Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Animal and Plant Health Inspection Service, Department of Agriculture

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS

[Docket No. 72-516]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Areas Quarantined

Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

In § 76.2 paragraph (e) (4) relating to the State of South Carolina is amended to read:

(e) * * *

(4) *South Carolina.* (i) That portion of Florence County bounded by a line beginning at the junction of State Highway 57 and State Highway 66; thence, following State Highway 57 in a southeasterly direction to State Highway 41, 51; thence, following State Highway 41, 51 in a southerly direction to the Lynches River; thence, following the north bank of the Lynches River in a generally northwesterly direction to State Highway 49; thence, following State Highway 49 in a northwesterly direction to State Highway 66; thence, following State Highway 66 in a northerly, then north-easterly direction to its junction with State Highway 57.

(ii) That portion of Kershaw County bounded by a line beginning at the junction of the Twenty-Five Miles Creek and the Wateree River; thence, following the west bank of the Wateree River in a generally southeasterly direction to Interstate Highway 20; thence, following Interstate Highway 20 in a southwesterly direction to the dirt road extension of Secondary Road 756; thence, following the dirt road extension in a northwesterly direction to Secondary Road 757; thence, following Secondary Road 757 in a northwesterly direction to Secondary Road 21; thence, following Secondary Road 21 in a northwesterly direction to the Twenty-Five Miles Creek; thence, following the south bank of the Twenty-Five Miles Creek in a generally north-

easterly direction to its junction with the Wateree River.

(Secs. 4-7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791-792, as amended; secs. 1-4, 33 Stat. 1264, 1265, as amended; sec. 1, 75 Stat. 481; secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f; 29 F.R. 16210, as amended; 37 F.R. 6327, 6505)

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment quarantines a portion of Kershaw County in South Carolina because of the existence of hog cholera. This action is deemed necessary to prevent further spread of the disease. The restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will apply to the quarantined area.

The amendment imposes certain further restrictions necessary to prevent the interstate spread of hog cholera and must be made effective immediately to accomplish its purpose in the public interest. It does not appear that public participation in this rule making proceeding would make additional relevant information available to this Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable, unnecessary and contrary to the public interest, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 26th day of April 1972.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Airspace Docket No. 72-EA-15]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On page 5395 of the FEDERAL REGISTER for March 15, 1972, the Federal Aviation Administration published proposed regulations which would alter the Ba-

tavia, N.Y., transition area (37 F.R. 2154).

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t. June 22, 1972.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on April 19, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Batavia, N.Y., 700-foot floor transition area and insert the following in lieu thereof:

That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the center 43°01'45" N., 78°10'15" W., of Genesee County Airport, Batavia, N.Y., and within 2.5 miles each side of the Rochester, N.Y., VORTAC 257° radial, extending from the 5.5-mile-radius area to 19.5 miles west of the VORTAC.

[Airspace Docket No. 72-NW-03]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On March 17, 1972, a notice of proposed rule making was published in the FEDERAL REGISTER (37 F.R. 5640) stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the description of the Burley, Idaho, transition area.

Interested persons were given 30 days in which to submit written comments. No objections were received.

In consideration of the foregoing, the proposed regulation is hereby adopted without change.

Effective date. This amendment shall be effective 0901 G.m.t., June 22, 1972.

(Sec. 307(a), Federal Aviation Act of 1958, as amended, 49 U.S.C. 1348(a); sec. 6(c) Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Seattle, Wash., on April 20, 1972.

C. B. WALK, JR.,
Director, Northwest Region.

In § 71.181 (37 F.R. 2143) the description of the Burley, Idaho, transition area is amended as follows:

At the beginning of the text delete all before " * * * " and that airspace extending

upward from 1,200 feet * * * and substitute therefor:

That airspace extending upward from 700 feet above the surface within 5.5 miles each side of the Burley VORTAC 121° radial, extending from the VORTAC to 27 miles southeast of the VORTAC; within 5.5 miles each side of the Burley VORTAC 292° radial extending from the VORTAC to 17 miles west of the VORTAC; within 4.5 miles each side of the Burley VORTAC 323° radial extending from the VORTAC 11 miles northwest of the VORTAC: * * *

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the transition area at Faribault, Minn.

The airways in the area of Faribault and Owatonna, Minn., have been redesignated and the numbering changed. This requires the change of the Faribault-Owatonna transition area description. This change is editorial only and does not increase or decrease the transition area, therefore notice and public procedure hereon are unnecessary.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended effective immediately, as hereinafter set forth:

In § 71.181 (37 F.R. 2143), under the Faribault-Owatonna transition area description, delete "V-170" and insert in place "V-219".

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Des Plaines, Ill., on April 6, 1972.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

On page 5395 of the FEDERAL REGISTER for March 15, 1972, the Federal Aviation Administration published a proposed rule which would designate a Reedsville, Pa., transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t., June 22, 1972.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), of De-

partment of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on April 19, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a Reedsville, Pa., 700-foot floor transition area as follows:

REEDSVILLE, PA.

That airspace extending upward from 700 feet above the surface within a 14.5-mile radius of the center 40°40'44" N., 77°37'22" W. of Mifflin County Airport, Reedsville, Pa., and within 3.5 miles each side of the 228° bearing from a point 40°36'55" N., 77°43'09" W. extending from said point to a point 11.5 miles southwest.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

On page 5395 of the FEDERAL REGISTER for March 15, 1972, the Federal Aviation Administration published a proposed rule which would designate a Vincetown, N.J., transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t., June 22, 1972.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on April 19, 1972.

ROBERT H. STANTON,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a Vincetown, N.J., 700-foot floor transition area as follows:

VINCETOWN, N.J.

That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the center 39°54'15" N., 74°45'00" W. of Red Lion Airport, Vincetown, N.J.

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Designation of Area High Route and Change of Waypoint Name

On February 3, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 1912) stating that the Federal Aviation Administration (FAA) was considering an amendment to Part 75 of the Federal Aviation Regulations that would designate 10 area high routes in the western United

States as part of the overall program to establish an area navigation route structure.

J857R has been successfully flight inspected and is being designated in this rule. Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

In J852R and J855R the Ceres, Calif., waypoint is located at the Modesto, Calif., VOR. To prevent the use of two names for the same location, the Ceres, Calif., waypoint is changed to Modesto, Calif., in this rule.

In consideration of the foregoing, Part 75 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., June 22, 1972, as hereinafter set forth.

Section 75.400 (37 F.R. 2400 and 5489) is amended as follows:

- a. In J852R and J855R "Ceres, Calif., 37°37'39" N./120°57'25" W. Fresno, Calif.," is deleted and "Modesto, Calif., 37°37'39" N./120°57'25" W. Fresno, Calif.," is substituted therefor.
- b. J857R is added to read:

Waypoint name	N. Lat./W. Long.	Reference facility
J857R DENVER, COLO., TO SALT LAKE CITY, UTAH		
Kremmling, Colo.	40°00'10"/106°26'31"	Meeker, Colo.
Ioka, Utah	40°12'52"/110°07'16"	Myton, Utah.
Fairfield, Utah	40°16'30"/111°56'23"	Delta, Utah.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on April 25, 1972.

Title 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

[Release No. 34-9588]

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

PART 249—FORMS, SECURITIES EXCHANGE ACT OF 1934

Annual Fees for Nonmember Broker-Dealers for Fiscal Year 1972

On April 14, 1972, in Securities Exchange Act Release No. 9571, which was published in the FEDERAL REGISTER for April 15, 1972, at 37 F.R. 7533, the Securities and Exchange Commission announced a proposal to amend Rule 15b9-2 under the Securities Exchange Act of 1934 (the Act) (17 CFR 240.15b9-2) and to adopt Form SECO-4-72 (17 CFR 249.504f), to set annual assessments for the fiscal year 1972 payable by registered broker-dealers who are not members of the National Association of Securities Dealers, Inc. (nonmember broker-dealer). Interested persons were invited to submit their comments by April 25, 1972. The Commission has considered the comments which were received. Accordingly, the Commission has adopted the amendment and the form as proposed.

Sections 15(b) (8) and 15(b) (9) under the Act authorize the Commission to collect such reasonable fees and charges as may be necessary to defray the costs of additional regulatory duties required to be performed with respect to nonmember broker-dealers. Pursuant to these sections the Commission has adopted Rule

15b9-1 (17 CFR 240.15b9-1) (32 F.R. 7849, May 30, 1967) to establish initial fees and Rule 15b9-2 (33 F.R. 7075, May 11, 1968) to provide for annual assessments. The rules prescribe the fee structure and the actual fees are set in the applicable forms required to be filed.¹

ANNUAL FEES—RULE 15b9-2

In general, Rules 15b9-2 provides for an annual assessment payable by nonmember brokers or dealers which is comprised of: (1) A base fee applicable to all such brokers or dealers; (2) a fee for each associated person engaged, directly or indirectly in securities activities for or on behalf of the broker or dealer; and (3) a fee for each office of the broker or dealer which was maintained prior to May 15 during the fiscal year, at any time in which the firm was a nonmember. The present amendment deletes the third category of fees. As amended, paragraph (b) of Rule 15b9-2 reads as follows:

(b) Fees. On or before June 1 of each year every broker or dealer to whom this rule applies shall file the Form SECO-4 provided for the particular fiscal year and pay the total fees prescribed by the form. Such fees shall include: (1) A base fee applicable to all brokers or dealers, and (2) a fee for each associated person engaged, directly or indirectly, in securities activities for or on behalf of the broker or dealer prior to May 15 during the fiscal year, at any time in which the broker or dealer was a nonmember broker or dealer: *Provided, however,* That the fee shall not be paid for any person who confines his securities activities to areas outside the United States, its territories and possessions, and who does not deal with or act for any U.S. resident or national wherever located.

ANNUAL ASSESSMENTS FOR FISCAL YEAR 1972

Each fiscal year the annual assessment is set forth on Form SECO-4 for that particular year. This year's assessment, as set forth on Form SECO-4-72 includes a base fee of \$150 and a fee of \$7.50 for each associated person.

Commission action: Pursuant to the authority set forth in sections 15(b) and 23(a) of the Securities Exchange Act of 1934, as amended, the Commission hereby amends Parts 240 and 249 of Chapter II of Title 17 of the Code of Federal Regulations as follows:

I. Section 240.15b9-2 is amended by deleting therefrom subparagraph (3) of paragraph (b), and as so amended, it reads as follows:

§ 240.1519-2 Annual fees for registered brokers and dealers not members of a registered national securities association.

(b) Fees. On or before June 1 of each year every broker or dealer to whom this

¹ The initial fees now in effect and which remain unchanged are as follows: \$150 fee required to accompany Form SECO-5 which is filed on behalf of the broker-dealer; \$35 fee required by Form SECO-2 which is filed for each associated person of the broker-dealer.

section applies shall file Form SECO-4 (§ 249.504 of this chapter et seq.) provided for the particular fiscal year and pay the total fees prescribed by the form. Such fees shall include: (1) A base fee applicable to all such brokers or dealers, and (2) a fee for each associated person engaged, directly or indirectly, in securities activities for or on behalf of the broker or dealer prior to May 15 during the fiscal year, at any time in which the broker or dealer was a nonmember broker or dealer: *Provided, however,* That the fee shall not be paid for any person who confines his securities activities to areas outside the United States, its territories and possessions, and who does not deal with or act for any U.S. resident or national wherever located.

II. A new § 249.504f is adopted to read as follows:

§ 249.504f Form SECO-4-72; 1972 assessment and information form for registered brokers and dealers not members of a registered national securities association.

This form shall be filed on or before June 1, 1972, pursuant to § 240.15b9-2 of this chapter, accompanied by the annual assessment fee required thereunder and as specified in this form, for the fiscal year ended June 30, 1972, by every registered broker and dealer not a member of a registered national securities association.

The Commission hereby declares that the foregoing amendments shall be effective on June 1, 1972. Copies of the Form SECO-4-72 as adopted have been filed with the Office of the Federal Register, and additional copies are available on request from the Securities and Exchange Commission, Washington, D.C. 20549.

(Secs. 15(b), 23(a), 48 Stat. 895, 901, as amended, sec. 8, 49 Stat. 1379, sec. 6, 78 Stat. 565, 15 U.S.C. 78o(b), 78w(a))

By the Commission.

Title 24—HOUSING AND URBAN DEVELOPMENT

Chapter II—Office of Assistant Secretary for Housing Production and Mortgage Credit—Federal Housing Commissioner [Federal Housing Administration], Department of Housing and Urban Development

[Docket No. R-72-181]

ELIMINATION OF ADJUSTED PREMIUM CHARGE AND TERMINATION CHARGE

Under present Federal Housing Administration regulations, when the principal obligation of any mortgage accepted for insurance is paid in full before

the due date of the 120th scheduled monthly payment, the mortgagee must, with some exceptions, pay to the Commissioner an adjusted premium of 1 percent (2 percent for multifamily mortgages or loans prepaid in full within 5 years from the date of initial insurance endorsement) of the original principal amount of the prepaid mortgage or loan. Similarly, in the event the Commissioner receives a request for voluntary termination of the insurance contract before the due date of the 120th scheduled monthly payment, the mortgagee, must, with some exceptions, pay to the Commissioner a termination charge equal to 1 percent (2 percent for multifamily mortgages or loans voluntarily terminated within 5 years from the date of initial insurance endorsement) of the original principal amount of the mortgage or loan. The Commissioner has decided to amend the regulations to eliminate both the adjusted premium charge and the termination charge for all mortgage or loan insurance contracts terminated by either prepayment or voluntary termination on or after the effective date of these regulations. The requirement that the Mortgage Insurance Certificate or mortgage note for home mortgages or loans be submitted to FHA for cancellation of the insurance endorsement is also being eliminated in accordance with the instructions contained in Commissioner Letter No. 65-8 dated August 4, 1965. Since the elimination of these charges and the requirement for submission of the Mortgage Insurance Certificate or mortgage note for cancellation does not adversely affect the right of any party to the mortgage insurance transaction, it is found upon good cause that notice and public comment with respect to the amendments are unnecessary under the provisions of 5 U.S.C. 553(b).

Accordingly, Chapter II of 24 CFR is amended as follows:

A. The tables of contents contained in Chapter II are amended as follows:

PART 203—MUTUAL MORTGAGE INSURANCE AND INSURED HOME IMPROVEMENT LOANS

§ 203.22 [Amended]

1. Section 203.22 is amended as follows:

a. The heading of § 203.22 is revised to read as follows: Payment of insurance premiums or charges; prepayment privilege.

b. Section 203.22(a) is amended by adding the following subheading:

"Payment of insurance premiums or charges."

c. Section 203.22(b) is revised to read as follows: (b) *Prepayment privilege.* The mortgage shall contain a provision permitting the mortgagor to prepay the mortgage in whole or in part upon any interest payment date after giving to the mortgagee 30 days advance notice in writing of intention to prepay, but shall not provide for the payment of any charge on account of such prepayment.

§ 203.251 [Amended]

2. Section 203.251 (l) and (m) are revoked.

3. The introductory paragraph of § 203.269 is revised to read as follows:

§ 203.269 Pro rata payment of initial MIP.

If termination of the contract of insurance occurs before the due date of the initial MIP, the mortgagee shall pay to the Commissioner the portion of the initial premium due to the first of the month following the effective termination date, which shall be computed from:

4. Section 203.278(a) is revised to read as follows:

§ 203.278 Pro rata payment of annual MIP.

(a) *In general.* If the insurance contract is terminated after the due date of the initial MIP, the mortgagee shall pay to the Commissioner that portion of the current annual MIP prorated from the due date of the last annual MIP through the end of the month in which the contract of insurance is terminated. The pro rata payment of MIP shall be remitted to the Commissioner with the notice of prepayment or request for voluntary termination.

§§ 203.285, 203.286 and 203.287 [Revoked]

5. Sections 203.285, 203.286, and 203.287 are revoked.

6. Part 203 is amended by adding a new § 203.288 to read as follows:

§ 203.288 Discontinuance of adjusted premium charge.

Notwithstanding any provision in the mortgage instrument, there shall be no adjusted mortgage insurance premium due the Commissioner on account of the prepayment of any mortgage on or after May 1, 1972.

7. Section 203.295 is amended as follows:

a. The centered heading preceding § 203.295 is revised to read as follows: Voluntary Termination.

b. Section 203.295 is revised to read as follows:

§ 203.295 Voluntary termination.

Upon request by the mortgagor and mortgagee the Commissioner may terminate the insurance contract on any mortgage under this part covering a 1-to-4 family residence. The mortgagee shall cancel the insurance endorsement on the mortgage insurance certificate or note upon receipt of notice from the Commissioner that the contract of insurance is terminated. Notwithstanding any provision in a mortgage instrument, there shall be no voluntary termination charge due the Commissioner on account of the voluntary termination of any mortgage insurance contract where the request for termination is received by the Commissioner on or after May 1, 1972.

§§ 203.296, 203.297, and 203.298 [Revoked]

8. Sections 203.296, 203.297, and 203.298 are revoked.

9. Section 203.309 is revised to read as follows:

§ 203.209 Pro rata payment of open-end charge.

Upon termination of the insurance contract, the mortgagee shall pay to the Commissioner (in addition to any pro rata MIP) a portion of the current open-end insurance charge prorated from the beginning of the open-end insurance charge period to the end of the month in which termination occurred.

10. Section 203.319 is revised to read as follows:

§ 203.319 Pro rata payment of premiums and charges.

No contract of insurance shall be terminated until the mortgagee has paid to the Commissioner the pro rata portion of the current annual MIP or open-end insurance charge as set forth in this subpart.

11. Section 203.457 is revised to read as follows:

§ 203.457 Voluntary termination of contract.

Upon request by the borrower and lender the Commissioner may terminate the insurance contract on the loan. The lender shall cancel the insurance endorsement on the insurance certificate or note upon receipt of notice from the

Commissioner that the contract of insurance is terminated.

PART 205—MORTGAGE INSURANCE FOR LAND DEVELOPMENT (TITLE X)

12. Section 205.251(a) is revised to read as follows:

§ 205.251 Incorporation by reference.

(a) All of the provisions of §§ 207.251 et seq. (Part 207, Subpart B) of this chapter, covering mortgages insured under section 207 of the National Housing Act, apply to mortgages on a land development insured under title X of the National Housing Act, except the following provisions:

Sec.	
207.251	Definitions.
207.252	First, second, and third premiums.
207.253	Termination by prepayment and voluntary termination.

PART 207—MULTIFAMILY HOUSING MORTGAGE INSURANCE

13. Section 207.253 is revised to read as follows:

§ 207.253 Termination by prepayment and voluntary termination.

All rights under the insurance contract and all obligations to pay future insurance premiums shall terminate on the following conditions:

(a) *Termination by prepayment.* Notice of the prepayment in full of the mortgage or loan shall be given to the Commissioner, on a form prescribed by the Commissioner, within 30 days from the date of prepayment. The insurance contract shall terminate, effective as of the date of prepayment. No adjusted premium charge shall be due the Commissioner on account of such termination by prepayment.

(b) *Termination by voluntary agreement.* Receipt by the Commissioner of a written request, by the mortgagor and mortgagee or lender for termination of the insurance on the mortgage or loan, on a form prescribed by the Commissioner, accompanied by the original credit instrument for cancellation of the insurance endorsement and the remittance of all sums to which the Commissioner is entitled. The termination shall become effective as of the date these requirements are met. No voluntary termination charge shall be due the Commissioner on account of such termination by voluntary agreement.

(c) Upon termination of the mortgage or loan insurance contract by a payment in full or by a voluntary termination, the Commissioner shall refund to the mortgagee or lender for the account of the mortgagor or borrower an amount equal to the pro rata portion of the current annual mortgage insurance premium theretofore paid, which is applicable to the portion of the year subsequent to (1) the date of the prepayment or (2) the effective date of the voluntary termination of the contract of insurance.

(d) Notwithstanding any provision in the mortgage instrument, this section shall apply to all mortgage or loan insurance contracts terminated by either prepayment or voluntary termination where (1) the mortgage is prepaid in full or (2) the Commissioner receives a request for voluntary termination, on or after May 1, 1972.

14. Section 207.253a(a) is revised to read as follows:

§ 207.253a Termination of insurance contract.

(a) *Reason for termination.* The happening of any of the following events shall constitute an additional reason for terminating the contract of insurance in cases where the mortgagee has elected to convey the property to the Commissioner:

PART 210—MULTIFAMILY PROJECTS, WAR HOUSING MORTGAGE INSURANCE (SEC. 608)

15. Section 210.251(a) is revised to read as follows:

§ 210.251 Incorporation by reference.

(a) All of the provisions of Subpart B, Part 207 of this chapter covering mortgages insured under section 207 of the National Housing Act apply to war housing multifamily project mortgages insured under section 608 of the National Housing Act except the following provisions:

Sec.	
207.259	Insurance benefits.
207.264	Effective date.

18. Sections 213.261, 213.262, 213.263, and 213.264 are revoked.

19. Section 213.265 is revised to read as follows:

§ 213.265 Modifications and consolidations.

Where a mortgage covering an investor sponsored project is modified and con-

solidated with the mortgage of a purchasing nonprofit cooperative housing corporation or trust, it shall be deemed to be paid in full as of the date of such modification and consolidation.

20. Section 213.513 is revised to read as follows:

§ 213.513 **Payment of insurance premiums or charges; prepayment privilege.**

(a) *Payment of insurance premiums or charges.* The mortgage may provide for monthly payments by the mortgagor to the mortgagee of an amount equal to one-twelfth (1/12) of the annual mortgage insurance premium payable by the mortgagee to the Commissioner. If the mortgage contains a provision permitting the holder to make future "open-end" advances or is amended or modified to include such a provision, the mortgage may provide for a monthly payment by the mortgagor of an amount equal to one-twelfth (1/12) of the annual charge, payable by the mortgagee to the Commissioner for insurance of such advances. Such payments shall continue only so long as the contract of insurance shall remain in effect.

(b) *Prepayment privilege.* The mortgage shall contain a provision permitting the mortgagor to prepay the mortgage in whole or in part upon any interest payment date after giving to the mortgagee 30 days advance notice in writing of intention to prepay, but shall not provide for the payment of any charge on account of such prepayment.

