Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 106]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 922.406 *Valencia Orange Regulation 106*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 22, as amended (7 CFR Part 922), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said marketing agreement and order, as amended, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as herein-after set forth. The Committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for

Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 13, 1957.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., June 16, 1957, and ending at 12:01 a. m., P. s. t., June 23, 1957, are hereby fixed as follows:

- (i) District 1: 277,200 cartons;
- (ii) District 2: 554,400 cartons;
- (iii) District 3: Unlimited movement.

(2) All Valencia oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

(3) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: June 14, 1957.

[Lemon Reg. 691]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF HANDLING

§ 953.798 *Lemon Regulation 691*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based becomes available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the com-

mittee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 12, 1957.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., June 16, 1957, and ending at 12:01 a. m., P. s. t., June 23, 1957, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
- (ii) District 2: 465,000 cartons;
- (iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

[Avocado Order 14, Amdt. 1]

PART 969—AVOCADOS GROWN IN SOUTH FLORIDA

QUALITY AND MATURITY REGULATION

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 69, as amended (7 CFR Part 969; 22 F. R. 3513), regulating the handling of avocados grown in South Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendations of the Avocado Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of avocados, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate

the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than June 17, 1957. This amendment relieves restrictions on the Fuchs variety of avocados in that it will permit the shipment of such variety at an earlier date than now provided. It also establishes maturity requirements for the listed varieties of avocados which will be applicable on and after the time the shipment of such varieties is permitted. A reasonable determination as to the time of maturity of avocados must await the development of the crop thereof, and adequate information thereon, with respect to the varieties specified in this amendment, was not available to the Avocado Administrative Committee until June 11, 1957; determinations as to the time of maturity of the varieties of avocados covered by this amendment were made at the meeting of said committee on June 11, 1957, after consideration of all available information relative to such maturity and growing conditions prevailing during the current season for such avocados, at which time the recommendations and supporting information for such maturity regulation were submitted to the Department; such meeting was held to consider recommendation for such regulation after giving due notice thereof, and interested parties were afforded an opportunity to submit their views at this meeting; the provisions of this amendment are identical with the aforesaid recommendations of the committee and information concerning such provisions has been disseminated among the handlers of avocados; and compliance with the provisions of this amendment will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) It is therefore ordered that the provisions of § 969.14 (Avocado Order 14; 22 F. R. 3652) are hereby amended as follows:

1. Amend subparagraph (2) of paragraph (b) by deleting from Column (1) of Table I references to the Fuchs, Pollock, Simmonds, Nadir, and Hardee varieties of avocados and the respective dates in Column (2) of said table on which said varieties may be handled.

2. Renumber subparagraphs (3), (4), and (5) of paragraph (b) as subparagraphs (5), (6), and (7), respectively, and, immediately after subparagraph (2), add new subparagraphs (3) and (4) reading as follows:

(3) With respect to the varieties of avocados listed in Column 1, of Table II, no handler shall handle any variety of such avocados except as provided in subparagraphs (i) through (iii) of this subparagraph;

(i) During the period from 12:01 a. m., e. s. t., of the date listed for the respective variety in Column 2 of Table II and 12:01 a. m., e. s. t., of the date listed for the respective variety in Column 4 of such table, no handler shall handle any avocados unless the individual fruit weighs

at least the ounces specified for the respective variety in Column 3 of such table or is of at least the diameter specified for such variety in said Column 3;

(ii) During the period from 12:01 a. m., e. s. t., of the date listed for the respective variety in Column 4 of Table II and 12:01 a. m., e. s. t., of the date listed for the respective variety in Column 6 of such table, no handler shall handle any avocados unless the individual fruit weighs at least the ounces specified for the respective variety in Column 5 of such table or is of at least the di-

ameter specified for such variety in said Column 5;

(iii) During the period from 12:01 a. m., e. s. t., of the date listed for the respective variety in Column 6 of Table II and 12:01 a. m., e. s. t., of the date listed for the respective variety in Column 8 of such table, no handler shall handle any avocados unless the individual fruit weighs at least the ounces specified for the respective variety in Column 7 of such table or is of at least the diameter specified for such variety in said Column 7;

TABLE II

(4) Notwithstanding the provisions of subdivisions (i) through (iii) of subparagraph (3) of this paragraph regarding the minimum weight or diameter for individual fruit, up to 10 percent, by count, of the individual fruit contained in each lot may weigh less than the minimum specified weight and be less than the minimum specified diameter: *Provided*, That such avocados weigh not more than two ounces less than the applicable specified weight for the particular variety as prescribed in Column 3, 5, or 7 of Table II. Such tolerances shall be on a lot basis, but not to exceed double such tolerances shall be permitted for an individual container in a lot;

3. Amend the introductory sentence of subparagraph (5) of paragraph (b) to read as follows:

(5) Insofar as varieties of the West Indian type of avocados not listed in Table I or Table II are concerned, no handler shall handle any of such varieties except in accordance with the following terms and conditions:

(c) The provisions of this amendment shall become effective at 12:01 a. m., e. s. t., June 17, 1957.

[Lime Order 4, Amdt. 2]

PART 1001—LIMES GROWN IN FLORIDA
QUALITY AND SIZE REGULATION

(a) *Findings*. (1) Pursuant to the marketing agreement, as amended, and

Order No. 101, as amended (7 CFR Part 1001; 22 F. R. 2526), regulating the handling of limes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendations of the Florida Lime Administrative Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of limes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than June 17, 1957. Shipments of designated varieties of Florida limes are currently regulated pursuant to Lime Order 4, as amended (22 F. R. 2873; 3105), and, unless sooner modified or terminated, will continue to be so regulated until May 1, 1958; determinations as to the need for, and extent of, continued regulation of Florida lime shipments must await the development of the crop and the availability of information on the demand for such fruit; the recommendation and supporting information for regulation of lime shipments subsequent to June 17, 1957, and in the man-

ner herein provided, were promptly submitted to the Department after a meeting of the Florida Lime Administrative Committee on June 11, 1957, to consider recommendations for regulation, the provisions of this amendment are identical with the aforesaid recommendation of the committee, and information concerning such provisions has been disseminated among handlers of Florida limes; it is necessary, in order to effectuate the declared policy of the act, to make this amendment effective as hereinafter set forth; and compliance with this amendment will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

(b) *It is, therefore, ordered*, That the provisions of paragraph (b) of § 1001.304 (Lime Order 4, as amended; 22 F. R. 2873; 3105) are hereby further amended as follows:

1. Amend subdivision (ii) of subparagraph (1) to read as follows:

(ii) Any container of limes grown in the State of Florida, except the area west of the Suwannee River, of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) unless the limes in such container grade at least U. S. Combination Mixed Color, and are of a size not smaller than 1 $\frac{3}{4}$ inches in diameter: *Provided*, That not to exceed 5 percent, by count, of the limes in any container may be smaller than 1 $\frac{3}{4}$ inches in diameter.

2. Amend subparagraph (2) to read as follows:

(2) As used in this section, "handler" and "handle" shall have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 2 Mixed Color," "U. S. Combination Mixed Color," and "diameter" shall have the same meaning as when used in the United States Standards for Persian (Tahiti) Limes (§§ 51.1000 to 51.1016; 22 F. R. 3405).

(c) *Effective time*. The provisions of this amendment shall become effective at 12:01 a. m., e. s. t., June 17, 1957.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

TEMPORARY CONTROL AREA AND CONTROL ZONE

The temporary control area and control zone appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the

Air Force, through the Air Coordinating Committee Airspace Panel, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required. Part 601 is amended as follows:

1. Section 601.1425 is added to read:

§ 601.1425 *Control area extension (Alpena, Mich.)*. That airspace bounded by lines beginning at a point at latitude 45°28'00", longitude 83°30'00", thence extending to a point at latitude 45°16'30", longitude 83°11'25", thence to a point at latitude 44°42'00", longitude 83°52'30", thence to a point at latitude 44°53'00", longitude 84°11'30", thence to the point of beginning.

2. Section 601.2407 is added to read:

§ 601.2407 *Alpena, Mich., control zone*. TITLE 25—INDIANS

Chapter I—Bureau of Indian Affairs, Department of the Interior

Subchapter I—Grazing

PART 71—GENERAL GRAZING REGULATIONS

FEES FOR PREPARATION OF GRAZING PERMITS

Section 71.23 is amended effective July 1, 1957, to read as follows:

§ 71.23 *Fees for preparation of grazing permits*. (a) Permittees shall be charged annually in advance to cover clerical and ministerial work performed in the preparation of grazing permits three percent of the minimum annual rental established pursuant to § 71.12.

(b) When permits contain provision for adjustment of rentals after expiration of the first year of the permit period the adjusted minimum annual rental shall be the basis for computing the three percent annual charge.

(c) When permits are assigned or sublet an additional fee of \$10 shall be charged for each assignment or subletting.

(d) When permits are extended with the mutual consent of the parties thereto

the fees charged shall be computed on the same basis as for the original permit.

(e) Permits granted prior to June 30, 1957, are not subject to the provisions of this section.

Subchapter N—Irrigation Projects; Construction Costs

PART 150—REIMBURSEMENT OF CONSTRUCTION COSTS, AHTANUM UNIT, WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

There was published in the FEDERAL REGISTER of February 22, 1957, 22 F. R. 1088, notice of intention to adopt a new regulation designated Part 150. This part establishes the total construction cost for the Ahtanum Unit, Wapato Indian Irrigation Project, Washington, and prescribes regulations for the collection of construction costs due the Federal Government.

All interested parties were given opportunity to submit views, data or arguments in writing within 30 days from the date of publication. No such views, data, and arguments having been received, the regulations as proposed are adopted, except that they are made a part of Subchapter N rather than Subchapter O. The regulations as adopted are set forth below.

