Chapter I—Internal Revenue Service, Department of the Treasury

SUBCHAPTER D—MISCELLANEOUS EXCISE TAXES

[T.D. 6956]

PART 48—MANUFACTURERS AND RETAILERS EXCISE TAXES

Deposits of Certain Excise Taxes in Case of Certain Continuation of Tax Rates

In order to provide regulations relating to deposits in Government depositaries of the excise taxes imposed by section 4061(a)(2) of the Internal Revenue Code of 1954, as amended, in the case of certain continuation of tax rates, § 46.6302(c)–1 of the Manufacturers and Retailers Excise Tax Regulations (26 CFR Part 48) is amended by adding a new subdivision (iv) to paragraph (a)(1) and by adding a new paragraph (e) at the end thereof. These added provisions read as follows:

§ 48.6302(c)–1 Use of Government depositaries.

(a) *Requirement*—(1) *In general.* * * *

(iv) See paragraph (e) of this section for special rule in case of continuation of certain excise tax rates.

* * * * *

(e) *Special rule in case of certain continuation of tax rates*—(1) *Application of paragraph.* This paragraph shall apply to amounts due under section 4061(a)(2) with respect to articles sold by the manufacturer, producer, or importer during any monthly or semimonthly period beginning after April 30, 1968, and ending before the date of enactment of legislation, enacted subsequent to April 30, 1968, which increases the rate of tax applicable under section 4061(a)(2) to sales made during such period.

(2) *Amount to be deposited under this paragraph.* The amount to be deposited under this paragraph is an amount equal to the difference between—

(i) The amount required to be deposited, with respect to articles sold during the period described in subparagraph (1) of this paragraph, determined by reference to a rate of tax of 2 percent, and

(ii) The amount required to be deposited, with respect to articles sold during such period, determined by reference to a rate of tax of 7 percent.

(3) *Time for making deposits.* The amount described in subparagraph (2) of this paragraph shall be deposited on or before the later of—

(i) The third banking day following the enactment of the legislation described in subparagraph (1) of this paragraph,

(ii) June 17, 1968, or

(iii) The date prescribed by paragraph (a) of this section.

Because of the need for prompt guidance concerning the deposit procedure to which the Treasury decision relates, it is found that it is impracticable to issue this Treasury decision with notice and public procedure thereon under section 553(b) of title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

(Sec. 7805, Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805))

[SEAL] SHELDON S. COHEN,
Commissioner of Internal Revenue.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Valencia Orange Reg. 241]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 908.541 Valencia Orange Regulation 241.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on May 28, 1968.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period May 31, 1968, through June 6, 1968, are hereby fixed as follows:

(i) District 1: 110,941 cartons;

(ii) District 2: 200,000 cartons;

(iii) District 3: 50,000 cartons.

(2) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

Dated: May 29, 1968.

Deputy Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[Nectarine Reg. 5]

PART 916—NECTARINES GROWN IN CALIFORNIA

Limitation of Shipments

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 916, as amended (7 CFR Part 916), regulating the handling of nectarines grown in the State of California, effective under the applicable provisions of

the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations of the Nectarine Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of nectarines of the varieties hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provision hereof effective not later than the date hereinafter specified. A reasonable determination as to the supply of, and the demand for, such nectarines must await the development of the crop thereof; adequate information thereon was not available to the Nectarine Administrative Committee until the date hereinafter set forth on which an open meeting was held, after giving due notice thereof, to consider the need for, and the extent of, regulation of shipments of such nectarines; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; shipments of the current crop of such nectarines are expected to begin on or about the effective date hereof; this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; the provisions of this regulation are identical with the aforesaid recommendation of the committee; information concerning such provisions and effective time has been disseminated among handlers of such nectarines; and compliance with the provisions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof. Such committee meeting was held on May 14, 1968.

§ 916.337 Nectarine Regulation 5.

(a) *Order.* (1) During the period June 1, 1968, through October 31, 1968, no handler shall handle any package or container of Rose, Early Sun Grand, Sun Grand, Star Grand I, Star Grand II, Red King, Sun Flame, or Grandandy nectarines unless:

(i) Such nectarines, when packed in a No. 22D standard lug box, are of a size that will pack, in accordance with the requirements of a standard pack, not more than 96 nectarines in the lug box; or

(ii) Such nectarines, when packed in any container other than in a No. 22D standard lug box, measure not less than two and one-eighth (2⅛) inches in diameter: *Provided,* That not to exceed ten (10) percent, by count, of the nectarines in any such container may fail to meet such diameter requirement.

(2) When used herein, "diameter" and "standard pack" shall have the same meaning as set forth in the U.S. Standards for Grades of Nectarines (§§ 51.3145–51.3160 of this title); "No. 22D standard lug box" shall have the same meaning as set forth in section 43601 of the Agricultural Code of California; and all other terms shall have the same meaning as when used in the marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: May 27, 1968.

[Nectarine Reg. 6]

PART 916—NECTARINES GROWN IN CALIFORNIA

Limitation of Shipments

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 916, as amended (7 CFR Part 916), regulating the handling of nectarines grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations of the Nectarine Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of nectarines of the varieties hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than the date hereinafter specified. A reasonable determination as to the supply of, and the demand for, such nectarines must await the development of the crop thereof; adequate information thereon was not available to the Nectarine Administrative Committee until the date hereinafter set forth on which an open meeting was held, after giving due notice thereof, to consider the need for, and the extent of, regulation of shipments of such nectarines; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; shipments of the current crop of such nectarines are expected to begin on or about the effective date hereof; this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; the provisions of this regulation are identical with the aforesaid recommendation of the committee; information concerning such provisions and effective time has been disseminated among handlers of such nectarines; and compliance with the provisions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof. Such committee meeting was held on May 14, 1967.

§ 916.338 Nectarine Regulation 6.

(a) *Order.* (1) During the period June 1, 1968, through October 31, 1968, no handler shall handle any package or container of Grand Prize, Granderli, Royal Grand, Grandeur, Le Grand, Late Le Grand, Golden Grand, Gold King, Red Grand, Clinton—Strawberry, Sun Free, Richards Grand, September Grand, or Regal Grand nectarines, unless:

(i) Such nectarines, when packed in a No. 22D standard lug box are of a size that will pack in accordance with the requirements of a standard pack, not more than 88 nectarines in the lug box; or

(ii) Such nectarines, when packed in any container other than in a No. 22D standard lug box, measure not less than two and one-quarter (2¼) inches in diameter: *Provided,* That not to exceed 10 percent, by count, of the nectarines in any such container may fail to meet such diameter requirement.

(2) When used herein, "diameter" and "standard pack" shall have the same meaning as set forth in the U.S. Standards for Grades of Nectarines (§§ 51.3145–51.3160 of this title); "No 22D standard lug box" shall have the same meaning as set forth in section 43601 of the Agricultural Code of California; and all other terms shall have the same meaning as when used in the marketing agreement and order.

[Cherry Reg. 7]

PART 923—SWEET CHERRIES GROWN IN DESIGNATED COUNTIES IN WASHINGTON

Limitation of Shipments

Findings. (1) Pursuant to the marketing agreement and Order No. 923 (7 CFR Part 923) regulating the handling of sweet cherries grown in designated counties in Washington, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations of the Washington Cherry Marketing Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of cherries, in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than June 1, 1968. A reasonable determination as to the supply of, and the demand for, cherries must await the development of the crop and adequate information thereon was not available to the Washington Cherry Marketing Committee until May 14, 1968; recommendation as to the need for, and the extent of, regulation of shipments of such cherries was made at the meeting of said committee on May 14, 1968, after consideration of all available information relative to the supply and demand conditions for such cherries, at which time the recommendation and supporting information were submitted to the Department; necessary supplemental data for consideration in connection with the specification of the provisions of this regulation were not available until May 15, 1968; shipments of the current crop of such cherries will begin on or about June 1, 1968, and this regulation should be applicable, insofar as practicable, to all shipments of such cherries in order to effectuate the declared policy of the act; and compliance with the provisions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

§ 923.307 **Cherry Regulation 7.**

(a) *Order.* (1) During the period June 1, 1968, through May 31, 1969, no handler shall, except as provided in subparagraph (2) of this paragraph, handle any lot of cherries unless such cherries meet each of the following applicable requirements:

(i) *Minimum grade.* U.S. No. 1: *Provided,* That the contents of individual packages in a lot are not limited as to the percentage of defects but the average of the defects of the entire lot shall be within the tolerances specified for such grade.

(ii) *Minimum size.* At least 95 percent, by count, shall measure not less than $^{48}/_{64}$ inch in diameter.

(iii) *Faced packs and any packs of 20 pounds, net weight, or larger.* At least 90 percent, by count, shall measure not less than $^{54}/_{64}$ inch in diameter.

(iv) *Containers.* The net weight of the cherries in any container having a capacity greater than that of a container with inside dimensions of 15⅛ by 10½ by 4 inches shall be not less than 20 pounds; and no container of cherries shall contain less than 12 pounds, net weight, of cherries.

(2) Exceptions: Notwithstanding any other provisions of this section, any individual shipment of cherries which meets each of the following requirements may be handled without regard to the provisions of this paragraph, of § 923.41 (Assessments), and of § 923.55 (Inspection and Certification):

(i) The shipment consists of cherries sold for home use and not for resale;

(ii) The shipment does not, in the aggregate, exceed 100 pounds, net weight, of cherries; and

(iii) Each container is stamped or marked with the words "not for resale" in letters at least one-half inch in height.

(b) *Definitions.* (1) Terms used in the marketing agreement and order shall, when used herein, have the same meaning as given to the respective term in said marketing agreement and order;

(2) "U.S. No. 1" and "diameter" shall have the same meaning as when used in the U.S. Standards for Sweet Cherries (§§ 51.2646–51.2657 of this title); and

(3) "Faced pack" means that the cherries in the top layer in any container are so placed that the stem ends are pointing downward toward the bottom of the container.

[953.308]

PART 953—IRISH POTATOES GROWN IN SOUTHEASTERN STATES

Limitation of Shipments

Notice of rule making with respect to a proposed limitation of shipments regulation to be made effective under Marketing Agreement No. 104 and Order No. 953 (7 CFR Part 953), regulating the handling of Irish potatoes grown in designated counties of Virginia and North Carolina, was published in the FEDERAL REGISTER, March 22, 1968 (33 F.R. 4890). This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

The notice afforded interested persons an opportunity to file written data, views, or arguments pertaining thereto not later than thirty days after publication. None was filed.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice which was recommended by the Southeastern Potato Committee, established pursuant to the said marketing agreement and order, it is hereby found that the limitation of shipments regulation, as hereinafter set forth, will tend to effectuate the declared policy of the act.

§ 953.308 **Limitation of shipments.**

During the period June 15 through July 31, 1968, no person shall ship any lot of potatoes produced in District No. 1, 2, 3, or 4 of the production area unless such potatoes meet the requirements of paragraphs (a) and (b) of this section or unless such potatoes are handled in accordance with paragraphs (c) and (d) of this section.

(a) *Grade requirements.* All varieties U.S. No. 2, or better grade.

(b) *Inspection.* Each first handler shall, prior to making each shipment of potatoes cause each shipment to be inspected by an authorized representative of the Federal-State Inspection Service. No handler shall ship any potatoes for which inspection is required unless an appropriate inspection certificate has been issued with respect thereto by the Federal-State Inspection Service and the certificate is valid at the time of shipment.

(c) *Special purpose shipments.* The grade and inspection requirements set forth in paragraphs (a) and (b) of this section shall not be applicable to shipments of potatoes for potato chipping, canning, freezing, livestock feed, or charity: *Provided,* That the handler thereof complies with the safeguard requirements of paragraph (d) of this section.

