## PART 937-NECTARINES GROWN IN CALIFORNIA

## Determination Relative to Expenses and Fixing of Rate of Assessment for 1959-60 Fiscal Period and Carryover of Unexpended Funds

Notice was published in the May 27. 1959, issue of the Federal Register ( 24 F.R. 4263) that consideration was being given to proposals regarding the expenses and the fixing of the rate of assessment for the fiscal period ending February 29, 1960, under the Marketing Agreement and Order No. 37 ( 7 CFR Part 937, regulating the handling of nectarines grown in California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). After consideration of all relevant matters presented including-the proposals set forth in such notice which were submitted by the Nectarine Administrative Committee (established pursuant to said marketing agreement and order), it is hereby found and determined that:
$\$ 937.202$ Expenses and rate of assessment for the 1959-60 fiscal period.
(a), Expenses. The expenses that are reasonable and likely to be incurred by the Nectarine Administrative Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, to enable such committee to perform its functions, in accordance with the provisions thereof, during the fiscal period beginning March 1, 1959, and ending February 29, 1960, will amount to \$112,000.
(b) Rate of assessment. The rate of assessment, which each handler who first handles nectarines shall pay as his pro rata share of the aforementioned expenses in accordance with the applicable provisions of said marketing agreement and order, is hereby fixed at four cents ( $\$ 0.04$ ) per standard lug box, or equivalent quantity of nectarines in other containers or in bulk so handled by such handler during such fiscal period.
(c) Reserve. Unexpended assessment funds, in excess of expenses incurred during the fiscal period ending February 29, 1960 , shall be carried over as a reserve in accordance with the applicable provisions of $\$ 937.42$ of said marketing agreement and order.

It is hereby further found that good cause exists for not postponing the effective time hereof until 30 days after publication in the Federal Register (5 U.S.C. 1001-1011) in that (1) shipments of nectarines are now being made; (2) the rate of assessment is applicable to all nectarines shipped during the aforementioned fiscal period; and (3) it is essential that the specification of assessment rate be issued immediately so as to enable the said Nectarine Administrative Committee to perform its duties and functions in accordance with said marketing agreement and order.

Terms used in the marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said marketing agreement and order, and "standard lug box" shall mean the No. 26 standard lug box set forth in section 828.4 of the Agricultural Code of California.

to effectuate the declared policy of the act.
(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication hereof in the Federal Register ( 60 Stat. 237; 5 U.S.C. 101 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in California and Arizona.

## Chapter Il-Civil Aeronautics Board <br> SUBCHAPTER B-ECONOMIC REGULATIONS [Reg. ER-272]

## PART 263-PARTICIPATION OF AIR CARRIER ASSOCIATIONS IN BOARD PROCEEDINGS

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 10th day of June 1959.

Rule 302.4 (b) of the procedural regulations provides that any document fled by a party to an economic proceeding before the Board may be signed by such party, its duly authorized officer, or its attorney-at-law of record without any further formality. The rule also permits documents to be signed "by any other person," but in such cases the rule requires that the reason therefor be stated and that such person's authority be shown.

Associations of air carriers have frequently filed documents signed by them on behalf of their members without complying with Rule 4 (b). Recently, documents which have failed to show compliance with Rule 4 (b) have been rejected. In one instance, an attorney employed on the full-time staff of an air carrier association purported to act as the attorney of record for certain member carriers as a means of showing compliance with Rule 4(b). The documents filed were also rejected by the Board. In
other cases, associations of air carriers have contended that their intended participation in Board proceedings was on their own behalf only and not on behalf of any of their members. There have also been situations where associations have submitted "association views" on matters affecting the conflicting interests of some of thier member carriers.

