Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration

[Docket No. 69-SO-129; Amdt. 39-865]

PART 39—AIRWORTHINESS DIRECTIVES

Piper Model 28 and 32 Series Airplanes

There have been failures of the control wheels on Piper PA-28 and PA-32 model airplanes which resulted in loss of elevator and aileron control. Since this condition is likely to exist or develop in other airplanes of the same type design, an airworthiness directive is being issued to require an inspection of the control wheel hub for cracks and replacement if necessary on Piper PA-28 and PA-32 model airplanes.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

PIPER. Applies to the following models: PA-28-140, /-150, /-160, /-180, /-235, and PA-32-260/-300. The following are affected serial numbers: PA-28-140, 28-20001 through 28-25327; PA-28-150/-160/-180, 28-1 through 28-4377; PA-28-235, 28-10001 through 28-11039; PA-32-260, 32-1 through 32-1110, and PA-32-300, 32-40000 through 32-40565.

Compliance required within the next 25 hours' time in service after the effective date of this AD, unless already accomplished.

To prevent possible failure of the control wheel, accomplish the following:

(a) Remove the Piper medallion from the face of each control wheel.

(b) Inspect each control wheel for cracks which may extend radially from the retaining pin. Cracks may be evident on the bottom of the control wheel hub where the pin enters the wheel as line cracks on the face or back of the hub or as a crack in the hub cavity in line with the pin. The inspection is to be done using any of the following methods. The first inspection method is preferred.

(1) Brush approximately a one-half inch path of dye penetrant from the top of the pin to the bottom on the front and back of the control wheel hub. Wipe clean with a soft dry cloth and inspect with a black light. Cracks will show as a single thin line and will be either needle shaped or extend across the entire surface.

(2) Use a small pen light next to the surface and inspect under at least a 3-power glass. Follow the same path with the pen

light as with the penetrant in method (1). Cracks the same shape as described in method (1) will show as black lines in the light field. If a line is only a scratch, the bottom will always be visible.

(3) An equivalent inspection method approved by the Chief, Engineering and Manufacturing Branch, FAA Southern Region.

(c) If cracks are found in the path along the hub as described in (b) (1), replace the control wheel before further time in service.

(d) The control wheel medallion may be replaced with regular contact cement which has been allowed to dry thoroughly before assembly or with any commercial 2-part epoxy adhesive. Under no circumstances use acetate adhesive or other plastic cements or any form of Loctite as these materials may not be compatible with the plastic material in the wheel.

(e) Piper Service Letter 527a, dated September 30, 1969, pertains to this same subject.

This amendment becomes effective November 4, 1969.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, and 1423; sec. 6(e), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in East Point, Ga., on October 24, 1969.

JAMES G. ROGERS,
Director, Southern Region.

Title 7—AGRICULTURE

Chapter I—Consumer and Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

SUBCHAPTER C—REGULATIONS AND STANDARDS UNDER THE AGRICULTURAL MARKETING ACT OF 1946

PART 70—GRADING AND INSPECTION OF POULTRY AND EDIBLE PRODUCTS THEREOF; AND U.S. CLASSES, STANDARDS, AND GRADES WITH RESPECT THERETO

Miscellaneous Amendments

Under authority contained in the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621-1627), the U.S. Department of Agriculture hereby amends the Regulations Governing the Grading and Inspection of Poultry and Edible Products Thereof; and U.S. Classes, Standards, and Grades With Respect Thereto (7 CFR Part 70) as set forth below.

STATEMENT OF CONSIDERATIONS

Proposed amendments to the Regulations Governing the Grading and Inspection of Poultry and Edible Products Thereof; and U.S. Classes, Standards, and Grades With Respect Thereto (7 CFR Part 70) were published in the

FEDERAL REGISTER, 34 F.R. 12948, August 9, 1969. Comments were received from three interested parties. The comments were generally favorable and the regulations are amended as proposed.

The amendments provide for the grading of poultry parts after they have been cut from the carcass, make slight changes in the B and C quality poultry standards, and revise Procurement Grade I to provide more realistic tolerances to determine the value of carcasses used in fabricating further processed poultry products. In addition, the number of samples required for lot grading performed on a representative sample basis has been changed in accordance with sample numbers approved by the statistical staff of the Consumer and Marketing Service. The number of samples required for small lots is essentially the same as previously needed. The number of samples required for larger lots has been materially reduced. This change was not proposed previously. The Department feels that rulemaking procedures are not necessary on this change. The number of samples now required will be sufficient to accomplish the same results as were obtained under the previous sampling requirements. In addition, lot grading on a representative sample basis applies primarily to product previously processed and graded under official supervision, assuring greater uniformity of the product.

The amendments are as follows:

1. Section 70.60 and the subheading "violations" preceding it are revised to read:

DENIAL OF SERVICE

§ 70.60 Debarment.

The acts or practices set forth in §§ 70.61 to 70.66 or the causing thereof may be deemed sufficient cause for the debarment by the Administrator, of any person, including any agents, officers, subsidiaries, or affiliates of such person, from any or all benefits of the act for a specified period. The rules of practice governing withdrawal of inspection and grading services, set forth in Part 50 of this chapter, shall be applicable to such a debarment action.

2. Section 70.180 is revised to read:

§ 70.180 General.

Grading service performed with respect to any quantity of products shall, as the case may require, be on the basis of an examination, pursuant to the regulations in this part, of each unit thereof or of each unit in the representative sample thereof drawn by a grader. Whenever the grading service is performed on a representative sample basis, such sample shall be drawn and consist of not less than the minimum number of containers as indicated in the following table:

(Minimum number of containers comprising a representative sample.)

Containers in lot	Containers in sample
3 or less	(1)
4-20	4
21-100	6
101-500	8
501-1,000	15
1,001-2,000	25
2,001-4,000	40
Over 4,000	60

¹ All containers.

3. Paragraph (b) of § 70.183 is revised to read:

§ 70.183 Ready-to-cook poultry and specified poultry food products.

(b) Only when ready-to-cook poultry carcasses or parts, including those used in the fabrication of poultry food products, have been graded on an individual basis by a grader or by a person authorized to perform limited grading services pursuant to § 70.30(d) and thereafter checkgraded by a grader, and when fabrication of the poultry food products has been done under the supervision of a grader, may the container or the individual carcass or part or poultry food product be identified with the appropriate official letter grade mark. Checkgrading will be accomplished in accordance with a statistical sampling plan prescribed by the Administrator. Grading with respect to quality factors for freezing defects and appearance of the finished products may be done on a sample basis in accordance with a plan prescribed by the Administrator.

§ 70.350 [Amended]

4. In § 70.350, paragraph (b) is amended by changing the figure "§ 70.356" to read "§ 70.357," and paragraph (d) and the introductory text in paragraph (e) are revised to read:

(d) A ready-to-cook carcass which has a defect may be graded after the defective portion has been removed. The fact that a portion has been removed, will not be considered in determining the quality of the balance of the carcass if the remaining portion of the carcass is to be disjointed and packed as parts or used in the fabrication of poultry food products. Poultry parts which have been properly cut as described in paragraph (e) of this section may be graded after they have been cut from the carcass, if the class is known and the parts are not misshapen or have nearly the same appearance as prior to cutting from the carcass.

(e) The standards of quality are applicable to poultry parts cut in the manner described in subparagraphs (1) through (10) of this paragraph. Similar parts cut in a manner other than described in subparagraphs (1) through (10) of this paragraph may be grade identified only when approved by the Administrator upon his determination that the labeling for such parts accurately describes the product. Requests for such approval shall be made to the National Supervisor.

5. Paragraph (b) of § 70.353 is revised to read:

§ 70.353 A Quality.

(b) *Fleshing.* The carcass has a well-developed covering of flesh considering the kind, class, and part.

(1) The breast is moderately long and deep and has sufficient flesh to give it a rounded appearance with the flesh carrying well up to the crest of the breastbone along its entire length.

(2) The leg is well fleshed and moderately thick and wide at the knee and hip joint area and has a well-rounded, plump appearance with the flesh carrying well down toward the hock and upward to the hip joint area.

(3) The drumstick is well fleshed and moderately thick and wide at the knee joint and has a well-rounded, plump appearance with the flesh carrying well down toward the hock.

(4) The thigh is well to moderately fleshed.

(5) The wing is well to moderately fleshed.

6. In § 70.354, paragraphs (b) and (f) are revised to read:

§ 70.354 B Quality.

(b) *Fleshing.* The carcass has a moderate covering of flesh considering the kind, class, and part.

(1) The breast has a substantial covering of flesh with the flesh carrying up to the crest of the breastbone sufficiently to prevent a thin appearance.

(2) The leg is fairly thick and wide at the knee and hip joint area and has sufficient flesh to prevent a thin appearance.

(3) The drumstick has a sufficient amount of flesh to prevent a thin appearance with a flesh carrying fairly well down toward the hock.

(4) The thigh has a sufficient amount of flesh to prevent a thin appearance.

(5) The wing has a sufficient amount of flesh to prevent a thin appearance.

(f) *Disjointed and broken bones and missing parts.* Parts may be disjointed but are free of broken bones. The carcass may have two disjointed bones or one disjointed bone and one nonprotruding broken bone. Parts of the wing beyond the second joint may be removed at a joint. The tail may be removed at the base. The back may be trimmed in an area not wider than the base of the tail and extending from the tail to the area half way between the base of the tail and the hip joints.

7. Paragraph (b) in § 70.355 is revised to read:

§ 70.355 C Quality.

(b) A carcass that does not meet the requirements for A or B Quality may be C Quality. Both wings may be removed or neatly trimmed. Trimming of the breast and legs is permitted, but not to the extent that the normal meat yield is materially affected. The back may be trimmed in an area not wider than the

base of the tail and extending from the tail to the area between the hip joints.

8. A new § 70.357 is added to read:

§ 70.357 Boneless poultry breast and thigh—A Quality.

The standards of quality contained in this section are applicable to raw poultry products labeled as ready-to-cook boneless poultry breasts or thighs or as ready-to-cook boneless poultry breast fillets or thigh fillets, or with words of similar import.

(a) The breast or thigh shall be cut as specified in § 70.350(e) (1) or (5) respectively.

(b) Prior to deboning, the breast or thigh shall meet the A Quality requirements for ready-to-cook poultry parts as specified in § 70.353 (a), (b), (c), (d), (e), and (g).

(c) The bone or bones shall be removed in a neat manner without undue mutilation of adjacent muscle.

§ 70.360 [Amended]

9. In § 70.360, paragraph (a) is amended by changing the figure "§ 70.356" to read "§ 70.357," and paragraph (e) is revised to read:

(e) U.S. Procurement Grades may be assigned to ready-to-cook poultry when graded as a lot on the basis of an examination of each carcass or part in the lot or each carcass in a representative sample thereof. Such ready-to-cook poultry carcasses or parts may be graded in a frozen or unfrozen state.

10. Section 70.367 is revised to read:

§ 70.367 U.S. Procurement Grade I.

Any lot of ready-to-cook poultry composed of one or more carcasses of the same kind and class may be designated and identified as U.S. Procurement Grade I when: (a) 90 percent or more of the carcasses in such lot meet the requirements of A Quality, with the following exceptions: (1) Fat covering and conformation may be as described in this subpart for B Quality; (2) Trimming of skin and flesh to remove defects is permitted to the extent that not more than one-third of the flesh is exposed on any part and the meat yield of any part is not appreciably affected; (3) Discoloration of the skin and flesh may be as described in this subpart for B Quality; (4) One or both drumsticks may be removed if the part is severed at the joint; (5) The back may be trimmed in an area not wider than the base of the tail and extending to the area between the hip joints; (6) The wings or parts of wings may be removed if severed at a joint; (b) The balance of the carcasses meet the same requirements, except they may have only a moderate covering of flesh.

