FRIDAY, OCTOBER 13, 1972

WASHINGTON, D.C.

Volume 37 ■ Number 199

Pages 21615–21787

PART I

(Part II begins on page 21691)

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

RELOCATION ASSISTANCE—Commerce Dept. proposes revised regulations governing relocation assistance and land acquisition policies; comments within 30 days 21646

FEDERAL HEALTH INSURANCE—HEW regulations regarding Medicare cost reporting periods and filing requirements 21630

COAL MINE SAFETY—Interior Dept. requests hearing on standards for self-propelled electric face equipment 21641

CHILD POISON PREVENTION—FDA promulgates standards for liquid household products containing turpentine, methyl alcohol (methanol), and sodium and/or potassium hydroxide (3 documents) 21632, 21633, 21635

PROCUREMENT—EPA instructions on procurements involving use of radio frequencies 21637

UPLAND AND EXTRA LONG STAPLE COTTON—USDA announces 1971-crop loan to be carried in a past-due status 21657

FEED GRAIN, WHEAT AND UPLAND COTTON PROGRAMS—USDA notice on permission to produce crops on 1973 set-aside acreage; comments within 30 days 21642

PUBLIC HEALTH—HEW announces support of Diabetes-Endocrinology Centers throughout the United States 21658

(Continued inside)

Public Papers of the Presidents of the United States

Annual volumes containing the public messages and statements, news conferences, and other selected papers released by the White House.

Volumes for the following years are now available:

HARRY S. TRUMAN

1945	$5.50	1949	$6.75
1946	$6.00	1950	$7.75
1947	$5.25	1951	$6.25
1948	$9.75	1952–53	$9.00

DWIGHT D. EISENHOWER

1953	$6.75	1957	$6.75
1954	$7.25	1958	$8.25
1955	$6.75	1959	$7.00
1956	$7.25	1960–61	$7.75

JOHN F. KENNEDY

1961	$9.00	1962	$9.00
		1963	$9.00

LYNDON B. JOHNSON

1963–64 (Book I)	$6.75	1966 (Book I)	$6.50
1963–64 (Book II)	$7.00	1966 (Book II)	$7.00
1965 (Book I)	$6.25	1967 (Book I)	$8.75
1965 (Book II)	$6.25	1967 (Book II)	$8.00
		1968–69 (Book I)	$10.50
		1968–69 (Book II)	$9.50

RICHARD NIXON

1969	$14.50	1970	$15.75

Order from Superintendent of Documents, U.S. Government Printing Office
Washington, D.C. 20402

FEDERAL REGISTER

Area Code 202 Phone 962–8626

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $2.50 per month or $25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended (44 U.S.C. 1510). The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

NEW ANIMAL DRUGS—FDA approves the use of disophenol injection for treatment of dogs and cats and phenylbutazone tablets and injection for treatment of horses (3 documents) 21630–21632

ANTIDUMPING—Treasury Dept. determination on stainless steel automobile splash guards from Canada 21655

RICE—
USDA proposals on collecting, remitting, and refunding excess penalties; comments within 15 days 21642
USDA proposes amendments for establishing old and new farm and producer acreage allotments; comments within 30 days 21643

ARCHIVES ADVISORY COUNCILS—GSA announces meetings on 10–16, 10–20, and 10–21–72 21662

VISAS—State Dept. miscellaneous amendments concerning applications of unqualified aliens 21637

INVESTMENT SECURITIES—Treasury Dept. ruling on eligibility for underwriting and unlimited holding 21655

INTEREST RATES—SBA establishes maximum interest on certain loans approved on or after 10–1–72 21674

SOLICITATIONS IN THE GUISE OF BILLS—Postal Service proposes regulations concerning solicitations for orders; comments within 30 days 21641

SELECTIVE SERVICE—SSS considers revision of regulations implementing section 6(j) of the Act, as amended; comments within 30 days 21653

POSTING ENFORCEMENT CORRESPONDENCE—AEC proposes to require posting of enforcement correspondence at licensees' facilities; comments within 30 days 21652

PIPELINE SAFETY—DoT establishes safety standards for liquefied natural gas; effective 11–13–72 21638

Contents

AGRICULTURAL MARKETING SERVICE

Proposed Rule Making

Milk in the St. Louis-Ozarks marketing area; hearing on proposed amendments to tentative marketing agreement and order 21641

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

Proposed Rule Making

Rice:
Marketing quota regulations for 1967 and subsequent crop years 21642
Determination of acreage allotments for 1969 and subsequent crops 21643
Set-aside program; permission to produce crops on 1973 set-aside acreage 21642

AGRICULTURE DEPARTMENT

See Agricultural Marketing Service; Agricultural Stabilization and Conservation Service; Animal and Plant Health Inspection Service; Commodity Credit Corporation; Packers and Stockyards Administration.

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

Rules and Regulations

Hog cholera and other communicable swine diseases; areas quarantined (2 documents) 21621

ATOMIC ENERGY COMMISSION

Proposed Rule Making

Standards for protection against radiation; posting of enforcement correspondence at licensees' facilities 21652

Notices

Jersey Central Power and Light Co.; Forked River Nuclear Generating Station Unit 1; availability of draft environmental statement and report 21660
Nebraska Public Power District; Cooper Nuclear Station; license and opportunity for hearing 21659

CIVIL RIGHTS COMMISSION

Notices

Arizona and New Mexico; hearing on discrimination against American Indians 21662

CIVIL AERONAUTICS BOARD

Notices

Aerolineas Argentinas; notification and order disapproving schedules 21660
Meetings:
Air Freight Forwarders Association of America 21660
Air Transport Association of America 21660
Boeing Co 21660
Transportation Association of America 21660

COMMERCE DEPARTMENT

See Economic Development Administration; National Oceanic and Atmospheric Administration.

COMMODITY CREDIT CORPORATION

Notices

Cotton; 1971-crop loans to be carried in past-due status 21657

COMPTROLLER OF THE CURRENCY BUREAU

Rules and Regulations

Investment securities regulation; securities eligible for underwriting and unlimited holding 21622

(Continued on next page)

ECONOMIC DEVELOPMENT ADMINISTRATION

Proposed Rule Making

Relocation assistance and land acquisition policies 21646

EMERGENCY PREPAREDNESS OFFICE

Notices

Determinations of major disaster areas:
Illinois 21668
Virginia 21668

EMPLOYMENT STANDARDS ADMINISTRATION

Notices

Minimum wages for Federal and federally assisted construction; area wage determination decision, modifications, and supersedeas decisions 21692

ENVIRONMENTAL PROTECTION AGENCY

Rules and Regulations

Special types and methods of procurement; procurements involving use of radio frequencies 21637

Proposed Rule Making

Standards of performance for new stationary sources; emissions during startup, shutdown, and malfunction; extension of time for comment 21653

FEDERAL AVIATION ADMINISTRATION

Rules and Regulations

Airworthiness directives:
Canadair aircraft 21626
Fairchild Hiller aircraft 21626
Grumman aircraft 21627
Lycoming aircraft (2 documents) 21627
Piper aircraft 21628
Control zone and transition area; amendment to description, and alteration 21628
Standard instrument approach procedures 21628

Proposed Rule Making

Restricted areas and continental control area; designation and alterations 21651

FEDERAL COMMUNICATIONS COMMISSION

Notices

Domestic public radio services applications accepted for filing 21662

FEDERAL MARITIME COMMISSION

Notices

Freight forwarder licenses revoked:
Corpus Christi Terminal Co., Inc 21665
Farrell Shipping Co., Inc 21666
Port of Seattle and Puget Sound Terminals, Inc.; agreement filed 21666

FEDERAL POWER COMMISSION

Notices

Hearings, etc.:
Auster Oil and Gas, Inc 21668
Great Lakes Gas Transmission Co 21667
Kansas City Power & Light Co 21666
Northwestern Public Service Co 21667
Vermont Yankee Nuclear Power Corp 21667
Weltman, Louis H 21666

FEDERAL RESERVE SYSTEM

Notices

United Ohio Bancorp; formation of bank holding company 21662

FEDERAL TRADE COMMISSION

Proposed Rule Making

Textile Fiber Products Identification Act; proposed new generic name and definition of manufactured fiber; further extension of time for comment 21653

FISH AND WILDLIFE SERVICE

Rules and Regulations

Hunting:
Monte Vista National Wildlife Refuge, Colo 21639
Monte Vista and Alamosa National Wildlife Refuges, Colo 21639
Salt Plains National Wildlife Refuge, Okla 21640

FOOD AND DRUG ADMINISTRATION

Rules and Regulations

Child protection packaging standard for certain liquid household substances:
Methyl alcohol (methanol) 21632
Sodium and/or potassium hydroxide 21633
Turpentine 21635
New animal drug preparations:
Disophenol injection, veterinary 21632
Phenylbutazone (2 documents) 21630, 21631
Statements of general policy or interpretation; hexachlorophene as a component in drug and cosmetic products for human use; correction 21630

GENERAL SERVICES ADMINISTRATION

Notices

Archives Advisory Councils; meetings 21662

HAZARDOUS MATERIALS REGULATIONS BOARD

Rules and Regulations

Commodity list of hazardous materials; etiologic agents; correction 21638

HEALTH, EDUCATION, AND WELFARE DEPARTMENT

See Food and Drug Administration; National Institutes of Health; Social Security Administration.

INTERIOR DEPARTMENT

See also Fish and Wildlife Service; Land Management Bureau; Mines Bureau.

Notices

Availability of draft environmental statement 21657
Statement of changes in financial interests:
Bennett, Carrol M 21657
Thomas, Robert W., Jr 21657
Valentine National Wildlife Refuge, Nebr.; proposed wilderness area; availability of draft environmental statement 21657

INTERNAL REVENUE SERVICE

Rules and Regulations

Distilled spirits plants; green bottled-in-bond strip stamps 21637

INTERSTATE COMMERCE COMMISSION

Notices

Assignment of hearings 21673
Fourth section applications for relief 21673

LABOR DEPARTMENT

See Employment Standards Administration.

LAND MANAGEMENT BUREAU

Rules and Regulations

Alaska; partial revocation of withdrawal for air navigation facility; withdrawal of released lands for townsite purposes 21638

Notices

Alaska; Anchorage District Manager; delegation of authority 21657
California; proposed withdrawal and reservation of land 21655
Montana; partial termination of proposed withdrawal and reservation of lands 21655
Nevada; filing of plat of survey and opening of lands 21656
Oregon; proposed classification of lands 21656
Utah; proposed withdrawal and reservation of lands 21656

MANAGEMENT AND BUDGET OFFICE

Notices

Business Advisory Council on Federal Reports; meeting 21668

MINES BUREAU

Proposed Rule Making

Self-propelled electric face equipment; filing of objections and request for hearing 21641

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month. In the last issue of the month the cumulative list will appear at the end of the issue.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1972, and specifies how they are affected.

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Animal and Plant Health Inspection Service, Department of Agriculture

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS

[Docket No. 72-564]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Areas Quarantined

Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

In § 76.2, in paragraph (e) (11) relating to the State of Ohio, a new subdivision (v) relating to Fayette, Highland, and Clinton Counties is added to read:

(v) The adjacent portions of Fayette, Highland, and Clinton Counties bounded by a line beginning at the junction of U.S. Highway 22, State Highway 3, and State Highway 41 in Fayette County; thence, following State Highway 41 in a southeasterly direction to Township Road 156; thence, following Township Road 156 in a generally westerly direction to Township Road 163; thence, following Township Road 163 in a southerly direction to Township Road 371 in Highland County; thence, following Township Road 371 in a southerly direction to State Highway 28; thence, following State Highway 28 in a westerly direction to State Highway 41; thence, following State Highway 41 in a northwesterly direction to State Highway 729 in Clinton County; thence, following State Highway 729 in a northeasterly, then northwesterly direction to U.S. Highway 22, State Highway 3; thence, following U.S. Highway 22, State Highway 3 in a northeasterly direction to its junction with State Highway 41 in Fayette County.

2. In § 76.2, a new paragraph (e) (15) relating to the State of Mississippi is added to read:

(15) *Mississippi.* The adjacent portions of Kemper and Lauderdale Counties bounded by a line beginning at the junction of State Highway 16 and State Highway 39 in Kemper County; thence, following State Highway 39 in a generally southerly direction to U.S. Highway 45 in Lauderdale County; thence, following U.S. Highway 45 in a northeasterly, then northerly direction to State Highway 16 in Kemper County; thence, following State Highway 16 in a southwesterly direction to its junction with State Highway 39 in Kemper County.

3. In § 76.2, paragraph (e) (6) relating to the State of Florida is deleted.

(Secs. 4–7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791–792, as amended; secs. 1–4, 33 Stat. 1264–1265, as amended; sec. 1, 75 Stat. 481; secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f; 29 F.R. 16210, as amended; 37 F.R. 6327, 6505)

Effective date. The foregoing amendments shall become effective upon issuance.

The amendments quarantine portions of Fayette, Highland, and Clinton Counties in Ohio, and portions of Kemper and Lauderdale Counties in Mississippi because of the existence of hog cholera. This action is deemed necessary to prevent further spread of the disease. The restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will apply to the quarantined areas.

The amendments exclude a portion of Duval County in Florida from the areas quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas contained in 9 CFR Part 76, as amended, do not apply to the excluded area, but will continue to apply to the quarantined areas described in § 76.2(e). Further, the restrictions pertaining to the interstate movement of swine and swine products from nonquarantined areas contained in said Part 76 apply to the excluded area. No areas in Florida remain under quarantine.

Insofar as the amendments impose certain further restrictions necessary to prevent the interstate spread of hog cholera, they must be made effective immediately to accomplish their purpose in the public interest. Insofar as the amendments relieve restrictions presently imposed but no longer deemed necessary to prevent the spread of hog cholera, they should be made effective promptly in order to be of maximum benefit to affected persons. It does not appear that public participation in this rulemaking proceeding would make additional relevant information available to the Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 6th day of October 1972.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

[FR Doc.72-17479 Filed 10-12-72;8:47 am]

[Docket No. 72-565]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Release of Areas Quarantined

Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

1. In § 76.2, in paragraph (e) (12) relating to the State of Tennessee, subdivision (i) relating to Macon and Clay Counties is deleted.

2. In § 76.2, in paragraph (e) (7) relating to the State of Kentucky, subdivisions (ii) relating to Hardin and Larue Counties; (iii) relating to Bullitt County; (iv) relating to Warren County; (v) relating to Barren and Monroe Counties, (vi) relating to Hart, Barren, and Metcalfe Counties; and (vii) relating to Washington and Marion Counties are deleted.

(Secs. 4–7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791–792, as amended; secs. 1–4, 33 Stat. 1264, 1265, as amended; sec. 1, 75 Stat. 481; secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f; 29 F.R. 16210, as amended; 37 F.R. 6327, 6505)

Effective date. The foregoing amendments shall become effective upon issuance.

The amendments exclude portions of Macon and Clay Counties in Tennessee and portions of Hardin, Larue, Bullitt, Warren, Barren, Monroe, Hart, Metcalfe, Washington, and Marion Counties in Kentucky from the areas quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas contained in 9 CFR Part 76, as amended, do not apply to the excluded areas, but will continue to apply to the quarantined areas described in § 76.2(e). Further, the

restrictions pertaining to the interstate movement of swine and swine products from nonquarantined areas contained in said Part 76 apply to the excluded areas.

The amendments relieve restrictions presently imposed but no longer deemed necessary to prevent the spread of hog cholera, and they should be made effective promptly in order to be of maximum benefit to affected persons. It does not appear that public participation in this rulemaking proceeding would make additional relevant information available to this Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable and unnecessary, and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 6th day of October 1972.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

[FR Doc.72-17480 Filed 10-12-72;8:47 am]

Title 12—BANKS AND BANKING

Chapter I—Bureau of the Comptroller of the Currency, Department of the Treasury

PART 1—INVESTMENT SECURITIES REGULATION

Securities Eligible for Underwriting and Unlimited Holding

The following new sections are added to Part 1 of Title 12:

Sec.
1.333 Parking Authority of the city of Oxnard.
1.334 Pleasant Hill Civic Center Authority.
1.335 Alaska State Housing Authority State Lease Revenue Bonds.
1.336 Huntington Beach Public Facilities Corporation Leasehold Mortgage Bonds.
1.337 Fullerton Library Building Authority.
1.338 Santa Clara County Public Facilities Corporation Lease Rental Bonds.
1.339 New York State Housing Finance Agency Health Facilities Bonds.
1.340 Los Angeles County—Alhambra Courthouse Building Corporation Leasehold Mortgage Bonds.
1.341 Wayne County Stadium Authority Bonds.
1.342 Los Angeles County—Wayside Honor Rancho Building Corporation Leasehold Mortgage Bonds.
1.343 Battery Park City Authority Bonds.
1.344 Small Business Investment Company Debentures represented by guaranty agreements of the Small Business Administration.
1.345 Reedy Creek Improvement District Ad Valorem Tax Bonds.
1.346 Omaha-Douglas Public Building Commission Bonds.
1.347 New York City Housing Development Corporation General Housing Bonds.
1.348 California Department of Water Resources, Central Valley Project Revenue Bonds.
1.349 Parking Authority of the city of Napa.

AUTHORITY: The provisions of these §§ 1.333–1.349 issued under R.S. 324 et seq., as amended, paragraph seven of R.S. 5136, as amended; 12 U.S.C. 1 et seq., 24(7), unless otherwise noted.

§ 1.333 Parking Authority of the City of Oxnard.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $910,000 1972 Revenue Bonds of the Parking Authority of the city of Oxnard for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Parking Authority of the city of Oxnard is a public body corporate and politic created by the laws of California but authorized to function only upon a finding of need. The city council has made the appropriate finding and, in accordance with the law, has declared itself to be the parking authority. Under the law, a parking authority is authorized to issue revenue bonds to finance public parking facilities and may issue such bonds without obtaining the approval of the electors of the city where the bonds are issued to finance a project which is to be leased to the city and where the principal of and interest on the bonds are to be payable from rentals paid by the city under such lease. The Authority is issuing these bonds to finance the construction of 525 surface parking places on 17 lots in the downtown area of the city.

(2) Under the lease rental agreement, the city has unconditionally promised to pay annual rentals to the Authority in an amount sufficient to meet annual interest and principal payments on these bonds as well as other necessary expenses. The city, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $910,000 Revenue Bonds of the Parking Authority of the city of Oxnard are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated January 4, 1972.)

§1.334 Pleasant Hill Civic Center Authority.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $1,200,000 Pleasant Hill Civic Center Authority Community Center Revenue Bonds for purchase, ihprincidealPlfor
dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Pleasant Hill Civic Center Authority is a public entity created under the laws of California by an agreement between the city of Pleasant Hill and the Pleasant Hill Recreation and Park District. Under this agreement, the Authority is authorized to acquire a site by lease from the city and to construct and lease to the city a community center and to issue bonds to finance the project. The District will contribute $516,000, the remaining proceeds of a general obligation bond issue sold by the District in 1970, as its share of the cost of the project. The Authority is issuing these bonds to finance the remaining costs.

(2) The city, as required by its agreement with the District, has unconditionally promised in the lease rental agreement to pay annual rentals to the Authority in an amount sufficient to enable the Authority to meet annual interest and principal payments on these bonds as well as other necessary expenses. The city which possesses general powers of taxation has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $1,200,000 Pleasant Hill Civic Center Authority Community Center Revenue Bonds are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24. (Comptroller's letter dated November 17, 1971.)

§ 1.335 Alaska State Housing Authority State Lease Revenue Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $9,410,000 State Lease Revenue Bonds, 1972 Projects, of the Alaska State Housing Authority for purchase, dealing in, underwriting, and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Alaska State Housing Authority is a public corporate authority under the laws of the State of Alaska. The Authority is authorized to provide for the acquisition, construction and financing of public building projects for lease to the State. The Authority is issuing its general obligation bonds to finance the construction of a new court building in Juneau and the acquisition of an office building for the State Highway Department in Douglas.

(2) The State of Alaska which possesses general powers of taxation has promised in the lease rental agreement to pay the Authority, for the right to use and occupy the projects, annual rentals in amounts sufficient to enable the Authority to make the annual principal and interest payments on these bonds and the Authority has pledged these rentals to secure such payments. The bonds of the Authority are thus supported by the faith and credit of the State.

(c) *Ruling.* It is our conclusion that the $9,410,000 Lease Revenue Bonds, 1972 Projects, of the Alaska State Housing Authority are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated January 11, 1972.)

§ 1.336 Huntington Beach Public Facilities Corporation Leasehold Mortgage Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $11,100,000 Huntington Beach Public Facilities Corporation Leasehold Mortgage Bonds, First Issue for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Huntington Beach Public Facilities Corporation, a California nonprofit corporation acting for the city of Huntington Beach, was created to construct or finance the construction on land leased to it by the city of municipal buildings and related facilities to be leased to and operated by the city. The Corporation is issuing these bonds to finance the construction of a Civic Center consisting of a city hall, a police building and related facilities.

(2) The city has unconditionally promised in the lease rental agreement to pay annual lease rentals to the Corporation in an amount sufficient to meet annual interest and principal payments on these bonds, as well as other necessary expenses. The city, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $11,100,000 Huntington Beach Public Facilities Corporation Leasehold Mortgage Bonds, First Issue are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated January 11, 1972.)

§ 1.337 Fullerton Library Building Authority.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $1,300,000 Fullerton Library Building Authority, 1972 Library Revenue Bonds, for purchase, dealing in, underwriting, and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Fullerton Library Building Authority is a public entity created under the laws of California by an agreement between city of Fullerton and the county of Orange. Under this agreement, the Authority is authorized to acquire a site and to acquire, construct, maintain, operate, and lease public library buildings and related facilities to be leased to and operated by the city, and to issue bonds to finance such projects. The Authority is issuing these bonds for that purpose.

(2) The city has unconditionally promised in the lease rental agreement to pay annual rental to the Authority in an amount sufficient to meet annual interest and principal payments on these bonds as well as other necessary expenses. The city which possesses general powers of taxation has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $1,300,000 Fullerton Library Building Authority, 1972 Library Building Revenue Bonds, are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting, and unlimited holding by national banks. (Comptroller's letter dated February 14, 1972.)

§ 1.338 Santa Clara County Public Facilities Corporation Lease Rental Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $3,700,000 Santa Clara County Public Facilities Corporation, Series A, Lease Rental Revenue Bonds for purchase, dealing in, underwriting, and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Santa Clara County Public Facilities Corporation, a California non-profit corporation, was organized to finance the acquisition, construction and improvement of public buildings and facilities for the county of Santa Clara by leasing certain property from the county and leasing the improved property back to the county. The Corporation is issuing these bonds to finance the construction of seven building projects including new buildings and additions to and reconstruction of existing buildings to provide courtrooms, detention and communication facilities, an animal shelter, and additional facilities for a children's shelter.

(2) The county has unconditionally promised in the lease rental agreement to pay annual lease rentals to the Corporation in an amount sufficient to meet annual interest and principal payments on these bonds, as well as other necessary expenses. The county, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $3,700,000 Santa Clara County Public Facilities Corporation, Series A, Lease Rental Revenue Bonds are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated February 16, 1972.)

§ 1.339 New York State Housing Finance Agency Health Facilities Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $175,000,000 New York State Housing Finance Agency, Health Facilities Bonds, 1972 Series A, for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The New York State Housing Finance Agency is a corporate governmental agency of the State and a public benefit corporation created in 1960 by the New York State Housing Finance Agency Act. The agency is authorized, inter alia, to cause health facilities to be constructed, acquired, reconstructed, rehabilitated, or improved on real property purchased or leased from a municipality, to lease or sublease such facilities to the municipality and to finance the cost thereof by issuance of bonds and notes. The agency is issuing these bonds for that purpose.

(2) The bonds will be general obligations of the agency and will be further secured by a pledge of the annual lease rentals received from the municipalities and a health facilities reserve fund established and maintained by the agency for the benefit of the holders of the bonds. In order to assure the maintenance of health facilities reserve funds the Act provides for the annual apportionment and payment from State funds for deposit to each health facilities reserve fund of such sum as is certified to be necessary to restore the fund to an amount equal to the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year on the health facilities bonds of the agency then outstanding which are secured by such reserve fund. The State, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $175,000,000 New York State Housing Finance Agency, Health Facilities Bonds, 1972 Series A, are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated February 23, 1972.)

§ 1.340 Los Angeles County-Alhambra Courthouse Building Corporation Leasehold Mortgage Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $6,550,000 Los Angeles County-Alhambra Courthouse Building Corporation Leasehold Mortgage Bonds for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Los Angeles County-Alhambra Courthouse Building Corporation, a California nonprofit corporation acting for Los Angeles County, was created to finance the construction in the city of Alhambra on land leased to it by the county of a county courthouse to be leased to and operated by the county. The Corporation is issuing these bonds for that purpose.

(2) The county has unconditionally promised in the lease rental agreement to pay annual lease rentals to the Corporation in an amount sufficient to meet annual interest and principal payments on these bonds, as well as other necessary expenses. The county, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $6,550,000 Los Angeles County-Alhambra Courthouse Building Corporation Leasehold Mortgage Bonds are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated March 29, 1972.)

§ 1.341 Wayne County Stadium Authority Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $126 million Wayne County Stadium Authority Bonds for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph 7 of 12 U.S.C. 24.

(b) *Opinion.* (1) The Wayne County Stadium Authority is a body corporate incorporated by the county of Wayne pursuant to the Building Authority Act of the State of Michigan. The Authority is authorized by law to acquire, furnish, improve, operate and maintain stadiums, parking structures and the necessary sites therefor, to lease the project to the county and to finance the project through the issuance of self-liquidating revenue bonds. Where such bonds are payable from lease rentals the county is authorized under the State constitution to impose taxes without limitation of rate or amount for the payment of the lease rentals.

(2) The Authority is issuing these bonds to finance the acquisition and construction of a multi-purpose domed stadium and a separate parking structure to be leased to the county. The county has unconditionally promised in the lease rental agreement to pay annual rentals in an amount equal to the principal of and interest on the bonds and on any additional bonds of equal standing which may be issued to complete the stadium.

(c) *Ruling.* It is our conclusion that the $126 million Wayne County Stadium Authority Bonds are general obligations of a State or political subdivision thereof under paragraph Seventh of U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated April 12, 1972.)

§ 1.342 Los Angeles County-Wayside Honor Rancho Building Corporation Leasehold Mortgage Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $7,775,000 Los Angeles County-Wayside Honor Rancho Building Corporation Leasehold Mortgage Bonds for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Los Angeles County-Wayside Honor Rancho Building Corporation, a California nonprofit corporation was organized to render financial assistance to the county of Los Angeles by financing the rehabilitation and construction of certain buildings and related facilities at Wayside Honor Rancho a minimum and maximum security detention facility owned and operated by the county. The Corporation is issuing these bonds to finance the rehabilitation and construction on land leased to it by the county of an infirmary, dormitories, a laundry and warehouse and a central heating plant and distribution facility. The completed facility will be leased to and operated by the county.

(2) The county has unconditionally promised in the lease rental agreement to pay annual lease rentals to the Corporation in an amount sufficient to meet annual interest and principal payments on these bonds, as well as other necessary expenses. The county, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $7,775,000 Los Angeles County-Wayside Honor Rancho Building Corporation Leasehold Mortgage Bonds are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting, and unlimited holding by national banks. (Acting Comptroller's letter dated April 25, 1972.)

§ 1.343 Battery Park City Authority Bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $200 million Battery Park City Authority Bonds, Series A, for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) Battery Park City Authority is a body corporate and politic and a public benefit corporation created in 1968 by the Battery Park City Authority Act of the New York State Legislature. The Authority is authorized to acquire, construct, improve, enlarge, operate and maintain a replanning, reconstruction and redevelopment project on the lower West Side of Manhattan, north of Battery Park and on and adjacent to the Hudson River. The Authority is also authorized to issue its bonds and notes to provide funds for achieving its corporate purposes.

(2) These bonds will be secured by a project debt service reserve fund which will be established in an amount not less than the maximum annual debt service with respect to the project bonds, including principal, interest and sinking fund requirements. In order to assure the continued operation and solvency of the Authority for the fulfillment of its corporate puropses the Act provides for the annual apportionment and payment from State funds for deposit to the reserve fund of such sum as is certified to be necessary to restore the fund to an amount equal to the maximum annual debt service with respect to the project bonds. The State, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $200 million Battery Park City Authority Bonds, Series A are general obligations of a State or a political subdivision thereof under paragraph 7 of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Acting Comptroller's letter April 27, 1972.)

§ 1.344 Small Business Investment Company Debentures represented by guaranty agreements of the Small Business Administration.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24 of debentures due May 1, 1982 issued by small business investment companies and offered fully guaranteed as to principal and interest by the Small Business Administration (SBA), an agency of the United States.

(b) *Opinion.* (1) The debentures, offered under and represented by guaranty agreements, will be held for the purchasers and holders of the guaranty agreements by the SBA as bailee and will be payable to the SBA which, as collection agent for the holders, will remit payments of principal and interest on the debentures to such holders.

(2) A 1971 amendment to the Small Business Investment Act of 1958 authorizes the SBA to guarantee (when authorized in appropriation Acts) the timely payment of all principal and interest as scheduled on the debentures and provides that the full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under the guaranty. The current appropriation Act contains language appropriate to authorize these guaranties.

(c) *Ruling.* It is our conclusion that small business investment company debentures offered and guaranteed by the Small Business Administration are obligations of the United States and are eligible for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24. (Comptroller's letter dated May 18, 1972.)

§ 1.345 Reedy Creek Improvement District Ad Valorem Tax bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $20 million Reedy Creek Improvement District ad valorem tax bonds for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Reedy Creek Improvement District is a public corporation created by a special act of the State of Florida to provide reclamation, drainage, irrigation, water and flood control, sewer, and solid waste disposal services within its area of 42.4 square miles in Orange and Osceola Counties. The District is authorized to issue and have outstanding at any one time general

obligation bonds in aggregate amounts not in excess of 50 percent of the assessed valuation of the taxable property within the District. It is also authorized to levy an ad valorem tax not in excess of 30 mills on the dollar per year to pay the principal of and interest on any general obligation bonds of the District, to provide for sinking or other funds in connection therewith and to defray the cost of District projects and activities. The 1972 assessable value of taxable property in the District is in excess of $150 million.

(2) The District is issuing these bonds to retire $12,450,000 of its short-term borrowings for the construction and acquisition of drainage, reclamation and water control improvements, a sanitary sewer system and solid waste disposal facilities which are now for the most part completed and in operation; to finance the planned expansion and enlargement of such projects; and to provide for capitalization of interest, reserves and other financing expenses. The District has promised to levy the authorized ad valorem tax annually in amounts sufficient to pay the principal of and interest on the bonds.

(3) Substantially all of the taxable property within the District is owned by the Walt Disney World Co. and its affiliates. The Supreme Court of Florida has determined however that the benefit to the principal taxpayer from the construction of the project of the District is purely incidental to the primary public purposes of tourism, recreation and the conservation of natural resources.

(c) *Ruling.* It is our conclusion that the $20 million Reedy Creek Improvement District ad valorem tax bonds are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated June 6, 1972.)

§ 1.346 Omaha-Douglas Public Building Commission bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $25 million Omaha-Douglas Public Building Commission bonds, for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Omaha-Douglas Public Building Commission is a body politic and corporate and an instrumentality of the State of Nebraska activated by the County of Douglas and the city of Omaha in the manner authorized by an Act of the State Legislature. The purpose of the Act is to provide a means whereby buildings, structures, and facilities can be acquired, constructed, remodeled or renovated and financed for use jointly by cities of the metropolitan class and the counties in which they are located. The commission is authorized to issue bonds, to annually levy a tax not to exceed one-half mill on the dollar on all taxable property in the county and to enter into agreements with the city or county or both as to the operation, maintenance, repair and use of its projects. The city and the county are authorized to enter into agreements with each other and the commission necessary, desirable or useful in carrying out the purposes of the Act.

(2) The commission is issuing these bonds to finance the construction of an Omaha-Douglas Civic Center consisting of a 12-story office building and a related legislative chamber to provide space for the executive and legislative functions of the city and the county; the remodeling of the present county courthouse and the construction of a connecting tunnel and other related facilities.

(3) In the agreements entered into among the city, the county and the commission, the city and the county have unconditionally agreed to make rental and other payments in amounts which together with the proceeds of the commission's tax levy and other available funds will be sufficient to pay the principal and interest on the bonds when due as well as other necessary expenses. The city and the county, each of which possess general powers of taxation, have thus committed their faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $25 million Omaha-Douglas Public Building Commission bonds are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated July 14, 1972.)

§ 1.347 New York City Housing Development Corp. general housing bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $133 million New York City Housing Development Corp. general housing bonds, Series A, for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) New York City Housing Development Corp. is a corporate government agency and a public benefit corporation created by the New York City Housing Development Corporation Act of the New York State Legislature to encourage the investment of private capital and provide safe and sanitary dwelling accommodations within the financial reach of families and persons of low income through provision for low interest mortgage loans. The corporation is authorized to have outstanding at any time not more than $800 million of bonds and notes for its corporate purposes. It is issuing these bonds to provide mortgage loans for three low income housing projects: two in Manhattan and one in Queens.

(2) These bonds are general obligations of the corporation and are additionally secured by a capital reserve fund established in an amount required to be not less than the maximum annual debt service, including principal, interest and sinking fund requirements, for the current or any future fiscal year on all outstanding bonds of the corporation. In order to assure the continued operation and solvency of the corporation for the carrying out of its corporate purposes the Act provides that the city of New York shall pay annually either from appropriated or borrowed funds to the corporation for deposit to the capital reserve fund such sum as is certified to be necessary to restore the fund to an amount equal to the maximum annual debt service on all bonds of the corporation then outstanding. This statutory requirement commits the faith and credit of the city of New York in support of the bonds.

(c) *Ruling.* It is our conclusion that the $133 million New York City Housing Development Corp. general housing bonds, Series A, are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated August 7, 1972.)

§ 1.348 California Department of Water Resources, Central Valley project revenue bonds.

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $139,165,000 California Department of Water Resources, Central Valley project revenue bonds, Devils Canyon and Castaic facilities, for purchase, dealing in, underwriting and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The California Department of Water Resources is issuing these bonds as a part of the financing plan for a project by which surplus water in northern California will be conserved and delivered to water deficient areas in parts of central and southern California. The major part of the project has been financed by the sale of general obligation bonds of the State of California. Local public water-using agencies will reimburse the State for a portion of the costs (reimbursable costs) financed by the general obligation bonds in accordance with the terms of water supply contracts. Certain power facilities have been financed by the sale of revenue bonds secured by contracts for the sale of electric power to public utilities.

(2) The proceeds from the sale of these bonds will be used to cover the costs apportioned to power of the Devils Canyon and Castaic facilities. It is expected that the power produced will be used by the department principally for the pumping of water. The security for the bonds is provided by payments to be made under contracts between the department and six local public water agencies in southern California which will receive water through Devils Canyon and Castaic facilities and which will benefit from the power production of these facilities.

(3) Each of these local public water agencies possesses general powers of taxation and has agreed to pay to the department amounts equivalent to its respective portion of the debt service on the bonds and the operation and maintenance costs of the power facilities financed by the bonds.

(4) The power facilities agreement contains provisions designed to preclude payment for the costs apportioned to power under both the power facilities agreement and the water supply contracts. The State has determined that the costs apportioned to power are not costs reimbursable by the agencies under their water supply contracts and the California Supreme Court has determined that the department is authorized under the Central Valley project to issue Central Valley project revenue bonds and to pledge revenues from facilities financed by such bonds as security for the repayment of the bonds. In these circumstances, the provisions designed to preclude double payment need not be considered as making the agreement conditional.

(c) *Ruling.* It is our conclusion that the $139,165,000 California Department of Water Resources, Central Valley project revenue bonds, Devils Canyon and Castaic facilities, are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting, and unlimited holding by national banks. (Comptroller's letter dated Aug. 7, 1972.)

§ 1.349 Parking Authority of the City of Napa.

(a) *Request.* (1) The Comptroller of the Currency has been requested to rule on the eligibility of the $400,000 1972 parking revenue bonds, Series A, of the Parking Authority of the city of Napa for purchase, dealing in, underwriting, and unlimited holding by national banks under paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The Parking Authority of the city of Napa is a public body corporate and politic created by the laws of California but authorized to function only upon a finding of need. The City Council has made the appropriate finding and, in accordance with the law, has declared itself to be the Parking Authority. Under the law, a parking authority is authorized to issue revenue bonds to finance public parking facilities and may issue such bonds without obtaining the approval of the electors of the city where the bonds are issued to finance a project which is to be leased to the city and where the principal of and interest on the bonds are to be payable from rentals paid by the city under such lease. The Authority is issuing these bonds to finance the acquisition and construction of two paved ground-level parking lots in the central business district of the city.

(2) Under the lease rental agreement, the city has unconditionally promised to pay annual rentals to the Authority in an amount sufficient to meet annual interest and principal payments on these bonds as well as other necessary expenses. The city, which possesses general powers of taxation, has thus committed its faith and credit in support of the bonds.

(c) *Ruling.* It is our conclusion that the $400,000 1972 parking revenue bonds, Series A, of the Parking Authority of the city of Napa are general obligations of a State or a political subdivision thereof under paragraph Seventh of 12 U.S.C. 24 and accordingly are eligible for purchase, dealing in, underwriting and unlimited holding by national banks. (Comptroller's letter dated August 28, 1972.)

Dated: October 10, 1972.

[SEAL] WILLIAM B. CAMP,
Comptroller of the Currency.

[FR Doc.72-17530 Filed 10-12-72;8:54 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 72-EA-81, Amdt. 39-1536]

PART 39—AIRWORTHINESS DIRECTIVE

Canadair Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to issue an airworthiness directive applicable to Canadair CL-44 type aircraft.

There have been reports of cracked rear horizontal stabilizer fittings on the Canadair CL-44 type airplanes. Since this deficiency can exist or develop in airplanes of similar type design, an airworthiness directive is being issued which requires periodic inspection and replacement when necessary of the affected parts.

Since the foregoing constitutes a hazard to air safety expeditious adoption of this amendment is required. Therefore notice and public procedure hereon are impractical and the amendment may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697) § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

CANADAIR. Applies to all Canadair CL-44 type aircraft certificated in all categories.

Compliance required as indicated.

Within the next 100 hours in service after the effective date of this airworthiness directive, unless already accomplished within the last 1,900 hours in service and at intervals not exceeding 2,000 hours in service from the last inspection accomplish the following:

1. Inspect the horizontal stabilizer rear spar to fuselage attachment fittings, P/N44A45022 A and B, for cracks in accordance with paragraph 3.4 of Canadair Service Information Circular No. 379-CL44, dated 7 July, 1971, or equivalent inspection approved by the Chief, Engineering and Manufacturing Branch, FAA, Easteern Region.

2. Replace cracked parts before further flight with parts of the same part number or FAA-approved equivalent parts approved by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region, except that the airplane may be flown in accordance with FAR 21.197 to a base where the repair can be performed.

