife of such veteran for the use of the veteran and his dependents, will be apportioned, if otherwise in order, in accordance with the schedule set out in this paragraph. Prior to authorizing an apportionment of disability pension as provided in this section adequate development will be accomplished for the purpose of determining the need therefor, and the evidence to establish the marital status, relationship, and dependency in the case of a parent, will be secured. In any case where there is doubt as to the propriety of the contemplated action or where, after all feasibly available evidence is secured, there is doubt as to the marital status or relationship, the case will be submitted, together with a full statement of the pertinent facts, to the director, veterans claims service, central office, for an advisory opinion or such other action as may be deemed appropriate.

Where there is (are)—

A wife but no child or where all children are in her custody, portion to wife, \$53.40 monthly.

A child but no wife, portion for child, \$42.60 monthly.

Two or more children but no wife, portion for children (to be divided equally between them), \$53.40 monthly.

A dependent parent but no wife or child, portion for parent, \$42.60 monthly.

Two dependent parents but no wife or child, portion for parents (to be divided equally between them), \$53.40 monthly.

Any increase in pension by reason of the veteran having attained the age of 65, having been rated permanently and totally disabled and in receipt of or having qualified for pension under Public Law 149, 82d Congress, as amended, pension for a continuous period of 10 years or more will be added to the amount allowed the dependents as hereinabove described. There will be paid to the manager, if a Veterans' Administration hospital or center, or such other proper official in charge of the institution any sum remaining unawarded. When the apportionments provided in this section are believed to work a hardship upon one or more parties in interest, recourse then may be had to the provisions of § 3.315 for a special apportionment under the approved procedure relating thereto. Running awards not consistent with the foregoing provisions will not be automatically reviewed for such purpose but will be adjusted when the particular case otherwise requires award action.

14. In § 3.311, paragraphs (c) and (d) are amended to read as follows:

§ 3.311 *Table of apportionments.*

(c) Where the evidence of record shows that the veteran and his wife are separated, the whereabouts of the wife is unknown, and all reasonable means to locate the wife have been unsuccessful or where she states in writing that she desires no share of the award, or fails for 90 days or more to respond to correspondence from the Veterans' Administration informing her of her rights, which is not returned unclaimed, there will be no apportionment on her account except that amount authorized by Public Law 877, 80th Congress, as amended by section 4, Public Law 339, 81st Congress, to be paid on her account at such time as her whereabouts may be ascertained. If there are children not in the veteran's custody, the award will be apportioned according to the table provided in paragraph (a) of this section on the basis of the disabled person and child or children until such time as the whereabouts of the wife may be ascertained or she expresses a desire to claim her share of the award. In such event the award will be reapportioned on the basis of the disabled person, wife, and child or children.

(d) That part of the benefit which is payable to a veteran under Public Law 877, 80th Congress, as amended by section 4, Public Law 339, 81st Congress, by virtue of his having a dependent father or mother, or both, will be apportioned and paid directly to the dependent when it appears that the claimant has

neglected or refused to contribute to his, her, or their support in substantially the amount which he, she, or they would receive if apportionment were made: *Provided*, That no apportionment will be made where the duly appointed guardian under orders of the court of appointment makes or has made like contribution for the support of the parent or parents (sec. 1 (B), Public Law 662, 79th Congress).

(Sec. 3, 54 Stat. 1195, sec. 1, 60 Stat. 908, secs. 1, 2, 62 Stat. 1219, as amended; 38 U. S. C. 49a, 739, 740, 741)

15. In § 3.312, paragraphs (a), (b) (1), (e), and (g) are amended to read as follows:

§ 3.312 *Apportionment not authorized.* No apportionment will be authorized:

(a) Where the wife of a disabled person has been found guilty of conjugal infidelity by a court of competent jurisdiction, except the additional amounts specifically authorized by Public Law 877, 80th Congress, as amended by section 4, Public Law 339, 81st Congress, to be paid on her account.

(b) (1) Where the child of the disabled person has been legally adopted other than by the disabled person, except the additional amount specifically authorized by Public Law 877, 80th Congress, as amended by section 4, Public Law 339, 81st Congress, to be paid on account of the child. This provision is not applicable to death benefits.

