List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1971, and specifies how they are affected.

Title 7—AGRICULTURE

Chapter III—Agricultural Research Service, Department of Agriculture

PART 331—PLANT PEST REGULATIONS GOVERNING INTERSTATE MOVEMENT OF CERTAIN PRODUCTS AND ARTICLES [1]

Giant African Snail

Pursuant to the provisions of the Federal Plant Pest Act (7 U.S.C. 150aa–150jj), Chapter III, Title 7 of the Code of Federal Regulations, is hereby amended by adding to Part 331, a new § 331.3 and a subpart heading preceding said section as follows:

Subpart—Giant African Snail

§ 331.3 Notice of existence of hazardous situation and regulations related thereto.

(a) Infestations of the giant African snail, *Archatina fulica* Bowdich, a dangerous plant pest not widely prevalent or distributed within and throughout the United States, have been found in portions of Broward and Dade Counties in Florida; and it has been determined that these infestations have created a hazardous situation making it necessary to adopt a rule imposing restrictions, as provided for in this section, upon the interstate movement of certain products and articles, from the regulated portions of said counties as hereinafter described, in order to prevent the interstate dissemination of the giant African snail. Accordingly, the products and articles listed in paragraph (b) of this section shall not be moved interstate from any area described in this paragraph (a), except as permitted under paragraph (c) of this section.

FLORIDA

Broward County. That area in the city of West Hollywood bounded by a line beginning at the junction of North 62d Avenue and Pierce Street, thence extending east along Pierce Street to its junction with North 60th Avenue (U.S. Highway 441), thence south along North 60th Avenue to its intersection with Hollywood Boulevard, thence west along Hollywood Boulevard to its intersection with North 62d Avenue, thence north along North 62d Avenue to the point of beginning.

Dade County. That area in the city of North Miami bounded by a line beginning at the intersection of Northwest Second Avenue and Northwest 128th Street, thence extending east along Northwest 128th Street to its junction with North Miami Avenue, thence south along North Miami Avenue to its junction with Northeast 127th Terrace, thence east along Northeast 127th Terrace to its junction with Northeast Miami Court, thence south along Northeast Miami Court to its junction with Northeast 127th Street, thence east along Northeast 127th Street and a projection thereof to the Biscayne Canal, thence southeastward along Biscayne Canal to its intersection with West Dixie Highway, thence southwest along West Dixie Highway to its junction with Northeast 119th Street, thence west along Northeast 119th Street and Northwest 119th Street to its intersection with Northwest Second Avenue, thence north along Northwest Second Avenue to the point of beginning.

That area in the city of North Miami bounded by a line beginning at the intersection of Northwest 7th Avenue and Northwest 122d Street, thence extending east along Northwest 122d Street and a projection thereof across the North-South Expressway and beyond, to the intersection of said projection with Northwest Fourth Avenue, thence south along Northwest Fourth Avenue to the point where it merges with Northwest Third Avenue, thence south along Northwest Third Avenue to its intersection with Northwest 119th Street, thence west along Northwest 119th Street to its intersection with Northwest Seventh Avenue, thence north along Northwest Seventh Avenue to the point of beginning.

That area in the city of Opa-Locka bounded by a line beginning at the intersection of Northwest 24th Avenue and East Superior Street, thence extending east along East Superior Street and a projection thereof to the Opa-Locka Canal, thence south along the Opa-Locka Canal to its intersection with Opa-Locka Boulevard, thence west along Opa-Locka Boulevard to its intersection with Northwest 24th Avenue, thence north along Northwest 24th Avenue to the point of beginning.

That portion of Dade County bounded by a line beginning at the intersection of Northwest 22d Avenue and Northwest 91st Street, thence extending east along Northwest 91st Street to its junction with Little River Boulevard, thence southeast and south along Little River Boulevard to the point where it merges with Northwest 14th Avenue, thence south along said avenue to its intersection with Northwest 83d Street, thence west along Northwest 83d Street to its intersection with Northwest 22d Avenue, thence north along Northwest 22d Avenue to the point of beginning.

(b) The following products and articles are subject to the measures imposed under this section:

(1) Soil, compost, decomposed manure, separately or with other things.

(2) Sand, gravel, bricks, concrete blocks, stones, pipes, and tile.

(3) Forest, field, or nursery grown plants or parts thereof.

(4) Plant debris, such as leaves and cut grass.

(5) Sod.

(6) Forest products, including stumpwood and timber.

(7) Any means of conveyance or other products or articles, of any character whatsoever, not covered by subparagraphs (1) through (6) of this paragraph, when it is determined by an inspector that they present a hazard of spread of the giant African snail, and the person in possession thereof has been so notified.

(c) Such regulated products and articles as described in paragraph (b) of this section may be moved from the regulated portions of Broward and Dade Counties described in paragraph (a) of this section, provided:

(1) Such products and articles have been treated to destroy giant African snail infestations in accordance with procedures prescribed by the Director of the Plant Protection Division, U.S. Department of Agriculture,[2] under the direction of an inspector authorized by said Division, and the products and articles are accompanied by a certificate issued by such an inspector signifying that they are eligible for interstate movement: or

(2) Such products and articles originate in an area in the said regulated portions of Broward and Dade Counties, which have been inspected by such an inspector, and he has found that the interstate movement of the products and articles from such areas will not involve a risk of disseminating said infestations, and the products and articles are accompanied by a certificate issued by such an inspector signifying that they are eligible for interstate movement; or

(3) Such products and articles are moved under permit issued by such an inspector to an approved destination for consumption, processing, or other handling in accordance with procedures approved by said inspector, when upon evaluation of the circumstances involved in each specific case he determines that such movement will not result in the spread of the giant African snail and requirements of other applicable Federal domestic plant quarantines have been met.

(Sec. 105, 71 Stat. 32, sec. 106, 71 Stat. 33, sec. 107, 71 Stat. 34; 7 U.S.C. 150dd, 150ee, 150ff; 29 F.R. 16210, as amended)

The foregoing regulation shall become effective upon publication in the FEDERAL REGISTER (10–9–71).

Under this regulation, specific products and articles may be moved interstate from the described portions of Broward and Dade Counties in Florida only if they have been treated or originate in certain areas of said counties, or are moved to an approved destination for consumption, processing, or other handling under approved conditions. Such measures are necessary because a hazardous situation exists as a result of recently discovered infestations of the giant African snail, a dangerous plant pest which is not now widely prevalent in the United States.

Inasmuch as such infestations must be controlled immediately to prevent the

spread of the giant African snail, it is found upon good cause, under the administrative procedure provisions of 5 U.S.C. 553, that notice and other public procedure regarding this regulation are impracticable and contrary to the public interest, and good cause is found for making said regulation effective less than 30 days after publication in the FEDERAL REGISTER.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 502]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.802 Lemon Regulation 502.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 36 F.R. 9061), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on October 5, 1971.

(b) *Order.* (1) The quantity of lemons grown in California and Arizona which may be handled during the period October 10, through October 16, 1971, is hereby fixed at 180,000 cartons.

(2) As used in this section, "handled", and "carton(s)" have the same meaning as when used in the said amended marketing agreement and order.

[Grapefruit Reg. 47]

PART 913—GRAPEFRUIT GROWN IN THE INTERIOR DISTRICT IN FLORIDA

Limitation of Handling

§ 913.347 Grapefruit Regulation 47.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 913, as amended (7 CFR Part 913), regulating the handling of grapefruit grown in the Interior District in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Interior Grapefruit Marketing Committee, established under said marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Interior grapefruit, and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee; and information concerning such provisions and effective time has been disseminated among handlers of such Interior grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on October 5, 1971.

(b) *Order.* (1) The quantity of grapefruit grown in the Interior District which may be handled during the period October 11, 1971, through October 17, 1971, is hereby fixed at 225,000 standard packed boxes.

(2) As used in this section, "handled," "Interior District," "grapefruit," and "standard packed box" have the same meaning as when used in said marketing agreement and order.

PART 929—CRANBERRIES GROWN IN THE STATES OF MASSACHUSETTS, RHODE ISLAND, CONNECTICUT, NEW JERSEY, WISCONSIN, MICHIGAN, MINNESOTA, OREGON, WASHINGTON, AND LONG ISLAND IN THE STATE OF NEW YORK

Free and Restricted Percentages for 1971–72 Fiscal Period, Standard of Grade for Withheld Cranberries and Ending Date for Compliance with Withholding Requirements

Notice was published in the FEDERAL REGISTER on September 14, 1971 (36 F.R. 18413), that consideration was being given to the proposed establishment of free and restricted percentages applicable during the 1971–72 fiscal period beginning September 1, 1971, the standard of grade that withheld cranberries shall meet, and the date by which all handlers shall have met their withholding requirements, pursuant to the applicable provisions of the marketing agreement, as amended, and Order No. 929, as amended

(7 CFR Part 929), regulating the handling of cranberries grown in the States of Massachusetts, Rhode Island, Connecticut, New Jersey, Wisconsin, Michigan, Minnesota, Oregon, Washington, and Long Island in the State of New York. This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674).

The notice provided a period of 15 days after publication thereof in the FEDERAL REGISTER during which interested persons could file written data, views, or arguments pertaining thereto. None were received.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the recommendation and information submitted by the Cranberry Marketing Committee (established pursuant to the amended marketing agreement and order), and other available information, it is hereby found and determined that the free and restricted percentages, minimum grade, and ending date, as hereinafter set forth, are in accordance with the provisions of the said amended marketing agreement and order, and will tend to effectuate the declared policy of the act and of this part.

The recommendation by the Cranberry Marketing Committee reflects its appraisal of the available supply of cranberries and the current and prospective market conditions. The fixing of the free and restricted percentages as specified herein is necessary to establish and maintain orderly marketing conditions, provide the market with an adequate supply of cranberries, and to prevent the chaotic marketing conditions which would likely result if all of the available supplies of cranberries were marketed during the current fiscal period.

The minimum grade requirement for withheld cranberries specified herein is necessary to effect a desirable reduction in the marketable supply of cranberries by preventing handlers from using lower quality berries, normally eliminated, to meet a part of their withholding (restricted percentage) requirement.

The ending date of February 1, 1972, would provide ample opportunity for each handler to meet his withholding obligations before completion of the marketing season by permitting maximum flexibility in scheduling requests for inspection and certification of cranberries for withholding, while engaging in normal shipping operations.

It is hereby further found that good cause exists for not postponing the effective date of this regulation until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) notice was given of the proposed free and restricted percentages, minimum grade, and ending date, which are the same as those hereinafter prescribed, through publicity in the production area and by publication in the September 14, 1971, issue of the FEDERAL REGISTER; (2) as provided in said marketing agreement and order, the free and restricted percentages automatically apply to all cranberries acquired during the 1971–72 fiscal period, which began on September 1, 1971; (3) handlers who so desire should be afforded the earliest opportunity to dispose of cranberries withheld from handling through diversion to approved outlets pursuant to §§929.57 and 929.104 and therefore must know the minimum grade for cranberries to be withheld immediately; and (4) because cranberries are in the process of being acquired and handled, prompt notification of the ending date for compliance with the withholding requirements will be beneficial to all interested parties because it will afford producers and handlers maximum time to plan their operations accordingly.

Therefore, the free and restricted percentages for cranberries acquired by handlers during the 1971–72 fiscal period, standard of grade for withheld cranberries, and ending date are hereby fixed as follows:

§ 929.303 Free and restricted percentages for the 1971–72 fiscal period, standard of grade for withheld cranberries and ending date for compliance with the withholding requirements.

(a) The free percentage and restricted percentage applicable to all cranberries acquired during the fiscal period September 1, 1971, through August 31, 1972, shall be 88 percent and 12 percent, respectively.

(b) Each lot of cranberries withheld pursuant to paragraph (a) of this section shall grade at least U.S. No. 1 grade, as set forth in the U.S. Standards for Fresh Cranberries for Processing (§§ 51.3030–51.3037 of this title) except that, for the purposes of this regulation, cranberries infested with worms shall be scored against the grade under the 5 percent tolerance provided for cranberries which are soft or affected by decay (see § 51.3031(b)(3) of this title).

(c) Each handler shall meet his withholding requirement, as provided in § 929.54, not later than February 1, 1972.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: October 5, 1971.

Chapter X—Consumer and Marketing Service (Marketing Agreements and Orders; Milk), Department of Agriculture

[Milk Order 133]

PART 1133—MILK IN THE INLAND EMPIRE MARKETING AREA

Order Suspending Certain Provisions

This suspension order is issued pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and of the order regulating the handling of milk in the Inland Empire marketing area.

Notice was published in the FEDERAL REGISTER, September 2, 1971 (36 F.R. 17588), relative to a proposed suspension of certain provisions relating to the diversion of producer milk from a pool plant to a nonpool plant during the months of September, October, and November. There were no objections to the proposed suspension, which was made effective for September 1971. The conditions that justified the suspension action for September are equally applicable for October and November 1971.

It is hereby found and determined that for the months of October and November 1971 the following provisions of the order do not tend to effectuate the declared policy of the Act:

1. In § 1133.12(c)(1), "and 20 percent in the months of September through November," and

2. In § 1133.12(c)(5), "Producers eligible for diversion in the months of September, October, or November must in addition have their milk received at a pool plant on at least 6 days (3 days in the case of every-other-day delivery) during the current month; and".

STATEMENT OF CONSIDERATION

This suspension removes for October and November 1971 the requirement that a producer deliver at least 6 days' production to a pool plant to qualify his milk for diversion to nonpool plants during the month and the provision limiting the total quantity of milk that may be diverted by a cooperative to 20 percent of the total producer milk marketed by its members during the month.

A cooperative representing a substantial number of producers on the market requested the suspension. Because of current conditions in the market, the cooperative is required to handle a disproportionate share of an increasing quantity of reserve supplies of milk for the market. Without the suspension, the cooperative would be forced to move milk uneconomically to qualify it for pooling during October and November 1971.

It is hereby found and determined that 30 days' notice of the effective date hereof is impractical, unnecessary and contrary to the public interest in that:

(a) This suspension is necessary to reflect current marketing conditions and to maintain orderly marketing conditions in the marketing area;

(b) This suspension order does not require of persons affected substantial or extensive preparation prior to the effective date; and

(c) Notice of proposed rule making was given interested parties and they were afforded opportunity to file written data, views, or arguments concerning this suspension.

Therefore, good cause exists for making this order effective upon publication in the FEDERAL REGISTER.

It is therefore ordered, That the aforesaid provisions of the order are hereby suspended for months of October and November 1971.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Effective date: Upon publication in the FEDERAL REGISTER (10–9–71).

Signed at Washington, D.C., on October 5, 1971.

RICHARD E. LYNG,
Assistant Secretary.

Chapter XVIII—Farmers Home Administration, Department of Agriculture

SUBCHAPTER G—MISCELLANEOUS REGULATIONS

[AL–71(444)]

PART 1890s—SECTION 502 RH LOANS ON LEASEHOLD INTERESTS IN NONFARM TRACTS

Subchapter G is amended by adding a new Part 1890s, supplementing Subpart A of Part 1822 of this chapter. New Part 1890s contains regulations putting into effect the authority in section 501(b)(2) of the Housing Act of 1949, as amended, to make section 502 rural housing loans on leasehold interests in nonfarm tracts. Compliance with the notice and public procedure requirements of 5 U.S.C. 553 would involve a delay in making available the assistance provided by this authority. The construction season is rapidly coming to a close in Alaska and other northern States, and some of the intended beneficiaries, including Indians, have no means of procuring land other than leaseholds. We find that under these circumstances such delay would be contrary to the public interest. Accordingly, the new Part 1890s shall be effective upon publication in the FEDERAL REGISTER (10–9–71).

It is the policy of this Department that rules relating to public property, loans, grants, benefits, or contracts shall be published for comment notwithstanding the exemption in 5 U.S.C. 553 with respect to such rules. See the Secretary of Agriculture's statement setting forth the policy on "Public Participation in Rule Making," 36 F.R. 13804, dated July 24, 1971. In accordance with the spirit of that policy, interested parties may submit written comments, suggestions, data, or arguments to the Office of the Assistant Administrator for Management, Farmers Home Administration, U.S. Department of Agriculture, Room 5013, South Building, Washington, D.C. 20250 within 30 days after the publication of this part. Material thus submitted will be evaluated and acted upon in the same manner as if this document were a proposal. However, new Part 1890s shall remain effective until it is amended, in order to permit the public business to proceed expeditiously.

The new Part 1890s reads as follows:

Sec.
1890s.1 General.
1890s.2 Definitions.
1890s.3 Policy.
1890s.4 Use of loan funds.
1890s.5 Lease form.
1890s.6 Appraisal of leasehold.
1890s.7 Maximum RH loan and rental charges.
1890s.8 Title clearance and loan closing.
1890s.9 Interest credits.

AUTHORITY: The provisions of this Part 1890s, issued under sec. 510, 63 Stat. 437, 42 U.S.C. 1480; Orders of Secretary of Agriculture 29 F.R. 16210, 32 F.R. 6650.

§ 1890s.1 General.

This part modifies Subpart A of Part 1822 of this chapter, and authorizes section 502 Rural Housing (RH) loans to applicants who hold or will hold leases on nonfarm tracts under conditions specified in this part. Such loans will be made on nonfarm tracts in accordance with Subpart A of Part 1822 of this chapter.

§ 1890s.2 Definitions.

As used in this part the following definitions will apply:

(a) *Applicant.* A person who applies for a section 502 RH loan on a nonfarm tract on which he holds or will hold a long-term lease.

(b) *Leasehold.* The rights and interests a person has in the nonfarm building site on which he has a long-term lease.

(c) *Lessor.* The owner of the building site.

(d) *Acquisition cost.* The cost of acquiring the leasehold interest exclusive of any monthly or annual rental charges.

(e) *Office of the General Counsel (OGC).* The Regional Attorney or Attorney in Charge whose service area includes the particular State.

§ 1890s.3 Policy.

The following policies will apply to loans under this part:

(a) Loans may be made on leaseholds on land owned by a State, political subdivision, public body, or public agency, on Indian Tribal lands which are not available for purchase, or on land where the State Director determines that long-term leasing of homesites by nonpublic bodies is a well-established practice and such leaseholds are freely marketable in the area.

(b) A loan may be made on a leasehold only when the applicant is unable to obtain fee title to the property.

(c) No loans shall be made on a leasehold created by a nonpublic body after January 1, 1966. (For this purpose an Indian Tribe is a public body.)

(d) The applicant should have the right to any extent feasible to acquire the fee title to the property sometime during the life of the loan.

(e) The lease must have an unexpired term of at least 50 years from the date of the loan closing.

(f) A recorded mortgage constituting a valid and enforceable lien on the applicant's leasehold will be required.

(g) The lease must meet the requirements of § 1822.7(j)(1) of this chapter.

§ 1890s.4 Use of loan funds.

Section 502 RH loans may include funds for:

(a) Reasonable acquisition cost of the leasehold interest at the time of making the initial RH loan in areas where acquisition charges are customary.

(b) The purchase of the fee title on which a leasehold exists by means of a subsequent loan provided that all other requirements are met.

(c) Purposes authorized in § 1822.6 of this chapter for nonfarm tracts except for the payment of real estate taxes.

§ 1890s.5 Lease form.

The lease forms used by the Federal Housing Administration and the Veterans Administration in the area, the Bureau of Indian Affairs lease form, No. 5–184, "Lease," and the lease forms used in cases of RH loans on farm leaseholds, should be used by the State Director as guides in developing a lease form or forms for his State. The services of OGC are available for this purpose. In any case in which the lessor wants the option of paying the RH debt in case the borrower defaults, the lease may include such a provision.

§ 1890s.6 Appraisal of leasehold.

When it appears as if an RH loan can be made on a leasehold interest, an appraisal of the leasehold will be made. In areas where RH loans are likely to be made on leaseholds, sales data on leaseholds should be accumulated for appraisal purposes. When making appraisals on leaseholds, the following guides will be used in determining the value of the leasehold interest:

(a) With OGC assistance where appropriate, study the provisions of the lease to determine what rights and obligations the applicant will have under the lease and whether the lease complies with the policies of this part.

(b) Determine the market value of the property as improved (land and buildings) as though the property were owned under a good and marketable fee title.

(c) Determine the market value of the land on an "as is" basis before any improvements to be financed by the applicant are placed on the property.

(d) Determine the amount of rent that customarily is paid in the area for similar sites leased under similar terms.

(e) Where an acquisition cost is involved, determine the market value of the applicant's leasehold by using the market value of comparable leaseholds in the area. The value assigned to a particular leasehold must be reasonable. In making this determination, the appraiser will consider the amount of annual rent to be paid under the lease plus the annual loan payment required on the portion of the RH loan used to acquire the leasehold. The sum of these should not exceed the amount an applicant would need to pay if he were to obtain a loan to buy a similar site.

(f) The maximum security value for RH loan purposes will be the market value of the improved property less the "as is" value of the nonfarm tract plus any market value of the applicant's leasehold. For example:

Market value of improved property	$15,000
Market value of land on "as is" basis	—2,000
Maximum security value if no acquisition cost of lease is involved	13,000

Market value of leasehold, if applicable	800
Maximum security value if acquisition cost of lease is involved	13,800

(g) Form FHA 422–8, "Appraisal Report (Nonfarm Tracts and Small Farms)," will be completed with a full explanation as to how the values were determined. Parts 1 through 5 of this form will be completed to show the factors considered in determining recommended market value of the property as if it were owned in fee simple. Part 6 of the Appraisal Report will contain an explanation of the factors considered in determining the maximum security value for a loan being made on the leasehold.

§ 1890s.7 Maximum RH loan and rental charges.

(a) The amount of the RH loan plus any prior liens against the property will not exceed the maximum security value determined in accordance with § 1890s.6 (f).

(b) The rental must not exceed the rate being paid for similar sites in the area under similar leases.

§ 1890s.8 Title clearance and loan closing.

The services of the OGC will be used in cases involving a mortgage on a leasehold and § 1822.15(b)(1) (iii) and (iv) of this chapter will apply. Whenever a loan on a leasehold is made subject to an agreement with other agencies, the title clearance and loan closing will be handled in accordance with any special conditions in the agreement and Part 1807 of this chapter.

§ 1890s.9 Interest credits.

Interest credits may be granted to RH borrowers who hold leaseholds. The amount of interest credit will be determined on the same basis as though the borrower owned the property except that the annual rental charges will be included in the interest credit determination block which contains loan payments, taxes and insurance costs on the reverse of Form FHA 444–6, "Interest Credit Agreement (Section 502 RH Loans)." Insert in the blank space below the entry indicating Annual Real Estate Taxes the following: "Annual rental charges $_____."

Dated: September 30, 1971.

Deputy Administrator,

Title 12—BANKS AND BANKING

Chapter II—Federal Reserve System

SUBCHAPTER A—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

[Reg. Z]

PART 226—TRUTH IN LENDING

Right of Rescission; Business Days

1. Effective immediately, footnote 14 relating to § 226.9 is amended to read as follows:

§ 226.9 Right to rescind certain transactions.

* * * * *

[14] For the purpose of this section, a business day is any calendar day except Sunday and those legal public holidays specified in section 6103(a) of title 5 of the United States Code (New Year's Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, and Christmas Day).

2a. Part 226 (Regulation Z) was issued by the Board pursuant to the statutory mandate in the Truth in Lending Act to prescribe Regulations to carry out the purpose of the Act. This amendment applies to that portion of Regulation Z, § 226.9, which provides customers with the right to rescind certain consumer credit transactions. That section provides that a customer has 3 business days in which to cancel a rescindable transaction. Footnote 14 to the regulation presently provides that Sundays and the eight Federal holidays authorized at the time the regulation became effective (July 1, 1969) are not to be considered as business days. Subsequently, Public Law 90–363 was enacted which adds a ninth public holiday, Columbus Day. This amendment to Footnote 14 includes Columbus Day as a nonbusiness day for purposes of § 226.9.

b. Since the amendment is technical in nature and simply alines the regulation with the current public holiday schedule, it was adopted by the Board without following the procedures of section 553 of title 5, United States Code, relating to notice, public participation and deferred effective date. In addition, following these procedures of the Code would have delayed the effective date of the amendment beyond October 11, 1971, the day on which Columbus Day is observed this year.

By order of the Board of Governors, October 1, 1971.

[SEAL] TYNAN SMITH,
Secretary.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 71–EA–128; Amdt. 39–1315]

PART 39—AIRWORTHINESS DIRECTIVES

Fairchild Aircraft

The Federal Aviation Administration is amending § 39.13 of the Federal Aviation Regulations so as to amend AD 71–8–5 applicable to Fairchild FH–227 type aircraft.

Subsequent to the issuance of AD 71–8–5 it was determined that the affected parts on the FH–227 were interchangeable and interchanged with Fairchild F–27 type airplane parts.

Therefore AD 71–8–5 is being amended to apply to F–27 aircraft. Since the basis for issuing AD 71–8–5 required expeditious adoption, notice and public procedure on the amendment would be impractical and good cause exists for making the amendment effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697) § 39.13 of Part 39 of the Federal Aviation Regulations is amended so as to amend AD 71–8–5 as follows:

1. After the designation H–227 in the Airworthiness Directive, add "and F–27".

This amendment is effective October 14, 1971.

(Sec. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on September 30, 1971.

ROBERT H. STANTON,
Acting Director, Eastern Region.

PART 39—AIRWORTHINESS DIRECTIVES

Hartzell Aircraft Propellers

On page 10984 of the FEDERAL REGISTER for June 5, 1971, the Federal Aviation Administration published a proposed amendment so as to issue an airworthiness directive applicable to Hartzell aircraft propellers.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of the Federal Aviation Regulations is amended hereby and the airworthiness directive adopted as published.

This amendment is effective November 14, 1971.

(Secs. 313(a), 601, 603, Federal Aviaion Act of 1958, 49 U.S.C. 1354(a), 1421 and 1423, Sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on September 30, 1971.

ROBERT H. STANTON,
Acting Director, Eastern Region.

HARTZELL PROPELLERS. Applies to Models HC–E2YK–2RB, HC–E2YR–2RB, and HC–E2YL–2( ). Propellers equipped with 8465–7R, 7663–4, or J7663–4 noncounterweighted type blades.

Compliance required as indicated, unless already accomplished.

To prevent overspeeds in flight due to inadvertent loss of the propeller's air charge, accomplish the following:

(a) Propellers with 900 hours or more time in service since new or last overhaul as of the effective date of this AD, must be modified in accordance with paragraph (c) within the next 100 hours' time in service.

(b) Propellers with less than 900 hours in service since new or last overhaul as of the effective date of this AD must be modified in accordance with paragraph (c) prior to

the accumulation of 1,000 hours in service since new, or last overhaul.

(c) Install appropriate Spring Backup Kit in accordance with Hartzell Service Letter No. 62 dated June 23, 1970, revised August 6, 1970, or subsequent FAA-approved revision. An equivalent method of compliance with this AD must be approved by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

PART 39—AIRWORTHINESS DIRECTIVES

McCauley Aircraft Propellers

The Federal Aviation Administration is amending § 39.13 of the Federal Aviation Regulations so as to revise AD 68-8-1 applicable to McCauley two- and three-blade constant speed propellers.

Subsequent to the issuance of AD 68-8-1 it was determined by service experience that the requirements of the AD did not eliminate the failure of propeller cylinders. Analysis has established that a strengthened modification of the cylinder attachment was essential.

To assure the adaption of the new cylinder attachment on propellers of the affected type design AD 68-8-1 is being revised to require modification of the propellers.

Since the foregoing requires expeditious adoption of the revision, notice and public procedure hereon are impractical and good cause exists for making the revision effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697) § 39.13 of the Federal Aviation Regulations is amended so as to revise AD 68-8-1 as follows:

Modify propeller-cylinder attachment in accordance with McCauley Service Bulletin No. 92, dated April 21, 1971, or later FAA-approved revision. However, for propellers used on Bellanca Aircraft Models 17-30 and 17-30A modify propeller-cylinder attachment in accordance with McCauley Service Bulletin No. 94, dated July 28, 1971, or later FAA-approved revision instead of Service Bulletin No. 92. PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Designation of Area High Routes; Correction

On September 17, 1971, F.R. Doc. 71-13618 was published in the Federal Register (36 F.R. 18576) which amended Part 75 of the Federal Aviation Regulations, effective November 11, 1971, by adding eight Pacific Gateway area high routes. In J966R the first waypoint name was incorrectly listed as Maples, Calif., rather than Maple, Calif., and the last waypoint name was incorrectly listed as Gabbs, Calif., rather than Mina, Nev. In J967R the last waypoint name was incorrectly listed as Gibbs, Calif., rather than Mina, Nev. In J961R and J945R the geographical position for the Cypress, Calif., waypoint should be 33 29 00/122 35 00 rather than those listed. The effective date for that amendment to Part 75 should have been December 9, 1971, rather than November 11, 1971. Therefore, action is taken herein to correct F.R. Doc. 71-13618 accordingly.

Since this amendment is editorial in nature and no substantive change in the regulation is effected, notice and public procedure thereon are unnecessary, and good cause exists for making this amendment effective on less than 30 days notice.

In consideration of the foregoing, effective upon publication in the Federal Register, F.R. Doc. 71-13618 (36 F.R. 18576) is amended as hereinafter set forth.

a. J966R is amended to read: J966R Gateway Maple to Mina, Nev. Maple, Calif. 37 48 13/125 49 57 Ukiah, Calif. Palisades, Calif. 37 36 00/123 30 00 Ukiah, Calif. Mayfair, Calif. 38 00 02/121 25 14 Sacramento, Calif. Mina, Nev. 38 33 55/118 01 55 Coaldale, Nev.

b. In J967R "Gateway Apricot to Gibbs, Nev." is deleted and "Gateway Apricot to Mina, Nev." is substituted therefor. Also the last waypoint name "Gabbs, Calif." is deleted and "Mina, Nev." is substituted therefor.

c. In J961R "Cypress, Calif., 33 39 00/122 35 00, Santa Barbara, Calif." is deleted and "Cypress, Calif. 33 29 00/122 35 00, Santa Barbara, Calif." is substituted therefor.

d. In J945R "Cypress, Calif. 33 29 00/112 35 00, Santa Barbara, Calif." is deleted and "Cypress, Calif. 33 29 00"/122 35 00 Santa Barbara, Calif." is substituted therefor.

e. In the third paragraph "November 11," is deleted and "December 9," is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on October 1, 1971.

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Designation of Area High Routes; Correction

On March 3, 1971, F.R. Doc. 71-2822 was published in the Federal Register (36 F.R. 4044) with an effective date of April 29, 1971, amending Part 75 by adding Area High Route J803R. F.R. Doc. 71-2822 (36 F.R. 4044) has been amended

by F.R. Doc. 71-5781 (36 F.R. 7846) and F.R. Doc. 71-11995 (36 F.R. 15743).

Subsequent to the publication of these amendments it has been determined that the name of the waypoint listed as Gabbs, Nev., should be changed to Mina, Nev., because the location coincides with the air navigation aid (VORTAC) so named. Action is taken herein to reflect this change.

Since this amendment is editorial in nature with no substantive change in the regulation, notice and public procedure thereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, this amendment will become effective more than 30 days after publication.

In consideration of the foregoing, F.R. Doc. 71-2822 (36 F.R. 4044) is further amended, effective 0901 G.m.t., December 9, 1971, as hereinafter set forth.

In J803R, waypoint name "Gabbs, Nev." is deleted and "Mina, Nev." is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on October 1, 1971.

PART 93—SPECIAL AIR TRAFFIC RULES AND AIRPORT TRAFFIC PATTERNS

Washington National Airport Traffic Area

The purpose of this amendment of Part 93 of the Federal Aviation Regulations is to revoke Subpart C of Part 93. Subpart C of Part 93 consists of §§ 93.41, 93.43, and 93.45. Those sections deal with special air traffic rules applicable to Washington National Airport traffic and Washington-Virginia Airport traffic.

By an amendment to Part 71, effective February 4, 1971, the Washington, D.C., Terminal Control Area was established. With the establishment of the Washington, D.C., Terminal Control Area the air traffic rules applicable in all terminal control areas became effective there. By a NOTAM issued on October 26, 1970, the public was informed of the closing of the Washington-Virginia Airport. That airport was subsequently deactivated and permanently abandoned.

Due to the establishment of the Washington, D.C., Terminal Control Area and the deactivation of the Washington-Virginia Airport, the Special Air Traffic Rules of Subpart C of Part 93 are no longer necessary and action is taken herein to revoke that Subpart.

Since this amendment removes an obsolete regulation from the Federal Aviation Regulations, I find that notice and public procedure hereon are unnecessary and good cause exists for making this amendment effective on less than 30 days notice.

In consideration of the foregoing, Subpart C of Part 93 of the Federal Aviation Regulations is revoked, effective October 9, 1971.

(Sec. 307, Federal Aviation Act of 1958, 49 U.S.C. 1348); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on October 4, 1971.

J. H. SHAFFER,
Administrator.

[Reg. Docket No. 11438; Amdt. 95-212]

PART 95—IFR ALTITUDES

Miscellaneous Changes

The purpose of this amendment to Part 95 of the Federal Aviation Regulations is to make changes in the IFR altitudes at which all aircraft shall be flown over a specified route or portion thereof. These altitudes, when used in conjunction with the current changeover points for the routes or portions thereof, also assure navigational coverage that is adequate and free of frequency interference for that route or portion thereof.

As a situation exists which demands immediate action in the interest of safety, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 95 of the Federal Aviation Regulations is amended, effective November 11, 1971 as follows:

1. By amending Subpart C as follows:

[Docket No. 11439; Amdt. 777]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

This amendment to Part 97 of the Federal Aviation Regulations incorporates by reference therein changes and additions to the Standard Instrument Approach Procedures (SIAP's) that were recently adopted by the Administrator to promote safety at the airports concerned.

The complete SIAP's for the changes and additions covered by this amendment are described in FAA Forms 3139, 8260–3, 8260–4, or 8260–5 and made a part of the public rule making dockets for the FAA in accordance with the procedures set forth in Amendment No. 97–696 (35 F.R. 5609).

SIAP's are available for examination at the Rules Docket and at the National Flight Data Center, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20590. Copies of SIAP's adopted in a particular region are also available for examination at the headquarters of that region. Individual copies of SIAP's may be purchased from the FAA Public Document Inspection Facility, HQ–405, 800 Independence Avenue SW., Washington, DC 20590, or from the applicable FAA regional office in accordance with the fee schedule prescribed in 49 CFR 7.85. This fee is payable in advance and may be paid by check, draft or postal money order payable to the Treasurer of the United States. A weekly transmittal of all SIAP changes and additions may be obtained by subscription at an annual rate of $125 per annum from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Since a situation exists that requires immediate adoption of this amendment, I find that further notice and public procedure hereon is impracticable and good cause exists for making it effective in less than 30 days.

In consideration of the foregoing, Part 97 of the Federal Aviation Regulations is amended as follows, effective on the dates specified:

1. Section 97.23 is amended by establishing, revising, or canceling the following VOR–VOR/DME SIAP's, effective November 4, 1971:

Buffalo, N.Y.—Greater Buffalo International Airport; VOR Runway 31, Amdt. 13; Revised.

Chapter II—Civil Aeronautics Board

SUBCHAPTER B—PROCEDURAL REGULATIONS

[Reg. PR-122; Amdt. 7]

PART 302—RULES OF PRACTICE IN ECONOMIC PROCEEDINGS

Confidential Treatment of Settlement Documentation in Enforcement Proceedings

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 6th day of October 1971.

Rule 215 of the Board's rules of practice provides that parties to economic enforcement proceedings may submit offers of settlement or proposals of adjustment, and the rule prescribes procedures to be followed in connection with such offers or proposals.

In a recent case involving an offer of settlement pursuant to Rule 215, the Board granted a request of a party that settlement documentation be withheld from public disclosure until the Board had taken final action upon the settlement offer.[1] This action was consistent with previous, but uncodified, Board practice. In the order, we alluded to the fact that such confidential treatment tends to further the strong public policy favoring settlement of litigation, inasmuch as parties might otherwise be reluctant to reveal certain internal information or to make certain admissions.

In the same order, we detailed the proper treatment of material constituting settlement documentation filed pursuant to Rule 215 and to section 561 of the CAB manual, "Board Consideration of the Offers of Settlement," and we indicated that we had instructed the staff to prepare an appropriate amendment to section 561 of the manual. We described the procedures as follows:

* * * For purposes of offers of settlement, the offers of the parties, the responses thereto, any submissions to the Board, and the supporting or opposing memoranda, together with other settlement documentation, will be withheld from public disclosure until 5 days after final order of the Board either accepting or rejecting such proposal. If the respondent believes that further withholding is necessary in order to obviate any adverse effect upon his interests, it will be incumbent upon him to request further withholding from public disclosure. Such a request may be filed at any time up to 5 days following issuance of the Board's order accepting or rejecting the settlement offer and in the event such a request is made the information which is the subject of the request will continue to be withheld pending Board action on the request for nondisclosure. Such requests must, of course, comply with the requirements of Rule 39(d) of the Board's Procedural Regulations relating to identification of the information sought to be withheld and must provide reasons legally sufficient to support withholding under section 1104 of the Act.[2]

In order to insure that the Board's rules accurately reflect Board practice, and in order to provide the public with additional notice that settlement documentation is to be treated confidentially, we are amending Rule 215 so as to prescribe the procedures detailed in Order 71-8-11. For the reasons set forth in said order, it is our judgment that disclosure of such settlement documentation, except to the extent herein provided, would adversely affect the interests of the parties to settlement offers and is not required in the interest of the public.

Since this rule is procedural in nature, and since it merely codifies a preexisting Board practice, the Board finds that notice and public procedure hereon are unnecessary and the amendment may be made effective immediately.

Accordingly, the Civil Aeronautics Board hereby amends § 302.215(b) of its Procedural Regulations (14 CFR Part 302), effective October 6, 1971, to read as follows:

§ 302.215 Offers of settlement.

* * * * *

(b) Any offer or proposal submitted pursuant to paragraph (a) of this section, any responses thereto, any memoranda filed in support thereof or in opposition thereto, and any other settlement documentation, shall be withheld from public disclosure until 5 days after the issuance of a final order of the Board either accepting or rejecting the offer or proposal. At any time prior to the expiration of the time prescribed herein for the withholding of information from public disclosure, a party may file a request for further withholding from public disclosure. Such a request must be filed in the form prescribed in § 302.39(d), and must provide reasons legally sufficient to support withholding the information under section 1104 of the Act. In any case where such a request is timely and properly filed, the information which is the subject of the request shall be withheld from public disclosure pending the Board's disposition of the request.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply Sec. 5, 38 Stat. 719, as amended, 82 Stat. 146, 147; 15 U.S.C. 45, 1601-1605) [Cease and desist order, Angelo Cofone et al., Norwich, Conn., Docket No. C-2023, Sept. 2, 1971]

In the Matter of Angelo Cofone, an Individual Doing Business as T-Ville Freezer Meats, Taftville Beef Co., and as Beefland Beef Co.

Consent order requiring a Norwich, Conn., individual selling and distributing beef and other meat products in Connecticut and New Hampshire to cease using bait advertising, failing to disclose that payments on extended credit must be made to third parties, failing to disclose all terms of a guarantee, advertising regular prices as "sale" or "special," failing to grade lower cuts of meat as below "U.S.D.A. Prime," failing to include on the face of installment contracts that third party takers are subject to all defenses of the makers, and failing to make all disclosures required by Regulation Z of the Truth in Lending Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That proposed respondent, Angelo Cofone, individually and doing business as T-Ville Freezer Meats, and as Taftville Beef Co., and as Beefland Beef Co., and proposed respondent's agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of beef or any other food product, do forthwith cease and desist from:

1. Disseminating or causing the dissemination of any advertisement by means of the U.S. mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which represents, directly or by implication:

(a) That any product is offered for sale when such offer is not a bona fide offer to sell the advertised product.

