# Guide to Record Retention Requirements

[Revised as of January 1, 1967]

This useful reference tool is designed to keep businessmen and the general public informed concerning published requirements in laws and regulations relating to record retention. It contains over 900 digests detailing the retention periods for the many types of records required to be kept under Federal laws and rules.

The "Guide" tells the user (1) what records must be kept, (2) who must

keep them, and (3) how long they must be kept. Each digest also includes a reference to the full text of the basic law or regulation providing for such retention.

The booklet's index, numbering over 2,000 items, lists for ready reference the categories of persons, companies, and products affected by Federal record retention requirements.

## Title 7—AGRICULTURE

### Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture

#### SUBCHAPTER D—PROVISIONS COMMON TO MORE THAN ONE PROGRAM

[Amdt. 3]

#### PART 792—CONSERVING BASE AND DESIGNATED DIVERTED ACREAGE

##### Designation, Use, and Care of Diverted Acreage

The regulations governing conserving base and designated diverted acreage are amended as follows:

1. Section 792.3 is amended by deleting subparagraph (13) of paragraph (b) and changing the introductory text of paragraphs (a) and (a)(5) and paragraph (d) to read as follows:

§ 792.3 Designation, use, and care of diverted acreage under the feed grain, upland cotton, wheat diversion, and wheat certificate programs; approved conservation uses.

(a) *Cropland eligible for designation.* Land to be eligible for designation as diverted acreage must be cropland as provided in this paragraph. Where the county committee determines that the average productivity of the land diverted is substantially less than the average productivity of the cropland which would normally be devoted to the crop, the payments for the farm shall be reduced to take into account the actual productivity of the diverted acreage. Subject to the provisions of paragraph (b) of this section, designated diverted acreage must be cropland:

(5) On a farm with an old farm cotton allotment or feed grain base. Such

acreage will be limited to the extent needed to enable producers on the farm to participate in the upland cotton or feed grain program after all other acreage eligible under this paragraph is designated.

(b) \* \* \*  
(13) [Deleted]

(d) *Restriction on grazing.* The designated diverted acreage shall not be grazed during the period between April 30 and October 1 of the current year, or at the election of the State committee with advance notice to the operator and the Director, Farmer Programs Division, between March 31 and September 1 or between April 14 and September 15, except where the Secretary considers it necessary to permit the diverted acreage to be grazed in order to alleviate a shortage of forage in the area resulting from severe drought, flood, or other natural disaster and consents to such grazing subject to an appropriate reduction in the payment rate. In addition to the foregoing restriction, the designated diverted acreage shall not be grazed on or after September 1 of the current year when planted to wildlife food plots or devoted to a grain or oilseed crop which has matured, other than a substitute crop.

Effective date: Upon publication in the FEDERAL REGISTER.

#### Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Navel Orange Reg. 140]

#### PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

##### Limitation of Handling

##### § 907.440 Navel Orange Regulation 140.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907), regulating the handling of Navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available infor-

mation, it is hereby found that the limitation of handling of such Navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Navel oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on December 19, 1967.

(b) *Order.* (1) The respective quantities of Navel oranges grown in Arizona and designated part of California which may be handled during the period December 22, 1967, through December 28, 1967, are hereby fixed as follows:

- (i) District 1: 200,000 cartons;
- (ii) District 2: 45,621 cartons;
- (iii) District 3: 35,000 cartons;
- (iv) District 4: 25,000 cartons.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," "District 4," and "carton" have the same meaning as when used in said amended marketing agreement and order.

## Title 12—BANKS AND BANKING

### Chapter V—Federal Home Loan Bank Board

#### SUBCHAPTER C—FEDERAL SAVINGS AND LOAN SYSTEM

[No. 21,196]

### PART 556—STATEMENTS OF POLICY

#### Establishment of Branch Offices

DECEMBER 12, 1967.

Resolved that the Federal Home Loan Bank Board, upon the basis of consideration by it of the advisability of codifying its statement of policy with respect to Establishment of Branch Offices by Federal Savings and Loan Associations (30 F.R. 11981) and for the purpose of effecting such codification, hereby amends Part 556 of the rules and regulations for the Federal Savings and Loan System (12 CFR Part 556) by adding, immediately after § 556.4, a new section, § 556.5, to read as follows:

#### § 556.5 Establishment of branch offices.

(a) As a general policy, the Board permits branches by Federal savings and loan associations in a particular State if the State law, or State practice in absence of statutory prohibition, permits savings and loan associations, savings banks, or commercial banks of the State to establish branches in such state or to conduct chain, group, or affiliate operations. The Board will not, however, approve the establishment of a particular branch unless in its judgment a necessity exists for the proposed branch office in the community to be served by it, nor unless there is a reasonable probability of its usefulness and success, nor unless the same can be established without undue injury to properly conducted existing local thrift and home-financing institutions.

(b) It is the Board's policy not to approve the establishment of a branch office by such an association in a state other than that where the home office of the association is located.

(c) It is the Board's policy to consider applications by such an association for permission to establish a branch office or to maintain a branch office acquired as a result of merger only when the proposed branch office is to be situated within 75 miles of the association's home office, unless the association is located in Alaska, Hawaii, or Puerto Rico. This policy is applicable whether or not an association was converted from a State-chartered institution at a time when it made loans on the security of real estate located more than 100 miles from its home office and whether or not it was organized initially as a Federal savings and loan association.

(Sec. 5, 48 Stat. 132, as amended; 12 U.S.C. 1464. Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1943-48 Comp., p. 1071)

### PART 556—STATEMENT OF POLICY

#### Establishment of Agencies

DECEMBER 12, 1967.

Resolved that the Federal Home Loan Bank Board, upon the basis of consideration by it of the advisability of publishing a statement of its policy concerning the establishment of agencies by Federal savings and loan associations and for the purpose of effecting codification of such statement of policy, hereby amends Part 556 of the rules and regulations for the Federal Savings and Loan System (12 CFR Part 556) by adding, immediately after § 556.5, a new section, § 556.6, to read as follows:

#### § 556.6 Establishment of agencies.

(a) As a general policy, the Board will not approve the establishment of agencies by Federal associations under Federal Regulation 545.15 unless the business to be transacted at the agency will be limited to the origination of mortgage loans, in addition to the loan servicing functions which § 545.15 expressly authorizes, thereby precluding the transaction of any savings account business at the agency office.

(b) In extremely exceptional cases, however, where community need for such service is established, the Board is willing to permit the additional agency function of receiving payments on existing savings accounts. The Board will consider approval of an agency which may receive such savings payments only in cases where the proposed agency is to be located in a small town situated in an area that is sparsely settled and considerably distant from existing associations. With rare exceptions, such an agency will not be approved if the community is of such size and nature that the establishment of a branch office or the organization of a local association would seem economically feasible or if any savings and loan facilities insured by the Federal Savings and Loan Insurance Corporation are already located in such community.

(c) It is also the Board's policy not to approve the establishment of an agency in a state other than that in which the home office of the association is located.

(d) All agency approvals will be limited to a 5-year period in order to afford the Board an opportunity at the end of such period to reappraise the community situation in all pertinent aspects.

(Sec. 5, 48 Stat. 132, as amended; 12 U.S.C. 1464. Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1943-48 Comp., p. 1071)

By the Federal Home Loan Bank Board.

## Title 14—AERONAUTICS AND SPACE

### Chapter I—Federal Aviation Administration, Department of Transportation

[Airspace Docket No. 67-WE-48]

### PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

#### Alteration of Federal Airways

On September 27, 1967, a notice of proposed rule making was published in the FEDERAL REGISTER (32 F.R. 13526) stating that the Federal Aviation Administration was considering amendments to Part 71 of the Federal Aviation Regulations that would alter the floors on certain segments of VOR Federal airway Nos. 4, 253, and 500 in the vicinity of Boise, Idaho.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 e.s.t., February 29, 1968, as hereinafter set forth.

1. Section 71.123 (32 F.R. 2009, 3219, 5497, 6434, 7251, 7252, 7588, 7589, 9220) is amended as follows:

a. In V-4 "including an N alternate from Boise, 21 miles, 12 AGL, 28 miles, 90 MSL, 95 MSL INT Boise 104° and Burley 344° radials," is deleted and "including an north alternate from Boise, 25 miles, 12 AGL, 25 miles, 90 MSL, 95 MSL INT Boise 104° and Burley 344° radials," is substituted therefor.

b. In V-253 "30 miles, 12 AGL, 99 MSL McCall, Idaho;" is deleted and "42 miles, 12 AGL, 99 MSL McCall, Idaho;" is substituted therefor.

c. In V-500 "21 miles, 12 AGL, 28 miles, 90 MSL, 48 miles, 95 MSL, 25 miles, 75 MSL, 12 AGL Pocatello, Idaho." is deleted and "25 miles, 12 AGL, 25 miles, 90 MSL, 48 miles, 95 MSL, 25 miles, 75 MSL, 12 AGL Pocatello, Idaho." is substituted therefor.

**SUBCHAPTER B—FOOD AND FOOD PRODUCTS**

**PART 121—FOOD ADDITIVES**

**Subpart C—Food Additives Permitted in the Feed and Drinking Water of Animals or for the Treatment of Food-Producing Animals**

**NORMAL PROPYL ALCOHOL**

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition filed by Feed Service Corp., Crete, Nebr. 68333, and other relevant material, has concluded that a food additive regulation should be issued to provide for the safe use of normal propyl alcohol in feeds and feed supplements for cattle. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120), Part 121 is amended by adding to Subpart C the following new section:

**§ 121.307 Normal propyl alcohol.**

Normal propyl alcohol may be safely used in feeds and feed supplements for cattle as a source of metabolizable energy. It is incorporated in the feed or feed supplement in an amount which provides not more than 54.5 grams of the additive per head per day.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

**Effective date.** This order shall become effective on the date of its publication in the FEDERAL REGISTER.

#### Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

##### SLIMICIDES

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 8H2207) filed by Buckman Laboratories, Inc., 1256 North McLean Boulevard, Memphis, Tenn. 38108, and other relevant material, has concluded that the food additive regulations should be amended to provide for the safe use of two additional slimicides, as set forth below, in the manufacture of paper and paperboard for food-contact use. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120), § 121.2505(c) is amended by alphabetically inserting in the list of substances two new items, as follows:

#### § 121.2505 Slimicides.

| (c) * * * |                                     |             |
|-----------|-------------------------------------|-------------|
|           | List of substances                  | Limitations |
|           | Chloromethyl butanethiol-sulfonate. |             |
|           | Methylenebisbutanethiol-sulfonate.  |             |

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

**Effective date.** This order shall become effective on the date of its publication in the FEDERAL REGISTER.

### PART 121—FOOD ADDITIVES

#### Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

##### INDUSTRIAL STARCH-MODIFIED

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 8B2224) filed by Grain Processing Corp., Post Office Box 341, Muscatine, Iowa 52761, and other relevant material, has concluded that the food additive regulations should be amended to provide for the safe use of industrial starch modified by treatment with not more than 0.3 percent of ammonium persulfate as a component of articles intended for food-contact use. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120), § 121.2506(a) is amended by inserting alphabetically in the list of reactants a new item, as follows:

#### § 121.2506 Industrial starch-modified.

| (a) * * * |   |             |
|-----------|---|-------------|
|           | List of reactants                               | Limitations |
|           | Ammonium persulfate, not to exceed 0.3 percent. |             |

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

**Effective date.** This order shall become effective on the date of its publication in the FEDERAL REGISTER.

**Title 39—POSTAL SERVICE**

**Chapter I—Post Office Department**

**PART 171—MONEY ORDERS**

**Miscellaneous Amendments**

Sections 171.2, 171.3, and 171.4 are republished to clarify instructions regarding money orders and to provide conversion tables for international money orders. Accordingly, these updated sections now read as follows:

**§ 171.2 International money orders.**

(a) *Issuance*—(1) *Where sold.* International money orders may be purchased at almost all first-class post offices. Some second-, third-, and fourth-class post offices have been designated to provide this service. Post offices not designated but having sufficient need for the service will make application to the regional controller. International money orders will be issued to addressees in those countries that have agreed with the United States to conduct such business.

(2) *Application.* (i) For all countries and localities listed in subparagraphs (8) and (9) of this paragraph, the international money order form is used and application must be made on Form 6701. In some cases, the order is written in foreign currency. In most cases, the amount is written in U.S. dollars and converted into foreign currency in the country where payable.

(ii) Purchasers must complete Form 6083, Supplemental International Money Order Advice, written in the foreign language if possible, when they send money orders payable in Greece, Lebanon, Syria, Yugoslavia, and Japan.

(iii) When the international money order form is used, purchasers will be given a receipt. The postmaster will arrange for sending the order abroad, as prescribed in subparagraph (4) (ii) (c) of this paragraph.

(iv) Purchasers must state the following details in their application regarding the payee: full name, exact address, name of city, town, or village; name of the canton, department, or district as the case may be. If the payee is a woman, state whether single, married, or widowed.

(3) *Domestic international money orders.* For countries listed in subparagraph (7) of this paragraph the domestic money order form is used and there is no application.

(4) *Preparation of orders*—(i) *When domestic form is used.* Postal employees shall handle in the same manner as for domestic orders. For Canada, the amount on the order must be expressed in both United States and Canadian money. Consult the current conversion table. Put the amount received in U.S. money in the figure block. Write the Canadian amount under the figure blocks and put Canadian before it.

(ii) *When international form is used.* Postal employees shall complete the transaction the same way as for a domestic money order, with these exceptions:

(a) Print all particulars of the application on the order, including office of payment, if known.

(b) Enter amount in U.S. money. If patron requests foreign equivalent of an order payable in one of the following countries, see paragraph (b) of this section, *Conversion tables*, and enter that amount also: Great Britain and Northern Ireland, Guyana, Ireland, New Zealand, Republic of South Africa, Belgium, Denmark, France, Luxembourg, Netherlands, Norway, Surinam, Sweden, Switzerland, and Tunis.

(c) Give receipt to patron, and send order to the International Money Order Branch, Post Office Department, General Accounting Office Building, Washington, D.C. 20260, by ordinary mail. When necessary, also attach any required foreign language advice, Form 6083, Supplemental International Money Order Advice. (See subparagraph (2) (ii) of this paragraph.)

(d) If the patron wishes expedited service, he may purchase an airmail stamp for affixing to the envelope transmitting the order to the International Money Order Branch, Post Office Department, General Accounting Office Building, Washington, D.C. 20260. The money order will be included by that office with others for the same country, and no stamp need be furnished for its transmission overseas by airmail.

(5) *Refunds.* The amounts of orders sent on the international form may not be repaid here until authorized by the foreign postal administration. Form 6684, Inquiry Concerning International Money Order Issued in the United States, shall be sent to the International Money Order Branch, Post Office Department, General Accounting Office Building, Washington, D.C. 20260, when purchaser requests repayment on U.S. issued orders.

(6) *Lost reissued orders.* The postmaster shall report the facts concerning lost reissued orders (an order certified to the United States by a foreign country and reissued in the United States) to the International Money Order Branch, Post Office Department, General Accounting Office Building, Washington, D.C. 20260.

(7) *Countries where service is available on domestic basis.*<sup>1</sup>

### § 171.3 Cashing money orders.

(a) *Period of validity.* No money order shall be paid after 20 years from the last day of the month of original issue.

(b) *Where to cash.* (1) A card money order may be cashed at any post office or bank.

(2) Claim for an old-style paper money order should be made on Form 6401, Inquiry as to Payment of Money Order, accompanied by the order, if available, and sent to the Money Order Division.

(3) Rural carriers will cash money orders for rural patrons including patrons of nonpersonnel rural stations and branches. Money orders must be endorsed in his presence. No fee or compensation is required for this service.

(4) Money orders issued at military post offices are payable only at military post offices and U.S. military banking facilities, or at post offices or banks located in the United States, its possessions or Territories, and countries with which the United States transacts domestic-international money order business. If the purchaser or payee of a money order issued at a military post office transfers ownership by endorsement to another, the endorsee must cash the money order at either a military post office, a U.S. military banking facility, or a post office located in the United States, its possessions, or Territories.

(c) *Signature requirements*—(1) *Acceptance of signature.* The paying post office may accept any signature of the payee, purchaser, or endorsee that is not different from the name given on the order.

(2) *Signature by mark.* Patrons who cannot write must use a mark. Marks (usually X) must be witnessed by someone who is not a post office employee.

(3) *Signature by firms, organizations, and their representatives.* All money orders payable to a business firm, an organization, society, institution, or government agency must be signed in the name of the organization by a representative authorized to do so. It may be necessary for such authority to be presented and filed. The representative must also sign with his own name and organizational title. If drawn in favor of an official by name and presented by a successor, the latter must sign as follows: "William Jones, treasurer, successor to George Thompson."

(4) *Use of titles.* Use of such titles as "Dr.," "Rev.," "Prof.," "Madam," "Mrs.," "M.D.," or "D.D.S.," not required in signing a money order for payment, whether or not such title is used on the face of the money order.

(5) *Stamped signatures.* A stamped signature is acceptable as an endorsement on a money order when drawn in favor of a firm, corporation, association, society, or individual, provided the money order is presented to a bank for payment. A post office will accept stamped signatures, provided an agreement is filed in advance regarding the responsibility for the correctness of such payments.

(6) *More than one payee.* Money orders completed by purchaser to show more than one firm or person as payee may be paid to any one of them.

(d) *Payment of orders to other than payee*—(1) *Transfer of money order*—

(i) *By purchaser or payee.* The payee or purchaser of a money order may endorse it to any other person or firm.

(ii) *On power of attorney.* A person with power of attorney may cash money orders in behalf of the payee who gave him that authority. The power of attorney must be filed at the office of payment.

(iii) *On separate written order.* A payee may file a separate written order with the post office authorizing payment to another person. The person must be designated by name as the one to receive payment.

(2) *Upon assignment.* When a payee, such as an individual or firm, makes an assignment, and intends that money orders be paid to the assigned person, he must file a power of attorney or a written order in the post office. The person designated to receive payment must receipt the money order and indicate below his signature the capacity in which he acts.

(3) *On death of payee.* A money order belonging to a deceased owner may be paid to the executor or administrator of the estate appointed by the court. A certified copy of the appointment as executor or administrator must be filed with the local postmaster. Payments will be made in accordance with the laws of the State of which the deceased was a resident.

(4) *To a concern no longer in business.* Money orders will be paid to the legal representative of a firm, association, or company that has ceased to exist.

(5) *To a committee or a guardian.* Money orders will not be issued or paid to a ward when declared incompetent by a court. They will be paid only to the committee, guardian, or other duly authorized person.

(6) *To minors.* A money order payable to a minor may be paid to the father or mother as natural guardian unless prohibited by court order.

(e) *When orders will not be paid*—(1) *When there is a second endorsement.* A money order with more than one endorsement is invalid. For proper procedure to obtain a duplicate, see § 171.1(g) (1).

(2) *When there is a question on a COD parcel.* No payment will be made when a money order has been issued in return for a COD parcel, and is presented by the addressee (purchaser) and the money order has not been endorsed by the payee (shipper) or the payee has not expressly authorized payment to the purchaser by written approval.

(f) *Examination of the order.* The postal employee shall examine the order to see that:

(1) It is not a form reported stolen. If it is, he shall try to delay the person; immediately notify local police, nearest postal inspector, or postal inspector in charge; and hold order for instructions.

(2) It is properly stamped and drawn by the issuing office. Machine-issued orders are payable in the amount imprinted by the machine and for no more than the amount stamped between the

words "not valid for more than" and the word "pay."

(3) It does not bear any alterations or erasures.

(4) It is presented by the payee, endorsee, or purchaser. (A duplicate money order is payable only if presented by the payee or by his endorsee.) Money orders may be accepted from responsible individuals or business firms bearing rubber-stamp endorsements, provided a specimen of the form of endorsement to be so used is filed with the postmaster over the signature of the individual, or an authorized officer of the company, accepting responsibility for the payment of orders so endorsed.

If in doubt as to the date or amount on a domestic order, an inquiry shall be sent to the issuing postmaster for verification, using POD Form 31, Office Memorandum.

(g) *Identification of payee.* If the payee presenting the money order is not personally known to the postal employee, he must prove his identity. Social security cards are not acceptable. Drivers permits, military identification cards, or other credentials showing signature of bearer and having serial numbers or other indicia which can be traced to the holder are helpful in identification. The owner must sign the money order in the presence of the postal employee. The postal employee shall compare signature with identification, if possible; shall enter on the back of the order the license or serial number and full description of the identification, including street address, city, and State; and shall also initial the back of the order. This will aid in apprehending persons attempting forgery or other wrong payment. If the postal employee has taken proper care under the circumstances, the Department will recommend that he be relieved of financial responsibility for wrong payment. This procedure must be followed carefully in the case of endorsed money orders, as they might bear a forged endorsement and be in the hands of the wrong person.

(h) *Disposition of paid orders.* The postal employee shall put the office dating stamp and his initials on the back of the money orders paid and handle them as postal funds. When a patron regularly presents a large number of money orders for payment, write to Bureau of Finance and Administration, Money Order Division, for special instructions on handling.

(i) *Cashing money orders issued by foreign countries.* Money orders issued in countries listed in § 171.2(a) (7), either with or without an advice, and money orders issued by the International Money Order Branch for the countries listed in §§ 171.2(a) (8) and (9), are valid for 1 year from the last day of the month of original issue. Except for the period of validity, payment shall be made in accordance with instructions covering domestic money orders.

### § 171.4 Inquiries.

(a) *Who may receive information.* Information about money order transactions may be given to purchaser, payee, or endorsee, or their agent, or to a representative of the Department. Compliance with requests from others must be au-

thorized by Headquarters. (See § 113.1 (a) and (e) of this chapter.)

(b) *Inquiries regarding payment.* Postal employees shall handle as follows:

(1) *Orders issued on domestic form.* Send Form 8401 to the Money Order Division. Do not accept until 60 days after the issue date of the money order.

