Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

[Docket No. 7788; Amdts. 47-2, 49-2]

PART 47—AIRCRAFT REGISTRATION

PART 49—RECORDING OF AIRCRAFT TITLES AND SECURITY DOCUMENTS

Validity of Powers of Attorney

The purpose of these amendments is to relieve the limitations imposed by §§ 47.13(g) and 49.13(d) on authorizations for a person to sign for another, including powers of attorney. As currently written, both sections limit the validity of these authorizations, for the purposes of registration of aircraft and recordation of aircraft titles and security documents, to a period of 2 years. However, the validity of authorizations submitted before August 18, 1964, was preserved until August 18, 1966. The 2-year validity requirements of §§ 47.13(g) and 49.13(d) were imposed solely for the purpose of improving the efficiency of the Agency's registration and recordation systems by purging obsolete records. They were in no way intended to affect the validity of the documents as between any private persons involved.

The Agency has now discovered that the requirements of §§ 47.13(g) and 49.13(d) have been overlooked by some persons and that a number of documents filed since August 18, 1966, were signed by persons whose authorizations were more than 2 years old. Accordingly, while otherwise the authorizations, on their face, were in full force and effect, they did not meet the procedural requirements imposed by §§ 47.13(g) and 49.13(d). One method of partially correcting this situation would be to have the principals issue new authorizations and have each document in question reexecuted. However, this process would be onerous and time consuming, especially in cases where action by a corporate board of directors would be required, and would not have any retroactive effect. Another alternative would be to leave the documents as recorded with the question unsolved. This method is rejected as likely to create more problems in the future, thereby necessitating a more complex solution in the future. Therefore, the purpose of this amendment is to remove a procedural requirement that does not affect the substantive validity of any document. The amendments are made effective retroactively to August 18, 1966, to correct the administrative deficiency and to generally extend the validity of authorizations until August 18, 1967.

The intent of the amendments is to specifically validate each recording or filing, under part 47 or 49 of the Federal Aviation Regulations, of any document that would otherwise be technically ineligible for recording or filing by operation of § 47.13(g) or § 49.13(d) as they read immediately before the date of adoption of these amendments.

These amendments do not postpone or otherwise affect the expiration date of any power of attorney or other authorization beyond the time fixed by its terms or otherwise. In addition, they in no way constitute Agency disposition of the proposal to amend § 47.13 in the notice of proposed rule making 66-27 of July 26, 1966 (31 F.R. 10282). Since these amendments are procedural in nature, and relieve a restriction, notice and public procedure thereon are unnecessary and the effective date provisions of 5 U.S.C. section 553(d) do not apply.

These amendments are made under section 313(a) and Title V of the Federal Aviation Act of 1958 (49 U.S.C. 1354, 1401-1406).

In consideration of the foregoing, Chapter I of Title 14 of the Code of Federal Regulations is hereby amended as follows:

1. By amending § 47.13(g) to read as follows:

§ 47.13 Signatures and instruments made by representatives.

* * * * *

(g) A power of attorney, or other evidence of a person's authority to sign for another, that is submitted under this part is valid for the purposes of this section for not more than 3 years after the date it is signed. However, any instrument submitted before August 18, 1964, is considered to be valid until August 18, 1967.

2. By amending § 49.13(d) to read as follows:

§ 49.13 Signatures and acknowledgments.

* * * * *

(d) A power of attorney, or other evidence of a person's authority to sign for another, that is submitted under this part is valid for the purposes of this section for not more than 3 years after the date it is signed. However, any instrument submitted before August 18, 1964, is considered to be valid until August 18, 1967.

These amendments are effective as of August 18, 1966.

Issued in Washington, D.C., December 6, 1966.

WILLIAM F. MCKEE,
Administrator.

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T.D. 66-273]

PART 2—MEASUREMENT OF VESSELS

Foreign Systems; Pakistan

The Bureau of Customs has been advised through the Department of State of the United States of an exchange of notes between the Government of Pakistan and the Government of the United States which establishes that the system of vessel tonnage measurements followed by the Government of Pakistan is substantially similar to that of the United States and that United States standards of measurement of vessels will be accepted in Pakistan. Therefore, pursuant to the authority contained in section 4154 of the Revised Statutes, as amended (46 U.S.C. 81), vessels flying the flag of Pakistan shall be taken in ports of the United States to be of the tonnages denoted in their ceritificates of registry or other national papers.

The first sentence of § 2.63 of the Customs Regulations is amended by the insertion of "Pakistan" in appropriate alphabetical sequence.

(80 Stat. 379, sec. 3, 23 Stat. 119, as amended, R.S. 4154, as amended; 5 U.S.C. 301, 46 U.S.C. 3, 81)

[SEAL] LESTER D. JOHNSON,
Commissioner of Customs.

Approved: November 30, 1966.

Assistant Secretary of the Treasury.

Title 39—POSTAL SERVICE

Chapter I—Post Office Department

RECODIFICATION AND AMENDMENT OF REGULATIONS

In order to better serve the public, the Post Office Department is revising, rearranging, and amending Title 39 of the Code of Federal Regulations. The primary purpose of these revisions, rearrangements, and amendments is to structure Title 39 to conform more closely to the numbering system of the Postal Manual in which most of these regulations also appear. It is necessary to republish the material under present Part 111 to reflect the redesignation of former Subchapters A through I, inclusive, to Subchapter A. A new Part 128 is being added to Subchapter A to apply domestic postage rates and conditions to matter sent via the Department of State to the U.S. Foreign Service Personnel overseas. New Part 128 supersedes the regulations formerly contained in Part 139. The revision also brings up to date the regulations applicable to International Mail which are contained in Chapter II of the Postal Manual and the Directory of International Mail. The material under present Part 96 relating to International Air Transportation is being republished and rewritten as a new Part 542 to clarify and update instructions and to show the following principal changes:

1. Section 542.1(d) is expanded to set forth current policy for dispatch of airmail, and for dispatch of military mail.

2. Section 542.3(b) (1) and (2) is amended to provide instructions concerning priority of mail and estimates.

3. Section 542.3(g)(3) now prescribes procedures to be followed if an air carrier does not deliver the original documents relating to inbound international mail.

4. Section 542.3(g)(6) now prescribes procedures to be followed when international airmail documented on AV–7 is aboard a flight interrupted for certain reasons.

5. Section 542.3(g)(7) is added to included instructions concerning irregular or unscheduled inbound flights at exchange offices, and at nonexchange offices.

6. Section 542.4(c) lists some of the irregularities to be reported on Form 2759.

7. Section 542.4(e) explains how to process Form 2759, and penalty actions.

And lastly, the regulations applicable to Vending Stands are republished under Part 614 to show that, the Director, Engineering and Facilities Division, will resolve issues with the Director, Personnel Division, concerning violation involving vending machines operated by postal employee committees, or otherwise concerning postal employees.

Since the primary purpose of the reorganization and partial republication of the regulations codified in former Parts 1 through 824, inclusive, is to effect a rearrangement and renumbering together with new changes as set out above, which do not affect substantive rights, notice of proposed rule making and a delayed effective date are impractical and unnecessary.

Accordingly, the following changes are effective upon publication in the FEDERAL REGISTER:

I. The following table lists the former part numbers and headings and indicates their position in reorganized Title 39:

II. The material under former Part 1 is republished under new Part 111 to read as follows:

PART 111—WHAT SUBCHAPTER A COVERS

§ 111.1 What Subchapter A covers.

Subchapter A contains the regulations of the Post Office Department which are intended to assist the users of its domestic services in obtaining the maximum benefits from its personnel and facilities. Thus, this subchapter includes the specified rates for stamps and postage and the restrictions governing their use, the particulars distinguishing the various classes of mails and the conditions entitling the public to the privileges of those classes, the requirements for proper wrapping and mailing of matter to be mailed, an explanation of the collection and delivery services of the Department, details of the special mail and nonmail facilities of the Department and the provisions for the transportation of the mail. Notwithstanding any statement contained in this subchapter the burden rests with the mailer to assure that he has complied with the laws enacted by Congress.

(5 U.S.C. 301, 39 U.S.C. 501)

III. Add a new Part 128 for the reason set out in the foregoing preamble to read as follows:

PART 128—MAIL SENT VIA DEPARTMENT OF STATE TO U.S. FOREIGN SERVICE PERSONNEL ABROAD

Sec.
128.1 Who may use.
128.2 Mailing conditions.

AUTHORITY: The provisions of this Part 128 issued under 5 U.S.C. 301, 39 U.S.C. 501.

§ 128.1 Who may use.

The facilities of the Department of State are available for sending unregistered and uninsured personal mail to authorized U.S. Foreign Service personnel stationed in other countries.

§ 128.2 Mailing conditions.

(a) *Addressing.* The following form of address must be used:

Name, Foreign city (Omit name of country), Department of State, Washington, D.C. 20521.

(b) *Classes.* Articles of all classes of domestic mail are acceptable.

(c) *Weight and size limits.* Domestic limits apply, including those in § 135.3 of this chapter except that no package may weigh more than 40 pounds or exceed 24 inches in length or 62 inches in length and girth combined.

(d) *Postage rates.* Postage must be paid at the applicable domestic rate for the classes of mail and type of service desired. (See paragraph (e)(4) of this section.) The postage rates from the mailing office to Washington, D.C., apply to mail subject to zone rates.

(e) *Limitations.* (1) Airmail service from Washington, D.C., to destination will be provided only for communications in the form of letters, post cards, or tapes with recorded messages; for personal documents of value, such as deeds, wills, insurance policies or titles; and for emergency supplies of prescription eyeglasses, hearing aids, orthopedic shoes, or dentures. Senders must mark the cover or wrapper to indicate the nature of the contents. For rapid transmission of other personal packages, senders must use the regular international air service, affixing customs declarations and addressing directly to the recipient in the foreign country. (See Subchapter C and its appendix of this chapter.)

(2) The Department of State prohibits tobacco products (except to selected foreign service posts), liquids, perishables, firearms, glass, and other fragile articles, as well as parcels intended for delivery to a third person.

(3) Packages must be securely and substantially packed. International postal forms (customs declarations, stickers, etc.) are not required on packages sent through Department of State facilities.

(4) Registration, insurance, and c.o.d. services are not available.

IV. Subchapter C reads as follows:

SUBCHAPTER C—INTERNATIONAL MAIL

PART 211—POSTAL UNIONS

Sec.
211.1 Universal Postal Union.
211.2 Postal Union of the Americas and Spain.

INTERPRETATIONS

211.11 Conventions of the Postal Unions of the Americas and Spain.

AUTHORITY: The provisions of this Part 211 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 211.1 Universal Postal Union.

The exchange of all mail except parcel post between the United States (see Part 112 of this chapter) and other countries is governed by the provisions of the Convention of the Universal Postal Union, of which the United States is a member.

§ 211.2 Postal Union of the Americas and Spain.

The United States and the following countries are also members of the Postal Union of the Americas and Spain (PUAS):

Argentina.	Haiti.
Bolivia.	Honduras Republic.
Brazil.	Mexico.
Canada.	Nicaragua.
Chile.	Panama.
Colombia.	Paraguay.
Costa Rica.	Peru.
Cuba.	Spain and Possessions.[1]
Dominican Republic.	Uruguay.
Ecuador.	Venezuela.
El Salvador.	
Guatemala.	

Certain special provisions apply to the exchange of mail, including parcel post, with the countries listed above. Those provisions appear in the appropriate sections of this chapter.

INTERPRETATIONS

§ 211.11 Conventions of the Postal Union of the Americas and Spain.

The position of the Post Office Department concerning its rights and obligations under the several Conventions of the Postal Union of the Americas and Spain is as follows:

(a) These Conventions are entered into pursuant to section 372 of Title 5, United States Code (Revised Sept. 2, 1960, now 39 U.S. Code section 505) and are agreements between nations. They impose burdens and confer benefits upon nations as such, and are designed to settle relations between sovereign states. Nothing in the several Conventions requires steamship companies to carry mail. Nothing therein states what rights or benefits steamship companies will have if they do carry mail. Any obligation to carry mail, and the rights and benefits in relation to such transportation, are determined by the domestic laws of the countries whose flags fly, and of the countries at whose ports they touch.

(b) Absent the "free transit" provisions of the several Conventions, it is clear an American steamship company which carries mail at the request of a foreign government would have to look to that government for payment. In such a situation, if the foreign government declined to make payment, the steamship company would have no legal right to look to the United States for payment. At most, the steamship company could ask the State Department to make diplomatic representations. Even under the "free transit" provisions of the several Conventions, the signatory nation requesting and receiving the mail service is primarily responsible for payment. The flag country is only secondarily liable. United Fruit Co. v. U.S., 103 Ct. Cls. 303; id. 112 Ct. Cls. 519.

(c) Even when the United States was a party to the "free transit" provisions of the several Conventions, the United States did not agree it would compensate U.S.-flag vessels which carried mail of other signatories. It merely promised to the other signatories that such transportation would be performed free of charge to them. The obligation of the United States to compensate its vessels in such instances is a secondary one and is dependent upon whether the signatory asking and receiving the mail service would be legally obligated, under its own domestic laws, to compensate the steamship companies for this service. See Moore-McCormack Lines, Inc. v. U.S., 119 Ct. Cls. 473 and United Fruit Co. v. U.S., 134 Ct. Cls. 315.

NOTE: The original of the foregoing statement of the position of the Post Office Department was signed by the Postmaster General, and on September 23, 1960, was approved by the President of the United States.

PART 212—CATEGORIES OF INTERNATIONAL MAIL

Sec.
212.1 Postal union mail.
212.2 Parcel post.

AUTHORITY: The provisions of this Part 212 issued under 301, 5 U.S.C. 22, 39 U.S.C. 501, 505.

§ 212.1 Postal union mail.

Postal union mail, both surface and air, is exchanged under provisions of the Universal Postal Convention or the Convention of the Postal Union of the Americas and Spain. The weight and size limits and other general provisions (but not postage rates) for the various classifications of mail exchanged under those conventions are the same from and to the United States. Postal Union mail is divided into two categories, known as "LC mail" and "AO mail," as follows:

(a) The term "LC mail" refers to letters, letter packages, post cards, and aerogrammes. See §§ 221.1, 222.2, and 241.5 of this chapter.

(b) The term "AO mail" refers to postal union mail other than letter mail, post cards, and aerogrammes. It includes printed matter of all kinds, matter for the blind, samples of merchandise, and small packets. See §§ 222.3 through 222.9 of this chapter.

§ 212.2 Parcel post.

Parcel post is a separate and distinct category from postal union mail. The exchange of parcel post with other countires is governed by the provisions of individual bilateral agreements with various countries and the Parcel Post Agreement of the Postal Union of the Americas and Spain. Unless otherwise noted under the country items in the Directory of International Mail, the weight and size limits and other general parcel post provisions (but not postage rates) apply also from those countries to the United States. See the appendix of this Subchapter C—Special Services and the regulations under the Parcel Post headings of the various country items in the appendix.

PART 213—OFFICIAL CORRESPONDENCE

Sec.
213.1 With the Department.
213.2 With foreign postal authorities.
213.3 With individuals in other countries.

[1] Spanish possessions include Balearic Islands, Canary Islands, and the Spanish Offices in Northern Africa; also Fernando Po, Rio Muni, and Spanish West Africa.

AUTHORITY: The provisions of this Part 213 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 213.1 With the Department.

Correspondence relating to all phases of the international postal service, except money order business and investigations handled by the Postal Inspection Service, should be addressed to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260.

§ 213.2 With foreign postal authorities.

Postmasters, regional offices, and other field units of the Postal Establishment (except exchange offices, postal inspectors in charge, and postmasters acting under instructions in Part 271 of this chapter) shall not correspond directly with postal officials in other countries but shall refer inquiries from these officials to the Department for attention.

§ 213.3 With individuals in other countries.

Postmasters, regional offices, and other field units of the Postal Establishment may reply direct to inquiries and engage in other necessary correspondence with individuals and firms in other countries. The addresses of patrons may be furnished to inquirers, provided the patrons have given their consent. This correspondence is mailable without postage stamps under § 221.2(d)(5) of this chapter.

PART 221—CONDITIONS APPLICABLE TO ALL CLASSES

Sec.
221.1 Preparing and addressing.
221.2 Postage.
221.3 Prohibitions and restrictions.
221.4 Documentation.

AUTHORITY: The provisions of this Part 221 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 221.1 Preparing and addressing.

(a) *Preparing.* (1) Senders must prepare articles securely, especially if they are for distant countries. International mail is handled more often and subjected to greater pressure and friction than domestic mail, hence it must be enclosed in strong envelopes or other wrappings.

(2) Use envelopes of any light color on which the address and postmark will be legible. Do not use three-cornered envelopes. Window envelopes meeting the conditions in § 122.4 of this chapter with the exception of open-panel envelopes, are acceptable in the international mail. Open-panel envelopes are accepted only in the ordinary (unregistered) mail to Canada.

(3) Letters and letter packages (LC mail) may be placed in bags, boxes, envelopes, or containers, and, if unregistered, may be sealed at the option of the sender. Registered letters and letter packages must be sealed. See § 242.2(b)(1) of this chapter.

(4) Articles other than letters and letter packages (AO mail) must be prepared in such a way that their contents are sufficiently protected but so as not to hinder quick and easy inspection of the contents. They should be placed under wrapper, on a roller, or between cardboard; in open bags, boxes, envelopes, or containers or in closed, unsealed bags, boxes, envelopes, or containers provided with fasteners that can be easily opened and reclosed without being dangerous; or they may be tied with string or twine in a manner that will permit them to be easily untied. Sealing of postal union other articles is not permitted, even if registered, and they must be prepared in such a way that other articles do not run the risk of being trapped by them.

(5) As an exception to subparagraph (4) of this paragraph, items in AO mail articles which would spoil if packed according to the general rules, and samples of merchandise packed in a transparent packing permitting check of their contents, are admitted in hermetically sealed packing. The same applies to samples of industrial and vegetable products in a packing sealed by the manufacturer or by an examining authority in the country of origin. In such cases the sender or the addressee may be required to assist in a check of the contents, either by opening certain of the items or in some other satisfactory manner.

(b) *Packing requirements for certain articles*—(1) *Glass.* Articles of glass or other fragile materials must be securely packed in boxes of metal, wood, or strong corrugated fiberboard filled with paper, wood shavings, or other protective material that prevent the articles from moving about or coming in contact with each other or with the sides of the box in course of transmission.

(2) *Liquids, oils, etc.* Liquids, oils, and substances which easily liquefy must be enclosed in hermetically sealed receptacles. Each receptacle must be placed in a separate box of metal, strong wood, or strong corrugated fiberboard containing enough sawdust, cotton, or spongy material to absorb the liquid in the event of breakage of the receptacle. The cover of the box must be fastened in such a way that it cannot become easily detached.

(3) *Fatty substances.* Fatty substances which do not easily liquefy, such as ointments, soft soap, resin, etc., as well as silkworm eggs, must be enclosed in an inside cover (box, canvas, or parchment bag, etc.), which must itself be placed in a second box of wood, metal, or stout, thick material.

(4) *Powders.* Dry powdered dyes such as aniline, etc., are not admitted unless enclosed in stout tin boxes placed, in turn, inside wooden boxes, with sawdust between the two packings; dry noncoloring powders must be placed in boxes of metal, wood, or cardboard. These boxes themselves must be enclosed in a canvas or parchment bag.

(5) *Live organisms.* Live bees, leeches silkworm eggs, and parasites and predators of injurious insects intended for the control of such insects and exchanged between officially recognized agencies shall be enclosed in boxes so constructed as to avoid all danger.

(6) *Perishable biological materials.* See § 221.3(b)(5)(iii).

(7) *Radioactive materials.* See § 221.3(b)(6).

(c) *Addressing.* (1) Reserve at least the entire right half of the address side for the address of the addressee, postage stamps or postage-paid impressions, and the service labels and notations (postmarks, etc.).

(2) Address mail legibly using roman letters and arabic figures placed lengthwise on one side of the article only. Write the name and address of the addressee precisely and completely so that employees distributing the mail will be able to route mail to its proper destination without difficulty. Show name of post office and country of destination in capital letters. Give house number and street address or box number when mail is addressed to towns or cities. Addressing mail to "boxholder" or "householder" is not permitted.

(3) The address of articles sent to General Delivery (in French, Poste Restante) must indicate name of the addressee. The use of initials, figures, simple given names, fictitious names, or conventional marks of any kind is not permitted on these articles.

(4) Addresses in Russian, Greek, Arabic, Hebrew, Japanese, or Chinese characters must bear an interlined translation of the names of the post office, province, and country of destination in English. If the English forms are not known, show foreign spellings in roman characters, print or script.

(d) *Return address.* The complete address of the sender must be shown in the upper left corner of the address side so as not to affect either the clarity of the address or the application of service labels or notations. See §§ 222.2(b)(2) and 222.4(b)(5) of this chapter. Ordinary (unregistered) articles bearing a return address in another country are accepted only at risk of senders.

§ 221.2 Postage.

(a) *Prepayment.* Articles must be fully prepaid to assure dispatch without delay and without penalty against the addressees. If the missing postage cannot be collected from the mailer, the shortpaid articles are either sent to destination and double the shortage collected from the addressees or they are sent to dead letter branches for treatment. See § 223.2 of this chapter.

(b) *How paid*—(1) *Stamps.* Postage and fees for special services may be paid by means of United States postage stamps or by meter stamps of a bright red color. Precanceled stamps may be used under the same conditions as in the domestic mail. Airmail stamps may be used on airmail articles only, and special delivery stamps may be used only for payment of special delivery fees. See § 141.6 of this chapter for other stamps not valid as postage.

(2) *Other means.* Postage may be paid by permit imprints, subject to the general conditions stated in Part 144 of this chapter. Permit imprints must

show the amount of postage paid on each article and may be of any color. Postage on second-class and controlled circulation matter mailed by publishers or registered news agents may be paid in money under the conditions stated in § 222.4(e)(3) (ii) and (iii) (second-class only).

(c) *Articles mailed aboard ships (Paquebot).*

(1) Mail posted aboard ships on the high seas must bear postage stamps of the country whose flag the vessel flies. On arrival at a port, an officer of the ship hands the mail into the post office of the port city, where the stamps are canceled and the mail is dispatched. If the stamps are foreign, the post office uses a special "Paquebot" postmark or applies the word Paquebot to the envelope in ink or with a rubber stamp.

(2) Any mail to be forwarded by air must be accompanied by an AV–2 form, prepared by the ship's officer, showing weight of the articles for each destination. When airmail is presented at a post office that is not an international exchange office, the postmaster must transmit the AV–2 form to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260, for accounting purposes.

(3) Mail posted aboard a U.S. ship on the high seas, or aboard any ship while in a U.S. port, must bear U.S. stamps and is not entitled to "Paquebot" cancellation at a U.S. post office.

(d) *Mailings without postage*—(1) *Diplomatic and consular mail.* Mail of foreign diplomatic and consular representatives in the United States is subject to the same postage rates and conditions which apply to mail of other postal patrons, except when mailed by diplomatic and consular representatives of countries belonging to the Postal Union of the Americas and Spain (see § 211.2). Diplomatic and consular representatives of those countries may send Postal Union mail articles without postage up to the weight and size limits specified in Part 222, under the following conditions:

(i) *Diplomatic.* Free postage and free registration are granted to all surface correspondence (official and personal) of members of the diplomatic corps of PUAS countries when addressed to the PUAS countries.

(ii) *Consular.* Free postage and registration are granted to the official surface correspondence of consuls or vice consuls of PUAS countries when—

(*a*) Addressed for delivery in the country represented by the mailing official;

(*b*) Addressed to the Embassy or Legation of the official's country located in any of those countries; or

(*c*) Addressed to an official of any of those countries located in those countries.

(iii) *Preparation and marking.* Diplomatic and consular mail will be either letters, letter-packages, or printed matter packages. Letters may be sealed, whereas printed matter packages must be unsealed and bear the words "Printed Matter" on the address side of the package. Envelopes, labels, etc., used by members of the PUAS diplomatic corps for postage free mail must show in the upper left corner the name of the Ambassador or Minister or name of Embassy or Legation, with post office address, and in the upper right corner the words "Diplomatic Mail" over the word "Free." For consulates, the name and address of the consul or consulate and the name of the country must appear over the words "Official Correspondence" in the upper left corner. The words "Consular Mail" must be written above "Free" in the upper right corner.

(iv) *Special services.* Diplomatic and consular mail entitled to free postage is also entitled to free registration but without the right to indemnity. If air or special delivery service is desired, both the postage and any special fees must be prepaid.

(2) *Federal Government official mail.* Official mail of the Federal Government is accepted for other countries without postage affixed under the following conditions:

(i) *Postage and fees paid mail.* All official mail of authorized departments and agencies prepared in accordance with the provisions of § 137.2(c)(1)(i), (ii), and (iii) of this chapter, will be given the postal service indicated on its cover. There is no limitation as to the countries to which this mail may be addressed provided the service desired is available. The weight and size limits, postal forms prescribed in part 222 of this chapter and, under the parcel post headings of the various country items, in the Directory of International Mail apply.

(ii) *Penalty and franked mail.* Ordinary (unregistered) surface mail prepared in accordance with the provisions of §§ 137.1 and 137.2 of this chapter is accepted when addressed in PUAS countries except Argentina, Brazil, and Spain and Spanish possessions. (See § 211.2 of this chapter.) This mail must not exceed the domestic weight limit of 4 pounds, except when it is exempt from that limit by regulation (see § 137.2(e)(1)(i) of this chapter), in which case the weight limits prescribed in Part 222 of this chapter apply. The maximum dimensions prescribed in Part 222 of this chapter apply in all cases. If registration, air, or special delivery service is desired, both the postage and fee must be prepaid.

(3) *Pan American Union mail.* Ordinary (unregistered) surface mail bearing the return address of the Union and weighing not more than 4 pounds (or 11 pounds for packages identified as containing printed matter) is accepted without postage affixed when addressed to PUAS countries except Canada. Such mail must bear the indicia "Free Under Postal Convention" in the upper right corner. If registration, air, or special delivery service is desired, both the postage and fee must be prepaid.

(4) *Pan American Sanitary Bureau mail.* Ordinary (unregistered) surface mail bearing the return address of the Bureau and weighing not more than 4 pounds is accepted without postage affixed when addressed to PUAS countries except Canada. Such mail must bear the words "Free Under Postal Convention" in the upper right corner. If registration, air, or special delivery service is desired, both the postage and fee must be prepaid.

(5) *Postal Service official mail.* All official mail of the Postal Service may be accepted without postage affixed. Use penalty envelopes or labels for mail addressed (i) to postal administrations or post offices in any country, (ii) to the International Bureau of the Universal Postal Union at Berne, Switzerland, and (iii) to any addressee in the PUAS countries except Argentina, Brazil, and Spain and Spanish possessions. (See § 211.2 of this chapter.) In all other cases use penalty envelopes or labels with the addition of the endorsement "Postage and Fees Paid." Larger post offices having sufficient need may requisition a rubber stamp from the Department on Form 1567.

(6) *Mail of Mrs. Jacqueline Bouvier Kennedy.* All mail bearing the written or facsimile signature of Mrs. Jacqueline Bouvier Kennedy and the words "Postage and Fees Paid" shall be given the service indicated on its cover, subject to the conditions indicated in subparagraph (2)(i) of this paragraph.

(e) *Reply coupons.* (1) Member countries of the Universal Postal Union purchase international reply coupons from the International Bureau of the Universal Postal Union and sell them at post offices. The selling price in the United States is 15 cents each. One of these coupons is exchangeable in any other member country for a stamp or stamps representing the international postage on a single-rate surface letter. Upon presentation of a sufficient number of coupons, the stamp or stamps received in exchange may be used to prepay an international airmail letter. Chart 7 in the Directory of International Mail shows the number of coupons required to be sent to other countries to prepay an airmail letter of the first unit of weight to the United States.

(2) International reply coupons (in French, "Coupon-Réponse International") are printed in blue ink on paper having in the watermark the letters UPU in large characters. The name of the country, in French and the native language, and the selling price of the coupon are printed in black. Coupons purchased from the International Bureau prior to January 1, 1966, have the circles for the postmarks of the selling and exchanging post offices on the left- and right-hand sides; those purchased after January 1, 1966, have both these circles on the right-hand side. The issuing office postmarks the left-hand circle of the old style coupons and the upper circle of the new style coupons. The period of exchange of international reply coupons is unlimited.

(3) U.S. post offices will requisition international reply coupons from the same sources from which they obtain postage stamps. The coupons should be stocked at offices having a demand for them. Since all U.S. coupons are of the

old style, the selling post office will postmark them in the left-hand circle. Unused U.S. coupons may be redeemed by the original purchaser at a discount of 1 cent on the purchase price. The post office redeeming the unused coupons will postmark them in the right-hand circle.

(4) Properly postmarked international reply coupons issued in other countries are exchangeable at U.S. post offices for postage stamps, aerogrammes, postcards or envelopes at the rate of 11 cents each, except that Canadian and Mexican coupons are exchanged at the rate of 5 cents each in postage. The post office exchanging a foreign coupon postmarks it in the right-hand circle of the old style coupon or the lower circle of the new style coupon. Foreign coupons not properly postmarked by the foreign post office may be exchanged if there is no apparent reason to doubt their authenticity. Post offices must not accept foreign coupons that already bear a U.S. postmark.

(5) Reply coupons formerly issued by the Postal Union of the Americas and Spain are no longer valid. These coupons are printed in green ink and bear the caption "Cupón Respuesta Américo-Español." It is suggested that patrons possessing any of these coupons return them to their correspondents in the country of issue for redemption through the selling post office.

(6) Postmasters will dispose of exchanged foreign and redeemed U.S. coupons.

(f) *Foreign reply-paid cards.* The reply halves of post cards bearing foreign postage stamps, meter stamps, or imprinted postage and the heading Carte postale réponse (reply post card) are accepted as fully prepaid for ordinary surface transmission only if addressed to the country represented by the foreign postage. If this condition is not met, they are treated as unprepaid post cards. The initial half of the card may be left attached to the reply half, provided the address on the initial half is crossed out and folded on the inside of the card. Registry and special delivery fees can be prepaid only with U.S. stamps. See § 241.3(c) of this chapter regarding additional U.S. postage required to transmit cards by airmail.

(g) *Nonpostage stamps.* Do not place nonpostage stamps, labels resembling postage stamps, or impressions resembling postage-paid impressions on the address side of mail articles.

(h) *Remailed articles.* New postage is required when remailing an article which has been returned from abroad because of insufficient address.

§ 221.3 Prohibitions and restrictions.

(a) *General list of prohibited articles.* The following articles are prohibited transmission in the postal union mail to all countries:

(1) Any article without address or incorrectly, insufficiently, or illegibly addressed so that it cannot be sent to its destination.

(2) Any article addressed to go around the world or with the address side wholly or partly divided into several spaces intended for successive addresses.

(3) Poisons, including narcotics (opium, morphine, cocaine, etc.), explosives and flammable articles (see § 231.2 (a)(8) of this chapter), and all other articles excluded from the domestic mail, which either from their nature or packing are likely to soil or damage the mail or are injurious to health, life, or property. Articles containing gas or liquid under pressure, except that products incorporating compressed gas are acceptable if the mist produced is nonflammable, the quantity of contents are not more than a pint, and not more than one container per package. These restrictions as to quantity do not apply to aerosol containers holding mailable liquid and gas under pressure less than 40 pounds per square inch absolute (25 pounds gage pressure) at 70° F. Liquids with flash point below 150° F. are restricted (see § 231.2(b)(1) of this chapter). The container must be completely surrounded with sawdust, bran, or other absorbent material sufficient to take up all the liquid contents.

(4) Articles excluded from the domestic mail of the United States. (See Part 124 of this chapter.) Although safety matches are admitted in the domestic mail, they are prohibited in the international mail.

(5) Live or dead animals and insects, except: (i) Live bees, leeches, and silk worms; (ii) dead insects or reptiles when thoroughly dried; and (iii) parasites and predators of injurious insects intended for the control of such insects and exchanged between officially recognized agencies.

(6) The following are prohibited to all countries unless sent in registered letter mail—coins, bank notes, or paper money; manufactured or unmanufactured platinum, gold, or silver; precious stones, jewelry, or other precious articles. These articles are absolutely prohibited even in registered letter mail to some countries. See heading "Prohibitions" for Postal Union mail in the Directory of International Mail. The term "jewelry" is generally understood to denote articles of more than nominal value. Low priced jewelry, such as tie clasps, costume jewelry, and other items containing little or no precious metal, is not considered to be jewelry within the meaning of this section and is accepted under the same conditions as other mailable merchandise to any country. However, it is accepted only at the sender's risk to countries which prohibit jewelry.

(7) Values payable to bearer, unless sent by registered mail. Some countries prohibit such values entirely (see country items in Directory of International Mail). The term "values payable to bearer" includes checks, drafts, or securities which can be legally cashed or easily negotiated by anyone who may come into possession of them. A check or draft payable to a specific payee is not regarded as payable to bearer unless the payee has endorsed it in blank. If not endorsed, or if endorsed in favor of another specific payee, it is not regarded as payable to bearer.

(8) Gold coin, gold bullion, or gold dust exceeding $100 in value. (See § 254.4 of this chapter.)

(9) Articles whose acceptance or circulation is prohibited in the country of destination. See § 221.2(c).

(10) Written communications having the character of actual and personal correspondence, except in the form of letters or post cards, or under the conditions stated in § 222.4(d)(2), § 222.4(d)(4), or § 222.5 of this chapter. Sound recorded communications having the character of personal correspondence, except as letters, or under the conditions stated in § 222.4(d)(2) or § 222.5 of this chapter. (NOTE.—Recordings of music or other sounds not of the nature of letters are mailable under the classes of Postal Union mail available for the transmission of merchandise—see §§ 222.1(e) and 222.7(g) of this chapter; or as parcel post.)

(11) Articles may not contain any card or reply envelope with postage denoted by U.S. stamps, business reply, or other indicia.

NOTE: For general parcel post prohibitions, see § 231.5 of this chapter.

(b) *Restricted articles*—(1) *Gold and gold certificates.* (See Part 254 of this chapter.)

(2) *Tobacco seed and plants.* (See § 255.2 of this chapter.)

(3) *Plant material generally.* (See § 231.2(b)(5) of this chapter.)

(4) *Combustible liquids.* (See § 231.2 (b)(1) of this chapter.)

(5) *Perishable biological materials.* Perishable biological materials, including those of pathogenic nature, when sent in the postal union mail are accepted only as Letter Packages. The following conditions apply:

(i) *Mailing restrictions.* If a country prohibits perishable biological materials this is shown under prohibitions in the country item in the Directory of International Mail. The packages must be packed as prescribed in § 221.3(b)(5)(iii) of this chapter and must bear distinctive violet labels by which they can be readily recognized and receive careful handling and prompt delivery.

(ii) *Qualification of mailers.* (a) Only officially recognized laboratories may send or receive letter packages containing perishable biological materials. Laboratories of the following categories are so designated:

Laboratories of local, State, and Federal Government agencies.
Laboratories of federally licensed manufacturers of biologic substances derived from bacteria and viruses.
Laboratories affiliated with or operated by hospitals, universities, research facilities, and other teaching institutions.
Private laboratories licensed, certified, recognized, or approved by a public authority.

(b) A laboratory desiring to mail letter packages containing materials of this kind shall make written application on its letterhead stationery to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260, explaining its qualifications and those of the prospective addressee

to send and receive such materials, and stating how many packages are to be mailed. On approval, the mailer will receive a sufficient number of the violet labels for the contemplated shipments.

(iii) *Packaging.* (*a*) Perishable biological material not of a pathogenic nature must be packed in a nonporous container surrounded by sufficient absorbent material to take up all the liquid and must be placed in an outer protective container where it should fit tightly to avoid any shifting.

(*b*) Perishable biological material of a pathogenic nature must be packed in a tightly closed bottle or tube or heavy glass wrapped in thick absorbent material rolled several times around the bottle or tube and tied at the ends, sufficient in quantity to absorb all the liquid; the wrapped container must be placed in a strong well-closed metal box constructed to prevent any contamination outside of it. This metal box must be wrapped in cushioning material and placed in an outer protective box where it should fit tightly to avoid shifting. The outer container must consist of a hollow block of strong wood, metal, or other equally strong material with a tight lid so fitted that it cannot open during transportation.

(*c*) In addition to the requirements in (*a*) and (*b*) of this subdivision, packages must comply with the regulations governing the transmission of such materials in the domestic mail.

(*d*) The mailer must place on each package one of the violet labels mentioned in subdivisions (i) and (ii) (*b*) of this subparagraph.

(6) *Radioactive materials.* Radioactive materials are restricted as provided in § 125.2(e) of this chapter. Senders of mailable radioactive materials must place on the wrapper of the package a white label bearing the French words "Matières radioactives." The label must be supplied by the sender and is to be gummed or taped to the address side of the package. The package must also bear a conspicuous request for return to sender in case of nondelivery.

(c) *Individual country prohibitions and restrictions.* See § 231.2(c) of this chapter.

(d) *Foreign customs information.* See § 231.2(d) of this chapter.

§ 221.4 Documentation.

(a) *Green customs label.* A green customs label, Form 2976, must be obtained at the post office and placed by the sender on each letter or letter package containing dutiable merchandise, on each package of dutiable prints, and on each small packet. The label is placed on the address side of each article. See §§ 222.1(e), 222.4(e)(6), and 222.7(f) of this chapter. The label is also used on merchandise packages weighing 8 ounces or less mailed to Canada, as prescribed under the country heading in the Directory of International Mail. The following facsimile illustrates the type of information the sender must supply when the label is used in its entirety:

When the label is used in its entirety there is no need to enclose the paper form of customs declaration, Form 2976–A, in the package (see paragraph (b) of this section), except for countries which specifically require it. (See country items in Directory of International Mail.)

If the sender prefers not to show the nature and value of the contents on the outside of the article, or if for any reason the use of the label in its entirety is not practicable, the upper part (detached by cutting along the dotted line) may be affixed to the cover, and the paper customs declaration enclosed in the article. The label is not, under any circumstances, to be used on parcel post packages, nor are parcel post forms to be used on postal union mail articles.

(b) *Paper customs declaration.* The paper form of customs declaration (Form 2976–A) is available at post offices for completion by the sender and enclosure within the classes of articles mentioned in paragraph (a) of this section. The contents of the article must be indicated in detail on the form. Notations of a general character are not allowed. Form 2976–A is not to be used on parcel post packages, nor are parcel post forms described in § 231.4 of this chapter to be used on postal union articles. PART 222—RATES AND CONDITIONS FOR SPECIFIC CLASSES

Sec.
222.1 Letters and letter packages.
222.2 Post cards.
222.3 Commercial papers.
222.4 Printed matter.
222.5 Matter for the blind.
222.6 Samples of merchandise.
222.7 Small packets.
222.8 Combination packages.
222.9 Articles grouped together.

AUTHORITY: The provisions of this Part 222 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 222.1 Letters and letter packages.

(a) *Rates*—(1) *Surface.* The surface rate for letters and letter packages to Canada and Mexico is 5 cents per ounce. To all other countries it is 11 cents for the first ounce and 7 cents for each additional ounce.

(2) *Airmail.* Canada and Mexico, 8 cents per ounce. To other countries, 13, 15, or 25 cents per half ounce. See individual country items in the appendix to subchapter C of this chapter.

(b) *Weight limits.* The weight limit for letters and letter packages to all countries except Canada is 4 pounds 6 ounces; for Canada, 60 pounds.

(c) *Dimensions*—(1) *Maximum dimensions.* Maximum length is 24 inches. Maximum length, breadth, and thickness, combined is 36 inches. When sent in the form of a roll, the length (the maximum of which may not exceed 36 inches) plus twice the diameter may not exceed 42 inches.

(2) *Minimum dimensions.* The address side must measure at least 4¼ inches in length and 3 inches in width. When in the form of a roll, the length may not be less than 4 inches, or the length plus twice the diameter may not be less than 6¾ inches. Articles having lesser dimensions are accepted on condition that a rectangular address tag is attached whose dimensions are not less than 4 by 2¾ inches.

(d) *Restrictions.* Letters and letter packages may not contain current communications exchanged between persons other than the sender and the addressee or persons living with them.

(e) *Merchandise in letters*—(1) *Dutiable merchandise.* Letters or letter packages may contain merchandise which is dutiable in the country of destination unless the country is unwilling to accept such mailings. If a country prohibits dutiable merchandise in letters this is shown under "Prohibitions" in the country item in the Directory of International Mail. The postal service is not able to inform patrons whether or not any items are dutiable in other countries. When mailing articles which may be dutiable, senders must comply with the provisions concerning documentation shown in § 221.4 and with any special instructions in the Directory of International Mail.

(2) *Nondutiable merchandise.* Articles which the senders know are not dutiable may be mailed to countries which do not accept dutiable merchandise, but only at the risk of the senders. The Post Office Department assumes no responsibility for the treatment which such articles may be given by the foreign postal or customs authorities. As the presence of the green label (Form 2976) mentioned in § 221.4(a) of this chapter generally denotes dutiable contents, it should be omitted from letter-mail articles when the sender knows the contents are not dutiable.

(e) *Endorsement.* Senders should add the words "Letter (lettre)" on the address side of letters and letter packages which, because of their size or manner of preparation, may be mistaken for matter of another class.

(f) *Preparation and addressing.* See § 221.1 of this chapter.

§ 222.2 Post cards.

(a) *Rates*—(1) *Surface.* Canada and Mexico, 4 cents single; reply-paid, 4 cents each half. All other countries, 7 cents single; reply-paid, 7 cents each half.

(2) *Airmail.* Canada and Mexico, 6 cents single; reply-paid, 8 cents on message half, 4 cents on reply half. All other countries, 11 cents single; reply-paid, letter rate (13, 15, or 25 cents) on message half and 7 cents on reply half. Postage for return of the reply card by air cannot be paid with U.S. stamps. See § 241.3(c) of this chapter regarding prepayment of foreign reply-paid cards to be transmitted to other countries by airmail.