(b) That any products are offered for sale, when the purpose of such representation is not to sell the offered products, but to obtain prospects for the sale of other products at higher prices.

2. Disseminating or causing the dissemination of any advertisement by means of the U.S. mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which represents, directly or by implication:

(a) That purchasers, in the ordinary course of proposed respondent's business, may arrange for the extension, by proposed respondent, of credit for purchases of beef portions when proposed respondent does not so extend credit in the ordinary course and conduct of his business.

(b) That purchasers may arrange to make deferred payments for their purchases directly to the proposed respondent, upon his alleged extension of credit, when arrangement cannot be made by purchasers to make such deferred payments directly to proposed respondent, but, instead payments must be made to a third party.

3. Disseminating or causing the dissemination of any advertisement by means of the U.S. mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which fails to clearly and conspicuously disclose that purchasers' installment contracts, unless they expressly provide to the contrary, will be placed with a finance company, or any similar institution, for the purpose of collection, and, that interest and/or carrying charges will be included in the installment payments if an account is not paid within a specified period of time set by proposed respondent, said time period to appear in purchasers' installment contracts.

4. Disseminating or causing the dissemination of any advertisement by means of the U.S. mails, or any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which fails to clearly and conspicuously disclose all terms of any guarantee, of beef or other food products, appearing in such disseminated advertisements including:

a. The U.S.D.A. grade and price of beef guaranteed by proposed respondent.

b. The characteristics or properties of the guaranteed beef or other food product covered by the guarantee.

c. The duration of the guarantee.

d. The conditions to be met by a claimant under the guarantee.

e. The manner in which proposed respondent will perform or fulfill his obligation under the guarantee.

5. Disseminating or causing the dissemination of any advertisement by means of the U.S. mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which represents, directly or by implication that prices stated in proposed respondent's advertisements are not the regular and ordinary prices at which proposed respondent offers for sale, and sells beef portions, but, are instead "sale" or "special" prices, and therefore lower prices than are proposed respondent's regular and ordinary prices when, in truth and in fact, such stated prices are the prices regularly and ordinarily charged by proposed respondent for the products advertised, and do not constitute a reduction from proposed respondent's regular and ordinary prices.

6. Disseminating or causing the dissemination of any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which fails to clearly and conspicuously disclose:

a. That all untrimmed beef portions are sold subject to weight loss due to cutting, dressing and trimming.

b. That the price charged for such beef is based on the weight thereof before cutting, dressing and trimming occurs.

c. The average percentage of weight loss of such beef due to cutting, dressing and trimming.

7. Disseminating or causing the dissemination of any advertisement by means of the U.S. mails, or any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which fails to clearly and conspicuously include the statement, "this meat is of a grade below U.S. Prime, U.S. Choice and U.S. Good", when such advertisement includes U.S. Department of Agriculture graded meat which is below the grade, "U.S.D.A. Good."

8. Disseminating or causing to be disseminated by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase of any meat or other food product in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which contains any of the representations or misrepresentations prohibited in paragraphs 1, 2 and 5 of this order or fails to comply with the affirmative requirements of paragraphs 3, 4, 6 and 7 hereof.

9. Discouraging the purchase of, or disparaging in any manner, or encouraging, or instructing, or suggesting that others discourage or disparage, any meat or other food products which are advertised or offered for sale in advertisements disseminated or caused to be disseminated by means of the U.S. mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act.

10. Failing to include the following legend on the face of any installment contract or instrument of indebtedness which is to be assigned or negotiated, by proposed respondent, to a third party.

NOTICE

Any holder of this instrument, or of the rights assigned under this installment contract, shall take it subject to any and all defenses arising in behalf of the maker, or the party to be charged, against Angelo Cofone, individually and trading as T-Ville Freezer Meats, Taftville Beef Co., and as Beefland Beef Co., or any successor thereto, which arise out of any conduct in connection

with the agreement giving rise to this instrument or installment contract which violates the Federal Trade Commission Act or any other statute administered by the Federal Trade Commission.

11. Failing in any consumer credit transaction or advertisement, to make all disclosures, determined in accordance with §§ 226.4 and 226.5 of Regulation Z, in the manner, form and amount required by §§ 226.6, 226.7, 226.8, 226.9 and 226.10 of Regulation Z.

12. Failing to deliver a copy of this order to cease and desist to all managers and salesmen, both present and future, and to any other person now engaged or who becomes engaged in the sale of meat or other food products as proposed respondent's agent, representative, or employee, and to secure a signed statement from each of said persons acknowledging receipt of a copy thereof.

It is further ordered, That proposed respondent notify the Commission at least 30 days prior to any proposed change in proposed respondent such as incorporation, assignment, or sale resulting in the emergence of a successor, or any other change in the proposed respondent which may affect compliance obligations arising out of the order.

It is further ordered, That the proposed respondent herein, shall within sixty (60) days after service upon him of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which he has complied with this order.

Issued: September 2, 1971.

Bonne Bell, Inc.

Subpart—Coercing and Intimidating: § 13.358 *Distributors.* Subpart—Combining or conspiring: § 13.470 *To restrain and monopolize trade.* Subpart—Cutting off access to customers or market: § 13.560 *Interfering with distributive outlets.* Subpart—Maintaining resale prices: § 13.1140 *Cutting off supplies;* § 13.1145 *Discrimination:* § 13.1145-5 *Against price cutters;* § 13.1165-90 *Spying on and reporting price cutters, in general.*

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Bonne Bell, Inc., Lakewood, Ohio, Docket No. C-2019, Aug. 25, 1971]

In the Matter of Bonne Bell, Inc., a Corporation

Consent order requiring a Lakewood, Ohio, manufacturer and distributor of cosmetic and toilet products to cease fixing the retail price of its products, soliciting the spying of one retailer on another, requiring resale of unsold merchandise to respondent, using marked packages to trace merchandise, terminating business with any dealer for failure to observe any prohibited practice, and to reinstate any former dealer which has failed to comply with the prohibited terms of this order.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

I. *It is ordered*, That respondent Bonne Bell, Inc., a corporation, its officers, agents, representatives, and employees, successors and assigns, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of any products including, but not limited to, cosmetic and toilet products in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

A. Engaging in any one or more of the following acts or practices:

1. Entering into, maintaining or enforcing any contract, agreement, understanding or arrangement with its dealers which has the purpose or effect of fixing, establishing or maintaining the prices at which its products are advertised or resold.

2. Fixing, establishing, controlling or maintaining the prices at which its dealers advertise, promote, offer for sale or sell its products.

3. Requiring prospective dealers to agree, through direct or indirect means, that they will adhere to established or suggested resale prices for respondent's products.

B. Requesting, soliciting or encouraging any dealer to supply information or to report to respondent regarding the failure of any other dealer to adhere to established or suggested resale prices for respondent's products.

C. Announcing dates other than suggested dates for the advertising, commencement or conclusion of any reduced resale price sale of respondent's products.

D. Requiring any dealer to resell to respondent any unsold stock of respondent's products.

E. Refusing earned cooperative advertising payments to dealers who advertise its products at prices other than established or suggested resale prices.

F. Including in its own advertising, or in any advertising or promotional aids or material supplied or sold to its dealers, any price or prices at which respondent's products may be resold by its dealers, or publishing, disseminating or circulating to any dealer any merchandise order sheet, invoice, or other material indicating any price or prices at which respondent's products may be resold by its dealers, unless it is clearly and conspicuously stated that such prices are "suggested prices only."

G. Preventing, restricting or hindering any of its dealers, by agreements or any other means, from reselling, transferring or transshipping respondent's products to any retailer, distributor, wholesaler or manufacturer.

H. Using numbers, letters or markings of any kind on or accompanying its products or on the containers, labelling or packaging of its products as a means of tracing sales of its products to particular dealers where the purpose or effect of such tracing is to implement any of the acts, practices, conditions, agreements or understandings prohibited in paragraphs A and G above.

I. Discriminating or taking reprisals against or exerting pressure on any dealer to comply with any of the acts, practices, conditions, agreements or understandings prohibited in paragraphs A and G above.

J. Terminating business relationships with any dealer because such dealer has failed to comply with any of the acts, practices, conditions, agreements or understandings prohibited in paragraphs A and G above.

Nothing in this order shall be construed to prevent respondent from engaging in a legitimate fair trade program in those States having fair trade laws.

II. *It is further ordered*, That respondent shall reinstate any former dealer terminated since January 1, 1966 for failure to comply with one or more of the acts, practices, conditions, agreements or understandings prohibited in paragraphs A and G of this order if such dealer desires reinstatement.

III. *It is further ordered*, That respondent shall within sixty (60) days after service upon it of this order, serve by mail a copy of this order on each of its dealers.

IV. *It is further ordered*, That respondent shall:

A. For a period of 2 years following the effective date of this order, serve a copy of this order upon each new dealer franchised by the respondent on the date the dealer becomes a franchisee of respondent.

B. Within thirty (30) days after service upon it of this order, serve a copy of this order by mail on each dealer terminated since January 1, 1966 together with a letter advising that such dealer, if eligible under the requirement set forth in paragraph II above, may apply within thirty (30) days from receipt thereof for reinstatement as one of respondent's dealers.

C. Within ninety (90) days after service upon it of this order submit to the Commission (1) a list of all dealers terminated since January 1, 1966, (2) a list of all dealers who have been reinstated pursuant to paragraph II above, and (3) a list of all dealers who have not been reinstated and the reason or reasons therefor.

V. *It is further ordered*, That respondent herein shall, within sixty (60) days after service upon it of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which it has complied with this order.

VI. *It is further ordered*, That respondent notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in

the corporation which may affect compliance obligations arising out of the order.

Issued: August 25, 1971.

In the Matter of Ellis Stewart Co., Inc., a Corporation, and Ellis Stewart Halperin, Individually and as an Officer of Said Corporation

Consent order requiring a Danville, Va., seller and distributor of residential aluminum siding, swimming pools, and other home improvements to cease using bait advertising, failing to support its savings claims, misrepresenting that any offer to sell is limited or that the respondent manufactures any of its products, misrepresenting that any home is being used as a model, misrepresenting affiliations with other companies, making deceptive guarantees, misrepresenting the size or extent of respondent's business, assigning notes of purchasers without also transferring defenses valid against respondent, failing to include a notice on each contract that holders take this instrument subject to all terms and conditions, and failing to maintain for 5 years all contractual documents and all records of its dealings involving the installation of siding.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Ellis Stewart Co., Inc., a corporation, and its officers, and Ellis Stewart Halperin, individually and as an officer of said corporation, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the advertising, offering for sale, sale or distribution of aluminum siding or any other product or service, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. (a) Representing, directing or by implication, that any product or service is offered for sale when such offer is not a good faith offer to sell said product or service.

(b) Using any advertising, sales plan or promotional scheme involving the use of false, misleading or deceptive statements or representations to obtain leads or prospects for the sale of any product.

(c) Making representations purporting to offer merchandise for sale when the purpose of the representation is not to sell the offered merchandise but to obtain leads or prospects for the sale of other merchandise.

(d) Disparaging, in any manner, or discouraging the purchase of any product advertised.

2. (a) Representing, directly or by implication, that any price for respondents' products and/or services is a special or reduced price, unless such price constitutes a significant reduction from an established selling price at which such products and/or services have been sold in substantial quantities by respondents in the recent regular course of their business; or misrepresenting, in any manner, the savings available to purchasers.

(b) Failing to maintain adequate records (1) which disclose the facts upon which any savings claims, including special, reduced, or former pricing claims, and comparative value claims, and similar misrepresentations of the type described in paragraph 2(a) of this order are based, and (2) from which the validity of any savings claims, including special, reduced, or former pricing claims and comparative value claims, and similar representations of the type described in paragraph 2(a) of this order can be determined.

3. Representing, directly or by implication, that any offer to sell any product or service is limited as to time or is limited in any other manner unless respondents, in good faith impose and adhere to such limitations.

4. Representing, directly or by implication, that respondents manufacture any of the products that they sell; misrepresenting, in any manner, the nature or scope of respondents' business.

5. Representing, directly or by implication, that siding materials sold by repondents will never need painting or repairing; misrepresenting, in any manner, the durability of any product sold by respondents.

6. (a) Representing, directly or by implication, that the home of any of respondents' customers, or prospective customers has been selected to be used or will be used as a model home, or otherwise, for advertising or sales purposes.

(b) Representing, directly or by implication, that any allowance, discount or commission is granted by respondents to purchasers in return for permitting the premises on which respondents' products are installed or services performed to be used for model homes or demonstration purposes.

7. Representing, directly or by implication, that respondents have any connection with Kaiser Aluminum & Chemical Corp. other than that of a purchaser of home improvement products produced by that company; misrepresenting, in any manner, respondents' connection or affiliation with any other company.

8. Failing or refusing to furnish free merchandise to purchasers, irrespective of a prior request therefor, upon fulfillment of the terms and conditions of any advertised offer.

9. Representing, directly or by implication, that any of respondents' products or services are guaranteed unless the nature and extent of the guarantee, the identity of the guarantor and the manner in which the guarantor will perform thereunder are clearly and conspicuously disclosed; or making any direct or implied representations that any of respondents' products or services are guaranteed unless in each instance a written guarantee is given to the purchaser containing provisions fully equivalent to those contained in such representations.

10. Representing, directly or by implication, that respondents operate or maintain business offices in Martinsville, Va., or Elizabeth City, Roanoke Rapids, Mount Airy, Mooresville, Statesville, Lexington, Concord, or Asheboro, N.C., or any other locality where such offices are not actually open and fully operative; or misrepresenting, in any manner, the size or extent of respondents' business.

11. Accepting certificates or other writings to the effect that contracted details of home improvement had been completed, if such writings were false when accepted; or otherwise misrepresenting, in any manner, the true nature and effect of any document.

12. Assigning, selling or otherwise transferring respondents' notes, contracts or other documents evidencing a purchaser's indebtedness, unless any rights or defenses which the purchaser has and may assert against respondents are preserved and may be asserted against any assignee or subsequent holder of such note, contract or other document evidencing the indebtedness.

13. Failing to include the following statement clearly and conspicuously on the face of any note, contract or other

instrument of indebtedness executed by or on behalf of respondents' customers:

NOTICE

Any holder takes this instrument subject to the terms and conditions of the contract which gave rise to the debt evidenced hereby, any contractual provision or other agreement to the contrary notwithstanding.

14. (a) Failing to maintain for a period of 5 years, invoices, notices for payment and all similar documents which respondents receive in the conduct of their business from suppliers, subcontractors, and other persons; and failing to maintain for a period of five (5) years copies of all contracts entered into between respondents and their customers.

(b) Failing to maintain for a period of 5 years, with regard to each and every contract hereafter entered into between respondents and their customers, adequate records which disclose, in itemized form, what each customer was charged, exclusive of interest of finance charges for materials and labor. And failing to maintain for the same period, with regard to each contract hereafter entered into between respondents and their customers involving siding, or the installation of siding, or both, additional records which further disclose the quantity of siding and other materials installed or delivered to the customer; the type and grade of said siding and other material; a description of the installation performed; the total amount of money paid to salesmen, agents or representatives for the solicitation of said contract, and what each customer was charged, exclusive of interest or finance charges, per square foot for the performance of the said contract.

It is further ordered, That:

a. The respondent corporation shall distribute a copy of this order to each of its operating divisions.

b. Respondents shall deliver a copy of this order to cease and desist to all present and future personnel of respondents engaged in the offering for sale, or sale of any product or in any aspect of preparation, creation, or placing of advertising, and that respondents shall secure a signed statement acknowledging receipt of said order from each such person.

c. Respondents shall notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

Issued: August 30, 1971.

In the Matter of Fur Dressers Bureau of America, Inc., et al.

Consent order requiring the Fur Dressers Bureau of America, an association, of certain New York City handlers of furs which provide a service termed "dressing" which furnishes manufacturers with fur products ready to be manufactured into garments, and its constituent members to cease fixing prices for the dressing of fur products, engaging in any credit reporting plan, circulating any information which would boycott any customer, attending meetings at which common courses of action are discussed, and exchanging information with any other fur dresser which would result in a common course of action.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Fur Dressers Bureau of America, Inc.; Bronx Fur Master, Mancini-Stern, Inc.; Brooklyn Better Bleach, Inc.; Laiken-Brand Fur Dressing Corp. (also doing business as Shuter Laiken-Brandt); Rapid Fur Dressing Corp.; Market Fur Dressing Corp.; Manhattan Fur Dressing Corp.; Supreme Fur Dressing Co., Inc.; Herman Basch & Co., Inc.; Meisel-Peskin Co., Inc.; corporations, and Herman Handros, individually and as an officer of Fur Dressers Bureau of America, Inc., and Manhattan Fur Dressing Corp.; Max Braunstein, individually and as an officer of Fur Dressers Bureau of America, Inc.; Max Sherrin, individually and as an officer of Fur Dressers Bureau of America, Inc.; Herman Ringelheim, individually and as an officer of Fur Dressers Bureau of America, Inc., and Brooklyn Better Bleach, Inc.; Albert J. Feldman, individually and as Executive Director of Fur Dressers Bureau of America, Inc.; Robert E. Levine, individually and as an officer of Brooklyn Better Bleach, Inc.; Milton Stern and Norman Leiman, individually and as officers of Bronx Fur Master, Mancini-Stern, Inc.; Irving Laiken, individually and as an officer of Laiken-Brand Fur Dressing Corp. (also known as Shuter Laiken-Brandt); William Davidson, individually and as an officer of Rapid Fur Dressing Corp.; Milton Mainwold, individually and as an officer of Market Fur Dressing Corp.; Samuel J. (also known as Seymour J.) Meisel, individually and as an officer of Meisel-Peskin Co., Inc.; Julian Basch, individually and as an officer of Herman Basch & Co., Inc.; and Irving Thomas Blechner, individually and respondents' officers, agents, representatives and employees, successors and assigns directly and indirectly, individually, or through any corporate or other device, or as members, officers, or directors of other respondents, in connection with the dressing of or offer to dress fur products in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, cooperating in, carrying out, or continuing any planned common course of action, understanding, agreement or conspiracy between or among any two or more of said respondents, or between any one or more of them and another or others not party hereto, to engage in any of the following acts or practices:

1. Establishing, fixing, controlling, or maintaining prices, discounts or the terms and conditions of sale or credit in connection with the dressing of fur products.

2. Furnishing, exchanging, or circulating any credit information or engaging in any credit reporting plan unless:

(a) The members of the association are left free to determine on the basis of their individual judgment whether or not to sell to delinquent debtors and on what terms, and

(b) There is freedom from collusion among members in regard to credit terms, prices, sales to specific customers, and there is freedom from any other joint action which would illegally restrain trade.

3. Publishing or disseminating or causing to be published or disseminated, the name of any customer or prospective customer for the purpose or with the effect of having the business of that customer or prospective customer boycotted.

It is further ordered, That respondents individually forthwith cease and desist from:

1. Attending meetings at which any other respondent or any competitor not a party hereto is present, at which prices, terms and conditions of sale or credit pertaining to the dressing of fur products are discussed, where such discussion has for its purpose or effect a planned, common course of action or agreement on prices, discounts, credit, or conditions of sale.

2. Sending to, requesting from, or exchanging with any other respondent or any competitor not a party hereto, any information written or oral in regard to prices, terms and conditions of sale or credit pertaining to the dressing of fur products, where said activities have for their purpose or effect the formulation of

a program, agreement or planned common course of action with respect to prices, discounts, credit or conditions of sale:

Provided, however, That nothing herein shall prohibit any one of the individual respondents named in this order, who has permanently severed his prior affiliation with any of the named corporate respondents herein from accepting a position as an officer or employee of any other named corporate respondent. Where such individual respondent accepts a position as an officer or employee, with any other named corporate respondent, he shall not be deemed to be in conspiracy or unlawful agreement with that corporate respondent or any of its officers or employees under any of the terms or provisions of this order.

It is further ordered, That the respondent, Fur Dressers Bureau of America, Inc., shall furnish all current and future members with a copy of this agreement and order.

It is further ordered, That respondents, individually, notify the Commission within thirty (30) days after any change in any corporate respondent such as dissolution, assignment or sale resulting in the emergence of successor corporations, the creation or dissolution of subsidiaries or any other change in any corporation which may affect compliance obligations arising out of the order.

It is further ordered, That respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Provided further, That entry of this order by the Commission does not constitute an admission by respondents that they have violated the law as alleged in the complaint which the Commission has issued.

Issued: September 3, 1971.

In the Matter of General Sales Corp., a Corporation, and Farmers Quality Meats, Inc., a Corporation, and Raymond Barlow, Individually and as an Officer and Director of Said Corporations, and Willard L. Gettle, Jr., individually and as an Officer and Director of Farmers Quality Meats, Inc., and as a Director of General Sales Corp.

Consent order requiring Wichita, Kans., sellers and distributors of beef and other meat products to cease failing to disclose its ungraded meat as such, using bait offers, failing to disclose the fat trim, bone, and shrink loss of its meat, and failing to place on the face of its sales contracts a notice that they may be sold to third parties who may require payment in full even if contract is not fulfilled; respondents are also required to comply with the terms of Regulation Z of the Truth in Lending Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

I. *It is ordered,* That respondents General Sales Corp. and Farmers Quality Meats, Inc., corporations, and Raymond Barlow, individually and as an officer and director of said corporations, and Willard L. Gettle, Jr., individually and as an officer and director of Farmers Quality Meats, Inc., and as a director of General Sales Corp., and respondents' agents, representatives, and employees, directly or through any corporate or other device in connection with the advertising, offering for sale, sale, or distribution of beef or meat products in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

A. Disseminating, or causing the dissemination of any advertisement by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, or by means of the U.S. mails, which advertisement:

1. Includes an offer of beef which has not been graded as to quality without disclosing conspicuously, that the meat which is offered for sale is ungraded; or

2. Misrepresents in any material manner the grade of any beef or other meat product.

B. Disseminating, or causing the dissemination of any advertisement by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, or by means of the U.S. mails, which advertisement represents directly or by implication:

1. That any such products are offered for sale when such offer is not a bona fide offer to sell such products at the price or prices stated.

2. That any products are offered for sale when the purpose of such representations is not to sell the offered products but to obtain prospects for the sale of other merchandise at higher prices, all as generally described in paragraphs 4, 5, and 6 of the complaint.

C. Disseminating, or causing the dissemination of any advertisement by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, or by means of the U.S. mails in which beef is advertised or sold by gross weight, without disclosing conspicuously:

1. The average percentage of weight loss as the result of fat trim, bone, and shrink loss for each yield grade of beef as determined by the U.S. Department of Agriculture; and

2. That said beef is being sold at a gross weight and will have a weight loss as a result of fat trim, bone and shrink loss.

D. Discouraging the purchase of, or disparaging in any manner, any products which are advertised or offered for sale in advertisements disseminated, or caused to be disseminated, by respondents, in commerce, as "commerce" is defined in the Federal Trade Commission Act, or by means of the U.S. mails.

E. Misrepresenting in any manner the beef or meat products available for purchase at respondents' place of business.

F. Disseminating, or causing to be disseminated, any advertisement by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase of respondents' products in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement contains any of the representations or misrepresentations prohibited in paragraphs A, B, or C, above.

G. Failing to incorporate the following statement on the face of all contracts executed by respondents' customers with such conspicuousness and clarity as is likely to be observed, read and understood by the purchaser:

IMPORTANT NOTICE

If you are obtaining credit in connection with this contract, you will be required to sign a promissory note. This note may be purchased by a bank, finance company, or any third party. If it is purchased by another party, you will be required to make your payments to be purchaser of the note. You should be aware that if this happens you may have to pay the note in full to the new owner of the note even if this contract is not fulfilled.

II. *It is further ordered,* That respondents General Sales Corp. and Farmers Quality Meats, Inc., corporations, and Raymond Barlow, individually and as an officer and director of said corporations, and Willard L. Gettle, Jr., individually and as an officer and director of Farmers Quality Meats, Inc., and as a director of General Sales Corp., and respondents' agents, representatives, and employees, directly or through any corporate or other device in connection with any extension of consumer credit or any advertisement to aid, assist, or promote directly or indirectly any extension of consumer credit, as "consumer credit" and "advertisement" are defined in Regulation Z (12 CFR Part 226) of the Truth in Lending Act (Public Law 90-321, 15 U.S.C. 1601 et seq.), do forthwith cease and desist from:

A. Representing, directly or by implication, in any advertisement as "advertisement" is defined in Regulation Z, the

amount of the down payment required, or that no down payment is required, the amount of any installment payment, the dollar amount of any finance charge, the number of installments or the period of repayment, or that there is no charge for the credit, unless all of the following items are stated in terminology prescribed under § 226.8 of Regulation Z:

1. The cash price;

2. The amount of the down payment required or that no down payment is required, as applicable;

3. The number, amount, and due dates of period of payments scheduled to repay the indebtedness if the credit is extended;

4. The amount of the finance charge expressed as an Annual Percentage Rate; and

5. The deferred payment price.

B. Failing in any consumer credit transaction or advertisement to make all disclosures determined in accordance with § 226.4 and § 226.5 of Regulation Z in the manner, form, and amount required by §§ 226.7, 226.8, 226.9, 226.10 of Regulation Z.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That respondents notify the Commission at least thirty (30) days prior to any proposed change in any of the corporate respondents such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporations, or any of them, which may affect compliance obligations arising out of this order.

It is further ordered, That the respondents shall forthwith distribute a copy of this order to each of their respective operating divisions.

It is further ordered, That respondents deliver a copy of this order to cease and desist to all present and future personnel of respondents engaged in the offering for sale, or sale, of any product, or in the consummation of any extension of consumer credit, or in any aspect of preparation, creation, or placing of advertising, and that respondents secure a signed statement acknowledging receipt of said order from each person.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Habana Cigar Corp., Inc., et al., Newport, Ky., Docket No. C-2022, Sept. 2, 1971]

In the Matter of Habana Cigar Corp., Inc., a Corporation, and James J. Mathews, Individually and as an Officer of Said Corporation

Consent order requiring a Newport, Ky., manufacturer and seller of cigars and tobacco products both at wholesale and retail to cease using the terms "Havana" or other words implying its tobacco products are made from tobacco grown on the Island of Cuba, misrepresenting that it has been in business since 1894 or that it is owned by a Cuban-named individual, and falsely guaranteeing its products.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Habana Cigar Corp., Inc., a corporation, and its officers, and James J. Mathews, individually and as an officer of said corporation and respondents' representatives, agents, and employees, directly or through any corporate or other device, in connection with the advertising, offering for sale, sale or distribution of cigars or other products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the word "Habana" or any other word of similar import or meaning in or as a part of respondents' trade or corporate name; or representing, directly or by implication, that respondents' place of business is located on the island of Cuba; or misrepresenting, in any manner, the place or location of any of respondents' business operations or its connection or affiliation with any foreign business operations.

2. Using the term "Habana" or any other term or terms indicative of tobacco grown on the island of Cuba, either alone or in conjunction with any other terms, to describe, designate, or in any way refer to cigars not made entirely from tobacco grown on the island of Cuba; except that cigars containing a substantial amount of tobacco grown on the island of Cuba may be described, designated, or referred to as "blended with Havana," or by any term of similar import or meaning: *Provided*, That the words "blended with" or other qualifying word or words, are set out in immediate conjunction or connection with the word "Havana" or other term indicative of tobacco grown on the island of Cuba, in letters of equal size and conspicuousness.

3. Misrepresenting, in any manner, the origin or source of respondents' products or any part or portion thereof.

4. Representing, directly or by implication, that corporate respondent has been in the business of manufacturing and selling cigars since 1894, or has been owned and operated by three generations of a Cuban family; or misrepresenting, in any manner, the age or founders of any of respondents' businesses.

5. Representing, directly or by implication, that corporate respondent is owned and operated by a person named Juan Hernandez; or falsely representing in any manner the identity of the person or persons, firm, or corporation, that owns, operates, or controls respondents' business operations.

6. Representing, directly or by implication, that any of respondents' products are guaranteed unless the nature and extent of the guarantee, the identity of the guarantor and the manner in which the guarantor will perform thereunder are clearly and conspicuously disclosed in immediate conjunction therewith; and the respondents do, in fact, promptly fulfill all of their obligations arising under the directly or impliedly represented terms of such guarantees.

7. Placing in the hands of retailers, dealers, or others, the means or instrumentalities by or through which they may mislead or deceive the public in the manner, or as to the things prohibited by this order.

It is further ordered, That respondent corporation shall forthwith distribute a copy of this order to each of its operating divisions.

It is further ordered, That respondent corporation notify the Commission at least thirty (30) days prior to any proposed change in its corporate structure such as dissolution, assignment, or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries, or any other change in the corporation which may affect compliance obligations arising out of this order.

It is further ordered, That respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form of their compliance with this order.

Consent order requiring six retail jewelry firms in four Indiana cities engaged in advertising and selling watches, jewelry, diamonds, and other merchandise at retail to cease violating the Truth in Lending Act by failing to use on their installment contracts the terms: Cash downpayment, trade-in, total downpayment, unpaid balance of cash price, amount financed, finance charge, deferred payment price, and other terms and conditions required by Regulation Z of said Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Hillman Jewelers, Inc., a corporation, Hillman's of Vincennes, Inc., a corporation, Hillman's of Greencastle, Inc., a corporation, Hillman's of Crawfordsville, Inc., a corporation, Hillman's of Meadows Center, Inc., a corporation, Hillman's of Honey Creek Square, Inc., a corporation, and their officers, and Allen Felstein and John Thompson, individually and as officers of said corporations, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with any extension of consumer credit or any advertisement to aid, promote, or assist directly or indirectly any extension of consumer credit, as "consumer credit" and "advertisement" are defined in Regulation Z (12 CFR Part 226) of the Truth in Lending Act (Public Law 90–321, 15 U.S.C. 1601 et seq.), do forthwith cease and desist from:

1. Failing to disclose the amount of any cash downpayment or failing to describe such amount as the "cash downpayment", as required by § 226.8(c)(2) of Regulation Z.

2. Failing to disclose the amount of downpayment in property or failing to describe that amount as the "trade-in", as required by § 226.8(c)(2) of Regulation Z.

3. Failing to disclose the sum of the "cash downpayment" and the "trade-in", or failing to describe that sum as the "total downpayment", as required by § 226.8(c)(2) of Regulation Z.

4. Failing to disclose the difference between the "cash price" and the "total downpayment", or failing to describe that difference as the "unpaid balance of cash price", as required by § 226.8(c)(3) of Regulation Z.

5. Failing to disclose the amount of credit as defined in § 226.2(d) of Regulation Z of which the customer will have the actual use or failing to disclose that amount as the "amount financed", as required by § 226.8(c)(7) of Regulation Z.

6. Failing to disclose the amount of the "finance charge", determined in accordance with § 226.4 of Regulation Z, or failing to describe that amount as the "finance charge", as required by § 226.8(c)(8)(i) of Regulation Z.

7. Failing to use the term "deferred payment price" to describe the sum of the "cash price", the "finance charge", and all other charges which are not part of the finance charge but are included in the "amount financed", as required by § 226.8(c)(8)(ii) of Regulation Z.

8. Failing to accurately disclose the "annual percentage rate", computed to the nearest one quarter of one percent in accordance with § 226.5 of Regulation Z, or failing to describe that rate as the "annual percentage rate", as required by § 226.8(b)(2) of Regulation Z.

9. Failing to disclose the date the finance charge begins to accrue if different from the date of the transaction, as required by § 226.8(b)(1) of Regulation Z.

10. Failing to disclose the number of payments scheduled to repay the indebtedness, as required by § 226.8(b)(3) of Regulation Z.

11. Failing to disclose the sum of the payments scheduled to repay the indebtedness, or failing to describe that sum as the "total of payments", as required by § 226.8(b)(3) of Regulation Z.

12. Failing to identify the method of computing any unearned portion of the finance charge in the event of prepayment of the obligation or failing to provide a statement of the amount or method of computation of any charge that may be deducted from the amount of any rebate of such unearned finance charge that will be credited to the obligation or refunded to the customer, as required by § 226.8(b)(7) of Regulation Z.

13. Failing, in any consumer credit transaction or advertisement, to make all disclosures, determined in accordance with § 226.4 and § 226.5 of Regulation Z, in the manner, form, and amount required by §§ 226.6, 226.7, 226.8, 226.9, and 226.10 of Regulation Z.

It is further ordered, That respondents shall deliver a copy of this order to cease and desist to all present and future salesmen or other persons engaged in the offering for sale and sale of respondents' products or services, and shall secure from each salesman or other person a signed statement acknowledging receipt of said order.

It is further ordered, That respondents notify the Commission at least thirty (30) days prior to any proposed change in respondents' business, such as assignment or sale resulting in the emergence of a successor business, corporate or otherwise, the creation of subsidiaries, or any other change which may affect compliance obligations arising out of the order.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

In the Matter of International Safe-T-Trac, Inc., a Corporation, and Joey H. Sandow, and Barney L. Sandow, Individually and as Officers of the Said Corporation

Consent order requiring a Cincinnati, Ohio, seller and distributor of Safe-T-Trac, auto stabilizers, to distributors and to the public to cease misrepresenting that its device will prevent skidding, help save lives, and functions as a shock absorber, that claims made for the device have been substantiated by scientific tests, and falsely guaranteeing its product; the respondent will further cease to use its multilevel marketing program to secure distributors for its product without informing them in full in writing of

all facets of the program, and include a provision for cancellation of contracts within 3 days.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents International Safe-T-Trac, Inc., a corporation, and its officers, and Joey H. Sandow and Barney L. Sandow, individually and as officers of said corporation, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the advertising, offering for sale, sale or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of the device designated Safe-T-Trac or any other device of substantially the same construction, design or operation, do forthwith cease and desist from:

1. Representing, directly or by implication, that said device when installed or used in any manner in the operation of a motor vehicle:

(a) Is an effective safety device.

(b) Is an antiskid device, will increase traction, help prevent skidding, spinouts, or decrease swerving, fishtailing or vibration.

(c) Will help save lives.

(d) Will automatically help pull the rear end of a skidding car into line, give the driver added control, or help keep the automobile going straight.

(e) Functions as a shock absorber, or as an equalizing force, or irons out the bumps with horizontal and vertical momentum.

(f) Counteracts the sudden lateral movement normally caused by panic stops, high speed blowouts or sharp gusts of wind.

2. Using the trade name "Safe-T-Trac" or any other word, term or phrase of similar import or meaning to describe or refer to said device.

3. Repesenting, directly or by implication, that performance representations of said device have been substantiated by competent scientific tests or by authenticated, controlled and duly recorded tests; or falsely representing, in any manner, the extent, kind, character or results of any scientific tests performed on any of said products.

4. Misrepresenting, in any manner, the performance or functioning of said device or the safety to human life provided by any automotive devices.

5. Representing, directly or by implication, that any products are "unconditionally guaranteed" unless there are in fact no terms, conditions or limitations attached thereto; or that any products are guaranteed in any manner without clearly and conspicuously setting out in immediate connection therewith the nature and extent of the guarantee, the identity of the guarantor and the manner in which the guarantor will perform thereunder.

It is further ordered, That respondents International Safe-T-Trac, Inc., a corporation, and its officers, and Joey H. Sandow and Barney L. Sandow, individually and as officers of said corporation, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the advertising, offering for sale, sale or distribution of any products or of distributorships, franchises, licenses or marketing agreements with respect thereto, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from directly or indirectly:

1. Operating or participating in the operation of any multilevel marketing program wherein the financial gains to the participants are dependent in any manner upon the continued, successive recruitment of other participants.

2. Offering to pay, paying or authorizing the payment of any finder's fee, bonus, override, commission, cross-commission, discount, rebate, dividend or other consideration to any participant in respondents' multilevel marketing program for the solicitation or recruitment of other participants therein.

3. Offering to pay, paying or authorizing payment of any bonus, override, commission, cross-commission, discount, rebate, dividend or other consideration to any person, firm or corporation in connection with the sale of said products, or distributorships under respondents' multilevel marketing program unless such person, firm or corporation performs a bona fide and essential supervisory, distributive, selling or soliciting function in the sale and delivery of such products to the ultimate consumer.

4. Requiring prospective participants or participants in said program to purchase said products or pay any consideration, other than payment for necessary sales materials, in order to participate in any manner therein.

5. Using any multilevel marketing program, either directly or indirectly:

(a) Wherein any finder's fee, bonus, override, commission, cross-commission, discount, rebate, dividend or other compensation or profit inuring to participants therein is dependent on the element of chance dominating over the skill or judgment of the participants; or

(b) Wherein no amount of judgment or skill exercised by the participant has any appreciable effect upon any finder's fee, bonus, override, commission, cross-commission, discount, rebate, dividend or other compensation or profits which the participant may receive; or

(c) Wherein the participant is without that degree of control over the operation of such plan as to enable him substantially to effect the amount of any finder's fee, bonus, override, commission, cross-commission, discount, rebate, dividend or other compensation or profit which he may receive or be entitled to receive.

6. Using any multilevel marketing program which fails to:

(a) Inform orally all participants in respondents' multilevel marketing program and to provide in writing in all contracts of participation that the contract may be canceled for any reason by notification to respondents in writing within three (3) business days from the date of execution of such contract.

(b) Refund immediately all monies to (1) customers who have requested contract cancellation in writing within three (3) business days from the execution thereof, and (2) customers showing that respondents' contract solicitations or performance were attended by or involved violation of any of the provisions of this order; provided, however, that subpart (2) hereof shall not apply to such contracts entered into before the date of this order, nor shall the payments of refunds hereunder be construed as an admission that this order or any part thereof has been violated.

7. Representing, directly or by implication, that participants in any multilevel marketing program will earn or receive any stated or gross or net amount of earnings or profits; or representing, in any manner, the past earnings of participants unless in fact the past earnings represented are those of a substantial number of participants in the community or geographical area in which such representations are made and accurately reflect the average earnings of these participants under circumstances similar to those of the participant to whom the representation is made.

8. Representing, directly or by implication, that it is not difficult for participants to recruit or retain persons to invest in any multilevel marketing program as distributors or as sales personnel to sell said products.

9. Failing to deliver a copy of this order to cease and desist to all present and future distributors, salesmen or other persons engaged in the sale or distribution of any products through the use of a multilevel marketing program, and securing from each such distributor, salesman or other person similarly involved a signed statement acknowledging receipt of said order.

It is further ordered, That respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent, such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of this order.

It is further ordered, That the respondent corporation shall forthwith distribute a copy of this order to each of its operating divisions.

In the Matter of Irving Moser Co., Inc., a Corporation, and George Tobey, and Jack H. Rapp, Individually and as Officers of Said Corporation

Consent order requiring a New York City importer and distributor of textile fiber products, including ladies' scarves, to cease violating the Flammable Fabrics Act by importing and selling any fabric which fails to conform to the standards of said Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That the respondents Irving Moser Co., Inc., a corporation, and its officers, and George Tobey and Jack H. Rapp, individually and as officers of said corporation, and respondents' representatives, agents, and employees, directly or through any corporate or other device, do forthwith cease and desist from manufacturing for sale, selling, offering for sale, in commerce, or importing into the United States, or introducing, delivering for introduction, transporting or causing to be transported in commerce, or selling or delivering after sale or shipment in commerce, any product, fabric, or related material; or manufacturing for sale, selling or offering for sale, any product made of fabric or related material which has been shipped or received in commerce as "commerce", "product", "fabric" and "related material" are defined in the Flammable Fabrics Act, as amended, which product, fabric, or related material fails to conform to an applicable standard or regulation issued, amended or continued in effect, under the provisions of the aforesaid Act.

