### Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Tree Nuts), Department of Agriculture

[Valencia Orange Reg. 79]

#### PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

##### Limitation of Handling

#### § 908.379 Valencia Orange Regulation 79.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908; 27 F.R. 10089), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that

the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on April 9, 1964.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., April 12, 1964, and ending at 12:01 a.m., P.s.t., April 19, 1964, are hereby fixed as follows:

- (i) District 1: 336,281 cartons;
- (ii) District 2: 10,134 cartons;
- (iii) District 3: 225,000 cartons.

(2) As used in this section, "handled," "handler," "District 1," "District 2," and "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

[Grapefruit Reg. 18]

#### PART 909—GRAPEFRUIT GROWN IN ARIZONA; IN IMPERIAL COUNTY, CALIF.; AND IN THAT PART OF RIVERSIDE COUNTY, CALIF., SITUATED SOUTH AND EAST OF WHITE WATER, CALIF.

##### Limitation of Shipments

#### § 909.318 Grapefruit Regulation 18.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 909, as amended (7 CFR Part 909), regulating the handling of grapefruit grown in the State of Arizona; in Imperial County, California; and in that part of Riverside County, California, situated south and east of White Water, California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Administrative Committee (established under the aforesaid amended marketing agreement and order), and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date. The Administrative Committee held an open meeting on April 2, 1964, to consider recommendations for a regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such open meeting; necessary supplemental economic and statistical information upon which this recommended regulation is based were received by the Fruit Branch on April 6, 1964; information regarding the provisions of the regulation recommended by the committee has been disseminated to handlers of grapefruit grown as aforesaid, and this section, including the effective time thereof, is identical with the recommendation of the committee; it is necessary, in order to effectuate the declared policy of the act, to make this section effective on the date hereinafter set

forth so as to provide for the continued regulation of the handling of grapefruit; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date hereof.

(b) *Order.* (1) During the period beginning at 12:01 a.m., P.s.t., April 12, 1964, and ending at 12:01 a.m., P.s.t., May 3, 1964, no handler shall handle:

(i) From the State of California or the State of Arizona to any point outside thereof any grapefruit of any variety grown in the State of Arizona; in Imperial County, California; or in that part of Riverside County, California, situated south and east of White Water, California, unless such grapefruit grade at least U.S. No. 2: *Provided*, That any such grapefruit may have scars to the extent permitted by the U.S. No. 3 grade: *Provided further*, That, in lieu of the 10 percent tolerance provided for the U.S. No. 2 grade, not more than a total tolerance of 20 percent, by count, shall be allowed for fruit which fail to meet the requirements of such grade but included in such tolerance (a) not more than 15 percent, by count, shall be allowed for serious damage caused by dryness; (b) not more than 10 percent, by count, shall be allowed for defects other than serious damage caused by dryness; and (c) not more than 5 percent, by count, shall be allowed for grapefruit having peel more than one inch in thickness at the stem end, measured from the flesh to the highest point of the peel; or

(ii) From the State of California or the State of Arizona to any point outside thereof, in Zone 1 or Zone 2, any grapefruit, grown as aforesaid, which measure less than  $3\frac{1}{16}$  inches in diameter, except that a tolerance of 5 percent, by count, of grapefruit smaller than the foregoing minimum size shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances, specified in the revised United States Standards for Grapefruit (California and Arizona), §§ 51.925-51.955 of this title: *Provided*, That, in determining the percentage of grapefruit in any lot which are smaller than  $3\frac{1}{16}$  inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size  $3\frac{1}{16}$  inches in diameter and smaller.

(2) As used herein, "handler," "variety," "grapefruit," "Zone 1," "Zone 2," and "handle" shall have the same meaning as when used in said amended marketing agreement and order; the terms "U.S. No. 2" and "U.S. No. 3" shall have the same meaning as when used in the aforesaid revised United States Standards for Grapefruit; and "diameter" shall mean the greatest dimension measured at right angles to a line from the stem to blossom end of the fruit.

### Chapter X—Agricultural Marketing Service (Marketing Agreements and Orders; Milk), Department of Agriculture

[Milk Order 138]

### PART 1138—MILK IN RIO GRANDE VALLEY MARKETING AREA

#### Order Amending Order

#### § 1138.0 Findings and determinations.

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Rio Grande Valley marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(2) The parity prices of milk, as determined pursuant to section 2 of the Act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order as hereby amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* (1) It is necessary in the public interest to make this order amending the order effective not later than May 1, 1964. Any delay beyond that date would tend to disrupt the orderly marketing of milk in the marketing area.

(2) The provisions of the said order are known to handlers. The recommended decisions of the Assistant Secretary were issued December 27, 1963, and January 29, 1964, and the decision of the Assistant Secretary containing all amendment provisions of this order, was issued March 12, 1964. The changes effected by this order will not require extensive preparation or substantial alteration in method of operation for handlers. In view of the foregoing, it is hereby found and determined that good cause exists for making this order amending the order effective May 1, 1964, and that it would be contrary to the public interest to delay the effective date of this order for 30 days after its publication in the FEDERAL REGISTER (sec. 4(c), Administrative Procedure Act, 5 U.S.C. 1001-1011).

(c) *Determinations.* It is hereby determined that:

(1) The refusal or failure of handlers (excluding cooperative associations specified in section 8c(9) of the Act) of more than 50 percent of the milk, which is marketed within the marketing area, to sign a proposed marketing agreement, tends to prevent the effectuation of the declared policy of the Act;

(2) The issuance of this order, amending the order, is the only practical means pursuant to the declared policy of the Act of advancing the interests of producers as defined in the order as herein amended; and

(3) The issuance of the order amending the order is approved or favored by at least two-thirds of the producers who during the determined representative period were engaged in the production of milk for sale in the marketing area.

*Order relative to handling.* It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Rio Grande Valley marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, as follows:

In § 1138.51, paragraph (a) is revised as follows:

§ 1138.51 Class prices.

(a) *Class I milk.* During the period from the effective date of this order until July 1, 1965, the price for Class I milk shall be the basic formula price for the preceding month plus \$2.35 during each of the months July through February and plus \$2.05 during each of the months March through June. This price shall be increased or decreased by a supply-demand adjustment equal to the simple average of the supply-demand adjustments effective for the same month pursuant to the provisions of the Wichita, Kansas (Part 1073 of this chapter); Oklahoma Metropolitan (Part 1106 of this chapter); and North Texas (Part 1126 of this chapter) milk marketing

orders. If the supply-demand adjustment in any of these markets is limited in its effect by another provision of the respective order, the supply-demand adjustment to be used in this computation shall be the net adjustment which determines the Class I price in such market.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

*Effective date.* May 1, 1964.

Signed at Washington, D.C., on April 7, 1964.

GEORGE L. MEHREN,  
Assistant Secretary.

## Title 14—AERONAUTICS AND SPACE

### Chapter I—Federal Aviation Agency

[Reg. Docket No. 4093]

[Special Federal Aviation Reg. 4]

#### PART 91—GENERAL OPERATING AND FLIGHT RULES [NEW]

##### Prohibition of Air Traffic Over and in Vicinity of D.C. Stadium, Washington, D.C.

On April 13, 1964, President Lyndon B. Johnson will attend the opening game of the 1964 baseball season at the D.C. Stadium, Washington, D.C. The interest of the public in the President and the large assemblage of persons resulting from his presence should attract numerous aircraft to the area that will be operated over the stadium and through the adjacent airspace generally used by other large aircraft. In addition the Federal agency responsible for the security of the President has requested that we take appropriate action for his safety and the safety of other persons present.

In order to provide appropriate safeguards for aircraft operations in the area and for persons and property on the ground, I have determined that a temporary restriction must be imposed on air traffic to prohibit the operation of all types of aircraft in the vicinity of the stadium below 5,000 feet above the surface unless authorized by air traffic control. This authorization may be obtained most readily by communicating with Washington National Airport Traffic Control, Washington National Airport.

I have determined that there is a requirement for the immediate adoption of this regulation for the safety of air commerce. Therefore, I find it contrary to the public interest to comply with the notice and public procedure provisions of the Administrative Procedure Act and that good cause exists for making this Regulation effective immediately.

In consideration of the foregoing, the following Special Federal Aviation Regulation is adopted:

(1) Unless otherwise authorized by air traffic control, no person, during the period

1300 to 1700 hours Eastern Standard Time on April 13, 1964, may operate an aircraft below 5,000 feet above the surface of the area within one nautical mile horizontally from the perimeter of the D.C. Stadium, Washington, D.C.

(2) This regulation becomes effective immediately and expires at 1700 Eastern Standard Time, April 13, 1964.

This regulation is adopted under the authority of section 307 of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued in Washington, D.C., on April 9, 1964.

HAROLD W. GRANT,  
Deputy Administrator.

### Chapter II—Civil Aeronautics Board

#### SUBCHAPTER E—ORGANIZATION REGULATIONS

[Reg. OR-9]

#### PART 386—DELEGATION AND REVIEW OF ACTION UNDER DELEGATION; DETERMINATION OF THE PROBABLE CAUSE OF AIRCRAFT ACCIDENTS

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 7th day of April 1964.

Reorganization Plan No. 3 of 1961 confers upon the Board authority to delegate by published order or rule any of its functions to any of its employees, including functions with respect to determining, reporting or otherwise acting as to any work, business or matter. The purpose of the Plan is to relieve Board Members from the necessity of dealing with matters of lesser importance and thus conserve their time for the consideration of major matters of policy and planning.