(2) *Orders issued on international form.* Send Form 6684, Inquiry Concerning International Money Order Issued in the United States, to International Money Order Branch, Post Office Department, General Accounting Office Building, Washington, D.C. 20260, for order issued in the United States. Do not accept until 30 days after the issue date of the money order. When reply is received from the International Money Order Branch, Post Office Department, General Accounting Office Building, Washington, D.C. 20260, enter the required information on Form 6860 Reply to Inquiry Concerning Payment of International Money Order, and forward it to the patron.

(3) *Orders issued by other countries.* Send directly to the country of origin all inquiries, applications for duplicates and requests for photostats of money orders issued in countries with which business is conducted on the domestic-international basis. See § 171.2(a) (7) for addresses.

NOTE: The corresponding Postal Manual sections are 171.2, 171.3, and 171.4 respectively.

**PART 232—INCOMING PARCELS**

**PART 261—CUSTOMS**

**MISCELLANEOUS AMENDMENTS**

The regulations of the Post Office Department are amended as follows:

I. Section 232.5 is revised to refer to the procedure to be followed when the addressee refuses a dutiable package and asks that protest be made to customs.

**§ 232.5 Undeliverable.**

(a) *U.S. origin.* Returned parcels are subject on delivery to the sender to collection of returned postage and any other charges assessed by the foreign postal authorities. The amount of such charges will be indicated by the exchange office. If the sender refuses the parcel, it shall be disposed of as dead parcel post. If the sender has moved to another address in the United States the parcel may be redirected, subject to forwarding postage at the U.S. domestic zone rate. If the sender has moved to another country, the post office will hold the parcel and request instructions from the Classification and Special Services Division, Bureau of Operations, Post Office Department, Washington, D.C. 20260, indicating the new address of the sender, the amount of return charges due on the parcel, weight, whether ordinary, regis-

tered, or insured, and the nature of the contents as shown on the customs declaration tag.

(b) *Foreign origin—(1) Retention period.* Parcels will be held at the disposal of the addressee for 30 days, except as follows:

(i) A parcel refused or known to be neither deliverable nor forwardable shall be treated as undeliverable at once. See § 261.5(d) (7) of this chapter concerning procedure when addressee conditionally refuses a parcel because of the duty assessed and asks to have the matter protested to the customs service. The parcel is held until the customs office renders a decision on the protest, but if no decision is received within 30 days, request the customs office to expedite the decision.

(ii) A parcel bearing the sender's request for delivery to an alternate addressee shall be held 15 days at the disposal of the first addressee and 15 days at the disposal of the second. If the alternate addressee is at another post office, the parcel is forwarded subject to § 232.4(a) of this chapter, and the 15-day period begins from the date of receipt at the second office of address. Under the circumstances given in subdivision (iv) of this subparagraph, the parcel may be held for 30 days at the disposal of each addressee.

(iii) A parcel returned from customs custody with advice that the addressee has not complied with required customs entry procedures shall be treated as undeliverable at once.

(iv) On written request of the addressee or other person acting for the addressee, a parcel which remains undelivered may be held up to 60 days on condition that the storage charges due at the end of the first 30-day retention period are paid at the time of the request and that the storage charges which accumulate thereafter are paid every 10 days.

(v) A parcel from Great Britain which bears request to "Return forthwith to sender at sender's expense" shall be returned within 10 days, or immediately if definitely known to be undeliverable.

(2) *Directory service.* See section 355.171 of the Postal Manual concerning directory service to be accorded parcels of foreign origin.

(3) *Marking and disposal.* At the end of the retention period prescribed in subparagraph (1) of this paragraph, mark parcel and the accompanying dispatch note, if any, to show reason for non-delivery (see section 355.111b of the Postal Manual), and cross out address of the addressee but do not obliterate it entirely. Unless sender has given instructions on the wrapper or dispatch note for abandonment, return the parcel to the sender. Parcels to be returned to senders are dispatched to the appropriate exchange office by surface means, including those originally received by air. The post office of address will cross out the Par Avion label or other airmail marking. A parcel bearing the sender's instruction to abandon shall be marked. Abandoned and sent to the appropriate dead parcel post branch for disposal, unless it has been assessed with customs duty. In the

latter case, send the parcel to the nearest customs port (see § 261.3(e) of this chapter); detach the customs entry forms and treat as prescribed in § 261.5(f) of this chapter.

(4) *Storage charges.* If a parcel to be returned to origin or forwarded to another country has storage charges due, the wrapper shall be marked with the amount so that appropriate action may be taken at the exchange office.

(5) *Postage due parcels.* If an undeliverable parcel bears postage due stamps, follow the procedure prescribed in sections 335.35 and 335.36 of the Postal Manual.

NOTE: The corresponding Postal Manual section is 232.5.

II. Sections 261.4 and 261.5 are revised to clarify procedures relating to customs, and § 261.6 is deleted as instructions on discrepancies in remittances to customs are transferred to section 437.2 of the Postal Manual.

**§ 261.4 Repacking**

(a) *Responsibility of customs and postal employees.* Customs and postal employees shall carefully examine and repack contents of importations, particularly those that contain delicate instruments, glass, china, or other fragile items, liquids, and easily liquefiable substances. Shipments must be restored to their original or better condition. Postal employees accepting articles which have been in customs custody for examination, must determine from external inspection whether the shipment can safely bear further handling and transportation. Postal and customs employees jointly will restore parcels that are not in satisfactory condition. Employees may be held responsible when damage occurs as a result of negligence or improper handling.

(b) *Customs shipments in bad order.* Shipments found to be in bad order in transit or at the delivery office must be reconditioned by postal employees. Note bad order and evidence of rifting or damage on the address side of the wrapper over the signature of the employee.

**§ 261.5 Treatment at delivery office.**

(a) *Detecting dutiable importations.* Postal employees will promptly examine all incoming mail to detect dutiable importations. These packages will bear the following endorsement, placed near the address and completed by the customs office where the duty was assessed:

Examined by U.S. Customs  
Port of \_\_\_\_\_  
Collect Duty and Postal Fees  
Mail Entry No. \_\_\_\_\_

The package will also be accompanied by an Original and Addressee Receipt copy of Customs Form 3419, Mail Entry, enclosed in a Treasury Department envelope securely attached to the package.

(b) *Missing mail entries.* (1) Withhold delivery of dutiable packages from which Customs Forms 3419 have become detached. If the mail entry forms are not found, complete Form 2937, Importer's Objection and/or Lost Mail Entries, in duplicate, requesting issuance of a duplicate set of entry forms. Send the original

Form 2937 to Bureau of Customs, Data Center, 7981 Eastern Avenue, Silver Spring, Md. 20910. Retain copy of Form 2937 with the package until duplicate set of entries is received, then process parcel as prescribed in paragraph (d) of this section using duplicate set of entry forms.

(2) If the missing original set of entry forms is located before receiving the requested duplicate set, use the original set, and when the duplicate set is received mark it "Original set located and used" and return the duplicate to the Customs Data Center in Silver Spring. If the original set is located after delivery or other disposal has been made of the package following receipt of the duplicate set, destroy the original set.

(c) *Dispatch to delivery units.* Promptly forward dutiable articles to delivery units.

(d) *Delivery of dutiable mail.* (1) Dutiable mail will be delivered by city, village, and rural carriers, and by window delivery units. Form 2921, Held Notice—International Mail, is used to notify addressees of the arrival of dutiable parcels.

(2) Charge packages and both copies of the customs mail entry to delivery employee on Form 2944, Receipt for Customs Duty Mail, prepared in duplicate. For control and accounting purposes, enter on Form 2944 the mail entry numbers as shown on the entry forms. Retain both copies of Form 2944 at post office as record of employee's accountability.

(3) When customs charges are collected and delivery is made, delivering employee will obtain addressee's signature and date of delivery on the "Original" Customs Form 3419, as well as on the receipt for registered and insured mail if required. The delivering employee will sign and date the Addressee Receipt copy of Customs Form 3419 and give it to the addressee as a receipt for the duty. The delivery employee will turn in amounts collected with the signed originals of Customs Form 3419 and any undelivered packages with both copies of the related Customs Forms 3419.

(4) At first-class offices carriers' accountability will be cleared by completing the two copies of Form 2944 prepared pursuant to subparagraph (2) of this paragraph. Hand both copies of completed Form 2944 to carrier who will deposit the original in the slotted and locked receptacle provided for that purpose and file the duplicate which he will retain for 3 months after the last day of the month of issue. The Forms 2944 shall be removed from the locked receptacle by an employee or supervisor, other than the clearing clerk, and forwarded daily to the chief accountant (or accounting unit). Clearing clerk will send signed originals of Form 3419 to the chief accountant (or accounting unit). Employees at delivery windows who have been charged with dutiable packages will be similarly cleared, but will be required to execute a new set of Form 2944 covering all dutiable packages remaining in their custody at the close of business.

(5) At other than first-class offices the delivery employees' accountability will be cleared in the same manner as for COD transactions.

(6) The Customs Service in certain instances will attach a Customs Form 3433, Authorization to Postmaster to Deliver Mail Importation Conditionally Free of Duty, and a Customs Form 3342, Declaration for Free Entry of Gifts, to the mail entries, Customs Form 3419, of incoming dutiable packages. Deliver these packages without collection of the duty under the conditions stated on Form 3433. After delivery, endorse the original Customs Form 3419 Form 3342 executed by addressee, and report the transaction as an uncollected customs duty item in accordance with § 261.5(f)

(2) of this chapter. Return of the executed customs form will be authority for the clearing clerk to allow credit for unreturned postage due stamps delivered with the package pursuant to § 224.1 (a) (5) (ii) of this chapter. The clearing clerk will keep a daily record of such voided stamp credits in the manner prescribed in section 335.36 of the Postal Manual.

(7) When an addressee objects to the assessed value, rate, or amount of duty charged, the following alternatives are available:

(i) Addressee may take delivery, pay the duty and postal fees and protest (within 60 days from date of entry) directly to the issuing customs port.

(ii) Addressee may conditionally refuse the package pending review of the entry by the customs service. In this case, the procedure is as follows:

(a) Delivery employee will advise addressee to state his objections in writing to the postmaster and submit any evidence he may have substantiating his claim (invoice, declaration of value, etc.). Addressee may be allowed to copy customs mail entry number and other particulars that will assist in associating his protest with the package at the post office.

(b) Delivery employee will mark package "Addressee protests duty," date and initial, and return the package and related Customs Forms 3419 to the post office to be held awaiting a receipt of addressee's written protest. On receipt of addressee's statement, promptly prepare report, in duplicate, on Form 2937, Importers, Objections and/or Lost Mail Entries. Forward original Form 2937, with supporting statements and both copies of mail entry, to customs mail division where entry was prepared—unless addressee is located in vicinity of one of the customs ports listed in § 261.3(e) of this chapter, in which case package and other documents may be delivered to the local customs office for consideration of the protest. Retain duplicate Form 2937 as office file and record copy.

(c) If the addressee's written protest is not received within 5 days after package is returned to post office, notify him that package is on hand and will be held for a further 5 days only. Mark package "Notified," and date, and if patron does not furnish the required statement within another week, endorse package

Unclaimed, show date, and treat as prescribed in paragraph (f) of this section.

(d) If an adjustment is made by the customs officer he will endorse the adjustment on the mail entries and return them with the original Form 2937 to the postmaster. When delivery of the package is effected, collect and report the corrected amount of duty and handle as prescribed in paragraph (e) of this section. If the adjusting customs officer waives the duty, report the entry as an uncollected item, as prescribed in paragraph (f) (2) of this section.

(e) If no decision on a protest is received from the customs office within 30 days request that matter be expedited. Continue to hold package until a decision is received.

(iii) Addressee may definitely refuse the package if he does not wish to pay the duty or to protest the assessment. In this case the delivery employee shall make it clear to addressee that package will be disposed of immediately as undeliverable. Employee will mark package "Refused," date and initial, and return package and entry forms to post office for disposal. (See paragraph (f) of this section.)

(e) *Recording and reporting collections.* Post offices making delivery-collection of dutiable articles will deposit the customs collections with postal funds. See section 437.2 of the Postal Manual for accounting and control functions, and the preparation of Form 2932, Customs Collections Summary.

(f) *Uncollected items—(1) Disposal.* When it is definitely established that a dutiable package is undeliverable, detach the customs mail entry forms and treat package as prescribed in § 224.4 of this chapter (for postal union articles) or in § 232.5(b) of this chapter (for parcel post). Mark the entry forms to show the reason for nondelivery and report as prescribed in subparagraph (2) of this paragraph.

(2) *Reporting.* Complete Form 2933, Register of uncollected customs charges, in duplicate, listing uncollected items in numerical order according to the 7-digit serial numbers on the mail entries. Forward the original Form 2933, accompanied with both copies of the mail entries and the supporting Customs Form 3342 or other statements, if any, to the Regional Commissioner of Customs, Attention: Cashier, New York, N.Y. 10004. File duplicate of Form 2933 for reference purposes. Prepare reports as needed, but not less frequently than weekly.

(3) *Past-due entries.* When the customs service fails to receive a remittance of duty or report of disposition made of a dutiable package, postmaster will receive a set of reproduced copies of the mail entry. Search shall be made at the post office of address and a report of the findings made to the Regional Commissioner of Customs, Attention: Cashier, New York, N.Y. 10004.

(g) *Refund of duty—(1) Duty not refundable by postmasters.* Amounts collected on customs mail entry forms are not refundable by postmasters. An addressee who requests a refund of duty shall be advised to make application therefor to the customs office which

issued the mail entry within 60 days from the date of entry. It is suggested, if refund is claimed for damage, the article be forwarded with the application. If the addressee wishes to abandon the article to the Government, he should so state in his application. In case the addressee also intends to file a claim for indemnity with the Post Office Department, he shall, before taking the above action, present the contents, container, and complete wrapping to the postmaster for the inspection prescribed by Form 2855, Claims for Indemnity—International Insured Mail.

(2) *By Customs Service.* Refund of duties paid will be considered by the Customs Service if merchandise, covered by a mail entry, representing 5 percent or more of the total value of all of the merchandise of the same class or kind entered in the invoice in which the item appears, is abandoned and delivered to the customs office where the entry was made within 60 days after the date of entry.

(3) *On returned merchandise.* Refund of duties paid less 1 percent will also be considered by the Customs Service if merchandise covered by a mail entry and found not to conform to sample or specification or shipped without the consent of the consignee is, within 90 days from the date of delivery, returned to customs custody for exportation, unless the Secretary of the Treasury authorizes in writing a longer time. The postal charges incident to returning the merchandise to the sender must be paid by the addressee.

(4) *As drawback on exported merchandise.* See Part 257 of this chapter.

(5) *No duty refund in certain cases.* When an addressee requests delivery of parcel post packages to be made at his residence or place of business after the customs duty thereon has been paid at the post office, the Treasury Department has declined to refund the duty in such cases when the goods become lost between the post office and the addressee's residence or place of business, and if there should be any loss there is no appropriation available from which the Post Office Department could make reimbursement for the amount of duty paid.

(h) *Duty—(1) Rates.* Patrons desiring information concerning rates of duty on articles imported into the United States, or other customs procedure, should communicate with the appropriate customs office, located at various points throughout the country (see § 261.31(e) of this chapter), or with the Commissioner of Customs, Treasury Department, Washington, D.C. 20226.

(2) *Prepayment.* No provision is made for the prepayment abroad of customs duty on mail shipments addressed for delivery in the United States.

(3) *On articles repaired abroad.* Before sending an article abroad for repair, the patron should submit it to a customs officer for issuance of a certificate of registration. Otherwise, the entire article may be subjected to customs duty when it is returned to the United States.

(4) *In other countries.* See § 231.2(d) of this chapter.

(1) *Forwarding or returning dutiable mail—(1) Forwarding within the United States.* Dispatch page as prescribed in § 224.3(a) of this chapter (for postal union articles) or § 232.4(a) of this chapter (for parcel post). Allow the Customs Forms 3419 to remain attached to the redirected package in its original envelope, which is also redirected to the new address. Prepare Form 3814, Record of C.O.D. Parcels Held for Delivery, in duplicate, showing name and address of addressee, forwarding address, and name of port where the duty was assessed. In Bin No. block on Form 3814, enter the 7-digit serial number from related Customs Form 3419. Mail original Form 3814 to the Regional Commissioner of Customs, Attention: Cashier, New York, N.Y. 10004. File duplicate of Form 3814 for reference in case of later inquiry.

(2) *Forwarding to another country.* See § 224.3(b) of this chapter concerning forwarding of postal union articles and § 232.4 (b) and (c) of this chapter concerning forwarding of parcel post. When a dutiable package is entitled to be forwarded to another country, detach the Customs Forms 3419, endorse both copies Addressee moved outside jurisdiction of the United States, and report as an uncollected item (see paragraph (b) (2) of this section).

(3) *Return to sender.* When a dutiable package is to be returned to the sender, detach the Customs Forms 3419, endorse them "Refused", unclaimed, etc., and report as an uncollected item (see paragraph (b) (2) of this section).

(4) *By stations and branches.* Postmasters may authorize stations and branches to forward or return packages directly from those units, without sending the packages to the main office.

§ 261.6 [Deleted]

NOTE: The corresponding Postal Manual sections are 261.4, 261.5, and 261.6 respectively.

Title 26—INTERNAL REVENUE

Chapter I—Internal Revenue Service,  
Department of the Treasury

SUBCHAPTER H—INTERNAL REVENUE PRACTICE

PART 601—STATEMENT OF  
PROCEDURAL RULES

Miscellaneous Amendments

This part as filed with the FEDERAL REGISTER on June 29, 1955, was last amended on September 14, 1967 (32 F.R. 13058). The following amendments are made to Part 601:

PARAGRAPH 1. Section 601.104 is amended by revising paragraph (c) (2) to read as follows:

§ 601.104 Collection functions.

(c) *Enforcement procedure.* \* \* \*

(2) *Levy.* If a taxpayer neglects or refuses to pay any tax within the period provided for its payment, it is lawful for the district director to make collection by levy on the taxpayer's property. See section 6331 of the Code. No suit for the purpose of restraining the assessment or collection of an internal revenue tax may be maintained in any court, except to restrain the assessment or collection of income, estate, or gift taxes during the period within which the assessment or collection of deficiencies in such taxes is prohibited. See section 7421 of the Code. Property taken under authority of any revenue law of the United States is irrepleviable. 28 U.S.C. 2463. If the Service sells property, and it is subsequently determined that the taxpayer had no interest in the property or that the purchaser was misled by the Service as to the value of the taxpayer's interest, immediate action will be taken to refund any money wrongfully collected if a claim is made and the pertinent facts are present. The mere fact that a taxpayer's interest in property turns out to be less valuable than the purchaser expected will not be regarded as giving the purchaser any claim against the Government.

PAR. 2. Section 601.105 is amended by revising paragraph (d) (1) to read as follows:

§ 601.105 Examination of returns and claims for refund, credit or abatement; determination of correct tax liability.

(d) *Thirty-day letters and protests—*

(1) *General.* The report of the examining officer, as approved after review, recommends one of four determinations:

- (i) Acceptance of the return as filed and closing of the case;
- (ii) Assertion of a given deficiency or additional tax;
- (iii) Allowance of a given overassessment, with or without a claim for refund, credit, or abatement;
- (iv) Denial of a claim for refund, credit, or abatement which has been filed and is found wholly lacking in merit.

In an unagreed case, the district director sends to the taxpayer a preliminary or "30-day letter" if any one of the last three determinations is made (except a full allowance of a claim in respect of any tax). The 30-day letter is a form letter which states the determination proposed to be made. It is accompanied by a copy of the examining officer's report explaining the basis of the proposed determination. It suggests to the taxpayer that if he concurs in the recommendation, he indicate his agreement by executing and returning a waiver or acceptance. The preliminary letter also advises the taxpayer that if he disagrees with the proposed determination he may file a written protest (see §§ 601.103(c) (1) and 601.507) within 30 days (60 days if tax-

payer is outside of the country) from the date of the letter stating the grounds for his disagreement, and he may have a conference in the Appellate Division of the region if requested and if that Division has jurisdiction (see § 601.106(a)(3)). If the taxpayer does not respond to the letter within 30 days, a statutory notice of deficiency will be issued or other appropriate action taken, such as the issuance of a notice of adjustment, the denial of a claim in income, profits, estate, and gift tax cases, or an appropriate adjustment of the tax liability or denial of a claim in excise and employment tax cases.

PAR. 3. Section 601.106 is amended by revising paragraphs (b), (d), (e), and (f) (1), (2), and (5), and by adding immediately after paragraph (g) a new paragraph (h). These revised and added provisions read as follows:

§ 601.106 Appellate functions.

(b) *Initiation of proceedings before the Appellate Division.* In any case in which the district director has issued a preliminary or "30-day letter" and the taxpayer files a written protest (see paragraph (c) (1) of § 601.103 and § 601.507) against the proposed determination of tax liability, except as to those taxes described in paragraph (a)(3) of this section, the taxpayer has the right (and will be so advised by the district director) of administrative appeal to the regional office of the Appellate Division. Organizations such as labor unions and trade associations which have been examined by the district director to determine the amounts expended by the organization for purposes of lobbying, promotion or defeat of legislation, political campaigns, or propaganda related to those purposes are treated as "taxpayers" for the purpose of this right of administrative appeal. Thus, upon filing a protest to the district director's findings that a portion of member dues is to be disallowed as a deduction to each member because expended for such purposes, the organization will be afforded full rights of administrative appeal to the Appellate Division of the region similar to those rights afforded to taxpayers generally. After review of any protest by the district director, the case and its administrative record are referred to the Appellate Division. No taxpayer is required to submit his case to the Appellate Division for consideration. Appeal is at the option of the taxpayer. A request for administrative appeal to the Appellate Division will not be denied because no district conference was held in the district director's office. After the issuance by the district director of a statutory notice of deficiency, upon the taxpayer's request, the Appellate Division may take up the case for settlement and may grant the taxpayer a conference thereon. Except in unusual circumstances, however, no conference will be granted prior to the filing of a petition in the Tax Court for a redetermination of

the deficiency proposed in the statutory notice.

(d) *Disposition and settlement of cases before the Appellate Division.*—(1) *General.* During consideration of a case, the Appellate Division should neither reopen an issue as to which the taxpayer and the office of the district director are in agreement nor raise a new issue, unless the ground for such action is a substantial one and the potential effect upon the tax liability is material.

