Guide to Record Retention Requirements

[Revised as of January 1, 1967]

This useful reference tool is designed to keep businessmen and the general public informed concerning published requirements in laws and regulations relating to record retention. It contains over 900 digests detailing the retention periods for the many types of records required to be kept under Federal laws and rules.

The "Guide" tells the user (1) what records must be kept, (2) who must

keep them, and (3) how long they must be kept. Each digest also includes a reference to the full text of the basic law or regulation providing for such retention.

The booklet's index, numbering over 2,000 items, lists for ready reference the categories of persons, companies, and products affected by Federal record retention requirements.

PART 52—PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

Subpart—U.S. Standards for Grades of Canned Pimientos¹

A proposal to revise the U.S. Standards for Grades of Canned Pimientos was published in the *FEDERAL REGISTER* of August 4, 1966 (31 F.R. 10471). Interested persons were given until November 2, 1966, to submit written data, views, or arguments for consideration in connection with the proposed revision.

Statement of consideration leading to the revised standards. Certain changes are made as a result of the comments of interested persons in connection with the proposal of August 4, 1966. Most important of these changes are:

(1) Exclusion of "unpeeled" pimientos in any grade above substandard because of the strong opposition received from most pimiento packers.

(2) A slight reduction in recommended drained weight for diced and chopped styles when packed in No. 10 cans.

(3) Permitting more seeds in pieces, sliced, diced, and chopped styles.

Following the publication of the proposal of August 4, 1966, conflicting comments were received about the inclusion of halved style. Halved style is packed rarely but this style is permitted under the standard of identity of the Federal Food and Drug Administration as an optional form of this product. For this reason halved style is retained in the final standards.

Other changes include some reorganization of text and modification of wording for purposes of clarification of meaning.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the following U.S. Standards for Grades of Canned Pimientos are hereby promulgated pursuant to the authority contained in the Agricultural Marketing Act of 1946 (sec. 205, 60 Stat. 1090, as amended; 7 U.S.C. 1624).

The revision is as follows:

¹ Compliance with the provisions of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act or with applicable State laws and regulations.

AUTHORITY: The provisions of this subpart issued under sec. 205, 60 Stat. 1090, as amended; 7 U.S.C. 1624.

IDENTITY AND TYPES OF PACK

§ 52.2681 Identity.

(a) "Canned pimientos" means the canned product properly prepared from clean, sound, succulent pods of the pimiento plant (*Capsicum annuum*) as such product is defined in the standard of identity for canned pimientos (21 CFR 51.990) issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(b) For the purposes of these grade standards "Pimientos" are a group of sweet peppers of the pimiento-type or Spanish pepper. This group includes Pimiento, Perfection, Truheart, and similar varieties. Pimiento fruit pods are smooth, typically conical or heart-shaped, pointed at the blossom end, thick walled, red to reddish-yellow color, and possess a mild and sweet distinct pimiento flavor.

(c) The finished product is prepared from peeled pods and may contain acidifying and firming agents and any other ingredient permissible under the provisions of the Federal Food, Drug, and Cosmetic Act.

§ 52.2682 Types of pack.

(a) Regular pack (see Table I).
(b) Heavy pack (see Table I).

§ 52.2683 Styles of canned pimientos.

(a) "Whole" or "whole pimientos" means pimientos that retain the approximate conformation of a whole pod pimiento.

(b) "Halves" or "halved" means pimientos cut longitudinally into two approximately equal parts.

(c) "Pieces" means pimientos cut or broken into units with at least 1 square

inch area each and may include less than 50 percent, by weight, of whole pods.

(d) "Whole and pieces" means pimientos consisting of a combination of whole and pieces of pimientos and containing not less than 50 percent, by weight, of whole pimientos.

(e) "Slices" or "sliced" means pimientos sliced into strips.

(f) "Diced" means pimientos cut into approximate cube-shaped units or cut into approximately square pieces.

(g) "Chopped" means pimientos cut or broken into units of less than 1 square inch area each.

§ 52.2684 Grades of canned pimientos.

(a) "U.S. Grade A" (or "U.S. Fancy") is the quality of canned pimientos that possess similar varietal characteristics; possess a normal flavor; and for the applicable type and style: (1) Possess a good color; (2) are practically uniform or fairly uniform in size for the applicable styles; (3) are practically free from defects; (4) possess a good character; and (5) score not less than 90 points as outlined in this subpart.

(b) "U.S. Grade C" (or "U.S. Standard") is the quality of canned pimientos that possess similar varietal characteristics; possess a normal flavor; and for the applicable type and style: (1) Possess a fairly good color; (2) are fairly uniform in size and shape for the applicable styles; (3) are fairly free from defects; (4) possess a fairly good character; and (5) score not less than 80 points as outlined in this subpart.

(c) "Substandard" is the quality of canned pimientos that fail to meet the requirements of U.S. Grade C.

FILL OF CONTAINER AND DRAINED WEIGHTS

§ 52.2685 Recommended fill of container.

The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container of canned pimientos be filled with pimientos as full as practicable without impairment of quality.

§ 52.2686 Recommended drained weight.

