PART 74—SCABIES IN SHEEP

Interstate Movement

Pursuant to the provisions of sections 4 through 7 of the Act of May 29, 1884, as amended, sections 1 and 2 of the Act of February 2, 1903, as amended, and sections 1 through 4 of the Act of March 3, 1905, as amended (21 U.S.C. 111-113, 115, 117, 120, 121, 123-126) Part 74, Subchapter C, Chapter I, Title 9, Code of Federal Regulations, as amended, is hereby further amended in the following respects:

1. Paragraph (a) of § 74.2 is amended to read as follows:

§ 74.2 Designation of free and infected areas.

(a) Notice is hereby given that sheep in the following States, territories, and district, or parts thereof as specified, are not known to be infected with scabies, and such States, territories, district, and parts thereof, are hereby designated as free areas:

(1) Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virgin Islands of the United States, Washington, West Virginia, Wisconsin, and Wyoming; and

(2) All counties in Virginia except Clarke.

* * * * *

2. Section 74.3 is amended to read as follows:

§ 74.3 Designation of eradication areas.

(a) Notice is hereby given that sheep in the county of Clarke, in the State of Virginia, are being handled systematically to eradicate scabies in sheep, and such county is hereby designated as an eradication area.

(Secs. 4-7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1-4, 33 Stat. 1264, as amended, 1265, as amended, 76 Stat. 129-132; 21 U.S.C. 111-113, 115, 117, 120, 121, 123-126, 134-134(h); 29 F.R. 16210, as amended)

Effective date. The foregoing amendments shall become effective upon publication in the FEDERAL REGISTER.

The amendments (1) terminate the designation of Hopkins County, Ky., as an infected and an eradication area, and classify Kentucky as a free area for purposes of the regulations; and (2) add Clarke County, Va., to the list of infected and eradication areas and delete such county from the list of free areas due to the presence of sheep scabies therein. After the effective date of these amendments, the restrictions pertaining to the interstate movement of sheep from or into infected and eradication areas as contained in 9 CFR Part 74, as amended, will apply to such area.

The amendments relieve certain restrictions heretofore applicable to the interstate movement of sheep from Hopkins County, Ky. They also impose certain restrictions on the interstate movement of sheep from Clarke County, Va., for the purpose of preventing the

spread of scabies, a communicable disease of sheep, and must be made effective immediately in order to accomplish their purpose in the public interest. Accordingly, under the administrative provisions of 5 U.S.C., section 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable and contrary to the public interest, and good cause is found for making the amendments effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 21st day of March 1968.

R. J. ANDERSON,
*Acting Administrator,
Agricultural Research Service.*

Chapter III—National Transportation Safety Board

PART 400—STATEMENT OF ORGANIZATION AND FUNCTIONS OF THE BOARD AND DELEGATION OF AUTHORITY

Investigation of Certain Aircraft Accidents

The National Transportation Safety Board presently delegates, in § 400.45 of Part 400, with the approval of the Secretary of Transportation, authority to the Federal Aviation Administrator to investigate certain aircraft accidents and to submit reports to the Board from which the Board may determine the probable cause of the accident. Section 400.45 is hereby amended to delegate, with the approval of the Secretary of

Transportation, additional authority to the Administrator to investigate and furnish reports to the Board with respect to (1) all nonfatal general aviation rotorcraft accidents, (2) all aerial application accidents, (3) all amateur-built aircraft accidents, and (4) all restricted category aircraft accidents. In addition, § 400.45 is amended to delete, with the approval of the Secretary, the present delegation of authority to the Administrator to conduct investigations of (1) nonfatal mid-air collisions involving general aviation aircraft and (2) accidents in the States, other than Alaska, involving aircraft with a maximum gross weight of 12,500 pounds or less in which the aircraft is operated by an air carrier authorized by certificate of public convenience and necessity to engage in air transportation.

Since the amendment involves an interagency agreement and will not impose any additional burden on any person, notice and public procedure hereon are not required. The Board finds that the amendment should be made effective April 1, 1968, to insure an orderly transition with minimum impact upon its statistical information. Accordingly, the National Transportation Safety Board hereby amends § 400.45 of its Organization Regulations (14 CFR Part 400) effective April 1, 1968, to read as follows:

§ 400.45 Investigation of certain aircraft accidents.

(a) Pursuant to the authority set forth in section 5(m) of the Act, the National Transportation Safety Board, with the approval of the Secretary of Transportation, hereby delegates to the Federal Aviation Administrator, the authority, subject to the terms, conditions, and limitations of Title VII of the Federal Aviation Act, and as set forth below, to investigate the facts, conditions, and circumstances surrounding certain fixed-wing and rotorcraft aircraft accidents and to submit a report to the Board from which the Board may then make a determination of the probable cause.

(b) The authority hereby delegated shall include the investigation of all civil aircraft accidents involving rotorcraft, aerial application, amateur-built aircraft, restricted category aircraft, and all fixed-wing aircraft which have a certificated maximum gross takeoff weight of 12,500 pounds or less;

(1) *Provided*, That this authority shall not extend to any accident involving an aircraft operated by any air carrier authorized by certificate of public convenience and necessity to engage in air transportation.

(2) *Provided further*, That this authority shall not include the investigation of aircraft accidents in which fatal injuries have occurred to any occupants of such aircraft, but shall include accidents involving fatalities incurred as a result of aerial application operations, amateur-built aircraft operations, or restricted category aircraft operations.

(3) *Provided further*, That this authority shall not be construed as authori-

zation for the Administrator to hold public hearings or to make a determination of the probable cause of any accidents;

(4) *Provided further*, That this authority shall not include accidents involving aircraft operated in accordance with the provisions of the Federal Aviation Regulations entitled "Air Taxi Operators and Commercial Operators of Small Aircraft"; (Part 135 of this title);

(5) *Provided further*, That this authority shall not include aircraft accidents involving a mid-air collision.

(6) *And Provided further*, That the Administrator shall report, in a form acceptable to the Board, the facts, conditions, and circumstances surrounding each accident, from which report the Board may determine the probable cause.

(c) If at any time the Board shall determine, either upon request of the Administrator or upon its own initiative, that the circumstances of a particular accident being investigated by the Administrator pursuant to this order are of sufficient public interest, the Board, upon notification to the Administrator, may terminate this authority and assume full responsibility for the conduct of this investigation for the particular accident.

(Sec. 5(b), 5(k), and 5(m), 80 Stat. 935 and 936; 49 U.S.C. 1654)

By the National Transportation Safety Board.

Chairman.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Subpart D—Food Additives Permitted in Food for Human Consumption

POLYSORBATE 60 (POLYOXYETHYLENE (20) SORBITAN MONOSTEARATE)

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 8A2252) filed by Atlas Chemical Industries, Inc., Wilmington, Del. 19899, and other relevant material, has concluded that the food additive regulations should be amended to provide for the safe use of polysorbate 60 as an emulsifier in nonstandardized dressings made with egg yolk. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec 409(c) (1), 72 Stat.

1786; 21 U.S.C. 348(c) (1)) and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120), § 121.1030(c) (7) is amended by deleting the phrase "made without egg yolk" and as amended reads as follows:

§ 121.1030 Polysorbate 60 (polyoxyethylene (20) sorbitan monostearate).

(c) * * *

(7) As an emulsifier in nonstandardized dressings whereby the maximum amount of the additive does not exceed 0.3 percent of the weight of the finished dressings.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

NAVIGABLE WATERS**

**Chapter I—Coast Guard, Department
of Transportation**

SUBCHAPTER C—AIDS TO NAVIGATION
[CGFR 68-28]

**PART 66—PRIVATE AIDS TO
NAVIGATION**

Basic Provisions

1. The Coast Guard is authorized to establish, maintain and operate aids to maritime navigation, including electronic aids to navigation systems, required to serve the needs of maritime commerce (14 U.S.C. 81). Establishment, erection or maintenance of any aid to maritime navigation by any person, public body, or instrumentality, excluding the Armed Services, is prohibited without prior authorization from the Coast Guard and this prohibition is enforceable by

penal sanctions (14 U.S.C. 83). This statutory plan vests in the Coast Guard the exclusive authority to operate aids to maritime navigation to serve the needs of maritime commerce or to authorize operation by others.

2. The purpose of this document is to publish in 33 CFR 66.01-1(c) the Commandant's policy that operation of electronic aids to navigation as private aids to navigation will not be authorized. Since this is a general statement of policy, the notice, hearing and effective date requirements of 5 U.S.C. 553 are not applicable.

3. By virtue of the authority vested in me as Commandant by 14 U.S.C. 632 and other statutes cited with the regulation below and the delegation of authority in 49 CFR 1.4(a)(2), § 66.01-1(c) is added and shall be effective on date of publication in the FEDERAL REGISTER:

§ 66.01-1 Basic provisions.

