The applicant must identify himself on the Form 1A (Firearms) by name and address and, if other than a natural person, the name and address of the principal officer or authorized representative and, if an individual, the identification must include the information prescribed in § 179.78. PAR. 20. Section 179.84 is amended to read as follows:

§ 179.84 Certain government entities.

A firearm may be made without payment of the making tax by, or on behalf of, any State, or possession of the United States, any political subdivision thereof, or any official police organization of such a government entity engaged in criminal investigations. Any person making a firearm under this section shall first file an application, in duplicate, on Form 1A (Firearms) and obtain the approval of the Director as prescribed in § 179.77.

PAR. 21. Section 179.85 and a center heading are added immediately following § 179.84 to read as follows:

§ 179.85 Proof of registration.

The approval by the Director of an application, Form 1A (Firearms), to make a firearm under this subpart shall effectuate registration of the firearm described in the Form 1A (Firearms) to the person making the firearm. tax imposed on the transfer of the firearm shall be paid by the transferor.

PAR. 23. Section 179.96a is deleted.

PAR. 24. Section 179.98 is amended to read as follows:

§ 179.98 Application to transfer.

Except as otherwise provided in this subpart, no firearm may be transferred in the United States unless a written application, in duplicate, executed under the penalties of perjury to transfer the firearm and registered to the transferee has been filed with and approved by the Director. The written application shall be filed by the transferor in letter form and shall identify the firearm to be transferred by the classification of the weapon (e.g., machine gun, short-barreled shotgun); serial number; manufacturer and importer, if any; caliber, gauge or size; in the case of a short-barreled shotgun or a short-barreled rifle, the length of the barrel; in the case of a weapon made from a rifle or shotgun, the overall length and the length of the barrel; and any other identifying marks on the firearm. The application shall identify the transferor by name and address; in the case of a special (occupational) taxpayer under this part, the number of his occupational tax stamp; and if the transferor is other than a natural person, the title or status of the person executing the application. The letter application shall also identify the transferee by name and address, and, if the transferee is a natural person not qualified as a manufacturer, importer or dealer under this part, he shall be further identified in the manner prescribed in § 179.99 of this part and such information attached to the letter application. If the transferee is a qualified special taxpayer under this part, the serial number of his occupational tax stamp shall be shown. Any tax payable on the transfer must be represented by an adhesive stamp of proper denomination being affixed to the letter application, properly canceled. If the transfer is exempt from tax under this part, the application shall include a statement explaining the basis of the exemption.

PAR. 25. Section 179.100 is amended to read as follows:

§ 179.100 Action on application.

The Director will consider a completed and properly executed application to transfer a firearm. If the application is approved, the Director will return the original thereof showing approval to the transferor who may then transfer the firearm to the transferee along with the approved application. The approval of an application for transfer by the Director will effectuate registration of the firearm to the transferee. The transferee shall not take possession of a firearm until the application for the transfer filed by the transferor has been approved by the Director and registration of the firearm is effectuated to the transferee. The transferee shall retain the approved application as proof that the firearm described therein is registered to him. If the application to transfer a firearm is

disapproved by the Director, the original application will be returned to the transferor with reasons for disapproval stated on the application. Applications to transfer a firearm shall be denied if the transfer, receipt, or possession of a firearm would place the transferee in violation of law.

PAR. 26. Sections 179.103 and 179.104 are amended to read as follows:

§ 179.103 Special (occupational) taxpayers.

A firearm registered to a person qualified under this part to engage in the business as an importer, manufacturer, or dealer may be transferred by that person without payment of the transfer tax to any other person qualified under this part to manufacture, import or deal in that type of firearm. However, the procedures for the transfer of a firearm as provided in §§ 179.98 and 179.100 shall be followed in a tax-exempt transfer of a firearm under this section.

§ 179.104 Transfers to the United States.