(3) *Other rates.* The letter rate (surface or air), or the surface printed matter rate if the card conforms to printed matter requirements, applies to double cards without prepaid reply and to single cards exceeding the dimensions for post cards.

(b) *Dimensions.* Maximum dimensions, 6 by 4¼ inches. Minimum dimensions, 4¼ by 3 inches.

(c) *Requirements*—(1) *Form and marking.* Post cards shall be made of cardboard that meets the material and color specifications in § 131.2(a)(7) of this chapter or of paper strong enough to withstand handling. Government postal cards may be used and postage added as required. Post cards of private manufacture must bear on the front the heading "Post Card," although this is not obligatory for picture post cards.

(2) *Preparation, addressing, and mailing.* Post cards shall be sent unenclosed, without wrapper or envelope. The right half, at least, of the address side is reserved for the address of the addressee and the notations or labels relating to the service. The sender may use the back and the left half of the address side. Postage must appear on the address side, in the upper right corner of the card; otherwise, the card is treated as unprepaid. Undeliverable post cards are disposed of in the country of address unless they bear the name and address of the sender.

(3) *Attachments.* Do not joint or attach samples of merchandise or similar articles to post cards. However, illustrations, photographs, stamps of any kind, labels, and clippings of any kind, of paper or other very thin material, as well as address labels, or slips to be folded back, may be glued thereto, on condition that they do not alter the character of the post cards and that they adhere completely to the card. These articles may be glued only on the back or left half of the address side of the card, except address slips, tabs, or labels which may occupy the entire address side. Stamps of any kind, likely to be confused with postage stamps, may be placed only on the back.

(d) *Reply-paid cards*—(1) *Availability.* Reply-paid postal cards, bearing the required endorsements and imprinted postage are available at post offices. The domestic reply-paid postal card shall not be used in the international mail, except that it may be used to Canada and Mexico after adding the headings prescribed in subparagraph (2) of this paragraph for private cards.

(2) *Private cards.* Double cards which are privately prepared for use as reply-paid cards shall bear in printing on the front, in the French language, as the heading of the first or message part, the words "Carte postale avec réponse payée" (post card with reply paid), and the words "Carte postale réponse" (reply post card) as the heading on the second or reply part. Each of the two parts must fulfill the other conditions laid down for a single card. Prepayment of the two halves shall be by means of U.S. postage or meter stamps (4 cents for Canada and Mexico and 7 cents for other countries) affixed to each half.

(3) *Preparation and mailing.* The two parts of a reply-paid card are folded one part over the other, so that the fold forms the upper edge, and they may not be sealed in any manner. Prepare the card so that when it is folded the address of the addressee is on the part bearing the words "Carte postale avec résponse payée," and the address on the reply part is folded on the inside. The sender may have printed on the back of the reply half a questionnaire to be filled in by the addressee. The latter may return the inquiry half attached to the reply-portion, in which case the address on the inquiry half is crossed out and folded on the inside of the card.

(4) *Validity of postage.* The prepayment of the reply by means of U.S. postage is valid only if the card is addressed to this country. If this condition is not met, it is treated as an unprepaid post card.

(5) *Foreign cards.* See § 221.2(f) of this chapter.

§ 222.3 Commercial papers.

The commercial papers class was discontinued effective January 1, 1966. Certain items formerly admitted as commercial papers are admitted at regular printed matter rates. See § 222.4(d)(2). Items that were accepted as commercial papers, but not transferred to the printed matter class, must be mailed as letter mail, small packets, or parcel post.

§ 222.4 Printed matter.

(a) *Rates*—(1) *Surface.* Surface rates for printed matter are as follows:

(i) *Regular printed matter.* The rates on regular printed matter, that is, printed matter other than books, sheet music, publishers' second-class and publishers' controlled circulation publications described in (i), (ii), and (iii) of this subparagraph, are:

(*a*) To Canada and Mexico—4 cents for the first 2 ounces and 2 cents for each additional ounce or fraction.

(*b*) To countries other than Canada and Mexico—5 cents for the first 2 ounces and 3 cents for each additional 2 ounces or fraction.

(ii) *Books and sheet music.* The rates on permanently bound books having at least 22 printed pages and containing no advertising other than incidental announcements of other books and on printed sheet music are:

(*a*) To Argentina, Bolivia, Brazil, Canada, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, El Salvador, Guatemala, Haiti, Republic of Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, Uruguay, and Venezuela—2 cents for the first 2 ounces and 1 cent for each additional 2 ounces or fraction.

(*b*) To all other countries—3 cents for the first 2 ounces and 1½ cents for each additional 2 ounces or fraction.

(iii) *Second-class publications.* The rates on publications entered domestically as second-class, when mailed by the publishers or by registered news agents, are:

(*a*) To PUAS countries (see § 211.2 of this chapter)—2 cents for the first 2 ounces and 1 cent for each additional 2 ounces or fraction.

(b) To all other countries—3 cents for the first 2 ounces and 1½ cents for each additional 2 ounces or fraction.

(c) No separate rates are provided for nonprofit publications or for classroom publications. These second-class publications are subject to the rates stated in subdivision (iii) (a) and (b) of this subparagraph. Second-class publications mailed by the public are subject to the regular printed matter rates stated in subdivision (i) of this subparagraph.

(iv) *Controlled circulation publications.* The rates on periodicals that are approved domestically as controlled circulation publications, when mailed by the publishers are 4 cents for the first 2 ounces and 2 cents for each additional 2 ounces or fraction, to all countries.

(2) *Airmail.* AO (other articles) air rates apply. See individual country items in the Directory of International Mail.

(b) *Weight limits.* (1) The following weight limits apply to individual packages of printed matter:

Countries	Books, catalogs, and directories	All other prints
	pounds	*pounds*
For countries not listed below	11	6 9/16

(2) See paragraph (f) of this section concerning use of direct sacks for mailing large quantities of prints to one addressee.

(3) Packages or bundles of second-class and controlled circulation publications mailed to Canada by publishers or registered news agents may weigh up to 30 pounds. When mailed by other than publishers or news agents, the weight limit is 6 pounds 9 ounces.

(c) *Dimensions.* Maximum and minimum dimensions are the same as for letters and letter packages. See § 222.1(c).

(d) *Description*—(1) *General definition.* The term "printed matter" applies to reproductions on paper, cardboard or other materials commonly used in printing, produced in several identical copies by means of a mechanical or photographic process involving use of a plate, stencil, or negative. Several copies of printed matter items may be sent together in a single package, but they must not bear names and addresses of different senders or addressees.

(2) *Articles specially admitted.* The following may be mailed as printed matter if they otherwise conform to the prescribed conditions of form and makeup, even though they may be wholly or partly handwritten or typed:

(i) Communications exchanged between students in schools provided they are sent through the intermediary of the heads of the schools.

(ii) Original and corrected exercises of students, without any notes not relating directly to the execution of the work.

(iii) Manuscripts of literary works or of newspapers.

(3) *Items not admissible.* The following are not admitted as printed matter:

(i) Printed papers which bear any marks whatever capable of constituting a conventional language or those whose text has been modified after printing, except for the additions mentioned in subparagraph (4) of this paragraph.

(ii) Stamps or forms of prepayment, canceled or not, including Internal Revenue strip stamps, and all printed papers representing a monetary value.

(iii) Articles of stationery in quantities of more than one article per package. This includes letterheads, billheads, unused cards, diaries, checkbooks, memo pads, and other similar items having some printing on them but on which additional entries are intended to be made.

(iv) Framed photographs and certificates.

(v) Photographic negatives and slides.

(vi) Films.

(vii) Phonograph records and other types of sound recordings; also perforated papers intended to be used on automatic musical instruments.

(viii) Playing cards.

(ix) Typewritten matter, or carbon copies thereof, except as authorized in subparagraphs (4) and (5) of this paragraph.

(4) *Permitted additions.* The following additions may be made by hand or by any other process on condition that the additions must have a direct bearing on the printed matter on which they are placed and must not give the text the character of personal correspondence:

(i) Name and address of sender and addressee, with or without showing the status, profession, and style.

(ii) Place and date of mailing of the item.

(iii) Serial or registration number referring solely to the item.

(iv) Correction of printing errors.

(v) Deletion, marking, or underlining of certain words or certain parts of the printed text.

(vi) On notices concerning the departure and arrival of ships and planes: the dates and time of such departures and arrivals, as well as the names of the ships, planes, and ports of departure, call, and arrival.

(vii) On travelers' announcements: the name of the traveler, the date, time, and name of the place through which he contemplates passing as well as the place where he is stopping.

(viii) On order, subscription, or offer blanks for publications, books, newspapers, engravings, and pieces of music: The publications and number of copies ordered or offered, the prices of such publications, as well as notations representing price factors, terms of payment, the edition, the names of the authors or publishers, the catalog number and the words "broché" (stitched or paper-bound), "cartonné" (boards) or "relié" (bound).

(ix) On forms used in connection with loans from libraries: The titles of books, number of copies requested or sent, names of authors or publishers, catalog numbers, number of days permitted for reading, name of person desiring to consult the book, other brief indications relating to the books in question.

(x) On illustrated cards (including those bearing the title "Post Card"), visiting cards, and other printed cards or folders: Good wishes, greetings, condolences, or other forms of courtesy expressed in not more than five words or by means of not more than five conventional initials.

(xi) On printing proofs: Such changes and additions as relate to the correction, form and printing, notes such as "Ready for printing, O.K. for printing," or any similar note relating to the preparation of the work. In case of lack of space, the additions may be made on separate sheets.

(xii) On current price lists, offers for advertisements, market and stock quotations, commercial circulars and prospectuses: Figures and any other annotations representing essential price factors.

(xiii) On literary or artistic productions: A dedication consisting of a simple expression of regard.

(xiv) On passages cut from newspapers and periodicals: The name, date, number, and address of the publication from which the article is taken.

(xv) An order or entry number relating exclusively to the articles contained in the package.

(xvi) On notices of change of address: the old and the new address and the date of the change.

(5) *Permitted enclosures.* Articles sent as prints may have the following enclosures:

(i) An open invoice covering the article sent, reduced to its essential terms. There may be enclosed with books a printed circular relating to the accompanying book or containing announcements of other books, and an order form.

(ii) A card, envelope, or wrapper bearing the printed address of the sender which may be prepaid for return by means of postage stamps of the country of destination of the article of printed matter. Do not include a U.S. domestic business reply card or envelope.

(iii) Cutout patterns marked to show that they are an integral part of a fashion magazine with which they are mailed.

(e) *Preparation and mailing*—(1) *Wrapping and closing.* Articles mailed at printed matter rates must not be sealed. The general provisions of § 221.1(a)(4) of this chapter apply, subject to the following exceptional methods of preparation:

(i) Prints of the shape and consistency of a card, which may be mailed unfolded or folded only once, may be mailed without wrapper, envelope, or fastener.

(ii) Single copies of second-class or controlled circulation publications addressed for delivery in Canada, when tied in bundles or enclosed in wrapped packages, as provided in subparagraphs (4) (ii) and (iii) of this paragraph (limited

to second-class only), need not be enclosed in wrappers or envelopes. (See subparagraph (2) (iv) of this paragraph as to marking.)

(iii) Use of steel bands or wire is permitted at the risk of the sender, except to the Union of Soviet Socialist Republics which objects to their use.

(iv) Envelopes having the main flap sealed and the side flap closed with a spot of glue are accepted at the risk of the sender, except to Switzerland which has objected to the use of this type of envelope.

(2) *Marking.* Senders must see that an endorsement appears on the address side of all cards, envelopes, wrappers, or packages to be mailed at printed matter rates, as follows:

(i) Mark "printed matter" when postage is paid at regular printed matter rates. (See paragraph (a) (1) (i) of this section.)

(ii) Mark "printed matter—books or printed matter—sheet music" on packages of books or sheet music to be mailed at the rates stated in paragraph (a) (1) (ii) of this section.

(iii) Mark "printed matter—directories or printed matter—catalogs" when necessary to identify packages as containing directories or catalogs subject to regular printed matter rates but entitled to the exceptional weight limits prescribed in paragraph (b) of this section.

(iv) Mark "printed matter—second-class or printed matter—controlled circulation publication" on the envelopes or wrappers of second-class and controlled circulation publications on which the postage is paid by stamps affixed. When the postage on second-class and controlled circulation publications is paid in cash or by advance deposit, as permitted in subparagraph (3) (ii) of this paragraph, the envelopes or wrappers must bear the imprint "Second-class postage paid at"_____, or "Controlled circulation postage paid at" _____, in the upper right corner. The imprint serves as an indication of postage payment and identifies the publications as second-class or controlled circulation.

(3) *Payment of postage.* (i) Postage on printed matter, other than second-class and controlled circulation publications mailed by the publisher or by a registered news agent under the conditions stated in subdivision (ii) of this subparagraph, must be paid by means of postage stamps, meter stamps, or permit imprints showing the amount of postage paid on each piece.

(ii) Postage on second-class and controlled circulation publications mailed by the publisher or by a registered news agent may be paid by means of postage stamps or meter stamps, or the postage charges may be paid in cash before the mailings are dispatched or from deposits of money made with the postmaster by the publisher or news agent. When the postage is to be paid in cash or from money on deposit with the postmaster, the postage charges are computed on Form 3541, Computation of Second-Class or Controlled Circulation Postage, from reports filed by the publisher or news agent on Form 3542, Statement Showing Number of Copies of Second-Class or Controlled Circulation Publication Mailed.

(iii) When second-class publications addressed to Canada are bundled as prescribed in subparagraph (4) (iii) of this paragraph, postage may be computed subject to the following special conditions:

(*a*) If the postage is paid with stamps affixed to the bundles, the publisher or news agent will weigh and rate each bundle at 2 cents for the first 2 ounces and 1 cent for each additional 2 ounces or fraction.

(*b*) If the postage is paid in cash or from money deposited with the postmaster, the publisher or news agent must place a write-in CANADA-BUNDLED entry on Form 3542 showing the number of bundles and the total number of copies included in the bundles. Unaddressed copies enclosed in packages addressed to one addressee may also be included. Compute the postage charges at 1 cent for each 2 ounces plus 1 cent for each bundle, or at 1 cent per copy, whichever is higher, and carry the computed postage to the appropriate line of column I on Form 3541.

(iv) If a publisher or registered news agent prefers, he may pay postage on individually addressed copies of second-class and controlled circulation publications by reporting them on Form 3542, and pay postage on unaddressed copies to be mailed in bulk packages by affixing the appropriate postage to the wrappers of the packages.

(v) The postage on publications for which application for second-class or controlled circulation entry is pending must be paid at regular printed matter rates (see paragraph (a) (1) (i)) of this section on each individually addressed piece. The postage is paid by means of postage stamps, meter stamps, or by permit imprints showing the amount of postage paid. The rates stated in 222.411 c and d may not be applied until a publication has been approved for domestic second-class or controlled circulation entry; after such approval, no postage rebate will be allowed for copies mailed to other countries while the application was under consideration. However, any publication meeting the conditions of paragraph (a) (1) (ii) of this section may be mailed at the rates given in that section.

(4) *Mailing.* (i) Prints on which the postage is paid by permit imprints and all second-class and controlled circulation publications to be mailed at the rates stated in paragraph (a) (1), (iii), and (iv) of this section must be taken to the post office or such other place as may be designated by the postmaster. All other printed matter that is fully prepaid with postage or meter stamps and is properly prepared as required in subparagraphs (1) and (2) of this paragraph may be presented for mailing at post office windows or deposited in post office drops or street collection boxes.

(ii) Publishers having more than five individually addressed copies of a second-class or controlled circulation publication addressed to subscribers at the same post office must tie them in unwrapped bundles with a conspicuous label attached showing the post office and country of destination. The twine must be strong enough for the weight and size of the bundles.

(iii) Except for second-class to Canada, individually addressed publications for one post office may not be bundled and addressed to the delivering post office in order to calculate the postage on the bulk weight of the bundle. Second-class publications addressed to the same post office in Canada may be enclosed in a wrapped bundle addressed to the postmaster at the office of destination, with a notation on the cover OPEN AND DISTRIBUTE, and the words "Second-class Postage Paid." If postage on the bundle is paid in cash or from money on deposit, the words "Second-class postage paid at" _____ must also appear on the wrapper. See subparagraph (3) (iii) of this paragraph as to computation of postage.

(5) *Return request.* Ordinary (unregistered) prints, other than books, are not returned if undeliverable unless return has been requested by the sender. Therefore, senders desiring that undeliverable ordinary prints be returned must place a "Return Requested" notation on the article, preferably immediately below the return address and in a language known in the country of destination. Books and registered prints that are undeliverable must always be returned to origin.

(6) *Dutiable prints.* Prints known to be dutiable in the country to which they are addressed must have a green customs label Form 2976, fixed to the address side of the article. (See paragraph (a) of this section.)

(e) *Direct sacks of prints.* Ordinary (unregistered) packages of printed matter being mailed in quantity to one addressee may be transmitted in direct sacks (except to Ethiopia) under the following conditions:

(i) The minimum amount that may be mailed in a direct sack (by either surface or air) is 30 pounds; the maximum is 66 pounds (sack and contents).

(ii) Each package enclosed in a direct sack must bear the name and address of the sender and addressee, and must not be sealed. It is recommended that senders endorse the words "Postage Paid" on each package enclosed in the sack. The packages need not conform to the weight limits and dimensions prescribed in paragraphs (b) and (c) of this paragraph.

(iii) The local post office will furnish sacks as needed. If available, furnish airmail sacks to senders intending to mail the made-up sacks by air.

(iv) An address tag or label showing the name and address of the mailer and of the addressee must be attached to the neck of the sack by means of heavy twine. This tag or label must be of substantial quality and must have reinforced eyelets to prevent it from being torn off. Postage is calculated only on the weight of the contents of the mail sack, and is paid by means of postage stamps or meter stamps affixed to the address tag or label.

(v) The post office will label the sack with the name of the country of destination in large letters and the name of the U.S. dispatching exchange office in small letters (for example Great Britain—via New York) and send it to the exchange office for dispatch to destination.

(vi) If a mailer has several sacks for the same addressee, the address tag on each sack must be marked with an identifying fractional number, for example, ⅓, ⅔ and ⅗ if the shipment consists of three sacks.

(f) *Prohibited contents.* Articles of salable value are prohibited unless defaced in such a way that they can no longer be offered for sale; also pairs of articles, such as gloves, shoes, socks, etc., or goods sent as gifts or in execution of an order, no matter how small the quantity. PART 223—TREATMENT OF OUTGOING POSTAL UNION MAIL

Sec.
223.1 Postmarking.
223.2 Shortpaid and unpaid.
223.3 Improperly prepared.
223.4 Forwarding.
223.5 Return.

AUTHORITY: The provisions of this Part 223 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 223.1 **Postmarking.**

The post office of mailing will postmark postal union mail.

§ 223.2 **Shortpaid and unpaid.**

(a) *At mailing office or sectional center.* Check carefully all locally mailed articles and mail received at sectional centers from associated offices for postage payment before it is dispatched. Return shortpaid and unpaid articles to the sender for deficient postage, using stock rubber stamp R–1300–230. The following exceptions apply:

(i) *Special delivery.* Dispatch to appropriate exchange office, unless deficiency can be obtained without delaying the article.

(ii) *Letter mail and post cards with return address at an office other than the mailing office.* Dispatch to the appropriate exchange office, unless the articles (*a*) can be returned to the office shown in the return address by the next business day; or (*b*) are paid at domestic rates; or (*c*) are totally unpaid.

(iii) *Articles without return address.* Send letter mail and post cards to appropriate exchange office. Send other articles to proper dead letter branch.

(iv) *Mail for Canada.* When quantity mailings of 10 or more pieces from the same sender are received return them for the deficiency or arrange that the postage charges be adjusted before the mail is dispatched. Otherwise, endorse articles to show that postage due charges are to be collected from the addressee, as follows, and dispatch to appropriate exchange office:

(*a*) Double the amount of the deficient postage on ordinary (unregistered) letter mail and post cards.

(*b*) The actual amount of the deficiency on ordinary other articles and on all registered mail.

(b) *Dispatch to exchange office or dead letter branch.* When shortpaid or unpaid mail is dispatched to exchange offices or to dead letter branches pursuant to paragraph (a) of this section, apply stock rubber stamp R–1300–4, "Postage Due ____ Cents," but do not indicate the amount of shortpayment, except as provided in § 223.2(a)(iv) for mail addressed to Canada. Dispatch to exchange offices by surface means when surface mail is involved and by air when airmail is involved.

(c) *In transit to dispatching exchange offices.* Except as provided in paragraph (a) of this section, no check shall be made for postage deficiencies, but any articles seen to be paid at domestic postage rates (except special delivery) or to be totally unpaid shall be returned. Endorse "Returned for additional postage" or "Returned for postage." Do not return if the senders are in Alaska, Hawaii, or an overseas territory or possession and the articles are seen after arrival in continental United States, or vice versa; allow them to go forward to the dispatching exchange office for appropriate treatment.

(d) *Credit for postage already affixed.* Credit is allowed for postage already affixed in figuring correct amount on articles returned to senders for deficient postage.

§ 223.3 **Improperly prepared.**

(a) *Insufficient address.* Post offices will not return articles to senders if they are not addressed as prescribed in § 221.1 (c) of this chapter, provided the country of destination is legibly written, but will dispatch them to the exchange office for decision as to the sufficiency of the address. New postage must be paid on articles remailed with corrected addresses after being returned from other countries.

(b) *Oversized post cards.* Post offices will return oversized post cards (those exceeding 6 x 4¼ inches) to senders, if known, unless they qualify as prints or are paid at letter rates. If sender is not known, dispatch oversized cards to the exchange office for handling as letter mail.

(c) *Undersized articles.* Post offices will return to the senders, if known, any articles that are less than the prescribed minimum size (4¼ x 3 inches) and are not prepared as provided under § 222.1 (c)(2) of this chapter. If the sender is not known, dispatch the articles to the dead letter office.

(d) *Meter stamps.* The Universal Postal Convention prescribes that meter stamps are to be bright red in color. (See § 221.2(b)(1) of this chapter.) Although the use of red color for meter stamps on international mail should be encouraged, articles bearing those of other colors are to be allowed to go forward.

§ 223.4 **Forwarding.**

(a) *International.* Articles will generally be forwarded to a new address of the addressee, even in a third country, or back to the United States. The sender may forbid forwarding by a notation on the envelope or wrapper in a language understood in the country to which addressed. See § 224.3 of this chapter concerning forwarding mail of foreign origin.

(b) *Domestic* — (1) *Addressee moved to another country.* Treat as undeliverable and dispose of as provided in Part 158 of this chapter, except that post or postal cards and ordinary letters that do not appear to contain merchandise and do not bear a notice forbidding forwarding may be redirected to the original addressee in another country. Letters and cards are forwarded by surface if surface mail is involved and by air if airmail is involved, without prepayment of additional postage. If the difference between the domestic and international postage is not added at the time of forwarding it will be collected when the letter or card is delivered.

(2) *Bearing foreign return address.* Any domestic letters (except those that appear to contain merchandise) or domestic post or postal cards bearing the sender's request for return are returned to the foreign return address. Return is by surface mail only, and without prepayment of additional postage. Indication of a foreign return address on registered or certified letter mail will be deemed to constitute a request on the part of the sender that the letter is to be forwarded to the foreign return address if it is not deliverable at the U.S. address. It further indicates that the sender thereby agrees, in case of loss of a registered letter after dispatch from the United States, to adjustment of indemnity in accordance with the provisions of § 272.2, irrespective of the amount of registry fee paid. Articles or packages containing merchandise are held by the post office of address and a report sent to the Department as provided in § 231.7 (b) of this chapter. Treat other undeliverable domestic articles with foreign return addresses as dead mail. (See § 158.7(b)(1) of this chapter.)

(c) *Ship passenger and crew mail.* (1) As an alternative to the provisions of paragraph (b) of this section and § 224.3(b) of this chapter, ordinary (unregistered) articles of correspondence (except those which appear to contain merchandise) addressed to crew members or passengers on board a ship may be forwarded in the international mail, by surface or air, in one envelope addressed to a ship or travel agency under the following conditions:

(i) The envelope in which the articles are to be forwarded shall be approximately 9 inches by 6 inches in size, and shall be supplied by the sender. Do not put postage on this envelope but place the following endorsement in the upper right corner of the envelope:

This envelope contains prepaid letters for warded in bulk by authority of Assistant Postmaster General, Bureau of Transportation and International Services. Any required additional international postage has been affixed to the articles enclosed.

(ii) The envelope must be presented unsealed at the mailing office for check of the contents. Any additional postage required must be paid on each of the articles enclosed, as follows:

(a) *Articles of U.S. origin.* Pay on each article the difference between the postage already paid and the appropriate international rate (surface or air) to the new country of destination.

(b) *Articles originating in other countries.* If envelope is to be forwarded by air, place full air postage from the United States to the new country of destination on each article enclosed. No additional postage is required if the envelope is to be forwarded by surface means.

(iii) If the envelope is intended to be transmitted by air, place label 19 bearing the words "Par Avion," in the upper left corner of the envelope immediately below the return address of the sender.

(iv) The total weight of the forwarding envelope and its contents is limited to 18 ounces.

(2) The accepting employee must check the envelope to see that any necessary additional postage has been paid on each article, cancel any additional postage placed on the articles, and seal the envelope. The accepting employee will apply the office date stamp and his initials immediately below the sender's endorsement prescribed in subparagraph (1) (i) of this paragraph.

§ 223.5 Return.

(a) Articles will generally be returned to the sender if delivery cannot be made. Ordinary (unregistered) articles of printed matter, other than books, are not returned unless the sender has requested their return as prescribed in § 222.4(e) (5).

(b) The reason for nondelivery of returned articles may be indicated in French or Spanish, the most usual expressions being the following:

Ausente (Sp.)	Gone away.
Décédé (Fr.)	Deceased.
Desconocido (Sp.)	Unknown.
Devuelva a remitente (Sp.)	Return to sender.
Fallecido (Sp.)	Deceased.
Inconnu (Fr.)	Unknown.
Non-réclamé (Fr.)	Unclaimed.
No reclamado (Sp.)	Unclaimed.
Parti (Fr.)	Gone away.
Refusé (Fr.)	Refused.
Rehusado (Sp.)	Refused.
Retour à l'expéditeur (Fr.)	Return to sender.

(c) Precanceled stamps on mail returned to the United States must be defaced before delivery to the sender.

PART 224—TREATMENT OF INCOMING POSTAL UNION MAIL

Sec.
224.1 Charges.
224.2 Foreign markings instead of stamps.
224.3 Forwarding.
224.4 Undeliverable articles.

AUTHORITY: The provisions of this Part 224 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 224.1 Charges.

(a) *Customs clearance and delivery fees.* (1) Post offices will collect a fee of 13 cents from the addressee of every postal union article, other than a small packet, on which customs duty or internal revenue tax is collected. On every small packet on which duty or revenue tax is collected, the fee is 33 cents for each packet. The fees apply also when post office service is rendered for formal entry articles on which importers pay the customs charges directly to the Customs Service. The fees are retained by the Postal Service, and are accounted for by affixing postage due stamps to the articles or packets and canceling. See § 232.1(a) of this chapter concerning fees on incoming dutiable parcel post, and § 261.5(e) of this chapter concerning recording and reporting duty collections.

(2) These fees are authorized by international postal convention as reimbursement to the Postal Service for the work it performs in clearing mail articles through customs and for delivery to the addressees.

(3) The appropriate fee is collected on each article on which duty or tax is paid by the addressee, even if several articles are covered by a single mail entry form.

(4) These fees are not refundable by the Postal Service even though the Customs Service may later refund the duty paid by the addressee.

(5) Post offices will not collect the fees in the following cases:

(i) On dutiable matter from the Canal Zone or from overseas U.S. military post offices.

(ii) On packages assessed with duty which are delivered without collection of duty under § 261.5(d) (4) of this chapter. If postage due stamps were pasted on the package and canceled at the time the package was assigned for delivery, the delivery employee shall mark the stamps "Voided" and allow them to remain on the package. See § 261.5(d) (4) of this chapter concerning crediting employee with the value of the unreturned postage-due stamps.

(b) *Shortpaid mail.* Post offices will collect from the addressees of shortpaid letters and post cards the amount indicated in U.S. currency by the receiving exchange office. The amount is accounted for by affixing and canceling postage due stamps, and is retained by the postal service. Inquiries may be directed to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260.

(c) *Invalid foreign postage.* Foreign mail bearing invalid postage is accompanied by international Form C 10 issued in the country of origin and is rated as unpaid. The addressee is asked to pay the postage due, to disclose the name and address of the sender, and to surrender the envelope. The post office will send the envelope after delivery, or the entire article if the addressee refuses it, with the Form C 10 to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260, with the name and address of the sender if disclosed by the addressee.

(d) *Storage.* The post office will collect storage charges for each day until delivery is made on (1) any printed matter package or small packet exceeding 1 pound in weight, and (2) any dutiable letter package regardless of weight. The charges and other conditions prescribed in § 232.1(c) of this chapter for incoming parcel post packages apply to the postal union articles mentioned.

(e) *AO mail containing letters.* When a personal communication is found in an AO article, the office discovering it will mark the cover and rate the article for collection of postage due in the same manner as prescribed in § 232.1(d) of this chapter for letters found in parcels.

(f) *Returned mail.* Post offices will collect charges on returned mail as follows:

(1) Return postage equal to the amount of postage originally paid on returned surface merchandise packages weighing 8 ounces or less mailed to Canada at 10 cents for 5 ounces or less, 12 cents for 6 ounces, 14 cents for 7 ounces, and 16 cents for 8 ounces.

(2) On returned second-class publications mailed to Canada by publishers or registered news agents, 2 cents for the first 2 ounces and 1 cent for each additional ounce.

(3) From the sender of any article returned through a deadletter branch, 10 cents.

(4) From the sender of a undeliverable insufficiently prepaid article, the deficient postage that should have been collected from the addressee.

(5) Any other charge indicated by the exchange office.

§ 224.2 Foreign markings instead of stamps.

Some articles of foreign origin do not bear postage stamps but are marked "Postage Paid," "Taxe perçue," "Port paye," "TP" or "PP," with postmark. The marking "On Her Majesty's Service" or "O.H.M.S." is also sometimes used. This mail is treated as prepaid.

§ 224.3 Forwarding.

(a) *Within the United States.* (1) Articles received by surface may be forwarded by surface and articles received by air may be forwarded by air, without an additional postage charge or fee, unless the envelope or wrapper bears a notation forbidding its being forwarded.

(2) Second-class publications from Canada are treated in accordance with § 158.2(b) (1), (2), and (3) of this chapter. A periodical publication from any other country whose delivery requires that it be forwarded to another local address or to another post office shall be forwarded and the addressee shall be requested to notify the publisher of his new address. If the publication is still being received 3 months after the change of address occurs, the post office of original address will send a complete copy, with a notation of the new address of the addressee, to the International Service Division, Bureau of Transportation and International Services, Post Office De-

partment, Washington, D.C. 20260, for attention of the sender through the postal authorities of the country of mailing. Thereafter, any copies received with the old address shall be disposed of as waste, except that publications bearing the request of sender for return shall be endorsed "Moved, not forwardable" and returned to origin.

(b) *To another country.* (1) Articles can be forwarded on condition that the country of destination accepts mail of the classification involved. Articles received by either surface or air, which do not bear instructions forbidding their being forwarded, are forwarded by surface without an additional postage charge or fee. U.S. postage at the airmail rate to the country concerned must be paid on any article that is forwarded by air. Cross out the Par Avion label or endorsement on an airmail article that is forwarded by surface. See §§ 223.4(b)(c) of this chapter and 231.7 (b) of this chapter concerning forwarding of domestic mail.

(2) The provisions of paragraph (a) (2) of this section apply in the case of periodical publications addressed to persons who have filed change of address to another country.

(c) *Backstamping.* A legible postmark is applied to the back of letters and to the front of postcards when received missent and to all forwarded articles.

(d) *Postage-due matter.* Articles bearing postage-due stamps are forwarded or returned depending on the particular treatment necessary for such articles.

§ 224.4 Undeliverable articles.

(a) *Retention period.* (1) Post offices will hold articles at disposal of addressees for 30 days, except in the following cases:

(i) Articles bearing senders' requests for return within a specified time not exceeding 2 months.

(ii) Articles bearing no time limit for their return, when there is good reason to believe they can be delivered to the addressee if held for a period not exceeding 2 months. These articles shall be marked "Specially held for delivery."

(iii) Articles positively known to be undeliverable. These shall be treated as undeliverable immediately unless they bear the sender's request specified in subdivision (i) of this subparagraph.

(b) *Directory service.* Provide directory service at letter carrier offices for the following types of mail which cannot be delivered due to insufficient address or which fail of delivery at the address given. Centralize the service at the main office or the point or centralized distribution.

(1) Certified.
(2) COD.
(3) Foreign mail, except foreign circulars: Foreign mail bearing first-class postage, received in quantities, and having the general characteristics of circular mail, must not be given directory service.
(4) Insured.
(5) Mail from overseas Armed Forces. Do not return this mail to sender until every possible effort has been made to deliver it.
(6) Parcels of obvious value.
(7) Perishable matter.
(8) Registered.
(9) Special delivery.
(10) Special handling.
(11) Official Post Office Department mail.

(c) *Endorsing.* Endorse undeliverable mail as prescribed in 355.11 of the Postal Manual. Apply a legible postmark to the back of letters and to the front of postcards that are returned to origin.

(d) *Disposal.* Undeliverable mail will be sent by surface means (including airmail articles, after crossing out Par Avion label or endorsement) to the exchange office for return to origin, except as follows:

(1) Ordinary (unregistered) prints, other than books, which do not bear the sender's request for return. These are disposed of in accordance with § 158.5(ii) of this chapter. Books and registered prints must always be returned to origin.

(2) Postcards which do not bear the address of the sender. These are disposed of in accordance with § 158.5(a) of this chapter.

PART 225—ARTICLES MAILED ABROAD BY OR ON BEHALF OF SENDERS IN THE UNITED STATES

Sec.
225.1 U.S. postage rates required.
225.2 Mailing with U.S. postage paid.
225.3 Mailing with U.S. postage not paid.
225.4 Report of incoming Mailings.

AUTHORITY: The provisions of this Part 225 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 225.1 U.S. postage rates required.

Pursuant to provisions of the Universal Postal Convention, U.S. postage must be paid to secure delivery of articles in excess of 200 pieces mailed in other countries by or on behalf of persons or firms whose residence or place of business is in the United States when the foreign postage on the articles is lower than comparable U.S. domestic postage. The articles will be returned to origin unless applicable U.S. postage is paid for the total number of pieces. Even if the foreign postage is not lower, the same conditions apply when more than 5,000 pieces are mailed. These limitations apply to mailings made in such quantities within a 30-day period.

§ 225.2 Mailing with U.S. postage paid.

Senders affected by § 225.1 must submit a sample of the proposed mailing (envelope and contents) to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260, with a statement as to the number of pieces to be mailed, when and where the mailing will take place, and a check to cover the amount of the applicable U.S. postage. Checks will be made payable to the Post Office Department. Notification of postage acceptance and approval of mailing will be given by the Department to the sender and to the appropriate U.S. receiving exchange offices which will permit the articles in the mailing to go forward to the addressees without delay when they reach the United States.

§ 225.3 Mailing with U.S. postage not paid.

A mailing subject to § 225.1 received without payment of U.S. domestic postage having been made in advance will be held at the exchange office of receipt, and the U.S. sender will be requested to pay the postage. After payment of the required amount, the mailing will be allowed to go forward; if not paid, it will be returned to the country of origin.

§ 225.4 Report of incoming mailings.

Only U.S. receiving exchange offices will report to the Department mailings from other countries that appear to have been made by or on behalf of senders in the United States.

AUTHORITY: The provisions of this Part 231 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 231.1 Availability of service.

Parcel post service is available to most countries, and the general conditions shown in this part apply. The individual country items in the Directory of International Mail show whether or not parcel post service is available to a particular country, as well as the special services and conditions applying to that country.

§ 231.2 Prohibitions and restrictions.

(a) *General list of prohibited articles.* The following are prohibited by parcel post to all countries:

(1) Articles excluded from the domestic mail of the United States. (See Part 124 of this chapter.) Although safety matches are admitted in the domestic mail, they are prohibited in the international mail.

(2) Written communications of the nature of personal correspondence, or recorded correspondence. (See § 231.3 (d).)

(3) Enclosures bearing an address different from that appearing on the parcel itself.

(4) Pistols, revolvers, and other firearms capable of being concealed on the person, with certain exceptions. (See § 125.5 and § 253.1 of this chapter.)

(5) Live or dead creatures, except live bees, leeches, and silkworms and dead insects or reptiles when thoroughly dried.

(6) Fruits, vegetables, fresh meats, and other articles which easily decompose or which cannot reasonably be expected to reach destination without spoiling; substances which give off a bad odor.

(7) Gold coin, gold bullion, or gold dust exceeding $100 in value. (See § 254.4 of this chapter.)

(8) Articles that may in any way damage or destroy the mail or injure the persons handling them. This includes liquids that may cause injury by contact with the skin or give off irritating vapors; also explosives and flammable liquids having a flash point by the Tagliabue open tester of 80° F. or lower, and flammable solids which are likely, under conditions incident to transportation, to cause fires through friction, through absorption of moisture, or through spontaneous chemical changes.

(9) Articles containing gas or liquid under pressure, except that products incorporating compressed gas are acceptable if the mist produced is nonflammable, the quantity of contents not more than a pint, and not more than one container per package. These restrictions as to quantity do not apply to aerosol containers holding mailable liquid and gas under pressure less than 40 pounds per square inch absolute (25 pounds gauge pressure) at 70° F. Liquids with flash point below 150° F. are restricted as stated in paragraph (b) (1) of this section.

(10) Oxidizing materials such as chlorates, permanganates, peroxides, or nitrates, which yield oxygen readily to stimulate the combustion of organic matter.

NOTE: For general Postal Union mail prohibitions, see § 221.3 of this chapter.

(b) *Restricted articles*—(1) *Combustible liquids.* Combustible liquids having a flash point of 150° F. or lower but above 80° F. (Tag, open tester) may be sent to foreign countries generally in quantities not exceeding 1 quart in any one parcel, except that paints, varnishes, turpentine, and similar substances may be sent in quantities of less than 1 gallon in any one parcel. The container must be completely surrounded with sawdust, bran, or other absorbent material sufficient to take up all the liquid content. Each parcel containing a combustible liquid must be marked by the sender to indicate that the flash point is above 80° F.

(2) *Gold and gold certificates.* (See § 254.1 of this chapter.)

(3) *Jewelry.* Some countries prohibit the importation of jewelry or other precious articles by parcel post, and others admit them only in registered or insured parcels. (See country items in the appendix to this Subchapter C.) The term "jewelry" in this part denotes articles of more than nominal value. Low priced jewelry, such as tie clasps, costume jewelry, and other items containing little or no precious metal, is not considered to be jewelry within the meaning of this section and is accepted under the same conditions as other mailable merchandise to any country. However, its acceptance to countries to which jewelry is prohibited is at the risk of the sender.

(4) *Tobacco seed and plants.* (See § 255.2 of this chapter.)

(5) *Plant material generally.* Plants, seeds, and plant material are subject to the quarantine regulations of the country of destination. Patrons can obtain information from the Plant Quarantine Branch, Department of Agriculture, Washington, D.C. 20250, or from one of their offices located at principal ports of entry.

(6) *Radioactive materials.* Radioactive materials are restricted. See §§ 125.2(e) and 221.3(b)(6) of this chapter.

(c) *Individual country prohibitions and restrictions*—(1) *Information available.* Information as to articles prohibited or restricted to individual countries is published under the country headings in the Directory of International Mail. These prohibitions and restrictions are based on information furnished by the countries concerned. Patrons may inquire at the post office for information about them, or purchase the Directory (POD Publication 42) as shown in § 114.2(b) of this chapter.

(2) *Mailing of prohibited or restricted articles.* Packages known to contain articles prohibited to a country are not accepted for mailing. If a package contains articles whose importation into a country is restricted, the sender's attention is to be called to the restrictions and the articles accepted with the understanding that the addressee will be responsible for complying with the import formalities of the country concerned.

(3) *Mailings liable to return or seizure.* In addition to the published prohibitions and restrictions mentioned in subparagraph (1) of this paragraph, any country may return or confiscate articles which are prohibited from circulation within that country, whether or not notice of such prohibition or restriction has been published.

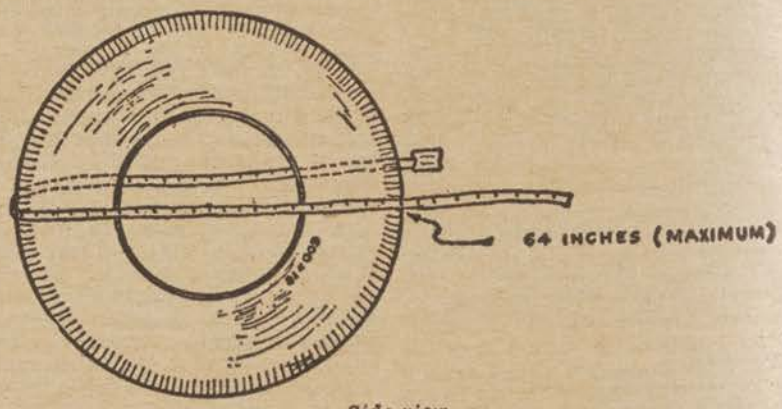

(d) *Foreign customs information.* The assessment of customs duty in other countries is outside the control of the postal service. Postal employees must not attempt to inform patrons whether any articles, either gifts or commercial shipments, will be subject to customs duty. It may be suggested to patrons that they inform the addressees in advance of the items they intend to mail so the latter may inquire of their local customs authorities whether or not there will be a duty charge.