(2) *Cases not docketed in the Tax Court.* (i) If after consideration of the case by the Appellate Division of the region a satisfactory settlement of the issues is reached with the taxpayer, he will be requested to sign Form 870-AD or other appropriate agreement form waiving restrictions on the assessment and collection of any deficiency and accepting any overassessment resulting under the agreed settlement.

(ii) If after consideration of the case by the Appellate Division of the region it is determined that there is a deficiency in income, profits, estate, or gift tax, to which the taxpayer does not agree, a statutory notice of deficiency will be prepared and issued by the Appellate Division after consideration by the regional counsel of such statutory notice and of the memorandum recommending the issuance of such notice. Officers of the Appellate Division having authority for the administrative determination of tax liabilities referred to in paragraph (a) of this section are also authorized to prepare, sign on behalf of the Commissioner, and send to the taxpayer by registered or certified mail any statutory notice of deficiency prescribed in sections 6212 and 6861 of the Code, and in corresponding provisions of the Internal Revenue Code of 1939. Within 90 days, or 150 days if the notice is addressed to a person outside of the States of the Union and the District of Columbia, after such a statutory notice of deficiency is mailed (not counting Saturday, Sunday, or a legal holiday in the District of Columbia as the last day), the taxpayer may file a petition with the Tax Court of the United States for a redetermination of the deficiency. In any other unagreed case, the case and its administrative file will be forwarded to the service center director or returned to the district director with directions to take such action with respect to the tax liability determined in the Appellate Division as may be appropriate, such as the issuance of a statutory notice of disallowance of a claim for refund or credit in whole or in part, the preparation of a notice of adjustment or other appropriate action, or the collection of any additional tax (excise and employment tax cases).

(3) *Cases docketed in the Tax Court.* (i) If the case under consideration in the Appellate Division is docketed in the Tax Court and agreement is reached with the taxpayer with respect to the issues involved, the disposition of the case is effected by a stipulation of agreed deficiency or overpayment to be filed with the Tax Court and in conformity with which the Court will enter its order.

(ii) If the case under consideration in the Appellate Division is docketed in the Tax Court and the issues remain unsettled after consideration and conference in the Appellate Division, the case will be referred to the regional counsel for the region for defense of the tax liability determined.

(iii) If the deficiency notice in a case docketed in the Tax Court was not issued by the Appellate Division and no recommendation for criminal prosecution is pending, the case will be referred by the regional counsel to the Appellate Division for settlement as soon as it is at issue in the Tax Court. The settlement procedure shall be governed by the following rules:

(a) The Appellate Division will arrange a conference for settlement purposes promptly after receipt of the file. Except in unusual circumstances, the regional counsel will be represented at the conference and will actively participate in it.

(b) If a settlement is agreed upon by the Appellate Division and the regional counsel as a result of a conference with the taxpayer, the stipulation of settlement will be prepared and filed with the Tax Court without delay.

(c) If no settlement is reached at a conference with the taxpayer, the file will be returned promptly to the regional counsel for preparation for trial and the taxpayer will be so advised by appropriate letter by the Appellate Division.

(d) In the event of disagreement between the Appellate Division and the regional counsel as to the settlement of the case, any issue in the case, or with respect to the amount of a counter offer which should be made, efforts will be made to resolve the matter quickly. If agreement cannot be reached, the case will promptly be referred in writing to the Chief Counsel for decision.

(e) During the period between receipt of the Tax Court's "Trial Status Order" (usually issued from 60 to 90 days in advance of the issuance of the trial calendar) and the receipt of the trial calendar (usually issued about 90 days in advance of the opening date of the trial calendar) the Appellate Division will conclude settlement negotiations on any case not previously settled or referred to the regional counsel.

(f) In order to enable the regional counsel to prepare the case for trial and stipulate the undisputed facts in any case on the trial calendar which has not been settled, the Appellate Division will ordinarily, upon receipt of the trial calendar, return to the regional counsel any file still in its possession in any case on the calendar. Concurrent with any such return of the file, the Appellate Division will advise the taxpayer by letter that, since settlement negotiations have not been productive, the case is being referred to the regional counsel for preparation for trial.

(g) Upon receipt of the trial calendar, the regional counsel will address an appropriate letter to the taxpayer in each case on the calendar which has not been settled, or where the file has been re-

tained by the Appellate Division, or in which the parties are not then negotiating a stipulation of facts. This letter will arrange or suggest a conference at an early date for the purpose of stipulating facts, as required by Rule 31(b) of the Tax Court, to clarify and, if possible, limit the issues.

(h) Any request for conferences received after receipt of the trial calendar will be referred to the regional counsel.

(e) *Transfer and centralization of cases.* (1) A Regional Appellate Division is authorized to transfer settlement jurisdiction in a non-docketed case or in an excise or employment tax case to another region, if the taxpayer resides in and his books and records are located (or can be made available) in such other region. Otherwise, transfer to another region requires the approval of the Director of the Appellate Division.

(2) A Regional Appellate Division is authorized to transfer settlement jurisdiction in a docketed case to another region if the location for the hearing by the Tax Court has been set in such other region, except that if the place of hearing is Washington, D.C., settlement jurisdiction shall not be transferred to the region in which Washington, D.C., is located unless the petitioner resides in and his books and records are located (or can be made available) in that region. Otherwise, transfer to another region requires the approval of the Director of the Appellate Division. Likewise, the Chief Counsel has corresponding authority to transfer the jurisdiction, authority, and duties of the regional counsel for any region to the regional counsel of another region within which the case has been designated for trial before the Tax Court.

(3) Should a regional commissioner determine that it would better serve the interests of the Government, he may, by order in writing, withdraw any case not docketed before the Tax Court from the jurisdiction of the Appellate Division of the region, and provide for its disposition under his personal direction.

(f) *Conference and practice requirements.* \* \* \*

(1) *Rule I.* An exaction by the U.S. Government, which is not based upon law, statutory or otherwise, is a taking of property without due process of law, in violation of the Fifth Amendment to the U.S. Constitution. Accordingly, an Appellate Division representative in his conclusions of fact or application of the law, shall hew to the law and the recognized standards of legal construction. It shall be his duty to determine the correct amount of the tax, with strict impartiality as between the taxpayer and the Government, and without favoritism or discrimination as between taxpayers.

(2) *Rule II.* In recognition of the difference between abstract theory and practical administration, where substantial uncertainties exist either in law or in fact, or both, as to the correct application of the law to the whole record of a controversy, the Appellate Division will give serious consideration to an offer of settlement of the dispute on a basis which fairly reflects the relative merits

of the opposing views in the light of the hazards which would prevail if the case were litigated. However, no settlement will be countenanced based upon nuisance value of the case to either party. If the taxpayer makes an unacceptable proposal of settlement under circumstances indicating that he is trying in good faith to reach an agreed disposition of the case on a basis fair both to the Government and himself, the Appellate Division representative generally should give his evaluation of the case in such a manner as to enable the taxpayer to ascertain the kind of settlement the Appellate Division representative would recommend for acceptance. (In docketed cases, the above rule is applied by the Appellate Division in conjunction with Regional Counsel.)

(5) *Rule V.* In order to bring before the Appellate Division an unagreed income, estate, or gift tax case in prestatutory notice status, an unagreed employment or excise tax case, or an offer in compromise, the taxpayer or his representative must first file with the district director a written protest setting forth specifically the reasons for his refusal to accept the district director's findings. A protest submitted by the taxpayer should contain a statement of facts on which the taxpayer relies, made under the penalties of perjury, and should meet all the issues raised by the Service which the taxpayer desires to contest (see paragraph (c) (1) of § 601.103 and § 601.507). The protest and any new facts, law, or arguments presented therewith will be reviewed by the district director for the purpose of deciding whether further development or action is required prior to referring the case to the Appellate Division. Where the Appellate Division has an issue under consideration as a result of the filing of a protest or Tax Court petition, it may, with the concurrence of the taxpayer, assume jurisdiction in a related case without the necessity of an additional protest, after the district director has completed any necessary action. The Director, Appellate Division, may authorize the regional Appellate Division to accept jurisdiction (after any necessary action by the district director) in specified classes of cases without a written protest, provided a written request for Appellate Division consideration is submitted by or on behalf of each taxpayer.

(h) *Reopening closed cases not docketed in the Tax Court.* (1) A case not docketed in the Tax Court and closed by the Appellate Division on the basis of concessions made by both the Appellate Division and the taxpayer will not be reopened by action initiated by the Service unless the disposition involved fraud, malfeasance, concealment or misrepresentation of material fact, or an important mistake in mathematical calculation, and then only with the approval of the Director of the Appellate Division.

(2) Under certain unusual circumstances favorable to the taxpayer, such as retroactive legislation, a case not docketed in the Tax Court and closed by the

Appellate Division on the basis of concessions made by both the Appellate Division and the taxpayer may be reopened upon written application from the taxpayer. Except as provided hereinafter, all requests to reopen such cases will be forwarded, with the recommendation of the Assistant Regional Commissioner (Appellate), to the Director of the Appellate Division for approval or disapproval. The processing of an application for a tentative carryback adjustment or of a claim for refund or credit for an overassessment (for a year involved in the prior closing) attributable to a net operating loss carryback or an investment credit carryback, and not included in a previous Appellate Division determination, shall not be considered a reopening requiring the approval of the Director of the Appellate Division. A subsequent assessment of an excessive tentative allowance shall likewise not be considered such a reopening. The Director of the Appellate Division may authorize, in advance, the reopening of similar classes of cases where legislative enactments or compelling administrative reasons require such advance approval.

(3) A case not docketed in the Tax Court and closed by the Appellate Division on a basis not involving concessions made by both the Appellate Division and the taxpayer will not be reopened by action initiated by the Service unless the disposition involved fraud, malfeasance, concealment or misrepresentation of material fact, an important mistake in mathematical calculation, or such other circumstance that indicates that failure to take such action would be a serious administrative omission, and then only with the approval of the Director of the Appellate Division.

(4) A case not docketed in the Tax Court and closed by the Appellate Division on a basis not involving concessions made by both the Appellate Division and the taxpayer may be reopened by the taxpayer by any appropriate means, such as by the filing of a timely claim for refund.

PAR. 4. Section 601.202 is amended by revising paragraph (a)(2) to read as follows:

§ 601.202 Closing agreements.

(a) *General.* \* \* \*

(2) Closing agreements under section 7121 of the Code may relate to any taxable period ending prior or subsequent to the date of the agreement. With respect to taxable periods ended prior to the date of the agreement, the matter agreed upon may relate to the total tax liability of the taxpayer or it may relate to one or more separate items affecting the tax liability of the taxpayer. A closing agreement may also be entered into in order to provide a "determination", as defined in section 1313 of the Code, and for the purpose of allowing a deficiency dividend deduction under section 547 of the Code. But see also sections 547(c)(3) and 1313(a)(4) of the Code and the regulations thereunder as to other types of "determination" agreements. With respect to taxable periods

ending subsequent to the date of the agreement, the matter agreed upon may relate to one or more separate items affecting the tax liability of the taxpayer. A closing agreement with respect to any taxable period ending subsequent to the date of the agreement is subject to any change in or modification of the law enacted subsequent to the date of the agreement and applicable to such taxable period, and each such closing agreement shall so recite. Closing agreements may be entered into even though under the agreement the taxpayer is not liable for any tax for the period to which the agreement relates. There may be a series of agreements relating to the tax liability for a single period. A closing agreement may be entered into in any case in which there appears to be an advantage in having the case permanently and conclusively closed, or where good and sufficient reasons are shown by the taxpayer for desiring a closing agreement and it is determined by the Commissioner or his representatives that the Government will sustain no disadvantage through consummation of such an agreement.

PAR. 5. Section 601.301 is amended by revising so much of paragraph (c) as precedes subparagraph (1) thereof. This revised provision reads as follows:

§ 601.301 Imposition of taxes, qualification requirements, and regulations.

(c) *Regulations.* The procedural requirements with respect to matters relating to distilled spirits, wines, and beer which are within the jurisdiction of the Alcohol and Tobacco Tax Division are published in the regulations described in this paragraph. These regulations contain full information as to the general course and method by which the functions concerning liquors are channeled and determined, including the nature and requirements of formal and informal procedures, the forms, records, reports, and other documents required, and the contents of applications, notices, registrations, permits, bonds, and other documents. Supplies of prescribed forms may be obtained from the office of assistant regional commissioners (alcohol and tobacco tax), except that Forms 52-A, 52-B, 122, 133, 338, 2051, 2056-2060, 2621, and 2637 must be provided by the users at their own expense. Users and commercial printers may procure specimen copies of such forms from such offices. IRS Publication No. 480, which contains a listing of alcohol and tobacco tax public-use forms, may be purchased from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Such publication is available, for reference purposes, in Internal Revenue Service reading rooms. The following is a brief description of the several regulations arranged according to the principal subjects and operations concerned:

PAR. 6. Section 601.318 is revised to read as follows:

§ 601.318 Forms.

Detailed information as to all forms prescribed for use in connection with tobacco taxes is contained in the regulations referred to in § 601.311(b). Copies of all necessary forms, and instructions as to their preparation and filing, may be obtained from assistant regional commissioners (alcohol and tobacco tax). IRS Publication No. 480, which contains a listing of alcohol and tobacco tax public-use forms, may be purchased from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Such publication is available, for reference purposes, in Internal Revenue Service reading rooms.

§ 888c.0 Purpose.

This part tells how Reserve officers may obtain Career Reserve status and establishes active duty service commitments for officers and warrant officers. Provisions of this part will not preclude an officer from applying for separation, resignation, or retirement under current Air Force directives.

#### Subpart A—General

§ 888c.1 Statutory authority.

(a) 10 U.S.C. 672 provides that any officer of any Reserve component may, with his or her consent, be ordered to EAD, including ANGUS officers with the consent of proper State authorities.

(b) 10 U.S.C. 8444 provides that in time of an emergency declared by the President or by the Congress, and in time of war, the President may appoint qualified persons, including persons who are not Regular or Reserve, in any temporary commissioned grade. Persons so appointed may be ordered to EAD for a period of time prescribed by the President.

§ 888c.2 Tours of duty under certain statutory authorities.

Reserve officers of the Air Force may be detailed to duty, or, when necessary, may be ordered to EAD to serve under the statutes cited in this section.

(a) 10 U.S.C. 8033. Officers ordered to active duty under this authority serve for a period of 4 years in Hq USAF under 10 U.S.C. 8031.

(b) 10 U.S.C. 8496. Officers ordered to active duty under this authority serve for a period of 4 years with the National Guard Bureau under 10 U.S.C. 8031.

(c) 10 U.S.C. 265. Officers ordered to active duty under this authority serve for a period of 4 years at Hq USAF under 10 U.S.C. 8031. Officers ordered to active duty under this authority for assignment to other Air Force Headquarters charged with Reserve affairs will serve for a like period.

§ 888c.3 Definitions.

(a) *Active duty service commitment.* A period of active military service which an officer must serve as a result of PCS movement or government-sponsored training received as a commissioned officer while on active duty, EAD, or as required by other Air Force directives. Service commitments are acquired on active duty or EAD after commissioning.

(b) *Active duty service obligation.* A period of military service, effective upon commissioning, which an officer is required to serve on active duty or EAD. Duration of this obligation varies with the source of commission and precom-

missioning training involved. Specific durations of these obligations are contained in the Air Force directive establishing the commissioning source.

(c) *AFROTC Category I-P and I-N cadets.* AFROTC Category I-P cadets are those AFROTC cadets programmed to enter pilot training upon commissioning from AFROTC. AFROTC Category I-N cadets are those AFROTC cadets programmed to enter navigation training upon commissioning from AFROTC.

(d) *Career officer.* A Regular Air Force officer or a Reserve officer who has been approved for Career Reserve status.

(e) *Career Reserve status (CRS).* The status of an officer of a Reserve component serving on active duty for an indefinite period. This status is achieved when a Reserve officer's AF Form 1229, "Application for Career Reserve Status," is approved.

(f) *Established date of separation (DOS).* A date established in accordance with law or policy for termination of an officer's tour of active military service.

(g) *Extended active duty (EAD).* Full-time duty performed by Reserve and temporary officers while occupying authorized troop spaces of the active military establishment.

(h) *Officer.* An Air Force male or female commissioned or warrant officer of any component or without specification of component.

(i) *Reserve components.* Air National Guard of the United States and the Air Force Reserve.

(j) *Specified period of time contract (SPTC).* A signed statement in which a noncareer officer or an appointee from civilian or airman status voluntarily agrees to serve on EAD in commissioned officer status for a specified period of time (see AFR 36-94 (Specified Period of Time Contracts (SPTC))). This statement also is required when such personnel enter Air Force-sponsored schooling or training, volunteer for overseas duty with insufficient retainability to complete the minimum prescribed tour, or for other purposes deemed in the best interest of the Air Force.

**§ 888c.4 Policy for career officers.**

(a) The Air Force will be manned by voluntary officers to the greatest extent possible. An officer will not be required to serve longer than is necessary to meet Air Force requirements.

(b) Commanders normally will give preference to Regular and Career Reserve officers over noncareer Reservists in making assignments to positions of responsibility and opportunity. Also, Regular and Career Reserve officers will be given preference over noncareer Reservists in selection of officers for training conducted by the Air Force Institute of Technology (AFIT) and for training courses outlined in AFM 50-5 (USAF Formal Schools Catalog).

**§ 888c.5 Initial tour for nonprior service AFROTC graduates.**

AFROTC graduates are appointed to meet Air Force EAD requirements.

Length of EAD tours to which these graduates are ordered will be stipulated in their advanced course contracts. All AFROTC graduates not programmed for flying training are encouraged to apply for Career Reserve status before commissioning. AFROTC graduates programmed for flying training following commissioning are required to apply for Career Reserve status on AF Form 1056, "Category I Agreement of a Member of the AFROTC," before entry on EAD as Air Force officers.

**§ 888c.6 Mandatory separation of officers.**

Service commitments incurred under this part are waived if an officer's separation is mandatory for any of the reasons specified in sections D and H, AFR 36-12 (Administrative Separation of Commissioned Officers and Warrant Officers of the Air Force).

**Subpart B—Career Reserve Status**

**§ 888c.7 General.**

In the interest of stability and economy of operation in the Air Force, it is desirable that all qualified Reserve officers apply for Career Reserve Status. Commanders will make every effort to provide an environment within their commands which will encourage qualified Reserve officers to apply. Sections 888c.10 and 888c.11 contain information on eligibility for Career Reserve Status, the procedure for obtaining this status, and the required forms.

**§ 888c.8 Counseling Reserve officers.**

(a) Commanders will insure that each Reserve officer with an established DOS is advised officially of the contents of this part approximately 1 year before the officer's DOS. Advantages accruing to Ca-

reer Reserve officers as a result of the policy prescribed in § 888c.4 will be emphasized. The officer will be requested to sign the following applicable statement:

I have read section B, AFR 36-51 (date), and on (date) I made application for Career Reserve Status.

or

I have read section B, AFR 36-51 (date), and I decline to apply for Career Reserve Status at this time.

(b) Officers returning on PCS from an overseas assignment who will have less than 6 months' retainability on arrival at the port of debarkation in the United States, and those being returned for separation before completion of the normal overseas tour, will be given the opportunity to request Career Reserve status before departing from the overseas assignment. If an officer declines to request Career Reserve status, he will accomplish the following declaration in duplicate:

Before my departure from (name of overseas major air command), I was afforded an opportunity to request Career Reserve status as prescribed in section B, AFR 36-51 (date). I declined. (Date.)

Full Name, Grade, and AFSN (typed)

(c) A signed copy of the above statements will be placed in the Unit Personnel Record Group of each Reserve officer concerned.

(d) Further counseling of officers with an established DOS is prescribed in AFR 36-20 (USAF Officer Career Motivation Program).

**§ 888c.9 Required service.**

Officers whose request for CRS is approved must serve a minimum of 4 years' active commissioned service on their current tour, including 1 year as a career Reserve officer. See AFR 36-12.

Subpart C—Active Duty Service Commitments

§ 888c.12 Reference tables.

Active duty service commitments incurred by officers as a result of Air Force—

sponsored training are contained in the following sections:  
 (a) Section 888c.13. Bootstrap, Service Schools and Technical Training, including AFR 50-9 (Special Training) training and Fellowships, Scholarships or Grants.

2. In using the ratio computations for Rules 1B, 3, 6C, 7, and 8(D), the following applies:
  - (a) If the AD service commitment is computed as 60 days or less, a service commitment is not incurred.
  - (b) If the AD service commitment is computed as 61 days or more, but less than 181 days, the service commitment is 1 month.
  - (c) If the AD service commitment is computed as 182 days or more, the service commitment is 2 months.
3. Periods of training are computed in calendar weeks from the day the student reports for training until the day he departs from the training facility.
4. Officers completing these courses will incur AD service commitments from the date of completion of the training or completion of any unfiled AD service obligation or service commitment, whichever is later.
5. Prior commitments which exceed the requirements of this part will be reduced to comply with those stated therein. Prior commitments which are less than the requirements of this part will not be increased to comply with those stated therein.
6. Formalized by memorandum of understanding, July 16, 1965, between NASA and USAF.
7. No obligated service commitment will be incurred by Bioscience Sciences Corps officers (dilettantes) for the 6 months' military residence which normally follows sponsored civilian training. Service obligation incurred for civilian training will be that indicated in Rule 5.

