How To Find U.S. Statutes and United States Code Citations

[Revised Edition—1965]

This pamphlet contains typical legal references which require further citing. The official published volumes in which the citations may be found are shown alongside each reference-with suggestions as to the logical sequence to follow in using them. Additional finding aids, some especially useful in citing current legislation, also have been included. Examples are furnished at pertinent points and a list of references, with descriptions, is carried at the end.

This revised edition contains illustrations of principal finding aids and reflects the changes made in the new master table of statutes set out in the 1964 edition of the United States Code.

(Codification Guide)

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears at the end of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1967, and specifies how they are affected.

Title 7—AGRICULTURE

Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture

SUBCHAPTER 8—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

[Amdt. 10]

PART 728-WHEAT

Subpart—Regulations Pertaining to Acreage Allotments, Yields, Wheat Diversion and Wheat Certificate Programs for Crop Years 1966— 1969

COUNTY ACREAGE ALLOTMENTS FOR 1968 CROP OF WHEAT

The regulations governing the 1966-69 wheat program (31 F.R. 8758), as amended, are hereby further amended by adding §§ 728.346 and 728.347 to read as follows:

§ 728.346 Basis and purpose.

(a) The county acreage allotments for 1968 crop wheat contained herein have been determined under section 334 of the Agricultural Adjustment Act of 1938, as amended. The purpose of this document is to apportion among the countles of each State the respective State wheat acreage allotments, less reserves for (1) new farms and (2) appeals, corrections and missed farms as recommended by the respective ASC State committees for 1968.

(b) Section 334(b) of the Agricultural Adjustment Act of 1938, as amended, provides that the State acreage allotments for wheat, less a reserve of not to exceed 3 per centum thereof for new farms, shall be apportioned by the Secretary among the counties in the State on the basis of the preceding year's wheat allotment in each county, including all amounts allotted to the county, adjusted to the extent deemed necessary by the Secretary in order to establish a fair and equitable apportionment base for each county, taking into considera-tion established crop rotation practices, estimated decrease in farm allotments because of loss of history, and other relevant factors

(c) The 1968 State acreage allotments for wheat less reserves for (1) new farms, and (2) appeals, corrections, and missed farms were apportioned among the counties in the various States as

follows

(d) (1) To each 1967 county wheat allotment determined under section 334(b) of the act, as amended, and published in the Federal Register of August 4, 1966 (31 F.R. 10449) and increased 15 percent by further amendment published in the FEDERAL REGISTER of September 9, 1966 (31 F.R. 11859) was added the sum of 1967 allotment acreage allocated to counties in each State from the special national acreage reserve to increase allotments on eligible farms in designated counties where wheat is a major incomeproducing crop. The resulting pre-liminary apportionment bases for each county were (1) adjusted to reflect the net plus or minus change in 1967 wheat allotment resulting from the transfer of farms to other counties for administrative purposes, and (ii) were adjusted downward to the extent of the sum of 1967 wheat allotment received from farms going out of agricultural produc-

(2) Adjustments in county preliminary apportionment bases for established crop rotation practices and other relevant factors were made to the extent deemed necessary to establish a fair and equitable apportionment base for each county. The State wheat acreage allotment less a reserve for new farms and a reserve for appeals and corrections and missed farms was distributed pro rata to counties on the basis of each county's apportionment base determined in accordance with the foregoing.

(e) The tables contained in § 728.347 hereof show the apportionment of the

1968 State wheat acreage allotment to counties. The reserve acreage for new farms and the reserve for appeals, corrections of errors and missed farms withheld from the State allotment are listed at the end of the allotment tabulation for each State. The reserve acreage withheld by county committees for appeals, corrections of errors, and missed farms prior to apportioning the county allotment to individual farms is indicated in the appropriate column on the tabulation.

(f) Since farmers in the winter wheat area will begin 1968 wheat planting operations shortly, it is hereby found that the apportionment and determinations herein shall become effective upon the date of the filing of this document with the Director, Office of the Federal Register.

§ 728.347 Apportionment of the 1968 State wheat acreage allotment to counties.

Nondiscrimination and equal op-

Actions following loan closing

§ 1823.181 General.

This subpart prescribes the policies and authorizations for planning, developing, and carrying out Rural Renewal Programs in designated rural renewal areas, including providing technical assistance in developing rural renewal plans and making Rural Renewal loans. The building of industrial parks and the establishment of private and commercial enterprises are not authorized. Emphasis should be placed on rural renewal projects that will not only accomplish the primary purpose of correcting maladjustments in land use, but will also help to revitalize the economy, combat rural poverty, and increase the living standards and security of farm families and other rural residents.

§ 1823.182 Objectives and methods.

(a) The basic objective of Rural Renewal Programs is to encourage and assist local public agencies and nonprofit corporations in designated rural renewal areas in initiating, sponsoring, and carrying out land conservation and land utilization (rural renewal) projects needed to correct maladjustments in land use. This will be accomplished through such projects (including practices) to:

- (1) Control soil erosion.
- (2) Promote reforestation.
- (3) Preserve natural resources.
- (4) Protect fish and wildlife.
- (5) Develop and protect recreational facilities.
 - (6) Mitigate floods.
- (7) Prevent impairment of dams and
- (8) Conserve surface and subsurface moisture.
- (9) Protect watersheds of navigable streams.
 - (10) Protect public lands.
- (11) Protect health, safety, and welfare of rural residents through rural renewal projects that provide facilities which produce that result.
- (b) In achieving the above objectives and methods, maximum use will be made of all resources available in the rural renewal area. This will include leadership and support from local citizens, public officials, and organizations, and also any assistance available through

local. State, and Federal governmental sources, as well as from private sources.

§ 1823.183 Farmers Home Administration responsibilities.

The Farmers Home Administration (FHA) is responsible for coordinating, directing, and supervising Rural Renewal Programs. The broadest possible use will be made of all existing authorizations of the U.S. Department of Agriculture and other departments and agencies of Federal and State Governments in assisting to promote the conservation and better use of land resources in designated rural renewal areas.

§ 1823.184 Definitions.

(a) State agency. This is any executive, administrative or regulatory agency or instrumentality of a State government with planning or supervisory jurisdiction over land conservation and utilization programs, and the investigation of conditions and factors affecting land conservation and utilization in rural renewal areas. If no single State agency has adequate statutory authority, the State agency will be the Governor or a State agency designated by him.

(b) Local agency. This means one or more local public agencies or local nonprofit corporations that are recognized by the State agency as being authorized to undertake land conservation and land utilization programs in the rural renewal area. The local agency may be a Rural

Development Authority.

(1) Local public agency. A local public agency is a county, municipality, or other subdivision, instrumentality, or agency of the State. This includes public agencies created by, or pursuant to, State law for making improvements of a public nature even though some of the improvements may be on privately owned land.

(2) Nonprofit corporation. The term "nonprofit corporation" includes mutual and other irrigation, water supply, drainage and waste disposal companies or associations, ditch companies, grazing, recreation, and forestry associations, and similar organizations that are incorporated and are generally designated as private corporations operating on a nonprofit basis if their membership or stock ownership is broadly based, and if they have authority to make available services and facilities of the types authorized in this subpart.

(i) A private corporation even though organized under general business corporation laws may come within this definition if it actually will be operated on a nonprofit basis under its charter, bylaws, mortgage, or supplementary agreement provisions that may be required as a

condition of loan approval.

(c) Rural renewal area. This is a rural area, as defined in § 1823.2(c), designated by the Secretary of Agriculture.

(d) Rural renewal plan. This is a plan

developed for the rural renewal area by the local agency with the assistance of FHA and other Federal and State agencies:

(1) Designed to achieve the Rural Renewal Program objectives and carry out

one or more of the rural renewal projects described in § 1823.182.

- (2) Having the approval of the authorized State agency and the Secretary of Agriculture, or his delegate.
- (3) Limited to purposes for which Rural loans may be made under § 1823.191.
- (e) Rural renewal projects. This is a specific land conservation or land utilization development, improvement, adjustment, or activity located in a rural renewal area, covered by the rural renewal plan, and eligible for Rural Renewal loan or technical assistance, Project proposals are the basis for action in the Rural Renewal Program.
- (f) Rural Renewal loan. A Rural Renewal loan is an FHA loan from rural renewal funds to a local agency to carry out one or more rural renewal projects consistent with the rural renewal plan and loan purposes outlined in this subpart

§ 1823.185 Designation of rural renewal areas.

- (a) Made by Secretary of Agriculture. A rural renewal area may be designated by the Secretary when he determines that:
- (1) The area is primarily rural where agriculture, forestry, and related busi-nesses represent its economic base but provide inadequate income to support a reasonable level of living for a substantial number of the residents of the area.

(2) There is a need to correct maladjustments in land use through one or more of the rural renewal projects described in § 1823,182.

(3) Rural renewal projects will likely accomplish the objectives set forth in § 1823.182.

(4) The area has sufficient resources and potential to indicate that a Rural Renewal Program can result in significant improvement in the total economy of the area.

(5) There is sufficient evidence of interest among the local leaders and other residents of the area to feel assured that they will initiate and strive hard to carry out a program of land conservation and land utilization.

(6) It is evident that needed land conservation and utilization activities cannot be planned or carried out effectively unless technical or financial assistance is provided through the Rural Renewal Program.

(7) There now exists or there will be established in the area a local agency responsible for developing and implementing the Rural Renewal Program.

(b) Size of area. A designated rural renewal area may range in size from a part of a county to one or more counties, depending on the needs and circumstances peculiar to each situation However, it must be a contiguous geographic area in which the land conservation and land utilization problems and needs are fairly general and similar, and in which there is a common interest in planning and carrying out an effective Rural Renewal Program that will benefit the entire area.

(c) Request for designation. A request for rural renewal designation may be initiated by a local agency, or any other responsible group representing the area. As soon as the County Supervisor becomes aware of the interest of the local group in having the area designated as a rural renewal area, he should meet with the group or appropriate representatives of the group, to explain the procedure to be followed in making and processing a formal request for rural renewal area designation as follows:

(1) Action by local agency. A letter of request addressed to the State Director will be prepared by the local agency, or other responsible groups which will present a factual justification for the designation. The County Supervisor will assist as necessary in the preparation of this letter of request. When completed, the letter will be delivered to the County Supervisor in an original and three copies for appropriate review and handling. The following information, as a minimum, will be prepared and included in or attached to the letter:

(i) Name, address, and description of agency or groups making the request, including the names and occupations of representative leaders and an explanation of any community, civic, and other positions of leadership held.

(ii) Map of area recommended for

designation.

(iii) A brief statement reviewing the maladjustments in land use, economic trends and problems of the area, the type of agriculture, number and size of farms, number of farm families, number of other rural residents, other sources of employment in the area, income levels of residents in the area, and such other related factors as would be necessary for a good understanding of the problems of the area and the need for Rural Renewal Program assistance.

(iv) Nature, description, and purpose of rural renewal projects proposed for

the area.

(v) Extent to which the proposed projects can be carried out with assistance available through existing private or local, State, and Federal governmental sources.

(vi) Purposes for which Rural Renewal

loan funds may be needed.

(vii) An indication of the need for technical assistance not now available in planning or carrying out the Rural Renewal Program in the area.

(viii) Evidence of the interest and desire of people in the area to partici-

pate in the program.

(ix) Any other pertinent information which will be helpful in reaching a decision on the request for rural renewal

designation.

(2) Action by County Supervisor. Upon receipt of the required copies of the letter requesting a designation and the attached information, the County Supervisor will review the proposal with the County Technical Action Panel (TAP) and the County Rural Areas Development (RAD) Committee, or simpler groups. He will obtain their comments and recommendations and submit them with his own recommenda-

tions and the letter requesting rural renewal designation and related information to the State Director.

(3) Action by State Director, Upon receipt of the request for designation, the State Director will obtain, in writing, the comments and recommendations of the State TAP and the State RAD committee. The State Director will forward to the National Office such comments and recommendations and the letter of request, including all supporting data and recommendations. He also will attach a letter setting forth his comments and recommendations along with any supplementary factual data which he feels is necessary to indicate the problems and needs of the area recommended. In addition to any other observations made by the State Director, he will comment specifically on the extent to which the area meets the requirements for selection of rural renewal areas. The State Director will obtain and attach an opinion from the Office of the General Counsel explaining the status of the local agency that will apply for Rural Renewal loans and its legal sufficiency under State laws to obtain such loan, use rural renewal funds, give security, and make loan repayments.

(4) National Office action. The request for rural renewal designation along with the attached information and comments will be reviewed in the National Office.

(i) If a determination is made by the Administrator that the proposed rural renewal area meets the qualifications to receive assistance under the Rural Renewal Program, he will submit the request to the Secretary of Agriculture with a recommendation for designation of the area for rural renewal assistance.

(ii) If the Administrator determines that the area should not be designated, he will so advise the State Director with an explanation of his reasons, and will request that the State Director inform the group initiating the request.

(iii) When a rural renewal area is designated by the Secretary of Agriculture, the National Office will notify the State Director. The State Director will in turn notify the County Supervisor. The local agency or initiating group will then be advised by the County Supervisor to request the State agency to designate the official local agency, if this has not already been done. The State Director will notify the County Supervisor when a Rural Renewal Program leader will be assigned to work in the area to assist the local agency in obtaining needed technical and financial assistance in connection with planning, developing, and carrying out the Rural Renewal Program.

§ 1823.186 The rural renewal plan.

A rural renewal plan will be developed as soon as possible after a rural renewal area is designated. It will point out the maladjustments in land use and describe the corrections and improvements proposed by the local agency. The plan will be developed under the supervision, guidance, and direction of the local agency with every effort being made to obtain

the active participation of all interested groups and individuals in the area. In connection with this planning, the Rural Renewal Program leader will ascertain what plans have been developed for the area by regional, county, and local planning agencies or groups and will inform the local agency of such plans. In the development of rural renewal plans, such planning agencies or groups will be given an opportunity to participate.

(a) Establishing committees. The local agency should establish a planning committee to be primarily responsible for developing the rural renewal plan. It also should establish necessary subcommittees. Such subcommittees might include steering, community coordination, agriculture, forestry, industry, rural credit, recreation, tourism, education, health, welfare, old age assistance, local government, roads, community facilities. schools, hospitals, commerce, small business, land use planning, transportation, parks, and others that may be of assistance in developing land conservation and land utilization plans. Each subcommittee should make regular reports to the planning committee, which will summarize the results and accomplishments as shown by the reports.

(b) Rural Renewal Program leader. The Rural Renewal Program leader will assist the local agency in:

(1) Organizing and establishing planning committees.

(2) Determining planning needs.

(3) Developing a planning outline,

(4) Obtaining statistical, economic, and historical information.

(5) Informing the local agency of services available from Federal and State agencies.

(6) Analyzing resources and inventories.

(7) Obtaining the services of all Federal, State, and local agencies or groups in providing planning assistance.

(c) Planning assistance from other agencies. In order to develop a rural renewal plan, the program leader will be responsible for assisting in obtaining the services of appropriate technicians from local and State TAPs or other State and Federal agencies without cost, and from other sources at cost when there is need for a highly specialized type of technical assistance which cannot be provided by local or State TAP representatives or other State or Federal agencies.

(d) Preparing rural renewal plan. The program leader will coordinate reports of the planning committee and subcommittees and will prepare a draft of the rural renewal plan for the local agency. The proposed plan will be submitted to the County TAP and RAD Committees for review and suggestions, comments, and recommendations. The plan, including any revisions, will be submitted to the State Director who will review it with the State TAP and RAD Committees, and obtain their comments and recommendations. The State Director will then submit the rural renewal plan to the State agency for review. Before a rural renewal plan is approved, it must have been submitted to and not disapproved by the

State agency within 45 days. After favorable action has been taken by the appropriate State agency, the State Director will notify the local agency that the plan has been approved.

§ 1823.187 Rural renewal project development.

The Rural Renewal Program may involve many kinds of rural renewal projects, as described in § 1823.184(e). Detailed plans must be made for carrying out each project. These plans will include description, maps, specifications, scope. locations, costs, means, methods, time schedules, technical and financial assistance needed, and will indicate private and public sources from which needed assistance will be obtained. Many of these projects will be accomplished with technical and financial assistance from sources other than Rural Renewal loans. The Rural Renewal Program leader is responsible for assisting the local agency in obtaining technical assistance and loans from U.S. Department of Agriculture agencies, other Federal agencies, State agencies, and non-Government sources. The program leader should explain where and how such services can be obtained and assist in making arrangements with representatives of various Government agencies to meet with the local interest groups. The program leader will assist interested groups in the rural renewal area to get in touch with appropriate agency representatives; however, he should not establish himself as a representative of these agencies or assume responsibility for performing their functions.

§ 1823.188 Funds for technical assistance.

Technical assistance funds may be used in connection with providing specialized type of assistance that cannot be otherwise obtained from existing programs and services of local, State, or Federal agencies without additional cost regardless of whether the projects are actually financed with Rural Renewal loans. This will include assistance required in developing the Rural Renewal plan as well as in determining the feasibility of projects related thereto.

(a) Application. When the local agency and the Rural Renewal Program leader determine that there is a need to secure technical assistance in addition to that available from existing agencies, they will request technical assistance funds for such services. The Rural Renewal Program leader will assist the local agency in developing requests for funds for technical assistance. The local agency will give the Rural Renewal Program leader the request for technical assistance in an original and two copies for forwarding to the State Director. The agency or firm likely to be requested to provide this technical assistance will usually assist with development of the request which should include the follow-

(1) Name of the agency or firm being requested to provide the technical assistance

(2) Purpose, nature, description, and scope of technical assistance.

(3) Time schedule for completion.

(4) Determinations or findings to be made

- (5) Kind of information to be provided including reports, charts, and maps.
 - (6) Estimated cost by fiscal years.

(7) Recommended method of payment for services rendered.

(8) Justification for technical assistance including benefits to the rural renewal area, job opportunities, resource development, and economic gain.

(b) Processing and approval. The State Director will make a determination as to whether the source and type of assistance being requested is appropriate and is reasonable of accomplishment, has been properly described, and services are being requested from the appropriate agency or firm. If the State Director finds that these conditions have been met, actions will be taken in accordance with the following sources of assistance:

(1) Federal agency. The State Director will submit the request with his recommendations to the National Office. The National Office will develop an agreement between FHA and the agency involved. A copy of the signed agreement together with a memorandum outlining any additional actions or steps to be taken will be forwarded to the State Director. The State Director will notify the appropriate Federal agency representative, the local agency, and the Rural Renewal Program leader that the draft agreement has been approved.

agreement has been approved.

(2) State agency. The State Director will develop an agreement with the State agency and forward it to the National Office for approval. If the Administrator approves the agreement, he will inform the State Director by memorandum specifying any approval conditions which must be met and authorizing him to execute the agreement with the State agency. An original and two copies of the agreement will be executed. The local agency and Rural Renewal Program leader will be notified as soon as the agreement is executed.

(3) Private or commercial firm. The State Director will develop an agreement between FHA and the local agency for furnishing technical assistance. He will also develop a contract between the local agency and the firm being requested to perform the services. The proposed agreement and contract will be forwarded to the National Office for review. If the Administrator concurs with the provision of the documents, he will authorize the State Director to execute the agreement and endorse the contract, specifying any conditions which must be met. The State Director will sign an original and three copies of the agreement and send them to the Rural Renewal Program leader for signatures of the appropriate official of the local agency. The State Director also will endorse the original and three copies of the contract.

 Subsequent requests for technical assistance from private or commercial

firms will be processed in accordance with this subpart. It usually will not be necessary to execute a subsequent agreement between the FHA and the local agency. However, separate contracts will be required for each technical assistance request.

§ 1823.189 Eligibility for Rural Renewal loans.

A local agency is eligible for a Rural Renewal loan for authorized purposes provided it is unable to obtain needed credit from other sources; can provide security in accordance with § 1823.194; has reasonable prospects of repaying the loan; has authority under State and local laws to borrow funds, acquire necessary land rights, buy, sell, improve, develop, operate, and maintain property, and raise revenues to repay loans and meet other obligations; and is financially sound and so organized and managed that it will be able to provide efficient service. A local agency may receive assistance for more than one of the major purposes listed when it is organized with the necessary powers conferred by State law to engage in multiple purpose activities. Any questions on eligibility will be resolved prior to development of a loan docket.

(a) Nonprofit corporations—(1) Membership. The membership or stock ownership of nonprofit corporations should be broadly based and representative of the rural areas benefiting from the facility. Membership on the governing board of the corporation will be limited to those living in the area to be benefited unless for justifiable reasons the State Director gives prior approval for other than local rural residents to serve on the board of directors.

(2) Eligibility for assistance. To be eligible for financial assistance, a non-profit corporation must propose a rural renewal project which will be used primarily by, or which will generate other substantial tangible benefits primarily for farmers and other residents of the rural renewal areas; located in the rural renewal area to be served; and controlled by farmers and others living in the rural renewal area.

(i) When a recreational project loan is made to a nonprofit corporation, at least two-thirds of the corporation's members or stockholders must be farmers and others residing in the rural renewal area.

(ii) A Rural Renewal loan will not be made to a nonprofit corporation to serve an area that can be served by a local public agency which has adequate authority to provide the needed service, unless prior approval of the National Office is obtained.

§ 1823.190 Loan purposes.

Rural Renewal loans may be made in rural renewal areas only, and only for carrying out projects in such areas that are listed in § 1823.182 and bear directly upon economic development and related facilities necessary to carry out such land conservation and land utilization projects. Although the primary purpose

of such projects must be land conservation or land utilization, or both, to correct maladjustments in land use, projects that meet that test will not be approved unless they also will contribute to community benefit and economic improvement of the rural renewal area, Subject to such requirements and the limitations in § 1823,191, Rural Renewal loans may be made to eligible local agencies for the following purposes:

(a) Recreational developments. To install or improve rural community out-door-oriented recreational facilities requiring substantial land use, such as:

(1) Ponds, lakes, and streams for fishing and boating.

(2) Sports areas, including little league fields, athletic fields, golf courses, target ranges, swimming pools, swimming areas, and ski slopes.

(3) Rodeo and horse show facilities, for the use of participants and performers who are primarily local residents using livestock from the immediate area.

(4) Picnic and camping areas and parks,

(5) Forest trails, caves, and other natural scenic attractions.

(6) Hunting and fishing areas and preserves.

 (7) Access roads necessary to connect recreational areas with public roadways.
 (8) Historical sites and areas.

(9) Domestic water, irrigation, drainage, or waste disposal facilities, parking areas, buildings and other improvements, equipment and facilities that are essential to the recreational development.

