Title 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 611—SWEATER AND KNIT SWIMWEAR INDUSTRY IN PUERTO RICO

Wage Order Giving Effect to Recommendations

Pursuant to section 5 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1062, as amended; 29 U.S.C. 205), the Secretary of Labor by Administrative Order No. 534 (25 F.R. 5296), appointed and convened Industry Committee No. 48-E and referred to it and duly noticed a hearing on the question of the minimum wage rate or rates to be paid under section 6(c) of the Act to employees in the sweater and knit swimwear industry in Puerto Rico, as defined in Administrative Order No. 534, who are engaged in commerce or the production of goods for commerce.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee filed with the Administrator a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1064, as amended; 29 U.S.C. 208), Reorganization Plan No. 6 of 1950 (64 Stat. 1263; 3 CFR, 1949-1953 Comp., p. 1004), and General Order No. 45-A (15 F.R. 3290) of the Secretary of Labor, the recommendations of the Committee are hereby published in this order amending 29 CFR, Part 611, effective September 9, 1960, to read as follows:

- Sec.
611.1 Definition of the industry.
611.2 Wage rates.
611.3 Notices.

AUTHORITY: §§ 611.1 to 611.3 issued under sec. 8, 52 Stat. 1064, as amended; 29 U.S.C. 208. Interpret or apply sec. 6, 52 Stat. 1062, as amended; 29 U.S.C. 206.

§ 611.1 Definition of the industry.

The sweater and knit swimwear industry in Puerto Rico, to which this part shall apply is defined as the manufacture of men's, women's, misses', boys', and girls' knit sweaters, shrugs, shoulderettes, boleros, and similar knitwear, and women's, misses', and girls' knit swimwear: *Provided, however,* That the industry shall not include the embroidery of any article or trimming by a crochet beading process or with bullion thread.

§ 611.2 Wage rates.

Wages at a rate of not less than \$1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the sweater and knit swimwear indus-

try in Puerto Rico, who is engaged in commerce or in the production of goods for commerce.

§ 611.3 Notices.

Every employer subject to the provisions of § 611.2 shall post in a conspicuous place in each department of his establishment where employees subject to the provisions of § 611.2 are working such notices of this part as shall be prescribed from time to time by the Administrator of the Wage and Hour and Public Contracts Divisions of the United States Department of Labor and shall give such other notice as the Administrator may prescribe.

Signed at Washington, D.C., this 18th day of August 1960.

CLARENCE T. LUNDQUIST,
Administrator.

Title 41—PUBLIC CONTRACTS

Chapter 1—Federal Procurement Regulations

PART 1-2—PROCUREMENT BY FORMAL ADVERTISING

Subpart 1-2.4—Opening of Bids and Award of Contracts

PROTESTS AGAINST AWARD

1. The table of contents is amended to add § 1-2.407-8 as follows:

1-2.407-8 Protests against award.

2. New section 1-2.407-8 is added as follows:

§ 1-2.407-8 Protests against award.

(a) *General.* Contracting officers shall consider all protests or objections to the award of a contract, whether submitted before or after award. If the protest is oral and the matter cannot otherwise be resolved, written confirmation of the protest shall be requested. The protester shall be notified in writing of the final decision on the written protest.

(b) *Protests before award.* If award has not been made, the contracting officer may require that written confirmation of an oral protest be submitted by a specified time and inform the protester that award will be withheld until the specified time. If the written protest is not received by the time specified, the oral protest may be disregarded and award may be made in the normal manner unless the contracting officer, upon investigation, finds that remedial action is required, in which event such action shall be taken.

(1) In appropriate cases, notice of a protest will be given to bidders affected

thereby. For example, when a protest against the making of an award is received and the contracting officer determines to withhold the award pending disposition of the protest, the bidders whose bids might become eligible for award should be informed of the protest and requested, before expiration of the time for acceptance of their bids, to extend the time for acceptance (with consent of sureties, if any) in order to avoid the need for readvertisement. In the event of failure to obtain such extension of bids, then consideration should be given to proceeding with award under (b) (3) below.

(2) Where a protest has been lodged with the procuring agency, the views of the Office of the Comptroller General regarding the protest should be obtained before award whenever such action is considered to be desirable. Where it is known that a protest against the making of an award has been lodged directly with the Comptroller General, a determination to make award under (b) (3) below must be approved at an appropriate level above that of the contracting officer, in accordance with agency procedures. While award need not be withheld pending final disposition by the Comptroller General of a protest, a notice of intent to make award in such circumstances shall be furnished the Comptroller General, and formal or informal advice should be obtained concerning the current status of the case prior to making the award.

(3) Where a written protest against the making of an award is received, award shall not be made until the matter is resolved, unless the contracting officer determines that:

- (i) The items to be procured are urgently required; or
- (ii) Delivery or performance will be unduly delayed by failure to make award promptly; or
- (iii) A prompt award will otherwise be advantageous to the Government.

If award is made under (i), (ii) or (iii) above, the contracting officer shall document the file to explain the need for an immediate award, and shall give written notice of the decision to proceed with the award to the protester and, as appropriate, to others concerned.

(c) *Protests after award.* A protest received after award shall be handled in accordance with agency procedures.

Effective date. These regulations are effective December 1, 1960, but may be observed earlier.

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c))

Dated: August 18, 1960.

FRANKLIN FLOETE,
Administrator of General Services.

Chapter III—Federal Aviation Agency

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Reg. Docket No. 479; Amdt. 181]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or cancelled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedures hereon are impracticable, and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR Part 609) is amended as follows:

1. The low or medium frequency range procedures prescribed in § 609.100(a) are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

RADAR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If a radar instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the radar controller. From initial contact with radar to final authorized landing minimums, the instructions of the radar controller are mandatory except when (A) visual contact is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach, except when the radar controller may direct otherwise prior to final approach, a missed approach shall be executed as provided below when (A) communication on final approach is lost for more than 5 seconds during a precision approach, or for more than 30 seconds during a surveillance approach; (B) directed by radar controller; (C) visual contact is not established upon descent to authorized landing minimums; or (D) if landing is not accomplished.