FRED A. SEATON,
Secretary of the Interior.

JUNE 11, 1957.

A new Part 150 is added to read as follows:

- Sec.
- 150.1 Construction costs and assessable acreage.
- 150.2 Repayment of construction costs.
- 150.3 Payments.
- 150.4 Deferment of assessments on lands remaining in Indian ownership.
- 150.5 Assessments after the Indian title has been extinguished.

AUTHORITY: §§ 150.1 to 150.5 issued under secs. 1, 3, 36, Stat. 270, 272, as amended; 25 U. S. C. 385.

§ 150.1 *Construction costs and assessable acreage*. The construction program has been completed on the Ahtanum Unit of the Wapato Indian Irrigation Project and the construction costs have been established as \$79,833.64. The area benefited by this development has been established at 4,765.2 acres. Under the requirements of the acts of February 14, 1920 (41 Stat. 409) and March 7, 1928 (45 Stat. 210), these costs are to be repaid to the United States Treasury by the owners of the lands benefited.

§ 150.2 *Repayments of construction costs*. The cost per acre under § 150.1 is, therefore, established at \$16.7535. Under the provisions of the acts of February 14, 1920 (41 Stat. 409) and March 7, 1928 (45 Stat. 210) and based on forty equal annual payments, the annual per

acre assessment is hereby fixed at \$0.42 per acre for the year 1957 and each succeeding year until the entire cost for each tract shall have been repaid to the United States Treasury. On those tracts where payments have been made pursuant to Part 141 of this chapter, annual assessments beginning with the year 1957 at the rate of \$0.42 per acre will be made until the entire cost of \$16.7535 per acre shall have been repaid to the United States Treasury. Landowners may pay at any time the total of the then remaining indebtedness. Under the act of March 10, 1928 (45 Stat. 210) the unpaid charges stand as a lien against the lands until paid.

§ 150.3 *Payments*. Payments are due on December 31 of each year and shall be made to the official in charge of collections for the project.

§ 150.4 *Deferment of assessments on lands remaining in Indian ownership*. In conformity with the act of July 1, 1932 (47 Stat. 564; 25 U. S. C. 386 (a)) no assessment shall be made on behalf of construction costs against Indian-owned land within the Project until the Indian title thereto has been extinguished.

§ 150.5 *Assessments after the Indian title has been extinguished*. Indian-owned lands passing to non-Indian ownership shall be assessed for construction costs and the first assessment shall be due on December 31 of the year that Indian title is extinguished. Assessments against this land will be at the annual rate of \$0.42 per acre and shall be due as provided in § 150.3, and payable promptly thereafter until the total construction cost of \$16.7535 per acre chargeable against the land has been paid in full.

TITLE 26—INTERNAL REVENUE, 1954

Chapter I—Internal Revenue Service, Department of the Treasury

[T. D. 6239]

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

RENTAL VALUE OF PARSONAGES

On November 15, 1956, a notice of proposed rule making regarding the regulations for taxable years beginning after December 31, 1953, and ending after August 16, 1954, under section 107 of the Internal Revenue Code of 1954 was published in the FEDERAL REGISTER (21 F. R. 8890). After consideration of all such relevant matter as was presented by interested persons regarding the rules proposed, the regulations as so published are hereby adopted, subject to the change as set forth below:

PARAGRAPH 1. Section 1.107-1 (b) is revised.

[SEAL] RUSSELL C. HARRINGTON,
Commissioner of Internal Revenue.

Approved: June 11, 1957.

DAN THROOP SMITH,
Deputy to the Secretary.

The following regulations for taxable years beginning after December 31, 1953, and ending after August 16, 1954, are hereby prescribed under section 107 of the Internal Revenue Code of 1954, relating to rental value of parsonages:

§ 1.107 Statutory provisions; rental value of parsonages.

Sec. 107. Rental value of parsonages. In the case of a minister of the gospel, gross income does not include—

- (1) The rental value of a home furnished to him as part of his compensation; or
- (2) The rental allowance paid to him as part of his compensation, to the extent used by him to rent or provide a home.

§ 1.107-1 Rental value of parsonages.

(a) In the case of a minister of the gospel, gross income does not include (1) the rental value of a home, including utilities, furnished to him as a part of his compensation, or (2) the rental allowance paid to him as part of his compensation to the extent such allowance is used by him to rent or otherwise provide a home. In order to qualify for the exclusion, the home or rental allowance must be provided as remuneration for services which are ordinarily the duties of a minister of the gospel. In general, the rules provided in § 1.1402 (c)-1 (e) will be applicable to such determination. Examples of specific services the performance of which will be considered duties of a minister for purposes of section 107 include the performance of sacerdotal functions, the conduct of religious worship, the administration and maintenance of religious organizations and their integral agencies, and the performance of teaching and administrative duties at theological seminaries. Also, the service performed by a qualified minister as an employee of the United States (other than as a chaplain in the Armed Forces, whose service is considered to be that of a commissioned officer in his capacity as such, and not as a minister in the exercise of his ministry), or a State, Territory, or possession of the United States, or a political subdivision of any of the foregoing, or the District of Columbia, is in the exercise of his ministry provided the service performed includes such services as are ordinarily the duties of a minister.

(b) For purposes of section 107, the term "home" means a dwelling place (including furnishings) and the appurtenances thereto, such as a garage. The term "rental allowance" means an amount paid to a minister to rent or otherwise provide a home if such amount is designated as rental allowance pursuant to official action taken prior to January 1, 1958, by the employing church or other qualified organization, or if such amount is designated as rental allowance pursuant to official action taken in advance of such payment by the employing church or other qualified organization when paid after December 31, 1957. The designation of an amount as rental allowance may be evidenced in an employment contract, in minutes of or in a resolution by a church or other qualified organization or in its budget, or in any other appropriate instrument evidencing such official action. The designation referred to in this para-

graph is a sufficient designation if it permits a payment or a part thereof to be identified as a payment of rental allowance as distinguished from salary or other remuneration.

(c) A rental allowance must be included in the minister's gross income in the taxable year in which it is received, to the extent that such allowance is not used by him during such taxable year to rent or otherwise provide a home. Circumstances under which a rental allowance will be deemed to have been used to rent or provide a home will include cases in which the allowance is expended (1) for rent of a home, (2) for purchase of a home, and (3) for expenses directly related to providing a home. Expenses for food and servants are not considered for this purpose to be directly related to providing a home. Where the minister rents, purchases, or owns a farm or other business property in addition to a home, the portion of the rental allowance expended in connection with the farm or business property shall not be excluded from his gross income.

(Sec. 7805, 68A Stat. 917; 26 U. S. C. 7805)

TITLE 32—NATIONAL DEFENSE

Chapter I—Office of the Secretary of Defense

PART 154—PROCUREMENT INSPECTION POLICIES AND PROCEDURES FOR ITEMS COVERED BY MILITARY AND FEDERAL SPECIFICATIONS

Sec.	
154.1	Purpose.
154.2	Definitions.
154.3	Policies.
154.4	Situations warranting the execution of particular examinations and tests by the Government.
154.5	Factors influencing extent of Government inspection.
154.6	Standard procedure for Government verification inspection.
154.7	Implementation.
154.8	Review and evaluation of the supplier's inspection procedures.
154.9	Inspection and calibration of the supplier's gages, measuring and test equipment.
154.10	Examination of the supplier's inspection records.
154.11	Performance of product verification inspection by the Government.

AUTHORITY: §§ 154.1 to 154.11 issued under sec. 5, 63 Stat. 580, as amended, sec. 2451, 70A Stat. 138; 5 U. S. C. 171a, 10 U. S. C. 2451.

§ 154.1 Purpose. In furtherance of the quality assurance concept and policy specified in Department of Defense Instruction 4155.6, "Department of Defense Quality Assurance Concept and Policy," this part establishes uniform Department of Defense policies and procedures for procurement inspection for items covered by military and Federal specifications.

§ 154.2 Definitions. Terms used in this part are defined in MIL-STD-109, "Inspection Terms and Definitions."

§ 154.3 Policies—(a) Supplier responsibilities for inspection. (1) Except as provided in subparagraph (2), of this paragraph, the supplier shall be required

to perform the examinations and tests set forth in the specifications to substantiate conformance of supplies to specification requirements.

(2) Certain inspection requirements may be executed by the Government when it is not advisable to specify that the particular examinations and tests be performed by the supplier. In such cases, these examinations and tests to be performed by the Government shall be explicitly identified in the specification or contract. (Section 154.4 identifies some of the specific situations for which it is advisable that examinations and tests be performed by the Government.)

(3) Suppliers shall either (i) have available adequate test facilities for executing specific prescribed tests, or (ii) make arrangements for the utilization of suitable test facilities.

(4) Records of examinations and tests performed by the supplier shall be maintained by the supplier and made available for use by the Government for the duration of time specified in the contract.

(5) The supplier shall be responsible for compliance with all requirements of the specification and all other technical requirements of the contract.

(b) **Government responsibilities for inspection.** (1) The Government inspector shall make optimum use of the inspection records of examinations and tests performed by or for the supplier in accordance with the quality assurance provisions of commodity specifications, and other pertinent inspection records, in determining acceptability of supplies.

(2) Procurement inspection by the Government to verify the supplier's compliance with specification requirements and other technical requirements of the contract, shall be so planned as to promote adequate assurance of quality by the most efficient utilization of the inspection resources of the military departments. (Section 154.5 identifies specific factors influencing the extent of Government inspection.)