(b) Rural homesite developments. To purchase and develop tracts of land and construct modest dwellings thereon to be sold to low-income rural residents, provided the basic purpose is to correct maladjustments in land use and thereby protect the health, safety, or welfare of residents of the rural community, as distinguished from such purposes as merely providing improved housing, or attracting new residents, businesses, or industry to the area. Such developments include the construction of essential access roads, streets, utility lines, water facilities, sewer facilities, parks, playgrounds, lakes, outdoor-oriented recreational facilities, and other related buildings, facilities, and equipment necessary to the completion and use of the development.

(c) Soil and water development, conservation, control, and use facilities. To install, repair, or improve the following to effectuate one or more of the rural renewal projects listed in § 1823.182

 Works of improvement for flood prevention, sediment control, erosion control, and other soil and water management purposes.

(2) Irrigation facilities including storage reservoirs, diversion dams, wells, pumping plants, canals, canal lining, pipelines, sprinklers, and other such items.

(3) Open or closed drainage facilities in farm areas otherwise too wet for sustained agricultural production. (4) Soll conservation and water control facilities such as dikes, terraces, detention reservoirs, stream channels, ditches, and other special land treatment and stabilization measures or structures needed to protect farms and rural residences from water damage, provided such facilities cannot be installed or improved under, and will not conflict with other public programs like those administered by the Corps of Engineers.

(5) Water storage facilities, including outlet works for such purposes as immediate and future water supply and pollution abatement by streamflow regulation and saline water intrusion control. A loan for this purpose may include funds for pipelines and any necessary pumping facilities to convey the water from the reservoir to the existing or proposed treatment facilities or the nearest practicable point on a water distribution system.

(d) Shift-in-land-use facilities. Develop other shift-in-land-use project measures including association grazing, forestry, and other facilities through:

 Conversion of land to pasture, forest, wildlife areas, and preserves.

(2) Reorganization or reconstitution of farm management units, grazing areas or districts, or irrigation areas.

(3) Substantial reorganization of an existing land use through a system of controlled grazing or sustained yield forestry management practices.
(4) Conversion of land to uses which

(4) Conversion of land to uses which promote better conservation of soil and water resources.

(5) Conversion of land to uses such as greenbelts, and other open spaces which better serve a rural community.

(e) Acquisition of facilities, equipment, and services—(1) Purchase basic facilities and equipment. Facilities and equipment necessary for the purposes listed in paragraphs (a), (b), (c), and (d) of this section may be purchased when it is determined that ownership and operation thereof by a local agency are necessary to provide efficient service; or the owner is either unable or unwilling to make such facilities and equipment, and any necessary repairs, improvements, or enlargements, or extensions thereof available to rural renewal area residents at reasonable rates.

(2) Purchase or rent special purpose equipment. Such equipment may be purchased or rented when it is needed to install or maintain facilities described in subparagraph (1) of this paragraph, or to establish on farms, soil and water conservation measures such as terraces, ponds, land leveling for irrigation or drainage, subsolling, seeding, tree planting, and removal of brush, scattered trees, and stumps, provided:

 (i) Such equipment is not otherwise available at reasonable rates when needed;

(ii) There is sufficient need and local demand to justify ownership or rental; and

(iii) Rates to be charged on such rented equipment are sufficient to pay the rental; or on such purchased equipment if sufficient to include, among other things, an allowance for depreciation, obsolescence, and replacement based upon the recommendations of the equipment manufacturer or the experience of contractors engaged in providing services for similar types of work.

(3) Purchase or rent forestry equipment, services and facilities (other than shift-in-land use). This includes basic special-purpose equipment, facilities and supplies needed to establish approved conservation practices for the development, use, and control of land and water resources on farms and in forests. Special-purpose equipment will include such items as tractors, dozers, plows, planters, trucks, loaders, firefighting equipment, and sprayers. Facilities will include such items as ponds and reservoirs, pipelines, buildings for storage of equipment and supplies, nurseries, access roads, fire lanes, and lookout towers. Supplies will include such things as seed, seedlings, fertilizers, fencing, and pesticides. Loans for these purposes may be made only when the equipment, supplies, and facilities to be provided:

(i) Are not otherwise readily available at reasonable rates when needed; or

(ii) Are justified by the local need and demand:

(iii) Will be made available to users at rates which, in case of rented equipment, will pay the rental; and in case of purchased equipment, will cover loan amortization, obsolescence, replacement, operation; and, in the case of supplies, at least pay their cost; and

(iv) Will more efficiently serve the group through cooperative effort.

(f) Acquisition of land, sites, and rights. Acquire land, interests in land, and rights such as water rights, leases, permits, rights-of-way, and other evidence of control when acquisition of such land and rights is necessary for sites or other purposes in connection with the development of the rural renewal project.

(1) Site acquisition. A local agency may acquire sites for works of improvement in advance of construction for the purpose of reserving such sites for rural renewal project development and use.

(2) Water rights. When it is necessary to acquire a water supply or water rights, the land on which the water supply or water right is presently being used may be purchased when:

(i) The water supply or water right cannot be purchased without the land and it is determined that legally and actually the water right can be transferred from the land after the purchase; and

(ii) The value of the land is only an incidental part of the total purchase price.

(3) Public use areas. Acquire and develop land for any public use of a type listed in paragraphs (a), (b), (c), and (d) of this section.

(g) Refinancing. Refinance debts incurred by or on behalf of the applicant prior to an application for a Rural Renewal loan when all of the following conditions exist: The debts were incurred for the property, facility, or service to be installed, repaired, or improved with the

Rural Renewal loan.

(2) Arrangements cannot be made with the creditors to extend or modify the terms of the debt so that a sound basis will exist for making a Rural Renewal loan without refinancing such debts.

(3) The prior approval of the National Office will be obtained when the proposed amount to be advanced for refinancing will exceed 50 percent of the

total loan.

(h) Buildings, fences, roads, secondary facilities, and relocation. (1) Construct buildings of modest design, size, and cost essential to the successful operation or protection of authorized facilities or project measures.

(2) Construct secondary facilities such as gas or electric service lines to convey fuel or energy, or construct utilities for the control of authorized pri-

mary facilities.

(3) Build or relocate roads, bridges, utilities, fences, and other improvements when necessary to provide rights-of-way, or construct or operate the authorized facility.

Services and fees. Pay costs incidental to facilities or services accomplishing any of the above purposes

including, but not limited to:

 Paying fees or other legal expenses of establishing a water right through appropriation, agreement, permit, or court decree.

(2) Acquiring a water supply by the purchase of water stock or membership in an incorporated water users associa-

tion.

(3) Paying for hired labor, technical or professional services, and fees to be incurred in obtaining the loan, and in planning and completing the facilities or services to be financed with loan funds.

§ 1823.191 Loan limitations.

Loans will not be made for:

(a) Building industrial parks or establishing private industrial or commer-

cial enterprises.

(b) Purchase of land to be used primarily for industrial use, but this does not prohibit advances for the purchase of a tract of land a portion of which might be set aside for an industrial park. However, loan funds may not be advanced to develop such a park or to construct facilities on the portion of the tract set aside for industrial purposes.

(c) Purchase of tracts of land primarily for later resale to private developers or individuals for agricultural or

nonagricultural use.

(d) Land treatment on private or in-

dividual land units.

(e) Payment of that part of the cost of facilities, improvements, and practices which could be earned by participation in agricultural conservation programs, unless such cost cannot be covered by purchase orders or assignments of conservation payments to material suppliers or contractors. If advances are made for this purpose and the portion of the payment for which the funds are advanced

is likely to exceed \$500, the applicant will assign the conservation payment to FHA.

(f) Payment of obligations proposed to be incurred before loan closing, except with the prior written permission of the State Director upon his finding that a necessity exists for incurring obligations before loan closing, the obligations will be incurred for authorized loan purposes, contracts and construction plans meet FHA standards, and the applicant has the legal authority to incur the obligations at the time proposed. The State Director's letter will specifically state that the permission granted is on the condition that the Government is not committed to make a loan and assumes no responsibility for any obligation incurred by the applicant because of permission granted and that the applicant must subsequently meet all FHA requirements for a loan.

(g) Treatment plants and distribution systems when that is the primary pur-

pose.

(h) Drainage facilities primarily for the benefit of other than rural areas.

§ 1823.192 Rates and terms.

The interest rate for loans is the average rate payable by the U.S. Treasury on its marketable public obligations outstanding at the beginning of the fiscal year in which the loan is made, which are neither due nor callable for redemption for 15 years from date of issue. Loans will be scheduled for repayment in amortized annual installments of principal and interest over periods not to exceed 30 years from the date of loan closing, except that annual principal and interest payments may be deferred up to 5 years when there will not be sufficient income to make earlier payments.

§ 1823.193 Amount of loans.

The loan will not exceed \$250,000. It will be based on the proposed cost of the project being financed, and the applicant's resources and ability to repay the loan. In determining repayment ability, consideration will be given to all available sources of income such as taxes, assessments, fees, leases, rentals, and the sale of securities or property. If a subsequent loan is requested that would cause the total amount loaned to the applicant to exceed \$250,000, a docket will not be prepared until advice has been obtained from the National Office as to whether there is any basis on which the loan might be made.

\$ 1823,194 Security.

Loans will be secured in such manner as will protect the interest of the Government. Security will usually be contract liens on property, tax or assessment liens, or project revenues pledged for repayment of the loan.

§ 1823.195 County Committee action.

The County Committee will review each loan application and supporting information and will recommend whether there is a need for the proposed development for which loan funds are to be used.

§ 1823.196 Loan application.

(a) Form. The application will consist of a letter addressed to the State Director, prepared with the assistance of the program leader and containing the following;

(1) A brief statement of the purpose and estimated cost of the proposed development, the amount of loan needed, and the contribution, if any, to be made by the local public agency or loans made by other Federal or State agencies.

(2) Justification of need for such loan,

(3) A cost estimate which will show the construction cost, broken down by major items, the amount of engineering, legal, and supervision costs, the option price of the land to be acquired with the cost of right-of-ways and the amount of other costs. Detailed specifications, designs, drawings, and material lists which will be used in actual construction work need not be complete at this point. However, if such materials are complete and available, they should be included.

(4) A map of the area being redeveloped, giving principal features of the area and its relationship to, and distances to, nearby towns with a clearly defined outline of the proposed improvements to be installed with loan funds. The map should contain a legal description of the land to be acquired.

(5) Basic documents reflecting the powers or authorities of the local public agency for borrowing money, giving security, raising revenues, and for installation and operation of the proposed development activity.

(6) The plans of the local public agency for making assessments, charging of fees, sale of security property, and otherwise provide for the orderly repayment of the loan.

(b) Real estate appraisals. When the purchase of real estate is involved, an appraisal will be prepared by a Farmers Home Administration (FHA) employee authorized to make real estate appraisals. Such appraisals will be made to determine the present market value in accordance with the policy outlined in Part 1809 of this chapter.

(c) Review by State Director. If the State Director finds the application consistent with loan policies and objectives, he will instruct the program leader to assist the applicant in preparing a loan

docket

§ 1823.197 Preparation of loan docket.

The loan docket will consist of the following documents:

(a) Form FHA 440-3, "Record of Actions."

(b) County Committee recommendation, in the form of a narrative prepared in an original only. The recommendation will be signed by at least two members.

(c) Form FHA 440-1, "Payment Authorization."

(d) Form FHA 442-7, "Operating Budget."

(e) Agreement: An agreement between the local public agency and the FHA will be prepared with the assistance of the program leader and advice of the Office of the General Counsel. It will be § 1823.199 Loan approval and loan clesprepared in an original and three copies. One copy will be retained by the applicant and one copy will be placed in the County Office file. Form FHA 442-9, "Association Loan Resolution," may be used as a guide. The agreement will contain the following information:

- (1) Statutory authority under which the local public agency is authorized to
 - (2) The purpose of the project.
- (3) Evidence of the vote or action of the agency to engage in such an undertaking.
- (4) The amount of the loan and terms, including repayment schedule, interest rate, and date of payment of first installment.
- (5) Statement of the security to be given and its value.
- (6) The statutory authorization designation of the authority to sign the note and other legal instruments.
- (7) Sources of revenues, how revenues are to be utilized, and how allowances for operating and maintenance cost can be made.
- (8) Authority for the Treasurer or other designated officials to deposit funds, secure bonds, and incur obligations.
- (9) Authority of the Treasurer for the establishment of a construction account and revenue fund account, including debt service, operating and maintenance, and reserve accounts.
- (10) Loans made by the local public body will be made only to applicants who are unable to obtain the credit they need from private and cooperative sources at reasonable rates and terms.
- (11) Loans made by the local public body will be made for a period of 30 years at an interest rate not to exceed 5 percent.
- (f) Form FHA 443-1, "Option to Purchase Real Property: This form is not required if option has not been obtained.
- (g) Letter of application for Rural Renewal loan: Prepared in an original and three copies. One copy will be retained by the applicant.
- (h) Rural Renewal plan: Prepared in an original and two copies.

§ 1823.198 Obtaining approval authorization.

- (a) Submission to State Director. The program leader will submit the original and one copy of the assembled loan docket to the State Director with a report on the local public agency and development activity.
- (b) Submission to National Office. If the State Director concurs in the making of the loan, he will submit the original and one copy of the loan docket to the Administrator with the transmittal memorandum including his recommendations
- (c) Authorization by National Office. If the Administrator concurs in the making of the loan, he will inform the State Director by a memorandum which will authorize approval action and specifying any loan approval conditions which must be met.

- (a) Action by State Director. After receiving authorization to approve the loan, the State Director will:
- (1) Execute Forms FHA 440-1 and FHA 440-3.
- (2) Forward a copy of the authorizing memorandum and executed copies of Form FHA 440-1 and Form FHA 440-3 to the program leader.
- (3) After the loan docket and closing instructions are received from the Office of the General Counsel, the State Director will forward it to the program leader with any additional instructions for closing the loan.
- (b) Action by the program leader. Upon receipt of the loan approval, he will:
- (1) Notify the local public agency of the approval of the loan and the conditions that must be met prior to loan closing.
- (2) Deliver copies of the loan closing instructions to the applicant.
- (3) Notify the State Director of the approximate loan closing date as soon as it appears reasonably certain that loan closing instructions can be met.
- (4) Order the loan check after the applicant has complied with loan approval conditions and closing instructions except for actions to be completed on or immediately before loan closing.
- (c) Loan check. The check will be deposited in a supervised bank account. At the time of loan closing, loan funds may be disbursed for purchase of real estate and for other costs or expenditures essential to loan closing. All actions at the time of loan closing will be in accordance with closing instructions. Disbursements of loan funds for development or improvements will not be made until the program leader receives the final opinion of the Office of the General Counsel Banks in which accounts in excess of \$15,000 are maintained will provide collateral security for balances in excess of that amount.

§ 1823.200 Actions following loan closing.

- (a) Filing security instruments. Security instruments will be filed or recorded as soon as the loan is closed. A copy will be delivered to the applicant and a copy will be retained in the County Office file.
- (b) Promissory note or bond. The executed promissory note, or bond, or other legally acceptable documentary evidence of indebtedness created by the loan will be forwarded to the Finance Office as soon as the loan is closed. A copy will be delivered to the applicant and a copy will be retained in the County Office file. The note or bond will be dated the date of loan closing.
- (c) Final opinion. As soon as advice is received from the program leader of the manner in which loan approval conditions and loan closing instructions have been met, the State Director will refer the matter to the Office of the General Counsel for final opinion after loan closing. The final opinion will be forwarded to the program leader as soon as it is

received from the Office of the General Coursel.

§ 1823.201 Nondiscrimination and equal opportunity.

- All applicants and borrowers must comply with nondiscrimination and equal opportunity requirements.
- (a) Loan resolution: The loan resolution required to be adopted by the applicant shall contain the following:

Equal employment opportunity under construction contracts and nondiscrimination in the use, occupancy, and sale of housing and in any other benefits of the Rural Renewal loans. The Chairman and the Secretary of the Rural Renewal Development Authority are hereby authorized and directed to ex-ecute on behalf of the authority (a) any undertakings and agreements required by the Government pursuant to Executive Order 11063 regarding nondiscrimination in the use, occupancy, and sale of housing: (b)
Farmers Home Administration Form FHA
400-1 entitled "Equal Opportunity Agree-ment," to which is attached and made a
part hereof Farmers Home Administration
Form FHA 400-2 entitled "Equal Opportunity Clause," to be incorporated in or attached as a rider to each construction contract the amount of which exceeds \$10,000 and any part of which is paid for with funds from the loan; and (c) Farmers Home Administration Form FHA 400-4 entitled "Nondiscrimination Agreement (Under Title VI, Civil Rights Act of 1964)," a copy of which is attached hereto and made a part hereof.

(b) (1) Mortgage or other security instrument will include a provision to read

This instrument also secures the obligations and covenants of Borrower set forth in Borrower's Loan Resolution of ___

(Date) which is hereby incorporated herein by

(2) When a purpose of the loan is to finance housing for rental or sale, the mortgage or other security instrument shall contain the following covenant:

Borrower covenants and agrees that it will not, because of race, color, creed, or national origin, discriminate, or permit discrimination by any agent, lessee, operator, or representative, in the use, occupancy, or sale of the housing or related facilities financed in whole or in part with the loan in connection with which this instrument is given.

Dated: August 3, 1967.

J. V. HIGHFILL, Acting Administrator, Farmers Home Administration.

[F.R. Doc. 67-9444; Piled, Aug. 10, 1967;

Title 8-ALIENS AND NATIONALITY

Chapter I-Immigration and Naturalization Service, Department of Jus-

MISCELLANEOUS AMENDMENTS TO CHAPTER

The following amendments to Chapter I of Title 8 of the Code of Federal Regulations are hereby prescribed:

PART 100—STATEMENT OF ORGANIZATION

§ 100.4 [Amended]

The listing of Class A ports of entry of District No. 8 of subparagraph (2) Ports of entry for aliens arriving by vessel or by land transportation of paragraph (c) Suboffices of § 100.4 Field service is amended to read as follows:

DISTRICT NO. 8-DETROIT, MICH.

CLASS A

*Algonac, Mich.
Detroit, Mich.
Isie Royale, Mich.
*Marine City, Mich.
Marysville, Mich.
*Port Huron, Mich.
*Roberts Landing, Mich.

*St. Clair, Mich. *Sault Ste. Marie, Mich.

PART 103—POWERS AND DUTIES OF SERVICE OFFICERS; AVAILABILITY OF SERVICE RECORDS

§ 103.1 [Amended]

- 1. The cross reference "§ 212.1(h)" in the second sentence of paragraph (g) Officers in Charge of § 103.1 Delegations of authority is amended to read "§ 212.1 (i)."
- Subparagraph (1) of paragraph (c) of § 103.10 is amended to read as follows:

§ 103.10 Records.

(c) Places and manner of obtaining records—(1) Places. Records shall be made available in the Central Office, each regional office, any district office, and the following offices: Agana, Guam; Albany, N.Y.; Cincinnati, Ohio; Dallas, Tex.; Hammond, Ind.; Houston, Tex.; Memphis, Tenn.; Milwaukee, Wis.; Norfolk, Va.; Pittsburgh, Pa.; Providence, R.I.; Reno, Nev.; St. Louis, Mo.; Salt Lake City, Utah; San Diego, Calif.; Spokane, Wash.; additionally, in particular cases, a district director may designate any other Service office. Requests for Board records described in 28 CFR 16.6 shall be submitted to the Associate Commissioner, Management.

PART 204—PETITION TO CLASSIFY ALIEN AS IMMEDIATE RELATIVE OF A UNITED STATES CITIZEN OR AS A PREFERENCE IMMIGRANT

§ 204.2 [Amended]

. . .

The fourth sentence of subparagraph (1) General of paragraph (e) Evidence required to accompany petition for orphan of § 204.2 Documents is amended to read as follows: "When a child who has a sole or surviving parent has been adopted abroad, the requirement for an irrevocable release in writing for the child's emigration and adoption shall be considered to have been met if the adoption decree clearly sets forth that the adoptive petitioner and spouse reside in the United States and that the

child's only parent has agreed to release the child for adoption."

PART 212—DOCUMENTARY RE-QUIREMENTS: NONIMMIGRANTS; WAIVERS; ADMISSION OF CERTAIN INADMISSIBLE ALIENS; PAROLE

§ 212.4 [Amended]

The second sentence of paragraph (c) Terms of authorization of § 212.4 Applications for the exercise of discretion under section 212(d)(3) is amended to read as follows: "If the consular officer has recommended under section 212(d) (3) (A), or an applicant under section 212(d)(3)(B) seeks, the Issuance of an authorization valid for multiple entries rather than for a specified number of entries, and it is determined that the circumstances justify the issuance of the authorization valid for multiple entries, the information required by items (2) (3), and (4) shall be specified only with respect to the initial entry."

PART 214—NONIMMIGRANT CLASSES

§ 214.3 [Amended]

- 1. The last sentence of paragraph (b) Supporting documents of § 214.3 Petitions for approval of schools is amended to read as follows: "If the petitioner is a vocational, business school, or American institution of research recognized as such by the Attorney General, it must submit evidence that its courses of study are accepted as fulfilling the requirements for the attainment of an educational, professional, or vocational objective, and are not avocational or recreational in character."
- 2. Paragraph (b) of § 214.3 is further amended by the addition of the following 2 sentences at the end thereof: "If the petitioner is an institution of higher education and is not within subparagraph (1) or (2) of paragraph (c) of this section, it must submit evidence that it confers upon its graduates recognized bachelor, master, doctor, professional, or divinity degrees, or if it does not confer such degrees that its credits have been and are accepted unconditionally by at least three institutions of higher learning within subparagraph (1) or (2) of paragraph (c) of this section. If the petitioner is an elementary or secondary school and is not within subparagraph (1) or (3) of paragraph (c) of this section, it must submit evidence that attendance at the petitioning institution satisfies the compulsory attendance requirements of the State in which it is located and that the petitioning school qualifies graduates for acceptance by schools of higher educational level within subparagraph (1), (2), or (3) of paragraph (c) of this section."
- 3. The last sentence of paragraph (c) Consultation with U.S. Office of Education of § 214.3 Petitions for approval of schools is amended to read as follows: "Before a decision is made on a petition filed by any other school, the district

director shall consult the U.S. Office of Education by transmitting to that Office the petition, supporting documents and any report of interview or other inquiry conducted by the Service, with a request for advice as to whether the petitioner is an established institution of learning or other recognized place of study, is operating a bona fide school, and has the necessary facilities, personnel and finances to instruct in recognized courses."

4. Paragraph (e) Approval of petition of \$214.3 Petitions for approval of schools is amended by deleting the second and third sentences thereof.