A firearm may be transferred to the United States or any department, independent establishment or agency thereof without payment of the transfer tax. However, the procedures for the transfer of a firearm as provided in §§ 179.98 and 179.100 shall be followed in a tax-exempt transfer of a firearm under this section, unless the transferor is relieved of such requirements under other provisions of this part.

PAR. 27. Sections 179.104a and 179.104b are deleted.

PAR. 28. Sections 179.105 and 179.106 are amended to read as follows:

§ 179.105 Certain government entities.

A firearm may be transferred without payment of the transfer tax to any State, possession of the United States, any political subdivision thereof, or any official police organization of such a government entity engaged in criminal investigations. However, the procedures for the transfer of a firearm as provided in §§ 179.98 and 179.100 shall be followed in a tax-exempt transfer of a firearm under this section.

§ 179.106 Unserviceable firearms.

An unserviceable firearm may be transferred as a curio or ornament without payment of the transfer tax. However, the procedures for the transfer of a firearm as provided in §§ 179.98 and 179.100 shall be followed in a tax-exempt transfer of a firearm under this section.

PAR. 29. Section 179.120 is amended to read as follows:

§ 179.120 Registration of firearms.

(a) The Director shall maintain a central registry of all firearms in the United States which are not in the possession of or under the control of the United States. This registry shall be known as the National Firearms Registration and Transfer Record and shall include:

(1) Identification of the firearm as required by this part;

(2) Date of registration; and

(3) Identification and address of person entitled to possession of the firearm as required by this part.

(b) Each manufacturer, importer, and maker shall register each firearm he manufactures, imports, or makes in the manner prescribed by this part. Each firearm transferred shall be registered to the transferee by the transferor in the manner prescribed by this part. Any person possessing a firearm which is not registered to him in the National Firearms Registration and Transfer Record shall register such firearm during the period November 2, 1968, through December 1, 1968, in the manner prescribed in Subpart O of this part. No firearm may be registered by a person unlawfully in possession of the firearm after December 1, 1968, except that the Director, after publication in the *FEDERAL REGISTER* of his intention to do so, may establish periods of amnesty, not to exceed ninety (90) days in the case of any single period with such immunity from liability as the Director determines will contribute to the purposes of this part.

(c) A person shown as possessing firearms by the records maintained by the Director pursuant to the National Firearms Act (Chapter 53, I.R.C.) in force on October 31, 1968, shall be considered to have registered the firearms in his possession which are disclosed by that record as being in his possession on October 31, 1968.

(d) A person possessing a firearm registered as required by this section shall retain proof of registration which shall be made available to the Director upon request.

(e) A firearm not identified as required by this part shall not be registered.

PAR. 30. Section 179.121 is amended to read as follows:

§ 179.121 Identification of firearms.

Each manufacturer, importer, or maker of a firearm, other than a destructive device, shall identify it by stamping (impressing), or otherwise conspicuously placing or causing to be stamped (impressed) or placed on the frame or receiver thereof, in a manner not susceptible of being readily obliterated or altered, the name and location of the manufacturer and importer, if any, and the serial number, caliber or gauge, and model of the firearm. None of the data indicated may be omitted except with the approval of the Director. A destructive device shall be identified in the manner prescribed by this section, except that if such identification is not practical it may be identified in any manner acceptable to the Assistant Regional Commissioner.

PAR. 31. Section 179.122 is added immediately following section 179.121 to read as follows:

§ 179.122 Registration of firearms manufactured.

Each manufacturer qualified under this part shall execute and file with the Director an accurate return on Form 2 (Firearms) setting forth the name, address, class of business (i.e. Class 2 Manufacturer or Class 5 Manufacturer),

RULES AND REGULATIONS

and special (occupational) tax stamp number of the manufacturer, the date of manufacture, and the type, model, length of barrel, caliber, gauge, or size, the serial numbers of the firearms he manufactures, and the place where the manufactured firearms will be kept. All firearms manufactured by him during a single day shall be included on one return, Form 2 (Firearms), filed by the manufacturer no later than the close of the next business day. The manufacturer shall prepare the return, Form 2 (Firearms), in duplicate, file the original return as prescribed herein and keep the copy with the records required by Subpart H of this part at the premises covered by his special tax stamp. Receipt of the return, Form 2 (Firearms), by the Director shall effectuate the registration to the manufacturer of the firearms listed on that form. The requirements of this part relating to the transfer of a firearm are applicable to transfers by qualified manufacturers.