(Sections 203, 205, 60 Stat. 1087, 1090, as amended; 7 U.S.C. 1622, 1624; 29 F.R. 16210, as amended; 33 F.R. 17030)

The amendments relate to a voluntary program, are noncontroversial and are to the advantage of consumers, and their immediate implementation is desired by the trade. They provide new grade standards for consumer products, more efficient grading methods for poultry parts,

and a more realistic grade for poultry used in further processed items. Therefore, under the administrative procedure provisions of 5 U.S.C. 553, it is found, upon good cause, that further rulemaking procedure on the amendments is unnecessary and good cause is found for making the amendments effective less than 30 days after publication thereof.

Issued at Washington, D.C., this 30th day of October 1969, to become effective on date of publication in the FEDERAL REGISTER.

Deputy Administrator,
Marketing Services.

SUBCHAPTER B—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

PART 728—WHEAT

Subpart—Regulations Pertaining to Farm Acreage Allotments, Yields, Wheat Certificate Program for Crop Years 1968-70, and Wheat Diversion Program for Crop Years 1969-70

COUNTY PROJECTED YIELDS AND DIVERSION PAYMENT RATES

The regulations pertaining to farm acreage allotments, yields, wheat certificate program for crop years 1968-70, and wheat diversion program for crop years 1969-70, 33 F.R. 6508, as amended, are further amended effective with the 1970 crop year by changing section 728.515 to read as follows:

§ 728.515 County projected yields and county diversion payment rates for the 1970 crop of wheat.

(a) A county projected yield has been determined for each wheat producing county in the United States for the 1970 crop, except for counties in Alaska, Hawaii, and New Hampshire, for which no apparent need for such yields exists. The county projected yield for 1970 was determined on the basis of the average of the 5-year (1964-68) annual yields per harvested acre of wheat for the county as determined by the Statistical Reporting Service, adjusted for abnormal weather conditions affecting such yields, for trends in yields, and for any significant changes in production practices.

(b) Farm per acre payment rates for diverting acreage from the production of 1970 crop wheat are computed by multiplying 50 per centum of the estimated 1970 county price support loan rate for wheat by the farm projected wheat yield. See § 728.406. The 1970 national average price support loan rate for wheat has been announced at \$1.25 per bushel, the same as in 1969, and the county rates in paragraph (c) of this section for computing diversion payments are based upon

1969 county price support loan rates for wheat. The county rates in paragraph (c) of this section are to be used only for purposes of computing diversion payments under the 1970 wheat program. The 1970 county price support loan rates for wheat will be established and announced at a later date.

(c) The county projected yields and the county rates to be used in determining diversion payments for 1970 are as follows:

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[Amtd. 7]

PART 1472—WOOL

Subpart—Payment Program for Shorn Wool and Unshorn Lambs (Pulled Wool)

REGULATIONS EXTENDED TO COVER 1970 MARKETING YEAR

The regulations issued by Commodity Credit Corporation containing the requirements with respect to the payment program for shorn wool and unshorn

lambs (pulled wool), as amended (31 F.R. 4582, 15234; 32 F.R. 4568, 16391; 33 F.R. 5208, 18009; 34 F.R. 6327), cover the marketing years 1966 through 1969. This amendment of 7 CFR Part 1472 extends such regulations to cover the 1970 marketing year, as follows:

1. Section 1472.1201 is revised to read as follows:

§ 1472.1201 General.

This subpart sets forth the policies, procedures, and requirements governing price support payments for shorn wool and unshorn lambs (pulled wool) for the 1966, 1967, 1968, 1969, and 1970 marketing years by the Commodity Credit Corporation (referred to in this subpart as "CCC").

§ 1472.1203 [Amended]

2. Section 1472.1203 is amended by revising the first sentence to read: "Pursuant to the National Wool Act of 1954, as amended by the Food and Agriculture Act of 1965 (Public Law 89-321) and Public Law 90-559, the Secretary of Agriculture is to announce a price support level for wool which has been determined to meet the requirements of the Act for each of the 5 marketing years, 1966, 1967, 1968, 1969, and 1970."

3. Section 1472.1205 is amended by adding the following new paragraph (f) at the end of the section:

§ 1472.1205 Price support level.

(f) 1970 marketing year. For the 1970 marketing year, the price support level was announced June 20, 1969, as 72 cents per pound of shorn wool, grease basis.

4. Section 1472.1246 is amended by adding the following new paragraph (e) at the end of the section:

§ 1472.1246 Deductions for promotion.

(e) For the 1969 marketing year, a deduction will be made from each shorn wool payment at the rate of 1.5 cents a pound of wool, grease basis, and from each unshorn lamb payment at the rate of 7.5 cents per hundredweight of live lambs. Those funds will be used to finance the advertising and sales promotion program approved by the Department of Agriculture pursuant to section 708 of the National Wool Act of 1954, as amended.

(Sec. 4, 62 Stat. 1070, sec. 5, 62 Stat. 1072, secs. 702-708, 68 Stat. 910-912, as amended, secs. 401-403, 72 Stat. 994-995, sec. 151, 75 Stat. 306, sec. 201, 79 Stat. 1188, 83 Stat. 996; 16 U.S.C. 714b, 714c, 7 U.S.C. 1781-1787, as amended)

Effective date. This amendment shall become effective upon publication in the FEDERAL REGISTER.

Signed at Washington, D.C., on October 28, 1969.

CARROLL G. BRUNTHAVER,
Acting Executive Vice President,
Commodity Credit Corporation.

Effective date. The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER.

The amendment adds the following additional areas to the list of areas designated as modified certified brucellosis areas because it has been determined that such areas come within the definition of § 78.1(i): the entire State of Hawaii; Acadia, Calcasieu, and West Carroll Parishes in Louisiana; Garfield and Rock Counties in Nebraska; Cherokee, Hill, Johnson, Kaufmann, Madison, Montague, Refugio, and Tyler Counties in Texas.

Brooks and Howard Counties in Texas were deleted from the list of modified certified brucellosis areas on July 12, 1969. Since said date, it has been determined that such counties again come within the definition of § 78.1(i); and therefore, they have been redesignated as modified certified brucellosis areas.

The amendment deletes the following areas from the list of areas designated as modified certified brucellosis areas because it has been determined that such areas no longer come within the definition of § 78.1(i): Tensas Parish in Louisiana; Hudspeth and Milam Counties in Texas.

The amendment imposes certain restrictions necessary to prevent the spread of brucellosis in cattle and relieves certain restrictions presently imposed. It should be made effective promptly in order to accomplish its purpose in the public interest and to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under the administrative procedure provisions of 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 30th day of October 1969.

R. E. OMOHUNDRO,
Acting Director, Animal Health
Division, Agricultural Research Service.

Title 15—COMMERCE AND FOREIGN TRADE

Chapter X—Office of Foreign Direct Investments, Department of Commerce

PART 1050—MISCELLANEOUS RULES

Freedom of Information

Notice is hereby given that the Office of Foreign Direct Investments, acting under the authority conferred in E.O. 11387 and pursuant to Department of Commerce Order 184-A, hereby amends Part 1050 of Chapter X of Title 15 of the Code of Federal Regulations by adding a new § 1050.111 thereto.

The purpose of this section is to set forth and establish a general statement of policy and rule of agency procedure and practice for the administration of public disclosure requirements contained in 5 U.S.C. §§ 551-558, insofar as they affect documents filed in proceedings under Parts 1025 and 1030 of 15 CFR Ch. X.

This amendment shall become effective upon the date of publication thereof in the FEDERAL REGISTER.

The text of the amendment is as follows:

§ 1050.111 Freedom of Information.

(a) All documents (including transcripts) filed in formal administrative proceedings conducted under Part 1030 of this chapter (except those documents placed in camera pursuant to § 1030.452), and all documents embodying settlements under Part 1025 of this chapter, are part of the public records of the Office. Copies thereof are maintained for public inspection and copying in the office of the Clerk (see § 1050.104) in the case of Part 1030 documents and in the Central Reference and Records Inspection Facility of the Department of Commerce in the case of Part 1025 documents.

(b) The Office may, for good cause shown and upon application by any party submitting documents embodying settlements placed on the public record, as described in paragraph (a) of this section, excise trade secrets and customarily privileged commercial or financial information obtained from any person. Requests for such excision may be made by timely submittal to the Office of a written request specifying with particularity each item sought to be excised and setting forth in each instance a full statement of the party's business reasons for requesting excision. Mere conclusory allegations and requests that entire settlement proposals be omitted from the public record will not be deemed to satisfy the requirements of this paragraph.

(c) All documents of any description received by the Office from any person in connection with an investigation of possible noncompliance with the Foreign Direct Investment Program, and not described in paragraph (a) of this section, are considered part of the in-

vestigatory files of the Office, compiled for law enforcement purposes, and will not be disclosed to any person except pursuant to law.

(d) Terms used in this section shall have the meanings ascribed thereto in 5 U.S.C. §§ 551-558.

RICHARD P. URFER,
Director, Office of
Foreign Direct Investments.

Chapter V—Manpower Administration, Department of Labor

PART 602—COOPERATION OF THE UNITED STATES EMPLOYMENT SERVICE AND STATES IN ESTABLISHING AND MAINTAINING A NATIONAL SYSTEM OF PUBLIC EMPLOYMENT OFFICES

Foreign Agricultural Labor, Wage Rates

On August 9, 1969, there was published in the FEDERAL REGISTER (34 F.R. 12954) a proposal to amend subparagraph (1) of 20 CFR 602.10b(a). Interested persons were given 15 days in which to submit written data, views, or argument. After consideration of all matter presented by interested persons concerning the proposal, I have decided to and do hereby adopt the amendment as so proposed.

Effective date: As this amendment is an interpretative rule and statement of policy, a delay in effective date is not required and therefore this amendment shall become effective on the date of its publication in the FEDERAL REGISTER.

(8 U.S.C. 1184(c), 8 CFR 214.2(h))

Signed at Washington, D.C., this 28th day of October 1969.

GEORGE P. SHULTZ,

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of Transportation

SUBCHAPTER I—ANCHORAGES

[CGFR 69-109]

PART 110—ANCHORAGE REGULATIONS

Subpart A—Special Anchorage Areas

Subpart B—Anchorage Grounds

SAN FRANCISCO BAY, SAN PABLO BAY, CARQUINEZ STRAIT, SUISUN BAY, SAN JOAQUIN RIVER, AND CONNECTING WATERS, CALIFORNIA.

1. The Commander, 12th Coast Guard District, San Francisco, Calif., by letter dated August 6, 1969, requested revision of the anchorage regulations for San Francisco Bay and Tributaries and establishment of a special anchorage area in a portion of San Francisco Bay, known as Richardson Bay. The reason for the request is to change the regulations to suit present day conditions and requirements. A public notice dated May 29, 1969, was issued by the Commander, 12th Coast Guard District, San Francisco, Calif., describing the proposed changes. All known interested parties were notified and requested to comment on the proposed changes. Objections to two of the proposals were received. After due consideration these two proposed changes were deleted. Since the foregoing

procedure afforded effective notice to all interested parties, publication of the notice of proposed rule making in the *FEDERAL REGISTER* is unnecessary. Therefore, the request to establish a special anchorage area in Richardson Bay, San Francisco Bay as described in § 110.126a below and to revise § 110.224 (San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, San Joaquin River, and connecting waters, California) is granted, subject to the right to change the requirements and to amend the regulations if and when necessary in the public interest.