(e) Under § 3.310, where the monetary benefit payable is \$31.50 monthly or less.

(g) Of the additional amount authorized by the last paragraph of section 202 (3) or section 202 (5), World War Veterans' Act, 1924, as amended, or the additional amount payable under paragraph II (k), Part I, Veterans Regulation 1 (a), as amended, or the corresponding peacetime rate; or in those cases where an amount in excess of that provided for total disability is payable, of any amount in excess of the rate prescribed for total disability. Where pension is being paid under Public No. 323, 71st Congress (act of June 9, 1930), as amended, no amount in excess of \$96.75 monthly will be subject to apportionment, and where pension is being paid under Public No. 299, 71st Congress (act of June 2, 1930), as amended, or under Public No. 541, 75th Congress, as amended, no amount in excess of \$96.75 monthly will be subject to apportionment.

16. In Part 4, § 4.55 (a) is amended to read as follows:

§ 4.55 *Contested claims—(a) Scope of term.* The provisions of this section are applicable to claims filed by two or more persons for the same death benefit where the allowance of one claim would necessitate disallowance of the other claim, and one claimant contests the allowance of that benefit to the other claimant. A contest arises automatically upon the filing of two claims alleging legal widowhood, and claims by two or more persons alleging to have been the last in the same parental line to have stood in place of

a parent to the veteran. A contest also arises when there is received a protest from one claimant or payee against the allowance of the benefit to another claimant or payee where the allowance of the second claim would affect payments to the first claimant. This includes, but is not limited to, contests arising when one parent protests the allowance of the same benefit to a parent in the other parental line and claims for accrued where the person who seeks reimbursement for expenses of last sickness and burial alleges that a person claiming the accrued on the basis of relationship did not bear the relationship claimed.

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707)

This regulation is effective November 13, 1952.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[26 CFR Part 29]

INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

EXCLUSION FROM GROSS INCOME OF CERTAIN DEATH BENEFITS PAID BY EMPLOYERS AND TO TAXABILITY OF JOINT AND SURVIVOR ANNUITIES, RESPECTIVELY

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the *FEDERAL REGISTER*. The proposed regulations are to be issued under the authority contained in sections 62 and 3791 of the Internal Revenue Code (53 Stat. 32, 467; 26 U. S. C. 62, 3791).

[SEAL]

JUSTIN F. WINKLE,
Acting Commissioner of
Internal Revenue.

In order to conform Regulations 111 (26 CFR Part 29) to sections 302 and 303 of the Revenue Act of 1951, approved October 20, 1951, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 29.22 (b) (1)-1 the following:

SEC. 302. PAYMENTS TO BENEFICIARIES OF DECEASED EMPLOYEES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) Amendment of section 22 (b) (1). Section 22 (b) (1) (relating to exclusion of life insurance proceeds from gross income) is hereby amended to read as follows:

(1) *Life insurance, etc.* Amounts received—

(A) Under a life insurance contract, paid by reason of the death of the insured; or

(B) Under a contract of an employer providing for the payment of such amounts to the beneficiaries of an employee, paid by reason of the death of the employee;

whether in a single sum or otherwise (but if such amounts are held by the insurer, or the employer, under an agreement to pay interest thereon, the interest payments shall be included in gross income). The aggregate of the amounts excludible under subparagraph (B) by all the beneficiaries of the employee under all such contracts of any one employer may not exceed \$5,000.

(b) *Effective date.* The amendment made by this section shall be applicable with respect to taxable years beginning after December 31, 1950.