§ 231.3 Preparation, packing, and mailing.

(a) *Dimensions and weight limits*—(1) *General dimensions.* Greatest length, 3½ feet; greatest length and girth combined, 6 feet. Length and girth combined means the measurement of once the length, plus twice the width, plus twice the depth. See § 135.3(b) of this chapter for illustration of method of measuring parcels.

(2) *Exceptional dimensions.* To some countries, dimensions other than the general dimensions indicated are applicable. A parcel must not exceed the maximum dimensions allowed to the country to which it is addressed. See Directory of International Mail for individual country limits.

(3) *Dimensions of special articles.* The usual method of measuring parcels, as described in § 135.3(b) of this chapter is not adaptable in the case of tires of all kinds, coils of rope, hose, wire, etc., forming a parcel circular in shape. To determine whether a tire or other object circular in shape (regardless of whether there is an open space in the center) can be accommodated inside the mail sacks used for parcel post to overseas foreign countries, the object as prepared for mailing shall be measured around its entire girth, in the direction of the diameter, as shown in the illustration. This measurement must not exceed 64 inches in order for the tire or other parcel circular in shape to be acceptable for mailing to overseas foreign countries. Measurement shall be taken as shown in the following illustration:

Side view.

(4) *Weight limits.* For weight limits applicable to each country of destination, see individual country items in the Directory of International Mail. Except to Canada, there is no minimum weight limit for international parcel post. Parcel post to Canada must weigh over 8 ounces.

(b) *Packing*—(1) *In general.* (i) The responsibility of properly enclosing, packaging, and sealing parcels in the international mail rests with the sender, and the Postal Service will not assume liability for loss, rifling, or damage arising from defects which may not be observed at the time of mailing.

(ii) Every parcel shall be securely and substantially packed, having regard to the nature of the contents and climatic conditions, the length of the journey, and the numerous handlings and risks of concussion to which parcels for foreign destinations are unavoidably subjected en route.

(iii) Packages must be packed in canvas or similar material, double-faced corrugated cardboard boxes, solid fiber boxes or cases, thick cardboard boxes, or strong wooden boxes made of lumber at least a half-inch thick or plywood of at least three plies. Ordinary pasteboard containers are wholly inadequate. Although it is permissible to use heavy wrapping paper or waterproof paper as the outside covering of a carton, such paper shall not be used as the only covering of the contents. Boxes with lids screwed or nailed on and bags closed by sewing may be used provided they conform to other conditions prescribed. Heavy objects such as cans of food must be surrounded with other contents or packing material so that they cannot shift within the parcel.

(iv) For illustrations regarding recommended packaging and closures, see Part 121 of this chapter.

(2) *Specific articles.* (i) Fragile articles for overseas destinations shall be packed in a strong (preferably wooden) box. Strong solid fiberboard or double-faced corrugated fiberboard boxes of not less than 200-pound test if enclosed in strong wooden crates, or 275-pound test if used without crates, are acceptable. A space of at least 2 inches must be left between the articles and the top, bottom, and sides of the box, to be filled with sufficient cushioning material to protect the articles.

(ii) All mailable liquids and substances which easily liquefy must be packed in two receptacles. Between the first (bottle, flask, etc.) and the second (box of metal, strong wood, strong corrugated cardboard, strong fiberboard, or receptacle of equal strength) there shall be left a space to be filled with sawdust, bran, or other absorbent material in sufficient quantity to absorb all the liquid contents in the case of breakage. Excelsior does not possess the necessary absorbent quality to meet this requirement. In the case of Ireland, Leeward Islands, Malaysia, and Windward Islands, the outer receptacle shall be of strong wood or metal. Metal containers closed with a screw-top cover must have sufficient screw threads to require at least one and one-half complete turns before the cover will come off and be provided with a washer so as to prevent possible leakage of the contents. Compression or friction top metal containers must be soldered in four different places, equally spaced.

(iii) Dry noncoloring powders must be enclosed in boxes of metal, wood, or strong corrugated cardboard, placed in turn in a closely woven cloth bag or heavy kraft paper sack. Powder dyes must be enclosed in strong metal boxes, securely closed, and placed in turn in another box of wood or strong corrugated cardboard, with sawdust or other absorbent or protective material between the inner and outer containers.

(iv) Eggs addressed for delivery in all countries other than Canada must be placed in a metal egg container, and each egg in the square pockets must be surrounded with paper, excelsior, cotton, straw, or other similar material, while the metal egg container in turn must be enclosed in an outer container of wood with sufficient excelsior, straw, or similar material provided in the space between the inner and outer containers.

(v) Eggs destined for delivery in Canada may be packed either in the manner prescribed in *d* or in wooden, papier-mache, or other box of a rigid material with a well-fitting tightly adjusted lid. Each egg must be wrapped in newspaper or other protecting material and placed on end, the vacant space in the box to be filled with newspaper or other packing material so as to prevent the eggs from striking together or against the sides, top, or bottom of the box.

(c) *Sealing.* Sealing is compulsory for all insured or registered parcel post, and for ordinary (uninsured and unregistered) parcel post for certain countries. (See individual country items in the appendix of this Subchapter C.) Patrons must seal their own parcels, using wax, gummed paper tape, nails, screws, sewing, wire or metal bands, or other adequate means which will permit detection of any attempted depredation.

(d) *Enclosure or attachment of communication.* (1) *Prohibited.* Except as provided in subparagraph (2) of this paragraph, a communication of personal nature must not be written on, attached to, or enclosed in a parcel. If such a communication is found it will be placed in the mail if separable; if inseparable the entire parcel must be rejected.

(2) *Exceptions.* The following exceptions apply:

(i) In the case of a parcel for Canada, a letter, and for Switzerland, a letter or card, fully prepaid and bearing the same address as that of the parcel, may be tied or otherwise securely attached to the outside of the parcel in a manner that will prevent its becoming separated or interfering with the address of the parcel. Stamps to cover postage on the parcel must be placed on the wrapper. Stamps to pay postage on the letter or card must be placed on the envelope or the card. Parcels with such attachments are treated as parcel post.

(ii) A parcel may contain an open invoice confined to the particulars which constitute an invoice.

(iii) A file or collection of out-of-date correspondence, which has served its original purpose, is acceptable as parcel post.

(e) *Addressing and mailing*—(1) *Addressing.* The name and address of the sender and of the addressee must be legibly and correctly written in every case when possible on the parcel itself or on a label gummed thereto, and must also be written on a separate slip enclosed in the parcel. Parcels will not be accepted when addressed to a "care" in one country and the addressee (or person for whom intended) in another country or when addressed to or sent by initials, unless the initials are the adopted trade name of the senders or addressees. Addresses in ordinary pencil are not allowed, but copying ink or indelible pencil on a surface previously dampened may be used. Sufficient space must be left for the addition of necessary service notations and for stamps or labels.

(2) *Mailing.* Parcels may not be mailed in letterboxes. Patrons must present them at parcel post windows of post offices, where the necessary postal forms (see § 231.4) will be furnished without charge.

(f) *Rates, computation and postage payment*—(1) *Surface parcels.* Surface parcel post rates are based on an initial weight unit of 2 pounds and succeeding units of 1 pound. The rates to Canada, Mexico, Central America, Caribbean islands, Bahamas, Bermuda, and St. Pierre and Miquelon are 80 cents for the first 2 pounds and 30 cents for each additional pound or fraction. To all other countries the rates are 90 cents for the first 2 pounds and 35 cents for each additional pound or fraction. In computing the postage, a fraction of a pound is charged as a full pound. Applicable rates are shown under the Parcel Post headings of the various country items in the appendix of this Subchapter C. For convenience in computing postage, ready-reference rate tables are printed in the front of the appendix of this Subchapter C as Chart 4.

(NOTE: To Canada packages are required to weigh over 8 ounces in order to be mailable as parcel post. See "Canada" country item in the appendix of this Subchapter C.)

(2) *Air parcels.* Air parcel post rates are based on weight units of 4 ounces, a fraction of 4 ounces being charged as a full 4 ounces. The rates vary according to the country of address, and are shown in the appendix of this Subchapter C under the "Parcel Post" heading of each country to which the service is available.

(3) *Postage not charged on postal forms.* The weight of the customs declaration and other postal forms will not be included with that of the parcel in computing the amount of surface or air postage required.

(4) *Placement of stamps.* Place stamps in payment of postage and fees in the upper right corner of the address side of the parcel. If the wrapping is of cloth or other material to which stamps will not adhere, place them on the cus-

toms declaration tag in the space below the name and address of the addressee.

§ 231.4 Documentation.

(a) *Customs declaration, Form 2966*—(1) *Preparation by accepting clerk.* The accepting clerk will give the sender the number of forms required for the country concerned, and will see that he fills them out in accordance with subparagraph (2) of this paragraph and any special instructions under the country item in the Directory of International Mail. Request senders to fill out declarations in ink or by typewriter. If packages are presented with declarations completed in ordinary pencil do not reject them for that reason. Enter weight of the parcel and insurance number if insured. Postmark form in the space provided and return it to the sender to be attached to the parcel as described in subparagraph (3) of this paragraph.

(2) *Preparation by sender.* Complete declarations in ink or by typewriter. The Postal Service assumes no responsibility for accuracy of the indications shown by the sender. Show on each declaration the following:

(i) Name and address of sender and addressee.

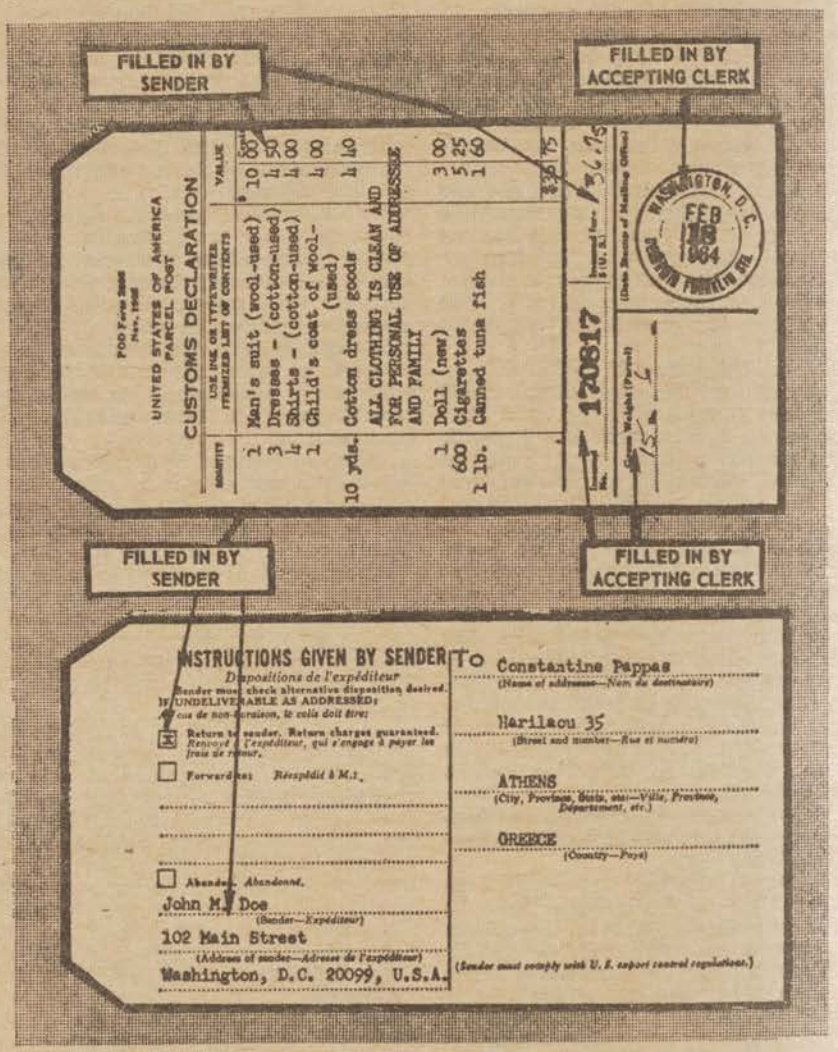

(ii) Disposal to be made of parcel if it proves to be undeliverable as addressed. If an alternate addressee is given, it is recommended that the sender also indicate whether he wishes to have the parcel returned or treated as abandoned if it proves to be undeliverable to both the original and alternate addressees. This is done by checking the ultimate disposal in addition to the one showing the alternate addressee. (See illustration in paragraph (c)(4) of this section.) Senders should give instructions for abandonment of any parcels on which they are not willing to pay the return charges mentioned in § 232.5(a) of this chapter.

(iii) A complete and accurate description of the contents in the English language. An interlineation in another language is permitted, and in some cases is required (see the appendix of this Subchapter C). For parcels containing more than one article, or articles of different kinds, state the exact quantity and value of each kind or article. A sender is permitted to declare that the contents of a parcel have no value. Also, it is not sufficient to use simply such words as "coat," or "stockings," instead the materials of which the articles are composed must be shown, as "fur coat," "silk stockings." General terms such as "worn clothing," "groceries," "presents," "merchandise," "samples," and the like, will not suffice, although in the case of quantity shipments of items such as mechanical or electrical parts, and the like, general descriptions will be accepted. If the customs declaration does not furnish enough space on which to give a complete list of the contents, an additional declaration form may be used, or the list may be placed on the wrapper, making reference to the fact on the declaration itself.

(iv) If the parcel is to be insured, show in the space provided the amount for which it is insured. (See §§ 243.4 and 243.5(a)(2) of this section.)

(3) *Affixing by sender.* In addition to being tied by means of a strong cord passed through the eyelets, the tag must be bound to the parcel so that it lies flat and cannot be used as a handle to lift the parcel.

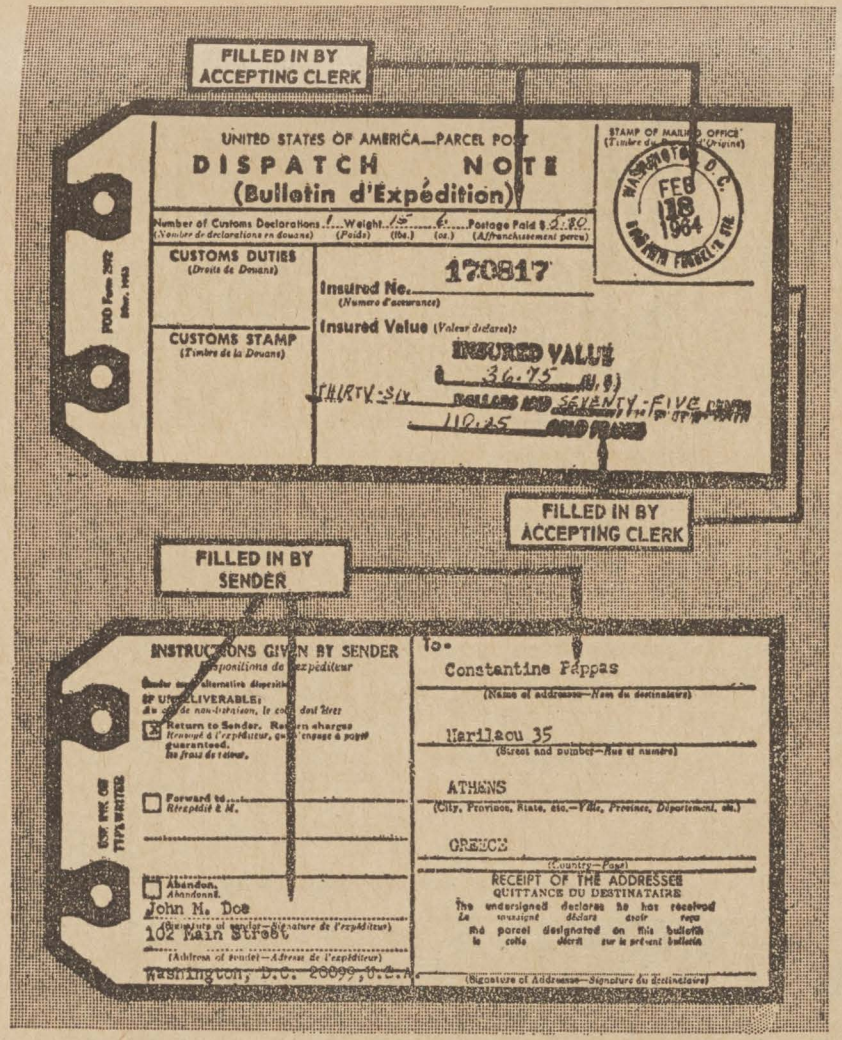

(4) *Facsimile of Form 2966.* The following facsimile illustrates the information the sender and the accepting clerk will add to complete the form:

(b) *Dispatch note, Form 2972*—(1) *Preparation by accepting clerk.* The accepting clerk will give the sender a dispatch note if required for the country concerned and see that he fills it out in accordance with subparagraph (2) of this paragraph. Request senders to fill out the dispatch note in ink or by typewriter. If packages are presented with the forms completed in ordinary pencil do not reject them for that reason. Enter in the appropriate spaces the weight of the parcel, amount of postage paid, number of customs declarations, and, if insured, the insurance number and amount of insurance (see § 243.5(b)(1)) of this chapter. For parcels mailed by Government agencies pursuant to § 221.2(d)(2)(i) of this chapter, enter the words "Official Paid" or the abbreviation "Off. Pd." in lieu of the amount of postage. Postmark the form in the space provided and return it to the sender to be attached to the parcel.

(2) *Preparation and affixing by sender.* Complete the dispatch note in ink or on the typewriter. Fill in the name and address of the sender and addressee, and indicate alternate disposition to be made of the parcel. Attach the form to the parcel in the same manner as the customs declaration. (See paragraph (a)(3) of this section.)

(3) *Facsimile.* The following facsimile illustrates the information which the sender must supply and which the accepting clerk will add to complete the form:

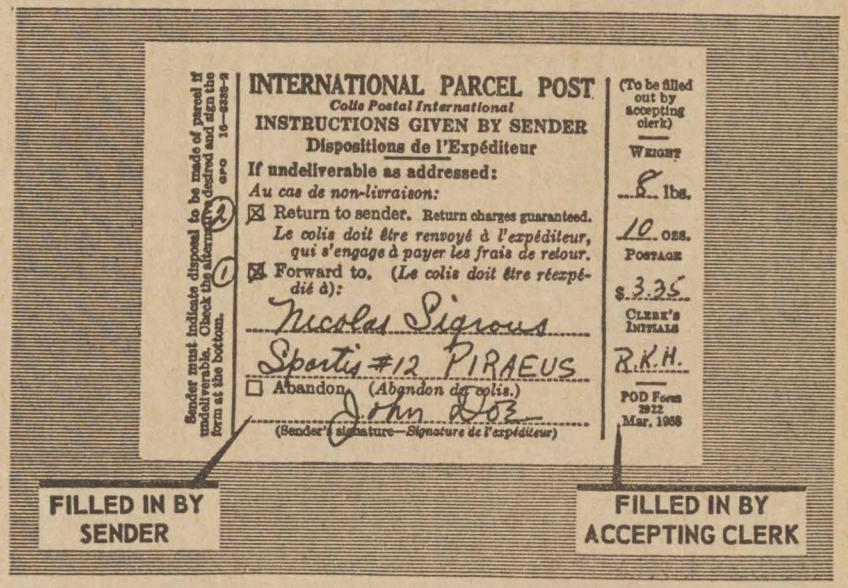

NOTE: The statement under "Instructions Given by Sender" on the March 1963 edition of Form 2972 should read "Sender must check alternative disposition desired" instead of "Sender must alternative disposition."

(c) *Parcel post sticker, Form 2922*—(1) *Preparation by accepting clerk.* Give the sender a yellow "International parcel-post" sticker and see that he fills it out in accordance with § 231.6(c)(2). Enter in the spaces provided the weight of the parcel and the postage paid (not including insurance or other fees), and initial the form. For parcels mailed by Government agencies pursuant to § 221.2(d)(2)(i) of this chapter, enter the words "Official Paid" or the abbreviation "Off. Pd." in lieu of the amount of postage. See that the form is securely attached. (See subparagraph (3) of this paragraph.)

(2) *Preparation by sender.* Prepare a parcel post sticker for each parcel. Indicate alternative disposition and place name at bottom of the form. Do not use Form 2922 on parcels for U.S. possessions.

(3) *Manner of affixing.* Form 2922 should be pasted to the wrapper of the parcel, preferably on the address side, but if the shape or size of the parcel makes this impracticable, the sticker may be affixed to a tag which shall in turn be securely attached to the parcel.

(4) *Facsimile.* The following facsimile illustrates the information which the sender and the accepting clerk will add to complete the form:

(d) *Furnishing to public.* Patrons requesting them may be furnished a reasonable supply of Forms 2922, 2966, and 2972 for preparation at their homes or business establishments.

(e) *Airmail Label 19.* See § 241.4(b) of this chapter.

(f) *Forms found loose in the mail.* Customs declarations and dispatch notes found loose in the mail and apparently lost from parcels in transit must be sent by airmail to the appropriate exchange office to be again attached if possible to the parcels before dispatch.

(g) *Nonpostal documentation.* Parcel post packages may require one or more of the forms described in Part 251 of this chapter.

§ 231.5 Postmarking.

Post offices will postmark international parcel post.

§ 231.6 Shortpaid.

(a) *At mailing office.* Outgoing parcels shall be checked carefully for postage payment before they are dispatched. Shortpaid parcels which bear a return address at the office of mailing shall be either returned to the sender for the deficient postage or held and the sender requested to supply the missing postage. The original postage is still valid when the parcel is remailed. If the return address is not at the mailing office the parcel shall be dispatched to the exchange office, unless the parcel is totally unpaid.

(b) *In transit.* Sectional centers and other intermediate offices rehandling parcels in transit shall not attempt to check the postage paid, but shall return to the senders any parcels observed to be totally unpaid.

§ 231.7 Forwarding.

(a) *International.* Parcels addressed to other countries will generally be forwarded to a new address of the addressee in the country of destination, subject to collection of redirection charges prescribed by the internal regulations of the country. A parcel may be forwarded to a third country provided it complies with the conditions required for its further conveyance, and provided, as a rule, that the extra postage is paid at the time of redirection or the country concerned is satisfied that it will be able to recover the redirection charges. The sender may forbid forwarding by a notation on the wrapper in a language understood in the country to which the parcel is addressed.

(b) *Domestic.* If the addressee of a domestic parcel has moved to another country do not forward the parcel. Treat it as undeliverable. If the sender of an undeliverable domestic parcel has moved to another country, or if the parcel bears a return address in another country, hold the parcel and request instructions from the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260, indicating the sender's new address, the weight of the parcel, whether ordinary or insured, and, if known, the nature of the contents.

PART 232—INCOMING PARCELS

Sec.
232.1 Charges.
232.2 Stamps not affixed.
232.3 Delivery.
232.4 Forwarding.
232.5 Undeliverable.

AUTHORITY: The provisions of this Part 232 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 232.1 Charges.

(a) *Customs clearance and delivery fee.* Post offices will collect a fee of 33 cents from the addressee of every parcel post package on which customs duty or internal revenue tax is collected. The fee applies also when post office service is rendered for formal entry parcels on which importers pay the customs charges directly to the Customs Service. The fee is retained by the Postal Service, and is accounted for by affixing postage-due stamps to the parcel or to a postage-due bill and canceling. The fee is authorized by international parcel post agreements as reimbursement to the Postal Service for the work it performs in clearing parcels through customs and for delivery to the addressee. The provisions of § 224.1(a)(3) through (5) of this chapter also apply. See § 261.5(e) of this chapter concerning recording and reporting duty collections.

(b) *On returned parcels.* Collect the charges referred to in § 232.5(a).

(c) *Storage*—(1) *When to charge.* Storage charges begin on the sixth working day after first delivery attempt has been made or first notice of available delivery has been issued to the addressee. The days on which the office is closed for business are not counted in determining the 5-day free storage period. However, after expiration of the free storage period, charges will be collected for each day thereafter that a package is on hand. This includes Saturdays, Sundays, national holidays, and the day on which delivery is effected. Storage charges are applied on packages requiring formal customs entry that are held in post office custody or on post office premises awaiting customs clearance. For formal entry packages, the charges being on the sixth working day after the date on which notice to file formal entry is mailed to the consignee (addressee), or on the sixth working day after receipt of the parcel at the office where it is to receive formal customs treatment if the customs notice has been issued at another customs port. Cooperation of customs officers should be solicited to enable post offices to collect any storage charges that may accrue on formal entry packages.

(2) *Marking packages.* When a package is returned to the post office after the first delivery attempt, or when a notice that the package is available for delivery is sent to the addressee, mark on the wrapper "Storage charges begin"—and insert the date when the charges will begin to accrue. Rubber stamp item R–1300–296 is available for this purpose to post offices of the first and second classes. See § 232.5(b)(4) regarding marking of undeliverable parcels on which storage charges are due.

(3) *Daily charges.* After expiration of the 5-day free storage period prescribed in subparagraph (1) of this paragraph the following charges apply:

(i) *On parcels under $10,000 value.* 15 cents per day for the first 10 days, and 30 cents per day thereafter.

(ii) *On parcels of $10,000 or more value.*

(4) *Accounting for charges.* The charges are accounted for by affixing postage-due stamps to the parcel or to a postage-due bill and canceling. If there are several parcels for one addressee the charges are applied separately on each parcel.

(5) *Charges waived.* When an addressee protests the rate or amount of duty assessed (see § 261.5(d)(6) of this chapter), the time required for the addressee to submit his written objection is counted, but the time required for the Customs Service to come to a decision in the matter is not counted.

(6) *Parcels held beyond usual retention period.* See § 232.5(b)(1) concerning collection of storage charges on parcels held beyond the usual retention period.

(d) *Parcels containing letters.* When a parcel from another country is found to contain a personal communication, the office where it is discovered shall mark the wrapper "Letter enclosed—Collect __ cents" and send the parcel forward to destination. The amount to be collected will be double the amount of postage (surface or air) applicable to a single-rate letter to the country concerned. The office endorsing the parcel shall indicate the amount to be collected and the delivering office shall collect the amount from the addressee by means of postage-due stamps. No systematic search for such letters shall be made.

§ 232.2 Stamps not affixed.

Some foreign post offices do not put postage stamps on parcels. All such parcels received must be regarded as prepaid.

§ 232.3 Delivery.

(a) *Parcels addressed through bank or other organization.* If a parcel is addressed to a bank or other organization for delivery to a second addressee, the post office will notify both addressees of the arrival of the parcel and will then deliver it to the first addressee, or hold it if the first addressee so desires. If the parcel is held, the post office will deliver it to the second addressee only with written permission from the first addressee, unless the sender has arranged for change of address as provided in § 247.6 (b) of this chapter. After delivery, the post office will keep the written authorization 1 year, for reference in case of inquiry. File the authorizations for insured and registered parcels with the addressees' receipts, and for ordinary (uninsured and unregistered) parcels in any appropriate place. If delivery to the second addressee involves forwarding the parcel to another post office, the parcel will be subject to forwarding postage as provided in § 232.4(a).

(b) *Foreign dispatch notes.* If parcels are received at delivery offices with dispatch notes "bulletin d' expédition" attached, they are delivered with the parcels. These forms have a space provided for the addressee's acknowledgment of receipt, but do not require signature. They must not be confused with foreign return receipts which are designated "Avis de réception" and are completed as prescribed in § 242.5(e)(1) of this chapter. If a parcel is returned as undeliverable, the post office will mark the dispatch note as well as the wrapper to show the reason for nondelivery and leave the dispatch note attached to the parcel. Dispatch notes that can not be associated with the relative parcels may be disposed of as waste after 60 days.

§ 232.4 **Forwarding.**

(a) *Within United States.* A parcel may be forwarded to the original addressee or to an alternate addressee at another post office in the United States by surface transportation, subject to collection on delivery of postage at the U.S. domestic zone rate. Forwarding by air must be prepaid. The post office forwarding an unprepaid parcel by surface in the United States will mark the wrapper "postage due" giving the amount of domestic postage along with storage charges if any. When delivering an unprepaid forwarded parcel, the post office will collect the necessary amount for domestic transmission in postage-due stamps even if the "postage-due" marking is omitted. The fee prescribed in § 232.1(a) is also collectible on any forwarded dutiable parcel.

(b) *To country of origin.* If the addressee has moved to the country of parcel's origin and no instructions are given to deliver to a second addressee in the United States, the post office will mark it "Moved," show the forwarding address of the addressee, and send by surface means (including parcels received by air) to the appropriate exchange office for return to the country of origin.

(c) *To third country.* If the addressee has moved to another country (other than the country of parcel's origin), or if the parcel bears instructions to deliver it to an alternate addressee in a third country, the post office will hold the parcel and request instructions from the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260. The request should include the names and addresses of the sender and the addressee, or the alternate addressee, the weight of the parcel, whether ordinary, registered, or insured, and nature and value of the contents as shown on the customs declaration, so that the International Service Division may communicate with the foreign postal administration to secure forwarding postage. If the sender has indicated that the parcel is to be treated as abandoned if undeliverable as addressed, dispose of it as prescribed in § 232.5(b)(3). See § 231.7(b) of this chapter concerning domestic third- and fourth-class parcels addressed to persons who have moved to another country.

(d) *Dutiable parcels.* Dispose of customs entry forms accompanying dutiable parcels as prescribed in § 261.5(i) of this chapter.

§ 232.5 **Undeliverable.**

(a) *U.S. origin.* Returned parcels are subject on delivery to the sender to collection of return postage and any other charges assessed by the foreign postal authorities. The amount of such charges will be indicated by the exchange office. If the sender refuses the parcel, it shall be disposed of as dead parcel post. If the sender has moved to another address in the United States the parcel may be redirected, subject to forwarding postage at the U.S. domestic zone rate. If the sender has moved to another country, the post office will hold the parcel and request instructions from the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260, indicating the new address of the sender, the amount of return charges due on the parcel, weight, whether ordinary, registered, or insured, and the nature of the contents as shown on the customs declaration tag.

(b) *Foreign origin*—(1) *Retention period.* Parcels will be held at the disposal of the addressee for 30 days, except as follows:

(i) A parcel refused or known to be neither deliverable nor forwardable shall be treated as undeliverable at once.

(ii) A parcel bearing the sender's request for delivery to an alternate addressee shall be held 15 days at the disposal of the first addressee and 15 days at the disposal of the second. If the alternate addressee is at another post office, the parcel is forwarded subject to § 232.4(a), and the 15-day period begins from the date of receipt at the second office of address. Under the circumstances given in subdivision (v) of this subparagraph the parcel may be held for 30 days at the disposal of each addressee.

(iii) A parcel returned from customs custody with advice that the addressee has not complied with required customs entry procedures shall be treated as undeliverable at once.

(iv) A parcel held pursuant to § 261.5(d)(5) shall continue to be held until the customs officer has rendered a decision on the addressee's objection concerning the rate or amount of duty assessed. If no decision is received within 30 days, the customs officer shall be requested to expedite the decision.

(v) On written request of the addressee or other person acting for the addressee, a parcel which remains undelivered may be held up to 60 days on condition that the storage charges due at the end of the first 30-day retention period are paid at the time of the request and that the storage charges which accumulate thereafter are paid every 10 days.

(vi) A parcel from Great Britain which bears request to "return forthwith to sender at sender's expense" shall be returned within 10 days, or immediately if definitely known to be undeliverable.

(2) *Directory service.* See § 158.6 of this chapter concerning directory service to be accorded parcels of foreign origin.

(3) *Marking and disposal.* At the end of the retention period prescribed in subparagraph (1) of this paragraph, mark parcel and the accompanying dispatch note, if any, to show reason for nondelivery, and cross out address of the addressee but do not obliterate it entirely. Unless sender has given instructions on the wrapper or dispatch note for abandonment, return the parcel to the sender. Parcels to be returned to senders are dispatched to the appropriate exchange office by surface means, including those originally received by air. The post office of address will cross out the Par Avion label or other airmail marking. A parcel bearing the sender's instruction to abandon shall be marked "Abandoned" and sent to the appropriate dead parcel post branch for disposal, unless it has been assessed with customs duty. In the latter case, the parcel shall be sent to the collector of customs at the nearest customs port (see § 261.3(e) of this chapter); the customs entry forms shall be returned to the collector who issued them, in the manner prescribed in § 261.5(f)(1) of this chapter.

(4) *Storage charges.* If a parcel to be returned to origin or forwarded to another country has storage charges due, the wrapper shall be marked with the amount so that appropriate action may be taken at the exchange office.

PART 241—AIR SERVICE

Sec.
241.1 Availability.
241.2 Rates.
241.3 Prepayment.
241.4 Marking.
241.5 Aerogrammes.

AUTHORITY: The provisions of this Part 241 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 241.5 **Aerogrammes.**

(a) *Availability and use.* Aerogrammes (air letter sheets), which can be folded into the form of an envelope and sealed, may be sent by air to all countries. These sheets, bearing imprinted postage, are sold at all post offices at 11 cents each. All parts of the sheets may be used for the sender's message, except the address side. No enclosures are permitted. The use of tape or stickers to seal aerogrammes is prohibited. Aerogrammes may be sent under registration on payment of the required registry fee in addition to the postage.

(b) *Private manufacture.* Aerogrammes without imprinted postage may be manufactured, subject to prior approval by the Department, by private individuals or firms, for their own use or for sale to the public. These sheets must average not less than 150 to the pound (approximately 9 per ounce) and be similar in size, color, and border markings to the regular form issued by the Post Office Department. They must bear the same printed endorsements on the address and reverse sides as the regular form. In addition, the words "Authorized for mailing as aerogramme—P.O. Permit No.—" (the number to be filled in when issued) must appear in smaller type so they will be visible when the sheet is folded for mailing. The quality and strength of the paper must be sufficient to guard against the likelihood of damage in the course of postmarking and handling, and to assure that the writing on the inner side will not interfere with the legibility of the address. Manufacturers must submit 10 samples of proposed aerogrammes to the Director, International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260, for approval before engaging in their production. Approved private aerogrammes may be paid at the

aerogramme rate, except that to Canada and Mexico they may be paid at the regular airmail letter rate.

(c) *Containing enclosures.* Aerogrammes that contain enclosures are treated as regular airmail letters. When required additional postage has not been placed on the articles they are returned to the sender for the deficiency or otherwise handled in accordance with § 223.2 of this chapter.

§ 241.1 Availability.

Postal union mail of any class may be sent by air, including direct sacks of prints described in § 222.4(f). Parcel post may be sent by air to the countries for which air parcel post rates are shown in the appendix of this Subchapter C. Generally the weight limits, dimensions, and other conditions (but not postage rates) prescribed for surface mail apply to articles and parcels sent by air.

§ 241.2 Rates.

(a) *Postal union mail.* See individual country items in the appendix of this Subchapter C.

(b) *Parcel post.* See individual country items in the appendix of this Subchapter C.

§ 241.3 Prepayment.

(a) *How paid.* See § 136.4 of this chapter. See § 221.2(c) of this chapter concerning articles intended for air transmission received from foreign flag vessels and prepaid with foreign postage stamps.

(b) *Full payment necessary.* Postage on airmail must be fully paid to assure dispatch without delay. See § 223.2 of this chapter and § 231.6 of this chapter for information on treatment of short-paid and unpaid matter.

(c) *Double or reply-paid postcards.* See § 222.2(a)(2) of this chapter for postage required to transmit a U.S. reply-paid postcard by airmail. If a patron wishes to airmail a foreign reply-paid card to the country represented by the postage on the card he must pay with U.S. stamps the difference between the U.S. surface and airmail postcard rate to the country concerned. If the first or message part of the card is left attached to the reply half, the additional postage required will be the difference between the surface postcard rate and the airmail letter rate to the country concerned.

§ 241.4 Marking.

(a) *Postal union mail.* Senders should mark airmail articles in the left corner, immediately below the return address, with the words "Par Avion" in blue color. Post offices may furnish senders with Label 19 for the purpose. Articles which the senders have failed to mark "Par Avion" shall not be returned for marking or be marked by postal employees.

(b) *Parcel post.* Accepting clerks will place an airmail Label 19 on the address side of each parcel to be sent by air. Paste the label below and to the right of the name of the country of destination. If a dispatch note, Form 2972, is required, the airmail label shall be placed on that form also.

242.3 Fees.
242.4 Mailing receipts.
242.5 Return receipts.
242.6 Restricted delivery.
242.7 Post office processing of outgoing mail.
242.8 Post office processing of incoming mail.

AUTHORITY: The provisions of this Part 242 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 242.1 What may be registered.

(a) *Postal union mail.* Postal union articles of all classes may be registered to all countries unless a specific exception is stated under the country item in the Directory of International Mail. Direct sacks of prints, as described in § 222.4(f) of this chapter, may not be registered.

(b) *Parcel post.* Parcel post packages may be registered only to countries with which there are arrangements for this service. See country items in the appendix of this Subchapter C.

§ 242.2 Preparation by mailer.

(a) *Addressing.* Mail which bears an address written in pencil or consisting of initials will not be accepted for registration. The address of mail other than that sent in transparent panel (window) envelopes may be written in indelible pencil.

(b) *Sealing.* (1) Senders must securely seal letters or letter packages presented for registration. Wax or paper seals on envelopes must bear a distinctive mark of the sender and shall be affixed in such a way as to allow sufficient space at the intersections of the flaps for postmarking. Self-sealing envelopes and envelopes or packages that appear to have been opened and resealed will not be registered.

(2) Articles under the classifications of "printed matter," "books," "matter for the blind," "samples of merchandise and small packets," presented for registration, must not be sealed.

(3) Parcel post packages presented for registration must be sealed. See § 231.3(c) of this chapter as to manner of sealing. Parcels that appear to have been opened and resealed will not be registered.

(c) *Declaration of value.* The sender must declare the full value of postal union mail offered for registration to enable the accepting clerk to identify valuable registered mail for recording purposes. (See § 242.7(a)(3).) Senders presenting valuable mail for registration listed on firm mailing sheets must indicate values opposite the respective entries. The declared value must not be regarded as the amount of indemnity payable in case of loss. See § 272.2(a) of this chapter concerning limits of indemnity for registered postal union mail.

§ 242.3 Fees.

For Postal Union mail, the fee is 75 cents. The same fee applies to parcel post. See country items in the appendix of this subchapter c. (See § 272.2 of this chapter for indemnity provisions.)

§ 242.4 Mailing receipts.

(a) *Issuance.* A receipt is issued to the sender for mail matter accepted for registration to other countries.

(b) *Post office handling.* (1) Endorse receipts and mailing office record P.P. to distinguish parcel post from postal union mail accepted for registration.

(2) Endorse the receipt and office record "Free" for articles registered free pursuant to § 221.2(d)(1) of this chapter. Endorse "Official Paid" or "Off. Pd." for articles or parcels registered pursuant to § 221.2(b)(2)(i) of this chapter.

§ 242.5 Return receipts.

(a) *Requested at time of mailing.* (1) Fee: 13 cents. If the mailer desires that his return receipt be sent back by airmail, the article must be prepaid an additional fee equal to the airmail postage on a single post card to the country of destination.

(2) When the mailer desires a return receipt, the post office will proceed as follows:

(i) Endorse the article on the address side "Avis De Reception" (meaning return receipt) or "A.R." Add "Par Avion" to the endorsement if the return receipt is to be returned by air and the additional fee prescribed in subparagraph (1) of this paragraph has been paid.

(ii) Complete international return receipt, Form 2865, and attach to article or parcel. The form is gummed so it can be securely attached, and is perforated to facilitate completion and return.

(iii) When the receipt is to be returned by airmail, mark it on the address side "Renvoi Par Avion" (meaning return by airmail) and attach Label 19 bearing the words "Par Avion."

(iv) Put postage for the return receipt fee, and for the airmail postage if the sender has requested return of the receipt by air, on the registered article, and cancel.

(v) Do not include weight of the return receipt in determining the postage.

(b) *Requested after mailing.* (1) Within a period of 1 year from the day following that on which a registered article or parcel was mailed, the sender, on showing the registry receipt, may request a return receipt. The fee is 25 cents. To have the request for return receipt transmitted by air the sender must pay, in addition to the 25-cent fee, the postage for a one-rate airmail letter to the country of destination. To have the request transmitted by surface and the return receipt returned by air, the sender must pay the same postage, and to have the the request and the return receipt transmitted in both directions by air, he must pay double the airmail letter rate.

(2) The post office will deal with such requests as follows:

(i) *Countries other than Canada.* (a) Prepare Form 542 and write at the top "Request for return receipt made after mailing." Prepare Form 2865 and forward, with Form 542, to the postmaster

at the appropriate adjusting exchange office shown in 272.26.

(b) Put postage for the return receipt fee, and for the airmail postage if the sender has asked that the request be sent by air, on Form 542 and cancel.

(c) When the receipt is to be returned by air, mark Form 542, "A renvoyer Par Avion," and attach Label 19 bearing the words "Par Avion." Mark the return receipt form "Renvoi par avion" and attach the airmail label.

(ii) *Canada.* (a) Prepare Form 1510 at all offices and endorse "Request for return receipt made after mailing." Attach Form 2865 and send under official cover to the Canadian District Director of Postal Service in the province in which the office of address is located, as follows:

Provinces	*Location of district directors*
Alberta	Calgary, Alberta, Canada.
British Columbia	Vancouver, British Columbia, Canada.

(b) Put postage for the return receipt fee, and for the airmail postage if the sender has asked that the request be sent by air, on Form 1510, and cancel.

(c) When the receipt is to be returned by air, mark Form 1510 as outlined in subdivision (i)(c) of this subparagraph.