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or cancelled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedures hereon are impracticable and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR Part 609) is amended as follows:

1. The low or medium frequency range procedures prescribed in § 609.100(a) are amended to read in part:

Title 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Milk Order No. 975]

PART 975—MILK IN NORTHEASTERN OHIO MARKETING AREA

Order Terminating Certain Provisions

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and of the order regulating the handling of milk in the Northeastern Ohio marketing area (7 CFR Part 975), it is hereby found and determined that:

(a) The following provisions of the order, no longer tend to effectuate the declared policy of the Act:

(1) Sections 975.16, 975.17, 975.22(k), 975.60, 975.61, 975.72 and 975.73;

(2) In § 975.22(j) (2) the provision "and for April, May, and June the price for ineligible milk and the price for eligible milk, computed pursuant to §§ 975.72 and 975.73, respectively,";

(3) In § 975.30(a) (1) the provision "and for the months specified in § 975.60 the aggregate quantities of eligible milk";

(4) In § 975.32(a) the provisions "for the months of July, through March," and "and for the months of April through June, the pounds of eligible milk, and the percentage of butterfat contained therein, received from each producer,";

(5) In § 975.74(b) the provision "975.72, and 975.73";

(6) In § 975.80(a) the provisions "(s)" and "or §§ 975.72 and 975.73"; and

(7) In § 975.81 the provision "with respect to eligible milk received from producers during the months specified in § 975.60 and";

(b) To provide 30 days notice of effective date hereof is impractical, unnecessary, and contrary to the public interest in that:

(1) This termination order does not require of persons affected substantial or extensive preparation prior to the effective date.

(2) This termination order is necessary to reflect current marketing conditions and to maintain orderly marketing conditions in the marketing area.

(3) The termination order should be made effective August 25, 1960, in order that producers may receive advance notice that their deliveries of milk during the months of October through December of 1960 will not be used as a basis for computing payments during the months of April through June 1961.

(4) Seven cooperative associations representing more than two-thirds of the producers in the Northeastern Ohio marketing area have requested termination of the eligible-ineligible provisions of the order. Producers not members of a cooperative association expressing views on this matter also favored termination of these provisions. Since inauguration of the eligible-ineligible plan to encourage producers to deliver a more even supply of milk seasonally, cooperative associations have acquired additional facilities to process the market's excess supply of milk. Cooperative associations now process large quantities of milk and have facilities to handle additional supplies.

(5) The seasonal pattern of receipts from producers during the past four years has not changed significantly. Under the present marketing conditions cooperative associations can now handle major portions of the markets' excess supplies of milk. Moreover, certain administrative difficulties have developed which are undermining the effectiveness of the plan and which will be eliminated by the termination of these provisions.

(6) This termination affects only the distribution of returns to producers and does not affect the level of class prices payable by handlers.

(7) Based on a request for the termination of the eligible-ineligible payment plan to producers and supported by seven cooperative associations, representing more than two-thirds of the producers supplying the market, a notice of proposed termination was issued July 19, 1960 (25 F.R. 6984), to which interested parties were given opportunity to submit written views, data and arguments. Views in opposition to the proposed termination were received from a producer and from handlers. These views were fully considered in arriving at the conclusion that the present eligible-ineligible provisions in the order do not effectuate the declared policy of the Act.

Therefore, good cause exists for making this order effective August 25, 1960.

It is therefore ordered, That the aforesaid provisions of the order are hereby terminated effective August 25, 1960.

(Secs. 1-19, 48 Stat. 81, as amended; 7 U.S.C. 601-674)

Issued at Washington, D.C., this 19th day of August 1960.

Assistant Secretary.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Tolerances for Residues of Ethion

A petition was filed with the Food and Drug Administration by Niagara Chemical Division, Food Machinery and Chemical Corporation, Middleport, New York, requesting the establishment of tolerances for residues of ethion (O,O,O',O'-tetraethyl S,S'-methylene bisphosphorodithioate) in or on apples, grapes, peaches, pears, plums, and prunes.

The data before the Commissioner does not show that this pesticide chemical, when included in the feed of animals, would not result in residues in meat and milk. Residues of ethion in pomace from treated apples would make such pomace unsuitable for livestock feed, and the proposed usage does not contemplate that it will be used for that purpose. There is no basis for fixing a tolerance for the pesticide in milk or meat at a level higher than zero.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which tolerances are being established.

After consideration of the data submitted in the petition and other relevant material which show that the tolerances established in this order will protect the public health, and by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 120.7(g)), the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120) are amended by changing § 120.173 to read as follows:

§ 120.173 Tolerances for residues of ethion.

Tolerances for residues of ethion (O,O,O',O'-tetraethyl S,S'-methylene bisphosphorodithioate) in or on raw agricultural commodities are established as follows:

(a) 1 part per million in or on apples, beans, grapes, melons, onions, peaches, pears, plums, prunes, strawberries, tomatoes.

(b) Zero part per million in meat and milk.

Any person who will be adversely affected by the foregoing order may at any time prior to the thirtieth day from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk,

Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 2183]

[Arizona 023731]

ARIZONA

Withdrawing Public Lands for Use of the Department of the Army for Military Purposes

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Arizona are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral-leasing laws, but not the disposal of materials under the Act of July 31, 1947 (61 Stat. 681; 30 U.S.C. 601-604), as amended, and reserved for use of the Department of the Army for military purposes:

NEW MEXICO

Partially Revoking Public Land Order No. 105 of March 29, 1943

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Public Land Order No. 105 of March 29, 1943, withdrawing public lands for use of the War Department as a practice bombing range, is hereby revoked so far as it affects the following-described lands:

NEW MEXICO PRINCIPAL MERIDIAN

T. 22 S., R. 3 W.,
Sec. 24, S½;
Sec. 25, All.

The areas described aggregate 960 acres.