PAR. 2. Immediately following § 29.22 (b) (1)-1, as amended by Treasury Decision 5515, approved May 16, 1946, there is inserted the following new section which represents the basic provisions of regulations regarding the interpretation of section 302 of the Revenue Act of 1951:

§ 29.22 (b) (1)-2 *Death payment by employer; amounts paid by reason of the death of an employee.* (a) Amounts, not in excess of \$5,000, paid by an employer in pursuance of an express contract to the estate or to a beneficiary (individual, partnership, or corporation) of an employee by reason of the employee's death shall be excluded from the gross

income of such beneficiary if received during a taxable year beginning after December 31, 1950. Where such death payments are made by more than one employer, including former employers of the decedent, the \$5,000 exclusion applies to the total payments made by each employer or former employer of the decedent. Where the aggregate payments by an employer, under an express contract, to the beneficiaries of the deceased employee exceed \$5,000, the \$5,000 exclusion shall be proportioned among the beneficiaries in the same proportion as the amount payable to or received by each under such contract bears to the total death payment the employer is contractually obligated to make. It is immaterial whether the proceeds are received in a single sum or otherwise. If, however, the proceeds are held by an employer under an agreement to pay interest thereon, the interest payment must be included in gross income.

Example. The M Corporation, the employer of A, who died on November 30, 1950, was liable under an express contract to pay a death payment of \$15,000 to the beneficiaries of A, to be distributed as follows: \$5,000 to the widow of A; \$2,500 each to the parents of A; and \$1,000 each to five children of A. Each of the beneficiaries of A, except his widow, received such payment in a lump sum in January 1951. The widow of A elected to receive her share of the death payment in monthly installments of \$100 beginning with the month of January 1951. All of the beneficiaries filed income tax returns on a calendar year basis. Apportioning the \$5,000 exclusion in the same proportions as the total death payment the employer is contractually obligated to make, the widow of A shall exclude \$1,666.67 of the monthly payments made to her (one-third of \$5,000); each of A's parents shall exclude \$833.33 of their death payment (one-sixth of \$5,000);

and each of the five children shall exclude \$333.33 (one-fifteenth of \$5,000). In the case of the widow, \$1,200 of her monthly payments shall be excluded from her income tax return for the year 1951 and the balance of \$466.67 from her return for the year 1952.

(b) Where a payment is made on account of the death of an employee by a welfare fund or a trust, including a pension trust exempt under section 165 (a), in pursuance of an agreement entered into by an employer of the deceased employee, the payment shall be considered to have been made by the employer for the purpose of this section. Any part of a death payment which is attributable to the contributions of the employee shall be disregarded in determining the amount paid by an employer.

(c) An express contract requiring payment by an employer to the beneficiaries of a deceased employee by reason of the latter's death shall be deemed to exist only if (1) the employer and employee had entered into a written contract, not revoked before the employee's death, which required such payment or (2) the employer had an established plan (or program having the effect of a plan) making provision for such payments in the case of his employees generally, or for a class or classes of his employees. In the latter case, the contract will be deemed to exist between the employer and the members of the class or classes of employees to whom the plan applies, provided such plan had been communicated to such employees and had not been rescinded prior to the death of the employee to whom the particular death payment relates.

(d) The exclusion from gross income provided by this section is limited solely to those amounts paid by or on behalf of an employer which, by the terms of the contract with the employee or by the provisions of the plan providing for such payments, are specifically designated and intended as a death benefit, paid only by reason of the death of the employee, in an amount determined without reference to any reserve or liability for other benefits which might be provided by the plan or contract. The exclusion does not apply to payments to a survivor or estate of a deceased employee under a plan or contract of amounts primarily intended to be used to provide benefits for the employee himself at some future time if he had lived. For example, the exclusion does not apply to distributions of profits, as such, made to a beneficiary of a deceased employee which were accumulated for payment to the employee under a profit-sharing plan. Also, the exclusion does not apply to amounts paid by or on behalf of an employer to the survivor of a deceased retired employee as a survivor's annuity. Another example of a type of payment to which the exclusion does not apply is the payment to a beneficiary of a deceased employee of an amount representing the value of the unused leave of the employee.