PAR. 32. The footnote to the heading of Subpart G immediately following § 179.121 is amended to read as follows:

³ Persons engaged in the business of exporting firearms caliber .22 or larger are subject to the requirement of a license issued by the Secretary of State. Application for such license should be made to the Office of Munitions Control, Department of State, Washington, D.C. 20520, prior to exporting firearms.

PAR. 33. Sections 179.130 and 179.131 are amended to read as follows:

§ 179.130 Procedure.

No firearm shall be imported or brought into the United States or any territory under its control or jurisdiction unless the importer establishes to the satisfaction of the Director that the firearm to be imported or brought in is being imported or brought in for:

(a) The use of the United States or any department, independent establishment, or agency thereof or any State or possession or any political subdivision thereof; or

(b) Scientific or research purposes; or

(c) Testing or use as a model by a registered manufacturer or solely for use as a sample by a registered importer or registered dealer.

The burden of proof is affirmatively on any person importing or bringing the firearm into the United States or any territory under its control or jurisdiction to show that the firearm is being imported or brought in under one of the above paragraphs of this section. Any person desiring to import or bring a firearm into the United States under this section shall file an application, in triplicate, on Form 6 (Firearms) with the Director. The application shall show the intended port or place of importation and describe the firearm intended for importation accurately and in detail, including, as far as practicable, the data prescribed in § 179.121. A detailed explanation of why the importation of the firearm falls within the standards set out in this section shall be included. The per-

son seeking to import or bring in the firearm will be notified of the approval or disapproval of his application. If the application is approved, the certificate will be returned to the applicant showing such approval and he will file the approved application with the customs officer at the port of importation. The approval of an application to import a firearm shall be automatically terminated at the expiration of six (6) months unless, upon request, it is further extended by the Director. If the firearm described in the approved application is not imported prior to the expiration of the approval, the Director shall be so notified. Customs officers will not permit release of a firearm from customs custody, except for exportation, unless covered by an application which has been approved by the Director and which is currently effective.

§ 179.131 Registration of imported firearms.

(a) Each importer shall execute and file with the Director an accurate return on Form 2 (Firearms) setting forth the name and address of the person importing the firearm, and if the importer is qualified under this part, the class of business (i.e., Class 1 Importer or Class 4 Importer) and the special (occupational) tax stamp number of the importer, the date imported, the type, model, length of barrel, caliber, gauge or size, the serial number of the firearm imported, and the place where the imported firearm will be kept. The Form 2 (Firearms) covering firearms imported shall be filed by the importer no later than fifteen (15) days from the date the firearm was released from customs custody. The importer, if qualified under this part, shall prepare the return, Form 2 (Firearms), in duplicate, file the original return as prescribed herein, and keep the copy with the record required in subpart H of this part at the premises covered by his special (occupational) tax stamp. The timely receipt by the Director of the return Form 2 (Firearms), and the approved application to import the firearm, Form 6 (Firearms), covering the weapon reported on the Form 2 (Firearms) from a qualified importer shall effectuate the registration of the firearm to the importer. A person not qualified as an importer under this part shall file the Form 2 (Firearms), in duplicate, with the Director. The Director shall note his approval on the Form 2 (Firearms) and such approval shall effectuate the registration of the firearm listed on that form to the person who imported it.

(b) The requirements of this part relating to the transfer of a firearm are applicable to the transfer of imported firearms by a qualified importer or any other person.

