TITLE 3—THE PRESIDENT PROCLAMATION 3094

NATIONAL MARITIME DAY, 1955

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA
A PROCLAMATION

WHEREAS the American Merchant Marine is today carrying on a long and honorable tradition of serving the trade and commerce of the world upon the high seas; and

WHEREAS American merchant ships and American seamen stand ready at all times to serve our Nation in the cause of freedom and justice; and

WHEREAS we have added to the United States Program for Peaceful Uses of Atomic Energy a proposal to build an atomic-powered merchant ship that will visit the ports of the world to demonstrate to people everywhere atomic energy harnessed to peacetime uses for the benefit of mankind; and

WHEREAS the Congress by a joint resolution approved May 20, 1933 (48 Stat. 73), designated May 22 as National Maritime Day, thus honoring the Merchant Marine by commemorating the departure from Savannah, Georgia, on May 22, 1819, of the *Savannah* on the first transoceanic voyage by any steamship, and requested the President to issue a proclamation annually calling for the observance of that day; and

WHEREAS since May 22 falls on Sunday this year, it is appropriate that National Maritime Day be observed on the following Monday:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby urge the people of the United States to honor our Merchant Marine on Monday, May 23, 1955, by displaying the flag of the United States at their homes or other suitable places; and I direct the appropriate officials of the Government to arrange for the display of the flag on all Government buildings on that day. I also request that all ships sailing under the American flag dress ship on Monday, May 23, in tribute to our Merchant Marine.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the

Seal of the United States of America to be affixed.

DONE at the City of Washington this 10th day of May in the year of our Lord nineteen hundred and fifty-five, [SEAL] and of the Independence of the United States of America the one hundred and seventy-ninth.

DWIGHT D. EISENHOWER

By the President:

HERBERT HOOVER, Jr.,
Acting Secretary of State.

EXECUTIVE ORDER 10611

ESTABLISHING THE CIVIL DEFENSE COORDINATING BOARD AND DEFINING ITS DUTIES

By virtue of the authority vested in me by the Federal Civil Defense Act of 1950 (64 Stat. 1245), and as President of the United States, it is ordered as follows:

1. There is hereby established a Civil Defense Coordinating Board, hereinafter referred to as the Board, within the executive branch of the Government. The Board shall be composed of the Administrator of the Federal Civil Defense Administration, who shall be the Chairman of the Board, and seventeen other members, one of whom shall be designated by and represent each of the following-named officials, respectively:

The heads of the ten executive departments, the Chairmen of the Atomic Energy Commission and Federal Power Commission, the Directors of the Office of Defense Mobilization and the Bureau of the Budget, and the Administrators of the Housing and Home Finance Agency, the General Services Administration, and the Veterans' Administration.

2. The functions of the Board shall be:

(a) To assist in the development of an orderly, integrated plan for the participation of all Federal departments and agencies in the civil defense of the nation, taking into consideration other defense requirements, both economic and military.

EXECUTIVE ORDER 10612

RESTORING CERTAIN LANDS RESERVED FOR MILITARY PURPOSES TO THE JURISDICTION OF THE TERRITORY OF HAWAII

WHEREAS certain hereinafter-described land in Waianae, District of Waianae, Island of Oahu, Territory of Hawaii, forming a part of the public lands ceded and transferred to the United States under the joint resolution of annexation of July 7, 1898, 30 Stat. 750, was reserved for military purposes by Executive Order No. 801 of June 6, 1938, of the Governor of the Territory of Hawaii; and

WHEREAS such land is no longer needed for military purposes, and it is deemed advisable and in the public interest that it be restored to the possession, use, and control of the Territory of Hawaii:

NOW, THEREFORE, by virtue of the authority vested in me by section 91 of the act of April 30, 1900, 31 Stat. 159, as amended by section 7 of the act of May 27, 1910, 36 Stat. 447, it is ordered that the following-described land, which is the same land as that described in Executive Order No. 801 of June 6, 1938, of

the Governor of the Territory of Hawaii, be, and it is hereby, restored to the possession, use, and control of the Territory of Hawaii:

Being portion of the Nanakuli Forest Reserve, situated on the ridge dividing the lands of Nanakuli and Honouliuli, withdrawn therefrom by Proclamation of the Governor, dated May 2, 1938.

Beginning at a pipe in concrete marked No. 2 at the Southwest corner of this parcel of land and on the boundary between the lands of Nanakuli and Honouliuli (Land

Court Application No. 1065), the coordinates of said point of beginning referred to Government Survey Trig. Station "Manawahua" being 1071.38 feet South and 1222.65 feet West as shown on Government Survey Registered Map 2535 and running by azimuths measured clockwise from true South:

1. 214° 50' 22" 1020.13 feet to a railroad spike;

2. 244° 30' 53" 584.00 feet to a point on the crest of the ridge dividing the lands of Nanakuli and Honouliuli, the true azimuth and distance from Government Survey Trig. Station "Manawahua" to said point on crest of ridge being 98° 40' 00" 114.00 feet;

3. Thence Southwesterly along the crest of the ridge dividing the lands of Nanakuli and Honouliuli to a pipe in concrete marked No. 1, the direct azimuth and distance being 53° 23' 45" 520.44 feet;

4. 41° 39' 00" 1041.50 feet along the boundary between the lands of Nanakuli and Honouliuli to the point of beginning. Area, 2.28 acres.

RULES AND REGULATIONS

TITLE 6—AGRICULTURAL CREDIT

Chapter III—Farmers Home Administration, Department of Agriculture

[FHA Instruction 462.1]

PART 371—SECURITY SERVICING AND LIQUIDATIONS; OPERATING LOANS

RENEWALS AND EXTENSIONS OF OPERATING LOANS

Paragraph (d) of § 371.2, Title 6, Code of Federal Regulations (19 F. R. 3987) is revised to make it clear that the provisions thereof with respect to the extension or renewal of crop and chattel security instruments apply to all types of Operating loans, and to read as follows:

§ 371.2 *Taking additional security and keeping security instruments current.* * * *

(d) *Extension or renewal of crop and chattel security instruments.* (1) County Supervisors are responsible for seeing that security instruments are extended or renewed as necessary to protect the Government's security interests. This may be accomplished by obtaining new security instruments, or by the use of Form FHA-126, "Affidavit of Extension and Renewal," or similar form approved by the representative of the Office of the General Counsel for this purpose.

(2) In some states the original notes for Operating loans may not be scheduled for payment over the entire repayment period that has been agreed upon with borrowers because crop and chattel lien instruments in those states cannot be taken initially, or extended or renewed by action of the mortgage alone for that length of time. In such states, if a Form FHA-258, "Agreement to Extend Repayment Period," was obtained at the time the loan was made, steps will have to be taken to enforce or extend the lien immediately after the final installment due date on the original or additional note. In no event may an extension or renewal be approved which will cause the final repayment on any Operating loan to fall due after the repayment period originally agreed upon with the borrower or the statutory loan period, whichever is less. (In the case of a Production and Subsistence loan the statutory loan period is seven years from the date of the initial advance.)

(i) Before the additional note and security instrument are taken, a current lien search report will be obtained.

(ii) Additional notes will be obtained on Form FHA-124, "Renewal Promissory Note." The principal amount on the face of the additional note will be equal to the unpaid principal of the original note. The repayment schedule on the additional note will coincide with the unpaid installments on Form FHA-258 as to amounts and maturity dates except (a) when the mortgage taken to secure the additional note will not be valid over the entire balance of the repayment period shown on Form FHA-258, the last installment on the additional note will be scheduled to fall due at least 90 days prior to the expiration date of the additional mortgage and will be equal to amounts unpaid on installments as shown on Form FHA-258 which fall due on and after the final due date shown on the additional note, and (b) when the borrower is delinquent on the repayment schedule shown on Form FHA-258, the total amount of delinquent principal under Form FHA-258 will be scheduled for repayment on the day following the date of the additional note. The additional note will be dated the day it is executed. The space provided for the total amount of accrued unpaid interest will be left blank since this insertion will be made by the Finance Office. The note being extended will be described on the reverse side of the additional note. The original of Form FHA-124 will be executed by all the obligors who executed the original note. However, if it is not possible to obtain the signature of the original obligors, an additional note may be obtained if the State Director with the advice of the representative of the Office of the General Counsel determines that the Government's interests will not be jeopardized by such action. All notes being extended will be stamped "Not Paid, Renewed by Another Note," and retained in the Finance Office. New mortgages, describing the remaining security on the existing mortgage and any additional security that is available and needed will be taken to secure the additional note.

(3) State Directors in the states referred to in subparagraph (2) of this paragraph are authorized to accept properly executed additional notes

(Form FHA-124) and related security instruments in cases in which Form FHA-258 was not executed at the time the loan was made and the security instrument is about to expire: *Provided, however,* That in no event may an extension or renewal be approved (i) which will cause the final repayment on any Operating loan to fall due after the repayment period originally agreed upon with the borrower or the statutory loan period, whichever is less (in the case of a Production and Subsistence loan the statutory loan period is seven years from the date of the initial advance), (ii) in a case in which the borrower is indebted for a Rural Rehabilitation, Emergency Crop and Feed, 1934-35 Drought Feed, Flood and Windstorm Restoration, Wartime Civilian Control Administration, or Regional Agricultural Credit Corporation loan made prior to November 1, 1946. In cases in which additional notes and security instruments cannot be accepted because of such limitations, the loans must be paid in full or the security liquidated and the proceeds applied to the borrower's account prior to the expiration of the lien. However, these restrictions on extension and renewal of loans will not prevent the taking of new security instruments or the renewal or extension of the lien of existing security instruments needed to protect the interests of the Government, provided such extension or renewal can be accomplished without the renewal or extension of the maturity date of the loan itself. In cases in which additional notes and security instruments can be accepted, Form FHA-124 will be prepared in the same manner as outlined in subdivision (ii) of this subparagraph, except that any delinquent balance owing on the loan (or so much thereof as legally feasible under State law and still obtain the necessary additional security instrument) will be scheduled for repayment on the day following the date of the additional note. The authority contained in this subparagraph may be redelegated to County Supervisors.

(4) State Directors, with the advice of the representative of the Office of the General Counsel, will supplement subparagraph (3) of this paragraph, as necessary, to assure that proper action is taken to renew or extend security instruments, or to obtain additional notes and security instruments.

AUTHORITY: §§ 421.1526 to 421.1539 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs., 301, 401, 63 Stat. 1053, 1054; 15 U. S. C. 714c. 7 U. S. C. 1447, 1421.

§ 421.1526 *General.* This subpart states the requirements with respect to the 1955-crop Texas Flaxseed Purchase Program formulated for price support purposes by Commodity Credit Corporation (referred to in this subpart as CCC) and the Commodity Stabilization Service (referred to in this subpart as CSS). CCC, through designated Agricultural Stabilization and Conservation county committees, will stand ready to make direct purchases from eligible producers of eligible flaxseed delivered to authorized flaxseed dealers from the time of harvest through July 31, 1955. All such purchases shall be made in accordance with this subpart.

§ 421.1527 *Administration.* (a) This program will be administered in the field through the CSS Commodity Office, Dallas, Texas, the Texas State Agricultural Stabilization and Conservation Committee, and Agricultural Stabilization and Conservation county committees (referred to in this subpart as county

committees). A producer desiring to sell flaxseed under this program must apply to the county committee of the county in which the flaxseed was produced for written delivery instructions on the quantity of flaxseed he wishes to sell to CCC.

(b) Such application must be made sufficiently in advance of the date of the intended delivery to enable the county committee to schedule deliveries in an orderly manner. Delivery instructions issued by the county committee will set forth the approximate quantity of flaxseed and the time and place of delivery for the account of CCC. All flaxseed delivered under such instructions must meet the eligibility requirements specified in § 421.1532. The county committee may authorize in writing, certain employees of the county committee to approve on behalf of the committee any forms and documents in connection with this program. State and county committees and CSS Commodity Offices do not have authority to modify or waive any of the provisions of this subpart or any amendments or supplements thereto.

§ 421.1528 *Period and area of operation.* This program will be available on eligible flaxseed from the time of harvest through July 31, 1955, in the Texas counties listed in § 421.1529 (a). Deliveries of flaxseed under this program must be completed on or before July 31, 1955.

§ 421.1529 *Basic purchase prices.* (a) The basic purchase price per bushel of flaxseed, grading No. 1, delivered under this program for the account of CCC will be at the rate established for the county where the flaxseed is delivered. Texas counties authorized under this program and basic purchase rates are as follows:

County:	No. 1 flaxseed

(b) (1) The basic purchase price shall be \$2.94 per bushel for No. 1 flaxseed delivered to authorized flaxseed dealers at the Corpus Christi and Houston terminal markets in carload lots which have been shipped by rail on a domestic interstate freight rate basis, from a country shipping point to the said terminal markets as evidenced by paid freight bills duly registered for transit privileges and other documents as required in this subpart: *Provided*, That, in the event the amount of paid-in freight is insufficient to guarantee the minimum proportional freight rate from the aforesaid terminal markets, there shall be deducted from the applicable terminal purchase price the difference between the amount of freight actually paid in and the amount required to be paid in to guarantee outbound movement at the minimum proportional freight rate. The terminal warehouse receipt must be accompanied by a registered freight bill, or by a supplemental certificate signed by the warehousemen, containing data like that on such freight bills, in the form prescribed by the CSS Commodity Office, Dallas, Texas.

(2) The basic purchase price of flaxseed delivered at the aforesaid terminal markets by Rail in carload lots for which neither registered freight bills nor such freight certificates are presented, will be the terminal basic purchase price of \$2.94 less 8 cents per bushel. Flaxseed delivered by truck at the designated terminals in the State of Texas will be purchased by CCC under this program on the basis of the terminal rate minus 12½ cents.

(c) The basic purchase price for No. 2 flaxseed shall in all instances be 6 cents per bushel less than the price indicated for No. 1 flaxseed.

