Pages 5323-5447

PART I

(Part II begins on page 5385)

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

SUBSCRIBERS ARE ASKED TO FURNISH INFORMATION ABOUT DELIVERY DATES OF FEDERAL REGISTER. 5383

- ENVIRONMENT**—EPA list of impact statements for period from 1-19 through 1-31-73..... 5366
- PRESERVATION OF HISTORIC PLACES**—Interior Dept. expands National Register for grants-in-aid program and adopts procedures for compliance (2 documents)..... 5386, 5388
- LAW BOOKS**—FTC proposed guides on advertising and marketing requirements; comments by 5-29-73..... 5351
- OFFICIAL DRUG NAMES**—FDA adopts changes and additions; effective 3-30-73..... 5343
- CONSTRUCTION GRANTS**—EPA procedures applicable to wastewater treatment for FY 1973; effective 2-28-73..... 5329
- RADIATION CONTROL**—FDA proposals on standards and policies concerning assembly of diagnostic X-ray equipment (2 documents); comments by 4-30-73..... 5349
- BIOLOGICAL PRODUCTS**—FDA requests data on certain vaccines and toxoids (2 documents)..... 5358, 5359
- FALLOUT SHELTERS**—DoD regulations on development, use, marking and stocking at departmental installations... 5344
- FOOD ADDITIVES**—FDA establishes tolerances for residues of phosalone for dried prunes and raisins; effective 2-28-73..... 5337
- ASCS LOANS AND PURCHASES**—USDA rules on non-compliance with program; effective 2-28-73..... 5340

(Continued inside)

HIGHLIGHTS—Continued

FEED GRAIN DONATIONS TO CERTAIN INDIAN TRIBES—

USDA announcement..... 5357

PESTICIDE CHEMICALS—

EPA proposes tolerance residues for ethephon on cranberries..... 5365

EPA notice of petition withdrawal..... 5366

EPA establishes tolerance residues for phosalone and cycloheximide on certain fruits (2 documents); effective 2-28-73..... 5336, 5337

EPA exempts *Bacillus thuringiensis* from tolerance requirement; effective 2-28-73..... 5337

AVIATION RADIO SERVICES—FCC proposal to permit the use of certain frequency bands by ship and survival craft stations and EPIRB's; comments by 4-6-73..... 5368

LIFESAVING EQUIPMENT—DoT proposal to require EPIRB's on certain inspected vessels; comments by 4-30-73..... 5338

ENVIRONMENT—AEC notice of rule making hearing on 4-2-73..... 5351

MEETINGS—

VA: Special Medical Advisory Group; 3-26 and 27-73..... 5372

DoD: Wage Committee 3-6, 3-13, 3-20 and 3-27-73..... 5355

U.S. Air Force Academy Advisory Council, Plenary Session, 3-8 and 9-73..... 5355

USDA: Descanso District Grazing Advisory Board, 3-6-73..... 5356

Candor Advisory Committee, 4-11-73..... 5356

Interior Dept.: Western Regional Advisory Committee, 3-9-73..... 5356

Minute Man National Historical Park Advisory Commission, 3-10-73..... 5355

NASA: Life Science Committee, 3-12 and 13-73..... 5369

EPA: Petrochemical Industry Advisory Committee, 3-22-73..... 5368

HEW: National Advisory Committee meetings for the month of March..... 5359

General Research Support Program Advisory Committee, 3-1 and 2-73..... 5360

Cancer Treatment Advisory Committee, 3-1 and 2-73..... 5360

DoT: Youths Highway Safety Advisory Committee; 3-3-73..... 5361

federal register

Phone 962-8626

Area Code 202

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by the Executive Branch of the Federal Government. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$2.50 per month or \$25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Contents

ADVISORY COUNCIL ON HISTORIC PRESERVATION

- Notices
National Register of Historic Places; protection of properties; procedures for compliance..... 5388

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

- Rules and Regulations
Authority to make payments when there has been a failure to comply fully with the program..... 5340

AGRICULTURE DEPARTMENT

See also Agricultural Stabilization and Conservation Service; Animal and Plant Health Inspection Service; Forest Service; Packers and Stockyards Administration; Rural Electrification Administration.

- Notices
Certain Indian tribes located in New Mexico; feed grain donations..... 5357

AIR FORCE DEPARTMENT

- Notices
United States Air Force Academy; meeting..... 5355

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

- Rules and Regulations
Overtime services relating to imports and exports; commuted traveltime allowances..... 5340

ATOMIC ENERGY COMMISSION

- Proposed Rule Making
Environmental effects of transportation of fuel and waste from nuclear power reactors; hearing..... 5351

- Notices
Consolidated Edison Co. of New York, Inc.; order extending completion date..... 5361

- Northern States Power Co.; establishment of Atomic Safety and Licensing Board..... 5361

- Notices
Hearings, etc.:
Allegheny Airlines, Inc.; correction..... 5361
Continental Air Lines, Inc.; correction..... 5362
Iberia Air Lines of Spain..... 5362
International Air Transport Association; correction..... 5362
Western Air Lines, Inc..... 5362

COAST GUARD

- Rules and Regulations
Lifesaving equipment; inflatable liferafts; correction..... 5338

- Notices
Baltimore & Ohio Railroad Co. bridge; public hearing regarding proposed bridge alteration... 5361

COMMERCE DEPARTMENT

See National Oceanic and Atmospheric Administration.

DEFENSE DEPARTMENT

See also Air Force Department.

Rules and Regulations

- Development, use, marking and stocking of fallout shelters..... 5344
Test and evaluation of defense systems..... 5346

Notices

- Department of Defense Wage Committee; closed meetings.... 5355

ENVIRONMENTAL PROTECTION AGENCY

Rules and Regulations

- State and local assistance; grants for construction of treatment works..... 5329
Tolerances for pesticide chemicals in or on raw agricultural commodities:
Cycloheximide..... 5336
Phosalone..... 5337
Viable spores of microorganism *Bacillus thuringiensis* Berliner..... 5337

Notices

- Amchem Products, Inc.; filing of petition regarding pesticide chemical..... 5365
Ciba-Geigy Corp.; withdrawal of petitions regarding pesticide chemical and food additive..... 5366
Environmental impact statements; availability of agency comments..... 5366
Petrochemical Industry Advisory Committee; meeting..... 5368

ENVIRONMENTAL QUALITY COUNCIL

Notices

- Environmental impact statements; public availability..... 5362

FEDERAL AVIATION ADMINISTRATION

Rules and Regulations

- Control zones and transition areas, alterations (2 documents)..... 5341
Terminal control area, designation..... 5342
Transition areas, alteration or designation (2 documents)..... 5342

Proposed Rule Making

- Control area; alteration..... 5350

FEDERAL COMMUNICATIONS COMMISSION

Notices

- Program - length commercials; statement of commission position..... 5368

FEDERAL REGISTER OFFICE

Notices

- Delivery of the Federal Register; request for information..... 5383

FEDERAL RESERVE SYSTEM

Notices

- Acquisitions of banks:
First International Bancshares, Inc..... 5369
Florida Bancorp, Inc..... 5369

FEDERAL TRADE COMMISSION

Proposed Rule Making

- Proposed guides for the law book industry; opportunity to present written views, suggestions, objections, or pertinent information..... 5351

FISH AND WILDLIFE SERVICE

Rules and Regulations

- Back Bay National Wildlife Refuge, Va.; public access, use, and recreation..... 5339

FOOD AND DRUG ADMINISTRATION

Rules and Regulations

- Food additives permitted in food for human consumption:
Bromated vegetable oil..... 5342
Phosalone..... 5343
Official names of drugs; additions, deletions, and changes in listing of names..... 5343

Proposed Rule Making

- Control of electronic product radiation; assembly of diagnostic X-ray systems..... 5349
Rebuilding and reassembly of diagnostic X-ray equipment..... 5349

Notices

- Biological products; safety, effectiveness, and labeling review; request for data information:
Bacterial vaccines and toxoids with standards of potency, single or in combination..... 5358
Viral vaccines, single or in combination, and rickettsial vaccines..... 5359

FOREST SERVICE

Notices

- Meetings:
Condor Advisory Committee... 5356
Descanso District Grazing Advisory Board..... 5356

GENERAL SERVICES ADMINISTRATION

Rules and Regulations

- Public contracts and property management; implementation of Federal Information Processing Standards Publications into solicitation documents.... 5337

GEOLOGICAL SURVEY

Notices

- Stanislaus River Basin, California; cancellation of powersite; correction..... 5355

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month. In the last issue of the month the cumulative list will appear at the end of the issue.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1973, and specifies how they are affected.