2. This document effectuates this request by adding a new § 110.126a describing the limits of the special anchorage area. In this area, vessels not more than 65 feet in length, when at anchor, are not required to carry or exhibit anchor lights. This document also effectuates the request by revising § 110.224.

3. In Part 110, Subpart A is amended by adding a new § 110.126a following § 110.126, to read as follows:

§ 110.126a San Francisco Bay, California.

Richardson Bay Anchorage. That portion of Richardson Bay, north of a line bearing 257° from Peninsula Point to the shore at Sausalito, except for federally-maintained channels, and all channels approved for private use therein.

(Sec. 1, 30 Stat. 98, as amended, sec. 6(g) (1) (B), 80 Stat. 937; 33 U.S.C. 180; 49 U.S.C. 1555(g) (1) (B); 49 CFR 1.4(a) (3) (ii))

4. In Part 110, Subpart B is amended by revising § 110.224(a) to read as follows:

§ 110.224 San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, San Joaquin River, and connecting waters, California.

(a) *San Francisco Bay—(1) Anchorage 3 (general).* That portion of Belvedere Cove west of a line bearing 025°30' from Peninsula Point to the shore at Tiburon.

(2) *Anchorage 4 (general).* Bounded by the westerly shore of San Francisco Bay and the following lines: Beginning on the shore at Bluff Point; thence to a point bearing 286°, 3,630 yards from Southampton Shoal Light; thence to a point bearing 228°, 4,450 yards from East Brother Island Light; thence along a line bearing 266° to the shore south of Point San Quentin, excluding Explosives Anchorage 13 and the forbidden anchorage surrounding it.

(3) *Anchorage 5 (general).* (i) Bounded by easterly shore of San Francisco Bay and the following lines: Beginning at the shoreward end of the Standard Oil Wharf at Point Orient; thence along the wharf to the southwest corner thereof; thence to a point bearing 334°30' 4,050 yards from Southampton Shoal Light; thence along a line bearing 093° to the shore; except so much of this area as is included in the restricted area, Naval Fuel Annex, Molate Point (see § 207.640(i) of this chapter), and the improved channel to Richmond Inner Harbor.

(ii) Vessels may anchor in this anchorage immediately adjacent to the improved channel to Richmond Inner Harbor; However, any ship that obstructs the channel must move from its position immediately when the fairway is required by a vessel navigating the channel.

(4) *Anchorage 6 (general).* Bounded by the easterly shore of San Francisco Bay and the following lines: Beginning at the shore at the southernmost extremity of Point Isabel; thence along the northerly shore of Brooks Island to the training wall extending westerly therefrom; thence westerly along the training wall to its bayward end; thence to a point bearing 104°, 1,035 yards, from Treasure Island North End Light; thence along a line bearing 144°30' to a point 290 yards northerly of the center of Pier K of the San Francisco-Oakland Bay Bridge; thence along a line bearing 071° to the shore; excluding from this area, however, the cable areas therein and a fairway delineated by lines joining the following points:

Latitude	Longitude
37°51'50"	122°19'01"
37°51'48"	122°19'08"
37°51'51"	122°19'10"
37°50'50"	122°22'03"
37°51'00"	122°22'07"
37°52'00"	122°19'15"
37°52'04"	122°19'17"
37°52'08"	122°19'08"
37°52'03"	122°19'03"
37°51'58"	122°19'02"

(5) *Anchorage 7 (temporary).* (i) That portion of San Francisco Bay bounded by the westerly shore of Treasure Island and the following lines: Beginning at the most westerly shore of Treasure Island at a point bearing 089°, 4,135 yards from Alcatraz Light; thence to points which are the following bearings and distances from Alcatraz Light: 073°30', 3,100 yards; 065°00', 2,040 yards; 117°40', 2,087 yards; 122°30', 3,730 yards; 111°00', 4,167 yards; 109°30', 3,833 yards; 098°30', 4,583 yards.

(ii) That portion of this anchorage lying westerly of a line having a bearing of 311°30' from Pier E of the San Francisco-Oakland Bay Bridge is reserved for the use of vessels while undergoing examination by quarantine, customs, immigration, Coast Guard, and other governmental authorities. Upon completion of these examinations, vessels shall promptly move out of this portion of the anchorage.

(iii) That portion of this anchorage lying easterly of the said line, having a bearing of 311°30' from Pier E of the San Francisco-Oakland Bay Bridge, is for use of vessels undergoing examination, as in subdivision (ii) of this subparagraph, and also for use of vessels requiring a temporary anchorage. Vessels shall not remain in this portion of the anchorage for longer than 72 hours.

(6) *Anchorage 8 (general).* That portion of San Francisco Bay east of the city of San Francisco, the corners of which are the following bearings and distances from the center of the anchor pier (Pier C) of the San Francisco-Oakland Bay Bridge: 157°, 880 yards; 188°, 1,170 yards;

172°, 3,470 yards; 168°, 3,520 yards; 162°, 3,235 yards.

(7) *Anchorage 9 (general).* Bounded on the north by the shore, the breakwater and turning basin at the Naval Air Station, Alameda, and a line from Naval Air Station Channel Lighted Buoy 6 to Naval Air Station Channel Entrance Lighted Buoy 2; thence to a point bearing 343°30', 3,330 yards from Hunters Point Light, and thence 146°; bounded on the south by a line 1,000 yards northerly from and parallel to the Hayward-San Mateo Bridge; and bounded on the east by the shore; including all of San Leandro Bay. Explosives Anchorage 14 and the forbidden anchorage zone surrounding this anchorage are excluded from Anchorage 9.

(8) *Anchorage 10 (naval).* (i) The triangular-shaped area immediately east of Sausalito northwest of a line bearing 234° from Point Stuard Light, and southwest of a line bearing 303° from Alcatraz Light.

(ii) This anchorage is for the use of public vessels of the United States, but may be used by yachts when not required for use by public vessels. All yachts making use of this anchorage shall be prepared to move immediately upon notice should the anchorage be required for public vessels. With the permission of the District Commander or Captain of the Port, permanent yacht moorings may be placed within this anchorage, not more than 300 yards from the shore.

NOTE: As used in this section, the term "District Commander" means the Commander, 12th Coast Guard District, and the term "Captain of the Port" means the officer who has been designated by the Commandant, U.S. Coast Guard, as Captain of the Port, San Francisco.

(9) *Anchorage 12 (naval).* That portion of San Francisco Bay east of the city of San Francisco, the corners of which are the following bearings and distances from the center of the anchor pier (Pier C) of the San Francisco-Oakland Bay Bridge: 157°, 880 yards; 111°, 1,000 yards; 095°30', 3,050 yards; 162°, 3,235 yards.

(10) *Anchorage 13 (explosives).* (i) A circular area having a radius of 333 yards around a white buoy used to mark its location bearing 051°30', 1,900 yards from the northerly extremity of California Point.

(ii) This anchorage is for the use of vessels loaded with, loading, or unloading explosives. This provision is not intended to prohibit lighters and barges from lying alongside ships for transfer of cargo.

(iii) The maximum total quantity of explosives that may be on board vessels in this anchorage shall be limited to 50 tons; except that, at the discretion of the District Commander or Captain of the Port, vessels in transit, loaded with explosives in excess of this limitation, may be permitted to anchor temporarily in this area provided the hatches to the holds containing explosives are not opened.

(iv) A circular zone 667 yards wide partially surrounding the anchorage is

a forbidden anchorage zone and shall not be used for anchorage purposes by any vessel.

(11) *Anchorage 14 (explosives)*. (i) The area 1,000 yards wide and 2,760 yards long, the end boundaries of which are semicircles with radii of 500 yards and centers, respectively, 100°00', 3,270 yards, and 112°30', 4,800 yards from Hunters Point South End Light, and the side boundaries of which are parallel tangents joining said semicircles. The anchorage is marked at each extremity by a white buoy.

(ii) The anchorage is for the use of vessels loaded with, loading, or unloading explosives. This provision is not intended to prohibit lighters and barges from lying alongside ships for transfer of cargo.

(iii) The maximum total quantity of explosives that may be on board any one vessel moored in this anchorage shall be limited to 3,000 tons. Vessels will be assigned berths in this anchorage by the District Commander or Captain of the Port on the basis of the maximum quantity of explosives that will be on board the vessel.

(iv) Vessels in this anchorage shall not anchor closer than 400 yards to one another but the number of vessels which may anchor in this area at any one time shall be at the discretion of the District Commander or the Captain of the Port. This provision is not intended to prohibit barges or lighters from lying alongside vessels for transfer of cargo.

(v) The 667-yard-wide area partially surrounding this anchorage is a forbidden anchorage zone and shall not be used for anchorage purposes by any vessel.

(vi) This anchorage and the surrounding forbidden anchorage zone may be temporarily discontinued by the Captain of the Port, San Francisco, Calif., when the area is required for general anchorage purposes.

5. Section 110.224(b) is amended by revoking §§ 110.224(b)(5) and 110.224(b)(6).

6. Section 110.224(c) is amended by revising §§ 110.224(c)(1) and 110.224(c)(2) to read as follows:

§ 110.224 San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, San Joaquin River, and connecting waters, California.

(c) *Carquinez Strait*—(1) *Anchorage 24 (general)*. Bounded by the northerly shore of Carquinez Strait and lines joining points which are the following bearings and distances from Carquinez Strait Light 4: 332°30', 1,820 yards; 347°, 1,330 yards; 347°, 710 yards; and 109°30', 1,800 yards.

(i) Any vessel anchoring in Anchorage 24 must promptly notify the Captain of the Port, San Francisco, and also make notification upon departing.

(2) *Anchorage 25 (general)*. Bounded by the south shore of Carquinez Strait and lines joining points which are the following bearings and distances from Benicia City Wharf Light: 145°30', 2,970

yards; 141°, 1,970 yards; and 234°, 1,300 yards.

(i) Any vessel anchoring in Anchorage 25 must promptly notify the Captain of the Port, San Francisco, and also make notification upon departing.

7. Section 110.224(d) is amended by revising § 110.224(d)(2) to read as follows:

§ 110.224 San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, San Joaquin River, and connecting waters, California.

(d) *Suisun Bay*

(i) *Anchorage 27 (general)*. An area in the northeast portion of Suisun Bay lying east of a line due north through tripod on Roe Island at Preston Point and north of the Roe Island shoreline to Gillespie Point; thence east of the Roe Island shoreline to the stake at the southernmost point of Roe Island; thence north of a line 100°, 4,400 yards; thence 090°, 6,000 yards to Chipps Island.

8. Section 110.224(e) is amended by revising § 110.224(e)(1) to read as follows:

§ 110.224 San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, San Joaquin River, and connecting waters, California.

(e) *San Joaquin River*—(1) *Anchorage 28 (general)*. The waters adjacent to Lower Sherman Island southeasterly of a line 450 yards long bearing 238° from Point Sacramento; easterly of a line bearing 163°30' from the west end of said 450-yard line; and northerly of a line bearing 027° from San Joaquin River Light 2.

9. Section 110.224(g) is amended by revising §§ 110.224(g)(12)(i) and 110.224(g)(13)(i) to read as follows:

§ 110.224 San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, San Joaquin River and connecting waters, California.

(g) *General regulations*.

(12) (i) Anchorage 13, 14, and 30 are reserved for vessels carrying explosives. All vessels carrying explosives shall be within these areas when anchored, except as provided in subparagraph (15) of this paragraph.

(13) (i) Whenever any non-self-propelled vessel, or any self-propelled vessel that is unable to maneuver under its own power due to mechanical difficulties, lack of personnel, or for any other reason, occupies explosives anchorages 13, 14, and 30, the District Commander or Captain of the Port may require these vessels to be attended by a tug, when in his judgment, such action is deemed necessary.