PART 221—LOW COST AND MODERATE INCOME MORTGAGE INSURANCE

21. Section 221.251(a) is revised to read as follows:

§ 221.251 **Incorporation by reference.**

(a) All of the provisions of Subpart B, Part 203 of this chapter covering mortgages insured under section 203 of the National Housing Act apply to mortgages covering one- to four-family dwellings insured under section 221 of the National Housing Act, except the following provisions:

- Sec.

Title 29—LABOR**Chapter XVII—Occupational Safety and Health Administration, Department of Labor****PART 1911—RULES OF PROCEDURES FOR PROMULGATING, MODIFYING, OR REVOKING OCCUPATIONAL SAFETY OR HEALTH STANDARDS****Emergency Standards Informal Rule Making Procedures**

Part 1911 of Title 29, Code of Federal Regulations (36 F.R. 17506, September 1, 1971), is hereby amended in the manner indicated below. The amendments provide for situations in which a proceeding is commenced under section 6(b) of the Act after the issuance of an emergency standard, and improve and clarify the informal rule making procedures prescribed in the part by providing for the possible issuance of minor rules or amendments without notice and public participation where the procedural safeguards for such issuance specified in the Administrative Procedure Act (5 U.S.C. 533(b)) are provided and by making other changes indicating more clearly the informal nature of the proceedings.

The amendments shall be effective upon publication in the *FEDERAL REGISTER* (4-29-72).

Part 1911 is amended as follows:

1. A new § 1911.5 is added and reads as follows:

§ 1911.5 Minor changes in standards.

Section 6(b), when construed in light of the rule making provisions of the Administrative Procedure Act (5 U.S.C. 553), is read as permitting the making of minor rules or amendments in which the public is not particularly interested without the notice and public procedure which is otherwise required. Whenever such a minor rule or amendment is adopted, it shall incorporate a finding of good cause to this effect for not providing notice and public procedure.

2. A new § 1911.12 is added and reads as follows:

§ 1911.12 Emergency standards.

(a) Whenever an emergency standard is published pursuant to section 6(c) of the Act, the Assistant Secretary must commence a proceeding under section 6(b) of the Act, and the standard as published must serve as a proposed rule. Any notice of proposed rulemaking shall also give notice of any appropriate subsidiary proposals.

(b) If the Assistant Secretary wishes to consult an advisory committee on any of the proposals as permitted by section 7(b) of the Act, he shall afford interested persons an opportunity to inspect and copy any recommendations of the advisory committee within a reasonable time before the commencement of any informal hearing which may be held under this part, or before the termination of the period for the submission of written comments whenever an informal hearing is not initially noticed under § 1910.11(b)(4) of this chapter.

(c) Section 6(c) requires that any standard must be promulgated following the rule making proceeding within 6 months after the publication of the emergency standard. Because of the shortness of this period, the conduct of the proceeding shall be expedited to the extent practicable.

3. Section 1911.5 is amended to read as follows:

§ 1911.5 Nature of hearing.

(a) (1) The legislative history of section 6 indicates that Congress intended informal rather than formal rule making procedures to apply. See the Conference Report, H. Rept. No. 91-1765, 91st Cong., second sess., 34 (1970). The informality of the proceedings is also suggested by the fact that section 6(b) permits the making of a decision on the basis of written comments alone (unless an objection to a rule is made and a hearing is requested), the use of advisory committees, and the inherent legislative nature of the tasks involved. For these reasons, the proceedings pursuant to § 1911.10 or § 1911.11 shall be informal.

(2) Section 6(b)(3) provides an opportunity for a hearing on objections to proposed rule making, and section 6(f) provides in connection with the judicial review of standards, that determinations of the Secretary shall be conclusive if supported by substantial evidence in the record as a whole. Although these sections are not read as requiring a rule making proceeding within the meaning of the last sentence of 5 U.S.C. 553(c) requiring the application of the formal requirements of 5 U.S.C. 556 and 557, they do suggest a Congressional expectation that the rule making would be on the basis of a record to which a substantial evidence test, where pertinent, may be applied in the event an informal hearing is held.

(3) The oral hearing shall be legislative in type. However, fairness may require an opportunity for cross-examination on crucial issues. The presiding officer is empowered to permit cross-examination under such circumstances. The essential intent is to provide an opportunity for effective oral presentation by interested persons which can be carried out with expedition and in the absence of rigid procedures which might unduly impede or protract the rule making process.

(b) Although any hearing shall be informal and legislative in type, this part is intended to provide more than the bare essentials of informal rule making under 5 U.S.C. 553. The additional requirements are the following:

(1) The presiding officer shall be a hearing examiner appointed under 5 U.S.C. 3105.

(2) The presiding officer shall provide an opportunity for cross-examination on crucial issues.

(3) The hearing shall be reported verbatim, and a transcript shall be available to any interested person on such terms as the presiding officer may provide.

4. Section 1911.18 is amended to read as follows:

§ 1911.18 Decision.

(a) (1) Within 60 days after the expiration of the period provided for the submission of written data, views, and arguments on a proposed rule on which no hearing is held, or within 60 days after the certification of the record of a hearing, the Assistant Secretary shall publish in the FEDERAL REGISTER either an appropriate rule promulgating, modifying, or revoking a standard, or a determination that such a rule should not be issued. The action of the Assistant Secretary shall be taken after consideration of all relevant matter presented in written submissions and in any hearings held under this part.

(2) A determination that a rule should not be issued on the basis of existing relevant matter may be accompanied by an invitation for the submission of additional data, views, or arguments from interested persons on the issue or issues involved. In which event, an appropriate rule or other determination shall be made within 60

days following the end of the period allowed for the submission of the additional comments.

(b) Any rule or standard adopted under paragraph (a) of this section shall incorporate a concise general statement of its basis and purpose. The statement is not required to include specific and detailed findings and conclusions of the kind customarily associated with formal proceedings. However, the statement will show the significant issues which have been faced, and will articulate the rationale for their solution.

(c) Where an advisory committee has been consulted in the formulation of a proposed rule, the Assistant Secretary may seek the advice of the advisory committee as to the disposition of the proceeding. In giving advice to the Assistant Secretary, an advisory committee shall consider all matter presented to the Assistant Secretary. The advice of an advisory committee shall take the form of written recommendations to be submitted to the Assistant Secretary within a period to be prescribed by him. When the recommendations are contained in the transcript of the meeting of an advisory committee, they shall be summary in form. See §§ 1912.33 and 1912.34 of this chapter.

Title 32—NATIONAL DEFENSE

Chapter XVI—Selective Service System
MISCELLANEOUS AMENDMENTS TO CHAPTER

Whereas, on March 25, 1972, the Director of Selective Service published a notice of proposed amendments to Selective Service Regulations, 37 F.R. 6212 of March 25, 1972; and

Whereas such publication complied with the publication requirement of section 13(b) of the Military Selective Service Act (50 App. U.S.C. sec. 451 et seq.) in that more than 30 days have elapsed subsequent to such publication during which period comments from the public have been received and considered; and I certify that I have requested the views of officials named in section 2(a) of Executive Order 11623 and none of them has timely requested that the matter be referred to the President for decision.

Now therefore by virtue of the authority vested in me by the Military Selective Service Act, as amended (50 App. U.S.C. sec. 451 et seq.) and Executive

Order 11623 of October 12, 1971, the Selective Service Regulations, constituting a portion of Chapter XVI of Title 32 of the Code of Federal Regulations, are hereby amended, effective 11:59 p.m., e.s.t., on April 29, 1972, as follows:

PART 1617—REGISTRATION CERTIFICATE

Section 1617.10 is amended to read as follows:

§ 1617.10 Duty of registrant separated from active duty in Armed Forces.

Every registrant who is separated from active duty in the Armed Forces, who has not discharged his current military obligation under the Military Selective Service Act, and who does not have a Registration Certificate (SSS Form 2) shall, within 10 days after the date of his separation, request his local board to return his Registration Certificate (SSS Form 2) if available or to issue to him a duplicate Registration Certificate (SSS Form 2). The registrant shall make this request by a letter mailed to his local board or on a Request for Duplicate Registration Certificate or Notice of Classification (SSS Form 6) which he shall file with his own or any other local board.

PART 1622—CLASSIFICATION RULES AND PRINCIPLES

Section 1622.27 is amended to read as follows:

§ 1622.27 Class 2-D: Registrant deferred because of study preparing for or relating to the ministry.

In Class 2-D shall be placed any registrant who has requested such deferment and who is preparing for the ministry under the direction of a recognized church or religious organization and (a) who is satisfactorily pursuing a full-time course of instruction required for entrance into a recognized theological or divinity school in which he has been pre-enrolled, or (b) who is satisfactorily pursuing a full-time course of instruction in or at the direction of a recognized theological or divinity school, or (c) who having completed theological or divinity school is a student in a full-time graduate program or is a full-time intern. The registrant's studies must be related to and lead toward entry into service as a regular or duly ordained minister of religion as defined in section 16(g) of the Military Selective Service Act and satisfactory progress in these studies, as required by the school in which the registrant is enrolled, must be maintained for qualification for the deferment.

PART 1623—CLASSIFICATION PROCEDURE

Section 1623.9 is amended to read as follows:

§ 1623.9 Registrants transferred for classification.

(a) After completing the Registration Questionnaire (SSS Form 100), and be-

fore the local board of origin has undertaken the classification of a registrant other than his preliminary classification into Class 1-H, he may be transferred to another local board for classification under procedures prescribed by the Director if he is so far from his local board as to make complying with notices an extreme hardship.

(b) After completing the Registration Questionnaire (SSS Form 100), a registrant may be transferred to another local board for classification at any time under procedures prescribed by the Director (1) when the local board cannot act on his case because of disqualification under provisions of § 1604.55 of this chapter, or (2) when a majority of the members of the local board, or a majority of the members of every panel thereof if the board has separate panels, withdraw from consideration of the registrant's classification because of any conflicting interest, bias, or other reason.

(c) The Director or the State Director of Selective Service may transfer a registrant to another local board for classification at any time (1) when any member of the local board cannot act on the registrant's case because of disqualification under the provisions of § 1604.55 of this chapter, or (2) when the State Director of Selective Service deems such transfer to be necessary in order to assure equitable administration of the selective service law.

PART 1624—PERSONAL APPEARANCE BEFORE LOCAL BOARD

Paragraph (b) of § 1624.1 *Opportunity for personal appearance* is amended to read as follows:

§ 1624.1 *Opportunity for personal appearance.*

(b) A registrant who has filed a claim for classification in Class 1-O, Class 1-A-O, or Class 3-A, upon his written request, shall be afforded an opportunity to appear in person before the local board before his classification is determined by the local board. Should such registrant appear in person before the local board in advance of his classification being determined, the provisions of § 1624.4 shall apply and he shall not be afforded an opportunity to appear concerning such classification after such determination.

PART 1625—REOPENING AND CONSIDERING ANEW REGISTRANT'S CLASSIFICATION

Section 1625.2 is amended to read as follows:

§ 1625.2 *Reopening of classification.*

(a) The local board will reopen and consider anew the classification of a registrant (1) upon the written request of the Director of Selective Service or the State Director of Selective Service and upon receipt of such request shall immediately cancel any order to report for induction or alternate service which

may have been issued to the registrant; (2) who is in Class 1-H and becomes subject to processing for induction according to these regulations and the rules prescribed by the Director; (3) in any classification for the purpose of classifying him in Class 1-H according to these regulations and the rules prescribed by the Director; (4) upon the written request of the registrant that is accompanied by written information presenting facts not considered when the registrant was classified which, if true in the opinion of the board, would justify a change in the registrant's classification; or (5) upon its own motion if such action based upon facts not considered when the registrant was classified which, in the opinion of the board, would justify a change in the registrant's classification: *Provided*, That in the event of subparagraph (4) or (5) of this section, the classification of a registrant shall not be reopened after the local board has mailed to such registrant an order for induction or alternate service or, in the event the order to report for induction or alternate service was postponed and a subsequent letter from the local board establishes the date for induction or for reporting for alternate service, unless the local board first specifically finds there has been a change in the registrant's status resulting from circumstances over which the registrant had no control.

PART 1628—EXAMINATION OF REGISTRANTS

Section 1628.7 is amended to read as follows:

§ 1628.7 *Postponement of Armed Forces examination.*

The issuance of an Order to Report for Armed Forces Examination (SSS Form 223) may be delayed in case of death of a member of the registrant's immediate family, extreme emergency involving a member of the registrant's immediate family, serious illness of the registrant, or other emergency beyond the registrant's control. The forwarding of a registrant for examination under an Order to Report for Armed Forces Examination (SSS Form 223) may be postponed by the local board to a date certain not later than 60 days from the date of such postponement in case of death of a member of the registrant's immediate family, extreme emergency involving a member of the registrant's immediate family, serious illness of the registrant, or other emergency beyond the registrant's control. The Director or State Director of Selective Service may, for good cause, direct the local board to extend such postponement. Any postponement under this section shall be terminated whenever the cause therefor has ceased to exist or upon the request of the registrant.

PART 1630—ALLOCATION OF INDUCTIONS

Section 1630.4 is amended to read as follows:

§ 1630.4 *Classification of volunteers.*

(a) When a registrant who is not in a deferred class files an Application for Voluntary Induction (SSS Form 254) he shall be processed for induction regardless of the class in which he is classified.

(b) When a registrant in a deferred class other than Class 4-F files an Application for Voluntary Induction (SSS Form 254) he shall be classified in Class 1-A as soon as possible.

(c) When a registrant in Class 1-A-O files an Application for Voluntary Induction (SSS Form 254) he shall be processed for induction.

CALIFORNIA

Powersite Restoration No. 714; Partial Revocation of Powersite Reserve No. 248

By virtue of the authority contained in section 24 of the Act of June 10, 1920, 41 Stat. 1075, as amended 16 U.S.C. section 818 (1970), and pursuant to the determination of the Federal Power Commission in DA-1105-California, it is ordered as follows:

1. The Executive Order of February 17, 1912, creating Powersite Reserve No. 248 is hereby revoked so far as it affects the following described land:

MOUNT DIABLO MERIDIAN

T. 35 N., R. 1 E.,
Sec. 6, SE¼NE¼.

The area described aggregates 40 acres in Shasta County.

2. In its order of November 17, 1971 (DA-1105-California), the Federal Power Commission determined that the land is not presently being used for hydroelectric development purposes, there are no known plans for its use, and it has no significant power value. The land was previously restored from Powersite Reserve No. 248 by Restoration Order No. 1174 of May 7, 1945, 10 F.R. 5652 of May 17, 1945, pursuant to a determination of the Federal Power Commission in DA-625-California of May 30, 1944, and opened to operation of the public land laws generally, subject to the provisions and reservations of section 24 of the Act of June 10, 1920, supra. The effect of this order is to relieve the restored land of the limitations prescribed by the said section 24.

3. This revocation is in furtherance of a Federal program to acquire privately owned land within the Whiskeytown-Shasta-Trinity National Recreation Area by the National Park Service under the exchange provisions of the Act of November 8, 1965, 79 Stat. 1295, 16 U.S.C. section 460q-1(b) (1970). Accordingly, the land described in this order has been classified as being suitable for such exchange. The land, therefore, will not be subject to other use or disposition under the public land laws, including the mining and mineral leasing lands, in the absence of a modification or revocation of such classification (43 CFR 2440.4).

Title 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 51—FRESH FRUITS, VEGETABLES AND OTHER PRODUCTS (INSPECTION, CERTIFICATION AND STANDARDS)

Subpart—U.S. Standards for Grades of Seed Potatoes¹

On page 616 of the FEDERAL REGISTER of January 14, 1972, there was published a notice of proposed rule making to issue U.S. grade standards for seed potatoes. These grade standards are issued under authority of the Agricultural Marketing Act of 1946 (60 Stat. 1087, as amended; 7 U.S.C. 1621-1627), which provides for the issuance of official U.S. grades to designate different levels of quality for the voluntary use of producers, buyers and consumers. Official grading services are also provided under this act upon request of any financially interested party and upon payment of a fee to cover the cost of such services.

Statement of considerations leading to the issuance of the grade standards. Following publication of the proposal in the FEDERAL REGISTER copies were distributed to industry individuals and organizations and to other interested persons for comment.

Agricultural Marketing Service representatives as well as members of the National Seed Grade Committee discussed and explained the proposed standards at meetings of industry members and organizations. Information concerning the proposal was carried in newspapers and trade publications.

The period for comment ended March 5, 1972. Forty-one letters of comment were received, in response to the proposal, from industry members and organizations in 19 States. Nineteen of these letters of comment indicated unqualified approval of the proposed standards with most also expressing the desire to have them issued promptly. The remaining letters, while expressing general approval, proposed certain changes or additions for consideration.

Of these suggested changes, one is incorporated in the standards. It permits the specifying of maximum sizes other than those stated in the standards. In addition an error in the definition of damage, § 51.3006, is corrected.

These voluntary standards will not supplant State certified seed grades or regulations but will serve as a reference

¹ Packing of the product in conformity with the requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act or with applicable State laws and regulations.

point as the U.S. grade standards for "fresh market" potatoes have done in the past.

After consideration of all relevant matters presented by interested persons, the grade standards so proposed are hereby adopted, subject to the following changes:

1. In § 51.3000, subparagraph (2) of paragraph (e) is changed to read: "Maximum size, unless otherwise specified, shall not exceed 3¼ inches in diameter or 12 ounces in weight."

2. In § 51.3006, line five the word "internal" is changed to read "external".

It is hereby found that good cause exists for not postponing the effective date of these standards beyond the date of publication hereof in the FEDERAL REGISTER, in that: (1) Contracting for the 1972 crop of seed potatoes has already begun and it is in the interest of the public and the industry that these standards be placed in effect at the earliest possible date; and (2) no special preparation is required for compliance with these standards on the part of members of the seed potato industry or of others.

Accordingly these standards shall become effective upon publication in the FEDERAL REGISTER (4-29-72).

Dated: April 25, 1972.

Acting Administrator.

GRADE

§ 51.3000 U.S. No. 1 Seed Potatoes.

"U.S. No. 1 Seed Potatoes" consists of potatoes identified as certified seed of one variety by the State of origin which meet the following requirements:

- (a) Fairly well shaped;
- (b) Free from:
 - (1) Freezing;
 - (2) Blackheart;

RULES AND REGULATIONS

- (3) Late Blight Tuber Rot;
 (4) Nematode or Tuber Moth injury;
 (5) Bacterial Ring Rot; and,
 (6) Soft rot or wet breakdown.
 (c) Free from serious damage caused by:

- (1) Hollow heart.
 (d) Free from damage by any other cause (see Tables I and II).

- (e) Size:
 (1) Minimum diameter, unless otherwise specified, shall be not less than 1½ inches; and,

- (2) Maximum size, unless otherwise specified, shall not exceed 3¼ inches in diameter or 12 ounces in weight.

- (f) For tolerances see § 51.3001.

TOLERANCES

§ 51.3001 Tolerances.

In order to allow for variations incident to proper grading and handling in the foregoing grade, the following tolerances, by weight, are provided as specified:

- (a) For defects:

- (1) 10 percent for potatoes in any lot which are seriously damaged by hollow heart;

- (2) 10 percent for potatoes which fail to meet the remaining requirements of the grade including therein not more than 5 percent for external defects and not more than 5 percent for internal defects: *Provided*, That included in these tolerances not more than the following percentages shall be allowed for the defects listed:

	Percent
Bacterial Ring Rot.....	0.00
Serious damage caused by dry or moist type Fusarium Tuber Rot.....	2.00
Late Blight Tuber Rot.....	1.00
Nematode or Tuber Moth injury.....	0.00
Varietal mixture.....	0.25
Frozen soft rot or wet breakdown.....	0.50

Provided, That en route or at destination an additional 0.50 percent, or a total of 1 percent, shall be allowed for potatoes which are frozen or affected by soft rot or wet breakdown.

- (b) For off-size:

- (1) *For undersize*. Three percent for potatoes in any lot which fail to meet the required or specified minimum size except that 5 percent shall be allowed when the minimum size specified is 2¼ inches or more in diameter or 5 ounces or more in weight.

- (2) *For oversize*. Ten percent for potatoes in any lot which fail to meet the required or specified maximum size.

APPLICATION OF TOLERANCES

§ 51.3002 Application of tolerances.

Individual samples shall have not more than double the tolerances specified, except that at least one defective and one off-size potato may be permitted in any sample: *Provided*, That en route or at destination one-tenth of the samples may contain three times the tolerance permitted for potatoes which are frozen or affected by soft rot or wet breakdown: *And provided further*, That the averages for the entire lot are within the tolerances specified for the grade.

SAMPLES FOR GRADE AND SIZE DETERMINATION

§ 51.3003 Samples for grade and size determination.

Individual samples shall consist of at least 20 pounds. The number of such individual samples drawn for grade and size determination will vary with the size of the lot.

DEFINITIONS

§ 51.3004 Fairly well shaped.

"Fairly well shaped" means that the potato is not materially pointed, dumb-bell-shaped or otherwise materially deformed.

§ 51.3005 Nematode or Tuber Moth injury.

"Nematode or Tuber Moth injury" means the presence of or any evidence of Nematode or Tuber Moth.

§ 51.3006 Damage.

"Damage" means any defect (except sunburn and greening) or any combination of defects which materially detracts from the internal or external appearance of the potato, or any external defect

which cannot be removed without a loss of more than 5 percent of the total weight of the potato. See Tables I and II in §§ 51.3010 and 51.3011.

§ 51.3007 Serious damage.

"Serious damage" means any defect (except sunburn and greening), or any combination of defects, which seriously detracts from the internal or external appearance of the potato, or any external defect which cannot be removed without a loss of more than 10 percent of the total weight of the potato.

§ 51.3008 Freezing.

"Freezing" means that the potato is frozen or shows evidence of having been frozen.

§ 51.3009 Soft rot or wet breakdown.

"Soft rot or wet breakdown" means any soft, mushy, or leaky condition of the tissue.

§ 51.3010 External defects.

"External defects" are defects which can be detected externally. However, cutting may be required to determine the extent of the injury. Some external defects are listed in Table I.