(3) Where the specification or contract requires the supplier to conduct particularly expensive tests involving destruction of supplies, extended periods of time for conducting the tests or other factors contributing to high testing costs, etc., these tests shall be coordinated for simultaneous supplier and Government accomplishment to the maximum extent practicable to preclude the need for subsequent independent Government verification testing.

(4) Government inspection to determine compliance with any requirements of the specification not covered under the quality assurance provisions and other technical requirements of the contract shall be conducted to the extent deemed necessary by the military inspecting activity having cognizance at the supplier's plant.

§ 154.4 Situations warranting the execution of particular examinations and tests by the Government. While the execution of inspection requirements prior to submission of supplies to the Government normally will be the responsibility of the supplier (see § 154.3 (a) (1)), under certain conditions, it is advisable to state in the specification or contract

the particular examinations and tests to be performed by the Government. The following are specific situations for which it may be desirable to designate explicitly in the specification or contract, examination and testing solely by the Government:

(a) Test requirements which necessitate the use of specialized test equipment or facilities not ordinarily available in suppliers' plants or commercial laboratories, e. g. ballistic testing of ammunition, environmental tests, simulated service tests;

(b) Inspection to determine qualification of a supplier's product for inclusion on a Qualified Products List;

(c) Pre-production, pilot-lot or pilot model examination and testing, either at a Government installation or at the supplier's plant.

§ 154.5 *Factors influencing extent of Government inspection.* The extent of Government inspection to verify the supplier's compliance with the quality assurance provisions of the commodity specification and with other technical requirements of the contract shall be adjusted to reflect the following factors:

(a) The possible effect of failure of the item on the safety of personnel;

(b) The tactical or strategic importance of the item;

(c) The complexity of the item and the need for high reliability of the item and its components;

(d) The pertinency, completeness and reliability of the supplier's inspection records;

(e) The previous quality history of the supplier's product;

(f) The quantity and technical specialties of available Government inspection manpower;

(g) Technical importance of the item; and

(h) The unit cost of the item.

§ 154.6 *Standard procedures for Government verification inspection.* To promote uniformity in Government verification inspection of suppliers' compliance with the quality assurance provisions of specifications and other technical requirements of the contract, the following aspects of verification inspection shall be treated in accordance with the standard procedures contained in §§ 154.8, 154.9, 154.10 and 154.11:

(a) Review and evaluation of the supplier's inspection procedures;

(b) Inspection and calibration of the supplier's gages, measuring and test equipment;

(c) Examination of the supplier's inspection records; and

(d) Performance of product verification inspection by the Government.

§ 154.7 *Implementation.* Within ninety (90) days after date of this part, each of the military departments shall submit two copies of the proposed implementing instructions to the Assistant Secretary of Defense (Supply and Logistics) for approval. The policies specified under § 154.3 (a), relating to supplier responsibilities for inspection shall be implemented as follows:

(a) *New, revised and amended specifications.* For new specifications and those requiring revision or amendment

for other reasons, a statement of supplier responsibilities shall be included in section 4 of the specification.

(b) *Existing specifications in military and Federal series.* When new procurement is initiated for items covered by existing specifications that do not contain a statement of supplier responsibilities, such a statement shall be included in invitations for bids and in subsequent contracts.

After the proposed implementing instructions are approved, the military departments will be advised by memorandum of the date for publication of the approved instructions.

§ 154.8 *Review and evaluation of the supplier's inspection procedures.* In reviewing and evaluating the supplier's inspection procedures for determination of his conformance to the detailed sampling, examination and testing procedures prescribed in the specification and contract, the elements specified below shall be included in the review and evaluation by the Government inspector:

(a) *Examination procedures.* (1) Observation of the supplier's procedures concerning lot formation and segregation requirements when specified;

(2) Observation of the supplier's sampling procedures or unit-by-unit examination (see Supply and Logistics Handbook H-105, dated April 27, 1954, "Administration of Sampling Procedures for Acceptance Inspection," for established basic principles of sampling inspection);

(3) Determination that the supplier's examination includes all of the various characteristics or defects listed in the specification or contract and that examination procedures comply with any special gaging and instrumentation requirements;

(4) Review to determine that the acceptability criteria (e. g. acceptance numbers from appropriate sampling plans of MIL-STD-105 corresponding with the specified Acceptable Quality Levels (AQL) are as specified; and

(5) Review of supplier's screening procedures when acceptability criteria for sampling inspection are not satisfied.

(b) *Test procedures.* (1) Observation of the supplier's procedures concerning lot formation and segregation requirements when specified;

(2) Observation of the supplier's sampling procedures or unit-by-unit testing (see Supply and Logistics Handbook H-105);

(3) Review of supplier's schedule and procedures to determine that all required tests are included and to determine that testing methods, analyses and apparatus conform to specification or contract requirements;

(4) Review to determine that acceptability criteria for sampling for testing are in conformance with specification or contract requirements; and

(5) Review of supplier's 100 percent re-test procedures when acceptability criteria for sampling are not satisfied and 100 percent retest is appropriate.

§ 154.9 *Inspection and calibration of the supplier's gages, measuring and test equipment.* In inspecting the supplier's inspection equipment, the Government inspector will determine that the sup-

plier has available and utilizes correctly gaging, measuring and test equipment of required accuracy and that the instruments are of proper type and range to make measurements of the required accuracy. The supplier will have available a set of master gages, standards and appropriate instruments for regularly scheduled calibration of his inspection equipment. Records of such regularly scheduled calibration will be maintained by the supplier and made available for review by the Government. Periodically, the calibration of gages, standards and instruments will be checked.

§ 154.10 *Examination of the supplier's inspection records.* The Government inspector will examine the supplier's records of examinations and tests in order to determine that these records are pertinent and complete regarding the detailed requirements of the specification and contract. The inspection record form should include provision for entering information on appropriate item identification, lot size, acceptability criteria, results of examination or tests expressed as attributes or variables data and disposition of the materiel as in conformance or non-conformance to acceptability criteria established in the specification or contract.

§ 154.11 *Performance of product verification inspection by the Government.* Product inspection by the Government inspector to verify the supplier's compliance with the quality assurance provisions of the specification and other technical contract requirements, shall be conducted to establish that:

(a) *The supplier's inspection records are reliable.* The Government inspector will perform complete or partial re-inspection on either all of the supplier's sample units represented on the records or a sample of these units to establish the reliability of the supplier's inspection records.

(b) *The supplier's inspection records represent true product quality.* The Government inspector will select, independently of the supplier, samples from submitted lots for examination and tests to substantiate that the supplier's inspection records represent the true quality of the product.

PERKINS MCGUIRE,
Assistant Secretary of Defense
(Supply and Logistics).

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1433]

[999186]

CALIFORNIA

REVOKING EXECUTIVE ORDER OF SEPTEMBER 22, 1921, WHICH CREATED PUBLIC WATER RESERVE NO. 80

By virtue of the authority vested in the President by section 1 of the act of June

25, 1910 (36 Stat. 847; 43 U. S. C. 141) and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

The Executive order of September 22, 1921, which withdrew the following-described public lands in California as Public Water Reserve No. 80, is hereby revoked:

SAN BERNARDINO MERIDIAN

T. 3 S., R. 4 E.,
Sec. 34, SW $\frac{1}{4}$.

The area described contains 160 acres.

Effective at 10:00 a. m., on July 16, 1957, the lands will become subject to application, petition, location, offer or selection under the public land laws, including mining for nonmetalliferous minerals. They have been open to metalliferous mining location, and to mineral leasing.

This revocation is made in furtherance of a proposed exchange under section 8 of the act of June 28, 1934, as amended by section 3 of the act of June 26, 1936 (48 Stat. 1272; 49 Stat. 1976; 43 U. S. C. 315g) by which the offered lands will

benefit a Federal land program. This opening is, therefore, not subject to the provisions contained in the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284) as amended, granting preference rights to veterans of World War II, the Korean Conflict, and others.

HATFIELD CHILSON,
Under Secretary of the Interior.

NOTICES

DEPARTMENT OF COMMERCE

Federal Maritime Board

[Docket No. 801]

TRUCK LOADING AND UNLOADING OF WATERBORNE CARGO AT NEW YORK

NOTICE OF INVESTIGATION AND OF HEARING

On September 14, 1956, the Board entered the following order:

It appearing that the parties named in Appendix A hereto have entered into an agreement known as the Truck Loading and Unloading of Waterborne Freight Agreement in their capacity as terminal operators in the Port of Greater New York and vicinity which agreement has been approved by the Federal Maritime Board, as F. M. B. Agreement No. 8005, pursuant to section 15 of the Shipping Act, 1916, as amended (46 U. S. C. 814); and

It further appearing that pursuant to said Agreement No. 8005 the parties issued on August 15, 1956 a new Tariff No. 3, to become effective September 15, 1956, cancelling Tariff No. 2, and showing rates, charges, rules and regulations with respect to services of loading or unloading, or assisting in loading or unloading of waterborne freight onto or from trucks at piers in the port of Greater New York and vicinity; and

It further appearing that protests against the rates, charges, rules and regulations set forth in said Tariff No. 3, having been received from importers, truckers and others, both individually and through their associations, alleging that the rates, charges, rules and regulations specified therein are excessive and that the practices to be followed by the parties to this tariff are unjust and unreasonable and have been promulgated without consultation with protestants;

It is ordered, That a proceeding of inquiry be instituted upon the Board's own motion, in the exercise of its powers and duties under sections 15, 17 and 22 of the Shipping Act, 1916, as amended (46 U. S. C. 814, 816 and 821) to determine (1) whether the rates, charges, rules and regulations set forth in Tariff No. 3 of the Truck Loading and Unloading of Waterborne Freight Agreement (F. M. B. Agreement No. 8005) are detrimental to the commerce of the United States, and (2) whether the practices resulting from the adoption of said tariff are unjust and unreasonable practices for or in connection with the receiving, handling, or delivering of property; and

It is further ordered, That all parties named in Appendix A be, and they are hereby, made respondents in this proceeding; and

It is further ordered, That this order be published in the FEDERAL REGISTER, and that a copy of such order be served upon each of said respondents; and

It is further ordered, That a copy of such order be furnished each of the protestants; and

It is further ordered, That this proceeding be assigned for hearing before an examiner of the Hearing Examiner's Office at a date and place to be fixed by the Chief Examiner.

