Title 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 102—GRAIN WAREHOUSES

Net Assets and Bond Requirements

On May 16, 1963, there was published in the FEDERAL REGISTER (28 F.R. 4900) a notice of proposed amendments of the regulations relating to grain warehouses (7 CFR Part 102) under the United States Warehouse Act (7 U.S.C. 241 et seq.), with respect to requirements of net assets and bonds for federally licensed warehousemen under the Act. After due consideration of all relevant matters and under authority of section 28 of said Act (7 U.S.C. 268), §§ 102.6 and 102.14 of said regulations (7 CFR 102.6, 102.14) are hereby amended to read, respectively, as follows:

§ 102.6 Net assets.

(a) Each warehouseman conducting a warehouse licensed, or for which application for a license has been made, under the regulations in this part, shall have and maintain above all exemptions and liabilities, total net assets liable for the payment of any indebtedness arising from the conduct of the warehouse, to the extent of at least 15 cents per bushel for the maximum number of bushels of grain that his warehouse could accommodate when stored in the manner customary to the warehouse as determined by the Administrator: *Provided*, That no person may be licensed as a warehouseman under the regulations in this part unless he has allowable net assets of at

least \$10,000: *And provided further*, That any deficiency in net assets required above the \$10,000 minimum may be supplied by an increase in the amount of the warehouseman's bond in accordance with § 102.14(c). In determining total net assets, credit may be given for insurable property such as buildings, machinery, equipment, and merchandise inventory, only to the extent that such property is protected by insurance against loss or damage by fire. Such insurance shall be in the form of lawful policies issued by one or more insurance companies authorized to do such business and subject to service of process in suits brought in the State in which the warehouse is located.

(b) In case a warehouseman is licensed or is applying for licenses to operate two or more warehouses under the regulations in this part, the maximum number of bushels which all such warehouses will accommodate when stored in the manner customary to the warehouses, as determined by the Administrator, shall be considered in determining whether the warehouseman meets the net assets requirements specified in paragraph (a) of this section.

(c) For the purposes of paragraphs (a) and (b) of this section only, capital stock as such shall not be considered a liability.

(d) In case a State agency licensed or applying for a license as provided in Section 9 of the Act has funds of not less than \$500,000 guaranteeing the performance of obligations of the agency as a warehouseman, such funds shall be considered sufficient to meet the net assets requirements of this section.

§ 102.14 Amount of bond; additional amounts.

(a) The amount of bond to be furnished for each warehouse under the regulations in this part shall be fixed at a rate of 15 cents per bushel for the first 1,000,000 bushels of licensed capacity; 10 cents per bushel for the next 1,000,000 bushels of licensed capacity; and 5 cents per bushel for all licensed capacity over 2,000,000 bushels: *Provided*, That in any case the amount of bond shall not be less than \$5,000 nor more than \$500,000, except as prescribed in paragraph (c) of this section. The licensed capacity shall be the maximum number of bushels of grain that the warehouse could accommodate as determined under § 102.6(a).

(b) In case a warehouseman is licensed or is applying for licenses to operate two or more warehouses in the same State he may give a single bond meeting the requirements of the Act and the regulations in this part to cover all his warehouses within the State. In such case the warehouses to be covered by the bond shall be deemed to be one warehouse only for purposes of determining the amount of bond required under paragraph (a) of this section.

(c) In case of a deficiency in net assets above the \$10,000 minimum required under § 102.6, there shall be added to the amount of bond determined in accordance with paragraph (a) of this section an amount equal to such deficiency. In any other case in which the Secretary, or his designated representative, finds that conditions exist which warrant requiring additional bond, there shall be added to the amount of bond as determined under the other provisions of this section, a further amount to meet such conditions.

(Sec. 28, 39 Stat. 490, 7 U.S.C. 268; 19 F.R. 74, as amended)

Statement of considerations. The amendments change the method of computing net assets required for federally licensed warehousemen to the application of a fixed rate in cents per bushel based on the capacity of the warehouse instead of requiring 4 percent of the total value of the maximum number of bushels of wheat (or higher value grain) that the warehouse could accommodate, calculated upon the basis of unit prices for the grain as announced annually by the Administrator. They change the method of computing bonding requirements from 6 percent of such total value of the wheat (or higher value grain) to the application of a fixed rate in cents per bushel on a graduated scale based on the capacity of the warehouse. They increase the net assets and bonding requirements generally and increase the maximum bond from \$200,000 to \$500,000 plus any bond needed to offset a deficiency in net assets above the \$10,000 required minimum net assets.

The changes made in the regulations by the amendments are intended to strengthen the protection afforded depositors and other persons interested in grain stored in warehouses licensed under the Act.

The foregoing amendments shall become effective October 1, 1963.

Done at Washington, D.C., this 29th day of July 1963.

CLARENCE H. GIRARD,
Deputy Administrator,
Agricultural Marketing Service.

Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment) Department of Agriculture

[Amdt. 6]

PART 722—COTTON

Subpart—Regulations Pertaining to Acreage Allotments for the 1963 Crop of Upland Cotton

TRANSFER OF FARM ALLOTMENTS IN DESIGNATED COUNTIES WHICH HAVE FLOODS OR EXCESSIVE RAINFALL

The purpose of this amendment is to add six Arkansas counties to the list of

counties designated by the Arkansas ASC State Committee pursuant to Public Law 88-12, approved April 26, 1963 (77 Stat. 13), which amends section 344(n) of the act, and to provide for transfer of farm allotments in designated counties which have flood or excessive rainfall preventing the timely planting or replanting of a portion of the 1963 farm allotment. The amendment contained herein is issued pursuant to the Agricultural Adjustment Act of 1938, as amended (52 Stat. 31, as amended; 7 U.S.C. 1281 et seq.).

In order that transfers of farm allotments may be made under this section, it is essential that this amendment be made effective as soon as possible. Accordingly, it is hereby determined and found that compliance with the notice and public procedure requirements and the 30-day effective date requirement of section 4 of the Administrative Procedure Act (50 Stat. 238; 5 U.S.C. 1003) is impracticable and contrary to the public interest and this amendment shall be effective upon filing of this document with the Director, Office of the Federal Register.

Section 722.617(j)(2) of the regulations pertaining to acreage allotments for the 1963 crop of upland cotton, as amended, (27 F.R. 10524, 11215, 12045, 12428; 28 F.R. 3573, 5609) is amended by adding the following counties to the list of counties designated for Arkansas.

Craighead.	Lawrence.
Desha.	Lee.
Greene.	Randolph.

(Secs. 344(n), 375; 72 Stat. 186, as amended, 52 Stat. 66, as amended; 7 U.S.C. 1344(n), 1375)

Effective date: Date of filing this document with the Director, Office of the Federal Register.

Signed at Washington, D.C., on July 30, 1963.

H. D. GODFREY,
Administrator, Agricultural Stabilization and Conservation Service.

PART 776—WHEAT STABILIZATION PROGRAM

Subpart—1963 Wheat Stabilization Program Regulations

MISCELLANEOUS AMENDMENTS

The regulations governing the 1963 Wheat Stabilization Program, 27 F.R. 12430, are hereby amended as follows:

1. Section 776.101(a) is amended by inserting in the first sentence thereof the words "diversion and price support" immediately before the word "payments."

2. Section 776.101(a) is amended by changing the third sentence thereof to read as follows: "Producers may elect in lieu of conservation uses to devote the diverted acreage to castor beans, flax, guar, safflower, sunflower, or sesame: *Provided*, That no payment shall be made with respect to acreage devoted to flax or safflower."

3. Section 776.101(b) is amended by changing the phrase "within such tolerances as are permitted in amendments to these regulations to be promulgated at a later date" to "within the tolerances provided in § 776.118(b)".

4. Section 776.101 is amended by adding the following new paragraph (c) at the end thereof:

(c) Only producers who meet the compliance requirements of § 1421.2103 of the regulations governing the 1963 Crop Wheat Loan and Purchase Agreement Program, 28 F.R. 6959, and thus are cooperators shall be eligible for price support payments.

5. Section 776.102 is amended by adding at the end thereof the following new paragraph:

(i) "Price support payment" means that part of the price support for the 1963 crop of wheat made available to producers through payments in kind as authorized in section 306 of the Food and Agriculture Act of 1962.

6. Section 776.105(b)(2) is amended by changing the word "An" in the first sentence thereof to "an" and inserting immediately before such word the following: "Subject to the tolerances provided in § 776.118(b)."

7. Section 776.105(b)(2) is further amended by changing the period at the end of the second sentence to a comma and adding the following: "and, in the case of any farm which is under a cropland conversion program agreement, if the number of acres which could be devoted to non-conserving crops minus the acreage diverted under the 1963 Feed Grain Program is less than the minimum acreage otherwise required for participation in this program, participation to the extent of such acreage shall satisfy the minimum acreage requirement. The minimum diversion acreage requirement shall not apply if noncompliance with such provision was caused solely by an error, and the county committee determines that (a) producers on the farm were in no way responsible for the error, (b) the extent of the error was such that the producers would not reasonably be expected to question it, and (c) the producers in good faith complied with the program on the basis of the error."

8. Section 776.105(b)(3) is amended by inserting "flax," before "castor beans."

9. Section 776.105(b)(4) is amended by changing the first sentence thereof to read as follows: "In addition to the acreage referred to in subparagraph (3) of this paragraph, the acreage diverted under the 1963 Feed Grain Program, and the designated acreage under the Cropland Conversion Program, an acreage equal to the normal conserving acreage for the farm (herein referred to as the conserving base) must be devoted to conservation uses specified in § 776.109(b)."

10. Section 776.107(c) is amended by deleting the word "or" immediately preceding subdivision "(2)" in the first sentence thereof, by changing the period at the end of the first sentence to a comma and by adding immediately thereafter the following: "or (3) where the crop is one which matured in 1962

on land which was not designated as diverted acreage under the 1962 Feed Grain Program or the 1962 Wheat Stabilization Program, and the harvesting was delayed because of adverse weather or other conditions beyond the control of the farm operator."

11. Section 776.107(c) is further amended by changing the third sentence thereof to read as follows: "If there is unauthorized harvesting of a crop from the designated diverted acreage and it is determined that such harvesting was not intentional and was not the result of gross negligence, payments shall be forfeited or refunded in an amount determined by multiplying the number of acres from which a crop is harvested without authorization by the smaller of (1) the lowest additional feed grain payment rate per acre established for the farm, if the farm is participating in the Feed Grain Program, or (2) the wheat payment rate per acre: *Provided*, That such forfeiture or refund shall apply first to the extent possible to payments for producers who cause, aid in, or benefit from the harvesting of the crop, in the proportion in which they share in the payment to such producers."

12. Section 776.107(c) is further amended by changing the period at the end of the last sentence thereof to a colon and adding the following: "*Provided*, That such forfeiture or refund shall not apply to a producer (other than the operator) if it is determined that such producer did not cause, aid in, or benefit from the harvesting of the crop."

13. Section 776.107(e) is amended by inserting "flax," before "castor beans."

14. Section 776.109(b)(2) is amended to read as follows: "Trees or shrubs planted for erosion control, shelterbelts, or other forestry purposes or for wildlife habitat."

15. Section 776.111(a) is amended to read as follows:

(a) Diversion payment rates shall be determined as provided in paragraph (b) of this section and price support payment rates shall be determined as provided in paragraph (h) of this section.

16. Section 776.111 is amended by inserting the word "diversion" immediately preceding the word "payment" wherever it appears in paragraphs (b), (f) and (g) of this section.

17. Section 776.111 is further amended by adding the following new paragraph (h) at the end thereof:

(h) The price support per acre payment rate shall be obtained by multiplying the average per acre farm yield established as provided in paragraph (e) of this section by 18 cents.

18. Section 776.115(d) is amended by inserting "flax," before "castor beans."

19. Section 776.115(e) is amended by adding the following sentence at the end thereof: "Notwithstanding the foregoing, a producer on a farm with respect to which a cropland conversion program agreement is approved may, not later than the latest date of planting spring-seeded wheat on the farm, adjust the intended diverted acreage downward but

not below the number of acres which could be devoted to non-conserving crops under the terms of the cropland conversion program agreement."

20. Section 776.116 is amended by inserting the word "diversion" immediately preceding the word "payment" in the heading and wherever else it appears in such section.

21. Section 776.118 is amended to read as follows:

§ 776.118 Final diversion payment and price support payment.

(a) Payments of any amounts due the producers on a farm shall be made after the farm operator and each other producer listed on Form ASCS-654 signs Part III of the form for final payment, and the county committee determines that the producers and the farm are in compliance with the requirements of this program. The signing of Part III, Form ASCS-654, after May 1, 1964, shall not be approved by the county committee unless prior approval of the State committee is obtained.

(b) No payment shall be made if (1) the acreage designated and credited as diverted from wheat is less than the intended diverted acres stated on Form ASCS-654 by more than, in case the intended diverted acres is 20 or less, the larger of 1 acre or 10 percent of the intended diverted acres, and, in case the intended diverted acres is over 20, the larger of 2 acres or 5 percent of the intended diverted acres; (2) the 1963 acreage of wheat exceeds the permitted acreage by more than, in case the intended diverted acres is 20 or less, the larger of 1 acre or 10 percent of the intended diverted acres, and, in case the intended diverted acres is over 20, the larger of 2 acres or 5 percent of the intended diverted acres; or (3) the acreage devoted to conserving uses as provided in § 776.105(b)(4) is less than the conserving base for the farm by more than, in case the conserving base is 20 acres or less, the larger of 1 acre or 10 percent of the conserving base, and, in case the conserving base is over 20 acres, the larger of 2 acres or 5 percent of the conserving base.

(c) The total diverted acreage of wheat on the farm shall be determined by subtracting the 1963 wheat acreage on the farm as defined in the regulations governing the Wheat Marketing Quota for 1961 and subsequent years from the larger of the farm acreage allotment for the 1963 crop of wheat or the small farm base. The total diverted acreage on which payment shall be based within the tolerance authorized in paragraph (b) of this section shall be the smallest of:

(1) The total diverted acreage of wheat on the farm determined as provided above;

(2) The total intended diverted acreage as specified on Form ASCS-654;

(3) The increased acreage devoted in 1963 to approved conservation uses and substitute crops excluding (i) acreage credited for payment under the 1963 Feed Grain Program, (ii) acreage designated under the Cropland Conversion Program, and (iii) cropland returned to permanent cover in accordance with § 776.108;

(4) The designated diverted acreage, excluding (i) acreage credited for payment under the 1963 Feed Grain Program, and (ii) acreage devoted to safflower or flax; or

(5) If the farm is covered by a conservation reserve contract or a 1963 land use adjustment agreement, the number of permitted acres of soil bank base crops minus the acreage diverted under the 1963 Feed Grain Program and minus the acreage devoted in 1963 to soil bank base crops (excluding designated diverted acreage under the 1963 Feed Grain Program and this program (i) which is devoted to soil bank base crops in lieu of conservation uses, (ii) which is approved for double-cropping, or (iii) on which soil bank base crops are planted as a conservation use).

(6) Notwithstanding subparagraphs (1) through (5) of this paragraph, a corresponding reduction in acreage otherwise eligible for payment will be made as required in § 776.108.

(d) The amount of the earned diversion payment for the farm shall be computed by multiplying the total diverted acreage on which payment is based by the payment rate determined in accordance with § 776.111(b). On farms with recognized irrigated and non-irrigated wheat history for 1959 or 1960, irrigated wheat shall be credited with an acreage equivalent to the smaller of the actual wheat acreage diverted from such practice category or the total diverted acreage on which payment is based, and non-irrigated wheat shall be credited with the remainder, if any, of the diverted acreage on which payment is based.

(e) Notwithstanding any other provision of this section, the diversion rates of payment with respect to (1) land devoted to castor beans, guar, sesame, or sunflower, and (2) land cash rented from the Federal, State, county or local government, or subdivisions thereof, shall not exceed the rates specified for such land in accordance with § 776.111.

