Order Microfilm Edition from Publications Sales Branch
National Archives and Records Service
Washington, D.C. 20408

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration (mail address National Archives Building, Washington, D.C. 20408), pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$1.50 per month or \$15 per year, payable in advance. The charge for individual copies varies in proportion to the size of the issue (15 cents for the first 80 pages and 5 cents for each additional group of 40 pages, as actually bound). Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended (44 U.S.C. 1510). The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears at the end of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1969, and specifies how they are affected.

Title 3—THE PRESIDENT

Executive Order 11471

RELATING TO THE IMPLEMENTATION OF THE CONVENTION ON THE SERVICE ABROAD OF JUDICIAL AND EXTRAJUDICIAL DOCUMENTS IN CIVIL OR COMMERCIAL MATTERS

The Convention on the Service Abroad of Judicial and Extrajudicial Documents was ratified by the United States of America and proclaimed by the President on January 8, 1969. It came into force on February 10, 1969. The Contracting States have now undertaken to designate authorities to give effect to the Convention's provisions.

In order that the Government of the United States of America may give full and complete effect to the Convention, it is expedient and necessary that several departments of the Executive Branch of that Government perform certain functions.

NOW, THEREFORE, by virtue of the authority vested in me by section 301 of title 3 of the United States Code and as President of the United States of America, it is ordered as follows:

SECTION 1. *Designation of Central Authority.* The Department of State is designated as the Central Authority to receive requests for service from other Contracting States and to proceed in conformity with articles 3-6 of the Convention.

SEC. 2. *Designation of Authority To Complete Certificate.* The Department of State, the Department of Justice and the United States Marshal or Deputy Marshal for the judicial district in which service is made are designated as authorities to complete the certificate in the form annexed to the Convention.

SEC. 3. *Additional Designations.* The Secretary of State, with the concurrence of the Attorney General in cases involving designations of authority to officers of the Department of Justice, is authorized to make additional designations provided for in the Convention or to modify the designations made by this order.

THE WHITE HOUSE,
May 28, 1969.

Rules and Regulations

Title 12—BANKS AND BANKING

Chapter I—Bureau of the Comptroller of the Currency, Department of the Treasury

PART 8—ASSESSMENT OF FEES; NATIONAL BANKS, DISTRICT OF COLUMBIA BANKS

Semiannual Assessment Rate; Rates on Charges for Special Services; Branch Filing Fee

The Comptroller of the Currency has determined pursuant to the authority contained in R.S. 5240, as amended, 12 U.S.C. 482; section 3, 47 Stat. 1566, 26 D.C. Code 102 that the following revised assessments are necessary and hereby finds that public procedure thereon is impracticable, unnecessary, and contrary to the public interest. The amended assessments will become effective July 1, 1969.

Part 8, Chapter 1, Title 12 of the Code of Federal Regulations, is amended by deleting § 8.7 and by revising §§ 8.2, 8.3, 8.5, and 8.6, to read as follows:

§ 8.2 Semiannual assessment rate.

The semiannual assessment rate is a basic assessment of \$200 plus 4½ cents per \$1,000 of total assets, and \$50 for each branch.

§ 8.3 Filing fee for applications for branches.

A filing fee of \$500 is assessed for investigating and processing each application for a branch.

§ 8.5 Daily rate for examinations of affiliates and for special examinations and investigations.

The assessment rate for examinations of affiliates and for special examinations and investigations is \$140 a day for the Examiner-in-charge and \$80 a day for each additional Examiner.

§ 8.6 Daily rate for trust examinations and investigations.

The assessment rate for trust examinations and investigations of applications for trust powers is \$140 a day for the person in charge of the examination and \$80 a day for each of the assisting personnel. The minimum rate for the examination of a trust department is \$25.

§ 8.7 [Deleted]

Dated: May 26, 1969.

[SEAL] WILLIAM B. CAMP,
Comptroller of the Currency.

[F.R. Doc. 69-6443; Filed, May 29, 1969; 8:49 a.m.]

Chapter II—Federal Reserve System

SUBCHAPTER A—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

[Reg. G]

PART 207—CREDIT BY PERSONS OTHER THAN BANKS, BROKERS, OR DEALERS FOR THE PURPOSE OF PURCHASING OR CARRYING REGISTERED EQUITY SECURITIES

Guaranty as Extension of Credit; Correction

Section 207.103 published in the FEDERAL REGISTER on April 29, 1969 (34 F.R. 7005), is corrected by changing the reference in paragraph (f) from "§ 207.2(a)" to "§ 207.1(a)".

Dated at Washington, D.C., this 26th day of May 1969.

BOARD OF GOVERNORS OF THE
FEDERAL RESERVE SYSTEM,
[SEAL] ROBERT P. FORRESTAL,
Assistant Secretary.

[F.R. Doc. 69-6417; Filed, May 29, 1969; 8:46 a.m.]

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

SUBCHAPTER E—RULES, REGULATIONS, STATEMENTS OF GENERAL POLICY OR INTERPRETATION AND EXEMPTIONS UNDER THE FAIR PACKAGING AND LABELING ACT

PART 503—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

Package Containing Single Consumer Commodity

Section 500.6 of the regulations issued pursuant to section 4 of the Fair Packaging and Labeling Act requires the label of a consumer commodity to bear a declaration of the net quantity of contents separately and accurately stated. Section 500.7 of the regulations requires the net quantity of contents to be expressed in terms of weight, measure, numerical count, or a combination of numerical count and weight, size, or measure.

Many inquiries have been received by the Commission relating to the labeling of a package containing a single unit where net quantity is correctly expressed in terms of count alone. The questions center on the requirement of the regulations that the label of such package bear a net quantity statement in addition to a statement of identity which reflects the fact that it is a single unit.

An example would be that of a single soap dish contained in a package bearing an identity statement, "soap dish." The question is whether § 500.6 contemplates the statement of content "1 soap dish" in addition to the statement of identity which effectively expresses the singular nature of the content of the package.

The Commission concludes there is no requirement to state the content of a package as "one" when the statement of identity affords the consumer adequate quantity information and no additional information is afforded by the use of the net content statement.

Accordingly, pursuant to the provision of the Fair Packaging and Labeling Act (sections 4, 6, 80 Stat. 1297, 1298; 15 U.S.C. 1453, 1455) Subpart E, Part 503 is amended by adding thereto the following new section:

§ 503.4 Net quantity of contents, numerical count.

To clarify the requirement for declaration of net quantity in terms of count for the purpose of §§ 500.6 and 500.7 of the regulations in Part 500, the following interpretation is rendered.

(a) When a consumer commodity is properly measured in terms of count only, or in terms of a combination of count plus weight, volume, area of dimensions, the regulations are interpreted not to require the declaration of the net content of a single packaged unit as "one", provided the statement of identity clearly expresses the fact that the package contains one unit. Thus, one packaged soap dish identified on the label as "soap dish" does not require an additional and separate net content statement which lists "content 1 soap dish". Also a packaged garden hose having a length of 50 feet is not required to have a declaration of contents on the package such as "1 garden hose". However, there still exists the necessity, in the case of the garden hose, to declare the net quantity of length as "50 ft. (16.66 yds.)." Any multicomponent package or a package containing two or more units of the same commodity shall bear the net quantity statement in terms of count as well as weight, size, or measure as required by the regulations. This interpretation does not preclude the option to enumerate a unit count on a singly packaged commodity, if so desired.

Issued: May 27, 1969.

By direction of the Commission.

[SEAL] JOSEPH W. SHEA,
Secretary.

[F.R. Doc. 69-6444; Filed, May 29, 1969; 8:49 a.m.]

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

PAPER AND PAPERBOARD

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 9B2377) filed by General Mills, Inc., 2010 East Hennepin Avenue, Minneapolis, Minn. 55413, and other relevant

material, concludes that the food additive regulations should be amended to provide for the safe use of an additional optional substance (specified below) in the formulation of paper and paperboard used in contact with aqueous and fatty foods. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under authority delegated to the Commissioner (21 CFR 2.120), § 121.2526(a)(5) is amended by alphabetically inserting in the list of substances a new item, as follows:

§ 121.2526 Components of paper and paperboard in contact with aqueous and fatty foods.

- | | |
|-----|-------|
| | * * * |
| (a) | * * * |
| (5) | * * * |

List of substances

Hydroxypropyl guar gum having a viscosity of 5,000-7,000 centipoises at 25° C. as determined by RV-series Brookfield viscometer (or equivalent) using a No. 4 spindle at 20 r.p.m. and using a test sample prepared by dissolving 5 grams of moisture-free hydroxypropyl guar gum in 495 milliliters of a 70 percent by weight aqueous propylene glycol solution.

Limitations

For use only as a dry strength and formation aid agent employed prior to the sheet-forming operation in the manufacture of paper and paperboard and used at a level not to exceed 1.5 percent by weight of finished dry paper or paperboard fibers.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date: This order shall become effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1))

Dated: May 22, 1969.

J. K. KIRK,
Associate Commissioner
for Compliance.

[F.R. Doc. 69-6418; Filed, May 29, 1969; 8:46 a.m.]

Title 32—NATIONAL DEFENSE

Chapter I—Office of the Secretary of Defense

SUBCHAPTER B—PERSONNEL; MILITARY AND CIVILIAN

PART 80—PERMANENT-RESIDENCE ALIENS SERVING IN THE ARMED FORCES OF THE UNITED STATES TO FULFILL NATURALIZATION REQUIREMENTS; SEPARATION OF

The following revision to Part 80 has been approved:

- Sec.
80.1 Purpose.
80.2 Applicability and scope.
80.3 Policy and procedure.

AUTHORITY: The provisions of this Part 80 issued under sec. 301, 80 Stat. 371; (5 U.S.C. 301).

§ 80.1 Purpose.

This part establishes uniform procedures to facilitate the naturalization of aliens who have served honorably in an active duty status in the Armed Forces of the United States during the Vietnam hostilities or during any other future period of hostilities that may be designated by the President.

§ 80.2 Applicability and scope.

(a) Provisions of this part apply to the Military Departments and cover all aliens who have rendered honorable service on active duty during the period

beginning February 28, 1961, and ending on a date designated by the President by Executive order as the date of termination of the Vietnam hostilities.

(b) This part shall also apply during any future period which the President by Executive order shall designate as a period in which the Armed Forces of the United States are or were engaged in military operations involving armed conflict with a hostile foreign force.

(c) Under section 329 of the Immigration and Naturalization Act, as amended by Public Law 90-633 (8 U.S.C. 1440), an alien member who has served honorably in active duty status at any time during the qualifying periods, and who is otherwise eligible, may be naturalized whether or not he has been lawfully admitted to the United States for permanent residence, if the member was inducted, enlisted, or reenlisted in the United States (inclusive of Puerto Rico, Guam, Virgin Islands, Canal Zone, American Samoa, or Swains Island).

(1) The induction, enlistment, or reenlistment in the United States or its stated possessions must actually be in these land areas, in ports, harbors, bays, enclosed sea areas along their coasts or within a marginal belt of the sea extending from the coastline outward 3 geographical miles.

(2) Although enlistment or reenlistment aboard a ship on the high seas or in foreign waters does not meet the requirements of section 329 of the Immigration and Naturalization Act, as amended by Public Law 90-633 (8 U.S.C. 1440), the provisions of Part 80 of this subchapter may apply.

(d) Residence in the United States or a specified period of physical presence in the United States is not required. In addition, an alien seeking naturalization under section 329 of the Immigration and Naturalization Act, as amended by Public Law 90-633 (8 U.S.C. 1440), is exempt from all federal naturalization fees associated with the filing of a petition or the issuance of a certificate of naturalization.

§ 80.3 Policy and procedure.

Each Military Department will establish procedures containing the provisions outlined in paragraph (a) and (b) of this section. In addition, each qualifying alien shall be advised of the liberalized naturalization provisions of section 329 of the Immigration and Naturalization Act, as amended by Public Law 90-633 (8 U.S.C. 1440), i.e., that the usual naturalization requirements concerning age, residence, physical presence, court jurisdiction and waiting period are not applicable, and be given appropriate assistance in processing his naturalization application in consonance with procedures issued by the Department of Justice, Immigration and Naturalization Service.

(a) Military basic training and orientation programs shall include advice and assistance to interested aliens in completing and submitting the application

and other forms required to initiate naturalization proceedings. In addition, applicants should be advised that:

(1) Under the laws of certain foreign countries, military service in the U.S. Armed Forces may result in the loss of their native country citizenship but that this same service may make them eligible for U.S. citizenship.

(2) Their eligibility for naturalization, based upon the honorable service in active duty status described in section 329 of the Immigration and Naturalization Act, as amended by Public Law 90-633 (8 U.S.C. 1440) will be retained, even though they apply for naturalization after their return to the United States following the termination or completion of their overseas assignment, or after their honorable discharge from the Armed Forces of the United States.

(3) If they are stationed at a base in continental United States, Alaska, Hawaii, Puerto Rico, Guam, or the Virgin Islands, they should apply for citizenship only if they expect to be stationed at the base for at least 60 days following application. Unless the Immigration and Naturalization Service has at least 60 days in which to complete the case, there is no assurance that it can be completed before the applicant is transferred, since the processing procedures outlined below take time and are not entirely within the control of the Immigration and Naturalization Service.

(i) Every naturalization application must be processed when received by the Immigration and Naturalization Service. The Immigration and Naturalization Service has made special arrangements to expedite the processing of petitions of alien members of the Armed Forces.

(ii) After processing, the alien applicant and two citizen witnesses must personally appear for examination by an officer of the Immigration and Naturalization Service in connection with the filing of a petition for naturalization in court.

(iii) Finally, the applicant must again appear in person before the naturalization court on a date set by the court so that he may be admitted to citizenship.

(4) If they are scheduled for overseas assignment where naturalization courts are not available, they should apply for naturalization on the earliest possible date but no later than 60 days before departure for overseas assignments. While the Immigration and Naturalization Service will accord these cases every possible priority, there is no assurance that they will be completed before the applicant's departure unless the Immigration and Naturalization Service has at least 60 days in which to accomplish the matter.

(i) An alien serviceman who is serving overseas, and has submitted or submits the required naturalization application and forms to the Immigration and Naturalization Service, may not be granted ordinary leave, or Rest and Recuperation (R&R) leave (where authorized in overseas areas) for naturalization purposes, unless a written notification from the Immigration and Naturalization Service has been received by the serviceman in-

forming him that the processing of his application has been completed, and requesting him to appear with two U.S. citizen witnesses before a representative of the Immigration and Naturalization Service at a designated location for the purpose of completing the naturalization.

(ii) If possible, applicants granted leave for such purposes should advise the Immigration and Naturalization Service when they expect to arrive in the leave area and, in any event, should contact the Immigration and Naturalization Service office immediately upon arrival in that area. The Immigration and Naturalization Service will make every effort to complete the naturalization within the leave period.

(5) The following forms required for naturalization purposes may be obtained from any office of the Immigration and Naturalization Service:

a. N-400 Application to File a Petition for Naturalization (must be submitted in triplicate).

b. G-325 Biographic Information (must be submitted in duplicate).

c. G-325B Biographic Information (must be submitted in duplicate).

d. FD-258 Applicant Fingerprint Card.

e. N-426 Certificate of Military or Naval Service (should be handled on a priority basis so as to avoid prejudicing the early completion of the naturalization process (particularly for an alien who may receive an overseas assignment)).

(b) "Naturalization Requirements and General Information" published by the U.S. Department of Justice (Form N-17) describes the naturalization requirements and lists Immigration and Naturalization offices which process applications.

MAURICE W. ROCHE,
Director, Correspondence and
Directives Division, OASD

PART 111—ROTC PROGRAMS FOR SECONDARY EDUCATIONAL INSTI- TUTIONS

The following revision to Part 111 has been approved:

Sec.

111.1 Purpose.

111.2 Applicability and scope.

111.3 Definitions.

111.4 Policy and responsibilities.

AUTHORITY: The provisions of this Part 111 issued under sec. 301, 80 Stat. 379; 5 U.S.C. 301.

§ 111.1 Purpose.

This part prescribes uniform Department of Defense policies for organization and administration of the Junior Reserve Officers' Training Corps program in all secondary schools.

§ 111.2 Applicability and scope.

The provisions of this part apply to the Military Departments in the operation and administration of the Junior ROTC

programs at the secondary educational level of public and private institutions. This includes those institutions with established Junior ROTC units.

§ 111.3 Definitions.

(a) *Junior ROTC.* All ROTC programs conducted at the secondary level of education are considered to be Junior ROTC.

(b) *Military Junior Colleges (MJC Schools).* Essentially military schools which provide high school and college instruction but do not confer baccalaureate degrees. Units established at these schools meet all other requirements of Class MC (military colleges) institutions as defined in Part 110 of this subchapter and accept and maintain a specially designated program of instruction prescribed by the appropriate Secretary for this class of institution. The secondary level of MJC schools is classified as Junior ROTC.

(c) *Military Institutes (MI Schools).* Essentially military schools at the secondary level of instruction which:

(1) Require a course in military training throughout 4 years of education at secondary level.

(2) Organize their military students as a Corps of Cadets under constantly maintained military discipline.

(3) Require all members of the Corps including those members enrolled in the military training to be habitually in uniform when on campus.

(4) Have as their objectives the development of the students' character by means of military training and the regulation of their conduct in accordance with the principles of military discipline; and in general meet military discipline; and in general meet military standards similar to those maintained at the Service Academies.

(d) *High Schools (HS Schools).* Public or private secondary educational institutions which do not fall under the definition for MJC and MI Schools.

(e) *Unit.* The organized group of ROTC students and faculty at one secondary school.

(f) *Multiple Unit.* Any group of units organized and sponsored under one school system where the Junior ROTC program is conducted concurrently in more than one school.

§ 111.4 Policy and responsibilities.

(a) *General.* (1) The Junior ROTC program will be conducted at a minimum of expense to the Department of Defense. It will provide meaningful military training that will be of benefit to the student, and of value to the Departments of the Army, Navy, or Air Force.

(2) The Secretaries of the Departments of Army, Navy, and Air Force will each conduct a Junior ROTC program. Services will provide for a fair and equitable geographical distribution of their units. No school will be permitted to have an ROTC unit from more than one Service.

(3) The Secretaries of the Military Departments will prescribe the ROTC curriculum for their Junior ROTC units.

The program of instruction for each of the Military Departments will be of at least 3 academic years in duration. Students will be offered one of the following alternative programs:

(i) *Academic Track (College Preparatory)*. A minimum of a 3-year program with 96 hours per year of military instruction offered in conjunction with academic courses leading to entrance into college. This alternative will be offered only in those schools which have a fully accredited program of academic studies, completion of which will qualify the student for entry in a college offering Senior ROTC.

(ii) *Technical Track (Non-College Preparatory)*. A minimum of a 3-year program with 96 hours per year of military instruction coordinated with technical courses having a military application. Certain of these courses may be integrated into the required 96 hours of ROTC instruction upon approval of the Secretary of the Military Department concerned.

(4) Students presenting evidence of successful completion of either the Academic or Technical Track of Junior ROTC under any Military Department will be entitled to advanced promotion at least to the grade of E-2 upon initial enlistment in an active or reserve component of the Armed Forces. Additionally, those students presenting evidence of successful completion of a 3-year Junior ROTC program (either Track) are entitled to not less than 1 year of credit in the basic course of Senior ROTC when the student enters college.

(b) *Establishment of Junior ROTC at Schools*. Secondary educational institutions desiring to establish ROTC units or to continue established units will agree:

(1) To maintain an ROTC enrollment of no less than 100 physically fit male students who are at least 14 years of age and are citizens of the United States.

(2) To employ retired officers and enlisted men whose qualifications are approved by the Secretary of the Military Department concerned to administer the basic military orientation courses.

(i) Retired personnel so employed shall receive their retired or retainer pay and an additional amount equal to the difference between their retired pay and the active duty pay and allowances, excluding hazardous duty pay, which they would receive if ordered to active duty. The institution is the employing agency and shall pay the full additional amount due to the individual employed. One-half of the additional amount shall be paid to the institution by the Secretary of the Military Department concerned from funds appropriated for that purpose.

(ii) Any duties desired by the institution in addition to those connected with ROTC instruction, and the operation and administration of the ROTC program must be separately contracted between the school and the individual ROTC instructor at no cost to the Military Department. This does not preclude ROTC instructors from serving on routine committees or performing other extra-curricular duties normally performed by

other faculty members. Where an individual employed as an ROTC instructor enters into a contract with the institution to provide services which are not part of ROTC instruction, these services must be performed outside the scope of and the hours prescribed for his ROTC duties if any additional sum is paid for these services.

(iii) The institution is responsible for advising the Secretary of the Military Department concerned of any change of employment status of retired personnel employed at that institution.

(3) To provide suitable safeguards for the Government property provided. Such safeguards will include, but not be limited to, employment of clerical and maintenance personnel required to issue, account for and maintain the Government property provided; bonds and/or insurance to cover loss and damage of the property.

(4) Not to discriminate against students or instructors on the grounds of race, color, or national origin.

(5) To provide adequate facilities for classroom instruction, storage of arms and other equipment which may be furnished in support of the unit, and adequate drill areas at or in the immediate vicinity of the institution, as determined by the Secretary of the Military Department concerned.

(6) To provide the required courses of instruction and maintain the standards prescribed by the Secretary concerned.

(c) *Instructors*. (1) The Secretary of the Department may authorize one active duty officer, O-4 or below, and one active duty enlisted man, E-7 or below, for an assignment as instructors at each military institute or high school level of MJC schools. Additional instructors desired by military institutes and the secondary level of MJC schools will be acquired through the employment of retired personnel on the same basis as any other school conducting the Junior ROTC program. Active duty personnel assigned to military institutes and the high school level of MJC schools count against student instructor ratio as set forth below.

(2) Retired officer and noncommissioned officer instructors whose qualifications and subsequent performance of duty meet the standards prescribed by the Secretary concerned, will be authorized as follows:

(i) Single and multiple units will be authorized one retired officer instructor per 500 enrolled ROTC students or major fraction thereof and one retired enlisted instructor per 100 enrolled ROTC students or major fraction thereof.

(ii) As exceptions to the above, any school qualifying for a Junior ROTC unit will be authorized at least one officer, and where necessary the Secretary of the Military Department concerned may authorize substitution of officer for enlisted instructors, and vice versa, within the above authorizations.

(iii) Supervisory personnel for multiple units will be obtained by organizing the multiple unit in such a way that these limitations are not exceeded.

(iv) Multiple unit organization and management will be established wherever possible, thereby minimizing the number of instructors required and reducing costs to both the schools and Military Departments concerned.

(v) For fiscal year 1968 and fiscal year 1969 any additional instructors employed under § 111.4(c)(2)(ii), above, as revised, will be financed within resources otherwise available. Beginning with fiscal year 1970 additional instructor requirements will be programmed, budgeted, and financed in accordance with existing procedures.

(vi) Retired instructors are employees of the school and are responsible to school authorities for conduct of the program. They must meet Service requirements and maintain standards acceptable to the Military Department concerned. The Secretary concerned will hold the school authorities responsible for the conduct of the program as prescribed.

(d) *Students*. (1) Students must be male citizens at least 14 years of age who meet the physical standards prescribed by the Secretary of the Military Department concerned to enroll in the Junior ROTC.

(2) Tests and cutoff scores to qualify for the Junior ROTC training may be prescribed by the Secretary concerned.

(e) *Supply and maintenance*. The Secretaries of the Military Departments may authorize equipment to be issued to a designated official of the educational institution concerned.

(1) He may authorize the issuance of any military equipment needed for the military training program prescribed by him, provided the equipment is not needed for training of the regular and reserve components of that Department.

(2) Where the Secretary concerned considers the military requirement for individuals trained in a technical skill to warrant the action, he may provide excess and surplus military equipment to schools for the particular technical training courses allied to military requirements.

(3) Spare parts, tools, cleaning materials, technical publications, and other materials deemed necessary for the maintenance of the equipment may be issued.

(4) The Secretaries concerned will authorize the issuance of necessary text materials, individual equipment, and uniforms.

(5) Transportation charges for shipment to and from the institution, including packaging and handling charges, will be paid by the Military Department concerned. All other costs incident to maintenance and local storage and safeguarding of the property will be paid by the institution.

(f) *Disestablishment of Junior ROTC Programs*. When a Secretary determines that a Junior ROTC unit does not meet the standards desired, school authorities concerned will be notified that the unit will be placed on a 1-year probationary status not later than the beginning of

the next academic year. Disestablishment of unit will be effective at the conclusion of the probationary year provided the reason for the probationary status has not been resolved.

MAURICE W. ROCHE,
Director, Correspondence and Directives Division OASD (Administration).

Chapter VI—Department of the Navy
SUBCHAPTER B—NAVIGATION
PART 706—NAVIGATIONAL LIGHT WAIVERS
Certificate

Sections 360 and 1052 of title 33, United States Code, provide that the requirements of the Inland, Great Lakes, and Western Rivers Rules, and of the International Regulations for Preventing Collisions at Sea, as to the number, position, range, or arc of visibility of the lights required to be displayed by vessels, shall not apply to any vessel of the Navy with respect to which the Secretary shall certify that, by reason of special construction, it is not possible to comply with the statutory regulations.

A recent study has disclosed that the functional design of the Nuclear Powered Research Vehicle, hull designation NR-1, precludes installation of the masthead (20-point white) light at the minimum height required by Rule 2(a) (iii) of the International Rules (33 U.S.C. 1062(a) (iii)).

I hereby certify that said vessel is a submersible vessel of the U.S. Navy and that, by reason of her special construction, she cannot comply with Rule 2(a) (iii) of the International Regulations for Preventing Collisions at Sea (33 U.S.C. 1062(a) (iii)).

Further, I do certify that positioning the masthead light at ten (10) feet above

the hull complies as closely as possible with the rule in question.

Therefore, I do direct that the tabulation set forth as Table One of § 706.2,

	1st Column	2d Column	3d Column	4th Column
SUBMERSIBLES: NR-1 (Nuclear-Powered Research Vehicle).	10.....	After white light neither required nor carried.		