(d) *Safeguards.* Each handler making shipments of potatoes for potato chipping, canning, freezing, livestock feed, or charity in accordance with paragraph (c) of this section shall:

(1) Notify the committee of his intent to ship potatoes pursuant to paragraph (c) of this section by applying on forms furnished by the committee for a Certificate of Privilege applicable to such special purpose shipments;

(2) Obtain an approved Certificate of Privilege;

(3) Prepare on forms furnished by the committee a special purpose shipment report for each such individual shipment; and

(4) Forward copies of such special purpose shipment report to the committee office and to the receiver with instructions to the receiver that he sign and return a copy to the committee's office. Failure of the handler or receiver to report such shipments by promptly

signing and returning the applicable special purpose shipment report to the committee office shall be cause for suspension of such handler's Certificate of Privilege applicable to such special purpose shipments.

(e) *Definitions.* The term "U.S. No. 2" shall have the same meaning as when used in the U.S. Standards for Potatoes (§§ 51.1540–51.1556 of this title), including the tolerances set forth therein. All other terms used in this section shall have the same meaning as when used in Marketing Agreement No. 104 and this part.

(f) *Applicability to imports.* Pursuant to section 608e–1 of the act and § 980.1 "Import Regulations" (§ 980.1 of this chapter, as amended), Irish potatoes of the round type, except red skinned varieties, imported during the effective period of this section shall meet the applicable grade, size and maturity requirements specified in paragraph (a) of this section.

It is hereby found that good cause exists for not postponing the effective date of this section beyond the date hereinafter specified (5 U.S.C. 553) in that (1) preliminary notice has been given of the proposed action, including the effective date thereof, by publication in the FEDERAL REGISTER on March 22, 1968 (33 F.R. 4890); (2) shipments of 1968 crop potatoes from the specified districts of the production area are expected to begin by the effective date hereof; (3) this regulation should be applicable, insofar as practicable, to all such shipments in order to effectuate the declared policy of the act; (4) producers and handlers operated under a regulation essentially the same the previous season; and (5) no special preparation on the part of handlers for operation under this regulation is required which cannot be completed by the effective date hereof.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Effective date: Dated May 24, 1968, to become effective June 15, 1968.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable Division, Consumer and Marketing Service.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

SUBCHAPTER C—AIRCRAFT

[Airworthiness Docket No. 68–WE–15–AD, Amdt. 39–605]

PART 39—AIRWORTHINESS DIRECTIVES

Boeing Model 707 Series Airplanes

Pursuant to the authority delegated to me by the Administrator (14 CFR 11.81), an airworthiness directive (AD) was adopted on May 10, 1968, and made effective by telegram immediately as to all known U.S. operators of Boeing Model 707 Series airplanes equipped with Collins Model 51RV–1 navigation receivers and Pratt & Whitney P/N 563586 or General Laboratories P/N 42721 solid state ignitor systems. The AD requires that flight operations shall not be predicated on the use of localizer receiver information when engine ignition systems are "ON" unless a 1,000-microfarad 50-volt capacitor has been installed across the 28-volt DC input lead to the Collins 51RV–1 receiver.

Telegraphic issuance of this directive was necessitated by a report of localizer course indicator errors occurring when the solid state ignitor systems were turned "ON". It was determined that the same condition might occur in other Boeing Model 707 Series airplanes.

Since it was found that immediate corrective action was required, notice and public procedure thereon were impracticable and contrary to the public interest and good cause existed for making the airworthiness directive effective immediately as to all known U.S. operators of Boeing Model 707 Series airplanes. This condition still exists and the airworthiness directive is hereby published in the FEDERAL REGISTER as an amendment to § 39.13 of Part 39 of the Federal Aviation Regulations to make it effective as to all persons.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.81), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

BOEING. Applies to Model 707 Series airplanes equipped with Collins Model 51RV–1 navigation receivers and Pratt & Whitney P/N 563586 or General Laboratories P/N 42721 solid state engine ignitor systems.

Compliance required as indicated.

Reports indicate a localizer course indicator error may exist when the Pratt & Whitney P/N 563586 or General Laboratories P/N 42721 solid state engine ignitors are turned "ON". Since this unsafe condition is likely to exist in other Boeing Model 707 Series airplanes, the Director determined that:

A. Flight operations shall not be predicated on the use of localizer receiver information when engine ignition systems are "ON".

B. The operating limitations specified in subparagraph A of this paragraph must be placed in the aircraft in the form of a placard in clear view of the pilot. For purposes of this AD any documents including a pilot check list including these limitations constitute a placard within the meaning of this paragraph.

C. This limitation does not apply when a 1,000-microfarad 50-volt capacitor has been installed across the 28-volt DC input lead to the Collins 51RV–1 receiver in the radio junction box in accordance with Boeing telegraphic Alert Bulletin 2752 dated May 10, 1968, or an equivalent suppression system approved by the Western Region Aircraft Engineering Division.

This amendment becomes effective on May 31, 1968, for all persons except those to whom it was made effective immediately by telegram dated May 10, 1968.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Los Angeles, Calif., on May 24, 1968.

ARVIN O. BASNIGHT,
Regional Director, FAA Western Region.

SUBCHAPTER E—AIRSPACE

[Airspace Docket No. 68–AL–5]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone

On April 4, 1968, a notice of proposed rule making was published in the FEDERAL REGISTER (33 F.R. 5365) stating that the Federal Aviation Administration was considering amendments to Part 71 of the Federal Aviation Regulations which would alter the controlled airspace in the vicinity of Soldotna and Kenai, Alaska.

Interested persons were afforded an opportunity to participate in the rule making through the submission of comments. No comments were received.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., July 18, 1968, as hereinafter set forth.

Section 71.171 (33 F.R. 2058) is amended as follows:

KENAI, ALASKA

Within a 5-mile radius of the Kenai Municipal Airport (latitude 60°34'11" N., longitude 151°14'56" W.); within 2 miles northwest and 3 miles southeast of the Kenai VOR 031° radial extending from the 5-mile radius zone to 8 miles northeast of the VOR.

SOLDOTNA, ALASKA

Within a 5-mile radius of the Soldotna Airport (latitude 60°28'25" N., longitude 151°02'20" W.); within 2 miles each side of the Cordova Airlines Soldotna RBN 261° bearing, extending from the 5-mile radius zone to 8 miles west of the RBN; and within 2 miles each side of the Kenai VOR 151° radial, extending from the 5-mile radius zone to the VOR, excluding the portion within the Kenai, Alaska, control zone. This control zone is effective from 0800 to 1600 hours, local time, daily.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Anchorage, Alaska, on May 24, 1968.

LYLE K. BROWN,
Director, Alaskan Region.

[Airspace Docket No. 68–WE–44]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone Description

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to amend the description of the Los Angeles International Airport, Los Angeles, Calif., control zone. Parallel ILS

approaches for Runways 25L and 24 necessitate this action.

In § 71.171 (33 F.R. 2099) the Los Angeles, Calif. (Los Angeles International Airport) control zone is amended by deleting "* * * within 2 miles each side of the Los Angeles ILS localizer east course, extending from the 5-mile radius zone to the OM; * * *" and substituting "* * * within 2 miles each side of the Los Angeles Runway 25L ILS localizer east course, extending from the 5-mile radius zone to the LIMA OM; * * *" therefor.

Since this change is editorial in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and good cause exists for making this amendment effective in less than 30 days.

Effective date. This amendment is effective upon publication in the FEDERAL REGISTER.

Issued in Los Angeles, Calif., on May 24, 1968.

ARVIN O. BASNIGHT,
Director, Western Region.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On April 9, 1968, a notice of proposed rule making was published in the FEDERAL REGISTER (33 F.R. 5545) stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Santa Barbara, Calif., transition area.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., July 25, 1968, as hereinafter set forth.

In § 71.181 (33 F.R. 531, 2137) the Santa Barbara, Calif., transition area is amended by deleting all preceding "and that airspace extending upward from 1,200 feet above the surface" and substituting therefor "That airspace extending upward from 700 feet above the surface within 2 miles each side of the Santa Barbara ILS localizer west course, extending from the OM to 2 miles west of the OM; between the arcs of a 5-mile radius circle and an 8.5-mile radius circle centered on the Santa Barbara Municipal Airport (lat. 34°25'35" N., long. 119°50'-20" W.), extending clockwise from a line 2 miles north of the 089° bearing from the Santa Barbara LMM to a line 2.5 miles south of the 115° bearing from the LMM; and within 2 miles east and 7 miles west of the Santa Barbara VORTAC 196° radial, extending from a 5-mile radius circle centered on the Santa Barbara Municipal Airport to 15.5 miles south of the VORTAC;"

(Secs. 307(a), 1110 Federal Aviation Act of 1958 (49 U.S.C. 1348, 1510); Executive Order 10854 (24 F.R. 9565))

Issued in Washington, D.C., on May 23, 1968.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

On page 4832 of the FEDERAL REGISTER dated March 21, 1968, the Federal Aviation Administration published a notice of proposed rule making which would amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a transition area at Muscatine, Iowa.

Interested persons were given 45 days to submit written comments, suggestions, or objections regarding the proposed amendment.

No objections have been received and the amendment as so proposed is hereby adopted, subject to the following changes: The coordinates recited in the Muscatine, Iowa, Municipal Airport transition area designation as "latitude 41°22'15" N., longitude 91°08'45" W." are changed to read "latitude 41°22'00" N., longitude 91°08'40" W.".

This amendment shall be effective 0901 G.m.t., July 25, 1968.

(Section 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Kansas City, Mo., on May 17, 1968.

DANIEL E. BARROW,
Acting Director, Central Region.

In § 71.181 (33 F.R. 2137), the following transition area is added:

MUSCATINE, IOWA

That airspace extending upward from 700 feet above the surface within an 8-mile radius of Muscatine Municipal Airport (latitude 41°22'00" N., longitude 91°08'40" W.).

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

On page 5223 of the FEDERAL REGISTER dated March 30, 1968, the Federal Aviation Administration published a notice of proposed rule making which would amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a transition area at Alexandria, Ind.

Interested persons were given 45 days to submit written comments, suggestions, or objections regarding the proposed amendment.

No objections have been received and the amendment as so proposed is hereby adopted, subject to the following changes: The coordinates recited in the Alexandria, Ind., Airport transition area, designation as "latitude 40°14'00" N., longitude 85°38'00" W." are changed to read "latitude 40°13'25" N., longitude 85°38'15" W.".

This amendment shall be effective 0901 G.m.t., July 25, 1968.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Kansas City, Mo., on May 20, 1968.

DANIEL E. BARROW,
Acting Director, Central Region.

In § 71.181 (33 F.R. 2137), the following transition area is added:

ALEXANDRIA, IND.

That airspace extending upward from 700 feet above the surface within a 6-mile radius of Alexandria Airport (latitude 40°13'25" N., longitude 85°38'15" W.) excluding the portion which overlies the Anderson, Ind., transition area.

PART 73—SPECIAL USE AIRSPACE

Restricted Area; Time of Designation

The purpose of this amendment is to clarify the time of designation at Restricted Area R-3704, Fort Knox, Ky.

On August 10, 1967, F.R. Doc. 67-9365 was published in the FEDERAL REGISTER (33 F.R. 11521), effective August 10, 1967, which in part established the time of designation of Restricted Area R-3704. The time of designation did not state whether the time of designation was G.m.t., local, or eastern standard time.

It was intended that the time be stated as eastern standard time. Action is taken herein to correct this discrepancy.