SUBCHAPTER C—SPECIAL PROGRAMS

PART 755—FEED GRAINS

Subpart—Feed Grain Set-Aside Program for Crop Years 1972-73

Correction

In F.R. Doc. 72-6040 appearing at page 7775 in the issue of Thursday, April 20, 1972, the third line of § 775.11(b) (1) reading "Acreage of cropland equal to 5 percent of" should read "acreage of cropland up to 10 percent of".

[Navel Orange Reg. 265, Amdt. 1]

PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907), regulating the handling of Navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and in-

formation submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restrictions on the handling of Navel oranges grown in Arizona and designated part of California.

(b) Order, as amended. The provisions in paragraph (b) (1) (i) and (ii) of § 907.565 (Navel Orange Regulation 265, 37 F.R. 7780) during the period April 21, 1972, through April 27, 1972, are hereby fixed as follows:

§ 907.565 Navel Orange Regulation 265.

(b) Order. (1) * * *

(i) District 1: 1,038,000 cartons;

(ii) District 2: 212,000 cartons.

[Lemon Reg. 531]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.831 Lemon Regulation 531.

(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 36 F.R. 9061), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the pub-

lic interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on April 25, 1972.

(b) Order. (1) The quantity of lemons grown in California and Arizona which may be handled during the period April 30, 1972, through May 6, 1972, is hereby fixed at 240,000 cartons.

(2) As used in this section, "handled" and "carton(s)" have the same meaning as when used in the said amended marketing agreement and order.

[Peach Reg. 1]

PART 917—FRESH PEARS, PLUMS, AND PEACHES GROWN IN CALIFORNIA

Regulation by Grades and Sizes

Findings. (1) Pursuant to the amended marketing agreement, and Order No. 917 (7 CFR Part 917, 36 F.R. 7510, 14381), regulating the handling of fresh pears, plums, and peaches grown in the State of California, effective under the applicable

provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Peach Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of peaches, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The recommendation by the Peach Commodity Committee reflect its appraisal of the California peach crop and the current and prospective market conditions. Shipments of California peaches are expected to begin on or about May 1, 1972. The grade and size requirements provided herein are necessary to prevent the handling, on and after May 1, 1972, of California peaches of a lower grade or smaller size than specified herein for such peaches, so as to provide consumers with good quality fruit consistent with (1) the overall quality of the crop, and (2) maximizing returns to the producers pursuant to the declared policy of the act.

(3) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than May 1, 1972. A reasonable determination as to the supply of, and the demand for, such peaches must await the development of the crop thereof, and adequate information thereon was not available to the Peach Commodity Committee until April 20, 1972, on which date an open meeting was held, after giving due notice thereof, to consider the need for, and the extent of, regulation of shipments of such peaches. Interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified was promptly submitted to the Department on April 24, 1972; shipments of the current crop of such peaches are expected to begin on or about the effective date hereof; this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; the provisions of this regulation are identical with the aforesaid recommendation of the committee, information concerning such provisions and effective time has been disseminated among handlers of such peaches; and compliance with the provi-

sions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

§ 917.426 Peach Regulation 1.

(a) Order: During the period May 1, 1972, through May 31, 1972, no handler shall handle:

(1) Any package or container of any variety of peaches unless such peaches meet the requirement of U.S. No. 1 grade: *Provided*, That, an additional tolerance of 10 percent shall be permitted for fruit that is not well formed but not badly misshapen.

(2) Any package or container of Arm Gold, Pat's Pride, Spring Gold, Springtime, or Royal Gold variety peaches unless:

(i) Such peaches when packed in a No. 22D standard lug box are of a size that will pack, in accordance with the requirements of standard pack, not more than 108 peaches in the lug box; or

(ii) Such peaches when packed in any container, other than a No. 22D standard lug box, measure not less than 2 inches in diameter as measured by a rigid ring: *Provided*, That not more than 10 percent by count of peaches in any container may fail to meet such diameter requirement.

(3) Any package or container of Springcrest variety peaches unless:

(i) Such peaches when packed in a No. 22D standard lug box are of a size that will pack, in accordance with the requirements of standard pack, not more than 96 peaches in the lug box; or

(ii) Such peaches when packed in any container, other than a No. 22D standard lug box, measure not less than 2½ inches in diameter as measured by a rigid ring: *Provided*, That not more than 10 percent by count of peaches in any container may fail to meet such diameter requirement.

(4) Any package or container of Robin, any type of Babcock, Blazing Gold, Bonjour, Cardinal, Dixired, Gold Dust, June Lady, Merrill Gemfree, Royal May, or Early Coronet variety peaches unless:

(i) Such peaches when packed in a No. 22D standard lug box are of a size that will pack, in accordance with the requirements of standard pack, not more than 88 peaches in the lug box;

(ii) Such peaches when packed in a No. 12B standard peach box are of a size that will pack, in accordance with the requirements of standard pack, not more than 75 peaches in the box; or

(iii) Such peaches when packed in any container, other than a No. 22D standard lug box, or a No. 12B standard peach box measure not less than 2¼ inches in diameter as measured by a rigid ring: *Provided*, That not more than 10 percent, by count, of peaches in any such container may fail to meet such diameter requirement.

(5) Any package or container of Aurora, Coronet, Gaiety, Indian Red, Merrill Beauty, Merrill Gem, Peterson Elberta, Red Haven, Regina, or Red Top variety peaches unless:

(i) Such peaches when packed in a No. 22D standard lug box are of a size that will pack, in accordance with the requirements of standard pack, not more than 80 peaches in the box; or

(ii) Such peaches when packed in a No. 12B standard peach box are of a size that will pack, in accordance with the requirements of standard pack, not more than 70 peaches in the box; or

(iii) Such peaches when packed in any container, other than a No. 22D standard lug box or a No. 12B standard peach box, measure not less than 2¾ inches in diameter as measured by a rigid ring: *Provided*, That not more than 10 percent, by count, of peaches in any such container may fail to meet such diameter requirement.

(6) Any package or container of Alamar, Angelus, Carnival, Fairtime, Fay Elberta, Fayette, Fiesta, Fortyniner, Halloween, Hiraoka Flame, J. H. Hale, John Gee, Jody Gaye, July Elberta (Early Elberta, Kim Elberta, and Socala), Madera Gem, Madigras, Merricle, O'Henry, Pacifica, Pageant, Parade, Paradise, Preuss Suncrest, Regular Elberta, Red Flame, Red Globe, Red Lady, Rio Oso Gem, Royal Faye, Scarlet Lady, Summerset, Suncrest, Toreador, or William's Gem variety peaches unless:

(i) Such peaches when packed in a No. 22D lug box are of a size that will pack, in accordance with the requirements of standard pack, not more than 72 peaches in the lug box;

(ii) Such peaches when packed in a No. 12B standard peach box are of a size that will pack, in accordance with the requirements of standard pack, not more than 65 peaches in the peach box; or

(iii) Such peaches when packed in any container, other than a No. 22D standard lug box or a No. 12B standard peach box, measure not less than 2⅞ inches in diameter as measured by a rigid ring: *Provided*, That not more than 10 percent, by count, of peaches in any such container may fail to meet such diameter requirement.

(b) During the period May 1, 1972, through May 31, 1972, no handler shall handle any package or container of any variety of peaches not specifically named in subparagraphs (2), (3), (4), (5), or (6) of paragraph (a) of this section unless:

(1) Such peaches when packed in a No. 22D standard lug box are of a size that will pack, in accordance with the requirements of standard pack, not more than 96 peaches in the lug box; or

(2) Such peaches when packed in any container, other than a No. 22D standard lug box, measure not less than 2½ inches in diameter as measured by a rigid ring: *Provided*, That not more than 10 percent by count of peaches in any such container may fail to meet such diameter requirement.

(c) [Reserved]

(d) Terms used in the amended marketing agreement and order shall, when used herein have the same meaning as given to the respective term in said amended marketing agreement and or-

der; "U.S. No. 1," and "standard pack," shall have the same meaning as when used in the U.S. Standards for Peaches (7 CFR 51.1210-1223); "No. 22D standard lug box" and "No. 12B standard peach box" shall have the same meaning as set forth in section 43601 of the Agricultural Code of California; and "diameter" shall mean the distance through the widest portion of the cross section of a peach at right angles to a line running from the stem to the blossom end.

Dated: April 27, 1972.

[953.209]

PART 953—IRISH POTATOES GROWN IN THE SOUTHEASTERN STATES

Expenses and Rate of Assessment

Notice of rule making regarding the proposed expenses and rate of assessment, to be effective under Marketing Agreement No. 104 and Order No. 953, both as amended (7 CFR Part 953), regulating the handling of Irish potatoes grown in the Southeastern States production area which is comprised of certain designated counties of Virginia and North Carolina, was published in the FEDERAL REGISTER April 18, 1972 (37 F.R. 7628). This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.). The notice afforded interested persons an opportunity to file written data, views, or arguments pertaining thereto not later than 7 days following publication in the FEDERAL REGISTER. None was filed.

After consideration of all relevant matter presented, including the proposals set forth in the aforesaid notice which were unanimously recommended on April 10 by the Southeastern Potato Committee, established pursuant to said amended marketing agreement and order, it is hereby found and determined that:

§ 953.209 Expenses and rate of assessment.

(a) The expenses the Secretary finds may be necessary to be incurred by the Southeastern Potato Committee, established pursuant to Marketing Agreement No. 104, as amended and this part, to enable such committee to carry out its functions pursuant to provisions of the aforesaid amended marketing agreement and order, during the fiscal period ending March 31, 1973, will amount to \$11,125.

(b) The rate of assessment to be paid by each handler in accordance with the amended Marketing Agreement and this part shall be one-fourth of one cent (\$0.0025) per hundredweight of potatoes handled by him as the first handler thereof during the said fiscal period: *Provided*, That potatoes for canning,

freezing, and other processing, pursuant to the February-15, 1972, amendment to the act (Public Law 92-233), shall be exempt.

(c) Unexpended income in excess of expenses for the fiscal period may be carried over as a reserve.

(d) Terms used in this section shall have the same meaning as when used in the said amended marketing agreement and this part.

It is hereby found that good cause exists for not postponing the effective date of this section until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that: (1) The relevant provisions of said amended marketing agreement and this part require that the rate of assessment fixed for a particular fiscal period shall be applicable to all assessable potatoes from the beginning of such fiscal period, and (2) the current fiscal period began on April 1, 1972, and the rate of assessment herein fixed will automatically apply to all assessable potatoes beginning with such date.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: April 26, 1972.

Title 31—MONEY AND FINANCE: TREASURY

Chapter II—Fiscal Service, Department of the Treasury

SUBCHAPTER B—BUREAU OF THE PUBLIC DEBT

PART 306—GENERAL REGULATIONS WITH RESPECT TO U.S. SECURITIES

Book-Entry Procedure

Subpart O of the regulations set forth in Treasury Department Circular No. 300, Third Revision, dated December 23, 1964, as amended and supplemented (31 CFR Part 306), has been further amended and is published in its entirety as the sixth amendment as shown below. This amendment further broadens the book-entry procedure.

Notice and public procedure on this amendment are dispensed with because it involves public property and contracts and does not adversely affect any existing rights.

Dated: April 27, 1972.

[SEAL] JOHN K. CARLOCK,
Fiscal Assistant Secretary.

Subpart O—Book-Entry Procedure

- Sec. 306.115 Definition of terms.
- 306.116 Authority of Reserve Banks.
- 306.117 Scope and effect of book-entry procedure.
- 306.118 Transfer or pledge.
- 306.119 Withdrawal of Treasury securities.

- Sec. 306.120 Delivery of Treasury securities.
- 306.121 Registered bonds and notes.
- 306.122 Servicing book-entry Treasury securities; payment of interest, payment at maturity or upon call.

AUTHORITY: The provisions of this Subpart O issued under sec. 8, 50 Stat. 481, as amended, R.S. 3706; secs. 1, 4, 18, 5, 40 Stat. 288, as amended, 290, as amended; secs. 19, 20, 48 Stat. 343, as amended; 31 U.S.C. 738a, 739, 752, 752a, 754b.

Subpart O—Book-Entry Procedure

§ 306.115 Definition of terms.

In this subpart, unless the context otherwise requires or indicates:

(a) "Reserve Bank" means a Federal Reserve Bank and its branches acting as Fiscal Agent of the United States and when indicated acting in its individual capacity.

(b) "Treasury security" means a Treasury bond, note, certificate of indebtedness, or bill issued under the Second Liberty Bond Act, as amended, in the form of a definitive Treasury security or a book-entry Treasury security.

(c) "Definitive Treasury security" means a Treasury bond, note, certificate of indebtedness, or bill issued under the Second Liberty Bond Act, as amended, in engraved or printed form.

(d) "Book-entry Treasury security" means a Treasury bond, note, certificate of indebtedness, or bill issued under the Second Liberty Bond Act, as amended, in the form of an entry made as prescribed in this subpart on the records of a Reserve Bank.

(e) "Pledge" includes a pledge of, or any other security interest in, Treasury securities as collateral for loans or advances or to secure deposits of public monies or the performance of an obligation.

(f) "Date of call" (see § 306.2) is "the date fixed in the official notice of call published in the FEDERAL REGISTER * * * on which the obligor will make payment of the security before maturity in accordance with its terms."

(g) "Member bank" means any national bank, State bank or bank or trust company which is a member of a Reserve Bank.

§ 306.116 Authority of Reserve Banks.

Each Reserve Bank is hereby authorized, in accordance with the provisions of this subpart, to (a) issue book-entry Treasury securities by means of entries on its records which shall include the name of the depositor, the amount, the loan title (or series) and maturity date; (b) effect conversions between book-entry Treasury securities and definitive Treasury securities; (c) otherwise service and maintain book-entry Treasury securities; and (d) issue a confirmation of transaction in the form of a written advice (serially numbered or otherwise) which specifies the amount and description of any securities, that is, loan title (or series) and maturity date, sold or transferred and the date of the transaction.

§ 306.117 Scope and effect of book-entry procedure.

(a) A Reserve Bank as Fiscal Agent of the United States may apply the book-entry procedure provided for in this subpart to any Treasury securities which have been or are hereafter deposited for any purpose in accounts with it in its individual capacity under terms and conditions which indicate that the Reserve Bank will continue to maintain such deposit accounts in its individual capacity, notwithstanding application of the book-entry procedure to such securities. This paragraph is applicable, but not limited, to securities deposited:

(1) As collateral pledged to a Reserve Bank (in its individual capacity) for advances by it;

(2) By a member bank for its sole account;

(3) By a member bank held for the account of its customers;

(4) In connection with deposits in a member bank of funds of States, municipalities, or other political subdivisions; or,

(5) In connection with the performance of an obligation or duty under Federal, State, municipal, or local law, or judgments or decrees of courts.

The application of the book-entry procedure under this paragraph shall not derogate from or adversely affect the relationships that would otherwise exist between a Reserve Bank in its individual capacity and its depositors concerning any deposits under this paragraph. Whenever the book-entry procedure is applied to such Treasury securities, the Reserve Bank is authorized to take all action necessary in respect of the book-entry procedure to enable such Reserve Bank in its individual capacity to perform its obligations as depository with respect to such Treasury securities.

(b) A Reserve Bank as Fiscal Agent of the United States shall apply the book-entry procedure to Treasury securities deposited as collateral pledged to the United States under Treasury Department Circulars Nos. 92 and 176, both as revised and amended, and may apply the book-entry procedure, with the approval of the Secretary of the Treasury, to any other Treasury securities deposited with a Reserve Bank as Fiscal Agent of the United States.

(c) Any person having an interest in Treasury securities which are deposited with a Reserve Bank (in either its individual capacity or as Fiscal Agent) for any purpose shall be deemed to have consented to their conversion to book-entry Treasury securities pursuant to the provisions of this subpart, and in the manner and under the procedures prescribed by the Reserve Bank.

(d) No deposits shall be accepted under this section on or after the date of maturity or call of the securities.

§ 306.118 Transfer or pledge.

(a) A transfer or a pledge of book-entry Treasury securities to a Reserve Bank (in its individual capacity or as Fiscal Agent of the United States), or to the United States, or to any transferee or pledgee eligible to maintain an appropriate

book-entry account in its name with a Reserve Bank under this subpart, is effected and perfected, notwithstanding any provision of law to the contrary, by a Reserve Bank making an appropriate entry in its records of the securities transferred or pledged. The making of such an entry in the records of a Reserve Bank shall (1) have the effect of a delivery in bearer form of definitive Treasury securities; (2) have the effect of a taking of delivery by the transferee or pledgee; (3) constitute the transferee or pledgee a holder; and (4) if a pledge, effect a perfected security interest therein in favor of the pledgee. A transfer or pledge of book-entry Treasury securities effected under this paragraph shall have priority over any transfer, pledge, or other interest, theretofore or thereafter effected or perfected under paragraph (b) of this section or in any other manner.

(b) A transfer or a pledge of transferable Treasury securities, or any interest therein, which is maintained by a Reserve Bank (in its individual capacity or as Fiscal Agent of the United States) in a book-entry account under this subpart, including securities in book-entry form under § 306.117(a) (3), is effected, and a pledge is perfected, by any means that would be effective under applicable law to effect a transfer or to effect and perfect a pledge of the Treasury securities, or any interest therein, if the securities were maintained by the Reserve Bank in bearer definitive form. For purposes of transfer or pledge hereunder, book-entry Treasury securities maintained by a Reserve Bank shall, notwithstanding any provision of law to the contrary, be deemed to be maintained in bearer definitive form. A Reserve Bank maintaining book-entry Treasury securities either in its individual capacity or as Fiscal Agent of the United States is not a bailee for purposes of notification of pledges of those securities under this paragraph, or a third person in possession for purposes of acknowledgment of transfers thereof under this paragraph. A Reserve Bank will not accept notice or advice of a transfer or pledge effected or perfected under this paragraph, and any such notice or advice shall have no effect. A Reserve Bank may continue to deal with its depositor in accordance with the provisions of this subpart, notwithstanding any transfer or pledge effected or perfected under this paragraph.

(c) No filing or recording with a public recording office or officer shall be necessary or effective with respect to any transfer or pledge of book-entry Treasury securities or any interest therein.

(d) A Reserve Bank shall, upon receipt of appropriate instructions, convert book-entry Treasury securities into definitive Treasury securities and deliver them in accordance with such instructions; no such conversion shall effect existing interests in such Treasury securities.

(e) A transfer of book-entry Treasury securities within a Reserve Bank shall be made in accordance with procedures established by the Bank not inconsistent

with this subpart. The transfer of book-entry Treasury securities by a Reserve Bank may be made through a telegraphic transfer procedure.

(f) All requests for transfer or withdrawal must be made prior to the maturity or date of call of the securities.

§ 306.119 Withdrawal of Treasury securities.

(a) A depositor of book-entry Treasury securities may withdraw them from a Reserve Bank by requesting delivery of like definitive Treasury securities to itself or on its order to a transferee.

(b) Treasury securities which are actually to be delivered upon withdrawal may be issued either in registered or in bearer form, except that Treasury bills and EA and EO series of Treasury notes will be issued in bearer form only.

§ 306.120 Delivery of Treasury securities.

A Reserve Bank which has received Treasury securities and effected pledges, made entries regarding them, or transferred or delivered them according to the instructions of its depositor is not liable for conversion or for participation in breach of fiduciary duty even though the depositor had no right to dispose of or take other action in respect of the securities. A Reserve Bank shall be fully discharged of its obligations under this subpart by the delivery of Treasury securities in definitive form to its depositor or upon the order of such depositor. Customers of a member bank or other depository (other than a Reserve Bank) may obtain Treasury securities in definitive form only by causing the depositor of the Reserve Bank to order the withdrawal thereof from the Reserve Bank.

§ 306.121 Registered bonds and notes.

No formal assignment shall be required for the conversion to book-entry Treasury securities of registered Treasury securities held by a Reserve Bank (in either its individual capacity or as Fiscal Agent) on the effective date of this subpart for any purpose specified in § 306.117(a). Registered Treasury securities deposited thereafter with a Reserve Bank for any purpose specified in § 306.117 shall be assigned for conversion to book-entry Treasury securities. The assignment, which shall be executed in accordance with the provisions of Subpart F of the regulations in this part, so far as applicable, shall be to "Federal Reserve Bank of _____ as Fiscal Agent of the United States, for conversion to book-entry Treasury securities."

§ 306.122 Servicing book-entry Treasury securities; payment of interest, payment at maturity or upon call.

Interest becoming due on book-entry Treasury securities shall be charged in the Treasurer's account on the interest due date and remitted or credited in accordance with the depositor's instructions. Such securities shall be redeemed and charged in the Treasurer's account on the date of maturity, call or advance refunding, and the redemption proceeds, principal and interest, shall be disposed

of in accordance with the depositor's instructions.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER D—COSMETICS

PART 170—VOLUNTARY REGISTRATION OF COSMETIC PRODUCT ESTABLISHMENTS

Notification of Effective Date and Availability of Registration Form

In the matter of issuing regulations establishing a procedure for the volun-

tary registration of cosmetic product establishments:

An order establishing regulations (21 CFR Part 170) for such a procedure was published in the FEDERAL REGISTER of April 11, 1972 (37 F.R. 7151). The order stipulated that 21 CFR Part 170 would become effective 30 days after publication of a notice in the FEDERAL REGISTER stating that the necessary form for registration of cosmetic product establishments (FD Form 2511) was available for distribution.

Notice is hereby given that FD Form 2511, "Registration of Cosmetic Product Establishments," is now available for distribution and that 21 CFR Part 170—Voluntary Registration of Cosmetic

Product Establishments shall become effective 30 days after publication of this notice in the FEDERAL REGISTER. Those desiring FD Form 2511 may submit requests to the Food and Drug Administration, Department of Health, Education, and Welfare, Washington, D.C. 20204, or to any Food and Drug Administration district office as provided for in 21 CFR 170.4.

Dated: April 26, 1972.

Proposed Rule Making

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR Part 1]

INCOME TAX

Recoveries of Damages for Antitrust Violations, etc.