2. The lands are located in Dona Ana County, New Mexico, 17 miles west of Las Cruces, New Mexico. The topography is gently rolling to hilly. The soils are sandy in character and shallow to rocky. Vegetation consists chiefly of creosote bush, mesquite, black brush, snakeweed and some grasses.

3. The State of New Mexico has waived the preference right granted to it by subsection (c) of section 2 of the Act of August 27, 1958 (72 Stat. 928; 43 U.S.C. 851, 852).

4. Subject to any valid existing rights and the requirements of applicable law, the lands are hereby opened to filing of applications, selections and locations under the public land laws in accordance with the following:

(a) Applications and selections under the nonmineral public land laws, and applications and offers under the mineral leasing laws may be presented to the Manager named below, beginning on the date of this order. Such applications, selections and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of such claims or rights. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications and selections under the non-mineral public land laws, other than those coming under paragraph (1) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a.m. on September 24, 1960, will be considered as filed simultaneously at that hour. Rights under such applications and selections filed after that hour and date will be governed by the time of filing.

(b) The lands shall be open to location under the United States Mining laws at 10:00 a.m. on September 24, 1960.

5. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Post Office Box 1251, Santa Fe, New Mexico.

decision with the Hearing Clerk, United States Department of Agriculture, Washington, D.C., not later than the close of business the 10th day after publication of this decision in the FEDERAL REGISTER. The exceptions should be filed in quadruplicate.

Preliminary statement. The hearing on the record of which the proposed amendments, as hereinafter set forth, to the tentative marketing agreement and to the order, were formulated, was conducted at San Antonio, Texas, on July 22, 1959, pursuant to notice thereof issued July 13, 1959 (24 F.R. 5742), and at a reopened session at San Antonio on June 27, 1960, pursuant to notice thereof issued May 25, 1960 (25 F.R. 4753).

The material issues on the record of the hearing relate to:

1. Providing for year-round Class II-A classification and pricing of milk used to produce Cheddar Cheese;
2. Classifying cultured sour cream and frozen storage cream as Class II milk products;
3. Permitting a cooperative association to become a handler with respect to deliveries to handlers of milk in bulk tanks directly from farms of its members and modifying the shrinkage provision;
4. Revising the pool plant provisions and providing for location adjustments;
5. Revising the rate and the application of compensatory payments;
6. Converting skim milk solids used to fortify fluid milk products to their skim milk equivalent for accounting purposes;
7. Revising certain definitions and making certain administrative and conforming changes; and
8. The addition of a definition of "dairy farmers for other markets".

Findings and conclusions. A recommended decision was issued February 1, 1960 (25 F.R. 977) containing findings and conclusions on the above listed material issues numbered 1 through 7, and containing also recommended terms and provisions of an amended order in its entirety. The above numbered issue No. 8 involves a proposal first considered at the reopened session of the hearing on June 27, 1960. This reopened session of the hearing was limited (in addition to issue No. 8) to the consideration of proposals (Nos. 4, 12, 20, 21, and 22) relating only to above listed issues numbered 4 and 5.

Accordingly, the following findings and conclusions in this supplemental recommended decision relate only to material issues numbered 4, 5 and 8, and are based on evidence presented both at the initial and reopened sessions of the hearing and the record thereof:

Issue No. 4. The following findings and conclusions on this issue are in addition to, and in no way a substitute for, those set forth in the recommended decision of February 1, 1960, relating to this issue:

It was proposed that a plant which is operated by a cooperative association

and which is an approved source of milk for distribution as Grade A milk in the marketing area be qualified as a pool plant in any month in which 50 percent or more of the producer milk of members is received during the month at pool plants of other handlers, or is transferred to such plants from the plant of the cooperative association.

Under the pool plant definition currently in effect (§ 949.7) and as contained in the recommended decision of February 1, 1960 (§ 949.8), such a plant is a pool plant only if 75 percent or more of the milk is received at pool plants of other handlers or transferred to such plants from the plant of the cooperative.

The cooperative association plant in San Antonio functions as a balancing operation which receives the reserve supplies of milk not needed for fluid use at distributing plants and from which milk is transferred to distributing plants when it is needed. During some months more than 25 percent of the receipts from members of the cooperative is delivered or transferred to a single handler. This was the situation in nine months of the twelve-month period May 1959 through April 1960. Rejection of member milk by such a handler would result in exclusion of the cooperative plant from the pool under the 75 percent requirement.

Provision is made in the recommended decision of February 1, 1960 (and not modified herein) for making a "supply plant" eligible for pooling in all months if not less than 50 percent of its receipts from farmers is shipped to a distributing plant in each of the months of July through February. In this connection it was found that "any plant which ships more than half of its milk to this market is more particularly associated with this market than with any other xxx", and appropriately demonstrates association of the plant with the market. This standard should be equally applicable to the cooperative plant in San Antonio in view of its location and the functions performed. Accordingly, it is concluded that the proposed change in requirements for pooling a plant operated by the cooperative association should be adopted.

Issue No. 5. The following findings and conclusions are in addition to, and are not a substitute for, those contained in the recommended decision of February 1, 1960:

At the reopened hearing the proponent failed to demonstrate that the present provisions of the order with respect to compensatory payments are inadequate and should be changed to make such payments applicable during the entire year. It was not shown that other source milk is available to San Antonio handlers during the September-December period at less than the local Class I price. Neither was it shown that producer milk has been displaced to any significant amount by other source milk.

As noted in the recommended decision of February 1, 1960, San Antonio is a market in short supply. In many months, producer receipts have been less than Class I utilization. Since the order became effective in July 1952, there has not been a single month during the September-December period when producer receipts equaled as much as 110 percent of Class I utilization and the smallest percent of producer milk allocated to Class I usage during the September-December period was 90 percent in December 1960 (exclusive of September and October 1958 when the market was disrupted by a dispute between producers and handlers over the payment of premiums above the order price).

The order should be clarified to eliminate the possibility of an additional compensatory payment on milk which has already been assessed a compensatory payment under another order.

Issue No. 8. The definition of the term "producer" should be changed so that it will not include, during the months of March through June, a dairy farmer from whom milk is received at a supply plant by a handler if milk from the same farm and dairy farmer was received by the same handler as other than producer milk during any of the preceding months of July through February.