Rules and Regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 40—Protection of Environment

CHAPTER I—ENVIRONMENTAL PROTECTION AGENCY

SUBCHAPTER D—GRANTS

PART 35—STATE AND LOCAL ASSISTANCE

Grants for Construction of Treatment Works

The Federal Water Pollution Control Act Amendments of 1972 authorize the award of construction grants for waste treatment works which constitute a contractual obligation of the United States for payment of the Federal share of the construction costs of such projects. Regulations to implement this grant/contract authority are hereby promulgated.

Previous construction grant regulations (40 CFR 35.800 et seq.) are applicable to previously awarded construction grants and will remain in effect. The new regulations hereby promulgated establish policies and procedures applicable only to construction grant awards from fiscal year 1973 and later contractual obligation authority.

A summary of the grant process for contract authority grants is contained within the regulations (40 CFR 35.903). While new procedures and requirements are established pursuant to title II of the new statute, an effort has been made to conform the new grant system to the former method of awarding grants to provide for as smooth a transition as possible and also to permit funding without delay of meritorious applications already forwarded to State and EPA Regional Offices.

Section 201(g)(3) of the new Act requires that no grant be awarded after July 1, 1973 unless the applicant satisfactorily demonstrates that the sewer collection system discharging into the works is not subject to excessive infiltration and section 201(g)(4) authorizes Federal assistance for sewer system evaluation studies necessary to determine whether there is excessive infiltration. Procedures to permit Federal assistance under these requirements as a part of the usual construction grant process are incorporated in these regulations and will be applicable to grants awarded after June 30, 1973.

Separate regulations will be promulgated to implement the provisions of section 206 of the Federal Water Pollution Control Act Amendments of 1972.

Interested parties are encouraged to submit written comments, views, or data concerning the interim regulations promulgated hereby to the Director, Grants Administration Division, Environmental Protection Agency, Washington, D.C. 20460. All such submissions received on or before April 30, 1973 will be consid-

ered prior to promulgation of final construction grant regulations. Suggestions for changes to EPA regulations promulgated in this Subchapter are solicited on a continuous basis pursuant to 40 CFR 30.106.

Effective date. The interim construction grant regulations promulgated hereby shall become effective on February 28, 1973. All Environmental Protection Agency contract grant authority construction grants pursuant to Public Law 92-500 shall be subject to these interim grant regulations. It is necessary that these regulations take effect prior to a 30-day period after promulgation because of the necessity to expedite award of construction grants in order to meet water quality requirements.

WILLIAM D. RUCKELSHAUS,
Administrator.

FEBRUARY 23, 1973.

Part 35 of title 40 is amended by reserving Subpart D and adding Subpart E which contains the material formerly codified as Subpart D (37 FR 26282, Dec. 8, 1972).

AUTHORITY: Secs. 201 through 205, 207, 210 through 212, and 501(a) of the Act.

Subpart D—[Reserved]

Subpart E—Grants for Construction of Treatment Works—Federal Water Pollution Control Act Amendments of 1972

§ 35.900 Purpose.

This subpart supplements the EPA general grant regulations and procedures (Part 30 of this chapter) and established policies and procedures for grants to assist the construction of publicly owned waste treatment works in compliance with the Federal Water Pollution Control Act.

§ 35.901 Authority.

This subpart is promulgated pursuant to sections 201 through 205, 207, 210 through 212, and 501(a) of the Act.

§ 35.903 Summary of construction grant program.

(a) The construction of federally financed waste treatment works generally is accomplished in three steps—(1) preliminary plans and studies, (2) preparation of construction drawings and specifications, and (3) fabrication and build-

ing of a complete and operable treatment works. Although in most cases completion of preliminary plans and studies will be a prerequisite to award of a grant, in order to allow State and Federal officials an adequate basis to determine the merits of proposed projects, the EPA Regional Administrator may award a grant for completion of preliminary plans and studies (the first step). A grant for a project will include an initial payment for the Federal share of the unreimbursed allowable costs of completed work (e.g. preliminary plans and studies, preparation of final construction drawings and specifications); if such prior costs are within the scope of the proposed project and the grant amount certified by the State agency. In no case may a grant be awarded unless the proposed project has received a priority certification which accords with an approved State system for determining the priority of needed treatment works.

(b) The scope of a project may include one or more construction steps and will be determined by the definition of the project in the grant application submitted to the State agency, by the scope of the project for which State priority certification is given, and finally by the scope of the project for which the Regional Administrator awards a grant. Funding of a complete treatment works may (but need not) be "split" into a project or grant for each step. The State is responsible for determining the amount and timing of Federal assistance to each municipality for which treatment works funding is needed.

(c) Upon award of a grant under this subpart, the grantee may submit a request for payment for the unpaid Federal share of allowable project costs incurred prior to the award, and the grant shall constitute a contractual obligation of the United States to pay the Federal share of allowable project costs up to the amount approved in the grant agreement (including amendments).

(d) No grant may be awarded under this subpart for a project for the building and erection of a treatment works (Step 3) if initiation of the project construction has occurred, that is, if a notice to proceed has been issued under a construction contract for any portion of the project work or, if notice to proceed is not required, if the construction contract has been executed.

(e) Applications for grants and grant amendments must first be submitted to the State agency, and the State agency may then forward to the appropriate EPA Regional Administrator complete project applications or grant amendments which have been certified by the State agency as entitled to priority.

(f) Sewage collection systems for new communities, new subdivisions, or newly developed urban areas must be addressed in the planning of such areas and must be included as a part of the development costs of the new construction in these areas; they are not to be covered under the construction grant program.

§ 35.905 Definitions.

As used in this subpart, the following words and terms shall have the meaning set forth below:

§ 35.905-1 The Act.

The Federal Water Pollution Control Act, as amended by the Federal Water Pollution Control Act Amendments of 1972 (Public Law 92-500).

§ 35.905-2 Combined sewer.

A sewer intended to serve as a sanitary sewer and a storm sewer.

§ 35.905-3 Construction.

Any one or more of the following: Preliminary planning to determine the feasibility of treatment works, engineering, architectural, legal, fiscal, or economic investigations or studies, surveys, designs, plans, working drawings, specifications, procedures or other necessary actions, erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works, or the inspection or supervision of any of the foregoing items. The phrase "initiation of construction," as used in this subpart, means the issuance of a notice to proceed, or, if none is required, the execution of a construction contract.

§ 35.905-4 Excessive infiltration/inflow.

The quantities of infiltration/inflow which can be economically eliminated from a sewer system by rehabilitation, as determined by a cost-effectiveness analysis that (for the design life of the treatment works) compares correcting the infiltration/inflow conditions with increasing the treatment works capacity to provide the required waste water treatment for the quantities of infiltration/inflow.

§ 35.905-5 Infiltration.

The water entering a sewer system and service connections from the ground, through such means as, but not limited to, defective pipes, pipe joints, connections, or manhole walls. Infiltration does not include, and is distinguished from, inflow.

§ 35.905-6 Inflow.

The water discharged into a sewer system and service connections from such sources as, but not limited to, roof leaders, cellar, yard, and area drains, foundation drains, cooling water discharges, drains from springs and swampy areas, manhole covers, cross connections from storm sewers and combined sewers, catch basins, storm waters, surface run-off, street wash waters, or drainage. Inflow does not include, and is distinguished from, infiltration.

§ 35.905-7 Infiltration/inflow.

The total quantity of water from both infiltration and inflow without distinguishing the source.

§ 35.905-8 Interstate agency.

An agency of two or more States established by or pursuant to an agreement or compact approved by the Congress, or

any other agency of two or more States, having substantial powers or duties pertaining to the control of water pollution.

§ 35.905-9 Municipality.

A city, town, borough, county, parish, district (but excluding a school district), association, or other public body (including an intermunicipal agency of two or more of the foregoing entities) created by or pursuant to State law, or an Indian tribe or an authorized Indian tribal organization, having jurisdiction over disposal of sewage, industrial wastes, or other wastes, or a designated and approved management agency under section 208 of the act.

§ 35.905-10 Project.

The scope of work for which Federal assistance is awarded by a grant pursuant to this Subpart.

