Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Tree Nuts), Department of Agriculture

[Valencia Orange Reg. 90]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 908.390 Valencia Orange Regulation 90.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908; 27 F.R. 10089), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found

that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 25, 1964.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., June 28, 1964, and ending at 12:01 a.m., P.s.t., July 5, 1964, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
 - (ii) District 2: 350,000 cartons;
 - (iii) District 3: Unlimited movement.
- (2) As used in this section, "handled," "handler," "District 1," "District 2," and "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

[Lemon Reg. 117]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.417 Lemon Regulation 117.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 27 F.R. 8346), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 23, 1964.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a.m., P.s.t.,

June 28, 1964, and ending at 12:01 a. m., P. s. t., July 5, 1964, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
 (ii) District 2: 372,000 cartons;
 (iii) District 3: Unlimited movement.
 (2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

[Lime Reg. 7, Amdt. 1]

PART 911—LIMES GROWN IN FLORIDA

Quality and Size Regulation

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 911, as amended (7 CFR Part 911), regulating the handling of limes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601-674), and upon the basis of the recommendations of the Florida Lime Administrative Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of limes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U. S. C. 1001-1011) in that the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than June 28, 1964. Shipments of Florida limes are currently regulated pursuant to Lime Regulation 7 (29 F. R. 7871) and, unless sooner terminated, will continue to be so regulated until July 22, 1964; determinations as to the need for, and extent of, continued regulation of Florida lime shipments must await the development of the crop and the availability of information on the demand for such fruit; the recommendations and supporting information for regulation of lime shipments subsequent to June 28, 1964, and in the manner herein provided, were promptly submitted to the Department after a telephone meeting of the Florida Lime Administrative Committee

on June 19, 1964, held to consider recommendations for regulation; the provisions of this amendment are identical with the aforesaid recommendations of the committee, and information concerning such provisions has been disseminated among handlers of Florida limes; it is necessary, in order to effectuate the declared policy of the act, to make this amendment effective as hereinafter set forth; and compliance with this amendment will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

It is, therefore, ordered that the provisions of paragraph (b) (1) of § 911.309 (Lime Regulation 7; 29 F. R. 7871) are hereby amended by renumbering subdivision (i) and (ii) as subdivision (ii) and (iii) respectively, and inserting the following new subdivision (i):

- (i) Any limes of the group known as true limes (also known as Mexican, West Indian, and Key limes and by other synonyms), grown in the production area, which do not meet the requirements of at least U. S. No. 2 grade for Persian (Tahiti) limes, except as to color; or

The provisions of this amendment shall become effective at 12:01 a. m., e. s. t., June 28, 1964.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U. S. C. 601-674)

Dated: June 23, 1964.

Director, Fruit and Vegetable Division, Agricultural Marketing Service.

PART 944—FRUIT; IMPORT REGULATIONS

Limes

§ 944.201 Lime Regulation 2.

(a) On and after 12:01 a. m., e. s. t., July 6, 1964, the importation into the United States of any limes is prohibited unless such limes are inspected and meet the following requirements:

(1) Such limes of the group known as true limes (also known as Mexican, West Indian, and Key limes and by other synonyms), meet the requirements of at least U. S. No. 2 grade for Persian (Tahiti) limes, except as to color;

(2) Such limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) grade at least U. S. Combination, Mixed Color;

(3) Such limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) are of a size not smaller than 1 1/8 inches in diameter: *Provided*, That not to exceed 10 percent, by count, of the limes in any container may fail to meet this requirement.

(b) The Federal or Federal-State Inspection Service, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, is hereby designated as the governmental inspection service for the purpose of cer-

tifying the grade, size, quality, and maturity of limes that are imported into the United States. Inspection by the Federal or Federal-State Inspection Service with appropriate evidence thereof in the form of an official inspection certificate, issued by the respective service, applicable to the particular shipment of limes, is required on all imports of limes. Such inspection and certification services will be available upon application in accordance with the rules and regulations governing inspection and certification of fresh fruits, vegetables, and other products (Part 51 of this title) but, since inspectors are not located in the immediate vicinity of some of the small ports of entry, such as those in southern California, importers of limes should make arrangements for inspection, through the applicable one of the following offices, at least the specified number of days prior to the time when the limes will be imported:

Ports	Office	Advance notice
All Texas points.	W. T. McNabb, 222 McClendon Building, Harlingen, Tex. (Phone, Garfield 3-5644) or James L. Williams, Room 516, U. S. Court House, El Paso, Tex. (Phone, Keystone 3-9351, Ext. 340).	1 day.
All New York points.	Edward J. Beller, 346 Broadway, Room 306, New York 13, N. Y. (Phone, Rector 2-8000, Ext. 807).	1 day.
All Arizona points.	R. H. Bertelson Room 202, Trust Building, Nogales, Ariz. (Phone, Atwater 7-3466).	1 day.
All Florida points.	Hubert S. Flynt, 775 Warner Street, P. O. Box 6697, Orlando, Fl. (Phone, Garden 2-2447) or Lloyd W. Boney, 1200 Northwest 21 Terrace, Room 5, Miami, Fla. (Phone, Franklin 1-6933).	1 day.
All California points.	Carley D. Williams, 294 Wholesale Terminal Building, 784 South Central Avenue, Los Angeles 21, Calif. (Phone, Madison 2-8756).	3 days.
All other points.	D. S. Matheson, Fruit and Vegetable Div., Agricultural Marketing Service U. S. Department of Agriculture, Washington, D. C., 20250 (Phone, Dudley 8-5870 and 4560).	3 days.

(c) Inspection certificates shall cover only the quantity of limes that is being imported at a particular port of entry by a particular importer.

(d) The inspection performed, and certificates issued, by the Federal or Federal-State Inspection Service shall be in accordance with the rules and regulations of the Department governing the inspection and certification of fresh fruits, vegetables, and other products (Part 51 of this title). The cost of any inspection and certifications shall be borne by the applicant therefor.

(e) Each inspection certificate issued with respect to any limes to be imported into the United States shall set forth, among other things:

- (1) The date and place of inspection;
- (2) The name of the shipper, or applicant;
- (3) The commodity inspected;

(4) The quantity of the commodity covered by the certificate;

(5) The principal identifying marks on the container;

(6) The railroad car initials and number, the truck and the trailer license number, the name of the vessel, or other identification of the shipment; and

(7) The following statement if the facts warrant: Meets U.S. import requirements under section 8e of the Agricultural Marketing Agreement Act of 1937, as amended.

(f) Notwithstanding any other provision of this section, any importation of limes which, in the aggregate, does not exceed 250 pounds, net weight, may be imported without regard to the restrictions specified herein.

(g) No provisions of this section shall supersede the restrictions or prohibitions on limes under the Plant Quarantine Act of 1912.

(h) Nothing contained in this section shall be deemed to preclude any importer from reconditioning prior to importation any shipment of limes for the purpose of making it eligible for importation.

(i) The terms relating to grade and diameter shall have the same meaning as when used in the United States Standards for Persian (Tahiti) Limes (§§ 51.1000-51.1016 of this title). Importation means release from custody of the United States Bureau of Customs.

It is hereby found that it is impracticable and contrary to the public interest to postpone the effective time of this regulation beyond that herein specified (5 U.S.C. 1001-1011) in that (a) the requirements of this import regulation are imposed pursuant to section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674; 75 Stat. 305), which makes such regulation mandatory; (b) the grade and size requirements of this import regulation are the same as those being made applicable to domestic shipments of limes under Lime Regulation 7 (§ 911.309; 29 F.R. 7871), as amended, which becomes effective June 28, 1964; (c) compliance with this import regulation will not require any special preparation which cannot be completed by the effective time hereof; (d) notice hereof in excess of three days, the minimum that is prescribed by section 8e, is given with respect to such regulation; and (e) such notice is hereby determined, under the circumstances, to be reasonable.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

PART 945—IRISH POTATOES GROWN IN CERTAIN DESIGNATED COUN- TRIES IN IDAHO AND MALHEUR COUNTY, OREGON

Limitation of Shipments

Findings. (a) Pursuant to Marketing Agreement No. 98 and Order No. 945, as

amended (7 CFR Part 945), regulating the handling of Irish potatoes grown in the production area defined therein, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and upon the basis of recommendations and information submitted by the Idaho-Eastern Oregon Potato Committee, established pursuant to the said marketing agreement and order, and other available information, it is hereby found that the limitation of shipments regulation as hereinafter established, limiting the grade, size, and quality of such potatoes will maintain orderly marketing conditions and tend to increase returns to producers of such potatoes.

(b) It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, and engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 1003) in that (1) current regulations (945.322 (7 CFR Part 945)) terminate on July 1, (2) shipments of 1963 crop potatoes are expected to continue into mid July and shipments of 1964 crop potatoes grown in the production area will begin in mid July, (3) to maximize benefits to growers, this regulation should apply to all shipments, (4) producers and handlers have operated under the marketing order since 1948, so special preparation on the part of handlers is not required, and (5) information regarding the committee's recommendation has been disseminated to producers and handlers in the production area.

§ 945.323 Limitation of shipments.

During the period from July 1, 1964, through July 17, 1965, no person shall handle any lot of potatoes unless such potatoes meet the requirements of paragraphs (a) and (b) of this section, or unless such potatoes are handled in accordance with paragraphs (c), (d), and (e) of this section.

(a) *Minimum quality requirements—*

(1) *Grade.* All varieties—U.S. No. 2, or better grade.

(2) *Size—(i) Round red varieties.* 1½ inches minimum diameter.

(ii) *All other varieties.* 2 inches minimum diameter or 4 ounces minimum weight.

(iii) *All varieties.* Size B if U.S. No. 1, or better grade.

(3) *Cleanliness—(i) Kennebec variety.* Not more than "slightly dirty."

(ii) *All other varieties.* "Generally fairly clean."

(b) *Minimum maturity requirements—*

(1) *White Rose variety.* "Moderately skinned" which means that not more than 10 percent of the potatoes in any lot may have more than one-half of the skin missing or "feathered."

(2) *All other varieties.* "Slightly skinned" which means that not more than 10 percent of the potatoes in any lot may have more than one-fourth of the skin missing or "feathered."

(3) *Exceptions.* (i) Subject to compliance with subdivision (iii) of this subparagraph, any lot of potatoes not exceeding a total of 50 hundredweight of each variety may be handled for any pro-

ducer without regard to the foregoing maturity requirements.

(ii) If an officially inspected lot of potatoes meets the foregoing maturity requirements but fails to meet the grade and size requirements, the lot may be regraded. If, after regrading, such lot then meets the grade and size requirements but fails to meet the maturity requirements, as indicated by the applicable Federal-State inspection certificate, such lot if not exceeding 100 hundredweight shall be exempt from the foregoing maturity requirements: *Provided*, That the handler complies with subdivision (iii) of this subparagraph.

(iii) Prior to each shipment of potatoes exempt from the foregoing maturity requirements, the handler thereof shall report to the committee the name and address of the producer of such potatoes, and each such shipment shall be handled as an identifiable entity.

(c) *Special purpose shipments.* (1) The minimum grade, size, cleanliness, and maturity requirements set forth in paragraphs (a) and (b) of this section shall not be applicable to shipments of potatoes for any of the following purposes:

- (i) Certified seed;
- (ii) Charity;
- (iii) Starch;
- (iv) Canning or freezing;
- (v) Dehydration;
- (vi) Experimentation.

(2) The minimum grade, size, cleanliness, and maturity requirements set forth in paragraphs (a) and (b) of this section shall be applicable to shipments of potatoes for each of the following purposes:

(i) *Export: Provided*, That potatoes of a size not smaller than 1½ inches in diameter may be shipped if the potatoes grade not less than U.S. No. 2; and

(ii) *Potato chipping or prepeeling: Provided*, That potatoes of a size not smaller than 1½ inches in diameter may be shipped if the potatoes grade not less than Idaho Utility, or Oregon Utility, grade.

(d) *Safeguards.* Each handler making shipments of potatoes for starch, canning or freezing, dehydration, experimentation, export, potato chipping, or for prepeeling pursuant to paragraph (c) of this section shall:

(1) First, apply to the committee for and obtain a Certificate of Privilege to make each shipment;

(2) Pay assessments on such shipment, except shipments for canning or freezing;

(3) Have each shipment inspected, except shipments for canning or freezing;

(4) Upon request by the committee, furnish reports of each shipment pursuant to the applicable Certificate of Privilege;

(5) At the time of applying to the committee for a Certificate of Privilege, or promptly thereafter, furnish the committee with a receiver's or buyer's certification that the potatoes so handled are to be used only for the purpose stated in the application and that such receiver will complete and return to the committee such periodic receiver's reports that the committee may require;

(6) Mail to the office of the committee a copy of the bill of lading for

each Certificate of Privilege shipment promptly after the date of shipment;

(7) Bill each shipment directly to the applicable processor or receiver.

(e) *Minimum quantity exception.* Each handler may ship up to, but not to exceed, 5 hundredweight of potatoes any day without regard to the inspection and assessment requirements of this part, but this exception shall not apply to any portion of a shipment that exceeds 5 hundredweight of potatoes.

(f) *Definitions.* The terms "U.S. No. 1," "U.S. No. 2," "Size B," "fairly clean," and "slightly dirty" shall have the same meaning as when used in the United States Standards for Potatoes (§§ 51.1540-51.1556 of this title), including the tolerances set forth therein. The term "generally fairly clean" means that at least 90 percent of the potatoes in a given lot are "fairly clean." The term "pre-peeling" means potatoes which are clean, sound, fresh tubers prepared commercially in a prepeeling plant by washing, removal of the outer skin or peel, trimming, and sorting preparatory to sale in one or more of the styles of peeled potatoes described in § 52.2422 (United States Standards for Grades of Peeled Potatoes, §§ 52.2421-52.2433 of this title). The terms "Idaho Utility grade" and "Oregon Utility grade" shall have the same meanings as when used in the respective standards for potatoes of the respective States. Other terms used in this section shall have the same meaning as when used in Marketing Agreement No. 98 and this part (Order No. 945), both as amended.

(g) *Applicability to imports.* Pursuant to section 608e-1 of the Act and § 980.1, "Import regulations" (7 U.S.C. 980.1), Irish potatoes imported into the United States during the period July 1 through September 30, 1964, shall meet the grade, size, quality and maturity requirements specified in paragraphs (a) and (b) of this section. From October 1, 1964, through June 30, 1965, imports of long varieties of potatoes shall meet the grade, size, quality, and maturity requirements applicable to long varieties specified in paragraphs (a) and (b) of this section. (Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601 et seq.)

Dated: June 23, 1964 to become effective July 1, 1964.