PART 235—INSPECTION OF PERSONS APPLYING FOR ADMISSION

Paragraph (a) of § 235.1 is amended to read as follows:

§ 235.1 Scope of examination.

(a) General. Application to enter the United States shall be made in person to an immigration officer at a U.S. port of entry enumerated in Part 100 of this chapter at a time when the immigration office at the port is open for inspection.

PART 238—CONTRACTS WITH TRANSPORTATION LINES

.

§ 238.3 [Amended]

1. The list of transportation lines of paragraph (b) Signatory lines of § 238.3 Aliens in immediate and continuous transit is amended by adding the following transportation lines in alphaetical sequence: "Mohawk Airlines, Inc.," "Nordair Ltd.," and "SUEDFLUG, Sueddeutsche Fluggesellschaft mbH, Stuttgart."

§ 238.4 [Amended]

- 2. The list of transportation lines under "Vancouver" of § 238.4 Preinspection outside the United States is amended by adding the following transportation line in alphabetical sequence: "Western Airlines, Inc."
- 3. The list of transportation lines under "Toronto" of § 238.4 Preinspection outside the United States is amended by adding the following transportation line in alphabetical sequence: "North Central Airlines, Inc."

PART 316a-RESIDENCE, PHYSICAL, PRESENCE AND ABSENCE

§ 316a.4 [Amended]

The list of organizations in § 316a.4 International Organizations Immunities Act designations is amended by adding the following organization in alphabetical sequence: "International Secretariat for Volunteer Service (E.O. 11363, July 20, 1967)."

(Sec. 103, 66 Stat. 173; 8 U.S.C. 1103)

This order shall be effective on the date of its publication in the Federal Register. Compliance with the provisions of section 553 of Title 5 of the United States Code (PL. 89-554, 80 Stat.

383), as to notice of proposed rule making and delayed effective date, is unnecessary in this instance because the amendment to § 100.4(c) (2) deletes several inoperable ports; the amendment to § 103.1(g) is editorial in nature; the amendment to § 103.10 provides for reater access to Service records; the amendment to § 204.2(e) (1) relieves restrictions; the amendment to § 212.4 (e) is clarifying in nature; the amendments to § 214.3 (b), (c), and (e) are editorial in nature and relate to agency procedure; the amendment to § 235.1 is clarifying in nature; and the amendments to §§ 238.3, 238.4, and 316a.4 merely add additional transportation lines and an organization to those listings.

Dated: August 8, 1967.

RAYMOND F. FARRELL, Commissioner of Immigration and Naturalization.

[F.R. Doc. 67-9452; Piled, Aug. 10, 1967; 8:48 a.m.]

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER C-DRUGS

PART 148n-OXYTETRACYCLINE

Oxytetracycline Hydrochloride-Polymyxin B Sulfate-Benzocaine for Otic Solution

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357), and delegated by him to the Commissioner of Food and Drugs (21 CFR 2.120), § 148n.28 Oxytetracycline hydrochloride-polymyxin B sulfate-benzocaine for otic solution is amended as follows to effect an editorial change and to change the specified moisture test:

1. The first sentence of paragraph (a) (1) is changed to read "Oxytetracycline hydrochloride-polymyxin B sulfate-benzocaine for otic solution is a dry powder of oxytetracycline hydrochloride, polymyxin B sulfate, and benzocaine, packaged in combination with a suitable diluting solution which contains a preservative."

2. In paragraph (b)(2), the portion that reads "in § 141a.5(a) of" is changed to read "in § 141a.26(e) of".

This order merely effects an editorial change and a change in testing procedure that improves quality control. These amendments are nonrestrictive and noncontroversial in nature; therefore, notice and public procedure and delayed effective date are not prerequisites to this promulgation.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

(Sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357)

Dated: August 3, 1967.

J. K. KIRK,
Associate Commissioner
for Compliance.

(F.R. Doc. 67-9472; Filed, Aug. 10, 1967; 8:50 a.m.)

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

SUBCHAPTER C-AIRCRAFT

[Docket No. 7095; Amdt. 25-14]

PART 25—AIRWORTHINESS STAND-ARDS: TRANSPORT CATEGORY AIR-PLANES

Fuel System Lightning Protection

This amendment adds fuel system lightning protection design requirements for transport category airplanes. This amendment is based on, and reflects public comments concerning, item 11 of notice of proposed rule making 65-43, published in the FYDERAL REGISTER (31 P.R. 93) on January 5, 1966. (Rules based on the remainder of the items proposed in Notice 65-43 were published as miscellaneous Aircraft Propulsion System Design Requirements in 32 F.R. 6908 on May 5, 1967.)

Public comments generally agreed that fuel system lightning protection should be given design consideration. The only objections submitted concerned the degree of detail in the proposed regulation. One comment stated that the proposal was too general, was overly open to interpretation, and should be withheld until more detailed criteria are prepared. One comment took the opposite approach, stating that the proposal was too detailed and too closely tied to current knowledge of the effects of lightning on aircraft. The FAA agrees with the latter comment. While it is recognized that any general regulation requires that certain details be supplied by administration, it is believed that such flexibility is necessary and desirable in this case. The current state of knowledge concerning the protection of aircraft from lightning is expanding rapidly. Further, the need for lightning protection is too widely established to be treated only by special conditions in individual cases. The FAA therefore believes that the best course of action is to prescribe the basic design objectives contained in the notice-which include protection from direct lightning

strikes, swept lightning strokes, and corona and streamering—and administer these design objectives to reflect current progress in lightning protection techniques.

With respect to swept strokes, the notice covered each area of the airplane in which they "may occur." However, with respect to direct strikes, the notice covered only areas where there is a "high probability" of stroke attachment. A swept stroke is in fact a series of successive direct strikes swept across the surface of the airplane by the motion of the airplane. The probabilities of these two kinds of events are thus closely related. It was not the intent of the notice to require investigation of swept strokes other than those associated with the direct strikes that are covered, namely those in the areas of high probability of stroke attachment. For this reason, this amendment refers only to swept strokes in areas where they are "highly

One comment requested that the FAA look closely to continuing research for new solutions to lightning hazards, and that the possibility of inerting the airspace in the tanks be considered. The FAA agrees, and will administer this amendment to give full consideration to any solutions that research and experience show to be feasible and effective in meeting the complex hazards of lightning and its associated phenomena.

The notice proposed a new § 25.981. However, since this amendment is general in nature, it is more appropriate to add a new § 25.954. This is done.

Interested persons have been afforded an opportunity to participate in the making of this amendment. All relevant matter submitted has been fully considered.

In consideration of the foregoing, Part 25 of Subchapter C of Chapter I of Title 14 of the Code of Federal Regulations is hereby amended, effective September 10, 1967, by adding a new § 25.954 to read as follows:

§ 25.954 Fuel system lightning protection.

The fuel system must be designed and arranged to prevent the ignition of fuel vapor within the system by—

 (a) Direct lightning strikes to areas having a high probability of stroke attachment;

(b) Swept lightning strokes to areas where swept strokes are highly probable; and

(c) Corona and streamering at fuel vent outlets.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on August 7, 1967.

WILLIAM F. McKEE, Administrator.

[P.R. Doc. 67-9445; Flied, Aug. 10, 1967; 8:47 a.m.]

[Docket No. 7449; Amdt. 39-462]

PART 39—AIRWORTHINESS DIRECTIVES

Boeing Models 707 and 720 Series Airplanes

A proposal to amend Part 39 of the Federal Aviation Regulations to include an airworthiness directive designed to prevent an explosion of fuel vapors in the fuel tanks in the event of lightninginduced ignition at the fuel tank vent outlet on certain Boeing Models 707 and 720 Series airplanes was published in 31 F.R. 8833 on June 24, 1966. To accomplish this, the proposed directive required installation of a flame suppression system in the fuel tank vent outlet system or the installation of an auxiliary vent tube with a flame arrester to the vent system surge tank, or any other approved equivalent means of providing the necessary protection of the vent system.

Interested persons have been afforded an opportunity to participate in the making of the amendment and due consideration has been given to all comments received. In this connection, comments were received objecting to the proposal on the grounds that investigations and tests conducted subsequent to the Boeing aircraft accident at Elkton do not support a finding that the explosion in the fuel tanks on that airplane resulted from ignition of fuel vapors through the fuel tank vent outlet. Although investigations and tests have failed to disclose the precise mechanism of ignition which triggered the explosion in the fuel tank that occurred in that accident, the investigations do indicate that there is a possibility that lightning-induced ignition through the fuel tank vent outlet could cause such an explosion. Therefore, the FAA considers it appropriate, as a precautionary measure, to adopt requirements designed to prevent such an occurrence, particularly in view of the cata-strophic nature of fuel tank explosions. This action is consistent with previous airworthiness directives that require, as precautionary measures, the incorporation of other modifications to protect the fuel tank and fuel vent surge tanks from lightning strikes.

Comment was also received concerning the need to provide protection against the ignition of fuel by other ignition sources, such as ground fire through the vent. The comment further suggested that the FAA should also consider the possibility of lightning-induced ignition at other locations on the Boeing aircraft, such as filler caps and access plates. With respect to the matter of fuel ignition by ground fire through the vent, the FAA presently has that problem under study and it is recognized that it is a problem generally applicable to all aircraft. On the other hand, the access plates on the Boeing aircraft subject to sparking have been modified to ensure adequate bonding to the wing structure in accordance with a previous airworthiness directive. Moreover, the filler caps on the Boeing aircraft are not located in areas which are vulnerable to direct lightning strikes.

In addition, certain of the comments referred to an auxiliary vent system as being of questionable effectiveness and possibly subject to clogging by ice. Moreover, it was pointed out that this system does not protect against ignition through the vent by a ground fire. The FAA is aware that the auxiliary vent system has been shown by flight tests to be an effective means for preventing the efflux of fuel vapors through the main vent outlet. Vapor efflux would be through the auxiliary vent which is protected by a flame arrester. Moreover, the clogging of the auxiliary vent by ice would not impair the operation of the vent system. Insofar as protection from ignition through the vent by ground fire is concerned, as previously pointed out, the FAA has this problem under current

A comment was also made that all jet aircraft types, including other series of Boeing airplanes, should be covered under the protective requirements of this AD as finally enacted. The FAA has investigated the matter of lightning hazard to the fuel system on other jet airplanes, as well as other series of Boeing airplanes. Investigations to date of the vent system configuration of such airplanes has not shown that a retrofit modification of those vent systems is necessary.

Finally, a request was made for a compliance time of 7,000 hours' time in service rather than the proposed 6,000 hours, in order to fit the directive into the scheduled maintenance programs of the various operators. The FAA considers that this is a reasonable request in the light of the modifications required for compliance with this directive and the compliance time has been changed accordingly.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

Bozing. Applies to Model 707 and 720 Series airplanes, except 707-300B and -300C Series.

Compliance required within the next 7,000 hours' time in service after the effective date of this AD unless already accomplished.

To prevent explosion of fuel vapors in the fuel tanks as a result of lightning-induced ignition at the fuel tank vent outlet, accomplish one of the following, or an equivalent, approved by the Chief, Aircraft Engineering Division, PAA Western Region—

(a) Install a flame and explosion suppression system in the fuel tank vent outlet system to prevent flame propagation through the vent system following ignition of vapor by lightning at the vent outlet; or

(b) Install an auxiliary vent tube, with flame arrester, to the vent system surge tank to provide, during flight, continuous airflow inward through the existing vent outlet and outward through the protected auxiliary tube.

This amendment becomes effective September 10, 1967.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on August 7, 1967.

JAMES F. RUDOLPH, Director, Flight Standards Service. [F.R. Doc. 67-9446; Filed, Aug. 10, 1967; 8:47 a.m.]

SUBCHAPTER E-AIRSPACE
[Airspace Docket No. 67-SW-23]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Alteration of Control Zone

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the Las Vegas, N. Mex., control zone.

On June 7, 1967, a notice of proposed rule making was published in the FEDERAL REGISTER (32 F.R. 8181) stating the Federal Aviation Administration proposed to alter the Las Vegas, N. Mex., control zone.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 e.s.t., October 12, 1967, as herein set forth,

In § 71.171 (32 F.R. 2109) the Las Vegas, N. Mex., control zone is amended by adding "* * * and within 2 miles each side of the Las Vegas VORTAC 025* radial, extending from the 5-mile radius zone to 8 miles north of the VORTAC."

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Fort Worth, Tex., on August 2, 1967.

A. L. COULTES, Acting Director, Southwest Region. [F.R. Doc. 67-9433; Filed, Aug. 10, 1967; 8:46 a.m.]

[Airspace Docket No. 67-SO-76]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

The purpose of these amendments to Part 71 of the Federal Aviation Regulations is to alter the Anniston, Ala., control zone and transition area.

The Anniston control zone is described in § 71.171 (32 F.R. 2071) and the Anniston transition area is described in § 71.181 (32 F.R. 2148).

In each of these descriptions, reference is made to the Anniston Municipal Airport. Since the name of this airport has been changed to "Anniston-Calhoun County Airport," it is necessary to amend the descriptions accordingly.

Since these amendments are editorial in nature, notice and public procedure hereon are unnecessary.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective immediately, as hereinafter set forth.

In § 71.171 (32 F.R. 2071), the Anniston, Ala., control zone is amended as follows: " Anniston Municipal Airport " is deleted and " Anniston-Calhoun County Airport " is substituted therefor.

In § 71.181 (32 F.R. 2148), the Anniston, Ala., transition area is amended as follows: "Anniston Municipal Airport "is deleted and "Anniston-Calhoun County Airport "is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348(a))

Issued in East Point, Ga., on August 2, 1967.

GORDON A. WILLIAMS, Jr., Acting Director, Southern Region.

[F.R. Doc. 67-9434; Filed, Aug. 10, 1967; 8:46 a.m.]

[Airspace Docket No. 67-SW-25]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the Borger, Tex., control 200e and transition area.

On June 7, 1967, a notice of proposed rule making was published in the Federal Register (32 F.R. 8181) stating the Federal Aviation Administration proposed to alter the Borger, Tex., control zone and transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 e.s.t., October 12, 1967, as herein set forth.

In § 71.171 (32 F.R. 2078) the Borger, Tex., control zone is amended by deleting "2 miles each side of the 141° bearing from latitude 35°41'30" N., longitude 101°23'45" W., extending from the 5-mile radius zone to 7.5 miles southeast of latitude 35°41'30" N., longitude 101°23'45" W. and * * "."

In § 71.181 (32 F.R. 2160) the Borger, Tex., transition area is amended by deleting "* and within 8 miles northeast and 5 miles southwest of the 141° and 321° bearings from latitude 35°-41'30" N., longitude 101°23'45" W., extending from 5 miles northwest to 12 miles southeast of latitude 35°41'30" N., longitude 101°23'45" W."

(Sec. 307(a), Federal Aviation Act of 1958; 40 U.S.C. 1348)

Issued in Fort Worth, Tex., on August 2, 1967.

A. L. COULTER,
Acting Director, Southwest Region.

[P.R. Doc. 67-9435; Piled, Aug. 10, 1967;
8:46 a.m.]

[Airspace Docket No. 67-SO-11]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area and Revocation of Transition Area

On June 21, 1967, a notice of proposed rule making was published in the Federal Register (32 F.R. 8818) stating that the Federal Aviation Administration was considering amendments to Part 71 of the Federal Aviation Regulations that would alter the Huntsville, Ala., control zone and transition area.

Interested persons were afforded an opportunity to participate in the rule making through the submission of comments. All comments received were favorable except those submitted by Mr. George F. Epps, owner of Epps Air Park, Harvest, Ala. who requested that Epps Air Park be excluded from the 700-foot transition area. Since this exclusion would have no effect on controlled airspace requirements, it is necessary to alter the 700-foot transition area accordingly.

Subsequent to the publication of the notice, it was determined that the Decatur, Ala., transition area could be revoked as the required airspace protection for Pryor Field is contained in the Huntsville, Ala., transition area.

Since these amendments lessen the burden on the public, notice and public procedure hereon are unnecessary and they are incorporated in this rule.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 e.d.s.t., October 29, 1967, as hereinafter set forth.

In § 71.171 (32 F.R. 2071) the Huntsville, Ala., control zone is amended to read:

HUNTSVILLE, ALA.

Within a 5-mile radius of the new Huntsville-Madison County Airport (latitude 34*-38'19" N., longitude 86'46'25" W.); within 2 miles each side of the new Huntaville ILS localizer north course, extending from the 5-mile radius zone to 2.5 miles south of the Capshaw RBN; within 2 miles each side of the Huntsville VOR 220° radial, extending from the 5-mile radius zone to 7 miles southwest of the VOR; within 2 miles each side of the new Huntsville ILS localizer south course. extending from the 5-mile radius zone to 5 miles south of the south end of runway 36L; within 2 miles each side of the Decatur VOR 093° radial, extending from the 5-mile radius zone to 3 miles east of the VOR; within a 5-mile radius of the Redstone AAP (latitude 34°40'29" N., longitude 86°40'54" W.); within 2 miles each side of the 352° bearing from the Redstone RBN, extending from the 5-mile radius zone to 3 miles north of the RBN; within 2 miles each side of the 352" bearing from the Whitesburg RBN, extending from the 5-mile radius zone to 1 mile north of the RBN; within a 5-mile radius of the old Huntsville-Madison County Airport (latitude 34°41'18" N., longitude 86°35'20" W.); within 2 miles each side of the Huntaville VOR 160° raidal, extending from the 5-mile radius zone to the VOR; within 2 miles each side of the old Huntsville ILS localizer north course, extending from the 5-mile radius zone to 6 miles north of the airport; and within 3 miles north and 2 miles south of the ex-tended centerline of Runway 5, extending from the 5-mile radius zone to a point 8.5 miles northeast of the airport.

In § 71.181 (32 F.R. 2148) the Huntsville, Ala., transition area is amended to read:

HUNTSVILLE, ALA.

That airspace extending upward from 700 feet above the surface within a 15-mile radius of Redstone AAF (latitude 34*40'29" N. longitude 86*40'54" W.), excluding the airspace within a 1.5-mile radius of Epps Air Park (latitude 34*51'50" N., longitude 86*46'15" W.); within 2 miles each side of the 356* bearing from the Redstone RBN, extending from the 15-mile radius area to 11 miles north of the RBN; within 2 miles each side of the new Huntsville ILS localizer south course, extending from the 15-mile radius area to 14 miles south of the south end of runway 36L; within a 6-mile radius of Pryor Field (latitude 34*39'09.4" N. longitude 86*50'45.1" W.); within 8 miles west and 5 miles east of the Decatur VOR 352" radial, extending from the VOR to 12 miles north; within a 15-mile radius of latitude 34*40'00" N., longitude 86*37'30" W. and that airspace extending upward from 1,200 feet above the surface within a 31-mile radius of latitude 34*46'30" N., longitude 86*36'30" W.

In § 71.181 (32 F.R. 2148) the Decatur, Ala., transition area is revoked.

(Sec. 307(a), Pederal Aviation Act of 1958; 49 U.S.C. 1348(a))

Issued in East Point, Ga., on August 3, 1967.

GORDON A. WILLIAMS, Jr., Acting Director, Southern Region.

(F.R. Doc. 67-9436; Filed, Aug. 10, 1967; 8:47 a.m.)

[Airspace Docket No. 67-EA-2]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Designation of Transition Area

On page 8724 of the Federal Register for June 17, 1967, the Federal Aviation Administration published proposed regulations which would designate a 700-foot floor transition area over Great Barrington Airport, Great Barrington, Mass.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulations are hereby adopted effective 0001 e.s.t., October 12, 1967.

(Sec. 307(a), Federal Aviation Act of 1956; 72 Stat. 749; 49 U.S.C. 1348)

Issued in Jamaica, N.Y., on August 1, 1967.

WAYNE HENDERSHOT, Acting Director.

Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a 700-foot floor transition area for Great Barrington, Mass., described as follows:

GREAT BARRINGTON, MASS.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the center, 42°11'05' N., 73°24'15' W., of Great Barrington Airport, Great Barrington, Mass.; within 2 miles each side of the Runway 5 centerline extended from the 5-mile

radius area to 9 miles northeast of the end of the runway; within 2 miles each side of the Runway 11 centerline extended from the 5-mile radius area to 13 miles east of the end of the runway; within 2 miles each side of the Runway 23 centerline extended from the 5-mile radius area to 12 miles southwest of the end of the runway; within 2 miles each side of the Runway 29 centerline extended from the 5-mile radius area to 6 miles west of the end of the runway and within 5 miles east and 8 miles west of the 152° bearing from Great Barrington, Mass., RBN, 42°10′58°. N., 73°24′17° W., extending from the RBN to 12 miles southeast of the RBN. This transition area shall be effective from sunrise to sunset, daily.

[F.R. Doc. 67-9437; Filed, Aug. 10, 1967; 8:47 a.m.]

[Airspace Docket No., 67-SW-22]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Designation of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to designate the Pampa, Tex., transition area.

On June 7, 1967, a notice of proposed rule making was published in the Federal Register (32 F.R. 8182) stating the Federal Aviation Administration proposed to designate the Pampa, Tex., transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 e.s.t., October 12, 1967, as herein set forth.

In § 71.181 (32 F.R. 2148) the Pampa, Tex., transition area is designated as follows:

PAMPA, TEX.

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Perry Le Fors Airport (latitude 35°36′25″ N., longitude 100°59′55″ W.), and within 2 miles each side of the 001° bearing from the Pampa RBN (latitude 35°36′40″ N., longitude 100°59′45″ W.), extending from the 7-mile radius area to 8 miles north of the RBN.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Forth Worth, Tex., on August 2, 1967.

A. L. Coulter, Acting Director, Southwest Region.

[P.R. Doc. 67-9438; Filed, Aug. 10, 1967; 8:47 a.m.]

[Airspace Docket No. 67-WE-17]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Designation of Control Zone and Transition Area

On June 28, 1967, there was published in the Federal Register (32 F.R. 9172) a notice of proposed rule making, F.R. Doc.

67-7280, regarding the designation of a control zone and a 700-foot transition area for the new Sacramento County Metropolitan Airport, Sacramento, Calif.

Interested persons were afforded an opportunity to participate in the rule-making through submission of comments. Due consideration was given to all relevant matter presented.

One objection was received, this from the representative of Spangler Bros., Inc., Nicholas, Calif. The basis for the objection was that the designation of the proposed control zone and 700-foot transition area for the new Sacramento County Metropolitan Airport would adversely affect the aircraft operations of Spangler Bros., Inc., including the utilization of aircraft for planting, spraying, dusting, inspecting, and duck herding. According to the objection received, these operations are presently being conducted in airspace that will be part of the controlled airspace proposed.