Upon request, with substantiating data submitted through an FAA maintenance inspector, the replacement intervals specified herein may be adjusted by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

This amendment is effective October 17, 1972.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on October 2,

F. A. CARBOINE,
Acting Director, Eastern Region.

[FR Doc.72-17460 Filed 10-12-72;8:46 am]

[Docket No. 72-EA-90, Amdt. 39-1539]

PART 39—AIRWORTHINESS DIRECTIVE

Fairchild Hiller Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to amend AD 72-13-8 applicable to Fairchild Hiller UH12 type helicopters.

There have been reports of failures of the main rotor blade as a result of fatigue. Since this deficiency can exist or develop in helicopters of similar type design, an airworthiness directive is being issued which requires the removal of certain blades from service and an inspection and alteration of remaining blades.

Since the foregoing deficiency constitutes a hazard to air safety, expeditious adoption of this amendment is required. Therefore notice and public procedure hereon are impractical and good cause exists for making the amendment effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended so as to amend AD 72-13-8 as follows:

1. In the first paragraph insert the numeral 1 before the word "Within * * *"

2. Delete the second paragraph and insert in lieu thereof the following:

2. Within 30 hours time in service after the effective date of this airworthiness directive, inspect and alter all other main rotor blades in accordance with Fairchild Hiller Service Bulletin SBUH12L-51-1, July 31, 1972, paragraphs 2A through 2K, or equivalent method approved by the Chief, Engineering and Manufacturing Branch, FAA Eastern Region.

This amendment is effective October 19, 1972.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec.

6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on October 2, 1972.

F. A. CARBOINE,
Acting Director, Eastern Region.

[Docket No. 72-EA-89; Amdt. 39-1538]

PART 39—AIRWORTHINESS DIRECTIVE

Grumman Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to amend AD 72-2-2 applicable to Grumman G-164A type airplanes.

Subsequent to the promulgation of AD 72-2-2 there has been a failure of an AN912-4D reducer at the carburetor inlet of a G-164A airplane. The failure is attributable to either overtorquing or vibration and bears a strong relation to the deficiency involving the AN911-3D fittings which justified AD 72-2-2.

Since the foregoing can occur in other airplanes of similar design AD 72-2-2 is being amended to require replacement of the aluminum reducer with a stainless steel reducer. Further since the deficiency poses a hazard to air safety, notice and public procedure hereon are impractical and good cause exists for making the amendment effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended so as to amend AD 72-2-2 as follows:

1. Number the paragraph beginning with "Replace" as "1".

2. Add the following paragraph:

2. Replace the aluminum AN912-4D reducer at the carburetor fuel inlet boss with corrosion resistant steel reducers P/N AN912-4S or AN912-4K or AN912-4J.

3. Include in the parenthetical statement after the numbers "46" the following: "and 49".

This amendment is effective October 18, 1972.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on October 2, 1972.

F. A. CARBOINE,
Acting Director, Eastern Region.

[FR Doc.72-17464 Filed 10-12-72;8:47 am]

[Docket No. 72-EA-73; Amdt. 39-1535]

PART 39—AIRWORTHINESS DIRECTIVE

Lycoming Aircraft Engines

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to issue a new airworthiness directive applicable to Lycoming IGSO-540 type aircraft engines.

There have been reports of failures of the stepped crankcase main bearing dowel in the subject engine. Since this deficiency can exist or develop in other aircraft of similar type design an airworthiness directive is being issued which will require periodic inspection of the lubrication system and replacement of parts where necessary.

Since the foregoing deficiency poses a hazard to air safety, expeditious adoption of this amendment is required. Therefore notice and public procedure hereon are impractical, and good cause exists for making it effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697) § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

AVCO LYCOMING. Applies to IGSO-540-A series engines except S/N 2537-50 and subsequent; and IGSO-540-B series engines except S/N 2541-50 and subsequent; and IGSO-540 -A and -B engines S/N 747-50, 844-50, 852-50, 947-50, 1184-50, 1240-50, 1361-50, 1402-50, 1453-50, 1544-50, 1767-50, 1773-50, 1794-50, 1799-50, 1933-50 overhauled (also known as remanufactured) by Lycoming after January 26, 1970.

To prevent shifting and possible failures of the crankcase bearings perform the following:

(a) Engines that have accumulated less than 500 hours in service since new or overhaul must have the lubrication system inspected for metal contaminants within the next 10 hours in service after the effective date of this AD and every 25 hours in service thereafter. Further, at the accumulation of 525 hours in service compliance with (d) or (f) is required.

(b) Engines that have accumulated 500 hours or more in service since new or overhaul must have the lubrication system inspected for metal contaminants within the next 10 hours in service after the effective date of this AD, and every 25 hours in service thereafter. Further, compliance with (d) or (f) is required within 25 hours in service after the effective date of this AD.

(c) Compliance with (d) or (f) is required if metal contaminants are detected during the above inspections.

(d) Remove No. 4 cylinder and examine visually the position of No. 3 main bearing for shifting in accordance with Part II of Avco Lycoming Service Bulletin No. 327B. Should shifting be detected, comply with paragraph (f).

(e) Unless already accomplished, compliance with paragraph (f) is required within 50 hours in service after the effective date of this AD on engines that have accumulated 1,200 hours or more in service since new or last overhaul.

(f) Repair the crankcase as described in Lycoming Service Instructions No. 1112C and install straight cranckcase bearing dowels per Lycoming Service Bulletin No. 326 or equivalent repair and alteration approved by Chief, Engineering and Manufacturing Branch, FAA, Eastern Region. Compliance with the provisions of this paragraph eliminates the inspection requirements of this AD.

This amendment is effective October 17, 1972.

(Sec. 313(a) 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6 (c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on October 2, 1972.

F. A. CARBOINE,
Acting Director, Eastern Region.

[FR Doc.72-17461 Filed 10-12-72;8:46 am]

[Docket No. 72-EA-87; Amdt. 39-1537]

PART 39—AIRWORTHINESS DIRECTIVE

Lycoming Aircraft Engines

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to revise AD 71-5-2 applicable to Lycoming type IO-360-A aircraft engines.

Since the publication of AD 71-5-2, the manufacturer has revised its service bulletin to recommend visual inspection of the center main bearing and the agency is additionally requiring a periodic inspection of the lubrication system for metal contaminants.

Since the foregoing is an additional safeguard to a deficiency which poses an air hazard, notice and public procedure hereon are impractical and good cause exists for making the amendment effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended so as to revise AD 71-5-2 as follows:

AVCO LYCOMING. Applies to all IO-360-A series engines except S/N 7100-51A and subsequent and except all engines overhauled (also known as remanufactured) by Lycoming after January 26, 1970, except S/N 354-51, 1049-51A, 3003-51A, 3281-51A, 6526-51A.

To prevent shifting and possible failures of the crankcase main bearings, perform the following:

(a) Engines that have accumulated less than 500 hours in service since new or overhaul must have the lubrication system inspected for metal contaminants within the next 10 hours in service after the effective date of this AD and every 25 hours in service thereafter. Further at the accumulation of 525 hours in service compliance with (d) or (f) is required.

(b) Engines that have accumulated 500 hours or more in service since new or overhaul must have the lubrication system inspected for metal contaminants within the next 10 hours in service after the effective date of this AD and every 25 hours in service thereafter. Further compliance with (d) or (f) is required within 25 hours in service after the effective date of this AD.

(c) Compliance with (d) or (f) is required if metal contaminants are detected during the above inspections.

(d) Remove No. 2 position cylinder and examine visually the position of the center main bearing for shifting in accordance with Part II of Avco Lycoming Service Bulletin No. 327B. Should shifting be detected, comply with paragraph (f).

(e) Unless already accomplished, compliance with paragraph (f) is required within 50 hours in service after the effective date of this AD on engines that have accumulated 1,200 hours or more in service since new or last overhaul.

(f) Repair the crankcase as described in Lycoming Service Instructions No. 1112C and install straight crankcase bearing dowels per Lycoming Service Bulletin No. 326 or equivalent repair and alteration approved by Chief, Engineering and Manufacturing Branch, FAA, Eastern Region. Compliance with the provisions of this paragraph eliminates the inspection requirements of this AD.

This amendment is effective October 17, 1972.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on October 2, 1972.

F. A. CARBOINE,
Acting Director, Eastern Region.

[FR Doc.72-17462 Filed 10-12-72;8:46 am]

[Docket No. 72-EA-101; Amdt. 39-1540]

PART 39—AIRWORTHINESS DIRECTIVE

Piper Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to issue an airworthiness directive applicable to Piper PA 23-250 type airplanes.

Flight test reevaluations of the subject aircraft have revealed that the airplane did not comply with the requirements for power-on stall characteristics and static longitudinal stability in climb. A correction for this deficiency involves installation of a stabilator bungee spring.

Since this deficiency can exist in other airplanes of similar type design, an airworthiness directive is being issued to require the bungee spring installation. While the service history of the aircraft does not disclose this deficiency as a problem, nevertheless the technical airworthiness of the aircraft is affected and and expeditious adoption of the amendment is appropriate. Thus notice and public procedure hereon are impractical and good cause exists for making the amendment effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

Piper Aircraft Corp. Applies to PA 23-250 airplanes, S/Ns 27-4575 to 27-4587 inclusive, 27-4589 to 27-4620 inclusive, 27-4622 to 27-4672 inclusive, 27-4674 to 27-4682 inclusive, and 27-4684 to 27-4694 inclusive, certificated in all categories.

Compliance required within 30 days after the effective date of this AD, unless already accomplished.

To improve the longitudinal stability characteristics and to prevent longitudinal stick force reversal during certain flight conditions, accomplish the alteration contained in Piper Service Bulletin No. 345, dated October 7, 1971; or an equivalent method approved by the Chief, Engineering and Manufacturing Branch, FAA Eastern Region.

Upon request through a maintenance inspector, accompanied by substantiating data, the compliance time specified in the AD may be increased by the Chief, Engineering and Manufacturing Branch, FAA Eastern Region.

This amendment is effective October 19, 1972.

(Sec. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on October 3, 1972.

F. A. CARBOINE,
Acting Director, Eastern Region.

[FR Doc.72-17465 Filed 10-12-72;8:47 am]

[Airspace Docket No. 71-AL-19]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Control Zone Description and Alteration of Transition Area

On June 3, 1972, a notice of proposed rule making was published in the FEDERAL REGISTER (37 F.R. 11187) stating that the Federal Aviation Administration proposed amendments to Part 71 of the Federal Aviation Regulations that would change the airport name and alter the Tanana, Alaska, transition area.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. No comments were received.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended effective 0901 G.m.t., December 7, 1972, as hereinafter set forth.

1. Section 71.171 (37 F.R. 2056) is amended as follows: In Tanana, Alaska, "Tanana Airport" is deleted and "Ralph M. Calhoun Memorial Airport" is substituted therefor.

2. In § 71.181 (37 F.R. 2143) the Tanana, Alaska, transition area is amended to read:

TANANA, ALASKA

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Ralph M. Calhoun Memorial Airport, latitude 65°10'30" N., longitude 152°06'32" W. and within 9.5 miles south and 4.5 miles north of the Bear Creek radio beacon 251° bearing extending from the radio beacon to 18.5 miles west.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c) Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Anchorage, Alaska on October 2, 1972.

THOMAS J. CRESWELL,
Director, Alaskan Region.

[FR Doc.72-17466 Filed 10-12-72;8:47 am]

[Docket No. 12295, Amdt. No. 833]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Recent Changes and Additions

This amendment to Part 97 of the Federal Aviation Regulations incorporates by reference therein changes and additions to the Standard Instrument Approach Procedures (SIAP's) that were recently adopted by the Administrator to promote safety at the airports concerned.

The complete SIAP's for the changes and additions covered by this amendment are described in FAA Forms 3139, 8260-3, 8260-4, or 8260-5 and made a part of the public rulemaking dockets of the FAA in accordance with the procedures set forth in Amendment No. 97-696 (35 F.R. 5609).

SIAP's are available for examination at the Rules Docket and at the National Flight Data Center, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591. Copies of SIAP's adopted in a particular region are also available for examination at the headquarters of that region. Individual copies of SIAP's may be purchased from the FAA Public Document Inspection Facility, HQ-405, 800 Independence Avenue, SW., Washington, DC 20591, or from the applicable FAA regional office in accordance with the fee schedule prescribed in 49 CFR 7.85. This fee is payable in advance and may be paid by check, draft, or postal money order payable to the Treasurer of the United States. A weekly transmittal of all SIAP changes and additions may be obtained by subscription at an annual rate of $150 per annum from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Additional copies mailed to the same address may be ordered for $30 each.

Since a situation exists that requires immediate adoption of this amendment, I find that further notice and public procedure hereon is impracticable and good cause exists for making it effective in less than 30 days.

In consideration of the foregoing, Part 97 of the Federal Aviation Regulations is amended as follows, effective on the dates specified:

1. Section 97.23 is amended by establishing, revising, or canceling the following VOR-VOR/DME SIAP's *effective September 26, 1972.*

North Myrtle Beach, S.C.—Myrtle Beach Airport; VOR Runway 5, Amdt. 6; Revised.
North Myrtle Beach, S.C.—Myrtle Beach Airport; VOR Runway 23, Amdt. 8; Revised.

2. Section 97.23 is amended by establishing, revising, or canceling the following VOR-VOR/DME SIAP's *effective October 6, 1972.*

Panama City, Fla.—Panama City-Bay County Airport; VOR-A, Amdt. 6; Revised.
Panama City, Fla.—Panama City-Bay County Airport; VOR Runway 14, Amdt. 6; Revised.
Panama City, Fla.—Panama City-Bay County Airport; VOR Runway 32, Amdt. 3; Revised.

3. Section 97.23 is amended by establishing, revising, or canceling the following VOR–VOR/DME SIAP's *effective November 9, 1972.*

Austin, Tex.—Tims Airpark; VOR/DMA–A, Amdt. 1; Revised.
Georgetown, Tex.—Municipal Airport; VOR/DME Runway 35, Amdt. 1; Revised.
Kearney, Nebr.—Kearney Municipal Airport; VOR Runway 18, Amdt. 5; Revised.
Kearney, Nebr.—Kearney Muncipal Airport; VOR Runway 36, Amdt. 2; Revised.

4. Section 97.23 is amended by establishing, revising, or canceling the following VOR–VOR/DME SIAPs effective November 23, 1972.

Alton, Ill.—Civic Memorial Airport; VOR–A, Amdt. 1; Revised.
Baker, Oreg.—Baker Municipal Airport; VOR–A, Amdt. 1; Revised.
Baker, Oreg.—Baker Municipal Airport, VOR/DME Runway 12, Amdt. 7; Revised.

Detroit, Mich.—Detroit Metropolitan Wayne County Airport; NDB Runway 21L, Amdt. 1; Revised.
Detroit, Mich.—Detroit Metropolitan Wayne County Airport; NDB Runway 21R, Amdt. 1; Revised.
Grand Marais, Minn.—Devils Track Municipal Airport; NDB Runway 27, Amendment 2; Revised.
Kansas City, Mo.—Municipal Airport, NDB Runway 18, Amendment 9; Revised.
Macomb, Ill.—Macomb Municipal Airport NDB Runway 26, Amendment 2; Revised.
Merrill, Wis.—Merrill Municipal Airport, NDB Runway 16, Amendment 1; Revised.
Minocqua-Woodruff, Wis.—Lakeland Airport, NDB Runway 10, Amendment 1; Revised.
Minocqua-Woodruff, Wis.—Lakeland Airport, NDB Runway 18, Amendment 4; Revised.
Minocqua-Woodruff, Wis.—Lakeland Airport, NDB Runway 28, Amendment 1; Revised.
Minocqua-Woodruff, Wis.—Lakeland Airport, NDB Runway 36, Amendment 2; Revised.
Sacramento, Calif.—Sacramento Metropolitan Airport, NDB Runway 16, Amendment 5; Revised.
Syracuse, N.Y.—Syracuse Hancock International Airport, NDB Runway 10, Amendment 6; Revised.
Syracuse, N.Y.—Syracuse Hancock International Airport, NDB Runway 28, Amendment 22; Revised.

9. Section 97.29 is amended by establishing, revising, or canceling the following ILS SIAP's effective September 28, 1972.

Huntington, W. Va.—Tri-State (Walker-Long Field), ILS Runway 12, Amendment 2; Revised.

10. Section 97.29 is amended by establishing, revising, or canceling the following ILS SIAP's effective October 6, 1972.

Panama City, Fla.—Panama City-Bay County Airport, ILS Runway 14, Amendment 6; Revised.

11. Section 97.29 is amended by establishing, revising, or canceling the following ILS SIAP's effective November 23, 1972.

Alton, Ill.—Civic Memorial Airport, ILS Runway 29, Amendment 1; Revised.
Battle Creek, Mich.—W. K. Kellogg Regional Airport, ILS Runway 22, Amendment 7; Revised.
Detroit, Mich.—Detroit Metropolitan Wayne County Airport, ILS Runway 3L, Amendment 1; Revised.
Detroit, Mich.—Detroit Metropolitan Wayne County Airport, ILS Runway 21R, Amendment 7; Revised.
Detroit, Mich—Detroit Metropolitan Wayne County Airport, ILS Runway 27, Amendment 2; Revised.
Kansas City, Mo.—Municipal Airport, ILS Runway 18, Amendment 11; Revised.
Pontiac, Mich.—Oakland-Pontiac Airport, ILS Runway 9, Original; Established.
Sacramento, Calif.—Sacramento Metropolitan Airport, ILS Runway 16, Amendment 6; Revised.
Syracuse, N.Y.—Syracuse Hancock International Airport, ILS Runway 28, Amendment 23; Revised.

12. Section 97.31 is amended by establishing, revising, or canceling the following Radar SIAP's effective November 23, 1972.

Detroit, Mich.—Detroit Metropolitan Wayne County Airport; Radar–1, Amendment 6; Revised.
Syracuse, N.Y.—Syracuse Hancock International Airport; Radar–1, Amendment 2; Revised.

13. Section 97.33 is amended by establishing, revising, or canceling the following RNAV SIAP's effective November 23, 1972.

Alton, Ill.—Civic Memorial Airport, RNAV Runway 29, Original; Established.
Glens Falls, N.Y.—Warren County Airport, RNAV Runway 1, Original; Established.

NOTE: Reference Docket 12262, Amendment No. 831, § 97.23 effective November 9, 1972—Change effective date of Torrance, Calif.—Torrance Municipal Airport, VOR Runway 11L, Amendment 8; Revised from November 9, 1972 to November 16, 1972.

(Secs. 307, 313, 601, 1110, Federal Aviation Act of 1958; 49 U.S.C. 1438, 1354, 1421, 1510; Sec. 6(c) Department of Transportation Act, 49 U.S.C. 1655(c) and 5 U.S.C. 552(a)(1))

Issued in Washington, D.C., on October 5, 1972.

C. R. MELUGIN, Jr.,
Acting Director,
Flight Standards Service.

NOTE: Incorporation by reference provisions in §§ 97.10 and 97.20 (35 F.R. 5610) approved by the Director of the Federal Register on May 12, 1969.

Title 20—EMPLOYEES' BENEFITS

Chapter III—Social Security Administration, Department of Health, Education, and Welfare

[Regs. No. 5, further amended]

PART 405—FEDERAL HEALTH INSURANCE FOR THE AGED (1965– ——)

Subpart D—Principles of Reimbursement for Provider Costs and for Services by Hospital-Based Physicians

PROVIDER COST REPORT FILING REQUIREMENTS

On August 25, 1971, there was published in the FEDERAL REGISTER (36 F.R. 16678) a notice of proposed rule making with proposed amendments to Subpart D of Regulation No. 5 (1) requiring providers to aline their Medicare cost reporting periods with their Internal Revenue Service income tax or information return reporting periods and (2) adopting the Internal Revenue Service due dates as the due dates for filing Medicare cost reports.

Interested parties were given 30 days within which to submit data, views, or arguments pertaining to the proposed amendments. All comments submitted with respect to the proposed amendments were given due consideration. Comments were received from chain organizations, including some nonprofit chains, to the effect that where their member providers utilize different reporting periods for Medicare and the Internal Revenue Service, they do so primarily to stagger their reporting workloads throughout the year, thus achieving optimum utilization of their accounting specialists. In addition, some chain organizations pointed out that, while their providers' Medicare cost reports must be filed on the accrual basis of accounting, many file their Internal Revenue Service returns on the cash basis of accounting. This dissimilarity in accounting bases does not generally permit the data gathered for use in the preparation of the Internal Revenue Service returns to be routinely used in the preparation of the Medicare cost report without significant adjustment. A further point raised was that by alining cost report due dates with Internal Revenue Service return due dates different types of providers, i.e., corporations, partnerships, and sole proprietorships operated for profit, and voluntary nonprofit organizations would not have uniform filing periods.

In view of these comments, the proposed regulations have been modified as follows: The proposed revision of paragraph (b) of § 405.406 is deleted. The proposed subparagraphs (1), (2), and (3) of § 405.453(f) are deleted. The proposed subparagraphs (4) and (5) of § 405.453(f) are redesignated subparagraphs (1) and (2). Subdivisions (i) and (ii) of § 405.453(f)(2) as so redesignated are revised. The deletion of paragraph (h) of § 405.454 is changed to deletion of paragraph (i) to take account of an intervening redesignation of such paragraph. These changes (1) permit a provider to establish a cost reporting period without regard to its Internal Revenue Service reporting period, (2) provide for a uniform filing period for all participating providers, including an extension for good cause, and (3) separately identify the cost reporting period and filing period for cost reports where a provider terminates participation under Medicare or experiences a change of ownership.

Accordingly, with these changes, the proposed amendments as set forth below are hereby adopted.

Effective date. These amendments shall be effective upon publication in the FEDERAL REGISTER (10–13–72).

(Secs. 1102, 1815, and 1871, 49 Stat. 647, as amended, 79 Stat. 296, 322, and 331, as amended; 42 U.S.C. 1302, 1395 et seq.)

Dated: September 12, 1972.

ROBERT M. BALL,
Commissioner of Social Security.

Approved: October 5, 1972.

ELLIOT L. RICHARDSON,
Secretary of Health, Education, and Welfare.

Regulations No. 5 of the Social Security Administration (20 CFR Part 405) are further amended as follows:

1. Section 405.453 is amended by adding paragraph (f) to read as follows:

§ 405.453 Adequate cost data and cost finding.

* * * * *

(f) *Cost reports.* For cost reporting purposes, the health insurance program requires each provider of services to submit periodic reports of its operations which generally cover a consecutive 12-month period of the provider's operations. Amended cost reports to revise cost report information which has been previously submitted by a provider may be permitted or required as determined by the Social Security Administration.

(1) *Cost reports—terminated providers and changes of ownership.* A provider which voluntarily or involuntarily ceases to participate in the health insurance program or experiences a change of ownership must file a cost report for that period under the program beginning with the first day not included in a previous cost reporting period and ending with the effective date of termination of its provider agreement or change of ownership.

(2) *Due dates for cost reports.* (i) Cost reports are due on or before the last day of the third month following the close of the period covered by the report.

(ii) A 30-day extension of the due date of a cost report may, for good cause, be granted by the intermediary, after first obtaining the approval of the Social Security Administration.

(iii) The cost report from a provider which voluntarily or involuntarily ceases to participate in the health insurance program or experiences a change of ownership is due no later than 45 days following the effective date of the termination of the provider agreement or change of ownership.

2. Paragraph (i) of § 405.454 is deleted.

§ 405.454 Payments to providers.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER A—GENERAL

PART 3—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

Hexachlorophene as a Component in Drug and Cosmetic Products for Human Use

Correction

In F.R. Doc. 72-16442 appearing at page 20160 of the issue for Wednesday, September 27, 1972, the last line of § 3.91 (h)(3) should read "and Cetrimonium Bromide.", instead of "and Centrimonium Bromide."

SUBCHAPTER C—DRUGS

PHENYLBUTAZONE

The Commissioner of Food and Drugs has evaluated new animal drug applications (48-646V and 48-647V) filed by Western Serum Co., Post Office Box 7025, Phoenix, AZ 85011, proposing the safe and effective use of phenylbutazone in tablet and injectable forms as anti-inflammatory agents for use in horses. The applications are approved.

To facilitate referencing, Western Serum Co. is being assigned a code number and placed in the list of firms in § 135.501 (21 CFR 135.501).

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i)) and under authority delegated to the Commissioner (21 CFR 2.120), Parts 135, 135b, and 135c are amended as follows:

PART 135—NEW ANIMAL DRUGS

1. Section 135.501 is amended in paragraph (c) by adding a new code No. 087 as follows:

§ 135.501 Names, addresses, and code numbers of sponsors of approved applications.

* * * * *

(c) * * *

Code No.	*Firm name and address*
* * *	* * *
087	Western Serum Co., Post Office Box 7025, Phoenix, AR 85011.

PART 135b—NEW ANIMAL DRUGS FOR IMPLANTATION OF INJECTION

2. Section 135b.47 is revised to read as follows:

§ 135b.47 Phenylbutazone injection.

(a) (1) *Specifications.* Phenylbutazone injection contains 200 milligrams of phenylbutazone in each milliliter of sterile aqueous solution.

(2) *Sponsor.* See code Nos. 062 and 076 in § 135.501(c) of this chapter.

(3) *Conditions of use.* (i) It is used for the relief of inflammatory conditions associated with the musculoskeletal system in dogs and horses.

(ii) It is administered intravenously to dogs at a dosage level of 10 milligrams per pound of body weight but not to exceed 800 milligrams per animal daily regardless of weight. Intravenous injections to dogs should be limited to 2 successive days but may be followed by oral medication. It is administered intravenously to horses at a dosage level of 1 to 2 grams per 1,000 pounds of body weight for a maximum of 5 successive days.

(iii) Treated animals should not be slaughtered for food purposes.

(iv) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

(b) (1) *Specifications.* Phenylbutazone injection contains 200 milligrams of phenylbutazone in each milliliter of sterile aqueous solution.

(2) *Sponsor.* See code No. 087 in § 135.501(c) of this chapter.

(3) *Conditions of use.* (i) It is used for the relief of inflammatory conditions associated with the musculoskeletal system in horses.

(ii) It is administered intravenously to horses at a dosage level of 1 to 2 grams per 1,000 pounds of body weight daily for a maximum of 5 successive days.

(iii) Not for use in horses intended for food.

(iv) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

PART 135c—NEW ANIMAL DRUGS IN ORAL DOSAGE FORMS

3. Section 135c.57 is revised to read as follows:

§ 135c.57 Phenylbutazone tablets and boluses.

(a) (1) *Specifications.* The drug is in tablet form with each tablet containing 100 milligrams or 1 gram of phenylbutazone per tablet and/or the drug is in a bolus containing 4 grams of phenylbutazone per bolus.

(2) *Sponsor.* See code No. 062 in § 135.501(c) of this chapter.

(3) *Conditions of use.* (i) It is used for the relief of inflammatory conditions associated with the musculoskeletal systems in dogs and horses.

(ii) It is administered to dogs at a dosage level of 20 milligrams per pound of body weight in three divided doses daily with a maximum dosage level of 800 milligrams per day regardless of body weight. It is used at a relatively high-dosage level for the first 48 hours and then reduced gradually to a maintenance dosage level with the lowest dosage maintained at a level capable of producing desired clinical response. It is used in horses at a dosage level of 1 to 2 grams per 500 pounds of body weight but not to exceed 4 grams per animal daily with a relatively high dosage level given for the first 48 hours which is reduced gradually to a maintenance dosage level which is maintained at the lowest dosage level capable of producing the desired clinical response.

(iii) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

(iv) Not for use in animals intended for food purposes.

(b) (1) *Specifications.* The drug is in tablet form with each tablet containing 100 milligrams or 1 gram of phenylbutazone per tablet.

(2) *Sponsor.* See code No. 076 in § 135.501(c) of this chapter.

(3) *Conditions of use.* (i) It is used for the relief of inflammatory conditions associated with the musculoskeletal system in dogs and horses.

(ii) It is administered to dogs at a dosage level of 20 milligrams per pound of body weight in three divided doses daily with a maximum dosage level of 800 milligrams per day regardless of body weight. It is used at a relatively high dosage level for the first 48 hours and then reduced gradually to a maintenance dosage level with the lowest dosage maintained at a level capable of producing desired clinical response. It is used in horses at a dosage level of 1 to 2 grams per 500 pounds of body weight but not to exceed 4 grams per animal daily with a relatively high dosage level given for the first 48 hours which is reduced gradually to a maintenance dosage level which is maintained at the lowest dosage level capable of producing the desired clinical response.

(iii) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

(iv) Not for use in animals intended for food purposes.

(c) (1) *Specifications.* The drug is in tablet form with each tablet containing 100 milligrams of phenylbutazone.

(2) *Sponsor.* See code No. 059 in § 135.501(c) of this chapter.

(3) *Conditions of use.* (i) It is used for the relief of inflammatory conditions associated with the musculoskeletal system in dogs.

(ii) It is administered to dogs at a dosage level of 20 milligrams per pound of body weight in three divided doses daily with the maximum dosage level of 800 milligrams per day regardless of body weight. It is used at a relatively high dosage level for the first 48 hours and then reduced gradually to a maintenance dosage level with the lowest dosage maintained at the level capable of producing the desired clinical response.

(iii) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

(d) (1) *Specifications.* The drug is in tablet form with each tablet containing 1 gram of phenylbutazone.

(2) *Sponsor.* See code No. 087 in § 135.501(c) of this chapter.

(3) *Conditions of use.* (i) The drug is used for the relief of inflammatory conditions associated with the musculoskeletal system in horses.

(ii) It is administered orally to horses as a non-hormonal, antiinflammatory agent at a dosage level of 1 to 2 grams per 500 pounds of body weight daily but not to exceed 4 grams per animal daily.

(iii) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

(iv) Not for use in horses intended for food.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (10–13–72).

(Sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i))

Dated: October 5, 1972.

C. D. VAN HOUWELING,
Director, Bureau of Veterinary Medicine.

[FR Doc.72–17451 Filed 10–12–72;8:45 am]

PART 135b—NEW ANIMAL DRUGS FOR IMPLANTATION OR INJECTION

Phenylbutazone

The Commissioner of Food and Drugs has evaluated a new animal drug application (49–554V) filed by John D. Copanos & Co., Inc., proposing the safe and effective use of phenylbutazone injection in horses. The application is approved.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i)) and under authority delegated to the Commissioner (21 CFR 2.120), Part 135b is amended in § 135b.47 by adding a new paragraph (d) as follows:

§ 135b.47 Phenylbutazone injection.

* * * * *

(d) (1) *Specifications.* Phenylbutazone injection contains 200 milligrams of phenylbutazone in each milliliter of sterile aqueous solution.

(2) *Sponsor.* See code No. 054 in § 135.501(c) of this chapter.

(3) *Conditions of use.* (i) It is used for the relief of inflammatory conditions associated with the musculoskeletal system in horses.

(ii) It is administered intravenously to horses at a dosage level of 1 to 2 grams per 1000 pounds of body weight daily for a maximum of 5 successive days.

(iii) Not to be used in horses intended for food.

(iv) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (10–13–72).

(Sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i))

Dated: October 5, 1972.

C. D. VAN HOUWELING,
Director, Bureau of Veterinary Medicine.

[FR Doc.72-17450 Filed 10-12-72;8:45 am]

PART 135b—NEW ANIMAL DRUGS FOR IMPLANTATION OR INJECTION

Disophenol Injection, Veterinary

The Commissioner of Food and Drugs has evaluated a supplemental new animal drug application (12-598V) filed by American Cyanamid Co., Post Office Box 400, Princeton, NJ 08540, proposing revised labeling for the safe and effective use of disophenol injection, veterinary, for the treatment of dogs and cats infested with hookworms. The supplemental application is approved.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i)) and under authority delegated to the Commissioner (21 CFR 2.120), Part 135b is amended by adding the following new section:

§ 135b.71 Disophenol injection, veterinary.

(a) *Chemical name.* 2,6-Diiodo-4-nitrophenol.

(b) *Specifications.* The drug is sterile and contains 4.5 percent disophenol in polyethylene glycol 400 and distilled water.

(c) *Sponsor.* See code No. 004 in § 135.501(c) of this chapter.

(d) *Conditions of use.* (1) The drug is used for the treatment of both dogs infested with hookworms (including *Ancylostoma caninum, A. braziliense* and *Uncinaria stenocephala*) and cats infested with the hookworm *A. tubaeforme.*

(2) The drug is administered subcutaneously at a dosage level of 4.5 milligrams per pound of body weight. A second injection may be indicated 14 to 21 days after the initial treatment.

(3) Do not repeat treatment in less than 14 days.

(4) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (10-13-72).

(Sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i))

Dated: October 5, 1972.

C. D. VAN HOUWELING,
Director, Bureau of Veterinary Medicine.

SUBCHAPTER F—REGULATIONS UNDER SPECIFIC ACTS OF CONGRESS OTHER THAN THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

PART 295—REGULATIONS UNDER THE POISON PREVENTION PACKAGING ACT OF 1970

Child Protection Packaging Standards for Household Substances in Liquid Form Containing Methyl Alcohol (Methanol)

In the FEDERAL REGISTER of April 18, 1972 (37 F.R. 7631), the Commissioner of Food and Drugs proposed child protection packaging standards for household substances in liquid form containing 4 percent or more by weight of methyl alcohol (methanol).

Twelve of the 18 comments received in response to the notice favor the standards as proposed. The principal issues raised in the remainder of the comments, and the Commissioner's conclusions are as follows:

A. *Need for special packaging.* A consumer states that the problem of accidental ingestion of hazardous household substances could be solved by the exercise of reasonable care by parents and the education of children.

Passage of the Poison Prevention Packaging Act of 1970, is recognition of the fact that many children are able to gain access to harmful household substances in spite of normal precautionary measures by parents and others. The toxicity information and injury data reported in the proposal show that methyl alcohol is a toxic substance and that its use in various household products presents a serious problem of accidental poisonings. Application of the special packaging standards will make it more difficult for children to gain access to household substances containing methyl alcohol. Accordingly, the finding required by section 3(a)(1) of the act is affirmed.

B. *Continuing effectiveness.* A consumer suggests that the special packaging should retain its child-resistant effectiveness after several openings. The Commissioner previously recognized this need. Section 295.3(a) requires that the special packaging must continue to function with the effectiveness specifications for the number of openings and closings customary for its size and contents and when in actual contact with the substance contained therein.

C. *Use by the handicapped.* A consumer expresses concern that handicapped persons (particularly those with arthritis) may be unable to use, or may have difficulty using, special packaging. Section 4(a) of the act acknowledges such a possibility and provides that substances subject to special packaging standards may also be packaged in noncomplying packaging within prescribed limitations.

D. *Nonconsumer packages.* A manufacturer asks whether one gallon size containers of methyl alcohol will be required to be in special packaging. The person who places a household substance subject to packaging standards into a container or package must determine if that container is in fact a package in which the substance may be delivered to the consumer for use or storage in the household. If it is not, then these standards do not apply.

E. *Single-use containers requiring a tool for entry.* A manufacturer asks whether a single-use container requiring a tool for entry would qualify as "special packaging". The Commissioner concludes that such a container is special packaging if it meets the effectiveness specifications of the standards when tested by the testing procedure for special packaging prescribed by 21 CFR 295.10. On testing such a container, however, no tool need be provided the children unless such tool accompanies the container when offered for sale to the consumer. If the package is intended and clearly labeled that the entire package contents be used in a single application, it shall not be subject to the resecuring provisions of the adult testing portion of the above-noted testing procedure.

F. *Effective date.* A manufacturer requests that the effective date of the regulation be delayed until January 1, 1973, due to a present contractual obligation for conventional packaging. Another manufacturer requests that the effective date be at least one year from the date of promulgation in the FEDERAL REGISTER because it needs additional time to develop suitable and economical special packaging for its products. Neither of these requests present valid justification for a delay in the effective date. The Commissioner concludes that a period of 180 days is a necessary, reasonable, and sufficient time to allow affected persons to achieve full compliance with the standard established by this order. A sufficient amount of special packaging for preparations containing methyl alcohol is not presently available to permit promulgating an effective date of less than 180 days.

G. *Technically feasible, practicable, and appropriate.* A manufacturer, in seeking an extended effective date, contends that the proposed special packaging is not technically feasible, practicable, and appropriate for preparations containing methyl alcohol since the firm does not yet have a suitable closure that will fit its present package and packaging equipment without modification. Also, this manufacturer states that it would take longer than 180 days after promulgation to determine whether the package is compatible with the substance relative to its storage stability.

The Commissioner concludes that the finding required under section 3(a)(2) of the act (that the required special

packaging be technically feasible, practicable, and appropriate for such substance) does not imply a delay in the effective date of child protection packaging standards until special packaging is available conforming exactly with existing packages and packaging equipment of all manufacturers or packers of such substances. On the basis of reports and data from industry and other relevant information, the Commissioner finds that the special packaging required herein is:

1. Technically feasible because technology exists to produce special packages conforming to the standard. On April 18, 1972, when special packaging was proposed for methyl alcohol, at least 15 different special packages had been tested in accordance with the testing procedure for special packaging that met or exceeded the effectiveness specifications of § 295.3(b). To date, at least 25 manufacturers have submitted data indicating that one or more package designs meet or exceed the effectiveness specifications of the standards when tested by the protocol prescribed by 21 CFR 295.10. These designs include special packaging for glass, plastic, or metal containers.

2. Practicable in that it is susceptible to modern mass production and assembly line techniques. Reported production data indicate a capability to adequately meet the needs of the affected industries.

3. Appropriate since special packaging is not detrimental to the integrity of the substance and will not interfere with its storage or use. The manufacturer did not submit data demonstrating any incompatibility of special packages with a product containing methyl alcohol. Furthermore, the Commissioner is not aware of any significant incompatibility between this substance and presently available special packaging materials.

H. *Pressurized spray containers.* The standard as proposed was not intended to apply to preparations packaged in pressurized spray containers. Although no comments questioned this, the Commissioner concludes that the final order should be revised to clarify this point.

Therefore, having evaluated the comments and other relevant material, the Commissioner concludes that the proposal, with changes, should be adopted as set forth below.

The amendment below adds a new subparagraph (8) on methyl alcohol to §295.2(a). To give complete information on packaging requirements for methyl alcohol, applicable portions of existing §§ 295.2 and 295.3 are included herein as follows:

Section 295.2 *Substances requiring "special packaging"*

* * * * *

(b) *Sample packages.* (1) The manufacturer or packer of any of the substances listed under paragraph (a) of this section as substances requiring special packaging shall provide the Commissioner with a sample of each type of special packaging, as well as the labeling for each size product that will be packaged in special packaging and the labeling for any noncomplying package. Sample packages and labeling should be sent to the Food and Drug Administration, Attention: Bureau of Product Safety, 5600 Fishers Lane, Rockville, Md. 20852.

(2) Sample packages should be submitted without contents when such contents are unnecessary for demonstrating the effectiveness of the packaging.

(3) Any sample packages containing drugs listed under paragraph (a) of this section shall be sent by registered mail.