Chapter X—Agricultural Marketing Service (Marketing Agreements and Orders; Milk), Department of Agriculture

[Milk Order 48]

PART 1048—MILK IN GREATER YOUNGSTOWN-WARREN, OHIO, MARKETING AREA

Order Suspending Certain Provision

Pursuant to the provisions of the Agricultural Marketing Agreement Act of

1937, as amended (7 U.S.C. 601 et seq.), and of the order regulating the handling of milk in the Greater Youngstown-Warren, Ohio, marketing area (7 CFR Part 1048), it is hereby found and determined that:

(a) The following provision of the order no longer tends to effectuate the declared policy of the Act for the months of June and July 1964:

In § 1048.12(a)(1) the words "supply plants".

(b) Thirty days notice of the effective date hereof is impractical, unnecessary, and contrary to the public interest in that:

(1) This suspension order does not require of persons affected substantial or extensive preparation prior to the effective date.

(2) This suspension order is necessary to reflect current marketing conditions and to maintain orderly marketing conditions in the marketing area.

(3) This suspension will enable a Youngstown, Ohio, pool distributing plant, which also serves as an outlet for milk in excess of fluid needs, to continue to pool during June and July 1964. Presently, the plant is in danger of losing pool status because its receipts of surplus milk from other plants have become considerably greater than normal. These added receipts might cause the plant's utilization to fall below the 50 percent Class I required for pool status. This would disrupt the orderly marketing of milk by denying the farmers supplying the handler the benefit of the minimum prices provided by the order.

(4) Interested parties were afforded opportunity to file written data, views or arguments concerning this suspension (29 F.R. 7687). None were filed in opposition to the requested suspension.

Therefore, good cause exists for making this order effective upon publication in the FEDERAL REGISTER.

It is therefore ordered, That the aforesaid provision of the order is hereby suspended for the period of June and July 1964.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Effective date: Upon publication in the FEDERAL REGISTER.

Signed at Washington, D.C., on June 23, 1964.

GEORGE L. MEHREN,
Assistant Secretary.

Title 12—BANKS AND BANKING

Chapter I—Bureau of the Comptroller of the Currency, Department of the Treasury

PART 8—ASSESSMENT OF FEES; NATIONAL BANKS, DISTRICT OF COLUMBIA BANKS

This revision, issued pursuant to the authority contained in R.S. 5240, as amended, 12 U.S.C. 482; sec. 3, 47 Stat. 1566, 26 D.C. Code 102, prescribing the

assessment of fees upon National Banks and all banks located in the District of Columbia, is essentially a clarification of the presently existing schedule of assessments and does not impose new fees at variance with existing practice. For this reason, notice and delayed effectiveness are unnecessary and contrary to the public interest. Accordingly, this revision will be effective upon publication.

Part 8, Chapter I, Title 12, of the Code of Federal Regulations of the United States of America is revised to read as follows:

Sec.

- 8.1 Scope and application.
- 8.2 Semi-annual assessment rate.
- 8.3 Daily rate for investigations.
- 8.4 Filing fee for applications for approval of mergers.
- 8.5 Daily rate for extra examinations and examinations of affiliates.
- 8.6 Daily rate for trust examinations.
- 8.7 Daily rate for investigations of applications for trust powers.

AUTHORITY: The provisions of this Part 8 issued under R.S. 5240, as amended, 12 U.S.C. 482; sec. 3, 47 Stat. 1566, 26 D.C. Code 102.

SOURCES: Letter of Comptroller of the Currency to the Presidents of all National and District of Columbia Banks, December 8, 1961. Directives of October 2, 1962, March 22, 1963, and October 21, 1963, to Regional Comptrollers of the Currency.

§ 8.1 Scope and application.

The assessments contained in this part are made pursuant to the authority contained in R.S. 5240, as amended, 12 U.S.C. 482, and in section 3, 47 Stat. 1566, 26 D.C. Code 102.

§ 8.2 Semi-annual assessment rate.

The semi-annual assessment rate is a basic assessment of \$100 plus four cents per \$1,000 of total assets.

§ 8.3 Daily rate for investigations.

The assessment rate for investigations of applications for new banks, or new branches of banks, or changes in locations of branches is \$100 a day for each Examiner. The same assessment rate applies to miscellaneous investigations.

§ 8.4 Filing fee for applications for approval of mergers.

A filing fee of \$500 is assessed for each application for approval of a merger, consolidation, or purchase of assets and assumption of liabilities.

§ 8.5 Daily rate for extra examinations and examinations of affiliates.

The assessment rate for extra examinations and for examinations of affiliates is \$100 a day for each Examiner and \$50 a day for each Assistant Examiner.

§ 8.6 Daily rate for trust examinations.

The assessment rate for trust examinations is \$100 a day for each Representative in Trusts and \$50 a day for each Associate or Assistant in Trusts, but no charge shall be made for Associates or Assistants in Trusts who have been in the employ of the Office of the Comptroller of the Currency for less than three months. The assessment rate for a trust examination conducted by an Associate in Trusts is \$50 a day. The minimum assessment rate for the examination of a trust department is \$25.

§ 8.7 Daily rate for investigations of applications for trust powers.

The assessment rate for investigations of applications for trust powers is \$100 a day for each Representative in Trusts, plus the expenses of each Representative in Trusts.

Date: June 23, 1964.

Chapter V—Federal Home Loan Bank Board

SUBCHAPTER B—FEDERAL HOME LOAN BANK SYSTEM

[No. 18,231]

PART 523—MEMBERS OF BANKS Reports

JUNE 24, 1964.

Resolved that, notice and public procedure having been duly afforded (29 F.R. 6566), and all relevant material presented or available having been considered by it, the Federal Home Loan Bank Board, upon the basis of such consideration and of determination by it of the advisability of amendment of § 523.15 of the regulations for the Federal Home Loan Bank System (12 CFR 523.15) to require semiannual reports from member institutions, and for the purpose of effecting such amendment, hereby amends said § 523.15 to read as follows, effective June 29, 1964:

§ 523.15 Reports.

Each member shall make a semiannual report of its affairs as of the end of each half of its fiscal year, on forms prescribed by the Board. The original of each such report shall be forwarded to the Federal Home Loan Bank Board, Washington, D.C., and one copy shall be forwarded to the member's Bank, within 30 days following the date as of which the report is made. A savings bank may comply with the requirements of this section with respect to forms of reports by furnishing copies of the reports which such savings bank regularly makes to the Federal Deposit Insurance Corporation or to the State supervisory authority and by furnishing to the Bank as of December 31 of each year such additional information as the Bank requires pursuant to the provisions of § 523.5 with respect to minimum stock subscription.

(Sec. 17, 47 Stat. 736, as amended; 12 U.S.C. 1437, Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1947 Supp.)

Resolved further that, since, effective June 29, 1964, the Board is requiring institutions insured by the Federal Savings and Loan Insurance Corporation to file semiannual reports, and since, in the opinion of the Board, it is advisable to insure that comparable reports covering the same period are submitted to the Board by member institutions, the Board hereby finds that deferral of the effective date of the above amendment to § 523.15 for the period specified in section 4(c) of

the Administrative Procedure Act would be contrary to the public interest, and hereby provides that said amendment shall become effective as hereinbefore set forth.

By the Federal Home Loan Bank Board.

[No. 18,233]

PART 545—OPERATIONS

Repeal of Regulation Requiring Annual Report

JUNE 24, 1964.

Resolved that the Federal Home Loan Bank Board, upon the basis of consideration by it of the advisability of the repeal hereinafter set forth, and for the purpose of effecting such repeal, hereby repeals, effective July 29, 1964, § 545.21 of the rules and regulations for the Federal Savings and Loan System (12 CFR 545.21).

(Sec. 5, 48 Stat. 132, as amended; 12 U.S.C. 1464, Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1947 Supp.)

Resolved further that, as the foregoing repeal relieves restriction and eliminates the requirement contained in the rules and regulations for the Federal Savings and Loan System for the submission of an annual report as of December 31 of each year, the Board hereby finds that notice and public procedure on said repeal are unnecessary under § 508.12 of the general regulations of the Federal Home Loan Bank Board (12 CFR 508.12) and section 4(a) of the Administrative Procedure Act.

By the Federal Home Loan Bank Board.

SUBCHAPTER D—FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION

[No. FSLIC-1,841]

PART 563—OPERATIONS

Reports

JUNE 24, 1964.

Resolved that, notice and public procedure having been duly afforded (29 F.R. 6567, 7030), and all relevant material presented or available having been considered by it, the Federal Home Loan Bank Board, upon the basis of such consideration and of determination by it of the advisability of amendment of § 563.18 of the rules and regulations for Insurance of Accounts (12 CFR 563.18) to require semiannual as well as monthly reports from all institutions insured by the Federal Savings and Loan Insurance Corporation, and for the purpose of effecting such amendment, hereby amends said

§ 563.18 to read as follows, effective June 29, 1964:

§ 563.18 Reports to the Corporation.

Each insured institution shall make a semiannual report of its affairs as of the end of each half of its fiscal year, on forms prescribed by the Corporation. The original of each such report shall be forwarded to the Corporation, Washington, D.C., and one copy shall be forwarded to the Federal home loan bank of which the institution is a member within 30 days following the date as of which the report is made. An insured institution which files the reports required by § 523.15 thereby meets the requirements of the first two sentences of this section. The officers of each insured institution shall make a monthly report to the board of directors on forms prescribed by the Corporation, copies of which shall be filed as follows: One copy shall be forwarded to the Federal home loan bank of the district in which the insured institution is located and two copies to the Corporation, Washington, D.C.

(Secs. 402, 403, 48 Stat. 1256, 1257, as amended; 12 U.S.C. 1725, 1726, Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1947 Supp.)

Resolved further that, since semiannual reports from insured institutions are necessary in order to determine and insure compliance with amended regulations relating to reserves of insured institutions which become effective on June 29, 1964, the Board hereby finds that deferral of the effective date of the above amendment to § 563.18 for the period specified in section 4(c) of the Administrative Procedure Act would be contrary to the public interest, and hereby provides that said amendment shall become effective as hereinbefore set forth.

By the Federal Home Loan Bank Board.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

[Airspace Docket No. 63-SO-18]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

Alteration of Control Zone and Transition Area and Revocation of Control Area Extension

On July 18, 1963, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 7352) stating that the Federal Aviation Agency (FAA) proposed to alter the Knoxville, Tenn., control zone, revoke the Knoxville control area extension, and designate the Crossville, Tenn., Rockwood, Tenn., and Morristown, Tenn., transition areas. On October 17, 1963, a Supplemental Notice of Proposed Rule Making was published

in the FEDERAL REGISTER (28 F.R. 11140) amending the original proposal.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. Due consideration was given to all relevant matter presented.

Comments were received from the Air Transport Association of America (ATA) and the Aircraft Owners and Pilots Association (AOPA).

The ATA concurred with actions proposed. The AOPA concurred with the alterations of the Knoxville control zone and the transition area proposed at Morristown, Tenn. The AOPA also concurred with the portion of the Crossville, Tenn., transition area surrounding the Crossville Airport and the portion of this transition area extending as far as the Crossville VORTAC. For that portion of the Crossville transition area proposed southeast of the Crossville VORTAC, the AOPA recommended a 4,000 foot MSL floor be established in lieu of the floor as 700 feet above the surface proposed in the notice. The AOPA stated that the transition area proposed at Rockwood, Tenn., appeared to have a diameter larger than necessary and recommended that the radius be reduced from 10 to 7 miles. The AOPA also stated they could not verify the requirement for the 700-foot floor transition area having a 21-mile radius and which surrounds the McGhee-Tyson Airport as proposed for the Knoxville transition area based on either arrival or departure aircraft movements. The AOPA also questioned the need for the portion of this transition area proposed with a floor of 1,200 feet above the surface beyond an approximate distance of 25 miles from the airport. In summary, the AOPA concluded that another review of requirements beyond 25 miles be conducted in order to determine if higher MSL floors could be designated in place of the 1,200-foot floor area recommended in the notices.

The FAA has studied each of the objections submitted by the AOPA and has determined that:

1. The portion of the Crossville transition area southeast of the Crossville VORTAC is required to protect aircraft executing the prescribed Crossville VOR instrument approach procedure. The procedure turn portion of this approach is conducted over terrain which rises to 3,048 feet MSL. The 4,000 foot floor suggested by AOPA would not provide the necessary protection for the VOR procedure turn altitude which is presently established at 4,000 feet. A floor of 3,700 feet MSL would be satisfactory, however. This altitude is synonymous with the 700-foot floor recommended in the Notice. For the purpose of uniformity and portraiture, it is the opinion of the FAA that above the surface altitudes in the area southeast of the Crossville VORTAC should be designated as proposed in the Notice.

2. The requirement for the 700-foot floor transition area within a 10-mile radius at Rockwood is based on the application of FAA climb criteria over terrain which rises from a low of 2,000 feet MSL within 5 miles of the airport to a

high of 2,950 feet MSL 10 miles west of the Rockwood Municipal Airport.

3. The requirement for the 700-foot transition area with a 21-mile radius at Knoxville is based on application of FAA climb criteria and air traffic control radar vectoring procedures in the area surrounding the McGhee-Tyson Airport. The McGhee-Tyson Airport is geographically situated within mountainous terrain which rises to more than 6,000 feet MSL within 35 miles of the airport. By application of FAA climb criteria, aircraft departing McGhee-Tyson Airport reach an altitude of 1,200 feet above the terrain, which rises to 2,700 feet MSL at a distance of 21 miles from the lift-off end of the runway. Additional airspace with a floor of 700 feet above the surface is required northwest of the 21-mile radius area for the protection of aircraft climbing over terrain which rises to 3,390 feet MSL. The proposed areas with floors of 1,200 feet above the surface southwest, northwest and northeast of the McGhee-Tyson Airport are required for the protection of aircraft which are holding and for military turbojet arrival and departure movements. Raising the floor of the proposed 1,200-foot transition area above the surface to MSL floors beyond 25 miles of Knoxville would have an adverse effect on the instrument operations conducted within the Knoxville terminal area. Additionally, for the purpose of uniformity and portraiture, it is the opinion of the FAA that MSL floor altitudes should not be intermixed with above the surface altitudes unless a significant benefit to VFR pilots can be obtained. Therefore, with respect to comments submitted by the AOPA, action is taken herein in accordance with the proposals presented in the Notices.

In consideration of the foregoing and for the reasons stated in the Notices, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t., August 20, 1964, as hereinafter set forth.

1. In § 71.171 (29 F.R. 1101), the Knoxville, Tenn., control zone is amended to read:

Knoxville, Tenn.

Within a 5-mile radius of the McGhee-Tyson Airport, Knoxville, Tenn. (latitude 35°48'40" N., longitude 83°59'35" W.), within 2 miles each side of the Knoxville ILS localizer SW course, extending from the 5-mile radius zone to 6 miles SW of the airport, within 2 miles each side of the Knoxville VORTAC 220° radial, extending from the 5-mile radius zone to the VORTAC, and within 2 miles each side of the 045° bearing from the Knoxville RBN, extending from the 5-mile radius zone to 6 miles NE of the RBN.