In view of the numerous problems which have arisen in connection with Rule 4 (b), the Board intends to clarify the proper scope of action of air carrier associations and their staffs in participating in proceedings before the Board. This problem affects both the Board's adjudicatory and rule-making functions.
The Board considers it necessary for the performance of its statutary duties that it should have access to, and the benefit of, the uninhibited expression of the candid views and positions of the individual air carriers. The regulatory scheme of the Act with its reliance on air carriers' enlightened economic selfinterest as a motive force in the development of an adequate air transportation system presupposes that each air carrier will feel entirely free to present to the Board its own position in any kind of proceeding in which it may participate. It is clear, therefore, that the interposition between an air carrier and the Board of an intermediary who may have an interest other than to present that carrier's position interferes with the Board's operations and the statutory scheme. Associations and their staff members as intermediaries are likely to be under this handicap whenever the membership of the association is not entirely of one mind on some issue involved in the proceeding. Moreover, there may be a conflict between the association's duties vis-a-vis various members and a suppression or glossing over of views which would otherwise have been expressed by individual air carriers, Attempts by air carrier associations to bring about a unified position of their members vis-a-vis other groups of air carriers or persons whose economic interest conflicts with that of association members appear prima facie to be contrary to antitrust principles.
The Board is therefore adopting Part 263 of its economic regulations to provide that associations of air carriers may participate in Board proceedings only if their articles of association contain provisions approved by the Board authorizing such participation and the Board upon motion or upon its own initiative grants leave therefor. Permission ordinarily will be granted (1) where the issues substantially affect the property or financial interests of the association as opposed to an interest derivative from its members, (2) where the association acts as a conduit to the Board of factual information gathered from the members, as distinguished from presentation of opinions or positions on issues. or (3) where the association represents certain named members at their request and a copy of a resolution authorizing such participation and signed by each such carrier is submitted to the Board, subject to subsequent challenge on the
ground that there is a significant diversity of interest or opinion between the members of the association. The Board does not construe provisions in articles of association which generally provide for the association's acting in the members' interest as authorizing the association to participate in Board proceedings.
This regulation is applicable only to those groups or associations which are subject to the provisions of section 412 of the Act. Thus it is not applicable to associations of pilots, aircraft owners, airport operators, aireraft manufacturers, and chambers of commerce. Nor is this regulation applicable to associations having air carrier members only of a class whose members are exempted from section 412 in dealing with one another. Any air carrier may, of course, participate in Board proceedings in which it has a legitimate interest and be represented by counsel or other person of its choice.
This regulation involves matters of agency procedure and practice and a statement of general policy, and the Board finds it to be in the public interest to remove existing uncertainty in this field by early promulgation of this regulation. Notice and public proceedings hereon are therefore not required and the regulation may be made effective upon publication in the Federal RegisT8R. The Board recognizes, however, that interested persons may desire to submit comments on this regulation and therefore will receive such comments if ten copies thereof are submitted to the Docket Section of the Civil Aeronautics Board, Washington 25, D.C., on or before July 16, 1959. The Board will reevaluate the regulation in the light of any comments so received.
Accordingly, the Civil Aeronautics Board hereby adopts Part 263 of the economic regulations to read as follows, effective June 16, 1959.
Sec.
263,1 Definitions.
263.2 Approyal of articles of association relating to participation in Board proceedings.
263.3 Leave for participation of air carrier associations in Board proceedings.
Adthority: $\$ \$ 263.1$ to 263.3 issued under sec. 204(a), 72 Stat. 743; 49 U.S.C. 1324. Interpret or apply sections 102,412 , and 1001 of the Federal Avlation Act of 1958, 72 Stat. 740 , 770,788 ; and section 3 (a) of the Administrative Procedure Act, 60 Stat. 238; 49 U.S.C. 1802, 1882, 1481; 5 U.S.C. 1002.