(c) *Duplicate receipts.* If the sender has failed to receive a return receipt for which a fee was paid, the post office will follow the instructions prescribed in paragraph (b)(2) of this section, without additional fee, but write "Request for duplicate return receipt" at the top of Forms 2865, 542, and 1510.

(d) *Completion.* Return receipts for registered articles delivered in other countries are completed in accordance with requirements of the country making delivery, which vary according to the country involved. The signature of the addressee is not furnished by some countries, or may be furnished only under specified conditions.

(e) *Issued in other countries*—(1) *Completion.* Return receipts from other countries bear the words "Avis de réception." Have the addressee or his authorized agent date and sign the receipt with ink or indelible pencil. When signed by an agent of the addressee, have the agent sign the addressee's name followed by his own signature. Postmark the receipt in the appropriate spaces on both sides. Examine all return receipts to assure proper completion. Return the completed receipt unenclosed in the ordinary (unregistered) surface mail. If it bears the notation "Renvoi par avion" or a "Par Avion" label, or both, return it by airmail.

(2) *Foreign receipt form missing.* When it is apparent at the delivery office that a return receipt is desired by the sender of a registered piece of foreign origin and no return receipt form accompanies the article, complete U.S. international return receipt Form 2865, and treat as prescribed in subparagraph (1) of this paragraph.

§ 242.6 Restricted delivery.

(3) Fee: 50 cents; to be prepaid on the article in addition to other applicable fees and charges.

(4) Restricted delivery is not available for registered parcel post.

(b) *Articles mailed in other countries.* Registered postal union articles which

are accompanied with a return receipt and bear the notation "Deliver to addressee only," underlined in red, are delivered only to the addressee. At least two attempts are made to deliver these articles.

§ 242.7 Post office processing of outgoing mail.

(a) *Mailing offices*—(1) *Endorsing.* Stamp "Registered" in the lower left corner of the address side. On articles too small to accommodate the word "Registered," place the capital letter "R." Place airmail Label 19 or the words "Par Avion" on any article accepted for registration which is prepaid for air service and which the sender has failed to mark properly.

(2) *Numbering.* Write or stamp registration number just below the "Registered" endorsement, or to the right of the letter R on small articles.

(3) *Special marking on valuable mail.* Add the letter X after the registry number of all articles with a declared value in excess of $400 (see § 242.2(c)).

(4) *Postmarking.* Postmark letters twice on the back, on the crossing of the upper and lower flaps or, if paste-on return receipts are used, postmark partially on the receipt and partially on the flaps of the letter. Postmark packages sealed with paper strips across opposite edges of the strips. Postal Union AO mail (required to be unsealed—see § 242.2(b)(2)) and letter mail sealed on the address side must be postmarked on the address side.

(b) *All offices*—(1) *Recording and dispatching.* Record and dispatch.

(2) *Articles found in ordinary mail.* (i) Articles that have obviously been registered by the Postal Service shall be restored to the registered mail.

(ii) Articles endorsed to show registration is desired (as distinguished from an article formally registered) and fully prepaid shall be registered and receipt mailed to the sender stating that mail to be registered must be presented at the post office for that purpose. If not fully prepaid, return article to sender, if known, after indicating thereon that it is shortpaid and must be presented for registration. If article bears no return address, cross out sender's registry endorsement and dispatch as ordinary mail.

§ 242.8 Post office processing of incoming mail.

(a) *Office of address*—(1) *Backstamping.* Backstamp on receipt.

(2) *Delivery.* Record and deliver.

(3) *Articles unaccounted for after assignment for delivery.* Make appropriate record of available facts when registered mail assigned for delivery is not properly accounted for and file papers pending receipt of possible inquiry. If inquiry is received from sender, ascertain from addressee whether the article was received in regular course. If article was not received, make full report promptly to the appropriate postal inspector in charge.

(b) *Articles found in ordinary mail.* All offices shall restore to the registered mail articles obviously already registered by the Postal Service. Cross out sender's registry endorsement and dispatch as ordinary any article that is without evidence of formal registration. The following registry indicia appear on incoming registered mail, according to the language of the country of origin, and shall be used as the determining factor as to whether an article found in the ordinary mail is registered:

(1) Certificado.
(2) Einschreiben.
(3) R or Registered.
(4) Raccomandata.
(5) Recommandé.
(6) Registo or Registrado (used occasionally).

NOTE: A number alone on mail is not sufficient evidence of registration.

243.3 Fees.
243.4 Limits of insurance.
243.5 Marking.
243.6 Mailing receipts.
243.7 Return receipts.
243.8 Incoming parcels.

AUTHORITY: The provisions of this Part 243 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 243.1 Availability.

Insurance service is available only for parcel post packages mailed to countries with which insurance agreements are in force. To determine if insurance service is available to a particular country, consult the country item, heading "Parcel Post," in the Directory of International Mail.

§ 243.2 Preparation.

The general provisions for the preparation of ordinary parcels for other countries apply also to insured parcels. (See Part 231 of this chapter.) Sealing of insured parcels is compulsory.

§ 243.3 Fees.

For scales of fees, see country items in the appendix of this Subchapter C.

§ 243.4 Limits of insurance.

The maximum amounts for which parcels may be insured are shown under the country items in the appendix of this Subchapter C. Parcels may not be insured for more than the declared value of the contents or for more than the maximum amount of indemnity payable in connection with insured parcels for the country concerned. However, if desired, parcels may be insured for a portion of the value of the contents, in which case only the fee covering the amount of insurance desired will be charged.

§ 243.5 Marking.

(a) *By sender*—(1) *Contents.* Parcels containing fragile or perishable articles must be marked "Fragile," "Perishable," "Glass," or "Eggs," as appropriate.

(2) *Insured value.* Indicate in U.S. currency (figures only) in the appropriate space on the customs declaration (Form 2966) the amount for which the parcel is insured. See § 243.4.

(b) *By post office of mailing*—(1) *Endorsements and insurance number.* (i) On each parcel place the word "Insured" on the address side, preferably to the left and directly beside the country of destination.

(ii) Serially number each insured parcel immediately below the "Insured" endorsement. All international insured parcels must be numbered.

(iii) To most countries, the insured value of the parcel must be shown on the wrapper and on the dispatch note (Form 2972). See subcaption "Insurance" under individual country items in the Directory of International Mail as to the type of marking to be shown. Rubber stamp, item R–1300–284, may be used for this purpose. In some instances the insured value must be shown also in gold francs. Conversion of U.S. currency into gold francs is made on the basis of 33 cents (approximately) equals 1 gold franc. To determine the gold franc equivalent, multiply the amount in U.S. currency by 3. For example, $5.25 is equal to 15.75 gold francs.

(iv) Place the insurance number in the appropriate space on the customs declaration (Form 2966) and on the dispatch note (Form 2972) when the latter form is required.

(2) *Postmarking.* Postmark at the time of acceptance. Postmark at all breaks (cuts or torn edges) of any gummed paper strips used in sealing parcels.

§ 243.6 Mailing receipts.

(a) *Issuance.* The postal clerk will issue a receipt for a parcel accepted for insurance. Each receipt will bear the insurance number. The sender should enter the name and address of the addressee on the receipt and must submit it if a claim or an inquiry concerning the parcel is subsequently made.

(b) *Post office procedure.* (1) Use the same forms as those prescribed for domestic insured mail, except that Form 3813 shall not be used, because all international insured parcels and receipts therefor must be numbered.

(2) Fill out the original receipt only with ink or indelible pencil and issue to the sender.

(3) Indicate applicable fee, according to amount of insurance requested, for parcels presented for insurance by Government agencies pursuant to § 221.2(d)(2)(i) of this chapter.

§ 243.7 Return receipts.

(a) *Issuance.* Return receipts for insured parcels are furnished under the same conditions as apply to registry return receipts, except that no return receipts are furnished for insured parcels to Canada. Post offices will follow the procedure prescribed in § 242.5 of this chapter for return receipts for registered mail.

(b) *Issued in other countries.* Post offices will follow the procedure in § 242.5 (e) of this chapter for return receipts for registered mail.

§ 243.8 Incoming parcels.

(a) *Insurance indicia.* (1) The following insurance indicia appear on the incoming insured parcels, according to the language of the country of origin:

(i) Insured.

(ii) Asegurado or Valor Declarado.

(iii) Assicurato or Valore Dichiarato.

(iv) Valeur Déclarée.

(v) V or V D (meaning valeur déclarée).

(vi) Wertangabe or Wertpaket.

(2) The determining factor as to whether a parcel is insured is not the appearance of a number alone, but the insurance indicium, which appears very near the insurance number. Ordinary parcels from other countries usually bear numbers also.

(b) *Delivery.* Unnumbered international packages should be delivered as ordinary mail; whereas receipts should be taken for the delivery of numbered packages.

§ 246.1 Availability.

The special handling service for domestic parcel post is available also for surface parcel post addressed to other countries. The service is optional except in the case of parcels for Canada containing baby (day-old) poultry and honey bees. Special handling service does not apply to postal union articles or to air parcels.

§ 246.3 Marking.

Senders must place the words "Special Handling" above the name of the addressee and below the stamps, as illustrated in § 167.3 of this chapter.

§ 246.4 Treatment.

Special handling parcels are given priority in distribution and disposal over other parcel post packages from the office of mailing to the point of dispatch from the United States. They are not accorded any preferential dispatch from the United States, and receive no special treatment in the country of destination.

PART 247—RECALL AND CHANGE OF ADDRESS

Sec.
247.1 Conditions and limitations.
247.2 How to apply.
247.3 Services and fees.
247.4 Mailing receipts.
247.5 Countries not permitting.
247.6 Processing.

AUTHORITY: The provisions of this Part 247 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 247.1 Conditions and limitations.

The mailer may cause any mail article or parcel addressed for delivery in another country to be withdrawn from the Postal Service, or have its address changed if it can be intercepted in the United States. If the article has been dispatched from the United States, but not delivered to the addressee, withdrawal or change of address may be effected if:

(a) The country of destination of the article is willing to allow the withdrawal or change of address (see § 247.5);

(b) The article has not been confiscated or destroyed by the authorities of the country of destination as being prohibited importation; or

(c) The article has not been seized under provisions of the domestic legislation of the country of destination.

§ 247.2 How to apply.

If the article was mailed in a post office, station, or branch, make application there. If it was mailed in a street letterbox, apply at the main post office. The mailer must identify himself and submit a written request giving a complete description of the article and the date of mailing. Form 2926, Sender's Request for Recall or Change of Address of International Mail, may be used at first- and second-class post offices. A single request may be used for two or more ar-

ticles which have been mailed together by the same sender to the same addressee, in which case only one fee is charged. For post office processing of sender's request see § 247.6.

§ 247.3 Services and fees.

(a) *Search at office of mailing.* If the article has not been dispatched from the immediate point of mailing, it may be returned or its address may be changed without charge. Otherwise a search can be made at the main post office or other concentration point, provided the mailer pays a fee of 20 cents in stamps, whether the search is successful or not. The post office will change the address without charge, but if the article is returned to the mailer, domestic postage will be charged except in the case of letters or post cards, which are returned free of postage. If the mailing office is also the dispatching exchange office, the conditions stated in paragraph (b) of this section will apply.

(b) *Search at exchange office.* The mailer may have a search made for the article at the U.S. dispatching exchange office if he requests it and pays the fee of 20 cents, unless he has already paid it. (See paragraph (a) of this section.) If the mailer desires such search to include opening made-up sacks, he must guarantee payment of the cost of opening, searching, and closing the sacks, whether his article is located or not. If he wishes the request sent to the exchange office by telegraph, the mailer must pay the cost of the telegram. The exchange office will change the address without charge, but if the article is returned, postage will be charged at domestic rates for its transportation to the exchange office and back to the mailer's address, unless it is a letter or post card which is returned free of postage. The post office will inform the patron of the amount of charges due.

(c) *Search in country of destination.* A request will be sent to the postal administration of the country of destination to return an article or change its address if the mailer furnishes a facsimile of the address and pays the 20-cent fee in stamps, unless he has already paid it. (See paragraphs (a) and (b) of this section.) If the request is to be transmitted by telegraph or cable, the application must be accompanied with an amount sufficient to pay the telegraph or cable charges. Otherwise the application must be accompanied with additional stamps in the amount of 75 cents to cover transmission of the request by registered mail, and with airmail postage if it is desired that it be transmitted to the foreign administration by air. The fee and cost of registration is not charged if the request is being made as the result of official notice to the sender in reply to an inquiry (see Part 271 of this chapter) or in the form of advice of nondelivery by the postal service of destination, showing that the article or parcel is undeliverable as addressed. If a request for change of address involves forwarding a parcel post package to another country the sender must furnish a written guarantee to pay the forwarding charges in the event they are not paid by the addressee in the new country. If the mailer wishes to have the foreign administration report by airmail, telegraph, or cable on the result of the action taken, he must furnish the additional return airmail postage or an amount sufficient to cover the cost of a prepaid telegraph or cable reply. Any amount remaining after transmitting a telegram or cablegram will be returned to the mailer. Return postage is charged on parcel post packages but not on other articles returned from other countries. See § 247.5(c) regarding a statement to be furnished when the article is addressed to a country which does not generally accept requests for recall or change of address.

§ 247.4 Mailing receipts.

If the mailer possesses a mailing receipt covering any article which is withdrawn or on which the address is changed, he must surrender it or submit it so that a suitable notation may be made thereon.

§ 247.5 Countries not permitting.

(a) *For postal union mail.* The legislation of the following countries does not allow senders of postal union articles to withdraw them from the mail or to change their address: Aden, Australia, Bahamas, Bahrein, Barbados, British Honduras, Brunei, Burma, Canada, Cyprus, Gambia, Gibraltar, Great Britain and Northern Ireland, Hong Kong, India (permits only requests for return), Ireland, Jamaica, Kenya, Kuwait, Leeward Islands (except Antigua), Malawi, Malaysia, Malta, Muscat, Nauru, New Guinea, New Zealand (permits only request for return), Nigeria, Papua, Qatar, Rhodesia, St. Helena, Seychelles, Sierra Leone, Solomon Islands, Somalia, South Africa (Republic of), Tanzania, Trinidad and Tobago, Trucial States, Uganda, Windward Islands (except Dominica), and Zambia.

(b) *For parcel post.* Under the terms of the parcel post agreements in effect with the following countries, parcels cannot be recalled after they have left this service nor can the address be changed, unless the parcels are undeliverable at the original address: Aden, Barbados, British Honduras, Brunei, Burma, Canada, Cyprus, Gambia, Gilbert and Ellice Islands, Great Britain and Northern Ireland, Hong Kong, India (permits only requests for return), Ireland, Malawi, Malaysia, Nauru, Nigeria, Rhodesia, Seychelles, Solomon Islands, Tanzania, Trinidad and Tobago, Uganda, Windward Islands, and Zambia.

(c) *Applications accepted.* Applications involving the countries named in paragraphs (a) and (b) of this section will be received and acted on, subject to the conditions prescribed in § 247.3(c), if the mailer furnishes a written statement giving his reasons for the request. Compliance with the request is discretionary with the postal administration of the country of destination.

§ 247.6 Processing.

(a) *Mail of U.S. origin—(1) Before dispatch from the United States.* The following procedures apply to both postal union mail and parcel post packages:

(i) Before accepting an application for recall or change of address, require the applicant to identify himself as the sender or the sender's authorized representative.

(ii) If the piece is not located at the immediate point of mailing and the applicant desires the search continued, require the sender to submit a written application as prescribed in § 247.2, and collect the 20-cent fee indicated in § 247.3(a) before conducting further search. If the piece is located and is returned to the sender, charge appropriate domestic postage unless it is a letter or post card. If the piece is not located, explain to the applicant the conditions set forth in § 247.3 (a) and (b).

(iii) It is recommended that requests be made to the postal administration of the country of destination rather than search being made at United States dispatching exchange offices. However, if the applicant desires search made at the exchange office and agrees to the conditions, send a request to the exchange office setting forth the details on the application and the particulars of dispatch to the exchange office, if known.

(iv) If the exchange office returns the piece, collect domestic postage for its conveyance to the exchange office and return, unless it is a letter or post card. If the search included the opening of made-up sacks, the exchange office will inform the post office requesting the search as to the cost, which should also be collected on delivery. The exchange office will likewise advise if the search was unsuccessful.

(v) Amounts collected on delivery of returned articles and parcels are accounted for by affixing postage due stamps to the mail articles and canceling.

(2) *After dispatch from the United States.* If the sender requests that the postal authorities of the country of destination be asked to intercept the piece, collect as prescribed in § 247.3(c) and transmit with the application and facsimile address to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260.

(3) *Sender's mailing receipt.* A mailing receipt relating to an article or parcel returned or redirected at the sender's request is to have the action taken noted thereon.

(b) *Mail of foreign origin.* Post offices may comply with a request for correction of address (without changing the addressee) and may forward an article or parcel to the same addressee at another U.S. post office without previous authorization from the Department. Comply with § 232.4(a) of this chapter in forwarding parcel post packages. If a request is received for redirection of a piece to another country, for return to origin, or for change of addressee, hold the piece and refer the request to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260.

The shipper's export declaration is required only for goods mailed for commercial purposes and not for goods which involve no commercial consideration. However, Commerce Form 7525–V must also be filed for shipments of all articles covered by a validated export license from the Bureau of International Commerce, Department of Commerce, regardless of value or whether the sender or addressee is a business concern. (See Part 252 of this chapter.) The declaration need not be furnished for catalogs, instruction books, and other advertising matter or for magazines, newspapers, and periodicals. It is also not required for shipments of technical data, regardless of value and whether or not they are covered by export licenses, except as stated in § 252.3 (c) of this chapter. Shippers who wish to correct a previously filed export declaration must submit such corrections to the post office on Commerce Form FT–7403.

§ 251.2 Preparation.

Only a single copy of the shipper's export declaration is required for mail shipments. A single export declaration may include any number of packages mailed by one sender the same day to one addressee. Export declarations need not be notarized; however, signature in ink is required.

PART 252—COMMERCE DEPARTMENT REGULATIONS (COMMODITIES AND TECHNICAL DATA)

Sec.
252.1 Scope and applicability.
252.2 General licenses.
252.3 Validated licenses.
252.4 Export control inspections.

AUTHORITY: The provisions of this Part 252 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 252.1 Scope and applicability.

(a) The Bureau of International Commerce, Department of Commerce, controls all exportations, except for certain commodities and technical data licensed for export by other U.S. Government agencies, to all countries other than Canada (with the exception that validated export licenses are required for certain types of technical data to Canada). Mailers must inform themselves as to the regulations and comply with them in making any exportations of commodities and technical data as parcel post or postal union mail. A brief summary of the regulations as they apply to mail shipments is given in this part. Additional information is available from a Commerce Department bulletin entitled "Public Notice—Requirements for Exports by Mail" on bulletin boards in first-, second-, and third-class post offices and in classified stations and branches. Mailers desiring further information may make inquiry of the Exporters' Service Section, Bureau of International Commerce, Department of Commerce, Washington, D.C. 20230 or of any field office of that department. A list of field offices is included in the above-mentioned public notice.

(b) Postal employees will not advise prospective mailers as to the type of license applicable to any commodities or to any destination, except that licenses are not required for shipments to Canada other than certain types of technical data. However, before accepting parcels employees should satisfy themselves that the mailers have complied with the regulations so far as they are applicable. A checklist for this purpose is printed opposite Chart 1 in the appendix of this Subchapter C.

§ 252.2 General licenses.

(a) *Definition and use.* A general license established by the Bureau of International Commerce is not a specific document, but is a general authorization covering exportations within its provisions each general license being designated by symbol, such as G–DEST, GLV, GIFT, GUS, etc. A brief description of the general licenses usually used for mail shipments is given in this section. Further information can be obtained as set forth in § 252.1(a). When a prospective mailer finds that the contents of his package are properly exportable under a general license, unless it contains only printed matter or technical data (see 252.25), he must mark the wrapper with the appropriate symbol and the words "Export license not required" before presenting it at the post office. The postal clerk may accept any package so marked unless the symbol is obviously being misused. The marking certifies that the mailer has complied with the regulations governing the use of the general license denoted by the symbol. No marking is required on wrappers of packages containing printed matter and technical data mailed under general licenses G–DEST, GTDP, GTDU, and GTDS.

(b) *Restricted destinations.* The Commerce Department imposes particular restrictions on exports to Rhodesia; to Cuba; to the Far Eastern Communist countries (Continental China, Tibet, Inner Mongolia, and the Communist-controlled area of Vietnam); to the following countries in the Eastern European Soviet bloc: Albania, Bulgaria, Czechoslovakia, Estonia, Germany, (Soviet Zone including Soviet Sector of Berlin), Hungary, Latvia, Lithuania, Outer Mongolia, and U.S.S.R.; and to Hong Kong and Macao. Packages for these areas may not bear any general license except as follows:

Destination	*General license symbols permitted*
Cuba	GIFT, G–DEST,[1] GUS, BAGGAGE.
Far Eastern Communist countries.	G–DEST,[1] GUS, BAGGAGE.
Eastern European Soviet bloc.	GIFT, G–DEST, GUS, BAGGAGE.
Hong Kong and Macao.	GIFT, G–DEST, GUS, BAGGAGE, GLV.
Rhodesia	GIFT, G–DEST,[1] GUS, BAGGAGE.

[1] For Cuba and the Far Eastern Communist countries, general license G–DEST may be used only for unclassified printed matter and developed motion picture film. For Rhodesia it may be used only for foods, clothing, medicines and drugs, certain medical supplies, phonograph records, developed films, and printed matter considered to be of humanitarian or educational necessity.

General licenses GTDP and GTDS for technical data, requiring no symbol on the package, may be used for any of the restricted destinations named above; and GTDU, also requiring no symbol on the package, may be used for Rhodesia, Hong Kong, and Macao.

(c) *General license GIFT.* (1) This license covers gift packages mailed by or on behalf of an individual sender to an individual addressee for the personal use of the latter or his family, or t oa religious, charitable, or educational organization. The contents are limited to items normally sent as gifts, such as food, clothing (except military clothing to destinations named in paragraph (b)) of this section, medicinals and drugs. When in doubt as to whether specific articles are exportable, consult the Commerce Department's "Public Notice" on post office bulletin boards, or inquire of the Bureau of International Commerce, Department of Commerce, Washington, D.C. 20230, or any Commerce Department field office.

(2) The value of the contents of a package is limited to $100.

(3) Not more than one gift package may be mailed per week to one addressee under this general license.

(d) *General licenses G–DEST and GLV.* General license G–DEST may be used for any shipment, regardless of quantity, unless the Commerce Department's "Commodity Control List" indicates that a validated license is required. General license GLV may be used for certain types of small value shipments to which G–DEST does not apply. Except for Hong Kong and Macao to which certain commodities may be shipped up to $25 in value, general license GLV may not be used for destinations named in paragraph (b) of this section.

(e) *Printed matter and technical data.* Miscellaneous printed matter exported under general license G–DEST and technical data under licenses GTDP, GTDS and GTDU need no general license symbol on the wrapper.

(f) *General license GUS.* This license is used for shipments to U.S. Government personnel under prescribed conditions.

(g) *General license BAGGAGE.* This license is used to mail unaccompanied baggage of travellers, consisting of personal and household effects not intended for sale, under conditions and limitations established in Commerce Department export control regulations.

§ 252.3 Validated licenses.

(a) *Definition and use.* A validated license is an individual document issued by the Bureau of International Commerce, authorizing a specific exportation. Further information can be obtained as set forth in § 252.1(a). Before mailing a shipment under a validated license, the sender must put the license number on the wrapper.

(b) *Export declaration required.* An export declaration (see Part 251 of this chapter) is required for every shipment covered by a validated license, except technical data. However, partial shipments of technical data must comply with paragraph (c) of this section.

(c) *Mailing under validated licenses.* In making a shipment against a validated license, the mailer must surrender the license at the post office regardless of whether the total quantity shown

on the license is mailed. However, if only a part of the licensed quantity is mailed, the mailer may, as an alternative, deposit the license with a collector of customs and surrender at the post office a shipper's export declaration (Commerce Form 7525–V) bearing the number of the license and an authorization dated and signed by the collector or by his representative for shipment of the goods shown on the declaration. This is in addition to the declarations required by Part 251 of this chapter and paragraph (b) of this section.

(d) *Technical data licenses.* Licenses issued by the Bureau of International Commerce for exportations of technical data are similar in form to the usual type of validated license, but no shipper's export declaration is required, except for partial shipments. (See paragraph (c) of this section.)

(e) *Processing in post offices*—(1) *Entire shipments.* The postal employee ment personnel under prescribed ber is shown on the wrapper of every package presented for mailing with a validated license. The number appears in the upper right portion of the license, adjacent to the validation stamp of the Bureau of International Commerce. Compare the contents as shown on the customs declaration (or as stated by the mailer in the case of shipments mailed as printed matter) with the commodities stated on the license and on the shipper's export declaration when required. If no discrepancy is noted and the package is mailable, accept it and take the license and export declaration (if required) from the mailer. Write "Completed" on the back of the license and apply postmark. Send the license to the Bureau of International Commerce, Department of Commerce, Washington, D.C. 20230. Postmark the export declaration and dispose of it as instructed in § 251.5 of this chapter.

(2) *Partial shipments.* When a mailer presents an authenticated export declaration with a partial shipment in lieu of a validated license, as prescribed in paragraph (c) of this section, take the authenticated declaration, postmark it and send it to the Bureau of International Commerce. If a validated license is presented with a partial shipment, take it up and dispose of it in the same manner as for an entire shipment.

§ 252.4 Export control inspections.

Parcels are subject to inspection by U.S. customs officers at dispatching exchange post offices. If violations of export control are detected, the parcels may be returned or seized by the customs inspectors. Postage is not refunded.

§ 253.1 Individual licenses.

Exportation of certain arms or implements of war and related technical data requires individual licenses issued by the Office of Munitions Control, Department of State. Firearms subject to license include nonautomatic and semiautomatic rifles, carbines, revolvers and pistols, except those of .50 caliber or less manufactured prior to 1898; also all machineguns, submachineguns, machine pistols and fully automatic rifles. The mailer can obtain information as to the applicability of the State Department requirements and how to apply for individual licenses from the Office of Munitions Control, Department of State, Washington, D.C. 20520.

§ 253.2 Mailings under license.

When the entire amount authorized by an individual license is mailed, the sender must surrender the license at the post office. If only a portion of the amount authorized is mailed, the sender must enter on the back of the license the amount being shipped and present it at the post office, where the accepting clerk will postmark it and return it to the mailer.

§ 253.3 Processing licensed mailings.

(a) When a mailer presents a State Department license, the accepting clerk will compare the commodities or data indicated on the license with the contents as shown on the customs declaration or as stated by the mailer in the case of technical data mailed as printed matter. If no discrepancy is noted, and the contents are mailable under Part 125 of this chapter and not prohibited to the country of destination concerned, the clerk will accept it for mailing. The sender must mark the wrapper "State Department export license No. _____."

(b) If the mailing represents the entire amount authorized, the clerk will take up the license, mark it "Completed", apply a legible postmark, and forward it to the Office of Munitions Control, Department of State, Washington, D.C. 20520.

§ 253.4 Mailings exempt from license.

Technical data that has been published or is otherwise exempt from licensing under 22 CFR 125.30, does not require individual State Department license for exportation. The mailer must mark the wrapper "22 CFR 125.30 * * * applicable", identifying the specific subsection under which the exemption is claimed. Exportations under this exemption may not be made to the Soviet Union, any Soviet bloc country, Communist China, or the Communist controlled area of Vietnam.

§ 253.5 Government shipments.

Shipments mailed by any agency of the U.S. Government require no license from the Department of State, and no endorsement relating to 22 CFR 125.30 is needed on the wrapper.

PART 254—TREASURY DEPARTMENT REGULATIONS (GOLD AND GOLD CERTIFICATES)

Sec.
254.1 License requirements.
254.2 Gold held by nonresidents.
254.3 Fabricated gold.
254.4 Gold coin, bullion, or gold dust.
254.5 Where to obtain licenses.

AUTHORITY: The provisions of this Part 254 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 254.1 License requirements.

A license is necessary to mail gold in any form or gold certificates from the continental United States to any destination outside its limits or from any U.S. post office outside the continental limits to another country, except as provided in §§ 254.2 and 254.3. Moreover, before acceptance, the postmaster at the office of mailing must receive instructions from the Post Office Department, or the Treasury Department, with a copy of the license.

§ 254.2 Gold held by nonresidents.

Gold in any form other than coin is mailable without a license and specific instruction, if it is not held or owned by a person who is a resident of or domiciled in the continental United States. In such a case the mailer must place on the wrapper of the package and on the shipper's export declaration when required (see § 251.1 of this chapter) a statement that the gold contained therein is held or owned by a person who is not a resident of, or who is not domiciled in, the continental United States.

§ 254.3 Fabricated gold.

(a) *Definition.* Fabricated gold is defined by the Treasury Department as processed or manufactured gold in any form (other than gold coin or scrap gold) which has a gold content the value of which does not exceed 90 percent of the total domestic value of the processed or manufactured gold and which has in good faith and not for the purpose of evading or enabling others to evade the provisions of the Gold Reserve Act of 1934, the act of October 6, 1917, as amended, or the regulations of the Treasury Department, been processed or manufactured for some one or more specific and customary industrial, professional, or artistic uses. Fabricated gold is to be distinguished from semiprocessed gold, which may be exported only pursuant to Treasury License, and which is defined to include gold articles of which more than 90 percent of the total domestic value is attributable to the gold content thereof.

(b) *Mailing restricted.* Fabricated gold is acceptable for mailing without being licensed by the Treasury Department and without specific instructions from the Post Office Department. However, the shipper is required to endorse the wrapper of the package with the Bureau of Census Schedule B statistical classification number of each specific commodity contained therein. The shipper's export declaration, when required (see § 251.1) shall contain, in addition to a specific description of the

contents of the package, the following notation: "Fabricated gold as defined by § 54.4 of the Gold Regulations, being exported pursuant to the authorization contained in § 54.25(b)(2) of such regulations."

(c) *How to determine.* To determine whether an article is semiprocessed or fabricated gold, the value of the gold content is computed at $35 per fine troy ounce of gold and the total domestic value is determined on the basis of the cost of the article to the owner and not the selling price. In the case of a manufacturer or processor, the allowable elements of such value are the cost of material in the article, labor performed on the article, and processing losses and overhead applicable to the manufacture or processing of such article. In the case of a dealer or other person who holds or disposes of gold without further processing, total domestic value includes only the net purchase price paid by such person and any transportation costs incurred in obtaining delivery of such article to his usual place of business.

(d) *Gold coin made prior to April 5, 1933.* Gold coin made prior to April 5, 1933, is acceptable for mailing without being licensed by the Treasury Department and without specific instructions from the Post Office Department. However, the shipper's export declaration, when required (see § 251.1 of this chapter) shall contain, in addition to a specific description of the package, the following notation: "Rare gold coin as defined by § 54.20 of the Gold Regulations, being exported pursuant to the authorization contained in § 54.25(b)(3) of such regulations."

§ 254.4 Gold coin, bullion, or gold dust.

The acceptance in the postal union mail or parcel post for any country of any consignment of gold coin, gold bullion, or gold dust, having a value in excess of $100 is prohibited, even though a license has been granted to export such gold coin, gold bullion, or gold dust.

§ 254.5 Where to obtain licenses.

The shipper may obtain the forms on which to apply for licenses to export gold from the Bureau of the Mint, Treasury Department, Washington, D.C. 20220.

The mailer may inquire at the post office for information, or purchase the Directory of International Mail from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. 261.1 What is subject to examination.
261.2 Separation points.
261.3 Examination.
261.4 Repacking.
261.5 Treatment at delivery office.
261.6 Discrepancies.

AUTHORITY: The provisions of this Part 261 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 261.1 What is subject to examination.

All mail believed to contain merchandise, including returned articles of U.S. origin, and printed matter are subject to customs examination, except mail addressed to Ambassadors and Ministers of foreign countries and articles known or believed to contain only official documents addressed to officials of the U.S. Government.

§ 261.2 Separation points.

(a) *Exchange offices.* Articles believed liable to customs duty are submitted immediately to local customs officers or redispatched for customs treatment to designated distribution offices. In the latter case, exchange offices will attach Label 81, a reusable pink slotted tag, bearing the words "This sack containing this mail will be returned duty," to the label holders or hasps of sacks or pouches containing matter to be submitted to customs officers.

(b) *Distribution offices.* Distribution offices will submit articles supposed liable to customs duty to customs officers as soon as possible after receipt. The reusable tags, Label 81, removed from sacks containing this mail will be returned periodically to the postmasters at New York, New Orleans, San Francisco, Seattle, or Miami, as may be appropriate from a geographical standpoint.

(c) *Priority treatment of airmail.* Airmail articles receive preferential customs treatment and are submitted to customs separately from surface mail. Upon return from customs, dispatch will be by air if it will expedite delivery.

§ 261.3 Examination.

(a) *Authority to open sealed articles.* Sealed letters and letter packages containing merchandise should bear a green label (Form C 1) or an endorsement permitting the customs officer to open the article for examination. In the absence of a label or endorsement, the post office will obtain the addressee's signed authority for opening on Form 2921, Held Notice—International Mail. If such authority is not granted within 15 days after the first notice, send a second notice. If no response is received from the second notice after an additional 15-day period, endorse the article "Unclaimed" and return it to origin. Sealed parcel post is opened without any formality.

(b) *Registered and sealed articles.* The postmaster or other designated postal employee must be present when registered articles and parcels or sealed letter mail is opened by customs officers for examination. After customs treatment, the postal employee will repack and reseal letter packages in the presence of the customs officer who participated in the opening. Repack the article in the same or better condition than when it was opened. If the article was received in a special penalty envelope which can be reused, forward the article in that envelope; otherwise reseal the article and apply the official adhesive seal of the Post Office Department. Sign or initial the envelope or wrapper of each article.

(c) *Extraction of samples for advisory information.* Should a customs officer wish to obtain advisory information from a local trade expert or the Customs Information Exchange, 201 Varick Street, New York, N.Y. 10014, permit him to extract a sample of the contents. The customs officer will furnish the postal official with two copies of Customs Form 6423, one for enclosure in the importation and the other for the post office files. If the sample is to be forwarded to New York, dispatch it under official registration to the New York Postmaster for delivery to the Customs Information Exchange.

(d) *Failure to receive customs examination.* Should an article known or supposed to be dutiable be observed at or en route to the office of address without having received customs treatment, forward it, labeled "For Customs Inspection," under seal to the postmaster at the appropriate office listed in paragraph (e) of this section. Packages that have received customs treatment will bear endorsements such as "Examined by U.S. Customs at _____ Duty to be Collected, Duty Paid, or Passed Free of U.S. Customs at _____."

(f) *No examination before payment of duty.* Addressees are not permitted to examine the contents of dutiable articles until the duty is paid.

§ 261.4 Repacking.

(a) *Responsibility of customs and postal employees.* Customs and postal employees shall carefully examine and repack contents of importations, particularly those that contain delicate instruments, glass, china, or other fragile items, liquids, and easily liquefiable substances. Shipments must be restored to their original or better condition. Postal employees accepting articles which which have been in customs custody for examination, must determine from external inspection whether the shipment can safely bear further handling and transportation. Postal and customs employees jointly will restore parcels that are not in satisfactory condition. Employees may be held responsible when damage occurs as a result of negligence or improper handling.

(b) *Customs shipments in bad order.* Shipments found to be in bad order in transit at the delivery office must be reconditioned by postal employees. Note bad order and evidence of rifling or damage on the address side of the wrapper over the signature of the employee.

§ 261.5 Treatment at delivery office.

(a) *Detecting dutiable importations.* Postal employees will promptly examine all incoming mail to detect dutiable importations. These articles, bearing a customs endorsement indicating that duty is to be collected, are also accompanied by an original and receipt copy of Custom Form 3419, Mail Entry, enclosed in a Treasury Department penalty envelope.

(b) *Missing mail entries.* Withhold delivery of dutiable packages from which Customs Forms 3419 have become detached. If the mail entry forms are not found, complete Form 2937, Importer's Objection and/or Lost Mail Entries, requesting the issuing port of entry to furnish Customs Forms 3423, Transcript of Entry of Merchandise Imported Through the Mails, in lieu of Customs Forms 3419. On receipt of Customs Forms 3423 collect the duty and process Customs Forms 3423 in the same manner as Customs Forms 3419. If the missing Customs Forms 3419 are located at a later date, return them to the issuing port of entry after endorsing them to show that Customs Forms 3423 were used.

(c) *Dispatch to delivery units.* Promptly forward dutiable articles to delivery units. Enter registered dutiable mail on appropriate dispatch forms.

(d) *Delivery of dutiable mail.* (1) Dutiable mail will be delivered by city, village, and rural carriers, and by window delivery units. Form 2921, Held Notice—International Mail, is used to notify addressees of the arrival of dutiable parcels.

(2) Charge packages and both copies of the customs mail entry to delivery employee on Form 2944, Receipt for Customs Duty Mail, prepared in duplicate. For control and accounting purposes, enter on Form 2944 the mail entry numbers as shown on the entry forms. Retain both copies of Form 2944 at post office as record of employee's accountability.

(3) When customs charges are collected and delivery is made, obtain addressee's signature on the original Customs Form 3419 as well as on the receipt for registered and insured mail if required. The delivering employee shall sign the receipt copy of Customs Form 3419 and give it to the addressee as a receipt for the duty. Delivering employees will turn in amounts collected with signed originals of Customs Form 3419, with any undelivered packages and their related Customs Forms 3419. At first-class offices, carrier will complete both copies of Form 2944 prepared pursuant to subparagraph (2) of this paragraph, sign and hand them to the clearing clerk, who will also sign, clearing the carrier's accountability on the two copies. The clearing clerk will forward the original of Form 2944 to the chief accountant (or accounting unit). The carrier will receive the duplicate copy which he will retain for 3 months after the last day of the month of issue. Employees at delivery windows who have been charged with dutiable packages will be similarly cleared, but will be required to execute a new set of Form 2944 covering all dutiable packages remaining in their custody at the close of business. At other than first-class offices the delivering employees' accountability will be cleared in the same manner as for COD transactions.

(4) The Customs Service in certain instances will attach a Customs Form 3433, Authorization to Postmaster to Deliver Mail Importation Conditionally Free of Duty, and a Customs Form 3342, Declaration for Free Entry of Gifts, to the mail entries, Customs Form 3419, of incoming dutiable packages. Deliver these packages without collection of the duty under the conditions stated on the Form 3433. After delivery, endorse the original Customs Form 3419 Form 3342 executed by addressee, and report the transaction as an uncollected customs duty item in accordance with paragraph (f)(1) of this section. Return of the executed customs form will be authority for the clearing clerk to allow credit for unreturned postage due stamps delivered with the package pursuant to § 224.1(a)(5)(ii) of this chapter. The clearing clerk will keep a daily record of such voided stamp credits.

(5) When an addressee objects to the assessed value, rate, or amount of duty charged, the following procedures apply:

(i) Request the addressee to state his objection in writing to the postmaster, together with any evidence substantiating his claim. Inform patron of the mail entry number and advise him where the package will be held. Return the package to the clearing clerk awaiting receipt of addressee's written protest.

(ii) On receipt of written protest, promptly prepare report, in duplicate, on Form 2937, Importer's Objection and/or Lost Mail Entries. Indicate reason for protest by means of a checkmark in the appropriate column on Form 2937. Forward original Form 2937, with supporting statements and both copies of Customs Form 3419, to the customs office where the entry was prepared, unless the addressee is located in the vicinity of one of the customs ports listed in § 261.31(e). In the latter case, deliver the package and the other documents mentioned to the local customs officer for reconsideration of the duty assessment. Retain duplicate of Form 2937 as office file and record copy.

(iii) If an adjustment is made the customs officer will endorse the adjustment in red ink on the original and receipt copy of the mail entry and initial. The corrected mail entry will be accompanied with Customs Form 3425, Notice to Postmaster of Change in Duty Assessment on Customs Mail Entry. This notice is to be attached to and remain with the original of the mail entry. When delivery is effected, record collection of the corrected amount according to the customs port which originally prepared the mail entry, as prescribed in paragraph (e) of this section. If the adjusting customs officer waives the duty, report the entry as an uncollected item, as prescribed in paragraph (f)(1) of this section.

(iv) An addressee who is dissatisfied with the amount of duty assessed may pay the charges, take delivery of the package, and later file claim for a refund directly with the collector at the port where the entry was prepared.

(6) When delivery cannot be effected for any reason, including articles covered by paragraph (i) of this section, the package and both copies of Customs Form 3419 will be returned to the post office. Do not detach Customs Forms 3419 from package nor enter it on Form 2933, Register of Uncollected Customs Charges, until the package is definitely known to be undeliverable or until the end of the prescribed retention period (see § 224.4(a) of this chapter concerning postal union articles and § 232.5(b)(1) of this chapter concerning parcel post), then detach Customs Form 3419 and report the item on Form 2933 as outlined in paragraph (f)(1) of this section.

(e) *Recording and reporting collections.* Post offices making delivery-collection of dutiable articles will deposit the customs collections with postal funds.

(f) *Uncollected items*—(1) *Reporting.* Complete a separate Form 2933, Register of Uncollected Customs Charges, in duplicate, for each port of entry from which packages are received. First-class offices will prepare on same frequency as Form 2932; other offices will report uncollectible items weekly. Enter all uncollectible items on Form 2933, listing each Customs Form 3419 by serial number and amount, and showing reason for noncollection.

Forward original of Form 2933 with supporting Customs Form 3342, other statements, and original and receipt copy of related Customs Form 3419 to the Regional Commissioner of Customs, Attention: Cashier, New York, N.Y. 10004. File a copy of Form 2933 for reference purposes.

