CODE OF FEDERAL REGULATIONS

(Revised as of January 1, 1971)

Title 36—Internal Revenue (Parts 170–299)-----	\$3. 50
Title 29—Labor (Parts 0–499)-----	1. 50
Title 32—National Defense (Parts 1000–1399)-----	. 75

[A Cumulative checklist of CFR issuances for 1971 appears in the first issue of the Federal Register each month under Title 1]

Order from Superintendent of Documents,
United States Government Printing Office,
Washington, D.C. 20402

Area Code 202

Phone 962-8626

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$2.50 per month or \$25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended (44 U.S.C. 1510). The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

HIGHLIGHTS—Continued

PESTICIDES—EPA establishment of tolerance; effective 5-1-71.....	8243	CUSTOMS PRECLEARANCE—Customs Bureau notice of biweekly reimbursable excess costs effective for pay period beginning 5-2-71.....	8265
HIGHWAY RELOCATION ASSISTANCE—Fed. Highway Admin. interim procedures; effective dates, 1-2-71 and 7-30-71.....	8243	GRAINS—USDA notice of final dates for redemption warehouse-storage loans.....	8268
MORTGAGE INSURANCE—Fed. Housing Admin. amendments respecting leasehold estates; effective 2-16-71.....	8211	MEAT INSPECTION—CMS notices of determinations not to designate various States (2 documents).....	8268
FLOOD INSURANCE—Fed. Insurance Admin. amendment of list of eligible areas (2 documents).....	8233	FOOD ADDITIVES—FDA notices of petitions for amendments (4 documents).....	8268, 8269
GOVERNMENT SALES AND SERVICES—Air Force revision of user charges.....	8258	MARGIN REQUIREMENTS—Application of FRS regulations to borrowers; postponement of effective date until not later than 11-1-71.....	8274
PROCUREMENT—Air Force amendments.....	8258	SWORDFISH INDUSTRY—SBA declaration of disaster loans; applications required before 11-1-71.....	8274
OIL POLLUTION—FMC amendments regarding financial responsibility for cleanup; effective 5-1-71.....	8259	LUGGAGE—Tariff Comm. notice of investigation of unfair methods and acts in importation and sale of lightweight luggage.....	8275
RAIL PASSENGER SERVICE—ICC adoption of Fed. Railroad Admin. safety rules; effective 5-1-71.....	8211	PIPE ORGANS—Tariff Comm. notice of investigation for trade adjustment assistance for workers.....	8275
FISH AND WILDLIFE—Interior Dept. proposed comprehensive resource management plan; comment period ends 6-14-71.....	8261	TOMATO IMPORTS—Proposed USDA import requirements including minimum sizes; comments by 5-7-71.....	8262
RICE—USDA proposed determination of acreage allotments, 1969 and subsequent crops; comment period ends 5-31-71.....	8261	SECURITIES BROKER-DEALERS—SEC increase in maximum annual assessment for registered nonmember broker-dealers; effective 6-1-71.....	8239
PUBLIC HOUSING—HUD establishment of prototype cost limits; effective May 1, 1971.....	8213	SECURITIES—Treasury Department offering of new notes to holders of Treasury notes maturing 5-15-71 (2 documents).....	8265

Title 1—GENERAL PROVISIONS

Chapter I—Administrative Committee of the Federal Register

CFR CHECKLIST

1971 Issuances

This checklist, prepared by the Office of the Federal Register, is published in the first issue of each month. It is arranged in the order of CFR titles, and shows the issuance date and price of revised volumes of the Code of Federal Regulations issued to date during 1971. New units issued during the month are announced on the inside cover of the daily FEDERAL REGISTER as they become available.

Order from Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 71-CE-7-AD; Amdt. 39-1202]

PART 39—AIRWORTHINESS DIRECTIVES

Cessna Turbocharged Models TU206, TP206, T207, and T210 Series Airplanes

There have been failures of the exhaust manifold cabin heat exchanger on turbocharged Cessna Models TU206, TP206, T207, and T210 series airplanes. These failures are in the form of cracks and breaks which, if not corrected, will allow exhaust fumes or carbon monoxide to enter the cabin heat system resulting in contamination of cabin air. Since this condition is likely to exist or develop in other airplanes of the same type design, an Airworthiness Directive is being issued requiring a pressure test for leakage of the engine exhaust system on these model airplanes within 25 hours' time in service after the effective date of this AD, and thereafter at intervals not to exceed 50 hours' time in service from the last test. Defective exhaust system components must be replaced prior to further flight.

Since immediate action is required in the interest of safety, compliance with the notice and public procedure provisions of the Administrative Procedure Act is impracticable and good cause exists for making this amendment effective in less than thirty (30) days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new AD.

CESSNA. Applies to turbocharged Models TU206, TP206, T207, and T210 Series Airplanes.

Compliance: Required as indicated.

To prevent exhaust gases from entering the cabin, inspect the exhaust manifold heat

exchanger installed in the above airplanes, within 25 hours' time in service after the effective date of this AD, unless already accomplished within the last 25 hours' time in service, and thereafter at intervals not to exceed 50 hours' time in service from the last inspection, except that airplanes with less than 25 hours' total time in service need not be inspected or tested before 50 hours' time in service, by accomplishing the following:

(A) Test the complete exhaust manifold in the cabin heat exchanger area for cracks in accordance with the following procedures, or the more detailed procedures, outlined in the Cessna Service Manuals for the specified airplanes, or any other equivalent method approved by the Chief, Engineering and Manufacturing Branch, FAA, Central Region:

1. Remove the heater shroud so that all surfaces of the exhaust manifold heat exchanger are exposed.

2. Attach the pressure side of an industrial vacuum cleaner to the tailpipe opening, using a rubber plug to effect a seal as required.

3. With vacuum cleaner operating, check the complete exhaust manifold in the heat exchanger area manually by feel or by using a soap solution and watching for bubbles. The exhaust manifold in the heat exchanger area must be free of air leaks.

(B) If cracks, breaks, or any leakage along the exhaust manifold cabin heat exchanger are found during the pressure test required by Paragraph A, before further flight, replace the defective part with an airworthy part.

NOTE: Cessna Service Letter SE71-11, dated April 16, 1971, covers this same subject.

This amendment becomes effective May 4, 1971.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; Sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Kansas City, Mo., on April 23, 1971.

JOHN A. HARGRAVE,
Acting Director, Central Region.

[FR Doc. 71-6131 Filed 4-30-71; 8:47 am]

[Airspace Docket No. 71-EA-4]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE AND REPORTING POINTS

Designation of Transition Area

On page 3016 of the FEDERAL REGISTER for February 13, 1971, the Federal Aviation Administration published proposed regulations which would designate a Tangier, Va., transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulations are hereby adopted effective 0901 G.m.t., May 27, 1971.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348, sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655 (c))

Issued in Jamaica, N.Y., on April 5, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate the Tangier, Va., transition area described as follows:

TANGIER, VA.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the center of Tangier Island Airport, 37°49'30" N., 75°59'55" W.; within 3 miles each side of the Cape Charles, Va., VORTAC 360° radial extending from the 5-mile-radius area to 26 miles north of the VORTAC.

[FR Doc.71-6132 Filed 4-30-71; 8:48 am]

[Airspace Docket No. 71-EA-8]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE AND REPORTING POINTS

Designation of Transition Area

On page 3017 of the FEDERAL REGISTER for February 13, 1971, the Federal Aviation Administration published proposed regulations which would designate a Wooster, Ohio, transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulations are hereby adopted effective 0901 G.m.t., May 27, 1971.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on April 5, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a Wooster, Ohio, 700-foot-floor transition area described as follows:

WOOSTER, OHIO

That airspace extending upward from 700 feet above the surface within a 7-mile radius of the center, 40°52'29" N., 81°53'14" W., of Wayne County Airport, Wooster, Ohio, and within 3.5 miles each side of the 090° bearing from the Smithville RBN, 40°52'30" N., 81°50'00" W., extending from the 7-mile-radius area to 11.5 miles east of the RBN.

[FR Doc.71-6133 Filed 4-30-71; 8:48 am]

[Airspace Docket No. 70-PC-6]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE AND REPORTING POINTS

Alteration of Control Zone

On March 2, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 3927) stating that

the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Midway Island control zone.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. No comments were received.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., June 24, 1971, as hereinafter set forth.

In § 71.171 (36 F.R. 2055) the Midway Island control zone is amended to read as follows:

MIDWAY ISLAND

Within a 5-mile radius of Midway NS (Henderson Field) (lat. 28°11'55" N., long. 177°22'50" W.) and within 2.5 miles northwest and 4.5 miles southeast of the 240° bearing from the Midway RBN, extending from the 5-mile-radius zone to 10.5 miles southwest of the RBN.

(Sec. 307(a), 1110, Federal Aviation Act of 1958, 49 U.S.C. 1348(a), 1510, Executive Order 10854, 24 F.R. 9565, sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on April 26, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

[FR Doc.71-6136 Filed 4-30-71; 8:48 am]

[Airspace Docket No. 71-EA-64]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE AND REPORTING POINTS

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Alteration of Control Areas, Jet Advisory Areas and Reporting Points

The purpose of these amendments to Parts 71 and 75 of the Federal Aviation Regulations to make editorial changes in the descriptions of several reporting points and control areas, and the Boston, Mass., terminal jet advisory area.

Coincident with the decommissioning of the Nantucket, Mass., CONSOLAN station on July 22, 1971, the Federal Aviation Administration is commissioning a radio beacon (RBN) at the same site, latitude 41°15'35" N., longitude 70°09'19" W. Such action will require editorial changes in the descriptions of Control Areas 1143, 1145, and 1146; the Cod and Haddock domestic reporting points, and the Boston, Mass., terminal jet advisory area.

Since these amendments are editorial in nature and no substantive changes in the regulations are effected, notice and public procedure thereon are unnecessary.

In consideration of the foregoing, Parts 71 and 75 of the Federal Aviation Regulations are amended, effective 0901 G.m.t., July 22, 1971, as hereinafter set forth.

1. Section 71.163 (36 F.R. 2048) is amended as follows:

a. In Control 1143 and Control 1145 the phrase "Consolan station (monitor site at lat. 41°15'35" N., long. 70°09'19" W.)" is deleted wherever it appears and "RBN" is substituted therefor.

b. In Control 1146 the word "Consolan" is deleted wherever it appears and "RBN" is substituted therefor.

2. Section 71.209 (36 F.R. 2311) is amended as follows:

a. In Cod INT "INT of Nantucket, Mass., CONSOLAN 089° True bearing" is deleted and "INT of Nantucket, Mass., RBN 089° bearing" is substituted therefor.

b. In Haddock INT "Consolan station (monitor site)" is deleted and "RBN" is substituted therefor.

3. Section 75.300 (36 F.R. 2390) the Boston, Mass., jet advisory area is amended by deleting "CONSOLAN" wherever it appears and substituting "RBN" therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a), sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on April 26, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

[FR Doc.71-6134 Filed 4-30-71; 8:48 am]

[Airspace Docket No. 71-CE-54]

PART 73—SPECIAL USE AIRSPACE

Alteration of Restricted Airspace

The purpose of this amendment to Part 73 of the Federal Aviation Regulations is to modify Restricted Area R-6901, Camp McCoy, Wis., by lowering the designated ceiling.

Through coordination between the Federal Aviation Administration and the U.S. Army, it has been determined that the altitudes between 20,000 feet MSL and 25,000 feet MSL are no longer needed by the using agency to fulfill its operational requirement.

Since this amendment restores airspace to the public use and relieves a restriction, notice and public procedure thereon are unnecessary and the amendment may be made effective in less than 30 days.

In consideration of the foregoing, Part 73 of the Federal Aviation Regulations is amended, effective upon publication in the FEDERAL REGISTER (5-1-71), as hereinafter set forth.

In § 73.69 (36 F.R. 2365) the Camp McCoy, Wis., Restricted Area R-6901 is amended by deleting the present designated altitudes and substituting the following therefor:

Designated altitudes. Surface to 20,000 feet MSL.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a), sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on April 26, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

[FR Doc.71-6135 Filed 4-30-71; 8:48 am]

Title 49—TRANSPORTATION

Chapter X—Interstate Commerce Commission

SUBCHAPTER B—PRACTICE AND PROCEDURE [Ex Parte No. 277]

PART 1124—ADEQUACY OF PASSENGER SERVICE

At a General Session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the 26th day of April 1971.

The Commission is authorized by section 801 of the Rail Passenger Service Act of 1970 (Public Law 91-518, 84 Stat. 1327) to prescribe such regulations as it considers necessary to provide safe and adequate service, equipment, and facilities for intercity passenger service by common carriers by railroad within the meaning of section 1(3) of the Interstate Commerce Act.

Under the authority of section 801 and the Interstate Commerce Act (49 U.S.C. 1 et seq.), including more specifically sections 12 and 17, and pursuant to 5 U.S.C. 553 and 559 (the Administrative Procedure Act).

It is ordered, That a proceeding be instituted to consider the need for a prescription by the Commission of regulations to provide safe and adequate service, equipment, and facilities for intercity rail passenger service.

It is further ordered, That Chapter X of Title 49 of the Code of Federal Regulations is amended by adding a new Part 1124, reading as follows:

§ 1124.1 Safety.

The regulations in Chapter II of this title, Parts 225, 228, 230-234, and 236, prescribed by the Federal Railroad Administration, Department of Transportation, under rail safety statutes, are hereby adopted, confirmed, and continued in effect until modified or superseded by appropriate authority as to intercity rail passenger service.

(Sec. 801, 84 Stat. 1327; secs. 1, 12, and 17, 24 Stat. 379, 383, and 40 Stat. 270, all as amended; 49 U.S.C. 1, 12, and 17; 5 U.S.C. 553 and 559)

Since this amendment merely continues existing regulatory material, notice and public procedure thereon are unnecessary, and good cause exists for making it effective in less than 30 days notice.

It is further ordered, That this order shall be effective on May 1, 1971.

And it is further ordered, That a copy of this order be posted in the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., for public inspection, and that a copy be delivered to the Director, Office of the Federal Register, for publication in the FEDERAL REGISTER as notice to all interested persons.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of Transportation

[CGFR 70-150]

PART 3—COAST GUARD AREAS, DISTRICTS, MARINE INSPECTION ZONES, AND CAPTAIN OF THE PORT AREAS

General Description; Correction

F.R. Doc. 71-791 appearing at page 909 in the Wednesday, January 20, 1971, FEDERAL REGISTER is corrected by changing the word "Kazak" to "Kayak" in the last line of § 3.85-55(b), at page 912.

Dated: April 26, 1971.

C. R. BENDER,
Admiral, U.S. Coast Guard,
Commandant.

Title 24—HOUSING AND HOUSING CREDIT

Chapter II—Federal Housing Administration, Department of Housing and Urban Development

MORTGAGE INSURANCE ON LEASEHOLD ESTATES

The following amendments to Title 24 of the Code of Federal Regulations revise §§ 213.7, 220.509, 221.514, 231.3, 231.4, 232.33, 234.540, 235.535, 242.29, 810.20, 810.520, 1000.57, and 1100.37. The revisions provide that the value of the leasehold estate shall be subtracted from the value in fee simple before multiplying by the allowable loan ratio instead of the previous system of subtracting after multiplying. The amendments conform FHA practice for insured mortgages to practice in the conventional mortgage market.

This FHA policy was established in an amendment to 24 CFR 207.4, effective February 16, 1971. Through inadvertence, similar provisions in other mortgage insurance rules were not amended at that time. Thus, the present amendments merely bring other regulations into conformity with accepted practice and policy.

In view of the foregoing, it is found that notice and public procedure are impracticable and that it is in the public interest to make these amendments effective February 16, 1971, for purposes of consistency.

SUBCHAPTER E—COOPERATIVE HOUSING INSURANCE

PART 213—COOPERATIVE HOUSING MORTGAGE INSURANCE

Subpart A—Eligibility Requirements—Projects

1. In § 213.7 paragraph (f) is amended to read as follows:

§ 213.7 Maximum insurable amounts.

(f) *Reduced mortgage amount—leaseholds.* In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 211, 213, 52 Stat. 23, 64 Stat. 54; 12 U.S.C. 1715b, 1715e)

SUBCHAPTER F—URBAN RENEWAL HOUSING INSURANCE AND INSURED IMPROVEMENT LOANS

PART 220—URBAN RENEWAL MORTGAGE INSURANCE AND INSURED IMPROVEMENT LOANS

Subpart C—Eligibility Requirements—Projects

2. Section 220.509 is amended to read as follows:

§ 220.509 Maximum mortgage amount—leaseholds.

In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 211, 220, 52 Stat. 23, 68 Stat. 596; 12 U.S.C. 1715b, 1715k)

SUBCHAPTER G—HOUSING FOR MODERATE INCOME AND DISPLACED FAMILIES

PART 221—LOW COST AND MODERATE INCOME MORTGAGE INSURANCE

Subpart C—Eligibility Requirements—Moderate Income Projects

3. In § 221.514 paragraph (d) is amended to read as follows:

§ 221.514 Maximum mortgage amounts.

(d) *Maximum mortgage amount—leaseholds.* In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 211, 221, 52 Stat. 23, 68 Stat. 599; 12 U.S.C. 1715b, 1715l)

SUBCHAPTER I—HOUSING FOR ELDERLY PERSONS

PART 231—HOUSING MORTGAGE INSURANCE FOR THE ELDERLY

Subpart A—Eligibility Requirements

4. In § 231.3 paragraph (d) is amended to read as follows:

§ 231.3 Maximum mortgage amounts—new construction.

(d) *Reduced mortgage amount—leaseholds.* In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

5. In § 231.4 paragraph (c) is amended to read as follows:

§ 231.4 Maximum mortgage amounts—rehabilitation projects.

(c) *Reduced mortgage amount—leaseholds.* In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 211, 231, 52 Stat. 23, 73 Stat. 665; 12 U.S.C. 1715b, 1715v)

SUBCHAPTER J—MORTGAGE INSURANCE FOR NURSING HOMES AND INTERMEDIATE CARE FACILITIES

PART 232—NURSING HOMES AND INTERMEDIATE CARE FACILITIES MORTGAGE INSURANCE

Subpart A—Eligibility Requirements

6. Section 232.33 is amended to read as follows:

§ 232.33 Reduced mortgage amount—leaseholds.

In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 221, 232, 52 Stat. 23, 73 Stat. 663; 12 U.S.C. 1715b, 1715w)

SUBCHAPTER L—CONDOMINIUM HOUSING INSURANCE

PART 234—CONDOMINIUM OWNERSHIP MORTGAGE INSURANCE

Subpart C—Eligibility Requirements—Conversion Individual Sales Units

7. Section 234.540 is amended to read as follows:

§ 234.540 Reduced mortgage amount—leaseholds.

In the event the mortgage is on a leasehold estate rather than on a fee

simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 211, 234, 52 Stat. 23, 75 Stat. 160; 12 U.S.C. 1715b, 1715y)

SUBCHAPTER M—HOMES FOR LOWER INCOME FAMILIES

PART 235—MORTGAGE INSURANCE AND ASSISTANCE PAYMENTS FOR HOME OWNERSHIP AND PROJECT REHABILITATION

Subpart D—Eligibility Requirements—Rehabilitation Sales Projects

8. In § 235.535 paragraph (b) is amended to read as follows:

§ 235.535 Maximum mortgage amount.

(b) In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 211, 235, 52 Stat. 23, 82 Stat. 477; 12 U.S.C. 1715b, 1715z)

SUBCHAPTER Q—MORTGAGE INSURANCE FOR NONPROFIT HOSPITALS

PART 242—NONPROFIT HOSPITALS

Subpart A—Eligibility Requirements

9. In § 242.29 paragraph (b) is amended to read as follows:

§ 242.29 Adjusted and reduced mortgage amounts.

(b) *Reduced mortgage amount—leaseholds.* In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Secs. 211, 242, 52 Stat. 23, 82 Stat. 599; 12 U.S.C. 1715b, 1715z-7)

SUBCHAPTER T—MILITARY AND ARMED SERVICES HOUSING MORTGAGE INSURANCE
PART 810—ARMED SERVICES HOUSING—IMPACTED AREAS

Subpart A—Eligibility Requirements—Projects

10. Section 810.20 is amended to read as follows:

§ 810.20 Reduced mortgage amount—leaseholds.

In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capi-

talized value of the ground rent. The mortgage amount shall be adjusted to the next lowest mortgage amount as stipulated in § 810.751 for individual mortgages.

Subpart C—Eligibility Requirements—Individual Mortgages

11. Section 810.520 is amended to read as follows:

§ 810.520 Reduced mortgage amounts—leaseholds.

In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent. The mortgage amount shall be adjusted to the next lowest mortgage amount as stipulated in § 810.535 for individual mortgages.

(Secs. 807, 810, 69 Stat. 651, 73 Stat. 683; 12 U.S.C. 1748f, 1748h-2)

SUBCHAPTER V—LAND DEVELOPMENT INSURANCE

PART 1000—MORTGAGE INSURANCE FOR LAND DEVELOPMENT

Subpart A—Eligibility Requirements

12. Section 1000.57 is amended to read as follows:

§ 1000.57 Reduced mortgage amount—leaseholds.

In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Sec. 1010, 79 Stat. 464; 12 U.S.C. 1749jj)

SUBCHAPTER W—GROUP PRACTICE FACILITIES INSURANCE

PART 1100—MORTGAGE INSURANCE FOR GROUP PRACTICE FACILITIES

Subpart A—Eligibility Requirements

13. Section 1100.37 is amended to read as follows:

§ 1100.37 Reduced mortgage amount—leaseholds.

In the event the mortgage is on a leasehold estate rather than on a fee simple holding, the value or replacement cost of the property on which the mortgage is based is the value or replacement cost of the property in fee simple reduced by an amount equal to the capitalized value of the ground rent.

(Sec. 1104, 80 Stat. 1275; 12 U.S.C. 1749aaa-3)

Effective date. These amendments are effective February 16, 1971.

EUGENE A. GULLEDGE,
Federal Housing Commissioner.

[FR Doc. 71-6144 Filed 4-30-71; 8:49 am]

Chapter III—Housing Assistance Administration, Department of Housing and Urban Development

[Docket No. R-71-106]

PROTOTYPE COST LIMITS FOR PUBLIC HOUSING

Section 209(a) of the Housing and Urban Development Act of 1970 amends section 15(5) of the United States Housing Act of 1937 by providing a new method of establishing limitations on the cost for construction and equipment (excluding land, demolition, and nondwelling facilities) on which the computation of annual contributions for low rent housing projects is based. The dollar limitation per room originally set by the United States Housing Act has been replaced by a limitation based on the prototype cost per unit which may not be exceeded by more than 10 per centum. Appended to this rule are the prototype costs for various basic types of structures: detached and semidetached, row and townhouses, walk-up and high-rise elevator apartments, classified by the number of bedrooms, for each of 490 areas. This schedule of costs will be revised at least annually.

Section 209(a) of the Housing and Urban Development Act of 1970 provides that the prototype costs for an area shall become effective upon the date of publication in the FEDERAL REGISTER. Section 209(a) becomes effective not later than 120 days after enactment of the statute (enacted in December 31, 1970). Hence, on April 30, 1971, under section 15(5) of the United States Housing Act of 1937, dollar limitations per room on cost of dwelling construction and equipment are replaced by prototype cost limits. Inasmuch as the new prototype cost basis cannot be utilized until the costs themselves become effective by publication in the FEDERAL REGISTER, continuity of contract approvals requires the immediate publication of this material. Accordingly, it is impracticable to provide notice and public procedure with respect to these cost limits in accordance with the Department's recently adopted Publications Policy (24 CFR Part 10), and good cause exists for making them effective as of May 1, 1971. However, written comments will be received from interested parties for a period of 30 days after publication and if deemed necessary revisions will be published within 60 days thereafter. Comments should be submitted in triplicate to the Assistant Secretary for Housing Production and Mortgage Credit, Washington, D.C. 20411.

Upon the following considerations, the prototype costs are determined to be as set forth in Appendix 1 below.

A. Unit prototype cost. 1. Prototype cost comprises the cost of Dwelling Structures, Account No. 1460, and Dwelling Equipment, Account No. 1465, as described in Low-Rent Housing Accounting Handbook RHA-7510.1, ch. 3, sec. 15, which include their proportionate

share of the builder's fee and overhead, insurance, Social Security, taxes, and bonds.

2. Prototype cost does not include the costs of site acquisition, site improvement, nondwelling structures or spaces (and equipment), planning (architectural-engineering fees, permit fees, inspection and similar costs), relocation, interest or local authority administration all of which are described in Low-Rent Housing Handbook RHA-7510.1, ch. 3, sec. 15.

3. Prototype cost takes into account compliance with applicable FHA Minimum Property Standards, and Planning and Design Criteria described in RHA 7410.1, Chapter 3 (as modified by Circular FHA 7410.2). Current copies of Handbook RHA-7510.1 are maintained and available for public inspection in the Office of Public Information, Room 1202, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20411, and in each of the Department's Regional, Area, and FHA Insuring Offices.

4. Prototype cost takes into account the extra durability required for economical maintenance of assisted housing, and the provision of amenities designed to guarantee safe and healthy family life.

B. Project prototype costs. 1. The Project Prototype Cost is the sum of the unit prototype costs for the dwellings of various sizes and types comprising the project. The total cost of dwelling construction and equipment (Accounts 1460

and 1465), and the related proportionate share of the contingency established by any development cost budget shall not exceed the sum of 105 percent of the unit prototype costs for the dwellings to be constructed.

2. A request for approval of a cost which exceeds the above 105 percent cost limitation but which is not in excess of the statutory 110 percent may be submitted to the Assistant Secretary for Housing Production and Mortgage Credit through the Area Office Director and the Regional Administrator. Such requests must be supported by a detailed justification with respect to the particular project, taking into account all of the circumstances involved and demonstrating that such approval is necessary and desirable in carrying out the objectives of the Act.

3. Development cost budgets, awards of Main Construction Contracts, Preliminary Contracts of Sale, and Contracts of Sale for turnkey projects will not be approved unless an appropriate prototype cost for the area is published in the FEDERAL REGISTER.

(Sec. 209 of the Housing and Urban Development Act of 1970, Public Law 91-609, sec. 15(5) of the U.S. Housing Act of 1937, 50 Stat. 888, 42 U.S.C. 1401 et seq.; sec. 7(d) of the Department of HUD Act, 3535(d); and Secretary's delegation of authority, published at 36 F.R. 5007, Mar. 16, 1971)

Effective date. This rule shall be effective May 1, 1971.

EUGENE A. GULLEDGE,
Assistant Secretary-Commissioner.

Title 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission PART 213—EXCEPTED SERVICE

Department of Commerce

Section 213.3114 is amended to show that the Schedule A authority covering up to 30 temporary positions of industrial specialist GS-13 or higher in the former Business and Defense Services Administration has been amended to cover both industrial and marketing specialist positions in grades GS-12 through 15. The positions are now in the Bureau of Domestic Commerce.

Effective on publication in the FEDERAL REGISTER (5-1-71), paragraph (g) is revoked, and subparagraph (3) is added to paragraph (i) of § 213.3114 as set out below.

§ 213.3114 Department of Commerce.

(g) [Revoked]

(i) *Office of the Assistant Secretary for Domestic and International Business.*

(3) Not to exceed 30 positions in grades GS-12 through 15, to be filled by persons qualified as industrial or marketing specialists, who possess specialized knowledge and experience in industrial production, industrial operations and related problems, market structure and trends, retail and wholesale trade practices, distribution channels and costs, or business financing and credit practices, applicable to one or more of the current segments of industry served by the Bureau of Domestic Commerce. Appointments under this authority may be made for a period not to exceed 2 years and may, with prior approval of the Commission, be extended for an additional period of 2 years.

(5 U.S.C. 3301, 3302, E.O. 10577; 3 CFR 1954-58 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,

[SEAL] JAMES C. SPRY,
*Executive Assistant to
the Commissioners.*

[FR Doc.71-6085 Filed 4-30-71; 8:50 am]

PART 213—EXCEPTED SERVICE

Executive Office of the President

Section 213.3303 is amended to show that one position of Congressional Liaison Officer, Office of Telecommunications Policy, is excepted under Schedule C.

Effective on publication in the FEDERAL REGISTER (5-1-71), subparagraph (5) is added to paragraph (i) of § 213.3303 as set out below.

§ 213.3303 Executive Office of the President.

(i) *Office of Telecommunications Policy.*

(5) One Congressional Liaison Officer.
(5 U.S.C. 3301, 3302, E.O. 10577; 3 CFR 1954-58 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,

[SEAL] JAMES C. SPRY,
*Executive Assistant to
the Commissioners.*

[FR Doc.71-6086 Filed 4-30-71; 8:50 am]

PART 213—EXCEPTED SERVICE

Department of Health, Education, and Welfare

Section 213.3316 is amended to show that one position of Confidential Secretary to the Assistant Secretary for Public Affairs is excepted under Schedule C.

Effective on publication in the FEDERAL REGISTER (5-1-71), subparagraph (21) is added to paragraph (a) of § 213.3316 as set out below.

§ 213.3316 Department of Health, Education, and Welfare.

(a) *Office of the Secretary.* * * *

(21) One Confidential Secretary to the Assistant Secretary for Public Affairs.

Title 7—AGRICULTURE

Chapter III—Agricultural Research Service, Department of Agriculture

PART 354—OVERTIME SERVICES RELATING TO IMPORTS AND EXPORTS

Overtime Work at Border Ports, Seaports, and Airports

Pursuant to the authority conferred by the Act of August 28, 1950 (64 Stat. 561; 7 U.S.C. 2260), § 354.1 of Part 354, Title 7, Code of Federal Regulations, is amended to read as follows:

§ 354.1 Overtime work at border ports, seaports, and airports.

(a) Any person, firm, or corporation having ownership, custody, or control of plants, plant products, animal products, or other commodities or articles subject to inspection, certification, or quarantine under this chapter, who requires the services of an employee of the Agricultural Quarantine Inspection Division, on a Sunday or holiday, or at any other time outside the regular tour of duty of such employee, shall sufficiently in advance of the period of Sunday or holiday or overtime service request the Division inspector in charge to furnish inspection, certification, or quarantine service during such overtime, or Sunday or holiday period, and shall pay the Government therefor at the rate of \$13.20 per man-hour per employee on a Sunday and at the rate of \$9.40 per man-hour per employee for holiday or any other period; except that for any services performed on a Sunday or holiday, or at any time after 5 p.m. or before 8 a.m. on a weekday, in connection with the arrival in or departure from the United States of a private aircraft or vessel, the total amount payable shall not exceed \$25 for all inspectional services performed by the Customs Service, Immigration and Naturalization Service, Public Health Service, and the Department of Agriculture. A minimum charge of 2 hours shall be made for any Sunday or holiday or unscheduled overtime duty performed by an employee on a day when no work was

scheduled for him or which is performed by an employee on his regular workday beginning either at least 1 hour before his scheduled tour of duty or which is not in direct continuation of the employee's regular tour of duty. In addition, each such period of Sunday or holiday or unscheduled overtime work to which the 2-hour minimum charge provision applies which requires the employee involved to perform additional travel may include a commuted traveltime period the amount of which shall be prescribed in administrative instructions to be issued by the Director of the Agricultural Quarantine Inspection Division for the areas in which the Sunday or holiday or overtime work is performed and such period shall be established as nearly as may be practicable to cover the time necessarily spent in reporting to and returning from the place at which the employee performs such Sunday or holiday or overtime duty if such travel is performed solely on account of such Sunday or holiday or overtime service. With respect to places of duty within the metropolitan area of the employee's headquarters, such commuted travel period shall not exceed 3 hours. When inspection, certification, or quarantine services are performed at locations outside the metropolitan area in which the employee's headquarters is located, one-half of the commuted travel period applicable to the point at which the services are performed shall be charged when duties involve overtime that begins less than 1 hour before the beginning of the regular tour and/or is in continuation of the regular tour of duty. It will be administratively determined from time to time which days constitute holidays. The commuted traveltime rate of pay to the Government for inspection, quarantine, or certification services on any Sunday, holiday or unscheduled overtime duty by an employee of the Agricultural Quarantine Inspection Division shall be based on \$9.40 per traveltime hour per employee.

(b) The Division inspector in charge in honoring a request to furnish inspection, quarantine, or certification service, shall assign employees to such Sunday or holiday or overtime duty with due regard to the work program and availability of employees for duty.

(c) As used in this section—
(1) The term "private aircraft" means any civilian aircraft not being used to transport persons or property for compensation or hire, and
(2) The term "private vessel" means any civilian vessel not being used (i) to transport persons or property for compensation or hire, or (ii) in fishing operations or in processing of fish or fish products.

(64 Stat. 561; 7 U.S.C. 2260)

The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER (5-1-71), when it shall supersede 7 CFR 354.1, effective January 26, 1971.

The Secretary has approved double time pay for work performed on Sunday by inspectors of the Agricultural Quar-

antine Inspection Division under the authority of 7 U.S.C. 2260. The purpose of this amendment is to establish a double time reimbursement rate for all work performed on Sunday by the Agricultural Quarantine Inspection Division Inspectors. Determination of the hourly rate for overtime services and of the commuted traveltime allowances depends entirely upon facts within the knowledge of the Department of Agriculture. It is to the benefit of those who require such overtime services, as well as the public generally, that this amendment be made effective at the earliest practicable date. Accordingly, pursuant to the administrative provisions of 5 U.S.C. 553, it is found upon good cause that notice and public procedure on this amendment are impracticable, unnecessary, and contrary to the public interest and good cause is found for making this amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 27th day of April 1971.

[SEAL] F. J. MULHERN,
Acting Administrator,
Agricultural Research Service.
[FR Doc.71-6124 Filed 4-30-71; 8:47 am]

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 478]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.778 Lemon Regulation 478.

(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient,

and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on April 27, 1971.

(b) Order. (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period May 2, through May 8, 1971, are hereby fixed as follows:

- (i) District 1: 1,000 cartons;
- (ii) District 2: 249,000 cartons;
- (iii) District 3: Unlimited.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: April 29, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and
Vegetable Division, Consumer
and Marketing Service.

[FR Doc.71-6181 Filed 4-30-71; 8:51 am]

[Lime Reg. 29]

PART 911—LIMES GROWN IN FLORIDA

Quality and Size Regulation

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 911, as amended (7 CFR Part 911; 35 F.R. 16626), regulating the handling of limes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Florida Lime Administrative Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of limes, as hereinafter provided, will

tend to effectuate the declared policy of the act.