The drained weight recommendations in Table I are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purpose of these grades. The drained weight of pimientos is determined by emptying the contents of the container upon a U.S. Standard No. 8 circular sieve of proper diameter containing 8 meshes to the inch [0.0937-inch (2.38 mm.), $\pm 3\%$, square openings] so as to distribute the product evenly, inclining the sieve slightly to facilitate drainage, and allowing to drain for 2

RULES AND REGULATIONS

minutes. A sieve 8 inches in diameter is used for No. 2½ size cans (401 x 411) and smaller sizes, and a sieve 12 inches in diameter is used for containers larger than the No. 2½ size can.

§ 52.2687 Compliance with recommended drained weights.

Compliance with the recommended drained weights in Table I is determined by averaging the drained weights from all the containers in the sample which

represents a specific lot; and such lot is considered as meeting the recommendations if the following criteria are met:

(a) The sample average meets the recommended minimum drained weight; and

(b) The containers which do not meet the recommended minimum drained weight are within the range of variability of good commercial practice and there is no unreasonable shortage of pimientos in any container.

FACTORS OF QUALITY

§ 52.2688 Ascertaining the grade of a sample unit.

(a) **General.** The grade of a sample unit is ascertained by considering certain factors which are not scored; the ratings for the factors of color, uniformity of size and shape, defects, and character which are scored; the total score; and the limiting rules which may apply.

(b) **Factors not rated by score points.** (1) Varietal characteristics.

(2) Flavor: "Normal flavor" means that the canned pimientos have a good, characteristic, mild but distinct pimiento flavor and are free from objectionable or bitter flavors and objectionable odors of any kind.

(c) **Factors rated by score points.** The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given each factor is:

Factors:	Points
Color	30
Uniformity of size and shape	20
Defects	40
Character	10
	100

§ 52.2689 Ascertaining the rating for the factors which are scored.

The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, "27 to 30 points" means 27, 28, 29, or 30 points).

§ 52.2690 Color.

(a) **Evaluation of color.** The evaluation of color of canned pimientos shall be determined immediately after opening the container. The color is based upon the brightness and the uniformity

of the exterior red to reddish-yellow color of the units. Green or dull oxidized reddish-brown units are scored under this factor when the overall color is affected.

(b) **Color standards.** The color of the units is classified by using the USDA plastic color standards for canned pimientos as follows:

(1) "Pimiento Red" means a red color equal to or more red than the USDA Pimiento Red color standard.

(2) "Pimiento Reddish-Yellow" means a reddish-yellow color equal to or more red than USDA Pimiento Reddish-Yellow but less red than USDA Pimiento Red color standard.

(3) Information regarding these color standards may be obtained from:

Processed Products Standardization and Inspection Branch, Fruit and Vegetable Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

(c) (A) **Classification.** Canned pimientos that possess a good color may be given a score of 27 to 30 points. "Good color" means that the overall color of the product is bright, practically uniform, and typical of canned pimientos; and that the color on the exterior surfaces complies with the requirements for the applicable style as outlined in Table II.

(d) (C) **Classification.** If the canned pimientos possess a fairly good color, a score of 24 to 26 points may be given. Canned pimientos that fall into this classification shall not be graded above U.S. Grade C, regardless of the total score for the product (this is a limiting rule). "Fairly good color" means that the overall color of the product may be variable and slightly dull but none of the units may be green or of a greenish cast or off color; and the color on the exterior surface complies with the applicable style as outlined in Table II.

(e) (SSd) **Classification.** Canned pimientos that fail to meet the requirements of paragraph (d) of this section or that are definitely off color may be given a score of 0 to 23 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

A classification	Whole, halves, whole and pieces.	Minimum 90 percent, by count, of units. ¹					
	Pieces	Minimum 90 percent, by weight, of units.		Remainder of surface areas may be no less red.			
	Sliced, diced, chopped.		Minimum 90 percent, by weight, of units.				
C classification	Whole, halves, whole and pieces.				Minimum 90 percent, by count, of units. ¹		
	Pieces				Minimum 90 percent, by weight, of units.		
	Sliced, diced, chopped.					Minimum 90 percent, by weight, of units.	Remainder of surface areas may be less red.

¹ Except permit 1 unit to fall in any container with less than 10 units, provided, the average of all sample units from the lot meets the percent, by count, tolerance.

§ 52.2691 Uniformity of size and shape.

(a) *Ascertaining dimensions*—(1) *Width of whole and halved pimientos*. The width is the widest surface measured at right angles to the longitudinal axis of the flattened pimiento pod.

(2) *Length of whole and halved pimientos*. The length is the longest surface measured from the stem end to blossom end of the flattened pimiento pod.

(3) *Square area measurement of a piece*. The square area of a piece is calculated by multiplying the average width times the average length of the flattened single wall piece.

(4) *Length and width of sliced pimientos*. The length of a slice is the longest measurement. The width of a slice is the widest flat surface measured at right angles to the length.

(5) *Size of diced pimientos*. The size of a dice is measured along the edge which is most representative of the cube's size.

(b) *Definitions of shapes, sizes, and trim*. (1) "Other shapes and sizes" means

noticeably large or small units that vary in shape and size from normal units of the style; and in diced style means units smaller than one-half the volume of an average size cube.

(2) "Very small pieces" in sliced style means units shorter than one-half inch length.

(3) "Well trimmed" in whole style means that the pod is neatly trimmed at the stem end and when trimmed at the blossom end the normal size and shape of the pod is substantially preserved.

(4) "Fairly well trimmed" means that the unit is trimmed but not mutilated to such an extent as to seriously affect the appearance of the pod.

