PROCLAMATION 3353
COPYRIGHT EXTENSION: AUSTRIA

By the President of the United States of America

A Proclamation

WHEREAS the President is authorized, in accordance with the conditions prescribed in section 9 of title 17 of the United States Code, which includes the provisions of the act of Congress, approved March 4, 1909, 35 Stat. 1075, as amended by the act of September 25, 1941, 55 Stat. 732, to grant an extension of time for fulfillment of the conditions and formalities prescribed by the copyright laws of the United States of America, with respect to works first produced or published outside the United States of America and subject to copyright or to renewal of copyright under the laws of the United States of America, by nationals of countries which accord substantially equal treatment to citizens of the United States of America; and

WHEREAS satisfactory official assurances have been received that since December 14, 1907, citizens of the United States have been entitled to obtain copyright protection for their works in Austria on substantially the same basis as citizens of Austria without the need of complying with any formalities, provided such works secured protection in the United States; and

WHEREAS, by virtue of a proclamation by the President of the United States of America, dated April 9, 1910, 36 Stat. 2685, citizens of Austria are, and since July 1, 1909, have been, entitled to the benefits of the aforementioned act of March 4, 1909, other than the benefits of section 1(e) of that act; and

WHEREAS, by virtue of a proclamation by the President of the United States of America, dated March 11, 1925, 44 Stat. 2571, the citizens of Austria are, and since August 1, 1920, have been, entitled to the benefits of section 1(e) of the aforementioned act of March 4, 1909;

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, under and by virtue of the authority vested in me by the aforesaid title 17, do declare and proclaim:

That with respect to (1) works of citizens of Austria which were first produced or published outside the United States of America on or after March 13, 1938 and prior to July 27, 1956, and subject to copyright under the laws of the United States of America, and (2) works of citizens of Austria subject to renewal of copyright under the laws of the United States of America on or after March 13, 1938 and prior to July 27, 1956, there has existed during several years of the aforementioned period such disruption or suspension of facilities essential to compliance with the conditions and formalities prescribed with respect to such works by the copyright laws of the United States of America as to bring such works within the terms of the aforesaid title 17, and that, accordingly, the time within which compliance with such conditions and formalities may take place is hereby extended with respect to such works for one year after the date of this proclamation.

It shall be understood that the term of copyright in any case is not and cannot be altered or affected by this proclamation, and that, as provided by the aforesaid title 17, no liability shall attach under that title for lawful uses made or acts done prior to the effective date of this proclamation in connection with the above-described works, or with respect to the continuation for one year subsequent to such date of any business undertaking or enterprise lawfully entered into prior to such date involving expenditure or contractual obligation in connection with the exploitation, production, reproduction, circulation, or performance of any such work.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this fifteenth day of June in the year of our Lord nineteen hundred and sixty, and of the Independence of the United States of America the one hundred and eighty-fourth.

Dwight D. Eisenhower

By the President:

Douglas Dillon,
Acting Secretary of State.

[FR Doc. 60-5633; Filed June 15, 1960; 11:23 a.m.]
Chapter I—Civil Service Commission
PART 26—EMPLOYMENT WITH PUBLIC INTERNATIONAL ORGANIZATIONS
Retirement, Group Health Benefits and Insurance

Section 26.110 is amended as set out below.

§ 26.110 Retirement, group health benefits, and insurance.

(a) Group health benefits. An employee who transfers or has transferred under the Act and these regulations is entitled to enroll or to continue his enrollment in a health benefits plan provided by the Federal Employees Health Benefits Act of 1959 and Part 89 of the regulations in this chapter. This entitlement shall continue throughout the period provided by section 4(d) of the Act, including the reemployment period described in that section, and shall be subject to the provisions of Part 89 of the regulations in this chapter. For purposes of exercising this entitlement, a transferring employee shall be considered an employee of the United States. Provisions of the Act that relate to retirement and insurance shall also be applied to group health benefits so as to assure transferring employees of the benefits provided by the Federal Employees Health Benefits Act of 1959.

(b) Agency and employee action. At the time of consent to an employee's transfer, the agency shall notify the employee in writing that he will retain coverage with resulting rights and benefits under the retirement, group health benefits, and insurance systems only if (1) employee payments made by him and (2) agency contributions made by him, by the agency, or by the international organization are currently depoisted in the respective funds. The written notice shall state whether the agency contributions will be paid by the agency. The employee shall in writing acknowledge receipt of notice and state whether he wishes to retain his Federal retirement, group health benefits, and/or life insurance by continuing all required payments.

(c) Agency responsibility. Except that it shall not be mandatory that the agency continue to use its appropriations to make agency retirement, group health benefits, and insurance contributions for the employee during his absence, each transferred employee shall, for retirement, group health benefits, and insurance purposes, be considered to remain an employee of the agency from which transferred. Accordingly, the agency shall be responsible for determining the applicable rate of compensation in accordance with the provisions of section 4(c) of the Act, for acting as employing office under Part 89 of the regulations in this chapter, and for collecting, accounting for, and depositing in the respective funds all retirement, group health benefits, and insurance employee payments and agency contributions required to be made for the purpose of continuing the employee's Federal retirement as if transferred. This responsibility includes furnishing the employee and/or the international organization, when appropriate, with specific information as to payments and contributions and the amounts and contributions shall be submitted.

(d) Coverage. Employee payments and agency contributions shall be considered as currently deposited if received by the agency within one month after the end of the pay period covered thereby. Failure to currently deposit such payments and contributions shall terminate a transferred employee's retirement, group health benefits, and insurance coverage on the last day of the pay period for which payments and contributions were currently deposited, subject to a 31-day extension of life insurance and group health benefits coverage (as provided in §§ 37.5(c) and 89.8 of this chapter) and to the version benefits provided in §§ 37.5(g) and 89.11 of this chapter. Coverage so terminated may not attach again before the employee actually enters on duty on his first day in a pay status in an agency. However, terminated Civil Service Retirement and Insurance Act, Federal Employees Health Benefits Act of 1959, and Life Insurance Act coverage will be reinstated retroactively when, in the judgment of the Commission, the failure to make the required current deposit was due to circumstances beyond the control of the employee and the required payments and contributions were deposited at the first opportunity; and coverage under any other retirement system shall be reinstated retroactively if the agency which administers the retirement system determines that the failure to make the required current deposit was due to circumstances beyond the control of the employee and the required payments and contributions were deposited at the first opportunity.

Title 13—BUSINESS CREDIT AND ASSISTANCE
Chapter I—Small Business Administration
PART 107—SMALL BUSINESS INVESTMENT COMPANIES
Miscellaneous Amendments

There was published in the Federal Register on February 20, 1960 (25 F.R. 1528) a proposal to amend § 107.302-1, relating to initial capital and surplus of small business investment companies; § 107.303-3, relating to SBA operating loans to Licensers by restricting the use of proceeds derived from the sale of subordinated debentures and loans made under section 303(b) of the Act, to the financing of enterprises other than those of small business concern; § 107.303-9, modifying paragraph (d) thereof relating to the use outside the States of funds provided by Licensers to small business concerns; and adding a new paragraph (e) prohibiting Licensers from providing small business concerns with funds to be used for the financing of land speculations. A notice of extension of time within which comments would be received was published in the Federal Register on April 5, 1960 (25 F.R. 1328) and the interested persons were given an opportunity to present their comments or suggestions pertaining thereto, to the Investment Division, Small Business Administration, Washington 25, D.C., within 60 days after the date of publication of the notice in the Federal Register. After consideration of all such relevant matter as was presented by interested persons regarding the proposed amendment, the amendment of regulations as so proposed, with changes resulting from such consideration, with the exception noted below, is hereby adopted in part.

Included in the Notice of Proposed Rule Making dated February 20, 1960, there was a proposal to amend § 107.302-3 which would permit small business investment companies to issue stock for considerations other than cash and to grant stock options. This section was subject to considerable comment and since it is intended to change the proposed materially it will be republished for further comment in the Federal Register under a Notice of Proposed Rule Making.

Because of the necessity for promptly applying the proposed procedures to the
§ 107.303—3 Purpose and loan requirements.

(b) The proceeds of any loan obtained by Licensee under the provisions of section 303(b) of the Act may be used to provide equity capital and make long-term loans to small business concerns: Provided, however, That Licensee cannot use such proceeds for investments and loans involving enterprises which do not derive a substantial portion of their gross income from the sale of alcoholic beverages and accordingly within 30 days after the disbursement of any funds to Licensee under authority of section 303(a) of the Act, and thereafter during the period in which any such subordinated debentures remain unpaid, the Licensee shall maintain assets consisting of cash, eligible Government obligations, and portfolio investments which do not derive a substantial portion of their gross income from the sale of alcoholic beverages (exclusive of all investments and loans already in the Licensee's portfolio at the time that the proceeds of such subordinated debentures were disbursed), equal in face value to no less than the unpaid principal of such subordinated debentures.

2. Designating the present text of § 107.303–3 as paragraph (a) and adding at the end of the following new paragraph (b) which reads as follows:

§ 107.303–3 Purpose and loan requirements.

(b) The proceeds of any loan obtained by Licensee under the provisions of section 303(b) of the Act may be used to provide equity capital and make long-term loans to small business concerns: Provided, however, That Licensee cannot use such proceeds for investments and loans involving enterprises which do not derive a substantial portion of their gross income from the sale of alcoholic beverages and accordingly within 30 days after the disbursement of any funds to Licensee under authority of section 303(a) of the Act, and thereafter during the period in which any such subordinated debentures were disbursed, equal in face value to no less than the unpaid principal of such subordinated debentures.

3. Adding at the end of § 107.308–7 the following new paragraph (d) which reads as follows:

§ 107.308–7 Activities of Licensee.

(d) Every Licensee which obtains investment advisory services or management services on a continuing basis, performed for, or supplied to such Licensee by any person or other entity other than the directors, officers or employees in their capacities as such, shall contract in writing for such services and such written contract shall specifically:

(1) Describe such services;
(2) Describe all compensation to be paid thereunder;
(3) State the duration of the contract;
(4) Provide for its termination by the Licensee, without penalty, on not more than 60 days' written notice;
(5) Provide for its automatic termination in the event of its assignment by the person performing the services.

4. Deleting the period at the end of paragraph (d) of § 107.308–9, substituting a colon therefor, and adding the following: "Provided, however, That a Licensee may provide funds to a small business concern which is subject to State or Federal jurisdiction, (1) for use in the domestic production of products or distribution of products which are abroad materials for such operation or (2) for use in its branch operations abroad or for transfer to its controlled foreign subsidiary in exchange for further equity interest in or the monetary obligation of such foreign subsidiary; so long as the major portion of the assets and activities of such concern, after funds are so employed, remains within the territorial jurisdiction of the United States." As amended, § 107.308–9(d) reads as follows:

§ 107.308–9 Prohibited uses.

(2) Use outside the States herein defined: Provided, however, That a Licensee may provide funds to a small business concern which is subject to State or Federal jurisdiction, (1) for use in the domestic production of products or distribution of products which are abroad materials for such operation or (2) for use in its branch operations abroad or for transfer to its controlled foreign subsidiary in exchange for further equity interest in or the monetary obligation of such foreign subsidiary; so long as the major portion of the assets and activities of such concern, after funds are so employed, remains within the territorial jurisdiction of the United States.

5. Adding at the end of § 107.308–9 the following new paragraph (e), which reads as follows:

§ 107.308–9 Prohibited uses.

(e) Financing land speculations of small business concerns: Provided, however, That small business concerns may use funds for the acquisition and prompt development of land.

Dated: June 9, 1960.

PHIL McCALLUM, Administrator.

[P.D. 36–5498; Filed, June 18, 1960; 8:48 a.m.]

[Amend 2]

PART 108—LOANS TO STATE AND LOCAL DEVELOPMENT COMPANIES

Section 501 Loans

The Loans to State and Local Development Companies Regulation (23 F.R. 10511) as amended (25 F.R. 1398) is hereby further amended by deleting § 108.501–1 in its entirety and substituting the following new § 108.501–1 in lieu thereof:

§ 108.501–1 Section 501 loans.

(a) Participation. To insure participation of private financing sources, the State development company shall agree, unless otherwise modified by SBA, that within 30 days after disbursement of the loan and thereafter during the period in which the loan, or any part thereof, remains unpaid, it will maintain portfolio investments or loans, or both, meeting the requirements of paragraph (e) of this section, having a stated outstanding principal value equal to no less than 133 1/3 percent of the unpaid principal of the loan. Deviation from this ratio will be permitted during intervals between repayment or other disposal of such investments or loans and the prompt reinvestment of funds resulting from such repayment or disposal.

(b) Loan amount. Subject to the limitation contained in section 501(b) of the Small Business Investment Act of 1958, a loan authorized under this au-
RULES AND REGULATIONS

authority shall be in such amount as determined by SBA to be consistent with sound business practice.

(c) Repayment of loan. A section 501 loan shall not be made for a term longer than 20 years. Payment of all or any part of a loan may be anticipated without interest. Such proceeds may be used to acquire abroad materials for such operation or (b) for use in its branch operations abroad or for transfer to its controlled foreign subsidiary in exchange for further equity interest in or the monetary obligation of such foreign subsidiary; so long as the major portion of the assets and activities of such concern, after funds are so employed, remains within the territorial jurisdiction of the United States.

(f) Firm commitment. A firm commitment may be given by SBA for a period of one year subject to the payment of a commitment fee computed on the basis of one per cent per annum, beginning with the first day after the first 30 days following the date of the Note.

The foregoing amendment is effective upon publication in the Federal Register.

Dated: June 9, 1960.

PHILIP MCCALLUM, Administrator.

[FR Doc. 60-5497; Filed, June 15, 1960; 8:45 a.m.]

Title 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans Administration

PART 17—MEDICAL

Invalid Lifts

In Part 17, §17.117 is added to read as follows:

§ 17.117 Invalid lifts.

Upon request, an invalid lift of approved type may be furnished or loaned to outpatients, hospital patients at time of discharge from hospitalization, or domiciliary members at time of discharge from domiciliation, when determined feasible and medically held needed for:

(a) A service-connected disability which results in the loss or loss of use of both lower extremities, combined with the loss or loss of use of at least one upper extremity to the extent that the patient is medically determined incapable of moving himself from bed to wheelchair, or vice versa, without being lifted bodily by an attendant.

(b) An associated condition, not attributed to military service, but held to be aggravating the disability from a service-connected disease or injury (adjunct treatment), subject to the same conditions as in paragraph (a) of this section.

(c) Effective on and after July 1, 1960, a non-service-connected disability subject to the same conditions as in paragraph (a) of this section.

[FR Doc. 60-5477; Filed, June 15, 1960; 8:45 a.m.]

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 1001—LIMES GROWN IN FLORIDA

Expenses and Fixing of Rate of Assessment for 1960–61 Fiscal Year

Notice was published in the May 24, 1960, issue of the Federal Register (25 F.R. 4557), that consideration was being given to proposals regarding the expenses and the fixation of the rate of assessment for the 1960–61 fiscal year under the marketing agreement, as amended, and Order No. 101, as amended (7 CFR Part 1001), regulating the handling of limes grown in Florida, effective April 1, 1960, and ending March 31, 1961.

After consideration of all relevant matters presented, including the proposals set forth in such notice which were submitted by the Florida Lime Administrative Committee, established pursuant to the aforesaid amended marketing agreement and order, it is hereby found and determined that:

§ 1001.207 Expenses and rate of assessment for the 1960–61 fiscal year.

(a) Expenses: The expenses that are reasonable and likely to be incurred by the Florida Lime Administrative Committee, established pursuant to the provisions of said amended marketing agreement and order, for the maintenance and functioning of such committee, in accordance with the provisions thereof, during the fiscal year beginning April 1, 1960, and ending March 31, 1961, will amount to $6,900.00.

(b) Rate of assessment: The rate of assessment which each handler who first handles limes shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said amended marketing agreement and order is hereby fixed at four cents per hundredweight of limes handled by such handler during the 1960–61 fiscal year.

(c) Terms used in the said amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order.

The provisions hereof shall become effective 30 days after publication in the Federal Register.

Issued in Washington, D.C., on June 9, 1960.

D. D. Thomas, Director, Bureau of Air Traffic Management.
In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (24 F.R. 4530), § 601.2332 (24 F.R. 10897) is amended to read:

§ 601.2332 Beaumont, Tex., control zone.

Within a 5-mile radius of the geographical center of the Jefferson County Airport (latitude 29°57’06’’ N., longitude 94°01’10” W.), within 2 miles either side of the Beaumont VOR extending from the 5-mile radius zone to the Beaumont VOR, within 2 miles either side of the Beaumont ILS localizer NW course extending from the 5-mile radius zone to the LOM, and within 2 miles either side of the Beaumont ILS localizer SE course extending from the 5-mile radius zone to a point 10 miles SE of the airport.

This amendment shall become effective 0001 e.s.t. August 25, 1960.

Issued in Washington, D.C., on June 9, 1960.

D. D. THOMAS,
Director, Bureau of
Air Traffic Management.

[F.R. Doc. 60–5473; Filed, June 15, 1960; 8:45 a.m.]

Airspace Docket No. 59–FW–93

PART 601—DESIGNATION OF THE CONTINENTAL CONTROL AREA, CONTROL AREAS, CONTROL ZONES, REPORTING POINTS, AND POSITIVE CONTROL ROUTE SEGMENTS

Modification of Control Zone

On December 29, 1959, a notice of proposed rule making was published in the Federal Register (24 F.R. 10916) stating that the Federal Aviation Agency was considering an amendment to § 601.2340 of the regulations of the Administrator which would modify the Sanford, Fla., control zone.

As stated in the notice, the Sanford control zone is presently designated within a 5-mile radius of the Naval Auxiliary Air Station, Sanford, Fla., within 2 miles either side of a 270° bearing extending from the Sanford Naval nondirectional radio beacon to a point 10 miles west, and within 2 miles either side of a 190° bearing extending from the Sanford Navy nondirectional radio beacon to the Orlando, Fla., control zone. The control zone extension to the south was formerly used for instrument approaches to the Sanford Naval NAAS, based on the Orlando low frequency radio range. The Orlando radio range has been decommissioned, and it is no longer necessary to retain the extension to the south.

The amendment shall become effective 0001 e.s.t. August 25, 1960.

Issued in Washington, D.C., on June 9, 1960.

D. D. THOMAS,
Director, Bureau of
Air Traffic Management.

[F.R. Doc. 60–5474; Filed, June 15, 1960; 8:45 a.m.]
MISCELLANEOUS ALTERNATIONS

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or canceled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedure hereon are impracticable, and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR Part 609) is amended as follows:

1. The low or medium frequency range procedures prescribed in § 609.100(a) are amended to read in part:

**LFR STANDARD INSTRUMENT APPROACH PROCEDURE**

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Radar terminal area transition altitude: All directions—within 25 mi, 2000'; Rwy E of NE/SW crs LaGuardia LFR within 15 mi, 1500'. Procedure turn East side of VFR esa, 045° Outbound, 225° Inbound, 1500' within 10 mi of O.M. (Nonstandard to avoid LGA traffic.)

Minimum altitude at glide slope int inbound, 1900'.

Altitude of glide slope and distance to approach end of Rwy at OM, 1514'—5.5 ml; at MM, 199'—0.6 ml.

