Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS AND POULTRY

PART 74—SCABIES IN SHEEP

Interstate Movement

Pursuant to the provisions of sections 4 through 7 of the Act of May 29, 1884, as amended, sections 1 and 2 of the Act of February 2, 1903, as amended, and sections 1 through 4 of the Act of March 3, 1905, as amended (21 U.S.C. 111-113, 115, 117, 120, 121, 123-126) Part 74, Subchapter C, Chapter I, Title 9, Code of Federal Regulations, as amended, is hereby further amended in the following respects:

1. Paragraph (a) of § 74.2 is amended to read as follows:

§ 74.2 Designation of free and infected areas.

(a) Notice is hereby given that sheep in the following States, territories, and district, or parts thereof as specified, are not known to be infected with scabies, and such States, territories, district, and parts thereof, are hereby designated as free areas:

(1) Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Virgin Islands of the United States, Washington, West Virginia, Wisconsin, and Wyoming; and

(2) All counties in Kentucky except Hopkins.

2. Section 74.3 is amended to read as follows:

§ 74.3 Designation of eradication areas.

(a) Notice is hereby given that sheep in the county of Hopkins, in the State of Kentucky, are being handled systematically to eradicate scabies in sheep, and such county is hereby designated as an eradication area.

(Secs. 4-7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1-4, 33 Stat. 1264, as amended, 1265, as amended, 76 Stat. 129-132; 21 U.S.C. 111-113, 115, 117, 120, 121, 123-126, 134-134(h); 29 F.R. 16210, as amended)

Effective date. The foregoing amendments shall become effective upon publication in the FEDERAL REGISTER.

The amendments add the county of Hopkins in the State of Kentucky to the list of infected and eradication areas; and delete such county from the list of free areas as sheep scabies is known to exist therein. After the effective date of these amendments, the restrictions pertaining to the interstate movement of sheep from or into infected and eradication areas as contained in 9 CFR Part 74, as amended, will apply to such area. The amendments impose certain restrictions necessary to prevent the spread of scabies, a communicable disease of sheep, and must be made effective immediately in order to accomplish their purpose in the public interest. Accordingly, under the administrative provisions of 5 U.S.C., section 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable and contrary to the public interest, and good cause is found for making the amendments effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 19th day of September 1967.

R. J. ANDERSON,
Acting Administrator,
Agricultural Research Service.

9. Section 21.4008 is revised to read as follows:

§ 21.4008 Prevention of overpayments.

Where there is a question on whether approval of a course should be withdrawn, and it appears that overpayments may exist or be created, further payments to veterans or eligible persons enrolled in the school may be withheld pending resolution of the question. See § 21.4134.

10. Section 21:4134 is revised to read as follows:

§ 21.4134 Withholding and discontinuance.

(c) *Training establishment.* The term means any establishment providing apprentice or other training on-the-job, including those under the supervision of a college or university or any State department of education, or any State apprenticeship agency, or any State board of vocational education, or any joint apprenticeship committee, or the Bureau of Apprenticeship and Training established in accordance with 29 U.S.C. chapter 4C,

or any agency of the Federal Government authorized to supervise such training. (38 U.S.C. 1652(e), Pub. Law 90-77.)

13. In § 21.4202, paragraphs (a), (b) (7), and (c) are amended to read as follows:

§ 21.4202 Overcharges; restrictions on enrollments.

(a) *Overcharges.* When it is found that a school has charged or received from any veteran or eligible person any amount in excess of the established charges for tuition and fees which the school requires from similarly circumstanced nonveterans or noneligible persons enrolled in the same course, the school may be disapproved for enrollment of any person not already enrolled in the school. A school disapproved for chapter 35 purposes before March 3, 1966, is considered disapproved for chapter 34 purposes for enrollment of any veteran not already enrolled. (38 U.S.C. 1685.) See § 21.4207.

(b) *Restrictions on enrollments.* * * *

(7) The requirements of §§ 21.4250, 21.4253, 21.4254, 21.4261, 21.4262, 21.4263, and 21.4264 are not being met in respect to a substantial number of veterans and eligible persons, written notice having been given to the State approving agency as to specific violations and such violations have not been eliminated within 30 days following such notice or 60 days following such notice when the station head determines that conditions warrant allowing the additional time to take corrective action.

(c) *Restrictions—85 percent enrollment.* Enrollment under chapter 34 will not be approved for any veteran, not already enrolled, in any nonaccredited course below the college level offered by a proprietary school other than a job training establishment during any period when more than 85 percent of the students enrolled in the course are having all or any part of their tuition, fees, or other charges paid to or for them by the school or the Veterans Administration under chapter 31, 34, or 35. (38 U.S.C. 1673(d).)

14. In § 21.4203(f), subparagraph (1) is amended and subparagraph (3) is added and paragraph (g) is added to read as follows:

§ 21.4203 Reports by schools; requirements.

(f) *Monthly certification—(1) Courses not leading to standard college degree.* A certification must be submitted monthly, except as provided in paragraphs (e) and (g) of this section, for each veteran and eligible person enrolled in a course which does not lead to a standard college degree. See § 21.4204. The report will consist of a certification containing the information required for release of payment, signed by the veteran or eligible person and the school on or after the final date of the reporting period. The date on which each person signed must be clearly shown. The only exception to

the requirement of two signatures is a certification of interruption of training when the veteran or eligible person is not available for signature.

(3) *Apprentice or other on-the-job training.* A certification of attendance must be submitted monthly during the period of enrollment as provided in subparagraph (1) of this section.

(g) *Flight training courses.* Where the course consists exclusively of flight training, the school will report by an endorsement on the veteran's certification the type and number of hours of actual flight training received by, and the cost thereof to, the veteran. Such reports will be submitted quarterly.

15. In § 21.4204, paragraph (a) is amended to read as follows:

§ 21.4204 Periodic certifications.

(a) *Reports by veterans and eligible persons.* A veteran or eligible person enrolled in a course which leads to a standard college degree must submit to the Veterans Administration a report certifying as to continued enrollment in and pursuit of his course. Reports by other veterans and eligible persons will be submitted in accordance with § 21.4203 (e), (f), or (g).

16. In § 21.4205, paragraph (b) (3) is amended to read as follows:

§ 21.4205 Absences.

(b) *Maximum allowable absences.* Maximum allowable absences will be determined as provided in this paragraph.

(3) If the length of the course is not 12 months or a multiple of 12, allowable absences will be figured separately for each 12-month period and pro rata for any period which is less than 12 months.

17. Section 21.4206 is added to read as follows:

§ 21.4206 Reporting fee.

The Veterans Administration may pay annually to each educational institution, except job training establishments, furnishing education under 38 U.S.C. ch. 34 or 35, a reporting fee for required reports or certifications. The reporting fee will be paid as soon as feasible after the end of the calendar year.

(a) Except as provided in paragraph (b) of this section, the reporting fee will be computed for each calendar year by multiplying \$3 by the number of eligible veterans enrolled under chapter 34, plus the number of eligible persons enrolled under chapter 35 on October 31 of that year.

(b) For any school where the peak enrollment varies more than 15 percent from the enrollment on October 31, another date may be established for such school as representative of peak enrollment. (38 U.S.C. 1784(b); Pub. Law 90-77.)

18. In § 21.4209, paragraph (c) is amended to read as follows:

§ 21.4209 Examination of records.

(c) *Below college level, apprentice and other on-the-job.* The school having veterans or eligible persons enrolled in a course or courses which do not lead to a standard college degree will make available, in addition to the records and accounts required in paragraph (b) of this section, the records of leave, absences, class cuts, makeup work, and tardiness. Each training establishment which has enrolled veterans under chapter 34 will also make available payroll records.

19. In § 21.4230, paragraph (c) is amended to read as follows:

§ 21.4230 Requirements.

(c) *Selection; chapter 34.* A program of education under chapter 34 selected by an eligible veteran will be approved if it meets the requirements of paragraph (a) or (b) of this section and the veteran is not already qualified for the objective for which the program of education is offered. A course or courses at the secondary school level for persons who have previously received a secondary school diploma (or an equivalency certificate) may be authorized under the provisions of § 21.4235. (38 U.S.C. 1670, 1678; Pub. Law 90-77.)