(4) As used in subparagraph (1) of this paragraph, the term "manufacturer or packer" does not include pharmacists and other individuals who dispense, at the retail or user level, drugs listed under paragraph (a) of this section as requiring special packaging.

* * * * *

Section 295.3 *Poison prevention packaging standards.* To protect children from serious personal injury or serious illness resulting from handling, using, or ingesting household substances, the Commissioner has determined that packaging designed and constructed to meet the following standards shall be regarded as "special packaging" within the meaning of section 2(4) of the act. Specific application of these standards to substances requiring special packaging is in accordance with § 295.2.

(a) *General requirements.* The special packaging must continue to function with the effectiveness specifications set forth in paragraph (b) of this section when in actual contact with the substance contained therein. This requirement may be satisfied by appropriate scientific evaluation of the compatibility of the substance with the special packaging to determine that the chemical and physical characteristics of the substance will not compromise or interfere with the proper functioning of the special packaging. The special packaging must also continue to function with the effectiveness specifications set forth in paragraph (b) of this section for the number of openings and closings customary for its size and contents. This requirement may be satisfied by appropriate technical evaluation based on physical wear and stress factors, force required for activation, and other such relevant factors which would establish that, for the duration of normal use, the effectiveness specifications of the packaging would not be expected to lessen.

(b) *Effectiveness specifications.* Special packaging which when tested by the method described in § 295.10, meets the following specifications:

(1) Child-resistant effectiveness of not less than 85 percent without a demonstration and not less than 80 percent after a demonstration of the proper means of opening such special packaging. In the case of unit packaging, child-resistant effectiveness of not less than 80 percent.

(2) Adult-use effectiveness not less than 90 percent.

* * * * *

Accordingly, pursuant to provisions of the Poison Prevention Packaging Act of 1970 (secs. 2(4), 3, 5, 84 Stat. 1670–1672; 15 U.S.C. 1471(4), 1472, 1474) and under authority delegated to the Commissioner (21 CFR 2.120), subparagraph (7) of § 295.2(a) is reserved for future use and a new subparagraph (8) is added to § 295.2(a) as follows:

§ 295.2 Substances requiring "special packaging".

(a) *Substances.* The Commissioner of Food and Drugs has determined that the degree or nature of the hazard to children in the availability of the following substances, by reason of their packaging, is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using, or ingesting such substances, and that the special packaging herein required is technically feasible, practicable, and appropriate for these substances:

* * * * *

(7) [Reserved]

(8) *Methyl alcohol (methanol).* Household substances in liquid form containing 4 percent or more by weight of methyl alcohol (methanol), other than those packaged in pressurized spray containers, shall be packaged in accordance with the provisions of § 295.3 (a) and (b).

* * * * *

Effective date. This order shall become effective 180 days after its date of publication in the FEDERAL REGISTER.

(Secs. 2(4), 3, 5, 84 Stat. 1670–1672; 15 U.S.C. 1471(4), 1472, 1474)

Dated: October 6, 1972.

ROBERT C. BRANDENBURG,
Acting Associate Commissioner for Compliance.

[FR Doc.72-17447 Filed 10-12-72;8:53 am]

PART 295—REGULATIONS UNDER THE POISON PREVENTION PACKAGING ACT OF 1970

Child Protection Packaging Standards for Household Substances Containing Sodium and/or Potassium Hydroxide

In the FEDERAL REGISTER of March 9, 1972 (27 F.R. 5047), the Commissioner of Food and Drugs proposed child protection packaging standards for household substances containing sodium and/or potassium hydroxide at specified concentrations.

Twenty comments were received in response to the notice. Consumers, a consumer interest group, the medical community, a local city government, and manufacturers of substances subject to the proposed standards responded. Eight comments, seven from consumers and one from the medical community, support the standards as proposed. The principal issues raised in the remainder of the comments and the Commissioner's conclusions are as follows:

A. *Support with suggestions.* The following support the proposal and suggest changes:

1. Two consumers and a consumer interest group suggest that such products be made less toxic in general and be made less attractive to children by the addition of an objectionable taste, odor, and color. They also suggest deletion of the provision exempting household substances containing less than 2 percent of sodium and/or potassium hydroxide. The Poison Prevention Packaging Act of 1970 (the PPPA) does not provide for the prescribing of product content, and available data fails to support a need for special packaging of substances containing

less than 2 percent of sodium and/or potassium hydroxide.

2. A city government representative suggests that all homes be routinely equipped with an accessible, locked cabinet for the purpose of storing common household poisons. Such would be of value in reducing childhood poisonings, and the Food and Drug Administration endorses this suggestion, but the PPPA does not authorize promulgating this as a requirement.

3. The American Academy of Pediatrics recommends that all substances subject to the standards be prohibited from being packaged in noncomplying packaging under the exemption provided by section 4 of the PPPA. The Academy suggests that such substances be banned under the Federal Hazardous Substances Act (the FHSA) unless in child protection packaging. Also, the Academy recommends that the regulation establishing the standards be made effective 30 days after its promulgation in the FEDERAL REGISTER. Liquid drain cleaners containing 10 percent or more of sodium and/or potassium hydroxide are already banned (21 CFR 191.9(a)(4)) under the FHSA unless packaged in compliance with child protection packaging standards. This banning is based on a finding that despite any possible labeling the product is too dangerous for household use. In view of this, the Commissioner is considering available data to determine if an extension of the banning prescribed by 21 CFR 191.9(a)(4) should be proposed under the FHSA. The Commissioner concludes that adequate quantities of suitable special packaging will not be sufficiently available to permit adoption of the suggested 30-day effective date.

B. *Consumer dissatisfaction.* 1. A consumer states that child protection should be the responsibility of parents and that the general public should not have to pay the higher cost that may result from the use of child protection packaging. Parents have a definite responsibility in the prevention of childhood poisonings and the standards are not intended to lessen that responsibility. Data on childhood ingestions, hospitalizations, and deaths, however, clearly indicate the need for requiring child protection packaging for the subject substances.

2. A consumer comments that certain individuals, such as arthritics, may not be able to use the special packaging. Section 4 of the PPPA provides that substances subject to child protection packaging standards may be marketed in noncomplying packaging, within prescribed limitations, to make them readily available to the elderly or handicapped.

C. *Restricted distribution.* The Shriners Hospital for Crippled Children, Burns Institute, contends that child protection packaging is an inadequate approach to the problem of childhood injuries involving the subject substances and recommends that such substances be removed from the consumer market and restricted to purchase by licensed professionals, such as plumbers. Attempted restriction of such products to professional use may still result in children gaining access to these products in standard packaging. For the present, requiring child protection packaging appears to be the most appropriate approach to reducing childhood injuries from these products. If experience shows that this approach is inadequate, additional measures may be taken under the banning provisions of the FHSA.

D. *Applicability.* A manufacturer recommends (1) that the proposed regulation be clarified to show that it applies to substances containing free or chemically unneutralized sodium and/or potassium hydroxide in the specified amounts and (2) that it specify a method of analysis for determining free alkali such as the American Oil Chemists Society's official method, Da 4a–48. The Commissioner adopts the first suggestion which clarifies the proposal's intended meaning. Specifying a test method, however, is unnecessary in this instance because any method may be used that is scientifically valid and reliable for determining the presence of free sodium and/or potassium hydroxide.

E. *Need for special packaging.* Two manufacturers question the Commissioner's finding under section 3(a)(1) of the PPPA that special packaging is required for the subject products to protect children from serious personal injury or serious illness resulting from handling, using, or ingesting them.

1. A producer of household lye in a dry form contends that the supportive data in the proposal fails to provide scientific or legal proof that the reported ingestions and resulting hospitalizations and fatalities were the fault of the packaging; specifically, that the data does not show that the infants who died from ingestion of such products were able to open the properly closed containers and gain access to the substance. The more than 1,661 ingestions and 609 hospitalizations resulting from accidental ingestion by children under 5 years of age of such substances, as reported in the proposal, reflect the accessibility of these products in their present packaging to children under 5 years of age.

This manufacturer further contends that household lye in a flake or dry form is not as hazardous as the various other forms of household substances containing sodium and/or potassium hydroxide. Grounds given in support of this contention are that (1) formulated products rise to higher temperatures in the presence of moisture than does household lye, (2) lye tends to cake when exposed to moisture in the atmosphere and thus would tend to reduce the likelihood of accidental ingestion, (3) the dry flake form of household lye is unfamiliar to children and not associated with any substance commonly known to children, such as sugar, candy, salt, sand, etc., and (4) products labeled as lye are commonly known to be dangerous in the household and to require careful handling. A significant number of ingestions of household lye by children under 5 years of age and resulting hospitalizations have been reported, and at least one death of a child under 5 years of age from such accidental ingestion has been reported. These ingestions and the death reaffirm the hazard posed by household lye and the need for special packaging of this substance. The Commissioner does not have evidence showing that household lye in flake or dry form is significantly less dangerous and accordingly cannot exempt these products.

2. A producer of an aerosol oven cleaner containing more than 2 percent of sodium and/or potassium hydroxide states that approximately 20 million units of the product have been sold without reports of permanent eye injury caused thereby. The manufacturer states that the only problem reported with the aerosol oven cleaner has been adults accidentally spraying it into their faces and that no benefit will result from subjecting these cleaners to the proposed standards. In the proposal, the Commissioner reported at least seven incidents where such household substances had been sprayed or otherwise introduced accidentally into the eyes of children under 5 years of age. Furthermore, substances containing 2 percent or more of sodium and/or potassium hydroxide have been demonstrated to be corrosive to living tissue. The PPPA was enacted to protect children under 5 years of age from serious personal injury or serious illness. Injury to the eye need not be a permanent loss of sight or other permanent damage to be considered a serious personal injury. Exemption of this product is not justifiable.

Accordingly, the finding required by section 3(a)(1) of the act is affirmed.

F. *Technically feasible, practicable, and appropriate.* Three manufacturers of household substances containing sodium and/or potassium hydroxide contend that the special packaging to be required is not technically feasible, practicable, and appropriate.

Two of these maintain that this finding cannot be made for closures for oven cleaners in pressurized spray containers because:

1. Technical difficulties in manufacturing tolerances between the safety closures and the containers result in units either too easy or too difficult to open.

2. The safety closures may not withstand shipment, marketing, and normal household stress and handling for the life of the unit.

3. Safety closures for aerosols have not been available from full-scale production molds for evaluation.

4. Safety closures for aerosols do not adequately protect users from accidental contact with the product or from spray deflection.

5. A closure has not been developed that meets the effectiveness specifications of the proposed standards for the 8-ounce aerosol package of oven cleaner, which is the most popular size. Also, marketing this most popular size as the noncomplying package without also marketing it in a complying package would be contrary to the intent of section 4 of the PPPA.

One of the two also contends that special packaging for paste oven cleaners

requiring a brush applicator is not technically feasible, practicable, and appropriate because:

1. A minimum inside neck diameter of 45 millimeters is required to facilitate the safe use of the applicator. No safety closure tested in accordance with 21 CFR 295.10 is available in this diameter.

2. Those sample closures available with a minimum diameter of 45 millimeters are from sample or prototype molds and are not available in sufficient quantity for adequate evaluation.

The third alleges (1) that a closure meeting the effectiveness specifications of the proposed standards is not available for a 43-millimeter neck container for a solid lye product, (2) that the 43-millimeter diameter closure is necessary because the lye tends to cake and requires insertion of a spoon to remove the product, and (3) that inserting a spoon into the package to obtain a portion is safer than pouring the product which can result in spillage.

Regarding these comments and similar responses to other PPPA proposals, the Commissioner notes that manufacturers tend to conclude erroneously that the section 3(a)(2) finding has not been satisfied unless (a) special packaging meeting the effectiveness specifications of the standards is immediately available and (b) such packaging will conveniently lend itself to the specific type of package currently in use and to the existing packaging equipment within each firm. Under section 3(a)(2) of the PPPA, the Commissioner must establish that special packaging complying with the standards is technically feasible, practicable, and appropriate for the subject substances. The Commissioner is not required to find that the packaging is readily available and will lend itself conveniently to existing packages or packaging equipment of each firm.

The PPPA requires that the packaging of certain household substances must be changed or modified for the purpose of reducing injuries to children under 5 years of age. The various industries involved have been aware since passage of the act in December 1970 that one approach to child poison prevention would be child-resistant packaging. The PPPA does not contemplate delaying promulgation of standards for the special packaging of those substances where indicated until such time as industry is in a position to adopt the use of a closure or special package 100 percent compatible with their existing operations.

Accordingly, the finding required by section 3(a)(2) of the act is affirmed.

The Commissioner, however, in view of the data provided in the comments, concludes that additional compliance time is necessary regarding special packaging for the aerosols and the paste oven cleaners requiring a brush applicator. The effective date of this order for these two products is 270 days after publication hereof in the FEDERAL REGISTER. However, the Commissioner expects that industry will begin using the special packaging in the event it becomes available prior to this effective date.

Therefore, having evaluated the comments received and other relevant material, the Commissioner concludes that the proposal, with changes, should be adopted as set forth below.

The amendment below adds a new subparagraph (5) on sodium and/or potassium hydroxide to § 295.2(a). To give complete information on packaging requirements for sodium and/or potassium hydroxide, applicable portions of existing §§ 295.2 and 295.3 are included herein as follows:

Section 295.2 *Substances requiring "special packaging".*

* * * * *

(b) *Sample packages.* (1) The manufacturer or packer of any of the substances listed under paragraph (a) of this section as substances requiring special packaging shall provide the Commissioner with a sample of each type of special packaging, as well as the labeling for each size product that will be packaged in special packaging and the labeling for any noncomplying package. Sample packages and labeling should be sent to the Food and Drug Administration, Attention: Bureau of Product Safety, 5600 Fishers Lane, Rockville, MD 20852.

(2) Sample packages should be submitted without contents when such contents are unnecessary for demonstrating the effectiveness of the packaging.

(3) Any sample packages containing drugs listed under paragraph (a) of this section shall be sent by registered mail.

(4) As used in subparagraph (1) of this paragraph, the term "manufacturer or packer" does not include pharmacists and other individuals who dispense, at the retail or user level, drugs listed under paragraph (a) of this section as requiring special packaging.

* * * * *

Section 295.3 *Poison prevention packaging standards.* To protect children from serious personal injury or serious illness resulting from handling, using, or ingesting household substances, the Commissioner has determined that packaging designed and constructed to meet the following standards shall be regarded as "special packaging" within the meaning of section 2(4) of the act. Specific application of these standards to substances requiring special packaging is in accordance with § 295.2.

(a) *General requirements.* The special packaging must continue to function with the effectiveness specifications set forth in paragraph (b) of this section when in actual contact with the substance contained therein. This requirement may be satisfied by appropriate scientific evaluation of the compatibility of the substance with the special packaging to determine that the chemical and physical characteristics of the substance will not compromise or interfere with the proper functioning of the special packaging. The special packaging must also continue to function with the effectiveness specifications set forth in paragraph (b) of this section for the number of openings and closings customary for its size and contents. This requirement may be satisfied by appropriate technical evaluation based on physical wear and stress factors, force required for activation, and other such relevant factors which would establish that, for the duration of normal use, the effectiveness specifications of the packaging would not be expected to lessen.

(b) *Effectiveness specifications.* Special packaging which when tested by the method described in § 295.10, meets the following specifications:

(1) Child-resistant effectiveness of not less than 85 percent without a demonstration and not less than 80 percent after a demonstration of the proper means of opening such special packaging. In the case of unit packaging, child-resistant effectiveness of not less than 80 percent.

(2) Adult-use effectiveness not less than 90 percent.

* * * * *

Accordingly, pursuant to provisions of the Poison Prevention Packaging Act of 1970 (secs. 2(4), 3, 5, 84 Stat. 1670–1672; 15 U.S.C. 1471(4), 1472, 1474) and under authority delegated to the Commissioner (21 CFR 2.120), a new subparagraph (5) is added to § 295.2(a) as follows:

§ 295.2 Substances requiring "special packaging".

(a) *Substances.* The Commissioner of Food and Drugs has determined that the degree or nature of the hazard to children in the availability of the following substances, by reason of their packaging, is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using, or ingesting such substances, and that the special packaging herein required is technically feasible, practicable, and appropriate for these substances:

* * * * *

(5) *Sodium and/or potassium hydroxide.* Household substances in dry forms such as granules, powder, and flakes, containing 10 percent or more by weight of free or chemically unneutralized sodium and/or potassium hydroxide, and all other household substances containing 2 percent or more by weight of free or chemically unneutralized sodium and/or potassium hydroxide, shall be packaged in accordance with the provisions of § 295.3 (a) and (b).

* * * * *

Effective date. This order shall become effective 180 days after its date of publication in the FEDERAL REGISTER except as it applies to paste-type oven cleaners requiring a brush applicator and substances in pressurized spray containers for which the effective date shall be 270 days after its date of publication in the FEDERAL REGISTER.

(Secs. 2(4), 3, 5, 84 Stat. 1670–1672; 15 U.S.C. 1471(4), 1472, 1474)

Dated: October 6, 1972.

ROBERT C. BRANDENBURG,
Acting Associate Commissioner for Compliance.

[FR Doc.72-17448 Filed 10-12-72;8:53 am]

PART 295—REGULATIONS UNDER THE POISON PREVENTION PACKAGING ACT OF 1970

Child Protection Packaging Standards for Household Substances in Liquid Form Containing Turpentine

In the FEDERAL REGISTER of April 14, 1972 (37 F.R. 7407), the Commissioner

of Food and Drugs proposed child protection packaging standards for household substances in liquid form containing 10 percent or more by weight of turpentine.

Nine of the 14 comments received in response to the notice support the standards as proposed. The principal issues raised in the remainder of the comments and the Commissioner's conclusions are as follows:

A. *Expanded coverage.* The American Academy of Pediatrics recommends that the proposal be expanded to include substances used as substitutes for turpentine (e.g., paint thinners and solvents for household use). The Commissioner is considering making such additional substances the subject of a future proposal.

B. *Application.* The Academy also recommends that all products packaged prior to the effective date of the standards, and remaining on the market for sale, be returned to the manufacturer for repacking or restricted to purchasers without young children. Section 9 of the Poison Prevention Packaging Act of 1970 provides that a regulation establishing a special packaging standard shall not apply to any household substance packaged prior to the regulation's effective date. This recognizes that inventories may be exhausted while product packaging is altered to comply with the standard.

C. *Impact upon industry.* A packager and a trade association state that the adverse economic impact upon industry from the required packaging changes may become prohibitive. Passage of the act is recognition that any required package change is warranted to protect children from serious personal injury or serious illness. The standards for substances containing turpentine do not specify a particular package type or design and, therefore, allow industry the latitude to develop or use any form, type, or design of packaging that will meet the performance requirements.

The packager also questions whether industry might have financial recourse to the government for the difference in cost between conventional packaging and special packaging. The Commissioner concludes that there are no provisions in the act for such reimbursement.

D. *Need for special packaging.* A packager questions the Commissioner's finding, required by section 3(a)(1) of the act, that special packaging is required to protect children from serious personal injury or serious illness. It contends that the traditional screwcap closure is as safe as special packaging when properly resecured. Also, the packager states that when adults improperly resecure special packaging, it offers no safety advantage over conventional packaging.

Available data on accidental ingestions of turpentine clearly indicate the need for special packaging of this substance. The data reported in the proposal show 2,062 accidental ingestions of turpentine-containing products by children under 5 years of age for the 3-year period 1968–70. This shows that children are gaining access to this substance marketed in conventional packaging. The Commissioner previously recognized the need that special packaging be convenient for adults to use properly. Accordingly, § 295.10 *Testing procedure for special packaging* (21 CFR 295.10) includes adult testing to insure that adults can open and properly resecure the special packaging. For these reasons, and because the packager did not provide supportive data, the Commissioner's findings pursuant to section 3(a)(1) stands as set forth in the proposal.

E. *Use by the handicapped.* A consumer expresses concern that handicapped persons (particularly those with arthritis) may be unable to use, or may have difficulty using, the special packaging. Section 4(a) of the act acknowledges such a possibility and provides that substances subject to special packaging standards may also be packaged in noncomplying packaging within prescribed limitations.

F. *Effective date.* The American Academy of Pediatrics recommends that the standards be effective 60 days following promulgation in the FEDERAL REGISTER. A trade association requests that adequate time be allowed for packaged products to enter the market and for all present inventories and currently ordered conventional packaging to be utilized. The Commissioner finds (1) that adequate stocks of special packaging will not be sufficiently available for a 60-day effective date, (2) that the act provides that these standards shall not apply to stocks of the substance packaged prior to the effective date, and (3) that existing inventories of conventional packaging material on hand is not a valid reason for extension of the effective date. The Commissioner concludes that a period of 180 days is necessary, reasonable, and sufficient time to allow affected persons to achieve full compliance with the standards established by this order.

G. *Continuing effectiveness.* A consumer suggests that the special packaging should retain its child-resistant effectiveness quality after several openings. The Commissioner previously recognized this need. Section 295.3(a) requires that the special packaging must continue to function with the effectiveness specifications for the number of openings and closings customary for its size and contents and when in actual contact with the substance contained therein.

H. *Nonconsumer packages.* A manufacturer asks whether 1 gallon size containers of turpentine will be required to be in special packaging. The person who places a household substance subject to packaging standards into a container or package must determine if that container is in fact a package in which the substance may be delivered to the consumer for use or storage in the household. If it is not, then these standards do not apply.

No comments were received concerning the finding made by the Commissioner pursuant to section 3(a)(2) of the act, and the finding that the subject special packaging is technically feasible, practicable, and appropriate is hereby affirmed.

Therefore, having evaluated the comments and other relevant material, the Commissioner concludes that the proposal, without change, should be adopted as set forth below.

The amendment below adds a new paragraph (a)(6) on turpentine to § 295.2. To give complete information on packaging requirements for turpentine, applicable portions of existing §§ 295.2 and 295.3 are included herein as follows:

Section 295.2 *Substances requiring "special packaging".*

* * * * *

(b) *Sample packages.* (1) The manufacturer or packer of any of the substances listed under paragraph (a) of this section as substances requiring special packaging shall provide the Commissioner with a sample of each type of special packaging, as well as the labeling for each size product that will be packaged in special packaging and the labeling for any noncompliance package. Sample packages and labeling should be sent to the Food and Drug Administration, Attention: Bureau of Product Safety, 5600 Fishers Lane, Rockville, MD 20852.

(2) Sample packages should be submitted without contents when such contents are unnecessary for demonstrating the effectiveness of the packaging.

(3) Any sample packages containing drugs listed under paragraph (a) of this section shall be sent by registered mail.

(4) As used in subparagraph (1) of this paragraph, the term "manufacturer or packer" does not include pharmacists and other individuals who dispense, at the retail or user level, drugs listed under paragraph (a) of this section as requiring special packaging.

* * * * *

Section 295.3 *Poison prevention packaging standards.* To protect children from serious personal injury or serious illness resulting from handling, using, or ingesting household substances, the Commissioner has determined that packaging designed and constructed to meet the following standards shall be regarded as "special packaging" within the meaning of section 2(4) of the Act. Specific application of these standards to substances requiring special packaging is in accordance with § 295.2

(a) *General requirements.* The special packaging must continue to function with the effectiveness specifications set forth in paragraph (b) of this section when in actual contact with the substance contained therein. This requirement may be satisfied by appropriate scientific evaluation of the compatibility of the substance with the special packaging to determine that the chemical and physical characteristics of the substance will not compromise or interfere with the proper functioning of the special packaging. The special packaging must also continue to function with the effectiveness specifications set forth in paragraph (b) of this section for the number of openings and closings customary for its size and contents. This requirement may be satisfied by appropriate technical evaluation based on physical wear and stress factors, force required for activation, and other such relevant factors which establish that, for the duration of normal use, the effectiveness specifications of the packaging would not be expected to lessen.

(b) *Effectiveness specifications.* Special packaging which when tested by the method described in § 295.10, meets the following specifications:

(1) Child-resistant effectiveness of not less than 85 percent without a demonstration and not less than 80 percent after a demonstration of the proper means of opening such special packaging. In the case of unit packaging, child-resistant effectiveness of not less than 80 percent.

(2) Adult-use effectiveness not less than 90 percent.

* * * * *

Accordingly, pursuant to provisions of the Poison Prevention Packaging Act of 1970 (secs. 2(4), 3, 5, 84 Stat. 1670–1672; 15 U.S.C. 1471(4), 1472, 1474), and under authority delegated to the Commissioner (21 CFR 2.120), a new paragraph (a)(6) is added to § 295.2 as follows:

§ 295.2 Substances requiring "special packaging".

(a) *Substances.* The Commissioner of Food and Drugs has determined that the degree or nature of the hazard to children in the availability of the following substances, by reason of their packaging, is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using, or ingesting such substances, and that the special packaging herein required is technically feasible, practicable, and appropriate for these substances:

* * * * *

(6) *Turpentine.* Household substances in liquid form containing 10 percent or more by weight of turpentine shall be packaged in accordance with the provisions of § 295.3 (a) and (b).

* * * * *

Effective date. This order shall become effective 180 days after its date of publication in the FEDERAL REGISTER.

(Secs. 2(4), 3, 5, 84 Stat. 1670–1672; 15 U.S.C. 1471(4), 1472, 1474)

Dated: October 6, 1972.

ROBERT C. BRANDENBURG,
Acting Associate Commissioner for Compliance.

Title 22—FOREIGN RELATIONS

Chapter I—Department of State

[Dept. Reg. 108.678]

PART 41—VISAS: DOCUMENTATION OF NONIMMIGRANTS UNDER THE IMMIGRATION AND NATIONALITY ACT, AS AMENDED

Miscellaneous Amendments

Part 41, Chapter I, Title 22 of the Code of Federal Regulations is amended to provide for submission of a report directly to the approving office of the Immigration and Naturalization Service, rather than to the Department, whenever a consular officer knows or has reason to believe that an alien applying for a visa under section 101(a)(15)(H) or (L) of the Immigration and Nationality Act is not qualified under that section to perform the services or undertake the training specified in the approved petition.

1. Paragraph (b) of § 41.55 is amended to read:

§ 41.55 Temporary workers and trainees.

* * * * *

(b) If a consular officer knows or has reason to believe that an alien applying for a visa under section 101(a)(15)(H) of the Act is not qualified to perform the services, or to undertake the training, specified in the employer's petition approved by the Attorney General he shall suspend action on the alien's application and submit a report to the approving office of the Immigration and Naturalization Service for whatever action appears to be warranted.

* * * * *

2. Paragraph (b) of § 41.67 is amended to read:

§ 41.67 Executives, managers, and specialists (intracompany transferees).

* * * * *

(b) If a consular officer knows or has reason to believe that an alien applying for a visa under section 101(a)(15)(L) of the Act has not been continuously employed for 1 year by the same employer or an affiliate or subsidiary thereof, or has not been employed in a managerial or executive capacity, or does not possess specialized knowledge, as specified in the employer's petition approved by the Attorney General, he shall suspend action on the alien's application and submit a report to the approving office of the Immigration and Naturalization Service for whatever action appears to be warranted.

* * * * *

Effective date. The amendment to the regulations contained in this order shall become effective upon publication in the FEDERAL REGISTER (10–13–72).

The provisions of the Administrative Procedures Act (80 Stat. 383; 5 U.S.C. 553) relative to notice of proposed rule making are inapplicable to this order because the regulations contained herein involve foreign affairs functions of the United States.

(Sec. 104, 66 Stat. 174; 8 U.S.C. 1104).

For the Secretary of State.

Dated: October 2, 1972.

[SEAL] BARBARA M. WATSON,
Administrator, Bureau of Security and Consular Affairs, Department of State.

Title 26—INTERNAL REVENUE

Chapter I—Internal Revenue Service, Department of the Treasury

SUBCHAPTER E—ALCOHOL, TOBACCO, AND OTHER EXCISE TAXES

[T.D. ATF-1]

PART 201—DISTILLED SPIRITS PLANTS

Green Bottled-in-Bond Strip Stamps

Correction

In F.R. Doc. 72-16182 appearing at page 19805 of the issue for Friday, September 22, 1972, in the 22d line of § 201.541(a) the word "extended" should read "exported".

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 15—Environmental Protection Agency

PART 15-4—SPECIAL TYPES AND METHODS OF PROCUREMENT

Subpart 15-4.53—Procurements Involving Use of Radio Frequencies

Subpart 15-4.53, Procurements Involving Use of Radio Frequencies, is hereby added to Chapter 15, Title 41, of the Code of Federal Regulations.

Effective date. This regulation will become effective on its date of publication in the FEDERAL REGISTER (10-13-72).

Dated: October 10, 1972.

ROBERT W. FRI,
Acting Administrator.

Sec.
15-4.5300 Scope of subpart.
15-4.5301 General.
15-4.5302 Policy.
15-4.5303 Procedures.

AUTHORITY: The provisions of this Subpart 15-4.53 issued under 40 U.S.C. 486(c), sec. 205(c), 63 Stat. 377, as amended.

§ 15-4.5300 Scope of subpart.

This subpart provides background information and prescribes the policy and procedures applicable to contractual commitments involving radio frequencies.

§ 15-4.5301 General.

(a) One of the objectives of the Office of Telecommunications Management, Executive Office of the President, is to insure within the Executive Branch the development of telecommunications plans and policies which will promote the optimum use of resources through better management of the radio frequency spectrum. The Director of the Office of Telecommunications Management has requested the EPA Communications Office to support this objective

in order to bring about more efficient and effective frequency management throughout the Executive Branch.

(b) The Director invited Federal users of radio in December 1964, to examine procurement procedures and controls and ensure availability of adequate radio frequency support before developing and procuring communications-electronics equipment.

(c) In March 1968, the Director invited attention to the modification of the Office of Telecommunications Management's Manual of Regulations and Procedures for Radio Frequency Management. The modification required that the obligation of funds involving the selection, procurement, and development of terrestrial station sites and facilities be withheld pending assurance of the availability of appropriate frequency support.

(d) By July 1968, the Director was appraised that another related frequency support area warranted increased attention. In several instances, the Federal Communications Commission had faced difficult decisions as the result of licensing requests from civilian interests other than electronics equipment manufacturers. The development and application of communications-electronics devices were undertaken by these interests as the direct result of efforts/studies having governmental contractual support. This situation is expected to become increasingly important with the added interest and emphasis on the part of the Executive Branch in areas such as urban development, transportation, and crime prevention.

§ 15–4.5302 Policy.

To insure that budgetary and radio frequency resources are utilized in an efficient manner and to minimize the likelihood of potential conflicts, it is the policy of EPA to:

(a) Assure the availability of radio frequency support prior to the development and procurement of communications-electronics equipment;

(b) Withhold the obligation of funds involving the selection, procurement, and development of terrestrial station sites, facilities, and related components pending assurance of the availability of appropriate frequency support; and

(c) Assure that, wherein the development and application of communications-electronics devices are undertaken as the direct result of efforts/studies having Government contractual support, adequate radio frequency resources are available prior to the completion of contractual arrangements.

§ 15–4.5303 Procedures.

(a) The chief officer responsible for procurement at the contracting activity shall submit, through administrative channels to the Communications Officer, Data and Support Systems Division (AMAD), Environmental Protection Agency, a request to determine availability of radio frequency support. The request shall contain the following information:

(1) A brief statement or circumstances establishing the need;

(2) Description of equipment required;

(3) The desired radio frequency band;

(4) The area of operation (range or radius) in which the radio frequency will perform; and

(5) The control number assigned by the chief officer responsible for procurement at the contracting activity to identify the frequency support request. (Refer to § 15–4.5303(d)).

(b) The Communications Officer will coordinate the request to assure that the frequency band is properly allocated and will process all applications to secure the frequency assignment.

(c) The Communications Officer will inform the chief officer responsible for procurement at the contracting activity through administrative channels, of the result of such coordination.

(d) The control number assigned to the request shall be used in all subsequent actions for identification of the specific transaction.

Title 43—PUBLIC LANDS: INTERIOR

Chapter II—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 5264]

[Fairbanks 480]

ALASKA

Partial Revocation of Withdrawal for Air Navigation Facility; Withdrawal of Released Lands for Townsite Purposes

By virtue of the authority contained in section 4 of the Act of May 24, 1928, 49 U.S.C. 214 (1970), and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 2334 of April 17, 1961, which withdrew lands for use of the former Federal Aviation Agency, now Federal Aviation Administration, as an air navigation facility, is hereby revoked so far as it affects the following described lands:

KOTZEBUE

Beginning at Corner No. 10 of U.S. Survey No. 2083; thence N. 59°59′ E., 1,821.95 feet to a point on the shore of Kotzebue Sound; thence following said meanders, S. 79°22′ E., 626.9 feet; S. 61°55′ E., 435.6 feet; S. 74°05′ E., 543.5 feet; S. 87°25′10″ E., 893.0 feet to Meander Corner No. 4, Tract B, U.S. Survey No. 4498; S. 26°30′ W., 2,016.42 feet to Meander Corner No. 5 of said survey; thence N. 64°08′ W., approximately 3,394.35 feet to Corner No. 10, U.S. Survey No. 2083, the point of beginning, containing 112.49 acres, excepting therefrom that portion now described as Tract 10, U.S. Survey No. 2645, Alaska, and a 50-foot right-of-way for a utility line more particularly described as commencing at Corner No. 10, U.S. Survey No. 2083, thence S. 64°8′00″ E., 1,590 feet to the true point of beginning, thence N. 42°-42′00″ E., 500 feet to a point on the south boundary of Tract 10, U.S. Survey No. 2645, containing a total of 35.01 acres of land, which will remain withdrawn by Public Land Order No. 2334 for use by the Federal Aviation Administration.

2. The remaining 77.48 acres of the land described in paragraph 1 of this order, are portions of the Kotzebue Townsite Addition, Tracts "A" and "B", U.S. Survey No. 4498, the plat of which was officially approved on December 5, 1969. Subject to valid existing rights, these lands shall remain withdrawn and may be entered for townsite purposes pursuant to section 11 of the Act of March 3, 1891, 43 U.S.C. 732 (1970), the Act of May 25, 1926, 43 U.S.C. 733–736 (1970), and the Act of February 26, 1948, 43 U.S.C. 737 (1970).

Inquiries concerning the land should be addressed to the State Director, Bureau of Land Management, 555 Cordova Street, Anchorage, AK 99501.

HARRISON LOESCH,
Assistant Secretary of the Interior.

OCTOBER 10, 1972.

Title 49—TRANSPORTATION

Chapter I—Department of Transportation

SUBCHAPTER A—HAZARDOUS MATERIALS REGULATIONS BOARD

[Docket No. HM–96, Amdts. 172–17, 173–67]

PART 172—COMMODITY LIST OF HAZARDOUS MATERIALS CONTAINING THE SHIPPING NAME OR DESCRIPTION OF ALL ARTICLES SUBJECT TO PARTS 170–189 OF THIS CHAPTER

Etiologic Agents

Correction

In F.R. Doc. 72–16609 appearing at page 20554 of the issue for Saturday, September 30, 1972, in § 172.5(a) the number in the tabulated material under "Label required if not exempt" should read "(173.388)" instead of "(17.383)".

SUBCHAPTER B—OFFICE OF PIPELINE SAFETY

[Amdt. 192–10; Docket No. OPS–14]

PART 192—TRANSPORTATION OF NATURAL AND OTHER GAS BY PIPELINE: MINIMUM FEDERAL SAFETY STANDARDS

Liquefied Natural Gas Systems

The Department of Transportation is amending Part 192 to create a new § 192.12 that will establish Federal safety standards for liquefied natural gas (LNG). This will be accomplished by incorporating into the regulations, by reference, standards developed in the revised

and enlarged version of Standard 59A approved by the National Fire Protection Association (NFPA) on May 19, 1971.

On January 6, 1972, a notice of proposed rule making was published in the FEDERAL REGISTER proposing that NFPA Standard 59A be incorporated into Part 192 (OPS Notice 72-1; 37 F.R. 145, January 6, 1972). Interested persons were afforded an opportunity to participate in the rule making by submitting written information, views, or arguments. opinions and data presented in the comments that were subsequently received have been given full consideration.

Many commenters were concerned that LNG facilities presently in existence or under construction would be required to comply with the adopted NFPA Standard. Such a retroactive application of these LNG regulations is not intended and indeed is restricted by the Natural Gas Pipeline Safety Act (49 U.S.C. 1672 (b)). A provision has therefore been added to section 192.12 to make clear that LNG facilities in operation or under construction before January 1, 1973, need not be in compliance with NFPA Standard 59A, except that they will be required to adhere to the applicable operating requirements and, after December 31, 1972, to the modification and repair requirements of NFPA Standard 59A and of Part 192.

A number of commenters suggested specific modifications of individuals sections of the NFPA Standard. Such changes are not feasible at this time as the Department is adopting the NFPA Standard only as an interim measure while developing permanent regulations specifically applicable to LNG facilities. With this development of LNG regulations, full attention will be given by the Department to these recommendations.

As suggested by commenters, the term "process" in the proposed regulation has been replaced with the term "treat", and the term "pipeline facility" has been substituted for the term "system". These changes are made to clarify the applicability of the adopted NFPA standard by employing terms used in the Natural Gas Pipeline Safety Act and in Part 192. Further, the term "transport" has been replaced by the term "transfer" to indicate that these interim LNG safety standards govern the transfer of LNG by pipeline within an LNG pipeline facility and not to its transportation over extended distances.

In the event of a conflict between adopted NFPA Standard 59A and Part 192, § 192.12 allows the operator of the LNG facility the opportunity to make a considered determination as to which standard should prevail in resolving such conflicts. When no such conflicts are apparent, both NFPA Standard 59A and the provisions of Part 192 must be complied with to the fullest possible extent.

Section 4(a) of the Natural Gas Pipeline Safety Act requires that all proposed standards and amendments to such standards be submitted to the Technical Pipeline Safety Standards Committee and that the committee be afforded a reasonable opportunity to prepare a report on the "technical feasibility, reasonableness, and practicability of each such proposal." This amendment to Part 192 has been submitted to the committee and it has submitted a favorable report. The committee's report and the proceedings which led to that report are set forth in the public docket for this amendment which is available at the Office of Pipeline Safety.

In consideration of the foregoing, Part 192 of Title 49 of the Code of Federal Regulations is amended as follows, effective November 13, 1972.

1. The table of sections for Part 192 is amended by adding the following new section heading after § 192.11:

Sec.
192.12 Liquefied natural gas facilities.

2. The following new section is added after § 192.11:

§ 192.12 Liquefied natural gas facilities.

(a) Except for a pipeline facility in operation or under construction before January 1, 1973, no operator may store, treat, or transfer liquefied natural gas in a pipeline facility unless that pipeline facility meets the applicable requirements of this part and of NFPA Standard No. 59A.

(b) No operator may store, treat, or transfer liquefied natural gas in a pipeline facility in operation or under construction before January 1, 1973, unless—

(1) The facility is operated in accordance with the applicable operating requirements of this part and of NFPA Standard 59A; and

(2) Each modification or repair made to the facility after December 31, 1972, conforms to the applicable requirements of this part and NFPA Standard 59A, insofar as is practicable.