(c) (A) *classification*. Canned pimientos that are practically uniform in size and shape may be given a score of 18 to 20 points. "Practically uniform in size and shape" means that most of the pods are at least fairly well trimmed and that:

(1) The pimientos comply with the measurement, shape, and uniformity re-

quirements for (A) classification in Table III; and

(2) Any such variation does not materially detract from the overall appearance of the product.

(d) (C) *classification*. If the canned pimientos are fairly uniform in size and shape, a score of 16 or 17 points may be given. "Fairly uniform in size and shape" means that most of the pods are at least fairly well trimmed and that:

(1) The pimientos comply with the measurement, shape, and uniformity requirement for (C) classification in Table III; and

(2) Any such variation does not seriously detract from the overall appearance of the product.

(e) (SStd.) *classification*. Canned pimientos that fall to meet the requirements of paragraph (d) of this section may be given a score of 0 to 15 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

Maximum 35 percent, by weight, of units less than 1½ inches in length, provided very small pieces do not exceed 25 percent, by weight, of units.
Diced	Maximum ½ inch. Approximate cube or square pieces.	Maximum 15 percent, by weight, of other shapes and sizes of units.	Maximum ½ inch. Approximate cube or square pieces.	Maximum 25 percent, by weight, of units of other shapes and sizes of units.

¹ In containers with 10 or more units, requirements apply only to the 90 percent, by count, of most uniform units. In containers with less than 10 units disregard least uniform unit, and apply to remainder of units.

§ 52.2692 Defects.

(a) *General.* Defects refers to the degree of freedom from grit, sand, silt, seeds core and stem material, peel (except insignificant pieces of charred peel at the stem end and the blossom end), units blemished internally or externally by brown or black discoloration, pathological injury or insect injury; and any other defects not specifically defined which affect the appearance or edibility of the units or the product.

(b) (A) *classification.* Canned pimientos that are practically free from defects may be given a score of 36 to 40 points. "Practically free from defects" means that any combination of defects present, including the maximum limits for peel and seeds for (A) classification in Table IV, may no more than slightly detract from the appearance or edibility of the product.

(c) (C) *classification.* Canned pimientos that are fairly free from defects may be given a score of 32 to 35 points. Canned pimientos that fall into this classification shall not be graded above U.S. Grade C, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that any combination of defects present, including the maximum limits for peel and seeds for (C) classification in Table IV, does not seriously detract from the appearance or edibility of the product.

(d) (SStd.) *classification.* Canned pimientos that fall to meet the requirements of paragraph (c) of this section may be given a score of 0 to 31 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

TABLE IV—MAXIMUM ALLOWANCES FOR PEEL AND SEEDS IN CANNED PIMENTOS

Defect	A classification	C classification
Peel	Average— $\frac{1}{4}$ square inch per 5 ounces (avoir.) of total contents.	Average— $\frac{1}{4}$ square inch per 5 ounces (avoir.) of total contents.
Seeds—Styles: Whole, halved, whole and pieces.	Average—6 seeds per pod (or equivalent size of a whole pod).	Average—12 seeds per pod (or equivalent size of a whole pod).
Pieces, sliced, diced, chopped.	Average—5 seeds per ounce (avoir.) of total contents.	Average—8 seeds per ounce (avoir.) of total contents.

¹ Undeveloped seeds are not counted in tolerances.

§ 52.2693 Character.

(a) *General.* The factor of character refers to the tenderness, texture, and firmness of the unit and the condition and thickness of the flesh.

(b) (A) *classification.* Canned pimientos that possess a good character may be given a score of 9 or 10 points. "Good character" means the units are firm and full fleshed and tender without apparent disintegration, and possess a practically uniform texture.

(c) (C) *classification.* If the canned pimientos possess a fairly good character

a score of 8 points may be given. Canned pimientos that fall into this classification shall not be graded above U.S. Grade C, regardless of the total score for the product (this is a limiting rule). "Fairly good character" means that the units may be somewhat lacking in firmness and fleshiness and may show some evidence of disintegration but are not soft or mushy nor tough.

(d) (SStd.) *classification.* Canned pimientos that fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 7 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

LOT COMPLIANCE

§ 52.2694 Ascertaining the grade of a lot.

The grade of a lot of canned pimientos covered by these standards is determined by the procedures set forth in the Regulations Governing Inspection and Certification of Processed Fruits and Vegetables, Processed Products Thereof, and Certain Other Processed Food Products (§§ 52.1 through 52.87).

[CCC Grain Price Support Regs. Rev. 1, Amdt. 3]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—General Regulations Governing Price Support for the 1964 and Subsequent Crops

FARM-STORAGE LOANS

The regulations issued by the Commodity Credit Corporation published in 31 F.R. 5941, 32 F.R. 7843, and 32 F.R. 9301 and containing the General Regulations Governing Price Support for the 1964 and Subsequent Crops of Grains and Similarly Handled Commodities are hereby amended as follows:

In § 1421.67, paragraph (a) is amended to add the provision that farm-storage loans may be made on less than the maximum quantity at the producer's request. The amended paragraph reads as follows:

§ 1421.67 Farm-storage loans.