(Sec. 7, 38 Stat. 1053, as amended, sec. 6(g)(1)(A), 80 Stat. 937; 33 U.S.C. 471, 49 U.S.C. 1655(g)(1)(A); 49 CFR 1.4(a)(3)(i))

Effective date: This amendment shall become effective 30 days following the date of publication in the FEDERAL REGISTER.

Dated: October 27, 1969.

P. E. TRIMBLE,
Vice Admiral, U.S. Coast Guard
Acting Commandant.

Title 37—PATENTS, TRADE-MARKS, AND COPYRIGHTS

Chapter I—Patent Office, Department of Commerce

PART 1—RULES OF PRACTICE IN PATENT CASES

Issuance of Patent to Assignee

Notice of proposed rule making regarding the revision of § 1.334 of Title 37, Code of Federal Regulations, dealing with the issuance of a patent to an assignee, was published in the FEDERAL REGISTER of February 13, 1969 (34 F.R. 2136), and comments from the general public were invited. In view of the comments received, the Patent Office decided to alter its original proposal, and an amended version was published in the FEDERAL REGISTER of June 11, 1969 (34 F.R. 9213). The public, as was the case with the original proposal, was invited to submit written comments, suggestions or objections pertaining to the amended proposal.

Full attention has been given to all the comments received and minor changes in the text of the amended proposal have been effected where appropriate.

In consideration of the foregoing, and pursuant to the authority contained in section 6 of the Act of July 19, 1952 (66 Stat. 793; 35 U.S.C. 6), § 1.334 of Title 37, Code of Federal Regulations, is hereby revised as follows:

§ 1.334 Issue of patent to assignee.

In case of an assignment of the entire interest in the invention and application, or of the entire interest in the patent to be granted, the patent will normally issue to the assignee. If the assignee should hold an undivided part interest, the patent will normally issue jointly to the inventor and the assignee. If it is desired that the patent so issue the assignment in either case must first have been recorded, and at a day not later than the date payment is made of the issue fee or portion thereof specified in the notice of allowance. At the time of payment of the issue fee, a statement must be furnished indicating whether or not an assignment has been filed with the Patent Office. In the event an assignment has been filed, such statement must include the name of the assignee and indicate whether or not an acknowledgment of a recorded assignment has been received from the Patent Office.

Effective date: This revision shall become effective upon publication in the FEDERAL REGISTER.

WILLIAM E. SCHUYLER, Jr.,
Commissioner of Patents.

Approved: October 29, 1969.

Partial Revocation of Public Land Order No. 843

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 843 of June 24, 1952, which withdrew lands for use of the Department of the Air Force for military purposes, is hereby revoked so far as it affects the following described lands:

GALENA

Beginning at Corner No. 1, identical with Witness Meander Corner No. 8 of U.S. Survey 2627 which is an iron post with brass cap marked "W.C. S2627-C8" and from which point a tower bears N. 56°24' W., 6,338.64 feet; thence by metes and bounds: N. 23°25' E., 1,440.6 feet along line 7-8 U.S. Survey 2627 to Corner No. 2; S. 66°30' E., 4,500 feet to Corner No. 3; S. 31°30' E., 1,684 feet to Corner No. 4; S. 62°36' W., 2,270 feet approximately to Corner No. 5 and the mean high waterline of the Yukon River; northwesterly with the meanders of the Yukon River approximately 4,820 feet to point from which Corner No. 1 bears N. 23°25' E., 59.4 feet to Corner No. 1 and the point of beginning. Both banks of Beaver Creek are to be within the described area, except at its mouth where the POL line terminates on the river bank.

The areas described aggregate approximately 254 acres.

2. The lands are withdrawn by Public Land Order No. 4582 of January 17, 1969, for the determination and protection of the rights of the Native Aleuts, Eskimos, and Indians of Alaska. They will be open to location for metalliferous minerals at 10 a.m. on December 3, 1969.

Inquiries concerning the lands should be addressed to the Manager, Fairbanks District and Land Office, Fairbanks, Alaska.

Partial Revocation of Reclamation Project Withdrawals

By virtue of the authority contained in section 3 of the act of June 17, 1902 (32 Stat. 388; 43 U.S.C. 416), as amended and supplemented, it is ordered as follows:

1. The departmental orders of July 2, 1902, and July 9, 1904, which withdrew the lands for reclamation purposes are hereby revoked as far as they affect the following described lands:

MOUNT DIABLO MERIDIAN

T. 20 N., R. 22 E.,
Sec. 24, NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$.
T. 20 N., R. 23 E.,

Sec. 18, S $\frac{1}{2}$ SE $\frac{1}{4}$.

The areas described aggregate 2,819.51 acres in Washoe and Storey Counties.

The lands are situated, for the most part, on the steep slopes of the Virginia Mountain Range facing the Truckee River, between Sparks and Wadsworth, Nev.

2. At 10 a.m. on December 3, 1969, the land shall be open to operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received at or prior to 10 a.m. on December 3, 1969, shall be considered as

simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

3. The land will be open to location under the U.S. mining laws at 10 a.m. on December 3, 1969. It has been open to applications and offers under the mineral leasing laws.

Inquiries concerning the land should be addressed to the Manager, Land Office, Bureau of Land Management, Reno, Nev.

HANDLING OF GRAPEFRUIT GROWN IN ARIZONA AND CERTAIN COUNTIES IN CALIFORNIA

Notice of Proposed Rule Making With Respect to Approval of Expenses and Fixing of Rate of Assessment for 1969-70 Fiscal Period and Carryover of Unexpended Funds

Consideration is being given to the following proposals submitted by the Administrative Committee, established under the marketing agreement, as amended, and Order No. 909, as amended (7 CFR Part 909), regulating the handling of grapefruit grown in the State of Arizona, in Imperial County, Calif., and in that part of Riverside County, Calif., situated south and east of White Water, Calif., effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), as the agency to administer the terms and provisions thereof:

(1) That expenses that are reasonable and necessary to be incurred by the Administrative Committee during the period August 1, 1969, through July 31, 1970, will amount to \$144,750.

(2) That the rate of assessment for such period, payable by each handler in accordance with § 909.41, be fixed at three cents (\$0.03) per carton, or equivalent quantity of grapefruit; and

(3) That unexpended assessment funds, in excess of expenses incurred during such period, shall be carried over as a reserve in accordance with the applicable provisions of § 909.42.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals should file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than the 10th day after the publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

[7 CFR Part 1011]

MILK IN APPALACHIAN MARKETING AREA

Notice of Proposed Suspension of Certain Provisions of the Order

Notice is hereby given that, pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), the suspension of certain provisions of the order regulating the handling of milk in the Appalachian marketing area is being considered for the months of November and December 1969 and the months of January and February 1970.

All persons who desire to submit written data, views, or arguments in connection with the proposed suspension should file the same with the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250, not later than 5 days from the date of publication of this notice in the FEDERAL REGISTER. All documents filed should be in quadruplicate.

All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The provisions proposed to be suspended are as follows:

(1) In § 1011.11, "(1) Any day during the months of March through July, and (2) on not more than 15 days during any of the months of August through February:"

(2) In § 1011.44, all of paragraph (c); and

(3) In § 1011.44(d), "located not more than 200 miles, by the shortest highway distance as determined by the market administrator, from the nearer of the city hall of Bluefield, W. Va., or from the city limits of Kingsport, Tenn."

The proposed suspension would permit unlimited diversion of milk during the months of November-December 1969 and January-February 1970 directly from dairy farmers to unregulated plants wherever located, and would further provide for classification of such milk at its actual utilization.

Presently, the order limits the diversion of milk from a producer to not more than 15 days during the months of August through February. Current provisions also require automatic Class I utilization if milk is moved to an unregulated plant more than 200 miles from the nearer of the city hall of Bluefield, W. Va. or the city limits of Kingsport, Tenn.

Dairymen Inc., requests the suspension. This cooperative association, representing nearly all the producers in

this market, states the suspension order would tend to maximize returns to producers by increasing the opportunities to dispose of milk for fluid use. Also, that it would reduce costs since it would be more efficient to move milk directly from the farms of producers closest to unregulated plants (located more than 200 miles from either Bluefield or Kingsport) rather than receive such milk at a pool plant and then transfer the milk to distant unregulated plants.

Signed at Washington, D.C., on October 30, 1969.

JOHN C. BLUM,
Deputy Administrator,
Regulatory Programs.

FEDERAL TRADE COMMISSION

[16 CFR Part 423]

CARE LABELING OF TEXTILE PRODUCTS

Notice of Rule Making Proceeding

Notice is hereby given that the Federal Trade Commission, pursuant to the Federal Trade Commission Act, as amended, 15 U.S.C. 41, et seq., and the provisions of Part 1, Subpart B of the Commission's procedures and rules of practice, 16 CFR 1.11 et seq., has initiated a proceeding for the promulgation of trade regulation rules relating to care labeling of textile products.

For purposes of this proceeding,

"Textile product" is any commodity, made in whole or in part of fibers, yarn, or fabric, which commodity is intended for sale or resale, in the form manufactured, to consumer-purchasers.

"Laundering and cleaning instructions" include information with respect to dry cleaning and pressing; washing, drying, and ironing; or other applicable procedures used to clean a particular textile product.

The Commission has initiated this proceeding having reason to believe that:

(1) In recent years innovative developments in the fields of textiles and wearing apparel have produced a vast array of new fibers, fabrics, and finishes;

(2) This flood of new and different textiles has caused unusual problems for the consumer in making an informed selection from among the many competing products;

(3) Today, it is virtually impossible for even the most knowledgeable person to identify accurately, from appearance or feel alone, the fiber composition of a particular textile product, and it is equally difficult for the same person, even if fiber

content is known, to determine with certainty what care procedures or techniques should be used which will insure that the utility and appearance of the product will not be impaired and that satisfactory results will be achieved;

(4) All textile products require definite care procedures or techniques which should be followed in laundering or cleaning in order to insure that satisfactory results will be achieved;

(5) A number of textile products require special care procedures or techniques which should be followed in laundering or cleaning in order to insure that the utility and appearance of that product will not be impaired by shrinking, stretching, fading, or by other means;

(6) Many manufacturers and marketers of these products do not disclose, in any manner, laundering, cleaning, or other care instructions to prospective purchasers;

(7) When such information is supplied, it is normally in the form of detachable labels or tags which may be easily lost or destroyed by the ultimate consumer shortly after purchase;

(8) As a result, consumers, and in many cases even professional cleaners and launderers, are misled or deceived with respect to the care procedures necessary to achieve unimpaired utility and appearance; and consumers are deprived of the opportunity to make a rational and informed choice among competing textile products;

(9) This practice constitutes an unfair method of competition in commerce, and an unfair or deceptive act or practice in commerce, in violation of section 5 of the Federal Trade Commission Act.

Accordingly, the Commission now proposes the following trade regulation rules:

- Sec.
423.1 Rule 1.
423.2 Rule 2.
423.3 Rule 3.

AUTHORITY: The provisions of this Part 423 issued under 38 Stat. 717, as amended; 15 U.S.C. 41-58.

§ 423.1 Rule 1.

It is an unfair method of competition and an unfair or deceptive act or practice to sell any textile product in commerce, as "commerce" is defined in the Federal Trade Commission Act, which does not have a label or tag permanently affixed or attached thereto which accurately and clearly discloses proper instructions for the laundering and cleaning of such product, as well as any other instructions material to the proper care and normal use of such product, which, if not followed, may result in the impairment of its utility or appearance.

§ 423.2 Rule 2.