(d) To compensate CCC for storage charges on flaxseed acquired under this program, the following deduction per bushel of flaxseed purchased shall be made from the basic purchase prices set forth in this section:

For flaxseed deposited in:	Deduction per bushel (cents)
April 1955.....	14
May 1955.....	13
June 1955.....	12
July 1955.....	11

§ 421.1530 *Basis of purchase.* Eligible flaxseed will be purchased on the basis of weight and grade. The grade shall be determined in accordance with the Official Grain Standards of the United States for flaxseed by a grain inspector licensed by the Secretary of Agriculture. Wherever the services of a licensed inspector are not available the CSS Commodity Office shall designate in writing a person qualified to determine the grade of flaxseed in accordance with the Official Grain Standards of the United States for flaxseed. Such designation may be revoked in writing by the CSS Commodity Office at any time.

§ 421.1531 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation or other legal entity which (a) has produced flaxseed in 1955 in one of the counties named in § 421.1529 as landowner, landlord, tenant, or sharecropper, and (b) has applied to the appropriate county office for delivery instructions.

§ 421.1532 *Eligible flaxseed.* Eligible flaxseed shall meet the following requirements:

(a) The flaxseed must be produced by an eligible producer in 1955 in one of the counties named in § 421.1529 (a).

(b) The beneficial interest in the flaxseed must be in the person tendering the flaxseed for purchase and must always have been in him or in him and a former producer whom he succeeded before the flaxseed was harvested.

(c) The flaxseed must grade No. 1 or No. 2. Sample grade flaxseed will not be purchased under this program.

§ 421.1533 *Authorized dealer.* An authorized dealer shall be any individual, partnership, association or corporation operating under a Flaxseed Dealer Agreement with CCC, which authorizes such dealer to accept delivery of eligible flaxseed under this program for the account of CCC. A list of authorized dealers to whom flaxseed may be delivered for the account of CCC under this program may be obtained from the offices indicated in § 421.1527.

§ 421.1534 *Purchase documents.* (a) The purchase documents shall consist of (1) the "Non-Negotiable Flaxseed Dealer's Receipt and Grade Certificate" (or other similar document if approved by CCC) issued to the producer for flaxseed delivered and in the case of a terminal warehouse receipt, the registered freight bill or warehouseman's supplemental certificate (2) the purchase settlement form, and (3) such other forms and documents as may be prescribed by CCC.

(b) The receipt must be issued in the name of the producer for the account of CCC and must be dated on or before July 31, 1955. Each receipt must show: (1) Gross weight or bushels, (2) grade,

(3) test weight, (4) dockage, and (5) percentage of damage when such factor, and not test weight determine the grade. The receipt must show whether the flaxseed arrived by rail, truck or barge. In the case of warehouse receipts issued for flaxseed delivered by rail or barge, the grading factors on the receipt must agree with the inbound inspection certificates for the car or barge.

§ 421.1535 *Determination of quantity.* (a) The number of bushels of flaxseed delivered shall be determined by weight at time of delivery. A bushel shall be 56 pounds of flaxseed free of dockage.

(b) The percentage of dockage shall be determined in accordance with the Official Grain Standards of the United States for Flaxseed, and the weight of said dockage shall be deducted from the gross weight of the flaxseed in determining the net quantity for purchase.

§ 421.1536 *Liens.* The flaxseed must be free and clear of all liens and encumbrances, or if liens and encumbrances exist on the flaxseed, proper waivers must be presented to the county committee at the time of application for delivery instructions.

§ 421.1537 *Service charge.* A service charge of one-half cent per bushel or a minimum of \$1.50, whichever is greater, shall be charged the producer on each purchase of flaxseed made by CCC under this program. The amount of the service charge shall be deducted from the purchase price at the time of settlement.

§ 421.1538 *Set-offs.* If the producer is indebted to CCC on any accrued obligation, or if any installment or installments on any loan made available by CCC on farm-storage facilities or mobile drying equipment, whether the note evidencing such loan is held by CCC or a lending agency, are past due or are payable or prepayable under the provisions of the farm-storage facility loan note or mobile drying equipment loan note out of the proceeds of the price support purchase, he must designate CCC or such lending agency as the payee of the proceeds of the purchase to the extent of such indebtedness or installments, but not to exceed that portion of the proceeds remaining after deduction of service charges and amounts due prior lienholders. If the producer is indebted to any other agency of the United States and such indebtedness is listed on the county debt register, he must designate such agency as the payee of the proceeds as provided above. Indebtedness owing to CCC or to a lending agency as provided above shall be given first consideration after claims of prior lienholders. Compliance with the provisions of this section shall not constitute a waiver of any right of the producer to contest the justness of the indebtedness involved either by administrative appeal or by legal action.

§ 421.1539 *Payment.* Payment to the producer for flaxseed delivered under this program shall be made by the ASC county office by means of sight draft drawn on CCC, and on the basis of the purchase documents indicated in

§ 421.1534, subject to the provisions of set-offs and service charge.

Issued this 10th day of May 1955.

AUTHORITY: §§ 443.1101 to 443.1122 Issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 301, 401, 63 Stat. 1053, 1054; 15 U. S. C. 714c, 7 U. S. C. 1447, 1421.

§ 443.1101 *Administration.* In the field, the program will be administered through Agricultural Stabilization and Conservation (hereinafter referred to as "ASC") State and county committees (hereinafter referred to as "State" and "county committees") and the CSS Commodity Office located at Wirth Building, 120 Marais Street, New Orleans 16, Louisiana (hereinafter referred to as "the New Orleans office"). Forms will be distributed through the offices of State and county committees. County committees will determine or cause to be determined the quantity and grade of cottonseed, the amount of the loan, and the value of the cottonseed delivered under the loan. Loan documents will be completed in the county ASC office and copies of such documents will be retained there. Loan documents shall be approved on behalf of the county ASC

committee by county ASC office employees who shall be specifically designated in writing by the committee. State and county committees and the New Orleans office do not have authority to modify or waive any of the provisions of this subpart or any amendments thereto.

§ 443.1102 *Availability of loans*—(a) *Area.* Farm-storage loans (hereinafter referred to as loans) shall be available on eligible cottonseed stored in approved storage in all cotton producing areas, except that loans will not be made in any area where the appropriate State committee determines that the damage hazard to farm-storage cottonseed would not warrant the making of loans.

(b) *Time.* Loans shall be available through January 31, 1956. Notes and chattel mortgages must be signed by the producer and delivered to the county office on or before such date.

(c) *Source.* Loans will be made available through the offices of county committees. Disbursements on loans will be made to producers through approved lending agencies under agreements with CCC or by means of sight drafts drawn on CCC by county committees in accordance with instructions issued by CSS to the State and county committees. Disbursements on loans will be made not later than February 15, 1956, except where specifically approved by the New Orleans office in each instance. The producer shall not present the loan documents for disbursement unless the cottonseed are in existence and in good condition. If the cottonseed are not in existence and in good condition at the time of disbursement, the proceeds shall be promptly refunded by the producer.

§ 443.1103 *Approved lending agencies.* An approved lending agency shall be a bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which CCC has entered into a lending agency agreement (Form CCC-322).

§ 443.1104 *Eligible producer.* (a) An eligible producer shall be any individual, partnership, corporation, association, trust, estate, or other legal entity, or a State or political subdivision thereof or an agency of such State or political subdivision, producing cottonseed in 1955 in the capacity of landowner, landlord, tenant, or sharecropper.

(b) Eligible producers who are members of cooperative marketing associations may act collectively through their associations in obtaining loans in accordance with the provisions of § 443.1122.

§ 443.1105 *Eligible cottonseed.* Eligible cottonseed shall be cottonseed that meet the following requirements:

(a) The cottonseed must have been produced in the United States in 1955 by an eligible producer.

(b) Such cottonseed must have been produced by the person tendering them for a loan, or by the person who delivered the cottonseed to the cooperative association tendering the cottonseed for a loan, and the beneficial interest in the cottonseed must be in such person and must always have been in him or in

him and a former producer whom he succeeded before the cottonseed were harvested. Cottonseed tendered by a cooperative association for a loan must have been produced and delivered to the association by its producer-members. Any person tendering cottonseed for a loan must have the legal right to mortgage the cottonseed as security for the loan.

(c) Cottonseed must be sound and clean and must not contain more than 11 percent moisture. Cottonseed that are "off quality" or "below grade" as defined in the United States Official Standards for Grades of Cottonseed shall not be eligible. At the time of making the loan no grade determination will be made. If upon maturity of the loan the cottonseed are found to be "off quality" or "below grade", settlement will be made in accordance with § 443.1121.

(d) No warehouse receipts shall be outstanding on the cottonseed.

§ 443.1106 *Approved storage.* Approved storage shall consist of storage structures located on or off the farm which, as determined by the county office manager, are of such construction as to afford safe storage of cottonseed and afford protection against weather damage, poultry, livestock and rodents, and reasonable protection against fire and theft.

§ 443.1107 *Approved forms.* (a) The documents named in this section, together with the provisions of this subpart and any supplements or amendments thereto, govern the rights and responsibilities of the producers under this program. Loan documents executed by an administrator, executor or trustee will be acceptable only where valid in law and must be accompanied by documentary evidence of the authority of the person executing such documents. Documents must have State and documentary revenue stamps affixed when required by law.

(b) The following documents must be delivered by the producer in support of every loan: Producer's Note and Supplemental Loan Agreement (Commodity Loan Form A) and Commodity Chattel Mortgage (Commodity Loan Form AA) covering the cottonseed tendered as security for the loan both executed and delivered within the period prescribed in § 443.1102, and such other forms as may be prescribed by CCC.

§ 443.1108 *Determination of quantity.* The quantity of cottonseed at the time a loan is made shall be determined by actual weight or by an estimate based upon measurements. When the weight of cottonseed to be placed under loan is estimated by measurement, 90 cubic feet of cottonseed shall be considered the equivalent of one ton. The quantity delivered in liquidation of the loan shall be the net weight, which shall be the gross weight of the cottonseed less a deduction for any foreign matter in excess of 1 percent of the gross weight.

§ 443.1109 *Liens.* The cottonseed must be free and clear of all liens and encumbrances, including any claim the ginner may have against the cottonseed

for his regular ginning charge. If liens, ginner's claims, or encumbrances exist on the cottonseed, proper waivers must be obtained.

§ 443.1110 *Service charges.* The producer shall pay a service charge of 35 cents per ton on the number of tons placed under a loan, or \$3.00, whichever is greater. State committees are authorized to require prepayment of \$3.00 of the service charges. No refund of any service charge will be made.

§ 443.1111 *Set-offs.* (a) If the producer is indebted to CCC on any accrued obligation, or if any installment or installments on any loan made available by CCC on farm-storage facilities or mobile drying equipment are past due or are payable or prepayable, under the provisions of the note evidencing such loan, out of the proceeds of the price support loan, he must designate CCC or the lending agency holding such note as the payee of the proceeds of the loan to the extent of such indebtedness or installments, but not to exceed that portion of the proceeds remaining after deduction of service charges and amounts due prior lienholders.

(b) If the producer is indebted to any other agency of the United States, and such indebtedness is listed on the county debt register, he must designate such agency as the payee of the proceeds to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of amounts under paragraph (a) of this section.

(c) Compliance with the provisions of this section shall not constitute a waiver of any right of the producer to contest the justness of the indebtedness involved either by administrative appeal or by legal action.

§ 443.1112 *Interest rate.* Loans will bear interest at the rate of 3½ percent per annum from the date of disbursement to the date of repayment, except that in the case of default in satisfaction of loans, the deficiency will bear interest at the rate of 6 percent per annum from the date of default to the date of repayment.

§ 443.1113 *Transfer of producer's equity.* The right of the producer to transfer either his right to redeem the cottonseed under loan or his remaining interest may be restricted by CCC.

§ 443.1114 *Safeguarding of the cottonseed.* The producer who places cottonseed under a loan is obligated to maintain the storage structure in good repair, and to keep the cottonseed in good condition.

§ 443.1115 *Insurance.* CCC will not require the producer to insure the cottonseed placed under a loan; however, if the producer does insure such cottonseed and an indemnity is paid thereon, such indemnity shall inure to the benefit of CCC to the extent of its interest after first satisfying the producer's equity in the cottonseed involved in the loss.

§ 443.1116 *Loss or damage to the cottonseed.* The producers shall be responsible for the quality and for any loss in quantity of the cottonseed placed under

loan, except that, subject to the provisions of § 443.1115, any physical loss or damage other than shrinkage or natural deterioration, occurring after disbursement of the loan funds to the producer, without fault, negligence, or conversion on the part of the producer or any other person having control of the storage structure, and resulting solely from an external cause other than insect infestation or vermin, will be assumed by CCC to the extent of the loan plus interest, provided the producer or other person having control of the storage structure has given the county office immediate written notice of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan. No physical loss or damage occurring prior to disbursement of the loan funds to the producer will be assumed by CCC. Where disbursement is made by check or draft the date of the check or draft shall constitute the date of disbursement of the funds.

§ 443.1117 *Personal liability.* The making of any fraudulent representations by the producer in the loan documents, or in obtaining the loan, or the conversion or unlawful disposition by him of any portion of the cottonseed under loan, shall render the producer subject to criminal prosecution under Federal law and render him personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 443.1118 *Maturity and liquidation of loans.* (a) Settlement of loans, and delivery of the cottonseed covered by chattel mortgage shall be made in accordance with this section. All loans mature on demand but not later than March 1, 1956. If the producer does not repay his loan on or before maturity, the producer shall deliver the mortgaged cottonseed in accordance with instructions issued on behalf of the county committee. The producer may, however, pay off his loan and redeem his cottonseed at any time prior to the delivery of the cottonseed to CCC or removal of the cotton seed by CCC. In the event the farm is sold or there is a change of tenancy, the cottonseed may be delivered by the producer before the maturity date of the loan, after obtaining delivery instructions issued on behalf of the county committee, or may be delivered before the maturity date of the loan for other reasons upon prior approval of the Executive Vice President, CCC. After a complete grade determination by a cottonseed chemist licensed by the U. S. Department of Agriculture, credit will be given at the applicable settlement rate, according to grade and/or quality (see § 443.1121), for the total quantity delivered, provided it is the identical cottonseed on which the loan was made.