It is further ordered, That respondents notify all of their customers who have purchased or to whom have been delivered the ladies' scarves which gave rise to the complaint, of the flammable nature of said scarves and effect the recall of said scarves from such customers.

It is further ordered, That the respondents herein either process the scarves which gave rise to the complaint so as to bring them into conformance with the applicable standard of flammability under the Flammable Fabrics Act, as amended, or destroy said scarves.

It is further ordered, That the respondents herein shall, within ten (10) days after service upon them of this order, file with the Commission an interim special report in writing setting forth the respondents' intentions as to compliance with this order. This special report shall also advise the Commission fully and specifically concerning (1) the identity of the scarves which gave rise to the complaint, (2) the number of said scarves in inventory, (3) any action taken and any further actions proposed to be taken to notify customers of the flammability of said scarves and effect the recall of said scarves from customers, and of the results thereof, (4) any disposition of said scarves since October 2, 1970, and (5) any action taken or proposed to be taken to bring said scarves into conformance with the applicable standard of flammability under the Flammable Fabrics Act, as amended, or destroy said scarves and the results of such action. Such report shall further inform the Commission as to whether or not respondents have in inventory any product, fabric, or related material having a plain surface and made of paper, silk, rayon and acetate, nylon and acetate, rayon, cotton or any other material or combinations thereof in a weight of 2 ounces or less per square yard, or any product, fabric, or related material having a raised fiber surface. Respondents shall submit samples of not less than 1 square yard in size of any such product, fabric, or related material with this report.

It is further ordered, That respondents notify the Commission at least 30 days prior to any proposed change in the corporate respondent, such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of this order.

It is further ordered, That the respondent corporation shall forthwith distribute a copy of this order to each of its operating divisions.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this Order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this Order.

Jarmel Fabrics, Inc., and Herman Jarmel

Subpart—Importing, selling, or transporting flammable wear: § 13.1060 *Importing, selling, or transporting flammable wear.*

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended, 67 Stat. 111, as amended; 15 U.S.C. 45, 1191) [Cease and desist order, Jarmel Fabrics, Inc., et al., New York City, Docket No. C-2032, Sept. 8, 1971]

In the Matter of Jarmel Fabrics, Inc., a Corporation, and Herman Jarmel, Individually and as an Officer of Said Corporation

Consent order requiring a New York City wholesaler of fabrics, including a dark green rayon organette fabric designated as style 8060, to cease violating the Flammable Fabrics Act by importing or selling any fabric which fails to conform to the standards of said Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Jarmel Fabrics, Inc., a corporation, and its officers, and Herman Jarmel, individually and as an officer of said corporation, and respondents' representatives, agents, and employees, directly or through any corporate or other device, do forthwith cease and desist from manufacturing for sale, selling, offering for sale, in commerce, or importing into the United States, or introducing, delivering for introduction, transporting or causing to be transported in commerce, or selling or delivering after sale or shipment in commerce, any fabric, product or related material as "commerce", "fabric", "product", and "related material" are defined in the Flammable Fabrics Act as amended, which fabric, product or related material fails to conform to an applicable standard or regulation continued in effect, issued or amended under the provisions of the aforesaid Act.

It is further ordered, That the respondents herein shall, within ten (10) days after service upon them of this order, file with the Commission an interim special report in writing setting forth the respondents' intention as to compliance with this order. This interim special report shall also advise the Commission fully and specifically concerning the identity of the fabric, product or related material which gave rise to the complaint, (1) the amount of such fabric, product or related material in inventory, (2) any action taken to notify customers of the flammability of such fabric, product or related material and the results thereof, and (3) any disposition of such fabric, product or related material since March 17, 1970. Such report shall further inform the Commission whether respondents have in inventory any fabric, product or related material having a plain surface and made of silk, paper, rayon or cotton, acetate and nylon, acetate and rayon, or combinations thereof in a weight of 2 ounces or less per square yard or fabric with a raised fiber surface made of cotton or rayon or combinations thereof. Respondents will submit samples of any such fabric, product or related material with this report. Samples of the fabric, product or related material shall be of not less than 1 square yard of material.

It is further ordered, That respondents notify the Commission at least 30 days prior thereto of any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in

the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

It is further ordered, That the respondents herein either process the fabric which gave rise to this complaint so as to bring them within the applicable standards of the Flammable Fabrics Act, as amended or destroy said fabric.

It is further ordered, That the respondents shall maintain complete and adequate records concerning all fabrics subject to the Flammable Fabrics Act, as amended, which are sold or distributed by them.

It is further ordered, That the respondent corporation shall forthwith distribute a copy of this order to each of its operating divisions.

It is further ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

In the Matter of Leisure Industries, Inc., Doing Business as California Pines Recreational Estates, and Land Researchers, Inc., and Arthur W. Carlsberg, Individually and as an Officer of Leisure Industries, Inc.

Consent order requiring an Alturas, Calif., seller of unimproved real estate to cease violating the Truth in Lending Act by failing to state in its advertisements in prescribed terminology the cash price, the amount of the downpayment, the schedule of repayments, the annual percentage rate, the deferred payment price, the unpaid balance of cash price, and failing to make all other disclosures required by Regulation Z of said Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondents Leisure Industries, Inc., Land Researchers, Inc., and their officers, and Arthur W. Carlsberg, individually and as an officer of Leisure Industries, Inc., and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with arrangement or extension of consumer credit or any advertisement to aid, promote or assist directly or indirectly any arrangement or extension of consumer credit, as "consumer credit" and "advertisement" are defined in Regulation Z (12 CFR Part 226) of the Truth in Lending Act (Public Law 90-321, 15 U.S.C. 1601 et seq.), do forthwith cease and desist from:

1. Causing to be disseminated to the public in any manner whatsoever any advertisement to aid, promote or assist directly or indirectly any extension of consumer credit, which advertisement states, directly or by implication, the amount of the downpayment required or that no downpayment is required, the amount of any installment payment, the dollar amount of any finance charge, the number of installments or the period of repayment, or that there is no charge for credit, unless it states all of the following items in terminology prescribed under § 226.8 of Regulation Z, as required by § 226.10(d)(2) of Regulation Z:

(1) The cash price;

(2) The amount of the downpayment required or that no down-payment is required, as applicable;

(3) The number, amount, and due dates or period of payments scheduled to repay the indebtedness if the credit is extended;

(4) The amount of the finance charge expressed as an annual percentage rate; and

(5) The deferred payment price.

2. Failing to make all the disclosures required by § 226.10(d) of Regulation Z clearly, conspicuously, and in a meaningful manner as required by § 226.6(a) of Regulation Z.

3. Failing in any credit sale to accurately disclose the amount of the "cash price" as required by §§ 226.8(c)(1) and 226.8(o)(7) of Regulation Z.

4. Failing in any credit sale to accurately disclose the amount of the "unpaid balance of cash price" as required by § 226.8(c)(3) of Regulation Z.

5. Failing in any credit sale to accurately disclose the "amount financed" as required by § 226.8(c)(7) of Regulation Z.

6. Failing in any credit sale to accurately disclose the amount of the "finance charge" as it is required to be computed and disclosed by §§ 226.4, 226.8(c)(8)(i), and 226.8(o)(7) of Regulation Z.

7. Failing to disclose the "annual percentage rate" accurately to the nearest quarter of 1 percent, in accordance with §§ 226.5 and 226.8(a)(7) of Regulation Z, as required by §§ 226.8(b)(2), and 226.10 of Regulation Z.

8. Failing, in any consumer credit transaction or advertisement, to make all disclosures, determined in accordance with §§ 226.4, 226.5, and 226.8 of Regulation Z, in the manner, form and amount required by §§ 226.6, 226.8, 226.9, and 226.10 of Regulation Z.

It is further ordered, That respondents deliver a copy of this order to cease and desist to all present and future personnel of respondents engaged in the arranging or extension of consumer credit or in any aspect of preparation, creation or placing of advertising, and that respondents secure a signed statement acknowledging receipt of said order from each such person.

It is further ordered, That respondents shall within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order to cease and desist.

It is further ordered, That respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondents such as dissolution, assignment, or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of this order.

In the Matter of Mr. Beef, Inc., a Corporation, and Donald Bevelheimer, Individually and as an Officer of Said Corporation

Consent order requiring a Toledo, Ohio, seller and distributor of meat and meat products to cease deceptively advertising and falsely guaranteeing its products, failing to disclose the weight loss of its untrimmed meat, discouraging the purchase of any of its advertised food, and failing to give notice to purchasers who sign promissory notes that such notes may be sold to third parties; the respondent is also required to cease violating the Truth in Lending Act by failing to use the terms cash price, downpayment, the number, amounts and due dates of the scheduled payments, the finance charge expressed as an annual percentage rate, and failing to make all other disclosures required by Regulation Z of said Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondent Mr. Beef, Inc., a corporation and its officers, and Donald Bevelheimer, individually and as an officer of said corporation, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of meat or other food products, do forthwith cease and desist from:

1. Disseminating, or causing the dissemination, by means of U.S. mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, of any advertisement which represents directly or by implication:

(a) That any products are offered for sale, when the purpose of such representations is not to sell the offered products, but to obtain prospects for the sale of other products at higher prices.

(b) That any product is offered for sale when such an offer is not a bona fide offer to sell such product.

(c) That any product is guaranteed unless the nature, conditions and extent of the guarantee and the manner in which the guarantor will perform thereunder are clearly and conspicuously disclosed in immediate conjunction therewith.

2. Disseminating or causing the dissemination, of any advertisement by means of U.S. mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which fails to clearly and conspicuously disclose the particular normal average percentage of weight loss of each untrimmed piece of meat offered for sale therein.

3. Discouraging the purchase of, or disparaging in any manner, or encouraging, instructing or suggesting that others discourage or disparage any meat or other food products which are advertised or offered for sale in advertisements, disseminated or caused to be disseminated by means of the U.S. mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act.

4. Misrepresenting in any manner the terms of payment available to purchasers of respondents' meat or other food products.

5. Disseminating or causing the dissemination of advertisements by any means, including those aforesaid, for the purpose of inducing, or which are likely to induce, directly or indirectly, the purchase of food in commerce, as "commerce" is defined in the Federal Trade Commission Act, which contains any of the representations prohibited in paragraph 1 or the misrepresentations prohibited in paragraph 4 or fails to comply with the disclosure requirements of paragraph 2 hereof.

6. Failing to incorporate the following statement on the face of all contracts executed by respondents' customers with such conspicuousness and clarity as is likely to be observed, read and understood by the purchaser:

IMPORTANT NOTICE

If you are obtaining credit in connection with this contract, you will be required to sign a promissory note. This note may be purchased by a bank, finance company, or any other third party. If it is purchased by another party, you will be required to make your payments to the purchaser of the note. You should be aware that if this happens you may have to pay the note in full to the new owner of the note even if this contract is not fulfilled.

It is further ordered, That respondents and respondents' agents, representatives, and employees directly or through any corporate or other device in connection with any advertisement of consumer credit sale of bulk beef or other meat products as "advertisement" and "credit sale" are defined in Regulation Z of the Truth in Lending Act do forthwith cease and desist from:

1. Stating directly or indirectly in any advertisement the amount of the down payment required or that no down payment is required, the amount of any installment payment, the dollar amount of any finance charge, the number of installments or the period of repayment, or that there is no charge for credit, unless all of the following items are stated, in terminology prescribed under § 226.8 of Regulation Z, as required by § 226.10 (d)(2) of Regulation Z:

(i) The cash price or the amount of the loan, as applicable;

(ii) The amount of the down payment required or that no down payment is required, as applicable;

(iii) The number, amount, and due dates or period of payments scheduled to repay the indebtedness if the credit is extended;

(iv) The amount of the finance charge expressed as an annual percentage rate;

(v) Except in connection with the sale of a dwelling, on a first lien loan to purchase a dwelling, the deferred payment price or the sum of the payments, as applicable.

2. Failing, in any consumer credit transaction or advertisement, to make all disclosures in the manner and form required by §§ 226.8 and 226.10 of Regulation Z.

It is further ordered, That a copy of this order to cease and desist be delivered to all operating divisions of the corporate respondent, and to all officers, managers, and salesmen thereof, both present and future, and to any other person now engaged or who becomes engaged in the sale of meat or other food products as respondents' agent, representative or employee, and to secure from each of said persons a signed statement acknowledging receipt of a copy thereof.

It is further ordered, That respondent corporation notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Issued: August 27, 1971.

1. Failing to use the term "cash downpayment" to describe any downpayment in cash, or failing to use the term "trade-in" to describe any downpayment in property, as required by § 226.8(c)(2) of Regulation Z.

2. Failing to use the term "unpaid balance of cash price" to describe the difference between the cash price and the total downpayment, as required by § 226.8(c)(3) of Regulation Z.

3. Failing to use the term "deferred payment price" to describe the sum of the cash price, all other charges individually itemized, and the finance charge, as required by § 226.8(b)(8)(ii) of Regulation Z.

4. Failing to accurately disclose the annual percentage rate computed to the nearest one-quarter of 1 percent in accordance with § 226.5 of Regulation Z, as required by § 226.8(b)(2) of Regulation Z.

5. Failing to disclose the correct number of payments and amount of each payment scheduled to repay the indebtedness so that the sum of such payments will equal the "total of payments", as required by § 226.8(b)(3) of Regulation Z.

6. Failing, in any consumer credit transaction or advertisement, to make all disclosures, determined in accordance with Section 226.4 and Section 226.5 of Regulation Z, in the manner, form and amount required by §§ 226.6, 226.8, 226.9, and 226.10 of Regulation Z.

It is further ordered, That the respondent corporations shall forthwith distribute a copy of this order to each of their operating divisions.

It is further ordered, That respondents deliver a copy of this order to cease and desist to all present and future personnel of respondents engaged in the consummation of any extension of consumer credit or in any aspect of preparation, creation, or placing of advertising, and

that respondents secure a signed statement acknowledging receipt of said order from each such person.

It is further ordered, That respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

In the Matter of Valmor Products Co., a Corporation, and Morton G. Neumann, Individually and as an Officer of Said Corporation

Consent order requiring a Chicago, Ill., seller and distributor of wigs to cease misrepresenting the price at which any of its merchandise was sold, misrepresenting the savings available to purchasers, failing to maintain adequate records to support savings claims, failing to make requested refunds within a reasonable time, and making deceptive guarantees.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That respondent Valmor Products Co., a corporation, and its officers, and Morton G. Neumann, individually and as an officer of said corporation, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the advertising, offering for sale, sale or distribution of wigs and other products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the term "was" or any abbreviation, word, term or expression of similar import or meaning to refer to any amount which is in excess of the price at which such merchandise has been sold or offered for sale in good faith by the respondents for a reasonably substantial period of time in the recent, regular course of their business; or misrepresenting, in any manner, the price at which such merchandise has been sold or offered for sale by the respondents.

2. Falsely representing, in any manner, that savings are available to purchasers or prospective purchasers of respondents' merchandise; or misrepresenting, in any manner, the savings or amount of savings available to purchasers or prospective purchasers of respondents' merchandise.

3. Failing to maintain adequate records for a period of 5 years (a) which disclose the facts upon which any savings claims, including former pricing claims and comparative value claims, and similar representations of the type described in paragraphs 1 and 2 of this order are based, and (b) from which the validity of any savings claims, including former pricing claims and comparative value claims, and similar representations of the type described in paragraphs 1 and 2 of this order can be determined.

4. Failing, when requested, pursuant to a guarantee of satisfaction or of full refund, to refund the purchase price of merchandise within the time specified in respondents' advertisements, or if no time is specified, within a reasonable time not to exceed 30 days.

5. Representing, directly or by implication, that any product or service is guaranteed, unless:

(1) The nature and extent of the guarantee, and the identity of the guarantor and the manner in which the guarantor will perform thereunder are clearly and conspicuously disclosed, and

(2) The guarantor does in fact perform all of the actual and represented obligations under the terms of the guarantee.

It is further ordered, That respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment, or sale resulting in the emergence of a successor corporation, the creation or dissolution of a subsidiary or any other change in the corporation which may affect compliance obligations arising out of the order.

It is further ordered, That respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T.D. 71-255]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADE

Extension of Time on Protest Against Dutiability of Vessel Repairs

Public Law 91-271, approved June 2, 1970, amended section 514, Tariff Act of 1930 (19 U.S.C. 1514) to extend the time in which to file a protest against certain decisions of Custom officers from 60 to 90 days. Protests against the dutiability of foreign purchases and repairs to American vessels are made under section 514. Public Law 91-654, approved January 5, 1971, amended section 466, Tariff Act of 1930, as amended, to add a subsection (c) which provides for certain exemptions from duty on repairs on special purpose vessels. To conform § 4.14(e) of the Customs regulations with the amendments to sections 514 and 466, § 4.14(e) is amended to read:

§ 4.14 Equipment and repairs to American vessels.

* * * * *

(e) An application for relief may be filed with the District Director of Customs alleging that:

(1) An item covered by the entry is not within the class of items liable to duty under section 466(a) of the Tariff Act of 1930, as amended, or

(2) Such item is within the provisions of section 466(b) or 466(c) of the Tariff Act of 1930, as amended, or

(3) Both of the foregoing.

To insure consideration in liquidation of the entry, the application shall be filed within 90 days from the date of entry. Unless the district director is definitely advised that no application will be filed, the liquidation shall be suspended for 90 days to afford an opportunity for such filing. In meritorious cases and upon written request, the district director may authorize a further suspension of 90 days. Applications for relief submitted after those time periods shall not be considered without prior Bureau approval. Inasmuch as an unprotested liquidation insofar as it relates to the classification of items under section 466(a) of the Tariff Act of 1930, as amended, is final at the expiration of 90 days, a subsequent application in regard to such classification cannot be considered in the absence of a timely protest.

of the Republic of Korea extends to vessels of the United States, in ports of the Republic of Korea, privileges reciprocal to those provided in § 4.93 of the Customs regulations. Therefore, vessels of the Government of the Republic of Korea are permitted to transport coastwise empty cargo vans, empty lift vans, empty shipping tanks; equipment for use with cargo vans, lift vans, or shipping tanks; empty barges specifically designed for carriage aboard a vessel; empty instruments of international traffic exempted from application of the customs laws by the Secretary of the Treasury pursuant to the provisions of section 322(a), Tariff Act of 1930 (19 U.S.C. 1322(a)); and stevedoring equipment and material under the conditions specified in the applicable proviso to section 27, Merchant Marine Act, 1920, as amended (46 U.S.C. 883).

Accordingly, paragraph (b)(1) of § 4.93, Customs regulations, is amended by the insertion of the "Republic of Korea" in appropriate alphabetical order in the list of countries under that paragraph. Paragraph (b)(2) of § 4.93, Customs regulations, is also amended by the insertion of the "Republic of Korea" in appropriate alphabetical order in the list of countries under that paragraph.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of Transportation

SUBCHAPTER J—BRIDGES

[CGFR 71-67a]

PART 117—DRAWBRIDGE OPERATION REGULATIONS

Willamette River, Oregon Slough, Oreg.

This amendment changes the regulations for the drawbridges across the Willamette River at Portland, Oreg., by revising the times and days on which the draws may remain closed. The bridges affected are the Multnomah County highway bridges at Broadway, Burnside, Morrison, and Hawthorne Streets and the Union Pacific railroad bridge at Glisan Street. This amendment was circulated as a public notice dated July 21, 1971, by the Commander, 13th Coast Guard District and was published in the FEDERAL REGISTER as a notice of proposed rule making (CGFR 71-67) on July 10, 1971 (36 F.R. 12989). Four responses were received. The Northwest Rivers and Harbors Congress, representing the waterway interests in the area, concurred. One letter of no objection was received. One cautioned against possible detriment to the shipping traffic in Portland and the State of Oregon. The fourth letter recommended extending the closed periods rather than shortening them. The Coast Guard feels that this change will not unduly restrict navigation and will expedite rush hour vehicular traffic.

Accordingly, Part 117 of Title 33, Code of Federal Regulations is amended by striking out the words, "Spokane, Portland and Seattle Ry." wherever they appear in paragraphs (b) and (c) of § 117.750 and inserting the words "Burlington Northern railroad" in place thereof and revising § 117.750(f) to read as follows:

§ 117.750 Willamette River at Portland, Oreg., Columbia River at Vancouver, Wash., and North Portland Harbor (Oregon Slouth), Oreg.; bridges (highway and railroad); Signals.

* * * * *

(f) *Closed periods.* (1) The periods from 7 a.m. to 8:30 a.m. and 4 p.m. to 5:30 p.m. are hereby designated closed periods during which the draw spans of bridges carrying street traffic over Willamette River at Portland shall not be opened to navigation except as below provided, or when necessary to prevent accident.

(2) Closed periods above defined shall not be effective on Saturday, Sunday, New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day, or days observed in lieu of these under State law: *Provided,* That closed periods shall not apply against harbor patrol or fire boats answering calls. At the Broadway Bridge only, oceangoing vessels of 750 gross tons or over that are entering the harbor directly from the ocean may signal and pass through this bridge at any hour. Vessels authorized to pass through bridges during closed periods or in case of emergency when opening of the draw is necessary to prevent accident, shall sound the call signal twice in rapid succession, i.e., with an interval of not over 5 seconds between signals. The Broadway Bridge shall be opened, however, for oceangoing vessels of 750 tons or over under the rule above whether the vessel gives a single or double call signal.

(Sec. 5, 28 Stat. 362, as amended, sec. 6(g)(2), 80 Stat. 937; 33 U.S.C. 499, 49 U.S.C. 1655(g)(2); 49 CFR 1.46(c)(5), 33 CFR 1.05-1(c)(4))

Effective date. This revision shall become effective on November 15, 1971.

Antibiotic Troches; Confirmation of Order Revoking Provisions for Certification

An order was published in the FEDERAL REGISTER of July 14, 1971 (36 F.R. 13089), amending the antibiotic drug regulations to repeal provisions for certification of all antibiotic troches. The order amended Parts 141a, 141e, 146a, 146c, 146e, and 148i by revoking §§ 141a.12, 141a.41, 141e.413, 141e.419, 141e.436, 146a.30, 146a.60, 146c.203, 146e.413, 146e.419, 146e.436, 148i.36, 148i.37, and 148i.38 and all antibiotic certificates issued thereunder.

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050–51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), notice is given that no objections were filed to the above identified order. Accordingly, the amendments promulgated thereby became effective August 23, 1971.

Firms affected by the order will be allowed 30 days after publication hereof in the FEDERAL REGISTER to recall outstanding stocks of the affected drugs. Certification of new stocks has been discontinued.

PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS

Combination Drugs Containing an Antibiotic With Probenecid

In the FEDERAL REGISTER of August 18, 1970 (35 F.R. 13158, DESI 50125) the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration following evaluation of reports received from the National Academy of Sciences—National Research Council, Drug Efficacy Study Group, regarding the following preparation: Potassium Penicillin G with Probenecid marketed as Remanden-250 Tablets (NDA 50–125) by Merck, Sharp & Dohme, Division of Merck & Co., Inc., West Point, Pa. 19486.

The announcement gave notice that the Food and Drug Administration concluded that there is a lack of substantial evidence, within the meaning of the Federal Food, Drug, and Cosmetic Act, that this drug is effective as a fixed combination for its claimed indications.

The Commissioner announced his intention to initiate proceedings to amend the antibiotic drug regulations where necessary by revoking combination drugs of the kind described above from the list of drugs acceptable for certification. The regulations involved describe the conditions for certification of other antibiotic-probenecid preparations as well as of the product mentioned above. These preparations were also implicated by the Commissioner's announcement.

Interested persons who might be adversely affected by removal of this drug from the market were invited to submit within 30 days after publication of the announcement in the FEDERAL REGISTER any pertinent data bearing on the proposal to revoke provisions for certification of such drugs. No data were received in response to the announcement.

Accordingly, the Commissioner concludes (1) that the antibiotic drug regulations should be amended to revoke provision for certification of such antibiotic drugs and (2) that all outstanding certificates heretofore issued for such drugs should be revoked.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050–51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under authority delegated to the Commissioner (21 CFR 2.120), Part 146a is amended as follows:

1. Section 146a.28 *Crystalline penicillin G oral suspension, crystalline penicillin G sodium oral suspension, potassium penicillin G oral suspension* is amended by deleting the words "probenecid and" from the first sentence in paragraph (a).

2. Section 146a.51 *Buffered penicillin powder, penicillin powder with buffered aqueous diluent* is amended:

a. In paragraph (a) by deleting the second sentence which reads: "If intended for human use, it may contain probenecid."

b. In paragraph (b) by revising the last sentence to read: "Each immediate container may be packaged in combination with a container of a suitable and harmless aqueous vehicle."

Any person who will be adversely affected by the removal of any such drug from the market may file objections to this order, request a hearing, and show reasonable grounds for the hearing. The statement of reasonable grounds and request for a hearing shall be submitted in writing within 30 days after publication hereof in the FEDERAL REGISTER, shall state the reasons why the antibiotic drug regulations should not be so amended, and shall include a well organized and full factual analysis of the clinical and other investigational data the objector is prepared to prove in support of his objections.

A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing. When it clearly appears from the data incorporated into or referred to by the objections and from the factual analysis in the request for a hearing that no genuine issue of fact precludes the action taken by this order, the Commissioner will enter an order stating his findings and conclusions on such data.

If a hearing is requested and justified by the objections, the issues will be defined and a hearing examiner named to conduct the hearing. The provisions of Subpart F of 21 CFR Part 2 shall apply to such hearing, except as modified by 21 CFR 146.1(f), and to judicial review in accord with section 701 (f) and (g) of the Federal Food, Drug, and Cosmetic Act. (35 F.R. 7250, May 8, 1970)

Objections and requests for a hearing should be filed (preferably in quintuplicate) with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6–88, 5600 Fishers Lane, Rockville, MD 20852. Received objections and requests for a hearing may be seen in the above office during regular business hours, Monday through Friday.

Effective date. This order shall become effective 40 days after its date of publication in the FEDERAL REGISTER. If objections are filed, the effective date will be extended as necessary for ruling thereon. In so ruling, the Commissioner will specify another effective date and how the outstanding stocks of the affected drugs are to be handled.

(Secs. 502, 507, 52 Stat. 1050–51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357)

Dated: September 30, 1971.

Acting Associate Commissioner for Compliance.

PART 148r—TYROTHRICIN

Confirmation of Order Revoking Provisions for Certification of Tyrothricin and Triethanolamine Polypeptide Cocoate Condensate Shampoo Solution

An order was published in the FEDERAL REGISTER of July 23, 1971 (36 F.R. 13685), amending the antibiotic drug regulations to repeal provisions for certification of tyrothricin-triethanolamine polypeptide cocoate condensate solution. The order amended Part 148r by revoking § 148r.9.

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050–51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), notice is given that no objections were filed to the above identified order. Accordingly the amendment promulgated thereby became effective September 1, 1971.

Dated: September 28, 1971.

Acting Associate Commissioner for Compliance.

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 3—Department of Health, Education, and Welfare

PART 3–4—SPECIAL TYPES AND METHODS OF PROCUREMENT

Subpart 3–4.56—Research Contracts With Educational Institutions in the United States

On August 3, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 14270) stating that the Department of Health, Education, and Welfare was considering an amendment to 41 CFR Chapter 3 by adding a new Subpart 3–4.56—Research Contracts with Educational Institutions in the United States. The purpose of the amendment is to establish Department policy on the review and direction requirements for application in certain research contracts.

Views and arguments respecting the proposed amendment were invited to be submitted within 30 days following publication of the notice in the FEDERAL REGISTER. No comments were received within the 30-day period allowed and the

proposed amendment is hereby adopted without change.

(5 U.S.C. 301; 40 U.S.C. 486(c))

Effective date. This amendment shall become effective 30 days after publication in the FEDERAL REGISTER.

Dated: October 4, 1971.

N. B. HOUSTON,
Deputy Assistant Secretary for Administration.

1. The table of contents for Part 3–4 is amended by adding new Subpart 3–4.56 as follows:

Subpart 3–4.56—Research Contracts With Educational Institutions in the United States

Sec.
3–4.5600 Scope of subpart.
3–4.5601 Changes in research methods, procedures, objectives or phenomena under study.
3–4.5602 Change or absence of the principal investigator or project leader.
3–4.5603 Subcontracting or transferring the research effort.

AUTHORITY: The provisions of this Subpart 3–4.56 issued under 5 U.S.C. 301; 40 U.S.C. 486(c).

2. New Subpart 3–4.56 is added as follows:

Subpart 3–4.56—Research Contracts With Educational Institutions of the United States

§ 3–4.5600 Scope of subpart.

This subpart sets forth the Department's policy on review and direction of research contracts with educational institutions in the United States, and implements Part I, Attachment A, OMB Circular No. A–101, establishing Government policy on review and direction of the research effort under research projects.

§ 3–4.5601 Changes in research methods procedures, objectives or phenomena under study.

(a) Review and direction requirements for research contracts with educational institutions should, whenever possible, permit the principal investigator to change the methods and procedures for conducting the research without obtaining prior Government approval. Significant changes in the methods or procedures utilized by the contractor shall be reported in subsequent technical reports.

(b) In the event the methodology or experiment is stated as a specific objective of the contract, such stated objectives shall not be changed by the contractor without obtaining prior approval from the contracting officer.

(c) The phenomenon or phenomena under study, i.e., the broad category of research, shall not be changed by the contractor without obtaining prior approval of the contracting officer.

(d) The degree of review or direction exercised may vary from contract to contract depending upon the amount of detail used in stating the objectives of the research effort. If the review or direction requirements are to differ from those specified in paragraphs (a), (b), and (c) of this section, the contract should clearly specify such additional or different requirements as necessary.

§ 3–4.5602 Change or absence of the principal investigator or project leader.

(a) The decision as to whether the Department is interested in a proposed research contract is based, to a considerable extent, upon its evaluation of the proposed contractor's principal investigator or project leader's knowledge of the field and his capabilities to manage the contract in an efficient and productive manner. Therefore, the Department desires that the named principal investigator or project leader be continuously responsible for the conduct of the contract and be closely involved with the research efforts.

(b) Written prior approval of the contracting officer is required by the contractor to change the contractor's principal investigator or project leader or to continue work under the contract without participation of the principal investigator or project leader for a period in excess of 3 continuous months. Any substantial reduction in the effort devoted to the contract work by the contractor's principal investigator or project leader also requires the prior written approval of the contracting officer. If the contracting officer determines that the reduction of effort would be so substantial as to impair the successful prosecution of the contract, he may request a change of principal investigator or project leader suitable to the Department, or terminate or appropriately modify the contract.

(c) The provisions of paragraph (b) of this section also apply when the contract identifies coprincipal investigators or project leaders or otherwise includes and identifies additional contractor personnel considered essential to the conduct of the proposed research contract.

§ 3–4.5603 Subcontracting or transferring the research effort.

The Department's decision to enter into a research contract with an educational institution is based in part upon its evaluation of the principal investigator(s) or project leader(s) as well as the support available to the contract from the institution, such as facilities and administrative assistance. During the negotiation of the contract, the contracting officer (contract negotiator) shall to the extent possible, obtain complete information concerning the contractor's plans for subcontracting any portion of the research effort. None of the research effort shall be subcontracted or transferred to another organization without having been specifically set forth in the contract, or without the prior approval of the contracting officer. This does not preclude the purchase of supplies, materials, equipment or general support services. None of the foregoing shall be construed to authorize transfer of a research contract or any interest therein, where prohibited by law.

Chapter 8—Veterans' Administration

PART 8–75—DELEGATIONS OF AUTHORITY

PART 8–95—LOAN GUARANTY AND VOCATIONAL REHABILITATION AND EDUCATION PROGRAMS

Miscellaneous Amendments

Chapter 8 is amended as follows:

1. Section 8–75.201–11 is revised to read as follows:

§ 8–75.201–11 Authority to purchase narcotics and other controlled drugs.

(a) As current provisional Bureau of Narcotics and Dangerous Drugs (BNDD) registration of procurement personnel authorized to purchase narcotics and other controlled drugs expires under the Controlled Substances Act of 1970, Public Law 91–513, registration will be by station.

(b) Authority to register with the BNDD as an authorized agent of the Veterans' Administration to purchase narcotics and other controlled drug substances is delegated to:

(1) Director, VA Hospital.
(2) Director, VA Center.
(3) Director, VA Domiciliary.
(4) Director, VA Outpatient Clinic.
(5) Director, VA Regional Office, Honolulu, Hawaii.
(6) Manager, VA Marketing Center, Hines, Ill.

(c) Form BND–224, Application for Registration Under Controlled Substances Act of 1970, will be prepared and submitted to the Registration Branch, Bureau of Narcotics and Dangerous Drugs, Department of Justice, Post Office Box 28083, Central Station, Washington, DC 20005, through the appropriate Regional Medical Director, for certification as required in Item No. 6 of the form. The Manager, VA Marketing Center will be certified by the Director, Supply Service.

(d) The registrants, named in paragraph (b) of this section, will execute Form BND–231, Power of Attorney, to designate authorized personnel to act for them in obtaining and executing order form, Form BND–222c, for controlled substances listed in schedule I or II of the Act. Executed Form BND–231 will be mailed directly to the address shown in paragraph (c) of this section. Subsequent changes resulting from personnel assignments will also be filed with that office.

2. In § 8–75.201–13, paragraphs (a), (c), and (e) are amended to read as follows:

§ 8–75.201–13 Vocational rehabilitation and education programs.

(a) Except as stated in this section, the authority to negotiate, award, and administer contracts, purchase orders, and other agreements for the expenditure of funds for the vocational rehabilitation program is delegated to:

(1) Chief Benefits Director.

(2) Director, Compensation, Pension, and Education Service.

(3) Director, Regional Office.
(4) Director, VA Center.
(5) Director, Veterans Benefits Office (Washington, D.C.).

* * * * *

(c) The Chief Benefits Director, Director, Compensation, Pension, and Education Service, and Directors, Regional Offices and Centers (hospital and regional office) are delegated authority to execute contracts, agreements, or supplements thereto with educational institutions and other approved agencies for the purpose of providing services relative to the counseling of persons eligible for vocational rehabilitation or educational assistance under title 38, United States Code.

* * * * *

(e) The contracting officers named in paragraphs (a), (b), and (c) of this section may designate one or more of their subordinates and authority is hereby delegated to such subordinates to negotiate, award, and administer contracts, purchase orders, and other agreements for the purposes stated in paragraphs (a), (b), and (c) of this section. Designation of subordinates will be in writing by name or position title and will specifically state the scope and limitations of the contractual authority of each designee.

§ 8–95.208 [Revoked]

3. Section 8–95.208, "Exclusion of Federal admission taxes", is revoked.

4. Section 8–95.209 is revised to read as follows:

§ 8–95.209 Records and reports.

Contracts, agreements, or arrangements will provide for the number and frequency of reports, adequate financial records to support payment for each trainee and maintenance of attendance and progress records. Such records will be preserved for a period of 4 years following the date of the last payment or a longer period if requested by a representative of the General Accounting Office or the Veterans' Administration.

5. Section 8–95.211 is revised to read as follows:

§ 8–95.211 Information concerning correspondence courses.

Specific questions on correspondence courses as to the content of courses, academic credit, and entrance requirements for courses included in Veterans Administration contracts may be directed to the institutions offering the courses.

(Sec. 205(c), 63 Stat. 389, as amended, 40 U.S.C. 486(c); sec. 210(c), 72 Stat. 1114, 38 U.S.C. 210(c))

These regulations are effective November 1, 1971.

Approved: October 4, 1971.

By direction of the Administrator.

Title 45—PUBLIC WELFARE

Chapter XII—Environmental Protection Agency

PART 1201—CONTROL OF AIR POLLUTION FROM NEW MOTOR VEHICLES AND NEW MOTOR VEHICLE ENGINES

Qualification of Low-Emission Vehicles

On June 29, 1971, a notice of proposed rule making was published (36 F.R. 12240) setting forth the text of proposed regulations relating to the Administrator's determination of whether a vehicle qualifies as a "low-emission vehicle" under section 212 of the Clean Air Act (42 U.S.C. 1857f–1 et seq.) as amended by Public Law 91–604. Such regulations were to be considered in conjunction with regulations of the Low-Emission Vehicle Certification Board (40 CFR Part 400).

Comments were received pursuant to the above notice and due consideration has been given to all relevant material presented. The final regulations incorporate appropriate amendments to the regulations as proposed.

Since the standards under these regulations are applicable to 1973 and 1974 model year vehicles only, the deadline for receipt of applications for certification has been changed to help insure that the 1-year certification of a low-emission vehicle does not extend into the 1975 model year, when more stringent standards are required for light-duty vehicles under section 202 of the Act. Standards applicable to 1975 and later model years will be promulgated as soon as practicable. In addition, the regulations delete the requirement that the applicant identify the class or model of vehicles for which his vehicle is proposed as a substitute. The regulations also provide for publication in the FEDERAL REGISTER of receipt of an application for certification and make various minor changes.

The amendments to Part 1201 set forth below are hereby adopted effective on publication in the FEDERAL REGISTER (10–9–71).

Dated: October 4, 1971.

WILLIAM D. RUCKELSHAUS,
Administrator.

Part 1201 of Chapter XII, Title 45 of the Code of Federal Regulations is amended by adding a new Subpart S as follows:

Subpart S—Low-Emission Vehicles

Sec.
1201.320 Definitions.
1201.321 Low-emission vehicle.
1201.322 Application for certification.
1201.323 Test vehicle selection.
1201.324 Data reporting.
1201.325 Testing by the Administrator.
1201.326 Administrator's determination.
1201.327 Postcertification tesing.

AUTHORITY: The provisions of this Subpart S issued under sec. 212, 84 Stat. 1676, Public Law 91–604.

§ 1201.320 Definitions.

(a) As used in this subpart, all terms not defined herein shall have the meaning given them in the Clean Air Act (42 U.S.C. 1857 f–1 et seq.) and in § 1201.1:

(1) "Motor vehicle" means any self-propelled vehicle designed for use in the United States on the highways, other than a vehicle designed or used for military field training, combat, or tactical purposes.

(2) "Inherently low-polluting vehicle" means any low-emission vehicle which is powered by a propulsion system which does not require control devices, for exhaust emissions, external to the engine.

(3) "Anticipated certification period" means the 1-year period which begins 270 days after submission of a completed certification application to the Administrator.

(4) "Model year" as used in this subpart shall have the same meaning as that term has under section 202(b)(3)(A)(i) of the Clean Air Act.

(5) "Light-duty motor vehicle" as used in this subpart means a motor vehicle which may be a suitable substitute for a class or model of light-duty motor vehicles as defined at § 1201.1(a)(5).

§ 1201.321 Low-emission vehicle.

