### Chapter I—Federal Trade Commission

[Docket 8077 C.O.]

#### PART 13—PROHIBITED TRADE PRACTICES

##### Colonial Academy, Inc., et al.

Subpart—Advertising falsely or misleadingly: § 13.15 *Business status, advantages, or connections*: § 13.15–100 History; § 13.15–125 Individual or private business being: 13.15–125(k) Divinity school; § 13–15–200 Non-profit character; § 13.20 *Comparative data or merits*; § 13.85 *Government approval, action, connection or standards*; § 13.85–5 Accreditation of correspondence courses, etc. Subpart—Using misleading name—Vendor: § 13.2410 *Individual or private business being educational, religious or research institution or organization*; § 13.2430 *Non-profit character*.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, The Colonial Academy, Inc., et al., Rockford, Ill., Docket 8077, December 6, 1960]

Consent order requiring three affiliated concerns in Rockford, Ill., which sold correspondence courses in Bible, theology, and philosophy for profit, to cease the misleading use of the words "Academy", "Seminary", and "Institute" in their trade names and making a variety of other false claims concerning their schools and courses, as in the order below set forth.

The order to cease and desist is as follows:

*It is ordered*, That respondents The Colonial Academy, Inc., a corporation, The Pioneer Theological Seminary, a corporation, National Association of Bible Schools, Inc., a corporation, and their officers, and Verna L. Hansen, individually and as an officer of said corporations, and Carl C. Hansen, individually and as an officer of The Colonial Academy, Inc., and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of correspondence or home study courses or diplomas in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Academy", "Seminary" or "Institute" or any other word of similar import, in a trade or corporate name;

2. Representing, directly or by implication, that:

(a) Respondents, or any of them, are non-profit residence schools accredited by a recognized accrediting agency or offer a curriculum of study which is

accredited by a recognized accrediting agency;

(b) The diplomas offered with their courses are recognized as signifying completion of an academic course, or that the recipients of their diplomas will be recognized as having completed and shown proficiency in a properly accredited curriculum in any educational field;

(c) Recipients of respondents' diplomas will be entitled to and receive the honors, privileges and rights that recipients of equivalent diplomas from schools accredited by a recognized accrediting agency are entitled to and do receive;

(d) Respondents' correspondence or home study courses contain all the subject matter or material, or study or hours of a curriculum of a like or similar course of a school accredited by a recognized accrediting agency;

(e) Respondents' honorary diplomas are awarded for educational or ministerial achievement, or any other reasons other than in return for the pecuniary consideration to be paid for by the recipient, or that the persons upon whom they are bestowed are entitled to or will receive the honors, privileges, recognition, immunities or rights which a recipient of a like or equivalent diploma from a properly accredited school is entitled to or does receive;

(f) The State of Illinois, or any other governmental or political subdivision, has approved the respondents' courses or the issuance of their diplomas;

(g) Respondents The Colonial Academy, Inc., and The Pioneer Theological Seminary are old established or reputable schools in any field of education, or in any other field;

(h) Respondent National Association of Bible Schools, Inc. is a recognized accrediting agency in the field of education;

(i) Standard Research Institute or National Board of Theological Examiners are organizations engaged in screening, educational testing and certification of candidates for degrees or diplomas to be awarded by any educational institution.

*It is further ordered*, That the complaint be, and it hereby is, dismissed as to respondent Robert J. Hansen.

By "Decision of the Commission", etc., report of compliance was required as follows:

*It is ordered*, That respondents The Colonial Academy, Inc. The Pioneer Theological Seminary, and National Association of Bible Schools, Inc., corporations, and Verna L. Hansen, individually and as an officer of said corporations, and Carl C. Hansen, individually and as an officer of The Colonial Academy, Inc., shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and

form in which they have complied with the order to cease and desist.

Issued: December 6, 1960.

By the Commission.

#### PART 13—PROHIBITED TRADE PRACTICES

##### Kerr Glass Manufacturing Corp.

Subpart—Discriminating in price under sec. 2, Clayton Act—Payment for services or facilities for processing or sale under 2(d): § 13.824 *Advertising expenses*.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 2, 49 Stat. 1527; 15 U.S.C. 13) [Cease and desist order, Kerr Glass Manufacturing Corporation, Sand Springs, Okla., Docket 8096, December 7, 1960]

Consent order requiring a Sand Springs, Okla., manufacturer of glass containers and closures therefor, with annual sales in excess of \$1,000,000, to cease violating sec. 2(d) of the Clayton Act by paying advertising allowances to some customers which it did not make available on proportionally equal terms to their competitors, such as a preferential payment of \$150 to a retail grocery chain with headquarters in Burlington, Iowa.

The order to cease and desist is as follows:

*It is ordered*, That respondent Kerr Glass Manufacturing Corporation, a corporation, and its officers, employees, agents and representatives, directly or through any corporate or other device, in or in connection with the offering for sale, sale or distribution of any of its products in commerce, as "commerce" is defined in the Clayton Act, as amended, do forthwith cease and desist from: Paying or contracting for the payment of anything of value to, or for the benefit of, any customer of respondent as compensation or in consideration for any services or facilities furnished by or through such customer in connection with the offering for sale, sale or distribution of respondent's products, unless such payment or consideration is made available on proportionally equal terms to all other customers competing in the distribution of such products.

By "Decision of the Commission", etc., report of compliance was required as follows:

*It is ordered*, That respondent Kerr Glass Manufacturing Corporation, a corporation, shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner

and form in which it has complied with the order to cease and desist.

Issued: December 7, 1960.

By the Commission.

### PART 13—PROHIBITED TRADE PRACTICES

#### Pacific Gamble Robinson Co.

Subpart—Discriminating in price under sec. 2, Clayton Act—Price Discrimination under 2(a): § 13.715 *Charges and price differentials*.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 2, 49 Stat. 1527; 15 U.S.C. 13) [Cease and desist order, Pacific Gamble Robinson Co., Seattle, Wash., Docket 8078, December 7, 1960]

Consent order requiring the nation's largest wholesaler of fresh fruits and vegetables, with headquarters in Seattle, Wash., and some 58 shipping centers in various states, to cease discriminating in price among its competing customers in violation of sec. 2(a) of the Clayton Act, by such practices as giving some retailers in the Yakima, Wash., area a 16 percent price advantage over others on purchases of lettuce.

The order to cease and desist is as follows:

*It is ordered*, That respondent Pacific Gamble Robinson Co., a corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in or in connection with the sale of grocery products, including fresh fruits and vegetables, in commerce, as "commerce" is defined in the Clayton Act, as amended, do forthwith cease and desist from discriminating, directly or indirectly, in price by selling such grocery products of like grade and quality to any purchaser at prices higher than those charged any other purchaser:

1. Where such other purchaser competes with the disfavored purchaser in the resale and distribution of such products, or

2. Where respondent in the sale of such products is in competition with any other seller.

By "Decision of the Commission", etc., report of compliance was required as follows:

*It is ordered*, That the respondent herein shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with the order to cease and desist.

Issued: December 7, 1960.

### PART 13—PROHIBITED TRADE PRACTICES

#### Saxony Wool Corporation of New York et al.

Subpart—Misbranding or mislabeling: § 13.1185 *Composition*: § 13.1185-90 Wool Products Labeling Act. Subpart—Neglecting, unfairly or deceptively, to make material disclosure: § 13.1852 *Formal regulatory and statutory requirements*: § 13.1852-80 Wool Products Labeling Act. (Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended, secs. 2-5, 54 Stat. 1128-1130; 15 U.S.C. 45, 68) [Cease and desist order, Saxony Wool Corporation of New York, et al., New York, N.Y., Docket 8076, December 1, 1960]

*In the Matter of Saxony Wool Corporation of New York, a Corporation, and Anne Rivlin and Gerald B. Rivlin, Individually and as Officers of Said Corporation*

Consent order requiring New York City manufacturers to cease violating the Wool Products Labeling Act by labeling as "95% wool, 5% other fibers", woolen stocks which contained substantial quantities of reprocessed or reused wool; and by failing to label other wool products as required.

The order to cease and desist is as follows:

*It is ordered*, That respondents Saxony Wool Corporation of New York, a corporation, and its officers, and Anne Rivlin and Gerald B. Rivlin, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction into commerce, or the offering for sale, sale, transportation, or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939, of woolen stocks or other "wool products" as such products are defined in and subject to the Wool Products Labeling Act of 1939, do forthwith cease and desist from:

A. Misbranding of such products by:

1. Falsely or deceptively stamping, tagging, labeling, or otherwise identifying such products as to the character or amount of the constituent fibers included therein;

2. Failing to affix labels to such products showing each element of information required to be disclosed by section 4(a)(2) of the Wool Products Labeling Act of 1939.

*It is further ordered*, That respondents Saxony Wool Corporation of New York, a corporation, and its officers, and Anne Rivlin and Gerald B. Rivlin, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of woolen stocks or any other materials in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Misrepresenting the constituent fibers of which their products are composed or the percentages or amounts thereof in sales invoices or in any other manner;

2. Using the word "Seamers" or any other word or term of similar import in connection with woolen stocks which contain woven or felted woolen material or woolen material which has been used by the ultimate consumer, or the fibers reclaimed therefrom.

By "Decision of the Commission", etc., report of compliance was required as follows:

*It is ordered*, That respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: December 1, 1960.

## Title 35—PANAMA CANAL

### Chapter I—Canal Zone Regulations

[Treasury Department Order No. 180-6]

#### PART 16—NARCOTICS

Whereas, section 4735(b) of the Internal Revenue Code of 1954, as amended, provides that:

The President is authorized and directed to issue such Executive orders as will carry into effect in the Canal Zone the intent and purpose of sections 4701 to 4707, inclusive, and sections 4721 to 4726, inclusive, of the Internal Revenue Code of 1954, by providing for the registration and the imposition of a special tax upon all persons in the Canal Zone who produce, import, compound, deal in, dispense, sell, distribute, or give away narcotic drugs;

and Whereas, the President by Executive Order 10583 of December 18, 1954 (3 CFR, 1954 Supp. 98) delegated to the Secretary of the Treasury his powers under section 4735(b) of the Internal Revenue Code of 1954, as amended;

Now, therefore, by virtue of this authority it is hereby ordered that:

1. The heading of Part 16 of Title 35 is amended to read as set forth above, and the part is revised to read as follows. These sections supersede former §§ 16.1 to 16.9.

#### Subpart A—Administration of Laws and Regulations Relating to Narcotic Drugs

- Sec.
- 16.1 Authority of the Governor of the Canal Zone.
  - 16.2 Issuance of regulations.
  - 16.3 Redelegation.
  - 16.4 Prohibited acts.
  - 16.5 Registration and payment of tax.
  - 16.6 Issuance of order forms.
  - 16.7 Penalties.

Subpart B—[Reserved]

AUTHORITY: §§ 16.1 to 16.7 issued under 68A Stat. 559; 26 U.S.C. 4735(b).

## Subpart A—Administration of Laws and Regulations Relating to Narcotic Drugs

### § 16.1 Authority of the Governor of the Canal Zone.

The Governor of the Canal Zone shall perform in the Canal Zone all of the duties required to be performed under the Act of Congress approved December 17, 1914, entitled "An Act To provide for the registration of, with collectors of internal revenue, and to impose a special tax upon all persons who produce, import, manufacture, compound, deal in, dispense, sell, distribute, or give away opium or coca leaves, their salts, derivatives, or preparations, and for other purposes," as amended. These duties shall include the making of such inspections and the taking of such actions as may be necessary to enforce the provisions of the Act of December 17, 1914, as amended, and all orders and regulations issued thereunder, insofar as they apply to activities in or relating to the Canal Zone.

### § 16.2 Issuance of regulations.

The Governor of the Canal Zone shall prescribe such regulations as may be necessary to carry the provisions of this subpart into full force and effect. In doing so the Governor shall follow the form of regulations prescribed by the Commissioners of Narcotics and Internal Revenue and approved by the Secretary of the Treasury (26 CFR Part 151) so far as they can be made applicable to conditions in the Canal Zone.

### § 16.3 Redelegation.

The Governor of the Canal Zone is authorized to delegate to such officers or employees of the Canal Zone as he may deem appropriate any of his functions under this subpart when he deems a delegation necessary or desirable to carry out the purposes of this subpart.

### § 16.4 Prohibited acts.

No person shall produce, import, manufacture, compound, deal in, dispense, sell, distribute, or give away in the Canal Zone opium, opiates, or coca leaves, their salts, derivatives, or preparations, unless he shall have complied with the provisions of the Act of December 17, 1914, as amended, and all relevant orders and regulations issued thereunder.

### § 16.5 Registration and payment of tax.

Every person who by the terms of the Act of December 17, 1914, as amended, would be required, if located outside of the Canal Zone, to register with the director of internal revenue of his district, his name or style, place of business and place or places where such business is to be carried on, shall register that information with the Governor of the Canal Zone or his delegate on forms to be prescribed by the Governor. At the time of such registry, and on or before the first day of July annually thereafter, every person who produces, im-

ports, manufactures, compounds, deals in, dispenses, sells, distributes, or gives away any of the aforesaid narcotic drugs shall pay to the Governor of the Canal Zone, or to his delegate, a special tax at the rate or rates specified in section 4721 of the Internal Revenue Code of 1954, as amended; provided, however, that any person who would not be required, if located outside the Canal Zone, to register or pay a special tax shall not be required to register or pay the special tax as provided in this subpart.

### § 16.6 Issuance of order forms.

The Governor of the Canal Zone or his delegate shall cause suitable order forms to be prepared for sale to persons who shall have registered and paid the special tax as required by the Act of December 17, 1914, as amended, and by this subpart. The price to be paid for such order forms shall be \$1 per hundred. The Governor or his delegate shall be subject to the same limitation on sales of order forms as directors of internal revenue in districts outside of the Canal Zone.