(b) If the producer is directed by the county committee to deliver his cottonseed to a point other than the normal delivery point, the producer shall be allowed compensation (as determined by CCC) for the additional cost of hauling the cottonseed any distance greater than the distance from the point where

the cottonseed are stored by the producer to the normal delivery point.

(c) If the settlement value of the cottonseed delivered under a loan exceeds the amount due on the loan by more than \$3.00, such amount will be paid to the producer on the basis of the settlement documents. To avoid administrative costs of making small payments, if the amount found due the producer in such settlement is \$3.00 or less, such amount will be paid only upon his request. Payments will be made by sight drafts drawn on CCC by county office employees designated by the county committee.

(d) If the settlement value of the cottonseed is less than the amount due on the loan (excluding interest), the amount of the deficiency, plus interest, shall be paid to CCC by the producer and may be set off against any payment which would otherwise be due to the producer under any agricultural programs administered by the Secretary of Agriculture or any other payments which are due or may become due to the producer from CCC or any other agency of the United States: *Provided*, That, to avoid administrative costs of handling small accounts, a deficiency of \$3.00 or less, including interest, may be disregarded unless demand therefor is made by CCC upon the producer.

(e) If the loan is not liquidated upon maturity by payment or delivery, the holder of the note may remove the cottonseed and sell them in accordance with the provisions of the chattel mortgage (Commodity Loan Form AA).

§ 443.1119 *Release of the cottonseed under loan.* A producer may at any time obtain the release of cottonseed remaining under loan by paying to the holder of the note the principal amount thereof, plus accrued interest and any charges that may be due. Upon payment of a loan, the county office should be requested to release the mortgage by filing an instrument of release or by executing a marginal release on the county records. Partial release of the cottonseed prior to maturity of the loan may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of the cottonseed to be released: *Provided, however*, No partial release of cottonseed shall include less than the total quantity of cottonseed stored in any single commingled mass unless the appropriate county committee determines that release of a portion of such commingled mass may be made.

§ 443.1120 *Purchase of notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages. The purchase price to be paid by CCC will be the principal sum remaining due on such notes, plus an amount computed according to the lending agency agreement to cover interest. Lending agencies are required to submit Commodity Credit Corporation Form 500 or such other form as CCC may prescribe for all payments received on producers' notes held by them and are

required to remit interest to CCC computed according to the lending agency agreement.

§ 443.1121 *Loan and settlement rates.*—(a) *Loan rates.* Loans on cottonseed shall be made at the rate of \$46.00 per ton of eligible cottonseed as defined in § 443.1105.

(b) *Basic settlement rate.* The basic settlement rate for "basis grade" (100) cottonseed shall be \$46.00 per net ton f. o. b. railroad cars or trucks at delivery points designated by CCC. The settlement rate for cottonseed grading above or below "basis grade" (100) shall be \$46.00 per ton plus or minus a percentage of such price equal to the percentage by which the grade of such cottonseed is above or below 100. In the case of "off quality" or "below grade" cottonseed, as defined in the United States Official Standards for Grades of Cottonseed, CCC will sell such cottonseed at the current market price and the settlement rate shall be the market price per ton determined on the basis of such sale.

§ 443.1122 *Cooperative marketing associations.* (a) Cooperative marketing associations shall be eligible for loans: *Provided*, That (1) the cottonseed placed under loan are delivered to the association by eligible producers who are members of the association; (2) the association has been granted by such producer-members the legal right to mortgage the cottonseed as security for a loan; (3) the association keeps any cottonseed covered by a chattel mortgage segregated from all cottonseed not covered by the mortgage; and (4) the association undertakes to pay the CCC any amounts due it under the provisions of this program at the time of settlement.

(b) Cooperative associations desiring loans may obtain documents from the county office for the county in which the association is located. The loan and settlement rates to cooperative associations will be the same as those to individual producers, and loans with respect to such associations will otherwise be on substantially the same basis as loans with respect to individual producers.

TITLE 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 29—TOBACCO INSPECTION

SUBPART D—ORDER OF DESIGNATION OF TOBACCO MARKETS

ALMA AND PEARSON, GEORGIA, TOBACCO AUCTION MARKETS

Upon referenda conducted, pursuant to prior notice (20 F. R. 1741-1742), during the period April 21, 1955-April 23, 1955, both dates inclusive, among tobacco growers, who, during the 1954

marketing season, sold tobacco at auction on the market at Alma, Georgia, and on the market at Pearson, Georgia, it is found that more than two-thirds of the growers voting in each such referendum favor the designation of each such market under section 5 of the Tobacco Inspection Act (7 U. S. C. 511 et seq.) for the free and mandatory inspection and certification of tobacco sold on each such market. Therefore, pursuant to the authority vested in the Administrator of the Agricultural Marketing Service, and for the purposes of said act, the orders of designation of tobacco markets (7 CFR 29.601) are amended by adding thereto at the end thereof the following paragraph (rr):

§ 29.601 *Designation of tobacco markets.* * * *

(rr) *The tobacco markets at Alma and Pearson, Georgia.* Effective 30 days after May 13, 1955, no tobacco of any type shall be offered for sale at auction on the market at Alma, Georgia, and on the market at Pearson, Georgia, until such tobacco shall have been inspected and certified by an authorized representative of the U. S. Department of Agriculture according to standards established under the Tobacco Inspection Act (7 U. S. C. 511 et seq.): *Provided, however,* That such requirement of inspection and certification may be suspended at any time when it is found impracticable to provide inspection or when the quantity of tobacco available for inspection is not sufficient to justify the cost of such service.

CERTIFICATION AND STANDARDS)

SUBPART—UNITED STATES STANDARDS FOR
GRADES OF CANNED PEAS¹

On March 19, 1955, a notice of proposed rule making was published in the FEDERAL REGISTER (20 F. R. 1662) regarding a proposed revision of the United States Standards for Grades of Canned Peas.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the following United States Standards for Grades of Canned Peas are hereby promulgated pursuant to the authority contained in the Agricultural Marketing Act of 1946. (60 Stat. 1087 et seq.; 7 U. S. C. 1621 et seq.).

AUTHORITY: §§ 52.2281 to 52.2294 issued under sec. 205, 60 Stat. 1090, 7 U. S. C. 1624.

IDENTITY, TYPES, AND GRADES

§ 52.2281 *Identity.* (a) "Canned peas" means the canned product prepared from clean, sound, shelled, succulent peas as such product is defined in the Standards of Identity for Canned Peas (21 CFR 51.0) issued pursuant to the Federal Food, Drug, and Cosmetic Act.

§ 52.2282 *Types of canned peas.* (a) "Early peas" means canned succulent peas of Alaska or other smooth skin varieties.

(b) "Sweet peas" means canned succulent peas of sweet, wrinkled varieties.

§ 52.2283 *Grades of canned peas.* (a) "U. S. Grade A" or "U. S. Fancy" is the quality of canned peas that possess similar varietal characteristics; that possess a good flavor; that possess a good liquor; that possess a good color; that are practically free from defects; that are tender; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 90 points; *Provided,* That the canned peas may possess a reasonably good liquor; and may possess a reasonably good color if the total score is not less than 90 points.

(b) "U. S. Grade B" or "U. S. Extra Standard" is the quality of canned peas that possess similar varietal characteristics; that possess a good flavor; that possess a reasonably good liquor; that possess a reasonably good color; that are reasonably free from defects; that are reasonably tender; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 80 points; *Provided,* That the canned peas may possess a fairly good liquor and a fairly good color if the total score is not less than 80 points.

(c) "U. S. Grade C" or "U. S. Standard" is the quality of canned peas that possess similar varietal characteristics; that possess a fairly good flavor; that possess a fairly good liquor; that possess a fairly good color; that are fairly free from defects; that are fairly tender; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 70 points.

(d) "Substandard" is the quality of canned peas that fail to meet the requirements of U. S. Grade C or U. S. Standard and that may or may not meet the Standard of Quality for Canned Peas issued pursuant to the Federal Food, Drug, and Cosmetic Act.

FILL OF CONTAINER

§ 52.2284 *The standard of fill of container.* The standard of fill of container for canned peas is not incorporated in the grade of the finished product, since fill of container, as such, is not a factor of quality for the purposes of these grades. Canned peas shall be considered standard in fill if they meet the standard of fill promulgated under the Federal Food, Drug, and Cosmetic Act (21 CFR 51.2). The standard is as follows: If the container is so filled that, when the peas and liquid are removed from the container and returned thereto, the leveled peas (irrespective of the quantity of the liquid), 15 seconds after they are so returned completely fill the container. A container with lid attached by double seam shall be considered to be completely filled when it is filled to the level $\frac{1}{16}$ inch vertical distance below the top of the double seam; and a glass container shall be considered to be completely filled when it is filled to the level $\frac{1}{2}$ inch vertical distance below the top of the container. Canned peas that do not meet this requirement are "Below Standard in Fill."

§ 52.2285 *Sizes of peas.* For the purpose of these grades, the sizes of peas are not considered in ascertaining the quality of the product except for the factor of defects in determining pieces of peas. The size of a pea is determined on the basis of the diameter of the circular opening(s) through which the pea will pass or will not pass without force or pressure. The size designations applicable to peas in canned peas and the diameters as aforesaid are shown in Table No. I of this section.

TABLE NO. I—SIZES OF PEAS IN CANNED PEAS

Size designation	Diameter of circular openings in inches	
	Will not pass through—	Will pass through—
Size 1	9/32	10/32
Size 2	10/32	11/32
Size 3	11/32	12/32
Size 4	12/32	13/32
Size 5	13/32	14/32
Size 6	14/32	15/32
Size 7	15/32	16/32

FACTORS OF QUALITY

§ 52.2286 *Ascertaining the grade.* (a) The grade of canned peas is ascertained by considering the factors of quality which are not scored and those which are scored as follows:

(1) *Factors which are not scored.* (i) Varietal characteristics.
(ii) Flavor.

(2) *Factors which are scored.* The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	Points
Liquor	10
Color	10
Defects	30
Maturity and tenderness	50
Total score	100

(b) "Good flavor" means that the product has a good characteristic normal flavor and odor for the maturity and is free from objectionable flavors and objectionable odors of any kind.

(c) "Fairly good flavor" means that the product may be lacking in good characteristic normal flavor and odor but is free from objectionable flavors and objectionable odors of any kind.

§ 52.2287 *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive. (For example, "27 to 30 points" means 27, 28, 29, or 30 points.)

§ 52.2288 *Liquor*—(a) (A) *classification.* Canned peas that possess a good liquor may be given a score of 9 or 10 points. "Good liquor" means that the color of the liquor is typical, may possess a slight cloudiness or slight tint of green, that not more than a slight quantity of suspended material or sediment may be present, and that the liquor is not viscous.

(b) (B) *classification.* If the canned peas possess a reasonably good liquor, a score of 8 points may be given. "Reasonably good liquor" means that the liquor may be cloudy but not off color; that not more than a moderate quantity of suspended material or sediment may be present and that the liquor may be not more than slightly viscous.

(c) (C) *classification.* If the canned peas possess a fairly good liquor, a score of 7 points may be given. "Fairly good liquor" means the liquor may be very cloudy, may possess a pronounced accumulation of sediment, may be dull but not off color, and may be viscous but not so viscous that the liquor will not separate from the peas.

(d) (SStd.) *classification.* Canned peas that fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 6 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.2289 *Color*—(a) (A) *classification.* Canned peas that possess a good color may be given a score of 9 or 10 points. "Good color" means that the canned peas possess a color typical of tender peas of similar varietal characteristics, are bright, and that the product is practically free from peas that materially detract from the overall color appearance (includes peas commonly referred to as "blond" or "cream colored" peas).

(b) (B) *classification.* If the canned peas possess a reasonably good color, a score of 7 or 8 points may be given. "Reasonably good color" means that the canned peas possess a color typical of reasonably tender peas of similar vari-

etal characteristics, are reasonably bright, and that the appearance of the product is reasonably free from peas that materially detract from the overall color appearance (includes peas commonly referred to as "blond" or "cream colored" peas).

(c) (C) *classification.* Canned peas that possess a fairly good color may be given a score of 5 or 6 points. Canned peas that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a partial limiting rule). "Fairly good color" means that the canned peas possess a color typical of fairly tender peas of similar varietal characteristics, and that the appearance of the product is fairly free from peas that materially detract from the overall color appearance (includes peas commonly referred to as "blond" or "cream colored" peas).

(d) (SStd.) *classification.* Canned peas that are artificially colored or fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 4 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule), and, in addition, when artificially colored, the canned peas are "Below Standard in Quality—Artificially Colored."

§ 52.2290 *Defects*—(a) *General.* The factor of defects refers to the degree of freedom from harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects.

(1) "Harmless extraneous vegetable material" means:

(i) Green tender vegetable material common to the pea plant, such as leaves, pea pods, and stems;

(ii) Non-deleterious or non-poisonous type of thistle buds, nightshade berries, or other similar type buds or berries, from other plants; and

(iii) Other predominant spherical or cylindrical vegetable material from other plants which are tender and similar in color to canned peas.

(2) "Piece of pea" (broken pea)² means:

(i) A whole pea from which a cotyledon or a large portion thereof has become separated;

(ii) Two detached whole cotyledons;

(iii) Pieces of detached cotyledons aggregating the equivalent of an average size cotyledon; and

(iv) A whole detached skin or portions of detached skin aggregating the equivalent of an average size whole skin.

(3) "Minor discoloration" means discoloration which slightly affects but does not materially affect the appearance or eating quality of the pea.