In Part 385 (14 CFR Part 385) the Board has made numerous delegations in non-hearing matters having mainly to do with economic regulation. In Part 386 the Board, in further implementation of Reorganization Plan No. 3 of 1961, is now delegating to the Director, Bureau of Safety, its statutory function of determining the probable cause of certain minor aircraft accidents and reporting the facts, conditions, and circumstances relating to each such accident and the probable cause thereof. Provision is also made in this part for review by the Board, upon the request of two or more Members, of any action taken by the Director pursuant to this delegation of authority.

There are approximately 4,000 "minor" accidents each year involving civil aircraft in which the determination of the probable cause of the accident is a relatively simple determination. Primarily these accidents involve ground loop, nose over, hard landing and collision with objects in which there are no serious or fatal injuries, and the facts, conditions, and circumstances relative to the accident are usually noncontroversial and may be readily ascertained. The delegation granted herein is necessary to relieve the Board of the administrative burden involved in determining the probable cause of each such accident. It

should be stressed, however, that the Board itself will continue to determine the probable cause of each accident involving a serious or fatal injury to any person; and each accident involving an aircraft operated by an air carrier, an aircraft weighing more than 12,500 pounds, or a rotorcraft. The Board will also continue to determine the probable cause of any other civil aircraft accident which is deemed to be of sufficient public interest.

The Board's determination of the probable cause of an accident does not determine the rights or liabilities of any person, and the determination may not be used in any private litigation growing out of the accident nor in any subsequent proceeding under Title VI of the Federal Aviation Act. In accident investigations, there are no parties or intervenors with an interest of the sort which section 1(b) of Plan 3 was designated to protect. Therefore, no provision is necessary or made in this part for any person to request review by the Board of action taken by the Director under this delegation.

Since this regulation is not a substantive rule but a rule of agency organization and procedure, notice and public procedure hereon are unnecessary, and the regulation may be made effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby enacts new Part 386 of the Organization Regulations (14 CFR Part 386) effective April 7, 1964, to read as follows:

- Sec.  
386.1 Applicability.  
386.2 Delegation of function to the Director, Bureau of Safety.  
386.3 Referral to the Board; exercise of authority by the Board.  
386.4 Review by the Board.

**AUTHORITY:** The provision of this Part 386 issued under secs. 204(a) and 701(a) of the Federal Aviation Act; 72 Stat. 743 and 781; 49 U.S.C. 1324 and 1441; and under Reorganization Plan No. 3 of 1961, 26 F.R. 5989.

#### § 386.1 Applicability.

This part describes the organization of the Board insofar as, pursuant to authority conferred on it by Reorganization Plan No. 3 of 1961, 26 F.R. 5989, the Board has delegated its functions under section 701 of the Federal Aviation Act of 1958, as amended, of determining the probable cause of accidents involving civil aircraft. This part also sets forth the procedures governing discretionary review by the Board of action taken under such delegation.

#### § 386.2 Delegation of function to the Director, Bureau of Safety.

The Board hereby delegates to the Director, Bureau of Safety, the authority to report the facts, conditions, and circumstances relating to each accident involving a civil aircraft and to determine and report the probable cause thereof:

(a) When the aircraft (1) is a fixed wing aircraft, (2) is not operated by an air carrier, and (3) weighs 12,500 pounds or less; and

(b) When the accident does not result in a serious or fatal injury to any person.

#### § 386.3 Referral to the Board; exercise of authority by the Board.

When the Director, Bureau of Safety, finds that the public interest so requires, he shall, in lieu of exercising the delegated authority herein, submit the findings of the accident investigation to the Board for determination of the probable cause of the accident. Also, the Board may at any time itself exercise the authority delegated herein.

#### § 386.4 Review by the Board.

The Board may, and if two or more Members request the Board will, exercise its discretionary right to review the action taken by the Director, Bureau of Safety, under the delegation. Upon review, the Board may either affirm the action taken or determine the probable cause of the accident and report the facts, conditions, and circumstances relating to the accident and the probable cause thereof.

By the Civil Aeronautics Board.

Secretary.

## Title 19—CUSTOMS DUTIES

### Chapter I—Bureau of Customs, Department of the Treasury

[T.D. 56143]

#### PART 8—LIABILITY FOR DUTIES, ENTRY OF IMPORTED MERCHANDISE

##### Contents of Invoices; Incomplete Invoices; General Requirements Supplemented

It has been determined that T.D. 55977 which amended § 8.13(h), Customs Regulations, to require additional information on or with invoices covering "Aluminum and alloys of aluminum" classifiable under schedule 6, part 2D, Tariff Schedules of the United States, is too broad in its scope. Therefore, to limit this requirement to the items in schedule 6, part 2D, for which the additional information is needed, the description of and the additional information requirements for the aforesaid class of merchandise in § 8.13(h) are amended to read:

##### § 8.13 Contents of invoices; incomplete invoices; general requirements supplemented.

Aluminum and alloys of aluminum classifiable under items 618.02, 618.04, 618.06 or 618.10, Tariff Schedules of the United States (T.D. 53092, 55977, 56143)—(1) Statement of the percentages by weight of any metallic element used as an alloy in the articles.

(Secs. 481, 484, 624, 46 Stat. 719, 722, as amended, 759, sec. 101, 76 Stat. 72; 19 U.S.C. 1481, 1484, 1624, Gen. Ednote 11, Tariff Schedules of the United States)

Since the amendment will reduce the requirements for additional information on invoices by making it applicable only to specified items of schedule 6, part

2D, of the Tariff Schedules of the United States instead of to all items of schedule 6, part 2D, notice of proposed rulemaking and public procedure under section 4 of the Administrative Procedure Act (5 U.S.C. 1003) are found to be unnecessary and good cause is found for making the amendment effective upon publication in the FEDERAL REGISTER.

[SEAL] PHILIP NICHOLS, JR.,  
Commissioner of Customs.

Approved: April 3, 1964.

JAMES POMEROY HENDRICK,  
Acting Assistant Secretary  
of the Treasury.

## Title 33—NAVIGATION AND NAVIGABLE WATERS

### Chapter IV—Saint Lawrence Seaway Development Corporation

#### PART 401—SEAWAY REGULATIONS AND RULES

##### Miscellaneous Amendments

The amendments contained herein are issued by the Saint Lawrence Seaway Development Corporation, acting jointly with The St. Lawrence Seaway Authority of Canada, pursuant to provisions of its enabling act (33 U.S.C. 981 et seq.). Subpart B—Rules, of 33 CFR Part 401, as revised by 28 F.R. 3754-3762 is amended as follows:

I. For clearer direction as to the preparation of cargo declarations for Seaway transits, the rules regarding Toll Assessment and Collection §§ 401.106-1 to 401.106-9 are amended by adding § 401.106-10, as follows:

##### § 401.106-10 Off-loaded weights.

The loaded or manifest weight of cargo must be shown for toll assessment pur-

poses, except in the case of petroleum products, the weight of which is determined by measurement, where off-loaded weights are acceptable.

II. Section 401.120-1 is revised to provide for submission of vessel pre-clearance applications in duplicate and to clarify the instructional notes appearing on the application form. As revised, § 401.120-1 reads as follows:

§ 401.120-1 Pre-clearance Form.

The St. Lawrence Seaway Application for Vessel Pre-clearance; Form S.L.S. 429.

INSTRUCTIONS

The application form attached is to be completed for each vessel by its representative in duplicate and submitted to The St. Lawrence Seaway Authority, P.O. Box 98, Cornwall, Ontario or to the Saint Lawrence Seaway Development Corporation, Massena, New York.

Upon approval of an application, one copy bearing the Seaway number assigned to the vessel will be returned to the representative.

The representative will be responsible for the documentary and financial arrangements with respect to each transit of the vessel.

When the representative is a Corporation, a resolution will be required authorizing the execution of the Certificate of Guarantee unless it is signed by the President and the Secretary-Treasurer and bears the seal of the company.

A new application will be required where the guarantee endorsed on this application has expired or has been cancelled, for each change of representative or of his address, and after a change in ownership or any major revision in the physical characteristics of the vessel.

NOTICE

No vessel is pre-cleared until this application has been approved by the Authority.

Power Site Restoration No. 613; Partly Revoking Power Site Reserve No. 684

By virtue of the authority vested in the President by section 1 of the Act of June

25, 1910 (36 Stat. 847; 43 U.S.C. 141), and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), and by virtue of the authority contained in section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U.S.C. 818), as amended, and pursuant to the determination of the Federal Power Commission docketed as DA-77—Alaska, it is ordered as follows:

1. The Executive Order of April 27, 1918, creating Power Site Reserve No. 684, is hereby revoked so far as it affects the following-described lands:

## COPPER RIVER MERIDIAN

## LAKINA RIVER AREA

- T. 5 S., R. 11 E.,  
Sec. 36, S $\frac{1}{2}$ NE $\frac{1}{4}$ , SE $\frac{1}{4}$ SW $\frac{1}{4}$  and SE $\frac{1}{4}$ .  
T. 6 S., R. 11 E.,  
Sec. 1, lots 1, 2, 3, 5, NW $\frac{1}{4}$ NE $\frac{1}{4}$ , NE $\frac{1}{4}$ NW $\frac{1}{4}$ , and W $\frac{1}{2}$ W $\frac{1}{2}$ ;  
Sec. 2, E $\frac{1}{2}$ NE $\frac{1}{4}$ , SW $\frac{1}{4}$ NE $\frac{1}{4}$  and S $\frac{1}{2}$ ;  
Sec. 11, N $\frac{1}{2}$ NW $\frac{1}{4}$ .  
T. 5 S., R. 12 E.,  
Sec. 31, lots 1, 2, 3, E $\frac{1}{2}$ NW $\frac{1}{4}$ , and NE $\frac{1}{4}$ SW $\frac{1}{4}$ .