I specify that the foregoing amendment shall be effective as of the date of the publication of this document in the FEDERAL REGISTER (33 U.S.C. 360, 1052).

Dated: May 17, 1969.

JOHN W. WARNER,
Acting Secretary of the Navy.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 208—FLOOD CONTROL REGULATIONS

Pactola Dam and Reservoir, Rapid Creek, Pennington County, S. Dak.

Pursuant to the applicable provisions of sections 7 and 9 of the Act of Congress approved December 22, 1944 (58 Stat. 890, 891; 33 U.S.C. 709), the following regulations are hereby prescribed to govern the use of storage capacity for flood control purposes in Pactola Reservoir on Rapid Creek, Pennington County, S. Dak., and the operations of Pactola Dam for flood control purposes.

§ 208.47 Pactola Dam and Reservoir, Rapid Creek, Pennington County, S. Dak.

The Bureau of Reclamation, Department of the Interior, represented by its appropriate Regional Director or duly designated representative, hereinafter referred to as the Regional Director, shall operate Pactola Dam and Reservoir in the interest of flood control as follows:

(a) The flood control storage capacity of the reservoir which initially amounts to 43,053 acre-feet between elevations 4,580.2 and 4,621.5 feet m.s.l. shall be regulated to restrict releases insofar as practicable to a maximum of 1,000 c.f.s. unless otherwise directed by the District Engineer, Corps of Engineers, Department of the Army, in charge of the locality, hereinafter referred to as the District Engineer. Whenever the reservoir water surface is in the flood control storage zone, releases shall be made in accordance with instructions issued to the Regional Director by the District Engineer. Oral instructions from the District Engineer to the Regional Director shall be confirmed in writing under the date of the day issued.

(b) The discharge characteristics of the outlet works which serves the function of a service spillway for discharg-

Title 32, Code of Federal Regulations, be amended by the addition of another Vessel Class, entitled "Submersibles", and by adding, immediately beneath this class, the following line:

ing flood storage (capable of discharging 1,000 c.f.s. throughout the range of elevations comprising the flood control zone) shall be maintained in accordance with the construction plans (Bureau of Reclamation Drawing No. 494-D-41 dated July 30, 1952, as revised Dec. 20, 1956).

(c) Flood control operations shall not restrict releases necessary for municipal water supply at Rapid City, S. Dak., for irrigation, or for maintenance of the downstream fishery.

(d) Whenever the reservoir level reaches or exceeds elevation 4,580.2, or flood discharges appear imminent, the Regional Director shall report at once to the District Engineer by telephone, telegraph, or radio and as requested thereafter until the reservoir level falls to elevation 4,580.2 or below and flood discharges cease.

(e) Proposed schedules of releases for downstream use and storage changes, if available, and current operating data, shall be provided to the District Engineer by the Regional Director. Operating data shall be tabulated daily and furnished periodically as required, and shall include such items as: Reservoir elevation, reservoir storage, inflow, discharge, and pertinent available hydrologic data.

(f) Nothing in the regulations of this section shall be construed to require that releases shall be made at rates or in a manner inconsistent with the requirements for protecting the dam and reservoir from major damage or inconsistent with safe routing of the inflow design flood.

(g) All elevations stated in this section are at Pactola Dam and Reservoir, and are referred to a datum giving elevation 4,621.5 feet m.s.l. as the elevation of the spillway crest.

[Regs., May 12, 1969, ENGCW-EY]

(Secs. 7 and 9, 58 Stat. 890, 891; 33 U.S.C. 709)

Title 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 7—SPECIAL REGULATIONS, AREAS OF THE NATIONAL PARK SYSTEM

Carlsbad Caverns National Park, N. Mex.; Cave Entry

A proposal was published at page 16647 of the FEDERAL REGISTER of November 15, 1968, to revise § 7.47 of Title 36 of the Code of Federal Regulations. The effect of the revision is to clarify restrictions on entry into undeveloped portions of caves within the park and to eliminate special regulations on speed.

Interested persons were given 30 days within which to submit written comments, suggestions, or objections with respect to the proposed revision. Consideration has been given to all relevant matters presented.

The revision is adopted with the following change:

The permit requirements for exploration of undeveloped sections of caves have been modified. This change does not impose additional restrictions on the public. Therefore, the revision shall take effect 30 days following the date of publication in the FEDERAL REGISTER.

(5 U.S.C. 553; 39 Stat. 535; 16 U.S.C. 3; 46 Stat. 279; 16 U.S.C. 407a)

Section 7.47 is revised to read as follows:

§ 7.47 Carlsbad Caverns National Park.

(a) *Cave entry*—(1) *Closed areas.* With the exception of the regular trips into Carlsbad Caverns under the guidance or supervision of employees of the National Park Service, no person shall enter any cave or undeveloped part or passageway of any cave without a written permit from the Superintendent.

(2) *Permits.* The Superintendent may issue written permits for cave entry without escort only to persons engaged in scientific or educational investigations. The Superintendent shall approve issuance of a permit provided:

(i) That the investigation planned will have demonstrable value to the National Park Service in its management or understanding of park resources, and

(ii) That the permit applicant is adequately equipped and experienced so as to ensure the protection and preservation of park resources.

(3) *Solo exploration.* Solo exploration or investigation is not permitted in any cave or undeveloped part or passageway of any cave within the park.

PHILIP F. VAN CLEAVE,
Acting Superintendent,
Carlsbad Caverns National Park.

[F.R. Doc. 69-6426; Filed, May 29, 1969;
8:47 a.m.]

PART 7—SPECIAL REGULATIONS, AREAS OF THE NATIONAL PARK SYSTEM

Harpers Ferry National Historical Park, W. Va., and Md.; Cliff Climbing

On page 8039 of the FEDERAL REGISTER of June 3, 1967, there was published a proposal of rulemaking to add a new section to Part 7 of Title 36 of the Code of Federal Regulations. The purpose of the new section was to regulate climbing on the cliff face of Maryland Heights and exploration of John Brown Cave. The restrictions were considered to be necessary for the safety of the public visiting the park.

Interested persons were given 30 days within which to submit written comments, suggestions, or objections. One suggestion was received with respect to administration of the regulation, which does not involve any change in the wording of the regulation. Two objections were received to the proposed regulation on the grounds that this restriction would impose undue inconveniences upon the visiting public and that some persons would be denied the opportunity to climb the cliff face.

The National Park Service has been informed that the entrance to the John Brown Cave, which is located on lands owned by the B & O Railroad, has been closed by the owner. Therefore, the restriction on cave exploration, no longer needed, has been deleted from this final notice of rulemaking.

The proposed permit system for climbing on the cliff face of Maryland Heights has been changed to a registration system.

The above changes do not increase restrictions on the public. Therefore, the regulations in this final notice will take effect on the 30th day following the date of publication in the FEDERAL REGISTER.

Part 7 of Chapter 1, Title 36 of the Code of Federal Regulations is amended by the addition of a new section reading as follows:

§ 7.78 Harpers Ferry National Historical Park.

(a) All persons shall register at park headquarters before climbing any portion of the cliff face of Maryland Heights. A registrant shall check out, upon completion of climbing, in the manner specified by the registering official.

BENJAMIN H. DAVIS,
Superintendent, Harpers
Ferry National Historical Park.

[F.R. Doc. 69-6427; Filed, May 29, 1969;
8:47 a.m.]

PART 7—SPECIAL REGULATIONS, AREAS OF THE NATIONAL PARK SYSTEM

Yellowstone National Park, Wyo.

Notice is hereby given that, pursuant to the authority contained in section 3

of the Act of August 25, 1916 (39 Stat. 535, as amended, 16 U.S.C. 3) and the Act of May 7, 1894 (28 Stat. 73, as amended, 16 U.S.C. 26), 245 DM1 (27 F.R. 6395), National Park Service Order No. 34 (31 F.R. 4255), as amended, Regional Director, Midwest Region Order No. 4 (31 F.R. 5769), as amended, § 7.13 of Title 36 of the Code of Federal Regulations is hereby amended as set forth below.

The purpose of this amendment is to permit children 12 years of age and younger to fish with worms in certain waters of Yellowstone National Park and to permit the possession of worms on or adjacent to such waters by a child 12 years of age or under, or by a person in the immediate company of such child, for the sole purpose of enabling the child to fish with such bait.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rulemaking process. However, public comment is here deemed to be unnecessary and not in the public interest, since this amendment relaxes restrictions on the public. This amendment shall take effect immediately upon its publication in the FEDERAL REGISTER, to insure that the regulations are in effect at the start of the 1969 fishing season, and to provide the benefits of this amendment to the public as soon as possible.

(5 U.S.C. 553; 39 Stat. 535; 16 U.S.C. 3; 28 Stat. 73; 16 U.S.C. 26)

Section 7.13(e) (6) of Title 36 of the Code of Federal Regulations is amended to read as follows:

§ 7.13 Yellowstone National Park.

(e) *Fishing.* . . .

(6) *Restriction on use of lines, bait, and lures.* (i) Each person fishing in park waters shall use only one rod or line.

(ii) Only artificial lures to which is attached no more than one single, double, or treble hook shall be used in park waters except as specified below in subdivisions (iii) and (iv) of this subparagraph.

(iii) Only artificial flies with no more than a single hook may be used for fishing in the Firehole River, Madison River, Squaw Lake, and that section of the Gibbon River extending from the mouth of the stream to the crest of Gibbon Falls.

(iv) Children 12 years of age and younger are permitted to fish with worms in park waters, except in the waters named above in subdivision (iii) of this subparagraph.

(v) When in the possession of any fishing equipment and while immediately adjacent to or on waters of the park, no person shall possess any fish bait (e.g. worms, insects, minnows, fish eggs, or other organic matter, or parts thereof) or fish lures, except as provided for in subdivisions (ii) and (iii), of this subparagraph; *Provided*, That in places

other than the waters or shorelines of the waters named above in subdivision (iii) of this subparagraph, a child 12 years of age or younger, or another person in the immediate company of such child, may possess worms for the sole purpose of providing bait for such child to fish.

JACK K. ANDERSON,
Superintendent,
Yellowstone National Park.

8:49 a.m.]

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 9—Atomic Energy Commission

PART 9-12—LABOR

Subpart 9-12.54—Conduct of Em- ployees and Consultants of AEC Cost-Type Contractors and Certain Other Contractors

MISCELLANEOUS AMENDMENT

Section 9-12.5400, *Scope of subpart*, is revised to read as follows:

§ 9-12.5400 *Scope of subpart.*

This subpart establishes the policies of the Atomic Energy Commission concerned with maintaining satisfactory standards of conduct on the part of employees and consultants employed on AEC contract work by its cost-type contractors and certain other contractors specified in § 9-12.5401. Contracts with colleges and universities, which have adopted conflict-of-interest policies consistent with AEC-AAUP standards and which do not involve the operation of Government-owned facilities on Government owned or leased land, are governed by the "Policy of the Federal Council for Science and Technology Relating to Conflicts of Interest by Staff Members of Colleges and Universities" (adopted Mar. 29, 1966) and are not subject to this subpart.

(Sec. 161 of the Atomic Energy Act of 1954, as amended, 68 Stat. 948, 42 U.S.C. 2201; sec. 205 of the Federal Property and Administrative Services Act of 1949, as amended, 63 Stat. 390, 40 U.S.C. 486)

Effective date: This amendment is effective upon publication in the FEDERAL REGISTER.

Dated at Germantown, Md., this 23d day of May 1969.

For the U.S. Atomic Energy Commission,

JOSEPH L. SMITH,
Director,
Division of Contracts.

[F.R. Doc. 69-6399; Filed, May 29, 1969;
8:45 a.m.]

Title 45—PUBLIC WELFARE

Chapter I—Office of Education, De- partment of Health, Education, and Welfare

PART 158—FOLLOW THROUGH PROGRAM

Chapter I of Title 45 of the Code of Federal Regulations is hereby amended by adding a new part, Part 158.

Federal financial assistance made available pursuant to the regulations set forth below is subject to the regulations in 45 CFR Part 80, issued by the Secretary of Health, Education, and Welfare, and approved by the President to effectuate the provisions of section 601 of the Civil Rights Act of 1964 (Public Law 88-352).

Sec.

- 158.1 Applicability.
- 158.2 Non-Federal share.
- 158.3 Waiver of the non-Federal share.

AUTHORITY: The provisions of this Part 158 issued under sec. 225 (c) and (d), 81 Stat. 672, 702; 42 U.S.C. 2812 (c) and (d); Public Law 88-452, Economic Opportunity Act of 1964, as amended, Title II, Part B.

§ 158.1 Applicability.

The regulations in this part implement the non-Federal share requirements contained in section 225 (c) of the Economic Opportunity Act of 1964, as amended, and apply to Follow Through project grants made by the Commissioner of Education under the authority of sections 222(a) (2) and 621 of said Act.

§ 158.2 Non-Federal share.

(a) *Requirement for non-Federal share.* Subject to the provisions of § 158.3, the grantee shall share part of the costs of the Follow Through project. Such share (hereinafter, "non-Federal share") shall be an amount equal to a specified percentage of the project grant awarded the grantee from funds appropriated under the Economic Opportunity Act of 1964, which percentage shall be not less than: (1) 25 per centum of the grant award if the project comprises one grade level; (2) 20 per centum of the grant award if the project comprises two grade levels; (3) 16 per centum of the grant award if the project comprises three grade levels; and (4) 14 per centum of the grant award if the project comprises four or more grade levels. Once the project has reached its highest grade level (at least four grades, unless no kindergarten is in operation in the school district) and has operated at that level for a period of 2 grant years, the non-Federal share shall increase again up to the maximum 25 per centum, rising in the same increments (one per year) in which it decreased to its lowest point.

(b) *Allowability of in-kind contributions.* Subject to paragraph (d) of this section, any portion of the non-Federal share may consist, in lieu of cash, of in-kind contributions to the Follow Through project, including facilities, equipment, supplies, and services.

(c) *Evaluation of in-kind contributions.* The value of in-kind contributions to a Follow Through project shall be determined as follows:

(1) Facilities (including related utilities, maintenance, and similar services) which are contributed to the grantee by a third-party for use in the Follow Through project, or which are contributed by the grantee but were held for commercial or revenue-producing purposes prior to their use in the project, shall be deemed to have a value equal to the lowest reasonable cost at which those or comparable facilities could be procured on the open market in the locality of the Follow Through project for the grant period or, if shorter, the period for which such facilities shall be used in the project. Facilities (other than commercial or revenue-producing facilities) which are contributed to the project by the grantee shall be deemed to have a value equal to that part of their acquisition cost which is reasonably allocable (through depreciation or use allowances) to the use of such facilities in the project.

(2) Equipment which is contributed to the grantee by a third-party for use in the Follow Through project shall be deemed to have a value equal to the lowest reasonable cost at which it could be procured on the open market for use during the grant period or, if shorter, the period for which such equipment shall be used in the project. Equipment which is contributed to the project by the grantee shall be deemed to have a value equal to that part of its acquisition cost which is reasonably allocable (through depreciation or use allowances) to the use of such equipment in the project.

(3) Supplies shall be deemed to have a value equal to the lowest reasonable cost at which they could be procured on the open market for use in the project.

(4) Services of volunteers shall be valued at a rate equal to the rate at which the grantee pays regular employees or consultants performing comparable work, or, if there are no such employees or consultants, the prevailing rate which is paid locally for such services. In no case shall the rate used be less than the prevailing Federal minimum wage.

(d) *Limitations on the sources and amounts of contributions includable as non-Federal share.* (1) Contributions from any source may be included in the non-Federal share, except that federally owned facilities or equipment, facilities or equipment purchased or constructed with Federal funds (to the extent of Federal participation), and Federal financial assistance to the grantee or any donor to the project conducted by the grantee may not be included unless such facilities, equipment, or assistance was provided from or purchased with sums paid by the Federal Government in lieu of taxes (or comparable payments). (2) Contributions may be included in the non-Federal share only to the extent they are actually used in the Follow Through project. If facilities, equipment, supplies, or services used in the Follow

Through program are also used for other purposes, only that portion of their cost or value (determined in accordance with paragraph (c) of this section in the case of in-kind contributions) which is fairly attributable to the provision of Follow Through services may be included in the non-Federal share. (3) Contributions in cash or in kind which detract from or substitute for services regularly provided by the grantee (or by any public or private school whose children are served by the grantee) for the grades to be served by the Follow Through project, or which are diverted from other programs designed to meet the needs of the poor within the community, may not be included in the non-Federal share.

(e) *Documentation of non-Federal share.* As part of the project application, the grantee shall submit letters of commitment from the various agencies, organizations, institutions, or persons (except non-professional volunteers) providing cash or in-kind contributions to the Follow Through project which the grantee will include as part of the required non-Federal share. These letters shall be signed by the contributor and shall describe the contribution to be made, the way in which it will be rendered, and the time period during which it will be made. The grantee shall also maintain records (such as vouchers, receipts, and time and effort reports) demonstrating that the contributions described in the letters of commitment, as well as the contributions of non-professional volunteers and the grantee's own contributions to the non-Federal share, were actually made.

§ 158.3 Waiver of the non-Federal share.

(a) *Eligibility for waiver.* (1) The Commissioner may reduce the non-Federal share required of a grantee by § 158.2(a):

(i) If the annual per capita income of the county in which the Follow Through project is located is less than \$750, by an amount not in excess of 25 per centum of the grant award;

(ii) If the annual per capita income of the county in which the project is located is \$750 or more but less than \$1,000, by an amount not in excess of 15 per centum of the grant award;

(iii) If the grantee can demonstrate, using the most reliable available data, that the annual per capita income of the political subdivision of the county in which the project is located, or of the geographic area or areas served by the project (hereinafter, "project area"), is less than the annual per capita income of the county and that the annual per capita income of the political subdivision or project area is within the dollar limitations in either subdivision (i) or (ii) of this subparagraph, by the amount specified therein;

(iv) If, in the case of a project serving migrants or reservation Indians, the

annual per capita income of the group or groups served is within the dollar limitations in either subdivision (i) or (ii) of this subparagraph, by the amount specified therein.

(2) The Commissioner may also make an appropriate reduction in the non-Federal share required of a grantee if it is demonstrated to his satisfaction that:

(i) There has occurred a simultaneous increase in both the percentage of the non-Federal share and the overall costs of the Follow Through project, such as occasioned by a rise in per capita income beyond the limits prescribed in subparagraph (1) (i) and (ii) of this paragraph during a period in which there has been a significant increase in the number of children served; or

(ii) The financial or human resources which would otherwise be available for use in the Follow Through project have been significantly reduced by natural disaster or other unusual circumstances affecting the project area or the larger community in which it is located.

(b) *Application for waiver.* A grantee that is unable to contribute the full amount of its required non-Federal share, after having made every reasonable effort to do so, may request a reduction of its non-Federal share pursuant to paragraph (a) of this section. Such request shall be submitted in writing with the application for a project grant, or at such time thereafter as the grantee determines that it is unable to provide the entire non-Federal share, and shall describe: (1) The circumstances which justify a reduction of the non-Federal share under paragraph (a) of this section, (2) the source or sources of the grantee's information on per capita income (if such information is relied upon in the request), (3) the effort which the grantee has made to provide its non-Federal share, and (4) the amount of the non-Federal share which the grantee is able to provide and the extent to which this contribution is in kind.

(c) *Period of waiver.* The Commissioner shall not approve the reduction of a non-Federal share for any period in excess of 1 year, but may renew such approval upon a grantee's resubmission of a written request that complies with subsection (b) of this section.

Effective date: These regulations shall be effective 30 days after publication in the FEDERAL REGISTER.

Dated: May 20, 1969.

ROBERT H. FINCH,
Secretary of Health,
Education, and Welfare.

Approved:

JAMES E. ALLEN, Jr.,
U.S. Commissioner
of Education.

Title 7—AGRICULTURE

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 376]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.676 Lemon Regulation 376.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot

be completed on or before the effective date hereof. Such committee meeting was held on May 27, 1969.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period June 1, 1969, through June 7, 1969, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
- (ii) District 2: 279,000 cartons;
- (iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

[Nectarine Reg. 1]

PART 916—NECTARINES GROWN IN CALIFORNIA

Limitation of Shipments

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 916, as amended (7 CFR Part 916), regulating the handling of nectarines grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Nectarine Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of nectarines, as hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) The recommendations by the Nectarine Administrative Committee reflect its appraisal of the crop and current and prospective market conditions. Shipments of nectarines from the production area are expected to begin on or about June 1, 1969. The grade and size requirements provided herein are necessary to prevent the handling, on and after June 1, 1969, of any nectarines of lower grades and smaller sizes than those herein specified, so as to provide consumers with good quality fruit, consistent with (1) the overall quality of the crop, and (2) maximizing returns to the producers pursuant to the declared policy of the act. The size requirements for each variety reflect the size pattern of that variety and the necessity for eliminating the least desirable sizes, as well as the committee's estimate of the percentage of the fruit in each variety that will be eliminated by such requirement, and the quantity of the more desirable sizes which will be available for shipment after such elimination.

(3) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than the date hereinafter specified. A reasonable determination as to the supply of, and the demand for, such nectarines must await the development of the crop thereof; adequate information thereon was not available to the Nectarine Administrative Committee until the date hereinafter set forth on which an open meeting was held, after giving due notice thereof, to consider the need for, and the extent of, regulation of shipments of such nectarines; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; shipments of the current crop of such nectarines are expected to begin on or about the effective date hereof; this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; the provisions of this regulation are identical with the aforesaid recommendation of the committee; information concerning such provisions and effective time has been disseminated among handlers of such nectarines; and compliance with the provisions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof. Such committee meeting was held on May 16, 1969.

§ 916.339 Nectarine Regulation 1.

(a) *Order.* (1) During the period June 1, 1969, through May 31, 1970, no handler shall handle any package or container of any variety of nectarines unless such nectarines grade at least U.S. No. 1: *Provided*, That nectarines 2 inches in diameter or smaller, or 4 x 4 size or smaller, shall not have fairly light colored, fairly smooth scars which exceed the aggregate area of a circle 3/8 inch in diameter, and nectarines larger than 2 inches in diameter, or larger than 4 x 4 size, shall not have fairly light colored, fairly smooth scars which exceed an aggregate area of a circle 1/2 inch in diameter.

(2) During the period June 1, 1969, through October 31, 1969:

(i) No handler shall handle any package or container of Grand River, June Grand, Red June, or June Belle nectarines unless:

(a) Such nectarines, when packed in a standard basket, are of a size not smaller than a size that will pack a 3 x 4 x 5 standard pack;

(b) Such nectarines, when packed in a No. 22D standard lug box, are of a size that will pack, in accordance with the requirements of a standard pack, not more than 112 nectarines in the lug box; or

(c) Such nectarines, when packed in any container other than the containers specified in subdivisions (a) and (b) of this subparagraph (2)(i), measure not less than one and fourteen-sixteenths (1 14/16) inches in diameter: *Provided*, That not to exceed 10 percent, by count, of the nectarines in any such container may fail to meet such diameter requirement.

(ii) No handler shall handle any package or container of Sunrise or Sunbright nectarines unless:

(a) Such nectarines, when packed in a standard basket, are of a size not smaller than a size that will pack a 4 x 4 standard pack;

(b) Such nectarines, when packed in a No. 22D standard lug box, are of a size that will pack, in accordance with the requirements of a standard pack, not more than 108 nectarines in the lug box; or

(c) Such nectarines, when packed in any container other than the containers specified in subdivisions (a) and (b) of this subparagraph (2)(ii), measure not less than two (2) inches in diameter: *Provided*, That not to exceed 10 percent, by count, of the nectarines in any such container may fail to meet such diameter requirement.

(iii) No handler shall handle any package or container of Rose, Early Sun Grand, Independence, Sun Grand, Star Grand I, Star Grand II, Red King, Sun Flame, or Grandandy nectarines unless:

(a) Such nectarines, when packed in a No. 22D standard lug box, are of a size that will pack, in accordance with the requirements of a standard pack, not more than 96 nectarines in the lug box; or

(b) Such nectarines, when packed in any container other than in a No. 22D standard lug box, measure not less than two and one-eighth (2 1/8) inches in diameter: *Provided*, That not to exceed 10 percent, by count, of the nectarines in any such container may fail to meet such diameter requirement.

(iv) No handler shall handle any package or container of Grand Prize, Grandierl, Royal Grand, Grandeur, Le Grand, Late Le Grand, Golden Grand, Gold King, Red Grand, Clinton-Strawberry, Sun Free, Richards Grand, September Grand, or Regal Grand nectarines, unless:

(a) Such nectarines, when packed in a No. 22D standard lug box, are of a size that will pack, in accordance with the requirements of a standard pack, not more than 88 nectarines in the lug box; or

(b) Such nectarines, when packed in any container other than in a No. 22D standard lug box, measure not less than

two and one-quarter (2¼) inches in diameter: *Provided*, That not to exceed 10 percent, by count, of the nectarines in any such container may fall to meet such diameter requirement.

(3) When used herein, "diameter," "U.S. No. 1," and "standard pack" shall have the same meaning as set forth in the U.S. Standards for Grades of Nectarines (7 CFR 51.3145-51.3160); "standard basket" shall mean the standard basket set forth in section 43592 of the Agricultural Code of California; "No. 22D standard lug box" shall have the same meaning as set forth in section 43601 of the Agricultural Code of California; and all other terms shall have the same meaning as when used in the marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: May 28, 1969.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Marketing Service.

[Plum Reg. 4]

PART 917—FRESH PEARS, PLUMS, AND PEACHES GROWN IN CALIFORNIA

Regulation by Sizes

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 917, as amended (7 CFR Part 917), regulating the handling of fresh pears, plums, and peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the varieties hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) The recommendations by the Plum Commodity Committee reflect its appraisal of the California plum crop and the current and prospective market conditions. Shipments of the plum varieties named herein are expected to begin on or after June 1, 1969. The size requirements specified herein are necessary to prevent the handling, on and after May 31, 1969, of plums of the named varieties that are smaller than the minimum size prescribed, by count, for each such variety so as to provide consumers with good quality fruit, consistent with the overall quality of the crop, while maximizing returns to the producers pursuant to the declared policy of the act.