Since this alteration to F.R. Doc. 67-9365 is editorial in nature, notice and public procedure hereon are unnecessary and this action may be made effective immediately.

In consideration of the foregoing, F.R. Doc. 67-9365 is amended, effective immediately, as hereinafter set forth.

In § 73.37 (33 F.R. 2318) Restricted Area R-3704, Fort Knox, Ky., is amended by deleting from the time of designation, "Subarea A 0600 to 2400; other times by NOTAM 24 hours in advance." and substituting therefor "Subarea A 0600 to 2400 e.s.t.; other times by NOTAM 24 hours in advance."

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Washington, D.C., on May 23, 1968.

Acting Director, Air Traffic Service.

SUBCHAPTER F—AIR TRAFFIC AND GENERAL OPERATING RULES

[Reg. Docket No. 8879, Amdt. 598]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

The amendments to the standard instrument approach procedures contained herein are adopted to become effective when indicated in order to promote safety. The amended procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the complete procedure is republished in this amendment indicating the changes to the existing procedures.

As a situation exists which demands immediate action in the interests of safety in air commerce, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 97 (14 CFR Part 97) is amended as follows:

1. By amending § 97.11 of Subpart B to amend low or medium frequency range (L/MF), automatic direction finding (ADF) and very high frequency omnirange (VOR) procedures as follows:

STANDARD INSTRUMENT APPROACH PROCEDURE—TYPE VOR

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

4. By amending § 97.17 of Subpart B to amend instrument landing system (ILS) procedures as follows:

STANDARD INSTRUMENT APPROACH PROCEDURE—TYPE ILS

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.
If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

PART 99—SECURITY CONTROL OF AIR TRAFFIC

Alteration of Atlantic Coastal Air Defense Identification Zone

The purpose of this amendment to Part 99 of the Federal Aviation Regulations is to alter the description of the Atlantic Coastal Air Defense Identification Zone (ACADIZ) in the vicinity of the South Island Intersection so that aircraft being radar vectored from the vicinity of South Island to Coyle are able to stay to the West of the ACADIZ avoiding the need for coordination with Air Defense Command Facilities.

In a separate rule making action to improve the efficiency of the air traffic control system in the ACADIZ boundary area, the following changes to off-shore routes southeast of New York City have been effected:

1. Extension of Jet Route 63 from the Kennedy, N.Y., VORTAC to the Tuna (overwater) intersection.

2. Designation of a new jet route between Sea Isle, N.J. VORTAC and the Shad (overwater) intersection.

3. Modification of Control 1147 and 1148.

4. Modification of Wrightstown, N.J., transition area.

5. Designation of additional high and low altitude reporting points.

Enactment of the above proposals necessitates the ACADIZ alteration. Since the ACADIZ boundary change involves airspace outside of the United States, the FAA has consulted with the Secretary of State and the Secretary of Defense, in accordance with the provisions of Executive Order 10854.

Inasmuch as this amendment relates to a defense requirement in which the public is not particularly interested, I find that the notice and public procedure requirements of the Administrative Procedure Act are unnecessary.

In consideration of the foregoing, § 99.45(a) of Part 99 is amended, effective July 25, 1968, by striking out the words "39°43'45" N., 73°35'30" W.; 39°54' N., 73°15' W.;" and inserting the words "39°36'30" N., 73°40'30" W.; 39°38' N., 73°00' W.; 40°11' N., 73°00' W.;" in place thereof.

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

PART 15—ADMINISTRATIVE OPINIONS AND RULINGS

Operation of Exclusive Check-Cashing Concessions in Retail Stores

§ 15.254 **Operation of exclusive check-cashing concessions in retail stores.**

(a) The Commission rendered an advisory opinion to the effect that it would not be illegal for a company to operate a proposed check-cashing program pursuant to which it would function as the check-cashing concessionaire within subscribing retail establishments.

(b) Under the plan as presented, the company would charge check-cashing customers a 10-cent fee for all checks drawn for sums greater than the amount of the purchase and would pay to the subscribing retailers a portion of that fee as consideration for the grant of concession rights. The company would assume the entire burden of bad-check risks and collection efforts.

(c) The subscribing retailers and their employees would act as agents of the company by performing the actual check-cashing function, following procedures required by the company and utilizing the company's information system. Money used in cashing checks for sums greater than the amount of the purchase would be the retailers' money and the retailers would deposit all checks and fees collected by them in their own banks. Out of the fees so collected and deposited, the subscribers would remit to the company 7 cents per check cashed, including checks drawn in the amount of the purchase, although no fee would be charged the customer for such checks. The company would pay the subscriber the full amount of all bad checks and would assume the function and risks of attempting to collect on such checks.

(d) The subscribing retailers would retain the difference between the amount paid the company and the aggregate fees collected as their basic consideration for granting the concession rights and could realize additional consideration from a reserve to be maintained by the company. The company would run its own credit check of all applicants for and holders of check-cashing courtesy cards, issue cards inscribed with the retailer's name, keep the credit information up to date and operate, using moneys and employees of the subscriber and at locations within subscriber's outlets, check-cashing concessions which would be furnished with on-line telephone reports of information contained in the company's records.

(e) The agreements to be executed with the subscribers would give the company the exclusive check-cashing concession rights within the stores for a period of 24 months, subject to an initial right of cancellation by the subscriber at the end of the first 5 months. The only cost to the subscriber in exercising this latter privilege would be the loss of the initial set-up charge paid upon installation of the concession in the store. After the expiration of the 24-month period, the agreements would be renewable for 1-year periods at the option of the parties. The company also advised that to its knowledge no one else is presently engaged in operating such check-cashing concessions.

(f) The company expressed primary concern with two legal issues created by this proposed plan. The first had to do with whether the company's separate agreements with subscribers, each providing for the collection of a 10-cent fee, would be deemed a horizontal price-fixing conspiracy. Second, the company inquired as to whether the exclusive aspect of the agreements makes them objectionable under section 5 of the Federal Trade Commission Act.

(g) With respect to the first question, the opinion advised that in the Commission's view, based upon the facts presented, the only price involved is the company's own price for the service rendered and hence no question of a price-fixing agreement should arise. With regard to the second question, the Commission was of the opinion that the time periods involved in these exclusive agreements should not result in unreasonable restraints of trade considering the fact that this is a small company seeking to establish itself in a new field of endeavor where there are no existing competitors and where a substantial outlay of capital and the assumption of

considerable risk will be required. Here, the Commission was influenced by the fact that subscribers have the opportunity to terminate the arrangement at the end of the first 5 months and again at the expiration of the 24-month period and that renewals will be for 1-year periods only.

(h) The Commission cautioned that this opinion was being rendered in the light of the competitive situation which now exists and that in that light it could see no objection to the form of the agreements and the proposed manner of implementing the program. The Commission could not, of course, foresee in all particulars the impact of this program upon future competitive conditions which might conceivably require a different view of the exclusive provisions contained therein.

PART 15—ADMINISTRATIVE OPINIONS AND RULINGS

Misrepresentation as to Origin of Flatware

§ 15.255 Misrepresentation as to origin of flatware.

(a) The Commission rendered an advisory opinion in regard to the proper marking of the origin of flatware which is imported in substantial part. Specifically, the following three questions were ruled upon by the Commission.

(b) First, can flatware which is gold plated in the United States be marketed without disclosing the foreign origin of the imported stainless steel blanks, if it is sold under a trade name consisting of a company name suggesting domestic origin hyphenated with the word "American"? (The gold plating will cost from 30 percent to 50 percent of the total cost of the finished product.)

(c) Second, if the trade name referred to above in the first question is not used, will it then be necessary to disclose the foreign origin of the imported stainless steel blanks?

(d) Third, if a disclosure is required, must it be stamped on the flatware itself or can it be placed on a string tag attached to the flatware or on the container?

(e) In response to the first question, the Commission said that the use of the proposed trade name would constitute an affirmative respresentation, contrary to fact, that the entire product was made in the United States. Since a substantial portion originates in a foreign country, it will then be necessary to clearly disclose the country or origin of the imported stainless steel blanks in immediate connection with the trade name wherever it is used, both in advertising and labeling.

(f) In response to the second and third questions, the Commission said that disclosure of the origin of the imported components would be required even though the company elected not to market the flatware under the proposed trade name. The Commission also stated that the disclosure may be made on the flatware itself, or on a string attached thereto, or on the container, provided the disclosure is of that degree of conspicuity and permanency as will likely be observed by prospective purchasers making a casual inspection of the merchandise prior to, not after, the purchase thereof.

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to alter the control zone and transition area at Kirksville, Mo.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communciations should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief.

Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposals contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106.

The instrument approach procedure for Clarence Cannon Memorial Airport, Kirksville, Mo., is being modified by the addition of DME arcs which are not completely protected by controlled airspace. In addition, the radius of the Kirksville control zone should be adjusted to a 5-mile radius to conform to the normal radius for all control zones. Therefore, it is necessary to alter the Kirksville, Mo. control zone and transition area in order to provide the necessary controlled airspace in order to accomplish these objectives.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

(1) In § 71.171 (33 F.R. 2058), the following control zone is amended to read:

KIRKSVILLE, MO.

Within a 5-mile radius of Clarence Cannon Memorial Airport (latitude 40°05'45" N., longitude 92°32'50" W.).

(2) In § 71.181 (33 F.R. 2137), the following transition area is amended to read:

KIRKSVILLE, MO.

That airspace extending upward from 700 feet above the surface within 2 miles each side of the Kirskville, Mo., VORTAC 316° radial, extending from the arc of a 5-mile radius circle centered on the Clarence Cannon Memorial Airport (latitude 40°05'45" N., longitude 92°32'50" W.), to 8 miles northwest of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within a 13-mile radius of Kirksville VORTAC.

These amendments are proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued at Kansas City, Mo., on May 14, 1968.

DANIEL E. BARROW,
Acting Director, Central Region.

TRANSITION AREA

Proposed Designation

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to designate a transition area at Mexico, Mo.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief.

Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106.

A new public use instrument approach procedure has been developed for the Mexico, Mo., Memorial Airport utilizing the Hallsville, Mo., VORTAC as a navigational aid. Consequently, it is necessary to provide controlled airspace protection by designating a transition area at Mexico, Mo. The new procedure will become effective concurrently with the designation of the transition area.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.81 (33 F.R. 2137), the following transition area is added:

MEXICO, MO.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Mexico Memorial Airport (latitude 39°09'15" N., longitude 91°49'15" W.); and that airspace extending upward from 1,200 feet above the surface northeast of the Hallsville, Mo., VORTAC within a 34-mile radius circle centered on the Hallsville VORTAC, extending from the southeast edge of V–63 clockwise to the north edge of V–4.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued at Kansas City, Mo., on May 14, 1968.

DANIEL E. BARROW,
Acting Director, Central Region.

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations which would alter the Yakutat, Alaska, 1,200-foot transition area by adding a 1,200-foot transition area to the southeast.

The present Yakutat, Alaska, transition area is described as follows:

YAKUTAT, ALASKA

That airspace extending upward from 700 feet above the surface within a 15-mile radius of the Yakutat VORTAC, and within a 15-mile radius of the Yakutat RR, excluding the portion northeast of a line 5 miles northeast of and parallel to the Yakutat VORTAC 319° and 139° radials; and that airspace extending upward from 1,200 feet

above the surface within 5 miles each side of the Yakutat VORTAC 147° radial, extending from the 15-mile radius area to 18 miles southeast of the VORTAC.

The proposed change to the 1,200-foot transition area is required to provide controlled airspace for a new instrument approach and departure procedure conducted beyond the limits of the control zone and 700-foot transition area.