All unsurveyed lands within  $\frac{1}{4}$  mile of the Lakina River from the mouth upstream to Fohlin Creek, a distance of approximately 16 miles.

The areas described aggregate approximately 5,200 acres, some of which are included in withdrawals for Power Projects Nos. 2138 and 2215.

2. Subject to valid existing rights and the provisions of existing withdrawals, the public lands are hereby opened to settlement and to filing of applications and selections in accordance with the following, the unsurveyed lands being opened to such forms of application and selection as are allowable for unsurveyed lands:

a. Until 10:00 a.m. on July 7, 1964, the State of Alaska shall have a preferred right to select the lands in accordance with provisions of the Act of July 23, 1956 (70 Stat. 709; 48 U.S.C. 46-3b) and section 6(g) of the Alaska Statehood Act of July 7, 1958 (72 Stat. 339), and the regulations in 43 CFR Part 76. The State of Alaska also has a more limited preferred right of application for the restored lands for highway easement or for highway material site purposes, as provided by section 24 of the Act of June 10, 1920, as amended May 28, 1948 (62 Stat. 275; 16 U.S.C. 818).

b. All other valid applications and selections under the nonmineral public land laws presented at or prior to 10:00 a.m. on July 7, 1964, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

c. The restored lands have been open to applications and offers under the mineral leasing laws, and to location under the United States mining laws subject to the provisions of the Act of August 11, 1955 (69 Stat. 682; 30 U.S.C. 621). They will be open to settlement under the homestead and Alaska home-site laws beginning at 10:00 a.m. on July 7, 1964.

3. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must en-

close properly corroborated statements in support of their applications, setting forth all facts relevant to their claims.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Anchorage, Alaska.

2. The lands are located about 3 miles  
northwest of Homer, Alaska, on top of a  
1,200 foot hill. The soil is shallow, sup-  
porting a vegetative cover of blue joint  
grass and clusters of low willow. The  
lands are in part included in oil and gas  
lease, A-024342.

3. Until 10:00 a.m. on July 7, 1964, the  
State of Alaska shall have a preferred  
right of application to select the lands  
as provided by the Act of July 28, 1956  
(70 Stat. 709; 48 U.S.C. 46-3b) and Section  
6g of the Alaska Statehood Act of  
July 7, 1958 (72 Stat. 339) and the regu-  
lations in 43 CFR, Part 76. After that  
date and hour, the lands shall become  
subject to application, petition, location,  
and selection generally, subject to valid  
existing rights, the provisions of exist-  
ing withdrawals, and the requirements  
of applicable law. All valid applications  
except preference right applications from  
the State, received at or prior to 10:00  
a.m. on July 7, 1964, shall be consid-  
ered as simultaneously filed at that time.  
The lands have been open to applications  
and offers under the mineral leasing

## Transferring Jurisdiction Over Oil and Gas Deposits in Lands of the Naval Weapons Station Owned by the United States

Whereas, the hereinafter described lands, title to which has been acquired by the United States, comprising the Naval Weapons Station, Concord, California, are reported to be subject to drainage of their oil and gas deposits by wells on adjacent lands in private ownership, and;

Whereas, it is in the public interest that such protective action be taken as will prevent loss to the United States by reason of the drainage or threatened drainage from the said lands, and;

Whereas, in order to facilitate such action, it is considered advisable that jurisdiction over the oil and gas deposits in such lands be transferred from the

Department of the Navy to the Department of the Interior, and;

Whereas, such transfer has the concurrence of the Secretary of the Navy;

Now, therefore, by virtue of the authority vested in the President, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The jurisdiction over the oil and gas deposits owned by the United States in the following-described lands comprising the Naval Weapons Station, Concord, California, is hereby transferred from the Department of the Navy to the Department of the Interior:

**EXCEPTIONS:**

Excepting from the above described tract such portions of the right of way for the Contra Costa Canal, Arnold Industrial Highway, Willow Pass Road and Bailey Road as lay therein.

And also excepting those certain parcels of land designated as Parcel 57, Parcel 58 and Parcel 59 in the aforesaid Civil Action No. 23529 and described in the "Judgment as to Mineral Rights, Parcels 57, 58 and 59", original filed March 21, 1950 with the Clerk, U.S. District Court, San Francisco, and that certain parcel designated as Parcel 64 in Civil Action No. 23529 described in the "Final Judgment as to Parcel 64", original filed November 17, 1950 with the Clerk, U.S. District Court, San Francisco.

2. The Secretary of the Interior shall take such action as may be necessary to protect the United States from loss on account of drainage or threatened drainage of oil and gas from such lands.

3. The jurisdiction of the Department of the Interior over such lands shall be subject to the primary jurisdiction of the Department of the Navy for naval purposes.

4. Prior to any advertisement for bids, the Department of the Navy shall have the opportunity to indicate any further reservations and restrictions that are to be included in the proposed lease or leases.

Prior to execution of any lease or development authorized by the Department of the Interior, the approval of the Department of the Navy is to be obtained

to insure that there is no interference with the primary use for naval purposes of the Naval Weapons Station.

JOHN M. KELLY,

Assistant Secretary of the Interior.

## Title 46—SHIPPING

### Chapter IV—Federal Maritime Commission

#### SUBCHAPTER B—REGULATIONS AFFECTING MARITIME CARRIERS AND RELATED ACTIVITIES

#### PART 530—INTERPRETATIONS AND STATEMENTS OF POLICY

#### Further Interpretation of the Shipping Act, 1916

#### § 530.5 Further interpretation of the Shipping Act, 1916.

(a) Section 15 of the Shipping Act, 1916, as recently amended by Public Law 88-275 provides that the penalty provisions of section 15:

"shall not apply to leases, licenses, assignments, or other agreements of similar character for the use of terminal property or facilities which were entered into before the date of enactment of this Act, and, if continued in effect beyond said date, submitted to the Federal Maritime Commission for approval prior to or within ninety days after the enactment of this Act, unless such leases, licenses, assignments, or other agreements for the use of terminal facilities are disapproved, modified, or canceled by the Commission and are continued in operation without regard to the Commission's action thereon. The Commission shall promptly approve, disapprove, cancel, or modify each such agreement in accordance with the provisions of this section."

(b) Particular agreements described in Public Law 88-275 may or may not be subject to section 15. The Federal Maritime Commission interprets section 15 to exclude, and will not require the filing of, "leases, licenses, assignments, or other agreements of similar character for the use of terminal property or facilities" when they:

(1) Are not related to terminal facilities for the handling of cargo or passengers moving in foreign or interstate ocean commerce, i.e., cargo that has been dispatched in such transportation and has not reached its ultimate destination;

(2) are not related to terminal facilities which handle, or hold themselves out to handle common carrier vessels in foreign or interstate ocean commerce; or

(3) cover only lease of space to stevedores for offices and/or for storage of gear, provided that rental for such space is a fixed amount not in excess of \$10,000 annually.

By the Commission, April 7, 1964.

THOMAS LIST,  
Secretary.

# Proposed Rule Making

## DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 929]

[Docket No. AO-341-A1]

### CRANBERRIES GROWN IN CERTAIN STATES

#### Notice of Recommended Decision and Opportunity to File Written Exceptions with Respect to Proposed Amendment of the Marketing Agreement and Order

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of this recommended decision with respect to the proposed amendment of the marketing agreement and Order No. 929 (7 CFR Part 929), hereinafter referred to collectively as the "order," regulating the handling of cranberries grown in the States of Massachusetts, Rhode Island, Connecticut, New Jersey, Wisconsin, Michigan, Minnesota, Oregon, Washington, and Long Island in the State of New York, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (Secs. 1-19, 48 Stat. 31, as amended; 7 U.S., 601-674), hereinafter referred to as the "act." Interested parties may file written exceptions to this recommended decision with the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington, D.C., 20250, not later than the close of business of the tenth day after publication thereof in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

**Preliminary statement.** The public hearing, on the record of which the proposed amendment of the order is formulated, was initiated by the Agricultural Marketing Service as a result of proposals submitted by the Cranberry Marketing Committee, the administrative agency established pursuant to the order, Ocean Spray Cranberries, Inc., Hanson, Massachusetts, and by John C. Decas, Wareham, Massachusetts. In accordance with the applicable rules of practice and procedure, a notice that such public hearing would be held in the Cafeteria Room, Memorial Town Hall, Marion Road, Wareham, Massachusetts, on February 10, 1964, in the Mt. Laurel Room, Holiday Motel, Exit 4, New Jersey Turnpike, Moorestown, New Jersey, on February 12, and in the Courthouse Auditorium, Wood County Courthouse, 400 Market Street, Wisconsin Rapids, Wisconsin, on February 14, was published in the FEDERAL REGISTER (29 F.R. 1388) on January 28, 1964.