§ 35.905-11 Sanitary sewer.

A sewer intended to carry only sanitary and industrial waste waters from residences, commercial buildings, industrial plants, and institutions.

§ 35.905-12 State.

A State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands.

§ 35.905-13 State agency.

The State water pollution control agency designated by the Governor having responsibility for enforcing State laws relating to the abatement of pollution.

§ 35.905-14 Storm sewer.

A sewer intended to carry only storm waters, surface run-off, street wash waters, and drainage.

§ 35.905-15 Treatment works.

Any devices and systems used in the storage, treatment, recycling, and reclamation of municipal sewage or industrial wastes of a liquid nature to implement section 201 of the act, or necessary to recycle or reuse water at the most economical cost over the estimated life of the works, including intercepting sewers, outfall sewers, sewage collection systems, pumping, power, and other equipment and their appurtenances; extensions, improvements, remodeling, additions, and alterations thereof; elements essential to provide a reliable recycled supply such as standby treatment units and clear well facilities; and any works, including site acquisition of the land that will be an integral part of the treatment process or is used for ultimate disposal of residues resulting from such treatment; or any other method or system for preventing, abating, reducing, storing, treating, separating, or disposing of municipal waste, including storm water run-off, or industrial waste, including waste in combined storm water and sanitary sewer systems.

§ 35.908 Advanced technology and accelerated construction techniques.

It is the policy of the Environmental Protection Agency to encourage and

where possible, to assist in the development of advanced technology and accelerated construction techniques for the construction of waste treatment works. New technology may be developed or demonstrated with the assistance of EPA research or demonstration grants awarded under title I of the act. New technology which has been successfully demonstrated under comparable conditions may be utilized in the construction of treatment works under this subpart. In addition, the Regional Administrator, with the concurrence of the appropriate Assistant Administrator(s), may award a comprehensive grant (§ 30.205 of this chapter) to include the application or demonstration of new technology assisted under title I of the act in any portion of a treatment works constructed principally with assistance under this subpart, pursuant to this subchapter and such conditions and procedures for EPA assistance as the Director, Grants Administration Division, may approve.

§ 35.910 Allocation of funds.

§ 35.910-1 Allotment.

(a) The Administrator shall allot among the States, funds authorized to be appropriated pursuant to section 207, in the ratio that the estimated cost of constructing all needed publicly owned treatment works in each State bears to the estimated cost of construction of all needed publicly owned treatment works in all of the States. For fiscal years ending June 30, 1973, and June 30, 1974, sums not to exceed \$2 billion and \$3 billion, respectively, have been determined to be the actual amounts authorized to be appropriated within the corresponding maximum amounts specified in section 207 and will be allotted on a ratio determined on the basis of Table III of House Public Works Committee Print No. 92-50. Computation of a State's ratio shall be carried out to the nearest thousandth percent (0.0001 percent) and allotted amounts will be rounded to the nearest thousand dollars. The applicable percentages to be used in computing State allotments for fiscal years 1973 and 1974 are as follows:

State	Percentage
Alabama	.3612
Alaska	.2252
Arizona	.1346
Arkansas	.3536
California	9.8176
Colorado	.3166
Connecticut	1.6810
Delaware	.8563
District of Columbia	.7114
Florida	3.6264
Georgia	.9730
Hawaii	.3303
Idaho	.2177
Illinois	6.2489
Indiana	3.3662
Iowa	1.1657
Kansas	.3742
Kentucky	.6599
Louisiana	.9428
Maine	.9675
Maryland	4.2582
Massachusetts	3.7576
Michigan	7.9814
Minnesota	2.0319
Mississippi	.3935
Missouri	1.8556
Montana	.1682

State	Percentage
Nebraska	.3708
Nevada	.2877
New Hampshire	.8309
New Jersey	7.7040
New Mexico	.2108
New York	11.0578
North Carolina	.9229
North Dakota	.0467
Ohio	5.7737
Oklahoma	.4608
Oregon	.8494
Pennsylvania	5.4214
Rhode Island	.4889
South Carolina	.6455
South Dakota	.0948
Tennessee	1.1605
Texas	2.7694
Utah	.1408
Vermont	.2218
Virginia	2.9143
Washington	.8906
West Virginia	.4999
Wisconsin	1.7415
Wyoming	.0263
Guam	.0872
Puerto Rico	.8945
Virgin Islands	.0893
American Samoa	.0048
Trust Territory of Pacific	.0378
	100.0000

(b) Based upon the applicable percentages, the sums allotted to the States for fiscal years 1973 and 1974 are as follows:

State	Fiscal year 1973	Fiscal year 1974
Alabama	7,234,000	10,836,000
Alaska	4,504,000	6,756,000
Arizona	2,692,000	4,038,000
Arkansas	7,672,000	10,608,000
California	190,332,000	294,828,000
Colorado	6,332,000	9,498,000
Connecticut	33,620,000	50,430,000
Delaware	13,130,000	19,695,000
District of Columbia	14,228,000	21,842,000
Florida	72,628,000	108,792,000
Georgia	19,460,000	29,190,000
Hawaii	6,690,000	9,900,000
Idaho	4,354,000	6,531,000
Illinois	126,978,000	187,467,000
Indiana	67,324,000	100,986,000
Iowa	23,114,000	34,671,000
Kansas	7,484,000	11,226,000
Kentucky	13,198,000	19,797,000
Louisiana	18,836,000	28,284,000
Maine	19,350,000	29,028,000
Maryland	88,164,000	127,746,000
Massachusetts	75,152,000	112,728,000
Michigan	159,628,000	239,442,000
Minnesota	40,638,000	60,957,000
Mississippi	7,870,000	11,805,000
Missouri	33,112,000	49,698,000
Montana	3,324,000	4,986,000
Nebraska	7,416,000	11,124,000
Nevada	5,754,000	8,631,000
New Hampshire	16,618,000	24,927,000
New Jersey	154,680,000	231,120,000
New Mexico	4,216,000	6,324,000
New York	221,156,000	331,734,000
North Carolina	18,438,000	27,687,000
North Dakota	694,000	1,401,000
Ohio	115,474,000	173,211,000
Oklahoma	9,216,000	13,834,000
Oregon	16,988,000	25,482,000
Pennsylvania	108,428,000	162,642,000
Rhode Island	9,778,000	14,667,000
South Carolina	12,910,000	19,365,000
South Dakota	1,896,000	2,844,000
Tennessee	28,210,000	41,815,000
Texas	55,388,000	83,082,000
Utah	2,816,000	4,224,000
Vermont	4,436,000	6,654,000
Virginia	88,286,000	131,429,000
Washington	17,812,000	26,718,000
West Virginia	9,998,000	14,997,000
Wisconsin	34,830,000	52,245,000
Wyoming	586,000	864,000
Guam	1,744,000	2,616,000
Puerto Rico	17,690,000	26,535,000
Virgin Islands	1,786,000	2,679,000
American Samoa	96,000	144,000
Trust Territory of Pacific	756,000	1,134,000
Total	2,000,000,000	3,000,000,000

(c) Allotments for fiscal years which begin after the fiscal year ending June 30, 1974, shall be made only in accordance with a revised cost estimate required to be submitted to and approved by Congress.

(d) Allotments shall be made not later than the January first preceding the beginning of the fiscal year for which authorized, except for the allotment for fiscal year 1973 which is made herein.

§ 35.910-2 Reallotment.

(a) Sums allotted to a State under § 35.910-1 shall be available for obligation on and after the date of such allotment and shall continue to be available to such State for a period of 1 year after the close of the fiscal year for which such sums are authorized. Funds remaining unobligated at the end of the allotment period will be immediately reallotted by the Administrator, generally on the basis of the ratio used in making the last allotment.

(b) Any sums which have been obligated under section 203 of the Federal Water Pollution Control Act Amendments of 1972 (Public Law 92-500) and which are released by the payment of the final voucher for the project shall be immediately credited to the State to which such sums were last allotted. Such released sums shall be added to the amounts last allotted to such State and shall be immediately available for obligation in the same manner and to the same extent as such last allotment.

(c) Reallotted sums shall be added to the last allotments made to the States and shall be in addition to any other funds otherwise allotted.

§ 35.915 State determination and certification of project priority.

Construction grants will be awarded from allotments available pursuant to § 35.910 in accordance with a State system for the certification of priority for construction grant projects.