Therefore, the Federal Aviation Administration proposes the following airspace action which would alter the Yakutat, Alaska, transition area by redesignating it as follows:

YAKUTAT, ALASKA

That airspace extending upward from 700 feet above the surface within a 15-mile radius of the Yakutat VORTAC, and within a 15-mile radius of the Yakutat RR, excluding the portion northeast of a line 5 miles northeast of and parallel to the Yakutat VORTAC 319° True (290° MAG) and 139° True (168° MAG) radials; and that airspace extending upward from 1,200 feet above the surface within 5 miles each side of the Yakutat VORTAC 147° True (118° MAG) radial, extending from the 15-mile radius area to 18 miles southeast of the VORTAC; and within 5 miles each side of the Yakutat VORTAC 119° True (090° MAG) radial, extending from the 15-mile radius area to 65 miles southeast of the VORTAC.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Alaskan Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, 632 Sixth Avenue, Anchorage, Alaska 99501. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the Regional Counsel, 632 Sixth Avenue, Anchorage, Alaska 99501.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued in Anchorage, Alaska, on May 21, 1968.

LYLE K. BROWN,
Director, Alaskan Region.

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations which would alter the 1,200-foot portion of the Riverton, Wyo., transition area.

Interested persons may participate in the proposed rule-making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Western Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, 5651 West Manchester Avenue, Post Office Box 90007, Airport Station, Los Angeles, Calif. 90009. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the office of the Regional Counsel, Federal Aviation Administration, 5651 West Manchester Avenue, Los Angeles, Calif. 90045.

The additional proposed 1,200-foot floor transition area is required to provide controlled airspace for climb to the base of Continental Control Area for Frontier Airlines non-Part 95 route between Jackson and Riverton, Wyo.

In consideration of the foregoing, the FAA proposes the following airspace action:

In § 71.181 (33 F.R. 2246) the Riverton, Wyo., transition area is amended to read as follows:

RIVERTON, WYO.

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Riverton Municipal Airport (latitude 43°03'45" N., longitude 108°27'15" W.), and within 5 miles north and 8 miles south of the Riverton VOR 291° radial extending from the VOR to 12 miles west of the VOR; that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of the Riverton VOR, within 10 miles east and 7 miles west of the Riverton VOR 016° radial, extending from the 25-mile radius area to 38 miles north of the VOR, and that airspace within 5 miles each side of the Riverton VOR 288° radial extending from the 25-mile radius area to 30 miles west of the VOR.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958, as amended (72 Stat. 749; 49 U.S.C. 1348).

Issued in Los Angeles, Calif., on May 24, 1968.

ARVIN O. BASNIGHT,
Director, Western Region.

NATIONAL CAPITAL AIRPORTS

Proposed Landing Charges

The Federal Aviation Administration is considering amending Part 159 of the Federal Aviation Regulations to revise the landing charges at the National Capital Airports in § 159.181(a); to limit the present exception for aircraft of 3,500 pounds, or less, in § 159.181(b)(1) to Dulles International Airport; and to clarify the applicability of the exception now in § 159.181(b)(2).

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket or notice number and be submitted in duplicate to: Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket GC-24, 800 Independence Avenue SW., Washington, D.C. 20590. All communications received on or before July 1, 1968, will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

The policy of the Federal Aviation Administration is to recover the full cost of establishing, operating, maintaining, and improving Washington National and Dulles International Airports. Under this policy, user charges established to recover these costs should apply to all users of the airport facilities on a fair and equitable basis. The policy is consistent with the Bureau of the Budget Circular A-25 concerning user charges for Government services and property. The landing charges now in § 159.181(a) for Washington National Airport no longer meet the objectives of the FAA policy. Therefore, the FAA proposes to revise them to insure fair and equitable cost recovery.

The proposed basic charge for reciprocating engine and turbopropeller powered aircraft at Washington National Airport would be reduced from 15 cents to 12 cents for each 1,000 pounds of landing weight. The basic charge for turbojet powered aircraft at that airport would be increased from 15 cents to 30 cents for each 1,000 pounds of landing weight. These basic charges would apply to all aircraft using Washington National Airport runways. In addition, the FAA proposes to establish a minimum fee of $4 for each landing for all of these aircraft. The proposed minimum fee is based on the indirect, as well as the direct, costs to the Government, of providing and maintaining the runways and other landing area facilities at Washington National Airport for public use. In arriving at the proposed minimum fee, the FAA has also considered the length of time these facilities are used for each aircraft landing, and the value of that time in terms of cost to the Government. The basic charges at Dulles International Airport would not be changed.

The FAA recognizes that the minimum fee would affect smaller reciprocating engine and turbopropeller powered aircraft that have a landing weight of less than 33,400 pounds, and turbojet powered

aircraft that have a landing weight of less than 13,400 pounds. The FAA considers the proposed minimum fee to be appropriate, considering the fact that all aircraft use an equivalent time on the runway, regardless of their weight, and the fact that larger aircraft pay higher fees because of their weight. Since helicopters do not use the runway facilities, the FAA proposes to except them from the minimum charge at Washington National Airport.

Finally, the FAA proposes to clarify the exception now in § 159.181(b)(2) for aircraft "whose operators have a contract with the United States for the use of the airports and pay appropriate fees directly to the United States." These persons are all holders of domestic or flag air carrier operating certificates issued under Part 121, or of operations specifications, issued to foreign air carriers under Part 129. Each of the contracts provides for the payment of named landing charges directly to the United States. The FAA proposes to clearly reflect these facts in a new § 159.181(c). The FAA is proposing to limit the exception in § 151.181(b)(1) to Dulles International Airport.

In consideration of the foregoing, it is proposed to amend Part 159 of the Federal Aviation Regulations by amending § 159.181 to read as follows:

§ 159.181 Landing charges.

(a) Except as provided in paragraphs (b) and (c) of this section, the charge for each landing of an aircraft at Washington National Airport or Dulles International Airport is as follows:

WASHINGTON NATIONAL AIRPORT	
Basic landing charge:	
Turbojet powered aircraft, for each 1,000 lbs	$0.30
Reciprocating engine or turbopropeller powered aircraft, for each 1,000 lbs	.12
Minimum landing charge:	
All aircraft except helicopters	4.00
DULLES INTERNATIONAL AIRPORT	
Basic landing charge:	
Turbojet powered aircraft, for each 1,000 pounds	$0.25
Reciprocating engine or turbopropeller powered aircraft, for each 1,000 pounds	.25
Minimum landing charge:	
All aircraft	.75

(b) There is no landing charge under this subpart for the following:

(1) Aircraft of 3,500 pounds or less weight that are not engaged in commercial operations, and that land at Dulles International Airport.

(2) Public aircraft.

(3) Aircraft compelled to return after takeoff.

(c) Except for the minimum landing charges, the landing charges in paragraph (a) of this section do not apply to the holder of a domestic or flag air carrier operating certificate, issued under Part 121 of this chapter, or to the holder of operations specifications, issued under Part 129 of this chapter, if that certificate holder has a contract with the United States for the use of the particular airport by that aircraft, and the contract provides for the payment of named amounts, as landing charges, directly to the United States.

These amendments are proposed under the authority of the Act of June 29, 1940, as amended (54 Stat. 686), and the Act of September 7, 1950, as amended (64 Stat. 770), as amended, and Title V of the Independent Offices Appropriations Act of 1952 (31 U.S.C. 483a).

Issued in Falls Church, Va., on May 23, 1968.

Director, Bureau of National Capital Airports.

FEDERAL TRADE COMMISSION

[16 CFR Part 417]

QUICK-FREEZE AEROSOL SPRAY PRODUCTS DESIGNED FOR FROSTING OF BEVERAGE GLASSES

Failure To Disclose Hazards of Inhaling

Notice is hereby given that the Federal Trade Commission, pursuant to the Federal Trade Commission Act, as amended, 15 U.S.C. 41 et seq., and the provisions of Part 1, Subpart B of the Commission's procedure and rules of practice, 16 CFR 1.11 et seq., has initiated a proceeding for the promulgation of a trade regulation rule regarding the failure of manufacturers and other marketers of quick-freeze aerosol spray products to clearly and conspicuously disclose, in labeling, the hazards of inhaling these products.

The Commission has initiated this proceeding having reason to believe that: (1) Quick-freeze aerosol spray products designed for the frosting of beverage glasses contain Fluorocarbon 12 (Dichlorodifluoromethane); (2) Fluorocarbon 12 (Dichlorodifluoromethane) when inhaled may cause injury or death; (3) Marketers of such products fail to provide a clear and conspicuous warning on labels as to the effects of inhaling the product; and therefore, that (4) the marketing of these products without such warning on the labels thereof constitutes an unfair or deceptive act or practice in violation of section 5 of the Federal Trade Commission Act.

Accordingly, the Commission proposes the following trade regulation rule:

§ 417.1 The rule.

In connection with the sale in commerce as "commerce" is defined in the Federal Trade Commission Act, of quick-freeze aerosol spray products containing Fluorocarbon 12 (Dichlorodifluoromethane) designed for the frosting of beverage glasses, it constitutes an unfair or deceptive act or practice to fail to include the following warning in bold and conspicuous type on the labels of such products.

"WARNING: DO NOT INHALE. USE ONLY AS DIRECTED. DEATH MAY RESULT FROM INHALING THIS PRODUCT."

All interested persons, including the consuming public, are hereby notified that they may file written data, views or arguments concerning the proposed rule set forth above in this notice, with the Chief, Division of Trade Regulation Rules, Bureau of Industry Guidance, Federal Trade Commission, Pennsylvania Avenue and Sixth Street NW., Washington, D.C. 20580, not later than July 10, 1968. To the extent practicable, persons wishing to file written presentations in excess of two pages should submit 20 copies.

All interested parties are also given notice of opportunity to orally present data, views, or arguments with respect to the proposed rule at a hearing to be held at 10 a.m., e.d.t., on July 17, 1968, in Room 532 of the Federal Trade Commission Building, Washington, D.C.

The data, views, or arguments presented orally or in writing with respect to the proposed rule will be available for examination by interested parties at the office of the Federal Trade Commission, Washington, D.C., and will be considered by the Commission in the establishment of a trade regulation rule.

All persons, firms, corporations, or others engaged in the manufacture, sale, or distribution of quick-freeze aerosol spray products in commerce as "commerce" is defined in the Federal Trade Commission Act, would be subject to the requirements of any trade regulation rule promulgated in the course of this proceeding.

Where a trade regulation rule is relevant to any issue involved in an adjudicative proceeding thereafter instituted, the Commission may rely upon the rule to resolve such issue: *Provided*, That the

respondent shall have been given a fair hearing on the applicability of the rule to the particular case.

Trade regulation rules express the experience and judgment of the Commission, based on facts of which it has knowledge derived from studies, reports, investigations, hearings and other proceedings, or within official notice, concerning the substantive requirements of the statutes which it administers.

The labeling of quick-freeze aerosol spray products indicates that the practice which would be prohibited by the proposed rule is widespread in the industry. This proceeding is designed to inform all industry members of their obligations under the law and assure equitable treatment in complying therewith.

Manufacturers and other marketers of quick-freeze aerosol spray products and other interested parties, including the purchasing public, are urged to express their approval or disapproval of the proposed rule, or to recommend revisions thereof, and give a full statement of their views in connection therewith.

Issued: May 29, 1968.

By the Commission.

Secretary.

Notice of Offering of Land for Sale

MAY 16, 1968.