If visual contact not established upon descent to authorized landing minimums or if landing not accomplished, climb to 1000' on SW crs LFR and proceed to Scotland MHW (Int.). After Scotland, climb to 1900'. Hold SW of Scotland MHW (Int.) one minute, right turns. Contact IDL approach control for further instructions.

**CAUTION:** Circling minimums do not provide standard clearance over the following obstructions: 20' stack 278' 5384.

**CAUTION:** For a visual approach terminal area, a missed approach shall be executed as provided below when

1. The radar procedures prescribed in § 609.500 are amended to read in part:

**Radar Standard Instrument Approach Procedure**

### Bearsings, headings, courses and radials are magnetic.

Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visual minimums which are in statute miles.

If a radar instrument approach is conducted at the above named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes.

Minimum altitude(s) shall correspond with those established for an operation in the particular area or as set forth below. Positive identification must be established with the radar controller. From initial contact with radar to final authorized landing minimums, the instructions of the radar controller are mandatory except when a visual contact is established on final approach at or before descent to the authorized landing minimums, or when the pilot's discretion if it appears desirable to discontinue the approach, except when the radar controller may direct otherwise prior to final approach, a missed approach shall be executed as provided below when

7. These procedures shall become effective on the dates indicated on the procedures.

(Secs. 313(a), 307(c), 72 Stat. 752, 749; 49 U.S.C. 1354(a), 1348(c))

Issued in Washington, D.C., on June 7, 1960.

B. PUTNAM,

**Acting Director, Bureau of Flight Standards.**

(P.R. Doc. 60-5303; Filed, June 15, 1960; 8:45 a.m.)
H. Robert Agne, and W. H. Van Vliet, as officers of said corporation, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of cutlery, stainless steel tableware, or any other products in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from offering for sale or selling packaged merchandise made in Japan, or in any other foreign country without (a) as to merchandise marked as to the country or countries of origin, indicating upon the package thereof that some of the contents originated in a stated foreign country or countries and that such items are marked as to the country or countries of origin, and (b) as to merchandise not marked as to the country or countries of origin, indicating upon the package thereof the country or countries of origin.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents, Utica Cutlery Company, a corporation, and Albert Edward Allen, individually and as an officer of said corporation, and Walter Joseph Matt, H. Robert Agne, and W. H. Van Vliet, as officers of said corporation, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: April 1, 1960.

By the Commission.

PART 24—CUSTOMS FINANCIAL AND ACCOUNTING PROCEDURE

Charge for Monthly Supplement to "Merchant Vessels of the United States"

It has been determined that a charge should be imposed for the Monthly Supplement to "Merchant Vessels of the United States." Subscriptions shall be addressed to the Bureau of Customs and shall be accompanied by a remittance in the following form:

Notice of the proposed issuance of the foregoing amendment was published in the Federal Register on April 28, 1960 (25 F.R. 3579), and views or arguments pertaining to the proposed amendment were received.

The above amendment shall become effective with and shall be applicable to the publication of the Monthly Supplement dated July 1, 1960, issued on or about July 25, 1960.

[US Customs Commissioner]

Title 29—LABOR

PART 671—COMMUNICATIONS, UTILITIES, AND TRANSPORTATION INDUSTRY IN PUERTO RICO

Wage Order Giving Effect to Recommendations

Pursuant to section 5 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1062, as amended; 29 U.S.C. 205), the Secretary of Labor by Administrative Order No. 531 (25 F.R. 3176), as amended by Administrative Order No. 532 (25 F.R. 4299), appointed and convened Industry Committee No. 47-B and referred to it and duly noticed a hearing on the question of the minimum wage rates or rates to be paid under section 6(c) of the Act to employees in the communications, utilities, and transportation industry in Puerto Rico as defined in Administrative Order No. 531, who are engaged in commerce or in the production of goods for commerce. There was not referred to the committee the wage rate fixed for the general classification of the industry (25 F.R. 4956), which had reached the objective of the minimum wage prescribed in paragraph (1) of section 6(a) of the Act.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the committee filed with the Administrator a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1054, as amended; 29 U.S.C. 208), Reorganization Plan No. 6 of 1950 (64 Stat. 1283; 3 CFR, 1950 Supp., p. 165), General Order No. 45-A (15 F.R. 3290) of the Secretary of Labor, the recommendations of the committee are hereby published in this order amending 29 CFR Part 671, effective July 2, 1960, to read as follows:

Sec. 671.1 Definition.

Sec. 671.2 Wage rates.

§ 671.1 Definition.

The communications, utilities, and transportation industry in Puerto Rico, to which this part shall apply, is defined as the industry carried on by any wire or radio system of communication, or by messenger service; by any concerns engaged in the production and distribution of gas, electricity, or steam, the distribution of water, or the operation of sanitation facilities; and by any concern engaged in transporting passengers by air, rail, motor vehicle, pipeline, or other means, or in related activities, including the operation of travel bureaus and ticket agencies, stevedoring, consolidating, forwarding, crating, and boxing; Provided, however, That the industry shall not include railroad transportation activities carried on by a producer of raw sugar, cane juice, molasses, refined sugar, or any concern producing by-products (or by any firm owned or controlled by or owning and controlling such producer, or by any firm owned or controlled by the parent company of such producer), where the railroad transportation activities are in whole or in part used for the production or shipment of these products, and any transportation activities performed by a producer of these products in connection with the production or shipment of such products by such producer.

§ 671.2 Wage rates.

(a) Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employee to each of his employees in the communications, utilities, and transportation industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the radio broadcasting classification of that industry, which is defined as consisting of the operations carried on by any firm engaged in radio broadcasting in Puerto Rico.

(b) Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the communications, utilities, and transportation industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the motor carrier transport and express classification of that industry, which is defined as consisting of the work or operations performed by drivers or operators of all motor vehicles, including forklift trucks; mechanics, body repairmen, solders, etc.
Title 32—NATIONAL DEFENSE
Chapter V—Department of the Army
SUBCHAPTER E—ORGANIZED RESERVES
PART 562—RESERVE OFFICERS’ TRAINING CORPS

Miscellaneous Amendments

1. The title "professor of military science and tactics," (PMS), is changed to "professor of military science," (PMS), wherever it appears in this part.

2. Revise paragraphs (c) and (d) in § 562.18, and in § 562.21 revise paragraph (a), as follows:

§ 562.18 Ineligibles.

1. A student who was convicted by a court-martial for service(s) other than minor traffic violations (for which a fine or forfeiture of $50 or less was imposed) until a waiver is granted. Waivers are not required for disciplinary actions in connection with the provisions of Article of War 104 or Article 15, Uniform Code of Military Justice. In requesting waivers, the student must list all convictions whether by military or civil courts. Each request must be accompanied by an affidavit setting forth the circumstances, including court actions, of the convictions reported.

1. The major commanders may grant waivers for convictions of offenses under military or civil codes.

2. The offense is not a felony;

3. The offense is not a felony;

4. The offense is not a felony;

5. The offense is not a felony;

§ 562.25 Training of students ineligible for enrollment.

(a) When desired by institutional authorities, male students who are ineligible for enrollment may be permitted to pursue the course, except those prohibited by the provisions of this part. The student must be a regularly enrolled student at the institution. For the purpose of the regulations in this part, a "regularly enrolled" student is defined as a student who is enrolled in and attending full time a regular course of instruction at a school.

(b) In the case of noncitizens, the PMS may permit participation in the ROTC and permit disclosure of unclassified ROTC training materials to those students subject to subparagraphs (1) and (2) of this paragraph:

1. A noncitizen who intends to be a citizen of the United States must present evidence of such intent to the PMS, DA Form 1624-R (fig. 1), which will be reproduced locally on 8- by 5½-inch paper, will be used for this purpose.

2. A national of a foreign country (who does not intend to become a citizen) with which the United States entertains friendly relations must present evidence of accreditation from his government. For this purpose each student will obtain a certificate from the representative of his government in Washington, D.C., stating that the government has no objection to the student receiving ROTC training. The PMS will retain the original of the letter in the student’s file and forward a copy for file to the Office of the Assistant Chief of Staff, G2, in the Army area in which the institution is located.
tion is located. If the PMS is in doubt regarding the maintenance of friendly relations between the United States and another country, he will forward all papers to next higher headquarters for decision.

(5) Any student authorized to pursue ROTC training in accordance with the provisions of this paragraph will be subject to the following conditions:

(1) A student will not be eligible to receive uniform allowances or to be furnished a Government issued uniform while training at the institution. This does not preclude a student from wearing a uniform furnished by the institution or purchased with his own funds.

(2) The student will not be eligible for commutation of subsistence.

(3) A student will not be eligible for an ROTC deferment or to be exempt from registration under the provisions of section 6(a) of the Universal Military Training and Service Act, as amended.

(4) The service or activity which prevents enrollment in the ROTC must remain unchanged as long as the student continues to be enrolled in the ROTC.

(5) A student (or MST -5 or -6) student who is also a member of Reserve components will be discharged from the ROTC prior to graduation to accept a commission in the Army or the Army Reserve.

(6) A warrant officer or enlisted member of the ARNG (Army National Guard) is eligible for enrollment in the ROTC if he wishes to maintain membership in the ARNG after being discharged from active duty under provisions of section 6A8. A member of an ARNG or USAR unit who may be concurrently enrolled in the advanced course (or MST -5 or -6) is limited to 5 percent of the authorized pay drill strength of the unit. The PMS of such ROTC unit will notify the unit commander upon enrollment of a member of a Reserve component.

(b) An advanced course (or MST -5 or -6) student who is concurrently a member of a Reserve component will not attend reserve component annual ACUDTRA (Active duty for training) in lieu of ROTC training camp or be exempted from the provisions of this paragraph (a) (5), (6), (7), (8), or (9) of this section, or when deemed appropriate. A member of a Reserve component is not to be called or ordered to active duty while pursuing the advanced course. All other ROTC students who are members of Reserve components are subject to call or order to active duty.

4. In § 562.29a, revise paragraphs (b) and (e) and add paragraph (d), as follows:

§ 562.29a Discharge or disenrollment.

(b) The PMS will establish a board to consider the case of a student discharged under provisions of paragraph (a) (5), (6), (7), (8), or (9) of this section, or when deemed appropriate. A student discharged under provisions of paragraph (a) (5), (6), (7), (8), or (9) of this section, or for a similar reason, will not be reenrolled or authorized to pursue the course under the provisions of § 562.25.

(c) A student under contract will not be discharged from the ROTC prior to graduation to accept a commission in the Army or the Army Reserve.

(f) Upon disenrollment of a student from the senior division, the PMS will notify the student in writing of the reasons for disenrollment. The PMS will make proper notation on DA Form 131 and retain copy of the letter. If the student is authorized to pursue the course under provisions of § 562.25, he will be fully informed of the provisions of this section, including his chances for appointment. Such information may be included in the letter of disenrollment or stated orally, as appropriate. This action is not required for students who complete the basic course but do not enroll in the advanced course.

(e) Other contract. Each student who is selected for ROTC flight training must sign DA Form 897-1 (Army ROTC Supplemental Agreement—Flight Training). In signing this agreement, the student agrees to:

(1) Participate in all ROTC flight training;

(2) Undergo all tests and examinations required in connection with flight training;

(3) Serve on active duty as a commissioned officer for not less than 3 consecutive years (unless sooner relieved or discharged under appropriate regulations), if so ordered subsequent to graduation and appointment; and

(4) Volunteer for Army flight training and assignment upon appointment.

§ 562.10 [Amendment]

R. V. Lee,
Major General, U.S. Army,
The Adjutant General.

PART 1—GENERAL RULES AND REGULATIONS

PART 6—Vehicle, Guide, Admission, and Miscellaneous Fees

Washington: Entry of Commercial Passenger-Carrying Motor Vehicles

On page 2213 of the Federal Register of April 14, 1960, there was published a notice and text of proposed amendments to §§ 1.35 and 1.36 of Part 1 and § 6.3 of Part 6 of Title 36, Code of Federal Regulations. The purpose of the amendments is to clarify the sections of the regulations dealing with the entry of commercial passenger-carrying motor vehicles to certain parks where concessioners provide transportation services under their contracts or permits with the Secretary of the Interior and to revise the schedule of fees that necessarily follows as a result of the changes to Part 1.

Interested persons were given 30 days within which to submit written comments, suggestions or objections with respect to these proposed amendments. Some inquiries were received concerning the intent and interpretation of the proposed changes. No suggestions of change or objections have been received and the proposed amendments are hereby adopted without change and are set forth below. These amendments shall become effective at the beginning of the 30th calendar day following the date of publication of this notice in the Federal Register.

FRED A. SEATON,
Secretary of the Interior,

JUNE 10, 1960.

Section 1.35 Automobiles operated for pleasure, is amended to read as follows:

§ 1.35 Automobiles operated for pleasure.

The parks and monuments where common carrier service is established under authorization and supervision of the Government are open to automobiles operated for pleasure, including rental cars, provided the party using a rental car does not hire also the services of a driver. All permit fees under this section shall be in accordance with schedules contained in § 6.3 of this chapter, and shall be paid at the park entrance upon arrival.

Section 1.36 Commercial passenger-carrying motor vehicles, is amended to read as follows:

§ 1.36 Commercial passenger-carrying motor vehicles.

(a) The commercial transportation of passengers by motor vehicle, except as authorized under a contract or permit from the Secretary or his authorized representative, is prohibited in Bryce Canyon, Crater Lake, Glacier (except that portion of the park road from the Sherman entrance to the Many Glacier area), Grand Canyon (except the service road branch of the south entrance road serving park headquarters and Grand Canyon Village, including the portion of the south entrance road which lies between the park boundary and the service road, Grand Teton (except that portion of Highways Nos. 89 and 187, 267 and 26 commencing at the south boundary of the park and running in a northerly direction to the east boundary of the park), Lassen Volcanic (except those portions of Highway No. 89 and Highway No. 44 crossing the northwest corner of the park outside the Manzanita Lake camp station), Mount McKinley (except that portion of the Denali Highway between the Nenana River and the McKinley Park Hotel), Mount Rainier (except Highway No. 5, U.S. 410), Rocky Mountain, Sequoia-Kings Canyon, Yellowstone (except that portion of U.S. Highway 191 traversing the northeast corner of the park), Yosemite, and Zion National Parks, and Cedar Breaks National Monument.

The following principles will govern the interpretation and enforcement of the section:

(1) Transportation is commercial if it is operated for profit or for profit of the operator, or if any person or organization may receive a profit, commission, fee, brokerage or other compensation for organizing, advertising, promoting, soliciting, or selling the trip or tour of which such transportation is a part.

(2) Transportation is commercial if payment therefrom is made directly or indirectly to the operator:

(a) Transportation is commercial if it is a part of a trip or tour initiated, organized, and directed by an established bona fide school or college, institution, society or other organization, as a nonprofit activity of such organization, and if all passengers are students, faculty, members or employees of such organization, or otherwise connected therewith, provided that credentials are presented at the park entrance from the head of such institution or organization indicating the trip is in accordance with the provisions stipulated herein. Clubs or associations having as a principal purpose the transportation of tours, trips, or transportation for their members will not qualify for admission into the above named parks under the provision of this paragraph.

(b) As used herein, "owner" means the person or organization having legal title, or all the incidents of ownership other than legal title, of a motor vehicle by which passengers may be transported, and includes a registered owner or purchaser under a conditional sales contract. "Operator" means the person, organization, or group that arranges for the transportation, assumes responsibility for the financial risk and management, and determines who shall be transported upon what terms, conditions, or charges. The operator may be the owner, but need not be.

(c) Passenger-carrying motor vehicles, otherwise admissible, that are so large as to require motorcycle escort in order to proceed safely over park roads, or which in the judgment of the superintendent are beyond the carrying capacity or safety factor of the roads, will not be permitted in the parks, except that, where they may satisfactorily enter and travel to park headquarters, they may be parked there during the period of stay.

(d) All permit fees under this section shall be in accordance with schedules contained in § 6.3 of this chapter, and shall be paid at the park entrance upon arrival.

Section 6.3 Commercial passenger-carrying vehicles, is amended to read as follows:

§ 6.3 Commercial passenger-carrying motor vehicles.

(a) Fees. Fees for commercial passenger-carrying motor vehicles admissible to the respective parks under § 1.36 of this chapter shall be charged as follows:

<table>
<thead>
<tr>
<th>Park</th>
<th>Amount per trip</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bryce Canyon National Park</td>
<td>$1.00</td>
</tr>
<tr>
<td>Crater Lake National Park</td>
<td>$1.00</td>
</tr>
<tr>
<td>Glacier National Park</td>
<td>$2.00</td>

<td>$1.00</td>
</tr>
<tr>
<td>Grand Teton National Park</td>
<td>$1.00</td>
</tr>
<tr>
<td>Mesa Verde National Park</td>
<td>$1.00</td>
</tr>
</tbody>
</table>

* Mesa Verde National Park is not included in the listing of parks under § 1.36 of this chapter. However, commercial passenger-carrying motor vehicles admissible to the Mesa Verde National Park will be admissible after payment of the above fee at the park entrance upon arrival.
Title 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 2115]

[1942386]

[Fairbanks 024672]

ALASKA

Partly Revoking Departmental Order of July 21, 1942: Air Navigation Site No. 183

By virtue of the authority vested in the Secretary of the Interior by section 4 of the Act of May 24, 1928 (45 Stat. 728; 49 U.S.C. 214), it is ordered as follows:

1. The Departmental order of July 21, 1942, establishing Air Navigation Site Withdrawal No. 183, is hereby revoked so far as it affects the following-described lands:

ANIAK AIRFIELD

Beginning at Corner No. 15 of United States Survey 2668, thence

N. 50°48' W., 9,898.98 feet to Corner No. 14;

North, 1,001.33 feet;

East, 2,930.17 feet;

East, 3,790.35 feet;

S. 50°48' E., 3,200.06 feet;

S. 30°14' W., 2,700.00 feet;

S. 50°48' E., 3,281.18 feet to a point on line 15 and MC 16, United States Survey 2668;

N. 30°12' W., 2,327.90 feet along said line to the point of beginning.

The tract described contains approximately 660 acres.

2. The lands are situated at the Village of Aniak, on the middle reaches of the Kuskokwim River, approximately 165 airline miles southwest of McGrath, and 460 airline miles southwest of Fairbanks. The lands are flat lying, quite low, and boggy. Soils are silt, clay and gravel deposited by the River. Vegetation is a mixture of spuce, birch and alder, with such species as blueberries, lowbush cranberry, various sedges, grasses, and the like.

3. Subject to any existing valid rights and the requirements of applicable law, the lands are hereby opened to settlement and to filing of applications, selections, and locations as are allowable on unsurveyed lands in accordance with the date of this order. Such applications and selections and offers filed after that hour will be governed by the time of filing.

b. The lands will be open to settlement under the homestead and Alaska homestead laws, and applications and offers under the mineral leasing laws, other than any from the State, presented prior to 10:00 a.m. on September 7, 1960, will be considered as simultaneously filed at that hour. Rights under such applications, selections, and offers filed after that hour will be subject to the time of filing.

4. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose with their applications, statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Fairbanks, Alaska.