- Notes:**
1. Period of training will be based on the length of the course, as listed in AFM 65-8. If not listed, the length of the course is as announced by the MAJCOM conducting the course.
  2. Officers will incur commitments commencing from date of award of aeronautical rating.
  3. The majority of officers entering training on/after January 1, 1970, will have previously assumed AF Forms 56, 1066, etc., or statements reflecting the 5-year commitment. It is anticipated that some officers entering training on/after January 1, 1970, will have executed agreements indicating a 4-year commitment. As a general rule, this latter category will be comprised of certain AFOTC officers who negotiated contracts prior to announcement of the increased commitment. AFOTC officers who are delayed entering training due to approved educational deferment, Hill Air Force Academy Cadets of the class of 1969 who are delayed entering training due to participation in the "Hill Camp Back" program, and certain AFOTC officers who are delayed entering training due to participation in the "Hill Camp Back" program. For these officers, the 4-year commitment will apply even though entry is on/after January 1, 1970.
  4. No additional commitment will be incurred for completion of this training, provided it is entered into within the first year after award of the aeronautical rating.
  5. Training received in the type aircraft listed below will result in a 1-year commitment regardless of the length of training. The 1-year commitment will be considered satisfied upon completion of a tour in S.E.A. if such occurs prior to 1 year.
    - (a) A-1
    - (b) U-4
    - (c) U-10
    - (d) C-47

- Notes:**
1. If the purpose of the award is to permit the officer to work on a project of value to the United States rather than fulfill the requirements of an academic degree, a service commitment is not incurred (AFR 36-95 (Fellowships, Scholarships, and Grants)). As a condition of acceptance, recipient will agree in writing to serve the commitment incurred.
  2. Officers receiving basic (OBR) and specialized (OZE) training will count total training time to determine AD service commitment, regardless of whether training is received at one or more technical training centers.

Notes: 1. A UMT&SA obligation is different from service commitments incurred by sponsored training. A UMT&SA obligation must be fulfilled before a service commitment for sponsored training. Service during a sponsored residency will be credited toward UMT&SA obligation but not toward a service commitment for previous sponsored training.

2. Service commitment will be effective following completion of training or completion of other AD service commitment or obligation, whichever is later.

3. Senior medical education program incurs a 3-year service agreement following intern training regardless of prior service. Two of the 3 years may be treated as UMT&SA obligation, and 1 year as service commitment for training.

Note: When termination of training is for reasons other than a National emergency or discharge.

**§ 888c.17 After training.**

Duration of the service commitment will vary with the length of training completed or received, or other circumstances involved. Such factors as cost of training, length of training, and criticalness to the Air Force mission are some of the considerations in the determination of the length of service commitments. The primary purpose of the service commitment is to assure a reasonable return to the Air Force, in terms of service, for monies and time expended in the training process.

(a) An officer with an established DOS, detailed to training in accordance with AFR 36-94, will not incur an AD service commitment extending beyond his DOS unless he obtains Career Reserve status before expiration of the AD service commitment associated with the training for which detailed.

(b) Career and DOS officers incur the same AD service commitment upon completion of training unless:

(1) DOS officer completes training entered involuntarily and his DOS precedes the termination date of his service commitment. In this case the officer is separated on his established DOS.

(2) Officer with a DOS volunteers for training or duty for which he is required to sign an SPTC for a period which extends beyond the existing DOS. The termination date of the SPTC becomes the new DOS.

(3) An established DOS is invalidated by the election of Career Reserve status after completion of training. The AD service commitment for the training completed or terminated will then be effective.

(c) Meeting these active duty service commitments will not fulfill the officer's initial active duty service obligation. Except for Rules 1 and 5, § 888c.13, AD service commitments are effective from the date of completion of the training, and are fulfilled concurrently with the active duty service obligation or other active duty service commitments. Prior commitments which exceed the requirements of this part will be reduced to comply with those stated herein. Entries in Item 4, AF Form 11, will be made in accordance with Chapter 8, AFM 35-9 (Officer Military Personnel Records System). Uniform Officer Record (UOR) entries will be made in accordance with AFM 30-3 (Mechanized Personnel Procedures).

**§ 888c.18 Medical service training.**

(a) Excepting courses leading to degrees that are conducted at civilian institutions and special courses specifically described by other directives, service commitments will not be invoked for training in this category that an officer entering active duty received before reporting to his first duty station.

(b) Service commitments will not be invoked for courses of less than 10 weeks. However, attendance will not be approved unless the officer has a minimum of 12 months remaining active service following completion of the course.

(c) Physicians and dentists completing training programs as senior medical students, medical and dental internships, medical and dental residencies, post-graduates, and graduate professional education and training will incur AD service commitments, as shown in § 888c.15. Participation in the programs contained in that section may be in sequence or as a separate training program. However, each incurs a separate AD service commitment which is accumulative and fulfilled consecutively. Credits against incurred AD service commitments are suspended during periods of additional training. Commitments incurred before November 30, 1961, will not be increased should they be less than stated herein. All other officers of the medical service will incur AD service commitments for training received, as prescribed in § 888c.13.

**§ 888c.19 After PCS movement.**

A PCS movement to a CONUS station will result in an active duty service commitment of 1 year from the date of PCS departure from the last duty station. Officers reassigned to overseas areas whose dependents accompany or join them in the overseas area will have an active duty service commitment equivalent to the prescribed overseas tour. Officers serving unaccompanied overseas tours will have an active duty commitment of 1 year from the date of CONUS departure.

**§ 888c.20 Restriction on involuntarily incurred active duty service commitments.**

(a) For the purpose of this part, all assignments are considered to have been accepted voluntarily unless the assignee states in writing to the contrary.

(b) Career officers are obligated to accept any duty assignment for which selected, except those who are eligible to retire (see paragraph 61b, AFM 35-7 (Service Retirements)). In accepting the duty assignment they incur the active duty service commitment associated with the assignment, whether acceptance of the assignment is voluntary or involuntary. An assignment accepted by an officer eligible to retire is a voluntary assignment.

(c) When a career officer accepts a duty assignment involuntarily he must submit a statement within 30 days after assignment notification that he desires the opportunity to apply for separation from the service or retirement effective upon completion of the commitment accruing from this assignment action. This statement will be contained in a letter sent to Hq USAF (AFDASE), through the major air command, for file in the Officer's Correspondence and Miscellaneous Documents Group, Officer Master Personnel Record Group. The responsible unit personnel officer will insure that one copy of the letter is filed in the AF Form 10, "Officer Unit Personnel Record Group." A fax copy of the statement will be attached to the officer's request for separation or retirement when submitted.

An officer who has submitted such a letter:

(1) Must initiate a request for separation (see paragraph (e) of this section) or intent to retire during the seventh calendar month before the date the active duty service commitment will expire; otherwise he will be considered for unrestricted assignment action.

(2) Will attach a fax copy of the statement indicating his desire for separation or retirement to his request for separation or retirement. Unless Air Force requirements are of overriding importance, the request will be approved upon completion of the first involuntary active duty service commitment, or sooner if it is in the best interest of the Air Force.

(d) Career officers will not be subjected to two consecutive involuntary active duty service commitments without having an opportunity to apply for separation or retirement. An officer who has submitted a letter as indicated in paragraph (c) of this section who is:

(1) Ordered to perform an assignment action that would result in a second involuntary active duty service commitment, and who has not yet reached the seventh calendar month, will submit his objection in the form of a resignation or request for release from active duty, or, if eligible to retire, a letter of intent to retire with the application for retirement forwarded during the sixth calendar month.

(2) Within 12 months of completion of the commitment and who must be mandatorily reassigned because of completion of stabilized tour as outlined in AFM 36-11 (Officer Assignment Manual), or as a result of base inactivation, will be given the opportunity to request separation or retirement or indicate voluntary status for reassignment. If separation or retirement is approved, officer's release date will be consistent with the mandatory reassignment date.

(e) A request for separation will be submitted as a resignation or application for release in accordance with AFR 36-12, referring to this part and section in the reasons for requesting separation. If approved, separation normally will be effected upon completion of the active duty service obligation or active duty service commitment, as applicable.

(f) An officer who is fulfilling a voluntarily incurred active duty service commitment or an initial active duty service obligation may submit a request for separation (see paragraph (e) of this section) during the seventh calendar month before the date the active duty service commitment will expire; otherwise, he will be considered for unrestricted assignment action. Unless Air Force requirements prohibit the action, the request will be approved.

(g) When a duty assignment involves an active duty service commitment which will expire before completion of the initial active duty service obligation or a current active duty service commitment, as applicable, no service commitment is considered to have been incurred.

By order of the Secretary of the Air Force.

LUCIAN M. FERGUSON,  
Colonel, U.S. Air Force, Chief,  
Special Activities Group, Of-  
fice of The Judge Advocate  
General.

## Title 49—TRANSPORTATION

### Chapter X—Interstate Commerce Commission

#### SUBCHAPTER B—PRACTICE AND PROCEDURE [Ex Parte No. 55]

#### PART 1100—GENERAL RULES OF PRACTICE

#### Procedure of Temporary Authorities, Transfer, Finance, Operations, Special Permission, Released Rates, and Operating Rights Boards

At a general session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the 21st day of November 1967.

There being under consideration the Commission's general rules of practice and for good cause appearing therefor:

*It is ordered*, That § 1100.225 of Chapter X of Title 49 of the Code of Federal Regulations be amended as follows: The caption is revised; paragraph (a) is revised; paragraph (b) is revised; paragraph (c) is redesignated as paragraph (e) without change; new paragraphs (d) and (f) are added; paragraph (d) is redesignated as paragraph (f) and amended; and paragraph (e) is redesignated as paragraph (g) without change. As amended, § 1100.225 reads as follows:

§ 1100.225 Special rules of practice governing the procedure of the Temporary Authorities Board, the Transfer Board, the Finance Board,<sup>1</sup> the Operations Boards, the Special Permission Board, the Released Rates Board, and the Operating Rights Board.<sup>1</sup> (Rule 225)

(a) The proceedings of the Temporary Authorities Board, the Transfer Board, the Finance Board, the Operations Boards, the Special Permission Board, the Released Rates Board, and the Operating Rights Board shall be informal. No transcript of such proceedings will be made. Subpoenas will not be issued and, except when applications, petitions, or statements are required to be attested, oaths will not be administered.

(b) A petition for reconsideration of an order of one of the following boards may be filed by any interested person:

(1) The Temporary Authorities Board, the Transfer Board, an Operations Board, the Special Permission Board, or the Released Rates Board; or

<sup>1</sup>The general rules of practice apply to the procedure of all employee boards except to the extent specifically provided for in Rules 200 and 225.

(2) The Operating Rights Board only with respect to matters arising pursuant to the Commission's deviation rules as set out in Part 1042 of this chapter.

(c) A petition for reconsideration of the Operating Rights Board, except as provided in paragraph (b) of this section, and the Finance Board may only be filed by a party to the proceeding.

(d) A petition for reconsideration pursuant to paragraphs (b) and (c) of this section and reply thereto will be governed by the Commission's general rules of practice, except as provided in paragraphs (e), (f), and (g) of this section.

(e) The original and six copies of every pleading, document, or paper permitted or required to be filed under this section, shall be furnished for the use of the Commission.

(f) A petition seeking reconsideration of an order of the Temporary Authorities Board entered under section 210a(a) or 311(a) or of the Finance Board entered under section 210a(b) or 311(b) of the Interstate Commerce Act must be filed within 20 days after the date of service of the order. Within 20 days after the filing of such petition with the Commission any interested person may file and serve a reply thereto.

(g) A petition seeking reconsideration of an affirmative order of the Transfer Board entered pursuant to the rules and regulations governing transfers of property brokers' licenses, Part 1045 of this chapter, passenger brokers' licenses, Part 1133 of this chapter, motor carrier operating rights, Part 1132 of this chapter, water carrier operating rights, Part 1141 of this chapter, and freight forwarder permits, Part 1151 of this chapter, must be filed within 20 days following publication of a synopsis of such order in the FEDERAL REGISTER. In such a petition that matters claimed to have been erroneously decided and the alleged errors must be specified with particularity. If the petition contains a request for oral hearing, the request shall be supported by an explanation as to why the evidence sought to be presented cannot reasonably be submitted in affidavit form. Within 20 days after the final date for filing of such petitions with the Commission, any interested person may file and serve a reply thereto.

(Secs. 12, 17, 24 Stat. 383, as amended, 385, as amended; secs. 204, 205, 49 Stat. 546, as amended; secs. 304, 316, 54 Stat. 933, 946, secs. 403, 417, 56 Stat. 285, 297; 49 U.S.C. 12, 17, 304, 305, 904, 916, 1003, 1017)

*It is further ordered*, That these amendments shall be effective upon publication in the FEDERAL REGISTER.

*And it is further ordered*, That notice of this order shall be given to the general public by depositing a copy hereof in the

Office of the Secretary of the Commission, Washington, D.C., and by filing a copy with the Director, Office of the Federal Register.

By the Commission.

#### SUBCHAPTER D—TARIFFS AND SCHEDULES

[Released Rates Order No. MC-293, Amdt. 2]

### PART 1306—PASSENGER AND EXPRESS TARIFFS AND SCHEDULES OF MOTOR CARRIERS

#### Released Rates; Express Service

At a session of the Interstate Commerce Commission, Released Rates Board, held at its office in Washington, D.C., on the 29th day of November 1967.

By Released Rates Application No. MC-1106, as amended, National Bus Traffic Association, Inc., for and on behalf of carriers parties to its tariffs No. A-601-L, ME-ICC No. 302; No. A-603-B, ME-ICC No. 295; No. A-604-B, ME-ICC No. 296, and No. A-605-B, ME-ICC No. 298, requests authority to establish and maintain in said tariffs, an increased charge of 25 cents for each \$100 or fraction thereof of excess value in lieu of the presently effective charge of 10 cents for each \$100 of excess value authorized by Released Rates Order No. MC-293, as amended. A full investigation of the matters and things involved in Application No. MC-1106, as amended, having been made, and upon further consideration of Released Rates Order No. MC-293 and amendment thereto, entered January 14, 1949, and March 3, 1949, respectively, which application and order are hereby referred to and made a part hereof, and good cause therefor appearing:

*It is ordered*, That paragraphs (a) and (c) of § 1306.50 of Chapter X of Title 49 of the Code of Federal Regulations be amended to read as follows:

§ 1306.50 Released rates; express service.

(a) *Establishment*. All common carriers of passengers by motorbus who have been, or who may hereafter be, granted authority by the Commission to transport express are hereby authorized to establish and maintain, by filing and posting in the manner prescribed in the Interstate Commerce Act, rates for the transportation of property in express service by motorbus in interstate commerce, dependent upon the value declared in writing by the shipper or agreed upon in writing as the released value of the property as follows:

| Released valuations  | Rate basis   |
|--|--|
| Released to value not exceeding \$50 for any shipment of 100 pounds or less, or not exceeding 50 cents per pound actual weight for any shipment in excess of 100 pounds, | Base rate or charge.   |
| Released to value exceeding \$50 for any shipment of 100 pounds or less, or exceeding 50 cents per pound actual weight for any shipment in excess of 100 pounds.         | 25 cents for each \$100 or fraction thereof in excess of the valuation to which the base rate or charge applies. |

(c) *Authority for released rates must be shown in tariff.* Tariffs containing released rates and charges filed under authority of this order, as amended, shall show in connection with such rates and charges, the following notation:

Rates and charges herein based on released value have been authorized by the Interstate Commerce Commission in Released Rates Order No. MC-293 of January 14, 1949, as amended March 3, 1949, and November 29, 1967, subject to complaint or suspension.

(Secs. 12, 20, 24 Stat. 383, as amended, 386, as amended, sec. 210, 49 Stat. 563, as amended; 49 U.S.C. 12, 20, 319)

It is further ordered, That this amendment shall be effective November 29, 1967.

And it is further ordered, That in all other respects, the terms and conditions of Released Rates Order No. MC-293, as amended, shall be and remain in full force and effect.

By the Commission, Released Rates Board.

## Title 50—WILDLIFE AND FISHERIES

### Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

#### SUBCHAPTER B—HUNTING AND POSSESSION OF WILDLIFE

#### PART 13—IMPORTATION OF WILD- LIFE OR EGGS THEREOF

##### Miscellaneous Amendments

There was published in the FEDERAL REGISTER of Thursday, July 27, 1967, on page 10982, a notice of proposed rule making regarding amendments to Title 50, Part 13 of the Code of Federal Regulations governing the importation into the United States of live or dead specimens of those species of wild mammals, wild birds, fish, mollusks, crustaceans, amphibians, and reptiles, and the eggs thereof, which have been determined to be injurious or potentially injurious to human beings, to the interests of agriculture, forestry, horticulture, or to the native wildlife or wildlife habitat of the United States.

Investigations by the Secretary of the Interior have determined that the dioch (including the subspecies black-fronted, red-billed, or Sudan dioch), *Quelea quelea*, is a serious predator of cereal grain crops in its native habitat in Africa. Likewise, the Java sparrow, *Padda oryzivora*, predated in a somewhat similar manner in its native habitat of Southeast Asia. Further, determinations have been made that the species of red-whiskered bul-bul, *Pycnonotus jocosus*, has been detrimental to the interests of

ture in its native habitat of Southeast Asia.

Viral hemorrhagic septicemia, "Egtved disease", and "whirling disease", caused by the protozoan, *Myxosoma cerebralis*, although not contagious to humans or warm blooded animals, have caused devastating losses and serious problems in trout hatcheries in Europe. No therapeutic agents have been discovered which will control the diseases. In order to preclude the spread of whirling disease and prevent the introduction of viral hemorrhagic septicemia, it is essential that all importations of fish species which are known to harbor these disease agents be screened to prevent the introduction into the United States of viable organisms which cause the aforementioned diseases.

A period of 60 days was provided within which any interested person could submit written comments, suggestions, and objections. Requests for additional time were received.

By publication in the FEDERAL REGISTER of Thursday, September 28, 1967 on page 13595, this time period was extended to November 30, 1967.

After consideration of all such relevant matter as was presented by interested persons, the regulations are amended to read as follows, and will become effective on July 1, 1968.

1. Section 13.7 in the table of contents is amended to read:

Sec.

13.7 Importation of live or dead fish, mollusks, and crustaceans, or their eggs.

2. The authority citation for Part 13 is amended to read:

**AUTHORITY:** The provisions of this Part 13 issued under sec. 43, 62 Stat. 667, as amended, 18 U.S.C. 42; 77A Stat. 29, 19 U.S.C. 1202 (Schedule 1, part 3, headnote 1-4, 4E, headnote 1).

3. Section 13.2 is amended to read:

##### § 13.2 General restrictions.

Any importation or transportation of live wildlife or eggs thereof, or dead fish or eggs of salmonids of the fish family Salmonidae into the United States or its territories or possessions is deemed to be injurious or potentially injurious to the health and welfare of human beings, to the interest of forestry, agriculture, and horticulture, and to the welfare and survival of the wildlife or wildlife resources of the United States; and any such importation into or the transportation of live wildlife or eggs thereof between the continental United States, the District of Columbia, Hawaii, the Commonwealth of Puerto Rico, or any territory or possession of the United States, by any means whatsoever, is prohibited except for certain purposes and under certain conditions as hereinafter provided in this part: *Provided*, That the provisions of this section shall not apply to game mammals imported from Mexico or to migratory birds, psittacine birds, and bald and golden eagles, the importation of which is governed by other Federal regulations.

4. Section 13.6 (a) and (b) is amended to read:

##### § 13.6 Importation of live wild birds or their eggs.

(a) The importation, transportation, or acquisition is prohibited of any live specimen or egg of (1) the species of so-called "pink starling" or "rosy pastor" *Sturnus roseus*; (2) the species of dioch (including the subspecies black-fronted, red-billed, or Sudan dioch) *Quelea quelea*; (3) any species of Java sparrow, *Padda oryzivora*; (4) the species of red-whiskered bul-bul, *Pycnonotus jocosus*: *Provided*, That the Director shall issue permits authorizing the importation, transportation, and possession of such live birds under the terms and conditions set forth in §§ 13.10 through 13.11.

(b) Upon the filing of a written declaration with the District Director of Customs at the port of entry as required under § 13.12, all species of live wild game birds may be imported, transported, and possessed in captivity, without a permit, for scientific, medical, educational, exhibition, or propagating purposes, and the eggs of such birds may be imported, transported, and possessed, without a permit, for propagating or scientific collection purposes, but no such live wild game birds or any progeny thereof may be released into the wild except by the State wildlife conservation agency having jurisdiction over the area of release or by persons having prior written permission for release from such agency.

5. Section 13.7 is amended to read:

##### § 13.7 Importation of live or dead fish, mollusks, and crustaceans or their eggs.

(a) Except for the salmonids of the fish family Salmonidae, all species of live or dead fish, mollusks and crustaceans, or parts thereof, or their eggs, may be imported, transported, and possessed in captivity without a permit, for scientific, medical, educational, exhibition, or propagational purposes upon the filing of a written declaration with the District Director of Customs at the port of entry as required under § 13.12. No such live fish, mollusks, crustacean, or any progeny or eggs thereof, may be released into the wild except by the State wildlife conservation agency having jurisdiction over the area of release or by persons having prior written permission from such agency.

(b) Notwithstanding authority granted Federal agencies in § 13.4, all live or dead fish or eggs of salmonids of the fish family Salmonidae are prohibited entry into the United States for any purpose unless such importations are by direct shipment, accompanied by a certification that the importation is free of the protozoan *Myxosoma cerebralis*, the causative agent of so-called "whirling disease", and the virus causing viral hemorrhagic septicemia or "Egtved disease". The certification shall be signed in the country of origin by a designated official acceptable to the Secretary of the Interior, as being qualified in fish pathology, or in the

United States, by a qualified fish pathologist designated for this purpose by the Secretary of the Interior.

(c) Nothing in this part shall restrict the importation and transportation of dead fish or dead eggs of salmonids of the fish family Salmonidae when such fish or eggs have been processed by canning, pickling, smoking, or otherwise prepared in a manner whereby all spores of the protozoan *Myxosoma cerebralis*, the causative agent of so-called "whirling disease", and the virus causing viral hemorrhagic septicemia or so-called "Egtved disease" have been killed. Salmon landed in North America and brought into the United States for processing or sale, or any salmonid caught in the wild in North America under a sport or a commercial fishing license shall be exempt from the requirement for certification.

6. Section 13.12 is amended to read:

**§ 13.12 Declaration required to be filed upon entry.**

With respect to any authorized importation of live wildlife, or dead salmonids of the fish family Salmonidae, without a permit, pursuant to provisions of §§ 13.4 through 13.9, the importer or his broker must file a Declaration for Importation of Wildlife (Bureau of Sport Fisheries and Wildlife Form 3-177 available through Customs at ports of entry) with the District Director of Customs at the port of entry where actual Customs inspection for clearance or release occurs. Such declaration must list the name and address of the importer and the broker if any; the name and address of the consignor; and the number of specimens and the common and scientific names of each species imported: *Provided*, That no such declaration shall be required for the importation of domesticated canaries and psittacine birds.