(3) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give prelim-

inary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than May 31, 1969. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until May 15, 1969, on which date an open meeting was held, after giving due notice thereof, to consider the need for, and the extent of, regulation of shipments of such plums. Interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; shipments of the current crop of such plums are expected to begin on or about June 1, 1969; this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; the provisions of this regulation are identical with the aforesaid recommendation of the committee; information concerning such provisions and effective time has been disseminated among handlers of such plums; and compliance with the provisions of this regulation will not require of handlers any preparation thereof which cannot be completed by the effective time hereof.

§ 917.416 Plum Regulation 4.

(a) *Order.* (1) During the period May 31, 1969, through October 31, 1969, no handler shall ship any package or other container of any variety of plums listed in Column A of the following Table I unless such plums are of a size that an 8-pound sample, representative of the sizes of the plums in the package or container, contains not more than the number of plums listed for the variety in Column B of said table.

Column A— variety	Column B— plums-per-sample
Ace	59
Casselman	68

(2) Terms used herein shall have the same meaning as when used in the amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: May 26, 1969.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Marketing Service.

[F.R. Doc. 69-5926; Filed, May 29, 1969; 8:48 a.m.]

[Cherry Reg. 8]

PART 923—SWEET CHERRIES GROWN IN DESIGNATED COUNTIES IN WASHINGTON

Limitation of Shipments

Findings. (1) Pursuant to the marketing agreement and Order No. 923 (7 CFR Part 923) regulating the handling of sweet cherries grown in designated counties in Washington, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Washington Cherry Marketing Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of cherries, in the manner provided, will tend to effectuate the declared policy of the act.

(2) The recommendations by the Washington Cherry Marketing Committee reflect its appraisal of the crop and current and prospective market conditions. Shipments of sweet cherries from the production area are expected to begin on or about June 2, 1969. The grade and size requirements provided herein are necessary to prevent the handling, on and after June 2, 1969, of any cherries grading lower than the grade herein specified, and smaller in size than as herein specified, so as to provide consumers with good quality fruit, consistent with (1) the overall quality of the crop, and (2) maximizing returns to the producers pursuant to the declared policy of the act. The requirements herein that pertain to containers and the packaging of cherries in faced packs and any packs of 20 pounds, net weight, or larger, are designed to prevent deceptive packaging practices, promote buyer confidence, and maintain the integrity of the Washington sweet cherry industry. Individual shipments, not exceeding 100 pounds, of

cherries sold for home use and not for resale, subject to necessary safeguards, are excepted from these requirements in that the quantity of cherries so handled is relatively inconsequential when compared with the total quantity handled, and because it would be administratively impractical to regulate the handling of such shipments due to the nearness to the source of supply.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than June 2, 1969. A reasonable determination as to the supply of, and the demand for, cherries must await the development of the crop and adequate information thereon was not available to the Washington Cherry Marketing Committee until May 14, 1969; recommendation as to the need for, and the extent of, regulation of shipments of such cherries was made at the meeting of said committee on May 14, 1969, after consideration of all available information relative to the supply and demand conditions for such cherries, at which time the recommendation and supporting information were submitted to the Department; necessary supplemental data for consideration in connection with the specification of the provisions of this regulation were not available until May 5, 1969; shipments of the current crop of such cherries are expected to begin on or about the effective date hereof; and this regulation should be applicable, insofar as practicable, to all shipments of such cherries in order to effectuate the declared policy of the act; and compliance with the provisions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

§ 923.308 Cherry Regulation 8.

(a) *Order.* (1) During the period June 2, 1969, through May 31, 1970, no handler shall, except as provided in subparagraph (2) of this paragraph, handle any lot of cherries unless such cherries meet each of the following applicable requirements:

(i) *Minimum grade.* U.S. No. 1: *Provided*, That the contents of individual packages in a lot are not limited as to the percentage of defects but the average of the defects of the entire lot shall be within the tolerances specified for such grade.

(ii) *Minimum size.* At least 95 percent, by count, shall measure not less than $\frac{5}{16}$ inch in diameter.

(iii) *Faced packs and any packs of 20 pounds, net weight, or larger.* At least 90 percent, by count, shall measure not less than $\frac{5}{16}$ inch in diameter.

(iv) *Containers.* The net weight of the cherries in any container having a capacity greater than that of a container with inside dimensions of $15\frac{1}{8}$ by $10\frac{1}{2}$ by 4 inches shall be not less than 20 pounds; and no container of cherries shall contain less than 12 pounds, net weight, of cherries.

(2) *Exceptions.* Notwithstanding any other provisions of this section, any individual shipment of cherries which meets each of the following requirements may be handled without regard to the provisions of this paragraph, of § 923.41 (Assessments), and of § 923.55 (Inspection and Certification):

(i) The shipment consists of cherries sold for home use and not for resale;

(ii) The shipment does not, in the aggregate, exceed 100 pounds, net weight, of cherries; and

(iii) Each container is stamped or marked with the words "not for resale" in letters at least one-half inch in height.

(b) *Definitions.* (1) Terms used in the marketing agreement and order shall, when used herein, have the same meaning as given to the respective term in said marketing agreement and order;

(2) "U.S. No. 1" and "diameter" shall have the same meaning as when used in the U.S. Standards for Sweet Cherries (7 CFR 51.2646-51.2657); and

(3) "Faced pack" means that the cherries in the top layer in any container are so placed that the stem ends are pointing downward toward the bottom of the container.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: May 27, 1969.

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[CCC Grain Price Support Regs., Rev. 1, Amend. 12]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—General Regulations Governing Price Support for the 1964 and Subsequent Crops

FEES AND CHARGES

The regulations issued by the Commodity Credit Corporation published in 31 F.R. 5941, 32 F.R. 7843, 9301, 10910, and 13376, and 33 F.R. 222, 299, 2564, 5659, 6097, 8220, 12821, and 16142, and 34 F.R. 1228 containing the General Regulations Governing Price Support for the 1964 and Subsequent Crops of Grains

and Similarly Handled Commodities are hereby amended.

Paragraph (b) (1) of § 1421.60 is amended to provide that a producer shall pay a fee of \$8 for each farm storage loan disbursed and \$4 for each warehouse storage loan disbursed. The amended paragraph (b) (1) reads as follows:

§ 1421.60 Fees and charges.

(b) * * *
(1) *Loan service fee.* A producer shall pay a fee of \$8 for each farm storage loan disbursed and \$4 for each warehouse storage loan disbursed. The loan service fee is not refundable.

(Secs. 4, 5, 62 Stat. 1070, as amended; secs. 101, 401, 403, 405, 63 Stat. 1051, as amended; 15 U.S.C. 714 (b) and (c); 7 U.S.C. 1441, 1421, 1423, and 1425)

Effective date: This amendment is effective June 1, 1969.

Signed at Washington, D.C., on May 28, 1969.

KENNETH E. FRICK,
*Executive Vice President,
Commodity Credit Corporation.*

[CCC Farm Storage and Drying Equipment Loan Program Regulations, Amdt. 4]

PART 1474—FARM STORAGE FACILITIES

Subpart—Farm Storage and Drying Equipment Loan Program Regulations

The subpart of Part 1474, Title 7, Code of Federal Regulations published in the FEDERAL REGISTER of July 1, 1967 (32 F.R. 9510), and amended in the FEDERAL REGISTER of December 14, 1967 (32 F.R. 17888), June 1, 1968 (33 F.R. 8221), and January 24, 1969 (34 F.R. 1132), is further amended as follows:

§ 1474.1 [Amended]

1. Section 1474.1 is amended to delete the word "remodeling".

§ 1474.4 [Amended]

2. In § 1474.4, paragraph (a) is amended to delete the word "remodeling".

3. In § 1474.4, paragraph (b) is revised to change the manner in which needs are determined. The revised paragraph reads as follows:

§ 1474.4 Eligible borrowers.

(b) *Need for storage or equipment.* At the time any loan application is being considered, the county committee shall determine if the proposed farm storage or drying equipment is needed for the storage or conditioning of eligible commodities produced on the farm(s) to which the loan application relates: *Provided, however,* That in making this determination (1) production shall not be included from any acreage devoted to

commodities subject to voluntary adjustment programs if the applicant fails to indicate an intention to participate in such programs, (2) not more than 1 year's estimated production of eligible crops shall be used in determining whether the proposed drying equipment is needed, and (3) the maximum storage space on which a loan may be made shall be the amount by which the total capacity of existing storage on the farm(s) which is suitable for the storage of eligible commodities is less than the storage capacity necessary to store 1 year's production (computed on the basis of estimated yields) of all eligible commodities produced on the farm(s) to which the loan application relates. A loan for obtaining farm storage of a greater capacity than the storage space needed by the applicant may be approved, but the amount of such loan shall not exceed the maximum authorized in § 1474.8(b).

4. In § 1474.5, paragraph (a) is revised to delete oxygen-free silos and other types of structures designed primarily for "wet" storage as eligible structures, to delete the remodeling provisions, and to redefine the term "drying equipment". The revised paragraph reads as follows:

§ 1474.5 Loans to purchase eligible storage or drying equipment.

(a) *General.* Loans will be made only for the purchase, construction, erection, or installation of farm storage and drying equipment meeting the eligibility requirements in paragraph (b) of this section. The term "farm storage" means new or newly constructed conventional storage structures (cribs, bins, or buildings), or used storage structures (including the real estate upon which located, if any) to be purchased from CCC. The term "drying equipment" means new mechanical dryers, dryers with wagons or trailers, air circulators, ventilators, tunnels, and power fans, or any combination thereof, provided such items are an integral part of the dryer, or used drying equipment (including the real estate upon which located, if any) to be purchased from CCC.

§ 1474.5 [Amended]

5. In § 1474.5, paragraph (b)(4) is amended to delete the words "or remodeling existing" and paragraph (b)(8) is deleted.

6. In § 1474.5, paragraph (c) is revised to include the provision that loan proceeds shall not be available to cover foundations, cost of wiring, and items of conditioning, handling, and operating equipment including (but not limited to) elevators, conveyors, or augers, legs, dumping pits, and stirrators. The revised paragraph reads as follows:

(c) *Loan proceeds not available.* Loan proceeds shall not be available for:

(1) Foundations, costs of electrical wiring, items of conditioning, handling, and operating equipment, including (but not limited to) augers, conveyors or elevators, dumping pits, legs, or stirrators.

(2) Storage or drying equipment for commercial use or the storing or drying

of commodities which the borrower intends to purchase or to store or condition for others. Any farm storage or drying equipment which is located in working proximity to any commercial storing or drying operation shall be deemed to be a part of such operation. The foregoing does not preclude a borrower, who has qualified for a loan for drying equipment to dry his own commodities, from drying commodities for his neighbor.

§ 1474.8 [Amended]

7. In § 1474.8, paragraph (a)(1) is amended to delete the words "or the remodeling of existing storage structures".

8. In § 1474.8, paragraph (b) is revised to delete the reference to oxygen-free storage and to revise the amount which may be loaned on dryers. The revised paragraph reads as follows:

(b) *Amount of loan.* The amount of any loan shall not result in an aggregate outstanding balance in excess of \$25,000 and shall not exceed (1) 85 percent of the net cost of the applicant's needed farm storage, (2) 65 percent of the net cost of the applicant's needed drying equipment or \$2,500 whichever is the lesser, or (3) the prorated cost for the applicant's needed farm storage when a farm storage structure has a larger bushel capacity than the applicant's needed farm storage.

9. In § 1474.8, paragraph (d) is revised to permit the Executive Vice President, CCC, or his designee, to extend the loan approval. The revised paragraph reads as follows:

(d) *Expiration of approvals.* If there has been no disbursement 4 months after the date of the loan approval, the approval shall become null and void unless it is extended in writing by the approving State or county committee for a stated period not to exceed an additional 4 months: *Provided,* That the Executive Vice President, CCC, or his designee, may extend the approval for such additional periods of time as he may deem justified by the circumstances.

10. § 1474.10 is revised to raise the interest rate and to delete the grace period for repayments made on a nonworkday. The revised section reads as follows:

§ 1474.10 Repayment of loan and acceleration of maturity date.

The principal of the loan shall be repayable in equal annual installments with interest on the unpaid balance from date of disbursement or date of last repayment at 50 cents for each whole unit of \$100 or fraction thereof (stated to the nearest 10th) for each calendar month or fraction thereof, from and including the calendar month of disbursement, or month to which interest has been paid, to but excluding the calendar month of repayment. The first installment plus interest on the unpaid balance shall be payable during the 12-month period be-

ginning on the first anniversary date of the note. A like installment shall be similarly payable during the 12 months following each anniversary date thereafter until the principal, together with the interest thereon, has been paid in full. Payment of each installment shall be by cash, check, money order, or by deduction from the amounts of any price support loans, incentive payments, resale storage payments, or payments for purchases by CCC which may be due the borrower: *Provided, however,* That any such deduction shall not be made until after service charges and amounts due prior lienholders have been deducted. Payment shall be applied first to accrued interest and then to principal. Each installment must be paid not later than the end of the applicable 12-month pay period. Upon failure to pay any installment by the end of such period, the loan may be declared delinquent and, at the option of the approving State or county committee, the loan may be called and the entire unpaid amount of the loan shall become immediately due and payable. Any delinquent loan or any past due amount on any annual payment may be deducted and paid out of any amounts due the borrower under any program carried out by the Department of Agriculture or any other agency of the United States. Upon breach by the maker of the note of any covenants, agreements, terms or conditions on his part to be performed under §§ 1474.1 to 1474.16 or under the loan application, promissory note, chattel mortgage or other security instruments securing the note, or under any other instruments executed in connection with the loan, or if the farm storage or drying equipment is used in connection with any commercial operation including, but not limited to, elevators, warehouses, dryers, or processing plants, during the life of the loan, CCC may declare the entire indebtedness immediately due and payable. The loan may be paid in full or in part by the borrower at any time before maturity. Upon payment of a loan secured by a chattel mortgage or other security instrument, the county committee shall, upon request by the borrower, release or obtain the release of such instrument. The chairman of each county committee or the county office manager is authorized to act as agent of CCC in releasing or obtaining the release of such instruments.

§ 1474.14 [Revoked]

11. Section 1474.14, requiring the payment of a service fee, is revoked.

(Secs. 4 and 5(b), 62 Stat. 1070-1072, as amended; 16 U.S.C. 714b, 714c(b))

Effective date: This amendment shall be effective upon publication in the FEDERAL REGISTER.

Signed at Washington, D.C., on May 13, 1969.

KENNETH E. FRICK,
Executive Vice President,
Commodity Credit Corporation.

Proposed Rule Making

DEPARTMENT OF THE INTERIOR

National Park Service

[36 CFR Part 5]

SANFORD RECREATION AREA, TEX.

Alcoholic Beverages

Notice is hereby given that pursuant to the authority contained in the act of August 31, 1964 (78 Stat. 744; 43 U.S.C. 600d), section 3 of the act of August 25, 1916 (39 Stat. 535, as amended; 16 U.S.C. 3), 245 DM1 (27 F.R. 6395), as amended, National Park Service Order No. 34 (31 F.R. 4255), Regional Director, Southwest Regional Order No. 4 (31 F.R. 8134), as amended, it is proposed to add § 7.57 to Title 36 of the Code of Federal Regulations as set forth below.

The purpose of this amendment is to establish restrictions on the use of alcoholic beverages.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rulemaking process. Accordingly, interested persons may submit written comments, suggestions, or objections regarding the proposed amendment to the Superintendent, Sanford Recreation Area, Post Office Box 325, Sanford, Tex. 79078, within 30 days of the publication of this notice in the FEDERAL REGISTER.

A new section 7.57, is added to this part as follows:

§ 7.57 Sanford Recreation Area.

(a) *Alcoholic beverages.* (1) The sale or gift of an alcoholic beverage to a person under 21 years of age is prohibited.

(2) Possession of alcoholic beverages by persons under 21 years of age is prohibited.

MICHAEL J. BECKER,
Superintendent,
Sanford Recreation Area.

DEPARTMENT OF AGRICULTURE

Consumer and Marketing Service

[7 CFR Part 55]

EGG PRODUCTS

Grading and Inspection

Notice is hereby given that the U.S. Department of Agriculture is considering amendments to the Regulations Governing the Grading and Inspection of Egg Products, under authority contained in the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621-1627).

Statement of considerations. Presently, the regulations list only the pasteuriza-

tion temperature and holding time for whole eggs. All other egg products are required to be flash heated to such temperatures and held for such times as will give equivalent effects and result in salmonellae negative product. The proposal lists specific pasteurization temperatures and holding times for other products in addition to whole eggs in convenient chart form. Provision is made for approval of other pasteurization methods giving equivalent results including methods of pasteurization for products not listed on the chart.

The proposal would establish heat treatment temperatures, holding times, and facility requirements for heat treating rooms for spray dried and pan dried albumen.

Changes in facility and operating requirements are being proposed to minimize the possibility of contaminating egg products during processing and packaging operations. The proposed amendments would require a separate draw-off room for packaging liquid eggs except products packaged in an automatic, closed system. A separate blending-packaging room or closed blending facilities would also be required for blending dried egg products or adding dry ingredients. Openings into the drying unit would have to be closed to the extent possible during drying operations and when the drier contains powder and is not to be used for over 18 hours. Drying units, conveyors, and sifters would be cleaned when encountering wet powder or other conditions which would adversely affect the product. This equipment would be cleaned by either wet washing or dry cleaning but not by a combination of the two methods unless the equipment is completely detached.

Because of the physical properties of liquid egg products with 10 percent or more salt added, some adjustments would be made in the cooling requirements for such products to facilitate processing.

The regulations currently prohibit the use of the official shield-shaped egg products inspection mark on egg products produced from shell eggs of other than current production, or shell eggs of the turkey, duck, goose, or guinea. A rectangular mark is provided for such product. The proposed amendments would eliminate the rectangular mark and permit such egg products to be identified with the official inspected egg products mark provided a qualifying statement on the label clearly indicates the type of eggs used in the product, e.g., "Manufactured from eggs of other than current production" or "Frozen Whole Turkey Eggs."

An alternate official egg products inspection mark is being proposed which would contain only "USDA Inspected Egg Products" within the shield design, with the option of including the plant number. It is also proposed that any official

identification to be applied to containers of product be printed or lithographed.

The condition inspection of product produced in nonofficial plants would no longer be limited to frozen whole eggs, but would include all frozen egg products. No certification would be made other than reporting the number of satisfactory and unsatisfactory containers examined organoleptically.

Provision would be made for fowl ova from official poultry plants to enter official egg products plants. Such product could be processed as ova or incorporated in egg products: *Provided*, That in either case, the product was properly labeled and identified.

The section of the regulations dealing with the potable water supply in official plants would be amended to provide that the applicant, when required, would furnish a water report certifying to the potability of the water supply. These reports would be issued by a State or municipal health agency.

Certain other minor changes would be made in sections concerned with facilities and operating procedures in accordance with improved processing techniques and other changes would be made for the sake of clarity.

All persons who desire to submit written data, views, or comments in connection with this proposal shall file the same in triplicate with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, no later than August 1, 1969.

All submissions made pursuant to this notice will be made available for public inspection at the Office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The proposed amendments are as follows:

1. In § 55.2, the definitions for the terms: "Eggs of current production," "Sanitize," and "Shell Eggs," would be changed to read respectively as follows:

§ 55.2 Terms defined.

"Eggs of current production" means shell eggs which have moved through the usual marketing channels since the time they were laid and have not been held in refrigerated storage in excess of 60 days.

"Sanitize" means the application of a bactericidal treatment which is approved as being effective in destroying microorganisms, including pathogens.

"Shell eggs" means the shell eggs of the domesticated chicken, turkey, duck, goose, and guinea.

2. In § 55.2a, paragraphs (c) and (e) would be revised to read as follows:

§ 55.2a Designation of official certificates, memoranda, marks, other identifications, and devices for purposes of the Agricultural Marketing Act.

(c) "Official mark" means the grade mark, inspection mark, and any other mark or symbol formulated pursuant to the regulations in this part, stating that the product was graded or inspected, or for the purpose of maintaining the identity of the product.

(e) "Official device" means a printed label, or other method as approved by the Administrator for the purpose of applying any official mark or other identification to any product or the packaging material thereof.

3. Paragraph (e) of § 55.4 would be revised to read as follows:

§ 55.4 Kinds of service available.

(e) Condition inspection, sampling, and laboratory analysis of frozen egg products which were prepared in non-official plants.

4. In § 55.6, paragraph (a) would be amended by deleting the words "circuit supervisor" in the second sentence of the paragraph and substituting in lieu thereof the words "egg products supervisor," and a new paragraph (c) would be added to read:

§ 55.6 Basis of service.

(c) Condition inspection of frozen egg products prepared in nonofficial plants shall be on a container by container basis. No certification of product shall be made other than the reporting of the organoleptic condition for the containers of product in the lot, as determined by examination of the product.

5. Section 55.17 (a) and (b) would be amended by adding a new paragraph (a) (6), revising paragraph (a) (5), and deleting paragraph (b) (6) as follows:

§ 55.17 Authority and duties of inspectors performing service on a resident inspection basis.

(a) * * *

(6) To use retention tags or other devices and methods as may be approved by the Administrator for the identification and control of products which are not in compliance with the regulations or are held for further examination, and any equipment, utensils, rooms or compartments which are found to be unclean or otherwise in violation of any of the regulations. No product, equipment, utensil, room or compartment shall be released for use until it has been made acceptable. Such identification shall not be removed by anyone other than an inspector or grader.

(b) * * *

(5) The types and quantities of egg products processed in the official plant.

5a. In § 55.23, subparagraph (2) of paragraph (b) would be deleted.

6. In § 55.30, the first sentence of paragraph (a) would be amended and paragraph (b) would be revised to read as follows:

§ 55.30 Denial of service.

(a) The following acts or practices or the causing thereof are violations and may be deemed sufficient cause for the debarment, by the Administrator, of any person, including any agents, officers, subsidiaries, or affiliates of such person, from any or all benefits of the act for a specified period, after notice and opportunity for hearing has been accorded him:

(b) In any situation where the integrity of the service would be seriously jeopardized if service were continued pending a decision in the proceeding, service to any person, including any agents, officers, subsidiaries, or affiliates of such person, may be suspended effective on or after the third day after mailing of notice thereof to such person's last known or designated address or upon actual receipt of such notice, whichever is earlier. In any case of actual or threatened physical violence to an inspector or grader, service to any person, including any agents, officers, subsidiaries, or affiliates of such person, may be suspended prior to the transmittal of written notice to such person. A written notice shall be given as promptly as circumstances permit.

7. Section 55.35 would be revised to read as follows:

§ 55.35 Approval of official identification.

(a) Any label, container or packaging material which bears any official identification shall be used only in such manner as the Administrator may prescribe. No label, container, or packaging material bearing official identification may be used unless finished copies or samples thereof have been approved by the Administrator. No label, container, or packaging material bearing official identification shall be printed or prepared for use until the printer's or other final proof has been approved by the Administrator. No label, container, or packaging material which bears official identification shall bear any statement that is false or misleading. If the label is printed on or otherwise applied directly to the container or packaging material, the principal display panel thereof shall be considered as the label.

(b) Containers of product bearing official identification shall display the following information:

(1) The common or usual name, if any there be, and if the product is comprised of two or more ingredients, such ingredients shall be listed in the order of descending proportions;

(2) The name and address of the packer or distributor. When the distribu-

tor is shown, it shall be qualified by such terms as "packed for," "distributed by," or "distributors";

(3) The lot number or production code number;

(4) The net contents;

(5) Official identification and plant number;

(6) Egg products which are produced in an official plant from edible shell eggs of other than current production or from other egg products produced from shell eggs of other than current production, shall be clearly and distinctly labeled in close proximity to the common or usual name of the product, e.g., "Manufactured from eggs of other than current production";

(7) Egg products produced from edible shell eggs of the turkey, duck, goose, or guinea, or from other egg products which were produced from edible shell eggs of the turkey, duck, goose, or guinea shall be clearly and distinctly labeled as to the common or usual name of the product indicating the type of eggs or egg products used in the product, e.g., "Frozen whole turkey eggs." Egg products labeled without qualifying words as to type of shell egg used in the products shall be produced only from the edible shell egg of the domesticated chicken.

(c) Liquid or frozen egg products identified as whole eggs and prepared other than in natural proportions, as so broken from the shell, shall have a total egg solids content of 24.70 percent or greater.

8. In § 55.36(b), the text would be revised and Figures 2 and 3 would be amended as follows:

§ 55.36 Form of official identification symbol and inspection mark.

(b) The inspection marks which are permitted to be used on egg products shall be contained within the outline of a shield and with the wording and design set forth in either Figure 2 or 3 of this section, except the plant number may be omitted from the official identification if applied elsewhere on the container.

FIGURE 2.

FIGURE 3.

9. Section 55.37 would be revised to read as follows:

§ 55.37 Products that may bear the inspection mark.

Egg products which are permitted to bear the inspection mark shall be processed in an official plant from edible shell eggs or other edible egg products eligible to bear the inspection mark and may contain other edible ingredients. The official mark, when used, shall be printed or lithographed and applied as a part of the principal display panel of the container, but shall not be applied to a detachable cover.

10. Section 55.38 would be revised to read:

§ 55.38 Use of other official identification.

All nonpasteurized egg products shipped from an official plant in packaged form shall be marked with the identification set forth in Figure 4 of § 55.39. Such mark shall be printed or lithographed and applied as a part of the principal display panel, but shall not be applied to a detachable cover. Such products shall meet all requirements for egg products which are permitted to bear the official inspection mark shown in § 55.36, except for pasteurization, heat treatment, or other such methods of treatment approved by the Administrator. Such products shall not be released into consumptive channels until they have been subjected to pasteurization, heat treatment, or other approved methods of treatment in an official plant. After such pasteurization or treatment, the product may bear the official inspection mark as shown in § 55.36.