2. Section 71.181 (29 F.R. 1160) is amended by adding the following:

Knoxville, Tenn.

That airspace extending upward from 700 feet above the surface within a 21-mile radius of McGhee-Tyson Airport, Knoxville, Tenn. (latitude 35°48'40" N., longitude 83°59'35" W.), within the area NW of Knoxville extending from the 21-mile radius area bounded on the SW by a line 5 miles S of and parallel to the Knoxville VORTAC 290° radial, on the NW by the arc of a 27-mile radius circle centered on the McGhee-Tyson Airport, and on the NE by a line 5 miles SW of and parallel to the Knoxville VORTAC 321°

radial; and that airspace extending upward from 1,200 feet above the surface within the area NE of Knoxville bounded on the NW by V-97 E alternate, on the NW by a line extending from the E boundary of V-97E through latitude 36°35'50" N., longitude 83°36'00" W., to latitude 36°33'10" N., longitude 83°28'00" W., to latitude 36°36'10" N., longitude 83°25'25" W., through latitude 36°29'00" N., longitude 83°11'15" W. to the NW boundary of V-16 N alternate, and on the SE by V-16N; within the area SE of Knoxville within 5 miles each side of the Knoxville VORTAC 130° radial, extending from the 21-mile radius area to 35 miles SE of the VORTAC; within the area W and SW of Knoxville bounded by a line beginning at latitude 36°10'35" N., longitude 84°31'40" W., thence clockwise along the arc of a 40-mile radius circle centered on the Knoxville VORTAC to the W boundary of V-97, thence S along V-97 to V-51 E alternate, thence NW along V-51E to a line 12 miles S of and parallel to the Crossville, Tenn., VORTAC 064° and 244° radials, thence W along this line to a line 16 miles NW of and parallel to the Chattanooga, Tenn., VORTAC 037° radial, thence NE along this line to a line 8 miles NE of and parallel to the Crossville VORTAC 154° and 334° radials, thence NW along this line to latitude 35°54'35" N., longitude 84°53'50" W., thence to latitude 36°14'00" N., longitude 84°41'40" W., thence to the point of beginning; and that airspace extending upward from 7,500 feet MSL within the area SE of Knoxville bounded on the N by the arc of a 21-mile radius circle centered on the McGhee-Tyson Airport, on the E by a line 5 miles E of and parallel to V-267 E alternate, on the S by latitude 35°26'15" N., and on the W by V-267E; and within the area S of Knoxville bounded on the E by V-267, on the S by latitude 35°12'00" N., and on the W by V-97.

Crossville, Tenn.

That airspace extending upward from 700 feet above the surface within a 6-mile radius of Crossville Memorial Airport (latitude 35°57'05" N., longitude 85°05'05" W.), within 2 miles each side of the Crossville VORTAC 334° radial, extending from the 6-mile radius area to the VORTAC, and within 8 miles NE and 5 miles SW of the Crossville VORTAC 154° radial, extending from the VORTAC to 12 miles SE, excluding the area SE of a line 16 miles NW of and parallel to the Chattanooga, Tenn., VORTAC 037° radial.

Rockwood, Tenn.

That airspace extending upward from 700 feet above the surface within a 10-mile radius of the Rockwood Municipal Airport (latitude 35°55'15" N., longitude 84°41'25" W.), and within 8 miles SW and 5 miles NE of the 120° bearing from latitude 35°55'17" N., longitude 84°41'27" W., extending from the 10-mile radius area to 12 miles SE of latitude 35°55'17" N., longitude 84°41'27" W., excluding the portion bounded on the NE by a line 8 miles SW of and parallel to the 120° bearing from latitude 35°55'17" N., longitude 84°41'27" W., and on the NW by a line 16 miles NW of and parallel to the Chattanooga, Tenn., VORTAC 037° radial.

Morristown, Tenn.

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Moore-Murrell Field, Morristown, Tenn. (latitude 36°10'55" N., longitude 83°22'20" W.), and within 8 miles S and 5 miles N of the 240° bearing from latitude 36°11'00" N., longitude 83°22'00" W., extending from latitude 36°11'00" N., longitude 83°22'00" W., to 12 miles SW.

3. In § 71.163 (29 F.R. 1073) revoke the Knoxville, Tenn., control area extension.

(Sec. 307(a) of the Federal Aviation Act of 1958; 49 U.S.C. 1348)

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Controlled Airspace

The purpose of this amendment to Part 71 [New] of the Federal Aviation Regulations is to revoke the Dupree, S. Dak., transition area. The associated holding procedure has been canceled and there is no longer any air traffic control requirement for the transition area at Dupree.

Since this amendment imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may be made effective immediately.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective immediately, as hereinafter set forth:

In § 71.181 (29 F.R. 1160), the Dupree, S. Dak., transition area is revoked.

(Sec. 307(a) of the Federal Aviation Act of 1958; 49 U.S.C. 1348)

[Airspace Docket No. 64-EA-14]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Controlled Airspace

On April 2, 1964 a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 4742) stating that the Federal Aviation Agency proposed to alter the Lancaster, Pa., transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t. August 20, 1964, as hereinafter set forth.

In § 71.181 (29 F.R. 1160), the Lancaster, Pa., transition area is amended as follows:

Lancaster, Pa.

That airspace extending upward from 1,200 feet above the surface, within 12 miles NE and 8 miles SW of the West Chester, Pa., VORTAC 288° radial, extending from 9 miles NW to 41 miles NW of the VORTAC, and within the area SE of the Lancaster, Pa., VOR bounded on the SE by V-3, on the W by V-93 and on the N by a line 8 miles S of and parallel to the West Chester VORTAC

288° radial, excluding the airspace within Federal airways and the New York control area extension.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Alteration of Federal Airways; Revocation of Reporting Point

On March 7, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 3162) stating that the Federal Aviation Agency proposed to revoke Alaskan VOR Federal airway No. 436 segment from Anchorage, Alaska, to the Peters Creek, Alaska, Intersection and designate a standard west alternate segment to Alaskan VOR Federal airway No. 438 from Anchorage to Talkeetna, Alaska.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. No comments were received.

Although not mentioned in the notice, the Peters Creek, Alaska, Intersection, low altitude reporting point associated with the segment of V-436 proposed for revocation is no longer required for air traffic control purposes. Accordingly, action is taken herein to revoke this reporting point.

Since this action is minor in nature and will impose no additional burden on any person, notice and public procedure hereon are unnecessary.

The substance of the proposed amendments having been published and for the reasons stated herein and in the notice, the following actions are taken:

1. Section 71.125 (29 F.R. 253, 1046) is amended as follows:

a. In V-436 "Anchorage; to INT of Anchorage 347° radial and Skwentna, Alaska, RR NE course." is deleted and "to Anchorage, Alaska." is substituted therefor.

b. In V-438 "Talkeetna, Alaska;" is deleted and "Talkeetna, Alaska, including a W alternate;" is substituted therefor.

2. Section 71.211 (29 F.R. 1228) is amended by deleting "Peters Creek INT: INT Anchorage, Alaska, 347° radial, NE course Skwentna, Alaska, RR."

These amendments shall become effective 0001 e.s.t., August 20, 1964.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Revocation of Transition Area

The purpose of this amendment to Part 71 [New] of the Federal Aviation Regulations is to revoke the Kremmling, Colo., transition area. This transition area is no longer required for air traffic control purposes.

Since this amendment imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may be made effective immediately.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective immediately, as hereinafter set forth.

In § 71.181 (29 F.R. 1160) the Kremmling, Colo., transition area is revoked. (Sec. 307(a) of the Federal Aviation Act of 1958; 49 U.S.C. 1348)

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

PART 75—ESTABLISHMENT OF JET ROUTES [NEW]

Federal Airways and Jet Routes

The purpose of these amendments to Parts 71 and 75 [New] of the Federal Aviation Regulations is to change the name of the El Centro, Calif., VORTAC to Imperial, Calif., VORTAC, and to amend references pertinent thereto.

Since these amendments are editorial in nature and impose no additional burden on any person, notice and public procedure hereon are unnecessary, and they may become effective without regard to the 30-day statutory period preceding effectiveness.

In consideration of the foregoing, Parts 71 and 75 [New] of the Federal Aviation Regulations are amended, effective 0001 e.s.t., September 17, 1964, as hereinafter set forth.

1. In § 71.123 (28 F.R. 11533, 29 F.R. 1009), V-66, V-117 and V-458 are amended by deleting all references to "El Centro, Calif.," and substituting "Imperial, Calif." therefor.

2. In § 71.171 (29 F.R. 1101) the El Centro, Calif., control zone is amended by deleting references to "El Centro VORTAC" and substituting "Imperial VORTAC" therefor.

3. In § 71.181 (29 F.R. 1160) the El Centro, Calif., transition area is amended by deleting references to the "El Centro VORTAC" and substituting "Imperial VORTAC" therefor.

4. In § 71.203 (29 F.R. 1211) the "El Centro, Calif." reporting point is changed to "Imperial, Calif." reporting point.

5. In § 75.100 (29 F.R. 1287), J-2 and J-18 are amended by deleting all references to "El Centro, Calif." and substituting "Imperial, Calif." therefor.

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

SUBCHAPTER D—TRADE REGULATION RULES

PART 405—MISBRANDING AND DECEPTION AS TO LEATHER CONTENT OF WAIST BELTS

The Federal Trade Commission, pursuant to the Federal Trade Commission Act, as amended, 15 U.S.C. 41, et seq., and the provisions of Subpart F, Part 1 of the Commission's procedures and rules of practice, 28 F.R. 7083-84 (July 1963), has conducted a proceeding for the promulgation of a Trade Regulation Rule regarding misbranding and deception as to the leather content of men's, boys', women's and children's belts. Notice of this proceeding, including a proposed rule, was published in the FEDERAL REGISTER on November 27, 1963 (28 F.R. 12630). Interested parties were thereafter afforded opportunity to participate in the rulemaking proceeding through the submission of written data, views and arguments concerning the proposed rule and to orally express their views at a public hearing held for the purpose and to suggest amendments, revisions and additions thereto.

The Commission has now considered all relevant matters of fact, law, policy and discretion, and the data, views and arguments presented by all interested parties in this proceeding, and has determined that the Trade Regulation Rule set forth herein is in the public interest and should be adopted.

Sec.

405.1 Character of the deception.

405.2 Contentions regarding terminology for split leather.

405.3 Application of the rule to women's and children's belts.

405.4 The rule.

AUTHORITY: The provisions of this Part 405 issued under 38 Stat. 717, as amended; 15 U.S.C. 41-58.

§ 405.1 Character of the deception.

(a) Manufacturers and distributors of men's, boys', women's and children's belts have engaged in the practice of selling certain belts in commerce, as "commerce" is defined in the Federal Trade Commission Act, without adequate disclosure of facts concerning the actual composition thereof or any disclaimer that the product is leather, and have

misbranded or otherwise misrepresented the content of such belts. The misbranding or deception in question has involved belts manufactured from split leather, leather fibers or dust, imitation leather or other non-leather material having the appearance of leather, and leather which has been processed or otherwise finished to simulate or resemble the appearance of a different kind of leather.

(b) Some affected parties have urged that the rule should not require affirmative disclosure with respect to the content of waist belts in the absence of any mismarking or mislabeling thereof. This contention is rejected for the reason that it is well settled that deception which is harmful to the business community and the consuming public can result from the misleading appearance of a product in the absence of an affirmative disclosure as to its actual composition or a disclaimer that it is leather.

§ 405.2 Contentions regarding terminology for split leather.

(a) Several industry members, who utilize split leather primarily in the manufacture of belts for the lower priced market, and their trade association have urged that the word "split" has a derogatory connotation in the trade and that in its place they should be permitted either to use the word "leather", without qualification, to describe such belts or to employ the term "flesh-side" instead of "split". It is argued that the consuming public would be adequately protected if the rule so provided. However, many consumers believe that the word "leather" without qualification, means top grain leather. Moreover, the precise meaning of the term "flesh-side" has not become sufficiently established to be generally accepted even among the trade and it is evident that its use at the retail level would only serve to confuse and mislead the consumer.

(b) On the basis of the foregoing, the Commission concludes that the practices described herein have the capacity and tendency to mislead and deceive purchasers and prospective purchasers of waist belts and to divert business from competitors who clearly and properly describe and label such products. The Commission further concludes that these practices are violative of section 5 of the Federal Trade Commission Act, and that the public interest in preventing their use is specific and substantial.

§ 405.3 Application of the rule to women's and children's belts.

Some industry members expressed the view that all women's belts should be excluded from the proposed rule because many such belts are sold as part of a garment, rather than independently. This contention ignores the fact that very substantial quantities of women's belts are sold singly and not as part of a garment and thus affords no basis for excluding all women's belts from the application of the rule. Upon careful consideration the Commission has concluded that in the public interest the deception here involved would be removed by providing for the marking, tagging or labeling of women's and children's belts

when sold separately, in accordance with the provisions of the rule.

§ 405.4 The rule.

Accordingly, for the purpose of preventing such unlawful practices, the Commission hereby promulgates as a Trade Regulation Rule, its conclusions and determination that in connection with the sale or offering for sale of men's and boys' belts, and women's and children's belts when not offered for sale as part of a garment, in commerce, as "commerce" is defined in the Federal Trade Commission Act, it constitutes an unfair method of competition and an unfair and deceptive act or practice to:

(a) Represent, directly or by implication, in advertising, labeling, marking or otherwise:

(1) That a belt which is not made from the hide or skin of an animal is leather (e.g., words such as "leather," "hide" or "skin," or depictions, symbols or other words or terms indicative of leather, shall not be used to describe a belt not made from the hide or skin of an animal); or

(2) That a belt is made of leather when such belt is composed of ground, pulverized or shredded leather. This provision shall not be construed as prohibiting the use of terms such as "shredded leather fibers" or "pulverized leather," as the case may be, to describe the composition of belts; or

(3) That a belt made of split leather is "genuine cowhide," "finished cowhide," "alligator" or "leather," or use any other term which may indicate that it is composed of top grain leather. Belts composed of split leather shall be described or marked "split leather;" or

(4) That a belt is made from a specified animal hide or skin when such is not the fact (e.g., cowhide shall not be represented as "alligator" or "Morocco"); or

(5) That a belt is made wholly of a certain kind of leather or other specified material when in fact it is composed only in part of such leather or other material.

(b) Sell or distribute belts which have the appearance of leather, but which are made of split leather or ground, pulverized or shredded leather or of non-leather material, unless disclosure is made on the product or on a tag or label affixed thereto of the composition of the product (e.g., "split leather" or "leather fibers" or "plastic," as the case may be) or of the fact that the product is not leather (e.g., "imitation leather").