### § 16.7 Penalties.

Any person who violates or fails to comply with any of the requirements of the Act of December 17, 1914, as amended, or of any applicable order thereunder in the Canal Zone shall be subject to the penalties provided for in that Act, as amended.

## Subpart B—[Reserved]

2. To the extent that any order, regulation or circular heretofore issued may be in conflict with this order it is hereby revoked.

Dated: March 30, 1961.

[SEAL] A. GILMORE FLUES,  
Acting Secretary of the Treasury.

## Title 7—AGRICULTURE

### Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

#### PART 1033—ONIONS GROWN IN SOUTH TEXAS

#### Approval of Expenses and Rate of Assessment

Notice of rule making regarding proposed expenses and rate of assessment, to be effective under Marketing Agreement No. 143 and Order No. 133 (7 CFR Part 1033; 26 F.R. 704) regulating the handling of onions grown in designated counties in South Texas, was published in the FEDERAL REGISTER March 23, 1961 (26 F.R. 2483). This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, which proposals were adopted and submitted for approval by the South Texas Onion Committee

established pursuant to said marketing agreement and order, it is hereby found and determined that:

### § 1033.201 Expenses and rate of assessment.

(a) The reasonable expenses that are likely to be incurred by the South Texas Onion Committee, established pursuant to Marketing Agreement No. 143 and this part for its maintenance and functioning during the fiscal period February 6, 1961, through January 31, 1962, will amount to \$40,000.

(b) The rate of assessment to be effective for the fiscal period February 6, 1961, through January 31, 1962, shall be one-cent (\$0.01) per 50-pound sack of onions, or equivalent quantity, handled.

(c) Terms used in this section shall have the same meaning as when used in Marketing Agreement No. 143 and this part.

It is hereby found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 1001-1011) in that: (1) the relevant provisions of said marketing agreement and this part require that rates of assessment fixed for a particular fiscal period shall be applicable to all assessable onions from the beginning of such period and (2) the current fiscal period began on February 6, 1961, and the rate of assessment herein fixed will automatically apply to all assessable onions beginning with such date.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: April 7, 1961.

FLOYD F. HEDLUND,  
Deputy Director,  
Fruit and Vegetable Division.

## Title 21—FOOD AND DRUGS

### Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

#### SUBCHAPTER B—FOOD AND FOOD PRODUCTS

#### PART 121—FOOD ADDITIVES

#### Subpart D—Food Additives Permitted in Food for Human Consumption

#### GLYCERYL LACTOSTEARATE AND MONO- AND DIGLYCERIDES AS AN EMULSIFIER

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition filed by The Glidden Company, 900 Union Commerce Building, Cleveland, Ohio, and other relevant material, has concluded that the following amendment to the food additive regulations should issue in conformance with section 409 of the Federal Food, Drug, and Cosmetic Act, with respect to the food additive glyceryl lactostearate and mono- and diglycerides as an emulsifier in or with shortening. Therefore, pursuant to the provisions of the act (sec. 409(c) (1), 72 Stat. 1786; 21 U.S.C. 348(c) (1)), and under the authority delegated to the Commissioner by the Secretary of

Health, Education, and Welfare (25 F.R. 8625) § 121.1004 of the food additive regulations (21 CFR Part 121; 25 F.R. 10092) is amended by changing the introduction to the section to read as follows:

**§ 121.1004 Glyceryl lactostearate and mono- and diglycerides as an emulsifier in or with shortening.**

A food additive that is a mixture of mono- and diglycerides and their lactic acid monoesters manufactured by the glycerolysis of hydrogenated lard, hydrogenated tallow, hydrogenated cottonseed oil, or hydrogenated soybean oil, with or without molecular distillation of the glycerolysis product, and subsequent esterification with lactic acid, may be safely used as an emulsifier in or with shortening, when used in accordance with the following prescribed conditions:

Any person who will be adversely affected by the foregoing order may at any time prior to the thirtieth day from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

**Effective date.** This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1))

Dated: April 6, 1961.

[SEAL]

JOHN L. HARVEY,  
Deputy Commissioner  
of Food and Drugs.

## Title 14—AERONAUTICS AND SPACE

### Chapter III—Federal Aviation Agency

#### SUBCHAPTER D—AIRPORT REGULATIONS

[Reg. Docket No. 568; Amdt. 1 to Rev. of November 14, 1960]

### PART 550—FEDERAL AID TO PUBLIC AGENCIES FOR DEVELOPMENT OF PUBLIC AIRPORTS

#### Miscellaneous Amendments

This amendment involves five changes to the revision of Part 550 of Novem-

ber 14, 1960. The amendment reflects (1) the addition of nondiscrimination in the employment clause relating to the performance of construction work in accordance with the announced policy of the Government, as set forth in § 550.7(d)(14) and (2) minor changes of policy relating to programming standards, as set forth in § 550.24(d) and (g).

Since this amendment relates to public grants, compliance with the notice, procedure and effective date provisions of section 4 of the Administrative Procedures Act is unnecessary.

Acting pursuant to authority vested in the Administrator of the Federal Aviation Agency by the Federal Airport Act (60 Stat. 170), as amended, and pursuant to authority delegated to me by the Administrator (25 F.R. 2273), Part 550 of the regulations as revised November 14, 1960 (25 F.R. 10972), is amended as follows:

1. Add a new subparagraph (14) to paragraph (d) of § 550.7 as follows:

(14) In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant for employment because of race, religion, color, or national origin. The aforesaid provision shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor further agrees to insert the foregoing provision in all subcontracts hereunder, except subcontracts for standard commercial supplies or raw materials.

2. The last sentence of paragraph (d) of § 550.24 which reads "An exception will be considered where a runway extension or partial reconstruction requires a seal coat over the entire runway to present a uniform color and appearance, or where an initial seal coat is to be applied.", is deleted.

3. Subparagraphs (2) through (5) of § 550.24(d) are renumbered (4) through (7), respectively.

4. New subparagraphs (2) and (3) of § 550.24(d) are added as follows:

(2) On new pavement construction, the application of a bituminous seal coat on plant hot-mix bituminous surfaces is an eligible and allowable item in the Federal-aid Airport Program provided initial engineering analysis and design indicate the need for a seal coat. A bituminous seal coat will be eligible and allowable only when applied as a component of the bituminous surface. Any time lag in application due to other than construction difficulties places bituminous seal coats in a maintenance category and therefore not an eligible item.

(3) Where the need for a seal coat has been determined for a new runway

extension or partial reconstruction of a runway, the entire runway may be sealed.

5. Paragraph (g) of § 550.24 is deleted and a new paragraph substituted therefor, as follows:

(g) *Special treatment of areas adjacent to pavements at airports serving turbojet aircraft.* (1) Where turbojet powered aircraft will operate, it may be necessary to treat the areas adjacent to runway ends, holding aprons and taxiways to prevent erosion due to blast effects of turbojet engines.

(2) The special treatment needed for the areas adjacent to pavement is as follows and is an eligible safety item:

1. Runway ends: Stabilized area the width of the runway and extending 100 feet to 150 feet from the end of the runway.

2. Holding aprons: Stabilized area up to 50 feet from edge of pavement.

3. Taxiway intersections: Stabilized area 25 feet on each side of the taxiway and extending 300 feet from the intersection.

4. Taxiway (continuous movement of aircraft): Dense turf 25 feet on each side of the taxiway. In geographical areas where a dense turf cannot be established, stabilization should be used instead of turf.

This amendment shall be effective upon the date of its publication in the FEDERAL REGISTER.

(Sec. 1-15, 60 Stat. 170-178, as amended, 49 U.S.C. 1101-1114)

Issued in Washington, D.C., on April 5, 1961.

JOSEPH H. TIPPETS,  
Director, Bureau of  
Facilities and Materiel.

#### SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Reg. Docket No. 706; Amdt. 214]

### PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

#### Miscellaneous Amendments

The amendments to standard instrument approach procedures contained herein are being adopted to become effective when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures.

As a situation exists which demands immediate action in the interests of safety in air commerce, I find that compliance with the notice, procedure and effective date provisions of section 4 of the Administrative Procedure Act would be contrary to the public interest and is therefore not required.

Pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 609 is amended as follows:

## 1. The low or medium frequency range procedures prescribed in § 609.100(a) are amended to read in part:

## LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

## ILS STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.  
 If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

## Title 12—BANKS AND BANKING

[No. 14,477]

### Chapter V—Federal Home Loan Bank Board

#### SUBCHAPTER C—FEDERAL SAVINGS AND LOAN SYSTEM

#### PART 545—OPERATIONS

##### Loans

APRIL 7, 1961.

Resolved that the Federal Home Loan Bank Board, upon the basis of consideration by it of the advisability of liberalization of paragraph (g) of § 545.6-14 of the rules and regulations for the Federal Savings and Loan System (12 CFR 545.6-14) as hereinafter set forth, and for the purpose of effecting such liberalization, hereby amends said paragraph (g) to read as follows, effective April 13, 1961:

(g) *Definitions.* The term "development" as used in this section means the installations and improvements necessary to produce from the land building sites so completed, in keeping with applicable governmental requirements and with general practice in the community, that they are ready for the construction of buildings thereon.

(Sec. 5, 48 Stat. 132, as amended; 12 U.S.C. 1464. Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR 1947 Supp.)

Resolved further that, as said amendment only relieves restriction, the Board hereby finds that notice and public procedure thereon are unnecessary under the provisions of § 508.12 of the general regulations of the Federal Home Loan Bank Board (12 CFR 508.12) or section 4(a) of the Administrative Procedure Act and, as said amendment relieves restriction, deferment of the effective date

thereof is not required under section 4(c) of said Act.

By the Federal Home Loan Bank Board.

#### PART 124—EQUALIZATION OF ALLOTMENTS, AGUA CALIENTE (PALM SPRINGS) RESERVATION, CALIFORNIA

##### Disposition of Income From Parcel B, Spa Lease

On page 6981 of the FEDERAL REGISTER of July 22, 1960, there was published a notice of intention to amend § 124.9 of Title 25, Code of Federal Regulations. The amendment restates the purposes for which the revenues referred to in the first sentence of § 124.9 may be used. The restrictions placed on the use of these revenues under the present language of the section are not intended.

Interested persons were given an opportunity to submit their written comments, suggestions or objections with respect to the proposed amendment to the Commissioner, Bureau of Indian Affairs, within thirty days from the date of publication of the proposed amendment. No communications were received within the prescribed period.

The proposed amendment is hereby adopted without change and is set forth

below. This amendment shall become effective at the beginning of the 30th calendar day following the date of this publication in the FEDERAL REGISTER.

JAMES K. CARR,

Acting Secretary of the Interior.

APRIL 7, 1961.

Section 124.9 is amended to read as follows:

#### § 124.9 Disposition of income from Parcel B, Spa Lease.

Any net rents, profits, and other revenues derived from that portion of the Mineral Springs tribal reserve as provided for in § 124.3, which is designated as Parcel B in the supplement dated September 8, 1958, to the lease by and between the Agua Caliente Band of Mission Indians and Palm Springs Spa, or the net income derived from the investment of such net rents, profits, and other revenues from the sale of said lands or assets purchased from the net rents, profits, and other revenues aforesaid or the net income from the investment thereof, shall be deposited in the Treasury of the United States to the credit of the Agua Caliente Band. Such fund may be used for such purposes as may be designated by the governing body of the Band and approved by the Secretary, except that such fund may be distributed only to those enrolled members who are entitled to an equalization allotment or to a cash payment in satisfaction thereof under the Act of September 21, 1959 (73 Stat. 602), or in the case of such a member who dies after that date, to those entitled to participate in his estate. Such distribution shall be per capita to living enrolled members and per stirpes to participants in the estate of a deceased member.

[Fairbanks 022930]

#### ALASKA

### Withdrawing Lands for Use of Public Health Service and Department of the Army; Revoking Executive Order No. 6132 of May 15, 1933

By virtue of the authority vested in the President by section 1 of the act of June 25, 1910 (36 Stat. 847; 43 U.S.C. 141), and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Subject to valid existing rights, the following-described public lands are hereby withdrawn from all forms of appropriation under the public land laws, including the mining but not the mineral leasing laws nor disposals of materials under the act of July 31, 1947 (61 Stat. 681; 30 U.S.C. 601-604) as amended, and reserved as follows:

a. Under jurisdiction of the Public Health Service, Department of Health, Education, and Welfare, for hospital purposes:

#### BARROW AREA

Beginning at a point which bears S. 76°58' W. 72.60 feet from Corner Number 1, Tract B, U.S. Survey 2244; thence S. 13°02' E., 552.09 feet to Corner Number 6 of said Tract B, U.S. Survey 2244; S. 13°02' E., 459.89 feet; N. 76°58' E., 478.69 feet to a point on the edge of Narravak Lagoon; Northwesterly, 1,114.00 feet along the edge of the lagoon to a point which bears N. 76°58' E., 372.60 feet from the point of beginning; S. 76°58' W., 372.60 feet to the point of beginning. Containing 9.58 acres.

b. Under jurisdiction of the Department of the Army for use of the Alaska National Guard for military purposes:

#### BARROW AREA

Commencing at a point identical with Corner No. 6 of Tract B, U.S. Survey Number 2244, the true point of beginning, thence S. 13°02' E., 459.89 feet; S. 76°58' W., 357.13 feet; N. 13°02' W., 460.17 feet to a point on the south boundary of U.S. Survey 2979; N. 77°03' E., 129.94 feet to Corner No. 5 of said survey, identical to Corner No. 5 of Tract B, U.S. Survey 2244; N. 76°58' E., 227.04 feet to Corner No. 6 of said Tract B and the point of beginning. Containing 3.77 acres.