(2) The recommendations by the Lime Administrative Committee reflect its appraisal of the Florida lime crop and the current and prospective market conditions. Shipments of limes, in volume, are expected to begin on or about May 1, 1971. The size and grade requirements specified herein are necessary to prevent the handling, on and after May 1, 1971, of limes that are of a lower grade or smaller size so as to provide consumers with good quality fruit, consistent with the overall quality of the crop, while maximizing returns to the producers pursuant to the declared policy of the act.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of Florida limes are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after an open meeting of the Lime Administrative Committee on April 14, 1971, such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; other necessary supplemental information was submitted to the Department on April 21, 1971; the provisions of this regulation, including the effective time hereof, are identical with the aforesaid recommendation of the committee, except for the effective period thereof, and information concerning such provisions and effective time has been disseminated among handlers of such limes; it is necessary, in order to effectuate the declared policy of the act, to make this regulation effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of Florida limes, and compliance with this regulation, which contains the same grade and size requirements as currently in effect, will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

§ 911.331 Lime Regulation 29.

(a) Order: During the period May 1, 1971, through May 31, 1971, no handler shall handle:

(1) Any limes of the group known as true limes (also known as Mexican, West

Indian, and Key limes and by other synonyms), grown in the production area, which do not meet the requirements of at least U.S. No. 2 grade for Persian (Tahiti) limes, except as to color;

(2) Any limes of the group known as large-fruited or Persian limes (including Tahiti, Bearss, and similar varieties) which do not grade at least U.S. Combination, Turning: *Provided*, That stem length shall not be considered a factor of grade, and tolerances for fruit affected by decay and for fruit failing to meet the requirements set forth in the U.S. Standards for Persian (Tahiti) limes shall apply; or

(3) Any limes of the group known as large-fruited or Persian limes (including Tahiti, Bearss, and similar varieties) which are of a size smaller than 1 7/8 inches in diameter.

(b) Notwithstanding the provisions of paragraph (a) (3), not more than 10 percent, by count, of the limes in any lot of containers, other than master containers of individual bags, may fail to meet the applicable minimum size requirement: *Provided*, That no individual container of limes having a net weight of more than 4 pounds may have more than 15 percent, by count, of the limes which fail to meet such applicable size requirements.

(c) Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order; and terms relating to grade and diameter, as used herein, shall have the same meaning as is given to the respective term in the U.S. Standards for Persian (Tahiti) Limes (§§ 51.1000—51.1016).

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: April 28, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

PART 1430—DAIRY PRODUCTS

Subpart—Price Support Program for Milk

The U.S. Department of Agriculture has announced a price support program for milk for the marketing year April 1, 1971, through March 31, 1972, through purchases by Commodity Credit Corporation (CCC) of dairy products as provided herein. Accordingly, § 1430.282 is revised to read as follows:

§ 1430.282 Price support program for milk.

(a) (1) The general levels of prices to producers for milk will be supported from April 1, 1971, through March 31,

1972 at \$4.93 per hundredweight for manufacturing milk.

(2) Price support for milk will be through purchases by CCC of butter, nonfat dry milk, and Cheddar cheese, offered subject to the terms and conditions of purchase announcements issued by the Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture.

(3) Commodity Credit Corporation may, by special announcements, offer to purchase other dairy products to support the price of milk.

(4) Purchase announcements setting forth terms and conditions of purchase may be obtained upon request from:

U.S. Department of Agriculture, Agricultural Stabilization and Conservation Service, Livestock and Dairy Division, Washington, D.C. 20250,

or
U.S. Department of Agriculture, Agricultural Stabilization and Conservation Service, ASCS Commodity Office, 6400 France Avenue South, Minneapolis, MN 55435.

(b) (1) CCC will consider offers of butter, Cheddar cheese, and nonfat dry milk in bulk containers meeting specifications in the announcements at the following prices:

Commodity and location	Purchased and produced before Apr. 1, 1971	Purchased on or after Apr. 1, 1971
Butter:		
U.S. Grade A or higher:		
New York, N.Y., Jersey City, Newark, and Secaucus, N.J.	\$0.7075	\$0.6875
Seattle, Wash., and San Francisco, Calif.	.7000	.6775
Alaska, California, and Hawaii	.7000	.6775
Washington and Oregon	(1)	.6775
Arizona, New Mexico, Texas, Louisiana, Mississippi, Alabama, Georgia, Florida, and South Carolina	.6975	.6775
U.S. Grade B 2 cents per pound less than for U.S. Grade A	Produced before Apr. 1, 1971	Produced on or after Apr. 1, 1971
Cheddar Cheese:		
(Standard moisture basis, 37.8-39.0%) ²	\$0.5200	\$0.5475
Nonfat dry milk, spray process: 50-pound bags with sealed closures ³	.2720	.3170

¹ Calculated by use of freight rates.

² For cheese which is offered on a "dry" basis (less than 37.8 percent moisture) the price per pound shall be as indicated in Form ASCS-150. Copies are available in offices listed in (a)(4).

³ If upon inspection Type II bags (formerly identified as Type G bags) with stitched bottom and top closures do not fully comply with specifications for such closures, the price paid will be subject to a discount of 0.25 cent (3/4 cent) per pound of nonfat dry milk.

(2) Offers to sell butter at any location not specifically provided for in this section will be considered at the price set forth in this section for the designated market (New York, San Francisco, or Seattle) named by the seller, less 80 percent of the lowest published domestic railroad carlot freight rate per pound gross weight for a 60,000 pound carlot, in effect at the beginning of this marketing year, from such other point to the designated market named by the seller. In the area consisting of Maine, New Hampshire, Vermont, Massachusetts,

Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, and Maryland, CCC will purchase only bulk butter produced in that area; butter produced in other areas is ineligible for offering to CCC in these States.

(c) The butter shall be U.S. Grade B or higher. The nonfat dry milk shall be U.S. Extra Grade, except moisture content shall not exceed 3.5 percent. The Cheddar cheese shall be U.S. Grade A or higher.

(d) The products shall be manufactured in the United States from milk produced in the United States, shall be located in the United States and shall not have been previously owned by CCC.

(e) Purchases will be made in carlot weights specified in the announcements. Grades and weights shall be evidenced by inspection certificates issued by the U.S. Department of Agriculture.

(Secs. 201, 401, 63 Stat. 1052, 1054, as amended, sec. 4(d), 62 Stat. 1070, as amended; 7 U.S.C. 1446, 1421, 15 U.S.C. 714b (d))

Signed at Washington, D.C., on April 26, 1971.

GEORGE V. HANSEN,
Acting Executive Vice President,
Commodity Credit Corporation.

[FR Doc. 71-6126 Filed 4-30-71; 8:47 am]

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

SUBCHAPTER D—EXPORTATION AND IMPORTATION OF ANIMALS AND ANIMAL PRODUCTS

PART 97—OVERTIME SERVICES RELATING TO IMPORTS AND EXPORTS

Overtime, Night, and Holiday Inspection and Quarantine Activities at Border, Coastal, and Airports

Pursuant to the authority conferred by the Act of August 28, 1950 (64 Stat. 561; 7 U.S.C. 2260), § 97.1 of Part 97, Title 9, Code of Federal Regulations, is amended to read as follows:

§ 97.1 Overtime work at laboratories, border ports, ocean ports, and airports.¹

Any person, firm, or corporation having ownership, custody or control of animals, animal byproducts, or other commodities subject to inspection, laboratory testing, certification, or quarantine under this subchapter and Subchapter G of this chapter, and who requires the services of an employee of the Animal Health Division on a holiday or Sunday or at any other time outside the regular tour of duty of such employee, shall sufficiently in advance of the period of overtime or holiday or Sunday service request

the Division inspector in charge to furnish inspection, laboratory testing, certification or quarantine service during such overtime or holiday or Sunday period and shall pay the Administrator of the Agricultural Research Service at a rate of \$13.20 per man hour per employee on a Sunday and at a rate of \$9.40 per man hour per employee for holiday or any other period; except that for any services performed on a Sunday, or holiday, or at any time after 5 p.m. or before 8 a.m. on a week day, in connection with the arrival in or departure from the United States of a private aircraft or vessel, the total amount payable shall not exceed \$25 for all inspectional services performed by the Customs Service, Immigration and Naturalization Service, Public Health Service, and the Department of Agriculture. A minimum charge of 2 hours shall be made for any Sunday or holiday or unscheduled overtime duty performed by an employee on a day when no work was scheduled for him or which is performed by an employee on his regular work day beginning either at least 1 hour before his scheduled tour of duty or which is not in direct continuation of the employee's regular tour of duty. In addition, each such period of Sunday or holiday or unscheduled overtime work to which the 2-hour minimum charge provision applies which requires the employee involved to perform additional travel may include a commuted travel time period the amount of which shall be prescribed in administrative instructions to be issued by the Director of the Animal Health Division for the ports, stations, and areas in which the employees are located and shall be established as nearly as may be practicable to cover the time necessarily spent in reporting to and returning from such overtime or holiday or Sunday duty if such travel is performed solely on account of such overtime or holiday or Sunday service. With respect to places of duty within the metropolitan area of the employee's headquarters, such commuted travel period shall not exceed 3 hours. When inspection, laboratory testing, quarantine or certification services are performed at locations outside the metropolitan area in which the employee's headquarters are located, one-half of the commuted travel time period applicable to the point at which the services are performed shall be charged when duties involve overtime that either begins less than 1 hour before the beginning of the regular tour and/or is in continuation of the regular tour of duty: *Provided, however*, That periods of unscheduled overtime or holiday service performed by laboratory personnel shall be limited to Saturdays, Sundays, and holidays, and shall further be limited to hours which normally constitute a regular work day. It shall be administratively determined from time to time which days constitute holidays.

(b) As used in this section—

(1) The term "private aircraft" means any civilian aircraft not being used to transport persons or property for compensation or hire, and

(2) The term "private vessel" means any civilian vessel not being used (i) to

transport persons or property for compensation or hire, or (ii) in fishing operations or in processing of fish or fish products.

(64 Stat. 561, 7 U.S.C. 2260)

The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER (5-1-71), when it shall supersede 9 CFR 97.1, effective January 26, 1971.

The Secretary has approved double time pay for work performed on Sunday by Animal Health Division inspectors at ports of entry under authority of 7 U.S.C. 2260. The purpose of this amendment is to establish a double time reimbursement rate for all work performed on Sunday by the Animal Health Division inspectors engaged in port of entry inspections. Determination of the hourly rate for overtime services and of the commuted travel time allowances depends entirely upon facts within the knowledge of the Department of Agriculture. It is to the benefit of those who require such overtime services, as well as the public generally, that this amendment be made effective at the earliest practicable date.

Accordingly, pursuant to 5 U.S.C. 553, it is found upon good cause that notice and other public procedure on this amendment are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 27th day of April 1971.

F. J. MULHERN,
Acting Administrator,
Agricultural Research Service.

[FR Doc. 71-6123 Filed 4-30-71; 8:47 am]

Title 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

[Release 34-9143]

PART 231—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES ACT OF 1933 AND GENERAL RULES AND REGULATIONS THEREUNDER

PART 241—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES EXCHANGE ACT OF 1934 AND GENERAL RULES AND REGULATIONS THEREUNDER

Offerings of Securities as Substitute or Supplement for Savings Account Deposits and Certificates of Deposit

The Securities and Exchange Commission today announced its concern regarding recent proposals for public offerings of a novel type of security with characteristics which appear to invite

¹ For designated ports of entry for certain animals, animal semen, poultry, and hatching eggs see 9 CFR 92.1 through 92.3; and for designated ports of entry for certain purebred animals see 9 CFR 151.1 through 151.3.

unwarranted comparisons with bank savings accounts, savings and loan association accounts, and bank time deposit certificates. Such securities may be presented to the public as a satisfactory investment medium to serve as a supplement, or even a preferable alternative, to such savings accounts and certificates of deposit.

Although varying in detail, the type of security under discussion customarily has the following characteristics. It is an unsecured debt security bearing interest at a rate lower than those prevailing for long term corporate debt, but somewhat higher than the prevailing rates for savings accounts and bank certificates of deposit. The maturity provisions of this type of security may vary, but when the security does not have a relatively short maturity, it usually has a so-called redemption, presentment, tender or repurchase feature respecting principal and accrued interest which may lead the investor to believe that his security would have liquidity comparable with that of conventional savings accounts and bank certificates of deposit. By these short-term maturity provisions or by purported redemption, presentment, tender or repurchase features, members of the public may be induced to regard the security as an adequate substitute for a savings account or certificate of deposit; and they may accordingly be encouraged to withdraw modest cash resources from such savings vehicles and place their cash in this novel type of security upon the allure of a higher rate of interest.

Added to that aspect of the sales thrust is the circumstance that the prospective investor may not be made meaningfully aware that, apart from losing substantial liquidity for what may be an illusory substitute, he may also stand to lose or be deprived of the benefits of federally created insurance protections, and, in virtually all cases, the significant safeguards resulting from the supervision of banks and savings and loan associations by State or Federal Government agencies. That these safeguards are significant for the protection of investors, even apart from the existence or absence of any federally created insurance feature, is manifest from the requirements on the part of such agencies, and the laws which they administer, for the maintenance by such regulated institutions of adequate reserves designed to provide depositors with reasonable assurance of liquidity and of the ability of those institutions to respond to their demands to withdraw cash from their accounts.

In contrast, the issuers of the debt securities under discussion are in general not subject to any such agency oversight or regulation or law with respect to maintenance of reserves or the integrity of their assets as apply to banks and savings and loan associations. The contrast is augmented in some cases by the fact that the issuer is in no position to provide any assurance that it will have proper reserves and liquidity to give

realistic effect to the so-called redemption, presentment, tender, or repurchase feature. In addition, it may not even be committed to a program for the building or adequate reserves. In some cases the issuer might expressly include with the so-called redemption, presentment, tender or repurchase provisions a caveat that the company may not be in a position to effect such redemption or repurchase or a disclaimer that it is under a legal obligation to do so.

Accordingly, the Commission takes this occasion to urge members of the public to be mindful of the need to examine carefully the risk factors associated with securities they are invited to purchase. Persons engaged in the offer and sale of the type of securities discussed here are reminded of their obligations under applicable provisions of the Federal securities laws, such as section 17(a) of the Securities Act of 1933 and sections 10(b) and 15(b) of the Securities Exchange Act of 1934, and Rules 10b-5 (17 CFR 240.10b-5) and 15b10-3 (17 CFR 240.15b10-3) thereunder, to consider as to each prospective investor all adverse risk factors, taking into account, among other relevant considerations, his investment needs and objectives in light of his personal and financial situation. Further, issuers and broker-dealers engaging in distributions of these types of securities should take appropriate steps to conform with this release, including appropriate disclosure of the risk and other pertinent factors noted herein, both orally to prospective purchasers and in prospectuses, offering circulars and other similar documents.

By the Commission.

[SEAL] ROSALIE F. SCHNEIDER,
Recording Secretary.

APRIL 12, 1971.

[FR Doc.71-6130 Filed 4-30-71;8:47 am]

[Release No. 34-9160]

PART 249—FORMS, SECURITIES EXCHANGE ACT OF 1934

Annual Assessments for Nonmember Broker-Dealers

The Commission has announced the adoption effective on June 1, 1971, of Form SECO-4-71 (17 CFR 249.504e) pursuant to Rule 15b9-2 (17 CFR 240.15b9-2) under the Securities Exchange Act of 1934 (The Act) to set 1971 annual assessments for registered broker-dealers who are not members of the National Association of Securities Dealers, Inc. (non-member broker-dealers).

Section 15(b)(9) under the Securities Exchange Act of 1934 authorizes the Commission to collect such reasonable fees and charges as may be necessary to defray the costs of regulatory duties required to be performed with respect to nonmember broker-dealers. Rule 15b9-2 (17 CFR 240.15b9-2) provides that the annual assessment of nonmember broker-

dealers shall be prescribed by the applicable form required to be filed. This release announced the adoption of Form SECO-4-71 (17 CFR 249.5043) under the Rule 15b9-2(d) (17 CFR 240.15b9-2(d)) which increases the annual assessment ceiling from \$25,000 to \$50,000 and provides for the actual charges which are: A base fee of \$100 plus \$30 for each office and \$5 for each associated person.

The full text of Rules 15b9-1 (17 CFR 240.15b9-1) and 15b9-2, which together contain all of the fee requirements for nonmember broker-dealers, may be obtained by sending a written request to the Branch of Non-NASD Regulation, Division of Trading and Markets, Securities and Exchange Commission, 500 North Capitol Street, Washington, DC 20549.

Commission action. The text of the Commission action adopting § 249.504e of Chapter II of Title 17 of the Code of Federal Regulations is as follows:

§ 249.504e Form SECO-4-71; 1971 assessment and information form for registered brokers and dealers not members of a registered national securities association.

This form shall be filed pursuant to Rule 15b9-2 (§ 240.15b9-2 of this chapter), accompanied by the annual assessment fee required thereunder, for the fiscal year ended June 30, 1971, on or before June 1, 1971, by every registered broker and dealer not a member of a registered national securities association.

On April 2, 1971, in Release No. 34-9131, which was published in the FEDERAL REGISTER for April 3, 1971, at 36 F.R. 6440, the Commission gave notice that it proposed to adopt a revised Form SECO-4, § 249.504e of Chapter II of Title 17 of the Code of Federal Regulations to increase the maximum annual assessment payable by a nonmember broker-dealer from \$25,000 to \$50,000 and to set the actual charges payable by nonmember broker-dealers for fiscal year 1971 which are: \$100 base fee plus \$30 for each office and \$5 for each associated person. The Commission invited comments on the revision and proposed that it become effective on June 1, 1971. Having received no comments and deeming such action to be necessary and with due regard for the public interest and the protection of investors, the Commission has determined to adopt Form SECO-4-71 as proposed. Accordingly, the foregoing shall be effective on June 1, 1971.

Copies of Form SECO-4-71 have been filed as part of this document with the Office of the Federal Register and additional copies are available on request from the Securities and Exchange Commission, Washington, D.C. 20549.

(Secs. 15(b), 23(a), 48 Stat. 895, 901, sec. 3, 49 Stat. 1377, sec. 6, 78 Stat. 570, 15 U.S.C. 78o(b), 78w)

By the Commission, April 30, 1971.

[SEAL] THEODORE L. HUMES,
Associate Secretary.

Title 18—CONSERVATION OF POWER AND WATER RESOURCES

Chapter I—Federal Power Commission

[Docket No. R-401; Order 432]

PART 101—UNIFORM SYSTEM OF ACCOUNTS PRESCRIBED FOR CLASS A AND CLASS B PUBLIC UTILITIES AND LICENSEES

PART 104—UNIFORM SYSTEM OF ACCOUNTS FOR CLASS C PUBLIC UTILITIES AND LICENSEES

PART 141—STATEMENTS AND REPORTS (SCHEDULES)

PART 201—UNIFORM SYSTEM OF ACCOUNTS FOR NATURAL GAS COMPANIES

PART 204—UNIFORM SYSTEM OF ACCOUNTS FOR CLASS C NATURAL GAS COMPANIES

PART 260—STATEMENTS AND REPORTS (SCHEDULES)

Accumulating Deferred Income Taxes Relating to Pollution Control Facilities

APRIL 23, 1971.

On September 30, 1970, the Commission issued a notice of proposed rule making in this proceeding (35 F.R. 15648, Oct. 6, 1970) proposing to amend its Uniform Systems of Accounts for Classes A, B, and C Public Utilities and Licensees, for Classes A, B, and C Natural Gas Companies, for FPC Form No. 1, Annual Report for Class A and B Electric Utilities, Licensees and Others and for FPC Form No. 2, Annual Report for Class A and Class B Natural Gas Companies consistent with the amendments to such Uniform Systems of Accounts. The primary purpose of these amendments is to provide accounting and reporting in connection with implementing the provisions of section 169 of the Internal Revenue Code of 1954 and 704(a) of the Tax Reform Act of 1969, relative accelerated amortization of certain certified pollution control facilities.

Comments were invited from interested parties to be submitted by November 16, 1970.¹ In response to this notice the Commission has received comments from 22 respondents² which include one

¹ Extension of time granted to Dec. 16, 1970 (35 F.R. 17956, Nov. 21, 1970).

² Arthur Andersen & Co., Allegheny Power Service Corp., American Electric Power Service Corp., Carolina Power & Light Co., Cleveland Electric Illuminating Co., The Columbus and Southern Ohio Electric Co., Commonwealth Edison Co., Consolidated Edison Company of New York, Inc., Consumers Power Co., Florida Power Corp., Gulf States Utilities Co., New England Electric System, Northern States Power Co., Pacific Gas and Electric Co., Public Service Electric and Gas Co., Public Service, Indiana, Southern Services, Inc., Union Electric Co., Utah Power & Light Co., Wisconsin Electric Power Co., Northern Natural Gas Co., and State of New York Public Service Commission.

accounting firm, 19 electric utilities, one gas utility, and one State commission.

Two respondents were in full agreement with the rulemaking. Eighteen respondents were in full support of the underlying principles with certain suggested modifications to the proposed accounting and the mechanics of implementing the accounting. The remaining two respondents recommended the proposal not be adopted in its present form.

Several respondents suggested that the deferred taxes relating to certified pollution control facilities be accounted for within the present framework of accounts already established for deferred tax accounting in the Uniform Systems of Accounts, rather than establishing a new account for this express purpose. The Commission adopts this suggestion, and will utilize account 281, Accumulated Deferred Income Taxes—Accelerated Amortization. Essentially, the logic in selecting this account is that it is already geared to 5-year amortization treatment closely paralleling that required for pollution control facilities. In addition, the use of account 281 will simplify, to some degree, the reporting of amounts relating to pollution control facilities on schedule page 227 of the Commission's Annual Reports Forms No. 1 and No. 2.

The majority of the respondents were concerned that the provisions of the proposed rule making would make the "normalization" method of tax deferral mandatory. The Commission feels that the provisions in this area should track those already established for other tax deferral accounting and have so provided. However, once a method is elected by the utility, the elected method must be consistently followed. The flexibility in allowing selection of the "normalization" or "flow-through" methods will assist in accommodating regulatory State commissions.

One respondent suggested that the amounts of accumulated deferred taxes be deducted from the rate base in establishing rates and that the Commission order, implementing the provisions therefor, so state. Considering that this rulemaking proceeding is concerned strictly with accounting relating to pollution control facilities, it is not a proper proceeding in which to consider the respondent's suggestion.

Certain other constructive suggestions were received from respondents resulting from the proposed rule making have been included in the final revisions to the Commission's Uniform Systems of Accounts and Schedule page 227 of the Annual Report Forms No. 1 and No. 2 and, although not substantive in nature, were of considerable value in the overall revisions.

The Commission finds:

(1) The notice and opportunity to participate in this rulemaking proceeding with respect to the matters presently before this Commission through the submission, in writing, of data, views, comments, and suggestions in the manner described above, are consistent and in accordance with the procedural requirements prescribed by 5 U.S.C. 553.

(2) The amendments of the Commission's Uniform Systems of Accounts and Annual Report Forms No. 1 and No. 2, Schedule page 227, herein prescribed, are necessary and appropriate for the administration of the Federal Power Act and the Natural Gas Act.

(3) Since the revised schedule page 227, of the Commission's Annual Reports No. 1 and No. 2 is being prescribed for the reporting year 1971, good cause exists for making the amendments to the Uniform Systems of Accounts adopted herein effective upon issuance.

(4) Since the revisions in the Uniform Systems of Accounts and schedule page 227, of the Annual Report Forms No. 1 and No. 2 as originally proposed result essentially from suggestions made by respondents to the notice of proposed rule making herein and since these revisions do not impose a further burden on persons subject to these regulations and do not amount to a substantial departure from the original proposal, no further notice and hearing prior to adoption is necessary.

The Commission, acting pursuant to the provisions of the Federal Power Act, as amended, particularly 301, 302, 303, 304, and 309 thereof (49 Stat. 854, 855, 858; 16 U.S.C. 825, 825a, 825b, 825c, 825h) and of the Natural Gas Act, as amended, particularly sections 8, 9, 10, and 16 thereof (52 Stat. 825, 826, 830; 15 U.S.C. 717g, 717h, 717i, 717o), orders:

(A) The Commission's Uniform System of Accounts for Class A and Class B Public Utilities and Licensees prescribed by Part 101, Chapter I, Title 18 of the Code of Federal Regulations, is amended as follows:

The text of account "281, Accumulated Deferred Income Taxes—Accelerated Amortization" of the Balance Sheet Accounts is amended by revising paragraph A, revising the first sentence of paragraph B and adding a new paragraph F as follows:

Balance Sheet Accounts

* * * * *

LIABILITIES AND OTHER CREDITS

* * * * *

11. ACCUMULATED DEFERRED INCOME TAXES

* * * * *

281 Accumulated deferred income taxes—Accelerated amortization.

A. This account shall be credited and account 410, Provision for Deferred Income Taxes shall be debited with an amount equal to that by which taxes on income payable for the year are lower because of accelerated (5-year) amortization of (1) certified defense facilities in computing such taxes, as permitted by section 168 of the Internal Revenue Code; and (2) certified pollution control facilities in computing such taxes, as permitted by section 169 of the Internal Revenue Code of 1954, as compared to the depreciation deduction otherwise appropriate and allowable for tax purposes according to the straight line or other non-accelerated depreciation method and appropriate estimated useful life for such property.

B. This account shall be debited and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with an amount equal to that by which taxes on income payable for the year are greater because of the use in prior years of accelerated (5-year) amortization of (1) certified defense facilities and (2) pollution control facilities, instead of nonaccelerated or nonliberalized depreciation otherwise appropriate for income tax purposes, and deferral of taxes in such prior years as described in paragraph A, above. * * *

F. Upon the sale, exchange, abandonment, premature retirement or taxable transfer of any certified pollution control facility on which there is a related balance herein, this account shall be charged and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with the amount of such balance; provided, however, that if the related income tax attributable to the disposition is significantly less than such related balance, the Commission shall otherwise direct or authorize how the residuals shall be treated. Upon transfers of plant to a wholly owned subsidiary the related balance in this account shall also be transferred. If transfers of plant are made to other than a wholly owned subsidiary and such transfer does not involve a tax transaction, the accounting shall be as authorized or directed by the Commission.

(B) The Commission's Uniform System of Accounts for Class C Public Utilities and Licensees prescribed by Part 104, Chapter I, Title 18 of the Code of Federal Regulations, is amended as follows:

The text of account "281, Accumulated Deferred Income Taxes—Accelerated Amortization" of the Balance Sheet Accounts is amended by revising paragraph A, revising the first sentence of paragraph B and adding a new paragraph F as follows:

Balance Sheet Accounts

LIABILITIES AND OTHER CREDITS

11. ACCUMULATED DEFERRED INCOME TAXES

281 Accumulated deferred income taxes—Accelerated amortization.

A. This account shall be credited and account 410, Provision for Deferred Income Taxes shall be debited with an amount equal to that by which taxes on income payable for the year are lower because of accelerated (5-year) amortization of (1) certified defense facilities in computing such taxes, as permitted by section 168 of the Internal Revenue Code; and (2) certified pollution control facilities in computing such taxes, as permitted by section 169 of the Internal Revenue of 1954, as compared to the depreciation deduction otherwise appropriate and allowable for tax purposes according to the straight line or other nonaccelerated depreciation method and

appropriate estimated useful life for such property.

B. This account shall be debited and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with an amount equal to that by which taxes on income payable for the year are greater because of the use in prior years of accelerated (5-year) amortization of (1) certified defense facilities and (2) pollution control facilities, instead of nonaccelerated or nonliberalized depreciation otherwise appropriate for income tax purposes, and deferral of taxes in such prior years as described in paragraph A, above. * * *

F. Upon the sale, exchange, abandonment, premature retirement or taxable transfer of any certified pollution control facility on which there is a related balance herein, this account shall be charged and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with the amount of such balance; provided, however, that if the related income tax attributable to the disposition is significantly less than such related balance, the Commission shall otherwise direct or authorize how the residuals shall be treated. Upon transfers of plant to a wholly owned subsidiary the related balance in this account shall also be transferred. If transfers of plant are made to other than a wholly owned subsidiary and such transfer does not involve a tax transaction, the accounting shall be as authorized or directed by the Commission.

(C) The Commission's Uniform System of Accounts for Class A and Class B Natural Gas Companies prescribed by Part 201, Chapter I, Title 18 of the Code of Federal Regulations, is amended as follows:

The text of account "281, Accumulated Deferred Income Taxes—Accelerated Amortization" of the Balance Sheet Accounts is amended by revising paragraph A, revising the first sentence of paragraph B and adding a new paragraph F as follows:

Balance Sheet Accounts

LIABILITIES AND OTHER CREDITS

11. ACCUMULATED DEFERRED INCOME TAXES

281 Accumulated deferred income taxes—Accelerated amortization.

A. This account shall be credited and account 410, Provision for Deferred Income Taxes shall be debited with an amount equal to that by which taxes on income payable for the year are lower because of accelerated (5-year) amortization of (1) certified defense facilities in computing such taxes, as permitted by section 168 of the Internal Revenue Code and (2) certified pollution control facilities in computing such taxes, as permitted by section 169 of the Internal Revenue Code of 1954, as compared to the depreciation deduction otherwise ap-

propriate and allowable for tax purposes according to the straight line or other nonaccelerated depreciation method and appropriate estimated useful life for such property.

B. This account shall be debited and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with an amount equal to that by which taxes on income payable for the year are greater because of the use in prior years of accelerated (5-year) amortization of (1) certified defense facilities and (2) pollution control facilities, instead of nonaccelerated or nonliberalized depreciation otherwise appropriate for income tax purposes, and deferral of taxes in such prior years as described in paragraph A, above. * * *

F. Upon the sale, exchange, abandonment, premature retirement or taxable transfer of any certified pollution control facility on which there is a related balance herein, this account shall be charged and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with the amount of such balance; provided, however, that if the related income tax attributable to the disposition is significantly less than such related balance, the Commission shall otherwise direct or authorize how the residuals shall be treated. Upon transfers of plant to a wholly owned subsidiary the related balance in this account shall also be transferred. If transfers of plant are made to other than a wholly owned subsidiary and such transfer does not involve a tax transaction, the accounting shall be as authorized or directed by the Commission.

(D) The Commission's Uniform System of Accounts for Class C Natural Gas Companies prescribed by Part 204, Chapter I, Title 18 of the Code of Federal Regulations, is amended as follows:

The text of account "281, Accumulated Deferred Income Taxes—Accelerated Amortization" of the Balance Sheet Accounts is amended by revising paragraph A, revising the first sentence of paragraph B and adding a new paragraph F as follows:

Balance Sheet Accounts

LIABILITIES AND OTHER CREDITS

11. ACCUMULATED DEFERRED INCOME TAXES

281 Accumulated deferred income taxes—Accelerated amortization.

A. This account shall be credited and account 410, Provision for Deferred Income Taxes shall be debited with an amount equal to that by which taxes on income payable for the year are lower because of accelerated (5-year) amortization of (1) certified defense facilities in computing such taxes, as permitted by section 168 of the Internal Revenue Code; and (2) certified pollution control facilities in computing such taxes, as permitted by section 169 of the Internal Revenue Code of 1954, as compared to

the depreciation deduction otherwise appropriate and allowable for tax purposes according to the straight line or other nonaccelerated depreciation method and appropriate estimated useful life for such property.

B. This account shall be debited and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with an amount equal to that by which taxes on income payable for the year are greater because of the use in prior years of accelerated (5-year) amortization of (1) certified defense facilities and (2) pollution control facilities, instead of nonaccelerated or nonliberalized depreciation otherwise appropriate for income tax purposes, and deferral of taxes in such prior years as described in paragraph A, above. * * *

F. Upon the sale, exchange, abandonment, premature retirement or taxable transfer of any certified pollution control facility on which there is a related balance herein, this account shall be charged and account 411, Income Taxes Deferred in Prior Years—Credit, shall be credited with the amount of such balance; provided, however, that if the related income tax attributable to the disposition is significantly less than such related balance, the Commission shall otherwise direct or authorize how the residuals shall be treated. Upon transfers of plant to a wholly owned subsidiary the related balance in this account shall also be transferred. If transfers of plans are made to other than a wholly owned subsidiary and such transfer does not involve a tax transaction, the accounting shall be as authorized or directed by the Commission.

(E) The schedule page 227, entitled Accumulated Deferred Income Taxes (Accounts 281, 282, 283) in FPC Form No. 1, Annual Report for Electric Utilities, Licensees and Others (Class A and Class B) and FPC Form No. 2, Annual Report for Natural Gas Companies (Class A and Class B) prescribed by §§ 141.1 and 260.1, Chapter I, Title 18 of the Code of Federal Regulations, respectively, is revised as set out in Attachment A hereto.*

(F) This order shall be effective on the date of issuance.

(G) The Acting Secretary of the Commission shall cause prompt publication of this order.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Acting Secretary.

* Attachment A filed as part of original document.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER C—DRUGS

PART 132—REGISTRATION OF PRODUCERS OF DRUGS

Depressant, Stimulant, or Hallucinogenic Drugs

Title II of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (Public Law 91-513; 84 Stat. 1236-96) may be cited as the Controlled Substances Act (84 Stat. 1242-84). Section 701(e) of title II (84 Stat. 1282) amends section 510 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360) so that registration for the activity of wholesaling, jobbing, or distributing depressant, stimulant, or hallucinogenic drugs after May 1, 1971, will be made with the U.S. Department of Justice, Bureau of Narcotics and Dangerous Drugs, pursuant to sections 301-04 of said Title II (84 Stat. 1253-56).

Therefore, Part 132 is amended below to delete provisions regarding depressant, stimulant, or hallucinogenic drugs. Accordingly, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act as amended (secs. 510, 701(a), 52 Stat. 1055, 76 Stat. 794, as amended 79 Stat. 231-32, 84 Stat. 1282; 21 U.S.C. 360, 371(a)) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), Part 132 is amended as follows:

1. The part heading is changed to read as set forth above.

2. Section 132.1 *Definitions* is amended:

a. By deleting from the last sentence of paragraph (b) “, and wholesalers, jobbers, or distributors who handle stimulant, depressant, or hallucinogenic drugs, as defined in Part 166 of this chapter”.

b. By deleting paragraph (d).

c. By revising paragraph (e) to read as follows:

(e) The definitions and interpretations contained in sections 201 and 510 of the act shall be applicable to such terms when used in this Part 132.