11. Section 55.39 would be revised to read as follows:

§ 55.39 Form of other identification.

Egg products prepared in accordance with § 55.38 shall be marked with the identification of the wording and design set forth in Figure 4, except that the plant number may be omitted from the identification if applied elsewhere on the container.

FIGURE 4.

12. Section 55.40 would be revised to read as follows:

§ 55.40 Processing turkey, duck, goose, or guinea eggs.

Edible turkey, duck, goose, or guinea eggs may be processed in the official plant and may be identified with the official mark shown in § 55.36. Such egg products shall be labeled as required in § 55.35.

13. Section 55.41 would be revised to read as follows:

§ 55.41 Processing ova.

(a) Ova from slaughtered birds may be brought into the official plant for processing: *Provided*, That the ova is from poultry inspected in a plant operating under the Poultry Products Inspection Act, as amended: *And provided further*, That the containers of such ova are properly labeled and bear official identification.

(b) The ova shall be handled, processed, cooled, and pasteurized in the same manner as liquid, frozen, or dried egg yolk.

(c) Labeling and identification for all ova product or egg product containing ova shall be approved by the Administrator prior to use.

14. The heading preceding § 55.75 would be revised and in § 55.75, paragraph (h) would be deleted; a sentence would be added to the end of paragraphs (i) and (n), and a chart would be added at the end of paragraph (m) to read as follows:

SANITARY AND PROCESSING REQUIREMENTS

§ 55.75 Plant requirements.

(i) * * * A water report, issued under the authority of a State or municipal health agency, certifying to the potability of the water supply shall be obtained by the applicant and furnished to the Administrator whenever such report is required by the Administrator.

(m) * * * The following formula shall serve as a basis for determining the toilet facilities required:

Persons of same sex:	Toilet bowls required
1 to 15, inclusive.....	1
16 to 35, inclusive.....	2
36 to 55, inclusive.....	3
56 to 80, inclusive.....	4
For each additional 30 person in excess of 80.....	1

¹Urinals may be substituted for toilet bowls but only to the extent of one-third of the total number of bowls stated.

(n) * * * The hand washing facilities in the processing areas shall be operated by other than hand operated controls and the facility drains shall be trapped and connected to the plumbing system.

15. In § 55.77, paragraphs (a) and (n) would be revised, the fourth sentence of paragraph (d) and the last sentence of subparagraph (o)(2) would be amended to read as follows:

§ 55.77 General operating procedures.

(a) All operations involving processing, storing, and handling of shell eggs, ingredients, and egg products shall be strictly in accord with clean and sanitary methods, and shall be conducted as rapidly as practicable. Pasteurization, heat treatment, stabilization, and other processes shall be in accord with this part and as approved by the Administrator. Temperatures in all operations shall be such as will prevent a material increase in microbial growth and deterioration of the egg products.

(d) * * * Such products or other noninspected packaged products may be brought into an official plant for storage and reshipment. * * *

(n) All utensils and equipment, except drying units, powder conveyors, sifters, blenders, and mechanical powder coolers shall be cleaned and sanitized at the start of processing operations. All equipment and utensils shall be kept clean and sanitary during all processing operations.

(o) * * *
(2) * * * The containers of such nonpasteurized products shall be marked with the identification mark shown in Figure 4 of § 55.39.

16. In § 55.78, paragraphs (c), (f), and (g) would be revised to read as follows:

§ 55.78 Candling and transfer-room facilities.

(c) Ventilation shall be provided by means of an approved forced air exhaust system.

(f) Containers made of a material and of such design that is conducive to easy cleaning shall be provided for inedible eggs. All such containers shall be conspicuously marked.

(g) Containers made of a material and of such design that is conducive to easy cleaning shall be provided for trash unless clean, disposable containers are furnished daily.

17. In § 55.80, paragraphs (b) and (e) would be revised to read as follows:

§ 55.80 Classifications of shell eggs used in the processing of egg products.

(b) Shell eggs having strong odors or eggs received in cases having strong

odors shall be candled and broken separately to determine their acceptability.

(e) Incubator reject eggs shall not be brought into the official plant.

18. In § 55.81, paragraph (d) would be deleted and paragraph (a) (6) would be revised to read as follows:

§ 55.81 Egg cleaning operations.

(a) * * *
(6) Immersion-type washers shall not be used.

19. Paragraph (n) of § 55.82 would be revised to read as follows:

§ 55.82 Breaking room facilities.

(n) A separate draw-off room with a filtered positive air ventilation system shall be provided for packaging liquid egg product, except product packaged by automatic, closed packaging systems. Such facilities shall be provided in all new or remodeled construction prior to approval and shall be provided in all other plants prior to March 1, 1971.

20. In § 55.83 paragraphs (m), (q), (w), (x), (y), (z), (dd), and (ee) would be revised to read as follows:

§ 55.83 Breaking room operations.

(m) All inedible eggs or egg products shall be placed in a clearly identified

container containing a denaturant. Such containers shall be removed from the breaking room as often as necessary to maintain satisfactory operating conditions. Notwithstanding the foregoing and upon permission of the inspector, the applicant may hold inedible product in conspicuously marked containers which do not contain a denaturant if such inedible product is denatured or decharacterized prior to shipment from the official plant: *Provided*, That such product is properly packaged, labeled, segregated, and inventory controls are maintained.

(q) All ingredients and additives used in, or for, processing egg products shall be handled in a clean and sanitary manner.

(w) Cups, knives, racks, separators, trays, spoons, liquid egg pails, and other breaking equipment, except for mechanical egg breaking equipment, shall be cleaned and sanitized at least every 2½ hours. This equipment shall be cleaned at the end of each shift and shall be clean and sanitized immediately prior to use.

(x) Utensils shall be drained on aerated drain racks and shall not be nested.

(y) Dump tanks, draw-off tanks, and churns shall be cleaned at least every 4 hours. All such equipment and all other

liquid handling equipment, unless cleaned by acceptable in-place cleaning methods, shall be dismantled and cleaned after each shift. Pasteurization equipment shall be cleaned at the end of each day's use or more often if necessary. All such equipment shall be clean and shall be sanitized prior to placing in use.

(z) Strainers, clarifiers, and other devices used for removal of shell particles and other foreign material shall be cleaned and sanitized each time it is necessary to change such equipment, but at least once each 4 hours of operation.

(dd) Tables, shell conveyors, and containers for inedible egg product shall be cleaned at the end of each shift.

(ee) Mechanical egg breaking equipment shall be cleaned and sanitized as often as needed to maintain it in a sanitary condition, but at least every 4 hours. This equipment shall be cleaned at the end of each shift and shall be clean and sanitized within 1 hour prior to use.

21. In § 55.85, paragraphs (d), (e), (f), and (g) would be deleted and paragraph (c) revised to read as follows:

§ 55.85 Liquid egg cooling.

(c) Liquid egg products shall be cooled and maintained at the temperatures specified in Table I of this section:

TABLE I—MINIMUM COOLING REQUIREMENTS FOR LIQUID EGG PRODUCTS

Product	Temperature within 2 hrs. from time of breaking				Temperature within 2 hrs. after pasteurization	Temperature within 3 hrs. after stabilization
	Liquid (other than salt product) to be held 8 hrs. or less	Liquid (other than salt product) to be held in excess of 8 hrs.	Liquid salt product to be held 24 hrs. or less	Liquid salt product to be held in excess of 24 hrs.		
Whites (not to be stabilized).....	55° F. or lower.....	55° F. or lower.....	55° F. or lower.....	55° F. or lower.....	55° F. or lower.....	(1)
Whites (to be stabilized).....	70° F. or lower.....	55° F. or lower.....	55° F. or lower.....	55° F. or lower.....	55° F. or lower.....	
All other product (except product with 10% or more salt added).....	45° F. or lower.....	40° F. or lower.....	45° F. or lower.....	45° F. or lower.....	If to be held 8 hrs. or less, 45° F. or lower. If to be held in excess of 8 hrs., 40° F. or lower.	If to be held 8 hrs. or less, 45° F. or lower. If to be held in excess of 8 hrs., 40° F. or lower.
Unpasteurized liquid egg product with 10% or more salt added.....	65° F. or lower.....	55° F. or lower.....
Pasteurized liquid egg product with 10% or more salt added.....	65° F. or lower ²

¹ Stabilized liquid whites shall be dried as soon as possible after removal of glucose. The storage of stabilized liquid whites shall be limited to that necessary to provide a continuous operation.

² If to be held in excess of 24 hrs., product shall be cooled and maintained at 55° F. or lower within 4 hrs. after pasteurization.

22. Paragraph (b) of § 55.86 would be revised to read as follows:

§ 55.86 Liquid egg holding.

(b) Liquid egg holding tanks or vats shall be equipped with suitable thermometers and agitators.

23. Paragraph (b) of § 55.87 would be revised to read:

§ 55.87 Freezing facilities.

(b) Adequate air circulation shall be provided in all freezing rooms.

24. Paragraph (b) of § 55.88 would be revised to read as follows and paragraph (e) would be deleted:

§ 55.88 Freezing operations.

(b) Requirements.

(1) All nonpasteurized egg products which are to be frozen shall be solidly frozen or reduced to a temperature of 10° F. or lower within 60 hours from time of breaking.

(2) All pasteurized egg products which are to be frozen shall be solidly frozen or reduced to a temperature of 10° F. or lower within 60 hours from time of pasteurization.

(3) The temperature of the products not solidly frozen shall be taken at the center of the container to determine compliance with this section.

25. Paragraphs (a), (c), and (e) in § 55.90 would be revised to read as follows:

§ 55.90 Defrosting operations.

(a) Frozen egg products which are to be defrosted shall be defrosted in a sanitary manner.

(c) Frozen whites may be defrosted at room temperature.

(e) Sanitary methods shall be used in handling containers and removing egg product.

(1) Partially emptied containers shall not be stacked on one another prior to final removal of egg product.

(2) Paper or fiber containers of frozen egg product shall not be placed in water to speed defrosting except when product is contained in sealed waterproof liners.

26. Paragraphs (a), (g), and (j) in § 55.91 would be revised and a new paragraph (k) would be added to read as follows:

§ 55.91 Spray process drying facilities.

(a) Driers shall be of a continuous discharge type and so constructed and equipped to prevent an excess accumulation of powder in the drier, bags, and powder conveyors.

(g) Preheating units, if used, shall be of stainless steel construction or equivalent which will allow thorough cleaning.

(j) All openings into the drier around ports, augers, high pressure lines, etc., shall be closed to the extent possible during the drying operation to prevent entrance of nonfiltered air.

(k) All openings into the drying unit shall be closed when the drier is not to be used for a period of 18 hours or longer except when the drying unit has been completely emptied of powder and wet-washed. This includes, but is not limited to, openings for the air intake and exhaust systems, nozzle openings, ports augers, etc.

27. In § 55.92, paragraphs (a), (b), and (c) would be amended to read as follows and paragraphs (f), (g), (h), and (i) would be deleted.

§ 55.92 Spray process drying operations.

(a) The drying room shall be kept in a clean condition and free of flies, insects, and rodents.

(b) Low-pressure lines, high-pressure lines, high- and low-pressure pumps, homogenizers, and pasteurizers shall be cleaned by acceptable in-place cleaning methods or dismantled and cleaned after use or whenever not in operation for periods of over 2 hours.

(1) Spray nozzles, orifices, cores, or whizzers shall be cleaned immediately after cessation of drying operations.

(2) Equipment shall be sanitized within 2 hours prior to resuming operations.

(c) Drying units, conveyors, and sifters shall be cleaned whenever wet powder is encountered or when other conditions occur which would adversely affect the product. The complete drying unit, including sifters, conveyors, and powder coolers shall be either wet washed or dry cleaned. A combination of wet washing and dry cleaning of the complete drying unit shall not be permitted unless that segment of the unit to be cleaned in a different manner is completely detached or disconnected from the balance of the drying unit.

(1) Sifters and conveyors used for other than dried albumen shall be cleared of powder when such equipment is not to be used for a period of 24 hours or longer.

(2) Bags for bag collectors shall be cleaned as often as needed to maintain them in an acceptable clean condition.

28. In § 55.93, paragraph (a) (5) and paragraph (b) would be revised and new paragraphs (c) and (d) would be added to read as follows:

§ 55.93 Spray process powder; definitions and requirements.

(a) * * *

(5) "Brush bag powder" is that powder which is brushed from the collector bags.

(b) Secondary powder shall be continuously discharged and mixed with the primary powder by methods approved by the Administrator.

(c) Edible dried egg products, including edible ingredients which may be added to such dried products, may be dry-blended: *Provided*, That the blending is done in a room as provided in § 55.96 or in a closed blending system and in accordance with clean, sanitary practices and such procedures as may be prescribed by the Administrator.

(d) Any edible dried egg powder may be reconstituted, repasteurized, and redried when accomplished in a clean, sanitary manner and in accordance with such procedures as may be prescribed by the Administrator.

(1) Edible dried egg powder obtained from the dust house, sweep down, screenings, brush bag (except for brush bag powder from albumen driers), and improperly dried or scorched powder shall not be dry blended or officially identified unless reconstituted, repasteurized, and redried.

(2) Approximately the first and last 175 pounds of powder from the main driers for each continuous operation shall be checked for improperly dried or scorched powder.

29. Section 55.96 would be revised to read:

§ 55.96 Drying, blending, packaging, and heat treatment rooms and facilities.

(a) *General*. All processing rooms shall be maintained in a clean condition and free of flies, insects, and rodents. The drying, blending, and packaging rooms shall be well-lighted and have ceilings and walls of a tile surface, enamel paint, or other water-resistant material.

(1) The floors shall be free from cracks or rough surfaces which form pockets for accumulation of water or dirt.

(2) The intersections of the walls and floor shall be impervious to water and the floor shall be sloped for adequate drainage.

(3) Storage racks or cabinets shall be provided for storing of tools and accessories.

(b) Dry blending of edible egg products, including adding edible dry ingredients, and/or packaging of spray-dried products shall be done in a room separate from other processing operations. Dry blending may also be done in other areas: *Provided*, That it is accomplished in an approved closed blending system.

(1) Blending and packaging rooms for pasteurized products shall be provided with an adequate positive flow of outside filtered air.

(2) All blending and packaging equipment and accessories which come into contact with the dried product shall be constructed without open seams and of materials that can be kept clean and

which will have no deleterious effect on the product. Service tables shall be of approved metal construction without open seams and all metal surfaces shall be smooth to permit thorough cleaning.

(3) Package liners shall be inserted in a sanitary manner, and equipment and supplies used in the operation shall be kept off the floor.

(4) Utensils used in packaging dried eggs shall be kept clean at all times and whenever contaminated shall be cleaned and sanitized. When not in use, scoops, brushes, tampers, and other similar equipment shall be stored in sanitary cabinets or racks provided for this purpose.

(5) Automatic container fillers shall be of a type that will accurately fill given quantities of product into the containers. Scales shall be provided to accurately check the weight of the filled containers. All equipment used in mechanically packaging dried egg products shall be vacuum cleaned daily.

(c) The heat treatment room shall be of an approved construction and be maintained in a clean condition. The room or rooms shall be of sufficient size so that product to be heat treated can be so spaced to assure adequate heat and air circulation. The room shall have an adequate heat supply and a continuous air circulation system.

30. Section 55.97 would be revised to read:

§ 55.97 Dried egg storage.

Dried egg storage shall be sufficient to adequately handle the production of the plant and shall be kept clean, dry, and free from objectionable odors.

31. Subparagraph (1) in § 55.99(b) would be revised to read as follows:

§ 55.99 Cleaning and sanitizing requirements.

(b) *Sanitizing*. (1) Sanitizing shall be accomplished by such methods as approved by the Administrator.

(i) Chemicals and compounds used for sanitizing shall have approval prior to use.

(ii) Sanitizing by use of hypochlorites or other approved sanitizing solutions shall be accomplished by subjecting the equipment surfaces to such sanitizing solutions, containing a maximum strength of 200 p.p.m. of chlorine or its equivalent. These solutions shall be changed whenever the strength drops to 100 p.p.m. or less of available chlorine or its equivalent.

32. Paragraph (g) of § 55.100 would be revised to read as follows:

§ 55.100 Health and hygiene of personnel.

(g) Use of tobacco in any form or the wearing of jewelry, nail polish, or perfumes shall not be permitted in any area where edible products are exposed.

33. Section 55.101 would be revised to read as follows:

§ 55.101 Pasteurization of egg products.

(a) *Pasteurization facilities.* The facilities for pasteurization of egg products shall be of adequate and approved construction so that all products will be processed as provided for in this section. Pasteurization equipment for liquid egg product shall include a holding tube, an automatic flow diversion valve with attached thermal controls, and recording devices to determine compliance for pasteurization as set forth in paragraph (b) of this section. The temperature of the heated liquid egg product at the flow diversion valve shall be continuously and automatically recorded during the process.

(b) *Pasteurizing operations.* All products must be heated to the required temperature and held at that temperature for the required length of time for it to be considered pasteurized under the requirements of this part. The temperatures and holding times listed in Table II of this section are minimum. The product may be heated to higher temperatures and held for longer periods of time.

TABLE II—PASTEURIZATION REQUIREMENTS¹

Liquid egg product	Minimum temperature requirements	Minimum holding time requirements
	* F.	Minutes
Albumen (without use of chemicals).....	134	3.5
	132	6.2
Whole egg.....	140	3.5
Whole egg blends (less than 2% added nonegg ingredients).....	142	3.5
	140	6.2
Fortified whole egg and blends (24-38% egg solids—2-12% added nonegg ingredients).....	144	3.5
	142	6.2
Salt whole egg (with 2% or more salt added).....	146	3.5
	144	6.2
Sugar whole egg (2-12% sugar added).....	142	3.5
	140	6.2
Plain yolk.....	142	3.5
	140	6.2
Sugar yolk (2% or more sugar added).....	146	3.5
	144	6.2
Salt Yolk (2-12% salt added).....	146	3.5
	144	6.2

¹ Pasteurization of egg products not listed in this table shall be in accordance with paragraph (c) of this section.

(c) Other methods of pasteurization may be approved by the National Supervisor when such treatments give equivalent effects to those specified in paragraph (b) of this section for those products or other products and results in a *Salmonellae* negative product.

34. Section 55.103 would be revised to read as follows:

§ 55.103 Heat treatment of dried whites.

Where heat treatment of dried whites is required, the product shall be heated throughout for such times and at such temperatures as will result in *Salmonellae* negative product.

(a) The product to be heat treated shall be held in the heat treatment room in closed containers and shall be spaced to assure adequate heat penetration and air circulation. Each container shall be identified as to type of product (spray

or pan dried) and with the lot number or production code number.

(b) The minimum requirements for heat treatment of spray or pan dried albumen shall be as follows:

(1) Spray dried albumen shall be heated throughout to a temperature not less than 130° F. and held at this temperature not less than 7 days and until it is *Salmonellae* negative.

(2) Pan dried albumen shall be heated throughout to a temperature of not less than 125° F. and held at this temperature not less than 5 days and until it is *Salmonellae* negative.

(3) Methods of heat treatment of spray dried or pan dried albumen, other than listed in subparagraphs (1) and (2) of this paragraph, may be approved by the National Supervisor upon receipt of satisfactory evidence that such methods will result in *Salmonellae* negative product.

(c) Dried whites which have been heat treated in the dried form shall be sampled and analyzed for the presence of *Salmonellae* as required in § 55.77(p) (2).

(d) Records shall be maintained of the following:

- (1) Type of product;
- (2) Lot number;
- (3) Heat treatment room temperature;
- (4) Product temperatures;
- (5) Length of time product is held in heat treatment room;
- (6) Results of all laboratory analyses made for the presence of *Salmonellae*.

35. Section 55.125 would be revised to read as follows:

§ 55.125 Preparation of samples for palatability test.

Reconstitute 33 grams of dried whole egg powder as completely as possible with 90 grams of distilled water in a suitable, clean container. Add the water and mix until the mixture is smooth and free from lumps. Place the container in gently boiling water and stir the mixture while coagulation takes place. When coagulated to the consistency of scrambled eggs, the sample is ready for the palatability test.

Signed at Washington, D.C., this 26th day of May 1969.

G. R. GRANGE,
Deputy Administrator,
Marketing Services.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 33]

[Docket No. 9620; Notice 69-22]

DUAL ELECTRIC IGNITION TYPE CERTIFICATION REQUIREMENT FOR TURBINE AIRCRAFT ENGINES

Proposed Deletion

The Federal Aviation Administration is considering amending Part 33, section

33.69, to delete the type certification requirement for at least two igniters and two separate secondary electric circuits in the electric ignition systems of turbine aircraft engines.

Interested persons are invited to participate in the proposed rule change by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket or notice number and be submitted in duplicate to: Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, GC-24, 800 Independence Avenue SW., Washington, D.C. 20590. All communications received on or before August 27, 1969, will be considered by the Administrator before taking action on the proposed rule change. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

Notice 66-3, published in the FEDERAL REGISTER (31 F.R. 2485) on February 8, 1966, proposed to amend Parts 27 and 29 to allow single engine, turbine engine powered helicopters to have electric ignition systems with one secondary circuit and igniter and proposed to amend § 33.69 to except engines intended for installation in single engine helicopters from the requirement to have at least two igniters and two separate secondary electric circuits for each electric ignition system. These proposals were withdrawn in Miscellaneous Powerplant Design Requirements for Aircraft Engines and Propellers, published in the FEDERAL REGISTER (32 F.R. 3733) on March 4, 1967. These withdrawals were based on industry comments indicating that dual ignition may also be unnecessary for turbine engine powered aircraft other than single engine helicopters, in which case further amendment of Part 33 would be appropriate rather than amendment of the aircraft type certification standards.

After further study, the FAA believes that comments responding to Notice 66-3 have merit and that two igniters and two separate secondary electric circuits need not be required for any turbine engine electric ignition systems. The characteristics of turbine aircraft engines are such that no significant increase in reliability is likely to be achieved by electric ignition system redundancy. Unlike the reciprocating engine ignition system (which must provide ignition for each power stroke), the turbine engine electric ignition system remains inoperative except for starting and restarting. The FAA believes that the degree of redundancy that an electric ignition system already provides as a backup to the self-sustaining characteristics of turbine engine ignition need not be compounded by requiring dual electric ignition system components.

On the other hand, there are certain unfavorable ambient conditions (turbulence, rain, icing, slush on the runways, etc.) which can cause inflight flameout in turbine engines. However, rapid and reliable relighting can be achieved by

the continued operation of the ignition system during such conditions. Since the occurrence of the unfavorable ambient conditions can be generally anticipated, it is considered appropriate to require that if a single electric ignition system is provided, it must have the capability of operating for extended periods without malfunction or failure. The FAA considers that such a capability can be demonstrated by showing, during the endurance tests, that the ignition system operated continuously without malfunction or failure.

In consideration of the foregoing, it is proposed to amend § 33.69 of Part 33 of the Federal Aviation Regulations to read as follows:

§ 33.69 Ignition system.

Each engine must be equipped with an ignition system for starting the engine on the ground and in flight. If a single electric ignition system is provided having one igniter and one secondary electric circuit, it must be shown that the ignition system operated continuously during the endurance test specified in § 33.87 without failure or malfunction.

This amendment is proposed under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on May 23, 1969.

R. S. SLIFF,
Acting Director,
Flight Standards Service.

[14 CFR Part 39]

[Airworthiness Docket No. 69-SW-22]

AIRWORTHINESS DIRECTIVE

Bell Model 206A Helicopters

Amendment 39-746 (34 F.R. 6472), AD 69-7-3, requires an inspection for cracks and replacement of cracked magnesium cyclic bellcrank support assemblies, P/N 206-001-521, on Bell Model 206A helicopters. After issuing AD 69-7-3, the agency evaluated and approved the new replacement aluminum cyclic bellcrank support assemblies, P/N 206-001-544, for an interim replacement time of 600 hours' total time in service and determined that the Model 206A fleet can be retrofitted with aluminum supports by July 15, 1969. The agency also determined that the torque readings specified previously for the bellcrank support attaching bolts should be revised and applied to the attaching nuts.

Therefore, the agency is considering superseding Amendment 39-746 with a new AD that retains the daily inspection and the replacement of cracked supports as required therein until the aluminum support is installed. In addition, the new AD will require the installation of the new aluminum cyclic bellcrank support assemblies, P/N 206-001-544, within 100

hours' time in service after the effective date of the AD. Corrected torque limits for the nuts on the support assembly mounting bolts are also included.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the docket number and be submitted in triplicate to the Regional Counsel, Southwest Region, Federal Aviation Administration, Post Office Box 1689, Fort Worth, Tex. 76101. All communications received on or before June 28, 1969, will be considered by the Director before taking action upon the proposed rule. The proposals contained in this notice may be changed in the light of comments received. All comments will be available for examination by interested persons before and after the closing date for comments, in the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, 4400 Blue Mound Road, Fort Worth, Tex.

This amendment is proposed under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, 1423) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, it is proposed to amend § 39.13 of Part 39 of the Federal Aviation Regulations by adding the following new airworthiness directive:

BELL. Applies to Model 206A helicopters equipped with magnesium cyclic bellcrank support assemblies.

Compliance required as indicated.

To prevent failure of the magnesium cyclic bellcrank support assemblies, P/N 206-001-521, due to fatigue cracks, accomplish the following:

(a) Inspect the right- and left-hand support assemblies, P/N 206-001-521, that have accumulated 25 hours' total time in service after April 15, 1969, before the first flight of each day as follows:

(1) Remove the upper forward cowling, P/N 206-001-801, to expose the hydraulic power cylinders.

(2) Inspect the attachment of the support assemblies to the fuselage for firmness. Torque the nut on the NAS 1304-9 bolt to 80 to 100 inch-pounds and the nut on the NAS 1305-9 bolt to 120 to 145 inch-pounds if the support assembly is loose.