2. Executive Order No. 6132 of May 15, 1933, which was revoked in part by Public Land Order No. 1288 of April 20, 1956, reserving lands along the shore line of Narravak Lagoon, approximate latitude 71°17', longitude 156°30', for use of the War Department as a site for the Army radio station at Point Barrow, is hereby revoked. The lands are those reserved by paragraph 1 of this order.

3. This withdrawal shall be subject to that made by Executive Order No. 3797-A of February 27, 1923, for oil and gas as

Naval Petroleum Reserve No. 4, and to the jurisdiction granted to the Department of the Navy over Naval Petroleum Reserves by the act of August 10, 1956 (70A Stat. 457-462; 10 U.S.C. 7421-7438).

The lands described in this paragraph total in the aggregate approximately 146,487 acres. They are situated along the Colorado River. Portions are included in other withdrawals, and some are patented. It is the intent of this order to revoke all orders of withdrawal for reclamation purposes, affecting the lands whether or not referred to in paragraph 1 hereof.

2. The public lands released from withdrawal by this order are hereby restored to operation of the public land laws, subject to valid existing rights, the requirements of applicable law, rules, and regulations, and the provisions of existing withdrawals, provided that until 10:00 a.m. on October 6, 1961, the States of Arizona and California shall have a preferred right to apply to select the lands in their respective boundaries in accordance with subsection (c) of section 2 of the act of August 27, 1958 (72 Stat. 928; 43 U.S.C. 851, 852).

3. The lands have been open to mineral leasing. They will be open to mining location at 10:00 a.m. on October 6, 1961.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Phoenix, Arizona, or Los Angeles, California, depending on the State in which the lands are situated.

**Title 47—TELECOMMUNICATION**

[Docket No. 13903 (RM-206); FCC 61-469]

**Chapter I—Federal Communications Commission****PART 3—RADIO BROADCAST SERVICES****CERTAIN TELEVISION BROADCAST STATIONS IN MADISON AND RICHLAND CENTER, WISCONSIN****Table of Assignments**

1. The Commission has before it for consideration its Notice of Proposed Rule Making released in this proceeding December 27, 1960 (FCC 60-1550), inviting comments on the proposal of Forward Television, Inc., licensee of Station WMTV on Channel 33 at Madison, Wisconsin, asking that Channel 15 be deleted from Richland Center, Wisconsin, and assigned to Madison, Wisconsin, by amending § 3.606 of the rules as follows:

City	Channel No.	
	Present	Proposed
Madison, Wis.....	3, *21-, 27-, 33+	3, 15, *21-, 27-
Richland Center, Wis.....	15, *66-	40, *66

2. Petitioner further requested that it be ordered to show cause why its outstanding authorization for operation of Station WMTV should not be modified to specify operation on Channel 15. The Commission indicated that, if it decided to amend § 3.606 as requested, it would then determine what further steps should be taken with respect to Forward's request for modification.

3. Petitioner filed comments in support of the proposal. No opposing comments were filed.

4. In addition to WMTV, there are two commercial television stations in Madison: WISC-TV on Channel 3 and WKOW-TV on Channel 27; and one educational station WHA-TV on Channel 21. Madison, Wisconsin, is one of the few intermixed markets in the United States in which there is competition between UHF and VHF stations. The

Commission is aware that UHF stations are at an economic disadvantage when they have VHF competition and petitioner states that the fact it operates on a higher UHF channel in Madison aggravates this disadvantage.

5. The Commission is of the view that the public interest would be better served by retaining Channel 33 in Madison and assigning Channel 76 to Richland Center.

6. According to the 1950 U.S. Census, Richland Center has a population of 4,608. There are no construction permits or applications pending for a television channel in Richland Center. No other allocations will be disturbed and no authorizations for existing stations will be affected by the shift requested.

7. The Commission has consented to the assignment of lower UHF channels to accommodate operating UHF stations where the requested changes in the Table of Assignments did not affect other authorized UHF stations.

8. Authority for the adoption of the amendments proposed herein is contained in sections 4 (i) and (j), 303 and 307(b) of the Communications Act of 1934, as amended.

9. Inasmuch as Forward Television, Inc., has requested modification of its authorization to specify operation of Station WMTV on Channel 15, rather than on Channel 33, it becomes unnecessary to issue a show cause order, its request constituting consent to the modification.

10. In view of the foregoing: *It is ordered*, That, effective May 15, 1961, the Table of Assignments contained in § 3.606 of the Commission's rules and regulations is amended insofar as the communities are concerned as follows:

11. Amend the entries under the State of Wisconsin to read as follows:

City	Channel No.
Madison, Wis.-----	3, 15, *21—, 27—, 33
Richland Center, Wis.-----	*66—, 76

12. *It is further ordered*, That effective May 15, 1961, pursuant to section 316(a) of the Communications Act of 1934, as amended, the outstanding authorization held by Forward Television, Inc., for Station WMTV is modified to specify operation in Madison on Channel 15 instead of Channel 33 subject to the following conditions:

(a) Forward Television, Inc., shall advise the Commission in writing by May 5, 1961, whether it accepts the modification of its license for operation of WMTV at Madison, Wisconsin;

(b) Forward Television, Inc., shall submit to the Commission by May 5, 1961, all necessary information for the preparation of modified authorization to operate on Channel 15, and

(c) WMTV may continue to operate in accordance with its present authorization until it is ready to commence operation on the new frequency in accordance with the orders of modification herein; and shall submit in triplicate proof-of-performance measurement data necessary to demonstrate compliance with applicable technical performance requirements of the rules of the type normally required to be furnished in an application for a television license, at least 10 days prior to the date on which it is desired to begin program operations, with the proviso that program operations of Station WMTV on Channel 15 are not to be commenced until specifically authorized by the Commission after its evaluation and acceptance of such data.

## Title 50—WILDLIFE AND FISHERIES

### Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

#### PART 33—SPORT FISHING

##### Horicon National Wildlife Refuge, Wisconsin

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER.

#### § 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

##### WISCONSIN

##### HORICON NATIONAL WILDLIFE REFUGE

Sport fishing on the Horicon National Wildlife Refuge, Wisconsin, is permitted only on the areas designated by signs as open to fishing. This open area, comprising 32 acres or 0.3 percent of the total water area of the refuge, is delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, 1006 West Lake Street, Minneapolis 8, Minnesota. Sport fishing is subject to the following conditions:

(a) Species permitted to be taken: Northern pike, bullheads, and other minor species permitted by State regulations.

(b) Open season: May 1, 1961 through September 30, 1961, daylight hours only.

(c) Daily creel limits: Northern pike—5; bullheads—no limit; other minor species limits as prescribed by State regulations.

(d) Methods of fishing:

1. No more than two lines or two poles with one line attached to each pole, and with one hook or bait on each line, may be used for fishing, except that fishermen using only one line or one pole with one line attached thereto may use not more than two lures or two hooks.

2. No snag hook, snag line or snag pole may be used to take fish.

3. One dip net per person may be used for the taking, catching or killing of rough fish, except suckers.

4. No person while operating a dip net for rough fish shall fish for fish in any other manner at that time.

5. The use of boats is not permitted.

(e) Other provisions:

1. The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33.

2. A Federal permit is not required to enter the public fishing area.

3. The provisions of this special regulation are effective to October 1, 1961.

W. A. ELKINS,  
Acting Regional Director, Bureau  
of Sport Fisheries and Wildlife.

### CANNED VEGETABLES; DEFINITIONS AND STANDARDS OF IDENTITY; QUALITY; AND FILL OF CONTAINER

#### Canned Lima Beans; Calcium Salts

Notice is given that a petition has been filed by California Packing Corporation, 215 Fremont Street, San Francisco 19, California, proposing an amendment of the standard of identity for canned vegetables other than those specifically regulated (21 CFR 51.990) to provide for the use of calcium salts as a permitted optional ingredient in canned lima beans by amending § 51.990(c) (3) (ii) to read as follows:

§ 51.990 Canned vegetables other than those specifically regulated.

(c) \* \* \*

(3) \* \* \*

(ii) In the case of green sweet peppers or red sweet peppers or lima beans, purified calcium chloride, calcium sulfate,

calcium citrate, monocalcium phosphate, or any mixture of two or more such calcium salts, in a quantity reasonably necessary to firm the peppers or lima beans, but in no case in a quantity such that the calcium contained in such calcium salt or mixture is more than 0.026 percent of the weight of the finished food.

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 341, 371) and the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (25 F.R. 8625), all interested persons are invited to submit their views in writing regarding the proposal published herein. Such views and comments should be submitted in quintuplicate, addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., prior to the thirtieth day following the date of publication of this notice in the FEDERAL REGISTER.

#### Notice of Filing of Petition for Estab- lishment of Tolerance for Residues of Sodium o-Phenylphenate

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d) (1), 68 Stat. 512; 21 U.S.C. 346a (d) (1)), notice is given that a petition has been filed by Dow Chemical Company, Midland, Michigan, proposing the establishment of a tolerance of 5 parts per million for residues of sodium o-phenylphenate, expressed as o-phenylphenol, in or on cherries.

The analytical method proposed in the petition for determining residues of o-phenylphenol is the method described in the FEDERAL REGISTER of November 13, 1959 (24 F.R. 9240), with minor modifications, including elimination of the cyclohexane extraction step.

### TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTI- CIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

#### Ethylene in or on Fruits and Vegeta- bles; Notice of Proposal to Exempt From Requirement of Tolerance

A request has been received from members of industry that ethylene be declared as generally recognized as safe for pesticide use or that, alternatively, it be exempted from the requirement of a tolerance when used on crops before or after harvest as a plant regulator, according to good agricultural practice.

Ethylene has a long history of use for the purpose of degreening fruit and hastening the ripening process for both fruits and vegetables. It has also been used to induce flowering in the production of pineapple. Available evidence shows that ethylene evolves from certain fruit and vegetable products during the normal ripening process.

On the basis of available evidence on safety of ethylene as used in agriculture, the Commissioner of Food and Drugs, on his own initiative, and under the authority of the Federal Food, Drug, and Cosmetic Act (sec. 408(b), (e), 68 Stat. 512, 514; 21 U.S.C. 346a(b), (e)) vested in the Secretary of Health, Education, and Welfare, and delegated to the Commissioner (25 F.R. 8625), proposes that the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120) be amended to exempt ethylene from the requirement of a tolerance when used on fruit and vegetable crops in conformity with good agricultural practice, before or after harvest. A new section is proposed, as follows:

§ 120.— Ethylene; exemption from requirement of tolerance.

Ethylene is exempted from the requirement of a tolerance for residues when used as a plant regulator on fruit and vegetable crops in conformity with good agricultural practice, before or after harvest.

A person who has registered or who has submitted an application for the registration of an economic poison under the Federal Insecticide, Fungicide, and Rodenticide Act containing ethylene may request, within 30 days from publication of this proposal in the FEDERAL REGISTER, that the proposal be referred to an advisory committee in accordance with section 408(e) of the Federal Food, Drug, and Cosmetic Act.

Any interested person may, within 30 days from the date of the publication of this notice in the FEDERAL REGISTER, file, in quintuplicate, with the Hearing Clerk, Department of Health, Education, and

Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written views or comments on this proposal.

### PESTICIDE RESIDUES; FOOD ADDITIVES

#### Notice of Filing of Petition

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 408(d)(1), 409(b)(5), 68 Stat. 512, 72 Stat. 1786; 21 U.S.C. 346a(d)(1), 348(b)(5)), the following notice is issued:

A petition has been filed by Hayden Newport Chemical Corporation, 342 Madison Avenue, New York 17, New York, proposing the establishment of a tolerance for residues of terpene polychlorinates in or on cottonseed at 3 parts per million.

The petition also proposes the issuance of a regulation to provide a tolerance of 5 parts per million for this pesticide chemical in cottonseed oil resulting from carryover and concentration of residues in this food item processed from such cottonseed.

The analytical method proposed in the petition for determining residues of terpene polychlorinates is the zinc chloride-diphenylamine colorimetric method which depends on the formation of a blue color when these reagents are reacted with terpene polychlorinates.

## FEDERAL AVIATION AGENCY

### [ 14 CFR Part 600 ]

[Airspace Docket No. 61-NY-12]

### FEDERAL AIRWAYS

#### Alteration

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the

Federal Aviation Agency is considering amendments to §§ 600.1503 and 600.1695 of the regulations of the Administrator, the substance of which is stated below.

Intermediate VOR Federal airways Nos. 1503 and 1695 are presently designated in part as a common 10-mile wide airway segment from Bangor, Maine, to Presque Isle, Maine.

The Federal Aviation Agency has under consideration the following alterations to these airway segments:

1. Extend Victor 1503 northward as a 10-mile wide airway from the Presque Isle VOR to the intersection of the Presque Isle VOR 359° True radial and the United States/Canadian Border. This proposed extension of Victor 1503 would provide a route connecting with Canadian airways to serve air traffic at intermediate levels operating between Mont Joli, Quebec, and Presque Isle.

2. Redesignate the segment of Victor 1695 as a 10-mile wide airway from the Bangor VOR to the intersection of the Bangor VOR 059° and the Millinocket VOR 185° True radials; thence as a 16-mile wide airway via the Bangor VOR 059° True radial to the United States/Canadian Border. This proposed realigned segment of Victor 1695 would provide a route connecting with Canadian airways to serve air traffic operating at intermediate levels between Bangor and Fredericton, New Brunswick.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica 30, N.Y. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on April 6, 1961.

[Airspace Docket No. 60-LA-103]

**CONTROL ZONES****Revocation**

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 601.1983 of the regulations of the Administrator, the substance of which is stated below.