(4) "Spotted or otherwise discolored" means a pea spotted or otherwise discolored to an extent that the appearance

² The "percent by count of peas" as pieces of peas is calculated by dividing the total number of pieces of peas by the total number of peas and pieces of peas. (A pea held together by its skin, even though the cotyledons are partly crushed or the skin split is considered an unbroken pea.)

or eating quality of the pea is materially affected, such as vivid-green peas, or peas showing brown, yellow, or dark discolored areas. (Does not include peas commonly referred to as "blond" or "cream colored" peas which are scored under the factor of color.)

(b) (A) *classification.* Canned peas that are practically free from defects may be given a score of 27 to 30 points. "Practically free from defects" means:

(1) That for approximately each 100 ounces of net contents there may be present:

(i) One piece, or pieces, of vegetable material, common to the pea plant having an aggregate area of $\frac{1}{4}$ square inch ($\frac{1}{2}$ " x $\frac{1}{2}$ ") on one surface of the piece, or pieces; or

(ii) One thistle bud or nightshade berry or other spherical piece of vegetable material from other plants, not exceeding the size of a No. 4 size pea; or

(iii) One cylindrical piece or pieces of vegetable material from other plants, not exceeding $\frac{1}{2}$ inch in length in the aggregate.

(2) That 3 percent, by count, of the peas may be pieces of peas in sizes larger than size 2 or in blends of sizes, except that 5 percent, by count, of the peas may be pieces of peas in size 1 and size 2 or in blends of size 1 and size 2.

(3) That $\frac{1}{2}$ of 1 percent, by count, of the peas may be spotted or otherwise discolored: *Provided*, That harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects individually or collectively do not more than slightly affect the appearance or eating quality of the product.

(c) (B) *classification.* If the canned peas are reasonably free from defects, a score of 24 to 26 points may be given. Canned peas that fall into this classification except for pieces of peas, shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means:

(1) That for approximately each 50 ounces of net contents there may be present:

(i) One piece, or pieces, of vegetable material, common to the pea plant having an aggregate area of $\frac{1}{4}$ square inch ($\frac{1}{2}$ " x $\frac{1}{2}$ ") on one surface of the piece, or pieces; or

(ii) One thistle bud or nightshade berry or other spherical piece of vegetable material from other plants, not exceeding the size of a No. 4 size pea; or

(iii) One cylindrical piece or pieces of vegetable material from other plants, not exceeding $\frac{1}{2}$ inch in length in the aggregate.

(2) That 7 percent, by count, of the peas may be pieces of peas; and

(3) That 2 percent, by count, of the peas may be spotted or otherwise discolored: *Provided*, That harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects individually or collectively do not materially affect the appearance or eating quality of the product.

(d) (C) classification. If the canned peas are fairly free from defects a score of 21 to 23 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means:

(1) That $\frac{1}{2}$ of 1 percent of the drained weight of the peas may be harmless extraneous vegetable material;²

(2) That 10 percent of the drained weight of the peas may be pieces of peas,² and

(3) That 4 percent, by count, of the peas may be spotted or otherwise discolored: *Provided*, That harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects individually or collectively do not seriously affect the appearance or eating quality of the product.

(e) (SStd.) classification. Canned peas that fail to meet the requirements of paragraph (d) of this section may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule), and may also be "Below Standard in Quality—Good Food—Not High Grade" for the following applicable reasons: "Excessive Foreign Material," "Excessive Broken Peas," "Excessive Discolored Peas."

§ 52.2291 Maturity and tenderness—

(a) *General*. The determination of maturity and tenderness in the (A) and (B) classifications in paragraphs (b) and (c) of this section is based on the brine flotation test as outlined herein and ruptured peas with respect to the (B) classification. The maturity and tenderness in the (C) classification is based on the brine flotation test outlined in this subpart, the alcohol-insoluble solids test and other tenderness test as outlined in the Standard of Quality for Canned Peas (21 CFR 51.1) promulgated under the Federal Food, Drug, and Cosmetic Act.

(b) (A) classification. Canned peas that are tender may be given a score of 45 to 50 points. "Tender" means that the peas comply with the requirements of Table No. II of this paragraph.

TABLE NO. II

Type	Size	Maximum number of peas that sink in 10 seconds (percent by count)	Percentage of salt in solution
Sweet.....	All sizes.....	12	11
		2	13
Early.....	All sizes.....	20	11
		2	13½

(c) (B) classification. If the canned peas are reasonably tender, a score of 41 to 44 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade B or U. S.

² Determined as outlined in the Standard of Quality for Canned Peas (21 CFR 51.1) promulgated under the Federal Food, Drug, and Cosmetic Act.

Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably tender" means:

(1) That the skins of not more than 5 percent, by count, of the peas may be ruptured to a width $\frac{1}{16}$ inch or more; and

(2) That in the brine flotation test the peas comply with the requirements shown in Table No. III of this paragraph.

TABLE NO. III

Type	Size	Maximum number of peas that sink in 10 seconds (percent by count)	Percentage of salt in solution
Sweet.....	All sizes.....	15	13
		4	15
Early.....	All sizes.....	30	13½
		8	15

(d) (C) classification. If the canned peas are fairly tender, a score of 37 to 40 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly tender" means:

(1) That the skins of not more than 25 percent, by count, of the peas may be ruptured to a width of $\frac{1}{16}$ inch or more;²

(2) That not less than 90 percent, by count, of the peas are of such tenderness that they are crushable by a weight of not more than 907.2 grams (2 pounds); and²

(3) That the alcohol-insoluble solids of early type peas are not more than 23.5 percent and of sweet type peas not more than 21 percent.²

The following requirements shown in Table No. IV of this paragraph, with respect to the brine flotation test, provide a guide for scoring canned peas which are fairly tender:

TABLE NO. IV

Type	Size	Maximum number of peas that sink in 10 seconds (percent by count)	Percentage of salt in solution
Sweet.....	All sizes.....	10	15
		10	16
Early.....	All sizes.....	10	16
		10	16

(e) (SStd.) classification. Canned peas that fail to meet the requirements of paragraph (d) of this section may be given a score of 0 to 36 points and shall not be graded above Substandard regardless of the total score for the product (this is a limiting rule) and may also be "Below Standard in Quality—Good Food—Not High Grade," for the following applicable reasons: "Excessive Cracked Peas," "Not Tender," "Excessively Mealy."

METHODS OF ANALYSES

§ 52.2292 *Methods of analyses*—(a) *Brine flotation test*. The brine flotation test utilizes salt solutions of various

specific gravities to separate the peas according to maturity. The brine solutions are based on the percentage by weight of pure salt (NaCl) in solution. In making the test a 250 ml. glass beaker is filled with the brine solution to a depth of approximately two inches. The brine equipment, solution and sample should be at the same temperature. Only peas that sink to the bottom of the receptacle within 10 seconds after immersion are counted as "peas that sink." Pieces of peas and loose skins should not be used in making the brine flotation test.

(b) *Alcohol-insoluble solids*. (1) Pour sample on 8-mesh screen, using 8-inch screen for containers of less than 3 pounds net weight, and 12-inch screen for larger quantities. Spread peas evenly and allow to drain. Transfer peas to white pan and remove any foreign material. Add volume of H₂O equal to double volume of original sample.

(2) Pour peas back on screen, spreading evenly; tilt screen as much as possible without shifting peas; and drain two minutes. With cloth wipe surplus moisture from lower surface of screen. Grind drained peas in food chopper until cotyledons are reduced to smooth homogeneous paste, stir, and weigh 20 grams of ground material into 600 ml. beaker. Add 300 ml. of 80 percent alcohol, stir, cover beaker, and bring to boil. Simmer slowly 30 minutes.

(3) Fit into Buchner funnel filter paper of appropriate size (previously prepared by drying in flat-bottom dish two hours at temperature of boiling H₂O, covering with tight-fitting cover, cooling in desiccator, and weighing at once). Apply suction and transfer contents of beaker to the Buchner funnel in such manner as to avoid running over edge of paper. Suck dry and wash material on filter with 80 percent alcohol until washings are clear and colorless.

(4) Transfer filter paper and alcohol-insoluble solids to dish used in preparation of filter paper, dry uncovered two hours at temperature of boiling H₂O, place cover on dish, cool in desiccator, and weigh at once. From this weight deduct weight of dish, cover, and paper. Calculate percent by weight of alcohol-insoluble solids.

(c) *Tenderness test*. Remove the skin of a pea, placing one of its cotyledons, with flat surface down on the approximate center of the level, smooth surface of a rigid plate, lowering a horizontal disc to the highest point of the cotyledon, and measuring the height of the cotyledon. The disc must be of rigid material and affixed to a rod held vertically by a support through which the rod can freely move upward or downward. The lower face of the disc must be a smooth, plane surface horizontal to the vertical axis of the rod. A device to which weight may be added is affixed to the upper end of the rod. Before lowering the disc to the cotyledon, adjust the combined weight of disc, rod, and device to 100 grams. After measuring the height of the cotyledon, and shifting the plate, if necessary, so that the cotyledon is under the approximate center of the disc, add

weight to the device at a uniform, continuous rate of 12 grams per second until the cotyledon is pressed to one-fourth its previously measured height, or until the combined weight of disc, rod, and device is 907.2 grams (2 pounds). A pea so tested shall be considered to be crushed when its cotyledon is pressed to one-fourth its original height.

LOT CERTIFICATION TOLERANCES

§ 52.2293 *Tolerances for certification of officially drawn samples.* (a) When certifying samples that have been officially drawn and which represent a specific lot of canned peas, the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if, (1) all containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification; and (2) with respect to those factors which are scored:

(i) Not more than one-sixth of the containers fails to meet the grade indicated by the average of such total scores;

(ii) None of the containers falls more than 4 points below the minimum score for the grade indicated by the average of such total scores;

(iii) None of the containers falls more than one grade below the grade indicated by the average of such total scores; and

(iv) The average score of all containers for any factor subject to a limiting rule is within the score range of that factor for the grade indicated by the average of the total scores of the containers comprising the sample.

Effective time and supersedure. The United States Standards for Grades of Canned Peas (which is the sixth issue) contained in this subpart shall become effective on date of publication hereof

in the FEDERAL REGISTER, and will thereupon supersede the United States Standards for Grades of Canned Peas which have been in effect since April 4, 1942.

The Department finds that it is unnecessary and contrary to the public interest to give a 30-day notice of the effective date of the standards herewith published for the reasons that:

(1) The packing season for canned peas is about to begin;

(2) The canned pea industry has long been aware of the nature of these standards in that notice of proposed rule making in this regard was published in the FEDERAL REGISTER issues of January 1, 1954 (19 F. R. 13), and March 19, 1955 (20 F. R. 1662);

(3) Numerous and detailed discussions have been held with industry representatives relative to provisions included in the revised grade standards;

(4) The industry generally has expressed agreement with the revised provisions of the standards, and is in agreement that the revised grade standards be put into effect as soon as practicable; and

(5) No special preparation by the persons affected for the putting of these standards in effect will be necessary.

istration, Department of Commerce

[Amdt. 55]

PART 600—DESIGNATION OF CIVIL AIRWAYS

BLUE CIVIL AIRWAY NO. 71 (TOLEDO, WASH.,
TO SEATTLE, WASH.)

The civil airway alteration appearing hereinafter has been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Panel, and is adopted to become effective when indicated in order to promote safety. Compliance with the notice,

procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 600 is amended as follows:

Section 600.671 is amended to read:

§ 600.671 *Blue civil airway No. 71 (Toledo, Wash., to Seattle, Wash.)*. From the Toledo, Wash., radio range station via the Shelton, Wash., non-directional radio beacon to the Seattle, Wash., radio range station.

(Sec. 205, 52 Stat. 984, amended; 49 U. S. C. 425. Interprets or applies sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective upon publication in the FEDERAL REGISTER.

PART 601—DESIGNATION OF CONTROL
AREAS, CONTROL ZONES, AND REPORTING
POINTS

GULFPORT, MISS.

The control zone appearing hereinafter is adopted to meet requirements of the Department of Defense for use in military operational training. This control zone has been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Panel. It is adopted to become effective each year during the period of 0001 c. s. t. June 1 to 2400 c. s. t. September 15. The establishing of a control zone on an annual basis will eliminate the need of redesignating the zone each year. This amendment is adopted to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 601 is amended as follows:

Section 601.2344 is added to read:

§ 601.2344 *Gulfport, Miss., control zone*. The airspace within a 3-mile radius of the Gulfport Municipal Airport and within 3 miles either side of a direct line extending from the Gulfport Municipal Airport to the Keesler Air Force Base, Biloxi, Miss., excluding the portion which overlaps the Biloxi control zone, shall be designated a control zone during the period beginning at 0001 c. s. t. June 1 to 2400 c. s. t., September 15, 1955, and annually thereafter.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1107, as amended; 49 U. S. C. 551)

In connection with the offering for sale, sale, or distribution of Doan's Pills or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or any other name, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means to induce, etc., the purchase in commerce, of said product, which advertisements represent, directly or through inference: (a) That said product, used as directed or otherwise, is a cure or remedy for or will have any therapeutic value in the treatment of any disease, disorder, or dysfunction of the kidneys or bladder or that it will relieve or have any beneficial effect upon any symptom or condition which may arise by reason of any disease, disorder, or dysfunction of such organs; and (b) that said product, used as directed or otherwise, will remove, or cause the kidneys to remove, poisonous waste matter or excess acids from the blood or have any beneficial effect upon any symptom or condition which may result therefrom; prohibited, subject to the proviso that nothing in the order contained or provided shall be construed as prohibiting respondents, or either of them, from disseminating or causing to be disseminated in commerce, as defined in the Federal Trade Commission Act, any and all claims and representations of the character set forth below, when made with respect to a product (whether sold under the name of "Doan's Pills" or under any other name (constituted and recommended for use as provided in Paragraphs "9" and "10" of the stipulation by which respondents have agreed that the order, of which such proviso is a part, may be entered in the disposition of the proceeding (and in which paragraphs "9" and "10", based on recitals set forth in the preceding paragraphs "6", "7", and "8", it was stipulated and agreed, among other things, that the requirements of the public interest would best be served and all the issues in the proceeding disposed of by the entry of the order in the form set out in conjunction with respondents' agreement that the theobromine sodium salicylate content and the sodium salicylate content of each pill would be increased, as there specified, from the present content, and the directions for use changed to provide a daily dosage of not less than 30 grains of the former, as compared with the present 12, and of not less than 30 grains of the latter, as compared with the present five, along with certain other specified ingredients, following

said increase); said claims and representations being as follows, to wit: "Factors often present in our daily lives such as over-exertion, the stresses and strains of active life and emotional upsets may be accompanied by such discomforts as backache, headache, dizziness, and muscular aches and pains. Also factors such as dietary indiscretions may contribute to mild bladder irritations. "When taken for the conditions described above Doan's Pills often help relieve such discomforts by their analgesic action, by a soothing effect to allay bladder irritation and by their mild diuretic action."