PAR. 3. There is inserted immediately preceding § 29.22 (b) (2)-1 the following provisions of the Revenue Act of 1951:

SEC. 303. JOINT AND SURVIVOR ANNUITIES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) Amendment of section 22 (b) (2). Section 22 (b) (2) is amended by adding at the end thereof the following new subparagraph:

(C) Joint and survivor annuities. For purposes of subparagraphs (A) and (B) of this paragraph, where amounts are received by a surviving annuitant under a joint and survivor's annuity contract and the basis of such survivor annuitant's interest is determined under section 113 (a) (5) the consideration paid for such survivor's annuity shall be considered to be an amount equal to such basis.

(c) Effective dates. The amendments made by this section shall be applicable to taxable years ending after December 31, 1950.

PAR. 4. Section 29.22 (b) (2)-2, as amended by Treasury Decision 5684, approved January 7, 1949, is further amended as follows:

(A) By inserting immediately after paragraph (a) the following undesignated paragraph:

If, in the case of amounts received under a joint and survivor's annuity, the value of any part of the survivor's interest is required to be included in the gross estate of a decedent annuitant dying after December 31, 1950, under the provisions of section 811 (whether or not such estate exceeds \$60,000 so as to require the filing of an estate-tax return under section 821 (a) (1)), the basis of such interest to the survivor annuitant is considered to be the value of the life annuity to the survivor at the time of the decedent's death as determined under section 113 (a) (5). Such valuation shall be substituted, effective upon the date of death of the first annuitant, in lieu of the consideration previously used, if any, for purposes of determining the taxable amounts of the annuity payments received after such date of death. Likewise, the amount of consideration determined in accordance with this rule shall, with respect to survivor annuity payments made after the death of the first annuitant, be substituted for the amount of consideration, if any, that may be recovered without inclusion in gross income.

(B) By adding the following examples after example (3) thereof:

Example (4). H and W on August 1, 1947, each contributed \$90,000 toward the purchase of a joint and survivor's annuity of \$12,000 a year, payable in monthly installments. On August 15, 1952, H died. There is includible in his estate under the provisions of section 811 the amount of \$30,000 attributable to the decedent's interest in the annuity contract. The value of the annuity payments to be received by W subsequent to H's death (i. e., the cost of providing an annuity of \$12,000 a year during the remaining life of W) is determined, under the provisions of section 113 (a) (5), to be \$60,000. This amount is deemed to be the consideration paid by W, effective August 15, 1952, for the annuity payments to be received by her subsequent to that date. Therefore, of the monthly payments made to W following H's death, W shall include the sum of \$150, being such portion of the installment as is not in excess of 3 percent of \$60,000 (the consideration deemed to have been paid) divided by

12. The full amount of the annuity will not become includible in gross income until \$60,000 shall have been recovered.

Example (5). H, an employee of the M Corporation, retired on January 1, 1952. Under the company's retirement plan H was entitled, upon retirement, to elect to receive a life annuity of \$2,400 annually or a reduced annuity with a provision that his wife would receive \$1,200 annually during her lifetime if he should predecease her. The M Corporation inaugurated its retirement plan in 1949 and paid the entire cost of all annuities. H elected to take the reduced annuity. He died on November 1, 1952, and thereafter his wife W received \$1,200 annually in equal monthly installments. By reason of H's election to accept a reduced annuity with survivor payments for his widow, there is includible in his estate under the provisions of section 811 the amount of \$12,000. This is the same valuation, as determined under section 113 (a) (5), placed on the annuity payments receivable by W subsequent to H's death. Therefore, W shall include in her gross income with respect to each monthly annuity payment received subsequent to November 1, 1952, the sum of \$30, being such portion of the installment as is not in excess of 3 percent of \$12,000 (the consideration deemed to have been paid) divided by 12. The full amount of the annuity payments will not become includible in gross income until \$12,000 of the annuity payments received after H's death shall have been excluded from income. It is immaterial that H had no cost basis with respect to his annuity and had to include the full amount thereof in his gross income.

PAR. 5. Section 29.22 (b) (2)-5, as amended by Treasury Decision 5853, approved August 29, 1951, is further amended by striking the first sentence of paragraph (c) thereof and substituting the following: "Except as provided in § 29.22 (b) (2)-2 with respect to joint and survivor annuity payments received subsequent to the death of an annuitant who died after December 31, 1950, if upon the death of a retired employee, the widow or other beneficiary of such retired employee is paid, in accordance with the terms of the annuity contract relating to the deceased employee, an annuity or other death benefit, the amounts received by or made available to her shall be included in her income to the extent that they would have been included in the income of the deceased employee had he lived and received such payments."