Such a provision is a reasonable and desirable safeguard against the possibility of flush-season pooling of milk not actually associated with the market. Need for the provision arises at this time in view of, and in connection with, the revised definition of "supply plant" as set forth in the recommended decision of February 1, 1960. It was demonstrated that opportunity would exist, under the recommended supply plant definition, for the shifting of flush season production to a supply plant from a nearby nonpool plant of the same handler.

The change in the producer definition herein provided, however, was not shown to be necessary with respect to receipts from dairy farmers at pool plants other than supply plants as defined in the recommended decision of February 1, 1960. It was proposed to include in the order a definition of "dairy farmer for other markets" as a means of achieving the purposes herein set forth. However, since reference to such term would be necessary only in the definition of the term producer, the purpose is more appropriately effectuated as herein provided.

Ruling on proposed findings and conclusions. Briefs and proposed findings and conclusions were filed on behalf of certain interested parties in the market. These briefs, proposed findings and conclusions and the evidence in the record were considered in making the findings and conclusions set forth above. To the extent that the suggested findings and conclusions filed by interested parties are inconsistent with the findings and conclusions set forth herein, the request to make such findings or reach such conclusions are denied for the reasons previously stated in this decision.

General findings. The findings and determinations hereinafter set forth are supplementary and in addition to the

findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) The tentative marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(b) The parity prices of milk as determined pursuant to Section 2 of the Act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which effect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Recommended marketing agreement and order amending the order. The following changes in provisions of the order regulating the handling of milk in the San Antonio, Texas, marketing area, as such provisions are set forth in the recommended decision issued on February 1, 1960 (25 F.R. 977), are recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out.

§ 949.3 [Amendment]

1. Amend paragraph (c) of § 949.3 (definition of the term "pool plant") by changing the phrase "75 percent or more" to read "50 percent or more".

§ 949.11 [Amendment]

2. Amend § 949.11 (definition of the term "producer") by changing the last sentence to read as follows: "This definition shall not include any person with respect to milk produced by him which is received by a handler partially exempt pursuant to § 949.60, and shall not include any dairy farmer during the months of March through June from whom milk is received by a handler at a supply plant if milk from the same farm and dairy farmer was received at a nonpool plant operated by the same handler as other than producer milk during any of the preceding months of July through February."

3. Amend § 949.61 *Handlers operating nonpool plants*, to read as follows:

§ 949.61 Handler operating nonpool plants.

Each handler who operates a nonpool plant from which there is disposed of in the marketing area on routes, milk

which is not subject to the Class I pricing provisions of another order or has not been subject to a compensatory payment under another order issued pursuant to the Act, shall report as required pursuant to § 949.30, reporting receipts from dairy farmers in lieu of such information with respect to producers, shall allow verification of such reports, and on or before the 13th day of each month shall pay to the market administrator an amount computed by multiplying the total volume of such Class I milk disposed of on routes in the marketing area from such nonpool plant during the preceding month by the rate of compensatory payment computed pursuant to § 949.65.

Issued at Washington, D.C., this 19th day of August 1960.

F. R. BURKE,
Acting Deputy Administrator.

MONTANA

Proposed Withdrawal and Reservation of Lands

AUGUST 15, 1960.

The United States Forest Service, Department of Agriculture, has filed an application, Serial Number Montana-034538 for the withdrawal of the lands described below, from location and entry under the general mining laws, subject to existing valid claims. The applicant desires the land for administrative sites, public service sites, recreation areas, or for other public purposes as set forth specifically with regard to each area or description.

For a period of thirty days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, 1245 North 29th Street, Billings, Montana.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

[No. 61-1]

OREGON

Small Tract Opening

AUGUST 15, 1960.

1. Pursuant to authority delegated to me by Bureau Order No. 541, dated April 21, 1954 (19 F.R. 2473), as amended, I hereby open the following described re-vested Oregon and California Railroad lands, which were classified by Classification Order No. 56-1, dated May 31, 1956 (21 F.R. 4050), to application, for home site lease only, under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U.S.C. 682a), as amended:

WILLAMETTE MERIDIAN, OREGON

T. 39 S., R. 3 E.,

Sec. 11: Portions of SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, designated as Tract B, Lots 1, 2, and 11.

2. The lots listed in paragraph 1 are located near the head of Keene Creek of the Klamath River drainage, about twenty-one miles east of Ashland, Oregon, via seven miles of dirt road going north from State Highway No. 66 at Greensprings Summit. The lots are situated on the east shore of Hyatt Reservoir. The topography is a gentle slope to the west, with steeper slopes east of the tracts. The elevation is approximately 5,025 feet above sea level. The soil is a gray-brown silt loam. The vegetation consists of Douglas fir and associated species, with an undercover of various brush types and native grasses.

3. Domestic water may be developed by wells. The area is remote from city schools, stores, and other facilities. Rural schools and country stores are available within a radius of ten miles. The snowfall is heavy and generally the land is inaccessible by ordinary means of travel during the winter and early spring months. There is no evidence of metallic or nonmetallic minerals on the land.

4. The three lots have been marked on the ground and vary in size from 0.52 to 0.75 acre. A plat showing the location of each of the lots can be secured for \$1.00 from the Manager, Land Office, 809 NE Sixth Avenue, Portland 12, Oregon, or from the District Manager, Bureau of Land Management, 1133 S. Riverside, Medford, Oregon. The annual rental of each lot is \$62.00. After the third year the rental for the remainder

of the lease period may be paid in a lump sum at the present worth of annual rental per annum at five percent. Rights-of-way for access to the lots will be reserved on adjoining public land. All minerals on the land will be reserved to the United States, which also reserves for itself, its contractors and permittees, the right to enter on the leased lots to administer the land for sustained-yield timber management purposes under the act of August 28, 1937 (50 Stat. 874; 43 U.S.C. 1181a).