PAR. 34. Section 179.131a is added immediately following § 179.131 to read as follows:

§ 179.131a Conditional importation.

The Director may permit the conditional importation or bringing into the United States of any firearm for the purpose of examining and testing the fire-

arm in connection with making a determination as to whether the importation or bringing in of such firearm will be authorized under this subpart. An application under this section shall be filed, in duplicate, with the Director. The Director may impose conditions upon any importation under this section including a requirement that the firearm be shipped directly from customs custody to the Director and that the person importing or bringing in the firearm must agree to either export the weapon or destroy it if a final determination is made that it may not be imported or brought in under this subpart. A firearm so imported or brought into the United States may be released from customs custody in the manner prescribed by the conditional authorization of the Director.

PAR. 35. Section 179.151 is deleted.

PAR. 36. Section 179.162 is amended to read as follows:

§ 179.162 Penalties (records and returns).

Any person failing to keep records or make returns is liable to fine and imprisonment as provided in section 5871 of the Internal Revenue Code of 1954. Any person assisting in the preparation of fraudulent returns is liable to fine and imprisonment as provided in section 7206 of the Internal Revenue Code of 1954.

PAR. 37. Section 179.180 is amended to read as follows:

§ 179.180 Redemption of or allowance for stamps.

Where a "National Firearms Act" stamp is destroyed, mutilated or rendered useless after purchase, and before liability has been incurred, such stamp may be redeemed by giving another stamp in lieu thereof or by refunding the amount or value thereof. Claim for redemption of the stamp should be filed on Form 843 with the appropriate District Director of Internal Revenue. Such claim must be accompanied by the stamp or by a satisfactory explanation of the reason why the stamp cannot be returned and must be filed within 3 years after the purchase of the stamp (sec. 6805, I.R.C., 1954).

PAR. 38. Sections 179.190 and 179.191 are amended to read as follows:

§ 179.190 Penalties.

Any person who violates or fails to comply with the requirements of Chapter 53, Internal Revenue Code of 1954, and the provisions of this part, shall upon conviction, be subject to the penalties imposed under section 5871, Internal Revenue Code of 1954.

§ 179.191 Forfeitures.

Any firearms involved in any violation of the provisions of Chapter 53, Internal Revenue Code of 1954, or of the regulations in this part, shall be subject to seizure or forfeiture under the internal revenue laws: *Provided, however, That the disposition of forfeited firearms shall be in conformance with the requirements of section 5872 of the Internal Revenue Code of 1954. In addition, any vessel, vehicle or aircraft used to transport, carry,*

convey, or conceal or possess any firearm with respect to which there has been committed any violation of any provision of Chapter 53, Internal Revenue Code of 1954, or the regulations in this part issued pursuant thereto, shall be subjected to seizure and forfeiture under the Customs laws, as provided by the act of August 9, 1939 (U.S.C. Title 49, secs. 781-788).

PAR. 39. Subpart O center heading and §§ 179.200, 179.201, and 179.202 are added immediately following § 179.195 to read as follows:

Subpart O—Special Registration

§ 179.200 Registration requirement.

Any person possessing a firearm which is not registered to him in the National Firearms Registration and Transfer Record maintained by the Director shall register with the Director during the period of November 2, 1968, through December 1, 1968 each firearm so possessed. Such registration of a firearm shall become a part of the National Firearms Registration and Transfer Record maintained by the Director.

§ 179.201 Registration procedure.