PAR. 6. There is inserted immediately preceding § 29.113 (a) (5)-1 the following:

SEC. 303. JOINT AND SURVIVOR ANNUITIES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(b) Amendment of section 113 (a) (5). Section 113 (a) (5) is amended by adding at the end thereof the following: "For the purposes of this paragraph, the survivor's interest in a joint and survivor's annuity shall be considered to be property 'acquired by bequest, devise, or inheritance' from the decedent if the death of the decedent was after December 31, 1950, and if the value of any part of such interest was required to be included in determining the value of the decedent's gross estate under section 811."

(c) Effective dates. The amendments made by this section shall be applicable to taxable years ending after December 31, 1950.

PAR. 7. Section 29.113 (a) (5)-1, as amended by Treasury Decision 5687, ap-

proved February 16, 1949, is further amended by adding at the end thereof the following new paragraph (h):

(h) *Joint and survivor annuities.* If, with respect to an annuitant who dies after December 31, 1950, the value of any part of a survivor's interest in a joint and survivor's annuity is required to be included in the gross estate of the deceased annuitant (whether or not such estate exceeds \$60,000 so as to require the filing of an estate tax return under section 821 (a) (1)), the basis of such interest to the survivor annuitant is considered to be the value at the time of the

decendent's death. As to the taxability of survivor annuity payments in accordance with this rule, see § 29.22 (b) (2)-2.

PAR. 8. Section 29.165-6, as amended by Treasury Decision 5853, is further amended as follows:

(A) By striking the first sentence of paragraph (c) and substituting in lieu thereof the following: "Except as provided in § 29.22 (b) (2)-2, if pension or annuity payments are continued after the death of a retired employee to his beneficiary, such beneficiary will be required to include such pension or annuity payments in income to the same ex-

tent that the deceased employee would have been required to include such payments in income had he lived to receive such payments."

(B) By adding immediately following paragraph (d) thereof the following new paragraph (e):

(e) See also § 29.22 (b) (1)-2 as to the limited exclusion from income of death benefits made by or on behalf of an employer in pursuance of an express contract and paid by reason of the death of an employee.

ALASKA

NOTICE OF FILING OF PLAT OF SURVEY

NOVEMBER 6, 1952.

Notice is given that the plat of original survey of the following described lands, accepted July 23, 1951, will be officially filed in the Land Office, Anchorage, Alaska, effective at 10:00 a. m. on the 35th day after the date of this notice:

U. S. Survey No. 2989, lots 1-3 inclusive, containing 2.45 acres.

U. S. Survey No. 2991, lots 26-30 inclusive, containing 1.93 acres.

U. S. Survey No. 2992, lots 31-38 inclusive, containing 7.83 acres.

The above-described land is located at Lat. 55°20' N., Long. 131°39' W., and is situated in Tongass Narrows about three-eighths of a mile southwest of the main business district of Ketchikan. Pennock Island can be reached only by boat from Ketchikan. It is approximately 2.50 miles long and 0.75 mile wide at the widest point. The island is accessible at almost all points by small boat, which seems to provide adequate transportation at all times for the present residents of the island. The interior of the island is accessible only by foot, there being at present no roads on the island.

The shore of the island is composed of sand and gravel beaches with occasional rocky promontories with boulder and cobble beaches. The land rises gently from the beach, and a belt of Sitka Spruce and Western Hemlock up to three feet in diameter line the shore for a distance of from 100 to 200 yards. This cover gives way to scrub lodgepole pine interspersed with small muskegs. Soil is very thin to absent on all parts of the island, and is very acid.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91

days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a), as amended, home or headquarters site under the act of May 26, 1934 (48 Stat. 809, 48 U. S. C. 461), by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. 279-284), as amended, subject to the requirements of applicable law, and (2) applications under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under the paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of

service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statement in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent such regulations are applicable. Applications under the homestead and homesite laws shall be governed by the regulations contained in Parts 64, 65 and 166 of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land Office.