TRACT B

Lot	Acres	Advance rental—2 years
1.....	0.74	\$124
2.....	.52	124
11.....	.75	124

5. Leases will be issued for a term of ten years. All lots have improvements placed thereon by special land-use permittees. The improvements on Lot 1 are owned by Elmer A. Rockstead; those on Lot 2 by J. H. Candler; and those on Lot 11 by Robert G. Harper. In the event these named parties are not the successful applicants for the respective lots, they will be allowed a reasonable period of time from notice to them of the results of the August 15, 1960, opening within which to negotiate with the successful applicants of the lots for the disposition of the improvements thereon. Messrs. Rockstead, Candler, and Harper have the right either to remove any improvements that can be removed without substantial damage to the land or to sell them to the successful applicants.

The successful applicants will be required to pay the respective owners listed above a price mutually agreed upon with them for any improvements which they may decide to leave on the land and which are of value to the successful applicants. Proof of such agreement and payment must be filed within a reasonable time with the Land Office Manager, Bureau of Land Management, 809 NE Sixth Avenue, Portland 12, Oregon.

Upon a showing of inability to agree, the Bureau of Land Management will determine the fair and reasonable value of the improvements to be left upon the lots for which compensation must be paid. Failure of any successful applicant within a reasonable time to file proof of full compensation to any owner, as herein provided, will lead to rejection of the application and a lease will be offered to the next alternate drawee for compliance with the provisions of this section.

To maintain their rights under their leases, lessees will be required to construct and/or maintain substantial improvements on the land leased, in accordance with 7 below. Failure to do so within the first three years of the lease period will result in cancellation of the lease, unless the lessee can make a satisfactory showing that his failure to meet the requirements of the lease is justified under the circumstances and that cancellation of the lease would work an extreme hardship on the lessee. Leases will be renewable for periods up to 20 years at the discretion of the Bureau of Land Management and the renewal of leases

will be subject to such terms and conditions as are deemed necessary in light of the circumstances and the regulations existing at the time of renewal.

6. Persons who have previously acquired a tract under the Small Tract Act, either by lease or sale, are not qualified to lease any of the lots unless they can make a showing satisfactory to the Bureau of Land Management that a lease of another tract is warranted in the circumstances.

7. Upon allowance of an application and prior to construction of any improvements, plans for development of the lot and specifications of the improvements must be submitted to the District Manager for his written approval. The improvements referred to in paragraph 5 above must meet the following requirements:

(a) Buildings must be placed on a permanent foundation consisting of concrete, brick, pumice blocks, or stone masonry. Pitch of the roof and the size and spacing of rafters and ceiling joists must be adequate to withstand heavy snow packs. Chimneys must be constructed from ground level, and shall consist of pumice or concrete blocks, bricks, stone masonry, or comparable fire-resistant materials.

(b) All buildings must be constructed in a workmanlike manner of attractive, properly finished materials in harmony with surroundings.

(c) Every dwelling must have a floor space of not less than 500 square feet and have at least two doors as a means of access.

(d) All dwellings must be provided with sanitation facilities in accordance with or better than required by the laws of the State of Oregon. Exterior latrines must be constructed to meet the specifications and approval of the Oregon State Board of Health, and to provide precautions against pollution of domestic water and the Hyatt Reservoir. All lessees must comply with laws of the State of Oregon as to fire protection, building construction, and public health. In addition, each dwelling must be provided with a 50-gallon barrel containing water for fire protection.

(e) Without special written authorization from the District Manager, no building shall be placed closer than fifteen feet from the boundaries of the leased lot area.

(f) No green trees may be cut without approval of the District Manager.

(g) No burning of debris may be done during the closed fire season without authority of permit from the Southwest Oregon District, Oregon State Board of Forestry.

(h) The grounds and buildings shall be maintained in a neat and orderly manner.

(i) Garbage shall be disposed of only at dumps established for such purpose or in closed garbage pits constructed for use by a lessee and approved by the Jackson County Health Department.

8. Applicants must file, in duplicate, with the Manager, Portland Land Office, 809 NE Sixth Avenue, Portland 12, Oregon, Application Form 4-776 filled out in compliance with the instructions on the form and accompanied by any show-

ings or documents required by those instructions. Copies of the application form can be obtained from the above-named official.

The applications must specify the tract and lot number applied for and must be accompanied by a filing fee of \$10.00 plus the advance rental specified above. Failure to transmit these payments with the application will render the application invalid. Advance rentals will be returned to unsuccessful applicants. All filing fees will be retained by the United States.

9. Lots 1, 2 and 11 in Tract B are now open to filing of applications for lease under the Small Tract Act. All valid applications filed after August 15, 1960, and prior to 10 a.m., September 21, 1960, will be considered as simultaneously filed at that time. All valid applications filed after September 21, 1960, will be considered in the order of filing.

10. Inquiries concerning these lands shall be addressed to Manager, Land Office, 809 NE. Sixth Avenue, Portland 12, Oregon.

TOM D. CONKLIN,
Acting State Supervisor.

[Order No. 3]

Assistant Superintendent et al.; Delegation of Authority to Execute and Approve Certain Contracts

1. Assistant Superintendent and Administrative Officer: The Assistant Superintendent and Administrative Officer may execute and approve contracts not in excess of \$200,000 for construction, supplies, equipment and services in conformity with applicable regulations and statutory authority and subject to availability of appropriations. This authority may be exercised in behalf of any coordinated area.

2. Procurement and Property Management Officer: The Procurement and Property Management Officer may execute and approve contracts not in excess of \$50,000 for construction, supplies, equipment or services in conformity with applicable regulations and statutory authority and subject to availability of appropriations. This authority may be exercised in behalf of any coordinated area.

3. Purchasing Agent: The Purchasing Agent may execute and approve contracts not in excess of \$10,000 for supplies, equipment and services in conformity with applicable regulations and statutory authority and subject to availability of appropriations. This authority may be exercised in behalf of any coordinated area.

4. Revocation. This order supersedes Order No. 2, issued September 12, 1957.

(National Park Service Order No. 14 (19 F.R. 8824); 39 Stat. 535; 16 U.S.C., 1952 ed., sec. 2. Region Four Order No. 3 of February 17, 1956)

Dated: July 12, 1960.

