### Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture [Avocado Order 17]

#### PART 969—AVOCADOS GROWN IN SOUTH FLORIDA

##### Quality and Maturity Regulation

§ 969.317 Avocado Order 17.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 69, as amended (7 CFR Part 969), regulating the handling of avocados grown in south Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U.S.C. 601 et seq.), and upon the basis of the recommendations of the Avocado Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of avocados, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than April 30, 1959. Shipments of avocados are currently subject to grade regulations, pursuant to the amended marketing agreement and order, and will continue to be so limited under such regulation until April 30, 1959; recommendation as to the need for, and the extent of, regulation of the quality of shipments of such avocados on and after

April 30, 1959, was made by the Avocado Administrative Committee at a meeting on April 14, 1959, after giving due notice of such meeting and after consideration of all available information as to the quality, the supply of, and demand for, such avocados, at which time the recommendations and supporting information for quality regulation in the manner and for the period herein set forth were submitted to the Department; such meeting was held for the purpose of considering recommendations for regulation and interested persons were afforded opportunity to submit their views at this meeting; the provisions of this section are identical with the aforesaid recommendations of the committee and information concerning such provisions has been disseminated among the handlers of avocados; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of avocados; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a.m., e.s.t., April 30, 1959, and ending at 12:01 a.m., e.s.t., April 1, 1960, no handler shall handle any avocados, grown in south Florida, unless such avocados grade at least No. 2 Grade.

(2) Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective terms in said amended marketing agreement and order; and terms relating to grade, as used herein, shall have the same meaning as is given to the respective terms in the United States Standards for Florida Avocados (§§ 51.3050 to 51.3069; 22 F.R. 6205).

(Sec. 5, 49 Stat. 753, as amended, 7 U.S.C. 608c)

## Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS AND POULTRY

[B.A.I. Order 309, Amdt. 19]

### PART 73—SCABIES IN CATTLE PART 74—SCABIES IN SHEEP

Permitted Dips; Substances Allowed

Pursuant to the provisions of sections 1 and 3 of the Act of March 3, 1905, as amended, sections 1 and 2 of the Act of February 2, 1903, as amended, and sections 4 and 5 of the Act of May 29, 1884,

as amended (21 U.S.C. 111-113, 120, 121, 123, 125), Parts 73 and 74 of Subchapter C, Chapter I, Title 9, Code of Federal Regulations, as amended, containing the regulations restricting the interstate movement of cattle and sheep because of scabies, are amended as follows:

§ 73.2 [Amendment]

1. The portion of paragraph (a) of § 73.2 preceding the colon is amended to read:

(a) *Conditions under which permitted after one dipping.* Cattle which, just prior to shipment, were affected with scabies but have been dipped once in a permitted dip (other than a lindane dip) under the supervision of a Division inspector within 10 days prior to the date of shipment may be shipped or transported interstate for immediate slaughter to a recognized slaughtering center, upon compliance with the following conditions:

§ 73.10 [Amendment]

2. Paragraph (a)(3) of § 73.10 is amended to read:

(3) Lindane dip made from the wettable powder and maintained at a concentration of 0.075 percent. Animals treated by such dip should not be slaughtered for food purposes until the expiration of such period as may be required under the Meat Inspection Act (21 U.S.C. 71 et seq.). Such period will be specified in accordance with such requirements by the Division inspector who supervises the dipping.

3. Paragraph (c) of § 73.10 is amended to read:

(c) The dipping bath for the lime-sulphur and nicotine dips must be used at a temperature of 95° to 105° F., and must be maintained at all times at a strength of not less than 2 percent of "sulphide sulphur" in the case of the lime-sulphur dip, and not less than five one-hundredths of 1 percent of nicotine in the case of the nicotine dip, as indicated by the field tests for such baths approved by the Division.<sup>1</sup> The dipping bath for the lindane dip must be used at a temperature of less than 80° F., and must be maintained at all times at a concentration of 0.075 percent.<sup>2</sup>

<sup>1</sup>The field test for lime-sulphur dipping baths is described in United States Department of Agriculture Bulletin 163, for sale by the Superintendent of Documents, Government Printing Office, Washington 25, D.C., at 5 cents a copy. A field test outfit at present approved by the Division for nicotine dipping baths is that designated for the purpose of identification as "Field test outfit N-3." (Description available on application to the Department.)

<sup>2</sup>Inasmuch as care must be exercised in dipping animals and in maintaining the bath at the standard concentration when these wettable powders are employed, detailed instruction will be issued for the guidance of employees who may be called upon to use them in the scabies eradication program.

4. The introductory paragraph of § 74.9 is amended to read:

§ 74.9 *Conditions under which permitted after one dipping.*

Sheep which, just prior to shipment, were affected with scabies but have been dipped once in a permitted dip (other

than a lindane dip) under the supervision of a Division inspector within 10 days prior to the date of shipment may be shipped or transported interstate, for immediate slaughter, to a recognized slaughtering center provided the following conditions are strictly observed and complied with:

§ 74.24 [Amendment]

5a. Paragraph (a)(3) of § 74.24 is amended to read:

(3) Lindane dip made from the wettable powder and maintained at a concentration of 0.06 percent. Sheep treated by such dip should not be slaughtered for food purposes until the expiration of such period as may be required under the Meat Inspection Act (21 U.S.C. 71 et seq.). Such period will be specified in accordance with such requirements by the Division inspector who supervises the dipping.

b. Paragraph (c) of § 74.24 is amended to read:

(c) The dipping bath for the lime-sulphur and nicotine dips must be used at a temperature of 95° to 105° F., and must be maintained at all times at a strength of not less than 1½ percent of "sulphide sulphur" in the case of the lime-sulphur dip, and not less than five one-hundredths of 1 percent of nicotine in the case of the nicotine dip, as indicated by the field tests for such baths approved by the Division.<sup>1</sup> The dipping bath for the lindane dip must be used at a temperature of less than 80° F., and must be maintained at all times at a concentration of 0.06 percent.<sup>2</sup>

<sup>1</sup>The field test for lime-sulphur dipping baths is described in United States Department of Agriculture Bulletin 163, for sale by the Superintendent of Documents, Government Printing Office, Washington 25, D.C., at 5 cents a copy. A field test outfit at present approved by the Division for nicotine-dipping baths is that designated for the purpose of identification as "Field test outfit N-3." (Description available on application to the Department.)

<sup>2</sup>Inasmuch as care must be exercised in dipping animals and in maintaining the bath at the standard concentration when these wettable powders are employed, detailed instruction will be issued for the guidance of employees who may be called upon to use them in the scabies eradication program.

*Effective date.* This amendment shall become effective upon publication in the FEDERAL REGISTER.

The primary purpose of this amendment is to remove benzene hexachloride from the list of dips permitted by the Department for the treatment, under Division supervision, of cattle and sheep affected with or exposed to scabies. It also reflects limitations on the use of the permitted lindane dip.

This amendment must be made effective immediately to be of maximum benefit to the public. Accordingly, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

(Secs. 4, 5, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1, 3, 33 Stat. 1264, as amended, 1265, as amended; 21 U.S.C. 111-113, 120, 121, 123, 125. (Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; sec. 8, 65 Stat. 179; 15 U.S.C. 45, 69f) [Cease and desist order, Mac Smith and Libbie Smith trading as Smith Fur Company, Chicago, Ill., Docket 7205, March 27, 1959]

*In the Matter of Mac Smith, and Libbie Smith, Individually and as Copartners, Trading as Smith Fur Company*

This proceeding was heard by a hearing examiner on the complaint of the Commission charging furriers in Chicago with violating the Fur Products Labeling Act by failing to label and invoice fur products as "secondhand" when that was the case, and failing in other respects to comply with the labeling and invoicing requirements; by advertising which represented prices of fur products falsely to be "Wholesale Cost or Below" and as "60 percent below retail"; and by failing to maintain adequate records on which such pricing claims were based.

After acceptance of an agreement for a consent order, the hearing examiner made his initial decision and order to cease and desist which became on March 27 the decision of the Commission.

The order to cease and desist is as follows:

*It is ordered,* That respondents Mac Smith and Libbie Smith, individually and as copartners, trading as Smith Fur Company, or under any other name, and respondents' representatives, agents and

employees, directly or through any corporate or other device, in connection with the introduction into commerce, or the sale, advertising, or offering for sale in commerce, or the transportation or distribution in commerce of any fur product, or in connection with the sale, advertising, offering for sale, transportation, or distribution of any fur product which is made in whole or in part of fur which has been shipped and received in commerce, as "commerce," "fur" and "fur product" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

1. Misbranding fur products by:

A. Failing to affix labels to fur products showing:

(1) The name or names of the animal or animals producing the fur or furs contained in the fur product as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(2) That the fur product contains or is composed of secondhand fur, when such is the fact;

(3) That the fur product contains or is composed of bleached, dyed or otherwise artificially colored fur when such is the fact;

(4) That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is the fact;

(5) The name, or other identification issued and registered by the Commission, of one or more persons who manufactured such fur product for introduction into commerce, introduced it into commerce, sold it in commerce, advertised or offered it for sale, in commerce, or transported or distributed it in commerce;

(6) The name of the country of origin of any imported furs contained in a fur product.

B. Failing to disclose that fur products contain or are composed of "Secondhand fur," when such is the fact.

C. Setting forth on labels affixed to fur products:

(1) Information required under section 4(2) of the Fur Products Labeling Act and the rules and regulation thereunder, mingled with non-required information;

(2) Information required under section 4(2) of the Fur Products Labeling Act and the rules and regulations promulgated thereunder in handwriting.

2. Falsely or deceptively invoicing fur products by:

A. Failing to furnish invoices to purchasers of fur products showing:

(1) The name or names of the animal or animals producing the fur or furs contained in the fur products as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(2) That the fur product contains or is composed of secondhand fur, when such is the fact;

(3) That the fur product contains or is composed of bleached, dyed or otherwise artificially colored fur, when such is the fact;

(4) That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is the fact;

(5) The name and address of the person issuing such invoice;

(6) The name of the country of origin of any imported furs contained in a fur product;

(7) The item number or mark assigned to a fur product.

B. Failing to disclose that fur products contain or are composed of "Secondhand fur," when such is the fact.

3. Falsely or deceptively advertising fur products through the use of any advertisement, representation, public announcement, or notice which is intended to aid, promote or assist, directly or indirectly, in the sale, or offering for sale of fur products, and which:

A. Represents, directly or by implication, that the prices of fur products are at "Wholesale Cost or Below," when such is not the fact.

4. Making price claims and representations respecting percentage savings unless there is maintained by respondents full and adequate records disclosing the facts upon which such claims and representations are based.

By "Decision of the Commission", etc., report of compliance was required as follows:

*It is ordered*, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: March 27, 1959.

By the Commission.

### PART 13—DIGEST OF CEASE AND DESIST ORDERS

#### Martin Goldstein et al.

Subpart—*Advertising falsely or misleadingly*: § 13.155 *Prices*: Exaggerated as regular and customary; fictitious marking. Subpart—*Furnishing means and instrumentalities of misrepresentation or deception*: § 13.1055 *Furnishing means and instrumentalities of misrepresentation or deception*: § 13.1056 *Preticketing merchandise misleadingly*. Subpart—*Misbranding or mislabeling*: § 13.1280 *Price*. Subpart—*Misrepresenting oneself and goods*—*Prices*: § 13.1805 *Exaggerated as regular and customary*; § 13.1811 *Fictitious preticketing*.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Martin Goldstein and Morris Nagler doing business as The Nagold Co., New York, N.Y., Docket 7312, March 26, 1959]

*In the Matter of Martin Goldstein and Morris Nagler, Doing Business as The Nagold Co.*

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a New York City

firm of factory agents for manufacturers of cutlery, luggage, kitchenware, jewelry, and other merchandise, with representing falsely that fictitious and exaggerated amounts appearing in their advertising and promotional literature and attached to their said products were the usual retail selling prices.

After acceptance of an agreement for a consent order, the hearing examiner made his initial decision and order to cease and desist which became on March 26 the decision of the Commission.

The order to cease and desist is as follows:

*It is ordered*, That respondents Martin Goldstein and Morris Nagler, as individuals or as copartners trading and doing business as The Nagold Co., or under any other trade name, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of cutlery, luggage, kitchenware, jewelry or any other articles of merchandise, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing directly or indirectly that any price is the retail selling price of their products which is in excess of the price at which their products are regularly and customarily sold at retail.

2. Providing retailers or distributors of their products with pre-ticketed articles of merchandise or price lists or advertising or promotional material through or by which said retailers or distributors are enabled to mislead and deceive the purchasing public with respect to the matter set out in Paragraph One herein.

After acceptance of an agreement for a consent order, the hearing examiner made his initial decision and order to cease and desist which became on March 26 the decision of the Commission.

By "Decision of the Commission", etc., report of compliance was required as follows:

*It is ordered*, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: March 26, 1959.

By the Commission.

## Title 29—LABOR

### Chapter V—Wage and Hour Division, Department of Labor

#### PART 522—EMPLOYMENT OF LEARNERS

##### Glove Industry

On February 28, 1959, notice was published in the FEDERAL REGISTER (24 F.R. 1533), that the Administrator, Wage and

Hour and Public Contracts Division, proposed to amend 29 CFR, Part 522, for the purpose of providing: (1) An increase in wage rates for all learners in the leather glove branch, the woven or knit fabric branch, and the knitted glove branch of the Glove Industry by five cents; (2) an increase in wage rates for learners in the work glove branch of the industry to 83 and 90 cents, in lieu of 77½ cents and 85 cents presently provided; and (3) for application of these amendments, as of their effective date, to learners presently employed pursuant to outstanding special certificates. The notice provided a period of fifteen days within which interested persons might submit data, views, or arguments pertaining to the proposed regulations.

No material objections were voiced in the comments received. Upon consideration of all available relevant matter, I conclude that the amendments should be adopted as proposed, with additional editorial amendments of §§ 522.60, and 522.61 to include references to § 522.66 added by this amendment.

The amendment is based on section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1068, as amended; 29 U.S.C. 214), providing in substance for the employment of learners at subminimum wage rates to the extent necessary to prevent curtailment of opportunities for employment, and is promulgated in the light of economic developments, administrative experience in the operation of the regulations since the effective date of the \$1.00 an hour statutory minimum (Fair Labor Standards Amendments of 1955, 69 Stat. 711), and after consultation with interested parties in the industry.

Therefore in accordance with section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U.S.C. 1003), and under the authority of section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1068, as amended; 29 U.S.C. 214), Reorganization Plan No. 6 of 1950 (3 CFR, 1950 Supp., p. 165), and General Order No. 45-A (15 F.R. 3290), 29 CFR, Part 522 is hereby amended as follows.

§ 522.60 [Amendment]

1. Section 522.60 is amended by deleting references to "§§ 522.60 through 522.65" where this appears on two occasions and inserting in lieu thereof "§§ 522.60 through 522.66".