3. Section 132.2 *Who must register* is amended by deleting from the first sentence “or in the wholesaling, jobbing, or distributing of any depressant, stimulant, or hallucinogenic drug”.

4. Section 132.3 *Times for registration* is amended by deleting paragraph (b).

5. Section 132.5 *Information required* is amended by revising the second sentence to read “This information includes the name and street address of the drug establishment, including post office Zip

code; all trade names used by the establishment; the kind of ownership or operation (that is, individually owned, partnership, or corporation); and the name of the owner or operator of such establishment.”

6. Section 132.8 *Amendments to registration* is amended by deleting the third sentence.

Effective date. This order shall become effective May 1, 1971.

(Secs. 510, 701(a), 52 Stat. 1055, 76 Stat. 794, as amended 79 Stat. 231-32, 84 Stat. 1282; 21 U.S.C. 360, 371(a))

Dated: April 23, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[FR Doc.71-6103 Filed 4-30-71;8:45 am]

PART 148b—AMPHOTERICIN

Amphotericin B Oral Suspension

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357) and under authority delegated to the Commissioner (21 CFR 2.120), the following new section is added to Part 148b to provide for certification of the subject antibiotic:

§ 148b.6 Amphotericin B oral suspension.

(a) *Requirements for certification—*
(1) *Standards of identity, strength, quality, and purity.* Amphotericin B oral suspension is a mixture of amphotericin B with one or more suitable and harmless preservatives, colorings, sweetening ingredients, flavorings, buffer substances, lubricants, suspending agents, and sequestrants in an aqueous vehicle. Each milliliter contains 100 milligrams of amphotericin B. Its potency is satisfactory if it is not less than 90 percent and not more than 125 percent of the number of milligrams of amphotericin B that it is represented to contain. Its pH is not less than 4.5 and not more than 6.0. The amphotericin B conforms to the standards prescribed by § 148b.1(a)(1).

(2) *Labeling.* It shall be labeled in accordance with the requirements of § 148.3 of this chapter.

(3) *Requests for certification; samples.* In addition to complying with the requirements of § 146.2 of this chapter, each such request shall contain:

(i) Results of tests and assays on:

(a) The amphotericin B used in making the batch for potency, amphotericin A content, safety, loss on drying, pH, residue on ignition, and identity.

(b) The batch for potency and pH.

(ii) Samples required:

(a) The amphotericin B used in making the batch: 10 packages, each containing approximately 500 milligrams.

(b) The batch: A minimum of 5 immediate containers.

(b) *Tests and methods of assay*—(1) *Potency*. Proceed as directed in § 141.110 of this chapter, preparing the sample for assay as follows: Place an accurately measured representative portion into a high-speed glass blender with sufficient dimethylsulfoxide to give a stock solution of convenient concentration. Blend for 3 to 5 minutes. Dilute an aliquot of the stock solution with dimethylsulfoxide to give a concentration of 20 micrograms of amphotericin B per milliliter (estimated). Further dilute an aliquot with 0.2M potassium phosphate buffer, pH 10.5 (solution 10), to the reference concentration of 1.0 microgram of amphotericin B per milliliter (estimated).

(2) *pH*. Proceed as directed in § 141.503 of this chapter, using the undiluted suspension.

Data supplied by the manufacturer concerning the subject antibiotic have been evaluated. Since the conditions prerequisite to providing for its certification have been complied with and since it is in the public interest not to delay in so providing, notice and public procedure and delayed effective date are not prerequisites to this promulgation.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (5-1-71).

(Sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357)

Dated: April 21, 1971.

H. E. SIMMONS,
Director, Bureau of Drugs.

[FR Doc. 71-6102 Filed 4-30-71; 8:45 am]

PART 149y—CARBENICILLIN

Sterile Disodium Carbenicillin

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), § 149y.1 *Sterile disodium carbenicillin* is revised in paragraph (a) (1) (vi) by changing "6.0" to read "6.5" to raise the minimum pH limit for the subject antibiotic.

This order merely makes a technical change in the certification requirements in order to prevent turbidity formation. The revision is noncontroversial and nonrestrictive in nature; therefore, notice and public procedure and delayed effective date are not prerequisites to this promulgation.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (5-1-71).

(Sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357)

Dated: April 16, 1971.

H. E. SIMMONS,
Director, Bureau of Drugs.

[FR Doc. 71-6104 Filed 4-30-71; 8:45 am]

Chapter III—Environmental Protection Agency

PART 420—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Aldicarb

A petition (PP 0F1008) was filed by Union Carbide Corp., 800 Wyatt Building, Washington, DC 20005, in accordance with the provisions of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 346a) proposing establishment of tolerances for residues of the insecticide and nematocide aldicarb (2-methyl-2-(methylthio) propionaldehyde O-(methylcarbamoyl) oxime and its cholinesterase-inhibiting metabolites 2-methyl-2-(methylsulfinyl) propionaldehyde O-(methylcarbamoyl) oxime and 2-methyl-2-(methylsulfonyl) propionaldehyde O-(methylcarbamoyl) oxime in or on the raw agricultural commodities sugar beet tops at 1 part per million, sugar beets of 0.05 part per million; meat, fat, and meat byproducts of cattle, goats, hogs and sheep at 0.01 part per million (negligible residue); and milk at 0.002 part per million (negligible residue).

Prior to December 2, 1970, the Secretary of Agriculture certified that this pesticide chemical is useful for the purposes for which tolerances are being established. The Fish and Wildlife Service, USDI, advised that it has no objections to the tolerances.

Part 120, Chapter I, Title 21 was redesignated Part 420 and transferred to Chapter III (36 F.R. 424).

Based on consideration given data submitted in the petition and other relevant material, it is concluded that:

1. The proposed use falls into category subparagraph (3) of § 420.6(a) with respect to poultry and eggs.

2. No detectable residues will be present in sugar, molasses or sugar beet pulp derived from sugar beets bearing residues at 0.05 part per million.

3. The tolerances established by this order will protect the public health.

Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator (35 F.R. 15623), and the authority delegated by the Administrator to the Commissioner or Acting Commissioner of the Pesticides Office of the Environmental Protection Agency (36 F.R. 1228), § 420.269 is amended to read as follows:

§ 420.269 Aldicarb: tolerances for residues.

Tolerances are established for residues of the insecticide and nematocide aldicarb (2-methyl-2-(methylthio) propionaldehyde O-(methylcarbamoyl) oxime and its cholinesterase-inhibiting metabolites 2-methyl-2-(methylsulfinyl) propionaldehyde O-(methylcarbamoyl) oxime and 2-methyl-2-(methylsulfonyl) propionaldehyde O-(methylcarbamoyl) oxime in or on raw agricultural commodities as follows:

1 part per million in or on sugar beet tops.

0.1 part per million in or on cottonseed.
0.05 part per million in or on sugar beets.

0.01 part per million (negligible residue) in the meat, fat, and meat byproducts of cattle, goats, hogs, and sheep.

0.002 part per million (negligible residue) in milk.

Any person who will be adversely affected by the foregoing order may at any time within 30 days after its date of publication in the FEDERAL REGISTER file with the Objections Clerk, Environmental Protection Agency, 1626 K Street NW., Washington, DC 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on its date of publication in the FEDERAL REGISTER (5-1-71).

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated: April 26, 1971.

R. E. JOHNSON,
Acting Commissioner,
Pesticides Office.

Title 23—HIGHWAYS

Chapter I—Federal Highway Administration, Department of Transportation

PART 1—ADMINISTRATION OF FEDERAL AID FOR HIGHWAYS

Relocation Assistance and Payments; Interim Operating Procedures

Section 1.32 of Title 23 of the Code of Federal Regulations provides in the last sentence that "Selected orders and memorandums are contained in Appendix A to this part." On April 30, 1971, the Federal Highway Administration will issue Instructional Memorandum 80-1-71 entitled Relocation Assistance and Payments—Interim Operating Procedures.

This instructional memorandum implements the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 with regard to Federal and federally assisted highway programs and projects.

Appendix A of Part 1 is amended by adding the following instructional memorandum at the end of Appendix A.

(Sec. 213(b), 84 Stat. 1900)

Issue date: April 22, 1971.

F. C. TURNER,

Federal Highway Administrator.

INSTRUCTIONAL MEMORANDUM 80-1-71

RELOCATION ASSISTANCE AND PAYMENTS;
INTERIM OPERATING PROCEDURES

Par.

Attachment No. 1—Moving Expense Schedule.²Attachment No. 2—Form PR-1228, Summary to Relocation Assistance and Payments Statistics (Quarterly Report).³
State Code Numbers Applicable to Attachment No. 2.³

1. **Purpose**—a. **General.** The purpose of this memorandum is to insure to the maximum extent possible the prompt and equitable relocation and reestablishment of persons, businesses, farmers, and nonprofit organizations displaced as a result of Federal and Federal-aid highway construction. The rules, policies, and procedures contained in this memorandum are intended to establish a means of providing relocation services and of making moving cost payments, replacement housing cost payments, and other expense payments so that a few individuals do not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole.

b. **Implementation.** This memorandum requires the Federal Highway Administration and the States to follow the rules, policies, and procedures set forth herein so that every individual displaced because of Federal or Federal-aid highway programs will have, or will have been offered, a comparable decent, safe, and sanitary dwelling to move into upon being required to vacate the dwelling acquired. It also requires that relocation services be furnished and that payments be made to those who are required to relocate to compensate for, in whole or in part, costs incurred for moving, replacement housing, and certain other expenses. In addition, it provides for hearing and appeal procedures to encourage amicable resolution of controversies that may arise.

2. **Authority.** The provisions of this memorandum are issued under the "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970"; Interim Guidelines for issuance of Regulations and Procedures Implementing the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as promulgated by the Interagency Task Force; section 6, Department of Transportation Act (49 U.S.C. 1655); delegation of authority by the Secretary of Transportation in 49 CFR 1.4(c); and Department of Transportation Order 5620.1 dated June 24, 1970.

3. **Effective date.** a. The additional monetary payments prescribed in this memorandum shall be provided to the extent that a State can comply under its laws, to all persons eligible therefore on and after January 2, 1971.

b. The provisions of this memorandum, exclusive of the monetary payments, shall be effective 90 days after issuance or July 1, 1971, whichever is later, or at an earlier date if a State so desires, and the services and other requirements described herein shall be provided by a State to the extent that such State is able to comply herewith under its laws.

c. After July 1, 1972, the payments, services, and other requirements of this memorandum shall be provided by all States.

4. **Definitions.** For the purpose of this memorandum the following terms are defined:

a. **Person:** The term "person" means any individual, partnership, corporation, or association.

b. **Family:** The term "family" means two or more individuals, one of whom is the head of a household, plus all other individuals regardless of blood or legal ties who live with and are considered a part of the family unit. Where two or more individuals occupy the same dwelling with no identifiable head of a household, they shall be treated as one

family for replacement housing payment purposes.

c. **Displaced person:** A displaced person is any person who—

(1) Is in occupancy at the initiation of negotiations for the acquisition of the real property in whole or in part; or

(2) Is in occupancy at the time he is given a written notice by the State that it is their intent to acquire the property by a given date; and

(3) Moves from the real property or moves his personal property from the real property subsequent to the earliest date established in (a) or (b) above; and

(4) The real property is subsequently acquired.

(5) If the move occurs after a written order to vacate is issued the occupant is eligible even though the property is not acquired.

d. **Initiation of negotiations for the parcel:** The term "initiation of negotiations" for a parcel means the date the acquiring agency makes the first personal contact with the owner of the parcel or property to be acquired for a Federal or Federal-aid project or his designated representative where price is discussed.

e. **Relocatee:** The term "relocatee" means any person who meets the definition of a displaced person.

f. **Dwelling:** The term "dwelling" means any single family house, a single family unit in a multifamily building, a unit of a condominium or cooperative housing project, a mobile home, or any other residential unit.

g. **Comparable replacement dwelling:** A comparable replacement dwelling is one which is:

(1) Decent, safe, and sanitary as defined in paragraph 5 of this memorandum;

(2) Functionally equivalent and substantially the same as the required dwelling with respect to:

- (a) Number of rooms;
- (b) Area of living space;
- (c) Type of construction;
- (d) Age; and
- (e) State of repair.

(3) Fair housing—Open to all persons regardless of race, color, religion, sex, or national origin and consistent with the requirements of title VIII of the Civil Rights Act of 1968;

(4) In areas not generally less desirable than the dwelling to be acquired in regard to:

- (a) Public utilities; and
 - (b) Public and commercial facilities.
- (5) Reasonably accessible to the relocatee's place of employment;
- (6) Adequate to accommodate the relocatee;

(7) In an equal or better neighborhood;

(8) Available on the market to the displaced person; and

(9) Within the financial means of the displaced family or individual.

h. **Business:** The term "business" means any lawful activity, excepting a farm operation, conducted primarily:

(1) For the purchase, sale, lease, and rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

(2) For the sale of services to the public;

(3) By a nonprofit organization; or

(4) Solely for the purpose of moving and related expenses under paragraph 22 for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display or displays, whether or not such display or displays are

³ Filed as part of the original document.

located on the premises on which any of the above activities are conducted.

1. **Nonprofit organization:** The term "non-profit organization" means a corporation, partnership, individual, or other public or private entity, engaged in a business, professional, or instructional activity on a non-profit basis, necessitating fixtures, equipment, stock in trade, or other tangible property for the carrying on of the business, profession, or institutional activity on the premises.

j. **Farm operation:** The term "farm operation" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support. The term "contributing materially" used in this definition means that the farm operation contributes at least one-third of the operator's income; however, in instances where such operation is obviously a farm operation it need not contribute one-third to the operator's income for him to be eligible for relocation payments.

k. **Federal agency:** The term "Federal agency" means any department, agency, or instrumentality in the executive branch of the Government (except the National Capital Housing Authority), any wholly owned Government corporation (except the District of Columbia Redevelopment Land Agency), and the architect of the Capitol, the Federal reserve banks and branches thereof.

l. The term "State" means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, the Trust Territory of the Pacific Islands and any political subdivision thereof.

m. **State agency:** The term "State agency" means the National Capital Housing Authority, the District of Columbia Redevelopment Land Agency, and any department, agency, or instrumentality of a State or of a political subdivision of a State, or any department, agency, or instrumentality of two or more States or of two or more political subdivisions of a State or States.

n. **Federal financial assistance:** The term "Federal financial assistance" means a grant, loan, or contribution provided by the United States, except any Federal guarantee or insurance and any annual payment or capital loan to the District of Columbia.

o. **Mortgage:** The term "mortgage" means such classes of liens as are commonly given to secure advances on, or the unpaid purchase price of, real property, under the laws of the State in which the real property is located, together with the credit instruments, if any, secured thereby.

p. **Owner:** The term "owner" means an individual (or individuals):

(1) Owning, legally or equitably, the fee simple estate, a life estate, a 99-year lease or other proprietary interest in the property;

(2) The contract purchaser of any of the foregoing estates or interests; or

(3) Who has succeeded to any of the foregoing interests by devise, bequest, inheritance, or operation of law. For the purpose of this memorandum in the event of acquisition of ownership by any of the foregoing methods in this subparagraph (3), the tenure of ownership, not occupancy, of the succeeding owner shall include the tenure of the preceding owner.

q. **Existing patronage:** The term "existing patronage" is the annual average dollar volume of business transacted during the 2 taxable years immediately preceding the taxable year in which the business is relocated.

5. **Standards for decent, safe, and sanitary housing—**a. **Minimum requirements.** A decent, safe, and sanitary dwelling is one which meets all of the following minimum requirements:

(1) **Conforms to State and local housing codes and ordinances.** Conforms with all applicable provisions for existing structures that have been established under State or local building, plumbing, electrical, housing, and occupancy codes and similar ordinances or regulations.

(2) **Water.** Has a continuing and adequate supply of potable safe water.

(3) **Kitchen requirements.** Has a kitchen or an area set aside for kitchen use which contains a sink in good working condition and connected to hot and cold water, and an adequate sewage system. A stove and refrigerator in good operating condition shall be provided when required by local codes, ordinances, or custom. When these facilities are not so required by local codes, ordinances, or custom, the kitchen area or area set aside for such use shall have utility service connections and adequate space for the installation of such facilities.

(4) **Heating system.** Has an adequate heating system in good working order which will maintain a minimum temperature of 70° in the living area under local outdoor design temperature conditions. A heating system will not be required in those geographical areas where such is not normally included in new housing. Bedrooms are not included in the "living area" as referred to in this paragraph.

(5) **Bathroom facilities.** Has a bathroom, well lighted and ventilated, and affording privacy to a person within it, containing a lavatory basin and a bathtub or stall shower, properly connected to an adequate supply of hot and cold running water, and a flush closet, all in good working order and properly connected to a sewage disposal system.

(6) **Electric system.** Has an adequate and safe wiring system for lighting and other electrical services. When the utility is not reasonably accessible and is not required by local codes, ordinances, or custom, an exception may be approved by the Regional Federal Highway Administrator on a project basis.

(7) **Structurally sound.** Is structurally sound, weathertight, in good repair, and adequately maintained.

(8) **Egress.** Each building used for dwelling purposes shall have a safe, unobstructed means of egress leading to safe open space at ground level. Each dwelling unit in a multidwelling building must have access either directly or through a common corridor to a means of egress to open space at ground level. In multidwelling buildings of three stories or more, the common corridor on each story must have at least two means of egress.

(9) **Habitable floor space.** Has 150 square feet of habitable floor space for the first occupant in a standard living unit and at least 100 square feet (70 square feet for mobile home) of habitable floor space for each additional occupant. The floor space is to be subdivided into sufficient rooms to be adequate for the family. All rooms must be adequately ventilated. Habitable floor space is defined as that space used for sleeping, living, cooking, or dining purposes and excludes such enclosed places as closets, pantries, bath, or toilet rooms, service rooms, connecting corridors, laundries, and unfinished attics, foyers, storage spaces, cellars, utility rooms, and similar spaces.

b. **Rental of sleeping rooms.** The standards for decent, safe, and sanitary housing as applied to rental of sleeping rooms shall include the minimum requirements contained

in paragraph 5a (1), (4), (6), (7), and (8) and the following:

(1) **Habitable floor space.** At least 100 square feet of habitable floor space for the first occupant and 50 square feet of habitable floor space for each additional occupant.

(2) **Bathroom facilities.** Lavatory, bath, and toilet facilities that provide privacy including a door that can be locked if such facilities are separate from the room.

c. **Approval of local code.** In those instances where a local housing code does not meet all the standards listed in this paragraph but is reasonably comparable, the agency providing relocation assistance may submit such code to the Regional Federal Highway Administrator for approval or disapproval as acceptable standards for decent, safe, and sanitary housing.

d. **Exceptions.** Exceptions may be granted to decent, safe, and sanitary standards but requests should be limited to items and circumstances that are beyond the reasonable control of the relocatee to adhere to the standards. Approved exceptions shall not affect the computation of the replacement housing payment.

(1) **Exceptions for parcels.** In case of extreme hardship or other similar extenuating circumstances, an exception to the decent, safe, and sanitary characteristics of replacement housing may be permitted in a particular case with the written concurrence of the Regional Federal Highway Administrator. For example, it is recognized that exceptional problems may arise with regard to large families meeting floor space requirements. In instances of this kind it would be appropriate to waive the square footage requirement on a parcel basis provided there is satisfactory bedroom space based on the age and sex of the occupants.

(2) **Exceptions for project or area.** The Associate Administrator for Right-of-Way and Environment may approve exceptions to the standards of this paragraph on a project or areawide basis where unusual conditions exist.

6. **Applicability—**a. **Federal and Federal-aid project.** To the extent provided in paragraph 3, the provisions of this memorandum are applicable to any person who as of January 2, 1971, has not been displaced by any highway project on which Federal-aid highway funds or other Federal funds are or will be utilized.

b. **Property acquired as required contribution.** All rights-of-way acquired by any State agency, county, town, or any other local governmental agency and furnished as a required contribution incident to a Federal or Federal-aid highway project shall not be accepted unless all the payments have been made and all the assistance and assurances have been provided as required by this memorandum.

c. **Property acquired by any agency.** Any Federal agency which acquires property for highway projects authorized under chapters 1 and 2 of title 23, United States Code, shall provide the relocation services and payments described in this memorandum. When real property is acquired by a State or local governmental agency for such a Federal project, the acquisition shall be deemed to be an acquisition by the Federal agency having authority over such project.

7. **Assurances of adequate relocation assistance program—**a. **Statewide assurances.** No State highway department shall be authorized to proceed with any phase of any project which will cause the relocation of any person, or proceed with any construction project concerning any right-of-way acquired by the State without Federal participation and coming within the provisions of paragraph 6a of this memorandum until it has

furnished satisfactory assurances on a state-wide basis that:

(1) Relocation payments and services were or will be provided as set forth in this memorandum;

(2) The public was or will be adequately informed of the relocation payments and services which will be available as set forth in paragraph 11 of this memorandum; and

(3) To the greatest extent practicable no person lawfully occupying real property shall be required to move from his dwelling, or to move his business or farm operation, without at least 90 days' written notice from the State of the date by which such move is required.

b. *Project assurances.* No State shall be authorized to proceed with right-of-way negotiations on any project which will cause the relocation of any person until it has submitted specific written assurances that:

(1) *Comparable replacement housing.* Within a reasonable period of time prior to displacement comparable replacement dwellings will be available or provided (built if necessary) for each displaced person. Such assurance shall be accompanied by an analysis of the relocation problems involved and a specific plan to resolve such problems as described in paragraph 15b of this memorandum. Where right-of-way is acquired in hardship cases and/or for protective buying the required assurance together with an analysis of the relocation problems involved and a specific plan to resolve such problems shall be provided for each parcel or for the project.

(2) *Adequate relocation program.* The State relocation program is realistic and is adequate to provide orderly, timely, and efficient relocation of displaced persons as provided in this memorandum.

8. *Eligibility for participation of Federal-aid funds.*—a. *Reimbursement requirements.* Federal funds will participate only in the costs of relocating those persons in occupancy at the initiation of negotiations of the parcel or at the time written notice of intent to acquire or to vacate is issued, whichever is earlier, and to no subsequent occupants. Federal funds will participate in relocation payments to eligible persons when all of the following conditions have been met:

(1) *Program approval and authorization.* There has been approval of a Federal-aid program or project and authorization to proceed has been issued. Costs incurred at the conceptual stage may be charged to either preliminary engineering or right-of-way depending upon State procedures.

(2) *Person relocated.* When in fact a person has been or will be relocated by the project or from the right-of-way approved for such project.

(3) *Lawful costs.* When relocation costs are incurred in accordance with law.

(4) *Costs recorded as liability.* When relocation costs are recognized and recorded as a liability of the State in accounts of the State.

(5) *Project agreement executed.* After the project agreement has been executed for the particular project involved.

b. *Interest acquired.* The type of interest acquired does not affect the eligibility of relocation costs for reimbursement provided the interest acquired is sufficient to cause displacement. In like manner the terms under which a tenant is occupying property do not affect eligibility for Federal participation provided the tenant is actually displaced by the project and the occupancy is lawful.

c. *Losses due to negligence.* Losses due to negligence of the relocated person, his agent, or employees are not eligible for Federal participation.

d. *Federal share.* (1) Until a State fully complies with all the provisions of this

memorandum, Federal fund participation shall be limited to the appropriate Federal share for the class of funds involved.

(2) If a State can fully comply with the provisions of this memorandum, the Federal share of the first \$25,000 of the cost of providing relocation payments made to any displaced person pursuant to this memorandum on account of any acquisition or displacement shall be 100 percent until July 1, 1972.

(3) Federal reimbursement for the cost of relocation payments in excess of \$25,000 to any one person, and for costs incurred after June 30, 1972, shall be determined in accordance with the appropriate Federal pro rata share for the class of funds involved.

(4) Federal reimbursement for the cost of providing relocation services shall be determined in accordance with the appropriate Federal pro rata share for the class of funds involved whether such services are provided by the State or by contract.

e. *Administrative costs.* Only those costs directly chargeable to the highway project are eligible for Federal participation. The administrative and central office expenses of the State and any political subdivision or local public authorities under contract to perform certain phases of relocation services, payments or surveys are not eligible for Federal participation. The policies and procedures governing reimbursement for employment of public employees on Federal-aid projects are contained in PPM 30-5.

f. *Refusal of assistance.* A displaced person can refuse relocation services and still be eligible for payments. There is no requirement that he accept the services if he wants to relocate on his own. However, it would be necessary that he meet the decent, safe and sanitary requirements and make application within the time limits to qualify for replacement housing payments.

g. *Property not incorporated into right-of-way.* If a relocation is made necessary by an acquisition for the project, even though the property acquired is not incorporated within the final right-of-way, Federal funds may participate in relocation payments.

h. *Advisory services to adjacent property.* Federal funds are authorized to participate in the cost of furnishing relocation advisory services to any person occupying property immediately adjacent to property acquired for a highway project when the head of the relocating agency determines that such person is caused substantial economic injury because of the acquisition.

9. *Organization requirements for administration of relocation assistance programs.*—a. *State organization and procedures.* Each State highway department shall have an individual whose primary responsibility is the administration of the State's relocation assistance program. The organization and procedures of the State agency which administers the relocation program shall provide as a minimum that:

(1) *Responsibility assigned on project basis.* Each right-of-way project, where relocations will occur, shall have assigned to it one or more individuals whose primary responsibility is to provide relocation assistance. These individuals may have responsibility for more than one project where reasonable.

(2) *Local relocation office.* A local relocation office shall be established which is reasonably convenient to public transportation or within walking distance of each project when the State determines that the volume of work or the needs of the displaced persons are such as to justify the establishment of such an office. The determinations whether or not to establish a local relocation office shall be made on an individual project basis and submitted to the division engineer

for his approval or disapproval. These offices shall be open during hours convenient to the persons to be relocated, including evening hours when necessary. Consideration should be given to the employment of people in the local relocation office who are familiar with the problems of the area.

(3) *Information to be maintained on a project basis.* The following shall be maintained and provided for each project:

(a) Current and continuing lists of replacement dwellings available to persons without regard to race, color, religion, or national origin drawn from various sources, suitable in price, size and condition for displaced persons to the extent they are available;

(b) Current and continuing lists of comparable commercial properties and locations for displaced businesses;

(c) Current data for such costs as security deposits, closing costs, typical downpayments, interest rate and terms;

(d) Maps showing the location of schools, parks, playground, shopping, and public transportation routes in the area;

(e) Schedules and costs of public transportation where applicable;

(f) Copies of the State's brochure explaining its relocation program, local ordinances pertaining to housing, building codes, open housing, consumer education literature on housing, shelter costs and family budgeting; and

(g) Subscriptions for apartment directory services, neighborhood and metropolitan newspaper, etc. In addition, multiple listing services shall be maintained where available.

(4) *Contact with other agencies.* Relocation officials shall maintain personal contact with and shall exchange information with other agencies providing services useful to persons who will be relocated.

(a) Such agencies may include but not be limited to social welfare agencies, urban renewal agencies, redevelopment, authorities, public housing authorities, the Federal Housing Administration, Veterans Administration and Small Business Administration.

(b) Personal contact shall also be maintained with local sources of information on private replacement properties, including real estate brokers, real estate boards, property managers, apartment owners, and operators, and home building contractors.

(c) The Federal Housing Administration and Veterans Administration procedures which provide for making properties acquired by them available for direct sale to persons to be relocated as a result of governmental action.

(d) It is expected that in the application of these programs, to specific project, the State will coordinate their actions with the local agencies responsible for administering these and other Federal programs.

b. *State policy and procedure statement or manual.*—(1) *Policy and procedure statement.* The State highway department shall provide and submit, under Point 31 of its policy and procedural statement, or in a manual form that accomplishes the same objective, the following information:

(a) *Organization.* The office in the State highway department which has statewide responsibility for implementing the relocation program, the director of that office and the State agency which will administer the relocation program.

(b) *Number of personnel and job titles.* The estimated number and job titles of personnel having responsibilities for providing relocation payments and services in the central office and field offices as applicable. Indicate the title of the district office relocation assistance supervisor and show to whom

he reports and his relationship to the district engineer and to the central office.

(c) *Job descriptions and qualifications.* In the submission the State highway department shall attach as exhibits the job descriptions and qualifications for each job title for both supervisory and field personnel unless otherwise submitted. The job classifications should provide a career ladder so that as an employee gains experience and training advancement can be made.

(2) *Contracts with other agencies.* The State highway department shall indicate to what extent it expects to contract with other Federal, State, or local agencies to carry out the requirements of this memorandum.

(3) *Relocation assistance and payments procedures.* The State highway department shall submit a complete description of the procedures followed for furnishing relocation services and for making relocation payments. The procedures, as a minimum, should include a description or explanation of the following items:

(a) Citation and effective date of the applicable law enabling the State to fully comply or a statement of the extent of the State's ability to comply with the relocation provisions of the "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970" applicable to Federal and Federal-aid projects financed in any part by Federal funds.

(b) Indicate the standards for accessibility of the relocatees to the relocation assistance offices, their office hours and the type of lists, maps and other information to be maintained. Indicate the extent to which project or field offices will be used.

(c) Indicate when and by whom personal contacts with owner-relocatees and tenants will be made.

(d) Indicate the personnel, timing, methods, and procedures to be used for the preliminary investigations of approximate number of relocatees, availability of decent, safe and sanitary replacement housing as provided in paragraph 14 of this memorandum.

(e) Indicate the personnel, methods, timing and procedures to be used as provided in paragraph 15b of this memorandum for obtaining an inventory of available housing; for correlating the needs of the relocatees with available housing; and for developing a relocation plan for the specific project.

(f) Describe the procedures to be used by the State in providing public information through brochures, public hearings, newspapers, radio, television, and written descriptions of available assistance and payments for owners, tenants, businesses, farms, and nonprofit organizations. Attach a copy of brochures used by the State.

(g) Describe the procedures for determining moving cost payments and/or schedules to which both owners and tenants are entitled. Attach fixed schedules as exhibits, where applicable.

(h) Describe the procedures that will be followed in making replacement housing payment to owner-occupants and tenants. Indicate who is responsible for determining replacement housing payments. Explain eligibility requirements. Indicate time limits and methods of applying for payments.

(i) Describe the closing expenses that are payable. Attach a copy of a typical closing statement indicating such closing payments.

(j) Describe the method of computing increased interest cost.

(k) Describe procedures utilized to assure that to the greatest extent practicable owners and tenants are not required to move without at least 90 days' written notice and when such written notice is given. Submit copy of notice.

(l) Describe appeal procedures available to relocatees.

(m) Attach a copy of the assurances required by paragraph 7a of this memorandum.

(n) Attach a copy of all forms developed for carrying out the relocation program.

(4) *Duplicate payments under State eminent domain law prohibited.* The State highway department shall submit citation of applicable State legislation if, under the State law of eminent domain, the relocatee is entitled to receive any payment designed to have substantially the same general purpose and effect as the payments described in this memorandum and for which Federal reimbursement is otherwise available. The Federal Highway Administrator's determination as to the purpose and effect of a State law shall govern Federal participation in such costs.

10. *Relocation contract procedures—*a. *Relocation functions performed by another agency.* In order to prevent unnecessary expense and duplication of functions and to promote uniform and effective administration of relocation assistance programs for displaced persons, the Federal Highway Administration or a State may enter into contracts with any individual, firm, association, or corporation for services in connection with such programs, or may carry out its functions under this memorandum through any Federal or State agency having an established organization for conducting relocation assistance programs.

b. *Agencies providing relocation assistance.* The State highway department shall furnish the following information concerning the agency, if other than the State highway department, which will provide the relocation assistance required by this memorandum.

(1) *Name.* The name and location of the agency.

(2) *Qualifications.* An analysis of the agency's present workload and of its ability to perform the requirements of this memorandum.

(3) *Personnel.* The estimated number and the job titles of relocation personnel of the agency that will provide the relocation assistance for the project.

c. *Contracting procedures.* Where a State highway department elects to have the relocation services and payments required under this memorandum administered by another Federal, State, local governmental, or private agency having an established organization, it shall enter into a written contract or agreement to that effect with the agency it selects. The contract or agreement shall have prior approval by the division engineer and shall conform with the following:

(1) *Perform services and make payments.* Obligate the agency to perform the relocation assistance advisory services and make the relocation payments in accordance with the regulations and procedures of this memorandum.

(2) *Retention of records.* Provide that the records required by paragraph 37 of this memorandum will be retained by the agency administering the relocation program or turned over to the State highway department. The records shall be retained for a period of not less than 3 years after payment of the final voucher on each project, regardless of which agency retains them.

(3) *Available for inspection.* The records shall be available for inspection by representatives of the Federal Government at any reasonable hour.

(4) *Specify financial responsibilities.* Where the contract is with a public agency administering another Federal grant program, the contract shall specify the financial responsibilities of each to finance the relocation program required by this memorandum.

(5) *Administrative costs.* Only those costs directly chargeable to the highway project are eligible for Federal participation.

(6) *Civil rights.* Contain the clauses set forth in Appendix A of the Civil Rights Assurances and the requirements of 49 CFR Part 21.

(7) *Changes.* Provisions that would permit the negotiations for mutual acceptance of major changes in the scope, character, or estimated total cost of the work to be performed if such changes become necessary.

(8) *Revision or amendment of existing agreement or contracts.* Agreements or contracts in existence with local agencies on the effective date of this memorandum must be revised or amended to include the additional requirements set forth herein and to provide for all the services and payments required by this memorandum. If the terms of the existing agreement or contract do not permit such revision or amendment, supplementary contracts shall be executed to provide such requirements.

(9) *Adequate staff.* The division engineer in reviewing any such contract or agreement for approval shall give special attention to ascertain if the agency does in fact have a staff to adequately and properly perform the functions required by the contract or agreement.

d. *Lands acquired by local public agency.* The provisions of this paragraph govern the application of relocation procedures where lands are acquired by a local public agency.

(1) *Lands acquired and cleared prior to location of highway.* Where lands are acquired and cleared by the local public agency prior to the receipt of written advice from the State highway department concerning the location of a proposed highway or a request for reservation or conveyance for highway purposes, the provisions of this memorandum will not apply. In such cases, relocations would be handled under the local public agency procedures and Federal participation would be limited to the applicable pro rata amount of the fair market value as determined by mutually acceptable appraisal of the bare land or cost of the local public agency as applicable under paragraph 6a (1) and (2) of PPM 80-1. Authorization by the Federal Highway Administration to acquire the right-of-way from the local public agency should not be given until the applicable public hearing requirements have been met. Where work is undertaken under the TOPICS program which requires the relocation of any person the provisions of this memorandum shall apply.