(c) Sell or distribute belts made of leather or split leather which has been embossed, dyed or otherwise processed so as to have the appearance of a different kind of leather, unless disclosure is made on the product or on a tag or label affixed thereto of the kind of leather or split leather of which the belts are composed. For example, a belt composed of cowhide embossed or otherwise processed to simulate alligator could be described as "cowhide" or "cowhide embossed to simulate alligator," and a belt composed of split cowhide processed to simulate pigskin grain could be described as "split cowhide" or "split cowhide with simulated pigskin grain."

(d) Sell or distribute belts having an outer surface of leather or other material, which are backed with a different kind of leather or non-leather material having the appearance of leather, unless disclosure is made on the product or on a tag or label affixed thereto of the kind or type of leather used in the backing or of the fact that the backing is of non-leather material, as the case may be.

Effective date of the rule. The Commission has carefully considered requests by affected parties that in the event a rule of this nature is promulgated, a reasonable period of time be allowed in order to afford them the opportunity to bring their marking, packaging and advertising into conformity with the provisions of the rule. Accordingly, with respect to all forms of advertising and sales promotional material including printed matter, radio and television, except annual catalogs already issued, this rule will become effective on August 26, 1964. With respect to the marking and packaging of belts, and advertising or promotional material contained in annual catalogs already issued, this rule will become effective on January 1, 1965.

Promulgated: June 27, 1964.

By the Commission.

[SEAL] JOSEPH W. SHEA,
Secretary.

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

ADHESIVES

The Commissioner of Food and Drugs, having evaluated the data submitted in petitions filed by The Dow Chemical Company, Midland, Michigan, 48640, (FAP 1394); and Interchemical Corporation, P.O. Box 8, Carlstadt, New Jersey (FAP 1402); and other relevant material, has concluded that the food additive regulations (21 CFR § 121.2520) should be amended to provide for the use of additional substances as components of food-packaging adhesives. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90; 29 F.R. 471), paragraph (c) (5) of § 121.2520 *Adhesives* is amended by inserting alphabetically in the list "Components of Adhesives" the following new items:

Bicyclo[2.2.1]hept-2-ene-6-methyl acrylate.
Sodium dodecylphenoxybenzene sulfonate.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1))

RESINOUS AND POLYMERIC COATINGS

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition (FAP 1361) filed by Union Carbide Corporation, 270 Park Avenue, New York 17, New York, and other relevant material, has concluded that the food additive regulations should be amended to provide for the use of lithium salts as driers in resinous and polymeric coatings intended for use as the surface of articles that will contact food. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 USC 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90; 29 F.R. 471), paragraph (b) (3) (xxii) (a) of § 121.2514 *Resinous and polymeric coatings* is amended by inserting alphabetically therein the new item "Lithium".

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Chapter VII—Department of the Air Force

SUBCHAPTER W—AIR FORCE PROCUREMENT INSTRUCTION

MISCELLANEOUS AMENDMENTS TO SUBCHAPTER

Subchapter W of Title 32 is amended as follows:

PART 1001—GENERAL PROVISIONS

Subpart C—General Policies

In § 1001.305-52 revise paragraphs (c) (1) (ii) and (d) (2) (1) to read as follows:

§ 1001.305-52 Amendment of delivery schedules in supply or research and development contracts.

(c) * * *
(1) * * *

(ii) Spare parts, aerospace ground equipment, and training parts exhibits which are made a part of the contract by means of a supplemental agreement signed by the ACO.

(d) * * *
(2) * * *

(i) When concurrence is indicated and the administrative offices (production and ACO) have recommended delivery schedule changes, the PCO will, within 10 work days, forward the findings, etc., to the appropriate staff judge advocate for an opinion as to the legality of the proposed amendment. The original of the staff judge advocate's opinion will be returned directly to the PCO with copies to the ACO and to the production activity. When the ACO has recommended default termination or issuance of a "delinquency notice" letter according to Subpart F, Part 1008 of this subchapter, signed copies of the PCO's proposed action will also be forwarded to the cognizant local readjustment activity and to AFSC (SCKAA). When the ACO has not concurred in proposed action, justification for proposed action by the PCO will be included in notification to the administrative offices and will cover the reasons advanced by the ACO.

Subpart J—Publicizing Procurement Actions

§ 1001.1004-1 [Deleted]

Delete § 1001.1004-1.

PART 1003—PROCUREMENT BY NEGOTIATION

Subpart I—Subcontracting Policies and Procedures

§ 1003.903-2 [Amended]

1. In § 1003.903-2, the symbol "(SCKAA)" at the end of paragraph (f) is changed to "(SCK-3)."

2. In § 1003.903-3(a) revise subparagraph (4) to read as follows:

§ 1003.903-3 Approval of purchasing system.

(a) * * *

(4) See Subparts G and H, Part 1 of this title and Subpart H, Part 1001 of this subchapter, regarding DoD and AF policy respecting subcontracting with small business and labor surplus concerns. The PMA in his continual surveillance of the contractor's purchasing system will secure technical guidance and information from the cognizant AF small business specialist when making the appraisal as to the effectiveness of the contractor's practices. The purchase methods analysts will advise the cognizant AF small business specialist when a "Purchase System Review" or "Annual Surveillance Report" is to be made and request the AF small business specialist, during the time of the review to examine in the contractor's plant the practices of the contractor in the Small Business and Labor Surplus Area Program (see paragraph (d) of this section). The findings and conclusions of the AF small business specialist will be incorporated in the report. The Contract Management Region Purchase Methods Evaluation Panel, during their evaluation of purchasing systems according to paragraph (d) of this section, will determine whether the contractor's purchasing system conforms to the requirements of §§ 1.707 and 1.805 of this title.

4. Section 1003.903-54 is redesignated § 1003.903-53, and in paragraph (d) the reference is changed to read: "§ 1003.903-54(b)."

§ 1003.903-55 [Redesignated; amended]

5. Section 1003.903-55 is redesignated § 1003.903-54, and the first reference in paragraph (b) is changed to "§ 1003.903-53."

PART 1006—FOREIGN PURCHASES

Subpart E—Canadian Purchases

Revise §§ 1006.554 (b) and (d) and 1006.555 (b) and (c) as follows:

§ 1006.554 Research contracts with Canadian educational institutions.

(b) Unsolicited research proposals received from Canadian institutions involving basic research will be forwarded to OAR (SRGP). Those involving exploratory development, advance engineering or advance development will be forwarded to AFSC (SCKPP).

(d) Requests for proposals involving United States classified defense information will be forwarded to Hq AFSC (SCL-21) for action.

§ 1006.555 Solicitation of Canadian sources for research and development procurements.

(b) It is AF policy to consider for solicitation qualified Canadian sources on an equal basis with qualified United States sources for the placement of Research and Development contracts. Such solicitation will include areas that may be agreed upon from time to time where it is evident that mutual benefit will accrue.

(c) Solicitation for the placement of such contracts should be made at a point in the research and development cycle at which the Air Force has an approved technical requirement necessitating the establishment of a research and development project which is normally assigned to and monitored by an AFSC division.

PART 1007—CONTRACT CLAUSES

Subpart F—Clauses for Fixed Price Construction Contracts

Revise § 1007.650-18(b) as follows:

§ 1007.650-18 Rates of wages.

(b) * * *

When construction work is to be accomplished at Patrick AFB and Cape Kennedy, or elsewhere in Brevard County as described in the clause in § 12.403-5(c) of this title, SP 1-18 should be changed to read as follows:

Subpart NN—Special Clauses

In § 1007.4048 add the following paragraph (d) to the clause, as follows:

§ 1007.4048 Safety precautions for all types of dangerous materials.

(d) Insofar as applicable to contract or subcontract work or service hereunder, requirements of the following exhibits are hereby invoked: MIL-STD's 129C, 130A, 444 and 709; MIL-A-9836, MIL-L-9835 and 9931; AF TO 11A-1-47, AF TO 11 A15-1 series; ICC regulations T. C. George's Tariff No. 15, Fround's Tariff No. 10, Motor Carrier Explosives and Dangerous Articles Tariff, Restricted Articles Tariff No. 6C (including ATB No. 14 and CAB No. 18); U.S. Coast Guard Regulations and Federal Aviation Agency Regulations.

PART 1016—PROCUREMENT FORMS

Subpart B—Forms for Negotiated Procurement

Revise § 1016.202 to read as follows:

§ 1016.202 Negotiated contract forms (DD Forms 1261 and 1270).

General: Pending revision of DD Form 1261, insert a provision in the contract which changes the definition of a small business appearing in the first paragraph of Contractor Represents to read as follows:

General definition. A small business concern is a concern that is independently owned and operated, is not dominant in the field of operation in which it

is bidding on Government contracts, and with its affiliates, can further qualify under the criteria set forth in regulations of the Small Business Administration (13 CFR 21.3-8).

Subpart H—Miscellaneous Forms

1. Revise § 1016.810-50(a) (3), (b) and (e) to read as follows:

§ 1016.810-50 Processing bidders' mailing list application form.

(a) * * *

(3) Send applications and AFPI Form 24, Commodity List Data, to the cognizant CMD (small business specialist), when applications are intended for AFLC central procurement activities and AFSC systems divisions. Applications pertaining to base procurement items will be forwarded to the base procurement activity concerned.

(b) The small business specialist in the CMD will review AFLC and AFSC central procurement applications.

(e) The entries and instructions on Standard Form 129 are self-explanatory; however, purchasing offices and CMDs will furnish to prospective bidders such additional instructions for preparing and transmitting the form required to insure its proper completion and filing.

2. Add new § 1016.810-51 as follows:

§ 1016.810-51 Additional forms for AFLC central procurement activities and AFSC systems divisions.

The following forms will be used in maintaining records to support the bidders' mailing list:

(a) AFPI Form 24A, Record of Processing Addition or Removal of Supplier's Name from Bidders' Mailing List, will be used to keep a record of contracts with a potential supplier.

(b) AFPI Form 24B, Bidders' Mailing List Control Record, will be used to record the buyer's request for a bidders' mailing list.

(c) AFPI Form 24C, Request for Bidders' Mailing List, will be used by purchasing offices to request a bidders' mailing list.

A new Subpart L is added as follows:

PART 1053—CONTRACTS; GENERAL

Subpart L—Bills of Materials

§ 1053.1202 Definitions.

(a) *Bill of materials.* A Bill of Materials is a listing of the materials and parts required to produce a given product, assembly, subassembly, or part. There are four standard Bills of Materials approved by the Department of Defense:

(1) A Detail Bill of Materials, which lists all materials required for each individual part of the end item actually fabricated by the prime contractor or his subcontractors. Name of material, form, size, description, specification, and quantity of each material are furnished (separate listings being made for materials for each part). Lead time is given unless excluded by the procuring

agency. A listing of all subcontracted, purchased, and government-furnished parts is provided on DD Form 347. The procuring agency may specify that certain standard parts or minor subassemblies need not be listed.

(2) A Modified Bill of Materials, which lists all materials required for each significant part and for consolidations of insignificant parts of an end item actually fabricated by the prime contractor or his subcontractors. It provides: name of part or consolidations, materials, form, size, description, specification, lead time, quantities, and a listing of significant subcontracted, purchased, and government-furnished parts.

(3) An expanded Summary Bill of Materials, which lists the total quantities of each material required for parts actually fabricated by the prime contractor or his subcontractors. In addition, this Bill may list all the purchased, subcontracted, or government-furnished parts. Name of material, form, size description, quantity, specification, and lead time for each material are furnished but will not be broken down by parts. When deemed necessary by the procuring agency, materials for parts may be reported individually.

(4) An Abbreviated Summary Bill of Materials, which summarizes the total gross quantities of each material (exclusive of purchased parts) required for fabrication by the prime contractor and his subcontractors. Only name, form, specification, lead time, and quantity of material are normally required. Other materials data are given only if specifically requested by the procuring agency. The procuring agency may specify the materials to be reported or may limit reporting to controlled materials only. Materials are not broken down by parts, and a parts listing is not provided.

(b) *Lead time.* Lead time is the elapsed time in months from the required date of shipment of the material from the supplier to the date of completion (not delivery) of the production item. An "average material lead time" or "in process time" is called for unless more complete information is needed, in which case the individual material lead time may be specified. With respect to subcontracted or purchased parts and government-furnished property, lead time is the elapsed time from the required date of shipment of the listed part from supplier to the date of completion of the procurement item.

PART 1054—CONTRACT ADMINISTRATION

Subpart A—Administration of AF Contracts by Contracting Officers

1. In § 1054.102 revise paragraph (b) to read as follows:

§ 1054.102 Application.

(b) Base procurement as defined in Part 1001, Subpart B of this subchapter.

2. Revise § 1054.104(d) and the introduction of paragraph (j) as follows:

§ 1054.104 Matters of contract administration to be handled by administrative contracting officers.

(d) Administer advance payment bank accounts when so authorized by Pricing and Financial Division (SCKPF), Hq AFSC.

(j) When requested, participate in price determinations at AFSC/AFLC procurement activities.

Subpart B—Secondary Administration of Prime Contracts and Review and Analysis of Subcontracts

1. Add new § 1054.201-1 as follows:

§ 1054.201-1 General.

AF field offices administer prime contracts, and prime contractors administer subcontracts.

2. In § 1054.204 amend the reference in paragraph (b) to read "§ 1003.903-53 (b)," and add new paragraph (c) as follows:

§ 1054.204 Subcontract management by the prime contractor.

(c) The receiving office may perform direct operational administration of subcontracts under the following conditions:

(1) The prime contract specifically requires government personnel to perform prime contract administration functions at the subcontract level.

(2) The performance of the prime contractor in managing his subcontractor has deteriorated to the extent that undue costs are being incurred and/or successful completion of the program is threatened. Requests for operational administration will be made only if approved by Hq AFSC (SCKA). The prime office will document the facts and reasons for the need for operational administration and submit same to SCKA.

§§ 1054.204-1—1054.204-3 [Deleted]

2. Delete §§ 1054.204-1 through 1054.204-3.

PART 1060—BALLISTIC MISSILE AND SPACE SYSTEM PROGRAMS

Subpart D—Providing Housing of Contractor and SATAF Personnel Performing Work at Ballistic Missile Sites

Add new paragraph (h) to § 1060.403 to read as follows:

§ 1060.403 Procedures.

(h) Base housing, if available, and not required for use of attached military and civil service personnel, may be authorized by the base commander for use of contractor personnel. Such use will be arranged directly between the base housing office and the contractor and tenant including payment of rent.

Title 32A—NATIONAL DEFENSE, APPENDIX

Chapter X—Oil Import Administration, Department of the Interior

[Reg. 1, Rev. 4, Amdt. 2]

01 REG. 1—OIL IMPORT REGULATION

Miscellaneous Amendments

Sections 10 and 11 relating to allocations of crude oil and unfinished oils in Districts I-IV and in District V have been revised in the light of the levels of authorized imports established pursuant to section 2 of Proclamation 3279, as amended, for the allocation period beginning July 1, 1964.