(2) *Past-due entries.* When the issuing customs port of entry does not receive a report of disposition of dutiable article, the collector of customs will forward an inquiry to the postmaster on Customs Form 3423, Transcript of Entry of Merchandise Imported Through the Mails, in duplicate, requesting information on the disposition of entries involved. On receipt of Customs Form 3423 the chief accountant, accounting unit or employee designated by the postmaster, will make a search for Customs Form 3419. If form is located, return both copies of Customs Form 3423 to port of entry with notation that the entry will be accounted for in the usual manner when collection is effected, or note on Customs Form 3423, the control number of the Form 2932, on which the entry was reported (first-class offices; or serial number of money order used in remitting in the case of second-, third-, and fourth-class offices). When search fails to locate record of Customs Form 3419 or related package, notify the collector of customs accordingly.

(g) *Refund of duty*—(1) *Duty not refundable by postmasters.* Amounts collected on customs mail entry forms are not refundable by postmasters. An addressee who requests a refund of duty shall be advised to make application therefor to the collector of customs at the port of entry within 30 days from the date of entry. It is suggested, if refund is claimed for damage, the article be forwarded to the collector with the application. If the addressee wishes to abandon the article to the Government, he should so state in his application. In case the addressee also intends to file a claim for indemnity with the Post Office Department, he shall, before taking the above action, present the contents, container, and complete wrapping to the postmaster for the inspection prescribed by Form 2855, Claim for Indemnity—International Insured Mail.

(2) *By Customs Service.* Refund of duties paid will be considered by the Customs Service if merchandise, covered by a mail entry, representing 5 percent or more of the total value of all of the merchandise of the same class or kind entered in the invoice in which the item appears, is abandoned and delivered to the collector of customs where the entry was made within 30 days after the date of entry.

(3) *On returned merchandise.* Refund of duties paid less 1 percent will also be considered by the Customs Service if merchandise covered by a mail entry and found not to conform to sample or specification or shipped without the consent of the consignee is, within 90 days from the date of delivery, returned to customs custody for exportation, unless the Secretary of the Treasury authorizes in writing a longer time. The postal charges incident to returning the merchandise to the sender must be paid by the addressee.

(4) *No duty refund in certain cases.* When an addressee requests delivery of parcel post packages to be made at his residence or place of business after the customs duty thereon has been paid at the post office, the Treasury Department has declined to refund the duty in such cases when the goods become lost between the post office and the addressee's residence or place of business, and if there should be any loss there is no appropriation available from which the Post Office Department could make reimbursement for the amount of duty paid.

(h) *Duty*—(1) *Rates.* Patrons desiring information concerning rates of duty on articles imported into the United States, or other customs procedure, should communicate with the appropriate customs officer, located at various points throughout the country, or with the Commissioner of Customs, Treasury Department, Washington, D.C. 20226.

(2) *Prepayment.* No provision is made for the prepayment abroad of customs duty on mail shipments addressed for delivery in the United States.

(3) *On articles repaired abroad.* Before sending an article abroad for repair, the patron should submit it to a customs officer for issuance of a certificate of registration. Otherwise, the entire article may be subjected to customs duty when it is returned to the United States.

(4) *In other countries.* See § 231.2(d) of this chapter.

(i) *Forwarding or returning dutiable mail*—(1) *Forwarding within the United States.* Dispatch package as prescribed in § 224.3(a) of this chapter (for postal union articles) or § 232.4(a) of this chapter (for parcel post). Allow the Customs Forms 3419 to remain attached to the redirected package in its original envelope, which is also redirected to the new address. Prepare Form 3814, Record of C.O.D. Parcels Held for Delivery, in duplicate, showing name and address of addressee, forwarding address, and name of port where the duty was assessed. In Bin No. block on Form 3814, enter the 6-digit serial number from related Customs Form 3419. Mail original Form 3814 to the collector of customs who issued the entry; file duplicate for reference in case of later inquiry.

(2) *Forwarding to another country.* See § 224.3(b) of this chapter concerning forwarding of postal union articles and § 232.4 (c) and (d) of this chapter concerning forwarding of parcel post. When a dutiable package is entitled to be forwarded to another country, detach the Customs Forms 3419 and endorse both copies Addressee moved outside jurisdiction of the United States. Enter serial number on Form 2933 and return both copies of Customs Form 3419 to collector of customs with related Form 2933. (See paragraph (f) (1) of this section.)

§ 262.1 Examination; authorization to open.

Mail of foreign origin is scrutinized at the exchange office of first receipt for the presence of prohibited matter. If there is reason to believe that prohibited matter is contained in a sealed letter, the exchange office will endorse the cover "supposed to contain matter prohibited importation" and forward it to the post office of destination. Letters received bearing such endorsement, or any foreign letter not so endorsed but suspected of containing prohibited matter, shall be held and treated as follows:

(a) Complete and mail Form 2921, Held Mail Notice—International, to the

addressee requesting authorization to open the letter and examine its contents. The form may be endorsed "Lottery Matter" when it is believed the letter contains such matter. If the volume of such mail or other considerations warrant, an explanatory letter may be sent in lieu of Form 2921.

(b) When authorization to open is given by the addressee, the letter shall be opened and examined in his presence, if he has appeared in person, or, if he does not appear, in the presence of two designated postal employees.

(c) If the addressee fails to authorize the opening of the letter, endorse the cover "Unclaimed" and return, unopened, to its origin.

§ 262.2 Disposal.

(b) *Prohibited matter.* If the contents of a letter opened pursuant to § 262.1 are found to be prohibited they shall be disposed of as follows:

PART 271—INQUIRIES AND COMPLAINTS

Sec.
271.1 Inquiries encouraged.
271.2 Nondelivery.
271.3 Incomplete return receipts.
271.4 Charges for inquiries.
271.5 Processing.
271.6 Use of Form 673, Report of Rifled Parcel.
272.7 Use of Form 3760, Wrapper Found Without Contents.

AUTHORITY: The provisions of this Part 271 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 271.1 Inquiries encouraged.

Patrons are urged to report losses, nondelivery, or mistreatment of mail, as these reports may serve to improve the postal service. Inquires and complaints are to be made at, or addressed to, the local post office. They are accepted within 1 year, counting from the day following the date of mailing.

§ 271.2 Nondelivery.

If an article has failed to reach the addressee within a reasonable time, after it should in regular course have been delivered, the post office will, on request, institute an inquiry with the foreign postal administration. Inquiry may be made even though the article was mailed in another country. If the sender is unable to submit the registry (mailing) receipt for a registered article, he must make complaint at the office of mailing.

§ 271.3 Incomplete return receipts.

If the sender receives a return receipt not properly completed (see § 242.5(d) of this chapter), the receipt with the complaint is transmitted to the International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260.

§ 271.4 Charges for inquiries.

(a) *When applicable.* No charge is made for an inquiry or complaint concerning the nondelivery of a piece of international mail if the sender has failed to receive a return receipt for which the required fee was paid or if he can show that loss or other irregularity has occurred apparently through fault of the Postal Service. Such a showing is satisfied either by exhibiting a letter from the addressee a reasonable time after the article involved would normally have been delivered; or satisfactorily explaining the failure to exhibit such a letter or report. Otherwise, a charge of 20 cents is made, postage stamps to cover the fee being affixed to the inquiry form and canceled. The inquiry or complaint is transmitted by airmail, if practicable.

(b) *When several articles involved.* Only one fee is collected for inquiries or requests for information concerning several articles mailed simultaneously by the same sender to the same addressee.

(c) *Telegraph inquiry.* If the sender desires that the inquiry be sent by telegraph or cable, his request must be accompanied with an amount sufficient to pay the telegraph or cable charges, and

if a reply by telegraph or cable is desired, the sender must pay the charges both ways. Such request should be forwarded to the postal inspector in charge of the division in which the office of mailing or address is located.

§ 271.5 Processing.

(a) *Mail exchanged with Canada*—(1) *Registered and ordinary*—(i) *Mailed in United States.* (*a*) Inquiries as to disposition or complaints of loss are reported on Form 1510. Enter dispatch particulars (except ordinary parcels) from mailing office on back of the form, and send it to the postmaster at the office of address in Canada.

(*b*) Complaints of rifling, damage, delay, or wrong delivery are reported on Form 1510, suitably altered, to the Postmaster, Chicago, Ill. 60607, with the envelope or wrapper, if available.

(ii) *Mailed to United States.* (*a*) Inquiries as to disposition or complaints of loss are reported on Form 1510 and sent to the postmaster at the office of mailing in Canada. If the registry receipt is not available, ask the complainant to have inquiry made at the office of mailing.

(*b*) Complaints of rifling, damage, delay, or wrong delivery are reported on Form 1510, suitably altered, to the Postmaster, Chicago, Ill. 60607, with the envelope or wrapper, if available.

(iii) *Inquiries of Canadian origin.* Post offices will return Canadian inquiries, appropriately endorsed with the result of their findings, to the point in Canada from which received. If loss of mail to or from Canada is disclosed, report the matter on Form 1510 to the Postmaster, Chicago, Ill. 60607. In the case of mail from Canada, the necessary information should be obtained from the Canadian inquiry form before it is returned.

(2) *Insured parcels*—(i) *Mailed in United States*—(*a*) Inquiries as to disposition (sender has no report of nonreceipt from addressee). Complete Form 2855 and send to postmaster at the office of address in Canada. If delivery is disclosed, the endorsed form will be returned to the office of mailing so that the sender may be informed accordingly and the case closed. If loss, rifling, or damage is disclosed, Canadian officials will send Form 2855 to the Postmaster, Chicago, Ill. 60607. Should a form, disclosing loss, rifling, or damage, be sent by mistake to the postmaster at the office of mailing, send it promptly to the postmaster in Chicago.

(*b*) Complaints of loss (sender has report of nonreceipt from addressee), rifling, damage, delay, or wrong delivery. Complete Form 2855 and send, with the correspondence received by the sender from the addressee, and wrapper if available, to the Postmaster, Chicago, Ill. 60607.

(*c*) If application for indemnity is received on Canadian Form 43A, bearing information supplied by the addressee and the Canadian Postal Service for damage or rifling, complete the Form 43A, in lieu of Form 2855, and forward to the Postmaster, Chicago, Ill. 60607.

(ii) *Mailed to United States.* (*a*) If a complaint of loss, rifling, damage, delay, or wrong delivery originates in the United States, complete Form 1510 and send parts II and III of the original to the postmaster at the mailing office in Canada with the packing of the parcel if available. If the packing has been destroyed or otherwise disposed of, the complaint shall be endorsed accordingly. If complaint is of loss or rifling, send a copy of part II of Form 1510, endorsed to show disposition of the original, to the postal inspector in charge of the division in which the office of destination is located.

(*b*) On receipt of a Canadian indemnity form, it shall be properly completed and returned to the Canadian District Director of Postal Service from whom the form was received. If obtainable in cases of rifling or damage, the packing of the parcels shall be transmitted to the Canadian Administration with the indemnity form. If the packing has been destroyed or otherwise disposed of, the form shall be endorsed accordingly.

(b) *Mail exchanged with countries other than Canada*—(1) *Registered mail*—(i) *Mailed in United States*—(*a*) *Inquiries as to disposition or complaints of loss.* Report on Form 542. Insert particulars of dispatch from the office of mailing and send form to the postmaster at the appropriate adjusting exchange office shown in § 272.2(f) of this chapter.

PART 272—INDEMNITY CLAIMS AND PAYMENTS

Sec.
272.1 Initiation and proof of claims.
272.2 Indemnity payments.

AUTHORITY: The provisions of this Part 272 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 272.1 Initiation and proof of claims.

(a) *Initiation of claims.* Claims must be initiated as outlined in § 271.5 in applying for the indemnity stipulated in § 272.2.

(b) *Documents to accompany claims.* Claimants must submit the report from the addressee on which the claim is based and any evidence of value or cost of repairs, such as purchase receipts or invoices.

§ 272.2 Indemnity payments.

(a) *Registered postal union articles.* Payment of indemnity is incumbent on the country of origin of the article and is made as follows:

(1) *Canada.* Indemnity may be paid not to exceed $100, based on actual value, for loss (contents and wrapper). When mailed in the United States, payment

may also be made up to $100 based on actual value for damage or rifling of contents, if responsibility rests with the United States, or it is not possible to determine in which country the damage or rifling occurred.

(2) *P.U.A.S. countries (see § 272.1(a)) except Canada.* Indemnity may be paid in any amount claimed not exceeding $3.27 for loss (contents and wrapper), regardless of value. When mailed in the United States, payment may also be made up to $3.27 on the basis of actual value for damage or rifling of contents (including instances when money in cash, banknotes, or values payable to bearer are prohibited by international agreements), if responsibility rests with the United States, or it is not possible to determine in which country damage or rifling occurred.

(3) *Great Britain and Northern Ireland, Israel and Switzerland.* Indemnity may be paid in any amount claimed not exceeding $8.17 for loss (contents and wrapper), regardless of value; and, on the basis of actual value, for rifling or "Total" damage of an article in a registered packet, but not exceeding $8.17. When mailed in the United States, payment may also be made for partial damage, but not exceeding $8.17, if responsibility rests with the United States or it is not possible to determine in which country the damage occurred.

(4) *Australia.* Indemnity may be paid in any amount claimed not exceeding $8.17 for loss (contents and wrapper), regardless of value; and, on the basis of actual value, for rifling of an article in a registered packet, but not exceeding $8.17. When mailed in the United States, payment may also be made for damage, but not exceeding $8.17, if responsibility rests with the United States or it is not possible to determine in which country the damage occurred.

(5) *All other countries.* Indemnity may be paid in any amount claimed not exceeding $8.17 for loss (contents and wrapper), regardless of value. When mailed in the United States, payment may also be made up to $8.17 on the basis of actual value for damage or rifling of contents (including instances when money in cash, banknotes, or values payable to bearer are prohibited by international agreements), if responsibility rests with the United States or it is not possible to determine in which country the damage or rifling occurred.

(b) *Registered parcel post*—(1) *Cape Verde Islands and Portuguese West Africa.* Indemnity may be paid up to $16.33, based on actual value, for loss, rifling, or damage.

(2) *Cuba.* Indemnity may be paid up to $10 for loss (contents and wrapper), based on actual value.

(3) *Ecuador.* Indemnity may be paid up to $50, based on actual value, for loss, rifling, or damage.

(4) *Other countries.* Although parcels may be registered to Bermuda, British Honduras, Congo (Kinshasa), Jamaica, Trinidad, and Tobago, and Turks Islands, there is no provision for payment of indemnity in case of loss, rifling, or damage of such parcels.

(c) *Insured parcel post*—(1) *General provisions.* Indemnity may be paid for loss, rifling, or damage, based on actual value.

(2) *Forwarded or returned to third country.* The mailer may be paid only such indemnity for loss, rifling or damage occurring after redispatch by the original country of address to a third country as the country in which the mistreatment occurred is willing or obligated to pay under any agreement between the countries involved.

(3) *Canada.* Indemnity may be specially paid as provided in subparagraph (1) of this paragraph for loss, rifling, or damage of insured parcels addressed to Canada containing articles prohibited insurance. See country item "Canada" in Directory of International Mail.

(d) *Principal exceptions.* Indemnity may not be paid:

(1) In excess of the limit prescribed for the insurance or registry fee paid or greater than that corresponding to the actual amount of loss (except registered postal union), rifling, or damage. Allowance must be made for depreciation or for needed repairs, and, in the absence of purchase receipts or invoices, the contents must be described in sufficient detail.

(2) To anyone in this country other than the sender, for loss of registered postal union mail, except on the consent of both the sender and the country of origin.

(3) For damage or for partial or complete loss or rifling of the contents of postal union registered articles, except as stated in paragraph (a) of this section.

(4) When (i) other countries report delivery of parcels without external trace of rifling or damage and acceptance without reservation concerning the condition of the contents, and (ii) when delivery was made under conditions prescribed by the domestic regulations of the country of destination for mail of the same kind, or, on presentation of a regular postal identity card.

(5) When loss, rifling, or damage has been caused by the fault or negligence of the sender or the addressee or the representative of either, such as failure to endorse the parcel conspicuously to show the nature of the contents or to provide adequate packing for the length of the journey and for the protection of the contents.

(6) When an article or parcel cannot be accounted for in consequence of the destruction of service records through "force majeure."

(7) When the contents are prohibited, except as stated in paragraphs (a) (2) and (5), and (c) (3) of this section.

(8) When the claimant, with intent to defraud, shall declare the contents of a parcel to be above their real value.

(9) For an article or parcel seized by the customs.

(10) For parcels that contain matter of no intrinsic value or matter which did not conform to stipulations of the conventions applicable, or were not posted in the manner prescribed. However, in the event of loss, rifling, or damage of mail erroneously accepted for insurance to other countries, limited indemnity may specially be paid as if it had been addressed to a domestic destination, i.e., on the basis of the indemnity limits for domestic insured mail. If erroneously accepted as registered mail limited indemnity may be specially paid under the conditions in paragraph (a) of this section. If postage was erroneously collected at other than parcel post rates, but the parcel was otherwise properly accepted for insurance, indemnity may specially be paid under paragraph (c) of this section.

(11) For indirect loss or loss of profits in the case of parcels.

(12) When no inquiry or application for indemnity has been made by claimant or his representative within a year commencing with the day following the posting of the article or parcel. In the case of insured mail with Canada, however, the time limit may be waived when it is satisfactorily established that the delay was unavoidable and not the fault of the claimant.

(13) For damage which results from the inherent vice or quality of the contents, that is, its inability, due to its nature, to withstand the ordinary incidents of the contemplated carriage.

(14) When full compensation or reimbursement has otherwise been made by the Post Office Department or by any outside firm or corporation whatsoever except on a pro rata basis as coinsurer.

(15) For sentimental values arising from association of articles. Also, in the absence of a complete description, the claimant must satisfactorily establish the ordinary market value at the time of mailing, particularly in the case of heirlooms or antiques.

(16) For an amount in excess of the maximum prescribed for the insurance or registry fee paid, unless responsibility rests with the United States and it shall be shown to the satisfaction of the Postmaster General that the mailer was charged a fee less than that required to cover the amount of indemnity desired, through error on the part of the Postal Service. On such a showing, the deficiency in fee may be collected from the mailer and postal indemnity paid within the limit fixed for the higher fee. If full or partial responsibility rests with the other country and the mailer requested full coverage at the time of mailing, but a deficient and "unauthorized" insurance fee was collected, he may be paid for full value, less the amount of the deficient fee, but not exceeding the limit fixed for the appropriate insurance fee.

(17) For loss of articles registered free or for official registered mail.

(18) When evidence of insurance coverage has not been presented.

(19) In excess of the limits prescribed in paragraph (a) of this section for domestic registered letters bearing foreign return addresses which are forwarded pursuant to § 223.4(b)(2) of this chapter.

(e) *When to be instituted.* Claims for indemnity involving international registered mail, and insured mail for which inquiry concerning disposal has been made, shall be instituted only on instructions from the postmasters at the appropriate adjusting exchange offices shown in paragraph (f) of this section, except as otherwise specifically provided for in § 271.5(a)(2)(i) of this chapter for insured mail to Canada.

(f) *Adjusting exchange offices.* Indemnity claims relating to international insured or registered mail shall be adjudicated and approved by the adjusting exchange office for the country involved as indicated below.

[1] 12 cents is the minimum postage changeable on "Samples of merchandese," and 18 ounces is the maximum weight limit.

To determine the postage for packages of printed matter weighing over 6 pounds 9 ounces addressed to countries admitting them (see Chart 1, Table II), compute the rate for the pounds alone at 24 cents per pound. Then if there are no remaining ounces, add 2 cents; if there are remaining ounces, determine the rate for them from the table and add to the rate for the pounds. For example, if a package weighs 21 pounds, compute the rate at 24 cents and add 2 cents, finding the rate to be $5.06. If a package weighs 21 pounds 5 ounces, compute the rate for 21 pounds at 24 cents ($5.04) and add the rate for the ounces (11 cents), finding the rate to be $5.15.

This concession applies only to price lists, catalogs, and advertising matter of business firms, and any fees or charges which may be due on such matter must be paid.

The green label, Form 2976 (C 1), is not required on free copies of newly published books mailed by the publishers to Belgian literary and scientific societies and journalists, provided the outer wrappers bear a dedication or the words "Press Service" or some other indication that the copies are being sent gratuitously under the conditions mentioned.

The green label is not required on any shipment of printed matter on which the total of the revenue duties does not exceed 5 francs.

Since the Belgian regulations do not permit cancellation of the duties, parcels containing used clothing cannot be returned to origin or abandoned if they should be unclaimed or refused by the addressees. Senders of parcels for Belgium containing used clothing must indicate an alternate addressee in that country to whom the parcel can be tendered for delivery in case it cannot be delivered as originally addressed.

The invoices must be in the form prescribed by the Bolivian consular regulations. If senders are not familiar with the requirements, they should be advised to consult one of the Bolivian consulates located in principal cities of the United States. Information may also be obtained from the American Republics Division, Bureau of International Commerce, Department of Commerce, Washington, D.C. 20230, or any field office of that Department.

Parcels not exceeding $50 in value do not require invoices.

Persons desiring to mail parcels or postal union mail packages to Brazil should be informed that most commodities are subject to customs duty equal to or higher than their value, even if sent as gifts, and it is necessary for the addressees to make two or more trips to the post office to obtain delivery. Also, each parcel must be accompanied by an import permit which the addressee must obtain in advance and send to the mailer to be enclosed in the parcel. Only noncommercial commodities valued at $5 or less, and books and magazines in single copies mailed as printed matter are admitted as gifts free of duty and without import permits. Senders should be cautioned that the Brazilian customs authorities may appraise articles at a higher valuation than that declared by the mailers, resulting in the assessment of duty and penalties against the addressees. To be admitted as gifts, packages must be addressed to individuals, not to firms.

Gift parcels valued over $25 and all commercial parcels must also be accompanied by commercial shipping documents which the sender must have legalized by a Brazilian consulate at a fee of $12. Brazilian consulates are located in principal cities of the United States.

If parcels are found on arrival in Brazil to be in violation of any of the import regulations, they will be withheld from delivery and the addressees may be required to pay fines in addition to the customs duty. If the charges are not paid, the parcels are liable to seizure and are not released even if senders have requested return through the postal service.

In view of the foregoing, patrons should be advised to refrain from mailing parcels to Brazil unless they are assured that the addressees will be permitted to take delivery.

Parcels may be addressed to banks or other organizations for ultimate delivery to second addressees. The latter however may not take delivery without written authority from the first addressee, unless the sender arranges for change of address as provided in Part 247 of this chapter.

A parcel destined for a person in care of a bank, organization, etc., shall bear the complete addresses of both addressees on the customs declarations and dispatch note, as well as on the parcel itself.

Prohibitions. For reasons of public safety: Poniards, stilettos, poniard blades; canes, umbrellas, or any other articles containing swords, daggers, or guns; handcuffs and blackjacks.

For sanitary reasons: Medicines whose formulas are not listed in the official pharmacopeias or not licensed by the Brazilian Department of Public Health.

For the protection of plants: Seeds and seedlings of coffee.

Arms, munitions, etc.: Regulation arms and munitions of Brazil and parts. Air guns. Reducing tubes and silencers for firearms.

For other reasons: Coins, banknotes, paper money, and any values payable to bearer; manufactured or unmanufactured platinum, gold, silver; precious stones, jewelry, or other precious articles. Any articles bearing a false indication of their origin.

Import restrictions. The attention of senders should be called to the following requirements, which are to be met by addressees:

Addressees are required to obtain import permits for all parcels, regardless of value. See "Observations."

Saccharine and other artificial sweeteners and essences for artificial beverages require permission from the Brazilian Department of Public Health for importation.

Firearms may be imported only with permission of the Brazilian War Ministry.

Surface mail.	*Air mail.*
Number, rank, name. Unit. CFPO (number). Belleville, Ont., Canada.	Number, rank, name. Unit. CFPO (number). Montreal, P.Q., Canada.

Articles addressed as above must bear postage at the surface or air rate for Canada. Letter packages exceeding 4 pounds 6 ounces in weight, and direct sacks of printed matter (§ 22.4(f) of this chapter) are not admissible for CFPO addresses. Patrons desiring to mail such articles should be advised to obtain civilian addresses either from the addressees or from the Post Office Department, Ottawa 8, Ont., Canada, and to prepare their articles for mailing in accordance with the regulations applicable to the country of destination concerned.

Banknotes valued at $100 or more must be put up in a compact package and securely tied with strong twine "before wrapping." The wrapper must be of linen or other strong, woven material, linen lined paper, or two thicknesses of strong kraft paper. "After wrapping," the package must be again securely tied or stitched and sealed at the points of closing.

Combination mailings as defined in § 22.9(a) of this chapter are accepted.

Advertising matter specially prepared to promote the sale of goods or services by Canadian persons or firms is charged with customs duty in Canada when the total weight of articles mailed at one time exceeds 1 pound. Duty is charged on each individually addressed article. To avoid detention of such mail by Canadian customs, senders may arrange to pay the duty, which can be done by means of Canadian customs duty stamps affixed to the back of each piece of mail. Senders may inquire as to rates of duty and may purchase the duty stamps from the Department of National Revenue, Customs and Excise, Ottawa, Ont., Canada.

Commercial shipments of printed matter and certain other merchandise must be marked to indicate country of origin in the manner prescribed by the Canadian customs regulations. Commercial invoices are required as indicated in "Observations" under "Parcel Post."

Information as to Canadian customs regulations may be obtained from the European Division (Canadian Section), Bureau of International Commerce, Department of Commerce, Washington, D.C. 20230, or any field office of that Department.

Prohibitions. Reprints of Canadian or British works copyrighted in Canada. Reproductions of Canadian postage stamps unless printed in publications in black and white only and with a defacing line drawn across each reproduction.

Perishable biological materials.

Articles prohibited or restricted as parcel post are prohibited or restricted in the postal union mail, except that coins, banknotes, values payable to bearer, and precious articles may be sent in registered letters only.

Parcels for CFPO addresses may not be insured.

Return receipts are not furnished for insured parcels addressed to Canada.

The following must not be accepted for insurance: Bees, postage stamps (canceled and uncanceled) and albums in which they are mounted, bonds and coupons payable to bearer, stocks and other securities negotiable by bearer, gold scrap, jeweler's filings, precious stones (mounted or unmounted), and

articles of gold or other precious metal. It should be recommended to senders that the articles mentioned, with the exception of bees, be sent in the registered letter mails.

However, articles for personal adornment, such as rings, brooches, tie pins, chains, cuff links, dress sets, fobs, bracelets, lockets and necklaces, and articles for personal use, such as cigarette holders, cigarette cases, vanity cases, cardcases, gold and silver pencils, lorgnettes, gold-filled optical frames and mountings, mesh bags and watches, having a value not over $5 each may be insured provided they are enclosed in parcels of at least a minimum size of 36 cubic inches or combined length and girth of at least 16 inches. For example, such parcels must be at least 6 by 6 by 1 inches, or 8 by 3 by 1 inches, etc. A parcel containing a number of such articles valued at $5 or less may be insured for the total value of the contents (up to the maximum of $200), provided it meets the prescribed requirements as to size.

The maximum insurance in Canada for parcels to the United States is $100.

See Part 243 of this chapter for general information on insurance.

Observations. Each parcel must bear as part of its address the name of the Canadian Province in which the office of destination is located.

Parcels for members of the Canadian armed forces overseas may not exceed 22 pounds in weight and may not be insured. They must be addressed in the following manner for surface dispatch:

Number, rank, name.
Unit.
CFPO (number).
Belleville, Ont., Canada.

A letter fully prepaid and bearing the same address as that of the parcel may be tied or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address of the parcel. Stamps to cover postage on the parcel must be affixed to the wrapper of the parcel. Stamps to pay postage on the letter must be affixed to the envelope thereof.

Certain types of merchandise must be marked to show country of origin in the manner prescribed by the Canadian customs regulations.

The Canadian customs authorities require commercial invoices for all parcel post or postal union mail packages, regardless of value, except casual noncommercial shipments. For shipments valued at less than $50, the sender's regular business invoice may be used; if the value is $50 or over, the commercial invoice must be prepared on Canadian forms M–A or N–A. Four copies of the invoice one of them signed by the sender in ink, must be sent by letter mail to the addressee.

In the case of noncommercial shipments of a casual nature, the senders need not furnish invoices, as the Canadian customs authorities will make delivery on the basis of forms completed by the addressees.

Interested mailers can secure information as to obtaining and preparing forms M–A and N–A, as well as other information concerning the Canadian customs regulations, from the European Division (Canadian Section), Bureau of International Commerce, Department of Commerce, Washington, D.C. 20230, or any field office of that Department.

Prohibitions. Honey bees, unless addressed to places served by railway post offices or motor vehicles. Mailers must ascertain whether the addressees of parcels containing honey bees are located at places to which such shipments can be sent. This information can be obtained from the Canadian postmaster at the office of address. After obtaining the information, the sender must mark the wrapper of his parcel "Office of address served by R.P.O." or "Office of address served by motor vehicle." Postmasters will refuse to accept parcels containing honey bees for Canada unless they bear such endorsement.

Queen bees are not subject to the above restriction.

Bees must not be on combs, and must be accompanied by a declaration signed by the mailer that the food for the bees carried in the package is free from disease. Honey must not be used in making the candy placed in queen bee mailing cages. Special handling charges are applicable to honey bees in cages, but not to queen bees in small cages, alone or accompanied by a few workers, unless a considerable number of such cages are tied together for transportation outside of mail sacks.

Shipments of bees are accepted only at the risk of senders; they may not be accepted for insurance.

Meat or meat food product for personal use is exempt from export certification but the addressee is required to certify to the Canadian authorities that it will not be offered for sale in Canada.

Drugs and medicines must comply with Canadian law. Senders are advised to communicate with prospective addressees to assure themselves before mailing that such articles will be admitted.

Biological products for veterinary use, including serums and vaccines, unless accompanied by a permit issued by the Veterinary Director General, Ministry of Agriculture of Canada.

See Part 243 of this chapter for method of converting U.S. currency into gold francs and for general information on insurance.

Coin, precious metals, jewelry, or other precious articles must not be accepted as parcel post for mailing unless they are insured.

Observations. Senders are required to indicate as a part of the addresses of all parcels the name of the department (State) in which the office of destination is located.

In view of the extensive variety of articles prohibited to Colombia (see "Prohibitions"), persons desiring to mail parcels should be advised to consult the addressees in advance of mailing to ascertain whether their articles will be admitted, or to consult the nearest Colombian consulate, stating specifically what articles they desire to send. Parcels will be accepted for mailing to Colombia only with the understanding that the mailer has satisfied himself that the contents will be admitted.

Each parcel-post shipment valued at $20 or less requires two copies of the sender's commercial invoice, one of which must be enclosed in the parcel and the other sent under separate cover to the addressee. Consular legalization is not needed, but the invoice must include a declaration of origin of the merchandise, in Spanish, reading as follows:

Certificamos bajo juramento que los precios de esta factura son los mismos que cargamos al cliente y que la mercancia a que se refiere esta misma factura es originaria de _____.
(Country of origin)
En fe de lo expuesto firmamos la presente declaración en _____, _____ de _____
(City, State) (Day) (Month)
de _____.
(Year)

_____
(Signature of shipper)

(Translation: We certify under oath that the prices in this invoice are the same that we charge our customers, and that the merchandise in this same invoice comes from _____. In faith of which we sign the
(Country of origin)
present declaration at _____, on
(City, State)
_____.)
(Date)

Commercial shipments of books or periodicals must be accompanied by commercial invoices as prescribed for such shipments in the postal union mails. See "Observations" under "Postal Union Mail."

For parcels valued over $20, the sender must have a copy of his commercial invoice legalized by a Colombian Consulate, and must prepare four copies of a consular invoice, one of which must be sent direct to the addressee with the legalized commercial invoice.

Consular invoice forms may be obtained and commercial invoices legalized at Colombian Consulates, which are located in principal cities of the United States.

The addressees in Colombia are required in most cases to obtain import licenses in order to secure delivery of parcels. For a parcel exceeding $20 in value the addressee is required to send a copy of the import license to the sender, who must submit it to the Colombian Consul when obtaining the consular invoice. If a sender receives a copy of a Colombian import license for a parcel whose value does not exceed $20, he must return it to the addressee in Colombia.

Parcels mailed simultaneously by the same sender to the same addressee at one address must be marked in the following manner, in order that customs officials in Colombia may more readily ascertain the combined value of the parcels contained in a single mailing.

Each parcel comprised in a single mailing must bear a fractional number, the numerator of which indicates the number of the parcel and the denominator the number of parcels comprised in the mailing. For example, if a single mailing were composed of 15 parcels they would be numbered 1/15, 2/15, 3/15, etc.

Parcels may be addressed to banks or other organizations for ultimate delivery to second addressees. The latter however may not take delivery without written authority from the first addressee, unless the sender arranges for change of address as provided in Part 247 of this chapter.

Prohibitions. An extensive variety of articles is prohibited to Colombia as a result of stringent import control regulations. Many kinds of food, clothing, footwear, musical instruments, jewelry, ornaments, watches, clocks, electrical and scientific apparatus, playing cards, engravings and other pictures including picture books, calendars and other illustrated stationery, soap, tobacco, and pharmaceutical products are prohibited, as well as articles made from metal, wood, rubber, cloth, paper, cardboard, leather, glass, wax, and ceramics.

Parcels are accepted only under the conditions set forth in "Observations."

INSURED VALUE

$76.89

SEVENTY-SIX DOLLARS AND EIGHTY-NINE CENTS

Coins, bullion, precious stones, and any article of gold, silver, or platinum sent as parcel post must be insured.

Parcels containing jewelry must not have a value in excess of $1,000 ($100 when mailed as air parcel post from and to American Samoa and the Trust Territory of the Pacific). Any parcel containing jewelry or any other precious article exceeding $280 in value must be packed in a box measuring not less than 3 feet 6 inches in length and girth combined.

The final decision on all questions of compensation rests with the country in whose service the loss, rifling, or damage took place.

While parcels containing eggs, when properly packed, may be accepted for insurance to Great Britain and Northern Ireland, "no indemnity is payable," in the event of damage, should it be determined that responsibility for the damage rests with the Postal Administration of Great Britain and Northern Ireland. Also regardless of where the damage occurred, "no indemnity" is payable for the damage to insured parcels, containing eggs, originating in Great Britain and Northern Ireland and addressed to this country.

For general information on insurance see Part 243 of this chapter.

Observations. Many types of merchandise, unless sent as unsolicited gifts, require import licenses which the addressees must obtain from the British Board of Trade. Before mailing commercial shipments, senders should assure themselves that the addressees can obtain licenses if needed.

Parcels containing bona fide unsolicited gifts are exempt from British import licensing requirements (see Import Restrictions). Mailers of such parcels should mark the wrappers and customs declarations "Unsolicited Gift."

Under the British customs regulations, parcels are liable to seizure if the customs declarations do not contain a full and accurate description of the contents.

Parcels containing articles subject to ad valorem duty should have an invoice enclosed showing the contents in detail and value of each article, and the parcel should be marked on the address side "Invoice enclosed". When the invoice relates to the contents of more than one parcel, each parcel is to be marked "Invoice enclosed in parcel No. _____".

Prohibitions. For reasons of sanitary policy: Meat, milk, cheese, butter, margarine, lard, and other greases, unless packed in hermetically sealed tins plainly marked to show the nature of the contents. However, "Smithfield" hams are accepted as unsolicited gifts if enclosed in waterproof wrappings and adequately packed for protection and to avoid damage to other mail matter.

Arms, etc.: Firearms (except shotguns with barrels at least 20 inches long) and other deadly weapons and parts thereof, including guns for throwing liquid or gas and munitions therefor; accessories for reducing the sound or flash of firearms. The foregoing are admitted, however, if the addressee possesses an import license issued by the competent British authorities.

Switchblade knives.

To Northern Ireland: Airguns, and shotguns with barrels 20 inches or more in length, in addition to the above.

For other reasons: Articles violating the British trademark or copyright laws.

Liquids with flash point below 150° F. As an exception, paints, varnishes, turpentine, lacquer, and similar substances with flash point between 90° and 150° may be accepted in quantities not exceeding 1 quart when packed as prescribed in § 231.2(a)(2)(ii) of this chapter, with an air space of at least 7½ percent of the total cubic content left in each container; the wrapper must be marked by the sender indicating that the flash point is not lower than 90° F.

Unmanufactured sweetened tobacco, and tobacco mixed with other substances. However, cigarettes, cigars, and pipe tobacco are admitted in gift parcels.

Coins, precious stones, jewelry, and any articles of gold, silver, or platinum, unless insured. Coins (unless declared to be for ornament), silver bullion or partially worked silver may not exceed £200 in value.

Advertisements of fortune tellers.

Massaging oils or similar products, and waxed or varnished articles unless thoroughly dried. If sent by air, such articles must be hermetically sealed in strong paper or enclosed in boxes of metal or of wood reinforced with wire.

Import restrictions. The attention of senders should be called to the following requirements, which are to be met by addressees:

Vaccines, serums, antitoxins, salvarsan and its derivatives, insulin, tuberculin, pituitary extract for injections, and sterilized surgical sutures for human use require authorization from the competent authority.

Foods or beverages to which any preservative or other substance has been added must comply with the British regulations for importation.

Many categories of merchandise require import licenses from the British Board of Trade, except when sent as bona fide unsolicited gifts (see Observations) or as trade samples.

SEVENTY-FIVE DOLLARS AND FIFTY-FIVE CENTS

Coins, precious metals, jewelry, or other precious articles sent as parcel post must be insured.

For general information on insurance, see Part 243 of this chapter.

Observations. The customs laws of Guatemala require that a certificate of origin be furnished for every importation except merchandise not exceeding $50 in value. In the case of articles subject to restrictions, quotas, or special charges, the certificate is required regardless of their value.

Commercial invoices must be furnished for all merchandise.

Both certificate of origin and commercial invoice must be visaed by one of the Guatemalan Consuls located in principal cities of the United States. Senders must present to the nearest Guatemalan Consul five copies of the commercial invoice covering their parcels. The certificate of origin, and the original invoice which is returned after certification shall not be enclosed in the parcel, but forwarded under separate cover to the addressee. The remaining copies are retained by the Consul.

Consular fees are collected at the point of destination of the parcels in Guatemala. It is understood that in cases where parcels of value are received in Guatemala without the certified invoices and the addressees are unable to produce such invoices the parcels will be delivered, but the addressee will be required to pay the usual import duties plus a fine of 50 percent of the duties.

The invoices must indicate (1) name and address of shipper; (2) name and address of consignee; (3) date of the invoice; (4) marks, countermarks, and numbers; (5) number and kind of package; (6) contents of merchandise in detail; (7) weights in kilograms—legal, net, and gross; (8) value of merchandise; (9) expenses, such as postage, commissions, etc.; (10) declaration that all the prices and particulars are true and correct. The invoices must be signed in ink.

Parcels may be addressed to banks or other organizations for ultimate delivery to second addressees. The latter however may not take delivery without written authority from the first addressee, unless the sender arranges for change of address as provided in Part 247 of this chapter.

Prohibitions. Arms, etc.: Arms in general, except certain arms for hunting.

For other reasons: Military supplies of all kinds.

Observations. A large variety of items, when the value exceeds 200 Mexican pesos (about $16), require import licenses which the addressees must obtain before the goods arrive. The Mexican official valuation of articles may be higher than the purchase price. Also, customs duty is assessed at high rates. This applies to gifts and to Mexican goods being returned for replacement or repair, as well as commercial shipments. If the addressees have not obtained import licenses, if required, before the parcels arrive, the Mexican customs authorities may assess fines in addition to the duty, or confiscate the parcels. Confiscated parcels are not released without authorization of the customs authorities, even if the addressees refuse them or the senders request their return.

Parcel post and postal union mail packages for which the declared value exceeds $16 (U.S. currency) are not to be accepted for mailing unless the sender has marked the wrapper "Addressee possesses Mexican import license" or "Addressee does not require Mexican import license."

Parcels may be addressed to banks or other organizations for ultimate delivery to second addressees. The names and addresses of both addressees should be indicated on the parcels and on the customs declarations. The second addressee however may not take delivery without written authority from the first addressee, unless the sender arranges for change of address as provided in Part 247 of this section.

Parcels containing queen bees and accompanying worker bees must have enclosed an official health certificate. The addressee must possess an import permit to be secured from the Mexican "Secretaría de Agricultura y Ganadería" before the bees are mailed. The wrapper must be marked "Health Certificate Enclosed—Addressee Has Import Permit."

Insecticides, fungicides, and germicides must be packed with cushioning material between the inner and outer containers, and each receptacle shall be plainly marked with the word "Poison" and the label or printed name of the manufacturer.

For each parcel or group of parcels exceeding $70 in value, a commercial invoice in triplicate must be enclosed in the parcel or in one parcel of the group. The wrapper of each parcel should be marked "Commercial invoice enclosed" or "Commercial invoice enclosed in parcel No. ------", as the case may be.

Prohibitions. For sanitary reasons: Pacifiers for the amusement of babies should bear labels in Spanish showing the material of which they are made and the name and address of the manufacturer.

Arms, etc.: Pistols, hunting and target arms, require a certificate from the Mexican consul at the place of shipment. Pistols and other instruments for the projection of tear gas are prohibited.

For other reasons: Works violating the Mexican copyright laws.

Bank notes, coins of all kinds, and values payable to bearer. As an exception, the Bank of Mexico and the banks associated therewith are authorized to import bank notes exclusively for the purpose of exchange.

Candy containing chocolate.

Cigarettes, unless the manufacturer has placed Mexican excise tax stamps on each pack.

Queen bees and accompanying worker bees, unless mailed in compliance with the Mexican regulations (see Observations).

Radioactive materials, unless the sender has obtained import authorization prior to mailing from the National Nuclear Energy Commission, Av. Insurgentes Sur 1079, Mexico, D.F., Mexico.