**Material issues.** The material issues presented on the record of the hearing

were concerned with amending the order to:

(1) Authorize the Secretary to prescribe the time and manner in which handlers are to meet the withholding obligation;

(2) Allow handlers to receive credit for any excess of cranberries withheld and disposed of when such excess results from a modification of the free and restricted percentages;

(3) Require the committee to fix and announce the price, per barrel, at which handlers may obtain release of withheld cranberries and require handlers making such request to submit the full amount with each request;

(4) Provide for the disposition of certain committee funds;

(5) Base the withholding obligation on the volume of cranberries handled rather than acquired;

(6) Require a referendum on termination of the program each year and make it mandatory for the Secretary to terminate the program on a majority vote of either (a) growers affiliated with any cooperative marketing organization handling more than two-thirds of the cranberry production, or (b) all other growers; and

(7) Require handlers with a carryover to set aside an equivalent volume of cranberries from the current crop after which any restricted percentage would be uniformly applied to cranberries acquired by handlers from current production.

**Findings and conclusions.** The findings and conclusions on the material issues, all of which are based upon the evidence adduced at the hearing and the record thereof, are as follows:

(1) The provisions of the order should be amended to provide wider authority in the specifying of the time and manner in which handlers are to meet the withholding obligation. Presently, the order provides that the Secretary shall fix the date during each fiscal period by which handlers shall have met the withholding requirements.

This requirement to fix a single date, in effect, makes it mandatory that such date be late enough in the season so that all handlers will have completed their acquisitions of cranberries. Record evidence establishes that all handlers do not terminate their operations at the same time. Some handlers finish fairly early in the season. This may be so due, for example, to the size or location of a handler's operations. Presently, such handlers have a tendency towards procrastination in meeting their withholding obligations promptly because often they think that they may acquire additional cranberries. When such cranberry acquisitions do not materialize, such a handler often will request the committee to release the total quantity of cranberries that he is required to withhold. Such request is most likely to be made late in the season and at a

time when only a limited volume of cranberries, if any, is available, with the result that enough free percentage cranberries cannot be acquired to replace those released and the balance between the free and restricted percentages is not maintained. While it may not be possible to operate the order so as always to maintain the exact balance between the free and restricted cranberries, as represented by the free and restricted percentages, it is apparent that such balance must be reasonably maintained if the order is to operate effectively, and the time and manner of meeting withholding requirements should be fixed so as to assure such reasonable balance.

As indicated heretofore, handlers operate differently. Some complete their acquisitions and marketing of cranberries early. Some handle only fresh market berries while others are processors. Some request release of their withheld berries and others do not. Hence, under the present system of doing business within the industry, it would be advisable to prescribe a variable and prompt time for compliance with the withholding and release provisions of the order. It could be required, for example, that each handler meet a portion of their withholding obligation based upon acquisitions prior to a particular date or that all of the obligations be met within seven to ten days after final acquisition. Although the time when a handler makes his final acquisition may not always be readily determined prior to the end of the marketing season, the requirement to meet the withholding obligation within a specified period after final acquisition would not impose any particular burden upon handlers. If, after a handler believed he had completed acquisitions and full compliance had been effected with respect to all cranberries already acquired, he should acquire an additional quantity of cranberries such later acquisition could be considered as an additional but separate transaction, subject to the withholding requirements.

It was testified that the total available supply of cranberries has been acquired prior to January 1. This situation is likely to continue for some time. Thus, the latest date for meeting the withholding obligation should probably continue to be December 31 of each fiscal period. However, with the accumulation of information with respect to storage and with the continued effort to extend the period of fresh fruit sales, acquisitions may be made later in the season. The committee, composed of growers or agents of growers, is knowledgeable, individually, and collectively, with respect to all phases of the cranberry industry. Thus the committee should be qualified to make recommendations to the Secretary, which reflect the then current situation, concerning the fixing of the date or dates, by which and manner in which, handlers are to meet the withholding requirement.

(2) It is desirable to allow credit to handlers who withhold and dispose of an excess quantity of cranberries when such excess results from a modification of the free and restricted percentages. The committee has the responsibility of reviewing the current and prospective marketing situation for cranberries and making recommendations to the Secretary with respect to the free and restricted percentages. While such recommendation is based upon the most accurate information available to the committee at that time, it is recognized that the crop conditions are subject to change which may seriously alter the marketing situation. This change may result in either a greater or lesser volume of cranberries being marketed within a given fiscal period. When marketing conditions change so that it becomes desirable to market a greater quantity of cranberries, the committee may recommend a modification of the free and restricted percentage so that fewer cranberries would be placed in the restricted category.

It was testified at the hearing that handlers, while acting in good faith and in prompt conformity with the committee's recommendation and the established free and restricted percentages, have withheld a greater quantity of cranberries than required to be withheld on the basis of the modified restricted percentage. For example, with a restricted percentage of 10 percent, a handler with a 5,000 barrel volume would be required to withhold 500 barrels. Should the restricted percentage be lowered to 5 percent such handler's withholding obligation would be 250 barrels. Should said handler have already withheld and disposed of the entire 500 barrels, he could not participate in the benefits afforded by reason of this modification.

There is nothing in the order which requires a handler to dispose of his restricted cranberries. However, cranberries are a perishable commodity. They are subject to deterioration caused by evaporation and decay. Thus, the handler's decision promptly to dispose of the withheld portion may be a wise one from a marketing standpoint and, in each instance, he would be acting in good faith and in accordance with the provisions of the order and regulations issued thereunder then in effect. Therefore, some relief should be afforded to handlers who, under the circumstances set forth, have withheld and disposed of an excess quantity of cranberries.

Excess withholding and disposition of cranberries which results from any situation other than from a modification of the free and restricted percentages should not be considered within the area where relief should be extended to handlers. For example, should a handler, after the modified withholding percentage is established, dispose of withheld cranberries in an amount greater than that required to be withheld by the modified percentage, credit should not be extended to such handler for such excess. Other situations generally would result from errors in records, or erroneous estimation of the marketing situation. Or, a handler could simply decide that some of his cranberries should not be marketed. In

any such event, the disposition of excess withholding would not result from the mandatory withholding requirements of the order.

There was considerable controversy at the hearing concerning the period when handlers should be extended credit for excess withholding. Some proponents indicated that such credit should be limited to two fiscal years while others indicated one fiscal year would be more desirable. Those testifying in support of providing credit over two fiscal years stated that such should not be apportioned both years and that, if partial credit were extended during the first year, any balance should not be carried over into the next year. However, if no free and restricted percentages are fixed for the first of such fiscal periods, they contended full credit should be extended during the following fiscal period. Other proponents, those favoring extending credit for only one fiscal period, contended that should the marketing situation that year be such as to require no free and restricted percentages, the need for credit for excess withholding and disposition would be dissipated as a result of time and a favorable market. It is concluded that the record does not disclose sufficient reasons for extending credit for excess withholding during any fiscal year beyond the next fiscal year.

The evidence of record contains considerable discussion with respect to the time when the disposition of excess withholding should have occurred in order for a credit to be applied. As indicated, some handlers, immediately after the initial withholding percentage is established, start withholding and disposing of the restricted cranberries. Also, a handler may, after the restricted percentage has been reduced, withhold and dispose of a greater quantity than required to be withheld simply because he chooses to do so. This raises the question of how the committee can determine the excess withholding, if any, that should be credited. All withheld cranberries are required by the order to be inspected and certified as meeting program requirements. The date of the inspection is shown on the inspection certificate and such date can be used to determine the time prior to which the withholding occurred. Under the order, the disposition of withheld cranberries is subject to the supervision and accounting control of the committee. Generally, in accordance therewith, the handler has the inspector supervise disposition of these withheld cranberries and a statement concerning such disposition is shown on the certificate. In most instances, the date of the inspection certificate is the same as the date of disposition. In other instances, independent evidence of the disposition must be furnished to the committee or it must be given prior notice of the impending disposition of withheld cranberries and thereafter it supervises such disposition.

It is concluded that the order should be amended to allow handlers to receive credit for excess withholding and disposition only when such excess results from a modification of the restricted percentage and occurs prior to the effective time of such modification. Such credit is to

be valid only during the next fiscal period.

(3) The order should be amended to authorize the committee to fix and announce the amount (price) per barrel which handlers would be required to pay to obtain release of all or part of the cranberries they are withholding and to require any handler making such request to submit the full amount with the request.

Under the current provisions of the order, a handler may request the committee to release to him the cranberries he is withholding, stating in such request the amount per barrel he will deposit with the committee for such release. The requested release is granted if the committee determines that the amount to be deposited is at least equal to the then current market price.

The record evidence shows that it is much preferred by handlers to provide that the committee fix and announce the price at which requests for release would be granted. Most of the production of cranberries, probably more than 90 percent, has been handled by cooperative marketing organizations or for the account of the grower. Only relatively small quantities have been purchased directly from growers during any particular period. Hence, there has been no established price for cranberries such as those that handlers are withholding and may request the committee to release. Under these circumstances, a handler does not have an adequate guide for determining the price, to be stated in his request, which will be acceptable for the release, so he cannot make any commitment to his customers concerning the future sale of these berries. This may result in the loss of sales.

The committee is in the best position to determine the price at which withheld cranberries should be released to applicants. There generally are some sales by growers to handlers throughout the harvest and early marketing periods. Also, handlers are making sales of cranberries to their fresh market and processor customers. The committee can ascertain these prices and make appropriate adjustments to arrive at a reasonable price for handlers to deposit with it as a condition for the release of withheld berries. Moreover, the committee must use the money it receives for the release of withheld berries to purchase berries to replace those released. Experience in connection with such purchases will enable the committee to adjust the release price, applicable in future periods, so that it will be in line with the price necessary to keep the quantities of free and restricted berries reasonably close to the quantities represented by the free and restricted percentages.