It is an unfair method of competition and an unfair or deceptive act or practice to sell any textile product in commerce, as "commerce" is defined in the Federal Trade Commission Act, which does not contain, either on the label or tag permanently affixed or attached thereto disclosing instructions for the laundering, cleaning and care of such product, or on a separate permanently affixed or attached label or tag, a certification from the manufacturer of the product to the ultimate consumer-purchaser that the instructions for the laundering, cleaning, and care of such product disclosed on the permanent label or tag are valid and proper, and will not impair the product's utility or appearance.

§ 423.3 Rule 3.

No person shall be adjudged in violation of § 423.1 (Rule 1) if he establishes a guaranty received in good faith, signed by and containing the name and address of the person residing in the United States by whom the textile product guaranteed was manufactured or from whom it was received, that said product is not mislabeled under the provisions of the rules in this part. Said guaranty shall be (a) a separate guaranty specifically designating the textile product guaranteed, in which case it may be on the invoice or other paper relating to said product; or (b) a continuing guaranty given by seller to the buyer applicable to all textile products sold to or to be sold to buyer by seller; or (c) a continuing guaranty filed with the Commission applicable to all textile products handled by a guarantor.

NOTE: The furnishing of a false guaranty, except in good faith reliance upon a guaranty received from a supplier, is an unfair method of competition and an unfair and deceptive act or practice.

For the purposes of carrying out the provisions of the statutes administered by it, the Commission is empowered to promulgate rules and regulations applicable to unlawful trade practices. Trade regulation rules express the experience and judgment of the Commission, based on facts of which it has knowledge derived from studies, reports, investigations, hearing, and other proceedings, or within official notice, concerning the substantive requirements of the statutes which it administers.

Where a trade regulation rule is relevant to any issue involved in an adjudicative proceeding thereafter instituted, the Commission may rely upon the rule to resolve the issue, provided that the respondent shall have been given a fair hearing on the applicability of the rule to the particular case.

All interested persons, including the consuming public, are hereby notified that they may file written data, views, or arguments concerning the proposed rules with the Chief, Division of Trade Regulation Rules, Bureau of Industry Guidance, Federal Trade Commission, Pennsylvania Avenue and Sixth Street NW., Washington, D.C. 20580, not later than January 6, 1970. To the extent practicable, persons wishing to file written presentations in excess of two pages should submit 20 copies.

All interested parties are given notice of opportunity to orally present data, views, or arguments with respect to the proposed rules at a public hearing to be held at 10 a.m., e.s.t., January 13 and 14, 1970, in Room 532 of the Federal Trade Commission Building, Washington, D.C.

Any person desiring to orally present his views at the hearing should so inform the Chief, Division of Trade Regulation Rules, not later than January 6, 1970, and state the estimated time required for his oral presentation. Reasonable limitations upon the length of time allotted to any person may be imposed. In addition, all parties desiring to deliver a prepared statement at the hearing should file such statement with the Chief, Division of Trade Regulation Rules, on or before January 6, 1970.

The data, views, or arguments presented with respect to the practices in question will be available for examination by interested parties at the office of the Assistant Secretary for Legal and Public Records, Federal Trade Commission, Washington, D.C., and will be considered by the Commission.

All persons, firms, corporations, or others engaged in the manufacture, sale, or distribution of textile products in commerce, as "commerce" is defined in the Federal Trade Commission Act, would be subject to the requirements of any trade regulation rules promulgated in the course of this proceeding. This proceeding, therefore, is designed to inform all industry members of their obligations under the law and to assure equitable treatment in complying therewith.

Fiber producers and manufacturers and marketers of textile products, as well as other interested parties, including members of the consuming general public, are urged to express their approval or disapproval of the proposed rules, or to recommend revisions thereof, and to give a full statement of their views in connection therewith.

Issued: November 4, 1969.

By the Commission.

JOSEPH W. SHEA,
Secretary.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

FLOYD FLUD

Notice of Granting of Relief

Notice is hereby given that Floyd Flud, 1147 Terrace, Grapevine, Tex. 76051, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on April 17, 1958, in the Criminal District Court in and for the County of Dallas, Tex., of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for Floyd Flud, because of such conviction to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be prevented under chapter 44, title 18, United States Code, from obtaining a license under that chapter as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition under title VII of the Omnibus Crime Control and Safe Streets Act of 1968 (82 Stat. 236; 18 U.S.C., Appendix) because of such conviction it would be unlawful for Mr. Flud to receive, possess, or transport in commerce a firearm. Notice is hereby further given that I have considered Floyd Flud's application and have found:

(1) The conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction, and the applicant's record and reputation, are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the requested relief to Floyd Flud from disabilities incurred by reason of his conviction, would not be contrary to the public interest.

It is ordered, Pursuant to the authority vested in the Secretary of the Treasury by section 925(c), of title 18, United States Code and delegated to me by the regulations in Title 26, Part 178, Code of Federal Regulations, that Floyd Flud be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms, incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 28th day of October 1969.

JAMES ARTHUR WHITFIELD

Notice of Granting of Relief

Notice is hereby given that James Arthur Whitfield, 4303 Millers Lane, Richmond, Va., has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on September 21, 1964, in the U.S. District Court for the Eastern District of Virginia, of an offense punishable by imprisonment for a term exceeding 1 year, as defined in 18 U.S.C. 921(a) (20). Unless relief is granted, it will be unlawful for James Arthur Whitfield, because of said conviction, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be prevented under chapter 44, title 18, United States Code, from obtaining a license under that chapter as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968 (82 Stat. 236; 18 U.S.C. Appendix) it would be unlawful for Mr. Whitfield to receive, possess, or transport in commerce or affecting commerce a firearm. Notice is hereby further given that I have considered James Arthur Whitfield's application and have found:

(1) The conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction, and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the requested relief to James Arthur Whitfield from disabilities incurred by reason of his conviction would not be contrary to the public interest.

It is ordered, Pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code, and delegated to me by the regulations in Title 26, Part 178, Code of Federal Regulations, that James Arthur Whitfield be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 28th day of October 1969.

2. Publication of this notice segregates the affected public lands from all forms of disposal under the public land laws, including the mining laws, except the form of disposal for which it is proposed to classify the lands. However, publication does not alter the applicability of the public land laws governing the use of the lands under lease, license, or permit, or govern the disposal of their mineral and vegetative resources, other than under the mining laws.

3. The classification has been discussed and analyzed in detail with the State of California, the county and with other agencies, groups, and individuals. Maps and other information are available for inspection in the Ukiah District Office, 168 Washington Avenue, Ukiah, Calif. 95482. The lands are needed by the State of California to further the development of Mount St. Helena State Park.

4. For a period of 30 days, interested parties may submit comments to the Secretary of the Interior, LLM, 320, Washington, D.C. 20240.

OIL AND GAS LEASING IN THE OUTER CONTINENTAL SHELF

New Lease Form

Notice is hereby given that the following form, Form 3380-1 (October 1969), has been approved by the Secretary of the Interior for the future leasing of oil and gas deposits in the Outer Continental Shelf of the United States.

JOHN O. CROW,
Associate Director,
Bureau of Land Management.

OCTOBER 30, 1969.

Form 3380-1
(October 1969)

U.S. DEPARTMENT OF THE INTERIOR, BUREAU OF
LAND MANAGEMENT

OIL AND GAS LEASE OF SUBMERGED LANDS UNDER
THE OUTER CONTINENTAL SHELF LANDS ACT

This lease is made and effective as of _____ (hereinafter called the Effective Date) by and between the United States of America (hereinafter called the Lessor), by the _____, Bureau of Land Management, its authorized officer, and _____ (hereinafter called the Lessee). In consideration of the cash payment heretofore made by the Lessee to the Lessor and in consideration of the promises, terms, conditions and covenants contained herein, the parties hereto agree as follows:

SECTION 1. Statutes and Regulations. This lease is made pursuant to the Outer Continental Shelf Lands Act of August 7, 1953 (67 Stat. 462; 43 U.S.C. secs. 1331, et seq.) (hereinafter called the Act). This lease is subject to all the provisions of the Act and to all the terms, conditions and requirements of the valid regulations promulgated by the Secretary of the Interior (hereinafter called the Secretary) thereunder in existence upon the effective date of this lease, all of which are incorporated herein and, by reference, made a part hereof. This lease shall also be subject to regulations hereafter issued by the Secretary pursuant to his authority under section 5(a)(1) of the Act to prescribe and amend at any time such rules and regulations as he may determine to be necessary and proper in order to provide for the prevention of waste and for the conservation of the natural resources of the Outer Continental Shelf, and for the protection of correlative rights therein, which regulations shall be deemed incorporated herein and, by reference, made a part hereof when promulgated.

Sec. 2. Rights of Lessee. The Lessor hereby grants and leases to the Lessee the exclusive right and privilege to drill for, mine, extract, remove and dispose of oil and gas deposits, except helium gas, in or under the following-described area of the Outer Continental Shelf of the United States:

_____ containing approximately _____ acres (hereinafter referred to as the leased area), together with:

(a) the nonexclusive right to conduct within the leased area geological and geophysical explorations in accordance with applicable regulations;

(b) the nonexclusive right to drill water wells within the leased area and to use water produced therefrom for operations pursuant to the Act free of cost, provided that such drilling is conducted in accordance with procedures approved by the Regional Oil and Gas Supervisor of the Geological Survey (hereinafter called the "Supervisor"); and

(c) the right to construct or erect and to maintain within the leased area all artificial

islands, platforms, fixed or floating structures, sea walls, docks, dredged channels and spaces, buildings, plants, telegraph or telephone lines and cables, pipelines, reservoirs, tanks, pumping stations, and other works and structures necessary to the full enjoyment of the rights granted by this lease, subject to compliance with applicable laws and regulations.

Sec. 3. Obligations of Lessee. The Lessee agrees:

(a) **Rentals and royalties.** (1) To pay rentals and royalties as follows:

Rentals. With respect to each lease year commencing prior to a discovery of oil or gas on the leased area, to pay the Lessor on or before the first day of each such year, a rental of _____ per acre or fraction thereof.

Minimum royalty. To pay the Lessor at the expiration of each lease year commencing after discovery a minimum royalty of _____ per acre or fraction thereof or, if there is production, the difference between the actual royalty required to be paid with respect to such lease year and the prescribed minimum royalty, if the actual royalty paid is less than the minimum royalty.

Royalty on production. To pay the Lessor a royalty of _____ percent in amount or value of production saved, removed, or sold from the leased area. Gas of all kinds (except helium and gas used for purposes of production from and operations upon the leased area or unavoidably lost) is subject to royalty.

(2) It is expressly agreed that the Secretary may establish minimum values for purposes of computing royalty on products obtained from this lease, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field, or area, to the price received by the Lessee, to posted prices, and to other relevant matters. Each such determination shall be made only after due notice to the Lessee and a reasonable opportunity has been afforded the Lessee to be heard.

(3) When paid in value, royalties on production shall be due and payable monthly on the last day of the month next following the month in which the production is obtained. When paid in production, such royalties shall be delivered at pipeline connections or in tanks provided by the Lessee. Such deliveries shall be made at reasonable times and intervals and, at the Lessor's option, shall be effected either (i) on or immediately adjacent to the leased area, without cost to the Lessor, or (ii) at a more convenient point closer to shore or on shore, in which event the Lessee shall be entitled to reimbursement for the reasonable cost of transporting the royalty substance to such delivery point. The Lessee shall not be required to provide storage for royalty taken in kind in excess of tankage required when royalty is paid in value. When payments are made in production the Lessee shall not be held liable for the loss or destruction of royalty oil or other liquid products in storage from causes over which the Lessee has no control.