Designation of Sacramento County Metropolitan Airport control zone and 700-foot transition area as proposed affects the above operations of Spangler Bros., Inc., as well as similar operations of others, only to the extent that these operations must now be conducted in accordance with the applicable provisions of Parts 91 and 137 of the Federal Aviation Regulations (FARs) relating to operating within a control zone and controlled airspace in general. The incidental effect of subjecting an operation to the provisions of Parts 91 and 137 of the FARs does not afford sufficient basis for altering the control zone and 700-foot transition area, as proposed, where the designation of this controlled airspace is otherwise justified and required.

The Federal Aviation Administration has determined after a comprehensive review of the airspace for the new Sacramento County Metropolitan Airport that a 5-mile control zone and extensions to the north and south are justified and required to protect aircraft executing prescribed instrument approach and departure procedures while operating below 1,000 feet above the surface. The 700-foot transition area is justified and required to provide controlled airspace to protect aircraft executing prescribed instrument approach procedures during decent from 1,500 to 700 feet above the surface and during climb from 700 to 1,200 feet above the surface.

Therefore, good cause exists to establish the proposed Sacramento County Metropolitan Airport control zone and 700-foot transition area as published in the Federal Register (32 F.R. 9172).

Effective date. This amendment shall be effective 0001 e.s.t., October 12, 1967.

Issued in Los Angeles, Calif., on August 4, 1967.

LEE E. WARREN, Acting Director, Western Region.

In § 71.171 (32 F.R. 2071) the following control zone is added:

SACRAMENTO, CALIP. (SACRAMENTO COUNTY METROPOLITAN AIRPORT)

That airspace within a 5-mile radius of the Sacramento County Metropolitan Airport (latitude 38°41'43" N., longitude 121°36'01"

W.), and within 2 miles each side of the Sacramento County Metropolitan Airport localizer (latitude 38°40'32" N., longitude 121°36' 02" W.) N and S courses, extending from the 5-mile radius zone to 6 miles north and south of the airport; and including that airspace adjoining the McClellan AFB and Sacramento Municipal Airport control zones between latitude 38°41'43" N. and the Sacramento VORTAC 351° T radial.

In § 71.181 (32 F.R. 2247) amend the Sacramento, Calif., transition area by deleting, "* * that airspace northeast of Sacramento within an arc of a 38-mile radius circle centered on the Sacramento VORTAC, bounded on the west and southwest by the east edge of V-23 * * ", and substituting therefor, "* * that airspace within an arc of a 38-mile radius circle centered on the Sacramento VORTAC, bounded on the west by the west edge of V-23, and on the southwest by the northeast edge of V-23 * * "."

[F.R. Doc. 67-9439; Filed, Aug. 10, 1967; 8:47 a.m.]

[Airspace Docket No. 67-WE-36]

PART 71—DESIGNATION OF FED-ERAL AIRWAYS, CONTROLLED AIR-SPACE, AND REPORTING POINTS

Designation of Control Zone and Transition Area

On page 9706 of the Federal Register dated July 4, 1967, there was published a notice of proposed rule making to amend Part 71 of the Federal Aviation Regulations by designating a control zone and transition area in the Worland, Wyo., area. Interested persons were given 30 days in which to submit written comments, suggestions, or objections regarding the proposed airspace actions.

No objections have been received and the proposed amendments are hereby adopted without change.

Effective date. These amendments shall be effective 0001 e.s.t., October 12,

1967.

Issued in Los Angeles, Calif., on Au-

gust 3, 1967.

Lee E. Warren,

Acting Director, Western Region.

In § 71.171 (32 F.R. 2071) the following control zone is added:

WORLAND, WYO.

Within a 5-mile radius of Worland Municipal Airport (latitude 43°58'10" N., longitude 107'56'50" W.), and within 2 miles each side of the Worland VOR 352" radial, extending from the 5-mile radius zone to 8 miles north of the VOR.

In § 71.181 (32 F.R. 2148) the following transition area is added:

WOHLAND, WYO.

That airspace extending upward from 700 feet above the surface, within 8 miles west and 6 miles east of the Worland VOR 352° and 172° radials, extending from 13 miles north to 7 miles south of the VOR; that airspace extending upward from 1,200 feet above the surface, within a 23-mile radius of Worland VOR.

SUBCHAPTER F-AIR TRAFFIC AND GENERAL OPERATING RULES

[Reg. Docket No. 8310; Amdt. 548]

PART 97-STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

The amendments to the standard instrument approach procedures contained herein are adopted to become effective when indicated in order to promote safety. The amended procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the complete procedure is republished in this amendment indicating the changes to the existing procedures

As a situation exists which demands immediate action in the interests of safety in air commerce, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 97 (14 CFR Part 97) is amended as follows:

By amending the following low or medium frequency range procedures prescribed in § 97.11(a) to read:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, beadings, courses and radials are magnetic. Elevations and allitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except yieldilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, miles an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal A viation Agency. Initial approaches thall be made over specified routes. Minimum altitudes shall correspond with those established for an route operation in the particular area or as set forth below.

RULES AND REGULATIONS

6. By amending the following radar procedures prescribed in § 97.19 to read:

RADAE STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If a rader instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure for such sixport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the radar controller. From initial contact with radar to final attorized landing minimums, the instructions of the radar controller are mandatory except when (A) visual contact is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach, except when the radar controller may direct otherwise prior to final approach and approach is provided below when (A) communication on final approach is lost for more than 5 seconds during a precision approach; (B) directed by radar controller; (C) visual contact is not established upon descent to authorized landing minimums; or (D) if landing is not accomplished.

Transition				Ceiling and visibility minimums				
From-	то-	- Course and distance	Minimum altitude (feet)	-	2-engine	or less	More than 2-engine, more than 65 knots	
				Condition	65 knots or less	More than 65 knots		
miles NW and 5 mils 8E of Runway 4-22 centerline extended. 10°-20°-70°-50°-70°-90°-90°-90°-90°-90°-90°-90°-90°-90°-9	146" 070" 085° 140" 105° 220" 270° 315°	7-17. 7-17. 7-35. 17-35. 17-35. 15-35. 15-35. 15-35. 17-25. 27-35.	4300 5500 7000 6000 8000 7000 5000 5000		800-1 700-1	300-1 800-1 700-1 600-1 800-2	% 200- 800- 700- 600- 800-	

All sector azimuths and altitudes are clockwise from antenna located on airport.

If visual contact not established upon descent to authorized landing minimums or if landing not accomplished: Runway 22—Climb to 4000' on 224° ers from LOM within 20 miles. Runway 4—Climb to 3600' on 044° ers from BON RBn within 15 miles. Caurious: Abrupt changes in terrain elevation adjacent to procedure ness. NW. Due high terrain, aircraft with limited climb capability departing on routes via HMV VORTAC should request clearance to climb on a track of 044° from Boone RBn or 224° from LOM to 4000' before continuing climb on crs.

%Runways 4 and 22 only.

#Reduction not authorized.

*Maintain 2300' until passing 2½-mile Radar Fix on final.

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I-Agricultural Research Service, Department of Agriculture

SUBCHAPTER C-INTERSTATE TRANSPORTATION OF ANIMALS AND POULTRY

PART 74-SCABIES IN SHEEP

Interstate Movement

Pursuant to the provisions of sections 4 through 7 of the Act of May 29. 1884, as amended, sections 1 and 2 of the Act of February 2, 1903, as amended, and sections 1 through 4 of the Act of March 3, 1905, as amended (21 U.S.C. 111-113, 115, 117, 120, 121, 123-126) Part 74. Subchapter C, Chapter I. Title 9, Code of Federal Regulations, as amended, is hereby further amended in the following respects:

1. Section 74.2 is amended as follows: (1) By changing the heading and the introductory paragraph to read, respectively:

§ 74.2 Designation of free areas.

Notice is hereby given that sheep in the following States, Territories, and District are not known to be infected with scables, and such States, Territories, and District are hereby designated as free areas:

(2) By inserting "Illinois," in alpha-

betical order in the list of free areas in paragraph (a) (1); and
(3) By deleting "(1)" preceding the list of free areas in paragraph (a) (1) and by deleting all of subparagraph (2) and paragraph (b).

2. Section 74.3 is amended to read as follows:

§ 74.3 Notice concerning sheep scables.

Notice is hereby given that although sheep scables is not known to exist in any State, Territory, or District designated as a free area in § 74.2 at this time, scables is a disease which by its nature may exist without showing symptoms during the summer months and reappear during cold-weather months. Historically some outbreaks of scables have occurred in areas which immediately theretofore appeared to be free of scables. Therefore in view of the nature of the disease and its prior existence in the United States, it is necessary to continue surveillance over flocks in the areas designated as free areas and to continue to regulate the interstate movement of sheep as provided in this part.

(Secs. 4-7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1-4, 33 Stat. 1264, as amended, 1265, as amended; 21 U.S.C. 111-113, 115, 117, 120, 121, 123-126; 20 P.R. 16210, as amended; 30 F.R. 5799, as amended)

The foregoing amendments terminate the designation of De Kalb County and Lake County, Ill., as infected areas and tradication areas, and classify Illinois as free area for purposes of the regulations. The amendments relieve restric-

tions heretofore applicable to the interstate movement of sheep from or into infected or eradication areas, but leave in effect other provisions of the regulations relating to the interstate movement of sheep from or into free areas. The amendments must be made effective promptly to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under the administrative procedure provisions of 5 U.S.C. section 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable and unnecessary, and good cause is found for making the amendments effective less than 30 days after publication in the FEDERAL REGISTER.

Effective date. The foregoing amendments shall become effective upon publication in the FEDERAL REGISTER. However. the revocation by such amendments of the designation of infected areas or eradication areas shall not affect violations of the regulations that occurred, liabilities that were incurred, or rights that accrued prior to said effective date.

Done at Washington, D.C., this 8th day of August 1967.

> F. J. MULHERN. Deputy Administrator, Agricultural Research Service.

Title 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

[Release No. 34-8135]

PART 240-GENERAL RULES AND REGULATIONS, SECURITIES EX-CHANGE ACT OF 1934

Rules Regarding Conduct, Supervision and Records of Brokers and Dealers Not Members of National Securities Association

On October 25, 1966, in Securities Exchange Act Release No. 7984, and in the FEDERAL REGISTER of October 29, 1966 (32) F.R. 13919), the Securities and Exchange Commission published a proposal to adopt Rules 15b10-1 (17 CFR 240,-15b10-1) (Definitions), 15b10-2 (17 CFR 240,15b10-2) (General Business Conduct), 15b10-3 (17 CFR 240.15b10-3) (Suitability of Recommendations), 15b10-4 (17 CFR 240.15b10-4) (Supervision of Associated Persons), 15b10-5 (17 CFR 240,15b10-5) (Discretionary Authority) and 15b10-6 (17 CFR 240,-15b10-6) (Record Keeping) under the Securities Exchange Act of 1934 as amended. The Commission has considered the comments and suggestions received and has adopted the rules as stated below effective October 2, 1967. As adopted, the rules relating to suitability of recommendations, supervision and record keeping have been modified.

These rules establish standards of supervision, general business conduct, and suitability of recommendations, regulate discretionary accounts, and impose additional recordkeeping requirements upon brokers and dealers who are registered with the Commission and not members of a registered national securities association.

For many years members of the NASD and the exchanges have been subject to rules of these self-regulatory associations regulating selling practices and setting forth just and equitable principles of trade and standards of high commercial honor. Suitability standards have been applicable to brokers and dealers who are members of self-regulatory organizations, including the NASD, under the rules of conduct of such organizations. Section 15(b) (10), which was added to the Exchange Act by the Securities Act Amendments of 1964, contemplates that the Commission also will adopt rules in this area to be applicable to brokerdealers who are not members of a registered national securities association. Rule 15b10-3 (17 CFR 240.15b10-3) and the other rules are being adopted pursuant to the responsibilities placed upon the Commission by section 15(b)(10), which are intended to correspond to the responsibilities of the NASD in this area with respect to its members. Section 15 (b) (10) provides:

No broker or dealer subject to paragraph (8) of this subsection shall effect any transaction in, or induce the purchase or sale of, any security (otherwise than on a national securities exchange) in contravention of such rules and regulations as the Commission may prescribe designed to promote just and equitable principles of trade, to provide safeguards against unreasonable profits or unreasonable rates of commissions or other charges, and in general to protect investors and the public interest, and to remove impediments to and perfect the mechanism of a free and open market.

Despite the long-standing existence of the NASD rules on suitability and related matters, the Commission believes that it is not inappropriate to delay the effectiveness of the new rules beyond the minimum 30-day period required by the Administrative Procedure Act section 4, as codified, 5 U.S.C. Section 553 (1966) in order to permit broker-dealers who will be subject to the new rules an adequate opportunity to familiarize themselves with the regulatory standards and to establish appropriate record keeping and supervisory practices to comply with the procedural aspects of the rules. The rules will accordingly not become effective until October 2, 1967. In addition. the Commission expects to publish releases from time to time reflecting in-terpretations of the new rules, and broker-dealers who have any questions concerning the applicability of the rules to particular situations may request an interpretation from the Chief Counsel of the Division of Trading and Markets.

¹ At present, the National Association of Securities Dealers, Inc. ("NASD"), is the only such association.

either before or after the date on which the new rules go into effect.

Rule 15b10-1 (17 CFR 240.15b10-1). Definitions. Rule 15b10-1 (17 CFR \$240.15b10-1) defines the terms "non-member broker or dealer," "associated person" and "complaint" as they are used in Rules 15b10-2 through 15b10-7 (17 CFR 240.15b10-2—15b10-7) inclusive.

Rule 15b10-2 (17 CFR 240.15b10-2). General business conduct. Rule 15b10-2 (17 CFR 240.15b10-2) requires that nonmember brokers and dealers and their associated persons adhere to high standards of commercial honor and just and equitable principles of trade in the conduct of their business. The rule is intended to impose a general ethical standard of fair dealing on such persons.

Rule 15b10-3 (17 CFR 240.15b10-3). Suitability of recommendations. Rule 15b10-3 (17 CFR 240.15b10-3) is intended to require a nonmember brokerdealer, or an associated person, to concern himself with securing the facts and circumstances pertaining to the transaction and the customer to permit him to make a reasonable judgment that the transaction recommended to the customer is not unsuitable for him. Under the rule the broker or dealer, and his associated persons, when recommending a transaction to a customer, are expected to make reasonable inquiry concerning the customer's investment objectives, and his financial situation and needs. Information concerning financial situation and needs would ordinarily include information concerning the customer's marital status, the number and age of his dependents, his earnings, the amount of his savings and life insurance, and his security holdings and other assets. The broker-dealer and his associated persons may rely on the information furnished by the customer.

The nature and extent of the inquiry to be made by the broker-dealer will depend on all the facts and circumstances. Thus, depending on the length of the interval between recommendations, it might be sufficient simply to ask the customer whether there has been any material change in his circumstances since the previous inquiry. Moreover, the broker-dealer is not precluded from making a recommendation because the customer, after a reasonable inquiry, declines to furnish information concerning his investment objectives, financial situation and needs.

Rule 15b10-3 (17 CFR 240.15b10-3) is not an attempt to second-guess the exercise of the reasonable business judgment of a broker-dealer or to make him an insurer of favorable investment performance. The recommendation must be judged in the light of the information available to the broker-dealer after reasonable inquiry as to the customer's situation at the time of the recommendation and not by reference to subsequent events. The rule will not affect legitimate sales efforts in the securities industry, and it is not intended that a general distribution of a market letter, research report or other similar material would in itself constitute a recommendation within the meaning of this rule.

The rule, which is not being adopted under the antifraud provisions of the Exchange Act, would not affect the obligations of broker-dealers under those provisions of that Act or the rules thereunder which prohibit or prevent fraudulent conduct.

Rule 15b10-4 (17 CFR 240.15b10-4). Supervision of associated persons. The rule has been modified so that the broker or dealer will have increased flexibility in determining how best to satisfy the duties imposed by the rule.

Rule 15b10-4 (17 CFR 240.15b10-4) imposes a general duty on nonmember brokers and dealers to supervise diligently the securities activities of their associated persons." As part of this general duty each nonmember broker-dealer is required to maintain and enforce written procedures setting forth the measures adopted by the broker-dealer to comply with the duties imposed by the rule. Each nonmember broker-dealer must keep a copy of these procedures in each business office. Furthermore, each such broker-dealer is required to designate certain of his associated persons as supervisors. Every associated person of the broker-dealer must be subject to the supervision of one such supervisor.

The rule requires that the written procedures include the review and written approval of the opening of new customer accounts; frequent examination of customer accounts; and the prompt review and written approval of all securities transactions and correspondence pertaining to the solicitation and execution of all securities transactions. Written approval may be made on copies of order tickets or confirmations, the daily blotter, or by any other method which would indicate a proper review of the transactions by the designated supervisor.

In addition, the rule requires that the written procedures include special supervisory treatment for discretionary accounts. A supervisor is required to approve in writing the delegation by any customer of discretionary authority with respect to his account to a stated associated person of the broker-dealer and is required to approve promptly in writing every discretionary transaction effected on behalf of such customer.

Further, a supervisor is required to review promptly and approve in writing the handling of all customer complaints which are handled by or pertain to the

associated persons subject to his supervision. As defined in Rule 15b10-1 (17 CFR 240.15b10-1), a complaint is any written statement by a customer, or a person acting on the customer's grievance involving the securities activities of the broker-dealer or of any associated person.

The supervision rule contemplates that every customer account and all transactions, correspondence and complaints pertaining to that account shall be subject to the supervision of at least one such supervisor. In selecting the individuals to carry out the required supervisory procedures, the broker-dealer should take into consideration the need for qualified individuals in such positions. Furthermore, the Commission has recognized the need for special qualifications for supervisors by imposing higher passing grade requirements for principals and supervisors who must take the Commission's examination. Full compliance with the rule, therefore, will involve careful selection of only the most qualified individuals to perform the required supervisory functions.

In addition to requiring the direct supervision over the securities activities of the broker-dealer's associated persons by a designated supervisor, the rule also requires that broker-dealers with more than one such supervisor maintain a secondary level of overall supervision in order to review and supplement the supervision effected by the supervisors. Part of the responsibilities of the overall supervisor or supervisors is to inspect each business office of the broker or dealer periodically. This office inspection should include but not be limited to the examination of the complaints of, or on behalf of, customers of such office.

Rule 15b10-5 (17 CFR 240.15b10-5). Discretionary authority. Rule 15b10-5 (17 CFR 240.15b10-5), which governs discretionary accounts, is intended to safeguard against malpractices and abuses that occur in the creation and handling of such accounts. The rule requires the person who is to exercise discretionary authority in any account to be specifically so authorized in writing by the customer. The rule also requires that the broker-dealer's records state the reasons given by the customer for granting discretionary authority in his account, Every transaction effected in a discretionary account must be promptly approved in writing by a person with supervisory responsibility.

Rule 15b10-6 (17 CFR 240.15b10-6). Record keeping. The rule as proposed has been modified to further distinguish between customer accounts opened prior and subsequent to the effective date of the rule and to enable nonmember brokers or dealers to keep the required records at any appropriate office of the broker or dealer, except that copies of complaints and records of what action, if any, has been taken by the broker or

Rules 10b-5 and 15c1-2 (17 CFR 240.10b-5 and 15c1-2).

²The Commission in its decisions has continually recognized the need for greater broker-dealer supervision and the Special Study of Securities Markets ("Special Study") emphasized the need for such supervision:

The supervision by the broker-dealers of the selling activities of their personnel, purticularly in branch offices, should be generally strengthened by the adoption of appropriate procedures. The Commission should adopt rules to facilitate and reinforce controls by firms, the self-regulatory bodies and the Commission over selling practices * *. (Special Study, Part I, pp. 328, 329)

The Special Study urged that those persons who are branch office managers should be relieved of ordinary selling responsibilities. See Special Study, pt. I. p. 328.

dealer with respect to such complaints. must be maintained in the local office through which the customer account is

Rule 15b10-6 (17 CFR 240.15b10-6) requires nonmember brokers and dealers to make and keep current specified records designed to complement certain provisions of the rules on suitability (Rule 15b10-3) (17 CFR 240.15b10-3), personnel supervision (Rule 15b10-4) (17 CFR 240.15b10-4), and discretionary accounts (Rule 15b10-5) (17 CFR 240.15b10-5). It does not duplicate any of the record keeping requirements to which nonmember brokers and dealers are already subject under Rule 17a-3 (17 CFR 240.17a-3) of the Exchange Act.

The rule requires that a record be kept for each person who becomes a customer after the effective date of the rule, which record shall state the customer's name, date of birth, address, nationality or citizenship, tax identification or social security number and the signatures of the customer, the associated person regularly handling the account and a supervisor designated pursuant to subparagraph (b) of Rule 15b10-4 (17 CFR 240.-15b10-4). Where the broker-dealer, or any associated person, has made any recommendation to the customer to purchase, sell or exchange any security, the record must also state the customer's occupation, marital status, investment objectives, information concerning the customer's financial situation and needs which the broker-dealer or associated person considered in making the recommendation, and the signature of the broker or dealer or associated person who made the recommendation, However, the requirement that the customer's record be kept current does not mean that information dealing with the customer's investment objectives, financial situation and needs must be up-dated when no further recommendations are made.

Further, the rule requires that if a recommendation is made to a person who was a customer prior to the effective date of the rule, a record shall be made and kept current for such customer. This record must state all of the information required with respect to customer accounts opened after the effective date of the rule.

The rule provides that the record need not contain any item of information which the broker or dealer does not have because, after reasonable inquiry, a customer declines to furnish it, if the record contains a statement to that effect; provided, however, that the cus-tomer's record must state the customer's name, address and social security or tax identification number.

Where any customer has delegated discretionary authority to the broker-dealer or any associated person, the rule also requires that in addition to the information mentioned above the broker-dealer records contain the customer's written delegation of discretionary authority, a statement of the reasons given by the customer for granting such authority, and the written approval of the persons account.

The rule also requires a separate complaint file, to be kept alphabetically by customers' names, and to include copies of all material relating to complaints, and a record of what action, if any, has been taken by the broker or dealer. Copies of such material and record of action taken shall be kept in the local office through which the customer account is handled.

All of the records to be maintained under this rule are required to be preserved for a period of not less than 6 years, the first 2 years in an easily accessible place. After the first two years, a photograph on film may be substituted for the records for the balance of the required time.