(2) *Lands acquired and cleared subsequent to location of highway.* Where lands are acquired and cleared by the local public agency subsequent to its receipt of written advice from a State highway department giving the location of the proposed highway or a request for reservation or conveyance for highway purposes, relocation shall be handled under the provisions of this memorandum. Federal participation would be at the applicable pro rata amount of the cost of the local public agency. Since the Federal Highway Administration cannot authorize right-of-way acquisition until after the design hearing with the exception of those instances provided for in IM 20-1-69, there should be no overall agreement with the local public agency until after the design hearing. A limited agreement could be entered into with the local public agency to allow it to acquire parcels permitted under the provisions of IM 20-1-69 and handle relocation under the provisions of this memorandum.

11. *Public information—*a. *General requirements.* In order to assure that the public has adequate knowledge of the relocation program the State shall present information and

provide opportunity for discussion of relocation services and payments at public hearings, prepare a relocation brochure, and give full and adequate public notice of the relocation assistance program.

b. *Corridor public hearings.* The discussion shall include but not necessarily be limited to the following:

(1) The availability of relocation assistance and services, eligibility requirements and payment procedures;

(2) The estimated number of individuals, families, businesses, farm and nonprofit organizations that are to be relocated by each of the alternatives under consideration at the hearing; and

(3) The studies that have been or will be made and the methods that will be followed to assure that housing needs of the relocatees will be met.

c. *Highway design public hearings.* The discussion shall include but not necessarily be limited to the following:

(1) The eligibility requirements and payment procedures including:

(a) Eligibility requirements and payment limits for moving costs;

(b) Replacement housing payment eligibility requirements and payment limits;

(c) Mortgage interest rate differential eligibility requirements and payment;

(d) Payment of closing costs incident to the purchase of a replacement dwelling; and

(e) Appeal procedures.

(2) Discussion of the services available under the State's relocation assistance advisory program. The address and telephone number of the local relocation office and the name of the relocation officer in charge.

(3) The estimated number of individuals or families to be relocated.

(4) The estimated number of dwelling units presently available that meet replacement housing requirements.

(5) An estimate of the time necessary for relocation and of the number of dwelling units meeting the replacement housing requirements that will become available during that period.

(6) The depth of presentation would be influenced by the comprehensiveness of the brochure. If the brochure covers a particular item in sufficient detail, it would be satisfactory to highlight what the brochure contains without going into any great detail. If a particular item is not applicable to the project it would not be necessary to discuss the item beyond the mere mention that the law makes provision for such item.

d. *Brochure.* The State shall prepare a brochure adequately describing its relocation program and distribute the same without cost at all public hearings and to all other individuals and organizations as appropriate. The brochure shall state where copies of any State regulations implementing the relocation assistance program can be obtained. In order to give proper information and assistance to relocatees every effort should be made to communicate with them in their language. Where a language other than English is predominate it might be well to also publish the brochure in such language.

e. *Public announcements.* In addition to the public hearing notices required by PPM 20-8, paragraphs 7a(2) and 8a(1), the State shall within 15 days after initiation of negotiations on the project provide public announcements of the relocation services to be provided, payments that can be made and where the State's brochure can be obtained. Such public announcements shall consist of the utilization of any combination of mass media which will provide full and adequate notice to the public. The mass media used could be: Local newspaper, radio, television, local meetings and posted notices. Federal

funds may participate in such expenditures but the costs should be reasonable. Particular emphasis should be given to utilizing the media that is read, looked at or listened to the most by residents on the project. The public announcements shall:

(1) State the date of initiation of negotiations established for the project. For this purpose, the date of initiation of negotiations for the project means the date the acquiring agency makes the first personal contact with the owner of any property on the Federal or Federal-aid project or his designated representative where price is discussed except where such contact is made solely for protective buying or because of hardship. The control date thus established shall be documented in the project file of the acquiring agency;

(2) Define the area of the project;

(3) Advise occupants of such area of their eligibility for and the requirements to receive moving and replacement housing payments;

(4) Advise that any occupant contemplating moving should, to insure eligibility for moving and replacement housing payments, notify the State before moving;

(5) Advise that owner-occupants in order to be eligible for relocation benefits must sell to the State; and

(6) State where the State's brochure describing the relocation program can be obtained.

f. *Department of Transportation order on replacement housing.* The replacement housing policy contained in the Department of Transportation Order 5620.1 dated June 24, 1970, shall be:

(1) Discussed at highway design public hearings under paragraph 11c;

(2) Described in the State's brochure required by paragraph 11d; and

(3) Included in public announcements required by paragraph 11e.

12. *Relocation assistance advisory services—*a. *General.* States shall establish a relocation assistance advisory services program in order to provide the maximum assistance possible to persons required to relocate because of a Federal and Federal-aid highway program. The services required herein are intended as a minimum to assist persons in relocating to decent, safe and sanitary housing that meets their needs. The services shall be provided by personal contact. If such personal contact cannot be made, the State shall document the file to show that reasonable efforts were made to achieve the personal contact.

b. *Eligibility.* Relocation assistance advisory service shall be offered to:

(1) All persons occupying property to be acquired;

(2) All persons occupying property immediately adjacent to the real property acquired when the State determines that such person or persons are caused substantial economic injury because of the acquisition;

(3) All persons who, because of the acquisition of real property used for a business or farm operation moves from other real property used for a dwelling, or moves his personal property from such other real property.

c. *Minimum advisory service requirements.* The State relocation assistance advisory service program as required herein shall include as a minimum such measures, facilities or services as may be necessary or appropriate to:

(1) Discuss and explain the services available, relocation payments and the eligibility requirements therefor and assist in completing any applications or other forms required.

(2) Determine the need, if any, of displaced persons, for relocation assistance;

(3) Provide current and continuing information on the availability, prices, and rentals of comparable decent, safe and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

(4) Assist a person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;

(5) Supply information concerning Federal and State housing programs, disaster loan programs, and other Federal or State programs offering assistance to displaced persons; and

(6) Provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to a new location.

The amount of the advisory services and extent shall be administered on a reasonable basis commensurate with the relocatees' needs.

d. *Coordination of relocation activities.* The State shall contact other Federal, State, and local Governmental agencies to determine the extent of present and proposed actions which will affect its relocation program and the availability of housing resources. Where other agencies are involved positive action shall be taken to assure maximum coordination of relocation activities. To assure simplification and coordination in administering relocation activities, the State should consider contracting with a single agency to assure full responsibility for providing relocation services and assistance in a given community or area.

13. *Written notices.* The following written notices must be furnished each displaced person to insure that he is fully informed of the benefits and services available to him:

a. *Notice of intent to acquire.* (1) This notice shall be furnished to owners and tenants, along with the brochure as described in paragraph 11d, when the State determines to establish eligibility for relocation benefits prior to the initiation of negotiations for acquisition of the parcel. This notice shall not be issued prior to the division engineer authorizing the institution of negotiations on the project or authorizing acquisition of individual parcels solely for protective buying or because of hardship.

(2) The notice shall contain the statement of eligibility and any restrictions thereto, the anticipated date of the initiation of negotiations for acquisition of the property and how additional information pertaining to relocation assistance payments and services can be obtained.

(3) If a notice of intent to acquire is furnished an owner, it must also be furnished to his tenants within 15 days.

(4) If a notice of intent to acquire is furnished a tenant, the owner must be simultaneously notified of such action.

b. *Notice at initiation of negotiations.* At the time of initiation of negotiations for acquisition of the parcel the following information shall be furnished:

(1) *Owner-occupants of more than 180 days.* Simultaneously with the fair market value offer, owner-occupants of more than 180 days shall be furnished:

(a) A statement which specifies the maximum amount to which he is entitled for the purchase of a replacement dwelling; and

(b) An explanation of the eligibility requirements to receive payments for replacement housing, increased interest costs, incidental expenses and of his option to rent replacement housing unless such explanations are adequately covered in the brochure; and

(c) The brochure.

(2) *Owner-occupants of not less than 90 days.* Simultaneously with the fair market

value offer, owner-occupants of not less than 90 days shall be furnished:

(a) A statement which specifies the maximum downpayment to which he is entitled for the purchase of a replacement dwelling; and

(b) An explanation of his option to receive a downpayment and incidental expenses to purchase replacement housing and the requirement therefor, and of his option to rent replacement housing unless such explanations are adequately covered in the brochure; and

(c) The brochure.

(3) *Tenants.* Within 15 days after initiation of negotiations for the parcel, tenants shall be personally contacted and furnished in writing:

(a) The date of initiation of negotiations for the parcel; and

(b) A statement which specifies the amount of the rental replacement housing payment to which he is entitled; and

(c) An explanation of the eligibility requirements to receive a rental replacement housing payment, and of his option to purchase replacement housing, receive a downpayment and incidental expenses, including the matching requirements therefor, unless such explanations are adequately covered in the brochure; and

(d) The brochure.

c. *90-day notice to vacate.* (1) The construction or development of a Federal or Federal-aid highway shall be so scheduled that to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling, or to move his business or farm without at least 90 days' written notice of the intended vacation date from the agency having responsibility for such acquisition. Exceptions to this provision should be made only in the case of very unusual conditions.

(a) The 90-day notice shall not be given until such time as the State has control of the property.

(b) The 90-day notice shall give a firm specific date by which the relocatee must vacate the property. This date may be extended when conditions warrant, but any extension must be in writing and must give another specific date by which the property must be vacated.

(c) A notice is not required if an occupant moves on his own volition prior to the time the State gives the 90-day notice.

(2) As an alternate to paragraph 13c(1) (a), (b), and (c) a State may adopt the following procedure:

(a) The 90-day notice may be given on or after the initiation of negotiations for the parcel and shall include a statement that the relocatee will not be required to move from a dwelling, or to move his business or farm before 90 days from the date of the notice. Such notice shall inform the relocatee that he will be given a 30-day written notice specifying the date by which the property must be vacated.

(b) The 30-day notice shall not be given until such time as the State has control of the property.

(c) Notices are not required if an occupant moves on his own volition prior to the time such notices are given.

d. *Notice of right to appeal.* All eligible relocatees shall be furnished a written notice of their right to appeal, as provided in paragraph 36, and the procedures for making such appeal. Such notification may be provided by the brochure if such procedures are adequately covered therein.

14. *Relocation program plan at conceptual stage.*—a. *General requirements.* A project will be considered to be in this stage until such time as the final location is approved. The cost incurred in connection with secur-

ing the information described in paragraph 14b is chargeable to either preliminary engineering or right-of-way. Prior to the completion of this stage and prior to the corridor public hearing, the State shall make preliminary investigations which will furnish the necessary information to meet the corridor public hearing requirements as provided in paragraph 11b.

b. *Information to be obtained.* The information to be developed at this time would be in the form of an estimate to determine:

(1) The estimated number of individuals, families, businesses, farms, and nonprofit organizations that are to be relocated by each of the alternatives under consideration.

(2) The probable availability of decent, safe and sanitary replacement housing within the financial means of the individuals and families affected by each of the alternatives under consideration.

c. *Basis of information obtained.* The basis upon which the above findings were made and a statement relative to the relocation problems involved in each location along with possible solutions shall be submitted by the State to the Federal Highway Administration prior to the corridor public hearing.

15. *Relocation program at right-of-way stage.*—a. *General requirements.* The division engineer shall not authorize the State to proceed with negotiations on any project which will cause the relocation of any person until the State has submitted and he has approved the project assurances as provided for in paragraph 7b of this memorandum and the relocation plan required by subparagraph b below.

b. *Relocation plan.*—(1) *Inventory of individual needs.* The State shall prepare an inventory of the characteristics and needs of individuals and families to be displaced based on the standard of comparable replacement housing. This inventory may be based upon a sampling survey process rather than a complete occupancy survey. A State may utilize recent census or other valid recent survey data to assist in preparing the inventory. However, any sampling survey process must be to the depth necessary to be fully representative of the characteristics and needs of the relocatees.

(2) *Inventory of available housing.* The State shall develop a reliable estimate of currently available comparable replacement housing. The estimate shall set forth the type of buildings, state of repair, number of rooms, adequacy of such housing as related to the needs of the persons or families to be relocated (based on standards outlined in paragraph 5), type of neighborhood, proximity of public transportation, and commercial shopping areas, and distance to any pertinent social institutions, such as church, community facilities, etc. The use of maps, plats, charts, etc., would be useful at this stage. This estimate should be developed to the extent necessary to assure that the relocation plans can be expeditiously and fully implemented.

(3) *Analysis of inventories.* The State shall prepare an analysis and correlation of the above information so as to develop a relocation plan which will:

(a) Outline the various relocation problems;

(b) Provide an analysis of current and future Federal, State, and community programs currently in operation in the project areas, and nearby areas affecting the supply and demand for housing including detailed information on concurrent displacement and relocation by other governmental agencies or private concerns;

(c) Provide an analysis of the problems involved and the method of operation to resolve such problems and relocate the relo-

catees in order to provide maximum assistance; and

(d) Estimate the amount of leadtime required and demonstrate its adequacy to carry out a timely, orderly and humane relocation program.

16. *Relocation program at construction stage.*—a. *Authorization for construction.*

(1) To comply with the Department of Transportation Order 5620.1, dated June 24, 1970, the division engineer shall verify the fact that adequate replacement housing is in place and has been made available to relocatees prior to authorizing advertising for physical construction bids.

(2) The division engineer shall not authorize advertising for physical construction bids unless all of the applicable provisions of this memorandum have been complied with.

(3) Construction as defined in the order includes right-of-way clearance of any residential unit, regardless of how performed, except through owner retention. To comply with the order, the State shall not clear the right-of-way of any residential unit, except through owner retention, without prior authorization by the division engineer, and the division engineer shall verify the fact that adequate replacement housing is in place and has been made available to relocatees prior to authorizing clearance of the right-of-way.

b. *Adequate replacement housing.* For the purposes of Department of Transportation Order 5620.1 the term "adequate replacement housing" means a dwelling which is:

(1) Decent, safe, and sanitary;

(2) Fair housing—open to all persons regardless of race, color, religion, sex or national origin and consistent with the requirements of title VIII of the Civil Rights Act of 1968;

(3) In areas not generally less desirable than the dwelling to be acquired in regard to:

(a) Public utilities; and

(b) Public and commercial facilities.

(4) Within the financial means of the displaced family or individual;

(5) Reasonably accessible to the relocatee's place of employment, public services, and commercial facilities; and

(6) Adequate to accommodate the relocatee.

c. *Available replacement housing.* "Made available" shall mean that the affected person has either by himself obtained and has the right of possession of replacement housing or the State has offered him decent, safe, and sanitary replacement housing which is available for immediate occupancy. A State will be in compliance with the offer requirement when it can be shown that it has:

(1) Determined that decent, safe, and sanitary housing that is in an area not less desirable in regard to public utilities and public and commercial facilities, in the same general area from which he is being displaced and reasonably accessible to the relocatee's place of employment and adequate to accommodate the relocatee, is available and has informed the relocatee of its availability and location;

(2) Informed the relocatee of the amount, if any, of supplemental payments available to him. In hardship cases, assured the relocatee that an advance of funds will be made should it become necessary;

(3) Provided the relocatee sufficient time to negotiate for and obtain possession of the housing;

(4) Determined that the available housing is within the financial means of the relocatee; and

(5) Determined that the replacement housing offer is fair housing—open to all

persons regardless of race, color, religion, sex, or national origin.

d. *Verification of adequate replacement housing.* The verification that adequate replacement housing is in place and has been made available to displacees will be accomplished by spot check field reviews by the division engineer to the depth necessary to provide sufficient evidence that there has been full compliance with the order. The verification with respect to the adequacy and availability of housing as required by the order is applicable to all dwelling units for which negotiations have not been initiated even though construction including right-of-way clearance had been previously authorized.

17. *Moving and related expense payments—general provisions for all relocated individuals, families, businesses, and farms—*
a. *General.*

(1) Any individual, family, business, or farm operator is eligible to receive payment for the reasonable expenses of moving his personal property when—

(a) He is in occupancy at the initiation of negotiations for the acquisition of the real property in whole or in part; or

(b) He is in occupancy at the time he is given a written notice by the State that it is their intent to acquire the property by a given date; and

(c) He moves from the real property or moves his personal property from the real property subsequent to the earliest date established in (a) or (b) above; and

(d) The real property is subsequently acquired.

(e) If the move occurs after a written order to vacate is issued the occupant is eligible even though the property is not acquired.

(2) Where the acquisition of real property used for a business or farm operation which is eligible for a payment under subparagraph (1) above causes a person to vacate a dwelling or other real property not acquired or move his personal property from other real property not acquired, the additional expenses of moving such personal property are eligible for the appropriate moving payments under paragraphs 18, 19 b, c, and d, 20a, and 21.

(3) Federal funds will generally not participate in more than one move of a displaced person, however, where it is shown to be in the public interest the division engineer may give prior approval to more than one move. Federal funds will not participate in the moving expenses of occupants who succeed a displaced person in occupancy at the time of initiation of negotiations or who has been given a written notice of intent to acquire.

b. *Distance of move.* There is no limitation on the distance a relocatee moves either interstate or intrastate. Federal participation is limited to moving expenses not to exceed a 50-mile move either interstate or intrastate except in the case of a business or farm when the State determines that relocation cannot be accomplished within the 50-mile area. Such exceptions may only be allowed to the nearest adequate and available site.

c. *Where moved to.* Federal funds may participate in a payment for relocating personal property of a relocatee that is moved onto remaining or other lands owned by the relocatee or his landlord.

d. *Advertising for bids.* The expenses incurred in advertising for packing, crating, and transportation are reimbursable when the State determines that such advertising is necessary. Such advertising should be limited to complicated or unusual moves where advertising is the only method of securing bids.

e. *Cost of moving bids.* The expenses incurred by the State of obtaining bids or estimates of moving expenses are reimbursable, not to exceed two bids per move.

f. *Direct payment to mover.* By written prearrangement between the State, the relocatee, and the mover, the relocatee may present an unpaid moving bill to the State for direct payment.

g. *Contract with movers.* A State may enter into a contract with independent movers on a schedule basis and furnish a relocatee with a list of movers he may choose from to move his property. In such instances the State would pay the mover.

h. *Hardship.* In hardship cases arrangements may be made for payment of moving expenses in advance.

i. *Storage.* When an actual expense basis is used and the State determines that it is necessary for a relocated person to store his personal property for a reasonable time, not to exceed 6 months, the cost of such storage shall be eligible for Federal participation as a part of the moving expenses. Storage of personal property on the property being acquired or on other property owned by the relocatee is not eligible for Federal participation.

j. *Insurance.* The cost of insurance premiums covering loss and damage of personal property while in storage or transit is eligible for Federal participation. Such insurance coverage shall not exceed the reasonable replacement value of the personal property.

k. *Losses in moving.* The reasonable replacement value of property lost, stolen, or damaged (not caused by the fault or negligence of the displaced person, his agent, or employee) in the process of moving is reimbursable, where insurance to cover such loss or damage is not available.

l. *Removal and reinstallation expenses.* The expenses of removal, reinstallation, and reestablishment of machinery, equipment, appliances, and other items which are not acquired, including reconnection of utilities to such items, which do not constitute an improvement (except when required by law) to the replacement site are eligible for reimbursement. Such costs are not applicable to items classified by the State as real property and retained by the owner through the owner retention process. Prior to payment of any expenses for removal and reinstallation of such property, the owner and the State shall agree in writing that the property is personal property and that the State is released from any payment for the property as realty.

m. *Owner retention.* When an owner retains his dwelling, the cost of moving it onto remainder or replacement land is not eligible for reimbursement as a part of the cost of moving personal property. However, if he chooses to use his dwelling as a means of moving personal property the cost of moving personal property may be considered eligible for Federal participation. Payment in these cases would be on a fixed schedule basis.

n. *Delivery of payment checks.* The person or persons who establish the moving cost payment shall not deliver the payment to the relocatee. This also is applicable to situations where such payments and services are being administered by another Federal, State, or local agency under authority of a contract or agreement.

o. *Claims.* In order to obtain a moving expense payment, a relocated person must file a written claim with the State agency on a form provided by the agency for that purpose within a reasonable time limit determined by the State. The moving expense payment should be made only after the move

has been accomplished except as noted in h above.

p. *Exclusions on moving expenses and losses.* The following expenses are considered ineligible for Federal participation as "actual moving expenses."

(1) Additional expenses incurred because of living in a new location.

(2) Cost of moving structures, improvements, or other real property in which the displaced person reserved ownership.

(3) Improvements to the replacement site, except when required by law.

(4) Interest on loans to cover moving expenses.

(5) Loss of goodwill.

(6) Loss of business and/or profits.

(7) Loss of trained employees.

(8) Personal injury.

(9) Cost of preparing the application for moving and related expenses.

(10) Modification of personal property to adapt it to replacement site except when required by law.

q. *Moving of personal property.* Whenever it is necessary to move personal property located within the acquired right-of-way as the result of a highway taking, Federal funds may participate in such cost.

18. *Moving payments to individuals and families—*
a. *General.* A displaced individual or family eligible under paragraph 17a(1) is entitled to receive a payment for moving his personal property, himself and his family. The relocatee has the option of payment on the basis of actual reasonable, moving expenses or a moving expense schedule.

b. *Actual reasonable moving expenses—*(1) *Commercial moves.* (a) A relocated individual or family may be paid the actual, reasonable cost of a move accomplished by a commercial mover. Such expense will be supported by receipted bills.

(b) The State may contract with independent movers on a schedule basis and furnish the relocatee with a list of movers he may choose from to move his property. In such instances the State would pay the mover.

(2) *Self-moves.* In the case of a self move the relocated individual or family may be paid his actual moving costs, supported by receipted bills or other evidence of expenses incurred but such payment may not exceed the estimated cost of moving commercially. The estimated cost may be prepared by a commercial moving company or by a qualified State employee.

(3) *Cost of transportation.* The costs of transportation of individuals and families to the new location are also eligible. Such costs may be on a mileage basis, not to exceed 10 cents per mile, or reasonable actual fees if commercial transport is used and may include special services such as the cost of an ambulance to transport invalid relocatees. The actual reasonable costs of meals and lodging, when the State determines that such costs are required because of unforeseen circumstances or practical necessities of the moving operation, are also eligible.

c. *Moving expense schedule.* (1) A relocated individual or family is eligible to receive a moving expense allowance, not to exceed \$300, determined according to schedules established by the State and approved by the Federal Highway Administrator plus a dislocation allowance of \$200. The schedules are to be prepared to provide adequacy of reimbursement in every locality and shall be graduated in relation to the number of rooms in dwellings and the square footage area in mobile homes and house trailers. The schedule shall cover four types of occupants:

(a) Schedule A—occupants of unfurnished dwelling units;
(b) Schedule B—occupants of furnished dwelling units (including sleeping room tenants);

(c) Schedule C—occupants of mobile homes who move the mobile home and the personal property; and

(d) Schedule D—occupants of mobile homes who move only the personal property.

(2) The schedules are to be submitted to the Washington office on a standardized format as shown in Attachment 1. When revisions are considered, they shall be submitted on the same format for approval at least 60 days prior to the effective date of the revised payments.

d. *Owner-occupants of multifamily dwellings.* In addition to the payment for the moving of personal property, himself, and his family from his dwelling unit in accordance with the provisions of this paragraph, the owner-occupant of a multifamily dwelling is also eligible to receive moving payments under the provisions of paragraph 19 for the other units of the multifamily dwelling.

19. *Moving payments to businesses—General.* (1) The owner of a displaced business eligible under paragraph 17a(1) is entitled to receive a payment for actual reasonable moving and related expenses which include:

(a) Actual reasonable expenses in moving his business or other personal property as provided in paragraph 19b;

(b) Actual direct losses of tangible personal property in moving or discontinuing his business, as provided in paragraph 19c; and

(c) Actual reasonable expenses in searching for a replacement business, as provided in paragraph 19d.

(2) In lieu of the payment for actual expenses and losses as specified in paragraph 19a(1) (a), (b) and (c), a relocated business may be eligible for a fixed payment as provided in paragraph 19e.

b. *Actual reasonable moving expenses—Commercial moves.* The owner of a business may be paid the actual reasonable cost of a move accomplished by a commercial mover. Such expenses will be supported by receipted bills.

(2) *Self-moves.* (a) In the case of a self move the owner of a relocated business may be paid an amount to be negotiated between the State and the business not to exceed the lower of two firm bids or estimates obtained by the State from qualified moving firms; or

(b) If such bids or estimates cannot be obtained, the owner may be paid his actual, reasonable moving costs supported by receipted bills or other evidence of expenses incurred.

(c) A State may adopt a procedure by which a qualified State employee, other than the employee handling the claim, makes a moving expense finding not to exceed \$500. The amount of such moving expense finding may be paid the owner of the business upon completion of the move without supporting evidence of actual expenses incurred.

(3) *Alternate payments.* (a) The provisions of paragraph 19c contain the criteria under which reimbursement is based for personal property which is not moved to the new site.

(b) When personal property which is used in connection with the business to be moved is of low value and high bulk and the estimated cost of moving would be disproportionate in relation to the value, the State may negotiate with the owner for an amount not to exceed the difference between the cost of replacement of comparable item(s) on the market and the amount which would probably have been received for the item(s) on liquidation.

c. *Actual direct losses of tangible personal property.* Actual direct losses of tangible personal property are allowed when a person who is displaced from his place of business is entitled to relocate such property in whole or in part but elects not to do so. Payments for actual direct losses may only be made after a bona fide effort has been made by the owner to sell the item(s) involved. When the item(s) is sold the payment will be determined in accordance with c(1) or c(2) below. If the item(s) cannot be sold the owner will be compensated in accordance with c(3) below. The sales prices, if any, and the actual, reasonable costs of advertising and conducting the sale shall be supported by a copy of the bills of sale or similar documents and by copies of any advertisements, offers to sell, auction records, and other data supporting the bona fide nature of the sale.

(1) If the business is to be reestablished and an item of personal property which is used in connection with the business is not moved but promptly replaced with a comparable item at the new location, the reimbursement shall be the lesser of:

(a) The replacement cost minus the net proceeds of the sale; or

(b) The estimated cost of moving the item.

(2) If the business is being discontinued or the item is not to be replaced in the reestablished business the payment will be the lesser of:

(a) The difference between the depreciated value of the item in place and net proceeds of the sale; or

(b) The estimated cost of moving the item.

(3) If a bona fide sale is not effected under c(1) or c(2) above because no offer is received for the property the owner shall be entitled to the reasonable expenses of the sale and the estimated cost of moving the item. The claimant should arrange to have the personalty removed from the premises at no cost by a junk dealer, etc. If this fails the State shall remove the item in the most economical manner.

(4) When personal property is abandoned with no effort being made by the owner to dispose of such property by sale or by removal at no cost as specified in the above paragraphs, the owner will not be entitled to moving expenses, or losses, for the items involved.

d. *Actual reasonable expenses in searching for a replacement business.* (1) The owner of a displaced business may be reimbursed for the actual reasonable expenses in searching for a replacement business, not to exceed \$500. Such expenses may include transportation expenses, meals, lodging away from home and the reasonable value of time actually spent in search, including the fees of real estate agents or real estate brokers. In exceptional cases, and with prior approval of the division engineer, an amount greater than \$500 may be authorized when circumstances so require.

(a) *Receipted bills.* All expenses claimed except value of time actually spent in search must be supported by receipted bills.

(b) *Time spent in search.* Payment for time actually spent in search shall be based on the applicable hourly wage rate for the person(s) conducting the search but may not exceed \$10 per hour. A certified statement of the time spent in search and hourly wage rate(s) shall accompany the claim.

e. *In lieu of actual moving expenses.* In lieu of the payments described in paragraphs 19 b, c, and d, an owner of a discontinued or relocated business is eligible to receive a payment equal to the average annual net earnings of the business except that such payment shall be not less than \$2,500 nor

more than \$10,000 providing the following requirements are met:

(1) *State must determine.* For the owner of a business to be entitled to this payment, the State must determine that:

(a) The business cannot be relocated without a substantial loss of its existing patronage. Such determination shall be made by the State only after consideration of all pertinent circumstances, including but not limited to the following factors:

1. The type of business conducted by the displaced concern.

2. The nature of the clientele of the displaced concern.

3. The relative importance of the present and proposed location to the displaced business.

(b) The business is not part of a commercial enterprise having at least one other establishment which is not being acquired by the State or the United States and which is engaged in the same or similar business.

(c) The business contributes materially to the income of the displaced owner. A part-time individual or family occupation in the home which does not contribute materially to the income of the displaced owner is not eligible for this payment.

(2) *Payment determination.* The term "average annual net earnings" means one-half of any net earnings of the business before Federal, State, and local income taxes, during the 2 taxable years immediately preceding the taxable year in which the business is relocated. "Average annual net earnings" include any compensation paid by the business to the owner, his spouse, or his dependents during the 2-year period. Such earnings and compensation may be established by Federal income tax returns filed by the business and its owner, his spouse, and his dependents during the 2-year period. In the case of a corporate owner of a business, earnings shall include any compensation paid to the spouse or dependents of the owner of a majority interest in the corporation. For the purpose of determining majority ownership, stock held by a husband, his wife, and their dependent children shall be treated as one unit.

(3) *In business less than 2 years.* If the business affected can show that it was in business 12 consecutive months during the 2 taxable years prior to the taxable year in which it is required to relocate, had income during such period and is otherwise eligible, the owner of a business is eligible to receive the in lieu of payment. Where the business was in operation for 12 consecutive months or more but was not in operation during the entire 2 preceding taxable years, the payment shall be computed by dividing the net earnings by the number of months the business was operated and multiplying by 12. A taxable year is defined as any 12-month period used by the business in filing income tax returns.

(4) *Owner must provide information.* For the owner of a business to be entitled to his payment, the business must provide information to support its net earnings. City, county, State, or Federal tax returns for the tax years in question are the best source of this information and would be accepted as evidence of earnings. Any commonly acceptable method could be accepted such as certified financial statements or an affidavit from the owner stating his net earnings providing it grants the State the right to review the records and accounts of the business. The owner's statement alone would not be sufficient.

20. *Moving payments to farm operators—General.* The owner of a displaced farm operation eligible under paragraph 17c(1) is entitled to receive payments for actual

reasonable moving expenses, actual direct losses of tangible personal property and actual reasonable expenses in searching for a replacement farm in accordance with paragraphs 19 b, c and d.

b. *In lieu of actual moving expenses.* In lieu of the payments described in paragraph 19 b, c and d, any owner of a displaced farm operation is eligible to receive a payment equal to the average annual net earnings of the farm operation except that such payments shall be not less than \$2,500 nor more than \$10,000 and providing the following requirements are met:

(1) *State must determine.* For the owner of a displaced farm operation to be entitled to this payment, the State must determine that:

(a) The farm operator has discontinued or relocated his entire farm operation at the present location; and

(b) In the case of a partial taking the property remaining after the acquisition is no longer an economic unit as determined by the State during its appraisal process.

(2) *Payment determination.* Same as paragraph 19e(2).

(3) *In operation less than 2 years.* Same as paragraph 19e(3).

(4) *Owner must provide information.* Same as paragraph 19e(4).

21. *Moving payments—nonprofit organizations—General.* (1) A displaced nonprofit organization is eligible to receive payments for actual reasonable moving expenses, actual direct losses of tangible personal property, and actual reasonable expenses in searching for a replacement site in accordance with paragraph 19 b, c, and d.

(2) A displaced nonprofit organization is not eligible for the "in lieu" payment.

22. *Advertising signs—General.* (1) The owner of a displaced advertising sign is eligible to receive a payment for actual reasonable moving and related expenses which include:

(a) Actual reasonable expenses in moving his advertising sign as provided in paragraph b below;

(b) Actual direct losses of tangible personal property as provided in paragraph c below; and

(c) Actual reasonable expenses in searching for a replacement sign site as provided in paragraph d below.

(2) An advertising sign that is otherwise eligible for moving payments will not be eligible when it is moved to a site in violation of State, Federal, or local regulations.

(3) The provisions of this paragraph do not apply separately to an advertising sign owned by and located on the business or farm being displaced. Such signs including those eligible under paragraph 17a(2) are to be considered items of the business or farm and included under the provisions of paragraph 19.

b. *Actual reasonable moving expenses.* The owner of a displaced sign may be reimbursed for his actual, reasonable moving expenses in accordance with the provisions of paragraphs 19b(1) and (2).

c. *Actual direct losses of tangible personal property.* The owner of a sign may be reimbursed for actual direct losses when he is entitled to relocate the sign but does not do so. The amount of such loss will be the lesser of

(1) The depreciated reproduction cost of the sign as determined by the State; or

(2) The estimated cost of moving the sign.

d. *Actual reasonable expenses in searching for a replacement sign site.* (1) The owner of a displaced advertising sign may be reimbursed for his actual reasonable expenses in searching for a replacement sign site not to exceed \$100. Such expenses may include

transportation expenses, meals, lodging away from home and the reasonable value of time actually spent in search, including the fees of real estate agents or brokers. In exceptional cases, and with prior approval of the division engineer, an amount greater than \$100 but not more than \$500, may be authorized when circumstances so require.

(a) *Receipted bills.* All expenses claimed except value of time actually spent in search must be supported by receipted bills.

(b) *Time spent in search.* Payment for time actually spent in search shall be based on the applicable hourly wage rate for the person(s) conducting the search but may not exceed \$10 per hour. A certified statement of the time spent in search and hourly wage rate(s) shall accompany the claim.

23. *Replacement housing payments—General—General provisions.* (1) In addition to other payments authorized by this memorandum, individuals and families displaced from a dwelling, including condominium or cooperative apartments, acquired for a Federal or Federal-aid highway project are eligible for replacement housing payments in accordance with this memorandum.

(2) The displaced individual or family is not required to relocate to the same occupancy (owner or tenant) status but has other options according to his ownership status and tenure of occupancy as described in paragraphs 24 through 30.

(3) Federal funds will not participate in more than one replacement housing payment for each dwelling unit except in the case of multifamily occupancy of a single-family dwelling as shown in paragraph 23j of this memorandum.

b. *Requirement to receive payments.* (1) In addition to the tenure of occupancy provisions the displaced person is otherwise eligible for the appropriate payments when he relocates and occupies a decent, safe, and sanitary dwelling within a 1-year period beginning on the later of the following dates.

(a) The date on which the owner received from the State final payment for all costs of the acquired dwelling in negotiated settlements; or in the case of condemnation, the date on which the State deposits the required amount in court for the benefit of the owner; or

(b) The date on which he is required to move by the State's written notice to vacate; or

(c) The date on which he moves, if earlier than the date on which he is required to move.