NOTICE OF INVESTIGATION AND OF HEARING,
AND OF CONSOLIDATION OF PROCEEDINGS

In the matter of Agreement No. 8005-1 between American Export Lines, Inc., American President Lines, Ltd., Bull In-sular Line, Inc., American Stevedores, Inc., International Terminal Operating Co., Inc., et al.; Docket No. 821.

On June 13, 1957, the Board entered the following order:

It appearing that pursuant to section 15 of the Shipping Act, 1916, an agreement has been filed for approval which has been assigned Federal Maritime Board Agreement No. 8005-1 between American Export Lines, Inc., American President Lines, Ltd., Bull In-sular Line, Inc., American Stevedores, Inc., International Terminal Operating Co., Inc., et al.; and

It further appearing that a notice of the filing of said agreement was published in the FEDERAL REGISTER of May 9, 1957 (22 F. R. 3263) pursuant to section 3.01 of Administrator's Order No. 166; and

It further appearing that a Protest against approval of Agreement No. 8005-1, and Request for Hearing and Investigation was filed jointly by the Empire State Highway Transportation Association, Inc., and the New Jersey Motor Truck Association, Inc., in which it is alleged that the proposed amendment is on its face discriminatory, unreasonable, unfair and contrary to section 15 in that certain persons may be prohibited from loading and unloading water-borne cargo to and from trucks even though those persons may render such services pursuant to provisions of the New York-New Jersey Waterfront Commission Compact, to which Congress consented by Public Law 252, 83d Congress; and

It further appearing that the protestants request a hearing and that the proceeding be consolidated with the proceedings in Docket Nos. 800 and 801 and the parties to those proceedings do not oppose such consolidation, now therefore,

It is ordered, That the request of the aforementioned protestants for a hearing be granted and that an investigation be and it is hereby instituted by the Board on its own motion pursuant to section 22 of said act, to determine whether operations under Agreement 8005-1;

1. Will make or give any undue or unreasonable preference or advantage to any particular person, locality, or description of traffic in any respect whatsoever, or to subject any particular person, locality, or description of traffic to any undue or unreasonable prejudice or disadvantage in any respect whatsoever, in violation of section 16, First of said act, or

2. Will result in the establishment, observance or enforcement of unjust or unreasonable regulations or practices in violation of section 17 of said act, or

3. Will be unjustly discriminatory or unfair as between carriers, shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors or to operate to the detriment of the commerce of the United States within the meaning of section 15 of said act; and

It is further ordered, That all parties named as respondents in Docket No. 801, be, and they are hereby, made respondents in this proceeding; and

It is further ordered, That this order be published in the FEDERAL REGISTER, and that a copy of such order be served upon each of said respondents; and

It is further ordered, That a copy of such order be furnished each of the protestants; and

It is further ordered, That this proceeding be assigned for hearing before an examiner of the Hearing Examiners' Office in consolidation with proceedings in Dockets Nos. 800 and 801.

Pursuant to the above order, hearing in this proceeding will be held in consolidation with the hearing in Docket No. 800, Empire State Highway Transportation Association, Inc., and New Jersey Motor Truck Association, Inc. v. American Export Lines, Inc., et al., and Docket No. 801, Truck Loading and Unloading of Waterborne Cargo at New York—Investigation of Rates and Practices of Parties to Agreement No. 8005, now scheduled to be held before Examiner A. L. Jordan, in Room 705, 45 Broadway, New York, N. Y., on June 24, 1957, beginning at 10 o'clock a. m., e. d. t. The hearing will be conducted in accordance with the Board's rules of practice and procedure, and a recommended decision will be issued by the Examiner.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies), having an interest in this proceeding and desiring to intervene therein, should promptly notify the Secretary of the Board and file petitions for leave to intervene in accordance with Rule 5 (n) of said rules of practice and procedure (46 CFR 201.74).

Dated: June 13, 1957.

By order of the Federal Maritime Board.

JAMES L. PIMPER,
Secretary.

CHAIRMAN OF THE CIVIL AERONAUTICS
BOARD

DELEGATIONS OF AUTHORITY

The following supersedes the material appearing in 17 F. R. 2899 and amends the material appearing in 20 F. R. 3835 during the term of the delegation made in section 2 hereof:

SECTION 1. Purpose. The purpose of this order is to delegate to the Chairman of the Civil Aeronautics Board pursuant to Executive Order 10219 and underlying authorities, certain authority relating to air transportation conferred on the Secretary of Commerce by Executive Order 10219; and to designate the Chairman of the Civil Aeronautics Board to present aircraft supply and requirements information pursuant to Defense Mobilization Order VII-5.

SEC. 2. Delegation of authority.
.01 There is hereby delegated to the Chairman of the Civil Aeronautics Board the authority conferred upon the Secretary of Commerce by Section 301 (b) (2) of Executive Order 10219 and underlying authorities, to formulate plans and programs for, initiate actions for, and carry out such distribution and redistribution of civil aircraft among the civil air carriers as may be neces-

sary to assure the maintenance of essential civil routes and services after allocation of aircraft has been made to the Department of Defense.

.02 In exercising the authority herein delegated, the Chairman of the Civil Aeronautics Board shall act only after consultation with the Defense Air Transportation Administrator so that the actions taken by the Chairman of the Civil Aeronautics Board under this order will be taken with knowledge of the actions taken by the Defense Air Transportation Administrator under Department of Commerce Order No. 137 (Amended). The Defense Air Transportation Administrator shall effectuate the necessary coordination among Government agencies and the Defense Air Transportation Administration shall be the coordinating, rather than the action, agency for the functions herein delegated to the Chairman of the Civil Aeronautics Board.

SEC. 3. Designation to present supply and requirements information. .01 Pursuant to authority vested in the Secretary of Commerce by Defense Mobilization Order VII-5, as amended, the Chairman of the Civil Aeronautics Board is hereby designated to present supply and requirements information with respect to new civil aircraft and concurrent spares for U. S. air carriers to the Office of Defense Mobilization through, and when requested by, the Assistant Director of Industrial Mobilization, Business and Defense Services Administration, Department of Commerce.

.02 The responsibility assigned herein may be reassigned to the extent deemed necessary by the Chairman, Civil Aeronautics Board.

Effective: May 27, 1957.

SINCLAIR WEEKS,
Secretary of Commerce.

CIVIL AERONAUTICS ADMINISTRATION AMENDMENT OF ORGANIZATION AND FUNCTIONS

The material appearing in 21 F. R. 7027-30 is amended as follows:

The purpose of this amendment is to provide for the reassignment of functions within the Office of Airports and to re-define the functions of that Office. Department Order 86 (Amended) of July 1, 1956, is amended by changing subsection 3 of section 6.01 to read as follows:

(3) The Office of Airports plans, directs, coordinates, and controls CAA airport activities, exclusive of the operation and administration of the Washington National Airport and other Federally-owned and operated civil airports in the Continental United States, and its territories and possessions; reviews proposed projects and related plans and specifications for the development or improvement of Federal airports constructed, operated or maintained by the agency in order to ensure conformance with CAA airport policies, technical standards and planning criteria, and

makes appropriate recommendations to the Office of the Administrator; develops and coordinates plans for the construction of a second major airport for Washington, D. C., and conducts necessary negotiations and monitors construction activities; develops and issues policies, standards, procedures and other instructions as required to govern the administration of the Federal-aid Airport Program; fosters the establishment of a national system of airports suitable or adaptable to the future needs of civil aviation and national security, and develops, revises and coordinates the National Airport Plan for the establishment and maintenance of such a system, as required by the Federal Airport Act; maintains liaison within the agency, other Governmental and private agencies concerning agreements on military use of civil airports and disposal of Government property for airport purposes; recommends disposition of surplus property for airport purposes under provisions of the Surplus Property Act, as amended, and secures adherence to the terms of agreements with the Federal Government under which such property is conveyed to public agencies; develops, for issuance by the Administrator, regulations governing the administration of the Federal-aid Airport Program, and the transfer of Federally-owned land for airport use under the Federal Airport Act; effects compliance with laws and regulations affecting the operation of civil airports constructed with Federal funds; develops and issues policies, standards, procedures and other instructions required for the administration of the agency's airport development program, which program includes the development and interpretation of technical engineering standards for airport design and construction, and furnishing advisory and consulting services to States, municipalities, civic groups, foreign governments and private interests in the planning of airport development and in the preparation of designs for individual airport projects; develops and recommends the agency position on matters involving technical airport engineering standards for consideration by the Air Coordinating Committee, International Civil Aviation Organization, or other national or international groups, and as assigned, provides technical assistance or representation in such groups in the formulation of nation-wide and world-wide technical airport engineering standards; formulates policies, standards, procedures, and definitions for the collection of airport facility data, and ensures the maintenance and availability of such data. The Office of Airports has an Engineering Division, Planning Division, Program Administration Division, and Technical Coordination Division.

Effective: May 27, 1957.