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Foster-Milburn Company (Buffalo, N. Y.), et al., Docket 5937, March 25, 1955]

This proceeding was heard by J. Earl Cox, hearing examiner, upon the complaint of the Commission, which charged respondent, Foster-Milburn Co., seller and distributor of Doan's Pills in commerce throughout the United States, and respondent, Street & Finney, Inc., which prepared and disseminated throughout the United States advertisements for various commodities, including said Doan's Pills, with misrepresenting the therapeutic qualities thereof, in violation of the provisions of the Federal Trade Commission Act; upon testimony, including that of certain experts called by counsel supporting the complaint and that of certain experts called by respondents and upon other evidence; and, following deferment of reception of further evidence in order to permit negotiations looking to the possibility of a consent settlement, upon such an agreed settlement, submitted in the form of a stipulation for consent order, signed by both corporate respondents, by counsel for respondents and by counsel supporting the complaint, and approved by the Director and the Assistant Director of the Commission's Bureau of Litigation, and accompanied by a memorandum of transmittal urging acceptance thereof, signed by counsel supporting the complaint and approved by said Director and Assistant Director, by the Chief of the Division of Scientific Opinions, Bureau of Investigation, of the Commission, and by counsel for respondents.

Said stipulation, which was thereafter amended as agreed, and which embodied the entire agreement of the parties, provided, among other things, that respondents admitted all the jurisdictional allegations set forth in the complaint and that the record in the matter might be taken as if findings of jurisdictional facts had been made in accordance with such allegations; that the answer to the complaint theretofore filed by respondents should be withdrawn; that the stipulation, together with the complaint, should constitute the entire record in the matter; that the complaint might be used in construing the order agreed upon, which might be altered, modified, or set aside in the manner provided by the statute for orders of the Commission; and that the signing of the stipulation

was "for settlement purposes only and does not constitute an admission by respondents that they have violated the law as alleged in the complaint nor does it constitute a license or permission to respondents or either of them to represent either directly or indirectly that the Federal Trade Commission has approved any advertising heretofore used or proposed to be used".

Said stipulation further set forth that the order there provided for and to be included in the decision should have the same force and effect as if made after a full hearing, presentation of evidence and findings and conclusions thereon, and that all parties waived further hearings before the hearing examiner or the Commission, the making of findings of fact or conclusions of law by the hearing examiner or the Commission, the filing of exceptions and oral argument before the Commission, and other procedure before the hearing examiner and the Commission to which respondents might be entitled under the Federal Trade Commission Act or the rules of the Commission, including any and all right, power, or privilege to challenge or contest the validity of the order entered in accordance with the stipulation.

The other essential provisions of the agreement, embodied in paragraphs numbered "6" to "10", inclusive, of the stipulation, set forth the ingredients of each Doan's Pill, respondents' recommendations for use, and the dosage, among other things, of theobromine sodium salicylate thereby brought about; set forth that the challenge of the therapeutic value of the product in the complaint "goes to the product whether taken as directed or otherwise"; that the record shows differences of opinion among the expert witnesses with respect, among other things, to the relationship between kidney function and bladder irritation and factors and symptoms mentioned in the advertisements quoted in the complaint and in the circular packaged with the product, and with respect to the therapeutic actions and effectiveness thereof; and included a stipulation and agreement that the requirements of the public interest would best be served and all the issues in the proceeding disposed of by the entry of the order in the form, and with the proviso therein and hereinafter set out, in conjunction with respondents' agreement that the theobromine sodium salicylate content and the sodium salicylate content of each pill would be increased, as there specified, from the present content, and the directions for use changed to provide a daily dosage of not less than 30 grains of the former, as compared with the present 12, and of not less than 30 grains of the latter, as compared with the present five; and that certain other specified ingredients, following said increase, would be present.

Thereafter said hearing examiner made his initial decision in which he set forth the aforesaid matters; his conclusion that the fact that evidence had been presented in the proceeding did not militate against approval and acceptance of the stipulation as amended, and that

the order agreed upon covered all the issues raised in the complaint; the withdrawal, accordingly, of respondents' answer and the acceptance of the stipulation, as amended; his finding, based upon the complaint and the stipulation as amended, that the proceeding was in the public interest; and his issuance of cease and desist order as therein set out.

Thereafter, the Commission having extended until its further order the date on which said initial decision would otherwise become its decision under Rule XXII, the matter was disposed of by "Decision of Commission and Order to File Report of Compliance", Docket 5937, March 25, 1955, as follows:

This matter having come before the Commission upon the hearing examiner's initial decision herein filed January 10, 1955, accepting a stipulation for a consent cease and desist order theretofore submitted by the parties pursuant to Rule V of the Commission's rules of practice; and

The Commission, by order entered February 18, 1955, having extended until further order of the Commission the date on which said initial decision would otherwise become the Commission's decision under Rule XXII; and

The Commission having now determined that the initial decision is adequate and appropriate to dispose of this proceeding:

It is ordered, That the aforesaid initial decision shall, on March 25, 1955, become the decision of the Commission, it being understood, however, that the proviso contained in the order to cease and desist shall not be construed as an approval, express or implied, by the Commission of any of the claims or representations therein referred to, or of any other claims or representations, when made with respect to any product, whether constituted and recommended for use as provided in paragraphs 9 and 10 of the stipulation by which respondents agreed that the order of which said proviso was a part may be entered in disposition of this proceeding, or otherwise.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist contained in said initial decision.

Said cease and desist order in said initial decision, thus adopted, subject to the foregoing understanding with respect to the proviso included therein, as the decision of the Commission, is as follows:

It is ordered, That Respondents Foster-Milburn Company, a corporation, and Street & Finney, Inc., a corporation, and their respective officers, representatives, agents and employees, directly or through any corporate or other device in connection with the offering for sale, sale or distribution of Doan's Pills or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same

name or any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which represents directly or through inference:

(a) That said product, used as directed or otherwise, is a cure or remedy for or will have any therapeutic value in the treatment of any disease, disorder or dysfunction of the kidneys or bladder or that it will relieve or have any beneficial effect upon any symptom or condition which may arise by reason of any disease, disorder or dysfunction of such organs.

(b) That said product, used as directed or otherwise, will remove, or cause the kidneys to remove, poisonous waste matter or excess acids from the blood or have any beneficial effect upon any symptom or condition which may result therefrom.

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said product, which contains any of the representations prohibited in Paragraph 1 hereof.

Provided, however, That nothing in this order contained or provided shall be construed as prohibiting Respondents or either of them from disseminating or causing to be disseminated in commerce, as "commerce" is defined in the Federal Trade Commission Act, any and all claims and representations of the character set forth below, when made with respect to a product (whether sold under the name of Doan's Pills or under any other name) constituted and recommended for use as provided in Paragraphs 9 and 10 of the stipulation by which Respondents have agreed that the order, of which this proviso is a part, may be entered in the disposition of this proceeding. The claims and representations referred to above are as follows:

"Factors often present in our daily lives such as over-exertion, the stresses and strains of active life and emotional

upsets may be accompanied by such discomforts as backache, headache, dizziness and muscular aches and pains. Also factors such as dietary indiscretions may contribute to mild bladder irritations.

"When taken for the conditions described above Doan's Pills often help relieve such discomforts by their analgesic action, by a soothing effect to allay bladder irritation and by their mild diuretic action."

Issued: March 25, 1955.

By the Commission.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[F. & S. Docket No. 456]

MARKET AGENCIES AT UNION STOCK YARDS,
OGDEN, UTAH

NOTICE OF PETITIONS FOR MODIFICATION
OF RATE ORDER

Pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), an order was issued on May 8, 1953 (12 A. D. 467), authorizing assessment of the current

rates and charges to and including June 19, 1955.

On April 26, 1955, respondents, except the respondent who sells by auction, filed a petition requesting authority to put into effect a proposed new schedule of rates and charges, a copy of which was filed with the petition, containing certain modifications of the current schedule. On April 29, 1955, the respondent who sells by auction filed a document requesting authority to continue assessing the current rates and charges for sales by auction, modified to include the proposed rates for sheep and the tariff pro-

vision relating to buying livestock out of a consignment when filling orders petitioned for by the other respondents. The proposed new schedule of rates and charges filed with the petition of April 26, 1955, reads as follows:

DEFINITIONS

Cattle are animals of the bovine species, weighed in drafts, the average weight of the animals in which is over 450 pounds.

Calves are animals of the bovine species, weighed in drafts, the average weight of the animals in which is 450 pounds or under.

Bulls are uncastrated male animals of the bovine species, weighed in drafts, the average

weight of the animals in which is over 600 pounds.

Hogs are swine, weighed in drafts, irrespective of weight.

Sheep are animals of the ovine species, irrespective of weight, including lambs and goats.

A consignment, for the purpose of assessing selling charges, is all of the livestock of one species delivered in the name of one person to the market agency to be offered for sale during the trading hours of one day.

Purchase order, for the purpose of assessing buying charges, is all of the livestock of one species bought at one time but shipped or delivered to one person on one market day.

A Draft is all the animals in one consignment or purchase order weighed as a single sale or purchase classification.

A Person is either an individual, a partnership, a corporation or an association of any such acting as a unit.

ARTICLE III

SECTION A—EXTRA DRAFT CHARGE

Drafts: On consignments where more than three drafts are necessary or requested 25 cents per draft in excess of three, maximum of \$3 will be charged.

SECTION B—BUYING CHARGES

The rates for buying livestock shall be the same as for selling like species with the following exception: When livestock out of a consignment received for sale on a commission basis by this company is used to fill, in whole or part, an order received from a buyer, this company will be presumed to be acting solely as an agent of the consignor and shall collect the regular selling charges from the consignor. Collection shall also be made from the buyer to cover expenses incurred of an amount equal to one-half the regular buying charge on cattle, calves and hogs and a flat rate of eight (8) cents per head on sheep.

SECTION C—NATIONAL LIVESTOCK AND MEAT BOARD

The following deductions will be made from the proceeds of sale of shippers but this deduction is to be optional with each shipper and to be refunded within sixty (60) days upon request:

	Cents per head
Cattle.....	0.02
Calves.....	.01
Hogs.....	.01
Sheep.....	%

The modifications, if authorized, will produce additional revenue for the respondents and increase the cost of marketing livestock. Accordingly, it appears that this public notice of the filing of the petitions and their contents should be given in order that all interested persons may have an opportunity to indicate a desire to be heard in the matter.

All interested persons who desire to be heard in the matter shall notify the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., within 15 days after the publication of this notice.

Done at Washington, D. C., this 6th day of May 1955.

AMERICAN COTTON LINTERS

OFFICIAL STANDARDS OF THE UNITED STATES

Notice is hereby given that the United States Department of Agriculture is considering a revision of the Official Standards for Grade and Color of American Cotton Linters (7 CFR 28.201-28.211, 28.251-28.257) pursuant to authority contained in the United States Cotton Standards Act (42 Stat. 1518, as amended; 7 U. S. C. 51 et seq.). It is proposed to make the revised standards effective July 1, 1956.

The present standards for the various grades and colors of American cotton linters were promulgated July 7, 1925, effective August 1, 1926 and October 31, 1927, effective October 31, 1928, respectively. The purpose of the proposed revision is to (1) have the standards reflect linters produced by the predominating flue and beater methods of linters production (the present standards are based on linters produced by the condenser method of production which predominated at the time the standards were promulgated); (2) incorporate in the standards samples from linters produced in the far western part of the Cotton Belt; and (3) incorporate improvements and refinements gained through experience with the present standards.

The proposed revisions consist of: (1) Physical standards (boxes of samples) for grade of felting linters; (2) one descriptive standard for chemical grade linters; and (3) changes to conform the regulations in accordance with the re-

vised standards. The proposed standards in physical form standardize color and trash for the respective grades. Although as in the past each of the grade boxes illustrate staple normal for the grade, the Department plans to propose separate physical staple standards for linters at a later date.

Public meetings to discuss the proposed revised standards will be held according to the schedule listed below. All meetings will commence at 10:00 a. m.

Date, City and State, and Street Address

May 18: Atlanta, Ga.; USDA Cotton Classing Office, 1020 Crescent Avenue NE.

May 19: New Orleans, La.; USDA Cotton Classing Office, 940 Perdido Street.

May 23: Memphis, Tenn.; USDA Cotton Classing Office, 1328 Monroe Avenue.

May 24: Dallas, Tex.; USDA Cotton Classing Office, 1407 Ross Avenue.

May 25: Los Angeles, Calif.; Van Waters & Rogers, Inc., 1422 East Sixth Street.

May 27: Chicago, Ill.; Kauders-Steuber Co., 221 North LaSalle Street.

June 1: New York, N. Y.; Williamson, Northrup Co., Inc., 15 Park Row.

Any interested person may inspect the proposed revised standards at one of the public meetings and present data, views, or arguments orally or in writing at the meeting. Written data, views, or arguments may also be submitted by interested persons by filing them in duplicate with the Director, Cotton Division, Agricultural Marketing Service, United States Department of Agriculture, Washington, 25, D. C., not later than June 15, 1955.

Done at Washington, D. C., this 10th day of May 1955.