(a) *State priority system.* Each State agency must submit for the approval of the Regional Administrator a description of the State priority system, including the criteria used by the State in determining priority for construction grant projects. The Regional Administrator shall be notified of each significant revision to an approved State priority system no later than 30 days prior to the effective date of the revision. The Regional Administrator may disapprove the State priority system or any revision thereto, provided that he shall first notify the State in writing of the specific respects in which he has determined that the system, or the administration thereof, fails to meet the applicable requirements of sections 301 and 302 of the Act.

(b) *List of municipalities.* The State agency shall prepare, in accordance with the approved State priority system, a list of municipalities, consisting of an inventory and ranking, in order of priority, of municipalities not meeting applicable requirements of sections 301 and 302 of the Act, and must submit such listing to the Regional Administrator prior to the award of a grant for any project after

June 30, 1973: *Provided*, (1) That the Regional Administrator may approve the list included with the annual State program plan submission (Part 35, Subpart B of this part); and (2) notwithstanding the foregoing, the Regional Administrator shall approve the list, or any portion thereof, which is prepared in accordance with any State plan approved pursuant to section 303(e)(3)(H) of the act for the certification of projects after the date of approval of such plan.

(c) *Project list*. The State agency shall submit for the approval of the Regional Administrator a listing of all projects for which Federal assistance will be requested, from current allotments, the priority for which shall be derived from the list of municipalities. Such project list shall set forth a tabulation of funding priorities and requirements including, as a minimum, the following information for each project: (1) Name of municipality; (2) brief description of type of project and anticipated scope of project; (3) the estimated total project cost; (4) estimated dates of initiation and completion of preliminary plans and studies; (5) estimated dates of completion of construction drawings and specifications; (6) estimated dates of initiation and completion of building and erection; and (7) estimated amount of EPA assistance required to complete the project, including identification of the 6-month period (July 1-December 31, January 1-June 30) when a grant award will be required. Such project list shall be submitted for the approval of the Regional Administrator annually as part of the State program submission pursuant to Part 35, Subpart B of this part, and may be revised as necessary, with the approval of the Regional Administrator upon compliance with the public participation requirements of paragraph (e) of this section: *Provided*, That the State agency may elect to rely upon the 1-year list submitted in accordance with § 35.575(f) to satisfy the foregoing project list requirements with respect to grants awarded prior to July 1, 1973.

(d) *State priority certification for projects*. The State agency must forward with each application submitted to the Regional Administrator a certification that the proposed project is entitled to priority in accordance with the State priority system, and requires the specified funding requested from allotments currently available. The State agency is responsible for defining the scope of treatment works projects and determining the time when such projects are to receive Federal financial assistance.

(e) *Public participation*. The Regional Administrator may not approve a State priority system or revision thereof in effect after June 30, 1973, unless he determines that the State agency has afforded adequate opportunity for oral or written municipal and public comment upon the State priority system, the list of municipalities, and the project list, or revisions, prior to submission to the Regional Administrator.

§ 35.920 Grant application.

Grant applications will be submitted and evaluated in accordance with Part 30, Subpart B of this chapter.

§ 35.920-1 Eligibility.

Municipalities, intermunicipal agencies, States, or interstate agencies may apply for grants.

§ 35.920-2 Procedure.

Preapplication assistance, including, where appropriate, a preapplication conference, may be requested from the appropriate EPA Regional Office. An application must be submitted to the State agency for each proposed project. The State agency will submit to the Regional Administrator those applications for construction grants which are complete and which relate to projects which have received priority certification in accordance with § 35.915.

§ 35.920-3 Contents of application.

(a) *Project for preliminary plans and studies (Step 1)*. An application for a grant for preliminary plans and studies shall include but not be limited to:

(1) State priority certification in accordance with § 35.915;

(2) A brief description of the nature and scope of the proposed project;

(3) Required comments or approvals of relevant State, local, and Federal agencies (including "clearinghouse" requirements of OMB Circular A-95);

(4) An estimate of the proposed project cost; and

(5) Proposed subagreements, or an explanation of the intended method of awarding subagreements for performance of any substantial portion of the project work.

(b) *Project for preparation of construction drawings and specifications (Step 2)*. An application for a grant for preparation of construction drawings and specifications shall include but not be limited to:

(1) State priority certification in accordance with § 35.915;

(2) Sewer system evaluation in accordance with § 35.927;

(3) Feasibility report;

(4) Engineering report, including, but not limited to:

(i) Facility design data incorporating:

(a) Results of sewer system evaluation;

(b) Estimated effluent quality, with respect to all parameters required by applicable effluent limitations and water quality standards; and

(c) Proposed method for ultimate disposal of sludge.

(ii) Cost estimates for design and construction; and

(iii) Schedule for completion of design and construction.

(5) Description of proposed user charge system in accordance with § 35.928;

(6) Statement regarding availability of proposed site, if relevant;

(7) Statement regarding ability of applicant to obtain discharge permit for proposed facility;

(8) Required comments or approvals of relevant State, local, and Federal agencies (including compliance with "clearinghouse" requirements of OMB Circular A-95);

(9) Environmental assessment, in accordance with Part 6 of this chapter unless the Regional Administrator determines, at the request of the applicant, that there is insufficient data available to prepare such assessment, provided that the environmental assessment must then be submitted to the Regional Administrator at or prior to the time of submission of plans and specifications for the building and erection of a treatment works;

(10) Statement regarding the applicant's financial, legal, institutional, and managerial capabilities to insure the construction, operation, and maintenance of the treatment works;

(11) Statement regarding compliance with other applicable Federal statutory and regulatory requirements (see 40 CFR Part 30, Subpart C);

(12) Statement regarding compliance with title VI of Civil Rights Act of 1964;

(13) Statement regarding applicant's proposed operation and maintenance program;

(14) Proposed subagreements, or an explanation of the intended method of awarding subagreements for performance of any substantial portion of the project work.

(c) *Project for building and erection of a treatment works (Step 3)*. An application for a grant for the building and erection of a treatment works shall include the items in paragraph (b) of this section, and in addition shall include two complete sets of the construction drawings and specifications, suitable for bidding purposes: *Provided*, That if any such information has been furnished with an earlier application, the applicant need only incorporate by reference and update or revise such information.

(d) *Design/construct project*. An application for a grant for a design/construct project shall include the items in paragraphs (b) and (c) of this section, except that, in lieu of construction drawings and specifications, the proposed performance specifications and other relevant design/construct criteria for the project shall be submitted.

§ 35.925 Limitations on award.

Before approving a grant for any project for any treatment works, the Regional Administrator shall determine:

§ 35.925-1 Facility planning.

That a current basin plan and regional or metropolitan plan as required in accordance with §§ 35.150-1 and 35.150-2 have been adopted (facility planning requirements will be an eligible construction grants cost as provided for in §§ 35.905-3 and 35.940-1(d)).

§ 35.925-2 State plan.

That such works are in conformity with any applicable State plan approved in accordance with section 303(e) of the act.

§ 35.925-3 Priority certification.

That such works have been certified by the State agency as entitled to priority in accordance with § 35.915, and that the award of a grant for the proposed project will not jeopardize the funding of any treatment works of higher priority.

§ 35.925-4 State allocation.

That the award of the grant will not result in the total of all grants awarded to applicants of a State, including grant increases, to exceed the total of all allotments and reallocations available to such State pursuant to § 35.910.

§ 35.925-5 Applicant's funding capability.

That the applicant has agreed to pay the non-Federal project costs.

§ 35.925-6 Permits.

That the applicant has provided assurance acceptable to the Regional Administrator that any necessary discharge permit has been or will be obtained in accordance with section 402 of the act.

§ 35.925-7 Design.

If the application is for a project which includes the building and erection of a treatment works (Step 3).

(a) That the design, size, and capacity of such works are cost-effective and relate directly to the needs to be served by such works, including adequate reserve capacity;

(b) That such works will meet applicable effluent limitations and applicable water quality standards and attain not less than secondary treatment as defined by the Administrator pursuant to section 301(b)(1)(B) and 304(d)(1) of the act;

(c) That alternative waste treatment techniques have been studied and evaluated;

(d) And, if the grant is to be awarded from funds authorized for any fiscal year beginning after June 30, 1974, that such works will provide for the application of the best practicable waste treatment technology over the life of the works consistent with the purposes of title II of the act;

(e) And, if the grant is to be awarded after July 1, 1973, that each sewer system, including interceptor and collection sewers, discharging into such treatment works is not subject to excessive infiltration/inflow, in accordance with § 35.927; and

(f) That the design for the project meets or exceeds such guidelines as the Administrator has published concerning treatment works design.