ROGER ERNST,
Assistant Secretary of the Interior.

JUNE 9, 1960.

[F.R. Doc. 60-5490; Filed, June 15, 1960; 8:46 a.m.]

[Public Land Order 2116]

[Fairbanks 024671]

ALASKA

Partially Revoking Air Navigation Site Withdrawal No. 268

By virtue of the authority contained in section 4 of the act of May 24, 1928 (45 Stat. 728; 49 U.S.C. 214), it is ordered as follows:

1. The Departmental order of May 2, 1961, which protected lands for use of the Civil Aeronautics Administration, Department of Commerce, in the maintenance of air navigation facilities, is hereby revoked so far as it affects the following-described lands:

BEEFERS AIRFIELD AREA

From Corner No. 2 of Air Navigation Site Withdrawal No. 268, which is the point of beginning; thence

S. 30°12'15" W., 7,999.15 feet;

N. 57°49'00" W., 2,250.80 feet;

N. 30°12'15" E., 9,000.00 feet;

S. 57°49'00" E., 500.00 feet;

N. 30°12'15" E., 7,000.15 feet;

S. 30°12'15" E., 1,739.80 feet to the point of beginning.

The tract described contains 331.87 acres.

2. The lands are located on the south bank of the Koyukuk River, approximately four miles upriver from Bettles Village, in north central Alaska. The soil consists of a thin covering of moss and silt over a bed of river gravel. The vegetation consists of birch, white spruce and aspen in the overstory with an understory of lowbush cranberry, blueberry, and various other bushes, forbs and grasses.

3. Subject to any valid existing rights and the requirements of applicable law, the lands are hereby opened to settlement and to filing of applications, selections, and locations as are allowable on unsurveyed lands in accordance with the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

a. Applications and selections under the nonmineral public land laws, and applications and offers under the mineral leasing laws, other than any from the State, presented prior to 10:00 a.m. on September 8, 1960, will be considered as simultaneously filed at that hour. Rights under such applications, selections, and offers filed after that hour will be subject to the time of filing.

b. The lands will be open to settlement under the homestead and Alaska homestead laws, and applications and offers under the mineral leasing laws may be presented to the Manager mentioned below beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

1. The departmental order of May 2, 1961, which protected lands for use of the Civil Aeronautics Administration, Department of Commerce, in the maintenance of air navigation facilities, is hereby revoked so far as it affects the following-described lands:

2. The lands are open to settlement under the homestead and Alaska homestead laws, and applications and offers under the mineral leasing laws, other than any from the State, presented prior to 10:00 a.m. on September 8, 1960, will be considered as simultaneously filed at that hour. Rights under such applications, selections, and offers filed after that hour will be subject to the time of filing.

The tract described contains 331.87 acres.

4. Subject to the applications and claims described in paragraphs 3(a)(1) and 3(a)(2), the lands shall be subject to settlement under the homestead and
Alaska Homestead Site Laws beginning at 10:00 a.m. on September 8, 1960.
5. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Fairbanks, Alaska.

ROGER ERNST,
Assistant Secretary of the Interior.
JUNE 9, 1960.

[Public Land Order 2117]
[Colorado 091000]

COLORADO
Reserving Lands for Use of Forest Service for Experimental Purposes

By virtue of the authority vested in the President by the act of June 4, 1897 (30 Stat. 43-46; 16 U.S.C. 473) and otherwise, and pursuant to Executive Order No. 10335 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described national forest lands in Colorado are hereby withdrawn from all forms of appropriation under the public land laws, including the mining but not the mineral-leasing laws nor disposals of materials under the act of July 31, 1947 (61 Stat. 681; 30 U.S.C. 601-604), as amended, and reserved for disposals of materials under the act of (30 Stat. 34-36; 16 U.S.C. 473) and section 4 of the Act of May 24, 1928 (45 Stat. 729; 49 U.S.C. 214), it is ordered as follows:

The departmental orders of May 2, 1914, October 18, 1918, and September 20, 1920, which withdrew lands in Utah for reclamation purposes in the first form in connection with the Strawberry Valley and Castle Peak Projects, are hereby revoked so far as they affect the following-described lands:

[423667]

UTAH

Partially Revoking Reclamation Withdrawals of May 2, 1914, October 18, 1918, and September 20, 1920 (Strawberry Valley and Castle Peak Projects)

By virtue of the authority vested in the Secretary of the Interior by Section 3 of the act of June 17, 1902 (32 Stat. 384; 43 U.S.C. 416), it is ordered as follows:

The departmental orders of May 2, 1914, October 18, 1918, and September 20, 1920, which withdrew lands in Utah for reclamation purposes in the first form in connection with the Strawberry Valley and Castle Peak Projects, are hereby revoked so far as they affect the following-described lands:

[800609]

AKASKA

Revoking Air Navigation Site Withdrawal No. 100

By virtue of the authority contained in section 4 of the Act of May 24, 1928 (45 Stat. 729; 49 U.S.C. 214), it is ordered as follows:

1. The departmental order of October 14, 1935, which reserved lands for use of the Alaska Road Commission in the maintenance of air navigation facilities, which heretofore has been revoked in part, is hereby revoked in its entirety. The following-described lands are affected by this order:

Donnelly Airstrip

Beginning at Corner No. 1, in approxirnate latitude 63°49'N., longitude 145°53'-24' W., from which a point in the centerline of the Richardson Highway 210 feet south of Mile Post No. 239 bears S. 45° E., 165 feet; thence from said Corner No. 1,

a. N. 45° E., 600 feet to Corner No. 2;

b. S. 45° E., 3,000 feet to Corner No. 3;

c. S. 45° E., 600 feet to Corner No. 4:

d. N. 45° E., 3,000 feet to Corner No. 1, the place of beginning.

The tract described contains 41.32 acres.

2. The land is located just south of the Donnelly Roadhouse on the western side of the Richardson Highway, approximately 30 miles south of Delta Junction. The soil consists of a partially sorted gravel alluvium and contains much sand and gravel mixed in with many boulders. The vegetation of the area consists of black spruce, birch, labrador tea, and various other grasses and forbs.

3. Subject to any valid existing rights and the requirements of applicable law, the lands are hereby opened to settlement and to filing of applications, selections, and locations as are allowable on unsurveyed lands in accordance with the following:

a. Applications and selections under the nonmineral public land laws, and applications and offers under the mineral leasing laws may be presented to the Manager mentioned below beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) Until 10:00 a.m. on September 8, 1960, the State of Alaska shall have a preferred right of application to select the lands in accordance with and subject to the provisions of the Act of July 28, 1928 (70 Stat. 708; 48 U.S.C. 46-3b) and sections 6(g) of the Alaska Homestead Act of July 7, 1958 (72 Stat. 339).

(3) All valid applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws presented prior to 10:00 a.m. on July 15, 1960, will be considered as simultaneously filed at that hour. Rights under such applications and selections and offers filed after that hour will be governed by the time of filing.

b. The lands will be open to location under the United States mining laws beginning at 10:00 a.m. on September 8, 1960.

4. Subject to the applications and claims described in paragraphs 3(a)(1) and 3(a)(2), the lands shall be subject to settlement under the homestead and Alaska Homesite Laws beginning at 10:00 a.m. on September 8, 1960.

5. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.
Thursday, June 16, 1960

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Fairbanks, Alaska.

ROGER ERNST,
Assistant Secretary of the Interior.
JUNE 9, 1960.

[F.R. Doc. 60-5484; Filed, June 15, 1960; 8:47 a.m.]

[Public Land Order 2120]

IDAHO

Partially Revoking the Executive Order of November 27, 1922 (Public Water Reserve No. 85)

By virtue of the authority vested in the President by section 1 of the Act of June 25, 1910 (36 Stat. 847; 43 U.S.C. 141), and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The Executive order of November 27, 1922, which created Public Water Reserve No. 85, is hereby revoked so far as it affects the following-described lands:

BOISE MERIDIAN
T. 36 N., R. 12 E., Sec. 30, 31E, 32E.

The tract described contains 40 acres.

2. The lands are located in a high mountainous area, approximately 35 miles southeast of Idaho Falls, Idaho. Soil is dark to fine sand. The cover is mainly sagebrush with a good under-story of bunchgrass.

3. Subject to any existing valid rights and the requirements of applicable law, the lands are hereby opened to filing of applications, selections, and locations in accordance with the following:

   a. Applications and selections under the nonmineral public land laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications and selections will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

   (1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

   (2) All valid applications and selections and offers under the nonmineral public land laws presented prior to 10:00 a.m. on July 15, 1960, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after this time will be governed by the time of filing.

   b. The lands have been open to applications and offers under the mineral leasing laws and to locations under the mining laws pursuant to the act of August 11, 1955 (69 Stat. 683; 30 U.S.C. 621).

   5. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enumerate in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Boise, Idaho.

ROGER ERNST,
Assistant Secretary of the Interior.
JUNE 9, 1960.

[Public Land Order 2121]

[Boise, 8370243]

CALIFORNIA

Power Site Restoration No. 560; Partially Revoking Executive Order of May 27, 1913, Which Created Power Site Reserve No. 364

By virtue of the authority vested in the President by section 1 of the act of May 27, 1910 (36 Stat. 847; 43 U.S.C. 141) and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The Executive order of May 27, 1913, which created Power Site Reserve No. 364, is hereby revoked so far as it affects the following-described lands:

MOUNT DIABLO MERIDIAN
T. 33 N., R. 1 E., Sec. 6, lots 1 and 2, and S1/2 NE1/4.

The areas described contain 161.51 acres, of which the S1/2 NE1/4 has been patented.

2. The lands are located about 32 miles east of Redding and two and a half miles north of Whilmore in Shasta County, California. The topography is rough and mountainous. The elevation is about 2,400 feet and the vegetation is a mixed pine type.

3. Subject to any valid existing rights and the requirements of applicable law, the public lands are hereby opened to filing of applications, selections, and locations in accordance with the following:

   a. Applications and selections under the nonmineral public land laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications and selections will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

   (1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

   (2) All valid applications and selections and offers under the nonmineral public land laws presented prior to 10:00 a.m. on July 15, 1960, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after this time will be governed by the time of filing.

   b. The lands have been open to applications and offers under the mineral leasing laws and to locations under the mining laws pursuant to the act of August 11, 1955 (69 Stat. 683; 30 U.S.C. 621).

   5. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enumerate in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Sacramento, California.

ROGER ERNST,
Assistant Secretary of the Interior.
JUNE 9, 1960.

[Public Land Order 2122]

[Washington 02850]

WASHINGTON

Withdrawing Lands for Use of Atomic Energy Commission

By virtue of the authority vested in the President, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Washington are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral leasing laws and dispossession of materials under the act of July 31, 1947 (61 Stat. 681; 30 U.S.C. 601-604), as amended, and reserved under the jurisdiction of the Atomic Energy Commission in connection with its Hanford Operations;

WASHINGTON

Withdrawing Lands for Use of Atomic Energy Commission

By virtue of the authority vested in the President, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Washington are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral leasing laws and dispossession of materials under the act of July 31, 1947 (61 Stat. 681; 30 U.S.C. 601-604), as amended, and reserved under the jurisdiction of the Atomic Energy Commission in connection with its Hanford Operations;
RULES AND REGULATIONS

Chapter I—Coast Guard, Department of the Treasury
SUBCHAPTER Q—SPECIFICATIONS
[CGFR 60-37]

PART 160—LIFESAVING EQUIPMENT

Subpart 160.047—Buoyant Vests, Kapok or Fiberglass Glass, Adult and Child, for Motorboats of Classes A, 1, or 2 Not Carrying Passengers for Hire

REVISED BUOYANT VEST SPECIFICATION AND TERMINATION OF MANUFACTURERS’ APPROVALS

Pursuant to the notice of proposed rulemaking published in the Federal Register on February 18, 1960 (25 F.R. 1440-1448), and Merchant Marine Council Public Hearing Agenda dated April 4, 1960 (CG-249), the Merchant Marine Council held a Public Hearing on April 4, 1960, for the purpose of receiving comments, views and data. The proposals considered were identified as Items I through XII, inclusive, and Item III contained proposals regarding life preservers and other lifesaving equipment.

This document contains only the actions taken with respect to the kapok or fiberglass glass buoyant vest specification in 46 CFR Subpart 160.047 and the termination of manufacturers’ approvals of present kapok or fiberglass glass buoyant vests. Models AK, CKM, CKS, AF, CFM, and CFS for motorboats of Classes A, 1, or 2 not carrying passengers for hire, in Item III, and as revised are accepted. The other proposals in Item III will be in a separate document. This document is the seventh of a series covering the regulations and actions considered at the April 4, 1960, Public Hearing and annual session of the Merchant Marine Council.

In response to the comments received the following changes were made in the proposals as set forth in the Merchant Marine Council Public Hearing Agenda:

- The text was revised in 46 CFR 160.047-1(b), regarding revisions in drawing number 160.047-1, 160.047-5(b) regarding the envelope or cover, and 160.047-5(f) regarding stitching.
- Postponed the termination date for all outstanding approvals for Models AK, CKM, CKS, AF, CFM, and CFS buoyant vests from “July 1, 1960,” to “July 1, 1961.”

(c) Copies on file. Copies of the specifications and plans referred to in this section shall be kept on file by the manufacturer, together with the certificate of approval. The Coast Guard plans and specification may be obtained upon request from the Commandant, United States Coast Guard, Washington 25, D.C. The Federal Specifications may be purchased from the Business Service Center, General Services Administration, Washington 25, D.C. The Military Specifications may be obtained from the Bureau of Supplies and Accounts, Department of the Navy, Washington 25, D.C.

§ 160.047-2 Types and models.

(a) Buoyant vests specified by this subpart shall be of the following types and models:

Type I—Standard:
Model AK-1—Adult, kapok.
Model AF-1—Adult, fiberglass.
Model CKM-1—Child, medium, kapok.
Model CFM-1—Child, medium, fiberglass.
Model CFS-1—Child, small, fiberglass.

Type II—Non-standard:
Model AK-1—Adult, kapok.
Model CKM-1—Child, medium, kapok.
Model CFM-1—Child, medium, fiberglass.

Type III—Standard:
Model AK-1—Adult, kapok.
Model CKM-1—Child, medium, kapok.
Model CFM-1—Child, medium, fiberglass.

(b) Plans. The following plans, of the issue in effect on the date buoyant vests are manufactured, form a part of this subpart:

- Sheet 1, Rev. 2—Cutting Pattern and General Arrangement, Models AK-1 and AF-1.
- Sheet 2, Rev. 2—Cutting Pattern and General Arrangement, Models CKM-1 and CFM-1.
- Sheet 3, Rev. 2—Cutting Pattern and General Arrangement, Models CFS-1 and CFM-1.
- Sheet 4, Rev. 1—Pad Patterns.

(c) Copies on file. Copies of the specifications and plans referred to in this section shall be kept on file by the manufacturer, together with the certificate of approval. The Coast Guard plans and specification may be obtained upon request from the Commandant, United States Coast Guard, Washington 25, D.C. The Federal Specifications may be purchased from the Business Service Center, General Services Administration, Washington 25, D.C. The Military Specifications may be obtained from the Bureau of Supplies and Accounts, Department of the Navy, Washington 25, D.C.

§ 160.047-3 Materials—Type I vests.

(a) General. The requirements for materials specified in this section are minimum requirements, and consideration will be given to the use of alternative materials in lieu of those specified. Detailed technical data and samples of all Models designated for Type II, non-standard vests to be assigned by individual manufacturers.
proposed alternate materials shall be submitted for approval prior to being incorporated in the finished product.

(b) Kapok. The kapok shall be all new material complying with Subpart 164.003 of this subchapter and shall be properly processed.

(c) Fibrous glass. The fibrous glass shall comply with the requirements of Specification MIL-F-2706.

(d) Envelope. The buoyant vest envelope, or cover, shall be made from 39¢, 2.85 cotton jeans cloth, with a thread specification thread count of not less than 94 x 60, less than 85 pounds in the warp and 50 pounds in the filling. Other cotton fabric, equal in weight and breaking strength not less than the above will be acceptable. There are no restrictions as to color, but the fastness of the color to laundering, water, crocking and light shall be rated "good" when tested in accordance with Federal Specification CCC-W-2114, Methods 5610, 5630, 5650, and 5660.

(e) Pad covering. The covering for the buoyant pad inserts shall be flexible vinyl film not less than 0.006" in thickness meeting the requirements of Specification MIL-F-16400 for Type I, Class 1, film. The tie tapes, straps, and reinforcing tape. The tie tapes and body strap loops for both adult and child sizes shall be ¾" cotton webbing meeting the requirements of Specification MIL-W-539 for Type I webbing. The body straps for adult size vests shall be 1" Type II webbing, and the body straps for child size vests shall be ¾" Type IIa webbing. The reinforcing tape around the neck shall be ¾" cotton webbing weighing not less than 0.18 ounce per linear yard and having a minimum breaking strength of not less than 120 pounds.

(f) Dee rings and snap hooks. The sewed in dee rings and snap hooks shall be of a size consistent with the webbing on which they are used and shall be of corrosion-resistant material or protected against corrosion by a corrosion-resistant plating.

(g) Thread. The thread shall be Type IB, No. 20, 4-ply cotton thread conforming to the requirements of Federal Specification V-T-276.

§ 160.047-4 Materials—Type II vests.

(a) General. All materials used in non-standard Type II buoyant vests shall be at least equivalent to those specified in § 160.047-3 for standard Type I vests.

§ 160.047-5 Construction—Type I vests.

(a) General. This specification covers buoyant vests which essentially consist of a vest-cut envelope containing compartments in which are enclosed pads of buoyant material arranged and distributed so as to provide the proper flotation characteristics and buoyancy required to hold the wearer in an upright back position with head and face out of water. The buoyant vests are also fitted with tapes, webbing, and hardware to provide for proper adjustment and close and comfortable fit to the bodies of various size wearers.

(b) Envelope. The envelope or cover shall be cut to the pattern shown on Dwg. No. 160.047-1, Sheet 1, for adult size, and Sheets 2 and 3, for child sizes, and sewn and finished as shown on the drawings. Three compartments shall be formed to hold the buoyant pad inserts, two front compartments and one back compartment, and reinforcing tape shall be used and sewed on as shown by the drawings. The three compartments shall be backstitched approximately ½ inch, sealed tight. The heat-sealed pad covers shall not be affected by the heat-sealing. The envelope shall be backstitched approximately ½ inch.

(c) Pad inserts. The buoyant pad inserts shall each be made from two pieces of film cut to the patterns shown by Dwg. No. 160.047-1, Sheet 4, which shall be heat-sealed tight. The heat-sealed pad covers shall show an adhesion of not less than 8 pounds when one inch strips are pulled apart at a rate of separation of the clamping jaws of the test machine of 12 inches per minute.

(2) Kapok-filled pads for Models AK-1, CKM-1, and CFS-1. Materials used in the buoyant pad inserts for Models AK-1, CKM-1, and CFS-1. Each buoyant pad insert shall be of first-class workmanship and shall be backstitched approximately ½ inch, to which the parts are sewn and finished as shown by the drawings.