3. Section II.F. of Appendix A to Part 192 is amended by adding the following new item at the end thereof:

4. NFPA Standard 59A "Standard for the Production, Storage and Handling of Liquefied Natural Gas (LNG)" (1971 edition).

This amendment is issued under the authority of section 3 of the Natural Gas Pipeline Safety Act of 1968 (49 U.S.C. 1672), section 1.58(d) of the regulations of the Office of the Secretary of Transportation (49 CFR 1.58(d)), and the redelegation of authority to the Director, Office of Pipeline Safety, set forth in Appendix A to Part 1 of the regulations of the Office of the Secretary of Transportation (49 CFR Part 1).

Issued in Washington, D.C., on October 10, 1972.

JOSEPH C. CALDWELL,
Director,
Office of Pipeline Safety.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

PART 32—HUNTING

Monte Vista National Wildlife Refuge, Colo.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER. (10-13-72).

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

COLORADO

MONTE VISTA NATIONAL WILDLIFE REFUGE

Archery hunting of pheasants, rabbits, skunk, badger, raccoon, coyote, bobcat, and feral cat on the Monte Vista National Wildlife Refuge, Colo., is permitted only on the area designated by signs or maps as open to hunting. This open area, comprising 2,865 acres, is delineated on maps available at refuge headquarters, Monte Vista, Colo., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103.

Archery hunting shall be in accordance with all applicable State regulations governing the hunting of pheasants, rabbits, skunk, badger, raccoon, coyote, bobcat, and feral cat subject to the following special conditions:

(1) The archery hunting season on the refuge extends from November 18 through November 26, 1972, inclusive.

(2) Weapons — Only nonmechanical bow as permitted by State regulations and flu-flu arrows may be used for hunting.

(3) Dogs—Not to exceed two dogs per hunter may be used in the hunting of pheasants, rabbits, skunk, badger, raccoon, coyote, bobcat, and feral cat.

(4) Admittance—Entrance to the open area and parking of vehicles will be restricted to designated parking areas.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 27, 1972.

CHARLES R. BRYANT,
Refuge Manager, Monte Vista National Wildlife Refuge, Monte Vista, Colo.

OCTOBER 4, 1972.

[FR Doc.72-17452 Filed 10-12-72;8:45 am]

PART 32—HUNTING

Monte Vista and Alamosa National Widlife Refuges, Colo.

The following special regulation is issued and is effective on date of

publication in the FEDERAL REGISTER (10–13–72).

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

COLORADO

MONTE VISTA NATIONAL WILDLIFE REFUGE

The public hunting of pheasants on the Monte Vista National Wildlife Refuge, Colo., is permitted only on the area designated by signs as open to hunting. This open area, comprising 5,314 acres, is delineated on maps available at refuge headquarters, Monte Vista, Colo., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103.

Hunting shall be in accordance with all applicable State regulations governing the hunting of pheasants subject to the following special conditions:

(1) The pheasant hunting season on the refuge extends from November 18 through November 26, 1972, inclusive.

(2) Dogs—Not to exceed two dogs per hunter may be used in the hunting of pheasants.

(3) Admittance—Entrance to the open area and parking of vehicles will be restricted to designated parking areas.

(4) Hunting with rifles and hand guns is prohibited.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 27, 1972.

ALAMOSA NATIONAL WILDLIFE REFUGE

The public hunting of pheasants on the Alamosa National Wildlife Refuge, Colo., is permitted only on the area designated by signs as open to hunting. This open area, comprising 3,267 acres, is delineated on maps available at refuge headquarters, Alamosa, Colo., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103.

Hunting shall be in accordance with all applicable State regulations governing the hunting of pheasants subject to the following special conditions:

(1) The pheasant hunting season on the refuge extends from November 18 through November 26, 1972, inclusive.

(2) Dogs—Not to exceed two dogs per hunter may be used in the hunting of pheasants.

(3) Admittance—Entrance to the open area and parking of vehicles will be restricted to designated parking areas.

(4) Hunting with rifles and hand guns is prohibited.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 27, 1972.

CHARLES R. BRYANT,
Refuge Manager, Monte Vista National Wildlife Refuge, Monte Vista, Colo.

OCTOBER 4, 1972.

[FR Doc.72–17453 Filed 10–12–72;8:45 am]

PART 32—HUNTING

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (10–13–72).

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

OKLAHOMA

SALT PLAINS NATIONAL WILDLIFE REFUGE

Public hunting of deer is permitted on the Salt Plains National Wildlife Refuge, Okla., but only on the area designated by signs as open to hunting. This open area, comprising 2,347 acres, is delineated on maps available at refuge headquarters, Jet, Okla., and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Participants are to be selected on the basis of a special drawing, and applications are to be submitted to the Oklahoma Department of Wildlife Conservation, 1801 North Lincoln, Oklahoma City, OK 73105. Application may be made by letter, and must contain the applicant's name, address, and Oklahoma deer hunting license number. Application for bow hunting may be made between September 1 and September 30, 1972. Application for gun hunting may be made between September 15 and October 15, 1972. Hunting shall be in accordance with all applicable State regulations covering the hunting of deer subject to the following special conditions:

(1) The bow hunting season is October 21, 22, 25, 26, 28, and 29, 1972.

(2) The gun hunting season is November 18, 19, 22, 23, 25, and 26, 1972.

(3) Hunters must check in at the refuge office prior to entering the assigned hunting area and must check out at the refuge office before leaving the area.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 30, 1972.

RONALD S. SULLIVAN,
Salt Plains National Wildlife Refuge, Jet, Okla.

Proposed Rule Making

DEPARTMENT OF THE INTERIOR

Bureau of Mines

[30 CFR Part 75]

MANDATORY SAFETY STANDARDS FOR UNDERGROUND COAL MINES

Self-Propelled Electric Face Equipment; Objections Filed and Hearing Requested

In accordance with the provisions of section 305(r) of the Federal Coal Mine Health and Safety Act of 1969, as amended (83 Stat. 779; 30 U.S.C. 865(r)), and pursuant to the authority vested in the Secretary of the Interior under section 101(a) of the Act (83 Stat. 745; 30 U.S.C. 811(a)), there was published, as proposed rulemaking, in the FEDERAL REGISTER for June 23, 1972 (37 F.R. 12395), §§ 75.523–1 through 75.523–3 of Part 75, Subchapter O, Chapter I, Title 30, Code of Federal Regulations, setting forth proposed mandatory standards which would: (1) Establish installation and performance requirements for devices that would deenergize self-propelled electric face equipment in the event of an emergency; and, (2) establish installation and performance requirements for automatic emergency brakes on rubber-tired, self-propelled electric face equipment.

Interested persons were afforded a period of 45 days following publication within which to submit to the Director, Bureau of Mines, written comments, suggestions, or objections to these proposed mandatory safety standards, stating the grounds therefor, and to request a public hearing on such objections.

Section 101(f) of the Act directs the Secretary to publish in the FEDERAL REGISTER, as soon as practicable after the period for filing such objections has expired, a notice specifying proposed mandatory safety standards to which objections have been filed and a hearing requested.

Notice is hereby given that written objections were timely filed with the Director, Bureau of Mines, stating the grounds for objections and requesting a hearing on proposed §§ 75.523–1 through 75.523–3.

Pursuant to section 101(g) of the Act, the Secretary shall, promptly after publication of this notice in the FEDERAL REGISTER, issue notice of the time and place at which a public hearing will be held for the purpose of receiving evidence relevant to the objections received.

JOHN B. RIGG,
Deputy Assistant,
Secretary of the Interior.

POSTAL SERVICE

[39 CFR Part 123]

SOLICITATIONS BY MAIL IN THE GUISE OF BILLS OR STATEMENTS OF ACCOUNT

Notice of Proposed Rule Making

Section 123.4(e) of Title 39, Code of Federal Regulations, provides that solicitations in the guise of bills or statements of account are nonmailable unless such matter conforms with certain requirements as to format or presentation. Experience in administering these regulations necessitates a revision of them for purposes of clarification, and in order to better carry out the intent of the statutory requirements upon which the regulations are based. (39 U.S.C. 3001(d)). Accordingly, complying voluntarily with the advance notice requirement of the Administrative Procedure Act (5 U.S.C. 553 (b), (c)) regarding proposed rule making, the Postal Service proposes that § 123.4(e), *Solicitations in the guise of bills or statements of account,* be revised to read as hereinafter stated.

Interested persons who desire to do so may submit written data, views or arguments concerning the proposed regulations to the Assistant General Counsel, Consumer Protection Division, Law Department, U.S. Postal Service, Washington, D.C. 20260, at any time prior to the 30th day following the date of publication of this notice in the FEDERAL REGISTER.

In § 123.4 *Lotteries, false representations, libelous matter and solicitations in the guise of bills or statements of account,* amend paragraph (e) to read as follows:

§ 123.4 Lotteries, false representations, libelous matter and solicitations in the guise of bills or statements of account.

* * * * *

(e) *Solicitations in the guise of bills or statements of account (39 U.S.C. 3001(d)).* Any otherwise mailable matter which reasonably could be considered a bill, invoice, or statement of account due, but is in fact a solicitation for an order, is nonmailable unless it conforms to the following requirements:

(1) Each such solicitation shall bear the notice: This is not a bill. The notice shall appear on the face of such solicitation in boldface capital letters of a color prominently contrasting with the background against which it appears, including all other print thereon, and at least as large and as bold as any other print thereon but not smaller than 30-point type. The notice shall be located in accordance with one of the following options:

(i) On the center of the diagonal described by a straight line drawn from the vertex of the lower left corner to the vertex of the upper right corner; or

(ii) Overprinting each portion of the solicitation which reasonably could be considered to specify a monetary amount due and payable by the recipient.

(2) In addition to the requirements of subparagraph (1) of this paragraph, such solicitation shall bear on its face the following disclaimer:

This is a solicitation. You are under no obligation to pay unless you accept this offer.

(3) The disclaimer required by subparagraph (2) of this paragraph shall meet the following requirements:

(i) It shall be surrounded by clear space of at least one-quarter inch;

(ii) It shall appear in boldface capital letters no smaller than 18-point type and of the same color as the notice required by subparagraph (1) of this paragraph; and

(iii) It shall not, by folding or any other device, be rendered less prominent than any other information on the face of the solicitation.

(4) Any solicitation which states that it has been approved by the Postal Service or by the Postmaster General or that it conforms to any postal law or regulation is nonmailable.

(39 U.S.C. 401, 3001(d))

LOUIS A. COX,
General Counsel.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 1062]

[Docket No. AO 10–A46]

MILK IN ST. LOUIS-OZARKS MARKETING AREA

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreement and Order

Notice is hereby given of a public hearing to be held November 1 at the Holiday Inn-West, Interstate 270 at St. Charles Rock Road, Bridgeton, Mo., beginning at 10 a.m., with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the St. Louis-Ozarks marketing area.

The hearing is called pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900).

The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by Sunny Hill Farms Dairy Co., Inc.:

Proposal No. 1. The order be amended by deletion of "plus a location adjustment of 15 cents;" from § 1062.53(b), thereby making the price in Zone II the same as the price in Zone I.

Proposed by the Dairy Division, Agricultural Marketing Service:

Proposal No. 2. Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, Post Office Box 1485, Maryland Heights, MO 63043, or from the Hearing Clerk, Room 112–A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250 or may be there inspected.

Signed at Washington, D.C., on October 10, 1972.

JOHN C. BLUM,
Deputy Administrator, Regulatory Programs.

Agricultural Stabilization and Conservation Service

[7 CFR Parts 722, 728, 775]

FEED GRAIN, WHEAT AND UPLAND COTTON SET-ASIDE PROGRAMS

Permission To Produce Crops on 1973 Set-Aside Acreage

Notice is hereby given that the Secretary is considering what crops should be permitted to be produced on acreage set aside under the Feed Grain, Wheat, and Upland Cotton Set-Aside programs. Pursuant to the Agricultural Adjustment Act of 1938 and the Agricultural Act of 1949, as amended by the Agricultural Act of 1970, the Secretary may permit, subject to such terms and conditions as he may prescribe, all or any of the acreage set aside under the Feed Grain, Wheat, and Upland Cotton Set-Aside programs to be devoted to the production of guar, sesame, safflower, sunflower, castor beans, mustard seed, crambe, plantago ovato, flaxseed, or other commodity, if he determines that such production is needed to provide an adequate supply, is not likely to increase the cost of the price-support program, and will not adversely affect farm income. The regulations governing the programs will be amended to specify the commodities which may be produced on the set-aside acreage during the 1973 crop year.

Interested persons are invited to submit written data, views, and recommendations pertaining to the commodities which may be produced in 1973 to the Director, Oilseeds and Special Crops Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250. All written submissions made pursuant to this notice will be made available for public inspection in the office of the Director during regular business hours (8:15 a.m. to 4:45 p.m.). All submissions must, in order to be sure of consideration, be received not later than 30 days from the date of publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D.C., on October 4, 1972.

GLENN A. WEIR,
Acting Administrator, Agricultural Stabilization and Conservation Service.

[7 CFR Part 730]

RICE

Proposed Marketing Quota Regulations for 1967 and Subsequent Crop Years

Pursuant to authority contained in the applicable provisions of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C., 1353, 1375), the Department proposes to amend the Rice Marketing Quota Regulations for 1967 and Subsequent Crop Years.

The purpose of these amendments is to (1) establish a date by which time a producer must apply for a downward adjustment in the amount of the farm marketing excess if the actual production on an excess farm is less than the normal production of the acreage allotment, (2) establish a specified time when marketing quota penalties become due and must be remitted by the producer, (3) change the time when marketing quota penalties collected by buyers must be remitted from 15 days after purchase of the rice to 10 days, (4) provide for the county office to remit rice marketing quota penalties directly to the appropriate Federal Reserve Bank as opposed to being forwarded to the credit of the Treasurer of the United States, and (5) withdraw the requirement that intermediate buyers make a report of all rice purchased within 15 days after date of purchase, except as may be required of any buyer upon a written request by the State committee, State executive director, or the county committee, in the form of a special report.

1. Section 730.10 be amended by revising paragraph (a) thereof to read as follows:

§ 730.10 Farm marketing excess adjustment.

(a) *Adjustment in the amount of the farm marketing excess.* (1) Any producer having an interest in the rice produced on any farm for which there is an excess may (i) not later than January 15 or within 30 days after a late notice of farm marketing quota and farm marketing excess is mailed, as provided in § 730.9, apply in writing to the county office for a downward adjustment in the amount of the farm maketing excess on the basis of the amount of rice produced on the farm in the applicable crop year, or (ii) apply in writing to the county office at any time prior to the institution of court proceedings to collect the penalty for a determination that there was no farm marketing excess for the farm because the actual production of rice on the farm was not in excess of the normal production of the acreage allotment.

(2) Unless application for an adjustment in the farm marketing excess is made as provided under subparagraph (1) of this paragraph, the excess for any farm in the county as determined on the basis of the normal production of the excess rice acreage for the farm shall be final as to the producers on the farm.

(3) If an application is timely filed a record of filing shall be made and the date thereof shall be maintained in the county office. The county committee shall set a time and a place to consider the application and notify the applicant.

* * * * *

2. Section 730.25 be amended by revising paragraph (b) thereof to read as follows:

§ 730.25 Payment of penalties by producers.

* * * * *

(b) *Time when penalties become due.* To the extent collection has not been made prior thereto, the amount of the penalty with respect to the farm marketing excess for any farm shall be remitted by the producer not later than January 15, or not later than 30 calendar days after notice of farm marketing quota and farm marketing excess is mailed as provided for in § 730.9: *Provided,* That the penalty on that amount of the farm marketing excess delivered to the Secretary pursuant to § 730.31 or § 730.9 shall not be remitted: *Provided further,* That the penalty on that amount of the farm marketing excess which is stored pursuant to § 730.30 or § 730.9 shall not be remitted until the time, and to the extent, of any depletion in the amount of rice so stored not authorized as provided in § 730.30(g).

3. Section 730.26 be amended by revising paragraphs (b) and (d) thereof to read as follows:

§ 730.26 Payment of penalties by buyers.

* * * * *

(b) *Time when penalties become due.* The penalty to be paid by a person who buys or acquires rice pursuant to paragraph (a) of this section shall be due at the time the rice is purchased or acquired and shall be remitted not later than 10 calendar days thereafter.

* * * * *

(d) *Collection by buyer at a sale which depleted stored excess rice.* Any buyer within the United States who purchases rice at a sale which has the effect of depleting stored excess rice, including a

sale for stored excess rice, including a sale for storage charges, shall be liable for the penalty due from the producer under § 730.30(g) and shall remit the amount of the penalty to the county office within 10 days after such purchase in the manner provided in § 730.27. Failure to collect from the producer shall not relieve the buyer of his duty to remit the amount of the penalty.

4. Section 730.28 be amended by revising the entire section to read as follows:

§ 730.28 Deposit of funds.

All funds received in the county office in connection with penalties for rice shall be scheduled and transmitted within 24 hours to the appropriate Federal Reserve Bank. In the event the funds so received are in the form of cash, such funds shall be deposited in the county committee bank account and a check shall be issued in the amount thereof, payable to the order of the Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, and transmitted to the Federal Reserve Bank. A record shall be maintained of each amount received in the county office, showing the name of the person who remitted the funds, the identification of the farm or farms in connection with which the funds were received, and the name of the person who marketed the rice in connection with which the funds were remitted.

§ 730.34 [Amended]

5. Section 730.34 be amended by withdrawing paragraph (c).

Prior to the issuance of these amendments any data, views, or recommendations pertaining thereto which are submitted in writing to the Director, Commodity Stabilization Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250, will be given consideration provided such submissions are submitted within 15 days from date of publication of this notice. To be sure of consideration, such submission should be postmarked not later than 15 days after the date of publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at such times and places and in a manner convenient to the public business (7 CFR 1.27(b)).

Signed at Washington, D.C., on October 3, 1972.

GLENN A. WEIR,
Acting Administrator, Agricultural Stabilization and Conservation Service.

[7 CFR Part 730]

RICE

Proposed Acreage Allotments for 1969 and Subsequent Crops

Notice is hereby given that pursuant to the authority contained in the applicable provisions of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C., 1353, 1375), the Department proposes to amend the regulations for determination of acreage allotments for 1969 and subsequent crops of rice.

The purpose of these amendments is to (1) rephrase and redefine the terms "Rice acreage planted and considered planted on a farm," "Farm rice history acreage," "Producer rice history acreage," and "Rice acreage planted and considered planted by a producer," (2) revise and update the provisions for establishing preliminary allotments for old rice farms and producers, and (3) revise and update the provisions for determining new rice farm and producer allotments, changing the application filing date from January 31 to February 15 in the process. The primary reason for these changes results from having recently eliminated certain commodity county office instructional handbooks and combining others to consolidate and unify, where possible, instructions by commodities for voluntary set-aside and mandatory marketing quota programs basically along functional lines.

Prior to the issuance of these amendments, any data, views, or recommendations pertaining thereto which are submitted in writing to the Director, Commodity Stabilization Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250, will be given consideration provided such submissions are postmarked not later than 30 days from the date of publication of this notice in the FEDERAL REGISTER.

All written submissions made pursuant to this notice will be made available for public inspection at such times and places and in a manner convenient to the public business (7 CFR 1.27(b)).

It is proposed that the Subpart—Regulations for Determination of Acreage Allotments for 1969 and Subsequent Crops of Rice (33 F.R. 14520), as amended, be amended as follows:

1. Section 730.62 be amended by revising subparagraphs (4), (10), (13), and (14) of paragraph (b) to read as follows:

§ 730.62 Definitions.

* * * * *

(b) * * *

(4) "Farm rice history acreage" means the acreage determined in accordance with § 730.1516(b) or § 730.67(b) and § 730.1527(b) or § 730.78(b), as applicable.

* * * * *

(10) "Producer rice history acreage" means the producer's share(s) of the farm rice history acreage determined in accordance with § 730.67(b) and apportioned among the producers who were engaged in the production of rice on farms as provided under § 730.67(d).

* * * * *

(13) "Farm planted and considered planted acreage" means the acreage determined in accordance with §§ 730.67(b) and 730.78(b), as applicable.

(14) "Producer rice history acreage" means the acreage determined in accordance with § 730.67(d).

* * * * *

2. Section 730.67 be amended by revising the entire section thereof to read as follows:

§ 730.67 Establishment of preliminary allotments for old producers.

(a) *Basic factors.* In a producer State, the past production of rice in the State by the producer engaged in the production of rice on farms and the allotments previously established in the State for such producer; abnormal conditions affecting acreage, land, labor, and equipment available for the production of rice; crop-rotation practices; and the soil and other physical factors affecting the production of rice, are the factors for apportioning the State allotment, less appropriate reserves, to producers who shared in the history acreage determined for a farm in any one or more of the 5 calendar years immediately preceding the year for which the allotment is determined. Taking these factors into consideration, the county committee shall, with approval of the State committee or its representative, establish a rice allotment for the current year for each old producer in the county in accordance with § 730.68. Prior to establishing such allotments the county committee shall determine:

(1) For each old farm the planted and considered planted acreage of rice and the rice history acreage for the year immediately preceding the year for which the producer allotment is to be established.

(2) For each producer engaged in the production of rice on the farm for which such planted and considered planted and history acreages are being established, his share of such acreages.

(b) *Farm planted and considered planted acreage.* The farm planted and considered planted acreage is the farm rice acreage determined in accordance with Part 718 of this chapter, including any prevented planting credit determined thereunder, plus any allotment acreage:

(1) Preserved under the provisions of Part 719 of this chapter.

(2) Underplanted in the current year to deplete stored excess produced in a prior year as provided in this Part 730.

(c) *Farm rice history acreage.* The farm rice history acreage is:

(1) For a farm consisting of federally owned land, the allotment determined under § 730.73, minus any acreage allotment reapportioned to the farm.

(2) For a farm other than one consisting of federally owned land, the allotment determined under § 730.73, minus any acreage allotment reapportioned to the farm: *Provided*, That in the current year or either of the 2 preceding years the planted and considered planted acreage for the farm is 75 percent or more of the allotment determined under § 730.73, minus any reapportioned acreage for such year.

(3) For a farm other than one consisting of federally owned land and when the provisions of subparagraph (2) of this paragraph are not applicable, the planted and considered planted acreage as determined for the farm under paragraph (b) of this section.

(4) Notwithstanding any other provisions of this paragraph (c), the rice history acreage determined for any farm shall not exceed the allotment determined under the provisions of § 730.73, minus any reapportioned acreage.

(d) *Producer rice history acreage.* The producer rice history acreage is determined by:

(1) Apportioning the farm rice history acreage determined under paragraph (c) of this section among the producers who were engaged in the production of rice on the farms in the same proportion that each producer's allotment minus any reapportioned acreage he received and allocated to the farm for such years bears to the farm allotment established under § 730.73, minus any reapportioned acreage, and

(2) Adding any allotment released by the producer under the provisions of § 730.75.

(3) If a producer fails (i) to release his producer allotment in accordance with § 730.75, or (ii) allocate his producer allotment to a farm in accordance with § 730.72, or (iii) was determined not to have been engaged in the production of rice in accordance with the provisions of § 730.72(e), his producer history acreage will be zero for such year.

(e) *Recommended producer preliminary allotment.* If the producer's rice history acreage as determined under paragraph (d) of this section is:

(1) 75 percent or more of the allotment determined under § 730.68, minus any reapportioned acreage, such allotment will become the preliminary allotment for the following year.

(2) Less than 75 percent of the allotment determined under § 730.68, minus any reapportioned acreage, the preliminary allotment for the following year will be the average of the allotment determined under § 730.68 and the producer's rice history acreage for such year.

(3) If a definitely established crop-rotation system is being carried out on a farm on which the producer is engaged in the production of rice and the preliminary allotment does not represent anticipated plantings for the current year because of a definitely established crop-rotation system, the preliminary allotment may be adjusted by the county committee taking into consideration annual State apportionment factors during the base period.

(i) For a farm due for an increase under the rotation system, the adjusted preliminary allotment for the producer shall not be greater than the largest allotment established for the producer during the 5-year base period.

(ii) For a farm due for a decrease under the rotation system, the adjusted preliminary allotment for the producer shall not be less than the smallest allotment established for the producer during the 5-year base period.

3. Section 730.69 be amended by revising the entire section thereof to read as follows:

§ 730.69 Determination of allotments for new producers.

(a) *Basis.* In a producer State or administrative area in which a new producer reserve is held the State committee with the assistance of the county committee shall establish a rice allotment for the current year for each eligible new producer whose application is timely filed in writing on or before February 15 of the year for which the new producer allotment is requested.

(b) *Eligibility requirements.* To be eligible for an allotment as a new producer, the applicant shall timely file his application for an allotment and shall establish to the satisfaction of the county committee that:

(1) He does not own or operate any other farm in the United States for which a rice allotment is established for the current crop year.

(2) The available land, type of soil, and topography of the land on the farm to which the requested allotment will be allocated is suitable for the production of rice.

(3) He owns, or otherwise has readily available, adequate equipment and irrigation water necessary for the production of rice on the farm.

(4) He expects to obtain during the current year more than 50 percent of his income from the production of agricultural commodities or products; except when the county committee, with the approval of a State committee representative determines that the income of the applicant from farming or otherwise will not provide a reasonable standard of living for him and his family.

(5) He has not filed his application for the purpose of obtaining an allotment as a new producer which would be used, if obtained, as a device to offset a reduction in the rice acreage of an old producer with whom he was formerly, or will be, associated in financing, producing, or marketing rice.

(c) *Income determination.* In making income determinations pursuant to paragraph (b) of this section the following will apply:

(1) Income from farming shall include the estimated return from home gardens, livestock and livestock products, poultry, or other agricultural products produced for home consumption or other use on the farm(s). Do not include estimated return from the production of the requested rice allotment.

(2) Nonfarming income shall include but shall not be limited to salaries, commissions, pensions, social security payments, and unemployment compensations.

(3) Spouse's farm and nonfarm income shall be included in the computation.

(4) If the applicant is a partnership, each partner must expect to obtain more than 50 percent of his current year income from farming.

(5) If the applicant is a corporation, it must have no other major corporate purpose other than ownership or operation of the farm(s). Farming must provide its officers and general manager with more than 50 percent of their reported income. Salaries and dividends from the corporation shall be considered as income from farming.

(6) When applying the income exception referred to under (b)(4) the county committee must exercise good judgment to see that their determination is reasonable in the light of all pertinent factors, and that this special provision is made only to those who qualify. In making their determination, the county committee shall consider such factors as size and type of farming operations, estimated net worth, estimated gross family farm income, estimated farming off-farm income, number of dependents, and other factors affecting the individual's ability to provide a reasonable standard of living for himself and his family.

(d) *Individual farm allotment limitations.* The allotment determined for any new producer shall not exceed the smallest of (1) the preliminary allotment established under § 730.67 for old rice producers in the county producing rice under similar conditions except for the acreage planted to rice during the base period, (2) the allotment requested by the applicant, or (3) the acreage of rice intended to be planted by the applicant on the farm(s) to which the allotment is to be allocated in the current year; *Provided,* That, if the acreage planted to rice by the applicant in the current year is less than 75 percent of the allotment established under this section, the allotment for the producer shall be reduced to the acreage actually planted to rice by the producer. The acreage resulting from any such allotment reduction in each county shall be transferred for accounting purposes to the reserve for appeals and correction, missed farms, and adjustments as provided for under § 730.68.

(e) *Total new producer allotments limited to reserve.* The sum of all new producer allotments established in any State or area, in accordance with the provisions of this section shall not exceed the reserve made available by the State committee for new producers in the State or area, and such reserve shall not exceed 3 percent of the applicable State or area allotment. Any part of such reserve that is not used for the establishment of new producer allotments shall remain in the new producer reserve for the current year and may not be used for any other purpose.

(f) *No State or area reserve.* Requests for new producer allotments shall not be accepted for any year for a State or area for which no new producer reserve has been held by the State committee.

(g) *Cancellation of new producer rice allotment for misrepresentation.* If a new producer rice allotment is established and it is later determined by the county committee that the applicant unknowingly furnished incomplete or inaccurate information the allotment shall be cancelled effective for the next crop year. If

it is determined that the applicant knowingly furnished incomplete or inaccurate information and the State committee concurs in the county committee determination, the allotment shall be cancelled as of the date issued. The applicant shall be notified of the action taken in either case.

4. Section 730.78 be amended by revising the entire section thereof to read as follows:

§ 730.78 Establishment of preliminary allotments for old farms.

(a) *Basic factors.* In a farm State, the past production of rice on farms and the allotments previously established for such farms; abnormal conditions affecting acreage; land, labor, and equipment available for the production of rice; crop-rotation practices; and the soil and other physical factors affecting the production of rice are the factors for apportioning the State allotment among counties and less appropriate reserves, to farms on which history acreage has been determined for the farm in any one or more of the 5 calendar years immediately preceding the year for which the allotment is determined. Taking these factors into consideration, the county committee shall, with the approval of the State committee or its representatives, establish a rice allotment for the current year for each old farm in the county in accordance with § 730.79. Prior to establishing such allotments the county committee shall determine for each old farm the planted and considered planted acreage of rice and the rice history acreage for the year immediately preceding the year for which the allotment is to be established.

(b) *Farm planted and considered planted acreage.* The farm planted and considered planted acreage is the farm rice acreage determined in accordance with Part 718 of this chapter, including any prevented planting credit determined thereunder, plus any allotment acreage:

(1) Preserved under the provisions of Part 719 of this chapter.

(2) Underplanted in the current year to deplete stored excess produced in a prior year as provided in this Part 730.

(c) *Farm rice history acreage.* The farm rice history acreage is:

(1) For a farm consisting of federally owned land, the allotment determined under § 730.79 minus any acreage reapportioned to the farm.

(2) For a farm other than one consisting of federally owned land, the allotment determined under § 730.79, minus any acreage allotment reapportioned to the farm: *Provided,* That in the current year or either of the 2 preceding years the planted and considered planted acreage for the farm is 75 percent or more of the allotment determined under § 730.79 minus any reapportioned acreage for such year.

(3) For a farm other than one consisting of federally owned land and when the provisions of subparagraph (2) of this paragraph are not applicable, the planted and considered planted acreage as determined for the farm under paragraph (b) of this section.

(4) Notwithstanding any other provisions of this paragraph (c), the rice history acreage determined for any farm shall not exceed the allotment determined under § 730.79, minus any reapportioned acreage.

(d) *Recommended farm preliminary allotment.* If the farm rice history acreage as determined under paragraph (c) of this section is:

(1) 75 percent or more of the allotment determined under § 730.79, minus any reapportioned acreage, such allotment will become the preliminary allotment for the following year.

(2) Less than 75 percent of the allotment determined under § 730.79, minus any reapportioned acreage, the preliminary allotment for the following year will be the average of the allotment determined under § 730.79 and the farm rice history acreage for such year.

(3) If a definitely established crop-rotation system is being carried out on a farm and the preliminary allotment does not represent anticipated plantings for the current year because of a definitely established crop-rotation system, the preliminary allotment may be adjusted by the county committee taking into consideration annual county apportionment factors.

(i) For a farm due for an increase under the rotation system, the adjusted preliminary allotment for the farm shall not be greater than the largest allotment established for the farm during the 5-year base period.

(ii) For a farm due for a decrease under the rotation system, the adjusted preliminary allotment for the farm shall not be less than the smallest allotment established for the farm during the 5-year base period.

5. Section 730.80 be amended by revising the entire section thereof to read as follows:

§ 730.80 Determination of allotments for new farms.

(a) *Basis.* In a farm State or administrative area in which a new farm reserve is held the State committee with the assistance of the county committee shall establish a rice allotment for the current year for each eligible new farm application timely filed in writing by the owner or operator on or before February 15 of the year for which the new farm allotment is requested.

(b) *Eligibility requirements.* To be eligible for an allotment as a new farm, the operator or owner shall timely file his application for an allotment and shall establish to the satisfaction of the county committee that:

(1) Neither the owner nor the operator of the farm covered by the application owns or operates any other farm in the United States for which a rice allotment is established for the current crop year.

(2) The available land, type of soil, and topography of the land on the farm for which the allotment is requested is suitable for the production of rice.

(3) The operator owns, or otherwise has readily available, adequate equipment and irrigation water necessary for the production of rice on the farm.

(4) The operator expects to obtain during the current year more than 50 percent of his income from the production of agricultural commodities or products; except when the county committee, with the approval of a State committee representative, determines that the income of the operator from farming or otherwise will not provide a reasonable standard of living for the operator and his family.

(c) *Income determination.* In making income determinations pursuant to paragraph (b) of this section the following will apply:

(1) Income from farming shall include the estimated return from home gardens, livestock and livestock products, poultry, or other agricultural products produced for home consumption or other use on the farm(s). Do not include estimated return from the production of the requested rice allotment.

(2) Nonfarming income shall include but shall not be limited to salaries, commissions, pensions, social security payments, and unemployment compensations.

(3) Spouse's farm and nonfarm income shall be included in the computation.

(4) If the operator is a partnership, each partner must expect to obtain more than 50 percent of his current year income from farming.

(5) If the operator is a corporation, it must have no other major corporate purpose other than ownership or operation of the farm(s). Farming must provide its officers and general manager with more than 50 percent of their reported income. Salaries and dividends from the corporation shall be considered as income from farming.

(6) When applying the income exception referred to under paragraph (b)(4) of this section, the county committee must exercise good judgment to see that their determination is reasonable in the light of all pertinent factors, and that this special provision is made only to those who qualify. In making their determinations, the county committee shall consider such factors as size and type of farming operations, estimated net worth, estimated gross family farm income, estimated farming off-farm income, number of dependents, and other factors affecting the individual's ability to provide a reasonable standard of living for himself and his family.

(d) *Eminent domain.* A farm which includes land acquired by an agency having the right of eminent domain for which the entire rice allotment was pooled pursuant to Part 719 of this chapter, which is subsequently returned to agriculture production, shall not be eligible for a new farm allotment for a period of 3 years from the date the former owner was displaced.

(e) *Entire allotment designated by owner as a result of reconstitution.* A farm which includes land which has no

rice allotment because the owner did not designate an allotment for such land when the parent farm was reconstituted pursuant to Part 719 of this chapter shall not be eligible for a new farm rice allotment for a period of 5 years beginning with the year in which the reconstitution became effective.

(f) *Individual farm allotment limitations.* The allotment determined for any new farm shall not exceed the smallest of (1) the preliminary allotment established under § 730.78 for old rice farms in the county which are similar except for the acreage planted to rice on such farms during the base period, (2) the allotment requested by the applicant, or (3) the acreage of rice intended to be planted on the farm in the current year; *Provided,* That if the acreage planted to rice on the farm in the current year is less than 75 percent of the allotment established under this section, the allotment for the farm shall be reduced to the acreage actually planted to rice on the farm. The acreage resulting from any such allotment reduction in each county shall be transferred for accounting purposes to the reserve for appeals and corrections, missed farms, and adjustments as provided for under § 730.79.

(g) *Total new farm allotments limited to reserve.* The sum of all new farm allotments established in any State or area, as applicable, in accordance with the provisions of this section shall not exceed the reserve made available by the State committee for new farms in the State or area, as applicable, and such reserve shall not exceed 3 percent of the applicable State or area allotment. Any part of such reserve that is not used for the establishment of new farm allotments shall remain in the new farm reserve for the current year and may not be used for any other purpose.

(h) *No State or area reserve.* Requests for new farm allotments shall not be accepted for any year for a State or area for which no new farm reserve has been held by the State committee.

(i) *Cancellation of new rice farm allotment for misrepresentation.* If a new farm allotment is established and it is later determined by the county committee that the applicant unknowingly furnished incomplete or inaccurate information the allotment shall be canceled, effective for the next crop year. If it is determined that the applicant knowingly furnished incomplete or inaccurate information and the State committee concurs in the county committee determination, the allotment shall be canceled as of the date issued. The applicant shall be notified of the action taken in either case.

Signed at Washington, D.C., on October 3, 1972.

GLENN A. WEIR,
Acting Administrator, Agricultural Stabilization and Conservation Service.

[13 CFR Part 308]

RELOCATION ASSISTANCE AND LAND ACQUISITION POLICIES

Proposed Revision

The Department of Commerce proposes to issue the attached revised regulations governing relocation assistance and land acquisition policies under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Part 308, Title 13, Chapter III, Code of Federal Regulations). These proposed revisions conform our regulations with OMB Circular No. A-103 (May 1, 1972) and add a new Subpart J concerning administrative review by State agencies which acquire land or displace persons in pursuance of projects receiving Federal financial assistance.

The Department wishes to invite written comments, suggestions, or objections regarding these proposed revisions. Accordingly, interested persons are invited to submit written comments regarding the proposed regulations to Herbert S. Becker, Economic Development Administration, 14th Street between Constitution Avenue and E Street NW., Washington, D.C. 20230, within 30 days of publication of this notice in the FEDERAL REGISTER.

Dated: October 6, 1972.

ROBERT A. PODESTA,
Assistant Secretary for Economic Development.

The Economic Development Administration is revising Part 308 of Chapter III of Title 13 of the Code of Federal Regulations to read as follows:

Subpart A—Introduction

Sec.
308.1 Purpose.
308.2 Definitions.

Subpart B—Assurance of Adequate Replacement Housing Prior to Displacement

308.10 Scope of subpart.
308.11 Determination.

Subpart C—Moving and Related Expenses

308.20 Scope of subpart.
308.21 Actual reasonable expenses in moving.
308.22 Nonallowable moving expenses and losses.
308.23 Expenses in searching for replacement business or farm.

Subpart D—Payments in Lieu of Moving and Related Expenses

308.30 Scope of subpart.
308.31 Dwellings—schedules.
308.32 Businesses.
308.33 Farms—partial taking.
308.34 Nonprofit organizations.
308.35 Net earnings.
308.36 Amount of business fixed payment.

Subpart E—Replacement Housing Payments for Homeowners

Sec.
308.40 Scope of subpart.
308.41 Eligibility.
308.42 Comparable replacement dwelling.
308.43 Computation of replacement housing payment.

Subpart F—Replacement Housing Payments for Tenants and Certain Others

308.50 Scope of subpart.
308.51 Eligibility.
308.52 Computation of replacement housing payment for displaced tenants.
308.53 Computation of replacement housing payments for certain others.

Subpart G—Relocation Assistance Advisory Services

308.60 Relocation assistance advisory program.

Subpart H—Federally Assisted Programs

308.70 Assurances.
308.71 Administration — relocation assistance programs.
308.72 Notification procedures.

Subpart I—Uniform Real Property Acquisition Policy

308.80 Scope of subpart.
308.81 Acquisition policies.
308.82 Assurances.

Subpart J—Administrative Review

308.90 Scope of subpart.
308.91 Right to review.

AUTHORITY: The provisions of this Part 308 are issued under sec. 213 (b) and (c), 84 Stat. 1901; 42 U.S.C. 4633.

Subpart A—Introduction

§ 308.1 Purpose.

The purpose of the regulations in this part and procedures is to provide for the application of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 to undertakings by State agencies with financial assistance by EDA.