§ 35.925-8 Environmental review.

That the applicant has complied with applicable NEPA requirements (Part 6 of this chapter).

§ 35.925-9 Civil rights.

That the applicant has complied with the applicable requirements of title VI of the Civil Rights Act of 1964.

§ 35.925-10 Operation and maintenance program.

That the applicant has made satisfactory provision for assuring proper and efficient operation and maintenance of the treatment works, including the employment of trained management and operations personnel.

§ 35.925-11 User charge system.

That, prior to award of any grant after March 1, 1973, for a project which includes the building and erection of a treatment works (Step 3) the applicant (a) has adopted or will adopt a system of charges to assure that each recipient of waste treatment service will pay its proportionate share of the costs of operation and maintenance (including replacement); (b) has received firm written commitments satisfactory to the Regional Administrator for the payment to such applicant by the industrial users for their proportionate share of the Federal share of capital costs of the project allocable to the treatment of such industrial wastes to the extent attributable to the Federal share of the cost of construction; and (c) has legal, institutional, managerial, and financial capability to insure adequate construction, operation and maintenance of treatment works throughout the applicant's jurisdiction. Grants awarded prior to March 2, 1973, are subject to § 35.835-5 requirements in lieu of the above.

§ 35.925-12 Sewage collection systems.

That, if the project is for, or includes, sewage collection system work, such work is for replacement or major rehabilitation of an existing sewer system and is necessary to the total integrity and performance of the waste treatment works servicing such community, or is for a new sewer system in a community in existence on October 18, 1972, with sufficient existing or planned capacity to adequately treat such collected sewage.

§ 35.925-13 Alternative techniques and technology.

That, for grants made from fiscal year 1975 or later funds, for the erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works, the applicant (a) has studied and evaluated alternative waste management techniques to insure that the proposed works will provide for the application of the best practicable waste treatment technology over the life of the works; and (b) has, as appropriate, taken into account and allowed to the extent practicable for the application of technology, at a later date, which will provide for the reclaiming or recycling of water or otherwise eliminate the discharge of pollutants.

§ 35.927 Sewer system evaluation.

Applicants for grants awarded after July 1, 1973, must demonstrate to the satisfaction of the Regional Administrator that each sewer system discharging into such treatment works is not subject to excessive infiltration/inflow,

through an infiltration/inflow analysis and where appropriate and approved by the Regional Administrator, a sewer system evaluation survey.

(a) *Infiltration/inflow analysis.* Each applicant for a grant must show that it has performed or will perform, in conjunction with preliminary plans and studies (Step 1), and analysis demonstrating the existence or nonexistence of excessive infiltration/inflow in each sewer system tributary to the treatment works. The analysis shall identify the presence, quantity, and type of infiltration/inflow conditions which exist in the sewer systems. Information to be obtained and evaluated in the analysis shall include but not necessarily be limited to the following:

(1) Flow data for all flows in the sewer system including overflows and bypassed flows.

(2) Location, frequency, and cause of overflow conditions in the collection/treatment system caused by infiltration/inflow.

(3) Relationships of existing population and industrial contribution to flows in the sewer system.

(4) Geographical and geological conditions which may affect the present and future quantities or correction costs of the infiltration/inflow.

(5) A general discussion of age, length, type, materials of construction, and known physical condition of the sewer system.

For determination of possible excessive infiltration/inflow in the analysis, preliminary estimates shall be developed of the relative costs (for the design life of the treatment works), both for correcting the infiltration/inflow conditions, and increasing the treatment works capacity to provide the required degree of waste water treatment for the quantities of infiltration/inflow.

(b) *Sewer system evaluation survey.*

If the infiltration/inflow analysis demonstrates that the sewer system may be subject to excessive infiltration/inflow, the analysis and a detailed plan for a systematic sewer system evaluation survey, which elucidates the tasks to be performed and the estimated costs, shall be submitted to the Regional Administrator.

(1) Upon approval of the survey proposal by the Regional Administrator, the grantee shall conduct the sewer system evaluation survey, which shall be a systematic examination of the sewer systems to determine the location, flow rate and cost of correction for each definable element of the total infiltration/inflow problem. The sewer system evaluation survey shall normally be completed prior to establishment of facility design data for the engineering report. The evaluation survey shall be conducted in accordance with such guidelines as the Administrator shall publish from time to time.

(2) The sewer system evaluation survey report shall state the specific location, condition, estimate of rate of flow and cost of rehabilitation for each defined element of infiltration/inflow

into the sewer system. The report shall summarize the quantities of defined infiltration/inflow and propose a program of rehabilitation to correct the excessive infiltration/inflow. The rehabilitation program for the sewer system shall be accomplished on a selective cost-effective basis for each defined element of infiltration/inflow.

(3) The sewer system evaluation survey report and rehabilitation program for the sewer system shall be submitted to the Regional Administrator for approval prior to initiation of construction for Step 3.

(c) *Sewer use ordinance.* Each applicant for a treatment works grant shall demonstrate to the satisfaction of the Regional Administrator that a sewer use ordinance or other legally binding requirement shall be enacted and enforced in each jurisdiction served by the treatment works before the completion of construction. The ordinance shall prohibit any new connections from inflow sources into the sanitary sewer portions of the sewer system and shall require that new sewers and connections from waste water sources to the sewer system are designed and constructed in accordance with such guidelines as the Administrator may publish from time to time.

(d) *Force account and survey equipment costs.* Reasonable force account and equipment purchases or rental costs for all or part of a sewer system evaluation survey conducted by an applicant in accordance with § 35.927(b) will be allowable costs if the Regional Administrator has given prior approval for the use of such forces and equipment.

(1) The applicant must demonstrate to the satisfaction of the Regional Administrator the necessary technical competence required to conduct all or part of the evaluation survey. The applicant must also demonstrate that the use of force account and purchased or rented survey equipment will be the most economical method of conducting the evaluation survey.

§ 35.928 User charge system. [Reserved]

§ 35.930 Grant award.

Approval by the Regional Administrator of an application shall constitute a grant award for the project, and shall constitute a contractual obligation of the United States for the payment of the Federal share of the allowable project costs, as determined by the Regional Administrator, subject to execution of a grant agreement in accordance with § 30.305-2.

§ 35.930-1 Types of grants.

(a) The Regional Administrator may award a grant for the following types of projects pursuant to § 35.925:

(1) Preliminary plans and studies (Step 1): *Provided*, That he determines that the applicant has submitted the items required pursuant to § 35.920-3(a) and the State agency has determined that the applicant is unable to complete the necessary preliminary plans and studies without Federal assistance;

(2) Preparation of construction drawings and specifications (Step 2): *Provided*, That he determines that the applicant has satisfactorily completed appropriate preliminary plans and studies and has submitted the items required pursuant to § 35.920-3(b);

(3) Building and erection of a treatment works (Step 3): *Provided*, That he determines that the applicant has satisfactorily completed appropriate preliminary plans and studies and has submitted the items required pursuant to § 35.920-3(c); or

(4) A combination of design (Step 2) and construction (Step 3) for a treatment works in the case of grants awarded after March 1, 1973:

(i) Where the Regional Administrator determines that compelling water quality enforcement considerations or serious public health problems warrant award of such a grant to assure expeditious construction of such treatment works, or

(ii) Where the Regional Administrator determines that award of such a grant will minimize administrative requirements in the case of projects not requiring a substantial amount of Federal assistance:

Provided, That the Regional Administrator determines that the applicant has satisfactorily completed appropriate preliminary plans and studies and has submitted the items required pursuant to § 35.920-3(b): *And further provided*, That any such grant award may be annulled unless detailed construction drawings and specifications are submitted to the Regional Administrator and approved prior to initiation of construction for the building and erection of the Project (Step 3).

(5) Design/construction of treatment works (Steps 2 and 3). *Provided*, That he determines that the applicant has satisfactorily completed appropriate preliminary plans and studies and has submitted the items required pursuant to § 35.920-3(d): *And further provided*, That any such grant award is subject to submission of detailed construction drawings and specifications to the Regional Administrator prior to initiation of and during construction.

§ 35.930-2 Grant amount.