(3) Inspect visually the right- and left-hand support assemblies, P/N 206-001-521, for cracks in the spotfaced areas around the attachment bolts and in the fillet radii between the base and vertical section of the supports, using a flashlight or equivalent. Both the forward and aft flange fillet radii and spotfaced areas must be inspected.

(4) Smooth out any nicks or corrosion visible in the forward and aft flange fillet radii and the spotfaced areas, using a fine file and crocus cloth.

(b) Remove and replace the support assembly before further flight if cracks are found. Inspect cyclic control rigging in accordance with paragraph 4-30 of the Model 206A Maintenance and Overhaul Instructions when the support assembly is replaced.

(c) Remove and replace right- and left-hand magnesium support assemblies with new aluminum support assemblies, P/N 206-001-544, within 100 hours' time in service after the effective date of this AD in accordance with the procedures in Bell

Helicopter Co. Service Bulletin No. 206A-11 dated May 9, 1969, or in accordance with a procedure approved by the Chief, Engineering and Manufacturing Branch, Flight Standards Division, Southwest Region, FAA.

(d) The inspections in Paragraph (a) are no longer required when aluminum bellcrank supports are installed in accordance with Paragraph (c).

(Bell Model 206A Maintenance and Overhaul Manual Interim Revision No. 206A-69-16 pertains partially to this subject.)

This supersedes Amendment 39-746 (34 F.R. 6472), AD 69-7-3.

Issued in Fort Worth, Tex., on May 20, 1969.

A. L. COULTER,
Acting Director, Southwest Region.
[F.R. Doc. 69-6434; Filed, May 29, 1969;
8:48 a.m.]

[14 CFR Part 39]

[Airworthiness Docket No. 69-SW-32]

AIRWORTHINESS DIRECTIVE

Bell Model 204B, 205A, and 205A-1 Helicopters

The Federal Aviation Administration is considering amending Part 39 of the Federal Aviation Regulations by adding an airworthiness directive applicable to Bell Model 204B, 205A, and 205A-1 helicopters equipped with Float Kit Installations, Part No. 204-706-053, or Part No. 205-706-050. Two failures of the aft cross tube, P/N 204-706-053-5, have occurred during landings of Bell Model 204B helicopters. These failures were attributed to fatigue cracks possibly initiated by corrosion or stress-corrosion in the lower external surface of the aft cross tubes. The design stress levels of the aft cross tubes for the Bell Models 205A and 205A-1 helicopters are higher than those of the Model 204B.

Since this condition is likely to exist or develop in other Model 204B helicopters and is likely to develop in the Model 205A and 205A-1 helicopters, the proposed airworthiness directive would require replacement, within specified limitations, of aft cross tubes having 1,000 hours' time in service.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the docket number and be submitted in triplicate to the Regional Counsel, Southwest Region, Federal Aviation Administration, Post Office Box 1689, Fort Worth, Tex. 76101. All communications received on or before June 30, 1969, will be considered by the Director before taking action upon the proposed rule. The proposals contained in this notice may be changed in the light of comments received. All comments will be available for examination by interested persons before and after the closing date for comments, in the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, 4400 Blue Mound Road, Fort Worth, Tex.

This amendment is proposed under the authority of sections 313(a), 601, and

603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, 1423) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, it is proposed to amend § 39.13 of Part 39 of the Federal Aviation Regulations by adding the following new airworthiness directive:

BELL. Applies to Bell Model 204B, 205A, and 205A-1 helicopters equipped with the Float Kit Installation, Part No. 204-706-053, or Part No. 205-706-050.

Compliance required as indicated.

To prevent possible failure of the aft cross tube, Part No. 204-706-053-5, or Part No. 205-050-114-1, due to fatigue cracks, accomplish the following:

(a) Remove and replace aft cross tubes with 900 or more hours' time in service on the effective date of this AD within the next 100 hours' time in service.

(b) Remove and replace aft cross tubes with less than 900 hours' time in service on the effective date of this AD, prior to accumulating 1,000 hours' time in service.

(c) Remove and replace all subsequent replacement aft cross tubes prior to accumulating 1,000 hours' time in service.

(d) Operators not having kept time in service records on individual cross tubes should use float kit hours' time in service for the purposes of paragraphs (a), (b), and (c) above.

(Bell Helicopter Co. Service Bulletin No. 204B-5, 205A-3 pertains to this subject.)

Issued in Fort Worth, Tex., on May 20, 1969.

A. L. COULTER,

Acting Director, Southwest Region.

[F.R. Doc. 69-6435; Filed, May 29, 1969; 8:48 a.m.]

[14 CFR Parts 61, 67]

[Docket No. 7775; Notice 69-23]

CARDIOVASCULAR STANDARDS; FIRST-CLASS MEDICAL CERTIFICATE FOR CERTAIN COMMERCIAL PILOTS; AND CHANGE IN DURATION OF FIRST-CLASS MEDICAL CERTIFICATES

Notice of Proposed Rule Making

The Federal Aviation Administration is considering amending Parts 61 and 67 of the Federal Aviation Regulations: (1) To require from each applicant for a first-class medical certificate an initial, baseline resting electrocardiographic examination, and double Master's exercise electrocardiograms initially, and when he is 35, 40, 45, and 50, and annually after he is 50 years of age; (2) to require a commercial pilot serving as a pilot of an aircraft operated under Part 121 or 127 to hold a first-class medical certificate; and (3) to extend the duration of first-class medical certificates to 12 months when the holder is less than 50 years of age upon issuance.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket or notice number and

be submitted in duplicate to: Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket GC-24, 800 Independence Avenue SW., Washington, D.C. 20590. All communications received on or before July 28, 1969 will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

On December 2, 1966, an advance notice of proposed rule making and notice of public hearing (Notice 66-42; 31 F.R. 15324) was issued inviting the views of all interested persons on certain proposals to modify Part 67 of the Federal Aviation Regulations with respect to the examination procedures for determining the presence of cardiovascular disease in applicants for, or holders of, first-class and second-class medical certificates. Notice 66-42 proposed principally to require greater frequency and broader coverage of the standard resting electrocardiographic examinations, and to add exercise electrocardiography.

It is generally agreed that the identification of cardiovascular disease in aviation personnel is of prime importance to the safety of civil aviation. Pathologically and retrospectively, the progression of the disease from an asymptomatic or mild form to symptomatic or incapacitating coronary heart disease is reasonably well understood. However, clinically it appears that the medical profession's ability to identify the current extent of the disease process, or to anticipate its rate of accession, in a given individual falls short of the accuracy and finality desired.

The electrocardiogram (EKG), even under resting conditions, is generally regarded as the best single diagnostic aid to alert the examining physician to the possibility of cardiac disease. In this setting, a baseline EKG plays an important role in providing meaningful cardiographic history; and it is accepted medical practice to place more credence in the importance of changes detected in the comparison of serial tracings, than in the notation of a variation or anomaly on a single tracing. Thus, the diagnostic significance of individual changes in an EKG can be determined with far greater precision with the aid of serial tracings, including an early baseline EKG.

The views expressed at the public hearing held on February 15, 1967, generally confirmed the need to modify the current medical requirements so as to specifically provide the means by which applicants with cardiovascular disease may be recognized earlier and evaluated in greater detail.

The positions of all persons who filed comments in response to Notice 66-42 or appeared at the public hearing, and all other available data, have been evaluated and rule making is proposed, as follows:

Resting Electrocardiographic Examination. It is proposed to require an ap-

plicant for a first-class medical certificate to provide a resting electrocardiographic examination on his first medical examination, regardless of his age (as well as on the first examination after his 35th birthday, and annually after his 40th birthday). The resting EKG can indicate an absence of myocardial infarction, coronary heart disease, or other cardiovascular abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to myocardial infarction or sudden incapacitation. If the applicant is less than 35 years of age and holds a first-class medical certificate, this proposal would advance the time for the first resting EKG to his next medical examination, even if this occurs before his 35th birthday. The proposal also would make it necessary to show by resting EKG an absence of evidence of cardiovascular abnormality short of myocardial infarction. This would involve combining present §§ 67.13(e)(2) and 67.13(e)(3) in proposed § 67.13(e)(3) that would require the electrocardiographic examinations to show an absence of "cardiovascular disease or abnormality", instead of an absence only of myocardial infarction, as now required. This proposal would reflect current medical policies and procedures in reference to conditions (such as paroxysmal atrial tachycardia) that are classically regarded as suddenly incapacitating, yet are not related to myocardial infarction. In addition, this change would add two new features to the provision on acceptability of the EKG. To be acceptable the EKG would be accompanied by measurements and be made according to standards and techniques approved by the Federal Air Surgeon.

In this regard, it is also proposed to change §§ 67.13(e)(1)(ii), 67.15(e)(1)(ii), and 67.17(e)(1)(ii) to provide that an applicant for a medical certificate is disqualified by any cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to myocardial infarction. It is also proposed to add new §§ 67.13(e)(2), 67.15(e)(2), and 67.17(e)(2) to provide that an applicant for a medical certificate is disqualified by any cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to sudden incapacitation. Presently, the disqualifying provisions cover only angina pectoris or other evidence of coronary heart disease. If other disqualifying heart diseases are added, further evaluation and attention would be given to high risk factors (such as hypertension, obesity, and high cholesterol level).

Exercise Electrocardiographic Examination. Many of the medical commentators on the proposals in Notice 66-42 expressed the opinion that in determining the eligibility of an applicant for FAA medical certification, a resting EKG alone is inadequate to effectively identify those airmen who have asymptomatic cardiovascular disease. It was their belief that this inadequacy could be reduced to a more acceptable level by the additional use of exercise EKG's. If the airman examined is at rest, only the more severe abnormal conditions are reflected in the

EKG. Dangerous diseased areas may be masked by the minimum functional demand placed upon them. It therefore is believed important to supplement resting EKG's, initially and periodically thereafter, with exercise electrocardiographic procedures. The double Master's exercise EKG is generally accepted as being capable of detecting electrical changes indicating myocardial ischemia. Accordingly, it is proposed to require each applicant for a first-class medical certificate to provide one of these exercise tests on his first (or next) examination, at ages 35, 40, 45, and 50, and annually thereafter (unless medically contraindicated by the physician conducting the resting EKG). These EKG's would be submitted to the FAA with the application for medical certification.

Some of the comments made at the public hearing, and in response to Notice 66-42, objected to the double Master's exercise EKG. The principal objections to that exercise test are discussed here.

(1) Some comments complained of the increased expense for additional examinations. However, this cost would be offset by the additional proposal contained in this notice which would reduce the frequency of the first-class medical examinations.

(2) It was asserted that the denial of certification to an individual on the basis of an electrocardiographic finding, without the benefit of historical and clinical judgment, would not be a sound medical procedure. It is pointed out that denials would not be issued in this manner. The FAA recognizes the limitations of the value of electrocardiography in a clinical evaluation of cardiovascular status of an individual. The EKG can only supplement a thorough medical history and a physical examination that are required of all applicants for medical certificates. Thus, the EKG is a diagnostic aid, and if found abnormal, it is the indicator for a further complete cardiovascular evaluation, in which all aspects of clinical findings and historical information are considered in making a determination on certification.

(3) It was asserted that the test and its interpretation are unreliable, with many false-positive and false-negative readings. It appears that the principal criticism in this respect has been based upon interpretation of these EKG's using the original and empirical suggestions of certain original users of the procedure. However, there is a greater concurrence of expert opinion on the basis of more recent modification of the criteria for normality, at least for the elimination of the false-positive interpretations. Thus, as more data have become available for long-term analysis during the years in which the double Master's test has been used, more exacting diagnostic criteria for electrocardiographic interpretation have been developed, and this has been aided by the accumulation of EKG's taken on healthy, asymptomatic populations. As a result, the science of Electrocardiography has progressed to the point where false-positive and false-negative readings have now been reduced to a tolerable minimum.

(4) It was asserted that the double Master's test would not adequately stress the cardiovascular system in well-conditioned persons, thus a progressive exercise tolerance test would be considerably more valid. Further development of a progressive type exercise testing may prove to be a more selective and sensitive diagnostic procedure. For the present, the double Master's test is the best known type of exercise test, and it is relatively easy to perform.

(5) It was asserted that no cardiovascular examination procedure, with the possible exception of cine-angiography, could offer any factor of predictability of an incapacitating incident for a particular individual. This objection is without sufficient grounds. Prognostication of a future incapacitating or catastrophic medical event will always be based upon statistical probability and the known natural course of a disease as revealed by all available medical findings. Exact time-referenced predictions admittedly are inaccurate, but they will become more exact as additional information is gained from multiple areas of scientific inquiry. The double Master's test here would be only one additional scientific aid in making a reasonable estimation of the presence or absence of a potentially significant hazardous condition.

(6) Finally, it was asserted that it would be administratively impossible to handle the great number of EKG's involved. The FAA plans to provide all physicians, who conduct electrocardiographic examinations of applicants for first-class medical certificates, with standards and techniques for measuring the tracings and for determining when further cardiovascular evaluation is indicated. Air carriers with medical departments now provide EKG's for many active airline transport pilots, and they have the expertise necessary to perform these examinations and to measure these tracings in accordance with the FAA standards.

First-Class Medical Certificate for Commercial Pilots in Parts 121 and 127 Operations. It is also proposed to provide, by an addition to § 61.131, that a commercial pilot may not act as a pilot of an aircraft operated under Part 121 (Certification and Operations: Domestic Flag, and Supplemental Air Carriers and Commercial Operators of Large Aircraft) or Part 127 (Certification and Operations of Scheduled Air Carriers with Helicopters), unless he holds a first-class medical certificate. At the present time, only the pilot in command (also the second in command of an aircraft in a flag or supplemental air carrier or commercial operator operation that requires three or more pilots) must hold an airline transport pilot certificate and, accordingly, a first-class medical certificate. The other pilot in this situation needs only a commercial pilot certificate and, accordingly, a second-class medical certificate. Under this proposal, each pilot flight crewmember aboard the aircraft would have the same medical qualifications. At this time, the proposal is limited to pilots in Parts 121 and 127 operations. The FAA will continue to

consider any possible need to modify medical qualifications for pilots in other air carrier and commercial operator operations.

Duration of First-Class Medical Certificates for Pilots under 50 Years of Age. At the same time, it is also proposed that, with the introduction of the additional cardiovascular requirements, the duration period of first-class medical certificates for operations under Part 121 or 127 would be lengthened to 12 months while the airman is less than 50 years of age. This would lessen the burden on first-class medical certificate holders within that age group, as well as counterbalance some of the anticipated increase in workload upon the FAA with the adoption of the proposals concerning resting and exercise electrocardiograms.

This action would be at variance with the present standards of Annex 1 to the Convention on International Civil Aviation. However, it appears that a similar change has been, and will continue to be, under consideration by the ICAO Medical Study Group. Scientific studies conducted in Australia and elsewhere tend to show that, up to age 50, an annual examination would be just as effective as a semestral examination in eliciting disqualifying defects.

Some comments on Notice 66-42 made additional suggestions that go beyond the scope of the proposals made in that notice. These principally would extend the procedures to applicants for third-class medical certificates; use certain stressful aircraft operating tests or exercise tests other than the double Master's (such as a bicycle test); demand more complete historical data from applicants; and review all phases of incapacitation instead of only cardiovascular. These items have been duly noted for continuing study in the future.

Notice 66-42 also suggested requiring a 2-hour postprandial blood sugar test, taken annually after the 40th birthday, in view of the known relationship of diabetes mellitus and coronary heart disease. Although commentators on the notice agreed that the use of the test would be of great importance, it has been determined that this proposal should not be pursued further at the present time. However, in the event that an applicant's electrocardiogram shows significant deviation from normal, a comprehensive cardiovascular evaluation would be necessary. This evaluation may include a 2-hour postprandial or other blood sugar determination.

The FAA also has under consideration rule making in the future that would require the medical certification of air carrier flight crewmembers by physicians (provided by the air carriers) who would be designated and given delegated authority to examine and to issue or deny FAA medical certificates in the same manner as Aviation Medical Examiners. Although this action is not proposed at the present time, the FAA solicits comments on it from all interested persons to assist in determining whether rule making of this kind should be proposed in the future.

In consideration of the foregoing, it is proposed to amend Parts 61 and 67 of the Federal Aviation Regulations as follows:

1. By amending subparagraphs (1) and (2) of § 61.43(a) to read as follows:

§ 61.43 Medical certificates: duration.

(a) * * *

(1) The sixth month after the month in which it is issued, for operations as a required pilot flight crewmember under Part 121 or 127 of this chapter when the holder has reached his 50th birthday upon issuance;

(2) The 12th month after the month in which it is issued, for operations as a required pilot flight crewmember under Part 121 or 127 of this chapter when the holder has not reached his 50th birthday upon issuance, and for any other operations requiring a commercial pilot certificate; and

2. By striking out the references "(b) and (c)" in § 61.131(a) and inserting the references "(b), (c), and (d)" in place thereof, and by adding a new paragraph (d) to § 61.131 to read as follows:

§ 61.131 General privileges and limitations.

(d) Unless he holds a first-class medical certificate issued under Part 67 of this chapter, a commercial pilot may not act as a pilot of an aircraft operated under Part 121 or 127 of this chapter. This paragraph does not apply to a commercial pilot who holds a second-class medical certificate on (the effective date of the amendment), until the end of the last day of the 12th month after the month in which it is issued.

3. By amending subdivision (1)(ii), subparagraphs (2) and (3), and the flush paragraph at the end of § 67.13(e) to read as follows:

§ 67.13 First-class medical certificate.

(e) * * *

(1) * * *

(ii) Angina pectoris, or evidence of coronary heart disease or other cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to myocardial infarction.

(2) No established medical history or clinical diagnosis of cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to sudden incapacitation other than myocardial infarction.

(3) The applicant must show an absence of cardiovascular disease or abnormality—

(i) On resting electrocardiographic examinations on his first examination (regardless of his age), on the first examination after his 35th birthday, and annually after his 40th birthday; and

(ii) On double Master's exercise electrocardiographic examinations on his first examination (regardless of his age), on each of the first examinations after his 35th, 40th, and 45th birthdays, and annually after his 50th birthday, each performed in conjunction with his resting electrocardiographic examination.

However, this examination is not required if the physician conducting the resting electrocardiographic examination advises the FAA in writing that it would be unsafe to the applicant, because of the applicant's pathological condition, to conduct the double Master's exercise electrocardiographic examination.

A resting standard 12 lead electrocardiogram and a double Master's exercise electrocardiogram (accompanied by measurements thereof) made, according to standards and techniques approved by the Federal Air Surgeon, no more than 30 days before the examination for a first-class medical certificate must accompany the application for a medical certificate when they are required by subparagraph (3) of this paragraph.

4. By amending subdivision (1)(ii) of § 67.15(e) and by adding a new subparagraph (2) to § 67.15(e), to read as follows:

§ 67.15 Second-class medical certificate.

(e) * * *

(1) * * *

(ii) Angina pectoris, or evidence of coronary heart disease or other cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to myocardial infarction.

(2) No established medical history or clinical diagnosis of cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to sudden incapacitation other than myocardial infarction.

5. By amending subdivision (1)(ii) of § 67.17(e) and by adding a new subparagraph (2) to § 67.17(e), to read as follows:

§ 67.17 Third-class medical certificate.

(e) * * *

(1) * * *

(ii) Angina pectoris, or evidence of coronary heart disease or other cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to myocardial infarction.

(2) No established medical history or clinical diagnosis of cardiovascular disease or abnormality that the Federal Air Surgeon finds may reasonably be expected to lead to sudden incapacitation other than myocardial infarction.

These amendments are proposed under the authority of sections 313(a), 601, and 602 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, 1422), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on May 23, 1969.

P. V. SIEGEL, M.D.,
Federal Air Surgeon.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 120]

BORAX AND BORIC ACID

Proposed Establishment of Pesticide Tolerance

A request was submitted to the Food and Drug Administration by the Sunkist Growers, Ontario, Calif. 91764, an association of citrus growers of California and Arizona, proposing the establishment of a tolerance for naturally occurring boron and for residues of boron from the postharvest application of the fungicides borax (sodium tetraborate decahydrate) and boric acid in or on the raw agricultural commodity citrus fruits at 8 parts per million.

The Secretary of Agriculture has concluded that these fungicides are useful for the purpose for which the tolerance is sought.

Based on consideration given the data submitted in the petition and other relevant material, the Commissioner of Food and Drugs concludes:

1. That while there is reasonable expectation of boron in meat, milk, and eggs from residues in pulp feed from the treated citrus, a tolerance on these raw agricultural commodities is not necessary to protect the public health. Moreover, there is a variable amount of boron in these foods from naturally occurring boron in other feed and forage items; thus, it would not be practical to establish tolerances regarding meat, milk, or eggs.

2. The tolerance proposed herein is safe and would protect the public health.

Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(e), 68 Stat. 514; 21 U.S.C. 346a(e)) and under authority delegated to the Commissioner (21 CFR 2.120), it is proposed that Part 120 be amended by adding to Subpart C the following new section:

§ 120. . . . Borax and boric acid; tolerances for residues.

A tolerance of 8 parts per million is established for total boron in or on citrus fruits, such tolerance to be calculated as elemental boron and to cover residues from the postharvest application of the fungicides borax and boric acid to, plus the naturally occurring boron in, citrus fruits.

Any interested person may, within 30 days from the date of publication of this notice in the FEDERAL REGISTER, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written comments (preferably in quintuplicate) regarding this proposal. Comments may be accompanied by a memorandum or brief in support thereof.

Dated: May 22, 1969.

J. K. KIRK,
Associate Commissioner
for Compliance.

Notices

DEPARTMENT OF AGRICULTURE

Packers and Stockyards
Administration

McCLURE-BURNETT COMMISSION
CO. ET AL.

Depositing of Stockyards

It has been ascertained, and notice is hereby given, that the livestock markets named herein, originally posted on the respective dates specified below as being subject to the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), no longer come within the definition of a stockyard under said Act and are, therefore, no longer subject to the provisions of the Act.

Name, location of stockyard, and date of posting

McClure-Burnett Commission Company, Atlanta, Ga., May 14, 1959.
The Guernsey Livestock Sales, Cambridge, Ohio, June 2, 1959.
Warren County Sales Barn, Inc., Lebanon, Ohio, May 29, 1959.
London Stockyards Co., London, Ohio, June 1, 1959.
Oak Harbor Livestock Sales, Oak Harbor, Ohio, Dec. 4, 1959.
Farmers & Ranchers Livestock Commission Company, Denton, Tex., June 17, 1966.

Notice or other public procedure has not preceded promulgation of the foregoing rule since it is found that the giving of such notice would prevent the due and timely administration of the Packers and Stockyards Act and would, therefore, be impracticable and contrary to the public interest. There is no legal warrant or justification for not depositing promptly a stockyard which is no longer within the definition of that term contained in the Act.

The foregoing is in the nature of a rule granting an exemption or relieving a restriction and, therefore, may be made effective in less than 30 days after publication in the FEDERAL REGISTER. This notice shall become effective upon publication in the FEDERAL REGISTER.

(42 Stat. 159, as amended and supplemented; 7 U.S.C. 181 et seq.)

Done at Washington, D.C., this 23d day of May 1969.

G. H. HOPPER,
Chief, Registrations, Bonds, and
Reports Branch, Livestock
Marketing Division.

BAKERSFIELD CATTLE AUCTION ET AL.

Proposed Posting of Stockyards

The Chief, Registrations, Bonds, and Reports Branch, Packers and Stockyards Administration, U.S. Department of

Agriculture, has information that the livestock markets named below are stockyards as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 202), and should be made subject to the provisions of the Act.

Bakersfield Cattle Auction, Bakersfield, Calif.
S & M Livestock Sales, Mora, Minn.
Knauff Auction Horses & Tack, Apison, Tenn.
Midland Livestock Market, Midland, Tex.
Dixie Livestock Sales, Inc., St. George, Utah.

Notice is hereby given, therefore, that the said Chief, pursuant to authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), proposes to issue a rule designating the stockyards named above as posted stockyards subject to the provisions of the Act as provided in section 302 thereof.

Any person who wishes to submit written data, views, or arguments concerning the proposed rule, may do so by filing them with the Chief, Registrations, Bonds, and Reports Branch, Packers and Stockyards Administration, U.S. Department of Agriculture, Washington, D.C. 20250, within 15 days after publication in the FEDERAL REGISTER.

All written submissions made pursuant to this notice shall be made available for public inspection at such times and places in a manner convenient to the public business (7 U.S.C. 1.27(b)).

Done at Washington, D.C., this 23d day of May 1969.

G. H. HOPPER,
Chief, Registrations, Bonds, and
Reports Branch, Livestock
Marketing Division.

BUREAU OF THE BUDGET

TRANSFER OF CERTAIN FUNCTIONS RELATING TO COMMERCIAL FISHERIES TO THE DEPARTMENT OF THE INTERIOR

Modification of Determination of March 22, 1958

Pursuant to authority vested in the Director of the Bureau of the Budget by section 6(a) of the Act of August 8, 1956, popularly known as the Fish and Wildlife Act of 1956 (16 U.S.C. 742e), section 3 of the determination of March 22, 1958, as modified (23 F.R. 2304; 32 F.R. 3783), is hereby further modified to read as follows:

"3. All functions of the Maritime Administration, Department of Commerce, which pertain to Federal ship mortgage insurance for fishing vessels under authority of Title XI of the Merchant Marine Act of 1936, as amended (46 U.S.C. 1271-1279): *Provided*, That the amount

of loans outstanding under this transferred authority shall not exceed \$25 million at any one time."

Dated: May 23, 1969.

ROBERT P. MAYO,
Director.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

ISOPROPYL 4,4'-DIBROMOBENZILATE

Notice of Establishment of Temporary Tolerance for Pesticide Chemical

Notice is given that at the request of the Geigy Chemical Corp., Ardsley, N.Y. 10502, a temporary tolerance of 5 parts per million is established for residues of the insecticide isopropyl 4,4'-dibromobenzilate in or on the raw agricultural commodity group citrus fruits.