(a) *Quantity for loan.* Farm-storage loans shall not be made on more than a percentage (herein called the "loan percentage"), as established by the State

committee, of the estimated quantity of the eligible commodity stored in approved farm storage and covered by the chattel mortgage. The maximum loan percentage shall be 85 percent in the case of ear corn and 90 percent in the case of all other commodities. The State committee shall establish the loan percentage each year for each commodity on a statewide basis or for specified areas within the State. Prior to the establishment of a loan percentage, the State committee shall consider conditions in the State or areas within a State to determine if the loan percentage should be below the maximum loan percentage in order to provide CCC with the adequate protection. Loan percentages previously determined shall be lowered if warranted by changed conditions but new loan percentages shall apply only to new loans and not to loans already made. Factors to be considered by the State committee in determining the loan percentage are: (1) General crop conditions, (2) factors affecting quality peculiar to an area or State, and (3) climatic conditions affecting storability. The loan percentage established by the State committee may be lowered by the county committee on an individual farm or producer basis when determined to be necessary in order to provide CCC with adequate protection. Factors to be considered by the county committee are: (i) Condition or suitability of the storage structure, (ii) condition of the commodity, (iii) hazardous location of the storage structure, such as a location which exposes the structure to danger of flood, fire, and theft (when the percentage is lowered for one or more of these hazards, the producer shall be notified in writing that CCC will not assume any loss or damage to the loan collateral resulting from the particular hazards to which the structure was exposed), (iv) disagreement on the estimated quantity, (v) producers who have been approved under § 1421.52(e) and, (vi) factors peculiar to individual farms or producers as reported by the commodity loan inspector or as known to the county office which relate to the preservation or safety of the loan collateral. Farm-storage loans may be made on less than the maximum quantity eligible for loan at the producer's request. In any event, the mortgage shall cover all of the commodity in the bin, crib, or lot in which the commodity on which the loan is made is stored.

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

The amendments to the standard instrument approach procedures contained herein are adopted to become effective when indicated in order to promote safety. The amended procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the complete procedure is republished in this amendment indicating the changes to the existing procedures.

As a situation exists which demands immediate action in the interests of safety in air commerce, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 97 (14 CFR Part 97) is amended as follows:

PART 93—OFFICE OF DOMESTIC GOLD AND SILVER OPERATIONS PROCEDURES AND DESCRIPTIONS OF FORMS

Miscellaneous Amendments

On July 14, 1967, the Treasury Department discontinued sales of silver at \$1.292929 per fine troy ounce. Since that date, sales of silver have been conducted by the General Services Administration for the Treasury Department under competitive bidding procedures. Part 56 is hereby amended to describe the conditions under which such sales are carried out. Because of the nature and purpose of this part, it was found that notice and public procedure were impracticable, unnecessary, and contrary to the public interest.

1. Section 56.1 is hereby amended to read as follows:

§ 56.1 Conditions upon which silver will be sold.

The General Services Administration, as agent for the Treasury Department, will conduct periodic sales of silver as agreed upon between GSA and the Treasury Department. Sales will be under competitive bidding procedures established by agreement between GSA and the Treasury Department. Details of the bidding and selling procedures are obtainable by telephone or by writing to General Services Administration, Property Management and Disposal Service, Industry Materials Division, Metals Project, Washington, D.C. 20405.

2. Section 56.2 is hereby amended to read as follows:

§ 56.2 Sales price.

Sales of silver will be at prices offered through the competitive bidding procedures referred to in § 56.1, and accepted by the GSA.

§ 93.75 [Deleted]

3. For the same reasons as the revision of Part 56 above, § 93.75 of Part 93 is hereby deleted.

Subject to the provisions of Public Law 90-29, approved June 24, 1967, silver certificates will continue to be exchangeable for silver on demand until June 24, 1968, and as specified in the first paragraph of the notice appearing at 29 F.R. 3819, March 27, 1964.

PART 42—TELEPHONE INTERCEPTION AND EAVESDROPPING

The Secretary of Defense has approved the following policy:

Sec.	
42.1	Purpose and scope.
42.2	Applicability.
42.3	Definitions.
42.4	Wiretapping.
42.5	Eavesdropping.
42.6	Procedures and reports.
42.7	Information to be included in a request for approval of proposed wiretapping or eavesdropping.
42.8	Information to be included in wiretapping and eavesdropping reports.

AUTHORITY: The provisions of this Part 42 issued under 5 U.S.C. 301.

§ 42.1 Purpose and scope.

This part implements section 605 of the Communications Act of 1934, as amended (47 U.S.C. 605), Presidential Memorandum for the Heads of Executive Departments and Agencies, June 30, 1965, and Memorandum to the Heads of Executive Departments and Agencies From the Attorney General, June 16, 1967, and sets forth the policies and restrictions governing telephone interception and eavesdropping by DoD personnel engaged in the conduct of investigations for law enforcement purposes in the United States. It also establishes certain worldwide reporting requirements regarding storage, inventory, and use of interception and eavesdropping devices by DoD Components in the conduct of such activities.

§ 42.2 Applicability.

This part is applicable to all DoD Components. It does not apply to activities which are related directly to the protection of the national security.

§ 42.3 Definitions.

For the purpose of this part, the following definitions apply:

(a) "Wiretapping" means the act of listening to or recording of any tele-

phonic conversation by the use of any electronic, mechanical, or other device without the advance consent of all of the parties to the conversation; sometimes referred to herein as interception.

(b) "Eavesdropping" means the act of listening to or recording of any conversation other than telephonic by the use of any electronic, mechanical, or other device without the advance consent of all of the parties to the conversation.