The Ellensburg, Wash., control zone is designated within a 3-mile radius of Ellensburg Municipal Airport. The Federal Aviation Agency is considering the revocation of this control zone.

There is no control tower at Ellensburg Municipal Airport and weather observations are not available on a 24-hour basis. In addition, the weather minimums are such that aircraft executing prescribed instrument approach procedures at this airport are afforded protection by the control areas associated with Red Federal airway No. 109 and VOR Federal airway No. 2. Therefore, it appears that the retention of this control zone is unjustified as an assignment of airspace.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 45, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C. on April 6, 1961.

**CONTROLLED AIRSPACE AND RESTRICTED AREAS****Revocation and Redesignation; Re-opening of Comment Period**

In a Notice of Proposed Rule Making published in the FEDERAL REGISTER on February 3, 1961 (26 F.R. 1066), it was stated that the Federal Aviation Agency proposed to alter the Fort Stewart, Ga., Restricted Area R-3005 (formerly R-159) by revoking that portion east of Long. 81°30'00" N., redesignating the remaining portion for use from sunrise to sunset and designating the Federal Aviation Agency, Jacksonville Air Route Traffic Control Center as the controlling agency.

In accordance with the terms of the Notice, the time for public comment expired forty-five days after the date of publication of the notice. However, the Department of the Army has informed the Federal Aviation Agency that it wishes to present additional data on the matter. This request appears to be reasonable. Therefore, in order to provide the Army and other interested persons a further opportunity to submit additional written data, views or arguments, the date for filing such material will be extended to May 1, 1961.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), I hereby give notice that the time within which comments will be received for consideration on Airspace Docket No. 60-WA-242 is extended to May 1, 1961. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, P.O. Box 1689, Fort Worth 1, Texas.

Section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 49 U.S.C. 1348).

Issued in Washington, D.C., on April 6, 1961.

J. R. BAILEY,  
Assistant Chief,  
Airspace Utilization Division.

## [ 14 CFR Part 602 ]

[Airspace Docket No. 60-WA-34]

**ESTABLISHMENT OF CODED JET ROUTES AND NAVIGATIONAL AIDS IN CONTINENTAL CONTROL AREA****Revision**

Pursuant to the authority delegated to me by the Administrator (14 CFR 409.13), notice is hereby given that the Federal Aviation Agency is considering the revision of Part 602 of the regulations of the Administrator, the substance of which is stated below.

Jet routes are presently defined as direct courses for navigation of aircraft at and above 24,000 feet MSL, within the continental control area, between the

respective navigational aids and inter-sections specified for such routes. The Federal Aviation Agency is considering revision of this definition to provide for their designation outside the continental control area. A second revision would permit the designation of "Jet Advisory Areas" within the continental control area. A third revision would revoke Subpart C—L/MF jet routes and Subpart E—TACAN jet routes.

The designation of jet routes outside the continental control area together with the designation of control areas for these jet routes would provide protection for the rapidly expanding air carrier operations outside the continental control area. However, these designations will not be proposed in this notice, but will be the subject of subsequent rule making action. It is unnecessary to designate control areas for those portions of jet routes within the continental control area since they will be within controlled airspace.

The designation of Jet Advisory Areas in connection with the portions of jet routes within the continental control area would provide, in regulatory form, the areas within which the air traffic rules contained in Special Civil Air Regulation No. SR-444 (26 F.R. 292) apply. Jet Advisory Areas would be in two categories, "radar jet advisory areas" and "non-radar jet advisory areas". Radar jet advisory areas would be further subdivided into two parts, "en route" and "terminal" jet advisory areas. Unless otherwise designated, jet advisory areas would be designated within 16 miles either side of jet route segments, en route radials of specified VOR Federal airways, VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between navigational facilities, centerlines of control area extensions, or designated with reference to specified geographical locations with configurations suited to specific requirements. Radar jet advisory areas would normally extend from flight level 240 to flight level 390 inclusive. Non-radar jet advisory areas would normally extend from flight level 270 to flight level 310 inclusive, and from flight level 370 to flight level 390 inclusive. Those jet advisory areas predicated on jet route segments would be identified by the associated jet route number. Those jet advisory areas predicated on specified radials, bearings, direct courses between navigational facilities, centerlines of control area extensions or geographical locations would be identified by geographical names, and would normally be used for transition between jet routes and intermediate altitude airways or terminal areas.

The Department of Defense, the prime user of the L/MF jet route system, has informed the Federal Aviation Agency that there no longer will be a military requirement for this route system after August 24, 1961. In addition, the new VORTAC navigational system (collocated VOR and TACAN) obviates the requirement for basing jet routes on TACAN navigational facilities. Accordingly, it is proposed to revoke subpart C—L/MF jet routes and subpart E—TACAN jet routes.

If these actions are taken, Part 602 of the regulations of the Administrator would be revised as follows:

A. The caption of Part 602 would be revised to read as follows: Part 602—Designation of Jet Routes, Jet Advisory Areas, and High Altitude Navigational Aids.

B. Section 602.1 *Basis and purpose* would be revised to read.

#### § 602.1 Basis and Purpose.

The basis of this part is found in section 307 of the Federal Aviation Act of 1958. The purpose of this part is to designate jet routes between high altitude navigational aids or intersections of their signals, along which aircraft may be operated at and above flight level 240; and to designate jet advisory areas along specified jet route segments, en route radials of VOR Federal airways, VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between high altitude navigational facilities, centerlines of control area extensions, or in the vicinity of specified geographical locations.

C. Section 602.2 *Explanation of terms* would be revised to read:

#### § 602.2 Explanation of terms.

"Bearings" and "radials" are True and from the point of origin.

"CONSOLAN" means low frequency long-range navigational aid. "Continental Control Area" The Continental Control Area consists of the airspace of the continental United States at and above 14,500 feet MSL but excludes: (1) the State of Alaska, (2) the airspace less than 1,500 feet above terrain, and (3) prohibited and restricted areas except those restricted areas specified in Subpart H of Part 601 of this title.

"E" means east.

"FL" means flight level, a level of constant atmospheric pressure related to a reference datum of 29.92 inches of mercury expressed in three digits representing hundreds of feet, for example, FL 250 is equivalent to an altimeter indication of 25,000 feet and FL 265 to 26,500 feet.

"FM" means fan marker.

"ILS" means instrument landing system.

"INT" means intersection of two or more courses or radials formed by signals emanating from the navigational aids used to describe jet routes.

"Jet Advisory Area" means the airspace within the continental control area designated in Subpart C of this part, within which the air traffic rules contained in Special Civil Air Regulation No. SR-444 apply. Jet advisory areas are categorized as "Radar" and "Non-radar". Radar jet advisory areas (en route and terminal) are defined areas in which jet advisory service is provided by use of radar. Non-radar advisory areas are defined areas in which jet advisory service is provided on a procedural basis without the use of radar.

"JR" means jet route, direct courses for navigation of aircraft at and above Flight Level 240 between the respective navigational aids and intersections specified for such routes.

"Lat." means latitude.

"L/MF" means low or medium frequency navigational aid.

"Long." means longitude.

"Mile" means statute mile unless otherwise specified.

"MM" means instrument landing system middle marker.

"N" means north.

"Navigational Aid" means the navigational facilities designated under § 602.9 for the navigation of aircraft at and above FL 240.

"NE" means northeast.

"NW" means northwest.

"nmi" means nautical mile.

"OM" means instrument landing system outer marker.

"RBN" means radio beacon.

"RR" means low frequency or medium frequency radio range station.

"S" means south.

"SE" means southeast.

"SW" means southwest.

"TACAN" means a military tactical air navigational aid.

"United States" means the several States, the District of Columbia and the several Territories and Possessions of the United States, including the territorial waters and the overlying airspace thereof.

"VHF" means very high frequency.

"VOR" means very high frequency omnirange station.

"VORTAC" means collocated VOR and TACAN.

"W" means west.

D. Section 602.3 *Direction of jet routes* would read as follows:

#### § 602.3 Direction of jet routes.

(a) Even numbers are normally assigned to jet routes designated in a westerly to easterly direction between the initial and final points of such routes, even though portions of such routes may deviate from the westerly to easterly direction between any two or more designated intermediate points.

(b) Odd numbers are normally assigned to jet routes designated in a southerly to northerly direction between the initial and final points of such routes, even though portions of such routes may deviate from the southerly to northerly direction between any two or more designated intermediate points.

E. Section 602.9 *Designation of high altitude navigational aids* would be revised to read as follows:

#### § 602.9 Designation of high altitude navigational aids.

All of the navigational facilities used in the jet route descriptions in Subpart B are designated as high altitude navigational aids. Those navigational aids listed in paragraphs (a) through (i) of this section are designated as additional high altitude navigational aids.

(a) Nantucket, Mass., Consolan Non-Directional Radio Beacon.

(b) Newark, N.J., L/MF radio range station.

(c) Wilmington, N.C. (Carolina Beach) Non-Directional Radio Beacon.

(d) Marathon, Fla., Non-Directional Radio Beacon.

(e) Galveston, Texas, Non-Directional Radio Beacon.

(f) Grand Isle, La., Non-Directional Radio Beacon.

(g) Egmont Key, Fla., Non-Directional Radio Beacon.

(h) Miami, Fla., Non-Directional Radio Beacon.

(i) Pensacola, Fla., L/MF radio range station.

F. Section 602.10 *Establishment of jet routes* would be revised to read as follows:

#### § 602.10 Designation of jet routes.

The direct courses between the navigational aids and intersections described in Subpart B of this part are designated as jet routes.

G. Section 602.50 *Extent of jet advisory areas* would be added as follows:

#### § 602.50 Extent of jet advisory areas.

Unless otherwise designated in Subpart C of this part, jet advisory areas include the area in the continental control area within 16 miles either side of jet route segments, en route radials of specified VOR Federal airways, VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between navigational facilities, or centerlines of control area extensions. Certain jet advisory areas are designated with reference to geographical locations with configurations suited to specific requirements. Unless otherwise designated, radar jet advisory areas shall extend from flight level 240 to flight level 390 inclusive, and shall be subdivided into two parts, "Enroute" and "Terminal" jet advisory areas. Unless otherwise designated, non-radar jet advisory areas shall extend from flight level 270 to flight level 310 inclusive, and from flight level 370 to flight level 390 inclusive. Jet advisory areas exclude the airspace within prohibited areas or restricted areas except those restricted areas specified in Subpart H of Part 601 of this title.

H. Section 602.60 *Designation of jet advisory areas* would be added as follows:

#### § 602.60 Designation of jet advisory areas.

The areas within the continental control area along specified jet route segments, en route radials of VOR Federal airways, VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between navigational facilities, centerlines of control area extensions, or in the vicinity of specified geographical areas as described in Subpart C are designated as jet advisory areas. Those jet advisory areas predicated on jet routes are identified by the associated jet route number. Those jet advisory areas predicated on en route radials of specified VOR Federal airways, VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between navigational facilities, centerlines of control area extensions, or in the vicinity of geographical locations are identified by geographical names.

I. Subpart C—L/MF Jet Routes would be revoked.

J. Subpart D—VOR/VORTAC Jet Routes would be redesignated as Subpart B—VOR/VORTAC Jet Routes.

Since this revision to Part 602 will not change the description of existing jet routes, these jet routes will not be included in this notice for the purpose of brevity.

K. Subpart C—Jet Advisory Areas would be added to read as follows:

#### ENROUTE JET ADVISORY AREAS

##### § 602.5001 VOR/VORTAC jet route No. 1 jet advisory area.

*Radar.* Mission Bay, Calif., VOR to Seattle, Wash., VORTAC.

##### § 602.5002 VOR/VORTAC jet route No. 2 jet advisory area.

*Radar.* El Paso, Tex., VOR to Tallahassee, Fla., VORTAC.

##### § 602.5003 VOR/VORTAC jet route No. 3 jet advisory area.

*Radar.* Oakland, Calif., VORTAC to United States/Canadian border.

##### § 602.5004 VOR/VORTAC jet route No. 4 jet advisory area.

*Radar.* Los Angeles, Calif., VOR to Dallas, Tex., VORTAC.

##### § 602.5005 VOR/VORTAC jet route No. 5 jet advisory area.

*Radar.* Los Angeles, Calif., VOR to Seattle, Wash., VORTAC excluding the portion below FL 280 from 50 nmi S of Reno, Nev., VOR to 50 nmi N of Reno VOR.

##### § 602.5006 VOR/VORTAC jet route No. 6 jet advisory area.

*Radar.* Hector, Calif., VORTAC to Prescott, Ariz., VORTAC.

##### § 602.5008 VOR/VORTAC jet route No. 8 jet advisory area.

*Radar.* Tulsa, Okla., VORTAC to Idlewild, N.Y., VORTAC.

##### § 602.5009 VOR/VORTAC jet route No. 9 jet advisory area.

(a) *Radar.* Los Angeles, Calif., VOR to 40 nmi SW of Milford, Utah, VORTAC; from 30 nmi NE of Milford VORTAC to Salt Lake City, Utah, VORTAC.

(b) *Non radar.* From 40 nmi SW of Milford, Utah, VORTAC to 30 nmi NE of Milford VORTAC.

##### § 602.5010 VOR/VORTAC jet route No. 10 jet advisory area.

(a) *Radar.* Los Angeles, Calif., VOR to 40 nmi NE of Farmington, N. Mex., VORTAC; from 150 nmi NE of Farmington VORTAC to Denver, Colo., VORTAC.

(b) *Non radar.* From 40 nmi NE of Farmington, N. Mex., VORTAC to 150 nmi NE of Farmington VORTAC.