(a) A "low-emission vehicle" for the purpose of being certified as a suitable substitute for any class or model of light-duty motor vehicles means any motor vehicle for which a completed certification application has been filed in accordance with § 1201.322 and which—

(1) Meets the most stringent crankcase emission and fuel evaporative standards which will apply under section 202 of the Clean Air Act during any part of the anticipated certification period to motor vehicles of that type; and

(2) Produces exhaust emissions of (i) hydrocarbons or carbon monoxide which meet the emission standards applicable under section 202 of the Act to model year 1975 gasoline-fueled light-duty vehicles, or (ii) oxides of nitrogen which meet the emission standard applicable under section 202 to model year 1976 gasoline-fueled light-duty vehicles; and

(3) Does not exceed the following exhaust emission standards:

(i) Hydrocarbons—3 grams per vehicle mile;

(ii) Carbon monoxide—28 grams per vehicle mile: and

(iii) Oxides of nitrogen—3.1 grams per vehicle mile; and

(4) Emits no air pollutant other than those pollutants which are emitted by any class or model of motor vehicles for which the applicant vehicle may be a suitable substitute, unless the Administrator determines that such other emissions will not contribute significantly to air pollution which causes or contributes to the endangerment of public health or welfare; and

(5) Does not significantly increase the emissions of any air pollutant not subject to an emission standard under section 202 of the Act by comparison to the emissions of such pollutant by any class

or model of motor vehicles for which the applicant vehicle may be a suitable substitute.

(b) The applicable test procedures for determining compliance with the standards established by paragraph (a) of this section shall be those in effect under section 202 of the Act for 1975 model year gasoline-fueled light-duty motor vehicles, except as provided in § 1201.322(b).

§ 1201.322 Application for certification.

(a) Any person desiring certification of a test vehicle under section 212 of the Clean Air Act shall submit to the Administrator a notice of intent to submit a certification application with respect to such vehicle. The notice of intent shall contain a description of the vehicle, including the propulsion system and the fuel used by it, and such other information as the Administrator may request. The Administrator will transmit a copy of the notice of intent to the Low-Emission Vehicle Certification Board.

(b) As soon as practicable after receipt of a notice of intent to submit a certification application for a vehicle, the Administrator shall determine whether the test procedures required under § 1201.321(b) are applicable to that vehicle. If he determines they are inapplicable, he shall, as soon as practicable thereafter, prescribe test procedures for determining whether such vehicle is a low-emission vehicle, and, if necessary, he shall establish emission standards equivalent to those in effect under paragraph (a) of § 1201.321. He shall also select test vehicles in accordance with § 1201.323.

(c) After completion of testing of all test vehicles in accordance with applicable test procedures and with § 1201.323, the person desiring certification shall submit to the Administrator a written application signed by an authorized representative of the applicant. The application shall contain all emission data from the tests of the emission and durability data test vehicles and all data required by the Board under 40 CFR 400.4, relative to the following vehicle characteristics:

(1) Safety;
(2) Performance characteristics;
(3) Reliability potential;
(4) Serviceability;
(5) Fuel availability;
(6) Noise level; and
(7) Maintenance costs.

(d) Any certification application must be filed prior to July 8, 1972, in order for that vehicle to be eligible for certification, except that the Administrator may, after consultation with the Board, accept an application filed no later than December 31, 1972, if he determines that it is likely that the Board will be able to make the determination required by 40 CFR 400.6 no later than April 2, 1973.

(e) In addition to the information required under this section, and under 40 CFR 400.4, the Administrator may require the applicant to submit any other information which the Administrator deems necessary in determining whether the test vehicle is a low-emission vehicle. The application for certification may be considered incomplete, unless all information required by the Administrator and the Low-Emission Vehicle Certification Board has been submitted.

(f) The Administrator shall, immediately upon receipt of a completed application for certification under paragraph (c) of this section, publish in the FEDERAL REGISTER notice of receipt of the application, the name of the applicant, a brief description of the propulsion system and fuel used by the applicant vehicle, and information concerning the method by which the public may have access to data relating to the emission characteristics of the applicant vehicle.

§ 1201.323 Test vehicle selection.

(a) The test vehicles covered by the application for certification shall be dividend into engine families in accordance with § 1201.89(a)(2) unless the Administrator approves an alternative procedure under § 1201.322(b).

(b) Except as the Administrator may require pursuant to § 1201.322(b), the applicant shall test or cause to be tested two durability data vehicles of each engine-system combination and four emission data vehicles of each engine family described in the notice of intent. The test vehicles shall be selected by the Administrator upon receipt of the notice of intent and after consultation with the Board to determine the models or classes of vehicles for which the test vehicle may be a suitable substitute.

§ 1201.324 Data reporting.

(a) All data on emission data and durability data test vehicles shall be reported in accordance with §§ 1201.53(a) and 1201.91(d).

(b) For the purpose of this subpart § 1201.91(e) shall not apply.

§ 1201.325 Testing by the Administrator.

The Administrator may require that any one or more of the applicant's test vehicles be submitted to him, at such place or places and at such time or times as he may designate for the purpose of conducting emission tests.

§ 1201.326 Administrator's determination.

(a) The Administrator shall, within 90 days after receipt of a completed application for certification, determine whether the applicant vehicle is a low-emission vehicle. Such determination shall be based upon an evaluation of the data provided to the Administrator in the application for certification, any supporting information the Administrator may obtain from the applicant, any relevant information obtained from the public, and the results of any testing the Administrator may have conducted in accordance with § 1201.325.

(b) The Administrator shall, immediately upon making the determination required in paragraph (a) of this section, publish in the FEDERAL REGISTER notice of such determination and the reasons therefor.

(c) The Administrator may make any recommendation which he deems appropriate concerning whether any applicant vehicle is an inherently low-polluting vehicle.

(d) If at any time after making an affirmative determination under paragraph (a) of this section but prior to certification by the Board, the Administrator obtains information which demonstrates that the applicant vehicle is not a low-emission vehicle, he may revoke such determination. The Administrator must immediately thereafter notify the Board and publish in the FEDERAL REGISTER notice of such revocation and the reasons therefor.

§ 1201.327 Postcertification testing.

The Administrator shall at the request of the Board, test the emissions from certified low-emission vehicles purchased by the Federal Government. If these tests show that the emissions exceed the rates on which the Administrator based his determination under § 1201.326, the Administrator shall notify the Board.

Chapter II—National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce

SUBCHAPTER F—AID TO FISHERIES

PART 259—CAPITAL CONSTRUCTION FUND

Application for Interim Agreements

The Merchant Marine Act, 1936, as amended by the Merchant Marine Act of 1970 (Public Law 91-469), provides under section 607 that citizens of the United States may enter into agreements with the Secretary of Commerce with respect to certain tax benefits on moneys deposited in a Capital Construction Fund for the purpose of replacing, adding, or reconstructing vessels for operation in, among other things, the fisheries of the United States. This function, insofar as it concerns vessels for operation in the fisheries of the United States, has been delegated to the Administrator, National Oceanic and Atmospheric Administration.

The purpose of this notice is to publish the final form of Interim Capital Construction Fund Agreement to be used for vessels for operation in the fisheries of the United States, to give instructions for making application to enter into such an agreement, and to invite comments about a form of permanent Capital Construction Fund Agreement yet to be completed. The Interim Capital Construction Fund Agreement is necessary because the Administrator has not yet completed development of the regulations which will govern the establishment of a form of permanent Capital Construction Fund Agreement.

These regulations and the form of Interim Capital Construction Fund Agreement are substantially similar to those which the Assistant Secretary of Commerce for Maritime Affairs published in proposed form in the FEDERAL REGISTER of April 6, 1971 (36 F.R. 6519). Therefore, it was deemed unnecessary to invite public comments on these interim regulations. The Administrator, however, hereby invites interested parties to submit written comments regarding the contents and form of the permanent Capital Construction Fund Agreement and related regulations. Such comments should be submitted, within 60 days following the date of publication of this document in the FEDERAL REGISTER, to the Director, National Marine Fisheries Service, Room 3356, Interior Building, Washington, D.C. 20235.

Joint temporary regulations were previously issued by the Secretary of Commerce and the Secretary of the Treasury providing, essentially, that a party may enter into a Capital Construction Fund Agreement for the taxable year 1970, even though his income tax return has been filed for that year, providing he does so prior to January 1, 1972, or within 60 days after the publication of final joint regulations if the latter is earlier.

The final form of the Interim Capital Construction Fund Agreement is attached as an appendix to this § 259.1.

Section 259.1 read as follows:

§ 259.1 Application for Interim Agreement.

(a) *General qualifications.* To be eligible to enter into an Interim Capital Construction Fund Agreement (Interim Agreement) an applicant must:

(1) Be a citizen of the United States as defined in subsection 905(c) of the Merchant Marine Act, 1936, as amended (Act);

(2) Own or lease one or more eligible vessels operating in the fisheries of the United States and earning a significant income from catching, processing, or transporting fish, shellfish, or other living marine resources for commercial purposes such as marketing or processing the catch;

(3) Have a program for the acquisition, construction, or reconstruction of one or more qualified vessels. Reconstruction shall mean a rebuilding of the hull or hull and engine of such magnitude that the actual cost is more than 30 percent of the replacement value of each vessel reconstructed.

(b) *Content of application.* Parties seeking an Interim Agreement may make application by letter providing the following information:

(1) Proof of U.S. citizenship;

(2) The first taxable year for which the Interim Agreement is to apply;

(3) The following information regarding each "eligible vessel" or "qualified vessel" owned or leased by an applicant for operation in the fisheries of the United States which is to be designated as an "agreement vessel" (i.e., to be incorporated in Schedule A of the Interim Agreement) for the purpose of making deposits into a Capital Construction Fund pursuant to section 607 of the Act:

(i) Name of vessel,

(ii) Type of vessel (i.e., catching vessel, processing vessel, transporting vessel),

(iii) General characteristic (i.e., net tonnage, fish-carrying capacity, age, length, type of fishing gear),

(iv) Whether owned or leased and, if leased, the name of the owner, and a copy of the lease,

(v) Date and place of construction,

(vi) If reconstructed, date of redelivery and place of reconstruction,

(vii) Date last documented under the laws of the United States for operation in the fisheries of the United States,

(viii) Fishery of operation (which in this section means each species or group of species of fish, shellfish, or other living marine resources which each vessel catches, processes, or transports for commercial purposes such as marketing or processing the catch),

(ix) Area of operation (which in this section means the general geographic areas in which each vessel will catch, process, or transport for commercial purposes each species or group of species of fish, shellfish, or other living marine resources);

(4) The general objectives to be achieved by the accumulation of assets in a Capital Construction Fund (to be incorporated in Schedule B of the Interim Agreement) including, the Parties best estimate of, the anticipated number, type, general characteristics, costs, and the amount of indebtedness to be paid, for vessels already, or to be, constructed, acquired, or reconstructed, and the anticipated fishery and area of operation of such vessels.

(5) A financial statement (indicating the nature of all costs of operation and sources of vessel income) for the past 4 years of each agreement vessel's operation or, if not owned or leased for at least such period, then for such lesser period as the vessel has been owned or leased.

(6) Subparagraphs (4) and (5) of this paragraph appear to involve commercial and financial information normally considered privileged or confidential and not customarily made public by a businessman. A specific written request must accompany the application if the Applicant wishes this information to be withheld from disclosure. The Administrator, National Oceanic and Atmospheric Administration, will endeavor to respect such request.

(7) The name and address of each depository in which the assets of a Capital Construction Fund will be deposited.

(c) *Sufficiency of application.* The sufficiency of any application shall be determined by the Administrator, National Oceanic and Atmospheric Administration, or his delegate.

(d) *Filing.* Letters of application must be signed and submitted to the National Marine Fisheries Service, Financial Assistance Division, 1801 North Moore Street, Arlington, VA 22209.

Effective date. This regulation shall be effective as of its date of publication in the FEDERAL REGISTER (10-9-71).

(Sec. 204, 49 Stat. 1987, as amended; 46 U.S.C. 1114; Public Law 91-469, 84 Stat. 1018; sec. 21(a), 84 Stat. 1026)

Dated: October 8, 1971.

By Order of the Administrator, National Oceanic and Atmospheric Administration.

ROBERT M. WHITE,
Administrator.

APPENDIX—INTERIM CAPITAL CONSTRUCTION FUND AGREEMENT

This Interim Capital Construction Fund Agreement (the "Agreement"), made on ----------, 197--, by and between the Secretary of Commerce (the "Secretary") and ---------- (the "Party"), a citizen of the United States.

Witnesseth:

Whereas:

1. The Party has applied for establishment of an Interim Capital Construction Fund (the "Interim Fund") under section 607 of the Merchant Marine Act, 1936, for the purpose of providing replacement, additional, or reconstructed vessels for operation in the fisheries of the United States;

2. The Secretary after appropriate findings and determinations has authorized the award of an Interim Capital Construction Fund Agreement to the Party upon the terms and conditions set forth in this Agreement and subject to the provisions of the Merchant Marine Act, 1936, as amended from time to time (the "Act"), and to such rules and regulations as the Secretary of Commerce or his delegate shall from time to time prescribe, either alone or jointly with the Secretary of the Treasury, as necessary to carry out the

powers, duties, and functions vested in them by the Act (the "Rules and Regulations").

Now, therefore, in consideration of the premises, it is hereby agreed:

I. *Establishment of Interim Fund.* An Interim Fund is hereby established for the purposes set forth in Article III. During the term of this Agreement deposits into and withdrawals from the Interim Fund shall be made only in accordance with the provisions, conditions and requirements of the Act, this Agreement, and the Rules and Regulations.

II. *Term of the Agreement.* This Agreement shall terminate:

A. Upon failure of the Party to make application for a permanent Capital Construction Fund Agreement (the "Permanent Agreement") within sixty (60) days after notice in the FEDERAL REGISTER that the final form of such Permanent Agreement and form of application, if any, have been adopted by the Secretary.

B. Upon denial by the Secretary of a timely-filed application for a Permanent Agreement.

C. By mutual consent.

D. Upon failure to execute a Permanent Agreement within ninety (90) days after tender by the Secretary of such Agreement for execution by the Party.

E. At the option of the Secretary, upon a determination pursuant to subsection (f)(2) of section 607 of the Act that a Party has failed to fulfill a substantial obligation under this Agreement, or if the Party has made any material misrepresentation in connection with this Agreement.

F. Upon the execution by the Secretary and the Party of a Permanent Agreement.

In the case of terminations occasioned by the events described in sections (A), (B), (C), (D), and (E) above, the provisions of the Internal Revenue Code of 1954 shall apply as though this Agreement had not been executed.

If this Agreement is terminated by virtue of the execution of a permanent agreement under (F) above, no interval shall be deemed to occur between the Interim and Permanent Agreement. The assets then on deposit in the Interim Fund, to the extent found necessary and appropriate by the Secretary for carrying out the program set forth in the Permanent Agreement, shall be transferred to the corresponding accounts in the Permanent Fund under the Permanent Agreement.

III. *Purposes of the Interim Fund.* The Interim Fund established by this Agreement shall be for the purposes of providing for qualified withdrawals during the term of this Agreement (1) to provide for the replacement, addition, or reconstruction of qualified vessels in accordance with the general objectives contained in Schedule B of this Agreement; and/or (2) provide for the payment of the principal on indebtedness incurred in connection with the acquisition, construction, or reconstruction of a qualified vessel; and (3) to provide for transfer to a Permanent Agreement of such amounts as may be approved by the Secretary under Article II of this Agreement. For the purpose of item (2) in the preceding sentence, an eligible vessel may also be a qualified vessel.

IV. *Approved Depositories.* All assets of the Interim Fund shall be maintained in the following depositories:

(Insert the name of the depositories)

V. *Deposits to be made in the Interim Fund.* A. In order to carry out the purposes of section 607 of the Act as more specifically set forth in Schedule B of this Agreement, for each of the taxable years covered by this Agreement;

1. The Party shall deposit in any order all amounts received from the following:

a. Receipts (earnings) from the investment and reinvestment of amounts held in the Interim Fund; and

b. Except as shall be specifically exempted from deposit by the Secretary, net proceeds from (i) the sale or other disposition (including any mortgage) of any agreement vessel, and (ii) any insurance or indemnity attributable to any agreement vessel resulting from total loss whether such loss was determined by compromise, constructively, or by agreement.

2. In addition to the deposits required by section (A)(1) of this Article V, the Party may make deposits in any order and amount but not in excess of the sum of:

a. One hundred percent of the taxable income attributable to the operation of the agreement vessels in the fisheries of the United States;

b. The amount allowable as a deduction under section 167 of the Internal Revenue Code of 1954 for such year with respect to the agreement vessels; and

c. Net proceeds not required to be deposited under section (A)(1)(b) of this Article V from (i) the sale or other disposition (including any mortgage) of any agreement vessel, and (ii) any insurance or indemnity attributable to any agreement vessel.

In no event may the deposits of taxable income from agreement vessels for any taxable year exceed 100 percent of the taxable income of the Party for such year. Deposits may be made to the ordinary income, capital gain, and capital accounts from any moneys or funds of the Party, however, the Federal income tax treatment of any deposit shall be that specified under section 607 of the Act.

B. Deposits which are determined by subsequent audit to exceed the limitations stated in section (A) of this Article V may be applied as deposits applicable to a subsequent taxable year either under this agreement or an immediately succeeding Permanent Agreement. In the event that upon subsequent audit it is determined that amounts deposited in the Interim Fund for any taxable year fall below the maximum limitations stated in section (A) of this Article V, additional deposits may be made applicable to such taxable year.

C. Deposits may be made in the form of mortgages and evidences of indebtedness received in connection with transactions referred to in section (A) of this Article V.

D. With respect to any leased vessel covered by this Agreement, the maximum amount which may be deposited by the Party for any taxable year may be increased by the amount allowable to the owner as a deduction under section 167 of the Internal Revenue Code of 1954 that the owner does not deposit under an Agreement for that year. Such deposits by the Party shall be added to the amount in the capital account as a deposit of depreciation.

VI. *Withdrawals from the Interim Fund.* A. Prior to making a withdrawal, or a related series of withdrawals, the Party must obtain the consent of the Secretary, and, if required by the Secretary, must amend and supplement Schedule B. A withdrawal made for the purposes sepcified in Schedule B of the Agreement, as so amended and supplemented, shall be treated as a "qualified withdrawal" within the meaning of subsection 607(f) of the Act except as otherwise provided in section (B) of this Article VI. Any withdrawal which is not a qualified withdrawal shall be treated as a nonqualified withdrawal or a withdrawal pursuant to subsection 607(1), as the case may be.

B. The Secretary may from time to time determine that the addition of a significant degree of fishing effort to the existing fleet in any specific segment or segments of the fisheries will be inconsistent with the wise use of the fisheries resource involved, and inconsistent with the development, advancement, management, conservation, or protection of that resource (the "Closed Fishery"). Prior to his making a final determination the Secretary shall give notice of his intention to make such determination and afford an opportunity for hearing by publishing a proposed regulation in the FEDERAL REGISTER establishing that qualified withdrawals may not be made from the Interim Fund if such withdrawals would introduce a significant degree of additional fishing effort into the Closed Fishery. If, after notice and opportunity for hearing, the Secretary makes a determination and gives notice thereof by promulgating a regulation in the FEDERAL REGISTER, the party affected thereby may:

1. Make a qualified withdrawal in accordance with section (A) of this Article VI: *Provided*, That a degree of fishing effort substantially equivalent to any additional degree of fishing effort to be introduced into any Closed Fishery as a result of such qualified withdrawal is permanently removed by such Party from all fishing effort in that Closed Fishery; or

2. Amend Schedule B with the Secretary's consent; or

3. Make a nonqualified withdrawal in accordance with section (A) of this Article VI in such manner as the Secretary determines to be equitable to the Party by allowing the Party to withdraw all of the assets in the Interim Fund, or specified portions thereof, over a period of time; or

4. Continue the Interim Fund, and all or a portion of the assets in it: *Provided*, That it appears to the Secretary that a qualified withdrawal may at some later time be reasonably expected to occur.

In the case of nonqualified withdrawal in accordance with this Article VI, the provisions of the Internal Revenue Code of 1954 shall apply as though this Agreement had not been executed with respect to the funds withdrawn.

VII. *Investment of the Interim Fund.* Investments shall be made in accordance with the following requirements and such additional requirements as the Secretary may by rules and regulations prescribe from time to time.

A. The assets of the Interim Fund may be invested in obligations of the U.S. Government or of any agency or instrumentality thereof, bankers acceptances and negotiable certificates of deposit which are readily marketable and which are issued by members of the Federal Deposit Insurance Corporation and the Federal Reserve System, and commercial paper which is readily marketable and of one of the two highest grades as rated by Standard and Poor's Corp. All of the foregoing investments shall mature not later than 1 year from the date of their purchase.

B. No person shall buy on margin or effect the short sale of any security when acting for the account of the Interim Fund.

C. Assets of the Interim Fund may not be invested in securities of any of the following:

1. The Party;

2. A subsidiary of the Party;

3. A related company of the Party; or

4. Any issuer under common control with the Party, or owning or controlling more than 10 percent of the Party's voting securities.

VIII. *Pledges and Assignments Prohibited.* The Party covenants and agrees that, without the prior written consent of the Secretary, neither the Party nor a trustee nor any other person shall pledge or assign all or any portion of this Agreement, the Interim Fund, or any assets in the Interim Fund.

IX. *Related Companies.* Where affiliates, subsidiaries, holding companies or other persons related to the Party, directly or indirectly, are involved in the financing, acquisition, construction, or reconstruction of a qualified vessel, the Party shall make written application to the Secretary for approval of the transaction not less than thirty (30) days prior to the execution thereof. Withdrawals with respect to such transactions before such approval is granted shall be treated as nonqualified withdrawals unless otherwise approved by the Secretary.

X. *Records and Reports.* A. The Party and every affiliate, domestic agent, subsidiary, or holding company connected with, or directly or indirectly controlling or controlled by, the Party (1) shall keep its books, records, and accounts relating to the property and to the maintenance, operation, and servicing of the vessel(s) and service(s) covered by this Agreement in such form and under such conditions as may be prescribed by the Secretary, but the Secretary shall not require the duplication of books, records, and accounts required to be kept in some other form by the Secretary of the Treasury so long as such information is made available to the Secretary, and (2) shall file, upon notice from the Secretary, balance sheets, profit and loss statements, and such other statements of financial operations, special reports, memoranda of facts and transactions, as in the opinion of the Secretary reveal the financial results in the performance of, or transactions or operations under, this Agreement. The Secretary reserves the right to require that all or any of such statements, reports and memoranda shall be certified by independent certified public accountants acceptable to the Secretary. The Party shall from time to time establish and maintain such checks upon or systems of control of expenditures or revenues in connection with the operation of the agreement vessel(s) as the Secretary may require.

B. The Secretary is hereby authorized to examine and audit the books, records, and accounts of all persons referred to in section (A) of this Article X whenever he may deem it necessary or desirable.

XI. *Warranties and Representations by the Party.* The Party hereby warrants, represents, and agrees as follows:

A. That the Party is, and at all times during the period of this Agreement, will continue to be a citizen of the United States within the meaning of subsection 905(c) of the Act;

B. That the Party owns or leases the eligible vessels, as that term is defined in subsection 607(k) of the Act, set out in Schedule A of this Agreement;

C. That the vessels referred to in Schedule B of this Agreement:

1. Were, or will be, constructed or reconstructed in the United States;

2. Were, or will be, documented under the laws of the United States for operation in the fisheries of the United States; and

3. Are, or will be, operated in the fisheries of the United States and the areas of operation specified in Schedule B.

D. That the Party will during the term of this Agreement comply with the provisions of this Agreement, of the Act, and of the Rules and Regulations.

XII. *Effective Dates.* This Agreement is binding upon execution and shall be effective for purposes of withdrawals from the Interim Fund in accordance with Rules and Regulations issued by the Secretary and for purposes of deposits the effective date(s) shall be as prescribed in joint Rules and Regulations issued by the Secretary and the Secretary of the Treasury.

XIII. *Modification, Amendment and Extension.* This Agreement may be modified, amended, or extended by mutual consent.

XIV. *Miscellaneous Provisions.* A. The use of headnotes at the beginning of the Articles in this Agreement is for the purpose of description only and shall not be construed as limiting or in any other manner affecting the substance of the Articles themselves.

B. The "Secretary" shall mean the Secretary of Commerce or any official or body from time to time duly authorized to perform the duties and functions of the Secretary of Commerce under the Act (including the Administrator, National Oceanic and Atmospheric Administration, or his authorized delegate).

In witness whereof, the Secretary and the Party have executed this Agreement in duplicate, effective as of the date hereinbefore first mentioned.

UNITED STATES OF AMERICA,
SECRETARY OF COMMERCE,
National Oceanic and Atmospheric Administrator.

ORANGES, GRAPEFRUIT, TANGERINES, AND TANGELOS GROWN IN FLORIDA

Proposed Grade and Size Limitations

Consideration is being given to the following proposals submitted by the Growers Administrative Committee, established under the marketing agreement, as amended, and Order No. 905, as amended (7 CFR Part 905), regulating the handling of oranges, grapefruit, tangerines, and tangelos grown in Florida effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). The proposals would extend current grade and size limitations, for the period October 18, 1971, through October 1, 1972, applicable to oranges, including Navel, but not including Temple, Murcott Honey, and Valencia, Lue Gim Gong, and similar late maturing oranges of the Valencia type, grapefruit, tangerines, and tangelos handled between the production area and any point outside thereof in the continental United States, Canada, or Mexico; and oranges (except Navel, Temple, and Murcott Honey oranges), grapefruit, and tangelos handled to any destination outside the continental United States, other than to Canada or Mexico.

The proposed grade and size limitations, for the specific varieties of oranges, grapefruit, tangerines, and tangelos are designed to continue in effect the current quality and size requirements for such fruits consistent with (1) the available supply and the demand for such fruits; and (2) improving returns to producers pursuant to the declared policy of the act.

The regulatory proposals are as follows:

§ 905.536 Orange Regulation 69.

(a) *Order.* During the period October 18, 1971, through October 1, 1972, no handler shall ship between the production area and any point outside thereof in the continental United States, Canada, or Mexico:

(1) Any oranges, except Navel, Temple, Murcott Honey oranges, and Valencia, Lue Gim Gong and similar late maturing oranges of the Valencia type, grown in the production area, which do not grade at least U.S. No. 1;

(2) Any oranges, except Navel, Temple, Murcott Honey oranges, and Valencia, Lue Gim Gong and similar late maturing oranges of the Valencia type, grown in the production area, which are of a size smaller than 2$^{8}/_{16}$ inches in diameter, except that a tolerance of 10 percent, by count, of oranges smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the U.S. Standards for Florida Oranges and Tangelos: *Provided*, That in determining the percentage of oranges in any lot which are smaller than 2$^{8}/_{16}$ inches in diameter, such percentage shall be based only on those oranges in such lot which are of a size 2$^{11}/_{16}$ inches in diameter or smaller;

(3) Any Navel oranges, grown in the production area, which do not grade at least U.S. No. 1 Golden; or

(4) Any Navel oranges, grown in the production area, which are of a size smaller than 2$^{8}/_{16}$ inches in diameter, except that a tolerance of 10 percent, by count, of oranges smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the U.S. Standards for Florida Oranges and Tangelos.

§ 905.535 Grapefruit Regulation 71.

(a) *Order.* During the period October 18, 1971, through October 1, 1972, no handler shall ship between the production area and any point outside thereof in the continental United States, Canada, or Mexico:

(1) Any seeded grapefruit, grown in the production area, which do not grade at least U.S. No. 1;

(2) Any seeded grapefruit, grown in the production area, which are smaller than 3$^{1}/_{16}$ inches in diameter, except that a tolerance of 10 percent, by count, of seeded grapefruit smaller than such minimum size shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the U.S. Standards for Florida Grapefruit;

(3) Any seedless grapefruit, grown in Regulation Area I, which do not grade at least U.S. No. 1;

(4) Any seedless grapefruit, grown in Regulation Area II, which do not grade at least Improved No. 2; or

(5) Any seedless grapefruit, grown in the production area, which are smaller than 3$^{7}/_{16}$ inches in diameter, except that a tolerance of 10 percent by count, of seedless grapefruit smaller than such minimum size shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the U.S. Standards for Florida Grapfruit.

§ 905.537 Tangerine Regulation 42.

(a) *Order.* During the period October 18, 1971, through October 1, 1972, no handler shall ship between the production area and any point outside thereof in the continental United States, Canada, or Mexico:

(1) Any tangerines, grown in the production area, which do not grade at least U.S. No. 1; or

(2) Any tangerines, grown in the production area, which are of a size smaller than 2$^{4}/_{16}$ inches in diameter, except that a tolerance of 10 percent, by count, of tangerines smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the U.S. Standards for Florida Tangerines.

§ 905.538 Tangelo Regulation 42.

(a) *Order.* During the period beginning October 18, 1971, through October 1, 1972, no handler shall ship between the production area and any point outside thereof in the continental United States, Canada, or Mexico:

(1) Any tangelos, grown in the production area, which do not grade at least U.S. No. 1; or

(2) Any tangelos, grown in the production area, which are of a size smaller than 2$^{8}/_{16}$ inches in diameter, except that a tolerance of 10 percent, by count, of tangelos smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the U.S. Standards for Florida Oranges and Tangelos.

§ 905.539 Export Regulation 20.

(a) *Order.* During the period October 18, 1971, through October 1, 1972, no handler shall ship to any destination outside the continental United States, other than to Canada or Mexico:

(1) Any oranges, other than Navel, Temple, and Murcott Honey oranges,

grown in the production area, which do not grade at least U.S. No. 1;

(2) Any grapefruit, grown in the production area, which do not grade at least Improved No. 2;

(3) Any tangelos, grown in the production area, which do not grade at least U.S. No. 1;

(4) Any oranges, except Navel, Temple, and Murcott Honey oranges, grown in the production area, which are of a size smaller than 2 1/16 inches in diameter, except that a tolerance of 10 percent, by count, of oranges smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the amended U.S. Standards for Florida Oranges and Tangelos;

(5) Any grapefruit, grown in the production area, which are of a size smaller than 3 5/16 inches in diameter, except that a tolerance of 10 percent, by count, of grapefruit smaller than such minimum diameter shall be permitted which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the revised U.S. Standards for Florida Grapefruit;

(6) Any tangelos, grown in the production area, which are of a size smaller than 2 5/16 inches in diameter, except that a tolerance of 10 percent, by count, of tangelos smaller than such minimum diameter shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in said amended U.S. Standards for Florida Oranges and Tangelos; or

(7) Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order; and terms relating to grade and diameter, as used in proposed §§ 905.535 through 905.539, shall have the same meaning as is given to the respective terms in the following U.S. standards, as applicable: U.S. Standards for Florida Oranges and Tangelos (§§ 51.1140–51.1178 of this title), the revised U.S. Standards for Florida Grapefruit (§§ 51.750–51.783 of this title), or the U.S. Standards for Florida Tangerines (§§ 51.1810–51.1834 of this title).

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals should file the same in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112A, Washington, D.C. 20250, not later than the fifth day after the publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the Office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

CHEESE PRODUCT IDENTITY STANDARDS

Proposed Listing of Anhydrous Milkfat and Dehydrated Cream as Optional Ingredients

Notice is given that a petition has been filed by the National Cheese Institute, Inc., 110 North Franklin Street, Chicago, Ill. 60606, proposing that standards of identity for pasteurized process cheese, pasteurized process cheese food, pasteurized process cheese spread, pasteurized neufchatel cheese spread with other foods and cold-pack cheese food (21 CFR 19.750, 19.765, 19.775, 19.783, and 19.787) be amended to permit optional use of anhydrous milkfat and dehydrated cream as ingredients.

In the pasteurized process cheese standard the proposed ingredients would be listed with cream in § 19.750(d)(2), and the limitation now found in that section on quantity of cream used would apply to all three dairy ingredients, singlely or in combination. In the other affected standards, the two new ingredients would be added to listings of optional dairy ingredients found in §§ 19.765(d), 19.775(d), 19.783(b)(5), and 19.787(d).

The petitioner recognizes that, due to cross-referencing, adoption of the proposed amendments to § 19.750 would in effect amend §§ 19.751, 19.755, 19.760, and 19.763; adoption of the proposed amendment to § 19.765 would in effect amend § 19.770; adoption of the proposed amendment to § 19.775 would in effect amend §§ 19.776, 19.780, and 19.781; and adoption of the proposed amendment to § 19.787 would in effect amend § 19.788.

Grounds given in support of the proposal are (1) that addition of small amounts of milkfat is sometimes required to adjust the fat content of process cheese products, and (2) that dehydrated cream and anhydrous milkfat are convenient forms of fat for such addition.

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended by 70 Stat. 919 and 72 Stat. 948; 21 U.S.C. 341, 371) and in accordance with authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), interested persons are invited to submit their views in writing (preferably in quintuplicate) regarding this proposal within 60 days after its date of publication in the FEDERAL REGISTER. Such views and comments should be addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, Md. 20852, and may be accompanied by a memorandum or brief in support thereof. Comments received may be seen in the above office during business hours, Monday through Friday.

APPROVAL OF MORTGAGEES

Notice of Proposed Rule Making

The Department proposes to amend § 203.7 *Withdrawal of approval*, of Chapter II of Title 24 of the Code of Federal Regulations by adding a new cause for withdrawal of approval of mortgagees who have been approved for holding and servicing mortgages insured by this Department under the National Housing Act. The proposed new cause for withdrawal of approval would be the payment of a fee by a mortgagee to a real estate agent or agency or other person or firm as compensation for placing a loan with the mortgagee.

All interested persons are invited to submit written comments or suggestions in triplicate with respect to this proposal on or before November 8, 1971, addressed to the Rules Docket Clerk, Office of General Counsel, Room 10256, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC

20410. All relevant material will be considered before adoption of a final rule. A copy of each communication will be available for public inspection during regular business hours at the above address.

The proposed amendment to § 203.7, Part 203, which would add a new paragraph (a) (6) and renumber present paragraph (a) (6) as (a) (7), is set out in full below.

§ 203.7 Withdrawal of approval.

(a) Approval of a mortgagee may be withdrawn at any time by notice from the Commissioner, by reason of:

* * * * *

(6) The payment of any fee, kickback, or other consideration, directly or indirectly, in connection with any insured mortgage transaction or transactions to any person (including an escrow agent, title company, consultant, mortgage broker, seller, builder, or real estate agent) if such person has received any other payment or other consideration from the mortgagor, the seller, the builder, or any other person for services related to such transaction or transactions or from or related to the purchase or sale of the mortgaged property.

(7) Such other reason as the Commissioner determines to be justified.

NORTH RIVER, MASS.

Supplemental Proposed Drawbridge Operations

On June 4, 1971, the Commander, First Coast Guard District circulated a public notice requesting comments on a proposal to amend the regulations governing the Route 3A bridge across the North River to allow the drawbridge to be permanently maintained in the closed position. This notice was also published as a notice of proposed rule making in the FEDERAL REGISTER on June 3, 1971 (36 F.R. 10799).

As a result of the comments received the proposal is being reconsidered and the draw of the Union Street bridge which is presently required to open on signal is being included in the proposal.

It is now proposed to revise the regulations to provide that from May 1 through October 31 the draws of both the Route 3A and Union Street bridges shall open on signal if at least 4 hours notice has been given. From November 1 through April 30 the draws will open on signal if at least 24 hours' notice has been given. There would be no change in the existing regulation of the Route 3A bridge.

Interested persons may participate in this proposed rule making by submitting written data, views, or arguments to the Commander (oan), First Coast Guard District, J. F. Kennedy Federal Building, Government Center, Boston, Mass. 02203. Each person submitting comments should include his name and address, identify the bridge, and give reasons for any recommended change in the proposal. Copies of all written communications received will be available for examination by interested persons at the office of the Commander, First Coast Guard District.

The Commander, First Coast Guard District, will forward any comments received before November 16, 1971, with his recommendations to the Chief, Office of Marine Environment and Systems, who will evaluate all communications received and take final action on this proposal. The proposed regulations may be changed in the light of comments received.

In consideration of the foregoing, it is proposed that Part 117 of Title 33 of the Code of Federal Regulations be amended by revising § 117.77 to read as follows:

§ 117.77 North River, Mass.; bridges at Route 3A and Union Street.

(a) From May 1 through October 31 the draws shall open on signal if at least 4 hours' notice has been given.

(b) From November 1 through April 30 the draws shall open on signal if at least 24 hours' notice has been given.

(c) The owner of or agency controlling each bridge shall post a notice of the contents of this section in such a manner that it can be easily read from an approaching vessel, on both the upstream and downstream sides of the bridges. This notice shall state how advance notice should be given.

(d) The operating machinery of the draws shall be maintained in serviceable condition, and the draws opened and closed at least every 3 months to make certain that the machinery will function properly for satisfactory operation.

(Sec. 5, 28 Stat. 362 as amended, sec 6(g)(2), 80 Stat. 937; 33 U.S.C. 499, 49 U.S.C. 1655(g)(2); 49 CFR 1.46(c)(5), 33 CFR 1.05-1(c)(4))

CONTROL ZONES AND CONTROL AREA

Proposed Alteration

The Federal Aviation Administration (FAA) is considering amendments to Part 71 of the Federal Aviation Regulations that would alter control zones and a control area at Eglin AFB, Fla.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southern Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box 20636, Atlanta, GA 30320. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. The proposals contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

As parts of these proposals relate to the navigable airspace outside the United States, this notice is submitted in consonance with the ICAO International Standards and Recommended Practices.

Applicability of International Standards and Recommended Practices by the Air Traffic Service, FAA, in areas outside domestic airspace of the United States is governed by Article 12 of and Annex 11 to the Convention on International Civil Aviation, which pertain to the establishment of air navigation facilities and services necessary to promoting the safe, orderly and expeditious flow of civil air traffic. Their purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The International Standards and Recommended Practices in Annex 11 apply in those parts of the airspace under the jurisdiction of a contracting state, derived from ICAO, wherein air traffic services are provided and also whenever a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, state aircraft are exempt from the provisions of Annex 11 and its Standards and Recommended Practices. As a contracting state, the United States agreed by Article 3(d) that its state aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since these actions involve, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

The Federal Aviation Administration proposes the following airspace actions:

1. Redesignate the Eglin AFB, Fla., control zone as that airspace within a 5-mile radius of Eglin AFB (lat. 30°29'07" N., long. 86°31'35" W.); within 5 miles each side of the ILS localizer southeast course, extending from the 5-mile-radius zone to 18.5 miles southeast of the LMN; within a 3-mile radius of Destin-Fort Walton Beach Airport (lat. 30°23'57" N., long. 86°28'47" W.); within 2 miles each side of the extended centerline of Runways 14/32, extending from the 3-mile-radius zone to 4 miles southeast of the airport.

2. Redesignate the Eglin AF Aux No. 9 (Hurlburt Field), Fla., control zone as that airspace within a 5-mile radius of Eglin AF Aux No. 9 (Hurlburt Field) (lat. 30°25'42" N., long. 86°41'05" W.); within 2 miles each side of Eglin VOR 285° radial, extending from the 5-mile-radius zone to 1 mile west of the VOR; excluding the portion within Eglin AFB control zone.

3. Alter Eglin AF Aux No. 3 (Duke Field), Fla., control zone by providing in its descriptions updated geographical coordinates for Duke Field and the Bob Sikes Airport.

4. Redesignate the Eglin AFB, Fla., transition area as that airspace extending upward from 700 feet above the surface within a 9-mile radius of Eglin AFB (lat. 30°29'07" N., long. 86°31'35" W.), Eglin AF Aux No. 3 (Duke Field) (lat. 30°39'01" N., long. 86°31'25" W.) and Eglin AF Aux No. 9 (Hurlburt Field) (lat. 30°25'42" N., long. 86°41'05" W.); within a 5-mile radius of Destin-Fort Walton Beach Airport (lat. 30°23'57" N., long. 86°28'47" W.); excluding the portions within R-2909, W-151, Crestview, Fla., transition area, and a 1.5-mile radius of Fort Walton Beach Airport (lat. 30°24'25" N., long. 86°49'40" W.).