Notice is hereby given that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury or his delegate. Prior to the final adoption of such regulations, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing (preferably six copies) to the Commissioner of Internal Revenue, Attention: CC:LR:T, Washington, D.C. 20224, by May 29, 1972. Any written comments or suggestions not specifically designated as confidential in accordance with 26 CFR 601.601(b) may be inspected by any person upon written request. Any person submitting written comments or suggestions who desires an opportunity to comment orally at a public hearing on these proposed regulations should submit his request, in writing, to the Commissioner by May 29, 1972. In such case, a public hearing will be held, and notice of the time, place, and date will be published in a subsequent issue of the FEDERAL REGISTER, unless the person or persons who have requested a hearing withdraw their request for a hearing before notice of the hearing has been filed with the Office of the Federal Register. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

In order to conform the Income Tax Regulations (26 CFR Part 1) to the amendments of the Internal Revenue Code of 1954 made by section 904 of the Tax Reform Act of 1969 (83 Stat. 711), such regulations are amended as follows:

Sections 1.186 and 1.186-1 are added to the Income Tax Regulations immediately after § 1.185-3. These added sections read as follows:

§ 1.186 Statutory provisions; recoveries of damages for antitrust violations, etc.

SEC. 186. *Recoveries of damages for antitrust violations, etc.*—(a) *Allowance of deduction.* If a compensatory amount which is included in gross income is received or accrued during the taxable year for a compen-

sable injury, there shall be allowed as a deduction for the taxable year an amount equal to the lesser of—

(1) The amount of such compensatory amount, or

(2) The amount of the unrecovered losses sustained as a result of such compensable injury.

(b) *Compensable injury.* For purposes of this section, the term "compensable injury" means—

(1) Injuries sustained as a result of an infringement of a patent issued by the United States,

(2) Injuries sustained as a result of a breach of contract or a breach of fiduciary duty or relationship, or

(3) Injuries sustained in business, or to property, by reason of any conduct forbidden in the antitrust laws for which a civil action may be brought under section 4 of the Act entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914 (commonly known as the Clayton Act).

(c) *Compensatory amount.* For purposes of this section, the term "compensatory amount" means the amount received or accrued during the taxable year as damages as a result of an award in, or in settlement of, a civil action for recovery for a compensable injury, reduced by any amounts paid or incurred in the taxable year in securing such award or settlement.

(d) *Unrecovered losses.*—(1) *In general.* For purposes of this section, the amount of any unrecovered loss sustained as a result of any compensable injury is—

(A) The sum of the amount of the net operating losses (as determined under section 172) for each taxable year in whole or in part within the injury period, to the extent that such net operating losses are attributable to such compensable injury, reduced by

(B) The sum of—

(i) The amount of the net operating losses described in subparagraph (A) which were allowed for any prior taxable year as a deduction under section 172 as a net operating loss carryback or carryover to such taxable year, and

(ii) The amounts allowed as a deduction under subsection (a) for any prior taxable year for prior recoveries of compensatory amounts for such compensable injury.

(2) *Injury period.* For purposes of paragraph (1), the injury period is—

(A) With respect to any infringement of a patent, the period in which such infringement occurred,

(B) With respect to a breach of contract or breach of fiduciary duty or relationship, the period during which amounts would have been received or accrued but for the breach of contract or breach of fiduciary duty or relationship, and

(C) With respect to injuries sustained by reason of any conduct forbidden in the antitrust laws, the period in which such injuries were sustained.

(3) *Net operating losses attributable to compensable injuries.* For purposes of paragraph (1)—

(A) A net operating loss for any taxable year shall be treated as attributable to a compensable injury to the extent of the compensable injury sustained during such taxable year, and

(B) If only a portion of a net operating loss for any taxable year is attributable to a compensable injury, such portion shall (in applying section 172 for purposes of this section) be considered to be a separate net operating loss for such year to be applied after the other portion of such net operating loss.

(e) *Effect on net operating loss carryovers.* If for the taxable year in which a compensatory amount is received or accrued any portion of a net operating loss carryover to such year is attributable to the compensable injury for which such amount is received or accrued, such portion of such net operating loss carryover shall be reduced by an amount equal to—

(1) The deduction allowed under subsection (a) with respect to such compensatory amount, reduced by

(2) Any portion of the unrecovered losses sustained as a result of the compensable injury with respect to which the period for carryover under section 172 has expired.

[Sec. 186 as added by sec. 904, Tax Reform Act 1969 (83 Stat. 711)]

§ 1.186-1 Recoveries of damages for antitrust violations, etc.

(a) *Allowance of deduction.* Under section 186, when a compensatory amount which is included in gross income is received or accrued during a taxable year for a compensable injury, a deduction is allowed in an amount equal to the lesser of (1) such compensatory amount, or (2) the unrecovered losses sustained as a result of such compensable injury.

(b) *Compensable injury.*—(1) *In general.* For purposes of this section, the term "compensable injury" means any of the injuries described in subparagraph (2), (3), or (4) of this paragraph.

(2) *Patent infringement.* An injury sustained as a result of an infringement of a patent issued by the United States (whether or not issued to the taxpayer or another person or persons) constitutes a compensable injury. The term "patent issued by the United States" means any patent issued or granted by the United States under the authority of the Commissioner of Patents pursuant to 35 U.S.C. 153.

(3) *Breach of contract or of fiduciary duty or relationship.* An injury sustained as a result of a breach of contract (including an injury sustained by a third party beneficiary) or a breach of fiduciary duty or relationship constitutes a compensable injury.

(4) *Injury suffered under certain antitrust law violations.* An injury sustained in business, or to property, by reason of any conduct forbidden in the antitrust laws for which a civil action may be brought under section 4 of the Act of October 15, 1914 (15 U.S.C. 15), commonly known as the Clayton Act, constitutes a compensable injury.

(c) *Compensatory amount.*—(1) *In general.* For purposes of this section, the

term, "compensatory amount" means any amount received or accrued during the taxable year as damages as a result of an award in, or in settlement of, a civil action for recovery for a compensable injury, reduced by any amounts paid or incurred in the taxable year in securing such award or settlement. The term "compensatory amount" includes only amounts compensating for actual economic injury. Thus, additional amounts representing punitive, exemplary, or treble damages are not included within the term. Where, for example, a taxpayer recovers treble damages under section 4 of the Clayton Act, only one-third of the recovery representing economic injury constitutes a compensatory amount. In the absence of any indication to the contrary, amounts received in settlement of an action shall be deemed to be a recovery for an actual economic injury except to the extent such settlement amounts exceed actual damages claimed by the taxpayer in such action.

(2) *Interest on a compensatory amount.* Interest attributable to a compensatory amount shall not be included within the term "compensatory amount." Where no interest (or an unrealistically low rate of interest) is stated, interest shall be imputed in accordance with the imputed interest provisions of section 483 and the regulations thereunder.

(3) *Settlement of a civil action for damages—(i) Necessity for an action.* The term "compensatory amount" does not include an amount received or accrued in settlement of a claim for a compensable injury if the amount is received or accrued prior to institution of an action. An action shall be considered as instituted upon completion of service of process upon all defendants in accordance with the laws of the jurisdiction in which the action has been commenced.

(ii) *Specifications of the parties.* If an action for a compensable injury is settled, the specifications of the parties will generally determine compensatory amounts unless such specifications are not reasonably supported by the facts and circumstances of the case. For example, the parties may provide that the sum of \$1,000 represents actual damages sustained as the result of antitrust violations and that the total amount of the settlement after the trebling of damages is \$3,000. In such case, only the sum of \$1,000 would be a compensatory amount. In the absence of specifications of the parties, the complaint filed by the taxpayer may be considered in determining what portion of the amount of the settlement is a compensatory amount.

(4) *Amounts paid or incurred in securing the award or settlement.* For purposes of this section, the term "amounts paid or incurred in the taxable year in securing such award or settlement" shall include legal expenses such as attorney's fees, witness fees, accountant fees, and court costs. Expenses incurred in securing a recovery of both a compensatory amount and other amounts from the same action shall be

allocated among such amounts in the ratio each of such amounts bears to the total recovery. For instance, where a taxpayer incurs attorney's fees and other expenses of \$3,000 in recovering \$10,000 as a compensatory amount, \$5,000 as a return of capital, and \$25,000 as punitive damages from the same action, the taxpayer shall allocate \$750 of the expenses to the compensatory amount ($10,000/40,000 \times 3,000$), \$375 to the return of capital ($5,000/40,000 \times 3,000$), and \$1,875 to the punitive damages ($25,000/40,000 \times 3,000$).

(d) *Unrecovered losses—(1) In general.* For purposes of this section, the term "unrecovered losses sustained as a result of such compensable injury" means the sum of the amounts of the net operating losses for each taxable year in whole or in part within the injury period, to the extent that such net operating losses are attributable to such compensable injury, reduced by (i) the sum of any amounts of such net operating losses which were allowed as a net operating loss carryback or carryover for any prior taxable year under the provisions of section 172, and (ii) the sum of any amounts allowed as deductions under section 186 (a) and this section for all prior taxable years with respect to the same compensable injury. Accordingly, a deduction is permitted under section 186(a) and this section with respect to net operating losses whether or not the period for carryover under section 172 has expired.

(2) *Injury period.* For purposes of this section, the term "injury period" means (i) with respect to an infringement of a patent, the period during which the infringement of the patent continued, (ii) with respect to a breach of contract or breach of fiduciary duty or relationship, the period during which amounts would have been received or accrued but for such breach of contract or breach of fiduciary duty or relationship, or (iii) with respect to injuries sustained by reason of a violation of section 4 of the Clayton Act, the period during which such injuries were sustained. The injury period set forth in a judgment will be conclusive as to the length of the injury period. If an action is settled, the specifications of the parties will generally determine the length of the injury period unless such specifications are not reasonably supported by the facts and circumstances of the case. In the absence of specifications of the parties, the complaint filed by the taxpayer may be considered in determining the length of the injury period.

(3) *Net operating losses attributable to compensable injuries.* A net operating loss for any taxable year shall be treated as attributable (whether actually attributable or not) to a compensable injury to the extent the compensable injury is sustained during the taxable year. For purposes of determining the extent of the compensable injury sustained during a taxable year, a judgment for a compensable injury apportioning the amount of the recovery to specific taxable years within the injury period will be conclu-

sive. If a judgment for a compensable injury does not apportion the amount of the recovery to specific taxable years within the injury period, the amount of the recovery will be prorated on a daily basis among the years within the injury period. If an action is settled, the specifications of the parties will generally determine the apportionment of the amount of the recovery unless such specifications are not reasonably supported by the facts and circumstances of the case. In the absence of specifications of the parties, the amount of the recovery will be prorated on a daily basis among the years within the injury period.

(4) *Application of losses attributable to a compensable injury.* If only a portion of a net operating loss for any taxable year is attributable to a compensable injury, such portion shall (in applying section 172 for purposes of this section) be considered to be a separate net operating loss for such year to be applied after the other portion of such net operating loss. If, for example, in the year of the compensable injury the net operating loss was \$1,000 and the amount of the compensable injury was \$600, the amount of \$400 not attributable to the compensable injury would be used first to offset profits in the carryover or carryback periods as prescribed by section 172. After the amount not attributable to the compensable injury is used to offset profits in other years, then the amount attributable to the compensable injury will be applied against profits in the carryover or carryback periods.

(e) *Effect on net operating loss carryovers—(1) In general.* Under section 186 (e) if for the taxable year in which a compensatory amount is received or accrued any portion of the net operating loss carryovers to such year are attributable to the compensable injury for which such amount is received or accrued, such portion of the net operating loss carryovers must be reduced by the excess, if any, of (i) the amount computed under section 186(e)(1) with respect to such compensatory amount, over (ii) the amount computed under section 186(e)(2) with respect to such compensable injury.

(2) *Amount computed under section 186(e)(1).* The amount computed under section 186(e)(1) is equal to the deduction allowed under section 186(a) with respect to the compensatory amount received or accrued for the taxable year.

(3) *Amount computed under section 186(e)(2).* The amount computed under section 186(e)(2) is equal to that portion of the unrecovered losses sustained as a result of the compensable injury with respect to which, as of the beginning of the taxable year, the period for carryover under section 172 has expired without benefit to the taxpayer, but only to the extent that such portion of the unrecovered losses did not reduce an amount computed under section 186(e)(1) for any prior taxable year.

(4) *Increase in income under section 172(b)(2).* If there is a reduction for any taxable year under subparagraph (1) of

this paragraph in the portion of the net operating loss carryovers to such year attributable to a compensable injury, then, solely for purposes of determining the amount of such portion which may be carried to subsequent taxable years, the income of such taxable year, as computed under section 172(b)(2), shall be increased by the amount of the reduction computed under subparagraph (1) of this paragraph, for such year.

(f) *Illustration.* The provisions of section 186 and this section may be illustrated by the following example:

Example. (1) As of the beginning of his taxable year 1969, taxpayer A has a net operating loss carryover from his taxable year 1966 of \$550 of which \$250 is attributable to a compensable injury. In addition, he has a net operating loss attributable to the compensable injury of \$150 with respect to which the period for carryover under section 172 has expired without benefit to the taxpayer. In 1969, he receives a \$100 compensatory amount with respect to that injury and he has \$75 in other income. Thus, A has gross income of \$175 and he is entitled to a \$100 deduction (the compensatory amount received) under section 186(a) and this section since this amount is less than the unrecovered losses sustained as a result of the compensable injury (\$250+\$150=\$400). No portion of the net operating loss carryover to the current taxable year attributable to the compensable injury is reduced under section 186(e) since the amount determined under section 186(e)(1) (\$100) does not exceed the amount determined under section 186(e)(2) (\$150). Therefore, A applies a net operating loss carryover of \$550 against his remaining income of \$75 and retains a net operating loss carryover of \$475 to following years of which amount \$250 remains attributable to the compensable injury. In addition, he retains \$50 of net operating losses attributable to the compensable injury with respect to which the period for carryover under section 172 has expired without benefit to the taxpayer.

(ii) In 1970, A receives a \$200 compensatory amount with respect to the same compensable injury and has \$75 of other income. Thus, A has gross income of \$275 and he is entitled to a \$200 deduction (the compensatory amount received) under section 186(a) and this section since this amount is less than the remaining unrecovered loss sustained as a result of the compensable injury (\$250+\$50=\$300). The net operating loss carryover to the current taxable year of \$250 attributable to the compensable injury is reduced under section 186(e) by \$150, which is the excess of the amount determined under section 186(e)(1) (\$200) over the amount determined under section 186(e)(2) (\$50). Therefore, A applies net operating loss carryovers of \$325 (\$225 not attributable to the compensable injury, +\$100 attributable to such injury) against his remaining income of \$75. A retains net operating loss carryovers of \$250 for following years, of which amount \$100 is attributable to the compensable injury. A has used all of his net operating losses attributable to the compensable injury with respect to which the period for carryover under section 172 has expired without benefit to the taxpayer.

(iii) In 1971, A receives a \$200 compensatory amount with respect to the same compensable injury and has \$75 of other income. Thus, A has gross income of \$275 and he is entitled to a \$100 deduction (the amount of unrecovered losses) under section 186(a) and this section since this amount is less than the compensatory amount received (\$200). The net operating loss carryover to the current taxable year of \$100 attributable

to the compensable injury is reduced under section 186(e) by \$100, which is the excess of the amount determined under section 186(e)(1) (\$100) over the amount determined under section 186(e)(2) (\$0). Therefore, A applies net operating loss carryovers of \$150 against his remaining income of \$175 (\$100 compensatory amount plus \$75 other income) which leaves \$25 taxable income. No net operating loss carryover remains for following years.

(g) *Effective date.* The provisions of this section are applicable as to compensatory amounts received or accrued in taxable years beginning after December 31, 1968, even though the compensable injury was sustained in taxable years beginning before such date.

SURFACE EXPLORATION, MINING AND RECLAMATION OF LANDS

Reclamation Costs

The purpose of this amendment is to provide a fund in which moneys collected for surface reclamation purposes under permits or contracts for disposal of minerals will be deposited. There will be no change in the amount of payment required from purchasers.

In accordance with the Department's policy on public participation in rule making (36 F.R. 8336), interested parties may submit written comments, suggestions, or objections with respect to the proposed rules to the Director (210), Bureau of Land Management, Washington, D.C. 20240 until May 30, 1972.

Copies of comments, suggestions, or objections made pursuant to this notice will be available for public inspection in the Office of Information, Bureau of Land Management, Room 5643, Interior Building, Washington, D.C., during regular business hours (7:45 a.m.-4:15 p.m.).

Paragraph (c) of § 23.2 of Part 23, Title 43, Code of Federal Regulations is revised to read as follows:

§ 23.2 Scope.

(c) When more than one permit or contract is expected to be issued to dispose of materials in a particular deposit or tract of land, such as community pits or common use areas, no requirement for reclamation will be made in such permits or contracts and the burden of reclamation will be assumed by the Government. In such cases where reclamation is not required in the permit or contract, the permittee or contracting party shall, in addition to payment of the sales price required under his permit or contract, make a reasonable contribution, as determined by the authorized officer, to defray the cost to the Government of reclamation of the land. Such contribution will be deposited in a separate account. In computing such added contribution, the authorized officer shall

establish the estimated cost of reclamation upon completion of extractive operations for the deposit and the estimated total volume of material to be extracted. The contribution shall be a proportionate share of the estimated cost of reclamation in the same ratio as the material sold under the permit or contract bears to the total estimated volume of the deposit which is expected to be extracted.

Assistant Secretary of the Interior.

GRAPEFRUIT GROWN IN THE INDIAN RIVER DISTRICT IN FLORIDA

Proposed Limitation on Overshipment

Notice is hereby given that the Department is considering a proposed amendment, as hereinafter set forth, to the rules and regulations (Subpart—Rules and Regulations, 7 CFR Part 912.120-912.151), currently in effect pursuant to the applicable provisions of the amended marketing agreement and Order No. 912 (7 CFR Part 912), regulating the handling of grapefruit grown in the Indian River District in Florida. This is a regulatory program effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

This amendment of said rules and regulation was proposed by the Indian River Grapefruit Committee, established under said amended marketing agreement and order, as the agency to administer the terms and provisions thereof. The amendment would increase the total quantity of grapefruit from 500 boxes or 10 percent of total allotment to 1,000 boxes or 10 percent of total allotment which may be handled in excess of the total allotment assigned to each handler, under § 912.49, during periods of regulation as authorized by § 912.50. It is the committee's contention that such increase would alleviate the overshipment problem which has been and could be encountered by handlers in maintaining an adequate level of grapefruit movement, during periods of extended regulation.

The amendment would add a new § 912.152 *Overshipment limit*, to read as follows:

§ 912.152 Overshipment limit.

During any week for which the Secretary has fixed the total quantity of grapefruit which may be handled, any person who has received an allotment may, as authorized by § 912.50, handle, in addition to the total allotment available to him, an amount of grapefruit equivalent to 10 percent of such total al-

lotment or 1,000 boxes, whichever is greater.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed amendment shall file the same, in quadruplicate, with the Hearing Clerk, Room 112, Administrative Building, Washington, D.C. 20250, not later than the 10th day after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

Dated: April 26, 1972.

Provider Recordkeeping Capability

Notice is hereby given pursuant to the Administrative Procedure Act (5 U.S.C. 552 et seq.) that the regulations set forth in tentative form below are proposed by the Commissioner of Social Security, with the approval of the Secretary of Health, Education, and Welfare. The proposed amendments relate to the recordkeeping capability of providers of services under Medicare and provide that: (1) An intermediary shall determine whether a newly certified provider has adequate recordkeeping capability sufficient for determining the cost of services furnished program beneficiaries before making payments to such provider; (2) an intermediary shall suspend Medicare payments at any time it ascertains that a provider's records are no longer adequate; and (3) the Secretary shall not enter into an agreement for participation in the Medicare program with an organization which has been adjudged insolvent or bankrupt under appropriate State or Federal law or with respect to which a court proceeding to make such a judgment is pending.

Prior to the final adoption of the proposed amendments, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in triplicate to the Commissioner of Social Security, Department of Health, Education, and Welfare Building, Fourth and Independence Avenue SW., Washington, DC 20201, within a period of 30 days from the date of publication of this notice in the FEDERAL REGISTER.

Copies of all comments received in response to this notice will be available for public inspection during regular business hours at the Washington Inquiries Section, Office of Public Affairs, Social Security Administration, Department of Health, Education, and Welfare, North Building, Room 3193, 330 Independence Avenue SW., Washington, DC 20201.

The proposed amendments are to be issued under the authority contained in sections 1102, 1814(b), 1815, 1833(a), 1861(v), and 1871, 49 Stat. 647, as amended, 79 Stat. 296-297, 79 Stat. 302, 79 Stat. 322, 79 Stat. 331; 42 U.S.C. 1302, 1395 et seq.

Dated: March 31, 1972.

Commissioner of Social Security.

Approved: April 24, 1972.

ELLIOT L. RICHARDSON,
Secretary of Health,
Education, and Welfare.

1. Section 405.406 is amended by revising paragraph (a) and adding new paragraphs (c) and (d) to read as follows:

§ 405.406 Financial data and reports.

(a) *General.* The principles of cost reimbursement will require that providers maintain sufficient financial records and statistical data for proper determination of costs payable under the program. Standardized definitions, accounting, statistics, and reporting practices which are widely accepted in the hospital and related fields are followed. Changes in these practices and systems will not be required in order to determine costs payable under the principles of reimbursement. Essentially the methods of determining costs payable under title XVIII involve making use of data available from the institution's basic accounts, as usually maintained, to arrive at equitable and proper payment for services to beneficiaries.

(c) *Recordkeeping requirements for new providers.* Before any payment is made to a new provider of services (as defined in § 405.605), the provider shall make available to its selected intermediary for examination its fiscal and other records for the purpose of determining such provider's ongoing recordkeeping capability and inform the intermediary of the date its initial health insurance cost reporting period will end. This examination is intended to assure that (1) the provider has an adequate ongoing system for furnishing the records needed to provide accurate cost data and other information capable of verification by qualified auditors and adequate for cost reporting purposes under section 1815 of the Act, and (2) that no financial arrangements exist that will thwart the commitment of the health insurance program to reimburse providers the reasonable cost of services furnished beneficiaries. The data and information to be examined includes cost, revenue, statistical, and other information pertinent

to reimbursement including, but not limited to, that described in paragraph (d) of this section and § 405.453.