A person possessing a firearm not registered to him by the Director shall file a registration return, Form 4467, in duplicate with the Director within the period of November 2, 1968, through December 1, 1968. The use of information required to register a firearm under this section shall be restricted as provided in section 5848, Internal Revenue Code of 1954. The return, Form 4467, shall show the name, address, place of business or employment, employer identification number or social security number, and date of birth of the registrant, the date the firearm was acquired, the place where the firearm usually is kept, the name, and address of the manufacturer, the type, model, length of barrel, overall length (when applicable), caliber or gauge, serial number, and other identifying marks of the firearms, and if an unserviceable firearm, the manner in which it was rendered unserviceable. Upon registering the firearm, the Director shall retain the original Form 4467 as part of the National Firearms Registration and Transfer Record, and shall return the Form 4467 copy to the registrant with notation that registration of the firearm described on the Form 4467 has been made. In the event the firearm does not bear a serial number, the registrant shall obtain a serial number for the firearm from the Assistant Regional Commissioner and shall stamp (impress) or otherwise conspicuously place such serial number on the firearm in a manner not susceptible of being readily obliterated, altered, or removed.

§ 179.202 Restrictive use of required information.

No information or evidence required to be submitted or retained by a natural person to register a firearm under the provisions of this subpart shall be used, directly or indirectly, as evidence against such person in any criminal proceeding

with respect to a prior or concurrent violation of law: *Provided, however,* That the provisions of this section shall not preclude the use of any such information or evidence in a prosecution or other action under any applicable provision of law with respect to the furnishing of false information.

Because this Treasury decision merely amends 26 CFR Part 179 to conform to the provisions of section 201 of Title II of the Gun Control Act of 1968 (Public Law 90-618, 82 Stat. 1213) and to provide interim procedures implementing sections 201, 207(b), and 207(d) of such Title II, it is found that it is unnecessary to issue this Treasury decision with notice and public procedure thereon under section 553(b) of title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section. Accordingly, this Treasury decision shall become effective on November 1, 1968.

(Sec. 7805 of the Internal Revenue Code (68A Stat. 917; 26 U.S.C. 7805))

WILLIAM H. SMITH,
Acting Commissioner
of Internal Revenue.

Assistant Secretary
of the Treasury.

[Docket No. 19797; Order 68-10-128]

ASSOCIATED AIR FREIGHT, INC.

Order Instituting Investigation Regarding Substitution of Other Service for Air Transportation

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 24th day of October 1968.

By tariff revision filed October 1, 1968, and marked to become effective November 2, 1968, Associated Air Freight, Inc. (Associated), an air freight forwarder, proposes a rule providing for the substitution of other means of transportation for air transportation under any circumstances deemed necessary by the forwarder.¹

Associated has not submitted any justification for its proposal. By Order E-26605, dated April 2, 1968, the Board instituted an investigation of similar rules in effect for certain air freight forwarders (Docket 19797) on the ground that it may be unjust and inequitable to require a shipper to pay air freight rates when he is receiving surface transportation. By Order E-26929, dated June 17, 1968, the Board denied reconsideration of Order E-26605 and extended the foregoing investigation to the rule filed by another air forwarder and to the rules in effect for all domestic direct certified air carriers.

Upon consideration of all relevant matters, the Board finds that Associated's proposal may be unjust, unreasonable, unjustly discriminatory, unduly preferential, or prejudicial, or otherwise unlawful, and should be investigated. We shall consolidate the investigation of Associated's rule with the proceeding in Docket 19797.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 1002 thereof:

It is ordered, That:

- An investigation is instituted to determine whether the provisions of Rule 13 on 1st Revised Page 10-A of Associated Air Freight, Inc.'s Tariff CAB No. 10, including subsequent revisions and reissues thereof, and rules, regulations, and

practices affecting such provisions, are or will be unjust or unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful, to determine and prescribe the lawful provisions, and rules, regulations, or practices affecting such provisions;

2. This investigation is consolidated with the proceeding in Docket 19797; and

3. A copy of this order be served upon Associated Air Freight, Inc., which is hereby made a party to this proceeding.

This order will be published in the *FEDERAL REGISTER*.

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Order Regarding Specific Commodity Rates

Issued under delegated authority October 23, 1968.

An agreement has been filed with the Board pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's economic regulations, between various air carriers, foreign air carriers, and other carriers, embodied in the resolutions of Traffic Conference 1 of the International Air Transport Association (IATA), and adopted pursuant to the provisions of Resolution 590 dealing with specific commodity rates.