2. The headnote and the first paragraph of § 522.61 is amended to read as follows:

§ 522.61 Applicability of §§ 522.60 through 522.66.

For purposes of §§ 522.60 through 522.66, the Glove Industry consists of the following four branches:

§ 522.65 [Amendment]

3. Paragraph (a) of § 522.65 is amended to read as follows:

(a) The subminimum rates which may be authorized in special certificates issued in the glove industry shall be not less than 85 cents an hour for the first 320 hours and not less than 95 cents an hour for the remaining 160 hours in the

leather glove, woven or knit fabric glove, and knitted glove branches of the industry, and not less than 83 cents an hour for the first 320 hours and not less than 90 cents an hour for the remaining 160 hours in the work glove branch of the industry.

4. A new section designated § 522.66 is added to read as follows:

§ 522.66 Amendment of certificates previously issued.

Pursuant to § 522.8, learner certificates heretofore issued in the glove industry shall be amended to restrict the employment of learners under such certificates to the limitations on their employment under new certificates which are expressed in § 522.65.

(Sec. 14, 52 Stat. 1068, as amended; 29 U.S.C. 214)

This amendment shall take effect on May 25, 1959.

Signed at Washington, D.C., this 17th day of April 1959.

CLARENCE T. LUNDQUIST,  
Administrator.

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs,  
Department of the Treasury

[T.D. 54834]

PART 1—CUSTOMS DISTRICTS,  
PORTS, AND STATIONS

Ports of Entry; Changes in the  
Customs Field Organization

APRIL 15, 1959.

By virtue of the authority vested in the President by section 1 of the Act of August 1, 1914, 38 Stat. 623 (19 U.S.C. 2), which was delegated to the Secretary of the Treasury by the President by Executive Order No. 10289, September 17, 1951 (3 CFR, 1951 Supp., Ch. II), the designation of Roosevelttown, New York, as a customs port of entry in Customs Collection District No. 7 (St. Lawrence), is hereby revoked and a new customs port of entry to be known as Massena, New York, is hereby designated in said District, which port shall include the township of Massena (of which Roosevelttown is a part) in the State of New York.

Section 1.1(c) of the Customs Regulations is amended by deleting "Rooseveltown (E.O. 6545, Jan. 2, 1934)." and adding "Massena (T.D. 54834)." in the column headed "Ports of entry" in District No. 7 (St. Lawrence).

The name "Tok Junction, Alaska," was changed by the Post Office Department to "Tok, Alaska," in Postal Bulletin 20114, dated November 6, 1958. To conform with this change, § 1.2(d) of the Customs Regulations is amended by substituting "Tok, Alaska" for "Tok Junction, Alaska" in the column headed "Customs Stations" in District No. 31, effective upon publication in the FEDERAL REGISTER.

(R.S. 161, 251, sec. 1, 37 Stat. 434, sec. 1, 38 Stat. 623, as amended; 5 U.S.C. 22, 19 U.S.C. 1, 2, 66)

Notice of the proposed revocation of Roosevelttown, and designation of Massena as a customs port of entry was published in the FEDERAL REGISTER of February 26, 1959 (24 F.R. 1419), pursuant to the provisions of section 4 of the Administrative Procedure Act (5 U.S.C. 1003). Consideration was given to the one objection received. Inasmuch as the change provides additional service to the public without cost, it is considered in the best interest of the public that this action be put in effect without delay. For this reason, it is found that compliance with the effective date limitations of section 4(c) of that Act serves no good purpose. The revocation of Roosevelttown, New York, as a customs port of entry and the designation of Massena, New York, as a customs port of entry in Customs Collection District No. 7 (St. Lawrence) shall therefore, be effective upon publication in the FEDERAL REGISTER (MC 192-7.1).

Title 26—INTERNAL REVENUE,  
1954

Chapter I—Internal Revenue Service,  
Department of the Treasury

SUBCHAPTER D—MISCELLANEOUS EXCISE TAXES

[T.D. 6372]

PART 40—MANUFACTURERS AND  
RETAILERS EXCISE TAXES

Sale of Radio and Television Receiving Sets, Phonographs, Phonograph Records, and Musical Instruments

On October 10, 1958, notice of proposed rule making with respect to regulations under sections 4141, 4142, 4151, and 4152 of the Internal Revenue Code of 1954, as amended, relating to the tax imposed on the sale of radio and television receiving sets, phonographs, combinations of any of the foregoing, phonograph records, radio and television components, and musical instruments was published in the FEDERAL REGISTER (23 F.R. 7853). After consideration of all such relevant matter as was presented by interested persons regarding the rules proposed, the regulations as so published are hereby adopted, subject to the changes set forth below:

PARAGRAPH 1. Paragraph (c)(1) of § 40.4141-1 is revised as follows:

(A) By striking "in subdivisions (ii) and (iii)" in subdivision (i) thereof and inserting in lieu thereof "in either subdivision (ii) or (iii)", and

(B) By inserting "marine," in subdivision (iii) after "commercial,".

PAR. 2. Section 40.4141-2 is revised by striking "and the regulations thereunder contained in Subpart M of this part" and

inserting in lieu thereof "as applicable to sales made prior to January 1, 1959".

PAR. 3. Paragraph (b) of § 40.4152-1 is revised by striking "section 6416(b) (2) (A) (see the applicable regulations in Subpart N of this part)" and inserting in lieu thereof "section 6416(b) (2)".

PAR. 4. The last sentence of paragraph (d) (2) of § 40.4152-1 is revised by striking "and the regulations in Subpart N of this part".

PAR. 5. Paragraph (e) of § 40.4152-1 is revised by striking "section 6416(b) (2) (A) and the regulations thereunder contained in Subpart N of this part" and inserting in lieu thereof "section 6416(b) (2)".

PAR. 6. Section 40.4152-2 is revised by striking "and the regulations thereunder contained in Subpart M of this part" and inserting in lieu thereof "as applicable to sales made prior to January 1, 1959".

[SEAL]

CHARLES I. FOX,  
Acting Commissioner of  
Internal Revenue.

Approved: April 16, 1959.

FRED C. SCHRIEBNER, JR.,  
Acting Secretary of the Treasury.

1. In § 40.0-3 of The Manufacturers and Retailers Excise Tax Regulations (26 CFR Part 40) strike paragraph (i) and insert in lieu thereof the following:

(i) *Subpart J.* The regulations in Subpart J of this part relate to sales made by the manufacturer, producer, or importer on or after September 1, 1955, of the articles specified in that subpart.

(Sec. 7805, I.R.C. 1954, 68A Stat. 917; 26 U.S.C. 7805)

2. The regulations as adopted under subchapter C of chapter 32 of the Internal Revenue Code of 1954, as amended, are as follows:

### Subpart J—Radio and Television Sets, Phonographs, Phonograph Records, and Musical Instruments

#### RADIO AND TELEVISION SETS, PHONOGRAPHS, AND RECORDS

AUTHORITY: §§ 40.4141 to 40.4142-1 and §§ 40.4151 to 40.4152-2, incl., are issued under sec. 7805, I.R.C. 1954, 68A Stat. 917; 26 U.S.C. 7805.

#### RADIO AND TELEVISION SETS, PHONOGRAPHS AND RECORDS

##### § 40.4141 Statutory provisions; imposition of tax.

SEC. 4141. *Imposition of tax.* There is hereby imposed upon the sale by the manu-

facturer, producer, or importer of the following articles (including in each case parts or accessories therefor sold on or in connection with the sale thereof), a tax equivalent to 10 percent of the price for which so sold:

- Radio receiving sets.
- Automobile radio receiving sets.
- Television receiving sets.
- Automobile television receiving sets.
- Phonographs.
- Combinations of any of the foregoing.
- Radio and television components.
- Phonograph records.

Except in the case of radio and television components and phonograph records, the tax imposed by this section shall apply only to articles of the entertainment type.

[Sec. 4141 as amended by sec. 2(a), Act of Aug. 11, 1955 (Pub. Law 367, 84th Cong., 69 Stat. 690)]

##### § 40.4141-1 Imposition of tax.

(a) *In general.* Section 4141 imposes a tax upon the sale by the manufacturer, producer, or importer of the following articles (including in each case parts or accessories therefor sold on or in connection with the sale thereof):

- (1) Radio receiving sets,
- (2) Automobile radio receiving sets,
- (3) Television receiving sets,
- (4) Automobile television receiving sets,
- (5) Phonographs,
- (6) Combinations of any of the foregoing,
- (7) Radio and television components, and
- (8) Phonograph records.

In the case of a sale of a radio receiving set, automobile radio receiving set, television receiving set, automobile television receiving set, phonograph, or any combination of the foregoing, the tax attaches only if the article is of the entertainment type. The tax attaches upon the sale of phonograph records and radio and television components without regard to whether such articles are of the entertainment type. For a description of articles of the entertainment type, see paragraph (c) of this section. For provisions relating to (i) phonograph records and (ii) parts or accessories sold on or in connection with the sale of any article specified in subparagraphs (1) to (8) of this paragraph, see paragraphs (d) and (e), respectively, of this section. For definition of the term "radio and television components", and other provisions relating thereto, see section 4142 and § 40.4142-1.

(b) *Rate of tax.* Tax is imposed upon the sale of the above-mentioned taxable articles at the rate of 10 percent of the price for which sold. For definition of the term "price", see section 4216 and the regulations thereunder.

(c) *Articles of the entertainment type—(1) Radio receiving sets.* (i) Except as provided in either subdivision (ii) or (iii) of this subparagraph, a radio receiving set shall be considered of the entertainment type when the circuitry of the set is such that the set can receive radio transmissions on the Standard Commercial Amplitude Modulation (AM) or Frequency Modulation (FM) broadcast frequencies. It is immaterial whether the set is designed, intended, or sold for use in a private home or a commercial establishment, such as a restaurant, retail store, etc.

(ii) A radio receiving set shall be deemed not an article of the entertainment type when it contains all of the following items and such items are incorporated in the circuitry for a functional purpose:

(a) A band change mechanism permitting reception on two or more short wave bands;

(b) A variable beat frequency oscillator or other equipment designed to receive code transmission on Continuous Wave (CW) operated by means of a "front panel" control;

(c) A fine tuning or band spread or Vernier tuning mechanism that is calibrated with a subdividing logging scale;

(d) Provisions for earphones;

(e) A meter incorporating a moving coil or armature indicating relative field strength of the signal received; and

(f) A primary conversion oscillator, the frequency of which is controlled by a quartz crystal oscillator.

(iii) A radio receiving set of the type designed and manufactured primarily for the performance of communication, navigation, or detection services for industrial, commercial, marine, or governmental use generally may be considered not of the entertainment type. Services coming within the scope of the preceding sentence include, but are not limited to, safety, transportation, or disaster.

(2) *Television receiving sets.* A television receiving set shall be considered of the entertainment type when the circuitry of the set is such that it can receive television transmissions on the Standard Commercial Ultra High Frequency (UHF) or Very High Frequency (VHF) channels. It is immaterial whether the set is designed, intended, or sold for use in a private home or a commercial establishment, such as a restaurant, retail store, etc. A television receiving set which has incorporated in its circuitry for a functional purpose all the features described in subparagraph (1) (ii) of this paragraph is deemed not an article of the entertainment type. A television receiving set designed and manufactured primarily to perform any of the services listed in subparagraph (1) (iii) of this paragraph generally may be considered not of the entertainment type.

(3) *Phonographs.* A phonograph shall be considered of the entertainment type if it is designed to reproduce sounds from phonograph records (as defined in paragraph (d) of this section). It is immaterial whether the phonograph is designed, intended, or sold for use in a private home or a commercial establishment, such as a restaurant, retail store, etc.

(d) *Phonograph records.* The term "phonograph records" means all disks, cylinders, or other articles, regardless of the material from which they are made, upon which are recorded music, speech, or other sounds which are capable of reproduction by means of a phonograph, regardless of whether such records are or are not of the entertainment type. The term does not include tape or wire recordings.

(e) *Parts or accessories.* The tax attaches in respect of parts or accessories sold on or in connection with the sale of a radio receiving set, automobile radio

receiving set, television receiving set, automobile television receiving set, phonograph, or any combination of the foregoing which is of the entertainment type (as defined in paragraph (c) of this section). The tax attaches in respect of parts or accessories sold on or in connection with the sale of phonograph records or radio and television components (see section 4142 and § 40.4142-1) without regard to whether such records or components are suitable for use on or in connection with an article of the entertainment type. Tax is not imposed in respect of parts or accessories sold separately by the manufacturer, producer, or importer, that is, not sold on or in connection with the sale of any radio or television receiving set, phonograph, any combination of the foregoing, or any phonograph record, or radio or television component.

§ 40.4141-2 Tax-free sales.

For provisions relating to tax-free sales of articles referred to in section 4141, see—

- (a) Section 4220, relating to sales or resales to manufacturers for further manufacture;
- (b) Section 4222, relating to sales for use as supplies for certain vessels and airplanes;
- (c) Section 4224, relating to articles sold for the exclusive use of a State or local government; and
- (d) Section 4225, relating to sales for export;

as applicable to sales made prior to January 1, 1959.

§ 40.4142 Statutory provisions; definition of radio and television component.

Sec. 4142. *Definition of radio and television component.* As used in section 4141 the term "radio and television components" means chassis, cabinets, tubes, speakers, amplifiers, power supply units, antennae of the "built-in" type, and phonograph mechanisms, which are suitable for use on or in connection with, or as component parts of any of the articles enumerated in section 4141, whether or not primarily adapted for such use.

§ 40.4142-1 Radio and television components.

(a) *In general.* The term "radio and television components" means chassis, cabinets, tubes, speakers, amplifiers, power supply units, antennae of the "built-in" type, and phonograph mechanisms. However, an article specified in the preceding sentence constitutes a radio or television component, for purposes of the tax imposed by section 4141, if it is suitable for use on or in connection with, or as a component part of, any radio receiving set, automobile radio receiving set, television receiving set, automobile television receiving set, phonograph, or a combination of the foregoing, without regard to whether such set, phonograph, or combination is of the entertainment type.

(b) *Suitable for use defined.* Radio or television components are suitable for use, within the meaning of section 4142 and paragraph (a) of this section, if the components are commonly used with any of the articles enumerated in section

4141 and paragraphs (a) (1) to (6) of § 40.4141-1 or if the components possess actual, practical commercial fitness for such use. It is immaterial whether the radio or television component is primarily adapted for such use.

(c) *Definitions—(1) Chassis.* The term "chassis" includes any assembly of parts into circuits for the reception and conversion of radio or television signals into impulses suitable for the reproduction of (i) sound by a radio receiving set, or (ii) a picture, either with or without its associated sound, by a television receiving set.

(2) *Cabinets.* The term "cabinets" includes containers suitable for housing a chassis for any radio or television receiving set, phonograph, or any combination of the foregoing.