(d) *Continuing provider recordkeeping requirements.* (1) The provider shall furnish such information to the intermediary as may be necessary (i) to assure proper payment by the program, including the extent to which there is any common ownership or control (see § 405.427(b) (2) and (3)) between providers or other organizations, and as may be needed to identify the parties responsible for submitting program cost reports, (ii) to receive program payments, and (iii) to satisfy program overpayment determinations.

(2) The provider shall permit the intermediary to examine such records and documents as are necessary to ascertain information pertinent to the determination of the proper amount of program payments due. These records shall include, but not be limited to, matters of provider ownership, organization, and operation; fiscal and other recordkeeping systems; Federal income tax status; asset acquisition, lease, sale or other action; franchise or management arrangements; patient service charge schedules; matters pertaining to costs of operation; amounts of income received by source and purpose; and flow of funds and working capital.

(3) The provider shall furnish the intermediary copies of patient service charge schedules and changes thereto as they are put into effect. The intermediary shall evaluate such charge schedules to determine the extent to which they may be used for determining program payment and to adjust interim payments as may be necessary as a result of such changes.

(4) When an intermediary determines that a provider no longer maintains adequate records for the determination of reasonable cost under the health insurance program, payments to such provider shall be suspended until the intermediary is assured that adequate records are maintained.

2. Section 405.454 is amended by adding thereto a new paragraph (k) to read as follows:

§ 405.454 Payment to providers.

(k) *Bankruptcy or insolvency of provider.* If the provider's financial condition as disclosed by its financial records or reports or other reliable information establishes that the provider is or shortly thereafter may well become insolvent or involved in bankruptcy proceedings, any current financing payment or interim payments shall be adjusted by the intermediary, notwithstanding any other regulation or program instruction regarding the timing or manner of such adjustments, to a level necessary to insure that no overpayment to the provider is made.

3. Subpart F of Part 405 is amended by adding thereto a new § 405.603 to read as follows:

§ 405.603 Acceptance of agreement by Secretary; bankruptcy and insolvency.

(a) *General.* An agreement to participate as a provider under the program will not be accepted by the Secretary from an organization which has been adjudged insolvent or bankrupt under appropriate State or Federal law or with respect to which a court proceeding to make such a judgment is pending under such law.

(b) *Application.* Prior to the Secretary's acceptance of an agreement from an applicant organization, an owner or officer (if a corporation) must furnish a statement in writing indicating whether or not such organization has been adjudged insolvent or bankrupt in any State or Federal court or a court proceeding to make such a judgment is pending. An organization which has been adjudged insolvent or bankrupt under appropriate State or Federal law, or with respect to which a court proceeding to make such a judgment is pending under such law, is excluded from participation because such organization (as distinguished from the court having jurisdiction over the bankruptcy or insolvency proceeding) would be unable to give satisfactory assurances of compliance with the requirements of title XVIII of the Act. However, if a provider participating and receiving payments under the health insurance program subsequently is adjudged insolvent or bankrupt by a court of competent jurisdiction, such financial condition itself would not terminate the provider's participation in the program.

TRANSITION AREAS

Proposed Designation, Alteration and Revocation

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to designate a transition area in the southern portion of the State of Wisconsin, revoke the Lone Rock, Wis., and Cecil, Wis., transition areas, and alter the following transition areas: Camp Douglas, Wis., Chicago, Ill., Green Bay, Wis., La Crosse, Wis., Madison, Wis., Milwaukee, Wis., Oshkosh, Wis., Platteville, Wis., Sturgeon Bay, Wis., Dubuque, Iowa, Minneapolis, Minn., Eau Claire, Wis., and Wausau, Wis.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Great Lakes Region, Chief, Air

Traffic Division, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, IL 60018. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, IL 60018.

The southern portion of the State of Wisconsin is covered with controlled airspace with the exception of a few small areas. The designation of the transition area is contained in many individual citations. In order to consolidate these designations, reduce radar vectoring problems, and make charting of these areas easier, the Federal Aviation Administration proposes to designate controlled airspace extending upward from 1,200 feet above the surface in the State of Wisconsin south of the 45° parallel. The Federal Aviation Administration believes this action will have no detrimental effect on the operation of any airspace user. The change in the Eau Claire airspace description will slightly enlarge the 700-foot transition area and the present 1,200-foot transition area north of the 45° parallel. This enlargement is required to protect three new instrument approach procedures.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.181 (37 F.R. 2143), the following transition area is added:

WISCONSIN

That airspace extending upward from 1,200 feet above the surface within the boundary of the State of Wisconsin south of the 45° parallel.

In § 71.181 (37 F.R. 2143), the following transition areas are amended by deleting reference to that airspace extending upward from 1,200 feet above the surface:

Camp Douglas, Wis.	Milwaukee, Wis.
Chicago, Ill.	Oshkosh, Wis.
Green Bay, Wis.	Platteville, Wis.
La Crosse, Wis.	Sturgeon Bay, Wis.
Madison, Wis.	

In § 71.181 (37 F.R. 2143), the following transition areas are deleted:

Lone Rock, Wis.	Cecil, Wis.
-----------------	-------------

In § 71.181 (37 F.R. 2143), the following transition areas are amended as indicated:

Dubuque, Iowa—add "excluding State of Wisconsin".

Minneapolis, Minn.—add "excluding State of Wisconsin south of 45° parallel".

Eau Claire, Wis.

That airspace extending upward from 700 feet above the surface within 14-mile radius of Eau Claire Municipal Airport (latitude 44°51'54" N., longitude 91°29'02" W.) and within 3½ miles each side of the Eau Claire ILS localizer northeast course extending from the 14-mile radius to 18 miles northeast of the airport; within 5 miles each side of the Eau Claire ILS localizer southwest course extending from the 14-mile radius to 15 miles southwest of the airport; and that airspace extending upward from 1,200 feet above the surface north of the 45° parallel within a 25½-mile radius of the Eau Claire VORTAC.

WAUSAU, Wis.

That airspace extending upward from 700 feet above the surface within a 9-mile radius of the Wausau Municipal Airport (latitude 44°55'33" N., longitude 89°37'32" W.) and that airspace extending upward from 1,200 feet above the surface north of the 45° parallel within a 15-mile radius of the airport.

Issued in Des Plaines, Ill., on April 6, 1972.

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to alter the control zone and transition area at La Crosse, Wis.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Great Lakes Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, IL 60018. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposals contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal

Aviation Administration, 2300 East Devon Avenue, Des Plaines, IL 60018.

Since designation of controlled airspace at La Crosse, Wis., three new instrument approach procedures have been developed for the La Crosse Municipal Airport. Accordingly, it is necessary to alter the La Crosse, Wis., control zone and transition area to adequately protect aircraft executing the new procedures.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.171 (37 F.R. 2056), the following control zone is amended to read:

LA CROSSE, WIS.

That airspace within a 5-mile radius of La Crosse Municipal Airport (latitude 43°52'38" N., longitude 91°15'21" W.); within 3 miles each side of the La Crosse VOR 322° radial extending from the 5-mile radius zone to 11½ miles northwest of the VOR; within 3 miles each side of the 305° and the 146° bearings from the La Crosse RBN, extending from the 5-mile radius zone to 6½ miles northwest of the RBN; and within 2½ miles each side of the La Crosse VOR 185° radial extending from the 5-mile radius zone to 5½ miles south of the VOR; and within 2 miles each side of the La Crosse ILS localizer north course, extending from the 5-mile radius zone to 9 miles north of the airport.

In § 71.181 (37 F.R. 2143), the following transition area is amended to read:

LA CROSSE, WIS.

That airspace extending upward from 700 feet above the surface within a 19-mile radius of the La Crosse Municipal Airport (latitude 43°52'38" N., longitude 91°15'21" W.) and that airspace extending upward from 1,200 feet above the surface in the area bounded by V129, V246, and the 44°46' parallel, and the area bounded by V2, V24, and V129.

These amendments are proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348), and of section 6(c) of the Department of Transportation Act [49 U.S.C. 1655(c)].

Issued in Des Plaines, Ill., on April 6, 1972.

Acting Director,
Great Lakes Region.

[Administrative Order 624]

INDUSTRY COMMITTEE FOR TOBACCO AND COFFEE FARMS IN THE GENERAL AGRICULTURE INDUSTRY IN PUERTO RICO

Appointment To Investigate Conditions and Recommend Minimum Wages; Notice of Hearing

1. Pursuant to section 5 of the Fair Labor Standards Act of 1938 (29 U.S.C.

205), Reorganization Plan No. 6 of 1950 (3 CFR 1949-53, Comp., p. 1004), and 29 CFR Part 511, I hereby appoint Industry Committee No. 109-C for the Tobacco and Coffee Farms in the General Agriculture Industry in Puerto Rico.

2. Tobacco farms are defined as those engaged in the preparation of the soil, the planting, hand-planting, cultivating, harvesting, sowing, drying, packing, preparing, and delivery of tobacco.

3. Coffee farms are defined as those engaged in the planting, replanting, and cultivating of coffee trees (including the preparation of the soil); the harvesting of coffee; the removal of the pulp from the coffee bean; the washing, drying, hulling, and packing of the bean; and the conditioning of shade trees cultivated in connection with the growing of coffee.

4. In accordance with section 8 of the Act (29 U.S.C. 208) and Reorganization Plan No. 6 of 1950, I hereby convene this Committee. I refer to it the question of the minimum rate or rates of wages to be fixed for these designated classifications in the general agriculture industry in Puerto Rico. The minimum wage rates to be recommended by the Committee may not be in excess of \$1.30 an hour.

5. Hearing will be held by this Industry Committee at the time and place indicated below. It shall investigate conditions in the classifications in the industry in Puerto Rico and the Committee, or any authorized subcommittee thereof, shall hear such witnesses and receive such evidence as may be necessary or appropriate to enable the Committee to perform its duties and functions under the Act.

6. The Industry Committee will meet in executive session at 9:30 a.m. and begin its public hearing at 10:30 a.m. on Monday, June 19, 1972, in the offices of the Wage and Hour Division on the seventh floor of the Condominio San Alberto Building, 1200 Ponce De Leon Avenue, Santurce, PR.

7. The Industry Committee shall recommend to the Administrator of the Wage and Hour Division of this Department the highest minimum wage rates (not less than the currently effective rates) which it determines, having due regard to economic and competitive conditions, will not substantially curtail employment in the industry and will not give the industry in Puerto Rico a competitive advantage over any industry in the United States, outside of Puerto Rico, the Virgin Islands, and American Samoa.

8. Whenever the Committee finds that a higher minimum wage may be determined for employees engaged in certain activities in the industry than may be determined for other employees in the industry, the Committee shall recommend such reasonable classifications within that industry as it determines to be necessary for the purpose of fixing for each classification the highest minimum wage rate that can be determined for it under the principles set forth herein which will not substantially curtail employment in such classification and will not give a competitive advantage to any group in the industry. No classification shall be made, however, and no mini-

mum wage rate shall be fixed solely on a regional basis or on the basis of age or sex. In determining whether there should be classifications within an industry, in making such classifications, and in determining the minimum wage rates for such classifications, the Committee shall consider, among other relevant factors, the following: (a) Competitive conditions as affected by transportation, living, and production costs; (b) wages established for work of like or comparable character by collective labor agreements negotiated between employers and employees by representatives of their own choosing; and (c) wages paid for work of like or comparable character by employers who voluntarily maintain minimum wage standards in the industry.

9. The Administrator shall prepare an economic report containing such data as he is able to assemble pertinent to the matters referred to the Committee. Copies of this report may be obtained at the Washington, D.C., and Puerto Rican Offices of the U.S. Department of Labor as soon as they are completed and prior to the hearing. The Committee will take official notice of the facts stated in the economic report to the extent they are not refuted by evidence received at the hearing.

10. The procedure for Industry Committee No. 109-C for Puerto Rico shall be governed by the regulations published in Part 511 of Title 29, Code of Federal Regulations. As a prerequisite to participation, those regulations require, among other things, that interested persons shall file prehearing statements, containing certain specified data not later than June 9, 1972.

Signed at Washington, D.C., this 25th day of April 1972.

J. D. HODGSON,
Secretary of Labor.

Extension of Time for Filing Comments

received from counsel for several carriers requesting extensions of the time for filing comments. Air France requests an extension to May 31, 1972; Air West and Piedmont Aviation, Inc., jointly, Delta Air Lines, Inc., and SABENA Belgian World Airlines request that the filing time be extended for 60 days; and Allegheny Airlines, Inc., requests a 90-day extension. The requests for extension allege, generally, that the complexity and novelty of the proposal necessitate additional time for the preparation of meaningful comments. Additionally, Air France points out that time has been lost in transmitting the notice to Paris, and that the proposal raises questions as to the regulations of the French authorities; SABENA says that the proposal raises a probable question with regard to applicable bilateral air transportation agreements. Moreover, Delta says that it and a number of other carriers have been engaged in a heretofore unsuccessful effort to develop joint comments, and that this has prevented such carriers from preparing either joint or individual comments.

The undersigned finds that good cause has been shown for an extension of the time for filing comments. However, an extension beyond June 1, 1972, is not warranted, and would conflict with the Board's evident desire to proceed expeditiously in this matter. It is believed that an extension to June 1, 1972, which will provide a total of 77 days for responding, should be sufficient to enable interested persons to study the proposal and prepare comments.

Accordingly, pursuant to the authority delegated in § 385.20(d) of the Board's Organization Regulations, the undersigned hereby extends the time for submitting comments to June 1, 1972.

The Board, by circulation of notice of proposed rule making EDR-224, dated March 22, 1972 and published at 37 F.R. 6322, gave notice that it had under consideration proposed amendments to Parts 208 and 223 of its Economic Regulations (14 CFR Parts 208 and 223), which would permit supplemental air carriers engaged in overseas or foreign air transportation to provide free or reduced-rate overseas or foreign air transportation to employees of their own affiliates, and to utilize unused charter space for such purpose, with the consent of the charterers. Interested persons were invited to participate by submission of twelve (12) copies of written data, views, or arguments pertaining thereto to the Docket Section of the Board on or before April 27, 1972.

By letter dated April 25, 1972, counsel for World Airways, Inc. (World) requests an extension of time for filing comments, to May 8, 1972, citing the pressure of other assignments and the absence of key personnel from the city. Additionally, World points out that it was its application in Docket 23654 which prompted the instant proceeding, and World argues that it is thus one of the principal parties of interest and that its request for an extension of time would not unduly inconvenience others interested in the subject.

The undersigned finds that good cause has been shown for the requested extension of time for filing comments. Accordingly, pursuant to the authority delegated in § 385.20(d) of the Board's organization regulations, the undersigned hereby extends the time for submitting comments to May 8, 1972.

Emergency Delegation of Authority

1. *Authority*—This emergency delegation of authority is issued pursuant to the Defense Production Act of 1950, as amended (50 U.S.C. App. 2061 et seq.), Executive Order 10480 (3 CFR 1949-1953 Comp., p. 962) as amended, Defense Mobilization Order 8400.1 (32 CFR 15), Executive Order 11490 (3 CFR 1966-1970, Comp., p. 820), and Commerce Department Organization Order 40-1A (36 F.R. 4553 (1971)).

2. *Delegation to BDC Regional Production Directors*—(a) Subject to the limitations stated in section 4, in the event of an attack upon the United States, each Regional Production Director of the Bureau of Domestic Commerce (BDC), within his region, is delegated the powers enumerated in the Defense Production Act of 1950, as amended, which have been delegated to the Director, BDC, together with such other powers and authorities related to performance of national defense and industrial mobilization functions by the Director as may be hereafter vested in the Director.

(b) The authority delegated to each Regional Production Director of BDC shall be exercised only when communications between such Regional Production Director and the national headquarters of BDC are inoperative, and until the delegated authority is withdrawn by the Director, BDC.

(c) The geographic boundaries of the BDC regions in which each Regional Production Director is authorized to exercise the delegated powers and authorities correspond with the Office of Emergency Preparedness (OEP) regional boundaries and are shown in Schedule A of this emergency delegation.

3. *Delegation to Field Office Directors of the Office of Business Services, BDC*—

(a) Subject to the limitations stated in section 4, in the event of an attack on the United States which has rendered communications inoperative between any Field Office Director of the Office of Business Services, BDC, (hereafter Field

Office Director) and his cognizant Regional Production Director, and BDC national headquarters, such Field Office Director, within his Field Office jurisdiction, is delegated the same powers which are delegated to the Regional Production Directors in section 2 of this emergency delegation.

(b) The authority delegated by this section to each Field Office Director shall be exercised by each Field Office Director only until communications become operative between his Field Office and his cognizant Regional Production Director or national headquarters of BDC, and until the authority is withdrawn by the Regional Production Director or by the Director of BDC. The Field Office emergency jurisdictional and geographic boundaries are shown in Schedule B of this emergency delegation. Where two BDC Field Offices are located in a State, the territorial jurisdictions which governed preattack operations within the State will continue to apply postattack.

4. *Limitations*—(a) Control of the production, distribution, and use of certain materials and facilities is vested in departments and agencies of the Government other than BDC. These materials and facilities are listed in Schedule C of this delegation.

(b) Pursuant to the January 14, 1964, Memorandum of Understanding between the Office of Emergency Planning (now the Office of Emergency Preparedness) and the Office of Civil Defense, control of the distribution of secondary resources is the responsibility of States and subdivisions thereof in the immediate post-attack period. Secondary resources include retail and intrastate wholesale inventories within a single State. They are to be distinguished from primary resources, which consist of interstate wholesale inventories and producer inventories and facilities. The production, distribution and use of primary resources are under BDC control. The authorities delegated in sections 2 and 3 hereof pertain exclusively to resources under BDC control and shall be exercised in the interest of national defense, survival and recovery in accordance with the provisions of OEP DMO 8500.1A (32 CFR 16), "Guidance on Priority Use of Resources in Immediate Postattack Period," and in conformity with policies, rules, regulations and orders of BDC and OEP.

5. *General*—Examples of the authorities and types of actions which may be taken pursuant to the Defense Production Act of 1950, as amended, are shown in Schedule D of this emergency delegation.

6. *Succession to position of BDC Regional Production Director*—In the event of the death, disability, nondesignation, or other nonavailability of any Regional Production Director of BDC, the following persons shall act in that capacity in the order of succession indicated below.

(1) The Field Office Director designated in Schedule E of this emergency delegation;

(2) The first BDC Executive Reservist assigned to the BDC/OEP Regional Office to arrive at that Office.

7. *Succession to position of Field Office Director*—(a) In the event of the death, disability, or other nonavailability of any Field Office Director, the first BDC Executive Reservist holding an appointment in the line of succession for Field Office Director to arrive at the Field Office Alternate Relocation Site shall serve as Acting Director.

(b) In any case in which a Field Office Director shall become Regional Production Director by force of this delegation, the senior domestic professional member of his staff shall serve as Acting Field Office Director in priority to Executive Reservists assigned to such Field Office, unless some other professional staff member is designated in the Business Services Field Office Emergency Readiness Plan as first in the line of succession to serve as Acting Director.

8. *Redelegations*—The authority herein delegated may be redelegated to any officer, employee or agency of the Government.

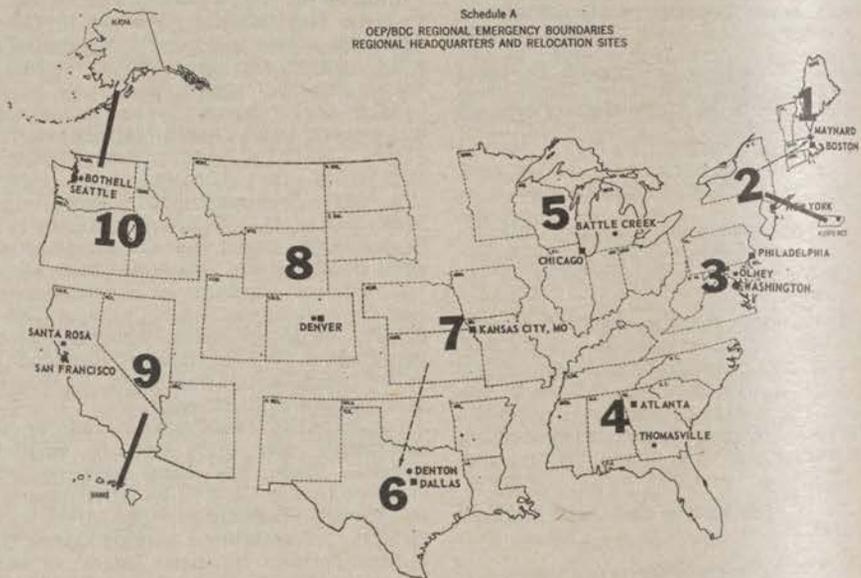

This delegation shall take effect April 18, 1972, and supersedes BDC Emergency Del. 1, as amended, February 6, 1968 (33 F.R. 2861).

MAINE YANKEE ATOMIC POWER CO.

Order Scheduling Prehearing Conference

On November 9, 1971, the Atomic Energy Commission published in the FEDERAL REGISTER (36 F.R. 21421) a notice of hearing to consider the application filed by the Maine Yankee Atomic Power Co. (applicant), for a facility operating license which would authorize the operation of a pressurized water reactor (facility), identified as the Maine Yankee Atomic Power Station. That notice designated an Atomic Safety and Licensing Board (Board) to conduct the hearing, specified the issues to be determined by the Board, provided for intervention by certain petitioners with respect to those issues, and provided an opportunity to make limited appearances to other persons who wished to make a statement in the proceeding but who did not wish to intervene. Pursuant to such authorization, notice is hereby given that a prehearing conference in the captioned proceeding will be held on May 17, 1972, in Wiscasset, Maine.

All members of the public are entitled to attend this prehearing conference and any subsequent prehearing conferences as well as the full evidentiary sessions of the hearing in this proceeding. The prehearing conference on May 17, 1972, however, will be conducted in accordance with § 2.752 of 10 CFR Part 2 of the Commission's rules of practice which provides for the development of procedures for the evidentiary hearing which will be scheduled for a later time and public notice given. The procedures to be considered on May 17 will be related to identification of parties, simplification and clarification of issues, discussion of procedures to be followed at the hearing and other matters which will aid in the conduct and expeditious disposition of the case to be presented in a full public hearing at a later date.