It is necessary that the committee be authorized to fix the release price for whatever period it determines appropriate and to change the price whenever it may be necessary to do so. As indicated heretofore, the crop is subject to damage both prior to and during the harvesting season. Also, quantities harvested may exceed the volume estimated to be harvested earlier in the season. The committee, composed of growers or

agents of growers, possess or has available to it a vast fund of knowledge with respect to the effect of such change in the supply of cranberries. This knowledge should enable the committee to fix and adjust the release price on the most equitable basis possible.

The determination and fixing of the release price should be done as early in the season as is reasonable. The official crop estimate is released during the latter part of August each year. Soon thereafter the committee will meet to develop its marketing policy and formulate its recommendation for regulation. It is anticipated that the committee will also consider fixing the price at which withheld cranberries may be released. But, it should not be required to fix this price at the aforesaid meeting inasmuch as sufficient information may not be available to do so at this time. The committee should perform this function as early in the season as is reasonable, however, as it is advantageous to all handlers to have knowledge of the amount per barrel which will be required to obtain release of withheld cranberries.

Should the committee recommend that no free and restricted percentages should be fixed, and none were established, there would be no need for establishing a price for release of withheld cranberries since no cranberries would be withheld.

The committee should make available to all handlers the release price, together with the period such price is to be in effect. The committee periodically issues bulletins with respect to the operation of the program which are mailed to all handlers. This would be a good method of disseminating this information. Another method available at this time for disseminating this information would be a news item in "Cranberries," a national cranberry magazine which presently is mailed to every cranberry grower and handler. In like manner, the committee should make available to handlers promptly any modification of the release price including its effective period.

Record testimony shows that it is necessary for each handler making a request for the release of any or all of the cranberries he is withholding to accompany each request with full payment. Full payment would be the amount equal to the product of the number of barrels stated in the request multiplied by the release price. Payment of this amount should be only by cash or a cashier's or certified check, made payable to the Cranberry Marketing Committee. The committee is required by the terms of the order to use this money to purchase from handlers free percentage cranberries in an aggregate amount as nearly equal to, but not in excess of, the total quantity of cranberries released. Such cranberries are to replace those released and may be disposed of only in outlets for withheld cranberries. Some handlers who, under the requirements of the order, certified that payment for released berries would be made upon demand by the committee did not make such payment promptly. This resulted in the committee contracting to purchase from handlers free cranberries to replace those released without then having funds available to consum-

mate the purchase. This placed the committee in the very embarrassing position of not being able to meet its obligations promptly. Moreover, the requirement of full payment accompanying the request for release should not work an undue hardship on anyone. At most, handlers would have to finance a short term loan to pay for the released berries which costs, in contrast with the benefits derived from the special provisions, are considered very minimal. The payment of the full amount at the time the request is made would make it possible for the committee to fulfill its duties and responsibilities with respect to purchasing free cranberries to replace those released.

The order should also require each handler making a request for release of withheld cranberries to certify that such cranberries are in his possession. Only cranberries which are being withheld are eligible for release and it was indicated that a certification by the handler to the effect that he is withholding such cranberries would generally satisfy the requirement. Such certification should be a part of the request to enable the committee to act promptly thereon. Of course, the committee may, at its discretion, make a physical inspection to determine whether the quantity covered by the request is actually being withheld. In view of the foregoing, the order should be amended as hereinafter set forth.

(4) There is likely to be accumulated certain funds by the committee which are derived from other than assessment income and the order should provide for the disposition of such funds. Through the operation of the provisions of the order relating to withheld cranberries, monies may be accumulated by the committee (1) from the disposition of cranberries that it has purchased, or (2) because of its inability, for reasons beyond its control, to purchase cranberries. In fact, the committee has more than \$50,000 on hand because the committee, despite repeated efforts to do so, was unable to purchase free percentage cranberries to replace all of the withheld cranberries released during the 1962-63 fiscal period. There is no provision in the order for disposition of this money over and above the amount needed to defray costs incidental to the purchase and disposition of cranberries to offset withheld berries released to handlers in administering the withholding feature of the program. Because such funds are accumulated as the result of the operation of the provisions of the order relating to the withholding of cranberries, any excess should be distributed to handlers who have withheld cranberries in accordance with such provisions. An equitable method for such distribution would be to base payments on the quantities of cranberries withheld inasmuch as such quantities are indicative of the extent of each handler's obligation under the withholding provisions.

It was advanced at the hearing that the payments to handlers should be passed on to growers and concern was expressed that this may not be done. However, the testimony indicates that such payments generally will accrue to the benefit of growers. Approximately 85 percent of the cranberry production

is handled by cooperative marketing organizations so growers affiliated with such organizations will automatically benefit from payments to these handlers. For a substantial portion of the remaining cranberry production, the grower handles his own cranberries and would be the one to whom the payment is made. Also handlers, including those who handle their own production and that of other growers, indicated that they would consider themselves obligated to distribute any such payment to the growers from whom they acquired berries. Thus, it is concluded that it is not necessary to include a specific provision in the order concerning handlers' disposition of such payments.

Excess funds should be paid to handlers or credited to their accounts, at the option of the committee. Generally, distribution of the excess should be made by payment to handlers. However, there is no way of knowing the size of the excess that may be available for distribution at the end of a fiscal year. Thus, a requirement that the committee always pay the excess to handlers could, in some years, result in the committee incurring expense such as to exceed the amount to be paid. Also, should the amount due a particular handler be so small as not to warrant the drawing of a check and mailing it, the committee should not be prevented from crediting such handler's account in lieu of making a payment directly to him.

(5) It was proposed, in the notice of hearing, to amend the order to base the withholding obligation on the volume of cranberries handled. Testimony offered both in support of and in opposition to this proposal establishes that handlers vary in their methods of doing business. In some instances, handlers acquire lots of cranberries in the chaff, crediting the grower with the quantity of sound cranberries, as determined from a representative sample of the berries. In this case, such quantity of cranberries will, unless immediately screened and handled, exceed the quantity that later will be handled. The longer the berries are held before screening and handling, the greater will be the variance in the two quantities. In other instances, handlers defer their acquisition of cranberries until immediately prior to the handling and only the screened cranberries are acquired. Proponent testimony was primarily directed towards establishing and maintaining the uniformity, contemplated by the order, among all handlers with respect to the application of the restricted percentage. The record shows that some handlers have been withholding from handling more cranberries, in relation to the total quantity of the cranberries handled, than has been the case for other handlers. Hence, the order should be amended to correct this situation. However, the record does not contain sufficient evidence for determining that basing the withholding obligation on the volume of cranberries handled could be operated within the framework of the other order provisions. The problem presented could be readily corrected, it appears, by amending the provisions of § 929.54. Withholding to provide that

the quantity of cranberries required to be withheld shall be determined from the sum of the products obtained by multiplying each of the following by the restricted percentage: (1) the quantity of screened cranberries acquired; (2) the quantity of cranberries screened from unscreened lots of cranberries acquired; and (3) the quantity of screened cranberries contained in lots of cranberries acquired which are not screened, such quantity to be computed, in accordance with uniform rules prescribed by the committee with the approval of the Secretary, not later than the time fixed by the Secretary for handlers to meet all the withholding obligation. It is necessary, of course, to provide for such computation at the time specified so that the withholding obligation will apply to lots of cranberries which may never be screened (for example, unscreened lots of cranberries which a handler may acquire and designate as restricted cranberries) and, also, to enable each handler and the committee to determine the total quantity of cranberries he is required to withhold.

(6) The order provisions concerning grower referenda should not be changed to require a referendum on termination of the program each year or to require the Secretary to terminate the program on a majority vote of either (1) the growers affiliated with any cooperative marketing organization handling more than two-thirds of the cranberry production, or (2) all other growers.

The order contains provisions, similar to those contained in the act, requiring the Secretary to terminate the order whenever he finds that its provisions do not tend to effectuate the declared policy of the act or that the order is not favored by the specified percentage of the growers. In addition, the order requires that a grower referendum be conducted every other year to ascertain grower sentiment concerning its continuance. Accordingly, by means of a referendum or otherwise, the Secretary can consider grower sentiment in making his evaluation as to whether the program is accomplishing its purpose and should or should not be terminated.

Testimony in support of the proposed change in the referenda provisions shows that, while an annual referendum was preferred, the biennial referendum now provided for is satisfactory. Moreover, it was indicated that the proposed termination based upon the vote of growers affiliated with certain segments of the industry should be permissive rather than mandatory.

It is concluded, therefore, that no change in the provisions of the order concerning termination is warranted.

(7) Handlers who are processors of cranberries generally carry over from one fiscal year to the next cranberries in frozen form so as to maintain a flow of their products to market until fresh cranberries are available in volume from the oncoming crop. The total quantity of such carryover estimated to be needed by the entire industry for this purpose is approximately 125,000 barrels and is equivalent to about 10 percent of the an-

nual production of cranberries. It would be ideal if the total carryover, as well as the carryover of each processor, could be tailored to the precise quantity that was needed to meet market demands until adequate supplies from the new crop are available. However, the evidence of record does not disclose any way that this could be accomplished by means of the proposal to require handlers with an excessive carryover (proposed at the hearing to be fixed for each handler at any quantity in excess of 10 percent of the volume of cranberries he handled during the preceding fiscal year) to withhold from handling a quantity of cranberries equal to such excess in addition to that otherwise required to be so withheld. It was shown that the additional withholding could be avoided by any handler likely to possess the proposed "excessive carryover" by shipping, just prior to the beginning of the next fiscal year, sufficient cranberry products to bring his inventory below the quantity at which the additional withholding would apply. If efforts to reduce carryover result in a larger volume of cranberry products being pushed into the market than could readily be absorbed, market prices would be depressed and the orderly marketing of the oncoming crop jeopardized. It could negate the effects of the program.