VIRGIL O. SEISER,
Manager.

ORDER OF TRANSFER OF JURISDICTION OF INTEREST; CORRECTION OF LAND DESCRIPTION

NOVEMBER 5, 1952.

There was published in the September 17, 1952, issue of the FEDERAL REGISTER (17 F. R. 8366), an Order of Transfer of Jurisdiction of Interest to the Office of Territories, Department of the Interior, in and to a certain tract of land described by metes and bounds in the East Addition to Kodiak Townsite, U. S. Survey No. 2538 (A).

It has been noted that the description of the boundary of the tract is incomplete and is hereby amended by deleting after the word "beginning" in the seventh line of the description, the following words, "thence go North 34° 34' West, 1,990.56 feet to a point," and inserting in lieu thereof, "thence North

34° 43' West, 263.75 feet, thence North 34° 34' West, 1,990.56 feet to corner No. 2 of U. S. Survey No. 2538 (A)."

NOTICE OF FILING OF PLAT OF SURVEY

NOVEMBER 3, 1952.

Notice is given that the plat of survey of the following described lands, accepted January 2, 1951, will be officially filed in the Land Office, Los Angeles, California, effective at 10:00 a. m. on December 8, 1952.

The lands affected by this notice are described as follows:

SAN BERNARDINO MERIDIAN

T. 10½ N., R. 26 W.

Fractional sections 31 to 36 inclusive, exclusive of patented Tracts 37 and 38.

T. 10½ N., R. 27 W.

Fractional sections 34, 35 and 36.

The area described aggregates 1,038.66 acres.

Available information indicates the land is rough and mountainous.

Title to fractional section 36, T. 10½ N., R. 26 W., and fractional section 36, T. 10½ N., R. 27 W., S. B. M., subject to any prior existing rights, vested in the State of California as of the date of acceptance of the plat of survey. All remaining lands shall be subject to the following provisions of this order.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the desert-land laws, or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279-284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m., on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m., on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m., on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m., on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Los Angeles, California, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Los Angeles, California.

Notice for Filing Objections to Order Withdrawing Public Lands for Colorado River Storage Project, Utah

Notice is hereby given that for a period of 30 days from the date of publication of this notice, persons having cause to object to the terms of the above order withdrawing certain public lands in the State of Utah, for use in connection with the proposed Flaming Gorge Reservoir, Colorado River Storage Project, may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C.

In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent, and extent. Should any objection be filed, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all

interested parties of record and the general public.

G. W. LINEWEAVER,
Assistant Commissioner.

[Docket No. G-2084]

UNITED NATURAL GAS CO.

ORDER SUSPENDING PROPOSED TARIFF
SHEETS

NOVEMBER 6, 1952.

On October 7, 1952, the United Natural Gas Company (United) filed with the Commission First Revised Sheets Nos. 4 and 5 to its FPC Gas Tariff, Original Volume No. 1.

First Revised Sheets Nos. 4 and 5, as filed, propose an increase in the rates for natural-gas service which would result in annual increased payments by United's customers amounting to \$1,749,000, which is an increase of 21 percent based on estimated sales for the year ending October 31, 1953. United states that the rate increase is necessitated in part by the proposed increases by United's suppliers, Tennessee Gas Transmission Company, Texas Eastern Transmission Corporation, and Manufacturers Light and Heat Company. Such higher rates of United's suppliers, have been, however, suspended by orders of the Commission. Additionally, certain accounting adjustments and other items advanced in support of the proposed rate increase have not been shown to be justified.

The New York State Public Service Commission requests that the proposed rates be suspended pending investigation.

The increased rates and charges provided in said First Revised Sheets Nos. 4 and 5, have not been shown to be justified and may be unjust, unreasonable,

unduly discriminatory or preferential, or otherwise unlawful.