In Districts I-IV the level of authorized imports is somewhat reduced due to an estimated reduction in domestic production and the "percent of inputs" in the schedule in paragraph (b) of section 10 has been revised accordingly.

In District V there is a substantial increase in the level of authorized imports which is the result of an abnormal supply demand situation. In view of the increase in licensed imports into District V for the second half of 1964, it has been determined that a more equitable distribution of imports would be achieved through the addition of another bracket to the sliding scale in paragraph (b) of section 11. According to our estimates, the increased import requirement will be of short duration and consequently further adjustments in the sliding scale in this section can be anticipated in future periods.

Subparagraph (3) of paragraph (b) of section 3 of Proclamation 3279 requires that imported crude oil and unfinished oils be processed in the licensee's refinery. The section also permits exchanges for domestic crude oil or unfinished oils if: (1) Effected on a current basis; (2) reported in advance; and (3) if the domestic oils are processed in the licensee's refinery. To assure better compliance with these requirements, section 17 has been revised to require that, in an exchange of domestic oil for imported oil, the domestic oil must be received by the importer and processed in his refinery within a period of 120 days from the day the importer delivered the foreign oil to the other party to the exchange agreement.

1. Section 10 of Oil Import Regulation 1 (Revision 4) (28 F.R. 14319) is amended to read as follows:

Sec. 10. Allocations of crude oil and unfinished oils—Districts I-IV.

(a) The quantity of imports of crude oil and unfinished oils determined to be

available for allocation in Districts I-IV for the allocation period July 1, 1964 through December 31, 1964, shall be allocated by the Administrator among eligible applicants as provided in paragraphs (b) and (c) of this section.

(b) Except as provided in paragraph (c) of this section, each eligible applicant shall receive an allocation based on refinery inputs for the year ending March 31, 1964, and computed according to the following schedule:

Average B/D input	Percent of input
0-10,000	15.0
10-30,000	11.2
30,000-100,000	8.9
100,000 plus	5.28

(c) (1) Except as provided in subparagraph (2) of this paragraph, if an eligible applicant imported crude oil pursuant to an allocation under the Voluntary Oil Import Program and if an allocation computed under paragraph (b) of this section would be less than 61.0 percent of the applicant's last allocation of imports of crude oil under the Voluntary Oil Import Program, the applicant shall, nevertheless, receive an allocation under this section equal to 61.0 percent of his last allocation of imports of crude oil under the Voluntary Oil Import Program.

(2) If an applicant imported crude oil pursuant to an allocation under the Voluntary Oil Import Program which reflected imports of crude oil that would now be exempt from restrictions pursuant to clause (4) of paragraph (a) of section 1 of Proclamation 3279, as amended, and if an allocation computed under paragraph (b) of this section would be less than 52.75 percent of the applicant's last allocation of imports of crude oil under the Voluntary Oil Import Program, the applicant shall, nevertheless, receive an allocation under this section equal to 52.75 percent of his last allocation of imports of crude oil under the Voluntary Oil Import Program.

(d) No allocation made pursuant to this section shall entitle a person to a license which will allow the importation of unfinished oils in excess of 10 percent of the allocation.

(e) No allocation made pursuant to this section may be sold, assigned, or otherwise transferred.

2. Section 11 of Oil Import Regulation 1 (Revision 4) (28 F.R. 14319) is amended to read as follows:

Sec. 11. Allocations of crude oil and unfinished oils—District V.

(a) The quantity of imports of crude oil and unfinished oils determined to be available for allocation in District V for the allocation period July 1, 1964 through December 31, 1964, shall be allocated by the Administrator among eligible applicants as provided in paragraphs (b) and (c) of this section.

(b) Except as provided in paragraph (c) of this section, each eligible applicant shall receive an allocation based on refinery inputs for the year ending March 31, 1964, and computed according to the following schedule:

Average B/D input	Percent of input
0-10,000	55.0
10-30,000	33.0
30-100,000	20.0
100,000 plus	14.08

(c) (1) Except as provided in subparagraph (2) of this paragraph, if an eligible applicant imported crude oil pursuant to an allocation under the Voluntary Oil Import Program and if an allocation computed under paragraph (b) of this section would be less than 53.0 percent of the applicant's last allocation of imports of crude oil under the Voluntary Oil Import Program, the applicant shall, nevertheless, receive an allocation under this section equal to 53.0 percent of his last allocation of imports of crude oil under the Voluntary Oil Import Program.

(2) If an applicant imported crude oil pursuant to an allocation under the Voluntary Oil Import Program which reflected imports of crude oil that would now be exempt from restrictions pursuant to clause (4) of paragraph (a) of section 1 of Proclamation 3279, as amended, and if an allocation computed under paragraph (b) of this section would be less than 49.0 percent of the applicant's last allocation of imports of crude oil under the Voluntary Oil Import Program, the applicant shall, nevertheless, receive an allocation under this section equal to 49.0 percent of his last allocation of imports of crude oil under the Voluntary Oil Import Program.

(d) (1) No allocation made pursuant to this section shall entitle a person to a license which will allow the importation of unfinished oils in excess of 10 percent of the allocation. Each barrel of unfinished oil imported shall be deemed to be the equivalent of one barrel of crude oil and will be so charged against the person's license by the respective Collectors of Customs.

(2) The permissible percentage of imports of unfinished oils and the equivalence of unfinished oils to crude oil may be changed during the allocation period, if necessary to prevent impairing accomplishment of the purposes of the program. Such a change will be made only after notice of proposed rule making and will not become effective until the 30th calendar day following publication in the FEDERAL REGISTER of the Amendment making such change.

(e) No allocation made pursuant to this section may be sold, assigned, or otherwise transferred.

3. Section 17 of Oil Import Regulation 1 (Revision 4) (28 F.R. 14322) is amended to read as follows:

Sec. 17. Use of imported crude oil and unfinished oils.

(a) Except as provided in paragraph (b) of this section, each person who imports crude oil or unfinished oils under a license issued pursuant to an allocation made under section 10, 11, or 15 of this regulation must process the oils so imported in his own refinery.

(b) (1) Subject to the provisions of this paragraph (b), a person who imports crude oil or unfinished oils under an allocation made under section 10, 11,

or 15 of this regulation may exchange his imported crude oil either for domestic crude oil or for domestic unfinished oils or exchange his imported unfinished oils either for domestic unfinished oils or for domestic crude oil.

(2) A proposed agreement for each such exchange must be reported to the Administrator before any action involved in the exchange is taken.

(3) Each such exchange must be effected on a ratio of not less than one barrel of domestic oil for each barrel of imported oil unless a different exchange ratio is approved by the Administrator.

(4) In any such exchange, the person who is exchanging his imported oil for domestic oil must take delivery of the domestic oil and process it in his own refinery within 120 days after the day on which the imported oil is delivered to the other party to the exchange.

(5) Each such exchange must be on an oil-for-oil basis, and no exchange involving adjustments, settlements, or accounting on a monetary basis is permissible.

(6) Any such exchange must not be otherwise unlawful.

Because allocations must be made and licenses issued for the allocation period beginning July 1, 1964, it is impracticable to give notice of proposed rule making on, or to delay the effective date of, this amendment. Accordingly, this amendment shall become effective immediately.

Secretary of the Interior.

PART 523—ADMISSION, WITH- DRAWAL AND EXPULSION PROVI- SIONS OF STEAMSHIP CONFER- ENCE AGREEMENTS

Extension of Filing Date

Take notice that the Federal Maritime Commission has amended its Part 523 of Title 46, Admission, Withdrawal and Expulsion Provisions of Steamship Conference Agreements, to provide that amendments to conference agreements made to comply with Part 523 shall be filed with the Commission by July 20, 1964, instead of the 60 days after adoption of these rules by the Commission as originally specified. The purpose of this amendment is to allow the conferences additional time to comply with the rules, and the Commission is of the opinion that this extension will provide all

the time which is reasonably necessary to comply. All interested persons are hereby put on notice that no further extensions of time are contemplated. Since the amendment relieves a restriction it is within the exception of section 4(c) of the Administrative Procedure Act and will be effective upon publication of this notice in the FEDERAL REGISTER.

Therefore, pursuant to sections 15, 21 and 43 of the Shipping Act, 1916 (75 Stat. 763-4; 39 Stat. 736, and 75 Stat. 766), Part 523 of Title 46, CFR is hereby amended as follows:

In § 523.10, strike the phrase "within 60 days after adoption of these rules by the Commission" and substitute therefor "by July 20, 1964."

Proposed Rule Making

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 51]

BRAZIL NUTS IN THE SHELL

Proposed U.S. Standards for Grades¹

Notice is hereby given that the United States Department of Agriculture is considering the issuance of United States Standards for Grades of Brazil Nuts In The Shell pursuant to the Agricultural Marketing Act of 1946 (60 Stat. 1087, as amended; 7 U.S.C. 1621-1627).

All persons who desire to submit written data, views or arguments for consideration in connection with the proposed standards should file the same in duplicate, not later than July 20, 1964, with the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington, D.C., 20250, where they will be available for public inspection during official hours of business. (Paragraph (b) of § 1.27, as amended at 29 F.R. 7311).

Statement of considerations leading to the development of the proposed grade standards. In July of 1963 at the request of a large handler of Brazil nuts, the Agricultural Marketing Service began studies concerning the development of U.S. Standards for in-shell Brazil nuts. Upon completion of these studies, a Preliminary Draft of Proposed United States Standards for Grades of Brazil Nuts In The Shell was developed. This draft for discussion purposes was sent to shippers, brokers, receivers and repackers on October 10, 1963 and favorable responses were received. All industry members contacted indicated that there was a definite need for recognized standards for use as an aid in marketing in-shell Brazil nuts.

The majority of brazil nuts marketed are combined with four other species of tree nuts as mixed nuts, with brazil nuts representing approximately one-third of the total mixture. U.S. Standards for each of the other four nuts in the mixture (almonds, filberts, pecans and walnuts) establish quality and size requirements for each when packed individually. Because there are no U.S. Standards for Brazil Nuts, Standards have not been issued for "mixed nuts".

U.S. Standards for Brazil Nuts, when issued, will also become a point of reference for the Federal Specifications for Brazil Nuts In The Shell.

These standards will serve as a useful basis for transactions between buyers and sellers, and the tree nut industry should benefit from their use.

¹Packing of the product in conformity with the requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act or with applicable State laws and regulations.

All interested parties are urged to give careful consideration to these proposed standards, and to make recommendations concerning them within the period provided for the submission of comments.

The proposed standards are as follows:

Sec.	GRADE
51.3500	U.S. No. 1.
	SIZE CLASSIFICATIONS
51.3501	Size classifications.
	UNCLASSIFIED
51.3502	Unclassified.
	APPLICATION OF STANDARDS
51.3503	Application of standards.
	DEFINITIONS
51.3504	Well cured.
51.3505	Loose extraneous and foreign material.
51.3506	Clean.
51.3507	Damage.
51.3508	Reasonably well developed.
51.3509	Rancidity.
51.3510	Decay.
51.3511	Serious damage.

AUTHORITY: The provisions of this subpart issued under secs. 203, 205, 60 Stat. 1087, as amended; 1090 as amended; 7 U.S.C. 1622, 1624.

GRADE

§ 51.3500 U.S. No. 1.

"U.S. No. 1" consists of well cured whole brazil nuts in the shell which are free from loose extraneous and foreign material and meet one of the size classifications in § 51.3501. The shells are clean and free from damage caused by splits, breaks, punctures, oil stain, mold or other means, and contain kernels which are reasonably well developed, free from rancidity, mold, decay, and from damage caused by insects, discoloration or other means.

(a) In order to allow for variations incident to proper grading and handling, the following tolerances are provided:

(1) *For defects of the shell.* 10 percent, by count, may fail to meet the requirements of the grade, including therein not more than 5 percent for serious damage by split, broken or punctured shells, oil stains, mold or other means;

(2) *For defects of the kernel.* 10 percent, by count, may fail to meet the requirements of the grade, including therein not more than 7 percent for serious damage by any cause: *Provided*, That not more than five-sevenths of the latter amount, or 5 percent, shall be allowed for damage by insects: *Provided further*, That included in this 5 percent tolerance not more than one-half of 1 percent shall be allowed for brazil nuts with live insects inside the shell.

(3) *For loose extraneous and foreign material.* 1 percent, by weight: *Provided*, That such material is practically free from insect infestation.

SIZE CLASSIFICATIONS

§ 51.3501 Size classifications.

(a) Extra Large: Not more than 15 percent, by count, of the brazil nuts pass through a round opening $\frac{7}{8}$ inches in diameter, including not more than 2 percent which pass through a round opening $\frac{7}{4}$ inches in diameter; or count does not exceed 40 nuts per pound (see paragraph (d) of this section);

(b) Large: Not more than 15 percent, by count, of the brazil nuts pass through a round opening $\frac{7}{8}$ inches in diameter, including not more than 2 percent which pass through a round opening $\frac{6}{8}$ inch in diameter; or count does not exceed 50 nuts per pound (see paragraph (d) of this section);

(c) Medium: Not more than 15 percent, by count, of the brazil nuts pass through a round opening $\frac{5}{8}$ inch in diameter, including not more than 2 percent which pass through a round opening $\frac{5}{8}$ inch in diameter; or count is not less than 51 nuts per pound but not more than 65 nuts per pound (see paragraph (d) of this section); and,

(d) When size is based on count per pound, the 10 smallest nuts per 100 weigh at least 7 percent of the total weight of the 100 nut sample.

UNCLASSIFIED

§ 51.3502 Unclassified.

"Unclassified" consists of brazil nuts in the shell which have not been classified in accordance with the foregoing grade. The term "unclassified" is not a grade within the meaning of these standards but is provided as a designation to show that no definite grade has been applied to the lot.

APPLICATION OF STANDARDS

§ 51.3503 Application of standards.

The grade of a lot of brazil nuts shall be determined on the basis of a composite sample drawn at random from containers in various locations in the lot. However, any identifiable portion of the lot in which the brazil nuts are obviously of a quality or size materially different from that in the majority of containers shall be considered as a separate lot, and shall be sampled and graded separately.

DEFINITIONS

§ 51.3504 Well cured.

"Well cured" means that the shell is free from surface moisture, and that the kernel is firm and crisp, not pliable or leathery.²

§ 51.3505 Loose extraneous and foreign material.

"Loose extraneous and foreign material" means pieces of pod, pieces of shell,

²The average moisture content of whole nuts or of kernels may be determined by moisture meter, subject to verification by oven drying.

PROPOSED RULE MAKING

dirt, external insect infestation or any substance other than brazil nuts in the shell or brazil nut kernels.

§ 51.3506 Clean.

"Clean" means that the shell is practically free from dirt or other adhering substance.