The Commissioner of Food and Drugs has determined that this temporary tolerance will protect the public health.

A condition under which this temporary tolerance is established is that the insecticide will be used in accordance with the temporary permit issued by the U.S. Department of Agriculture. Distribution will be under the Geigy Chemical Corp. name.

This temporary tolerance expires May 21, 1970.

This action is taken pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(j), 68 Stat. 516; 21 U.S.C. 346a(j)) and under authority delegated to the Commissioner (21 CFR 2.120).

Dated: May 21, 1969.

ATOMIC ENERGY COMMISSION

[Docket No. 27-46]

INTERNATIONAL CHEMICAL AND NUCLEAR CORP., TRACERLAB TECHNICAL PRODUCTS DIVISION, WALTHAM, MASS.

Notice of Receipt of Application for Byproduct, Source, and Special Nuclear Material License

Please take notice that an application for a byproduct, source, and special nuclear material license has been filed by International Chemical and Nuclear Corp., Tracerlab Technical Products Division, 1601 Trapelo Road, Waltham, Mass. 02154. The activities which are the subject of this application are the same as those formerly conducted under license No. 20-01382-14 which was held by Laboratory for Electronics, Inc., Tracerlab Division, located at the same address.

The application proposes the receipt of packaged waste radioactive material at customers' facilities in any state of the United States except in Agreement States as defined in § 30.4(c), 10 CFR Part 30, storage of the packages at a facility located at 1601 Trapelo Road, Waltham, Mass., and disposal of the packaged waste radioactive material by transfer to authorized land burial sites. A copy of the application is available for public inspection in the Atomic Energy Commission's Public Document Room located at 1717 H Street NW., Washington, D.C.

Dated at Bethesda, Md., May 23, 1969.

For the Atomic Energy Commission.

LYALL JOHNSON,
Acting Director,

RADIOLOGICAL SERVICE CO., INC.

Notice of Issuance of Amendment to Byproduct, Source, and Special Nuclear Material License

No request for a hearing or petition for leave to intervene having been filed following publication of the notice of proposed issuance of amendment to Byproduct, Source, and Special Nuclear Material License, the Atomic Energy Commission has this date issued Amendment No. 20 to the Byproduct, Source, and Special Nuclear Material License held by Radiological Service Co., Inc., which authorizes the following:

1. A change in the business address of the licensee from 35 Urban Avenue, Westbury, N.Y. 11590, to 50 Van Buren Avenue, Westwood, N.J. 07675.
2. A change in the license number from 31-1672-1 to 29-1672-1.
3. Establishment of a facility at 1300 Miller Road, Avon, Ohio 44011, for storage of packaged radioactive waste materials.

4. A change in the designation of those individuals who may conduct operations of the licensee.

The license amendment is in the form set forth in the notice of proposed issuance published in the FEDERAL REGISTER on May 3, 1969, 34 F.R. 7319.

Dated at Bethesda, Md., May 23, 1969.

For the Atomic Energy Commission,

LYALL JOHNSON,

[Docket No. 20291; Order 69-5-120]

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Order Regarding Fare Matters

Issued under delegated authority on May 26, 1969.

By Order 69-5-45, dated May 12, 1969, action was deferred with a view toward eventual approval on certain resolutions adopted by Traffic Conference 1 of the International Air Transport Association (IATA). The resolutions included amendments to reduce the round-trip economy-class fares between San Juan and Barranquilla, and to increase the 17-day round-trip excursion fares between New York/San Juan and Aruba/Bonaire/Curacao. Although the latter fares would be increased, the agreement would still provide the traveling public with significant reductions from the otherwise applicable round-trip economy-class fares.

In deferring action on the agreement, 10 days were granted in which interested persons might file petitions in support of or in opposition to the proposed action. No petitions have been received within the filing period, and the tentative conclusions in Order 69-5-45 will herein be made final.

Accordingly, it is ordered, That: Agreements CAB 20937 and CAB 20940 be, and they hereby are, approved.

This order will be published in the FEDERAL REGISTER.

[SEAL]

MABEL McCART,
Acting Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Report 441]

COMMON CARRIER SERVICES INFORMATION¹

Domestic Public Radio Services Appli- cations Accepted for Filing²

MAY 26, 1969.

Pursuant to §§ 1.227(b)(3) and 21.26 (b) of the Commission's rules, an application, in order to be considered with any domestic public radio services application appearing on the attached list, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cutoff dates are set forth in the alternative—applications will be entitled to consideration with those listed in the appendix if filed by the end of the 60-day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS
COMMISSION,

[SEAL]

BEN F. WAPLE,
Secretary.

¹ All applications listed in the appendix are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations and other requirements.

² The above alternative cutoff rules apply to those applications listed in the appendix as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio, and Local Television Transmission Services (Part 21 of the rules).

APPENDIX

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

File number, applicant, call sign, and nature of application

- 6927-C2-P-69—Empire Communications Co. (New), C.P. for a new 1-way station to be located Capitol Tower Building, corner State and Liberty Streets, Salem, Ore., to operate on 152.24 MHz.
- 6928-C2-P-69—Electronics Unlimited Corp. (Mobilfone of St. Croix Division) (New), C.P. for a new 2-way station to be located 0.6 mile south of the intersection of Centerline Road and Old Airport Road, St. Croix, V.I., to operate on base frequency 152.12 MHz and re-peter 459.025 MHz and to operate control facilities on frequency 454.025 MHz to be located at Signal Hill, St. Thomas, V.I.
- 6929-C2-MP-(2)69—Long Island Telephone Co. (KEJ885), Modification of C.P. to add base frequency 454.175 MHz at location No. 1: Wheatley Road, 0.35 mile southwest of Cedar Swamp Road, Brookville, N.Y., and location No. 2: Southeast corner of Sunrise Highway and Ocean Avenue, Rockville Centre, N.Y. All other terms of the existing C.P.'s to remain the same.
- 6939-C2-P-69—Clifton Forge-Waynesboro Telephone Co. (New), C.P. for a new 2-way station to be located approximately 3 miles north of Waynesboro, Va., to operate on frequency 152.54 MHz.
- 6940-C2-P-69—Lett Electronics, Inc. (KEK275), C.P. to relocate base facilities that are operating on frequency 152.21 MHz to 800 North Halstead, Hutchinson, Kans.
- 6941-C2-P-(2)69—American Radio-Telephone Service, Inc. (KGA248), C.P. for two additional channels to operate on frequencies 454.15 and 454.225 MHz located at a new site described as location No. 4: Washington Cathedral, Wisconsin and Massachusetts Avenues NW, Washington, D.C.
- 6942-C2-P-(2)69—The Mountain States Telephone & Telegraph Co. (KPL936), C.P. to relocate transmitting facilities at location No. 1 to: 228 West Adams Street (lat. 33°26'58" N., long. 112°04'35" W.) and redescribe location No. 6: 0.7 mile north of Tempe Butte, Ariz. (lat. 33°25'41" N., long. 111°56'06" W.), operating on frequency 35.58 MHz at both locations.
- 6962-C2-(4)69—The Chesapeake and Potomac Telephone Co. (New), C.P. for a new 2-way station to be located at 1420 Columbia Road NW., Washington, D.C., to operate on frequencies 454.375, 454.425, 454.475, and 454.525 MHz.
- 6963-C2-P-(3)69—Southwestern Bell Telephone Co. (KKD283), C.P. to add three 2-way channels to operate on frequencies 454.375, 454.450, and 454.500 MHz at station located near Aledo, 6.5 miles northwest of Aledo, Tex.
- 6964-C2-MP-69—Blue Mountain Mobile Phone Co. (KFG922), Modification of C.P. to change the antenna system and relocate the control facilities operating on 75.50 MHz at location No. 2 to: 802 Main Avenue, Libby, Mont.
- 6965-C2-P-(3)-69—Page Call, Inc. (KEC935), C.P. for an additional transmitter to operate on frequency 35.38 MHz at each of the following locations: Location No. 1: Raymond Commerce Building, 1180 Raymond Boulevard, Newark, N.J. Location No. 2: 2 Rock Spring Road, West Orange, N.J. Location No. 3: 280 Prospect Avenue, Hackensack, N.J. (1-way).
- 7011-C2-P-(3)-69—Texas Mobile Telephone Co. (New), C.P. for a new 2-way station to be located at 3101 Senior Road, near Houston, to operate on base frequencies 454.075, 454.125, and 454.175 MHz.
- 7012-C2-P-69—James G. Prestwood, Jr. (New), C.P. for a new 1-way station to be located at 1305 Georgia Avenue, North Augusta, S.C., to operate on base frequency 152.24 MHz.
- 7013-C2-P-69—Mahaffey Message Relay (New), C.P. for a new 1-way station to be located at 165 Madison Avenue, Memphis, Tenn., to operate on base frequency 158.70 MHz.
- 7014-C2-P-69—Radiofone (KLB571), C.P. to add a second base channel to operate on base frequency 454.150 MHz at station located 0.5 mile south Intracoastal Canal on Bayou LaCarte, Houma, La.
- 7015-C2-AL(2)-69—Mercer & Dunbar Armored Car Service, Inc., Consent to assignment of license from Mercer & Dunbar Armored Car Service, Inc., Assignor, to: Henry M. Zachs, doing business as Massachusetts-Connecticut Mobile Telephone Co., Assignee. Stations: KCA514 Hartford, Conn., KCA746 Waterbury, Conn.

Major Amendment

- 5711-C2-P-69—Gerard T. Uht (KGH857), To operate on frequency 152.12 MHz all other particulars to remain the same as reported in public notice dated Mar. 31, 1969, Report No. 433.

Informative*

*NOTE: Hereafter, the fact that two or more Domestic Public Land Mobile Radio Service applications are filed for authority to serve the same area will not result in a listing that they appear to be mutually exclusive by reason of potential economic competition.

RURAL RADIO SERVICE

- 6930-C1-P-69—Pacific Northwest Bell Telephone Co. (KOB51), C.P. to replace transmitter operating on frequency 157.77 MHz communicating with station KOA732, Seattle, Wash., station location, Tillicum Village, Blake Island, Wash.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIER)

- 6750-C1-ML-69—West Texas Telephone Co. (KRR34), Modification of license to change frequency from 6390.0 to 6019.3 MHz toward Fritch, Tex., and correct the geographic coordinates for station located at 116 West Seventh Street, Dumas, Tex. (lat. 35°51'33" N., long. 101°58'26" W.).
- 6751-C1-P-69—West Texas Telephone Co. (KRR35), C.P. to change frequencies 6019.3 and 6271.3 MHz to 6271.3 and 6389.9 MHz toward Dumas, Tex., and change the antenna system located at the Telephone Company Office, Fritch, Tex.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)—continued

- 6931-C1-P-69—North Florida Telephone Co. (KIP62), C.P. to delete frequency 897.3 MHz and add frequencies 6986.2 and 11,405.0 MHz toward White Springs, Fla., at station located at White Avenue and Court Street, Live Oak, Fla.
- 6932-C1-P-69—North Florida Telephone Co. (KIP65), C.P. to delete frequency 921.1 MHz and add frequencies 6034.2 and 10,955.0 MHz toward Live Oak, Fla., and add frequencies 5974.8 and 10,755 MHz toward Lake City, Fla., station location: White Springs, Fla.
- 6933-C1-P-69—The Mountain Telephone & Telegraph Co. (KVD66), C.P. to add frequency 11,605 MHz toward Squaw Butte, Idaho, and change the antenna system located at 204 East Main Street, Emmett, Idaho.
- 6934-C1-P-69—The Mountain Telephone & Telegraph Co. (KPT32), C.P. to change the antenna system for station located at 2.8 miles south of Emmett, Idaho.
- 6935-C1-P-69—The Mountain Telephone & Telegraph Co. (KOG29), C.P. to change frequency and point of communication to: 11,155 MHz toward Emmett, Idaho, at station located at 5 miles west of Sweet, Idaho.
- 6943-C1-P-69—Illinois Bell Telephone Co. (KZA71), C.P. to add 6330.7 MHz toward Jacksonville, Ill., at station located 4.5 miles northwest of Berlin, Ill.
- 6953-C1-P-69—United Inter-Mountain Telephone Co. (KJB45), C.P. to add 6093.5 MHz toward (East Tennessee State University) Johnson City, Tenn., at station located at the corner of North Roan and Commerce Streets, Johnson City, Tenn.
- 6954-C1-ML-69—Southern Bell Telephone & Telegraph Co. (KJB47), Modification of license to change frequencies from 6220.9 and 6339.5 MHz to 6249.1 and 6357.8 MHz toward Spring Hill, S.C., at station located at U.S. Highway No. 1, Blaney, S.C.
- 6955-C1-ML-69—Southern Bell Telephone & Telegraph Co. (KJB48), Modification of license to change frequencies from 5939.2 and 6057.8 MHz to 5997.1 and 6115.7 MHz toward Blaney, S.C., at station located 2 miles southeast of intersection of County No. 7 and No. 37, Spring Hill, S.C.
- 6957-C1-P-69—Northwestern Bell Telephone Co. (KED58), C.P. to change the antenna system and locate facilities to 129 South Dakota Avenue, Sioux Falls, S. Dak., operating on frequencies 6256.5, 6375.2, and 6323.3 MHz toward Humboldt, S. Dak.
- 6958-C1-P/ML-69—American Telephone & Telegraph Co. (KGF64), C.P. and modification of license to add frequency 3830 MHz toward Southampton, Pa., at station located at 900 Race Street, Philadelphia, Pa.
- 6959-C1-P/ML-69—American Telephone & Telegraph Co. (KGN38), Same as above, except add 4050 MHz toward Plumsteadville, Pa., at station located at 0.7 mile south of Southampton, Pa.
- 6970-C1-P/ML-69—American Telephone & Telegraph Co. (KGN37), Same, except to add 4090 MHz toward Lanark, Pa., at station located at 1.45 miles southwest of Plumsteadville, Pa.
- 6971-C1-P/ML-69—American Telephone & Telegraph Co. (KGN36), Same, except to add 4190 MHz toward Bethlehem, Pa. (WLVT-TV), at station located 3 miles southeast of Allentown, Pa.
- 6972-C1-P/ML-69—American Telephone & Telegraph Co. (KGB88), Same, except to add 3790 MHz toward Ransom, Pa., at station located at 3.8 miles northeast of Gouldsboro, Pa.
- 6973-C1-P/ML-69—American Telephone & Telegraph Co. (KVV42), Same, except to add 3910 MHz toward Scranton, Pa., at station located at 7.5 miles northeast of Ransom, Pa.
- 6974-C1-P/ML-69—American Telephone & Telegraph Co. (KGA37), Same, except to add 4190 MHz toward Hershey, Pa., at station located at 7 miles northwest of Carlisle, Pa.
- 6975-C1-P/ML-69—American Telephone & Telegraph Co. (KGF68), Same, except to add 4070 MHz toward Erie, Pa., at station located at 4 miles northwest of Waterford, Pa.
- 7016-C1-MP-69—Southwestern Bell Telephone Co. (KKB87), Modification of C.P. to add frequency 3870 MHz toward Roanoke, Tex., at station located at 1115 Houston Street, Fort Worth, Tex.
- Carolina Telephone and Telegraph Co., Nine (9) applications for C.P.'s to provide an additional 2-way RF channel between Fayetteville and New Bern, N.C., over the point-to-point microwave facilities existing in that section, as follows:
- 7023-C1-P-69—Carolina Telephone and Telegraph Co. (New), C.P. for a new fixed station to be located at 719 McGilvary Street, Fayetteville, N.C. Frequencies: 5937.8, 5997.1, 6056.4, and 6115.7 MHz toward Roseboro, N.C.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)—continued

- 7024-C1-P-69—Carolina Telephone and Telegraph Co. (KNZ44), Add 6397.4 MHz toward Fayetteville, N.C., and 6367.7 MHz toward Warsaw, N.C. Station location: 2 miles west of Roseboro, N.C.
- 7025-C1-P-69—Carolina Telephone and Telegraph Co. (KNZ45), Add 6145.3 MHz toward Roseboro, N.C., and 6115.7 MHz toward Fountain Crossroads, N.C. Station location: 4.5 miles south-southwest of Warsaw, N.C.
- 7026-C1-P-69—Carolina Telephone and Telegraph Co. (KNZ46), Add 6397.4 MHz toward Warsaw, N.C., and 6367.7 MHz toward Jacksonville, N.C. Station location: 1.6 miles south-southwest of Fountain Crossroads, N.C.
- 7027-C1-P-69—Carolina Telephone & Telegraph Co. (RJJ95), Add 6115.7 MHz toward Fountain Crossroads, N.C., and 6011.9 MHz toward Maysville, N.C. Station location: 300 New Bridge Street, Jacksonville, N.C.
- 7028-C1-P-69—Carolina Telephone & Telegraph Co. (KNZ47), Add 6349.1 MHz toward New Bern, N.C., and 6293.6 MHz toward Jacksonville, N.C. Station location: 3 miles west-northwest of Maysville, N.C.
- 7029-C1-P-69—Carolina Telephone & Telegraph Co. (RJJ35), Add 6026.7 MHz toward Maysville, N.C., and 5957.4 and 6086.0 MHz toward Calico, N.C. Station location: 501 Broad Street, New Bern, N.C.
- 7030-C1-P-69—Carolina Telephone & Telegraph Co. (KJG34), Add 6189.8 and 6303.4 MHz toward Greenville and New Bern, N.C. Station location: 1.7 miles east of Calico, N.C.
- 7031-C1-P-69—Carolina Telephone & Telegraph Co. (KJG33), C.P. to replace the transmitters now operating on 5967.4 and 6086.0 MHz toward Calico, N.C. Station location: 401 West Fifth Street, Greenville, N.C.
- Major Amendment*
- 4743-C1-P-69—Florida Telephone Corp. (KJB37), Change geographic coordinates from lat. 28°50'10" N., long. 82°20'20" W. to lat. 28°50'12" N., long. 82°19'51" W. Station location: Inverness, Fla. All other particulars same as reported in public notice dated Feb. 17, 1969, Report No. 497.
- Correction*
- 6411-C1-P-69—Illinois Bell Telephone Co. (New), Add frequency 6078.6 MHz. All other terms same as reported in public notice dated May 5, 1969, Report No. 498.
- POINT-TO-POINT MICROWAVE RADIO SERVICE (NONTELEPHONE)*
- 6938-C1-AL-(6)-69—Microwave Communications, Ltd., Consent to assignment of license from Microwave Communications, Ltd., Assignor, to: Microwave Communications, Inc., Assignee. Stations: KNM53 St. John Mountain, Calif.; KNM54 Mount Casa, Calif.; KNM66 Oroville, Calif.; KYZ87 Spanish Peak, Calif.; KYZ88 Mount Hough, Calif.; KYZ89 Black Mountain, near Milford, Calif.
- 6042-C1-P-69—Pacific Teletronics, Inc. (KPQ69), Resubmitted C.P. to add frequency 6412.1 MHz on azimuth 318°54' directed toward King Mountain. Transmitter location: lat. 42°03'54" N., long. 122°28'39" W., 13 miles southwest of Ashland, Ore.
- 6043-C1-P-69—Pacific Teletronics, Inc. (KPN74), Resubmitted C.P. to add frequencies 6011.9 and 6130.5 MHz on azimuth 6°47' directed toward Harness Mountain. Transmitter location: lat. 42°41'49" N., long. 123°13'39" W., King Mountain, 8 miles east of Mt. Creek, Ore.
- 6044-C1-P-69—Pacific Teletronics, Inc. (KPQ62), Resubmitted C.P. to add frequencies 6293.6 and 6412.1 MHz on azimuths 309°46' and 339°00' toward Roman Nose and Blanton Heights, Ore. Transmitter location: Lat. 43°31'28" N., long. 123°05'39" W., Harness Mountain, 19 miles south of Cottage Grove, Ore. (Informative: Applicant proposes to provide television signals of station KBBH-TV and KIVU of San Francisco to Teleprompter Corp., in Coos Bay, Coquille, and Myrtle Point, Ore. A waiver of section 21.701(1) is requested.)
- 6982-C1-P-69—Eastern Microwave, Inc. (KYZ75), C.P. to add new point of communications via power split in Scranton, Pa. Transmitter location: High Knob, 1.5 miles west of Pecks Pond, Pa., at lat. 41°18'00" N., long. 75°07'31" W. Frequency 5960.0 MHz on azimuth 285°22'. (Informative: Applicant proposes to provide the television signal of WPIX of New York City to Scranton, Pa., for delivery to WDAU-TV.)

POINT-TO-POINT MICROWAVE RADIO SERVICE (NONTELEPHONE)—CONTINUED

- 6983-C1-P-69—Eastern Microwave, Inc. (KEA64), C.P. to power split frequencies 6212.1 and 6271.4 MHz toward New Scotland, N.Y., on azimuth 105°08'. Transmitter location: 4 miles southeast of Cherry Valley, N.Y. (Informative: Applicant proposes to provide the television signal of WPIX to WRGB-TV and the signal of WOR-TV to WTEN-TV in New Scotland, N.Y.)
- 6984-C1-P-69—Eastern Microwave, Inc. (KEM95), C.P. to add a new point of communication via power split at Syracuse, N.Y., using frequency 6019.3 MHz on azimuth 354°45'. Transmitter location: Sentinel Heights, N.Y., at lat. 42°56'40" N., long. 76°07'08" W. (Informative: Applicant proposes to provide television signal of WPIX to Syracuse for delivery to WSYR-TV.)
- 7010-C1-P-69—American Television Relay, Inc. (KNK67), C.P. to intercept frequency 6271.3 MHz on azimuth of 134°00' at a new point of communication at studio of television station KECC-TV, El Centro, Calif. (lat. 32°47'31" N., long. 115°33'35" W.) Note: The proposed receiver at the KECC-TV studio will intercept one of eight signals transmitted from Toro Peak (KNK67) to El Centro (KNK68). Transmitter location: Toro Peak, Calif. (Informative: Applicant proposes to provide ABC network television programming to KECC-TV from station KNK67 instead of station KNK68, the present service point.)
- 7019-C1-P-69—Southwest Texas Transmission Co. (KLR38), C.P. to replace equipment and change frequency at station 1.3 miles south-southeast of D'Hanis, Tex., at lat. 29°18'48" N., long. 99°16'09" W. Frequencies: 5960.0, 5989.7, 6019.3, 6078.5, and 6078.9 MHz on azimuth 262°54'.
- 7020-C1-P-69—Southwest Texas Transmission Co. (KKY46), C.P. to replace equipment and change frequencies at station 3 miles northeast of Brackettville, Tex., at lat. 29°21'33" N., long. 100°23'11" W. Frequencies: 5960.0, 6019.3, 6182.4, 6241.7, on azimuths 187°18' and 268°16'.
- 7021-C1-P-69—Southwest Texas Transmission Co. (KKY45), C.P. to replace equipment and change frequencies at station 3.5 miles northeast of Uvalde, Tex., at lat. 29°15'38" N., long. 99°44'57" W. Frequencies: 6301.0, 6360.3, 6330.7, and 6390.0 MHz on azimuth 280°10'.

[Dockets Nos. 18204, 18205; FCC 69R-241]

SUMITON BROADCASTING CO., INC., AND CULLMAN MUSIC BROADCASTING CO.

Memorandum Opinion and Order Enlarging Issues

In re applications of Sumiton Broadcasting Co., Inc., Sumiton, Ala., Docket No. 18204, File No. BP-17108; Dan Cole Mitchell and Leon A. Murphree doing business as Cullman Music Broadcasting Co., Cullman, Ala., Docket No. 18205, File No. BP-17193; for construction permits.

1. This proceeding involves the mutually exclusive applications of Sumiton Broadcasting Co., Inc. (Sumiton), and Cullman Music Broadcasting Co. (Cullman Music), seeking construction permits to establish new standard broadcast stations in Sumiton and Cullman, Ala., respectively. By order (FCC 68-576), released June 4, 1968, the applications were designated for consolidated hearing. Presently before the Review Board is a petition for relief, filed January 8, 1969, by interveners Hudson C. Millar, Jr., and James Jerdan Bullard (Millar-Bullard), requesting the Review Board to "make clear" by adding a specific issue or taking whatever action it deems appropriate that the Hearing Examiner has authority to hear evidence relevant to a motion to dismiss (the Cullman Music application) filed by Sumiton on October 31, 1968.¹

¹ Also before the Review Board are: (a) Errata, filed Jan. 9, 1969, by Millar-Bullard; (b) Broadcast Bureau's response, filed Jan. 17, 1969; (c) opposition filed Jan. 23, 1969, by Cullman Music; and (d) reply, filed Jan. 30, 1969, by Millar-Bullard.

2. A brief chronology of the events leading up to the filing of the subject petition will aid in understanding the problem raised therein. On June 24, 1968, Cullman Music petitioned to enlarge issues including a request for a "strike application" issue against Sumiton based on allegations that Millar-Bullard,² who are associated with Station WKUL (AM) in Cullman, Ala., instigated (by directly promoting, preparing and filing) the Sumiton application in order to "block" the Cullman Music application. By Board order, 14 FCC 2d 256, released August 7, 1968, Millar-Bullard were permitted to file a pleading in response to those allegations. By order, 15 FCC 2d 400, released December 6, 1968, the Review Board added a "strike" issue and made Millar-Bullard parties to the proceeding limited solely to the "strike" issue. In addition, the Board refused to consider allegations of prohibited overlap (in violation of Rule 73.37) of Cullman Music's proposal with Station WLCB, Moulton, Ala., which constituted the basis of a request by Millar-Bullard for dismissal of Cullman Music's application.³ Thereafter, Sumi-

² Millar, Jr., is president, director, and majority stockholder of Airmedia, Inc., which, in turn, controls Cullman Broadcasting Co., Inc., licensee of WKUL (AM). Bullard is vice president, treasurer, director, and stockholder of Airmedia, Inc., and president and director of WKUL.