The prehearing conference on May 17, 1972, will not receive any evidence, nor will there be an opportunity for presentation of statements from members of the public who desire to make limited appearances for that purpose. All statements that members of the public desire to make in this proceeding by way of limited appearance pursuant to § 2.715 of the rules of practice will be received on the initial day or days of the evidentiary hearing which will be scheduled at a later date, public notice of which will be given, both by publication and by notice sent by mail directly to all members of the public who have requested to be notified.

Wherefore, it is ordered, In accordance with the Atomic Energy Act, as amended, and the rules of practice of the Commission, that a prehearing conference in this proceeding shall convene at 10 a.m. on Wednesday, May 17, 1972, in the Hearing Room, Municipal Building, Route 1, Wiscasset, Maine 04578.

Issued: April 25, 1972, Washington, D.C.

MAINE YANKEE ATOMIC POWER CO.

Notice of Availability of Applicant's Environmental Report and Draft Detailed Statement on Environmental Considerations

Pursuant to the National Environmental Policy Act of 1969 and the Atomic Energy Commission's regulations in Appendix D to 10 CFR Part 50, notice is hereby given that a report entitled "Supplement to Environmental Report—Maine Yankee Atomic Power Company" has been placed in the Commission's Public Document Room at 1717 H Street NW., Washington, DC, and has been sent to the Wiscasset Public Library Association, High Street, Wiscasset, Maine. The report is also being made available at the State Planning Office, Executive Department, State of Maine, 189 State Street, Augusta, ME.

This report discusses environmental considerations related to the proposed operation of the Maine Yankee Atomic Power Station located in Lincoln County, Maine. This report supersedes the environmental report submitted on November 4, 1970, in its entirety.

The report has been analyzed by the Commission's Division of Radiological and Environmental Protection, and a draft detailed statement of the environmental considerations related to the proposed operation of the Maine Yankee Atomic Power Station, dated April 1972, has been prepared and has been made available for public inspection at the locations designated above. Copies of the Commission's April 1972, draft detailed statement on environmental considerations may be obtained upon request addressed to the U.S. Atomic Energy Commission, Washington D.C. 20545, Attention: Director, Division of Radiological and Environmental Protection. This draft detailed statement supersedes the April 9, 1971, draft detailed statement for which a notice of availability was published in the FEDERAL REGISTER on April 20, 1971 (36 F.R. 7474).

Interested persons may, within thirty (30) days from date of publication of this notice in the FEDERAL REGISTER, submit comments on the proposed action, the report, and the draft detailed statement for the Commission's consideration. Federal and State agencies are being provided with copies of the report and the draft detailed statement (local agencies may obtain these documents on request), and when comments thereon of the Federal, State, and local officials are received, they will be made available for public inspection at the above-designated locations. Comments from interested members of the public should be addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545,

Attention: Director, Division of Radiological and Environmental Protection.

Dated at Bethesda, Md., this 27th day of April 1972.

For the Atomic Energy Commission.

[Docket No. 22908; Order 72-4-127]

PAN AMERICAN WORLD AIRWAYS, INC.

Order Regarding Engagement in Capacity Reduction Discussions in New York/Newark-San Juan Market

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 24th day of April 1972.

By telegraphic application dated April 24, 1972, American Airlines, Inc., requests a 30-day extension of the discussion authority in the New York/Newark-San Juan market granted by the Board in Order 72-1-86, January 25, 1972. The authority granted in that order was for a period of 90 days and was due to expire on April 24, 1972.¹ Pan American and Eastern by telegram have filed in support of American's request, and counsel for the Commonwealth of Puerto Rico has informally indicated the Commonwealth's support for the request.

The Board has considered the foregoing and has reviewed the factors which prompted grant of the authority in Order 72-1-86, and has determined to grant American's request. It appears that all of the circumstances which in the Board's view warranted a continuation of the discussions to reduce capacity in this market at the time Order 72-1-86 was adopted, still obtain.²

Therefore, we shall extend for a 30-day period the discussion authority granted in Order 72-1-86 subject to all the conditions as stated in that order.

Accordingly, it is ordered, That:

1. Ordering paragraph 1(h) be and it hereby is amended to read as follows:

The relief granted herein shall expire within 120 days of the date of this order and may be revoked or amended at any time in the discretion of the Board; and

2. Copies of this order shall be served on the persons named in the appendix attached to Order 72-1-86.

¹ The request seeking that previous authority was tendered by Pan American and supported by American and Eastern, and was unopposed (Delta requested inclusion in the discussions and/or restrictions on freed up capacity).

² The Board's figures show that load factors in this market ranged from 50 percent-66 percent in January 1972, and from 47 percent-60 percent in February 1972.

This order shall be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

Secretary.

FEDERAL POWER COMMISSION

[Docket No. CP72-241]

NORTHERN NATURAL GAS CO.

Notice of Application

APRIL 25, 1972.

Take notice that on April 10, 1972, Northern Natural Gas Co. (applicant), 2223 Dodge Street, Omaha, NE 68102, filed in Docket No. CP72-241 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing applicant to construct and operate certain natural gas compressor facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant seeks authority to construct and operate three 1,000 horsepower compressor units on its N. E. Oates System located in Pecos County, Tex. Applicant states that during the past year (January 1971 to January 1972) the delivery capability of the wells on its Oates System, comprised of wells in the N. E. Oates, Pikes Peak, and Perry Bass Fields, all in Pecos County, has declined from approximately 174,000 Mcf of gas per day to 135,000 Mcf of gas per day. Applicant further states that current projections are that the deliverability from this system, at present line pressures, will decline to approximately 100,000 Mcf of gas per day by the end of 1972. Applicant has determined that a reduction of its gathering line pressures by 300 to 400 p.s.i.g. through the use of the proposed compressor units will increase the deliverability of the Oates System by approximately 30,000 Mcf of gas per day. Applicant states that this increase and the expected connection of approximately 15,000 Mcf of gas per day of new gas currently developed in the N. E. Oates Field will provide it with approximately 145,000 Mcf of gas per day of deliverability from the Oates System for use in meeting the requirements of its customers during the 1972-73 heating season. Applicant also indicates that the proposed compressor facilities will be adequate to enable it to undertake reductions in gathering pressures if projects will become necessary to meet its contract pressure obligations during 1973.

Total cost of the proposed facilities is estimated to be \$1,073,000, which will be financed from cash on hand.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 16, 1972, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Com-

mission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the certificate finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

Secretary.

[Docket No. CI72-681]

PENNZOIL UNITED, INC.

Notice of Application

APRIL 26, 1972.

Take notice that on April 20, 1972, Pennzoil United, Inc. (applicant), 900 Southwest Tower, Houston, Tex. 77002, filed in Docket No. CI72-681 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Texas Eastern Transmission Corporation (Texas) from the Kildare Field Area, Cass County, Tex., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant commenced the sale of natural gas to Texas on April 6, 1972, within the contemplation of § 157.29 of the regulations under the Natural Gas Act and proposes to continue said sale for 1 year from the expiration of the 60-day emergency period within the contemplation of § 2.70 of the Commission's general policy and interpretations (18 CFR 2.70). Applicant proposes to sell approximately 75,000 Mcf of gas per month at 35 cents per Mcf at 14.65 p.s.i.a.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days

for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before May 8, 1972, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

CHARLES R. AND LaDORIS J. SNELLSTROM

Notice of Proposed Termination of License for Constructed Minor Project

APRIL 24, 1972.

Public notice is hereby given of a proposal under the provisions of § 6.4 of the regulations under the Federal Power Act (18 CFR 6.4), to terminate the license for constructed minor project No. 1764, located on Darwin Wash at Lower Darwin Falls in Inyo County, Calif., and affecting lands of the United States.

Section 6.4 of the regulations reads as follows:

If any licensee holding a license subject to the provisions of section 10(1) of the Act shall cause or suffer essential project property to be removed or destroyed, or become unfit for use, without replacement, or shall abandon, or shall discontinue good faith operation of the project for a period of 3 years, the Commission will deem it to be the intent of the licensee to surrender the license; and not less than 90 days after public notice may in its discretion terminate the license.

**NEUWIRTH INCOME DEVELOPMENT
CORP. ET AL.****Notice of Withdrawal of Application;
Order Discontinuing Proceeding on
Application**

APRIL 25, 1972.

Neuwirth Income Development Corp. (Development), Neuwirth Fund, Inc. (Neuwirth), Neuwirth Century Fund, Inc. (Century), Middletown Bank Building, Middletown, N.J., and Neuwirth Securities, Inc. (Securities) (collectively referred to as "Applicants"), 79 Wall Street, New York, NY, filed an application pursuant to sections 6(c) and 11(a) of the Investment Company Act of 1940 (Act) requesting an order of the Commission to permit an offer of exchange and to grant an exemption from section 22(d). The application, as amended, requested relief from the aforesaid provisions of the Act in order to permit shareholders of Development to exchange all or a part of their shares for shares of Neuwirth or Century at their respective offering prices (net asset value plus a maximum sales charge of 8½ percent) less the applicable sales charge paid by such shareholders upon the purchase of Development shares so exchanged. Development shares are sold at net asset value plus a maximum sales charge of 1¾ percent. Applicants had proposed that the portion of the differential sales charge paid on any such exchange which was not retained by Securities would be allocated to dealers effecting the exchange.

On March 13, 1972, the Commission issued a notice and order for hearing on the application, as amended (Investment Company Act Release No. 7063). The hearing, originally scheduled for April 17, 1972, was subsequently postponed until April 27, 1972. On April 17, 1972, prior to the commencement of the hearing, Applicants requested withdrawal of the application without prejudice to their right to apply to the Commission at a later time.

It is ordered, That the proceeding on the application, as amended, filed pursuant to sections 6(c) and 11(a) to permit an offer of exchange and for exemption from section 22(d) be, and hereby is, discontinued.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

Secretary.

[FR Doc.72-6584 Filed 4-28-72;8:48 am]

The license for Project No. 1764 was transferred to Charles R. and LaDoris J. Snellstrom of Lone Pine, Calif., by Commission order issued February 24, 1969. The project, as licensed, consists of a collecting flume and box, a steel pipeline about 4.5 miles long, a powerhouse having an installed capacity of 13 horsepower, and a short length of low-voltage electric power line.

The February 24, 1969, order approving transfer of the license to the present licensees made them subject to all the conditions of the license to the same extent as though they were the original licensees for the project. Moreover, the order approving transfer provided that the project (which has been inoperable for more than 3 years) must be rehabilitated, that the transferees shall submit within 3 months of the issuance date of the transfer order a schedule of the rehabilitation of the project, and that the transferees shall restore the project to an operating condition within 1 year of the issuance date of the order. The transferees have not complied with these conditions.

Any person desiring to be heard or to make any protest with reference to the above matter should on or before August 4, 1972, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene, statements of position or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All statements of position or protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing herein must file petitions to intervene in accordance with the Commission's rules.

NORTHWESTERN MUTUAL LIFE INSURANCE CO., AND NML VARIABLE ANNUITY ACCOUNT 2

Notice of Application

APRIL 25, 1972.

Notice is hereby given that the Northwestern Mutual Life Insurance Co. (NML), a mutual life insurance company organized in 1857 by a special statute of the legislature of the State of Wisconsin, and NML Variable Annuity Account 2 (Account 2), 720 East Wisconsin Avenue, Milwaukee, WI 53202, a unit investment trust registered under the Investment Company Act of 1940 (Act), hereinafter collectively called "Applicants," have filed an application pursuant to section 6(c) of the Act for an order of exemption to the extent noted below from the provisions of sections 22(d) and 26(a) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations therein which are summarized below.

Account 2 was established by NML to offer immediate nontax qualified individual variable annuity contracts. The minimum amount for which a contract may be acquired is \$5,000.

Under the contract a purchaser makes a single payment which is invested (net of various deductions) through Account 2 in shares of NML Fund, Inc. (Fund), a Maryland corporation and an open-end, diversified management investment company registered under the Act. A contract may also be acquired in exchange for an existing contract issued by Northwestern Mutual or by the settlement of benefits under such a contract. The contracts provide lifetime variable annuity payments beginning immediately. The amount of the annuity payments subsequent to the first will fluctuate as the value of the Fund shares fluctuates.

Under Wisconsin insurance laws Account 2 is an integral part of NML. The latter holds all of the assets of Account 2 and is responsible for the performance of the obligations of Account 2 under the contracts. However, under Wisconsin insurance laws, the income, gains and losses, realized and unrealized, of Account 2 are credited to or charged against the amounts allocated to Account 2 in accordance with the terms of the contracts without regard to other income, gains or losses of Northwestern Mutual; and the assets of Account 2 are not chargeable with any liabilities arising out of any other business of NML.

Applicants request exemption from the following provisions of the Act to the extent stated below.

Section 22(d) provides, in pertinent part, that no registered investment company shall sell any redeemable security issued by it to any person except at a current offering price described in the prospectus. The contracts will provide for a reduced sales and administrative expense charge of 1 percent plus \$50 in lieu of the regular graded charge on

amounts derived from the value of other insurance policies or annuity contracts previously issued by NML and exchanged for an Account 2 contract, or on death benefits payable under such previously issued insurance policies or fixed annuity contracts which are settled under a contract.

Applicants state that the reduced charge on amounts transferred from other NML insurance policies or annuity contracts appropriately recognizes that sales charges have previously been charged against the amounts paid on such policies or contracts, and the purpose of the reduced charge is to avoid cumulative sales charges.

Applicants state further that the proposed \$50 deduction corresponds to the one-time \$50 administrative fee which NML has charged for some time with respect to the issuance of fixed benefit immediate annuities and settlements under certain noncontractual settlement options. Applicants state that the \$50 deduction is designed to defray administrative expenses of issuing and maintaining the contracts and has been determined by cost accounting methods based upon NML historical costs in connection with fixed benefit retirement annuities.

Section 26(a), in pertinent part, prohibits a depositor or principal underwriter for a registered unit investment trust from selling any security issued by such a trust unless the security is issued pursuant to a trust indenture, agreement of custodianship or other instrument which provides that (i) the securities and other property of the trust shall be held in the possession of a qualified custodian or trustee, (ii) the custodian or trustee shall not resign until either the trust has been liquidated or a qualified successor custodian or trustee has been appointed, (iii) that the custodian or trustee may collect from income and, if necessary, from the corpus of the trust fees for services performed and reimbursement of expenses incurred, (iv) that no payment to the depositor or principal underwriter shall be allowed the custodian or trustee as an expense except a fee, not exceeding such reasonable amount as the Commission may prescribe, for performing bookkeeping and other administrative services delegated to the depositor or principal underwriter and (v) that the trust indenture, agreement of custodianship or other instrument provide that a record will be kept of the interest of each holder of a security, and that security holders be notified as to any substitution of underlying securities.

In support of the requested exemption from the foregoing provisions of section 26 of the Act, Applicants state that there is no trust indenture or agreement of custodianship used in connection with Account 2. The assets of Account 2 are owned by NML pursuant to the requirements of Wisconsin insurance law. Applicants further state that the Wisconsin statutes expressly provide that the life insurance company shall not be, or hold itself out to be, a trustee with respect to these assets. Applicants state therefore, that it follows that NML would not be permitted to place this property in trust in the hands of another for the benefit of persons who purchased the contracts.

Applicants also state that the net proceeds under the contracts allocated to account 2 will be invested in "book" shares of the Fund, so that ownership of these shares will only be shown on the books and records of Account 2 and the Fund, and that such shares will not be evidenced by transferable stock certificates.

Applicants further state that Northwestern Mutual is subject to extensive supervision and control by the Wisconsin Commissioner of Insurance; that under Wisconsin law neither Account 2 nor NML may abrogate their obligations; that NML had total assets of over \$6 billion at December 31, 1971; and that its officers and employees are covered by a fiduciary bond in the amount of \$1 million. Therefore, Applicants state, such jurisdiction, bond, financial and legal requirements afford the required protections of custodianship or trusteeship which section 26(a) is designed to provide. Applicants contend, therefore, that it is appropriate that NML have custody of the assets of Account 2.

The substance of the recordkeeping and notification requirements of section 26 will be provided as an incident to normal administration of the contracts. NML will maintain a record of the names and addresses of the persons having interest in Account 2 and within 5 days after any substitution of the underlying securities will either deliver or mail to each holder of a contract a notification of such substitution, stating the number of Fund shares eliminated and identifying the securities purchased.

Applicants have consented to the requested exemption being subject to the following conditions:

(1) That charges to variable annuity contract holders for administrative services shall not exceed such reasonable amount as the Commission shall prescribe, jurisdiction being reserved for such purpose; and

(2) That the payment of sums and charges out of the assets of the separate account shall not be deemed to be exempted from regulation by the Commission by reason of the order: *Provided*, That consent to this condition shall not be deemed to be a concession to the Commission of authority to regulate the payment of sums and charges out of such assets, other than charges for administrative services, and Applicants reserve the right, in any proceeding before the Commission or in any suit or action in any court, to assert that the Commission has no authority to regulate the payment of such other sums and charges.

Section 6(c) of the Act provides that the Commission, by order upon application, may conditionally or unconditionally exempt any persons or transactions from any provision or provisions of the Act, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than May 16, 1972 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such

request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicants at the address stated above. Proof of such service by affidavit (or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in the matter including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

Secretary.

WARNER-LAMBERT CO.

Notice of Application and Opportunity for Hearing

APRIL 24, 1972

Notice is hereby given that Warner-Lambert Co. (the "Company") has filed an application under clause (ii) of section 310(b)(1) of the Trust Indenture Act of 1939 (the "Act") for a finding by the Commission that the trusteeship of the Irving Trust Co. (Irving Trust) under an indenture dated March 1, 1966 (the "1966 Indenture"), which was qualified under the Act, the trusteeship of Irving Trust under an indenture dated August 1, 1968 (the "1968 Indenture"), which was not qualified under the Act, and the trusteeship of Irving Trust under a new indenture to be dated as of April 2, 1972 (the "New Indenture"), which will not be qualified under the Act, is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify Irving Trust from acting as trustee under any of said Indentures.

Section 310(b) of the Act provides in part that if a trustee under an indenture qualified under the Act has or shall acquire any conflicting interest (as defined in such section), it shall within 90 days after ascertaining that it has such conflicting interest either eliminate such conflicting interest or resign. Subsection (1) of such section provides, inter alia, that with certain exceptions, a trustee under a qualified indenture shall be deemed to have a conflicting interest if such trustee is trustee under another indenture under which any other securities of the same obligor (as defined in

the Act) are outstanding. However, under clause (ii) of subsection (1), there may be excluded from the operation of this provision another indenture under which other securities of such obligor are outstanding, if the burden of proving shall be sustained, on application to the Commission and after opportunity for hearing thereon, that the trusteeship under such qualified indenture and such other indenture is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify such trustee from acting as trustee under one of such indentures.

The Company alleges that:

(1) As of December 31, 1971, there were outstanding \$3,876,000 principal amount of 4¼ percent Guaranteed Debentures Due 1981, issued under an indenture dated March 1, 1966, among Warner-Lambert International Corp. (International), the Company, and Irving Trust which was qualified under the Act. The 1966 Debentures are guaranteed by the Company.

(2) As of December 31, 1971, Warner-Lambert Overseas, Inc. (Overseas), a wholly owned subsidiary of the company, had outstanding \$12,803,000 principal amount of its 4½ percent Convertible Guaranteed Debentures due 1988 issued under an indenture dated August 1, 1968, among Overseas, the Company, and Irving Trust as Trustee, which was not qualified under the Act. The 1968 Debentures are also guaranteed by the Company.

(3) Under an indenture, to be dated as of April 2, 1972, between the Company and Irving Trust, the Company proposes to issue \$40 million principal amount of its 4¾ percent Convertible Debentures due 1987 for sale to purchasers who are not nationals or residents of the United States. In the opinion of the Company's Counsel, the New Debentures need not be registered under the Act and the New Indenture need not be qualified under the Act.

(4) The 1966 Indenture, the 1968 Indenture, and the New Indenture are wholly unsecured and the Company and International are not in default under the 1966 Indenture and the Company and Overseas are not in default under the 1968 Indenture. The rights of the holders of the 1966 Debentures and the 1968 Debentures, pursuant to the guarantees thereof by the Company and the rights of the holders of the New Debentures rank equally with each other.

(5) Such differences as exist among the 1966 Indenture, the 1968 Indenture and the New Indenture are not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify Irving Trust from acting as Trustee under any of said Indentures.

The Company has waived notice of hearing and any and all rights to specify procedures under the rules of practice of the Securities and Exchange Commission in connection with the matter.

For a more detailed statement of the matters of fact and law asserted here, all persons are referred to said application, which is a public document on file in the offices of the Commission, at 500 North Capitol Street, Washington, DC 20549.

Notice is further given that any interested person may, not later than May 17, 1972, request in writing that a hearing be held on such matter, stating

the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. At any time after said date, the Commission may issue an order granting the application, upon such terms and conditions as the Commission may deem necessary or appropriate in the public interest and the interest of investors, unless a hearing is ordered by the Commission.

For the Commission, by the Division of Corporation Finance, pursuant to delegated authority.

Secretary.

SELECTIVE SERVICE SYSTEM

REGISTRANTS PROCESSING MANUAL

The Registrants Processing Manual is an internal manual of the Selective Service System. The material contained in Chapter 625 is considered to be of sufficient interest to warrant publication in the FEDERAL REGISTER. Therefore, Chapter 625 is set forth in full as follows:

CHAPTER 625—REOPENING AND CONSIDERING ANEW A REGISTRANT'S CLASSIFICATION

SECTION 625.1 Classification not permanent. 1. No classification is permanent. When the basis for a registrant's current classification no longer exists, or the expiration date of the classification has been reached, the classification shall be reopened, and the registrant classified anew.