20. In § 21.4233, the introductory portion preceding paragraph (a) is amended and paragraph (d) is added to read as follows:

§ 21.4233 Combination.

An approved program may consist of a combination of courses with instruction offered by a school alternating with instruction in a business or industrial establishment (a cooperative course); courses offered by two schools concurrently; or courses offered through class attendance and by television concurrently. A farm cooperative program may be approved, for chapter 34 purposes only, which consist of a combination of institutional agricultural courses and concurrent agricultural employment. (See § 21.4264.)

(d) *Farm cooperative course.* A full-time program of education consisting of institutional agricultural courses for a minimum of 12 clock hours per week pursued by a veteran who is concurrently engaged in agricultural employment which is relevant to such institutional course may be approved if the course meets the requirements of § 21.4264.

21. Section 21.4235 is added to read as follows:

§ 21.4235 High schools; 38 U.S.C. ch. 34.

(a) *Enrollment.* Enrollment of a veteran may be approved in an appropriate

course or courses at the secondary school level if the veteran:

(1) Has not received a secondary school diploma (or an equivalency certificate) at the time of his discharge or release from active duty, or

(2) Needs additional secondary school education, either refresher or deficiency courses, to qualify for admission to an appropriate educational institution in order to pursue a program of education.

(b) *Measurement.* Courses offered at the secondary school level which lead to a high school diploma or the equivalent, and refresher or deficiency courses, will be measured as provided in §§ 21.4271 and 21.4272(f).

(c) *Educational assistance allowance.* Educational assistance allowance will be authorized at the monthly rates specified in § 21.4136.

(d) *Entitlement charge.* No charge will be made against the period of the veteran's entitlement by reason of educational assistance based on a course or courses leading to a high school diploma pursued by a veteran after separation from service, or based on refresher or deficiency courses pursued by a serviceman on active duty or by a veteran after separation from service. (38 U.S.C. 1678; sec. 306, Pub. Law 90-77.)

CROSS REFERENCE: High school evening courses. See § 21.4271.

22. In § 21.4251, that portion of paragraph (a) preceding subparagraph (1) is amended to read as follows:

§ 21.4251 Period of operation of course.

(a) *General.* A course offered by a school other than a job training establishment will be appropriate for the enrollment of a veteran or eligible person only if it has been in operation for 2 years or more immediately prior to the date of enrollment of such person, except that this provision does not apply to:

23. In § 21.4252, paragraphs (c) and (d) are amended and paragraph (g) is added to read as follows:

§ 21.4252 Courses precluded.

(c) *Flight training.* Enrollment in a course of flight training to obtain a private pilot's license or equivalent level training under chapter 34, and flight training at any level under chapter 35, will not be approved except one given by an institution of higher learning for credit toward the standard collegiate degree for which the veteran or eligible person is enrolled. See § 21.4263. (38 U.S.C. 1673(b), 1723(b).)

(d) *Courses by radio.* Enrollment in such courses will not be approved.

(g) *Apprentice or other training on the job and on-farm courses; chapter 35.* Enrollment in such courses will not be approved for eligible persons under chapter 35. (38 U.S.C. 1723(c).)

24. In § 21.4258, paragraph (a) (7) is amended and paragraph (c) is added to read as follows:

§ 21.4258 Notice of approval.

(a) * * *

(7) Such other fair and reasonable provisions as are considered necessary by the appropriate State approving agency. (38 U.S.C. 1778.)

(c) For apprentice and other on-the-job training, the provisions of paragraph (a) of this section are applicable to approval of courses pursued in training establishments. The copy of the notice of approval furnished to the Veterans Administration will be accompanied by one copy of the application submitted by the training establishment.

25. In § 21.4259, paragraphs (a) and (d) are amended to read as follows:

§ 21.4259 Disapproval.

(a) Any course which, after being approved, fails to meet any of the requirements for approval will be immediately disapproved by the appropriate State approving agency. Upon disapproval, the State approving agency will notify the school by certified or registered letter with a return receipt secured (38 U.S.C. 1779). It is incumbent upon the State approving agency to determine the conduct of courses and to take immediate appropriate action in each case in which it is found that the conduct of a course in any manner fails to comply with the requirements for approval.

(d) The Veterans Administration will immediately notify the State approving agency in each case of Veterans Administration disapproval of any school under chapter 31. (38 U.S.C. 1779.)

26. Sections 21.4261, 21.4262, 21.4263, and 21.4264 are added to read as follows:

§ 21.4261 Apprentice courses; 38 U.S.C. ch. 34.

(a) *General.* An apprentice course is any training on-the-job course which has been established as an apprentice course by a training establishment as defined in § 21.4200(c) and which has been approved as an apprentice course by the State approving agency.

(b) *Application.* Any training establishment desiring to furnish a course of apprentice training will submit a written application to the appropriate State approving agency setting forth the following:

(1) Title and description of the specific job objective for which the veteran is to be trained;

(2) The length of the training period;

(3) A schedule listing various operations for major kinds of work or tasks to be learned and showing for each job operations or work, tasks to be performed, and the approximate length of time to be spent on each operation or task;

(4) The number of hours of supplemental related instruction required; and

(5) Any additional information required by the State approving agency.

(c) *Approval criteria.* The appropriate State approving agency may approve a course of apprentice training when the training establishment and its appren-

tice courses are found upon investigation to have met the following criteria:

(1) The standards of apprenticeship published by the Secretary of Labor pursuant to 29 U.S.C. 50a;

(2) A signed copy of the training agreement for each veteran, including the training program and wage schedule as approved by the State approving agency, is provided to the veteran and the Veterans Administration and the State approving agency by the employer; and

(3) The course meets such other criteria as may be established by the State approving agency. (38 U.S.C. 1683; Pub. Law 90-77.)

§ 21.4262 Other training on-the-job courses; 38 U.S.C. ch. 34.

(a) *General.* An "other training on-the-job" course is any training on the job which does not qualify as an apprentice course, as defined in § 21.4261, but which otherwise meets the requirements of paragraph (c) of this section.

(b) *Application.* Any training establishment desiring to furnish a course of other training on the job will submit to the appropriate State approving agency a written application setting forth the following:

(1) Title and description of the specific job objective for which the veteran is to be trained;

(2) The length of the training period;

(3) A schedule listing various operations for major kinds of work or tasks to be learned and showing for each job operations or work, tasks to be performed, and the approximate length of time to be spent on each operation or task;

(4) The number of hours of supplemental related instruction required;

(5) The entrance wage or salary paid by the training establishment to employees already trained in the kind of work for which the veteran is to be trained;

(6) A certification that the wages to be paid the veteran upon entrance into training are not less than wages paid nonveterans in the same training position and are at least 50 percent of the wages paid for the job for which he is to be trained, and will be increased in regular periodic increments until, not later than the last full month of the scheduled training period they will be at least 85 percent of the wages paid for the job for which the veteran is being trained;

(7) A certification that there is reasonable certainty that the job for which the veteran is to be trained will be available to him at the end of the training period; and

(8) Any additional information required by the State approving agency.

(c) *Approval criteria.* The appropriate State approving agency may approve the application submitted under paragraph (b) of this section, when the training establishment and its courses are found upon investigation to have met the criteria outlined in this paragraph. Approval will not be granted for training in occupations which require a relatively short period of experience for a trainee to obtain and hold employment at the market wage in the occupation. This in-

cludes occupations such as automobile service station attendant or manager, soda fountain attendant, food service worker, salesman, window washer, building custodian, or other unskilled or common labor positions as well as clerical positions for which on-the-job training is not the normal method of procuring qualified personnel.