The proposed alterations are required to provide controlled airspace protection for IFR operations in the Eglin terminal complex in accordance with Terminal Instrument Procedures (TERP's) and current airspace criteria.

These amendments are proposed under the authority of sections 307(a) and 1110 of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a) and 1510), Executive Order 10854 (24 F.R. 9565) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on October 1, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would extend the Monterey, Calif., Transition Area westward to include the uncontrolled airspace east of the Pacific Coastal Air Defense Identification Zone (ADIZ).

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Western Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, 5651 West Manchester Avenue, Post Office Box 92007, Worldway Postal Center, Los Angeles, CA 90009. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

As parts of this proposal relate to the navigable airspace outside the United States, this notice is submitted in consonance with the ICAO International Standards and Recommended Practices.

Applicability of International Standards and Recommended Practices by the Air Traffic Service, FAA, in areas outside domestic airspace of the United States is governed by Article 12 of and Annex 11 to the Convention on International Civil Aviation, which pertain to the establishment of air navigation facilities and services necessary to promoting the safe, orderly and expeditious flow of civil air traffic. Their purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The International Standards and Recommended Practices in Annex 11 apply in those parts of the airspace under the jurisdiction of a contracting state, derived from ICAO, wherein air traffic services are provided and also whenever a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, state aircraft are exempt from the provisions of Annex 11 and its Standards and Recommended Practices. As a contracting state, the United States agreed by Article 3(d) that its state aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since this action involves, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and Secretary of Defense in accordance with the provisions of Executive Order 10854.

The proposed additional transition area would be used for parallel vectors in sequencing San Francisco, Calif., and Oakland, Calif., arrivals, also to facilitate handling of departures and arrivals at the Monterey Peninsula Airport, Monterey, Calif.

If this action is taken, the 1,200 feet portion of the Monterey, Calif., Transition Area would be amended to read as follows:

That airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 37°05'00" N., longitude 122°43'15" W., thence to latitude 37°08'45" N., longtitude 122°34'45" W., thence southeast via V-27 to latitude 37°00'00" N., thence to latitude 37°00'00" N., longitude 121°29'-30" W., thence to latitude 36°23'00" N., longitude 121°03'00" W., thence to latitude 36°03'30" N., longitude 121°29'00" W., thence southeast via V-27 to longitude 121°03'00" W., thence to latitude 35°30'00" N., longitude 121°03'20" W., thence to latitude 35°30'00" N., longitude 121°37'00" W., thence to the point of beginning.

[Docket No. 69-7; Notice 12]

OCCUPANT CRASH PROTECTION

Proposed Standards for Explosive Materials and Pressure Vessels

The purpose of this notice is to propose an amendment to Motor Vehicle Safety Standard No. 208, Occupant Crash Protection, in § 571.21 of Title 49, Code of Federal Regulations, that will establish requirements for explosive devices and pressure vessels used in occupant protection systems. The proposed amendment responds to a petition submitted by General Motors after the issuance of the occupant crash protection standard on March 3, 1971 (36 F.R. 4600).

Crash-activated devices, such as inflatable cushions, presently being developed by several manufacturers as a means of meeting the passive protection requirements of Standard No. 208 generally utilize either small explosive devices or pressure vessels, or both, to deploy the systems. The shipment in interstate commerce of explosive devices and

compressed gases is governed by regulations issued by the Hazardous Materials Regulations Board (HMRB) of the U.S. Department of Transportation (49 CFR Parts 170–189). These regulations include, inter alia, detailed requirements with respect to the physical and chemical properties of the devices, their marking and their packaging.

Because the automotive industry virtually universally makes interstate shipment of its products, it appears certain that any of these explosive and pressure devices used in motor vehicles will be required to conform to the Federal regulations cited above. The regulations do not, however, apply directly to manufacturers, but rather to carriers and persons who deliver materials for shipment by the carriers. It has been tentatively determined that these devices, when used as motor vehicle equipment, should be brought within the enforcement scheme of the motor vehicle safety standards, in order to place the responsibility directly on the manufacturers who are best equipped to insure compliance.

In addition to the Federal regulations concerning these explosive devices and pressure vessels, there is presently a large and varying body of State and local regulations controlling shipment and use within their areas of jurisdiction. As is the case in other aspects of safety regulations governing the manufacture of motor vehicles, the national character of the industry makes it highly important that the regulations be substantially uniform. The need for such uniformity is clearly manifested in the legislative history of the National Traffic and Motor Vehicle Safety Act, 15 U.S.C. 1391 et seq. The Act provides for such uniformity in section 103(d) (15 U.S.C. 1392(d)), which requires that any State safety standard applicable to the same aspect of performance of the same vehicles as a Federal safety standard must be identical to the Federal standard.

In accordance with these considerations, it is proposed that Standard No. 208, Occupant Crash Protection, be amended to provide that any explosive devices or pressure vessels used in occupant protection systems shall conform to the applicable regulations of the Hazardous Materials Regulations Board of the Department of Transportation (49 CFR Parts 170–189), with respect to the physical and chemical properties, the packaging, and the marking of those items. The limitations on the areas of regulation that would be adopted as part of the safety standard are not intended in any sense to suggest the inapplicability of other aspects of the HMRB regulations to these items in their own terms. They merely reflect the fact that the safety standards are by statute limited to the objective properties of the items concerned, as contrasted, for example, with quality control provisions that also are part of the HMRB regulations.

It is assumed that if and when this amendment becomes effective, any State and local regulations that relate to the design or performance of the items concerned, expressed as limitations on their manufacture, shipment, or use, will be required under section 103(d) of the Act to be identical to the Federal standard.

Standard No. 208 would also be amended to apply these provisions to the equipment manufacturers, as well as the manufacturers of vehicles in which the equipment is included.

In light of the foregoing, it is proposed that Standard No. 208, 49 CFR 571.21, be amended as follows:

1. The following section would be added:

S9. *Explosive materials and pressure vessels.* Any explosive materials or devices, and any vessels designed to contain a pressurized fluid or gas, that are used or intended for use in a motor vehicle as part of a system designed to provide protection to occupants in the event of a crash, shall conform to all applicable provisions of Parts 170 through 189 of this subtitle that relate to the physical and chemical properties, the packaging, and the marking of those items.

2. S3. *Application*, would be amended to read as follows:

S3. *Application.* This standard applies to passenger cars, multipurpose passenger vehicles, trucks, and buses. In addition, S9, *Explosive materials and pressure vessels*, applies to explosive materials or devices, and to vessels designed to contain a pressurized fluid or gas, for use in the above types of motor vehicles.

Proposed effective date: January 1, 1972.

Interested persons are invited to submit comments on the revised proposals as set forth below. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5221, 400 Seventh Street SW., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on November 15, 1971 will be considered, and will be available for examination in the docket at the above address both before and after the closing date. To the extent possible, comments filed after the above date will also be considered by the Administration. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The Administration will continue to file relevant material, as it becomes available, in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new materials.

This notice of proposed rulemaking is issued under the authority of sections 103, 112, and 119 of the National Traffic and Motor Vehicle Safety Act (15 U.S.C. 1392, 1401, 1407), and the delegations of authority at 49 CFR 1.51 and 49 CFR 501.8.

Issued on October 5, 1971.

TRUTH IN LENDING

Leap Year

1. Pursuant to the authority contained in the Truth in Lending Act (15 U.S.C. 1601 et seq.), the Board of Governors proposes to amend Part 226 (Regulation Z), in the manner and for the reasons set forth below:

Amend § 226.6 by the addition of a new paragraph (l) to read as follows:

§ 226.6 General disclosure requirements.

* * * * *

(l) *Leap year.* Any variance in the amount of any finance charge, payment, percentage rate, or other term required under this part to be disclosed, or stated in any advertisement, which occurs by reason of the addition of February 29 in each leap year, may be disregarded, and such term may be disclosed or stated without regard to such variance.

2. The amendment would permit creditors to ignore any variance in terms which occurs as a result of leap year, and will facilitate the use of preprinted disclosures without the need for the preparation of new forms solely as a result of leap year. In general any variance in terms caused as a result of leap year will be minor.

This notice is published pursuant to section 553(b) of Title 5, United States Code, and § 262.2(a) of the rules of procedure of the Board of Governors of the Federal Reserve System (12 CFR 262.2(a)).

To aid in the consideration of these matters by the Board, interested persons are invited to submit relevant data, views, or arguments. Any such material should be submitted in writing to the Secretary, the Board of Governors of the Federal Reserve System, Washington, D.C. 20551, or to any Federal Reserve Bank for transmittal to the Board, to be received at the Board not later than November 15, 1971. Such material will be made available for inspection and copying upon request, except as provided in § 261.6(a) of the Board's Rules Regarding Availability of Information.

SMALL BUSINESS ADMINISTRATION

[13 CFR Part 114]

ADMINISTRATIVE CLAIMS UNDER FEDERAL TORT CLAIMS ACT

Authority of Field Offices to Settle Claims

Notice is hereby given that the Small Business Administration proposes to revise Part 114 of Chapter I of Title 13 of the Code of Federal Regulations, pertaining to administrative settlement of claims under the Federal Tort Claims Act.

The proposed revision reflects certain organizational changes and confers authority on field offices to settle claims of one thousand dollars ($1,000) or less. The proposed revision reads as follows:

AUTHORITY: The provisions of this Part 114 issued under 28 U.S.C. 2672; 28 CFR 14.11 (31 F.R. 16616).

§ 114.100 Definitions.

As used throughout this Part 114:

(a) "Administration" means the Small Business Administration;

(b) "Regional Board of Survey" means a three-member board composed of the Regional Counsel and representatives from the Regional Financing and Procurement and Management Assistance Divisions;

(c) "Employee" means an officer or employee of the Administration;

(d) "District Board of Survey" means a three-member board composed of the District Counsel and representatives from the District Financing and Procurement and Management Assistance Divisions;

(e) "Survey Officer" means the officer who reviews the findings and recommendations of the Washington Board of Survey and approves or disapproves such findings and recommendations;

(f) "Washington Board of Survey" means a board composed of three voting members, namely: A representative of the Office of Security and Investigations; a representative of the Accounting Operations Division, Office of Budget and Finance; and a representative of the Office Services Division, Office of Administrative Services; together with one nonvoting member representing the Office of General Counsel.

§ 114.101 Scope of regulations.

This part applies only to claims asserted under the Federal Tort Claims Act, as amended, 28 U.S.C. 2671–2680, accruing on or after January 18, 1967, for money damages against the United States for injury to or loss of property or personal injury or death caused by the negligent or wrongful act or omission of an employee of the Administration while acting in the scope of his office or employment.

§ 114.102 Administrative claim; when presented; appropriate Administration office.

For purposes of this Part 114, a claim is deemed to have been presented when the Administration receives, at the regional or district office nearest to the place where the incident occurred, an executed "Claim for Damage or Injury," Standard Form 95, in triplicate, or other written notice of an incident together with a claim for money damages in a sum certain for injury to or loss of property or injury or death alleged to have occurred as a result of the incident. When any such written notice is given, it shall be incumbent upon the regional or district office concerned to furnish to the claimant the requisite copies of Standard Form 95 with instructions for completing it.

§ 114.103 Administrative claim; who may file.

(a) A claim for injury to or loss of property may be presented by the owner of the property, his duly authorized agent, or legal representative.

(b) A claim for personal injury may be presented by the injured person, his duly authorized agent, or legal representative.

(c) A claim based on death may be presented by the executor or administrator of the decedant's estate, or by any other person legally entitled to assert such a claim in accordance with applicable State law.

(d) A claim for loss wholly compensated by an insurer with the rights of a subrogee may be presented by the insurer. A claim for loss partially compensated by an insurer with the rights of a subrogee may be presented by the parties individually as their respective interests appear, or jointly.

(e) A claim presented by an agent or legal representative shall be presented in the name of the claimant, be signed by the agent or legal representative, show the title or legal capacity of the person signing, and be accompanied by evidence of his authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian, or other representative.

§ 114.104 Investigation.

The Administration may investigate, or may request any other Federal agency to investigate, a claim filed under this part.

§ 114.105 Administrative claims; evidence and information to be submitted.

(a) *Death.* In support of a claim based on death, the claimant may be required to submit the following evidence or information:

(1) An authenticated death certificate or other competent evidence showing cause of death, date of death, and age of the decedent.

(2) Decedent's employment or occupation at time of death, including his monthly or yearly salary or earnings (if any), and the duration of his last employment or occupation.

(3) Full names, addresses, birth dates, kinship, and marital status of the decedent's survivors, including identification of those survivors who were dependent for support upon the decedent at the time of his death.

(4) Degree of support afforded by the decendent to each survivor dependent upon him for support at the time of his death.

(5) Decedant's general physical and mental condition before death.

(6) Itemized bills for medical and burial expenses incurred by reason of the incident causing death or itemized receipts of payment for such expenses.

(7) If damages for pain and suffering prior to death are claimed, a physician's detailed statement specifying the injuries suffered, duration of pain and suffering, any drugs administered for pain, and the decedent's physical condition in the interval between injury and death.

(8) Any other evidence or information which may have a bearing on either the responsibility of the United States for the death or the damages claimed.

(b) *Personal injury.* In support of a claim for personal injury, including pain and suffering, the claimant may be required to submit the following evidence or information:

(1) A written report by his attending physician or dentist setting forth the nature and extent of the injury, nature and treatment, any degree of temporary or permanent disability, the prognosis, period of hospitalization, and any diminished earning capacity. In addition, the claimant may be required to submit to a physical or mental examination by a physician employed by the Administration or another Federal agency. A copy of the report of the examining physician shall be made available to the claimant upon the claimant's written request: *Provided*, That he has, upon request, furnished the report referred to in the first sentence of this subparagraph and has made or agrees to make available to the Administration any other physician's reports previously or thereafter made of the physical or mental condition which is the subject matter of his claim.

(2) Itemized bills for medical, dental, and hospital expenses incurred, or itemized receipts of payment for such expenses.

(3) If the prognosis reveals the necessity for future treatment, a written statement of expected expenses for such treatment.

(4) If a claim is made for loss of time from his employment, a statement from his employer showing actual time lost from employment, whether he is a full- or part-time employee, and wages or salary actually lost.

(5) If a claim is made for loss of income and the claimant is self-employed, documentary evidence showing the amount of earnings actually lost.

(6) Any other evidence or information which may have a bearing on either the responsibility of the United States for the personal injury or the damages claimed.

(c) *Property damage.* In support of a claim for damage to or loss of property, real or personal, the claimant may be required to submit the following evidence or information:

(1) Proof of ownership.

(2) A detailed statement of the amount claimed with respect to each item of property.

(3) An itemized receipt of payment for necessary repairs or itemized written estimates of the cost of such repairs.

(4) A statement listing date of purchase, purchase price, and salvage value, where repair is not economical.

(5) Any other evidence or information which may have a bearing on either the responsibility of the United States for the damage to or loss of property or the damages claimed.

§ 114.106 Authority to adjust, determine, compromise, and settle claims in excess of $1,000.

(a) Upon presentation of a claim in an amount exceeding $1,000 and appropriate investigation thereof, the Board of Survey of the regional or district office to which the claim was presented shall consider all of the evidence and enter the Board's findings of fact, conclusions, and recommendations. There shall be appended to the Board's findings of fact, conclusions, and recommendations, a legal opinion of the Regional or District Counsel regarding the liability of the United States under the applicable State law governing negligence and other related matters. The legal opinion shall also frame the issues in such a way as to provide guidance to the Board of Survey in performing its functions. Such opinion shall be submitted to the Board of Survey after investigation of the claim in question but before the Board of Survey has considered the claim. The Regional or District Board of Survey shall establish a case file containing all documents related to the claim and the incident out of which it arose. The file shall also contain the Board's findings of fact, conclusions, and recommendations, and the legal opinion of the Regional or District Counsel. The file shall be forwarded to the Chairman of the Washington Board of Survey after the Regional or District Board of Survey has performed its function.

(b) The Washington Board of Survey shall review the case and submit its recommendations in a report to the Survey Officer. A representative of the Office of General Counsel, normally the nonvoting member of the Washington Board of Survey, shall review the submitted legal opinions regarding the liability of the United States under applicable State law governing negligence and related matters and, in the event of disagreement, shall render a separate legal opinion to the Washington Board of Survey. The report and legal opinion, if any, shall be prepared in an original and five copies and shall be attached to the case file.

(c) If the Survey Officer approves the recommendation of the Washington Board of Survey to pay the claim, the Chairman of the Washington Board of Survey shall complete an original copy of Standard Form 1145 and two memorandum copies of Standard Form 1145A, "Voucher for Payment Under Federal Tort Claims Act." The Chairman shall forward said copies to the claimant for his signature and acceptance.

(d) Upon receiving the Standard Forms 1145 and 1145A from the Claimant, the Chairman of the Washington Board of Survey shall attach the forms to the case file and forward the file to the Administrator or his designee for final approval.

(e) If the Survey Officer disapproves the recommendations of the Washington Board of Survey that the claim be paid, the case file shall be forwarded immediately to the Administrator or his designee for final action. If the Administrator or his designee concurs with the Survey Officer, this shall constitute a final agency denial of the claim and appropriate notice shall be given the claimant as provided in § 114.110. If the Administrator or his designee disagrees with the Survey Officer, Standard Forms 1145 and 1145A shall be prepared and forwarded to the claimant as provided for in paragraph (c) of this section. After the claimant has signed and returned them, the Administrator or his designee shall sign them.

(f) If the Regional or District Board of Survey or the Washington Board of Survey recommends that the claim not be paid, the claim shall nevertheless be processed to final action by the Administrator or his designee through all the appropriate stages outlined in the preceding paragraphs of this section.

§ 114.106–1 Authority of field offices to adjust, determine, compromise, and settle claims of $1,000 or less.

(a) Upon presentation of a claim in the amount of $1,000 or less and appropriate investigation thereof, the Board of Survey of the regional or district office to which the claim was presented shall consider all of the evidence and enter the Board's findings of fact, conclusions, and recommendations. There shall be appended to the Board's findings of fact, conclusions, and recommendations, a legal opinion of the Regional or District Counsel regarding the liability of the United States under the applicable State law governing negligence and other related matters. The legal opinion shall also frame the issues in such a way as to provide guidance to the Board of Survey in performing its functions. Such opinion shall be submitted to the Board of Survey after investigation of the claim in question but before the Board of Survey has considered the claim. The Regional or District Board of Survey shall establish a case file containing all documents related to the claim and the incident out of which it arose. The file shall also contain the Board's findings of fact, conclusions, and recommendations, and the legal opinion of the Regional or District Counsel. The file shall be forwarded to the Regional or District Director after the Regional or District Board of Survey has performed its function.

(b) The Regional or District Director, as appropriate, shall review the case and issue his decision thereon. If the decision is to pay the claim, he shall complete an original copy of Standard Form 1145 and two memorandum copies of Standard Form 1145A, "Voucher for Payment Under Federal Tort Claims Act." The Regional or District Director shall forward said copies to the claimant for his signature and acceptance. Upon receiving the Standard Forms 1145 and 1145A from the claimant, the Regional or District Director shall attach the forms to the case file and direct that payment be made.

(c) If the Regional or District Director denies the claim, this shall constitute a final agency denial of the claim and appropriate notice shall be given claimant as provided in § 114.110.

(d) Notwithstanding the foregoing, a claim for $1,000 or less shall be processed in accordance with § 114.106 when the Regional or District Board of Survey has reason to believe that a related claim may be filed in connection with the same incident and the aggregate amount of such claims will probably exceed $1,000. The reasons for such belief shall be included in the case file along with the findings, conclusions, and recommendations.

(e) When an administrative claim may be adjusted, determined, compromised, or settled under the Federal Tort Claims Act only after consultation with the Department of Justice as provided in § 114.107(b) (1), (2), (3), and (c), the Regional or District Director shall forward the case file to the Office of General Counsel, SBA Central Office, prior to decision. The Regional or District Director shall be guided in this respect by the legal opinion of Regional or District Counsel. After consultation with the Department of Justice, the case file shall be forwarded by the Office of General Counsel to the Washington Board of Survey for final processing in accordance with § 114.106.

§ 114.107 Limitations on authority.

(a) An award, compromise, or settlement of a claim in excess of $25,000 filed under this part shall not be effected without prior written approval of the U.S. Attorney General or his designee. For purposes of this paragraph, a principal claim and any derivative or subrogated claim shall be treated as a single claim.

(b) An administrative claim may be adjusted, determined, compromised, or settled under the Federal Tort Claims Act only after consultation with the Department of Justice when, in the opinion

of the nonvoting member of the Washington Board of Survey and with the concurrence of the General Counsel:

(1) A new precedent or a new point of law is involved; or

(2) A question of policy is or may be involved; or

(3) The United States is or may be entitled to indemnity or contribution from a third party and the Administration is unable to adjust the third party claim; or

(4) The compromise of a particular claim, as a practical matter, will or may control the disposition of a related claim in which the amount to be paid may exceed $25,000.

(c) An administrative claim may be adjusted, determined, compromised, or settled by the Administration under the Federal Tort Claims Act only after consultation with the Department of Justice when the Administration is informed or is otherwise aware that the United States or an employee, agent, or cost-plus contractor of the United States is involved in litigation based on a claim arising out of the same incident or transaction.

§ 114.108 Referral to Department of Justice.

When Department of Justice approval or consultation is required under § 114.107, or the advice of the Department of Justice is otherwise to be requested, the referral or request shall be sent to the Assistant Attorney General, Civil Division, Department of Justice, in writing and shall contain (a) a short and concise statement of the facts and of the reasons for the referral or request, (b) copies of relevant portions of the Administration's claim file, and (c) a statement of the recommendations or views of the Administration. Such referrals may be made any time after the presentment of a claim to the Administration, and shall be transmitted by the General Counsel or his designee.

§ 114.109 Examination.

The Administration may request any other Federal agency to conduct a physical examination of a claimant and provide a report of the physical examination. Where reimbursement for such services is authorized or required by statute or regulation, the Administration may reimburse any Federal agency which conditions its compliance with the Administration's request upon such reimbursement.

§ 114.110 Final denial of claim.

Final denial of an administrative claim shall be in writing and sent to the claimant, his attorney, or legal representative by certified or registered mail. The notification of final denial may include a statement of the reasons for the denial and shall include a statement that, if the claimant is dissatisfied with the agency action, he may file a suit in an appropriate U.S. District Court not later than 6 months after the date of mailing of the notification.

§ 114.111 Action on approved claim.

(a) Payment of a claim approved under this part is contingent upon the claimant's or his duly authorized agent's or legal representative's executing the requisite copies of Standard Form 95, Standard Form 1145, and Standard Form 1145A. When a claimant is represented by an attorney, the voucher shall designate both the claimant and his attorney as payees. The check shall be delivered to the attorney, whose address shall appear on Standard Form 1145, voucher for payment of a claim under the Federal Tort Claims Act.

(b) Acceptance by the claimant, his agent, or legal representative, of any award, compromise, or settlement made pursuant to the Federal Tort Claims Act shall be final and conclusive on the claimant, his agent or legal representative and any other person on whose behalf or for whose benefit the claim has been presented, and shall constitute a complete release of any claim against the United States and against any employee of the Government whose act or omission gave rise to the claim, by reason of the same subject matter.

Interested persons are invited to submit written comments, suggestions, or objections regarding the proposed revision to the Office of General Counsel, Small Business Administration, 1441 L Street NW., Washington, DC 20416, within 30 days after date of publication of this notice in the FEDERAL REGISTER.

Dated: October 1, 1971.

[DESI 10024]

CERTAIN ANTIFUNGAL DERMATOLOGIC PREPARATION CONTAINING NYSTATIN AND IODOCHLORHYDROXYQUIN

Drugs for Human Use; Drug Efficacy Study Implementation

In a notice (DESI 10024) published in the FEDERAL REGISTER of November 5, 1970 (35 F.R. 17069), the Commissioner of Food and Drugs announced his conclusions pursuant to evaluation of a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group on Nystaform Ointment containing nystatin and iodochlorhydroxyquin; Dome Laboratories, Division of Miles Laboratories, Inc., 125 West End Avenue, New York, NY 10023 (NDA 50-235). The notice stated that the drug was regarded as effective, and possibly effective for the various labeled indications. The possibly effective indications have been reclassified as lacking substantial evidence of effectiveness in that no new evidence of effectiveness of this drug has been submitted pursuant to the notice of November 5, 1970.

Batches of such drugs with labeling bearing indications for which substantial evidence of effectiveness is lacking are no longer acceptable for certification or release.

Any person who will be adversely affected by the deletion from labeling of the indications for which the drug has been reclassified from possibly effective to lacking substantial evidence of effectiveness may, within 30 days after the date of publication of this notice in the FEDERAL REGISTER, petition for the issuance of a regulation providing for certification of the drug for such indications. The petition must be supported by a full factual and well-documented medical analysis which shows reasonable grounds for the issuance of such regulation.

A petition for issuance of said regulation should be filed (preferably in quintuplicate) with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, MD 20852.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050-51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

[Docket No. FDC-D-362; NDA 11-253, etc.]

CERTAIN DRUGS CONTAINING VALETHAMATE BROMIDE

Notice of Opportunity for Hearing on Proposal To Withdraw Approval of New-Drug Applications

In the FEDERAL REGISTER of October 15, 1970 (35 F.R. 16199), the Food and Drug Administration announced (DESI 11253) its conclusions pursuant to evaluation by the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, of the drugs listed below, new-drug applications for which are held by Ayerst Laboratories, Division of American Home Products Corp., 685 Third Avenue, New York, N.Y. 10017, stating that the drugs were regarded as possibly effective for some of their labeled indications and lacking substantial evidence of effectiveness for others. The holder of the applications and any person marketing such drug without approval were allowed 6 months to obtain and submit data to provide substantial evidence of effectiveness of the drugs for the indications regarded as possibly effective. In that no new evidence of effectiveness has been received, these drugs have been reclassified as lacking substantial evidence of effectiveness for all of their labeled indications.

1. Murel Tablets (NDA 11-253) and Murel S.A. Tablets (NDA 11-989), both containing valethamate bromide. (Marketing of these products has been discontinued.)

2. Murel with Phenobarbital Tablets (NDA 11-290) and Murel with Phenobarbital S.A. Tablets (NDA 11-998), both containing valethamate bromide and phenobarbital. (Marketing of these products has been discontinued.)

3. Murel Injectable, containing valethamate bromide (NDA 11-263). (Marketing of this product has been discontinued.)

Therefore, notice is given to Ayerst Laboratories and to any interested person who may be adversely affected, that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act withdrawing approval of the listed applications and all amendments and supplements thereto on the grounds that new information before him with respect to the drugs, evaluated together with the evidence available to him when the applications were approved shows there is a lack of substantial evidence that the drugs will have the effects they purport or are represented to have under the conditions of use prescribed, or suggested in their labeling.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner will give the applicant, and any interested person who would be adversely affected by an order withdrawing such approval, an opportunity for a hearing to show why approval of the new-drug applications should not be withdrawn. Any related drug for human use, not the subject of an approved new-drug application, may be affected by this action.

Within 30 days after publication hereof in the FEDERAL REGISTER, such persons are required to file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, Md. 20852, a written appearance electing whether:

1. To avail themselves of the opportunity for a hearing; or

2. Not to avail themselves of the opportunity for a hearing.

If such persons elect not to avail themselves of the opportunity for a hearing the Commissioner without further notice will enter a final order withdrawing approval of the new-drug applications. Failure of such persons to file a written appearance of election within said 30 days will be construed as an election by such persons not to avail themselves of the opportunity for a hearing.

The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as

a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

If such persons elect to avail themselves of the opportunity for a hearing they must file, within 30 days after publication of this notice in the FEDERAL REGISTER, a written appearance requesting the hearing, giving the reasons why approval of the new-drug application should not be withdrawn, together with a well-organized and full factual analysis of the clinical and other investigational data they are prepared to prove in support of their opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing. When it clearly appears from the data in the application and from the reasons and factual analysis in the request for the hearing that no genuine and substantial issue of fact precludes the withdrawal of approval of the application, the Commissioner will enter an order on these data, making findings and conclusions on such data.

If a hearing is requested and justified by the response to this notice, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after the expiration of such 30 days, a written notice of the time and place at which the hearing will commence (35 F.R. 7250, May 8, 1970; 35 F.R. 16631, October 27, 1970).

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1052-53, as amended; 21 U.S.C. 355) and under the authority delegated to the Commissioner (21 CFR 2.120).

Dated: September 30, 1971.

ATOMIC ENERGY COMMISSION

[Docket No. 50-363A]

JERSEY CENTRAL POWER & LIGHT CO.

Notice of Receipt of Attorney General's Advice and Time for Filing of Petitions To Intervene on Antitrust Matters

The Commission has received, pursuant to section 105c of the Atomic Energy Act of 1954, as amended (the Act), a letter of advice from the Attorney General of the United States, dated September 29, 1971, a copy of which is set forth below.

Any person whose interest may be affected by this proceeding may, pursuant to § 2.714 of the Commission's rules of practice, 10 CFR Part 2, file a petition for leave to intervene and request a hearing on the antitrust aspects of the application. Petitions for leave to intervene and requests for hearing shall be filed within thirty (30) days after publication of this notice in the FEDERAL REGISTER, either (1) by delivery to the AEC Puolic Document Room at 1717 H Street, NW., Washington, DC, or (2) by mail or telegram addressed to the Secretary, U.S. Atomic Energy Commission, Washington, D.C. 20545 Attention: Chief, Public Proceedings Branch.

For the Atomic Energy Commission.

LYALL JOHNSON,
Director, Division of State and Licensee Relations.

SEPTEMBER 29, 1971.

Jersey Central Power & Light Co., Forked River Nuclear Generating Station, Unit No. 1, AEC Docket No. 50-363A.

You have requested our advice regarding the above-cited application pursuant to the provisions of section 105 of the Atomic Energy Act of 1954, as amended by Public Law 91-560.

Introduction. The Forked River nuclear generating station, unit number 1, to be built by Jersey Central Power & Light Co. (Jersey Central), is scheduled for completion and operation early in 1978. Rated at a net generating capacity of 1140 MW, the unit will be located in Lacey Township, Ocean County, N.J., adjacent to Jersey Central's Oyster Creek nuclear generating station. Jersey Central's application to the Commission estimated the total cost of the unit, including associated transmission facilities and nuclear fuel inventory for the first core, at $367,226,000. We are advised, however, that the most recent estimates run as high as $500 million. The plant will be financed in the same manner as other Jersey Central additions to capacity. Long-term debt capital will be obtained by issuance of mortgage bonds and unsecured debentures. Although some preferred stock may be sold, equity capital will be obtained mainly from capital contributions of Jersey Central's corporate parent, General Public Utilities Corp. (GPU), and from internally-generated funds.

The applicant. Jersey Central, headquartered at Morristown, N.J., is a fully integrated electric utility engaged in the generation, distribution, and sale of electric energy. In 1969 it had a total base load generating capacity of 1,438,000 KW and a complete network of high voltage transmission lines and distribution lines. Operating in eastern and north-central New Jersey, the company serves more than 392,863 customers in an area of 1,528 square miles, constituting 20 percent of the land area of the State.

As noted above, Jersey Central is a wholly-owned subsidiary of GPU, a registered public utility holding company. The other principal operating subsidiaries of the GPU system are New Jersey Power & Light Co. (Jersey Power), adjacent to Jersey Central in northwestern New Jersey; Metropolitan Edison Co. (Met-Ed), whose territories extend from the Delaware River southwesterly across Pennsylvania to the Maryland line in the central part of the State; and Pennsylvania Electric Co. (Penelec), which serves from the Maryland line to the New York line in west-central and northwest Pennsylvania, and along the northern tier of the State.[1] Together, Jersey Central and Jersey Power serve about 1.5 million people and 43 percent of New Jersey's area, while Met-Ed and Penelec serve about 2.3 million people and 46 percent of Pennsylvania's area.

In addition to data on Jersey Central, GPU has provided us information on a consolidated systemwide basis. This is appropriate, since the four major subsidiaries are closely interconnected and coordinated in operation. One official serves as president of both Jersey Central and Jersey Power, and they share a single headquarters office. Jersey Central and Met-Ed share ownership of the Three-Mile Island nuclear generating station now under construction in the Susquehanna River near Harrisburg, Pa. Indeed, for purposes of the Mid-Atlantic Area Coordination Agreement and the PJM Interconnection Agreement, discussed below, in each of which the four GPU operating companies are signatories, the GPU subsidiaries are treated as a single system.

As of January 27, 1971, the GPU system as a whole had 4,777 MW of dependable capacity against a peak load of 4,448 MW. This capacity comprised 4,313 MW of thermal generation, 303 MW of hydro and pumped storage, and 161 MW in purchases. This capacity includes a number of facilities jointly owned with other utilities. For example, there are three giant nine-mouth coal generating stations in western Pennsylvania, in which GPU operating companies share ownership with outside companies. Penelec owns one-half interest in the Homer City Station, Met-Ed owns a one-sixth interest in the Conemaugh Station, and Jersey Central owns one-sixth of the Keystone plant. In addition, Jersey Central is joint owner with Public Service Electric and Gas Co. of the Yards Creek Pumped Storage Station on Kittatinny Mountain in New Jersey's northwest corner, and Penelec is joint owner with the Cleveland Electric Illuminating Co. (CEI) of the Seneca Pumped Storage Station in northwestern Pennsylvania.

The GPU system anticipates load increases over the next 10 years which will require raising its dependable capacity by 1980 to 12,858 MW. Its construction program over this period, in addition to the Forked River unit, will include a number of combustion turbine units, two nuclear units at Three-Mile Island, additional units in the Conemaugh and Homer City Stations and expansion of the Yards Creek Pumped Storage Station.

Relations with other utilities. The GPU system is a member of two important coordinating groups or pools: The Mid-Atlantic Area Coordination group, which deals primarily with the reliability of system interconnections and coordination of long-range planning and the PJM Interconnection, which is one of the older, more comprehensive regional power pools. The geographic extent and membership of each is essentially the same. In addition to the four operating companies of the GPU system, the direct or indirect members of the PJM Interconnection include Philadelphia Electric Co., Delmarva Power and Light Co., Atlantic City Electric Co., Public Service Electric and Gas Co., Pennsylvania Power and Light Co., UGI Corp., Baltimore Gas and Electric Co. and Potomac Electric and Power Co. The four GPU operating companies share reserves with the other PJM members, and indeed the entire PJM system is operated under a one-system concept as a single control area with minute-to-minute economic dispatch of generation and with essentially free-flowing ties. The arrangements for system operations and for exchange of power among PJM companies are set forth in detail in the Federal Power Commission's "1970 National Power Survey," Part II, pages II-1-77-81. In addition, members of PJM as a group have coordinating agreements for interconnection

[1] Other GPU subsidiaries include three smaller Pennsylvania companies, Waverly Electric Light Co., York Haven Power Co. and Waterford Electric Light Co., the latter acquired in 1968. In the decade 1960-1970 GPU also acquired two other small Pennsylvania companies, Home Electric Co. and Carpenter Light and Power Co., which were merged into Penelec. In the same period GPU companies made unsuccessful efforts to purchase a number of other utilities: Penelec (three small investor-owned companies and two municipal systems); Met-Ed (five municipal systems); Jersey Power (one rural electric cooperative); and Jersey Central (one municipal system).

and exchange of power with a number of adjacent systems, including the Allegheny Power System, CEI, Virginia Electric and Power Co., Niagara Mohawk Power Corp., and New York State Electric and Gas Corp.

Within or adjacent to the GPU territories there are also some 26 smaller utility systems, including investor-owned companies, rural co-operatives, and municipal systems. Twenty of these systems purchase all bulk power supply from GPU companies. These comprise four investor-owned companies in Pennsylvania, ten municipals in Pennsylvania, five municipals in New Jersey purchasing from Jersey Central, and the Sussex cooperative purchasing from Jersey Power. In addition, GPU companies furnish partial bulk power supply to the Allegheny Electric Cooperative, Inc.

Allegheny Electric Cooperative is an association of 13 rural distribution cooperatives operating in Pennsylvania and presently serving approximately 110,000 consumers. Their territories are roughly within the Penelec service area, although one member cooperative is served both by Penelec and Met-Ed and two others receive power from West Penn Power Co., an operating company in the Allegheny Power System. Prior to 1966 the member cooperatives of Allegheny received all their power requirements from these major companies. Allegheny, itself, had long been in existence, but became an operative force only in the early 1960's. In 1965 it was able to arrange the purchase and delivery of substantial amounts of bulk power, pursuant to preference customer entitlement under 16 U.S.C. 836b(2), from the Niagara power project of the Power Authority of the State of New York (PASNY).

Since 1966, Allegheny has bought power to meet all the requirements of its members and resold it to the members at an average cost, depending on load factors. As of 1970, the Allegheny members required some 209 MW of power, and about 50 percent of this was purchased from PASNY. Under a Wheeling and Supplemental Power Agreement, the two GPU companies transmit the PASNY power and also supply about 86 MW of supplemental power (77 MW from Penelec, 9 from Met-Ed). West Penn Power Co. supplies about 20 MW for two cooperative members.[2]

In the Spring of this year Allegheny made a specific request to GPU for an ownership share in the Forked River nuclear plant, together with the necessary wheeling arrangements to deliver its share of the plant's output.[3] GPU responded that it had no objection in principle to such participation, but questioned whether it would be in Allegheny's best interests since the costs of the unit most likely would be higher than present average system costs. In any event, GPU has assembled some cost data for Allegheny, and the initial meeting to discuss the proposal, several times postponed, is now scheduled for October 12, 1971.

Allegheny has thus not submitted any specific proposals to serve as basis for negotiations. Allegheny states that this would require more data on the plant than has yet been made available plus the contracting of an engineering survey. The latter, it indicates, would be too expensive to undertake on a speculative basis, without some assurance that it would ultimately be permitted to obtain a meaningful participation in Forked River. Nevertheless, Allegheny has all necessary approvals from its membership and is already in the process of obtaining REA financing for participation in the project.

Another request for participation in Forked River is now being formulated by the Pennsylvania Municipal Utilities Association (PMUA). This is an association of some 25 of the municipal systems in Pennsylvania. The majority are located east of Harrisburg and are bulk power purchasers from Penelec, Met-Ed, or Pennsylvania Power & Light. The borough of Middletown, for itself and as a member of PMUA, has advised us of its interest in obtaining an ownership share in Forked River in order to be able to participate in the economies of scale the investor-owned utilities enjoy by installing large generating units. It asserts that if the Forked River "license were granted, conditioned upon the willingness of investor-owned companies to allow small consumer systems to participate as part owners of the generating capacity and as users of transmission facilities, the small consumer systems could effectively compete (for load growth). Without such a condition, it is my view the consumer system will continue in existence only for a few years."

Competitive implications. In earlier letters of advice to the Commission we have noted the significant degree to which competition can, and does, function effectively in the electric utility industry, particularly at the wholesale level and in efforts to attract new loads to a particular service area. While we have not yet had the opportunity to make a detailed analysis of the degree of competition which has existed between applicant and the smaller systems comprised in the Allegheny Electric Cooperative and PMUA groups, the industry structure in the region should provide opportunity for the existence of vigorous competition. The factor which, over the long run, would seem most likely to impair the functioning of that competition would be the inability of the smaller utilities to obtain access to bulk power supplies which are priced competitively with those available to applicant.