Sec. 2. Limit of acreage for which entry may be made or water secured. The public lands covered by this notice have been divided into farm units. Each of the farm units represents the acreage which, in the opinion of the Secretary of the Interior, may reasonably be required for the support of a family upon such land. The areas in the different units are fixed at the amounts shown upon the farm unit plats referred to in section 1 of this notice. The maximum acreage of land in private ownership for which application for delivery of water may be made is 160 acres of irrigable land for each landowner.

Sec. 3. Nature of preference. Except for a prior preference given applicants for exchange of farm units under the provisions of the act of August 13, 1953 (67 Stat. 566), who are hereinafter called "exchange applicants," a preference right shall be given to applications which are made by certain veterans (and in some cases by their wives, husbands, or guardians of minor children) and which are filed within 90 days after the opening of the lands. The five classes of persons who are entitled to this veterans preference are set forth in section 4 of this notice.

Therefore, except for those received from qualified exchange applicants, which shall be given prior preference, applications for farm units on public lands covered by this notice which are made by persons coming within one of the five classes listed in section 4 of this notice will be given first consideration if submitted before 2 p. m., September 12, 1957.

In order to be eligible to receive farm units, all applicants, other than qualified exchange applicants, whether or not entitled to veterans preference, must possess the necessary qualifications as to industry, experience, character, capital, and physical fitness (see section 7 of this notice) and (except for duly appointed

guardians) must be qualified to make entry under the homestead laws.

SEC. 4. Persons entitled to veterans preference. The classes of persons who are entitled to the veterans preference described in section 3 of this notice are as follows:

(a) Persons, including those under 21 years of age, who have served in the Army, Navy, Marine Corps, Air Force, or Coast Guard of the United States for a period of at least 90 days at any time between September 16, 1940, and the official termination of the Korean conflict, and who have been honorably discharged.

(b) Persons, including those under 21 years of age, who have served in the Army, Navy, Marine Corps, Air Force, or Coast Guard during the period described in subsection (a) of this section, regardless of length of service, and who have been discharged on account of wounds received or disability incurred during such period in the line of duty, or subsequent to a regular discharge, have been furnished hospitalization or awarded compensation by the Government on account of such wounds or disability.

(c) The spouse of any person in either of the first two classes listed in this section, if the spouse has the consent of such person to exercise his or her preference right and submits written proof of such consent with the application. (See section 8 of this notice regarding provision that a married woman must be head of a family.)

(d) The surviving spouse of any person in either of the first two classes listed in this section, or in the case of the death or marriage of such spouse, the minor child or children of such person, by a guardian duly appointed and officially accredited at the Department of the Interior.

(e) The surviving spouse of any person whose death has resulted from wounds received or disability incurred in line of duty while serving in the Army, Navy, Marine Corps, Air Force, or Coast Guard during the period described in subsection (a) of this section, or in the case of the death or marriage of such spouse, the minor child or children of such person, by a guardian duly appointed and officially accredited at the Department of the Interior.

SEC. 5. Definition of honorable discharge. An honorable discharge means:

(a) Separation from the service by means of an honorable discharge or by the acceptance of resignation or a discharge under honorable conditions.

(b) Release from active duty under honorable conditions to an inactive status, whether or not in a reserve component or retirement.

Any person who obtains an honorable discharge as herein defined shall be entitled to veterans preference even though such person thereafter resumes active military duty.

QUALIFICATIONS REQUIRED BY THE RECLAMATION AND HOMESTEAD LAWS

SEC. 6. Examining Board. An examining board of 3 members, including the Head, Land Use Section, Project Development Division, Yellowstone-Bighorn Projects Office, who will act as secretary

of the board, has been approved by the Commissioner of Reclamation to determine the qualifications and fitness of applicants to undertake the development and operation of a farm on the Hanover-Bluff Unit. The board will make careful investigations to verify the statements made by applicants. Any false statement may constitute grounds for rejection of an application, cancellation of award, or cancellation of an entry.

SEC. 7. Minimum qualifications. This section sets forth the minimum qualifications which are necessary to give reasonable assurance of success of an entryman or entrywoman on a Reclamation farm unit. Applicants, unless qualified exchange applicants, must, in the judgment of the examining board, meet these qualifications in order to be considered for entry. Failure to meet them in any single respect will be sufficient cause for rejection of an application. No credit will be given for qualifications in excess of the required minimum.

The minimum qualifications are as follows:

(a) **Character and industry.** An applicant must be possessed of honesty, temperate habits, thrift, industry, seriousness of purpose, record of good moral conduct, and a bona fide intent to engage in farming as an occupation.

(b) **Farm experience.** Except as otherwise provided in this subsection, an applicant must have had a minimum of two years' (24 months) full-time farm experience, which shall consist of participation in actual farming operations, after attaining the age of 15 years. Time spent in agricultural courses in an accredited agricultural college or time spent in work closely associated with farming, such as teaching vocational agriculture, agricultural extension work, or field work in the production or marketing of farm products, which, in the opinion of the board, will be of value to an applicant in operating a farm, may be substituted for full-time farm experience. Such substitution shall be on the basis of one year (academic year of at least nine months) of agricultural college courses or one year (twelve months) of work closely associated with farming for six months of full-time farm experience. Not more than one year of full-time farm experience of this type will be allowed. A farm youth who actually resided and worked on a farm after attaining the age of 15 and while attending school may credit such experience as full-time experience.

Applicants who have acquired their experience on an irrigated farm will not be given preference over those whose experience was acquired on a nonirrigated farm, but all applicants must have had farm experience of such a nature as, in the judgment of the examining board, will qualify the applicants to undertake the development and operation of an irrigated farm by modern methods.

(c) **Health.** An applicant must be in such physical condition as will enable him to engage in normal farm labor.

(d) **Capital.** An applicant must possess assets worth at least \$4,500 in excess of liabilities, both at the time of qualifying and at the time of his entry upon

the unit. Assets must consist of cash, property or assets readily convertible into cash, or assets such as livestock, farm machinery and equipment, which, in the opinion of the board, will be useful in the development and operation of a new, irrigated farm. No value will be allowed for household goods or passenger car. An applicant may be required to furnish a certified financial statement showing all of his assets and all of his liabilities. (See section 15 of this notice.) Assets not useful in the development of a farm will be considered if the applicant furnishes, at the board's request, evidence of the value of the property and proof of its conversion into useful form before the issuance of a certificate of qualification.

SEC. 8. Other qualifications required. Except for qualified exchange applicants, all applicants (except guardians) must meet the requirements of the homestead laws. The homestead laws require that an entryman or entrywoman:

(a) Must be a citizen of the United States or have declared an intention to become a citizen of the United States.

(b) Must not have exhausted the right to make homestead entry on public land.

(c) Must not own more than 160 acres of land in the United States.

(d) Must, if a married woman, or a person under 21 years of age who is not eligible for veterans preference, be the head of a family. The head of a family is ordinarily the husband, but a wife or a minor child who is obliged to assume major responsibility for the support of a family may be the head of a family. Complete information concerning qualifications for homesteading may be obtained from the Land and Survey Office of the Bureau of Land Management at Cheyenne, Wyoming, or from the Director of that Bureau, Washington 25, D. C.

SEC. 9. Restriction on ownership of project lands. Applicants, other than qualified exchange applicants, for certificates of qualification must not hold or own, within any Federal Reclamation project, irrigable land for which construction charges payable to the United States have not been fully paid, except that this restriction does not apply to small tracts used exclusively for residential purposes.

Prior to the issuance of a certificate of qualification and not later than the time of the personal interview, an applicant who owns lands in a Federal Reclamation project must furnish satisfactory evidence that the total construction charges allocated against the land owned by the applicant have been paid in full.

WHERE AND HOW TO APPLY FOR A FARM UNIT

SEC. 10. Application blanks. Any person desiring to enter any of the public land farm units described in this notice must fill out the attached application blank. Additional application blanks may be obtained from the Bureau of Reclamation, 104 South 11th Street, Worland, Wyoming; Bureau of Reclamation, 1731 Sheridan Avenue, Cody, Wyoming; Regional Director, Bureau of Reclamation, Billings, Montana; or the Commissioner of Reclamation, Depart-

ment of the Interior, Washington 25, D. C.

SEC. 11. The filing of application. An application for a certificate of qualification for a farm unit listed in this notice must be filed with the Bureau of Reclamation, 1731 Sheridan Avenue, Cody, Wyoming, in person or by mail. No advantage will accrue to an applicant who presents an application in person.

SEC. 12. Applications become Department records. Each application submitted, including evidence of qualification to be submitted following the public drawing, will become a part of the records of the Department of the Interior and cannot be returned to the applicant. For this reason, original discharge or citizenship papers should not be submitted. In case an applicant is awarded a farm, the copy of discharge papers will be attached to his certificate of qualification (see section 19 of this notice) for submission to the Bureau of Land Management.

SELECTION OF QUALIFIED APPLICANTS

SEC. 13. Priority of applications. All applications, including those filed by exchange applicants, must be received prior to 2 p. m., September 12, 1957. All applications, except those received from exchange applicants, will be classified for priority purposes and considered in the following order:

(a) **First Priority Group.** All complete applications filed prior to 2 p. m., September 12, 1957, by applicants who claim veterans preference. Such applications will be treated as simultaneously filed.

(b) **Second Priority Group.** All complete applications filed prior to 2 p. m., September 12, 1957, by applicants who do not claim veterans preference. Such applications will be treated as simultaneously filed.

(c) **Third Group.** All complete applications filed after 2 p. m., September 12, 1957. Such applications will be considered in the order in which they are filed if any farm units are available for award to applicants within this group.