(3) *Tubes.* The term "tubes" includes tubes of all types suitable for use on or in connection with, or as component parts of, any radio or television receiving set, phonograph, or any combination of the foregoing.

(4) *Speakers.* The term "speakers" includes all devices for use in converting electrical impulses to sound whether or not equipped with coupling units (but not including earphones) which are suitable for use on or in connection with, or as component parts of, any radio or television receiving set, phonograph, or any combination of the foregoing.

(5) *Amplifiers.* The term "amplifiers" includes all apparatus for the amplification of audio frequency or video frequency impulses which are suitable for use on or in connection with, or as component parts of, any radio or television receiving set, phonograph, or any combination of the foregoing.

(6) *Power supply units.* The term "power supply units" includes all devices which are suitable for use on or in connection with, or as component parts of, any radio or television receiving set, phonograph, or any combination of the foregoing and which convert electric current of ordinary commercial and domestic voltages into electric current voltages suitable for operating any such articles.

(7) *Antennae of the "built-in" type.* The term "antennae of the 'built-in' type" includes all types of aerials designed to be contained in any radio or television receiving set, or combination of the foregoing.

(8) *Phonograph mechanism.* A "phonograph mechanism" is a combination of a motor, pick-up arm, and turntable. A pick-up cartridge or record changer sold on or in connection with a phonograph mechanism is a part or accessory for the phonograph mechanism.

MUSICAL INSTRUMENTS

§ 40.4151 Statutory provisions; imposition of tax.

Sec. 4151. *Imposition of tax.* There is hereby imposed upon the sale of musical instruments by the manufacturer, producer, or importer a tax equivalent to 10 percent of the price for which so sold.

§ 40.4151-1 Imposition of tax.

(a) *In general.* Section 4151 imposes a tax upon the sale of musical instru-

ments by the manufacturer, producer, or importer thereof.

(b) *Rate of tax.* The tax is imposed upon the sale of musical instruments at the rate of 10 percent of the price for which sold. For definition of the term "price", see section 4216 and the regulations thereunder.

(c) *Definition of musical instruments.* The term "musical instruments" includes all wind, reed, string, percussion or electronic instruments used to produce music, including but not limited to all types of pianos and organs, trombones, saxophones, violins, drums, xylophones, chimes, cymbals, bongos, castanets, maracas, claves, etc. The term does not include articles in the nature of toys or novelties which simulate musical instruments and which are unsuitable for use in playing musical compositions or in teaching music.

§ 40.4152 Statutory provisions; exemption for religious or educational use.

Sec. 4152. *Exemption for religious or educational use.* The tax imposed by section 4151 shall not apply to musical instruments sold for the use of any religious or nonprofit educational institution for exclusively religious or educational purposes. The right to exemption under this section shall be evidenced in such manner as the Secretary or his delegate may prescribe by regulations.

§ 40.4152-1 Sales of musical instruments not subject to tax.

(a) *Sold direct by manufacturers for religious or educational use.* The tax imposed by section 4151 does not attach to the sale of a musical instrument by the manufacturer, producer, or importer direct to a religious or nonprofit educational institution for exclusively religious or educational purposes.

(b) *Sales for resale.* No sale of a musical instrument may be made tax free by a manufacturer to a dealer for resale to a religious or nonprofit educational institution for exclusively religious or educational purposes even though it is known at the time of such sale that the musical instrument will be resold for such purpose. However, where any dealer resells a tax-paid musical instrument to a religious or nonprofit educational institution for exclusively religious or educational purposes, the manufacturer who paid the tax on his sale of such musical instrument may secure a refund or credit in accordance with the provisions of section 6416(b)(2).

(c) *Religious or nonprofit educational institution.* To constitute a religious or nonprofit educational institution within the meaning of section 4152, (1) there must be a definite organization with officers, directors, or trustees, and the usual essential features (incorporation not being necessary) of an organization of its class; (2) the organization must have a purpose which as put into practice is religious or educational; and (3) in the case of an educational institution its funds must be used solely in furtherance of such purpose, none of the funds being paid or otherwise distributed to any of its members or other persons except as reasonable compensation for services actually rendered or in furtherance of the educational purposes of the organization.

(d) *Evidence required to establish exemption*—(1) *In general.* To establish that a sale of a musical instrument is exempt from the tax imposed by section 4151, it is necessary that the manufacturer obtain from the purchaser and retain in his possession a properly executed exemption certificate in the form prescribed by subparagraph (4) of this paragraph.

(2) *Sales covered by certificates; records.* Where only occasional sales of musical instruments for exempt use are made to a purchaser, a separate exemption certificate should be furnished for each order. However, where sales are regularly and frequently made to a purchaser for exempt use, a certificate covering all orders for a specified period not to exceed 4 calendar quarters will be acceptable. Such certificates and proper records of invoices, orders, etc., relative to tax-free sales must be kept for inspection by the district director as provided in section 6001.

(3) *Evidence required to establish that the purchaser is a religious or nonprofit educational institution*—(i) *Churches.* In the case of a church, no evidence is necessary to establish the fact that such an institution is a religious institution.

(ii) *Other religious institutions or nonprofit educational institutions.* In the case of a religious institution other than a church and in the case of a nonprofit educational institution, a properly executed exemption certificate showing that the institution has received a determination letter from a district director or a ruling from the Commissioner holding the institution—

(a) To be a religious institution or a nonprofit educational institution of the type described in section 501 (c) (3), and

(b) Exempt from income tax under section 501 (a) or not entitled to exemption from income tax under section 501 (a) by reason of the provisions of section 503, relating to prohibited transactions, or section 504, relating to accumulations out of income,

(or that it has received such determination letter or ruling under the corresponding provisions of prior revenue laws) is acceptable to support a tax-free sale thereto. The exemption certificate must show the date of such determination letter or ruling and that such determination letter or ruling is still in effect and has not been withdrawn or revoked. Where the exempt character of the institution has not been established by a determination letter or ruling, or in some other manner as previously indicated in this section, the institution, in order to enable the manufacturer to establish his right to sell tax free, may apply to the district director for the district in which its principal office is located for a determination of its status. Application for a determination should be made by filing Form 1023 with such district director. Copies of the form and instructions as to the appropriate procedure to be followed in filing it may be obtained from the appropriate district director.

(4) *Acceptable form of exemption certificate.* The following form of exemption certificate will be acceptable for the

purposes of this section and must be adhered to in substance:

EXEMPTION CERTIFICATE

(For use by a religious or nonprofit educational institution purchasing musical instruments subject to tax under section 4151 of the Internal Revenue Code of 1954 for exclusively religious or educational purposes.)

\_\_\_\_\_, 19\_\_

(Date)

The undersigned hereby certifies that he is

(Title)

of \_\_\_\_\_ and  
(Religious or nonprofit educational institution)

is authorized to execute this certificate; and that the musical instruments specified in the accompanying order or on the reverse side hereof are purchased by such institution for exclusively religious or educational purposes.

It is understood that this exemption certificate is for use only by a religious or nonprofit educational institution in the tax-free purchase of musical instruments for exclusively religious or educational purposes; and it is agreed that if the musical instruments purchased tax free are used otherwise than as set forth in this certificate, such fact will be reported to the manufacturer, producer, or importer from whom the instruments were purchased tax free.

The institution (if other than a church) claiming exemption under this certificate has received a determination letter or ruling from the Internal Revenue Service holding the institution (1) to be a religious or nonprofit educational institution of the type described in section 501 (c) (3) of the Internal Revenue Code of 1954, and (2) exempt from income tax under section 501 (a) thereof or not entitled to exemption from income tax under section 501 (a) by reason of the provisions of section 503 or 504 of such Code, relating to prohibited transactions and to accumulations out of income, respectively (or corresponding provisions of prior revenue laws). The date of such determination letter or ruling is \_\_\_\_\_ and such determination letter or ruling has not been withdrawn or revoked.

The undersigned also understands that the fraudulent use of this certificate for the purpose of securing this exemption will subject him and all guilty parties to a fine of not more than \$10,000, or to imprisonment for not more than five years, or both, together with costs of prosecution.

(Signature)

(Address)

(5) *Evidence required to establish that the musical instrument is purchased for exclusively a religious or educational purpose.* In the absence of circumstances indicating a different use, the exemption certificate procured by the manufacturer from the purchasing religious or nonprofit educational institution will be acceptable as prima facie proof that the musical instrument is purchased for exclusively a religious or educational purpose.

(e) *Exemption certificate not obtained prior to filing of manufacturer's excise tax return.* If the sale is otherwise exempt but the exemption certificate is not obtained prior to the time the manufacturer files a return covering taxes due for the period during which the sale was made, the manufacturer must include the tax on such sale in his return for that period. However, if the certificate is later obtained, a claim for refund of

the tax paid on such sale may be filed on Form 843, or a credit for such amount may be taken upon a subsequent return, as provided by section 6416 (b) (2).

§ 40.4152-2 Other tax-free sales.

For provisions relating to tax-free sales of musical instruments, see—

(a) Section 4220, relating to sales or resales to manufacturers for further manufacture;

(b) Section 4222, relating to sales for use as supplies for certain vessels and airplanes;

(c) Section 4224, relating to articles sold for the exclusive use of a State or local government; and

(d) Section 4225, relating to sales for export;

as applicable to sales made prior to January 1, 1959.

Title 43—PUBLIC LANDS:  
INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 1834]

CALIFORNIA

Revoking in Whole or in Part Executive Orders Which Withdrew Certain Unsurveyed Islands Off Coast of California for Military and Lighthouse Purposes

By virtue of the authority vested in the President by section 1 of the Act of June 25, 1910 (36 Stat. 847; 43 U.S.C. 141) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The Executive order of October 25, 1867, so far as it withdrew the following-described unsurveyed islands off the coast of California for military purposes; Executive Order No. 3893 of August 13, 1923, to the extent that it placed the islands under control of the Secretary of the Interior for disposition as provided by the Act of July 5, 1884 (23 Stat. 103), and Executive Order No. 4099 of November 7, 1924, which withdrew the islands under the jurisdiction of the Department of Commerce for lighthouse purposes, are hereby revoked:

SACRAMENTO 056613

The Sisters Island consisting of two islands near Point San Pedro, approximately in Sec. 30, T. 2 N., R. 5 W., M.D.M.

2. The Executive order of November 2, 1876, which withdrew the following-described unsurveyed island off the coast of California for lighthouse purposes is hereby revoked:

SACRAMENTO 056614

Whaler's Island, in San Luis Obispo Bay, approximately in T. 32 S., R. 11 E., M.D.M.

3. The Executive order of May 10, 1867, which withdrew the following-

described unsurveyed island off the coast of California is hereby revoked:

SACRAMENTO 056615

A small rocky island off Point San Pedro (San Pedro Rock), approximately in Sec. 9, T. 4 S., R. 6 W., M.D.M.

4. Whaler's Island and San Pedro Rock are subject to Executive Order No. 5326 of April 14, 1930, which withdrew all unreserved islands, rocks and pinacles in the Pacific Ocean off the coast of California for classification and in aid of legislation. None of the islands have been surveyed.

The lands have been open to applications under the Act of June 14, 1926 (44 Stat. 741; 43 U.S.C. 869) as amended. They are hereby opened to applications for their selections by the State of California under section 2276(c) of the Revised Statutes (43 U.S.C. 852) as amended by section 2 of the Act of August 27, 1958 (72 Stat. 928), and Executive Order No. 5326 of April 14, 1930, is hereby modified to the extent necessary to permit filing of such applications. Except as to prior existing valid settlement rights and preference rights conferred by existing law other than the Act of September 27, 1944 (58 Stat. 748; 43 U.S.C. 282) as amended, or as to equi-

table claims subject to allowance and confirmation, the lands will not be subject to any other disposition under the public land laws until they have been surveyed, and notice of the filing of the official survey has been published in the FEDERAL REGISTER, opening the lands to disposition under the public land laws, conformably to the provisions of the Act of September 27, 1944, supra.

ROGER ERNST,

Assistant Secretary of the Interior.

## Title 50—WILDLIFE

### Chapter I—Fish and Wildlife Service, Department of the Interior

#### SUBCHAPTER F—ALASKA COMMERCIAL FISHERIES

#### PART 109—COOK INLET AREA

##### Closed Season, King Crabs

*Basis and purpose.* Field observations in the Cook Inlet area disclose that the moulting of king crabs has progressed to a point where the taking of such crabs,

except by pots, must be suspended throughout the area as quickly as possible to prevent an excessive taking of soft shelled male crabs.

In the circumstances, § 109.74 as published in the FEDERAL REGISTER issue of March 19, 1959 (24 F.R. 2063), is amended to read as follows:

##### § 109.74 Closed season, king crabs.

Fishing for or the taking of king crabs, except by pots, is prohibited throughout the Cook Inlet area from April 22 through June 5, 1959.

Since immediate action is necessary to prevent impairment of the king crab resources of the Cook Inlet area, notice, public procedure, and deferment of the effective date for this amendment are impracticable, and it shall become effective immediately upon publication in the FEDERAL REGISTER (60 Stat. 237; 5 U.S.C. 1001 et seq.).

(Sec. 1, 43 Stat. 464, as amended; 48 U.S.C. 221)

A. W. ANDERSON,  
Acting Director,

Bureau of Commercial Fisheries.

## PROPOSED RULE MAKING

### DEPARTMENT OF THE INTERIOR

National Park Service

[36 CFR Part 20]

#### GLACIER NATIONAL PARK

##### Fishing

*Basis and purpose.* Notice is hereby given that pursuant to section 4(a) of the Administrative Procedure Act, approved June 11, 1946 (60 Stat. 238; 5 U.S.C. 1952 ed., sec. 1003); authority contained in section 3 of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1952 ed., sec. 3); National Park Service Order No. 14 (19 F.R. 8824); and Regional Director, Region Two, Order No. 3 (21 F.R. 1494), it is proposed to amend 36 CFR 20.3 as set forth below. The purpose of this amendment is to improve management of the fishery of Glacier National Park.

This proposed amendment relates to matters which are exempt from the rule making requirements of the Administrative Procedure Act (5 U.S.C. 1003); however, it is the policy of the Department of the Interior that, wherever practicable, the rule making requirements be observed voluntarily. Accordingly, interested persons may submit, in triplicate, written comments, suggestions, or objections with respect to the proposed amendments to the Superintendent, Glacier National Park, West Glacier, Montana, within 30 days of the date of

publication of this notice in the FEDERAL REGISTER.

EDWARD A. HUMMEL,  
Superintendent,  
Glacier National Park.

MARCH 25, 1959.

Section 20.3 is amended as follows:

1. Paragraph (a) is amended to read as follows:

(a) *Fishing; open season.* All waters within the Park are open to fishing in conformance with the State of Montana open season for high mountain streams and shall close at 10:00 p.m. on October 15, subject to the following exceptions and restrictions:

(1) Hours of fishing: 5:00 a.m. to 10:00 p.m.