Pursuant to the Act of September 19, 1964 (78 Stat. 988; 43 U.S.C. 1421-27) and 43 CFR Subpart 2243, there will be offered to the highest bidder, but at not less than the appraised value, at a public sale to be held at 11 a.m., local time, on July 2, 1968, at the District and Land Office, 1414 University Avenue, Riverside, Calif., the following tract of public land in Imperial County, Calif.:

Parcel No.	Description	Acreage	Appraised value	Publication cost
R 601	T. 16½ S., R. 10 E., SBM., California, sec. 5, lots 1, 2, 3, and 4.	11.94	$4,400	$22.00

The land will be sold subject to a reservation to the United States of rights-of-way for ditches and canals under the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. sec. 945); and subject to existing rights-of-way. All minerals will be reserved to the United States and withdrawn, by operation of law, from appropriation under the public land laws.

Bids may be made by the principal or his agent. Only bids for the entire tract will be considered. Sealed bids will be considered only if received at the District and Land Office, 1414 University Avenue, Post Office Box 723, Riverside, Calif. 92502, prior to 10 a.m., July 2, 1968. Each sealed bid must be in an envelope marked in the lower left hand corner "Public Sale Bid, July 2, 1968, Parcel No. R 601." Each bid must be accompanied by certified check, post office money order, bank draft, or cashier's check made payable to the Bureau of Land Management, for the amount of the bid plus the cost of publication. After publicly opening and declaring the highest qualifying sealed bid received, the authorized officer shall invite oral bids in increments of $100. The person, if any, declared to have entered the highest qualifying oral bid must promptly submit payment in a form acceptable for a sealed bid. Payment shall be for the amount of the bid plus the cost of publication indicated above. The right is reserved at anytime to determine that the lands should not be sold, or that any and all bids should be rejected.

For further information write: Manager, District and Land Office, 1414 University Avenue, Post Office Box 723, Riverside, Calif. 92502.

WASHINGTON

Notice of Proposed Withdrawal and Reservation of Lands

MAY 23, 1968.

The Department of Agriculture, on behalf of the Forest Service, has filed application, OR 3347 (Wash.), for the withdrawal of the national forest lands described below, from all forms of appropriation under the mining laws (30 U.S.C., Ch. 2), but not from leasing under the mineral leasing laws, subject to valid existing rights.

The applicant desires to set aside the Snow Creek and Caraco Road Rock Pits to assure continued Federal ownership for administrative use as a rock source for road development on Forest Development Roads in the Olympic National Forest.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, 729 Northeast Oregon Street, Post Office Box 2965, Portland, Oreg. 97208.

The authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

He will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn as requested by the applicant agency.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

If circumstances warrant it, a public hearing will be held at a convenient time and place which will be announced.

The lands involved in the application are:

OLYMPIC NATIONAL FOREST

OLIVES GROWN IN CALIFORNIA

Referendum

Order directing that a referendum be conducted; designation of referendum agents to conduct such referendum; and determination of representative period.

Pursuant to the applicable provisions of Marketing Order No. 932 (7 CFR Part 932), and the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), it is hereby directed that a referendum be conducted among the growers who, during the current crop year beginning September 1, 1967 (which period is hereby determined to be a representative period for the purposes of such referendum), were engaged, in the State of California, in the production of olives

for market to determine whether such growers favor continuation of the said marketing order. O. C. Fuqua and Joe Perrin, of the Fruit and Vegetable Division, Consumer and Marketing Service, U.S. Department of Agriculture, 1130 O Street, Fresno, Calif. 93721, are hereby designated as referendum agents of the Secretary of Agriculture to conduct the referendum.

The procedure applicable to the referendum shall be the "Procedure for the Conduct of Referenda in Connection with Marketing Orders for Fruits, Vegetables, and Nuts Pursuant to the Agricultural Marketing Agreement Act of 1937, as Amended" (7 CFR 900.400 et seq.).

Copies of the text of the aforesaid marketing order may be examined in the office of the referendum agents or of the Director, Fruit and Vegetable Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

Ballots to be cast in the referendum may be obtained from any referendum agent and any appointee hereunder.

Dated: May 24, 1968.

[Docket No. 27]

TEMPORARY EXEMPTIONS FOR LIMITED PRODUCTION MOTOR VEHICLES

Interim Procedures

The purpose of this notice is to establish interim procedures for granting temporary exemptions not to exceed 4 months from the date of issuance to limited production motor vehicles pending adoption of permanent procedures.

Public Law 90-283 amended Title I of the National Traffic and Motor Vehicle Safety Act of 1966 (the Act) by adding a new section 123 which permits the Secretary of Transportation, based upon certain specified findings, to exempt temporarily a limited production motor vehicle from any Federal motor vehicle safety standard. A limited production motor vehicle is defined as a motor vehicle produced by a manufacturer whose total motor vehicle production, as determined by the Secretary, does not exceed 500 annually. In determining the total motor vehicle production of a manufacturer, the Administrator will consider the production of the parent corporation in the case of any exemption request received from a subsidiary corporation. In addition, in the case of a request for an exemption from an importer, the Administrator will consider the total production of the foreign manufacturer rather than the total number of vehicles imported.

The amendment to the Act provides that if a temporary exemption is granted, the Secretary shall require, in such manner as he deems appropriate, the notification of the dealer and of the first purchaser of a limited production motor vehicle (not including the manufacturer's dealer) that the vehicle has been exempted from certain motor vehicle safety standards, and the standards from which it is exempted. To implement this statutory provision the Administrator requires that the manufacturer permanently affix to the exempt limited production motor vehicle a label or tag in the English language, in a location where it can be easily read, which states that the vehicle has been exempted and lists by number and title the standards from which it is exempted. In addition, the manufacturer must securely affix to the windshield or side window of such automobile a label containing the same information written in legible English, which may not be removed until the first purchase of the vehicle for purposes other than resale.

Any manufacturer of a limited production motor vehicle may petition the Administrator, Federal Highway Administration, for an interim temporary exemption from any Federal motor vehicle safety standard issued under the Act. Each petition filed under this notice must—

(1) Be submitted in duplicate to Administrator, Federal Highway Administration, 400 Sixth Street SW., Washington, D.C. 20591.

(2) Set forth the full name and address of the applicant, the nature of its organization (individual, partnership, corporation, etc.) and the name of the State or country under the laws of which it is organized;

(3) Set forth the number, title, and text or substance of the standard from which the exemption is sought;

(4) Set forth whether the petition is based on substantial economic hardship or on facilitating the development of vehicles utilizing a propulsion system other than or supplementing an internal combustion engine;

(5) (a) State the total motor vehicle production for the 12-month period prior to the date of the petition, and state whether total motor vehicle production will exceed 500 vehicles for the 12-month period subsequent to the date of the petition;

(b) If the petitioner is a subsidiary of or is affiliated with, through common ownership or otherwise, any other motor vehicle manufacturer, set forth with respect to such other manufacturer the same vehicle production information required in 5(a) above;

(6) Contain the following information concerning the permanent notification—

(a) Its proposed location on the vehicle;

(b) A sample notification label or tag; and

(c) The means by which it would be attached to the vehicle, e.g., weld, rivet, screw, or adhesive;

(7) Be signed by an officer of the petitioner and contain a statement of his authority and area of responsibility.

If the petition contains the information specified herein, and the Administrator determines that the exemption would be consistent with the public interest and the objectives of the Act, he will grant an interim temporary exemption which terminates four months after the date of the exemption, unless sooner terminated for cause.

This notice is issued under the authority of section 123 of the National Traffic and Motor Vehicle Safety Act of 1966 (Public Law 90-283) and the delegation of authority from the Secretary of Transportation, Part 1 of the regulations of the Office of the Secretary (49 CFR 1.4(c)).

This notice is effective upon publication in the FEDERAL REGISTER and terminates 40 days after publication. Any petition mailed on or before the termination of this notice will be considered.

Issued in Washington, D.C., on May 27, 1968.

LOWELL K. BRIDWELL,
Federal Highway Administrator.

ATOMIC ENERGY COMMISSION

[Docket No. 50-192]

UNIVERSITY OF TEXAS

Notice of Issuance of Facility License Amendment

The Atomic Energy Commission ("the Commission") has issued Amendment No. 4, effective as of the date of issuance and in the form set forth below, to Facility License No. R-92. The license authorizes The University of Texas to operate its TRIGA Mark I pool-type nuclear reactor on the campus at Austin, Tex. The amendment authorizes the University to possess in the reactor room and install and use in the pool of the reactor a cobalt-60 irradiator, as described in the University's application for license amendment dated January 23, 1968, as supplemented April 29, 1968.

Within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER, the applicant may file a request for a hearing, and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. Requests for hearings and petitions to intervene shall be filed in accordance with the provisions of the Commission's regulations (10 CFR Part 2). If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

For further details with respect to this amendment, see (1) the licensee's application for license amendment dated January 23, 1968, and supplement thereto dated April 29, 1968, and (2) a related Safety Evaluation prepared by the Division of Reactor Licensing, both of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (2) above may be obtained at the Commission's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington, D.C. 20545, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Md., this 17th day of May 1968.

For the Atomic Energy Commission.

DONALD J. SKOVHOLT,
Assistant Director for Reactor Operations, Division of Reactor Licensing.

AMENDMENT TO FACILITY LICENSE

[License No. R-92, Amdt. 4]

The Atomic Energy Commission (hereinafter "the Commission") having found that:

a. The application for amendment dated January 23, 1968, as supplemented April 29, 1968, complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Chapter I, CFR;

b. Operation of the reactor in accordance with the license, as amended, will not be inimical to the common defense and security or to the health and safety of the public; and

c. Prior public notice of proposed issuance of this amendment is not required since the amendment does not involve significant hazards considerations different from those previously evaluated;

Facility License No. R-92, as amended, is hereby further amended by adding to paragraph 3 a new subparagraph D as follows:

"D. Pursuant to the Act and Title 10, Chapter I, CFR, Part 30, 'Rules of General Applicability to Licensing of Byproduct Material', to possess in the reactor room and install and use in the reactor pool an 8,400 curie cobalt-60 irradiator as described in application for amendment dated January 23, 1968, as supplemented April 29, 1968."

This amendment is effective as of the date of issuance.

Date of issuance: May 17, 1968.

For the Atomic Energy Commission.

DONALD J. SKOVHOLT,
Assistant Director for Reactor Operations, Division of Reactor Licensing.

[Docket No. 19524, etc.; Order E-26837]

DELTA AIR LINES, INC., ET AL.

Order Denying Exemption and Setting Applications for Hearing

Application of Delta Air Lines, Inc., Docket 19524, for an exemption; application of Columbia Metropolitan Airport operated by the Richland-Lexington Airport District, Docket 19362, for first competitive nonstop service; applications of Delta Air Lines, Inc., Dockets 19393 and 19523, for certificate amendment; application of Piedmont Aviation, Inc., Docket 19577, for certificate amendment.

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 27th day of May 1968.

On January 24, 1968, Delta Air Lines, Inc. (Delta), filed an application requesting exemption authority to provide nonstop service between Columbia, S.C., and New York, nonstop service between Augusta, Ga., and New York, and one-stop service via Columbia between Augusta, Ga., and New York.[1] Delta requests exemption authority until final disposition of the application of the Columbia Metropolitan Airport (Columbia) in Docket 19362[2] and the carrier's applications in Dockets 19393 and 19523.[3]

In support of its application Delta states that New York is Columbia's largest and Augusta's second largest origination and destination air passenger market; that the traffic in these markets is expanding rapidly; that although Eastern Air Lines, Inc. (Eastern), is the only carrier presently authorized to provide nonstop service in these markets, it provides only a single daily, one-stop through-plane service;[4] that despite Delta's restricted authority, it is a substantial participant in these markets and in fact ranks ahead of Eastern in the Augusta-New York market, although circuitous travel via Atlanta entails added travel time and payment of higher fares. Delta also contends that grant of the requested authority will contribute to relieving the airport congestion at Atlanta, afford it greater operating flexibility, and result in no appreciable diversion.