**§ 32.22 Special regulations; upland  
game; for individual wildlife refuge  
areas.**

**SOUTH DAKOTA**

**SAND LAKE NATIONAL WILDLIFE REFUGE**

Public hunting of upland game is permitted on the Sand Lake National Wildlife Refuge, S. Dak., excepting those areas designated by signs as closed to hunting. This open area comprising 20,000 acres, is delineated on a map<sup>1</sup> available at the refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 1006 West Lake Street, Minneapolis, Minn. 55408. Hunting shall be in accordance with all applicable State regulations covering the hunting of upland game subject to the following conditions:

(1) Hunters will not be allowed to drive on refuge maintained trails, but may park their vehicles and hunt on foot.

(2) The open season for hunting pheasants on the refuge is from December 26, through December 31, 1967, inclusive.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through December 31, 1967.

delineated on a map available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, 809 Peachtree-Seventh Building, Atlanta, Ga. 30323. Sport fishing shall be in accordance with all applicable State regulations except the following special conditions:

(1) The sport fishing season on the refuge extends from January 15, 1968, through the day before the opening of the waterfowl hunting season.

(2) Certain areas will be posted as closed to motor boats to prevent disturbance in prime spawning zones.

(3) Certain areas will be posted as closed both prior to and after the waterfowl hunting season to permit banding of migratory waterfowl.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33.

**GEORGIA**

**OKEFENOKEE NATIONAL WILDLIFE REFUGE**

Sport fishing on the Okefenokee National Wildlife Refuge, Waycross, Ga., is permitted only on the areas designated by signs as open to fishing. These open areas, comprising 1,325 acres, are delineated on a map available at the refuge headquarters and from the Regional Director, Bureau of Sport Fisheries and Wildlife, 809 Peachtree-Seventh Building, Atlanta, Ga. 30323. Sport fishing shall be in accordance with all applicable State regulations except the following special conditions:

(1) Fishing permitted during daylight hours only.

(2) Boats with motors not larger than 10 h.p., canoes and rowboats permitted.

(3) Artificial and live bait (except live minnows) permitted.

(4) Trotlines, limb lines, nets, or other set tackle prohibited.

(5) Persons entering refuge from main access points must register with the respective concessioner.

# Proposed Rule Making

## DEPARTMENT OF THE TREASURY

Comptroller of the Currency

[ 12 CFR Part 16 ]

### NEW NATIONAL BANKS

#### Use of Registration Statements and Offering Circulars

Notice is hereby given that the Comptroller of the Currency, pursuant to the authority contained in the National Banking Laws (R.S. 324 et seq., as amended; 12 U.S.C. 1 et seq.) and sections 12(d), 14(a), 14(c), and 16(a), Securities Exchange Act of 1934, as amended, is considering the adoption of revisions of 12 CFR 16.6 and 16.8 relating to the use of registration statements and offering circulars by all new national banks.

Under the present regulations new national banks are required to file registration statements and use offering circulars only if the amount of capital they are soliciting is \$1 million or more. Under the proposed rule all new national banks would be required to file registration statements and use offering circulars with respect to their public sale of initial securities, regardless of the amount being sold.

Prior to the adoption of the revised regulation, consideration will be given to any written comments pertaining thereto which are submitted within 30 days of the publication hereof to the Comptroller of the Currency, Washington, D.C. 20220 (Attention: Chief Counsel, Room 4134, Main Treasury Building). All national banks and other interested parties are invited to submit their comments.

It is proposed that 12 CFR 16.6 and 16.8 be amended as follows:

#### § 16.6 Registration of securities of new national banks.

No new national bank shall sell any of its securities unless such securities shall have been made the subject of a registration statement filed in the Office of the Comptroller of the Currency which has been declared effective by the Comptroller.

#### § 16.8 Filing of registration statement and use of offering circular.

(a) No securities of a new national bank shall be sold by, for, or on behalf of any new national bank unless at the time of, or prior to such sale, the purchaser of such security has received an offering circular which forms part of a registration statement declared effective by the Comptroller of the Currency.

Dated: December 14, 1967.

[Airspace Docket No. 67-CE-146]

### VOR FEDERAL AIRWAY

#### Proposed Extension

The Federal Aviation Administration (FAA) is considering an amendment to Part 71 of the Federal Aviation Regulations that would extend VOR Federal airway No. 175 from Hallsville, Mo., to Sioux City, Iowa.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Building, Federal Aviation Administration, 601 East 12th Street, Kansas City, Mo. 64108. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The FAA is considering extending V-175 from Hallsville to Sioux City, with a 1,200-foot AGL floor, via Macon, Mo.; Kirksville, Mo.; and Des Moines, Iowa. This extended airway segment would provide a route with controlled airspace for aircraft operating between Hallsville and Sioux City.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued in Washington, D.C., on December 12, 1967.

### VOR FEDERAL AIRWAY

#### Proposed Extension

The Federal Aviation Administration (FAA) is considering an amendment to

Part 71 of the Federal Aviation Regulations that would extend VOR Federal airway No. 289 from Fort Smith, Ark., to Vichy, Mo.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southwest Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box 1689, Fort Worth, Tex. 76101. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The FAA proposes to extend V-289 from Fort Smith with a 1,200-foot AGL floor to Vichy, Mo., via Harrison, Ark.; Dogwood, Mo.; and the intersection of Dogwood 026° T (020° M) and Vichy, Mo., 239° T (233° M) radials. This proposed extension of V-289 would provide controlled airspace for aircraft operating between these points.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued in Washington, D.C., on December 13, 1967.

### FEDERAL AIRWAY

#### Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would realign VOR Federal airway No. 15 west alternate from Dallas, Tex., to Ardmore, Okla.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southwest Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box

1689, Fort Worth, Tex. 76101. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The FAA is proposing to realign V-15 west alternate segment from Dallas to Ardmore with a 1,200-foot AGL floor via the intersection of the Dallas 299° T (291° M) and the Ardmore 178° T (169° M) radials.

Terminal air traffic control procedures currently utilized within the Dallas terminal area require traffic arriving at Dallas from Ardmore or from over Ardmore be routed via the proposed realigned V-15W alternate. This revised airway segment would provide an airway for clearance and coordinating procedures. No appreciable increase in procedural routing of arrival aircraft will be required since they are presently routed via the proposed realigned route.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued in Washington, D.C., on December 12, 1967.

#### FEDERAL AIRWAY

##### Proposed Designation

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would designate V-339 from Whitesburg, Ky., 1,200 feet AGL to Falmouth, Ky. This action would designate controlled airspace within which to provide air traffic service for aircraft operating in accordance with instrument flight rules between these two terminals.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Eastern Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y. 11430. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is

taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

#### TRANSITION AREA

##### Proposed Designation

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to designate a transition area at Winner, S. Dak.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief.

Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106.

As a result of the development of a VOR public use instrument approach procedure to serve Wiley Field, Winner, S. Dak., utilizing an Federal Aviation Administration VOR as a navigational aid, it is necessary to designate a transition area at Winner, S. Dak., in order

to provide protection for aircraft executing this approach procedure.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.181 (32 F.R. 2148), the following transition area is added:

WINNER, S. DAK.

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Wiley Field (latitude 43°23'20" N., longitude 99°50'40" W.); and within 2 miles each side of the Winner VOR 212° radial, extending from the 7-mile radius area to the VOR; and that airspace extending upward from 1,200 feet above the surface within 5 miles southeast and 8 miles northwest of the Winner VOR 032° and 212° radials, extending from 5 miles southwest to 12 miles northeast of the VOR; and within 5 miles each side of the Winner VOR 212° radial, extending from 12 to 19 miles southwest of the VOR.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued at Kansas City, Mo., on December 6, 1967.

#### [ 14 CFR Part 77 ]

[Docket No. 8600; Notice 67-54]

#### OBJECTS INTERFERING WITH AIR NAVIGATION FACILITIES

##### Proposed Construction or Alteration

The Federal Aviation Administration is considering amending Part 77 of the Federal Aviation Regulations to permit the Administrator to consider the effect a proposed construction or alteration would have upon the operation of an air navigation facility.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket or notice number and be submitted in duplicate to: Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket GC-24, 800 Independence Avenue SW., Washington, D.C. 20590. All communications received on or before January 23, 1968, will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

Part 77 of the Federal Aviation Regulations establishes standards for determining obstructions in navigable airspace, sets forth the notice requirements of certain proposed construction or alteration, provides for aeronautical studies of obstructions to determine their effect on the safe and efficient use of airspace

and provides for public hearings on the hazardous effect of proposed construction or alteration. In accordance with previous interpretations and practice, this part applies to the physical effect of an obstruction on the flight of aircraft through the navigable airspace.

The FAA is encountering, with increasing frequency, situations where construction or alteration has a deleterious effect on the operation of air navigation facilities without being a physical hazard in the flight path of aircraft. These situations have ranged from construction which partially blocked the view from a control tower of runways, taxi, and parking areas, to obstructions which blocked or reflected electromagnetic radiation in the vicinity of navigational aids like radio or radar installations. In some instances, the navigational aid could be moved to an interference-free location. In other situations, however, no interference-free locations were available, or the cost of razing and relocating facilities, because of their size or number, was exorbitant.

It appears desirable that when an aeronautical study is made, the Administrator should include in that study the effect that construction or alteration may have on the operation of air navigation facilities. It would be an unreasonable burden on the public to require a proponent to consider this effect because the public may not be aware of the existence or operational characteristics of an air navigation facility, and any effect thereon may not easily be ascertained by the proponent. Accordingly, whether or not a notice is required under Subpart B of this part, the Administrator should have the authority of including in an aeronautical study the physical or electromagnetic effect of proposed construction on air navigation facilities. The study may enable the Administrator to recommend changes in the design, location, or construction material that would eliminate or reduce interference with the operation of the air navigation facility. A reduction or elimination of interference may permit the retention of existing approach minimums, use of existing runways or facility structures or avoid costly relocation expenses to the airport or the FAA.

In consideration of the foregoing, it is proposed to amend §§ 77.31 and 77.35 of Part 77 of the Federal Aviation Regulations to read as follows:

**§ 77.31 Scope.**

(a) This subpart applies to the conduct of aeronautical studies of the effect of proposed construction or alteration on the use of air navigation facilities or navigable airspace by aircraft. In the aeronautical studies, present and future IFR and VFR aeronautical operations and procedures are reviewed and any possible changes in those operations and procedures and in the construction

proposal that would eliminate or alleviate the conflicting demands are ascertained.

**§ 77.35 Aeronautical studies.**

(a) The Regional Director of the region in which the proposed construction or alteration would be located, or his designee, conducts the aeronautical study of the effect of the proposal upon the operation of air navigation facilities and the safe and efficient utilization of the navigable airspace. This study may include the physical and electromagnetic radiation effect the proposal may have on the operation of an air navigation facility.

This amendment is proposed under the authority of sections 307, 313, and 1101 of the Federal Aviation Act of 1958 (49 U.S.C. 1348, 1354, 1501).

Issued in Washington, D.C., on December 13, 1967.

WILLIAM E. MORGAN,

**PRESUNRISE OPERATION BY CLASS II STATIONS**

**Order Extending Time for Filing Reply Comments**

In the matter of "Presunrise" operation by Class II stations under presunrise service authorization on U.S. I-A clear channels, Docket No. 17562.

1. Reply comments in this proceeding, which concerns "presunrise" operation by Class II AM stations on U.S. I-A channels, are now due December 14, 1967. The Commission has received a number of requests for additional time to file reply comments, including a letter request by A. Earl Cullum, Jr., & Associates and a "Request for Extension of Time" filed by KXA, Inc., and Nationwide Communications, Inc., both requesting that the time be extended to January 15, 1968. The reasons advanced include the need for more time to analyze and reply to the fairly large amount of material filed in initial comments, the difficulty of obtaining material filed because the Commission has been moving its offices in recent weeks, and the imminent holiday season.

2. It appears that additional time for reply comments is warranted, but that grant of the full amount requested would

not be appropriate. We point out that a considerable amount of the initial comment material was filed well before the due date for initial comments, and also that a number of initial comments were served on the other parties immediately concerned. Accordingly, it appears that an extension of time until January 8, 1968, should be sufficient.

3. In view of the foregoing: *It is ordered*, That the time for filing reply comments in this proceeding is extended to and including January 8, 1968. Authority for this action is contained in sections 4(i), 5(d)(1), and 303(r) of the Communications Act of 1934, as amended, and § 0.281(d)(8) of the Commission's rules and regulations.

Adopted: December 13, 1967.

#### Notice of Classification of Public Lands for Multiple-Use Management

1. Pursuant to section 2 of the Act of September 19, 1964 (43 U.S.C. 1411-18) and to the regulations in 43 CFR Parts 2410 and 2411, the public lands in the area described below are classified for multiple-use management. Publication of this notice has the effect of segregating all of the described lands from appropriation under the agricultural land laws (43 U.S.C. Parts 7 and 9, 25 U.S.C. 334), private exchange (43 U.S.C. 315g(b)), State exchange (43 U.S.C. 315g(c)), sales under section 2455 Revised Statutes (43 U.S.C. 1171), State selections (43 U.S.C. 851, 852), and the mining and mineral leasing laws. As used in this order, "public lands" means any lands (1) withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or (2) within a Grazing District established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

2. The public lands classified in this notice are shown on maps on file, and available for inspection, in the Phoenix District Office, Bureau of Land Management, Federal Building, Ariz.

3. The lands affected by this classification are located in Apache, Maricopa, Navajo, and Pima Counties, and are described as follows:

#### GILA AND SALT RIVER MERIDIAN, ARIZ.

- T. 12 N., R. 26 E.,  
 Sec. 18, lots 1 and 2, E $\frac{1}{2}$ NW $\frac{1}{4}$ , SW $\frac{1}{4}$ NE $\frac{1}{4}$ ,  
 and SE $\frac{1}{4}$ .  
 T. 19 N., R. 16 E.,  
 Sec. 20, E $\frac{1}{2}$ NE $\frac{1}{4}$ .  
 T. 11 S., R. 13 E.,  
 Sec. 4, S $\frac{1}{2}$ S $\frac{1}{2}$  and NE $\frac{1}{4}$ SW $\frac{1}{4}$ ;  
 Sec. 7, lots 1 and 2, SW $\frac{1}{4}$ NW $\frac{1}{4}$  and S $\frac{1}{2}$   
 NE $\frac{1}{4}$ ;  
 Sec. 13, W $\frac{1}{2}$ ;  
 Sec. 15, NW $\frac{1}{4}$  and N $\frac{1}{2}$ NE $\frac{1}{4}$ ;  
 Sec. 24, NW $\frac{1}{4}$ .  
 T. 10 S., R. 12 E.,  
 Sec. 19, lots 2, 3, 4, 9, and 10;  
 Sec. 21, N $\frac{1}{2}$ , N $\frac{1}{2}$ S $\frac{1}{2}$ , S $\frac{1}{2}$ SE $\frac{1}{4}$ , and SE $\frac{1}{4}$   
 SW $\frac{1}{4}$ ;  
 Sec. 22, N $\frac{1}{2}$ SW $\frac{1}{4}$  and SW $\frac{1}{4}$ NW $\frac{1}{4}$ ;  
 Sec. 27, SE $\frac{1}{4}$ ;  
 Sec. 30, lots 1 and 2;  
 Sec. 34, E $\frac{1}{2}$ ;  
 Sec. 35, S $\frac{1}{2}$ , S $\frac{1}{2}$ NW $\frac{1}{4}$ , and SE $\frac{1}{4}$ NE $\frac{1}{4}$ .

The lands described aggregate 3,133.93 acres of public lands.

4. The above lands in T. 12 N., R. 26 E., lie approximately 2 miles southwest of Concho, Ariz., and are partially within Concho Lake. Concho Lake is a perma-

nent water area which provides trout fishing. These lands are considered important for public access to the lake.

The lands in T. 6 N., R. 2 E., described in the proposed classification decision and located approximately 25 miles north of Phoenix, adjacent to the Black Canyon Shooting Range, are embraced in application filed by the Arizona State Game and Fish Department for additional development to the Black Canyon Shooting Range. Separate classification action will be taken later concerning this property.

The lands in T. 19 N., R. 16 E., are located approximately 3 miles northeast of Winslow, Ariz., and contain a large Indian ruin.

The balance of these lands are located from 11 to 15 miles north of Tucson, Ariz., in the Tortolita Mountains. These lands have significant value for wildlife and outdoor recreation. These lands, being close to the Tucson metropolitan area, are popular with hunters seeking deer, quail, and javelina, and provide study areas for data collection of their habitat requirements.

5. No adverse comments were received following publication of a notice of proposed classification (32 F.R. 13332).

6. For a period of 30 days from date of publication in the FEDERAL REGISTER, this classification shall be subject to the exercise of administrative review and modification by the Secretary of the Interior, LLM, 721, Washington, D.C. 20240.

FRED J. WEILER,  
 State Director.

#### Notice of Filing of Plat

DECEMBER 13, 1967.

1. Plat of survey of the land described below will be officially filed in the Land Office, Phoenix, Ariz., effective at 10 a.m., January 18, 1968.

#### GILA AND SALT RIVER MERIDIAN

T. 5 N., R. 7 E.,  
 Secs. 33 to 36, inclusive.

The area described aggregates 2,560 acres of public land.

2. The land described above varies from rolling to broken. The soil is from gravelly loam to rocky. There is a moderate growth of palo verde with an undergrowth of cacti, catclaw, creosote, and brush.

3. All the above-described land is embraced in the Tonto National Forest by Proclamation 1672 of August 14, 1923.

4. The land consisting of W $\frac{1}{2}$  and W $\frac{1}{2}$ E $\frac{1}{2}$  sec. 33, is embraced in Secretary's order of withdrawal for Salt River River Project, December 4, 1904.

5. In view of the above, the land described will not be subject to disposition under the general public land laws by reason of the official filing of the plat.

GLENDON E. COLLINS,  
 Manager.

#### Notice of Classification of Public Lands for Multiple-Use Management

1. Pursuant to the Act of September 19, 1964 (78 Stat. 986; 43 U.S.C. 1411-18) and to the regulations in 43 CFR Parts 2410 and 2411, the public lands in paragraph 3 are classified for multiple use, together with any lands therein that may become public lands in the future. As used herein, "Public Lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

Publication of this notice segregates the described lands from appropriation only under the agricultural land laws (43 U.S.C. Chs. 7 and 9; 25 U.S.C. 334) and from sales under section 2455 of the Revised Statutes (43 U.S.C. 1171), and the lands described in paragraph 4 from appropriations under the mining laws (30 U.S.C. Ch. 2). The lands shall remain open to all other applicable forms of appropriation.

2. No adverse comments were received following publication of the notice of proposed classification (32 F.R. 13600, Sept. 28, 1967), or at the public hearing at Auburn, Calif., which was held on October 19, 1967. No changes have been made in the list of lands included in this classification. The record showing reaction to the classification made by members of the public attending or interested in the hearing is on file and can be examined in the Folsom District Office, Folsom, Calif.

3. The public lands affected by this classification are located within the following described areas and are shown on the Placer-El Dorado Planning Unit Classification Map, on file in the Folsom District Office, 63 Natoma Street, Folsom, Calif., and on the Sacramento Land Office records, Bureau of Land Management, 650 Capitol Mall, Sacramento, Calif.:

Notice of Classification of Public Lands  
for Multiple-Use Management

DECEMBER 14, 1967.

1. Pursuant to the Act of September 19,  
1964 (78 Stat. 986; 43 U.S.C. 1411-18),  
and to the regulations in 43 CFR Parts  
2410 and 2411, the public lands in para-  
graph 3 are classified for multiple-use  
management together with any lands  
therein that may become public lands  
in the future. Publication of this notice  
has the effect of segregating (a) all public  
land described below from appropriation  
under the agricultural land laws (43

U.S.C., Chs. 7 and 9; 25 U.S.C., sec. 334) and from sale under section 2455 of the Revised Statutes (43 U.S.C. 1171), and (b) the lands described in paragraph 4 from appropriation under the mining laws (30 U.S.C., Ch. 2).

As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

2. Comments were received following publication of the notice of proposed classification in the FEDERAL REGISTER on October 3, 1967, and after the public hearing held in Ukiah on October 10, 1967. None of the comments suggested a change in the classification. The record showing reaction to the classification is on file and can be examined in the Ukiah District office.

3. The public lands located within the following described areas are in Mendocino, Lake, and Trinity Counties. For the purpose of this classification, the lands have been subdivided into blocks, each of which has been analyzed in detail and described in documents and on maps available for inspection at the Ukiah District Office, 168 Washington Avenue, Ukiah, California 95482, and on the records in the Sacramento Land Office, 650 Capitol Mall, Sacramento, Calif. 95814. #### Notice of Classification of Public Lands for Multiple-Use Management

DECEMBER 8, 1967.

1. Pursuant to the Act of September 19, 1964 (78 Stat. 986; 43 U.S.C. 1411-18) and to the regulations in 43 CFR Parts 2410 and 2411, the public lands in paragraph 3 are classified for multiple-use management, together with any lands therein that may become public lands in the future. Publication of this notice has the effect of segregating all the public lands described in paragraph 3 from appropriation only under the agricultural land laws (43 U.S.C. Chs. 7 and 9; 25 U.S.C. sec. 334) and from sale under section 2455 of the Revised Statutes (43 U.S.C. 1171). The lands shall remain open to all other applicable forms of appropriation, including the mining and mineral leasing laws.

As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

2. Comments were received following publication of the notice of proposed classification in the FEDERAL REGISTER on October 3, 1967, and after the public hearing held in Ukiah on October 10, 1967. None of the comments suggested a change in the classification. The record showing reaction to the classification is on file and can be examined in the Ukiah District Office.

3. The public lands involved are located within the following described areas in Mendocino and Lake Counties, Calif. These lands have been analyzed in detail and are described in documents and on maps available for inspection at Ukiah District Office, 168 Washington Avenue, Ukiah, Calif. 95482, and on records in the Sacramento Land Office, 650 Capitol Mall, Sacramento, Calif. 95814. The overall description of the areas is as follows:

## Notice of Classification of Public Lands For Multiple-Use Management

DECEMBER 15, 1967.