§ 308.2 Definitions.

(a) "State agency" means any department, agency, or instrumentality of a State or of a political subdivision of a State, or any department, agency, or instrumentality of two or more States or of two or more political subdivisions of a State or States.

(b) "Act", as used in this part, means the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.

(c) "Person" means any individual, partnership, corporation, or association.

(d) "Displaced person" means any person who, on or after January 2, 1971, moves from real property or moves his personal property from real property as a result of the acquisition of such real property in whole or in part, or as a result of the written order of the acquiring State agency to vacate real property for a program or project undertaken with EDA financial assistance; and solely for the purposes of sections 202 (a) and (b),

and 205 of the Act, as a result of the acquisition of or as a result of the written order of the acquiring agency to vacate other real property, on which such person conducts a business or farm operation for such program or project.

(e) "Regional Directors" means those officials of EDA appointed by the Assistant Secretary for Economic Development pursuant to the authority delegated to him by the Secretary of Commerce as provided by the Public Works and Economic Development Act of 1965, as amended, Public Law 89–136, to further the aims and objectives of said Act.

(f) "Business" means any lawful activity, excepting a farm operation, conducted primarily—

(1) For the purchase, sale, lease, and rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

(2) For the sale of services to the public;

(3) By a nonprofit organization; or

(4) Solely for the purpose of implementing section 202(a) of the Act, for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display or displays, whether or not such display or displays are located on the premises on which any of the above activities are conducted.

(g) "Farm operation" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

Subpart B—Assurance of Adequate Replacement Housing Prior to Displacement

§ 308.10 Scope of subpart.

The provisions set forth in this subpart are to guide State agencies and Regional Directors in implementing sections 205(c)(3) and 206(b) of the Act.

§ 308.11 Determination.

(a) *Availability.* No State agency shall proceed with the phase of any project which phase will cause the displacement of any person until it has provided satisfactory assurance to the EDA Regional Director that within a reasonable period of time prior to displacement, there will be available on a basis consistent with the requirements of title VIII of the Civil Rights Act of 1968 (Public Law 90–284), in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as described in paragraph (d) of this section, equal in number to the number of, and available to, such displaced persons who require such dwellings and reasonably accessible to their places of employment.

(b) *Support.* This determination or assurance should be based on a current survey and analysis of available replacement housing by the displacing State agency. Such survey and analysis must take into account the competing demands on available housing.

(c) *Waiver.* The Regional Director may in unusual situations waive the determination required by paragraph (a) of this section. These should be limited only to emergency or other extraordinary situations where immediate possession of real property is of crucial importance. Each waiver of assurance of replacement housing shall be supported by appropriate findings and a determination of the necessity for the waiver. Determinations so made shall be included in the annual report required by section 214 of the Act.

(d) *Decent, safe, and sanitary housing.* A decent, safe, and sanitary dwelling is one which is found to be in sound, clean and weathertight condition, and which meets local housing codes. The displacing State agency and the Regional Director shall consider the following criteria in determining if a dwelling unit is decent, safe, and sanitary. Adjustments may only be made in the cases of unusual circumstances or in unique geographic areas.

(1) *Housekeeping unit.* A housekeeping unit must include a kitchen with fully usable sink; a cooking stove, or connections for same; a separate complete bathroom; hot and cold running water in both the bathroom and the kitchen; an adequate and safe wiring system for lighting and other electrical services; and heating as required by climatic conditions and local codes.

(2) *Nonhousekeeping unit.* A nonhousekeeping unit is one which meets local code standards for boarding houses, hotels, or other congregate living. If local codes do not include requirements relating to space and sanitary facilities, standards will be subject to the approval of the head of the State agency causing the displacement, with the concurrence of the Regional Director.

(3) *Occupancy standards.* Occupancy standards for replacement housing shall comply with State agency approved occupancy requirements, with the concurrence of the Regional Director, or comply with local codes.

(e) *Absence or inadequacy of local standards.* In those instances where there is no local housing code or a local housing code does not contain certain minimum standards or the standards are inadequate, the head of the State agency, with the concurrence of the Regional Director, may establish the standards.

Subpart C—Moving and Related Expenses

§ 308.20 Scope of subpart.

The provisions set forth in this subpart are to guide State agencies and Regional Directors in implementing section 202(a) of the Act.

§ 308.21 Actual reasonable expenses in moving.

(a) *To be allowed.* (1) Transportation of individuals, families, and personal property from the acquired site to the replacement site, not to exceed a distance of 50 miles, except where the displacing agency determines that relocation beyond this 50-mile area is justified.

(2) Packing and unpacking, crating and uncrating of personal property.

(3) Advertising for packing, crating, and transportation when the displacing agency determines that it is necessary.

(4) Storage of personal property for a period generally not to exceed 12 months when the displacing agency determines that it is necessary.

(5) Insurance premiums covering loss and damage of personal property while in storage or transit.

(6) Removal, reinstallation, reestablishment, including such modification as deemed necessary by the displacing agency of, and reconnection of utilities for, machinery, equipment, appliances, and other items, not acquired as real property. Prior to payment of any expenses for removal and reinstallation of such property, the displaced person shall be required to agree in writing that the property is personalty and that the displacing State agency is released from any payment for the property.

(7) Property lost, stolen, or damaged (not caused by the fault or negligence of the displaced person, his agent, or employees), in the process of moving, where insurance to cover such loss or damage is not available.

(8) Such other reasonable expenses determined to be eligible under regulations issued by the head of the State agency with the concurrence of the Regional Director.

(b) *Limitations.* (1) When the displaced person accomplishes the move himself, the amount of payment shall not exceed the estimated cost of moving commercially, unless the head of the displacing State agency, with the concurrence of the regional director, determines a greater amount is justified.

(2) When an item of personal property which is used in connection with any business or farm operation is not moved, but sold and promptly replaced with a comparable item, reimbursement shall not exceed the replacement cost minus the proceeds received from the sale, or the estimated costs of moving, whichever is less.

(3) When personal property which is used in connection with any business or farm operation to be moved is of low value and high bulk, and the cost of moving would be disproportionate in relation to the value, in the judgment of the head of the State agency responsible for the program or project causing the displacement and with the concurrence of the regional director, the allowable reimbursement for the expense of moving the personal property shall not exceed the difference between the amount which would have been received for such item on liquidation and the cost of replacing

the same with a comparable item available on the market. This provision will be applicable in the case of moving junk yards, stockpiled sand, gravel, minerals, metals and similar type items of personal property.

(4) If the cost of moving or relocating an outdoor advertising display or displays is determined to be equal to or in excess of the in-place value of the display, consideration should be given to acquiring such display or displays as a part of the real property, unless such acquisition is prohibited by State law.

§ 308.22 Nonallowable moving expenses and losses.

(a) Additional expenses incurred because of living in a new location.

(b) Cost of moving structures or other improvements in which the displaced person reserved ownership, except as otherwise provided by law.

(c) Improvements to the replacement site, except when required by law.

(d) Interest on loans to cover moving expenses.

(e) Loss of goodwill.

(f) Loss of profits.

(g) Loss of trained employees.

(h) Personal injury.

(i) Cost of preparing the application for moving and related expenses.

(j) Payment for search cost in connection with locating a replacement dwelling.

(k) Such other items as the head of the State agency with the concurrence of the regional director determines should be excluded.

§ 308.23 Expenses in searching for replacement business or farm.

(a) *To be allowed.* (1) Actual travel costs. (2) Extra costs for meals and lodging. (3) Time spent in searching at the rate of the displaced person's salary or earnings, but not to exceed $10 per hour.

(4) In the discretion of the head of the displacing State agency with the concurence of the regional director, necessary broker, real estate or other professional fees to locate a replacement business or farm operation under circumstances prescribed in Federal agency regulations.

(b) *Limitation.* The total amount a displaced person may be paid for searching expenses may not exceed $500 unless the head of the displacing State agency with the concurrence of the regional director determines that a greater amount is justified based on the circumstances involved.

§ 308.24 Actual direct losses by business or farm operations.

When the displaced person does not move personal property, he should be required to make a bona fide effort to sell it, and should be reimbursed for the reasonable costs incurred.

(a) When the business or farm operation is discontinued, the displaced person is entitled to the difference between the fair market value of the personal property for continued use at its location prior to displacement and the sale proceeds, or the estimated costs of moving 50 miles, whichever is less.

(b) When the personal property is abandoned, the displaced person is entitled to payment for the fair market value of the property for continued use at its location prior to displacement or the estimated costs of moving 50 miles, whichever is less.

(c) The cost of removal of the personal property shall not be considered as an offsetting charge against other payments to the displaced person.

Subpart D—Payments in Lieu of Moving and Related Expenses

§ 308.30 Scope of subpart.

The provisions set forth in this subpart are to guide State agencies and regional directors in implementing section 202 (b) and (c) of the Act.

§ 308.31 Dwellings—schedules.

(a) Subsection 202(b) provides that at the option of the displaced person he may receive a moving expense allowance not to exceed $300, based on schedules established by each agency head, and a dislocation allowance of $200. State agencies with the concurrence of the regional director may pay a moving expense allowance based on moving allowance schedules maintained by the respective State highway departments. These schedules should provide for adequacy of reimbursement in every locality. The Federal Highway Administration will approve all such schedules on a current basis, and will make them available to displacing agencies upon request.

(b) Where there are no highway department schedules, the heads of the Federal agencies undertaking or providing Federal financial assistance to a project causing displacement in such areas shall cooperate in the development of a single moving expense schedule for the use of all displacing agencies.

(c) A displaced person who elects to receive a payment based on a schedule shall be paid under the schedule used in the jurisdiction in which displacement occurs regardless of where he relocates.

§ 308.32 Businesses.

(a) Eligibility: A person displaced from his business, as defined in subsection 101(7) (A), (B), and (C) of the Act, is eligible under subsection 202(c) of the Act to receive a fixed payment in lieu of moving and related expenses. Care must be exercised, in each instance, however, to assure that such payments are made only in connection with a bona fide business. The head of the State agency responsible for the program or project causing displacement shall, by regulation, with the concurrence of the Regional Director, prescribe appropriate criteria for a determination that a given activity does, in fact, constitute a bona fide business.

(b) Those businesses described in subsection 101(7)(D) of the Act are not eligible under subsection 202(c) for a payment in lieu of moving and related expenses.

(c) Where a displaced person is displaced from his place of business, no payment shall be made under subsection 202(c) of the Act until the head of the displacing State agency, with the concurrence of the Regional Director, determines (1) that the business is not part of a commercial enterprise having at least one other establishment not being acquired, which is engaged in the same or similar business, and (2) that the business cannot be relocated without a substantial loss of existing patronage. The determination of loss of existing patronage shall be made by the displacing State agency only after consideration of all pertinent circumstances, including but not limited to, the following factors:

(i) The type of business conducted by the displaced concern.

(ii) The nature of the clientele of the displaced concern.

(iii) The relative importance of the present and proposed location to the displaced business and the availability of a suitable replacement location for the displaced person.

§ 308.33 Farms—partial taking.

Where a displaced person is displaced from only a part of his farm operation, the fixed payment provided by subsection 202(c) of the Act shall be made only if the displacing State agency determines, with the concurrence of the Regional Director, that the farm met the definition of a farm operation prior to the acquisition and that the property remaining after the acquisition can no longer meet the definition of a farm operation.

§ 308.34 Nonprofit organizations.

Where a nonprofit organization is displaced, no payment shall be made under subsection 202(c) of the Act until the head of the displacing State agency determines, with the concurrence of the Regional Director:

(1) That the nonprofit organization cannot be relocated without a substantial loss of its existing patronage. The term "existing patronage" as used in connection with nonprofit organizations includes the persons, community, or clientele served or affected by the activities of the nonprofit organization.

(2) That the nonprofit organization is not part of a commercial enterprise having at least one other establishment not being acquired which is engaged in the same or similar activity.

§ 308.35 Net earnings.

The term "average annual net earnings" as used in subsection 202(c) of the Act means one-half of any net earnings of the business or farm operation, before Federal, State, and local income taxes, during the 2 taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for a project, or during such other period as the head of the displacing State agency, with the concurrence of the Regional Director,

determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period. If a business or farm operation has no net earnings, or has suffered losses during the period used to compute "average annual net earnings," it may nevertheless receive the $2,500 minimum payment authorized by subsection 202(c).

§ 308.36 Amount of business fixed payment.

The fixed payment to a person displaced from a farm operation or from his place of business, including nonprofit organizations, shall be in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall not be less than $2,500 nor more than $10,000.

Subpart E—Replacement Housing Payments for Homeowners

§ 308.40 Scope of subpart.

The provisions set forth in this subpart are to guide State agencies and Regional Directors in implementing section 203(a) of the Act.

§ 308.41 Eligibility.

(a) A displaced owner-occupant is eligible for a replacement housing payment, authorized by section 203(a) of the Act, not to exceed $15,000, if he meets both of the following requirements:

(1) Actually owned and occupied the acquired dwelling from which displaced for not less than 180 days prior to the initiation of negotiations for the property, or owned and occupied the property covered or qualified under section 217 of the Act for not less than 180 days prior to displacement. The term "initiation of negotiations" means the day on which the acquiring State agency makes the first personal contact with the property owner or his representative and furnishes him with a written offer to purchase the real property.

(2) Purchases and occupies a replacement dwelling, which is decent, safe, and sanitary, not later than the end of the 1-year period beginning on the date on which he receives from the displacing State agency the final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

(b) A displaced owner-occupant of a dwelling who is determined to be ineligible under this paragraph may be eligible for a replacement housing payment under Subpart F of this part.

§ 308.42 Comparable replacement dwelling.

For the purposes of rendering relocation assistance by making referrals for replacement housing and for computation of the replacement housing payment, a comparable replacement dwelling is one which is decent, safe, and sanitary and:

(a) Functionally equivalent and substantially the same as the acquired dwelling, but not excluding newly constructed housing.

(b) Adequate in size to meet the needs of the displaced family or individual. However, at the option of the displaced person, a replacement dwelling may exceed his needs when the replacement dwelling has the same number of rooms or the equivalent square footage as the dwelling from which he was displaced.

(c) Open to all persons regardless of race, color, religion, or national origin, consistent with the requirements of the Civil Rights Act of 1964 and title VIII of the Civil Rights Act of 1968.

(d) Located in an area not generally less desirable than the one in which the acquired dwelling is located, with respect to:

(1) Neighborhood conditions, including but not limited to municipal services and other environmental factors,

(2) Public utilities, and

(3) Public and commercial facilities.

(e) Reasonably accessible to the displaced person's place of employment or potential place of employment.

(f) Within the financial means of the displaced family or individual.

(g) Available on the market to the displaced person.

(h) If housing meeting the requirements of this paragraph is not available on the market, the head of a displacing State agency may, upon a proper finding of the need therefor, and with the concurrence of the Regional Director, consider available housing exceeding these basic criteria.

§ 308.43 Computation of replacement housing payment.

The replacement housing payment of not more than $15,000 comprises the following:

(a) *Differential payment for replacement housing.* The head of the displacing State agency with the concurrence of the Regional Director may determine the amount which, if any, when added to the acquisition cost of the dwelling acquired by the displacing agency, is necessary to purchase a comparable replacement dwelling by either establishing a schedule or by using a comparative method.

(1) *Schedule method.* The State agency may establish, with the concurrence of the Regional Director, a schedule of reasonable acquisition costs for comparable replacement dwellings of the various types of dwellings to be acquired and available on the private market. The schedule shall be based on a current market analysis sufficient to support determinations of the amount for each type of dwelling to be acquired. When more than one State agency is causing displacement in a community or an area, the respective heads of the State agencies concerned shall coordinate the establishment of the schedule for replacement housing payments.

(2) *Comparative method.* The State agency may determine the price of a comparable replacement dwelling by selecting a dwelling or dwellings most representative of the dwelling unit acquired, available to the displaced person, and which meets the definition of a comparable replacement dwelling. A single dwelling shall be used only when additional comparable dwellings are not available.

(3) *Alternative to subparagraphs (1) and (2) of this paragraph.* When neither above-described method is feasible, the head of the State agency with the concurrence of the Regional Director may develop criteria for computing the payment.

(4) *Limitations.* The amount established as the differential payment for the replacement housing sets the upper limit of this payment.

(i) If the displaced person voluntarily purchases and occupies a decent, safe, and sanitary dwelling at a price less than the above, the comparable replacement housing payment will be reduced to that amount required to pay the difference between the acquisition price of the acquired dwelling and the actual purchase price of the replacement dwelling.

(ii) If the displaced person voluntarily purchases and occupies a decent, safe, and sanitary dwelling at a price less than the acquisition price of the acquired dwelling, no differential payment shall be made.

(b) *Interest payment.* The head of the State agency, with the concurrence of the Regional Director, shall determine the amount, if any, necessary to compensate a displaced person for any increased interest costs, including points paid by the purchaser. Such amount shall be paid only if the acquired dwelling was encumbered by a bona fide mortgage, i.e., one which was a valid lien on the acquired dwelling for not less than 180 days prior to the initiation of negotiations. The following shall be considered in computing the interest payment:

(1) The payment shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the replacement dwelling which is equal to the unpaid balance of the bona fide mortgage on the acquired dwelling, at the time of acquisition, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value.

(2) The discount rate shall be the prevailing interest rate paid on savings deposits by the commercial banks in the general area in which the replacement dwelling is located.

(3) However, the interest payment shall be based on the present value of the reasonable cost of the interest differential, including points paid by the purchaser, on the amount financed, not to exceed the amount of the unpaid debt on the acquired dwelling for its remaining term.

(c) *Incidental expenses.* (1) The head of the State agency with the concurrence of the Regional Director shall determine the amount, if any, necessary to reimburse a displaced person for actual costs incurred by him incident to the purchase of the replacement dwelling

(but not including prepaid expenses) such as:

(i) Legal, closing, and related costs including title search, preparation of conveyance instruments, notary fees, surveys, preparation of plats, and charges incident to recordation.

(ii) Lenders', FHA, or VA, appraisal fees.

(iii) FHA application fee.

(iv) Certification of structural soundness when required by lender, FHA, or VA.

(v) Credit report.

(vi) Title policies or abstracts of titles.

(vii) Escrow agent's fee.

(viii) State revenue stamps or sale or transfer taxes.

(2) No fee, cost, charge, or expense is reimbursable which is determined to be a part of the finance charge under the Truth in Lending Act, title 1, Public Law 90-321, and Regulation "Z" (12 CFR Part 226) issued pursuant thereto by the Board of Governors of the Federal Reserve System.

Subpart F—Replacement Housing Payments for Tenants and Certain Others

§ 308.50 Scope of subpart.

The provisions set forth in this subpart are to guide State agencies and Regional Directors in implementing section 204 of the Act.

§ 308.51 Eligibility.

(a) A displaced tenant or owner-occupant of a dwelling for less than 180 days is eligible for a replacement housing payment not to exceed $4,000, as authorized by section 204, if he meets both of the following requirements:

(1) Actually occupied the dwelling for not less than 90 days prior to the initiation of negotiations for acquisition of the property or actually occupied the property covered or qualified under section 217 of the Act for not less than 90 days prior to displacement. The term "initiation of negotiations" means the day on which the acquiring agency makes the first personal contact with the property owner or his representative and furnishes him with a written offer to purchase the real property. Tenants and other persons occupying the property shall be advised when negotiations for the property are initiated with the owner thereof.

(2) Is not eligible to receive a payment under section 203 of the Act.

(b) An owner-occupant of a dwelling for not less than 180 days prior to the initiation of negotiations is eligible for a replacement housing payment as a tenant, as authorized by section 204, when he rents a decent, safe, and sanitary replacement dwelling instead of purchasing and occupying a replacement dwelling, which is decent, safe, and sanitary not later than the end of the 1-year period beginning on the date on which he receives from the displacing agency final payment for all costs for the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

§ 308.52 Computation of replacement housing payment for displaced tenants.

A displaced tenant is eligible for a rental replacement housing payment; or, if he purchases replacement housing within 1 year from displacement, he is eligible for a downpayment including expenses incidental to closing not to exceed $4,000.

(a) *Rental replacement housing payment.* The head of the State agency with the concurrence of the regional director may determine the amount necessary to rent a comparable replacement dwelling by either establishing a schedule or by using a comparative method.

(1) *Schedule method.* A rental schedule may be established for renting comparable replacement dwellings as described in § 308.42 and which are available on the private market for the various types of dwellings to be acquired. The payment shall be computed by determining the amount necessary to rent a comparable replacement dwelling for 4 years (the average monthly cost from the schedule) and subtracting from such amount 48 times the average month's rent paid by the displaced tenant in the last 3 months prior to initiation of negotiations if such rent was reasonable. The State agency with the concurrence of the regional director may prescribe circumstances which may dictate the use of economic rather than actual rent paid by the displaced tenant. For purposes of the regulations in this part, "economic rent" is defined as the amount of rent the displaced tenant would have had to pay for a comparable dwelling unit in an area similar to the neighborhood in which the dwelling unit to be acquired is located. The schedule should be based on a current analysis of the market to determine an amount for each type of dwelling required. When more than one Federal agency is causing the displacement in a community or an area, the respective heads of the agencies shall cooperate in choosing the method for computing the replacement housing payment and shall use uniform schedules of average rental housing in the community or area.

(2) *Comparative method.* The average month's rent may be determined by selecting one or more dwellings most representative of the dwelling unit acquired, which is available to the displaced person and meets the definition of a comparable replacement dwelling as described in § 308.42. The payment should be computed by determining the amount necessary to rent a comparable replacement dwelling for 4 years and subtracting from such amount 48 times the average month's rent paid by the displaced tenant in the last 3 months prior to initiation of negotiations, if such rent was reasonable. The State agency with the concurrence of the Regional Director may prescribe circumstances which may dictate the use of economic rather than actual rent paid by the displaced tenant.

(3) *Exceptions.* The head of the State agency with the concurrence of the Regional Director may establish the average months' rent paid by the displaced person by using more than 3 months, if he deems it advisable. If rent is being paid to the displacing agency, economic rent shall be used in determining the amount of the payment to which the displaced tenant is entitled.

(4) *Alternate to subparagraphs (1) and (2) of this paragraph.* When neither method is feasible, the head of the State agency with the concurrence of the Regional Director shall develop criteria for computing the payment.

(5) *Disbursement of rental replacement housing payments.* All rental replacement housing payments in excess of $500 will be made in four equal annual installments.

(b) *Purchases—replacement housing payment.* If the tenant elects to purchase instead of renting, the payment shall be computed by determining the amount necessary to enable him to make a downpayment and to cover incidental expenses in the purchase of replacement housing, as follows:

(1) The downpayment shall be the amount necessary to make a downpayment on a comparable replacement dwelling. Determination of the amount necessary for such downpayment shall be based on the amount of downpayment that would be required for purchase of the dwelling using a conventional loan.

(2) Incidental expenses of closing the transaction are those as described in § 308.43(c).

(3) The maximum payment may not exceed $4,000, except that if more than $2,000 is required, the tenant must match any amount in excess of $2,000 by an equal amount, in making the downpayment.

(4) The full amount of the replacement housing payment must be applied to the purchase price and incidental costs shown on the closing statement.

§ 308.53 Computation of replacement housing payments for certain others.

(a) A displaced owner-occupant who does not qualify for a replacement housing payment under Subpart E of this part because of the 180-day occupancy requirement and elects to rent is eligible for a rental replacement housing payment not to exceed $4,000. The payment will be computed in the same manner as shown in § 308.52(a) except that the present rental rate for the acquired dwelling shall be economic rent as determined by market data.

(b) A displaced owner-occupant who does not qualify for a replacement housing payment under Subpart E of this part because of the 180-day occupancy requirement and elects to purchase a replacement dwelling is eligible for a replacement housing downpayment and closing costs not to exceed $4,000. The payment will be computed in the same manner as shown in § 308.52(b).

Subpart G—Relocation Assistance Advisory Services

§ 308.60 Relocation assistance advisory program.

The head of the State agency shall provide a relocation assistance advisory program including such measures, facilities, or services as may be necessary or appropriate to perform all of the tasks detailed in section 205(c) of the Act and acceptable to the regional director, for persons displaced as a result of EDA assisted programs or projects. In the implementation of this section, when more than one State agency is causing displacement in a community or area, the heads of the agencies shall take positive action to assure the maximum coordination of relocation activities. To assure simplification and coordination in administering relocation activities, State agencies shall consider contracting with a single agency to assume full responsibility for providing relocation services and assistance in a given community or area. The head of the State agency with the concurrence of the regional director shall issue regulations and procedures requiring officials responsible for programs displacing persons, businesses, and farm operations to contact State and local agencies in the community to determine the availability of housing resources and to assure coordination of all relocation activities in the community.

Subpart H—Federally Assisted Programs

§ 308.70 Assurances.

(a) *Information.* The State agency shall provide EDA with a statement assuring EDA that the affected persons will be adequately informed of the benefits, policies, and procedures described in this part.

(b) *Inability to provide assurances.* The State agency shall provide an assurance to EDA that will comply with the provisions of this part as required by sections 210 and 305 of the Act. In the event a State agency maintains that it is legally unable to provide all or any part of the required assurances, its statement should be supported by an opinion of the chief legal officer of the State agency. The opinion shall contain a full discussion of the issues involved, and shall cite legal authority in support of the conclusion of legal inability to provide any part of the required assurances. Except that after July 1, 1972, the assurances shall be completely applicable to all States.

(c) *Compliance.* The State agency shall provide an assurance that it will comply with the provisions of sections 301 and 302 of the Act, as required by section 305 of the Act. If unable to comply with any of these policies, its statement shall be supported by an opinion of the chief legal officer of the State agency. Such opinion shall contain a full discussion of the issues involved and shall cite legal authority in support of any conclusion of legal inability to comply with any of the provisions set forth in sections 301 and 302 of the Act.

(d) *Monitoring assurances.* The Regional Directors shall take continuing action to insure that State agencies are acting in accordance with the assurances they have provided.

§ 308.71 Administration—relocation assistance programs.

(a) *Approval.* If a State agency elects to contract for services pursuant to section 212 of the Act, it shall enter into a written contract consistent with Part 308 of EDA's regulations and subject to the concurrence of the Regional Director.

§ 308.72 Notification procedures.

To the greatest extent practicable, at least 90 days written notice of displacement must be given by the head of the State agency to each individual, family, business, or farm to be displaced. Such notice shall be served personally or by first class mail.

Subpart I—Uniform Real Property Acquisition Policy

§ 308.80 Scope of subpart.

The provisions set forth in this subpart are to guide State agencies and Regional Directors in implementing title III of the Act.

§ 308.81 Acquisition policies.

Before initiation of negotiations for the acquisition of real property, the head of the State agency, with the concurrence of the Regional Director, shall establish an amount which he believes to be just compensation therefor. In no event shall such amount be less than the State agency's approved appraisal of the fair market value of the property. When negotiations are initiated the owner of such real property shall be provided with a written statement of, and summary of the basis for, the amount estimated as the just compensation. The summary statement of the basis for the agency's determination of just compensation should include, as a minimum, the following:

(a) Identification of the real property and the estate or interest therein to be acquired, including the buildings, structures, and other improvements on the land, as well as the fixtures considered to be a part of the real property, and

(b) The amount of the estimated just compensation for the property to be acquired, as determined by the acquiring agency, and a statement of the basis therefor. In the case of a partial taking, damages, if any, to the remaining real property shall be separately stated.

(c) For the purpose of promoting uniformity under section 301(3) of the Act, the head of each State agency acquiring real property shall, with the concurrence of the Regional Director, establish standards for appraisals used in real property acquisition, criteria for determining the qualifications of appraisers, and a system of review by qualified appraisers consistent to the maximum extent possible under State law with the Uniform Appraisal Standards for Federal Land Acquisition published in 1972 (or at such later date as may become relevant if such Uniform Standards are revised) by the Interagency Land Acquisition Conference.

§ 308.82 Payment or reimbursement for necessary expenses.

The State agency shall provide EDA with a statement that, as required by section 305 of the Act, property owners will be paid or reimbursed for necessary expenses as specified in sections 303 and 304 of the Act.

Subpart J—Administrative Review

§ 308.90 Scope of subpart.

The provisions set forth in this subpart are to guide State agencies in providing administrative review of decisions made with respect to duties and responsibilities established under the Act.

§ 308.91 Right to review.

Any person aggrieved by a determination as to:

(a) Eligibility for a payment authorized by the Act, or

(b) The amount of such payment, shall have the right to have his application reviewed by the head of the State agency acquiring real property. The head of the State agency shall establish procedures which at the minimum guarantee claimants under the Act (1) prompt consideration of all requests for administrative review, (2) prompt written notice to the claimant of any determination made in connection with his application, including a full explanation concerning any amount claimed which has been disallowed, and (3) prompt payment of any amounts which are determined to be due the claimant.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Parts 71, 73]

[Airspace Docket No. 72-WE-34]

RESTRICTED AREAS AND CONTINENTAL CONTROL AREA

Proposed Designation and Alterations

The Federal Aviation Administration (FAA) is considering amendments to Parts 71 and 73 of the Federal Aviation Regulations that would designate two joint-use restricted areas in the vicinity of Fallon, Nev., and include them in the Continental Control Area; and also, alter an existing joint-use restricted area.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and

be submitted in triplicate to the Director, Western Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box 92007, Los Angeles, CA 90009. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. The proposals contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20591. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The airspace actions proposed in this docket would:

1. Designate a new joint-use restricted area R–4816, Dixie Valley, Nev., as follows:

BOUNDARIES

Beginning at latitude 39°51'00" N., longitude 118°00'00" W.; to latitude 39°51'00" N., longitude 117°31'00" W.; to latitude 39°-18'00" N., longitude 117°47'30" W.; to latitude 39°18'00" N., longitude 118°13'15" W.; to latitude 39°17'00" N., longitude 118°21'00" W.; to latitude 39°30'00" N., longitude 118°15'30" W.; to point of beginning.

Designated altitudes: Surface to 18,000 feet MSL.

Time of designation: 0700 to 2100 local time, Monday through Saturday.

Controlling agency: Federal Aviation Administration, Oakland ARTC Center.

Using agency: Commanding Officer, Naval Auxiliary Air Station, Fallon, Nev.

2. Designate a new joint-use restricted area R–4805, Shawave Mountains, Nev., as follows:

BOUNDARIES

Beginning at latitude 40°40'00" N., longitude 118°49'00" W.; to latitude 40°04'00" N., longitude 118°49'00" W.; to latitude 40°00'00" N., longitude 118°57'00" W.; to latitude 40°00'00" N., longitude 119°13'00" W.; to latitude 40°40'00" N., longitude 119°13'00" W.; to point of beginning.

Designated altitudes: Surface to 18,000 feet MSL.

Time of designation: One-half hour before sunrise to one-half hour after sunset, local time, Monday through Friday.

Controlling agency: Federal Aviation Administration, Oakland ARTC Center.

Using agency: Commanding Officer, Naval Auxiliary Air Station, Fallon, Nev.

3. Alter the lateral and vertical dimensions and the time of designation of restricted area R–4813 Carson Sink, Nev., as follows:

BOUNDARIES

Beginning at latitude 39°51'00" N., longitude 118°38'00" W.; to latitude 40°01'00" N., longitude 118°15'00" W.; to latitude 40°01'00" N., longitude 118°01'00" W.; to latitude 39°58'00" N., longitude 118°01'00" W.; to latitude 39°38'00" N., longitude 118°17'00" W.; thence via the arc of a 15-nautical-mile radius circle centered at latitude 39°52'36" N., longitude 118°20'27" W.; to latitude 39°45'50" N., longitude 118°38'00" W.; thence to point of beginning.

Designated altitudes: Surface to 18,000 feet MSL.

Time of designation: 0600 to 2400 local time, Monday through Saturday.

4. Alter the Continental Control Area by adding R–4816, Dixie Valley, Nev., and R–4805, Shawave Mountains, Nev.

The proposed Dixie Valley Restricted Area R–4816 will be used by the Department of the Navy as an Electronic Warfare (EW) range which includes electronics and ground radar facilities to provide training for attack, fighter, and reconnaissance air crews in the employment of EW equipment, tactics, and techniques.

The proposed Shawave Mountains Restricted Area R–4805 will be used for air-to-air gunnery training for Naval attack and fighter aircraft.

The lateral dimensions of Carson Sink, Nev., Restricted Area R–4813 are proposed for reduction to free airspace northeast of the Fallon Municipal Airport for visual flight rule general aviation aircraft. An analysis of R–4813 also indicates that the vertical dimension can be reduced to 18,000 feet MSL and the time of designation changed to 0600 to 2400 local time, Monday through Saturday.

Part 71 of the Federal Aviation Regulations would be altered to include the proposed restricted areas R–4816 and R–4805, in the continental control area. This action would designate controlled airspace within which air traffic control services could be provided to instrument flight rule traffic transiting the proposed areas.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on October 5, 1972.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

AIR BRAKE SYSTEMS

Notice of Public Meeting

The purpose of this notice is to announce a public meeting on the subject of Motor Vehicle Safety Standard No. 121, Air Brake Systems, in response to a petition submitted by the American Trucking Association (ATA). The meeting will be held on October 25, 1972, at 9:30 a.m. in Room 2232 of the Department of Transportation Headquarters Building, 400 Seventh Street SW., Washington, DC.

The meeting will be limited to discussion of the proposals made in the ATA petition, which are summarized as follows:

1. Automatic parking brake application as a means of emergency braking should be prohibited and the parking brake restricted primarily to parking situations. In effect, S5.7 of the standard would be amended by the substantial deletion of S5.7.1.

2. A "secondary" braking system should be provided that is modulatable and is controlled by the service system treadle valve. This would appear to be the system currently provided under S5.7.2, but without the option for hand control application.

3. The parking brake should be capable of application and release whenever either the primary system or the secondary system is operable and should apply automatically in the event that both systems fail, without provision for release unless one system or the other becomes operable. This appears to be a request for a parking brake that conforms to S5.7.1.4 but does not conform to S5.7.1.3.

4. The secondary system should be capable of making at least two full-pressure applications but should not be permitted more than six applications.

Persons who want to make a formal presentation should advise the agency of the length of the presentation and of any need for audiovisual equipment. Requests for time or equipment should be submitted to Mr. Sidney Williams (telephone 202—246–2153), not later than October 20, 1972.

This notice is issued under the authority of sections 103 and 119 of the National Traffic and Motor Vehicle Safety Act, 15 U.S.C. 1392, 1407, and the delegations of authority at 49 CFR 1.51 and 49 CFR 501.8.

Issued on October 11, 1972.

ROBERT L. CARTER,
Associate Administrator, Motor Vehicle Programs.

ATOMIC ENERGY COMMISSION

[10 CFR Part 20]

STANDARDS FOR PROTECTION AGAINST RADIATION

Posting of Enforcement Correspondence at Licensees' Facilities

The Atomic Energy Commission is considering an amendment to its regulation 10 CFR Part 20, "Standards for Protection Against Radiation," which would require licensees to post in a conspicuous place copies of all notices of violation, notices of proposed imposition of civil penalty, and orders issued pursuant to Subpart B of 10 CFR Part 2, and the licensee's written response thereto, so that the information therein may be readily accessible to all employees. AEC regulations (10 CFR 2.790) presently provide for documents pertaining to licenses, including enforcement correspondence resulting from AEC inspections or investigations, to be made available for public inspection and copying in the AEC Public Document Room, located at 1717 H Street NW., Washington, DC. Similar information is also on file at local

public document rooms which are established by the Commission in the vicinity of reactors and certain other facilities. It appears that enforcement correspondence relating to the results of AEC inspections or investigations at licensed facilities should be more readily accessible to employees of licensees at their place of employment so that employees may be aware of matters affecting their health and safety. The proposed amendment to § 20.206 of 10 CFR Part 20 set forth below would require a licensee to post notices of violation and other enforcement correspondence received from the Commission and the licensee's responses thereto.

Pursuant to the Atomic Energy Act of 1954, as amended, and section 553 of title 5 of the United States Code, notice is hereby given that adoption of the following amendment to 10 CFR Part 20 is contemplated. All interested persons who desire to submit written comments or suggestions for consideration in connection with the proposed amendment should send them to the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C., 20545; Attention: Chief, Public Proceedings Staff, within sixty (60) days after publication of this notice in the FEDERAL REGISTER. Comments received after that period will be considered if it is practical to do so, but assurance of consideration cannot be given except as to comments filed within the period specified. Copies of comments on the proposed rule may be examined at the Commission's Public Document Room, 1717 H Street, NW., Washington, DC.

1. A new paragraph (d) is added to § 20.206 of 10 CFR Part 20 to read as follows:

§ 20.206 Instruction of personnel; posting notices to employees.

* * * * *

(d) Except for documents or parts thereof relating to nuclear materials safeguards, each licensee shall post within 24 hours after receipt, unless otherwise authorized by the Commission, a copy of any notice of violation, notice of proposed imposition of civil penalty, and order issued pursuant to Subpart B of Part 2 of this chapter, and shall post, within 24 hours after dispatch, a copy of his response to such document(s). Such documents shall be conspicuously posted in a sufficient number of places in the licensee's establishment where employees are employed in activities licensed by the Commission to permit employees working in or frequenting any portion of the establishment to observe a copy on the way to or from their place of employment. Such documents shall remain posted until 10 working days after the licensee's response is dispatched. If no response from the licensee is required, such documents from the Commission shall remain posted for 10 working days. The licensee shall assure that such documents are not covered by other materials, and are not defaced or altered during the period when posting is required.

(Sec. 161, 68 Stat. 948; 42 U.S.C. 2201)

Dated at Germantown, Md., this 26th day of September 1972.

For the Atomic Energy Commission.

PAUL C. BENDER,
Secretary of the Commission.

[FR Doc.72-17483 Filed 10-12-72;8:54 am]

ENVIRONMENTAL PROTECTION AGENCY

[40 CFR Part 60]

STANDARDS OF PERFORMANCE FOR NEW STATIONARY SOURCES

Emissions During Startup, Shutdown and Malfunction; Extension of Time for Comment

On August 25, 1972 (37 F.R. 17214) the Agency proposed regulations setting forth procedures for dealing with emissions during startup, shutdown, and malfunction of sources subject to the new source performance standards in 40 CFR Part 60. A number of industries affected have requested that the period for comment be extended, in order to permit them to make a detailed evaluation and response to the proposal. The Agency agrees that additional time for comment is appropriate, and hereby extends for an additional 45 days the period for public comment on the proposal. All relevant comments received not later than November 23, 1972, will be considered.

Interested persons may participate in this proposed rule making by submitting written comment in triplicate to the Division of Stationary Source Enforcement, Environmental Protection Agency, 5600 Fishers Lane, Room 17-70, Rockville, MD 20852, Attention: Mr. Megonnel. Receipt of comments will be acknowledged, but the Division of Stationary Source Enforcement will not provide substantive responses to individual comments. Comments received will be available for public inspection during normal business hours at the Office of Public Affairs, 401 M Street SW., Washington, DC 20460.

Dated: October 10, 1972.

ROBERT W. FRI,
Acting Administrator,
Environmental Protection Agency.