The amount of a grant shall be set forth in the grant agreement and may not exceed the amount of funds available from the State allotments and reallocations pursuant to § 35.910 and may not exceed the amount certified by the State agency in accordance with § 35.915. Grant payments will be limited to the Federal share of allowable project costs incurred within the grant amount or any increases in such amount effected through grant amendments in accordance with § 35.955, pursuant to the negotiated payment schedule included in this grant agreement.

§ 35.930-3 Grant term.

The grant agreement shall establish the period within which the project must be completed, in accordance with

§ 30.305-1 of this chapter, subject to excusable delay.

§ 35.930-4 Project scope.

The grant agreement must define the scope of the project for which Federal assistance is awarded under the grant. The grant agreement shall define the project as the construction of an identified complete treatment works.

§ 35.930-5 Grant percentage.

The amount of any grant awarded under this subpart shall be 75 percent of the allowable cost of the project.

§ 35.935 Grant conditions.

In addition to the EPA General Grant Conditions (Appendix A to Subchapter B of this title and Part 30, Subpart C of this chapter), each grant for treatment works involving building and erection (Step 3) shall be subject to the following conditions:

§ 35.935-1 Nonrestrictive specifications.

No specification for bids or statement of work in connection with such works shall be written in such a manner as to contain proprietary, exclusionary, or discriminatory requirements other than those based upon performance, unless such requirements are necessary to test or demonstrate a specific thing or to provide for necessary interchangeability of parts and equipment, or at least two brand names or trade names of comparable quality or utility are listed and are followed by the words "or equal."

§ 35.935-2 Procurement.

Construction work will be performed by the fixed-price (lump sum) or fixed-rate (unit price) method, or a combination of these two methods, unless the Regional Administrator gives advance written approval to use some other method of contracting. The cost-plus-a percentage of cost method of contracting shall not be used. Adequate methods of advertising for and obtaining competitive sealed bids will be employed prior to award of the construction contract. The award of the contract will be made to the responsible bidder submitting the lowest responsive bid, which shall be determined without regard to State or local law whereby preference is given on factors other than the specification requirements and the amount of bid. The grantee must promptly transmit to the Regional Administrator copies of bid protests, decisions on such protests, and related correspondence. The Regional Administrator will cause appropriate review of grantee procurement methods to be made.

§ 35.935-3 Bonding and insurance.

On contracts for the building and erection of treatment works (Step 3) exceeding \$100,000, each bidder must furnish a bid guarantee equivalent to 5 percent of the bid price. In addition, the contractor awarded either a design/construct contract or a construction contract for Step 3 must furnish performance and payment bonds, each of which shall be in an amount not less than 100 percent of the

contract price and shall remain in effect for 1 year beyond the date of the final inspection and acceptance of the treatment works. Construction contracts less than \$100,000 shall be subject to State and local requirements relating to bid guarantees, performance bonds, and payment bonds. In all cases, the contractor must maintain adequate fire and extended coverage, where appropriate, workmen's compensation, public liability and property damage, and "all-risk" builders risk insurance (including blasting, where appropriate) during the construction phase of the contract.

§ 35.935-4 State and local laws.

The construction of the project, including the letting of contracts in connection therewith, shall conform to the applicable requirements of State, territorial, and local laws and ordinances to the extent that such requirements do not conflict with Federal laws and this Subchapter.

§ 35.935-5 Davis-Bacon and related statutes.

The grantee must consult with the Regional Administrator prior to issuance of invitation for bids concerning compliance with Davis-Bacon and related statutes required pursuant to § 30.403 (a), (b), and (c) of this chapter.

§ 35.935-6 Equal employment opportunity.

Generally, contracts involving Step 3, of \$10,000 and above, are subject to equal employment opportunity requirements under Executive Order 11246, including rules, regulations and orders issued thereunder. The grantee must consult with the Regional Administrator concerning equal employment opportunity requirements prior to issuance of invitation for bids where the cost of construction work is estimated to be more than \$1,000,000, or where required by the grant agreement.

§ 35.935-7 Access.

Any construction contract must provide that representatives of the Environmental Protection Agency and the State will have access to the work whenever it is in preparation or progress and that the contractor will provide proper facilities for such access and inspection. The contract must also provide that the Grants Officer, the Comptroller General of the United States, or any authorized representative shall have access to any books, documents, papers, and records of the contractor which are pertinent to the project for the purpose of making audit, examination, excerpts, and transcriptions thereof.

§ 35.935-8 Supervision.

The grantee will provide and maintain competent and adequate engineering supervision and inspection of the project to insure that the construction conforms with the approved plans and specifications.

§ 35.935-9 Project completion.

The grantee agrees to expeditiously construct and complete the project or cause it to be constructed and completed in accordance with the grant agreement and plans and specifications approved by the Regional Administrator.

§ 35.935-10 Copies of contract documents.

In addition to the notification of project changes pursuant to § 30.900-1 of this chapter, a copy of any construction contract or modification thereof (including subcontracts) and of revisions to plans and specifications must be promptly submitted to the Regional Administrator.

§ 35.935-11 Project changes.

In addition to the notification of project changes required pursuant to § 30.900-1 of this chapter, prior approval by the Regional Administrator and the State agency is required for project changes which may (a) substantially alter the design and scope of the project, (b) alter the type of treatment to be provided, (c) substantially alter the location, size, capacity, or quality of any major item of equipment; or (d) increase the amount of Federal funds needed to complete the project: *Provided*, That prior EPA approval is not required for changes to correct minor errors, minor changes, or emergency changes. No approval of a project change pursuant to § 30.900 of this chapter or this section shall commit or obligate the United States to any increase in the amount of the grant or payments thereunder unless an approved request has been made. The preceding sentence shall not preclude submission or consideration of a request for a grant amendment pursuant to § 30.901 of this chapter.

§ 35.935-12 Operation and maintenance.

The grantee agrees that the treatment works will be maintained and operated in accordance with such requirements as the Administrator may publish from time to time and in accordance with appropriate methods, techniques, and practices for economic, efficient, effective maintenance and operation of such treatment works consistent with the design of such works, including, but not limited to, (a) an operation and maintenance manual for each facility, (b) an emergency operating and response program, (c) properly trained management, operations and maintenance personnel, (d) adequate budget for operation and maintenance, (e) operational reports, and (f) provisions for laboratory testing adequate to determine influent and effluent characteristics and removal efficiencies.

§ 35.940 Determination of allowable costs.

The grantee will be reimbursed, upon request, in accordance with § 35.945, for the Federal share of all necessary costs within the scope of the approved project

and determined to be allowable in accordance with § 30.701 of this chapter, this subpart, and the grant agreement.

§ 35.940-1 Allowable project costs.

Allocable project costs of the grantee which are reasonable and necessary are allowable. Necessary costs may include, but are not limited to:

- (a) Costs of salaries, benefits, and expendable material incurred by the grantee.
- (b) Costs under construction contracts.
- (c) Professional and consultant services.
- (d) Facility planning directly related to the treatment works.
- (e) Sewer system evaluation (§ 35.927).
- (f) Project feasibility and engineering reports (§ 35.920-3(b) (3) and (4)).
- (g) Relocation and land acquisition costs required pursuant to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 42 U.S.C. 4621 et seq., 4651 et seq., and regulations issued thereunder, Part 4 of this chapter.
- (h) Environmental assessment (§ 35.920-3(b) (9)), including costs of public notices and hearings.
- (i) Preparation of construction drawings, specifications, estimates, and construction contract documents.
- (j) Landscaping.
- (k) Supervision of construction work.
- (l) Removal and relocation or replacement of utilities, for which the grantee is legally obligated.
- (m) Materials acquired, consumed, or expended specifically for the project.
- (n) A reasonable inventory of laboratory chemicals and supplies necessary to initiate plant operations.
- (o) Development and preparation of an operation and maintenance manual.
- (p) Project identification signs (§ 30.604-4 of this chapter).

§ 35.940-2 Unallowable costs.

Costs which are not necessary for the construction of a treatment works project are unallowable. Such costs include, but are not limited to:

- (a) Basin or areawide planning not directly related to the project;
- (b) Bonus payments not legally required for completion of construction in advance of a contractual completion date;
- (c) Personal injury compensation or damages arising out of the project, whether determined by adjudication, arbitration, negotiation, or otherwise;
- (d) Fines and penalties resulting from violations of, or failure to comply with, Federal, State, or local laws;
- (e) Costs outside the scope of the approved project;
- (f) Interest on bonds or any other form of indebtedness required to finance the grantee's share of project costs;
- (g) Ordinary operating expenses of local government, such as salaries and expenses of a mayor, city council members, or city attorney, except as provided in § 35.940-4;

(h) Site acquisition (for example, sewer rights-of-way, sewer treatment plant sites, sanitary landfills and sludge disposal areas), except as otherwise provided in § 35.940-3(a).