The Commission finds: It is necessary and appropriate in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing, pursuant to the authority contained in section 4 of such act, concerning the lawfulness of United's FPC Gas Tariff, as amended by First Revised Sheets Nos. 4 and 5 and that said First Revised Sheets Nos. 4 and 5 be suspended as hereinafter provided and the use thereof be deferred pending hearing and decision herein.

The Commission orders:

(A) Pursuant to the authority contained in section 4 of the Natural Gas Act, a public hearing be held upon a date to be fixed by further order of the Commission concerning the lawfulness of rates, charges, and classifications contained in the aforesaid United Natural Gas Company's FPC Gas Tariff as amended by First Revised Sheets Nos. 4 and 5.

(B) Pending such hearing and decision thereon, First Revised Sheets Nos. 4 and 5 of United Natural Gas Company's FPC Gas Tariff, Original Volume No. 1, be and the same are hereby suspended and the use thereof deferred until April 10, 1953, and until such further time as they may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State Commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: November 6, 1952.

[Project No. 2000]

POWER AUTHORITY OF THE STATE OF NEW
YORK

ORDER FIXING HEARING

NOVEMBER 6, 1952.

On July 16, 1948, the Power Authority of the State of New York filed an application for a license under the Federal Power Act for a proposed hydroelectric development, Project No. 2000, to be located in and along the International Rapids Section of the St. Lawrence River on the United States side of the international boundary line in St. Lawrence County, New York. The application was supplemented in September 1948 and after hearings and recommendations by a hearing examiner the Commission, on December 22, 1950, by Opinion No. 203 and an accompanying order, denied the application for license and referred the matter to Congress.

The Authority filed a petition for review of the Commission's order in the United States Court of Appeals for the District of Columbia Circuit, last August joining with the Commission in a motion requesting the Court to dismiss the petition and to remand the proceeding for further consideration by the Commission. The Court of Appeals granted the joint motion and remanded the proceeding to the Commission. During the 82d Congress consideration was given by the Senate and House Committees to legislation for the combined seaway and power development of the International Rapids Section but no legislation was enacted.

On June 30, 1952, the Governments of the United States and Canada submitted to the International Joint Commission, under the provisions of the Boundary Waters Treaty of January 11, 1909, applications requesting approval by that commission for the construc-

tion of certain works in the International Rapids Section for the development of power (IJC Docket No. 68). Section 2 of the applications state that it is the intention of Canada to undertake construction, on the Canadian side of the international boundary, of certain navigable waters to provide a 27-foot waterway in the section of the St. Lawrence River in which the power works applied for are to be constructed. This was said to be pursuant to an exchange of notes dated June 30, 1952 for the provision of deep-water navigation to the standards specified in the agreement of March 19, 1941, and in accordance with the specifications of the joint Board of Engineers dated November 16, 1926. The International Joint Commission issued its order of approval on October 29, 1952.

On September 22, 1952, the Power Authority of the State of New York filed an amendment to its prior application under the Federal Power Act and now seeks a license for those power development works which would be similar to the facilities referred to in March 19, 1941, agreement between the United States and Canada, with the exception of the navigation features which are excluded.

Public notice of the filing of the application as supplemented and amended has been given and some protests and petitions to intervene and requests for hearing have been received.

The Commission finds that: The proposed project is of widespread interest and it is desirable and in the public interest to hold a hearing respecting the matters involved and the issues presented in this proceeding.

It is ordered that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by the Federal Power Act, and particularly sections 4, 6 and 308 thereof, and the Commission's rules of practice and procedure, a public hearing be held on the 9th day of December 1952 commencing at 10:00 a. m. in the hearing room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

(B) That no further petitions to intervene be accepted and filed after December 1, 1952.

Date of Issuance: November 7, 1952.

By the Commission.

No. 223—5

[Ceiling Price Regulation 17, as Amended,
Section 11 (d), Special Order 2]

WASHINGTON, D. C., METROPOLITAN AREA

AREA ADJUSTMENT OF TANK WAGON CEILING
PRICES OF FUEL OIL DISTRIBUTORS

Statement of considerations. This special order adjusts the tank wagon ceiling prices for Heating Oils (Kerosene, No. 1 and No. 2 Oil, Furnace Oil, Range Oil, and Stove Oil) sold by tank wagon distributors in the Washington, D. C., metropolitan area, which area is based on the geographic boundaries of the free delivery zone, namely, Washington, D. C., Montgomery and Prince Georges Counties, Maryland, Arlington and Fairfax Counties and the City of Alexandria, Virginia.