(3) Fibrous glass filled pads for Models AF-1, CFM-1, and CFS-1. The buoyant pad inserts for Models AF-1, CFM-1, and CFS-1 buoyant vests shall be filled with fibrous glass distributed as follows:

§ 160.047-6 Construction—Type II vests.

(a) General. Construction methods used in non-standard Type II buoyant vests shall be at least equivalent to those specified in § 160.047-3 for standard Type I vests. Type II vests shall also meet the additional requirements specified in this section.

(b) Sizes. Type II vests shall be constructed in sizes which correspond to those specified in § 160.047-5 for Type I vests, i.e., adult size, child's medium, and child's small.

§ 160.047-7 Distribution of kapok in buoyant pad inserts.

§ 160.047-8 Distribution of fibrous glass in buoyant pad inserts.

§ 160.047-9 Volume displacement of sealed pads.
(c) Amount of buoyant material. Type II vests shall contain not less buoyant material than specified in § 160.047-5 for Type I vests.

(d) Arrangement of buoyant material. The buoyant material in a Type II vest shall be located and arranged so as to hold the wearer in an upright or backward position with head and face out of water, and the vests shall show no tendency to turn a wearer face downward in the water.

Adjustment, fit, and donning. Type II vests shall be capable of being readily and easily adjusted to fit the range of wearers for which designed, and donning time shall compare favorably with that of standard Type I vests.

§ 160.047-7 Inspections and tests—Types I and II vests.

(a) General. Buoyant vests are not inspected at regularly scheduled factory inspections; however, the Commander of the Coast Guard District may detail a marine inspector at any time to visit and examine any Type II vests manufactured to observe production methods and to conduct any inspections or tests which may be deemed advisable. The marine inspector will be admitted to any place where work is done on buoyant vests or component materials and samples of materials entering into construction, may be taken by the marine inspector and tests made for compliance with the applicable requirements.

(b) Manufacturer's inspections and tests. Manufacturers of approved buoyant vests shall maintain quality control of their products, including manufacturing methods, and the finished product so as to meet the requirements of this specification, and shall make full inspections and tests of representative samples from each lot to maintain the quality of their product. At least one sample vest from each lot shall be tested for buoyancy by the manufacturer in accordance with the procedure set forth in paragraph (e) of this subparagraph. The records of such buoyancy tests shall be kept on file by the manufacturer and shall be made available to the Coast Guard marine inspector upon demand.

(c) Lot size. Each lot shall consist of not more than 500 buoyant vests of the same type and model. Lots shall be numbered serially by the manufacturer, and a new lot shall be started with any change or modification in materials or production methods.

(d) Test facilities. The manufacturer shall provide a suitable place and shall have on hand the necessary apparatus for conducting buoyance tests in compliance with this specification and Specification Subpart 164.003 of this subchapter for Processed Kapok. The apparatus shall include accurate spring scales of adequate capacity, weighted wire mesh baskets, and a test tank which can be locked or sealed in such a manner as to preclude disturbance of buoyant vests undergoing tests or change in internal pressure.

(e) Buoyancy—(1) Buoyancy test method. Remove the buoyant pad inserts from the vest and cut three slits each not less than 2 inches in length and not less than 2 inches apart on both sides of each pad. Securely attach the spring scale in a position directly over the test tank. Suspend the weighted wire basket on the scale in such a manner that the basket is weighed while it is completely under water. In order to measure the actual buoyancy provided by the pads, proceed as follows:

(i) Weight the empty wire basket under water.

(ii) Place the pads inside the basket, and submerge it so that the top of the basket is 3 inches below the surface of the water for 24 hours. The test shall be locked or sealed during this 24-hour submergence period. It is important that after the pads have once been submerged, they remain submerged for the duration of the test, and at no time during the course of the test shall they be removed from the tank or otherwise exposed to air.

(iii) After the 24-hour submergence period unlock or unseal the tank and weigh the weighted wire basket with the pads inside while both are still under water.

(iv) The buoyancy is computed as subdivision (i) of this subparagraph minus subdivision (iii) of this subparagraph.

(2) Buoyancy required. The pad inserts from adult buoyant vests shall provide not less than 16 pounds buoyancy; the pad inserts from child's medium size vests shall provide not less than 11 pounds buoyancy; and the pad inserts from child's small vests shall provide not less than 7% pounds buoyancy.

(1) Additional tests for Type II vests. For Type II vests additional tests, such as tests to determine performance in the water, extended service tests to determine suitability of materials, tests to determine comparative donning time and ease of adjustment, and other tests as may be necessary to determine equivalence to the standard Type I vests, may be required prior to approval.

§ 160.047-8 Marking.

(a) General. Each buoyant vest shall be marked at the factory with a rectangular cloth tag attached to the back of the envelope by stitching along all edges of the tag. The following information shall be plainly printed in waterproof ink on each tag:

BUOYANT VEST

MODEL

ADULT (OR CHILD)

Approved for use on motorboats of Class A, 1, or 2 not carrying passengers for hire.

U.S. Coast Guard Approval No. ______

Lot No. ______

This vest is filled with (kapok or buoyant fibrous bag and inner film pad cover).

For maximum durability, care should be taken to avoid puncturing or snagging inner plastic covers. When vest is wet, hang dry up and dry with a towel. If pads become waterlogged, replace vest.

(Name and Address of Manufacturer)

(b) Additional marking for child size vests. For child's medium size buoyant vests, the following additional wording shall be included on the marking tag:

"For Children's Use in Approx. 45 to 90 Pounds".

For Child's small size buoyant vests, the following additional wording shall be included on the marking tag: "For Children Weighing less than Approximately 50 Pounds".

(c) Waterproofness of marking tags. Marking tags for buoyant vests shall be sufficiently waterproof so that after 48 hours submergence in water, they will withstand rubbing by hand with moderate pressure while wet without the printed matter becoming illegible.
I. Instruction 2 is corrected to change 
"§ 1.325(a)" to "§ 1.325(b)"; as cor-
rected, instruction 2 reads as follows:

2. Section 1.325(b) is amended by 
adding the following new subparagraph:

§ 1.325 Application for license to cover 
construction permit.

(b) * * * 
(6) FCC Form 344 "Application for 
Television Broadcast Booster Station 
License."

II. Section 4.836(c) is corrected to 
read:

§ 4.836 Emissions and bandwidth.

(c) Radio frequency harmonics of the 
visual and aural carriers shall be attenu-
at ed no less than 60 decibels for trans-
mitters operating with more than 1 kilo-
watt power output. For transmitters 
operating with power output of 1 kilo-
watt or less, the power in such radio 
frequency harmonics shall not exceed 1 
milliwatt. Other spurious emissions on 
frequencies more than 3 megacycles out-
side the assigned channel, including 
intermodulation products, signals other 
than those received from the primary 
station, and radio frequency energy 
generated within the booster apparatus,
shall be attenuated no less than 40 
decibels below the peak visual carrier 
amplitude. Greater attenuation of all 
spurious emissions may be required if 
interference is caused to any radio

DEPARTMENT OF THE INTERIOR
Bureau of Land Management

[43 CFR Part 146]

EXCHANGES OF PRIVATELY OWNED LANDS UNDER TAYLOR GRAZING ACT

Notice of Proposed Rule Making

Basis and purpose. Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior by subsections (b) and (d) of section 8 of the Taylor Grazing Act of June 28, 1934, as amended (43 U.S.C. 315g), and section 2478 of the Revised Statutes (U.S.C. 1201), it is proposed to amend 43 CFR 146.2 and 146.8 as set forth below. The purpose of this amendment is to implement the Secretary's anti-speculation policies by requiring an applicant to make certain showings as to his ownership of the offered lands, his need for the selected lands, the value of both the offered and selected lands, and the merits of the exchange.

This proposed amendment relates to matters which are exempt from the rule making requirements of the Administrative Procedure Act (5 U.S.C. 1003); however, it is the policy of the Department of the Interior that, wherever practicable, the rule making requirements be observed voluntarily. Accordingly, interested persons may submit written comments, suggestions, or objections with respect to the proposed amendments to the Bureau of Land Management, Washington 25, D.C., within thirty days of the date of publication of this notice in the Federal Register.

 Paragraphs (b), (c), and (d) of § 146.2 and the title to, and paragraphs (b) and (c) of § 146.8 are hereby amended by paragraphs (e) to (h) which are hereby added to § 146.2, all to read as follows:

§ 146.2 Application.

(b) The application must at all times during the pendency of his application by be legally capable of consummating the exchange and the owner in fee simple of the offered lands. An option or executory contract to purchase the offered lands, or evidence that the exchange applicant will in due course receive title to the lands, under a will or other proceedings, is not sufficient to meet the requirements of the regulations in this paragraph. The application must be accompanied by proof that the exchange applicant is the owner in fee simple of the offered lands. Such proof must con-sist of an abstract of title or a certificate of title prepared and certified by the local recorder of deeds, a title company, an abstracting company, or a duly qualified attorney authorized to practice in the State, showing that the exchange applicant is the record owner in fee simple of the lands and that such finding of ownership is not based upon an executory option or contract to purchase the lands or other incomplete proceedings.

(c) The application must also include a statement relative to springs and waterholes on the selected lands, in accordance with §§ 292.1 and 292.9 of this chapter.

(d) Each application must be accompanied by a showing that the selected lands are a necessary and integral part of the economic unit which includes lands already under the Secretary's anti-speculation program. The application must also be accompanied by the notarized statements of two qualified and reputable competent appraisers of the value of both the offered and selected lands. He must also file with his application a notarized statement disclosing the obscurity of any personal arrangements he has made with third parties prior to the filing of his application which would have an influence upon the determination of the fair market values of the selected lands, such as agreements or understandings with third parties to dispose of any portion or all of the selected lands. If such personal arrangements are made on or after the filing of the application and prior to the issuance of the patent, a similar complete disclosure thereof must be promptly filed with the authorized officer of the agency. Failure to disclose any such facts as required by this paragraph will constitute cause for cancellation of any patent which may have issued stemming from the exchange application.

(f) If the exchange application involves less than 1,000 acres of selected lands, or the exchange applicant stated, as required by paragraph (e) of this section, that the land has a fair market value of less than $1,000, the application must also be accompanied by the notarized statements of two qualified persons such as bankers or licensed real estate salesmen active in that community or the authorized officer of the agency, that the exchange would be beneficial to the exchange, showing their opinions as to the fair market value of both the offered and selected lands.

(e) Each exchange application involving 1,000 acres or more of selected lands or any acreage of selected lands, or which the applicant stated, as required in paragraph (e) of this section, to have a fair market value of $1,000 or more, must be accompanied by at least two appraisals of both the offered and selected lands. Each appraiser must certify that to the best of his knowledge the appraisals reflect the true fair market value of the lands and must submit with his appraisal a statement of his qualifications in appraisal work. Appraisals must conform to established and generally recognized practices and procedures in common use by professional appraisers. The appraisals must contain a comprehensive description of the lands covered thereby and of the appraisal processes leading to the opinions of value in such detail as to permit an informed judgment on the soundness of the appraisals and the accuracy and reasonableness of the conclusions. Nothing in this paragraph shall be construed as preventing the agency, the program of which would be benefitted by the exchange, from providing, or contracting for, one of the required appraisals for both the offered and selected lands.

(h) No filing fees are required. However, the applicant must pay one-half of the advertising cost.

§ 146.8 Approvals and appeals.

(b) In the event a protest is filed against an exchange application, a copy of the protest shall be sent to the exchange applicant and the applicant must show by positive and substantial evidence the soundness of the appraisals and the accuracy and reasonableness of the conclusions. Nothing in this paragraph shall be construed as preventing the agency, the program of which would be benefitted by the exchange, from providing, or contracting for, one of the required appraisals for both the offered and selected lands.

(c) An appeal pursuant to rules of practice, Part 221 of this chapter, may be taken from any decision of the authorized officer of the Bureau of Land Management.

Pete A. Seaton,
Secretary of the Interior.

MILK IN NORTHEASTERN WISCONSIN MARKETING AREA

Decision on Proposed Amendments to Tentative Marketing Agreement and to Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Marinette, Wisconsin, on March 7-9, 1960, pursuant to notice thereof issued on February 17, 1960 (25 F.R. 1521).

Upon the basis of the evidence introduced at the hearing and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on May 20, 1960 (25 FR. 4593) filed with the Hearing Clerk, U.S. Department of Agriculture, his recommended decision containing notice of the opportunity to file written exceptions thereto.

The hearing, on the record of which the proposed amendments, as heretofore set forth, to the tentative marketing agreement and to the order were formulated, was conducted at Marinette, Wisconsin, on March 7-9, 1960, pursuant to notice thereof issued February 17, 1960 (25 F.R. 1521).

At this hearing, evidence was received with respect to proposed amendments to the order regulating the handling of milk in the Michigan Upper Peninsula as well as to the order for the Northeastern Wisconsin marketing area. This decision was restricted to issues relating to amendments proposed to the order for the Northeastern Wisconsin marketing area. Issues relating to amendments proposed to the order for the Michigan Upper Peninsula marketing area will be considered in a separate decision.

The material issues in the record of the hearing which concern the Northeastern Wisconsin order relate to:

1. Revision of marketing area boundaries.
2. The level of, and method of computing, the price for Class I milk.
3. Revision of the Class III price formula.
4. Modification of the class butterfat differentials.
5. Conditions for the diversion of milk to nonpool plants.
6. Revision of the classification and allocation provisions of the order.
7. Changes in the basis for qualifying supply plants as pool plants.
8. Extension to supply plants of the "Wichita plan" as an alternative to compensatory payments on nonpool milk.
10. Provision of more than one reporting and accounting period per month on election of the handler.

Several proposed amendments to the Northeastern Wisconsin order, including a proposal for "individual-handler pools", contained in the notice of hearing were not supported at the hearing by the respective proponents, and in each instance testimony in support of such proposals was not offered by any other interested party. Such proposed amendments therefore are denied.

Findings and Conclusions: The following findings and conclusions on the material issues are based on evidence presented at the hearing and the record thereof.

1. The Northeastern Wisconsin marketing area should be expanded to include Forest County, and that part of Oconto County (exclusive of the Menominee Indian Reservation) not now included in the marketing area. To accommodate the conclusions therein that the city of Menominee in Menominee County, Michigan, and the town of Peshtigo and the cities of Marinette and Peshtigo in Marinette County, Wisconsin, should be included in the Michigan Upper Peninsula marketing area, such territory should be deleted from the definition of the Northeastern Wisconsin order. To accomplish the conclusion that the marketing area should be so enlarged.

At the hearing testimony was offered on several proposals to modify the marketing area. These proposals related to a proposed shift of territory from the Northeastern Wisconsin marketing area to the Michigan Upper Peninsula marketing area. The conclusions rendered with respect to such proposals are set forth in detail in companion decision on this record relating to proposed amendments to the Michigan Upper Peninsula order. To accomplish the conclusions therein that the city of Menominee in Menominee County, Michigan, and the town of Peshtigo and the cities of Marinette and Peshtigo in Marinette County, Wisconsin, should be included in the Michigan Upper Peninsula marketing area, such territory should be deleted from the definition of the Northeastern Wisconsin order.

(2) The present Class I price differentials should be retained for another 18-month period.

Several proposed amendments to the Class I price provisions were offered for hearing. They related to the level and seasonality of price, the application of the basic price formula, and the location price adjustment for plants in Oneida County, Wisconsin.

During the first 15 months of the order, beginning with November 1, 1958, Northeastern Wisconsin producers supplied an adequate volume of milk to satisfy the Class I demands of the market. In this 15-month period the percentage relationship of Class I sales to receipts ranged from a high of about 64 percent in May 1959 to a high of approximately 89 percent in October 1959. For November and December 1958 and January 1959, Class I sales as a percentage of producer receipts were 70.5 percent and 72.3 percent, respectively. During the corresponding months a year later, the percentages were 80.5, 76.4, and 68.8 percent, respectively. While Class I utilization in each of the latter three months was lower, as a percentage of producer receipts, than in the earlier period, the difference was so minor as to preclude any definite conclusion as to the effect of the present Class I price in changing the trend relationship between the supply of and demand for producer milk that has prevailed during the past year.

It is not apparent that the 36-cent higher price called for by certain of the price proposals offered is required to encourage an adequate supply of milk. It is quite possible that the trend relationship still favors increased production since the effective date of the order for supply and demand to respond fully to the minimum Class I price level established by the order. In any case, there has been no indication of a decline in the number of producers.

Therefore, the Class I price differentials now contained in the order should be retained for an additional 18-month period.

For the Northeastern Wisconsin order, including a proposal for "individual-handler pools", contained in the notice of hearing were not supported at the hearing by the respective proponents, and in each instance testimony in support of such proposals was not offered by any other interested party. Such proposed amendments therefore are denied.

The present Class I price differentials should be retained for another 18-month period.
After a reasonable time has elapsed an- of hearing should be continued and a con- sider any appropriate modification of the Class I price level on the basis of the additional supply and demand data then available.

The basic formula price is designed to reflect the farm price level of milk used by condensers and that used in the manufacture of butter and nonfat dry milk solids, as a base for pricing milk for fluid consumption is added to the higher of the two prices for manufacturing milk to determine the appropriate Class I price. The higher of the condensery price or butter-nonfat dry milk solids price by the Class III price reflects the current values for butterfat and nonfat dry milk solids for their respective uses in each class.

The principal economic circumstances that currently obtained from the Class I milk formula reflects in a reasonable manner the value of skim milk and butterfat for their respective uses in each class. The principal economic circumstances that existed at the time of the promulgation and led to the adoption of a location differential were subsequently, have not been changed so to warrant a reduction in the Class I price at plants in such county.

(3) The Class III price should be increased.

Under the order, the Class III price each month is the butter-nonfat dry milk price computed as one of the alternate parts of the basic price formula. It was proposed that the Class III price be increased somewhat at this time to

The butter-nonfat dry milk formula used for Class III pricing no longer reflects in a reasonable manner the value of producer milk for butter and nonfat dry milk solids. The new formula would increase the Class III price about 5 cents per hundredweight.

Producer milk used for butter and nonfat dry milk should be worth as much as unregulated plants for ungraded milk in Class III unregulated.

The proposed change in the butter-

The proposed change in the butter-

When the Northeastern Wisconsin order was promulgated, Oneida County was included in the higher Class I price zone in recognition of the less intensive milk production in that county as compared to other counties in the same period. It is concluded that the Class I price at plants in Oneida County be reduced 10 cents per hundredweight.

When the Northeastern Wisconsin order was promulgated, Oneida County was included in the higher Class I price zone in recognition of the less intensive milk production in that county as compared to other counties in the same period. It is concluded that the Class I price at plants in Oneida County be reduced 10 cents per hundredweight.

The order currently provides for the unlimited diversion of milk in any month. One producer group proposed that diversion be limited to 10 days during any month, and another proposed that unlimited diversion continue for the remainder of the month. The proposal also would result in a Class I skim milk price increase of about 1.8 percent.

The privilege of unlimited diversion during the short production months tends to encourage handlers to add producers into their bottling plant on certain days of the week only. Such handler, therefore, does not require the production of each producer on a daily basis. Some producers not needing their milk diverted to nonpool plants may not be concluded from this record that over a period of time producers as a whole would benefit from the proposal.

(5) The order should provide that milk to be diverted to a nonpool plant during each of the months of July through November should not exceed 10 days' production.