SEC. 14. Public drawing. After the priority classification, the board will conduct a public drawing of the names of the applicants in the First Priority Group as defined in subsection 13 (a) of this notice. Applicants need not be present at the drawing in order to participate therein. The names of a sufficient number of applicants (not less than four times the number of farm units to be awarded) shall be drawn and numbered in the order drawn for the purpose of establishing the order in which the applications drawn will be examined by the board to determine whether the applicants meet the minimum qualifications prescribed in this notice, and to establish the priority of qualified applicants for the selection of farm units. After such drawing, the board shall notify each applicant of his respective standing as a result of the drawing.

SEC. 15. Submission of evidence of qualification. After the drawing a sufficient number of applicants, in the order of their priority as established in the drawing, will be supplied with forms on which to submit evidence of qualification showing that they meet the qualifications set forth in sections 7 and 8 of this public notice and, in case veterans preference is claimed, establishing proof of such preference, as set forth in section 4 of this public notice. Full and accurate answers must be made to all questions. The completed form, together with any attachments required, must be mailed or delivered to the Bureau of Reclamation, 1731 Sheridan Avenue, Cody, Wyoming, within 30 days of the date the form is mailed to the last known address furnished by the applicant. Failure of an applicant to furnish all of the information requested or to see that information is furnished by his references within the period specified will subject his application to rejection.

SEC. 16. Final examination. After the information requested as outlined in section 15 of this notice has been received or the time for submitting such statements has expired, the board shall examine in the order drawn a sufficient number of applications, together with the evidence of qualification submitted, to determine the applicants to whom certificates of qualification will be issued. This examination will determine the sufficiency, authenticity, and reliability of the information and evidence submitted by the applicants. If the examination indicates that an applicant is qualified, the applicant may be required to appear for a personal interview with the board for the purpose of: (a) Affording the board any additional information it may desire relative to his qualification; (b) affording the applicant any information desired relative to conditions in the area and the problems and obligations relative to development of a farm unit; and (c) affording the applicant an opportunity to examine the farm units. If the applicant fails to appear before the board for a personal interview when requested, he shall thereby forfeit his priority as established by the drawing.

If the board finds that an applicant's qualifications fulfill the requirements prescribed in this notice, such applicant shall be notified, in person or by certified mail, that he is a qualified applicant and shall be given an opportunity to select one of the farm units then available. A certificate of qualification will not be issued to an applicant who owns more than 160 acres of land in the United States. Therefore, an applicant may be required by the examining board, prior to the issuance of a certificate of qualification, to submit evidence satisfactory to the board that he does not own more than 160 acres.

If the applicant fails to supply any of the information required or the board finds that the applicant's qualifications do not meet the requirement prescribed in this notice, the applicant shall be disqualified and shall be notified by the

board, by certified mail, of such disqualification and the reasons therefor and of the right to appeal to the Regional Director, Region 6, Bureau of Reclamation. All appeals must be received in the office of the Bureau of Reclamation, 1731 Sheridan Avenue, Cody, Wyoming, within 15 days of the applicant's receipt of such notice, or in any event, within 30 days from the date the notice is mailed to the last address furnished by the applicant. The office of the Bureau of Reclamation, 1731 Sheridan Avenue, Cody, Wyoming, will forward the appeals promptly to the Regional Director. The Regional Director's decision on all appeals shall be final.

SELECTION OF FARM UNITS

SEC. 17. Order of selection. The applicants who have been notified of their qualification for the award of a farm unit will successively exercise the right to select a farm unit in accordance with the priority established by the drawing. If a farm unit becomes available through failure of a qualified applicant to exercise his right of selection or failure to complete his entry filing with the Bureau of Land Management, it will be offered to the next qualified applicant who has not made a selection at the time the unit is again available. An applicant who is considered to be disqualified as a result of the personal interview will be permitted to exercise his right to select, notwithstanding his disqualification, unless he voluntarily surrenders this right in writing. If, on appeal, the action of the board in disqualifying an applicant as a result of the personal interview is reversed by the Regional Director, the applicant's selection shall be effective, but if such action of the board is upheld by the Regional Director, the farm unit selected by this applicant will become available for selection by qualified applicants who have not exercised their right to select.

If any of the farm units listed in this notice remain unselected after all qualified applicants whose names were selected in the drawing have had an opportunity to select a farm unit, and if additional applicants remain in the First Priority Group, the board will follow the same procedure outlined in Section 14 of this notice in the selection of additional applicants from this group.

If any of the farm units remain unselected after all qualified applicants in the First Priority Group have had an opportunity to select a farm unit, the board will follow the same procedure to select applicants from the Second Priority Group, and they will be permitted to exercise their right to select a farm unit in the manner prescribed for the qualified applicants from the First Priority Group.

Any farm units remaining unselected after all qualified applicants in the Second Priority Group have had an opportunity to select a farm unit will be offered to applicants in the Third Group in the order in which their applications were filed, subject to the determination of the board, made in accordance with the procedure prescribed herein, that such

applicants meet the minimum qualifications prescribed in this notice.

In the event, however, that a farm unit remains unentered at the expiration of two years following the date of the notice, unless the unit is withdrawn from the notice, new applications will be accepted in respect to the unit, and it shall be awarded to the first applicant who files an application after the expiration of the two-year period and who meets the qualifications prescribed by the notice, without regard to veterans preference.

SEC. 18. Failure to select. If an applicant, except a qualified exchange applicant, refuses to select a farm unit or fails to do so within the time specified by the board, such applicant shall forfeit his position in his priority group and his name shall be placed last in that group.

SEC. 19. Payment of charges and filing homestead applications. After each qualified applicant has advised the board of his selection of a farm unit, he shall be notified by the board of the annual construction, water rental, or other charges and shall be furnished with copies of the petition for inclusion of lands in an irrigation district to be executed by him as required by section 20 below. The required payment and executed petition must be received in the office of the Bureau of Reclamation, 1731 Sheridan Avenue, P. O. Box 839, Cody, Wyoming, within 15 days of the receipt by the applicant of such notice and petitions. Upon receipt of evidence of such payment and of the petition fully executed before the expiration of said 15-day period, the board shall furnish each applicant, by certified mail or by delivery in person, a certificate of qualification stating that the applicant's qualifications to enter public lands have been examined and approved by the board. Such certificate must be attached by the applicant to the homestead application, which application must be filed in the Land and Survey Office, Bureau of Land Management, Cheyenne, Wyoming. Such homestead application must be filed within 15 days from the date of the receipt by the applicant of such certificate. Failure to pay annual water rental or other charges, to execute the required petition, or to make application for homestead entry within the period specified herein will render the application subject to rejection.

SEC. 20. Contracts with irrigation districts. The lands described above in section 1, Public Land, Highland-Hanover Area, are within the exterior boundaries of the Highland-Hanover Irrigation District and the lands described above in Section 1, Public Land, Upper Bluff Area, are within the exterior boundaries of the Upper Bluff Irrigation District; both districts being organized under the laws of the State of Wyoming with offices located at Worland, Wyoming. The United States and the Highland-Hanover Irrigation District have entered into a water service and repayment contract (14-06-600-1532), dated April 8, 1955; and the United States and the Upper Bluff Irrigation District have entered into a similar contract (14-06-600-1533),

dated April 8, 1955. Under these contracts the Districts agree to make levies to pay the United States required charges covering the cost of operating and maintaining irrigation works serving the Districts' lands, and to repay the United States an allocated share of the cost of constructing such work. Copies of these contracts may be examined in the office of the Project Manager, Bureau of Reclamation, Cody, Wyoming, or in the office of the Commissioner of Reclamation, Washington, D. C. to facilitate the furnishing of water to the lands described in section 1, it will be necessary to include the lands described in section 1, Public Land, Highland-Hanover Area, in the Highland-Hanover Irrigation District and to include the lands described in section 1, Public Land, Upper Bluff Area, in the Upper Bluff Irrigation District. To this end, it will be required that each application for homestead entry hereunder be accompanied by a petition for the inclusion of lands covered by such application in the Highland-Hanover or Upper Bluff Irrigation District.

SEC. 21. Irrigation charges—(a) Water rental charges. During the irrigation season of 1957, while some construction activities will be continuing and the system is being tested, it is expected that water will be available on a temporary water rental basis to those desiring it. The terms of payment, which will be at a fixed rate per acre-foot of water used, will be announced by the Irrigation District Boards before the beginning of the irrigation season.

(b) Development period charges. The lands covered by this notice will be included in the Highland-Hanover or Upper Bluff Irrigation District and will be subject to the provisions of the Repayment Contracts of April 8, 1955, between the Districts and the United States, copies of which are available for inspection in the office of the Bureau of Reclamation, Cody, Wyoming. Pursuant to the provisions of said repayment contract, the development period is hereby fixed for the lands described in section 1 hereof, as ten (10) years commencing January 1, 1958. During the development period thus established, payment of construction charge installments will not be required.

It is proposed that responsibility for operation and maintenance of the irrigation distribution system will be transferred to the Irrigation District beginning January 1, 1958, coincident with the beginning of the development period. Development period charges to cover the District's obligations to the United States for operation and maintenance of the water supply works (Boysen Dam and Reservoir) and the District's cost for operation, maintenance, and accumulation of the reserve fund will be announced by the District and assessed and collected under prevailing procedures. The development period water charges thus established will average an estimated \$4 per year for each irrigable acre.

(c) Construction repayment period charges. After the close of the development period, water users will be required to pay in accordance with the terms of

the repayment contract an annual charge for each irrigable acre to meet the operation and maintenance costs and to repay to the United States that portion of the cost of construction of the Hanover-Bluff Unit, which is assigned for repayment by the water users. Procedures for assessment and collection of the charges will be as provided by the Irrigation District's board of directors. The repayment contract provides for such payment over a 40-year period following the end of the development period. It is now estimated that the average annual construction charge will be \$2.30 per irrigable acre on the Highland-Hanover and \$3.50 per irrigable acre on the Upper Bluff. These estimates, as they relate to any specific farm unit, may vary, depending upon the relative productivity of the land contained in the farm unit if the Irrigation Districts so elect.