(c) "Heads of DoD Components" means the Secretaries of the Military Departments (or if they so designate, the Under Secretary, Assistant Secretary, the principal staff officer responsible for the investigative activity concerned, or the head of the investigative agency concerned), the Directors of the Defense Agencies, the Chairman of the Joint Chiefs of Staff, and the Assistant Secretary of Defense (Administration) for the Office of the Secretary of Defense and other activities assigned for administrative support.

§ 42.4 Wiretapping.

(a) To insure the privacy of telephone conversations to the maximum practical extent, the interception of telephone conversations is prohibited unless there are reasonable grounds to believe that:

(1) A criminal offense concerning the national security is involved; or,

(2) A felony has been or is about to be committed; or,

(3) Telephone calls involving obscenity, harassment, extortion, bribery, or threat of bodily harm have been made to a subscriber-user on a military base under the jurisdiction of the Department of Defense.

(b) National security investigations: The following requirements must be met:

(1) One of the parties has freely and voluntarily consented in advance to the interception. If none of the parties has consented in advance, the interception must be approved by the Attorney General in advance, see paragraph (f) (3) of this section; and

(2) The interception has been approved in advance by the Secretary of the Military Department concerned (or his specific designee), or the Assistant Secretary of Defense (Administration) for all other DoD Components.

(c) Felony investigations: The following requirements must be met:

(1) One of the parties has freely and voluntarily consented in advance to the interception; and,

(2) The interception has been approved in advance by the Secretary of the Military Department concerned (or his specific designee), or the Assistant Secretary of Defense (Administration) for all other DoD Components.

(d) Investigations involving on-base telephone: The following requirements must be met:

(1) The subscriber-user of the telephone has requested the investigation of telephone calls involving obscenity, harassment, extortion, bribery, or threat of bodily harm and, in writing, freely and voluntarily consents in advance to the wiretap; and,

(2) The telephone and wiretap are located on an installation under the jurisdiction of the Department of Defense; and

(3) The head of the investigative unit has approved the interception in advance in accordance with the rules prescribed by the Head of the DoD Component concerned.

(e) The prohibitions and restrictions of this § 42.4 apply whether or not the information which may be acquired through interception is intended to be used in any way or to be subsequently divulged outside the Department of Defense. Any question as to whether the use of a particular device can be said to involve a prohibited interception of a telephone conversation shall be submitted to the General Counsel of the Department of Defense for consideration.

(f) A request for approval under paragraphs (b) and (c) of this section shall include the information outlined in § 42.7.

(1) Approval will not be granted for more than 30 days, and the wiretap will be terminated as soon as the desired information is obtained.

(2) Renewal requests for specified periods of not more than 30 days may be submitted to the appropriate approval authority for consideration.

(3) If the approval of the Attorney General is required, the request shall be sent to the Assistant Secretary of Defense (Administration) who, if he considers it justified, will forward it, and subsequent renewals thereof, to the Attorney General.

§ 42.5 Eavesdropping.

(a) To protect the rights of privacy, eavesdropping is prohibited if the listening to or recording of a conversation involves a violation of the Constitution or a statute. This prohibition includes eavesdropping in any form which is accomplished by means of physical trespass or entry. It also may include eavesdropping practices which intrude upon the conversations between persons whose relationship is traditionally considered privileged (such as lawyer-client and doctor-patient). Further, even though it may be accomplished without physical trespass or entry, it may also be unlawful if it invades the sanctity of a man's home, private office, hotel room, automobile, or other physical areas deserving protection of the right of privacy.

(b) In order to limit eavesdropping not otherwise prohibited by paragraph (a) of this section, eavesdropping is authorized without the consent of all the parties only under the following conditions:

(1) There are reasonable grounds to believe that a criminal offense concerning the national security is involved, or that a felony has been or is about to be committed; and,

(2) Advance written approval has been obtained from the Attorney General, see subparagraph (3) of this paragraph. A request for approval under this paragraph must include the information outlined in § 42.7. Approval will not be

granted for more than 30 days, and the eavesdrop will be terminated as soon as the desired information is obtained; and,

(3) The request shall be sent to the Assistant Secretary of Defense (Administration) who, if he considers it justified, will forward it, and subsequent renewals thereof for not more than 30 days, to the Attorney General.

(c) If, in the judgment of the Head of the DoD Component concerned, or his specific designee, the emergency needs of an investigation preclude obtaining the advance approval of the Attorney General as required by paragraph (b) (2) of this section, he may, without that approval authorize the eavesdropping required by the investigation. He shall, within 24 hours after authorizing the eavesdropping, provide the Attorney General with a copy to the Assistant Secretary of Defense (Administration), with the information outlined in § 42.7. He shall include an explanation of the circumstances upon which he based his judgment that the emergency needs of the investigation precluded the obtaining of the advance approval of the Attorney General.

§ 42.6 Procedures and reports.

(a) The Head of each DoD Component concerned shall require, under the administrative controls provided by this part, the following:

(1) That when wiretapping or eavesdropping is authorized, the investigative agent shall:

(i) If technically feasible, permanently record the conversations concerned on tape or other recording medium;

(ii) Preserve the recording, together with any logs, transcripts, summaries, or memoranda that are made concerning the conversations; and,

(iii) Report in writing to the Head of the DoD Component describing the uses made of each device for wiretapping or eavesdropping.