(2) The open season on the Glacier National Park section of Waterton Lake shall conform to the Canadian season for this lake.

(3) All waters of the Waterton and Belly River drainages, except Waterton Lake, shall be closed to fishing after 10:00 p.m. on October 1.

(4) The open season on the Middle and North Forks of the Flathead River will conform to the Montana season for those waters, except that on the Park side, the season will close October 15.

(5) Midvale and Hidden Creeks are closed to fishing at all times.

(6) Hidden Lake; Logging Creek, from the head of Logging Lake and including Grace Lake; Quartz Creek, between Lower Quartz Lake and Quartz Lake; and Kintla Creek, between Kintla Lake

and Upper Kintla Lake, shall be open to fishing from July 1 to October 15, inclusive.

2. Paragraph (b) is amended to read as follows:

(b) *Fishing; limit of catch and in possession.* (1) The limit of catch per fisherman per day shall be 15 pounds of fish (dressed weight with heads and tails intact) and one fish, not exceeding in the aggregate 10 fish.

(2) Possession of more than one day's catch limit by any person at any time is prohibited.

3. Paragraph (c) is amended to read as follows:

(c) *Fishing; bait; licenses.* (1) Fishing for merchandise or profit is prohibited.

(2) The possession or use for bait, of salmon eggs or other fish spawn, or any imitation thereof, or substance prepared therefrom, is prohibited.

(3) A fishing license is not required to fish in the waters of the Park.

[36 CFR Part 20]

#### OLYMPIC NATIONAL PARK

##### Fishing

*Basis and purpose.* Notice is hereby given that pursuant to section 4(a) of the Administrative Procedure Act, ap-

proved June 11, 1946 (60 Stat. 233; 5 U.S.C., 1952 ed., sec. 1003); authority contained in section 3 of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C., 1952 ed., sec. 3); National Park Service Order No. 14, 19 F.R. 8824; Regional Director, Region Four, Order No. 3, 21 F.R. 1495, it is proposed to amend 36 CFR 20.28 as set forth below. The purpose of this amendment is to change the open season date for fishing in certain Park waters to conform to State of Washington regulations; to change the limit of catch in Lake Crescent to encourage the fishing of silver trout which, for management purposes, are insufficiently harvested under the present five fish limit; to close to steelhead trout fishing, for the purpose of maintaining spawning grounds, that portion of the South Fork of the Calawah River which lies within the Park to conform with State closure outside; to combine for the purpose of consistency in arrangement, all paragraphs relating to fishing in one paragraph under the heading (a) *Fishing*, which necessitates redesignating paragraphs (h), (i), (j), and (k) as paragraphs (b), (c), (d), and (e); and to make minor changes in wording for the purpose of perfecting and clarifying the language of the regulations.

This proposed amendment relates to matters which are exempt from the rule making requirements of the Administrative Procedure Act (5 U.S.C. 1003); however, it is the policy of the Department of the Interior that, whenever practicable, the rule making requirements be observed voluntarily. Accordingly, interested persons may submit in triplicate written comments, suggestions, or objections with respect to the proposed amendments to the Superintendent, Olympic National Park, 600 Park Avenue, Port Angeles, Washington, within thirty days of the date of publication of this notice in the FEDERAL REGISTER.

Dated: February 19, 1959.

DANIEL B. BEARD,  
Superintendent,  
Olympic National Park.

Section 20.28 is amended as follows:  
§ 20.28 Olympic National Park.

(a) *Fishing*—(1) *Open season*. The opening date of the season for fishing in Park streams, Lake Mills, Lake Crescent and Irely Lake shall conform to that of the State of Washington for streams and lowland lakes for the adjoining counties of Clallam, Jefferson, Mason and Grays Harbor. The opening date for all other Park Lakes shall be July 4. The closing date for all fishing except for the special steelhead trout fishing season shall be October 31, subject to the following exceptions and restrictions:

(i) The following streams or portions thereof are open to fishing to steelhead trout only, from the opening date of the season for steelhead trout fishing established by the State of Washington for adjoining counties, to February 28, inclusive; all tributaries thereof are closed except otherwise indicated:

Bogachiel River.  
Dosewallips River below falls.  
Queets River below Tshletshy Creek.

Hoh River, including South Fork.  
Quinalt River, including North Fork below Wolf Bar Shelter and the East Fork below Graves Creek.

Soleduck River below the North Fork Soleduck.

(ii) Fishing is prohibited from one hour after sunset until sunrise.

(iii) In that part of Olympic National Park known as the Queets Corridor and the Olympic Ocean Strip, and other areas which were added to the Park by proclamation of the President, dated January 6, 1953, (18 F.R. 169), fishing shall be done in conformity with the laws and regulations promulgated by the State of Washington for these areas.

(2) *Closed waters*. The following waters and their tributaries are closed to fishing.

Cat Creek.  
Entire Morse Creek watershed except Lake Angeles and P.J. Lake.

(3) *Size Limit*. Steelhead trout of less than 12 inches in length and fish of any other species less than 6 inches in length, when caught, shall be released by carefully handling with moist hand and returned at once to the water.

(4) *Limit of catch and in possession*. The limit of catch per person per day shall not exceed 10 fish or 10 pounds of fish and one fish, except as otherwise provided.

(i) Between the opening day of the season and February 28 inclusive, the limit of catch of steelhead trout shall not exceed 3 fish per person per day or 6 fish per week, or 24 fish per winter season, less the number of steelhead trout caught by each person in the State of Washington outside Olympic National Park. Each person possessing a State of Washington fishing license shall account for his catch of steelhead trout in the Park in the same manner as required by the State of Washington for fish caught outside the Park.

(ii) The limit of catch per person per day in Lake Crescent shall not exceed 10 fish or 10 pounds and one fish, of which no more than one fish may exceed 18 inches in length.

(iii) Possession of more than one day's catch limit by any one person at any one time is prohibited.

(5) *Bait*. (i) Fishing with any line, gear, or tackle having more than two spinners, spoons, blades, flashers, or like attractions, and with more than one transparent or black rudder, and more than three (3) hooks attached to such line, gear, or tackle, is prohibited.

(ii) The placing or depositing of fish eggs, fish roe, food, or other substances in any Park waters for the purpose of attracting, collecting, or feeding fish, is prohibited.

(6) *Pollution of waters*. The cleaning of fish in Park lakes or streams, or depositing of fish entrails, heads, gills, or other refuse in any Park lake or stream is prohibited.

(7) *License*. A license to fish in Park waters is not required except that a Washington State or County fishing license is required for fishing in Lake Angeles, located in section 15, T. 29 N., R. 6 W., W.M.; and within those portions of

Olympic National Park known as the Queets Corridor and Olympic Ocean Strip, and in sections 1 to 6 inclusive, T. 27 N., R. 11 W., W.M. and in sections 1 to 3 inclusive, T. 27 N., R. 12 W., W.M. which were added to the Park by proclamation of the President dated January 6, 1953 (18 F.R. 169).

Paragraphs (h), (i), (j) and (k) are redesignated paragraphs (b), (c), (d) and (e).

## DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 68]

SPLIT PEAS

U.S. Standards

Notice is hereby given that the United States Department of Agriculture is considering an amendment to the United States Standards for Split Peas (7 CFR 68.501 et seq.) pursuant to the authority contained in the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621, et seq.). The amendment as hereinafter set forth would change the special grade Austrian Winter split peas to Winter split peas. This change would permit assigning this special grade to split peas when varieties of winter peas such as Austrian and Romack have been processed by splitting.

It is proposed to amend the United States Standards for Split Peas as follows:

Amend paragraph (c) (1) of § 68.503 to read:

(1) *Winter split peas*—(i) *Requirements*. Winter split peas shall be split peas processed from peas of the Austrian Winter, Romack, and other varieties of winter peas of similar seed characteristics, appearance, and color.

(ii) *Grade designation*. Winter split peas shall be graded and designated according to the grade requirements of the standards otherwise applicable to such split peas, and there shall be added to and made a part of the grade designation the word "Winter."

Interested persons may submit written data, views, or arguments to the Director, Grain Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D.C., to be received by him not later than thirty days after this notice has been published in the FEDERAL REGISTER. Consideration will be given to all written data presented to the Director and to all other information available in the United States Department of Agriculture in arriving at a decision with respect to this proposed amendment to the split pea standards.

Done at Washington, D.C., this 17th day of April 1959.

[SEAL] ROY W. LENNARTSON,  
Deputy Administrator,  
Agricultural Marketing Service.

## [ 7 CFR Part 953 ]

LEMONS GROWN IN CALIFORNIA  
AND ARIZONA

## Notice of Proposed Rule Making

Notice is hereby given that the Department is considering approval of the proposed revision, hereinafter set forth, of the rules and regulations (Subpart—Lemon Administrative Committee Rules and Regulations; 7 CFR 953.100 et seq.) that are currently in effect pursuant to the applicable provisions of the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 23 F.R. 9053), regulating the handling of lemons grown in Arizona and California. This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

The revision of the said rules and regulations was proposed by the Lemon Administrative Committee, established under the said amended marketing agreement and order as the agency to administer the terms and provisions thereof and is as follows:

## Subpart—Lemon Administrative Committee Rules and Regulations

## DEFINITIONS

## § 953.100 General.

Terms used in this subpart shall have the same meaning as when used in the marketing agreement and order (§§ 953.1 to 953.92).

## § 953.101 Marketing agreement.

"Marketing agreement" means Marketing Agreement No. 94, as amended, regulating the handling of lemons grown in California and Arizona.

## § 953.102 Order.

"Order" means Order No. 53, as amended (§§ 953.1 to 953.92) regulating the handling of lemons grown in California and Arizona.

## § 953.103 Crop year.

"Crop year" means (a) with respect to District 1, the period October 1 through the following April 30, and (b) with respect to District 3 the period September 1 through January 31.

## STORAGE AWAY FROM PACKINGHOUSE

## § 953.107 Transportation of lemons to storage within the production area.

Any handler who stores lemons within the production area other than on the premises where the lemons were packed shall notify the committee in writing on LAC Form 8 of the transportation of such lemons to such storage. Such report shall show the location and name of the storage facility, and the quantity of lemons transported to such storage. Whenever any such stored lemons are thereafter handled, the LAC Form 8 for the week in which the handling occurred shall show each quantity and date of shipment from the storage facilities.

## COMMUNICATIONS

## § 953.110 Communications.

Unless otherwise prescribed in this subpart, or in the marketing agreement and order, or required by the Lemon Administrative Committee, all reports, applications, requests and communications in connection with the marketing agreement and order shall be submitted to:

Lemon Administrative Committee, 111 West Seventh Street, Los Angeles 14, Calif.

## NOMINATION PROCEDURE

## § 953.115 Time of nomination.

The time of nominating members and alternate members of the Lemon Administrative Committee shall be not later than 20 days preceding the date of expiration of the terms of office of the members and alternate members of the committee.

## § 953.116 Manner of nomination.

The manner of nominating members and alternate members of the committee shall be as follows:

(a) Sunkist Growers, Inc., a California non-profit cooperative marketing association with its principal place of business at Los Angeles, California, so long as it continues to market more than 60 percent of the total volume of lemons marketed as provided in the marketing agreement and order, shall by resolution adopted by its board of directors, nominate 4 grower members and 4 alternate grower members of the committee, and 2 handler members and 2 alternate handler members of the committee.

(b) Each cooperative marketing organization, other than the one described in paragraph (a) of this section, shall nominate by resolution adopted by its board of directors 2 grower members and 2 alternate grower members of the committee, and 1 handler member and 1 alternate handler member of the committee. Each nominee shall be assigned a vote equal to the volume (in terms of cartons) of lemons which the organization making the nomination handled during the current fiscal year to the end of the month preceding the month in which such nominations are made. The nominated members and alternate members so receiving the largest total votes shall be the respective nominees for the particular positions.

(c) Not less than 5 meetings shall be held, at such times and places throughout the lemon producing districts of the production area as may be designated by the agent of the Secretary, at which growers who are not affiliated with any of the organizations included in paragraphs (a) and (b) of this section may vote. Adequate notice of each such meeting shall be given by such agent. At each such meeting the growers present shall nominate 2 grower members, 2 alternate grower members, 1 handler member, and 1 alternate handler member. Each grower voting at any such meeting shall submit his name and address to the agent of the Secretary. The nominated members and alternate members receiving the highest total number

of votes cast at all meetings for the respective positions in the final balloting of each of such meetings shall be the nominees for such positions.

## VOLUME REGULATION

## § 953.153 Prorate bases and allotments.

(a) *Application.* Each handler who has lemons available for current shipment and who desires to handle such lemons shall submit to the Lemon Administrative Committee, at such time as the committee designates, an application on LAC Form 101 for a prorate base and allotment. Each such application shall contain the following information:

(1) Name and address of applicant.  
(2) Net cubical content of each box or other container used by the applicant for the picking of lemons.  
(3) The net cubical content of each box or other container used by the applicant for the assembling or storage of lemons.

(4) The estimated production of lemons for the current season which the applicant owns or controls, and the total acreage of such lemons, including the number of trees.

(5) Location of each of the applicant's packinghouses and such other receiving points, as may be approved by the committee, to which the lemons are to be delivered to the applicant. With respect to lemons grown in District 1 or District 3, the handler shall submit with the application a list of all growers whose lemons the applicant controls, showing for each grower his name and address, and the location, number of trees, acreage, and estimated production in terms of cartons of each grove or portion thereof involved.

(b) *Computation of lemons available for current shipment in Districts 1 and 3.* The computation, by the committee, of the tree crop to be used during a particular crop year in District 1 or 3 shall be based, for the particular district, upon the lemon production data in each handler's application for a prorate base and allotment (LAC Form 101) and upon field checks made by the committee of the groves in which the lemons controlled by each such handler are grown. Control of lemons shall be determined as provided in §§ 953.53(c) and 953.153(d). Each such computation shall cover only the lemons produced during such crop year.

(c) *Computation of lemons available for current shipment in District 2.* Each computation, by the committee, of lemons available for current shipment in District 2 shall be based upon the total quantity of lemons grown and delivered in such district to each handler during the preceding 20-week period. Once any such lemons have been included in the computation of a handler's lemons available for current shipment, such lemons shall thereafter not be included in any computation of any other handler's lemons available for current shipment.

(1) *Determination by the committee of lemons delivered.* On Monday of each week, each handler in District 2 who has filed an application for a prorate base

and allotment (LAC Form 101) shall make available to the committee through its designated employees a record of all lemons delivered to the applicant's packinghouse and approved receiving points during the preceding 7-day period ending at 12:01 a.m., Sunday.