(f) The balance of the total earned diversion payment due each eligible producer under the program shall be determined by multiplying the total earned diversion payment for the farm by the producer's share of such payment and subtracting therefrom the advance payment made to such producer. Producers shall refund any payment previously made to which they are not entitled.

(g) If the farm is eligible for a diversion payment or would be eligible for a diversion payment except for the devotion of the diverted acreage to flax or safflower in lieu of payment, the farm shall also be eligible for a price support payment on the 1963 acreage of wheat: *Provided*, That price support payments shall be made available only to producers who are cooperators as set forth in § 776.101(c). The amount of the price support payment shall be determined by multiplying the 1963 acreage of wheat as defined in the regulations governing the wheat Marketing Quota for 1961 and subsequent years by the price support payment rate per acre determined in accordance with § 776.111(h). The total earned price support payment due each

eligible producer shall be determined by multiplying the total earned farm price support payment for the farm by the producer's share of such payment.

(h) Notwithstanding any other provision of these regulations, if a producer declines, for personal reasons, to accept all or any part of his share of the payment computed for a farm in accordance with the provisions of this section, such payment or portion thereof shall not become available for any other producer on the farm.

22. Section 776.119 is amended to read as follows:

§ 776.119 Division of diversion and price support payments.

(a) *General.* There shall be listed in Part III of Form ASCS-654 filed for the farm the name of each person on the farm who has an interest in the 1963 crop of wheat or would have had an interest had wheat been produced on the acreage diverted under this program, together with the share of the diversion payment and the share of the price support payment which such person is to receive. If such person refuses or fails to sign Form ASCS-654, the share of the payment to which he would otherwise be entitled shall be shown on the form. The sum of the percentage shares of the diversion payment shall equal 100 percent and the sum of the percentage shares of the price support payment shall also equal 100 percent.

(b) *Division of diversion payment.* Diversion payments made under this program shall be divided in such a way that all eligible producers will share in the payments on a fair and equitable basis. If producers whose names are listed on Form ASCS-654 agree to their respective percentage shares of the diversion payment and it is fair and equitable, the division of payment as determined shall be approved by a representative of the county committee subject to the provisions of §§ 776.120 and 776.121. The following factors should be considered in arriving at the division of the diversion payment:

(1) The basis on which producers would have shared in the production of the acreage of wheat diverted.

(2) The savings or benefits accruing to each producer as a result of not producing wheat on the acreage diverted.

(3) The respective contributions of each producer to the establishment and maintenance of the conservation use on the acreage designated as diverted from production.

(4) The respective relationship of the diverted acreage and increased conservation acreage to the various ownership tracts comprising a farm.

If producers whose names are listed on Form ASCS-654 cannot agree on the division of the diversion payment among eligible producers on the farm, the county committee will determine the sharing of payments among such producers on a fair and equitable basis based on the factors provided in this paragraph. Payments of amounts so determined shall be made to eligible producers upon their request.

(c) *Division of price support payment.* Each producer's share of the farm price support payment shall be based on his share of the 1963 crop of wheat on the farm.

(d) *Refund of payments not properly divided.* Payments which producers receive to which they are not entitled, including diversion payments which the county committee determines are not fair and equitable based on the factors provided in this section, shall be refunded to the county committee. In the event of fraud, the producer shall be subject to the provisions of § 776.122.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Tree Nuts), Department of Agriculture

PART 946—IRISH POTATOES GROWN IN WASHINGTON

Approval of Proposed Expenses and Rate of Assessment

Notice of rule making regarding the proposed expenses and rate of assessment, to be made effective under Marketing Agreement No. 113, and Order No. 946 (7 CFR Part 946), regulating the handling of Irish potatoes grown in the State of Washington, was published in the FEDERAL REGISTER July 11, 1963 (28 F.R. 7099). This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). The notice afforded interested persons an opportunity to file data, views, or arguments pertaining thereto, not later than 15 days after publication in the FEDERAL REGISTER.

After consideration of all relevant matters presented it is hereby determined that:

§ 946.215 Expenses and rate of assessment.

(a) The reasonable expenses that are likely to be incurred by the State of Washington Potato Committee, established pursuant to Marketing Agreement No. 113 and Order No. 946, to enable such committee to perform its functions pursuant to the provisions of the marketing agreement and order, during the fiscal year ending on May 31, 1964, will amount to \$23,013.00.

(b) The rate of assessment to be paid by each handler, pursuant to Marketing Agreement No. 113 and Order No. 946, shall be three-eighths of one cent (\$.00375) per hundredweight of potatoes handled by him, as the first handler thereof, during the fiscal year.

(c) The terms used in this section shall have the same meaning as when used in said marketing agreement and order.

It is hereby found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 1003) in that: (1) The relevant provisions of said marketing agreement and this part require that rates of assessment fixed for a particular fiscal year shall be applicable to all assessable potatoes from the beginning of such period and (2) the current fiscal year began on June 1, 1963, and the rate of assessment herein fixed will automatically apply to all assessable potatoes beginning with such date.

PART 987—DOMESTIC DATES PRODUCED OR PACKED IN A DESIGNATED AREA OF CALIFORNIA

Additional Size Regulation for Deglet Noor Variety Dates

Notice was published in the July 11, 1963, issue of the FEDERAL REGISTER (28 F.R. 7099) regarding a proposal to establish an additional size regulation applicable to dates of the Deglet Noor variety, pursuant to § 987.40 of the marketing agreement, as amended, and Order No. 987, as amended (7 CFR Part 987), regulating the handling of domestic dates produced or packed in a designated area of California. The amended marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

The notice afforded interested persons opportunity to submit written data, views, or arguments with respect to the proposal. None were received within the prescribed time.

After consideration of all relevant matters presented, including those in the notice, the information and recommendations submitted by the Date Administrative Committee, and other available information, it is hereby found that to establish, pursuant to § 987.40, an additional size regulation for Deglet Noor dates will tend to effectuate the declared policy of the act.

Therefore, additional size regulation for Deglet Noor dates is established as follows:

§ 987.204 Additional size regulation.

(a) Except as otherwise provided in paragraph (b) of this section, dates of the Deglet Noor variety to be handled as free dates, and dates of such variety to be withheld (as marketable dates) from handling to meet restricted obligation pursuant to § 987.45, shall, in addition to meeting all other applicable requirements, meet the following size requirement: 25 percent, by number, of the dates in the representative samples of a lot, taken from the smallest dates in

such samples, shall average at least (1) 7.5 grams per date for dry or natural whole dates, and (2) 8.0 grams per date for hydrated whole dates. Pitted dates shall be adjusted to an equivalent whole date basis by dividing the pitted weight by 0.875 as provided in § 987.174.

(b) Any handler holding graded dates of the Deglet Noor variety on July 31, 1963, shall be exempt from the provisions of this section on a quantity of Deglet Noor dates equal to the quantity of such graded dates so held by him on July 31, 1963.

It is further found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 1003(c)) in that: (1) Benefits of this regulation should be obtained from its application to as large a portion of the Deglet Noor dates of the ensuing crop year as practicable, and should, therefore, become effective promptly so that it may apply from the beginning (August 1, 1963) of the 1963-64 crop year; and (2) growers and handlers have been conducting their operations in the light of the proposed action and thus have had ample time to conform therewith, and handlers do not require any additional time to prepare therefor.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: July 30, 1963, to become effective upon publication in the FEDERAL REGISTER.

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[C.C.C. Grain Price Support Reseal Loan Regs.]

PART 1421—GRAINS AND RELATED COMMODITIES

Subpart—1962-Crop Reseal Loan Program for Corn

A reseal loan program has been announced for the 1962-crop corn for the 1963-64 storage period. The 1962 CCC Grain Price Support Bulletin 1 (27 F.R. 4411) issued by the Commodity Credit Corporation and containing the general requirements with respect to price support operations for grains and related commodities produced in 1962, supplemented by a bulletin containing the specific requirements for corn is hereby further supplemented as follows:

Sec.	
1421.3301	Applicable sections of 1962 CCC Grain Price Support Bulletin 1 and commodity supplements.
1421.3302	Availability.
1421.3303	Eligible commodity.
1421.3304	Storage requirements.
1421.3305	Commingling.
1421.3306	Approved forms.
1421.3307	Quantity eligible for resealing.

Sec.	
1421.3308	Additional service charges.
1421.3309	Storage payments.
1421.3310	Maturity.
1421.3311	Settlements.
1421.3312	Support rates, premiums and discounts.

AUTHORITY: §§ 1421.3301 to 1421.3312 issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 101, 105, 401, 63 Stat. 1051, 1054, 15 U.S.C. 714c; 7 U.S.C. 1421, 1441.

§ 1421.3301 Applicable sections of 1962 CCC Grain Price Support Bulletin 1 and commodity supplement. (Published under Title 6 as part 421.)

The following sections of the 1962 CCC Grain Price Support Bulletin 1 as amended, published in 27 F.R. 4411 shall be applicable to the reseal loan program for the 1962-crop corn: §§ 1421.1101, 1421.1104, 1421.1109, 1421.1111 to 1421.1118 inclusive, 1421.1120 to 1421.1125 inclusive and 1421.1128 to 1421.1131 inclusive. In addition, the provisions of 27 F.R. 609 shall apply. Applicable sections of the commodity supplement for corn are as follows: §§ 1421.1303, 1421.1305, 1421.1306 and 1421.1307 (27 F.R. 8473). Other sections of the 1962 CCC Grain Price Support Bulletin 1 and the supplement thereto for corn shall be applicable to the extent indicated in this subpart. Any reference in this subpart to a section of another bulletin shall be deemed to refer to the section and any amendments thereto.

§ 1421.3302 Availability.

(a) *Area and scope.* The reseal loan program will be available in all States where corn is produced, and where ASC State committees determine that corn can be safely stored on the farm for the period of the reseal loan and that it will be advantageous to producers and CCC to permit producers to reseal. In angoumois moth areas designated by the ASC State committee, reseal loans may be made only if in addition to the foregoing the loan is approved by the ASC State committee and the corn is shelled.

(b) *When to apply.* The producer must make application on or before October 31, 1963 to reseal the corn under a regular farm-storage loan.

(c) *Purchase agreements converted to reseal loans.* A producer who signed a purchase agreement on farm-stored corn must have notified the county office within 30 days prior to July 31, 1963 of his intention to sell the corn to CCC, or to participate in this program in order to be eligible to obtain a reseal farm-storage loan.

(d) *Disbursement of loans.* Disbursement of loans on corn covered by a purchase agreement shall be made to producers by county offices by means of sight drafts drawn on CCC. The drawing of a draft shall constitute disbursement. Disbursement shall not be made unless the commodity is in existence and in good condition. If the corn was not in existence and in good condition at the time of disbursement, the total amount disbursed under the loan shall be promptly refunded by the producer. In the event the amount disbursed exceeds

the amount authorized under this subpart the producer shall be personally liable for repayment of the amount of such excess.

§ 1421.3303 Commodity eligibility.

(a) To be eligible for a reseal loan the corn must be under a farm-storage loan or a purchase agreement and meet the following requirements:

- (1) It must meet the requirements set forth in § 1421.1304 (a), (b) and (c);
- (2) It must grade No. 3 or better or No. 4 on the factor of test weight only but otherwise No. 3 or better;
- (3) It must not contain in excess of 16 percent moisture in the case of ear corn nor in excess of 14 percent moisture in the case of shelled corn; and
- (4) It must not grade weevily.

§ 1421.3304 Storage requirements.

(a) *Approved storage.* The commodity must be stored in structures which meet the requirements for farm-storage loans as provided in § 1421.1107(a)(1).

(b) *Consent for storage.* Consent for storage of the corn must be obtained by the producer for a period of 60 days following the applicable maturity date of the reseal loan if the structure is owned or controlled by someone other than the producer or if the lease expires prior to 60 days following the maturity date of the reseal loan.

§ 1421.3305 Commingling.

(a) *When authorized.* If authorized by the State committee, the county committee may permit a producer to commingle corn which is under more than one loan and which is deemed safe for commingling by the county committee, subject to the following conditions:

- (1) Corn of not more than three crop years may be commingled;
- (2) The corn to be commingled must be of the same class and meet the applicable eligibility requirements before commingling; and
- (3) Corn owned by more than one producer may be commingled only if each original loan was made jointly to the same producers and the other requirements of this section are complied with.

(b) *Special conditions.* Notwithstanding any other provision of these regulations, the following shall apply in the event corn covered by more than one loan is commingled: (1) Partial deliveries of the commingled corn shall not be permitted; (2) if partial redemptions are made in accordance with other provisions of the regulations in this part, the quantity redeemed shall be prorated to each loan on the basis of the ratio of the quantity on which the loan was made to the total quantity on which all the loans covering the commingled corn were made. The dollar amount to be credited to each loan shall be based on the amount of the loan represented by the quantity determined to have been redeemed from the loan, (3) producers whose corn is commingled shall be jointly and severally responsible for the amount of each loan represented by the commingled corn, (4) for settlement purposes, if corn of more than one crop

year has been commingled, the quantity delivered shall be prorated to each loan based on the ratio that the quantity on which the loan was made bears to the quantity covered by all the loans on the commingled corn. If less than the total quantity covered by the commingled loan is delivered, the quantity delivered shall be applied first to the loan having the corn with the lowest basic support rate, up to the total amount on which the loan was made, and the balance, if any, shall be applied to the other loans proceeding successively in order of loans having increasingly higher basic support rates, (5) if corn of different grades and qualities is delivered, the quantity of each grade and quality to be credited to each loan shall be as determined by the county office, provided that the total quantity credited to the loan shall equal the quantity applied to the loan under subparagraph (4) of his paragraph.

§ 1421.3306 Approved forms.

(a) *Revenue stamps.* The approved forms, which together with the provisions of this subpart govern the rights and responsibilities of the producer, shall consist of Producer's Note and Supplemental Loan Agreement secured by a Commodity Chattel Mortgage, and such other forms and documents as may be prescribed by CCC. Notes and chattel mortgages must have State and documentary revenue stamps affixed thereto where required by law.

(b) *New forms required.* Where required by State law, or when two or more loans are commingled under the provisions of § 1421.3305 a new Producer's Note and a new Chattel Mortgage shall be completed when a farm-storage loan is extended. Where new forms are not completed extension of farm-storage loans shall not affect the rights of CCC, including its right to accelerate the maturity date of the note, and the rights and responsibilities of the producer as set forth in this subpart and in the original approved forms completed by the producer.

§ 1421.3307 Quantity eligible for resealing.

(a) *Quantity under loan.* The quantity of corn under loan eligible for resale shall be the quantity shown on the original note and chattel mortgage less (1) any quantity delivered not including the quantity represented by overdelivery for which overrun payment is made and (2) the quantity redeemed.

(b) *Quantity under purchase agreement.* A producer may obtain a loan on the quantity in store under a purchase agreement not in excess of the quantity specified in the purchase agreement less the quantity which he sells to CCC.

(c) *Limitation.* Notwithstanding the provisions of paragraphs (a) and (b) of this section, the total quantity on which price support shall be made available shall not exceed the maximum quantity as specified in § 1421.1126 of the 1962 CCC Grain Price Support Bulletin 1.

§ 1421.3308 Additional service charges.

(a) *Extension.* When a farm-storage loan is extended, the producer will not

be required to pay an additional service charge.

(b) *Loan to purchase agreement.* At the time a loan is made to the producer on corn covered by a purchase agreement, the producer shall pay an additional service charge of one-half cent per bushel on the number of bushels placed under loan or \$1.50 whichever is greater. No refund of service charges will be made except if the amount collected is in excess of the correct amount.

§ 1421.3309 Storage payments.

(a) *Full storage payments.* A storage payment of 14 cents per bushel will be made to the producer if he redeems the corn from loan on or after the maturity date of the resale loan.