2. Each classified registrant except a registrant classified in Class 1-H shall, within 10 days after it occurs, report to the local board in writing any fact that might result in his being placed in a different classification, such as any change in his occupational, marital, military, or dependency status, or in his physical condition. Every registrant, including a registrant in Class 1-H, must keep his local board informed of his current mailing address.

3. The local board shall keep informed of the status of registrants, except those classified in Class 1-H. Registrants may be requested to furnish information, and may be forwarded for Armed Forces examination. Employers may be requested to furnish information, police officials or other agencies may be requested to make investigation, and other steps may be taken by the local board to keep currently informed concerning the status of registrants.

SEC. 625.2 Reopening of classification. The local board shall reopen and consider anew the classification of a registrant:

(1) Upon the written request of the Director of Selective Service or the State Director of Selective Service and upon receipt of such request shall immediately cancel any Order to Report for Induction, Selection for Alternate Service, or Order to Report for Alternate Service which may have been issued to the registrant;

(2) Who is in Class 1-H and becomes subject to processing for induction;

(3) In any classification for the purpose of classifying him in Class 1-H when he becomes eligible for that classification;

(4) Upon its own motion if such action is based upon facts not considered when the registrant was classified which, in the opinion of the board, would justify a change in the registrant's classification; or

(5) Upon the written request of the registrant that is accompanied by written information presenting facts not considered when the registrant was classified which, if true in the opinion of the board, would justify a change in the registrant's classification. For purposes of reopening, the local board will consider the facts presented by the registrant to be true unless there is evidence in the registrant's file to the contrary, or the registrant's claim is plainly unbelievable. A registrant who makes false statements to his local board is subject to criminal penalties: *Provided*, That in the event of (4) or (5) the classification of a registrant shall not be reopened after the local board has mailed to such registrant an order for induction or alternate service or in the event the order to report for induction or alternate service was postponed and a subsequent letter from the local board establishes the date for induction or for reporting for alternate service, unless the local board, in its judgment, first specifically finds there has been a change in the registrant's status resulting from circumstances over which the registrant had no control.

Sec. 625.3 Refusal to reopen and consider anew registrant's classification. 1. When a registrant files with the local board a written request for reclassification and the local board is of the opinion that the information accompanying the request fails to present any facts not considered when the registrant was classified or, even if new facts are presented, the local board is of the opinion that the new facts, if true, would not justify a change in his classification, it shall not reopen the classification.

2. In any case where the local board refuses to reopen, it shall (1) place in the registrant's file a written statement of the reasons for its decision not to reopen his classification, and (2) advise the registrant by letter of its decision and the reasons therefor.

Sec. 625.4 Classification considered anew when reopened. When the local board reopens the registrant's classification, it shall consider the new information which it has received, together with all other information in the registrant's file, and shall then classify the regis-

trant in the same manner as if he had never been classified. Such classification shall have the effect of a new and original classification, even if the registrant is again placed in the same class that he was in prior to his classification being reopened.

Sec. 625.5 Notice of action when classification considered anew. When the local board reopens the registrant's classification, it shall, as soon as practicable after it has again classified the registrant, mail him a Notice of Classification (SSS Form 110).

Sec. 625.6 Procedural rights following reopening of classification. Each classification resulting from a reopening under the provisions of this chapter shall be followed by the right of appearance before the local board and the right of appeal to the appeal board as in the case of an original classification.

Sec. 625.7 Cancellation of order to report for induction, selection for alternate service or order to report for alternate service by reopening of classification.

1. The reopening of the classification of a registrant by his local board shall cancel any Order to Report for Induction (SSS Form 252), Selection for Alternate Service (SSS Form 155), or Order to Report for Alternate Service (SSS Form 153) which may have been issued to the registrant, except that if the registrant has failed to comply with either the SSS Form 252 or SSS Form 153, the reopening of his classification thereafter by the local board for the purpose of placing him in Class 4-C shall not cancel the order with which he failed to comply.

2. When a registrant's order to report for induction or for alternate service is canceled, the registrant shall be notified in writing of the cancellation.

SPECIAL FORM FOR CONSCIENTIOUS OBJECTOR

Special Form for Conscientious Objector (SSS Form 150)¹ may be used by a registrant of the Selective Service System to request classification as a conscientious objector.

CURTIS W. TARR,
Director.

APRIL 26, 1972

SELECTIVE SERVICE SYSTEM

SPECIAL FORM FOR CONSCIENTIOUS OBJECTOR

The purpose of this questionnaire is to assist your local board in determining whether you qualify for classification as a conscientious objector. Before you answer the questions you may wish to read the pamphlet, "Conscientious Objector," which is available at your local board office.

Print or type, on separate sheets of paper, a statement answering the questions below. Sign both your statement and this form. Attach your statement to the form and mail or deliver them to your local board.

¹ Copies of this form are available from any local board.

To be classified as a conscientious objector you must be opposed to war in any form. Your objection must be based on moral or ethical beliefs, or beliefs which are commonly accepted as religious. Your beliefs must influence your life as the belief in God influences the life of one who is a traditionally religious conscientious objector. To qualify, your conscience must be spurred by deeply held moral, ethical, or religious beliefs which would give you no peace if you allowed yourself to become a combatant member of the Armed Forces.

Include in your statement, if possible, responses to the following. If you wish you may attach letters of reference from persons who know you or any other information you would like to bring to the attention of your local board.

1. Describe the beliefs which are the basis for your claim for classification as a conscientious objector.

2. Will your beliefs permit you to serve in a position in the Armed Forces where the use of weapons is not required? If not, why?

3. Explain how you acquired the beliefs which are the basis of your claim. Your answer may include such information as the influence of family members or other persons; religious training, if applicable; experiences at school; membership in organizations; books and readings which influenced you. You may wish to provide any other information which will help in explaining why you believe as you do.

4. Explain what most clearly shows that your beliefs are deeply held.

5. Do your beliefs affect the way you live? Describe how your beliefs affect the type of work you will do to earn a living or the types of activity you participate in during non-working hours?

6. Describe any specific actions or incidents of your life that show you believe as you do.

Check the Box in Front of the Statement Which Applies to Your Claim

I claim exemption only from training or service as a combatant member of the Armed Forces (Class 1-A-O).

I claim exemption from any training or service as a member of the Armed Forces (Class 1-O).

TARIFF COMMISSION

[TEA-W-140]

SPERRY RAND CORP.

Workers' Petition for Determination; Notice of Investigation

On the basis of a petition filed under section 301(a)(2) of the Trade Expansion Act of 1962, on behalf of the workers of the Elmira, N.Y., plant of the Remington Rand Production Division of Sperry Rand Corp., the U.S. Tariff Commission, on April 26, 1972, instituted an investigation under section 301(c)(2) of the act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with electronic desk calculators (of the types provided for in item 676.20 of the Tariff Schedules of the United States (TSUS)), electric typewriters and manual typewriters (of the types provided for in item 676.05 of the TSUS) and typewriter parts (of the types provided for in item 676.50 of the TSUS) manufactured by said firm are being imported into the United States in such increased quantities as to cause, or threaten to cause, the unemployment or underemployment of a significant number or proportion of the workers of such company.

The petitioners have not requested a public hearing. A hearing will be held on request of any other party showing a proper interest in the subject matter of the investigation, provided such request is filed within 10 days after the notice is published in the FEDERAL REGISTER.

The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, D.C., and at the New York City office of the Tariff Commission located in room 437 of the customhouse.

Issued: April 26, 1972.

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

APRIL 25, 1972.

The following are notices of filing of applications¹ for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

[Price Commission Ruling 1972-146]

BUYER'S SPECIFICATIONS UNDER CUSTOM PRODUCTS/SERVICES RULES

Price Commission Ruling

Facts. X is a heavy construction firm. It is negotiating a contract to build an atomic power plant for the U.S. Government. In describing its needs, the Government (buyer) generally outlined its need and X produced the proper drafting, engineering, and other technical specifications. Upon presentation of these seller-produced specifications, the buyer approved them and a contract was entered into.

Y is a manufacturer. He has been asked to produce specially a certain item described generally by the buyer. At the buyer's request, Y provided the specifications of the product to meet the buyer's needs. Buyer accepted these specifications and contracted with Y for the production of the item.

Issue. Under such circumstances can the products and services to be produced or provided qualify as "custom" products or services for determination of base price under Economic Stabilization Regulation, 6 CFR 300.410(a), 37 F.R. 5223 (March 11, 1972)?

Ruling. Yes. Under § 300.410(a) a custom product or service is defined as a product or service " * * * specially produced * * * to the buyer's or buyers'

specifications * * *". In instances such as in the facts above, and other similar cases, the buyer is incapable of providing more than a description of the general features and end result which he desires. In such a case although the seller actually provides the specifications, they are at the buyer's request, must meet with his approval, and are, in effect, adopted by him. Where the buyer is incapable of providing the precise specification but approves technical specifications which the seller produces to meet the buyer's needs, such specifications may be considered "buyer's specifications" for purposes of § 300.410(a) if the product or service is to be specially produced or provided to meet a buyer's general specifications.

This ruling has been approved by the General Counsel of the Price Commission.

[Price Commission Ruling 1972-148]

BASE PRICE; ACQUISITION; NEW PROPERTY OR NEW SERVICE

Price Commission Ruling

Facts. X, a new and used car dealer provides a full range of repair services for automobiles except that X has never offered automobile body repair service. The sole business of Y, another company, is the performance of automobile body repair work. The owner of Y wishes to sell his business and retire. X purchases Y in order to be able to offer a full range of repair service.

Issue. Whether X may determine the base price for the automobile body repair service under the provision of § 300.409 of the Economic Stabilization Regulations?

Ruling. Yes. Since the automobile body repair service is substantially different from the previous repair services offered by X and X has not offered an automobile body repair service at any time during the 1-year period immediately preceding the date on which X purchased the automobile body repair service, the service qualifies as a new service under § 300.409. Section 300.409(a) provides in part as follows:

For the purposes of this section, * * * "new services" means * * * any service which—(1) meets the requirements of the first three sentences of paragraph (b) of this section and was not offered for sale * * * by the person at any time during the 1-year period immediately preceding the date of which he is offering the * * * service for sale * * *. 6 CFR 300.409(a), 37 F.R. 3913 (February 24, 1972).

Person includes any individual, partnership, company, firm or corporation. 6 CFR 300.5, 36 F.R. 23974 (December 16, 1971). The person referred to in § 300.409 is the person which performs the services which is claimed to qualify as "new". In the present case, X and Y are persons before the purchase. However, after the purchase, X is the person offering the automobile body repair service. Since X has never previously offered that service, the automobile body service will qualify as a new service if the service meets the requirements of the first three sentences of subsection (b). Section 300.409 (b) provides in part as follows:

To be considered as * * * new service * * * a * * * service must be substantially different from other * * * services in purpose, function, quality, or technology, or the use of that * * * service must effect a substantially different result. 6 CFR 300.409(b), 37 F.R. 3913 (February 24, 1972).

Since an automobile body repair service is substantially different from the prior repair service offered by X, the body repair service meets the substantially different test. Thus, X may determine the base price of the automobile body repair service by either of the two methods contained in § 300.409(c). 6 CFR 300.409(c), 36 F.R. 23974 (December 16, 1971).

CANDY DEPARTMENT

Price Commission Ruling

Facts. Department Store A has a candy department. A does not have any other departments that sell food or food products. The candy may be purchased in prearranged boxes or in varied arrangements according to customer preferences.

Issue. Under Economic Stabilization Regulation § 300.13(b), must the prices of all the candies be posted as food products, or just to 40 items which had the highest dollar volume.

Ruling. Candy is a food product within the meaning of Economic Stabilization Regulation § 300.13(b), 6 CFR 300.13(b), 36 F.R. 23974 (December 16, 1971), amended by 37 F.R. 2843 (February 8, 1972), and as such, in the situation involving a retail department store with a candy department, the normal posting requirements provided by subsection (b) (1) (i) should be followed.

[Price Commission Ruling 1972-150]

INCREASE IN RENT UNDER A LEASE EXECUTED BEFORE AUG. 15, 1971, EFFECTIVE AFTER JAN. 1, 1972

Price Commission Ruling

Facts. Lessor L and tenant A execute a lease January 1, 1971, for a period of 1 year at a monthly rent of \$200. In July 1971, L and A execute a new lease for 1 year on the same residence. The new lease is effective January 1, 1972, at a monthly rent of \$225. The highest price charged by L on at least 10 percent of the same or substantially identical units on which leases were transacted during the period beginning July 16, 1971, and ending August 14, 1971, was \$200 per month. On January 1, 1972, L increases A's monthly rent to \$225, pursuant to the terms of the new lease.

Issue. Is the increase in A's monthly rent on January 1, 1972, pursuant to the terms of the new lease executed July 1, 1971, and which takes effect January 1, 1972, controlled by Part 300?

Ruling. Yes. The increase in monthly rent on January 1, 1972, is not controlled by Part 301, as no "transaction" occurred after December 28, 1971. Economic Stabilization Regulations, 6 CFR 301.101, 36 F.R. 25384 (December 30, 1971). The increase in monthly rent is, however, controlled by Part 300, as § 300.11(a) of the regulations states: "No person may charge a price with respect to any sale or lease of an item of property or a service after November 13, 1971, which exceeds the base price (or other price authorized under this part) for that item of property or that service." Economic Stabilization Regulations, 6 CFR 300.11(a), 37 F.R. 3828 (February 23, 1972).

Section 300.11 originated as § 300.011 in 36 F.R. 21792 (November 13, 1971), which read as follows: "Except as otherwise provided in this subpart, no person may charge a price or rent, with respect to any transaction involving sales or leases of property or services occurring after November 13, 1971, which exceeds the base price as determined under the rules prescribed in Subpart F of this part."

In amending out of § 300.011 that part of the operating provision referring to a "transaction" occurring after November 13, 1971, § 300.11 now clearly evi-

dences the intent that Part 300 is to control where no "transaction" occurs after December 28, 1971, but where an increase in price over base price occurs after November 13, 1971, for a particular item of property. An increase in monthly rent over base rent which occurs after November 13, 1971, with respect to real property is such a price increase on property prohibited by § 300.11(a).

An application of the provisions of the November 13 regulations for leases of real property determines base rent as the highest price charged for the rental of at least 10 percent of the same or substantially identical units on which leases were transacted during the freeze base period. Economic Stabilization Regulations, 6 CFR 300.507(b), 36 F.R. 21792 (November 13, 1971), as amended 6 CFR 300.407(b), 36 F.R. 23974 (December 16, 1971). The freeze base period is the period beginning July 16, 1971, and ending August 14, 1971, or, if no "transactions" occurred during that period, the nearest preceding 30-day period in which a "transactions" occurred. Economic Stabilization Regulations, 6 CFR 300.5, 36 F.R. 23974 (December 16, 1971).

Base rent for A's residence under the 10 percent test is \$200 per month. Under § 300.11(a), therefore, L cannot charge A rent in excess of \$200 per month.

This ruling has been approved by the General Counsel of the Price Commission.

[Pay Board Ruling 1972-31; Cost of Living Council Ruling 1972-46]

FAIR LABOR STANDARDS ACT

Pay Board Ruling; Cost of Living Council Ruling

Facts. A, a Texas corporation, is in the business of manufacturing wood specialties. Until February 24, 1972, A had sold its products exclusively within Texas. On that date, at a meeting between A's corporate management and X, a prospective customer from Oklahoma, it was decided that A would provide all of X's requirements for wood specialties. It was also agreed that A would begin a promotional program in surrounding States to market more of its specialty products. A has been paying its employees at a wage rate which is less than the minimum standard required by the Fair Labor Standards Act of 1938, 29 U.S.C. section 206(a) (1). In order to raise its employees' wages to a rate which would comply with the aforementioned section, A would have to in-

crease wages some 26 percent above the rate its employees were paid prior to February 24, 1972.

Issue. May A raise employees' wages to comply with the Fair Labor Standards Act, without regard to the general wage and salary standard?

Ruling. Yes. A is allowed to raise wages to the extent necessary to comply with the Fair Labor Standards Act, even though such raise is in excess of the 5.5 percent standard. The authority for this opinion is found in the Economic Stabilization Regulations, 6 CFR 101.103, 37 F.R. 1237 (January 27, 1972), which states that "this title (Title 6) shall not be exercised to preclude the payment of any pay adjustment: (1) Required under the Fair Labor Standards Act of 1938 * * *." Accordingly, even though a 26 percent wage increase is normally far in excess of Stabilization guidelines, the foregoing special provision allows employees to catch up to basic minimum wage standards when the employer for whom they work becomes engaged in the production of goods for interstate commerce. (See also Economic Stabilization Regulation, 6 CFR 201.57(e), 37 F.R. 7619 (April 18, 1972).)

This ruling has been approved by the General Councils of the Pay Board and the Cost of Living Council.

Dated: April 21, 1972.

4% PERCENT TREASURY NOTES OF SERIES E-1973

Offering of Notes

APRIL 27, 1972.

I. Offering of notes. 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders at a price not less than 99.76 percent of their face value for \$1,250,000,000, or thereabouts, of notes of the United States, designated 4% percent Treasury Notes of Series E-1973. An additional amount of the notes will be allotted by the Secretary of the Treasury to Government accounts and Federal Reserve Banks at the average price of accepted tenders in exchange for Treasury notes maturing May 15, 1972. Tenders will be received up to 1:30 p.m., e.d.s.t., Tuesday, May 2, 1972, under competitive and noncompetitive bidding, as set forth in section III hereof. The 4% percent Treasury Notes of Series B-1972 and 6% percent Treasury Notes of Series D-1972, maturing May 15, 1972, will be accepted at par in payment, in whole or

in part, to the extent tenders are allotted by the Treasury.

II. Description of notes. 1. The notes will be dated May 15, 1972, and will bear interest from that date at the rate of 4¾ percent per annum, payable semiannually on November 15, 1972, and May 15, 1973. They will mature May 15, 1973, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000, and \$1,000,000. Provision will be made for the interchange of notes of different denominations and of coupon and registered notes, and for the transfer of registered notes, under rules and regulations prescribed by the Secretary of the Treasury.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing U.S. notes.

III. Tenders and allotments. 1. Tenders will be received at Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington, D.C. 20220, up to the closing hour, 1:30 p.m., e.d.s.t., Tuesday, May 2, 1972. Each tender must state the face amount of notes bid for, which must be \$1,000 or a multiple thereof, and the price offered, except that in the case of noncompetitive tenders the term "noncompetitive" should be used in lieu of a price. In the case of competitive tenders, the price must be expressed on the basis of 100, with two decimals, e.g., 100.00. Tenders at a price less than 99.76 will not be accepted. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed \$200,000. It is urged that tenders be made on the printed forms and forwarded in the special envelopes marked "Tender for Treasury Notes," which will be supplied by Federal Reserve Banks on application therefor.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others than commercial banks will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account, federally insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pen-

sion and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, Federal Reserve Banks and Government accounts. Tenders from others must be accompanied by payment (in cash or the securities referred to in section I which will be accepted at par) of 5 percent of the face amount of notes applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and price range of accepted bids. Those submitting tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those at the highest prices will be accepted to the extent required to attain the amount offered. Tenders at the lowest accepted price will be prorated if necessary. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for \$200,000 or less without stated price from any one bidder will be accepted in full at the average price¹ (in two decimals) of accepted competitive tenders.

4. All bidders are required to agree not to purchase or sell, or to make any agreements with respect to the purchase or sale or other disposition of any notes of this issue at a specific rate or price, until after 1:30 p.m., e.d.s.t., Tuesday, May 2, 1972.

5. Commercial banks in submitting tenders will be required to certify that they have no beneficial interest in any of the tenders they enter for the account of their customers, and that their customers have no beneficial interest in the banks' tenders for their own account.

IV. Payment. 1. Settlement for accepted tenders in accordance with the bids must be made or completed on or before May 15, 1972, at the Federal Reserve Bank or Branch or at the Office of the Treasurer of the United States, Washington, D.C. 20220, in cash, securities referred to in section I (interest coupons dated May 15, 1972, should be detached) or other funds immediately available by that date. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of notes allotted shall, upon dec-

¹ Average price may be at, or more or less than 100.00.

laration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. Any qualified depositor will be permitted to make settlement by credit in its Treasury Tax and Loan Account for notes allotted to it for itself and its customers. When payment is made with securities, a cash adjustment will be made to or required of the bidder for any difference between the face amount of securities submitted and the amount payable on the notes allotted.

V. Assignment of registered securities.

1. Registered securities tendered as deposits and in payment for notes allotted hereunder should be assigned by the registered payees or assignees thereof, in accordance with the general regulations of the Department of the Treasury, in one of the forms hereafter set forth. Securities tendered in payment should be surrendered at the Federal Reserve Bank or Branch or at the Office of the Treasurer of the United States, Washington, D.C. 20220. The securities must be delivered at the expense and risk of the holder. If the notes are desired registered in the same name as the securities surrendered, the assignment should be to "The Secretary of the Treasury for 4¾ percent Treasury Notes of Series E-1973"; if the notes are desired registered in another name, the assignment should be to "The Secretary of the Treasury for 4¾ percent Treasury Notes of Series E-1973 in the name of _____"; if notes in coupon form are desired, the assignment should be to "The Secretary of the Treasury for 4¾ percent Treasury Notes of Series E-1973 in coupon form to be delivered to _____".

VI. General provisions. 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

6% PERCENT TREASURY BONDS OF 1982

Offering of Notes

APRIL 27, 1972.

I. Offering of bonds. 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders at a price not less than 97.76 percent of their face value for up to \$500 million, or thereabouts, of bonds of the United States,

designated 6¾ percent Treasury Bonds of 1982. An additional amount of the bonds may be allotted by the Secretary of the Treasury to Government accounts and Federal Reserve Banks at the average price of accepted tenders in exchange for Treasury notes maturing May 15, 1972. Tenders will be received up to 1:30 p.m., e.d.s.t., Tuesday, May 2, 1972, under competitive and noncompetitive bidding, as set forth in section III hereof. The 4¾ percent Treasury Notes of Series B-1972 and 6¾ percent Treasury Notes of Series D-1972, maturing May 15, 1972, will be accepted at par in payment, in whole or in part, to the extent tenders are allotted by the Treasury.