**Office of the Secretary
FLATHEAD INDIAN RESERVATION,
MONTANA**

Ordinance Legalizing the Introduction, Sale or Possession of Intoxicants

Pursuant to the act of August 15, 1953 (Public Law 277, 83rd Congress, 1st Session), I certify that the following ordinance relating to the application of the Federal Indian liquor laws on the Flathead Indian Reservation, Montana, was adopted on July 1, 1960, by a tribal council meeting of the Confederated Salish and Kootenai Tribes of the Flathead Reservation which has jurisdiction over the area of Indian country included in the ordinance:

SEC. 2. It shall be legal and permissible from this date henceforth to possess, transport and use intoxicating liquors, beer and other malt beverages, and wine (collectively or separately referred to herein as "liquor and beer"), within the boundaries of the Flathead Indian Reservation subject to such restrictions as may be provided by Tribal Ordinance and the laws of the State of Montana.

SEC. 3. The laws of the State of Montana and the regulations of the Montana Liquor Control Board in regard to the retail sale of liquor within the boundaries of the State of Montana are hereby adopted and made applicable to the territory within the boundaries of the Flathead Indian Reservation, with the further provision that anyone wishing to engage in the retail sale of liquor and beer within the boundaries of the Flathead Indian Reservation must first make application to the Flathead Tribal Council and pay a fee which shall be one-fourth of the fee charged by the State of Montana for such licenses and secure the approval of the Tribal Council. The Tribal Council must approve such applicant as to character and proposed location, and issue a permit to such applicant to engage in the business of the retail sale of liquor and beer within the boundaries of the Reservation before he may engage in said business or receive a license to do so from the State of Montana. No permittee shall transfer his permit to another save with approval of the Tribal Council.

SEC. 4. All persons receiving permits or licenses to engage in the retail liquor and beer business within the boundaries of the Flathead Indian Reservation shall

at their own expense engage some suitable person to maintain law and order in and about said premises, which person shall be approved by the Flathead Tribal Council as a person of good moral character to be deputized and appointed an Indian policeman; and if the premises licensed are within an incorporated city or town, such person shall also be approved by the governing body of the incorporated city or town in which said retail liquor business may be located so that he may be appointed as such policeman by said city or town. If such retail liquor and beer establishment is outside of the boundaries of an incorporated city or town, then in lieu of approval by the city or town, such person must be approved by the sheriff of the county in which such retail liquor or beer establishment is located for appointment as deputy sheriff. Failure to furnish such suitable person for maintenance of law and order shall be grounds and reason for revocation of the permit or license to engage in the retail liquor and beer business within the boundaries of the Flathead Indian Reservation.

SEC. 5. Once a permit or license is granted by the Flathead Tribal Council, such permit or license may be revoked only for cause and upon a hearing, with notice being mailed by registered mail to the owner of such permit or license ten days prior to such hearing, provided that loss of license under the laws of the State of Montana shall constitute a prima facie cause for revocation of the Tribal permit or license. "Cause" shall mean the violation of tribal ordinances duly passed, or the laws of the State of Montana adopted in this ordinance.

SEC. 6. The Flathead Tribal Council may adopt such ordinances for the maintenance of law and order on the Flathead Indian Reservation and regulation of the retail liquor and beer business conducted on said Reservation as are not inconsistent with the laws of the State of Montana and the rules and regulations of the Montana Liquor Control Board; but such ordinances shall not become effective until thirty days after their passage and the mailing of a copy of such ordinance by registered mail to each permittee or licensee engaged in the retail liquor and beer business on the Flathead Indian Reservation.

SEC. 7. This ordinance is adopted pursuant to the provisions of section 2 of the Act of August 15, 1953, Chapter 502, 67 Stat. 586, 18 U.S.C. par. 1161, and pursuant to Art. 6, par. 1 (c) (i) (k) (l) and (n) of the Constitution of the Confederated Salish and Kootenai Tribes of the Flathead Reservation.

SEC. 8. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

ROGER ERNST,
Assistant Secretary of the Interior.

AUGUST 19, 1960.

Effective date. The foregoing notice shall become effective upon publication in the FEDERAL REGISTER.

Certain additional stockyards and slaughtering establishments have been added to the list of those heretofore specifically approved under the regulations in 9 CFR Part 78. It has been determined that the inspection and handling of livestock or carcasses or products thereof at such stockyards or establishments are adequate to effectuate the purposes of such regulations. Certain stockyards and slaughtering establishments have been removed from the list of those heretofore specifically approved under said regulations, because it has been determined that such stockyards and establishments no longer qualify for specific approval under the regulations. This action, therefore, imposes certain restrictions necessary to prevent the spread of brucellosis and relieves certain restrictions presently imposed. It should become effective promptly in order to accomplish its purpose in the public interest and to be of maximum benefit to persons subject to

the restrictions which are relieved hereby. Accordingly, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to this action are impracticable and unnecessary, and good cause is found for making this notice effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 22d day of August 1960.

R. J. ANDERSON,
 Director, Animal Disease Eradication Division, Agricultural Research Service.

[Docket No. 13759]

FLORIDA MARINE CORP.

Order To Show Cause

In the matter of Florida Marine Corporation, P.O. Box 91, 704 North Jefferson Street, Perry, Florida and 233 East Brooks Street, Fort Walton Beach, Florida, Docket No. 13759; Order to show cause why there should not be revoked the licenses for Citizens Radio Stations 7W1133 at Perry, Florida, and 7W1443 at Fort Walton Beach, Florida.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of the above-captioned station;

It appearing that pursuant to § 1.61 of the Commission's rules, written notice of violation of the Commission's rules was served upon the above-named licensee as follows:

Official Notice of Violation was mailed on January 18, 1960, to the licensee at its above-captioned address at Perry, Florida, alleging that on January 3, 1960, radio station 7W1133 was found to be in violation of § 19.33 of the Commission's rules in that it transmitted signals outside of the specified frequency tolerance; and in violation of §§ 19.1 and 19.61(c) of said rules in that communications were conducted beyond normal ground-wave range and that they were not purposeful or substantive.