(2) *Access to records and premises of handlers.* The committee, through its designated employees, shall have access at all reasonable hours to the records and premises of each handler in District 2 who has filed an application for a prorate base and allotment for the purpose of determining the accuracy of the records made available to the committee. Such records shall include, but not be limited to, individual grower tickets covering lemons delivered at the receiving door of the packinghouse or approved receiving points, the wash records, the record of lemons in storage, and the record of lemons handled for conversion into byproducts, and otherwise disposed of.

(3) *Determination of carloads of lemons delivered during a 20-week period.* The carloads of lemons delivered to any handler during any 20-week period shall be determined by application of the appropriate field box conversion factor to the total number of field boxes of lemons delivered to such handler during each week of the 20-week period. The appropriate field box conversion factor shall be computed pursuant to paragraph (c) (4) of this section.

(4) *Conversion factors—(i) Field box conversion factor.* The appropriate field box conversion factor that shall be applied each week of the initial 20-week period for a particular handler shall be computed by dividing the total number of field boxes of lemons delivered to such handler during such period by the total number of carloads of lemons delivered to such handler as determined by adding to the detailed inventory of lemons on hand on the date ending such period, the total number of carloads of lemons shipped in fresh fruit channels, handled for conversion into byproducts, and otherwise disposed of (except decayed lemons dumped) during such period and subtracting therefrom the detailed inventory of lemons on hand at the beginning of such period. Such computed field box conversion factor shall be the field box conversion factor to be applied each week thereafter until another detailed inventory of such handler's lemons is taken. At least once each 4 weeks, the committee's designated employees shall take a detailed inventory of the lemons each handler has on hand in his packinghouse, in approved storage, and at approved receiving points, and the committee shall compute the particular field box conversion factor that shall be applied each week of the inventory period following such detailed inventory, an inventory period being comprised of the number of weeks between two successive detailed inventories. Such factor shall be computed by dividing the total number of field boxes of lemons delivered to such handler during the immediately preceding inventory period by the number of carloads of lemons delivered to such handler during such period as determined

by adding to the last detailed inventory of lemons on hand, the total number of carloads of lemons shipped in fresh fruit channels, handled for conversion into byproducts and otherwise disposed of (except decayed lemons dumped) during the same period, and subtracting therefrom the detailed inventory of lemons on hand at the beginning of such period. If the field box conversion factor so computed differs from the factor applied during the previous inventory period, the respective quantities of lemons delivered each week of such previous inventory period shall be adjusted to reflect such difference.

(ii) *Storage box.* In computing the quantity of lemons in terms of carloads, that a handler has on hand, the standard storage box having a capacity of 3,242 cubic inches and containing not less than 50 pounds net weight of lemons shall be converted to cartons of lemons on the basis that one such box equals 1.316 cartons of lemons. If the lemons are in boxes other than the standard storage box, the committee shall compute for such handler an appropriate storage box conversion factor based on the net weight of the lemons in the boxes. If at any time the committee determines that such storage or other boxes do not contain the requisite net weight of lemons, appropriate adjustments shall be made by the committee in such handler's storage box conversion factors to compensate for such difference.

(5) *Adjustment for substantial variation between two successive field box conversion factors.* If the field box conversion factor computed for any handler differs by more than 5 percent from the field box conversion factor applied to the lemons of such handler during the preceding inventory period, such handler's lemons available for current shipment shall be increased or decreased in the manner prescribed in paragraph (f) (1) of this section to the extent necessary to effect the required adjustment in such handler's prorate base.

(d) *Control of lemons in Districts 1 and 3.* In order to control lemons within the meaning of § 953.53 (c), the applicant must have executed the requisite bona fide written agreement with a grower, which shall contain all of the basic requirements of a legal contract, including, but not being limited to, the requirements of this paragraph:

(1) The agreement shall be supported by legal consideration, such as mutual promises, which may be enforced by either party in an action at law.

(2) The agreement shall be certain as to its parties, the quantity of lemons involved, and the amount the applicant is to pay for the fruit. The agreement will be considered sufficiently definite (i) as to the quantity of fruit if it specifies all of the lemons of a described acreage, and (ii) as to the amount to be paid for the fruit if it specifies a definite amount, or a definite method of determining the amount, to be paid.

(3) The agreement shall have been entered into by both parties in good faith. The purpose of the agreement must be to give absolute control of the lemons to the applicant; and any such agree-

ment which (i) has as its primary purpose the giving of a prorate base and allotment to the applicant, or (ii) is subject to some other written or oral agreement or understanding altering its terms, or (iii) is subject to an oral or written agreement or understanding that neither of the parties will enforce the agreement, or (iv) contains a statement which permits termination thereof without legal liability will be considered evidence of lack of good faith.

(4) The agreement shall give the applicant control of the lemons for such period of time as may be necessary to handle the lemons.

(e) *Loss of control of lemons.* If a handler loses control of lemons and has handled a quantity thereof less than the quantity that could have been handled under allotments issued thereon, such handler's lemons available for current shipment shall be adjusted by deducting therefrom a quantity of lemons equivalent to the quantity upon which allotments were issued, but which were not used thereon. The quantity so determined shall be deducted during a period of 3 consecutive weeks in District 1 and 2 consecutive weeks in District 3 (or during the remainder of the applicable crop year for a particular district if of shorter duration than the period designated for such district): *Provided*, That, insofar as practicable, such deduction for any week shall not exceed the amount which would decrease by one-half the allotment that otherwise would be issued to such person for such week in the absence of such deduction, and, if necessary to effect this requirement, the applicable period specified in this paragraph for making such deductions may be extended.

(f) *Adjustment of prorate bases.* (1) The prorate bases of handlers shall be adjusted to correct errors, omissions, or inaccuracies, as provided in this part, during a period of three consecutive weeks in Districts 1 and 2, and during two consecutive weeks in District 3 (or during the remainder of the applicable crop year for Districts 1 and 3, or the remainder of the season for District 2, if of shorter duration than the period designated for the particular district): *Provided*, That, insofar as practicable, any required deduction for any weekly period shall not exceed the amount which would decrease by one-half the allotment that otherwise could be issued to such handler for such weekly period in absence of such deduction, and, if necessary to effect this requirement, the applicable period specified in this paragraph for making such deduction may be extended.

(2) When a handler in District 1 or 3 has moved all of the lemons under his control in such district and has received allotment sufficient to repay all loans of allotment received by him under the provisions of § 953.59, such handler shall receive no further allotment, unless, during the same crop year, he subsequently gains control of lemons, in the same district, which he desires to handle, and promptly submits a report thereon to the committee.

## ALLOTMENT LOANS

## § 953.159 Allotment loans.

(a) *Payback of loans.* Each loan agreement entered into by handlers pursuant to § 953.59 must provide for repayment within one year of the date of the loan. Allotment loans shall be deemed repaid if such loans fall due in a week during which there is no limitation on lemon shipments in effect pursuant to § 953.52, for the particular district.

## SIZE REGULATION

## § 953.165 Exemption from size regulations.

(a) *Application to be filed.* Each grower who desires to be exempted, pursuant to § 953.67, from the provisions of any size regulation established by the Secretary may file with the committee an application for one or more exemption certificates on LAC Form 200. Such application must, unless otherwise provided pursuant to paragraph (b) of this section, be furnished to the committee not later than the Friday preceding the week during which the grower desires the committee to take action thereon, and shall contain the following information:

(1) Name and address of the applicant; (2) location of the lemons which the grower wishes covered by the exemption certificates; (3) the estimated sizes of the lemons contained in the applicant's groves and percentages of the respective sizes; (4) the size tests or other facts upon which such estimates are based showing, with respect to the size tests, the number of lemons per tree tested and the total number of lemons tested per acre; (5) the quantity of lemons (in terms of cartons) which the applicant estimates will be needed to be exempted from size regulation to permit the applicant to handle, or have handled, a percentage of his lemons equal to the average percentage that may be handled on behalf of all growers in the same prorate district, as provided in § 953.67; and (6) the name of each packinghouse through which the applicant's lemons are to be handled.

(b) *Final dates for filing applications.* The committee may provide final dates for the filing of applications for exemptions from size regulations in each prorate district. Two weeks' notice shall be given to growers and handlers of the final date prescribed for each district.

(c) *Investigation by Field Department.* The committee shall refer such application to its Field Department for investigation. The Field Department shall make such checks as it determines are necessary to establish the accuracy of the information submitted in the application and the need of the applicant for an exemption certificate. The report of the Field Department shall be submitted to the committee for its consideration in connection with the issuance of an exemption certificate. If the committee determines that the information furnished by the applicant is inadequate, it may require the applicant to submit additional information, including additional size tests.

(d) *Determination by committee.* Based upon all available information,

the committee may authorize the manager of the committee to issue exemption certificates on LAC Form 201 to the applicant which will permit the applicant to have as large a proportion of his lemons handled as the average proportion of lemons that will be handled on behalf of all growers in the same prorate district. The initial exemption certificate issued pursuant to this section to any applicant may provide for exemption of not more than 75 percent of the applicant's estimated needs, and subsequent exemption certificates shall thereafter be issued to the extent required by the provisions of § 953.67.

(e) *Exemption certificate.* Upon authorization of the committee, the manager shall issue to growers who have applied therefor exemption certificates which shall contain the following information: (1) Name and address of grower-applicant to whom issued; (2) location of grove or groves; (3) the respective quantities of lemons of each size permitted to be handled without regard to the existing size regulation; and (4) the period covered by the exemption certificate. The exemption certificate shall be issued in quadruplicate, one copy to be retained by the committee and three copies to be issued to the grower. The grower shall endorse and deliver two copies to the handler who is to handle such lemons. Immediately upon shipping such lemons the handler shall sign and mail, or otherwise deliver, to the committee one copy of such certificate. An exemption certificate may be used only for the handling of lemons covered by the certificate. As required by § 953.67, all handling of such lemons shall be subject to, and limited by, allotment when volume regulation is in effect.

## REPORTS

## § 953.170 Reports.

(a) Handlers shall submit to the Lemon Administrative Committee all required reports, including those prescribed in this section. Copies of report forms may be obtained from the committee. Unless otherwise specified in the particular report form, information with respect to volume of lemons shall be reported in terms of cartons. For shipments of lemons other than in cartons, the volume of such lemons shall be converted to cartons on the basis of 38 pounds net weight per carton: *Provided*, That the following equivalents may be used:

(1) One box of fresh loose lemons (market pack) equals 1.6 cartons of lemons.

(2) One storage box or box of by-product lemons equals 1.316 cartons of lemons.

(b) *Lemon Diversion Report (LAC Form 5).* Each Lemon Diversion Report submitted shall set forth the name and address of the approved byproducts' manufacturer, charitable institution, relief agency, or other diversion outlet to which the lemons were shipped; the number of loose gross boxes of such lemons; total net weight of such lemons; and certification by the handler and the receiver of such lemons as to the accuracy of the information contained in the

report. This report shall be submitted within five days following any such shipment.

(c) *Certificate of assignment of allotment (LAC Form 6).* The certificate of assignment of allotment as provided for in § 953.63 shall be issued by the handler who first handles the lemons requiring allotment and which are to move by truck. The certificate shall be issued at the time of sale or transfer of such lemons. Each such certificate shall cover the total quantity of such lemons and shall contain the following information: Date lemons are actually shipped; handler's invoice number when and if available; name of consignee (purchaser or receiver); destination (address of consignee); truck driver's name, address, and signature; date and time of loading; and number of cartons of such lemons. Each such certificate shall be signed by the handler, or his authorized agent, and shall contain in addition to the address of the handler issuing it a certification to the United States Department of Agriculture and the Lemon Administrative Committee that the handler is authorized under the provisions of the marketing agreement and this part to handle the lemons shown on such certificate.

(d) *Weekly report (LAC Form 8).* The weekly report required of each handler by § 953.70 shall be submitted to the Lemon Administrative Committee on or before 12:01 a.m., P.s.t., Monday of each week, and shall be signed and set forth the total number of field boxes of lemons received and contain the following information and certification with respect to the transportation of lemons to storage in the production area and all shipments of lemons during the preceding week:

(1) The total volume of movement in interstate commerce and intrastate commerce of fresh lemons subject to allotment; volume exported other than to Canada; volume handled for conversion into byproducts; and volume shipped for distribution by relief agencies or for consumption by charitable institutions.

(2) Detailed information concerning each shipment of lemons exported other than to Canada showing the number of cartons and identification of the carrier (railroad car number, if any, the name of the steamship, if known, or the Mexico export certificate (LAC Form 11) number if exported to Mexico); and

(3) The location of any lemons stored within the production area (other than on the premises where packed), the name of the warehouse or storage facility in which stored, the respective quantities of lemons transported to such facilities and so stored, and the date and quantity of each shipment of lemons from such storage.

(4) This report shall be signed by the handler submitting it, or his authorized agent, and shall be certified to the United States Department of Agriculture and the Lemon Administrative Committee as to the truthfulness of the information shown thereon.

(e) *Manifest report.* Within twenty-four hours after shipment of lemons is made to points within the United States,

Alaska, or Canada, the handler thereof shall furnish to the committee a manifest report on LAC Form 203 of the lemons shipped. Such report shall show the rail car number (if shipment is by rail) or the number of the Certificate of Assignment of Allotment (LAC Form 6) issued for each such shipment, together with the number of cartons (or carton equivalents) of each size of lemons shipped. If the shipment was made under a size exemption certificate (LAC Form 201), the certificate number shall also be shown. Each such manifest report shall be certified by the handler to the United States Department of Agriculture and to the Lemon Administrative Committee as to the correctness of the information shown thereon.

#### LEMONS NOT SUBJECT TO REGULATION

##### § 953.180 Lemons not subject to regulation.

(a) *Byproduct lemons.* No handler shall handle lemons for conversion into byproducts unless (1) such lemons have been handled under allotment; (2) prior to such handling the handler notifies the committee on LAC Form 5 of such proposed handling; or (3) such lemons are shipped to an approved byproducts manufacturer.

(b) *Approved byproducts manufacturer.* Any person who desires to buy, as an approved byproducts manufacturer, lemons for conversion into byproducts shall file with the committee a signed application therefor on LAC Form 104, which shall contain the following information: (1) Name and address of applicant; (2) proposed types of products to be made or derived from lemons; (3) a statement that the lemons obtained for conversion into byproducts will be used for that purpose only and will not be resold, disposed of, or in any other way handled in fresh fruit channels; and (4) an agreement to submit such reports as may be required by the committee. The application shall contain a statement that failure to submit the reports required by (4) of this paragraph will cause the removal of such person's name from the list of approved byproduct manufacturers. The application shall be signed by the applicant or his authorized agent. Upon the filing of the application, it will be referred to the committee's Compliance Department for investigation. When completed, the report of the investigation shall be given to the committee; and, based thereon and upon other available information, the committee shall approve or disapprove the application and notify the applicant accordingly. If the application is approved, the name of the applicant shall be placed on the list of approved byproduct manufacturers.