Ceiling Price Regulation 17, as amended, section 11 (d), authorizes the Director of Price Stabilization to make area adjustments in the tank wagon ceiling prices of light fuel oil distributors sufficient to restore the distributors' net operating earnings to the level of the fiscal year ending May 31, 1950. The Director of Price Stabilization, pursuant to Delegation of Authority 72, delegated to each Regional Director of the Office of Price Stabilization authority to issue area adjustments by special order under provisions of section 11 (d) of Ceiling Price Regulation 17, as amended. Region 4, by Redlegation of Authority No. 41, subsequently redelegated this authority to the Directors of the District Offices of the Office of Price Stabilization.

The Washington District Office of Price Stabilization was requested to adjust the tank wagon ceiling prices of fuel oil distributors in the Washington, D. C., metropolitan area by Griffith Consumers Company, John P. Agnew & Company, the Oil Heat Institute, et al., acting on behalf of the fuel oil distributors of the Washington, D. C., retail marketing area. This District Office took cognizance of the request, since it has jurisdiction over the communities with the largest population in the Washington metropolitan area, and the majority of the fuel oil distributors are located in the District of Columbia.

Following consultations with fuel oil distributors and investigations by the Washington, D. C., District Office of the Office of Price Stabilization, the District Director of that Office was satisfied that sufficient evidence existed to suggest that distributors are suffering hardship in that their present net operating earnings are below the level of the fiscal year ended May 31, 1950. Copies of OPS Public Form No. 151 were then distributed to all known independent light fuel oil distributors within the Washington, D. C., metropolitan area. An analysis of these Forms showed that current net earnings of fuel oil distributors from the sales of Heating Oils were in fact below that level.

The adjustment granted by this special order does no more than restore net earnings to the level of the fiscal year ended May 31, 1950. It is therefore consistent with the provisions of Section 11 (d) of Ceiling Price Regulation 17.

Special provisions. For the reasons set forth in the Statement of Considerations, and pursuant to the provisions of Section 11 (d) of Ceiling Price Regulation 17, as amended, it is ordered:

1. That the tank wagon ceiling price for Heating Oils (Kerosene, No. 1 and No. 2 Oil, Furnace Oil, Range Oil and Stove Oil) sold by tank wagon distributors in the Washington, D. C., metropolitan area, may be increased \$0.001 per gallon.

2. For the purposes of this special order, the marketing area is the geographic boundaries of the free delivery zone of the Washington metropolitan area, namely, Washington, D. C., Montgomery and Prince Georges Counties, Maryland, Arlington and Fairfax Counties and the City of Alexandria, Virginia.

3. This order shall apply to all tank wagon distributors of heating Oils in the above defined marketing area.

4. All provisions of Ceiling Price Regulation 17, as amended, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

5. This order may be amended, modified or revoked by this office at any time.

Effective date. This special order shall become effective November 8, 1952.

VINCENT A. HOLMES,
District Director.

Filed by: R. E. Boyle, Jr., Agent, for The Alabama Great Southern Railroad Company and other carriers.

Commodities involved: Liquid caustic soda, in tank-car loads.

From: McIntosh, Ala.

To: Alton, Federal, Roxana, and Wood River, Ill., and Crystal City, Mo.

Grounds for relief: Competition with rail carriers, circuitous routes, and market competition.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1172, Supp. 132.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the mat-

ters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

SOUTHERN TERRITORY TO COLUMBUS,
OHIO

APPLICATION FOR RELIEF

NOVEMBER 10, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Scrap iron and steel, carloads.

From: Points in southern territory.

To: Columbus, Ohio.

Grounds for relief: Rail competition, circuitry, grouping, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 950, Supp. 186.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.