PAYMENTS TO CONTRACTORS

Part 5B-7. Contract Clauses, is amended as follows:

The table of contents for Part 5B-7 is amended to add the following entry:

Sec.
5B-7.601-70 Payments to contractor.

New § 5B-7.601-70 is added to read as follows:

§ 5B-7.601-70 Payments to contractor.

The Payments to Contractor clause of Standard Form 23-A, General Provisions (Construction Contract), shall be amended as follows:

(a) Delete the second sentence from paragraph (c) and substitute the following:
However, if the Contracting Officer, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, he may authorize payment in full of all progress payments earned after the work has reached a 50 percent stage of completion.

(b) Delete the words "if required" from the first sentence of paragraph (e).

Proposed Rule Making

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 270]

[Release 5318]

FILING OF APPLICATIONS

Proposed General Requirements

Notice is hereby given that the Securities and Exchange Commission has under consideration the amendment of Rule 0-2 under the Investment Company Act of 1940 ("Act") [17 CFR 270.0-2] to require that applications filed with the Commission under the Act be filed in quintuplicate and that such applications contain the name and address of each applicant and the name and address of any person to whom any applicant wishes any question regarding the application to be directed. In addition, the Commission has under consideration the revocation of the provision of Rule 0-2 [17 CFR 270.0-2] which permits any application to state that the applicant offers the application in evidence at any hearing on such application. The proposed amendments would be adopted pursuant to the authority granted to the Commission in section 38(a) of the Act.

Rule 0-2 [17 CFR 270.0-2] under the Act sets forth the general requirements of papers and applications to be filed with the Commission under the Act. Paragraph (b) of Rule 0-2 [17 CFR 270.0-2] requires that every application for an order under any provision of the Act, for which a form with instructions is not specifically prescribed, and every amendment to such application shall be filed in triplicate. Paragraph (f) of Rule 0-2 [17 CFR 270.0-2] provides that any application may state that the applicant offers the application in evidence at any hearing on such application, and that if such offer is made, the application shall be received in evidence at the hearing as proof in support of the allegations therein without the necessity of the applicant appearing and introducing further evidence, unless counsel for the Commission or an interested person objects. Section 38(a) of the Act authorizes the Commission to issue such rules as are necessary or appropriate to the exercise of the powers conferred upon the Commission in the Act.

It is proposed that Rule 0-2(b) [17 CFR 270.0-2(b)] be amended by deleting the requirement that every application be filed in triplicate and substituting the requirement that every application be filed in quintuplicate. The purpose of this proposed amendment is to expedite the processing procedure by providing sufficient working copies of the applica-

tion for the persons responsible for its review.

It is also proposed that Rule 0-2 [17 CFR 270.0-2] be amended by revoking paragraph (f) so that an application may no longer state that the applicant offers the application in evidence at any hearing on such application. The purpose of this proposed amendment is to bring Rule 0-2 [17 CFR 270.0-2] more closely in line with the hearing procedures which have developed since paragraph (f) was adopted in 1940. At that time a hearing was held on every application, and the purpose of paragraph (f) was to expedite the hearing, where neither the staff nor any interested person questioned or opposed the application, by permitting the applicant to offer the application in evidence at the hearing as proof in support of the allegations therein without the necessity of the applicant appearing and introducing further evidence. However, more recently, a new procedure has been followed under which the Commission orders a hearing, upon the request of any interested person or upon its own motion, only if it appears that a hearing is necessary or appropriate in the public interest or for the protection of investors. In connection with such a hearing, the counsel for the Commission usually objects to the admission in evidence of the application pursuant to paragraph (f). The applicant's consent to use of the application in evidence is, therefore, generally superfluous.

It is further proposed that Rule 0-2 [17 CFR 270.0-2] be amended by adding a new requirement that every application contain the name and address of each applicant and the name and address of any person to whom any applicant wishes any question regarding the application to be directed. The purpose of this proposed amendment is to expedite the processing procedure by facilitating the staff in directing to the applicants questions or comments concerning the application.

The text of the proposed Commission action is as follows:

1. Rule 0-2(b) [17 CFR 270.0-2(b)] under the Investment Company Act of 1940 is amended by deleting the word "triplicate" in the first sentence and substituting the word "quintuplicate," and by deleting the word "two" in the second sentence and substituting the word "four." As so amended, the first two sentences of paragraph (b) read: "Every application for an order under any provision of the act, for which a form with instructions is not specifically prescribed, and every amendment to such application shall be filed in quintuplicate. One copy shall be signed by the applicant but the other four copies may have facsimile or typed signatures."

II. Rule 0-2 [17 CFR 270.0-2] under the Investment Company Act of 1940 is amended by revoking the entire present text of paragraph (f) and substituting the following:

* * * * *

§ 270.0-2 General requirements of papers and applications.

(f) Name and address. Every application shall contain the name and address of each applicant and the name and address of any person to whom any applicant wishes any question regarding the application to be directed.

* * * * *

(Sec. 38(a), 54 Stat. 841, 80a-37(a).)

All interested persons are invited to submit views and comments on the proposed amendments to Rule 0-2 [17 CFR 270.0-2]. Written statements of views and comments in respect of the proposed amendments should be submitted to the Securities and Exchange Commission, Washington, D.C. 20549 on or before April 19, 1968. All such communications will be available for public inspection.

By the Commission.

BITHIONOL AND METHIOTRIAZA-MINE IN CHICKEN FEED

Proposed Revocation of Food Additive Regulations and Amendment of Antibiotic Drug Exemption

On the basis of findings of fact set forth in a "Notice of Opportunity for Hearing" published elsewhere in this issue of the FEDERAL REGISTER, the Commissioner of Food and Drugs proposes (1) to revoke the food additive regulations (21 CFR 121.238, 121.239) providing for the use of bithionol and methiotriazamine in chicken feed for specified purposes and (2) to delete references to these substances in an antibiotic drug exemption-from-certification regulation (21 CFR 144.26(b)(18)), as follows:

1. Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and

Cosmetic Act (secs. 409, 701(a), 52 Stat. 1055, 72 Stat. 1785 et seq., 21 U.S.C. 348, 371(a)) and delegated by him to the Commissioner (21 CFR 2.120), it is proposed that Part 121 be amended by revoking § 121.238 *Bithionol* and § 121.239 *Methiotriazamine*.

2. Under the authority vested in the Secretary by said act (secs. 507, 701(a), 52 Stat. 1055, 59 Stat. 463, as amended; 21 U.S.C. 357, 371(a)) and delegated as cited above, it is proposed that § 144.26(b) (18) be amended by deleting the portion that reads "or 2,2'-dihydroxy-3,3',5,5'-tetrachlorodiphenyl sulfide (bithionol) 0.05 percent and 4,6-diamino-1-(4-methylmercaptophenyl)-1,2-dihydro-2,2-dimethyl-1,3,5-triazine hydrochloride (methiotriazamine) 0.01 percent;".

Any interested person may, within 30 days from the date of publication of this notice in the FEDERAL REGISTER, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written comments, preferably in quintuplicate, on this proposal. Comments may be accompanied by a memorandum or brief in support thereof.

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of this recommended decision with respect to proposed amendments to the tentative marketing agreements and orders regulating the handling of milk in each of the marketing areas heretofore specified. Interested parties may file written exceptions to this decision with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250, by the fifth day after publication of this decision in the FEDERAL REGISTER. The exceptions should be filed in quadruplicate. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

PRELIMINARY STATEMENT

The hearing on the record of which the proposed amendments, as hereinafter set forth, to the tentative marketing agreements and to the orders as amended, were formulated, was conducted at Memphis, Tenn., on February 23, 1968, pursuant to notice thereof which was issued February 6, 1968 (33 F.R. 2784).

The material issues on the record of the hearing relate to:

1. Continuing beyond April 30, 1968, temporary emergency price increases in the markets involved.
2. Removal of the June 30, 1968, expiration date with respect to all Class I pricing provisions in the Delaware Valley, Southern Illinois, and Central Illinois orders.
3. The need for emergency action.

FINDINGS AND CONCLUSIONS

The following findings and conclusions on the material issues are based on evidence presented at the hearing and the record thereof:

(1) *Class I price level in each of these orders.* Actions should be taken to continue through April 1969 temporary emergency price increases.

On the basis of four public hearings held in April 1967, temporary price increase amendments were made effective through April 1968. In all orders using the Minnesota-Wisconsin manufacturing milk price as a basic formula, it was provided that the basic formula price should be not less than \$4.05, and Class I price differentials would be increased 20 cents per hundredweight. In the northeastern orders, where economic formulas are used modifications of formula factors and designated fixed prices were used to bring about comparable results.