The agreement, adopted pursuant to unprotested notices to the carriers and promulgated in IATA letters dated October 2, and October 4, 1968, names additional specific commodity rates, as set forth in the attachment hereto,¹ which reflect significant reductions from the general cargo rates.

Pursuant to authority duly delegated by the Board in the Board's Regulations, 14 CFR 385.14, it is not found that the subject agreement is adverse to the public interest or in violation of the Act: *Provided*. That approval thereof is conditioned as hereinafter ordered.

Accordingly, it is ordered, That:

[Docket No. 19561; Order 68-10-122]

**SEDALIA, MARSHALL, BOONVILLE
STAGE LINE, INC.**

**Order To Show Cause Regarding Es-
tablishment of Service Mail Rate**

Issued under delegated authority October 23, 1968.

By amended notice of intent filed on June 11, 1968, pursuant to 14 CFR Part 298, the Postmaster General petitioned the Board to establish for Sedalia, Marshall, Boonville Stage Line, Inc. (Sedalia), an air taxi operator, a final service mail rate of 35.5 cents per great circle aircraft mile for the transportation of mail by aircraft between Wichita, Kans., and Oklahoma City, Okla. Subsequently, this final mail rate was established by Order 68-7-103, dated July 19, 1968.

On September 19, 1968, the Postmaster General filed a petition on behalf of Sedalia stating that since the start of operations by Sedalia the Post Office Department has added to its requirements for air taxi operators and there have been certain unanticipated cost increases in connection with the operation which make operation under the old rate economically unfeasible. Because of these increased costs, the Postmaster General petitions a new final service mail rate of 41.60 cents per great circle aircraft mile for the transportation of mail by aircraft between Wichita, Kans., and Oklahoma City, Okla. The Postmaster General states that the proposed rate is acceptable to the Department and the carrier and represents a fair and reasonable rate of compensation for the performance of these services under the present requirements of the Department.

The Board finds it is in the public interest to determine, adjust, and establish the fair and reasonable rate of compensation to be paid by the Postmaster General for the proposed transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between the aforesaid points. Upon consideration of the Postmaster General's petition and other matters officially noticed, it is proposed to issue an order¹ to include the following findings and conclusions:

¹ As this order to show cause is not a final action but merely affords interested persons an opportunity to be heard on the matters herein proposed, it is not regarded as subject to the review provisions of Part 385 (14 CFR Part 385). These provisions for Board review will be applicable to final action taken by the staff under authority delegated in § 385.14(g).

On and after September 19, 1968, the fair and reasonable final service mail rate to be paid in its entirety to Sedalia, Marshall, Boonville Stage Line, Inc., by the Postmaster General pursuant to section 406 of the Act for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between Wichita, Kans., and Oklahoma City, Okla. shall be 41.60 cents per great circle aircraft mile.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof, and regulations promulgated in 14 CFR Part 302, 14 CFR Part 298, and 14 CFR 385.14(f):

It is ordered, That:

1. Sedalia, Marshall, Boonville Stage Line, Inc., the Postmaster General, Braniff Airways, Inc., Continental Air Lines, Inc., and all other interested persons are directed to show cause why the Board should not adopt the foregoing proposed findings and conclusions and fix, determine, and publish the final rate specified above for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith as specified above as the fair and reasonable rate of compensation to be paid to Sedalia, Marshall, Boonville Stage Line, Inc.;

2. Further procedures herein shall be in accordance with 14 CFR Part 302, and notice of any objection to the rate or to the other findings and conclusions proposed herein, shall be filed with 10 days, and if notice is filed, written answer and supporting documents shall be filed within 30 days after service of this order;

3. If notice of objection is not filed within 10 days after service of this order, or if notice is filed and answer is not filed within 30 days after service of this order, all persons shall be deemed to have waived the right to a hearing and all other procedural steps short of a final decision by the Board, and the Board may enter an order incorporating the findings and conclusions proposed herein and

fix and determine the final rate specified herein;

4. If answer is filed presenting issues for hearing, the issues involved in determining the fair and reasonable final rate shall be limited to those specifically raised by the answer, except insofar as other issues are raised in accordance with Rule 307 of the rules of practice (14 CFR 302.307); and

5. This order shall be served upon Sedalia, Marshall, Boonville Stage Line, Inc., the Postmaster General, Braniff Airways, Inc., and Continental Air Lines, Inc.