### 8263.1 Definitions.

For the purposes of this part, (a) Air carrier association means an association composed entirely or in part of air carriers which are not exempted from the provisions of section 412 of the Act-in respect of relationships between one
another.
(b) Board proceedings means any proceedings of the Board to which the Board's procedural regulations apply.
\$263.2 Approval of articles of association relating to participation in Board
proceedings. proceedings.
The Board considers it adverse to the public interest, and contrary to the
policy of the Federal Aviation Act, for an association created by agreement subject to approval under section 412 of the Act, its officers or employees, to participate in Board proceedings unless the articles of association contain provisions approved by the Board authorizing such participation, and the Board upon motion or upon its own initiative grants leave therefor. The Board therefore will approve only such provisions as provide for participation of the association in Board proceedings under the following circumstances:
(1) Where the issues substantially affect the property or financial interests of the association as oposed to an interest derivative from its members;
(2) Where the association acts as a conduit to the Board of factual information gathered from the members, as distinguished from presentation of opinions or positions on issues; or
(3) Where the association represents certain named members at their request and a copy of a resolution authorizing such participation and signed by each such carrier is submitted to the Board.
$\S 263.3$ Leave for participation of air
carrier associations in Board procarrier associations in Board proceedings.
An air carrier association, its officers or employees may participate in Board proceedings only if its articles of association or by-laws contain provisions approved by the Board under section 412 of the Act authorizing such participation, and if the Board upon motion or upon its own initiative grants leave therefor. Leave ordinarily will be granted under the following circumstances:
(1) Where the issues substantially affect the property or financial interests of the association as opposed to an interest derivative from its members. In passing on motions for formal intervention of associations of air carriers in economic adjudicatory proceedings under $\& 302.15$ of the procedural regulations, the Board will be guided by the provisions of this section;
(2) Where the association acts as a conduit to the Board of factual information gathered from the members, as distinguished from presentation of opinions or positions on issues; or
(3) Where the association represents certain named members at their request and a copy of a resolution authorizing such participation and signed by each such carrier is submitted to the Board: Provided, That upon motion of any interested person or upon its own initiative the Board may issue an order requiring the association to withdraw from the case on the ground of significant divergency of interest or position in respect of issues in the proceeding between the members represented and other members of the association.

## SUBCHAPTER C-PROCEDURAL REGULATIONS

## PART 301-RULES OF PRACTICE IN AIR SAFETY PROCEEDINGS

## Participation of Air Carrier Associations

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 10th day of June 1959.
Concurrently herewith the Board is promulgating a new Part 263 of its economic regulations. As stated in the preamble to Part 263 which hereby is incorporated herein, Part 263 lays down the rules for participation of "air carrier associations" as defined therein in proceedings before the Board.

Among the Board proceedings to which Part 263 is thus made applicable are the air safety proceedings regulated in this part. It appears to the Board that for the sake of clarity Part 263 should be cross-referenced in this part. The Board therefore is amending $\S 301.2$ Applicability of part, by adding a sentence calling attention to the provisions of Part 263.

Since this amendment merely inserts a cross-reference in a procedural regulation of the Board, notice and public procedure hereon are not required, and this amendment may be made effective immediately.
Accordingly, the Board hereby amends, effective June 16, 1959, § 301.2 of Part 301 of its procedural regulations by adding thereta a sentence to read as follows: "The provisions of Part 263 of the economic regulations are applicable to participation of air carrier associations in proceedings under this part."

## PART 302-RULES OF PRACTICE IN ECONOMIC PROCEEDINGS

## Participation of Air Carrier Associations

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 10th day of June 1959.

Concurrently herewith the Board is promulgating a new Part 263 of its economic regulations. As stated in the preamble to Part 263 which hereby is incorporated herein, Part 263 lays down the rules for participation of "air carrier associations" as defined therein in proceedings before the Board.

Among the Board proceedings to which Part 263 is thus made applicable are the economic proceedings regulated in this part. It appears to the Board that for the sake of clarity Part 263 should be
cross-referenced in this part. The Board therefore is amending $\$ 302.1$ Application and description, by adding a sentence calling attention to the provisions of Part 263.
Since this amendment merely inserts a cross reference in a procedural regulation of the Board, notice and public procedure hereon are not required, and this amendment may be made effective immediately.

Accordingly, the Board hereby amends, effective June 16, 1959, $\$ 302.1$ of Part 302 of its procedural regulations by inserting a sentence following the first sentence of paragraph (a) of said section, and amending the next following sentence, to read as follows: "The provisions of Part 263 of the economic regulations are applicable to participation of air carrier associations in proceedings under this part. However, there are exceptions to the applicability of this part with respect to two classes of proceedings: * * *"
(Sec. 204 (a) , 72 Stat. 743; 49 U.S.C. 1324. Interpret or apply sec. 1001, 72 Stat. 788; 49 U.S.C. 1481)

In the Matter of Malvin \& Shafran, Inc., a Corporation, and Myron H. Malvin, and Abraham Shafran, Individually and as Officers of Said Corporation
This proceeding was heard by a hearing examiner on the complaint of the Commission charging a Los Angeles furrier with violating the Fur Products Labeling Act by failing to comply with invoicing requirements, by advertising in letters to a customer which represented prices of fur products as reduced from purported regular prices which were in fact fictitious, and by failing to maintain adequate records as a basis for such pricing claims.