Nationally, milk production has been declining during the last several years. In 1967 it was less than in 1966 by about one-half percent. Each year since 1964, production has been less than the year earlier, so that 1967 production was more than 6 percent below that of 1964. Although the decline of one-half percent from 1966 to 1967 was the lowest percentage decline during the period, milk production for February 1968, on a daily basis was 3 percent less than for February 1967.

The nation's milk cow herd is now the smallest on record. Milk cow numbers have declined steadily since 1953. Milk cows on farms during 1967 were down 4 percent from 1966 and 16 percent below the 1961-65 average. Increased production per cow in recent years has offset to a considerable extent the decrease in milk cow numbers. In fact, through 1964, national milk production increased while cow numbers declined. Since 1964, however, decreases in cow numbers have more than offset the increase in production per cow, so that total production has declined.

Milk supplies in the Federal milk order system were about the same in 1967 as in 1966. For 64 markets included in this hearing for which data are comparable, 1967 producer milk deliveries were 0.4

percent greater than for 1966. But in January 1968, producer deliveries in 68 markets with comparable data were 1.6 percent less than for January 1967.

Demand for Class I milk in the Federal order system declined in 1967 from 1966. Producer deliveries used in Class I in 64 markets were about 2.5 percent less in 1967 than in 1966. Class I utilization was 64 percent of producer receipts in 1967 as compared with 65.9 percent in 1966. In January 1968, however, producer milk used in Class I in 68 markets was 1.8 percent higher than in January 1967. Class I utilization of producer milk was 68.4 percent as compared with 66.3 for January 1967. Some slackening of demand for milk in other uses was evident in increased purchases of products under the price support program, despite the decrease in national milk production in 1967. Producers claimed that in part this resulted from increased imports of dairy products during early months of 1967.

Under the temporary pricing provisions now in effect, production in the Federal order system was maintained at the 1966 level with some decrease in demand, but there was no substantial change in the proportion of producer milk used in Class I.

Representatives of producer groups in all markets stated that current Class I price levels are scarcely adequate to counter the economic factors which are tending to discourage or reduce milk production. Because of these factors the incentive to continue in milk production would be threatened by any reduction in the present Class I price levels.

Producers' concern related particularly to the availability and cost of farm labor, the cost of farm equipment, increased taxes and capital costs in terms of interest rates. Nationally the index of farm wage rates increased 8.1 percent from December 1966 to December 1967. During the same period the average national increase in farm machinery costs was 5.1 percent, in taxes was 6.5 percent, and in interest costs was 9.7 percent. Dairy feed costs have not increased over a year ago.

Long term adequacy of milk supplies in relation to total milk and dairy product consumption will be affected by the rate of population growth and the rate of per capita consumption. In recent years population has been increasing while milk production has declined. A continued decrease in production in the face of increasing population would lead to a substantial reduction in the amount of milk available to consumers on a per capita basis. Recently per capita consumption of milk has declined at a rate somewhat greater than population has increased. It is not possible at this time to forecast with any assurance whether the resultant recent downward trend in total consumption will continue. Obviously the situation must be reexamined from time to time to appraise the results under existing price levels. For this reason the emergency price increases proposed herein should be limited to the period through April 1969.

The specific actions proposed herein continue the 20-cent higher Class I price differentials in all markets where Class I prices are determined by a basic formula (the average price paid for manufacturing grade milk in Minnesota and Wisconsin). Also in such markets the basic formula price should be floored at a figure no less than the announced support price for manufacturing grade milk (at average butterfat test) plus 5 cents. This will continue the guarantee in relation to the price for manufacturing grade milk which has been effective since May 1, 1967. In this period when the announced support price was \$4, the basic formula price for computing Class I prices in Federal milk orders has been \$4.05. With the new announced support level of \$4.28,¹ the comparable floor price for the basic formula is \$4.33.

The increase in the announced support price will thus bring about an increase of 28 cents per hundredweight in Class I prices for all markets where Class I prices are determined by the manufacturing milk price. In northeastern markets a similar increase should be incorporated in the specified prices to be effective through April 1969. This can be accomplished by adding 28 cents to the Class I prices currently effective in those markets.

Without the assurance provided by the actions proposed, the adequacy of future supplies of milk for all the markets would be jeopardized. To assure such supplies such prices should be made effective May 1, 1968.

With respect to the Greater Wheeling, Northeastern Ohio, and Youngstown-Warren orders, this hearing represented a reopening for limited purposes of a public hearing March 14-16, 1967, at Cleveland, Ohio, March 20-23, 29-31, and April 3-7, 1967, at Pittsburgh, Pa., and March 28, 1967, at Erie, Pa. On February 21, 1967, the Assistant Secretary of Agriculture issued the final decision with respect to the issues of that hearing. That decision concluded that a single order should regulate the handling of milk in a newly designated Eastern Ohio-Western Pennsylvania marketing area which would include the marketing areas of each of the above orders and substantial additional territory in the States of Pennsylvania and Ohio, to be accomplished by amendment of Part 1036, which is the present Northeastern Ohio order.

Decision with respect to the issues of this hearing is hereby reserved insofar as they may have applicability to the proposed Eastern Ohio-Western Pennsylvania order. The conclusions of this decision, however, are applicable to the presently existing separate orders, and the amendatory provisions attached to this decision would amend each of them to the same effect as for other orders. If the proposed Eastern Ohio-Western Pennsylvania order becomes effective, it will supersede these orders. Consideration on the basis of this record would be

¹ Official notice is hereby taken of the support price announcement made Mar. 20, 1968.

given to amendment of the order after it is issued, but before it becomes effective.

This hearing also represented a reopening for limited purposes of the following hearings, for which final decisions have not yet been issued:

1. A hearing held during the period May 3, through May 26, 1967, at Chicago, Ill.; Milwaukee, Wis.; and Rockton, Ill.; with respect to a proposed order for the Chicago, Ill., area and the Northwestern Indiana, Rock River Valley, Milwaukee, Northeastern Wisconsin, Madison, and Quad Cities-Dubuque orders. A recommended decision was issued in this proceeding December 26, 1967.

2. A hearing held at Omaha, Nebr., on April 24-26, 1967, with respect to the Nebraska-Western Iowa and Sioux City orders. Recommended decision in this proceeding was issued February 23, 1968.

3. Hearings held at St. Louis, Mo., January 24, and February 28-March 3, 1967, with respect to the St. Louis and Ozarks orders.

4. A joint hearing held at Houston, Tex., on January 30-February 5, 1968, with respect to a proposed order for a South Texas marketing area and proposed extension of the North Texas marketing area. No decision has been issued with respect to this hearing.

5. A public hearing held at Phoenix, Ariz., with respect to the Central Arizona order. A recommended decision in this proceeding was issued October 9, 1967.

Amendatory provisions attached to this decision would amend each of the existing orders involved in any of such hearings to the same effect as for other orders. The record of this hearing is being preserved, however, for consideration in connection with its applicability to any proposed orders, merged orders, or modifications of marketing areas of existing orders that may result from any of the hearings that were reopened. If any proceedings based upon the records of such previous hearings (and the further consideration of this record) are completed with amendatory action effective by May 1, 1968, the separate amendments herein provided with respect to the existing orders involved will not be necessary because they will be superseded by such action.

Producer organizations under the New York-New Jersey and New England orders sought to offer evidence at the hearing in support of more favorable intermarket price relationships than those resulting from prices now in effect. Such evidence was properly ruled inadmissible as being outside the scope of the notice of hearing. Such producer representatives claimed that they felt evidence supporting only continuation of present prices would be inconsistent with the evidence given at a public hearing held December 5-13, 1967, at which Class I pricing provisions of these orders was an issue, and for which no decision has been issued. This hearing did not reopen the December hearing, and the decision contained herein merely continues the current relationship between Federal order Class I prices and that for manufacturing grade milk.

The emergency price amendments of April 1967 have provided a Class I price level of \$6.65 under the Delaware Valley order. However, that price could change by virtue of movements in the economic index factors of the pricing formula. The emergency amendments to the New York-New Jersey order and the New England orders, herein proposed to be applicable through April 1969 provide fixed specified prices under those orders. In order that the level of prices herein decided are assured through April 1969, a Delaware Valley price should be specified. Accordingly, it is concluded that the Delaware Valley price should be fixed at \$6.93 through April 1969 (the present price plus 28 cents).

No amendments are required for certain orders for which Class I prices are maintained in fixed alignment with another order. Class I prices of the Washington, D.C., and Upper Chesapeake Bay orders are based on that of the Delaware Valley order; Class I prices of the Ozarks, Southern Illinois, and Paducah orders are based on that of the St. Louis order; the Red River Valley Class I price is based on that of the Oklahoma Metropolitan order; the Western Colorado Class I price is based on that of the Eastern Colorado order; Lubbock-Plainview, San Antonio, Central West Texas, Austin-Waco, and Corpus Christi Class I prices are based upon that of the North Texas order.