The order currently provides for the unlimited diversion of milk in any month. One producer group proposed that diversion be limited to 10 days during any month, and another proposed that unlimited diversion continue for the remainder of the month. The proposal also would result in a Class I skim milk price increase of about 1.8 percent.

The privilege of unlimited diversion during the short production months tends to encourage handlers to add producers into their bottling plant on certain days of the week only. Such handler, therefore, does not require the production of each producer on a daily basis. Some producers not needing their milk diverted to nonpool plants may not be concluded from this record that over a period of time producers as a whole would benefit from the proposal.

(5) The order should provide that milk to be diverted to a nonpool plant during each of the months of July through November should not exceed 10 days' production.

The order currently provides for the unlimited diversion of milk in any month. One producer group proposed that diversion be limited to 10 days during any month, and another proposed that unlimited diversion continue for the remainder of the month. The proposal also would result in a Class I skim milk price increase of about 1.8 percent.

The privilege of unlimited diversion during the short production months tends to encourage handlers to add producers into their bottling plant on certain days of the week only. Such handler, therefore, does not require the production of each producer on a daily basis. Some producers not needing their milk diverted to nonpool plants may not be concluded from this record that over a period of time producers as a whole would benefit from the proposal.

(5) The order should provide that milk to be diverted to a nonpool plant during each of the months of July through November should not exceed 10 days' production.

The order currently provides for the unlimited diversion of milk in any month. One producer group proposed that diversion be limited to 10 days during any month, and another proposed that unlimited diversion continue for the remainder of the month. The proposal also would result in a Class I skim milk price increase of about 1.8 percent.

The privilege of unlimited diversion during the short production months tends to encourage handlers to add producers into their bottling plant on certain days of the week only. Such handler, therefore, does not require the production of each producer on a daily basis. Some producers not needing their milk diverted to nonpool plants may not be concluded from this record that over a period of time producers as a whole would benefit from the proposal.
ply for the purpose of pool riding. In view of daily variations in production, a 50 percent volume limitation would require more bookkeeping than a limitation based upon a specified number of days and therefore is not adopted.

No limitation should be placed upon diversion in other months. Because of the seasonal aspects of production and marketing conditions for producers and therefore is denied.

The order provides that in the event nonfat milk solids are utilized by handlers in producing other products, the pounds computed for classification purposes shall be the "skim milk equivalent" of the nonfat dry milk solids.

Another method was proposed, however, the effect of which would be not to include the water normally associated with such solids in the determination of the "skim milk equivalent" of the nonfat dry milk solids. This will provide a reasonable basis for assigning Class I milk among regulated markets in the case of movements to a common nonpool plant.

(7) The delivery requirements for pool plant status should be revised. The order provides automatic pool status for certain supply-type plants during the months of December through July, i.e., a supply plant that is qualified under the minimum shipping requirements for each of the months of August through November prior to pool status as a pool plant for each of the succeeding months of December through July. It was proposed that the order be amended to eliminate such automatic status in the succeeding months of the year. Pursuant to this proposal at least 50 percent of Grade A milk receipts from dairy farmers at the supply plant would have to be shipped to pool distributing plants each month of the year to insure pool status.

During those months of the year when the market is short of milk it is practical and expedient to provide a specific shipping requirement in order to determine whether supply plants are closely identified with the market and thus eligible to participate in the pool. In view of the variations in supply and demand, however, supply plants which have evidenced regular association with the market should not be required to ship large volumes of milk to the plug feeding plants in order to maintain pool status throughout the year.

The months of August through November were selected originally as the months during which qualification for automatic status in the succeeding months of the year could be achieved. Such fall months were those for which it was expected that producer milk deliveries would be least in relation to Class I milk requirements. July also is a month in which milk supplies are relatively low in relation to Class I needs and such month should be included among those on which qualification for automatic status in the succeeding months of the year could be achieved. This change, combined with the revised provisions for the diversion of milk and higher Class III price, should make it possible for the market to obtain sufficient supplies but at the same time mitigate opportunities for pool riding.

(8) The compensatory payment provisions applicable to milk received at a pool plant from nonpool supply plants and allocated to Class I should not be modified.

It was proposed that the handler have the option of paying to the pool the compensatory payment rate specified in the order for each hundredweight of milk received from a nonpool supply plant and allocated to Class I, or the amount by which total payments to dairy farmers at the nonpool plant are less than the total value of the milk at such plant computed on the basis of the classification and pricing provisions applicable at pool plants. The proponent handler operates a pool plant from which milk is supplied to several pool distributing plants. It was testified that should such plant fail to qualify under the 50 percent shipping requirement in the fall months, the proposed amendment would reduce the impact of subsequent nonpool status.
PROPOSED RULE MAKING

The proponent handler undoubtedly can insure pool status for his supply plant during each of the months of July, August, September, October, and November, i.e., he is in a position to rearrange his procurement practices whenever it appears that his receipts of Grade A milk from dairy farmers may be more than twice his monthly shipments to pool distributing plants. If adopted as proposed the amendment would encourage operators of supply plants to associate plants with the Northeastern Wisconsin market on an opportunity basis rather than as a regular, dependable source of supply. There was no other testimony in support of such a provision.

(9) The order should not provide a base-excess plan.

Three cooperative associations, together representing approximately 25 percent of the producers who deliver milk to Northeastern Wisconsin pool plants, proposed the adoption of a base-excess plan to permit making payment to producers. At present the producer members of the proponent associations are confronted with a situation that is analogous to the base-excess plans similar to the plan applicable to milk of other members whose milk is delivered to Chicago order plants. A fourth cooperative association, representing approximately 50 percent of the producers who deliver to Northeastern Wisconsin pool plants, opposed the base-excess plan.

Because the order has been in effect such a relatively short period, however, insufficient data are available to permit a detailed analysis as to the reasons for the relatively favorable seasonality of deliveries to the Northeastern Wisconsin market. Since there is no unanimity of opinion among producers for the base-excess plan and because the seasonality of Class I price differentials provided will assist to promote a desirable seasonal production pattern and also tend to prevent bottlenecks in deliveries to those of Chicago producers, it is concluded that a base-excess plan is not warranted at this time.

(10) The order should provide for only one referendum.

A handler proposed that the order provide the option of more than one reporting and accounting period within a month. It was testified that the presence of such a provision would make less costly any change in method of procurement adopted by the handler during rather than at the beginning of a given month, since milk classification and allocated and unallocated deliveries of Grade A milk received prior to the change in source of milk supply and on that received after the change.

The proponent handler was the only handler who had experienced any problem of this kind. He testified that he is not likely to encounter such difficulty in the future. No other interested party supported the proposal. The proposed amendment to the order is not considered necessary at this time as a means of promoting orderly marketing.

Rulings on proposed findings and conclusions. Briefs and proposed findings and conclusions filed on behalf of certain interested parties in the market. These briefs, proposed findings and conclusions, and the evidence in the record were considered in making the findings and conclusions set forth above. To the extent that intersubmission of conclusions by interested parties are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or reach such conclusions are denied for the reasons previously stated in this decision.

General findings. The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of the aforesaid order and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) The tentative marketing agreement and the order, as hereby proposed to be amended, all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;
(b) The parity prices of milk as determined pursuant to Section 2 of the Act, the price of feeds, available supplies of feeds, and other conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, inure a sufficient quantity of pure and wholesome milk, and be in the public interest; and
(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Rulings on exceptions. In arriving at the findings and conclusions, and the regulatory provisions of this decision, each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions and the regulatory provisions of this decision are at variance with any of the exceptions, such exceptions are hereby overruled for the reasons previously stated in this decision.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled respectively, "Marketing Agreement Regulating the Handling of Milk in the Northeastern Wisconsin Marketing Area" and "Order Amending the Order Regulating the Handling of Milk in the Northeastern Wisconsin Marketing Area", which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the Federal Register. The regulatory provisions of said marketing agreement are identical with those contained in the order as hereby proposed to be amended by the attached order which will be published with this decision.

Referendum Order, Determination of Representative Period, and Designation of Referendum Agent

It is hereby directed that a referendum be conducted to determine whether the issuance of the attached order amending the order regulating the handling of milk in the Northeastern Wisconsin marketing area, is approved or favored by the producers, as defined under the terms of the order, as hereby proposed to be amended, who, during the representative period, were engaged in the production of milk for sale within the aforesaid marketing area.

The month of April 1960 is hereby determined to be the representative period for the conduct of such referendum. John D. Nord is hereby designated agent of the Secretary to conduct such referendum in accordance with the procedure for the conduct of referenda to determine producer approval of milk marketing orders (15 F.R. 5177), such referendum to be completed on or before the 30th day from the date this decision is issued.

Issued at Washington, D.C., this 13th day of June 1960.

CLARENCE L. MILLER, Assistant Secretary.

Order 1 Amending the Order Regulating the Handling of Milk in the Northeastern Wisconsin Marketing Area

§ 1016.0 Findings and determination.

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) Findings upon the basis of the hearing. Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and marketing orders (7 CFR Pt. 1016), respectively. The proposed amendments to the marketing agreement and marketing orders (7 CFR Pt. 1016) have been met.

1This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.
price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(3) The said order as hereby amended regulates the handling of milk in the same manner and is applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held.

(4) All milk and milk products handled by handlers, as defined in the order as hereby amended, are in the current of interstate commerce or directly burden, obstruct, or affect interstate commerce in milk or its products; and

(5) It is hereby found that the necessary expense of the market administrator for the maintenance and functioning of such agency will require the payment by each handler, as his pro rata share of such expense, 5 cents per hundredweight or such amount not to exceed 5 cents per hundredweight as the Secretary shall fix, (a) all receipts within the month of milk from producers, including milk of such handler's own production; (b) any other source milk allocated to Class I pursuant to this section and the corresponding step of § 1016.47, and (c) the applicable amount specified in § 1016.83 (a) (2) or (b) (2). Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Northwestern Wisconsin marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended and the aforesaid order is hereby amended as follows:

1. Delete § 1016.5 (e), (f) and (h); delete the words “and” and replace the semicolon with a period, both at the end of § 1016.5 (g) and the corresponding step of § 1016.47, and the applicable amount specified in § 1016.83 (a) (2) or (b) (2).

2. From § 1016.8 (b) the word “August” and substitute “July”; delete the same paragraph the word “July” and substitute “June”.

3. Substitute a colon for the period at the end of the second sentence in § 1016.10 (a) and add the following proviso: “Provided, That for each of the months of July through November diversion of the milk of any such person shall be limited to 10 days (5 days in the case of every-other-day delivery).”

4. Delete § 1016.10 (b) and substitute therefor the following:

(c) A nonpool plant (except as specified in paragraph (b) of this section) shall be Class I utilization, unless the following conditions and the conditions of paragraph (d) of this section are met:

(1) Utilization in another class is claimed by the transferor-handler in his report submitted pursuant to § 1016.30 for the month;

(2) The operator of the nonpool plant has utilized an equivalent amount of skim milk and butterfat remaining in the classification of the plant, as specified in subparagraph (1) of this paragraph after the prior deduction in sequence beginning with the lowest-priced available class of use of any receipts thereat during the month of such nonpool plant, from plants not regulated under the provisions of any Federal marketing agreement or order; and

(3) The operator of the nonpool plant maintains books and records which are adequate for the verification of such utilization and are made available if requested by the market administrator.

(d) The classification of any skim milk or butterfat for which a claim of use is made under paragraph (c) (1) of this section shall be subject to the following further conditions:

(1) If any portion of butterfat was disposed of from the nonpool plant in the form of bulk milk, skim milk, or cream to another nonpool plant(s), the market administrator shall determine the classification of skim milk or butterfat at the nonpool plant where actually used or processed when necessary to support a claim made pursuant to paragraph (c) (1) of this section.

(2) If Class I utilization at any nonpool plant at which classification of the pooled milk is made exceeds the receipts during the month from dairy farmers who constitute its regular source of Grade A milk and the nonpool plant is not regulated under the provisions of any Federal marketing agreement or order, the amount of skim milk or butterfat so classified as Class I milk shall be a pro rata quantity based on the proportion of receipts at the nonpool plant from each of such regulated plants, and (ii) any amount of pooled milk remaining after the computation in (i) of this proviso shall be assigned in sequence to the available uses in the class claimed and any balance to the remaining uses in the nonpool plant;

(3) If Class I utilization at any nonpool plant at which classification of the pooled milk is made does not exceed the receipts during the month from dairy farmers who constitute its regular source of Grade A milk and (a) the nonpool plant is not regulated under the provisions of any Federal marketing agreement or order, the amount of skim milk or butterfat so classified as Class I milk shall be a pro rata quantity based on the proportion of receipts at the nonpool plant from each of such regulated plants, and (ii) any amount of pooled milk remaining after the computation in (i) of this proviso shall be assigned in sequence to the available uses in the class claimed and any balance to the remaining uses in the nonpool plant; and

(4) If Class I utilization at any nonpool plant at which classification of the pooled milk is made does not exceed the receipts during the month from dairy farmers who constitute its regular source of Grade A milk and the nonpool plant is not regulated under the provisions of any Federal marketing agreement or order, the amount of skim milk or butterfat so classified as Class I milk shall be a pro rata quantity based on the proportion of receipts at the nonpool plant from each of such regulated plants, and (ii) any amount of pooled milk remaining after the computation in (i) of this proviso shall be assigned in sequence to the available uses in the class claimed and any balance to the remaining uses in the nonpool plant;

5. Delete from the introductory portion of § 1016.51 the phrase “during the 18 month period following the effective date of this part shall be” and substitute therefor the phrase “shall be as follows during the period through November 1961”.

6. In § 1016.50 (b) (2) delete the words “delivery period” wherever they appear therein and substitute therefor the word “month”.

Provided, “plus 5 cents: Provided, That the resulting price shall not be higher than the Class II price.”

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 18 ]

INDUSTRIAL, SCIENTIFIC, AND MEDICAL SERVICE

Order Extending Time for Filing Comments

The Commission has before it for consideration requests from the Industrial Heating Equipment Association and the General Electric Company to extend the time for filing comments in the above proceeding to July 15, 1960.

It appearing that additional time is required to permit study and preparation of statements by member manufacturers of the Industrial Heating Equipment Association, and that additional time is required by the General Electric Company to evaluate the impact of the proposed rules on the Company as a supplier of industrial heating equipment and a user of such equipment in many of its 167 plants; and

It further appearing that the public interest will be served by providing additional time to enable interested parties to submit comments and reply comments;

It is ordered, This 10th day of June 1960, pursuant to section 0.322(b) of the Commission’s Statement of Delegations of Authority, that the time for filing comments in this proceeding is extended to July 15, 1960, and the time for filing reply comments is extended to July 25, 1960.

Released: June 10, 1960.

FEDERAL COMMUNICATIONS COMMISSION,

[ seal ] BEN F. WARE, Acting Secretary.

[F.R. Doc. 60-5524; Filed, June 15, 1960; 8:52 a.m.]

SMALL BUSINESS ADMINISTRATION

[13 CFR Part 107 ]

SMALL BUSINESS INVESTMENT COMPANIES

Notice of Proposed Rule Making

Notice is hereby given that pursuant to the authority contained in section 308, Pub. Law 85-699, 72 Stat. 694, it is proposed to amend, as set forth below, §§ 107.301-1 (b), 107.302-2, 107.304-1 (b), 107.305-1 (b), and 107.306-7 of Part 107
PROPOSED RULE MAKING

of Subchapter B, Chapter I of Title 13 of the Code of Federal Regulations.

Part 107, Subchapter B, Title 13 of the Code of Federal Regulations governing the establishment and operation of small business investment companies chartered or licensed by the Small Business Administration to operate under the Small Business Investment Act of 1958, and to carry out the provisions of said Act, was published in the Federal Register of December 4, 1958 (23 F.R. 9383), and became effective upon publication in the Federal Register.

Prior to final adoption of the amendments set forth below, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing, in triplicate, to the Small Business Investment Division, Small Business Administration, Washington 25, D.C., within a period of 20 days from the date of publication of this notice in the Federal Register.

The amendments under consideration change the provisions of the present § 107.301—1(b) relating to the issue of stock by eliminating the cash limitation.

The proposed amendment of § 107.302—2 shall permit small business investment companies to issue stock for considerations other than cash and to grant stock options. This subject was previously published for comment in the Federal Register on February 20, 1960, 25 F.R. 1528.

The proposed amendment of §§ 107.304—1(b) and 107.305—1(b) emphasizes the requirement of long-term debentures and interest.

The proposed amendment of § 107.308—7 emphasizes the requirement that the paid-in capital and paid-in surplus of a Licensee shall not be voluntarily reduced below that existing at the time of the License of such Licensee. Any change in the officers, directors, or other plans, previously submitted to SBA, shall be reported immediately to SBA; and such changes shall be subject to the approval of SBA as a condition for the continuance of the License of such Licensee. Any conditions imposed by SBA in connection with the latter shall be complied with by the Licensee.

Dated: June 9, 1960.

PHILIP MCCALLUM,
Administrator.

DEPARTMENT OF THE TREASURY

Bureau of Customs

[26x559]
of classifying natural carotene concen­
trate as a drug, natural and uncom­
ounded, not edible, not specially pro­
vided for, but advanced in condition or value, under paragraph 34, Tariff Act of 1930, with duty at the reduced rate of 5 percent ad valorem under that para­
graph, as modified, was under review.

The Bureau, in a letter of June 9, 1960, addressed to the collector of customs, New York, New York, ruled that such merchandise was classifiable as a chemi­

cal compound, not specially provided for, under paragraph 5 of the tariff act and dutiable at the reduced rate of 10 1/2 per­
cent ad valorem under that paragraph, as modified.

Insofar as this decision results in the assessment of a duty at a rate higher than that which has been heretofore ass­
essed under a uniform and established practice, it shall apply only with respect to such or similar merchandise entered, or withdrawn from warehouse, for con­
sumption after 90 days after the date of publication of an abstract of this decision in the weekly Treasury Decisions.

D. B. STRUBINGER,
Acting Commissioner of Customs.

ATOMIC ENERGY COMMISSION

[Docket No. 50-163]

GENERAL DYNAMICS CORP.

Notice of Proposed Issuance of Con­
struction Permit and Facility License

Please take notice that the Atomic Energy Commission proposes to issue a construction permit, substantially as set forth below, authorizing General Dyna­
mics Corporation to construct a TRIGA type nuclear reactor designated by the application as the FLAIR unless within fifteen days after the filing of this notice with the Office of the Federal Register a request for a formal hearing is filed with the Commission as provided by the Commission's rules of practice (10 CFR Part 2). Petitions for leave to intervene shall be filed by mailing a copy to the Office of the Secretary, Atomic Energy Commission, Washington 25, D.C., or by delivery of a copy in person to the Office of the Secretary, Germantown, Maryland, or the AEC's Public Document Room, 1717 H Street, Washington, D.C.