The order to cease and desist is as follows:

It is ordered, That Malvin \& Shafran, Inc., a corporation, and its officers, and Myron H. Malvin and Abraham Shafran, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction into commerce, or the sale, advertising, or offering for sale, in commerce, or the transportation or distribution, in commerce, of fur products, or in connection with the manufacturing for sale, sale, advertising, offering for sale, transportation, or distribution of fur products which are made in whole or in part of fur which has been shipped and received in commerce, as "commerce", "fur" and "fur product" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

1-16.201-3 Procurements in excess of $\$ 2,500$.
1-16.201-4 Legal effect of quotations.
1-16.201-5 Reproduction and avallablity of form.
Subpart 1-16.2-Forms for Negotiated Supply Contracts
§ 1-16.200 Scope of subpart.
This subpart prescribes forms for use in procuring supplies or services (excluding construction) by negotiation. Illustrations of these forms are contained in Subpart 1-16.9.
§ 1-16.201 Request for Quotations (Standard Form 18).
§ 1-16.201-1 Form prescribed.
Standard Form 18 (for illustration of form, see section 1-16.901-18) is prescribed to obtain price, delivery, and related information from suppliers in accordance with this section. Standard Form 36 (Continuation Sheet) may be used with the Request for Quotations form when additional space is needed.
\& 1-16.201-2 Small procurements ( $\$ 2,500$ or less).
When written quotations are solicited for small purchases ( $\$ 2,500$ or less) pursuant to section 1-3.603-1 (d), Standard Form 18 shall be used, except in special cases where, for cogent reasons, agency needs require that firm offers be obtained. § 1-16.201-3 Procurement in excess of \$2,500.
Standard Form 18 is authorized for use in negotiated procurements in excess of $\$ 2,500$ where a written, informational quotation is desired. The form is particularly usable where it appears reasonably certain that the procurement will be consummated by (a) a fixed-price contract involving extensive negotiation, or (b) a cost reimbursement type contract. The form may also be used, where appropriate, to obtain price information for planning purposes in either negotiated or advertised procurements, pursuant to section 1-1.314.
§ 1-16.201-4 Legal effect of quotation.
(a) A quotation submitted on Standard Form 18 is informational in character and is not to be construed as a legal offer which can be accepted by the Government to form a binding contract. Accordingly, issuance by the Government of a purchase order (or other document) pursuant to a supplier's quota-
tion on Standard Form 18 does not constitute acceptance.
(b) Such purchase order is legally an offer by the Government to the supplier to buy certain goods or services upon specified terms and conditions. A contract comes into being when the supplier accepts the offer. Where appropriate, the supplier should be requested to indicate acceptance of the purchase order by notification to the Government, preferably in writing. In other circumstances, the supplier may indicate acceptance by furnishing the supplies or services ordered or by proceeding with the work to the point where substantial performance has occurred in lieu of notification to the Government.
(c) Under the procedure of obtaining a quotation and issuing a purchase order, the Government may, at any time before acceptance occurs, withdraw, amend, or cancel its offer, and thereby minimize disputes and administrative costs. In such cases, a written notice should be given the supplier. Since substantial
performance by the supplier may constitute an acceptance of the purchase order, a notice of its cancellation should not be issued on the assumption that the Government is not liable. Nonacceptance in fact should be verified.
§ 1-16.201-5 Reproduction and availability of forms.
Standard Form 18 is available from GSA stores depots in cut sheets and dieimpressed stencils. Special printings of the form to omit the vertical lines (for listing of supplies and services, unit, etc.) is authorized. Also, the use of offset and hectograph masters, and make-up in carbon-interleaved pads or sets, is authorized.

## Subpart 1-16.9-Illustrations of Forms

Add new section 1-16.901-18, to read as follows:
§ 1-16.901-18 Standard Form 18: Request for Quotations.

Effective date. Subpart 1-16.2 and section 1-16.901-18 are effective December 1, 1959. However, Standard Form 18 and related procedures may be put into effect as soon as the form is available.

9. The failure to disclose adequately the purposes for which the net cash proceeds to the Company from the sale of the securities are to be used and the amount to be used for each such purpose, indicating in what order of priority the proceeds will be used for the respective purposes;
C. The offering is being and would be made in violation of section 17 of the Securities Act of 1933, as amended.