(1) The job which is the objective of the training is one in which progression and appointment to the next higher classification are based upon skills learned through organized training on the job and not on such factors as length of service and normal turnover;

(2) The training content of the course is adequate to qualify the veteran for appointment to the job for which he is to be trained;

(3) The job customarily requires a period of training of not less than 6 months and not more than 2 years of full-time training;

(4) The length of the training period is not longer than that customarily required by the training establishments in the community to provide the veteran with the required skills, arrange for the acquiring of job knowledge, technical information, and other facts which the veteran will need to learn in order to become competent on the job for which he is being trained;

(5) Provision is made for related instruction for the individual veteran who may need it;

(6) There is in the training establishment adequate space, equipment, instructional material, and instructor personnel to provide satisfactory training on-the-job;

(7) Adequate records are kept to show the progress made by each veteran toward his job objective;

(8) The veteran is not already qualified by training and experience for the job;

(9) The requirements of paragraphs (b) (6) and (7) of this section are met;

(10) A signed copy of the training agreement for each veteran, including the training program and wage schedule as approved by the State approving agency, is provided to the veteran and the Veterans Administration and the State approving agency by the employer; and

(11) The course meets such other criteria as may be established by the State approving agency. (38 U.S.C. 1777, Pub. Law 90-77.)

§ 21.4263 Flight training; 38 U.S.C. ch. 34.

(a) *General.* Flight training courses are courses generally accepted as necessary for the attainment of a recognized vocational objective in the field of aviation requiring a commercial pilot's license. Enrollment under this section in a program which does not lead to a standard college degree will be approved only if the veteran holds a valid private pilot's license or has satisfactorily completed the number of hours of flight training instruction required for a private pilot's license, and meets the medical requirements for a commercial pilot's license.

(b) *Application.* Any school desiring to enroll veterans in flight training courses will submit to the appropriate State approving agency a written application for approval in accordance with § 21.4253(d) or § 21.4254(b).

(c) *Approval criteria.* The appropriate State approving agency may approve the application of such school when the school and its courses are found upon investigation to have met the following criteria:

(1) The criteria specified in § 21.4253(a) or § 21.4254(c);

(2) The school requires for its records before enrollment a copy of a second-class medical certificate for the veteran issued by a medical examiner approved by the Federal Aviation Administration showing that the veteran meets the medical requirements for a commercial pilot's license;

(3) The course includes necessary ground instruction which is offered by the flight school; and

(4) The flight school courses meet the Federal Aviation Administration standards and are approved by that Agency. (38 U.S.C. 1677; Pub. Law 90-77.)

§ 21.4264. Farm cooperative courses; 38 U.S.C. ch. 34.

(a) *General.* A farm cooperative course is an institutional agricultural

course which is pursued by an individual who is concurrently engaged in agricultural employment which is relevant to the agricultural course.

(b) *Application.* Any school desiring to enroll veterans in farm cooperative courses will submit to the appropriate State approving agency a written application for approval in accordance with § 21.4253 or § 21.4254 as appropriate. In addition, the school must submit statements of fact showing at least the following:

(1) That the course is set up in the school catalog or other literature of the school;

(2) That the agricultural course is offered concurrently with agricultural employment, the combination of which the school has determined will occupy the full time of the student throughout the enrollment period; and

(3) That the school itself verifies on a continuing basis that students are engaged in suitable agricultural employment which is relevant to the institutional agricultural course offered by the school and is in an area consistent with his institutional training program. Suitable agricultural employment must include employment on a farm or other agricultural establishment where the basic activity is the cultivation of the

ground, such as the raising and harvesting of crops, including fruits, vegetables, pastures, or the feeding, breeding, and managing of livestock, including poultry and other specialized farming. Employment in training establishments which are engaged primarily in the processing, distribution, or sale of agricultural products, or combinations thereof, such as dairy processing plants, grain elevators, packing plants, hatcheries, stockyards, and florist shops, will not be considered suitable agricultural employment.

(c) *Approval criteria.* The appropriate State approving agency may approve the application of such school when the school and its courses are found upon investigation to have met the following conditions:

(1) The criteria specified in § 21.4253 or § 21.4254, as appropriate;

(2) The requirements of paragraph (b) of this section; and

(3) The institutional course consists of a minimum of 12 clock hours per week. (38 U.S.C. 1682; Pub. Law 90-77.)

27. Section 21.4270 is revised to read as follows:

28. In § 21.4271, paragraph (c) is amended to read as follows:

§ 21.4271 Trade or technical; high schools.

(c) *High schools; chapter 34.* Courses offered at the secondary school level which lead to a high school diploma or the equivalent will be measured on the basis of clock hours of instruction per week. Enrollment in adult evening secondary school courses will be measured as not more than half-time. Enrollment in courses at a secondary school level will not be approved for eligible persons under chapter 35. (38 U.S.C. 1678, Pub. Law 90-77.)

29. In § 21.4272, the introductory portion preceding paragraph (a) is amended; a headnote is added to paragraphs (a), (b), and (c); and paragraphs (d), (e), and (f) are amended so that the amended material reads as follows:

§ 21.4272 Collegiate undergraduate; credit-hour basis.

An undergraduate course in an institution of higher learning will be measured on a credit-hour basis provided all the conditions under paragraph (a), (b), or (c) of this section are met: Wherever "member of a nationally recognized accrediting association" is used in this section it will include a "Recognized Candidate" for accreditation or membership as this term is used by the Regional Accrediting Associations.

(a) *Degree courses; accredited.* The course is offered by a college or university which is a member of a nationally recognized accrediting association, and

(b) *Degree courses; nonaccredited.* The course is offered by a college or university which is not a member of a nationally recognized accrediting association, and,

(c) *Nondegree courses.* The course is offered by either a member or nonmember of a nationally recognized accrediting association, and

(d) *Short courses.* Where the course is of less than a regular semester, term, or quarter duration, it will be measured as full, three-fourths, one-half, less than one-half but more than one-quarter, or one-quarter or less, time according to the certification of the school. In making such certification, the school will state the number of credit hours for which the veteran or eligible person is registered, including the credit-hour equivalent of noncredit courses, if any, required by the school.

(1) *General.* (i) Full time—the number of credit hours for which the veteran or eligible person must be registered in order to be considered pursuing full-time training is that number which requires at least 14 standard class sessions of attendance per week or the equivalent in laboratory or fieldwork, research, or other types of prescribed activity. For example, an eligible person pursuing a short, summer session requiring attend-

ance at 14 standard class sessions per week will be considered to be in full-time training, although because of the very short duration of the course he may be registered for only 3 credit hours.

(ii) Three-fourths time—less than 14 class sessions of attendance per week or equivalent but not less than 10.

(iii) One-half time—less than 10 class sessions of attendance per week or equivalent but not less than 7.

(iv) Less than one-half but more than one-quarter time—less than 7 class sessions of attendance per week but not less than 4.

(v) One-quarter time or less—less than 4 class sessions per week.

(2) *Alternative.* The following alternative method for determining training time may be used during short sessions of less than a regular semester, term, or quarter if this will provide a higher rate of educational assistance allowance.

(i) Multiply the credits to be earned in the short session by 18 if credit is granted in semester hours, or by 12 if credit is granted in quarter hours. Divide the total by the number of whole weeks in the short session. The result (quotient) will be the figure on which educational assistance allowance will be computed using the criteria in § 21.4270. For example, 6 semester hours granted in a 7-week term will be converted as follows:

$$\frac{6 \times 18}{7} = 15.4 \text{ semester hours. This is greater than 14 semester hours and is full-time training.}$$

(ii) In determining whole weeks for this formula, disregard 3 days or less and consider 4 or more days as a full week.

(e) *Credit courses; special.* Where the course is acceptable for credit but credit may not be awarded to the veteran or eligible person because he has not met college entrance requirements or for some other valid reason, the course will be measured the same as if it were pursued for credit provided the veteran or eligible person performs all of the work prescribed for other students who are enrolled for credit.

(f) *Noncredit deficiency courses—(1) Measurement for allowance.* Where the school requires the veteran or eligible person to pursue noncredit deficiency courses in order to meet certain scholastic or entrance requirements, the school will certify the credit-hour equivalent of such noncredit deficiency courses in addition to the credit hours for which the veteran or eligible person is enrolled. The course will be measured on the total credit hours and the credit-hour equivalency.

(2) *Entitlement charge.* For awards to eligible persons under chapter 35, the entitlement charge will be made on the same basis as measurement for payment purposes. For awards under chapter 34, no entitlement charge will be made for any noncredit deficiency course on a secondary school level.