(b) *Prorated storage payment—(1) Early deliveries and CCC assumed losses.* A storage payment determined for the period beginning 60 days subsequent to July 31, 1963 and ending on the date specified below will be made to the producer in the case of: (i) Losses assumed by CCC, or (ii) deliveries prior to the maturity date of the resale loan. The payment will be computed at the daily rate of \$0.00046 per bushel, but not to exceed the applicable amount specified in paragraph (a) of this section. In the case of losses assumed by CCC, the period for computing the storage payment shall end on the date of the loss and in the case of deliveries of the commodity to CCC the period for computing storage shall end on the date delivery is completed, or the final date for delivery specified by the county office whichever is earlier.

(2) *Redemptions prior to maturity.* On redemptions prior to the maturity date of the resale loan, a storage payment will be made to the producer. Such storage payment will be determined according to the length of time the corn was in store for the period beginning on August 1, 1963 and ending on date of repayment. The prorated payment will be computed at the daily rate of \$0.00038, but not to exceed the applicable amount specified in paragraph (a) of this section.

(c) *Quantity eligible.* Except in the case of partial loans, the quantity eligible for storage payment under paragraphs (a) and (b) of this section shall be (1) in the case of delivery to CCC, or losses assumed by CCC the entire quantity in the bin, (2) in the case of redemptions, the quantity in the bin but not to exceed the measured quantity adjusted for test weight. The quantity eligible for a storage payment in the case of a partial loan shall not exceed the quantity under loan.

(d) *No storage payments.* Notwithstanding the provisions of this paragraph, in no case will any storage payment be made; (1) where the producer has made any false representation in the loan documents, in obtaining the loan, or in settlement of the loan; (2) where the corn has been abandoned; (3) where there has been conversion on the part of the producer; or (4) where the corn was damaged or otherwise impaired due to negligence on the part of the producer. If a producer receives payment of any amount to which he is not entitled, he shall refund such amount plus interest thereon promptly upon demand.

§ 1421.3310 Maturity.

Loans will mature on demand but not later than July 31, 1964.

§ 1421.3311 Settlement.

The provisions of § 1421.1119 (a) and (d) and § 1421.1311 (a) (2), (b), (c) and (e) shall be applicable in settlement of resale loans.

§ 1421.3312 Support rates, premiums and discounts.

(a) *Rates.* The support rate for an extended farm-storage loan shall remain the same as for the original loan. For a purchase agreement transferred to a resale loan, the support rate shall be the applicable support rate determined under the provisions of § 1421.1312 (a), (b) and (c) of the corn supplement.

(b) *Discount—premiums.* The applicable premiums or discounts established for variation in quality as shown for corn apply to (1) computation of the amount of a loan on a commodity transferred to a resale loan from a purchase agreement and (2) the determination of the settlement value of loans on such corn.

Effective date: Upon publication in the FEDERAL REGISTER.

Signed at Washington, D.C., on July 30, 1963.

Chapter I—Agricultural Research Service, Department of Agriculture

SUBCHAPTER E—VIRUSES, SERUMS, TOXINS, AND ANALOGOUS PRODUCTS; ORGANISMS AND VECTORS

PART 122—ORGANISMS AND VECTORS

Permits Required

Pursuant to the provisions of section 2 of the Act of February 2, 1903, as amended, and the provisions of the Act of March 4, 1913 (21 U.S.C. 111, 151-158), § 122.1 of Part 122, Title 9, Code of Federal Regulations, is hereby amended to read as follows:

§ 122.1 Permits required.

No organisms or vectors shall be imported into the United States or transported from one State or Territory or the District of Columbia to another State or Territory or the District of Columbia without a permit issued by the Secretary and in compliance with the terms thereof: *Provided*, That no permit shall be required under this section for importation of organisms for which an import permit has been issued pursuant to Part 102 of this subchapter or for transportation of organisms produced at establishments licensed under Part 102 of this subchapter. As a condition of issuance of permits under this section, the permittee shall agree in writing to observe the safeguards prescribed by the Director for public protection with respect to the particular importation or transportation.

The amendment deletes from the provisions in § 122.1, the text of the permits required under Part 122. The form of the permits may be changed periodically in the interest of efficiency. However, the rights and duties of persons subject to the regulations will not be affected by such changes in form. It is deemed unnecessary that the regulations should set forth the specific language of the permits inasmuch as information regarding their issuance and provisions is contained in Part 122.

The amendment relates to a matter of agency management. Accordingly, the provisions in section 4 of the Administrative Procedure Act (5 U.S.C. 1003) pertaining to notice and other public procedure are inapplicable with respect to the amendment, and it may be made

effective less than 30 days after publication in the FEDERAL REGISTER.

Effective date. The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER.

Subpart B—Los Alamos, New Mexico

GENERAL PROVISIONS

§ 130.201 Purpose.

This subpart establishes, pursuant to the provisions of the act, particularly section 42 thereof, priority rights applicable to the sale of government-owned property offered for disposal at Los Alamos, New Mexico, pursuant to the provisions of Chapter 5 of the Atomic Energy Community Act of 1955, as amended.

§ 130.202 Findings.

The Commission has determined that the priorities established in this subpart are reasonable and fair, will be uniform in each class or subclass of property, and will give such priority rights to occupants, project-connected persons, and incoming employees as are necessary or desirable and such priority rights to former occupants, former project-connected persons, or inhabitants as are fair and equitable. In establishing these priorities the Commission has given due consideration to the following factors:

(a) The retention and recruitment of personnel essential to the atomic energy program;

(b) The minimization of dislocations within the community;

(c) The expeditious accomplishment of the disposal program; and

(d) The desirability of encouraging private firms to locate or remain in the community.

§ 130.203 Definitions.

As used in this Subpart B:

(a) "Act" means the Atomic Energy Community Act of 1955 (69 Stat. 471), including any amendments thereto.

(b) "Commission" means the Atomic Energy Commission or any authorized officer or employee thereof. For purposes of determining seniority under § 130.243, "Commission" shall include the Manhattan Engineer District, U.S. Army Corps of Engineers.

(c) "Community" means that area at Los Alamos, New Mexico, designated on a map on file at the principal office of the Commission, entitled "Minimum Geographic Area, Los Alamos, New Mexico", bearing the legend "Boundary Line, Minimum Geographic Area, Los Alamos, New Mexico", and marked "Approved,

April 5, 1962, A. R. Luedecke, General Manager".

(d) "Community-management contractor" means the contractor managing, on behalf of the Commission, the Commission-owned properties at the community. On September 28, 1962, the community-management contractor at Los Alamos was The Zia Company.

(e) "Contract to purchase" means an agreement (which can be made only by a priority purchaser other than a cooperative) to purchase a single-family house, a separate unit in a residential structure which the Commission has classified as a residential structure containing two or more separate single-family units, or a duplex house under the terms of which the purchaser agrees to:

(1) Conclude the purchase within three years after the date of the agreement, and

(2) Make regular periodic payments (during the three-year period) on account of principal, interest, and for municipal services.

(f) "Cooperative" means a corporation or a trust of the character described in section 213(a)(1) of the National Housing Act, as amended, the entire initial membership of which is restricted to project-connected persons.

(g) "Inhabitant" means a person who owned real property in the project area on May 10, 1943.

(h) "Junior occupant" means that one of the occupants of a family dwelling-unit in the government-owned duplex house in question who has the shorter continuous occupancy, computed as provided in § 130.245, in the duplex house.

(i) "Member of his family" means any person having the following relationship to an occupant (including those having the same relationship through marriage or legal adoption): Spouse, father, mother, grandfather, grandmother, brother, sister, son, daughter, grandson, granddaughter, uncle, aunt, nephew, niece, or first cousin.

(j) "Occupant" means a person who, on the date on which the property in question is first offered for sale, is entitled to residential occupancy of the government-owned house in question, or of a family dwelling-unit in such house, in accordance with a lease or license agreement with the Commission or its community-management contractor, but shall not include a sublessee or assignee of such government-owned house.

(k) "Person" means any individual, corporation, partnership, firm, cooperative, or association.

(l) "Project area" means that area which on September 28, 1962, constituted the County of Los Alamos, New Mexico, excluding therefrom, however, that land which on said date was under the administrative control of the National Park Service of the Department of the Interior.

(m) "Project-connected person" means any person who, on the date the property in question is first offered for sale, is regularly employed at the project area in one of the following capacities:

(1) An officer or employee of the Commission or any of its contractors or sub-

contractors, or of the United States or any agency thereof (including members of the Armed Forces), or of a State or political subdivision or agency thereof;

(2) An officer or employee employed at a school or hospital located in the project area;

(3) A person engaged in or employed in the project area by any professional, commercial, or industrial enterprise occupying premises located in the project area; or

(4) An officer or employee of any church or nonprofit organization occupying premises located in the project area.

(n) "Resident" means any person who, on the date on which the property in question is first offered for sale, is entitled under a lease or license agreement with the Commission or its community-management contractor to residential occupancy of government-owned accommodations at the community, or property designated for sale pursuant to Chapter 5 of the act.

(o) "Retired former resident" means any person, other than an occupant, resident, or project-connected person, who

(1) Having been employed at the project area in one of the capacities set forth in the definition of project-connected person, retired, at any time prior to the date the property in question is first offered for sale, from such employment in accordance with the retirement plan established by his employer; and

(2) At the time of such retirement was entitled, in accordance with a lease or license agreement with the Commission or its community-management contractor, to residential occupancy of government-owned accommodations at the community, or property designated for sale pursuant to Chapter 5 of the act.

(p) "Sales agency" means the agency of the Federal Government which is responsible for disposal of property offered pursuant to Chapter 5 of the act.

(q) "Senior occupant" means that one of the occupants of a family dwelling-unit in the government-owned duplex house in question who has the longer continuous occupancy, computed as provided in § 130.245, in the duplex house.

(r) "Successful claimant" means the person whom the Commission has initially determined to be entitled to purchase a particular piece of property through the exercise of a priority right.

(s) "Widow or widower" means any person whose deceased spouse was, at the time of death, a project-connected person.

§ 130.204 Computation of time.

Except as otherwise provided in § 130.244, in computing any period of time prescribed or allowed by this subpart the day of the act, event, or default after which the designated period of time begins to run is not to be included. The last day of any period prescribed or allowed by this subpart is to be included, unless it is a Saturday, a Sunday, or a legal holiday, in which event the period will be extended until the end of the next day which is neither a Saturday, a Sunday, nor a legal holiday.

§ 130.205 Method of service.

All documents or information required to be furnished by priority holders must be postmarked or actually received by the appropriate agency prior to the expiration of the period of time prescribed or allowed by this subpart.

PRIORITIES

§ 130.221 Residential priorities.

The following rights of priority shall be applicable at Los Alamos in the sale of property for private residential use:

(a) For government-owned single-family houses:

- (1) First priority; the occupant.
- (2) Second priority; any resident.
- (3) Third priority; any project-connected person.
- (4) Fourth priority; any widow or widower or any retired former resident.
- (5) Fifth priority; any inhabitant.

(b) For government-owned duplex houses:

- (1) First priority; the senior occupant.
- (2) Second priority; the junior occupant.
- (3) Third priority; a junior occupant of any duplex house who has been prevented from exercising his second priority by reason of the exercise of the first priority by the senior occupant.
- (4) Fourth priority; any resident.
- (5) Fifth priority; any project-connected person.
- (6) Sixth priority; any widow or widower or any retired former resident.
- (7) Seventh priority; any inhabitant.

(c) For government-owned apartment houses:

- (1) First priority; any cooperative the membership of which includes a majority of the occupants of the apartment house in question.
- (2) Second priority; any cooperative the membership of which includes less than a majority of the occupants of the apartment house in question.
- (d) For the separate single-family units in government-owned residential structures containing two or more separate single-family units:

(1) First priority; the occupant.

(2) Second priority; a junior occupant of any duplex house who has been prevented from exercising his second priority by reason of the exercise of the first priority by the senior occupant of such duplex house.

- (3) Third priority; any resident.
- (4) Fourth priority; any project-connected person.
- (5) Fifth priority; any widow or widower or any retired former resident.
- (6) Sixth priority; any inhabitant.

(e) For vacant lots classified for residential use:

- (1) First priority; any project-connected person.
- (f) For lots and acreage tracts developed by the government in residential subdivisions (under the authority of section 118b of the act, or under the authority of any other act):

(1) First priority; any project-connected person.

(2) Second priority; any project-connected person.

§ 130.222 Commercial, industrial, and nonprofit priorities.

In the sale of property classified for commercial or industrial use, or for use

of nonprofit organizations (other than churches), any person who, on the date such property is first offered for sale, is entitled to occupancy of the property offered for sale or a part thereof in accordance with a lease or license agreement with the Commission or its community-management contractor, authorizing the use of the property for commercial, industrial, or nonprofit use, shall have a priority to purchase the property offered for sale.

§ 130.223 Church priorities.

In the case of property classified for use of churches, any person who, on the date such property is offered for sale, is entitled to occupancy thereof in accordance with a lease or license agreement with the Commission or its community-management contractor, authorizing the use of the premises for church use, shall have a priority to purchase the property offered for sale.

§ 130.224 Other properties.

In the case of any property not covered by the foregoing §§ 130.221 to 130.223, inclusive, no priority rights are conferred under this subpart.

APPLICATION FOR AND EXERCISE OF PRIORITY RIGHTS

§ 130.231 Applications for priority.

(a) All priority rights within each priority class, other than rights under § 130.221(a)(1) or § 130.221(d)(1), shall be invalid unless an application for the determination thereof, in the form prescribed by the Commission, is filed with the Commission within 30 days after the date on which the property in question is offered for sale to such priority class or within such period as the Commission may prescribe, in the case of an offering of lots or acreage tracts to the priority class provided for in § 130.221(e) or § 130.221(f).

(b) No application need be filed for priority rights under § 130.221(a)(1) or § 130.221(d)(1).

(c) Notice of the offering for sale will be given by the sales agency. Such notice will:

(1) Be in such manner as the sales agency shall prescribe;

(2) Identify the property to be sold;

(3) State the terms and conditions of sale and the date of the offer; and

(4) State which rights of priority must be exercised.

§ 130.232 Exercise of priority.

The sales agency shall prescribe the manner and time within which a priority right that has been determined by the Commission shall be exercised: *Provided, however,* That the time for exercise of priority rights of occupants of single-family houses, occupants of separate single-family units in government-owned residential structures containing two or more separate single-family units, and senior occupants of duplex houses shall be not less than 90 days after the date the property in question is first offered for sale to such persons.

§ 130.233 Abandonment of priority.

(a) Any priority right, other than a priority for church property, which has been exercised as prescribed by the sales

agency shall, as to such priority, be deemed abandoned unless the priority purchaser:

(1) In the case of a priority right under § 130.221 (a), (b), (c), or (d) or under § 130.222, concludes the sale or executes the contract to purchase:

(i) Within 60 days after the sales agency, in such manner as may have been prescribed by it, shall have given notice that it is ready to close the transaction, or

(ii) Prior to expiration of the period prescribed for exercise of such priority, whichever is later.

(2) In the case of a priority right under § 130.221 (e) or (f), consummates the purchase in accordance with the terms and conditions of the sale as set forth in the notice of the offering.

(b) Any right of priority to purchase church property shall be deemed abandoned unless within six months after a tender by the sales agency of a deed the priority purchaser concludes the sale.

(c) In all cases covered by this section, such time may for good cause be extended by the sales agency.

(d) Any property on which a priority has been abandoned shall be offered by the sales agency to the priority classes, if any, to which property of the same type will, subsequent to such abandonment, be offered: *Provided,* That when a senior occupant of a government-owned duplex house abandons his senior occupant's priority, the property in question shall be first offered to the junior occupant of such house if he has not exercised a priority to purchase another house under the provisions of this subpart. If all such priority rights have expired or lapsed, such property shall be disposed of as provided in section 53 (b), (c), and (d) of the act: *Provided,* That in the event of an abandonment of a priority established under § 130.221 (e) or (f) of this regulation, the parcel of property affected thereby may, at the discretion of the sales agency, be offered for sale to other persons within the same priority class.