Import restrictions. The attention of senders should be called to the following requirements, which are to be met by the addressees:

Meat or other animal products in cans, except in quantities less than 11 pounds require an inspection certificate from the Ministry of Agriculture and Fomento.

Arms other than those mentioned under "Prohibitions" require special permission from the Secretariat of War and Navy.

See "Observations" concerning import permits required for certain items exceeding 200 pesos in value.

Observations. Gift parcels addressed to individuals are subject to the restrictions given below. The restrictions do not apply to gift parcels sent to hospitals and scientific institutions and containing therapeutic products and apparatus.

Gift parcels addressed to individuals may weigh up to the normal limit of 22 pounds. They are subject to customs duty but are delivered without import permits if they contain only articles for the personal use of the addressee or his family, and the total weight of all the gift parcels received by one addressee within a year does not exceed 55 pounds. If this limit is exceeded, the addressee must comply with import formalities and duty will be charged at penalty rates. Gift parcels may contain only the articles and quantities shown in the list below.

Customs declarations for gift parcels must be prepared in duplicate. In addition to the customs declaration, a detailed list of the contents must be enclosed in the parcel.

Parcels may be mailed only by individuals, except that parcels containing exclusively printed matter (see list below, sec. VIII) may be mailed also by commercial firms or by organizations.

Used clothing must be accompanied by a certificate of disinfection. It is believed that a notarized certificate from a reliable laundry or dry-cleaning establishment that articles have been cleaned will meet the requirements of the Rumanian authorities.

Articles in soldered tin cans or other hermetically sealed containers are prohibited.

Medicaments must be covered by a prescription authenticated by the Rumanian health authorities. They must be sent separately in a parcel containing no other articles, and the quantities must not exceed those stated in the prescription. The prohibition against hermetically sealed containers does not apply to medicaments.

Parcels will be treated as undeliverable in Rumania if they do not comply with any of the above conditions, if they contain articles or quantities not shown in the following list, or if the addressee fails to pay customs duty. Parcels found to contain articles concealed for the purpose of evading customs duty will be confiscated.

Observations. The South African Government requires that import permits be obtained by the addressees to take delivery of all shipments except those in the following categories which are exempt from import control:

(*a*) Bona fide gifts not exceeding 10 Rand (about $14) in value.

(*b*) Medicines and therapeutic devices for the addressee's personal use, not exceeding 10 Rand in value.

(*f*) Articles originating in South Africa being returned for repair or for replacement due to defect.

(*g*) Articles authorized under South African quota regulations.

(*h*) Used household or personal effects of persons who have arrived in South Africa.

Before mailing any parcel or postal union article whose contents do not conform to one of the above categories, the sender should ascertain whether the addressee will be permitted to receive it. The sender must mark the wrapper of each parcel or article "Addressee has import permit," or, if the contents are in one of the exempted categories, "Exempt from import control."

Commercial shipments of printed matter require separate import permits to be obtained by the addressees for the portions classified as (a) scientific, educational, and technical, (b) nonfiction, and (c) fiction. It is desirable that mailers of such shipments prepare separate in-

voices in respect of each classification, each invoice to show the total number of parcels in the shipment, and the invoice number to be marked on each package.

For commercial shipments, a commercial invoice in prescribed form must be sent to the addressee so as to arrive before the shipment.

Observations. To meet the requirements of Venezuelan customs regulations and avoid penalties against the addressees, complete customs declarations (Form 2966) carefully, giving particular attention to the following:

1. If a parcel contains articles of different kinds, show the exact quantity of each kind, with complete descriptions and individual weights. Give descriptions if possible in the exact terminology of the Venezuelan customs tariff with the tariff item numbers, or you may use the ordinary commercial descriptions of the goods with complete descriptions of the materials of which they are made and the intended use. Also show the value of each kind of article and the total value. Show the country of origin of the goods; a brief statement such as "Product of U.S.A." is sufficient.

2. Give the weight of each article in kilograms or other metric units. This weight must include the immediate container or the spool or board which holds the goods, as well as the goods themselves. Also give the net weight and gross weight of the entire parcel in kilograms or other metric units.

3. In the case of group shipments, give the required data for each parcel.

Fines are imposed when the net weights vary more than 3 percent from those stated on the customs declarations, or when the customs declarations are not complete or do not show the proper classification of the merchandise.

Parcels may be addressed to banks or other organizations for ultimate delivery to second addressees. The latter however may not take delivery without written authority from the first addressee, unless the sender arranges for change of address as provided in Part 247 of this chapter.

After the arrival of parcels in Venezuela each addressee is contacted in order to ascertain whether he desires to accept the parcel. If the addressee refuses the parcel it is treated as undeliverable and disposed of in accordance with the instructions of the sender, but if the addressee accepts the parcel it is then submitted for customs treatment. After customs treatment the addressee must either take delivery of the parcel or surrender it to the Venezuelan customs authorities, since parcels which have been accepted by the addressees cannot be considered as abandoned for purposes of retransmission.

Prohibitions. For sanitary reasons: Pharmaceutical specialties not authorized by the Minister of Health, Agriculture, and Boviculture.

Tomatoes, tomato sauce, and foods containing tomato sauce in metal containers.

Frozen, dried, and salted meats except frozen birds and seafood.

SUBCHAPTER E—TRANSPORTATION OF THE MAILS

V. Part 542 is revised to read as follows:

PART 542—INTERNATIONAL AIR TRANSPORTATION

Sec.
542.1 Authority.
542.2 Carrier operations.
542.3 Transportation of mail.
542.4 Mail transportation irregularities.
542.5 Form 2759, Report of irregular handling of airmail.
542.6 Rates of compensation.
542.7 Payment for transportation of mail.
542.8 International air handbook.

AUTHORITY: The provisions of this Part 542 issued under 5 U.S.C. 301, 39 U.S.C. 501, 505.

§ 542.1 Authority.

(a) *Applicability.* The rules and regulations in this part apply to air carriers and foreign air carriers engaging in overseas or international air transportation of mail on FAM numbered routes assigned by the Post Office Department to the extent noted herein, and they supplement the provisions of the convention of the Universal Postal Union.

(b) *Definitions (as used in Part 542)*—(1) *Scheduled U.S. Air Carrier (also called American flag carrier).* Any citizen or company of the United States authorized by the Civil Aeronautics Board to engage in overseas or international air transportation.

(2) *Foreign air carrier (also called foreign flag carrier).* Any individual or company not of the United States authorized by the Civil Aeronautics Board to engage in international air transportation.

(3) *Carrier.* Both air carrier and foreign air carrier.

(4) *Overseas air transportation.* The transportation of mail by aircraft between a place in any State of the United States and any place in a Territory or possession of the United States; or between a place in a Territory or possession of the United States and a place in any other Territory or possession of the United States.

(5) *International air transportation.* The transportation of mail by aircraft between a place in any State, Territory, or possession of the United States and any place wholly outside thereof.

(6) *Mail.* United States and international transit mail.

(c) *Authority to engage in air transportation*—(1) *American flag air carriers.* Air carriers shall not engage in air transportation unless a certificate has been issued by the Civil Aeronautics Board authorizing them to do so. Each such certificate states the terminal points and intermediate points, if any, between which the air carrier is authorized to engage in air transportation.

(2) *Foreign flag air carriers.* Foreign air carriers shall not engage in air transportation from U.S. soil without a permit issued by the Civil Aeronautics Board authorizing such transportation.

(d) *Policy for dispatch of mail*—(1) *Policy for dispatch of airmail.* (i) U.S. air carriers will have first priority to traffic whenever practicable.

(ii) Airmail will be dispatched by the most expeditious service to the airport of destination.

(iii) Airmail for competitive points will be divided equally between competitive flights of U.S. air carriers as nearly as practicable if such flights are scheduled to arrive at the airport of destination within 1 hour of each other. When one carrier operates multiple competitive flights scheduled to arrive at an airport within 1 hour of a competitive flight or flights of another carrier, the airmail will be divided equally between air carriers rather than between flights. For each application of the principles the time period of 1 hour will start with the first scheduled arrival of a flight or flights not included in an earlier division. A divided share of airmail will not be subject to further division.

(iv) The use of a flight or flights may be suspended in the event of cancellation, unduly delayed departure, frequent failure of schedule performance, abnormal mail backlog, or other unusual or unanticipated conditions which would otherwise delay the dispatch of airmail or impair the service to be accorded the mail.

(v) No division will be made when less than 100 kilograms of airmail are available for dispatch. When less than 100 kilograms are available regularly, each of the competing carriers will be given all the airmail available on alternate weeks, but no attempt will be made to balance cumulative total volumes.

(vi) No division will be made when flights depart from or arrive at different airports.

(vii) For division purposes, destination airmail is defined as all airmail for the destination airport city; all airmail to be off-loaded at the destination airport which is subject to onward movement by the foreign postal administration having jurisdiction, or by U.S. military postal authorities; and all airmail for interline transfer at that point. Airmail which is transferred on-line at a foreign airport will not be included in the division of mail for that point.

(viii) All airmail, both civil and military, subject to division will be included in the weight totals, regardless of type of mail (LC, AO, and CP), and will be allocated between competing carriers to maintain approximately the same space-weight ratio, as far as practicable.

(ix) Letter class mail (LC) will be given preference of dispatch over other classes of mail. Military airmail in pouches shall be considered as LC mail.

(x) When a flight serves both competitive and noncompetitive points, priority will be given for all the noncompetitive points, loading first the furthermost point, then the next one back in distance (or service) sequence, and so forth. After all mail for the noncompetitive points has been accommodated, the remaining available space will be utilized for mail to competitive points commencing again with the most distant point being loaded first.

(xi) Dispatches of civilian mail should not be split. Single dispatches of mail to a competitive point shall not be divided by weight between competing flights serving such point.

(2) *Dispatch and division.* (i) Military ordinary mail may not be dispatched on an aircraft unless the air carrier has first provided fully for the needs of the postal service for the transportation of airmail and air parcel post on that aircraft, and (in the case of a service offering passenger transportation) has also first provided fully for the passenger requirements on that flight.

(ii) Military ordinary mail shall be dispatched by the most expeditious service to the airport of destination to the extent that space is available on a flight under the conditions set forth in subdivision (i) of this subparagraph.

(iii) Military ordinary mail for competitive points shall be divided equally between competitive flights as nearly as practicable if such flights are scheduled to arrive at the airport of destination within 2 hours of each other. When one carrier operates multiple competitive flights scheduled to arrive at an airport within 2 hours of a competitive flight or flights of another carrier, the military ordinary mail shall be divided equally between air carriers rather than between flights. For each application of these principles the time period of 2 hours shall begin with the first scheduled arrival of a flight or flights not included in an earlier division, whether or not such flight or flights actually carry any military ordinary mail. A divided share of military ordinary mail will not be subject to further division.

(iv) Military ordinary mail will be divided on a weight basis which, to the extent practicable, reflects an equitable division of types of such mail having different space requirements.

(v) The use of a flight or flights may be suspended in the event of cancellation, unduly delayed departure, frequent failure of schedule performance, abnormal mail backlog, or other unusual or unanticipated condition which would otherwise delay the dispatch of military ordinary mail or impair the service to be accorded such mail.

(e) *Rules and regulations.* The Department will make such rules and regulations as may be necessary for the safe and expeditious transportation of airmail by aircraft. The Assistant Postmaster General, Bureau of Transportation and International Services, will establish the policy for transportation of mail and for exchange of airmail between postal employees and carriers.

(f) *Agreements.* The Department may enter into agreements with postal administrations of other countries with respect to airmail transportation. The Department may also make arrangements with foreign air carriers for the transportation of mail if they have been issued permits by the Civil Aeronautics Board.

(g) *Transportation of foreign mail.* Air carriers transporting mail of other countries are subject to control and regulation of the United States.

§ 542.2 Carrier operations.

(a) *Filing of schedules.* Carriers authorized to engage in air transportation shall transport mail only after filing their schedules of operations with the Department. The Department will designate the flights required for the transportation of mail and inform the carriers accordingly. No carrier shall transport mail in accordance with any schedule other than one designated or ordered to be established by the Department for the transportation of mail.

(b) *Schedule revisions.* Changes to existing schedules must be filed with the Department not less than 10 days before their effective dates. Three copies should be filed with the Director, International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington D.C. 20260, one with the director, transportation division, in each region concerned, and three with the claim for the mail transportation.

(c) *Flight movement.* Carriers should operate designated flights as nearly as practicable at the times indicated in published schedules. Whenever earlier or later departures are required, sufficient advance notice should be given the local postal representatives in order that appropriate adjustments may be made in the dispatch schedules.

(d) *Extra sections.* Extra sections of a designated scheduled flight may be used for the transportation of mail.

(e) *Emergency flights.* Emergency flights operated by a carrier may be used for the transportation of mail. However, carriers should not accept mail for any country served by the emergency flight if they are not authorized to serve that country regularly.

(f) *Omission of service.* If a scheduled stop is to be omitted on a designated flight, the carrier must immediately notify the local postal representatives concerned. If the service is to be suspended for 1 week or more, the carrier must notify the Director, International Service Division, Post Office Department, Washington, D.C. 20260, and the local postal representative at the point involved. The same officials should be notified when the service is resumed.

(g) *Canceled flights.* When a flight is canceled at the initial terminal or any point en route, the carrier should promptly notify the local postal representatives concerned.

(h) *Delayed departures.* If a flight is delayed after accepting mail and the delay is estimated to be 1 hour or less beyond the scheduled departure, the mail will be retained aboard the flight. If the flight is delayed over 1 hour, the dispatching postal unit should be informed of the delay and the probable time of departure. In such cases, the postal representative will determine whether the mail should be returned to the postal unit.

(i) *Accidents.* Carriers will immediately inform the Post Office Department, Washington, D.C., of any accident resulting in possible damage to or loss of U.S. mail. When an accident occurs in the United States, the director, transportation division, in the region concerned should also be notified. Accidents occuring outside the United States must be reported to the postal administration of the country to which the carrier belongs and to the postal administration of the country in which the accident occurs. (See 542.4.)

§ 542.3 Transportation of mail.

(a) *Tender of mail.* When authorized to transport mail, carriers shall provide necessary and adequate facilities and service for its transportation and will be held strictly accountable for the proper care of mail and postal equipment while in their custody.

(b) *Priority of mail and estimates*—(1) *Estimates.* Estimates are for planning purposes to assist the Postal Service as well as the air carrier to fully realize maximum payload on each flight. Postal units will give air carriers advance estimate of the mail anticipated for each flight. The time of advance estimate will depend upon local agreements between the air carriers and the exchange offices. Air carriers must accommodate the "normal load" on each passenger flight, and give priority to any excess mail over unconfirmed passengers and their baggage at the time they were advised there would be an excess. See § 531.32 of this chapter for computation of normal load.

(2) *Priority.* If the carrier does not accept the normal load, or the excess, in event there is any, that part not accepted will constitute a refusal, and Form 2759 Report of Irregular Handling of Airmail, will be prepared in detail. Form 2760 Air Carriers Reply Refusal/Removal of Airmail, will be obtained from carrier in all instances. On cargo aircraft, carrier must give all airmail offered priority over any other traffic. In event of refusal or removal, priority, as outlined in subparagraph (4) of this paragraph will prevail.

(3) *Backlog.* Carriers will be expected to provide sufficient lift to accommodate any backlog of mail which has accumulated due to irregular operations or cancellations.

(4) *Removal or refusal.* When it becomes necessary to reduce the load of an aircraft due to weather or other cause, the following order of removal or refusal shall prevail:

(i) Company material.

(ii) Express and cargo.

(iii) All categories of mail other than letters and cards (LC).

(iv) Diplomatic pouches not carried as first-class mail.

(v) Company mail.

(vi) LC mail after removal of all other traffic except revenue passengers with space confirmed prior to knowledge that the load must be reduced.

(5) *Nonpriority mail.* Normally, military ordinary mail (MOM) moves on the same priority as air cargo, that is, on a first-in, first-out basis. Carriers accepting military ordinary mail do so with the understanding that transportation is assured to the destination indicated on the AV–7.

(c) *Delivery of mail to carriers*—(1) *Documentation.* The postal unit delivering mail must prepare the AV–7s listing the origin, destination, weight of the mail, and dispatch and routing instructions. One set of AV–7s must be prepared for each stop point on the flight where mail is available for transportation.

(2) *Verification by carriers.* The carriers shall verify all mail tendered for transportation against the entries appearing on the AV–7s. If an irregularity in the condition of the mail is observed at the time of acceptance, it should be brought to the attention of the postal unit before signing the AV–7s.

(d) *Delivery of mail to carriers on delayed flights and extra sections*—(1) *Delayed flights.* After flight documents have been completed for imminent departure and a delay occurs, additional mail should not be accepted by carriers unless it can be done without detriment and cause no further delay in departure of the flight. Additional mail will be tendered if space is available and it will not cause removal of passengers or cargo already manifested on the aircraft documents.

(2) *Extra sections.* Mail may be conveyed on extra sections of a designated flight. Mail carried on extra sections shall be considered as having been conveyed on the regular scheduled flight for purposes of arriving at the base weight for the flight.

(e) *Transfer between flights.* Each carrier must transfer mail beween its own flights whenever the transfer is shown on the AV–7s. It must transfer mail at points in the United States, its territories or possessions with domestic air carriers as directed by the Department.

(f) *Retaining mail in other countries.* In other countries, air carriers may retain custody of U.S. civilian mail aboard a flight when the departure is delayed up to 12 hours. On delays over 12 hours, or upon cancellation, civilian mail must be delivered to the local post office for disposition. The original documents, properly endorsed, must accompany the mail. Military airmail must be held in the custody of the air carrier while the air carrier contacts the nearest U.S. military postal unit for disposition. Under no circumstances should military airmail be turned over to a foreign post office or to a foreign air carrier without written permission.

(g) *Delivery of mail by carriers to postal representatives*—(1) *Prompt delivery.* Upon arrival of a flight, the carrier must unload the mail and make delivery as soon as possible to the authorized postal representative at such point as may be designated.

(2) *AV–7s.* One copy of each set of AV–7s and additional copies which are required for receipt to the carrier must be delivered with the mail. Any irregularities must be noted on all copies of the AV–7.

(3) *Without AV–7s.* Air carriers are required to deliver mail and related AV–7s to areas designated by the respective

regions. In the event that an air carrier does not deliver the original documents relating to the inbound international mail, the following procedures will be observed by all postal units:

(i) The receiving postal unit will make a phone call to the predesignated office of the air carrier advising that international mail had been delivered without the necessary documents.

(ii) A responsible air carrier representative will be permitted 20 minutes to arrive at the receiving point to prepare the documents in detail. Total number of pieces only need be shown on duplicate AV–7s covering nonregistered military mail. However, registered military mail must be descriptively listed.

(iii) A Form 2759 will be prepared by the postal unit to cite the missing AV–7 irregularity with a notation that air carrier representative had arrived at the receiving point in the prescribed time.

(iv) The air carrier will then proceed to locate and deliver the missing original Forms AV–7.

(v) If the air carrier representative fails to arrive at the postal unit in the allowed 20 minutes, the receiving clerk will prepare the documents noting thereon that the air carrier had not complied with the Post Office Department requirement. A Form 2759 will be prepared to show flight date, time and other heading information as well as:

(*a*) Total pieces and weight received.

(*b*) Information that air carriers representative had not prepared the documents for mail received.

(*c*) An irregularity report will be prepared for "Missing AV–7," "failure to cooperate," and "late delivery" (when time elapsed from "block time" to the time forms have been completed exceeds the allowable delivery time).

In the Departmental review, consideration will be given to a substantial fine when the air carrier has not demonstrated a willingness to cooperate. Hopefully, the air carriers should develop methods to insure delivery of mail and original documents simultaneously and to eliminate the costly procedures of reporting and preparing duplicate documents. The preceding will also apply to foreign flag carriers except that such carriers are not subject to penalties or fines. However, the irregularity reports will be summarized by the Department and brought to the attention of the offending air carrier home office or Postal Administration.

(4) *No documents in other countries.* Carriers delivering mail to other postal installations without AV–7s will obtain receipt on such form as may be prescribed in that country.

(5) *Delivery of all mail aboard an aircraft.* At terminal points of flights, all mail on board the aircraft will be delivered to the postal unit unless there is an agreement to the contrary between carriers and the governments concerned.

(6) *Outbound international airmail documented on AV–7—Interrupted flights.* The following procedures will apply when international airmail moving on an AV–7 is aboard an interrupted flight in the continental United States, due to weather, mechanical, or other reasons, which lands at an air stop point other than the intended gateway or transfer point. The flight may be that of a U.S. international air carrier, U.S. air carrier to Mexico, or a domestic air carrier transporting international mail on Form AV–7 in conjunction with a U.S. international air carrier on a equalization agreement:

(i) *At point of flight interruption—*(*a*) *Delay.* Carriers will contact local postal unit for specific instructions in the event of ANY interrupted flight.

(*b*) If the interrupted flight will be delayed 2 hours or less, and there is no other means by which the mail can be advanced, carrier should retain the mail.

(*c*) After 2 hours, if the mail can be advanced by using another carrier's service, the mail and AV–7s should be turned in to the postal unit by the carrier having the interrupted flight. The mail will be receipted for by the postal unit on the applicable Form AV–7.

NOTE: A Form 2734, Airmail Exception Record will not be prepared or accepted for the international mail documented on AV–7 and turned in to the postal unit.

(ii) *Cancellation.* (*a*) If an interrupted flight is canceled at an air stop point other than the gateway or point of transfer, and the same carrier does not have the next service from that air stop to the intended gateway, transfer point, or destination, all AV–7s and mail will be turned in and receipted for as in 2. If the same carrier has the next service, and the mail cannot be advanced by any other means, the mail and AV–7s should be retained by the carrier.

(*b*) When mail and AV–7s are turned in as subdivisions (i)(*c*) and (ii)(*a*) of this subparagraph, the receiving postal unit will note the following information on all copies:

(1) Verify that the number of pieces manifested on each AV–7 are received.

(2) Dated and time mail received.

(3) Reason for mail being turned in.

(4) Disposition of mail received.

One copy may be retained by the receiving postal unit; one receipted copy to the carrier; all other copies will be forwarded immediately to the office of origin. The receiving postal unit will then dispatch the international mail, manifested on Form 2729, Airmail Dispatch and Billing Record, to the gateway to which subject mail is normally routed.

(iii) *At origin.* The office of origin will forward a copy of the voided AV–7 to the sensimatic unit designated to process their AV–7s. The sensimatic unit will process the AV–7s to reflect transportation from the point of origin to point of interruption. Charges will be paid by the International Accounts Branch at the applicable domestic airmail rate from point of origin to the point of interruption.

NOTE: In some cases where point of interruption is not generally in the direction of the intended transfer point or destination, charges will be agreed between International Service and carrier.

(iv) *At transfer point.* International mail moving on equalization agreements will be delivered to the international carrier by the participating carrier of such an agreement, whether or not the intended connecting flight can be connected. The international carrier will request disposition instructions from the POD dispatching unit for mail which cannot connect the intended flight. If the postal unit at the transfer point requests the international carrier to turn in the mail, all AV–7s and related mail will be delivered to that unit by the international carrier. The postal unit will verify the mail received against the related AV–7 and give the international carrier a receipted copy. One copy of the receipted AV–7 properly noted will be retained and the balanced as in subdivision (ii)(*b*) of this subparagraph will be sent immediately to the office of origin.

(7) *Irregular or unscheduled inbound flights.* Observe the following for irregular or unscheduled inbound flights:

(i) *At exchange offices.* When mail is received from an unscheduled flight, follow the procedures outlined in this chapter in processing the mail. Examine all seals received and dispatch the foreign transit seals by the first available service. The dispatches labeled to domestic exchange offices, other than the receiving office, should be forwarded intact by the most expeditious means available. Those dispatches forwarded intact should have the labels endorse to show the initials of the carrier, flight, date of receipt, and the airline city code where actually received, such as, AF 070; July 4, 1962; DIA. The AV–7s are retained for preparing accounting reports on Form 2998. Weight of International Airmail Received.

(ii) *At nonexchange offices.* Carriers making irregular landings may retain mail for 6 hours if holding for weather clearance before proceeding to the terminal point. If the flight cannot proceed, and the mail is delivered to the local postal unit, secure the following information.

1. Name of Carrier: TWA.
2. Flight Number: 971.
3. Date and Origin of Flight: July 4, 1962, FRA.
4. Date and City of Arrival: July 4, 1962, BDL.
5. Reason for Landing: WX (weather), Mech (Mechanical).

Verify the particulars of all dispatches with the AV–7s and make such corrections as may be appropriate. Postmark and receipt all copies of the AV–7s. Retain a clear copy of the AV–7s and return the remaining copies to the carrier. Forward the dispatches to the intended exchange office of address while sending the postal copy of the AV–7 to the postal unit at the terminating point of the flight.

(h) *Irregularities—*(1) *Labels lost in transit.* When a dispatch has lost its label in transit, the carrier may transport the dispatch to its off-loading point if it can be identified from the mail documents. Otherwise, the dispatch should

be delivered to a postal unit for identification and relabeling. Receipt should be obtained by the carrier from the accepting postal unit.

(2) *Damaged mail dispatches.* When mail is discovered in a damaged condition, it should be off-loaded at the first stop or at the destination of the dispatch whichever occurs first. The damaged mail should be tendered to the local post office for handling and a receipt obtained therefor.

(3) *Mail depredations.* All sealed mail containers that have been tampered with while in a carrier's custody should be surrendered immediately to the local post office with a statement of facts for action deemed appropriate according to the laws of the country where the depredations or tampering of the mail occurred.

(i) *Refusals of mail.* Refusals of mail by a carrier may result in diversion of the mail to another carrier and in the imposition of fines.

§ 542.4 Mail transportation irregularities.

(a) *Deductions and fines.* Carriers transporting mail will observe all applicable rules and regulations issued by the Department. The Department may impose a penalty against air carriers for failure to comply.

(b) *Reporting irregularities.* It is the responsibility of postal personnel at international exchanges offices to report all instances of irregularities that come to their attention. These reports should be made on Form 2759; the original and first copy of which will be sent to the director, transportation division, having jurisdiction over that unit; the second copy to the local station manager of the carrier concerned; and the third copy retained at the office preparing the report. Reports of irregularities not chargeable to a carrier should be forwarded to the director, transportation division; with the usual copy being retained for files of the reporting unit.

(c) *Types of irregularities.* Following are some of the irregularities to be reported on Form 2759:

(1) Refusal and removal.
(2) Failure to notify postal authorities of cancellations and irregular operations. (Failure to cooperate.)
(3) Damage to mail and/or equipment while in custody of carrier.
(4) Nonreceipt of mail documents and nonreceipt of mail.
(5) Overcarry.
(6) Off-loaded short.
(7) Delayed delivery to postal unit.
(8) Failure to load.
(9) Other serious infractions.
(10) Unusual situations to be reported as a matter of record.

(d) *Notification to the air carrier.* The copy of Form 2759 sent to the air carrier serves as notice of the irregularity. It is not contemplated that there will be a letter of acceptance of responsibility by the air carrier. Failure to inform the director, transportation division, in whose region the 2759 was prepared by the 10th of the following month will be considered as an acceptance of the facts as stated in the report.

(e) *Processing Form 2759.* Form 2759 pertaining to international airmail irregularities by American flag carriers will be processed in the usual manner by the respective regions. After discussion of irregularities with local carrier representatives as to possible corrective action the Form 2759, with recommendations as to assessment of penalty, will be forwarded to the Director, International Service Division, Bureau of Transportation and International Services, Post Office Department, Washington, D.C. 20260. In event of refusal or removal, Form 2760 will be obtained from carrier in all instances. Forms 2760 with related Forms 2759 will be forwarded to the International Service Division for review and penalty action if necessary. Fines will be based on results of quarterly reviews when no improvement is apparent. When mail moving on equalization agreements is mishandled by either carrier of such agreement, report of irregularity and penalty, when applicable, will be against the international air carrier with whom the settlement of air transportation charges is made. Forms 2759 issued against foreign flag carriers will be discussed with local carrier representatives. Information as to the results of these discussions and related Forms 2759 will be forwarded to the International Service Division for further action when necessary.

§ 542.5 Form 2759, Report of Irregular Handling of Airmail.

Form 2759 is used to report all irregularities in the handling of mail, including refusals by carriers.

§ 542.6 Rates of compensation.

(a) *Rates for air carriers—U.S. mail.* Rates of compensation due air carriers for the transportation of mail are fixed by the Civil Aeronautics Board and amounts due them are paid by the Department from appropriations for the transportation of mail by aircraft.

(b) *Rates for air carriers—international mail.* The Department will fix from time to time the rates of compensation that are charged other countries for the conveyance of their mail by air carriers.

(c) *Rates for foreign air carriers—U.S. mail.* The Department will not pay to a foreign air carrier or his national government, a rate for transporting mail between the United States and such country, higher than that paid to air carriers by other governments for transporting their mail between such countries and the United States.

§ 542.7 Payment for transportation of mail.

(a) *Air carrier accounts—payment for foreign mail.* All revenue received from other governments for the transportation of their mail by air carriers is for their account. Collections of amounts due from other countries may be effected from such countries direct by air carriers (with prior approval of the Department) or by the Department.

§ 614.1 Authorizations.

(a) *To certified blind persons.* Blind persons, when available and duly certified by a State licensing agency, designated by the Department of Health, Education, and Welfare,shall be authorized and have preference in the installation and operation of vending stands on property operated, maintained, and protected by the Post Office Department, provided that in the judgment of the Post Office Department, the installation and operation of the stands are considered practicable and will not unduly inconvenience the Post Office Department or adversely affect the interests of the United States.

(b) *Preparation and submission of applications.* Applications for installation and operation of vending stands, including vending machines, to be operated by licensed blind persons, shall be submitted by the State licensing agency in quadruplicate on the form provided by the Department of Health, Education and Welfare to the postal official in charge of the building involved for his recommendation for approval or disapproval. If the official in charge recom-

mends approval he shall sign all four copies on the line designated "Officer in charge of building" and transmit all copies to director, engineering and facilities division for the region in which the building is located for approval or disapproval. If an application by a State licensing agency for a permit to establish a vending stand under the Randolph-Sheppard Vending Stand Act is not recommended for approval by the official in charge, the transmittal shall show reasons for the disapproval. Applications submitted by postal officials will be reviewed by the director, engineering and facilities division. If approved by him, he will sign all four copies of the form on the line designated "Official of U.S. Department having jurisdiction over building" and will retain one copy. Three copies, indicating the action taken, will be returned to the official concerned. He shall retain one copy in his files and transmit the others to the State licensing agency making application. If the director, engineering and facilities division disapproves the application he shall advise the postmaster and applicant of the reasons.

(c) *Reports.* At the end of each fiscal year the director, engineering and facilities division shall report to the Director, Realty Division, Bureau of Facilities, the number of applications for vending stand permits received during the fiscal year, number accepted, number denied, and number still pending in his region.

(d) *Appeals*—(1) *Installation, maintenance, and operation.* If an application by a State licensing agency for a permit to install and operate a vending stand is not approved by the director, engineering and facilities division, the agency may appeal his decision. The appeal shall be made within 10 days to the Assistant Postmaster General, Bureau of Facilities through the Regional Director in the region denying the application. Upon appeal the Regional Director will direct a full investigation obtaining a report from the director, engineering and facilities division and from the State licensing agency. The Regional Director will report his findings and make recommendation within 20 days after receipt of the appeal to the Assistant Postmaster General, Bureau of Facilities who will render a final decision for the Post Office Department within 90 days of filing of the appeal. The appellate procedure is also available when the State licensing agency and the local installation's manager or the director, engineering and facilities division, fail to reach agreement concerning revocation or modification of a permit, suitability of a stand location, or method of operation of the stand. After a review of the findings, if in the judgment of the Regional Director the appeal should be allowed, he shall notify the State licensing agency without forwarding the case to the Assistant Postmaster General, Bureau of Facilities. If he determines the decision of the director, engineering and facilities division, or the local installations manager should be upheld, he must notify the Assistant Postmaster General, Bureau of Facilities, who will make the final decision.

(2) *Services and assignment of proceeds.* If the local installation's manager and the State licensing agency fail to reach agreement concerning the assignment of proceeds or services to be rendered by the vending stand operator (including articles which may be sold) a State licensing agency may appeal the decision. The appeal shall be made within 10 days to the Assistant Postmaster General, Bureau of Personnel, through the Regional Director in the region denying the application. Upon appeal the Regional Director will direct a full investigation obtaining a report from the special assistant for employee relations and from the State licensing agency. The Regional Director will report his findings and make recommendation within 20 days after receipt of the appeal to the Assistant Postmaster General, Bureau of Personnel, who will render a final decision for the Post Office Department within 90 days of filing of the appeal. After a review of the findings, if in the judgment of the Regional Director the appeal should be allowed, he shall notify the State licensing agency without forwarding the case to the Assistant Postmaster General, Bureau of Personnel. If he determines the decision of the special assistant for employee relations or local installation's manager should be upheld, he must notify the Assistant Postmaster General, Bureau of Personnel, who will make final decision.

(e) *Approval of equipment plans.* Vending equipment shall be designed, arranged, and installed in a manner to facilitate sanitary operation. Plans of proposed vending stand equipment shall be submitted by the State licensing agency to the official in charge of the postal installation for approval prior to installation.

(f) *Outside firms.* (1) When Employee Welfare Committees contract with outside firms to install, operate and maintain vending machines, contract must specify that:

(i) The vending machine company which is awarded the contract shall hire visually handicapped persons to the maximum extent possible to operate, maintain, and service the machines; and

(ii) The contractor shall train the visually handicapped personnel in the operation of vending machines.

(2) Contracts in effect on March 16, 1965, will not be affected by instructions in subparagraph (1) of this paragraph, until their expiration.

§ 614.2 Installation, maintenance, and operation.

(a) *Installation and maintenance.* Installation, maintenance, repair, replacement, servicing, or removal of vending stand equipment or vending machines shall be without expense to the Post Office Department except that the cost of utilities required to operate vending stands and vending machines under the control of blind persons authorized to operate such stands and machines will be borne by the Post Office Department. In the case of vending stands and vending machines operated by employees' committees, the Department shall be reimbursed for utilities.

(b) *Operation*—(1) *Sanitation standards.* Vending stands shall be operated in compliance with local health and sanitation standards and codes.

(2) *Cleaning and janitor service.* The operator shall arrange for cleaning and janitor service sufficient to maintain vending areas at stands and machines in a clean and orderly condition.

(3) *Violations.* Authorization for establishing a vending stand, with the regulations and policies established by the Post Office Department and State licensing agency, shall govern the operation of each vending stand. Ordinarily, day-by-day matters concerning the operation of the stand can best be resolved on a local basis with the blind operator. Officials in charge should not confer with attorneys or others claiming to represent blind operators. Violations of regulations or policy, and other unresolved relevant matters, must be reported to the State licensing agency. If appropriate corrective action is not taken, the installation head shall notify the director, engineering and facilities division who will resolve the matter or submit it to the Department with all facts so that it can in turn be resolved by the Department with the Department of Health, Education, and Welfare. If the matter concerns vending machines operated by postal employee committees, or otherwise concerns postal employees, the director, engineering and facilities division will coordinate with the director, personnel division, in resolving the issues.

§ 614.3 Modification, relocation or removal.

The Post Office Department reserves the right to require State licensing agencies to arrange for modifications, removal, or relocation of vending stands established under the Randolph-Sheppard Vending Stand Act (20 U.S.C. 107–107f) when necessary because of changes in building operations or space requirements.

§ 614.4 Articles to be sold or vended.

(a) *Approved articles.* Vending of the following at vending stands operated by licensed blind persons is approved: newspapers, periodicals, confections, tobacco products, articles in individual containers or wrappers in which they are placed before receipt by the vending stand operator, and such other suitable articles as may be approved for each location by the postal official in charge and State licensing agency. These articles may be vended through vending machines also, as adjuncts to vending stands or in other areas of the building considered practicable by the Post Office Department.

(b) *Objectionable publications.* Licensed vending stand operators and State licensing agencies shall use diligence and good judgment and cooperate with postal authorities in preventing the keeping on the premises, for disposal to the public by sale or otherwise, of any so-called comic books or any other printed or written matter of an objec-

tionable, subversive, or controversial nature which may subject the Post Office Department to public criticism. Violations of this section shall be reported to the Assistant Postmaster General, Bureau of Operations, Classification and Special Services Division, with a copy of the objectionable matter.

§ 614.5 Survey of vending stand opportunities.

Postal officials shall cooperate with State licensing agencies in making surveys of vending stand opportunities for blind persons on properties under their control and in selecting locations, or relocations, for such stands and the types of stands to be provided.

§ 614.6 [Reserved]

§ 614.7 Assignment of profits.

(a) *To blind persons.* Profits from all vending machines presently operated by a licensed blind operator of a lobby stand, either in conjunction with his stand or in other areas of the same building under control of the Post Office Department, shall be assigned to the blind operator. When machines are being operated by an employees' committee in proximity to a stand or machines operated by a blind person and are in competition therewith, and a blind operator is not receiving an adequate income, consideration shall be given to assigning him all or part of the profits from other vending machines in the same building, regardless of location. (Adequate income is construed as being the equivalent of the average income of the average employee at the installation.) Reassignment of profits shall be considered only upon request from a State licensing agency to a postmaster or other postal official in charge of an installation. Assignment of profits to the blind operator from other vending machines shall be determined by the postal official in charge and the State licensing agency on the basis of the following:

(1) Proximity to and competition with the vending stand;

(2) Income which accrues to the operator from the stand operation; and

(3) Profits from vending machines not operated in connection with the stand.

(b) *To employees' committees.* All income received by employees' committees from vending machines or other enterprises (except cafeterias, which are governed by other regulations) shall be used advantageously for the welfare and recreational activities of all employees. No profits shall accrue to the benefit of any single group, organization, or individual.

Chapter VIII—Agricultural Stabilization and Conservation Service (Sugar), Department of Agriculture

SUBCHAPTER B—SUGAR REQUIREMENTS AND QUOTAS

[Sugar Reg. 813.5, Amdt. 3]

PART 813—ALLOTMENT OF SUGAR QUOTAS, DOMESTIC BEET SUGAR AREA

1966

Basis and purpose. This amendment is issued under section 205(a) of the Sugar Act of 1948, as amended (61 Stat. 926 as amended), hereinafter called the "Act", for the purpose of further amending Sugar Regulation 813.5 (31 F.R. 72, 6819, 13589) which established allotments of the 1966 sugar quota for the Domestic Beet Sugar Area totaling 3,025,000 short tons, raw value.

This amendment is necessary to prorate deficits in the allotments of three allottees under this order. Empire State Sugar Co., Inc., Maine Sugar Industries, Inc., and National Sugar Manufacturing Co. have notified the Department in writing that they will be unable to utilize 11,447, 6,000 and 1,605 short tons, raw value, respectively of the allotments established for those allottees and released those quantities for reallocation to other allottees.

Findings heretofore made by the Secretary (31 F.R. 6819) include the provision that this order shall be revised, without further notice or hearing, for the purpose of allotting any quantity of an allotment which may be released by an allottee to other allottees able to utilize additional allotments.

Accordingly, deficits in the allotments herein established for Empire State Sugar Co., Inc., Maine Sugar Industries, Inc., and National Sugar Manufacturing Co. are herein reallocated to allottees that are able to utilize additional allotments. The deficits are reallocated pro rata on the basis of the allotments in effect immediately prior to this amended order.

Allotments se forth herein are established on the basis of and consistent with the findings previously made by the Secretary.

Because of the limited time remaining in the quota year to which the allotments apply, it is imperative that this amendment becomes effective at the earliest possible date in order to permit the continued orderly marketing of sugar. Accordingly, it is hereby found that compliance with the 30-day effective date requirements in 5 U.S.C. 553(d) is impracticable and contrary to the public interest and, consequently, this amendment shall be effective when filed for public inspection in the Office of the Federal Register.

Order. Pursuant to the authority vested in the Secretary of Agriculture by section 205(a) of the Act and in accordance with paragraph (e) of § 813.5 of this chapter, paragraph (a) of § 813.5 is amended to read as follows:

§ 813.5 Allotment of the 1966 sugar quota for the Domestic Beet Sugar Area.

(a) *Allotments.* The 1966 calendar year sugar quota for the Domestic Beet Sugar Area of 3,025,000 short tons, raw value, is hereby allotted to the following processors in the quantities which appear opposite their respective names:

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lime Reg. 22, Amdt. 2]

PART 911—LIMES GROWN IN FLORIDA

Quality and Size

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 911, as amended (7 CFR Part 911), regulating the handling of limes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations of the Florida Lime Administrative Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of limes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553 (1966)) in that the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; and this amendment relieves restrictions on the handling of limes.

Order. (1) The provisions of paragraph (b)(1)(ii) and (iii) of § 911.324 (Lime Regulation 22, 31 F.R. 6102, 7962) are hereby amended to read as follows during the period beginning at 12:01 a.m., e.s.t., December 7, 1966, and ending at 12:01 a.m., e.s.t., May 1, 1967:

§ 911.324 Lime Regulation 22.

(b) *Order.* (1) * * *

(ii) Any limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) which do not grade at least U.S. No. 2 Turning; or

(iii) Any limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) which are of a size smaller than 1⅞ inches in diameter: *Provided,* That such limes which are of a size smaller than 1⅞ inches in diameter but not of a size smaller than 1⅝ inches in diameter may be handled if such smaller limes have an average juice content of at least 45 percent, by volume, are in one of the containers specified in paragraph (b)(1)(i) and (iii) of § 911.310 (Lime Regulation 8, as amended; 29 F.R. 8461, 30 F.R. 2521, 31 F.R. 8539), and contain the applicable quantity of limes prescribed by such containers.