##### § 602.5012 VOR/VORTAC jet route No. 12 jet advisory area.

*Radar.* Baltimore, Md., VORTAC to Pittsburgh, Pa., VORTAC.

##### § 602.5016 VOR/VORTAC jet route No. 16 jet advisory area.

*Radar.* Portland, Oreg., VORTAC to Boston, Mass., VORTAC excluding the

portion below FL 310 from 75 nmi W of Whitehall, Mont., VOR to 97 nmi E of Whitehall VOR.

##### § 602.5019 VOR/VORTAC jet route No. 19 jet advisory area.

*Radar.* Omaha, Nebr., VORTAC to the INT of VOR/VORTAC jet routes Nos., 19 and 64.

##### § 602.5020 VOR/VORTAC jet route No. 20 jet advisory area.

(a) *Radar.* Seattle, Wash., VORTAC to Boise, Idaho, VORTAC; from 100 nmi NW of Malad City, Idaho, VORTAC to 45 nmi SE of Rock Springs, Wyo., VORTAC; from 107 nmi NW of Denver, Colo., VORTAC to 120 nmi SE of Denver VORTAC; from Garden City, Kans., VORTAC to Oklahoma City, Okla., VORTAC.

(b) *Non radar.* From Boise, Idaho, VORTAC to 100 nmi NW of Malad City, Idaho, VORTAC; from 45 nmi SE of Rock Springs, Wyo., VORTAC to 107 nmi NW of Denver, Colo., VORTAC; from 120 nmi SE of Denver VORTAC to Garden City, Kans., VORTAC.

##### § 602.5021 VOR/VORTAC jet route No. 21 jet advisory area.

*Radar.* Laredo, Tex., VORTAC to Oklahoma City, Okla., VORTAC.

##### § 602.5022 VOR/VORTAC jet route No. 22 jet advisory area.

*Radar.* Lake Charles, La., VOR to Gordonsville, Va., VORTAC.

##### § 602.5024 VOR/VORTAC jet route No. 24 jet advisory area.

*Radar.* Phoenix, Ariz., VORTAC to Albuquerque, N. Mex., VORTAC; from Indianapolis, Ind., VORTAC to Charleston, W. Va., VORTAC.

##### § 602.5025 VOR/VORTAC jet route No. 25 jet advisory area.

*Radar.* Brownsville, Tex., VORTAC to Minneapolis, Minn., VOR.

##### § 602.5026 VOR/VORTAC jet route No. 26 jet advisory area.

*Radar.* El Paso, Tex., VOR to Appleton, Ohio, VORTAC.

##### § 602.5029 VOR/VORTAC jet route No. 29 jet advisory area.

*Radar.* Brownsville, Tex., VORTAC to Cleveland, Ohio, VORTAC.

##### § 602.5030 VOR/VORTAC jet route No. 30 jet advisory area.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Chief, Airspace Utilization Division. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on April 7, 1961.

## FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 7, 9, 10, 11, 16, 19]  
PRIVATE MICROWAVE SYSTEMS ON  
CERTAIN BANDS ABOVE 952 MC

[Docket No. 14029; FCC 61-454]

Licensing on Regular Basis, and Type  
Acceptance Requirements

1. The Commission in its Report and Order in Docket No. 11866, adopted July 29, 1959, as affirmed in its Memorandum Opinion and Order, released October 5, No. 70—4

1960 (FCC 60-1162), rendered the opinion that the frequencies now allocated for operational fixed usage should be made assignable on a regular basis to private users. The eligibility criteria for such assignments are to be the same as is now provided for mobile operations in the several Safety and Special Radio Services.

2. As a preliminary step toward this end, the Commission in Docket No. 13083 (FCC 60-1301), adopted Interim Technical Standards which would be effective July 20, 1961, governing the issuance of authorizations for private microwave systems to operate in certain frequency bands above 952 Mc.

3. This Notice may be regarded as the next logical step in effectuating this "regularization" process. Currently, all authorizations in most of Safety and Special Radio Services covered herein are limited to developmental operation only. Stations authorized for "developmental authorization" only are subject to several restrictions. The applicant must submit a statement agreeing that any such authorization may be modified or cancelled without a hearing but only upon reasonable notice by the Commission. The authorization itself is issued for a one year term only and is subject to the condition that no harmful interference is caused to the operation of stations licensed on a regular basis. These developmental stations may be required by the Commission to conduct special tests, and in all cases they are required to submit a detailed report on the results of the developmental operations conducted. Having adopted the Interim Technical Standards referred to above, the developmental limitation on the frequencies governed by these Standards appears to be unnecessary, and, hence, the Commission is proposing that it be deleted from the appropriate sections of the Rules. By eliminating this limitation, the Commission will be able to issue authorizations for the frequencies affected on a regular basis, including licensing up to the usual five year period.

4. On the other hand, it is clear that there are various aspects of microwave usage in the Safety and Special Radio Services where it is necessary at this time that a considerable degree of flexibility be retained to allow case-by-case treatment of applications in terms of special conditions for microwave facilities. It is anticipated, of course, that future rule making proceedings will serve to complete the "regularization" process and obviate the necessity for case-by-case handling of these applications. However, in this interim period, it is proposed that in addition to the removal of the usage of microwave frequencies from the developmental category for each of the bands above 952 Mc for which interim technical standards were adopted in Docket No. 13083, the following sample be included in each of the pertinent parts of the rules governing the Safety and Special Radio Services:

### SPECIAL PROVISIONS FOR STATIONS OPERATING ABOVE 952 MC

Stations authorized to operate on those frequencies above 952 Mc which are not re-

stricted to assignment for developmental operation only shall be constructed and used in such a manner as to conform with all of the technical and operating requirements of Subparts C and D of this Part, unless deviation therefrom is specifically provided for in the station authorization.

5. Heretofore, since authorizations for microwave stations on the frequency bands referred to herein above 952 Mc were issued on a developmental basis only, the licensees of such stations were specifically excluded from the usual requirement that their equipment must be type accepted by the Commission. As it is presently proposed to eliminate the developmental restriction on these frequencies, it is also necessary to propose that applicants seeking an authorization to operate on these frequencies must demonstrate that the equipment proposed for use has been subjected to the type-acceptance procedure which is set forth in Part 2 of the Commission's rules. Since in Docket No. 13083 the Commission determined that the Interim Technical Standards would not be applicable to transmitting equipment authorized to operate on these frequencies before July 20, 1961, or for which an authorization is issued based on an application filed with the Commission before that date, it is proposed to exempt in like fashion these licensees from demonstrating compliance with the type-acceptance requirements.

6. In summary, the Commission is proposing the following rule amendments: (a) Removal of the developmental restriction on those bands for which Interim Technical Standards have been established, thus enabling the Commission to issue authorizations on a regular basis; (b) Addition of a rule in those parts of the rules governing the affected Safety and Special Radio Services to enable the Commission to handle applications for facilities in these bands on a case-by-case basis until definitive rules are established to cover authorizations in these bands; and (c) Requirement that equipment intended to be used in these bands by post-July 20, 1961, applicants must be type accepted pursuant to the procedure set forth in Part 2. Since the effective date for the Interim Technical Standards is July 20, 1961, the same date is proposed for the amendments set forth above.

7. Authority for these amendments is contained in sections 4(i) and 303 of the Communications Act of 1934 as amended.

8. Any interested person who is of the opinion that the proposed amendments should not be adopted or should not be adopted in the form set forth herein, and any person desiring to support this proposal may file with the Commission on or before May 15, 1961, a written statement or brief setting forth his comments. No additional comments may be filed unless (1) specifically requested by the Commission, or (2) good cause for the filing of such additional comments is established. The Commission will consider all comments filed hereunder prior to taking final action in this matter provided that, notwithstanding the provisions of § 1.213 of the rules, the Commission will not be limited solely to the comments filed in this proceeding.

## PROPOSED RULE MAKING

9. In accordance with the provisions of § 1.54 of the Commission's rules and regulations, an original and fourteen copies of all statements, briefs, and comments filed shall be furnished the Commission.

Adopted: April 5, 1961.

Released: April 10, 1961.

### Notice of Termination of Proposed Withdrawal and Reservation of Lands

MARCH 27, 1961.

The Department of the Navy filed an application for withdrawal and reservation of lands, serial number Los Angeles 0122986, on December 9, 1954. The applicant agency has amended the application, deleting therefrom certain of the lands originally filed for. ### Federal Maritime Board

[Docket No. 936]

#### HELLENIC LINES, LTD.

### Notice of Investigation and Hearing

On March 30, 1961, the Federal Maritime Board entered the following order:

It appearing, that Hellenic Lines, Ltd., in connection with certain shipments of coffee transported on the S.S. "Hellenic Beach" and S.S. "Hellenic Torch" during the period March and April 1960, may have made or may have given undue or unreasonable preference or advantage to particular persons or may have subjected particular persons to undue or unreasonable prejudice or disadvantage; and

It further appearing, that Hellenic Lines, Ltd., may have charged or collected rates or charges which were unjustly discriminatory between shippers;

Now therefore it is ordered, That a proceeding of inquiry and investigation is hereby instituted to determine whether Hellenic Lines, Ltd., acted in violation of section 16, First and/or section 17 of the Shipping Act, 1916 (46 U.S.C. 815, 816); and

It is further ordered, That Hellenic Lines, Ltd., be and hereby is made a respondent in this proceeding which is to be set for hearing before an examiner from the Hearing Examiners' Office at a time and place to be announced; and

*It is further ordered, That a copy of this order be served on the respondent and published in the FEDERAL REGISTER.*

Notice is hereby given that the hearing in this proceeding will be held before an examiner of the Board's Office of Hearing Examiners at a date and place hereafter to be announced. The hearing will be conducted in accordance with the Board's rules of practice and procedure, and an initial decision will be issued by the examiner.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies), having an interest in this proceeding and desiring to intervene therein, should notify the Secretary of the Board promptly and file petitions for leave to intervene in accordance with Rule 5(n) (46 CFR § 201.74) of said rules.

Dated: April 10, 1961.

By order of the Federal Maritime Board.

THOMAS LISI,  
Secretary.

### Agricultural Marketing Service

#### FRESH IRISH POTATOES

#### Notice of Diversion Payment Program BMD 3a

In order to encourage the further utilization of fresh Irish potatoes by diverting them from the normal channels of trade and commerce into the manufacture of potato starch and potato flour, in accordance with Section 32, Public Law 320, 74th Congress, approved August 24, 1935, as amended, a diversion payment program was made effective on March 2, 1961, and will continue until further notice, but in any event not later than May 31, 1961, in areas where potato surpluses have created serious marketing problems, where starch and flour manufacturing facilities are available,

and where a marketing plan approved by the Department of Agriculture has been established to assist in effectuating the purpose of the program. Information relative to this diversion program may be obtained from: Fruit and Vegetable Division, Agricultural Marketing Service, Department of Agriculture, Washington 25, D.C.

(Sec. 32, 49 Stat. 774 as amended, 7 U.S.C. and Sup. 612c)

Dated: April 7, 1961.

### Commodity Credit Corporation SALES OF CERTAIN COMMODITIES April 1961 Monthly Sales List

*Notice to buyers.* Pursuant to the policy of Commodity Credit Corporation issued October 12, 1954 (19 F.R. 6669) and subject to the conditions stated therein, as well as herein, the commodities listed below are available for sale on the price basis set forth.

As announced March 6 (press release USDA 648-61), pea beans and dark red kidney beans have been added to the list of available commodities.

The CCC Monthly Sales List, which varies from month to month as additional commodities become available or commodities formerly available are dropped, is designed to aid in moving CCC's inventories into domestic or export use through regular commercial channels.

If it becomes necessary during the month to amend this list in any material way—such as by the removal or addition of a commodity in which there is general interest or by a significant change in price or method of sale—an announcement of the change will be sent to all persons currently receiving the list by mail from Washington. To be put on this mailing list, address: Director, Price Division, Commodity Stabilization Service, U.S. Department of Agriculture, Washington 25, D.C.

All commodities currently offered for sale by CCC, plus tobacco from CCC loan stocks, are eligible for export sale under the CCC Export Credit Sales Program.

The following commodities are currently eligible for barter: Nonfat dry milk, cotton, tobacco, rice (milled), wheat, corn, barley, rye, oats, and grain sorghums. This list is subject to change from time to time.

Interest rates per annum under the CCC Export Credit Sales Program for April 1961 are 3½ percent for periods up to six months, 3¾ percent for periods from over six and up to 18 months, and 4 percent for periods from over 18 months up to a maximum of 36 months.

The CCC will entertain offers from responsible buyers for the purchase of any commodity on the current list. Offers accepted by CCC will be subject to the terms and conditions prescribed by the Corporation. These terms include

payment by cash or irrevocable letter of credit before delivery of the commodity, and the conditions require removal of the commodity from CCC storage within a reasonable period of time. Where conditions of sale for export differ from those for domestic sale, proof of exportation is also required, and the buyer is responsible for obtaining any required U.S. Government export permit or license. Purchases from CCC shall not constitute any assurance that any such permit or license will be granted by the issuing authority.

Applicable announcements containing all terms and conditions of sale will be furnished upon request. For easy reference a number of these announcements are identified by code number in the following list. Interested persons are invited to communicate with the Commodity Stabilization Service, USDA, Washington 25, D.C., with respect to all commodities or—for specified commodities—with the designated CSS Commodity Office.

Commodity Credit Corporation reserves the right to amend, from time to time, any of its announcements. Such amendments shall be applicable to and be made a part of the sale contracts thereafter entered into.

CCC reserves the right to reject any or all offers placed with it for the purchase of commodities pursuant to such announcements.