Rule 15b10-7 (17 CFR 240.15b10-7). Exemption for certain exchange members. Among the broker-dealers that are not members of a registered national securities association are several specialists and other floor members of national securities exchanges, some of whom introduce accounts to other members. The over-the-counter business of these broker-dealers may be limited to receipt of a portion of the commission paid on occasional over-the-counter transactions in these introduced accounts, and to certain other transactions incidental to their activities as specialists. In most cases, the income derived from these activities

Rule 15b10-7 (17 CFR 240.15b10-7) exempts from all of the above rules adopted under section 15(b) (10) of the Exchange Act, members of national securities exchanges who do not carry customers' accounts and whose annual gross income derived from their over-thecounter business does not exceed \$1,000.

Commission action. The Securities and

is nominal.

Exchange Commission, acting pursuant to the provisions of the Securities Exchange Act of 1934 as amended, and particularly sections 15(b) (10), 17(a) and 23(a) thereof, deeming such action necessary and appropriate in the public interest and for the protection of investors and designed to promote just and equitable principles of trade pursuant to section 15(b) (10) among registered brokers and dealers not members of a registered national securities association, and also deeming such action necessary for the execution of the functions vested in the Commission by the Act, hereby adopts Rules 15b10-1 through 15b10-7 (17 CFR 240.15b10-1 through -7) as stated below, effective October 2, 1967.

§ 240.15b10-1 Definitions.

For the purposes of §§ 240.15b10-2 through 240.15b10-7 inclusive the following definitions shall apply:

(a) The term "nonmember broker or dealer" shall mean any person registered as a broker or dealer under section 15 of the Act who is not a member of a national securities association registered with the Commission under section 15A of the

(b) The term "associated person" shall mean any partner, officer, director,

with supervisory responsibility over that or branch manager of a nonmember broker or dealer (or any person occupying a similar status or performing similar functions), or any natural person directly or indirectly controlling or controlled by such nonmember broker or dealer, and shall include any employee of such nonmember broker or dealer (other than employees whose functions are only clerical or ministerial)

(c) The term "complaint" shall mean any written statement by a customer, or a person acting on the customer's behalf, pertaining to the customer's grievance involving the securities activities of the nonmember broker or dealer or any of his associated persons.

§ 240.15b10-2 General business conduct.

Every nonmember broker or dealer and associated person shall observe high standards of commercial honor and just and equitable principles of trade in the conduct of his business.

§ 240.15b10-3 Suitability of recommendations.

Every nonmember broker or dealer and every associated person who recommends to a customer the purchase, sale or exchange of any security shall have reasonable grounds to believe that the recommendation is not unsuitable for such customer on the basis of information furnished by such customer after reasonable inquiry concerning the customer's investment objectives, financial situation and needs, and any other information known by such broker or dealer or associated person.

§ 240.15b10-4 Supervision of associated persons.

(a) Every nonmember broker or dealer shall exercise diligent supervision over all the securities activities of all of his associated persons.

(b) Every associated person of the nonmember broker or dealer shall be subject to the supervision of a supervisor designated by such broker or dealer. The supervisor may be a partner, officer, office manager, or any other qualified associated person, or in the case of a sole proprietor the broker or dealer.

(c) As part of his responsibility under this section, every nonmember broker or dealer shall establish, maintain and enforce written procedures, a copy of which shall be kept in each business office, which shall set forth the procedures adopted by the broker or dealer to comply with the following duties imposed by this section, and shall state at which business office or offices the nonmember broker or dealer keeps and maintains the records required by \$ 240.15b10-6:

(1) The review and written approval by the designated supervisor of the opening of each new customer account:

(2) The frequent examination of all customer accounts to detect and prevent irregularities or abuses:

(3) The prompt review and written approval by the designated supervisor of all securities transactions by associated persons and all correspondence pertaining to the solicitation or execution of all securities transactions by associated persons;

(4) The review and written approval by the designated supervisor of the delegation by any customer of discretionary authority with respect to his account to a stated associated person or persons of the broker or dealer and the prompt written approval of each discretionary order entered on behalf of that account; and

(5) The prompt review and written approval of the handling of all customer

complaints:

(d) Every nonmember broker or dealer who has designated more than one supervisor pursuant to paragraph (b) of this section shall designate from among his partners, officers or other qualified associated persons, a person or group of persons who shall:

 Supervise and periodically review the activities of the supervisors designated pursuant to paragraph (b) of this

section; and

(2) Periodically inspect each business office of the broker or dealer to insure that the written procedures are enforced.

§ 240.15b10-5 Discretionary authority.

- (a) No nonmember broker or dealer, or any associated person, shall exercise any discretionary power or authority for any customer unless such customer has given prior written authorization to exercise such power or authority to a stated associated person or persons, and has indicated the reasons for such authorization.
- (b) This section shall not apply to transactions in which the broker-dealer's discretion is limited to the price at which or the time when an order given by a customer for the purchase or sale of a definite amount of a specified security shall be executed.

§ 240.15b10-6 Record keeping.

(a) Every nonmember broker or dealer shall make and keep current a record for each person who becomes a customer after the effective date of this section, which record shall state:

(1) (i) The customer's name, date of birth, address, nationality or citizenship, tax identification or social security number, and the signatures of the customer, the associated person regularly handling the account and a supervisor designated pursuant to paragraph (b) of § 240.15b10-4.

- (ii) If the broker or dealer, or any associated person, has made any recommendation to the customer to purchase, sell or exchange any security, the record for such customer shall also state the customer's occupation, marital status, investment objectives, other information concerning the customer's financial situation and needs which the broker or dealer or the associated person considered in making the recommendation, and the signature of the broker or dealer or associated person who made the recommendation to the customer.
- (b) If, after the effective date of this section, a nonmember broker or dealer, or any associated person, has made any

recommendation to a person who became a customer prior to the effective date of this section, the broker or dealer shall make and keep current a record for such customer which shall state the information required by paragraph (a)(1) (i) and (ii) of this section.

- (c) Any item of information required by paragraph (a) (1) (i) or (ii) of this section need not be contained in the customer's record if, after reasonable inquiry, the customer declines to furnish such item of information and a statement to that effect is placed in such record: Provided, however, That the customer's record must state the customer's name, address and social security or tax identification number.
- (d) Every nonmember broker or dealer shall make and keep current:
- A record or records with respect to each discretionary account which shall include:
- The customer's written authorization to exercise discretionary power or authority with respect to such account.
- (ii) The reasons given by the customer for granting discretionary authority in his account.
- (iii) The written approval of a supervisor designated pursuant to paragraph (b) of § 240.15510-4 and, if appropriate, the written approval of the person or persons designated pursuant to paragraph (d) of § 240.15510-4, of the delegation of discretionary authority.
- (iv) The written approval of a supervisor designated pursuant to paragraph (b) of § 240.15b10-4 of each transaction in such account indicating the exact time and date of such approval.
- (2) A separate file for all complaints by customers and persons acting on behalf of customers. Such complaints shall be filed alphabetically by customer's name and shall include copies of all material relating to the complaint, and a record of what action, if any, has been taken by the broker or dealer. Copies of such material and record of action taken shall be kept in the office through which the customer account is handled.
- (e) Every nonmember broker or dealer shall preserve all records required by the section for a period of not less than 6 years, the first two years in an easily accessible place. After the first two years, a photograph on film may be substituted for the records for the balance of the required time.

§ 240.15h10-7 Exemption for certain exchange members.

Any nonmember broker or dealer who is a member of a national securities exchange shall be exempt from §§ 240.15b 10-1 through 240.15b10-8 if (a) he carries no accounts of customers, and (b) his annual gross income derived from purchases and sales of securities otherwise than on a national securities exchange is in an amount no greater than \$1,000.

(Secs. 15(b)(10), 17(a), 23(a), 48 Stat. 897, 901, as amended, sec. 203(a), 49 Stat. 704,

secs. 4, 8, 49 Stat. 1379, sec. 5, 52 Stat. 1076, sec. 6, 78 Stat. 570, 15 U.S.C. 780, 78q, 78w)

By the Commission.

ORVAL L. DuBois, Secretary

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T.D. 67-185]

PART 10—ARTICLES CONDITIONALLY FREE, SUBJECT TO A REDUCED RATE, ETC.

Entry of Visual or Auditory Materials of Educational, Scientific, or Cultural Character

The purpose of the following regulations is to prescribe procedures in connection with the entry under item 870.30, and headnote 1, part 6, schedule 8, Tariff Schedules of the United States, of articles which have been determined by a Federal agency designated by the President to be visual or auditory materials of an educational, scientific, or cultural character within the meaning of the Agreement for Facilitating the International Circulation of Visual and Auditory Materials of an Educational, Scientific, and Cultural Character.

Part 10 is amended by adding a center heading and new section as follows: VISUAL OR AUDITORY MATERIALS

§ 10.121 Visual or auditory materials of an educational, scientific, or cultural character.

(a) Where photographic film and other articles described in item 870.30, Tariff Schedules of the United States, are claimed to be free of duty under item 870.30, there shall be filed in connection with the entry covering such articles a document issued by the U.S. Information Agency certifying that it has determined that the articles are visual or auditory materials of an educational, scientific, or cultural character within the meaning of the Agreement for Facilitating the International Circulation of Visual and Auditory Materials of an Educational, Scientific, and Cultural Character as required by headnote 1, part 6, schedule 8, Tariff Schedules of the United States.

(b) Articles entered under item 870.30. Tariff Schedules of the United States, shall be released from customs custody prior to submission of the document required in paragraph (a) of this section only upon the deposit of estimated duties with the district director of customs. Liquidation of an entry covering merchandise which has been released under this procedure shall be suspended for a period of 90 days from the date of entry or until the required document is submitted, whichever occurs first. In the event that the district director of customs at the port of entry does not receive the required document within the 90-day period, the merchandise shall be immediately classified and liquidated in the ordinary course, without regard to

(77A Stat., as amended; 19 U.S.C. 1202 (Gen. Hdnte 11, sch. 8, pt. 6, hdnte 1))

Notice of the proposed rule making was published in the Federal Register for June 1, 1967 (32 F.R. 7917). One comment was received, suggesting that liquidation of entries not accompanied by proper documentation be suspended until such time as procedures for certifying visual and auditory materials under the Beirut Agreement are established in all of the signatory nations. In view of the extended period of time for which entries may be required to remain unliquidated under that suggestion, its adoption was not considered to be practicable.

Pursuant to Public Law 89-634 and Executive Order 11311 of October 14, 1966, the provisions of item 870.30, and headnote 1, part 6, schedule 8. Tariff Schedules of the United States, became effective with respect to articles entered, or withdrawn from warehouse, for consumption, on and after January 1, 1967. Good cause is, therefore, found under 5 U.S.C. 553(d) for making these regulations which govern the entry of articles under item 870.30 effective upon publication in the Federal Register.

PART 23—ENFORCEMENT OF CUS-TOMS AND NAVIGATION LAWS

Registration of Narcotic Addicts and Violators

In order to give effect to a decision of the U.S. Court of Appeals for the Ninth Circuit in the case of Weissman v. United States, 373 F. 2d 799 (1967), which held that part of 18 U.S.C. 1407 relating to one who uses narcotic drugs unconstitutional for vagueness and to make it clear that customs officers are required to furnish, without request, a copy of customs Form 3231 only to such persons as they have reason to believe or suspect are narcotic drug addicts or narcotic or marihuana laws violators, § 23.9a of the Customs Regulations is amended to read as follows:

§ 23.9a Narcotic addicts and violators; horder crossing.

Any U.S. citizen who is addicted to narcotic drugs as defined in section 4731 of the Internal Revenue Code of 1954, as amended (except in those cases where the narcotic drug is lawfully prescribed by a duly licensed physician in attendance upon such person), or who has been convicted of a violation of any of the narcotic or marihuana laws of the United States or of any State thereof, the penalty for which is imprisonment for more than 1 year, shall register his departure from the United States with the district director of customs at the port of departure on customs Form 3231, Registration Certificate of Narcotic Addict or Violator." The original shall be given to the registrant who, upon his return to the United States, shall immediately register with the district director of customs at the first port of arrival by signing before a customs officer in the space provided for this purpose on the original and by surrendering the completed form to the customs officer. If the person seeking to register did not obtain a registration certificate (customs Form 3231) on leaving the United States, or, having obtained a certificate, has lost it or for any reason he cannot present the certificate, he shall register on customs Form 3231 Immediately at the first port of arrival in the United States, and surrender the completed form to the district director of customs. Customs officers who have reason to believe or suspect that a person returning to the United States is addicted to narcotic drugs or is a narcotic or marihuana laws violator, shall request such person to surrender a registration certificate. If such person for any reason cannot present the certificate the customs officer shall provide him with a copy of the registration certificate (customs Form 3231) and instruct him that he is obligated to complete the form and surrender it to the district director of customs or be in violation of law.

(80 Stat. 379, sec. 201, 70 Stat. 574; 5 U.S.C. 301, 18 U.S.C. 1407)

Notice of proposed rule making, setting forth the amendment in tentative form, was published in the FEDERAL REGISTER on June 6, 1967 (32 F.R. 8093). No written views or comments were received in response to that notice.

This amendment shall become effective 30 days after its publication in the Federal Register.

Chapter I-Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior SUBCHAPTER B-HUNTING AND POSSESSION OF WILDLIFE

PART 10-MIGRATORY BIRDS

Open Seasons, Bag Limits, and Possession of Certain Migratory Game

By notice of proposed rule making published in the FEDERAL REGISTER of April 6, 1967 (32 F.R. 5628), notification was given that the Secretary of the Interior proposed to amend Part 10, Title 50, Code of Federal Regulations. These amendments would specify open seasons, certain closed seasons, shooting hours, and bag and possession limits for migratory game birds for the 1967-68 hunting sea-

In this connection all interested persons were invited to submit their views, data, or arguments regarding such matters in writing to the Director, Bureau of Sport Fisheries and Wildlife, Washington, D.C. 20240, within thirty days following the date of publication of the

Subsequently, after consultation with interested persons and after due consideration of migratory game bird survey data obtained through investigations conducted by the Bureau of Sport Fisheries and Wildlife, State game departments, and from other sources, the following regulations for the control of the hunting of Canada geese in the State of Wisconsin during the 1967-68 hunting season were developed.

Accordingly, interested persons having had an opportunity to participate in the rule making process, and consideration having been given to all other matters presented, it is determined that \$ 10.53 of Part 10 shall be amended as set forth below.

The taking of Canada geese is presently prohibited. Since this amendment will benefit the public by relieving existing restrictions, it shall become effective upon publication in the FEDERAL REGIS-TER.

Section 10.53 is amended by adding a new paragraph (c) to read as follows: § 10.53 Seasons and limits on waterfowl, coots, and Wilson's snipe.

(c) (1) In Wisconsin, during the 1967-68 waterfowl season, the kill of Canada

geese will be limited to not more than 20,000 birds; 15,000 of which may be taken in the area designated as the Horicon Zone and 5,000 in the remainder of the State.

Horicon Zone. The Horicon Zone includes portions of Columbia, Dane, Dodge, Fond du Lac, Green Lake, Jefferson, Marquette, Waushara, Washington, Waukesha, and Winnebago Counties, bounded on the north by State Highway 21, on the east by U.S. Highway 45 and State Highways 175 and 83, on the south by U.S. Highway 18, and on the west by State Highway 73.

CANADA G	EESE		
	Horican Zone	Remainder of State	
Daily bag limit	1	1 2	
Shooting hours	15-hour before sunri- until sunset daily.		
Seasons in: Horicon Zone, Remainder of State,	Oct. 14-No Oct. 7-Dec		

(2) Seasons and tag validity: In the Horicon Zone, the hunting periods and numbers of valid permits and tags issued in each period will be as follows:

Period No.	Valid dates (inclusive)	Number of permits and tags insued	Days valid
1 2 3 4 4 6	Oct. 14-15. Oct. 16-22. Oct. 23-29. Oct. 39-Nov. 5. Nov. 6-12. Nov. 13-19.	1, 650 2, 970 2, 970 2, 970 2, 970 2, 970 2, 970	37

In the remainder of Wisconsin, excluding the Horicon Zone, tags and permits will be valid for the full length of the Canada goose season.

(i) Each person must have been issued and must carry on his person while hunting Canada geese a valid State hunting license, Migratory Bird Hunting Stamp, and valid Canada goose permit and tag to hunt and kill Canada geese in Wisconsin during the 1967 season. Licensed hunters less than 16 years of age are not required to have a Migratory Bird Hunting Stamp.

(ii) The required tags and permits will be issued in the names of individuals, and will be nontransferable. Applications must be signed by the person(s) requesting tags and permits. To provide for father and son or "buddy" hunting, not to exceed two persons may apply jointly as a party for tags and permits simultaneously valid in the Horicon Zone.

(iii) The self-locking (metal grommet snap type) tag must be securely locked

about the leg of each Canada goose when it is reduced to possession. The goose cannot be carried or transported in any manner without the tag being attached The tag must remain on the goose until it reaches the abode of the permit holder. The tag may not be reused.

(iv) In the Horicon Zone each successful applicant will receive one permit and tag. In the event that the number of applicants exceeds the number of permits and tags available, successful applicants will be randomly selected by electronic data processing (EDP) equipment. No individual will be accorded preferential treatment nor will nonresident applicants be discriminated against.

(v) In the remainder of Wisconsin, outside the Horicon Zone, a permit and two tags will be issued to each applicant. Applicants unsuccessful in receiving a permit and tag valid for the Horicon Zone may apply for and receive two tags valid in the remainder of the State providing he so requests in his application. Individual applicants may receive a permit and tag or tags valid in the Horicon Zone or in the remainder of the State, but may not receive permits and tags for both zones.

(vi) A mandatory report on tag use or nonuse, will be required to determine the overall harvest. A franked, self-addressed return envelope will be distributed as part of the tag and permit issuance procedure for the Horicon Zone. In the remainder of the State, two such reporting envelopes will be provided so that each tag may be reported upon. Tag reports must be placed in the mail within 12 hours following tag use, or, if the hunter is unsuccessful, within 12 hours follow-ing the close of the period for which the Unused tags must be tag is valid. returned.

(3) Applications will be made available to the public about the second week of August and must be mailed by August 30. 1967. All applications postmarked after August 30, 1967 will be disqualified. Applications will be disqualified because of incompleteness, illegibility, tardiness in receipt, or duplication. A duplicate application will disqualify all applications by an individual.

(4) Application forms will be available from county clerks, State hunting and fishing license depots and from Wisconsin Conservation Department offices in Spooner, Woodruff, Black River Falls, Oshkosh and Madison,

(Sec. 3, 40 Stat. 755, as amended; 16 U.S.C.

JOHN S. GOTTSCHALK, Director, Bureau of Sport Fisheries and Wildlife.

Proposed Rule Making

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 67-EA-13]

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending §§ 71.171 and 71.181 of Part 71 of the Federal Aviation Regulations so as to alter the Baltimore, Md. Control Zone and 700-foot floor transition area.

A further review of the Baltimore, Md. control zone and transition area requirements has indicated a need to delete the northeast and northwest extensions and increase the western extension by 2 miles and numerous changes in the 700-foot floor transition area which overlies both Friendship International and Martin Airports

Interested parties may submit such written data or views as they may desire. Communications should be submitted in triplicate to the Director, Eastern Re-sion, ATTN: Chief, Air Traffic Division, Department of Transportation, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y. 11430. All communi-cations received within 30 days after publication in the Federal Register will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements may be made for informal conferences with Federal Aviation Administration officials by contacting the Chief, Airspace and Standards Branch, Eastern Region.

Any data or views presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Office of Regional Counsel, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y.

The Federal Aviation Administration, having completed a review of the air-space requirements for the terminal area of Baltimore, Md., proposes the airspace action hereinafter set forth;

1. Amend § 71.171 of Part 71 of the Federal Aviation Regulations by deleting the description of the Baltimore, Md. control zone and insert in lieu thereof the following:

Within a 5-mile radius of the center, 39°10'25" N., 78°40'15" W., of Friendship International Airport, Baitimore, Md.; and within 2 miles each side of the Baitimore ILS west course extending from the 5-mile radius zone to 10 miles west of the OM.

2. Amend § 71.181 of Part 71 of the Federal Aviation Regulations by deleting the description of the 700-foot floor Baltimore, Md. transition area and inserting in lieu thereof the following:

That airspace extending upward from 700 feet above the surface within a 9-mile radius of the center, 39-10'25" N., 76'40'15" W., of Friendship International Airport, Baltimore, Md.; within 2 miles each side of the runway 33 centerline extended from the 9-mile radius area to 9 miles northwest of the end of the runway; within 5 miles north and 8 miles south of the Baltimore ILS west course extending from the 9-mile radius area to 12 miles west of the OM; within a 6-mile radius of the center, 39*19'35" N., 76°25'00" W., of Martin Airport, Baltimore, Md.; within 2 miles each side of the runway 14 centerline extended from the 6-mile radius area to 7 miles southeast of the end of the runway; within 2 miles each side of the runway 36 centerline extended from the 6-mile radius area to 9 miles north of the end of the runway; within 2 miles each side of a 132° bearing from the Martin RBN (39°18'15" N., 76°22'45" W.) extending from the 6-mile radius area to 8 miles southeast of the RBN; within 2 miles each side of the Martin TACAN (30°19'18" N., 76°-24'42" W.) 317° radial extending from the 6-mile radius area to 15 miles northwest of the TACAN and within a 19-mile radius are of the Baltimore VORTAC extending clockwise from the Baltimore VORTAC 004° radial to the 035 " radial.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Jamaica, N.Y., on July 28, 1967.

MARTIN J. WHITE, Acting Director, Eastern Region.

[F.R. Doc. 67-9442; Filed, Aug. 10, 1967; 8:47 a.m.]

[14 CFR Part 71]

[Airspace Docket No. 67-SO-74]

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Spartanburg, S.C., control zone and transition area.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Area Manager, Atlanta Area Office, Attn: Chief, Air Traffic Branch, Federal Aviation Administration, Post Office Box 20636, At-

lanta, Ga. 30320. All communications received within 30 days after publication of this notice in the Frderal Register will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Air Traffic Branch. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The Spartanburg control zone described in § 71.171 (32 F.R. 2071) would be altered by deleting "Spartanburg Memorial Downtown Airport" and substituting "Spartanburg Downtown Memorial Airport" therefor.

The Spartanburg transition area described in § 71.181 (32 F.R. 2148) would be redesignated as:

That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Spartanburg Downtown Memorial Airport (latitude 34°54°55" N., longitude 81°57'32" W.): within 2 miles each side of a 237° bearing from the Spartanburg RBN, extending from the 8-mile radius area to 3 miles southwest of the RBN; within 2 miles each side of the Spartanburg VORTAC 194° and 014° radials, extending from the 8-mile radius area to 8 miles north of the VORTAC, excluding that portion which coincides with the Greenville, S.C., transition area.