(2) A displaced person who has entered into a contract for the construction or rehabilitation of a replacement dwelling and, for reasons beyond his reasonable control, cannot occupy the replacement dwelling within the time period shown above shall be considered to have purchased and occupied the dwelling as of the date of such contract. The replacement housing payments under these conditions would be deferred until actual occupancy was accomplished.

c. *State inspection for decent, safe, and sanitary.* Before making payment to the relocatee the State must have inspected the replacement dwelling and determined that it meets the standards for decent, safe, and sanitary housing. The State may utilize the services of any public agency ordinarily engaged in housing inspection to make the inspection. Such determination by the State that a dwelling meets the standards for decent, safe, and sanitary housing is made solely for the purpose of determining the eligibility of relocated individuals and families for payments under this memorandum and is not a representation for any other purpose.

d. *Statement of eligibility to lending agency.* Where a relocatee otherwise qualifies for the replacement housing payments except that he has not yet purchased or occupied a suitable replacement dwelling, the State, after inspecting the proposed dwelling and finding that it meets the standards set forth in paragraph 5 of this memorandum for decent, safe, and sanitary dwellings, shall, upon the purchaser's request, state to any interested party, financial institution, or lending agency, that the relocatee will be eligible for the payment of a specific sum provided he purchases and occupies the inspected dwelling within the time limits specified in paragraph 23b.

e. *Application for replacement housing payments—(1) General requirements.* Application for replacement housing payments shall be in writing on a form provided by the State. The application shall be filed no later than 6 months after the expiration of the 1-year period specified in paragraph 23b except that, in condemnation cases, such period shall be extended to 6 months after final adjudication.

(2) *Decent, safe, and sanitary.* In the application, the individual or family must indicate that, to the best of their knowledge and belief, the replacement dwelling meets the standards for decent, safe, and sanitary housing established in paragraph 5 of this memorandum and that they are eligible for the payment requested. Before any such payments are made to the relocatee the State must have made the determination that the dwelling is decent, safe, and sanitary as required by paragraph 23c of this memorandum.

(3) *To whom payment made.* The payments described in this paragraph may be made directly to the relocated individual or family, or upon written instruction from the relocated individual or family, directly to the lessor for rent or the seller for use towards the purchase of a decent, safe, and sanitary dwelling. In cases where an applicant otherwise qualifies for replacement housing payments, and upon his specific request in the application, the State may make such payments into escrow prior to the relocatee's moving.

f. *Advance replacement housing payments in condemnation cases.* No property owner should be deprived of the earliest possible payment of the replacement housing amounts to which he is rightfully due. An advance replacement housing payment can be computed and paid to a property owner if the determination of the State's acquisition price will be delayed pending the outcome of condemnation proceedings. Since the amount of the replacement housing payment cannot be determined due to the pending condemnation proceedings, a provisional replacement housing payment may be calculated by deeming the State's maximum offer for the property as the acquisition price. Payment of such amount may be made upon the owner-occupant's agreement that:

(1) Upon final determination of the condemnation proceeding the replacement housing payment will be recomputed using the acquisition price determined by the court as compared to the actual price paid or the amount determined by the State necessary to acquire a comparable, decent, safe, and sanitary dwelling; and

(2) If the amount awarded in the condemnation proceeding as the fair market value of the property acquired plus the amount of the recomputed replacement housing payment exceeds the price paid for, or the State's determined cost of a comparable dwelling, he will refund to the State, from his judgment, an amount equal to the amount of the excess. However, in no event,

shall he be required to refund more than the amount of the replacement housing payment advanced. If the property owner does not agree to such adjustment, the replacement housing payment shall be deferred until the case is finally adjudicated and computed on the basis of the final determination, using the award as the acquisition price.

g. Ownership of replacement dwelling prior to displacement. Any person who has obtained legal ownership of a replacement dwelling any time after the initiation of negotiations on the project and occupies the replacement dwelling after being displaced but within the time limit specified in paragraph 23b(1) is eligible for replacement housing payment if the replacement dwelling meets the requirements of paragraph 5 of this memorandum. For this purpose, the date of initiation of negotiations for the project means the date the acquiring agency makes the first personal contact with the owner of any property on the Federal or Federal-aid project or his designated representative where price is discussed except where such contact is made solely for protective buying or because of hardship. The control date thus established shall be documented in the project file of the acquiring agency.

h. Partial take. (1) Where a dwelling is located on a tract normal for residential use in the area, the maximum replacement housing payment shall be determined by subtracting the "before value" of the property from the estimated selling price of a comparable dwelling on a lot typical for the area.

(2) Where a dwelling is located on a tract larger than normal for residential use in the area, the maximum replacement housing payment shall be determined by estimating the value of the dwelling at the present location on a homesite typical in size for the area and deducting this amount from the selling price of a comparable dwelling on a site typical for the area.

i. Dwelling on land with higher and better use. Where a dwelling is located on a tract where the fair market value is established on a higher and better than residential use, the maximum replacement housing payment shall be determined by estimating the value of the dwelling at the present location on a homesite typical for the area and zoned for residential use and deducting this amount from the selling price of a comparable dwelling on a typical residential homesite for the area.

j. Multiple occupancy of same dwelling unit—(1) Families. If two or more eligible families occupy the same single family dwelling unit, each family is eligible for a replacement housing payment if they relocate to separate dwelling units.

(2) **Individuals.** If two or more eligible individuals with no identifiable head of household occupy the same single family dwelling unit they are to be considered as one "family" for replacement housing payment purposes. When all individuals do not relocate to decent, safe, and sanitary housing the State shall determine and pay those individuals who do relocate into decent, safe and sanitary housing a pro rata share of the appropriate payment that would have been received if all individuals had relocated together in the same ownership or rental status as they had at the time of initiation of negotiations.

k. Joint residential and business use. Where displaced individuals or families occupy living quarters on the same premises as

a displaced business, farm or nonprofit organization, such individuals or families are separate displaced persons for purposes of determining entitlement to relocation payments.

l. Delivery of payment checks. The person or persons who establish the estimate of value of replacement housing payment shall not negotiate for the parcel nor deliver the payment to the relocatee. This also is applicable to situations where such payments and services are being administered by another Federal, State, or local agency under authority of a contract or agreement.

24. Replacement housing payments for owner-occupant for 180 days or more who purchase—a. General. (1) A displaced owner-occupant of a dwelling may receive additional payments, the combined total of which may not exceed \$15,000, for the additional cost necessary; to purchase replacement housing; to compensate the owner for the loss of favorable financing on his existing mortgage in the financing of replacement housing; to reimburse the owner for incidental expenses incident to the purchase of replacement housing when such costs are incurred as specified herein.

(2) The owner-occupant is eligible for such payments when—

(a) He is irrevocably at the initiation of negotiations for the acquisition of the real property, in whole or in part; or

(b) He is in occupancy at the time he is given a written notice by the State that it is their intent to acquire the property by a given date; and

(c) Such occupancy has been for at least 180 consecutive days immediately prior to the date of vacation or initiation of negotiations whichever is earlier; and

(d) The property was acquired from him by the State; and

(e) He purchased and occupied a decent, safe, and sanitary dwelling within the time period specified in paragraph 23b.

(3) If otherwise eligible under paragraph 24a(2), the owner-occupant may receive these payments if the State issues an order to vacate even though the property is not acquired.

b. Replacement housing payment—(1) Amount of payment. The replacement housing payment is the amount, if any, when added to the amount for which the State acquired his dwelling, equals the actual cost which the owner is required to pay for a decent, safe, and sanitary dwelling or the amount determined by the State as necessary to purchase a comparable dwelling, whichever is less.

(2) **State determination of amount necessary to purchase—(a) Schedule.** The State may establish a schedule of probable selling prices of comparable dwellings in the various types of dwellings being acquired. Such schedule will be prepared from an analysis of the probable selling prices of dwellings available on the market and periodically updated to reflect current probable selling prices. Such schedules shall be coordinated with other governmental agencies causing displacement in the same community or area so as to assure uniformity to the maximum extent possible.

(b) **Three comparable method.** The State may determine the probable selling price of a comparable dwelling by analyzing at least three comparable dwellings representative of the dwelling unit to be acquired which are available on the private market and meet the criteria in paragraph 4g of this memo-

randum. Less than three comparables may be used for this determination when additional comparable dwellings are not available and the State documents the parcel file to this effect. Selection of comparables and computation of the payment must be by a qualified State employee other than the appraiser or review appraiser on the parcel involved. The selected comparables must be the most nearly comparable and equal to or better than the subject property.

1. Adjustment of asking price. Since the asking price on the market typically exceeds the actual selling price, the asking price of the selected comparables usually will require a downward adjustment. The amount of the adjustment shall be determined by comparing the asking prices and actual selling prices of recent sales. The State shall develop from the market a factor or percentage representing the average difference between the asking price and the actual selling price of recent sales. This factor or percentage shall be kept current.

(c) **Alternate method.** As an alternate to (a) and (b) above the State may develop a different method of determining the probable selling price of comparable dwellings and submit it to the Regional Federal Highway Administrator for his prior approval.

(3) **Revisions to replacement housing amount.** If the relocatee requests assistance in finding replacement housing he must be offered housing which is comparable and available for purchase within the offered amount. When such housing is no longer available, the State will determine a new replacement housing amount based on available housing which is equal or better and meets the other comparable criteria.

c. Increased interest payments—(1) General. (a) Increased interest payments are provided to compensate a displaced person for the increased interest costs he is required to pay for financing a replacement dwelling.

(b) The increased interest payment shall be allowed only when both of the following conditions are met:

1. the dwelling acquired by the State was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days prior to the established eligibility date under paragraph 23b; and

2. the mortgage on the replacement dwelling bears a higher rate of interest than the mortgage interest rate on the acquired dwelling.

(c) The increased interest payment will be based on and limited to the lesser of the following amounts:

1. the present worth of the right to receive the monthly difference in mortgage payments on the existing mortgage using the old and new interest rates; or

2. the present worth of the right to receive the monthly difference in mortgage payments on the new mortgage using the old and new interest rates.

(2) **Payment computation.** The amount of increased interest payment will be computed as shown below in accordance with the following procedures.

COMPUTATION OF INCREASED INTEREST COST

EXAMPLE NO. 1

		Mortgage data	
		Existing mortgage	New mortgage
Interest rate (percent).....		6	8
Remaining term (years).....		10	10
Remaining principal balance.....		\$7,295.93	\$10,000
Monthly principal and interest payment.....		\$81.02	\$121.32
Existing mortgage computation (maximum payment).....			\$88.57
Monthly principal and interest payment—\$7,295.93 for 10 years at 8 percent.....			\$1.02
Monthly principal and interest payment—\$7,295.93 for 10 years at 6 percent.....			
Monthly interest difference.....			7.55
Present worth of \$7.55 monthly for 10 years discounted at 5 percent savings deposit rate ($\$7.55 \times 12 \times 7.72$).....			699.43
The factor 7.72 is obtained from the present worth of 1 per period table			
New mortgage computation ¹			121.32
Monthly principal and interest payment—\$10,000 for 10 years at 8 percent.....			111.02
Monthly principal and interest payment—\$10,000 for 10 years at 6 percent.....			
Monthly interest difference.....			10.30
Present worth of \$10.30 monthly for 10 years discounted at 5 percent savings deposit rate ($\$10.30 \times 12 \times 7.72$).....			954.19
Amount of interest payment.....			699.43

EXAMPLE NO. 2

		Mortgage data	
		Existing mortgage	New mortgage
Interest rate (percent).....		6	8
Remaining term (years).....		10	5
Remaining principal balance.....		\$7,295.93	\$6,000
Monthly principal and interest payment.....		\$81.02	\$121.65
Existing mortgage computation (maximum payment).....			\$88.57
Monthly principal and interest payment—\$7,295.93 for 10 years at 8 percent.....			\$1.02
Monthly principal and interest payment—\$7,295.93 for 10 years at 6 percent.....			
Monthly interest difference.....			7.55
Present worth of \$7.55 monthly for 10 years discounted at 5 percent savings deposit rate.....			699.43
New mortgage computations ¹			121.65
Monthly principal and interest payment—\$6,000 for 5 years at 8 percent.....			115.99
Monthly principal and interest payment—\$6,000 for 5 years at 6 percent.....			
Monthly interest difference.....			5.66
Present worth of \$5.66 monthly for 5 years discounted at 5 percent savings deposit rate.....			294.02
Amount of interest payment.....			294.02

¹ New mortgage computation not necessary if new mortgage is for the same amount and term of the old mortgage. The Financial Compound Interest and Annuity Tables used for these computations.

(a) The monthly principal and interest payment difference caused by the change in interest rates is computed for both the existing mortgage and new mortgage for their respective remaining terms and amounts. The old and new interest rates are used in each case.

(b) The present worth of the monthly interest differences found in (a) above is computed for each mortgage by discounting the annual difference (the sum of the monthly difference for 1 year) at the savings deposit interest rate for the remaining term of each mortgage. The lesser of the amounts so derived is the increased interest payment.

(3) *Interest rate of replacement dwelling mortgage.* (a) The interest rate on the mortgage for the replacement dwelling to be used in the computation shall be the actual rate but may not exceed the prevailing interest rate currently charged by mortgage lending institutions in the vicinity.

(b) When the lending agency imposes debt service charges as an incident to the extension of credit, and such charges are normal to the market, the annual percentage rate shown in the Truth in Lending Statement shall be used in lieu of the mortgage interest rate in computing the monthly principal and interest payments. A Truth in Lending Statement must be provided the mortgagor by lending agencies under the Truth in Lending Act, Title 1, Public Law 90-321 and Regulation Z issued pursuant thereto by the Board of Governors of the Federal Reserve System.

(4) *Discount rate.* The discount rate shall be the prevailing rate of interest paid on passbook savings account deposits by commercial banks in the general area in which the replacement dwelling is located.

(5) *To whom payment made.* The payment described in this paragraph may be made directly to the relocated individual or family, or upon written instruction from the relocated individual or family, directly to the mortgagee of the replacement dwelling. In cases where an applicant otherwise qualifies for an interest payment, and upon his specific request, the State may make an advance payment into escrow prior to the relocatee's moving.

(6) *Partial acquisition.* (a) Where the dwelling is located on a tract normal for residential use in the area, the interest payment shall be reduced to the percentage ratio that the acquisition price bears to the before value; except, the reduction shall not apply when the mortgagee requires the entire mortgage balance to be paid because of the acquisition and it is necessary to refinance.

(b) Where a dwelling is located on a tract larger than normal for residential use in the area, the interest payment shall be reduced to the percentage ratio that the value of the residential portion bears to the before value. This reduction shall apply whether or not it is required that the entire mortgage balance be paid.

(7) *Multiuse properties.* The interest payment on multiuse properties shall be reduced

to the percentage ratio that the residential value of the multiuse property bears to the before value.

(8) *Other highest and best use.* If a dwelling is located on a tract where the fair market value is established on a higher and better than residential use, and if the mortgage is based on residential value, the interest payment shall be computed as provided in the appropriate paragraphs above. If the mortgage is obviously based on the higher use, however, the interest payment shall be reduced to the percentage ratio that the estimated residential value of the parcel has to the before value.

d. *Incidental expenses.*—(1) *Amount of payment.* The incidental expenses payment is the amount necessary to reimburse the homeowner for the actual costs incurred by him incident to the purchase of the replacement dwelling, but not for prepaid expenses. Such costs may include the following items if normally paid by the buyer:

(a) Legal, closing and related costs including title search, preparing conveyance contracts, notary fees, surveys, preparing drawings or plats, and charges paid incident to recordation.

(b) Lenders, FHA or VA appraisal fee.
(c) FHA or VA application fee.
(d) Certification of structural soundness when required by lender, FHA, or VA.
(e) Credit report.
(f) Owner's title policy or abstract of title.
(g) Escrow agent's fee.
(h) State revenue stamps.
(i) Sales or transfer taxes.
(j) No fee, cost, charge, or expense is reimbursable as incidental expenses which is determined to be a part of the debt service, or finance, charge under the Truth in Lending Act, Title I, Public Law 90-321, and Regulation Z issued pursuant thereto by the Board of Governors of the Federal Reserve System.

e. *Combined payments not to exceed \$15,000.* If an owner-occupant is otherwise qualified for a payment under this paragraph but has previously received a payment under paragraph 25, the amount of such payment received under paragraph 25 shall be deducted from the amount to which he is entitled under this paragraph. In no event may the combined payments exceed \$15,000.

f. *Owner retention.* The owner shall be allowed the option of retaining his dwelling in accordance with PPM 80-5, paragraph 1d. The replacement housing payment in cases of owner retention shall be computed in accordance with the appropriate paragraph below.

(1) *Dwelling is decent, safe, and sanitary.* The payment, if any, shall be the amount by which the costs to relocate the retained dwelling exceeds the acquisition price of the dwelling. The costs to relocate may include the reasonable costs of acquiring a new site and other expenses incident to retaining, moving the dwelling and restoring it to a condition comparable to that before the move.

(2) *Dwelling is not decent, safe, and sanitary.* The payment shall be computed as shown above except that the costs to cure the decent, safe and sanitary deficiencies shall be included in the costs to relocate.

(3) *Limitations.* The payment so computed under 24f (1) or (2) above may not exceed the amount which the owner would have obtained under paragraph 24b (1) or, if no comparables are available on which to make such a determination, the cost of a new

dwelling adequate to accommodate the relocatee.

25. *Rental replacement housing payment to owner-occupant for 180 days or more who rents—*a. General. An owner-occupant eligible for a replacement housing payment under paragraph 24a who elects to rent a replacement dwelling is eligible for a rental replacement housing payment not to exceed \$4,000.

b. *Computation and disbursement of payment.* The payment shall be computed and disbursed in accordance with the provisions of paragraphs 28b, c and d with the following additional criteria:

(1) The present rental rate shall be economic rent as determined by market data; and

(2) The payment may not exceed the maximum amount which he would have received had he elected to receive a replacement housing payment under paragraph 24b.

26. *Replacement housing payment to owner-occupant for less than 180 days but not less than 90 days who purchases—*a. General. A displaced owner-occupant otherwise eligible under paragraph 24a except that he has owned and occupied the dwelling for less than 180 days but not less than 90 days may receive an amount, not to exceed \$4,000, to enable him to make a downpayment on the purchase of a replacement dwelling and reimbursement for actual expenses incident to such purchase; or for additional costs to relocate his retained dwelling in accordance with the following.

b. *Computation of downpayment and incidental costs.* (1) The amount of the downpayment shall be determined by the State as the amount required as a downpayment on a comparable dwelling if such purchase was financed with a conventional loan.

(2) The expenses incident to the purchase of replacement housing are described in paragraph 24d.

(3) Upon purchase and occupancy of a decent, safe, and sanitary dwelling by the relocatee within the time limits specified by paragraph 23b the relocatee may be reimbursed:

(a) The full amount of the downpayment determined in (1) above and the eligible incidental expenses if such total amount does not exceed \$2,000; or if more than \$2,000,

(b) \$2,000, plus 50 percent of the amount in excess of \$2,000 providing the relocatee contributes 50 percent of the amount in excess of \$2,000. Federal funds may participate in these payments but not to exceed \$4,000.

(4) The full amount of the downpayment must be applied to the purchase price and such downpayment and incidental costs claimed must be shown in the closing statement.

c. *Owner retention of dwelling.* The owner may retain his dwelling and the replacement housing payment, if any, will be determined in accordance with the provisions of paragraph 24f (1) and (2) but in no event will such payment exceed \$4,000.

d. *Combined payments not to exceed \$4,000.* If an owner-occupant is otherwise qualified under this paragraph but has previously received a payment under paragraph 27, the amount of such payment made under paragraph 27 shall be deducted from the amount to which he is entitled under this paragraph. In no event may the combined payments exceed \$4,000.

27. *Rental replacement housing payment to owner-occupant for less than 180 days but not less than 90 days who rents—*a. General. A displaced owner-occupant otherwise eligi-

ble under paragraph 24a except that he has owned and occupied the dwelling for less than 180 days but not less than 90 days and elects to rent a replacement dwelling is eligible for a rental replacement housing payment not to exceed \$4,000.

b. *Computation and disbursement of payment.* The payment will be computed and disbursed in accordance with the provisions of paragraph 28 b, c, and d except that the present rental rate shall be economic rent as determined by market data.

28. *Rental replacement housing payment to tenant-occupant for not less than 90 days who rents—*a. General. A displaced tenant is eligible for a rental replacement housing payment, not to exceed \$4,000, when:

(1) He is in occupancy at the beginning of negotiations for the acquisition of the real property, in whole or in part; or

(2) He is in occupancy at the time he is given a written notice by the State that it is their intent to acquire the property by a given date; and

(3) Such occupancy has been for at least 90 consecutive days immediately prior to the date of vacation or initiation of negotiations, whichever is earlier; and

(4) The property was subsequently acquired; and

(5) He rented and occupied a decent, safe, and sanitary dwelling within the time period specified in paragraph 23b;

(6) If otherwise eligible, the tenant may receive this payment if the State issues an order to vacate even though the property is not acquired.

b. *Computation of payment.* (1) The payment, not to exceed \$4,000, shall be determined by subtracting from the amount necessary to rent a comparable dwelling for the next 4 years the following amount:

(a) 48 times the average monthly rental paid by the relocated individual or family during the last 3 months; or

(b) If such average monthly rental is not reasonably equal to market rentals for similar dwellings, the economic rent as established by the State shall be used.

(c) The "rent being paid" shall include any rent supplements supplied by others except when, by law, such supplement is to be discontinued upon vacation of the property.

(2) When the average monthly rental being paid by the relocatee, not including supplemental rent by public agencies, exceeds 25 percent of the monthly gross income of such individual or family, the payment, not to exceed \$4,000, shall be determined by subtracting 12 times the average monthly income of the relocatee from the lesser of the following amounts:

(a) 48 times the monthly rental determined by the State as necessary to rent a comparable dwelling; or

(b) 48 times the monthly rental the relocatee is required to pay if he relocates in public subsidized rental housing.

(c) When a rental replacement housing payment computed under this criteria exceeds \$4,000 the selected replacement dwellings may not be classed as comparable. Housing must be made available which is within the financial means of the relocatee.

c. *State's determination of amount necessary to rent.* The State may determine the rental rates of comparable housing by a schedule, three comparable methods, or an approved alternate in accordance with the principles set forth in paragraph 24b(2) of this memorandum, except with regard to adjustments of asking price.

d. *Disbursement of rental replacement housing payments.* (1) All rental replacement housing payments in excess of \$500 will be made in four equal installments on an annual basis.

(2) Prior to receiving each installment payment the tenant must certify to the State that he is occupying decent, safe, and sanitary housing. The State shall verify the certifications on a spot check basis.

29. *Replacement housing payment to tenant-occupant for not less than 90 days who purchases—*a. General. A displaced tenant eligible for a rental replacement housing payment under paragraph 28 who elects to purchase a replacement dwelling is eligible to receive an amount, not to exceed \$4,000, to enable him to make a downpayment on the purchase of a replacement dwelling including the expenses incident to such purchase.

b. *Computation of payment.* The payment shall be computed in accordance with the provisions of paragraph 26b.

30. *Replacement housing payment to tenant of a sleeping room for not less than 90 days—*a. General. A displaced tenant of a sleeping room who is eligible for a replacement housing payment under paragraph 28a may receive an amount, not to exceed \$4,000, as a rental replacement housing payment or to enable him to make a downpayment on a replacement dwelling in accordance with the following paragraphs.

b. *Rental replacement housing payment.* (1) The payment, not to exceed \$4,000, shall be determined by subtracting from the amount necessary to rent a comparable sleeping room for the next 4 years the following amount:

(a) 48 times the average monthly rental paid by the displaced tenant during the last 3 months; or

(b) If such average monthly rental is not reasonably equal to market rentals for similar sleeping rooms, the economic rent as established by the State.

(2) The State's determination of the amount necessary to rent and the disbursement of the rental replacement housing payments shall be as provided in paragraph 28 c and d.

c. *Downpayment.* The downpayment amount, including the expenses incident to purchase of the replacement dwelling are to be computed in accordance with the provisions of paragraph 26b.

31. *Mobile Homes—General—*a. *Federal participation—Real Property.* Federal funds will be eligible for participation in the cost of acquiring a mobile home when they are considered realty under State law.

b. *Federal participation—personal property acquired.* Federal funds will be eligible for participation in the cost of acquiring a mobile home when it is considered personalty under State law under the following conditions:

(1) The structural condition of the mobile home is such that it cannot be moved without substantial damage or unreasonable cost; or

(2) The mobile home is not considered to be a decent, safe, and sanitary dwelling unit. A mobile home is considered to be decent, safe, and sanitary if it meets the standards set forth in paragraph 5 of this memorandum except that the space requirements are reduced to a minimum of 150 square feet of habitable floor space for the first occupant and a minimum of 70 square feet of habitable floor space for each additional occupant and that one means of egress is acceptable.

c. *Partial acquisition of mobile home park.* Where the State determines that a sufficient portion of a mobile home park is taken to justify the operator of such park to move his business or go out of business the owners and occupants of the mobile home dwellings not within the actual taking but who are forced to move would be eligible to receive the same payments as though their dwellings were within the actual taking.

d. *Mobile home as replacement dwellings.* (1) A mobile home may be considered a replacement dwelling provided it substantially meets applicable State and Federal requirements for decent, safe, and sanitary dwellings.

(2) Any State which maintains that mobile homes cannot be considered as replacement housing under State law should be requested to submit an opinion from the chief legal advisor of the highway department in support of that position. The opinion should then be forwarded by the division through the region for Washington office review and advice.

e. *Computation on next highest type.* When a comparable mobile home dwelling is not available it will be necessary to calculate the replacement housing payment on the basis of the next highest type of dwelling that is available and meets the applicable requirements and standards, i.e., a higher type mobile home or a conventional dwelling.

f. The general provisions for moving expenses and replacement housing payments of paragraphs 17 and 23 of this memorandum are also applicable to owners and tenants of mobile homes.

32. *Moving expenses—mobile homes—General.* The eligibility requirements of paragraph 17 and the provisions of paragraphs 17 and 18 are applicable to owners and occupants displaced from a mobile home.

b. *Owners of mobile homes.* (1) The owner of a mobile home may be reimbursed for the actual reasonable costs of moving the mobile home and/or other personal property in accordance with the provisions of paragraph 18b; or

(2) If the owner occupies the mobile home, and the mobile home is moved, he may elect to be reimbursed in accordance with schedule C, paragraph 18c; or

(3) If the owner occupies the mobile home, and the mobile home is not moved, he may elect to be reimbursed in accordance with schedule D, paragraph 18c.

(4) The cost of moving a mobile home on an actual cost basis may include the cost of detaching and reattaching fixtures and appliances where applicable.

c. *Tenants of mobile homes.* Tenants who are displaced from a mobile home may elect to be reimbursed for moving their personal property on an actual reasonable cost basis as specified in paragraph 18b or in accordance with schedule D, paragraph 18c.

33. *Replacement housing payments for owner-occupants of mobile homes for 180 days or more—General.* (1) A displaced owner of a mobile home who has occupied, for at least 180 days, the mobile home on the site from which he is being displaced and who is otherwise eligible under the provisions of paragraph 24a (2) or (3) is eligible for payments, the total of which may not exceed \$15,000, for—

(a) The additional costs necessary to purchase replacement housing as specified in paragraphs 33b(1), 33c(1), and 33d(1) below and in accordance with the principles of paragraph 24b; and

(b) An amount as determined to compensate him for the loss of favorable financing on his existing mortgage in the financing of such replacement housing under the provisions of paragraph 24c; and

(c) An amount to reimburse the owner for incidental expenses incident to the purchase of such replacement housing in accordance with the provisions of paragraph 24d.

(2) A displaced owner-occupant of a mobile home eligible for a replacement housing payment as shown above who elects to rent is eligible for a rental replacement housing payment, not to exceed \$4,000, in accordance with paragraphs 33b(2), 33c(2), and 33d(2) below. Such payments will be computed and disbursed in accordance with the methods of paragraph 28 b, c, and d.

b. *Acquisition of mobile home and site from owner-occupant—(1) Replacement housing payment.* The replacement housing payment will be the amount, if any, when added to the amount for which the State acquired his mobile home and site equals the lesser of—

(a) The amount the owner is required to pay for a decent, safe, and sanitary conventional dwelling or a decent, safe, and sanitary replacement mobile home and site; or

(b) The amount determined by the State as necessary to purchase a comparable mobile home and site in accordance with the provisions of paragraph 24b.

(2) *Rental replacement housing payment.*

(a) If the owner elects to rent, the rental replacement housing payment shall be the difference in the amount determined by the State as necessary to rent a comparable mobile home and site for a period of 4 years and 48 times the economic rent of the mobile home and site.

(b) This rental payment may not exceed the amount determined in paragraph 33b (1) (b) above.

c. *Acquisition of site only from owner-occupant of mobile home.* Upon acquisition of the site, but not the home situated upon the site and the mobile home is required to be moved, the replacement housing payment will be determined as follows:

(1) *Replacement housing payment.* The replacement housing payment will be the amount, if any, when added to the amount for which the State acquired his mobile homesite equals the lesser of:

(a) The amount the owner is required to pay for a comparable site; or

(b) The amount determined by the State as necessary to purchase a comparable mobile homesite.

(2) *Rental replacement housing payment.*

(a) If the owner elects to rent, the rental replacement housing payment shall be the difference in the amount determined by the State as necessary to rent a comparable mobile homesite for a period of 4 years and 48 times the economic rent of the site acquired.

(b) This rental payment may not exceed the amount determined by the State in paragraph 33c(1) (b) above.

d. *Acquisition of mobile home only—owner-occupant rents site—(1) Replacement housing payment.* The replacement housing payment will be the amount, if any, when added to the amount for which the State acquired his mobile home equals the lesser of—

(a) The amount the owner is required to pay for a replacement dwelling; or

(b) The amount determined by the State as necessary to purchase a comparable mo-

mobile home, plus the difference in the amount determined by the State as necessary to rent a comparable mobile homesite for a period of 4 years and 48 times the rent being paid on the site acquired.

(2) *Rental replacement housing payment.* If the owner elects to rent a replacement mobile home, the rental replacement housing payment shall be the difference in the amount determined by the State as necessary to rent a comparable mobile home and site for a period of 4 years and 48 times the economic rent of the mobile home and actual rent of the site acquired.

34. *Replacement housing payments for owner-occupants of mobile homes for less than 180 days but more than 90 days—General.* (1) A displaced owner of a mobile home who has occupied, for less than 180 days but more than 90 days, the mobile home on the site from which he is being displaced and who is otherwise eligible under the provisions of paragraph 24a (2) or (3) is eligible for an amount, not to exceed \$4,000—

(a) To enable him to make a downpayment on the purchase of replacement housing in accordance with the provisions of paragraphs 34b(1), 34c(1), and 34d(1) below and reimburse him for the actual expenses incident to such purchase; or

(b) If he elects to rent, a rental replacement housing payment as provided in paragraphs 34b(2), 34c(2), and 34d(2) below. Such payments are to be computed and disbursed in accordance with the principles of paragraph 28 b, c, and d.

b. *Acquisition of mobile home and site from owner-occupant—(1) Replacement housing payment.* If the owner purchases a replacement dwelling, the replacement housing payment will be determined in accordance with the provisions of paragraph 26b except that the amount of the downpayment shall be determined by the State as the amount required as a downpayment on the purchase of a comparable mobile home and site.

(2) *Rental replacement housing payment.* If the owner elects to rent, the rental replacement housing payment shall be the difference in the amount determined by the State as necessary to rent a comparable mobile home and site for a period of 4 years and 48 times the economic rent of the mobile home and site.

c. *Acquisition of site only from owner-occupant of mobile home—(1) Replacement housing payment.* If the owner purchases conventional replacement housing or a site to which the mobile home is moved, the replacement housing payment will be an amount determined in accordance with the provisions of paragraph 26b except that the amount of the downpayment shall be determined by the State as the amount required as a downpayment on the purchase of a comparable site.

(2) *Rental replacement housing payment.* If the owner elects to rent, the rental replacement housing payment shall be the difference in the amount determined by the State as necessary to rent a comparable site for a period of 4 years and 48 times the economic rent of the site acquired.

d. *Acquisition of mobile home only—owner-occupant rents site—(1) Replacement housing payment.* If the owner purchases replacement housing the replacement housing payment will be—

(a) An amount determined in accordance with the provisions of paragraph 26b except that the amount of the downpayment shall be determined by the State as the amount

required as a downpayment on the purchase of a comparable mobile home; plus

(b) The difference in the amount determined by the State as necessary to rent a comparable mobile homesite for a period of 4 years and 48 times the rent being paid on the site acquired.

(2) *Rental replacement housing payment.* If the owner elects to rent, the rental replacement housing payment shall be the difference in the amount determined by the State as necessary to rent a comparable mobile home and site for a period of 4 years and 48 times the economic rent of the mobile home and actual rent of the site acquired.

35. *Replacement housing payments to tenants of mobile homes for 90 days or more—*
a. *General.* (1) A displaced tenant of a mobile home who has occupied for at least 90 days the mobile home on the site from which he has been displaced and who is otherwise eligible under the provisions of paragraph 28a is eligible for a replacement housing payment, not to exceed \$4,000;

(a) To enable him to make a downpayment on the purchase of a decent, safe, and sanitary dwelling and to reimburse him for the expenses incident to such purchase in accordance with the provisions of paragraph 34b(1); or

(b) If he elects to rent, the rental replacement housing payment will be determined in accordance with the provisions of paragraph 34b(2) except that actual rent being paid for the mobile home and site will be used in the computation. The payment will be computed and disbursed in accordance with the principles of paragraph 28 b, c, and d.

36. *Appeals—*a. *State to establish procedures.* The head of the State agency shall establish procedures, consistent with applicable State law, for his review of appeals under this memorandum. The procedures should provide for possible resolution of an appeal at an echelon below the head of the State agency with a final appeal to the head of the State agency. As a minimum such procedures shall provide that:

(1) Any person making an appeal shall be given a full opportunity to be heard;

(2) A decision will be reached promptly on the basis of evidence submitted and the relocatee notified of such decision;

(3) The result reached will be supported by the necessary computations and rationale and documented in the parcel file.

b. *Notification of appeal rights and procedures.* At such time as a relocatee indicates he is dissatisfied with a determination as to his eligibility for a payment or of an amount of payment offered under this memorandum he shall be promptly furnished the necessary forms and notified of the procedures to be followed in making an appeal.