§ 51.3507 Damage.

"Damage" means any specific defect described in this section; or an equally objectionable variation of any one of these defects, any other defect, or any combination of defects, which materially detracts from the appearance or the edible or shipping quality of the individual brazil nut or of the lot. The following defects shall be considered as damage:

(a) Insects when an insect or insect fragment, web or frass is present inside the shell, or the kernel shows distinct evidence of insect feeding;

(b) Split or broken shells when the split or crack widens upon application of slight pressure;

(c) Oil stains when affecting an aggregate area of more than 20 percent of the surface of the shell;

(d) Mold when more than 20 percent of the surface of the shell is affected or when any mold growth noticeably affects the kernel; and,

(e) Discoloration when the affected area penetrates more than one-sixteenth inch into the kernel.

§ 51.3508 Reasonably well developed.

"Reasonably well developed" means that the kernel fills at least one-half of the capacity of the shell.

§ 51.3509 Rancidity.

"Rancidity" means that state of deterioration in which any portion of the kernel has developed a rancid taste.

§ 51.3510 Decay.

"Decay" means that any portion of the kernel is decomposed.

§ 51.3511 Serious damage.

"Serious damage" means any specific defect described in this section; or an equally objectionable variation of any one of these defects, any other defect, or any combination of defects, which seriously detracts from the appearance or the edible or shipping quality of the individual brazil nut. The following defects shall be considered serious damage:

(a) Split, broken or punctured shells when the kernel is plainly visible through a split, cracked or punctured shell without application of pressure;

(b) Oil stains when affecting an aggregate area of more than 50 percent of the shell;

(c) Mold when more than 50 percent of the surface of the shell is affected, or when any mold growth noticeably affects the kernel; and,

(d) Discoloration when affecting more than 50 percent of the flesh of the kernel.

MARKETING AREAHearing on Proposed Amendments to
Tentative Marketing Agreement
and Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (Part 900 of this title), notice is hereby given of a public hearing to be held in the East Room of the Sheraton Warrior Hotel, Sioux City, Iowa, beginning at 10:00 a.m., local time, on July 8, 1964, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the Sioux City, Iowa, marketing area.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by Sioux City Milk Producers Co-op Association, Inc.:

Proposal No. 1. Amend § 1066.41 to reclassify aerated cream as Class II rather than Class I.

Proposed by the Milk Marketing Orders Division, Agricultural Marketing Service:

Proposal No. 2. Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, Wayne McPherrin, 1137 Badgerow Building, Sioux City, Iowa, 51101, or from the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington, D.C., 20250, or may be there inspected.

Signed at Washington, D.C., on June 24, 1964.

ROY W. LENNARTSON,
Acting Administrator.

MILK IN INLAND EMPIRE
MARKETING AREAProposed Suspension of Certain
Provisions of the Order

Notice is hereby given that, pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), the suspension of certain provisions of the order regulating the handling of milk in the

Inland Empire marketing area is being considered for the months of July and August 1964.

The provisions proposed to be suspended are the following: "during the months of December through June" in § 1133.12(c) (1); and "during any of the months of December through June" in § 1133.15(c) (1), both relating to the diversion of producer milk to nonpool plants.

The proposed suspension was requested by one of the major cooperative associations in the marketing area. Such suspension will permit handlers to divert producer milk to nonpool plants for the months of July and August. The order presently provides for diversions during the months of December through June. Favorable conditions in the production area have resulted in a supply of producer milk in excess of the bottled milk requirements and the limited manufacturing capacity of pool plants in the marketing area. The proposed suspension will provide that such excess milk may continue to be pooled even though diverted to nonpool manufacturing plants.

All persons who desire to submit written views, data or arguments in connection with the proposed suspension should file the same with the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington, D.C., 20250, not later than five days from the date of publication of this notice in the FEDERAL REGISTER. All documents filed should be in duplicate.

All written submissions made pursuant to this notice will be made available for public inspection at such times and places and in a manner convenient to the public business (7 CFR 1.27(b)).

Signed at Washington, D.C., on June 24, 1964.

ROY W. LENNARTSON,
Acting Administrator.

ACQUIRED LANDS IN WILDLIFE
REFUGES

Proposed Rights-of-Way

Basis and purpose. Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior by section 401 of the act of June 15, 1935 (49 Stat. 383; 16 U.S.C. 7156) and section 2478 of the Revised Statutes (43 U.S.C. 1201), it is proposed to amend 43 CFR Part 2234 as set forth below. The purpose of this amendment is to establish procedures for the granting of rights-of-way over acquired lands in wildlife refuges. The amendment provides that the general rules of the Department relating to rights-of-way will apply to these lands.

It is the policy of the Department of the Interior whenever practicable, to af-

ford the public an opportunity to participate in the rule making process. Accordingly, interested persons may submit written comments, suggestions, or objections with respect to the proposed amendments, to the Bureau of Land Management, Washington, D.C., 20240 within thirty days of the date of publication of this notice in the FEDERAL REGISTER.

A new paragraph (g) is added to § 2234.1-3 to read as follows:

§ 2234.1-3 Nature of interest.

(g) *Acquired lands in wildlife refuges.*
(1) Section 401 of the Act of June 15, 1935 (49 Stat. 383; 16 U.S.C. 715s), provides that, subject to applicable regulations under the Federal Property and Administrative Services Act of 1949, as amended, the grant of privileges on wildlife refuges may be made upon such terms and conditions as the Secretary of the Interior shall determine to be for the best interests of government.

(2) All the general right-of-way regulations contained in this § 2234.1 are applicable to rights-of-way issued under this paragraph, to the extent they are consistent with regulations issued under the Federal Property and Administrative Services Act of 1949.

KENNETH HOLUM,
Assistant Secretary of the Interior.

HAND-LACING OF CERTAIN WALLETS IN PUERTO RICO

Proposed Minimum Piece Rates

Pursuant to section 6(a)(2) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a)(2)), Reorganization Plan No. 6 of 1950 (3 CFR 1949-1953 Comp., p. 1004), and General Order No. 45-A of the Secretary of Labor (15 F.R. 3290), I hereby propose to amend 29 CFR 681.9 (c) by increasing the piece rates appearing there commensurate with increases in the minimum hourly wage rates now applicable under the Fair Labor Standards Amendments of 1961 for the leather, leather goods, and related products industry in Puerto Rico (29 F.R. 6953).

Any person interested in the proposal may file a written statement of data, views, or argument regarding it with the Administrator of the Wage and Hour and Public Contracts Divisions, United States Department of Labor, 14th Street and Constitution Avenue NW., Washington D.C., 20210, within 15 days after this notice is published in the FEDERAL REGISTER.

As amended, 29 CFR 681.9(c) would read as follows:

§ 681.9 Minimum piece rates prescribed by the Administrator.

(c) *Piece rates for the hand-lacing of leather wallets, leather wallet covers, and plastic wallets.* A minimum piece rate of 0.96 cents per dozen stitches shall be paid to homeworkers in Puerto Rico engaged in the hand-lacing, single stitch, with plastic lacing material, of leather wallets and leather wallet covers; a minimum piece rate of 2.36 cents per dozen stitches shall be paid to homeworkers in Puerto Rico engaged in the hand-lacing, double stitch, with plastic lacing material, of leather wallets and leather wallet covers; and a minimum piece rate of 2.93 cents per dozen stitches shall be paid to homeworkers in Puerto Rico engaged in hand-lacing, double stitch, with plastic lacing material, of plastic wallets.

FEDERAL AVIATION AGENCY

[14 CFR Part 71 [New]]

[Airspace Docket No. 64-CE-14]

CONTROLLED AIRSPACE

Notice of Proposed Rule Making

The Federal Aviation Agency is considering amendments to Part 71 [New] of the Federal Aviation Regulations which would alter the Madison, Wis., control zone.

The Madison, Wis., control zone is presently designated as that airspace within a 5-mile radius of Truax Field, Madison, Wis., within 2 miles each side of the Madison ILS localizer south course, extending from the 5-mile radius zone to the outer marker, within 2 miles each side of the Truax VOR 134° True radial, extending from the 5-mile radius zone to 7 miles southeast of the VOR, and within 2 miles each side of the Truax VOR 320° True radial, extending from the 5-mile radius zone to 7 miles northwest of the VOR.

The Federal Aviation Agency is considering redesignating the Madison, Wis., control zone to include that airspace within 2 miles each side of the Truax VOR 359° True radial, extending from the 5-mile radius zone to 7 miles north of the VOR.

A new instrument approach procedure has been established at Truax Field. In order to provide protection for aircraft using this new approach, it will be necessary to alter the Madison control zone by adding the extension proposed.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attn: Chief, Air

Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Mo., 64110. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Regulations and Procedures Division, Federal Aviation Agency, Washington, D.C., 20553. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Federal Aviation Agency, Office of the General Counsel: Attention Rules Docket, 800 Independence Avenue SW., Washington, D.C. An informal docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

FEDERAL AIRWAY SEGMENT

Proposed Revocation

Notice is hereby given that the Federal Aviation Agency (FAA) is considering an amendment to Part 71 [New] of the Federal Aviation Regulations, the substance of which is stated below.

Red Federal airway No. 46 is designated from the United States/Canadian border via Minot, N. Dak., to Jamestown, N. Dak. The Federal Aviation Agency is considering the revocation of this airway. The latest Federal Aviation Agency IFR peak day airway traffic survey for Red 46 shows a maximum of only two aircraft movements between the international border and Jamestown. Therefore, it appears that the retention of this airway is unjustified as an assignment of airspace. Accordingly, the Agency proposes to revoke Red 46. Adoption of this proposal would not necessarily result in discontinuance of low frequency navigational aids associated with this airway. Any proposals to discontinue one or more of these aids would be circularized separately and interested persons afforded an opportunity to comment.

Interested persons may submit such written data, views or arguments as they

may desire. Communications should be submitted in triplicate to the Director, Central Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Mo., 64110. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Regulations and Procedures Division, Federal Aviation Agency, Washington, D.C., 20553. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. RESTRICTED AREA

Proposed Alteration

The Federal Aviation Agency is considering an amendment to Part 73 [New] of the Federal Aviation Regulations which would alter the geographical boundaries of the Underhill, Vt., Restricted Area R-6501.

The present boundaries are described as follows:

Beginning at latitude 44°30'15" N., longitude 72°51'30" W.; to latitude 44°27'00" N., longitude 72°50'00" W.; to latitude 44°27'30"

N., longitude 72°53'15" W.; to latitude 44°-28'30" N., longitude 72°56'50" W.; to latitude 44°30'00" N., longitude 72°56'30" W.; to the point of beginning.

The Department of the Army has requested that R-6501 be altered to conform more precisely with the firing range alignments. The requested alteration would enlarge the area approximately one mile to the south and decrease it to the north and east, resulting in an overall reduction in the size of the restricted area. The using agency, time of designation and designated altitudes of the area would continue as published currently.

If this action is taken, R-6501 would be amended to read:

Boundaries. Beginning at latitude 44°-30'00" N., longitude 72°52'00" W.; to latitude 44°27'00" N., longitude 72°52'00" W.; to latitude 44°27'00" N., longitude 72°55'00" W.; to latitude 44°28'30" N., longitude 72°-56'30" W.; to latitude 44°29'15" N., longitude 72°56'30" W.; to latitude 44°30'00" N., longitude 72°53'30" W.; to the point of beginning.

Designated altitudes. Surface to 4,000 feet MSL.

Time of designation. Continuous, June 1 through July 31; 0700 to 0100 e.s.t. August 1 through May 31.

Using agency. Adjutant General, State of Vermont, Montpelier, Vt.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Director, Eastern Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, Federal Building, New York International Airport, Jamaica, N.Y. 11430. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Regulations and Procedures Division, Federal Aviation Agency, Washington, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Federal Aviation Agency, Office of

OIL; PUERTO RICO

Adjustments in Maximum Levels of Imports

The maximum levels of imports into Puerto Rico of crude oil, unfinished oils and finished products, other than residual fuel oil to be used as fuel, established by Presidential Proclamation 3279, as amended, are modified pursuant to paragraph (c) of section 2 of the Proclamation to permit, during the period July 1, 1964 through December 31, 1964, 112,263 barrels per day in imports of crude oil and unfinished oils, and an additional 622 barrels per day in the imports of finished products, other than residual fuel oil to be used as fuel.

All non-Governmental holders of allocations of imports of finished products, other than residual fuel oil to be used as fuel, into Puerto Rico, have been canvassed with respect to their interest in supplying the increased requirements for finished products. With the exception of the Shell Companies in the case of asphalt, and Tropical Gas Company, Inc. in the case of propylene-free propane, all

others have stated that they have no interest. Accordingly, the allocation made to the Shell Companies will be increased to permit them to import into Puerto Rico an additional 560 barrels daily of asphalt, and the allocation to the Tropical Gas Company, Inc. will be increased to permit them to import 62 barrels daily of propylene-free propane.

Effective date. The foregoing notice shall become effective upon publication in the FEDERAL REGISTER.

Certain additional stockyards and livestock markets have been added to the list of those heretofore approved under the regulations in 9 CFR Part 76. It has been determined that the inspection and handling of swine at such stockyards and livestock markets are adequate to effectuate the purposes of the regulations. Certain stockyards and livestock markets have been removed from the list of those heretofore approved under said regulations, because it has been determined that such stockyards and livestock markets no longer qualify for approval under the regulations. This action, therefore, imposes certain restrictions necessary to prevent the spread of hog cholera and relieves certain restrictions presently imposed. It should become effective promptly in order to accomplish its purpose in the public interest and to be of maximum benefit to persons subject to the restrictions which are relieved thereby. Accordingly, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to this action are impracticable and contrary to the public interest, and good cause is found for making this notice effective less than 30 days

after publication in the FEDERAL REGISTER.

Withdrawal of Approval

Pharmachem Corporation, Bethlehem, Pennsylvania, the applicant for and the

holder of New Drug Application 15-231 applying to "New-Pharmatinic 100" and "New-Pharmatinic 50," having requested the withdrawal of the approval of said Application, and having waived Notice of Hearing as provided by section 505 of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 355, and the regulations appearing in Title 21, Code of Federal Regulations, Part 130, prior to such withdrawal;

The Commissioner of Food and Drugs, by virtue of the authority vested in the Secretary by the provisions of the Federal Food, Drug, and Cosmetic Act and delegated to the Commissioner by the Secretary, finds that clinical experience shows that "New-Pharmatinic 100" and "New-Pharmatinic 50" are unsafe for use under the conditions of use upon the basis of which the Application was approved;

Wherefore, on the foregoing finding of fact and the request of the applicant, the approval of New Drug Application No. 15-231 applying to "New-Pharmatinic 100" and "New-Pharmatinic 50" is withdrawn.