1. Pursuant to the Act of September 19, 1964 (78 Stat. 986; 43 U.S.C. 1411-18 and to the regulations in 43 CFR Parts 2410 and 2411), the public lands in paragraph 3 are hereby classified for multiple use management together with any lands therein that may become public lands in the future. Publication of this notice has the effect of segregating (a) all public lands described in Blocks I and II from appropriation only under the agricultural land laws (43 U.S.C. Chs. 7 and 9; 25 U.S.C. 334) and from sales under section 2455 of the Revised Statutes (43 U.S.C. 1171) and (b) the lands described in Block I from further appropriation under the mining laws (30 U.S.C. Ch. 2). The lands shall remain open to all other applicable forms of appropriation.

As used herein, "Public Lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

2. No adverse comments were received following publication of the notice of proposed classification (32 F.R. 13601, Sept. 28, 1967). No changes have been made in the list of lands included in this classification. The record showing reaction to the classification made by members of the public attending or interested in the hearing is on file and can be examined in the Folsom District Office, Folsom, Calif.

3. The public lands affected by this classification are shown on the South Bay Planning Unit Classification Map on file in the Folsom District Office, 63 Natoma Street, Folsom, Calif. 95630, and on the Sacramento Land Office records, Bureau of Land Management, 650 Capitol Mall, Sacramento, Calif. 95814. The overall descriptions of the areas are as follows:

## MOUNT DIABLO MERIDIAN, CALIFORNIA

## BLOCK NO. II

All public lands in:  
T. 6 S., R. 4 E.,  
Secs. 1, 2, 11, 12, 13, and 14.  
T. 6 S., R. 5 E.,  
Secs. 1 to 18, inclusive;  
Secs. 20 to 24, inclusive.

The public lands proposed to be classified in Block II aggregate approximately 4,784 acres.

## BLOCK NO. I

All public lands in:  
T. 7 S., R. 4 E.,  
Secs. 25, 26, 27, 32, 34, 35, and 36.  
T. 8 S., R. 4 E.,  
Secs. 1 to 18, inclusive;  
Secs. 23 and 24.  
T. 9 S., R. 4 E.,  
Sec. 18, NW $\frac{1}{4}$ NE $\frac{1}{4}$ ;

### Notice of Proposed Classification of Public Lands for Multiple-Use Management

DECEMBER 15, 1967.

1. Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411-18) and to the regulations in 43 CFR Parts 2410 and 2411, it is proposed to classify the public lands within the areas described below together with any lands therein that may become public lands in the future. Publication of this notice has the effect of segregating all the described lands from appro-

priation only under the agricultural land laws (43 U.S.C. Parts 7 and 9, 25 U.S.C. 334) and from sale under section 2455 of the Revised Statutes (43 U.S.C. 1171). All the described lands shall remain open to all other applicable forms of appropriation, including the mining and mineral leasing laws. As used in this order, the term "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

2. The public lands proposed for classification are located within the following described areas and are shown on a map on file in the Glenwood Springs District Office, Bureau of Land Management, Glenwood Village Inn, Glenwood Springs, Colo., and Land Office, Bureau of Land Management, Room 15019 Federal Building, 1961 Stout Street, Denver, Colo. 80202.

T. 12 N., R. 77 W.,  
Secs. 19 to 22, inclusive;  
Secs. 26 to 33, inclusive;  
Sec. 35.

The total area of public lands described aggregates approximately 25,500 acres.

3. For a period of 60 days from the date of publication of this notice in the FEDERAL REGISTER, all persons who wish to submit comments, suggestions, or objections in connection with the proposed classification may present their views in writing to the District Manager, Bureau of Land Management, Glenwood Village Inn, Post Office Box 1009, Glenwood Springs, Colo. 81601.

4. A public hearing on the proposed classification will be held at 7 p.m., January 24, 1967, at the Glen Eyre School House located on the main road along the Laramie River near the center of the area involved in this proposal.

### Notice of Proposed Classification

DECEMBER 14, 1967.

Pursuant to section 2 of the Act of September 19, 1964 (43 U.S.C. 1412), no-

tice is hereby given of a proposal to classify the lands described below under section 7 of the Act of June 28, 1934 (48 Stat. 1272; 43 U.S.C. 315f), as amended, as proper for selection by and transfer to the State of Utah in satisfaction in part of the State's outstanding land grant accorded them under the provisions of sections 2275 and 2276 of the Revised Statutes (43 U.S.C. 851; 852), as amended. The selection is made as indemnity for an equal acreage of mineral land lost to the State by reservation or appropriation of what would have been school sections in place when surveyed. If the proposal is effected, the State of Utah will obtain title to both the surface and the mineral estates owned by the United States in these lands.

The selected lands include 16,362.72 acres and are located from 4 to 16 miles northwest of Grantsville, in Tooele County.

Available information indicates that these lands meet the criteria for classification for selection by the State as provided for in 43 CFR 2410.1-1(a)(2) and 43 CFR 2410.1-3(c). The lands are not required for public programs and their selection by the State will not interfere with administration of other public lands. The area represents a reasonable management unit and the State will recognize existing uses in determining future management programs if the selection is consummated.

Information concerning this proposal is available at the Bureau's Salt Lake District Office, 1750 South Redwood Road, Salt Lake City, Utah, or the office of the State Director, Federal Building 125 South State, Salt Lake City, Utah. For a period of 60 days from the date of this publication, interested parties may submit comments to the District Manager or the State Director.

The lands affected by this proposal are located in Tooele County and are described as follows:

 Notice of Intention To Issue  
 Concession Permit

Pursuant to the provisions of section 5, Public Law 89-249, public notice is hereby given that the Department of the Interior, through the Superintendent of Sequoia and Kings Canyon National Parks, National Park Service, proposes, thirty (30) days after the date of publication of this notice, to issue for the period January 1, 1968, through December 31, 1972, the concession permit under which Dick R. Wilson conducts pack and saddle horse operations for the public at the Grant Grove area in Kings Canyon National Park.

The foregoing concessioner has performed his obligations under a prior permit to the satisfaction of the National Park Service and, therefore, pursuant to the act cited above is entitled to be given preference in the renewal of the permit and in the negotiation of a new permit. However, under the act cited above the Service is also required to consider and evaluate all proposals received as a result of this notice.

Interested parties should contact the Superintendent, Sequoia and Kings Canyon National Parks, Three Rivers, Calif. 93271, for information as to the requirements of the proposed permit.

Docket No. 68-00081-33-11600. Applicant: U.S. Department of Agriculture, Agricultural Research Service, Eastern Utilization Research and Development Division, 600 East Mermaid Lane, Philadelphia, Pa. 19118. Article: Cigarette Making Machine. Manufacturer: Hauni-Werke, Koerber & Co., K.G., West Germany. Intended use of article: Applicant states:

\* \* \* We wish to modify tobacco and/or modifications on the chemical and biological properties of cigarette smoke. Since the initial amounts of the modifying agents will be extremely limited in most cases, it will be necessary to produce cigarettes from the modified tobacco as efficiently as possible \* \* \*

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: The foreign article is designed to produce cigarettes in small quantities (150 to 200 grams) and to permit modification of the tobacco mixtures for the purpose of determining corresponding changes in the chemical and biological properties of the cigarette smoke. The only cigarette making machines known to the Department of Commerce are designed for large scale industrial production.

The Department of Commerce knows of no other instrument or apparatus being manufactured in the United States, which could be used for the purposes for which the foreign article is intended to be used.

Docket No. 68-00084-33-02400. Applicant: California State College at Long Beach, 6101 East Seventh Street, Long Beach, Calif. 90801. Article: Anthropometric Instruments consisting of: Anthropometer—No. 101, Sliding Caliper—No. 104, Spreading Caliper, Rounded—No. 106, Steel Tape, 2000mm—No. 110, Small Coordinate Caliper—No. 115, Goniometer (attachable)—No. 117, Cubic Cranio-phor—No. 201, Diagraph—No. 202, Osteometric Table—No. 217, Mandibulometer—No. 218. Manufacturer: Siber Hegner & Co., Ltd., Switzerland. Intended use of article: Applicant states:

The anthropometric instruments will be used as teaching devices in a laboratory course in physical anthropology devoted to the study of the human skeleton. Through laboratory exercises, students will learn how to use the instruments for the measurement and analysis of human skeletal material.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: The foreign article consists of a set of instruments for measuring and recording structural details of the human skeleton. This article is intended for teaching in a course in physical anthropology. The complete set is necessary to accomplish the purposes for which the foreign article is intended to be used.

The Department of Commerce knows of no domestic manufacturer capable of supplying the entire set of the instruments necessary for measurement and analysis of skeletal material and, therefore, finds that no instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States.

#### Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897) and the regulations issued thereunder (32 F.R. 2433 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Scientific and Technical Equipment, Department of Commerce, Room 5123, Washington, D.C. 20230.

Docket No. 68-00083-33-39700. Applicant: The Cancer Foundation of Santa Barbara, 2315 Bath Street, Santa Barbara, Calif. 93105. Article: Implantation Gun, Royal Marsden Gold Grain Model Mark III with forceps and sterilizer box. Manufacturer: Medical Supply Association (International), Ltd., United Kingdom. Intended use of article: Applicant states: "Implant irradiated gold grains in certain cancers." Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: (1) The foreign article automatically counts the number of grains or radon seeds implanted in the patient. We know of no domestic instrument or apparatus for implanting irradiated gold grains, which has this capability. (2) The foreign article also permits diminished radiation exposure to the medical personnel during the implant procedures. We know of no domestic instrument or apparatus which has this capability.

For the foregoing reasons, we find that no instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States.

#### Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897) and the regulations issued thereunder (32 F.R. 2433 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Scientific and Technical Equipment, Department of Commerce, Room 5123, Washington, D.C. 20230.

Docket No. 68-00069-33-54500. Applicant: Columbia University, 116th and Broadway, New York, N.Y. 10027. Article: Light Coagulator, Model 5000. Manufacturer: Carl Zeiss Jena, East Germany. Intended use of article: Applicant states: "To coagulate the retina or iris of the human eye, with the capability of photographing the process." Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: The foreign article combines the capability for optically coagulating the retina of the eye with the capability for concurrently recording photographically the case history of the retina in the process of being coagulated. This combination is considered pertinent to accomplishing the objectives of the research purposes for which the foreign article is intended to be used.

The Department of Commerce knows of no instrument or apparatus being manufactured in the United States, which possesses these capabilities in combination and therefore finds that no instrument of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States.

be used for instruction of graduate and senior undergraduate students of the University. Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides a fast and efficient means of reducing various forms of mathematical curves into their sine and cosine components.

The Department of Commerce knows of no instrument or apparatus being manufactured in the United States, which is capable of accomplishing the purposes for which the foreign article is intended to be used.

#### Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897) and the regulations issued thereunder (32 F.R. 2433 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Scientific and Technical Equipment, Department of Commerce, Room 5123, Washington, D.C. 20230.

Docket No. 68-00079-33-46500. Applicant: Iowa State University, Purchasing Department, 16 Beardshear Hall, Ames, Iowa 50010. Article: Reichert Thermal Advance Ultra Microtome "OM U2." Manufacturer: C. Reichert Optische Werke A.G., Austria. Intended use of article: Applicant states:

Using diamond knives we intend to prepare ultrathin, serial sections in the 100-200 Å range of chromosomes in nuclei of epoxy-embedded dividing cells. Micrographs of these sections will be used to reconstruct the three-dimensional architecture of the eukaryotic chromosomes at various stages in mitosis.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides a thermal advance system for ultrathin sectioning. The only known comparable domestic instrument, the Model MT-2 ultramicrotome manufactured by Ivan Sorvall, Inc. (Sorvall), employs a mechanical advance system

for both ultrathin sections and for thicker sections. (See catalogue on Sorvall Models MT-1 and MT-2 ultramicrotomes.) In the case of a prior application relating to an identical foreign article, we were advised by the Department of Health, Education, and Welfare (HEW), that in the experience of experts working with biological materials, ultramicrotomes equipped with a thermal advance have been proven superior to ultramicrotomes equipped only with a mechanical feed. (See Docket No. 67-00052-33-46500 and memorandum from HEW dated July 26, 1967 contained therein.) In cited memorandum, HEW also advised that consistent reproducibility of section thickness is substantially greater when the thermal feed is used, than when the advance is achieved through purely mechanical means. We therefore find that differences in the design of the advance mechanisms between the foreign article and the Sorvall Model MT-2 are pertinent characteristics.

For the foregoing reasons, we find that the Sorvall Model MT-2 is not of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article for the purposes for which such article is intended to be used, which is being manufactured in the United States.

Research is in the areas of fundamental biological studies of cells and their motile systems. Specimens to be sectioned include insect tissue with included chitin and spores and dormant cells with hard coatings, all of which are unusually refractory to sectioning and require unusually hard embedding

media. Conventional samples of softer tissues such as the testes and muscles of several species are also to be sectioned and sections will need to be thin and of uniform thickness.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. ##### Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897) and the regulations issued thereunder (32 F.R. 2433 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Scientific and Technical Equipment, Department of Commerce, Room 5123, Washington, D.C. 20230.

Docket No. 68-00099-33-46040. Applicant: University of Miami, Coral Gables, Fla. 33124. Article: Electron Microscope HS-7S. Manufacturer: Hitachi, Ltd., Japan. Intended use of article: Study of the biochemical and cytological mechanisms controlling macromolecular synthesis in the unfertilized egg and early developmental stages of the sea urchin. Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides accelerating voltages of 25 and 50 kilovolts. The only known domestic instrument, the Model EMU-4 electron microscope manufactured by the Radio Corporation of America (RCA), provides accelerating voltages of 50 and 100 kilovolts. It has been experimentally established that the lower accelerating voltage of 25 kilovolts provides optimum contrast for ultrathin unstained specimens, such as will be investigated by the applicant with the foreign article. We therefore find the difference in the lower accelerating voltage provided by the foreign article and the lower accelerating voltage provided by the RCA Model EMU-4 electron microscope, to be pertinent to the purposes for which the foreign article is intended to be used.

For this reason, we find that the RCA Model EMU-4 electron microscope is not of equivalent scientific value to the foreign article for the purposes for which such article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, which is being manufactured in the United States.

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

### DIRECTOR FOR NORTHWEST AREA OFFICE AND DEPUTY DIRECTOR FOR NORTHWEST AREA OFFICE AT SEATTLE, WASH., REGION VI

#### Redelegations of Authority Regarding Advance Acquisition of Land and Other Programs

**SECTION A. Redelegations of authority.** The Director for Northwest Area Office and the Deputy Director for Northwest Area Office at Seattle, Wash., Region VI, each is hereby authorized, within the entire States of Washington, Oregon, Alaska, and Montana, together with the Northern portion of Idaho, including the counties of Adams, Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lemhi, Lewis, Nez Perce, Shoshone, Valley, and Washington, to exercise the power and authority of the Secretary of Housing and Urban Development, with respect to the following programs, except as specified under this section A and as additionally excepted under section B:

1. Program of Advances for Public Works Planning (including first and second programs) under:

a. Section 702 of the Housing Act of 1954, as amended (40 U.S.C. 462), except the authority to conduct surveys under section 702(f).

b. Title V of the War Mobilization and Reconversion Act of 1944, Public Law 458, 78th Cong., as amended (50 U.S.C. App. 1671 note), and the Act of October 13, 1949, Public Law 352, 81st Cong., as amended (40 U.S.C. 451), subject to section 1112 of the Housing and Urban Development Act of 1965 (40 U.S.C. 462 note).

2. Advance Acquisition of Land Program under section 704 of the Housing and Urban Development Act of 1965 (42 U.S.C. 3104) except the authority to determine not to require an applicant to agree to repay under section 704(d).

3. Basic Water and Sewer Facilities Grant Program under section 702 of the Housing and Urban Development Act of 1965 (42 U.S.C. 3102) except the authority to make a grant of more than 50 percent under section 702(b).

4. Public Facility Loans Program under Title II of the Housing Amendments of 1955, as amended (42 U.S.C. 1491-1497), except the authority to:

a. Establish technical advisory services under section 207 (42 U.S.C. 1497).

b. Make loans for mass transportation facilities and equipment under section 202(a)(2) (42 U.S.C. 1492(a)(2)).

5. Public Facilities Liquidating Programs, including those with respect to:

a. Section 5 of the Alaska Public Works Act, as amended (48 U.S.C. 486), and the delegation from Secretary of Interior effective April 17, 1964 (29 F.R. 5516, Apr. 24, 1964).

b. Defense community facilities under Title III of the Defense Housing and

Community Facilities and Services Act of 1951, as amended (42 U.S.C. 1592-1592n).

c. Prefabricated housing loans under Reorganization Plan No. 23 of 1950 (5 U.S.C. 133z-15 note), including section 102-102c of the Housing Act of 1948, as amended (12 U.S.C. 1701g-1701g-3); section 104 of the Defense Housing and Community Facilities and Services Act of 1951, as amended (42 U.S.C. 1591e); and section 401 of the Independent Offices Appropriation Act of 1952 (12 U.S.C. 1701g-4).

d. War public works under Title II of the Lanham Act, as amended (42 U.S.C. 1531-1534).

e. Section 202(e) of the Housing Amendments of 1955, as amended by section 5(b) of the Public Works Acceleration Act (42 U.S.C. 1492(e)).

f. Sections 7 and 8 of the Area Redevelopment Act (42 U.S.C. 2506 and 2507) and delegation from Secretary of Commerce dated July 20, 1961 (26 F.R. 7974, Aug. 25, 1961).

g. Compensation of condemnees under Title IV of the Housing and Urban Development Act of 1965 (42 U.S.C. 3071) to the extent applicable to matters redelegated to the Director and Deputy Director for Northwest Area Office at Seattle.

**SEC. B. Additional authority excepted.** There is further excepted from the authority redelegated under section A the power to:

1. Establish interest rates.

2. Issue notes or other obligations for purchase by the Secretary of the Treasury.

3. Exercise the powers under section 402(a) of the Housing Act of 1950, as amended (12 U.S.C. 1749a(a)).

4. Sue and be sued.

5. Issue rules and regulations.

**SEC. C. Revocations.** The following redelegations of authority are hereby revoked as of the date of publication of this document in the FEDERAL REGISTER:

1. Redelegation of authority to the Director for Northwest Operations with respect to Basic Water and Sewer Facilities Program, effective May 18, 1966 (32 F.R. 287, Jan. 11, 1967).

2. Redelegation of authority to the Director for Northwest Operations with respect to Advances for Public Work Planning (first, second, and third programs) effective May 13, 1965 (30 F.R. 6607, May 13, 1965).

#### DIRECTOR FOR NORTHWEST AREA OFFICE AND DEPUTY DIRECTOR FOR NORTHWEST AREA OFFICE AT SEATTLE, WASH., REGION VI

#### Redelegations of Authority Regarding Open-Space Land and Urban Beau- tification Programs, and Urban Planning Assistance Program

**SECTION A. Redelegations of authority.** The Director for Northwest Area Office and the Deputy Director for Northwest Area Office at Seattle, Wash., Region VI, each is hereby authorized, within the entire States of Washington, Oregon, Alaska, and Montana, together with the Northern portion of Idaho, including the counties of Adams, Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lemhi, Lewis, Nez Perce, Shoshone, Valley, and Washington, to exercise the power and authority of the Secretary of Housing and Urban Development, with respect to the programs and matters listed below, except as specified under this section A and as additionally excepted under section B:

1. Open-Space Land and Urban Beautification Programs under Title VII of the Housing Act of 1961, as amended (42 U.S.C. 1500-1500e), except the authority to:

a. Approve the conversion of open-space land to other uses under section 704 (42 U.S.C. 1500c).

b. Provide technical assistance and undertake studies and publish information under section 708 (42 U.S.C. 1500d).

c. Determine further terms and conditions under section 702(d) (42 U.S.C. 1500a(d)).

d. Make a grant of more than 50 percent under section 706 (42 U.S.C. 1500c-2).

2. Urban Planning Assistance Program under section 701 of the Housing Act of 1954, as amended (40 U.S.C. 461), except the authority to:

a. Undertake studies, research, and demonstration projects under section 701(b).

b. Determine the acceptability of a planning agency under section 701(a) (1) and (2).

c. Make a three-fourths grant under section 701(b) for an area described in section 701(a)(7).

d. Determine that an organization is representative of the political jurisdictions within a metropolitan area or urban region under section 701(g).

**SEC. B. Additional authority excepted.** There is further excepted from the authority redelegated under section A the power to:

1. Approve applications, authorize loans, grants, and advances and amend or modify the terms thereof.

2. Establish interest rates.

3. Issue notes or other obligations for purchase by the Secretary of the Treasury.

4. Exercise the powers under section 402(a) of the Housing Act of 1950, as amended (12 U.S.C. 1749a(a)).

5. Sue and be sued.

6. Issue rules and regulations.

## VETERANS ADMINISTRATION HOSPITAL, OMAHA, NEBR.

### Notice of Issuance of Facility License Amendment

The Atomic Energy Commission has issued Amendment No. 4, as set forth below and effective as of the date of issuance, to Facility License No. R-57. The license authorizes the Veterans Administration Hospital to operate its TRIGA type nuclear reactor located at Omaha, Nebr. The amendment authorizes the Hospital to use a two (2) curie sealed americium-beryllium neutron source for reactor startup as an alternate to the presently authorized sealed polonium-beryllium neutron source as described in the Hospital's application for license amendment dated October 24, 1967.

Within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER, the applicant may file a request for a hearing, and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. A request for hearing and petitions to intervene shall be filed in accordance with the provisions of the Commission's regulations (10 CFR Part 2). If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

For further details with respect to this amendment, see (1) the licensee's application for license amendment dated October 24, 1967, and (2) a related Safety Evaluation prepared by the Division of Reactor Licensing, both of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (2) above may be obtained at the Commission's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington, D.C. 20545, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Md., this 12th day of December 1967.

Assistant Director for Reactor  
Operations, Division of Reactor  
Licensing.