37. *Records—*a. *Relocation records—general.* The State agency shall maintain relocation records showing—

(1) State and Federal project and parcel identification.

(2) Names and addresses of displaced persons and their complete original and new addresses and telephone numbers (if available after reasonable effort to obtain where relocatee moved without assistance).

(3) Personal contacts made with each relocated person, including for each relocated person:

(a) Date of notification of availability of relocation payments and services;

(b) Name of the official offering or providing relocation assistance;

(c) Whether the offer of assistance in locating or obtaining replacement housing was declined or accepted and the name of the individual accepting or declining the offer;

(d) Dates and substance of subsequent followup contacts;

(e) Date on which the relocated person was required to move from the property acquired for the project;

(f) Date on which actual relocation occurred and whether relocation was accomplished with the assistance of the State agency, referral to other agencies, or without assistance. If the latter, an approximate date for actual relocation is acceptable; and

(g) Type of tenure before and after relocation.

(4) For displacements from dwelling:

(a) Number in family;

(b) Type of property (single detached, multifamily, etc.);

(c) Value, or monthly rent;

(d) Number of rooms occupied.

(5) For relocated businesses:

(a) Type of business;

(b) Whether continued or terminated;

(c) If relocated, distance moved (estimate acceptable).

(6) For relocated farms:

(a) Whether continued or terminated;

(b) If relocated, distance moved (estimate acceptable).

b. *Moving expense records.* The State agency shall maintain records containing the following information regarding moving expense payments:

(1) The date the removal of personal property was accomplished;

(2) The location from which and to which the personal property was moved;

(3) If the personal property was stored temporarily, the location where the property was stored, the duration of such storage, and justification for the storage and the storage charges;

(4) Itemized statement of the costs incurred supported by receipted bills or other evidence of expense;

(5) Amount of reimbursement claimed, amount allowed and an explanation of any differences;

(6) Data supporting any determination that a business cannot be relocated without a substantial loss of its existing patronage and that it is not part of a commercial enterprise having at least one other establishment not being acquired by the State or the United States;

(7) When an in lieu payment is made to a business or farm operation, data showing how the payment was computed; and

(8) When moving expense payments are made in accordance with a schedule, the data called for in (3) and (4) above need not be maintained. Instead records showing the basis on which payment was made shall be maintained.

c. *Replacement housing payment records.* The State agency shall maintain records containing the following information regarding replacement housing payments:

(1) The date of the State agency's receipt of each application for such payments;

(2) The date on which each payment was made or the application rejected;

(3) Supporting data explaining how the amount of the supplemental payment to which the applicant is entitled was calculated;

(4) A copy of the closing statement to support the purchase or downpayment, and incidental expenses when replacement housing is purchased;

(5) A copy of the Truth in Lending Statement or other data including computations to support the increased interest payment.

(6) The individual responsible for determining the amount of the replacement housing payment shall place in the file a signed and dated statement setting forth:

(a) The amount of the replacement housing payment;

(b) His understanding that the determined amount is to be used in connection with a Federal-aid highway project; and

(c) That he has no direct or indirect present or contemplated personal interest in this transaction nor will derive any benefit from the replacement housing payment.

(7) A statement by the State agency that in its opinion the relocated person has been relocated into adequate replacement housing.

d. *Records available for inspection.* The relocation records must be available at reasonable hours for inspection by representatives of the Federal Government who have an interest or responsibility in matters relative thereto.

38. *Reports—*a. *Quarterly report.* Form PR-1228, "Summary of Relocation Assistance and Payment Statistics" will be submitted quarterly for periods ending March 31, June 30, September 30, and December 31 showing the information requested on the enclosed sample report form. The reports shall be furnished within 30 days after the end of the quarter which the report covers. A separate report should be submitted for the rural and urban portion of each system. The reports shall be forwarded to the Associate Administrator for Right-of-Way and Environment through the division and regional offices.

b. *Reporting to management.* The States are encouraged to establish a reporting procedure which will keep management advised as to the status of relocation of relocatees and its effect on scheduling of construction projects. For example:

(1) The total number of persons to be relocated on the project initially (reported by individuals, families, businesses, and nonprofit organizations);

(2) The total number of persons displaced relocated this reporting period (reported by individuals, families, businesses, and nonprofit organizations);

(3) The total number of persons displaced relocated to date (reported by individuals, families, businesses, and nonprofit organizations);

(4) The analysis of problem cases encountered or anticipated;

(5) The method proposed for resolving problem cases; and

(6) A progress analysis of relocating the remaining occupants as compared to the remaining leadtime.

Title 32—NATIONAL DEFENSE

Chapter VII—Department of the Air Force

SUBCHAPTER B—SALES AND SERVICES

PART 812—USER CHARGES

Part 812 of Chapter VII, Title 32 of the Code of Federal Regulations, is revised to read as follows:

Sec.

812.1 Purpose.

812.2 Policy.

812.3 Determining costs and fees for special services.

812.4 Determining charges for lease or sale.

AUTHORITY: The provisions of this Part 812 issued under sec. 8012, 70A Stat. 488; 10 U.S.C. 8012.

§ 812.1 Purpose.

This part prescribes general policy for developing an equitable and uniform system of charges for rendering certain Government services and for selling or leasing property to persons or organizations outside the Federal Government.

§ 812.2 Policy.

Air Force activities should not compete with available commercial facilities in providing special benefits or in the sale or lease of property to recipients outside the Federal Government. However, when authorized benefits are provided, the recipient of such benefits or lease or sale pays a reasonable charge as determined from instructions in §§ 812.3 and 812.4.

§ 812.3 Determining costs and fees for special services.

(a) **Determining costs.** Determine or estimate costs from the best available records in the activity; do not establish cost accounting systems solely for this purpose. The cost computation covers the direct and indirect costs incurred by the activity performing the service. This includes but is not limited to: (1) Gross civilian salaries (also including holiday, annual, sick leave entitlements), and Air Force share of retirement, medical expenses, insurance, etc.; (2) military pay and allowances at standard rates; (3) travel expense; (4) cost of fee collection and postage; (5) material and supplies used; (6) maintenance and operation of buildings and equipment (including depreciation); (7) a prorata share of the management and supervisory costs of the activity performing the service; (8) the costs of research, establishing standards, enforcement and regulation to the extent they are properly chargeable to the services performed; (9) cost of communications, utilities, equipment, and property rental.

(b) **Establishing fees to recover costs.** Unless otherwise prescribed by Air Force directives, fees are established in advance when feasible under the policies and procedures of this part, unless the exceptions listed in § 812.4 apply. Establish the fee for a special service as the

total cost or fair market value, whichever is higher. Review fees and rates at least once a year or whenever significant changes in costs occur, and adjust the fees to insure recovery of full costs. Charges may be waived or reduced when:

(1) The recipient of the benefits is engaged in a nonprofit activity for the public safety, health, or welfare; (2) payment of the full costs or fee by the State, local government, or nonprofit group would not be in the interest of the program; (3) furnishing of the service without charge is an appropriate courtesy to a foreign country or international organization, or comparable fees are set on a reciprocal basis with a foreign country; (4) the incremental cost of collecting the fees would be an unduly large part of the receipts from the activity.

§ 812.4 Determining charges for lease or sale.

(a) Where federally owned resources or properties are leased or sold obtain a fair market value. Determine charges, so far as practicable and feasible in accordance with comparable commercial practices. Charges need not be limited to the recovery of costs—they may produce net revenues to the Government. The exceptions listed in this section also apply to lease or sale. In the absence of a known market value, determine a fair value for sale of material based on the inventory standard price, plus accessorial and administrative costs, provided in AFR 172-5 (Reimbursement for Accessorial and Administrative Costs)

(b) In general, charges may be waived or received when: (1) The recipient of the benefits is engaged in a nonprofit activity for the public safety, health, or welfare. (2) Payment of the full costs or fee by a State, local government, or nonprofit group would not be in the interest of the program. (3) Furnishing of the service without charge is an appropriate courtesy to a foreign country or international organization, or comparable fees are set on a reciprocal basis with a foreign country. (4) The incremental cost of collecting the fees would be unduly large part of the receipts from the activity.

By order of the Secretary of the Air Force.

ALEXANDER J. PALENSCAR, Jr.,
Colonel, U.S. Air Force, Chief,
Special Activities Group,
Office of The Judge Advocate
General.

[FR Doc. 71-6093 Filed 4-30-71; 8:50 am]

SUBCHAPTER W—AIR FORCE PROCUREMENT MISCELLANEOUS AMENDMENTS TO SUBCHAPTER

Subchapter W of Title 32 of the Code of Federal Regulations is amended as follows:

PART 1001—GENERAL PROVISIONS

1. Part 1001 is amended by revising §§ 1001.320 and 1001.453 to read as follows:

§ 1001.320 Industrial security.

NOTIFICATION OF GOVERNMENT SECURITY ACTIVITY

Within 10 days after award of this contract or 30 days prior to the date of (5) below the contractor shall notify the Director, Security Police shown in the distribution block of the DD Form 254, Contract Security Classification Specification, as to:

(1) The name, address, and telephone number of this contract company's representative in the United States or overseas area, as appropriate.

(2) The contract number, and military contracting command.

(3) The highest classification category of defense information to which contractor employees will have access.

(4) The AF installations in the United States (in overseas areas identify only the APO number(s)) where the contract work will be performed.

(5) The date contractor operations will begin on-base in the United States or in the overseas area, and

(6) The estimated completion date of operations on-base in the United States or in the overseas area.

(7) Any changes to information previously provided under this clause.

§ 1001.453 Designation of heads of procuring activities.

(a) Commanders of AAC, ADC, AFLC, AFSC, ATC, MAC, PACAF, SAC, TAC, and USAFE, and the Director of Procurement Policy, DCS/S&L, Hq USAF, are each designated as a "Head of a Procuring Activity" within the Department of the Air Force by Secretary of the AF Order (SAFO) 660.1 dated May 22, 1969. The commander of each procuring activity designated above may authorize an individual, not below the level of the staff officer responsible for procurement within the Major Command headquarters, to act for him in exercising those ASPR prescribed responsibilities which are vested only in the "Head of a Procuring Activity." This authority is not applicable to Part 17 of this title, "Extraordinary Contractual Actions to Facilitate the National Defense." Major Commands who are not designated HPAs but who have a need for one of the ASPR prescribed responsibilities which are vested only in the HPA, will submit the request for such responsibilities to the Director of Procurement Policy, DCS/S&L, Hq USAF.

(b) The Director of Procurement Policy, DCS/S&L, Hq USAF, as the Head of a Procuring Activity, has authorized the following persons to act as his designee when the ASPR gives authority to "a Head of a Procuring Activity or his designee":

(1) Commanders of Major Commands, not designated at HPAs, with power of redelegation not below the level of a staff officer responsible for procurement within the headquarters of the first echelon of command immediately subordinate to the major command.

(2) Air attaches and chiefs of AF foreign missions.

PART 1007—CONTRACT CLAUSES

§ 1007.5100 [Deleted]

2. Part 1007 is amended by deleting § 1007.5100.

PART 1030—APPENDIXES TO HEAD-QUARTERS U.S. AIR FORCE ARMED SERVICES PROCUREMENT REGULATION SUPPLEMENT

3. Part 1030 is amended by adding a new Part IV to § 1030.5 to read as follows:

§ 1030.5 Appendix E—Contract Financing.

PART IV—ADVANCE PAYMENTS

E-415 *Pooled advance payments.* (a) The authority and requirements for approval of advance payment pool agreements are the same as for a single contract.

(b) *Contract Clause.* Upon approval of the advance payment and receipt of authority to enter into a pool agreement, the following clause will be added to each contract which is to become part of the advance payment pool agreement:

ADVANCE PAYMENTS (JUNE 1958)

Advance payments will be made for the work called for hereunder in accordance with the Findings, Determinations, and Authorization for advance payments dated . . . Payments made pursuant to this clause shall be governed by the terms and conditions of the Advance Payment Pool Agreement dated . . . as it may be amended from time to time between the United States of America and . . . which agreement is hereby incorporated by reference with the same force and effect as though fully set forth herein.

(c) If an advance payment pool agreement is entered into, disbursing responsibility on all contracts in the pool will be transferred to a single accounting and finance office to be designated by PPFN.

(d) If a university is a party to an advance payment pool agreement under the terms of which all contracts of a designated class with the university are financed, new contracts with the university will not be entered into without prior clearance with PPFN. If financing of such new contracts would require an increase in the amount of advance payment authorization, prior approval of Hq USAF must be obtained.

(10 U.S.C. Ch. 137, 10 U.S.C. 8012)

By order of the Secretary of the Air Force.

ALEXANDER J. PALENSCAR, Jr.,
Colonel, U.S. Air Force, Chief,
Special Activities Group, Of-
fice of The Judge Advocate
General.

Title 46—SHIPPING

Chapter IV—Federal Maritime Commission

SUBCHAPTER B—REGULATIONS AFFECTING MARITIME CARRIERS AND RELATED ACTIVITIES

[General Order 27, Amdt. 5; Docket No. 71-27]

PART 542—FINANCIAL RESPONSIBILITY FOR OIL POLLUTION CLEANUP

Methods of Establishing Financial Responsibility; Certificate of Insurance and Uniform Endorsement; Clarifying Language

On September 30, 1970, the Federal Maritime Commission published in the FEDERAL REGISTER (35 F.R. 15216) regulations to implement the financial responsibility provisions of section 11(p) (1) of the Federal Water Pollution Control Act, as amended by the Water Quality Improvement Act of 1970 (84 Stat. 97).¹ These regulations (Commission General Order 27) set forth the procedures whereby the owner or operator of every vessel over 300 gross tons, including any barge of equivalent size, using any port or place in the United States or the navigable waters of the United States must evidence financial responsibility to meet liability to the United States to which such vessel could be subjected for the discharge of oil into or upon the waters of the United States. The rules also include the qualifications required by the Commission for issuance of Certificates evidencing financial responsibility, and the basis for the denial, revocation, modification, or suspension of such Certificates.

Thereafter, and at the request of United States marine insurance underwriters, the Commission served notice in the FEDERAL REGISTER (36 F.R. 6116) on April 2, 1971, that it was considering amending § 542.5(a) (1) of General Order 27, as it relates to the uniform endorse-

¹ Section 11(p) (1) of the Federal Water Pollution Control Act, as amended, provides in relevant part that any subject vessel shall "establish and maintain under regulations to be prescribed from time to time by the President, evidence of financial responsibility of \$100 per gross ton, or \$14 million, whichever is the lesser, to meet the liability to the United States which such vessel could be subjected under this section." Section 542.5(1) of the Commission's General Order 27 permits evidence of financial responsibility to be established by means of insurance.

ment required in insurance policies when submitted as evidence of financial responsibility, and Certificate of Insurance Form FMC-225. The stated purpose of the proposed changes, as expressed in the preamble to its notice of proposed rulemaking, was to clarify certain language in the uniform endorsement and the Certificate of Insurance which allegedly could be subject to some misinterpretation regarding the maximum amounts of insurance which may be required under General Order 27. The Commission explained that while it was of the view that the present language in the uniform endorsement and in Form FMC-225 is sufficiently clear in this regard, it was nevertheless willing to accept and include clarifying modifications to the present language contained in the uniform endorsement and in Form FMC-225.

Interested parties were given until April 12, 1971, within which to file their written comments in response to the proposed changes. The deadline for the filing of comments is now past, and no comments have been received.

Therefore, pursuant to section 4 of the Administrative Procedure Act (5 U.S.C. 552), and sections 11(p) (1) and 11 (p) (2) of the Federal Water Pollution Control Act, as amended by the Water Quality Improvement Act of 1970 (84 Stat. 97), § 542.5 of Title 46 CFR is amended as follows:

1. Subparagraph (1) of paragraph (a) of § 542.5 is amended by adding the following new proviso at the end thereof, and paragraph (b) is amended by adding the following language at the end:

§ 542.5 Methods of establishing financial responsibility; forms and requirements.

- (a) . . .
- (1) . . .

Provided further, however, the foregoing uniform endorsement may, at the discretion of the party furnishing the policy of insurance or cover note, include in Item (1) of the endorsement, after the words "liability to the United States", the following words: "or to the assured".

The uniform endorsement will be acceptable to the Commission either with or without the aforementioned clarifying language. Any person who has previously filed a policy of insurance or cover note containing the uniform endorsement without this clarifying language, may, if he so desires, substitute a new uniform endorsement including the clarifying language.

RULES AND REGULATIONS

(b) * * * The Certificate of Insurance, Form FMC-225, as incorporated in the rules of this part, may be utilized in the existing form or, in the alternative, may be clarified by any parties so desiring by substituting the following language for the current first paragraph contained in that form.

----- (hereinafter
(Name of insurer)

called "The Insurer") hereby certifies that in accordance with the provisions of section 11(p)(1) of the Federal Water Pollution Control Act, as amended, each of the owners and operators specified in the schedules below is insured by it in respect to the vessels specified therein, against liability to the United

States Government in the amount of \$100 per gross ton, or \$14 million, whichever is the lesser, to meet the liability to the United States to which such vessels could be subjected under the aforesaid Act.

The use of Form FMC-225 will be acceptable to the Commission as evidence of financial responsibility either with or without the aforementioned clarifying language, and any party who has previously filed this form without the clarifying language may, if he so desires, submit a substitute Form FMC-225 with the added clarifying language.

* * * * *

Effective date. In view of the fact that the amendments of § 542.5 promulgated

herein in no way substantially change any existing requirements but are merely for the purpose of making clearer the Commission's intent and to more closely relate the language of the rule to the language of the enabling statute, the Commission believes good cause exists for the amendments promulgated herein to become effective on less than 30 days notice. Accordingly, these amendments shall become effective upon publication in the FEDERAL REGISTER (5-1-71).

By the Commission.

[SEAL]

FRANCIS C. HURNEY,
Secretary.

Proposed Rule Making

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[50 CFR Part 80]

RESTORATION OF GAME BIRDS, FISH, AND MAMMALS

Comprehensive Fish and Wildlife Resource Management Plan

Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior by section 10 of the Federal Aid in Wildlife Restoration Act, as amended (50 Stat. 919; U.S.C. 669i), and by section 10 of the Federal Aid in Fish Restoration Act, as amended (64 Stat. 434; 16 U.S.C. 777i), it is proposed to revise Part 80 of Title 50, Code of Federal Regulations, as set forth below.

The proposed change defines a comprehensive fish and wildlife resource management plan and permits its use as an alternative to individual project statements in documenting State fish and wildlife restoration and management programs to be carried out with Federal financial assistance under the Acts cited above. This use of the comprehensive plan is authorized by the Federal Aid in Wildlife Restoration Act Amendments of 1970 (Public Law 91-503). The change will be accomplished by adding §§ 80.1(q) and 80.42.

As amended, § 80.1 will read as follows:

§ 80.1 Definitions.

As used in this part, terms shall have the meaning ascribed in this section.

(q) *Comprehensive plan.* A comprehensive fish and wildlife resource management plan is a 5-year program of definite actions for accomplishing the objectives of a fish and game department which is based on 15-year projections of resource availability and demands.

The new § 80.42 will read as follows:

§ 80.42 Comprehensive plan alternative.

As an alternative to submission of individual project statements, a State may present to the Secretary a comprehensive fish and wildlife resource plan as program documentation. It shall contain a summary, a statement of the primary objectives of the fish and game department, an analysis of projected recreational demands and opportunities, subordinate program objectives, a 5-year program of actions, and a system for frequent or continuous updating. The plan shall be presented over the signature of the State fish and game director with evidence that it has been reviewed by the Governor of the State or his designee. Standards for the scope and quality of a plan which will be acceptable to the Secretary are published in the Federal Aid

in Fish and Wildlife Restoration Manual.

It is the policy of the Department of the Interior, whenever practical, to afford the public an opportunity to participate in the rule-making process. Accordingly, interested persons may submit written comments, suggestions, or objections to the Director, Bureau of Sports Fisheries and Wildlife, Washington, D.C. 20240, within 45 days of the publication of this notice in the FEDERAL REGISTER.

J. P. LINDUSKA,
Associate Director, Bureau of
Sport Fisheries and Wildlife.

APRIL 27, 1971.

DEPARTMENT OF AGRICULTURE

Agricultural Stabilization and Conservation Service

[7 CFR Part 730]

RICE

Determination of Acreage Allotments for 1969 and Subsequent Crops of Rice

Notice is hereby given that pursuant to the authority contained in the applicable provisions of the Agricultural Adjustment Act of 1933, as amended (7 U.S.C. 1353, 1375) the Department proposes to amend the regulations for determination of acreage allotment for 1969 and subsequent crops of rice.

The purpose of these amendments is to (1) remove the reference to the adjustment in allotment to meet the cropland limitation, (2) clarify the planting requirements with respect to allotment acreage acquired by a producer who is not a member of the transferor's family, and (3) provide that a producer who has withdrawn from the production of rice in favor of a producer other than a family member may acquire allotment and related history acreage from a partnership in which he is a partner when such partnership is dissolved.

Prior to the issuance of these amendments, any data, views, or recommendations pertaining thereto which are submitted in writing to the Director, Commodity Programs Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250, will be given consideration provided such submissions are postmarked not later than 30 days from the date of publication of this notice in the FEDERAL REGISTER.

All written submissions made pursuant to this notice will be made available for public inspection at such times and

places and in a manner convenient to the public business (7 CFR 1.27 (b)).

It is proposed that the subpart, regulations for determination of acreage allotments for 1969 and subsequent crops of rice (33 F.R. 14520), as amended, be amended as follows:

1. Section 730.62 be amended by revising paragraph (b) (13) thereof to read as follows:

§ 730.62 Definitions.

(b) * * *

(13) "Rice acreage planted and considered planted on a farm" means the sum of the farm rice acreage and any allotment acreage which is (i) preserved under the provisions of part 719 of this chapter, Reconstitution of Farms, Allotments, and Bases, and (ii) underplanted in the current year to deplete stored excess rice produced in a prior year as provided in § 730.30(h).

2. Section 730.67 be amended by revising paragraph (b) (3) thereof to read as follows:

§ 730.67 Establishment of preliminary allotments for old producers.

(b) * * *

(3) For a farm to which subparagraph (1) of this paragraph is not applicable, if less than 75 percent of the farm allotment (before reapportionment) is planted in the year for which the rice history acreage is being determined and in each of the 2 immediately preceding years, the rice history acreage will be the smaller of the farm allotment before reapportionment or the sum of:

(i) Rice acreage determined for the farm.

(ii) Acreage preserved under the provisions of Part 719 of this chapter.

(iii) Acreage underplanted in the current year to deplete stored excess rice produced in a prior year.

3. Section 730.76 be amended by revising the second and third sentences of paragraph (b) (3) (ii) thereof and changing the period at the end of paragraph (c) to a colon and adding a proviso to read as follows:

§ 730.76 Succession of interest in producer allotments.

(b) * * *

(3) * * *

(ii) * * * If the transferee fails to comply with this minimum planting provision, the transfer shall become invalid and the county committee shall reduce the transferee's allotment, for the crop year immediately following the year of such failure, by the percentage that the

acquired acreage is of the allotment, including the acquired acreage for which there is failure to comply, established for the producer for the year of acquisition. The rice history acreages credited to the transferee for each year of the period the transfer was in effect shall be reduced by the same percentage that the allotment is reduced. * * *

(c) * * * *Provided further*, That a producer who has withdrawn from the production of rice under the provisions of paragraph (b) (3) of this section may acquire allotment and related history acreage from a partnership in which he is a partner when such partnership is dissolved as provided in paragraph (b) (4) of this section.

4. Section 730.78 be amended by revising paragraph (b) (3) thereof to read as follows:

§ 730.78 Establishment of preliminary allotments for old farms.

(b) * * *

(3) For a farm to which subparagraph (1) of this paragraph is not applicable if less than 75 percent of the farm allotment (after release and before reapportionment) is planted in the year for which the rice history acreage is being determined and in each of the 2 immediately preceding years, the rice history acreage will be the smaller of the farm allotment before release and before reapportionment or the sum of:

- (i) Acreage released for reapportionment.
- (ii) Rice acreage determined for the farm.
- (iii) Acreage preserved under the provisions of Part 719 of this chapter.
- (iv) Acreage underplanted in the current year to deplete stored excess rice produced in a prior year.

§ 730.79 [Amended]

5. Section 730.79 be amended by deleting paragraph (e) thereof.

Signed at Washington, D.C., on April 26, 1971.

GEORGE V. HANSEN,
Acting Administrator, Agricultural Stabilization and Conservation Service.

[7 CFR Part 966]

[Amdt. 2]

TOMATOES GROWN IN FLORIDA
Notice of Proposed Rule Making

Consideration is being given to the issuance of an amendment to the limitation of shipments regulation, as herein-after set forth. This proposal was recommended by the Florida Tomato Committee, established pursuant to Marketing Agreement No. 125 and Marketing Order No. 966, both as amended (7 CFR Part 966), regulating the handling of

tomatoes grown in the Florida production area. This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

All persons who desire to submit data, views, or arguments with respect to this proposal may file the same with the Hearing Clerk, Room 112, U.S. Department of Agriculture, Washington, D.C. 20250, not later than May 7, 1971. Written submissions received pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

Statement of consideration. Tomato shipments from Florida this season were considerably below average from the latter part of January through March due to adverse weather. However, Florida's supply is expected to increase sharply in May as harvest begins in spring crop areas and total volume could be burdensome without at least the minimal size requirements set forth in this proposal as follows:

1. In § 966.308 (35 F.R. 16628; 36 F.R. 5285), paragraph (a) would be amended to read as follows:

§ 966.308 Limitation of shipments.

(a) *Minimum size and size classification requirements.* (1) *Minimum size requirements.* (i) For mature green tomatoes, over $2\frac{1}{32}$ inches in diameter; (ii) for all other tomatoes, over $2\frac{1}{32}$ inches in diameter; and (iii) for all tomatoes, not more than 10 percent, by count, in any lot may be smaller than the specified minimum diameter.

(2) *Size classifications.* (i) No person shall handle any lot of tomatoes unless they are sized in one or more of the following ranges of diameters (expressed in terms of minimum and maximum). Measurement of minimum and maximum diameter shall be in accordance with the methods prescribed in the U.S. Standards for Grades of Fresh Tomatoes (§§ 51.1855 to 51.1877 of this title).

Size classification: Diameter (inches)

7 x 7	Over $2\frac{1}{32}$ to $2\frac{1}{16}$, inclusive
6 x 7	Over $2\frac{1}{32}$ to $2\frac{1}{16}$, inclusive
6 x 6	Over $2\frac{1}{32}$ to $2\frac{1}{16}$, inclusive
5 x 6 and larger.	Over $2\frac{1}{32}$

(ii) Tomatoes of designated sizes may not be commingled unless they are over $2\frac{1}{32}$ inches in diameter and each container shall be marked to indicate the designated size.

(iii) To allow for variations incident to proper sizing, not more than a total of ten (10) percent, by count, of the tomatoes in any lot may be smaller than the specified minimum diameter or larger than the maximum diameter.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: April 29, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[FR Doc.71-6179 Filed 4-30-71;8:51 am]

[7 CFR Part 980]

TOMATOES

Proposed Import Regulation

Notice is hereby given of proposed size and inspection requirements to be made applicable to the importation of fresh tomatoes into the United States pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.). The import regulation would apply the same requirements to be made effective under the Federal marketing order for tomatoes grown in Florida.

All persons who desire to submit data, views, or arguments in connection with this proposal may file the same with the Hearing Clerk, U.S. Department of Agriculture, Room 112A, Washington, DC 20250, not later than May 7, 1971. Written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

§ 980.205 Tomato import regulation.

Except as otherwise provided, during the period May 17, 1971, through June 30, 1971, no person may import fresh tomatoes, except pear shaped, cherry, hydroponic and greenhouse tomatoes, as defined herein, unless they are inspected and meet the requirements of this section.

(a) *Minimum size requirements.* (1) For mature green tomatoes—over $2\frac{1}{32}$ inches in diameter;

(2) For all other tomatoes—over $2\frac{1}{32}$ inches in diameter;

(3) For all tomatoes—not more than 10 percent, by count, in any lot may be smaller than the specified minimum diameter.

(b) *Minimum quantity exemption.* Any importation which in the aggregate does not exceed 60 pounds may be imported without regard to the provisions of this section.

(c) *Plant quarantine.* Provisions of this section shall not supersede the restrictions or prohibitions on tomatoes under the Plant Quarantine Act of 1912.

(d) *Designation of Governmental inspection service.* The Federal or the Federal-State Inspection Service, Fruit and Vegetable Division, Consumer and Marketing Service, U.S. Department of Agriculture, and the Fruit and Vegetable Division, Production and Marketing Branch, Canada Department of Agriculture, are designated as governmental inspection services for certifying the grade, size, quality and maturity of tomatoes that are imported into the United States under the provisions of section 8e-1 of the act.

(e) *Inspection and official inspection certificates.* (1) An official inspection certificate certifying the tomatoes meet the United States import requirements for tomatoes under section 8e-1 (7 U.S.C. 608e-1), issued by a designated governmental inspection service and applicable to a specified lot is required on all imports of fresh tomatoes.

(2) Inspection and certification by the Federal or Federal-State Inspection

Service will be available and performed in accordance with the rules and regulations governing certification of fresh fruits, vegetables, and other products (Part 51 of this title). Each lot shall be made available and accessible for inspection as provided therein. Cost of inspection and certification shall be borne by the applicant.

(3) Since inspectors may not be stationed in the immediate vicinity of some smaller ports of entry, importers should make advance arrangements for inspection by ascertaining whether or not there is an inspector located at their particular port of entry. For all ports of entry where an inspection office is not located, each importer must give the specified advance notice to the applicable office listed below prior to the time the tomatoes will be imported.

Ports	Office	Advance notice
All Texas points.	W. T. McNabb, Post Office Box 310, Austin, TX 78767 (Phone—512-385-5385).	1 day.
All Arizona points.	B. O. Morgan, Post Office Box 1614, Nogales, AZ 85621 (Phone—602-287-2902).	Do.
All California points.	D. P. Thompson, 294 Wholesale Terminal Bldg., 784 South Central Ave., Los Angeles, CA 90021 (Phone—213-622-8750).	3 days.
All Hawaii points.	Stevenson Ching, 1428 South King St., Honolulu, HI 96814 (Phone—808-941-3071).	1 day.
New York City.	Edward J. Beller, Room 28A Hunts Point Market, Bronx, NY 10474 (Phone—212-991-7669-7668).	Do.
New Orleans.	Pascal J. Lamarcia, 5027 Federal Office Bldg., 701 Loyola Ave., New Orleans, LA 70113 (Phone—504-527-6741-6742).	Do.
All other points.	D. S. Matheson, Fruit and Vegetable Division, Consumer and Marketing Service, Washington, D.C. 20250 (Phone—202-388-5870).	3 days.

(4) Inspection certificates shall cover only the quantity of tomatoes that is being imported at a particular port of entry by a particular importer.

(5) Each inspection certificate issued with respect to any tomatoes to be imported into the United States shall set forth, among other things:

- (i) The date and place of inspection;
 - (ii) The name of the shipper, or applicant;
 - (iii) The commodity inspected;
 - (iv) The quantity of the commodity covered by the certificate;
 - (v) The principal identifying marks on the containers;
 - (vi) The railroad car initials and number, the truck and trailer license number, the name of the vessel, or other identification of the shipment; and
 - (vii) The following statement, if the facts warrant: Meets U.S. Import requirements under section 8e-1 of the Agricultural Marketing Agreement Act.
- (f) *Reconditioning prior to importation.* Nothing contained in this part shall be deemed to preclude any importer from reconditioning prior to importation any

shipment of tomatoes for the purpose of making it eligible for importation.

(g) *Definitions.* For the purpose of this section, "Importation" means release from custody of the U.S. Bureau of Customs. "Cherry tomatoes" means cerasiform types commonly referred to as "cherry tomatoes." "Pear shaped tomatoes" means elongated types, commonly referred to as pear shaped or paste tomatoes and include San Marzano, Red Top, and Roma varieties. "Hydroponic tomatoes" means tomatoes grown in solution without soil. "Greenhouse tomatoes" means tomatoes grown indoors. Measurement of the diameter of tomatoes shall be in accordance with the methods prescribed in the U.S. Standards for Grades of Fresh Tomatoes (§§ 51.1855 to 51.1877 of this title).

Dated: April 29, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 70-SO-77]

FEDERAL AIRWAY SEGMENTS AND REPORTING POINTS

Proposed Designation, Alteration, and Revocation

The Federal Aviation Administration (FAA) is considering amendments to Part 71 of the Federal Aviation Regulations that would designate, alter, and revoke VOR Federal airway segments within the greater Atlanta, Ga., terminal area, and designate certain low altitude reporting points.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southern Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box 20636, Atlanta, GA 30320. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. The proposals contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20590. An informal docket also will be available for examination at the office of Regional Air Traffic Division Chief.

The FAA proposes the following airspace actions:

1. Redesignate VOR Federal airway No. 5 segment from Dublin, Ga., via Athens, Ga.; intersection Anderson, S.C., 274° T (274° M) and Athens 339° T (339° M) radials; intersection Anderson 274° T (274° M) and Chattanooga, Tenn., 127° T (126° M) radials; to Chattanooga. Revoke V-5 west alternate segment between Dublin and Chattanooga.

2. Redesignate VOR Federal airway No. 18 segment from Birmingham, Ala., via Anniston, Ala.; to the intersection of Anniston 083° T (081° M) and LaGrange, Ga., 342° T (341° M) radials. From the intersection of Rex, Ga., 090° T (089° M) and Athens 192° T (192° M) radials via intersection Rex 090° T (089° M) and Augusta, Ga., 278° T (279° M) radials; to Augusta. Designate V-18 north alternate segment from Birmingham via intersection of Birmingham 067° T (064° M) and Anderson 274° T (274° M) radials; intersection of Anderson 274° T (274° M) and Athens 339° T (339° M) radials; Athens; intersection Athens 109° T (109° M) and Augusta, Ga., 294° T (295° M) radials; to Augusta. Revoke V-18 south alternate segment between Birmingham and Augusta.