Answers supporting Delta's application have been filed by affected parties.[5]

---

[1] Delta's certificate for route 24 requires a stop at the junction point Atlanta on flights between the intermediate points Augusta and Columbia and the terminal point New York on segments 1, 2, and 3. Moreover, condition 8 in Delta's certificate prohibits single-plane service between points on the Atlanta-New York portion of route 24 north of Atlanta and points on Delta's route 54 south of Atlanta, which include Augusta.

[2] Columbia has on file an application, Docket 19362, for first competitive nonstop service between Columbia, on the one hand, and New York and Washington, D.C., on the other hand.

[3] Delta has on file an application, Docket 19393, for amendment of its certificate for route 24, route 54, or both, or for a new certificate for a segment between the terminal point Columbia, the intermediate point Washington, D.C., and coterminal points New York/Newark. At the time of filing the subject exemption application, the carrier filed an application, Docket 19523, for amendment of its certificate for route 24 and/or route 54, for a segment between the terminal point Atlanta, the intermediate points Augusta and Columbia, and coterminal points New York/Newark.

[4] Eastern has since inaugurated nonstop service.

[5] The city of Augusta, Augusta Aviation Department, Augusta Chamber of Commerce, and Augusta Committee of 100, Columbia, the South Carolina Aeronautics Commission and the Postmaster General.

National Airlines, Inc., filed an answer stating that it does not oppose grant of Delta's request if it is restricted to keep Delta out of the major east coast north-south markets. Piedmont Aviation, Inc., filed an answer in which it states that it does not object to temporary exemption authority to Delta.[6] Eastern filed an answer opposing Delta's application. Eastern contends that existing and proposed service does not warrant grant of an exemption; that, as noted above, a nonstop jet round trip service is being added on April 1, 1968; that fare reductions are limited and minimal; that Delta's proposed service pattern would result in heavy diversion from Eastern and would create serious over-capacity in these markets; and that Delta's application does not meet the requirements of section 416(b) of the Act.

Upon consideration of the pleadings and all the relevant facts, we have decided to deny Delta's application for an exemption. The application does not disclose adequate grounds to support the necessary findings under the Act.

We have determined to set pertinent portions of the Columbia, Delta and Piedmont applications for hearing to consider the needs of Columbia and Augusta for additional service in their principal northern markets, New York and Washington. In the third quarter of 1967, Columbia/Augusta and New York exchanged 172 and 117 passengers per day, respectively. As noted, only Eastern is authorized to provide nonstop service between Columbia/Augusta and New York. These circumstances warrant consideration of the need for additional nonstop authority in these markets. Although the Columbia/Augusta-Washington markets are not as large as the New York markets,[7] we believe that inclusion of the Washington markets will contribute to more effective operating proposals. In order to focus the proceeding upon the markets in issue we will require that any authority awarded herein shall be in the form of a new segment.[8] We will also impose a pretrial restriction against new turnaround operations between New York and Washington.

Accordingly, it is ordered, That:

1. The applications of Columbia Metropolitan Airport operated by the Richland-Lexington Airport District, Docket 19362, Delta Air Lines, Inc., Docket 19393, Delta Air Lines, Inc., Docket 19523, and Piedmont Aviation, Inc., Docket 19577, be and they hereby are set for consolidated hearing in a proceeding to be known as the Additional Service to Columbia and Augusta Case, Docket 19362 et al.;

2. Any authority granted in this proceeding to a carrier not now holding on-segment authority shall be in the form of a separate segment or segments;

3. New turnaround service between Washington, D.C., and New York/Newark shall not be authorized in this case;

4. Motions to consolidate, applications, and motions or petitions seeking modification or reconsideration of this order, shall be filed no later than 20 days after the service date of this order and answers to such pleadings shall be filed no later than 10 days thereafter;

5. The proceeding shall be set down for hearing before an examiner of the Board, at a time and place hereafter designated;

6. The application of Delta Air Lines, Inc., for an exemption, Docket 19524, be and it hereby is denied; and

7. A copy of this order shall be served upon the cities of Columbia, Augusta, Washington, D.C., New York, and Newark, the Columbia Metropolitan Airport, the South Carolina Aeronautics Commission, the Postmaster General, and upon the following carriers: Delta Air Lines, Inc., Eastern Air Lines, Inc., and Piedmont Aviation, Inc.

This order shall be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

Secretary.

H. & C. BROADCASTING CO. AND LONDON BROADCASTING CO., INC.

Order Designating Applications for Consolidated Hearing on Stated Issues

In re applications of Herman C. Smith & Calvin C. Smith doing business as H. & C. Broadcasting Co., London, Ky., Docket No. 18200, File No. BPH-5882, requests: 103.9 mcs, No. 280; 3 kw; 165 feet; London Broadcasting Co., Inc., London, Ky., Docket No. 18201, File No. BPH-6071, requests: 103.9 mcs, No. 280; 3 kw; 189 feet; for construction permits.

1. The Commission has under consideration the above captioned and described applications which are mutually exclusive in that operation by the applicants as proposed would result in mutually destructive interference.

2. Since no determination has yet been reached on whether the antenna proposed by H. & C. Broadcasting Co. (H & C) would constitute a menace to air navigation, an issue regarding this matter is required.

3. In response to questions 1 A-C of section IV-A regarding the ascertainment of local needs and interests, neither applicant provided more than what amounted to a listing of occupational or similar categories. In neither case were the individuals contacted labeled by name or position. Likewise, neither applicant indicated the suggestions received, their evaluation of these suggestions, nor the programing proposed to meet these needs, as evaluated. Accordingly, in line with Minshall Broadcasting Co., 11 FCC 2d 796 (1968), issues against both applicants are required to determine their awareness of and responsiveness to local programing needs and interests.

4. According to the application of H & C, a total of $29,377 would be required to construct and operate for 1 year without revenue. This figure, however, fails to take into account certain expenses attributable to a companion AM station for which application had also been made. Since this application has been returned, certain of those costs (e.g. construction of a tower) would have to be added to the costs for the FM proposal. Likewise, an adjustment might also be required with the first-year operational costs. Reliance here is placed on cash contributions of $5,711 and bank loans of $15,000 and $8,500, but as to the latter the same bank has committed $40,000 to C. C. Smith for his acquisition of WPHN, Liberty, Ky., and stated that this amount represents the limit of their lending authority to one person. Thus, questions are raised regarding H & C's actual costs and the availability of funds to meet these costs.

5. London Broadcasting Co., Inc. (London) lists $8,700 for construction and $3,600 for initial (duplicated) operation. These amounts, London indicates, would be available through use of a $15,000 bank loan to supplement cash on hand of $9,614. The loan agreement, however, is defective in that it fails to state the applicable terms and conditions beyond the amount of the loan and its duration. In addition, London has not demonstrated the adequacy of the $3,600 estimate for operational costs. Issues, therefore, will be specified to determine first-year costs, the terms and conditions of the loan and the extent to which it may be relied upon to finance this proposal.

6. London proposes 100 percent duplication of AM programing while H & C proposes independent operation. Therefore, evidence regarding program duplication will be admissible under the standard comparative issue. When duplicated programing is proposed, the showing permitted under the standard comparative issue will be limited to evidence concerning the benefits to be derived from the proposed duplication, and a full comparison of the applicants' program proposals will not be permitted in the absence of a specific programing inquiry—Jones T. Sudbury 8 FCC 2d 360, FCC 67-614, (1967). One other aspect of the programing proposals may be considered under the comparative issue because there is a significant difference in the proposed hours of operation, with London proposing to operate 42 hours per week, and H & C proposing 112 hours per week. As with duplicated programing, consideration will be limited to the question of the efficiency of the proposed operation.

7. Except as indicated below, the applicants are qualified to construct and operate as proposed. However, because of their mutual exclusivity, the Commission is unable to make the statutory finding that a grant of the applications would serve the public interest, convenience and necessity, and is of the opinion that the applications must be designated for hearing on the issues set forth below.

8. *It is ordered,* That, pursuant to section 309(e) of the Communications Act of 1934, as amended, the applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

(1) To determine whether there is a reasonable possibility that the tower height and location proposed by H. & C.

Broadcasting Co. would constitute a menace to air navigation.

(2) To determine the efforts made by London Broadcasting Co., Inc., to ascertain the community needs and interests of the area to be served and the means by which the applicant proposes to meet those needs and interests.

(3) To determine the efforts made by H. & C. Broadcasting Co. to ascertain the community needs and interests of the area to be served and the means by which the applicant proposes to meet those needs and interests.

(4) To determine the amount reasonably required by H. & C. Broadcasting Co. to construct and operate for 1 year without revenue and whether H. & C. Broadcasting Co. has available to it in addition to the cash of $5,711 and bank loan of $15,000, sufficient funds for such costs and thus demonstrate its financial qualifications.

(5) To determine the amount reasonably required by London Broadcasting Co., Inc., for first-year operation and whether London Broadcasting Co., Inc., has available to it from a bank loan or otherwise sufficient funds to supplement cash of $9,614 to cover construction and first-year operational costs and thus demonstrate its financial qualifications.

(6) To determine which of the proposals would better serve the public interest.

(7) To determine in the light of the evidence adduced pursuant to the foregoing issues, which, if either, of the applications for construction permit should be granted.

(9) *It is further ordered,* That the Federal Aviation Administration is made a party to the proceeding.

(10) *It is futher ordered,* That to avail themselves of the opportunity to be heard, the applicants and party respondent herein, pursuant to § 1.221(c) of the Commission's rules, in person or by attorney shall, within twenty (20) days of the mailing of this order, file with the Commission in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

(11) *It is further ordered,* That the applicants herein shall, pursuant to section 311(a)(2) of the Communications Act of 1934, as amended, and § 1.594 of the Commission's rules, give notice of the hearing, either individually or, if feasible and consistent with the rules, jointly, within the time and in the manner prescribed in such rule, and shall advise the Commission of the publication of such notice as required by § 1.594(g) of the rules.

FEDERAL POWER COMMISSION

[Docket No. RI68-628]

AMERADA PETROLEUM CORP.

Order Providing for Hearing on and Suspension of Proposed Change in Rate, and Allowing Rate Change To Become Effective Subject to Refund

MAY 23, 1968.

Respondent named herein has filed a proposed change in rate and charge of a currently effective rate schedule for the sale of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rate and charge may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon a hearing regarding the lawfulness of the proposed change, and that the supplement herein be suspended and its use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, a public hearing shall be held concerning the lawfulness of the proposed change.

(B) Pending hearing and decision thereon, the rate supplement herein is suspended and its use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplement to the rate schedule filed by Respondent shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date

of the issuance of this order Respondent shall execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of a copy thereof upon the purchaser under the rate schedule involved. Unless Respondent is advised to the contrary within 15 days after the filing of its agreement and undertaking, such agreement and undertaking shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplement, nor the rate schedule sought to be altered, shall be changed until disposition of this proceeding or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before July 10, 1968.

By the Commission.

[1] Contract dated after Sept. 28, 1960, the date of issuance of the Commission's general policy statement No. 61-1 and proposed rate does not exceed the initial rate ceiling of 15 cents per Mcf.
[2] The stated effective date is the effective date requested by Respondent.
[3] The suspension period is limited to 1 day.
[4] Periodic rate increase.
[5] Pressure base is 14.65 p.s.i.a.
[6] Subject to a downward B.t.u. adjustment.