Our previous letters of advice have noted that there are major economies of scale in bulk power production and substantial advantages to be derived from utilities' joining to share reserves and coordinate bulk power development. As we outlined above, applicant's generation expansion program over the past decade or so has been heavily dependent upon joint action, largely within the framework of its participation in the PJM pool. Consequently, it has been able to acquire ownership interests in very large-scale generating units and to benefit from the kinds of coordination which its integration into the regional high-voltage transmission network make possible. Although the Forked River unit is presently proposed to be undertaken by applicant without the direct participation of any of its pooling partners, it seems clear that applicant's participation in PJM and the other joint generation projects will provide critically necessary support for the undertaking. In our letter of advice with respect to Consumer Power Co.'s proposed Midland units we noted:

Applicant's plans to meet a substantial portion of its future generation requirements from the Midland units cannot be viewed in isolation from the rest of its bulk power supply program. In particular, it is applicant's participation in the Michigan Pool which establishes an economic framework sufficient to support the feasibility of installing such large-scale base-load generating units. The Michigan Pool, together with interconnections which applicant maintains with large systems outside Michigan, provides applicant with full access to the interconnected network of high-voltage transmission and to the economic benefits of coordination among electric utilities in bulk power production.

Such an analysis appears equally valid here.

The request of Allegheny Electric Cooperative and PMUA for participation in ownership and output of the Forked River unit must be viewed in the light of principles developed by the Courts in construing the Sherman Act with respect to those controlling an essential resource. This principle was clearly stated and applied very recently in the electric power field:

Pertinent to an examination of the law is a reference to cases expressive of the "bottleneck theory" of antitrust law. This theory reflects in essence that it is an illegal restraint of trade for a party to foreclose others from the use of a scarce facility. Here the theory finds application in Otter Tail's use of its subtransmission lines. One authority ["A. D. Neale, The Antitrust Laws of the U.S.A.," Cambridge University Press at 67 (1960)] believes:

"The Sherman Act requires that where facilities cannot practically be duplicated by would-be competitors, those in possession of them must allow them to be shared on fair terms."

This statement epitomizes the holdings in federal cases which have established the principle: "United States v. Terminal Railroad Assoc.," 224 U.S. 383, 32 S. Ct. 507 (1912); "Gamco, Inc. v. Providence Fruit & Produce Building Inc," 194 F. 2d 484 (1st Cir. 1952); "Packaged Programs, Inc. v. Westinghouse Broadcasting Co.," 255 F. 2d 708 (3d Cir. 1958); "Six Twenty-Nine Productions, Inc. v. Rollins Telecasting, Inc.," 365 F. 2d 478 (5th Cir. 1966).

The bottleneck principle is applicable to Otter Tail. Its control over transmission facilities in much of its service area gives its substantial effective control over potential competition from municipal ownership. By its refusal to sell or wheel power, defendant prevents that competition from surfacing.[4]

The Forked River unit should be regarded as an "essential resource" to which access must be open if, as a matter of factual analysis, it appears that the persons seeking access have no reasonably comparable alternative for meeting their future bulk power requirements. In some instances, smaller utilities may have opportunities to purchase blocks of generating capacity and their only requirement would be for reasonable access to wheeling rights over the interconnected high-voltage transmission network. Allegheny Electric Cooperative has had some success in obtaining competitively priced bulk power supplies from the New York Power Authority (PASNY)[5] and there is apparently still some possibility that a relatively small increment in that supply could be made available. It would seem unlikely, however, that PASNY could be relied upon as the supplier of substantially all the power which will be needed to meet the Cooperatives' load growth. Perhaps the most dependable evidence of that is the persistent efforts of the Cooperative since 1966 to obtain participation in the base-load generating units being planned by GPU. As we have

[2] In addition, Sussex Rural Electric Cooperative in New Jersey, a prospective Allegheny member, receives about 7 MW from Jersey Power.

[3] In this request Allegheny represents both itself and the Sussex cooperative. Sussex has applied for membership in Allegheny and has been accepted by the Allegheny board. Formal admission to membership is awaiting conclusion of arrangements for delivery of a portion of PASNY power to Sussex.

[4] "United States v. Otter Tail Power Co." D. Minn. Civ. No. 6-69-139, p. 12, decided September 9, 1971.

[5] The importance of PASNY power to Allegheny is illustrated by comparison of the 1970 average costs per kw.-hr. of bulk power received from its various suppliers. The cost of power from PASNY was 7.83 mills and from West Penn 7.89 mills. In contrast, power costs from Penelec and Met-Ed averaged, respectively, 8.62 and 9.79 mills per kw.-hr.

indicated, the Pennsylvania municipal systems have continued to be total-requirements wholesale purchasers from GPU and the other large systems, and it seems less likely that they would have an independent alternative in bulk power supply competitive with that to be obtained from participation in Forked River.[6]

It may become entirely unnecessary to resolve the factual question of the adequacy of the bulk power alternatives open to Allegheny Electric Cooperative and PMUA in view of the representation of GPU that it is amenable in principle to their participation in Forked River and willing to negotiate over specific proposals to obtain such participation. But it would seem premature to conclude that GPU's representation adequately resolves the antitrust issues surrounding the present application. Both Allegheny and PMUA express concern over whether GPU's asserted willingness to discuss participation in Forked River will lead to a serious offer. Thus Allegheny states:

"The greatest hazard to our assured right to participate in the Forked River project or similar ventures would be protracted delay resulting from company willingness to talk, but without ever reaching agreement."

In order to understand the uncertainties and difficulties which cloud the prospect of voluntary discussions and negotiations, it is necessary to review some of the background of the relationships between the parties. In 1961 Allegheny was notified by PASNY that it would be entitled to preference power from New York if transmission could be arranged. After a long period of negotiations, Allegheny concluded a Wheeling and Supplemental Power Agreement with Penelec and Met-Ed in 1965; and deliveries under the Agreement began in 1966. In 1969 Allegheny was notified of availability of an additional 30 MW of firm PASNY power if Wheeling could be arranged. Allegheny then asked GPU to undertake negotiations looking toward the necessary revision and expansion of the Wheeling Agreement. Later, in the Spring of 1971 the GPU companies gave Allegheny notice that the Wheeling and Supplemental Power Agreement would be terminated as of November, 1973. Allegheny immediately requested its renegotiation. So far, however, no real negotiations have taken place on either of these matters. Moreover, since 1966 Allegheny has requested participation in each of GPU's new base load generating projects. Until the Forked River request, each time its request had been denied.

Our discussions with both Allegheny and GPU officials reveal quite opposite characterizations of this background. Allegheny alleges that the long period of negotiations over the Wheeling and Supplemental Power Agreement—1961 to 1965—was occasioned by protracted dilatory tactics by GPU. During this period Allegheny made several studies on the feasibility of building its own generation and transmission facilities and had arranged for REA financing toward this end. Allegheny believes that GPU finally entered into the Agreement only in order to forestall the more threatening alternative of an independent transmission system in its area. Allegheny finds a similar pattern of dilatory tactics by GPU in the long delays over negotiating delivery of additional PASNY power and renegotiating the terminated basic Agreement.

GPU represents a very different version of these events. It asserts that earlier requests for participation in specific generation facilities could not be granted because they were made too late; participation in total plant output had already been fully subscribed by other companies. In the only instances in which the coops had made a timely request—Seneca[7] and Forked River—GPU had demonstrated its complete willingness to grant participation. Even before Forked River, it expressed to Allegheny officials its willingness to grant participation in future base load generating facilities, though indicating doubts that such participation would be in the best interests of Allegheny.

GPU has also denied engaging in any dilatory tactics in negotiations with Allegheny. It asserts that in view of the complex cost and engineering data to be dealt with, normal progress was made in both the original negotiations on delivery of PASNY power and in the negotiations over delivering the supplemental power. The principal delay GPU attributes to negotiations between Allegheny and PASNY, and a subsequent New York State hearing, on the entitlement. Indeed, GPU asserts that it materially assisted Allegheny in obtaining its entitlement, at a time when New York officials were reluctant to permit PASNY power to be taken by out-of-State interests. As for pending negotiations on bulk power supply and on Forked River, GPU attributes delays to questions between Allegheny and PASNY on the exact amount of additional entitlement, the press of other business, and the need at the outset to develop relevant cost and other data. Nevertheless, some discussions and correspondence have taken place between the parties on these matters, and on July 28, 1971, GPU sent Allegheny cost estimates for Forked River.

While many of the facts about GPU's relationships with municipal and cooperative systems are presently in conflict, there is some clear and objective evidence of restraints imposed by GPU on their development of competitive bulk power supplies. The Wheeling and Supplemental Power Agreement which Penelec and Met-Ed have each entered with Allegheny places restrictions on the resale of both PASNY and supplemental power sold and delivered to Allegheny. With one exception neither Allegheny nor its members may make any such power available to any other utility system for resale.[8] It is firmly established that an agreement restricting the category of customer to whom a product may be resold is unlawful per se under section 1 of the Sherman Act. "United States v. Arnold, Schwinn & Co.", 388 U.S. 365, 379.

The same agreement also provides that a distribution coop may not operate any other source of power in parallel with that supplied by GPU without mutual agreement. Technical problems doubtless may arise in some cases of parallel operation of two sources of power, and these must be provided for by arrangements to ensure system reliability. But this provision would appear to go beyond that need and give GPU a veto power over the wholesale customer's ability to obtain alternate sources of bulk power, either by self-generation or outside purchase, unless such alternate power can be used on an isolated segment of its system.[9]

Although the fact that these provisions exist is relevant in evaluating the past relationships between GPU and the smaller systems in its area, it should be noted that GPU's counsel has represented to us that the company is willing to proceed promptly toward the elimination or suitable revision of all unreasonably restrictive provisions in wholesale rate schedules.

Conclusion. Our review of the presently available information has led to the conclusion that issuance of the license sought herein without providing for access to participation in the unit by Allegheny Electric Cooperative and PMUA could create or maintain a situation inconsistent with the antitrust laws. As matters now stand, we would thus recommend a hearing to resolve the relevant factual issues. We do attach considerable importance to GPU's announced willingness to accept the direct participation of Allegheny Electric Cooperative and PMUA in the Forked River unit and to negotiate in good faith over specific proposals for such participation. Such a commitment, together with the commitment to remove unreasonable restrictive provisions in wholesale rate schedules, if fully implemented, would satisfactorily resolve the antitrust issues with which we are here concerned.

In view of the history of the relationships among the parties, set forth above, we do not think it would be appropriate to rely entirely on the outcome of voluntary discussions and negotiations among the parties. In the most favorable of circumstances such negotiations are likely to be complex and time-consuming. We note, however, the estimate in your transmittal of this application that a public hearing on health and safety aspects of this application will be commenced no earlier than January 1972, and it seems unlikely that the antitrust hearing on this application could be scheduled before the spring of 1972.

[6] The Borough of Middletown, a full-requirements wholesale customer of Met-Ed, asserts that it has requested an arrangement for the use of GPU generation and transmission facilities similar to the arrangement that GPU has with Allegheny. This would have enabled Middletown to seek a share in PASNY power. It claims that GPU denied the request. In addition Middletown indicates that it has attempted to negotiate for other sources of lower cost bulk power, which would involve use of GPU's transmission lines for delivery. GPU allegedly has refused to realistically discuss use of its lines for this purpose. PMUA indicates that it, too, has been unsuccessful in its requests to GPU and other major utilities for either participation in generation facilities or wheeling of bulk power purchased elsewhere. On the other hand, GPU denies knowledge of any such requests. It represents that if, apart from casual conversation, a serious request had been made, it would have been given serious consideration.

[7] The Seneca pumped-storage units had originally been initiated in 1960 by GPU and the coops as a jointly owned undertaking. Allegheny claims that it withdrew because the arrangements required purchase of all its supplemental power from GPU at unfavorable rates and it had meanwhile learned of the availability of substantially larger amounts of PASNY power than would have been provided by its projected small ownership in Seneca.

[8] With GPU consent Allegheny sells 50 kw. to New York State Electric and Gas Corp. under a long-standing arrangement whereby the latter serves at retail a number of the members of Claverack Rural Electric Cooperative (an Allegheny member).

[9] Two of GPU's wholesale power contracts with municipals also contain restrictive provisions. Penelec's contract with the Borough of Smethport also contains provisions against any resale of purchased power, except as provided in the tariff schedule, without the written consent of Penelec, and against use of any other source of power in conjunction with Penelec's without the written consent of the latter. Met-Ed's contract with the Borough of Middletown prohibits Middletown's use of purchased power to compete in the supply of electric service to any existing customers of Met-Ed.

Therefore you may wish to consider, at the time you are prepared to schedule a hearing, requesting further advice from us as to the necessity of an antitrust hearing in the light of subsequent developments.

[Docket No. 23644; Order 71-10-14]

INTERNATIONAL AIR CHARTER ASSOCIATION

Order of Tentative Approval

Adopted by the Civil Aeronautics Board, at its office in Washington, D.C., on the 4th day of October 1971.

On July 20, 1971, there was filed for prior Board approval pursuant to section 412 of the Federal Aviation Act of 1958, as amended (the Act), a document consisting of a preincorporation agreement, a certificate of incorporation and the bylaws of the International Air Charter Association (IACA), a newly-formed organization of United States and foreign supplemental carriers.[1]

The stated purposes of IACA, according to the preincorporation agreement, are as follows:

(1) To promote increased understanding and recognition of the benefits to be derived from international air charter operations and of the needs to broaden the base of air travel through encouragement of charter air service;

(2) To improve the quality of international air charter services;

(3) To develop increased communication and cooperation among international air charter carriers and between such carriers and the international aviation community;

(4) To promote air safety in general; and

(5) To participate in international conferences and join international organizations with the aim of promoting the foregoing purposes.

The preincorporation agreement provides that there shall be an International Policy Board (board of directors) consisting of one representative elected by each stockholder plus an additional director elected by the other directors; and that there shall be an executive committee consisting of at least four directors, including the chief executive officer of the Association, with full power to act for the Policy Board between meetings. Each member of the Policy Board will be entitled to one vote, a majority of the Policy Board will constitute a quorum, and a majority vote of the members present may transact all business presented except as may otherwise be provided by statute or the bylaws.

The authorized capital stock of the company will consist of 100,000 shares. Each party to the agreement will become a member of IACA and must purchase, when required by the Policy Board, 1,000 shares of the capital stock of the company for the sum of $1 per share. Subsequent members will be required to purchase a like amount of capital stock and shall meet the qualifications set forth in the bylaws as a condition precedent to membership. The parties have agreed to appoint the National Air Carrier Association (NACA) as their attorney-in-fact to file the agreement and to seek approval thereof by the Board.

Jurisdiction of the company's formation has not been selected and will depend upon tax and other considerations. To the extent that the selected jurisdiction may require change in any of the provisions of the agreement as a whole to comply with local law, the parties have consented to such changes.

Under the bylaws active members, inter alia, must be air carriers authorized by their respective governments (members of the International Civil Aviation Organization) to engage in international charter air transportation, which have for a period of 24 consecutive months immediately prior to their application for membership demonstrated their ability to maintain an acceptable standard of direct operation of aircraft in excess of 12,500 pounds gross weight, and which are not members of any international association or organization of scheduled air carriers, or any subsidiary organization of like type, or are not subsidiaries of scheduled air carriers which are members of the International Air Transport Association (IATA).

Upon two-thirds vote by the active members, associate members may be admitted to IACA. Such associate members would include those air carriers operating scheduled services in addition to their charter business who are members of IATA; air carriers which are subsidiaries of IATA air carriers or are otherwise dependent on IATA air carriers; and national associations representing the charter airline industry. Associate members may not hold stock or vote at annual or special meetings of the Association; participate or vote at annual or special meetings of active members; or attend, participate in or vote at meetings of directors.[2]

Otherwise, the bylaws provide for the International Policy Board, discussed above, which is charged with the responsibility of managing the property and affairs of IACA, including the selection of officers of IACA; procedures for resignation and for expulsion; meetings of members; and finances.

The Aviation Consumer Action Project (ACAP) has filed comments urging the Board to disapprove the IACA agreement and to institute an investigation into the activities of NACA which was instrumental in formulating the IACA agreement. The parties to the IACA agreement have filed an answer stating that the contentions of ACAP are without merit and urge the Board promptly to approve the agreement.

ACAP contends that the parties to the agreement engaged in intercarrier discussions preliminary to the agreement to

[1] The members of IACA are as follows: Luftverkehrsunternehemen Atlantis A.G.; Britannia Airways, Ltd.; Capitol International Airways, Inc.; Donaldson Line (Air Services) Ltd., doing business as Donaldson International Airways; Euralair; Overseas National Airways, Inc.; S.A. De Transport Aerien (SATA); Saturn Airways, Inc.; Spantax, S.A.; Sterling Airways A/S; Trans International Airlines, Inc.; Transavia Holland; Universal Airlines, Inc.; and World Airways, Inc.

[2] The rights of associate members are limited to attendance at annual or special meetings of members and to participate in informal activities of IACA, including, but not limited to, meetings or discussions concerning improved safety procedures, maintenance of aircraft, substitute service, securing of landing and uplift rights or otherwise relating to the improvement of charter air services. Such attendance and participation is to be only at the invitation of the president of IACA.

form the organization without first obtaining Board approval of such discussions;[3] and that the carriers have no general immunity and authority to engage in discussions among themselves and with foreign air carriers without first obtaining Board approval. Further, ACAP contends that the supplemental carriers have not established any necessity for a private international organization; and that the history and growth of the supplemental industry testify to the absence of any such necessity since these carriers have successfully competed among themselves, as well as against the international scheduled carriers, largely because of their freedom from the "monopolistic restraints" of an industry trade association. In this context ACAP indicates that before the Board can grant antitrust immunity there must be a showing that the agreement is "required by a serious transportation need or in order to secure important public benefits."[4]

IACA has responded that there is no merit to the foregoing allegations; that it is only where intercarrier discussions relate to terms and conditions of service or other matters affecting competition, that Board approval is necessary; and that ACAP has misconceived the Board's "accepted practice." Further, it states the Act does not impose a burden on the agreeing carriers to establish affirmatively the "necessity" for the proposed agreement; and that the "Local Cartage" rule is inapposite since it applies only to agreements "plainly repugnant to antitrust principles."[5] In any event, the airlines believe that the organization of IACA is essential since the supplemental carriers are "step-children" of the international aviation community, are unprotected by any bilateral agreement, have been subjected to arbitrary, discriminatory and restrictive landing rights practices by foreign governments, and have been without a voice in international forums, such as ICAO.

ACAP believes that approval of the agreement would be tantamount to the Board's surrendering its regulatory powers to other governments by permitting foreign charter carriers and their governments to acquire authority to prescribe charter policies for the U.S. Government even against the wishes of U.S. carriers who constitute a minority in IACA. It also believes that the agreement is overly vague and is not a proper subject for Board consideration, stating that the agreement does not indicate the rationale for IACA's proposed activities or functions; that the major stated purposes could be achieved without IACA; that the organization will impose restraints on free competition by reason of the membership requirements, dues and special assessments; and that the agreement gives no assurance that the carriers will abstain from discussing such matters as capacity, market sharing, rates and fares, and other economic and commercial aspects of air charter service.

IACA rejects the foregoing contentions as baseless stating that the Board relinquishes nothing by approving the agreement; that the foreign charter carriers and their governments will not acquire authority to prescribe U.S. charter policies, and that all of the prospective foreign carrier members of IACA are privately owned, not owned by foreign governments. As to the "vagueness" of the agreement, IACA states that the goals or purposes of the organization are set out as specifically as possible given the wide-ranging role intended; and that the intended goals could not be otherwise achieved. With respect to membership IACA believes that it is not unreasonable for an organization of charter airlines to require that an applicant have at least some record of experience and responsibility in the operation of large aircraft. On the subject of dues and assessments, IACA notes that every carrier, large and small, would have equal representation on the Policy Board and it is likely that the small rather than the large carriers will hold the balance of power, thus obviating any exorbitant dues and assessments against small airlines. As to the absence of express assurance in the text of the agreements that the agreeing carriers will abstain from fixing prices, dividing markets, etc., IACA believes that it is enough to say that Board approval would not authorize any such conduct.

Finally, ACAP questions the role of NACA in formulating the IACA agreement indicating that such activities are beyond its scope of authority granted by the Board. ACAP believes the Board should initiate an investigation into this and other "questionable" activities of NACA before any examination of the merits of the agreement under consideration.

IACA submits that there is no basis for the implication that NACA's role in the formation of IACA is improper since the NACA carriers are actively interested in the formation of an international association because they have suffered at the hands of foreign governments (e.g., in the area of landing rights) and see an urgent need to promote greater acceptance of their services in foreign countries. NACA and its attorneys, IACA states, have filed and sought approval of the agreement because, pursuant to the agreement, the carriers appointed NACA as their attorney in fact.

No other comments have been received.

Upon consideration thereof, the Board finds that the agreement constitutes a cooperative working arrangement among air carriers and foreign air carriers affecting air transportation, and, accordingly, is subject to section 412 of the Act. The Board has carefully considered the comments and reply comments and finds no cause at this time to grant the request of ACAP that the agreement be disapproved or that an investigation be instituted into the activities of NACA which culminated in the formation of IACA. Rather, we have decided to grant tentative approval of the agreement subject to the conditions hereinafter discussed.[6]

We shall, however, comment on several of ACAP's contentions.

First, we note that ACAP contends that the parties to the agreement engaged illegally in discussions preliminary to the agreement. While the Board has traditionally assumed jurisdiction over, and on many occasions has permitted, intercarrier discussions of such matters as scheduling at congested airports, reduction of capacity in certain markets, air freight rules, baggage rules and practices, and a number of other subjects, subject to close monitoring by the Board, it has not in the past assumed jurisdiction over discussions which may have led to the formation of trade associations of the type contemplated here.[7] Indeed, no showing has been made in this instance that discussions preliminary to formation of the organization related to terms or conditions of service or other matters affecting competition; or that prior Board approval of the discussions otherwise was appropriate or necessary under the statute or pursuant to Board policy. Thus, we are unpersuaded on the basis of the facts before us that such discussions as may have been held among the parties to the agreement are inconsistent with established antitrust principles, or with previous Board actions with respect to the formation of trade associations.

We have noted ACAP's general contention that a need for the international organization has not been established since the carriers have already successfully competed among themselves and against the scheduled carriers; and that no showing has been made that the agreement is "required by a serious transportation need or in order to secure important public benefits." We accept in general the carriers' contentions as to the desirability for the international body and believe that it will provide a proper forum for consideration of problems of mutual concern to the membership. We wish to emphasize, however, that the activities of IACA, like other trade associations, would be closely monitored through the conditions proposed herein, and that any future discussions which normally would fall within the Board's jurisdiction certainly would require prior Board approval. As to application of the "Local Cartage" principle to the "need" for the agreement, we are unable to conclude that ACAP has shown

[3] Without specifically citing the particular cases, ACAP refers in general terms to Board approval for discussions on air freight claim and liability rules and practices, and on reduction of capacity. See Airline Agreements on Air Freight Tariff, Liability, Claims and Credit Rules, Order 68-8-18, Aug. 6, 1968, and application of Trans World Airlines, Inc., to Engage in Capacity Reduction Discussions, Order 71-3-71, March 11, 1971.

that the agreement is repugnant to established antitrust principles and, therefore, that the parties would be required to make the requisite showing.

It is unclear how approval of the agreement would tend to result, as contended by ACAP, in a surrender by the Board of its regulatory powers over U.S. charter activities. Nevertheless, it is our view that the Board relinquishes nothing in this respect through approval of the agreement. In any event, should unforeseen developments arise which would even hint at such a result, the Board has the power under section 412 of the Act to later disapprove the agreement should it be found to be adverse to the public interest or in violation of the Act.

We have very carefully considered ACAP's remaining comments and find them unpersuasive as justification for disapproval of the agreement or institution of an investigation of NACA's participation in the formation of IACA.

Turning now to specific provisions in the agreement meriting comment, the Board notes that in order to qualify for active membership in the organization, among other things, a carrier must have demonstrated for a period of at least 24 months immediately prior to its application for membership its ability to maintain an acceptable standard of direct operation of aircraft in excess of 12,500 pounds gross weight. In our view this requirement is unduly restrictive from the standpoint of recognized antitrust principles. The time aspect of this requirement would seem to serve no useful purpose with respect to, and might foster possible prejudicial treatment of, a U.S. air carrier applicant fully qualified in all other respects. We intend therefore to condition our approval so as to permit membership in the organization by any U.S. supplemental air carrier as a matter of right upon meeting the remaining requirements of the agreement.

We note further that IACA will be incorporated either under the laws of Switzerland or in the United States under the laws of the State of Delaware. Should it be incorporated in Switzerland we except that any revision in the agreement, certificate of incorporation and/or bylaws will be submitted for Board approval.[7a] Any interim approval in this proceeding will be subject to final review and approval of these documents.

In addition to the foregoing, and in order that the Board may be currently informed of the manner in which IACA is conducting its affairs, we will require the submission of minutes of meetings, statements of disciplinary action and/or arbitration relating thereto, and a report of any public relations program adopted. In this connection, the Board's experience has been that claims by an air carrier association of attorney-client privilege restrict the Board's access to documents in the possession of the association, thereby delaying the Board's consideration of matters involving the organization. The Board does not believe that such a claim is appropriate, particularly where the members of an association enjoy relief from the antitrust laws by virtue of action by the Board under section 412 of the Act. In brief, it is the Board's intention that the association will conduct its affairs in such a manner as to preclude any claim of confidentiality, based on attorney-client privilege, which would inhibit the Board's inspection of records of the association. And the Board will so condition its approval herein.[8] Finally, since the objectives and powers of IACA heretofore described, cover a broad range of activities with few specific limitations, the Board will provide that approval of the instant agreement does not constitute approval of any action taken pursuant thereto.

Upon consideration of the foregoing, the Board tentatively finds that the agreement is not adverse to the public interest or in violation of the Act, and should be approved if such approval is made subject to the following conditions:

1. That any U.S. supplemental air carrier may become a member of IACA upon application as a matter of right without meeting the requirement that it demonstrate its ability for a period of 24 months prior to such application to maintain an acceptable standard of direct operation of aircraft in excess of 12,500 pounds gross weight;

2. That within 10 days after final incorporation thereof IACA shall file notification thereof, and any modification of the agreement resulting therefrom, including a certified copy of the certificate of incorporation, the articles of association, and the bylaws; and subsequently, any amendments thereto, within 10 days of adoption;

3. That the air carrier members of IACA shall advise the Board within 30 days after acceptance thereof of the name, business activity, and address of any person becoming an associate member of IACA;

4. That the U.S. air carrier members of IACA shall submit to the Board all recommended practices, agreements, and resolutions adopted by IACA and/or its International Policy Board, or any committee established pursuant to the bylaws.[8a]

5. That the air carrier members of IACA shall file with the Board within fifteen (15) days of adoption, a copy of detailed procedures adopted for handling the arbitration of matters made subject to arbitration;

6. That the air carrier members of IACA shall file with the Board within thirty (30) days of preparation—copies of written opinions and reports or actions of its International Policy Board, or decisions of arbitrators which result in a refusal of membership, the expulsion of a member, or other disciplinary action. The names of the carrier parties to the proceedings which are the subject of such opinions, reports, and decisions may be deleted therefrom for the purpose of this paragraph;

7. That IACA shall maintain full and complete minutes of meetings of its International Policy Board and of its general membership;[9]

8. That the air carrier members of IACA shall file the agenda for such meetings and the minutes thereof with the Board with thirty (30) days after the meeting.[10]

9. That the air carrier members of IACA shall file with the Board a true copy, or if oral, a true and complete memorandum of any public relations program authorized or adopted by the International Policy Board or members, within thirty (30) days after such adoption;

10. That IACA shall so conduct its affairs as to preclude it, its officers or employees, from engaging in the practices of law, in such manner as to create a claim of privilege against disclosure to the Board of information or documents based upon an alleged attorney-client relationship between it, its officers or employees, on the one hand, and its members, on the other.[11] Nothing in this condition, however, shall prevent attorneys employed or retained by IACA from rendering confidential legal advice to, and accepting confidential communications in connection therewith from, officers or employees of IACA or its instrumentalities, or individual members of its various committees, etc., with respect to the activities of IACA or its instrumentalities or of such committees, etc., or shall prevent IACA from asserting attorney-client privilege with respect to any such communication: *Provided*, That the procedures hereinafter called for have been followed. IACA shall promptly establish standard procedures for the handling of written documents and communications as to which IACA desires to preserve its asserted right to claim attorney-client privilege, and shall report such procedures and all subsequent revisions thereof to the Board. Such procedures shall provide for at least the following:

(a) Any document which is claimed to be confidential by reason of an asserted attorney-client privilege shall be promptly identified, so marked, and segregated. This shall be done within 60 days of the creation of such document or its

[7a] In any event, we shall require that there be filed with the Board a certified copy of the certificate of incorporation, and the articles of association and bylaws, and any amendments thereto.

[8a] This requirement does not relieve the parties from complying with the provisions of section 412 of the Act.

[9] Such minutes shall contain, inter alia, a summary of the discussion identifying each participant on each matter, regardless of the action, or lack of action taken thereon.

[10] The filing of minutes will not relieve IACA from the requirement for filing separately contracts and agreements subject to section 412 of the Act.

[11] Such restriction is not intended to prohibit the participation of an association in a Board proceeding pursuant to the provisions of Part 263 of the Board's Economic Regulations.

receipt by IACA, as the case may be. As to documents heretofore created, it shall be done within 90 days after imposition of this condition.

(b) All such documents which IACA elects to keep in its possession or control shall be kept in a separate file or files in the charge of an appropriate principal officer of IACA or of its legal staff.

(c) The air carrier members of IACA shall quarterly report to the Board how many documents have been segregated in the above-described confidential files.

(d) Upon request of the Board, IACA shall furnish the Board with a list of all documents so segregated, such list to give the date, author, and addressee of each document or communication, and as detailed a description of its contents as preservation of confidentiality will permit.

11. That IACA and its air carrier members agree that the Board and its authorized agents shall have access to and authority to inspect all accounts, records, and memoranda, including all documents, papers, and correspondence belonging to or in possession of IACA, other than documents, papers, and correspondence segregated in accordance with the procedures specified by paragraph 10 of this order: *Provided, however,* That the Board shall have access to and authority to inspect all such segregated materials except those which are in fact legally privileged against disclosure by reason of an attorney-client privilege which IACA (or, as to documents heretofore created, a member of IACA) is entitled to assert.

In its final order in this proceeding the Board will retain jurisdiction for the purpose of imposing such further conditions as it may from time to time find to be required in the public interest, and will preclude its approval from constituting authority to IACA for the discussion of rates and fares.

Accordingly, it is ordered, That:

1. Action on Agreement CAB 22545 be and it hereby is deferred for a period of thirty days to permit the filing of comments by interested persons relative to the Board's tentative decision herein; [1] and

2. A copy of this order shall be served on all supplemental air carriers, IACA, the Department of Justice, and the ACAP.

This order shall be published in the FEDERAL REGISTER.

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Order Regarding Fare Matters

Issued under delegated authority September 24, 1971.

An agreement has been filed with the Board, pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations, between various air carriers, foreign air carriers, and other carriers, embodied in the resolutions of Traffic Conference 1 of the International Air Transport Association (IATA). The agreement, which was adopted pursuant to the provisions of Resolution 072 dealing with the establishment of special creative fares within the Western Hemisphere, has been assigned the above-designated CAB agreement number.

The agreement, as proposed by Aeronaves de Mexico, would establish a round-trip 5/21-day excursion fare between Phoenix and Ciudad Obregon at a level of $60, which provides a reduction of about 25 percent from the currently effective round-trip economy-class fare.

Pursuant to authority duly delegated by the Board in the Board's regulations, 14 CFR 385.14, it is not found, on a tentative basis, that the subject agreement is adverse to the public interest or in violation of the Act.

Accordingly, it is ordered, That:

Action on Agreement CAB 22681 be and hereby is deferred with a view toward eventual approval.

Persons entitled to petition the Board for review of this order, pursuant to the Board's Regulations, 14 CFR 385.50, may, within 10 days after the date of service of this order, file such petitions in support of or in opposition to our proposed action herein.

This order will be published in the FEDERAL REGISTER.

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Order Regarding Specific Commodity Rates

Issued under delegated authority October 4, 1971.

An agreement has been filed with the Board pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations, between various air carriers, foreign air carriers, and other carriers, embodied in the resolutions of the Joint Conferences of the International Air Transport Association (IATA) and adopted pursuant to the provisions of Resolution 590 dealing with specific commodity rates.

The agreement, adopted pursuant to unprotested notices to the carriers and promulgated in IATA letters dated September 16, September 20, and September 27, 1971, names additional rates under existing and new commodity descriptions. These rates, which reflect significant reductions from the general cargo rates, are set forth in the attachment hereto.

Pursuant to authority duly delegated by the Board in the Board's Economic Regulations, 14 CFR 385.14, it is not found, on a tentative basis, that the subject agreement is adverse to the public interest or in violation of the Act, provided that eventual approval thereof is conditioned as herein ordered.

Accordingly, it is ordered, That:

Action on Agreement CAB 22332, R-29 through R-36, be and hereby is deferred with a view toward eventual approval, provided that approval shall not constitute approval of the specific commodity descriptions contained therein for purposes of tariff publication; provided further that tariff filings shall be marked to become effective on not less than 30 days' notice from the date of filing.

Persons entitled to petition the Board for review of this order pursuant to the Board's Regulations, 14 CFR 385.50, may, within 10 days after the date of service of this order, file such petitions in support of or in opposition to our proposed action herein.

This order will be published in the FEDERAL REGISTER.

[Docket Nos. 11278, etc.; Order 71-10-27]

NEW YORK-SAN JUAN CARGO RATES INVESTIGATION

Order To Show Cause

Adopted by the Civil Aeronautics Board, at its Office in Washington, D.C., on the 6th day of October 1971.

Following an investigation, Docket 11278 et al., the Board issued Order E-23431, decided March 28, 1966,[1] establishing minimum general commodity rates between New York, Newark, Philadelphia, Baltimore, and Washington, on the one hand, and San Juan, P.R., on the other. The order also established, inter alia, (1) minimum specific commodity rates for any quantity of printed matter (books, Braille type machinery, catalogs, newspapers and periodicals) at 50 percent of the minimum general commodity rates for shipments less than 100 pounds, (2) a minimum charge of $7 per shipment, (3) a cube rule reflecting a minimum weight of 7.3 pounds per cubic foot,

[1] The effectiveness of this order was stayed by Order E-23582, but it was made effective in modified form on reconsideration by Order E-23840, June 21, 1966.

and (4) a requirement that the carriers not publish or participate in through or proportional joint rates lower than the above minimums.

The above order provided that the Board would retain jurisdiction to modify or revoke it without further hearing. We now propose to revoke this order as modified.[2] Interested persons will be given an opportunity to file answers in support of, or in opposition to, this proposal.

The order has been modified several times to permit discounts for containerized shipments without hearing, in consideration of the power the Board reserved in the original minimum rate order and the fact that no hearing was requested by any party (Orders 69-4-32, April 4, 1969; 70-2-97, February 24, 1970; 70-4-138, April 28, 1970; and 70-7-23, July 6, 1970). These orders were superseded by Order 71-2-81, February 17, 1971, which contains a complete schedule of modifications to the basic orders as related to container traffic.

In its basic minimum rate decision, Order E-23431, supra, the Board expressed its concern that minimum rates would reduce the flexibility of carrier management in the establishment of rates. We stated:

> Experience indicates the importance of relieving the air carriers of the burden of operating under a minimum rate order as soon as possible in the circumstances of each case and allowing the carriers to resume their statutory responsibility for establishing just and reasonable rates for air transportation, subject to the Board's authority to suspend and investigate any tariff rates that appear to be outside the zone of reasonableness.
>
> Accordingly, we conclude that the minimum rate order in this proceeding should remain in effect only so long as is necessary for the carriers and shippers to adjust themselves to the new rate structure and for the market to become stabilized.[3] We have therefore determined to make the order effective for a specified period of time, pursuant to section 1005(a) of the Act. Although the record contains no indication of what a reasonable period of applicability would be, we conclude that a 7-month period should be sufficient as a stabilization period. However, since the parties have not addressed themselves to this matter, careful consideration will be given to any petitions for reconsideration on this point.

A number of carriers petitioned for reconsideration of the above 7-month limitation, essentially on the ground that the rate war that resulted in the prescription of minimum rates would be resumed. The Board thereupon revised its decision, to make the minimum rate order effective indefinitely, Order E-23840, June 21, 1966. We asserted, however, that the traffic and revenue data required of the carriers would enable the Board to monitor the effect of the prescribed rate structure on the market and to determine when the market reaches sufficient stability to warrant vacating the order.

In our opinion, the New York-San Juan market now appears stabilized and no rate war appears probable in the near future. We base our conclusion in part on the fact that the rates published in the carriers' tariffs for bulk shipments are significantly above the minimums prescribed by the Board. The carriers have filed two increases since the issuance of the minimum rate order: (1) 1 cent per pound effective November 1 and 6, 1969, at all weight breaks, except at the 5,000-pound break, where the increase was 0.5 cent (Order 69-10-144), (2) effective May 1, 1971, for Pan American and May 19 for other carriers, additional increases of 2 cents per pound for shipments below 1,000 pounds, and 1 cent per pound for shipments of 1,000-2,999 pounds and of 5,000 pounds and above; no increase was filed at the 3,000-pound weight break. The current bulk rates are typically between 12 and 18.8 percent above the prescribed minimums with the rate for only one weight break, that at 3,000 pounds, involving a lower increase, 7.7 percent.

We also note that, except for petitions filed to permit reductions on mail bags and container discounts, the carriers have made no requests to modify the minimum rate order.[4] Prior to that order, a substantial volume of freight traffic in the San Juan market moved under specific commodity rates. The order, establishing minimum general commodity rates, left the proceeding open to permit prompt consideration of petitions to publish below-minimum specific commodity rates upon a demonstration that such commodities would not move under the general commodity minimums, but would move under specific commodity rates.[5] As indicated, however, with the exception noted above, the carriers have not attempted to file any rate reductions. Finally, we believe that air carriers should have the initial responsibility of filing rates, subject to the suspension and investigation powers that the statute accords the Board.[6]

In view of all relevant circumstances, notice is hereby given that the Board proposes:

(1) To revoke the orders set forth in ordering paragraph 1,

(2) To terminate the "New York-San Juan Rate Investigation," Docket 11278 et al.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 1002 thereof,

It is ordered, That:

1. Interested persons are hereby directed to show cause why Orders E-23431, decided March 28, 1966; E-23840, June 21, 1966; and 71-2-81, February 17, 1971 (including the orders superseded thereby), should not be revoked.

2. Interested persons are granted a period of 30 days from the date of this order to file answers in support of, or in opposition to, the Board's proposal.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

Secretary.

---

[2] Revocation of the minimum rate order as modified will result in revoking not only the minimum rates and charges, but also carrier reporting requirements and other provisions.

[3] Order E-23431, supra at 21-22 (footnote omitted).

[4] Trans Caribbean Airways, Inc., filed a petition to permit the submission of a rate of 10 cents per pound for space-available traffic, but this was withdrawn by American Airlines, Inc., as successor corporation. Order 71-7-16, July 1, 1971. The request for reduced rates on mail bags was denied by the Board, Order E-26108, Dec. 12, 1967.