[FR Doc.72-17526 Filed 10-12-72;8:51 am]

FEDERAL TRADE COMMISSION

[16 CFR Part 303]

TEXTILE FIBER PRODUCTS IDENTIFICATION ACT

New Generic Name and Definition of Manufactured Fiber; Extension of Time for Comment

On June 21, 1972, a notice concerning the application of E. I. du Pont de Nemours and Co., Wilmington, Del., for generic name for a textile fiber produced by applicant was published in the FEDERAL REGISTER at 37 F.R. 12243. Such application was filed pursuant to section 1.15 of the Procedures and Rules of Practice of the Federal Trade Commission (16 CFR 1.15) and the Textile Fiber Products Identification Act, 72 Stat. 1717, et seq., 79 Stat. 124, 15 U.S.C. section 70, et seq., requesting that § 303.7 of the rules and regulations under the Act (16 CFR 303.7) setting forth generic names and definitions of manufactured textile fibers, be amended (1) to add thereto a new generic name and definition to cover certain aromatic polyamide fibers of applicant, and (2) to restrict the present nylon definition, paragraph (i) of 16 CFR 303.7, so as to exclude fibers which would fall within the proposed new generic class.

Such notice provided for the submission of written views, arguments, or other pertinent data to the Division of Textiles and Furs, Bureau of Consumer Protection, Federal Trade Commission, Washington, D.C. 20580, on or before August 21, 1972.

Upon application of an interested party, namely Monsanto Textiles Co., St. Louis, Mo., the time for such written submissions was extended to September 21, 1972, by Notice of the Commission published in the FEDERAL REGISTER August 31, 1972, at 37 F.R. 17765.

Now, upon a second application of Monsanto Textiles Co., and for good cause shown, the time for submission of written views, arguments, or other pertinent data is extended to and including October 24, 1972. Further, the Commission has determined to allow an additional 15-day comment period to and including November 8, 1972, during which time interested parties may submit answering comments to comments of other parties.

This action is taken pursuant to section 7(c) of the Act, 72 Stat. 1721, 15 U.S.C. section 70e(c), in accordance with 5 U.S.C. section 553 and Subpart B of Part 1 of the Commission's procedures and rules of practice, 16 CFR 1.11, et seq.

By direction of the Commission dated October 6, 1972.

[SEAL] CHARLES A. TOBIN,
Secretary.

[FR Doc.72-17546 Filed 10-12-72;8:52 am]

SELECTIVE SERVICE SYSTEM

[32 CFR Part 1660]

SELECTIVE SERVICE REGULATIONS

Alternate Service

Pursuant to sections 6(j) and 13(b) of the Military Selective Service Act, as amended (50 App. U.S. Code, sections 451 et seq.), the Director of Selective Service hereby gives public notice that consideration is being given to the following proposed amendments to the Selective

Service Regulations constituting a portion of Chapter XVI of the Code of Federal Regulations. These regulations implement section 6(j) of the Military Selective Service Act, as amended (50 App. U.S. Code, 456(j)).

All persons who desire to submit views to the Director on the proposals should prepare them in writing and mail them to the General Counsel, National Headquarters, Selective Service System, 1724 F Street NW., Washington, DC 20435, within 30 days following the publication of this notice in the FEDERAL REGISTER.

The proposed amendments follow:

Section 1660.2 *Examination of registrants,* is amended to read as follows:

§ 1660.2 Examination of registrants.

A registrant classified in Class 1–O shall be ordered to report for Armed Forces examination in accord with the provisions of Part 1628 of this chapter. If he fails to report for or submit to this examination, or if he is found to be qualified for military service, he will be selected for alternate service in accord with § 1660.4.

Section 1660.3 *Volunteer for alternate service,* is amended to read as follows:

§ 1660.3 Volunteer for alternate service.

Only registrants classified in Class 1–O may volunteer for alternate service in lieu of induction. Any registrant in Class 1–O may submit Application of Volunteer for Alternate Service (SSS Form 151) to his local board. If the volunteer wishes to propose jobs which he feels would be approved for his alternate service he will submit each job on an Employer's Statement of Availability of a Job as Alternate Service (SSS Form 156) simultaneously with his completed Application of Volunteer for Alternate Service (SSS Form 151). The State Director will approve or disapprove the proposed jobs. If the registrant fails to locate a suitable job or if the jobs submitted on the Employer's Statement of Availability of a Job as Alternate Service (SSS Form 156) are not approved, the State Director will not request the issuance of the Order to Report for Alternate Service (SSS Form 153) until the registrant would have been issued an Order to Report for Alternate Service (SSS Form 153) in accordance with § 1660.4 had he not volunteered.

Section 1660.4, *Selection of nonvolunteer for alternate service,* is amended to read as follows:

§ 1660.4 Selection of nonvolunteer for alternate service.

(a) A registrant classified in Class 1–O will be issued an Order to Report for Alternate Service (SSS Form 153) by the Executive Secretary or clerk, if so authorized, or a member of the registrant's local board together with Conscientious Objectors Skills Questionnaire (SSS Form 152) and three copies of Employer's Statement of Availability of a Job as Alternate Service (SSS Form 156) at the same time that he would be issued an Order to Report for Induction (SSS Form 252) were he classified in Class 1–A or 1–A–O. Such order to report for alternate service (SSS Form 153) shall specify the place and a date on which the registrant is to report for alternate service in accord with the instructions of the State Director. The date specified shall be not earlier than 70 days after such order is mailed.

(b) If a registrant to whom an order to report for alternate service (SSS Form 153) has been issued submits within 60 days after the issuance of such order a proposed job that is approved by the State Director, a suitable Amendment to order to report for alternate service (SSS Form 153A) will be issued by the registrant's local board in accord with instructions of the State Director.

(c) When a registrant in the medical, dental, or allied specialist category is classified in Class 1–O, he will be ordered to alternate service in lieu of induction at the time that he would have been called for induction if he were in Class 1–A or 1–A–O.

Section 1660.7 *Assigning alternate service,* is amended to read as follows:

§ 1660.7 Assigning alternate service.

(a) A registrant who has been classified in Class 1–O will be furnished conscientious objectors skills questionnaire (SSS Form 152) within 15 days after such classification.

(b) A registrant classified in Class 1–O may submit employer's statement of availability of a job as alternate service (SSS Form 156) or a letter from an employer to the State Director at any time within 60 days following the issuance to him of an order to report for alternate service (SSS Form 153). The State Director will determine whether the proposed job is acceptable. When a job is approved, the registrant's local board will issue an appropriate amendment to order to report for alternate service (SSS Form 153A) in accord with instructions of the State Director.

(c) Any time the State Director disapproves, a job proposed by the registrant in accord with paragraph (b) of this section, he will inform the registrant of his decision within 15 days after the State Director receives such form. The registrant may request that the State Director's decision(s) be reviewed by the Director. The registrant's case will be considered by the Director on only one occasion in accordance with this paragraph, but the registrant may request a review of as many as three adverse decisions on jobs in this one review. If the Director approves a job proposed by the registrant he shall direct the registrant's local board to issue an appropriate amendment to order to report for alternate service (SSS Form 153A).

(d) A registrant classified in Class 1–O may take a job anticipating that it might later be approved as alternate service. If such a job is approved, the registrant will be credited with having performed acceptable service, when in fact he has performed such service, from the date he started the job, or the date he was classified in Class 1–O, whichever is later.

(e) An order to report for alternate service will be deemed an order to report for induction within the meaning of § 1632.2 of this chapter.

Paragraphs (c) and (d) of § 1660.9 *Administration of alternate service,* are amended, and a new paragraph (f) is added, to read as follows:

§ 1660.9 Administration of alternate service.

* * * * *

(c) If, after completing the investigation in accord with paragraph (b) of this section, the State Director finds no failure of the registrant to perform satisfactorily he will request the registrant's local board to order the registrant to another job as quickly as possible by issuing an appropriate amendment to order to report for alternate service (SSS Form 153A). If the registrant complies with the order to report to the new job, the intervening time between jobs will not constitute a break in the required period of alternate service.

(d) The State Director may reassign a working registrant at any time that he determines the job to which the registrant is assigned ceases to be acceptable as alternate service as defined in § 1660.6 or upon the request of the registrant by requesting the registrant's local board to issue an appropriate amendment to order to report for alternate service (SSS Form 153A). Prior to the issuance of an amendment to order to report for alternate service (SSS Form 153A) in accord with this paragraph, the registrant is required to continue in the alternate service to which he had been ordered most recently.

* * * * *

(f) No action shall be required of a registrant by an amendment to order to report for alternate service (SSS Form 153A) within 10 days after the issuance of such form without his consent.

BYRON V. PEPITONE,
Acting Director.

STAINLESS STEEL AUTOMOBILE SPLASH GUARDS FROM CANADA

Determination of Sales at Not Less Than Fair Value

OCTOBER 6, 1972.

On August 18, 1972, there was published in the FEDERAL REGISTER (37 F.R. 16683) a "Notice of Tentative Negative Determination" that stainless steel automobile splash guards from Canada are not being, nor likely to be, sold at less than fair value within the meaning of section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)) (referred to in this notice as "the Act").

The statement of reasons for the tentative determination was published in the above-mentioned notice and interested parties were afforded an opportunity to make written submissions and to present oral views in connection with the tentative determination.

No written submissions or requests having been received, I hereby determine that, for the reasons stated in the tentative determination, stainless steel automobile splash guards from Canada are not being, nor likely to be, sold at less than fair value (section 201(a) of the Act; 19 U.S.C. 160(a)).

This determination is published pursuant to section 201(c) of the Act (19 U.S.C. 160(c)) and § 153.33(c), Customs Regulations (19 CFR 153.33(c)).

[SEAL] EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

PERCHLORETHYLENE FROM FRANCE

Amendment of Determination of Sales at Less Than Fair Value

OCTOBER 6, 1972.

A notice of "Determination of Sales at Less Than Fair Value" was published in the FEDERAL REGISTER of September 28, 1972 (37 F.R. 20268, F.R. Doc. 72-16638), advising that perchlorethylene imported from France was being, or was likely to be, sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 et seq.).

To clarify that notice, it is amended by inserting a comma followed by the words "including technical grade perchlorethylene and purified grade perchlorethylene," immediately after the word "perchlorethylene" wherever that word appears therein.

[SEAL] EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[S 5303]

CALIFORNIA

Notice of Proposed Withdrawal and Reservation of Land

OCTOBER 5, 1972.

The Bureau of Indian Affairs, U.S. Department of the Interior, has filed application Serial No. S 5303 for the withdrawal of the following described public land, subject to all valid existing rights, from appropriation under the public land laws, including the mining laws (30 U.S.C., Ch. 2) and from leasing under the mineral leasing laws, in aid of legislation to add the land to the Barona Ranch Reservation, Calif.

The land is located in San Diego County and adjoins the reservation to the east. Acquisition of the parcel will provide access to reservation land now separated from the main reservation lands and will further the orderly development of reservation land.

On or before November 14, 1972, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views to the undersigned officer of the Bureau of Land Management, U.S. Department of the Interior, Room E-2841 Federal Office Building, 2800 Cottage Way, Sacramento, CA 95825.

The Department's regulations provide that the authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the land and its resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the land for purposes other than the applicant's, to eliminate land needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the land and its resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the land will be withdrawn as requested by the applicant agency.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

If circumstances warrant, a public hearing will be held at a convenient time and place, which will be announced.

The land involved in the application is:

SAN BERNARDINO MERIDIAN

T. 14 S., R. 2 E.,
Sec. 7, lot 6 (SW¼SW¼).

The area described aggregates 44.10 acres.

WALTER F. HOLMES,
Chief, Branch of Lands and Minerals Operations.

[FR Doc.72-17488 Filed 10-12-72;8:48 am]

[M 589]

MONTANA

Notice of Partial Termination of Proposed Withdrawal and Reservation of Lands

OCTOBER 5, 1972.

Notice of the Department of Transportation's application, M 589, for withdrawal and reservation of lands for highway construction, was published as FEDERAL REGISTER Document No. 67-641 on pages 621-622 of the issue for January 19, 1967. The applicant agency has canceled its application insofar as it affects the following described land:

PRINCIPAL MERIDIAN, MONTANA

T. 6 N., R. 5 W.,
Sec. 17, lot 17.

The area described contains 0.32 acres.

Therefore, pursuant to the regulations contained in 43 CFR, Part 2091.2-5(b), the land at 10 a.m. on November 7, 1972, will be relieved of the segregative effect of the above mentioned application.

ROLAND F. LEE,
Chief, Branch of Lands and Minerals Operations.

[FR Doc.72-17490 Filed 10-12-72;8:48 am]

NEVADA

Notice of Filing of Plat of Survey and Order Providing for Opening of Lands

OCTOBER 6, 1972.

1. The Plat of Survey of lands described below will be officially filed at the Nevada State Office, Reno, Nev., effective 10 a.m., on November 17, 1972:

MOUNT DIABLO MERIDIAN, NEVADA

T. 6 N., R. 62 E.

2. The surveyed area aggregates 11,343.21 acres.

3. The area is nearly level to mountainous. Elevation from 5,220 to 6,500 feet above sea level. Soil is sandy clay to rocky limestone. Timber is scattered pinon and juniper. Vegetation consists of sagebrush, shadscale, budsage, greasewood and whitesage. Access is by a graded gravel road and other trail roads.

4. Subject to valid existing rights, the provisions of existing withdrawals and classifications, and the requirements of applicable law, the lands are hereby opened to such applications and petitions as may be permitted. All such valid applications received at or prior to 10 a.m. on November 17, 1972 shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in order of filing.

Inquiries concerning these lands shall be addressed to the Nevada State Office, Bureau of Land Management, 300 Booth Street, Reno, NV 89502.

DOROTHY F. GIBBENS,
Acting Chief, Branch of Records and Data Management.

[FR Doc.72-17489 Filed 10-12-72;8:48 am]

[OR 9144]

OREGON

Notice of Proposed Classification of Public Lands

OCTOBER 4, 1972.

1. Pursuant to the regulations under 43 CFR 2462, notice is hereby given of a proposal to classify the lands described below for disposal through exchange, under the Act of June 28, 1934, as amended (48 Stat. 1269; 43 U.S.C. 315g; 43 CFR 2220) for lands within the Burns District.

WILLAMETTE MERIDIAN

HARNEY COUNTY

Sec. 33, E½NE¼;
Sec. 34, lots 1, 2, 3, and 4, W½NW¼, and N½SW¼;
Sec. 35, lots 3 and 4, E½NW¼, and NE¼SW¼.
T. 32 S., R. 34 E.,
Sec. 2, lots 3 and 4, and SW¼NW¼;
Sec. 3;
Sec. 4, SE¼NE¼ and SE¼;
Sec. 5, lot 4, SW¼NW¼, and W½SW¼;
Sec. 6, E½SW¼;
Sec. 7, NE¼NW¼;
Sec. 8, N½SE¼ and SE¼SE¼;
Sec. 9, N½, N½S½, SW¼SW¼, and SE¼SE¼;
Sec. 10, N½N½, SW¼NW¼, NW¼SW¼, and S½SE¼;
Sec. 11;
Sec. 14, N½ and N½S½;
Sec. 15, E½, SE¼NW¼, NE¼SW¼, and S½SW¼;
Sec. 17, E½NE¼, E½SW¼, and SE¼;
Sec. 20, NE¼ and NE¼NW¼;
Sec. 21, W½NE¼ and NW¼;
Sec. 23, W½NW¼ and E½SW¼.

The area described aggregates 9,058.81 acres.

2. In accordance with 43 CFR 2201.1 and 2201.2, no application for an exchange will be accepted until the lands have been classified and the application is accompanied by a statement from the Burns District Manager, Bureau of Land Management that the proposal is feasible.

3. For a period of 60 days from the date of publication of this notice, all persons who wish to submit comments, suggestions or objections in connection with the proposed classification may present their views in writing to the District Manager, Bureau of Land Management, Department of the Interior, 74 South Alvord Street, Burns, OR 97720.

If circumstances warrant it, a public hearing will be held at a convenient time and place which will be announced.

After having considered comments received as a result of this publication, and hearing if such is deemed necessary to be held, the authorized officer will classify the above-described lands, which classification shall be published in the FEDERAL REGISTER.

ARTHUR W. ZIMMERMAN,
Associate State Director.

[FR Doc.72-17491 Filed 10-12-72;8:48 am]

[U-18619]

UTAH

Notice of Proposed Withdrawal and Reservation of Lands

OCTOBER 3, 1972.

The U.S. Bureau of Reclamation, Department of the Interior, has filed an application, Serial No. Utah 18619, for the withdrawal of the lands described below from all forms of appropriation under the public land laws, including the mining laws, but not the mineral leasing laws.

The applicant desires the land for the construction, operation, and maintenance of the Tyzack Dam and Reservoir, involving diversion and storage of water from Brush Creek, a tributary stream of the Green River. The water will be used for municipal, industrial, initial and supplimental irrigation, recreation, and fish and wildlife requirements in the Vernal and Jensen areas.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, Post Office Box 11505, Salt Lake City, Utah 84111.

The Department's regulations (43 CFR 2351.4(c)) provide that the authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential that the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn as requested by the applicant agency.

The determination of the Secretary on the application will be published in

the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

If circumstances warrant, a public hearing will be held at a convenient time and place, which will be announced.

The lands involved in the application are:

SALT LAKE MERIDIAN, UTAH

T. 3 S., R. 22 E.,
Sec. 14, NW¼;
Sec. 15, NE¼, E½NW¼.

400 acres.

WILLIAM G. LEAVELL,
Acting State Director.

[DES 72-102]

PROPOSED WILDERNESS AREA VALENTINE NATIONAL WILDLIFE REFUGE, NEBRASKA

Notice of Availability of Draft Environmental Impact Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, Public Law 91-190, the Department of the Interior has prepared a draft envirnomental statement for a proposed wilderness area, located in Cherry County, Nebr., and invites written comments within 45 days of this notice.

Under the proposal, 16,317 acres of the Valentine National Wildlife Refuge would be designated as wilderness within the National Wilderness Preservation System. The statement examines the environmental impacts of the proposed designation.

Copies of the draft statement are available for inspection at the following locations:

Bureau of Sport Fisheries and Wildlife, Federal Building, Fort Snelling, Twin Cities, Minn. 55111.
Bureau of Sport Fisheries and Wildlife, Office of Environmental Quality, Department of the Interior, Room 2246, 18th and "C" Streets NW., Washington, DC 20240.

Single copies may be obtained by writing the Chief, Office of Environmental Quality, Bureau of Sport Fisheries and Wildlife, Washington, D.C. 20240. Please refer to the statement number above.

Dated: October 4, 1972.

W. W. LYONS,
Deputy Assistant Secretary, Program Policy.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

1971-CROP LOAN COTTON

Loans to be Carried in Past-Due Status

The U.S. Department of Agriculture announced on September 26, 1972, that Commodity Credit Corp. would carry in a past-due status through July 31, 1973, loans on 1971-crop upland and extra long staple cotton which mature the last day of each month from September 1972 through February 1973.

Under the 1971 cotton loan program, loans mature on the last day of the 9th calendar month following the month in which the loan (or advance) was disbursed, with certain exceptions. Loans on 1971-crop cotton were available through May 31, 1972; thus, loans in May 1972 mature on February 28, 1973. The action announced on September 26, however, provides producers from 5 to 10 additional months to redeem their cotton.

The 1971-crop loan cotton not redeemed by July 31, 1973, will be acquired on that date by Commodity Credit Corp. Until the close of business on that date, producers may either sell their "equity" in the loan cotton or redeem the cotton from the loan and sell it in the open market.

This notice amends a notice concerning acquisitions of 1971-crop loan cotton by CCC (37 F.R. 8895, May 2, 1972) as to final maturity dates for 1971-crop loans. All other provisions of the earlier notice remain in effect.

Signed at Washington, D.C., on October 2, 1972.

GLENN A. WEIR,
Acting Executive Vice President, Commodity Credit Corporation.

Packers and Stockyards Administration

[P. & S. Docket No. 4675]

MODIFICATIONS OF RATES AND CHARGES

Notice of Order Extending Period of Suspension

On August 21, 1972, an order was issued instituting the following proceeding under Title III of the Packers and Stockyards, 1921, as amended (7 U.S.C. 181 et seq.), in re: Corona Livestock Auction, Inc., a corporation, respondent, P. & S. Docket No. 4675 (37 F.R. 17981). Such order, among other things, suspended and deferred the operation and use by the respondent of modifications of its current schedule of rates and charges to become effective on September 1, 1972, for a period of 30 days beyond the time such modifications would otherwise go into effect.

Notice is hereby given that, since the hearing in this proceeding could not be concluded within such period of suspension, an order has been issued in the above proceeding suspending and deferring the operation and use of such modifications of the current schedule of rates and charges for a further period of 30 days beyond the date when such modifications would have otherwise become effective.

Done at Washington, D.C., this 10th day of October 1972.

MARVIN L. MCLAIN,
Administrator, Packers and Stockyards Administration.

[Docket No. S-587]

THORVALD E. FENEIDE

Notice of Loan Application

October 4, 1972.

Thorvald E. Feneide, Star Route Box 600, Aberdeen, WA 98520, has applied for a loan from the Fisheries Loan Fund to aid in financing the purchase of a used wood vessel about 37 feet in length, to engage in the fishery for salmon, albacore, and Dungeness crab off the coasts of Washington, Oregon, and California.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, National Marine Fisheries Service, within 30 days from the date of publication of this notice. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

PHILIP M. ROEDEL,
Director.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

National Institutes of Health

NATIONAL INSTITUTE OF ARTHRITIS METABOLISM, AND DIGESTIVE DISEASES

Establishment of Program of Diabetes-Endocrinology Centers

Notice is hereby given that the National Institute of Arthritis, Metabolism, and Digestive Diseases, under authority of section 301 and Title IV, Part D of the Public Health Service Act, as amended (42 U.S.C. 241, 289 et seq.), intends to support a number of Diabetes-Endocrinology Centers geographically dispersed throughout the United States.

During the next year or two, only centers in which the research emphasis is in the area of diabetes will be supported. Center grants will be limited to institutions where there is established ongoing research in diabetes and will be used to strengthen and to permit further development of these research efforts. The scientific community will be informed when the support is expanded to centers with other areas of research emphasis.

There is no prescribed model for a Diabetes-Endocrinology Center. A center should encompass a unique and substantial research program that has already developed as a result of the efforts of the investigators and the institution's particular resources and strengths.

It is intended, through establishment of these centers for research in diabetes, to facilitate, improve coordination in, or otherwise enhance the productivity of the research environment of the recipient institution. These centers will provide core resources and services at an institution where a broad and substantial volume of excellent diabetes research already exists.

The centers are conceived as supporting scientific personnel, administration, and central support services to accomplish research goals that would not otherwise be possible. The center grant is not intended to provide direct support for established ongoing research projects.

Funds to initiate projects by new investigators and for exploratory or feasibility studies may be supported by a center grant. While such funds may be requested each year of the center grant, support of any particular new project will be limited to a 3-year period, at which time the project should compete for a regular research grant.

A center grant application, prepared on Form PHS 398, "Application for Research Grant," will be reviewed by a special study section of the Division of Research Grants, composed of NIH consultants, and by the National Arthritis, Metabolism, and Digestive Diseases Advisory Council. A grant-supported center will also receive continuing review and evaluation by NIH staff and consultants.

Applications for the direct support of individual research projects, program projects, training grants, and fellowships will be reviewed in the usual fashion by appropriate initial review groups and by the National Arthritis, Metabolism, and Digestive Diseases Advisory Council.

In order that applications may be eligible for funding during the present fiscal year, a special deadline of January 1, 1973, has been established for the receipt of applications for such center support. To facilitate the planning of the review of these applications a letter of intent to submit an application should be sent to the Diabetes Program Director (address below) by November 15, 1972. Subsequently, the established NIH deadlines for receipt of applications will apply, i.e., June 1, October 1, etc.

Additional information and applications may be obtained by writing:

Diabetes Program Director, Extramural Programs, National Institute of Arthritis, Metabolism, and Digestive Diseases, National Institutes of Health, Westwood Building, Room 626, Bethesda, Md. 20014, telephone: Area code 301, 496-7792.

Dated: October 4, 1972.

ATOMIC ENERGY COMMISSION

[Docket No. 50-298]

NEBRASKA PUBLIC POWER DISTRICT

Notice of Consideration of Issuance of Facility License and Notice of Opportunity for Hearing

The Atomic Energy Commission (the Commission) will consider the issuance of a facility operating license to the Nebraska Public Power District (the applicant), which would authorize the applicant to possess, use, and operate Cooper Nuclear Station, a boiling water nuclear reactor (the facility), located on the applicant's site near the village of Brownville, Nemaha County, Nebr., at steady-state power levels not to exceed 2,381 megawatts thermal in accordance with the provisions of the license and the technical specifications appended thereto, upon the receipt of a report on the applicant's application for a facility operating license by the Advisory Committee on Reactor Safeguards, the submission of a favorable safety evaluation on the application by the Commission's Directorate of Licensing, the completion of the environmental review required by the Commission's regulations in 10 CFR Part 50, Appendix D, and a finding by the Commission that the application for the facility license, as amended, complies with the requirements of the Atomic Energy Act of 1954, as amended (Act), and the Commission's regulations in 10 CFR Chapter 1. Construction of the facility was authorized by Construction Permit No. CPPR-42, issued by the Commission on June 4, 1968.

Prior to issuance of any operating license, the Commission will inspect the facility to determine whether it has been constructed in accordance with the application, as amended, and the provisions of Construction Permit No. CPPR-42. In addition, the license will not be issued until the Commission has made the findings, reflecting its review of the application under the Act which will be set forth in the proposed license, and has concluded that the issuance of the license will not be inimical to the common defense and security or to the health and safety of the public. Upon issuance of the license, the applicant will be required to execute an indemnity agreement as required by section 170 of the Act and 10 CFR Part 140 of the Commission's regulations.

The facility is subject to the provisions of 10 CFR Part 50, Appendix D, section C.3 which sets forth procedures applicable to review of environmental considerations for production and utilization facilities for which construction permits were issued prior to January 1, 1970.

Within thirty (30) days from the date of publication of this notice in the FEDERAL REGISTER, the applicant may file a request for a hearing and any person whose interest may be affected by this proceeding may file a petition for leave to intervene with respect to the issuance of the facility operating license. Requests for a hearing and petitions for leave to intervene shall be filed in accordance with the Commission's rules of practice in 10 CFR Part 2. If a request for a hearing or petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

A petition for leave to intervene must be filed under oath or affirmation in accordance with the provisions of 10 CFR 2.714. As required by 10 CFR 2.714, a petition for leave to intervene shall set forth the interest of the petitioner in the proceeding, how that interest may be affected by the results of the proceeding, and any other contentions of the petitioner including the facts and reasons why he should be permitted to intervene, with particular reference to the following factors: (1) The nature of the petitioner's right under the Act to be made a party to the proceeding; (2) the nature and extent of the petitioner's property, financial, or other interest in the proceeding; and (3) the possible effect of any order which may be entered in the proceeding on the petitioner's interest. Any such petition shall be accompanied by a supporting affidavit identifying the specific aspect or aspects of the subject matter of the proceeding as to which the petitioner wishes to intervene and setting forth with particularity both the facts pertaining to his interest and the basis for his contentions with regard to each aspect on which he desires to intervene. A petition that sets forth contentions relating only to matters outside the jurisdiction of the Commission will be denied.

A request for a hearing or a petition for leave to intervene must be filed with the Office of the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Public Proceedings Staff, or the Commission's Public Document Room, 1717 H Street NW., Washington, DC, not

later than thirty (30) days from the date of publication of this notice in the FEDERAL REGISTER. A petition for leave to intervene which is not timely will not be granted unless the Commission determines that the petitioner has made a substantial showing of good cause for failure to file on time and after the Commission has considered those factors specified in 10 CFR 2.71(a).

For further details pertinent to the matters under consideration, see the application for the facility operating license, dated February 26, 1971, as amended, and the Applicant's Environmental Report, dated September 17, 1971, which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, DC, and at the Auburn Public Library, 1118 15th Street, Auburn, NE 68305. As they become available, the following documents also will be available at the above locations: (1) The report of the Advisory Committee on Reactor Safeguards on the application for facility operating license; (2) the Commission's draft detailed statement on environmental considerations pursuant to 10 CFR Part 50, Appendix D; (3) the Commission's final detailed statement on environmental considerations; (4) the safety evaluation prepared by the Directorate of Licensing; (5) the proposed facility operating license; and (6) the technical specifications, which will be attached to the proposed facility operating license.

Copies of items (1), (3), (4), and (5) may be obtained by request to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

For the Atomic Energy Commission.

Dated at Bethesda, Md., this 6th day of October 1972.

A. GIAMBUSSO,
Deputy Director for Reactor Projects, Directorate of Licensing.

[Docket No. 50-363]

JERSEY CENTRAL POWER AND LIGHT CO.

Notice of Availability of AEC Draft Environmental Statement and Applicant's Environmental Report

Pursuant to the National Environmental Policy Act of 1969 and the Atomic Energy Commission's regulations in Appendix D to 10 CFR Part 50, notice is hereby given that a draft environmental statement related to the proposed issuance of a construction permit to Jersey Central Power and Light Co. for the proposed Forked River Nuclear Generating Station, Unit 1, to be located in Lacey Township, Ocean County, N.J., has been prepared by the Commission's Directorate of Licensing. The Statement is available for inspection by the public in the Commission's Public Document Room at 1717 H Street, NW., Washington, DC, and in the Ocean County Library, 15 Hooper Avenue, Toms River, NJ 08753. The Statement is also being made available at the Division of State and Regional Planning, Department of Community Affairs, Post Office Box 1978, Trenton, NJ 08625, and at the Ocean County Planning Board, Courthouse Square, Toms River, N.J. 08753. Copies of the Commission's Draft Environmental Statement may be obtained upon request addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Deputy Director for Reactor Projects, Directorate of Licensing.

A document entitled "Applicant's Environmental Report-Construction Permit Stage, January 24, 1972," submitted by Jersey Central Power and Light Co. is also available for public inspection at the above-designated locations. Notice of the availability of the report was published in the FEDERAL REGISTER on February 26, 1972 (37 F.R. 4107).

Pursuant to 10 CFR 50, Appendix D, interested persons may, within thirty (30) days from date of publication of this notice in the FEDERAL REGISTER, submit comments on the proposed action, the report, and the draft environmental statement for the Commission's consideration. Federal and State agencies are being provided with copies of the report and the draft environmental statement (local agencies may obtain these documents upon request) and when any comments thereon by Federal, State, and local officials are received, they will be made available for public inspection at the above-designated locations. Comments on the draft environmental statement from interested members of the public should be addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Deputy Director for Reactor Projects, Directorate of Licensing.

Dated at Bethesda, Md., this 10th day of October 1972.

For the Atomic Energy Commission.

R. C. DEYOUNG,
Assistant Director for Pressurized Water Reactors Directorate of Licensing.

[Docket 24248; Order 72-10-19]

AEROLINEAS ARGENTINAS

Notification and Order Disapproving Schedules

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 25th day of September 1972.

Aerolineas Argentinas is the holder of a foreign air carrier permit issued pursuant to Order 69–2–112, authorizing it to perform foreign air transportation with respect to persons, property and mail, over three routes between a point or points in Argentina, via specified intermediate points, to New York, Miami, and Los Angeles. There exists no civil air transport agreement between the Government of the United States and the Government of Argentina. The rights exchanged are based on comity and reciprocity.

The Government of Argentina has issued various licenses to Braniff Airways, Inc., and to Pan American World Airways, Inc., authorizing scheduled air services between specified points in the United States and Buenos Aires, via named intermediate points. These permits specify the maximum number of frequencies which may be operated over each route, the number of seats which may be sold on each flight, and the number of seats which may be sold on a weekly basis for all flights. Applications for increases of the number of frequencies specified are not freely granted but required participation in lengthy regulatory proceedings. In October 1970, Pan American requested authority to operate two all-cargo frequencies between the United States and Argentina. This request was recently denied. In June 1971, the carrier applied for an additional nonstop New York-Buenos Aires passenger frequency and for a second weekly Miami-Caracas-Buenos Aires passenger flight. On January 24, 1972, the Argentine Undersecretary of Transport denied these applications. On February 16, 1972, the carrier filed a formal appeal to the President of the Republic requesting reconsideration of the decision. This appeal was denied August 14, 1972.

During the last half of 1971, Pan American also requested permission to increase its weekly passenger capacity from 1,712 to 2,336 seats. After a hearing, the Argentine civil aviation authorities ruled that Pan American could increase its weekly capacity to 1,892 seats which provides for an average of only 118 seats to be sold on a 140-seat B–707 aircraft for eight round-trip weekly flights. On September 1, 1972, the President of Argentina refused the carrier's appeal of this decision.

In contrast, Aerolineas enjoys the freedom to operate its routes to the United States with whatever number of frequencies it wishes and using all of the seats available on whatever aircraft it chooses to operate. In July 1971, Aerolineas increased its flights to New York from five to six and in December 1971 it expanded its operations to New York to daily service. Also in December 1971, the carrier announced the scheduling of a fourth flight to Los Angeles. Thus Aerolineas has increased its U.S.-Argentina frequencies by three flights completely at its own discretion and without any U.S. Government requirements for approval.

On January 19, 1972 the Government of Argentina notified Braniff that quotas had been imposed on its carriage of "regional" fifth freedom traffic. For the period March 1–June 30, 1972, Braniff received a fifth freedom quota of 1,818 on the Buenos Aires-Santiago, Chile sector and 1,131 on the Buenos Aires-La Paz, Bolivia sector—some two-third less than Braniff currently carries. The Argentine authorities also limited the number of seats Braniff was permitted to make available for sale.

Faced with these new restrictions on the operations of U.S. carriers to Argentina and the consequent erosion of reciprocity, on February 25, 1972, the Civil Aeronautics Board issued Order 72–2–88 requiring Aerolineas to file its existing schedules so that the Board could determine whether the operation of such services, or any part thereof, were contrary to applicable law or adverse to the public interest.

Subsequent to the issuance of this Order, representatives of the two governments met for consultations in Buenos Aires. At the close of the talks both parties agreed not to impose restrictions or penalties on the other's carriers pending further consultations.

On September 7, 1972, the Government of Argentina informed Braniff that it must suspend the carriage of all fifth freedom passengers between Buenos Aires and Santiago, Chile, and between Buenos Aires and La Paz, Bolivia, from September 15 through December 31, 1972.

The Board finds that this latest Argentine restriction will deprive a U.S. carrier of substantial revenues and thereby further diminish the foundation of reciprocity upon which operations between the two countries are based and adversely affects the public interest. The Board therefore finds that the public interest requires it to again exercise its powers pursuant to Part 213 of the Economic Regulations and to require Aerolineas to suspend operation of the three flights which it has recently implemented, to suspend certain other flights, to suspend service to certain intermediate points on its routes on certain days and to submit to the Board monthly statistical reports on those flights which it continues to operate.

Accordingly, it is ordered, That:

1. Within 30 days after service of this Order, Aerolineas Argentinas shall cease operating the following flights between the United States and Argentina:

a. Flight 300 departing Buenos Aires on Wednesday and arriving in New York on Thursday and the return Flight 301 departing New York on Thursday and arriving in Buenos Aires on Friday.

b. Flight 320 departing Buenos Aires on Monday and arriving in New York on Tuesday and the return Flight 321, departing from New York on Tuesday and arriving in Buenos Aires on Wednesday.

c. Flight 380 departing Buenos Aires on Friday and arriving in Los Angeles on the same day and the return Flight 381, departing Los Angeles on Friday and arriving in Buenos Aires on Saturday.

d. Flight 360 departing Buenos Aires on Saturday and Wednesday arriving in Miami on the same days and the return Flight 361 departing Miami on Sunday and arriving in Buenos Aires on the same day.[1]

e. Flight 391 departing Miami on Tuesday and arriving in Buenos Aires on the same day.[1]

2. Within 30 days after service of this Order, Aerolineas Argentinas shall suspend service at the intermediate points specified on the following flights on the days listed:

a. Lima on Flight 361 which departs from Miami on Thursday and arrives in Buenos Aires on the same day.

b. Lima on Flight 370 which terminates in Los Angeles on Tuesday and Thursday and on the return sector, Flight 371, on Monday, Wednesday, and Friday.

c. Bogota on Flight 370 which terminates in Los Angeles on Thursday and Sunday and the return Flight 371, on Monday, Wednesday, and Friday.

3. Aerolineas Argentinas shall file with the Civil Aeronautics Board (Attention: Director, Bureau of International Affairs) within 30 days after the close of each calendar month the original and three copies of a statistical report covering its remaining operations. Such report shall include:

a. The total number of third and fourth freedom passengers and the total number of fifth freedom passengers to/from the United States listed by city pair and with indication of percentage distribution.

(b) The total number of seats available and load factor achieved to/from the United States listed by flight.

c. Cargo data including weight carried, freedom classification, and load factor achieved to/from the United States by flight.

4. This Order shall be submitted to the President[2] and shall become effective on October 10, 1972.

5. This Order shall remain in effect until December 31, 1972, unless otherwise ordered by the Board.

6. This Order shall be served on Aerolineas Argentinas and the Ambassador of Argentina in Washington, D.C.

This Order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] PHYLLIS T. KAYLOR,
Acting Secretary.

[FR Doc.72–17541 Filed 10–12–72;8:52 am]

[1] The Board will consider an application for approval of a proposed schedule pursuant to section 213.3(e) to enable Aerolineas Argentinas to provide turnaround service at Miami by changing the day of operation of existing Flights 390 and 361.

[2] This Order was submitted to the President on September 26, 1972.

COMMISSION ON CIVIL RIGHTS

ARIZONA AND NEW MEXICO

Notice of Hearing

Notice is hereby given, pursuant to the provisions of the Civil Rights Act of 1957, 71 Stat. 634, as amended, that a public hearing of the U.S. Commission on Civil Rights will commence on November 14, 1972, and that executive sessions, if appropriate, will be convened on November 14, 1972, to be held at the Albuquerque Convention Center, 401 Second Street NW., Albuquerque, NM; and on November 17, 1972, at the Phoenix Indian High School, 45 East Midway, Phoenix, AZ. The purpose of this hearing is to collect information concerning legal developments constituting a denial of equal protection of the laws under the Constitution because of race, color, religion, or national origin regarding the living conditions, the educational opportunities, the employment opportunities, the opportunities for adequate health services, the administration of justice, and the protection and preservation of water resources as they affect American Indians residing in the States of Arizona and New Mexico; to appraise the laws and policies of the Federal Government with respect to denials of equal protection of the laws under the Constitution because of race, color, religion, or national origin as they affect the educational opportunities, the employment opportunities, the health care opportunities, the administration of justice, and the protection and preservation of water resources as it affects American Indians in the above areas, and to disseminate information with respect to denials of equal protection of the laws because of race, color, religion, or national origin in the fields of employment, education, health care, the administration of justice, and the preservation and protection of tribal water rights and related areas.

Dated at Washington, D.C., October 6, 1972.