30. In § 21.4275, paragraph (1) is amended to read as follows:

§ 21.4275 Professional; accredited.

(1) *Medical specialty courses.* Medical specialty courses such as X-ray technician, medical technician, medical records librarian, and physical therapist courses will be assessed as follows:

(1) Where such courses are offered in hospitals, clinics, laboratories or medical centers and the courses are accredited and approved by the Council on Medical Education and Hospitals of the American Medical Association, they will be considered full-time institutional training.

(2) Where such courses are offered in hospitals, clinics, laboratories, or medical centers and are not accredited and approved by the Council on Medical Education and Hospitals of the American Medical Association, they will be considered on-job training.

(3) Where such courses are offered by a school they will be measured in semester hours of credit or clock hours of required attendance per week, whichever is appropriate.

Title 10—ATOMIC ENERGY

Chapter I—Atomic Energy Commission

PART 10—CRITERIA AND PROCEDURES FOR DETERMINING ELIGIBILITY FOR ACCESS TO RESTRICTED DATA OR DEFENSE INFORMATION

Derogatory Information

Demonstrated financial irresponsibility, and other facts which tend to show that a person is not reliable or trustworthy, or furnish reason to believe that he may be subjected to coercion, influence or pressure which may cause him to act contrary to the best interests of the national security, have long been considered by the Atomic Energy Commission as evidence of conduct which may fall within the criteria of denial of access to classified information set forth in 10 CFR § 10.11. In order to provide more explicit guidance, the Commission has adopted the clarifying amendment set forth below.

Because this amendment relates to the performance of AEC management functions as described in section 4(2) of the Administrative Procedures Act of 1946, as amended, 5 U.S.C., section 553(a)(2), is merely interpretative of existing security criteria, and involves a military, naval, or foreign affairs function of the United States, the Commission has found that general notice of proposed rule making and public procedure thereon are not required and that good cause exists why this amendment should be made effective immediately without the customary period of prior notice.

Because of the importance of the regulations in 10 CFR Part 10, Criteria and Procedures for Determining Eligibility for Access to Restricted Data or Defense Information, and the amendment announced in this notice, the Commission invites written comments from interested members of the public. Comments should be mailed to the Secretary, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Pursuant to the Atomic Energy Act of 1954, as amended, Executive Orders 10450 and 10865, and the Administrative Procedure Act of 1946, as amended, the fol-

lowing amendment of 10 CFR Part 10 is published as a document subject to codification, to be effective upon publication in the FEDERAL REGISTER.

Title 10 CFR Part 10, § 10.11, paragraph (b), is amended by deleting the period at the end of subparagraph (12), substituting a semicolon therefor, and adding an additional subparagraph (13) which reads as follows:

§ 10.11 Derogatory information.

(b) * * *

(13) Engaged in any other conduct, or is subject to any other circumstance, including demonstrated financial irresponsibility, which tends to show that he is not reliable or trustworthy, or which furnishes reason to believe that he may be subject to coercion, influence or pressure which may cause him to act contrary to the best interests of the national security.

Title 12—BANKS AND BANKING

Chapter I—Bureau of the Comptroller of the Currency, Department of the Treasury

PART 1—INVESTMENT SECURITIES REGULATION

Campbell County Utilities and Service Authority

§ 1.196 Campbell County Utilities and Service Authority.

(a) Request. The Comptroller of the Currency has been requested to rule that the \$1,750,000 Water Revenue Bonds, series of 1967, of the Campbell County Utilities and Service Authority are eligible for investment by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) Opinion. (1) The Campbell County Utilities and Service Authority is a public body corporate and politic organized and created pursuant to the laws of the Commonwealth of Virginia by the Board of Supervisors of Campbell County, Va. As authorized by Virginia law, the Authority is empowered, inter alia, to acquire, construct, and operate a water system and to issue revenue bonds to obtain funds for such purposes. The Authority is issuing the present bonds for the purpose of acquiring private water systems, making extensions, and constructing new facilities to provide a consolidated water supply and distribution system.

PART 117—DRAWBRIDGE OPERATION REGULATIONS**Wappoo Creek (Intracoastal Waterway), S.C.**

1. There were transferred to and vested in the Secretary of Transportation, by subsection 6(g) of the Department of Transportation Act (Public Law 89-670, 80 Stat. 931-950, 49 U.S.C. 1651 et seq.), certain functions, powers, and duties previously performed by the Secretary of the Army and other officers and offices of the Department of the Army (Corps of Engineers) which included the regulation of drawbridge operations under 33 U.S.C. 499. The Secretary of Transportation, by Department of Transportation Order 1100.1 dated March 31, 1967 (49 CFR 1.4(a)(3)), delegated to and authorized the Commandant, U.S. Coast Guard, to prescribe rules and regulations under the provisions of section 5 of the River and Harbor Act of August 18, 1894, as amended (28 Stat. 362; 33 U.S.C. 499).

2. The South Carolina State Highway Department, by letter dated January 4, 1967, requested the Corps of Engineers, Department of the Army, to prescribe special regulations to govern the operation of its drawbridge on State Route 700 across Wappoo Creek (Intracoastal Waterway), Charleston, S.C. The request was that the bridge might remain closed to the passage of pleasure craft during the periods of heaviest vehicular traffic, the morning and evening rush hours from 7 to 9 a.m., and 4 to 6 p.m. In accordance with the procedures in 33 CFR 209.520, public notice dated January 17, 1967, describing the proposal was issued by the Charleston District, Corps of Engineers, and was made available to all persons known to have an interest in this subject. After consideration of all comments submitted in response thereto, the request is granted, subject to the right to change these requirements and to amend these regulations if and when necessary in the public interest. The purpose of this document is to prescribe special regulations for the operation of the South Carolina State Highway Department drawbridge on State Route 700 across Wappoo Creek (Intracoastal Waterway), Charleston, S.C.

3. By virtue of the authority vested in me as Commandant, U.S. Coast Guard, by 14 U.S.C. 632 and Department of Transportation Order 1100.1 (49 CFR 1.4(a)(3)), and text of 33 CFR 117.370 shall read as follows and shall be effective on and after 30 days after date of publication of this document in the FEDERAL REGISTER:

§ 117.370 Wappoo Creek (Atlantic Intracoastal Waterway), S.C.: South Carolina State Highway Department bridge (State Route 700) at Charleston.

(a) The owner of or agency controlling the bridge shall not be required to open the draw between 7 a.m. and 9 a.m. and between 4 p.m. and 6 p.m. daily.

(2) The bonds and the interest thereon will be payable solely from, and secured by a pledge of and lien on, revenues derived by the Authority from its ownership and operation of the consolidated water system. The Authority, however, is obligated to fix rates and collect revenues for the use of the system sufficient, at all times, to pay the principal and interest on the bonds as they become due and to provide reserves therefor.

(3) Revenues derived by the Authority from the operation of this system for the fiscal year ended June 30, 1967, are sufficient to cover current annual debt service 1.7 times. The Authority's projections for the future indicate that revenues sufficient to adequately cover maximum annual debt service will be available at all times. Based upon present revenues as well as projections, the conclusion is warranted that the Authority will be able to perform all that it undertakes to perform in connection with the bonds, including all debt service requirements.

(c) *Ruling.* It is our conclusion that a national bank may prudently determine in these circumstances that the \$1,750,000 Water Revenue Bonds, series of 1967, of the Campbell County Utilities and Service Authority meet the requirements of section 1.5(a) of the Investment Securities Regulation (12 CFR 1.5(a)) and are, therefore, eligible for investment by national banks subject to the 10 percent limitation of paragraph Seventh of 12 U.S.C. 24.

Dated: September 19, 1967.

[SEAL] WILLIAM B. CAMP,
Comptroller of the Currency.

The purpose of the section is to provide that written communications from or on behalf of the contracting officer to the Board (except for the appeal file) shall include information that a copy has been provided to the other party, and that the transmittal of the appeal file shall include information that a copy and a list of the documents has been sent to the appellant.

Therefore pursuant to the authority delegated to me by 41 CFR, § 12-60.104 (e), Part 12-60 of Title 41 of the Code of Federal Regulations is amended by adding the following new section after section 12-60.211, effective upon publication in the FEDERAL REGISTER:

§ 12-60.211-1 Notation; copy to other party.