GENERAL PROVISIONS

SEC. 22. Warning against unlawful settlement. No person shall be permitted to gain or exercise any right under any settlement or occupation of any of the public lands covered by this notice except under the terms and conditions prescribed by this notice.

SEC. 23. Reservation of rights-of-way for public roads. Rights-of-way along established and proposed roads on file in the Washakie County Courthouse, Worland, Wyoming, are reserved for county, State, and Federal Highways and access roads to the farm units and private lands described in section 1 of this notice.

SEC. 24. Reservation of rights-of-way for utilities. Rights-of-way are reserved for Government-owned telephone, electric transmission, water and sewer lines, and water treating and pumping plants, as now constructed, and the Secretary of the Interior reserves the right to locate such other Government-owned facilities over and across the farm units above-described as hereafter, in his opinion, may be necessary for the proper construction, operation and maintenance of the said project. Existing rights-of-way granted by the United States are also reserved.

SEC. 25. Waiver of mineral rights. All homestead entries for the above-described farm units will be subject to the laws of the United States governing mineral land, and all homestead applicants under this notice must waive the right to the mineral content of the land, if required to do so by the Bureau of Land Management; otherwise, the homestead applications will be rejected or the homestead entry or entries canceled.

SEC. 26. Effect of relinquishment or cancellation. In the event that any entry of public land made hereunder shall be relinquished by the entryman or canceled for any cause, other than by contest, the farm unit affected by such relinquishment, or cancellation shall be disposed of as follows:

(a) If the entry is relinquished or canceled within two years after the date of the notice, such unit shall be offered without delay to the qualified applicant next in order of priority as established

in the drawing who will be treated as a standing applicant therefor under this notice. Such applicant shall be required to furnish such additional information as may be necessary to satisfy the board that he is still qualified under the terms of the notice. In the event that an award cannot be made to a qualified applicant, the unit shall be offered as prescribed in subsection (b) below.

(b) If an entry is relinquished or canceled at any time after the expiration of two years following the date of the notice, unless the unit is withdrawn from the notice, new applications will be accepted in respect to the unit and it shall be awarded to the first applicant who files an application after the effective date of the relinquishment or cancellation and who meets the qualifications prescribed by the notice without regard to veterans preference.

FRED G. AANDAHL,
Assistant Secretary of the Interior.

ALLOCATION OF CERTAIN FREQUENCIES TO VARIOUS NON-GOVERNMENT SERVICES

ORDER EXTENDING TIME TO FILE COMMENTS

In the matter of statutory inquiry into the allocation of frequencies to the various non-government services in the radio spectrum between 25 Mcs and 890 Mcs; Docket No. 11997.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 6th day of June 1957.

The Commission having before it for consideration its Order of Inquiry in the above entitled matter, released on April 11, 1957, and petitions filed by the Central

Committee on Radio Facilities of the American Petroleum Institute on May 13, 1957, the Special Industrial Radio Service Association on May 13, 1957, the Association of American Railroads on May 13, 1957, the National Committee for Utilities Radio on May 14, 1957, the Associated Police Communication Officers on May 17, 1957, the National Mobile Radio System on May 29, 1957, and the Academy of Model Aeronautics on May 29, 1957, all of which petitions request an extension of the time in which to file comments; and

It appearing that the specific data and information requested by the Commission is both extensive and complex; and

It further appearing that an extension of the time in which to file comments would benefit the public interest in that it would enable petitioners and other interested parties to thoroughly prepare detailed comments in this important proceeding;

It is ordered, That the time for filing comments in the above entitled proceeding is extended from July 1, 1957, to September 6, 1957.

Released: June 12, 1957.

Notification of new Cuban Radio Stations, and of changes, modification and deletions of existing stations, in accordance with part III, section F of the North American Regional Broadcasting Agreement Washington, D. C., 1950.

that operation by more than one of the applicants would result in mutually destructive interference; and

It further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-named applicants were advised by letters of the fact that their applications were mutually exclusive, of the necessity for a hearing and of all objections to their applications, and were given an opportunity to reply; and

It further appearing that Western Nebraska Television, Incorporated, proposes to locate its main studio just outside the city limits of Alliance and has requested a waiver of § 3.613 (a) of the rules to do so; and that the Commission finds that good cause exists for a waiver thereof; and

It further appearing that upon due consideration of the above-captioned applications, the amendments filed thereto and the replies to the above letters, the Commission finds that pursuant to section 309 (b) of the Communications Act of 1934, as amended, a hearing is neces-

sary; that Frontier Broadcasting Company is legally, financially, technically and otherwise qualified to construct, own and operate the proposed television broadcast station; that Western Nebraska Television, Incorporated, is legally, technically and otherwise qualified to construct, own and operate the proposed television broadcast station except with respect to issue "1" below;

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-captioned applications of Frontier Broadcasting Company and Western Nebraska Television, Incorporated, are designated for hearing in a consolidated proceeding at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine whether Western Nebraska Television, Incorporated, is financially qualified to construct, own and operate the proposed television broadcast station.

2. To determine on a comparative basis which of the operations proposed in the above-captioned applications would better serve the public interest, convenience and necessity in the light of record made with respect to the significant differences between the applicants as to:

a. The background and experience of each having a bearing on its ability to own and operate the proposed television broadcast station.

b. The proposals of each with respect to the management and operation of the proposed television broadcast station.

c. The programming service proposed in each of the above-captioned applications.

3. To determine in the light of the evidence adduced pursuant to the foregoing issues, which of the applications should be granted.

It is further ordered, That the issues in the above-entitled proceeding may be enlarged by the Examiner, on his motion or on petition properly filed by a party to the proceeding and upon a sufficient allegation of fact in support thereof, by the addition of the following issue: To determine whether the funds available to the applicants will give reasonable assurance that the proposals set forth in the application will be effectuated.

It is further ordered, That to avail themselves of the opportunity to be heard, Frontier Broadcasting Company and Western Nebraska Television, Incorporated, pursuant to § 1.387 of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this order file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

SECURITIES AND EXCHANGE COMMISSION
[File No. 811-423]

GREAT AMERICAN LIFE UNDERWRITERS, INC.
NOTICE OF FILING OF APPLICATION FOR ORDER DECLARING COMPANY NOT AN INVESTMENT COMPANY

JUNE 10, 1957.

Notice is hereby given that The Great American Life Underwriters, Inc. ("Applicant"), a face-amount certificate company for which the Commission has had on file since January 2, 1941 a notification of registration (Form N-8A), has filed an amended application pursuant to section 8 (f) of the Investment Company Act of 1940 ("act") for an order of the Commission declaring that Applicant is not, or has ceased to be, an investment company by reason of the exception contained in section 3 (c) (8) of the act. In the alternative, Applicant requests

that the Commission issue an order pursuant to section 6 (c) of the act exempting Applicant from the act on the ground that it is not an investment company, being primarily engaged in the life insurance business through a controlled company, and enter an order declaring that Applicant is not, or has ceased to be, an investment company.

Applicant's requests are based on the following representations and statements contained in its amended application.

Applicant was organized in 1929 under the laws of Texas to deal in securities without banking privileges. The primary purpose of Applicant was to acquire, control, manage and finance life insurance companies.

As of December 31, 1956, Applicant had outstanding 71,745 shares of no par value Class A stock and 75,000 shares of no par value Class C stock. The Class A and Class C stock have voting privileges but only the Class A stock is eligible for dividends or for participation in assets. In addition there is outstanding 743 shares of no par value Class B stock; this class of stock was called for exchange in 1941.

Prior to December 31, 1940, Applicant engaged in the issuance and sale of face-amount certificates of the installment type for the purpose, among others, of financing its life insurance subsidiaries. No certificates have been sold since December 31, 1940; however, Applicant has been receiving payments on and servicing its outstanding contracts. During 1956 Applicant received payments totalling \$2,132.50 on its outstanding certificates. As of December 31, 1956, the liability for outstanding contracts amounted to \$1,457,821.67 and 19,800 shares of Franklin Life Insurance Company stock. As of December 31, 1956, Applicant had on deposit with the State of Texas and other depositories as security for payment of the outstanding contracts referred to above, bonds in the principal amount of \$161,000.00, mortgages with a fair value of \$228,900.17, 300 shares of American Telephone and Telegraph Company with a market value of \$51,360, and 111,445 shares of stock of Franklin Life Insurance Company with a market value of \$9,695,715.00.

In 1929 Applicant organized The Great American Life Insurance Company ("Great American Life") as a wholly-owned subsidiary; it was organized initially as a Colorado corporation but in 1935 it became a Texas corporation. In 1930 Applicant acquired over 50 percent of the outstanding stock of Continental Life Underwriters, Inc.; in 1932 the assets of the latter's wholly-owned subsidiary, Continental National Life Insurance Company, were transferred to Great American Life and Continental Life Underwriters, Inc. became an inactive company. During the years 1931-1940 Applicant's stock interest in Great American Life ranged from 56.7 percent to 98.7 percent of the latter's outstanding capital stock.