The contract related to the rate filing of Amerada Petroleum Corp. (Amerada) was executed subsequent to September 28, 1960, the date of issuance of the Commission's statement of general policy No. 61-1, as amended, and the proposed increased rate of 14 cents per Mcf exceeds the area increased rate ceiling of 11 cents per Mcf for Oklahoma "Other" Area but does not exceed the initial service ceiling of 15 cents per Mcf established for the area involved. We believe, in this situation, Amerada's proposed rate filing should be suspended for 1 day from May 27, 1968, the proposed effective date.

CONSOLIDATED GAS SUPPLY CORP.

Notice of Application

MAY 22, 1968.

Take notice that on May 16, 1968, Consolidated Gas Supply Corp. (Applicant), 445 West Main Street, Clarksburg, W. Va. 26301, filed in Docket No. CP68-315 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the increase in natural gas service to an existing storage service customer, Transcontinental Gas Pipe Line Corp. (Transco), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to increase the volumes of natural gas to be stored by it for Transco from a maximum of 11,075,000 Mcf to a maximum of 13,575,000 Mcf, and to increase its maximum daily deliveries of natural gas to Transco from 213,500 Mcf to 263,500 Mcf.

Applicant states that the increase storage service is proposed in order to enable Transco to render increased storage services for its customers. Applicant further states that the facilities necessary to render the increased storage service were requested in Docket No. CP68-298.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.0) and the regulations under the Natural Gas Act (§ 157.10) on or before June 20, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. E-7417]

IOWA POWER AND LIGHT CO.

Notice of Application

MAY 23, 1968.

Take notice that on May 13, 1968, Iowa Power and Light Co. (Applicant) filed an application with the Federal Power Commission pursuant to section 204 of the Federal Power Act, for authorization to issue from time to time during the next 17 months unsecured promissory notes maturing within 180 days and in any event on or before September 30, 1969 to commercial banking institutions in principal amounts not exceeding $25 million in the aggregate and renewals thereof.

Applicant is incorporated under the laws of the State of Iowa and is authorized to do business in that State with its principal place of business office at Des Moines, Iowa, and is engaged in the electric and gas utility business in central and southwestern Iowa.

According to the application, the notes are to be issued from time to time to commercial banking institutions and will bear interest at the prime rate in effect at the time of issuance.

The purpose for which the notes are to be issued is to obtain temporary financing of the company's construction program, through short-term borrowing from commercial banks. Included in the principal items in the Applicant's construction program are generating station modification and upgrading costs of $200,000; a 345 kv, 3 phase, 60 cycle transmission line from the company's interconnection with Iowa-Illinois Gas and Electric Co. at Hills, Iowa, to Des Moines, $2,650,000; $6,700,000 for the extension from Des Moines to the Missouri River and other transmission lines totaling $7,240,000.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 14, 1968, file with the Federal Power Commission, Washington, D.C. 20426 petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file and available for public inspection.

[Docket No. CP68-314]

KANSAS-NEBRASKA NATURAL GAS CO., INC.

Notice of Application

MAY 22, 1968.

Take notice that on May 14, 1968, Kansas-Nebraska Natural Gas Co., Inc.

(Applicant), Hastings, Nebr. 68901, filed in Docket No. CP68–314 an application pursuant to section 7 (b) and (c) of the Natural Gas Act for an order of the Commission permitting and approving the abandonment of the transportation of natural gas pursuant to an exchange agreement with Northern Natural Gas Co. (Northern) and for a certificate of public convenience and necessity authorizing the construction and operation of facilities and the exchange of natural gas with Colorado Interstate Gas Co. (Colorado Interstate), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The exchange to be abandoned is described in the application of Northern Natural Gas Co. in Docket No. CP68–312 and in the notice of application issued concurrently herewith in the said docket. In essence, Northern has requested permission and approval for the abandonment of the exchange due to a shift in the availability of natural gas which it states in its application in Docket No. CP68–312 is aggravated by the exchange agreement with Applicant.

Applicant desires to replace the exchange agreement with Northern with an exchange agreement with Colorado Interstate whereby Applicant will deliver gas produced and purchased by it in Texas and Beaver Counties, Okla., to Colorado Interstate at a point on Colorado Interstate's Hooker-Mocane pipeline in Texas County, Okla. Colorado Interstate is to redeliver an equal quantity of Kansas Hugoton gas to Applicant at an existing interconnection point in Kearney County, Kans.

Applicant proposes to construct and operate approximately 8.4 miles of 8-inch pipeline. The estimated cost of this construction is $140,000, which cost is to be financed out of current working capital and interim bank loans.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before June 20, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate and permission and approval for the proposed abandonment are required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Project 2328]

CITY OF KETCHIKAN, ALASKA

Notice of Application for Surrender of License for Unconstructed Project

MAY 23, 1968.

Public notice is hereby given that application for surrender of license has been filed under the Federal Power Act (16 U.S.C. 791a–825r) by city of Ketchikan, Alaska (correspondence to: Elmer B. Titus, Manager, Ketchikan Public Utilities, Post Office Box 1019, Ketchikan, Alaska), for unconstructed Project No. 2328, known as Lake Whitman Hydroelectric Project, to have been located on Case Creek on Revillagigedo Island near the city of Ketchikan, Alaska, and which would have affected lands of the United States within Tongass National Forest, and other lands of the United States.

The application for surrender was filed following rejection by the city's voters of a revenue bond proposal for construction of the project.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 12, 1968, file with the Federal Power Commission, Washington, D.C. 20426, petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file with the Commission and available for public inspection.

[Docket No. CP68–318]

MICHIGAN WISCONSIN PIPE LINE CO.

Notice of Application

MAY 24, 1968.

Take notice that on May 20, 1968, Michigan Wisconsin Pipe Line Co. (Applicant), 1 Woodward Avenue, Detroit, Mich. 48226, filed in Docket No. CP68–318 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities for the transportation of natural gas in interstate commerce, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that it has entered into conventional contracts with Cities Service Oil Co., Atlantic Richfield Co., Getty Oil Co., and Continental Oil Co. (all hereinafter CAGC) for the purchase of all recoverable natural gas reserves, down to the base of the FR Sand, in Blocks 246, 266, 267, and 269, Eugene Island Area, and Blocks 95, 96, 108, and 109, South Marsh Island Area, Offshore Louisiana.

In order to connect to its system the reserves of the CAGC producers, Applicant specifically proposes in the instant docket to construct approximately 45.4 miles of 24-inch pipeline together with related facilities, including 0.8 mile of 12-inch connecting pipe.

The total estimated cost of the proposed facilities is $12,638,000 which cost will be financed with borrowings under lines of credit, retained earnings, and internally generated funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before June 24, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. CP68–312]

NORTHERN NATURAL GAS CO.

Notice of Application

MAY 22, 1968.

Take notice that on May 14, 1968, Northern Natural Gas Co. (Applicant), 2223 Dodge Street, Omaha, Nebr. 68102, filed in Docket No. CP68–312 an application pursuant to section 7(b) of the Natural Gas Act for an order of the Commission authorizing the abandonment of delivery of exchange gas to Kansas-Nebraska Natural Gas Co., Inc. (Kansas-Nebraska), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, under a present agreement dated January 16, 1957, Kansas-Nebraska delivers natural gas to Northern in Seward County, Kans., and Northern delivers equal volumes to Kansas-Nebraska in Kearny County, Kans.

The Applicant states that the present agreement has become burdensome because the availability of gas to Applicant in the Kansas Hugoton Area has undergone a change resulting in a larger proportion thereof being available in the southern part of the area where the gas from Kansas-Nebraska is received by Northern and a lesser proportion of the total being available in the northern part of the area where the gas is returned by Northern to Kansas-Nebraska. The Applicant states that the agreement has the effect of artifically increasing this shift in availability. The Applicant further states that the present agreement magnifies Applicant's difficulty in providing sufficient gas to load its Holcomb Compressor Station and its Holcomb-to-Bushton pipeline with supplies of gas available in the northern part of the Hugoton Area.

The Applicant states that the present agreement is to terminate upon initial exchange deliveries to Colorado Interstate Gas Co. by Kansas-Nebraska pursuant to an agreement between the two latter companies.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before June 21, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

TEXAS GAS TRANSMISSION CORP.

Notice of Application

MAY 22, 1968.

Take notice that on May 17, 1968, Texas Gas Transmission Corp. (Applicant), Post Office Box 1160, Owensboro, Ky. 42301, filed in Docket No. CP68-317 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing a limited term sale of natural gas to Consolidated Gas Supply Corp. (Consolidated), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authority to make a sale to Consolidated of 25,000 Mcf of natural gas per day on a firm basis for a period of 1 year commencing on November 1, 1968. Applicant states that it is presently authorized in Docket No. CP67-208 to sell Consolidated up to 112,500 Mcf per day commencing November 1, 1968, and the authorization of the additional sale will increase the contract demand of Consolidated as of that date to 137,500 Mcf per day.

Applicant further states that no additional facilities are required in order to render the proposed service.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before June 20, 1968.

Take further notice that, pursuant to to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by section 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

TRANSCONTINENTAL GAS PIPE LINE CORP.

Notice of Application

MAY 23, 1968.

Take notice that on May 16, 1968, Transcontinental Gas Pipe Line Corp. (Applicant), Post Office Box 1396, Houston, Tex. 77001, filed in Docket No. CP68-316 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and the sales in interstate commerce for resale of natural gas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate an additional 14.89 miles of 24-inch pipeline loop on its Leidy Line in Pennsylvania and to render an additional underground storage service of 53,800 Mcf per day to eight existing resale customers under its presently effective Rate Schedule GSS as follows:

Customers	*Increased Mcf per day at 14.7 p.s.i.a.*
The Brooklyn Union Gas Co	17,000
Delmarva Power & Light Co	2,000
Eastern Shore Natural Gas Co	1,500
Fort Hill Natural Gas Authority	300
Pennsylvania Gas & Water Co	2,000
Philadelphia Electric Co	4,000
Public Service Electric & Gas Co	25,000
South Jersey Gas Co	2,500
Total	53,800

The total estimated cost of the proposed facilities is $2,606,000, which cost will be financed initially through short-term loans and cash on hand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before June 20, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

GREAT SOUTHERN LIFE INSURANCE CO.

Notice of Intention To Acquire State Savings and Loan Association

MAY 23, 1968.

Whereas, the Great Southern Life Insurance Co. (Great Southern), which is not a savings and loan holding company, intends to acquire, through its wholly owned subsidiary, Great Southern Corp., the State Savings and Loan Association,

Salt Lake City, Utah (State Savings); and

Whereas, § 584.4(b) of the regulations for Savings and Loan Holding Companies (12 CFR 584.4(b)) requires that such an acquiring company obtain prior approval of the Federal Savings and Loan Insurance Corporation ("Corporation") before accomplishing such an acquisition; and

Whereas, § 584.4(k) of the regulations for Savings and Loan Holding Companies (12 CFR 584.4(k)) requires that notice of the proposed acquisition be filed for publication in the FEDERAL REGISTER and with the appropriate State supervisory authority; and

Whereas, exceptional circumstances make it appropriate that a period of less than thirty days be allowed for the submission of written comments or views:

Now, therefore, be it resolved, That the Secretary to the Corporation is directed to file the following notice for publication in the FEDERAL REGISTER and with Mr. W. S. Brimhall, Commissioner of Financial Institutions, 574 East Second South, Room 220, Salt Lake City, Utah 84102.