This order will be published in the **FEDERAL REGISTER**.

INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN REPUBLIC OF KOREA

Levels of Restraint

OCTOBER 23, 1968.

On January, 11, 1968, there was published in the FEDERAL REGISTER (33 F.R. 430) a letter dated December 27, 1967, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, establishing levels of restraint applicable to certain specified categories of cotton textiles and cotton textile products, produced or manufactured in the Republic of Korea and exported to the United States during the 12-month period beginning January 1, 1968. As set forth in that letter, the levels of restraint are subject to adjustment pursuant to those provisions of the bilateral cotton textile agreement of December 11, 1967, between the Governments of the United States and the Republic of Korea, which provide that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than five (5) percent; for the limited carryover of short falls in certain categories to the next agreement year, and for administrative arrangements and adjustments. The aforementioned letter also provided that such adjustments in the levels of restraint would be made to the Commissioner of Customs by letter from the Chairman of the Interagency Textile Administrative Committee.

Accordingly, there is published below a letter of October 23, 1968, from the Chairman of the Interagency Textile Administrative Committee to the Commissioner of Customs adjusting the levels of restraint applicable to cotton textiles and cotton textile products in Categories 18/19, 26 (other than duck), and 46, pursuant to the provisions of the bilateral agreement referred to above and at the request of the Government of the Republic of Korea, for the 12-month period which began on January 1, 1968.

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20226.

OCTOBER 23, 1968.

DEAR MR. COMMISSIONER: This directive supplements and amends but does not cancel the directives issued to you on December 27, 1967, and June 19, 1968, regarding imports of cotton textiles and cotton textile products in certain specified categories, produced or manufactured in the Republic of Korea, and exported to the United States on

or after January 1, 1968. You were advised in the directive of December 27, 1967, from the Chairman of the President's Cabinet Textile Advisory Committee, that in the event there were any adjustments¹ in the levels of restraint you would be so informed by letter from the Chairman of the Interagency Textile Administrative Committee.

Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, pursuant to the bilateral cotton textile agreement of December 11, 1967, as amended between the Governments of the United States and the Republic of Korea, in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, and under the terms of the aforementioned directive of December 27, 1967, the levels of restraint for cotton textiles in the following categories, produced or manufactured in the Republic of Korea and exported to the United States during the period beginning January 1, 1968, and extending through December 31, 1968, are hereby amended as follows:

Category	Amended 12-month level of restraint
18/19	square yards 1,395,000
26 (other than duck)	do 1,693,336

Furthermore, and in accordance with the aforementioned authorities, the level of restraint for cotton textiles in Category 46, produced or manufactured in the Republic of Korea and exported to the United States during the period beginning January 1, 1968, and extending through December 31, 1968, is hereby increased to 31,960 dozen. In carrying out this provision, however, only those cotton textile products in Category 46 which were exported before August 1, 1968, shall be eligible for entry under this increased level.

The actions taken with respect to the Government of the Republic of Korea and with respect to imports of cotton textiles and cotton textile products from the Republic of Korea have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. II, 1965-66). This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

¹ The term "adjustments" refers to those provisions of the bilateral cotton textile agreement of Dec. 11, 1967, between the Governments of the United States and the Republic of Korea, which provide in part that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than five (5) percent; for the limited carryover of short falls in certain categories to the next agreement year; and for administrative arrangements.