Except for the appeal file, each written communication to the Board from or on behalf of the Contracting Officer or the appellant shall include a notation or statement that a copy has been served on or sent to the other party. The letter to the Board transmitting the appeal file shall indicate that a copy of the letter and a list of the documents have been sent to the appellant.

Since the amendment relates to Departmental organization, procedures, and practices, notice and public procedure hereon is unnecessary and it may be made effective in less than 30 days after publication in the FEDERAL REGISTER.

Subpart Z—Regulations Respecting Wine and Wine Products Rendered Unfit for Beverage Use

§ 170.681 Scope of subpart.

This subpart provides, pursuant to section 5362(d), I.R.C., temporary regulations for the removal free of tax from bonded wine cellars of wine, or wine products made from wine, which have been rendered unfit for beverage use and procedures relating thereto. Notwithstanding any provisions of Part 240 of this chapter, nonbeverage wine may be produced on and withdrawn from bonded wine cellar premises in accordance with the provisions of this subpart.

§ 170.682 Meaning of terms.

When used in this subpart, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof, terms shall have the meanings ascribed in Part 240 of this chapter and in this subpart.

Nonbeverage wine. Wine, or wine products made from wine, which have been rendered unfit for beverage use as provided in this subpart.

§ 170.683 Qualification.

(a) **Application, Form 698.** Each proprietor who intends to produce nonbeverage wine for withdrawal free of tax from his bonded wine cellar shall, before commencing such operations, file an amended application on Form 698 in accordance with § 240.199 of this chapter, giving notice of such intent and describing that part of his bonded premises, and the equipment, which will be used for such production. The description shall show the manner of segregation of operations under this subpart from other operations on bonded wine cellar premises.

(b) **Consent of surety.** In addition, each proprietor who intends to operate under the provisions of this subpart shall file a consent of surety on Form 1533 to extend the terms of his existing bond, Form 700 or Form 2601, as applicable, or give a new bond. Each consent shall identify the particular bond to which it applies and shall contain a statement of purpose as follows—

To continue in effect said bond (including all extensions or limitations of terms and conditions previously consented to and approved), notwithstanding that nonbeverage wine will be produced on and withdrawn from bonded wine cellar premises under the provisions of Subpart Z of 26 CFR Part 170.

§ 170.684 Segregation of operations.

A proprietor authorized to produce nonbeverage wine shall provide on his

bonded wine cellar premises segregated facilities for use in conducting such operation. These facilities shall include such tanks and other suitable receptacles for mixing, storing, and treating, as may be necessary to conduct the authorized operations and to prevent contamination of wine or wine products for beverage use. Each tank and receptacle to be used in the production of nonbeverage wine will be marked to show its use in accordance with the provisions of Part 240 of this chapter.

§ 170.685 Production.

Wine, or wine products made from wine, may, in accordance with approved formulas, be treated with methods or materials which render such wine or wine products unfit for beverage use and suitable for their intended use. No wine or wine products so treated shall contain more than 21 percent of alcohol by volume at the time of withdrawal free of tax from the bonded wine cellar; nor shall any wine or wine products so withdrawn be used in the compounding of distilled spirits or wine for beverage use or in the manufacture of any product intended to be used in such compounding.

§ 170.686 Formulas.

Before producing any nonbeverage wine the proprietor must receive approval of the formula by which the wine, or wine product made from wine, is to be rendered unfit for beverage use. The formula and process shall be described on Form 698-Supplemental, which shall be filed, in triplicate, with the Director, Alcohol and Tobacco Tax Division. Each formula filed under the provisions of this section shall be numbered in serial order, starting with No. 1, and shall be prefixed with the symbol "NB." One $\frac{1}{2}$ -quart sample of the base wine or wine product to be used, and one $\frac{1}{2}$ -quart sample of the nonbeverage wine made therefrom shall be submitted under separate cover at the time of filing the formula. The samples will be taken to be representative of the base wine and of the nonbeverage wine and any material change in characteristics of the finished product from those of the approved samples will require the filing of a new formula, even though the ingredients and process may be the same. The Director, Alcohol and Tobacco Tax Division, may require the submission of samples of the materials to be used in rendering the wine or wine products unfit for beverage use. All ingredients to be used will be shown on the Form 698-Supplemental, as well as the quantities required to make 100 gallons of the nonbeverage wine. The formula shall also show the intended use of the nonbeverage wine. The process used in rendering the wine or wine products unfit for beverage use shall be stated in detail.

§ 170.687 Removals.

(a) *Containers.* Nonbeverage wine may be removed from bond free of tax in containers authorized by § 240.560 of this chapter for removal of wine from bond.

(b) *Notice of removals.* Where a proprietor removes nonbeverage wine from his bonded wine cellar, or taxpaid room, or other premises operated by him, he shall, except where the removal is in bottles or other consumer packages, prepare, in quadruplicate, a notice of shipment (for example, commercial invoice, bill of lading). Each such notice shall identify the nonbeverage wine shipped, by formula number, quantity, and percent of alcohol by volume, and the name and address of the consignee. One copy of each notice shall be forwarded to the assistant regional commissioner with the proprietor's monthly report, Form 702; one copy shall be retained by the proprietor available for inspection by internal revenue officers; and two copies shall be forwarded to the consignee. The proprietor shall mark one of the consignee's copies as follows: "Receipt of this shipment must be acknowledged on this copy which shall be forwarded to the Assistant Regional Commissioner, Alcohol and Tobacco Tax" (insert mailing address of the assistant regional commissioner of the region in which the consignor is located.)

§ 170.688 Marks and labels.

Each container of nonbeverage wine shall be marked or labeled in a plain and durable manner with—

- A serial number,
- The name of the proprietor and the registry number and location (city and State) of the bonded wine cellar,
- The formula number under which the nonbeverage wine was produced,
- The contents of the container in wine gallons,
- The date of removal or shipment, and
- The legend "Not for sale or use as a beverage."

The provisions of this section do not carry or import any relief from other statutory or regulatory labeling requirements. Further, if nonbeverage wine or products made therefrom are placed in bottles or other consumer packages, and the marks or labels thereon state or imply that the contents are wine or are made from wine, such marks or labels must state with equal prominence that the contents are not for beverage use.

§ 170.689 Acknowledgment of receipt by user of nonbeverage wine.

Each person receiving nonbeverage wine covered by a notice of shipment required by § 170.687 (b) or (c) shall acknowledge receipt on one copy of the notice of shipment, indicating the date received and any shortages in shipment, and promptly forward such acknowledgment to the assistant regional commissioner designated on the notice of shipment.

§ 170.690 Bonded wine cellar records.

(a) *Daily records.* Every proprietor producing nonbeverage wine shall keep daily records, separate from other records required by Part 240 of this chapter, showing the following for each formula of nonbeverage wine produced and withdrawn:

- The kind, quantity, and percent alcohol by volume of wine, or wine products made from wine, rendered unfit for beverage use;
- The kind and quantity of materials received to render wine, or wine products made from wine, unfit for beverage use;
- The kind and quantity of materials used to render wine, or wine products made from wine, unfit for beverage use;
- The name, quantity, percent alcohol by volume, and formula number of each nonbeverage wine produced;
- The name, quantity, percent alcohol by volume, and formula number of nonbeverage wine removed;
- The date of removal; and
- The name and address of the consignee if the removal is more than 5 wine gallons or two cases, or if the nonbeverage wine is shipped for resale.

Where a proprietor withdraws nonbeverage wine free of tax from his bonded wine cellar to his taxpaid room or to adjacent premises operated by him, he shall, at each such location, maintain the records required by subparagraphs (5), (6), and (7) of this paragraph.

(b) *Summaries and reports.* The quantity of wine, or wine products made from wine, used to produce nonbeverage wine shall be recorded daily on the appropriate Form 2056. At the close of each month, such quantities shall be totaled and the total recorded as a credit in Part I, section A, of Form 702. The quantities of nonbeverage wine produced and withdrawn each month shall be summarized by tax class and reported in Part X of Form 702 for that month.

§ 170.691 Inventories.