(b) **Bonds.** To maintain at all times the bond required prior to the issuance of this lease and to furnish such additional security as may be required by the Lessor if, after operations or production have begun, the Lessor deems such additional security to be necessary.

(c) **Wells.** (1) To diligently drill and produce such wells as are necessary to protect the Lessor from loss by reason of production on other properties or, in lieu thereof, with the consent of the Supervisor, to pay a sum determined by the Supervisor as adequate to compensate the Lessor for failure to drill and produce any such well. In the event that this lease is not being maintained in force

by other production of oil or gas in paying quantities or by other approved drilling or reworking operations, such payments shall be considered as the equivalent of production in paying quantities for all purposes of this lease.

(2) After due notice in writing, to diligently drill and produce such other wells as the Secretary may reasonably require in order that the leased area or any part thereof may be properly and timely developed and produced in accordance with good operating practice.

(3) At the election of the Lessee, to drill and produce other wells in conformity with any system of well spacing or production allotments affecting the area, field, or pool in which the leased area or any part thereof is situated, which is authorized or sanctioned by applicable law or by the Secretary.

(d) **Payments.** To make all payments to the Lessor by check, bank draft or money order payable as indicated herein unless otherwise provided by regulations or by direction of the Secretary. Rental, royalties, and other payments shall be made payable to the United States Geological Survey and tendered to the Supervisor, except that filing charges, bonuses, and first year's rental shall be made payable to the Bureau of Land Management and remitted to the Manager of the appropriate field office of that Bureau.

(e) **Inspection.** To keep open at all reasonable times for the inspection of any duly authorized representative of the Lessor, the leased area and all wells, improvements, machinery, and fixtures thereon and all books, accounts, and records relative to operations and surveys or investigations on or with regard to the leased area or under the lease.

(f) **Conduct of operations.** To conduct all operations under this lease in accordance with applicable law and regulations.

(g) **Indemnification.** To indemnify and save the Lessor harmless against and from any and all claims of any nature whatever, including without limitation claims for loss or damage to property or injury to persons, caused by, or resulting from, any operation on the leased area conducted by or on behalf of the Lessee: *Provided*, That the Lessee shall not be held responsible to the Lessor under this subsection for any loss, damage, or injury caused by, or resulting from: (1) Any negligent action of the Lessor other than the exercise or performance of (or the failure to exercise or perform) a discretionary function or duty on the part of a Federal agency or an employee of such an agency, whether or not the discretion involved is abused; or (2) the Lessee's compliance with an order or directive of the Lessor against which an appeal by the Lessee under 30 CFR 250.81 is filed before the cause of action for such a claim arises and is pursued diligently thereafter.

(h) **Equal Opportunity Clause.** The Lessee agrees that, during the performance of this lease:

(1) The Lessee will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Lessee will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Lessee agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Lessor setting forth the provisions of this Equal Opportunity clause.

(2) The Lessee will, in all solicitations or advertisements for employees placed by or on behalf of the Lessee, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(3) The Lessee will send to each labor union or representative of workers with which Lessee has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the Lessor, advising the labor union or workers' representative of the Lessee's commitments under this Equal Opportunity clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The Lessee will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The Lessee will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, as amended, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the Secretary of the Interior and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the Lessee's noncompliance with the Equal Opportunity clause of this lease or with any of said rules, regulations, or orders, this lease may be canceled, terminated or suspended in whole or in part and the Lessee may be declared ineligible for further Federal Government contracts or leases in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, as amended, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The Lessee will include the provisions of Paragraphs (1) through (7) of this subsection 3(h) in every contract, subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order No. 11246 of September 24, 1965, as amended, so that such provisions will be binding upon each contractor, subcontractor or vendor. The Lessee will take such action with respect to any contract, subcontract or purchase order as the Secretary may direct as a means of enforcing such provisions including sanctions for noncompliance: *Provided, however,* That in the event the Lessee becomes involved in, or is threatened with, litigation with a contractor, subcontractor, or vendor as a result of such direction by the Secretary, the Lessee may request the Lessor to enter into such litigation to protect the interests of the Lessor.

(1) *Certification of nonsegregated facilities.* By entering into this lease, the Lessee certifies that Lessee does not and will not maintain or provide for Lessee's employees any segregated facilities at any of Lessee's establishments, and that Lessee does not and will not permit Lessee's employees to perform their services at any location, under Lessee's control, where segregated facilities are maintained. The Lessee agrees that a breach of this certification is a violation of the Equal Opportunity clause in this lease. As used in this certification, the term "segregated facilities" means, but is not limited to, any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are

segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. Lessee further agrees that (except where Lessee has obtained identical certifications from proposed contractors and subcontractors for specific time periods) Lessee will obtain identical certifications from proposed contractors and subcontractors prior to the award of contracts or subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause; that Lessee will retain such certifications in Lessee's files; and that Lessee will forward the following notice to such proposed contractors and subcontractors (except where the proposed contractor or subcontractor has submitted identical certifications for specific time periods): Notice to prospective contractors and subcontractors of requirement for certification of non-segregated facilities. A Certification of Non-segregated Facilities, as required by the May 9, 1967, order (32 F.R. 7439, May 19, 1967) on Elimination of Segregated Facilities, by the Secretary of Labor, must be submitted prior to the award of a contract or subcontract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each contract and subcontract or for all contracts and subcontracts during a period (i.e., quarterly, semiannually, or annually).

(j) *Assignment of lease.* To file for approval with the appropriate office of the Bureau of Land Management any instrument of transfer of this lease, or any interest therein, required to be filed under applicable regulations, within the time and in the manner prescribed by the applicable regulations.

Sec. 4. *Term.* This lease shall continue for a period of 5 years from the effective date of this lease and so long thereafter as oil or gas may be produced from the leased area in paying quantities, or drilling or well reworking operations, as approved by the Secretary, are conducted thereon.

Sec. 5. *Cooperative or Unit Plan.* Lessee agrees that, within 30 days after demand by Lessor, Lessee will subscribe to and operate under such cooperative or unit plan for the development and operation of the area, field, or pool, or part thereof, embracing lands subject to this lease as the Secretary may determine to be practicable and necessary or advisable in the interest of conservations. Where any provision of a cooperative or unit plan of development which has been approved by the Secretary, and which by its terms affects the leased area or any part thereof, is inconsistent with a provision of this lease, the provision of such cooperative or unit plan shall govern.

Sec. 6. *Reservations to Lessor.* All rights in the leased area not expressly granted to the Lessee by the Act, the regulations, or this lease are hereby reserved to the Lessor. Without limiting the generality of the foregoing, such reserved rights include:

(a) *Geological and geophysical exploration; rights-of-way.* The right to authorize the conduct of geological and geophysical exploration in the leased area which does not interfere with or endanger actual operations under this lease, and the right to grant such easements or rights-of-way upon, through, or in the leased area as may be necessary or appropriate to the working of other lands or to the treatment and shipment of products thereof by or under authority of the United States, its Lessees or Permittees.

(b) *Leases of sulfur and other minerals.* The right to grant leases of any mineral other than oil and gas within the leased area or any part thereof. No lease of other mineral shall authorize or permit the Lessee thereunder unreasonably to interfere with or endanger operations under this lease.

(c) *Purchase of production.* In time of war, or when the President of the United States shall so prescribe, the right of first refusal to purchase at the market price all or any portion of the oil or gas produced from the leased area, as provided in section 12(b) of the Act.

(d) *Taking of royalties.* The right to determine whether royalty will be taken in the amount or the value of production.

(e) *Helium.* Pursuant to section 12(f) of the Act, the ownership of and the right to extract helium from all gas produced under this lease.

(f) *Suspension of operations during war or national emergency.* Upon recommendation of the Secretary of Defense, during a state of war or national emergency declared by the Congress or President of the United States after August 7, 1953, the authority of the Secretary to suspend any or all operations under this lease, as provided in section 12(c) of the Act: *Provided,* That just compensation shall be paid by the Lessor to the Lessee.

(g) *Restriction of exploration and operations.* The right, as provided in section 12(d) of the Act, to restrict from exploration and operations the leased area or any part thereof which may be designated by and through the Secretary of Defense, with the approval of the President, as, or as part of, an area of the Outer Continental Shelf needed for national defense; and so long as such designation remains in effect no exploration or operations may be conducted on the surface of the leased area or the part thereof included within the designation except with the concurrence of the Secretary of Defense; and if operations or production under this lease within any such restricted area shall be suspended, any payments of rentals and royalty prescribed by this lease likewise shall be suspended during such period of suspension of operations and production, and the term of this lease shall be extended by adding thereto any such suspension period, and the Lessor shall be liable to the Lessee for such compensation as is required to be paid under the Constitution of the United States.

Sec. 7. *Directional Drilling.* A directional well drilled under the leased area from a surface location on nearby land not covered by this lease shall be deemed to have the same effect for all purposes of this lease as a well drilled from a surface location on the leased area. In such circumstances, drilling shall be considered to have been commenced on the leased area when drilling is commenced on the nearby land for the purpose of directionally drilling under the leased area, and production of oil or gas from the leased area through any directional well surfaced on nearby land or drilling or reworking of any such directional well shall be considered production or drilling or reworking operations (as the case may be) on the leased area for all purposes of this lease. Nothing contained in this paragraph is intended or shall be construed as granting to the Lessee any leasehold interests, licenses, easements, or other rights in or with respect to any such nearby land in addition to any such leasehold interests, licenses, easements, or other rights which the Lessee may have lawfully acquired under the Act or from the Lessor or others.

Sec. 8. *Surrender of Lease.* The Lessee may surrender this entire lease or any officially designated subdivision of the leased area by filing with the appropriate office of the Bureau of Land Management a written relinquishment, in triplicate, which shall be effective as of the date of filing. No surrender of this lease or of any portion of the leased area shall relieve the Lessee or his surety of the obligation to make payment of all accrued rentals and royalties or to

abandon all wells on the area to be surrendered in a manner satisfactory to the Supervisor.

Sec. 9. *Removal of Property on Termination of Lease.* Upon the termination of this lease in whole or in part, or the surrender of the lease in whole or in part, as herein provided, the Lessee shall within a period of 1 year thereafter remove from the premises no longer subject to the lease all structures, machinery, equipment, tools, and materials in accordance with applicable regulations and orders of the Supervisor. *Provided, however,* That the Lessee may continue to maintain any such property on the leased area for whatever longer period it may be needed, as determined by the Supervisor, for producing wells or for drilling or producing on other leases.

Sec. 10. *Remedies in Case of Default.* (a) Whenever the Lessee fails to comply with any of the provisions of the Act, or of this lease, or of the regulations issued under the Act and in force and effect on the Effective Date of this lease, the lease shall be subject to cancellation in accordance with the provisions of section 5(b) of the Act: *Provided, however,* That the 30-day notice provision applicable to nonproducing leases under section 5(b)(1) of the Act shall also apply as a prerequisite to the institution of any legal action by the Lessor to cancel this lease while it is in a producing status. Nothing in this subsection shall be construed to apply to, or require any notice with respect to, any legal action instituted by the Lessor other than an action to cancel the lease pursuant to section 5(b) of the Act.

(b) Whenever the Lessee fails to comply with any of the provisions of the Act, or of this lease, or of any regulations promulgated by the Secretary under the Act, the Lessor may exercise any legal or equitable remedy or remedies which the Lessor may have, including appropriate action under the penalty provisions of section 5(a)(2) of the Act; however, the remedy of cancellation of the lease may be exercised only under the provisions of section 5(b) and section 8(1) of the Act.