PART 944—FRUIT; IMPORT REGULATIONS

Limes

Pursuant to the provisions of section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), the provisions of paragraph (a) through subparagraph (3) thereof of § 944.202 (Lime Regulation 3; 31 F.R. 6102, 7962) are hereby amended to read as follows:

§ 944.202 Lime Regulation 3.

(a) On and after 12:01 a.m., e.s.t., December 7, 1966, the importation into the United States of any limes is prohibited unless such limes are inspected and meet the following requirements:

(2) Such limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) grade at least U.S. No. 2 Turning; or

(3) Such limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) are of a size not smaller than 1⅞ inches in diameter: *Provided,* That such limes which are smaller than 1⅞ inches in diameter but not smaller than 1⅝ inches in diameter may be imported if such smaller limes have an average juice content of at least 45 percent, by volume; and

* * * * *

It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective time of this amendment beyond that hereinafter specified (5 U.S.C. 553 (1966)) in that

(a) the requirements of this amended import regulation are imposed pursuant to section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), which makes such regulation mandatory; (b) such regulation imposes the same restrictions being made applicable to domestic shipments of limes under Lime Regulation 22 (§ 911.324), which becomes effective December 7, 1966; (c) compliance with this amended import regulation will not require any special preparation which cannot be completed by the effective time hereof; and (d) this regulation relieves restrictions on the importation of Persian limes.

Title 18—CONSERVATION OF POWER AND WATER RESOURCES

Chapter I—Federal Power Commission

[Docket No. R–298; Order No. 329]

PART 154—RATE SCHEDULES AND TARIFFS

Rate Schedule Defined

DECEMBER 1, 1966.

Permissible Provisions for Price Changes in Independent Producer Rate Schedules—Liberalization.

On January 26, 1966, the Commission issued a notice of proposed rule making in this proceeding (31 F.R. 1316, Feb. 3, 1966) proposing to amend § 154.93 of the regulations under the Natural Gas Act by enlarging the categories of permissible provisions for price changes in independent producer contracts for the sale of natural gas for resale in interstate commerce. In addition to the three categories of permissible provisions now permitted, a further type of contractual provision was proposed which would permit an additional price in-

[4] The cooperative association through which price support is made available is authorized to deduct from the amount paid the grower $1 per hundred pounds on tobacco of the B grade group and 50 cents per hundred pounds on tobacco of all other grade groups to apply against receiving and overhead costs, plus a fee of $5 for each lot of tobacco received for sample grading purposes. Only the original producer is eligible to receive advances. No advance is authorized for tobacco graded "No–G" (no grade), or "S" (scrap).

crease up to the just and reasonable area rate which may be prescribed in an area rate proceeding.

Of the nine responses to the notice, two[1] approve the proposed rule as drafted, three[2] favor the proposal but suggest some modifications and three[3] were opposed.

The suggested modifications of the proposed rule are similar in nature and suggest only a more precise definition of the term "area rate prescribed." Thus, the California Commission proposes the following language:

> Provisions that permit a change in price to the applicable, just and reasonable area ceiling rate which has been, or which may be, prescribed by the Commission for the area of the price in question for the quality of the gas involved.

We agree that the suggested language is more precise and should be adopted with a minor change.

Pan American argues in opposition to the proposed amendment that the Commission, by issuing regulations setting forth permitted price changing provisions and prohibiting all other provisions, instead of issuing orders specifying the price changing provisions that are inconsistent with the Natural Gas Act and permitting all others, is creating the necessity for continuously amending its regulations. It requests that Orders Nos. 232, 232-A, and 242,[4] which amended the regulations under the Natural Gas Act to prohibit the filing of contracts containing other than the permitted clauses, be vacated ab initio and that a hearing be held to determine specifically which contract provisions are to be prohibited. These arguments have been considered and rejected by the courts in reviewing the action taken by this Commission in these rulemaking orders,[5] and we believe that there is no need to discuss again these contentions.

Phillips Petroleum agrees that the regulation should be amended to permit contract pricing provisions which provide for price increases to a just and reasonable rate prescribed by the Commission, but argues that that the limitation of the permissible contract price clause to the just and reasonable area rate is undesirable and would limit rate increases only to those determined in area rate proceedings. Phillips also interprets the language of the proposal to preclude the filing of petitions for relief from the maximum rate set for any Permian Basin area sale, as provided for in Opinion No. 468, Area Rate Proceeding, Docket No. AR61-1, issued August 5, 1965, 34 FPC — (mimeo ed., page 106).

It appears that Phillips' objection to the proposed rule is basically an objection to the area rate approach of regulation adopted by the Commission in Opinion No. 468. These objections were there fully discussed and rejected. Nor does the proposed rule conflict, as Phillips contends, with our statement in Opinion No. 468 concerning the filing of petitions for relief from the maximum rate set for any jurisdictional Permian Basin area sale. Neither the rule as proposed or as here being adopted enlarges upon or diminishes whatever rights a producer otherwise may have to file such a petition. We see no present need to further liberalize the pricing provisions permitted in producer contracts beyond the scope of the proposed rule. The need for such action has not been shown since the producer should be able adequately to protect itself through the utilization of permissible pricing provisions.

The Associated Gas Distributors (AGD) contend that the proposed liberalization of the permissible contract provisions is not appropriate at this stage of the area rate proceedings and argue that the proposed rule appears to be inconsistent with the two-price system of producer regulation adopted by the Commission in Opinion No. 468 and recommended by AGD in the Southern Louisiana proceedings. AGD apparently fears that under the rule as proposed current gas prices could escalate to any higher future area rate ceiling that might be adopted. Our modification of the proposed rule in response to the California PUC comments to provide for changes to the applicable area ceiling would permit a change in price only to the ceiling applicable to gas of the vintage and quality involved. It will, of course, remain the Commission's responsibility in each area rate order precisely to define the area rate or rates in question.

The Commission further finds: The amendment of § 154.93 is necessary and appropriate for the purposes of carrying out the provisions of the Natural Gas Act.

The Commission, acting pursuant to the provisions of the Natural Gas Act, as amended, particularly sections 4, 7, and 16 thereof (52 Stat. 822, 825, 830; 56 Stat. 84, 15 U.S.C. 717c, 717f, 717o, 717s), orders:

(A) Part 154, Subchapter E, Chapter I, Title 18 of the Code of Federal Regulations is amended as follows:

Section 154.93 is amended by deleting the word "and" at the end of paragraph (b), and by adding a new paragraph (b-1) as follows:

§ 154.93 Rate schedule defined.

Title 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 16240; FCC 66-1101]

PART 74—EXPERIMENTAL, AUXILIARY AND SPECIAL BROADCAST SERVICES

Station Identification of Television Auxiliary Broadcast Stations

1. The Commission has before it for consideration its notice of proposed rule making, released October 15, 1965, FCC 65-930, RM-724, proposing modification of § 74.682 of the rules which sets forth the station identification requirements for Television Auxiliary Broadcast Stations (TV pickup stations, television studio-transmitter link stations, and television intercity relay stations).

2. Modification of the station identification requirements was requested jointly by American Television Co., Inc., Southwestern Operating Co., Nevada Radio-Television, Inc., and Southern Nevada Radio and Television Co. Las Vegas Television, Inc. and Frontier Broadcasting Co. supported petitioner's proposal.

3. The present rules require each TV auxiliary broadcast station to identify itself by transmitting its call sign at the beginning and end of each period of operation. During operation, the call sign of the station or the associated TV broadcast station must be transmitted on the hour. Such identification transmissions need not interrupt program continuity. When stations are operated in an integrated relay system, the station at the point of origination may transmit the call signs of all the stations in the system. The transmissions of the call sign shall normally employ the type of emission for which the station is authorized i.e., visual or aural. When the transmitter is used for visual transmission only, the call sign may be transmitted in International Morse Code by keying the carrier or a modulating signal impressed on the carrier. The Commission may, at its discretion, specify other means of identification. Petitioners claimed that their suggested modification would remedy the principal problems involved in compliance with the present rule as applied to television intercity relay stations; namely, lack of equipment at remote unattended stations, accurate timing of identification to prevent program intrusion, routine deletion of identification where network

transmission of special programs calls for station-breaks at times other than precisely preceding each hour, and insufficient time for identification of all relay stations in extensive systems during network breaks. Identification of TV pickup stations and studio-transmitter link stations at the beginning and end of each period of operation by transmitting the call sign of the associated television broadcast station as an alternative to its own call sign is also regarded by the petitioners as a relief from an unnecessary operating inconvenience.

4. The notice proposed modification of § 74.682 as follows:

§ 74.682 *Station identification.* (a) Each television pickup station and each television STL station shall be identified by transmitting its call sign or the call sign of the associated television broadcast station by aural or visual means. Such identification shall be made at the beginning and end of each period of operation and on the hour during operation.

(b) Hourly identification need not be made where such transmission would interrupt a single consecutive speech, play, religious service, symphony concert, or any type of production.

(c) Where more than one television auxiliary broadcast station is employed in an integrated system for a remote television pickup or for a studio-transmitter link, the originating station in the system may transmit the call signs of all the stations in the system.

(d) Where television pickup stations are operated by networks originating signals for more than one affiliate, the hourly identification requirement can be met by the transmission of the network identification.

(e) Requirements of this section shall not apply to television intercity relay stations.

5. Supporting comments were received from A. Earl Cullum, Jr. and Associates, Tri-State TV Translator Association, Duhamel Broadcasting Enterprises, and Carter Publications, Inc. No oppositions were received.

6. A. Earl Cullum, Jr. and Associates support, in general, the proposal advanced in the notice. Two specific suggestions are made:

(1) Section 74.682(c) is proposed to read as follows:

Where more than one television auxiliary broadcast station is employed in an integrated system for a remote pickup or for a studio to transmitter link, the originating station in the system may transmit the call sign of all stations in the system, or the call sign of the television broadcast station associated with the originating station may be transmitted.

(2) Section 74.682(d) is proposed to read as follows:

Where television pickup stations are operated by networks, or groups of stations, originating signals for more than one television broadcast station, the hourly identification can be made by the transmission of the network identification or the identification of the originating station in the system.

7. Tri-State TV Translator Association supports the modifications proposed in the notice; however, its comments are directed toward the revision of station identification requirements for Television Broadcast Translator Stations which is outside the scope of this proceeding.

8. Duhamel Broadcasting Enterprises supports the proposed amendment in general. It claims that there is no available equipment from manufacturers to meet the requirements of the present rule. Therefore it particularly favors exempting television intercity relays from the requirements of the rule.

9. Carter Publications, Inc. supports the proposed amendment and urges its early adoption to relieve broadcasters of requirements that serve no particular public interest and which are unnecessary.

10. The comment of Carter Publications, Inc., is typical of the misunderstanding of the purpose of station identification that has developed through the years. The basic purpose of call signs is for identification. For years stations have been using their call signs, both at required ID times and other times, for promotional purposes, to keep the public aware of their identity. In this connection, identification of auxiliary installations is of little or no concern. But this is not the only purpose of station identification. The transmission of station identification by call sign and location is also intended to assist enforcement agencies in this country and abroad in the rapid identification of signal sources and to indicate that the signals originate at a legally licensed station. The transmission of station identification may be compared to the display of license plates on a motor vehicle. The combination of letters and numerals identify the registered owner, indicate that the vehicle is licensed, and the location gives the place of registration. Since it is usually impractical for a radio station to "display" its call sign at all times, our rules and international agreements require the transmission of station identification at reasonably frequent intervals. Thus, it is possible for monitoring stations to recognize licensed stations and to quickly identify stations guilty of infractions of the rules. Occasionally, members of the public may observe an infraction and report the "license number" of the guilty station, but this is not the primary purpose of station identification. The proper use of call signs also protects stations against wrongful accusations which could arise as the result of similarities in their transmissions with those of the real wrong-doer. When signals are observed and no station identification is transmitted, there is a strong suspicion that the signals originate from an unlicensed transmitter.

11. Therefore, it is not the purpose of this proceeding to eliminate the requirement for station identification but to modify the requirements so as to meet practical operating problems without the sacrifice of information necessary for the proper identification of stations. In taking that approach we must distinguish between mere inconvenience and serious operating problems. The transmission of station identification is most difficult at unattended stations. In the TV auxiliary services these are either TV intercity relay stations or intermediate stations in a multihop television STL circuit. The rules do not permit unattended operation of TV pickup stations or the originating station in a television STL circuit.

12. Contrary to the claims of Duhamel Broadcasting Enterprises, devices for the automatic transmission of call signs at unattended TV auxiliary stations are available. However, as has been pointed out in the original petition and in comments, these devices rely upon a timing mechanism which actuates the call sign transmission at regular predetermined intervals. Unless the break in program continuity for station identification occurs at precisely these intervals, interruption to the program itself may occur. Furthermore, unless some means are provided to disconnect the intercity relay or STL circuit from the transmitter of the TV station using the system during such automatic transmissions, the call signs of the TV auxiliary stations are broadcast by the TV station and this is undesirable.

13. For enforcement purposes, identification of the licensee of the station is most important. Transmission of the call letters and location of the parent TV station over the TV auxiliary station would provide that information. This may be done as a part of the regular station identification transmission of the parent station, solving the timing problem and avoiding transmission of auxiliary station call signs by the broadcast station. However, this is not practical in the case of an intercity relay system which delivers programs obtained from another TV station, or from network lines, to the parent TV station. Since broadcast stations must obtain permission from the originating station before rebroadcasting their programs, an indirect form of station identification is possible if the intercity relay system carries the call sign of the originating station or an appropriate network identification. Although this may complicate rapid station identification, we consider it to be an acceptable method of station identification in those special cases.

14. The transmission of station identification by attended TV auxiliary stations poses no timing problem but we do encounter the problem of retransmission of the TV auxiliary call sign by the parent TV station. The provision of the present rule which requires transmission of the TV auxiliary call sign at the beginning and end of each period of operation and permits use of the TV station call sign during the remainder of the period of operation is easily accomplished at television STL stations and at TV pickup stations when used in conjunction with the parent TV station. On those occasions when TV pickup stations are used in conjunction with other TV stations or for a network feed, some other method of station identification may be permitted.

15. The final question is the type of emission to be used for station identification. For monitoring purposes, transmission by aural means or in international Morse telegraphy is best. For

other observers, aural or visual identification may be preferable. Use of visual or aural identification is comparatively simple over STL circuits and TV pickups when actually engaged in covering a remote broadcast. However, TV pickup equipment may be dispatched to the scene of a remote broadcast in advance of an actual broadcast for the purpose of establishing the circuit and cameras and sound equipment are not sent out until the time of the actual broadcast. In such cases, present rules permit the use of international Morse telegraphy transmitted automatically. Automatic transmission is believed to be necessary because Radiotelephone First Class operators are not required to be versed in radio telegraphy and may not be capable of transmitting the call sign manually. The use of telegraphy is permissive, not mandatory and licensees may elect to provide for aural or visual identification on these occasions.

16. The Television Auxiliary Services involve transmissions under a variety of circumstances. Some equipment carries both visual and aural transmissions and other equipment carries only visual information. Some transmitters are attended and others operate unattended. Therefore, it becomes difficult if not impossible to prescribe specific methods of station identification that will embrace all possible situations. Our principal concern is to assure rapid identification of observed signals and to prohibit the transmission of unidentified signals. We believe that this can be accomplished by a broad rule that will give individual licensees a reasonable amount of discretion to meet individual operating problems and at the same time provide adequate station identification to assure proper enforcement of our rules and prompt relief from disruptive interference should such occur.

17. Accordingly, pursuant to the authority contained in sections 4(i), and 303 (o) and (p) of the Communications Act of 1934, as amended: *It is ordered*, That, effective January 10, 1967, § 74.682 of the Commission rules is amended to read as follows:

§ 74.682 Station identification.

(a) Each television broadcast auxiliary station shall transmit station identification at the beginning and end of each period of operation and at intervals of no more than 1 hour during operation, by one of the following means:

(1) Transmission of its own call sign by visual or aural means or by automatic transmission in international Morse telegraphy.

(2) Visual or aural transmission of the call sign of the TV broadcast station with which it is licensed as an auxiliary.

(3) Visual or aural transmission of the call sign of the TV broadcast station for whose signal it is relaying to its own associated TV station.

(b) Identification transmissions during operation need not be made when to make such transmission would interrupt a single consecutive speech, play, religious service, symphony concert, or any type of production. In such cases, the identification transmission shall be made at the first interruption of the entertainment continuity and at the conclusion thereof.

(c) During occasions when a television pickup station is being used to deliver program material for network distribution it may transmit the network identification in lieu of its own or associated TV station call sign during the actual program pickup. However, if it is providing the network feed through its own associated TV broadcast station it shall perform the station identification required by paragraph (a) of this section at the beginning and end of each period of operation.

(d) A period of operation is defined as a single uninterrupted transmission or a series of intermittent transmissions from a single location or continuous or intermittent transmission from a television pickup station covering a single event from various locations, within a single broadcast day.

(e) Regardless of the method used for station identification it shall be performed in a manner conducive to prompt association of the signal source with the responsible licensee. In exercising the discretion provided by this rule, licensees are expected to act in a responsible manner to assure that result.

18. *It is further ordered*, That this proceeding is terminated.

PLACEMENT SERVICES IN MULTI-STATE LABOR AREAS

Notice of Proposed Rule Making

In the administration of the U.S. Employment Service Program, there has been found to be a need for more effective arrangements and procedures between State employment security agencies to assure that workers and employers in contiguous labor areas have full access to job opportunities and available supply of labor. In accordance therewith and pursuant to section 12 of the Wagner-Peyser Act (29 U.S.C. 49k), Reorganization Plan No. 2 of 1949 (3 CFR 1949–53 Comp., p. 998), and 20 CFR 602.21, I propose to amend 20 CFR 602.2(d) as set forth below.

Interested parties may within 15 days after publication of this notice in the FEDERAL REGISTER present data, views, or argument concerning it to the Administrator, Bureau of Employment Security, U.S. Department of Labor, 14th Street and Constitution Avenue NW., Washington, D.C. 20210.

The proposed new paragraph (d) of 20 CFR 602.2 would read as follows:

§ 602.2 Placement services.

* * * * *

(d) *Multi-State labor areas.* With respect to any single labor area covering parts of two or more States, the State agencies involved shall establish and maintain adequate arrangements and procedures to assure that workers and employers have full access to job opportunities and the available labor supply within the area, without regard to State boundaries. These arrangements are to include written agreements between the State agencies involved setting forth procedures to be followed by local employment service offices in the area in their serving of applicants and employers. Each written agreement should provide that one office in the labor area be designated as the order-holding office responsible for control and distribution of job openings. This designation should be based on such factors as staff resources, physical facilities, geographical location, and density of applicant supply and employer location. Each agreement should also provide for periodic (at least monthly) meetings of appropriate State agency staff (including area and local office managers and appropriate local office staff) to review the effectiveness of procedures and to recommend changes. U.S. Employment Service Regional Directors are responsible for certifying the adequacy of such agreements to the Director of the U.S. Employment Service. Copies of these agreements are to be furnished to the Governors of the States involved and to the Secretary of Labor as part of the material to be submitted with the plans of operation.

FEDERAL AVIATION AGENCY

[Reg. Docket No. 7789; Amdt. 66–43]

[14 CFR Part 101]

UNMANNED FREE BALLOONS

Equipment Requirements

The Federal Aviation Agency is considering an amendment that would alter the regulation governing the equipment required for the operation of unmanned free balloons.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views or arguments as they may desire. Communications should identify the regulatory docket number or notice number and be submitted in duplicate to the Federal Aviation Agency, Office of the General Counsel, Attention: Rules Docket 800 Independence Avenue SW., Washington, D.C. 20553. All communications on or before January 6, 1967, will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments will be available, before and after the closing date for comment, in the Rules Docket for examination by interested persons.

Section 101.35 of Part 101 in part requires a barometric, timer, radio controlled, or similar termination device to be contained in an unmanned free balloon. This device must be activated when weather conditions less than those specified for balloon operations are encountered, or if the continued operation of the balloon will create a hazard to other aircraft or to persons and property on the ground.

Recently there have been several instances where the flight of unmanned free balloons could not be terminated as planned and these objects became derelicts drifting over large sections of the country and presenting possible hazards to air navigation. Because of this, the Agency has determined that § 101.35(a) should be expanded by prescribing additional equipment requirements and functions.

A recent cause of one derelict flight was the failure of a single power source which was to have operated two separate payload cut-down devices. This power loss prevented the operation of both payload cut-down devices and, consequently, the destruction of the balloon envelope. In an effort to reduce the possibility of occurrences of this type, this amendment proposes to require that balloons be equipped with at least two payload cut-down systems or devices that operate independently of each other.

Another cause of a derelict flight was the failure of the balloon to ascend and burst after payload release, or otherwise terminate its flight. It is therefore proposed that at least two methods, systems, or devices that function independently of each other be utilized for terminating the flight of the balloon envelope.

The Agency realizes that even though independent payload cut-down and balloon flight termination systems are used, there is a possibility that balloons might become derelict with or without the payload attached. On these occasions it is necessary that ATC be able to locate the balloon on radar so that, to the extent practicable, other aircraft can be vectored to avoid it. This amendment therefore proposes to require that balloon operators equip the balloon envelope with a radar reflective device or devices.

Section 101.35(a) now requires that the balloon flight termination device be activated under certain conditions. The substance of this requirement has been retained and is incorporated into the proposed amendment of the section.

In this proposal the Agency has not specified that any particular type of payload release system, balloon destruct method, or radar reflective device be used. This selection would be left to the judgment of the manufacturer or operator of the high-altitude balloons.

In consideration of the foregoing, it is proposed to amend Part 101 of the Federal Aviation Regulations by changing § 101.35(a) to read:

§ 101.35 Equipment and marking requirements.

(a) No person may operate an unmanned free balloon unless—

(1) It is equipped with at least two payload cut-down systems or devices that operate completely independently of each other;

(2) At least two methods, systems, devices, or combination thereof, that function completely independently of each other, are employed for terminating the flight of the balloon envelope; and

(3) The balloon envelope is equipped with a radar reflective device(s) or ma-

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 2, 74]

[Docket No. 17022; FCC 66-1085]

AUDIO FREQUENCIES

Notice of Proposed Rule Making

In the matter of amendment of Parts 2 and 74 of the Commission's rules to reallocate the frequency bands 450.5–451 and 455.5–456 Mc/s to land mobile use in general (other than remote pickup) and to reduce to 50 kc/s the spacing between assignable frequencies in the bands 450–450.5 and 455–455.5 Mc/s for use by remote pickup broadcast stations; Docket No. 17022.

1. Notice is hereby given of proposed rule making in the above entitled matter, as set forth below.

2. Except in the bands 450–451 and 455–456 Mc/s, the present spacing between assignable frequencies is 50 kc/s in all services in the band 450–460 Mc/s. The Commission proposed in Docket 13847 to reduce that spacing in Parts 89, 91, 93, and 95 to 25 kc/s to provide some relief to the land mobile service by creating more assignable frequencies. The Commission's First Report and Order in Docket 13847, adopted November 30, 1966, sets forth the technical standards to be used in all services employing 25 kc/s spacing throughout the band 450–470 Mc/s.

3. In the bands 450–451 and 455–456 Mc/s, the present spacing between assignable frequencies for remote pickup broadcast stations is 100 kc/s. This spacing has been based upon the assumption that the emission bandwidth of such stations must be sufficient to transmit the complete range of audio frequencies required of broadcasting stations under § 73.254(b)(1) of the rules. Consequently, audio modulating frequencies up to 15 kc/s are required as opposed to frequencies up to 3 kc/s sufficient for the transmission of speech in nonbroadcast radio services. However, using present state-of-the-art remote pickup broadcast mobile transmitting equipment, the auxiliary broadcast service can operate in the 450–460 Mc/s band within a channel width of 50 kc/s and with assignable frequencies spaced every 50 kc/s without appreciable hardship or degradation in performance.

4. Information presently available to the Commission indicates that most transmitters designed for mobile use in the 450–470 Mc/s band can be modified to operate anywhere in the band simply by changing crystals and making certain minor adjustments in individual components. Furthermore, manufacturers have indicated the availability of narrow band equipment suitable for land mobile service in the 450–470 Mc/s band. Therefore, it is proposed that upon the effective date of final action in this proceeding, the frequency tolerance of all remote pickup broadcast stations newly authorized for operation in the 450–470 Mc/s band shall be 0.0005 percent, and the frequency swing shall be limited so that the necessary bandwidth of emission will conform to the requirements of an emission designator of 50F3. Transmitters of systems authorized prior to that effective date will be required to limit the frequency swing so that the bandwidth of emissions will conform to requirements of a channel width of 50 kc/s within 1 year from that effective date, but will be permitted to exceed the 0.0005 percent frequency tolerance until November 1, 1970. In the interim, a tolerance of 0.01 percent shall constitute the maximum permissible carrier frequency error for such transmitters. The Commission realizes that equipment designed for 0.01 percent tolerance would not be able to meet the requirements of an emission designator of 50F3 emission and thus requires the adoption of a tolerance greater than 0.01 percent. Therefore, it is suggested that the equipment be modified initially to maintain the tighter stability of 0.0005 percent so as to minimize the inconvenience and cost involved in making a two step reduction in frequency stability to obtain the eventual 0.0005 percent tolerance requirement.

5. The Commission in the proceedings in Docket 15398 is currently investigating the concept of stations in the land mobile radio services sharing television channels. Should the concept prove technically feasible, sharing between remote pickup and broadcast stations would appear logical and could perhaps lead to further reduction in the bands allocated for use by remote pickup stations.

6. It is proposed that the frequency bands 450.5–451 and 455.5–456 Mc/s be allocated to land mobile users other than remote pickup stations. However, pending the conclusion of studies concerning the entire 450–470 Mc/s band now being conducted by the Commission, no allocation of the 450.5–451 and 455.5–456 Mc/s bands to a specific land mobile service is being proposed. Consequently, comments are not solicited with respect to the disposition of those bands at this time.

7. Authority for the proposed amendment is contained in sections 4(i) and 303 of the Communications Act of 1934, as amended.

8. Pursuant to the applicable procedures set forth in § 1.415 of the Commission's rules, interested persons may file comments on or before January 9, 1967, and reply comments on or before January 19, 1967. All relevant and timely filed comments and reply comments will be considered by the Commission before final action is taken in this proceeding. In reaching its decision in this proceeding, the Commission may also take into consideration other relevant information before it, in addition to the specific comments invited by this Notice.

9. In accordance with the provisions set forth in § 1.419 of the Commission's rules, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: November 30, 1966.

Released: December 2, 1966.

FEDERAL COMMUNICATIONS COMMISSION,[1]
[SEAL] BEN F. WAPLE,
Secretary.

1. Section 2.106, the Table of Frequency Allocations, is amended in respect to bands 450–451 Mc/s and 455–456 Mc/s to read as follows, in columns 7 through 11:

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

SALES OF CERTAIN COMMODITIES

December Sales List

Notice to buyers. Pursuant to the policy of Commodity Credit Corporation issued October 12, 1954 (19 F.R. 6669), and subject to the conditions stated therein as well as herein, the commodities listed below are available for sale and, where noted, for redemption of payment-in-kind certificates on the price basis set forth.

The U.S. Department of Agriculture announced the prices at which CCC commodity holdings are available for sale beginning at 3 p.m., e.s.t., on November 30, 1966, and, subject to amendment, continuing until superseded by the January Monthly Sales List. The following commodities are available: Cotton (upland and extra long staple), wheat, corn, oats, barley, rye, rice, grain sorghum, peanuts, flax, linseed oil, and tung oil.

For December there is no change in commodities listed.

Corn, oats, barley, or grain sorghum, as determined by CCC, will be sold for unrestricted use for "Dealers' Certificates" issued under the emergency livestock feed program. Grain delivered against such certificates will be sold at the applicable current market price, determined by CCC.

In the following listing of commodities and sales prices or method of sales, "unrestricted use" applies to sales which permit either domestic or export use and "export" applies to sales which require export only. CCC reserves the right to determine the class, grade, quality, and available quantity of commodities listed for sale.

The CCC Monthly Sales List, which varies from month to month as additional commodities become available or commodities formerly available are dropped, is designed to aid in moving CCC's inventories into domestic or export use through regular commercial channels.

If it becomes necessary during the month to amend this list in any material way—such as by the removal or addition of a commodity in which there is general interest or by a significant change in price or method of sale—an announcement of the change will be sent to all persons currently receiving the list by mail from Washington. To be put on this mailing list, address: Director, Procurement and Sales Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250.

Interest rates per annum under the CCC Export Credit Sales Program (Announcement GSM-3) for December 1966 are 6 percent for U.S. bank obligations and 7 percent for foreign bank obligations, without regard to credit periods involved up to a maximum of 36 months. CCC-owned commodities currently available for export sale under the CCC Export Credit Sales Program are: Wheat, grain sorghum, barley, oats, rye, rice, flaxseed, extra long staple cotton, plus tobacco from CCC loan stocks. Commodities from private stocks now eligible for financing under the CCC Export Credit Sales Program include wheat, wheat flour, barley, bulgur, corn, cornmeal, grain sorghum, upland and extra long staple cotton, tobacco, milled and brown rice, cottonseed oil, soybean oil, dairy products, dry edible beans, and tallow.

Information on commodities available under Title IV, P.L. 480, private trade agreements, and current information on interest rates and other phases of the program may be obtained from the Office of the General Sales Manager, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, D.C. 20250.

The following commodities are currently available for new and existing barter contracts: oats, cotton (upland and extra long staple), and tobacco. Wheat and grain sorghum are also available under conditions noted in the individual commodity listings. (In addition, free market stocks of corn, grain sorghum, wheat, wheat flour, tobacco, cottonseed, and soybean oils are eligible for barter programing under barter contracts covering procurements for Federal agencies that will reimburse CCC except that hard red winter, hard red spring, and durum wheats, and flour produced from those wheats, may not be exported through West Coast ports.) This list is subject to change from time to time.

The CCC will entertain offers from responsible buyers for the purchase of any commodity on the current list. Offers accepted by CCC will be subject to the terms and conditions prescribed by the Corporation. These terms include payment by cash or irrevocable letter of credit before delivery of the commodity, and the conditions require removal of the commodity from CCC stocks within a reasonable period of time. Where sales are for export, proof of exportation is also required, and the buyer is responsible for obtaining any required U.S. Government export permit or license. Purchases from CCC shall not constitute any assurance that any such permit or license will be granted by the issuing authority.

Applicable announcements containing all terms and conditions of sale will be furnished upon request. For easy reference a number of these announcements are identified by code number in the following list. Interested persons are invited to communicate with the Agricultural Stabilization and Conservation Service, USDA, Washington, D.C. 20250, with respect to all commodities or—for specified commodities—within the designated ASCS Commodity Office.

Commodity Credit Corporation reserves the right to amend from time to time, any of its announcements. Such amendments shall be applicable to and be made a part of the sale contracts thereafter entered into.

CCC reserves the right to reject any or all offers placed with it for the purchase of commodities pursuant to such announcements.

CCC reserves the right to refuse to consider an offer, if CCC does not have adequate information of financial responsibility of the offerer to meet contract obligations of the type contemplated in this announcement. If a prospective offerer is in doubt as to whether CCC has adequate information with respect to his financial responsibility, he should either submit a financial statement to the office named in the invitation prior to making an offer, or communicate with such office to determine whether such a statement is desired in his case. When satisfactory financial responsibility has not been established, CCC reserves the right to consider an offer only upon submission by offerer of a certified or cashier's check, a bid bond, or other security, acceptable to CCC, assuring that if the offer is accepted, the offerer will comply with any provisions of the contract with respect to payment for the commodity and the furnishing of performance bond or other security acceptable to CCC.

Disposals and other handling of inventory items often result in small quantities at given locations or in qualities not up to specifications. These lots are offered by the appropriate ASCS office promptly upon appearance and therefore, generally, they do not appear in the Monthly Sales List.

On sales for which the buyer is required to submit proof to CCC of exportation, the buyer shall be regularly engaged in the business of buying or selling commodities and for this purpose shall maintain a bona fide business office in the United States, its territories or possessions and have a person, principal, or resident agent upon whom service of judicial process may be had.

Prospective buyers for export should note that generally, sales to U.S. Government agencies, with only minor exceptions will constitute domestic unrestricted use of the commodity.

Commodity Credit Corporation reserves the right, before making any sales, to define or limit export areas.

The Department of Commerce, Bureau of International Commerce, pursuant to regulations under the Export Control Act of 1949, prohibits the exportation or reexportation by anyone of any commodities under this program to Cuba, the Soviet Bloc, or Communist-controlled areas of the Far East including Com-

munist China, North Korea, and the Communist-controlled area of Viet Nam except under validated license issued by the U.S. Department of Commerce, Bureau of International Commerce.

For all exportations, one of the destination control statements specified in Commerce Department Regulations (Comprehensive Export Schedule § 379.10(c)) is required to be placed on all copies of the shipper's export declaration, all copies of the bill of lading, and all copies of the commercial invoices. For additional information as to which destination control statement to use, the exporter should communicate with the Bureau of International Commerce or one of the field offices of the Department of Commerce.

[Docket No. 17946; Order E-24472]

TRANS CARIBBEAN AIRWAYS, INC.

Order Establishing Mail Rates

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 2d day of December 1966.

On November 28, 1966, the Board issued Order E-24455 proposing to establish final mail rates for Trans Caribbean Airways, Inc., between New York, N.Y.-Newark, N.J., and the terminal point San Juan, P.R., to be effective on the date that Trans Caribbean's newly awarded mail certificate takes effect, December 5, 1966. The order proposed establishment of the domestic multielement rate set forth in Order E-22512, August 6, 1965, as amended, and the nonpriority mail rate set forth in Order E-17255, July 31, 1961, as amended, which apply to the other carriers carrying mail between New York and San Juan.

The time allowed for filing notices of objection has expired without objection being filed. All parties have therefore waived their right to a hearing and all other procedural steps short of a final decision by the Board.

For the reasons stated in the order to show cause, the Board has decided to adopt the proposed rates.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof:

It is ordered, That:

The fair and reasonable rates of compensation to be paid Trans Caribbean Airways, Inc., for the carriage of mail between New York, N.Y.-Newark, N.J., and San Juan, P.R., by the Postmaster General on and after December 5, 1966 are the rates stated in Order E-22512, August 6, 1965, as amended, and Order E-17255, July 31, 1961, as amended, and such rates shall be subject to all of the terms and conditions now stated in such orders and as they may be hereafter modified.

This order shall be served upon Airlift International, Inc., Eastern Air Lines, Inc., Pan American World Airways, Inc.,

Trans Caribbean Airways, Inc., and the Postmaster General.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[Docket Nos. 16258, 15011; FCC 66M-1631]

AMERICAN TELEPHONE AND TELEGRAPH CO.

Memorandum Opinon and Order

In the matter of American Telephone and Telegraph Co. and the Associated Bell System Companies, Docket No. 16258; charges for interstate and foreign communication service; and in the matter of American Telephone and Telegraph Co., Docket No. 15011; charges, practices, classifications, and regulations for and in connection with teletypewriter exchange service.

1. The Telephone Committee has considered the appeal, noted at Tr. 6771 in behalf of United States Independent Telephone Association (USITA), relative to the Presiding Examiner's ruling that USITA Exhibit No. 2, the proposed testimony of Mr. Paul H. Henson, would not be received in evidence. In this connection, the Committee has reviewed Tr. pp. 6762-6771, as well as the oral argument held before the Committee on November 28, 1966, Tr. pp. 6880-6903.

2. In light of the commitments of counsel for USITA at the time of oral argument on this appeal, that the presentation of this testimony is not for the purpose of seeking consideration of division of tolls between independent telephone companies and the Bell System; that it is not to encompass consideration of the revenue requirements of the independent telephone companies; that its purpose is to provide an overall view of the function of the independent telephone companies in the rendition of interstate telephone service; and his agreement with the proposition that this testimony might be accepted on the explicit understanding that it would not open the door to consideration of any issues other than those contemplated in the order of investigation herein; the Examiner's ruling will be reversed so as to permit the receipt in evidence of USITA Exhibit No. 2.

Accordingly, it is ordered, This 5th day of December 1966, that the ruling of the Presiding Examiner rejecting USITA Exhibit No. 2 is reversed and said exhibit is hereby received in evidence subject to the understandings and limitations set forth above.

Released: December 5, 1966.

[Docket No. 17028; FCC 66-1092]

AMERICAN TELEPHONE AND TELEGRAPH CO.

Order Instituting Investigation

In the matter of American Telephone and Telegraph Co., Docket No. 17028; Switched Circuit Automatic Networks (SCAN): Tariff FCC No. 260, 4th revised page 170, 1st revised page 170.1, and original page 170.2.

At a session of the Federal Communications Commission held at its offices in Washington, D.C., on the 30th day of November 1966:

1. The Commission has under consideration:

(1) Proposed tariff revisions scheduled to become effective December 3, 1966, filed by the American Telephone and Telegraph Co. (A.T. & T.), which provide for the establishment of regulations and rates applicable to electronic switching system (ESS) centers for use in connection with Switched Circuit Automatic Networks (SCAN). (A.T. & T.'s Tariff FCC No. 260, 4th revised page 170, 1st revised page 170.1, and original page 170.2);

(2) A.T. & T.'s Tariff FCC No. 260, 3d revised page 170, original page 170.1;

(3) A "Petition for Suspension and Investigation of New Filing" filed, pursuant to section 204 of the Act, by the Secretary of Defense on behalf of the Department of Defense, requesting suspension and investigation of the proposed tariff revisions;

(4) A reply to the petition duly filed by A.T. & T. urging the Commission to dismiss the petition; and

(5) A letter dated November 23, 1966, from the Department of Defense, in effect amending the aforesaid petition by requesting that the proposed tariff revisions be suspended for not more than 1 day, and that the carrier be directed to keep an account of all amounts received by reason of the proposed tariff revisions.

2. The petitioner, in support of its request for suspension and investigation of this new filing, alleges, among other things: That the Department of Defense plans to use ESS centers for its AUTOVON network; that the rates for this service indicated in the tariff are unreasonable, unjust, and unlawful since they are based entirely on estimates of investment and expense of the present mechanical switching SCAN; that the changeover to ESS centers will result in economies to the telephone company so that a substantial reduction in rates charged for such centers is justified; that said tariff revisions are unjust, unreasonable, and unlawful because the termination charges set forth therein are excessive in view of the maximum reuse that could be made of the equipment; that the proposed tariff revisions do not comply with FCC Rule 61.55(f) in that they are not clear and explicit; and that the termination liability under the proposed tariff revisions is substantially higher than that actually proposed by the telephone company in its negotiations with the Department of Defense for AUTOVON service.

3. A.T. & T., in its opposition to the petition of the Department of Defense, states, among other things: That the Defense Communications Agency has stated a requirement for the first ESS center to be operational on December 3, 1966, as well as seven more in January 1967; that the tariff revisions under consideration make no change in the rates for SCAN but rather provide for SCAN service by ESS, for which a schedule of potential liabilities is established in case of termination by the customer; that DOD's conclusions regarding "substantial economies to the telephone company" for ESS are groundless inasmuch as A.T. & T. has not yet accumulated sufficient data on this; that DOD's references to "tremendous" increases in the services contemplated are inconsistent with its references to "economies" since economies to telephone companies do not result from reduction of the line terminations per center; that DOD's conclusion regarding "maximum reuse that could be made of the equipment" has no basis since the AUTOVON ESS centers were designed in accordance with the customer's specifications and cannot be reused without extensive modifications, or efficiently reused except for AUTOVON switching; that DOD is in error in contending that the tariff is not explicit, and that the language is clear; that DOD had been advised that any service rendered would be only according to filed tariff rates and that DOD's assertion that its agreements with A.T. & T. were based on the telephone company's proposals and not on the proposed tariffs is incorrect; and that DOD's calculations as to the monetary effect of the proposed tariffs on the AUTOVON customer would be radically different if the effect on other customers, to whom the tariff applies, is also considered.

4. The Commission has reviewed the pleadings filed herein, the proposed tariff revisions and the presently effective tariff schedules applicable to the switching arrangements in question and is of the opinion that increases in charges may result from the proposed tariff revisions; that there are provisions in both the present and proposed tariff schedules that do not appear to be in conformance with the requirements of Part 61 (47 CFR Part 61) of the Commission's rules; and that the provisions of the present and proposed tariff schedules present ques-

[1] Commissioner Bartley absent.

tions as to whether such tariff schedules are lawful within the meaning of sections 201(b), 202(a), and 203 of the Communications Act of 1934.

5. The Commission is unable at this time to determine whether or not such tariff schedules are, or will be, just and reasonable or otherwise lawful and is concerned that if the aforementioned revisions of Tariff FCC No. 260 of A.T. & T. are permitted to become effective on December 3, 1966, substantial injury to the public interest may result therefrom. Pending hearing and decision thereon, and in view of the apparent immediate need for the service the Commission is of the opinion that the proposed tariff revisions should be suspended for only 1 day and that an accounting order be entered thereon.

Accordingly, in view of the foregoing considerations: *It is ordered*, That, pursuant to the provisions of sections 201, 202, 203, 204, 205, and 403 of the Communications Act of 1934, as amended, an investigation is instituted into the lawfulness of 3d revised page 170, 4th revised page 170, original page 170.1, 1st revised page 170.1, and original page 170.2 of A.T. & T. Tariff FCC No. 260, including amendments or reissues thereof;

It is further ordered, That, pursuant to the provisions of section 204, 4th revised page 170, 1st revised page 170.1, and original page 170.2 are hereby suspended until December 4, 1966, and A.T. & T. shall, in the case of all increased charges and until further order of the Commission, keep accurate account of all amounts received by reason of such increase specifying by whom and in whose behalf such amounts were paid;

It is further ordered, That, without in anyway limiting the scope of the investigation, it shall include consideration of the following:

(1) Whether the charges, classifications, practices, and regulations published in the aforesaid tariffs are or will be unjust and unreasonable within the meaning of section 201(b) of the Act;

(2) Whether such charges, classifications, practices, and regulations will, or could be applied to, subject any person or class of persons, to unjust or unreasonable discrimination or give any undue or unreasonable preference or prejudice to any person, class of persons, or locality, within the meaning of section 202(a) of the Act;

(3) Whether the aforesaid tariffs conform to the requirements of section 203 of the Act and Part 61 (47 CFR Part 61) of our rules implementing that section;

(4) If any of such charges, classifications, practices, and regulations are found to be unlawful, whether the Commission should prescribe charges, classifications, practices, and regulations for the service governed by the tariffs, and if so, what should be prescribed.