(c) *Lemons for export—(1) To Mexico.* With respect to all shipments of lemons to Mexico, the handler shall obtain from the purchaser, at time of delivery of such lemons, a certification on LAC Form 11, to the United States Department of Agriculture and the Lemon Administrative Committee that such lemons are to be exported directly to Mexico and will not re-enter the United

States or be re-shipped to Canada. Such certificate (LAC Form 11) shall state the date of shipment, the quantity of lemons included in such shipment, the truck license number or other identification of the carrier of such lemons, and the signature and address of the purchaser. The certificate shall also be signed by the handler or his authorized representative and shall be submitted to the committee with the handler's next weekly report.

(2) *Armed Forces for export.* With respect to all sales of lemons to the Armed Forces for export, the handler shall complete LAC Form 12, "Certificate of Sale of Lemons for Export to the Armed Forces", showing date of shipment, the quantity of lemons included in such shipment, their destination or port of departure, and the purchase order number. Such certificate shall be signed by the handler or his authorized representative and shall be submitted to the committee with the handler's next weekly report.

(3) *Other shipments in export.* Except on shipments of lemons to Mexico or to the Armed Forces, each handler shall submit to the committee, as soon as possible after each shipment of lemons in export, a copy of the "on-board" bill of lading, or other shipping document acceptable to the committee covering such shipment.

(d) *Minimum quantities and types of shipments.* (1) Any grower who is unable to market lemons produced by him because of the quantity involved or the location of his grove, or because he is unable to find a handler who is willing to market his lemons may file with the committee an application for exemption from regulation. Such application shall contain the following information: (i) Name and address of applicant; (ii) location of grove or lemon trees; (iii) the number of lemon trees for the lemons of which an exemption is requested; (iv) the name and address of the packinghouse nearest to such grove or trees; (v) a statement of the efforts the applicant has made to find a handler willing to accept his lemons; (vi) the outlet or outlets in which he intends to market his lemons if an exemption from regulation is granted; (vii) the estimated quantity of lemons that will be marketed during the season if exemption is granted. Such application shall be submitted by the committee to its Compliance Department for investigation, and upon receipt of the report of investigation shall determine if an exemption should be granted. Applicant shall be notified in writing by the committee of its determination.

(2) Any person who markets or distributes lemons in containers different than those used in regular commercial practice, such as in gift packages, or in types of shipments not customarily made by lemon handlers may file an application with the committee for exemption from regulation for such shipments. Such application shall contain the following information: (i) Name and address of applicant; (ii) the type of shipment or container for which exemption is requested; (iii) the estimated volume of lemons to be handled in such type of shipments during a marketing

season; (iv) the outlets to which such shipments are to be made; and (v) a statement of applicant's reasons why such shipments should be exempted from regulation. Such application shall be submitted to the committee's Compliance Department for investigation and upon receipt of the investigation report the committee shall determine if an exemption should be granted to the applicant. Applicant shall be notified in writing of the committee's determination.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should do so by forwarding same to the Director, Fruit and Vegetable Division, Agricultural Marketing Service, Room 2077, South Building, Washington 25, D.C., not later than the tenth day after publication of this notice in the FEDERAL REGISTER.

Dated: April 17, 1959.

#### [ 7 CFR Part 1065 ]

#### IMPORTS OF TOMATOES

#### Notice of Proposed Determination and Amendment to Regulations

Notice is hereby given that the Secretary of Agriculture is considering making a determination that the importation of tomatoes into the United States is in most direct competition with tomatoes produced in the counties of Cameron, Hidalgo, Starr, and Willacy, in the Lower Rio Grande Valley in Texas, and is also considering the amendment of § 1065.4, Tomato Regulation No. 4 (23 F.R. 8115), applicable to the importation of tomatoes into the United States pursuant to the requirements of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended, 7 U.S.C. 601 et seq) and the applicable general regulations (7 CFR Part 1060).

The amendment under consideration will apply to all imports of tomatoes on the same basis as regulations proposed to be imposed upon handlers of tomatoes grown in the counties of Cameron, Hidalgo, Starr, and Willacy in the Lower Rio Grande Valley in Texas pursuant to regulations to be issued under Marketing Order No. 121 (§ 1021.301; 24 F.R. 2960).

(Sec. 401(e), 68 Stat. 907, 1047; 7 U.S.C. 608e)

Consideration will be given to any data, views, or arguments pertaining to the proposed determination and amendment which are filed with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D.C., not later than 5 days following publication of this notice in the FEDERAL REGISTER. The proposed amendment is as follows:

In § 1065.4, *Tomato Regulation No. 4* (23 F.R. 8115), delete paragraphs (b)

and (f) and substitute therefor new paragraphs (b) and (f) as set forth below.

§ 1065.4 Tomato Regulation No. 4.

(b) *Import restrictions.* During the period from May 4, 1959, to July 4, 1959, both dates inclusive, and subject to the General Regulations (Part 1060 of this chapter) applicable to the importation of listed commodities and the requirements of this section no person shall import any tomatoes of any variety, except elongated types commonly referred to as pear shaped or paste tomatoes and including, but not limited to San Marzano, Red Top, and Roma Varieties; and cera-

siform type tomatoes, commonly referred to as cherry tomatoes, unless such tomatoes meet the requirements of the U.S. No. 2, or better, grade and are 2 $\frac{1}{32}$  inches minimum diameter or larger: *Provided*, That not more than ten (10) percent, by count, of the tomatoes in any lot of 7 x 7 (2 $\frac{1}{32}$  inches minimum diameter to 2 $\frac{3}{32}$  inches maximum diameter) may be smaller than the specified minimum diameter.

(f) *Definitions.* (1) The term "U.S. No. 2" means the U.S. No. 2 grade, as set forth in the United States Standards for Tomatoes (§§ 51.1855 to 51.1877, inclu-

sive, of this title; 22 F.R. 4528), including the tolerances set forth therein.

(2) All other terms have the same meaning as when used in the General Regulations (Part 1060 of this chapter) applicable to the importation of listed commodities.

(Sec. 5, 49 Stat. 753, as amended; 7 U.S.C. 608(e). Interprets or applies Sec. 401(e), 68 Stat. 906, 1047; 7 U.S.C. 608e)

Dated: April 17, 1959.

**Notice of Proposed Withdrawal and Reservation of Lands**

APRIL 10, 1959.

The Assistant Secretary, United States Department of Agriculture, has filed an application, Serial No. Oregon 06373, for the withdrawal of the lands described below, subject to valid existing rights, from appropriation under the general mining laws but excepting leasing under the mineral leasing laws.

The applicant desires the land for development by the United States Forest Service as a public campground to be used for recreational purposes in the Rogue River National Forest.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, 809 NE. Sixth Avenue, Portland 12, Oregon.

If circumstances warrant it, a public hearing will be held at a convenient time and place which will be announced.

The determination of the Secretary of the Interior on the application will be published in the FEDERAL REGISTER. A

separate notice will be sent to each interested party of record.

The lands involved in the application are:

### LUGGAGE LOCKS FROM WEST GERMANY

#### Determination of No Sales at Less Than Fair Value

APRIL 15, 1959.

A complaint was received that luggage locks from West Germany were being sold to the United States at less than fair value within the meaning of the Antidumping Act of 1921.

I hereby determine that luggage locks from West Germany are not being, nor are likely to be, sold in the United States at less than fair value within the meaning of section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)).

*Statement of reasons.* In the case of all manufacturers considered, purchase price was proper for fair value comparisons. For those manufacturers who sell identical or similar merchandise for home consumption in West Germany, the home market price was compared with purchase price; where identical or similar merchandise is not sold in the home market but is sold to third countries, the third country price was compared with purchase price; and where identical or similar merchandise is neither sold in the home market nor to third countries, constructed value was compared with purchase price. In all instances, the purchase price was found to be not less than the home market price, third country price, or constructed value, as the case may be, after taking into consideration allowances for circumstances of sale and adjustment for differences in the costs of manufacture of similar locks.

This determination and the statement of reasons therefor are published pursuant to section 201(c) of the Antidump-

**TRANSOCEAN CORP. AND ATLAS  
CORP.**

**Notice of Hearing**

In the matter of the joint application of The Transocean Corporation of California and Atlas Corporation for approval of agreements under sections 408 and 409 of the Federal Aviation Act of 1958.

Notice is hereby given pursuant to the Federal Aviation Act of 1958, particularly sections 408 and 409 of said Act, that a hearing in the above-entitled proceeding is assigned to be held on April 22, 1959, at 10:00 a.m., in Room 513, Universal Building, 1825 Connecticut Avenue NW., Washington 8, D.C., before Examiner Merritt Rublen.

Without limiting the scope of the issues presented by said application, particular attention will be directed to the following questions and matters:

(1) Will Babb Company, Inc., a person engaged in a phase of aeronautics, purchase or contract to operate the properties, or any substantial part thereof, of any air carrier, Transocean Airlines, Inc., within the meaning of section 408 (a) (2) of the Federal Aviation Act?

(2) Will Atlas Corporation, a person controlling an air carrier, Northeast Airlines, Inc., purchase or contract to operate the properties, or any substantial part thereof, of a person engaged in a phase of aeronautics, within the meaning of section 408 (a) (3)?

(3) Will Atlas acquire control of an air carrier, Transocean Airlines, within the meaning of section 408 (a) (5)?

(4) Will Atlas acquire control of a person engaged in a phase of aeronautics, International Aviation Corporation, within the meaning of section 408 (a) (6)?

(5) Will Transocean Corporation, a person controlling an air carrier, acquire control of a person engaged in a phase of aeronautics (International) within the meaning of section 408 (a) (6)?

(6) Do the agreements violate the provisions of section 409 (a) of the Act?

(7) Will the proposed transactions be consistent with the public interest?

(8) Will the proposed transaction result in creating a monopoly and thereby restrain competition or jeopardize another air carrier or person engaged in a phase of aeronautics, not a party to the transaction?

(9) If the transaction is approved, what terms or conditions, if any, should be attached to such approval?

Notice is further given that any person desiring to be heard in this proceeding must file with the Board on or before April 22, 1959, a statement setting forth the issues of fact or law he desires to controvert.

If further details of the authorization are required, interested parties are referred to the applications on file with the Civil Aeronautics Board.

**FEDERAL COMMUNICATIONS  
COMMISSION**

[Docket Nos. 12657, 12658; FCC 59-347]

**FISHER BROADCASTING AND TRIB-  
UNE PUBLISHING CO.**

**Memorandum Opinion and Order  
Amending Issues**

In re applications of Fisher Broadcasting Company, Portland, Oregon, Docket No. 12657, File No. BPCT-2474; Tribune Publishing Company, Portland, Oregon, Docket No. 12658, File No. BPCT-2534; for construction permits for new television broadcast stations.

1. There are before the Commission (1) a petition to enlarge issues, filed December 1, 1958, by Tribune Publishing Company (Tribune); (2) an opposition to this petition, filed December 12, 1958, by Fisher Broadcasting Company (Fisher); and (3) replies to this opposition, filed January 6, 1959, by the Commission's Broadcast Bureau (Bureau) and by Tribune.

2. By Order, released November 10, 1958, the Commission designated the above-described applications for hearing, in a consolidated proceeding, upon the standard comparative issues. Each applicant was found to be legally, financially, technically and otherwise qualified to construct, own, and operate the proposed television broadcast stations.<sup>2</sup>

3. In support of its petition, Tribune states that 60 percent of the outstanding stock of Fisher is owned by Fisher's Blend Station, Inc., which in turn, owns two-thirds of Fisher's Television Company, licensee of Station KOMO-TV, Seattle, Washington, whose remaining one-third interest is owned by Theodore R. Gamble and C. Howard Lane. Tribune further alleges that Messrs. Gamble and Lane own a beneficial interest of at least 37.126 percent in Station KOIN-TV, Portland, Oregon, and that Mr. Gamble is president and director, and Mr. Lane is vice-president and managing director of said station. Tribune argues, therefore, that if Fisher's application is granted, the Fisher group and the Gamble-Lane group would be placed in the position of competitors in Portland, Oregon, while in Seattle, they are joint owners of KOMO-TV, and that such an arrangement not only violates § 3.636 of the Commission's rules, and the Commission's policy underlying its multiple ownership rule, but also results in a concentration of control of television

<sup>1</sup>By Order (FCC 58M-1503), released December 24, 1958, the Commission, upon the Broadcast Bureau's showing of good cause, granted its petition for extension of time to January 6, 1959 to file a pleading in reply to Fisher's opposition. We note that no specific extension was secured by Tribune, but in view of the extension granted the Broadcast Bureau, we have also considered Tribune's reply.

<sup>2</sup>By Order (FCC 59M-375), released March 25, 1959, the application of KPOJ, Inc., Portland, Oregon (an original party in this proceeding), upon KPOJ's motion, was dismissed. Fisher and Tribune were retained in hearing status.

broadcasting in a manner inconsistent with the public interest, convenience and necessity. In view of the foregoing, Tribune requests the addition of the following issue: "To determine whether the application of Fisher Broadcasting Company contravenes § 3.636 of the Commission's rules or the policy of the Commission against multiple ownership of television broadcast stations, and hence, whether the grant thereof would be in the public interest, convenience or necessity."

4. Fisher, in its opposition, concedes its business relationship with Messrs. Gamble and Lane in Station KOMO-TV, but characterizes the interests of Messrs. Gamble and Lane as that of minority investors. It argues that the facts in this proceeding do not present a question under § 3.636 of the rules, or under the Commission's policy against multiple ownership, since the joint interest involved is in an outside community, i.e., Seattle, and that there is no legal or contractual privity between the Fisher group and the Gamble-Lane group in Portland. To overcome what Fisher refers to as a "rebuttal presumption," i.e. that the two television stations in Portland will not be operated independently, Fisher submits, with its opposition, an affidavit of Donald G. Graham, vice-president and director of Fisher's Blend Station, Inc., and vice-president and director of Fisher's Television Company. Affiant states that Stations KOMO-TV and KOIN-TV presently operate entirely independent of each other, with no exchange of programming, personnel or operating information, that, if Fisher's application herein is granted, Fisher's Portland station will operate in full competition with KOIN-TV, and that Messrs. Gamble and Lane have no interest whatever in Fisher's instant application. Fisher cites several "family privity" cases where the Commission concluded, without hearing, that broadcast stations could be expected to act independently, even though a family relationship existed between the owners of competing stations. It also cites Macon Television Company 8 RR 703; 897 (1953) where the Commission, without hearing, granted an application of a corporation for a television station, notwithstanding the fact that two of its stockholders (owning 90 percent of the outstanding stock) owned competing radio stations in the same community. In view of the foregoing, Fisher urges denial of the subject petition.