[Docket No. AO-254-A1]

HANDLING OF AVOCADOS GROWN IN SOUTH FLORIDA

DECISION WITH RESPECT TO PROPOSED AMENDMENTS TO MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, on February 28, 1955, after notice thereof was published in the FEDERAL REGISTER (20 F. R. 866), on proposed amendments to Marketing Agreement No. 121 and Order No. 69 (7 CFR Part 969; 19 F. R. 3439), hereinafter referred to as the "marketing agreement" and "order," respectively, regulating the handling of avocados grown in South Florida, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

On the basis of the evidence introduced at the hearing, and the record

thereof, the Deputy Administrator, Agricultural Marketing Service, on April 14, 1955, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (F. R. Doc. 55-3201; 20 F. R. 2587). No exception to said recommended decision was filed.

The material issues, findings and conclusions, and the general findings of the recommended decision set forth in the FEDERAL REGISTER (F. R. Doc. 55-3201; 20 F. R. 2587) are hereby approved and adopted as the material issues, findings and conclusions, and general findings of this decision as if set forth in full herein.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Agreement Amending the Marketing Agreement Regulating the Handling of Avocados Grown in South Florida" and "Order Amending the Order Regulating the Handling of Avocados Grown in South Florida" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

It is hereby ordered, That all of this decision except the attached agreement amending the marketing agreement be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement amending the marketing agreement are identical with those contained in the attached order amending the order which will be published with this decision.

Dated: May 10, 1955.

EARL L. BUTZ,
Assistant Secretary.

Order Amending the Order Regulating the Handling of Avocados Grown in South Florida

§ 969.0 *Findings and determinations.* The findings and determinations herein-after set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of this order; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat.

¹ This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, on February 28, 1955, upon proposed amendments to Marketing Agreement No. 121 and Order No. 69 (7 CFR Part 969; 19 F. R. 3439) regulating the handling of avocados grown in South Florida. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order as hereby amended regulates the handling of avocados grown in South Florida in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activities specified in, the amended marketing agreement and order upon which hearings have been held;

(3) The said order as hereby amended prescribed, so far as practicable, such different terms applicable to different parts of the production area, as are necessary to give due recognition to differences in the production and marketing of the avocados covered thereby;

(4) The said order as hereby amended is limited in its application to the smallest regional production area which is practicable, consistently with carrying out the declared policy of the act; and the issuance of several orders applicable to subdivisions of the production area would not effectively carry out the declared policy of the act; and

(5) All handling of avocados which are grown in the production area is in the current of interstate or foreign commerce, or directly burdens, obstructs, or affects such commerce.

It is therefore ordered, That, on and after the effective date hereof, all handling of avocados grown in the production area shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order as hereby amended as follows:

1. Immediately preceding the closing of the parenthesis at the end of § 969.2 *Act* insert the following: "; 68 Stat. 906, 1047".

2. Revise § 969.4 *Production area* to read as follows:

§ 969.4 *Production area.* "Production area" means the counties of Brevard, Orange, Lake, Polk, Hillsborough, and Pinellas in the State of Florida, and all of the counties of that State situated south of such counties.

3. Delete from the first sentence of § 969.10 *Handle* the words "in the continental United States and Canada."

4. Add, after § 969.42 *Accounting* the following new section; preceded by a main heading entitled "Research and Development":

§ 969.45 *Marketing research and development.* The committee, with the

approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of avocados. The expense of such projects shall be paid from funds collected pursuant to § 969.41.

5. Delete the word "and" appearing at the end of subparagraph (1) of paragraph (a) of § 969.51 *Issuance of regulations* and insert the word "and" at the end of subparagraph (2) of such section after changing the period to a semicolon.

6. Add, after subparagraph (2) of paragraph (a) of § 969.51 *Issuance of regulations* the following new subparagraph:

(3) Fix the size, capacity, weight, dimensions, or pack of the container or containers which may be used in the packaging, and the transportation, sale, shipment or other handling of avocados.

7. Delete paragraph (c) from § 969.55 *Avocados not subject to regulation* and redesignate paragraphs (d) and (e) as paragraphs (c) and (d), respectively.

Order Directing That Referendum Be Conducted; Designation of Referendum Agents To Conduct Such Referendum; and Determination of Representative Period

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), it is hereby directed that a referendum be conducted among the producers who, during the period April 1, 1954, and ending March 31, 1955, both dates inclusive (which period is hereby determined to be a representative period for the purpose of such referendum), were engaged, in the Counties of Brevard, Orange, Lake, Polk, Hillsborough, and Pinellas in the State of Florida, and all of the Counties of that State situated South of such Counties, in the production of avocados for market, to ascertain whether such producers favor the issuance of an order amending Order No. 69, effective June 11, 1954, regulating the handling of avocados grown in South Florida; and said amendatory order is annexed to the decision of the Secretary of Agriculture filed simultaneously herewith. M. F. Miller and W. R. Cleveland of the Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, are hereby designated as agents of the Secretary of Agriculture to conduct said referendum jointly or severally.

The procedure applicable to this referendum shall be the "Procedure for the Conduct of Referenda Among Producers in Connection with Marketing Orders (Except Those Applicable to Milk and its Products) to Become Effective Pursuant to the Agricultural Marketing Agreement Act of 1937, as Amended" (15 F. R. 5176).

Copies of the aforesaid annexed order, of Order No. 69, as amended, of the aforesaid procedure (15 F. R. 5176), and of this order may be examined in the

Office of the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington, D. C.

Ballots to be cast in the referendum, and other necessary forms and instructions, may be obtained at the said office, or from any appointee hereunder.

[Docket No. AO 267]

HANDLING OF LIMES GROWN IN FLORIDA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, from March 1 to March 3, 1955, both dates inclusive, after notice thereof published in the FEDERAL REGISTER (20 F. R. 744), on a proposed marketing agreement and order regulating the handling of limes grown in Florida, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

On the basis of the evidence introduced at the hearing, and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on April 14, 1955, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (F. R. Doc. 55-3202; 20 F. R. 2590, 2893). No exception to said recommended decision was filed.

Findings and conclusions. The material issues, findings and conclusions, and the general findings of the recommended decision set forth in the FEDERAL REGISTER (F. R. Doc. 55-3202; 20 F. R. 2590, 2893) are hereby approved and adopted as the material issues, findings and conclusions, and general findings of this decision as if set forth in full herein.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Marketing Agreement Regulating the Handling of Limes Grown in Florida" and "Order Regulating the Handling of Limes Grown in Florida" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. The aforesaid marketing agreement and order shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure, governing proceedings to formulate marketing agreements and marketing orders, have been met.

It is hereby ordered, That all of this decision, except the annexed agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement are identical with those contained in the annexed order which will be published with this decision.

Dated: May 10, 1955.

¹ This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders have been met.

AUTHORITY: §§ 1001.0 to 1001.71 issued under 48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047.

§ 1001.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and the applicable rules of practice and procedure, as amended, effective thereunder (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, from March 1 to March 3, 1955, both dates inclusive, upon a proposed marketing agreement and a proposed marketing order regulating the handling of limes grown in Florida. Upon the basis of the evidence introduced at such hearing, and the record thereof, it is found that:

(1) The said order, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order regulates the handling of limes grown in the designated production area in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activities specified in, the proposed marketing agreement and order upon which a hearing has been held;

(3) The said order is limited in its application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to subdivisions of such production area would not effectively carry out the declared policy of the act;

(4) There are no differences in the production and marketing of limes grown in the production area covered by the said order that make necessary different terms and provisions applicable to different parts of such area; and

(5) All handling of limes grown in the production area, as defined herein, is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

It is therefore ordered, That, on and after the effective date hereof, the handling of limes grown in the said production area shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order; and the terms and conditions of said order are as follows:

DEFINITIONS

§ 1001.1 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States, or any officer or employee of the Department to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

§ 1001.2 *Act.* "Act" means Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

§ 1001.3 *Person.* "Person" means an individual, partnership, corporation, association or any other business unit.

§ 1001.4 *Production area.* "Production area" means all of the State of Florida, except the area west of the Suwannee River.

§ 1001.5 *Limes.* "Limes" means all varieties and clones of acid limes, grown in the production area, classified botanically as *Citrus Aurantifolia* (Christm.) Swingle, and includes the group known as true limes (also known as Mexican, West Indian, and Key limes and by other synonyms) and the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties).

§ 1001.6 *Fiscal year.* "Fiscal year" means the twelve-month period ending March 31 of each year.

§ 1001.7 *Committee.* "Committee" means the Florida Lime Administrative Committee established pursuant to § 1001.20.

§ 1001.8 *Grower.* "Grower" is synonymous with producer and means any person who produces limes for market and who has a proprietary interest therein.

§ 1001.9 *Handler.* "Handler" is synonymous with shipper and means any person (except a common or contract carrier transporting limes owned by another person) who handles limes or causes limes to be handled.

§ 1001.10 *Handle.* "Handle" means to sell, consign, deliver, or transport limes within the production area or between the production area and any point outside thereof: *Provided*, That such term shall not include: (a) The sale or delivery of limes to a handler, registered as such with the committee in accordance with such rules and regulations as it may prescribe with the approval of the Secretary, who has facilities within the production area for preparing limes for market; (b) the delivery of limes to such a handler solely for the purpose of having such limes prepared for market; or (c) the transportation of limes by a handler, so registered with the committee, from the grove to his packing facilities within the production area for the purpose of having such limes prepared for market. In the event a grower sells his limes to a handler who is not so registered with the committee, such grower shall be the first handler of such limes.

§ 1001.11 *District.* "District" means the applicable one of the following described subdivisions of the production area, or such other subdivisions as may be prescribed pursuant to § 1001.29 (n):

(a) "District 1" shall include Dade and Monroe counties.

(b) "District 2" shall include all of the production area except Dade and Monroe counties.

ADMINISTRATIVE BODY

§ 1001.20 *Establishment and membership.* There is hereby established a Florida Lime Administrative Committee consisting of nine members, each of whom shall have an alternate who shall have the same qualifications as the member for whom he is an alternate. Five of the members and their respective al-

ternates shall be growers who shall not be handlers or employees of handlers. Four of the members and their respective alternates shall be handlers or employees of handlers. The five members of the committee who shall be growers and who shall not be handlers, or employees of handlers, are hereinafter referred to as "grower" members of the committee; and the four members who shall be handlers, or employees of handlers, are hereinafter referred to as "handler" members of the committee. Four of the five grower members shall be producers of limes in District 1, and one grower member shall be a producer of limes in District 2. Three of the four handler members shall be handlers, or employees of handlers, of limes in District 1, and one handler member shall be a handler, or an employee of a handler, of limes in District 2.

§ 1001.21 *Term of office.* The term of office of each member and alternate member of the committee shall begin April 1, and shall terminate March 31 of the following year. Members and alternate members shall serve in such capacities for the portion of the term of office for which they are selected and qualify and until their respective successors are selected and have qualified. The consecutive terms of office of members shall be limited to three terms.

§ 1001.22 *Nomination—(a) Initial members.* Nominations for each of the five initial grower members and four initial handler members of the committee, together with nominations for the initial alternate members for each position, may be submitted to the Secretary by individual growers and handlers. Such nominations may be made by means of group meetings of the growers and handlers concerned in each district. Such nominations, if made, shall be filed with the Secretary no later than the effective date hereof. In the event nominations for initial members and alternate members of the committee are not filed pursuant to, and within the time specified in, this section, the Secretary may select such initial members and alternate members without regard to nominations, but selections shall be on the basis of the representation provided for in § 1001.20.

(b) *Successor members.* (1) The committee shall hold or cause to be held, not later than February 15 of each year, a meeting or meetings of growers and handlers in each district for the purpose of designating nominees for successor members and alternate members of the committee. At each such meeting a chairman and a secretary shall be selected by the growers and handlers eligible to participate therein. The chairman shall announce at the meeting the number of votes cast for each person nominated for member or alternate member and shall submit promptly to the committee a complete report concerning such meeting. The committee shall, in turn, promptly submit a copy of each such report to the Secretary.

(2) Only growers who are present at such nomination meetings, or who reside outside the production area and are rep-

resented at such nomination meetings by duly authorized agents, shall participate in the nomination and election of nominees for grower members and their alternates. Each grower shall be entitled to cast only one vote for each nominee to be elected in the district in which he produces limes. No grower shall participate in the election of nominees in more than one district in any one fiscal year.

(3) Only handlers who are present at such nomination meetings, or represented at such meetings by duly authorized agents, shall participate in the nomination and election of nominees for handler members and their alternates. Each handler shall be entitled to cast only one vote for each nominee to be elected in the district in which he handles limes, which vote shall be weighted by the volume of limes shipped by such handler during the then current fiscal year. No handler shall participate in the election of nominees in more than one district in any one fiscal year.

§ 1001.23 *Selection.* From the nominations made pursuant to § 1001.22, or from other qualified persons, the Secretary shall select the five grower members of the committee, the four handler members of the committee, and an alternate for each such member.

§ 1001.24 *Failure to nominate.* If nominations are not made within the time and in the manner prescribed in § 1001.22, the Secretary may, without regard to nominations, select the members and alternate members of the committee on the basis of the representation provided for in § 1001.20.

§ 1001.25 *Acceptance.* Any person selected by the Secretary as a member or as an alternate member of the committee shall qualify by filing a written acceptance with the Secretary within ten days after being notified of such selection.

§ 1001.26 *Vacancies.* To fill any vacancy occasioned by the failure of any person selected as a member or as an alternate member of the committee to qualify, or in the event of the death, removal, resignation, or disqualification of any member or alternate member of the committee, a successor for the unexpired term of such member or alternate member of the committee shall be nominated and selected in the manner specified in §§ 1001.22 and 1001.23. If the names of nominees to fill any such vacancy are not made available to the Secretary within fifteen days after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which selection shall be made on the basis of representation provided for in § 1001.20.

§ 1001.27 *Alternate members.* An alternate member of the committee, during the absence or at the request of the member for whom he is an alternate, shall act in the place and stead of such member. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor for such member is selected and has qualified.