CIVIL AERONAUTICS BOARD

[Docket 14096, Order No. E-20980]

SAMOAN AIRLINES

Enforcement Proceeding

JUNE 24, 1964.

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 6th day of May 1964.

By Order E-19888, August 8, 1963, the Board designated the period terminating on February 4, 1964, as the period within which Samoan Airlines shall either resume operations on route 116 in accord-

ance with the terms of its certificates of public convenience and necessity for such route, or, if such operations are not resumed within such period, show reasonable cause why the Board should not direct that such certificate shall thereafter cease to be effective, in accordance with the provisions of section 401(f) of the Act. By Order E-20646, April 3, 1964, the Board, acting upon the request of Samoan Airlines, extended the foregoing period until May 4, 1964. On that date, Samoan Airlines filed a telegraphic request for a further extension to June 4 to permit documentation of the status of its plans to resume operation and file a formal pleading. On May 5, 1964, the Bureau of Enforcement filed an answer in opposition to Samoan Airlines' request.

Upon consideration of the matters presented and in all the circumstances of record in this proceeding, the Board finds that a further extension of time for compliance with Order E-19888, supra, would not be in the public interest and will therefore deny Samoan Airlines' request. Further, since the Board's records indicate that Samoan Airlines has not resumed operations on route 116 and since it has not shown reasonable cause as specified in Order E-19888, the Board finds, pursuant to the terms of section 401(f) of the Act, that it should direct that Samoan Airlines' certificate shall cease to be effective.

Accordingly, it is ordered,

1. That the telegraphic request of Samoan Airlines on May 4, 1964, for an extension of time be and it hereby is denied;

2. That the certificate of public convenience and necessity for route 116, held by Samoan Airlines, shall cease to be effective on and after the effective date of this order;

3. That the applications filed by Samoan Airlines in Docket 10393 for renewal and in Docket 11484 for amendment of its certificate of public convenience and necessity for route 116, be and they hereby are dismissed;

4. That this order shall be published in the FEDERAL REGISTER;

5. That this order shall be effective on June 23, 1964.

By the Civil Aeronautics Board.

Secretary.

TRANS WORLD AIRLINES

Order Extending Temporary Suspension of Service

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 23d day of June 1964.

Application of Trans World Airlines, Inc. for authority to continue its suspension of service indefinitely at Tunis, Tunisia and Algiers, Algeria on its international Route 147.

On October 11, 1961, the Board authorized Trans World Airlines, Inc. (TWA) to suspend service at Algiers,

Algeria, for a period of two years.¹ On October 4, 1963, the authorized suspension was extended through April 26, 1964.² The authorized suspension was again extended through June 26, 1964, to allow the Board sufficient time to act on TWA's request for an indefinite suspension.³

The Board has decided that TWA should resume service at Algiers 30 days after issuance of this order, and we shall extend the existing suspension until that time.

Analysis of the economic factors affecting TWA's service at Algiers indicates that this point can be served without a cost penalty to the carrier, and TWA has offered no evidence to the contrary. We note that traffic between the United States and Algiers, as reported in the International O&D surveys was greater in 1963, than it was in 1960, when TWA offered direct service. We also note that TWA seeks indefinite renewal of its Algiers and Tunis certificate authority (Transatlantic Route Renewal Case, Docket 13577, et al.) and that schedules filed by TWA in that case show that Tunis and Algiers could be served on the same flights.

TWA's long-standing certificate responsibility and its current system-wide financial health require that it resume service at Algiers. Unlike the recent past, U.S.-Algiers relations are relatively normalized and the Algerian Government will permit TWA to operate at Algiers.

The foregoing considerations convince the Board that further suspension at Algiers, beyond a reasonable period in which to prepare for resumption of service, would not be in the public interest.

Accordingly, it is ordered,

1. That the suspension of service at Algiers, Algeria, authorized by Orders E-17568, E-20070, and E-20738 continue in effect until 30 days after date of this order; and

2. That a copy of this order be published in the FEDERAL REGISTER.

Notice of Agreements Filed for Approval

Notice is hereby given that the following Agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement(s) at the Washington office of the Federal Maritime Commission, 1321 H Street NW., room 301; or may inspect agreements at the offices of the District Managers, New York, N.Y., New Orleans, Louisiana, and San Francisco, California. Comments with reference to an agreement including a request for hearing, if desired, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, within 15 days after publication of this notice in the

FEDERAL REGISTER. A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter), and the comments should indicate that this has been done.

Notice of agreement filed for approval by White, Sutherland and White, Attorneys and Counselors at Law, 1200 Jackson Tower, Portland, 5, Oregon. Agreement No. T-1419, between Archer-Daniels Midland Company, Kerr Grain Corporation, et al., provides for the establishment of a non-profit trade association to be known as the "Pacific Northwest Tidewater Elevators Association." The asserted purpose of the Association is to establish and maintain just, reasonable, and insofar as may be practical, uniform rates, charges, classifications, rules, regulations and practices at such facilities; to promote equitable and honorable business practices by operators of shipside bulk agricultural commodities handling facilities; to cooperate and exchange information with operators of bulk agricultural commodities handling facilities in other areas; to more effectively deal with problems of mutual interest and concern to the members; and to generally promote the business of handling bulk agricultural commodities. The agreement provides that any operator of a shipside elevator handling bulk agricultural commodities in the States of Oregon or Washington is eligible to apply for membership in the Association, and membership shall not be denied to any such operator without just and reasonable cause; that the members will abide by the rates and regulations which will be set forth in tariffs made available to the public and filed with the Federal Maritime Commission, Washington, D.C., that procedures will be established for handling shippers' complaints with regard to tariff rates or charges and no tariff changes will be made except on thirty days notice unless good cause exists for a change on shorter notice.

FEDERAL POWER COMMISSION

[Docket No. AR64-1 etc.]

AREA RATE PROCEEDING ET AL.

Order Scheduling Initial Pre-Hearing Conference and Adding Respondents

JUNE 22, 1964.

Area Rate Proceeding, et al. (Hugoton-Anadarko Area), Docket Nos. AR64-1, et al., and Area Rate Proceeding et al. (Texas Gulf Coast Area), Docket Nos. AR64-2, et al.

By order of November 27, 1963 (30 FPC 28 F.R. 12645) we instituted proceedings in Docket Nos. AR64-1 and AR64-2, to determine the just and rea-

sonable rate or rates for the sales, subject to the Commission's jurisdiction, of natural gas produced in the geographical areas described in such order. Our initial order of November 27, 1963, did not provide for the procedures to be adhered to in these two proceedings nor did it fix dates for the holding of conferences or hearings. While Docket Nos. AR64-1 and AR64-2 are separate and distinct proceedings and ultimately are to be decided as such, there are matters of procedure and of substance common to both and there is reason to believe that the convenience of the participants, the expedition of the proceedings and the public interest could benefit from a limited consolidation of the two proceedings. Limited consolidation might save time by eliminating duplications and by permitting hearings to start early on matters common to both proceedings.

In order to afford an opportunity for discussion and consideration of the possible advantages of such limited consolidation and the desirability and feasibility thereof, we are by this order instituting a preliminary consolidated prehearing conference. We do not now otherwise consolidate the two proceedings and shall not decide whether or to what extent to do so, until the record of the initial conference, together with the report thereon of the presiding examiner, has been certified to us.

This is not to be construed, however, as a limitation upon the matters which may be considered at such prehearing conference, nor the powers and responsibilities of the Presiding Examiner as set out in Order No. 217 and § 1.18 of the Commission's rules of practice and procedure with respect thereto. Specifically there should be explored devices and techniques by which uncontroverted data may be stipulated, repetitive and cumulative presentations may be avoided and joint evidentiary showings may be made. The conference should also consider problems of data collection and compilation by the parties or by our staff, procedures for early cooperative action by and between the participants, and to the extent possible, the number and order of presentation of witnesses. The Commission contemplates that a subsequent conference, or conferences, may be found necessary before dates can be settled upon for the service of evidence and the appearance of witnesses.

Our order of November 27, 1963, made respondents to these proceedings all persons making sales of gas in interstate commerce from those geographical areas, and consolidated for disposition herein all proceedings involving increased rate filings suspended by the Commission applicable to sales of natural gas therein. It is necessary to indicate additional respondents in each of these proceedings for the following reasons: Panhandle Eastern Pipe Line Company and Colorado Interstate Gas Company are pipeline-company producers in the Hugoton-Anadarko area making off-system sales to non-affiliated purchasers. Since such sales are to be reviewed in area rate proceedings,¹ these two companies would

normally be named respondents. Both have intervened in the Hugoton-Anadarko proceedings, however, so it is not necessary to designate them formally as respondents. Moreover, we believe that all purchasers under independent producer rate schedules in the relevant areas should be parties to these proceedings. Many of the pipeline companies or other purchasers have already been named as respondents or have intervened. Some buyers have not intervened, however, and it is appropriate that they, too, be made parties.² The appendix to this order lists and classifies those additional buyers who are now made parties but have not heretofore been named as such.

The Commission orders:

(A) All persons named in the appendix below who are purchasers under FPC gas rate schedules for sales of gas produced in the Hugoton-Anadarko or Texas Gulf Coast areas, are made respondents in Docket No. AR64-1 and Docket No. AR64-2, respectively, as indicated in the appendix.

(B) A consolidated prehearing conference will be held in these proceedings pursuant to this order and the Commission's rules of practice and procedure, particularly § 1.18 thereof, at 10:00 a.m., e.d.t. on July 28, 1964, in a hearing room of the Federal Power Commission, at Conference Room B, Departmental Auditorium, Constitution Avenue Northwest, between 12th and 14th Streets, Washington, D.C., for the purposes set out herein and set forth in said section of such rules, and to afford all interested persons an opportunity to be heard with respect to the procedures to be followed in expeditiously determining the issues to be tried in the proceedings in Docket Nos. AR64-1 and AR64-2. The conference proceedings shall be recorded by the official reporter, and shall be recessed and reconvened at the discretion of the Presiding Examiner. Upon completion of the conference, the Presiding Examiner shall certify to the Commission the transcript of the conference and his report thereon, including such recommendations with respect thereto as he may deem appropriate.

(C) A copy of this order shall be published in the FEDERAL REGISTER and served on each of the persons listed below.

(D) All additional parties, first designated as respondents by this order, who desire to receive copies of filings made herein by other parties shall, on or before July 13, 1964, so notify the Secretary of the Commission by filing an original and three copies of a notice naming one specific representative to be served on their behalf. Thereafter, the Secretary of the Commission shall promptly advise all participants in the two rate proceedings of all such additional names of representatives to be served by issuing supplements to the Secretary's original service lists issued March 12, 1964, pursuant to paragraph (B) of the Commission's order of January 30, 1964, herein.

(E) Edward B. Marsh, a duly qualified and appointed (as provided by section 11

of the Administrative Procedure Act) hearing examiner, or his successor legally qualified, appointed and designated, is designated to preside at the consolidated prehearing conference hereinbefore ordered (including all sessions thereof whether continuous or adjourned) and is authorized and directed, in so doing, to exercise all of the functions and authority prescribed by the Administrative Procedure Act and this Commission's rules of practice and procedure thereunder.

By the Commission.

COLORADO INTERSTATE GAS CO.

Notice of Application

JUNE 22, 1964.

Take notice that on April 13, 1964, Colorado Interstate Gas Company (Applicant), Colorado Springs National Bank Building, Colorado Springs, Colorado, filed in Docket No. CP64-234 an application pursuant to section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and the abandonment of certain other natural gas facilities, to enable Applicant to increase its Rocky Mountain transmission capacity to 810,000 Mcf per day to meet the 1964-65 requirements of existing customers and to offset the decline in delivery pressures from certain producers in the Mocane area.

The new facilities which Applicant requests authorization to construct consist of a 32.0-mile 10 $\frac{3}{4}$ -inch pipeline Trinidad lateral extension and a 2640 horsepower Mocane Compressor Station. The existing facilities proposed to be retired

¹ See Opinion 414-A, Union Producing Co., 31 FPC.

² See Area Rate Proceeding (Permian Basin Area), 29 FPC 737.

to modernize and provide greater capacity and more dependable and safer service on Applicant's system are: the 18.4-mile 8 $\frac{3}{8}$ -inch LaJunta Lateral, a 27.0-mile section of the 22-inch Amarillo-Denver Main Line and the 10.0-mile 16-inch CF&I-South Pueblo Lateral.

The total estimated cost of new facilities under this application is \$2,151,181, with certain related facilities to cost \$80,022, which costs will be financed from current working funds or interim bank loans.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that preliminary staff analysis has indicated that there are no problems which would warrant a recommendation that the Commission designate this application for formal hearing before an examiner and that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing may be held without further notice before the Commission on this application provided no protest or petition to intervene is filed within the time required herein. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before July 15, 1964.

[Docket No. RI61-411]

F. JULIUS FOHS ET AL.

Order Accepting Offer of Settlement, Requiring Filing of Notice of Change and Contract Amendment, and Terminating Proceedings

MAY 28, 1964.

On April 24, 1964, F. Julius Fohs, et al. (Fohs), submitted an offer of settlement in this proceeding pursuant to § 1.18(e) of the Commission's rules of practice and procedure. The offer involves a proposed increased rate for the sale of natural gas to Tennessee Gas Transmission Company (TGT) by Fohs. The offer relates to a sale made under Fohs' FPC Gas Rate Schedule No. 4 in Matagorda County, Texas (Texas R. R. Com. District No. 3). The proposed increased rate of 16.16947¢ was suspended by order of the Commission for the statutory period, and was made effective by Fohs on November 27, 1961.

Under the terms of the offer, Fohs proposes to eliminate the favored-nation, price redetermination and the present periodic escalation provisions from its rate schedule and to establish a 14.6¢ per Mcf rate for the subject sale. Fohs also proposes to limit future periodic escalations to 1.0¢ per Mcf on January 1, 1969, and five years thereafter. Fohs' annual revenues will be decreased about \$20,800 from the presently effective rates. No protests or objections have been filed to the offer.

Fohs will refund all amounts collected, subject to refund, for sales of natural gas to TGT under the subject rate schedule in excess of the settlement rate. The estimated total dollars to be refunded approximates \$41,600 exclusive of interest.

The proposed settlement is consistent with the provisions of the Second Amendment to the Commission's Statement of General Policy No. 61-1, issued December 20, 1960, 24 F.P.C. 1107, as amended by Order No. 264, issued March 27, 1963, 29 F.P.C. 589, and its acceptance would serve the public interest.

However, we desire to make it clear that acceptance of Fohs' offer of settlement shall not be construed as constituting approval of any future rate increase that may be filed under the subject rate schedule, and is without prejudice to any findings or order of the Commission in any future proceedings, including area rate or other similar proceedings, involving Fohs' rate and rate schedule.