It further appearing that the above-named licensee received said Official Notice but did not make satisfactory reply thereto, whereupon the Commission by letter dated June 10, 1960, and sent by Certified Mail—Return Receipt Requested (No. 97144), brought this matter to the attention of the licensee and requested that such licensee respond to the Commission's letter within fifteen days from the date of its receipt stating the measures which had been taken, or were being taken, in order to bring the operation of the radio station into compliance with the Commission's rules, and warn-

ing the licensee that his failure to respond to such letter might result in the institution of proceedings for the revocation of the radio station license; and

It further appearing that receipt of the Commission's letter was acknowledged by the signature of the licensee's agent, Lawrence H. L'abbe on June 14, 1960, to a Post Office Department return receipt; and

It further appearing that although more than fifteen days have elapsed since the licensee's receipt of the Commission's letter, no response was made thereto; and

It further appearing that in view of the foregoing, the licensee has repeatedly violated § 1.61 of the Commission's rules;

It is ordered, This 18th day of August 1960, pursuant to section 312 (a) (4) and (c) of the Communications Act of 1934, as amended, and section 0.291(b) (8) of the Commission's Statement of Delegations of Authority, that the said licensee show cause why the license for the above-captioned Radio Stations should not be revoked, and appear and give evidence in respect thereto at a hearing¹ to be held at a time and place to be specified by subsequent order; and

It is further ordered, That the Secretary send a copy of this Order by Certified Mail—Return Receipt Requested to the said licensee.

Released: August 19, 1960.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] BEN F. WAPLE,
 Acting Secretary.

[F.R. Doc. 60-7931; Filed, Aug. 24, 1960; 8:48 a.m.]

¹ Section 1.62 of the Commission's rules provides that a licensee, in order to avail himself of the opportunity to be heard, shall, in person or by his attorney, file with the Commission, within thirty days of the receipt of the order to show cause, a written statement stating that he will appear at the hearing and present evidence on the matter specified in the order. In the event it would not be possible for respondent to appear for hearing in the proceeding if scheduled to be held in Washington, D.C., he should advise the Commission of the reasons for such inability within five days of the receipt of this Order. If the licensee fails to file an appearance within the time specified, the right to a hearing shall be deemed to have been waived. Where a hearing is waived, a written statement in mitigation or justification may be submitted within thirty days of the receipt of the order to show cause. If such statement contains, with particularity, factual allegations denying or justifying the facts upon which the show cause order is based, the Hearing Examiner may call upon the submitting party to furnish additional information, and shall request all opposing parties to file an answer to the written statement and/or additional information. The record will then be closed and an initial decision issued on the basis of such procedure. Where a hearing is waived and no written statement has been filed within the thirty days of the receipt of the order to show cause, the allegations of fact contained in the order to show cause will be deemed as correct and the sanctions specified in the order to show cause will be invoked.

**SECURITIES AND EXCHANGE
COMMISSION**

[File No. 1-4015]

**CONSOLIDATED DEVELOPMENT
CORP.****Order Summarily Suspending Trading**

AUGUST 19, 1960.

The common stock, par value 20 cents per share of Consolidated Development Corporation (formerly known as Consolidated Cuban Petroleum Corporation),

being listed and registered on the American Stock Exchange, a national securities exchange; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion further that such suspension is necessary in order to prevent fraudulent, deceptive or manipulative acts or practices, with the result that it will be unlawful under section 15(c)(2) of the Securities Exchange Act of 1934 and the Commission's Rule 15c2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of such security, otherwise than on a national securities exchange;

It is ordered, Pursuant to section 19(a)(4) of the Securities Exchange Act of 1934 that trading in said security on the American Stock Exchange be summarily suspended in order to prevent fraudulent, deceptive or manipulative acts or practices, this order to be effective for a period of ten (10) days, August 20, 1960 to August 29, 1960, both dates inclusive.

UNION ELECTRIC CO.**Notice of Proposed Issuance and Sale
of \$50,000,000 Principal Amount
of Bonds at Competitive Bidding**

AUGUST 18, 1960.

Notice is hereby given that Union Electric Company ("Union"), a registered holding company and a public-utility company, has filed a declaration and an amendment thereto with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6 and 7 of the Act and Rule 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to said declaration, as amended, for a statement of the proposed transaction which is summarized below.

Union proposes to issue and sell, pursuant to the competitive bidding requirements of Rule 50 promulgated under the Act, \$50,000,000 principal amount of a new series of First Mortgage Bonds (— percent Series due 1990), to be dated September 1, 1960, and to mature September 1, 1990. The new bonds are to be issued under Union's Mortgage and Deed of Trust dated June 15, 1937, to St. Louis Union Trust Company, Trustee, as heretofore amended and as to be further amended by a Supplemental Indenture to be dated as of September 1, 1960.

The interest rate on the new bonds (which will be a multiple of $\frac{1}{8}$ of 1 percent) and the price, exclusive of accrued interest, to be paid to Union (which will be not less than 100 percent nor more than 102.75 percent of the principal amount thereof) will be determined by the competitive bidding.

The proceeds from the sale of the new bonds, after repayment of bank loans which are expected to aggregate approximately \$31,000,000, together with cash to be derived from operations will provide in part for construction in 1960; however, cash requirements for construction and other purposes during the latter part of 1960 and in 1961 will require interim short-term borrowings or some other form of financing, the type and amount of which have not been determined. Approximately \$71,600,000 of construction expenditures are budgeted for the year 1960, and for the two years 1960-61 such expenditures are expected to aggregate approximate \$124,900,000.