If CCC does not have adequate information as to the financial responsibility of a prospective buyer to meet all contract obligations that might arise by acceptance of an offer or if CCC deems such buyer's financial responsibility to be inadequate CCC reserves the right (i) to refuse to consider the offer, (ii) to accept the offer only after submission by the buyer of a certified or cashier's check, bond, letter of credit or other security acceptable to CCC assuring that the buyer will discharge the responsibility under the contract, or (iii) to accept the offer upon condition that the buyer promptly submit to CCC such of the aforementioned security as CCC may direct. If a prospective buyer is in doubt as to whether CCC is acquainted with his financial responsibility he should communicate with the CCC Office at which the offer is to be placed to determine whether a financial statement or advance financial arrangement will be necessary in his case.

Disposals and other handling of inventory items often result in small quantities at given locations or in qualities not up to specifications. These lots are offered by the appropriate CSS Office promptly upon appearance and therefore generally they do not appear in the Monthly Sales List.

On sales for which the buyer is required to submit proof to CCC of exportation the buyer shall be regularly engaged in the business of buying or selling commodities and for this purpose shall maintain a bona fide business office in the United States, its territories or possessions, and have a person, principal, or resident agent upon whom service of judicial process may be had.

Prospective buyers for export should note that generally, sales to United

States Government agencies, with only minor exceptions, will constitute a domestic unrestricted use of the commodity.

Commodity Credit Corporation reserves the right, before making any sales, to define or limit export areas.

**Notice to exporters.** The Department of Commerce, Bureau of Foreign Commerce (BFC), pursuant to regulations under the Export Control Act of 1949, prohibits the exportation or re-exportation by anyone of any commodities (except bandages, gauze, and absorbent cotton with respect to Cuba only) under this program to Cuba, the Soviet Bloc, or Communist-controlled areas of the Far East including Communist China, North Korea, and the Communist-controlled areas of Vietnam, except under validated license issued by the U.S. Department of Commerce, Bureau of Foreign Commerce.

These regulations generally require that exporters, in or in connection with their contracts with foreign purchasers, where the contract involves \$10,000 or more and exportation is to be made to a Group R country or Cuba, obtain from the foreign purchaser a written acknowledgment of his understanding of (1) U.S. Commerce Department prohibitions (Comprehensive Export Schedule, 15 CFR 371.4 and 371.8) against sales or resale for re-export of said commodities, or any part thereof, without express Commerce Department authorization, to the Soviet Bloc, Communist China, North Korea or the Communist-controlled area of Vietnam or to Cuba, and (2) the sanction of denial of future U.S. export privileges that may be imposed for violation of the Commerce Department regulations. Exporters who have a continuing and regular relationship with a foreign purchaser may obtain a blanket acknowledgment from such purchaser covering all transactions involving surplus agricultural commodities and manufactures thereof purchased from CCC or subsidized for export by the Secretary of Agriculture or CCC. Where commodities are to be exported by a party other than the original purchaser of the commodities from the CCC the original purchaser should inform the exporter in writing of the requirement for obtaining the signed acknowledgment from the foreign purchaser.

For all exportations, one of the destination control statements specified in BFC Regulation (Comprehensive Export Schedule § 379.10(c)) is required to be placed on all copies of the shipper's export declaration, all copies of the bill of lading, and all copies of the commercial invoices. For additional information as to which destination control statement to use, the exporter should communicate with the Bureau of Foreign Commerce or one of the field offices of the Department of Commerce.

The above statement is with respect to the regulations of the Department of Commerce as of October 19, 1960. Exporters should consult the applicable regulations for more detailed information if desired and for any changes that may be made therein subsequent to such date.

### Order Designating Application for Hearing on Stated Issues

In re application of Walter J. Teich and Kenneth S. Gordon, d/b as Eagle River Broadcasting Company (assignor), and Eagle River Broadcasting Company, Inc. (assignee), Docket No. 14030, file No. BAP-520; for assignment of construction permit for Station WERL, Eagle River, Wisconsin.

At a session of the Federal Communications Commission held at its offices in Washington, D.C., on the 5th day of April 1961;

The Commission having under consideration the above-entitled application to assign the construction permit for Station WERL, Eagle River, Wisconsin, filed with the Commission on February 20, 1961; and

It appearing that the consideration for the assignment of the construction permit is \$20,000 cash; that the assignor has listed expenses incurred in the acquisition of the above permit in the sum of \$14,361.63, and that the purchase price exceeds such expenses in the sum of \$5,638.37; and

It further appearing that upon due consideration of the above-entitled application and amendment thereto, the Commission finds that no questions exist with respect to the applicants except as to the matters specified in the issues set forth below; and

It further appearing that in view of the fact that the purchase price exceeds assignor's claimed expenses, the Commission is unable to find that a grant of the above-entitled application would serve the public interest, convenience and necessity and that the application must, therefore, be designated for hearing;

*It is ordered*, That, pursuant to section 309(e) of the Communications Act of 1934, as amended, the above-entitled application is designated for hearing at a time and place to be specified in a subsequent Order, upon the following issues:

1. To determine whether or not a grant of the above-captioned application would be consistent with the Commission's policy against "trafficking" in construction permits.

2. To determine whether, on the basis of the evidence adduced with respect to the foregoing issue, a grant of the above-entitled application would serve the public interest, convenience and necessity.

*It is further ordered*, That, to avail themselves of the opportunity to be heard, the applicants herein, pursuant to § 1.140 of the Commission's rules, in person or by attorney, shall, within 20 days of the mailing of this order, file with the Commission in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing

and present evidence on the issues specified in this order.

Released: April 10, 1961.

# SHENANDOAH LIFE STATIONS, INC. (WSLS-FM)

## Order Designating Application for Hearing on Stated Issues

In re application of Shenandoah Life Stations, Incorporated (WSLS-FM), Roanoke, Virginia; has: 99.1 Mc, #256; 21 kw; 1890 ft., req.: 99.1 Mc, #256; 202 kw; 1892 ft., Docket No. 14036, File No. BPH-3261; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D.C., on the 5th day of April 1961;

The Commission having under consideration the above-captioned and described application;

It appearing that except as indicated by the issues specified below, the instant applicant is legally, technically, financially, and otherwise qualified to construct and operate the proposed station, but that the proposed operation may cause interference to Station WBKW, Beckley, West Virginia; and

It further appearing that after consideration of the foregoing, the Commission is unable to make the statutory finding that a grant of the application would serve the public interest, convenience, and necessity; and is of the opinion that the application must be designated for hearing on the issues specified below;

It is ordered, That pursuant to section 309(e) of the Communications Act of 1934, as amended, the instant application is designated for hearing at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the area and population within the 1 mv/m contour which may be expected to gain or lose service from the proposed operation of WSLS-FM and the availability of other FM broadcast service of at least 1 mv/m to such area and population.

2. To determine whether the instant proposal of WSLS-FM would involve objectionable interference with Station WBKW, Beckley, West Virginia, or any other existing FM broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other FM service of at least 1 mv/m to such areas and populations.

3. To determine, in the light of the evidence adduced pursuant to the foregoing issues, whether a grant of the above-described application should be granted.

It is further ordered, That Joe L. Smith, Jr., Inc., licensee of Station WBKW, Beckley, West Virginia, is made a party to the proceeding.

It is further ordered, That in the event of a grant of the application of WSLS-FM, the construction permit shall contain a condition that prior to authorization of program tests there be submitted sufficient data in accordance with § 3.250 of the Commission's rules for type acceptance of the transmitter.

It is further ordered, That to avail themselves of the opportunity to be heard, the applicant and party respondent herein, pursuant to § 1.140 of the Commission's rules, in person or by attorney, shall, within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

Released: April 10, 1961.

At a session of the Federal Communications Commission held at its offices in Washington, D.C., on the 5th day of April 1961;

The Commission having under consideration the above-captioned and described applications;

It appearing that except as indicated by the issues specified below, each applicant herein is legally, technically, financially, and otherwise qualified to construct and operate its instant proposal; and

It further appearing that the Commission, in a prehearing letter dated September 9, 1960, and incorporated herein by reference, notified the instant applicants, and any other known parties in interest, of the grounds and reasons for the Commission's inability to make a finding that a grant of any one of the

applications would serve the public interest, convenience, and necessity; and that a copy of the aforementioned letter is available for public inspection at the Commission's offices; and

It further appearing that the instant applicants filed timely replies to the aforementioned letter, which replies have not, however, entirely eliminated the grounds and reasons precluding a grant of the said applications and requiring an evidentiary hearing on the particular issues hereinafter specified; and

It further appearing that the proposed operations of WEXC, Inc., De-Lan, Inc., and Seaport Broadcasting Corporation would provide a signal of at least 25 mv/m over both Depew and Lancaster, New York and that therefore, in the event it is determined pursuant to section 307(b) of the Communications Act of 1934, as amended, that a grant of one of the proposals for Depew and Lancaster would best provide a fair, efficient and equitable distribution of radio service, a further determination must be made as to whether a choice from among the proposals of WEXC, Inc., De-Lan, Inc., and Seaport Broadcasting Corporation can reasonably be based on considerations with respect to section 307(b) of the Act; and

It further appearing that after consideration of the foregoing, and the applicants' replies, the Commission is still unable to make the statutory finding that a grant of the applications would serve the public interest, convenience, and necessity; and is of the opinion that the applications must be designated for hearing in a consolidated proceeding on the issues specified below;

It is ordered, That, pursuant to section 309(e) of the Communications Act of 1934, as amended, the instant applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations which would receive primary service from the proposed operations and the availability of other primary service to such areas and populations.

2. To determine, in the light of section 307(b) of the Communications Act of 1934, as amended, which of the instant proposals would best provide a fair, efficient and equitable distribution of radio service.

3. To determine, in the event it is concluded that one of the proposals for Depew or the proposal for Lancaster would best provide a fair, efficient and equitable distribution of radio service, whether a choice between one of the proposals for Depew and the proposal for Lancaster can reasonably be based on considerations with respect to section 307(b) of the Communications Act of 1934, as amended, and, if so, whether a grant of one of the proposals for Depew or the proposal for Lancaster would better provide a fair, efficient and equitable distribution of radio service.

4. To determine, in the event it is concluded that a choice between one of the proposals for Depew and the proposal for

Lancaster cannot be made on considerations relating to section 307(b) of the Act, which of the three operations would best serve the public interest in the light of the evidence adduced pursuant to the foregoing issues and the record made with respect to the significant differences between the applicants as to:

(a) The background and experience of each having a bearing on the applicant's ability to own and operate the proposed station.

(b) The proposal of each with respect to the management and operation of the proposed station:

(c) The programming service proposed in each of said applications.

5. To determine, in the event it is concluded pursuant to Issue 4 (above) that one of the proposals for Depew should be favored, which of the Depew proposals would better serve the public interest, convenience and necessity in the light of the evidence adduced under the issues herein and the record made with respect to the significant differences between the said applicants as to:

(a) The background and experience of each having a bearing on the applicant's ability to own and operate the proposed standard broadcast station.

(b) The proposals of each with respect to the management and operation of the proposed station.

(c) The programming service proposed in each of the said applications.

6. To determine, in the light of the evidence adduced pursuant to the foregoing issues which of the instant applications should be granted.

*It is further ordered*, That in the event of a grant of any of the instant proposals, the construction permit shall contain a condition that permittee shall accept any interference resulting from a grant of the proposal of Cassill Radio Corporation, File No. BP-13819, to increase the antenna height of Station WOSC, Fulton, New York.

*It is further ordered*, That, to avail themselves of the opportunity to be heard, the applicants herein, pursuant to § 1.140 of the Commission rules, in person or by attorney, shall, within 20 days of the mailing of this order, file with the Commission in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

*It is further ordered*, That, the issues in the above-captioned proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding, and upon sufficient allegations of fact in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give reasonable assurance that the proposals set forth in the application will be effectuated.

[Docket No. E-6992]

MONTANA-DAKOTA UTILITIES CO.

#### Notice of Application

APRIL 7, 1961.

Take notice that on March 27, 1961, an application was filed with the Federal Power Commission pursuant to section 204 of the Federal Power Act by Montana-Dakota Utilities Co. ("Applicant"), a corporation organized under the laws of the State of Delaware and qualified as a foreign corporation to do business in Minnesota, Montana, North Dakota, South Dakota, and Wyoming, with its principal business office at Minneapolis, Minnesota, seeking an order authorizing the issuance of (a) 50,000 shares of 5.10 percent Series Preferred Stock, par value \$100 per share, and (b) \$8,000,000 aggregate principal amount of unsecured Promissory Notes due not more than one year after dates of issue, to be issued not later than December 31, 1961. The 50,000 shares of 5.10 percent Series Preferred Stock are proposed to be issued and sold at par to 15 institutional purchasers and will carry dividends from their issue date. A placement commission of 50 cents a share will be paid by Applicant to a group consisting of Blyth & Co., Inc.; Merrill Lynch, Pierce, Fenner & Smith Incorporated; and Hariman Ripley & Co., Incorporated. Total expenses, including legal fees, printing, and some part of engineering expense, are estimated by Applicant to approximate \$25,000. The application requests exemption of the sale of stock from competitive bidding requirements. Applicant states that the Promissory Notes will be payable to the First National City Bank of New York and that the Northwestern National Bank of Minneapolis and the First National Bank of Minneapolis will each have a 25 percent participation in each note. The proposed Notes are to bear interest at the prime commercial rate at the respective dates of their issue and are to be dated as of the respective dates of their issue. Applicant states that the proceeds from the issuance and sale of the Preferred Stock and Promissory Notes will be expended partly in payment of short-term notes of Applicant now outstanding and partly in connection with Applicant's 1961 construction program.