§ 130.234 Transfer of priority.

No priority established hereunder shall be transferable, except that:

(a) A husband and wife may exercise a priority in their joint names.

(b) A religious organization may exercise the priorities belonging to each of its priests, ministers, or rabbis: *Provided,* That a religious organization which is without the services of a spiritual leader may exercise a resident's priority which would otherwise belong to its priest, minister, or rabbi.

(c) Two or more holders of priorities, granted pursuant to § 130.221(b)(1) and (2), or § 130.222, having a common interest in the same building or location, may assign to a single assignee (who may be a priority holder) their rights of priority to purchase such building or location.

§ 130.235 Nonimpairment of rights.

No priorities determined or exercised hereunder shall impair any rights, including purchase rights, conferred by existing leases and covenants. In the event the Commission finds that such

rights would be impaired, it may, notwithstanding any other provisions in this Subpart B, cancel the priority or priorities or take such other action as it deems appropriate.

§ 130.236 Limitation.

No person or married couple shall be entitled to purchase more than one parcel of residential property through the exercise of a priority established in paragraph (a), (b), or (d) of § 130.221; and no person or married couple shall be entitled to purchase more than one parcel of residential property through the exercise of a priority established in paragraph (e) or (f) of § 130.221. The exercise of a priority established in paragraph (a), (b), or (d) of § 130.221 shall not, however, preclude the purchase of a parcel of residential property by the same person or married couple through the exercise of a priority established in paragraph (e) or (f) of § 130.221, and *vice versa*. For purposes of this section, any purchase by a husband or wife shall be deemed a purchase by the married couple, and a purchase by a transferee shall be deemed a purchase by the transferor as well.

§ 130.237 Persons applying for determinations or exercising priority.

Application for the determination of a priority or the exercise thereof may be executed and filed by the priority holder or, on his behalf, by his duly authorized agent, executor, trustee, administrator, or guardian.

DETERMINATIONS OF PRIORITY RIGHTS

§ 130.241 Determination of priority.

All priority rights shall be determined by the Commission and (if the sales agency is an agency other than the Commission) shall be certified by the Commission to the sales agency.

§ 130.242 Determination of conflicting claims for priority.

(a) Conflicting claims between persons within the same priority class for priority to purchase a particular piece of property shall be determined in accordance with this section and §§ 130.243 through 130.247, as follows:

(1) Conflicting claims for priority to purchase residential property within the same priority group as a junior occupant, resident, widow or widower, or retired former resident shall be resolved on the basis of seniority of employment or service in accordance with §§ 130.243 and 130.244.

(2) Conflicting claims for priority to purchase residential property within the same priority group as a project-connected person, except with respect to the priority group specified in § 130.221(e) and the priority group specified in § 130.221(f), shall be resolved on the basis of seniority of employment or service in accordance with §§ 130.243 and 130.244.

(3) Conflicting claims for priority to purchase a duplex house as a senior occupant shall be resolved on the basis of seniority of occupancy in accordance with § 130.245.

(4) Conflicting claims for priority to purchase a lot or other parcel of property within the priority group specified in § 130.221(e) or the priority group specified in § 130.221(f) shall be resolved by the Commission by lot.

(5) Conflicting claims for priority to purchase residential property as an inhabitant shall be resolved by the Commission by lot.

(6) Conflicting claims between cooperatives for priority to purchase an apartment house shall be resolved in favor of that cooperative among such claimants which includes in its membership the largest percentage of the occupants of the apartment house in question. If the memberships of two or more of such claimants include the same, and largest, percentage of the occupants of the apartment house, such conflicting claims shall be resolved by lot.

(7) Conflicting claims for priority to purchase property classified for commercial, industrial, or nonprofit use shall be resolved as follows: From among the conflicting priority holders the Commission shall draw lots until all such priority holders have been ranked. The person whose name is chosen first shall have the first opportunity to exercise the priority with regard to the property in question. In the event the person whose name is chosen first fails to exercise the priority within the time established by the sales agency or abandons the priority as provided in § 130.233, each succeeding priority holder in accordance with his ranking as determined by the drawing shall, subject to the same conditions, have the priority to purchase the property in question: *Provided, however*, That any person holding one or more groups of consecutively-ranked priority rights granted pursuant to § 130.222 which have been assigned to him in accordance with § 130.234(c) shall exercise each such group of rights as a single priority right within the period of time determined by the sales agency as provided in § 130.232.

(b) Except as provided in subparagraph (7) of paragraph (a) of this section and in §§ 130.251 to 130.260, inclusive, all priority rights of unsuccessful claimants to purchase the particular piece of property which is the subject of conflicting claims shall lapse upon the determination by the Commission of the successful claimant.

§ 130.243 Determination of seniority of employment or service.

(a) Except as provided in paragraph (b) of this section, seniority of employment or service shall be determined, as of the date any residential property was first offered for sale, by adding the periods of employment or service of the claimant after December 31, 1942, whether or not consecutive (but disregarding concurrent periods of secondary or additional employment or service), within the following categories:

(1) Periods of not less than four consecutive weeks, at not less than 20 hours per week (10 hours per week, in the case of academic, professional, and administrative personnel employed by the Los Alamos public-school system), of em-

ployment or service of a claimant at the project area, by or for:

(i) A contractor or lower-tier contractor of the Commission;

(ii) The Commission, the United States or any agency thereof (including the Armed Forces), or the State or any political subdivision or agency thereof;

(iii) A school or hospital;

(iv) Any professional, commercial, or industrial enterprise;

(v) A church or nonprofit organization: *Provided*, That academic, professional, and administrative personnel employed by the Los Alamos public-school system on a recurring annual basis shall be deemed fully employed during vacation intervals in the school year.

(2) Periods of self-employment of a claimant for a minimum of four consecutive weeks, at not less than 20 hours per week, at the project area in one of the capacities listed in subparagraphs (i) and (iv) of paragraph (1) of this section.

(3) Service in the Armed Forces of the United States when claimant entered the Armed Forces within 30 days after leaving any employment set forth in the definition of project-connected person in § 130.203(m).

(b) Seniority of employment or service of not more than one priest, minister, or rabbi of each religious organization in the community shall be computed from the date of the establishment of such religious organization in the community, without reference to the tenure of an individual who happens to occupy that position.

§ 130.244 Evaluation of conflicting claims.

In determining seniority of employment or service, the Commission shall apply the following rules:

(a) The first and the last date of each period of employment or service shall be included.

(b) As between claimants employed or discharged at different times during the same day, no seniority of employment or service shall be granted to a claimant by virtue of his having been first employed or last discharged on such day.

(c) No deduction from periods of employment or service computed in accordance with § 130.243 shall be made for periods of employment or service away from the project area when the claimant was or is maintained on and paid from a payroll of an employer located at the project area and such claimant was or is compensated for such period as an employee in accordance with the recognized practice of such employer, or for periods of absence in nonpay status when (1) such absence has been officially authorized by the employer, (2) the claimant was or is maintained on the employer's roster of its employees in expectation of the claimant's return to regular employment or service status upon expiration of such leave of absence, and (3) the claimant, under the recognized practice of such employer, was or is not subject to loss of his accrued tenure or seniority status in the employ or service of the employer on account of such absence.

(d) If husband and wife exercise a priority in their joint names as provided for in § 130.234, only the seniority of the husband or that of the wife, whichever is greater, shall be counted.

(e) In the case of identical claims of seniority of employment or service, the successful claimant shall be determined by lot.

§ 130.245 Determination of seniority of occupancy of duplex houses.

In determining which of the occupants of a duplex house is the senior occupant:

(a) Occupancy of either dwelling-unit in the house shall be counted in determining the period of continuous occupancy;

(b) The period of continuous occupancy shall be that period during which the occupant or a person who then was a member of his family continued without interruption to be entitled to such residential occupancy in accordance with a lease or license agreement with the Commission or its community-management contractor, such period to be computed beginning with the effective date of the initial lease or license agreement and ending with the date on which the property is first offered for sale;

(c) In the case of claimants whose initial lease or license agreement bears the same effective date, determination shall be made on the basis of seniority of employment or service; and

(d) In the case of identical claims of seniority of occupancy and of employment or service, the successful claimant shall be determined by lot.

§ 130.246 Evidence.

(a) Claimants shall support their claims to seniority by listing in the space and manner provided on the application prescribed by the Commission, all claimed periods of employment or service coming within the provisions of § 130.243. The Commission, in determining seniority of a claimant, need not consider any employment or service unless the same is so listed.

(b) At the request of the Commission, any claimant shall furnish such evidence in support of his claim to priority or seniority, at such times and in such form, as the Commission shall specify. In the event of failure to furnish the specified evidence, at the time and in the form requested, the Commission may take such action as it deems appropriate, including the disallowance of the claim or part thereof to which such evidence relates.

§ 130.247 Commission examination.

The Commission may make such independent examination of the submitted claims to priority or seniority as it deems appropriate.

APPEAL PROCEDURE

§ 130.251 Establishment of appeal board.

The Commission's Area Manager at its Los Alamos Area Office shall establish an advisory board to consider appeals relating to priorities provided for in this subpart. The board may adopt such procedures, consistent with this subpart,

as the board deems appropriate to carry out its functions.

§ 130.252 Notice.

(a) With respect to each offering of property to persons in a priority class, other than persons in the priority class granted by § 130.221(a)(1) and persons in the priority class granted by § 130.221(d)(1), the Commission shall post, at one or more places in the community, a notice stating the name of the person whom the Commission has initially determined to be the successful claimant with regard to property offered for disposal.

(b) In all cases in which claims to seniority have been filed pursuant to § 130.242, the notice shall include the total period of seniority allowed by the Commission in making its initial determination.

(c) Upon request by any person whose claim to a priority or to seniority has been disallowed, in whole or in part, the Commission shall advise such person of the reasons for such disallowance.

§ 130.253 Appeal.

(a) Appeals from the initial determinations of the Commission in cases coming within the provisions of § 130.252 must be filed in writing with the Commission's Area Manager at its Los Alamos Area Office not later than 10 days after the posting of the notice referred to in § 130.252.

(b) Any person who had attempted to exercise a right of priority under § 130.221(a)(1) or § 130.221(d)(1) within the time prescribed by the sales agency and has been notified by the sales agency that his rights had not been certified by the Commission pursuant to § 130.241, may, within 10 days after the receipt of such notice, file an appeal in the manner prescribed in paragraph (a) of this section.

(c) Appeals shall specify the bases for the appeal and the nature of the evidence to be produced.

§ 130.254 Classes of appeals.

(a) Appeals with respect to all priorities except those established for widows or widowers, retired former residents, and inhabitants and those established under § 130.221(c), (e), or (f) or under § 130.222 shall be governed by §§ 130.255 to 130.258, inclusive.

(b) Appeals with respect to priorities established under § 130.221 for widows or widowers, retired former residents, and inhabitants and with respect to priorities established under § 130.221(c), (e), or (f) or under § 130.222 shall be governed by § 130.259.

§ 130.255 Parties to appeal.

Appeals in cases coming within § 130.254(a) may be filed by any person if:

(a) Assuming the appellant were to prevail as to the matters stated in his appeal, he would have a superior claim to that of the successful claimant to the property in respect of which the appeal is filed; and

(b) The appellant is not the successful claimant to another property offered to the priority class in question.

§ 130.256 Grounds of appeal.

A person eligible to file an appeal under § 130.255 may appeal as to one or more of the following issues:

(a) His right or the right of the successful claimant to a priority of the class to which the property has been offered;

(b) His period of occupancy or the period of occupancy of the successful claimant in the case of occupants of duplex houses; and

(c) His periods of seniority of employment or service or the periods of seniority of employment or service of the successful claimant.

§ 130.257 Recommended determination.

In the case of appeals coming within § 130.254(a) the board established to consider such appeals may recommend:

(a) Dismissal of any appeal which is not in accordance with the provisions of this subpart or which is not supported by sufficient evidence;

(b) Affirmance of the initial determination; or

(c) Determination in favor of that one of the conflicting claimants to the property in question, whether or not such claimant has filed an appeal, whom it finds to be entitled to a priority to purchase the property in question: *Provided, however,* That the board shall disregard all claims of persons who are the successful claimants to any other property offered to the priority class in question, and may disregard the claims of any person who fails to file within the time prescribed by the board any appearance or evidence requested by the board.

§ 130.258 Decision by Area Manager or his designee.

The recommendation of the board established to consider appeals will be submitted to the Area Manager at the Commission's Los Alamos Area Office, or his designee, and the Area Manager or his designee shall determine the claimant entitled to exercise a priority with regard to the property in question. The Area Manager or his designee may remand any matter to the board for further consideration and recommendation prior to final determination.

§ 130.259 Appeals in cases determined by lot.

(a) In cases coming within § 130.254(b) any person may appeal if:

(1) Assuming the appellant were to prevail as to the matters stated in his appeal, he would establish that the successful claimant is not entitled to a priority of the class to which the property had been offered or that the appellant was improperly denied such a priority; and

(2) In cases of priorities for widows or widowers and retired former residents, or inhabitants, the appellant is not the successful claimant to another property offered to the priority class in question.

(b) If the board established to consider such appeals determines that the person initially determined to be the successful claimant is not entitled to a priority of the class in question, it shall recommend that the initial determination be set aside.

(c) If the Area Manager or his designee determines that the initial determination shall be set aside, the Commission shall:

(1) In the case of claims of widows or widowers or retired former residents, or inhabitants, resolve the remaining conflicting claims by lot; *Provided*, That the claims of persons who are the successful claimants as to any other property offered to the priority class in question shall be disregarded;

(2) In the case of claims under § 130.221 (c), (e), or (f) or under § 130.222, award the property to the next succeeding priority holder, according to his ranking.

(d) No appeal shall lie from a re-determination made pursuant to paragraph (c) of this section.

(e) If the board established to consider such appeals determines that the appellant was improperly denied a priority of the class to which the property in question was offered, the board shall so report to the Area Manager or his designee, who shall take such action as may appear equitable.

§ 130.260 Finality.

An initial determination which is not appealed in accordance with this subpart and a determination or decision by the Area Manager at the Commission's Los Alamos Area Office, or his designee, shall be final.

AMENDMENT

§ 130.270 Amendment.

The Commission may amend the provisions of this subpart.

Dated at Germantown, Md., this 25th day of July 1963.

For the Atomic Energy Commission.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

SUBCHAPTER E—AIRSPACE [NEW]

[Airspace Docket No. 62-CE-85]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Alteration of Control Zone, Revocation and Designation of Transition Areas

On February 19, 1963, a notice of proposed rule making was published in the FEDERAL REGISTER (28 F.R. 1558) stating that the Federal Aviation Agency proposed to alter the Madison, Wis., control zone, designate a transition area at Madison and revoke the Dells, Wis., transition area. On May 24, 1963, a supplemental notice of proposed rule making was pub-

lished amending the original proposal (28 F.R. 5207).

Two comments were received by the FAA as a result of the airspace actions proposed in the notices.

Mr. Jack McManus, President of Blackhawk Aviation, Inc., operator of the Blackhawk McManus Airport, which is located approximately 13 miles south of Truax Field, stated he was concerned that the proposed airspace actions would impose additional operational restrictions at his airport.

The Air Transport Association (ATA) stated they were concerned over the possible loss of cardinal altitudes on the VOR Federal airways No. 7 and No. 9 as a result of the airspace actions proposed.

The airspace changes proposed for the Madison terminal area will benefit rather than restrict operations at the Blackhawk McManus Airport as operations at this airport will no longer be contained within the Madison control zone. The airway minimum en route altitudes on V-9 and V-7 will not be modified either directly or indirectly, as a result of the airspace actions proposed. Therefore, the ATA's comments have no bearing on the actions proposed in the notices.