It is further ordered, That a hearing be held in this proceeding at the Commission's offices in Washington, D.C., at a time to be specified; and that the examiner to be designated to preside at the hearing shall certify the record, without preparation of an initial or recommended decision, and the Chief of the Common Carrier Bureau shall thereafter issue a recommended decision which shall be subject to the submittal of exceptions and requests for oral argument as provided in 47 CFR 1.276 and 1.277, after which the Commission shall issue its decision as provided in 47 CFR 1.282; and

It is further ordered, That A.T. & T. and all carriers listed as concurring carriers in the above-mentioned tariff schedules are made parties respondent and the Department of Defense is granted leave to intervene upon filing a notice of intention to appear and participate within 20 days of the release date of this order.

Released: December 5, 1966.

T.V. BROADCASTERS, INC., AND TRI-CITY BROADCASTING CO., INC.

Memorandum Opinion and Order Modifying and Enlarging Issues

In re applications of T.V. Broadcasters, Inc., Vineland, N.J., Docket No. 16702, File No. BPCT-3539; Tri-City Broadcasting Co., Inc., Vineland, N.J., Docket No. 16703, File No. BPCT-3716; for construction permit for new television broadcast station.

1. This proceeding involves the above-captioned mutually exclusive applications to construct a new UHF television broadcast station to operate on Channel 65 at Vineland, N.J. The Board presently has under consideration a petition for leave to amend filed September 2, 1966, by Tri-City Broadcasting Co., Inc. (Tri-City), and a petition to enlarge issues filed September 28, 1966, by the Broadcast Bureau.[1] This latter petition seeks, in effect, to modify the financial qualifications issue originally designated against Tri-City and to add issues to determine: (a) Whether Tri-City's application contains misrepresentations or omissions of fact; (b) whether there are real parties in interest to the application other than Tri-City; and (c) whether, in light of the findings on the foregoing issues, Tri-City possesses the requisite qualifications to be a licensee.

Petition for leave to amend. 2. Following release of the Commission's Order

[1] Commissioners Bartley and Wadsworth absent.

[1] Also before the Board are the following related pleadings: (a) Broadcast Bureau's comments re "request for motion to certify" and "petition for leave to amend," filed Oct. 12, 1966; (b) opposition to petition to enlarge issues, filed Oct. 28, 1966, by Tri-City; and (c) reply to opposition, filed Nov. 8, 1966 by the Broadcast Bureau. By Orders FCC 66R-399, released Oct. 11, 1966 and FCC 66R-417, released Oct. 21, 1966, the time for filing Tri-City's opposition was extended to Oct. 28, 1966.

(FCC 66-518, released June 20, 1966) designating their applications for consolidated hearing, Tri-City and T.V. Broadcasters, Inc. (T.V.) entered into negotiations looking toward the dismissal of T.V.'s application. As a result of these negotiations a joint petition for approval of agreement and dismissal of T.V.'s application was filed with the Board on August 30, 1966.[2] Thereafter, Tri-City filed, with the Hearing Examiner, its instant petition for leave to amend so as to reflect the anticipated cost of reimbursing T.V. for its application expenses and to demonstrate Tri-City's financial ability to construct and operate its proposed station. Because of the possibility that T.V.'s application would be dismissed and all issues pertaining to Tri-City resolved on the basis of pleadings, the Examiner certified the proceeding to the Board.

3. Tri-City's amendment, which is not opposed by any of the parties hereto, will be accepted. As noted above it was submitted primarily to reflect the contemplated payment to T.V. and would neither unduly prolong this proceeding nor (should T.V. remain as an applicant herein) result in a comparative advantage to Tri-City. D. H. Overmyer Communications Co., 3 FCC 2d 454, 7 RR 2d 665 (Rev. Bd. 1966). However, for reasons hereinafter indicated, it is not possible for the Board to resolve the issue concerning Tri-City's financial qualifications on the basis of this amendment.

Petition to enlarge issues.[3] 4. Since each of the issues requested by the Bureau has its genesis in a common factual background, a brief statement of the facts will be helpful. As originally filed, Tri-City's application called for a cash requirement of $309,020 to meet construction and first year operating costs. Because the applicant had established the availability of only $200,000 in the form of a fully secured bank loan and $1,000 in subscription agreements, the Commission designated an issue to determine whether an additional $108,020 would be available.[4] As a result of inquiries made by the Bureau, it was disclosed that Tri-City is now relying upon a third-party, G. Russell Chambers, to provide the collateral for its bank loan.[5] In an affidavit submitted with Tri-City's opposition, Chambers states that in return for providing the collateral he expects to receive an option to acquire an interest in CATV properties owned by Tri-City's majority stockholders, Frank and John Scarpa.

5. The Bureau's request for a new financial qualifications issue against Tri-City is premised on its belief that a serious question exists as to the availability of the $200,000 bank loan. Specifically, it is argued that Tri-City has not established Chambers' ability to provide the necessary collateral, or his firm commitment to do so. According to the Bureau, without the collateral the loan will not be consummated and Tri-City will not have sufficient assets to construct and operate its proposed station. From Chambers' affidavit it is apparent that his commitment to provide the collateral is conditioned upon his receipt of the option; that the essential terms of this option have not been agreed upon; and that until they are, he does not consider himself legally bound to provide the collateral. Under these circumstances, we are constrained to agree with the Bureau that the uncertainty of the arrangement between Chambers and the Scarpas' raises a question as to whether Chambers would pledge his personally owned securities on behalf of Tri-City, and, in turn, whether the bank loan would be available. We also agree that as a result of Tri-City's amendment and the revision of its financing proposal, the existing financial issue is inappropriate. Accordingly, that issue will be modified to permit inquiry into the questions discussed above.

6. We turn next to the Bureau's contention that Tri-City's failure to disclose its arrangement with Chambers requires the addition of a misrepresentation issue. Although we are of the general view that this information should have been reported to the Commission in the form of a proposed amendment, we are also of the view that on the basis of the allegations before us, Tri-City's dereliction cannot be equated with misrepresentation or an intent to deceive the Commission. Accordingly, we will add an issue to determine: (a) Whether Tri-City failed to comply with the provisions of Rule 1.65,[6] and (b) whether facts adduced pursuant to (a) bear upon the comparative qualifications of Tri-City.[7]

7. Lastly, The Bureau argues that Tri-City's dependence upon Chambers and the attendant option Chambers would receive for stock in the Scarpas' CATV properties warrant addition of a real-party-in-interest issue. We disagree. In his affidavit Chambers states that he rejected an opportunity to invest in Tri-City's proposal, and that he elected to provide the collateral for the bank loan rather than to personally lend Tri-City the money. These uncontradicted statements by Chambers are indicative of his unwillingness to become involved in Tri-City's proposal and to that extent rebut the Bureau's allegations. The mere fact that Chambers may eventually acquire an interest in other properties owned by the Scarpas' is insufficient to warrant addition of the requested issue.

Accordingly, it is ordered, This 29th day of November 1966, that the petition for leave to amend, filed September 2, 1966, by Tri-City Broadcasting Co., Inc., is granted, and that the amendment is accepted; and

It is further ordered, That the petition to enlarge issues, filed September 28, 1966, by the Broadcast Bureau is granted to the extent indicated below and is denied in all other respects; that issues 2 (a) and (b) of the designation order are modified to read as follows:

(a) To determine as to Tri-City, its estimated construction cost and first year operating costs and whether Tri-City has sufficient funds available to meet such costs.

(b) To determine on the basis of the facts adduced pursuant to (a) above, whether Tri-City is financially qualified to construct and operate its proposed facility;

and that the issues in this proceeding are enlarged by the addition of the following issues:

To determine whether Tri-City failed to amend or attempt to amend the financial portion of its application within 30 days after substantial changes were made as required by Rule 1.65.

To determine whether the facts adduced pursuant to the foregoing issue bear upon the comparative qualifications of Tri-City.

Released: November 30, 1966.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

[F.R. Doc. 66-13213; Filed, Dec. 7, 1966; 8:48 a.m.]

[2] In a companion document the Board has held in abeyance further consideration of applicants' joint petition pending receipt of additional information.

[3] The instant petition was not filed within the time period specified in Rule 1.229. However, the Bureau's contention that it did not become aware of the information forming the basis of its pleading (i.e. the role of a third-party supplying the collateral for Tri-City's bank loan) until Sept. 8, 1966, is undisputed. Accordingly, good cause has been shown for the untimely filing of its petition.

[4] In the financial amendment accepted pursuant to this document, Tri-City revises its financing proposal by reducing its costs to $209,924 and raising its available liquid assets to $216,000. Tri-City proposes to accomplish these changes by (a) eliminating first year payments on equipment purchased from RCA and the bank loan; and (b) borrowing an additional $15,000 from one of its principals.

[5] As originally filed, Tri-City's application indicated that the $200,000 loan would come from Garden State Television Cable Corp., the president of which is John Scarpa, a principal of Tri-City.

[6] Rule 1.65 requires that whenever the information contained in a pending application is no longer substantially accurate and complete in all significant respects, the applicant shall within 30 days, unless good cause is shown, attempt to amend his application so as to provide the correct information.

[7] In the event the agreement looking toward dismissal of T.V.'s application is ultimately approved, the comparative Rule 1.65 issue will not be considered in evaluating Tri-City's application.

"WALKIE-TALKIE" RADIOS

Caution Against Purchase

DECEMBER 1, 1966.

The Federal Communications Commission urged caution in the purchase of Christmas "Walkie-Talkie" radios bought for children or others. Their use may be in violation of Federal law. If they have too much power (over 100 milliwatts), they require an FCC license. Often advertised as "CB" or "Citizens Band" radios, the FCC points out that only very low power two-way radios may be used without a license and then only to communicate with other similar unlicensed radios. To be sure, make certain that the "Walkie-Talkie" radio has a certification attached which states that it complies with Part 15 of the FCC rules. Even then, the use of such radios must not cause interference to licensed services.

The FCC encourages youngsters to become acquainted with radio-communications but, for that purpose, there is a special licensed Amateur Service. Many youngsters as young as seven have become amateurs, gone on to be electronic specialists or engineers and have used their hobby for worldwide communications or to engage in important emergency communications during disasters. If your youngster is interested in radio, by all means investigate this fascinating and important world of "Ham Radio". Information is available from the FCC, amateur organizations or equipment suppliers.

[Docket No. RI66-265]

CHAMPLIN PETROLEUM CO. ET AL.

Order Amending Order

NOVEMBER 30, 1966.

Order amending order providing for hearings on and suspension of proposed changes in rates to permit acceptance of contract amendement, rate filing, and agreement and undertaking.

On December 27, 1965, Champlin Petroleum Co. (Operator), et al., (Champlin) filed with the Commission a proposed change in rate, from 17.0 cents to 19.5 cents per Mcf, designated as Supplement No. 3 to Champlin's FPC Gas Rate Schedule No. 86, which pertains to its jurisdictional sales of natural gas from the Laverne Field, Harper County, Okla. (Panhandle Area) to Michigan Wisconsin Pipe Line Co. The Commission by order issued January 26, 1966, suspended Champlin's proposed rate increase and deferred the use thereof for 5 months until July 3, 1966, and thereafter until such further time as it is made effective in the manner prescribed by the Natural Gas Act. On October 27, 1966, Champlin filed its section 4(e) motion, together with its agreement and undertaking, requesting that its suspended rate increase in Docket No. RI66-265 be made effective as of December 1, 1966.[1]

On October 21, 1966, Champlin filed an increased rate, from 19.5 cents to 19.605 cents per Mcf, amounting to $314 annually,[2] based solely on the application of an upward B.t.u. adjustment to a rate which is currently effective in Docket No. RI66-265. Champlin also submitted a contract amendment dated July 1, 1965,[3] which provides for an upward B.t.u. adjustment of 1/100 cent per Mcf for each additional B.t.u. in excess of 1,000 B.t.u.'s to a maximum of 1,200 B.t.u.'s per cubic foot and a full proportionate downward B.t.u. adjustment for gas containing less than 1,000 B.t.u.'s per cubic foot. Champlin's proposed rate filings are set forth in Appendix "A" below.

Since Champlin's proposed increased rate of 19.605 cents per Mcf is based solely on the application of an upward B.t.u. adjustment to a currently effective rate, we conclude that it would be in the public interest to accept for filing such rate increase effective as of December 1, 1966, the proposed effective date, subject to refund in the existing rate suspension proceeding in Docket No. RI66-265 and refund obligation related thereto. We also conclude that Champlin's contract amendment dated July 1, 1965, should be accepted for filing and permitted to become effective as of November 21, 1966, the date of expiration of the statutory notice, but not the proposed rate contained therein which is suspended herein and made effective subject to the rate suspension proceeding in Docket No. RI66-265.

By this order we are allowing Champlin's superseding increased rate of 19.605 cents to become effective subject to refund in Docket No. RI66-265 as of December 1, 1966. There is thus no need to take further action with respect to the motion tendered by Champlin on October 27, 1966. However, the agreement and undertaking submitted concurrently with the motion is deemed to be applicable to the superseding increased rate filing and will be accepted herein.

The Commission finds: Good cause exists for amending the Commission's order issued on January 26, 1966, in Docket No. RI66-265, to the extent hereinafter provided.

The Commission orders:

(A) The suspension order issued on January 26, 1966, in Docket No. RI66-265, is amended only so far as to permit the 19.605 cents per Mcf rate contained in Supplement No. 5 to Champlin's FPC Gas Rate Schedule No. 86 to be filed to supersede the 19.5 cents per Mcf rate provided in Supplement No. 3 to Champlin's FPC Gas Rate Schedule No. 86, effective as of December 1, 1966, subject to refund in the suspension proceeding in Docket No. RI66-265.

(B) Champlin's contract amendment dated July 1, 1965, which provides for the application of an upward B.t.u. adjustment, designated as Supplement No. 4 to Champlin's FPC Gas Rate Schedule No. 86, is accepted for filing and permitted to become effective as of November 21, 1966, the date of expiration of the statutory notice. Such contract amendment is in no way considered as a notice of change in rate.

(C) The agreement and undertaking filed in Docket No. RI66-265 on October 27, 1966, appears to be satisfactory and is accepted for filing. The effective rate set forth in Supplement No. 5 to Champ-

[1] Appropriate action is being taken herein with respect to making Champlin's rate increase effective subject to refund pursuant to section 4(e) of the Natural Gas Act.
[2] Designated as Supplement No. 5 to Champlin's FPC Gas Rate Schedule No. 86.
[3] Designated as Supplement No. 4 to Champlin's FPC Gas Rate Schedule No. 86.

lin's FPC Gas Rate Schedule No. 86 shall be charged and collected commencing December 1, 1966, subject to any future orders of the Commission in this proceeding.

(D) Champlin shall comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the Regulations thereunder. Champlin's agreement and undertaking shall remain in full force and effect until discharged by the Commission.

(E) In all other respects, the order issued by the Commission on January 26, 1966, in Docket No. RI66-265, shall remain unchanged and in full force and effect.

By the Commission.

MIDHURST OIL CORP.

Order Providing for Hearing

NOVEMBER 30, 1966.

Order providing for hearing on and suspension of proposed change in rate, and allowing rate change to become effective subject to refund.

Respondent named herein has filed a proposed change in rate and charge of a currently effective rate schedule for the sale of natural gas under Commission jurisdiction, as set forth in Appendix A below.

The proposed changed rate and charge may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon a hearing regarding the lawfulness of the proposed change, and that the supplement herein be suspended and its use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, a public hearing shall be held concerning the lawfulness of the proposed change.

(B) Pending hearing and decision thereon, the rate supplement herein is suspended and its use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplement to the rate schedule filed by Respondent shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondent shall execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of a copy thereof upon the purchaser under the rate schedule involved. Unless Respondent is advised to the contrary within 15 days after the filing of its agreement and undertaking, such agreement and undertaking shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplement, nor the rate schedule sought to be altered, shall be changed until disposition of this proceeding or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before January 18, 1967.

[3] Redetermined rate increase.
[4] Pressure base is 14.65 p.s.i.a.
[5] Redetermined rate increase for the period Oct. 1, 1965, to Oct. 1, 1968, provides for 15.2893 cents base rate. Applicable tax reimbursement raises total rate to 15.485 cents per Mcf.
[6] Redetermined rate increase for the period Oct. 1, 1962, to Oct. 1, 1965, provides for 13.823 cents base rate. Applicable tax reimbursement raises total rate to 14.0 cents per Mcf.

Midhurst Oil Corp. (Midhurst) request waiver of statutory notice to permit its rate increase to become effective as of the date of filing on November 1, 1966. Good cause has not been shown for waiving the 30-day notice requirement provided in section 4(d) of the Natural Gas Act to permit an earlier effective date for Midhurst's rate filing and such request is denied.

On November 1, 1966, Midhurst filed a certificate application to continue the sale of gas to United Gas Pipe Line Co. of Midhurst's interest in gas produced in the Burnell Field, Bee and Karnes Counties, Texas Railroad District No. 2. Midhurst's interest has heretofore been covered by certificate authorization issued to the operator, Pan American Petroleum Corp. (Pan American), in Docket No. G-7529 and by the operator's related rate schedule designated as Pan American Petroleum Corp. (Operator) et al., FPC Gas Rate Schedule No. 114.

On April 13, 1966, the Commission issued its order in Docket Nos. G-9279 et al., approving Pan American's company-wide settlement proposal. Included in such settlement was Pan American's Docket No. RI66-79, which docket related to a proposed price increase, from 14.0 cents to 15.485 cents, under Pan American's Rate Schedule No. 114. The price increase to 15.485 cents was suspended until March 2, 1966, but because of the pending settlement, such rate was never made effective. The settlement order subsequently allowed a 14.0-cent rate for Pan American's Rate Schedule No. 114 and terminated the related suspension proceeding in Docket No. RI66-79.

By letter to the Secretary dated March 15, 1966, prior to the issuance of Pan American's settlement order, Midhurst informed the Commission that it did not desire to have its interest covered by Pan American's settlement. Midhurst was advised that if it did not desire to be covered by Pan American it should make separate certificate and rate filings to cover its interests. A certificate application and related rate filings, one of which is the subject rate increase filing, were thereafter submitted by Midhurst.[7]

[7] Action will be taken separately on Midhurst's certificate application in Docket No. CI67-594.

Midhurst's proposed 15.485 cents per Mcf rate exceeds the area price level for increased rates in Texas Railroad District No. 2 as announced in the Commission's statement of general policy No. 61-1, as amended, and should be suspended as hereinbefore ordered. However, in view of the circumstances surrounding this filing, we believe that Midhurst's rate increase should be suspended for only 1 day from December 2, 1966, the date of expiration of the statutory notice.

Order Providing for Hearing

NOVEMBER 30, 1966.

Order providing for hearing on and suspension of proposed changes in rates, and allowing rate changes to become effective subject to refund.[1]

The Respondents named herein have filed proposed changes in rates and charges of currently effective rate schedules for sales of natural gas under Commission jurisdiction, as set forth in Appendix A below.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplements to the rate schedules filed by Respondents, as set forth herein, shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondents shall each execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved. Unless Respondents are advised to the contrary within 15 days after the filing of their respective agreements and undertakings, such agreements and undertakings shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before January 15, 1967.

[12] Settlement rate accepted by order issued Oct. 1, 1964, in Docket Nos. G-8288, et al.

Mobil Oil Corp. (Mobil) and Sun Oil Co. (Sun) propose "fractured" rate increases for gas sold to Natural Gas Pipeline Company of America from the Old Ocean Field and LaGloria Field, located in Texas Railroad District Nos. 3 and 4, respectively.

The rate schedules under which the proposed increases were filed are subject to a moratorium provision included in the respective companies' settlement proposals approved by the Commission. Such moratorium prohibits the filing of increased rates under these rate schedules in excess of the applicable area ceiling levels. However, the companies reserved the right to file for any increased rate, if contractually authorized, up to the applicable area rate levels established by any order or rule of the Commission. Although contractually due higher rates, these companies are limiting their proposed increases so as not to exceed the area increased rate ceiling, consistent with their settlement moratorium provisions. The moratorium relating to Mobil's rate schedules expires on January 1, 1967, while the moratorium relating to Sun's rate schedules expires on August 1, 1967.

Even though the producers' proposed rates are not in excess of the applicable 14.0 cents per Mcf area ceiling for increased rates for Texas Railroad District Nos. 3 and 4 as announced in the Commission's statement of general policy No. 61–1, as amended, they should be suspended for 1 day from December 2, 1966 (Mobil), and December 3, 1966 (Sun), the proposed effective dates, because the producers herein did not submit with their increased rate filings a waiver of their right to file for the remaining increment of their contractually due rates upon expiration of the respective moratorium periods in their company-wide settlements. The existing moratoriums will remain in effect for a relatively short period of time, and thus do not constitute a sufficient waiver.

TIDEWATER OIL CO.

Order Accepting Contract Agreement

DECEMBER 1, 1966.

Order accepting contract agreement, providing for hearing on and suspension of proposed changes in rates, and allowing rate changes to become effective subject to refund.

Tidewater Oil Co. (Tidewater) [1] has tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are designated as follows:

[1] Address is: Post Office Box 1404, Houston, Tex. 77001.

[1] As amended by filing submitted on Nov. 10, 1966.
[2] The stated effective date is the effective date proposed by Respondent.
[3] The suspension period is limited to 1 day.
[4] "Fractured" rate increase. Tidewater is contractually due a rate of 15.51201 cents.
[5] Pressure base is 14.65 p.s.i.a.
[6] Includes 0.81 cent allowance paid by buyer in consideration for its right to vary its daily take by 45 percent above or below the applicable daily quantity.
[7] Subject to a 0.25 cent dehydration charge deducted by buyer.
[8] Contract Agreement dated Aug. 22, 1966, provides for a 16.25 cents redetermined base rate applicable for the 5-year period commencing Dec. 2, 1966.
[9] "Fractured" rate increase. Tidewater contractually due a rate of 16.4038 cents.

Tidewater proposes two "fractured" rate increases for gas sold to Natural Gas Pipeline Company of America from the Old Ocean Field and LaGloria Field, located in Texas Railroad District Nos. 3 and 4, respectively.

The rate schedules under which the proposed increases were filed are included in Tidewater's company-wide settlement proposal approved by Commission order issued June 15, 1962, in Docket Nos. G–13310 et al. The settlement order provided for a 2-year moratorium on filing rate increases above the applicable area ceiling and a postmoratorium, effective after June 30, 1964, by which Tidewater is permitted to place in effect, if contractually entitled to do so, rate increases of not more than 1.0 cent; and not more often than once every 4 years after the effective date of the prior increases, to place in effect an additional rate increase of not more than 1.0 cent. Tidewater also reserved the right to file for any increased rate, if contractually authorized, up to the applicable area level as announced in the Commission's statement of general policy No. 61–1, as amended. Although contractually due higher rates, Tidewater is limiting its proposed increases so as not to exceed the area increased rate ceiling and is filing such increases pursuant to the aforementioned reservation contained in Tidewater's settlement.

Even though Tidewater's proposed rates are not in excess of the applicable 14.0 cents per Mcf area ceiling for increased rates for Texas Railroad District Nos. 3 and 4 as announced in the Commission's statement of general policy No. 61–1, as amended, they should be suspended for 1 day from December 2, 1966, the proposed effective date, because Tidewater did not submit with its increased rate filings a waiver of its right to file for the remaining increment of its contractually due rates. The present moratorium does not preclude Tidewater from filing for rates above the applicable increased rate ceilings, and this does not constitute a waiver.

Concurrently with the filing of its rate increases, Tidewater submitted a contract agreement dated August 22, 1966, which provides for a 16.25 cents per Mcf redetermined base rate applicable for the 5-year period commencing December 2, 1966. Such agreement has been designated as Supplement No. 6 to Tidewater's FPC Gas Rate Schedule No. 22. We believe that it would be in the public interest to accept for filing Tidewater's aforementioned contract agreement to become effective on December 2, 1966, the proposed effective date, but not the proposed rate contained therein which is suspended as hereinafter ordered.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds:

(1) Good cause has been shown for accepting for filing Tidewater's proposed contract agreement dated August 22, 1966, designated as Supplement No. 6 to Tidewater's FPC Gas Rate Schedule No. 22, and for permitting such supplement to become effective on December 2, 1966, the proposed effective date.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the proposed changes, and that Supplement Nos. 9 and 7 to Tidewater's FPC Gas Rate Schedule Nos. 6 and 22, respectively, be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Tidewater's contract agreement dated August 22, 1966, designated as Supplement No. 6 to Tidewater's FPC Gas Rate Schedule No. 22, is accepted for filing and permitted to become effective on December 2, 1966.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing shall be held upon a date to be fixed by notice

from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in Supplement Nos. 9 and 7 to Tidewater's FPC Gas Rate Schedule Nos. 6 and 22, respectively.

(C) Pending a hearing and decision thereon, Supplement Nos. 9 and 7 to Tidewater's FPC Gas Rate Schedule Nos. 6 and 22, respectively, are hereby suspended and the use thereof deferred until December 3, 1966, and thereafter until such further time as they are made effective in the manner prescribed by the Natural Gas Act: *Provided, however,* That the supplements to the rate schedules filed by Tidewater, as set forth above, shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order, Tidewater shall execute and file under Docket No. RI67–184 with the Secretary of the Commission, its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of a copy thereof upon Natural Gas Pipeline Company of America. Unless Tidewater is advised to the contrary within 15 days from the filing of its agreement and undertaking, such agreement and undertaking shall be deemed to have been accepted.

(D) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(E) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before January 18, 1967.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[812–2012]

FIDELITY TREND FUND, INC.

Notice of Filing of Application for Order Exempting Sale by Open-End Company of Shares at Other Than Public Offering Price

DECEMBER 2, 1966.

Notice is hereby given that Fidelity Trend Fund, Inc. ("applicant"), 35 Congress Street, Boston, Mass. 02109, a Massachusetts corporation registered under the Investment Company Act of 1940 ("Act") as an open-end diversified management investment company, has filed an application pursuant to section 6(c) of the Act requesting an order of the Commission exempting from the provisions of section 22(d) of the Act a transaction in which applicant's redeemable securities will be issued at net asset value, without a sales charge, in exchange for the assets of Reich Dress Co. ("Reich") as more fully described below. The shares of applicant are offered to the public at a price which includes a sales charge in addition to the net asset value.

All interested persons are referred to the application on file with the Commission for a statement of applicant's representations which are summarized below.

Reich, an Illinois corporation, is a personal holding company the shares of which are held by six individuals and nine trusts. Reich is not making and does not propose to make a public offering of its stock and is exempt from registration under the Act by reason of section 3(c)(1) thereof. Applicant and Reich have negotiated an agreement which provides for the transfer of substantially all the assets of Reich to applicant in exchange for shares of applicant's capital stock. The exchange will be made on the basis of the value of Reich's assets on the business day preceding the closing of the assets to be transferred, adjusted as set out in the transfer agreement and Exhibit B to the agreement attached to the application. On June 30, 1966, the value of these assets for the purpose of the transfer would have been $404,272 according to the information provided in Exhibit B. Since the bases at which applicant will issue its shares in exchange for assets of Reich will be different from the public offering price described in applicant's current prospectus, an exemption from the provisions of section 22(d) of the Act will be necessary in order for the exchange to be consummated.

There is no connection between applicant and Reich and no officer or shareholder of Reich is an affiliated person of applicant or its adviser. Applicant's management considers the proposed acquisition by applicant of Reich's assets in exchange for applicant's shares to be at a fair price, arrived at by arm's-length bargaining. Applicant's management believes that the proposed acquisition will be beneficial to applicant's shareholders for the reasons that: those expenses of applicant which do not rise proportionately with an increase in portfolio size will be spread over a larger number of shares; the proposed acquisition will enable applicant to acquire for its portfolio at one time a large block of desirable securities without affecting the market in these securities; and the transfer of securities pursuant to the proposed acquisition will cause applicant less expense than the purchase of such securities in the open market because the transfer will not be subject to brokers' commissions.

Section 6(c) of the Act provides, among other things, that the Commission, by order upon application, may conditionally or unconditionally exempt any person from any provision or provisions of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than December 16, 1966, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commisssion should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

FIDELITY CAPITAL FUND, INC.

Notice of Filing of Application for Order Exempting Sale by Open-End Company of Shares at Other Than Public Offering Price

DECEMBER 2, 1966.

Notice is hereby given that Fidelity Capital Fund, Inc. ("applicant"), 35 Congress Street, Boston, Mass. 02109, a Massachusetts corporation registered under the Investment Company Act of 1940 ("Act") as an open-end diversified management investment company, has filed an application pursuant to section 6(c) of the Act requesting an order of the Commission exempting from the provisions of section 22(d) of the Act a transaction in which applicant's redeemable securities will be issued at net asset value, without a sales charge, in exchange for the assets of Nancy-Beth Co. ("Nancy-Beth") as more fully described below. The shares of applicant are offered to the public at a price which includes a sales charge in addition to the net asset value.

All interested persons are referred to the application on file with the Commission for a statement of applicant's representations which are summarized below.

Nancy-Beth, an Illinois corporation, is a personal holding company all shares of which are owned by two individuals. It is not making and does not propose to make a public offering of its stock and is exempt from registration under the Act by reason of section 3(c)(1) thereof. Applicant and Nancy-Beth have negotiated an agreement which provides for the transfer of substantially all the assets of Nancy-Beth to applicant in exchange for shares of applicant's capital stock. The exchange will be made on the basis of the value of Nancy-Beth's assets on the business day preceding the closing of the assets to be transferred, adjusted as set out in the transfer agreement and Exhibit B to the agreement attached to the application. On June 30, 1966, the value of these assets for the purpose of this transfer would have been $59,068 according to the information provided in Exhibit B. Since the bases at which applicant will issue its shares in exchange for assets of Nancy-Beth will be different from the public offering price described in applicant's current prospectus, an exemption from the provisions of section 22(d) of the Act will be necessary in order for the exchange to be consummated.

There is no connection between applicant and Nancy-Beth and no officer or shareholder of Nancy-Beth is an affiliated person of applicant or its adviser. Applicant's management considers the proposed acquisition by applicant of Nancy-Beth's assets in exchange for applicant's shares to be at a fair price, arrived at by arm's-length bargaining. Applicant's management believes that the proposed acquisition will be beneficial to applicant's shareholders for the reasons that: Those expenses of applicant which do not rise proportionately with an increase in portfolio size will be spread over a larger number of shares; the proposed acquisition will enable applicant to acquire for its portfolio at one time a large block of desirable securities without affecting the market in those securities; and the transfer of securities pursuant to the proposed acquisition will cause applicant less expense than the purchase of such securities in the open market because the transfer will not be subject to brokers' commissions.

Section 6(c) of the Act provides, among other things, that the Commission, by order upon application, may conditionally or unconditionally exempt any person from any provision or provisions of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than December 16, 1966, at 5:30 p.m. submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

FIDELITY CAPITAL FUND, INC.

Notice of Filing of Application for Order Exempting Sale by Open-End Company of Shares at Other Than Public Offering Price

DECEMBER 2, 1966.

Notice is hereby given that Fidelity Capital Fund, Inc. ("applicant"), 35 Congress Street, Boston, Mass. 02109, a Massachusetts corporation registered under the Investment Company Act of 1940 ("Act") as an open-end diversified management investment company, has filed an application pursuant to section 6(c) of the Act requesting an order of the Commission exempting from the provisions of section 22(d) of the Act a transaction in which applicant's redeemable securities will be issued at net asset value, without a sales charge, in exchange for the assets of Joy Sportswear, Inc. ("Joy") as more fully described below. The shares of applicant are offered to the public at a price which includes a sales charge in addition to the net asset value.

All interested persons are referred to the application on file with the Commission for a statement of applicant's representations which are summarized below.

Joy, an Illinois corporation, is a personal holding company all shares of which are owned by four individuals. It is not making and does not propose to make a public offering of its stock and is exempt from registration under the Act by reason of section 3(c)(1) thereof. Applicant and Joy have negotiated an agreement which provides for the transfer of substantially all the assets of Joy to applicant in exchange for shares of applicant's capital stock. The exchange will be made on the basis of the value of Joy's assets on the business day preceding the closing of the assets to be transferred, adjusted as set out in the transfer agreement and Exhibit B to the agreement attached to the application. On June 30, 1966, the value of these assets for the purpose of this transfer would have been $90,093 according to the information provided in Exhibit B. Since the bases at which applicant will issue its shares in exchange for assets of Joy will be different from the public offering price described in applicant's current prospectus, an exemption from the provisions of section 22(d) of the Act will be necessary in order for the exchange to be consummated.

There is no connection between applicant and Joy and no officer or shareholder of Joy is an affiliated person of applicant or its adviser. Applicant's management considers the proposed acquisition by applicant of Joy's assets in exchange for applicant's shares to be at a fair price, arrived at by arm's length bargaining. Applicant's management believes that the proposed acquisition will be beneficial to applicant's shareholders for the reasons that: Those expenses of applicant which do not rise proportionately with an increase in portfolio size will be spread over a larger number of shares; the proposed acquisition will enable applicant to acquire for its portfolio at one time a large block of desirable securities without affecting the market in those securities; and the transfer of securities pursuant to the proposed acquisition will cause applicant less expense than the purchase of such securities in the open market because the transfer will not be subject to brokers' commissions.

Section 6(c) of the Act provides, among other things, that the Commission, by order upon application, may conditionally or unconditionally exempt any person from any provision or provisions of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than December 16, 1966, at 5:30 p.m. submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the re-

quest. At any time after said date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

MASSACHUSETTS INVESTORS TRUST

Notice of Filing of Application for Order Exempting Sale by Open-End Company of Shares of Beneficial Interest at Other Than Public Offering Price in Exchange for Assets of Closely Held Company

DECEMBER 2, 1966.

Notice is hereby given that Massachusetts Investors Trust ("Applicant"), 200 Berkeley Street, Boston, Mass., a Massachusetts common law trust which is registered under the Investment Company Act of 1940 ("Act") as an open-end diversified investment company, has filed an application pursuant to section 6(c) of the Act. Applicant requests an order of the Commission exempting from the provisions of section 22(d) of the Act the proposed issuance of its shares at net asset value for substantially all of the cash and securities of The de Laittre Co. ("de Laittre"). Since the sale of Applicant's shares will be other than at the public offering price, which normally includes sales charges, an exemption is deemed necessary. All interested persons are referred to the application as filed with the Commission for a statement of the representations therein which are summarized below.

de Laittre is a personal holding company whose outstanding shares are held by 16 individuals and 4 trusts. There is no connection between Applicant and de Laittre and no officer or shareholder of de Laittre is an affiliated person of Applicant.

Pursuant to an agreement between Applicant and de Laittre, substantially all the assets of de Laittre will be transferred to Applicant in exchange for shares of Applicant which will be distributed to shareholders of de Laittre upon its liquidation. The number of shares of Applicant to be delivered to de Laittre will be determined on the basis of the net asset value of Applicant's shares and the net value of de Laittre's assets as of the close of business on the New York Stock Exchange on the business day first preceding the date of closing. The agreement does not provide for an adjustment in value of de Laittre's assets for potential Federal income taxes payable upon the realization of the appreciation in value of the securities of de Laittre to the extent that any such appreciation may proportionately exceed the appreciation of the securities of Applicant on the date of closing. The application states in substance that as of October 14, 1966, no such adjustment would have been required.

As of October 14, 1966, a pro forma comparison of the assets of de Laittre and Applicant showed the following:

	de Laittre	Applicant
Total net assets	$3,546,776	$1,933,829,111
Tax cost	2,465,707	966,417,127
Unrealized appreciation	[1] 1,081,069	[2] 903,676,966
Net cash items	nominal	63,735,018

[1] Thirty percent.
[2] Forty-seven percent.

Realized and undistributed gain of Applicant on that date was $75,902,318.

Applicant represents that the transfer of the assets of de Laittre to Applicant in exchange for shares of Applicant under the agreement will not take place in the event that at the valuation date under the agreement the relative appreciation on the de Laittre securities to be transferred and the Applicant's portfolio securities has changed to the potential detriment of the shareholders of Applicant.

Notice is further given that any interested person may, not later than December 19, 1966 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after such date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

PENNZOIL CO. AND WOLF'S HEAD OIL REFINING CO., INC.

Notice of Filing of Supplemental Declaration Regarding Issuance of Production Payment

DECEMBER 2, 1966.

Notice is hereby given that a supplemental declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act") by Pennzoil Co. ("Pennzoil"), 900 Southwest Tower, Houston, Tex. 77002, a registered holding company, and its nonutility subsidiary company, Wolf's Head Oil Refining Co., Inc. ("Wolf's Head"), designating sections 6 and 7 of the Act as applicable to the proposed transactions. All interested persons are referred to said supplemental declaration, which is summarized below, for a complete description of the proposed transactions.

By order dated June 16, 1966 (Holding Company Act Release No. 15503), the Commission authorized Pennzoil, Wolf's Head, and other nonutility subsidiary companies of Pennzoil, to enter into certain transactions and agreements in connection with the acquisition or disposition of petroleum, natural gas, and mining properties or leases or interests therein in the ordinary course of their oil and gas businesses. Under the terms and conditions of the order, any such single transaction involving the acquisition or disposition of properties or other interests having a book value in excess of $5 million is subject to Commission authorization.

Pennzoil and Wolf's Head each proposes to sell to Bright Star Foundation, Inc. ("Purchaser"), a nonaffiliated Texas nonprofit corporation, an oil and gas production payment in a primary sum not to exceed $14,250,000 in the case of Pennzoil and $750,000 in the case of Wolf's Head, plus in each case: (a) An amount equal to an increment accrual computed monthly at the rate of 7 percent per annum on the unliquidated balance of the primary sum, (b) an amount equal to the aggregate of all amounts which may be paid by the Purchaser to any State or political subdivision thereof on account of ad valorem, severance, gross production, franchise, income, and other taxes, and (c) an amount equal to certain costs and expenses of the Purchaser incidental to the acquisition, ownership, mortgaging and transfer of each production payment.

Each production payment will be payable solely out of the proceeds from the sale of oil, gas and other hydrocarbons produced from substantially all the properties of Pennzoil and Wolf's Head, respectively. The production payments terminate after the Purchaser of the production payment has received the primary sum plus the increments described above. The proceeds of the sales will be

used by Pennzoil and Wolf's Head, respectively, for working capital and other corporate purposes.

It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions and that no finder's fee, commission or remuneration is to be paid for negotiating the proposed transactions. Information respecting fees and other expenses to be incurred will be supplied by amendment.

Notice is further given that any interested person may, not later than December 21, 1966, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said supplemental declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Pennzoil Co. at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed contemporaneously with the request. At any time after said date, the supplemental declaration may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

For the Commission (pursuant to delegated authority).

TARIFF COMMISSION

COTTON TYPEWRITER-RIBBON CLOTH

Report to the President

The Tariff Commission reported to the President today that restoration of the concession rates of duty on cotton typewriter-ribbon cloth is not likely to jeopardize the economic position of the domestic industry because the reduction in duty that it would produce is not large enough to upset other more dominant forces. The Long Term Arrangement Regarding International Trade in Cotton Textiles, one of those forces, authorizes the United States to request a foreign country to impose export restrictions on any cotton product that is causing serious market disruption. If the exporting country does not accede to such request, the United States is authorized to apply unilateral restrictions on the respective imports. Japan, the predominant U.S. supplier of cotton typewriter-ribbon cloth, limits its exports of such fabrics to the United States pursuant to a bilateral agreement negotiated under the provisions of the Long-Term Arrangement.

The Commission's advice was included in its report on investigation No. TEA-IA-8 submitted to the President to assist him in determining whether or not to reduce or terminate the increase in rates of duty on cotton typewriter-ribbon cloth imposed in 1960 under the escape-clause procedure of the Trade Agreements Extension Act of 1951.

The Commission's investigation was conducted under the provisions of section 351(d)(2) of the Trade Expansion Act of 1962. That act provides that increases in import restrictions imposed under the escape-clause procedure, may be reduced or terminated by the President when he determines, after taking into account advice received from the Tariff Commission under section 351(d)(2) and after seeking advice of the Secretary of Commerce and the Secretary of Labor, that such reduction or termination is in the national interest. The Trade Expansion Act also provides that increases in import restrictions imposed under the 1951 act shall terminate automatically on October 11, 1967, unless further extended by the President following petition by the domestic industry and investigation and advice by the Tariff Commission under section 351(d)(3).

Most of the material reported to the President may not be made public since it includes information that would reveal the operations of individual firms. The Commission, therefore, is releasing only the introductory material to the report and the Commission's statement of its judgment of the probable economic effect of reduction or termination of the increase in the rates of duty.

Copies of the public report are available upon request as long as the limited supply lasts. Requests should be addressed to the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, D.C. 20436.

Released: December 5, 1966.

By direction of the Commission.

MOTOR CARRIER, BROKER, WATER CARRIER, AND FREIGHT FORWARDER APPLICATIONS

DECEMBER 2, 1966.

The following applications are governed by Special Rule 1.247[1] of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with § 1.247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing

in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of § 1.247(d) (4) of the special rule, and shall include the certification required therein.

Section 1.247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.