A. The reactor will be a utilization facil­ity as defined in the Commission's regula­
tions contained in Part 50; the reactor will be constructed and operated at the proposed location, without undue risk to the health and safety of the public; and

B. The reactor will be used in the conduct of research and development activities of the types specified in section 31 of the Atomic Energy Act of 1954, as amended (hereinafter referred to as "the Act");

C. General Dynamics Corporation is finan­
cially qualified to construct and operate the reactor in accordance with the regulations contained in Title 10, Chapter I, CFR, to assume financial responsibility for the pay­
ment of Commission charges for special nu­
clear material and to undertake and carry out the proposed use of such material for a reasonable period of time;

D. General Dynamics Corporation is tech­
nically qualified to design, construct and operate the reactor;

E. General Dynamics Corporation has sub­
mitted a construction permit, substantially as modified, to the Atomic Energy Commission for a Class 104 license to General Dynamics Corporation to construct the reactor in accordance with the application. This permit shall be deemed to be the subject to the conditions specified in §§ 50.54 and 50.55 of said regulations; is subject to all applicable provisions of the Act and rules, regulations, and orders of the Commission now or hereafter in effect; and is subject to the additional conditions specified below:

A. The earliest completion date of the facility is June 30, 1960. The latest comple­tion date of the facility is September 1, 1960. The term "completion date", as used herein, means the date on which construction of the facility is completed except for the introdu­
tion of the fuel material;

B. The reactor shall be constructed and located at the location near Torrey Pines Mesa, California, specified in the application.

4. Upon completion (as defined in para­

5403
with the Board for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 46 U.S.C. 814):

(1) Agreement No. 8459, between Lykes Bros. Steamship Co., Inc., and Kvarnerska Pomorska Plovdiva, covers the establishment and maintenance of agreed rates, charges classifications and related tariff matters in the west-bound trade from Mediterranean and Adriatic ports to U.S. South Atlantic and Gulf ports.

(2) Agreement No. 8461, between Lykes Bros. Steamship Co., Inc., and The Ben Line Steamers Ltd., covers a through billeting arrangement on cargo from U.S. Gulf ports to Bangkok, Thailand, with transshipment at Singapore.

(3) Agreement No. 8485, between American Mail Line Ltd., American President Lines, Ltd., and Pacific America Mail Line Ltd., American Mail Lines, Ltd., and Pacific American Mail Line Ltd., American President Lines, Ltd., and Pacific American Mail Line Ltd., provides for the appointment of a coordinating committee of representatives of each of these companies, to prepare a study and make recommendations for further cooperation between the companies in order to effect economies and more efficient operations in their Trans-Pacific services.

Interested parties may inspect these agreements and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D.C., and may submit within 20 days after publication of this notice in the Federal Register, written statements with reference to any of these agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

By order of the Federal Maritime Board.

JAMES L. PIPPER, Secretary.

NATIONAL BUREAU OF STANDARDS

Organization and Functions

The material appearing at 24 F.R. 1812-1813 of March 12, 1959 and 25 F.R. 2068 of March 10, 1960 is amended as follows:

The purpose of this amendment is to reflect necessary changes in program emphasis in the organizations of the Associate Director for Physics and the Associate Director for the Boulder Laboratories respectively.

According to Amendment No. 1 of February 26, 1960 to Department Order No. 90 (Revised) is hereby superseded; and section 2.02, subsections 2, 3 and 4, is amended to read as follows:

Ssc. 2. Organization.

* * *

2. Scientific divisions in Washington, D.C.:

- Electricity.
- Metrology.
- Heat.
- Radiation Physics.
- Chemistry.
- Mechanics.
- Organic and Fibrous Materials.
- Metallurgy.
- Mineral Products.
- Building Technology.
- Applied Mathematics.
- Data Processing Systems.
- Atomic Physics.
- Instrumentation.

3. Divisions of Boulder Laboratories:

- Cryogenic Engineering.
- Ionosphere Research and Propagation.
- Radio Propagation Engineering.
- Radio Standards.
- Radio Communication and Systems.
- Upper Atmosphere and Space Physics.
- Administrative.

4. Technical Staff Offices:

- Office of Weights and Measures.
- Office of Technical Information.
- Section 7.03, The Office of Basic Instrumentation is deleted.

- Section 7.04, The Office of Technical Information, and section 7.05, The National Bureau of Standards Library, are renumbered 7.03 and 7.04 respectively.

Effective date: May 29, 1960.

Docket No. 13598; FCC 60-664

MERCURY BROADCASTING
Order Designating Application for Hearing on Stated Issues

In re application of Rex O. Stevenson, Jack E. Falvey, Harry Saxe, Jr., and Robert Pommer, d/b as Mercury Broadcasting (a joint venture), Colorado Springs, Colorado, requests: 790 kc, 500 w, Washington, D.C., on the 8th day of June 1960; for construction permit.

It appearing that except as indicated by the issues specified below, the instant application would serve the public interest, convenience, and necessity; and

2. To determine whether the instant application would serve the public interest, convenience, and necessity; and the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine whether interference received from Station KKKK, Colby, Kansas would affect more than ten percent of the population within the normal protected primary service area of the instant proposal, in contravention of section 3.28(c) (3) of the Commission rules, and, if so, whether circumstances exist which would warrant a waiver of said rule.

4. To determine, in the light of the evidence adduced pursuant to the foregoing issues, whether a grant of the instant application would serve the public interest, convenience and necessity.

It is further ordered, That Western Plains Broadcasting Company, Inc., and The Mile High Broadcasting Co., Inc., licensees of Stations KXXX and KBRN, respectively, are made parties to the proceeding.

It is further ordered, That, in the event of a grant of the application of Mercury Broadcasting, the construction permit shall contain a condition that the permittee shall take necessary precautions to prevent second harmonic interference to Station KPIK, Colorado Springs, Colorado.

It is further ordered, That, to avail themselves of the opportunity to be heard, the applicant and parties respondent herein, pursuant to § 1.140 of the Commission rules, in person or by attorney, shall, within 28 days of the mailing of this order, file with the Commission in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence of the issues specified in this order.

Released: June 13, 1960.

FEDERAL COMMUNICATIONS COMMISSION, [SEAL] BEN F. WAPEL, Acting Secretary.

[FR. Doc. 60-5511; Filed, June 15, 1960; 8:51 a.m.]

Schulte Ford Sales, Inc. Order To Show Cause

In the matter of Schulte Ford Sales, Inc., 917 Ritchie Highway North, Glen Burnie, Maryland, Docket No. 13592; order to show cause why there should not be revoked the license for business radio station KGG-507.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of the above-captioned station:

It appearing that pursuant to § 1.61 of the Commission's rules, written notice of violation of the Commission's rules was served upon the above-named licensee; and

That, pursuant to section 390(b) of the Communications Act of 1934, as amended, the instant application is designated for hearing, at a time and place to be specified in a subsequent Order upon the following issues:

1. To determine the areas and populations which would receive primary service from the instant proposal and the availability of other primary service to such areas and populations.

2. To determine whether the instant proposal would involve objectionable interference with Stations KBRN, Brigham, Colorado and KXXX, Colby, Kansas, or any other existing standard broadcast stations, and, if so, whether circumstances exist which would warrant a waiver of said rule.

3. To determine whether interference received from Station KKKK, Colby, Kansas would affect more than ten percent of the population within the normal protected primary service area of the instant proposal, in contravention of section 3.28(c) (3) of the Commission rules, and, if so, whether circumstances exist which would warrant a waiver of said rule.

4. To determine, in the light of the evidence adduced pursuant to the foregoing issues, whether a grant of the instant application would serve the public interest, convenience and necessity.

It is further ordered, That Western Plains Broadcasting Company, Inc., and The Mile High Broadcasting Co., Inc., licensees of Stations KXXX and KBRN, respectively, are made parties to the proceeding.

It is further ordered, That, in the event of a grant of the application of Mercury Broadcasting, the construction permit shall contain a condition that the permittee shall take necessary precautions to prevent second harmonic interference to Station KPIK, Colorado Springs, Colorado.

It is further ordered, That, to avail themselves of the opportunity to be heard, the applicant and parties respondent herein, pursuant to § 1.140 of the Commission rules, in person or by attorney, shall, within 28 days of the mailing of this order, file with the Commission in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence of the issues specified in this order.

Released: June 13, 1960.
NOTICES

acquiescence with § 1.111 of the rules, will be held in the above-entitled matter at 10:00 a.m. on Monday, June 27, 1960, in the offices of the Commission, Washington, D.C.

STORER BROADCASTING CO. (WWVA–FM)

Order Designating Application for Hearing on Stated Issues

In re application of Storer Broadcasting Company (WWVA–FM), Wheeling, West Virginia, Docket No. 13525, File No. BPH-2954; 7.4 kw; 470 ft.; req. 98.7 Mf, #254; 23.17 kw; 473.6 ft., Docket No. 13591, File No. BPH-2956; for construction permit.

It is ordered, That the Hearing Examiner may call upon the applicant, and upon which the show cause order is based, to make a finding that a grant of the application would serve the public interest, convenience and necessity; and that a copy of the aforementioned letter is available for public inspection at the Commission’s offices; and

It further appearing that pursuant to section 309(b) of the Communications Act of 1934, as amended, the Commission, by letter dated April 21, 1960, and incorporated herein by reference, notified the instant applicant, and any other known parties in interest, of the grounds and reasons for the Commission’s inability to make a finding that a grant of the application would serve the public interest, convenience and necessity; and that a copy of the aforementioned letter is available for public inspection at the Commission’s offices; and

It further appearing that the instant applicant filed a timely reply to the aforementioned letter, which reply has not, however, entirely eliminated the grounds and reasons precluding a grant and requiring an evidentiary hearing on the particular issues as hereinafter specified; and

It further appearing that after consideration of the foregoing and the applicant’s reply, the Commission is still unable to make the statutory finding that a grant of the application would serve the public interest, convenience, and necessity; and is of the opinion that the application must be designated for hearing on the issues specified below;

It is ordered, That, pursuant to section 309(b) of the Communications Act of 1934, as amended, the instant application is designated for hearing at a time and place to be specified in a subsequent order, public notice of which will be given.

1. To determine the area and population within the 1 mv/m contour which may be expected to gain or lose service from the proposed operation of WWVA-FM and the availability of other such FM broadcast service to such area and population.

2. To determine whether the instant proposal of WWVA-FM would involve objectionable interference with Station WKBK-FM, Youngstown, Ohio; or any other existing FM broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other FM service to such areas and populations.

3. To determine in the light of the evidence adduced, pursuant to the foregoing issues, whether the instant application should be granted.

It is further ordered, That the WKBK Broadcasting Corporation, licensee of Station WKBK–FM, Youngstown, Ohio, is made a party to the proceeding.

It is further ordered, That, to avail themselves of the opportunity to be heard, the applicant and party respondent herein, pursuant to § 1.140 of the Commission’s rules, in person or by attorney, shall, within 20 days of the mailing of this order, file with the Commission, in triplicate, a written statement stating that he will appear at the hearing in the proceeding if scheduled to be held in the above-entitled matter at a time and place to be specified in a subsequent order; and

It is further ordered, That the Acting Secretary send a copy of this order by Certified Mail, Return Receipt Requested to the said licensee.

Released: June 13, 1960.

FEDERAL POWER COMMISSION

[Docket No. CP60-78]

ALABAMA-TENNESSEE NATURAL GAS CO.

Notice of Application and Date of Hearing

JUNE 6, 1960.

Take notice that on April 5, 1960, Alabama-Tennessee Natural Gas Company (Applicant), filed an application, as supplemented on April 29, 1960, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, for authorization to construct and operate sales metering facilities on its 6% inch pipeline near the Tennessee River Pulp and Paper plant in order to deliver up to an estimated 105 Mcf per day to Hardin County Gas Company (Hardin), a proposed new customer, for resale in the community of Counce, Tennessee.

The application recites that the 6% inch pipeline is now under construction, pursuant to the authorization granted in Docket No. G-19974, which pipeline will be utilized to deliver up to 7,500 Mcf per day on an interruptible basis directly to the Tennessee River Pulp and Paper plant at Counce, Tennessee. Hardin will construct and operate the connecting pipeline and a distribution system in the town which will cost approximately $16,000. Hardin is a subsidiary of Muscle Shoals Natural Gas Company, a customer of Applicant, serving a number of towns in Alabama. Applicant estimates the total cost of its proposed construction at $840 to be defrayed from cash on hand.

The application shows that, based on Muscle Shoals' experience in nearby communities, the gas requirements for service in the community of Counce, Tennessee, for the first three years of operation are estimated as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Volumes in Mcf per day</th>
<th>Annual</th>
</tr>
</thead>
<tbody>
<tr>
<td>First</td>
<td>20</td>
<td>4,300</td>
</tr>
<tr>
<td>Second</td>
<td>60</td>
<td>1,260</td>
</tr>
<tr>
<td>Third</td>
<td>105</td>
<td>8,300</td>
</tr>
</tbody>
</table>

Hardin will finance its project by the sale of 11,000 shares of its common stock to Muscle Shoals and from funds borrowed from Muscle Shoals as needed at an interest rate of 6 percent. The application indicates Muscle Shoals could provide the $16,000 required by Hardin.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on July 14, 1960, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW, Washington, D.C. concerning the matters involved in and the issues presented by such application: Provided, however, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised by Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before June 28, 1960. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUARDINE, Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 245-1616]

ALUMINUM TOP SHINGLE CORP.

Notice and Order for Hearing

JUNE 10, 1960.

I, Aluminum Top Shingle Corporation (issuer), an Oregon corporation, 245 S.W. 133rd Avenue, Beaverton, Oregon, filed with the Commission on June 9, 1958, a notification on Form 1-A and an offering circular relating to an offering of 150,000 shares of common stock, par value $1, for an aggregate amount of $150,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof and Regulation A promulgated thereunder.

II. The Commission on April 27, 1960, issued an order pursuant to Rule 261 of the general rules and regulations under the Securities Act of 1933, as amended, temporarily suspending the exemption under Regulation A and ordering the issuer to file a written request for hearing, pursuant to Rule 261. A written request for hearing was received by the Commission.

The Commission deeming it necessary and appropriate to determine whether to vacate the temporary suspension order or to permanently suspend the exemption, it is hereby ordered, That a hearing be held, in accordance with the rules of practice.

It is hereby ordered, That a hearing be held, in accordance with the rules of practice, on any matters, without prejudice, as provided in Rule XVII of the Commission's rules of practice.

By the Commission.

ORVAL L. DU BOIS,
Secretary.

[JUNE 10, 1960]

Hermetic Seal Corporation (issuer), a New Jersey Corporation, South Sixth Street, Newark, New Jersey, filed with the Commission on March 9, 1959 a notification on Form 1-A and an offering circular relating to the proposed public offering with contained untrue statements of material facts and omitted to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, particularly with respect to:

1. Inaccurate and unreliable financial statements;

2. The status of the issuer's pending patent application;

3. The failure to disclose the excessive costs of selling the securities and the inclusion of inaccurate amounts for such costs on the cover page and in the use of proceeds.

C. Whether the sales literature used in connection with the offering contained untrue statements of material facts and omitted to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, particularly with respect to:

1. The statement that the issuer has definitely "gone into the black" for 1959;

2. The statement that the issuer has had a large percentage of increase in sales for 1959;

3. The statement that the issuer has indisputably the best aluminum shingle on the market.

D. Whether the offering is being and would be made in violation of Section 17 of the Securities Act of 1933, as amended.

III. It is ordered, That James Ewell or any officer or officers of the Commission designated by it for that purpose shall serve a copy of this order upon the issuer, the issuer's private employer or employers, Pennsylvania Electric Co., Inc., and the Pennsylvania Electric Co., Inc., shall serve a copy of this order upon the issuer, the issuer's private employer or employers, Pennsylvania Electric Co., Inc., and the issuer's private employer or employers. Any person who desires to be heard or otherwise wishes to participate in such hearing shall file with the Secretary of the Commission an objection to the entry of this order, on or before June 18, 1960.

[File No. 24NY-4828]
NOTICES

of 100,000 shares of its 10 cents par value common stock or $300,000 in the aggreg­ate for the purpose of obtaining an exemption from the registration require­ments of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) and Regulation A promul­gated thereunder.

II. The Commission on April 25, 1960 issued an order pursuant to Rule 261 of the general rules and regulations under the Securities Act of 1933, as amended, temporarily suspending the exemption under Regulation A and affording to any person having an interest therein, an oppor­tunity to request a hearing pursuant to Rule 261. A written request for hear­ing was received by the Commission.

The Commission deeming it necessary to vacate the temporary suspension order or to enter an order permanently sus­pending the exemption,

It is hereby ordered, That a hearing under the applicable provisions under the Securities Act of 1933, as amended, and the rules of the Commission be heard at the New York Office of the Commission, 23d Floor, 225 Broadway, New York 7, New York, on or before August 6, 1960 with respect to the following matters

A. Whether the offering circular con­tains untrue statements of material facts and omits to state material facts neces­sary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to:

1. The statement that the offering price was $3 per share, when numerous shares which were part of the offering were sold at prices in excess thereof;
2. The failure to disclose that the dis­tribution was made in part through the participation of the selling group, broker-dealers and man­agement of the issuer;
3. The failure to disclose that Henry Sankuhl's shares were issued to him at a discount for services;
4. The failure to disclose material facts relating to the prospective acquisi­tion of O.K. Electronics Corp. and Thermal Relay Corp.;
5. The failure to disclose accurately the proposed use of proceeds.

B. Whether the sales literature used by the issuer contains the untrue state­ments required under Rule 261, as amended, in order to make the statements made, in the light of the circumstances under which they were made, not misleading:

C. Whether no exemption is available under this regulation for the securities purported to be offered hereunder in that the aggregate amount at which such issue was offered to the public exceeded $300,000.

D. Whether the terms and conditions of Regulation A have not been complied with in that:

1. An offering circular was not fur­nished to certain purchasers pursuant to Rule 256 in connection with sales made pursuant to the order;
2. Securities which were part of the offering were sold to persons in states which were not listed in Item 8 of Form A as jurisdictions in which securities were proposed to be offered through under­writers, dealers or salesmen;
3. A written request for information sent to more than ten (10) persons was not filed with the Commission pursuant to Rule 258;
4. The issuer filed a purported final report stating that the distribution was completed at a time when the distribu­tion was not yet completed.

III. It is further ordered, That Wil­liam W. Swift or any officer or officers of the Commission be ordered by it for that purpose shall preside at the hearing; that any officer or officers so designated to preside at any such hearing are hereby authorized to exercise all the power granted to the Commission under sec­tions 19(b), 21 and 22(c) of the Securi­ties Act of 1933, as amended, and to hear officers under the Commission's rules of practice.

It is further ordered, That the Secre­tary of the Commission shall serve a copy of this order by registered mail to Hermetic Seal Corporation; that notice of the entering of this order shall be given to all persons by general release of the Commission and by publication in the Federal Register. Any person who desires to be heard or otherwise wishes to participate in the hearing shall file with the Secretary of the Commission on or before August 6, 1960 a request relat­ive thereto as provided in Rule XVII of the Commission's rules of practice.

The Commission being of the opinion

It is further ordered, That the Secre­tary of the Commission shall serve a copy of this order by registered mail to Hermetic Seal Corporation; that notice of the entering of this order shall be given to all persons by general release of the Commission and by publication in the Federal Register. Any person who desires to be heard or otherwise wishes to participate in the hearing shall file with the Secretary of the Commission on or before August 6, 1960 a request relat­ive thereto as provided in Rule XVII of the Commission's rules of practice.