Each proprietor producing nonbeverage wines shall, as of the close of business June 30 and December 31 of each year, take a physical inventory of all nonbeverage wines in storage in bond. A detailed report shall be prepared on a separate Form 702-C, in duplicate, of each inventory taken, showing nonbeverage wine by formula number and the total quantity of such wines in each tax class. The original of the Form 702-C shall be attached to the Form 702 to which it pertains and forwarded to the assistant regional commissioner. The duplicate of the Form 702-C shall be retained by the proprietor and shall be kept available for inspection by internal revenue officers.

[Docket No. 8408; Notice 67-40]

MAINTENANCE LOG

Overhaul of Airframe and Engines

The Federal Aviation Administration is considering amending Part 127 of the Federal Aviation Regulations to delete § 127.311(c) which requires that the maintenance log must contain information from which the flight crew may determine the time since the last overhaul of the airframe and engines.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket or notice number and be submitted in duplicate to: Federal Aviation Administration, Office of the General

Counsel, Attention: Rules Docket, GC-24, 800 Independence Avenue SW., Washington, D.C. 20590. All communications received on or before November 21, 1967, will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

As presently written, § 127.311(c) requires that the maintenance log shall contain information from which the flight crew may readily determine the time since last overhaul of the airframe and engines. It is the FAA's position that the information on overhaul times as now required is rarely used and that the requirement serves no useful purpose. The FAA further believes that, if flight crews should feel at some time that the information is in fact necessary, it is readily available in other records.

By amendment adding Part 121 effective April 1, 1965, the same requirement was deleted from § 121.701 for airplanes, and at that time ATA recommended that § 127.311(c) also be deleted. However, before issuing an NPRM to propose this action for helicopters, the FAA decided that a study was needed to determine if the action was warranted. From the information received, it now appears evident that, since overhaul time limits are generally based on reliability that can reasonably be expected throughout the period between overhauls (because of progressive maintenance and overhaul systems now in use), the requirement is no longer necessary.

In consideration of the foregoing, it is proposed to delete § 127.311(c). This amendment is proposed under the authority of sections 313(a), and 601 through 610 of the Federal Aviation Act of 1958 (49 CFR 1354(a), and 1421 through 1430).

Issued in Washington, D.C., on September 15, 1967.

Director, Flight Standards Service.

MILK IN MISSISSIPPI MARKETING AREA

Notice of Proposed Suspension of Certain Provisions of the Order

Notice is hereby given that, pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), the suspension of certain provisions of the order regulating the handling of milk in the Mississippi marketing area is being considered for the months of October and November 1967.

The provisions proposed to be suspended are related to the supply-demand adjustment to the Class I milk price.

This proposed suspension order would delay the effective date of the supply-demand adjuster established in this order pursuant to amendment December 1, 1966 (31 P.R. 14586). Said amendment provided, however, that the supply-demand adjuster would not be effective until October 1, 1967, and that thereafter the Class I milk price would be adjusted each month in relation to supply and demand conditions in the market.

This action was requested by three co-operative associations representing a majority of the producers supplying the Mississippi Federal order market. The associations contend that this suspension action is necessary to maintain orderly marketing conditions pending a public hearing to reconsider the supply-demand adjuster. The cooperative associations requesting this action claim that the month-to-month variations of the supply-demand adjuster during the past 8 months have been excessive and do not properly reflect changes in supply and demand conditions. The associations believe therefore that there is no assurance that future adjustments under this order provision would properly reflect supply and demand conditions of the market. The associations request that the supply-demand adjuster be suspended pending a public hearing and revision of the supply-demand adjuster.

All persons who desire to submit written data, views, or arguments in connection with the proposed suspension should file the same with the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250, not later than 3 days from the date of publication of this notice in the FEDERAL REGISTER. All documents filed should be in quadruplicate.

All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

Signed at Washington, D.C., on September 20, 1967.

Bureau of the Census

ANNUAL SURVEYS IN MANUFACTURING AREA

Notice of Consideration

Notice is hereby given that the Bureau of the Census is considering a proposal to continue or initiate the annual surveys listed below for the year 1967

and for each year thereafter, under the authority of Title 13, United States Code, sections 181, 224, and 225. These surveys, most of which have been conducted for many years, are significant in the manufacturing area and on the basis of information and recommendations received by the Bureau of the Census, the data have significant application to the needs of the public and industry and are not available from nongovernmental or other governmental sources.

The establishments covered by these surveys directly account for the bulk of all manufacturing employment. The information to be developed from these surveys is necessary to an adequate measurement of total industrial production. Government agencies need data on the output of these industries. Manufacturers in the industries involved, as well as their suppliers and customers and the general public, have all requested such data in the interest of business efficiency and stability.

Such surveys, if conducted, shall begin not earlier than 30 days after publication of this notice in the Federal Register.

Report forms in most instances furnishing data on shipments and/or production and in some instances on stocks, unfilled orders, orders booked, consumption, etc., will be required of all or a sample of establishments engaged in the production of the items covered by the following list of surveys. The surveys have been arranged under major group headings shown in the revised Standard Industrial Classification Manual (1967 edition) promulgated by the Bureau of the Budget for the use of Federal statistical agencies.

The Annual Survey of Manufactures and those surveys listed above which furnish data substitutable for data usually collected in the Census of Manufactures are additionally considered a part of the 1967 Census of Manufactures as provided for by Title 13, United States Code, section 131. The 1967 Census of Manufactures report forms have been modified to recognize those annual reports as the source for these Census data.

A survey of research and development costs will be conducted also. The data to be obtained will be limited to total research and development costs of work performed by the company, total cost of

research and development work performed for the Federal Government, and, for comparative purposes, total net sales and receipts, and total employment of the company.

In addition, a survey on shipments to, or receipts for work done for, Federal Government agencies and their contractors and suppliers is planned. This survey was conducted for the year 1963, 1965, and 1966. It is designed to provide information on the impact of Federal procurement on selected industries and on the economy of States, standard metropolitan statistical areas, and geographic regions.

Copies of the proposed forms are available on request to the Director, Bureau of the Census, Washington, D.C. 20233.

Any suggestions or recommendations concerning the subject matter of these proposed surveys should be submitted in writing to the Director of the Census within 30 days after the date of this publication and will receive consideration.

Office of the Secretary

[Dept. Order 83]

OFFICE OF THE SECRETARY

Organization and Functions

The following order was issued by the Secretary of Commerce on September 13, 1967. This material supersedes the material appearing at 32 F.R. 6737 of May 2, 1967; 31 F.R. 7766 of June 1, 1966; 31 F.R. 3471 of March 5, 1966; and 28 F.R. 5688 of June 11, 1963.

SECTION 1. Purpose.

The purpose of this order is to set forth the basic structure of authority and organization of the Department of Commerce.

SEC. 2. Basis of functions and structure of authority.

.01 The broad functions of the Department of Commerce were originally stated in the Act of February 14, 1903 (15 U.S.C. 1512), which, as still applicable, provides: "It shall be the province and duty of the said Department to foster, promote, and develop the foreign and domestic commerce, * * * manufacturing, shipping * * * industries, and the transportation facilities of the United States; and to this end it shall be vested with jurisdiction and control of the departments, bureaus, offices, and branches of the public service hereinafter specified, and with such other powers and duties as may be prescribed by law."

a. Functions now carried out by the Department either stem directly from the above general legislative mandate or have been authorized by specific acts of the Congress. In some cases, the func-

tions originally had been statutory responsibilities of other departments or agencies and were subsequently transferred to the Department by Reorganization Plans of the President. In like manner, some functions previously authorized for the Department of Commerce have been transferred to other departments or agencies.

b. The Department of Commerce also has responsibilities which have been assigned by the President through Executive orders, or as otherwise prescribed under Presidential authority.

.02 With minor exceptions, all functions of the Department of Commerce, including the powers, authority, duties, responsibility, or discretion prescribed in legislation authorizing particular functions, are vested directly in the Secretary of Commerce, either by the legislation itself or by Reorganization Plans. Functions not vested directly in the Secretary are (a) those vested by the Administrative Procedure Act in hearing examiners; and (b) certain functions vested in the Maritime Administrator by Public Law 86-516, as amended, relating to construction assistance for fishing vessels.