[5] Subsequently, in its supplemental opinion and order on reconsideration, the Board amended the above provision to permit publication of below-minimum general commodity rates as well.

[6] Cf. Order E-16432, Feb. 24, 1961, which proposed revocation of the domestic minimum air freight rate orders then in effect. In that order the Board stated:

"A basic premise underlying our proposal to revoke the minimum freight rates is the statutory concept that the initiation of rates should be a carrier function: that the exercise of this function is restricted by the existence of minimum rate orders; and that the continuance of the existing minimum rates is no longer necessary or desirable in the absence of impending or actual rate wars. We do not consider that revocation of minimum rates would be a withdrawal by the Board from effective cargo rate regulation, but rather a determination that in the present circumstances the Board and the industry can best implement their respective rate functions where the Board exercises its powers of investigation and suspension with respect to specific tariff proposals."

FEDERAL RESERVE SYSTEM

UNITED BANCSHARES OF FLORIDA, INC.

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a)(3) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(3)), by United Bancshares of Florida, Inc., which is a bank holding company located in Miami Beach, Fla., for prior approval by the Board of Governors of the acquisition by applicant of 100 percent of the voting shares (less directors' qualifying shares) of United National Bank of Westland, Hialeah, Fla., a proposed new bank.

Section 3(c) of the Act provides that the Board shall not approve:

(1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Atlanta.

OFFICE OF EMERGENCY PREPAREDNESS

OKLAHOMA

Notice of Major Disaster and Related Determinations

Pursuant to the authority vested in me by the President under Executive Order 11575 of December 31, 1970; and by virtue of the Act of December 31, 1970, entitled "Disaster Relief Act of 1970" (84 Stat. 1744); notice is hereby given that on September 28, 1971, the President declared a major disaster as follows:

I have determined that the damages in certain areas of the State of Oklahoma from heavy rains and flooding, beginning about August 15, 1971, are of sufficient severity and magnitude to warrant a major disaster declaration under Public Law 91-606. I therefore declare that such a major disaster exists in the State of Oklahoma. You are to determine the specific areas within the State eligible for Federal assistance under this declaration.

Notice is hereby given that pursuant to the authority vested in me by the President under Executive Order 11575 to administer the Disaster Relief Act of 1970 (Public Law 91-606) I hereby appoint Mr. George E. Hastings, Regional Director, OEP Region 6, to act as the Federal Coordinating Officer to perform the duties specified by section 201 of that Act for this disaster.

I do hereby determine the following areas in the State of Oklahoma to have been adversely affected by the catastrophe declared a major disaster by the President in his declaration of September 28, 1971:

The counties of:

Cotton.	Osage.
Creek.	Tulsa.
Okmulgee.	Wagoner.

CALIFORNIA TAX-EXEMPT BOND FUND

Notice of Filing of Application for Order of Exemption

OCTOBER 4, 1971.

In the matter of California Tax-Exempt Bond Fund (Series 1 and subsequent series), c/o California Tax-Exempt Bond Funds, Inc., Russ Building, San Francisco, Calif. 94104.

Notice is hereby given that California Tax-Exempt Bond Fund (Applicant), a unit investment trust registered under the Investment Company Act of 1940 (Act), has filed an application pursuant to section 6(c) of the Act for an order of the Commission exempting Applicant from compliance with the provisions of section 14(a) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations therein, which are summarized below.

Applicant includes Series 1 and all subsequent series named California Tax-Exempt Bond Fund. Each series will be governed by a trust agreement under which California Tax-Exempt Bond Funds, Inc., will act as sponsor and Title Insurance and Trust Co. will act as trustee. The trust agreement for each series will contain terms and conditions of trust common to all series. Pursuant to each such trust agreement, the sponsor will deposit with the trustee between $2 million and $20 million principal amount of bonds for each series which the sponsor shall have accumulated for such purpose, and simultaneously with each deposit will receive from the trustee registered certificates for between 2,000 and

20,000 units, which will represent the entire ownership of the series. Applicant proposes to offer such units for sale to the public and for this purpose a registration statement under the Securities Act of 1933 has been filed with respect to Series 1 which has not yet become effective. The trust agreement does not provide for the issuance of additional units. The proceeds of bonds which may be sold, redeemed or which mature will be distributed to certificate holders, and not reinvested.

Units in each series will remain outstanding until redeemed or until the termination of the trust agreement, which may be terminated by 100 percent agreement of the unit holders of the particular series, or, in the event that the value of the bonds falls below $2 million at the discretion of the trustee or upon the direction of the sponsor. The trust agreement must be terminated if the value of the bonds falls below $1 million. In connection with the requested exemption, the sponsor has agreed to refund any amount paid in as well as any sales load to purchasers of units, if within 90 days after the registration of a series under the Securities Act becomes effective, the net worth of that series shall be reduced to less than $100,000, or if the series is otherwise terminated. In addition, the sponsor may maintain a secondary market for units of Series 1 and subsequent series at prices in excess of the redemption price as set forth in the trust agreement, although the sponsor is not obligated to do so.

Section 14(a) of the Act requires that a registered investment company (a) have a net worth of at least $100,000 prior to making a public offering of its securities; (b) have previously made a public offering and at that time have had a net worth of $100,000; or (c) have made arrangements for at least $100,000 to be paid in by 25 or fewer persons before acceptance of public subscriptions.

Section 6(c) of the Act provides, among other things, that the Commission, by order upon application, may conditionally or unconditionally exempt any person from any provision or provisions of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than October 26, 1971, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing), upon Applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

DAVE ARONOFF SHOES, INC.

Petition for Determination of Eligibility To Apply for Adjustment Assistance; Notice of Investigation

Investigation instituted. Upon petition under section 301(a)(2) of the Trade Expansion Act of 1962, filed by Dave Aronoff Shoes, Inc., Los Angeles, Calif., the U.S. Tariff Commission on September 28, 1971, instituted an investigation under section 301(c)(1) of the said act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with women's and misses' footwear of the type produced by the aforementioned firm, are being imported into the United States in such increased quantities as to cause, or threaten to cause, serious injury to such firm.

The petitioner has not requested a public hearing. A hearing will be held on request of any other party showing a proper interest in the subject matter of the investigation, provided such request is filed within 10 days after the notice is published in the FEDERAL REGISTER.

Inspection of petition. The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets, NW., Washington, DC, and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: October 6, 1971.

SEPTEMBER 17, 1971.

The Commission is in receipt of an application in the above-entitled proceeding for approval of amendments to the agreement therein approved.

Filed August 18, 1971, by: John M. Womack, 2722 Crittenden Drive, Louisville, KY 50209 (Attorney in fact).

The amendment involves: Changing the annual meeting of the membership and of retiring Board of Directors from the month of February at Louisville, Ky., to a date and place to be fixed by the President, and, if such date and place has not been set, then 16 Chief Executive Officers of members may fix the date and place of such annual meeting, and (2) incorporate provisions under present procedures for joint discussions of section 22 quotations on Government traffic.

The application may be inspected at the Office of the Commission in Washington, D.C.

Any person desiring to protest and participate in this proceeding shall notify the Commission in writing within 20 days from the date of publication of this notice in the FEDERAL REGISTER. As provided by the general rules of practice of the Commission, persons other than applicants should fully disclose their interest, and the position they intend to take with respect to the application. Otherwise, the Commission, in its discretion, may proceed to investigation and determine the matters involved without public hearing.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Service Order 1079]

C. S. GREENE AND CO., INC.

Rerouting or Diversion of Traffic

At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 4th day of October 1971.

It appearing, That C. S. Greene and Co., Inc., is a freight forwarder authorized under Permit No. FF-84, to operate as a freight forwarder of commodities generally, for export, from points in specified midwestern States, to the ports of Boston, Mass., New York, N.Y., Philadelphia, Pa., and other ports on the east and gulf coasts of the United States effectively closed by a strike of the International Longshoremen's Association; that this labor disturbance has rendered it impossible for said freight forwarder to handle the traffic offered it so as promptly to serve the public; that this emergency condition affecting said freight forwarder is a matter beyond its control calling for immediate and interim relief; that the authorization granted herein is required to best promote service in the interest of the public and the commerce of the people; that notice and subject procedure herein are impractical and contrary to the public interest; and that good cause exists for making this order effective upon less than 30 days notice; wherefore:

It is ordered. That pursuant to sections 1(16) and 420 of the Interstate Commerce Act, 49 U.S.C. 1(16) and 1020, the C. S. Greene and Co., Inc., be and it is hereby, authorized to operate to Halifax, Nova Scotia, and Montreal, Quebec, Canada, insofar as such movement is in the United States, and to any port on the east and gulf coasts of the United States not effectively closed by the strike of the International Longshoremen's Association, on commodities which it otherwise is authorized to handle as a freight forwarder under Permit No. FF-84;

It is further ordered, That said freight forwarder be, and it is hereby, directed promptly to print and file with the Commission tariffs showing its rates and charges for the service authorized herein and otherwise to comply with the provisions of the Interstate Commerce Act;

It is further ordered, That this order be, and it is hereby, made effective at 12:01 a.m., October 5, 1971, and shall expire at 11:59 p.m., October 20, 1971, unless otherwise modified, changed or suspended, and

It is further ordered, That copies of this order shall be served upon said freight forwarder; and that notice of this order shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

FOREIGN CURRENCIES

Rates of Exchange

SEPTEMBER 27, 1971.

Rates of exchange certified to the Secretary of the Treasury by the Federal Reserve Bank of New York for the Belgian franc, German deutsche mark, Japanese yen, and Netherlands guilder.

The Federal Reserve Bank of New York, pursuant to section 522(c), Tariff Act of 1930, as amended (31 U.S.C. 372(c)), has certified the following rates of exchange which vary by 5 per centum or more from the quarterly rate published in Treasury Decision 71-175 for the dates and countries indicated. Therefore, as to entries covering merchandise exported on the dates and from the countries listed, whenever it is necessary for Customs purposes to convert such currency into currency of the United States, conversion shall be at the following daily rates:

Belgian franc:	
Sept. 22, 1971	$0.0211143
Sept. 23, 1971	.0212176
Sept. 24, 1971	.0212882
German deutsche mark:	
Sept. 23, 1971	.302025
Sept. 24, 1971	.301783
Japanese yen:	
Sept. 20, 1971	.00296500
Sept. 21, 1971	.00296443
Sept. 22, 1971	.00296350
Sept. 23, 1971	.00296500
Sept. 24, 1971	.00296750
Netherlands guilder:

LOUISIANA

Designation of Areas for Emergency Loans

For the purpose of making emergency loans pursuant to section 321 of the Consolidated Farmers Home Administration Act of 1961 (7 U.S.C. 1961), and section 232 of the Disaster Relief Act of 1970 (Public Law 91-606), it has been determined that in the following parishes in the State of Louisiana natural disasters have caused a general need for agricultural credit:

PARISHES

Acadia.	Pointe Coupee.
Ascension.	St. Charles.
Assumption.	St. James.
Calcasieu.	St. John.
Cameron.	St. Landry.
Evangeline.	St. Martin.
Iberia.	St. Mary.
Iberville.	Terrebonne.
Jefferson Davis.	Vermilion.
Lafayette.	West Baton Rouge.

Emergency loans will not be made in the above-named parishes under this designation pursuant to applications received after June 30, 1972, except subsequent loans to qualified borrowers who received initial loans under this designation.

The urgency of the need for emergency loans in the designated areas makes it impracticable and contrary to the public interest to give advance notice of proposed rule making and invite public participation.

Done at Washington, D.C., this 6th day of October 1971.

CLIFFORD M. HARDIN,
Secretary of Agriculture.

TEXTILE AND APPAREL CATEGORIES

Correlation With Tariff Schedules of United States Annotated

OCTOBER 1, 1971.

There is published below a list of the Tariff Schedules of the United States Annotated numbers arranged by the cotton, wool, and man-made fiber categories used by the United States in monitoring import shipments into the United States of these textile and apparel products. The cotton textile and apparel categories (1 through 64) are also used by the United States in administering the Long-Term Arrangement Regarding International Trade in Cotton Textiles.

A full description of the textile and apparel products falling within each of the cotton, wool, and man-made fiber categories may be obtained by using the Tariff Schedules of the United States Annotated item numbers in the list published below to locate the product in the Tariff Schedules of the United States Annotated where descriptive material is provided.

The list of Long-Term International Cotton Textile Agreement Categories by Tariff Schedules of the United States Annotated numbers published in the FEDERAL REGISTER on January 17, 1968 (33 F.R. 582) and the amendments thereto on March 15, 1968 (33 F.R. 4600) is hereby superseded effective upon publication of this notice in the FEDERAL REGISTER (10-9-71).

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

NATIONAL COMMISSION ON STATE WORKMEN'S COMPENSATION LAWS

STATE WORKMEN'S COMPENSATION LAWS

Notice of Public Hearing

Notice is hereby given of a public hearing to be held by the National Commission on State Workmen's Compensation Laws at the Ceremonial Court Room, Federal Office Building, 450 Golden Gate Avenue, San Francisco, CA, commencing at 10 a.m. on November 15, 1971, and continuing through November 16, 1971. At the hearing, interested parties may make oral or written presentations of data, views, and arguments relating to the general question of whether State workmen's compensation laws provide an adequate, prompt, and equitable system of compensation, and to possible methods which might be used by, and sources of information available to, the National Commission on State Workmen's Compensation Laws in making its study and preparing its report under section 27 of the Occupational Safety and Health Act of 1970 (84 Stat. 1616).

Interested persons shall, not later than fifteen (15) days prior to the commencement of the hearing, file with the Chairman, National Commission on State Workmen's Compensation Laws, 1825 K Street NW., Washington, DC 20006, a notice of intention to appear which shall contain the following information:

1. Name and address of the person appearing.

2. The subject matter or matters to be discussed.

3. If such person is appearing in a representative capacity, the name and address of the persons or organizations he is representing.

4. The date and approximate length of time requested for his presentation.

Interested persons may also file written data, views, or arguments with the Commission at the above address.

The oral proceedings shall be stenographically reported and transcripts will be available to interested persons on payment of fees therefor. The Presiding Officer shall regulate the proceedings, dispose of procedural requests, objections, and comparable matters, and confine the presentation to matters pertinent to the inquiry. He shall have discretion to keep the record open after the close of the hearing to permit any person who participated in the oral presentation to submit additional data, views, and

arguments responsive to the oral presentations made by other persons.

Signed at Washington, D.C., this 6th day of October 1971.

JOHN F. BURTON, Jr.,
Chairman.

FEDERAL POWER COMMISSION

[Docket No. CP71-6]

EL PASO NATURAL GAS CO.

Notice of Supplement to Pending Petition To Amend

OCTOBER 7, 1971.

Take notice that on September 22, 1971, El Paso Natural Gas Co. (petitioner), Post Office Box 1492, El Paso, TX 79978, filed in Docket No. CP71-6 a supplement to the pending petition, filed on July 7, 1971, to amend the Commission's orders heretofore issued in said docket pursuant to section 7(c) of the Natural Gas Act by authorizing the sale and delivery of additional volumes of natural gas to certain of its existing customers, all as more fully set forth in the petition to amend, as supplemented on file with the Commission and open to public inspection.

By authorization granted by the Commission on October 30, 1970 (44 FPC ——), as amended by order issued on February 23, 1971 (45 FPC ——), petitioner, an equal participant in the Jackson Prairie Storage Project located in Lewis County, Wash., may receive natural gas from Washington Natural Gas Co. (Washington), the project operator, in amounts not to exceed 180,000 Mcf per day and 4 million Mcf during the winter period commencing on each November 1 and continuing through the following April 15. Petitioner is also permitted to render natural gas service to certain of its Northwest Division System customers under its FPC Rate Schedule SGS-1.

Petitioner states in this supplement that Western Slope Gas Co. (Western Slope) does not desire to receive its allocation of the additional volumes of natural gas to be made available from the Storage Project. Therefore, petitioner proposes to redistribute the volumes heretofore proposed for allocation to Western Slope among its other customers as follows:

Customer	Contract demand (Therms)	Seasonal quantity (Therms)
California-Pacific Utilities Co.	17,300	499,780
Cascade Natural Gas Co.	269,400	7,782,670
Intermountain Gas Co.	193,250	5,582,770
Northwest Natural Gas Co.	150,050	4,334,780
Washington Natural Gas Co. & The Washington Water Power Co., jointly	1,260,000	36,400,000
Total	1,890,000	54,600,000

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests. Therefore, any person desiring to be heard or to make any protest with reference to said petition to amend should on or before October 19, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[Docket No. CS72-223, etc.]

ANDERSON PRODUCTION CORP. ET AL.

Notice of Applications for "Small Producer" Certificates [1]

OCTOBER 1, 1971.

Take notice that each of the applicants listed herein has filed an application pursuant to section 7(c) of the Natural Gas Act and § 157.40 of the regulations thereunder for a "small producer" certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce, all as more fully set forth in the applications which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before October 26, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[1] This notice does not provide for consolidation for hearing of the several matters covered herein.

PLACID OIL CO. ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

SEPTEMBER 29, 1971.

Respondents have filed proposed changes in rates and charges for jurisdictional sales of natural gas, as set forth in appendix A as set forth below.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of the expiration of the suspension period without any further action by the respondent or by the Commission. Each respondent shall comply with the refunding procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[8] Accepted, to be effective on the date shown in the "Effective Date" column.
[9] The pressure base is 14.65 p.s.i.a.

The proposed increase for sales to El Paso in San Juan Basin is based on a favored-nation clause which was allegedly activated by Aztec Oil & Gas Co.'s unilateral rate increase to 29.23 cents which became effective subject to refund in Docket No. RI71-744 on August 1, 1971. The purchaser, El Paso Natural Gas Co., has protested this favored-nation increase on the basis that it is not contractually authorized. In view of the contractual problem presented, the hearing herein shall concern itself with the contractual basis for this favored-nation filing as well as the justness and reasonableness of the proposed increased rate. This proposed increase exceeds the corresponding rate filing limitations imposed in southern Louisiana and therefore is suspended for 5 months.

The other increases involved here also pertain to sales outside southern Louisiana but do not exceed the corresponding rate filing limitations imposed in southern Louisiana. Therefore, they are suspended for 61 days from the date of filing, or 1 day from the contractual effective date, whichever is later, pursuant to Order No. 423.

Phillips Petroleum Co. and Big Piney Oil and Gas Co. request effective dates for which adequate notice was not given. Good cause has not been shown for granting such requests and they are denied.

All of the producers' proposed increased rates and charges exceed the applicable area price levels for increased rates as set forth in the Commission's Statement of General Policy No. 61-1, as amended (18 CFR Ch. 2.56).

This order does not relieve any of the respondents herein of any responsibility imposed by, and is expressly subject to, the Commission's Statement of Policy Implementing the Economic Stabilization Act of 1970 (Public Law 91-379, 84 Stat. 799, as amended by Public Law 92-15, 85 Stat. 38), including such amendments as the Commission may require, and Executive Order No. 11615.

DEPARTMENT OF LABOR

Office of Federal Contract Compliance

EQUAL EMPLOYMENT OPPORTUNITY IN CAMDEN AND TRENTON, NEW JERSEY AREAS

Notice of Hearing

Notice is hereby given that, pursuant to section 208(a) of Executive Order 11246 (30 F.R. 12319), a public hearing is to be held by the Office of Federal Contract Compliance, U.S. Department of Labor on October 27-29, 1971, Court Room No. 2, U.S. Post Office and Courthouse Building, East Eighth Street, Trenton, NJ, in order to afford interested persons an opportunity to submit in writing and orally data, views, or arguments to be considered by the Office of Federal Contract Compliance in implementing the requirements and objectives of Executive Order 11246 with respect to federally involved construction in the Camden and Trenton areas. The hearing will begin at 9 a.m., d.s.t., on Wednesday, October 27, 1971. The presentations will be made before a panel designated for this purpose by the Director of the Office of Federal Contract Compliance. Interested persons are encouraged to appear and present their views before the panel.

Executive Order 11246 prohibits discriminating against any employee or applicant for employment because of race, color, religion, sex, or national origin, and further requires that the employer or prospective employer take affirmative action to insure equal employment opportunity.

It is the responsibility of the Secretary of Labor and his Department to implement the purposes of Executive Order 11246 throughout the country on federally involved construction.

It has been the position of the Department that the objectives of Executive Order 11246 can be implemented most successfully through voluntary, area-wide agreements between contractors, unions and community organizations interested in furthering equal employment opportunity, which are designed to increase the utilization of the minority workforce in the skilled construction trades in a particular area. However, where as in the Trenton and Camden areas, a voluntary agreement has not been reached, the Department must take appropriate action to insure that its obligations under Executive Order 11246 are met.

The Department recognizes that circumstances and problems in the field of equal employment opportunity vary from one area of the country to another, and that those living and working in a specific area are in the best position to evaluate the problems of their respective communities and assist the Department with facts and ideas as to the most effective way to implement the Executive order. It is this assistance which is sought at the above noticed hearing.

Therefore, all interested persons are requested to appear before the Hearing Panel or otherwise submit data on at least the following points:

(1) The current extent of minority group participation in each construction trade, and the full employee complement of each trade;

(2) A statement and evaluation of present employee recruitment methods, as well as the assistance and effectiveness of any employer or union programs to increase minority participation in the trades;

(3) The availability of qualified and qualifiable minority group persons for employment in each construction trade, including where they are now working, how they may be brought into the trades, etc.;

(4) An evaluation of existing training programs in the area, including the number of minorities and others recruited into the programs, the number who complete training, the length and extent of training employer experience with trainees, the need for additional or expanded training programs, etc.;

(5) An analysis of the number of additional workers that could be absorbed into each trade without displacing present employees, including consideration of present employee shortages, projected growth of the trade; projected employee turnover, etc.;

(6) The desirability and extent, including the geographical scope of possible Federal action to insure equal employment opportunity in the construction trades.

All persons wishing to present their views orally, before the panel, should notify Mr. Robert G. Owens, (Acting) Regional Director for the Office of Federal Contract Compliance, U.S. Department of Labor, at 1142 Western Savings Fund Building, Broad and Chestnut Streets, Philadelphia, PA (Telephone: (215) 597-2600) of their intention to appear on or before October 27, 1971, and of the approximate amount of time which they expect their presentations to take, so as to facilitate an orderly scheduling of witnesses. Those persons desiring to file written statements and pertinent information relative to this hearing may do so by filing the same with the Office of Federal Contract Compliance on or before November 5, 1971.

Copies of the Executive Order 11246 can be obtained from the Office of Federal Contract Compliance, Department of Labor, 14th Street and Constitution Avenue, Washington, D.C., 20210, or from the Regional Director in Philadelphia.

Signed at Washington, D.C., the 5th day of October, 1971.

JOHN L. WILKS,
Director, Office of
Federal Contract Compliance.

COMMON CARRIER SERVICES INFORMATION [1]

Domestic Public Radio Services Applications Accepted for Filing [2]

OCTOBER 4, 1971.

Pursuant to §§ 1.227(b)(3) and 21.30 (b) of the Commission's rules, an application, in order to be considered with any domestic public radio services application appearing on the attached list below, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cutoff dates are set forth in the alternative—applications will be entitled to consideration with those listed in the appendix below if filed by the end of the 60-day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

[1] All applications listed in the appendix below are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations and other requirements.

[2] The above alternative cutoff rules apply to those applications listed in the appendix below as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio and Local Television Transmission Services (Part 21 of the rules).

APPALACHIAN NATIONAL SCENIC TRAIL

Route Selection

Notice of a proposed route for the Appalachian National Scenic Trail was published as Part II in the FEDERAL REGISTER of February 9, 1971. The purpose of that publication was to give Federal, State and local governmental agencies, private organizations and any landowners and land users directly affected by the trail route location a further opportunity to provide us their advice and assistance in selection of the trail route.

Numerous comments were received and all those submitted within and after the 60-day period referred to in the notice have been carefully evaluated prior to and in connection with selection of the official trail route as hereby designated. Most of the comments received were readily resolved as they involved only editorial changes of the published maps or verbal descriptions or they concerned noncontroversial trail route relocations of a minor nature. An area of primary concern to landowners, and thus the subject of many comments, related to a segment of trail in northern Virginia where the proposed route designation was largely on privately owned properties or along hard-surfaced roads.

The National Park Service, in arriving at the officially selected trail route for this segment of the Appalachian National Scenic Trail, considered possible and feasible alternate routes and generally sought to provide trail locations that are equal to or better in quality than the trail route proposed in the FEDERAL REGISTER publication of February 9. Meetings were held directly with concerned landowners and/or groups representing them in an effort to arrive at solutions that would provide the best possible trail locations and environment, and at the same time would minimize the adverse effects upon adjacent landowners and land users. These efforts also were coordinated with State and Federal officials, private organizations and trail users in the areas concerned. The trail route herein designated, further, has had the endorsement of the Executive Committee of the Advisory Council for the Appalachian National Scenic Trail.

LAWRENCE C. HADLEY,
Assistant Director,
National Park Service.

SEPTEMBER 28, 1971.

To facilitate more careful identification of the trail route selection by the affected governmental agencies, landowners and other interested parties, a copy of this notice and detailed maps of the route location have been filed in the Washington Office of the National Park Service, Interior Building, 18th and C Streets NW., Washington, DC, Room 1210; the Northeast Regional Office of the National Park Service at 143 South Third Street, Philadelphia, PA (covering trail sections from south boundary of Maryland northward); and the Southeast Regional Office of that Service at the Federal Building, 400 North Eighth Street, Richmond, VA (covering trail sections from north boundary of Virginia southward). Detailed maps have also been furnished the affected States for those portions of the selected trail route within their boundaries. These maps are on file or are available for review at the following locations:

In accordance with section 7(a) of the National Trail System Act of October 2, 1968, 82 Stat. 919, 922, notice is hereby given of selection of the official route of the Appalachian National Scenic Trail, which route is described and depicted as follows:

THE APPALACHIAN TRAIL

MAINE

From the summit cairn on Baxter Peak of Mount Katahdin in Baxter State Park, the Appalachian Trail leads west across the Tableland, descends the Hunt Spur, crosses Katahdin Stream, passes Daicey Pond, and descends to the Penobscot West Branch, leaving Baxter State Park at 9.65 miles from the start. It then proceeds east a short distance, crosses Abol Bridge, and continues west and southwest across Hurd Brook, over Rainbow Ledges, and proceeds past Rainbow, Nahmakanta, and Lower Joe Mary Lakes. The Trail then follows Cooper Brook to Crawford Pond, turns south to the East Branch of Pleasant River, follows the river west some 6 miles, then crosses, and continues southwest. Before reaching Third West Branch Pond it turns south, traverses White Cap Mountain, turns west, crosses the West Branch of Pleasant River and continues south. After skirting the east end of Long Pond it ascends the Barren-Chairback Range.

The Trail then follows Bodfish Valley south, crosses Little Wilson Stream, turns west, crosses the stream again, then goes south to Monson. Here it turns west, through Blanchard, over Breakneck Bridge, by Bald Mountain Pond, over Moxie Bald, skirts Moxie Pond via Joe's Hole, continues west over Pleasant Pond Mountain, and reaches the Kennebec River at Caratunk.

Across the Kennebec, the Trail continues west to Pierce Pond, then south around East Carry Pond and leads west, skirting West Carry Pond and the south end of Flagstaff Lake. Ascending Little Bigelow Mountain, it continues across the crest and over Mount Bigelow. At Cranberry Pond the Trail turns south, crosses Crocker Mountain and continues southwestward across Saddleback Jr. Mountain. Coming off Saddleback, the Trail crosses Maine Highway 4 approximately 5 miles south of Rangeley Village, skirts both Long Ponds, lead southwesterly by Sabbath Day Pond, Four Ponds Stream, and follows the summit of Bemis Mountain. After passing along the lower slope of Elephant Mountain it follows the East Branch of Black Brook, goes through Sawyer Notch, passes C Pond, follows Mountain Brook by Surplus Pond, crosses the West Branch of Ellis River, and continues to Frye Brook.

The Trail then ascends over Little Baldpate Mountain, continues over East and West Peaks of Baldpate, enters the Grafton Notch State Park, and descends into Grafton Notch. The Trail follows the highway south for 0.5 mile, where it against turns west, ascending steeply Old Speck Mountain.

From the summit of Old Speck there is a steep descent to Speck Pond. The Trail then continues southwesterly through Mahoosuc Notch and along the Mahoosuc Range over Fulling Mill and Goose Eye Mountains to Carlo Col, at the Maine-New Hampshire line, 276.79 miles from the summit cairn on Katahdin.

NEW HAMPSHIRE

From the Maine-New Hampshire border in the Mahoosuc Mountain Range west of Carlo Col the Appalachian Trail continues southwesterly over the twin summits of Mount Success, passes Gentian Pond, Moss Pond and at Dream Lake leaves the ridge. The Trail then descends southerly along Peabody Brook to the Androscoggin Valley crossing the Androscoggin River on a highway bridge and immediately crosses the Canadian National Railroad and U.S. Route 2. Here it begins the ascent out of the Valley southerly along Rattle River entering the White Mountain National Forest to reach the ridge of the Carter-Moriah Mountain Range. It follows southwesterly over the summits of Mount Moriah, North Carter Mountain, Mount Lethe, Middle and South Carter Mountains to Zeta Pass. It then ascends and crosses Mount Hight and Carter Dome, drops to Carter Notch and ascends steeply to Wildcat Mountain, crosses its several summits and descends westerly to Pinkham Notch crossing New Hampshire Highway 16. The Trail then goes northerly crossing the Mount Washington Carriage Road, and traverses through and then along the perimeter of the Great Gulf Wilderness to the summit of Mount Madison of the Presidential Range. Turning south and continuing generally along the west boundary of the Wilderness the Trail descends to Madison Hut, ascends and crosses the western flank of Mount

Adams, descends to Edmands Col, ascends and crosses the eastern flank of Mount Jefferson, the western flank of Mount Clay and leaves the Wilderness southern boundary at the edge of the Great Gulf. The Trail continues south, crosses the Cog Railway, ascends the cone near the summit of Mount Washington and descends southerly to the Lakes-of-the-Clouds. Continuing generally along the ridge of the Presidential Range the Trail goes southerly passing close to or over the summits of Mount Monroe, Mount Franklin, Mount Eisenhower, Mount Pierce, Mount Jackson, and Mount Webster to the eastern edge of Crawford Notch and leaves the White Mountain National Forest to enter Crawford Notch State Park. It follows and then descends from the Webster Cliffs, crosses the Saco River on a footbridge, crosses U.S. Route 302 and ascends uphill to Willey House Station. It crosses the Maine Central Railroad and then going northwesterly ascends the western face of the Notch, leaves the State Park and reenters the National Forest as it passes south of Mount Willey to Ethan Pond.

It then continues in a generally westerly direction, through Zealand Notch, over Zealand Mountain, along Zealand Ridge, over Mount Guyot, along the ridge to South Twin Mountain, down to Galehead, along the ridge to Mount Garfield, down to Garfield Pond and along the ridge up to the North Peak and then southerly to Mount Lafayette. The Trail continues south along the Franconia Ridge over Mount Lincoln and Little Haystack Mountain, and just north of Mount Liberty turns west, and descends past Liberty Spring, enters Franconia Notch State Park and descends to and crosses U.S. Route 3. The Trail then bears northwesterly and follows Cascade Brook up to Lonesome Lake where it bears west, reenters the National Forest and ascends to North Kinsman Mountain. Here the Trail turns south, descends to a powerline and passes Mount Wolf, then descends steeply to Kinsman Notch where it passes through the Society for the Protection of New Hampshire Forest Lost River Reservation, and crosses New Hampshire Highway 112. Steeply ascending southwesterly along Beaver Brook the Trail enters the National Forest, passes near the summits of Mount Blue and Mount Moosilauke and then descends the southwest side of Moosilauke, leaves the National Forest, descends a paved road, and reaches New Hampshire Highway 25 in the village of Glencliff. Turning northwesterly the Trail follows the abandoned Boston and Maine Railroad, reenters the National Forest, passes the Wachipauka Pond, leaves the National Forest (last time) at its western boundary and crosses New Hampshire Highway 25C. Continuing southwesterly the Trail passes Lake Armington and Upper Baker Pond, crosses New Hampshire Highway 25A, ascends to the summit of Mount Cube, passes abandoned Quintown, ascends along Mousley Brook to the summit of Smarts Mountain and descends to and crosses the Lyme-Dorchester Road, continuing westerly on road, ascends Holts Ledge continuing southwesterly in valley between Bear Hill and Holts Ledge to and crossing Hewes Brook Road. It continues up north face of Moose Mountain and drops along west side of Moose Mountain ridge to Trail junction then westerly crosses farm country and dirt roads, crosses a ridge and then follows hard-surface Wheelock Street through Hanover, N.H.

VERMONT

The Trail crosses the Connecticut River on New Hampshire Highway 120, entering Vermont, where a hard-surface road is followed westerly until the Trail reenters the woods. The Trail then crosses a ridge, drops to Dothan Brook, ascends to Griggs Mountain, descends to and follows down along Podunk Brook to Vermont Highway 14 to West Hartford. The Trail then goes westerly over Bunker Hill, then through the woods to Thistle Hill, descends to cross a ravine, ascends again passing through field and forest to cross the Pomfret-South Pomfret Road, passes the southern flank of Topman Hill, descends to cross Barnard Brook, ascends and crosses the ridge of Frazier Hill and descends to Vermont Highway 12. Continuing westerly the Trail leaves the rolling Connecticut Valley farmland to enter dense mature forest, ascends woods roads around Cobb Hill, passes near The Lookout, traverses several ridges and descends to the old Chatauguay Road which it follows down to and crosses the North Branch of the Ottauquechee River. Then ascends to the ridge and descends through the drainage basin of Stony Brook, crosses a ridge and descends to River Road. Continuing westerly, the Trail crosses the Ottauquechee River on bridge and ascends over ridge to Kent Pond and up to Vermont Highway 100. Crossing the highway the Trail passes through the Gifford Woods State Park camping area, enters the Green Mountain National Forest, ascends westerly to the east flank of Deer Leap Mountain, turns south, descends and leaves the National Forest and crosses U.S. Route 4 at Sherburne Pass.

The Trail then begins its southerly route following the contour of the ridges of the Green Mountains. Ascending the north flank of Pico Peak, it follows the ridge, passes on the west flank of Killington Peak, and the east flank of Little Killington Peak, descends to, crosses and follows Cold River to the North Clarendon-North Shrewsbury Road. It crosses over a ridge to Beacon Hill and descends to and crosses Vermont Highway 103 and the Green Mountain Railroad. The Trail then crosses the Clarendon Gorge of the Mill River on a footbridge and follows a ridge, passes between Bear Mountain and Button Hill and descends to and crosses Vermont Route 140 where the Trail reenters the National Forest. Continuing south the Trail crosses two dirt roads, ascends to White Rocks Mountain, descends and crosses Homer Stone Brook, ascends to Little Rock Pond, and descends to and crosses Forest Service Road No. 10. Continuing southerly the Trail descends to and crosses Big Branch on a footbridge, ascends to Baker Peak, descends to Griffith Lake, ascends to and follows the ridge over Peru Peak and Styles Peak, drops to Mad Tom Notch, ascends to Bromley Mountain and descends to and crosses Vermont Highways 11 and 30. Continuing south along the ridge east of Spruce Peak to Prospect Rock thence along a plateau area past Bourne Pond and Stratton Pond to descend gradually to the Arlington-West Wardsboro Road. Crossing the road and then southerly along the ridge, passes Story Spring and South Alder Brook passing over the summit of Glastenbury Mountain and descending along the ridge west of Bolles Brook to the crossing of Vermont Highway 9. Ascending to the ridge over Harmon Hill, descending to Stamford Stream, ascending along the stream, passing east of Sucker Pond, traversing the ridge, crossing County Road and continuing along the flat ridge to the Vermont-Massachusetts border, the Trail leaves the National Forest.

MASSACHUSETTS

The Trail enters the Clarksburg State Forest, continues south along the ridge of East Mountain, then descends into the Hoosic Valley leaving the State Forest and entering Blackington, Massachusetts. The Trail crosses the Boston and Maine Railroad and Hoosic River on a foot bridge, crosses Massachusetts Highway 2, ascends from the valley to the Mount Williams Reservoir which it skirts to the west, then enters the Mount Greylock State Reservation ascending southerly to the north flank of Prospect Mountain where it turns east to descend and cross Notch Road, and ascends to the summit of Mount Williams. The Trail then goes southerly along the ridge passing over Mount Fitch, Mount Greylock, Saddle Ball Mountain, and Jones Nose where it descends to and follows along Kitchen Brook, leaves the Reservation by "wood road" and turns easterly to cross Massachusetts Highway 8 at Cheshire, Mass. Continuing easterly on town roads the Trail crosses the Penn Central Railroad and then heads southerly, skirts west of the Cobbles, passes Gore and Anthony Ponds on North Mountain, and descends into Dalton, Mass. Town roads are followed through the town crossing Massachusetts Highway 8, passing under the Penn Central Railroad, ascending Grange Hall Road to turn southerly and ascends on to a plateau. The Trail passes over Tully Mountain and Warner Hill; enters the Pittafield Watershed Area; crosses Blotz Road; traverses upland country; leaves the Watershed Area; and then turns west on Beach Road, south on Pittsfield Road to Washington Town Hall and west on Branch Road into the October Mountain State Forest. The Trail continues southerly through the Forest going over Bald Top, crosses County Road, skirts Finerty Pond, ascends to a ridge and passes over Walling and Becket Mountains and then descends to and crosses U.S. Route 20, Greenwater Brook and the Massachusetts Turnpike Toll Road.

The Trail then bears southwesterly, crosses a ridge, passes around the east end of Upper Goose Pond, ascends to, follows, and descends from a ridge to the south end of Goose Pond. Thence following old dirt roads, traverses over another ridge, descends to the Tyringham Valley, follows paved roads through Tyringham, crosses the valley to its west side, follows an old dirt road over another ridge, enters Beartown State Forest, and crosses Beartown Mountain Road. Going westerly the Trail crosses East Brook, traverses a ridge, crosses Mount Wilcox Road and ascends to Mount Wilcox. The Trail then turns south, recrosses Mount Wilcox Road, passes around the east end of Benedict Pond, leaves the State forest, crosses Blue Hill Road, and descends to and follows Massachusetts Highway 23 to the west to Monument Valley Road. The Trail then begins the ascent of East Mountain, enters East Mountain State Forest, traverses upland, leaves the forest, descends to and crosses Homes Road, ascends and crosses a ridge south of June Mountain, and descends into the Housatonic Valley. A series of roads are followed across the valley as the Trail goes westerly following Boardman Street, Kellogg Road (cross Housatonic River), U.S. Route 7, Limekiln Road (cross Penn Central Railroad), continuing westerly, crossing Massachusetts Highway 41, and Jug End Road. Here the Trail ascends Jug End and gains and follows a ridge south over Mount Bushnell entering Mount Everett Reservation. Skirts to the east of Mount Undine and Guilder Pond, passes over Mount Everett, leaves the Reservation, goes over Mount Race and then descends to Plantain Pond. The Trail descends south past Bear Rock Falls, turns west into Sages Ravine Brook, then turns south to begin the ascent of Bear Mountain, crosses the Massachusetts-Connecticut line and ascends to the summit of Bear Mountain.