5. The Bureau's reply to Fisher's opposition adjudges the proposed issue inappropriate, but suggests addition of the issue hereinafter adopted. The Bureau states that the problem here presented is whether the Fisher group and the Gamble-Lane group, joint owners of KOMO-TV, Seattle, may, consonant with Commission policy, also have separate interests in competing television stations in Portland. The Bureau finds no violation of any specific Commission rule; but nevertheless believes the relationship between the Fisher group and the Gamble-Lane group gives rise to the question of whether an adverse effect upon competition would result, which question should be considered in light of

the statutory public interest standard and the Commission's established policy to foster free competition among broadcasters. The suggested issue will, in the Bureau's view, elicit facts necessary to resolve this question.

6. The Commission finds no violation of § 3.636 of its rules or its policy against multiple ownership of television broadcast stations. However, the undisputed facts of the common business interest between the Fisher group and the Gamble-Lane group are sufficient to warrant the addition of the issue as set forth infra. The mere fact that the common business interest is in an outside community is of no consequence. The controlling consideration is the nature of the common interest, not its location. In the family privity cases, on which Fisher relies, the Commission found, on the facts then before it, that there was not such a community of interests to suggest the possibility that competition would be lessened thereby. Further, the Commission does not regard the Macon decision, supra, as foreclosing an inquiry into the question of whether a common interest, such as is here presented, may adversely affect competition.

Accordingly, it is ordered, That the Order of Designation in this proceeding, released November 10, 1958, FCC 58-1947, is amended: (1) By renumbering Issue No. 2 as Issue No. 3, and by striking the word "issue" therein, substituting therefor the word "issues", and (2) by adding the following Issue No. 2: "To determine in light of the common ownership by Fisher's Blend Station, Inc. and Messrs. Gamble and Lane (stockholders in Station KOIN-TV, Portland, Oregon) of stock in Fisher's Television Company, the licensee of television station KOMO-TV, Seattle, Washington, whether a grant of the Fisher Broadcasting Company (owned 60 percent by Fisher's Blend Station, Inc.) application would have an adverse impact upon competition among television stations in the Portland, Oregon area contrary to the public interest," and;

It is further ordered, That the petition to enlarge issues, filed December 1, 1958, by Tribune Publishing Company, to the extent reflected by the above-added issue, is granted, and is in all other respects, denied.

sion of its contract and states that the increased rates are not unjust nor unreasonable. In addition Phillips refers to its cost of service exhibits submitted in evidence in the suspension proceedings in Docket Nos. G-1148, et al.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that Supplement No. 13 to Phillips' FPC Gas Rate Schedule No. 10, Supplement No. 2 to Phillips' FPC Gas Rate Schedule No. 57 and Supplement No. 4 to Phillips' FPC Gas Rate Schedule No. 66 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in the aforementioned supplements.

(B) Pending such hearing and decision thereon, said supplements be and they hereby are suspended and the use thereof deferred until September 18, 1959, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

increased rates and charges in their presently effective rate schedules<sup>2</sup> for sales of natural gas subject to the jurisdiction of the Commission. In both cases the effective date is April 19, 1959.<sup>3</sup> The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Respondent	Rate schedule No.	Supplement No.	Purchaser
Champlin Oil & Refining Co.	43	4	Northern Natural Gas Co.
Bel Oil Corp.	3	4	Transcontinental Pipe Line Corp.

In support of the proposed increase Champlin submits copies of its price re-determination agreement and states that the proposed price was determined to be fair, just and reasonable. Bel Oil in support of its requested increase cites the favored nation provision of its contract and states that such provisions were arrived at by arm's-length bargaining.

Champlin also states that an increase in the subject sale of gas has already been filed by Cities Service Oil Company as operator which includes Champlin's interest. Champlin therefore requests that if the present increase be suspended, such increase be made effective the same date as Cities Service's increase becomes effective.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the proposed changes, and the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. In the matter of Valley Gas Company, Blackstone Valley Gas and Electric Company, Eastern Utilities Associates, File No. 54-225.

Notice is hereby given that Eastern Utilities Associates ("EUA"), a registered holding company, has filed an application and an amendment thereto, pursuant to section 11(e) of the Public Utility Holding Company Act of 1935 ("Act"), for the approval of a plan, as amended (hereinafter called "Plan"), proposed by it and its public-utility subsidiary, Blackstone Valley Gas and Electric Company ("Blackstone"). The Plan is in two steps and is stated to be for the purpose of complying with a Commission order issued April 4, 1950, pursuant to section 11(b)(1) of the Act, which order, among other things, directed EUA to sever its relationship with the gas properties owned by Blackstone by disposing or causing the disposition of its direct or indirect ownership or control of such properties. (Eastern Utilities Associates, 31 S.E.C. 329, Holding Company Act Release No. 9784).

All interested persons are referred to the amended application and Plan on file at the office of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

#### THE PLAN

*Step I.* Blackstone will deposit with the trustee under its mortgage indenture cash in an amount sufficient to obtain the release of its gas properties from the lien of its mortgage indenture. Contemporaneously, Blackstone will convey to its subsidiary company, Valley Gas Company ("Valley"), a Rhode Island corporation organized for that purpose, such released property, together with gas properties and other assets and cash not covered by the mortgage. It is estimated the net book value, at October 1, 1959, of such property will be approximately \$9,800,000. In payment therefor, Valley will issue to Blackstone \$4,500,000 principal amount of first mortgage bonds, \$1,300,000 principal amount of 15-year notes, and \$3,999,970 par value (399,997 shares—\$10 par value) of common stock.

or a total aggregate principal and par value of securities of \$9,799,970; and Blackstone will purchase for \$30 cash the three outstanding shares of Valley \$10 par value common stock.

Simultaneously, pursuant to a private sale to be negotiated, Blackstone will sell to institutional investors, for an estimated \$5,800,000, the bonds and 15-year notes of Valley. Blackstone will borrow from banks an estimated \$1,888,000 to enable it to obtain the balance of the funds required to be deposited with the trustee for the release of its mortgaged gas properties. The trustee will use such funds to retire by purchase, or redemption at the special redemption prices, as directed by Blackstone, outstanding Blackstone bonds, including \$3,750,000 principal amount of 4 $\frac{1}{8}$  percent Series due in 1988 held by EUA, as to which latter no redemption premium is payable. If satisfactory arrangements have not been made for the sale of the bonds and notes of Valley by October 1, 1959, the anticipated consummation date of the Plan, Blackstone will borrow from banks and possibly from EUA the necessary funds required to release the mortgaged gas properties, and will repay such loans upon the later sale of the Valley bonds and notes. EUA will procure any funds to be loaned by it to Blackstone through bank loans effected by EUA.

**Step II.** Within 90 days after the 1959 year-end figures for Blackstone and Valley have been determined, Blackstone will initiate appropriate proceedings to effect the sale, subject to approval by the Commission, pursuant to a rights offering (which it is presently contemplating will be underwritten), of the 400,000 shares of Valley common stock to the stockholders of EUA and the public stockholders of Blackstone. Blackstone will use the funds from the sale of the Valley stock to reduce its then outstanding bank indebtedness, and for general corporate purposes.

The Plan provides for its enforcement by an appropriate court, upon application by the Commission. The effective and consummation dates of the Plan are to be fixed by the court.

The application requests approval, at this time, of Step I of the Plan and the issuance of such orders as are necessary or appropriate to the consummation thereof. It also requests an exception from the competitive bidding requirements of Rule 50 under the Act as to the sale by Blackstone of the bonds and 15-year notes of Valley.

The Commission being required, by the provisions of section 11(e) of the Act, before approving any plan thereunder, to find, after notice and opportunity for hearing, that a plan as submitted, or as it thereafter may be amended or modified, is necessary to effectuate the provisions of section 11(b) of the Act, and is fair and equitable to the persons affected thereby; and it appearing to the Commission that it is appropriate in the public interest and for the protection of investors and consumers that a hearing be held concerning the Plan to afford all interested persons an opportunity to be heard in respect thereof:

*It is ordered,* That a hearing in respect of the Plan be held on May 26, 1959, at 10:00 a.m., at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D.C. Any person desiring to be heard, or otherwise wishing to participate, in the proceeding shall file with the Secretary of the Commission on or before May 20, 1959, a request therefor in the manner prescribed by Rule XVII of the Commission's rules of practice.

*It is further ordered,* That James G. Ewell, or any other officer or officers of the Commission designated by it, from time to time, for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all of the power granted to the Commission under section 18(c) of the Act, and to a hearing officer under the Commission's rules of practice.

The Division of Corporate Regulation of the Commission having advised the Commission that it has made a preliminary examination of Step I of the Plan, and upon the basis thereof the following matters and questions are presented for consideration with respect thereto, without prejudice to its specifying additional matters and questions upon further examination:

(1) Whether the Plan effectuates compliance with the Commission's order of April 4, 1950, issued pursuant to section 11(b)(1) of the Act; and if not, in what respects the Plan should be modified.

(2) Whether the Plan is fair and equitable to the persons affected thereby; and, if not, in what respects the terms thereof should be modified to make it fair and equitable.

(3) Whether the securities proposed to be issued and sold, and the terms and conditions of their issuance and sale, meet the applicable provisions of the Act.

(4) Whether the acquisition by Blackstone of the bonds, 15-year notes, and common stock of Valley satisfies the applicable provisions of the Act.

(5) Whether the accounting entries to record the transactions under the Plan conform to sound accounting principles.

(6) Whether the proposed sale by Blackstone of the Valley bonds and 15-year notes should be excepted from the competitive bidding requirements of Rule 50 under the Act.

(7) Whether the Plan is in all respects in the public interest and in the interest of investors and consumers, and whether the proposed transactions comply in all respects with all applicable provisions of the Act and the rules and regulations thereunder.

*It is further ordered,* That at said hearing attention shall be given to such matters and questions, and to such other matters and questions as shall be specified during the proceeding.

*It is further ordered,* That notice of this hearing shall be given by registered mail to EUA, Blackstone, Valley, and to the Rhode Island Public Utility Administrator, that notice to all other persons shall be given by publication of this notice and order in the FEDERAL REGISTER; and that a general release of the Commission in respect of this notice and

order shall be distributed to the press and mailed to the persons appearing on the mailing list of the Commission for releases under the Act.

*It is further ordered,* that EUA shall give notice of the filing of the Plan and of the hearing by causing to be mailed, at its expense, a copy of this notice and order, at least 30 days prior to the date set for the hearing, to each of the public stockholders of Blackstone.

By the Commission.

### OHIO POWER CO.

#### Notice of Proposed Sales of Jointly-Used Poles to Nonaffiliated Company

APRIL 16, 1959.

Notice is hereby given that Ohio Power Company ("Ohio Power"), a public-utility subsidiary of American Electric Power Company, Inc. ("American"), a registered public-utility holding company, has filed a declaration and an amendment thereto with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating section 12(d) of the Act and Rule 44 promulgated thereunder as applicable to the proposed transactions which are described below:

Ohio Power proposes to make two sales to The Ohio Bell Telephone Company ("Ohio Bell"), a nonaffiliated company, of certain wood poles in places that are jointly used by Ohio Power and Ohio Bell. The first sale, which is expected to be consummated after April 15, 1959, involves 12,243 poles located in Ohio Bell's Southwest Exchange Area. The second sale, which is expected to be consummated on or about May 15, 1959, involves 6,085 poles located in Ohio Bell's Northeast Exchange Area. The selling price, determined by arm's-length bargaining on the basis of depreciated replacement cost, will be \$467,375.34 and \$235,132.55, respectively.

Ohio Power and Ohio Bell have made joint use of poles owned by them for many years. The desirability of the transactions proposed arises by reason of the fact that Ohio Power owns considerably more of these poles than does Ohio Bell. The purpose of the sales is to effect approximate equalization of investment in jointly-used poles and in the fees which each company pays to the other for the privilege of joint use. After these sales have been consummated, Ohio Power and Ohio Bell will continue to share the use of these poles as in the past.

The declaration states that no fees, commissions, or expenses are to be paid or incurred by Ohio Power, American, or any associate company in connection with the proposed transactions and that no State or Federal commission, other

than this Commission, has jurisdiction over said transactions.

Notice is further given that any interested person may, not later than May 4, 1959, at 5:30 p.m., request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said filing which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, the declaration, as amended or as it may be further amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

By the Commission.

Secretary.

### BEN HUR GOLD, INC.

#### Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

APRIL 16, 1959.

I. Ben Hur Gold, Inc. (issuer), an Idaho corporation, P.O. Box 2853, Boise, Idaho, filed with the Commission on March 12, 1959 a notification on Form 1-A and an offering circular relating to an offering of 200,000 shares of its 10 cents par value stock at 10 cents per share for an aggregate offering of \$20,000, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) and Regulation A promulgated thereunder.

II. The Commission has reason to believe that:

A. An exemption under Regulation A is not available pursuant to Rule 252(d) (2) in that the president of the issuer has been enjoined by courts of competent jurisdiction.

B. The terms and conditions of Regulation A have not been complied with, in that:

1. The notification on Form 1-A fails to disclose the names and addresses of the issuer's predecessors, as required by Item 2(a);

2. The notification on Form 1-A fails to set forth fully the information required by Items 5 and 9 as to the issuer's predecessors;

3. The issuer has failed to file copies of the governing instruments defining the rights of the 10 cents par value stock proposed to be offered, as required by Item 11(a) of Form 1-A.

C. The offering circular contains untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to:

1. The statements on page 5 concerning Earl Cedric Heffner, a director, a promoter, and the president of the issuer, and the failure to disclose fully and adequately his background and experience;

2. The statements on page 5 concerning William Alexander Hutton, a director of the issuer and its mining engineer, and the failure to disclose fully and adequately his background and experience;

3. The failure to disclose the insolvent condition of Good Hope Investors, Inc., an affiliate and predecessor of the issuer;

4. The failure to disclose the condition and value of the issuer's mining machinery;

5. The failure to disclose the material terms of the issuer's mining equipment contracts and liens, if any, on such equipment;

6. The failure to disclose adequately the contract terms for, the nature of the title to, and the royalties payable on The Windfall Property, The Millsite and Parker Placer, The Ben Hur Quartz Property, The Buffalo Quartz Property, and The Coy-Downing Humdinger No. 1 Quartz Claim;

7. The failure to disclose adequately the results of work upon the issuer's mining properties;

8. The statement on page 8 that "This property contains from 1,000 to 1,500 feet of Creek Bed Placer that we believe to be workable";

9. The statement on page 11 that "Values are in Lode Gold with quite a lot of Silver in places; our preliminary assays indicate a fairly good grade of rock and widths are also quite good; what lies underneath and beyond is a something we would all like to know".

10. The adequacy of the information given in the first paragraph on page 13, concerning assay results;

11. The failure to disclose adequately (a) Information about the type, condition, and capacity of the issuer's mill, and (b) The justification for the proposed expenditures on the issuer's mill in light of the amount of known ore;

12. The failure to set forth adequate financial statements properly reflecting the issuer's financial condition;

13. The failure to set forth appropriate financial statements for the issuer's predecessor;

14. The failure to disclose that there is no established market for the issuer's stock and that the offering price of the stock is an arbitrary figure.