³ These allegations were made by Millar-Bullard in their supplementary comments, filed Sept. 3, 1968, and were based on WLCB's measurement data, whereas Cullman Music's proposed contours are based on the Commission's soil conductivity map. Millar-Bullard contended that the Cullman Music application should not have been accepted for filing and that it should have been summarily dismissed.

ton, based on the Millar-Bullard technical showing of overlap, filed the motion to dismiss, noted in the preceding paragraph.⁴ At a December 6, 1968, prehearing conference, the Hearing Examiner indicated that he was assuming jurisdiction of the Sumiton motion to dismiss, and tentative arrangements were made to adjudicate the alleged violation of section 73.37. However, at a December 17, 1968, prehearing conference, it became clear that the parties were in basic disagreement over the scope of the Examiner's authority with respect to the Sumiton dismissal request. On January 22, 1969, the Examiner released a memorandum opinion and order, FCC 69M-83, granting Millar-Bullard's request to be made full-fledged parties.⁵

3. In the instant petition for relief, the petitioners request the Board to "cut through the procedural maze which has snarled consideration of this issue to date" and take whatever action it considers appropriate to make possible a determination, based on evidence of record, as to whether Cullman Music's proposal is inconsistent with Rule 73.37, and, if so, whether the application should be dismissed or denied. The petitioners contend that it is irrelevant whether overlap evidence is heard pursuant to the Examiner's inherent authority or a specific issue.⁶ Finally, the petitioners point out that neither the Commission nor the Board nor the Examiner has yet considered this technical evidence even though it obviously raises a fundamental issue.

4. Cullman Music and the Broadcast Bureau oppose the petition on substantially the same grounds. Both contend that the petition cannot be granted because: (a) The petitioners, who are limited intervenors, have no "standing" to file the present petition; and (b) Sumiton's motion to dismiss the Cullman Music application (based on Millar-Bullard's overlap allegations) was withdrawn by Sumiton at the December 17, 1968, prehearing conference. Moreover, the Bureau points out that, at the December 17, 1968, and January 14, 1969, prehearing conferences, counsel for Sumiton stated that it would undertake to file a petition to enlarge issues, requesting an overlap issue, but that it has not done so.

5. The Review Board will grant the petition for relief to the extent of adding the overlap issue set forth below. Such action will render moot Sumiton's motion to dismiss Cullman Music's application,

⁴ This motion was originally entitled "Petition for Reconsideration [of the Commission's designation order] and to Dismiss" and was addressed to the Commission. The Office of Opinions and Review referred the motion to the Hearing Examiner.

⁵ This order was issued prior to Millar-Bullard's reply herein, but subsequent to the other pleadings.

⁶ The petitioners assert that the parties are in agreement that the Examiner should be free to consider whether circumstances exist warranting a waiver of Rule 73.37 should he find that there is a rule violation.

if such motion is still pending before the Examiner. However, a provision is being included which will permit a showing to be made of unusual facts which might warrant a waiver of the rule, recognizing, of course, that the Commission has been strict in its application of the rule. In our view, the facts that Millar-Bullard are no longer limited participants in this proceeding, and that they have raised a substantial question as to violation of § 73.37 are clearly sufficient to overcome any procedural infirmities which existed previously. The engineering basis for adding the overlap issue is as follows: Since Cullman Music's proposed contours are based upon the Commission's conductivity map (Figure M-3), both Millar-Bullard and Cullman Music have taken measurements to determine the extent of overlap, if any, between the 0.5 mv/m contours of the Cullman Music proposal, operating at Cullman, Ala., on 1540 kHz with 1 kw. power during non-critical hours and 500 watts power during critical hours, and of Station WLCB (AM), operating at Moulton, Ala., on 1530 kHz during noncritical daytime hours with 250 watts power.⁷ Figure 4 of Millar-Bullard's allocation study reveals that measurements along radials were made in the 96° true, 112° true, 129.5° true, and 140° true directions, indicating an overlap of the 0.5 mv/m contours of more than 3 miles. Map 8, page 20 of Cullman Music's allocation study shows that measurements along radials were made in the 98° true, 108° true, 118° true, 128° true, and 140° true directions, indicating that the 0.5 mv/m contours of Cullman Music's proposal and WLCB are merely tangent. Millar-Bullard's technical data shows further that a full radial and two stub radials measured on WAAY (1550 kHz), Huntsville, Ala., indicated overlap of the proposed Cullman Music and WAAY 0.5 mv/m contours to a maximum depth of 1 mile. The problems presented by the contrary technical showings as to overlap with Station WLCB can best be resolved after hearing under an appropriate issue. Five Cities Broadcasting Co., Inc., FCC 62R-153, 24 RR 743, 745.

6. Accordingly, it is ordered, That the petition for relief, filed January 8, 1969, by Hudson C. Millar, Jr., and James Jerdan Bullard is granted to the extent indicated below and is denied in all other respects, and that the issues in this proceeding, are enlarged by the addition of the following issue: To determine whether the proposal of Cullman Music Broadcasting Co., Inc., is in compliance with § 73.37 of the Commission's rules

⁷The petitioners have submitted their technical showing not only in the present petition, but also in their earlier pleadings. Cullman Music's technical showing has also been submitted in an earlier pleading (see footnote 3, supra). The question of overlap has also been discussed on the record by the parties. The Board will take official notice of the earlier pleadings which discuss the overlap question as well as the pertinent discussions of record.

with respect to overlap and, if not, whether unusual facts exist which would warrant a waiver of said section.

7. It is further ordered, That the burdens of proceeding with the introduction of evidence and proof under the above issue are placed on Cullman Music Broadcasting Co., Inc.

Adopted: May 23, 1969.

Released: May 26, 1969.

FEDERAL COMMUNICATIONS
COMMISSION,⁸

[SEAL] BEN F. WAPLE,
Secretary.

FEDERAL MARITIME COMMISSION

GRAIN OPERATORS MECHANIZATION FUND AGREEMENT

Notice of Agreement Filed for Approval

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1202, or may inspect agreements at the offices of the District Managers, New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments with reference to an agreement including a request for hearing, if desired, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter), and the comments should indicate that this has been done.

Notice of agreement filed for approval by:

Mr. Roscoe E. Watts, Attorney, Pacific Northwest Grain Elevator Operators, 0112 Southwest Pennoyer Street, Portland, Oreg. 97201.

Agreement No. T-2303 between A-D-M Grain Co., Cargill, Inc., Continental Grain Co., Louis Dreyfus Corp., Peavey Co. (Operators) provides for a fixed annual payment for 5 years into a jointly trustee ILWA-PMA modernization and Improvement Fund (the Fund), pursuant to the Operators' obligation under their Grain Handlers Agreement.

Dated: May 26, 1969.

By order of the Federal Maritime Commission.

THOMAS LISI,
Secretary.

FEDERAL POWER COMMISSION

[Docket No. G-16139 etc.]

GULF OIL CORP., ET AL.

Notice of Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates¹

MAY 22, 1969.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before June 20, 1969, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given: *Provided, however*, That pursuant to § 2.56 of the Commission's General Policy and Interpretations, as amended, all permanent certificates of public convenience and necessity granting applications, filed after July 1, 1967, without further notice, will contain a condition precluding any filing of an increased rate at a price in excess of that designated for the particular area of production for the period prescribed therein unless at the time of filing such certificate application, or within the time fixed for filing protests

¹This notice does not provide for consolidation for hearing of the several matters covered herein.

or petitions to intervene, the Applicant indicates in writing that it is unwilling to accept such a condition. In the event Applicant is unwilling to accept such condition the application will be set for formal hearing.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

GORDON M. GRANT,
Secretary.

[Docket No. CP69-105]

KENTUCKY GAS TRANSMISSION
CORP.

Notice of Application To Amend

MAY 22, 1969.

Take notice that on May 16, 1969, Kentucky Gas Transmission Corp. (Applicant), 1700 MacCorkle Avenue SE., Charleston, W. Va. 25325, filed in Docket No. CP69-105 an application to amend the Commission's order issued March 17, 1969, by authorizing Applicant to sell and deliver the increased maximum quantities of natural gas set forth in the appendix to this notice in lieu of those maximum quantities authorized by and set forth in the appendix to said order, all as more fully set forth in the application to amend which is on file with the Commission and open to public inspection.

The order of March 17, 1969, among other things, authorized Applicant to construct and operate certain facilities and to sell and deliver increased maximum quantities of natural gas to its customers commencing with the 1969-70 season. The appendix to said order set forth the volumetric limitations on the increased sales authorized. Applicant states that it has now determined that said level of volumetric limitations is inadequate to provide its customers' most recent estimates of gas requirements for the 1969-70 season, and, accordingly, Applicant requests that the order of March 17, 1969, be amended to authorize the sales as set forth in the appendix to this notice.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 20, 1969, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

GORDON M. GRANT,
Secretary.

[Docket No. RI69-762]

SHELL OIL CO.

Order Providing for Hearing on and Suspension of Proposed Change in Rate, and Allowing Rate Change To Become Effective Subject to Refund

MAY 21, 1969.

Respondent named herein has filed a proposed change in rate and charge of a currently effective rate schedule for the sale of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rate and charge may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon a hearing regarding the lawfulness of the proposed change, and that the supplement herein be suspended and its use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regula-

tions pertaining thereto (18 CFR, Ch. I), and the Commission's rules of practice and procedure, a public hearing shall be held concerning the lawfulness of the proposed change.

(B) Pending hearing and decision thereon, the rate supplement herein is suspended and its use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplement to the rate schedule filed by Respondent shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondent shall execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of a copy thereof upon the purchaser under the rate schedule involved. Unless Respondent is advised to the contrary within 15 days after the filing of its agreement and undertaking, such agreement and undertaking shall be deemed to have been accepted.¹

(C) Until otherwise ordered by the Commission, neither the suspended supplement, nor the rate schedule sought to be altered, shall be changed until disposition of this proceeding or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before July 7, 1969.

By the Commission.

[SEAL] GORDON M. GRANT,
Secretary.

¹ If an acceptable general undertaking, as provided in Order No. 377, has previously been filed by a producer, then it will not be necessary for that producer to file an agreement and undertaking as provided herein. In such circumstances the producer's proposed increased rate will become effective as of the expiration of the suspension period without any further action by the producer.

APPENDIX A

Docket No.	Respondent	Rate schedule No.	Supplement No.	Purchaser and producing area	Amount of annual increase	Date filing tendered	Effective date unless suspended	Date suspended until	Cents per Mcf		Rate in effect subject to refund in dockets Nos.
									Rate in effect	Proposed increased rate	
RI69-762	Shell Oil Co., 50 West 50th St., New York, N. Y. 10020.	362	3	Southern Natural Gas Co. (Main Pass and South Pass Areas, Off-shore Louisiana).	\$45,206	4-21-69	5-22-69	5-23-69	** 19.36381	*** 21.07237	

¹ Special by virtue of Commission Order in Opinion No. 546-A (issued Mar. 20, 1969) for producers transporting gas from the Federal Domain to a point offshore prior to delivery to pipeline.

² Date of expiration of statutory notice.

³ The suspension period is limited to 1 day from date of expiration of statutory notice.

⁴ Pressure base is 15.025 p.s.i.a.

⁵ Area base rate as adjusted for 1,196 B.t.u. gas.

⁶ 18.5 cents area base offshore rate applicable pursuant to Opinion No. 546-A for subject sale. (Casinghead gas) area base rate subject to upward and downward B.t.u. adjustment.

⁷ Area base rate for casinghead gas produced in the Federal Domain. Area base rate subject to upward and downward B.t.u. adjustment.

On April 21, 1969, Shell Oil Co. (Shell), pursuant to ordering paragraph (C) of Opinion No. 546-A issued March 20, 1969, filed a notice of change in rate reflecting the applicable onshore area base rate (plus B.t.u. adjustment) established by ordering paragraph (A) of Opinion No. 546. The gas involved is casinghead gas sold to Southern Natural Gas Co. from the Main Pass and South Pass Areas, Offshore Louisiana. Shell was authorized to sell the gas produced in the Federal Domain for delivery onshore under a temporary certificate issued October 11, 1968, in Docket No. C169-242 until Southern Natural has constructed its facilities to take Shell's gas offshore. The temporary certificate conditioned the sale of casinghead gas to a total initial rate of 17 cents per Mcf for gas produced in the Federal Domain, subject to upward and downward B.t.u. adjustment. The proposed increase, from 19.36381 cents (17-cent offshore base rate plus 2.36381-cent upward B.t.u. adjustment) to 21.07237 cents (18.5-cent onshore base rate plus 2.57237-cent upward B.t.u. adjustment, amounts to \$49,206 annually. Under the circumstances we conclude that Shell's proposed rate increase should be suspended for one day from May 22, 1969, the date of expiration of statutory notice. All amounts collected above 17 cents plus B.t.u. adjustment will be subject to refund.

[F.R. Doc. 69-6350; Filed, May 29, 1969; 8:45 a.m.]

[Docket No. CP69-307]

ATLANTIC SEABOARD CORP.

Notice of Application

MAY 23, 1969.

Take notice that on May 16, 1969, Atlantic Seaboard Corp. (Applicant), 1700 MacCorkle Avenue SE., Charleston, W. Va. 25325, filed in Docket No. CP69-307 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of natural gas facilities and the sale and delivery of certain maximum daily quantities of natural gas to existing customers, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that as a result of its increased gas requirements on the design peak day for the 1969-70 winter season, Applicant's existing transmission system will be deficient by 11,500 Mcf after the construction of facilities authorized by the Commission's order issued March 17, 1969, in Docket No. CP69-106. Therefore, Applicant proposes by the subject application to construct and operate approximately 7.4 miles of 36-inch pipeline loop in Shenandoah County, Va., in order to provide the necessary capacity to supply the increased requirements of its customers.

Further, under rate schedules providing for firm service, Applicant proposes to sell and deliver the following maximum daily quantities to the customers listed below:

Customer	Presently authorized (Mcf @ 14.73 p.s.l.a.)	Proposed (Mcf @ 14.73 p.s.l.a.)
Baltimore Gas and Electric Co.	371,000	387,000
City of Charlottesville	15,900	16,200
Commonwealth Natural Gas Corp.	175,600	181,700
Cumberland & Allegheny Gas Co.	29,900	8,200
Virginia Pipe Line Co.	9,700	10,500
The Manufacturers Light & Heat Co.	54,000	54,000
Ronoke Gas Co.	20,000	27,000
Virginia Gas Distribution Corp.	79,400	85,000
Washington Gas Light Co.	380,000	382,500

The application indicates the total estimated cost of the proposed facilities to be \$1,718,825, which cost will be financed by the sale of equity and/or debt securities to Applicant's parent, The Columbia Gas System, Inc.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 20, 1969, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

GORDON M. GRANT,
Secretary.

[F.R. Doc. 69-6408; Filed, May 29, 1969; 8:46 a.m.]

[Docket No. CP69-308]

CONSOLIDATED GAS SUPPLY CORP.

Notice of Application

MAY 23, 1969.

Take notice that on May 16, 1969, Consolidated Gas Supply Corp. (Applicant), 445 West Main Street, Clarksburg, W. Va. 26301, filed in Docket No. CP69-308 an application pursuant to section 7 (b) and (c) of the Natural Gas Act for permission and approval to abandon certain transmission facilities and for a certificate of public convenience and necessity authorizing the construction and operation of certain other facilities for the transportation of wet gas to its new extraction and fractionation plant at Hastings, Wetzel County, W. Va., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate 20.1 miles of 12-inch pipeline to extend from the Cornwell compressor station in Clay County to Minnora Junction in Calhoun County and 0.13 mile of 10-inch pipeline to join together Lines H-171 and TL-272 in Kanawha County, all in the State of West Virginia.

Applicant states that these transmission facilities are designed to connect its southern and northern West Virginia wet gas systems. In addition, Applicant seeks authorization to relocate a 440 horsepower compressor engine from the Jackson compressor station to the Cornwell compressor station to enable Applicant to inject directly into the proposed Cornwell-to-Minnora pipeline the wet gas obtained in the Cornwell area. Upon completion of the proposed construction, Applicant proposes to transport its southern wet gas supply to its new extraction and fractionation plant at Hastings, Wetzel County, W. Va., to be processed with the wet gas from its northern West Virginia wet gas system.

Applicant further seeks permission and approval to abandon approximately 12 miles of pipeline constructed in 1924 and 1925, which, Applicant alleges, will no longer be needed upon completion of the proposed transmission facilities.

The estimated cost of the proposed transmission facilities is \$1,210,289, which will be financed in part from funds on hand and in part by borrowing from its parent corporation, Consolidated Natural Gas Co.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 20, 1969, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be

taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party to any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate and permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

GORDON M. GRANT,
Secretary.

[Dockets Nos. E-7482 and E-7481]

NORTHERN STATES POWER CO. ET AL.

Notice of Application

MAY 23, 1969.

Take notice that on May 14, 1969, Northern States Power Co., a Minnesota corporation, Otter Tail Power Co., a Minnesota corporation, and Minnkota Power Cooperative, Inc., a Minnesota corporation (Applicants), filed a joint application in Docket No. E-7482, for an order pursuant to section 202(e) of the Federal Power Act for authorization to transmit electric energy from the United States to Canada.

Northern States, an electric utility, operates in Minnesota, North Dakota, and South Dakota with its principal place of business in Minneapolis, Otter Tail, an electric utility, operates in Minnesota, North Dakota, and South Dakota with its principal place of business in Minneapolis, Minnkota, an electric utility, operates in the States of Minnesota and North Dakota with its principal place of business in Grand Forks, N. Dak.

The three Applicants have entered into a coordinating agreement with Manitoba Hydro Electric Board of Winnipeg, Manitoba, Canada, whereby electric energy will be transmitted to Canada over the proposed Winnipeg-Grand Forks 230-kv. transmission line to Manitoba Hydro. Pursuant to the agreement, electric energy will also be transmitted from Manitoba Hydro to the Applicants.

The source of the energy to be transmitted to Manitoba Hydro will be the

system resources of the Applicants. The actual quantities of energy transmitted will be dependent upon such factors as system needs, price per kw.-hr., and the ability of the systems to accommodate energy flows.

The point of delivery to Manitoba Hydro will be the proposed interconnection between Manitoba Hydro and Northern States at the Canada-United States boundary near Emerson, Manitoba, and for which connection, Northern States has applied for Presidential permit in Docket No. E-7481. Energy will be delivered at the nominal voltage of 230,000 volts.

Applicants state that the proposed transmission of electric energy to Canada in exchange for power supply from Manitoba Hydro would improve the reliability and security of electric supply within both the United States and Canada. Applicants further state that the proposed transmission will not impede or tend to impede the coordination in the public interest of facilities subject to the jurisdiction of the Federal Power Commission.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 16, 1969, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

INDIAN CLAIMS COMMISSION

CLAIMS

Hearings and Determinations

The Indian Claims Commission was created by act of August 13, 1946 (60 Stat. 959; 25 U.S.C. 70), to hear and determine

claims against the United States on behalf of any Indian tribe, band, or other identifiable group of American Indians residing within the United States. The Commission consists of a Chairman and four Commissioners, appointed by the President by and with the advice and consent of the Senate.

These Commissioners are:

John T. Vance, Chairman.
Jerome K. Kuykendall, Commissioner.
Richard W. Yarborough, Commissioner.
Margaret H. Pierce, Commissioner.
Brantley Blue, Commissioner.

The claims which the Commission is to hear and determine are as follows: (1) Claims in law or equity arising under the Constitution, laws, treaties of the United States, and Executive orders; (b) all other claims in law or equity, with respect to which the claimant would have been entitled to sue in a court of the United States if the United States was subject to suit; (3) claims which would result if the treaties, contracts, and agreements between the claimant and the United States were revised on the ground of fraud, duress, unconscionable consideration, mutual or unilateral mistake, or any other ground cognizable by a court of equity; (4) claims arising from the taking by the United States, whether as the result of a treaty of cession or otherwise, of lands owned or occupied by the claimant without the payment of compensation agreed to by the claimant; and (5) claims based upon fair and honorable dealings that are not recognized by any existing rule of law or equity. No claim accruing after August 13, 1946, shall be considered by the Commission.

No claim not presented by August 13, 1951, may thereafter be submitted to any court, administrative agency, or Congress for consideration.

Deductions which shall be made in determining the quantum of relief are specified in the act.

The final determination of the Commission shall be filed with the Clerk. Within 3 months either party may appeal to the Court of Claims.

After the proceedings have been finally concluded on each claim, the Commission shall submit its report to Congress. Such report shall have the effect of a final judgment of the Court of Claims. The payment of any such claim shall be a full discharge of the United States of all claims and demands touching any of the matters involved in the controversy.

The Indian Claims Commission adjudicates those claims filed before it by the Indian tribes, bands, or identifiable groups under the terms of the jurisdictional act described above. The General Rules of Procedure of the Commission may be found in the FEDERAL REGISTER, Volume 33, No. 121, Part II, June 21, 1968, as amended in the FEDERAL REGISTER, Volume 34, No. 78, April 24, 1969.

The principal and only place of business of the Indian Claims Commission is 726 Jackson Place N.W., Washington, D.C. 20506. Information and copies of records may be obtained from the clerk in Room 5002 between the hours of 8

a.m. and 5 p.m., or by writing to the clerk at the above address.

Approved:

JOHN T. VANCE,
Chairman.

SECURITIES AND EXCHANGE COMMISSION

[812-2498]

BLOCK ENGINEERING INC.

Notice of Filing of Application for Order Exempting Proposed Trans- action From Provisions of Invest- ment Company Act

MAY 26, 1969.

Notice is hereby given that Block Engineering Inc. ("applicant"), 19 Blackstone Street, Cambridge, Mass. 02139, a Delaware corporation, has filed an application pursuant to section 17(b) of the Investment Company Act of 1940 ("Act") for an order exempting from the provisions of section 17(a) of the Act certain proposed transactions whereby applicant would merge with Dunn Associates Inc. ("Dunn"), a Maryland corporation, and enter into certain transactions with S. Thomas Dunn ("Mr. Dunn"), principal stockholder of Dunn. Applicant would be the surviving corporation.

All interested persons are referred to the application on file with the Commission for a statement of the representations made therein which are summarized below.

Christiana Securities Co. ("Christiana"), a Delaware corporation and a registered closed-end, nondiversified investment company, owns approximately 29 percent of the outstanding common stock of E. I. duPont de Nemours and Co., which in turn owns approximately 40 percent of applicant's outstanding common stock. Applicant owns 47 percent of the outstanding common stock of Dunn and Mr. Dunn, an officer and director of Dunn, owns the remaining 53 percent. Under section 2(a)(9) of the Act it may be presumed that applicant is "controlled" by Christiana and under section 2(a)(3), Dunn is an affiliated person of Christiana and Mr. Dunn is an affiliated person of Dunn.

Section 17(a) of the Act makes it unlawful, with certain exceptions, for any affiliated person of a registered investment company or any affiliated person of such a person to sell to or purchase from any company controlled by such registered company any security or other property, or to borrow from such company, unless the Commission, upon application pursuant to section 17(b), grants an order of exemption from such prohibitions, after finding that the terms of the proposed transaction are reasonable and fair and do not involve overreaching on the part of any person concerned and that the proposed transaction

is consistent with the policy of the registered investment company and with the general purposes of the Act.

Applicant, Dunn and Mr. Dunn have entered into formal agreements, subject to the grant of an exemption by the Commission for the merger of Dunn into applicant and for other transactions as specified. Pursuant to the terms of the proposed merger, Mr. Dunn's 53 percent common stock interest in Dunn will be exchanged for 15,000 shares of applicant's common stock, of which approximately 7,500 shares will be escrowed with delivery to Mr. Dunn conditioned upon the accuracy of the representations contained in the merger documents and upon Mr. Dunn's continued employment with applicant. Applicant's 47 percent common stock interest in Dunn will be canceled. The market value of the common stock of applicant in the over-the-counter market on May 19, 1969 was approximately 22¼ per share. In addition, applicant has agreed, upon effectiveness of the proposed merger, among other things, that Mr. Dunn will serve as a vice president of applicant, in charge of its Analytic Instrument Division, at a salary of \$35,000 per year; that he will receive certain stock options for shares of applicant and will receive a \$30,000 loan from applicant. Certain unsecured loans which have been granted from applicant to Dunn for working capital, which on March 21, 1969 totaled \$35,000, will be canceled upon effectiveness of the proposed merger, at which time Dunn has agreed to enter into certain noncompetition agreements with and assigned a certain patent to applicant.

Applicant was incorporated under the laws of Delaware in 1962 and at that time acquired the manufacturing, as distinguished from the research assets, of Block Associates, Inc., a Massachusetts corporation founded in 1956. In March of 1968, Block Associates, Inc., was merged into applicant. Applicant is principally engaged in research relating to, and the development, manufacturing, and marketing of, electro-optical and biomedical instruments. As a result of a public sale of 176,440 shares in May of 1968, applicant's common stock is traded in the over-the-counter market. For the fiscal year ended May 31, 1968, applicant's net sales were \$3,559,182 and its income per share before extraordinary items was \$0.07.

Dunn was incorporated under the laws of Maryland in 1965 but remained generally inactive until the middle of 1967. At this time, applicant and Mr. Dunn purchased, as original issues, 47 percent and 53 percent, respectively, of the common stock of Dunn. Dunn has issued no additional stock to date and none of the stock originally issued has been transferred. Contemporaneously with the purchase of stock, applicant appointed Dunn its sales representative in respect to certain products and areas. Dunn's activities at the present time are in two general areas: (1) Acting as a sales representative with respect to products and services for applicant and others generally in the Washington, D.C. area, and (2) the as-

sembly and marketing of commercial interferometer spectrometer systems. Approximately one-half of Dunn's gross revenue is attributable to activity carried on with applicant. Dunn's gross income from commission and fees for the 9-month period ended September 30, 1968, was \$329,653.52 and its earnings per share for the same period were approximately \$0.78.

Applicant considers that the terms of the acquisition of Dunn and of the related transactions are reasonable and fair to all parties concerned.