Notice is hereby given that on May 9, 1968, the Federal Savings and Loan Insurance Corporation received an application from the Great Southern Life Insurance Co., Houston, Tex. 77001, for permission to acquire the State Savings and Loan Association, Salt Lake City, Utah 84101. The proposed acquisition is to be effected by the purchase of controlling stock in State Savings by Great Southern Corp., a wholly owned subsidiary of Great Southern Life Insurance Co. Comments on the proposed acquisition should be submitted to the Director, Office of Examinations and Supervision, Federal Home Loan Bank Board, Washington, D.C. 20552, on or before June 12, 1968.

PENNZOIL UNITED, INC.

Notice of Proposed Issue and Sale of Debentures and Notes to Banks

MAY 24, 1968.

Notice is hereby given that Pennzoil United, Inc. ("Pennzoil United"), 900 Southeast Tower, Houston, Tex. 77002, formerly a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6 and 7 of the Act and Rule 50 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transactions.

Pennzoil United was formed by the consolidation of Pennzoil Co. and United Gas Corp. on April 1, 1968. Effective on that date, the Commission ordered (Holding Company Act Release No. 16014, Mar. 21, 1968), pursuant to section 5(d) of the Act, that Pennzoil had ceased to be a holding company, and that subject to conditions specified therein, the registration of Pennzoil as a holding company had ceased to be in effect. One of the conditions specified was that the Commission retain jurisdiction over the refinancing of the $214,975,000 face amount of notes of Pennzoil Co. maturing in June and July of 1968 which was assumed by Pennzoil United.

Pennzoil United proposed to issue and sell, subject to the competitive bidding requirements of Rule 50 under the Act, $100 million aggregate principal amount of its _____ percent unsecured debentures to mature June 1, 1988. The debentures will be issued under an indenture to be dated as of June 1, 1968, between Pennzoil United and Mellon National Bank and Trust Co., Trustee ("Mellon"). The interest rate and the price of the debentures will be determined by competitive bidding. The interest rate of the debentures (which will be a multiple of one-eighth of 1 percent) and the price, exclusive of accrued interest, to be paid to Pennzoil United (which will be not less than 98.75 percent nor more than 102.75 percent of the principal amount thereof) will be determined by competitive bidding. The indenture will provide for a sinking fund in an amount designed to retire approximately 70 percent of the debentures prior to maturity and will prohibit their redemption (other than by operation of the sinking fund) prior to June 1, 1973, as part of a refunding with monies borrowed at a lower interest cost. The First Mortgage and Collateral Trust Bonds and all other bonds to be issued under the Company's Mortgage and Deed of Trust, dated as of October 1, 1944, of United Gas Corp. and assumed by Pennzoil United, to Guaranty Trust Company of New York (now Morgan Guaranty Trust Company of New York) will rank ahead of the debentures.

Pennzoil United also proposes to issue and sell, pursuant to a Bank Credit Agreement ("Agreement"), from time to time on or before December 31, 1970, notes to banks in an aggregate face amount not to exceed $215 million outstanding at any one time. The final maturity of any such notes will be not later than December 31, 1974. Prior to December 31, 1970, such notes will be 90-day notes, expected to bear interest at the prime rate for 90-day loans to commercial borrowers in effect at Mellon, such interest rate to change automatically, from time to time, effective as of the date of each change in the prime rate. Each note issued under the Agreement shall be made in an aggregate principal amount of not less than $5 million and shall be made ratably from the banks in accordance with their respective commitments.

On December 31, 1970, Pennzoil United may issue notes, to mature not later than December 31, 1974, up to the unused commitments of the participating banks, as well as the amount necessary to refund the then outstanding notes.

The notes issued on December 31, 1970, will be payable in equal quarterly installments, and will bear interest, payable quarterly, at one-fourth of 1 percent above the prime rate for 90-day loans of Mellon to commercial borrowers in effect, such rate to change automatically, from time to time effective as of the date of each such change in the prime rate.

Pennzoil United will have the right, at its option, to prepay any notes in whole at any time or in part from time to time, without premium or penalty, except that, if any prepayment shall be made directly or indirectly from the proceeds of, or in anticipation of other borrowings from banks, it will, at the time of such prepayment, pay a premium of one-fourth of 1 percent per annum to the final maturity of such loan or the commitment, whichever shall first occur. Each partial prepayment shall be in an aggregate principal amount of not less than $5 million and shall be applied ratably against the amount of the loans. Pennzoil United has agreed to pay commitment fees calculated at the rate of one-fourth of 1 percent per annum from the date the Agreement begins, on the average daily unborrowed amount of any bank's commitment until December 31, 1970.

The net proceeds from the sale of the debentures and notes will be applied, in part, to the payment of Pennzoil's 6½ percent notes due June 30, 1968, currently outstanding in the principal amount of $133,849,000 and to the payment in full of Pennzoil's 6.59 percent notes due on or before July 31, 1968, currently outstanding in the principal amount of $81,126,000 and aggregating the $214,975,000 over which the Commission retained jurisdiction. The remainder of the proceeds will be available as required for the payment of other debt maturing in 1968.

The fees and expenses to be incurred as a result of the proposed transactions will be supplied by amendment. It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than June 10, 1968, request in writing that a hearing be held in respect of such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified should the Commission order a hearing in respect thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service thereof (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed, or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

By the Commission.

MOTOR CARRIER, BROKER, WATER CARRIER, AND FREIGHT FORWARDER APPLICATIONS

MAY 24, 1968.

The following applications are governed by Special Rule 1.247[1] of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with § 1.247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of § 1.247(d)(4) of the special rules, and shall include the certification required therein.

Section 1.247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's General Policy Statement Concerning Motor Carrier Licensing Procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

No. MC 1375 (Sub-No. 14), filed May 14, 1968. Applicant: BELL LINES, INC., 6414 McCorkle Avenue, Charleston, W. Va. 25304. Applicant's representative: Francis W. Mc Inerny, 100 16th Street NW., Washington, D.C. 20036. Authority sought to operate as a *common carrier,* by motor vehicle, over irregular routes, transporting: *General commodities* except those of unusual value, classes A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment. (1) Between Bluefield, Va.-W. Va., and Columbia, S.C.; from Bluefield, over U.S. Highway 19 to Johnson City, Tenn., thence over U.S. Highway 23 to Asheville, N.C., thence over U.S. Highway 25 to Greenville, S.C., thence over U.S. Highway 25 to junction at or near Princeton, S.C., with U.S. Highway 76, thence over Highway 76 to Columbia; also, from Greenville, S.C., over Interstate Highway 26, to Columbia, and return over the same route. (2) Between Greenville, S.C., and North Augusta, S.C., over U.S. Highway 25. (3) Between Greenville, S.C., and Chester, S.C., from Greenville over U.S. Highway 29 to Arcadia, S.C., thence over South Carolina Highway 9 to Chester, and return over the same route. NOTE: Applicant states service is authorized at all intermediate points on the routes specified in South Carolina and at off-route points in South Carolina on and west of a line beginning at North Carolina-South Carolina State line, thence over U.S. Highway 21 to Columbia, S.C., thence over U.S. Highway 1 to North Augusta, S.C. Service is not authorized in that portion of the North Augusta, S.C., commercial zone located in Georgia. No service may be provided at points in North Carolina, Tennessee, or Virginia (other than Bluefield), except as otherwise authorized. The purpose of this application is to permit Bell Lines to conduct operations between points in South Carolina located on, and east of Highway 21 and on, north, and west of U.S. Highway 1, on the one hand, and on the other, Bluefield, Va.-W. Va. and points on the Bell Lines, existing authority north thereof. Under its existing authority in MC-1375 and subs thereunder, and under authority granted but not yet issued in Docket MC 1375 Sub 11, Bell may conduct operations between Bluefield, Va.-W. Va., on the one hand, and, points in South Carolina, on the other. Such operations must be conducted through Charlotte, N.C., as a gateway. This application is one for an alternate route pursuant to which Bell will conduct operations between points and territories involved without the need of observing Charlotte, N.C. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C., or Charleston, W. Va.

No. MC 1824 (Sub-No. 44), filed May 7, 1968. Applicant: PRESTON TRUCKING COMPANY, INC., 151 Easton Boulevard, Preston, Md. 21655. Applicant's representative: Frank V. Klein (same address as above). NATIONAL DEFENSE STUDENT LOAN PROGRAM

List of Schools Determined To Have a High Concentration of Students From Low Income Families

Pursuant to the provisions of section 205(b)(3)(A) of the National Defense Education Act of 1958 as amended (20 U.S.C. 425(b)(3)(A), notice is hereby given of the public and other nonprofit elementary and secondary schools which have been listed in accordance with the regulations governing the administration of the National Defense Student Loan Program (45 CFR 144.8(i)(2)) as being in school districts of local educational agencies eligible for assistance pursuant to Title II of Pub. Law 874, 81st Congress, as amended (title I of the Elementary and Secondary Education Act of 1965), and as having high concentrations of children from low income families during the school years 1966–67 through 1968–69.

In order to especially encourage persons who borrow under the National Defense Student Loan Program to become full-time teachers in schools serving economically depressed populations, commencing with the school year 1966–67 the Congress provided that for each complete academic year of service as a full-time teacher in such a school, a borrower would be entitled to the cancellation of his National Defense Student Loan indebtedness at the rate of 15 percent of the amount borrowed, per annum. Such schools are identified in the Act as public or other nonprofit elementary or secondary schools which are in the school district of a local educational agency eligible in the year concerned for assistance for the education of children of low income families under title I of the Elementary and Secondary Education Act of 1965 and which have high concentrations of students from low income families. Not more than 25 percent of the public and other nonprofit elementary and secondary schools of any State may be so designated. Under the Act a similar loan cancellation benefit is provided for teachers of handicapped children. For teaching in other public or nonprofit elementary or secondary schools or in institutions of higher education a borrower is entitled to cancellation of his loan at the rate of 10 percent per annum for each complete academic year of full-time service, up to 50 percent of the amount borrowed.

The purpose of the lists covered by this notice is, therefore, to identify those schools in each of the States in which loan cancellation for teaching service in schools with high concentrations of students from low income families is authorized under the special incentive terms and rates provided for under section 205(b)(3)(A) of the National Defense Education Act of 1958.

The listing of schools is presented in alphabetical order by State. Schools are always listed under the State in which they are located even though in some States, Kentucky and New Mexico for example, a school may be located in a district in one State and have a mailing address in a neighboring State. The lists for the Trust Territory, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands appear after the list for the State of Wyoming. Most States list their schools alphabetically by city or town followed by the name of the school and the local educational agency, district, or county. In a few States, New York for example, the listing is alphabetical by county. To avoid confusion, the method used by each State is noted in the column heading. In most instances where a list is included for the 1966–67 school year, for subsequent school years only additions to and deletions from that list are included. In some cases, however, where a list was first submitted for the 1967–68 school year or where the additions and deletions were sufficiently extensive so as to warrant it, a revised State list is carried for the 1967–68 school year. For most States, lists covering the school year 1968–69, are not yet available.

Every reasonable precaution has been taken to assure the accuracy of these lists, however, because of the large number of schools involved, some errors may not have been detected. Should a question as to accuracy arise, inquiry may be made to the appropriate State education agency or the Loans Branch, Division of Student Financial Aid, U.S. Office of Education, Washington, D.C.

Dated: April 24, 1968.

PETER P. MUIRHEAD,
Associate Commissioner for Higher Education.

Approved: April 24, 1968.

HAROLD HOWE II,
U.S. Commissioner of Education.