(2) The June 30, 1968, expiration date with respect to all Class I pricing provisions of the Delaware Valley, Southern Illinois, and Central Illinois orders should be changed to April 30, 1969.

Due to substantial revisions of the Delaware Valley and Southern Illinois orders and the initial effectiveness of the Central Illinois order, provisions are now included in these orders that all pricing provisions expire June 30, 1968. These provisions were designed to insure that pricing provisions would be reviewed at a public hearing in a reasonable period after the revisions of the Delaware Valley and Southern Illinois orders and the effective date of the Central Illinois order. With respect to the period from June 30, 1968, through April 30, 1969, the evidence in this record serves the overall purposes for which the provisions were designed. There is no necessity to require separate hearings before June 30 of this year to provide pricing provisions to continue through April 1969. The expiration date should be changed to April 30, 1969. A review will be made prior to that date for the purpose of developing more permanent provisions.

(3) The recommended decision in this proceeding should not be omitted.

Producers generally asked that a recommended decision be omitted in order that producers might know as soon as possible that Class I prices would not decline May 1. Handlers generally offered little opposition to this request. There is, however, time adequate for normal procedures. This recommended decision providing for continuation of emergency

prices beyond the present expiration should provide the assurance needed.

RULINGS ON PROPOSED FINDINGS AND CONCLUSIONS

Briefs and proposed findings and conclusions were filed on behalf of certain interested parties. These briefs, proposed findings and conclusions and the evidence in the record were considered in making the findings and conclusions set forth above. To the extent that the suggested findings and conclusions filed by interested parties are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or reach such conclusions are denied for the reasons previously stated in this decision.

GENERAL FINDINGS

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of each of the aforesaid orders and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein. The following findings are hereby made with respect to each of the aforesaid orders:

(a) The tentative marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(b) The parity prices of milk as determined pursuant to section 2 of the Act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

RECOMMENDED MARKETING AGREEMENT AND ORDER AMENDING THE ORDER

The following order amending the orders as amended regulating the handling of milk in the specified marketing areas is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be the same as those contained in the orders, as hereby proposed to be amended:

PART 1001—MILK IN MASSACHUSETTS-RHODE ISLAND-NEW HAMPSHIRE MARKETING AREA

In § 1001.60, paragraph (d) is revised to read as follows:

§ 1001.60 Class I price.

(d) The Class I price shall be the result, rounded to the nearest full cent, of the economic index price determined under paragraph (b) of this section, multiplied by the supply-demand adjustment factor determined under paragraph (c) of this section, except that from the effective date hereof the Class I price each month shall be \$6.67 through April 1969.

PART 1002—MILK IN NEW YORK-NEW JERSEY MARKETING AREA

In § 1002.40, the text of paragraph (a) preceding subparagraph (1) and subparagraph (1) are revised to read as follows:

§ 1002.40 Class prices.

(a) For Class I-A milk the price during each month shall be a price computed pursuant to subparagraphs (1) through (10) of this paragraph, except that from the effective date hereof the Class I-A price each month shall be \$6.39 through April 1969.

MILK IN NEW ORLEANS, LA., AND MISSISSIPPI MARKETING AREAS

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreements and Orders

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Fontainebleau Motor Hotel, 4040 Tulane Avenue, New Orleans, La., beginning at 10 a.m., local time, on April 11, 1968, with respect to proposed amendments to the tentative marketing agreements and to the orders, regulating the handling of milk in the New Orleans, La., and Mississippi marketing areas.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreements and to the orders.

The proposed amendments set forth below have not received the approval of the Secretary of Agriculture.

Proposed by the Gulf Milk Association, Inc.:

Amendments to the New Orleans order.

Proposal No. 1. Review the operation of the supply-demand adjuster and consider deletion of present supply-demand provisions and substitution of the following: In § 1094.51(a):

A. Revise the introductory text immediately preceding subparagraph (1) by changing the words "subparagraphs (1) through (6)" to read "subparagraphs (1) and (2)"; and

B. Delete subparagraphs (1) through (6) and substitute therefor the following supply-demand provisions:

§ 1094.51 Class prices.

(a) * * *

(1) Compute a current utilization percentage by dividing the total producer milk classified as Class I in Federal orders No. 94, No. 96, and No. 103, during the immediately preceding 12 months for which information is available by the total receipts of milk from producers during the same period. The result shall be known as the current utilization percentage.

(2) When the current utilization percentage is equal to or greater than the median point of the ranges (shown in Column 1, below), the Class I price shall be adjusted by adding or subtracting, as applicable, the appropriate supply-demand adjustment as shown below.

Range (Percent)	Median point (Percent)	Supply-demand adjustment (Cents)
56-62	59	-28
63-69	66	-14
70-76	73	-0
77-83	80	+14
84-90	87	+28

Provided: That any minus adjustment shall not be applicable if during each of the 2 immediately preceding months for which data are available, the percentage of producer milk classified as Class I in Federal Order No. 94 (New Orleans) is 73 percent or more.

Proposal No. 2. Revise § 1094.14 to provide that producer milk may be diverted to a nonpool plant regulated by another Federal order for Class II use.

Proposal No. 3. Revise the introductory text of § 1094.14 by adding the following: "And, provided further, That milk received at a pool plant by diversion from a plant at which such milk is fully subject to the pricing provisions of another order issued pursuant to the Act shall not be producer milk." Add the same to § 1094.15.

Proposal No. 4. Delete § 1094.7 and substitute the following:

§ 1094.7 Route.

"Route" means any delivery of a fluid milk product from a plant to wholesale or retail outlets (including any delivery by a vendor from a plant store or through a vending machine) other than a delivery to any milk processing plant.

Proposal No. 5. Amend § 1094.10 by adding a new paragraph (d) to read as follows:

§ 1094.10 Pool plant.

(d) A nondistributing plant, which is operated by a cooperative association and which does not meet the shipping requirements of paragraph (b) of this section, in any month in which the volume of milk received at pool distributing plants directly from member producers of such cooperative association is not less than 60 percent of the total pounds of such association's member producer milk (including that received at such nondistributing plant), except that on written request for nonpool status for any month, made to the market administrator prior to the beginning of such month, the plant shall be a nonpool plant for the month.

Amendments to the Mississippi order.

Proposal No. 6. Revise § 1103.16 by adding the following proviso: *Provided,* That milk received at a pool plant by diversion from a plant at which such milk is fully subject to the pricing and pooling under the terms or provisions of another order issued pursuant to the Act shall not be producer milk.

Proposed by Gulf Milk Association, Inc., Cooperative Creamery Association, Starkville, Miss.; Noxubee Milk Producers Association, Macon, Miss.; and Mississippi Milk Producers Association, Jackson, Miss.:

Proposal No. 7. Review the operation of the supply-demand adjuster and consider deletion of present supply-demand provisions and substitution of new provisions in § 1103.51(a) to incorporate into the Mississippi order the same supply-demand adjuster described in Proposal No. 1 with respect to the New Orleans order.

Proposed by the Dairy Division, Consumer and Marketing Service.

Proposal No. 8. Make such changes as may be necessary to make the entire marketing agreements and the orders conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the orders may be procured from the Market Administrator, William J. Larzelere, Post Office Box 456, Metairie, La. 70004, or Market Administrator, Cleo C. Taylor, Post Office Box 9747, Northside Station, Jackson, Miss. 39206, or from the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250 or may be there inspected.

Signed at Washington, D.C., on March 21, 1968.

MILK IN UPPER FLORIDA, TAMPA BAY, AND SOUTHEASTERN FLORIDA MARKETING AREAS

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreements and Orders

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Statler Hilton Inn, 3200 West Colonial Drive, Orlando, Fla., beginning at 10 a.m., on April 9, 1968, with respect to proposed amendments to the tentative marketing agreements and to the orders, regulating the handling of milk in the Upper Florida, Tampa Bay, and Southeastern Florida marketing areas.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreements and to the orders.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

UPPER FLORIDA ORDER

Proposed by Northeast Florida Milk Producers Association and Dairy Farmers Mutual;

Proposal No. 1. Revise the fluid milk product definition to read as follows:

§ 1006.7 Fluid milk product.

"Fluid milk product" means the following, in fluid or frozen form:

(a) Milk, skim milk, skim milk drinks, buttermilk, flavored milk, and flavored milk drinks (including such products reconstituted or fortified with additional nonfat milk solids);

(b) Concentrated milk and skim milk, eggnog, yogurt, aerated cream products, milk shake mix, flavored milk, and flavored milk drinks; and

(c) Cream (sweet or sour) and any mixtures of cream and milk or skim milk (exclusive of ice cream, frozen dessert mixes and cocoa mixes).