AMENDMENT TO FACILITY LICENSE

[License No. R-57, Amdt. 4]

The Atomic Energy Commission having found that:

a. The Veterans Administration Hospital's application for amendment dated October 24, 1967, complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Chapter I, CFR;

b. Operation of the reactor in accordance with the license, as amended, will not be inimical to the common defense and security or to the health and safety of the public; and

c. Prior public notice of proposed issuance of this amendment is not required since the

amendment does not involve significant hazard considerations different from those previously evaluated;

Facility License No. R-57, as amended, issued to Veterans Administration Hospital, is hereby further amended by revising subparagraph 3.C in its entirety to read as follows:

3.C Pursuant to the Act and Title 10, Chapter I, CFR, Part 30—"Rules of General Applicability to Licensing of Byproduct Material", to receive, possess, and use up to 8 curies of sealed polonium-beryllium neutron sources (U.S. Nuclear Corporation Type 383) and a 2 curie sealed americium-beryllium neutron source (NUMEC-AM-62 Type I) either of which may be used for reactor startup only; and to possess, but not to separate, such byproduct material as may be produced by operation of the reactor.

This amendment is effective as of the date of issuance.

Date of issuance: December 12, 1967.

For the Atomic Energy Commission.

DONALD J. SKOVHOLT,  
Assistant Director for Reactor Operations,  
Division of Reactor Licensing.

## CIVIL AERONAUTICS BOARD

[Docket No. 19333; Order No. E-26134]

### ALASKA AIRLINES, INC.

#### Order Dismissing Complaint Regarding Roundtrip Tour Fares Between Kotzebue and Fairbanks

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 18th day of December 1967.

By tariff revisions<sup>1</sup> marked to become effective December 20, 1967, Alaska Airlines, Inc. (ASA), proposes to reduce its round-trip tour fare between Kotzebue and Fairbanks, via Nome and Anchorage, from \$110 to \$100,<sup>2</sup> (which is the present level of its tour fare between Kotzebue and Anchorage). Stopover privileges at Nome and Anchorage are not restricted under the proposed fare. The proposal, which represents a reduction from the existing fare of 9.09 percent, is applicable in conjunction with an advertised air tour; on a round-trip basis; and for transportation which must be completed within 7 days.

Wien has filed a complaint requesting suspension and investigation of ASA's tariff revisions on the ground that the proposed fare is uneconomic in that it bears no reasonable relationship to the cost of providing service over circuitous mileages and routings involved. The carrier alleges, inter alia, that Alaska's only justification is, under the guise of "common rating," to establish a reduced fare in a market in which it is not certificated to provide direct service. Finally, Wien contends that the proposed fare per mile

of 5.1 cents undercuts its fare yield of 11.3 cents by nearly 55 percent, and that the proposal will be highly diversionary of Wien's traffic because of the attractiveness of the fare which will give tour passengers stopover privileges at Anchorage, Nome, and Kotzebue.

In support of its proposal and in answer to the complaint, ASA states that the purpose of its tariff revision is to reduce the Fairbanks-Kotzebue tour basing fare; that the regular first-class fares between Fairbanks and Kotzebue are now common rated with Anchorage and Kotzebue and it is its desire to provide a similar reduction in the tour basing fare; and that the proposed fare will give the traveling public in Fairbanks the opportunity to utilize ASA's Arctic Winter Tours as that in Anchorage. ASA further contends that its proposed \$100 tour fare is not competitive with Wien's \$99 tour fare because of the high degree of circuitry and lack of passenger convenience; that such fares are offered year around whereas Wien offers only summer tours; and that Wien has not advanced factual data that the proposed fare will divert its traffic.

The Board, upon consideration of the proposed tariff, the complaint with respect thereto, and other matters of record, finds that the complaint against such tariff should be dismissed. While there is routing circuitry involved in ASA's service between Fairbanks and Kotzebue, the proposed tour basing fare bears a reasonable relationship to the normal one-way first-class fare both in terms of percent (153.8 percent) and gross fare yield—5.09 cents for the proposed fare versus 6.61 cents for the regular one-way first-class fare. Further, the proposed fare is only \$5 lower than the tour fare established during 1964 by ASA. The Board also notes that the \$99 tour fare of Wien<sup>3</sup> in this market is (1) applicable only on circle-trip flights via Nome and Kotzebue subject to the restriction that a passenger may not stop over at these two points longer than 10 days; and (2) only 1 dollar less than the normal round-trip first-class fare charged by it therein. While the complainant asserts, inter alia, that the proposed tour fare is diversionary, there has been no showing to support that allegation.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 1002 thereof:

It is ordered, That:

1. The complaint of Wien Alaska Airlines, Inc., in Docket 19333 is dismissed; and
2. A copy of this order be served upon Wien Alaska Airlines, Inc., and Alaska Airlines, Inc.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

### DOMESTIC TRUNKLINE CARRIERS

#### Order of Investigation and Suspension Regarding Revisions of Discover America Fares

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 15th day of December 1967.

By tariff revisions,<sup>1</sup> filed on or after November 8, 1967, and marked to become effective January 1, 1968, various domestic trunkline carriers have proposed several modifications to their Discover America round-trip excursion fares tariff. The filings of some carriers include increases in the present \$200 transcontinental fares, the extension of the weekend blackout periods to include Saturday and Sunday mornings, and the establishment of summer blackouts in 1968. Also, the domestic trunklines either have extended, or are proposing to extend, the expiration dates of their respective fares to April 27 or December 31, 1968.<sup>2</sup>

American Airlines, Inc. (American), Eastern Air Lines, Inc. (Eastern), Trans World Airlines, Inc. (TWA), and United Air Lines, Inc. (United), are the carriers proposing to cancel the reduced \$200 transcontinental fares and reestablish them to reflect the uniform 25 percent discount from regular jet coach fares applying between all other points. This action would raise those fares in amounts ranging from about \$3 to \$28. These four carriers, along with Braniff Airways, Inc. (Braniff), and Western Air Lines, Inc. (Western), are the proponents of the extended weekend blackout periods.<sup>3</sup> Presently, Discover America travel is blacked out between noon and midnight on Fridays, and between Sunday noon and

<sup>2</sup>Apr. 27, 1968, for Braniff, Delta, Eastern, Northeast, and Northwest. Dec. 31, 1968, for American, Continental, National, Trans World, United, and Western.

<sup>3</sup>These same carriers, except Braniff, have proposed similar weekend blackouts for their family fares, effective Jan. 1, 1968.

<sup>1</sup>Alaska Airlines, Inc., Local and Joint Tour Passenger Tariff No. T-4, CAB No. 133, bearing a filing date of Nov. 20, 1967. The present fare has been in effect since Oct. 8, 1966, at which time it was increased from the \$105 fare that had been established on Apr. 15, 1964.

Monday noon. The proposals would also preclude Discover America travel between 12:01 a.m. and noon on Saturdays and Sundays, leaving noon to midnight on Saturday as the only period during the weekend when Discover America fares would be valid.

Summer blackout periods, which would affect originating travel only, are being proposed by American, TWA, United, and Western. The proposed blackout periods are from June 14 through July 6, and from August 9 through August 31.

The American Society of Travel Agents (ASTA) has filed a complaint and comments with respect to these filings, as well as the proposals to modify the family fare weekend blackout periods. ASTA opposes the broadening of the weekend blackout periods and asks the Board to maintain current discount levels until April 27, 1968. ASTA submits that the disadvantages of extending the weekend blackout periods would outweigh the benefits to be derived therefrom, and that to permit without reasonable notice to the public the carriers' proposals would not be justified or consistent with the public interest.

American, TWA, and United have all filed statements in support of their tariff filings. With respect to the \$200 transcontinental fare, all three carriers contend that the lower fares in these markets have not generated additional traffic but have merely reduced revenues. The carriers state that the summer blackouts are necessary to prevent undue traffic peaking in these periods and to effect a better use of resources. It is suggested that such additional equipment and facilities as may be needed to handle the greater traffic peak, if the Discover America fares apply through the summer, would be substantially underutilized during the remainder of the year. TWA and American submit that the added weekend blackouts are needed to curb peaking. TWA also contends that many of its Discover America travelers on Saturday and Sunday mornings represent nondiscretionary travel and contribute to very high load factors, especially in the shorter haul markets. United has indicated that it does not believe the added weekend blackouts are of major significance, but has filed them only for the sake of uniformity.

The filings before us represent the judgments of these carriers as to ways to improve the economics of the important Discover America excursion fares. The carriers generally contend that these modifications will reduce diversion of normal fare traffic, reducing traffic peaking, and reduce revenue and yield dilution. With respect to the proposed increases in the transcontinental excursion fares, American, TWA, and United assert that the greater discount available since last April 23d in these markets, as compared with the 25 percent discount applicable elsewhere on Discover America fares, has not generated additional traffic but has merely reduced revenues.

The Board has long held that the effective use of promotional discount pricing

can work to the advantage of the traveling public and the carriers alike. The potential market for air transportation is not a single homogeneous unit, but is comprised of various segments, some of which are clearly responsive to promotional pricing. By the same token, demand for air service is not evenly spread over all times, days, and seasons but fluctuates rather widely. The inherent perishability of the airline seat, in these circumstances, makes discount pricing a particularly effective marketing device. Therefore, while we have long urged the carriers to experiment with promotional fares, we have recognized that such experimentation would sometimes entail modifications of discounts to improve their economic effect.

We would observe that the very substantial numbers of passengers using the Discover America fare this year are ample evidence of the attractiveness of the fares. Indeed, the complaint of some of the carriers seems to be that too many people have used it. While it is desirable to strike a reasonable balance between the proportions of full-fare and discount-fare traffic, the means to do this may well ultimately be in an adjustment of normal fares especially in the long haul markets. The latter possibility, however, is not among the issues before the Board in these filings.

It is to be noted that some carriers have not filed tariffs imposing these new restrictions or increases with respect to the Discover America fares. It may well be that the fares in their present form are better suited to the needs of these carriers, and they are in a position to continue to make them available to the public on their present terms. Indeed, their competitive position may be enhanced by the greater liberality of their Discover America fares.

With respect to the increased transcontinental fares that have been proposed, the Board is not in a position to suspend these fares in any case, as such action would leave no Discover America fares in effect in these markets. We express no view, therefore, with respect to the merits of these increases by the carriers who have filed them.

With respect to the new Saturday and Sunday morning blackouts, the information presented by the carriers tends to show this change would improve the economics of the excursion fare and, at the same time, would not unduly prejudice the traveling public. Accordingly, the Board is prepared to permit this change to be made in due course.

However, we are concerned with the potential impact on large numbers of passengers if the higher transcontinental fare and the longer weekend blackouts are made effective on January 1st as proposed. It is reasonable to assume that many persons have arranged to travel at Discover America fares after the first of the year and that many of them would be adversely affected by these changes. Therefore, we urge the carriers to defer the effectiveness of these changes until

April 28, 1968, which should very substantially reduce the potential problem.<sup>4</sup>

The proposed blackout of extensive summer periods presents a somewhat different problem. The four carriers—American, TWA, United, and Western—largely justify the proposed blackouts on the need to mitigate traffic peaking in these periods. The Board shares the carriers' concern about traffic peaking and the concomitant problems of congestion, as a general proposition. However, these problems cannot be attributed only to the Discover America excursion fares and we are very doubtful that the proposed summer blackout periods constitute the soundest approach to the peaking problem. Moreover, there is no apparent basis to blackout the application of the Discover America fares on all route segments whether or not they are all affected to the same degree by traffic peaking and high load factor characteristics.

The Discover America fares are essentially directed to the vacation or pleasure travel market. It would be anomalous to blackout these fares during a large portion of the normal vacation period when the best opportunity for traffic generation prevails. Rather than a total blackout, a sounder approach to the traffic peak and valley problem may be to provide a lesser discount on-season and a greater discount off-season, e.g., 20 and 30 percent, respectively, instead of the 25 percent now available all year. Another approach preferable to the seasonal blackout may be to blackout each week additional days or parts of days particularly affected by traffic peaks during the summer season.

In light of the foregoing considerations, the Board finds that the proposed summer blackout periods may be unjust and unreasonable and should be investigated and suspended.

Accordingly, pursuant to the Federal Aviation Act of 1958, particularly sections 204(a), 403, 404, and 1002 thereof:

*It is ordered, That:*

1. An investigation be instituted to determine whether the provisions described in Appendix A attached hereto,<sup>5</sup> and rules, regulations, and practices affecting such provisions, are or will be unjust or unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful; to determine and prescribe the lawful provisions, and rules, regulations, or practices affecting such provisions;

2. Pending hearing and decision by the Board, the provisions described in Appendix A hereto<sup>6</sup> are suspended (insofar as they apply to interstate air transportation) and their use deferred

<sup>4</sup>We will direct our staff to give prompt consideration to carrier short notice applications to so defer these revisions and we will expect such applications to be made by Dec. 22, 1967. We reach the same conclusion and would give the same treatment to the proposals, effective January 1st, to extend the weekend blackouts of the family fares.

to and including March 30, 1968, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. The complaint of The American Society of Travel Agents, in Docket 19316, to the extent granted herein, be consolidated in this docket;

4. This investigation be assigned for hearing before an Examiner of the Board at a time and place hereafter to be designated; and

5. A copy of this order will be filed with the aforesaid tariffs and be served on American Airlines, Inc., Braniff Airways, Inc., Continental Air Lines, Inc., Delta Air Lines, Inc., Eastern Air Lines, Inc., National Airlines, Inc., Northeast Airlines, Inc., Northwest Airlines, Inc., Trans World Airlines, Inc., United Air Lines, Inc., and Western Air Lines, Inc., which are made parties to this proceeding.

## GREAT RIVER BROADCASTING, INC., ET AL.

### Memorandum Opinion and Order Enlarging Issues

In re applications of Great River Broadcasting, Inc., St. Louis, Mo., Docket No. 17210, File No. BP-16749; et al., 17211, 17212, 17213, 17214, 17215, 17217, 17219; for construction permits.

1. The Review Board has before it a motion to enlarge issues, filed August 4, 1967, by WKJG, Inc., licensee of Station WKJG, Fort Wayne, Ind. (WKJG),<sup>1</sup> seeking addition of an issue to determine whether the transmitter site proposed by certain of the applicants herein is satisfactory "with particular regard to any conditions that may exist in the vicinity of the antenna system which would distort the proposed antenna radiation pattern."<sup>2</sup>

2. In its present posture, this proceeding involves eight mutually exclusive applications for authority to construct a new standard broadcast station to operate on the frequency 1380 kHz in St. Louis, Mo. The competing applications were designated for consolidated hearing by memorandum opinion and order, FCC 67-225, released February 21, 1967, 6 FCC 2d 809. Prior to designation, the Commission granted Radio Thirteen-Eighty, Inc. (RTEI), interim authority to operate the subject facility which became vacant as a result of the license revocation of former Station KWK, Pike-Mo Broadcasting Co., 2 FCC 2d 207, 6 RR 581 (1965). The requested issue is directed to those applicants proposing to use the transmitter site of the interim

<sup>1</sup> 1380 kHz, 5 kw, U, DA-2.

<sup>2</sup> Also before the Review Board are (a) Broadcast Bureau's comments, filed Aug. 22, 1967; (b) joint opposition, filed Aug. 29, 1967, by Home State Broadcasting Corp., Archway Broadcasting Corp., Prudential Broadcasting Co., St. Louis Broadcasting Co., and Six-Eighty-Eight Broadcasting Co.; (c) comments of Missouri Broadcasting, Inc., and Great River Broadcasting, Inc., filed Aug. 29, 1967; and (d) reply to joint opposition, filed Sept. 11, 1967, by WKJG, Inc. In addition, on Aug. 4, 1967, WKJG filed a petition to accept motion to enlarge issues for consideration on the merits. This latter petition is unopposed (see footnote 3, infra).

operation on a permanent basis.<sup>3</sup> In support of its motion to enlarge, WKJG contends that it is being subjected to increased nighttime interference from RTEI's 5 kw interim operation over that which was received from former Station KWK; that this increased interference results from reradiation of the signal from towers formerly employed by KWK; that reradiation from these towers has prevented adjustment of RTEI's array to provide protection to WKJG; and that the problems encountered by the interim operation in attempting to provide protection to WKJG raise serious questions as to the suitability of the interim site for a permanent operation. The Broadcast Bureau contingently supports the petition if the applicants cannot resolve the reradiation problem. Missouri Broadcasting, Inc., and Great River Broadcasting, Inc., propose to operate from the interim site with nighttime power of only 1 kw and accordingly, since they would not encounter the same reradiation problem, they urge that the requested issue be reframed to specifying the five applicants proposing 5 kw nighttime operations from the interim site.

3. In a joint opposition, Home State Broadcasting Corp., Archway Broadcasting Corp., Prudential Broadcasting Co., St. Louis Broadcasting Co., and Six-Eighty-Eight Broadcasting Co. contend that the Review Board has recently considered and denied a request for the pre-

<sup>3</sup> In its concurrently filed petition to accept the motion to enlarge issues for consideration on the merits, WKJG alleges that in October 1966, the Commission advised RTEI that "the radiation, as shown on the measured horizontal pattern, is in the order of 220 mv/m, which value is in excess of the 200 mv/m shown on the calculated horizontal radiated pattern authorized by the Commission in BP-4843 which was granted to KWK in 1948." On the basis of the foregoing, the Commission directed RTEI to limit radiation toward WKJG "to such a value that inverse distance field at 1 mile in the direction of 59° True, does not exceed 200 mv/m." WKJG now contends that despite numerous extensions of time RTEI has not been able to comply with the Commission's directive; that WKJG consented to such extensions in the hope that a solution would be found that would obviate the need for exploration of the matter in this proceeding; and that because, to date, no such solution has been found, it was necessary to file its subject motion to enlarge issues. The Board is of the view that WKJG's unchallenged allegations demonstrate good cause for the late filing of its motion.

<sup>4</sup> The designation order herein made WKJG a party only with respect to the application of Slater Broadcasting Co. (WBEL) which has since dismissed its application. However, in view of WKJG's showing as to the increased nighttime interference it presently receives from RTEI and the possibility of such increased interference from certain of the St. Louis applicants, WKJG would have standing as a party under section 309 of the Communications Act. This fact was apparently recognized by the parties herein, none of which questioned WKJG's standing to file its subject petitions. In order to clarify the matter, we now hold that WKJG has standing in this proceeding with respect to the St. Louis applicants.

else issue sought by WKJG, and that WKJG has advanced no reason why the Board should reverse its prior decision. The joint opposition concedes that the RTEI signal intensity radiated toward WKJG is 10 percent in excess of the maximum expected operating value (MEOV) shown in the proposed nighttime radiation pattern; but argues that the presence of the old KWK towers is transitory; that it is reasonable to assume that by the time this proceeding has been finally adjudicated the towers will have been removed; that in the meantime RTEI will seek to readjust "around" the old towers; and finally, that should readjustment efforts prove unsuccessful, RTEI will "presumably" seek the Commission's aid in obtaining permission to detune the old KWK towers. In reply, WKJG contends that the proof-of-performance measurements necessary to show that the required protection to WKJG has been obtained will not be filed for some time; that there is no assurance that radiation checks will be maintained to assure that the required protection toward WKJG will be provided, and that, "if the proof-of-performance measures up", an appropriate stipulation can be entered into by the parties.

4. In both its memorandum opinion and order granting RTEI interim authority to operate the facility here in contest (Pike-Mo Broadcasting Co., supra) and its order designating the St. Louis applicants for hearing, the Commission made it clear that existing stations would not be required to accept any more interference from the new St. Louis proposal than they were required to accept from former Station KWK. According to WKJG's undisputed allegations, it presently receives such increased nighttime interference from RTEI's operation and will continue to receive such interference in the event the Commission grants any of the five St. Louis applications proposing to use the RTEI site with the same nighttime power (5 kw) and directional array presently employed by RTEI. Although on an earlier occasion the Board denied Victory Broadcasting Co., Inc.'s request for a similar issue with regard to interference to Station KJCF, Festus, Mo., and five other existing stations located west-northwest clockwise to the southeast of St. Louis,<sup>8</sup> it did so on the grounds that Victory's allegations were insufficient to support its claim that the proposals of the St. Louis applicants specifying the RTEI site would cause new, increased or changed interference to such stations. Here the allegations of increased nighttime interference stand un rebutted and are strengthened by the Commission's October 14, 1966, letter directing RTEI to reduce its radiation in the direction of WKJG.<sup>9</sup> The pleadings before the

Board contain no indication that this directive has been complied with and, accordingly, the requested issue will be added with respect to those applicants proposing to use the interim site with 5 kw nighttime power.

Accordingly, it is ordered, That the petition to accept motion to enlarge issues for consideration on the merits, filed August 4, 1967, by WKJG, Inc., is granted; and

It is further ordered, That the motion to enlarge issues, filed August 4, 1967, by WKJG, Inc., is granted to the extent indicated below, and denied in all other respects; and

It is further ordered, That the issues in this proceeding are enlarged by the addition of the following issue: To determine whether the transmitter site proposed by Prudential Broadcasting Co., Six-Eighty-Eight Broadcasting Co., St. Louis Broadcasting Co., Home State Broadcasting Corp., and Archway Broadcasting Corp. is satisfactory, with particular regard to any conditions that may exist in the vicinity of the antenna system which would distort the proposed antenna radiation pattern to affect the operation of Station WKJG, Fort Wayne, Ind.

It is further ordered, That the burden of proceeding and burden of proof under the issue added herein will be on Prudential Broadcasting Co., Six-Eighty-Eight Broadcasting Co., St. Louis Broadcasting Co., Home State Broadcasting Corp., and Archway Broadcasting Corp.

### "WALKIE-TALKIE" RADIOS

#### Use of Caution in Purchase

The Federal Communications Commission urges caution in buying Walkie-Talkie radios as Christmas gifts for children or others. Use of radios for transmitting without an FCC license may violate Federal law. Only the very low-power (100 milliwatts or less) two-way radios may be used without a license. They should not be confused with "Citizens Band" radios which are higher powered. In order to be certain that a license is not needed for the Walkie-Talkie, be sure a certificate is attached which states that the Walkie-Talkie complies with Part 15 of the FCC rules.