(c) A waiver of any particular violation of the provisions of the Act, or of this lease, or of any regulations promulgated by the Secretary under the Act, shall not prevent the cancellation of this lease or the exercise of any other remedy or remedies under paragraphs (a) and (b) of this section by reason of any other such violation or for the same violation occurring at any other time.

Sec. 11. *Heirs and Successors in Interest.* Each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns, of the respective parties hereto.

Sec. 12. *Unlawful Interest.* No member of, or Delegate to, Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified, and during his continuance in office, and no officer, agent, or employee of the Department of the Interior, except as provided in 43 CFR 7.4(a)(1), shall be admitted to any share or part in this lease or derive any benefit that may arise therefrom; and the provisions of section 3741 of the Revised Statutes (41 U.S.C. sec. 22), as amended, and sections 431, 432, and 433 of title 18 of the United States Code, relating to contracts made or entered into, or accepted by or on behalf of the United States, form a part of this lease so far as the same may be applicable.

FEDERAL POWER COMMISSION

[Docket No. RP69-20]

EL PASO NATURAL GAS CO.

Notice of Motion for Modification of Commission Order

OCTOBER 29, 1969.

Take notice that El Paso Natural Gas Co. on October 22, 1969, moved that the Commission modify its order issued in Docket No. RP69-20 on March 20, 1969, as amended by order issued in Dockets Nos. RP69-6 and RP69-20 on June 3, 1969, and by order issued in Docket No. RP69-20 on July 28, 1969.

El Paso states that it seeks further modification of the Commission's order of March 20, 1969, as amended, to permit El Paso to utilize for increases in its Southern Division rates, increased purchased gas costs actually sustained by El Paso during that portion of any suspension period which may be prescribed by the Commission in Docket No. RP70-11 beyond December 31, 1969, the last date upon which El Paso is now authorized to make tracking filings in Docket No. RP69-20. Under this proposal El Paso would be permitted to track supplier rate increases becoming effective after September 17, 1969, with respect to presently attached Southern Division System suppliers identified in its rate increase proposal filed October 13, 1969, in Docket No. RP70-11.

El Paso states that it does not request authority to increase the limitation of 1.72 cents per Mcf as the maximum ag-

gregate amount of increases it may place into effect in Docket No. RP 69-20.

Under its proposed modification, El Paso states that need does not exist for the "Alternative Revised Tariff Sheets" contained in the notice of rate change pending at Docket No. RP70-11 and requests that such alternative revised tariff sheets be deemed withdrawn.

Any person desiring to be heard or to make any protest with reference to said motion should on or before November 7, 1969, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene, protests, answers or objections in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10, or 1.12). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The motion is on file with the Commission and available for public inspection. It appears that good cause exists for shortening the notice period.

INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

CERTAIN COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN THE REPUBLIC OF HONDURAS

Entry or Withdrawal From Warehouse for Consumption

On October 28, 1969, the U.S. Government, in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 6(c) thereof relating to nonparticipants, informed the Government of the Republic of Honduras that it was renewing for an additional 12-month period beginning October 31, 1969 and extending through October 30, 1970, the restraint on imports into the United States of cotton textile products in Category 61, produced or manufactured in the Republic of Honduras. Pursuant to Annex B, paragraph 2, of the Long-Term Arrangement the level of restraint for this 12-month period is 5 percent greater than the level of restraint applicable to Category 61 for the preceding 12-month period. There is published below a letter of October 30, 1969, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amount of cotton textile products in Category 61,

produced or manufactured in the Republic of Honduras which may be entered or withdrawn from warehouse for consumption in the United States for the 12-month period beginning October 31, 1969, be limited to the designated levels.

STANLEY NEHMER,
Chairman, Interagency Textile
Administrative Committee,
and Deputy Assistant Secretary
for Resources.

PRESIDENT'S CABINET TEXTILE ADVISORY
COMMITTEE

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20226.

OCTOBER 30, 1969.

DEAR MR. COMMISSIONER: Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 6(c) thereof relating to nonparticipants, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, you are directed to prohibit, effective October 31, 1969, and for the 12-month period extending through October 30, 1970, entry into the United States for consumption and withdrawal from warehouse for consumption, of cotton textile products in Category 61 produced or manufactured in the Republic of Honduras, in excess of a level of restraint for the period of 31,500 dozen.

In carrying out this directive, entries of cotton textile products in Category 61, produced or manufactured in the Republic of Honduras and which have been exported to the United States from the Republic of Honduras prior to October 31, 1969, shall, to the extent of any unfilled balances be charged against the level of restraint established for such goods during the period October 31, 1968, through October 30, 1969. In the event that the level of restraint established for such goods for that period has been exhausted by previous entries, such goods shall be subject to the directives set forth in this letter.

A detailed description of Category 61 in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on January 17, 1968 (33 F.R. 582), and amendments thereto on March 15, 1968 (33 F.R. 4600).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of the Republic of Honduras and with respect to imports of cotton textiles and cotton textile products from Honduras have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. IV, 1965-68). This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

MAURICE H. STANS,
Secretary of Commerce, Chairman,
President's Cabinet Textile Ad-
visory Committee.

BANGOR HYDRO-ELECTRIC CO. ET AL.

Notice of Proposed Acquisition of Common Stock of Public-Utility Company

OCTOBER 29, 1969.

In the matter of Bangor Hydro-Electric Co., 33 State Street, Bangor, Maine 04401; Central Maine Power Co., 9 Green Street, Augusta, Maine 04330; Maine Public Service Co., 209 State Street, Presque Isle, Maine 04769.

Notice is hereby given that a joint application and an amendment thereto have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act") by the three companies named above, requesting authorization to acquire shares of common stock of Maine Electric Power Co. ("MEPCO"), in amounts set forth below, to finance the construction of MEPCO's transmission facilities. The application designates sections 9(a) and 10 of the Act as applicable to the proposed transactions. All interested persons are referred to the joint application, as amended, which is summarized below, for a complete statement of the proposed transactions.

Bangor Hydro-Electric Co. ("Bangor") is an electric utility company incorporated under the laws of the State of Maine and owns 7 percent of the common stock of Maine Yankee Atomic Power Co. ("Maine Yankee") also an electric utility company. Central Maine Power Co. ("Central Maine") and Maine Public Service Co. ("Maine Public") are electric utility companies incorporated under the laws of the State of Maine and are exempt holding companies under the Act. Central Maine owns 9.5 percent of the stock of Yankee Atomic Electric Co., 6 percent of the stock of Connecticut Yankee Atomic Power Co., 4 percent of the common stock of Vermont Yankee Nuclear Power Corp. and 38 percent of the common stock of Maine Yankee. Maine Public owns 100 percent of the stock of Maine and New Brunswick Electrical Power Co., Limited and 5 percent of the common stock of Maine Yankee. Bangor and Central Maine are engaged in the transmission, generation and distribution of electric power in the State of Maine and Maine Public is engaged in the transmission and distribution of electric power in that State.

Pursuant to an agreement of July 31, 1969, MEPCO, a Maine corporation, assumed the rights and obligations of Central Maine under a 25-year Interconnection Agreement and a Power Agreement with The New Brunswick Electric Power Commission ("New Brunswick"), a statutory body created by the Province of New Brunswick, Canada. Under these agreements MEPCO

and New Brunswick will build, maintain and operate a 345 kv. transmission line from Keswick, New Brunswick, to Wiscasset, Maine, with MEPCO constructing the portion of the line from the Canadian border to Wiscasset which will there interconnect with the New England transmission grid. After the line is constructed, MEPCO will pay New Brunswick for blocks of power to be delivered at the border, and will be reimbursed, at cost, by the electric utilities in the New England region which have contracted to take power at the border.

All mainland electric utility companies located in the State of Maine were offered an opportunity to participate in the ownership of MEPCO, and all mainland electric utility companies in New England were offered the opportunity to purchase power at the border for transmission over the MEPCO portion of the line.

The five Maine electric utility companies listed below have agreed to purchase 20,000 shares of MEPCO's \$100 par value common stock for an aggregate of \$2 million, as follows:

	Stock percentage	Number of shares
Central Maine.....	77.938	15,587
Bangor.....	14.188	2,838
Maine Public.....	7.490	1,498
Rangeley Power Co.....	.210	43
Woodland Water & Electric Co.....	.168	34
	100.000	20,000

There are three additional electric utility companies in Maine, which heretofore have only expressed an interest, and should such companies decide to purchase common stock in MEPCO, then there will be a redistribution of the common stock. Each company which owns common stock of MEPCO will be represented on MEPCO's Board of Directors in approximate proportion to its common stock ownership thereof. Each of MEPCO's principal officers is an officer of the companies which own MEPCO stock.

The proceeds from the sale of the common stock will be used for initial expenses such as land acquisition, engineering, and preliminary construction. MEPCO expects to finance its remaining capital requirements, now estimated at \$18 million, by an interim line of credit with banks for \$8,200,000, and later, by a public sale of long-term debt of up to \$18 million to repay the bank loans and to provide the funds for the balance of the construction.

It is stated that the Maine Public Utilities Commission has authorized the issue and sale of the common stock by MEPCO and the acquisition of the MEPCO common stock by the five Maine companies. The Federal Power Commission has issued a permit authorizing MEPCO to construct, operate, maintain, and connect electrical transmission facilities at the border between the United States and Canada. The Federal Power Commission also has jurisdiction over the transmission of electric energy for the account of other electric utilities between the United

States and Canada. New Brunswick has committed itself to secure the required Canadian regulatory approvals which will be filed by amendment. It is further stated that no other State commission and no other Federal commission, other than this Commission, has jurisdiction over the proposed transactions. The expenses of Bangor, Central Maine, and Maine Public are estimated to total \$2,500.

Notice is further given that any interested person may, not later than November 21, 1969, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicants at the above-stated addresses, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as amended or as it may be further amended, may be granted as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

Secretary.

SOUTHWESTERN ELECTRIC POWER CO.

Notice of Proposed Issue and Sale of First Mortgage Bonds at Competitive Bidding

OCTOBER 24, 1969.

Notice is hereby given that Southwestern Electric Power Co. ("Southwestern"), 428 Travis Street, Shreveport, La. 71101, a registered holding company and an electric utility subsidiary company of Central and South West Corp., also a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a) and 7 of the Act and Rule 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the declaration, which is summarized below, for a

complete statement of the proposed transaction.

Southwestern proposes to issue and sell, pursuant to the competitive bidding requirements of Rule 50, \$35 million principal amount of First Mortgage Bonds, Series K, ----- percent, due December 1, 1999. The interest rate (which shall be a multiple of one-eighth of one percent) and the price, exclusive of accrued interest, to be paid to Southwestern for the bonds (which shall be not less than 99 percent nor more than 102½ percent of the principal amount of the bonds) will be determined by the competitive bidding. The bonds will be issued under the Mortgage dated February 1, 1940, between Southwestern and Continental Illinois National Bank and Trust Company of Chicago, as Trustee, as heretofore supplemented and as to be further supplemented by a supplemental indenture to be dated December 1, 1969, and which includes a prohibition until December 1, 1974, against refunding the issue with the proceeds of funds borrowed at a lower annual cost of money.

The net proceeds from the sale of the bonds will be used to finance the construction program of Southwestern and its subsidiary companies (including repayment of about \$14 million of short-term loans incurred therefor). Construction expenditures for the fourth quarter of 1969 and for the calendar year 1970 are presently estimated at \$14,220,000 and \$38,160,000, respectively. The net proceeds may also be applied to the retirement of \$12,306,000 of First Mortgage Bonds, Series A, maturing on February 1, 1970.