The order, therefore, should not be amended to contain a provision for a withholding obligation based on inventory carryover.

*Rulings on proposed findings and conclusions.* March 6, 1964, was fixed as the latest date for the filing of proposed findings and conclusions, and written arguments or briefs based upon the evidence received at the hearing. Briefs were filed by John C. Decas and by George T. Finnegan, Ropes and Gray, attorneys for and on behalf of Ocean Spray Cranberries, Inc. Each point included in the briefs was carefully considered, along with the evidence in the record, in making the findings and reaching the conclusions herein set forth. To the extent that any suggested findings or conclusions contained in either of the briefs are inconsistent with the findings and conclusion contained herein, they are denied on the basis of the facts found and stated in connection with this decision.

*General findings.* (1) The marketing agreement and order as hereby proposed to be amended, and all the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The marketing agreement and order as hereby proposed to be amended regulate the handling of cranberries grown in the production area in the same manner as, and are applicable only to persons in the respective classes of commercial or industrial activity specified in, the marketing agreement and order upon which hearings have been held;

(3) The marketing agreement and order as hereby proposed to be amended are limited in application to the smallest regional production area which is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to

subdivisions of the production area would not effectively carry out the declared policy of the act;

(4) There are no differences in the production and marketing of cranberries grown in the production area which make necessary different terms applicable to different parts of such area; and

(5) All handling of cranberries grown in the production area, as defined in the marketing agreement and order as hereby proposed to be amended, is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

*Recommended amendment of the marketing agreement and order.* The following amendment of the marketing agreement and order is recommended as the detailed means by which the aforesaid conclusions may be carried out:

1. In § 929.54, paragraph (a) is amended, paragraph (b) is revised, and paragraph (d) is added, to read as follows:

#### § 929.54 Withholding.

(a) Whenever the Secretary has fixed the free and restricted percentages for any fiscal period, as provided for in § 929.52(a), each handler shall withhold from handling a portion of the cranberries he acquires during such period: *Provided*, That such withholding requirement shall not apply to any lot of cranberries for which such withholding requirement previously has been met by another handler in accordance with § 929.55. The withheld portion shall be equal to the sum of the products obtained by multiplying each of the following quantities, as applicable, by the restricted percentage:

(1) The quantity of screened cranberries acquired;

(2) The quantity of cranberries screened from unscreened lots of cranberries acquired; and

(3) The quantity of screened cranberries contained in lots acquired but which are not screened prior to the time fixed by the Secretary for handlers to meet all withholding obligations. The committee, with the approval of the Secretary, shall prescribe uniform rules to be followed in determining the quantity of screened cranberries in each lot of unscreened cranberries.

(b) The committee, with the approval of the Secretary, shall prescribe the manner in which, and date or dates during the fiscal period by which, handlers shall have complied with the withholding requirements specified in paragraph (a) of this section.

(d) Any handler who withholds from handling a quantity of cranberries in excess of that required pursuant to paragraph (a) of this section shall have such excess quantity credited toward the next fiscal year's withholding obligation, if any, of such handler: *Provided*, That such credit shall be applicable only (1) if the restricted percentage established pursuant to § 929.52 was modified pursuant to § 929.53; (2) to the extent such excess was disposed of prior to such modification; and (3) after such handler furnishes the committee with such in-

## PROPOSED RULE MAKING

formation as it prescribes regarding such withholding and disposition.

2. The provisions of § 929.56 *Special provisions relating to withheld (restricted) cranberries* are revised to read as follows:

§ 929.56 *Special provisions relating to withheld (restricted) cranberries.*

(a) Except as otherwise directed by the Secretary, as near as practicable to the beginning of the marketing season of each fiscal period with respect to which the marketing policy proposes regulation pursuant to § 929.52(a), the committee shall determine the amount per barrel each handler shall deposit with the committee for it to release to him, in accordance with paragraph (b) of this section, all or part of the cranberries he is withholding; and the committee shall give notice of such amount of deposit to handlers. Such notice shall state the period during which such amount of deposit shall be in effect. Whenever the committee determines that, by reason of changed conditions or otherwise, a different amount should thereafter be deposited for the release of withheld cranberries, it shall give notice to handlers of the new amount and the effective period thereof. Each determination as to the amount of deposit shall be on the basis of the committee's evaluation of the following factors: (1) The prices at which growers are selling cranberries to handlers, (2) the prices at which handlers are selling fresh market cranberries to dealers, (3) the prices at which cranberries are being sold for processing into

products, and (4) the prices the committee has paid to purchase cranberries to replace released cranberries in accordance with this section.

(b) Any handler may make a written request to the committee for the release of all or part of the cranberries he is withholding from handling pursuant to § 929.54(a). Each such request shall state, in addition to all other information as may be prescribed by the committee, the quantity of cranberries for which release is requested and shall be accompanied by a deposit (in cash, or a cashier's or certified check made payable to the Cranberry Marketing Committee) in an amount equal to the product of the number of barrels stated in the request multiplied by the then effective amount per barrel to be deposited. If the committee determines such request is properly filled out, is accompanied by the required deposit, and contains a certification that the handler is withholding such cranberries, it shall release to such handler the quantity of cranberries specified in his request. Such determination shall be made not later than 72 hours after the request is received by the committee.

(c) Funds deposited for the release of withheld cranberries, pursuant to paragraph (a) of this section, shall be used by the committee to purchase from handlers unrestricted (free percentage) cranberries in an aggregate amount as nearly equal to, but not in excess of, the total quantity of the released cranberries as it is possible to purchase to replace the released cranberries. All handlers shall be given an opportunity

to participate in such purchase. If a larger quantity is offered than can be purchased, the purchases shall be made at the lowest prices possible. If two or more handlers offer at the same price, purchases from such handlers shall be in proportion to the quantity of their respective offerings insofar as such division is practicable. The cranberries so purchased shall be disposed of by the committee as restricted cranberries in accordance with § 929.57. Any funds received by the committee for cranberries so disposed of, which are in excess of the costs incurred by the committee in making such disposition, shall be paid or credited proportionately to handlers on the basis of the volume of cranberries withheld by each handler.

(d) In the event any portion of the funds deposited with the committee pursuant to paragraph (a) of this section cannot, for reasons beyond the committee's control, be expended to purchase unrestricted (free percentage) cranberries to replace those released, such unexpended funds shall, after deducting expenses incurred by the committee in connection with the purchase and disposition of cranberries pursuant to paragraph (c) of this section, be paid or credited proportionately to handlers on the basis of the volume of cranberries withheld by each handler.

## FEDERAL MARITIME COMMISSION

COMPAGNIE MARITIME BELGE, S.A.,  
ET AL.

### Notice of Filing of Agreement

Notice is hereby given that the following described agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733; 75 Stat. 763; 46 U.S.C. 814):

Agreement 9329, between Compagnie Maritime Belge, S.A. and Compagnie Maritime Congolaise, S.C.R.L., a joint service operating under approved Agreement 7688, and United States Lines Company, establishes a cooperative working arrangement for spacing of sailings and coverage of ports in the trade between Atlantic coast ports of the United States and ports in Belgium, as set forth in the agreement.

Interested parties may inspect this agreement and obtain copies thereof at the Bureau of Foreign Regulation, Federal Maritime Commission, Washington, D.C., or may inspect a copy at the offices of the District Managers of the Commission in New York, N.Y., New Orleans, La., and San Francisco, Calif., and may submit to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with a request for hearing, should such hearing be desired.

Dated: April 8, 1964.

By order of the Federal Maritime Commission.

[No. 1095]

## TRANS-PACIFIC FREIGHT CONFERENCE OF JAPAN AND JAPAN-ATLANTIC AND GULF FREIGHT CONFERENCE

### Order Reopening Proceeding

By its Report and Order in Docket 1095, served October 30, 1963, the Commission approved Agreement No. 150-21, a modification of the basic agreement of the Trans-Pacific Freight Conference of Japan, and Agreement No. 3103-17, a modification of the basic agreement of the Japan-Atlantic & Gulf Freight Conference. Among other things, these modifications revise the self-policing procedure ("neutral body" system) through which the conferences police the obligations of their members.

On November 9, 1963, States Marine Lines, Inc. and Global Bulk Transport Corporation, member of both conferences, petitioned the United States Court of Appeals for the District of Columbia Circuit for review of the Commission's Report and Order. Thereafter, the Commission moved the Court to remand

the case to it, so that it might vacate its prior action and reopen and reconsider Docket No. 1095, pursuant to the authority vested in it by section 25 of the Shipping Act, 1916, and Commission Rule 16(a). The Court on March 16, 1964 granted this motion and remanded the case. Accordingly,

*It is ordered,* That the Commission's Report and Order in Docket 1095, served October 30, 1963, are hereby vacated and withdrawn and the proceedings in Docket 1095 are reopened:

*It is further ordered,* That Agreement No. 150 and Agreement No. 3103, as amended and approved by the Commission to the date of this order, shall remain in full force and effect except for Articles 10, 12 and 25, which articles shall remain in full force and effect as approved prior to October 30, 1963:

*It is further ordered,* That pursuant to sections 15 and 22 of the Shipping Act, 1916, the Commission enter upon an investigation and hearing to determine whether Articles 10, 12 and 25 as proposed to be modified by Agreement No. 150-21 and Agreement No. 3103-17 are unjustly discriminatory or unfair, detrimental to the commerce of the United States, contrary to the public interest, or violative of the Shipping Act, 1916, and whether they should be approved, disapproved or modified pursuant to section 15 of the Act.