3. Redesignate VOR Federal airway No. 20 segment from Montgomery, Ala., via Tuskegee, Ala.; Columbus, Ga.; intersection Columbus 068° T (067° M) and Athens 192° T (192° M) radials; Athens; Anderson; to Spartanburg, S.C. Redesignate V-20 north alternate segment from Montgomery via intersection Montgomery 028° T (025° M) and Anniston 083° T (081° M) radials; intersection of Chattanooga 190° T (189° M) and Birmingham, Ala., 067° T (064° M) radials; intersection of Birmingham 067° T (064° M) and Toccoa, Ga., 258° T (258° M) radials; Toccoa; to Spartanburg.

4. Redesignate VOR Federal airway No. 35 west alternate segment from Albany, Ga., via the intersection of Albany 009° T (008° M) and Macon, Ga., 240° T (239° M) radials; to Macon.

5. Redesignate VOR Federal airway No. 51 segment from Dublin via Athens; intersection Athens 339° T (339° M) and Harris, Ga., 149° T (149° M) radials; Harris; to Hinch Mountain, Tenn. Designate V-51 west alternate segment from the intersection of Anderson 274° T (274° M) and Athens 339° T (339° M) radials via intersection of Anderson 274° T (274° M) and Hinch Mountain 160° T (159° M) radials; to Hinch Mountain. Revoke V-51 west alternate segment from the Ellijay, Ga., intersection to Hinch Mountain.

6. Redesignate VOR Federal airway No. 66 segment from INT Brookwood, Ala., 083° T (080° M) and LaGrange 294° T (293° M) radials; LaGrange; intersection LaGrange 112° T (111° M) and Columbus 068° T (067° M) radials; intersection of Columbus 068° T (067° M) and Athens 192° T (192° M) radials; to Athens.

7. Redesignate VOR Federal airway No. 97 segment from Albany to the intersection of Albany 352° T (351° M) and LaGrange 112° T (111° M) radials. From

the intersection of Knoxville 197° T (198° M) and Chattanooga 127° T (126° M) radials to Knoxville. Revoke V-97 east alternate segments between Albany and Knoxville.

8. Redesignate VOR Federal airway No. 194 segment from Norcross, Ga., via intersection Norcross 042° T (041° M) and Anderson 274° T (274° M) radials; to Anderson.

9. Redesignate VOR Federal airway No. 222 segment from Montgomery via LaGrange; to the intersection of LaGrange 053° T (052° M) and Rome, Ga., 158° T (157° M) radials. From Norcross via the intersection of Norcross 042° T (018° M) and Rome 158° T (157° M) radials; to Toccoa.

10. Redesignate VOR Federal airway No. 241 segment from Columbus direct to the intersection of Columbus 019° T (018° M) from Rome 158° T (157° M) radials. Revoke V-241 east and west alternate segments between Columbus and Atlanta.

11. Redesignate VOR Federal airway No. 243 from Vienna, Ga., via the intersection of Vienna 305° T (304° M) and LaGrange 112° T (111° M) radials; LaGrange; intersection LaGrange 342° T (341° M) and Chattanooga 190° T (189° M) radials; to Chattanooga. Revoke V-243 east alternate segment between the Myrtle, Ga., intersection and the Yatesville, Ga., intersection.

12. Redesignate VOR Federal airway No. 267 segment from Dublin via Athens; intersection of Athens 339° T (339° M) and Harris 149° T (149° M) radials; to Harris.

13. Redesignate VOR Federal airway No. 311 segment from Norcross via intersection Norcross 042° T (041° M) and Anderson 274° T (274° M) radials; to Anderson.

14. Redesignate VOR Federal airway No. 321 from Gadsden, Ala., via the intersection of Gadsden 122° T (120° M) and LaGrange 342° T (341° M) radials; LaGrange; to Columbus.

15. Extend VOR Federal airway No. 325 from Gadsden to the intersection of Gadsden 094° T (092° M) and Rome 135° T (134° M) radials.

16. Extend VOR Federal airway No. 333 from Hinch Mountain via Chattanooga; Rome; to the intersection of Rome 135° T (134° M) and the Gadsden 094° T (092° M) radials.

17. Redesignate VOR Federal airway No. 454 segment from Columbus via the intersection of Columbus 068° T (067° M) and Athens 192° T (192° M) radials; to the intersection of Athens 192° T (192° M) and Greenwood, S.C., 240° T (241° M) radials; to Greenwood.

18. Designate VOR Federal airway No. 179 Dublin via the intersection of Dublin 329° T (329° M) and Atlanta 117° T (116° M) radials; to the intersection of Atlanta 117° T (116° M) and Augusta 264° T (265° M) radials.

19. Designate VOR Federal airway No. 463 from Norcross to Harris.

20. Designate VOR Federal airway No. 291 from Macon to the intersection of Macon 331° T (330° M) and Atlanta 117° T (116° M) radials.

21. Designate VOR Federal airway No. 142 from the intersection of Atlanta 117° T (116° M) and Augusta 263° T (264° M) radials; to Augusta.

22. Designate VOR Federal airway No. 168 from Birmingham to the intersection of Birmingham 113° T (110° M) and Anniston 179° T (177° M) radials.

23. Designate VOR Federal airway No. 491 from the intersection of Atlanta 180° T (179° M) and Columbus 068° T (067° M) radials; via Atlanta to the intersection of Atlanta 003° T (002° M) and Chattanooga 127° T (126° M) radials.

24. Designate VOR Federal airway No. 224 from the intersection of LaGrange 342° T (341° M) and Rex 270° T (269° M) radials via Rex to the intersection of Rex 090° T (089° M) and Athens 192° T (192° M) radials.

25. Designate the following low altitude reporting points:

a. Nelson, Ga., intersection Atlanta 003° T (002° M) and Chattanooga 127° T (126° M) radials.

b. Heflin, Ga., intersection of Rex 270° T (269° M) and LaGrange 342° T (341° M) radials.

c. Grant, Ga., intersection of Atlanta 180° T (179° M) and Columbus 068° T (067° M) radials.

d. Madison, Ga., intersection of Rex 090° T (089° M) and Athens 192° T (192° M) radials.

These proposed airway changes will provide the capability to establish independent departure and arrival procedures, which will provide a more efficient movement of air traffic to and from the Atlanta terminal area.

These amendments are proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C. on April 26, 1971.

H. B. HELSTROM,
Chief, Airspace and Air
Traffic Rules Division.

[FR Doc. 71-6138 Filed 4-30-71; 8:48 am]

[14 CFR Part 75]

[Airspace Docket No. 71-SO-48]

JET ROUTE SEGMENTS

Proposed Alteration

The Federal Aviation Administration is considering amendments to Part 75 of the Federal Aviation Regulations that would realign the segments of Jet Route Nos. 4 and 20 between Meridian, Miss., and Montgomery, Ala.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southern Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box 20636, Atlanta, GA 30320. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. The proposals contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The airspace actions proposed in this docket would realign the segments of J-4 and J-20 from Meridian to Montgomery via the intersection of the Meridian VORTAC 091° T (086° M) and Montgomery VORTAC 282° T (279° M) radials.

The proposed realignment of J-4 and J-20 would provide a more direct route between Meridian and Montgomery. Also, J-4 and J-20 would overlie VOR Federal airway No. 56. This would simplify off-airway VFR operations in the vicinity of Craig AFB, Ala.

These amendments are proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on April 26, 1971.

H. B. HELSTROM,
Chief, Airspace and Air
Traffic Rules Division.

Office of the Secretary

[Department Circular: Public Debt Series—No. 3-71]

5 PERCENT TREASURY NOTES OF SERIES E-1972

Offering of Notes

APRIL 29, 1971.

I. *Offering of notes.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, offers notes of the United States, designated 5 percent Treasury Notes of Series E-1972, at par, in exchange for the following securities maturing May 15, 1971:

- (1) 5½ percent Treasury Notes of Series A-1971; or
- (2) 8 percent Treasury Notes of Series E-1971.

The amount of this offering will be limited to the amount of eligible securities tendered in exchange. The books will be open until 6 p.m., local time, May 5, 1971, for the receipt of subscriptions.

2. In addition, holders of the securities enumerated in paragraph 1 of this section are offered the privilege of exchanging all or any part of them for 5½ percent Treasury Notes of Series A-1974, which offering is set forth in Department Circular, Public Debt Series—No. 4-71, issued simultaneously with this circular.

II. *Description of notes.* 1. The notes will be dated May 15, 1971, and will bear interest from that date at the rate of 5 percent per annum, payable on a semi-annual basis on August 15, 1971, and

February 15 and August 15, 1972. They will mature August 15, 1972, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Provision will be made for the interchange of notes of different denominations and of coupon and registered notes, and for the transfer of registered notes, under rules and regulations prescribed by the Secretary of the Treasury.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States notes.

III. *Subscription and allotment.* 1. Subscriptions accepting the offer made by this circular will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington, D.C. 20220. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Department of the Treasury are authorized to act as official agencies.

2. Under the Second Liberty Bond Act, as amended, the Secretary of the Treasury has the authority to reject or reduce any subscription, and to allot less than the amount of notes applied for when he deems it to be in the public interest; and any action he may take in these respects shall be final. Subject to the exercise of that authority, all subscriptions will be allotted in full.

IV. *Payment.* 1. Payment for the face amount of notes allotted hereunder must be made on or before May 17, 1971, or on later allotment, and may be made only in a like face amount of securities of the issues enumerated in paragraph 1 of section I hereof, which should accompany the subscription. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. When payment is made with securities in bearer form, coupons dated May 15, 1971,

should be detached and cashed when due. When payment is made with registered securities, the final interest due on May 15, 1971, will be paid by issue of interest checks in regular course to holders of record on April 15, 1971, the date the transfer books closed.

V. Assignment of registered securities.

1. Registered securities tendered in payment for notes offered hereunder should be assigned by the registered payees or assignees thereof, in accordance with the general regulations of the Department of the Treasury governing assignments for transfer or exchange, in one of the forms hereafter set forth, and thereafter should be surrendered with the subscription to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington, D.C. 20220. The securities must be delivered at the expense and risk of the holder. If the notes are desired registered in the same name as the securities surrendered, the assignment should be to "The Secretary of the Treasury for exchange for 5 percent Treasury Notes of Series E-1972"; if the notes are desired registered in another name, the assignment should be to "The Secretary of the Treasury for exchange for 5 percent Treasury Notes of Series E-1972 in the name of -----"; if notes in coupon form are desired, the assignment should be to "The Secretary of the Treasury for exchange for 5 percent Treasury Notes of Series E-1972 in coupon form to be delivered to -----".

VI. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] CHARLES E. WALKER,
Acting Secretary of the Treasury.

[FR Doc.71-6229 Filed 4-30-71; 8:51 am]

[Department Circular: Public Debt Series—No. 4-71]

5½ PERCENT TREASURY NOTES OF SERIES A-1974

Offering of Notes

APRIL 29, 1971.

I. *Offering of notes.* 1. The Secretary of the Treasury, pursuant to the au-

thority of the Second Liberty Bond Act, as amended, offers notes of the United States, designated 5½ percent Treasury Notes of Series A-1974, at 99.60 percent of their face value, in exchange for the following securities maturing May 15, 1971:

- (1) 5½ percent Treasury Notes of Series A-1971; or
- (2) 8 percent Treasury Notes of Series E-1971.

Cash payments due subscribers will be made as set forth in section IV hereof. The amount of this offering will be limited to the amount of eligible securities tendered in exchange. The books will be open until 6 p.m., local time, May 5, 1971, for the receipt of subscriptions.

2. In addition, holders of the securities enumerated in paragraph 1 of this section are offered the privilege of exchanging all or any part of them for 5 percent Treasury Notes of Series E-1972, which offering is set forth in Department Circular, Public Debt Series—No. 3-71, issued simultaneously with this circular.

II. *Description of notes.* 1. The notes now offered will be identical in all respects with the 5½ percent Treasury Notes of Series A-1974 issued pursuant to Department Circular, Public Debt Series—No. 10-67, dated October 26, 1967, except that interest will accrue from May 15, 1971. With this exception the notes are described in the following quotation from Department Circular No. 10-67:

1. The notes will be dated November 15, 1967, and will bear interest from that date at the rate of 5½ percent per annum, payable semiannually on May 15 and November 15 in each year until the principal amount becomes payable. They will mature November 15, 1974, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, interchange of notes of different denominations and of coupon and registered notes, and for the transfer of registered notes, under rules and regulations prescribed by the Secretary of the Treasury.

5. The notes will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing U.S. notes.

III. *Subscription and allotment.* 1. Subscriptions accepting the offer made by this circular will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington, D.C. 20220. Banking institutions generally may sub-

mit subscriptions for account of customers, but only the Federal Reserve Banks and the Department of the Treasury are authorized to act as official agencies.

2. Under the Second Liberty Bond Act, as amended, the Secretary of the Treasury has the authority to reject or reduce any subscription, and to allot less than the amount of notes applied for when he deems it to be in the public interest; and any action he may take in these respects shall be final. Subject to the exercise of that authority, all subscriptions will be allotted in full.

IV. *Payment.* 1. Payment for the face amount of notes allotted hereunder must be made on or before May 17, 1971, or on later allotment, and may be made only in a like face amount of securities of the issues enumerated in paragraph 1 of section I hereof, which should accompany the subscription. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. A cash payment of \$4 per \$1,000 will be made to subscribers on account of the issue price of the notes. The payment will be made by check or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District, following acceptance of the maturing securities. In the case of registered securities, the payment will be made in accordance with the assignments thereon. When payment is made with securities in bearer form, coupons dated May 15, 1971, should be detached and cashed when due. When payment is made with registered securities, the final interest due on May 15, 1971, will be paid by issue of interest checks in regular course to holders of record on April 15, 1971, the date the transfer books closed.

V. *Assignment of registered securities.* 1. Registered securities tendered in payment for notes offered hereunder should be assigned by the registered payees or assignees thereof, in accordance with the general regulations of the Department of the Treasury governing assignments for transfer or exchange, in one of the forms hereafter set forth, and thereafter should be surrendered with the subscription to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington, D.C. 20220. The securities must be delivered at the expense and risk of the holder. If the notes are desired registered in the same name as the securities surrendered, the assignment should be to "The Secretary of the Treasury for exchange for 5½ percent Treasury Notes of Series A-1974"; if the notes are desired registered in another name, the assignment should be to "The Secretary of the Treasury for exchange for 5½ percent Treasury Notes of Series A-1974 in the name of -----"; if notes in coupon form

are desired, the assignment should be to "The Secretary of the Treasury for exchange for 5½ percent Treasury Notes of Series A-1974 in coupon form to be delivered to -----".

VI. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

Bonneville Power Administration
DEPUTY ADMINISTRATOR ET AL.

Redelegations of Authority

Redelegations of Authority published in the FEDERAL REGISTER on July 6, 1968 (33 F.R. 9784), and amended on September 13, 1968 (33 F.R. 12974), February 21, 1969 (34 F.R. 36), August 9, 1969 (34 F.R. 152), and September 18, 1969 (34 F.R. 179) are further amended by revising section 10.1 to read as follows:

10.1 *Acting Administrator—succession and authority.* a. The line of succession as Acting Administrator provides that in the case of the death, resignation, or absence of the Administrator, the following officers or employees shall act as Administrator in the order indicated:

- (1) Deputy Administrator.
- (2) Assistant Administrator for Power Management (Power Manager).
- (3) Assistant Administrator for Operation and Maintenance (O&M Manager).
- (4) Assistant Administrator for Engineering and Construction (Chief Engineer).
- (5) Assistant Administrator for Administrative Management.
- (6) In the event the above officials are unavailable, the Administrator may designate any one of the following to act as Administrator for a period not to exceed 7 days:

Assistant Power Manager, Engineering Manager, Assistant to the Administrator—Policy, Assistant to the Administrator—Operations, or Executive Assistant to the Administrator.

b. The Acting Administrator shall perform the duties and exercise the powers of the Administrator except where otherwise provided by law, or Departmental regulation. Any person exercising the

functions of the Acting Administrator shall sign documents as "Acting Administrator."

Dated: March 17, 1971.

H. R. RICHMOND,
Administrator.

NEWELL TOWNSITE, BELLE FOURCHE PROJECT, SOUTH DAKOTA

Sale of Lots

1. Statutory authority: Certain lots in the townsite of Newell, S. Dak., identified in the Schedule of Appraisal shown below, will be disposed of in accordance with the Acts of April 16 and June 27, 1906 (34 Stat. 116, 519), and June 11, 1910 (36 Stat. 465).

2. Description, area, and appraised values:

SCHEDULE OF APPRAISAL
SEC. 30, T. 9N., R. 6E., B.H.M.

Block	Lot	Area each lot	Appraised value (each lot)
3	1	50 x 130	\$25.00
6	3, 4, 5, 6	50 x 130	25.00
7	1, 2, 3, 4, 5, 6	50 x 130	25.00

3. Public sale: On May 17, 1971, at 2 p.m. at the Project Office of the Belle Fourche Irrigation District, Newell, S.D., said lots will be sold at public auction to the highest bidder at not less than the appraised value. Purchasers must be citizens of the United States or have declared their intention to become a citizen of the United States, and there will be reserved to the United States rights-of-way and minerals to the same extent as patents issued under the homestead laws. R. H. DeKramer, Chief, Water and Land Operations Division, Missouri-Oahe Projects Office, Bureau of Reclamation, Huron, S.D., has been designated as superintendent of sale and as auctioneer.

4. Terms of sale: Full payment for the lots must be made in cash on the date of the sale.

5. Authority of the superintendent: The superintendent conducting the sale is authorized to refuse any and all bids for any lot and to suspend, adjourn, and postpone the sale of any lot to such time and place as he may deem proper. After all the lots have been offered, the superintendent will close the sale. Any lot remaining unsold will be subject to private sale by the Manager, Land Office, Bureau of Land Management, Billings, Mont., excepting that the Commissioner, Bureau of Reclamation, or his delegated representative, may cancel this sale order at any time with the concurrence of the State Supervisor, Bureau of Land Management.

6. Warning: All persons are warned against forming any combination or agreement which will prevent any lot from selling advantageously or which will in any way hinder or embarrass the sale. Any person so offending will be prosecuted under 18 U.S.C. 1860.

H. E. ALDRICH,
Regional Director.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation GRAINS AND SIMILARLY HANDLED COMMODITIES

Notice of Final Date for Redemption of Warehouse-Storage Loans Made Under 1967, 1968, and 1969 Crop Price Support Programs

Unless demand is made earlier by CCC, extended warehouse-storage loans secured by 1967 crop barley and oats; 1968 crop barley, oats, and wheat; and 1969 crop barley, grain sorghum, oats, and wheat, are due and payable on the dates indicated.

Unless, on or before the final date for repayment specified below, such loans are repaid, title to the unredeemed collateral shall immediately vest in CCC, without a sale thereof, on the date next succeeding the final date for repayment specified below: *Provided*, That, CCC will not acquire title to any such commodity for which repayment has been mailed to the county ASCS office by letter postmarked (not patron postage meter date stamped) not later than the applicable maturity date indicated below. CCC shall have no obligation to pay for any market value which any unredeemed commodity may have in excess of the loan indebtedness; i.e., the unpaid

amount of the note plus interest and charges. Nothing herein shall preclude making payment to a producer of any amount by which the settlement value of a pledged commodity may exceed the principal amount of the loan. The settlement value as used herein is the price support value of the pledged commodity determined on the basis of the weight, grade, and other quality factors shown on the warehouse receipts or accompanying documents in accordance with the applicable support rate provided in the program regulations. Notwithstanding the foregoing provisions, if the producer has made a fraudulent representation in obtaining the loan or in settlement or deliveries under the loan or has converted all or any part of the loan collateral, the producer shall remain personally liable for the amounts specified in the Warehouse Storage Note and Security Agreement and in the price support program regulations. Amounts due the producer will be paid by the appropriate county ASCS office.

Consumer and Marketing Service MEAT INSPECTION

Notice of Determination Not to Designate Texas

On February 5, 1971, there was published in the FEDERAL REGISTER (36 F.R.

2524) a Notice of Intended Designation of the State of Texas under section 301(c)(1) of the Federal Meat Inspection Act (21 U.S.C. 661 (c)(1)). This notice was based on information that Texas had not developed and activated State meat inspection requirements, with respect to operations and transactions wholly within the State, at least equal to those imposed under Titles I and IV of the Act. Subsequently, it has been determined that the State of Texas has now developed and activated the prescribed State meat inspection requirements.

Accordingly, there is not now a basis for designation of the State of Texas under section 301(c)(1) of the Act.

Done at Washington, D.C. on April 27, 1971.

RICHARD E. LYG, Jr.,
Assistant Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 19207; FCC 71-401]

RADIO ENTERPRISES OF OHIO, INC.

Order Designating Application for Hearing on Stated Issues

In regard application of Radio Enterprises of Ohio, Inc., Ashtabula, Ohio, for the renewal of license of Station WREO, Ashtabula, Ohio, Docket No. 19207, File No. BR-950.

1. This proceeding involves an application for renewal of the license of standard broadcast Station WREO, Ashtabula, Ohio. The proceeding comes before the Commission at this time on a remand from the United States Court of Appeals for the District of Columbia Circuit directing that we give further consideration to the application. Retail Store Employees Union, Local 880 v. F.C.C., — U.S. App. D.C. —, — F. 2d —, October 27, 1970.

2. On November 26, 1968, the Commission adopted a memorandum opinion and order granting WREO's renewal application and denying the petition to deny which had been filed by Local 880 of the Retail Store Employees Union of Cleveland, Ohio, 14 Pike & Fischer, R.R. 2d 780. The background of the matter is as

follows: Local 880 had complained that WREO stopped carrying its announcements urging a boycott as part of a labor dispute between the union and a local department store, although the station continued to carry advertisements for the store. The union alleged that WREO had bowed to economic pressure in refusing to continue carriage of its announcements, and that WREO was violating the fairness doctrine. The Commission received further pleadings from WREO, Local 880 and the store involved, Hill's Department Store. Hill's denied putting any pressure on WREO, and the station averred that its reason for canceling Local 880's ads was not economic pressure but listener complaints about the constant repetition of the union's grievance. WREO also stated that it had presented the union's ads along with the store's ads for a time, and that when it canceled the union's ads it offered a free roundtable forum to both sides for discussion of the strike issue. The Commission concluded that there were no unresolved factual issues and that WREO's license should be renewed.

3. Local 880 took an appeal from this decision to the U.S. Court of Appeals for the District of Columbia Circuit. In reversing, the court first held that the union's allegations of economic pressure against WREO raised questions which were not satisfactorily answered by the station's response. It referred to the rejection by the other area stations of the union's ads, the ambiguity surrounding WREO's explanation for canceling the announcements,¹ and the failure of the station to explain whether it had made any other efforts to resolve the controversy by carrying a smaller number of the announcements or suggesting that their text be varied more frequently. The Court said that "some further investigation" was needed in order to resolve these questions. With regard to the issue of WREO's compliance with the fairness doctrine, the Court was troubled by the Commission's "summary treatment." It stated that the union's claims raised additional questions which the Commission should consider more thoroughly on remand.

4. We believe that the most appropriate course with regard to the allegations by Local 880 that the station discontinued carriage of its announcements because of improper economic pressure is to refer this aspect of the proceeding to a hearing examiner for adjudicatory consideration. In determining the factual circumstances surrounding WREO's cancellation of Local 880's ads, the hearing examiner should initially consider the investigation made by the National Labor Relations Board, in order to judge the weight to be given to the Board's determination.² In addition, the exam-

iner should require appropriate utilization of discovery procedures (See 47 CFR 1.311-1.325) with an eye toward the expeditious resolution of "all relevant factual disputes" and to aid him in determining whether a full evidentiary hearing is required.³ As noted above, the Court's opinion also directs further consideration of the fairness issues. These questions have an applicability beyond the specific facts of this case. Since the fairness issues as such are novel, and this case involves only a single episode, an ultimate decision on the fairness question adverse to the station's position would not appropriately warrant denial of a renewal of license. Furthermore, the facts of the fairness question are not in substantial dispute. In view of these considerations, we believe that an adjudicatory hearing before an examiner is not the best way to afford these broad policy questions the comprehensive study that the Court had directed. Therefore, we will provide for their separate consideration in a separate document to be issued in the near future.

5. Accordingly, it is ordered, That the application herein is designated for hearing, at a time and place to be specified in a subsequent order, on the following issues:

(1) To determine whether Station WREO ceased carrying Local 880's advertisements because of economic pressure;

(2) To determine whether, in light of the evidence on the above issue, a grant of the application for renewal of license of Station WREO would serve the public interest, convenience and necessity.

6. It is further ordered, That Local Retail Store Employees Union Local 880 be made a party to the hearing.

7. It is further ordered, That Local 880 proceed with the initial presentation of evidence as to Issue (1), and that WREO has the burden of proof on Issue (1) and the burden of establishing, under Issue (2), that a grant of its application would serve the public interest, convenience, and necessity.

8. It is further ordered, That to avail themselves of the opportunity to be heard, Applicant and Local 880 herein, pursuant to § 1.221(e) of the Commission's rules and regulations, in person or by attorney, shall within twenty (20) days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date set for the hearing and present evidence on the issues specified in this order.

9. It is further ordered, That Applicant shall, pursuant to section 311(a)(2) of the Communications Act of 1934, as amended, and § 1.594 of the Commission's rules and regulations, give notice of the hearing within the time and in the manner prescribed in said rule, and shall advise the Commission of the pub-

lication thereof as required by § 1.594 of the Commission's rules and regulations.

Adopted: April 14, 1971.

Released: April 26, 1971.

[Docket No. 19208; FCC 71-404]

REGINALDO ESPINOZA II

Memorandum Opinion and Order Designating Application for Hearing on Stated Issues

In regard to application of Reginaldo Espinoza II, for renewal of license of Station KRDD, Roswell, N. Mex., Docket No. 19208, File No. BL-12873.

1. The Commission has before it for consideration the above-captioned application for renewal of the license of Station KRDD, Roswell, N. Mex.

BACKGROUND

2. By virtue of an assignment of license granted by the Commission on June 15, 1965, Reginaldo Espinoza II became the licensee and owner of Station KRDD, Roswell, N. Mex. The renewal application for the period commencing October 1, 1968, which was tendered for filing on September 11, 1968, was substantially incomplete as to balance sheet, ownership report, filing fee and logs. After correspondence with the licensee, the filing fee, and logs were submitted, and the application was accepted for filing on October 3, 1968. However, the ownership report and balance sheet were not filed.¹ Further correspondence with the licensee requested the omitted financial and ownership data, and overdue financial reports (FCC Form 324) for 1966, 1967, and the first 6 months of 1968 (required pursuant to § 1.611 of the rules). After no response was received from the licensee, a warning letter was sent on June 27, 1969. Once again no response was received, and a member of the Commission's staff unsuccessfully attempted to reach Mr. Espinoza by telephone on August 1, 1969. Mr. Espinoza returned the call on August 4, 1969, and promised to file the requested information. No further information was submitted by the licensee. On October 22, 1969, pursuant to § 1.568(b) of the rules, the Commission dismissed the renewal application and deleted the KRDD call letters.

3. On November 19, 1969, the licensee filed a petition for stay of the Commission's action of October 22, 1969. Authority to operate until December 1, 1969,

¹ A forfeiture of \$200 was imposed by the Commission on Mar. 5, 1969, because of the licensee's failure to file a timely renewal application as required by § 1.539(a) of our rules. Reginaldo Espinoza II, 16 F.C.C. 2d 801 (1969).

² The court pointed out that the station had given no information about the complaints it had received concerning the advertisements.

³ See footnote 39 of the court's remand opinion in this case.

⁴ See footnote 47 of the court's remand opinion.

pending decision on the licensee's petition for reconsideration, was granted on November 21, 1969. In reviewing the petition for reconsideration the Commission found a question of fact as to whether the licensee submitted the ownership report and balance sheet, but decided to resolve these matters in the licensee's favor. However, in view of licensee's failure to adequately respond to Commission correspondence and to file timely reports and applications, a short term renewal was granted for the period ending December 1, 1970 (20 FCC 2d 1072).

4. The present renewal application, due September 2, 1970,² was filed on December 1, 1970, the day the license expired. By telegram of December 3, 1970, the Commission directed the licensee to cease operation immediately, and the renewal application was returned as substantially incomplete by a following letter of the same date. An extension of operating authority was requested by the attorney for the licensee on December 7, 1970, and by telegram of December 11, 1970, the licensee was advised that authority to continue operation could not be granted until a substantially complete renewal application was filed with the Commission. The renewal application was resubmitted on December 6, 1970, by a different attorney for the licensee, together with a request to return to the air and for an extension of time to allow certain copies of the licensee's records to arrive from the Commission in order to replace records destroyed in a fire. The renewal application was again returned as substantially incomplete. Copies of the application were handwritten and examination indicated that they were not identical. In addition, many items were incomplete or not answered at all. The licensee was also advised at this time that the annual license fee due December 1, 1970, had not been received. January 14, 1971, marked the third time the renewal application was resubmitted by the licensee. By letter of January 28, 1971, the application was returned as still substantially incomplete. In addition, the licensee failed to use the proper composite week assigned, but since these logs were apparently destroyed by a fire, he was directed to use a specified composite week after the time of the fire. The final resubmission of the renewal application was on February 11, 1971, at which time it was accepted for filing, although still

incomplete in parts (see discussion below).³

PRESENT RENEWAL APPLICATION

5. The licensee's present renewal application, as finally filed, is incomplete and not responsive in several respects. For instance, in discussing the methods used to ascertain community needs and interests the licensee's emphasis was placed on what the station could do to help the organization interviewed, rather than on the problems of the service area. The licensee states that: "In many instances staff members are members of the organizations." (Renewal Application, Exhibit No. 3.) The Commission has stressed that renewal applicants may not rely on familiarity with the service area, but rather a formal survey is mandatory. (Primer on Ascertainment of Community Problems, Question 5, Docket No. 18774.) The above quoted response of the licensee raises a question as to whether a formal ascertainment survey was in fact conducted.

6. Further, the licensee failed to describe the significant needs and interests found, and the illustrative programs which will meet these needs and interests. The licensee only stated that KRDD will " * * * participate with the following organizations in servicing the public with information concerning the activities as listed." (Renewal Application, Exhibit No. 4.) From this response we are unable to determine whether the licensee has determined the community problems or rather has simply listed certain activities of the organizations interviewed.

7. The licensee's logs for the composite week do not substantiate the amounts of time which were claimed to be devoted to news, public affairs, and other programs, exclusive of sports and entertainment. In addition, the logs have not been properly maintained as required by § 73.112 of the rules. The program logs do not show the name or title of the program, but rather only the sponsor.

8. Neither the list of typical and illustrative programs or program series broadcast during the preceding year, nor proof of publication (§ 1.580 of the rules), was included in the renewal application. The licensee's description of his policy concerning making time available for the discussion of public issues was inadequate. The only information included is a list of organizations allowed radio time.

9. In addition to the foregoing, it is observed that KRDD was inspected on April 10 and 20, 1970. These inspections revealed seventeen (17) violations of the Commission's rules, namely: Section 73.93(e), in that the licensee failed to inspect transmitting equipment in use 5 days each week; § 73.93(c), in that there is no record of a first class operator since January 30, 1969; § 73.93(b), in that station operators were not properly instructed concerning the requirement

that they must be on duty at the transmitter control point; § 73.93(b), in that the station has been operated by an operator who did not hold the proper radio-telephone operator license; § 73.111(a), in that operating logs have not always been maintained by a licensed operator; § 73.52(a), in that operating power was in excess of 10 percent below the authorized operating power; § 73.52(a), in that the station was operated in excess of 10 days at reduced power without prior Commission authority; § 73.52(a), in that the Commission was not notified when the station began operating at reduced power; § 73.55, in that the station was unable to maintain the modulation level above approximately 60 percent; § 73.111(a), in that maintenance logs were not maintained pursuant to Section 73.114 for the period after January 30, 1969; § 73.116(a), in that the operating logs were not made available for inspection for certain periods of station operation; § 73.113(a)(6), in that operating logs do not always contain the entries required by § 17.49 (a) and (b); § 73.113(a)(1), in that operating logs do not always contain an entry indicating the time the station begins to supply power to the antenna and the time it stops; § 73.111(a), in that operators have not always signed the program logs both when going on and off duty; § 73.47(b), in that equipment performance measurements required pursuant to § 73.47(a), were not available for the years 1968, 1969, and 1970; § 73.1201 (a) and (b), in that the station did not announce the station identification required at 8 a.m. m.s.t. on April 9, 1970; and § 73.933(a), in that the station did not have a receiver in operation capable of receiving emergency action notifications or terminations. These violations were set forth in an Official Notice of Violation, which was mailed to the licensee on or about May 8, 1970. The licensee, however, did not respond to the Official Notice of Violation within the ten (10) day period prescribed, 47 CFR 1.89. Thus, on May 25, 1970, the Commission issued the licensee a Warning Notice (FCC Form 794) requesting a response to the Official Notice of Violation within ten (10) days and advising the licensee, in part, that failure to reply could result in the imposition of a monetary forfeiture or in revocation of KRDD's broadcast license. The licensee finally responded by letter dated June 19, 1970, received June 22, 1970.

CONCLUSIONS

10. In view of the licensee's history of failure to file timely and complete applications and records, and the numerous rule violations cited above, the Commission is unable to make a statutory finding that a grant of Mr. Espinoza's renewal application for Station KRDD would serve the public interest. Therefore, it is ordered, That, pursuant to section 309(e) of the Communications Act of 1934, as amended, (47 U.S.C. 309(e)),

²Pursuant to § 1.539(a) of the Commission's rules, an application for license renewal must be filed at least 90 days prior to the license expiration date. Hence, since KRDD's broadcast license was scheduled to expire on December 1, 1970, licensee's renewal application should have been filed on or before September 2, 1970. Since licensee's renewal application for KRDD was not accepted for filing until February 11, 1971, after the license expiration date, in violation of § 1.539(a), said application was assigned a file number for a license to cover a construction permit namely: BL-12,873. The application, however, has been processed as a license renewal application.