Any person desiring to be heard or to make any protest with reference to said application should on or before the 28th day of April 1961, file with the Federal Power Commission, Washington 25, D.C., petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file and available for public inspection.

**NORTHERN STATES POWER CO. AND  
NORTHWESTERN PUBLIC SERVICE  
CO.****Notice of Application**

APRIL 7, 1961.

Take notice that on March 24, 1961, a joint application was filed with the Federal Power Commission pursuant to section 203 of the Federal Power Act by Northern States Power Company ("NSP-MINN") and Northwestern Public Service Company ("Northwestern"), seeking an order authorizing NSP-MINN to acquire the eastern portion and Northwestern to acquire the western portion of the electric system of Central Electric & Gas Company ("Central"). NSP-MINN is a public utility organized under the laws of the State of Minnesota and doing business in the States of North Dakota and South Dakota with its principal business office at Minneapolis, Minnesota. Northwestern is a public utility organized under the laws of the State of Delaware and doing business in the States of Nebraska and South Dakota, with its principal business office at Huron, South Dakota. This application is for authorization for the acquisition by NSP-MINN and Northwestern of all of Central's electric property, consisting of an interconnected system in a territory comprising a comparatively narrow belt which extends from Salem at the eastern end to Chamberlain on the western end through 9 counties in the State of South Dakota. Applicants state that, pursuant to the provisions of an Agreement of Sale dated March 18, 1961 between Central, NSP-MINN and Northwestern, NSP-MINN will acquire the eastern portion of Central's electric system for a base purchase price of \$650,000 and Northwestern will acquire the western portion of Central's electric system for a base purchase price of \$1,350,000. According to the application Central will sell all of its electric facilities but will retain its gas properties and subsidiaries owning and operating telephone properties, and there will be no change in the use of such electric facilities after their acquisition by NSP-MINN and Northwestern. Central Electric and Gas Company is incorporated under the laws of the State of Delaware and all of its property is located entirely within the State of South Dakota.

Any person desiring to be heard or to make any protest with reference to said application should on or before the 28th day of April 1961, file with the Federal Power Commission, Washington 25, D.C., petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file and available for public inspection.

No. 70—5

[Docket No. CP61-106]

**TENNESSEE GAS TRANSMISSION CO.****Order Reopening Proceedings and  
Fixing Date of Hearing**

APRIL 6, 1961.

By order issued January 6, 1961, in the above-entitled proceeding, Tennessee Gas Transmission Company (Tennessee) was granted a certificate of public convenience and necessity authorizing the construction and operation of "the proposed facilities to take natural gas from producers thereof during the calendar year 1961, all as more fully described in the application in this proceeding, upon the terms and conditions of this order." This authorization was limited to construction during the calendar year 1961, and the total expenditures for facilities to be constructed under said authorization were limited to \$5,000,000, with no single project to exceed a cost of \$500,000. Tennessee formally accepted this certificate authorization under date of January 25, 1961.

The Commission is informed that Tennessee has purchased oil and gas reserves developed by Pan American Petroleum Corporation in the Bastian Bay Field, Plaquemines Parish, Louisiana, for approximately \$150,000,000, and that gas from these reserves is being delivered into the interstate transmission system of Tennessee by means of facilities which Tennessee states were constructed and are being operated under the aforesaid authorization of January 6, 1961, in Docket No. CP61-106.

It appears that the Commission has no information whatsoever with regard to the factual situation involved in the construction and operation of the facilities necessary to connect and take natural gas from the Bastian Bay Field, and that there is ground for reasonable doubt as to whether said construction actually comes within the authorization granted in Docket No. CP61-106.

The Commission finds: It is in the public interest to reopen the proceedings in Docket No. CP61-106 as hereafter ordered.

The Commission orders:

(A) The proceedings designated as Docket No. CP61-106 are hereby reopened for the purpose of determining:

(1) Whether the authorization issued on January 6, 1961, to Tennessee Gas Transmission Company covered the construction and operation of the facilities necessary to connect the Bastian Bay Field reserves to Tennessee's system, and

(2) The cost of making natural gas from such reserves available to the Tennessee system.

(B) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, particularly § 1.33(a) (2) thereof, a hearing will be held on May 22, 1961, at 10:00 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., respecting the matters stated in paragraph (A) above.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 5, 1961.

By the Commission.

Secretary.

**TENNESSEE GAS TRANSMISSION CO.****Order Fixing Date for Oral Argument**

APRIL 7, 1961.

On February 13, 1961, the Presiding Examiner issued a decision in the above-captioned proceeding. Exceptions thereto were filed and several of the parties requested an opportunity to present oral argument before the Commission in support of their exceptions.

The Commission finds: It is appropriate in carrying out the provisions of the Natural Gas Act that oral argument be had before the Commission in these matters as hereinafter ordered and provided.

The Commission orders:

(A) Oral argument shall be had before the Commission on May 9, 1961, at 10:00 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved and the issues presented by the above-mentioned exceptions to the Presiding Examiner's decision herein.

(B) Those parties to this proceeding who intend to participate in the oral argument shall notify the Secretary of the Commission on or before April 24, 1961, of such intention and of the time required for presentation of their argument.

By the Commission.

**UNION OIL COMPANY OF  
CALIFORNIA ET AL.****Order Providing for Hearings on and  
Suspension of Proposed Changes  
in Rates and in Allowing Proposed  
Increased Rates To Become Effective  
Subject to Refund**

APRIL 7, 1961.

Union Oil Company of California, Docket No. RI61-416; The Bradley Producing Corporation, Docket No. RI61-417; Crescent Drilling Company, Inc., Docket No. RI61-418; Texaco, Inc., Docket No. RI61-419; Charles J. Richard (Operator), et al., Docket No. RI61-420.<sup>1</sup>

<sup>1</sup> This order does not provide for the consolidation for hearing or disposition of the several matters covered herein, nor should it be so construed.

The above-named Respondents have tendered for filing proposed changes in presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. All of the sales are made at a pressure base of 14.65 psia with the exception of Crescent

Drilling Company, Inc., and Texaco, Inc., which are sold at 15.025 psia.

The increase proposed by Crescent Drilling Company, Inc., from 12.82 cents to 13.77 cents per Mcf (at 15.025 psia) is below the Commission's area price (General Policy No. 16-1). Since the

rate proposed to be changed includes an amount based on Crescent's questionable interpretation of the contract tax clause the supplement should be suspended for one day.

The proposed changes are designated as follows:

Docket No.	Respondent	Rate schedule No.	Supplement No.	Purchaser and producing area	Amount of annual increase	Date filing tendered	Effective date unless suspended	Date suspended until—	Cents per Mcf		Rate in effect subject to refund in docket Nos.

<sup>3</sup> Also subject to order in Docket No. G-15313.

<sup>4</sup> Includes 0.75 cents per Mcf for dehydration deducted by buyer; also subject to 1.5 cents per Mcf credit to buyer for compression.

<sup>5</sup> Suspended for one day from April 26, 1961.

<sup>6</sup> The stated effective date is the first day after expiration of the required thirty days' notice.

<sup>7</sup> The stated effective date is the date proposed by respondent.

<sup>8</sup> Increase comprises a periodic component of 0.45 cents per Mcf and tax reimbursement of 0.5 cents per Mcf.

<sup>9</sup> Also subject to orders in Docket Nos. G-18109 and G-20077.

The increased rates and charges so proposed may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds:

It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon hearings concerning the lawfulness of the several proposed changes and that the above-designated rate supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. 1), public hearings shall be held upon the dates to be fixed by notices from the Secretary concerning the lawfulness of the several proposed changes and that the above-designated rate supplements be suspended and the use thereof deferred as hereinafter ordered.

(B) Pending hearings and decisions thereon, the above designated rate supplements are hereby suspended and the use thereof deferred until the date indicated in the above "Date Suspended Until" column, and thereafter until such further time as they are made effective in the manner prescribed by the Natural Gas Act, *Provided, however*, That Supplement No. 2 to Crescent Drilling Company, Inc., FPC Gas Rate Schedule No. 3 shall become effective on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order said Respondent shall execute and file under its respec-

tive above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of copies thereof upon all purchases under the rate schedules involved. Unless said Respondent is advised to the contrary within 15 days after the filing of such agreement and undertaking, its agreement and undertaking shall be deemed to have been accepted.

(C) Supplement No. 2 to Crescent Drilling Company, Inc., FPC Rate Schedule No. 3 (proposing increased rates which reflect questionable tax and rate amounts) shall be effective as stated hereinbefore, with only the tax reimbursement portion of the proposed rates being subject to refund.

(D) Neither the rate supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until these proceedings have been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(E) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before May 22, 1961.

[Docket No. CP61-159]

ALGONQUIN GAS TRANSMISSION CO.

Notice of Application and Date of Hearing

APRIL 7, 1961.

Take notice that on December 6, 1960, as supplemented on January 25, 1961, Algonquin Gas Transmission Company (Applicant), 25 Faneuil Hall Square, Boston 9, Massachusetts, filed in Docket

No. CP61-159 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the acquisition from Boston Gas Company (Boston Gas) and the operation of approximately 18,752 feet of 16-inch pipeline, and appurtenances, on the outskirts of Boston, Massachusetts, all as more fully described in the application and supplement which are on file with the Commission and open to public inspection.

The purpose of the proposed acquisition is to transfer to Applicant ownership of the subject section of pipeline, now owned and used by Boston Gas to transport natural gas received from Applicant at a delivery point on Applicant's 26-inch line in Waltham to a point in Lincoln, all in Massachusetts, for local distribution. Applicant intends to establish a fifth emergency interconnection with the transmission system of Tennessee Gas Transmission Company (Tennessee) at a point where the subject 16-inch pipeline crosses Tennessee's 24-inch line in Lincoln.

Applicant proposes to construct and operate, during emergencies only, a short section of 12-inch pipeline to connect its Waltham Meter Station directly to the subject section of 16-inch line. The Waltham Meter Station is now connected to the 16-inch line by a section of 8-inch line owned and operated by Boston Gas in its normal distribution activities to transport gas taken from Applicant at said Waltham Station to the subject 16-inch line and thence to the Lincoln area. No change in the present use of the 8-inch and 16-inch lines is proposed following acquisition of the 16-inch line by Applicant as contemplated under the instant application, except that Applicant will operate the 16-inch line. In case of emergency, Applicant will use its new 12-inch line to bypass Boston Gas's 8-inch line, so that Applicant's gas can flow from its Waltham Station directly to the connection with Tennessee's system in Lincoln, or Tennessee's gas can flow by the same route directly to Applicant's system in Waltham. Thus, during emergencies, Boston Gas's 8-inch connection would be closed off and no emergency gas would flow through any of Boston Gas's facilities. It is stated that an estimated 85,000 Mcf per day of emergency gas could be delivered in either direction through the subject 16-inch line and bypass.

Applicant will pay the estimated \$22,900 cost of the proposed 12-inch bypass line, and the \$65,000 cost of acquisition of the 16-inch line from Boston Gas, from retained earnings. Boston Gas proposes to pay for a tap to connect the 16-inch line to Tennessee's System at Lincoln and a tap to connect said 16-inch line to Applicant's proposed 12-inch bypass line at Waltham, and also to pay for a relocation of the 16-inch line near Waltham required by a widening of highway Route 128, all at an estimated cost of \$22,177.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 9, 1961, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 28, 1961. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

Secretary.

The public convenience and necessity require that these matters be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the

Commission's rules of practice and procedure, a hearing will be held on May 11, 1961 at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such applications: *Provided, however*, That the Commission may after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before April 28, 1961. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made: *Provided, further*, If a protest, petition to intervene, or notice of intervention be timely filed in any of the above dockets, the above hearing date as to that docket will be vacated and a new date for hearing will be fixed as provided in § 1.20(b) (2) of the rules of practice and procedure.

## FEDERAL RESERVE SYSTEM

### OTTO BREMER CO.

#### Notice of Request for Determination and Order for Hearing

Notice is hereby given that request has been made to the Board of Governors of the Federal Reserve System, pursuant to section 4(c) (6) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843) and section 5(b) of the Board's Regulation Y (12 CFR 222.5(b)) by Otto Bremer Company, St. Paul, Minnesota, a bank holding company, for a determination by said Board that the activities of three proposed subsidiaries, Farmers State Agency, Inc., a North Dakota corporation; Citizens Agency, Inc., a Minnesota corporation; and Warren Agency, Inc., also a Minnesota corporation will be of the kind described in the aforementioned sections of the Act and the Regulation so as to make it unnecessary for the prohibitions of section 4 of the Act with respect to shares in nonbanking organizations to apply in order to carry out the purposes of the Act.

Inasmuch as section 4(c) (6) of the Bank Holding Company Act of 1956 requires that any determination pursuant thereto be made by the Board after due notice and hearing and on the basis of the record made at such hearing.

It is hereby ordered, That pursuant to section 4(c) (6) of the Bank Holding Company Act of 1956 and in accordance

with sections 5(b) and 7(a) of the Board's Regulation Y (12 CFR 222.5(b), 222.7(a)), promulgated under the Bank Holding Company Act of 1956, a hearing with respect to this matter be held commencing on May 10, 1961, at 10:00 a.m., at the offices of the Federal Reserve Bank of Minneapolis, Minneapolis, Minnesota, before a duly selected hearing officer, such hearing to be conducted in accordance with the Rules of Practice for Formal Hearings of the Board of Governors of the Federal Reserve System (12 CFR Part 263). The right is reserved to the Board or such hearing officer to designate any other date or place for such hearing or any part thereof which may be determined to be necessary or appropriate for the convenience of the parties. The Board's Rules of Practice for Formal Hearings provide, in part, that "All such hearings shall be private and shall be attended only by respondents and their representatives or counsel, representatives of the Board, witnesses, and other persons having an official interest in the proceedings; *Provided, however*, That on the written request of one or more respondents or counsel for the Board, or on its own motion, the Board, when not prohibited by law, may permit other persons to attend or may order the hearing to be public."