*It is further ordered,* That the Trans-Pacific Freight Conference of Japan and the Japan-Atlantic and Gulf Freight Conference and their respective member lines shall continue to be respondents in this proceeding, and that other persons who were previously parties to this proceeding may continue to participate therein.

*It is further ordered,* That any other person who desires to become a party and participate in this proceeding shall file a petition to intervene with the Secretary, Federal Maritime Commission, Washington, D.C., on or before April 17, 1964, with copy to respondents and other parties; and

*It is further ordered,* That this proceeding is assigned for hearing before an examiner of the Commission's Office of Hearing Examiners at a date and place to be announced by the Chief Examiner; that notice of this order shall be published in the FEDERAL REGISTER and copy thereof served upon the respondents and persons who were previously parties to this proceeding; and that all future notices issued by or on behalf of the Commission in this proceeding shall be mailed to all parties of record.

By the Commission, April 2, 1964.

## PORT OF SEATTLE AND SEA-LAND SERVICE, INC.

### Notice of Agreement Filed for Approval

Notice is hereby given that the following described agreement has been

filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 75 Stat. 763; 46 U.S.C. 814):

Agreement No. T-170, between the Port of Seattle (Port) and Sea-Land Service, Inc. (Sea-Land) provides for a 20 year lease of pier 5, Seattle, Washington, for the loading and discharging of Sea-Land's vessels including rights to use a gantry crane. Port shall retain the right of secondary use provided such use does not interfere with Sea-Land's operations. As rental for the leased premises Sea-Land guarantees the Port a minimum of \$85,000 annually based upon dockage, wharfage, wharf demurrage and storage charges as shown in the applicable tariffs of the Port. Sea-Land will be excused from paying additional rental each year after \$150,000 is received from dockage, wharfage, wharf demurrage and storage. Sea-Land also agrees to pay the Port a minimum of \$14,400 annually, based upon the Port's applicable tariff charges for the use of the crane, and a fixed amount each month in order to reimburse the Port for certain improvements made at the leased premises. Sea-Land further agrees that charges for all of its operations at the facility will be assessed in accordance with the rates shown in the Port's applicable tariffs, except the service and facility charge.

Interested parties may submit not later than the close of business April 20, 1964, by telegraph, telephone, letter or other means with reference to the Agreement, their position as to approval, disapproval, or modification. All such communications should be directed to Edward Schmeltzer, Director, Bureau of Domestic Regulation, Federal Maritime Commission, Washington, D.C., 20573.

Dated: April 9, 1964.

By order of the Federal Maritime Commission.

**PENNSYLVANIA GAS CO.**

**Notice of Proposed Changes in Rates and Charges**

APRIL 6, 1964.

Take notice that on April 1, 1964, Pennsylvania Gas Company tendered for filing proposed changes in its FPC Gas Tariff, Original Volume No. 1, to become effective January 1, 1964. The proposed changes reflect reductions in rates and charges in its Rate Schedule CA-1.

The annual reduction in rate level is \$964, based on sales for the year 1963, and reflects the recent reduction in the corporate Federal income tax rate from 52 percent to 50 percent.

Copies of the proposed rate changes have been served by Pennsylvania Gas on its customers and the Pennsylvania Public Utility Commission. Comments may be filed with the Commission on or before April 22, 1964.

**INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE**

**CERTAIN COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN KOREA**

**Limitation on Entry or Withdrawal From Warehouse**

MARCH 26, 1964.

The United States Government, in furtherance of the objectives of, and under the terms of, the Long Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, has informed the Korean Government that it intends, pending the

conclusion of discussions with Korea on the subject of the exports of cotton textiles and cotton textile products from Korea to the United States, to renew the arrangements in effect between the two governments on the exports of such goods to the United States in Categories 43 and 50, produced or manufactured in Korea, during the twelve-month period beginning April 2, 1964.

There is published below a letter of March 25, 1964, from the Chairman, President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amount of cotton textile products in Categories 43 and 50, produced or manufactured in Korea, which may be entered, or withdrawn from warehouse, for consumption in the United States from April 2, 1964, through April 1, 1965, be limited, respectively, to 15,750 dozen and 20,000 dozen.

JAMES S. LOVE, Jr.,  
Chairman, Interagency Textile Administrative Committee,  
and Deputy to the Secretary of Commerce for Textile Programs.

THE SECRETARY OF COMMERCE

PRESIDENT'S CABINET TEXTILE ADVISORY COMMITTEE

Washington 25, D.C.

March 25, 1964.

COMMISSIONER OF CUSTOMS,  
DEPARTMENT OF THE TREASURY,  
Washington, D.C.

DEAR MR. COMMISSIONER: Under the terms of the Long Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, you are directed to prohibit, effective April 2, 1964, and for the period extending through April 1, 1965, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textile products in Categories 43 and 50, produced or manufactured in Korea, in excess of the following level of restraint:

Category	Level of restraint
43-----	15,750 dozen
50-----	20,000 dozen

In carrying out this directive, entries of cotton textiles and cotton textile products in Categories 43 and 50, produced or manufactured in Korea, which have been exported to the United States from Korea prior to April 2, 1964, shall, to the extent of any unfilled balances, be charged against the levels of restraint established for such goods during the period April 2, 1963, through April 1, 1964. In the event that the level of restraint established for the period April 2, 1963, through April 1, 1964, has been exhausted by previous entries, such goods shall be subject to the directives set forth in this letter.

A detailed description of Categories 43 and 50 in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on October 1, 1963 (28 F.R. 10551), and amendments thereto on March 24, 1964 (29 F.R. 3679).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Korea and with respect to imports of cotton textiles and cotton textile products from Korea have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs func-

tions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of section 4 of the Administrative Procedure Act. This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

LUTHER H. HODGES,  
Secretary of Commerce, and Chair-  
man, President's Cabinet Textile  
Advisory Committee.

## SECURITIES AND EXCHANGE COMMISSION

[File No. 811-1180]

### KEYSTONE CORP.

#### Notice of Filing of Application for Order Declaring That Company Has Ceased To Be an Investment Com- pany

APRIL 7, 1964.

Notice is hereby given that an applica-  
tion has been filed pursuant to section  
8(f) of the Investment Company Act of  
1940 ("Act") for an order of the Com-  
mission declaring that Keystone Cor-  
poration ("Applicant"), 721 Commerce  
Building, Kansas City, Missouri, a man-  
agement closed-end non-diversified in-  
vestment company, has ceased to be an  
investment company.

Applicant represents that at the an-  
nual meeting of stockholders held on  
January 9, 1963, stockholders voted to  
dissolve the corporation and adopted a  
Plan For Complete Liquidation. Pur-  
suant to this plan, a first and final li-  
quidating distribution was made to the  
stockholders on January 3, 1964 in the  
amount of \$6,546,124.47 which repre-  
sented the total assets of Applicant. Of  
this amount, \$6,420,871.00 was distrib-  
uted and paid to the stockholders pro  
rata, and the balance of \$125,253.47 was  
deposited in an escrow fund with the  
Trust Department of Commerce Trust  
Company of Missouri. Any funds re-  
maining in this escrow fund after all li-  
abilities have been settled will be paid to  
the stockholders pro rata. All but five  
shareholders of Applicant owning 171  
shares have surrendered their stock cer-  
tificates for cancellation and redemption  
and have received the initial distribu-  
tion. In addition to the escrow fund,  
the Commerce Trust Company is holding  
\$20,993.67 for payment to these five  
shareholders.

Applicant further represents that it  
has no assets and that it filed a Certifi-  
cate of Dissolution with the Secretary of  
State of Delaware on January 22, 1963.

Section 8(f) of the Act provides, in  
pertinent part, that whenever the Com-  
mission upon application finds that a  
registered investment company has  
ceased to be an investment company, it  
shall so declare by order and upon the  
taking effect of such order, the registra-  
tion of such company shall cease to be  
in effect.

Notice is further given that any in-  
terested person may, not later than

April 24, 1964, at 5:30 p.m., submit to the  
Commission in writing a request for a  
hearing on the matter accompanied by a  
statement as to the nature of his in-  
terest, the reason for such request and  
the issues of fact or law proposed to be  
controverted, or he may request that he  
be notified if the Commission shall order  
a hearing thereon. Any such communi-  
cation should be addressed: Secretary,  
Securities and Exchange Commission,  
Washington, D.C., 20549. A copy of such  
request shall be served personally or by  
mail (air mail if the person being served  
is located more than 500 miles from the  
point of mailing) upon Applicant at the  
address stated above. Proof of such  
service (by affidavit or in case of an at-  
torney-at-law by certificate) shall be  
filed contemporaneously with the re-  
quest. At any time after such date, as  
provided by Rule 0-5 of the rules and  
regulations promulgated under the Act,  
an order disposing of the application  
herein may be issued by the Commission  
upon the basis of the showing contained  
in said application unless an order for  
hearing upon said application shall be  
issued upon request or upon the Com-  
mission's own motion.