§ 35.940-3 Costs allowable, if approved.

Certain direct costs are sometimes necessary for the construction of a treatment works and are allowable if reasonable and approved by the Regional Administrator in the grant agreement or a grant amendment. Such costs include, but are not limited to:

(a) Land acquired after October 17, 1972, that will be an integral part of the treatment process or that will be used for ultimate disposal of residues resulting from such treatment (for example, land for spray irrigation of sewage effluent).

(b) Acquisition of an operable portion of a treatment works.

(c) Rate determinations studies required pursuant to § 35.925-11.

§ 35.940-4 Indirect costs.

Indirect costs of the grantee shall be allowable in accordance with an indirect cost agreement negotiated and incorporated in the grant agreement. An indirect cost agreement must identify those cost elements allowable pursuant to § 35.940-1. Where the benefits derived from a grantee's indirect services cannot be readily determined, a lump sum for overhead may be negotiated based upon a determination that such amount will be approximately the same as the actual indirect costs that may be incurred.

§ 35.940-5 Disputes.

The grantee should seek to resolve any questions relating to cost allowability or allocation at its earliest opportunity (if possible, prior to execution of the grant agreement). Final determinations concerning the allowability of costs shall be conclusive unless appealed within 30 days in accordance with the "Disputes" article (Article 7) of the EPA General Grant Conditions (Appendix A, Subchapter B of this title).

§ 35.945 Grant payments.

The grantee shall be paid on a reimbursable basis for the Federal share of allowable costs incurred within the scope of an approved project: *Provided*, That such payments may not exceed the payment schedule and the grant amount set forth in the grant agreement and any amendments thereto.

(a) *Initial payment.* Upon award of a grant, the grantee may request payment for the unpaid Federal share of allowable project costs, e.g., preliminary plans and studies, sewer system evaluations, or preparation of final construction drawings and specifications.

(b) *Interim payments.* The grantee may submit requests for payment for allowable costs incurred in accordance with the negotiated payment schedule included in the grant agreement. Upon receipt of a request for payment, the Regional Administrator shall cause to be disbursed from available appropriated funds such amounts as are necessary so that the total amount of Federal pay-

ments to the grantee for the project is equal to the Federal share of the actual or estimated allowable project costs incurred to date, as certified by the grantee in its most recent request for payment.

(c) *Adjustment.* At any time or times prior to final payment under the grant, the Regional Administrator may cause any request(s) for payment to be reviewed or audited. Each payment therefore made shall be subject to reduction for amounts included in the related request for payment which are found, on the basis of such review or audit, not to constitute allowable costs. Any payment may be reduced for overpayments or increased for underpayments on preceding requests for payment.

(d) *Refund, rebates, credits, etc.* The Federal share of any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the grantee with respect to the project, to the extent that they are properly allocable to costs for which the grantee has been paid under a grant, must be credited to the current State allotment or paid to the United States. Reasonable expenses incurred by the grantee for the purpose of securing such refunds, rebates, credits, or other amounts shall be allowable under the grant when approved by the Regional Administrator.

(e) *Final payment.* On receipt and approval of the request for payment designated by the grantee as the "final payment request" and upon compliance by the grantee with all applicable requirements of this part (including paragraph (d) of this section) and the grant agreement, the Regional Administrator shall cause to be disbursed to the grantee any balance of allowable cost which has not been paid to the grantee. The final payment request must be submitted by the grantee promptly following completion of the project work but in no event later than 1 year (or such longer period as the Regional Administrator may in his discretion approve in writing) from the date of such completion. Prior to final payment under the grant, the grantee must execute and deliver an assignment to the United States, in form and substance satisfactory to the Regional Administrator, of the Federal share of refunds, rebates, credits or other amounts (including any interest thereon) properly allocable to costs for which the grantee has been paid by the Government under the grant, and a release discharging the United States, its officers, agents, and employees from all liabilities, obligations, and claims arising out of the project or under the grant, subject only to such exceptions which may be specified in the release.

§ 35.950 Suspension or termination of grants.

Grants may be suspended, in accordance with § 30.902 of this chapter and Article 4 of the General Grant Conditions (Appendix A to Subchapter B of this title), or terminated, in accordance with § 30.903 of this chapter and Article 5 of the General Grant Conditions (Appendix A to Subchapter B of this title):

Provided, That the State agency shall be concurrently notified in writing of any such suspension or termination action.

§ 35.955 Grant amendments to increase grant amounts.

Grant agreements may be amended in accordance with § 30.901 of this chapter with respect to project changes which have been approved in accordance with § 30.900 of this chapter: *Provided*, That no grant agreement may be amended to increase the amount of a grant unless the State agency has issued a priority certification for the grant increase from available State allotments and reallocations in accordance with § 35.915.

SUBCHAPTER E—PESTICIDES PROGRAMS PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Cycloheximide

A petition (PP 2F1252) was filed by The Upjohn Co., Kalamazoo, Mich. 49001, proposing establishment of a tolerance (40 CFR Part 180) for residues of the plant regulator cycloheximide (3-[2-(3,5-dimethyl-2-oxocyclohexyl)-2-hydroxyethyl]glutarimide) in or on the raw agricultural commodity oranges at 0.05 part per million.

Subsequently, the petitioner amended the petition by increasing the proposed tolerance on oranges to 0.1 part per million.

Based on consideration given data submitted in the petition and other relevant material, it is concluded that:

1. The plant regulator is useful for the purpose for which the tolerance is being established.
2. There is no reasonable expectation of residues in eggs, meat, milk, or poultry, and § 180.6(a)(3) applies.
3. The tolerance established by this order will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator of the Environmental Protection Agency (35 FR 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticide Programs (36 FR 9038), Part 180 is amended by adding the following new section to Subpart C:

§ 180.336 Cycloheximide; tolerances for residues.

A tolerance of 0.1 part per million is established for residues of the plant regulator cycloheximide (3-[2-(3,5-dimethyl-2-oxocyclohexyl)-2-hydroxyethyl]glutarimide) in or on the raw agricultural commodity oranges.

Any person who will be adversely affected by the foregoing order may at any time on or before March 30, 1973, file with the Hearing Clerk, Environmental Protection Agency, Room 3902A, Fourth and M Streets SW., Waterside Mall, Washington, DC 20460, written objections thereto in quintuplicate. Objections shall

show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on February 28, 1973.

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346(d)(2))

Dated: February 23, 1973.

HENRY J. KORP,
Deputy Assistant Administrator
for Pesticide Programs.

[FR Doc.73-3749 Filed 2-27-73;8:45 am]

PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Phosalone

A petition (PP 1F1155) was filed by Rhodia Inc., Chipman Division, 120 Jersey Avenue, New Brunswick, N.J. 08903, in accordance with provisions of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a), proposing establishment of tolerances for residues of the insecticide phosalone (S - (6 - chloro - 3 - (mercaptopomethyl) - 2 - benzoxazolinone) O,O - diethyl phosphorodithioate) in or on the raw agricultural commodities cherries at 10 parts per million; apricots, peaches, and plums (fresh prunes) at 6 parts per million; and nectarines at 3 parts per million.

Subsequently, the petitioner amended the petition by proposing tolerances for residues of phosalone in or on apricots, cherries, nectarines, peaches, and plums (fresh prunes) at 15 parts per million. (For a related document, see this issue of the FEDERAL REGISTER, page 5343.)

Based on consideration given the data submitted in the petition and other relevant material, it is concluded that:

1. The insecticide is useful for the purpose for which the tolerances are being established.
2. There is no reasonable expectation of residues in eggs, meat, milk, or poultry, and § 180.6(a)(3) applies.
3. The tolerances established by this order will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator of the Environmental Protection Agency (35 FR 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticide Programs (36 FR 9038), § 180.263 is amended by adding the new paragraph "15 parts per million * * *" before the paragraph "10 parts per million * * *", as follows:

§ 180.263 Phosalone; tolerances for residues.

15 parts per million in or on apricots, cherries, nectarines, peaches, and plums (fresh prunes).