The proposed control zone alteration is required to correct an existing error in the airport name.

The existing 700-foot transition area was predicated on Criteria II operations. Current operations require a change in classification to Criteria III and necessitate an increase in dimension of the 700-foot transition area. The increase would provide controlled airspace protection for IFR aircraft during climb from 700 to 1,200 feet above the surface and during descent from 1,500 to 1,000 feet above the surface.

The official docket will be available for examination by interested persons at the Southern Regional Office, Federal Aviation Administration, Room 724, 3400 Whipple Street, East Point, Ga.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)).

Issued in East Point, Ga., on August 1, 1967.

GORDON A. WILLIAMS, Jr.,
Acting Director, Southern Region.

8:47 a.m.]

INTERSTATE COMMERCE COMMISSION

1 49 CFR Part 124 1

[No. 34859]

REFRIGERATOR CAR LINES
Uniform System of Accounts

July 28, 1967.

Notice is hereby given pursuant to the provisions of section 4(a) of the Administrative Procedure Act that the Commission has under consideration proposed amendments of the Uniform System of Accounts for Refrigerator Car Lines, to be effective as of January 1, 1967, with regard to the accounting treatment of extraordinary and prior period items in the determination of net income.

The proposed regulations would (a) generally require that items affecting net income be recorded in appropriate profit and loss accounts, rather than by direct entry to retained income account, and (b) explain, define and provide accounts and categories for ordinary income, extraordinary items, prior period items and applicable income taxes.

The revised rules herein proposed will have several notable advantages over current regulations which conditionally permit direct entry to retained income. Moreover, in asserting more objective criteria with respect to determination of materiality than presently exist, the proposed changes are intended to minimize the extensive need to interpret existing regulations.

The Detailed Statement of Proposed Rule contained in the appendix hereto completely states the proposed revisions to the applicable parts of the Uniform System of Accounts for Refrigerator Car Lines, considered necessary to accomplish the stated objectives.

All carriers affected by the proposed rules and other interested parties who desire to do so should submit written views and comments for consideration, as soon as possible, and not later than September 15, 1967. The Commission will consider all such responses and representations before deciding this matter, after which such order as may be found appropriate will be entered. An original and three copies of any such response should be submitted.

Notice shall be given refrigerator car lines hereby affected and to the general public by depositing this Notice in the office of the Secretary of the Commission at Washington, D.C., and by filing this Notice with the Director, Office of the Federal Register.

Authority: Sec. 12, 24 Stat. 383, as amended, sec. 20(6), 54 Stat. 917; 49 U.S.C. 12, 20(6))

By the Commission, Division 2.

[SEAL]

H. NEIL GARSON, Secretary,

Secretary.

Detailed Statement of Proposed Rule

I. Instructions amended—Item No. 1. Instruction "3 Classification of accounts" is amended by revising the first and second paragraphs to read as follows:

Accounts are prescribed to cover cost of property used in furnishing cars or protective service and for revenues, expenses, taxes and income from such service. Separate accounts are prescribed for investment in property not used in such services and for other investments and income therefrom; for extraordinary and prior period items, including applicable income taxes; and for assets, liabilities and capital includible in the balance sheet statement. Retained income accounts form the connecting link between the income account and the equity section of the balance sheet. They are provided to record the transfer of net income or loss for the year; certain capital transactions; and, when authorized by the Commission, other items.

All items of profit and loss recognized during the year are includible in ordinary income except nonrecurring items which in the aggregate for the same class are both material in relation to operating revenues and ordinary income for the year and are clearly not identified with or do not result from usual business operations of the year. Important items of the kind which occur from time to time and which, when material in amount, are to be excluded from ordinary income are those resulting from unusual sales of property and investment securities other than temporary cash investments, from company bonds reacquired, from change in application of accounting principles, and from prior period items (other than ordinary adjustments of a recurring nature). Material items are those which, unless excluded from ordinary income, would distort the accounts and impair the significance of ordinary income for the year. Items so excludible from ordinary income are to be entered directly in the income accounts provided for extraordinary and prior period items upon approval of the Commission.

Adjustments constituting items of a character typical of customary business activities or representing corrections or refinements resulting from the natural use of estimates inherent in the accounting process, shall not be considered extraordinary or prior period items regardless of size.

In determining materiality, items of a similar nature should be considered in the aggregate; dissimilar items should be considered individually. As a general standard, an item to qualify for inclusion as an extraordinary or prior period item shall exceed 1 percent of total opcharges", or to account 570, "Extraordinary items", as appropriate.

Item No. 2. Instruction "8 Delayed items" is amended by revising the last sentence to read as follows:

* * * See instruction 3 for provisions covering delayed items of a nonrecurring nature.

Item No. 3. Instruction "37 Book value of securities owned" is amended by revising the second paragraph to read as follows:

The amount of the adjustment for the loss in value written off shall be charged to account 551, "Miscellaneous income

charges", or to account 570, "Extraordinary items", as appropriate.

Item No. 4. Instruction "38 Discount, expense and premium on debt" is amended by revising the first sentence of the third paragraph to read as follows:

When any funded debt which has been actually issued to bona fide holders for value is reacquired by the accounting company, that proportion of the balance remaining in the accounts containing discount, expense and premium on funded debt for the subclass of the security reacquired applicable to the portion reacquired shall be credited or charged thereto, as may be appropriate. and concurrently charged or credited to account 519, "Miscellaneous income", account 551, "Miscellaneous income count 57, Machine and Machine accordance with the text of these accounts.* *

II. Texts of property accounts amended—Item No. 1. Account 51 Land. The text of this account is amended by revising "Note C" to read as follows:

Norz C: The net proceeds from the sale of minerals or timber, in excess of the amount contracted for in the purchase price shall be credited to account 519, "Miscellaneous income", or to account 570, "Extraordinary Items", as appropriate.

III. Texts of income accounts amended—Item No. 1. Account 519 Miscellaneous income. The text of this account is amended by revising the "Note" to read as follows:

Nork: When the profit from sale of investment securities (exclusive of temporary cash investments), from sale of land and other property, and from company bonds recquired is of an amount sufficiently large to constitute an extraordinary item, such profit shall be credited to account \$70, "Extraordinary items". (See instructions 3 and 18.)

Item No. 2. Account 532 Car line tax accruals. The text of this account is amended by revising the third paragraph to read as follows:

Accruals for Federal income taxes applicable to ordinary income shall be included in this account. See texts of account 590, "Federal income taxes on extraordinary and prior period items", account 606, "Other credits to retained income", and account 616, "Other debits to retained income", for recording other income tax consequences. Details pertaining to the tax consequences of other unusual and significant items, and also cases where tax consequences are disproportionate to related amounts included in income accounts, shall be submitted to the Commission for consideration and decision as to proper accounting. Federal incomes taxes which are refundable or reduced as the result of carry-back or carry-forward of operating loss shall be credited to this account, if a carry-back. in the year in which the loss occurs or, if a carry-forward, in the year in which such loss is applied to reduce taxes. However, when the amount constitutes an extraordinary item pursuant to instruction 3, it shall be included in account 580, "Prior period items".

Item No. 3. Account 551 Miscellaneous income charges. The text of this account is amended by revising the "Note"

to read as follows:

Norg: When the loss on sale of investment securities (exclusive of temporary cash in-vestments) from sale of land and other property, from write-down in ledger value of investment securities and from company bonds reacquired is of an amount sufficiently large to constitute an extraordinary item. such loss shall be included in account 570, "Extraordinary Items". (See instructions 3

Item No. 4. The system of accounts. following the text of account 551, "Miscellaneous income charges", is amended by adding the following caption, account numbers, titles and texts:

EXTRAORDINARY AND PRIOR PERIOD ITEMS

Account 570 Extraordinary items (net). (a) This account shall include extraordinary items accounted for during the current accounting year in accordance with instruction 3, upon approval of the Commission. Among the items which shall be included in this account are:

Net gain or loss on sale of land used for transportation purposes, and of noncarrier property. (See instruction 18.)

Net gain or loss on sale of securities acquired for long-term investment purposes, and charges to write down the ledger value of such securities because of impairment of value.

Net gain or loss on reacquisition of company bonds.

Loss on sale or retirement of transportation property for which depreciation reserve has not been provided.

Change in application of accounting principles.

(b) Federal income tax consequences of charges and credits to this account shall be included in account 590, "Federal income taxes on extraordinary and prior period items"

(c) This account shall be maintained in a manner sufficient to identify the nature and gross amount of each debit and credit.

Account 580 Prior period items (net) (a) This account shall include unusual delayed items accounted for during the current accounting year in accordance with the text for instruction 3, upon approval of the Commission. Among the items which shall be included in this account are:

Unusual adjustment, refunds or assessments of income taxes of prior years.

Unusual adjustments of reserves of prior years determined to be excessive or deficient.

Similar items representing transactions of prior years which are not identifiable with or do not result from business operations of the current year.

(b) Federal income tax consequences of charges and credits to this account shall be included in account 590, "Federal income taxes on extraordinary and prior period Items".

(c) This account shall be maintained in a manner sufficient to identify the nature and gross amount of each debit and credit:

Account 590 Federal income taxes on extraordinary and prior period items. This account shall include the estimated Federal income tax consequences (debit or credit) assignable to the aggregate of items of both taxable income and deductions from taxable income which, for accounting purposes, are classified as unusual and extraordinary, and are re-corded in accounts 570, "Extraordinary items", and 580, "Prior period items", as appropriate.

IV. Texts of retained income accounts deleted and amended-Item No. 1. The following accounts in the section covering "Retained Income Accounts Texts" are deleted by cancelling the numbers, titles, texts thereof and notes thereto.

Profit from sale of property.

Profit from sale of investment securities.

Profit from company bonds reacquired. Loss on sale or retirement of property.

614 Loss on sale of investment securities. Loss on company bonds reacquired.

Federal income taxes assigned to retained income.

Item No. 2. Account 606 Other credits to retained income. This account is amended by revising the text as follows:

This account shall include other credit adjustments, net of assigned Federal income taxes, not provided for elsewhere in this system but only after such inclusion has been authorized by the Commission.

Item No. 3. Account 616 Other debits to retained income. This account is amended by revising the text as follows:

(a) This account shall include losses from resale of reacquired capital stock and charges which reduce or write off discount on capital stock issued by the company, but only to the extent that such charges exceed credit balances in capital surplus for shares reacquired. (See instruction 39.)

(b) This account shall also include other debit adjustments, net of assigned Federal income taxes, not provided for elsewhere in this system but only after such inclusion has been authorized by the Commission,

V. Texts of balance sheet accounts amended-Item No. 1. Account 723 Reserve for adjustment of investment in securities-Cr. This account is amended by revising the text as follows:

(a) This account shall include the total of the balances in such reserves as are maintained by the accounting company for the purpose of providing for reductions in the value of securities owned and recorded in accounts 721. 'Investments in affiliated companies" 722, "Other investments". Corresponding charges shall be made to account 551. "Miscellaneous income charges", or account 570, "Extraordinary items", as appropriate.

(b) If reserves are maintained in provision for anticipated losses in specific securities, when the related assets are written down or written off, or are sold or otherwise disposed of at a loss, the reduction in the book value or the losses sustained shall be charged to this account to

the extent of the credit balance in the account applicable to the particular securities involved, and the remainder, if any, shall be charged to account 551, "Miscellaneous income charges", or to account 570, "Extraordinary items", as appropriate. In case a general reserve for losses in unspecified security values is maintained, all such losses resulting from write-downs, write-offs, etc., shall be charged to this account to the extent of the total credit balance in the account, and the remainder, if any, shall be charged to account 551, "Miscella-neous income charges", or to account 570, "Extraordinary items", as appropriate.

VI Form of income VI. Form of income statement amended, 560 Form of Income Statestatement ment is amended by making the following changes:

Item No. 1. The caption number is changed from 560 to 599.

Item No. 2. Directly above the caption, I. Car Line Operating Income, the following caption is added:

ORDINARY ITEMS

Item No. 3. The line item, Net Income (or loss), is deleted and the following are added:

Ordinary income (or loss)

EXTRAORDINARY AND PRIOR PERIOD ITEMS

Extraordinary items (net). Prior period items (net)_ 570

Federal income taxes on extraordinary and prior period items_. Total extraordi-nary and prior period items__

Net income (or loss) -----Miscellanous amendments-Item

No. 1. The list of Income Accounts Texts is amended by making the following changes:

a. The following caption is added directly below Income Accounts Texts:

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[Order 8; Rev. 1]

ASSISTANT REGIONAL COMMISSION-ERS (APPELLATE) ET AL.

Authority To Sign Agreements as to Liability for Personal Holding Company Tax

- 1. The authority granted to the Commissioner of Internal Revenue and District Directors by 26 CFR 301.7701-9 and 26 CFR 1.547-2 to enter into agreements relating to liability for personal holding company tax, is hereby delegated to the following officials:
- (a) Assistant Regional Commissioners (Appellate).
- (b) Chiefs, Appellate Branch Offices.(c) Associate Chiefs, Appellate Branch
- Offices.

 (d) Assistant Chiefs, Appellate Branch Offices.

(e) Assistant District Directors.

- (f) Chiefs of District Audit Divisions. 2. The authority delegated to Assistant Chiefs, Appellate Branch offices, is limited to cases in which the net deficiences or the net overassessment determined by the District Director or by the Director of International Operations did not exceed \$50,000 and the determination of the Appellate Division does not involve a net overassessment in excess of \$50,000.
- The above officials, including the District Directors, may not redelegate this authority.
- This order supersedes Delegation Order No. 8 issued September 7, 1955.

Date of issue: August 8, 1967.

Effective date: September 8, 1966.

[SEAL]

WILLIAM H. SMITH, Acting Commissioner,

ASSISTANT REGIONAL COMMISSION-ERS (APPELLATE) ET AL.

Agreements Treated as Determinations

1. Pursuant to the authority granted to the Commissioner of Internal Revenue and District Directors by 26 CFR 301-7701-9 and 26 CFR 1.1313(a)-4, the authority to enter into agreements pursuant to section 1313(a)(4). Internal Revenue Code of 1954, relating to agreements treated as determinations, is hereby delegated to the following officials:

(a) Assistant Regional Commissioners (Appellate);

(b) Chiefs, Appellate Branch Offices;(c) Associate Chiefs, Appellate Branch Offices;

(d) Assistant Chiefs, Appellate Branch Offices;

(e) Assistant District Directors; and (f) Chiefs of District Audit Divisions.

2. The authority delegated to Assistant Chiefs, Appellate Branch offices, is limited to cases in which the net deficiencies or the net overassessment determined by the District Director or by the Director of International Operations did not exceed \$50,000 and the determination of the Appellate Division does not involve a net overassessment in excess of \$50,000.

 The above officials, including the District Directors, may not redelegate this authority.

4. This order supersedes Delegation Order No. 35 (Rev. 1) issued September 18, 1964

Date of issue: August 8, 1967.

Effective date: September 8, 1967.

CHIEFS, APPELLATE BRANCH OFFICES ET AL.

Authority To Issue Statutory Notices of Deficiency

1. The authority granted to the Commissioner of Internal Revenue, Assistant Regional Commissioners (Appellate) and District Directors by 26 CFR 301.7701-9, 26 CFR 301.6212-1 and 26 CFR 301.6861-1 to sign, and send to the tax-payer by registered or certified mail any statutory notice of deficiency is hereby delegated to the following officials:

(a) Chiefs, Appellate Branch Offices;(b) Associate Chiefs, Appellate

Branch Offices;

(c) Assistant Chiefs, Appellate Branch Offices;

(d) Assistant District Directors; and(e) Chiefs of District Audit Divisions.

- 2. The authority delegated to Assistant Chiefs, Appellate Branch offices, is limited to cases in which the net deficiencies or the net overassessment determined by the District Director or by the Director of International Operations did not exceed \$50,000 and the determination of the Appellate Division does not involve a net overassessment in excess of \$50,000.
- This authority may be redelegated only by District Directors, who may redelegate to the Chief of Review Staff (or

to the Chief of Technical Branch where that position has been established); Chief of Conference Staff; to Revenue Agents (Reviewers or Conferees) not lower than GS-13 for field audit cases; and to Revenue Agents (Reviewers or Conferees) and Tax Technicians (Reviewers or Conferees) not lower than GS-9 for office audit cases.

 This order supersedes Delegation Order No. 77 issued March 29, 1960.

Date of issue: August 8, 1967.

Effective date: September 8, 1967.

ASSISTANT REGIONAL COMMISSION-ERS (APPELLATE) ET AL.

Authority To Consent to Redetermination of Aggregations by Taxpayer in Case of Invalid Basic Aggregations or Invalid Additions

1. The authority vested in the Commissioner of Internal Revenue as prescribed in 26 CFR 1.614-2(d) (5) and 26 CFR 1.614-3(f) (8) is hereby delegated to Assistant Regional Commissioners (Appellate), Chiefs, Appellate Branch Offices, Associate Chiefs, Appellate Branch Offices, Assistant Chiefs, Appellate Branch Offices, District Directors, and Chiefs, District Audit Divisions to:

Consent to the reforming of aggregations by a taxpayer where the taxpayer has formed invalid basic aggregations or made invalid additions to valid or invalid basic aggregations, and

Consent, in the case of oil and gas wells where an invalid aggregation has been formed under section 614(b), to the treatment by a taxpayer of all the properties included in the aggregation, which fall within a single operating unit, under the provisions of section 614(d) rather than section 614(b) of the 1954 Code if so requested by the taxpayer.

 In the case of oil and gas wells this delegation order shall apply only to taxable years subject to the 1954 Code beginning before January 1, 1964.

- 3. The authority delegated to Assistant Chiefs, Appellate Branch offices, is limited to cases in which the net deliciencies or the net overassessment determined by the District Director or by the Director of International Operations did not exceed \$50,000 and the determination of the Appellate Division does not involve a net overassessment in excess of \$50,000.
- 4. The authority delegated herein may not be redelegated.

5. This order supersedes Delegation Order No. 93, issued April 27, 1964.

Date of issue: August 8, 1967. Effective date: September 8, 1967.

CHIEF, CONTRACT AND PROCURE-MENT SECTION, NATIONAL OFFICE FACILITIES BRANCH ET AL.

Authority Regarding Procurement of Property and Services

Pursuant to authority vested in the Commissioner of Internal Revenue by Treasury Department Order No. 208, dated March 31, 1966, and subject to the limitations contained therein and in accordance with Treasury Department Administrative Circular No. 153, dated September 9, 1966, there is hereby delegated to the officials listed below the authority to utilize the provisions of Title III of the Federal Property and Administrative Services Act of 1949, as amended, when procuring property and services:

Chief, Contract and Procurement Section, National Office Facilities Branch. This authority may be redelegated to appropriate procurement officials under the direct control and supervision of the Section Chief, not below Grade GS-7.

Chief, Facilities Management Branch, all regions, who may redelegate to appropriate procurement officials, not below Grade GS-7. This authority also may be redelegated, only by the Regional Commissioner, to district offices and service centers, for purchase of \$2,500 or less, by procurement officials, not below Grade GS-7. The authority to buy routine miscellaneous items and expendable supplies from General Services Administration stores may be redelegated by either official to appropriate procurement personnel not below Grade GS-4.

Chief, Facilities Management Branch, IRS Data Center. This authority is for purchase of \$2,500 or less, and may be redelegated to appropriate procurement officials not below Grade GS-7 who are under the control and supervision of the Chief. The authority to buy routine miscellaneous items and expendable supplies from GSA stores may be redelegated to appropriate procurement personnel not below Grade GS-4.

Date of issue: August 8, 1967.

Effective date: September 8, 1967. [SEAL] WILLIAM H. SMITH,

Acting Commissioner.

DEPARTMENT OF AGRICULTURE

Office of the Secretary
KANSAS AND OKLAHOMA

Designation of Areas for Emergency

For the purpose of making emergency loans pursuant to section 321 of the Consolidated Farmers Home Administration Act of 1961 (7 U.S.C. 1961), it has been determined that in the hereinafternamed counties in the States of Kansas and Oklahoma natural disasters have caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

Kansas oon. Reno.

Bourbon. Linn.

OKLAHOMA

Beckham.

Pursuant to the authority set forth above, emergency loans will not be made in the above-named counties after June 30, 1968, except to applicants who previously received emergency or special livestock loan assistance and who can qualify under established policies and procedures.

Done at Washington, D.C., this 8th day of August 1967.

ORVILLE L. FREEMAN, Secretary.

CALIFORNIA

Redelegation of Authority by State Director

- 1. Pursuant to section 1.1. Bureau Order No. 701 of July 23, 1964, as amended, the following authority is hereby delegated to the Division Chiefs, State Office, California, and to each California District Manager, within his area of jurisdiction in the State of California, to become effective immediately upon publication in the Federal Register.
- (a) Chief, Division of Resource Program Management, authority to take action for the State Director in matters listed in sections 1.7 and 1.8 of Part I of Bureau Order No. 701 supra.
- (b) Chief, Division of Lands and Minerals Program Management and Land Office, authority to take action for the State Director in matters listed in section 1.5 of Part I of Bureau Order No. 701 supra.
- (c) Chief, Division of Engineering, authority to take action for the State Director in matters listed in section 1.4 of Part I of Bureau Order No. 701 supra.
- (d) Each California District Manager authority to take action for the State Director in matters listed in section 1.5(a) of Part I of Bureau Order No. 701 supra.
- The authority delegated in Paragraph 1 above may not be redelegated.
- 3. This redelegation of authority supersedes the redelegation of March 27, 1962 (27 F.R. 3297).

J. R. PENNY, State Director.

Approved: August 4, 1967.

OREGON

Order Providing for Opening of Public Lands

AUGUST 7, 1967.

1. In an exchange of lands made under the provisions of section 8 of the Act of June 28, 1934 (48 Stat. 1272), as amended June 26, 1936 (49 Stat. 1976; 43 U.S.C. 315g), the following lands have been reconveyed to the United States:

WILLAMETTE MERIDIAN

T. 22 S., R. 23 E.,

Sec. 4, lots 3 and 4, S%NW %, and SW %.

The areas described aggregate 321.40 acres.

2. The lands are located in Deschutes County. They are semiarid in character and are not suitable for farming.

3. Subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law, the lands are hereby open to application, petition, location, and selection. All valid applications received at or prior to 10 a.m., September 12, 1967, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

4. Inquiries concerning the lands should be adressed to the Chief, Division of Lands and Minerals Program Management and Land Office, Post Office Box 2965, Portland, Oreg. 97208.