The declaration states that the Public Service Commission of Missouri and the Illinois Commerce Commission have jurisdiction over the proposed transaction and that copies of the orders of these State commissions authorizing the transaction will be filed by amendment. It is further stated that no other State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

The declaration also states that the fees and expenses to be incurred by Union in connection with the proposed transaction are as follows:

Filing fee for registration statement.....	\$5,200
Fee payable to Missouri Public Service Commission.....	15,500
Fee payable to Illinois Commerce Commission.....	*13,695
Federal tax on original issue.....	55,000
Printing of registration statement, prospectus, exhibits, bidding and other papers, and printing and engraving of bonds.....	*48,600
Charges of Trustee for authentication of new bonds.....	*15,500
Fees and expenses of counsel for the company (Keefe, Schlafly, Griesedieck & Ferrell, St. Louis, Missouri; Boyd, Walker & Concannon, Keokuk, Iowa).....	*9,500
Fees and expenses of accountants (Price Waterhouse & Co.).....	*9,500
Advertising expenses.....	*2,000
Out-of-pocket expenses of underwriters to be reimbursed by company (maximum).....	*1,000
Title expenses and recording of supplemental indenture.....	*19,500
Miscellaneous expenses, including certain payroll expense, postage, telephone and telegraph charges, traveling expense, and other miscellaneous expense paid or to be paid by the company.....	*7,500
Total.....	*202,495
* Estimated.	

The fee and disbursements of Messrs. Cahill, Gordon, Reindel & Ohl, counsel for the purchasers, which amounts are to be furnished by amendment, will be paid by the purchasers of the new bonds.

Notice is further given that any interested person may, not later than September 9, 1960, at 5:30 p.m., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by the filing which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, the declaration, as amended or as it may be further amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

By the Commission.

PIONEER OIL AND GAS CO., INC., ET AL.

Order Providing for Hearings on and Suspension of Proposed Changes in Rates¹

AUGUST 17, 1960.

Pioneer Oil and Gas Company, Inc. (Operator), et al., Docket No. RI61-51; Union Oil Company of California, Docket No. RI61-52; Pan American Petroleum Corporation (Operator), Docket No. RI61-53; Leland Davison et al., Docket No. RI61-54; Sunray Mid-Continent Oil Company, Docket No. RI61-55; Sinclair Oil & Gas Company, Docket No. RI61-56; Delaney Oil Company (Operator), et al., Docket No. RI60-458.

The above-named Respondents have tendered for filing proposed changes in presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. In each filing the natural gas is produced at 14.65 psia, with the exception of Pioneer Oil and Gas Company which is produced at 15.025 psia. The proposed changes are designated as follows:

¹ The stated effective dates are those requested by respondents, or the first day after the expiration of statutory notice, whichever is later.

² The date indicated is the date of the original filing of Supplement No. 3 which is corrected by the present filing of Supplement No. 1 to Supplement No. 3 to Delaney's FPC Gas Rate Schedule No. 1. This correction is explained on page 4 of this order.

In support of its renegotiated increases, Leland Davison et al., states that the amendments were arrived at by arm's length bargaining, the favored-nation clause has been deleted and a more definite pricing provision substituted therefor which will be in the public interest.

Pan American in support of its three favored-nation increased rates states that such rates are matters of contractual obligation arising from written contracts negotiated at arm's length in a competitive market, that such rates are an integral part of the initial rate filing, and that the price of gas is below the price of competing fuels.

Pioneer Oil and Gas Company, Inc. (Operator), et al., proposes a redetermined rate increase and in support states

that the contractual provisions were negotiated at arm's length and that such pricing provisions are necessary to maintain economic equality with the initial price. It further states that the proposed rate does not exceed the market value of gas in the area and that the increase is necessary to encourage exploration and development.

Union Oil Company of California proposes a periodic rate increase and in support states that the contract was negotiated at arm's length and the proposed rate does not exceed the value of gas in the area.

Sunray Mid-Continent Oil Company proposes a revenue-sharing rate increase for gas sold to Phillips Petroleum Company under the rate schedules involved herein. In support of its increase, Sun-

ray states that its contract was entered into at arm's length and that it has been the practice of the industry to include into long-term contracts pricing provisions which will assure the seller a price which approximates the market value of gas and that the proposed rate is in line with field prices being paid for gas in the same general area.

Sinclair Oil & Gas Company proposes a revenue-sharing rate increase for gas sold to El Paso Natural Gas Company under the rate schedules involved herein. In support of its proposed increase Sinclair cites the contractual provisions and

¹ This order does not provide for the consolidation for hearing or disposition of the several matters covered herein, nor should it be so construed.

argues that this is a percentage sale, and requests that any suspension period should be limited to one day.

In support of its proposed renegotiated rate increase for sales to Northern Natural Gas Company under the rate schedule involved herein Sinclair states that the subject amendment brings the contract into line with similar contracts negotiated at approximately the same time and that the Commission has certificated numerous sales in the same area at 16.5 cents per Mcf under contracts where the seller does not retain the processing rights.

Delaney Oil Company (Operator) et al. has submitted a correction to a favored-nation rate increase from 12.12 cents to 17.24 cents per Mcf under its FPC Gas Rate Schedule No. 1, covering gas sales to Tennessee Gas Transmission Company. This rate increase was suspended in Docket No. RI60-458 until December 7, 1960. By the Commission's letter dated June 28, 1960, Delaney was advised that it should file a motion to make the 15.09 cents rate effective which was previously suspended in Docket No. G-20556 and to correct the present filing to reflect an increase from 15.09 cents to 17.24 cents per Mcf in lieu of an increase from 12.12 cents to 17.24 cents per Mcf. The required motion was tendered for filing on June 5, 1960, and the subject correction was received on July 18, 1960.

The increased rates and charges so proposed may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon hearings concerning the lawfulness of the several proposed changes and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), public hearings shall be held upon dates to be fixed by notices from the Secretary concerning the lawfulness of the several proposed increased rates and charges contained in the above-designated supplements.

(B) Pending hearings and decisions thereon, each of the above-designated supplements are hereby suspended and the use thereof deferred until the date indicated in the above "Rate Suspended Until" column, and thereafter until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until these proceedings have been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of

practice and procedure (18 CFR 1.8 and 1.37(f)) on or before September 30, 1960.

By the Commission.