THEODORE M. HESBURGH,
Chairman.

FEDERAL RESERVE SYSTEM

UNITED OHIO BANCORP

Formation of Bank Holding Company

United Ohio Bancorp, Cleveland, Ohio, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company through acquisition of 100 percent of the voting shares (less directors' qualifying shares) of the First National Bank of Ashland, Ashland, Ohio, and of the Medina County Bank, Lodi, Ohio. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Cleveland. Any person wishing to comment on the application should submit his views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, to be received not later than October 31, 1972.

Board of Governors of the Federal Reserve System, October 4, 1972.

[SEAL] MICHAEL A. GREENSPAN,
Assistant Secretary of the Board.

GENERAL SERVICES ADMINISTRATION

ARCHIVES ADVISORY COUNCILS

Notice of Meetings

Notice is hereby given that the Archives Advisory Councils shown below will meet at the times and places indicated. Anyone who is interested in attending, or wants additional information should contact the persons shown below.

NATIONAL ARCHIVES ADVISORY COUNCIL

Meeting date: October 20-21, 1972.
Time: October 20th, 1 to 4 p.m., October 21st, 9 to 11:30 a.m.
Place: National Archives Building, Room 105, Seventh and Pennsylvania Avenue, Washington, DC 20408.
For further information contact: Dr. Frank G. Burke, Director, Educational Programs Staff, Seventh and Pennsylvania Avenue, Washington, DC 20408, 202—963-6404.

REGIONAL ARCHIVES ADVISORY COUNCILS

REGION 5

Meeting date: October 16, 1972.
Time: 8:30 a.m. to 4:30 p.m.
Place: Dirksen Building, Dirksen Room, 219 South Dearborn Street, Chicago, IL 60604.
For further information contact: A. K. Johnson, NARS Regional Commissioner, 1776 Peachtree Street, NW., Atlanta, GA 30309, 404—526-5611.

REGION 8

Meeting date: November 10, 1972.
Time: 1:30 p.m.
Place: University of Utah, 1400 East 2d South, Salt Lake City, UT 84112.
For further information contact: Ivan Eyler, NARS Regional Commissioner, 819 Taylor Street, Fort Worth, TX 76102, 817—334-2759.

REGION 10

Meeting date: November 10, 1972.
Time: 9:30 a.m. to 4 p.m.
Place: Federal Records Center, Conference training room, 6125 Sand Point Way NE., Seattle, WA 98115.
For further information contact: Paul Kohl, NARS Regional Commissioner, 49 Fourth Street, San Francisco, CA 94103, 415—556-3425.

The purpose of these meetings is to obtain support and guidance for new and on-going programs of the National Archives and Records Service, General Services Administration.

Issued in Washington, D.C., October 5, 1972.

JAMES B. RHOADS,
Archivist of the United States.

FEDERAL COMMUNICATIONS COMMISSION

[Report 616]

COMMON CARRIER SERVICES INFORMATION [1]

Domestic Public Radio Services Applications Accepted for Filing [2]

OCTOBER 2, 1972.

Pursuant to §§ 1.227(b)(3) and 21.30(b) of the Commission's rules, an application, in order to be considered with any domestic public radio services application appearing on the attached list, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cutoff dates are set forth in the alternative—applications will be entitled to consideration with those listed in the appendix if filed by the end of the 60-day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS COMMISSION,
BEN F. WAPLE,
Secretary,

---

[1] All applications listed in the appendix are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations and other requirements.

[2] The above alternative cutoff rules apply to those applications listed in the appendix as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio and Local Television Transmission Services (Part 21 of the rules).

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

1893–C2–P–(3)–73—Location Airsignal International, Inc. (New), for a new 1-way signaling station to be located at location No. 1: Off Highway 780, approximately 1.5 miles east of Sarasota, Fla., location No. 2: 4212 30th Street West, Bradenton, FL and location No. 3: 0.85 mile north of Venice Boulevard, Venice, Fla., to operate on frequency 35.58 MHz.

1896–C2–MP–73—Airsignal International, Inc. (KIF651), for modification of C.P. to relocate facilities at Location No. 1 operating on 35.58 MHz to First National Bank Building, 1 Financial Plaza, Fort Lauderdale, FL.

1897–C2–P–73—The Bell Telephone Co. of Pennsylvania (KGA585), for additional facilities to operate 459.425, 459.475, 459.575, 459.650 MHz. (Test) at location No. 1: 1631 Arch Street, Philadelphia, PA.

1939–C2–P–(2)–73—General Communications Service, Inc. (KOA265), for additional control facilities to operate on 2112.0 MHz at location No. 2: 365 North Sixth Avenue, Phoenix, AZ, and for additional repeater facilities to operate on 2162.0 MHz at location No. 3: Atop South Mountain, 7.5 miles south of Phoenix, Ariz.

1940–C2–P–(2)–73—Colonial Mobile Telephone & Paging Service, Inc. (New), for a new 2-way station. Frequencies: 454.300 and 459.300 MHz. Location: Mt. Tom, Holyoke, Mass.

1941–C2–P–73—Elden Jr. Heinz, doing business as E & J Mobile Radio Service (New), for a new 2-way station to be located at 3.6 miles southwest of New Holland, Ohio to operate on base frequency 152.15 MHz.

1942–C2–P–73—North Shore Radio-Telephone, Inc. (KTS200), for additional facilities to operate on 158.70 MHz at a new site described as location No. 2: 1741 South O'Plane Road, Warren Township, IL.

1953–C2–P–73—RCC of Virginia, Inc. (New), for a new 2-way station to be located at Route 10, 0.94 mile south of Rushmere, Va., to operate on 152.12 MHz.

1954–C2–P–(3)–72—Communication Equipment & Service, Co. (KWA632), for additional facilities to operate on 152.15 MHz (base) and install a repeater channel to operate on 75.68 MHz at location No. 1: Ester Dome, Alaska and for additional Control facilities to operate on 72.86 MHz at location No. 2: 1010 College Road, Fairbanks, AK.

1955–C2–P–73—William L. Eisele (KJU804), for additional facilities to operate on base frequency 454.050 MHz at station located at junction of Johnson Road, 4 miles north-northwest of La Porte, Ind.

1956–C2–P–73—William L. Eisele (KSJ818), for additional facilities to operate on base frequency 454.125 MHz at station located at junction of Route 49 and Road 750 North, 4 miles north of Valparaiso, Ind.

7979–C2–P–73—Kentucky Communications (New), for a new 1-way station to be located at Duty Knob at the tower, Pikeville, Ky., to operate on base frequency 152.24 MHz.

Major Amendments

6522–C2–P–71—General Telephone Co. of Wisconsin (New), amended to change location to 114 North Apple Avenue, Marshfield, WI, operating on 152.840 MHz. See public notice dated May 24, 1971, Report No. 545.

Correction

1742–C2–P–(2)–73—Mobilfone, Correct entry to read: Call Sign (KKX709) and correct location to read Abilene, Tex. All other particulars remain as reported on public notice No. 615, dated September 25, 1972.

POINT-TO-POINT MICROWAVE RADIO SERVICE

1892–C1–MP–73—Michigan Bell Telephone Co. (WJL84), 130 Royce Road, Ripley, MI. Latitude 47°07'39'' N., longitude 88°34'03'' W. Modification of C.P. to change frequencies from 11,755 MHz to 10,755V MHz toward Dodgeville, Mich.

1898–C1–TC–(3)–73—Garden State Micro Relay, Inc., KEM55, KEM56, KYZ90, various locations in the State of New Jersey. Transfer of Control from Community Cablecasting Corp. et al. (controlling stockholders) de jure, Transferors, to Cypress Communications Corp. et al. (Controlling stockholders) de facto, Transferees.

POINT-TO-POINT MICROWAVE RADIO SERVICE—continued

1899–C1–ML–73—Pacific Northwest Bell Telephone Co. (KOJ93), Joe Butte, 7 miles south of Kennewick, Wash. Latitude 46°06'12'' N., longitude 119°07'52'' W. Modification of license to correct azimuth and distance on frequencies 10,755V and 10,995H MHz towards Pasco, Wash.

1900–C1–ML–73—Southwestern Bell Telephone Co. (KKZ86), Nelson Street, near 15th Street, Port Bolivar, Tex. Modification of license to change antenna system on frequencies 6286.2V and 6404.8V MHz towards Galveston, Tex.

1901–C1–ML–73—American Telephone and Telegraph Co. (KQA67), 2.2 miles northeast of Richfield, Ohio. Latitude 41°15'43'' N., longitude 81°36'19'' W. Modification of license to change azimuth on frequencies 3730V, 3810V, 3890V, 3970V, and 4050V MHz towards Cleveland, Ohio; frequencies 3710H and 3830H MHz towards Akron, Ohio.

1902–C1–P–73—The Ohio Bell Telephone Co. (KVI38), 111 North Fourth Street, Columbus, Ohio. Latitude 39°57'54'' N., longitude 82°59'51'' W. C.P. to add frequencies 6212.1H, 6271.4H, 6330.7H, and 6390.0H MHz toward Johnston, Ohio; frequencies to be removed from service: 6390.0H and 11,645H MHz towards Johnston, Ohio.

1903–C1–P–73—Same (KQL33), Township Road, 4.7 miles south of Johnston, Ohio. Latitude 40°05'09'' N., longitude 82°41'44'' W. C.P. to add frequencies 5960.0H, 6019.3H, 6078.6H, and 6137.9H MHz towards Columbus, Ohio; frequencies 10,755H and 10,995V MHz towards Mt. Vernon, Ohio; frequencies 5960.0V, 6078.6V, and 6137.9V MHz towards Brownsville, Ohio; frequencies 10,835H and 11,075V MHz towards Granville, Ohio; frequencies to be removed from service: 6108.3H and 10,715H MHz towards Columbus, Ohio; frequencies 10,755H and 10,995V MHz towards Mt. Vernon, Ohio.

1904–C1–P–73—Same (KQN74), County Road 312, 2.9 miles north-northwest of Brownsville, Ohio. Latitude 39°59'10'' N., longitude 82°16'45'' W. C.P. to add frequencies 6212.1V, 6271.4V, and 6330.7V MHz towards Johnston, Ohio.

1905–C1–P–73—Same (KQN48), 2.5 miles south-southeast of Hopedale, Ohio. Latitude 40°17'25'' N., longitude 80°53'17'' W.

1906–C1–P–73—The Ohio Bell Telephone Co. (KQL32), Knox Road, 4.4 miles west of Mt. Vernon, Ohio. Latitude 40°22'50'' N., longitude 82°33'59'' W. C.P. to change power output from 1.0 to 1.3 and change transmitter type form TJ to TL–2/TL–A2 on frequencies 11,685H and 11,445V MHz towards Johnston, Ohio.

1894–C1–P–73—**RCA Alaska Communications, Inc.** (New), Kasaan Mountain, Alaska. Latitude 55°32'38'' N., longitude 132°21'33'' W. C.P. for a new station on frequency 2162H MHz toward Ketchikan, Alaska.

1895–C1–P–73—Same (WGF59), 2319 North Tongass, Ketchikan, AK. Latitude 55°21'12'' N., longitude 131°40'51'' W. C.P. for a new station on frequency 2112H MHz towards Kasaan Mountain, Alaska.

1929–C1–P–73—Puerto Rico Telephone Co. (WWT49), 0.3 mile northwest from the intersection of State Roads 141 and 533 near Jayuya, P.R. Latitude 18°14'04'' N., longitude 66°33'39'' W. C.P. to delete frequencies 6308.4H and 6367.7H MHz towards Manati, P.R.; add frequencies 6308.4H and 6367.7H MHz towards Arecibo, P.R.; add frequency 4010V MHz toward Hato Tejas, P.R.; add frequencies 3750H and 3830H MHz towards Manati, P.R.

1930–C1–P–73—Same (WWY34), Manuel Freytes, Esq., calle No. 1, Arecibo, P.R. Latitude 18°28'13'' N., longitude 66°43'51'' W. C.P. to add frequencies 6056.4V and 6115.7V MHz towards Jayuya, P.R.

1931–C1–P–73—Same (WWZ49), Calle Morales, State Road No. 2, Hato Tejas, P.R. Latitude 18°24'33'' N., longitude 66°10'52'' W. C.P. to add frequency 3890V MHz towards Jayuya, P.R.

1932–C1–P–73—Same (WWY33), San Jose Street, Manati, P.R. Latitude 18°26'06'' N., longitude 66°29'19'' W. C.P. to change frequencies 6056.4H and 6115.7H MHz to frequencies 4030H and 4110H MHz towards Jayuya, P.R.

1933–C1–P–73—RCA Alaska Communications, Inc. (New), 0.7 mile east of Aniak Post Office, Aniak, Alaska. Latitude 61°34'53'' N., longitude 159°32'50'' W. C.P. for a new station on frequency 2162H MHz towards Hill 986, Alaska; frequency 2174H MHz towards SE Aghaluk Mountain, Alaska.

1934–C1–P–73—Same (New), on hilltop approximately 1 mile north of village of Kalskag, Hill 986, Alaska. Latitude 61°33'02'' N., longitude 160°18'10'' W. C.P. for a new station on frequency 2112H MHz toward Aniak, Alaska; frequency 2116V MHz towards Bonasila Dome, Alaska; frequency 2128H MHz towards Pilcher Mountain, Alaska.

POINT-TO-POINT MICROWAVE RADIO SERVICE (MAJOR AMENDMENTS)—continued

1935–C1–P–73—Same (New), Pilcher Mountain, Alaska. Latitude 61°55'44" N., longitude 161°59'35" W. C.P. for a new station on frequency 2178H MHz towards Hill 986, Alaska; frequency 2166H MHz towards Hill 1142, Alaska.

1936–C1–P–73—RCA Alaska Communications, Inc. (New), C.P. for a new station on frequency 2166V MHz towards Hill 986, Alaska.

1937–C1–P–73—Same (New), Hill 1142, Alaska (latitude 62°20'53" N., longitude 163°33'28" W.) C.P. for a new station on frequency 2116H MHz towards Pilcher Mountain, Alaska.

1938–C1–P–73—Same (New), southeast Aghaluk Mountain, Alaska (latitude 61°30'27" N., longitude 158°08'58" W.) C.P. for a new station on frequency 2124H MHz towards Aniak, Alaska.

1907–C1–MP–73—American Telephone & Telegraph Co. (KAK78), 3 miles southeast of Zimmerman, Minn. (latitude 45°24'59" N., longitude 93°32'42" W.) Modification of C.P. to change frequencies from 3950H 4030H to 3990H 4070H MHz towards Cambridge, Minn.

1943–C1–MP–73—Navajo Communication Co., Inc. (WCZ39), 8.1 miles southwest of Kayenta, Black Mesa, Ariz. (latitude 36°39'50" N., longitude 110°21'01" W.) Modification of C.P. to change frequency from 2164.2V MHz to 2162.4V MHz towards Monument Valley, Utah, via Passive Reflector.

1944–C1–P–73—The Mountain States Telephone & Telegraph Co. (New), 21st Street and H Street, Ronan (Lake) Mont. (latitude 47°31'47" N., longitude 114°05'52" W.) C.P. for a new station on frequency 6264.0H MHz towards Charlo, Mont.

1945–C1–P–73—Same (KPH62), 4.5 miles northwest of Charlo, Mont. (latitude 47°27'54" N., longitude 114°15'35" W.) C.P. to add frequency 6011.9H MHz towards Ronan, Mont.

1946–C1–P–73—Public Service Telephone Co. (KVU90), 18 miles east of Knoxville on Georgia Highway 42, Knoxville, Ga. (latitude 32°43'06" N., longitude 83°58'11" W.) C.P. for a new station on frequency 6301.0H MHz towards Culloden, Ga.

1947–C1–P–73—Same (New), Old Post Road, Culloden, Ga. (latitude 32°51'44" N., longitude 84°05'37" W.) C.P. for a new station on frequency 6019.3H MHz towards Knoxville, Ga.

1948–C1–P–73—The Pacific Telephone & Telegraph Co. (KNL75), 1.2 miles west-northwest of Lodi, Calif. (latitude 38°08'31" N., longitude 121°18'58" W.) C.P. to change frequencies from 5945.2H and 6063.8H to 10,775V and 10,935V MHz towards Ben Bolt, Calif.

1949–C1–P–73—Same (KNM28), Ben Bolt, 3 miles northwest of Latrobe, Calif. (latitude 38°35'17" N., longitude 121°01'26" W.) C.P. to change frequencies 6197.2V and 6315.9V MHz to frequencies 11,345V and 11,665V MHz towards Lodi, Calif.; frequencies 6197.2H and 6315.9H MHz to 11,385V and 11,545V MHz towards Union Hill, Calif.

1950–C1–P–73—The Pacific Telephone & Telegraph Co. (KNM29), 1.7 miles east of Pollock Pines, Calif. (latitude 38°45'24" N., longitude 120°33'13" W.) C.P. to change from frequencies 5945.2V and 6063.8V MHz to 10,975V and 11,135V MHz towards Ben Bolt, Calif.

1951–C1–P–73—Same (KNM30), Echo Summit, 4.5 miles south-southwest of Meyers, Calif. (latitude 38°48'11" N., longitude 120°02'40" W.) C.P. to change from frequencies 6197.2V and 6315.9V MHz to frequencies 11,345H and 11,665H MHz towards Union Hill, Calif.; frequencies 6197.2H and 6315.9V MHz to frequencies 11,385H and 11,545H MHz towards Topaz Lake, Nev.

1052–C1–P–73—Bell Telephone Co. of Nevada (KPY21), Topaz Lake, 11 miles west-southwest of Wellington, Nev. (latitude 38°43'23" N., longitude 119°35'26" W.) C.P. to change from frequencies 5945.2H and 6063.8H MHz to frequencies 10,975H and 1135H MHz towards Echo Summit, Calif.

MULTIPOINT DISTRIBUTION SERVICE

1965–C1–P–73—Radio Americas Corp. (New), Ponce, P.R. (latitude 18°01'25" N., longitude 66°37'16" W.) C.P. for a new station on frequencies 2154.75(Visual) and 2150.25(Aural) towards various receiving points in the system.

1966–C1–P–73—Winnebago Multipoint Distribution Co. (New), Rockford, 1917 North Meridian Road, 2.5 miles west of Rockford, Ill. (latitude 42°17'14" N., longitude 89°10'16" W.) C.P. for a new station on frequencies 2154.750V(Visual) and 2150.25V(Aural) towards various receiving points in the system.

MULTIPOINT DISTRIBUTION SERVICE—continued

1967–C1–P–73—Multipoint Information Systems, Inc. (New), Central Tower Building at intersection of Market and Federal Streets, Youngstown, Ohio (latitude 41°06'00" N., longitude 80°39'00" W.) C.P. for a new station on frequencies 2154.75(Visual) and 2150.25(Aural) towards various receiving points in the system.

1968–C1–P–73—Same (New), Bank of Indiana Twin Tower Building, intersection of Interstate 65 and Lincoln Highway, Merrillville, Ind. (latitude 41°28'19" N., longitude 87°19'14" W.) C.P. for a new station on frequencies 2154.750(Visual) and 2150.250(Aural) towards various receiving points in the system.

1969–C1–P–73—Multi-Communications Services, Inc. (New), Bank of Indiana, Twin Tower Building, intersection of Interstate 65 and Lincoln Highway, Merrillville, Ind. (latitude 41°28'19" N., longitude 87°19'14" W.) C.P. for a new station on frequencies 2154.750 (Visual) and 2150.250(Aural) toward various receiving points in the system.

1970–C1–P–73—Same (New), Quality Court Building, 3 miles east of Destin, Fla. (latitude 30°23'10" N., longitude 86°27'57" W.) C.P. for a new station on frequencies 2154.75 (Visual) and 2150.25(Aural) toward various receiving points in the system.

1971–C1–P–73—Buckeye Cablevision, Inc. (New), Red Bank, N.J. (latitude 40°18'53" N., longitude 74°03'49" W.) C.P. for a new station on frequency 2154.750H(Visual) towards various receiving points in the system.

1972–C1–P–73—Same (New), Monterey, Calif. (latitude 36°36'59" N., longitude 121°54'35" W.) C.P. for a new station on frequency 2154.750H(Visual) towards various receiving points in the system.

1973–C1–P–73—International Television Corp. (New), Franklin Avenue and Calle Principal, Monterey, Calif. (latitude 36°36'01" N., longitude 121°53'39" W.) C.P. for a new station on frequencies 2154.750V(Visual) and 2150.250V(Aural) towards various receiving points in the system.

1974–C1–P–73—Same (New), Chester and Truxtun Streets, Bakersfield, Calif. (latitude 35°-22'25" N., longitude 119°01'04" W.) C.P. for a new station on frequencies 2154.750V (Visual) and 2150.250V(Aural) towards various receiving points in the system.

1975–C1–P–73—Same (New), Pikes Peak and Cascade Avenue, Colorado Springs, Colo. (latitude 38°50'04" N., longitude 104°49'39" W.) C.P. for a new station on frequencies 2154.750 (Visual) and 2150.250(Aural) toward various receiving points in the system.

1976–C1–P–73—International Television Corp. (New), Sutter and Miner Streets, Stockton, Calif. (latitude 38°57'13" N., longitude 121°17'08" W.) C.P. for a new station on frequencies 2154.750V (Visual) and 2150.250V (Aural) towards various receiving points in the system.

1977–C1–P–73—Stockton Mobilphone, Inc. (New), On Pock Lane, approximately 1,500 feet North of Carpenter Road, Stockton, Calif. (latitude 37°55'32" N., longitude 121°14'35" W.) C.P. for a new station on frequencies 2154.750 (Visual) and 2150.250 (Aural) towards various receiving points in the system.

1978–C1–P–73—Little Rock Signal Corp. (New), southwest Corner, Capitol and Center Streets, Little Rock, Ark. (latitude 34°44'39" N., longitude 92°16'25" W.) C.P. for a new station on frequencies 2154.75H (Visual) and 2150.25H (Aural) towards various receiving points in the system.

POINT-TO-POINT MICROWAVE RADIO SERVICE (MAJOR AMENDMENTS)

Informative: Western Tele-Communications, Inc., has amended 21 of 24 applications proposing specialized common carrier services between Denver, Colo., Omaha, Nebr., and Sioux City, Iowa. The applications were filed June 12, 1970, and appeared on Public Notice June 22, 1970. Subsequent amendments appeared on Public Notice August 2, 1971, FCC Report No. 555.

8300–C1–P–70—Western Tele-Communications, Inc. (New), station 4 miles southeast of Denver, Colo., latitude 39°37'03'' N., longitude 104°53'36'' W. Change frequency 6034.2H to 6152.8H toward Colorow Hill, Colo., azimuth 292°39'.

8303–C1–P–70—Western Tele-Communications, Inc. (New), station at Eagle Point, 12 miles south-southeast of Sterling, Colo., latitude 40°28'48'' N., longitude 103°05'08'' W. Change polarization of frequency 3810 MHz toward Crook, Colo., azimuth 15°50', to vertical.

8304–C1–P–70—Western Tele-Communications, Inc. (New), relocate station to 8.8 miles northwest of Crook, Colo., latitude 40°58'46'' N., longitude 102°53'55'' W. Frequencies 3850V toward Julesburg, Colo., azimuth 94°23', and 4150H toward Eagle Point, Colo., azimuth 195°57'.

8305–C1–P–70—Western Tele-Communications, Inc. (New), station 5 miles southeast of Julesburg, Colo., latitude 40°56'18'' N., longitude 102°13'35'' W. Change polarization of frequency 3810 to vertical toward Ogallala, Nebr., azimuth 63°02'.

8306–C1–P–70—Same (New), relocate station to 10 miles northeast of Ogallala, Nebr., latitude 41°09'46'' N., longitude 101°38'20'' W. Change polarization of frequency 4150 to horizontal toward Julesburg, Colo., azimuth 243°25'. Frequency 3850V toward North Platte, Nebr., azimuth 111°47'.

8307–C1–P–70—Same (New), relocate station to 18 miles southwest of North Platte, Nebr., latitude 40°58'00'' N., longitude 100°59'50'' W. Frequencies 3810H toward Curtis, Nebr., azimuth 102°37', and 4110H toward Ogallala, Nebr., azimuth 292°12'.

8309–C1–P–70—Same (New), relocate station to 17 miles northwest of Curtis, Nebr., latitude 40°52'12'' N., longitude 100°26'10'' W. Change polarization of frequency 3850 to horizontal toward Elwood, Nebr., azimuth 123°28'. Change frequency 3930V to 4150V toward North Platte, Nebr., azimuth 282°59'.

8310–C1–P–70—Same (New), relocate station to 0.5 mile southwest of Elwood, Nebr., latitude 40°35'05'' N., longitude 99°52'23'' W. Change polarization of frequency 4110 to vertical toward Curtis, Nebr., azimuth 303°50'. Frequency 3810H toward Kearney, Nebr., azimuth 99°25'.

8311–C1–P–70—Same (New), relocate station to 14 miles south of Kearney, Nebr., latitude 40°28'55'' N., longitude 99°05'00'' W. Change polarization of frequency 3850 to horizontal toward Rosedale, Nebr., azimuth 64°06'. Frequency 4150V toward Elwood, Nebr., azimuth 279°56'.

8313–C1–P–70—Same (New), relocate station to 2 miles east of Rosedale, Nebr., latitude 40°43'11'' N., longitude 98°26'06'' W. Change frequency 3890H to 4110V MHz toward Kearney, Nebr., azimuth 244°31'. Frequency 3810H toward Sutton, Nebr., azimuth 95°50'.

8314–C1–P–70—Same (New), relocate station to 4 miles north-northeast of Sutton, Nebr., latitude 40°40'20'' N., longitude 97°50'38'' W. Change frequency 3930V to 4150V toward Rosedale, Nebr., azimuth 276°13'. Frequency 3850V toward Beaver Crossing, Nebr., azimuth 80°24'.

8316–C1–P–70—Same (New), relocate station to Beaver Crossing, 6.5 miles west-southwest of Milford, Nebr., latitude 40°45'22'' N., longitude 97°10'38'' W. Change polarization of 3810 MHz to vertical toward Lincoln Repeater, Nebr., azimuth 78°44'. Frequency 4110H MHz toward Sutton, Nebr., azimuth 260°50'.

POINT-TO-POINT MICROWAVE RADIO SERVICE (MAJOR AMENDMENTS)—continued

8317–C1–P–70—Same (New), station: Lincoln Repeater, 4 miles east of Lincoln, Nebr., latitude 40°50'58'' N., longitude 96°32'56'' W. Change polarization of 4150 and 3850 MHz to horizontal toward Lincoln, Nebr., azimuth 246°24', and Wahoo, Nebr., azimuth 9°08', respectively. Frequency 4150V toward Beaver Crossing, Nebr., azimuth 259°09'.

8318–C1–P–70—Same (New), station at 27th and Randolph Streets, Lincoln, NE, latitude 40°48'19'' N., longitude 96°40'54'' W. Change frequency 3790H to 3890V toward Lincoln Repeater, Nebr., azimuth 66°19'.

8319–C1–P–70—Same (New), relocate station to 9 miles northeast of Wahoo, Nebr. Latitude 41°15'51'' N., longitude 96°27'38'' W. Change frequencies 6286.2V and 6345.5V to 3810H and 3890H toward Omaha, Nebr., azimuth 99°28'. Change polarization of frequency 3790 to vertical toward Knievel, Nebr., azimuth 346°49'. Frequency 3710H toward Lincoln Repeater, Nebr., azimuth 189°11'.

8320–C1–P–70—Same (New), relocate station to I Street and 110th Street, Omaha, Nebr. Latitude 41°12'59'' N., longitude 96°05'10'' W. Change frequencies 6093.5V and 6123.1H to 3910V and 4150V toward Wahoo, Nebr., azimuth 279°43'.

8321–C1–P–70—Same (New), station at Knievel, 7 miles southeast of West Point, Nebr. Latitude 41°45'12'' N., longitude 96°36'49'' W. Change polarization of frequency 3930 toward Wahoo, Nebr., azimuth 166°43' and 4150 toward Walthill, Nebr., azimuth 16°41', to horizontal.

8322–C1–P–70—Same (New), station 3 miles northeast of Walthill, Nebr. Latitude 42°10'14'' N., longitude 96°26'44'' W. Change polarization of frequency 3810 toward Knievel, Nebr., azimuth 96°47', and 3890 toward Sioux City, Iowa, azimuth 13°20', to vertical. Frequency 4110H toward Waterbury, Nebr., azimuth 324°44'.

8323–C1–P–70—Same (New), relocate station to 2 miles northeast of Sioux City, Iowa. Latitude 42°31'05'' N., longitude 96°20'03'' W. Change polarization of frequency 3930 to vertical toward Walthill, Nebr., azimuth 197°41'.

8324–C1–P–70—Same (New), relocate station to 1 mile southwest of Waterbury, Nebr. Latitude 42°26'42'' N., longitude 96°45'04'' W. Change polarization of frequency 4150 to horizontal toward Moe, S. Dak., azimuth 6°1'. Frequency 3930V toward Walthill, Nebr., azimuth 140°19'.

8325–C1–P–70—Same (New), station at Moe, 8 miles northeast of Beresford, S. Dak. Latitude 43°09'25'' N., longitude 96°38'55'' W. Change polarization of frequency 3810 to vertical toward Waterbury, Nebr., azimuth 185°24'.

4778–C1–P–71—Pacific Telatronics, Inc. (KTG39), Horse Mountain, 7.0 miles southwest of Willow Creek, Calif. (latitude 45°52'20'' N., longitude 123°44'08'' W.): Application amended to change point of communication from Moores Prairie to Monument Ridge, Calif. (latitude 40°25'23'' N., longitude 124°06'21'' W.), on azimuth 212°08'. Frequencies are unchanged.

FEDERAL MARITIME COMMISSION

[Independent Ocean Freight Forwarder License 278]

CORPUS CHRISTI TERMINAL CO., INC.

Order of Revocation

On September 28, 1972, the Federal Maritime Commission received notification that Corpus Christi Terminal Co., Inc., Post Office Box 1236, Corpus Christi, TX 78403, wishes to voluntarily surrender its Independent Ocean Freight Forwarder License No. 278 for immediate revocation.

By virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commission Order No. 1 (revised) § 7.04(f) (dated May 1, 1972;

It is ordered, That Independent Ocean Freight Forwarder License No. 278 be returned to the Commission for cancellation.

It is further ordered, That the Independent Ocean Freight Forwarder License of Corpus Christi Terminal Co., Inc., be and is hereby revoked effective September 28, 1972, without prejudice to reapply for a license at a later date.

It is further ordered, That a copy of this order by published in the FEDERAL

REGISTER and served upon Corpus Christi Terminal Co., Inc.

AARON W. REESE,
Managing Director.

[FR Doc.72-17544 Filed 10-12-72;8:52 am]

[Independent Ocean Freight Forwarder License 296]

FARRELL SHIPPING CO., INC.

Order of Revocation

By letter dated August 30, 1972, Farrell Shipping Co., Inc., 521 Whitney Building, New Orleans, LA 70130, was advised by the Federal Maritime Commission that Independent Ocean Freight Forwarder License No. 296 would be automatically revoked or suspended unless a valid surety bond was filed with the Commission on or before September 27, 1972.

Section 44(c), Shipping Act, 1916, provides that no independent ocean freight forwarder license shall remain in force unless a valid bond is in effect and on file with the Commission. Rule 510.9 of Federal Maritime Commission General Order 4, further provides that a license will be automatically revoked or suspended for failure of a licensee to maintain a valid bond on file.

Farrell Shipping Co., Inc., has failed to furnish a surety bond.

By virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commission Order No. 1 (revised) § 7.04(g) (dated 5/1/72);

It is ordered, That the Independent Ocean Freight Forwarder License of Farrell Shipping Co., Inc., be returned to the Commission for cancellation.

It is further ordered, That the Independent Ocean Freight Forwarder License of Farrell Shipping Co., Inc., be and is hereby revoked effective September 27, 1972.

It is further ordered, That a copy of this order be published in the FEDERAL REGISTER and served upon Farrell Shipping Co., Inc.

AARON W. REESE,
Managing Director.

[FR Doc.72-17543 Filed 10-12-72;8:52 am]

PORT OF SEATTLE AND PUGET SOUND TERMINALS, INC.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1015; or may inspect the agreement at the field offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Mr. Alvin L. Sklow, Director of Real Estate, Port of Seattle, Post Office Box 1209, Seattle, WA 98111.

Agreement No. T-2658, between the Port of Seattle (Port) and Puget Sound Terminals, Inc. (PST), provides for the month-to-month lease to PST of approximately 70,400 square feet of the South Transit Shed located at Pier 42, Seattle, Wash., which is to be used for general warehousing and distribution. As compensation, the Port is to receive $4,224 per month in lieu of tariff charges.

Dated: October 6, 1972.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

FEDERAL POWER COMMISSION

[Docket No. E-7477]

KANSAS CITY POWER & LIGHT CO.

Notice of Application

OCTOBER 4, 1972.

Take notice that on September 18, 1972, Kansas City Power & Light Co. (Applicant) filed a second supplemental application seeking authority pursuant to section 204 of the Federal Power Act to increase to $75 million the amount of short-term, unsecured promissory notes authorized to be issued under the Commission's order of June 13, 1969, in Docket No. E-7477, of which aggregate amount a maximum of $32,500,000 may be in the form of commercial paper, and to extend to not later than December 31, 1973, the final maturity date of said notes. By prior supplemental order issued June 1, 1971, the Commission authorized Applicant to issue up to $50 million short-term promissory notes, of which aggregate amount up to $25 million could be in the form of commercial paper, with final maturities not later than December 31, 1972.

Applicant is incorporated under the laws of the State of Missouri with its principal business office at Kansas City, Mo., and authorized to do business in the State of Kansas.

The interest rate applicable to the promissory notes will be, in the case of demand notes issued to commercial banks, the prime rate in effect at the time of issuance; in the case of notes issued to commercial paper dealers, the market rate (or discount rate) at the date of issuance for commercial paper of comparable quality and of the particular maturity sold to commercial paper dealers; and in the case of commercial paper placed directly with regular purchasers of such commercial paper for their own accounts, the market rate (or discount rate) at the date of issuance for commercial paper of comparable quality and of the particular maturity placed directly by the issuer thereof. The applicant contemplates the issuance of promissory notes, including the "roll-over" of commercial paper promissory notes, without further application to this Commission, at any time and from time to time, each of such notes to have a maturity date of not later than December 31, 1973.

The proceeds will be used to finance in part applicant's construction program to December 31, 1973. The increase in authorization to $75 million and the extension of 1 year to December 31, 1973, will allow applicant more freedom in selecting the appropriate times under market conditions to fund its short-term debt.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 16, 1972, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspections.

KENNETH F. PLUMB,
Secretary.

[FR Doc.72-17443 Filed 10-12-72;8:45 am]

[Docket No. CI73-180]

LOUIS H. WELTMAN

Further Notice of Application

OCTOBER 10, 1972.

Take notice[1] that on September 6, 1972, Louis H. Weltman (Applicant), 1011 Wilson Building, Corpus Christi, TX

[1] The subject application is included in the Notice of Applications issued September 27, 1972, in Docket No. G-4424, et al., which prescribes Oct. 24, 1972, as the date by which protests and petitions to intervene should be filed.

78401, filed in Docket No. CI73–180 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to United Gas Pipe Line Co. from the Willmann Field, San Patricio County, Texas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to sell up to 1,000 Mcf of gas per day at 35.0 cents per Mcf at 14.65 p.s.i.a. within the contemplation of § 2.70 of the Commission's General Policy and Interpretations (18 CFR 2.70).

It appears reasonable and consistent with the public interest in this case to shorten the period for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before October 20, 1972, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules. Any person who has heretofore filed a protest or petition to intervene need not file again.

KENNETH F. PLUMB,
Secretary.

[FR Doc.72–17548 Filed 10–12–72;8:55 am]

[Dockets Nos. CP71–222, CP71–223]

GREAT LAKES GAS TRANSMISSION CO.

Notice of Petition to Amend

OCTOBER 4, 1972.

Take notice that on September 12, 1972, Great Lakes Gas Transmission Co. (Applicant), 1 Woodward Avenue, Detroit, MI 48226, filed in Dockets Nos. CP71–222 and CP71–223 a petition to amend the orders of the Commission issued in said dockets pursuant to sections 3 and 7(c) of the Natural Gas Act by reducing the firm volumes of natural gas to be imported, transported, and exported by petitioner for TransCanada Pipelines Ltd (TransCanada), all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

Pursuant to Commission orders issued on June 1, 1971, in Dockets Nos. CP71–222 (45 FPC 1034) and CP71–223 (45 FPC 1037), petitioner was authorized to import, transport, and export for TransCanada from the United States-Canadian international boundary near Emerson, Manitoba, to points on the United States-Canadian international boundary near Sault St. Marie and St. Clair, Mich., a firm volume of natural gas in the amount of 900,000 Mcf per day and any overrun volumes on a capability basis in accordance with the terms of Applicant's Rate Schedule T–4. Petitioner states that the portion of its pipeline system used for such service has not been able to achieve the flow efficiency assumed in its design and that certain of its compressor units have not performed as expected, resulting in a smaller than planned system capability. Accordingly, petitioner further states that TransCanada has agreed by precedent agreement dated July 14, 1972, to reduce the firm daily transportation volume by 85,000 Mcf per day subject to the approval of the National Energy Board of Canada and seeks authorization to implement such agreement herein.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before October 27, 1972, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[Docket No. E–7774]

NORTHWESTERN PUBLIC SERVICE CO.

Notice of Application

OCTOBER 4, 1972.

Take notice that on September 21, 1972, Northwestern Public Service Co. (Applicant) filed an application seeking an order pursuant to section 204 of the Federal Power Act authorizing the issuance of promissory notes to evidence short-term borrowings as needed for its business from time to time from the present through September 1, 1975, provided that the aggregate principal amount of such notes outstanding at any one time shall not exceed $11 million.

Applicant is incorporated under the laws of the State of Delaware and is qualified to do business as a foreign corporation in the States of South Dakota and North Dakota, and as a domesticated corporation in the State of Nebraska. The notes proposed to be issued pursuant to this application will be short-term promissory notes which will be issued to commercial banks. Notes for the new short-term borrowings shall bear interest at the prime commercial rate of the lending bank, or principal lending bank, as it is in effect from time to time during the terms of such notes. Notes evidencing renewals or extensions of maturity of short-term borrowings shall bear interest at a rate not to exceed one-quarter of 1 percent above such prime commercial rate as it is in effect from time to time during such renewal or extended terms. The initial term, and each renewal or extended term, of the notes shall not exceed 360 days (although successive renewals or extensions may occur), subject to the limitation that no initial or renewal or extended term of any note shall extend beyond September 1, 1975.

The net proceeds from the notes will be used, together with other funds of the Applicant, for construction, extension, and improvement of facilities. Applicant's construction program for the period ending December 31, 1975, is estimated at $54,600,000, of which approximately $39,200,000 is for expenditures in connection with construction of a large electric generating plant near Big Stone City, S. Dak., which is jointly owned by Applicant and two other utilities; $3,200,000 is for major electric transmission lines; $1,900,000 for major electric substations; $6,500,000 for routine extensions and additions to electric systems; $2,800,000 for routine extensions and additions to natural gas distribution systems; and $1,000,000 for miscellaneous and general items.