> VIRGIL O. SEISER, Chief, Branch of Lands.

SEC. 2. In accordance with approved procedures, the vessels listed below which called at Cuba after January 1, 1963, have reacquired eligibility to carry U.S. Government-financed cargoes from the United States by virtue of the persons who control the vessels having given satisfactory certification and assurance:

(a) That such vessels will not, thenceforth, be employed in the Cuba trade so long as it remains the policy of the U.S. Government to discourage such trade;

(b) That no other vessel under their control will thenceforth be employed in the Cuba trade, except as provided in paragraph (c); and

(c) That vessels under their control which are covered by contractual obligations, including charters, entered into

prior to December 16, 1963, requiring their employment in the Cuba trade shall be withdrawn from such trade at the earliest opportunity consistent with such contractual obligations.

[Docket No. 16222, etc.; Order E-25499]

SAN FRANCISCO & OAKLAND HELI-COPTER AIRLINES, INC., ET AL.

Order To Show Cause Regarding Service Mail Rates

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 7th day of August 1967.

Petition of San Francisco & Oakland Helicopter Airlines, Inc., for a service mail rate; service mail rates for Chicago Helicopter Airways, Inc., Los Angeles Airways, Inc., New York Airways, Inc.; Docket 16222 et al.

By this order, the Board is proposing to establish a multielement service mail rate for the helicopter operations of San Francisco & Oakland Helicopter Airlines, Inc. (San Francisco), effective on and after February 4, 1964.

San Francisco has been on an open service mail rate since February 4, 1964. the date it petitioned that its service mail rate be revised from \$2.58 per mail tonmile to the multielement rate than in effect for the domestic trunkline, local service, and all-cargo carriers.3

By Order E-22281, June 9, 1965, the Board, inter alia, consolidated San Francisco's petition into a newly instituted proceeding (Docket 16222 et al.) to fix final service mail rates for the four certificated helicopter carriers and directed the parties to show cause why the Board should not (1) reestablish the rate of \$2.58 per mail ton-mile as the final serv-

1 In effect for San Francisco since Oct. 13, 1962, per Order E-18958, 37 CAB 689 (1962). This rate had been established as the service mail rate for helicopter carriers on and after Oct. 1, 1953, pursuant to Reorganization Plan

No. 10, Order E-7721, 17 CAB 898 (1953).

Order E-9284, June 7, 1955, 21 CAB 8 (1955); and Order E-9630, Oct. 7, 1955, 21 CAB 894 (1955).

*Chicago Helicopter Airways, Inc. (Chicago), Los Angeles Airways, Inc. (Los Angeles), New York Airways, Inc. (New York), and San Prancisco & Oakland Helicopter Airlines, Inc.

ice rate for San Francisco for the period from February 4, 1964, to June 18, 1965, and (2) revise the service mail rates for all four helicopter carriers to the basis of the existing multielement rate for domestic carriers, effective June 19, 1965.

The Postmaster General filed an objection to the multielement rate proposed by the Board for the helicopter carriers. San Francisco also objected insofar as the order failed in its case to propose retroactive application of the multielement rate to February 4, 1964, the date of its petition reopening its rate. Subsequently, Chicago and Los Angeles filed motions seeking dismissal of the proceeding as to them and reestablishment of the old \$2.58 per ton-mile rate. On December 10, 1965, the Board fixed a final rate of \$2.58 per ton-mile to be paid Chicago Helicopter and Los Angeles Airways on and after June 19, 1965.

In the interim period since the filing of San Francisco's petition reopening its service mail rate, the line-haul portion of the domestic multielement service mail rate was reduced to 27.15 cents per mail ton-mile, based on standard mileages, effective June 19, 1965, for the trunkline and all-cargo carriers, and effective August 14, 1965, for the local service carriers, with no change in the terminal rates.

Subsequently, the line-haul element was adjusted upward to 27.33 cents per mail ton-mile in conjunction with a change in the basis for computing compensation from standard miles to nonstop great circle miles effective Oc-tober 8, 1966."

The multielement rate proposed herein for San Francisco is the rate established for the trunkline, local service, and all cargo carriers by Order E-22512, August 6, 1965, as amended by Order E-24247,

September 30, 1966. The volume of mail carried by San Francisco is very small. During 1966, for example, San Francisco carried a total of only 3,235 ton-miles of mail which represented less than 1 percent of San Francisco's total ton-mile traffic. With San Francisco's volume, both relative and absolute, being so small, it is indicated that a detailed costing of San Francisco's mail service would be extremely difficult, and this difficulty would be aggravated by the necessity of the costing being pursued within the context of formal hearing procedures. With these factors in mind, it appears that the likelihood of either the Government or the carrier receiving benefit commensurate with the expenditure of time and money on a hearing is remote at best. It therefore appears appropriate to the Board that every effort be made to obtain a fair disposition of this matter through in-formal means. The Board's staff met on a number of occasions with representatives of the Post Office Department and San Francisco, and both parties recently informally advised the Board's staff that the disposition proposed herein is acceptable to them.

Order E-22987, Dec. 10, 1965, Order E-22512, Aug. 6, 1965, Order E-24247, Sept. 30, 1966,

Notwithstanding their divergent interests, the fact that both the user of the service and the carrier providing the service are willing to accept the rate proposed constitutes substantial evidence of the reasonableness of that rate, and such a conclusion is reinforced by a consideration of other independent factors.

The multielement rate proposed herein has had application to an extremely broad spectrum of individual carriers having very diverse financial and operating characteristics. It has, neverthebeen considered to produce a reasonable result both in the aggregate and individually, and there is no reason to believe that it will not produce a reasonable result for San Francisco.

For the open rate period, February 4, 1964, through the first quarter of 1967, the multielement rate proposed herein would have produced an average mail yield of about \$5.10 per ton-mile for San Francisco. This is, of course, substan-tially higher than the rate of \$2.58 per ton-mile formerly applying. The former rate was, however, initially established for the other three helicopter carriers in 1953, and was merely extended to apply to San Francisco in 1962 when it was first authorized to carry mail.

San Francisco's indicated multielement yield of \$5.10 per ton-mile, while high in comparison to its former rate, appears to be reasonably within the range of the carrier's indicated costs. San Francisco's average operating cost per revenue ton-mile was \$5.40 in calendar 1964, \$6.74 in fiscal 1966, \$6.05 in the first quarter of 1967. Such costs include nonmail costs but do not include a return allowance. It is, therefore, indicated that the multielement rate would have produced an average yield for San Francisco moderately below its average cost per revenue ton-mile excluding nonmail costs but allowing a return. This is the same situation that obtained with respect to the trunkline carriers when the multielement rate proposed herein was first made effective in 1965.

Considering all relevant factors, the Board tentatively finds that the multielement rate proposed herein will pro-duce a result for San Francisco that is within the zone of reasonableness as indicated by the best available data.

Upon consideration of the foregoing, the Board proposes to issue an order to include the following findings and con-

1. The fair and reasonable final rate of compensation to be paid San Francisco & Oakland Helicopter Airlines, Inc., for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith between the points which the carrier has been, is presently, or hereafter may be authorized to transport mail by its certificate of public convenience and necessity or Board exemption order on and after February 4, 1964, shall be the sum of (A) the line-haul charges, and

(B) the terminal charges, computed as

A. Line-haul charges. The line-haul charge shall be the product of the mail ton-miles times the line-haul rate of 27.33 cents per mail ton-mile. The mail ton-miles for each shipment shall be computed by using the nonstop great circle miles between the station of origin and station of destination as the standard miles between such points.

B. Terminal charges. (1) The terminal charge for each shipment of mail shall be the product of the pounds of mail in each shipment times the terminal rate per pound set forth below for the station of origin of the mail shipment:

Statio		Terminal rate per pound	
Class	A	3.32	
Class	B	6.64	
Class	C	9.96	
Class	D	33.21	

(2) The stations included in each of the foregoing station classes shall be as specified in Appendix A set forth below, provided, however, that any station not listed in said appendix shall be classified as a Class "C" station.

(3) At any time, the Board upon its own initiative may institute a proceeding, and any party may make application to the Board for change in the classification of any station, without disturbing the overall rate and rate structure, on the ground that the total revenue tons enplaned at the station in question during the most recent 12month period preceding the filing of such application bring the station within a different class based upon the classification set forth in the note below." Such application will not be regarded as reopening the rate provided that it raises only the factual question as to the total tons enplaned at the particular station and does not challenge the limits of the station classifications provided for

Applications provided for above shall be clearly entitled "Application for Change in Classification of Station," shall contain a clear and concise statement of the requested classification change and the facts upon which such request is based, and shall in all other respects conform to the applicable requirements of the rules of practice. Any order changing a station classification shall take effect as of the first day of the first postal accounting period following the filing of the application, unless the application is filed on the first day of a postal accounting period in which event the order shall be effective as of the application.

C. Definitions. As used herein "station (or point) of origin" means the station at which the carrier first enplanes the

> Revenue tons " Classes of all traffic stations enplaned per year 7,000 and over. 750-6,999. D..... 59-or less.

mail shipment after receipt thereof from the Post Office Department or its representatives, or from another carrier. "Station (or point) of destination" means the station at which the carrier deplanes the mail shipment for delivery to the Post Office Department or its representatives, or to another carrier. A point at which a mail shipment is transferred from one flight to another flight of the carrier shall not be considered as a point of origin or point of destination for such shipment.

2. Such service mail rate shall be paid in its entirety by the Postmaster General pursuant to section 406(c) of the Federal Aviation Act of 1958, and no part of such amount shall be paid by the Board.

3. Further proceedings in Docket 16222 et al., as they pertain to San Francisco & Oakland Helicopter Airlines, Inc., are dismissed.

4. The action proposed herein shall be without prejudice to the rights of any other party in Docket 16222 et al.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof:

It is ordered, That:

1. All interested persons, and particularly San Francisco & Oakland Helicopter Airlines, Inc., and the Postmaster General, are directed to show cause why the Board should not adopt the foregoing proposed findings and conclusions, and (1) fix, determine, and publish the rates stated in numbered paragraph 1 of the foregoing proposed findings and conclusions as the fair and reasonable rates to be paid the aforementioned carrier for the transportation of mail by aircraft, the facilities used and useful therefor and the services connected therewith between the points which the carrier has been, is presently, or hereafter may be authorized to transport mail by its certificate of public convenience and necessity or Board exemption order on and after the date specified in the above numbered paragraph; and (2) dismiss the proceeding in Docket 16222, et al., insofar as it pertains to the rates applicable to San Francisco & Oakland Helicopter Airlines, Inc.,

2. All further procedures herein shall be in accordance with the rules of practice (14 CFR Part 302); and if there is any objection to the rate or to the other findings and conclusions proposed herein, notice thereof shall be filed within 10 days, and, if notice is filed, written answers and supporting documents shall be filed within 30 days, after the date of

service of this order; 3. If notice of objection is not filed within 10 days, or if notice is filed and answer is not filed within 30 days after service of this order, all persons shall be deemed to have waived the right to a hearing and all other procedural steps short of a final decision by the Board, and the Board may enter an order incorporating the findings and conclusions proposed herein and fixing and determining the final rate specified herein;

4. This order be served upon Chicago Helicopter Airways, Inc., Los Angeles Airways, Inc., New York Airways, Inc.,

See footnote 1, supra.
Derived from the carriers' Form-41

San Francisco & Oakland Helicopter Airlines, Inc., and the Postmaster General.

This order will be published in the FEDERAL REGISTER.

[Docket No. 18123; Order E-25504]

WEST COAST AIRLINES, INC.

Order Granting Motion To Expedite

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 8th day of August 1967.

Application of West Coast Airlines, Inc. Docket 18123; for amendment of its certificate of public convenience and necessity.

On January 19, 1967, West Coast Airlines, Inc., filed an application, Docket 18123, requesting that its certificate for Route 77 be amended to extend segment I to the new terminal point Los Angeles and that San Francisco and Oakland be designated as intermediate points. West Coast requests authority to provide unrestricted nonstop service between Seattle and/or Portland on the one hand and San Francisco and/or Los Angeles on the other; and nonstop authority between San Francisco and Los Angeles subject to a restriction against turnaround service between such points. West Coast indicates that operations pursuant to this authority would be without subsidy eligibility. On February 10, 1967, West Coast filed a motion to expedite hearing of Docket 18123.

In support of its motion for an expedited hearing West Coast contends among other things that: Its proposal will reduce subsidy substantially and increase economy of operations; it will realize an operating profit of \$3,460,000 in the first stabilized year of service; in addition to new competitive service from Seattle and Portland to San Francisco and Los Angeles, the proposal would offer first carrier through service to Los Angeles from many West Coast points; the proposal would benefit a substantial volume of traffic since approximately 275,000 annual passengers would use the proposed services; a substantial period of time has elapsed since the Board considered the service needs in the area because United's basic north-south authority on the Pacific coast was obtained in a "grandfather" certificate and Western was extended to the Pacific Northwest 20 years ago; and that West Coast is badly in need of route strengthening and no significant strengthening can take place without access to the traffic flow here involved.

Answers in support of West Coast's motion have been filed by the city and county of San Francisco; Seattle Traffic Association; the city of Medford, Oreg.; the Washington Utilities and Transportation Commission; the Tri-Cities Nuclear Council, Inc.; Walla Walla Chamber of Commerce and Walla Walla City-County Airport Board; the city of Roseburg, Oreg.; and the city of Eugene, Oreg.

Answers opposing West Coast's motion have been filed by Pacific Air Lines, Inc., and Western Air Lines, Inc. In support of its answer Pacific alleges, inter alia, that: West Coast's proposal would have a significant and adverse economic impact upon Pacific: West Coast's subsidy reduction, if any, would not be as great as West Coast predicts; a large part of the 275,000 annual passengers which West Coast states would use its proposed services would be carried by West Coast in Pacific's present markets to Pacific's economic detriment; service to the areas involved has been under consideration by the Board recently in the "Service to Spokane Case" and the "West Coast 'Use it or Lose it' Case."

In support of its answer, Western al-leges, inter alia, that: The Pacific coast markets have excellent competitive service by United and Western and there is no immediate or pressing need to consider additional service; there is little likelihood that West Coast could reduce its subsidy requirements by entering these highly competitive trunkline markets; West Coast's forecast of revenues and expenses is unrealistic and it is more likely that its proposed services would actually increase its subsidy need; grant of this motion would involve the Board in another major trunkline proceeding in which probably every trunkline carrier serving the Pacific coast would become an applicant; moreover, West Coast would divert substantial revenues from Western.

Upon consideration of the pleadings and all the relevant facts, we have decided to grant West Coast's motion. West Coast has supported its motion with economic data setting forth traffic forecasts and financial estimates. Even taking into consideration the adjustments made by Western to West Coast's revenue estimates, we think that West Coast has made a prima facie showing that its proposal would still produce a substantial operating profit. The Board's policy is to take actions which will strengthen the route systems of local service carriers. It is clear that West Coast is in need of such strengthening and this proceeding is a step in that direction. We note also that West Coast's proposal would offer first single-carrier service to Los Angeles from many of West Coast's certificated points, and Yakima and Pasco would re-

ceive first single-plane service to Los Angeles and more expeditious service to San Francisco. In addition, Eugene and Medford would obtain new service to Los Angeles via scheduled on-line connections, Finally, as West Coast states, a substantial period of time has elapsed since the Board reviewed in depth the service needs of the principal markets here involved. We do not find the objections of Pacific and Western to setting this application for hearing to be persuasive. For the most part their objections are more properly directed to the merits of West Coast's application rather than to the question of whether West Coast should be accorded a priority hearing. In view of the foregoing, we conclude that West Coast has satisfied the criteria adopted by the Board for granting expeditious consideration (§ 399.60)

We shall favorably act upon duly filed motions of the carriers seeking consolidation of applications or parts thereof which are within the scope of the investigation. Other interested applicants, of course, may file amended or additional applications consistent with the scope of the investigation within the time for filing as hereinafter established, However, in the event new or amended applications for new or additional routes consistent with the scope of this case are filed, each applicant should file one new composite application covering clearly and specifically all of the authority sought in this proceeding. This procedure will obviate the confusion resulting from the consolidation of several separately filed applications or portions thereof and will assist the parties, the Examiner, and the Board in analyzing and considering the precise proposals of each applicant.

In addition to the issues raised in West Coast's application, we have decided to hear the question of whether or not nonstop service should be provided between Seattle and Portland, on the one hand, and airports near Los Angeles and San Francisco, on the other hand, other than San Francisco International Airport and Los Angeles International Airport. The airports we will consider for this purpose are: Orange County Airport (serving Santa Ana), Dougherty Field (serving Long Beach), Oakland International Airport, Ontario International Airport, San Jose Municipal Airport, and Hollywood-Burbank Airport. We believe that the institution of Seattle/Portland nonstop service at these airports could well provide improved service to the public and could ease congestion at the major airports.

Accordingly, it is ordered:

United's basic north-south authority was obtained in a "grandfather" certificate. 1 CAA 138 (1939). Western was extended to the Pacific Northwest in the "West Coast Case." 8 CAB 14 (1947). In the "Spokane" cases (Orders E-21163 & E-24613, Aug. 7, 1964 and Jan. 6, 1967) we considered improved authority between Spokane. Seattle, Portland, and California points. However, in those proceedings, we focused principally on improved Spokane-California service and not on the key markets here concerned.

 That West Coast's motion for expedited hearing of its application in Docket 18123 be and it hereby is granted;

2. That an investigation be and it hereby is instituted in Docket 18884, to determine whether nonstop service between Seattle and Portland, on the one hand, and, Orange County Airport, Dougherty Field, Oakland International Airport, Ontario International Airport, San Jose Municipal Airport, and Hollywod-Burbank Airport, on the other hand, is required by the public convenience and necessity.

That Docket 18123 be and it hereby is consolidated with the above-instituted

investigation.

4. That motions to consolidate, applications, and motions or petitions seeking modification or reconsideration of this order be filed no later than 20 days after the date of service of this order and that answers to such pleadings be filed no later than 10 days thereafter; and

That any authority awarded in this proceeding shall be ineligible for subsidy.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] HAROLD R. SANDERSON, Secretary.

FEDERAL POWER COMMISSION

[Docket No. CS68-6 etc.]

D. E. ACKERS ET AL.

Notice of Applications for "Small Producer" Certificates 1

August 3, 1987.

Take notice that on July 17, 1967, Joseph I. O'Neill, Jr., 410 West Ohio, Midland, Tex. 79701, filed on his own behalf and on behalf of other Applicants listed herein applications pursuant to section 7(c) of the Natural Gas Act and § 157.40 of the regulations thereunder for a "small producer" certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce from the Permian Basin area of Texas and New Mexico, all as more fully set forth in the applications which are on file with the Commission and open to public inspections.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 25, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter believes that a grant of the certificates is required by the public convenience and necessity. Where a protest or petition for

*This notice does not provide for consolidation for hearing of the several matters covered herein, nor should it be so construed, NOTICES

[Docket No. CP68-30]

BORDER PIPE LINE CO. Notice of Application

8:45 a.m.)

AUGUST 4, 1967.

Take notice that on June 30, 1967, Border Pipe Line Co. (Applicant), Post Office Box 521, Tulsa, Okla. 74102, filed in Docket No. CP68-30 an application pursuant to subsection (b) of section 7 of the Natural Gas Act for permission and approval of the Commission to abandon certain natural gas service, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authortration to abandon the sale and delivery of natural gas to American Smelting and Refining Co. (American) for export which was originally authorized by the Commission in its order issued October 10, 1942, as amended, in Docket No. G-228 (3 FPC 827). Applicant states that it has assigned to Texas Gas Utilities Company (Texas) all its rights, title, and interest in and to said sale, described above, and the facilities necessary therefor, and Texas has been authorized by the Commission, in Docket No. CP67-72, to continue said sale and delivery for export. Applicant therefore seeks authorization to abandon the sale and delivery of natural gas to American for export and further requests that the Presidential permit heretofore issued to it be terminated.

Protests or petitons to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before August 30, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

> GORDON M. GRANT, Secretary.

[Project No. 2647]

COLORADO RIVER WATER CONSERVATION DISTRICT

Notice of Application for Preliminary Permit for Unconstructed Project

AUGUST 3, 1967.

Public notice is hereby given that application for preliminary permit has been filed under the Federal Power Act (16 U.S.C. 791a-825r) by The Colorado River Water Conservation District (correspondence to: Philip P. Smith, Secretary-Engineer, The Colorado River Water Conservation District, Post Office Box 218, Glenwood Springs, Colo. 81601) for unconstructed Project No. 2647, to be known as the South Fork of White River Project, to be located on South Fork of White River in the counties of Garfield and Rio Blanco, in the region of Meeker and Glenwood Springs, Colo., and affecting lands of the United States within the White River National Forest.

The proposed South Fork of White River Project would consist of three developments to be constructed in the order named herein as water conservation and water power developments: (a) Rio Blanco Development which would include: (1) An earth and rock-filled dam structure on South Fork of White River about 290 feet high approximately 5 miles below the confluence of the North Fork of South River; (2) a reservoir of about 131,000 acre-feet of capacity at normal maximum water elevation of 9,270 feet (m.s.l.); (3) an 18,000-footlong conduit consisting of a tunnel, surface penstock, and penstock tunnel; and (4) a powerplant with an installed capacity of 22,500 kw. (b) South Fork Development which would include: (1) An earth and rock-filled dam structure about 290 feet high on South Fork of White River, approximately 13 miles above its confluence with the North Fork

of White River; (2) a reservoir of 85,000 acre-feet of capacity at normal maxi-mum water surface elevation of 8,055 feet (m.s.l.); (3) a tunnel and penstock about 11,500 feet long; and (4) a power-plant with an installed capacity of 13,500 kw. (c) Blair Mountain Pumped Storage Development which would include: (1) A concrete gravity forebay dam about 150 feet high and 800 feet long damming natural Crater Lake; (2) a forebay reservoir with about 2,000 acrefeet of capacity at normal maximum water surface elevation of 14,450 feet (3) a controlled outlet pipe to a tunnel penstock about 8,200 feet long; (4) a powerplant located on the South Fork of White River just below its confluence with Patterson Creek at approximate elevation of 8,200 feet (m.s.l.) with an initial installed capacity of 175,000 kw and provision for an ultimate installed capacity of 525,000 kw; and (5) a concrete gravity dam about 60 feet high on South Fork of White River creating an afterbay reservoir of about 3,000 acrefeet capacity.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last day upon which protests or petitions may be filed is September 18, 1967. The application is on file with the Commission for public inspection.