§ 1001.28 *Powers.* The committee shall have the following powers:

- (a) To administer the provisions of this part in accordance with its terms;
- (b) To receive, investigate, and report to the Secretary complaints of violations of the provisions of this part;
- (c) To make and adopt rules and regulations to effectuate the terms and provisions of this part; and
- (d) To recommend to the Secretary amendments to this part.

§ 1001.29 *Duties.* The committee shall have, among others, the following duties:

- (a) To select a chairman and such other officers as may be necessary, and to define the duties of such officers;
- (b) To appoint such employees, agents, and representatives as it may deem necessary, and to determine the compensation and to define the duties of each;
- (c) To submit to the Secretary as soon as practicable after the beginning of each fiscal year a budget for such fiscal year, including a report in explanation of the items appearing therein and a recommendation as to the rate of assessment for such fiscal year;
- (d) To keep minutes, books, and records which will reflect all of the acts and transactions of the committee and which shall be subject to examination by the Secretary;
- (e) To prepare periodic statements of the financial operations of the committee and to make copies of each such statement available to growers and handlers for examination at the office of the committee;
- (f) To cause its books to be audited by a certified public accountant at least once each fiscal year, and at such other times as the Secretary may request;
- (g) To act as intermediary between the Secretary and any grower or handler;
- (h) To investigate and assemble data on the growing, handling, and marketing conditions with respect to limes;
- (i) To submit to the Secretary such available information as he may request;
- (j) To notify, as provided in this part, producers and handlers of all meetings of the committee to consider recommendations for regulation;
- (k) To give the Secretary the same notice of meetings of the committee as is given to its members;
- (l) To consult with such representatives of growers or groups of growers as may be deemed necessary and to pay the travel expenses incurred by such representatives in attending committee meetings at the request of the committee: *Provided*, That the committee shall not pay the travel expenses of more than three such representatives in connection with any one meeting of the committee;
- (m) To investigate compliance with the provisions of this part; and
- (n) With the approval of the Secretary, to redefine the districts into which the production area is divided, and to reapportion the representation of any district on the committee: *Provided*, That any such changes shall reflect, insofar as practicable, shifts in lime production within the districts and the production area.

§ 1001.30 *Procedure.* (a) Six members of the committee, or alternates acting for members, shall constitute a quorum and any action of the committee shall require at least five concurring votes: *Provided*, That at least one handler member shall approve the action.

(b) The committee may vote by telegraph, telephone, or other means of communication, and any votes so cast shall be confirmed promptly in writing: *Provided*, That if an assembled meeting is held, all votes shall be cast in person.

§ 1001.31 *Expenses and compensation.* The members of the committee, and their respective alternates when acting as members, shall be reimbursed for expenses necessarily incurred by them in the performance of their duties under this part and shall also receive compensation, as determined by the committee, which shall not exceed \$10.00 per day or portion thereof spent in performing such duties.

§ 1001.32 *Annual report.* The committee shall, prior to March 31 of each fiscal year, prepare and mail an annual report to the Secretary and to each handler and grower who requests a copy of the report. This annual report shall contain at least: (a) A complete review of the regulatory operations during the fiscal year; (b) an appraisal of the effect of such regulatory operations upon the lime industry; and (c) any recommendations for changes in the program.

EXPENSES AND ASSESSMENTS

§ 1001.40 *Expenses.* The committee is authorized to incur such expenses as the Secretary finds are reasonable and may be necessary to enable the committee to exercise its powers and perform its duties in accordance with the provisions of this part during each fiscal year. The funds to cover such expenses shall be acquired by the levying of assessments as provided for in § 1001.41.

§ 1001.41 *Assessments.* (a) Each person who first handles limes shall, with respect to the limes so handled by him, pay to the committee upon demand such person's pro rata share of the expenses which the Secretary finds will be incurred by the committee during each fiscal year. Each such person's share of such expenses shall be equal to the ratio between the total quantity of limes handled by him as the first handler thereof during the applicable fiscal year and the total quantity of limes so handled by all persons during the same fiscal year. The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) The Secretary shall fix the rate of assessment to be paid by each such person. At any time during or after the fiscal year, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any finding by the Secretary relative to the expense which may be incurred: *Provided*, That, in no case, shall the rate of assessment exceed 10 cents per bushel, or equivalent quantity, of limes. Such increase shall

be applied to all limes handled during the applicable fiscal year. In order to provide funds for the administration of the provisions of this part, the committee may accept the payment of assessments in advance, and may borrow money in any amount not to exceed 10 percent of the estimated expenses set forth in its budget for the then current fiscal year.

§ 1001.42 *Accounting.* (a) If, at the end of a fiscal year, the assessments collected are in excess of the expenses incurred, each person entitled to a proportionate refund of the excess assessment shall be credited with such refund against the operations of the following fiscal year. Any handler may demand payment of such a refund, and the refund shall be paid to him: *Provided*, That any sum paid by a person in excess of his pro rata share of the expenses during any fiscal year may be applied by the committee at the end of such fiscal year to any outstanding obligations due the committee from such person.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part, and shall be accounted for in the manner provided in this part. The Secretary may, at any time, require the committee and its members to account for all receipts and disbursements.

RESEARCH

§ 1001.45 *Marketing research and development.* The committee, with the approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of limes. The expense of such projects shall be paid from funds collected pursuant to § 1001.41.

REGULATIONS

§ 1001.50 *Marketing policy.* Each season prior to making any recommendations pursuant to § 1001.51, the committee shall submit to the Secretary a report setting forth its marketing policy for the ensuing season. Such marketing policy report shall contain information relative to (a) the estimated total production of limes within the production area; (b) the expected general quality and size of limes in the production area and in other areas, including foreign competing areas; (c) the expected demand conditions for limes in different market outlets; (d) the expected shipments of limes produced in the production area and in other areas, including foreign competing areas; (e) supplies of competing commodities; (f) trend and level of consumer income; (g) other factors having a bearing on the marketing of limes; and (h) the type of regulations expected to be recommended during the season. In the event it becomes advisable, because of changes in the supply and demand situation for limes, to modify substantially such marketing policy, the committee shall submit to the Secretary a revised marketing policy report setting forth the information prescribed in this section. The commit-

tee shall publicly announce the contents of each marketing policy report and copies thereof shall be maintained in the offices of the committee where they shall be available for examination by growers and handlers.

§ 1001.51 *Recommendations for regulation.* (a) Whenever the committee deems it advisable to regulate the handling of any variety or varieties of limes in the manner provided in § 1001.52, it shall so recommend to the Secretary.

(b) In arriving at its recommendations for regulation pursuant to paragraph (a) of this section, the committee shall give consideration to current information with respect to the factors affecting the supply and demand for limes during the period or periods when it is proposed that such regulation should be made effective. With each such recommendation for regulation, the committee shall submit to the Secretary the data and information on which such recommendation is predicated, and such other available information as the Secretary may request.

(c) All meetings of the committee held for the purpose of formulating recommendations for regulations shall be open to growers and handlers. The committee shall give notice of such meetings to growers and handlers by mailing such notice to each grower and handler who has filed his address with the committee and requested such notice.

§ 1001.52 *Issuance of regulations.* (a) The Secretary shall regulate, in the manner specified in this section, the handling of limes whenever he finds, from the recommendations and information submitted by the committee or from other available information, that such regulations will tend to effectuate the declared policy of the act. Such regulations may:

(1) Prohibit, during any specified period or periods, the handling of any variety or varieties of limes which do not meet such grade, size, and quality (including internal quality and juice content) standards as shall be prescribed;

(2) Prescribe minimum standards of quality for any variety or varieties of limes and limit the handling thereof to those meeting such minimum standards; and

(3) Fix the size, capacity, weight, dimensions, or pack of the container or containers which may be used in the packaging, and the transportation, sale, shipment, or other handling of limes.

(b) The committee shall be informed immediately of any such regulations issued by the Secretary and the committee shall promptly give notice thereof to growers and handlers.

§ 1001.53 *Modification, suspension, or termination of regulations.* (a) In the event the committee at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 1001.52 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the committee or from

other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of limes in order to effectuate the declared policy of the act, he shall modify, suspend, or terminate such regulation. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation. On the same basis and in like manner the Secretary may terminate any such modification or suspension.

§ 1001.54 *Exemption certificate.* In the event the handling of limes is regulated pursuant to § 1001.52, the committee shall issue one or more exemption certificates to any person who furnishes evidence satisfactory to the committee that, by reason of conditions beyond his control, he will be prevented, because of such regulation, from having as large a proportion of a particular variety of his limes handled as the average proportion of all such limes which may be handled. Such exemption certificates shall authorize the person to whom the certificates are issued to handle, or have handled, a percentage of his crop of the particular variety of limes equal to the percentage determined as aforesaid. The committee shall adopt, with the approval of the Secretary, procedural rules by which such exemption certificates will be issued and the limes covered thereunder may be handled. Exemption certificates shall be transferred to the handler of the limes covered by such certificates at the time the limes are delivered to such handler.

§ 1001.55 *Inspection and certification.* Whenever the handling of any variety of limes is regulated pursuant to § 1001.52, each handler who handles limes shall, prior thereto, cause each lot of limes handled to be inspected by the Federal-State Inspection Service and certified by it as meeting the applicable requirements of such regulation: *Provided*, That such inspection and certification shall be required when the limes previously have been so inspected and certified only if such limes have been regraded, resorted, or repackaged after the prior inspection and certification. Promptly thereafter, each such handler shall submit, or cause to be submitted, to the committee a copy of the certificate of inspection with respect to such handling.

§ 1001.56 *Limes not subject to regulations.* Except as otherwise provided in this section, any person may, without regard to the provisions of §§ 1001.41, 1001.52, and 1001.55, and the regulations issued thereunder, handle limes (a) for consumption by charitable institutions; (b) for distribution by relief agencies; (c) for commercial processing into products; or (d) in such minimum quantities or types of shipments, or for such specified purposes as the committee, with the approval of the Secretary, may prescribe. The committee shall, with the approval of the Secretary, prescribe such rules, regulations, and safeguards as it may deem necessary to prevent limes handled under the provisions of this section from entering channels of trade for other than the specific purposes authorized by this section. Such rules,

regulations, and safeguards may include the requirements that handlers shall file applications with the committee for authorization to handle limes pursuant to this section, and that such applications be accompanied by a certification by the intended purchaser or receiver that the limes will not be used for any purpose not authorized by this section.

REPORTS

§ 1001.60 *Reports.* (a) Each handler shall furnish to the committee, at such times and for such periods as the committee may designate, certified reports covering, to the extent necessary for the committee to perform its functions, the following: (1) The quantities of each variety of limes he received; (2) a complete record of the quantities disposed of by him, segregated as to varieties and as to the respective quantities subject to regulation and not subject to regulation; (3) the date of each such disposition and the identification of the carrier transporting such fruit; (4) identification of the inspection certificates and the exemption certificates, if any, pursuant to which the fruit was handled, together with the destination of each such exempted disposition, and of all fruit handled pursuant to § 1001.56; and (5) the quantity of each variety held by him at the end of the period.

(b) Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner and at such times as it may prescribe, such other information as may be necessary to enable the committee to perform its duties under this part.

(c) Each handler shall maintain for at least two succeeding fiscal years, such records of the limes received and disposed of by him as may be necessary to verify the reports he submits to the committee pursuant to this section.

(d) All reports and records submitted by handlers pursuant to the provisions of this section shall be received by, and at all times be in custody of, one or more designated employees of the committee. No such employee shall disclose to any person, other than the Secretary upon request therefor, data or information obtained or extracted from such reports and records which might affect the trade position, financial condition, or business operation of the particular handler from whom received: *Provided*, That such data and information may be combined, and made available to any person, in the form of general reports in which the identities of the individual handler furnishing the information is not disclosed and may be revealed to any extent necessary to effect compliance with the provisions of this part and the regulations issued thereunder.

MISCELLANEOUS PROVISIONS

§ 1001.61 *Compliance.* Except as provided in this part, no person shall handle limes, the shipment of which has been prohibited by the Secretary in accordance with the provisions of this part; and no person shall handle limes except in conformity with the provisions of this part and the regulations issued under this part.

§ 1001.62 *Right of the Secretary.* The members of the committee (including successors and alternates), and any agents, employees, or representatives thereof, shall be subject to removal or suspension by the Secretary at any time. Each and every regulation, decision, determination, or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the committee shall be deemed null and void, except as to acts done in reliance thereon or in accordance therewith prior to such disapproval by the Secretary.

§ 1001.63 *Effective time.* The provisions of this part, and of any amendment thereto, shall become effective at such time as the Secretary may declare above his signature to this part, and shall continue in force until terminated in one of the ways specified in § 1001.64.

§ 1001.64 *Termination.* (a) The Secretary may at any time terminate the provisions of this part by giving at least one day's notice by means of a press release or in any other manner in which he may determine.

(b) The Secretary shall terminate or suspend the operation of any and all of the provisions of this part whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this part at the end of any fiscal year whenever he finds that continuance is not favored by the majority of producers who, during a representative period determined by the Secretary, were engaged in the production of limes for market: *Provided*, That such termination is announced on or before March 15 of the then current fiscal year. The Secretary shall, as soon as practicable after the close of the fiscal year ending March 31, 1957, conduct a referendum of producers and a poll of handlers to determine whether the continuation of this part is favored by them. Producers entitled to vote in such referendum shall be those who, during the fiscal year ending March 31, 1957, were engaged in producing limes for market and the poll shall be confined to handlers who handled limes in that same fiscal year. If it develops from said referendum and poll that (1) less than two-thirds of the producers, by number or volume of production represented in said referendum, favor the continuance of this part, or (2) handlers representing more than one-half the volume of limes handled favor termination of this part, the Secretary shall thereupon terminate this part.

(d) The provisions of this part shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 1001.65 *Proceedings after termination.* (a) Upon the termination of the

provisions of this part, the committee shall, for the purpose of liquidating the affairs of the committee, continue as trustees of all the funds and property then in its possession, or under its control, including claims for any funds unpaid or property not delivered at the time of such termination.