.03 There is also vested in the Secretary by law and Reorganization Plans authority to provide for the organization and general management of the Department. Reorganization Plan No. 5 of 1950, in particular, provides that: "The Secretary of Commerce may from time to time make such provisions as he shall deem appropriate authorizing the performance by any officer, or by any agency or employee of the Department of Commerce of any function of the Secretary * * *"

.04 The principal organizational components and officers of the Department either are established by statute or Reorganization Plan, or by the Secretary pursuant to the authorities referred to above. To the extent that functions of the Department are vested in the Secretary, the Secretary determines the functions that shall be carried out by the principal organizational components and the authorities that shall be exercised by the principal officers of the Department. These are normally prescribed through Department orders.

SEC. 3. Organization structure of the Department.

The attached organization chart depicts the organization structure of the Department which has been established through Department orders issued for each of the principal organizational components or officers of the Department. The chart reflects the following general organizational plan for the Department:

.01 *Office of the Secretary.* The Office of the Secretary is the general management authority of the Department and provides the principal support to the Secretary in formulating policy and providing advice to the President on matters that concern Commerce's responsibilities. It provides program leadership for the Department's functions and exercises general supervision over the operating

units of the Department. It also directly carries out program functions as may be assigned by the Secretary from time to time, and provides, as determined to be more economical or efficient, administrative and other support services for designated operating units.

a. The Office of the Secretary consists of the Secretary and Secretarial Officers, their immediate staffs, and a number of Departmental staff offices. The Secretarial Officers of the Department are:

Under Secretary.
Assistant Secretary for Domestic and International Business.
Assistant Secretary for Economic Affairs.
Assistant Secretary for Science and Technology.
Assistant Secretary for Economic Development.
Assistant Secretary for Administration.
General Counsel.

b. The Under Secretary serves as the principal deputy of the Secretary in all matters affecting the Department and performs continuing and special duties as the Secretary may assign from time to time, including, as may be specified by the Secretary, the exercise of policy direction and general supervision over operating units not placed under other Secretarial Officers.

c. The Assistant Secretary for Administration and the General Counsel are the Secretary's principal assistants on administrative management and legal matters, respectively, of the Department.

d. The other Secretarial Officers (generally referred to as Program Secretarial Officers) are the Secretary's principal assistants for the four general program areas into which most of the Department's functions have been grouped. Each Program Secretarial Officer exercises policy direction and general supervision over the operating units assigned to his program area.

.02 *Operating units.* a. The operating units of the Department are organizational entities outside the Office of the Secretary charged with carrying out specified statutory functions or related activities under the general supervision of the Office of the Secretary. The heads of operating units report and are responsible to an assigned Secretarial Officer or, in special circumstances, directly to the Secretary. The operating units constitute the components of the Department through which most of its statutory functions are carried out.

b. For departmental management purposes, each operating unit is designated as being within one of the following two classes:

1. *Primary Operating Units.* These are operating units assigned broad statutory functions of the Department. The heads of such units receive directly from the Secretary general delegations of authority for carrying out assigned functions. They constitute the operating general managers of the Department.

2. *Constituent Operating Units.* These are operating units assigned limited statutory functions, or service and support functions for operating units within

the same general program area. Depending on the nature of the functions assigned, the heads of constituent operating units may receive delegations of authority directly from the Secretary, or carry out their responsibilities under authorities delegated directly to a Secretarial Officer and subject to the latter's direct supervision.

Sec. 4. Officers designated to perform the duties of the Secretary.

By law (5 U.S.C. 591b) the Under Secretary performs the duties of the Secretary of Commerce in case of absence, sickness, death, or resignation of the Secretary. Unless otherwise directed by the President, in the case of absence, sickness, resignation, or death of the Secretary and the Under Secretary, Executive Order 10148 provides that other Secretarial Officers, in the order of listing below, shall perform the duties of Secretary of Commerce:

The Assistant Secretaries of Commerce in the order of precedence as determined by the dates of their commissions; and The General Counsel.

Sec. 5. Designations to perform the duties of Secretarial Officers.

01 In the case of a vacancy in the office of any Secretarial officer, and unless otherwise directed by the President, the Secretary shall designate the official to perform the duties of the Secretarial office.

02 Each Secretarial Officer is hereby authorized to designate an official or officials who report directly to him or who are in some line of authority under his jurisdiction, to serve for him in his absence or sickness, and to perform the duties of the respective Secretarial Officer not inconsistent with the provisions of any law. This authority shall not include matters in which the personal signature of a Secretarial Officer is required under specific law, order, or regulation.

Effective date: September 13, 1967.

Assistant Secretary
for Administration.

1. By application dated January 13, 1967, and amendments thereto dated February 27, June 21, and August 11, 1967 (hereinafter "the application"), U.S. Geological Survey, Department of the Interior (hereinafter "USGS"), requested a Class 104 license authorizing construction and operation of a TRIGA Mark I nuclear research reactor facility (hereinafter "the facility") on USGS's Federal Center site in Denver, Colo.

2. The Atomic Energy Commission ("the Commission") has found that:

A. The application complies with the requirements of the Atomic Energy Act of 1954, as amended ("the Act"), and the Commission's regulations set forth in Title 10, Chapter 1, CFR;

B. The facility will be a utilization facility as defined in the Commission's regulations contained in Title 10, Chapter 1, CFR, Part 50, "Licensing of Production and Utilization Facilities";

C. The facility will be used in the conduct of research and development activities of the types specified in section 31 of the Act;

D. USGS is financially qualified to construct the facility in accordance with the Commission's regulations contained in the Title 10, Chapter 1, CFR;

E. USGS and its contractor, General Atomic Division of General Dynamics Corp., are technically qualified to design and construct the facility;

F. USGS has submitted sufficient technical information concerning the proposed facility to provide reasonable assurance that the proposed facility can be constructed and operated at the proposed location without endangering the health and safety of the public;

G. The issuance of the proposed construction permit will not be inimical to the common defense and security or to the health and safety of the public.

3. Pursuant to the Act and Title 10, CFR, Part 50, "Licensing of Production and Utilization Facilities", the Commission hereby issues a construction permit to USGS to construct the facility in accordance with the application. This permit shall be deemed to contain and be subject to the conditions specified in §§ 50.54 and 50.55 of said regu-

lations; is subject to all applicable provisions of the Act and rules, regulations, and orders of the Commission now or hereafter in effect, and is subject to the additional conditions specified below:

A. The earliest completion date of the facility is October 31, 1967. The latest completion date of the facility is May 31, 1968. The term "completion date", as used herein, means the date on which construction of the facility is completed except for the introduction of the fuel material.

B. The facility shall be constructed and located on USGS's Federal Center site in Denver, Colo.

C. USGS is authorized in the construction of the facility to insert into the reactor for testing purposes three fueled-follower control rods and not more than two instrumented fuel elements.

D. USGS is authorized in the construction of the facility to install one fission chamber into the reactor.

E. Authorizations under subparagraphs 3, C and D above are subject to USGS receiving a special nuclear material license pursuant to 10 CFR, Part 70 for the possession of the fuel contained in the control rods and the U-235 contained in the fission chamber.

4. Upon completion of the construction of the facility in accordance with the terms and conditions of this permit, upon finding that the facility authorized has been constructed and will operate in conformity with the application and the provisions of the Act and of the rules and regulations of the Commission, upon execution of the indemnity agreement as required by section 170 of the Act and the absence of any good cause being shown to the Commission why the granting of a license would not be in accordance with the provisions of the Act, the Commission will issue a Class 104 license to USGS pursuant to section 104c of the Act, which license shall expire forty (40) years from the date of issuance of this construction permit, unless sooner terminated.

Date of issuance:

For the Atomic Energy Commission.

LOW POWER FM BROADCAST TRANSLATOR STATIONS

Order Extending Time for Filing Reply Comments

1. In a Petition filed September 5, 1967, Pacific FM, Inc., licensee of FM Broadcast Station KPEN, San Francisco, Calif., asked that the time for filing comments and reply comments in this proceeding be extended for at least 60 days. Pacific seeks the extension in order to have an opportunity to accumulate and submit data from its current operation of an on-channel booster.