The substance of the proposed amendments having been published and for the reasons stated in the notices, the following actions are taken:

1. In § 71.171 (27 F.R. 220-91, November 10, 1962) the Madison, Wis., control zone is amended to read:

Madison, Wis.

Within a 5-mile radius of Truax Field, Madison, Wis. (latitude 43°08'15" N., longitude 89°20'10" W.), within 2 miles each side of the Madison ILS localizer S course, extending from the 5-mile radius zone to the OM, within 2 miles each side of the Truax VOR 134° radial, extending from the 5-mile radius zone to 7 miles SE of the VOR, and within 2 miles each side of the Truax VOR 320° radial, extending from the 5-mile radius zone to 7 miles NW of the VOR.

2. In § 71.181 (27 F.R. 220-139, November 10, 1962), the following actions are taken:

a. The Dells, Wis., transition area is revoked.

b. The following transition area is added:

Madison, Wis.

That airspace extending upward from 700 feet above the surface within a 9-mile radius of Truax Field, Madison, Wis. (latitude 43°08'15" N., longitude 89°20'10" W.), within 2 miles each side of the Madison ILS localizer S course, extending from the 9-mile radius area to 12 miles S of the OM, within 8 miles NE and 5 miles SW of the Truax VOR 134° radial, extending from the 9-mile radius area to 12 miles SE of the VOR, within 8 miles SW and 5 miles NE of the Truax VOR 320° radial, extending from the 9-mile radius area to 12 miles NW of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded on the N by a line extending from latitude 43°43'00" N., longitude 89°55'00" W., to latitude 43°30'00" N., longitude 88°30'00" W., on the E by longitude 88°30'00" W., on the S by latitude 42°45'00" N., and on the W by longitude 89°55'00" W. The portion within R-6905 shall be used only after obtaining prior approval from appropriate authority.

These amendments shall become effective 0001 e.s.t., September 19, 1963.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Alteration of Control Zone, Revocation of Control Area Extension, and Designation of Transition Area

On April 19, 1963, a notice of proposed rule making was published in the FEDERAL REGISTER (28 F.R. 3874) stating that the Federal Aviation Agency (FAA) proposed to alter the Prescott, Ariz., control zone, revoke the Prescott control area extension, and designate the Prescott transition area.

Interested persons have been afforded an opportunity to participate in the making of the rules herein adopted, and no adverse comments were received regarding the proposed amendments.

The substance of the proposed amendments having been published, and for the reasons stated in the notice, the following actions are taken:

1. In section 71.171 (27 F.R. 220-91, November 10, 1962, 28 F.R. 4125), the Prescott, Ariz., control zone is amended to read:

Prescott, Ariz.

Within a 5-mile radius of Prescott Municipal Airport (latitude 34°39'10" N., longitude 112°25'15" W.).

2. Section 71.165 (27 F.R. 220-59, November 10, 1962, 28 F.R. 4125), the following control area extension is revoked: Prescott, Ariz.

3. Section 71.181 (27 F.R. 220-139, November 10, 1962) is amended by adding the following:

Prescott, Ariz.

That airspace extending upward from 700 feet above the surface within 2 miles SW and 3 miles NE of the Prescott VORTAC 303° and 123° radials, extending from 1 mile SE to 8 miles NW of the VORTAC, and within 3 miles SW and 2 miles NE of the 157° and 337° bearings from the Prescott RBN, extending from 1 mile SE to 8 miles NW of the RBN; and that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Prescott VORTAC, extending from a line 5 miles W of and parallel to the 337° bearing from the Prescott RBN clockwise to a line 5 miles W of and parallel to the Prescott VORTAC 159° radial; within a 12-mile radius of the Prescott VORTAC, extending from a line 5 miles W of and parallel to the Prescott VORTAC 159° radial clockwise to a line 5 miles W of and parallel to the 337° bearing from the Prescott RBN; within 5 miles each side of the 337° bearing from the Prescott RBN, extending from the 20-mile radius area to 25 miles NW of the RBN, and within 10 miles N and 7 miles S of the Drake, Ariz., VOR 082° and 262° radials, extending from 9 miles W to 20 miles E of the VOR.

These amendments shall become effective 0001 e.s.t., September 19, 1963.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Correction

On July 4, 1963, Federal Register Document 63-7033 was published in the FEDERAL REGISTER (28 F.R. 6872) and amended, in part, § 71.165 of the Federal Aviation Regulations. This amendment was inadvertently shown as § 71.163 (27 F.R. 220-55, November 10, 1962) instead of § 71.165 (27 F.R. 220-59, November 10, 1962). Action is taken herein to correct this discrepancy.

Since this amendment is editorial in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary, and the effective date of the final rule as initially adopted may be retained.

In consideration of the foregoing, effective immediately, Federal Register Document 63-7033 (28 F.R. 6872) is altered as follows:

Where "§ 71.163 (27 F.R. 220-55, November 10, 1962)" appears in subparagraphs 4 and 5, it is changed to read "§ 71.165 (27 F.R. 220-59, November 10, 1962)".

[Airspace Docket No. 62-WE-117]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Correction

On July 4, 1963, there was published in the FEDERAL REGISTER (28 F.R. 6873) an amendment to § 71.143 of the Federal Aviation Regulations, extending VOR Federal airway No. 1752 from Twentynine Palms, Calif., to Los Angeles, Calif. This action incorrectly designated the segment of this airway from Los Angeles to the intersection of the Los Angeles 061° and the Pomona, Calif., 269° radials as an 8-mile-wide airway.

Action is taken herein to designate this segment of Victor 1752 as a 12-mile-wide airway to provide a common segment with VOR Federal airway Nos. 1522 and 1549.

Since this amendment is editorial in nature and imposes no additional burden on any person, the effective date of

the final rule as initially adopted may be retained.

In consideration of the foregoing, effective immediately, Airspace Docket No. 62-WE-117 (28 F.R. 6873) is hereby modified as follows:

In § 71.143 (27 F.R. 220-38, November 10, 1962, 27 F.R. 11989) V-1752 "Los Angeles, Calif., 8 miles wide INT of Los Angeles 061°, Pomona, Calif., 269° radials;" is deleted and "Los Angeles, Calif., 12 miles wide INT Los Angeles 061°, Pomona, Calif., 269° radials; 8 miles wide" is substituted therefor.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Alteration of Transition Area

On April 5, 1963, a notice of proposed rule making was published in the FEDERAL REGISTER (28 F.R. 3356) stating that the Federal Aviation Agency proposed to alter the Missoula, Mont., transition area.

Interested persons have been afforded an opportunity to participate in the making of the rule herein adopted, and no adverse comments were received regarding the proposed amendment.

The substance of the proposed amendment having been published, and for the reasons stated in the notice, the following action is taken:

In § 71.181 (27 F.R. 220-139, November 10, 1962), the Missoula, Mont., transition area is amended to read:

Missoula, Mont.

That airspace extending upward from 700 feet above the surface within 2 miles each side of the Missoula VOR 308° radial, extending from 4 miles NW to 12 miles NW of the VOR, and within 2 miles each side of the Missoula VOR 298° radial, extending from 4 miles NW to 9 miles NW of the VOR; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of the Missoula VOR, bounded on the SW by the SW boundary of V-2, and on the E by the E boundary of V-231; within 10 miles SW and 7 miles NE of the Missoula VOR 298° and 118° radials, extending from 9 miles SE to 20 miles NW of the VOR, and within 5 miles each side of the Missoula VOR 180° radial, extending from the VOR to 12 miles S of the VOR.

This amendment shall become effective 0001 e.s.t., September 19, 1963.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

Issued in Washington, D.C., on July 29, 1963.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Alteration of Transition Area

On April 17, 1963, a notice of proposed rule making was published in the FEDERAL REGISTER (28 F.R. 3731) stating that the Federal Aviation Agency proposed to alter the Baker, Oreg., transition area.

Interested persons have been afforded an opportunity to participate in the making of the rule herein adopted, and no adverse comments were received regarding the proposed amendment.

The substance of the proposed amendment having been published and for the reasons stated in the notice, the following action is taken:

In § 71.181 (27 F.R. 220-139, November 10, 1962), the Baker, Oreg., transition area is amended to read:

Baker, Oreg.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Baker Municipal Airport (latitude 44°50'25" N., longitude 117°48'35" W.); and that airspace extending upward from 1,200 feet above the surface within 8 miles NE and 6 miles SW of the Baker VORTAC 138° and 317° radials, extending from 14 miles SE to 16 miles NW of the VORTAC.

This amendment shall become effective 0001 e.s.t., September 19, 1963.

SUBCHAPTER C—AIRCRAFT REGULATIONS

[Reg. Docket No. 1883; Amdt. 595]

PART 507—AIRWORTHINESS DIRECTIVES

Lockheed 1049 Series Aircraft

Investigation has shown that extensions of repetitive inspection intervals based on service experience may be granted to operators of Lockheed 1049 aircraft in complying with Amendment 150, 25 F.R. 4275 (AD 60-10-6). Accordingly, this amendment is being published to permit extension of the re-inspection intervals from 4,000 to 5,000 hours' time in service and also to provide for further extensions where justified.

Since this amendment provides a procedure by which a different inspection interval may be established for the operators concerned, and thus relieves a present restriction, compliance with notice and public procedure thereon is unnecessary and it may be made effective upon publication in the FEDERAL REGISTER.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 6489),

§ 507.10(a) of Part 507 (14 CFR Part 507), is amended as follows:

Amendment 150, 25 F.R. 4275 (AD 60-10-6), Lockheed 1049 Series aircraft, is amended by changing the inspection interval in paragraph (b) (2) from 4,000 hours to 5,000 hours, and by adding paragraph (e) to read:

(e) Upon request of the operator, an FAA maintenance inspector, subject to prior approval of the Chief, Engineering and Manufacturing Branch, FAA Western Region, may adjust the repetitive inspection intervals specified in this AD to permit compliance at an established inspection period of the operator if the request contains substantiating data to justify the increase for such operator.

This amendment shall become effective August 2, 1963.

(Secs. 313 (a), 601, 603; 72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on July 26, 1963.

 Sec. 19, E¹/₂NE¹/₄;
 Sec. 20, NW¹/₄NE¹/₄ and NE¹/₄NW¹/₄.

The areas described aggregate approximately 1,245 acres. With the exception of that described in secs. 8, 17 and 20 T. 7 S., R. 32 E. (approximately 200 acres), the lands are in the Inyo National Forest.

2. At 10:00 a.m., on September 3, 1963, the national forest lands released from withdrawal by this order shall be open to such forms of disposition as may be law be made of national forest lands.

3. Subject to any valid existing rights, the requirements of applicable law, rules and regulations, and the provisions of any existing withdrawals, the public lands described in T. 7 S., R. 32 E., are hereby opened to filing of applications, selections and locations in accordance with the following:

(a) Until 10:00 a.m. on January 28, 1964, the State of California shall base (1) a preferred right of application to select the lands in accordance with subsection (c) of section 2 of the Act of August 27, 1958 (72 Stat. 928; 43 U.S.C. 851, 852), and (2) a preferred right to apply for the reservation to the State or to any of its political subdivisions, under any statute or regulation applicable thereto, of any of the lands required for a right-of-way for a public highway or as a source of materials for the construction and maintenance of such highways, in accordance with provisions of section 24 of the Federal Power Act, supra.

(b) All valid applications and selections under the nonmineral public land laws, other than preference right applications from the State of California, presented at or prior to 10:00 a.m. on September 3, 1963, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

4. The lands have been open to applications and offers under the mineral

leasing laws, and to location under the United States mining laws subject to the provisions of the Act of August 11, 1955 (69 Stat. 682; 30 U.S.C. 621).

5. Persons claiming preference rights based upon valid settlement, statutory preference or equitable claims must endorse properly corroborated statements in support of their application setting forth all facts relevant to their claims.

6. In DA-972-California, the Federal Power Commission also vacated the withdrawals created for Projects 320 and 556 so far as they affect the following-described lands:

Chapter I—Federal Trade Commission

[Docket 8467 o.]

PART 13—PROHIBITED TRADE PRACTICES

Dandy Products, Inc., et al.

Subpart—Using, selling, or supplying lottery devices: § 13.2475 *Devices for lottery selling.*

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Dandy Products, Inc., et al., Chicago, Ill., Docket 8467, June 28, 1963]

In the Matter of Dandy Products, Inc., a Corporation, and Joseph M. Gron, Individually and as an Officer of Said Corporation, and Joseph M. Gron and Carlo E. Ferrari, Copartners Trading and Doing Business as Capitol Mailers

Order requiring Chicago distributors of a variety of merchandise including transistor radios, watches, cameras, ball-point pens, toy animals, dolls and small electrical appliances, to cease furnishing plans involving games of chance for the resale of its products to the public, such as push cards and instructions for their use along with illustrations and descriptions of the articles of merchandise to be received by chance selectors of discs on the cards concealing lucky names.

The order to cease and desist is as follows:

It is ordered, That the respondents, Dandy Products, Inc., a corporation, and its officers, and respondent, Joseph M. Gron, individually and as an officer of said corporation, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of transistor radios, watches, cameras, ball-point pens, toy animals, dolls, electrical appliances, cutlery, or any other articles of merchandise, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Supplying to, or placing in the hands of others push cards or any other lottery device or devices, either with merchandise or separately, which are designed or intended to be used in the sale or distribution of merchandise to the public by means of a game of chance, gift enterprise or lottery scheme.

2. Shipping, mailing or transporting to agents or distributors, or to members of the purchasing public, push cards or

any other lottery device or devices which are designed or intended to be used in the sale or distribution of respondents' merchandise, wares or goods to the public by means of a game of chance, gift enterprise or lottery scheme.

3. Selling or otherwise disposing of any merchandise, wares or goods by means of a game of chance, gift enterprise or lottery scheme.

It is further ordered, That the complaint herein be, and the same hereby is, dismissed as respects respondent, Carlo E. Ferrari.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is further ordered, That respondents Dandy Products Inc. a corporation and Joseph M. Gron, individually and as an officer of said corporation shall within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

By the Commission.¹

tion number, by furnishing false guarantees that wool products were not misbranded, and by misrepresenting the fiber content on invoices of fabrics.

The order to cease and desist is as follows:

It is ordered, That respondents Vikingo, Ltd., a corporation, and its officers, and Herman Hairston and Solomon Gould, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction into commerce, or the offering for sale, sale, transportation, delivery for shipment, or distribution, in commerce, of fabrics or other wool products, as "commerce" and "wool product", are defined in the Wool Products Labeling Act of 1939 do forthwith cease and desist from:

A. Misbranding wool products by:

1. Falsely or deceptively stamping, tagging, labeling or otherwise identifying such products as to the character or amount of constituent fibers included therein.

2. Failing to securely affix to or place on each such product, a stamp, tag, label or other means of identification showing in a clear and conspicuous manner:

(a) The percentage of the total fiber weight of the wool product, exclusive of ornamentation not exceeding 5 per centum of said total fiber weight, of (1) wool; (2) reprocessed wool; (3) reused wool; (4) each fiber other than wool if said percentage by weight of such fiber is 5 per centum or more; and (5) the aggregate of all other fibers: *Provided*, That deviation of the fiber contents of the wool product from percentages stated on the stamp, tag, label, or other means of identification, shall not be misbranding under this section if the person charged with misbranding proves such deviation resulted from unavoidable variations in manufacture and despite the exercise of due care to make accurate the statements on such stamp, tag, label, or other means of identification.

(b) The maximum percentage of the total weight of the wool product, of any nonfibrous loading, filling, or adulterating matter.

(c) The name of the manufacturer of the wool product and/or the name of one or more persons subject to section 3 with respect to such wool product.

B. Furnishing false guaranties that said wool products are not misbranded under the provisions of the Wool Products Labeling Act of 1939, when there is reason to believe that the wool products so guaranteed may be introduced, sold, transported or distributed in commerce.