(2) As to information obtained by wiretapping or eavesdropping, that:

(i) Information is stored in an appropriate investigative file at a central location;

(ii) Information so stored is always identified, when used for any purpose, as information obtained by wiretapping or eavesdropping;

(iii) Access to information so stored is strictly controlled and recorded; and,

(iv) Information so stored shall not be disclosed outside the Department of Defense unless the Head of the DoD Component concerned determines that disclosure is essential to governmental operations.

(3) As to records and devices used for wiretapping and eavesdropping; that:

(i) Devices are obtained only to the extent necessary for use in conformance with this part;

(ii) Units be designated to maintain and control devices;

(iii) Centralized records be maintained of the inventory and use of devices. (A record must include the date a device was assigned to an agent, the date he

returned it, and his report under paragraph (a) (1) (iii) of this section, on its use);

(iv) The need for devices be reevaluated once a year; and

(v) All records are maintained for a period of 6 years.

(b) The Head of each DoD Component shall report to the Assistant Secretary of Defense (Administration) as follows:

(1) Before the 10th day of each month stating whether there was any wiretapping or eavesdropping during the preceding month by personnel of the DoD Component concerned (i) in the United States or (ii) elsewhere, if any party to the conversation was a citizen of the United States. The report must include all information in § 42.8.

(2) Before July 10, annually, giving a complete inventory of all devices in the DoD Component concerned that are primarily designed for wiretapping or eavesdropping. The report shall include a statement that the inventory is being maintained at the lowest level that is consistent with operational requirements.

(c) The Assistant Secretary of Defense (Administration) shall report by July 31, annually, to the Attorney General on all uses of devices for wiretapping and eavesdropping in the Department of Defense during the previous fiscal year, to include, in each case, the information in § 42.8. The report shall contain the Department of Defense inventory of devices.

§ 42.7 Information to be included in a request for approval of proposed wiretapping or eavesdropping.

(a) Indicate whether the request is for a wiretap or an eavesdrop.

(b) The purpose. To the extent possible, describe the conversation expected to be intercepted.

4. The heading of § 500.735-12 is amended for clarity and paragraph (e)(1) of that section is deleted and the provisions thereof transferred to § 500.735-11(f) and amended to show that the exception does not allow non-Government reimbursement for travel on official business under agency orders.

7. Sections 500.735-32 and 500.735-33 are amended to restrict the requirements relative to reporting employment and financial interests to those employees in positions in which the possibility of conflicts of interest is clear and to exclude reporting when the effect on the integrity of the Government will be remote and inconsequential.

8. Section 500.735-35 is amended to eliminate quarterly supplementary statements.

9. Section 500.735-39 is amended to insure the confidentiality of statements submitted.

10. Section 500.735-42 is added to make available a grievance procedure for

Part 500 is amended as set forth below.

§ 500.735-3 Interpretation and advisory service.

(a) The Chairman of the Commission shall designate an employee with the appropriate legal experience and in whom he has complete personal confidence to be the Counsellor for the Commission on matters in connection with the regulations in this part. The Counsellor shall also serve as the Commission's designee to the Civil Service Commission on matters covered by the regulations in this part. He shall exercise responsibility for effectuation and coordination of the Commission's regulations and provide counseling and interpretations on questions of conflicts of interest and other matters covered by the regulations in this part.

(b) [Deleted]

(c) Employees shall be notified of the availability of counseling services and of how and where these services are available. This notification shall be made within 90 days after approval of the regulations in this part by the Civil Service Commission and periodically thereafter. In the case of a new employee appointed after this notification, notification shall be made at the time of his entrance on duty.

§ 500.735-10 Proscribed actions.

An employee shall avoid any action, whether or not specifically prohibited by this subpart, which might result in, or create the appearance of:

(a) Using public office for private gain;

(b) Giving preferential treatment to any person;

(c) Impeding Government efficiency or economy;

(d) Losing complete independence or impartiality;

(e) Making a Government decision outside official channels; or

(f) Affecting adversely the confidence of the public in the integrity of the Government.

§ 500.735-11 Gifts, entertainment, and favors.

(a) Except as provided in paragraphs (b) and (f) of this section, an employee shall not solicit or accept, directly or indirectly, any gift, gratuity, favor, entertainment, loan, or any other thing of monetary value, from a person who:

(1) Has, or is seeking to obtain, contractual or other business or financial relations with the Commission;

(2) Conducts operations or activities that are regulated by the Commission; or

(3) Has interests that may be substantially affected by the performance or nonperformance of his official duty.

(b) Exceptions to paragraph (a) of this section are as follows:

(1) This section shall not be construed to proscribe conduct involving obvious family or personal relationships (such as those between the parents, children,

or spouse of the employee and the employee) when the circumstances make it clear that it is those relationships rather than the business of the persons concerned which are the motivating factors:

(3) Under this section employees are permitted to accept loans from banks or other financial institutions on customary terms to finance proper and usual activities of employees, such as home mortgage loans; and

(c) [Deleted]

(d) An employee shall not solicit contributions from another employee for a gift to an official superior, make a donation as a gift to an official superior, or accept a gift from an employee receiving less pay than himself (5 U.S.C. 7351). (f) Neither this section nor § 500.735-12 precludes an employee from receipt of bona fide reimbursement, unless prohibited by law, for expenses of travel and such other necessary subsistence as is compatible with this part for which no Government payment or reimbursement is made. However, this paragraph does not allow an employee to be reimbursed, or payment to be made on his behalf, for excessive personal living expenses, gifts, entertainment, or other personal benefits, nor does it allow an employee to be reimbursed by a person for travel on official business under agency orders when reimbursement is proscribed by Decision B-128527 of the Comptroller General dated March 7, 1967.