Even if a license is not required, if interference is caused to any licensed radio service, the user of the Walkie-Talkie may be required to limit communications or cease operation entirely.

Unlicensed Walkie-Talkie radios permitted under Part 15 of the FCC rules

<sup>8</sup> Review Board Member Nelson not participating; Board Member Pincock absent.

are forbidden to communicate with licensed Citizens Band radio stations.

Licenses for Citizens Band radios may be granted only to U.S. citizens over 18 years of age. Youngsters interested in radio as a hobby should request information from the FCC concerning the Amateur Radio Service.

[Docket No. G-4881, etc.]

### SINCLAIR OIL & GAS CO. ET AL.

#### Notice of Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates<sup>1</sup>

DECEMBER 14, 1967.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service heretofore authorized as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before January 8, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no protest or petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given: *Provided, however*, That pursuant to § 2.56, Part 2, Statement of General Policy and Interpretations, Chapter I of Title 18 of the Code of Federal Regulations, as amended, all permanent certificates of public convenience and necessity granting applica-

[Docket No. G-9262]

**FLORIDA GAS TRANSMISSION CO.**  
**Notice of Petition To Amend**

DECEMBER 14, 1967.

Take notice that on December 4, 1967, Florida Gas Transmission Co. (Petitioner), Post Office Box 44, Winter Park, Fla. 32789, filed in Docket No. G-9262 a petition to amend the order issued in said docket on December 28, 1956, authorizing the construction and operation of three new delivery points to Florida Power & Light Co. (Power Company) and increasing the quantities of gas authorized for delivery at another existing delivery point, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

By the aforementioned order of December 28, 1956, Petitioner was authorized, inter alia, to transport and deliver an annual average daily quantity of up to 100,000 Mcf of natural gas to various electric generating plants of Power Company in Florida. By the instant filing, Petitioner seeks authorization to increase the volume of natural gas authorized for delivery to Power Company's Riviera plant now served by Applicant and to add to existing delivery points the Port Everglades, Kennedy, and Turkey Point plants of Power Company as additional points for receipt of gas transported by Petitioner, such deliveries to be made pursuant to Petitioner's Rate Schedule T-2.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (41 CFR 157.10) on or before January 10, 1968.

**MINNESOTA POWER & LIGHT CO.**  
**Notice of Application**

DECEMBER 13, 1967.

Take notice that on December 5, 1967, Minnesota Power & Light Co. (Applicant), filed an application seeking authority pursuant to section 204 of the Federal Power Act authorizing the issuance of \$18 million principal amount of First Mortgage Bonds.

Applicant is incorporated under the laws of Minnesota with its principal business office at Duluth, Minn., and is engaged in the electric utility business in the State of Minnesota.

The Bonds will be sold at competitive bidding in accordance with the Commission's regulations, are to be dated January 1, 1968, and are to mature on January 1, 1998. The Bonds will not be callable for purposes of refunding with money borrowed at a lower cost for a period not to exceed 5 years from the date of issuance.

The proceeds from the sale of the Bonds will be applied to the payment of an estimated \$11 million in bank loans and will finance, in part, the Applicant's construction program which is expected to require the expenditure of \$19.7 million in 1967 and 1968. This program includes \$8.1 million for transmission lines, \$4.5 million for substations and \$1.1 million for generating facilities.

Any person desiring to be heard or to make any protest with reference to said application should, on or before January 5, 1968, file with the Federal Power Commission, Washington, D.C. 20426, petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file and available for public inspection.

GORDON M. GRANT,  
 Secretary.

[Docket No. RI68-269]

**PLACID OIL CO.**

**Order Providing for Hearing on and Suspension of Proposed Change in Rate**

DECEMBER 13, 1967.

On November 13, 1967, Placid Oil Co. (Placid)<sup>1</sup> tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change is contained in the following designated filing:

Description: Notice of change, dated November 10, 1967.

Purchaser and producing area: Tennessee Gas Pipeline Co., a division of Tenneco, Inc. (Leeville Area, Lafourche Parish, La.) (South Louisiana Area).

Rate schedule designation: Supplement No. 3 to Placid's FPC Gas Rate Schedule No. 31.

Effective date: December 14, 1967.<sup>2</sup>

Amount of annual decrease: \$300.

Effective rate: 23.25 cents per Mcf.<sup>3</sup>

Proposed rate: 23.15 cents per Mcf.<sup>4</sup>

Pressure base: 15.025 p.s.i.a.

Placid proposes a rate decrease from 23.25 cents to 23.15 cents per Mcf, amounting to \$300 annually, for gas sold to Tennessee Gas Pipeline Co., a division of Tenneco, Inc., from the Leeville Area, Lafourche Parish, La. The stated reason for Placid's filing a rate decrease is to place the rate under a section 4(e) obligation to refund in lieu of its refund obligation under the temporary certificate. Placid requests that the Commission's 30-day notice period be shortened to the extent necessary to permit the proposed rate to go into effect on December 1, 1967, because the notice provides for a decrease in rate.

The Commission in Opinion No. 436 issued July 23, 1964, in Union Texas Petroleum et al., Docket Nos. G-13221 et al., 32 FPC 254, determined that the in-line price for the subject sale, among others, was 20 cents per Mcf, inclusive of tax reimbursement. The U.S. Court of Appeals for the 10th Circuit in Pan American Petroleum Corporation et al., v. F.P.C., 376 F.2d 161, affirmed the Commission's in-line base price determination of 18.5 cents per Mcf in Opinion No. 436, but remanded the case to the Commission for further consideration of the 1.5 cents tax reimbursement allowance. Petitions for certiorari have been filed in that case before the Supreme Court of the United States, but none have contested the court's ruling on the tax reimbursement issue.

<sup>1</sup> Address is: 2500 First National Bank Building, Dallas, Tex. 75202. Attention: Paul W. Hicks, Esquire.

<sup>2</sup> The stated effective date is the first day after expiration of the statutory notice.

<sup>3</sup> Rate as conditioned by temporary certificate issued June 16, 1961, in Docket No. CI61-1362, in lieu of contractually authorized rate of 23.6 cents. Amounts collected in excess of 20 cents under the temporary are subject to refund.

<sup>4</sup> Inclusive of tax reimbursement.

While the proposed change does constitute a decrease in rate from Placid's presently effective rate, it also represents an increase above the 20 cents in-line price determined in Opinion No. 436.<sup>2</sup> Under the 10th Circuit decision the in-line price may still be 20 cents per Mcf, but in any event it will not exceed 20.8 cents per Mcf based upon 100 percent tax reimbursement of 2.3 cents per Mcf Louisiana severance tax in lieu of the 1.5 cents per Mcf tax reimbursement provided for in Opinion No. 436. Placid's proposed rate therefore also exceeds the highest possible in-line rate under the court's ruling. In these circumstances, we conclude that the proposed change should be suspended for 5 months from December 14, 1967, the expiration date of the 30-day statutory notice period.<sup>3</sup> Good cause has not been shown for granting the effective date requested by Placid and the request is denied.

The proposed changed rate and charge may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the proposed change, and that Supplement No. 3 to Placid's FPC Gas Rate Schedule No. 31 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders: (A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Ch. I), a public hearing shall be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed change contained in Supplement No. 3 to Placid's FPC Gas Rate Schedule No. 31.

(B) Pending such hearing and decision thereon, Supplement No. 3 to Placid's FPC Gas Rate Schedule No. 31 is hereby suspended and the use thereof deferred until May 14, 1968, and thereafter until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washing-

ton, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before January 29, 1968.

By the Commission.

Acting Secretary.

[Project 2426]

**STATE OF CALIFORNIA DEPARTMENT  
OF WATER RESOURCES AND CITY  
OF LOS ANGELES DEPARTMENT OF  
WATER AND POWER**

**Notice of Application for License Superseding Earlier Application for License for Unconstructed Project**

DECEMBER 13, 1967.

Public notice is hereby given that application for license has been filed under the Federal Power Act (16 U.S.C. 791a-825r) by State of California Department of Water Resources and city of Los Angeles Department of Water and Power (correspondence to: Alfred R. Golze, Deputy Director, Department of Water Resources, Post Office Box 388, Sacramento, Calif. 95814) for unconstructed Project No. 2426, known as California Aqueduct Project, to be located in the counties of Contra Costa, Alameda, Fresno, Kern, Kings, Los Angeles, Merced, Riverside, San Bernardino, San Joaquin, San Luis Obispo, and Stanislaus—all in the State of California—in the vicinity of the towns and cities of Tracy, Los Banos, Coalinga, Kettleman City, San Luis Obispo, Taft, Gorman, Palmdale, Pearblossom, Hesperia, San Bernardino, Riverside, Sunnymead, Los Angeles, and Perris, and affecting lands of the United States within Angeles, Los Padres, and San Bernardino National Forests, and other lands of the United States.

The subject application for license in effect supersedes a previously filed application in that the subject application has been joined in by the city of Los Angeles Department of Water and Power to the extent of its construction and operation with the State of California of the Castaic pumped-storage facilities of the West Branch Division (set forth more fully below), and describes in complete detail all of the facilities comprising the California Aqueduct Project. Notice of the previously filed application was published on April 11, 18, and 25, and May 2, 1966 in newspapers in the counties in which the project is to be located.

The proposed California Aqueduct System will comprise all the facilities (with the exception of the State-Federal San Luis Joint Use Facility which is not included for license purposes) necessary to transport water some 420 miles from the Sacramento-San Joaquin Delta for delivery at canal-side points en route to termini in the counties of Los Angeles, Riverside, and San Luis Obispo. The

project is divided into several divisions described as follows: I. North San Joaquin Division consisting of all aqueduct facilities from Clifton Court (mile 0) in Contra Costa County some 30 miles east of San Francisco southerly through portions of Alameda, San Joaquin, and Stanislaus Counties to O'Neill Forebay in Merced County, including (1) Clifton Court Forebay near the end of Italian Slough, to be supplied with water from the Delta via Old River and West Canal, (2) fish protective facilities and intake channel, (3) Delta Pumping Plant having 11 electric motor-driven pumps with total design rating (capacity, power requirement, and design head) of 10,300 c.f.s. (cubic feet per second), 343,000 hp. (horsepower), and 249 feet (243-foot lift), (4) Bethany Reservoir, and (5) Delta Operation and Maintenance Center; II. San Luis Division, located in Merced, Fresno, and Kings Counties, is operated jointly by the State of California and by the Department of the Interior's Bureau of Reclamation and is not a part of Project No. 2426 for license purposes; III. South San Joaquin Division, located in Kings and Kern Counties, consisting of (1) aqueduct facilities beginning at Kettleman City at mile 173 and terminating at Tehachapi Pumping Plant in the San Joaquin Valley, (2) Buena Vista Pumping Plant having 10 electric motor-driven pumps with a total design rating of 4,900 c.f.s. and 128,000 hp. at a 225-foot head (205-foot lift), (3) Wheeler Ridge Pumping Plant having nine electric motor-driven pumps with a total design rating of 4,600 c.f.s. and 136,500 hp. at a 238-foot head (231-foot lift), (4) Wind Gap Pumping Plant having nine electric motor-driven pumps with a total design rating of 4,400 c.f.s. and 290,500 hp. at a 524-foot head (518-foot lift), and (5) operation and maintenance facilities; IV. Tehachapi Division, located wholly within Kern County, consisting of (1) the Tehachapi Pumping Plant having 14 pumps with a total rating of 4,100 c.f.s. and 1,007,500 hp. at a 1,970-foot lift, and (2) aqueduct facilities to the junction of the West Branch and Mohave Divisions; V. Mohave Division, located in Kern, Los Angeles, and San Bernardino Counties, consisting of (1) the Cottonwood Development—to be initially comprised of an energy dissipater in lieu of a powerplant to be constructed around 1981 consisting of a 20,000 hp. turbine and a 14.1 mw. (megawatt) generator with design head and discharge of 125 feet and 1,475 c.f.s., respectively, (2) Pearblossom Pumping Plant having six electric-driven pumps with a total design capacity of 1,381 c.f.s. and 98,000 hp. at a 545-foot lift, (3) aqueduct facilities beginning at the Cottonwood Development, including the Cedar Springs Reservoir and Dam, and (4) Pearblossom Operation and Maintenance Center; VI. Santa Ana Division, located in San Bernardino, Los Angeles, and Riverside Counties, consisting of (1) aqueduct facilities beginning at Cedar Springs Dam, connecting with Devil

<sup>2</sup>The proposed rate also exceeds the applicable area increased rate ceiling set forth in the Commission's statement of general policy No. 61-1.

<sup>3</sup>Similar rate decreases in the past have also been suspended for 5 months from the expiration of statutory notice. *Hassie Hunt Trust (Operator) et al.*, Docket Nos. R164-733 et al., order issued May 6, 1964.

Canyon Powerplant, and ultimately terminating in Perris Reservoir, (2) Devil Canyon Powerplant containing two 81,000 hp. turbines and two 58.5 mw. generators (1,435-foot static head), and (3) the Perris Reservoir located some 16 miles southeast of Riverside, Calif.; VII. West Branch Division, located in Kern and Los Angeles Counties, is described herein in two parts inasmuch as the supersede application for license states that one part of this division will be developed solely by the State of California and a second part will be developed jointly by the State and by the city of Los Angeles as a pumped-storage facility. (A) According to the application the State will develop and operate (1) all West Branch aqueduct facilities beginning at the turnout from the main aqueduct in the southern end of the Tehachapi Afterbay at the junction of the Mohave and Tehachapi Divisions, and extending to Pyramid Reservoir—the upper pool of the Castaic pumped-storage facility, (2) Oso Pumping Plant, to consist of eight electric-driven pumps with total design capacity of 3,114 c.f.s. and 91,000 hp. at a 231-foot operating head (210-foot lift), (3) Pyramid Powerplant, to contain two 86 mw. generators and two 118,000 hp. turbines—each with a 655-foot design head and a 1,330 c.f.s. design discharge capacity operating under a 747-foot static head, and (4) Castaic Dam and Reservoir—a 335-foot high earthfill dam with a crest length of 5,200 feet and a reservoir with a surface area of 2,630 acres and a capacity of 350,000 acre-feet at a surface elevation of 1,515 feet—to be located at the terminus of the West Branch Aqueduct. (B) According to the application the State and the city of Los Angeles will develop jointly the remaining portion of the West Branch Division as a pumped-storage generating facility.

The State will construct, subject to provisions of the application, (1) Pyramid Dam and Reservoir—a 390-foot-high earth and rockfill dam with a 1,000-foot-long crest, and a reservoir having a surface area of 1,330 acres and a 173,500 acre-foot capacity with surface elevation of 2,578 feet—which will be utilized as the upper pool of the Castaic pumped-storage scheme, (2) Pyramid Reservoir outlet works, (3) 30-foot-diameter Angeles Tunnel which extends from the upper pool (Pyramid Reservoir) to the penstocks of Castaic Powerplant, (4) a surge chamber on Angeles Tunnel near the Castaic Powerhouse, and (5) a communication link between the State's facilities and those of the city. In addition to public access roads to the Upper Castaic recreation areas. The city will construct, subject to provisions of the application, (1) facilities to connect the Angeles Tunnel to the penstocks of Castaic Powerplant, (2) Castaic Powerplant—to consist of one 50 mw. impulse turbine for starting purposes and six pump-turbine units, each rated at 200 mw. when generating and requiring 283 mw. to develop a full unit capacity

of 275,000 hp. and discharge of 3,000 c.f.s. when pumping under a 920-foot operating head, (3) Castaic Pumping Forebay, to be formed by constructing a dam of earth and rockfill across the northwesterly fork of the proposed Castaic Reservoir at a location to be approved by the State, and (4) appurtenant facilities.

**NOTE:** Operation of the pumped-storage facilities will be in accordance with terms mutually agreed upon by the State and by the city as set forth in the amended application for license, and the application states that the total net benefits of the Castaic pumped-storage facility will be equally shared by the two parties.

And VIII. Coastal Branch, located in Kings, Kern, and San Luis Obispo Counties, which will take off from the main aqueduct at mile 186 some 10 miles south of Kettleman City in the South San Joaquin Division and will be comprised of (1) Las Perillas Pumping Plant having six pumping units with total design capacity and power requirement of 450 c.f.s. and 4,050 hp. at a 61-foot design head to be installed in 1968, 1971, and 1980, (2) Badger Hill Pumping Plant having six pumping units with total design capacity and power requirement of 450 c.f.s. and 10,500 hp. at a design head of 162 feet, to be installed in 1968, 1971, and 1980, (3) Devil's Den Pumping Plant scheduled for installation in 1980 will have six pumping units with total capacity and power requirement of 127 c.f.s. and 8,000 hp. at a lift of 409 feet, (4) Sawtooth Pumping Plant will be located at the base of Sawtooth Ridge in Kern County and will consist of six pumping units to be installed in 1980 having a capacity of 127 c.f.s. and power requirement of 6,500 hp. at a 331-foot lift, (5) Polonio Pumping Plant to be installed in 1980 will be located at the base of the Temblor Range in Kern County and will consist of six pumping units having a total design capacity and power requirement of 127 c.f.s. and 15,750 hp. at a lift of 810 feet, (6) San Luis Obispo Powerplant scheduled for installation in 1980 will be located some 4 miles southeast of the city of San Luis Obispo and will consist of a single 6 mw. unit driven by an 8,400 hp. turbine operating under a static head of 730 feet and an operating head of 658 feet, and (7) all aqueduct facilities required for the operation of the Coastal Branch units terminating at Santa Maria Terminus.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last day upon which protests or petitions may be filed is February 1, 1968. The application is on file with the Commission for public inspection.

## SECURITIES AND EXCHANGE COMMISSION

[811-937]

### GROWTH CAPITAL, INC.

#### Notice of Filing of Application for Order Declaring Company Has Ceased To Be Investment Company

DECEMBER 15, 1967.

Notice is hereby given that Growth Capital, Inc. ("Applicant"), 118 St. Clair Avenue, NE, Cleveland, Ohio 44114, an Ohio corporation registered as a non-diversified, closed-end investment company under the Investment Company Act of 1940 ("Act"), has filed an application pursuant to section 8(f) of the Act for an order declaring that Applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Applicant was organized in March 1960 as a registered closed-end investment company and a licensee under the Small Business Investment Act of 1958. It has operated as a small business investment company since that time.

On January 10, 1967, shareholders of Applicant approved a plan of liquidation of Applicant pursuant to which Applicant transferred its interest in its operating subsidiaries to Growth International, Inc. ("GI"), a wholly owned subsidiary. On April 1, 1967, Applicant was dissolved under the laws of the State of Ohio; and on April 28, 1967, Applicant's surrender of its license to operate as a small business investment company became effective. Since April 1, 1967, Applicant has conducted no business except as necessary and incidental to its liquidation.

As of October 20, 1967, 97 percent of the outstanding shares of Applicant have been submitted by 94 percent of the shareholders, and certificates representing shares of GI have been delivered to them. Applicant has contacted the holders of the remaining 3 percent of the shares (146 shareholders) in an effort to persuade them to surrender Applicant's stock certificates for shares of GI, and one more mail request will be recommended.

Applicant states that the only value of its outstanding shares is that they represent the right to receive shares of GI. The Cleveland Trust Co., Transfer Agent and Registrar of Applicant, will mail shares of GI to all shareholders even if they do not surrender their shares of Applicant. Any of the certificates which cannot be delivered will be returned to the Cleveland Trust Co. and held by it in an "undeliverable stock account." Applicant states that an effort will be made to trace any lost stockholders and the certificates for any stockholders who cannot be so reached will be held indefinitely.

The sole distribution in liquidation of Applicant will be that of the shares of GII. Applicant is also engaged in disposing of the investment securities which it held to satisfy all of its indebtedness and has agreed to transfer to GII all of its assets, if any, remaining after the payment of the indebtedness in return for GII's guarantee of such indebtedness.

Section 8(f) of the Act provides, in pertinent part, that when the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and upon the taking effect of such order, the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than January 5, 1968, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

It is ordered, That the Secretary of the Commission shall send a copy of this notice by certified mail to the Director, Office of Investment Assistance, Small Business Administration, Washington, D.C. 20416.

For the Commission (pursuant to delegated authority).

### MOTOR CARRIER, BROKER, WATER CARRIER, AND FREIGHT FORWARDER APPLICATIONS

DECEMBER 15, 1967.

The following applications are governed by Special Rule 1.247<sup>1</sup> of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with § 1.247(d) (3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of § 1.247(d) (4) of the special rule, and shall include the certification required therein.

Section 1.247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute

the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's General Policy Statement Concerning Motor Carrier Licensing Procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

DECEMBER 15, 1967.

At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D.C., on the 29th day of November 1967.

The matter of special reports to be filed by selected class I railroad companies being under consideration pursuant to section 20(1) of the Interstate Commerce Act, as amended; and,

It appearing, that the information described in the forms which are attached hereto<sup>1</sup> and available upon request from the Office of the Secretary, Interstate Commerce Commission, Washington D.C. 20423 and made a part hereof, is relevant and necessary for proper administration of Part I of the Act; and will not unduly burden the reporting carriers;

It further appearing, that selected railroads were permitted the option of providing the required data on either the basis of a scientific sample or on a 100 percent basis, therefore:

<sup>1</sup> Forms not filed with Office of the Federal Register.

It is ordered, That each class I line-haul railroad company subject to the Act shown on Appendix A below is hereby required to complete the attached Forms 1 and 2<sup>1</sup> in accordance with the instructions set out thereon; and that, the class I line-haul railroads listed in Appendix A as selecting the 100 percent basis shall report on such basis; and that all other class I railroads named in Appendix A shall report on one of the two sampling bases contained in the instructions for Forms 1 and 2; and that, the completed forms be filed with the Bureau of Accounts, Interstate Commerce Commission, Washington, D.C. 20423, within 30 days following the close of each test period specified in the instructions; and,

It is further ordered, That a copy of this order with the attachments shall be served on each class I line-haul railroad company subject to its provisions, and that notice be given to the general public by depositing a copy of this order in the Office of Secretary of the Commission at Washington, D.C. 20423.

By the Commission, Division 2.