D. The offering would be made in violation of section 17 of the Securities Act of 1933, as amended, in that in addition to the foregoing, among other things, statements are made implying the existence of commercial quantities of ore and successful mining operations.

It is ordered, Pursuant to Rule 261(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Reg-

ulation A be, and it is hereby, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing within thirty days after the entry of this order; that within twenty days after receipt of such request the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; that if no hearing is requested and none is ordered by the Commission, this order shall become permanent on the thirtieth day after its entry and shall remain in effect unless or until it is modified or vacated by the Commission; and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

Secretary.

#### MOTOR CARRIERS OF PASSENGERS

No. MC 1501 (Sub No. 162), filed March 23, 1959. Applicant: THE GREY-HOUND CORPORATION (A Delaware Corporation), 5600 Jarvis Avenue, Chicago 48, Ill. Applicant's attorney: Earl A. Bagby, 371 Market Street, San Francisco 5, Calif. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Passengers and their baggage, and express and newspapers* in the same vehicle with passengers, between the points and in both directions over the routes hereinafter set forth, serving all intermediate points.

B—Proposals: 1. *Proposed rerouting of segment of Route No. 8, serving Otter Rock, as shown on Sheet No. 60.* (1) (Present certificate sheet number is 55, but has been shown herein as Sheet No. 60 to agree with the applicable sheet number as proposed in pending Petition for Reconsolidation filed with the Commission on April 21, 1958, and with pending Form BMC-78 application, Docket No. MC 1501 (Sub No. 153), filed with the Commission on October 20, 1958.) Reroute a segment of Route No. 8 between a point just north of Otter Rock, herein referred to as North Otter Rock Junction, and a point just south of Otter Rock, herein referred to as South Otter Rock Junction, over U.S. Highway 101 to by-pass Otter Rock.

1.1 *Present Authorization:* (a) As shown in Fifth Revised Certificate: "8. Between Portland and the Oregon-California State line: From Portland over U.S. Highway 99 to junction U.S. Highway 99W (North Tigard), thence over U.S. Highway 99W to junction Oregon Highway 18 (McMinnville Junction), thence over Oregon Highway 18 to junction U.S. Highway 101 (Otis Junction), thence over U.S. Highway 101 to the Oregon-California State line. (Connects with California route 1.)" (b) As shown in Letter-Notice pursuant to Rule 49 C.F.R. 211.1, dated February 26, 1959, which revision has not, as yet, been shown in the certificate: "8. Between Portland and the Oregon-California State line: From Portland over U.S. Highway 99 to junction U.S. Highway 99W (North Tigard), thence over U.S. Highway 99W to junction Oregon Highway 18 (McMinnville Junction), thence over Oregon Highway 18 to junction U.S. Highway 101 (Otis Junction), thence over U.S. Highway 101 to junction unnumbered highway (North Otter Rock Junction), thence over unnumbered highway via Otter Rock to junction U.S. Highway 101 (South Otter Rock Junction), thence over U.S. Highway 101 to the Oregon-California State line. (Connects with California route 1.)" (c) As proposed in pending Form BMC-78 application, Docket No. MC-1501 (Sub-No. 153): "8. Between North Tigard and the Oregon-California State line: From junction U.S. Highway 99 and U.S. Highway 99W (North Tigard), over U.S. Highway 99W to junction Oregon Highway 18 (McMinnville Junction), thence over Oregon Highway 18 to junction U.S. Highway 101 (Otis Junction), thence over U.S. Highway 101 to the Oregon-California State line. (Connects with California route 1.)"

1.2 *Requested Certificate Revision:* Readopt Route No. 8 as shown in the Fifth Revised Certificate No. MC 1501 (Sub No. 138) in lieu of the route described in said letter-notice. Said Route No. 8 would accordingly be stated as of the current date, after including proposal in said pending application, Docket No. MC 1501 (Sub No. 153), as follows: "8. Between North Tigard and the Oregon-California State line: from junction U.S. Highway 99 and U.S. Highway 99W (North Tigard), over U.S. Highway 99W to junction Oregon Highway 18 (McMinnville Junction), thence over Oregon Highway 18 to junction U.S. Highway 101 (Otis Junction), thence over U.S. Highway 101 to the Oregon-California State line. (Connects with California route 1.)"

1.3 *Related Authorized Routes:* The proposed route over U.S. Highway 101 between North Otter Rock Junction and South Otter Rock Junction will constitute a segment of said Route No. 8 and, in effect, is a partial rerouting of said Route No. 8 between these points over relocated U.S. Highway 101 in lieu of the presently authorized route over former U.S. Highway 101 through Otter Rock, which highway is now an unnumbered highway. This segment of the proposed route connects with present Route No. 8 at each of its termini.

2. *Proposed revocation of authority to operate the segment of Route No. 8 through Otter Rock, shown on Sheet No. 60.* (1) (See Proposal 1, supra.)

2.1 *Present Authorization:* Same as stated in Proposal 1.1, supra.

2.2 *Requested Certificate Revision:* No change is proposed if Proposal 1, supra, is adopted. The reauthorization of Route No. 8 as of the current date as herein proposed will serve to eliminate the segment thereof through Otter Rock via former U.S. Highway 101, now an unnumbered highway. As shown, this proposal is to relocate Route No. 8 over relocated U.S. Highway 101 by-passing Otter Rock, thus revoking the route through Otter Rock.

2.3 *Related Authorized Routes:* This route is presently authorized as a segment of Route No. 8 and connects at each terminus with said Route No. 8.

3. *Proposed Revision of Route No. 14, Sheet No. 60.* (1) (See Proposal 1, supra.)

3.1 *Present Authorization:* (a) As shown in Fifth Revised Certificate: "14. Between Portland and the Oregon-California State line: from Portland over U.S. Highway 99E to Junction City, thence over U.S. Highway 99 to the Oregon-California State line. (Connects with California route 41.)" (b) As shown in Letter-Notice pursuant to Rule 49 C.F.R. 211.1, dated August 26, 1958, which revision has not, as yet, been shown in the certificate: "14. Between Portland and the Oregon-California State line: from Portland over U.S. Highway 99E to junction U.S. Highway 99 (North Salem Junction), thence over U.S. Highway 99 to junction Oregon Highway 231 (Goshen Junction), thence over Oregon Highway 231 to junction U.S. Highway 99 (Divide), thence over U.S. Highway 99 to junction Oregon Highway 38 (Comstock), thence over Oregon Highway 38 to Drain, thence over Oregon Highway 235 to junction U.S. Highway 99 (Yoncalla Junction), thence over U.S. Highway 99 to junction Oregon Highway 235 (Oakland Junction), thence over Business Route U.S. Highway 99 to junction Oregon Highway 42N (Shady Interchange), thence over Oregon Highway 42N to Winston, thence over unnumbered highway to junction U.S. Highway 99 (Booth Ranch), thence over U.S. Highway 99 to the Oregon-California State line. (Connects with California route 41.)" (c) As shown in Letter-Notice pursuant to Rule 49 C.F.R. 211.1, dated February 26, 1959, which revision has not, as yet, been shown in the certificate: "14. Between Portland and the Oregon-California State line: From Portland over U.S. Highway 99E to junction U.S. Highway 99 (North Salem Junction), thence over U.S. Highway 99 to junction Oregon Highway 231 (Goshen Junction), thence over Oregon Highway 231 to junction U.S. Highway 99 (Divide), thence over U.S. Highway 99 to junction Oregon Highway 38 (Comstock), thence over Oregon Highway 38 to Drain, thence over Oregon Highway 235 to junction U.S. Highway 99 (Yoncalla Junction), thence over U.S. Highway 99 to junction Oregon Highway 235 (Oakland Junction), thence over Oregon Highway 235 to Winchester, thence over Business Route U.S. Highway 99 to junction Oregon Highway 42N (Shady Interchange), thence over Oregon Highway 42N to Winston, thence over unnumbered highway to junction U.S. Highway 99 (Booth Ranch), thence over U.S. Highway 99 to junction unnumbered highway north of Myrtle Creek (Myrtle Creek Junction), thence over unnumbered highway to junction U.S. Highway 99 southwest of Tri City (Tri City Junction), thence over U.S. Highway 99 to junction unnumbered highway (Jump Off Joe Creek), thence over unnumbered highway to junction U.S. Highway 99 (Merlin Junction), thence over U.S. Highway 99 to the Oregon-California State line. (Connects with California route 41.)" (d) As proposed in pending Form BMC-78 application, Docket No. MC 1501 (Sub No. 153), filed October 20, 1958, wherein Sheet No. 55 of said certificate was shown as Sheet No. 60 to agree with applicable sheet number proposed in pending Petition for Reconsolidation filed April 21, 1958: "14. Between Portland and the Oregon-California State line: From Portland over U.S. Highway 99 to the Oregon-California State line. (Connects with California route 41.)"

3.2 *Requested Certificate Revision:* (a) Establish regular routes over relocated portions of U.S. Highway 99: (1) Between a point just north of Myrtle Creek, herein referred to as Myrtle Creek Junction, and a point southwest of Tri City, herein referred to as Tri City Junction; and (2) Between a point north of Pleasant Valley, herein referred to as Jump Off Joe Creek, and a point north of Grants Pass, herein referred to as Merlin Junction. (b) Redescribe Route No. 14 in the interest of simplification. The proposed regular routes to be authorized by establishing a new regular Route No. 14 entirely over U.S. Highway 99 between Portland and the Oregon-California State line, in lieu of the presently certificated regular Route No. 14 as modified by said letter-notices, which, after including the proposal of said application in Docket No. MC 1501 (Sub No. 153), would be shown on an appropriate revised Sheet No. 60 and which would read as follows: "14. Between Portland and the Oregon-California State line: From Portland over U.S. Highway 99 to the Oregon-California State line. (Connects with California route 41.)"

3.3 *Related Authorized routes:* The proposed route over U.S. Highway 99 will include the proposed segments of routes which, in effect, are partial reroutings of said present Route No. 14 over the relocated portions of U.S. Highway 99 in lieu of the presently authorized routes over former U.S. Highway 99 which are now unnumbered highways. These new segments connect with present Route No. 14 at each terminus.

4. *Proposed reauthorization of two segments of Route No. 14 to be shown on previously proposed Sheet No. 60A.* (This sheet proposed in Pending Form BMC-78 application, Docket No. MC 1501 (Sub No. 153), filed with the Commission on October 20, 1958, and was numbered therein to conform to proposal of

pending Petition for Reconsolidation, filed with the Commission on April 21, 1958, wherein it was proposed that present Sheet No. 55 be numbered as Sheet No. 60.)

4.1 *Present Authorization*: Same as is stated in Proposal 3.1, supra.

4.2 *Requested Certificate Revision*: If Proposal 3 is adopted, reauthorize the concerned segments of regular Route No. 14 to be numbered and shown on a Sheet No. 60A as follows: (Subject to adoption of relevant proposals in Form BMC-78 application, Docket No. MC 1501 (Sub No. 153), where Sheet No. 60A was originally proposed.) (a) "14G. Between Myrtle Creek Junction and Tri City Junction: From junction U.S. Highway 99 and unnumbered highway north of Myrtle Creek (Myrtle Creek Junction), over unnumbered highway via Myrtle Creek and Tri City to junction U.S. Highway 99 southwest of Tri City (Tri City Junction)." (b) "14H. Between Jump Off Joe Creek and Merlin Junction: From junction U.S. Highway 99 and unnumbered highway (Jump Off Joe Creek), over unnumbered highway via Pleasant Valley to junction U.S. Highway 99 (Merlin Junction)."

4.3 *Related Authorized Routes*: The proposed routes are presently authorized segments of regular Route No. 14 and, as proposed, will connect at each terminus with present Route No. 14 and with Route No. 14 as proposed to be revised in Proposal 3, supra. Applicant is authorized to conduct operations throughout the United States.

NOTE: The changes in operating authority hereinafter shown and explained are proposed to be incorporated in the designated revised sheets to said Certificate No. MC 1501 (Sub No. 138).

No. MC 1501 (Sub No. 163), filed April 13, 1959. Applicant: THE GREYHOUND CORPORATION, a Delaware Corporation, 5600 Jarvis Avenue, Chicago 48, Ill. Applicant's attorney: Earl A. Bagby, Market and Fremont Streets, San Francisco 5, Calif. *Proposals*: 1. *Proposed Addition of a Route No. 229*. Establish an additional regular route between the junction of U.S. Highway 101 and California Highway 15, and Long Beach, over California Highway 15.

1.1 *Present Authorization*: Not presently authorized.

1.2 *Requested Certificate Revision*: Pursuant to the foregoing, establish the following regular route: "229. Between Los Angeles and Long Beach: From Los Angeles over U.S. Highway 101 to junction California Highway 15 (Long Beach Freeway Junction), thence over California Highway 15 to Long Beach."

1.3 *Related Authorized Routes*: The proposed route connects with Routes Nos. 116, 201, 210, 230, 232, 257 and 258 at Los Angeles, and with Routes Nos. 218, 227, 230, and 231 at Long Beach. In order to

eliminate a duplication of routes, as hereinafter shown in Proposal 2, the northern terminus of presently authorized Route No. 233 is proposed to be changed from "Los Angeles" to "Long Beach Freeway Junction", connecting with the proposed route at the latter point.

2. *Proposed Revision of Route No. 233*. If Proposal 1, supra, is adopted, change the northern terminus of present Route No. 233 from "Los Angeles" to "Long Beach Freeway Junction", deleting that portion of present route between these points and revise the route description accordingly.

2.1 *Present Authorization*: "233. Between Los Angeles and Miraflores: From Los Angeles over U.S. Highway 101 to Miraflores. Service is not authorized at intermediate points except to and from Knott's Berry Farm Junction, La Palma Avenue Junction, and Disneyland Junction for purposes of joinder only."

2.2 *Requested Certificate Revision*: Pursuant to the foregoing, redescribe Route No. 233, as follows: "233. Between Long Beach Freeway Junction and Miraflores: From junction California Highway 15 and U.S. Highway 101 (Long Beach Freeway Junction), over U.S. Highway 101 to Miraflores. Service is not authorized at intermediate points, except to and from Knott's Berry Farm Junction, La Palma Avenue Junction, and Disneyland Junction for purposes of joinder only."

2.3 *Related Authorized Routes*: Route No. 233 as herein proposed to be redescribed connects with proposed Route No. 229 at Long Beach Freeway Junction and with authorized Route No. 232 at Miraflores as well as Route No. 233A at Knott's Berry Farm Junction and Route No. 233B at Disneyland Junction.

NOTE: Applicant states that the changes in operating authority shown above are proposed to be incorporated in a Third Revised Sheet No. 43 to Certificate No. MC 1501 Sub 138.