Notice is further given that any interested persons may, not later than June 16, 1969, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address stated above. Proof of such services by affidavit (or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in the matter including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

[812-2534]

VARIABLE ANNUITY LIFE INSURANCE CO. ET AL.

Notice of Application for Exemptions From Provisions of Investment Company Act

MAY 26, 1969.

Notice is hereby given that the Variable Annuity Life Insurance Co., of Houston, Tex. ("Valic Texas"), a Texas life insurance company, the Variable Annuity Life Insurance Co. Separate Account One ("Valic Separate Account One") and the Variable Annuity Life Insurance Co. Separate Account Two ("Valic Separate Account Two"); 2727 Allen Parkway, Houston, Tex. 77006 (hereinafter collectively called "Applicants"), have filed an application pursuant to section 6(c) of the Investment Company Act of 1940 ("Act") for an order of exemption from certain provisions of sections 15(a), 16(a), 22(e), 27(a), 27(c), and 32(a)(2) of the Act. Each of the separate accounts is an open-end diversified management company registered under the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations therein, which are summarized below.

In furtherance of a change of domicile from the District of Columbia to Texas, Valic Texas was organized as a stock

life insurance company under the Texas Insurance Code on August 20, 1968, to succeed to the business of Variable Annuity Life Insurance Company of America, of Washington, D.C. ("Vallic Washington").

Since 1959, Valic Washington has been a registered investment company under the Investment Company Act of 1940. Valic Texas acquired all the assets of Valic Washington and all of its variable and fixed annuities and life insurance business in force, assumed all of Valic Washington's liabilities and reinsured all of Valic Washington's variable and fixed annuities and life business in force. Valic Texas established Valic Separate Account One and Valic Separate Account Two and each separate account has become a registered investment company under the Investment Company Act of 1940 and each has filed a registration statement under the Securities Act of 1933 covering the variable annuity contracts issued in connection with such separate accounts. The application alleges that no substantive difference between Valic Texas and Valic Washington was created as a result of the change in domicile, except the form of registration under the Investment Company Act of 1940.

Sections 15(a), 16(a), and 32(a)(2), in substance, require shareholder approval of the investment advisory agreement, the election of directors by shareholders and shareholder ratification of the selection of independent public accountants, respectively. Applicants request a temporary exemption from the requirements of sections 15(a), 16(a), and 32(a)(2) to allow Valic Separate Account One and Valic Separate Account Two to operate without such approval until the first annual or special meetings of contract owners are held, at which time all such matters will be submitted for a vote and the requirements of those sections will be met. Applicants represent that such meetings will take place as soon as it is feasible to do so, and, in any event, prior to July 31, 1969. The application states that meeting dates have not as yet been established because of the disruption connected with the physical transfer of home office personnel and books and records from the District of Columbia to Texas.

Sections 22(e) and 27(c)(1) provide, in pertinent part, that (1) a registered investment company may not suspend the right of redemption or postpone the date of payment upon redemption of any redeemable security in accordance with its terms for more than 7 days after the tender of such security for redemption and (2) a registered investment company issuing periodic payment plan certificates may not sell such certificates unless such certificates are redeemable securities. Applicants state that the mortality tables employed in the contracts issued in connection with the separate accounts are derived from studies of mortality among annuitants under contracts which contain the option of terminating and obtaining cash only prior to the annuity commencement date. The tables are based on the assumption that once the annuity payments com-

mence, the annuitant will continue in the group and payments will be made until his death and that this assumption is used in determining the amount of annuity payments. No surrender benefits following the commencement of payments have been considered in arriving at the formula for annuity payments which may be made under the various annuity options and if provision for any such benefits were made, the periodic payments would be significantly reduced. Applicants request an exemption from sections 22(e) and 27(c)(1) to eliminate the right to redeem once an annuity has been provided at retirement.

Section 27(a)(4), as here pertinent, prohibits the sale of any periodic payment plan certificate issued by a registered investment company if the first payment on such certificate is less than \$20 or any subsequent payment is less than \$10. In order to avoid additional expense for employers in making payroll deductions, Applicants request an exemption to permit the first payment by or for a contract owner or participant to be in an amount not less than \$10.

Section 27(c)(2) prohibits a registered investment company or a depositor or underwriter for such company from selling periodic payment plan certificates unless the proceeds of all payments, other than the sales load, are deposited with a bank as trustee or custodian and held under an indenture or agreement containing, in substance, the provisions required by section 26(a)(2) and (3) for a unit investment trust. Section 26(a)(2) requires that the trustee or custodian segregate and hold in trust all securities and cash of the trust and places certain restrictions on charges which may be made against the trust income and corpus and exclude, from expenses which the trustee or custodian may charge against the trust any payments to the depositor or principal underwriter, other than a fee not exceeding such reasonable amount as the Commission may prescribe, for performing bookkeeping and other administrative services delegated to them by the trustee or custodian. Section 26(a)(3) governs the circumstances under which the trustee or custodian may resign. Applicants request an exemption from these requirements to permit the proceeds of all payments under the variable annuity contracts to be held by Valic Texas on the grounds that its status as a regulated insurance company, and its obligations as an insurance company to its variable annuity contract owners provide substantially the protection contemplated by these requirements.

Applicants have consented that the requested exemption may be made subject to the conditions (1) that the charges to variable annuity contract owners for administrative services shall not exceed such reasonable amounts as the Commission shall prescribe, jurisdiction being reserved for such purpose, and (2) that the payment of sums and charges out of the assets of the Fund shall not be deemed to be exempted from regulation by the Commission by reason of the requested order: *Provided*,

That the Applicants' consent to this condition shall not be deemed to be a concession to the Commission of authority to regulate the payments of sums and charges out of such assets other than charges for administrative services, and Applicants reserve the right in any proceeding before the Commission or in any suit or action in any court to assert that the Commission has no authority to regulate the payment of such other sums or charges.

Applicants have further agreed that any exemptions which the Commission may grant pursuant to the application will terminate as of August 1, 1969, if the meetings of contract holders (discussed, supra) have not by that date been held.

Section 6(c) authorizes the Commission to exempt any person, security, or transaction or any class or classes of persons, securities, or transactions, from the provisions of the Act and rules promulgated thereunder if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than June 9, 1969 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicants at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if order) and any postponements thereof.

For the Commission (pursuant to delegated authority).

INTERSTATE COMMERCE COMMISSION

[Notice 840]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

MAY 27, 1969.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 340), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protest must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protesting can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 56388 (Sub-No. 31 TA), filed May 20, 1969. Applicant: HAHN TRANSPORTATION, INC., New Market, Md. 21774. Applicant's representative: Glenn R. Rippeon (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Hydrated lime* in shipper-owned vehicles or in pneumatic tank trucks, from Frederick, Md., to points in Augusta County, Va., for 180 days. Supporting shipper: M. J. Grove Lime Co., Frederick Sales Office, Box 656, Frederick, Md. 21701. Send protests to: Robert D. Caldwell, District Supervisor, Interstate Commerce Commission, Bureau of Operations, Room 2210, 12th Street and Constitution Avenue NW., Washington, D.C. 20423.

No. MC 59396 (Sub-No. 20 TA), filed May 19, 1969. Applicant: BUILDERS EXPRESS, INC., Limecrest Road, Lafayette, N.J. 07848. Applicant's representative: Bert Collins, 140 Cedar Street, New York, N.Y. 10006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Slag*, in bags and in bulk, from the plantsite of H. B. Reed Corp., Kearny, N.J., to points in Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, Delaware, and Maryland, and the District of Columbia, for 180 days. Supporting shipper: H. B. Reed Corp., 339 Central Avenue, Kearny, N.J. 07032. Send

protests to: District Supervisor Joel Morris, Bureau of Operations, Interstate Commerce Commission, 970 Broad Street, Newark, N.J. 07102.

No. MC 83539 (Sub-No. 249 TA), filed May 20, 1969. Applicant: C & H TRANSPORTATION CO., INC., 1935 West Commerce Street, Post Office Box 5976, Dallas, Tex. 75222. Applicant's representative: J. P. Welsh (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Material handling equipment, accessories, attachments and parts* when moving in connection therewith, from Wilbur, Ore., to points in California, for 180 days. Note: Applicant does not intend to tack with existing authority. Supporting shipper: Ramey Hydraulic Loaders, Post Office Box 458, Roseburg, Ore. 97470. Send protests to: E. K. Willis, Jr., District Supervisor, Interstate Commerce Commission, Bureau of Operations, 513 Thomas Building, 1314 Wood Street, Dallas, Tex. 75202.

No. MC 94350 (Sub-No. 223 TA), filed May 19, 1969. Applicant: TRANSIT HOMES, INC., Post Office Box 1628, Greenville, S.C. 29602. Applicant's representative: Mitchell King (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Trailers* designed to be drawn by passenger automobiles, in initial movements, from points in Columbus County, N.C., to points in South Carolina, Virginia, Georgia, Tennessee, and North Carolina, for 180 days. Supporting shipper: Columbus Homes Corp., Whitesville, N.C. Send protests to: Arthur B. Abercrombie, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 601a Federal Building, 901 Sumter Street, Columbia, S.C. 29210.

No. MC 111941 (Sub-No. 15 TA), filed May 19, 1969. Applicant: PIERCETON TRUCKING COMPANY, INC., Post Office Box 233, Laketon, Ind. 46943. Applicant's representative: Alki E. Scopelittis, 816 Merchants Bank Building, Indianapolis, Ind. 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid calcium chloride*, in tank vehicles, from Midland, Mich., to points in Indiana, for 180 days. Supporting shipper: Dow Chemical Co., 2030 Abbott Road Center, Midland, Mich. 48640. Send protests to: District Supervisor J. H. Gray, Bureau of Operations, Interstate Commerce Commission, 345 West Wayne Street, Room 204, Fort Wayne, Ind. 46802.

No. MC 117686 (Sub-No. 96 TA), filed May 15, 1969. Applicant: HIRSCHBACH MOTOR LINES, INC., 3324 U.S. Highway 75 North, Post Office Box 417, Sioux City, Iowa 51102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Canned and/or packaged animal feed*, when moving in the same vehicle and at the same time with shipments of

canned goods (presently authorized), from the plantsite and warehouse facilities of Mavar Shrimp and Oyster Co., Ltd., at or near Biloxi, Miss., to points in Kansas, Missouri, South Dakota, Iowa, Nebraska, Arkansas, Minnesota, and North Dakota, for 180 days. NOTE: Applicant states that the purpose of this application is to add animal feed to his presently authorized canned goods authority for the transportation of mixed shipments. Supporting shipper: Mavar Shrimp & Oyster Co., Ltd., Victor Mavar, Manager, Biloxi, Miss. 39533. Send protests to: Carroll Russell, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 304 Post Office Building, Sioux City, Iowa 51101.

No. MC 117686 (Sub-No. 97 TA), filed May 19, 1969. Applicant: HIRSCHBACH MOTOR LINES, INC., 3224 U.S. Highway 75 North, Sioux City, Iowa 51101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Bakery goods*, not frozen, from the plantsite and storage facilities of Johnson Biscuit Co., at Sioux City, Iowa, to points in Florida, for 180 days. Supporting shipper: Johnson Biscuit Co., Fifth and Floyd Boulevard, Sioux City, Iowa. Send protests to: Carroll Russell, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 304 Post Office Building, Sioux City, Iowa 51101.

No. MC118318 (Sub-No. 15 TA), filed May 19, 1969. Applicant: IDA-CAL FREIGHT LINES, INC., Post Office Box 422, Twin Falls, Idaho 83301. Applicant's representative: Kenneth G. Bergquist, Post Office Box 1775, Boise, Idaho 83701. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meat, meat products and meat byproducts*, from Salmon, Idaho, and points within 4 miles thereof, to points in Nevada and California, for 180 days. NOTE: Applicant does not intend to tack or interline au-

thority herein sought. Supporting shipper: City Packing Co., Post Office Box 1359, Salmon, Idaho 83467. Send protests to: C. W. Campbell, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 455 Federal Building and U.S. Courthouse, 550 West Fort Street, Boise, Idaho 83702.

No. MC 128586 (Sub-No. 2 TA), filed May 19, 1969. Applicant: FEED HAULERS, INC., 1701 Thomas Avenue, Guntersville, Ala. 35976. Applicant's representative: D. H. Markstein, Room 512, Massey Building, Birmingham, Ala. 35203. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Poultry offal meal*, in bulk, from the plantsites of Ralston Purina Co. at Geraldine, Ala., and at Trussville, Ala., to the plantsite of Ralston Purina Co. at Denver, Colo., for 180 days. Supporting shipper: Ralston Purina Co., Checkerboard Square, St. Louis, Mo. 63199. Send protests to: B. R. McKenzie, District Supervisor, Interstate Commerce Commission, Bureau of Operations, Room 814, 2121 Building, Birmingham, Ala. 35203.

No. MC 133634 (Sub-No. 1 TA), filed May 19, 1969. Applicant: CALDWELL-ALLISON INVESTMENT CO., doing business as A PUBLIC BONDED WAREHOUSE, 6191 Choctaw Drive, Baton Rouge, La. 70805. Authority sought to operate as a *contract carrier*, by motor vehicle, over regular routes, transporting: *Woodpulp* in five hundred (500) pound bales, from Port Hudson, La., to Greater Baton Rouge Port Commission, Port Allen, La., for 180 days. Supporting shipper: Louisiana Forest Products Corp., Port Hudson Mill., Post Office Box 430, Zachary, La. 70791.

By the Commission.

[SEAL]

H. NEIL GARSON,
Secretary.

[Notice 354]

MOTOR CARRIER TRANSFER PROCEEDINGS

MAY 27, 1969.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 C.F.R. Part 1132), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-71237. By order of May 26, 1969, the Motor Carrier Board approved the transfer to Grove City Bus Lines, Inc., Grove City, Pa., of the operating rights in certificate No. MC-126121 (Sub-No. 2) issued February 17, 1969, to Arthur C. Santee, Warrensville Heights, Ohio, authorizing the transportation, over regular routes, of passengers and their baggage, and express and newspapers in the same vehicle with passengers, between Ravenna, Ohio, and Cleveland, Ohio, serving all intermediate points. S. Harrison Kahn, Suite 733, Investment Building, Washington, D.C. 20005, attorney for applicants.

[SEAL]

H. NEIL GARSON,
Secretary.

FEDERAL REGISTER

VOLUME 34 • NUMBER 104

Friday, May 30, 1969 • Washington, D.C.

PART II

Department of Health,
Education, and Welfare
Office of Education

National Defense Student
Loan Program

State Lists
of Schools

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

NATIONAL DEFENSE STUDENT LOAN PROGRAM

List of Schools Determined To Have a High Concentration of Students From Low Income Families

Pursuant to the provisions of section 205(b)(3)(A) of the National Defense Education Act of 1958 as amended (20 U.S.C. 425(b)(3)(A)), notice is hereby given of the public and other nonprofit elementary and secondary schools which have been listed in accordance with the regulations governing the administration of the National Defense Student Loan Program (45 CFR 144.8(d)(2)) as being in school districts of local educational agencies eligible for assistance pursuant to Title II of Public Law 874, 81st Congress, as amended (title I of the Elementary and Secondary Education Act of 1965), and as having high concentra-

tions of children from low income families during the school year 1968-69.

Teachers with outstanding indebtedness under the National Defense Student Loan Program are entitled to the 15 percent per annum rate of loan cancellation for each complete academic year (or equivalent) of full-time service performed in a public or other nonprofit elementary or secondary school which for that year has been designated by the U.S. Commissioner of Education as having a high concentration of students from low-income families.

The purpose of the lists published under this notice is to incorporate the 1968-69 changes in the basic lists which appeared in the FEDERAL REGISTER, Volume 33, Number 106, Part II, Thursday, May 30, 1968. Changes in each State's lists published a year ago appear under the heading of additions to, or deletions from, the referenced list. The reference headings below each State's title should enable users of this document to identify the previous list of that State's schools to which the changes apply. For those States in which the basic lists changed so radically as to render the listing of additions and deletions impractical, a com-

plete list of the schools designated for 1968-69 is presented.

The school lists appear in alphabetical order by State. The lists for the Trust Territory, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands appear following the lists for the State of Wyoming.

Despite the fact that every reasonable precaution has been taken to assure the accuracy of these lists, it is possible that some errors may occur. Should an apparent discrepancy be noted, inquiry may be made to the appropriate State education agency and the Loans Branch, Division of Student Financial Aid, U.S. Office of Education, Washington, D.C. 20202.

Dated: May 8, 1969.

PRESTON VALIEN,
Acting Associate Commissioner
for Higher Education.

Approved: May 23, 1969.

PETER P. MUIRHEAD,
Acting Deputy Commis-
sioner of Education.

**1968-69 Additions to the 1966-67
List**

Please note that all elementary and sec-
ondary schools operated by the Bureau of
Indian Affairs are considered to meet the
1968-69 qualification of a high concentration
of students from low-income families. All
such schools in this State are included in the
designation of schools having in excess of
50 percent enrollment from low-income
families.

*Location, city or town, name of school, and
LEA district*

LOUISIANA

1968-69 School List

[Please note that all elementary and secondary schools operated by the Bureau of Indian Affairs are considered to meet the 1968-69 qualification of a high concentration of students from low-income families. All such schools in this State are included in the designation of schools having in excess of 50 percent enrollment from low-income families.]

Location, city or town, school name, parish or city system

 of Mt. Carmel.

NEW MEXICO

1968-69 Additions to the 1966-67
List

This list supplements the 1967-68 list of
 additions which remains in effect.

[Please note that all elementary and sec-
 ondary schools operated by the Bureau of
 Indian Affairs are considered to meet the
 1968-69 qualification of a high concentration
 of students from low-income families. All
 such schools in this State are included in the
 designation of schools having in excess of
 50 percent enrollment from low-income
 families.]

Location (city or town), name of school, and
 LEA district

Albuquerque:
 Adams-Chapparral, EL, JH; Albuquerque.
 Armijo, EL; Albuquerque.

OKLAHOMA

1968-69 Deletions From the 1966-67 List

Location (city), name of school, and school district and number

Ada:
 Glenwood, EL; Ada, I-19.
 Napier, EL; Ada, I-19.
 Albion; Albion, EL; Albion, D-2.
 Altus; Robert E. Lee, Primary; Altus, I-18.
 Alva; Alva, JHS, HS; Alva, I-1.
 Antlers; Kellond, EL; Kellond, D-33.
 Apache; Boone, EL; Boone, D-56.
 Ardmore:
 Douglass, JHS, HS; Ardmore, I-19.
 Dunbar, EL; Ardmore, I-19.
 Bartlesville:
 Douglass, EL; Bartlesville, I-30.
 Lincoln, EL; Bartlesville, I-30.
 Washington, EL; Bartlesville, I-30.
 Beggs; Wheatley, EL, JHS, HS; Beggs, I-4.
 Bethel; Bethel, EL; Bethel, D-90.
 Blackwell:
 Blackwell, JHS; Blackwell, I-45.
 Blackwell, HS; Blackwell, I-45.
 Washington, EL; Blackwell, I-45.
 Bokchito; Bokchito, EL, JHS, HS; Bokchito, I-23.
 Boynton; Wheatley, EL; Boynton, I-4.
 Bristow; Bristow, JHS, HS; Bristow, I-2.
 Broken Bow; Holly Creek, EL; Holly Creek, D-72.
 Caddo; Caddo, EL, JHS, HS; Caddo, I-5.
 Castle; IXL, EL; IXL, D-12.
 Catoosa; Catoosa, HS; Catoosa, I-2.
 Chandler; Chandler, JHS, HS; Chandler, I-1.
 Checotah:
 Central High, EL; Central High, D-4.
 Douglass, EL; Checotah, I-19.
 Pierce, EL; Checotah, I-19.
 Chelsea:
 Chelsea, EL; Chelsea, I-3.
 Chelsea, JHS, HS; Chelsea, I-3.
 Chickasha:
 Chickasha, HS; Chickasha, I-1.
 Chickasha, JHS; Chickasha, I-1.
 Lincoln, EL.
 Claremore; Claremore, HS; Claremore, I-1.
 Clinton:
 Clinton, HS; Clinton, I-99.
 Excelsior, EL; Clinton, I-99.
 Coalgate; Coalgate, EL; Coalgate, I-1.
 Colbert; Shoemaker, EL; Colbert, I-4.
 Cordell:
 Cordell, EL; Cordell, I-78.
 Cordell, JHS, HS; Cordell, I-78.
 Cushing; Washington, EL; Cushing, I-67.
 Depew:
 Depew, EL; Depew, I-21.
 Depew, JHS, HS; Depew, I-21.
 Dewey:
 Dewey, JHS, HS; Dewey, I-7.
 Lincoln, EL; Dewey, I-7.
 Dibble; Dibble, EL, JHS, HS; Dibble, I-2.
 Drumright; Drumright, JHS, HS; Drumright, I-39.
 Duncan:
 Douglass, EL; Duncan, I-1.
 Irving, EL; Duncan, I-1.
 Elk City:
 Elk City, JHS, HS; Elk City, I-6.
 Fairview, EL; Elk City, I-6.
 El Reno; Lincoln, EL; El Reno, I-34.
 Enid; Jackson, EL; Enid, I-57.
 Eufala; Washington, EL; Eufala, I-1.
 Frederick:
 Boyd, JHS; Frederick, I-158.
 Emerson, EL; Frederick, I-158.
 Frederick, JHS; Frederick, I-158.
 Frederick, HS; Frederick, I-158.
 Weaver, EL, JHS, HS; Weaver, D-13.
 Gracemont; Gracemont, EL, JHS, HS; Grace-
 mont, I-86.
 Grandfield; Grandfield, EL, JHS, HS; Grand-
 field, I-249.
 Gore; Gore, EL, JHS, HS; Gore, I-6.
 Guthrie:
 Banner, EL; Guthrie, I-1.
 Faver, JHS, HS; Guthrie, I-1.
 Page, EL; Guthrie, I-1.
 Guymon; Guymon, EL, JHS, HS; Guymon, I-8.
 Hammon; Hammon, EL, JHS, HS; Hammon, I-66.
 Harris; Riverside, EL, JHS, HS; Riverside, D-47.
 Hartsorne; Lone Oak, EL; Lone Oak, D-4.
 Hennepin; Hennepin, EL; Hennepin, D-37.
 Henryetta:
 Henryetta, HS; Henryetta, I-2.
 Henryetta, JHS; Henryetta, I-2.
 Washington, EL; Henryetta, I-2.
 Hoffman; Hoffman-Grayson, EL, JHS, HS; Hoffman, D-15.
 Hulbert; Norwood, EL; Norwood, D-14.
 Hugo; Hugo, JHS; Hugo, I-39.
 Idabel:
 Slater, EL; Idabel, I-5.
 Oak Grove, EL; Oak Grove, D-63.
 Jones:
 Jones, JHS, HS; Jones, I-9.
 Rose Hill, EL; Jones, I-9.
 Kingfisher; Kingfisher, EL, JHS, HS; King-
 fisher, I-7.
 Langston; Langston, EL; Langston, D-6.
 Lawton; Douglass, EL; Lawton, I-8.
 Leon; Leon, EL, JHS, HS; Leon, I-8.
 Marietta; Marietta, JHS, HS; Marietta, I-16.
 McAlester; Jefferson, EL; McAlester, I-80.
 Miami; Miami, JHS; Miami, I-23.
 Mountain View:
 Mountain View, EL; Mountain View, I-39.
 Mountain View, JHS, HS; Mountain View, I-39.
 Muskogee:
 Jefferson, EL; Muskogee, I-20.
 Langston, EL; Muskogee, I-20.
 Sequoyah, EL; Muskogee, I-20.
 Wheatley, EL; Muskogee, I-20.
 Norman, Norman, HS; Norman, I-29.
 Nowata; Nowata, HS; Nowata, I-40.
 Oakwood; Oakwood, EL, JHS, HS; Oakwood, D-10.
 Oklahoma City:
 Crooked Oak, JHS, HS; Crooked Oak, I-53.
 Capitol Hill, HS; Oklahoma City, I-89.
 Columbus, EL; Oklahoma City, I-89.
 Davidson, EL; Oklahoma City, I-89.
 Jackson, JHS; Oklahoma City, I-89.
 Pierce, EL; Oklahoma City, I-89.
 Rockwood, EL; Oklahoma City, I-89.
 Shields Heights, EL; Oklahoma City, I-89.
 Star, EL; Oklahoma City, I-89.
 Star-Spencer, HS; Oklahoma City, I-89.
 Walnut Grove, EL; Oklahoma City, I-89.
 Okmulgee:
 Franklin, EL; Okmulgee, I-1.
 Nuyaka, EL, JHS, HS; Nuyaka, D-10.
 Pauls Valley; Lee, EL; Pauls Valley, I-18.
 Pawhuska; Booker T. Washington, EL; Paw-
 huska, I-2.
 Pawnee; Pawnee, JHS, HS; Pawnee, I-1.
 Peggs; Peggs, EL; Peggs, D-31.
 Ponca City:
 Jefferson, EL; Ponca City, I-71.
 McKinley, EL; Ponca City, I-71.
 Ponca City, HS; Ponca City, I-71.
 West, JHS; Ponca City, I-71.
 Pond Creek; Pond Creek, EL, JHS, HS; Pond
 Creek, I-90.
 Poteau; Poteau, HS; Poteau, I-29.

- Prague: Prague, EL; Prague, I-103.
Prague, JHS, HS; Prague, I-103.
- Purcell:
Mary Simpson, EL; Purcell, I-15.
Purcell, JHS, HS; Purcell, I-15.
- Red Rock; Red Rock, EL, JHS, HS; Red Rock, I-3.
- Rentiesville; Rentiesville, EL, JHS, HS; Rentiesville, I-14.
- Roland; Shady Grove, EL; Roland, I-5.
- Sand Springs:
Booker T. Washington, EL, JHS, HS; Sand Springs, I-2.
Central, EL; Sand Springs, I-2.
Garfield, EL; Sand Springs, I-2.
Charles Page, JHS, HS; Sand Springs, I-2.