The Commission finds. The proposed settlement of the above-designated proceeding, on the basis described herein, as more fully set forth in the offer of settlement filed with the Commission by Fohs' on April 24, 1964, is in the public interest and appropriate to carry out the provisions of the Natural Gas Act and should be approved and made effective as hereinafter ordered.

The Commission orders:

(A) The offer of settlement filed with the Commission by Fohs' April 24, 1964, is hereby approved in accordance with the provisions of this order.

(B) Fohs shall file, within 30 days from the date of issuance of this order, a notice of change in rate providing for the 14.6¢ per Mcf rate specified in its offer of settlement, and an executed contractual amendment to its FPC Gas Rate Schedule No. 4, eliminating the favored-nation, price redetermination clauses, and amending the periodic escalation provisions therein. The notice of change and the contractual amendment shall be submitted in accordance with Part 154 of the Commission's regulations under the Natural Gas Act.

(C) Fohs shall refund to TGT to the date of issuance of this order the difference between the rates collected subject to refund under the rate schedule herein and the settlement rate with simple interest at 7 percent, and shall report to the Commission, in writing, within 30 days from the date of issuance of this order; the amount of such refund, showing separately the amount of principal and interest, and the bases for determination, together with a copy of a

release from TGT with respect to such refunds.

(D) Upon notification by the Secretary of the Commission that Fohs has complied with the terms and conditions of the order, the rate and charge of 14.6¢ per Mcf at 14.65 psia, specified in its offer of settlement shall be effective as of the date of issuance of this order, the above-designated proceeding shall be deemed terminated, and severed from the consolidated area rate proceeding (Texas Gulf Coast Area) in Docket No. AR64-2 without further order of the Commission.

(E) The acceptance by the Commission of Fohs' offer of settlement is without prejudice to any findings or determinations that may be made in any proceeding now pending, or hereafter instituted by or against Fohs, including area rate or other similar proceedings.

By the Commission.

[Docket No. CP64-162]

NATURAL GAS PIPELINE COMPANY OF AMERICA

Notice of Application

JUNE 17, 1964.

Take notice that on January 22, 1964, as supplemented on April 7, 1964, Natural Gas Pipeline Company of America (Applicant), 122 South Michigan Avenue, Chicago, Illinois 60603, filed in Docket No. CP64-162 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain facilities necessary to increase the daily design sales capacity of Applicant's pipeline system by 70,000 Mcf and to sell and deliver additional volumes of natural gas to existing customers, all as more fully set forth in the application, as supplemented, on file with the Commission and open to public inspection.

Applicant proposes to construct the following facilities concurrently with or subsequent to the facilities for which Applicant seeks authorization in Docket Nos. CP62-243 and CP63-99: Approximately 96.64 miles of 30-inch pipeline partially looping Applicant's existing Gulf Coast Line between existing Compressor Station No. 300 and Joliet, Illinois, and approximately 17.77 miles of

24-inch pipeline partially looping that part of Applicant's Amarillo Line which terminates at Volo, Illinois. The estimated cost of these proposed facilities is \$13,713,000.

In the event authorization is not granted in Docket Nos. CP62-243 and CP63-99 in time to permit such subsequent or contemporaneous construction, Applicant proposes to construct the following facilities:

(a) Approximately 107.27 miles of 30-inch pipeline partially looping Applicant's Gulf Coast Line between Compressor Station No. 300 and Joliet, Illinois, including a single 30-inch submerged pipeline river crossing of the Arkansas River;

(b) Approximately 17.77 miles of 24-inch pipeline partially looping that portion of Applicant's Amarillo Line in northern Illinois which terminates at Volo, Illinois;

(c) 3,000 compressor horsepower at Applicant's existing Compressor Station No. 300;

(d) A new compressor station with 4,000 horsepower at the junction of Applicant's existing 26-inch and 20-inch pipelines in Nueces County, Texas, and

(e) Miscellaneous facilities necessary or convenient to the operations herein proposed.

The estimated cost of the facilities described immediately above is \$16,111,000.

The additional volumes of gas Applicant proposes to sell to existing customers are:

Rate Schedule CD-1 customers	Additional daily contract quantity (Mcf)
Central Illinois Electric & Gas Company	6,982
Interstate Power Company	600
Iowa Electric Light & Power Company	2,516
Iowa-Illinois Gas & Electric Company	3,767
Iowa Southern Utilities Company	442
North Shore Gas Company	10,000
Northern Indiana Public Service Company	17,907
Peoples Gas Light & Coke Company	25,000
Wisconsin Southern Gas Company, Inc	1,812
Total CD-1	69,026
Rate Schedule G-1 customers	
American Gas Company	534
Village of Bethany, Illinois	116
Monarch Gas Company	160
City of Perryville, Missouri	204

City of Salem, Illinois	300
United Cities Gas Company	100
Total G-1	1,466
Unallocated	1,815
Total	72,307

Applicant will finance the cost of its proposals initially with funds obtained from its parent company The Peoples Gas Light and Coke Company. Permanent financing will be by the sale of first mortgage pipeline bonds.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that preliminary staff analysis has indicated that there are no problems which would warrant a recommendation that the Commission designate this application for formal hearing before an examiner and that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing may be held without further notice before the Commission on this application provided no protest or petition to intervene is filed within the time required herein. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before July 10, 1964.

[Docket No. RI63-379]

TEXACO INC.

Order Severing and Terminating Proceeding in Part

APRIL 23, 1964.

On February 15, 1963, Texaco Inc. (Texaco) tendered for filing a proposed increase in rate from 13.8733¢ to 14.3733¢ per Mcf at 14.65 psia for the jurisdictional sale of natural gas to Texas Eastern Transmission Corporation from Live Oak County, Texas (R.R. District No. 2). By order issued March 13, 1963, the proposed increased rate designated as Supplement No. 16 to Texaco's FPC Gas Rate Schedule No. 266, was suspended. Subsequently, the proposed increased rate was made effective subject to refund as of August 18, 1963.

On November 18, 1963, Texaco filed a motion to terminate the above-designated proceeding insofar as it applies to Texaco's FPC Gas Rate Schedule No. 266. In support of its motion Texaco states that it made application for abandonment of the sale of gas under its Rate Schedule No. 266, and that no money has been collected subject to refund under such rate schedule.

The above-designated proceeding was consolidated with the proceedings in Docket No. AR64-2, et al.

The Commission finds: It is necessary and proper in carrying out the provisions of the Natural Gas Act and the Regulations thereunder that the proceeding in Docket No. RI63-379, insofar as it applies to Texaco's FPC Gas Rate Schedule No. 266, should be terminated as moot, and should be severed from the proceedings in Docket No. AR64-2, et al.

The Commission orders:

(A) The proceeding in Docket No. RI63-379, insofar as it applies to Texaco's FPC Gas Rate Schedule No. 266, is hereby terminated as moot, but in all other respects, the proceeding is continued in full force and effect.

(B) The proceeding in Docket No. RI63-379, insofar as it applies to Texaco's FPC Gas Rate Schedule No. 266, is hereby severed from the proceedings in Docket No. AR64-2, et al.

INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN YUGOSLAVIA

Consumption and Withdrawal From Warehouse; Level of Restraint

JUNE 22, 1964.

On January 31, 1964, the United States Government, in furtherance of the objective of, and under the terms of, the Long Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 6 relating to non-participants, requested the Government of Yugoslavia to restrain the level of exports to the United States of cotton textiles in Categories 18 and 19 for the twelve-month period, ending January 30, 1965.

There is published below a letter of June 22, 1964, from the Chairman, President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amounts in Categories 18 and 19 of cotton textiles produced or manufactured in Yugoslavia which may be entered, or withdrawn from warehouse for consumption in the United States from January 31, 1964 through January 30, 1965, be limited to a designated combined level as adjusted to reflect entries for consumption, and withdrawals from warehouse for consump-

tion. Cotton textiles in Categories 18 and 19 exported to the United States from Yugoslavia prior to May 19, 1964, may be entered into the United States for consumption and withdrawn from warehouse for consumption even though the combined level of restraint designated for these two categories has been filled.

In carrying out this directive, you shall allow entry into the United States for consumption, and withdrawal from warehouse for consumption, of cotton textiles in Categories 18 and 19, which have been exported to the United States from Yugoslavia prior to May 19, 1964, even though the combined level of restraint designated for these two categories has been filled.

A detailed description of the listed categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on October 1, 1963 (28 F.R. 10551).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Yugoslavia and with respect to imports of cotton textile products from Yugoslavia have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of Section 4 of the Administrative Procedure Act. This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

LUTHER H. HODGES,
Secretary of Commerce, and Chairman,
President's Cabinet Textile
Advisory Committee.

CERTAIN COTTON TEXTILES AND AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN KOREA

Consumption and Withdrawal From Warehouse; Level of Restraint

JUNE 22, 1964.

The United States Government, in furtherance of the objectives of, and under the terms of, the Long Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, has informed the Government of Korea that pending the conclusion of discussions between the United States and the Republic of Korea on trade in cotton textiles, it is renewing for an additional twelve-month period the arrangements in effect between the two governments on the exports of cotton textiles and cotton textile products to the United States in Categories 22, 42, and 52, produced or manufactured in Korea.

There is published below a letter of June 22, 1964 from the Chairman, President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amounts in Categories 22, 42 and 52 of cotton textiles and cotton textile products produced or manufactured in Korea which may be entered, or withdrawn from warehouse, for consumption in the United States from June 26, 1964, through June 25, 1965, be limited to certain designated levels.

JAMES S. LOVE, JR.,
Chairman, Interagency Textile
Administrative Committee,
and Deputy to the Secretary of
Commerce for Textile Programs.

THE SECRETARY OF COMMERCE

PRESIDENT'S CABINET TEXTILE ADVISORY
COMMITTEE

Washington 25, D.C.,
June 22, 1964.

COMMISSIONER OF CUSTOMS,
DEPARTMENT OF THE TREASURY,
Washington, D.C.

DEAR MR. COMMISSIONER: Under the terms of the Long Term Arrangement Regarding International Trade done at Geneva on February 9, 1962, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, you are directed to prohibit, effective June 26, 1964, and for the period extending through June 25, 1965, entry into the United States for consumption, and withdrawal from warehouse for consumption, of cotton textiles and cotton textile products in Categories 22, 42 and 52 produced or manufactured in Korea, in excess of the following levels of restraint:

Category:	12-Month level of restraint
22	100,000 square yards.
42	10,500 dozen.
52	5,000 dozen.

A detailed description of the categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on October 1, 1963 (28 F.R. 10551), and amendments thereto on March 24, 1964 (29 F.R. 3679).

In carrying out this directive, entries of cotton textiles and cotton textile products in Categories 22, 42 and 52, produced or manufactured in Korea, which have been exported to the United States from Korea prior

to June 26, 1964, shall, to the extent of any unfilled balances, be charged against the levels of restraint established for such goods during the period June 26, 1963, through June 25, 1964. In the event that the levels of restraint established for the period June 26, 1963, through June 25, 1964, have been exhausted by previous entries, such goods shall be subject to the directives set forth in this letter.

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Korea and with respect to imports of Korean cotton textiles and cotton textile products have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of Section 4 of the Administrative Procedure Act. This letter is being published in the FEDERAL REGISTER.

Sincerely yours,

LUTHER H. HODGES,
Secretary of Commerce, and Chairman,
President's Cabinet Textile
Advisory Committee.

TARIFF COMMISSION

[TEA I-A-5]

STAINLESS-STEEL TABLE FLATWARE

Notice of Investigation and Hearing

Investigation instituted: On June 24, 1964, the United States Tariff Commission, upon request of the President, instituted an investigation in connection with the preparation of advice to the President, pursuant to section 351 (d) (2) of the Trade Expansion Act of 1962, with respect to certain stainless-steel knives, forks, and spoons of the kinds described in items 927.50-927.54 in part 2A of the Appendix to the Tariff Schedules of the United States.

In 1959 tariff quotas were imposed by Presidential proclamation upon imports of stainless-steel articles of the kinds described above, following an escape-clause investigation by the Tariff Commission under section 7 of the Trade Agreements Extension Act of 1951. The Commission's function under section 351 (d) (2) is to advise the President of its judgment of the probable economic effect on the domestic industry concerned of the reduction or termination of increased import restrictions imposed under the escape-clause procedure.

Public hearing ordered: A public hearing in connection with the aforementioned investigation will be held beginning at 10 a.m., e.d.s.t., on September 15, 1964, in the Hearing Room, Tariff Commission Building, 8th and E Streets NW., Washington, D.C. Interested parties desiring to appear and to be heard at the hearing should notify the Secretary of the Commission, in writing, at least three days in advance of the date set for the hearing.

Issued: June 24, 1964.

By order of the Commission.

[Rev. S-0.562, Taylor's I.C.C. Order 173]

MISSOURI-KANSAS-TEXAS RAILROAD CO.

Rerouting or Diversion of Traffic

In the opinion of Charles W. Taylor, Agent, the Missouri-Kansas-Texas Railroad Company, is unable to transport traffic routed over its line between Parsons, Kansas and Oklahoma City, Oklahoma, because of bridge damage just south of Bartlesville, Oklahoma.

It is ordered, That:

(a) Rerouting traffic: The Missouri-Kansas-Texas Railroad Company, being unable to transport traffic in accordance with shippers' routing over its line between Parsons, Kansas, and Oklahoma City, Oklahoma, because of bridge damage just south of Bartlesville, Oklahoma, is hereby authorized to divert and reroute such traffic over the St. Louis-San Francisco Railway Company to expedite the movement regardless of the routing shown on the waybill. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving road to be obtained: The railroad desiring to

divert or reroute traffic under this order shall confer with the proper transportation officer of the railroad to which such traffic is to be diverted or rerouted, and shall receive the concurrence of such other railroad before the rerouting or diversion is ordered.

(c) Notification to shippers: Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carrier's disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date: This order shall become effective at 11:00 a.m., June 23, 1964.

(g) Expiration date: This order shall expire at 11:59 p.m., June 26, 1964, unless otherwise modified, changed, suspended, or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as Agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement and by filing it with the Director, Office of the Federal Register.

Issued at Washington, D.C., June 23, 1964.

**GUIDE TO
RECORD RETENTION
REQUIREMENTS**

[Revised as of January 1, 1964]

Compiled from U.S. Statutes, and from regulations issued by the various Federal agencies, the "Guide" contains 873 digests detailing the retention periods for the many types of records required to be kept under Federal laws and rules. It tells the user (1) what records must be kept, (2) who must keep them, and (3) how long they must be kept. Each digest also includes a reference to the full text of the basic law or regulation governing such retention.

Price: 40 cents

Compiled by Office of the Federal Register, National Archives and Records Service, General Services Administration

Order from Superintendent of Documents, United States Government Printing Office, Washington, D.C., 20402

Area Code 202 Phone 963-3261

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration (mail address National Archives Building, Washington, D.C. 20408), pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$1.50 per month or \$15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.