By the Commission.

ORVAL L. DUBOIS,
Secretary.

[File No. 1-4615]

CONSOLIDATED DEVELOPMENT CORP.

Order Summarily Suspending Trading

JUNE 10, 1960.

The common stock, par value 20 cents per share of Consolidated Development Corporation (formerly known as Con­solidated Cuban Petroleum Corpora­tion), being listed and registered on the American Stock Exchange, a national securities exchange; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion further that such suspension is neces­sary in order to prevent fraudulent, de­ceptive or manipulative acts or practices, with the result that it will be unlawful under section 16(c) (2) of the Securities Exchange Act of 1934 and the Commis­sion's rules thereunder for any broker or dealer to make use of the mails or of any means or instrumentalities of interstate commerce to effect any trans­action in, or to induce or attempt to induce the purchase or sale of such security, otherwise than on a national securities exchange;

It is ordered, Pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934 that trading in said security on the American Stock Exchange be sum­marily suspended and that further investiga­tion of fraudulent, deceptive or manipulative acts or practices, this order to be effec­tive for a period of ten (10) days, June 11, 1960, to June 20, 1960, both dates inclusive.

By the Commission.

(Seal.)

ORVAL L. DUBOIS,
Secretary.

NAESS & THOMAS SPECIAL FUND, INC.

Notice of Filing of Application for Exemption

JUNE 9, 1960.

Notice is hereby given that Naess & Thomas Special Fund, Inc. ("Fund"), a registrant of the first annual meeting of the shareholders of an investment company, has filed an applica­tion pursuant to section 6(c) of the Investment Company Act of 1940 ("Act") for an order of the Commission exempt­ing the Fund from the provisions of sections 15(a), 16(a) and 32(a) of the Act.

The Fund was organized on December 21, 1959, under the laws of the State of Maryland as an "open-end" investment company and began operation as an investment company, the Fund proposes to enter into an invest­ment advisory contract with Naess & Thomas, investment counselors. The Fund's independent public accountants.

The Fund requests an order of the Commission under section 6(c) of the Act to exempt the Fund from the provisions of sections 15(a), 16(a) and 32 (a) of the Act so that the Board of Directors of the Fund's independent public accountants.

The Fund requests an order of the Commission under section 6(c) of the Act to exempt the Fund from the provisions of sections 15(a), 16(a) and 32 (a) of the Act so that the Fund may operate for a limited period without stockholder approval of the Fund's independent public accountants, and without stockholder approval of the Fund's independent public accountants, and without stockholder approval of the Board of Directors of the Fund.

By the Commission.

(Seal.)

ORVAL L. DUBOIS,
Secretary.

Thursday, June 16, 1960

the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the purpose fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than June 23, 1960, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, as provided by Rule 0-8 of the rules and regulations promulgated under the Act, an order disposing of the complaint herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission’s own motion.

By the Commission.

SMALL BUSINESS ADMINISTRATION

Declaration of Disaster Area

OKLAHOMA

Declaration of Disaster Area

Whereas, it has been reported that during the month of May 1960, because of the effects of certain disastrous damages resulted to residences and business property located in certain areas in the State of Oklahoma;

Whereas, the Small Business Administration has investigated and has received other reports of investigations of conditions in the areas affected;

Whereas, after reading and evaluating reports of such conditions, I find that the conditions in such areas constitute a catastrophe within the purview of the Small Business Act.

Now, therefore, as Administrator of the Small Business Administration, I hereby determine that:

1. Applications for disaster loans under the provisions of section 7(b) of the Small Business Act may be received and considered by the Offices below cited from persons or firms whose property situated in the following County including any areas adjacent to said County suffered damage or destruction as a result of the catastrophe hereinafter referred to:

   County: Latimer
   Office of Small Business Administration Regional Office, Fidelity Building, 1000 Main Street, Dallas 2, Tex. Small Business Ad-

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

JUNE 12, 1960

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.460) and filed within 15 days from the date of publication of this notice in the Federal Register.

LONG-AND-SHORT HAUL

PSA No. 36318: Wheat—Between points in Arkansas and Missouri. Filed by Southwestern Freight Bureau, Agent (No. B-7827), for interested rail carriers. Rates on wheat, in carloads between points in Arkansas and Missouri, also between points in Arkansas and Missouri, on the one hand, and Memphis, Tenn., on the other.

Grounds for relief: Motor-truck competition.

Tariffs: Supplements 79 and 34 to Southwestern Freight Bureau tariffs, I.C.C. 4241 and 4144, respectively. Supplement 14 to Western Trunk Line Tariff I.C.C. A-4235.

PSA No. 36319: Cement—Tulsa, Okla., to Southwestern and WTL Territories.

Filed by Southwestern Freight Bureau, Agent (No. B-7826), for interested rail carriers. Rates on cement and related articles, in carloads, as described in the application from Tulsa, Okla., to points in southwestern territory, and western trunk-line territories.

Grounds for relief: Truck competition.

Tariff: Supplement 34 to Southwestern Freight Bureau tariff I.C.C. 4325.

PSA No. 36320: Coal, Ky., Va., and W. Va., mines to North and South Carolina. Filed by O. W. South, Jr., Agent (SFA No. A3965), for interested rail carriers. Rates on coal, in carloads from Kentucky, southwest Virginia and West Virginia mine groups, as described in the application to specified points in North and South Carolina.

Grounds for relief: Restore origin rate relationship.

Tariff: Supplement 17 to Chesapeake & Ohio Ry. tariff I.C.C. 13590.

PSA No. 36321: Petroleum products—Oak Point, La., to Oak Point, Texas. Filed by Southwestern Freight Bureau, Agent (No. B-7828), for interested rail carriers. Rates on petroleum and petroleum products, in carloads and tank-car loads from Oak Point, La., to points in official territory.

Grounds for relief: Grouping.

Tariff: Supplement 213 to Southwestern Freight Bureau tariff I.C.C. 4150.

By the Commission.

[SEAL]

Harold D. McCoy, Secretary.

ARKANSAS & OZARKS RAILWAY CORP.

Diversion or Rerouting of Traffic

Upon further consideration of Taylor's I.C.C. Order No. 116 (Arkansas & Ozarks Railway Corporation) and good cause appearing therefor:

It is ordered, That:

Taylor's I.C.C. Order No. 116 be, and it is hereby, amended by substituting the following paragraph (g) for paragraph (g) thereof:

(g) Expiration date: This order shall expire at 11:59 p.m., July 15, 1960, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this amendment shall become effective at 11:59 p.m., June 13, 1960, and that this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement, and by filing it with the Director, Office of the Federal Register.

INTERSTATE COMMERCE COMMISSION, CHARLES W. TAYLOR, Agent.

[F.R. Doc. 60-5506; Filed, June 15, 1960; 8:48 a.m.]
NOTICES

7. Multiple Antigen Preparations
- Adenovirus and Influenza Virus Vaccines Combined Aluminum Phosphate Adsorbed.
- Diphtheria and Tetanus Toxoids and Pertussis and Poliomyelitis Vaccines Aluminum Phosphate Adsorbed.
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined.
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Phosphate Adsorbed.
- Diphtheria and Tetanus Toxoids Combined.
- Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Adsorbed.
- Diphtheria Toxoid and Pertussis Vaccine Combined Aluminum Phosphate Adsorbed.
- Staphylococcus Toxoid and Bacterial Antigen made from Staphylococcus (Albus and Aureus).

8. Viral and Rickettsial Vaccines
- Adenovirus Vaccine.
- Influenza Virus Vaccine.
- Poliomyelitis Vaccine.
- Rabies Vaccine.
- Smallpox Vaccine.
- Tetanus Antitoxin.
- Tuberculin, Old.
- Tuberculin, Purified Protein Derivative.

9. Diagnostic Substances for Dermal Tests
- Blastomyces.
- Diphtheria Toxin for Schick Test.
- Histoplasmin.
- Tuberculin, Old.
- Tuberculin, Purified Protein Derivative.

10. Diagnostic Substances for Laboratory Tests
- Anti-Influenza Virus Serum for the Hemagglutination Inhibition Test.
- Influenza Virus Hemagglutinating Antigen.

11. Allergenic Extracts
- Allergenic Extracts (including pollens and miscellaneous substances).

12. Trivalent Organic Arsenicals
- Diphenylarsinic Acid.
- Diphenylarsine Oxide.

13. Miscellaneous
- Fibrinogen (Human).
- Normal Horse Serum.
- Normal Human Plasma.
- Normal Serum Albumin (Human).
- Thrombin.

5. Sensitized Bacterial Vaccines
- Cholera Vaccine.
- Pertussis Vaccine.
- Typhoid Vaccine.
- Typhoid and Paratyphoid Vaccine.

6. Bacterial Antigens
- Bacterial Antigen with Antihistaminic.

8. Multiple Antigen Preparations
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Alum Precipitated.
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined.

9. Viral and Rickettsial Vaccines
- Influenza Virus Vaccine.
- Poliomyelitis Vaccine.
- Rabies Vaccine.
- Smallpox Vaccine.
- Typhus Vaccine.

10. Diagnostic Substances for Dermal Tests
- Diphtheria Toxin for Schick Test.
- Scarlet Fever Streptococcus Toxin (For Adult Use).

11. Diagnostic Substances for Laboratory Tests
- Anti-A Blood Grouping Serum.
- Anti-B Blood Grouping Serum.

12. Allergenic Extracts
- Antivenin (Latrodectus mactans).
- Bee Venom.
- Blood Group Specific Substances A and B.

13. Miscellaneous
- Antivenin (Latrodectus mactans).
- Bee Venom.
- Blood Group Specific Substances A and B.

License No. 9—Cutter Laboratories, Berkeley, Calif.

1. Antitoxins
- B. oedematiens Antitoxin.
- Diphtheria Antitoxin.
- Gas Gangrene Polyvalent Antitoxin.
- Perfringens Antitoxin.

Typhoid Vaccine.
- Typhoid and Paratyphoid Vaccine.
- Three polyvalent bacterial vaccines with "No U.S. Standard of Potency".

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
Public Health Service
LICENSED BIOLOGICAL PRODUCTS

Notice is hereby given that pursuant to section 351 of the Public Health Service Act, as amended (42 U.S.C. 262), and regulations issued thereunder (42 CFR Part 73), the following establishments are licensed as of April 15, 1960, for the production of the biological products set forth under each establishment. Such licenses are effective until suspended or revoked in accordance with such Act and regulations.

This notice will be amended from time to time in the Federal Register to indicate any suspensions or revocations of licenses as well as the licensing of additional establishments and products.

Part I. Establishments Arranged by License Number Showing the Products for Which Each Establishment Is Licensed

LICENSED ESTABLISHMENTS

License No. 1—Parke, Davis & Co., Detroit, Mich.

1. Antitoxins
- B. oedematiens Antitoxin.
- Diphtheria Antitoxin.
- Dysentery Antitoxin, Shiga.
- Perfringens Antitoxin.
- Tetanus Antitoxin.
- Tetanus and Gas Gangrene Polyvalent Antitoxin.
- V. septique Antitoxin.

2. Blood and Blood Derivatives
- Histamine Azoprotein.
- Immune Serum Globulin (Human).
- Poliomyelitis Immune Globulin (Human).
- Thrombin.

3. Bacterial Vaccines
- Cholera Vaccine.
- Pertussis Vaccine.
- Pertussis Vaccine Aluminum Phosphate Adsorbed.
- Typhoid and Paratyphoid Vaccine.
- Nine polyvalent bacterial vaccines with "No U.S. Standard of Potency."

4. Bacterial Antigens
Six polyvalent bacterial antigens with "No U.S. Standard of Potency."

5. Modified Bacterial Antigens
Two polyvalent modified bacterial antigens with "No U.S. Standard of Potency."

6. Toxoids and Toxins for Immunization
- Diphtheria Toxoid.
- Diphtheria Toxoid Aluminum Phosphate Adsorbed.
- Staphylococcus Toxoid.
- Tetanus Toxoid.
- Tetanus Toxoid Aluminum Phosphate Adsorbed.

7. Multiple Antigen Preparations
- Adenovirus and Influenza Virus Vaccines Combined Aluminum Phosphate Adsorbed.
- Diphtheria and Tetanus Toxoids and Pertussis and Poliomyelitis Vaccines Aluminum Phosphate Adsorbed.
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined.
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Phosphate Adsorbed.
- Diphtheria and Tetanus Toxoids Combined.
- Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Adsorbed.
- Diphtheria Toxoid and Pertussis Vaccine Combined Aluminum Phosphate Adsorbed.
- Staphylococcus Toxoid and Bacterial Antigen made from Staphylococcus (Albus and Aureus).

8. Viral and Rickettsial Vaccines
- Adenovirus Vaccine.
- Influenza Virus Vaccine.
- Poliomyelitis Vaccine.
- Rabies Vaccine.
- Smallpox Vaccine.
- Tetanus Antitoxin.
- Tuberculin, Old.
- Tuberculin, Purified Protein Derivative.

9. Diagnostic Substances for Dermal Tests
- Blastomyces.
- Diphtheria Toxin for Schick Test.
- Histoplasmin.
- Tuberculin, Old.
- Tuberculin, Purified Protein Derivative.

10. Diagnostic Substances for Laboratory Tests
- Anti-Influenza Virus Serum for the Hemagglutination Inhibition Test.
- Influenza Virus Hemagglutinating Antigen.

11. Allergenic Extracts
- Allergenic Extracts (including pollens and miscellaneous substances).

12. Trivalent Organic Arsenicals
- Diphenylarsinic Acid.
- Diphenylarsine Oxide.

13. Miscellaneous
- Fibrinogen (Human).
- Normal Horse Serum.
- Normal Human Plasma.
- Normal Serum Albumin (Human).
- Thrombin.

1. Antitoxins
- B. oedematiens Antitoxin.
- Diphtheria Antitoxin.
- Gas Gangrene Polyvalent Antitoxin.
- Perfringens Antitoxin.

Typhoid Vaccine.
- Typhoid and Paratyphoid Vaccine.
- Three polyvalent bacterial vaccines with "No U.S. Standard of Potency."

5. Sensitized Bacterial Vaccines
- Cholera Vaccine.
- Pertussis Vaccine.
- Typhoid Vaccine.
- Typhoid and Paratyphoid Vaccine.

6. Bacterial Antigens
- Bacterial Antigen with Antihistaminic.

8. Multiple Antigen Preparations
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Alum Precipitated.
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined.
- Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Phosphate Adsorbed.
- Diphtheria and Tetanus Toxoids Combined Alum Precipitated.
- Diphtheria and Tetanus Toxoids Combined Alum Precipitated (For Adult Use).

9. Viral and Rickettsial Vaccines
- Influenza Virus Vaccine.
- Poliomyelitis Vaccine.
- Rabies Vaccine.
- Rocky Mountain Spotted Fever Vaccine.
- Smallpox Vaccine.
- Typhus Vaccine.

10. Diagnostic Substances for Dermal Tests
- Diphtheria Toxin for Schick Test.
- Scarlet Fever Streptococcus Toxin for Dick Test.
- Schick Test Control.
- Tuberculin, Purified Protein Derivative.

11. Diagnostic Substances for Laboratory Tests
- Anti-A Blood Grouping Serum.
- Anti-B Blood Grouping Serum.

12. Allergenic Extracts
- Antivenin (Latrodectus mactans).
- Bee Venom.
- Blood Group Specific Substances A and B.

License No. 9—Cutter Laboratories, Berkeley, Calif.

1. Antitoxins
- B. oedematiens Antitoxin.
- Diphtheria Antitoxin.
- Gas Gangrene Polyvalent Antitoxin.
- Perfringens Antitoxin.
Tetanus Antitoxin.
Tetanus and Gas Gangrene Polyvalent Antitoxin.
V. septique Antitoxin.

2. Blood and Blood Derivatives
Antihemophilic Globulin (Human),
Fibrinogen (Human),
Immune Serum Globulin (Human),
Mumps Immune Globulin (Human),
Normal Human Plasma,
Normal Serum Albumin (Human),
Pertussis Immune Globulin (Human),
Plasma Protein Fraction (Human),
Poliovirus Immune Globulin (Human),
Tetanus Immune Globulin (Human),
Thrombin.

3. Bacterial Vaccines
Cholera Vaccine.
Pertussis Vaccine.
Pertussis Vaccine Aluminum Hydroxide Adsorbed.
Plague Vaccine.
Typhoid Vaccine.
Typhoid and Paratyphoid Vaccine.
Three polyvalent bacterial vaccines with "No U. S. Standard of Potency."

4. Toxoids and Toxins for Immunization
Diphtheria Toxoid.
Diphtheria Toxoid Aluminum Hydroxide Adsorbed.
Tetanus Toxoid.
Tetanus Toxoid Aluminum Hydroxide Adsorbed.

5. Multiple Antigen Preparations
Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined.
Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Alum Precipitated.
Diphtheria and Tetanus Toxoids Aluminum Hydroxide Adsorbed and Pertussis Vaccine Combined.
Diphtheria and Tetanus Toxoids Combined.
Diphtheria and Tetanus Toxoids Combined Alum Hydroxide Adsorbed.
Diphtheria Toxoid Aluminum Hydroxide Adsorbed and Pertussis Vaccine Combined.
Diphtheria Toxoid and Pertussis Vaccine Combined.
Tetanus Toxoid and Pertussis Vaccine Combined.

6. Diagnostic Substances for Dermal Tests
Diphtheria Toxin for Schick Test.
Schick Test Control.
Tuberculin, Old.
Tuberculin, Old, Precipitated.

7. Diagnostic Substances for Laboratory Tests
Anti-A Blood Grouping Serum.
Anti-B Blood Grouping Serum.

9. Allergenic Extracts
Allergenic Extracts (including pollens and miscellaneous substances).

1. Antitoxins
Diphtheria Antitoxin.
Tetanus Antitoxin.

2. Bacterial Vaccines
Cholera Vaccine.
Typhoid Vaccine.

3. Toxoids and Toxins for Immunization
Staphylococcus Toxoid.

4. Toxoids and Toxins for Immunization
Diphtheria Toxoid.
Diphtheria Toxoid Aluminum Phosphate Adsorbed.
Tetanus Toxoid.

5. Viral and Rickettsial Vaccines
Encephalitis Vaccine, Herpes "F" Strain.
Influenza Virus Vaccine.
Mumps Vaccine.
Q Fever Vaccine.
Rabies Vaccine.
Rocky Mountain Spotted Fever Vaccine.
Smallpox Vaccine.
Typhus Vaccine (Epidemic).

6. Multiple Antigen Preparations
Diphtheria and Tetanus Toxoids Alum Precipitated and Pertussis Vaccine Combined.
Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Phosphate Adsorbed.
Diphtheria and Tetanus Toxoids Combined.
Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Adsorbed.

7. Viral and Rickettsial Vaccines
Lymphogranuloma Venereum Antigen.
Scarlet Fever Streptococcus Toxin for Dick Test.
Tuberculin, Old.
Tuberculin, Patch Test.