Any person desiring to be heard or to make any protest with reference to this application should on or before October 16, 1972, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspections.

KENNETH F. PLUMB,
Secretary.

VERMONT YANKEE NUCLEAR POWER CORP.

Notice of Acceptance of Initial Rate Schedule Filing

OCTOBER 4, 1972.

Take notice that on October 2, 1972, the Federal Power Commission issued a letter order accepting for filing an Initial Rate Schedule of the Vermont Yankee Nuclear Power Corp. The Rate Schedule provides for the sale of the entire output of the Vermont Yankee Nuclear Power Corp. to 10 purchasers who are also stockholders. According to a power contract dated February 2, 1968 and amended June 1, 1972, each of the purchasers are entitled to receive and are

obligated to pay for a percentage of the plant's net output in proportion to their respective shares of stock ownership.

KENNETH F. PLUMB,
Secretary.

[FR Doc.72-17487 Filed 10-12-72;8:48 am]

[Docket No. CI73-174]

AUSTER OIL & GAS, INC.

Notice of Application

OCTOBER 11, 1972.

Take notice that on September 7, 1972, Auster Oil & Gas, Inc. (Applicant), Post Office Box 3189, Lake Charles, LA 70601, filed in Docket No. CI73-174 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Transcontinental Gas Pipe Line Corp. from the Johnson Bayou Area, Cameron Parish, La., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to commence the sale of natural gas within the contemplation of § 157.29 of the regulations under the Natural Gas Act and to continue the sale of approximately 3,500 Mcf of gas per day for 1 year from the end of the 60-day emergency period within the contemplation of § 2.70 of the Commission's general policy and interpretations (18 CFR 2.70) at the rate of 35 cents per Mcf at 15.025 p.s.i.a.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before October 24, 1972, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

OFFICE OF EMERGENCY PREPAREDNESS

ILLINOIS

Amendment to Notice of Major Disaster

Notice of major disaster for the State of Illinois, dated September 5, 1972, and published September 12, 1972 (37 F.R. 18500), is hereby amended to include the following county among those counties determined to have been adversely affected by the catastrophe declared a major disaster by the President in his declaration of September 4, 1972:

The county of:
Grundy.

Dated: October 6, 1972.

G. A. LINCOLN,
Director,
Office of Emergency Preparedness.

VIRGINIA

Notice of Major Disaster and Related Determinations

Pursuant to the authority vested in me by the President under Executive Order 11575 of December 31, 1970; and by virtue of the Act of December 31, 1970, entitled "Disaster Relief Act of 1970" (84 Stat. 1744), as amended by Public Law 92-209 (85 Stat. 742); notice is hereby given that on October 7, 1972, the President declared a major disaster as follows:

I have determined that the damages in certain areas of the State of Virginia from severe storms and flooding, beginning about September 20, 1972, are of sufficient severity and magnitude to warrant a major disaster declaration under Public Law 91-606. I therefore declare that such a major disaster exists in the State of Virginia. You are to determine the specific areas within the State eligible for Federal assistance under this declaration.

Notice is hereby given that pursuant to the authority vested in me by the President under Executive Order 11575 to administer the Disaster Relief Act of 1970 (Public Law 91-606, as amended), I hereby appoint Mr. Francis X. Carney, Regional Director, OEP Region 3, to act as the Federal Coordinating Officer to perform the duties specified by section 201 of that Act for this disaster.

I do hereby determine the following areas in the State of Virginia to have been adversely affected by this declared major disaster:

The cities of:
Hampton. Virginia Beach.
Newport News.

Dated: October 7, 1972.

G. A. LINCOLN,
Director,
Office of Emergency Preparedness.

OFFICE OF MANAGEMENT AND BUDGET

BUSINESS ADVISORY COUNCIL ON FEDERAL REPORTS

Notice of Public Meeting

Pursuant to section 13(a)(2) of Executive Order No. 11671 of June 5, 1972, notice is hereby given of a meeting of the Business Advisory Council on Federal Reports to be held in Room 10103, New Executive Office Building, 726 Jackson Place (entrance on 17th Street between Pennsylvania Avenue and H Street, NW.), Washington, DC on Thursday, October 19, 1972 at 9:30 a.m.

The Advisory Council assists the Office of Management and Budget in the performance of certain duties imposed by the Federal Reports Act of 1942 (40 U.S.C. 3501-3511).

The names and affiliations of members of the Council are as follows:

Charles W. Stewart, Machinery & Allied Products Institute (Chairman).
Carl A. Beck, Charles Beck Machine Corp.
William P. Betts, Association of American Railroads.
Thomas M. Brennan, Brennan & Vallone.
A. Arthur Charous, Sears, Roebuck & Co.
Walter Couper, Federated Department Stores, Inc.
William E. Dunn, Associated General Contractors of America.
James G. Ellis, Automobile Manufacturers Association.
Edwin W. Gaynor, Chrysler Corp.
James M. Goldberg, American Retail Federation.
Eugene J. Hardy, National Association of Manufacturers.
Eugene H. Hasenberg, National Gas Pipeline Co. of America.
Benjamin F. Holcomb, United States Steel Corp.
Charles C. Hornbostel, Financial Executives Institute.
Wayne E. Kuhn, Omark Industries, Inc.
John E. Lewis, National Small Business Association.
Herbert Liebenson, National Small Business Association.
Carl H. Madden, Chamber of Commerce of the United States.
David J. Mahrer, Aluminum Co. of America.
G. H. McDaniel, member-at-large.
Joseph F. Miller, Executives Consultants, Inc.
Robert H. North, International Association of Ice Cream Manufacturers.
Edwin M. Patterson, Pan American Sulphur Co.
Joseph A. Sciarrino, Financial Executives Institute.
William H. Shaw, E. I. du Pont de Nemours & Co., Inc.

Robert H. Stewart, Jr., Gulf Oil Corp.
Vincent T. Wasilewski, National Association of Broadcasters.
Robert O. Welk, Eastman Kodak Co.

The purpose of the meeting is to conduct business relating to the organization and finances of the Council; to elect officers of the Council; to hear remarks from the Associate Director and the Chief of the Statistical Policy Division of the Office of Management and Budget and to receive reports of recent actions by the Office of Management and Budget on forms on which the Council's committees and panels have provided advice on reporting problems. The meeting will be open to public observation and participation.

VELMA N. BALDWIN,
Assistant to the Director for Administration.

SECURITIES AND EXCHANGE COMMISSION

[70-5123]

EASTERN UTILITIES ASSOCIATES ET AL.

Notice of Post-Effective Amendment Regarding Issue and Sale of Notes

OCTOBER 6, 1972.

Notice is hereby given that Eastern Utilities Associates, Post Office Box 2333, Boston, MA 02107 (EUA), a registered holding company, and its four electric utility subsidiary companies, Blackstone Valley Electric Co. (Blackstone), Brockton Edison Co. (Brockton), Fall River Electric Light Co. (Fall River), and Montaup Electric Co. (Montaup), have filed with this Commission a post-effective amendment to the application-declaration in this proceeding pursuant to sections 6(a), 7, and 12(b) of the Public Utility Holding Company Act of 1935 (Act) and Rule 45 promulgated thereunder regarding the following proposed transactions. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transactions.

By order dated December 28, 1971 (Holding Company Act Release No. 17415), EUA, Blackstone, Brockton, Fall River, and Montaup were authorized to issue and sell short-term, unsecured, promissory notes to banks, and, in the cases of Blackstone, Brockton, and Fall River, to also receive open-account advances from EUA, from time to time during the period beginning January 3, 1972, and ending January 2, 1973. It is now proposed that the maximum amount of borrowings from banks and from EUA to be outstanding at any time be increased from $18,100,000 to $20,200,000 in the case of Brockton and increased from $9 million to $9,735,000 in the case of Fall River; that the maximum amount of Montaup's borrowings from banks to be outstanding at any one time be increased from $11,200,000 to $13 million; and that the maximum amount of EUA's borrowings from banks to be outstanding at any one time be increased from $10,700,000 to $12,300,000. The amounts shown for Brockton are nominal amounts before reduction of any of the proceeds received from permanent financings pursuant to a condition contained in the original order. Brockton received $6,879,000 of net proceeds from the sale of $8 million principal amount of bonds in July 1972 and will receive the balance of $1,121,000 left on deposit with the bond trustee when it becomes available to Brockton. The maximum borrowings for the period January 3, 1972, to January 2, 1973, as presently proposed are as follows:

[Thousands of dollars]

	EUA	Blackstone	Brockton	Fall River	Montaup
The Chase Manhattan Bank (N.A.), New York, N.Y.		$1,000	$1,500	$2,000	$2,500
Industrial National Bank of Rhode Island, Providence, R.I.		1,850			
Rhode Island Hospital Trust National Bank, Providence, R.I.		1,850			
The First National Bank of Boston, Boston, Mass.	$12,300		1,500	4,400	10,500
State Street Bank and Trust Co., Boston, Mass.			1,425		
Plymouth-Home National Bank, Brockton, Mass.			400		
First County National Bank, Brockton, Mass.			375		
B.M.C. Durfee Trust Co., Fall River, Mass.				650	
Fall River Trust Co., Fall River, Mass.				700	
Fall River National Bank, Fall River, Mass.				250	
Total from banks	12,300	4,700	5,200	8,000	13,000
From EUA		12,200	15,000	1,735	
Maximum amount of aggregate short-term borrowings from banks and advances from EUA to be outstanding at any one time	12,300	16,900	20,200	9,735	13,000

In all other respects the proposed transactions remain unchanged.

It is represented that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than October 26, 1972, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said post-effective amendment to the application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicants-declarants at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as now amended or as it may be further amended, may be granted and permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT,
Secretary.

[FR Doc.72-17518 Filed 10-12-72;8:50 am]

[812-3241]

NARRAGANSETT CAPITAL CORP.

Notice of Filing of Application for Order

OCTOBER 6, 1972.

Notice is hereby given that Narragansett Capital Corp., 40 Westminster Street, Providence, RI 02903 (Narragansett), a Rhode Island corporation registered as a closed-end, nondiversified, management investment company under the Investment Company Act of 1940 (Act) and licensed as a small business investment company under the Small Business Investment Act of 1958, has filed an application pursuant to Rule 17d-1 under the Act for an order permitting the issuance by Bevis Industries, Inc. (Bevis) of 500,000 shares of its Common Stock, par value $0.10 per share (the "Company Shares") to Bernhardt Denmark (Denmark) in connection with his employment by Bevis, an undertaking by Narragansett not to sell a portion of its holdings of Bevis Common Stock during the term of Denmark's employment, and certain other undertakings. All interested persons are referred to the application on file with the Commission for a statement of the representations made therein which are summarized below.

BACKGROUND

Under an employment agreement between Bevis and Denmark made as of January 26, 1972 (the "Original Agreement"), Denmark, who was not then employed by Bevis, agreed to render services to Bevis as president and chief executive officer for a 5-year term commencing March 1, 1972. As compensation, Bevis agreed to pay to Denmark salary at the rate of $90,000 a year plus profit sharing compensation equal to 2 percent of Bevis' pretax profits for each of the calendar years 1972 through 1976.

Pursuant to the original agreement, Denmark purchased from Bevis 300,000 company shares for a purchase price of

$0.95 a share, an aggregate of $285,000. Denmark also acquired the right to purchase an additional 200,000 company shares at the purchase price of $0.95 a share.

In addition, Royal Little (Little), chairman of the board and a director of Bevis and chairman of the executive committee and a director of Narragansett, agreed, subject to appropriate approval by the Commission under section 17 of the Act, to repurchase from Denmark at his request up to 200,000 of the company shares at the original purchase price per share. In the event such Commission approval was obtained, Denmark would then be obligated to purchase an additional 200,000 company shares at a purchase price of $0.95 a share.

The original agreement gave Bevis the right to repurchase from Denmark at $0.95 a share from 25 percent to 100 percent (depending on the termination date) of the company shares if his employment were terminated by him in breach of the original agreement or by Bevis for cause. Bevis' repurchase rights lapsed, however, if Narragansett ceased to be the principal stockholder of Bevis or ceased to hold more than 25 percent of Bevis' outstanding common stock. In either such event, Denmark had the right to require registration of his shares under the Securities Act of 1933. Similarly, if Narragansett sold all or any portion of its Bevis common stock in a "private offering," then Denmark had the right to participate with Narragansett in the private offering on a pro rata basis.

Acting on Denmark's request, and expressly subject to the prior approval by the Commission of the transaction as not being in violation of Section 17 of the Act, the executive committee of the board of directors of Narragansett on January 26, 1972, resolved that Narragansett would not reduce its holdings in Bevis to less than 25 percent of the outstanding Common Stock of Bevis while Denmark was employed under the Original Agreement. This resolution was subsequently ratified by the board of directors of Narragansett on February 18, 1972.

In April, 1972, Bevis's financial difficulties required it to refinance certain of its obligations and to obtain new working capital. This refinancing was described in detail in Narragansett's application for an order under Rule 17d–1 (File No. 812–3132), which was granted by order of Commission on May 9, 1972 (Investment Company Act Release No. 7167), and is incorporated by reference in Narragansett's present application. Narragansett participated in the refinancing by lending to Bevis $1,500,000. Industrial Bank of Rhode Island (Industrial Bank) participated by lending Bevis up to an aggregate of $4,600,000 in two separate loans.

Among the restrictions provided for in the term loan agreement pursuant to which Industrial Bank has advanced part of its commitment is a provision that the loan will be in default if Denmark shall cease to be the chief executive officer of Bevis.

The parties subsequently learned that the financial condition of Bevis was significantly worse than they had believed it to be on January 26, 1972, and that they were therefore mutually mistaken as to the fair market value of the Company Shares on that date. The parties also learned that the attorney general of the State of New York had commenced a lawsuit against Bevis arising out of the business practices of its Colonial Division as conducted by the former management of Bevis. The parties' understanding of the relative financial status of Bevis on January 26, 1972, and subsequently, are reflected in opinions of Paine, Webber, Jackson & Curtis (an independent investment banking firm) dated January 26, 1972, and June 5, 1972. The earlier opinion concluded that the fair market value of the Bevis common stock was $1 per share on January 26, 1972, while the second opinion concluded that such value was $0.70 per share.

Based upon the mutual mistake of fact referred to above, Denmark demanded rescission of the Original Agreement.

In order, therefore, to settle any claims which Denmark might have against Bevis, and to induce him to continue as president and chief executive officer of the company, the parties entered into an employment agreement as of June 6, 1972 (the "Superseding Agreement").

The superseding agreement provides that, except as set forth therein, the Original Agreement is rescinded and terminated. In accordance with the Superseding agreement Denmark has delivered to Bevis the 300,000 company shares which he purchased pursuant to the original agreement and Bevis has delivered to him an aggregate of $285,000 against receipt of the shares. Denmark agrees to remain employed by Bevis upon the terms and conditions set forth in those sections of the original agreement which do not relate to the company shares.

Under the superseding agreement Bevis agrees to sell and Denmark to purchase 500,000 company shares for $0.60 a share, an aggregate purchase price of $300,000, also subject to a determination by the Commission pursuant to an application that the issuance of the shares is permitted under Section 17(d) of the Act. Bevis agrees to request promptly that Narragansett make such application. Bevis also agrees to solicit the consent of a majority of its stockholders to the purchase and sale of the 500,000 company shares pursuant to the superseding agreement.

The parties to the superseding agreement acknowledge that the obligations of Little under the annex to the Original Agreement (the provisions calling for a repurchase of company shares by Little at Denmark's request) never came into effect and that neither the parties nor Little have or will have any obligations thereunder.

If the closing of the purchase and sale of 500,000 company shares shall not have occurred by November 30, 1972, the superseding agreement shall be terminated and of no force and effect, it being understood that the parties shall then be free to pursue whatever remedies they may have as if the superseding agreement had never existed.

At the closing, the parties will exchange mutual written releases of any liabilities either may have to the other under the original agreement with respect to the purchase and sale of the company shares thereunder.

Should the purchase and sale of the company shares in accordance with the superseding agreement take place, the parties have agreed that the restrictions on transfer and the other undertakings contained in the original agreement as to the company shares shall be applicable to the 500,000 company shares transferred pursuant to the superseding agreement.

Narragansett now holds directly 836,952 shares, or approximately 43.2 percent of the outstanding shares of common stock of Bevis. This amount does not include 356,246 shares of Bevis stock (including 161,227 shares in escrow) which may be payable to Narragansett in 1973 contingent upon future earnings of the Casper Division of Bevis. Narragansett's aggregate investment at March 31, 1972, in Bevis was $1,260,016. The value of this investment on that date as determined by the Board of Directors of Narragansett was also $1,260,016.

As noted, Little is chairman of the Executive Committee and a director of both Narragansett and Bevis. He acted as chief executive officer of Bevis from March 8, 1971, to January 26, 1972, when he was succeeded by Denmark. Harvey J. Sarles ("Sarles") is president and a director of Narragansett, and vice chairman and a director of Bevis. Robert S. Davis is the secretary of both Narragansett and Bevis.

Little owns beneficially 73,010 shares, or approximately 7.9 percent of the outstanding shares of common stock of Narragansett and Sarles owns 6,953 shares, or approximately 0.7 percent of such shares outstanding. Little owns 60,997 shares, or approximately 3.2 percent of the outstanding shares of common stock of Bevis. Little holds a 5-year-term note of Bevis for $333,844, bearing interest at the rate of 6 percent per annum, payable quarterly, with the final installment due in 1977, convertible into common stock of Bevis at $5 per share.

Prior to the execution of his employment agreement by Bevis on January 26, 1972, Denmark held no stock in Bevis or Narragansett, and was not an officer or director of either company.

Commission Jurisdiction

As Denmark is an affiliate of an affiliate of Narragansett (i.e., Bevis), and as Bevis is a company controlled by Narragansett, the purchase of the company shares pursuant to the superseding agreement might be considered a joint enterprise within the meaning of section 17(d) of the Act and rule 17d–1 thereunder. Similarly, Narragansett's agreement not to sell a portion of its Bevis stock may be considered a transaction

effected in connection with a joint enterprise in which a company controlled by it is a participant. Furthermore, as certain rights and duties of Denmark and Bevis may be affected by Narragansett's disposition of its stock, Narragansett might, although it would deny it, be considered a participant in a joint transaction with a company controlled by it. Taken together, the section and rule provide, as here pertinent, that it shall be unlawful for an affiliated person of a registered investment company or any affiliated person of such person, acting as principal, to participate in, or to effect any transaction in connection with any joint enterprise or other joint arrangement in which such registered company, or a company controlled by such registered company, is a participant unless an exemption regarding such arrangement has been granted by the Commission. In passing upon an application, the Commission must consider whether the participation of such registered company or controlled company in such arrangement is consistent with the provisions, policies, and purposes of the Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants. Narragansett seeks an order under section 17(d) and rule 17d–1 under the Act to the extent they may be applicable to the proposed transactions.

SUPPORTING STATEMENTS

Narragansett contends that the proposed transactions are consistent with the general purposes of the Act, are in the best interests of Narragansett and its shareholders (because by obtaining the services of Denmark for Bevis the value of Narragansett's own substantial investment in Bevis, which might otherwise be jeopardized, is protected), and an undertaking by Narragansett not to sell its interests in Bevis during the term of Denmark's employment is consistent with its investment policy.

Notice is further given, that any interested person may, no later than October 30, 1972, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person served is located more than 500 miles from the point of mailing) upon Narragansett at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Company Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

LOUISIANA POWER & LIGHT CO.

Notice of Proposed Issue and Sale of Bonds at Competitive Bidding

OCTOBER 5, 1972.

Notice is hereby given that Louisiana Power & Light Co. (Louisiana), 142 Delaronde Street, New Orleans, LA 70114, a registered holding company and an electric utility subsidiary company of Middle South Utilities, Inc., also a registered holding company, has filed a declaration, pursuant to the Public Utility Holding Company Act of 1935 (Act), designating sections 6(a) and 7 of the Act and Rules 23, 27 and 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transaction.

Louisiana proposes to issue and sell, subject to the competitive bidding requirements of Rule 50 under the Act, $25 million principal amount of First Mortgage Bonds, —— percent Series due 2002. The interest rate of the bonds (which will be a multiple of one-eighth of 1 percent and the price, exclusive of accrued interest, to be paid to Louisiana (which will be not less than 100 percent nor more than 102¾ percent of the principal amount thereof) will be determined by competitive bidding. The bonds will be issued under Louisiana's Mortgage and Deed of Trust dated as of April 1, 1944, to The Chase Manhattan Bank (National Association), successor to The Chase National Bank of the City of New York and Charles F. Ruge, successor to Carl E. Buckley, as Trustees, as heretofore supplemented by various indentures and as to be further supplemented by a Seventeenth Supplemental Indenture to be dated November 1, 1972, and which contains a prohibition until November 1, 1977, against refunding the issue with the proceeds of funds borrowed at a lower effective interest cost.

Louisiana will apply the net proceeds derived from the issue and sale of the bonds to the reduction of short-term borrowings made for the purpose of temporarily financing its 1972 construction program, estimated to total $30 million at the time of the issue and sale of the bonds.

It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction. Fees and expenses to be incurred by Louisiana in connection with the bonds are estimated at $100,000 including legal fees of $30,000 and auditor's fees of $7,000. The fees of counsel for the underwriters are estimated at $10,000 and are to be paid by the successful bidders.

Notice is further given that any interested person may, not later than October 27, 1972, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further development in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulations, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Secretary.*

PRICE COMMISSION

[Order No. 11]

RECLASSIFIED LUMBER FIRMS

Report Requirements; Correction

The purpose of this amendment is to make two minor corrections in the language of paragraphs (1) and (4) of Price Commission Order No. 11, dated October 3, 1972 (37 F.R. 21019).

In paragraph (1), the words "and PC-51," were inadvertently omitted after the words "and PC-50." In paragraph (4)(c), the words "if that fiscal year" should have been deleted. It was the Commission's intention that these changes be made in the filed document.

In consideration of the foregoing, Order No. 11 is amended as follows:

(1) Paragraph (1) is amended by inserting the words "and PC-51," after the words "and PC-50."

(2) Paragraph (4)(c) is amended by striking out the words ", if that fiscal year."

(Economic Stabilization Act of 1970, as amended, Public Law 91-379, 84 Stat. 799; Public Law 91-558, 84 Stat. 1486; Public Law 92-8, 85 Stat. 13; Public Law 92-15, 85 Stat. 38; Economic Stabilization Act Amendments of 1971, Public Law 92-210; E.O. 11640, 37 F.R. 1213, Jan. 27, 1972; Cost of Living Council Order No. 4, 36 F.R. 20202, Oct. 16, 1971)

Issued in Washington, D.C., on October 6, 1972.

By direction of the Price Commission.

JAMES B. MINOR, *General Counsel, Price Commission.*

TARIFF COMMISSION

[AA1921-105]

NORTHERN BLEACHED HARDWOOD KRAFT PULP FROM CANADA

Rescheduling of Hearing Date

Notice is hereby given that the hearing in Investigation No. AA1921-105, scheduled to be held in the Tariff Commission's Hearing Room, Tariff Commission Building, Eighth and E Streets NW., Washington, D.C., beginning at 10 a.m., e.s.t., on November 20, 1972, has been rescheduled for 10 a.m., e.s.t., on November 21, 1972.

The hearing is being held in connection with a Commission investigation under the provisions of section 201(a) of the Antidumping Act, 1921, as amended, to determine whether an industry in the United States is being or is likely to be injured, or is prevented from being established by reason of the importation of prime grade and off-grade northern bleached hardwood kraft pulp from Canada which the Assistant Secretary of the Treasury has determined are being, or are likely to be, sold at less than fair value. Notice of the investigation was published in the FEDERAL REGISTER of October 6, 1972 (37 F.R. 21210).

Issued: October 10, 1972.

By order of the Commission.

SMALL BUSINESS ADMINISTRATION

MAXIMUM INTEREST RATES

Establishment

Notice is hereby given that the Small Business Administration has established as the maximum interest rate per annum that participating lending institutions may charge on guaranteed loans (except revolving line of credit) approved on or after October 1, 1972, pursuant to section 7(a) of the Small Business Act, as amended, section 402 of the Economic Opportunity Act of 1964, as amended, and section 502 of the Small Business Investment Act, as amended, the following interest rate: Eight and one-half (8½%) per centum per annum. On immediate participation loans approved on or after October 1, 1972, the maximum interest rate shall be seven and one-half (7½%) per centum per annum. Said maximum interest rates shall remain in effect until further amendment or revision.

This notice implements the notification of maximum interest rates as provided in § 120.3(b)(2)(vi) of Part 120 (36 F.R. 21332).

Effective date: October 1, 1972.

Minimum Wages for Federal and Federally Assisted Construction

Area Wage Determination Decisions, Modifications, and Supersedeas Decisions

DEPARTMENT OF LABOR

Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

Area Wage Determination Decision, Modifications and Supersedeas Decisions

New determination. There is set forth below general area wage determination decision No. AP–438 of the Secretary of Labor. This decision specifies, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the locality specified therein. This decision is applicable to Federal and federally assisted construction in the State of Vermont.

The determinations in this decision of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 F.R. 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates, and of Secretary of Labor's Orders 12–71 and 15–71 (36 F.R. 8755, 8756). The prevailing rates and fringe benefits determined in this decision shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the locality described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of this determination as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

This wage determination is effective for a period of 120 days from the date of publication in the FEDERAL REGISTER and is to be used in accordance with the provisions of 29 CFR Part 5. Accordingly, this determination together with any modifications issued subsequent to this date during this 120-day period, shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

Modifications and supersedeas decisions to area wage determination decisions. Modifications and/or supersedeas decisions to area wage determination decisions for specified localities in the States of Alabama, Arizona, Arkansas, California, Connecticut, District of Columbia, Florida, Georgia, Hawaii, Idaho, Kentucky, Louisiana, Maryland, Massachusetts, Missouri, Montana, North Dakota, Oklahoma, Pennsylvania, Rhode Island, Tennessee, Texas, Virginia, Washington, and West Virginia.

Area wage determination decisions published in the FEDERAL REGISTER on the following dates:

are hereby modified and/or superseded as set forth below. Supersedeas decision numbers are in parentheses following the number of the decision being superseded.

These modifications and/or supersedeas decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since these determinations were issued.

The determinations of prevailing rates and fringe benefits made in these modifications and/or supersedeas decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 F.R. 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates, and of Secretary of Labor's Orders 13–71 and 15–71 (36 F.R. 8755, 8756). The prevailing rates and fringe benefits determined in the foregoing area wage determination decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

The modifications and/or supersedeas decisions are effective from their date of publication in the FEDERAL REGISTER until the end of the period for which the determinations being modified and/or superseded were issued and are to be used in accordance with the provisions of 29 CFR Part 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rule-making procedures prescribed in 5 U.S.C. 553 is set forth in the document being modified.

Signed at Washington, D.C., this 6th day of October 1972.

HORACE E. MENASCO,
Administrator,
Wage and Hour Division.

GROUP XII All off-highway equipment within Teamsters jurisdiction (off-highway combination of vehicles or equipment with multiple power sources, $1.00 per hour additional); Truck Repairman	$7.05	.65	.55	.75		
GROUP XIII Truck Repairman (Welder)	7.15	.65	.55	.75		

SUPERSEDEAS DECISION

STATE: California

COUNTIES: Alameda, Amador, Contra Costa, Fresno, Marin, Merced, Monterey, Napa, Nevada, Placer, Sacramento, San Francisco, San Joaquin, San Mateo, Santa Clara, Solano, Sonoma, Sutter, Yolo, and Yuba

DECISION NO. AP-246

DATE: Date of Publication

Supersedes Decision No. AM-6735 dated June 23, 1972 in 37 FR 12459

DESCRIPTION OF WORK: Residential construction consisting of single family homes and garden type apartments up to and including 4 stories.

RIGGERS; WELDERS: Receive rate prescribed for craft performing operation to which rigging or welding is incidental.

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Employer contributes $.20 per hour to Paid Holiday Fund. 6 paid holidays: A through F.

b. 8 Paid Holidays: A through F, Washington's Birthday and Admission Day.

c. 4 Paid Holidays: C, D, E, and Washington's Birthday.

d. 1st year of employment employer contributes $.14 p/h to Vacation; 2nd thru 5th year $.30 p/h; 6th year and thereafter $.46 p/h.

e. Employer contributes $.28 p/h to Holiday Fund.

f. 1st year of employment, employer contributes $.14 per hour to Vacation Fund; 2nd through 5th year, $.295 per hour; 6th year and thereafter $.46 per hour.

g. Employer contributes $.28 per hour to Holiday Fund.

h. Employer contributes $2.00 per month per apprentice employed.

CALIFORNIA
AREA DEFINITIONS for
POWER EQUIPMENT OPERATORS (1-3)

**AREA 2: All areas not included within Area 1 as defined below.

*AREA 1: All areas included in the description defined below which is based upon township and range lines of Areas 1 and 2.

Commencing in the Pacific Ocean on the extension of the Southerly line of Township 19S,
Thence Easterly along the Southerly line of Township 19S, crossing the Mt. Diablo meridian to the S.W. corner of township 19S, range 6E, Mt. Diablo base line and meridian,
Thence Southerly to the S.W. corner of township 20S, range 6E,
Thence Easterly to the S.W. corner of township 20S, range 13E,
Thence Southerly to the S.W. corner of township 21S, range 13E,
Thence Easterly to the S.W. corner of township 21S, range 17E,
Thence Southerly to the S.W. corner of township 22S, range 17E,
Thence Easterly to the S.E. corner of township 22S, range 17E,
Thence Southerly to the S.W. corner of township 23S, range 18E,
Thence Easterly to the S.E. corner of township 23S, range 18E,
Thence Southerly to the S.W. corner of township 24S, range 19E,
falling on the Southerly line of Kings County, thence Easterly along the Southerly boundary of Kings County and the Southerly boundary of Tulare County, to the S.E. corner of township 24S, range 29E,
Thence Northerly to the N.E. corner of township 21S, range 29E,
Thence Westerly to the N.W. corner of township 21S, range 29E,
Thence Northerly to the N.E. corner of township 13S, range 28E,
Thence Westerly to the N.W. corner of township 13S, range 28E,
Thence Northerly to the N.E. corner of township 11S, range 27E,
Thence Westerly to the N.W. corner of township 11S, range 27E,
Thence Northerly to the N.E. corner of township 10S, range 26E,
Thence Westerly to the N.W. corner of township 10S, range 26E,
Thence Northerly to the N.E. corner of township 9S, range 25E,
Thence Westerly to the N.W. corner of township 9S, range 25E,
Thence Northerly to the N.E. corner of township 8S, range 24E,
Thence Westerly to the N.W. corner of township 8S, range 24E,
Thence Northerly to the N.E. corner of township 6S, range 23E,
Thence Westerly to the S.E. corner of township 5S, range 19E,
Thence Northerly to the N.E. corner of township 5S, range 19E,
Thence Westerly to the N.W. corner of township 5S, range 19E,
Thence Northerly to the N.E. corner of township 3S, range 18E,
Thence Westerly to the N.W. corner of township 3S, range 18E,
Thence Northerly to the N.E. corner of township 2S, range 17E,
Thence Westerly to the N.W. corner of township 2S, range 17E,
Thence Northerly crossing the Mt. Diablo baseline to the N.E. corner of township 2N, range 16E,
Thence Westerly to the N.W. corner of township 2N, range 16E,
Thence Northerly to the N.E. corner of township 3N, range 15E,
Thence Westerly to the N.W. corner of township 3N, range 15E,
Thence Northerly to the N.E. corner of township 4N, range 14E,
Thence Westerly to the N.W. corner of township 4N, range 14E,
Thence Northerly to the N.E. corner of township 5N, range 13E,
Thence Westerly to the N.W. corner of township 5N, range 13E,
Thence Northerly to the N.E. corner of township 10N, range 12E,

CALIFORNIA
AREA DEFINITIONS for
POWER EQUIPMENT OPERATORS (cont'd) (2-3)

*Area 1 (cont'd):
Thence Easterly to the S.E. corner of township 11N, range 14E,
Thence Northerly to the N.E. corner of township 11N, range 14E,
Thence Westerly to the N.E. corner of township 11N, range 10E,
Thence Northerly to the N.E. corner of township 15N, range 10E,
Thence Easterly to the S.E. corner of township 16N, range 11E,
Thence Northerly to the N.E. corner of township 16N, range 11 E,
Thence Easterly to the S.E. corner of township 17N, range 14E,
Thence Southerly to the S.W. corner of township 14N, range 15E,
Thence Easterly to the S.E. corner of township 14N, range 15E,
Thence Southerly to the S.W. corner of township 13N, range 16E,
Thence Easterly to the S.E. corner of township 13N, range 16E,
Thence Southerly to the S.W. corner of township 12N, range 17E,
Thence Easterly along the Southern line of township 12N to the Eastern boundary of the state of California,
Thence Northwesterly, thence Northerly along the Eastern boundary of the state of California to the N.E. corner of township 17N, range 18E,
Thence Westerly to the N.W. corner of township 17N, range 11E,
Thence Northerly to the N.E. corner of township 20N, range 10E,
Thence Westerly to the N.W. corner of township 20N, range 10E,
Thence Northerly to the N.E. corner of township 21N, range 9E,
Thence Westerly to the N.W. corner of township 21N, range 9E,
Thence Northerly to the N.E. corner of township 22N, range 8E,
Thence Westerly to the N.W. corner of township 22N, range 8E,
Thence Northerly to the S.W. corner of township 27N, range 8E,
Thence Easterly to the S.E. corner of township 27N, range 8E,
Thence Northerly to the N.E. corner of township 28N, range 8E,
Thence Westerly to the N.W. corner of township 28N, range 7E,
Thence Northerly to the N.E. corner of township 30N, range 6E,
Thence Westerly to the N.W. corner of township 30N, range 1E,
Thence Northerly along the Mt. Diablo meridian to the N.E. corner of township 34N, range 1W,
Thence Westerly to the N.W. corner of township 34N, range 6W,
Thence Southerly to the N.E. corner of township 32N, range 7W,
Thence Westerly to the N.W. corner of township 32N, range 7W,
Thence Southerly to the S.W. corner of township 30N, range 7W,
Thence Easterly to the S.E. corner of township 30N, range 7W,
Thence Southerly to the S.W. corner of township 18N, range 6W,
Thence Easterly to the S.E. corner of township 16N, range 6W,
Thence Southerly to the S.W. corner of township 14N, range 5W,
Thence Westerly to the S.E. corner of township 14N, range 7W,
Thence Northerly to the N.E. corner of township 14N, range 7W,
Thence Westerly to the N.W. corner of township 14N, range 7W,
Thence Northerly to the N.E. corner of township 15N, range 8W,
Thence Westerly to the S.E. corner of township 16N, range 12W,
Thence Northerly to the N.E. corner of township 16N, range 12W,
Thence Westerly to the N.W. corner of township 16N, range 12W,
Thence Northerly to the N.E. corner of township 18N, range 13W,

CALIFORNIA
AREA DEFINITIONS for
POWER EQUIPMENT OPERATORS (cont'd) (3-3)

*Area 1 (cont'd):
Thence Westerly to the N.W. corner of township 18N, range 14W,
Thence Southerly to the S.W. corner of township 18N, range 14W,
Thence Easterly to the S.E. corner of township 18N, range 14W,
Thence Southerly to the S.W. corner of township 16N, range 13W,
Thence Westerly to the N.W. corner of township 15N, range 14W,
Thence Southerly to the S.W. corner of township 14N, range 14W,
Thence Easterly to the S.E. corner of township 14N, range 14W,
Thence Southerly to the S.W. corner of township 13N, range 13W,
Thence Easterly to the S.E. corner of township 13N, range 13W,
Thence Southerly to the S.W. corner of township 11N, range 12W,
Thence Easterly to the S.E. corner of township 11N, range 12W,
Thence Southerly along the Eastern line of range 12W to the Pacific Ocean excluding that portion of Northern California within Santa Clara County included within the following line:
Commencing at the N.W. corner of township 6S, range 3E, Mt. Diablo baseline and meridian:
Thence in a Southerly direction to the S.W. corner of township 7S, range 3E,
Thence in a Easterly direction to the S.E. corner of township 7S, range 4E,
Thence in a Northerly direction to the N.E. corner of township 6S, range 4E,
Thence in a Westerly direction to the N.W. corner of township 6S, range 3E, to the point of beginning, which portion is a part of Area 2.
Area 1 also includes that portion of Northern California within the following lines:
Commencing in the Pacific Ocean on an extension of the Southerly line of township 2N, Humboldt baseline and meridian:
Thence Easterly along the Southerly line of township 2N to the S.W. corner of township 2N, range 1W,
Thence Southerly to the S.W. corner of township 1N, range 1W,
Thence Easterly along the Humboldt baseline to the S.W. corner of township 1N, range 2E,
Thence Southerly to the S.W. corner of township 2S, range 2E,
Thence Easterly to the S.E. corner of township 2S, range 2E,
Thence Southerly to the S.W. corner of township 4S, range 3E,
Thence Easterly to the S.E. corner of township 4S, range 3E,
Thence Northerly to the N.E. corner of township 2S, range 3E,
Thence Westerly to the N.W. corner of township 2S, range 3E,
Thence Northerly crossing the Humboldt baseline to the S.W. corner of township 1N, range 3E,
Thence Easterly along the Humboldt baseline to the S.E. corner of township 1N, range 3E,
Thence Northerly to the N.E. corner of township 9N, range 3E,
Thence Westerly to the N.W. corner of township 9N, range 2E,
Thence Northerly to the N.E. corner of township 10N, range 1E,
Thence Westerly along the Northerly line of township 10N, into the Pacific Ocean.
Area 1 also includes that portion of Northern California included within the following line:
Commencing at the Northerly boundary of the state of California at the N.W. corner of township 48N, range 7W, Mt. Diablo baseline and meridian:
Thence Southerly to the S.W. corner of township 44N, range 7W,
Thence Easterly to the S.E. corner of township 44N, range 7W,
Thence Southerly to the S.W. corner of township 43N, range 6W,
Thence Easterly to the S.E. corner of township 43N, range 5W,
Thence Northerly to the N.E. corner of township 48N, range 5W,
on the Northerly boundary of the state of California,
Thence Westerly along the Northerly boundary of the state of California to the point of beginning.

SUPERSEDEAS DECISION

STATE: California

COUNTIES: Imperial, Inyo, Kern, Los Angeles, Mono, Orange, Riverside, San Bernardino, San Luis Obispo, Santa Barbara, & Ventura

DECISION NO. AP-248

DATE: Date of Publication

Supersedes Decision No. AP-244 dated September 29, 1972 in 37 FR 20402

DESCRIPTION OF WORK: Building Construction (excluding single family homes and garden type apartments up to and including 4 stories), heavy and highway construction & dredging.