³By telegram dated Feb. 12, 1971, Mr. Espinoza was authorized to resume operation.

the above-captioned application is designated for hearing, at Roswell, N. Mex. at a time to be specified in a subsequent order, on the following issues:

(1) To determine the facts and circumstances surrounding applicant's failure to file timely Commission reports and applications, and to respond to official Commission correspondence, during the period 1968 to the present;

(2) To determine whether applicant has been so careless or has evidenced such disregard for the Commission's rules regarding application filing and reporting requirements that he cannot be relied upon to fulfill the responsibilities imposed upon him as a licensee of this Commission;

(3) To determine the nature and extent of violations of the Commission's rules and regulations committed by the above-captioned applicant for which an Official Notice of Violation was issued on May 8, 1970;

(4) To determine the efforts made by applicant to ascertain the needs and interests of the areas to be served by Station KRDD and the means by which he proposes to meet those needs and interests;

(5) To determine whether, in light of the evidence adduced pursuant to Issues (1), (2), (3), and (4) above, the applicant, in the operation of his station, engaged in conduct which reflected such negligence, carelessness, or disregard of the Commission's processes and rules that the Commission cannot rely upon the applicant to fulfill the duties and responsibilities of a licensee;

(6) To determine whether, in light of the evidence adduced pursuant to the foregoing issues, a grant of applicant's application for a license for KRDD would serve the public interest, convenience and necessity.

11. *It is further ordered*, That the burden of the initial introduction of evidence and burden of proof shall be on the applicant on all the issues set forth above.

12. *It is further ordered*, That to avail himself of the opportunity to be heard, the licensee, pursuant to § 1.221 of the Commission's rules, in person or by attorney, shall, within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intent to appear on the date fixed for the hearing and present evidence on issues specified in this order.

13. *It is further ordered*, That the licensee shall, pursuant to section 311(a) (2) of the Communications Act of 1934, as amended, and § 1.594 of the Commission's rules, give notice of the hearing within the time and in the manner prescribed in such rule, and shall advise the Commission thereof as required by § 1.594 of the Commission's rules.

Adopted: April 14, 1970.

Released: April 26, 1971.

CANADIAN GULF LINE OF FLORIDA, INC., AND FLORIDA INTER-ISLAND SHIPPING CORP.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1202; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

William C. Lewis, Jr., Esquire, Smathers & Thompson, Alfred I. du Pont Building, Miami, FL 33131.

Agreement No. 9914-B is between Canadian Gulf Line of Florida, Inc., a terminal operator and general agent for its affiliate Corporation, Florida Lines, Ltd., a common carrier by water, and Florida Inter-Island Shipping Corp., a Florida corporation. It provides that for a period of 5 years, Florida Inter-Island Shipping Corp. and its shareholders will not compete with the service and agency business of Canadian Gulf Line of Florida, and/or Florida Lines, Ltd. in the trade between the ports of Miami, Houston, Tampa, and New Orleans, on the one hand, and the Virgin Islands, Venezuela, Haiti, and the Dominican Republic, on the other.

Dated: April 27, 1971.

By order of the Federal Maritime
Commission.

FRANCIS C. HURNEY,
Secretary.

STATES MARINE INTERNATIONAL, INC., ET AL.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1202; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

States Marine International, Inc., Global Bulk Transport Inc., and Isthmian Lines, Inc.

Notice of agreement filed by:

Amy Scupi, Esq., Galland, Kharasch, Calkins & Brown, Canal Square, 1054 31st Street NW., Washington, DC 20007.

Agreement No. 9803-1 amends the basic agreement of the above parties, insofar as it applies to their participation in conference agreements, to provide that they may publish individual, separate, and different rates on a commodity of commodities for which the conference, in addition to the opening of rates, relinquishes its ratemaking authority.

Dated: April 27, 1971.

By order of the Federal Maritime
Commission.

FRANCIS C. HURNEY,
Secretary.

FEDERAL POWER COMMISSION

[Docket No. CP70-69 etc.]

NORTHERN NATURAL GAS CO.

Notice of Amendments to Applications

APRIL 23, 1971.

Take notice that on April 19, 1970, Northern Natural Gas Co. (applicant),

2223 Dodge Street, Omaha, NE 68102, filed in Dockets Nos. CP70-69, CP70-70, and CP70-71,¹ pursuant to Executive Order 10485, section 3 of the Natural Gas Act, and section 7(c) of the Natural Gas Act, respectively, amendments to applications pending in said dockets for a permit authorizing the construction, operation, and maintenance of facilities at the international boundary to be used for the exportation and importation of natural gas, for authorization to export and import natural gas, and for a certificate of public convenience and necessity authorizing the construction and operation of facilities and the transportation of natural gas in interstate commerce, respectively, all as more fully set forth in the amendments to the applications which are on file with the Commission and open to public inspection.

In applications initially filed in the subject proceeding applicant sought authorization to construct and operate 560.9 miles of 36-inch pipeline from its existing North Branch, Minn., compressor station to a point on the international boundary near Oungre, Saskatchewan, and 46.1 miles of 16-inch pipeline from the Tiger Ridge gas field in Hill and Blaine Counties, Mont., to a point in the international boundary near Willow Creek, Saskatchewan, at a total estimated cost of \$132,780,000. Applicant also sought authorization for the exportation of the Montana gas to Canada and the importation from Canada of this gas and gas produced in Alberta, together with authorization to construct, operate, and maintain facilities at the international boundary for the exportation and importation of the gas. An interdependent application filed in Canada with the National Energy Board by Consolidated Natural Gas Ltd. (Consolidated) was denied without prejudice. The presiding examiner recommended denial of the applications by the Commission.

Applicant states that its subsidiary, Consolidated, and Trans-Canada Pipe Lines Ltd., have entered into agreements under which Consolidated has agreed to sell 2.9 billion Mcf of gas to Trans-Canada over a 20-year period from reserves in Alberta beginning November 1, 1971, and that Trans-Canada has agreed to resell 1.46 billion Mcf of gas to Consolidated at Emerson, Manitoba, beginning November 1, 1972. Consolidated will resell the gas to applicant. Trans-Canada has agreed to transport applicant's Montana gas through its Canadian system for delivery to Consolidated and redelivery to applicant at Emerson.

Applicant proposes to construct and operate 285 miles of 30-inch pipeline from its existing system near Sandstone, Minn., to the international boundary near Emerson, Manitoba. Applicant also proposes to construct and operate 45

miles of 16-inch pipeline, two compressor stations, and various size gathering lines in order to gather, transport, and export for sale to Consolidated the volumes of gas purchased in the Tiger Ridge Field.

Applicant requests authorization to export up to 150,000 Mcf of natural gas per day to Canada from production in the Tiger Ridge Field and to import up to 390,000 Mcf of natural gas per day from Canada. The natural gas to be imported will consist of the Montana gas and gas produced in Alberta.

Applicant states that its proposed exchange arrangement with Montana-Dakota Utilities Co. is no longer viable.

A hearing has heretofore been scheduled in this proceeding for May 18, 1971.

Any person desiring to be heard or to make any protest with reference to said applications, as amended, should on or before May 17, 1971, file with the Federal Power Commission, Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act. All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules. Persons heretofore permitted to intervene need not file again.

KENNETH F. PLUMB,
Acting Secretary.

[FR Doc.71-6096 Filed 4-30-71; 8:45 am]

[Docket No. RP71-103]

SOUTHERN NATURAL GAS CO.

Notice of Proposed Changes in Rates and Charges

APRIL 23, 1971.

Take notice that Southern Natural Gas Co. (Southern) on April 16, 1971, tendered for filing proposed changes in its FPC Gas Tariff, Sixth Revised Volume No. 1,¹ to become effective June 1, 1971. The proposed rate changes would increase charges for jurisdictional service by \$4,386,993, based on sales volumes for the 12-month period ended February 28, 1970, as adjusted.

Southern states that the reason for the proposed rate increase is occasioned solely by, and will compensate Southern only for increases in its cost of purchased gas, resulting from producer rate increases which have become effective since the lifting of the Southern Louisiana moratorium and from the rate increase

filing by its supplier United Gas Pipe Line Co. on November 13, 1970, in Docket No. RP71-41, which will become effective on June 1, 1971.

Copies of the filing were served on Southern's customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 17, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Acting Secretary.

FEDERAL RESERVE SYSTEM

CENTRAL BANCOMPANY

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a) (1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)), by Central Bancompany, Jefferson City, Mo., for prior approval by the Board of Governors of action whereby applicant would become a bank holding company through the acquisition of 100 percent (less directors' qualifying shares) of the successor by merger to the Central Trust Bank, Jefferson City, Mo., which owns 100 percent (less directors' qualifying shares) of the Jefferson Bank of Missouri, Jefferson City, Mo.

Section 3(c) of the Act provides that the Board shall not approve:

(1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

¹The amendment to the application in Docket No. CP70-71 is included in a "Submission of Supplemental Testimony and Exhibits and Supplement to Applications" filed in Docket No. CP70-69 et al.

¹4th Revised Sheets Nos. 8E, 15E, 26E; 6th Revised Sheet No. 11F; 8th Revised Sheet No. 11J; 9th Revised Sheets Nos. 8A, 8D, 11H, 15A, 15D, 26A, 26D; 10th Revised Sheet No. 30, and 13th Revised Sheets Nos. 9, 16, 27.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, DC 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of St. Louis.

By order of the Board of Governors,
April 27, 1971.

[SEAL] KENNETH A. KENYON,
Deputy Secretary.

FIRST BANCORP, INC.

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a) (1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)), by First Bancorp., Inc., Corsicana, Tex., which presently owns 100 percent (less directors' qualifying shares) of the voting shares of Bancorp National Bank of Corsicana, Corsicana, Tex., a nonoperating national bank, for prior approval by the Board of Governors of action whereby applicant would become a bank holding company through the merger of The First National Bank of Corsicana, Corsicana, Tex., with applicant's nonoperating bank. As an incident to the merger, applicant would also acquire the beneficial interest in all of the voting shares of Cornavco Corp., Corsicana, Tex., which owns more than 5 percent of the voting shares of the following three banks, all located in Texas:

Bank	Percentage of voting shares owned
Citizens National Bank in Ennis, Ennis	24.7
Citizens State Bank, Malakoff	24.0
First National Bank of Streetman, Streetman	24.0

Section 3(c) of the Act provides that the Board shall not approve:

- (1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or
- (2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the

probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Dallas.

By order of the Board of Governors,
April 27, 1971.

GENERAL SERVICES ADMINISTRATION

[Federal Property Management Regs.;
Temporary Reg. F-100]

SECRETARY OF DEFENSE

Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of Defense to represent the consumer interest of the Federal Government in an electric service rate proceeding.
2. *Effective date.* This regulation is effective immediately.
3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201(a)(4) and 205(d)(4) U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense

to represent the interests of the executive agencies of the Federal Government before the Puerto Rico Water Resources Authority in a proceeding involving electric service rates in Puerto Rico.

b. The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

c. This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and further, shall be exercised in cooperation with the responsible officers, officials, and employees thereof.

Dated: April 23, 1971.

SMALL BUSINESS ADMINISTRATION

[Declaration of Disaster Loan Area 819
(Class B)]

SWORDFISH FROM EAST COAST AND WEST COAST AREAS

Products Disaster Declaration

Whereas, many small business firms from the Atlantic and Pacific coast areas are engaged in catching, processing, and selling deep-sea swordfish; and

Whereas, the Food and Drug Administration's action in banning the sale of mercury-contaminated swordfish has resulted in substantial economic injury to various small businesses, such as swordfish vessel owners, processors, and distributors; said ban on the sale of deep-sea swordfish was followed by a drastic reduction in swordfish consumption in the United States; and an estimated 90 percent of the inventory of processed swordfish has been prohibited from the market; and

Whereas, the cause or causes of mercury poisoning in deep-sea swordfish is presently undetermined;

Now, therefore, as Administrator of the Small Business Administration, I hereby declare that the foregoing circumstances constitute a disaster within the meaning of section 7(b)(4) (Public Law 88-264) of the Small Business Act, as amended. Applications will be received from individuals and small business concerns which have suffered economic injury as a result thereof. Financial assistance, if found to be necessary or appropriate, will be extended to small business concerns determined by the Small Business Administration to have suffered economic injury as a result of this disaster. No applications under this Declaration shall be accepted subsequent to October 31, 1971.

Dated: April 22, 1971.

THOMAS S. KLEPPE,
Administrator.

WESTLAND CAPITAL CORP.**Notice of Approval for Transfer of Control of Small Business Investment Company**

On April 3, 1971, a notice of request for approval for transfer of control was published in the *FEDERAL REGISTER* (36 F.R. 6467) stating that an application had been filed with the Small Business Administration (SBA) pursuant to § 107.701 of the regulations governing Small Business Investment Companies (33 F.R. 326, 13 CFR Part 107) for the transfer of control of Westland Capital Corp., 11661 San Vicente Boulevard, Los Angeles, CA 90049, a Federal licensee under the Small Business Investment Act of 1958, as amended (Act), License No. 12/14-0039. The City National Bank, Los Angeles, Calif., present owner of 63,432 shares, will sell 58,022 shares to Mr. Jay Phillips, a director of the company, and 5,410 shares to Mr. Frederick J. Warren, president of the company. Mr. Phillips and associates will own approximately 91,001 shares representing a 45.5 percent equity interest.

Interested persons were given 10 days to submit written comments to SBA. No unfavorable comments were received.

SBA, having considered the application and all other pertinent information with regard thereto, hereby approves the application for transfer of control.

Dated: April 19, 1971.

A. H. SINGER,
Associate Administrator
for Investment.

TARIFF COMMISSION

[337-28]

LIGHTWEIGHT LUGGAGE**Notice of Investigation and Temporary Exclusion Order Action**

A complaint under section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) was filed with the U.S. Tariff Commission on November 7, 1970, by Atlantic Products Corp. of Trenton, N.J., alleging unfair methods of competition and unfair acts in the importation and sale of lightweight luggage which are embraced within the claims of U.S. Patent Nos. 3,298,480 and Re. 26,443 both of which are owned by the complainant.

Having conducted in accordance with § 203.3 of the Commission's rules of practice and procedure (19 CFR 203.3) a preliminary inquiry with respect to the matters alleged in the said complaint, the U.S. Tariff Commission, on March 15, 1971, ordered that, for the purposes of section 337 of the Tariff Act of 1930, an investigation is instituted with respect to the alleged violations in the importation and sale in the United States of the said lightweight luggage.

Commissioners Sutton, Clubb, and Young recommended a temporary exclusion order in accordance with section

337(f), with respect to lightweight luggage embraced within the claims of U.S. Patent Nos. 3,298,480 and Re. 26,443. Commissioners Leonard and Moore dissented from the recommendation of a temporary exclusion order. The recommendations are being forwarded to the President for his consideration, and his determination as to the issuance of a temporary exclusion order in accordance with section 337(f).

Public notice of the receipt of the complaint was published in the *FEDERAL REGISTER* for November 24, 1970 (35 F.R. 18222), and the complaint was served on the parties named in the complaint and has been available for inspection by interested persons continuously since issuance of the notice, at the Office of the Secretary located in the Tariff Commission Building, and also in the New York City office of the Commission located in Room 437 of the Customhouse.

Issued: April 28, 1971.

By order of the Commission.

[TEA-W-90]

M. P. MOLLER, INC.**Worker's Petition for Determination of Eligibility To Apply for Adjustment Assistance; Notice of Investigation**

On the basis of a petition filed under section 301(a)(2) of the Trade Expansion Act of 1962, on behalf of the workers of M. P. Moller, Inc., Hagerstown, Md., the U.S. Tariff Commission, on April 27, 1971, instituted an investigation under section 301(c)(2) of the Act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with the pipe organs produced by said company are being imported into the United States in such increased quantities as to cause, or threaten to cause, the unemployment or underemployment of a significant number or proportion of the workers of such manufacturing company.

The petitioners have not requested a public hearing. A hearing will be held on request of any other party showing a proper interest in the subject matter of the investigation, provided such request is filed within 10 days after the notice is published in the *FEDERAL REGISTER*.

The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, DC, and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: April 28, 1971.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

MOTOR CARRIER TRANSFER PROCEEDINGS

APRIL 28, 1971.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-72645. By order of April 21, 1971, the Motor Carrier Board approved the transfer to Dyoll Delivery Service, Inc., Rockaway, N.J., of the operating rights in certificates Nos. MC-124534 and MC-124534 (Sub-No. 2) issued July 16, 1963 and June 19, 1967, respectively, to Lloyd R. Cullen, doing business as Dyoll Delivery Service, Rockaway, N.J., authorizing the transportation of general commodities, with usual exceptions, between the New York International (Idlewild) Airport and La Guardia Airport, New York, N.Y., and the Newark Municipal Airport, Newark, N.J., on the one hand, and on the other, points in Morris, Passaic, and Sussex Counties, N.J.; and electronic instruments and parts, uncrated, between Rockaway, N.J., on the one hand, and, on the other, West Conshohocken and Avondale, Pa. George A. Olsen, 69 Tonnele Avenue, Jersey City, NJ 07306, registered practitioner for applicants.

No. MC-FC-72715. By order of April 22, 1971, the Motor Carrier Board approved the transfer to Raible's Commercial Warehouse, Inc., Altoona, Pa., of certificate No. MC-97418 (Sub-No. 3), issued to Ralph A. Raible, doing business as Raible's Commercial Warehouse, Altoona, Pa., authorizing the transportation of: General commodities, between specified points and areas in Pennsylvania. Arthur J. Diskin, 806 Frick Building, Pittsburgh, Pa. 15219.

No. MC-FC-72756. By order of April 26, 1971, the Motor Carrier Board approved the transfer to Anchor Moving Co., Inc., Philadelphia, Pa., of the operating rights in certificate No. MC-123253 issued March 3, 1961, to Domenic Cristinzio, Inc., authorizing the transportation of household goods, as defined by the Commission, between Philadelphia, Pa., and points within 25 miles thereof, on the one hand, and, on the other, points in the New York, N.Y., commercial zone, as defined by the Commission, and points in New Jersey, Delaware, Maryland, and the District of Columbia. Herbert Fineman, 1315 Walnut Street, Philadelphia, Pa. 19107, attorney for transferee. Michael J. Rutenberg, 1320 Two Penn Center, Philadelphia, Pa. 19107, attorney for transferor.

No. MC-FC-72801. By order of April 26, 1971, the Motor Carrier Board approved the transfer to Brickhaulers, Inc., Wallingford, Conn., of the operating rights in certificate No. MC-83726 (Sub-No. 1) issued April 20, 1971, to Petroleum Products, Inc., New Haven, Conn., authorizing

the transportation of brick from Berlin, Windsor Locks, Hartford, and East Windsor Hill, Conn., to Pawtucket, R.I., points in Providence, Kent, and Washington Counties, R.I., points in that part of New York on and south of U.S. Highway 44 and on and east of the Hudson River, points in Taunton, Milford, and New Bedford, Mass., and that part of Massachusetts on and west of Massachusetts Highway 12; and from East Windsor Hill, Conn., to points in Maine, New Hampshire, Vermont, New York within 25 miles of Albany, Rhode Island (except Pawtucket, and points in Providence, Kent, and Washington Counties), and points in specified area in Massachusetts. Thomas W. Murrett, 342 North Main Street, West Hartford, CT 06117, attorney for applicants.

No. MC-FC-72817. By order of April 26, 1971, the Motor Carrier Board approved the transfer to J. Marlin Ernst, Orwigsburg, Pa., of the operating rights in certificate No. MC-112809 issued October 23, 1967, to Mark K. Sheppo, doing business as M. Sheppo, St. Clair, Pa., authorizing the transportation of coal, from points in Schuylkill County, Pa., to points in a specified area in New Jersey; malt beverages, in bottles, cans, and barrels, from the site of Columbia Brewing Co., Shenandoah, Pa., to points in New Jersey and New York (except points in Nassau, Suffolk, Queens, and Kings Counties, N.Y.); and bottles, cans, barrels, cardboard cartons, and malt and cereal or grain flakes used in the manufacture of beer, from points in New Jersey and New York (except points in Nassau, Suffolk, Queens, and Kings Counties, N.Y.), to the site of Columbia Brewing Co., Shenandoah, Pa. [Notice 288]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

APRIL 28, 1971.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 38591 (Sub-No. 3 TA), filed April 21, 1971. Applicant: NATIONWIDE MOVING & STORAGE CO., INC., 11-21 Donald Street, Post Office Box 957, 06101, Hartford, CT 06120. Applicant's representative: Hugh M. Joseloff, 410 Asylum Street, Hartford, CT 06103. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: *Those commodities dealt in by retail department stores, restricted to service for W. T. Grant Co. from Hartford, Conn., to points in Connecticut, and those in Hampden and Berkshire Counties, Mass., for 150 days.* Supporting shipper: W. T. Grant Co., 1441 Broadway, New York, NY 10018. Send protests to: District Supervisor David J. Kiernan, Bureau of Operations, Interstate Commerce Commission, 324 U.S. Post Office Building, 135 High Street, Hartford, CT 06101.

No. MC 47010 (Sub-No. 4 TA) (Correction), filed April 6, 1971, published FEDERAL REGISTER issue April 23, 1971, and

republished in part as corrected this issue. Applicant: BERRY TRANSPORT, INC., 5315 Northwest St. Helens Road, Portland, OR 97210. Applicant's representative: Nick I. Goyak, 404 Oregon National Building, 610 Southwest Alder Street, Portland, OR 97205. NOTE: The purpose of this partial republication is to add Toppenish, Wash., to the points proposed to be served which was inadvertently omitted in previous publication. The rest of the application remains the same.

No. MC 100449 (Sub-No. 25 TA) (Correction), filed April 12, 1971, published FEDERAL REGISTER issue April 23, 1971, and republished in part as corrected this issue. Applicant: MALLINGER TRUCK LINE, INC., Otho, Iowa 50569. Applicant's representative: William L. Fairbank, 900 Hubbell Building, Des Moines, IA 50309. NOTE: The purpose of this partial republication is to include Minnesota as a destination State which was inadvertently omitted in previous publication. The rest of the application remains the same.

No. MC 102343 (Sub-No. 12 TA), filed April 26, 1971. Applicant: JOHN KAUSER TRUCKING SERVICE, INC., 851 West Harrison Street, Post Office Box 61, Paulding, OH 45879. Applicant's representative: Harvey A. Rosenzweig, Columbus Center, 100 East Broad Street, Columbus, OH 43215. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Fertilizer, from Jackson Township, Paulding County, Ohio, to points in Indiana and Michigan, for 180 days. Supporting shipper: Allied Chemical Corp., Agricultural Division, Post Office Box 2041R, Morristown, NJ 07960. Send protests to: Keith D. Warner, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 5234 Federal Office Building, 234 Summit Street, Toledo, OH 43604.

No. MC 107286 (Sub-No. 28 TA), filed April 26, 1971. Applicant: M. PASCALE TRUCKING, INC., 8-10 Rice Street, Post Office Box 71, South Attleboro, MA 02774. Applicant's representative: Russell B. Curnett, 36 Circuit Drive, Edgewood Station, Providence, RI 02905. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Brick, in vehicles equipped with mechanical loading and unloading devices, from Martinsburg, W. Va., to Newton, Mass., for 150 days. Supporting shipper: Spaulding Brick Co., Inc., 120 Middlesex Avenue, Somerville, MA, Post Office 132, Winter Hill Station, Boston, MA 02145. Send protests to: Gerald H. Curry, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 187 Westminster Street, Providence, RI 02903.

No. MC 111045 (Sub-No. 79 TA), filed April 26, 1971. Applicant: REDWING CARRIERS, INC., Post Office Box 426, 7809 Palm River Road, Tampa, FL 33601. Applicant's representative: J. V. McCoy (same address as above). Authority sought to operate as a common carrier,

by motor vehicle, over irregular routes, transporting: Phenolic resin, in bulk, from River Falls, Ala., to points in Mississippi, for 180 days. Supporting shipper: Chembond Corp., Post Office Box 1377, Andalusia, AL 36420. Send protests to: District Supervisor Joseph B. Teichert, Interstate Commerce Commission, Bureau of Operations, 5720 Southwest 17th Street, Room 105, Miami, FL 33155.

No. MC 111401 (Sub-No. 331 TA) (Correction) filed April 14, 1971, published FEDERAL REGISTER issue April 23, 1971, and republished in part as corrected this issue. Applicant: GROENDYKE TRANSPORT, INC., 2510 Rock Island Boulevard, Post Office Box 632, Enid, OK 73701. Applicant's representative: Victor R. Comstock (same address as above). NOTE: The purpose of this partial republication is to add Missouri as a destination State, which was inadvertently omitted in previous publication. The rest of the application remains the same.

No. MC 113666 (Sub-No. 54 TA), filed April 22, 1971. Applicant: FREEPORT TRANSPORT, INC., 1200 Butler Road, Freeport, PA 16229. Applicant's representative: Daniel R. Smetanick (same address as applicant). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Refractory products, from the ports of entry on the international boundary between the United States and Canada in the States of Maine, New Hampshire, Vermont, New York, Michigan, and Minnesota to points in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Delaware, Maryland, West Virginia, Virginia, North Carolina, Tennessee, Kentucky, Ohio, Indiana, Illinois, Michigan, Wisconsin, Missouri, Iowa, and Minnesota. Restricted: (a) To traffic originating in the Province of Quebec, Canada; (b) transportation to be conducted only in conjunction with applicant's complementary authority of the Ontario Highway Transport Board (License No. X-1064) and the Quebec Transportation Board (Permit No. 20978-V); (c) against the transportation of commodities in bulk, and (d) against traffic entering the ports of entry at Detroit and Port Huron, Mich., and Buffalo and Niagara Falls, N.Y., that is destined to points in Illinois, Indiana, Maryland, Michigan, New Jersey, New York, Ohio, West Virginia and Pennsylvania as presently authorized under MC 113666 Sub 40 held by applicant, for 180 days. Supporting shipper: Canadian Refractories Ltd., Eastern Division, Canada Cement Building, Phillips Square, Post Office Box 1750, Station B, Montreal 111, Quebec. Send protests to: John J. England, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 2111 Federal Building, 1000 Liberty Avenue, Pittsburgh, PA 15222.

No. MC 115331 (Sub-No. 309 TA), filed April 26, 1971. Applicant: TRUCK

TRANSPORT, INC., 1931 North Geyer Road, St. Louis, MO 63131. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Hydrated lime, in bulk, from U.S. Gypsum Co., Roberta, Ala., to points in Lowndes County, Miss., and Leon County, Fla., for 180 days. Supporting shipper: United States Gypsum Co., 3098 Piedmont Road NE, Atlanta, GA 30305. Send protests to: District Supervisor J. P. Werthmann, Interstate Commerce Commission, Bureau of Operations, Room 1465, 210 North 12th Street, St. Louis, MO 63101.

No. MC 115669 (Sub-No. 123 TA) (correction), filed April 14, 1971, published FEDERAL REGISTER issue April 23, 1971, and republished in part as corrected this issue. Applicant: HOWARD N. DAHLSTEN, doing business as DAHLSTEN TRUCK LINE, Post Office Box 95, Clay Center, NE 68933. NOTE: The purpose of this partial republication is to add Arkansas as a destination State, which was inadvertently omitted in previous publication. The rest of the application remains the same.

No. MC 119777 (Sub-No. 209 TA), filed April 22, 1971. Applicant: LIGON SPECIALIZED HAULER, INC., Post Office Drawer L, Madisonville, KY 42431. Applicant's representative: Louis J. Amato, Central Building, 1033 State Street, Bowling Green, KY 42101. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Poultry, egg and livestock supplies, and equipment, (1) from Milford, Ind., to points in the United States (except Alaska and Hawaii) and (2) from Athens, Ga., to Milford, Ind., for 180 days. Supporting shipper: Michael D. Geyer, Traffic Manager, Chore-Time Equipment, Inc., Milford, Ind. 46542. Send protests to: Wayne L. Merilatt, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 426 Post Office Building, Louisville, KY 40202.

No. MC 124078 (Sub-No. 485 TA), filed April 26, 1971. Applicant: SCHWERTMAN TRUCKING CO., 611 South 28th Street, Milwaukee, WI 53215. Applicant's representative: Richard H. Prevette (same address as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Liquid wire drawing compound, in bulk, from Carrollton, Ga., to Hot Springs, Ark., for 180 days. Supporting shipper: E. F. Houghton & Co., 421 Garrett Street, Carrollton, GA 30117 (David T. Barrow, Plant Manager). Send protests to: District Supervisor Lyle D. Helfer, Interstate Commerce Commission, Bureau of Operations, 135 West Wells Street, Room 807, Milwaukee, WI 53203.

No. MC 124377 (Sub-No. 19 TA), filed April 21, 1971. Applicant: REFRIGERATED FOODS, INC., Post Office Box 1018, Denver, CO 80201. Also 3200 Blake St. 80205. Applicant's representatives: Stockton and Lewis, The 1650 Grant

Street Building, Denver, CO 80203. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Ceramic and mosaic tile, resilient flooring and supplies and equipment used in connection therewith when moving as a part of the shipment of described tile or flooring*, from San Diego, Los Angeles, and San Francisco, Calif., to that part of the United States west of and including Wisconsin, Illinois, Missouri, Arkansas, and Louisiana, for 180 days. Supporting shipper: Color Tile Supermarkets, 260 South Federal Boulevard, Denver, CO 80219. Send protests to: District Supervisor Roger L. Buchanan, Bureau of Operations, Interstate Commerce Commission, 2022 Federal Building, Denver, CO 80202.

No. MC 127042 (Sub-No. 81 TA), filed April 22, 1971. Applicant: HAGEN, INC., 4120 Floyd Blvd. (Post Office Box 98, Leeds Station), Sioux City, IA 51108. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cheese, cheese products, supplies, and materials*, from Newman Grove, Nebr., to Fond Du Lac, Wis., for 150 days. Supporting shipper: Tolibia Cheese, Inc., 45 East Scott Street, Fond Du Lac, WI 54935. Send protests to: Carroll Russell, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 304 Post Office Building, Sioux City, IA 51101.

No. MC 128988 (Sub-No. 13 TA) (Correction), filed April 12, 1971, published FEDERAL REGISTER issue April 21, 1971, and republished in part as corrected this issue. Applicant: JO/KEL, INC., Post Office Box 22265, Los Angeles, CA 90022. Applicant's representative: Louis C. Currier (same address as above). Note: The purpose of this partial republication is to show that applicant proposes to serve points in the United States located in and east of North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, and Texas. The State of South Dakota was omitted from previous notice. The rest of the notice of filing remains as previously published.

No. MC 134264 (Sub-No. 8 TA), filed April 26, 1971. Applicant: OCKENFEL'S TRANSFER, INC., Post Office Box 3, 732 Rundell Street, Iowa City, IA 52240. Applicant's representative: Kenneth F. Dudley, Post Office Box 279, 611 Church, Ottumwa, IA 52501. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Dentifrice tubes*, from Cincinnati, Ohio, and Iowa City, Iowa, to Jeffersonville, Ind., and Kansas City, Kans., for 180 days. Supporting shipper: Victor Metals Products Corp., Iowa City, Iowa 52240. Send protests to: J. P. Werthmann, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 332 Federal Building, 131 East Fourth Street, Davenport, IA 52801.

No. MC 135394 (Sub-No. 1 TA), filed April 26, 1971. Applicant: RETAIL DELIVERY SERVICE, INC., 382 McLean Boulevard, Paterson, NJ 07513. Appli-

cant's representative: Anthony C. Vance, 1111 E. Street NW., Washington, DC 20004. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, those requiring special equipment, between Edison, N.J., on the one hand, and, on the other, points in Hudson, Bergen, Essex, Union, Middlesex, Somerset, Hunterdon, Warren, Sussex, Monmouth, Morris, Passaic, Atlantic, Cape May, and Ocean Counties, N.J., on traffic having a prior out-of-State movement. Restrictions: (1) No service shall be rendered in the transportation of any package or article weighing more than 50 pounds or exceeding 108 inches in length and girth combined and (2) no service shall be provided in the transportation of packages or articles weighing in the aggregate more than 250 pounds from one consignor at one location to one consignee at one location on any one day, for 150 days. Supporting shippers: Avon Products, Inc., Newark, Del. 19711, and Philan, Inc., Division of Borden, Inc., 117 North Long Beach Road, Rockville Centre, Long Island, NY. Send protests to: District Supervisor Joel Morrows, Bureau of Operations, Interstate Commerce Commission, 970 Broad Street, Newark, NJ 07102.

No. MC 135453 (Sub-No. 1 TA) (Correction), filed April 14, 1971, published FEDERAL REGISTER issue April 23, 1971, and republished in part as corrected this issue. Applicant: BARLAGE, INC., Eldred, Ill. Applicant's representative: Robert T. Lawley, 300 Reisch Building, Springfield, Ill. 62701. Note: The purpose of this partial republication is to reflect the correct docket number as MC 135453 (Sub-No. 1 TA) in lieu of Sub-No. 7 TA shown erroneously in previous publication. The rest of the application remains the same.

No. MC 135488 TA, filed April 26, 1971. Applicant: RICHARD CARLTON, doing business as DICK CARLTON TRUCKING, 257 West Royal Parkway, Williamsville, NY 14221. Applicant's representative: Raymond A. Richards, 23 West Main Street, Webster, NY 14580. [Notice 287]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

APRIL 27, 1971.

The following are notices of filing of applications for temporary authority under section 210(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been

made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 35286 (Sub-No. 1 TA), filed April 21, 1971. Applicant: TRUCK LINE DISTRIBUTION SYSTEMS, INC., 1905 South Belmont, Indianapolis, IN 46221. Applicant's representative: Warren C. Moberly, 777 Chamber of Commerce Building, Indianapolis, IN 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, and except dangerous explosives, household goods as defined in practices of Motor Common Carrier of Household Goods, 17 M.C.C. 467, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), between Shelbyville, Ind., and points within 3 miles thereof, and Indianapolis, Ind., over Indiana Highway 9 from Shelbyville, Ind., to its junction with U.S. Highway 74, thence over U.S. Highway 74 to Indianapolis, Ind., and return over the same route, for 180 days. NOTE: Applicant states it intends to tack the authority sought above and to interline with other carriers at Indianapolis, Ind. Supporting shippers: There are approximately 11 statements of support attached to the application, which may be examined here at the Interstate Commerce Commission in Washington, D.C., or copies thereof which may be examined at the field office named below. Send protests to: James W. Habermehl, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 802 Century Building, 36 South Pennsylvania Street, Indianapolis, IN 46204.

No. MC 44783 (Sub-No. 5 TA), filed April 21, 1971. Applicant: THE MAHON-ING EXPRESS COMPANY, Post Office Box 563, Union Street, Mineral Ridge, OH 44440. Applicant's representative: Earl N. UNITED STATES GOVERNMENT ORGANIZATION MANUAL 1970/71

presents essential information about Government agencies (updated and republished annually). Describes the creation and authority, organization, and functions of the agencies in the legislative, judicial, and executive branches. This handbook is an indispensable reference tool for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government. The United States Government Organization Manual is the official guide to the functions of the Federal Government, published by the Office of the Federal Register, GSA.