(b) The said trustees shall (1) continue in such capacity until discharged by the Secretary; (2) from time to time account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such persons as the Secretary may direct; and (3) upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person, full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant thereto.

(c) Any person to whom funds, property, or claims have been transferred or delivered, pursuant to this section, shall be subject to the same obligation imposed upon the committee and upon the trustees.

§ 1001.66 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this part or of any regulation issued pursuant to this part, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this part or any regulation issued under this part, or (b) release or extinguish any violation of this part or of any regulation issued under this part, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

§ 1001.67 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any person by virtue of this part shall cease upon its termination, except with respect to acts done under and during the existence of this part.

§ 1001.68 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States, or name any agency or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this part.

§ 1001.69 *Derogation.* Nothing contained in this part is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States (a) to exercise any powers granted by the act or otherwise, or (b) in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 1001.70 *Personal liability.* No member or alternate member of the committee and no employee or agent of the

committee shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, employee, or agent, except for acts of dishonesty, willful misconduct, or gross negligence.

§ 1001.71 *Separability.* If any provision of this part is declared invalid or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this part or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

Order Directing That Referendum Be Conducted; Designation of Agents to Conduct Referendum; and Determination of Representative Period

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), it is hereby directed that a referendum be conducted among the producers who, during the period April 1, 1954, through March 31, 1955 (which period is hereby determined to be a representative period for the purpose of such referendum), were engaged, in the State of Florida, excluding the area west of the Suwannee River, in the production of limes for market to ascertain whether such producers favor the issuance of an order regulating the handling of limes grown in the aforesaid production area, which order is annexed to the decision of the Secretary of Agriculture filed simultaneously herewith. M. F. Miller and W. R. Cleveland, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, are hereby designated agents of the Secretary of Agriculture to conduct said referendum severally or jointly.

The procedure applicable to this referendum shall be the "Procedure for the Conduct of Referenda Among Producers in Connection with Marketing Orders (Except Those Applicable to Milk and Its Products) to Become Effective Pursuant to the Agricultural Marketing Agreement Act of 1937, as Amended" (15 F. R. 5176; 19 F. R. 35).

Copies of the aforesaid annexed order, of the aforesaid referendum procedure, and of this order may be examined in the Office of the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington, D. C.

Ballots to be cast in the referendum, and other necessary forms and instructions, may be obtained from any referendum agent or appointee.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047)

Dated: May 10, 1955.

FEDERAL POWER COMMISSION

[Docket No. G-2578]

ALBERT PLUMMER

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 9, 1955.

Take notice that Albert Plummer (Applicant), an independent producer with his principal place of business in Houston, Texas, filed, on August 26, 1954, an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing the proposed acts or operations hereinafter described.

Applicant proposes to produce natural gas from acreage located in the South Colleto Creek Field in Victoria County, Texas, has completed one well, and proposes to sell such gas to Tennessee Gas Transmission Company (Tennessee) at an initial base price of 10 cents per Mcf under the terms of a 20-year contract dated September 15, 1954. Daily de-

liveries are based on a ratio to the estimated recoverable reserves. Applicant will transport such gas a short distance to a point on Tennessee's lateral pipe line which was authorized in Docket No. G-1572.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 1, 1955, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however*, That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 26th day of May 1955. The application is on file with the Commission for public inspection.

UNITED GAS PIPE LINE CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 9, 1955.

Take notice that United Gas Pipe Line Company (Applicant), a Delaware corporation having its principal place of business in Shreveport, Louisiana, filed on March 21, 1955, an application for a certificate of public convenience and necessity authorizing the sale of natural gas to Willmut Gas & Oil Company for resale by the latter in McLaurin Heights, Rankin County, Mississippi, and the construction and operation of a necessary tap near Mile Post 1 on Applicant's 8-inch Jackson-Hattiesburg pipeline. Applicant states that it has been advised that Willmut estimates the requirements of and commercial consumers in McLaurin Heights will be 2,600 Mcf in the third year of operation and 25 Mcf on the peak day in that year.

Applicant proposes to finance the estimated cost of the proposed facility out of current working funds.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 24, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 17, 1955.

[File No. 1-3682]

BAILEY SELBURN OIL & GAS LTD.

NOTICE OF APPLICATION TO WITHDRAW FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

MAY 9, 1955.

In the matter of Bailey Selburn Oil & Gas Ltd., Class A Shares, \$1 Par Value; File No. 1-3682.

The above named issuer, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to withdraw the specified security from listing and registration on the Midwest Stock Exchange.

The reasons alleged in the application for withdrawing this security from listing and registration include the following:

1. The trading volume on the Midwest Stock Exchange has been negligible and the Company desires to save the expense of the listing on said Exchange.

2. The Executive Committee of the Midwest Stock Exchange has waived the provision of its delisting rule requiring stockholders' approval.

3. The stock will remain listed and registered on the American and San Francisco stock exchanges.

Upon receipt of a request, on or before May 27, 1955, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person

requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington 25, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application and other information contained in the official file of the Commission pertaining to the matter.

OHIO EDISON CO.

ORDER AUTHORIZING ISSUE AND SALE AT COMPETITIVE BIDDING OF FIRST MORTGAGE BONDS

MAY 9, 1955.

Ohio Edison Company ("Company"), a registered holding company and a public-utility company, has filed a declaration and amendments thereto pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder regarding the following proposed transaction:

The Company proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, \$30,000,000 principal amount of First Mortgage Bonds, -- percent Series of 1955 due 1985 ("New Bonds"). The New Bonds will be issued under the Company's Indenture of Mortgage and Deed of Trust, dated as of August 1, 1930, as heretofore amended and supplemented and to be further supplemented by the Twelfth Supplemental Indenture dated as of May 1, 1955. The interest rate (which shall be a multiple of $\frac{1}{8}$ of 1 percent) and the price to be paid to the Company (which shall be not less than 100 percent nor more than 102 $\frac{3}{4}$ percent of the principal amount, exclusive of interest from May 1, 1955, to date of delivery) will be determined by competitive bidding.

It is stated that the net proceeds to be received from the sale of the New Bonds will be used, along with other available funds, for the acquisition of property, the construction or improvement of facilities, the discharge of obligations, and other corporate purposes. Expenditures for property additions and improvements in 1955 are estimated at \$45,500,000.

The issue and sale of said bonds have been expressly authorized by the Public Utilities Commission of Ohio, in which State the Company is organized and doing business. Such authorization is subject to the further approval of the State Commission with respect to the coupon

rate and the price to be paid to the Company by the underwriters.

Due notice of the filing of the declaration having been given in the manner provided by Rule U-23 promulgated under the act, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules thereunder have been satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration as amended should be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the declaration as amended be, and it hereby is, permitted to become effective forthwith, subject to the provisions of Rule U-50 and Rule U-24.

By the Commission.

[File No. 70-3368]

OHIO VALLEY ELECTRIC CORP. ET AL.
NOTICE OF FILING REGARDING ISSUANCE OF INTERIM DEBT AND ALTERATION OF RIGHTS

MAY 10, 1955.

Notice is hereby given that Ohio Valley Electric Corporation ("OVEC"), a public utility subsidiary of American Gas and Electric Company ("American Gas"), a registered holding company, The West Penn Electric Company ("West Penn Electric"), a registered holding company, and Ohio Edison Company ("Ohio Edison"), a registered holding company, together with American Gas and three of its public utility subsidiaries, Appalachian Electric Power Company, Ohio Power Company, and Indiana & Michigan Electric Company, West Penn Electric and three of its public utility subsidiaries, Monongahela Power Company, The Potomac Edison Company and West Penn Power Company, Ohio Edison and its subsidiary, Pennsylvania Power Company, The Cincinnati Gas and Electric Company, a public-utility company and an exempt holding company, Kentucky Utilities Company, a public-utility company and an exempt holding company, and Louisville Gas and Electric Company, a public-utility company and an exempt holding company, have filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act") and have designated sections 6 and 7 of said act as applicable to the proposed transactions, which are summarized as follows:

OVEC and its subsidiary, Indiana-Kentucky Electric Corporation, are engaged in the construction of generating and other facilities designed to supply power requirements of the Atomic Energy Commission ("AEC") at the Portsmouth Area project of the AEC. OVEC

has entered into a Power Agreement with AEC to supply to AEC at the Portsmouth project a contract demand of 1,800,000 kilowatts, for which AEC is obligated to pay, among other charges, an amount equal to a percentage of (i) the fixed charges of OVEC and (ii) amounts sufficient to produce a net return of 8 percent, after taxes, on the outstanding capital stock of OVEC.

The Commission, by its order dated November 7, 1952 (Holding Company Act Release No. 11578), authorized, among other things, the issuance to ten Participating Companies (named in the Power Agreement) of an aggregate of not to exceed 200,000 shares of \$100 par common stock of OVEC for a cash consideration of \$100 per share. Of the shares so authorized 100,000 shares thereof have been issued by OVEC for a cash consideration of \$10,000,000.

On the 27th day of July 1953, the Commission issued its further order (Holding Company Act Release No. 12077) authorizing, among other things, (1) the issuance by OVEC of not in excess of \$360,000,000 principal amount of first mortgage and collateral trust bonds ("Bonds") and the sale thereof to 39 institutional investors; (2) the issuance by OVEC of not in excess of \$60,000,000 principal amount of unsecured notes ("Notes") to 14 financial institutions, including 12 banks; (3) the issuance by OVEC of not in excess of \$8,000,000 principal amount of Subordinated Notes and the acquisition of such Subordinated Notes by such of the participating companies as were parties to that proceeding; and (4) certain contractual arrangements therein described and the performance by such of the companies as were parties to that proceeding, of the respective obligations of each company under such contractual arrangements.

In the present application-declaration OVEC proposes, after consultation with the AEC and with the holders of its Bonds, Notes and Subordinated Notes, a revision of its financing program so as to postpone the obligations of the participating companies to invest the remaining \$10,000,000 in common stock of OVEC during such period of time as the equivalent amount of capital is invested in OVEC in the form of loans ("Interim Debt"). The 12 banking institutions which are participants under the bank credit agreement of OVEC have agreed to lend to OVEC from time to time prior to the date of the final completion of the facilities, amounts of Interim Debt not exceeding \$10,000,000 in the aggregate. It is proposed that such Interim Debt be represented by notes which will mature 90 days after demand and will bear interest at a rate per annum which shall be the prime commercial loan rate from time to time of The First National City Bank of New York, agent for the lending banks, for 90-day maturities (presently 3 percent per annum). The proposed revision in financing arrangements also involves the assignment by OVEC to the lenders of such Interim Debt of certain of the obligations of the Participating Companies to supply equity

capital to OVEC. This will result in effect in giving the Interim Notes a ranking prior to that of the \$60,000,000 unsecured notes, and in creating a first lien in favor of the Interim Notes, ahead of the lien of the Bonds, on the obligations of the Participating Companies to supply in the future \$10,000,000 of common stock equity capital.

In the event that at any time (1) any of such Interim Debt shall become due or payable or be prepaid, unless such Interim Debt is refunded with an equal principal amount of Interim Debt or (2) any of such Interim Debt shall be purchased or acquired for value by OVEC or by any affiliate of OVEC other than any of the Sponsoring Companies (as named in the Power Agreement) or Participating Companies, or (3) OVEC shall give notice of prepayment of all of the outstanding Interim Debt, in accordance with its covenant to do so following a termination of the AEC Power Agreement, it will become necessary for the Participating Companies to invest an amount, not exceeding \$10,000,000, in the common stock of OVEC equal to the principal amount of the Interim Debt which shall so become due and payable or shall be so prepaid, purchased or acquired. In any such events, OVEC will issue to the extent required in consideration of cash payments of \$100 per share, and the Participating Companies will acquire, shares of common stock of OVEC heretofore authorized by the Commission to be issued and acquired. Such an issuance of common stock may occur either prior to or after January 1, 1957.

In order to effectuate the revision of OVEC's financing arrangements it is proposed to amend the various documents underlying the Bonds, Notes and Subordinated Notes.

The application-declaration states that the proposed revision of OVEC's financing arrangements will reduce the power bills payable by AEC under the Power Agreement by approximately \$1,200,000 per annum, without giving effect to reductions in taxes otherwise receivable by the United States of America.

It is further stated that the proposed transactions are subject to the approval of the Public Utilities Commission of Ohio, the State commission of the State in which OVEC is organized and doing business.

Notice is further given that any interested person may, not later than May 24, 1955, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said filing which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said joint application-declaration, as filed or as amended, may be granted and permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt

such transactions as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

STOCK DRIVEWAY WITHDRAWAL NO. 144;
WYOMING NO. 18, REDUCED

Pursuant to the authority delegated by the Director, Bureau of Land Management, in section 2.5 (b) Order No. 541 dated April 21, 1954 (F. R. Doc. 54-3200), it is ordered as follows:

Subject to valid rights and the provisions of existing withdrawals, Departmental Orders of April 20, 1921, June 6, 1922, January 20, 1927, and August 7, 1929, establishing Stock Driveway No. 144, Wyoming No. 18, under section 10 of the act of December 29, 1916 (39 Stat. 865; 43 U. S. C. 300) are hereby revoked so far as they affect the following described lands:

SIXTH PRINCIPAL MERIDIAN-WYOMING

T. 35 N., R. 81 W.,

Sec. 5: Lots 1, 2, 3, 4, S $\frac{1}{2}$ N $\frac{1}{2}$.

The area described aggregates 324.04 acres.

This revocation is made in furtherance of an exchange under section 8 of the act of June 28, 1934, as amended by section 3 of the act of June 26, 1936 (48 Stat. 1272; 49 Stat. 1976; 43 U. S. C. 315g), by which the offered lands will benefit a Federal Land program. This restoration is, therefore, not subject to the provisions contained in the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284) as amended, granting preference rights to veterans of World War II, and the Korean Conflict, and others.

R. R. BEST,
State Supervisor.