Any person desiring to give testimony in this proceeding should file with the Secretary of the Board, directly or through the Federal Reserve Bank of Minneapolis, on or before May 3, 1961, a written request containing a statement of the nature of the petitioner's interest in the proceeding, and a summary of the matters concerning which said petitioner wishes to give testimony. Such request will be presented to the designated hearing officer for his determination. Persons submitting timely requests will be notified of the hearing officer's decision.

Dated at Washington, D.C., this 7th day of April 1961.

By order of the Board of Governors.

[SEAL] MERRITT SHERMAN,  
Secretary.

## SECURITIES AND EXCHANGE COMMISSION

[File Nos. 811-914, 812-1279]

### BANK FIDUCIARY FUND OF MAINE

#### Notice of Filing of Application for Order and for an Order Withdrawing Application for Exemption

APRIL 6, 1961.

In the matter of Bank Fiduciary Fund of Maine (Portland, Maine), File Nos. 811-914 and 812-1279.

Notice is hereby given that Bank Fiduciary Fund of Maine ("Applicant"), a registered open-end diversified investment company, has filed an application pursuant to section 8(f) of the Investment Company Act of 1940 ("Act") for

an order finding and declaring that it has ceased to be an investment company and for an order withdrawing an application filed pursuant to section 6(c) for exemption from the provisions of sections 16(a), 22(d), 22(e), 24(d), 20(a) and Rule 20a-1.

Applicant was organized in October 1959 under the Mutual Trust Investment Company Act of Maine as a mutual trust investment company to serve as a medium for the common investment of trust funds held in a fiduciary capacity by banks and trust companies in Maine whose trust assets were not large enough to permit them to form common trust funds of their own. It filed its Notification of Registration with the Commission on November 16, 1959, and its Registration Statement on Form N-8B-1 on January 8, 1960.

Subsequent to registration under the Act, Applicant filed an application pursuant to section 6(c) thereof requesting that it be exempted from the provisions of the Act and the Rule thereunder cited above. A notice of filing on such application (which is hereby incorporated by reference) was issued by the Commission on June 3, 1960 (Investment Company Act Release No. 3039) which sets forth in greater detail Applicant's proposed operations and the reasons for the requested exemption.

In support of the instant application for deregistration and withdrawal Applicant states, among other things, that since its organization, a substantial number of the banks and trust companies in the State of Maine, which had initially proposed to use Applicant's services, merged with larger banking institutions which operated their own common trust funds. These changes in circumstances reduced the need for Applicant's services and on June 25, 1960, its Board of Directors voted to terminate its Registration under the Act and to cease to transact business. The company's franchise under State law will not, however, be surrendered. No stock has actually been issued although certain of the original banks which subscribed to the proposed issue of stock have been deemed to be stockholders of record and will continue to remain such while Applicant's franchise is not used.

Section 8(f) of the Act provides, in part, that whenever the Commission upon application finds that a registered investment company has ceased to be an investment company, it shall so declare by order and that upon the taking effect of such order the registration of such company shall cease to be in effect.

Notice is hereby given that any interested person may, not later than April 20, 1961, at 5:30 p.m., e.s.t., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, as

provided by Rule O-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

By the Commission.

## GLAMOUR VENDING CORP.

### Notice and Order for Hearing

APRIL 7, 1961.

I. Glamour Vending Corporation (issuer), a Colorado corporation, 1212 Tower Building, Denver, Colorado, filed with the Commission on November 25, 1960, a notification on Form 1-A and an offering circular relating to an offering of 140,000 shares of its 50 cent par value common stock at \$2.00 per share for an aggregate amount of \$280,000, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provision of section 3(b) thereof and Regulation A promulgated thereunder.

II. The Commission on March 9, 1961, issued an order pursuant to Rule 261 of the General Rules and Regulations under the Securities Act of 1933, as amended, temporarily suspending the exemption under Regulation A and affording to any person having any interest therein an opportunity to request a hearing pursuant to Rule 261. A written request for hearing was received by the Commission, and the Commission deeming it necessary and appropriate to determine whether to vacate the temporary suspension order or to enter an order permanently suspending the exemption.

It is hereby ordered, Pursuant to Rule 261 of the General Rules and Regulations under the Securities Act of 1933, as amended, that a hearing be held at the offices of the Denver Regional Office of the Commission, 802 Midland Savings Building, 444 17th Street, Denver 2, Colorado, at 10:00 a.m. May 2, 1961, with respect to the following matters and questions, without prejudice, however, to the specification of additional issues which may be presented in these proceedings:

A. Whether the exemption provided by Regulation A is unavailable for the securities offered, in that:

1. The terms and conditions of Regulation A have not been complied with in that the issuer has failed to disclose in Item 2(b) of the notification, the affiliate of the issuer and the nature of the affiliation.

2. The offering circular contains untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under

which they are made, not misleading, particularly with respect to:

(a) The failure to disclose competitive influences known to the issuer;

(b) The failure to disclose interests of officers and directors of the issuer in affiliated companies;

(c) The failure to disclose the existence of a franchise dealer and distributor with which officers and directors were familiar;

(d) The failure to disclose adequately existing patents affecting the company's product;

(e) The failure to disclose adequately the arrangements made to manufacture one of the company's principal products.

3. The offering has been and would be made in violation of section 17(a) of the Securities Act of 1933, as amended.

III. It is further ordered, That Irving Schiller or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing and any officer or officers so designated to preside at any such hearing are hereby authorized to exercise all of the powers granted to the Commission under sections 19(b), 21 and 22(c) of the Securities Act of 1933, as amended, and to hearing officers under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order by registered mail on Glamour Vending Corporation; that notice of the entering of this order shall be given to all other persons by general release of the Commission and by publication in the FEDERAL REGISTER. Any person who desires to be heard or otherwise wishes to participate in such hearing shall file with the Secretary of the Commission on or before April 29, 1961 a request relative thereto as provided in Rule 9(c) of the Commission's rules of practice.

By the Commission.

## ROULETTE RECORDS, INC.

### Notice and Order for Hearing

APRIL 7, 1961.

I. Roulette Records, Inc. (issuer), a New York corporation with its principal offices at 1631 Broadway, New York, New York, filed with the Commission on August 29, 1960, a notification on Form 1-A and an offering circular relating to the sale of 100,000 shares of its \$.01 par value common stock at \$3.00 per share for an aggregate offering of \$300,000, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended (Securities Act), pursuant to the provisions of section 3(b) thereof, and Regulation A promulgated thereunder.

II. The Commission on March 8, 1961 issued an order pursuant to Rule 261 of the General Rules and Regulations

under the Securities Act temporarily suspending the exemption under Regulation A as to the subject filing and offering to any person having any interest therein an opportunity to request a hearing. A written request for hearing was received by the Commission.

The Commission deems it necessary and appropriate that a hearing be held for the purpose of determining whether it should vacate the temporary suspension order or enter an order of permanent suspension in this matter.

*It is hereby ordered*, Pursuant to Rule 261 of the general rules and regulations under the Securities Act, that a hearing be held at 10:00 a.m. on April 25, 1961, at the main office of the Commission, 425 Second Street NW., Washington 25, D.C., with respect to the following matters and questions, without prejudice, however, to the specification of additional issues which may be presented in these proceedings:

A. Whether the exemption provided by Regulation A is available for the securities proposed to be offered and the terms and conditions of Regulation A have been complied with because:

1. The issuer has failed to comply with the provisions of Rule 253 of Regulation A under the Securities Act in that no escrow arrangements or equivalent fiduciary arrangements with an independent agent have been entered into with respect to warrants and options covering 650,000 shares of the issuer's common stock and the 116,000 shares of common stock referred to at page 13 of the offering circular, and such warrants, options and stock have not been included in computing the amount of securities which may be offered under Regulation A.

2. The securities covered by the notification, together with those required by Rule 253 to be included in computing the amount of securities which may be offered under Regulation A, exceed \$300,000, and accordingly, the provisions of Rule 254 of Regulation A under the Securities Act have not been complied with.

B. Whether the notification and offering circular contain untrue statements of material facts and omit to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, because:

1. The notification and offering circular omit to disclose the existence of and subject matter involved in a pending proceeding before the Federal Trade Commission in which said Commission alleges that Roulette Records, Inc. engaged in certain designated activities which constitute specified "unfair and deceptive acts and practices and unfair methods of competition in commerce within the intent and meaning of the Federal Trade Commission Act", and omit to disclose the sanctions which may be imposed upon Roulette Records, Inc. by the Federal Trade Commission.

2. The notification and offering circular fail to disclose material facts concerning the methods by which Roulette Records, Inc. has done and is now doing business, including the acts, practices

and methods by which it has promoted the sale of its products; the relationship of such acts, practices and methods to its sales and earnings; changes in such acts, practices and methods; and the effect on its sales and earnings of changes in such acts, practices and methods.

3. The notification and offering circular include financial statements of the issuer which do not present fairly the financial position and results of operations in accordance with generally accepted principles of accounting, particularly with respect to:

(a) The amortization of the costs incurred by Roulette Records, Inc. in creating "master" records;

(b) The write-off of goodwill to earned surplus; and

(c) The treatment of amounts paid by Roulette Records, Inc. to certain artists as advance royalties.

4. The forepart of the offering circular fails to disclose material facts and contains untrue statements of material facts concerning the speculative nature of the securities proposed to be offered, including the following information:

(a) The issuer's operations to date have been unprofitable;

(b) The "Introductory Statement" of the offering circular overstates the book value per share of the presently issued and outstanding common stock, and overstates the book value per share of the shares to be issued and outstanding at the completion of the proposed public offering;

(c) The disclosures made with respect to the dilution of the equity of the public purchasers of the shares proposed to be offered is inadequate;

(d) The consequences of granting warrants and options to purchase 650,000 shares of the issuer's common stock have not been adequately disclosed; the circumstances under which such options were granted have not been disclosed; and the considerations received by the issuer for such options have not been disclosed.

C. Whether the offering would be made in violation of section 17(a) of the Securities Act of 1933, as amended.

III. *It is further ordered*, That William W. Swift, Sr., or any officer or officers of the Commission designated by it for that purpose, shall preside at the hearing and any officer or officers so designated to preside at any such hearing are hereby authorized to exercise all of the powers granted to the Commission under sections 19(b), 21, and 22(c) of the Securities Act of 1933, as amended, and to hearing officers under the Commission's rules of practice.

*It is further ordered*, That the Secretary of the Commission shall serve a copy of this order by registered mail to Roulette Records, Inc., that notice of the entering of this order shall be given to all other persons by a general release of the Commission and by publication in the FEDERAL REGISTER. ## SPIRIT MOUNTAIN CAVERNS, INC.

### Notice and Order for Hearing

APRIL 7, 1961.

I. Spirit Mountain Caverns, Inc. (issuer), a Delaware corporation, P.O. Box 6, Cody, Wyoming, filed with the Commission on September 16, 1958, a notification on Form 1-A and an offering circular relating to an offering of 225,000 of its \$1 par value 8 percent non-cumulative non-voting participating Class A preferred stock at \$1 per share for an aggregate amount of \$225,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof, and Regulation A promulgated thereunder.

II. The Commission on March 2, 1961, issued an order pursuant to Rule 261 of the General Rules and Regulations under the Securities Act of 1933, as amended, temporarily suspending the exemption under Regulation A and affording to any person having an interest therein an opportunity to request a hearing. A written request for a hearing has been received by the Commission and the Commission deems it necessary and appropriate that a hearing be held for the purpose of determining whether it should vacate the temporary suspension order or enter an order permanently suspending the exemption.

*It is hereby ordered*, Pursuant to Rule 261 of the general rules and regulations under the Securities Act of 1933, as amended, that a hearing be held at the Denver Regional Office of the Commission, 802 Midland Savings Building, 444 17th Street, Denver 2, Colorado, at 10:00 a.m., m.s.t., April 26, 1961, with respect to the following matters and questions, without prejudice, however, to the specification of additional issues which may be presented in these proceedings:

A. Whether the terms and conditions of Regulation A have not been complied with in that:

1. The offer and sale of securities have been made by an underwriter not named in the offering circular as required by Item 5 of Schedule I;

2. The issuer has continued the offer and sale of securities after nine months following commencement of the offer without revising the offering circular as required by Rule 256(e).

B. Whether the offering circular used in certain sales of the issuer's securities contains untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to:

1. The failure to disclose changes in the method by which the securities were to be offered;

2. The failure to disclose the name and address of the underwriter;

3. The failure to provide financial statements prepared in accordance with generally accepted accounting practices in the revised offering circular.

C. Whether the offering has been and would be made in violation of Section 17(a) of the Securities Act of 1933, as amended.

III. *It is further ordered*, That Irving Schiller, or any officer or officers of the Commission designated by it for that purpose, shall preside at the hearing; that any officer or officers so designated to preside at any such hearing are hereby authorized to exercise all the powers granted to the Commission under sections 19(b), 21 and 22(c) of the Securities Act of 1933, as amended, and to hearing officers under the Commission's rules of practice.

*It is further ordered*, That the Secretary of the Commission shall serve a copy of this order by registered mail to Spirit Mountain Caverns, Inc.; that notice of the entering of this order shall be given to all other persons by general release of the Commission and by publication in the FEDERAL REGISTER. Any person who desires to be heard or otherwise wishes to participate in the hearing shall file with the Secretary of the Commission on or before April 24, 1961, a request relative thereto as provided in Rule 9(c) of the Commission's rules of practice.

By the Commission.