Fluid milk products shall not include those products commonly known as evaporated milk, condensed milk and skim milk (plain or sweetened), starter, or any milk or milk products sterilized and packaged in hermetically sealed metal or glass containers.

Proposal No. 2. Combine the Class I and Class II classifications into one class designated as Class I and make appropriate changes in the order to reflect the elimination of the present Class II classification.

Proposal No. 3. Classify as Class I milk any monthly variation in inventory of fluid milk products.

Proposal No. 4. Revise § 1006.50 to provide that for the purpose of computing Class I prices the basic formula price be not less than \$4.33.

Proposal No. 5. Revised § 1006.51(a) to read as follows:

(a) *Class I price.* The Class I price shall be the basic formula price for the preceding month plus \$2.80.

TAMPA BAY ORDER

Proposed by Tampa Independent Dairy Farmers' Association, Dairy Farmers Mutual, Land O' Sun Producers, and Suncoast Milk Producers Cooperative:

Proposal No. 6. Revise the fluid milk product definition to read as follows:

§ 1012.7 Fluid milk product.

"Fluid milk product" means the following in fluid or frozen form:

(a) Milk, skim milk, skim milk drinks, buttermilk, flavored milk, and flavored milk drinks, including such products reconstituted from nonfat milk solids or fortified therewith;

(b) Concentrated milk, concentrated skim milk, eggnog, yogurt, aerated cream products, milk shake mix when packaged for sale to consumers or distributed through bulk vending machines; and

(c) Cream, including cultured or sour cream, and any mixture of cream and milk or skim milk (exclusive of ice cream, frozen dessert mixes, and cocoa mixes), and any product in fluid form which contains milk, cream, or skim milk.

This definition shall include any of such products in frozen or concentrated form or made by reconstituting or recombining concentrated or dehydrated milk products with another milk product. It shall not include such products as bulk, plastic, and frozen cream for commercial use, evaporated or condensed milk, or

sterilized products in hermetically sealed metal or glass containers.

Proposal No. 7. Combine the Class I and Class II classifications into one class designated as Class I and make appropriate changes in the order to reflect the elimination of the present Class II classification.

Proposal No. 8. Adjust the Class I price (i.e., the Class I differential over the basic formula price) to the extent necessary to offset the effect of the expanded coverage of Class I under the revised definition of "fluid milk product" upon overall product cost to handlers and overall returns to producers.

Proposal No. 9. Classify as Class I milk any monthly variation in inventory of fluid milk products.

Proposal No. 10. Revise § 1012.51(a) to read as follows:

(a) The Class I price shall be the basic formula price for the preceding month plus \$3.05: *Provided*, That the basic formula price shall not be less than \$4.33.

SOUTHEASTERN FLORIDA ORDER

Proposed by Independent Dairy Farmers' Association:

Proposal No. 11. Revise the fluid milk product definition to read as follows:

§ 1013.7 Fluid milk product.

"Fluid milk product" means the following in fluid or frozen form:

(a) Milk, skim milk, skim milk drinks, buttermilk, flavored milk, and flavored milk drinks, including such products reconstituted from nonfat milk solids or fortified therewith;

(b) Concentrated milk, concentrated skim milk, eggnog, yogurt, aerated cream products, milk shake mix when packaged for sale to consumers or distributed through bulk vending machines; and

(c) Cream, including cultured or sour cream, and any mixture of cream and milk or skim milk (exclusive of ice cream, frozen dessert mixes, and cocoa mixes), and any product in fluid form which contains milk, cream or skim milk.

This definition shall include any of such products in frozen or concentrated form or made by reconstituting or recombining concentrated or dehydrated milk products with another milk product. It shall not include such products as bulk, plastic, and frozen cream for commercial use, evaporated or condensed milk, or sterilized products in hermetically sealed metal or glass containers.

Proposal No. 12. Combine the Class I and Class II classifications into one class designated as Class I and make appropriate changes in the order to reflect the elimination of the present Class II classification.

Proposal No. 13. Adjust the Class I price (i.e., the Class I differential over the basic formula price) to the extent necessary to offset the effect of the expanded coverage of Class I under the revised definition of "fluid milk product" upon overall product cost to handlers and overall returns to producers.

Proposal No. 14. Classify as Class I milk any monthly variation in inventory of fluid milk products.

Proposal No. 15. Revise § 1013.51(a) to read as follows:

PROPOSED RULE MAKING

(a) The Class I price shall be the basic formula price for the preceding month plus \$3.20: *Provided*, That the basic formula price shall not be less than \$4.33: *And provided further*, That the Class I price so determined for any month shall not exceed either of the following by more than \$0.20:

(1) The Class I price for the Tampa Bay marketing area, or

(2) The Class I price announced for the Upper Florida marketing area plus \$0.10.

Proposed by the Dairy Division, Consumer and Marketing Service:

Proposal No. 16. Make such changes as may be necessary to make the entire marketing agreements and the orders conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the orders may be procured from the Market Administrator, John D. Nord, Post Office Box 4886, Room 113, Professional Building, Sunrise Center, Fort Lauderdale, Fla. 33304, or from the

Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250, or may be there inspected.

Signed at Washington, D.C., on March 21, 1968.

Notice of Proposed Classification of Public Lands for Recreation Purposes

1. Pursuant to section 2 of the Act of September 19, 1964 (43 U.S.C. 1411-18), and to the regulations in 43 CFR Parts 2410 and 2411, notice is hereby given of a proposal to classify the public lands described below for disposal under the Recreation and Public Purposes Act. Publication of this notice has the effect of segregating the described lands from all forms of appropriation and entry under the public land laws, including the mining and mineral leasing laws. As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as

amended, which are not otherwise withdrawn or reserved for Federal use or purpose.

2. The subject land is located approximately 5 miles south of downtown Phoenix, Ariz., with excellent access via Central Avenue, a major thoroughfare in urban Phoenix. The area consists of high valued commercial and residential properties near South Mountain Park, a popular and principal recreation attraction administered by the city of Phoenix. After consultation with city of Phoenix planning and zoning officials and City of Phoenix Parks and Recreation Department officials, it has been determined that the public interest would best be served if these lands were transferred from Federal ownership to the city of Phoenix for management as a public recreation site.

3. Information concerning these lands and the proposed disposition may be received by inquiry or inspection of data in the Phoenix District Office, Bureau of Land Management, and Land Office, Bureau of Land Management, Federal Building, Phoenix, Ariz.

4. The lands included in this proposed classification are located in Maricopa County and are described as follows:

GILA AND SALT RIVER MERIDIAN, ARIZONA
T. 1 S., R. 3 E.,
Sec. 8, M.S. 4300 lying within lots 9, and 10.

The area described aggregates 19.28 acres.

5. For a period of 60 days from the date of publication of this notice in the FEDERAL REGISTER, all persons who wish to submit comments, suggestions, or objections in connection with the proposed classification may present their views in writing to the Phoenix District Manager, Bureau of Land Management, Federal Building, Phoenix, Ariz. 85025.

State Director.

Notice of Classification of Public Lands for Multiple Use Management

MARCH 19, 1968.

1. Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411-18) and to the regulations in 43 CFR Parts 2410 and 2411, the public lands in paragraph 3 are classified for multiple use, together with any lands therein that may become public lands in the future. As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district

established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

Publication of this notice segregates (a) all public lands described below from appropriation only under the agricultural land laws (43 U.S.C. Chs. 7 and 9; 25 U.S.C., sec. 334) and from sale under section 2455 of the Revised Statutes (43 U.S.C. 1171) and (b) the lands described in paragraph 4 from appropriation under the mining laws (30 U.S.C. Ch. 2).

2. Two adverse comments were received following publication of the notice of proposed classification (32 F.R. 15887, November 18, 1967). The two comments did not present sufficient information to warrant a change in the classification. The public record on this classification is available for inspection at the Bakersfield District Office.

3. The public lands are located within Kern County in the vicinity of Lake Isabella. For the purposes of this classification, the lands have been divided into three blocks and each has been studied in detail and described on documents and maps available for inspection at the Bakersfield District Office, Room 311, Federal Building, 800 Truxtun Avenue; at the Riverside Land Office, 1414 University Avenue, Riverside, Calif., and at the Land Office, 650 Capitol Mall, Sacramento, Calif. The overall descriptions of the areas are as follows:

COLORADO

Notice of Classification of Public Lands for Multiple Use Management

MARCH 18, 1968.

1. Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411-18) and to the regulations in 43 CFR Parts 2410 and 2411, the public lands within the areas described below together with any lands therein that may become public lands in the future are hereby classified for multiple use management. As used herein "public lands" means any lands withdrawn or reserved by Executive Order 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

2. Publication of this notice segregates:

(a) All lands described in this notice from appropriation only under the agricultural land laws (43 U.S.C., Chapters 7 and 9, 25 U.S.C. 334) and from sale under section 2455 of the Revised Statutes (43 U.S.C. 1171).