2. Although Pacific has not made clear how data from on-channel booster operations would help in our consideration of FM translators, we will afford opportunity for the filing and consideration of the data by granting a 60 day extension of the present deadline (Sept. 20, 1967) for the filing of reply comments.

3. The time for filing comments having expired on September 5, 1967, and numerous comments having been timely filed, it would not be appropriate to extend the time for filing comments. The data Pacific desires to submit may, however, be filed in reply comments.

4. Accordingly, it is ordered, That the time for filing reply comments in this proceeding is extended 60 days from September 20, 1967, to November 20, 1967. This action is taken pursuant to authority found in sections 4(i), 5(d)(1) and 303(r) of the Communications Act of 1934, as amended, and § 0.281(d)(8) of the Commission's rules.

Adopted: September 19, 1967.

**STAMPS RADIO BROADCASTING CO.,
AND NOARK BROADCASTING, INC.****Order Designating Applications for
Consolidated Hearing on Stated
Issues**

In re applications of H. Weldon Stamps, trading as Stamps Radio Broadcasting Co., Fayetteville, Ark., Docket No. 17704, File No. BPCT-3857; Noark Broadcasting, Inc., Fayetteville, Ark., Docket No. 17705, File No. BPCT-3901; for construction permit for new television broadcast station.

1. The Commission has before it for consideration the above-captioned applications, each requesting a construction permit for a new television broadcast station to operate on Channel 36, Fayetteville, Ark.

2. With respect to the issues set forth below, the following considerations are pertinent:

(1) Based on the information contained in the application of Noark Broadcasting, Inc., cash in the amount of \$448,600 will be needed for the construction and first-year operation of the proposed station, consisting of: Down payment on equipment—\$100,000; first year payments on equipment—\$75,000; first year interest on principal balance—\$15,000; repayment of principal and interests on loan from Paul W. Milam, Sr.—\$43,600; buildings—\$30,000; miscellaneous expenses—\$10,000; first year cost of operation—\$175,000.

(2) To meet the cash requirements, the applicant relies upon the availability of \$100,000 in stock subscription agreements, a \$60,000 loan from one of the principals, Paul W. Milam, Sr., and bank loans from the McIlroy Bank of Fayetteville and the First National Bank of Fayetteville of \$125,000 each, for a total of \$410,000. The applicant has established the availability of \$90,500 in stock subscriptions, \$250,000 in bank loans and a loan of \$60,000 from Paul W. Milam, Sr., for a total of \$400,500. However, the applicant has failed to demonstrate that Television Communications Corp. has available liquid and current assets (as defined in section III, paragraph 4(d), FCC Form 301) in excess of current liabilities sufficient to meet its commitment to the applicant. The subscriber also relies on a bank loan from the Chase Manhattan Bank, but the letter does not meet the requirements of section III, paragraph 4(h), in that the letter provides that "at a future date, we (the bank) would be amendable to giving favorable consideration to a formal proposal for this purpose (loan) *** on terms and conditions mutually satisfactory to both of us." Even if all these sums were available, applicant would still require \$38,600 in order to have available sufficient funds to meet all of the first-year expenses. The applicant has made no showing as to the validity of its \$160,000

revenue estimate from first-year operations. Accordingly, financial issues have been specified.

(3) There appears to be a significant disparity in the proposed Grade B contours of the applications. In accordance with the Commission's policy, evidence with respect to which of the proposals would represent a more efficient use of the frequency may be adduced under the comparative issue.¹

(4) Since Federal Aviation Administration approval has not been obtained for Stamps Radio Broadcasting Co.'s antenna structure, an air menace issue has been specified.

(5) Except as indicated by the issues set forth below, Stamps Radio Broadcasting Co. and Noark Broadcasting, Inc., are qualified to construct, own and operate the proposed new television broadcast station. The applications are, however, mutually exclusive in that operation by the applicants as proposed would result in mutually destructive interference. The Commission is therefore, unable to make the statutory finding that a grant of the applications would serve the public interest, convenience and necessity, and is of the opinion that they must be designated for hearing in a consolidated proceeding in the issues set forth below.

It is ordered, That pursuant to section 309(e) of the Communications Act of 1934, as amended, the above-captioned applications of Stamps Radio Broadcasting Co., and Noark Broadcasting, Inc., are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order upon the following issues.

1. To determine, with respect to the application of Noark Broadcasting, Inc.:

(a) Whether Television Communications Corp. will have sufficient funds available to meet its commitment of \$9,500 to the applicant.

(b) Whether, assuming the availability of all other funds relied upon by the applicant, Noark Broadcasting, Inc., will have available an additional \$38,600 in order to meet the first-year costs of construction and operation.

(c) Whether, in light of the evidence adduced pursuant to the foregoing, Noark Broadcasting, Inc., is financially qualified.

2. To determine, with respect to the application of Stamps Radio Broadcasting Co.:

(a) Whether there is a reasonable possibility that the tower height and location proposed would constitute a menace to air navigation.

3. To determine which of the proposals would better serve the public interest.

4. To determine, in light of the evidence adduced pursuant to the foregoing issues, which, if either, of the applications should be granted.

It is further ordered, That the Federal Aviation Administration is made a party

¹ Harriscope, Inc., FCC 65-1165, 2 FCC 2d 223.

to this proceeding with respect to the application of Stamps Radio Broadcasting Co.

It is further ordered, That, to avail themselves of the opportunity to be heard, the applicants herein, pursuant to § 1.221(c) of the Commission's rules, in person or by attorney, shall within twenty (20) days of the mailing of this order, file with the Commission, in triplicate a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

It is further ordered, That the applicants herein shall, pursuant to section 311(a)(2) of the Communications Act of 1934, as amended, and § 1.594 of the Commission's rules, give notice of the hearing, either individually or, if feasible, jointly, within the time and in the manner prescribed in such rule, and shall advise the Commission of the publication of such notice as required by § 1.594(g) of the rules.

Adopted: September 6, 1967.

AMERICAN MUTUAL FUND, INC.

Notice of Filing of Application for an Order Exempting a Sale by an Open-End Company of Its Securities at Other Than the Public Offer- ing Price

SEPTEMBER 19, 1967.

Notice is hereby given that American Mutual Fund, Inc. ("Applicant"), 900 Wilshire Boulevard, Los Angeles, California 90017, a Delaware corporation registered under the Investment Company Act of 1940 ("Act") as an open-end diversified management investment company, has filed an application pursuant to section 6(c) of the Act requesting an order of the Commission exempting from the provisions of section 22(d) of the Act a transaction in which Applicant's redeemable securities will be issued at a price other than the current public offering price in exchange for substantially all of the assets of Chaco Investment Co. ("Chaco"), a Michigan corporation. All

interested persons are referred to the application on file with the Commission for a statement of Applicant's representations which are summarized below.

Chaco is a personal holding company with 62 shareholders and is excepted from registration under the Act by reason of the provisions of section 3(c)(1) thereof. There is no affiliation or relationship between the officers and directors of Applicant and the officers, directors and shareholders of Chaco.

Pursuant to an agreement between Applicant and Chaco, substantially all of the assets of Chaco, with a value of approximately \$2,833,078 as of June 26, 1967, will be transferred to Applicant in exchange for shares of Applicant. Such shares will be distributed to Chaco's shareholders who intend to take the shares for investment and not for resale to the public. The number of shares of Applicant to be issued to Chaco is to be determined as of the close of the New York Stock Exchange on the closing date by dividing the aggregate market value (subject to certain adjustments set forth in the application) of Chaco's assets to be transferred to Applicant by Applicant's net asset value per share.

Applicant represents that the terms and conditions of the transaction were arrived at by arms-length bargaining and that the consummation of the transaction will be beneficial to its shareholders as it will be able to acquire a number of desirable securities without paying brokerage commissions.

Section 22(d) of the Act provides that registered open-end investment companies may sell their shares only at the current public offering price as described in the prospectus. Section 6(c) permits the Commission, upon application, to exempt such a transaction if it finds that such an exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than October 9, 1967, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application unless an order for

hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).