It is further ordered, That respondents Vikingo, Ltd., a corporation, and its officers, and Herman Hairston and Solomon Gould, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of fabrics or other products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from misrepresenting

the character or amount of constituent fibers contained in such products on invoices or shipping memoranda applicable thereto, or in any other manner.

By "Decision of the Commission," etc., report of compliance was required as follows:

It is further ordered, That the respondents, Vikingo, Ltd., Herman Hairston and Solomon Gould, shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

VEHICLE, GUIDE, ADMISSION, AND MISCELLANEOUS FEES

Family Group Guide and Admission Fees and Admission Fees for Sagamore Hill and Theodore Roosevelt National Historic Sites, New York

Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior by section 3 of the act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 3), it is proposed to amend §§ 6.1 and 6.9 of Part 6, Title 36, Code of Federal Regulations, as set forth below. The purpose of this amendment is to (1) establish general family group guide and admission fees where the individual fee is 50 cents or more per person; and (2) to establish fees applicable to Sagamore Hill National Historic Site, the country home of Theodore Roosevelt, and to Theodore Roosevelt Birthplace National Historic Site, the birthplace of Theodore Roosevelt, both located in New York. The establishment of admission fees to these historic sites is in line with the policy of charging visitor fees in the areas administered by the National Park Service and is consistent with the practice of the former owners of these properties. Also, (3) a minor change is being made to correct the name of Edison National Historic Site.

1. Section 6.1 is amended by adding paragraph (e). As so amended § 6.1 reads as follows:

§ 6.1 General.

(e) Where the personal guide or admission fee is 50 cents or more, family groups consisting of parents (or a parent) and children age 12 or over shall be entitled to a special group rate fixed at three times the amount of the individual fee.

2. Section 6.9, paragraph (b), is amended by adding two new historic sites to the listings. As so amended § 6.9 reads as follows:

§ 6.9 Admission; miscellaneous.

(b) An admission fee shall be charged each person entering the following places:

Sagamore Hill National Historic Site-	
Theodore Roosevelt Home-----	\$0.50
Theodore Roosevelt Birthplace National Historic Site-Birthplace-----	.25

3. Paragraph (b) of § 6.9 is further amended by deleting the words "Edison Laboratory National Monument" and inserting in lieu thereof "Edison National Historic Site."

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rulemaking process. Accordingly, interested persons may submit written comments, suggestions, or objections concerning the proposed amendment to the National Park Service, Washington 25, D.C., within 30 days of the date of publication of this notice in the FEDERAL REGISTER.

JOHN A. CARVER, JR.,
Assistant Secretary of the Interior.

MILK IN NORTHERN LOUISIANA MARKETING AREA

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreement and Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Shreveporter Highway Hotel, 3880 Greenwood Road, Shreveport, Louisiana, beginning at 10:00 a.m., l.t., on August 8, 1963, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the Northern Louisiana marketing area.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by The North Louisiana Pure Milk Producers Association, Inc.:

Proposal No. 1. Amend § 1096.51 Class prices to read as follows:

§ 1096.51 Class prices.

Subject to the provisions of §§ 1096.52 and 1096.53, the minimum prices per hundredweight to be paid by each handler for milk received from producers during the month shall be as follows:

(a) *Class I milk price.* The minimum Class I price shall be the basic formula price for the preceding month plus \$2.27.

(b) *Class II price.* The minimum Class II price shall be the simple average of the basic or field prices, reported to the market administrator or to the Department of Agriculture, to have been paid, or to be paid, per hundredweight for milk of 4.0 percent butterfat content received from farmers during the month; subtracting five times the butterfat differential computed pursuant to § 1096.52(b) rounded to the nearest one-tenth cent plus 25 cents for the months of February through August and plus 35 cents for all other months; at the following plants:

Pet Milk Co-----	Kosciusko, Miss.
Borden Food Co-----	Starkville, Miss.
McClendon Cheese Co-----	Newton, Miss.
Wilson & Co-----	Macon, Miss.

Proposal No. 2. Delete all sections in Order No. 96 that deal with payment to producers on a base and excess plan and allow payment to producers pursuant to § 1096.72 for all months of the year.

Proposed by the Milk Marketing Orders Division, Agricultural Marketing Service:

Proposal No. 3. Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, 106 East Kingshighway, Shreveport, Louisiana, or from the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D.C., or may be there inspected.

Signed at Washington, D.C., on July 30, 1963.

MILK IN NORTH TEXAS MARKETING AREA

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreement and Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Holiday Inn, Love Field, 7800 Lemmon Avenue, Dallas, Texas, beginning at 10:00 a.m., local time, on August 14, 1963, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the North Texas marketing area.

PROPOSED RULE MAKING

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by the North Texas Producers Association with support of The Central West Texas Milk Producers Association, The Mid-Tex Milk Producers Association, The Producers Association of San Antonio and the Coastal Bend Milk Producers Association:

Proposal No. 1. Delete the figure 118.0 in § 1126.51(a) (3) and substitute therefor 122.0.

Proposed by North Texas Producers Association:

Proposal No. 2. Provide that the minimum price established for producer milk received and allocated to Class II utilization (which constitutes producer milk primarily used to produce ice cream and cottage cheese but also including sour cream, eggnog and other Class II products) at pool plants pursuant to § 1126.10(a) and located in Dallas and Tarrant Counties, Texas, be the price established for Class II milk pursuant to § 1126.51(b) plus 15 cents per hundredweight.

Proposed by the Milk Marketing Orders Division, Agricultural Marketing Service:

Proposal No. 3. Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, Byford W. Bain, P.O. Box 35225, Airlawn Station, Dallas 35, Texas, or from the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D.C., or may be there inspected.

Signed at Washington, D.C., on July 30, 1963.

CREAMED COTTAGE CHEESE

Notice of Proposal To Amend Standard of Identity To Provide for Optional Use of Calcium Sulfate

Notice is given that Stein, Hall and Company, 285 Madison Avenue, New York 17, New York, has filed a petition proposing that the standard of identity

for creamed cottage cheese (21 CFR 19.530) be amended by inserting the name "calcium sulfate" in the list of optional stabilizing ingredients set out in paragraph (b) (2) (i) of the standard. This paragraph limits the total quantity of any stabilizing ingredient or combination of stabilizing ingredients used by providing that the weight of the solids therein shall not exceed 0.5 percent of the weight of the creaming mixture used.

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 341, 371) and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (25 F.R. 8625), all interested persons are invited to submit their views in writing regarding the proposal published herein. Such views and comments should be submitted in triplicate, addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., within 30 days from the date of publication of this notice in the FEDERAL REGISTER.

FEDERAL AVIATION AGENCY

[14 CFR Part 71 [New]]

[Airspace Docket No. 63-PC-5]

CONTROLLED AIRSPACE

Proposed Designation

In consonance with ICAO International Standards and Recommended Practices, notice is hereby given that the Federal Aviation Agency (FAA) is considering an amendment to Part 71 of the Federal Aviation Regulations. This proposal relates to navigable airspace outside the United States.

Applicability of International Standards and Recommended Practices, by the Air Traffic Service, FAA, in areas outside domestic airspace of the U.S. is governed by Article 12 and Annex 11 to the Convention on International Civil Aviation (ICAO), which pertains to the establishment of air navigation facilities and services necessary to promoting a safe, orderly and expeditious flow of civil traffic. Its purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The International Standards and Recommended Practices in Annex 11 apply in those parts of the airspace under the jurisdiction of a contracting state, derived from ICAO, wherein air traffic services are provided and also whenever a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state

accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, state aircraft are exempt from the provisions of Annex 11 and its Standards and Recommended Practices. As a contracting state, the U.S. agreed by Article 3(d) that its state aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since this action involves the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

To fulfill a requirement for additional controlled airspace for holding pattern areas in the Honolulu, Hawaii, Air Route Traffic Control Center area, the Federal Aviation Agency is considering the following airspace action:

The North Hilo, Hawaii, transition area would be designated to extend upward from 1,200 feet above the surface north of Hilo, Hawaii, bounded on the south by Hawaiian VOR Federal airway No. 1 and on the west, north and east by a line extending from Hawaiian VOR Federal airway No. 1 through latitude 20°30'00" N., longitude 155°33'30" W., to latitude 20°45'00" N., longitude 155°43'00" W., thence along latitude 20°45'00" N. to longitude 155°27'00" W., thence through latitude 20°27'22" N., longitude 155°15'00" W. to Hawaiian VOR Federal airway No. 1. This would provide protection for aircraft in the holding patterns at the Marlin Intersection (intersection of the Hilo, Hawaii 334° and the Upolu Point, Hawaii 051° True radials) and the Paradise Intersection (intersection of the Hilo, Hawaii 334° and the Upolu Point, Hawaii, 093° True radials).

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Pacific Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, P.O. Box 4009, Honolulu, Hawaii, 96812. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington, D.C., 20553. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at

the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington, D.C., 20553. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under sections 307(a), and 1110, 72 Stat. 749 and 800; 49 U.S.C. 1348 and 1510, and Executive Order 10854, 24 F.R. 9565.

Issued in Washington, D.C., on July 26, 1963.

H. B. HELSTROM,
Acting Chief,
Airspace Utilization Division.

[14 CFR Part 71 [New]]

[Airspace Docket No. 61-NY-100]

CONTROLLED AIRSPACE

Proposed Designation

Notice is hereby given that the Federal Aviation Agency (FAA), in consonance with ICAO International Standards and Recommended Practices, is considering amendments to Part 71 [New] of the FAA Regulations. In addition, non-rule-making actions to alter the Casco Bay, Maine, Warning Area W-103 and Narragansett Offshore, R.I., Warning Area W-105 are contained herein. This proposal relates to navigable airspace both within and outside the United States.

Applicability of International Standards and Recommended Practices, by the Air Traffic Service, FAA, in areas outside domestic airspace of the U.S. is governed by Article 12 and Annex 11 to the Convention on International Civil Aviation (ICAO), which pertains to the establishment of air navigation facilities and services necessary to promoting safe, orderly and expeditious flow of civil air traffic. Its purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The International Standards and Recommended Practices in Annex 11 apply in those parts of the airspace under the jurisdiction of a contracting state, derived from ICAO, wherein air traffic services are provided and also whenever a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, state aircraft are exempt from the provisions of Annex 11 and its Standards and Recommended Practices. As a contracting state the U.S. agreed by Article 3(d) that its state aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since this action involves in part the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

Since the proposed designation of airspace described herein overlies portions of W-103 and W-105, modification of these areas is required. Therefore, the Agency is including the proposed non-rule-making action to modify the warning areas. This would expedite the proposed rule-making action and thus permit utilization of the holding pattern procedures at the earliest possible date.

To fulfill additional controlled airspace requirements for the implementation of holding pattern procedures in the Boston, Mass., Air Route Traffic Control Center area, the Federal Aviation Agency is considering the following airspace action:

A. Rulemaking action:

1. The Boston, Mass., control area extension (§ 71.165) would be redesignated as that airspace bounded by a line beginning at latitude 43°25'32" N., longitude 70°36'50" W.; to latitude 43°21'30" N., longitude 70°19'20" W.; to latitude 43°15'00" N., longitude 70°30'00" W.; latitude 42°44'20" N., longitude 70°37'00" W.; thence along a line 3 nautical miles from and parallel to the shoreline to latitude 42°35'00" N., longitude 70°34'45" W.; to latitude 42°35'00" N., longitude 70°30'00" W.; to latitude 42°15'20" N., longitude 70°30'00" W.; to latitude 42°03'00" N., longitude 69°18'00" W.; to latitude 41°41'40" N., longitude 69°45'20" W.; to latitude 41°19'10" N., longitude 70°13'40" W.; to latitude 41°13'40" N., longitude 70°43'00" W.; to latitude 41°36'30" N., longitude 70°43'00" W.; to latitude 41°42'20" N., longitude 71°19'10" W.; to latitude 42°35'00" N., longitude 71°58'30" W.; to latitude 42°46'40" N., longitude 72°09'15" W.; to latitude 43°03'40" N., longitude 71°41'15" W.; to latitude 43°13'11" N., longitude 71°34'33" W.; to the point of beginning; and that airspace north and northwest of Concord, N.H., within the arc of a 20-mile radius circle centered at the Concord VOR; and that airspace outside the continental control area extending upward from flight level 240 to flight level 300 inclusive within an 18-mile radius of the Pease, N.H., radio beacon (side at latitude 43°00'00" N., and 70°45'00" W.). The portion of this control area extension which should coincide with R-4901 would be excluded. The airspace at 3,000 feet MSL and below, bounded on the north by latitude 43°01'30" N., on the east by W-103, on the south by latitude 42°59'03" N., and on the west by R-4901, would be excluded during the time of designation of R-4901. The portions of this control area extension which would coincide with R-4101, R-4103 and R-4106 would be used only after obtaining prior approval from the appropriate authority. This would provide protection for aircraft in holding patterns at the Pease, N.H., radio beacon (utilizing the 294° True bearing from the radio beacon); the Otis, Mass., Air Force Base, VOR (utilizing the Otis VOR 035° True radial); the Otis TACAN (TACAN

25-mile fix on the 039° True radial of the TACAN and the TACAN 9-mile fix on the 067° True radial of the TACAN); and the Cape, Mass., Intersection (intersection of the Boston, Mass., VORTAC 098° and the Nantucket, Mass., VORTAC 009° True radials).

2. The Boston, Mass., transition area would be designated as that airspace extending upward from 20,000 feet MSL to flight level 300 inclusive east of Boston bounded by a line beginning at latitude 42°24'30" N., longitude 70°15'30" W.; to latitude 42°27'50" N., longitude 70°04'00" W.; to latitude 42°25'30" N., longitude 70°04'00" W.; to latitude 42°24'30" N., longitude 69°46'00" W.; to latitude 42°21'30" N., longitude 69°30'00" W.; to point of beginning. This would provide protection for aircraft in holding patterns at the Cape, Mass., Intersection (intersection of the Boston, Mass., VORTAC 098° and the Nantucket, Mass., VORTAC 009° True radials), and the Otis, Mass., AFB TACAN (TACAN 25-mile fix on the 039° True radial of the TACAN).

3. The Nantucket, Mass., transition area would be designated as that airspace upward from 2,000 feet MSL northeast of Nantucket bounded on the northeast by the arc of a circle with a 29-mile radius centered at the Nantucket VORTAC, on the southeast by Control 1144, and on the northwest by Control 1143, and that airspace upward from 2,000 feet MSL southeast of Nantucket, bounded on the southeast by the arc of a circle with a 13-mile radius centered at the Nantucket consolan station (monitor site at latitude 41°15'35" N., longitude 70°09'19" W.) on the north by Control 1144, and on the southwest by Control 1145; and that airspace from flight level 240 to flight level 300 inclusive southwest of Nantucket, bounded on the north by Control 1169, on the east by Control 1145, and on the south and west by the arc of a circle with a 10.2-mile radius centered at the Nantucket consolan station. This would provide protection for aircraft in holding patterns at the Nantucket, Mass., VORTAC based on the 047° and the 050° True radials of the VORTAC.

Upon completion of the area review of the airspace requirements attendant to full implementation of CAR Amendments 60-21 and 60-29 in the Boston area, separate airspace action will be taken proposing the conversion of Boston control area extension to a transition area with appropriate controlled airspace floor assignments.

B. Nonrulemaking action.

1. The Casco Bay, Maine, Warning Area W-103 would be altered to exclude the airspace from flight level 240 to flight level 300 inclusive within an 18 mile radius of the Pease, N.H., radio beacon (site at latitude 43°00'00" N., longitude 70°45'00" W.).

2. The Narragansett, R.I., Offshore Warning Area W-105 would be altered to exclude the airspace from flight level 240 to flight level 300 inclusive within a 10.2 mile radius of the Nantucket consolan station.