(b) Further segregates the public lands described in paragraph 4 from appropriation under the general mining laws (30 U.S.C. 20). Except as provided in (a) and (b) above the lands described shall remain open to all other applicable forms of appropriation including the mining and mineral leasing laws.

3. No protests or objections were received following publication of a notice of proposed classification (33 F.R. 593-594), or at the public hearing held on March 7, 1968 at Gunnison, Colo. The record showing the comments received and other information is on file and can be examined in the BLM Montrose District Office, Montrose, Colo. The public lands affected by this classification are located within the following described areas and are shown on a map designated by Serial Number C-3357 on file in the Montrose District Office, Bureau of Land Management, Highway 550 South, Montrose, Colo., and Land Office, Bureau of Land Management, Room 15019 Federal Building, 1961 Stout Street, Denver, Colo. 80202.

[Declaration of Disaster Loan Area 653]

MASSACHUSETTS AND RHODE ISLAND

Declaration of Disaster Loan Area

Whereas, it has been reported that during the month of March 1968, because of the effects of floods, damage resulted

to residences and business property located in the States of Massachusetts and Rhode Island;

Whereas, the Small Business Administration has investigated and has received other reports of investigations of conditions in the areas affected;

Whereas, after reading and evaluating reports of such conditions, I find that the conditions in such areas constitute a catastrophe within the purview of the Small Business Act, as amended.

Now, therefore, as Administrator of the Small Business Administration, I hereby determine that:

1. Applications for disaster loans under the provisions of section 7(b) (1) of the Small Business Act, as amended, may be received and considered by the offices below indicated from persons or firms whose property, situated in all areas affected in the aforesaid States, suffered damage or destruction resulting from floods beginning on or about March 17, 1968, and continuing thereafter.

OFFICES

Small Business Administration Regional Office, John Fitzgerald Kennedy Federal Building, Boston, Mass. 02203.

Small Business Administration Regional Office, 57 Eddy Street, Providence, R.I. 02903.

2. Temporary offices will be established at such other areas as are necessary, addresses to be announced locally.

3. Applications for disaster loans under the authority of this Declaration will not be accepted subsequent to September 30, 1968.

Dated: March 19, 1968.

ROBERT C. MOOT,
Administrator.

LIST OF FOREIGN-FLAG VESSELS ARRIVING IN NORTH VIETNAM ON OR AFTER JANUARY 25, 1966

SECTION 1. The President has approved a policy of denying the carriage of U.S. Government-financed cargoes shipped from the United States on foreign-flag vessels which called at North Vietnam ports on or after January 25, 1966.

The Maritime Administration is making available to the appropriate U.S. Government Departments the following list of such vessels which arrived in North Vietnam ports on or after January 25, 1966, based on information received through March 18, 1968. This list does not include vessels under the registration of countries, including the Soviet Union and Communist China, which normally do not have vessels calling at U.S. ports.

SEC. 2. In accordance with approved procedures, the vessels listed below which called at North Vietnam on or after January 25, 1966, have reacquired eligibility to carry U.S. Government-financed cargoes from the United States by virtue of the persons who control the vessels having given satisfactory certification and assurance:

(a) That such vessels will not, thenceforth, be employed in the North Vietnam trade so long as it remains the policy of the U.S. Government to discourage such trade and;

(b) That no other vessels under their control will thenceforth be employed in the North Vietnam trade, except as provided in paragraph (c) and;

(c) That vessels under their control which are covered by contractual obligations, including charters, entered into prior to January 25, 1966, requiring their employment in the North Vietnam trade shall be withdrawn from such trade at the earliest opportunity consistent with such contractual obligations.

STERWIN CHEMICALS, INC.

Trithiadol; Notice of Opportunity for Hearing

Notice is hereby given to Sterwin Chemicals, Inc., subsidiary of Sterling Drug, Inc., 90 Park Avenue, New York, N.Y. 10016, and to any interested person who may be adversely affected, that the Commissioner of Food and Drugs proposes to issue an order under the provisions of section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of new-drug application No. 10-729V and all amendments and supplements thereto held by Sterwin Chemicals, Inc. for the drug "Trithiadol (bithionol, methiotriazamine)" for veterinary use in poultry feeds, on the grounds that:

New evidence not contained in such application and not available to the Commissioner when the application was approved establish that residues of the drug component bithionol are present in the skin of treated birds thus rendering such treated birds as adulterated within the meaning of section 402(a)(2)(C) of the act in that they contain a food additive as defined in section 201(s) of the act for which a zero tolerance has been established in § 121.1107 of the food additive regulations (21 CFR 121.1107).

In accordance with the provisions of section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner will give the applicant and any interested person who would be adversely affected by an order withdrawing such approval an opportunity for a hearing at which time such persons may produce evidence and arguments to show why approval of new-drug application No. 10-729V should not be withdrawn.

Within 30 days from the date of publication of this notice in the FEDERAL REGISTER, such persons are required to file with the Hearing Clerk, Department of Health, Education, and Welfare, Office of the General Counsel, Food and Drug Division, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, a written appearance electing whether:

1. To avail themselves of the opportunity for a hearing; or
2. Not to avail themselves of the opportunity for a hearing.

If such persons elect not to avail themselves of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing the approval of the new-drug application.

Failure of such persons to file such a written appearance of election within 30 days following the date of publication of this notice in the FEDERAL REGISTER will be construed as an election by such persons not to avail themselves of the opportunity for a hearing.

The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process that the Commissioner finds is entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

If such persons elect to avail themselves of the opportunity for a hearing by filing a timely written appearance of election, a hearing examiner will be named by the Commissioner and he shall issue a written notice of the time and place for the hearing.

This notice is issued under the authority contained in the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1052, as amended; 21 U.S.C. 355), and delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120).

[FHWA Ruling 68-1]

FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Notice of Ruling Regarding Campers—Slide-in and Chassis-Mount

This ruling is in response to inquiries for a clarification of the applicability of Federal motor vehicle safety standards to certain items of motor vehicle equipment commonly known as "campers" which are used mostly for recreational purposes.

A "camper" can be described generally as a portable structure designed to be loaded onto, or affixed to, a motor vehicle to provide temporary living quarters for recreation, travel, or other use. The ruling is concerned with two general categories of campers. The first, a "slide-in camper", is placed on, or slides onto a completed vehicle, usually a pickup truck. The second, a "chassis-mount camper", is mounted on a chassis-cab.

In past months the Bureau received a number of written inquiries regarding the applicability of the glazing material standard (No. 205) to slide-in campers. These persons received responses from the Bureau indicating that slide-in campers would have to comply with standard 205 under certain specified

conditions. These responses of the Bureau apparently received widespread dissemination in the industry. Subsequently, additional inquiries were received from affected persons asking for clarification of the Bureau's earlier responses with respect to the question of whether standard 205 was applicable to glazing materials contained in slide-in campers sold by the manufacturer of such campers to members of the public and to dealers when not an integral part of the vehicle.

The Bureau has reconsidered this question and determined that the glazing standard is applicable to slide-in campers.

Standard 205 is applicable to "glazing materials for use in passenger cars, multipurpose passenger vehicles, motorcycles, trucks and buses." The slide-in camper is an item of motor vehicle equipment for use in motor vehicles. As such, glazing materials contained in slide-in campers must comply with standard 205 when such campers are sold as a separate unit as well as when attached to a completed pickup truck. Additionally, manufacturers of slide-in campers must also comply with the certification requirements set forth in section 114 of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. 1403).

Review of the Bureau's prior communications with affected persons indicates that such persons, and others who received notice of such communications, could justifiably have concluded that standard 205 was subject to an interpretation which excluded its application to slide-in campers sold directly to consumers or to dealers when not an integral part of the pickup truck. In these circumstances the Bureau does not regard it as appropriate that the interpretation of the applicability of standard 205, which this ruling announces, should be given retroactive effect. Further, in view of such reliance a reasonable time should be afforded affected parties to allow for possible necessary production adjustments. Accordingly, it is determined that with respect to slide-in campers, the interpretation announced by this ruling shall not become effective until July 1, 1968.

With regard to the chassis-mount camper, it is an integral part of the vehicle when attached to a chassis-cab as defined in § 255.3(b), Part 255, Federal Motor Vehicle Safety Standards (33 F.R. 19).