9. Diagnostic Substances for Laboratory Tests
Anti-A Blood Grouping Serum.
Anti-B Blood Grouping Serum.

10. Allergenic Extracts
Allergenic Extracts (including pollens and miscellaneous substances).

11. Miscellaneous
Streptokinase—Streptodornase.

1. Bacterial Vaccines
Pertussis Vaccine.

2. Bacterial Antigens
One polyvalent bacterial antigen with "No U. S. Standard of Potency."
3. Allergenic Extracts

Allergenic Extracts (including pollens).
Poison Ivy Extract.
Poison Oak Extract.
Poison Ivy-Poison Oak Extracts Combined.

License No. 43—Abbott Laboratories, North Chicago, Ill.

1. Blood and Blood Derivatives

Radio-Iodinated (I\(^{131}\)) Serum Albumin (Human).

2. Allergenic Extracts

Allergenic Extracts (including pollens and miscellaneous substances).

License No. 51—The Upjohn Company, Kalamazoo, Mich.

1. Blood and Blood Derivatives

Thrombin.

License No. 52—E. R. Squibb & Sons, Division of Eli Lilly and Mathieson Chemical Corp., Biological Laboratories, New Brunswick, N.J.

1. Blood and Blood Derivatives

Fibrinogen (Human).
Immune Serum Globulin (Human).
Normal Serum Albumin (Human).
Poliovirulent Immune Globulin (Human).
Radio-Iodinated (I\(^{131}\)) Serum Albumin (Human).

2. Multiple Antigen Preparations

Staphylococcus Toxoid and Bacterial Antigen made from Staphylococcus (Albus and Aureus).

3. Diagnostic Substances for Dermal Tests

Lymphogranuloma Venereum Antigen.

License No. 56—Eli Lilly and Company, Indianapolis, Ind.

1. Antitoxins

Diphtheria Antitoxin.
Pertussis Antitoxin.
Tetanus Antitoxin.

2. Bacterial Vaccines

Cholera Vaccine.
Pertussis Vaccine.
Typhoid Vaccine.
Typhoid and Paratyphoid Vaccine.
Bacterial Vaccine made from Partially Autolyzed Pneumococci.
Seven polyvalent bacterial vaccines with "No U.S. Standard of Potency".

3. Bacterial Antigens

Thirteen polyvalent bacterial antigens with "No U.S. Standard of Potency".

4. Toxoids and Toxins for Immunization

Tetanus Toxoid.

5. Multiple Antigen Preparations

Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Phosphate Precipitated.

Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate (For Adult Use).

6. Viral and Rickettsial Vaccines

Influenza Virus Vaccine.
Mumps Vaccine.
Poliovirulent Vaccine.
Rabies Vaccine.
Smallpox Vaccine.
Typhus Vaccine.

7. Diagnostic Substances for Dermal Tests

Diphtheria Toxin for Schick Test.
Histoplasmin.
Mumps Skin Test Antigen.
Tuberculin, Old.

8. Allergenic Extracts

Allergenic Extracts.

License No. 64—Massachusetts Public Health Biologic Laboratories, Boston, Mass.

1. Antitoxins

Diphtheria Antitoxin.
Tetanus Antitoxin.

2. Blood and Blood Derivatives

Immune Serum Globulin (Human).

3. Bacterial Vaccines

Pertussis Vaccine.
Typhoid Vaccine.
Paratyphoid Vaccine.

4. Toxoids and Toxins for Immunization

Diphtheria Toxoid.
Tetanus Toxoid.

5. Multiple Antigen Preparations

Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Phosphate Precipitated.

Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Precipitated.

6. Viral and Rickettsial Vaccines

Smallpox Vaccine.

7. Diagnostic Substances for Dermal Tests

Diphtheria Toxin for Schick Test.
Schick Test Control.
Tuberculin, Old.

License No. 73—Connaught Medical Research Laboratories, University of Toronto, Toronto, Canada.

1. Antitoxins

Diphtheria Antitoxin.
Staphylococcus Antitoxin.
Tetanus Antitoxin.

2. Blood and Blood Derivatives

Normal Serum Albumin.

3. Toxoids and Toxins for Immunization

Diphtheria Toxoid.

4. Toxoids and Toxins for Immunization

AdSORBED.

1. Antitoxins

Diphtheria Antitoxin.

2. Allergenic Extracts

Allergenic Extracts (including pollens and miscellaneous substances).

License No. 91—Hollister-Stier Laboratories, Spokane, Wash.; Chicago, Ill.; Philadelphia, Pa.; Los Angeles, Calif.; and Atlanta, Ga.

1. Bacterial Vaccines

Two polyvalent bacterial vaccines with "No U.S. Standard of Potency".

2. Allergenic Extracts

Allergenic Extracts (including pollens and miscellaneous substances).

License No. 59—Division of Laboratories, Michigan Department of Health, Lansing, Mich.

1. Antitoxins

Diphtheria Antitoxin.
Tetanus Antitoxin.

2. Therapeutic Immune Serum

Anti-Hemophilus Influenzae Type b Serum.
Antipneumococcal Serum.

3. Blood and Blood Derivatives

Antihemophilic Globulin (Human).
Citrated Whole Blood (Human).
Fibrinogen (Human).
Immune Serum Globulin (Human).
Normal Horse Serum.
Normal Human Plasma.
Normal Rabbit Serum.
Normal Serum Albumin (Human).
Poliovirulent Immune Globulin (Human).
Resuspended Red Blood Cells (Human).

4. Bacterial Vaccines

Pertussis Vaccine.
Typhoid Vaccine.
Paratyphoid Vaccine.

5. Toxoids and Toxins for Immunization

Diphtheria Toxoid.
Diphtheria Toxoid Aluminum Phosphate Adsorbed.
Tetanus Toxoid.
Tetanus Toxoid Aluminum Phosphate Adsorbed.

6. Multiple Antigen Preparations

Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Alum Precipitated.
Diphtheria and Tetanus Toxoids Combined Alum Precipitated.

Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Adsorbed.

Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Phosphate Adsorbed.

Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Adsorbed.

Rabies Vaccine.
Smallpox Vaccine.

Anti-Human Serum.
Anti-Human Precipitin Serum.

License No. 185—Minneapolis War Memorial Blood Bank, Minneapolis, Minn.

1. Blood and Blood Derivatives

Citrated Whole Blood (Human).
Normal Human Plasma.
Packaged Red Blood Cells (Human).
Single Donor Plasma (Human).

2. Diagnostic Substances for Laboratory Tests

Anti-A Blood Grouping Serum.
Anti-B Blood Grouping Serum.
Anti-Rh Typing Serums:
Anti-Rh" (Anti-D).
Anti-Rh" (Anti-CD).
Anti-Rh' (Anti-C).
Anti-Rh" (Anti-CDE).
Anti-rh' (Anti-C).
Anti-rh" (Anti-E).
Anti-hr' (Anti-o).

1. Therapeutic Immune Serums

Measles Immune Serum (Human), Mumps Immune Serum (Human), Parusias Immune Serum (Human), Poliomyelitis Immune Serum (Human), Scarlet Fever Immune Serum (Human).

2. Blood and Blood Derivatives

Citrated Whole Blood (Human).
Normal Human Plasma.
Normal Human Serum.
Single Donor Plasma (Human).

1. Diagnostic Substances for Laboratory Tests

Anti-A Blood Grouping Serum.
Anti-B Blood Grouping Serum.
Anti-Rh Typing Serums:
Anti-Rh" (Anti-D).
Anti-Rh" (Anti-CD).
Anti-Rh' (Anti-C).
Anti-Rh" (Anti-CDE).
Anti-Rh' (Anti-C).
Anti-Rh" (Anti-E).

Part II. List of Biologic Products With License Numbers of Establishments Licensed for Each Product

1. Antitoxins
B. histolyticus Antitoxin—17.
B. oedematitans Antitoxin—1, 8, 17.
B. sordellit Antitoxin—17.
Botulism Antitoxin—17.
Diphtheria Antitoxin—1, 8, 11, 14, 17, 56, 64, 73, 99, 101, 110, 144.
Dysentery Antitoxin, Shiga—1.
Gas Gangrene Polyvalent Antitoxin—4, 17, 101, 144.
Perfringes Antitoxin—1, 8, 17, 56, 110.
Staphylococcus Antitoxin—73.
Tetanus Antitoxin—1, 2, 8, 11, 14, 17, 56, 64, 73, 99, 101, 110, 144.
Tetanus and Gas Gangrene Polyvalent Antitoxin—1, 8, 17, 56, 101, 110, 144.
V. septique Antitoxin—1, 8, 17, 56, 110.
2. Therapeutic Immune Serums
Antibruella Serum—2.
Antiyerispidol Serum—110.
Antihemophilus Influenzae Type b Serum—99.
Antimumps Serum—140, 184.
Antipertussis Serum—140, 144, 184.
Antipneumococcic Serum—99.
Antitarbles Serum—17, 238.
Anti-Rocky Mountain Spotted Fever Serum—2.
Antitulararem Serum—2.
Chicken Pox Immune Serum (Human)—171.
Measals Immune Serum (Human)—113, 139, 171, 187.
Mumps Immune Serum (Human)—113, 139, 171, 187.
Pertussis Immune Serum (Human)—139, 171, 187.
Poliomyelitis Immune Serum (Human)—113, 187.
Scarlet Fever Immune Serum (Human)—113, 139, 171, 187.
Polyvalent bacterial vaccines with "No U.S. Standard of Potency"—1, 2, 8, 17, 56, 91, 101, 105, 110, 119, 119.

5. Sensitive Bacterial Vaccines

Cholera Vaccine—2.

Pertussis Vaccine—2.

Typhoid Vaccine—2.

Typhoid and Paratyphoid Vaccine—2.

Polyvalent sensitized bacterial vaccines with "No U.S. Standard of Potency"—2.

6. Bacterial Antigens

Bacterial Antigen with Antihistamine—2.

Pseudomonas Polysaccharide—184.

7. Modified Bacterial Antigens

Polyvalent modified bacterial antigens with "No U.S. Standard of Potency"—1.

8. Toxoids and Toxins for Immunization

Diphtheria Toxoid—1, 2, 8, 14, 17, 64, 73, 99, 101, 110, 120, 121, 144.

Diphtheria Toxoid Aluminum Hydroxide Adsorbed—1.

Diphtheria Toxoid Aluminum Hydroxide Precipitated—121.

Diphtheria Toxoid Aluminum Phosphate Adsorbed—1, 14, 17, 99, 144.

Diphtheria Toxoid Proamine Precipitated—2.

Scarlet Fever Streptococcus Toxin for Immunization—17, 101.

Staphylococcus Toxoid—1, 2, 11, 17, 73, 101, 110, 119.

Streptococcus Erythrogenic Toxin—101.

Tetanus Toxoid—1, 2, 8, 14, 17, 56, 64, 73, 99, 101, 110, 121, 144.

Tetanus Toxoid Aluminum Hydroxide Adsorbed—5.

Tetanus Toxoid Aluminum Hydroxide Precipitated—121.

Tetanus Toxoid Aluminum Phosphate Adsorbed—1, 17, 99, 144.

9. Multiple Antigen Preparations

Adenovirus and Influenza Virus Vaccines Combined Aluminum Phosphate Adsorbed—1.

Diphtheria and Tetanus Toxoids and Pertussis and Poliomyelitis Vaccines Aluminum Phosphate Adsorbed—1.

Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Hydroxide Adsorbed and Pertussis Vaccine Combined—121.

Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Hydroxide Precipitated—121.

Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Adsorbed—1, 17, 99, 144.

Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Precipitated—64.

Diphtheria Toxoid Aluminum Hydroxide Adsorbed and Pertussis Vaccine Combined—8.

Diphtheria Toxoid and Pertussis Vaccine Combined—8.

Diphtheria Toxoid and Pertussis Vaccine Combined Aluminum Hydroxide Adsorbed—1.

Diphtheria Toxoid and Pertussis Vaccine Combined Aluminum Hydroxide Precipitated—1, 2, 56, 99, 101, 110, 144.

Diphtheria and Tetanus Toxoids and Pertussis Vaccine Combined Aluminum Hydroxide Adsorbed—1, 17, 99, 144.

Diphtheria and Tetanus Toxoids Combined Aluminum Phosphate Adsorbed—1, 17, 99, 144.

Diphtheria and Pertussis Vaccine Combined—8.

10. Viral and Rickettsial Vaccines

Adenovirus Vaccine—1, 144.

Encephalitis Vaccine, Herpes "F" Virus—8.

Equine Encephalomyelitis Vaccine (Eastern)—8, 110.

Equine Encephalomyelitis Vaccine (Western)—8, 110.

Influenza Virus Vaccine—1, 2, 17, 56, 101, 110, 297.

Mumps Vaccine—17, 56.

Poliomyelitis Vaccine—1, 2, 8, 56, 110, 144, 297.

Q Fever Vaccine—17.

Rabies Vaccine—1, 2, 17, 56, 99, 101, 110, 120, 121.

Rocky Mountain Spotted Fever Vaccine—2, 17.
Smallpox Vaccine—1, 2, 8, 14, 17, 56, 64, 99, 101, 144.
Typhus Vaccine—2, 56, 110.
Typhus Vaccine (Epidemic)—17, 101.
Yellow Fever Vaccine—101.

11. Diagnostic Substances for Dermal Tests

Blastomyein—1.
Blastomyein, Pin Test—291.
Coccioldin—8.
Coccioldin, Pin Test—291.
Dick's Toxin for Schick Test—1, 2, 8, 14, 56, 64, 99, 101, 110, 120, 121, 144.
Histoplasmin—1, 56, 99.
Histoplasmin, Pin Test—291.
Lymphgranuloma Venereum Antigen—17, 52.
Mumps Skin Test Antigen—56, 139.
Scarlet Fever Streptococcus Toxin for Dick Test—2, 17, 101, 144.
Schick Test Control—2, 8, 14, 64, 99, 101, 110, 121, 144.
Tuberculin, Old—1, 8, 14, 17, 56, 64, 99, 110, 121, 144.
Tuberculin, Patch Test—17.
Tuberculin, Purified Protein Derivatives—1, 2.

12. Diagnostic Substances for Laboratory Tests

Absorbed Anti-A Serum—113, 139, 140, 155, 156, 157, 158, 159, 163, 164, 165, 179, 184.
Anti-A Blood Serum (Human)—140, 184.
Anti-Rh Typing Serums:
  Anti-Rh (Anti-D)—14, 17, 113, 139, 140, 155, 156, 157, 158, 159, 161, 163, 164, 165, 166, 168, 179, 181, 184, 185, 187, 232, 289, 295.
  Anti-Rh (Anti-C)—14, 17, 113, 139, 140, 155, 156, 157, 158, 161, 163, 164, 165, 166, 167, 179, 181, 184, 185, 232, 257, 289.
Anti-Rh’ (Anti-D)’—113, 139, 140, 155, 156, 157, 158, 159, 163, 164, 165, 167, 179, 184, 232.
Anti-Rh’ (Anti-C)’—113, 139, 140, 155, 156, 157, 158, 159, 163, 164, 165, 167, 179, 184, 232.
Anti-Rh+Rhs (Anti-D+D)—159.
Anti-Fy Serum (Anti-Duffy)—155, 156, 157, 169, 164, 179, 280.
Notices

Venoms:
  Bee Venom—2.
  Cobra Venom Solution—125.
  Cobra Venom with Silicate and Formic Acids—125.
  Russell Viper Venom—129.

### CUMULATIVE CODIFICATION GUIDE—JUNE

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published to date during June.

#### 3 CFR—Proclamations:
- Mar. 1, 1907: 4923
- Feb. 15, 1909: 5243
- Dec. 22, 1912: 5126
- 3331: 4807
- 3352: 5171
- 3353: 5373

#### Executive Orders:
- Dec. 17, 1978: 5243
- May 27, 1986: 5391
- July 2, 1910: 4923
- May 27, 1913: 5391
- Apr. 11, 1918: 4812
- Sept. 5, 1916: 4812
- Nov. 27, 1923: 5391
- Apr. 17, 1926: 4814
- 2242: 4813
- 5339: 5126
- 9823: 5243
- 9328: 5374
- 19879: 4893
- 10880: 5131

#### 5 CFR
- 6: 4845, 5075, 5215
- 26: 5374
- 27: 5215
- 32: 5243
- 33: 4948

#### 6 CFR
- 333: 5075
- 386: 4789
- 421: 4856
- 4594, 4995, 5132, 5215, 5263, 5319
- 477: 4975
- 434: 4962
- 436: 4968
- 446: 4948
- 507: 5172

#### 7 CFR
- 28: 4982
- 29: 4948
- 32: 4948
- 33: 4949
- 36: 5320
- 38: 5134
- 39: 5263, 5264
- 49: 5266, 5267
- 56: 5134
- 68: 4801
- 69: 4952
- 91: 4896
- 95: 5326
- 96: 4932
- 99: 4801
- 100: 515
- 101: 4897, 4975
- 102: 4989, 4997, 5145
- 103: 4953, 5216, 5321
- 104: 5177, 5218
- 106: 5322
- 107: 4984
- 108: 4856
- 109: 4898
- 110: 5377
- 111: 4803
- 115: 5078
- 116: 4803
- 117: 5318
- 118: 5078
- Proposed Rules: 5297

#### 9 CFR
- Proposed Rules: 5401

#### 14 CFR
- 35: 5178

CFR SUPPLEMENTS

(As of January 1, 1960)

The following Supplements are now available:

Title 16, Revised .................................. $6.50
Title 17 ........................................... $0.75

Previously announced: Title 3 ($0.60); Titles 4-5
($1.00); Title 7, Parts 1-50 ($0.45); Parts 51-136
($0.45); Parts 53–209 ($0.40); Parts 210–299,
Revised ($4.00); Parts 300–999 ($1.50); Part 106
to End ($2.50); Title 8 ($0.40); Title 9 ($0.35)
Titles 10–13 ($0.50); Title 14, Parts 1–39 ($0.45)
Title 15 ($1.25); Title 18 ($0.55); Title 19 ($1.00)
Title 20 ($1.25); Title 21 ($1.50); Titles 22–23
($0.45); Title 24 ($0.45); Title 25 ($0.45); Title
26 (1939), Parts 1–79 ($0.40); Parts 80–169
($0.35); Parts 170–182 ($0.35); Parts 300 to End
($0.40); Title 26, Part 1 ($1.01–1.499) ($1.75)
Part 1 ($1.50 to End)–19 ($2.25); Parts 20–169
($1.75); Parts 170–221 ($2.25); Parts 800 to End
($1.25); Titles 28–29 ($1.75); Titles 30–31 ($0.50)
Title 32, Parts 1–999 ($2.00); Parts 400–699
($2.00); Parts 700–999 ($1.00); Parts 1000–
999, Revised ($3.75); Parts 1000 to End
($0.60); Title 33 ($1.75); Title 35, Revised
($3.50); Title 36, Revised ($3.00); Title 37, Re-
vised ($3.50); Title 38 ($1.00); Title 39 ($1.50)
Title 42, Revised ($4.00); Title 43 ($1.00); Title
46, Parts 1–145 ($1.00); Title 146–149, Revised
($6.00); Part 150 to End ($0.65); Title 47, Parts
1–29 ($1.00); Part 30 to End ($0.30); Title 49,
Parts 1–70 ($1.75); Parts 71–90 ($1.00); Parts
1–164 ($0.45); Part 165 to End ($1.00); Title
50 ($0.70).

Order from the Superintendent of Documents,