For the Commission (pursuant to dele-  
gated authority).

### PENNSYLVANIA DEVELOPMENT CREDIT CORP.

#### Notice of Filing of Application for Order

APRIL 6, 1964.

Notice is hereby given that Pennsylv-  
ania Development Credit Corporation  
("Development Corporation"), Harris-  
burg, Pennsylvania, a Pennsylvania  
corporation organized under the Penn-  
sylvania Business Development Credit  
Corporation Law, has filed an applica-  
tion pursuant to section 6(c) of the In-  
vestment Company Act of 1940 ("Act")  
for an order declaring that Development  
Corporation is exempt from the provi-  
sions of the Act. All interested persons  
are referred to the application, which  
is on file with the Commission, for a full  
statement of the representations therein,  
which are summarized below.

Development Corporation represents  
that the Business Development Credit  
Corporation Law of Pennsylvania has as  
its purpose, as part of an overall program,  
the encouragement of the location of  
new business in the State and the ex-  
pansion of existing businesses. Its pri-  
mary purpose is to provide money and  
credit to new and existing businesses  
located in 53 counties in the State by  
means of secured or unsecured loans or  
advances to a business unable to obtain  
desired financial assistance from finan-  
cial institutions in its region, and, on a  
limited scale, the purchase of equity se-  
curities of such companies.

The authorized capital of Development  
Corporation is \$1,000,000 represented by

80,000 shares of Class "A" voting capital  
stock and by 20,000 shares of Class "B"  
non-voting capital stock, each class with  
a par value of \$10 per share. Develop-  
ment Corporation will also obtain funds  
through term loans from financial insti-  
tutions within the region pursuant to  
lending agreements as contemplated by  
the Pennsylvania Business Development  
Credit Corporation Law. Development  
Corporation will not sell, or offer to sell,  
securities to individuals. The offering  
of capital stock will be made to not more  
than 40 business organizations—princi-  
pally utilities—doing business in the re-  
gion, including 30 which have already  
subscribed to a total of 70,550 voting and  
20,000 non-voting shares. Development  
Corporation has also obtained letters of  
commitment from approximately 255 fi-  
nancial institutions to enter into lending  
agreements under which they agree to  
loan Development Corporation sums  
totaling \$8.7 million. Under the lending  
agreements, Development Corporation  
has the right to make pro-rata calls on  
the participating financial institutions  
for loans to it to be evidenced by promi-  
sory notes payable in five years at an  
interest rate expected to be the prime  
rate plus one-half percent. Develop-  
ment Corporation represents that the  
business organizations and financial in-  
stitutions which will purchase the capital  
stock and enter into lending agreements  
are sophisticated in security matters and  
will purchase for investment only and not  
for resale.

Under the provisions of the Pennsylv-  
ania Business Development Credit Cor-  
poration Law, six of the fifteen members  
of the Board of Directors of Development  
Corporation are elected by the share-  
holders, eight members by the financial  
institutions who are parties to loan  
agreements (with each such financial  
institution being given one vote for each  
\$1,000 of loan obligation under its lend-  
ing agreement with Development Cor-  
poration), and the remaining director is ex  
officio the Secretary of Commerce of the  
Commonwealth of Pennsylvania.

Since Development Corporation will be  
engaged in the business of investing and  
since it proposes to acquire investment  
securities having a value exceeding 40  
per cent of its total assets, Development  
Corporation is an investment company  
within the definition of section 3(a)(3)  
of the Act and is required to register un-  
less exempted pursuant to section 6(c)  
of the Act. Section 6(c) of the Act pro-  
vides, among other things, that the Com-  
mission, by order upon application, may  
conditionally or unconditionally exempt  
any person from any provision or provi-  
sions of the Act or of any rule or regu-  
lation thereunder, if and to the extent  
that such exemption is necessary or ap-  
propriate in the public interest and con-  
sistent with the protection of investors  
and the purposes fairly intended by the  
policy and provisions of the Act.

In support of its application, Develop-  
ment Corporation states it will conduct  
its operations and business so as to im-  
plement the public purposes of the Penn-  
sylvania Business Development Credit  
Corporation Law by seeking to alleviate a  
critical and chronic condition of unem-  
ployment which exists in various areas of

the State; by promoting, attracting, stimulating, rehabilitating, and revitalizing commerce, industry, and manufacturing in such areas; and by providing to deserving borrowers financial assistance otherwise unavailable from conventional financial institutions. It also states that the Commonwealth of Pennsylvania will be involved in the management of Development Corporation through membership of the Pennsylvania Secretary of Commerce on the board of directors; that neither Development Corporation nor any of those to whom it offers its securities are motivated primarily by profit making prospects, but their interest is primarily one of civic responsibility and community service in fulfillment of the public purposes of the Pennsylvania Business Development Credit Corporation Law. The securities of Development Corporation will be sold only to banks and other knowledgeable business entities for whom, it is alleged, the protections of the Act are not designed, and, in addition, Development Corporation will be supervised by the State Department of Banking and is required to make annual reports of its condition to the Governor, Legislature, and Secretary of Banking.

Notice is further given that any interested person may, not later than April 22, 1964, at 5:30 p.m. submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C., 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Development Corporation. Proof of such service (by affidavit or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

By the Commission.

## DEPARTMENT OF LABOR

### Wage and Hour Division

#### CERTIFICATES AUTHORIZING EMPLOYMENT OF FULL-TIME STUDENTS WORKING OUTSIDE OF SCHOOL HOURS IN RETAIL OR SERVICE ESTABLISHMENTS AT SPECIAL MINIMUM WAGES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended, 29 U.S.C. 201 et seq.), the regulation on employment of full-time students (29 CFR Part 519), and Administrative Order No. 579 (28 F.R. 11524), the establishments listed in this notice have been issued special certificates authorizing the employment of full-time students working outside of school hours at hourly wage rates lower than the minimum wage rates otherwise applicable under section 6 of the act. The effective and expiration dates, type of establishment and total number of employees of the establishment are as indicated below. Pursuant to § 519.6(b) of the regulation, the minimum certificate rates are not less than 85 percent of the minimum applicable under section 6 of the Fair Labor Standards Act.

The following certificates were issued pursuant to paragraphs (c) and (g) of § 519.6 of 29 CFR, Part 519, providing for an allowance not to exceed the proportion of the total number of hours worked by full-time students at rates below \$1.00 an hour to the total number of hours worked by all employees in the establishment during the base period, or 10 percent, whichever is lesser, in occupations of the same general classes in which the establishment employed full-time students at wages below \$1.00 an hour in the base period.

The following certificate was issued to an establishment under paragraph (k) of § 519.6 of 29 CFR, Part 519. This certificate supplements the certificate issued pursuant to other paragraphs of that section, but does not authorize the employment of full-time students at rates below \$1.00 an hour in additional occupations. The certificate contains limitations on the percentage of full-time student hours of employment at rates below \$1.00 an hour to total hours of employment of all employees. The additional allowance applies to the specified month.

H & J Corp., d/b/a Ramey Super Market, No. 3, 1844 South Campbell, Springfield, Mo.; effective 3-13-64 to 9-2-64; between 1.0 percent and 5.0 percent for the months of March through September (food store; 35 employees).

Each certificate has been issued upon the representations of the employer which, among other things, were that employment of full-time students at special minimum rates is necessary to prevent curtailment of opportunities for employment, and the hiring of full-time students at special minimum rates will not tend to displace full-time employees. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in Part 528 of Title 29 of the Code of Federal Regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 519.9.

Signed at Washington, D.C. this 3d day of April 1964.

ROBERT G. GRONEWALD,  
Authorized Representative  
of the Administrator.

Grande, Ariz.; effective 3-30-64 to 9-29-64; 5 learners for plant expansion purposes (infants' cotton knit underwear, men's and boys' jockey briefs).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.9, as amended).

France Neckwear Manufacturing Co., 1217 South 13th Street, Wilmington, N.C.; effective 3-29-64 to 9-28-64; 5 percent of the total number of factory production workers for normal labor turnover purposes, in the occupation of sewing machine operator, hand sewer, presser, finishing operations involving hand sewing, each for a learning period

of 320 hours at the rates of not less than \$1.10 an hour for the first 160 hours, and not less than \$1.15 an hour for the remaining 160 hours (men's and boys' neckwear).

Each learner certificate has been issued upon the representations of the employer which, among other things, were that employment of learners at special minimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof

within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 522.9. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in 29 CFR Part 528.

Signed at Washington, D.C., this 3d day of April 1964.

ROBERT G. GRONEWALD,  
Authorized Representative  
of the Administrator.

PUBLIC PAPERS OF THE PRESIDENTS OF THE UNITED STATES

*John F. Kennedy, 1962*

1108 pages Price: \$9.00

Contains verbatim transcripts of the President's news conferences and speeches and full texts of messages to Congress and other materials released by the White House during the period January 1-December 31, 1962.

Among the 557 items in the book are: special messages to the Congress on education, national health needs, and foreign aid; reports to the American people concerning the state of the national economy, nuclear testing and disarmament, and the Cuban crisis; joint statements with leaders of foreign governments; and a special interview with representatives of the radio and television networks in which the President reviewed some of the highlights of his first 2 years in office.

A valuable reference source for scholars, reporters of current affairs and the events of history, historians, librarians, and Government officials.