GORDON M. GRANT, Secretary.

[Docket No. CI68-65]

GULF OIL CORP. Notice of Application

August 4, 1967.

Take notice that on July 20, 1967, Gulf Oil Corp. (Applicant), Post Office Box 1589, Tulsa, Okla. 74102, filed in Docket No. CI68-65 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Texas Eastern Transmission Corp. from various fields in South Louistana and offshore therefrom at a total initial rate of 21.25 cents per Mcf at 15.025 p.s.i.a., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The application states that Applicant recognizes that the proposed rate ir in excess of the "in-line" rates heretofore found to be required by the public convenience and necessity for initial sales from the area involved and that Applicant is willing to accept a certificate at the proposed rate, which certificate shall be subject to an express condition that Applicant shall refund to Texas Eastern Transmission Corp. from the date of Transmission Corp. from the date of initial delivery, together with interest at the rate of 7 percent per annum, any amounts collected in excess of the rate

finally determined to be applicable in the Area Rate Proceeding, Docket No. AR61-2, to sales of the same vintage and under the same or similar delivery conditions.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act on or before September 1, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. RI68-2 etc.]

HUMBLE OIL & REFINING CO. ET AL.

Order Accepting Contract Amendments, Providing for Hearings on and Suspension of Proposed Changes in Rates; Correction

JULY 7, 1967.

In the order accepting contract amendments, providing for hearings on and suspension of proposed changes in rates, issued July 13, 1967 and published in the FEDERAL REGISTER July 22, 1967 (F.R. DOC. 67-8355, 32 F.R. 10820) Humble Oil & Refining Co., Docket No. RI68-2 et al., under column headed "Supp. No." (opposite Rate Schedule No. 245) change "3" to read "4".

GORDON M. GRANT, Secretary.

[F.R. Doc. 67-9416; Filed, Aug. 10, 1967; 8:45 a.m.]

[Docket Nos. CP68-34, CP68-35]

LUMAR GAS CORP. AND HYDROCO GAS SUPPLY CORP.

Notice of Application

August 4, 1967.

Take notice that on August 1, 1967, Lumar Gas Corp. (Lumar), 1215 Chamber of Commerce Building, Houston, Tex. 77002, and Hydroco Gas Supply Corp.

(Hydroco), 1520 Vaughn Plaza, Corpus Christi, Tex. 78401 (Applicants), filed in Docket Nos. CP68–34 and CP68–35, respectively, applications pursuant to subsections (b) and (c) of section 7 of the Natural Gas Act for permission and approval to abandon by sale certain natural gas facilities and service and for a certificate of public convenience and necessity authorizing the acquisition and operation of certain natural gas facilities and service, respectively, all as more fully set forth in the applications, which are on file with the Commission and open to public inspection.

Specifically, Lumar seeks permission and approval to abandon, by sale to Hydroco, its natural gas gathering facilities in the Gyp Hill, East Midway, Appling, South Lucky, and Nada Fields, all in the State of Texas, together with the sales to Texas Eastern Transmission Corp. (Texas) and all of Lumar's assets. Lumar states that due to depletion of the fields mentioned above, the total deliveries to Texas have declined and only the Appling and South Lucky Fields are still producing any deliverable natural gas, as a result of which it has gone out of business. Lumar further states that the abandonment proposed above contemplates that Hydroco will continue the sales to Texas until the remaining dedicated reserves are depleted.

Hydroco seeks authorization to acquire and operate the natural gas gathering facilities of Lumar together with the sale of natural gas to Texas, as set forth above, until such time as the dedicated reserves are depleted, as mentioned above.

Hydroco proposes to carry the facilities acquired from Lumar on its books for \$55,600, said cost to be financed by a temporary bank loan, to be refinanced on a permanent basis by the issuance of equity and/or debt securities.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before September 1, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate and permission and approval for the proposed abandonment is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

unnecessary for Applicant to appear or be represented at the hearing.

> GORDON M. GRANT, Secretary.

[P.R. Doc. 67-9417; Filed, Aug. 10, 1967; 8:45 a.m.]

[Docket No. CP68-32]

MICHIGAN WISCONSIN PIPE LINE CO. Notice of Application

AUGUST 4, 1967.

Take notice that on July 28, 1967, Mich. 48226, filed in Docket No. CP68-32 plicant), 1 Woodward Avenue, Detroit, Mich. 48226, filed in Docket No. CP68-32 an application pursuant to subsection (c) of section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate a sales measuring station to provide a new delivery point to Madison Gas and Electric Co. (Madison) and approximately 1,240 feet of 4-inch lateral pipeline. Applicant states that the facilities proposed above will enable Madison to sell and deliver volumes of natural gas to Hamre Feed Service, Ltd. (Hamre), a new resale customer of Madison, for use in a new feed-drying plant operated by Hamre. Applicant further states that Madison has indicated that it has the capacity to render the proposed service without additional purchases from Applicant so Applicant does not propose any new or additional sales of natural gas.

Applicant estimates the total cost of the proposed facilities at approximately \$19,150, said cost to be financed from funds on hand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before August 30, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and pro-cedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. CP68-33]

MID STATES GAS CO., INC., AND PANHANDLE EASTERN PIPE LINE CO.

Notice of Application

AUGUST 4, 1967.

Take notice that on July 31, 1967, Mid States Gas Co., Inc. (Applicant), 601 Chamber of Commerce Building, Indianapolis, Ind. 46204, filed in Docket No. CP68-33 an application pursuant to subsection (a) of section 7 of the Natural Gas Act for an order of the Commission directing Panhandle Eastern Pipe Line Co. (Respondent) to establish physical connection of its transportation facilities with the facilities proposed to be constructed by Applicant and to sell and deliver to Applicant volumes of natural gas for resale and distribution in the communities of Lizton, Jamestown, Advance, and Pishers, all in the State of Indiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to construct and operate municipal natural gas distribution systems in the town of Lizton, Hendricks County, towns of Jamestown and Advance, Boone County, and the town of Pisher, Hamilton County, all in the State of Indiana, Applicant also proposes to construct and operate approximately 1.2 miles of 2-inch lateral line extending southward from a point of interconnection with Respondent's main transmission line to the town of Fisher and approximately 12 miles of 3-inch transmission lateral line extending northward from Respondent's main transmission line approximately 2 miles to the town of Lizton, then approxi-mately 5 miles generally northwest to the town of Jamestown and finally approximately 5 miles to the town of Advance. Applicant proposes to incorporate the lateral lines proposed above as an integral part of its distribution system.

Applicant estimates the third year peak daily and annual natural gas requirements o fthe four towns at 1,517.8 Mcf and 125,532 Mcf, respectively.

Applicant estimates the total cost of the proposed facilities at approximately \$498,000, said cost to be financed with equity capital.

Protests or petitions to intervene may be filed with the Federal Power Commis-sion, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 31, 1967.

UNITED GAS PIPE LINE CO. Notice of Application

AUGUST 3, 1967.

Take notice that on July 27, 1967. United Gas Pipe Line Co. (Applicant), Post Office Box 1407, Shreveport, La. 71102, filed in Docket No. CP68-31 an application pursuant to subsection (c) of section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and the sale and delivery of natural gas for resale and distribution, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate the following natural gas facilities:

(1) Approximately 20 feet of 2-inch transmission lateral pipeline, extending from Applicant's 8-inch Bogalusa Lateral, at mile post 14.5, to the village of Sun, St. Tammany Parish, La.; and

(2) A positive meter station and appurtenant facilities to be located on the pipeline described in (1) above.

Applicant also seeks authorization to sell and deliver to the village of Sun, St. Tammany Parish, La., natural gas for resale and distribution within Sun. Applicant estimates the third year peak daily and annual natural gas require-ments of Sun at 494 Mcf and 60,741 Mcf.

respectively.

Applicant estimates the total cost of the proposed facilities at approximately \$8,161, said cost to be financed from current working funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before August 30, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and pro-cedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to inter-vene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

> GORDON M. GRANT. Secretary.

GENERAL SERVICES ADMINIS-TRATION

ADMINISTRATIVE COMMITTEE OF THE FEDERAL REGISTER ET AL.

Standing Interagency Committees Chaired by General Services Administration

Bureau of the Budget Circular No. A-63 of March 2, 1964, requires that no-tice of the establishment or extension of standing interagency committees be published in the FEDERAL REGISTER "in order to facilitate convenient and permanent reference by Federal agencies, unless this would be inconsistent with law or regulations, or where such publication would not be in the national interest." In compliance with this requirement the following information is provided relating to standing interagency committees chaired by the General Services Administration.

A. Continuing interagency committees established by legislation.

Executive order, or at the direction of the President:

Administrative Committee of the Federal Register.

Federal Fire Council.

National Archives Trust Fund Board. National Historical Publications Commission.

B. Standing committee established during fiscal year 1966 at the request of the President:

Advisory Committee on Federal Buildings in the National Capital Region.

C. Standing committees previously extended beyond June 30, 1966:

Interagency Advisory Committee on Disposal of Natural Rubber.

Interagency Advisory Committee on Security Equipment.

Interagency Advisory Committee on Standardization Planning.

Interagency Committee for the Re-view of Federal Supply Schedules. Interagency Coordinating Committee

on Medical Stockpile Shelf-Life Items. Interagency Procurement Policy Com-

Interagency Transportation and Traffic Management Committee.

D. Standing committees disestablished since June 30, 1966:

Interagency Utilities Committee.

Interdepartmental Disposal Subcommittee (of the Interdepartmental Disposal Committee, Office of Emergency Planning).

Region 2 Wax Testing Committee. Storage Standards Subcommittee (of the Interdepartmental Stockpile Storage Committee, Office of Emergency Planning).

Dated: August 5, 1967.

LAWSON B. KNOTT, Jr., Administrator of General Services.

SECURITIES AND EXCHANGE COMMISSION

[70-4517]

COLUMBIA GAS SYSTEM, INC., ET AL.

Notice of Proposed Intrasystem Merger of Two Public-Utility Companies and Related Transactions

AUGUST 7, 1967.

Notice is hereby given that the Columbia Gas System, Inc. ("Columbia"), 120 East 41st Street, New York, N.Y. 10017, a registered holding company, and its gas utility subsidiary companies, Virginia Gas Distribution Corp. ("Virginia Gas") and Blue Ridge Gas Co. ("Blue Ridge"), have filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(b), 9, 10, and 12(f) thereof and Rule 43 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the applicationdeclaration, which is summarized below, for a complete statement of the proposed transactions.

Virginia Gas and Blue Ridge, both wholly owned gas-utility subsidiary companies of Columbia and incorporated under the laws of the Commonwealth of Virginia, are engaged in the retail sale and distribution of natural gas within their respective service areas in Virginia Virginia Gas has approximately 33,400 customers and Blue Ridge, approximately 1,100 customers. Each company purchases its total gas supply from Atlantic Seaboard Corp. ("Seaboard"), an associate company, at delivery points in Virginia.

Blue Ridge's service area is in Rockingham County and part of Augusta County. Virginia Gas' certificated area includes all or parts of the counties of Alleghany. Botetourt, Rockbridge, Nelson, Augusta, Albemarle, Greene, Page, Madison, Rappahannock, Culpeper, Fauquier, Prince William, Fairfax, and Loudoun.

Columbia proposes the merger of Blue Ridge into Virgina Gas. It is stated that consolidation of the operations of Blue Ridge and Virginia Gas will result in greater efficiency and economy by eliminating the necessity for maintaining separate books of accounts and records, preparing separate reports to regulatory commissions and others and that merger of the two companies will also result in a single, Virginia retail distribution subsidiary company, an objective sought in Columbia's long-range realinement program.

Blue Ridge has filed proposed rate schedules to reduce the rates presently charged its general service and summer air-conditioning customers to the level of rates presently charged such customers by Virginia Gas with the result that single Statewide rates will be in effect for such customers.

Virginia Gas, as the surviving corporation, will own all the utility property and assets of Blue Ridge and, upon the proposed merger becoming effective, Virginia Gas will become fully responsible for all the obligations of Blue Ridge existing at the date of the merger and will render service in the same service areas now served by it and Blue Ridge, Virgina Gas proposes to adopt the then effective retail rates and charges of Blue Ridge.

The merger will be consummated as follows: (1) Virginia Gas will issue to Columbia, as sole stockholder of Blue Ridge, upon the surrender for cancellation of the outstanding capital stock of Blue Ridge, such number of authorized but unissued shares of Virginia Gas' capital stock as shall equal, in par value, the par value of Blue Ridge's then outstanding capital stock; (2) the Installment Promissory Notes of Blue Ridge will become obligations of Virginia Gas; and (3) the capital and earned surplus of Blue Ridge will be carried forward as capital and earned surplus of Virginia Gas.

In recognition of the reservations contained in the Commission's Opinion and Order of November 30, 1944, issued in respect of Columbia Gas and Electric Corp. et al. (17 S.E.C. 494), as to the retainability of its interest in certain wholly owned subsidiary companies and in its Order of May 26, 1965 (Holding Company Act Release No. 15248), issued in respect of Columbia's acquisition and retainability of Blue Ridge, Columbia agrees and stipulates that (1) if the Commission authorizes the proposed merger of Blue Ridge into Virginia Gas, the Commission's reservation of jurisdiction with respect to Columbia's retainability of Blue Ridge (or its properties) and Virginia Gas (or its properties) will not (nor will Virginia Gas, as the surviving corporation and a wholly owned sub-sidiary company of Columbia), in any prior or subsequent section 11(b) (1) proceeding instituted by the Commission, take any position or make any argument to the effect that the Commission will have prejudiced its jurisdiction, power or authority to order the divestment of any interest in Virginia Gas (or its properties including those acquired from Blue Ridge as a result of the proposed merger) and (2) Columbia consents to the inclusion in the Commission's Order that may be entered herein of a reservation of full jurisdiction, power and authority under section 11(b)(1) of the Act.

It is stated that the Virginia State Corporation Commission has jurisdiction over the merger of Blue Ridge into Virginia Gas and the issuance of Virginia Gas of capital stock and assumption by Virginia Gas of Blue Ridge Installment Promissory Notes. It is represented that no other State commission and no Federal commission, other than this Commission, has such jurisdiction. A statement of the fees and expenses related to the proposed transactions is to be filed by amendment.

Notice is further given that any interested person may, not later than August 29, 1967, request in writing that a hear-

ing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by the filing which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicantsdeclarants at the above-stated address, and proof of service (by affidavit or, in the case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

[SEAL]

ORVAL L. DuBois, Secretary.

[70-4516]

CONNECTICUT LIGHT AND POWER CO.

Notice of Proposed Issue and Sale of Notes to Banks

AUGUST 7, 1967.

Notice is hereby given that The Connecticut Light and Power Co. ("CL&P"), Selden Street, Berlin, Conn. 06037, an electric utility subsidiary company of Northeast Utilities ("Northeast"), a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6 and 7 thereof as applicable to the proposed transactions, All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transactions.

CL&P presently has outstanding \$11,-360,000 of short-term notes issued to banks which, pursuant to the 5 percent exemptive provision of section 6(b) of the Act, will be increased on or about August 1, 1967, to approximately \$13,-500,000. CL&P proposes to renew, extend or refund such notes, and to issue and sell up to an additional \$28,115,000 of short-term notes, and to renew the notes from time to time, to meet its capital requirements until the notes can be retired out of the proceeds of long-term

financing. The aggregate amount of all notes at any one time outstanding will at no time exceed \$41,615,000.

Each note will be dated on the date of its issue, will have maximum maturity dates of 6 months with the right of renewal, will bear interest at the prime rate (currently 5½ percent) in effect at the lending bank on the date of issue, and will be subject to prepayment at any time at the company's option without premium. CL&P expects such borrowings will be effected from the banks listed below in a maximum amount outstanding at any one time from each bank, as follows:

	80,000 75,000 65,000

The proceeds of the sale of the notes heretofore or hereafter to be issued, have been, or will be applied, together with other funds, for construction expenditures (estimated at \$112 million during 1987-68), and for the acquisition of the common stock of Connecticut Yankee Atomic Power Co., an electric utility subsidiary company of CL&P, and the

proposed nuclear generating companies, Vermont Yankee Nuclear Power Co., and Maine Yankee Atomic Power Co.

CL&P expects to retire all of the notes prior to June 30, 1968, from the net proceeds of the sale of additional first mortgage bonds or preferred stock, and will reduce the maximum amount of indebtedness which it may incur pursuant to this declaration by the amount of such net proceeds.

CL&P's fees, commissions and expenses paid or incurred, or to be paid or incurred, directly or indirectly, in connection with the proposed issuance of the notes are estimated to be approximately \$1.500, including estimated legal fees of \$500.

The declaration states that no consent or approval of any State commission or any Federal commission, other than this Commission, is required for the proposed transactions.

Notice is further given that any interested person may, not later than August 30, 1967, request in writing that a hearing held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary. Securities and Exchange Commission. Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

[SEAL] ORVAL L. DuBois, Secretary.

DIAMOND ALKALI CO. ET AL.

Notice of Applications for Unlisted Trading Privileges and of Opportunity for Hearing

AUGUST 7, 1967.

In the matter of applications of the Philadelphia-Baltimore-Washington Stock Exchange, for unlisted trading privileges in certain securities. The above-named national securities exchange has filed applications with the Securities and Exchange Commission pursuant to section 12(f)(1)(B) of the Securities Exchange Act of 1934 and Rule 12f-1 thereunder, for unlisted trading privileges in the common stocks of the following companies, which securities are listed and registered on one or more other national securities exchanges:

	File No.
Diamond Alkali Co	7-2728
Dynamics Corp. of America	7-2729
Equity Funding Corp. of America	7-2730
General Precision Equipment Corp	7-2731
	7-2732
Richardson-Merrell, Inc.	

Upon receipt of a request, on or before August 22, 1967, from any interested person, the Commission will determine whether the application with respect to any of the companies named shall be set down for hearing. Any such request should state briefly the title of the security in which he is interested, the nature of the interest of the person making the request, and the position he proposes to take at the hearing, if ordered. In addi-tion, any interested person may submit his views or any additional facts bearing on any of the said applications by means of a letter addressed to the Secretary, Securities and Exchange Commission, Washington 25, D.C., not later than the date specified. If no one requests a hearing with respect to any particular application, such application will be determined by order of the Commission on the basis of the facts stated therein and other information contained in the official files of the Commission pertaining thereto.

For the Commission (pursuant to delegated authority).

ECONOMY FUND

Notice of Proposal To Terminate Registration

August 7, 1967.

Notice is hereby given that the Commission proposes, pursuant to section 8 (f) of the Investment Company Act of 1940 ("Act"), to declare by order upon its own motion that Economy Fund ("Fund") (formerly Selected Fifty Fund), % Harold F. Miller & Co., 214 Fischer Building, Dubuque, Iowa, registered under the Act as a unit investment trust, has ceased to be an investment company.

The Commission has been informed by Counsel for Fund that registration under the Act was inadvertent and that no securities have been issued, nor are any intended to be issued by Fund, and that the principals wish to withdraw the registration statement.

Section 8(f) of the Act provides, in pertinent part, that when the Commission, on its own motion, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, that upon the taking effect of such order the registration of such company shall cease to be in effect, and that, if necessary for the protection of investors, such order may be made upon appropriate conditions.

Notice is further given that any interested person may, not later than August 25, 1967, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest. the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address set forth above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the matter may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon this matter shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

KENTUCKY POWER CO.

Notice of Proposed Issue and Sale of Notes to Banks

AUGUST 7, 1967.

Notice is hereby given that Kentucky Power Co. ("Kentucky"), 15th Street and Carter Avenue, Ashland, Ky. 41101, a Kentucky corporation and an electric utility subsidiary company of American Electric Power Co., Inc. ("AEP"), a registered holding company, has filed with this Commission an application pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating section 6(b) thereof and Rule 50(a) (2) promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the application, which is summarized below, for a complete statement of the proposed transactions.

Pursuant to the terms of a Bank Loan Agreement, dated July 1, 1967, Kentucky purposes to issue and sell from time to ime through December 31, 1969, up to \$92 million of its unsecured promissory notes to banks in the respective amounts shown below. Kentucky will issue notes under such agreement only to the extent that the principal amount of all its indebtedness for borrowed money (other than debt having a maturity of 12 months or less from the date of issue or reissue thereof) does not exceed 65 percent of Kentucky's capitalization and surplus. The following banks have agreed to lend Kentucky the amounts shown:

Each note will be dated as of the date of issue, will mature on December 31, 1972, and will be prepayable, in whole or in part, at any time without premium unless such prepayment is made from the proceeds of, or in anticipation of, a borrowing by Kentucky from banking institutions at a rate of interest equal to or less than the then applicable interest rate on the proposed notes, in which event Kentucky will be obligated to pay a premium in an amount equivalent to interest at the rate of one-fourth of 1 percent per annum on the amount of such prepayment from the date of such prepayment to December 31, 1972. Each note will bear interest from its issue date to December 31, 1969, at the prime commercial loan rate in effect from time to time at the Manufacturers Hanover Trust Co. (currently 51/2 percent per annum) plus a percentage equal to onefourth of 1 percent per annum and, after December 31, 1969 (or such earlier date as Kentucky shall have borrowed an aggregate amount of \$92 million) at such prime rate plus a percentage equal to one-half of 1 percent per annum. Kentucky will also be required to pay substitute interest computed at the rate of onefourth percent per annum on the daily average unused amount of the commitment of each such bank from the effective date of the Bank Loan Agreement until December 31, 1969. The Bank Loan Agreement also limits short-term debt to 10 percent of Kentucky's capitalization and surplus.

It is stated that Kentucky will use the proceeds derived from the sale of the proposed notes, together with a \$20 million capital contribution from AEP, made in April 1967, plus funds from internal sources, to provide the capital required to construct Unit No. 2 of its Big Sandy generating station and related transmission and substation facilities, estimated to cost \$132 million. Of the \$92 million scheduled to be borrowed, it is estimated that \$25 million will be borrowed in 1967, \$56 million in 1968 and \$11 million in

An estimate of the fees and expenses to be incurred in connection with the proposed transactions will be supplied by amendment. The filing states that the proposed transactions are subject to the jurisdiction of the Public Service Commission of Kentucky and an order of that Commission expressly authorizing such transactions will be filed by amendment. It is further stated that no other State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than August 30, 1967, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as filed or as amended, may be granted as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate, Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 8, 1967.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC 67 (49 CFR Part 340), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REG-ISTER. One copy of such protest must be served on the applicant, or its authorized representative, if any, and the pro-tests must certify that such service has been made. The protest must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the field office to which protests are to be transmitted.