In the latter part of 1939 Applicant acquired the entire capital stock of The Franklin Life Insurance Company ("Franklin Life"). In 1941, in connection with integration of Great American

Life with Franklin Life, Applicant transferred its holdings of stock in Franklin Life to Great American Life. The latter, in turn, distributed the Franklin Life shares to its own shareholders and Applicant received 135,045 shares representing 49.1 percent of the outstanding stock of Franklin Life. During the period 1941-1956, Applicant's interest in Franklin Life ranged from 49.1 percent to 25 percent of the latter's outstanding stock, 25 percent being the approximate amount held at present. In 1956 dividends received by Applicant from its holdings of Franklin Life stock constituted more than 72 percent of Applicant's gross income.

In 1945, Great American Life merged into Franklin Life and pursuant to this unification shares of Franklin Life stock were distributed to shareholders of Great American Life, including Applicant. During the period 1941-1945, Applicant's interest in Great American Life ranged between 46.0 percent to 50.9 percent of the latter's outstanding stock.

Prior to 1939 the principal officers of Applicant devoted the major portion of their time and efforts to the activities of its life insurance subsidiaries. Subsequent to 1939, the principal officers of Applicant have also been the principal officers of Franklin Life and have devoted the major portion of their time and efforts to the business of that Company.

Since 1953, Applicant's investment in Franklin Life stock has represented more than 90 percent of the value of its investment securities. As of December 31, 1956, the total value of Applicant's investment securities aggregated \$59,297,718.09, of which \$57,165,003.00 was represented by its investment in the stock of Franklin Life.

On the basis of the facts set forth in the preceding paragraph Applicant contends that it is not, or has ceased to be, an investment company by reason of the exception contained in section 3 (c) (8) of the act. In addition, on the basis of all of the foregoing, Applicant contends it is not an investment company, being primarily engaged in the life insurance business through a controlled company.

Section 3 (c) (8) of the act excepts from the definition of an investment company any company, 90 percent or more of whose investment securities are represented by securities of a single issuer included within the class of persons enumerated in sections 3 (c) (5), (6) or (7). The persons enumerated in section 3 (c) (7) of the act include any company primarily engaged, directly or through majority-owned subsidiaries, in one or more of the businesses described in sections 3 (c) (3), (5) and (6). Section 3 (c) (3) of the act excepts insurance companies from the definition of an investment company.

Section 8 (f) of the act provides that whenever the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order and upon the taking effect of such order, the investment company's registration shall cease to be in effect, subject to such conditions, if any, as may be appropriate.

Section 6 (c) of the act empowers the Commission to exempt conditionally or unconditionally any person, security or transaction from any provision or provisions of the act or from any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and purposes fairly intended by the act.

The application states that between January 2, 1941, and 1955, Applicant entered into the following transactions, each of which was subject to the provisions of section 17 (a) of the act:

(i) The sale or the granting of options by the Applicant for the purchase of 15,913 $\frac{3}{4}$ shares of Franklin Life stock out of its portfolio to officers, directors and employees of Applicant and/or Franklin Life. In connection with these transactions there was also delivered approximately 7,223 additional shares of Franklin Life stock, representing stock dividends declared after the date of sale or the granting of the option and prior to the date of delivery. The major transaction included in the foregoing relates to the sale on February 4, 1952 by Applicant of 10,000 shares of Franklin Life stock to the controlling stockholder, operational head and director of Applicant who was also President of Franklin Life at a price of \$30.00 per share as compared to the then market quotation of \$36.50 per share. The Applicant states that this price was determined on February 4, 1952, by the Board of Directors of Applicant which, on the basis of study and analysis, ascertained that the said price represented the fair value of the stock and that the then higher market quotations were in excess of the current fair value thereof because of the inactive market for such stock. At the time of delivery of said stock, the said purchaser also received an additional 5,000 shares of Franklin Life stock representing a stock dividend of 50 percent declared on February 6, 1952. In connection with said stock dividend the Director of Insurance of the State of Illinois determined that the value of Franklin Life stock for purposes of determining payments to be made in lieu of fractional shares was the same as that determined by Applicant's Board of Directors as above stated. The stock was sold upon terms which enabled said purchaser to pay Applicant for the same over a 10 year period, evidenced by a note in the amount of \$300,000 with interest at 3 percent per annum secured by a pledge of said stock. Said note was subsequently paid in full within 3 years of the date of said transaction.

(ii) Sale by Applicant of 8,233 $\frac{1}{2}$ shares of Franklin Life stock to Franklin Life's agents and managers.

(iii) Making by Applicant of secured loans with interest to officers, directors, and employees of Applicant and/or Franklin Life, all of which have been paid in full.

(iv) Purchase by Applicant of real estate mortgages from Franklin Life and the sale of bonds to that company.

(v) Making by Applicant of loans with interest secured by renewal commissions

to Franklin Life agents, all of which have been paid in full.

(vi) The acquisition by Franklin Life of assets of Great American Life.

(vii) The purchase by Applicant of a building from Great American Life and the leasing of that building to Franklin Life.

Generally speaking, section 17 (a) of the act prohibits an affiliated person of a registered investment company from knowingly purchasing from or selling to such registered investment company or any company controlled by such registered company any security or other property, with certain exceptions not applicable here; or from borrowing money from such registered investment company or any company controlled by such registered company unless the Commission by Order upon application pursuant to section 17 (b) of the act grants an exemption from section 17 (a) of the act upon a finding that the terms of the proposed transactions, including the consideration to be paid or received are reasonable and fair and do not involve overreaching on the part of any person concerned, that the proposed transactions are consistent with the policy of the investment company concerned, and consistent with the general purposes of the act.

Applicant states that the terms of the transactions, including the considerations paid or received, were fair and reasonable, did not involve overreaching on the part of any person concerned, and that the transactions were consistent with the general purposes of the act. Applicant alleges that it entered into the above transactions in the normal conduct of its business, without knowledge that it was subject to the act or that an exemption should have been obtained in respect thereof. For the same reason Applicant alleges that it did not file a registration statement on Form N-8B-4, which was promulgated by the Commission for the first time in 1950 as the form of registration statement required of face-amount certificate companies. Applicant further states that it had received no communication whatsoever from the Commission since 1943, when Applicant was removed at its request from the Commission's mailing list for releases under the act and that the first indication it received from the Commission that it was required to file such a registration statement was by letter dated June 24, 1955 from the Commission's Division of Corporation Finance; after which Applicant filed its application under section 8 (f) of the act alleging that it was not an investment company.

Notice is further given that any interested person may, not later than July 15, 1957, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or

request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the amended application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

It is ordered, That the Secretary of the Commission shall give notice of the filing of this amended application by mailing a copy of this notice by registered mail to The Great American Life Underwriters, Inc., and that notice to all persons shall be given by publication of this notice in the FEDERAL REGISTER; and that a general release of this Commission in respect of this Notice be distributed to the press and mailed to the mailing list for releases.

It is further ordered, That The Great American Life Underwriters, Inc. shall give notice of the filing of this amended application to all its stockholders (insofar as the identity of such security holders is known or available to it) by mailing a copy of this notice to each of said stockholders at his last known address at least 30 days prior to July 15, 1957.

By the Commission.

Assistant Secretary.

MICHIGAN CONSOLIDATED GAS CO.

ORDER GRANTING APPLICATION REGARDING
PROPOSAL TO SELL BONDS AT COMPETITIVE
BIDDING

JUNE 10, 1957.

Michigan Consolidated Gas Company ("Michigan Consolidated"), a public utility subsidiary of American Natural Gas Company, a registered holding company, having filed an application and amendments thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act"), and Rule U-50 promulgated thereunder, regarding the following proposed transactions:

Michigan Consolidated proposes to issue and sell at competitive bidding, pursuant to Rule U-50, \$30,000,000 principal amount of First Mortgage Bonds -- Percent Series due July 1, 1982. The bonds are to be issued under and secured by the company's mortgage dated March 1, 1944, as heretofore supplemented and as to be further supplemented by a proposed Tenth Supplemental Indenture to be dated as of June 15, 1957. The interest rate of the new bonds (which shall be a multiple of $\frac{1}{8}$ of 1 percent), and the price to be received therefor by Michigan Consolidated (which, exclusive of accrued interest, shall be not less than 100 percent and not more than 102 $\frac{1}{2}$ percent of the principal amount) are to be determined by the competitive bidding.

Approximately \$12,000,000 of the net proceeds from the sale of the new bonds will be deposited with the Trustee under the mortgage to be withdrawn from time to time through the certification of un-

bonded net property additions. Of the remaining approximately \$18,000,000 of net proceeds, about \$7,000,000 will be used to retire Michigan Consolidated's remaining outstanding bank notes due September 30, 1957, issued pursuant to prior authorization (Holding Company Act Release No. 13318, November 20, 1956), and the Credit Agreement under which said notes were issued will be terminated. The balance of such proceeds will be applied to the company's 1957 construction program.

Due notice of the filing of the application having been given in the manner prescribed by Rule U-23 (Holding Company Act Release No. 13479) promulgated under the act, and no hearing having been requested of or ordered by the Commission; and

The proposed issue and sale of bonds having been authorized by the Michigan Public Service Commission, the State commission of the State in which Michigan Consolidated is organized and doing business; and

The Commission finding that the fees and expenses estimated at an aggregate of \$155,000 (including company counsel fees aggregating \$26,000, accountants' fees \$5,500, gas consultants' fees of \$7,500, indenture trustee's fees of \$12,500 and the underwriters' counsel fees of \$11,000 to be paid by the purchaser of the bonds) are not unreasonable, that no basis appears for the imposition of terms and conditions, and that the applicable provisions of the act and the rules thereunder are satisfied, and the Commission deeming it appropriate in the public interest and the interest of investors and consumers to grant the application as amended, effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the application as amended be, and it is hereby, granted, effective forthwith, subject to the terms and conditions specified in Rules U-24 and U-50.

By the Commission.

Assistant Secretary.