It is stated that the fees and expenses to be incurred in connection with the issue and sale of the bonds are estimated at \$67,000, including accountants' fees of \$3,000 and counsel fees of \$17,200. The fee of counsel for the underwriters, to be paid by the successful bidders, is estimated at \$8,500.

It is further stated that the Arkansas Public Service Commission and the Corporation Commission of the State of Oklahoma have jurisdiction over the proposed transaction, that their respective orders of authorization are to be filed by amendment, and that no other State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than November 17, 1969, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of

service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

TRW INTERNATIONAL FINANCE CORP.

Notice of Filing of Application for Order Exempting Company From All Provisions of the Act

OCTOBER 29, 1969.

Notice is hereby given that TRW International Finance Corp. ("Applicant"), c/o P. W. Schuette, Esq., Secretary of TRW Inc., 23555 Euclid Avenue, Cleveland, Ohio 44117, a Delaware corporation, has filed an application pursuant to section 6(c) of the Investment Company Act of 1940 ("Act") and Rule 6c-1 thereunder, for an order exempting Applicant from all provisions of the Act effective as of October 10, 1969. All interested persons are referred to the application on file with the Commission for a statement of the material representations made therein, which are summarized below.

The United States Interest Equalization Tax (Internal Revenue Code, ch. 41, secs. 4911-4931) expired on September 30, 1969. The existence of such tax is a condition to the general exemption from the Act of certain finance subsidiaries of U.S. corporations set forth in Rule 6c-1 under the Act. But for such expirations, it would not be necessary for Applicant to make this application.

Applicant states that it will comply with the conditions of Rule 6c-1 under the Act, with the exception that it cannot comply with the condition contained in paragraph (c)(1) thereof if, on the date of issuance of the bonds, there shall not be in force the Interest Equalization Tax or another tax providing a comparable deterrent to the purchase of the bonds by U.S. nationals or residents. Applicant makes the following state-

ments in connection with this undertaking.

1. Applicant was organized under the laws of the State of Delaware on January 17, 1968. All of Applicant's outstanding capital stock (consisting solely of common stock) is owned by TRW Inc., an Ohio corporation, organized in 1916. Any additional securities which Applicant may issue, other than debt securities, shall be issued only to TRW Inc. or to a fully owned subsidiary of TRW Inc. TRW Inc. will continue to retain its present holdings of Applicant's common stock and any additional securities of Applicant which TRW Inc. may acquire, and will not dispose of any of Applicant's securities (other than debt securities) except to Applicant itself or to a fully owned subsidiary of TRW Inc.; and TRW Inc. will cause each fully owned subsidiary not to dispose of Applicant's securities (other than debt securities) except to TRW Inc., to Applicant, or to one or more fully owned subsidiaries of TRW Inc.

2. The primary purpose of Applicant is to finance the foreign business operations of TRW Inc. through the sale of Applicant's securities, including borrowings, outside the United States. Applicant's organization is consistent with the President's program to improve the balance of payments position of the United States.

3. TRW Inc. is a technically oriented company whose shares are listed on the New York Stock Exchange and other national securities exchanges. Its principal businesses are the manufacture and sale of products and the performance of systems engineering, research, and technical services in the space, defense, and electronic fields, and the manufacture and sale of industrial products and components for aircraft and automobiles and other vehicles.

4. Applicant intends to issue and sell on Wednesday, October 15, 1969, bonds due 1984 (the "Bonds") having an aggregate principal amount of 80 million Deutsche Marks in currency of the Federal Republic of Germany (approximately \$20 million in U.S. currency) pursuant to underwriting agreements to be signed in Frankfurt, Germany, on Friday, October 10, 1969, to a group of underwriters for offering and sale only outside the United States. The Bonds are nonconvertible. TRW Inc. will guarantee the payment of principal, interest, and premium, if any, on the Bonds. In the event that any additional debt securities of Applicant are issued to or held by the public, such debt securities are expected to be similarly guaranteed by TRW Inc.

5. The Bonds are to be sold by the underwriters under conditions which are intended to assure that the Bonds will not be sold to nationals or residents of the United States. The underwriting agreements contain restrictions applicable to each underwriter that it will not offer or sell any Bonds directly or indirectly in the United States (which term includes the possessions and territories of the United States) or to nationals or residents thereof, nor will it offer or sell any Bonds to others where it has

reason to believe that such Bonds will be reoffered or resold in the United States or to such nationals or residents, except for sales to underwriters and dealers. Each purchaser of Bonds who is a dealer will agree that it is not purchasing such Bonds for the account of nationals or residents of the United States and that it will not offer or sell such Bonds directly or indirectly in the United States or to nationals or residents thereof, and in the case of a U.S. dealer, that it will sell such Bonds within 90 days after purchase. It is contemplated that any additional debt securities of the Applicant which may be offered to the public in the future will be sold under substantially similar conditions.

6. It is intended that, upon completion of the long-term investment of the proceeds received from sale of the Bonds, at least 80 percent of the assets of Applicant (exclusive of U.S. Government securities and cash items) will be invested in or loaned to foreign companies (including U.S. companies all or substantially all of whose business is carried on abroad either directly or indirectly through foreign companies).

7. At least 90 percent of Applicant's assets, exclusive of U.S. Government securities and cash items and short-term investments in foreign government and commercial paper, will be invested in or loaned to companies at least 10 percent of the equity securities of which are, or at the completion of the investment will be, owned, directly or indirectly, by TRW Inc.; and any assets of Applicant not invested in such companies will only be invested in or loaned to companies which are customers or suppliers of TRW Inc., or a subsidiary of TRW Inc.; and any of the assets invested in or loaned to investment companies will only be invested in or loaned to investment companies which are wholly owned subsidiaries of TRW Inc.

8. Applicant will not deal or trade in securities. Pending investment of its assets in the manner described above, and from time to time thereafter in connection with changes in long-term investments, Applicant will invest temporarily in debt obligations (including time deposits) of governments, financial institutions, and foreign subsidiaries of TRW Inc., payable in U.S. dollars or other currencies and in each case maturing in 1 year or less from the date of acquisition.

9. Except for balance-of-payments considerations, TRW Inc. could have undertaken this program with its own funds without registering under the Act. Such direct investments by TRW Inc. in its foreign operations would present no question of registration under the Act. In order to avoid the outflow of American capital, however, TRW Inc. has determined to raise the principal capital for its foreign operations from sources outside the United States.

10. If the Interest Equalization Tax is extended in substantially the form in which it was previously in force, then TRW Inc., by financing these foreign operations through the Applicant rather

than through the sale of its own debt obligations, will utilize an instrumentality the acquisition of whose debt obligations by U.S. persons would generally subject such persons to such tax, thus discouraging them from purchasing such debt obligations. Subject to the timing and form of such extension of such tax, it is anticipated that tax counsel will advise the Applicant that U.S. persons will be required to report and pay such tax with respect to the acquisition of the Bonds except where a specific statutory exemption is available. The underwriting agreements presently contemplate that the Bonds will bear a legend stating that U.S. persons are liable for such tax except where a specific statutory exemption is available.

Section 6(c) of the Act provides that the Commission, by order upon application, may conditionally or unconditionally exempt any person, security, or transaction from any provision or provisions of the Act, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicant has submitted that it is appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act for the Commission to enter an order exempting Applicant from all provisions of the Act effective as of October 10, 1969. In addition to the foregoing statement of facts, Applicant has represented the following:

(1) The payment of the Bonds does not depend solely on the operations or investment policy of applicant because the bond holders may ultimately look to the business enterprise of TRW Inc. TRW Inc. has net assets in excess of \$200 million. Accordingly, the public policy which dictated the enactment of the Act is not applicable to Applicant nor do the security holders of the Applicant require the protection afforded by the Act; (2) Applicant's security holders will have the benefit of compliance by TRW Inc., with the disclosure and reporting provisions of the Securities Exchange Act of 1934 and the New York Stock Exchange; and (3) the Bonds will be sold only to foreign nationals; and if the Interest Equalization Tax is extended in substantially the form in which it was previously in force, the burden of such tax will discourage resale to any U.S. national or resident.

The Applicant agrees that such an order may be issued subject to the conditions that:

(1) Applicant will comply, in connection with the sale of the Bonds as described above, with Rule 6c-1 except that the condition contained in paragraph (c) thereof shall not apply to such sale if, on the date of issuance of the Bonds, there shall not be in force either (i) the Interest Equalization Tax in substantially the form in which it was previously in force, or (ii) another tax providing a comparable deterrent to the purchase of the Bonds by U.S. nationals or residents; and

(2) Applicant will not issue, subsequent to the offering and sale of the

Bonds, without a further order of the Commission, any securities (except to TRW Inc., or a subsidiary of TRW Inc., which is not an investment company) in the event that the United States Interest Equalization Tax is not reenacted, is reenacted and expires, or is repealed or the rate thereof is reduced to zero and such tax is not replaced by another tax providing a comparable deterrent to the purchase of Applicant's securities by U.S. persons. Nothing contained in the order, or the conditions to which it may be subject, requested by this application shall preclude the Applicant from being exempt from the Act by virtue solely of (i) the Applicant becoming exempt from each and every provision of the Act pursuant to Rule 6c-1 under the Act or (ii) the Commission adopting, amending, or interpreting a rule under the Act which would exempt the Applicant from each and every provision of the Act.

Notice is further given that any interested person may, not later than November 18, 1969, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues of fact or law proposed to be controverted; or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address set forth above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

INTERSTATE COMMERCE COMMISSION

[Ex Parte No. 262]

INCREASED FREIGHT RATES, 1969

OCTOBER 29, 1969.

The railroads have filed, on statutory notices to become effective November 18,

1969, Tariff Schedules providing generally for a 6-percent increase in freight rates.

As stated in the Commission's notice of October 14, 1969:

These Tariffs will be * * * subject to protest, suspension or rejection as provided in the Commission's rules of practice.

Protests to be considered in this connection must be received by the Commission on or before November 6, 1969. For the Commission's use, the original and 24 copies should be addressed to H. Neil Garson, Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

Copies (25) of protests must also be sent at the same time to the petitioning railroads and for this purpose, may be addressed to Edward A. Kaler, Room 527, American Railroads Building, Washington, D.C. 20036.

The Commission will hear oral argument regarding the lawfulness of such Tariffs on November 12, 1969. Parties desiring an allotment of time to participate therein must notify the Commission on or before November 6, 1969.

The railroads have the right to reply to all protests and they are required to serve their replies promptly on the respective protestants. To receive consideration, such replies should be filed and served not later than November 10, 1969.

In the interest of conserving the time of all concerned, the parties are authorized and encouraged to submit memorandum briefs supplemental to, or in lieu of, oral argument. The original and 24 copies of all such briefs must be filed with the Secretary of the Commission on or before November 12, 1969; and copies must be made available to any other parties upon request. No reply briefs will be permitted.

Argument of the parties should be addressed to the discretion of the Commission on the following questions:

(1) Should the Commission permit the proposed 6-percent increase to become effective as published on November 18, 1969.

(2) Should the Commission institute an investigation into the lawfulness of the proposed increase.

(3) Should the Commission suspend the proposed increase as applied to any description of traffic.

In reaching its conclusions on the above questions the Commission will give full consideration to all proper protests, replies, briefs, and oral argument.

Single copies of each document filed by the parties, as above provided, should be sent directly to the Cooperating State Commissioners, named below, who will be advising with the Commission in this proceeding.

The Honorable William E. Ozzard, Commissioner, New Jersey Board of Public Utility Commissioners, 101 Commerce Street, Newark, N.J. 07102.

The Honorable C. C. Owen, Commissioner, Alabama Public Service Commission, Post Office Box 991, Montgomery, Ala. 36102.