CONNECTICUT

From summit of Bear Mountain, the Trail descends south along the ridge, ascends Lion Head, and crosses pasture to Cobble Road. The Trail follows Cobble Road and U.S. Route 44 east, enters Salisbury Town Forest, continuing east, crosses abandoned pasture to wooded col on slope of Prospect Mountain.

The Trail now descends southeast to Amesville where town roads are followed through the village, where Housatonic River, Penn Central Railroad and U.S. Route 7 are crossed. The Trail ascends over Barrack Mountain to Music Mountain Road, jogs east along road then ascends through Dean Ravine. The Trail recrosses Music Mountain Road, enters Housatonic State Forest, crosses West Yelping Hill Road, continues southeast through State Forest, crosses Yelping Hill Road, descends to Connecticut Highway 4, traversing ridge to ski area in the State forest and descends, leaving the forest, to town roads southeast of Cornwall. It then follows a local road south, then turns west and ascends slope of Coltsfoot Mountain, descends to U.S. Route 7, recrosses Housatonic River, follows Connecticut Highway 4 and a local dirt road on south side of Breadloaf Mountain, turns south, crosses a ravine and Connecticut Highway 4. Trail continues south along abandoned roads, sometimes close to the Housatonic River. The Trail turns west, ascends Caleb Peak, crosses Skiff Mountain Road, continues west, enters Macedonia Brock State Park and crosses Fuller Mountain Road, continues west and southwest, then ascends Cobble Mountain, turns south traversing hills of the State park, and leaving the park descends to Macedonia Brook Road. Then the Trail jogs right along the road, turns left, crosses ridge, descends to and follows Connecticut Highway 341 to the right for a short distance, turns left on a local improved road, then right, traversing Mount Algo. Trail crosses Thayer Ravine Brook, and ascends Schaghticoke Mountain. On westerly slope of the mountain, Trail crosses the Connecticut-New York State line.

NEW YORK

As the Trail enters New York on Schaghticoke Mountain, descends to Dogtail Corners, and continues south southwest over an outlet from Ellis Pond, it crosses Ten Mile River at Webatuck, crosses New York Highway 55, and proceeds in a southwesterly direction just to the west of a marsh on the west shoulder of Leather Hill. The Trail then climbs a peak in Hammersly Ridge, altitude 1053, just west of Quaker Lake and turns sharply west northwest. Crossing State Highways 55 and 22 the Trail follows a country road northwesterly for about a mile then turns west to a point about a mile north of Nuclear Lake where it turns south over a hill 923 feet high to West Pawling. It continues southwesterly along the east shoulder of Depot Hill then swings west across New York Highway 52 and over Stormville Mountain. Turning southwest again the Trail proceeds just west of the height of land of the Hosner Mountains, crosses the Taconic State Parkway at the junction with Miller Hill Road, and goes south on Shenandoah Mountain. The Trail enters Fahnestock State Park from the north, 0.3 mile from the Taconic Parkway, continues west of Canopus Lake, then goes south along Canopus Creek to a point south of Sunken Mine Pond where it turns southwest and proceeds to Moneyhole Mountain. The Trail crosses Moneyhole Mountain, leaves the Park and descends to Nelson's Corners. It then proceeds southwesterly to the Catskill Aqueduct, follows this south to Phillips Brook Road, goes west on this for about 0.6 mile, then goes south over Fort Hill. The Trail picks up a secondary road to Cat Rock Road, follows Cat Rock Road for about 0.4 mile, turns sharply west, then continues southwesterly over Canada Hill, north of Anthony's Nose, and then crosses the Hudson on the Bear Mountain Bridge. The Trail enters Bear Mountain-Harriman Park right after it crosses the Hudson. It passes the Bear Mountain Inn, goes over Bear Mountain and West Mountain crossing Palisades Parkway, continues to Seven Lakes Drive at the north end of Lake Tiorati. It then goes southwest along Fingerboard Mountain, then west over Surebridge Mountain and passes north of Island Pond. It then goes over Green Pond Mountain, descends, and crosses over the New York State Thruway at Arden and climbs Arden Mountain, where it leaves Bear Mountain-Harriman Park. The Trail then continues westerly, crosses Orange Turnpike, goes north of Little Dam Pond, over Buchanan Mountain, and climbs Mombasha High Point. It then crosses New York Highway 17A, slabs the east side of Bellvale Mountain, with Greenwood Lake to the east, and then continues southwest entering New Jersey on Bearfort Mountain.

NEW JERSEY

The Trail enters New Jersey at Abram S. Hewitt State Forest and passes above Upper Greenwood Lake. Proceeding westerly, the Trail crosses the Warwick Turnpike north of Parker Lake and enters Wawayanda State Park. It slabs the east side of Wawayanda Mountain descending westerly, reaching Vernon Valley and continuing west on Maple Grange Road. It then goes northwesterly over Pochuck Mountain, descends and enters New York State at Liberty Corners, and continues northwesterly on the road to Unionville. It continues west on roads, reenters New Jersey near Rockport continuing through Mount Salem and crossing New Jersey Highway 519 where it climbs to top of the Kittatinny Ridge at the High Point Memorial State Park. The Trail stays on the highest part of the ridge and passes the following points of importance: New Jersey Highway 23, Lake Rutherford, Sunrise Mountain, U.S. Route 206 at Culvers Gap and Culvers Lake, Lake Kittatinny, Brink Road, Rattlesnake Hill (now called Paradise Hill) and Mount Mohican. It passes Sunfish Pond and reaches the Delaware River at Dunnfield Creek.

PENNSYLVANIA

The Appalachian Trail crosses the Delaware River on the Interstate 80 highway bridge entering Pennsylvania and turning left following a Delaware Water Gap Village street passing Lake Lenape, reaching the crest of the Blue Mountain on Mount Minsi. The Trail follows the crest of the ridge traveling west crossing Totts Gap, Fox and Wind Gaps, passes through Pennsylvania Game Lands across Smith and the Little Gaps, leaves the Game Lands, dips down into the Lehigh Gap, and crosses the Lehigh River on the Pennsylvania Highway 873 bridge. At the west end of the bridge the Trail ascends the Blue Mountain (crossing Lehigh Furnace Gap, Bake Oven Knob, and Pennsylvania Highway 309), following the crest for 9 miles where the Trail turns sharp left (south) descending just east of Hawk Mountain Sanctuary, and goes through the Village of Eckville where the Trail ascends the mountain. At the top of Blue Mountain it turns east, crossing the Pinnacle Rocks, then turns south around the Valley Rim, descends into a hollow, passes the Hamburg Reservoir, again ascends the Blue Mountain, crosses over to the north side, and descends to the Schuylkill Gap in the Village of Port Clinton. After passing through the Village and crossing the Schuylkill River it turns left, and ascends very steeply to the crest of the Blue Mountain where it enters State Game Lands, follows Trail and Game feeding roads to Pennsylvania Highway 183, which is followed for 0.5 mile and dips into Schubert Gap, and after 2 miles more leaves Pennsylvania Game Lands going around the Kessel and reaching Pennsylvania Highway 501. It follows the ridge, crossing Pennsylvania Highway 645, continues on ridge crest, and descends into the Swatara Gap leaving Game Lands at bottom of the mountain. Crossing the Swatara Creek on iron bridge, it then crosses under Interstate 81 while following Pennsylvania Highway 72, and turns left following secondary roads across the valley to Ditzlers Farm.

It enters the woods of Pennsylvania Game Lands from Raush Gap, it then continues northwest through St. Anthony's Wilderness reaching the crest of Stony Mountain, descends to Clarks Valley, and crosses Pennsylvania Highway 325 at end of Game Lands. After ascending Peters Mountain the Trail turns left (west) following the ridgecrest, crosses Pennsylvania Highway 225, then follows ridge to end and descends to the Susquehanna River at Clarks Ferry. The Trail crosses the river at bridge on U.S. Routes 22 and 322 and on west bank follows High Street through Village of Duncannon, crosses Sherman Creek, and ascends Cove Mountain passing Hawk Rocks. It then follows crest of Cove Mountain to Grier Point crossing Pennsylvania Highway 850. Then it ascends north side of Blue Mountain to Deans Gap. After descending south side of Blue Mountain it crosses Pennsylvania Highway 994 just east of Donnellytown and crosses Conodoquinet Creek and the Cumberland Valley using secondary roads and trails. It crosses under Interstate 81, U.S. Route 11 west of New Kingstown and over Pennsylvania Turnpike. Following Old Stone House Road, it passes through Churchtown and crosses railroad at Leidighs, and crosses Yellow Breeches Creek. From here it follows the first ridge of South Mountain and goes around the boundary of York YMCA Camp. It crosses Whisky Spring Road, Rocky Ridge, and Old Town Road, before descending the ridge to cross Pennsylvania Highway 94.

Trail crosses Trent's Hill and then crosses Pennsylvania Highway 34, the railroad and Hunters Run Road. It ascends to Ridge of Piney Mountain, passing Tag Run Shelter; then follows ridge southwest and passes Pole Steeple Trail, descends to Fuller Lake and reaches Pennsylvania Highway 233 in Pine Grove Furnace State Park. The Trail leaves the State Park crossing Pennsylvania Highway 233 and reenters Michaux State Forest. It crosses Camp Michaux on the abandoned Old Shippensburg Road. It ascends to the ridge of South Mountain, passes through the Tumbling Run Game Preserve and Caledonia State Park and crosses U.S. Route 30 in this Park. It skirts Old Forge State Picnic Grounds to the south and crosses Pennsylvania Highway 16, northeast of Penmar.

MARYLAND

In Maryland the Trail skirts the edge of Penmar through the Western Maryland Railway abandoned park and traverses the Fort Ritchie Military Installation on the road to the High Rock. It follows the ridge of South Mountain, continuously passing through Greenbrier State Park (at U.S. Route 40 and Interstate 70), Washington Monument State Park, Turners Gap at U.S. Route 40A, and Gathland State Park. At Weverton Bluff the Trail bears west along the towpath of the Chesapeake and Ohio Canal National Monument and crosses the Potomac over the Sandy Hook Bridge of U.S. Route 340.

WEST VIRGINIA

In West Virginia the Trail crosses the Harpers Ferry National Historical Park on Loudoun Heights above U.S. Route 340 and follows the ridge along the Virginia-West Virginia State line to a point 2 miles north of Snickers Gap.

VIRGINIA

The Trail crosses Virginia Highway 7 at Snickers Gap just west of Bluemont. The

Trail then parallels Route 7 in a westerly direction for a short distance then continues south along the west slope of the Blue Ridge Mountains. South of U.S. Route 50 at Ashby Gap the Trail is generally just west of the Fauquier County Line, crossing Virginia Highway 55 in Linden and U.S. Route 522 at Chester Gap.

From Chester Gap the Trail goes southwest to enter Shenandoah National Park and ascends to the ridge crossing Skyline Drive at Compton Gap. For 96 miles the Trail follows the ridge in the Park, crossing U.S. Route 211 and Virginia Highway 33 at their intersections with Skyline Drive and with occasional additional crossings of Skyline Drive. South of Shenandoah Park the Trail remains on the ridge and then descends to the Blue Ridge Parkway crossing Interstate 64 and U.S. Route 250 at Rockfish Gap. From Rockfish Gap, the Trail follows State Route 610 until crossing the Blue Ridge Parkway and entering the George Washington National Forest. The Trail ascends Elk Mountain, descends into Mill Creek, ascends Dobie Mountain, follows a ridge crest through Humpback Gap, crosses the Rocks and Humpback Mountain, and descends to Laurel Springs Gap. After passing to the west of Devils Knob, the Trail descends to Reeds Gap, crosses Bee Mountain, ascends to and follows Three Ridges, passes by Chimney Rock, descends Harpers Creek, crosses the Tye River via a bridge and follows State Route 56 to the northwest for 0.5 mile. The Trail leaves State Route 56, follows Cripple Creek, ascends the north slope of the Priest, follows the ridge crest, crosses Maintop Mountain, Porters Ridge, Elk Pond Mountain, and passes to the east of Rocky Mountain. The Trail descends to Salt Log Gap, crosses Tar Jacket Ridge, descends to Hog Camp Gap, crosses Cole Mountain, descends to Cowcamp Gap, crosses Bald Knob and descends to U.S. Route 60, follows Brown Mountain Creek and Swapping Camp Creek to the Lynchburg Reservoir, passes to the south of the reservoir, follows Little Irish Creek, ascends Rice Mountain, follows the ridge crest, crosses the Blue Ridge Parkway, ascends to Punchbowl Mountain, follows the ridge across Bluff Mountain, descends to Salt Log Gap, passes to the west of Silas Knob and follows the ridge crest across Saddle Gap. It then crosses on the south side of Big Rocky Row, Little Rocky Row, descends Johns Hollow to the confluence of Cashaw Creek and the James River, and crosses the James River on U.S. Route 501. The trail turns right ascending the slope on the west side of James River where it enters the Glenwood Ranger District of the Jefferson National Forest, gradually curving south to Marble Springs on the ascent to High Cock Knob. In a short distance the Trail descends into Petites Gap then crosses and recrosses the Blue Ridge Parkway after which it circles the peak of Apple Orchard Mountain, the highest peak in the area. It then circles the headwaters of Cornelius Creek, leads across Floyd Mountain and follows the crest of Bryant Ridge until it drops off into Jennings Creek, then ascends to the crest of Cove Mountain near the town of Buchanan, Va. A steady ascent around the headwaters of Bearwallow Creek brings the Trail across the Blue Ridge Parkway where the Trail and the Parkway run parallel for a few miles due to the extremely narrow ridge. The Trail then passes in the vicinity of Pullhardt Knob after which it leaves the Jefferson National Forest and descends to the valley where U.S. Route 11 and U.S. Route 220 are followed for a short distance and Interstate 81 is underpassed prior to climbing to the crest of Tinker Mountain which it follows around Carvin Cove Lake to the crest of Catawba Mountain and over McAfee Knob. Descending it crosses Catawba Creek and ascends Cove Mountain to the northwest where it enters the New Castle Ranger District of Jefferson National Forest, descends northwest along Trout Creek and crosses Craig Creek at Webbs Mills. Then it ascends along Turnpike Creek to the crest of Sinking Creek Mountain at which point it leaves the New Castle Ranger District and enters the Blacksburg Ranger District of Jefferson National Forest. Sinking Creek Mountain is followed for about 10 miles. After crossing Virginia Highway 42, the Trail ascends Johns Creek Mountain at Kelly Knob and follows the ridge crest north to Rocky Gap, descending and crossing Johns Creek. Then it ascends to Lone Pike Peak, turns west and follows the crest of Potts Mountain and Big Mountain. At Bailey Gap it descends to Interior. After crossing White Rock Mountain the Trail descends into the Stony Creek Valley before ascending to Peters Mountain. The Trail then follows along the Virginia-West Virginia border for 9 miles. Before reaching New River it turns south and follows Hemlock Ridge to U.S. Route 460 bridge over New River. This highway is followed for about one and one-fourth miles before turning right into a street at the edge of Pearisburg; after 100 yards turn right into Virginia Highway 635 and then one-half mile left into woods and start steep climb up Pearis Mountain. From Angels Rest, following southwest along the crest of Pearis Mountain, the Trail crosses Sugar Run Gap and Sugar Run Mountain before descending into Dismal Creek Valley and Kimberling Creek Valley. It crosses through Lick Skillet Gap to the village of Crandon, Va., where it leaves the Jefferson National Forest. Here the Trail crosses Virginia Highway 42 and Walker Creek Valley, then ascends steeply to the crest of Walker Mountain where it enters the Wythe Ranger District of Jefferson National Forest. Walker Mountain is followed southwest for about 30 miles. At Redding Gap beyond Big Walker Fire Tower the Trail turns left and descends steeply to Reed Creek. Then it ascends and follows Little Brushy Mountain and descends Davis Hollow to Interstate 81 and then U.S. Route 11. The Trail, after crossing the valley of Holston River, then climbs Galde Mountain crossing Locust Mountain to Brushy Mountain which is followed southwest descending to Rye Valley where it enters the Mount Rogers National Recreation Area, and leaves Wythe Ranger District. After crossing Rye Valley, the Trail then circles summit of High Point and descends to Virginia Highway 16. Then it traverses the north slope of Hurricane Mountain. Shortly after reaching crest of Hurricane Mountain the Trail descends to the southeast and crosses Virginia Highway 603. It then ascends the north slope of Pine Mountain to Wilburn Ridge. The Trail then ascends to the summit of Mount Rogers, the highest peak in Virginia, and follows Elk Garden Ridge. From Elk Garden it ascends over Whitetop Mountain, passes Buzzard Rock, skirts Beech Mountain then follows Lost Mountain and descends to Creek Junction, passing by Taylor Valley. After crossing U.S. Route 58 it ascends to Feathercamp Ridge before dropping into the town of Damascus, Va. From the intersection of U.S. Route 58 and Virginia Highway 91 the Trail follows the streets through Damascus and ascends the northeast end of Holston Mountain. About 2.5 miles from the junction of U.S. Route 58 and Virginia Highway 91 the Trail enters the Purchase Area of the Jefferson National Forest. After another 1.5 miles the Trail leaves the State of Virginia and the Jefferson National Forest. The Trail then enters the State of Tennessee and the Cherokee National Forest.

TENNESSEE

Continuing into Tennessee, the Trail follows the crest of Holston Mountain, sometimes crossing to one side or another of the crests and summits. About 8 miles from the Virginia-Tennessee State line the Trail crosses through McQueen Gap. Continuing along the crest of Holston Mountain, it passes by McQueen Knob Firetower, passes through Double Spring Gap, over Locust Pole Knob and then gradually descends to Low Gap where U.S. Route 421 crosses Holston Mountain. Here the Trail continues southwest, generally along the crest of Holston Mountain, for another 3 miles, crossing Locust Knob and circling north and east of Rich Knob. In the gap northwest of Rich Knob, the Trail leaves the crest of Holston Mountain and proceeds in a southeasterly direction on national forest land along Cross Mountain. At the lowest point on Cross Mountain, the Trail crosses Tennessee Highway 91. The Trail continues southeasterly 1 mile, then turns abruptly southwest and follows the crest of Iron Mountain for about 15 miles. The Trail passes through Turkeypen Gap, then continues very nearly in a southwest direction. At about 15 Trail miles from Tennessee Highway 91 the Trail begins a steady descent along the southwest end of Iron Mountain. One mile farther it reaches a paved access road, which leads to the Watauga Dam Visitors Center.

Beyond the Watauga Dam road, the Trail ascends southwesterly to a summit, then descends steeply in a northwesterly direction and follows the Watauga Dam access road to the highway bridge across Wilbur Lake. Immediately beyond Wilbur Lake the Trail turns left and ascends steeply for about 2 miles to the summit of Iron Mountain. It continues southwesterly along the crest of Iron Mountain for another 2.3 miles and descends its south slope to Tennessee Highway 67. The Trail crosses the highway and follows Laurel Fork upstream. For the next 2.5 miles the Trail follows close by the stream bed, passing by the so-called "Buckled Rock." Approximately 2.5 miles from Tennessee Highway 67 the Trail reaches Laurel Falls where it climbs away from the stream until it reaches what was formerly a logging railroad bed. Following the railroad bed the Trail enters Dennis Cove about 3.5 miles from Tennessee Highway 67. Then it ascends southwesterly along Coon Den Branch to the crest of the northwest spur of White Rocks Mountain which is followed to White Rocks Mountain Firetower. Beyond the firetower the Trail continues southeast, then gradually more easterly along the crest of White Rocks Mountain. Passing through Moreland Gap it enters the Walnut Mountain Road and continues southeasterly still following the crest of White Rocks Mountain. After 2 miles the Trail turns sharp right from the Walnut Mountain Road and follows lesser roads and trails in a south to southeasterly direction to U.S. Route 19E just east of the Tennesseee-North Carolina State line.

TENNESSEE-NORTH CAROLINA

The Tennessee-North Carolina State line is followed in general all the way to Doe Knob in the Smokies. The Trail ascends the northern spur of Hump Mountain and then descends southwesterly to Bradley Gap. Beyond Bradley Gap it ascends along the east slope of Little Hump Mountain and climbs to the summit of Yellow Mountain (shown on some maps as Little Hump Mountain). The Trail continues southwest to the junction of Big Yellow Mountain (sometimes locally known as Big Yellow Bald). Here the Trail turns northwest and follows along the crest and along the Tennessee-North Carolina

State line to Yellow Mountain Gap. From Yellow Mountain Gap the Trail ascends westerly, then descends in a south to southwesterly direction. After passing through Buckeye Gap, the Trail ascends to the summit of Elk Hollow Ridge and continues westerly along the main ridge crest, still following the Tennessee-North Carolina State line. After ascending about 1 mile it goes around the northern slope of Grassy Ridge Bald; passes over Jane Bald, through Engine Gap, over Round Bald; and descends to Carvers Gap, through which passes Tennessee Highway 143 or North Carolina Highway 261.

From Carvers Gap the Trail zigzags up the slope of Roan High Knob passing to the north of the summit. Beyond Coltens Cliff, the Trail leaves the summit of Roan Mountain and descends along the State line passing through Ash Gap and over Beartown Mountain and Hughes Gap. From Hughes Gap the Trail ascends to the north to the summit of Little Rock Knob where it turns westward and generally descends following the ridge crest and the State line. Seven miles from Hughes Gap the Trail swings southwesterly and descends to Iron Mountain Gap through which Tennessee Highway 107-North Carolina Highway 226 pass. From Iron Mountain Gap the Trail ascends to the southwest along the State line ridge crest, passing over the summit of Little Bald Knob. It then descends to the northwest passing south of Piney Ball and descends to Cherry Gap. From Cherry Gap the Trail follows the main State line ridge crest southwesterly and then goes west to Low Gap. Beyond Low Gap the Trail ascends on the north slope of Unaka Mountain until it reaches and follows Forest Service Unaka Mountain Road. At Pleasant Garden it begins a descent to the southwest to Deep Gap (shown as Beauty Spot Gap on Geodetic Survey Maps), it passes over Beauty Spot then descends to the north side of Indian Grave Gap and continues to the Nolichucky River via Curley Maple Gap and Jones Branch. The Nolichucky River is crossed on an old concrete highway bridge. From the west side of the bridge the Trail ascends to the west and then south along Cliff Ridge. Cliff Ridge merges with Temple Ridge, which the Trail follows to the southwest to a point a short distance below Temple Hill Firetower. From this point the Trail descends southeasterly to Temple Hill Gap. Beyond Temple Hill Gap the Trail proceeds to the east and southeast, maintaining a nearly constant elevation around the north and east side of No Business Knob. At Devils Creek Gap the Trail crosses the State line from Tennessee into North Carolina and ascends to the east and then descends to the south to reach U.S. Route 19W east of Spivey Gap. At Spivey Gap the Trail crosses U.S. Route 19W. Reaching and climbing Little Bald Mountain the Trail passes through a treeless sag known as "Big Stamp." Beyond the summit of Big Bald it descends westward to Low Gap, Street Gap, and Sams Gap where U.S. Route 23 is crossed.

After crossing U.S. Route 23 the Trail ascends High Rock Knob and continues to Rice Creek Gap. Four miles beyond the Trail turns right and the ridge crest is followed to Sugarloaf Gap where the Trail descends to Boone Cove Gap and Devil Fork Gap. From Devil Fork Gap the Trail skirts the left side of Flint Mountain, crosses the ridge line into Tennessee and reenters North Carolina at Flint Gap. Ascending northward the Trail crosses briefly again into Tennessee as it skirts right of the summit of Green Ridge Knob and then stays in North Carolina close to the crest, passing left of Gravel Knob, then over Big Butt. Here the Trail turns southwestward along the Tennessee side to Chestnut Log Gap, follows closely the State line crest over Bald Mountain to the Phillips Hollow Trail and goes along the Tennessee side into Bearwallow Gap. From this Gap the Trail skirts the North Carolina slope below the State line crest at Jones Meadow, circles the south side of Camp Creek Bald Summit and rejoins the State line just beyond on Seng Ridge. The Trail descends close to the State line and crosses Allen Gap at the junction of North Carolina Highway 208-Tennessee Highway 70. Continuing along the State line the Trail ascends to Buzzard Roost Ridge, passes through Deep Gap, over Spring Mountain and into Hurricane Gap where forest service roads from both States join. Proceeding to Rich Mountain the Trail leaves the State line for 16 miles descending Roundtop Ridge to the French Broad River and Hot Springs, N.C. Here the Trail follows U.S. Routes 70 and 25 through Hot Springs for 0.25 mile then ascends the west bank of North Carolina Highway 209 to the French Broad Manger Headquarters of the national forests in North Carolina. The Trail ascends Deer Park Mountain through Taylor Hollow Gap and into Garenflo Gap. Ascending from Garenflo Gap the Trail passes over Bluff Mountain and around the south slope of Tennessee Bluff, rejoins the State line and crosses briefly into Cocke County, Tenn., just before coming into Kale Gap and crossing back to North Carolina. A half mile further the Trail loops into Tennessee over the summit of Walnut Mountain and returns to the State line at Lemon Gap. Here the Trail follows Rich Mountain, then Max Patch Mountain.

Generally following the State line crest the Trail passes through Brown Gap, ascends Harmon Den Mountain, drops into Deep (Ground Hog Creek) Gap, and crosses Wildcat Top and the West Peak of Snowbird Mountain. At Spanish Oak Gap the Trail turns sharp left from the State line, descends by a wide loop near the head of Painter Creek in North Carolina, then swings westward to cross into Tennessee and descends to pass under Interstate 40 and then over the Big Pigeon River on the road bridge 1 mile downstream from the North Carolina State line at Waterville. From south end of Browns Bridge across Big Pigeon River, 1 mile west of Tennessee-North Carolina line, the Trail traverses privately owned land for 1.5 miles, going south along the right (east) bank of Tobes Creek. Crossing State Line Branch, the Trail turns east along State Line Branch for 0.5 mile and goes north to ridge crest which it follows east and then south to Davenport Gap. After crossing North Carolina Highway 284 in Davenport Gap the Trail traverses the Great Smoky Mountains National Park for some 68 miles. For the first 60 miles the Trail closely follows the crest of the Great Smoky Mountains in a southwesterly direction (which is the State line between Tennessee and North Carolina) sometimes in one State or the other, and often directly on the State line. From Davenport Gap the Trail reaches the crest at a point 0.5 mile west of Mount Cammerer, then crosses a spur on Tennessee side of Sunup Knob, crosses crest of Rocky Face Mountain, and traverses Low Gap. From Low Gap the Trail traverses North Carolina slope of Cosby Knob and Tennessee side of Ross Knob, goes through Camel Gap and around Tennessee side of Camel Hump Knob, traverses North Carolina side of Inadu Knob, goes through Yellow Creek Gap and Deer Creek Gap, crosses Pinnacle Lead (a spur off Old Black), traverses Tennessee slope of Mount Guyot and crosses Guyot Spur, entering on the Tennessee side of the Research Reservation.

The Trail continues around the Tennessee side of Tri-Corner Knob (North Carolina side of Research Reservation begins here), goes through Big Cove Gap, traverses North Carolina slope of Mount Chapman, goes through Chapman Gap, crosses summit of Mount Sequoyah, goes through Copper Gap, crosses Eagle Rocks, goes around North Carolina side of Pecks Corner (intersection of Hughes Ridge and State line—North Carolina side of Research Reservation ends here), crosses Woolly Tops Lead (Tennessee side of Research Reservation ends here), passes around Tennessee side of Laurel Top and goes through False Gap. The Trail then crosses crest of Porters Mountain on Tennessee side, passes through Porters Gap, continues along the Sawteeth, goes around Tennessee end of Richland Mountain, goes through Dry Sluice Gap, goes around Tennessee side of Charlies Bunion, traverses North Carolina slope of Mount Kephart, then continue to Newfound Gap where U.S. Route 441 is crossed. From Newfound Gap the Trail crosses Mount Mingus Ridge, passes through Indian Gap and Little Indian Gap, crosses summit of Mount Collins, passes through Collins Gap and crosses summits of Mount Love and Clingmans Dome. From Clingmans Dome the Trail crosses Mount Buckley, passes through Double Springs Gap, crosses Jenkins Knob, continues along "The Narrows," and reaches the summit of Silers Bald. From Silers Bald the Trail passes through Buckeye Gap, crosses North Carolina side of Cold Spring Knob, crosses Hemlock Knob, traverses slope of Mount Davis, passes through Sams Gap, crosses Derrick Knob and Chestnut Bald, goes through Sugar Tree Gap and Starkey Gap, traverses North Carolina slope of Brier Knob near the summit, passes through Mineral Gap and Beechnut Gap, and crosses summit of Thunderhead. From Thunderhead the Trail crosses Rocky Top, Spence Field, and Mount Squires, passes through Maple Sugar Gap and McCampbell Gap, traverses North Carolina side of McCampbell Knob and Russell Field and passes through Little Abrams Gap and Big Abrams Gap. After reaching the crest of Locust Knob it crosses Devils Tater Patch, passes through Ekaneetlee Gap, goes around North Carolina side of Powell Knob, passes through Mud Gap, and reaches summit of Doe Knob.

NORTH CAROLINA

At Doe Knob the Trail leaves crest of Great Smokies and turns south into North Carolina. From Doe Knob the Trail traverses west slope of Greer Knob and passes through Birch Spring Gap, Red Ridge Gap, and Sassafras Gap. From Sassafras Gap the Trail follows a jeep road south for about 0.3 mile to a point 0.1 mile southwest of Shuckstack where it leaves the road and continues south down the ridge. It then turns east and passes through gap between Shuckstack and Little Shuckstack, goes around west side of Little Shuckstack and descends along ridge reaching road 0.6 mile north of Fontana Dam. The Trail follows this road to Fontana Dam on Little Tennessee River where it exits Great Smoky Mountains National Park. The Trail crosses Little Tennessee River on walkway along top of Fontana Dam and into the Nantahala National Forest. After following a curving ridge crest for about a mile, the Trail exits national forest land, passes by east side of Fontana swimming pool, immediately crosses road leading to Fontana boat dock, then crosses Highway 28 into the Nantahala National Forest. From Highway 28 the Trail leads south to Walker Gap and then to Black Gum Gap. It continues east along ridge crest, traverses south slope of High Top, passes through Cable Gap, traverses south slope of Tommy Knob, and continues to Yellow Creek Gap. From Yellow Creek Gap the Trail goes south to Cody Branch and continues southeast to Cody Gap. In Cody Gap the Trail turns south and crosses crest to Cheoah Mountain, continues

along ridge crest, in an east-southeast direction, and passes through Brown Fork Gap, Sweetwater Gap and Stekoah Gap. From Stekoah Gap the Trail continues southeast through Simp Gap and Locust Cove Gap and crosses summit of Cheoah Bald.

From Cheoah Bald the Trail continues northeast through Sassafras Gap, crosses summit of Swim Bald, traverses "The Jump-Up", passes through Grassy Gap, traverses south slope of Tyre Knob, follows for about a mile the crest of ridge running south of Tyre Knob for about a mile, then leaves ridge crest and goes east to dirt road in gap in Flint Ridge. From this gap the Trail descends the southwest slope of Flint Ridge to the Nantahala River where it crosses a bridge. It crosses U.S. Route 19 and enters the Nantahala National Forest and continues to the summit of Wesser Bald. From Wesser Bald the Trail follows the crest of the Nantahala Mountains southward passing through Tellico Gap and traversing the western spurs of Rocky Bald, Black Bald, Tellico Bald, and Copper Bald. From Copper Bald the Trail traverses Burningtown Gap, Licklog Gap and the summit of Wayah Bald. From Wayah Bald the Trail follows the west slope around Wine Springs Bald switching back to the east slope of the ridge leading southward along the east slope of Silers Bald, continues southeast, traversing west slope of Sheep Knob before turning south to Panther Gap. From Panther Gap the Trail traverses east slope of Panther Knob, continues south to Swinging Lick Gap, turns east to Winding Stair Gap, traverses west slope of Rocky Cove Knob and west shoulder of Buck Knob and crosses U.S. Route 64 in Wallace Gap. From Wallace Gap the Trail follows White Oak Bottoms Road south to Rock Gap, traverses west slope of Little Bald Mountain, goes through Glassmine Gap and regains the main ridge crest on north side of Big Pinnacle.

The Trail continues south through Big Spring Gap, across the summit of Albert Mountain on to Bear Pen Gap, traverses east side of Big Butt, Mooney Gap, and Bettys Creek Gap and continues along crest of Little Ridgepole Mountain to Ridgepole Mountain where the Nantahala Mountains end. From Ridgepole Mountain the Trail continues along the Blue Ridge traversing Carter Gap, turns west to Coleman Gap, traverses north slope of Little Bald Mountain, goes through Beech Gap, turns north to crest of Standing Indian range, and traverses Deep Gap. From Deep Gap the Trail goes west along south end of Yellow Mountain to Wateroak Gap, turns southwest, crosses Chunky Gal Mountain, passes through Whiteoak Stamp, traverses west side of Big Kitchens Knob, crosses Little Mountain, and traverses Sassafras Gap. It then goes around shoulder near top of Court House Bald and through Court House Bald Gap, traverses west side of Sharp Top and continues to Bly Gap on the North Carolina-Georgia line where the trail exits the Nantahala National Forest.

GEORGIA

The Appalachian Trail enters Georgia and the Chattahoochee National Forest at Bly Gap and runs generally south, passing to the east of Rich Knob, over Rocky Knob, Wheeler Knob, through Blue Ridge, Plum Orchard and Cowart Gaps. It crosses U.S. Route 76 and Dicks Creek east of Dicks Creek Gap, continues through Parks Gap and crosses York Ridge at Muley Mountain. It crosses Moccasin Creek and climbs Bramlet Ridge at Hellhole Mountain, then runs west along the crest of Bramlet Ridge to Dismal Mountain.

From Dismal Mountain the Trail swings in a southwesterly arc, traversing the swag of Blue Ridge, Steeltrap and Wolfpen Gaps and over the top of Tray Mountain. Through Tray Gap where the Trail crosses Forest Service Road 79 and continues to Indian Grave Gap, crosses Forest Service Road 283, ascends Rocky Mountain where it runs along the crest of the ridge and then drops down to Unicoi Gap and Georgia Highway 75. Ascending Blue Mountain the Trail continues through Henson Gap to Red Clay Gap where it again changes to a southerly course, crosses the headwaters of the Chattahoochee River and follows generally the course of the river to Low Gap Creek where it leaves the river and ascends to the summit of Poe Knob and there changes to a southwesterly course. It passes through Cool Springs Gap, crosses Richard B. Russell Scenic Highway (Georgia Highway 348) near Piney Mountain, passes Raven Cliffs and to the south of Wildcat Mountain descends into the deep gorge of Town Creek, ascends and crosses Big Ridge at the south end of Cowrock Mountain, goes over Turkeypen Mountain and Levelland Mountain and crosses U.S. Routes 19 and 129 in the vicinity of Neels Gap. From Neels Gap it is 2 miles by Trail to the top of Blood Mountain, highest elevation on the Georgia section of the Trail. At the top of Blood Mountain the Trail assumes a northwesterly direction to follow Duncan Ridge, crossing Slaughter Mountain and through Wolfpen Gap where it crosses Georgia Highway 180 and goes over Wildcat Knob and Coosa Bald. Then in a westerly direction it goes over Buckeye Knob, Wildcat Knob and to Mulky Gap where it crosses Forest Service Road 4 and continues west crossing Akin Mountain, Fish Knob, Gregory Knob and Rhodes Mountain. At this point the Trail again assumes a southerly course over Licklog Mountain, Wallalah Mountain and crosses Georgia Highway 60 at Little Skeenah Creek. Following the crest of Toonowee Mountain it crosses the Toccoa River and passes through Sapling Gap, goes over John Dick Mountain and on to Three Forks and Forest Service Road 58 where three streams join to form Noontootla Creek. Here the Trail crosses the stream and Forest Service Road 58, then ascends Rich Mountain and follows the length of the ridge, drops down to cross Forest Service Road 42 and ascends to the summit of Springer Mountain, southern terminus of the Appalachian Trail.

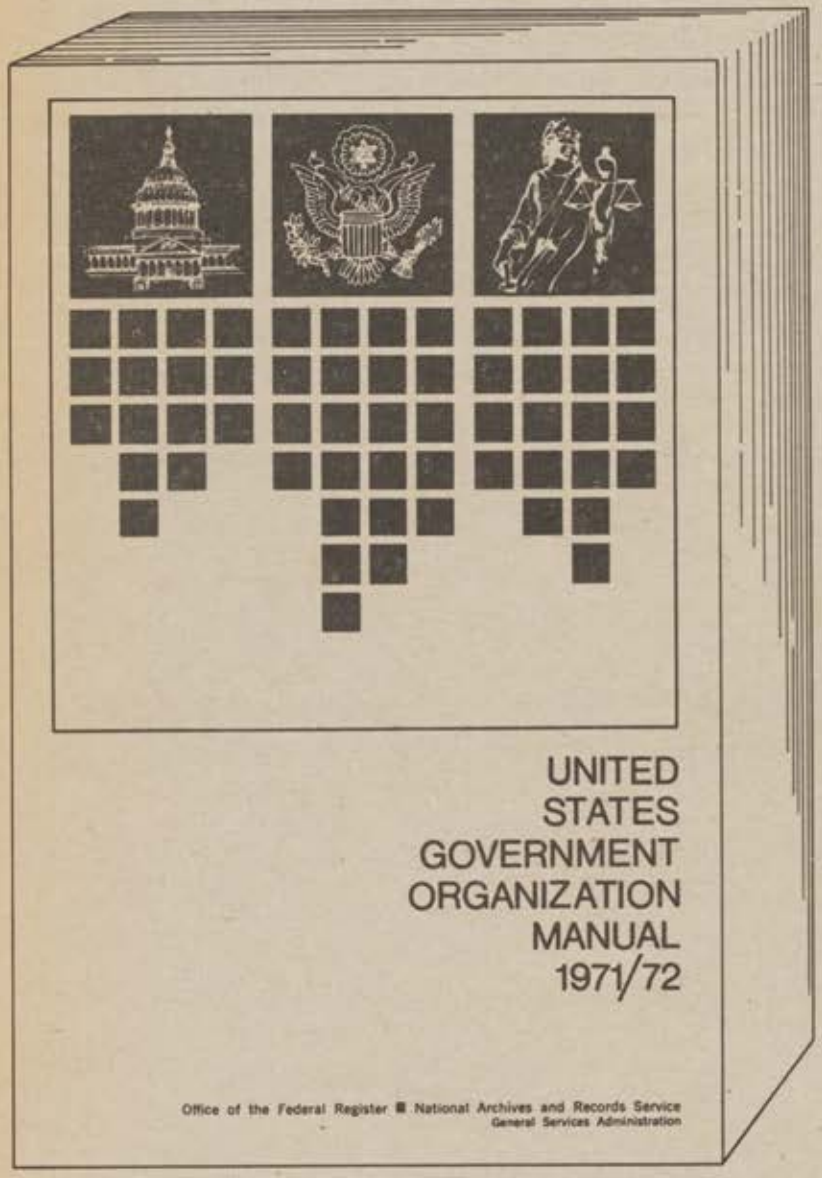
Know your Government...



The Manual describes the creation and authority, organization, and functions of the agencies in the legislative, judicial, and executive branches.

Most agency statements include new "Sources of Information" listings which tell you what offices to contact for information on such matters as:

- Consumer activities
- Environmental programs
- Government contracts
- Employment
- Services to small businesses
- Availability of speakers and films for educational and civic groups

This handbook is an indispensable reference tool for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.