Interested persons may submit such written data, views or arguments as they

may desire. Communications should be submitted in triplicate to the Assistant Administrator, Eastern Region, ATTN: Chief, Air Traffic Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica, N.Y., 11430. All communications received within thirty days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington, D.C., 20553. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in the notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington, D.C., 20553. An informal docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under (sec. 307(a), and 110, 72 Stat. 749 and 800; 49 U.S.C. 1348 and 1510, and Executive Order 10854, 24 F.R. 9565).

Issued in Washington, D.C., on July 26, 1963.

FEDERAL AIRWAYS

Proposed Revocation

Notice is hereby given that the Federal Aviation Agency is considering an amendment to § 71.143 of the Federal Aviation Regulations, the substance of which is stated below.

Intermediate altitude Federal airway V-1692 is presently designated as an 8 mile wide airway from the Medford, Oregon, VOR to the Klamath Falls, Oregon, VOR; thence as a 16 mile wide airway via the Lakeview, Oregon, VOR; the Rome, Oregon, VOR; the intersection of the Rome VOR 099° and the Burley, Idaho, VOR 261° True radials; the Burley VOR to the Pocatello, Idaho, VOR.

The Peak Day IFR Traffic Survey for Fiscal Year 1962 indicated for V-1692 only 1 aircraft movement between Medford and Lakeview and no aircraft movements between Lakeview and Pocatello. The Peak Day IFR Traffic Survey for Fiscal Year 1961 indicated no aircraft movements for the entire airway. As this limited use does not justify the retention of V-1692 as an assignment of

airspace, the Federal Aviation Agency is proposing to revoke V-1692 in its entirety.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Western Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles, Calif., 90009. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington, D.C., 20553. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington, D.C., 20553. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on July 26, 1963.

FEDERAL AIRWAYS AND JET ROUTES

Proposed Alteration

Notice is hereby given that the Federal Aviation Agency (FAA) is considering amendments to Part 71 [New] and Part 75 [New] of the Federal Aviation Regulations, the substance of which is stated below.

The FAA is commissioning a VOR at Pembina, North Dakota (latitude 48°52'09" N., longitude 97°07'01" W.) on or about July 15, 1963.

The FAA has under consideration the following actions in order to utilize the Pembina VOR in the airway structure:

1. Decommission the Pembina L/MF radio range since it is no longer required for air traffic control purposes and revoke the Blue Federal airway B-8 which extends from Grand Forks, N. Dak., via Pembina, N. Dak., to Winnipeg, Ont., Canada, excluding the portion within Canada. It is the policy of this Agency

to revoke L/MF airways wherever adequate VOR airways are available, and it appears that the route from Grand Forks to Winnipeg would be adequately covered by low altitude VOR Federal airway V-181 as proposed herein.

2. V-181 extends in part from Grand Forks to the United States/Canadian Border via the intersection of the Grand Forks VOR 353° and the Winnipeg 180° True radials. It is proposed to redesignate this segment of V-181 from Grand Forks via Pembina VOR to the United States/Canadian Border via the Pembina VOR to Winnipeg, Manitoba, direct radial.

3. In the descriptions of intermediate altitude VOR Federal airway V-1547, Jet Route No. 107, 515 and Jet Route No. 515 advisory area, the Pembina, N. Dak., VOR would be substituted for the Pembina radio range.

4. The Pembina VOR would also be substituted as a reporting point for the Pembina radio range in the following sections:

Sec.	
71.203	Domestic low altitude reporting points.
71.205	Domestic intermediate altitude reporting points.
71.207	Domestic high altitude reporting points.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Central Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Mo., 64110. All communications received within thirty days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington, D.C., 20553. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington, D.C., 20553. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C. on July 26, 1963.

RESTRICTED AREA**Proposed Designation**

Notice is hereby given that the Federal Aviation Agency is considering an amendment to § 73.25 of the Federal Aviation Regulations, the substance of which is stated below.

The Federal Aviation Agency has under consideration a proposal by the Department of the Army for the designation of a restricted area at Sierra Army Depot, Herlong, California, as follows:

Boundaries. Beginning at latitude 40°-18'21" N., longitude 120°05'06" W.; to latitude 40°18'21" N., longitude 120°02'51" W.; to latitude 40°16'06" N., longitude 120°02'51" W.; to latitude 40°16'06" N., longitude 120°05'06" W.; to the point of beginning.

Designated altitudes. Surface to 8,600 feet MSL.

Time of designation. 0800 to 1800 P.s.t., Monday through Friday.

Using agency. Commanding Officer, Sierra Army Depot, Herlong, California.

The proposed restricted area would provide special use airspace for the neutralization of ammunition by a process known as burning. The Department of the Army advises that this process is considered a hazard to aircraft since an uncontrolled explosion may occur at any time during the burning operation.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Western Region, Attn: Chief, Air Traffic Division, Federal Avia-

tion Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 9, Calif. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on July 26, 1963.

ATOMIC ENERGY COMMISSION

[Docket No. 50-142]

REGENTS OF UNIVERSITY OF CALIFORNIA

Notice of Issuance of Facility License Amendment

Please take notice that the Atomic Energy Commission has issued, effective as of the date of issuance, Amendment No. 4, set forth below, to Facility License No. R-71, as amended. The amendment authorizes The Regents of The University of California to relocate the ion chambers, restack the thermal column and fill the intra-shield void spaces in the University's Argonaut-type nuclear reactor located on the campus in Los Angeles, California, and operate the facility as described in the application for license amendment dated April 15, 1963, and supplemental letter dated July 9, 1963.

The Commission has found that:

(1) Operation of the reactor in accordance with the license as amended will not present undue hazard to the health and safety of the public and will not be inimical to the common defense and security;

(2) The application for amendment complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Chapter I, CFR;

(3) Prior public notice of proposed issuance of this amendment is not necessary in the public interest since operation of the reactor in accordance with the license, as amended, does not involve safety factors significantly different from those considered and evaluated in connection with the previously approved operation.

Within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER, the applicant may file a request for a hearing, and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. Requests for a hearing and petitions to intervene shall be filed in accordance with the provisions of the Commission's regulation (10 CFR Part 2). If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

For further details with respect to this amendment, see (1) a related hazards analysis prepared by the Test and Power Reactor Safety Branch of the Division of Licensing and Regulation and (2) the licensee's application for license amendment dated November 26, 1962, and supplemental letter dated January 17, 1963, all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (1) above may be obtained at the Commis-

sion's Public Document Room, or upon request, addressed to the Atomic Energy Commission, Washington, D.C., Attention: Director, Division of Licensing and Regulation.

Dated at Bethesda, Md., this 29th day of July 1963.

For the Atomic Energy Commission.

Safety Branch, Division of
Licensing and Regulation.*

[License No. R-71; Amendment No. 4]

License No. R-71, as amended, issued to The Regents of The University of California, is hereby amended in the following respects:

In addition to the activities previously authorized by the Commission in License No. R-71, as amended, The Regents of The University of California is authorized to modify the University's Argonaut-type nuclear reactor located on the campus in Los Angeles, California, and operate the facility as described in the application amendment dated April 15, 1963, and supplemental letter dated July 9, 1963.

This amendment is effective as of the date of issuance.

Date of issuance: July 29, 1963.

For the Atomic Energy Commission.

FEDERAL POWER COMMISSION

[Docket Nos. G-9291, G-9292, etc.]

SINCLAIR OIL & GAS CO.

Order Conditionally Approving Rate Settlement Proposal, Terminating Proceedings and Prescribing Refunds

JULY 1, 1963.

There is before us for consideration a Petition for Approval of Settlement Proposal and Termination of Proceedings filed on April 8, 1963, by Sinclair Oil & Gas Company (Sinclair) encompassing the rates for 136 of Sinclair's currently effective gas rate schedules.

Comments have been filed by many parties to these proceedings, all of which have been given due consideration.

In summary, the settlement proposal as submitted by Sinclair provides:

(1) Settlement rates, including tax reimbursement, are equal to or less than the Commission's applicable area ceilings, with two exceptions hereinafter discussed;

(2) Sinclair waives the right to file for contractually authorized increased

¹The additional dockets involved herein are set forth in Appendices A, B, and C below.

rates until September 1, 1965. Sinclair reserves the right to file for any increased rates, if contractually authorized, up to the applicable area-rate levels determined through area hearings or by amendment of the Commission's Statement of General Policy No. 61-1, or any contractually authorized increase in tax reimbursement except as to the Rate Schedules set forth in Paragraph (3) following.

(3) Amendment of Sinclair's Rate Schedule Nos. 1, 2, 3, 18, 35, 44, 52, 53, 59, 64, 68, 69, 73, 75, 82, and 173 to eliminate any favored nation, price re-determination or periodic price escalation clauses contained therein;

(4) Extension of the make-up periods under the take-or-pay for provisions contained in Rate Schedule Nos. 77 and 78 from the present periods to five years and to the life-of-the contract, respectively;

(5) Refunds, with interest at the applicable rates, under each rate schedule where collection was made subject to refund, of the difference between the revenues actually collected and those which would have been collected at the settlement rate, in each instance, commencing with January 1, 1962, to April 1, 1963;

(6) Exclusion from the Settlement Proposal of all Permian Basin sales, sales related to previous offers of settlement accepted by the Commission, sales under abandoned properties and five certificate applications covering sales from South Louisiana presently consolidated in the Union Texas Petroleum, et al. proceedings, Docket Nos. G-13221, et al.

In support of its proposal, Sinclair states that the settlement rates, refunds, moratorium periods and other provisions thereof, some of which are not specifically noted herein, are in the public interest in that they are reasonable and will provide price stability for a long period of time for natural gas moving in interstate commerce.

With respect to refunds, the parties to the settlement conferences have utilized cost-of-service studies and revenues based on contract rates to determine Sinclair's revenue-cost relationship. These studies indicate that it is appropriate that we require that refunds should be computed for sales made on and after January 1, 1962. Sinclair proposes, as noted above, that refunds should be made only up to April 1, 1963, but we shall require that refunds should be made up to and including the date of issuance of this order, with interest to be paid on the refunds to the date the refunds are made to the purchasers.

Sinclair sets forth three alternative methods by which refunds would be distributed to its purchasers entitled thereto. Under all three methods the total dollars of refund would be the same. Under each of the methods the total dollar refunds calculated from January

1, 1962, would be distributed to purchasers under formulas which would result in refunds for sales made prior to such date. The proposed distribution methods reflect the alleged invalidity of certain favored-nation triggering rates, or utilizes the Commission's guideline increased rate ceilings or settlement rates, and would be calculated on the "excess" revenues regardless of whether such revenues were collected before or after the "cut-off" date of January 1, 1962. We have considered each of the proposed methods, and do not find any one of them to be feasible or proper in a general settlement of producer rate proceedings. Consequently, we shall hereinafter order Sinclair to make refunds in the same manner as we have provided in other of our recent orders approving general producer rate settlements, that is, that Sinclair refund from January 1, 1962, to the date of issuance of this order, all monies collected subject to refund above the settlement rates, with interest to the date of actual refund.

Exceptions to the applicable area ceilings are proposed by Sinclair with respect to two sales in South Louisiana: one a sale to United Gas Pipe Line Company (United), and the second a sale to Transcontinental Gas Pipe Line Corporation (Transco).² The sale to United is made under Sinclair's FPC Gas Rate Schedule No. 197 from the Gibson Field, Terrebonne Parish, Louisiana. Prior to June 20, 1960, this sale was made under a ten-year contract, which was to expire in 1960. On June 20, 1960, Sinclair and United entered into a contract for a twenty-year term, and dedicated additional acreage to the sale, which resulted in increased annual deliveries under this contract by approximately forty percent. The current rate for gas sold under the renegotiated contract is 23.3 cents per Mcf, while the settlement rate is 18.5 cents per Mcf. The proposed settlement rate therefore exceeds the increased rate ceiling but is below the initial rate ceiling. In view of the above circumstances, we find the settlement rate of 18.5 cents per Mcf for this sale to be proper, and approve the same.

The sale to Transco is made under Sinclair's Rate Schedule No. 78 from the Live Oak Field, Vermilion Parish, Louisiana, where the increased rate of 23.55 cents per Mcf is proposed to be reduced to 17.75 cents per Mcf. The initial rate under such rate schedule was 16 cents per Mcf plus tax reimbursement. Under the tax reimbursement provisions of the rate schedule, the present tax reimbursement is 1.5 cents per Mcf. Therefore we shall condition our approval of this settlement proposal to provide for a total rate of 17.5 cents per Mcf for this sale.

Sinclair proposed to omit from the settlement the rates for five sales of gas presently being made by it in South Louisiana under temporary certificate authorization.

For the reasons set forth in our order issued on April 25, 1963, in Gulf Oil Corporation, et al. (supra) we shall condition our approval of this settlement

proposal so as to require Sinclair to reduce its rates under its Rate Schedule Nos. 172, 202, and 213 (which rates exceed our initial rate ceiling) effective as of the date of issuance of this order to 21.25 cents per Mcf at 15.025 psia, and to agree that the rates under such rate schedules, along with the rates charged under its Rate Schedule Nos. 235 and 236, shall be subject to final determination in the Union Texas proceedings.³ If, by final order in said proceedings, a lower rate is established than that provided for herein under such schedules, Sinclair shall make refund from the date of this order of the difference between the rates provided for herein and the rate ordered in the Union Texas proceedings. The refund requirements imposed as a condition of this settlement order shall not be construed to affect or limit the positions of the parties in the Union Texas proceeding with respect to refund obligation under temporary authorizations. Included in the settlement is one permanently certificated sale at 17.5 cents per Mcf in Texas Railroad Commission District No. 3 under Sinclair's FPC Gas Rate Schedule No. 201 with a proposed settlement rate of 17 cents per Mcf. The contract for this sale was dated prior to September 28, 1960.

We shall condition our approval of this settlement proposal so as to require Sinclair to reduce its rate for this sale to 16 cents per Mcf in accordance with our determination of the "in-line" prices for this area in our Opinion No. 383, Texas Seaboard Inc., et al., — FPC —, issued March 27, 1963.

We shall not approve the proposed settlement of the rates under Sinclair's FPC Gas Rate Schedule Nos. 15, 16, and 17 since these rates are by contract related to those of the producer purchasers from Sinclair, the purchasers' rates also being subject to suspension proceedings. Therefore, we shall exclude these sales from the settlement proposal.

The settlement proposal includes six sales⁴ for which issuance of related permanent certificates is pending. The applications in Docket Nos. CI61-1032 and CI62-1070 involve upward Btu price provisions and are presently consolidated for hearing in the proceedings in Sunray DX Oil Company, et al., Docket Nos. G-4281, et al. relating to Btu adjustment provisions. Accordingly, permanent certificates should be issued in such proceedings and not through the abridged hearing procedure. Also consolidated in the Docket No. G-4281, et al. proceedings is Sinclair's application in Docket No. CI61-1137. Since, under the proposed settlement, Sinclair has agreed to eliminate the upward Btu price adjustment provision, the application should be severed and set for abridged hearing. Sinclair's application in Docket No. G-18748 is presently consolidated with the proceedings in El Paso Natural Gas Company, et al., Docket Nos. G-17849, et al. We shall sever this proceeding and set it, together with the remaining applications listed in Appendix B, for abridged

hearing indicating that the settlement rates shall be the initial rates.

The foregoing has discussed all of the major comments filed by Long Island Lighting Company (Long Island), Philadelphia Gas Works, Brooklyn Union Gas Company, and Philadelphia Electric Company. Comments were also filed by Public Service Electric and Gas Company and Southern Natural Gas Company. These latter companies indicated support and approval of the settlement proposal. We believe the instant settlement proposal, as herein modified, and in other particulars not specifically noted or set forth herein, meets the criteria previously set forth in other of our recent settlement orders and accordingly we find it to be in the public interest and should be approved as hereinafter provided.

Our action herein should not be construed, nor may it be, as constituting approval of any future rate increase, if any, that may be filed under the subject rate schedules, and is without prejudice to any findings or order of the Commission in any future proceedings, including area rate proceedings, involving Sinclair's rates and rate schedules.