§ 500.735-33 Employees not required to submit statements.

In addition to the provision of § 500.735-31(e), a statement of employment and financial interests is not required by the regulations in this part from the Chairman or the Commissioners. These employees are subject to separate reporting requirements under section 401 of the Executive order. Changes in, or additions to, the information contained in an employee's statement of employment and financial interest shall be reported in a supplementary statement as of June 30 each year. If no change or additions occur, a negative report is required. Notwithstanding, the filing of the annual report required by this section, each employee shall at all times avoid acquiring a financial interest that could result, or taking an action that would result, in a violation of the conflicts-of-interest provisions of section 208 of Title 18, United States Code, or Subpart B of this part.

Title 49—TRANSPORTATION

Subtitle A—Office of the Secretary of Transportation

[OST Docket No. 12]

PART 91—AIRCRAFT LOAN GUARANTEE PROGRAM

Part 7 of Title 15, Code of Federal Regulations, published in the **FEDERAL REGISTER** on June 20, 1963 (28 F.R. 6350) contained the rules implementing the Act of September 7, 1957, as amended (49 U.S.C. 1324 note) relating to the Government guarantee of private loans to air carriers for the purchase of equipment. Part 7 was issued by the Under Secretary of Commerce for Transportation pursuant to Public Law 87-820 (78 Stat. 938) which transferred responsibility for the program to the Secretary of Commerce who, in turn, delegated the authority to the Under Secretary for Transportation.

Section 6(a)(3)(A) of the Department of Transportation Act transferred to and vested in the Secretary of Transportation all functions, powers, and duties of the Secretary of Commerce under the

Act of September 7, 1957, as amended. The authority to guarantee loans under that Act expired on September 7, 1967, under the terms of section 8 thereof. Therefore only that part of the regulation relating to deviation from the terms of guarantees previously granted has continuing applicability. For these reasons, Part 7 of Title 15 is being superseded by a new Part 91 of Title 49 CFR, containing the substance of § 7.5 of former Part 7 of Title 15, with changes in terminology to reflect the existing situation and the vesting of the function within the Department of Transportation.

The Secretary of Transportation has delegated to the Assistant Secretary for Policy Development the functions, powers, and duties relating to the loan guarantee program (32 F.R. 9247).

Since this amendment relates to departmental management, procedures, and practices, notice and public procedure thereon is unnecessary and it may be made effective in less than 30 days after publication in the **FEDERAL REGISTER**.

In consideration of the foregoing, Title 49 of the Code of Federal Regulations is amended by adding the following new Part 91 "Aircraft Loan Guarantee Program", which supersedes the Department of Commerce regulation, Part 7 of Title 15 CFR, dated June 7, 1963. This amendment is effective upon publication in the **FEDERAL REGISTER**.

§ 91.1 Deviations from the terms of agreements.

No deviations from the terms of any guarantee and loan agreements made before September 8, 1967, may be made without prior approval from the Assistant Secretary for Policy Development. An original and four copies of requests for such approval and three copies of any supporting documents must be filed with the Assistant Secretary for Policy Development. Information contained in such requests and supporting documents shall be withheld from public disclosure during the life of the loan guarantee involved unless the Assistant Secretary for Policy Development finds that disclosure of such information is required in the public interest.

NOTE: The reporting requirements contained herein have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Act of Sept. 7, 1957, as amended (49 U.S.C. 1324 note); secs. 6(a)(3)(A), 9, Department of Transportation Act (49 U.S.C. 1655(a)(3)(A), 1957))

Issued in Washington, D.C., on September 18, 1967.

M. CECIL MACKEY,
Assistant Secretary
for Policy Development.

PROCEDURES FOR DEVELOPMENT OF VOLUNTARY PRODUCT STANDARDS

Notice of Extension of Time for Filing Comments

On August 22, 1967, there was published in the *FEDERAL REGISTER* (Vol. 32, No. 162, pp. 12059-60), a notice of proposed rule making announcing the Department of Commerce proposal to amend Part 10 of Title 15, Code of Federal Regulations, relating to the procedures for development of voluntary product standards.

Interested parties were afforded 30 days from the date of publication within which to submit written comments or suggestions to the Office of the General Counsel, Department of Commerce, Washington, D.C. 20230.

Following the publication of notice, the Industry Committee on Packaging and Labeling requested an extension of

the time for filing comment, alleging that many companies and associations would be unable to give careful and responsive consideration to the Department's proposal within the period allowed.

The Department of Commerce is concerned that it receive adequate and appropriate responses which represent the considered views and recommendations of interested persons. On the basis of the showing made by the Industry Committee that the public interest would best be served by allowing further time for submission of comment, it appears appropriate, under the circumstances, to accede to this request.

Accordingly, the final date for filing comment on the Department's proposal to amend Part 10 of Title 15, Code of Federal Regulations, is hereby extended from September 21, 1967, until October 31, 1967.

Issued: September 21, 1967.

JOHN F. KINCAID,
*Acting Assistant Secretary
for Science and Technology.*

Depositing of Stockyards

It has been ascertained, and notice is hereby given, that the livestock markets named herein, originally posted on the respective dates specified below as being subject to the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), no longer come within the definition of a stockyard under said Act and are, therefore, no longer subject to the provisions of the Act.