Persons who mount the chassis-mount camper to the chassis-cab are manufacturers of vehicles within the meaning of section 102(3) of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. 1392). As such, they are to be guided by the regulation and ruling on chassis-cabs issued December 29, 1967 (33 F.R. 19 and 33 F.R. 29). Under this regulation and ruling persons combining a chassis-cab manufactured on or after January 1, 1968, with a body or like structure (in this case the chassis-mount camper) are responsible for assuring that the completed assemblage complies with all applicable standards in effect on the date of manufacture of the

chassis-cab which had not previously been met by the manufacturer of the chassis-cab, and for assuring that previously met standards have not been adversely affected by the addition of the chassis-mount camper.

Issued in Washington, D.C., on March 20, 1968.

LOWELL K. BRIDWELL,
Federal Highway Administrator.

ATOMIC ENERGY COMMISSION

[Docket No. 50-208]

TRUSTEES OF COLUMBIA UNIVERSITY IN THE CITY OF NEW YORK NOTICE OF PROPOSED ISSUANCE OF FACILITY LICENSE

The Atomic Energy Commission ("the Commission") is considering the issuance to The Trustees of Columbia University in the City of New York ("Columbia University") of a facility license, substantially in the form set forth below, which would authorize the operation of a TRIGA Mark II type nuclear reactor at steady-state power levels up to 250 kilowatts on its campus in Upper Manhattan in New York. Construction of the reactor was authorized by Construction Permit No. CPRR-78 issued December 30, 1963.

Prior to issuance of the license, the facility will be inspected by representatives of the Commission to determine whether it has been constructed in accordance with the provisions of Construction Permit No. CPRR-78. Also, Columbia University will be required to execute an indemnity agreement as required by section 170 of the Atomic Energy Act of 1954, as amended, and 10 CFR Part 140.

Within thirty (30) days from the date of publication of this notice in the FEDERAL REGISTER, the applicant may file a request for a hearing, and any person whose interest may be affected by the issuance of this facility license may file a petition for leave to intervene. Requests for a hearing and petitions to intervene shall be filed in accordance with the provisions of the Commission's "Rules of Practice", 10 CFR Part 2. If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, a notice of hearing or an appropriate order will be issued.

For further details with respect to this proposed license, see (1) the application dated May 6, 1963, and amendments thereto dated June 17, 1963, August 7 and 12, 1963, October 18, 1963, February 3, 1967, March 6, 1967, August 28 and 29, 1967, September 28, 1967, November 9, 1967, February 12 and 14, 1968, and March 4, 1968 (2) a related Safety Evaluation prepared by the Division of Reactor Licensing, and (3) the proposed Technical Specifications, all of which are available for public inspection in the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., and at the New York City Department of

Public Health Library, 125 Worth Street, New York, N.Y. A copy of the Safety Evaluation may be obtained at the Commission's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington, D.C. 20545, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Md., this 18th day of March 1968.

For the Atomic Energy Commission.

DONALD J. SKOVHOLT,
Assistant Director for Reactor
Operations, Division of Re-
actor Licensing.

PROPOSED LICENSE

License No. R- -----

The Atomic Energy Commission ("the Commission") having found, with respect to the application for license of The Trustees of Columbia University in the City of New York ("Columbia University" or "the licensee"), that:

a. The application for license complies with the requirements of the Atomic Energy Act of 1954, as amended (hereinafter "the Act"), and the Commission's regulations set forth in Title 10, Chapter 1, CFR;

b. The reactor has been constructed in conformity with Construction Permit No. CPRR-78 and will operate in conformity with the application and in conformity with the Act and the rules and regulations of the Commission;

c. There is reasonable assurance that the reactor can be operated at the designated location without endangering the health and safety of the public;

d. Columbia University is technically and financially qualified to engage in the proposed activities in accordance with the Commission's regulations.

e. The possession and operation of the reactor, and the receipt, possession and use of the special nuclear material in the manner proposed in the application, will not be inimical to the common defense and security or to the health and safety of the public;

f. Columbia University is a nonprofit, educational institution and will operate the reactor for the conduct of educational activities. Columbia University is therefore exempt from the financial requirements of section 170 of the Act.

Facility License No. R- -----, effective as of the date of issuance, is issued as follows:

1. This license applies to TRIGA Mark II type nuclear reactor (herein "the reactor"), owned by Columbia University and located on its campus in Upper Manhattan, New York, N.Y., and which is described in the application for license dated May 6, 1963, and amendments thereto (herein referred to as "the application"), and authorized for construction by Construction Permit No. CP-RR-78.

2. Subject to the conditions and requirements incorporated herein, the Commission hereby licenses Columbia University:

A. Pursuant to section 104c of the Act and Title 10, CFR, Chapter 1, Part 50, "Licensing of Production and Utilization Facilities", to possess, use and operate the reactor as a utilization facility in accordance with the procedures and limitations described in the application, and in this license;

B. Pursuant to the Act and Title 10, CFR, Chapter 1, Part 70, "Special Nuclear Material", to receive, possess and use up to 3.3 kilograms of contained uranium-235 in connection with operation of the reactor; and

C. Pursuant to the Act and Title 10, Chapter 1, CFR, Part 30—"Rules of General Applicability to Licensing of Byproduct Mate-

rial", to receive, possess and use a 3-curie sealed americium-beryllium neutron source for reactor startup; and to possess, but not to separate, such byproduct material as may be produced by operation of the reactor.

3. This license shall be deemed to contain and be subject to the conditions specified in Part 20, § 30.34 of Part 30, §§ 50.54 and 50.59 of Part 50, and § 70.32 of Part 70, and is subject to all applicable provisions of the Act and rules, regulations and orders of the Commission now or hereafter in effect; and is subject to the additional conditions specified or incorporated below:

A. *Maximum power level.* The licensee may operate the reactor at steady state power levels up to a maximum of 250 kilowatts (thermal).

B. *Technical specifications.* The Technical Specifications contained in Appendix A hereto are hereby incorporated into this license. The licensee shall operate the reactor in accordance with these Technical Specifications. No changes shall be made in the Technical Specifications unless authorized by the Commission as provided in § 5059 of 10 CFR Part 50.

C. *Records.* In addition to those otherwise required under this license and applicable regulations, the licensee shall keep the following records:

1. Reactor operating records, including power levels and periods of operation at each power level.

2. Records showing radioactivity released or discharged into the air or water beyond the effective control of the licensee as measured at or prior to the point of such release or discharge.

3. Records of emergency shutdowns and inadvertent scrams, including reasons for emergency shutdowns.

4. Records of maintenance operations involving substitution or replacement of reactor equipment or components.

5. Records of experiments installed including description, reactivity worths, locations, exposure time, total irradiation and any unusual events involved in their handling.

6. Records of tests and measurements performed pursuant to the Technical Specifications.

D. *Reports.* In addition to reports otherwise required by applicable regulations:

1. The licensee shall inform the Commission of any incident or condition related to the operation of the reactor which prevented a nuclear system from performing its safety function as described in the Technical Specifications. For each such occurrence, the licensee shall promptly notify by telephone or telegraph the Director of the appropriate Atomic Energy Commission Regional Compliance Office listed in Appendix D of 10 CFR Part 20 and shall submit within ten (10) days a report in writing to the Director, Division of Reactor Licensing (hereinafter, "Director, DRL") with a copy to the Regional Compliance Office.

2. As promptly as practicable, but no later than 60 days after the initial criticality of the facility, Columbia University shall submit a written report to the Director, DRL, describing the measured values of the operating conditions or characteristics listed below and evaluating any significant variation of a measured value from the corresponding predicted value:

(a) Maximum excess reactivity of the facility, not including the worth of control rods or other control devices such as burnable poison strips or soluble poison, or any experiments;

(b) Total control rod worth;

(c) Minimum shutdown margin both at room and operating temperature;

(d) Maximum worth of the single control rod of highest reactivity value; and

(e) Maximum total and individual worth of any fixed or movable experiments inserted in the facility.

3. The licensee shall report to the Director, DRL, in writing within thirty (30) days of its occurrence any substantial variance disclosed by operation of the reactor from performance specifications contained in the Safety Analysis Report or the Technical Specifications.

4. The licensee shall report to the Director, DRL, in writing within thirty (30) days of its occurrence, any significant change in the transient or accident analysis, as described in the Safety Analysis Report.

5. This license is effective as of the date of issuance and shall expire at midnight, December 30, 2003.

Date of issuance:

For the Atomic Energy Commission.

DONALD J. SKOVHOLT,
Assistant Director for Reactor
Operations, Division of Reactor
Licensing.

FEDERAL RESERVE SYSTEM

HUNTINGTON BANCSHARES INC.

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made to the Board of Governors of the Federal Reserve System pursuant to section 3(a) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842 (a)), by Huntington Bancshares Inc., which is a bank holding company located in Columbus, Ohio, for the prior approval of the Board of the acquisition by Applicant of 80 percent or more of the voting shares of The Savings Bank Co., Chillicothe, Ohio.