The Commission finds: The proposed settlement of the subject proceedings on the basis described herein, as more fully set forth in the settlement proposal filed on April 8, 1963, as herein modified, is in the public interest and it is appropriate in carrying out the provisions of the Natural Gas Act that it be conditionally approved and conditionally made effective subject to the modifications hereinafter ordered, and good cause exists for approving the settlement rates, for terminating certain proceedings and providing for refunds.

The Commission orders:

(A) The settlement of these proceedings on the basis of the Settlement Agreement, filed April 8, 1963, as herein modified, is approved and made effective subject to the following terms and conditions.

(B) The applicable settlement rates set out in Appendices A and B are approved and such rates, together with those shown on Appendix C, shall be effective as of the date of issuance of this order.

(C) The pending certificate proceedings indicated in Appendix B below shall not be terminated on the basis of the approval of the Settlement Proposal, but shall be determined after hearing in accordance with section 7 of the Natural Gas Act.

(D) Sinclair shall, over the signature of a responsible officer, file with the Commission, within 30 days from the date of the issuance of this order, an original and one copy of its acceptance or rejection of the terms and conditions of this order, including specifically the requirement for possible future refunds under its FPC Gas Rate Schedule Nos. 172, 202, 213, 235, and 236.

(E) Within 90 days from the date of this order, Sinclair shall make such filings under its rate schedules as are required to make effective the terms of the Settlement Proposal, as modified herein.

² United and Transco representatives attended and participated in the settlement conferences herein.

³ See Appendix C below.

⁴ See Appendix B below.

(F) Within 90 days from the date of this order, Sinclair shall (1) refund, with interest as specified in each docket computed to the date of actual refund, the difference between the rates collected subject to refund, on and after January 1, 1962 and the related settlement rates to the date of this order; and (2) report to the Commission, in writing, the amount of refunds made to each of its purchasers, showing separately the amount of principal and interest so paid, and the bases used for such determination, together with releases from its purchasers showing receipt of the refunds in conformity with the Settlement

Proposal as modified and approved herein.

(G) Docket No. G-18748 is hereby severed from the consolidated proceedings in El Paso Natural Gas Company, et al., Docket Nos. G-17849, et al., Docket No. CI61-1137 is hereby severed from the consolidated proceedings in Sunray DX Oil Company, et al., Docket Nos. G-4281, et al., Docket Nos. G-17725, G-17739, G-19890, RI61-34, RI61-264, and RI62-190 are hereby severed from the consolidated proceedings in Docket Nos. AR61-2, et al. Upon full compliance by Sinclair with all the terms and provisions of this order the section 4(e) proceedings listed in Appendix A hereof and the section 5(a)

proceedings in Docket Nos. G-9291 and G-9292 shall terminate.

(H) This order is without prejudice to any findings or orders which have been or may be made hereafter by the Commission, and is without prejudice to claims or contentions which may be made by Sinclair, the Commission Staff, or any affected party hereto, in any proceedings now pending, or hereafter instituted by or against Sinclair or any other companies, person or parties affected by this order.

By the Commission.

¹ Sinclair agrees to waiver of favored nations, price redetermination and future rate increases for the remaining term of the contract.

² In the event the Commission, in the determination of an area rate for Railroad District No. 3, fixes a new rate, the settlement rate herein is subject to adjustment to such area rate effective as of the date of such determination.

³ Rate subject to B.t.u. adjustment up to a maximum rate of 11.0 cents per Mcf.

⁴ Eliminated by condition.

⁵ No production since April 1962. Abandonment and notice of cancellation of rate schedule filed Feb. 8, 1963.

⁶ Sinclair agrees to life of contract make up for gas paid for but not received.

⁷ Favored-nations clause in contract to be deleted.

⁸ Rate subject to B.t.u. adjustment up to a maximum rate of 17 cents per Mcf.

⁹ The parties agreed on a rate of 17.00 cents per Mcf plus contract B.t.u. adjustment.

However, under the arrangement between Sinclair and others and Buyer, a gas products plant was constructed on the main line field lateral of Michigan Wisconsin with the plant owners compensating Michigan Wisconsin for the reduction in B.t.u. and gas volume due to processing. The agreement here is that the net cost to Michigan Wisconsin at the discharge of the plant cannot exceed 17 cents per Mcf.

¹⁰ Subject to 0.75 cent dehydration charge.

¹¹ Subject to B.t.u. adjustment and 0.75 cent deduction for desulphurization by Buyer which reduces rate to less than the 15-cent ceiling rate.

¹² Same as footnote 9 except as to rate of 15 cents.

¹³ No sales being made under this rate schedule. It applies only if Sinclair drills and produces gas at a depth below 3,400 feet.

¹⁴ Subject to full B.t.u. adjustment.

¹⁵ Upward B.t.u. adjustment to be eliminated from the contract.

¹⁶ Property sold Nov. 16, 1960. See Commission order of Apr. 4, 1961.

¹⁷ Application to abandon service filed Jan. 7, 1963.

¹⁸ Filed application to abandon service and cancellation of rate schedule on Oct. 5, 1962.

¹⁹ This matter was the subject of a formal hearing, and the proceeding is now pending before the Commission for review on exceptions filed by Sinclair and others to the Presiding Examiner's decision.

²⁰ Eliminated by condition.

²¹ Initial contract price 16.80 cents per Mcf. Temporary authorization received Dec. 14, 1962, on condition price be reduced to 15 cents per Mcf at 14.65 psia. Such authorization accepted Dec. 20, 1962.

²² Tax reimbursement varies.

²³ Kansas-Nebraska Natural Gas Co., Inc., successor in interest to North Central Gas Co.

²⁴ The rate shown for Rate Schedule 66 of Appendix A is at 16.7 psia which is equivalent of commodity rate of 10 cents per Mcf at 16.7 psia plus tax reimbursement rate of 1.5 cents per Mcf at 15.025 psia.

²⁵ All rates shown at 14.65 psia and include applicable tax reimbursement.

NOTE: Unless otherwise indicated, all rates are expressed in cents per Mcf at contract pressure base and includes, where applicable, tax reimbursement.

DEPARTMENT OF THE TREASURY

Comptroller of the Currency
COMMUNITY BANK OF TRENTON
AND FARMERS BANK OF TRENTON

Notice of Report on the Competitive Factors Involved in Acquisition of Assets

On June 5, 1963, the Board of Directors of the Federal Deposit Insurance Corporation, pursuant to 12 U.S.C. 1828(c), requested the Comptroller of the Currency to report on the competitive factors involved in the proposed purchase of assets and assumption of liabilities of Farmers Bank of Trenton, Trenton, Illinois, by the Community Bank of Trenton, Trenton, Illinois.

On July 3, 1963, the Comptroller of the Currency reported that the substi-

tution of Community Bank for Farmers will not have an adverse effect upon competition in Trenton.

AND UNION BANK AND TRUST CO.

Notice of Report on the Competitive Factors Involved in Merger Application

On May 27, 1963, the Board of Directors of the Federal Deposit Insurance Corporation, pursuant to 12 U.S.C. 1828(c), requested the Comptroller of the Currency to report on the competitive factors involved in the proposed merger of the Connecticut Bank and Trust Company, Hartford, Connecticut, and the Union Bank and Trust Company, New London, Connecticut, under the charter and title of "The Connecticut Bank and Trust Company."

On July 19, 1963, the Comptroller of the Currency reported that consummation of this proposal would not produce a substantially adverse effect on competition in the New London market nor an undue concentration of banking resources in this section of Connecticut. Copies of this report are available on

request to the Comptroller of the Currency, Washington 25, D.C.

Dated: July 30, 1963.

NEW YORK SAVINGS BANK AND BANK FOR SAVINGS IN THE CITY OF NEW YORK

Notice of Report on the Competitive Factors Involved in Merger Application

On May 10, 1963, the Board of Directors of the Federal Deposit Insurance Corporation, pursuant to 12 U.S.C. 1828 (c), requested the Comptroller of the Currency to report on the competitive factors involved in the proposed merger of the New York Savings Bank, New York, New York, and The Bank for Savings in the City of New York, New York, New York.

On July 19, 1963, the Comptroller of the Currency reported that if unrelieved mathematical percentage concentration of savings deposits in the separate line of commerce of the savings bank industry is properly to be taken as the sole crucial test of the competitive impact of the proposed merger, approval of the proposed transaction would not appear to produce a substantially adverse result on the savings bank structure in New York.

Copies of this report are available on request to the Comptroller of the Currency, Washington 25, D.C.

Dated: July 30, 1963.

FIRST SENECA BANK AND TRUST CO. AND FIRST NATIONAL BANK OF SHARON

Notice of Report on the Competitive Factors Involved in Acquisition of Assets

On May 21, 1963, the Board of Directors of the Federal Deposit Insurance Corporation, pursuant to 12 U.S.C. 1828 (c), requested the Comptroller of the Currency to report on the competitive factors involved in the proposed purchase of assets and assumption of liabilities of the First National Bank of Sharon, Sharon, Pennsylvania by the First Seneca Bank and Trust Company, Oil City, Pennsylvania.

On July 19, 1963, the Comptroller of the Currency reported that the proposal would eliminate the limited competition which now exists between the buyer and seller and would have a substantial adverse effect upon banking competition in the three county area.

Copies of this report are available on request to the Comptroller of the Currency, Washington 25, D.C.

Dated: July 30, 1963.

Designation of Area for Emergency Loans

For the purpose of making emergency loans pursuant to section 321 of the Consolidated Farmers Home Administration Act of 1961 (7 U.S.C. 1961), it has been determined that in Forrest County, Mississippi natural disasters have caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

Pursuant to the authority set forth above, emergency loans will not be made in the above-named county after June 30, 1964, except to applicants who previously received emergency or special livestock loan assistance and who can qualify under established policies and procedures.

Done at Washington, D.C., this 30th day of July 1963.

CHARLES S. MURPHY,
Acting Secretary.

FEDERAL MARITIME COMMISSION

[Docket No. 1128; Agreement No. T-4]

TERMINAL LEASE AGREEMENT AT LONG BEACH, CALIFORNIA

Order of Investigation and Hearing

Agreement No. T-4, a terminal lease agreement between the City of Long Beach Board of Harbor Commissioners and Sea-Land of California, Inc., has been filed with the Commission. The agreement provides for the exclusive use of certain terminal property and facilities in Long Beach, California, at a fixed monthly rental. Copies are available at the Commission.

The parties request that (1) the Commission determine whether Agreement No. T-4 is subject to section 15 of the Shipping Act, 1916, and (2) if the agreement is found to be subject to section 15, that it be approved.

The Commission has considered Agreement No. T-4 and is of the opinion that an investigation should be undertaken to determine (1) whether the agreement is subject to section 15; and (2) if so, whether the agreement should be approved, disapproved or modified, pursuant to section 15.

Therefore it is ordered, That, pursuant to sections 15 and 22 of the Shipping Act, 1916, the Commission, upon its own motion, enter upon an investigation and hearing (1) to determine whether Agreement No. T-4 is subject to the provisions of section 15 of the Shipping Act, 1916; and (2) if so, whether it should be ap-

proved, disapproved or modified, pursuant to section 15.

It is further ordered, That the City of Long Beach, California, acting by and through its Board of Harbor Commissioners, and Sea-Land of California, Inc., are hereby made respondents in this proceeding.

It is further ordered, That action with respect to Agreement No. T-4, be held in abeyance pending the Commission's decision and order in this proceeding.

It is further ordered, That notice of this order be published in the FEDERAL REGISTER, and that a copy thereof and notice of hearing be served upon all respondents in this proceeding.

It is further ordered, That any persons, other than respondents, who desire to become a party to this proceeding and to participate therein, shall file a petition to intervene with the Secretary, Federal Maritime Commission, Washington 25, D.C., on or before August 13, 1963.

It is further ordered, That all future notices issued by or on behalf of the Commission in this proceeding, including notice of time and place of hearing or prehearing conference, shall be mailed directly to all parties record.

It is further ordered, That this matter be assigned for hearing before an Examiner of the Commission's Office of Hearing Examiners at a date and place to be determined and announced by the Chief Examiner.

By order of the Commission, July 25, 1963.

TERMINAL LEASE AGREEMENT AT OAKLAND, CALIFORNIA

Order of Investigation and Hearing

Agreement No. T-5, a terminal lease agreement between the City of Oakland

Board of Port Commissioners and Sea-Land of California, Inc., has been filed with the Commission. The agreement provides for the exclusive use of certain terminal property and facilities in Oakland, California, at a fixed monthly rental. Copies are available at the Commission.

The parties request that (1) the Commission determine whether Agreement No. T-5 is subject to section 15 of the Shipping Act, 1916, and (2) if the agreement is found to be subject to section 15, that it be approved.

The Commission has considered Agreement No. T-5 and is of the opinion that an investigation should be undertaken to determine (1) whether the agreement is subject to section 15; and (2) if so, whether the agreement should be approved, disapproved or modified, pursuant to section 15.

Therefore it is ordered, That, pursuant to sections 15 and 22 of the Shipping Act, 1916, the Commission, upon its own motion, enter upon an investigation and hearing (1) to determine whether Agreement No. T-5 is subject to the provisions of section 15 of the Shipping Act, 1916; and (2) if so, whether it should be approved, disapproved or modified, pursuant to section 15.

It is further ordered, That the City of Oakland, California, acting by and through its Board of Port Commissioners, and Sea-Land of California, Inc., are hereby made respondents in this proceeding.

It is further ordered, That action with respect to Agreement No. T-5, be held in abeyance pending the Commission's decision and order in this proceeding.

It is further ordered, That notice of this order be published in the FEDERAL REGISTER, and that a copy thereof and notice of hearing be served upon respondents in this proceeding.

It is further ordered, That any persons, other than respondents, who desire to become a party to this proceeding and to participate therein, shall file a petition to intervene with the Secretary, Federal Maritime Commission, Washington 25, D.C., on or before August 13, 1963.

It is further ordered, That all future notices issued by or on behalf of the Commission in this proceeding, including notice of time and place of hearing or prehearing conference, shall be mailed directly to all parties of record.

It is further ordered, That this matter be assigned for hearing before an Examiner of the Commission's Office of Hearing Examiners at a date and place to be determined and announced by the Chief Examiner.

CIVIL AERONAUTICS BOARD

[Docket No. 13777; Order E-19866]

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Order Relating to Specific Commodity Rates

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 30th day of July 1963.

Agreement adopted by Traffic Conference 1 of the International Air Transport Association relating to specific commodity rates, Docket No. 13777, Agreement C.A.B. 16947, R-33.

There has been filed with the Board, pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations, an agreement between various air carriers, foreign air carriers, and other carriers, embodied in the resolutions of Traffic Conference 1 of the International Air Transport Association (IATA), and adopted pursuant to the provisions of Resolution 590 (Commodity Rates Board).

The agreement, adopted pursuant to unopposed notices to the carriers and promulgated in IATA memoranda, names additional specific commodity rates as set forth below:

Agreement C.A.B. 16947	IATA memorandum	Commodity item	Rates
R-33.....	TC1/Rates 1736.....	4410	110 cents per kilogram; minimum weight, 100 kilograms; Miami to Lima.

The Board, acting pursuant to sections 102, 204(a), and 412 of the Act, does not find the subject agreement to be adverse to the public interest or in violation of the Act, provided that approval thereof is conditioned as herein-after ordered.

Accordingly, it is ordered, That Agreement C.A.B. 16947, R-33, be approved, provided that such approval shall not constitute approval of the specific commodity description contained therein for purposes of tariff publication.

Any air carrier party to the agreement, or any interested person, may, within 15 days from the date of service of this order, submit statements in writing con-

taining reasons deemed appropriate, together with supporting data, in support of or in opposition to the Board's action herein. An original and nineteen copies of the statements should be filed with the Board's Docket Section. The Board may, upon consideration of any such statements filed, modify or rescind its action herein by subsequent order.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.