Name, location of stockyard and date of posting

John H. Mills Commission Company, Douglassville, Tex., Nov. 23, 1956.
Valley Livestock Commission Barn, Mercedes, Tex., Sept. 20, 1957.

Crenshaw & Crenshaw Commission Company, Nocona, Tex., Dec. 30, 1963.
San Augustine Live Stock Auction Co., San Augustine, Tex., Mar. 9, 1959.

Notice or other public procedure has not preceded promulgation of the foregoing rule since it is found that the giving of such notice would prevent the due and timely administration of the Packers and Stockyards Act and would, therefore, be impracticable and contrary to the public interest. There is no legal warrant or justification for not depositing promptly a stockyard which is no longer within the definition of that term contained in the Act.

The foregoing is in the nature of a rule granting an exception or relieving a restriction and, therefore, may be made effective in less than 30 days after publication in the **FEDERAL REGISTER**. This notice shall become effective upon publication in the **FEDERAL REGISTER**.

CIVIL AERONAUTICS BOARD

[Docket No. 19015; Order E-25705]

TRANS WORLD AIRLINES, INC.

Order of Investigation and Suspension Regarding Proposed Jet First-Class Fare Increases

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 19th day of September 1967.

By tariff revisions¹ filed August 24, 1967, and marked to become effective September 23, 1967, Trans World Airlines, Inc. (Trans World), proposed to increase the following local jet first-class fares:

City-pair	Jet first-class fares	
	Proposed	Present
Boston-New York	\$18.09	\$17.55
Hartford-New York	13.35	10.65
Hartford-Philadelphia	20.30	17.65
New York-Philadelphia	13.55	10.75
Philadelphia-Washington	14.00	12.55

In support of the proposal, Trans World submits that the proposed fares (1) will be at the same levels as those in effect for the first-class services of Allegheny Airlines, Inc. (Allegheny), (2) will represent only minimal increases of Trans World's existing first-class fares, and (3) will reflect an estimated total

¹ Revisions to Airline Tariff Publishers, Inc., Agent, Tariff CAB No. 101.

increase in annual revenues of \$49,903. Further, Trans World contends that it is not the rate-making carrier in these five markets, and finally that the proposed fares will be well within an area of reasonableness as calculated pursuant to the method used by the Board in its study of the industry fare structure.²

Upon consideration of all matters of record, the Board finds that the proposed fares set forth in appendix A hereto³ may be unjust and unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and has determined to investigate these proposed fares and to suspend their effectiveness pending such investigation.

The carrier has filed four increases in markets in which it is competitive with Allegheny. No justification has been submitted by the carrier, except that the filing is made to meet the recently established first-class fares of Allegheny in four markets and American Airlines, Inc., in the Boston-New York market. Meeting a competitor's higher fares is not a justification for initiating fare increases unless revenue needs have been demonstrated.⁴

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a), 403, 404, and 1002 thereof:

It is ordered, That:

1. An investigation be instituted to determine whether the fares and provisions described in appendix A attached hereto,⁵ and rules, regulations, and practices affecting such fares and provisions, are or will be unjust or unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful, to determine and prescribe the lawful fares and provisions, and rules, regulations, or practices affecting such fares and provisions;

2. Pending hearing and decision by the Board, the fares and provisions described in appendix A hereto⁶ are suspended and their use deferred to and including December 21, 1967, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. The proceeding ordered herein is assigned for hearing before an Examiner of the Board at a time and place hereafter to be designated; and

4. Copies of this order be filed with the aforesaid tariff and be served upon Trans World Airlines, Inc., which is hereby made a party to this proceeding.

FEDERAL RESERVE SYSTEM

FEDERAL OPEN MARKET
COMMITTEE

Current Economic Policy Directive

In accordance with § 271.5 of its Rules regarding Availability of Information, there is set forth below the Committee's Current Economic Policy Directive issued at its meeting held on June 20, 1967.¹

The economic and financial developments reviewed at this meeting suggest that economic activity is rising modestly, and that prospects for economic expansion later in the year have strengthened. Output is still being retarded by adjustments of excessive inventories, but growth in final demands continues strong, reflecting substantial further increases in Government expenditures and also some strengthening of consumer buying. Prices of farm products have turned up recently, but average prices of industrial commodities have remained stable. The pace of bank credit expansion has increased in recent weeks, but is still well below the rapid rate of earlier in the year. Most long-term interest rates have tended to rise further under the influence of heavy securities market financing, and most short-term yields have also increased. The balance of payments deficit has remained substantial despite some improvement in the foreign trade surplus. In this situation, it is the Federal Open Market Committee's policy to foster money and Committee's policy to foster money and credit conditions, including bank credit growth, conducive to renewed economic expansion, while recognizing the need for progress toward reasonable equilibrium in the country's balance of payments.

To implement this policy, while taking account of expected Treasury financing activity, the timing and quantity of which are still uncertain, System open market operations until the next meeting of the Committee shall be conducted with a view to maintaining about the same conditions in the money market as have prevailed since the preceding meeting of the Committee, while continuing to utilize operations in coupon issues in supplying part of reserve needs.

Dated at Washington, D.C., the 15th day of September 1967.

By order of the Federal Open Market Committee.

Secretary.