II. Description of bonds. 1. The bonds now offered will be identical in all respects with the 6¾ percent Treasury Bonds of 1982 issued pursuant to Department Circular, Public Debt Series—No. 2-72, dated January 27, 1972, except that interest will accrue from May 15, 1972. With this exception the bonds are described in the following quotation from Department Circular No. 2-72:

1. The bonds will be dated February 15, 1972, and will bear interest from that date at the rate of 6¾ percent per annum, payable semiannually on August 15, 1972, and thereafter on February 15 and August 15 in each year until the principal amount becomes payable. They will mature February 15, 1982, and will not be subject to call for redemption prior to maturity.

2. The income derived from the bonds is subject to all taxes imposed under the Internal Revenue Code of 1954. The bonds are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The bonds will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000, and \$1,000,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury.

5. The bonds will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing U.S. bonds.

III. Tenders and allotments. 1. Tenders will be received at Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington, D.C. 20220, up to the closing hour, 1:30 p.m., e.d.s.t., Tuesday, May 2, 1972. Each tender must state the face amount of bonds bid for, which must be \$1,000 or a multiple thereof, and the price offered, except that in the case of noncompetitive tenders the term "noncompetitive" should be used in lieu of a price. In the case of competitive tenders, the price must be expressed on the basis of 100, with two decimals, e.g., 100.00. Tenders at a price less than 97.76 will not be accepted. Fractions may not be used. Noncompetitive tenders from any one

bidder may not exceed \$50,000. It is urged that tenders be made on the printed forms and forwarded in the special envelopes marked "Tender for Treasury Bonds", which will be supplied by Federal Reserve Banks on application therefor.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others than commercial banks will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account, federally insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, and Government accounts. Tenders from others must be accompanied by payment (in cash or the securities referred to in section I which will be accepted at par) of 5 percent of the face amount of bonds applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by The Department of the Treasury of the amount and price range of accepted bids. Those submitting tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those at the highest prices will be accepted to the extent required to attain the amount offered. Tenders at the lowest accepted price will be prorated if necessary. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for \$50,000 or less without stated price from any one bidder will be accepted in full at the average price² (in two decimals) of accepted competitive tenders.

4. All bidders are required to agree not to purchase or to sell, or to make any agreements with respect to the purchase or sale or other disposition of any bonds of this issue at a specific rate or price, until after 1:30 p.m., e.d.s.t., Tuesday, May 2, 1972.

5. Commercial banks in submitting tenders will be required to certify that they have no beneficial interest in any of the tenders they enter for the account of their customers, and that their customers have no beneficial interest in the banks' tenders for their own account.

² Average price may be at, or more or less than \$100.

IV. *Payment.* 1. Settlement for accepted tenders in accordance with the bids together with \$15,76236 per \$1,000 for accrued interest from February 15 to May 15, 1972, must be made or completed on or before May 15, 1972, at the Federal Reserve Bank or Branch or at the Office of the Treasurer of the United States, Washington, D.C. 20220, in cash, securities referred to in section I (interest coupons dated May 15, 1972, should be detached) or other funds immediately available by that date. Payment will not be deemed to have been completed where registered bonds are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of bonds allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. Any qualified depository will be permitted to make settlement by credit in its Treasury Tax and Loan Account for bonds allotted to it for itself and its customers. When payment is made with securities, a cash adjustment will be required of the bidder for any difference between the face amount of securities submitted and the amount payable, including accrued interest, on the bonds allotted.

V. *Assignment of registered securities.* 1. Registered securities tendered as deposits and in payment for bonds allotted hereunder should be assigned by the registered payees or assignees thereof, in accordance with the general regulations of the department of the Treasury, in one of the forms hereafter set forth. Securities tendered in payment should be surrendered at the Federal Reserve Bank or Branch or at the Office of the Treasurer of the United States, Washington, D.C. 20220. The securities must be delivered at the expense and risk of the holder. If the bonds are desired registered in the same name as the securities surrendered, the assignment should be to "The Secretary of the Treasury for 6 3/8 percent Treasury Bonds of 1982"; if the bonds are desired registered in another name, the assignment should be to "The Secretary of the Treasury for 6 3/8 percent Treasury Bonds of 1982 in the name of _____"; if bonds in coupon form are desired, the assignment should be to "The Secretary of the Treasury for 6 3/8 percent Treasury Bonds of 1982 in coupon form to be delivered to _____".

VI. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of bonds on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

FOREST SERVICE

Draft, April 19

Lolo National Forest, Missoula County, Mont. Proposed aerial spray demonstration (in cooperation with the Department of Defense), on approximately 3,000 acres of western spruce budworm infested timber on the Ninemile Range District. Zectran is the agent to be used. One of the project objectives is to test the suitability of using large cargo aircraft as spray planes in forest environment. Some nontarget terrestrial and aquatic insects are susceptible to Zectran. (ELR Order No. 4232, 51 pages) (NTIS Order No. PB-208 381-D)

Snyder Hill Planning Unit, Colville National Forest, Wash. Proposed implementation of a revised Multiple Use Plan. Approximately 6,500 acres of roadless area would be provided with road and managed for timber, wildlife, aesthetic, and research values. Soil disturbance, erosion, and stream sedimentation will occur due to road construction and logging. (ELR Order No. 4234, 42 pages) (NTIS Order No. PB-208 380-D)

Draft, April 20

Multipurpose Brushland Modification on Seven Plant Associations on National Forest Lands, California. Proposed reduction of brushland sites, through the use of mechanized equipment, prescribed burning, and herbicides; and replanting with grasses and forbs. The purpose of the action is to mitigate the potential for brush wildfires and subsequent flooding. (ELR Order No. 4242, 62 pages) (NTIS Order No. PB-208 373-D)

Road Construction Program, Kootenai National Forest, Mont. Proposed 3-year road construction program, primarily in order to support timber cutting. Approximately 5,000 acres will be stripped of vegetative cover; 40 percent of this acreage will be permanently removed from vegetative production. Some big game range will be lost. (ELR Order No. 4238, 28 pages) (NTIS Order No. PB-208 372-D)

Final, April 20

Cooperative Spruce Budworm Suppression Project, Aroostock and Penobscot Counties, Maine. Proposed treatment of 500,000 acres of State and private woodlands with Zectran, in order to suppress the spruce budworm. Nontarget areas and insects will also be affected. Comments made by USDA, DOC, EPA, HEW, State and local agencies, and concerned citizens. (ELR Order No. 4241, 88 pages) (NTIS Order No. PB-206 057-F)

SOIL CONSERVATION SERVICE

Draft, April 19

Pickett Creek Watershed, Marion County, W. Va. Proposed conservation land treatment measures, construction of one floodwater retarding structure, and 7,030 feet of channel work, including levees, floodwalls, and stream channel improvements. Twenty-two residences will be displaced, and 3,500 feet of free-flowing stream eliminated, as a result of the action. (ELR Order No. 4126, 17 pages) (NTIS Order No. PB-208 385-D)

Draft, April 13

Chicod Creek Watershed, Pitt and Beaufort Counties, N.C. Proposed construction of 66 miles of stream channel works, 11 rock dams, 30 water control structures, 10 sediment traps, one warm-water impoundment, two wildlife wetland preservation areas, and land treatment measures. The purposes of the action are watershed protection and flood control. Approximately 576 acres would be lost to the project; 5 miles of stream fishery habitat would be lost. (ELR Order No. 4188, 46 pages) (NTIS Order No. PB-208 299-D)

ATOMIC ENERGY COMMISSION

Contact: For nonregulator matters: Mr. Joseph J. DiNunno, Director, Office of Environmental Affairs, Washington, D.C. 20545, 202-973-5391. For regulatory matters: Mr. Christopher L. Henderson, Assistant Director of Regulation for Administration, Washington, D.C. 20545, 202-973-7531.

Draft, April 14

Vermont Yankee Power Station, Windham County, Vt. Proposed issuance of an operating license to the Vermont Yankee Nuclear Power Corp. for the operation of the station. The project consists of a single unit boiling reactor with a power rating of 1,593 MW(t), which will have a power output of 540 MW(e). The reactor will be cooled by a once-through flow of water pumped from, and returned to, Vernon Pond, an existing impoundment of the Connecticut River. Mechanical cooling draft towers will also be used. Pond water will be heated from 5° to 10° F. by cooling water effluent; residue chemicals will be introduced to the pond; radioactive effluents may be released; local air may be contaminated with fog formed by condensed water vapor from the cooling towers. (ELR Order No. 4192, 209 pages) (NTIS Order No. PB-208 311-D)

Indian Point Nuclear Generating Plant Unit 2, Westchester County, N.Y. The plant will have three units, each with a pressurized water reactor. This statement refers to the issuance of an operating license to the Consolidated Edison Co. of New York, Inc., for Unit 2, but considers the environmental impact of simultaneous operation of Units 1 and 2. Another statement will be prepared for Unit 3. The electric output of Unit 2 is 873 MWE. A total of 2,600 cu. ft./sec. of water for once-through cooling and

service water systems will be drawn from the Hudson River and heated by 15° F. prior to discharge through a canal to the river; it has not been adequately demonstrated by the applicant that thermal discharge standards meet New York State criteria; dissolved oxygen levels in discharge water may be reduced to 3 p.p.m. or less—aeration may be required; the operation of Units 1 and 2 with the present cooling system has the potential, because of mechanical, thermal, and chemical (chlorine) conditions, for long term environmental impact on the aquatic biota inhabiting the Hudson River which could result in permanent damage to the fish population in the river, Long Island Sound, the adjacent New Jersey coast, and the New York Bight. (ELR Order No. 4210, 405 pages) (NTIS Order No. PB-208 314-D)

Draft, April 19

Fort St. Vrain Nuclear Generating Station, Weld County, Colo. Proposed issuance of an operating license to the Public Service Co. of Colorado for the Fort St. Vrain Station. The station will utilize a high-temperature gas-cooled reactor and a conventional steam-turbine generator which will generate 842 MWT and 330 MWE. Approximately 1,000 curies of gaseous radioactive wastes and 0.04 curie of liquid radioactive waste will be released per year to the environment. (ELR Order No. 4236, 154 pages) (NTIS Order No. PB-208 371-D)

Final, April 14

Liquid metal fast breeder reactor (LMFBR) demonstration plant. The statement is in support of AEC's action to effect the design, development, construction, and operation of the LMFBR demonstration plant as part of the overall LMFBR research and development effort. The demonstration plant will be a 300 to 500 MW electrical sodium-cooled, fast neutron reactor, designed to produce more fuel than it consumes. It will be constructed and operated under a cooperative arrangement with the nuclear and utility industries. Specific design and location have not yet been chosen; general criteria and LMFBR technology have been used in the preparation of the statement. Comments made by USDA, DOC, EPA, FPC, HEW, DOI, DOT, the State of New York, and concerned citizens. (ELR Order No. 4189, 411 pages) (NTIS Order No. PB-200 778-F)

DEPARTMENT OF DEFENSE

DEPARTMENT OF AIR FORCE

Contact: Col. Cliff M. Whitehead, Room 5E 425, The Pentagon, Washington, D.C. 20330, 202-695-2889.

Draft, April 19

Pacific Cratering Experiments (PACE), Eniwetok Atoll, Marshall Islands. Proposed detonation of a series of high-explosive charges at the air-ground interface of selected islands, in order to approximate the effects of nuclear bursts upon hard strategic systems. Craters will be caused by the blasts; chemical and/or radio-chemical contaminants may enter the water. (ELR Order No. 4129, 63 pages) (NTIS Order No. PB-208 369-D)

DEPARTMENT OF ARMY

Corps of Engineers

Contact: Col. William L. Barnes, Executive Director of Civil Works, Attention: DAEN-CWZ-C, Office of the Chief of Engineers, U.S. Army Corps of Engineers, 1000 Independence Avenue SW., Washington, DC 20314, 202-693-7168.

Draft, April 14

Monongahela River, Fayette and Greene Counties, Pa. Proposed replacement of existing navigation facilities at Lock and Dam 7, and Lock 8. Increases in turbidity and sedimentation will degrade aquatic environmental quality. (ELR Order No. 4194, 15 pages) (NTIS Order No. PB-208 297-D)

Plaquemine Lock Closure, Iberville Parish, La. Proposed construction of an earthen levee, which would permanently close Plaquemine Lock. The purpose of the action is flood control. (ELR Order No. 4195, 18 pages) (NTIS Order No. PB-208 298-D)

Draft, April 17

Monroe Floodwall, Monroe, La. Proposed construction of a 1,750-foot folding flood-wall structure on the Ouachita River. (ELR Order No. 4223, 8 pages) (NTIS Order No. PB-208 374-D)

Draft, April 20

Absecon Inlet, Atlantic County, N.J. Proposed maintenance dredging of the inlet channel for navigational purposes. Temporary turbidity during dredging will disturb marine ecosystems. (ELR Order No. 4240, 11 pages) (NTIS Order No. PB-208 377-D)

Final, April 19

Kickapoo River, Vernon County, Wis. Proposed construction of a 3,960-foot long 103-foot high earth-fill dam which would create a multipurpose (flood control, fish and wildlife production, and recreation) lake. The lake would have a surface area of 1,780 acres, and extend 12 miles upstream. A total of 9,780 acres of land would be committed to the project; 22.5 miles of road and 33 bridges would need to be replaced; 73 families would be displaced. The statement is a revised final. Comments made by USDA, EPA, DOI, State, local, and regional agencies, and concerned citizens. (ELR Order No. 4130, 540 pages) (NTIS Order No. PB-204 918-F)

Final, April 14

Bonneville Lock and Dam, Columbia River, Skamania County, Wash. Proposed construction of an Eight-unit second powerhouse at the Bonneville project. The second powerhouse will have the capacity of using 160,000 cu. ft./sec. of water. Total dependable capacity (minus a 22 MW loss at The Dalles) will be 562 MW. It will be necessary, however, to remove the existing town of North Bonneville. Approximately 18 million cu. yd. of material will be excavated and disposed of; 25 acres of wetlands will be lost; the mortality rate of downstream migrant fish will increase. Comments made by USDA, USCG, EPA, FPC, Bureau of Indian Affairs, DOI, NOAA, State, local, and regional agencies. (ELR Order No. 4190, 204 pages) (NTIS Order No. PB-202 133-F)

Small Boat Harbor Project, Bethel, Alaska. Proposed dredging of a 5,100-foot long access channel and a 1,700-foot long harbor area. The purpose of the project is to provide all-tide access to the harbor. Turbidity from dredging will disturb marine ecosystems; water quality levels will decrease as a result of dredging, concomitant erosion, and the use of outboard motors. Comments made by DOC, EPA, DOI, DOT, and State agencies. (ELR Order No. 4196, 34 pages) (NTIS Order No. PB-199 620-F)

Jefferson River, Gallatin County, Mont. Proposed construction of an earth filled levee and a drainage collector ditch approximately 14,700 feet long. The purpose of the project is flood control. Twenty-eight acres would be lost to the action.

Comments made by USDA, EPA, DOI, State and local agencies. (ELR Order No. 4197, 33 pages) (NTIS Order No. PB-208 296-F)

Scituate Harbor, Plymouth County, Mass. Proposed dredging of 32 acres in order to provide mooring space for commercial and recreational boats. Temporary turbidity will disturb marine ecosystems. Comments made by USDA, USCG, DOI, State and local agencies. (ELR Order No. 4198, 22 pages) (NTIS Order No. PB-202 804-F)

Roseau River, Roseau County, Minn. Proposed channel enlargement and straightening along 43.7 miles of the river; construction of two reaches of levee; and a possible 10-mile reach of channel work in Canada to be funded by the United States. Approximately 2,400 acres will be lost to the project; the river will be rendered a less desirable habitat for both fish and waterfowl. Comments made by USDA, EPA, DOI, and one State agency. (ELR Order No. 4199, 41 pages) (NTIS Order No. PB-208 295-F)

Gallinas River, Las Vegas, N. Mex. Proposed clearing of 5,200 feet of river channel of obstructing vegetation and sediment deposits. The purpose of the action is flood control. Comments made by EPA, DOI, DOT, State and local agencies, and concerned citizens. (ELR Order No. 4200, 56 pages) (NTIS Order No. PB-205 199-F)

Whitman River, Worcester County, Mass. Proposed construction of a dam, lake, recreation facilities, and appurtenant structures. The purposes of the project are flood control, water quality improvement, recreation, and industrial water supply. Twenty-seven residences, one business, and 638 acres will be lost to the project. Comments made by EPA, DOI, State and local agencies. (ELR Order No. 4202, 140 pages) (NTIS Order No. PB-208 312-F)

Blaine Creek, Lawrence County, Ky. Proposed construction of a dam and other facilities, for purposes of flood control, water quality control, recreation, fish and wildlife enhancement. Approximately 20,800 acres will be committed to the project; 213 residences, six churches, four commercial buildings, and 93 cemeteries will be displaced. Comments made by EPA, DOI, and one State agency. (ELR Order No. 4203, 49 pages) (NTIS Order No. PB-200 941-F)

Minnesota River, Blue Earth and Nicollet Counties, Minn. Proposed construction of levees, floodwalls, road relocations, interior drainage systems and intermittent ponds. The purpose of the action is flood control. Several residences will be displaced and existing ecosystems eliminated. This is a revised final. Comments made by USDA, EPA, HEW, and State agencies. (ELR Order No. 4204, 39 pages) (NTIS Order No. PB-208 294-F)

Final, April 20

Brazos River Basin, Knox County, Tex. Proposed construction of a flood control project consisting of a channel, concrete chute, stilling basin, transition section, and bridge replacements. Approximately 60 acres will be lost to the project. Comments made by USDA, EPA, HEW, HUD, and DOI. (ELR Order No. 4237, 27 pages) (NTIS Order No. PB-206 460-F)

Sanguine System. Sanguine is an extremely low frequency (ELF) communications

system. (This statement primarily covers the next 4 years of development; another environmental impact statement would be provided prior to any requests for authorization to construct an operational system.) The Sanguine System, when constructed and deployed, would provide a survivable (after nuclear attack) and reliable military communication system for U.S. Strategic Forces, particularly submarines. The survivability of a Sanguine System would not only insure an ability to execute and control strategic forces, but also clearly demonstrate to a potential enemy the requisite credibility of our national policy which states that the United States will not initiate a nuclear war. Approximately 300 to 500 acres of land, probably in Wisconsin, would be permanently committed to a constructed system. Comments made by USDA, Army COE, EPA, FPC, HEW, Navy, and concerned citizens. (ELR Order No. 4219, 1021 pages) (NTIS Order No. PB-199 732-F)

ENVIRONMENTAL PROTECTION AGENCY

CALIFORNIA STATE MOTOR VEHICLE POLLUTION CONTROL STANDARDS

Waiver of Application

On April 25, 1972, the Administrator of the Environmental Protection Agency published in the FEDERAL REGISTER (37 F.R. 8128) a notice of action taken with respect to certain California State Motor Vehicle Pollution Control Standards, pursuant to section 209(b) of the Clean Air Act, as amended (42 U.S.C. 1857f-6a(a), 81 Stat. 501, Public Law 91-604).

In that notice it was stated that:

The record of the public hearing was kept open until February 23, 1971, for the submission of written material, data or arguments by interested persons.

That statement is amended to read:

The record of the public hearing was kept open until February 23, 1972, for the sub-

mission of written material, data or arguments by interested persons.

Dated: April 27, 1972.

WILLIAM D. RUCKELSHAUS,
Administrator.

ETHEPHON

Notice of Establishment of Temporary Tolerances

Amchem Products, Inc., Ambler, Pa. 19002, submitted a petition (PP 2G1195) requesting establishment of temporary tolerances for residues of the plant regulator ethephon ((2-chloroethyl) phosphonic acid) in or on the raw agricultural commodities pineapples and tomatoes at 2 parts per million.

It has been determined that temporary tolerances for residues of the plant regulator in or on pineapples and tomatoes at 2 parts per million are safe and will protect the public health. They are therefore established as requested on condition that the plant regulator is used in accordance with the temporary permit being issued concurrently by the Environmental Protection Agency and which provides for distribution under the Amchem Products name.

These temporary tolerances expire April 27, 1973.

This action is taken pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(j), 68 Stat. 516; 21 U.S.C. 346a(j)), the authority transferred to the Administrator of the Environmental Protection Agency (35 F.R. 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs (36 F.R. 9038).

Dated: April 27, 1972.

WILLIAM M. UPHOLT,
*Deputy Assistant Administrator
for Pesticides Programs.*

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

TEXTILE AND APPAREL CATEGORIES

Correlation With Tariff Schedules of United States Annotated

APRIL 21, 1972.

There is published below a list of the Tariff Schedules of the United States Annotated numbers arranged by the cotton, wool, and made-made fiber categories used by the United States in administering the textile trade agreements program. The Secretary of the Treasury has given prior approval to this notice for purposes of Treasury Department Additional Duty Order No. 4, Wool and Manmade Fibers; Articles Exempt From Additional Duty Under Tariff Schedules of the United States (37 F.R. 887). A full description of the textile and apparel products falling within each of the cotton, wool, and man-made fiber categories may be obtained by using the Tariff Schedules of the United States Annotated item numbers in the list published below to locate the product in the Tariff Schedules of the United States Annotated where descriptive material is provided. The list of Tariff Schedules of the United States Annotated numbers published in the FEDERAL REGISTER on October 9, 1971 (36 F.R. 19722), is hereby superseded effective upon publication of this notice in the FEDERAL REGISTER (4-26-72).

STANLEY NEHMER,
*Chairman, Committee for the
Implementation of Textile Agreements,
and Deputy Assistant Secretary for Resources.*

NEW YORK

GOVERNMENT

The image shows a very faint grid or table structure, likely a ledger or data table. It consists of approximately 10 columns and 10 rows of small, illegible rectangular cells. The grid is centered on the right side of the page.

Know your Government...

The Manual describes the creation and authority, organization, and functions of the agencies in the legislative, judicial, and executive branches.

Most agency statements include new "Sources of Information" listings which tell you what offices to contact for information on such matters as:

- Consumer activities
- Environmental programs
- Government contracts
- Employment
- Services to small businesses
- Availability of speakers and films for educational and civic groups

This handbook is an indispensable reference tool for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.