Section 3(c) of the Act provides that the Board shall not approve (1) any acquisition or merger or consolidation under this section which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or (2) any

other proposed acquisition or merger or consolidation under this section whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless it finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Cleveland.

Dated at Washington, D.C., this 19th day of March 1968.

FOREIGN-TRADE ZONES BOARD

NEW ORLEANS, LA.

Application for a Foreign-Trade Subzone

Notice is hereby given that an application has been made to the Foreign-Trade Zones Board by the Board of Commissioners of the Port of New Orleans, Grantee of Foreign-Trade Zone No. 2, New Orleans, La., for the privilege of

establishing, operating, and maintaining a foreign-trade subzone at New Orleans, La., within Customs District No. 20 of the United States, pursuant to the provisions of the Foreign-Trade Zones Act of June 18, 1934, as amended (48 Stat. 998-1003; 19 U.S.C. 81a-81u).

The Executive Secretary of the Foreign-Trade Zones Board, pursuant to Board Regulations,¹ has designated Sidney R. Donner, Office of Industrial Analysis, Business and Defense Services Administration, U.S. Department of Commerce, as Examiner to investigate the application and accompanying exhibits for compliance with sections 400.600-400.608 of said regulations; and said application having been found to be in order, the Executive Secretary has designated as an Examiners Committee said Sidney R. Donner, Chairman; Charles W. Fisher, Acting District Director of Customs, New Orleans, La.; and Colonel Thomas J. Bowen, U.S. Army District Engineer, New Orleans, La., in whose districts the proposed subzone is to be located, to conduct a thorough investigation of the application and report thereon to the Foreign-Trade Zones Board.

A copy of the application and accompanying exhibits is available for public examination at the office of the District Director, U.S. Customs House, New Orleans, La., and at the office of the Executive Secretary of the Foreign-Trade Zones Board, Room 6827, U.S. Department of Commerce, Washington, D.C.

The proposed subzone contains an initial area of 150,937 square feet (3.47 acres) of which 120,579 square feet is covered space and 30,358 square feet is an open area, and is located on the West side of the Inner Harbor Navigation Canal, North of U.S. Highway 90 in the city of New Orleans, La. The subzone site is made available through a lease arrangement between the Board of Commissioners of the Port of New Orleans and Equitable-Higgins Shipyards, Inc., where the latter proposes to operate facilities for manufacturing marine equipment, including floating containers, barges, and vessels.

Notice is hereby given that, in connection with its consideration of the application, the Examiners Committee invites interested persons to submit their views regarding the application including any additional facts they believe relevant. Such views must be submitted in writing to the Executive Secretary of the Foreign-Trade Zones Board, Washington, D.C. 20230, Attention: Examiners Committee, not later than April 15, 1968. Interested persons desiring to be heard orally at a public hearing on the matter should make written request therefor on or before April 15, 1968, and provide a written summary of their views regarding the application. Such summaries should state specifically reason(s) for requesting public hearing.

If no request for a public hearing is received, or if the Examiners Committee, in any event, determines that no public

hearing is necessary, the Committee will complete its investigation and report to the Foreign-Trade Zones Board as soon as practicable on the basis of the application, accompanying exhibits, and any other available information pertaining to the matter. If it is determined that a public hearing is to be held, notice of the time, place, and date of such hearing will be published in the FEDERAL REGISTER.

RICHARD H. LAKE,
Executive Secretary,
Foreign-Trade Zones Board.

COLUMBIA GAS SYSTEM, INC., ET AL.

Proposed Issue and Sale of Installment Notes and Common Stock by Sub- sidiary Companies to Holding Com- pany and Open Account Advances by Holding Company to Subsidiary Companies

MARCH 20, 1968.

Columbia Gas System, Inc., United Fuel Gas Co., Atlantic Seaboard Corp., Columbia Gas of Kentucky, Inc., Virginia Gas Distribution Corp., Kentucky Gas Transmission Corp., Columbia Gas of Ohio, Inc., The Ohio Fuel Gas Co., The Ohio Valley Gas Co., The Preston Oil Co., Columbia Gas of Pennsylvania, Inc., The Manufacturers Light & Heat Co., Home Gas Co., Columbia Gas of New York, Inc., Columbia Gas of Maryland, Inc., Cumberland and Allegheny Gas Co., and Columbia Gulf Transmission Co.

Notice is hereby given that The Columbia Gas System, Inc. ("Columbia"), 120 East 41st Street, New York, New York 10017, a registered holding company, and its above-named wholly owned subsidiary companies (hereinafter referred to collectively as the "subsidiary companies", and individually as "United Fuel", "Seaboard", "Columbia of Ky.", "Distribution", "Kentucky Gas", "Columbia of Ohio", "Ohio Fuel", "Ohio Valley", "Preston", "Columbia of Pa.", "Manufacturers", "Home", "Columbia of N.Y.", "Columbia of Md.", "Cumberland", and "Columbia Gulf") have filed an application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a), 6(b), 7, 9(a), 10, 12(b), and 12(f) of the Act and Rules 43 and 45 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transactions.

¹ See Title 15, Code of Federal Regulations, Part 400, Article 13, rules of procedure and practice.

The subsidiary companies propose to issue and sell, and Columbia proposes to acquire, on or before March 31, 1969, (a) unsecured installment notes not in excess of the respective amounts set forth below and (b) common stock, at the par value, in the respective amounts set forth below. Columbia also proposes to advance an open account to certain of the subsidiary companies, from time to time during 1968, up to the respective amounts set forth below.

	Common stock	Installment notes	Advances
United Fuel		\$6,950,000	\$15,600,000
Seaboard	\$1,050,000	4,750,000	3,250,000
Columbia of			
Kentucky	325,000	1,975,000	1,000,000
Distribution	375,000	925,000	300,000
Kentucky Gas		1,200,000	525,000
Columbia of Ohio		7,800,000	11,500,000
Ohio Fuel		6,000,000	24,500,000
Ohio Valley	549,000	350,000	900,000
Preston	10,000,000	14,000,000	
Columbia of			
Pennsylvania		5,600,000	2,500,000
Manufacturers		6,000,000	11,750,000
Home			2,750,000
Columbia of			
New York		500,000	225,000
Columbia of			
Maryland		250,000	
Cumberland		200,000	200,000
Columbia Gulf	16,000,000	38,000,000	
Total	28,299,000	94,500,000	75,000,000

The subsidiary companies will use the proceeds from the issue and sale of their notes and common stock to finance a part of their respective construction programs, which, in the aggregate, are estimated for 1968 to require expenditures of \$167,594,900. The proceeds of the open account advances will be used by the subsidiary companies to purchase natural gas for inventory, for the prepayment of winter service gas, and for other short-term seasonal requirements.

The installment notes will be dated when issued, will be payable in 25 equal annual installments on May 31 of each of the years 1970-94, inclusive, and may be prepaid at any time, in whole or in part, without premium. Interest will accrue from the date of issue and is to be paid semiannually on the unpaid principal balance. The open account advances will be made from time to time during 1968 and will be paid by the subsidiary companies in three equal installments on February 25, March 25, and April 25, 1969.

The interest rate on each installment note will be determined when issued and will be equal to the actual cost of money to Columbia (adjusted to the next lower one-tenth of 1 percent) with respect to its most recent sale of Senior Debentures. Presently, the interest rate on notes issued would be 6.7 percent (the cost of money with respect to Columbia's last sale of Senior Debentures); however, Columbia states that it intends to sell new debentures in May and October of 1968 and, therefore, interest rates on subsequent notes will vary accordingly. The interest rate on the proposed open account advances will be identical with the interest rate to be paid by Columbia on borrowings from banks which Columbia expects to make to provide the funds

for such advances, and will be the prime rate in effect at the time the bank borrowings are negotiated. Columbia also intends to issue commercial paper, and, to the extent commercial paper is sold at lower effective interest costs than the prime bank rate, such savings will be passed on to the subsidiaries by adjusting interest charges. The issue and sale by Columbia of its Senior Debentures and the proposed bank notes and commercial paper will be the subject of future filings with the Commission.

The expenses to be paid by Columbia and by the subsidiary companies in connection with the proposed transactions are estimated at \$300 and \$2,950, respectively.

The application-declaration states that the following State commissions have jurisdiction over certain of the proposed transactions: Pennsylvania Public Utility Commission, Public Service Commission of West Virginia, Public Utilities Commission of Ohio, State Corporation Commission of Virginia, Kentucky Public Service Commission, and New York Public Service Commission. It is also stated that the orders of said commissions will be filed with this Commission by amendment. No other State commission and no Federal commission, other than this Commission, is stated to have jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than April 11, 1968, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by the filing which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicants-declarants at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

[SEAL] ORVAL L. DuBOIS,
Secretary.