Any person who will be adversely affected by the foregoing order may at any time on or before March 30, 1973, file with the Hearing Clerk, Environmental Protection Agency, Room 3902A, Fourth and M Streets SW., Waterside Mall, Washington, DC 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on February 28, 1973.

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated: February 23, 1973.

HENRY J. KORP,
Deputy Assistant Administrator
for Pesticide Programs.

[FR Doc.73-3754 Filed 2-27-73;8:45 am]

PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Viable Spores of the Microorganism Bacillus Thurgiensis Berliner

A petition (PP 2F1282) was filed by Abbott Laboratories, North Chicago, Ill. 60064, in accordance with provisions of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a), proposing establishment of an exemption from the requirement of a tolerance for residues of the microbial insecticide *Bacillus thuringiensis* Berliner in or on the raw agricultural commodities brussels sprouts, peas, soybeans, and walnuts.

Based on consideration given the data submitted in the petition and other relevant material, it is concluded that:

1. The microbial insecticide is useful for the purposes for which the exemption is being established.
2. The exemption established by this order will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator of the Environmental Protection Agency (35 FR 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticide Programs (36 FR 9038), § 180.1011 is amended by revising paragraph (b), as follows:

§ 180.1011 Viable spores of the microorganism *Bacillus thuringiensis* Berliner; exemption from the requirement of a tolerance.

(b) Exemption from the requirement of a tolerance is established for residues of the microbial insecticide *Bacillus thuringiensis* Berliner, as specified in paragraph (a) of this section, in or on the following raw agricultural commodities: Alfalfa, apples, artichokes, bananas, beans, broccoli, brussels sprouts, cabbage, cauliflower, celery, collards, cottonseed, cucumbers, eggplants, grapes, kale, lettuce, melons, mustard greens, oranges, peas, potatoes, soybeans, spinach, strawberries, sweet corn, tomatoes, turnip greens, and walnuts.

Any person who will be adversely affected by the foregoing order may at any time on or before March 30, 1973, file with the Hearing Clerk, Environmental Protection Agency, Room 3902A, Fourth and M Streets SW., Waterside Mall, Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on February 28, 1973.

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated February 23, 1973.

HENRY J. KORP,
Deputy Assistant Administrator
for Pesticides Programs.

Title 41—Public Contracts and Property Management

CHAPTER 101—FEDERAL PROPERTY MANAGEMENT REGULATIONS

SUPCHAPTER E—SUPPLY AND PROCUREMENT

PART 101-32—GOVERNMENT-WIDE AUTOMATED DATA MANAGEMENT SERVICES

Implementation of Federal Information Processing Standards Publications (FIPS PUBS) Into Solicitation Documents

This revision corrects and adds appropriate standard terminology developed from Federal Information Processing Standards Publications (FIPS PUBS) initiated by the National Bureau of Standards, U.S. Department of Commerce.

The table of contents for Part 101-32 is amended by the addition of the following new entry:

101-32.1304-11 FIPS PUB 22, Synchronous Signaling Rates between Data Terminal and Data Communication Equipment.

Subpart 101-32.13—Implementation of Federal Information Processing Standards Publications (FIPS PUBS) into Solicitation Documents

1. Section 101-32.1304-9(a) is revised to read as follows:

§ 101-32.1304-9 FIPS PUB 17, Character Structure and Character Parity Sense for Serial-By-Bit Data Communications in the Code for Information Interchange.

(a) FIPS PUB 17 specifies the method of transmitting the standard Code for Information Interchange, FIPS PUB 1, in the serial-by-bit, serial-by-character data transmission. The standard is applicable at the interface between data terminal equipment and data communications equipment. Data terminal equipment transmitting an approved Federal subset or superset of FIPS PUB 1 must comply with FIPS PUB 17. (Technical specifications of the standard are not included with FIPS PUB 17.)

2. Section 101-32.1304-10(a) is revised to read as follows:

§ 101-32.1304-10 FIPS PUB 18, Character Structure and Character Parity Sense for Parallel-By-Bit Data Communications in the Code for Information Interchange.

(a) FIPS PUB 18 specifies the channel assignment for transmitting the standard Code for Information Interchange FIPS PUB 1, in parallel-by-bit, serial-by-character data transmission. The standard is applicable at the interface between data terminal equipment and data communications equipment. Data terminal equipment transmitting an approved Federal subset or superset of FIPS PUB 1 must comply with FIPS PUB 18. (Technical specifications of the standard are not included with FIPS PUB 18.)

3. Section 101-32.1304-11 is added as follows:

§ 101-32.1304-11 FIPS PUB 22, Synchronous Signaling Rates between Data Terminal and Data Communication Equipment.

(a) FIPS PUB 22 specifies the rates of transferring binary encoded information in synchronous serial or parallel form between data processing terminal and data communication equipment that employ voice band communication facilities. (Technical specifications of the standard are not included with FIPS PUB 22.)

(b) The standard terminology for use in solicitation documents is:

All applicable equipment resulting from this solicitation that is employed with synchronous data communication equipment designed to operate on binary encoded information

in either serial or parallel fashion over voice grade communication channels of nominal 4 kHz bandwidth must comply with FIPS PUB 22.

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c))

Effective date. This regulation is effective on February 28, 1973.

Dated: February 22, 1973.

ARTHUR F. SAMPSON,
Acting Administrator
of General Services.

PART 160—LIFESAVING EQUIPMENT

Inflatable Liferrafts; Corrections

In FR Doc. 72-14107, appearing at page 17036 for the issue of Thursday, August 24, 1972, the following corrections should be made in Subpart 160.051:

1. Section 160.051-6(f)(3), Inflation cylinder valves and seals, appearing in the center column of page 17041, is corrected in the first sentence by changing "O-rings gaskets" to read "O-rings and gaskets."

2. Section 160.051-7(c)(8), Signals, appearing in the center column of page 17042, is corrected in the first sentence by changing "Subpart 180.021" to read "Subpart 160.021."

Dated: February 22, 1973.

C. R. BENDER,
Admiral, U.S. Coast Guard,
Commandant.

Title 49—Transportation

CHAPTER V—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 71-21; Notice 7]

PART 571—FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Lamps, Reflective Devices, and Associated Equipment; Correction

This notice corrects the amendment to 49 CFR 571.108 published on February 5, 1973 (38 FR 3331), that removed the designation "S5.1" and deleted paragraph S5.2 from Motor Vehicle Safety Standard No. 108.

The amendment inadvertently overlooked the fact that a new paragraph S5.3, concerning lens warpage, had been added to Standard No. 108 on January 4, 1973 (38 FR 743). The notice published on February 5, 1973, should have retained the designation of S5.1, deleted S5.2 and renumbered S5.3.

In consideration of the foregoing, section S5 of 49 CFR 571.108, Motor Vehicle Safety Standard No. 108, is amended by adding the designation "S5.1" to the first paragraph, and changing the designation of paragraph S5.3 to read "S5.2".

Effective date: February 28, 1973. Because the amendment corrects an error and creates no additional burden, good cause has been shown that an effective date earlier than 180 days after issuance is in the public interest.

(Secs. 103, 119, Public Law 89-563, 90 Stat. 718, 15 U.S.C. 1392, 1407; delegation of authority at 49 CFR 1.51)

Issued on February 21, 1973.

DOUGLAS W. TOMS,
Administrator.

[FR Doc. 73-3695 Filed 2-27-73; 8:45 am]

[Docket No. 73-5; Notice 1]

PART 575—CONSUMER INFORMATION

Subpart A—General

HYDRAULIC BRAKE SYSTEMS

This notice amends the definition section of the regulation on Federal motor vehicle consumer information reflecting previous amendments to definitions in the Federal motor vehicle safety standards.

The definitions of "brake power unit" and "lightly loaded vehicle weight" in 49 CFR 575.2(c) have been obsolete by recent amendments to these terms in Motor Vehicle Safety Standard No. 105a, Hydraulic Brake Systems (37 FR 17970). "Brake power unit" has been redefined to more accurately describe the characteristics of the component concerned. The term "curb weight" used in defining "lightly loaded vehicle weight" has been replaced by "unloaded vehicle weight" (as defined in § 571.3) as a more precise description of vehicle condition.

Finally, "Maximum sustained vehicle speed" should be grammatically a speed "attainable" rather than "obtainable."

In consideration of the foregoing, 49 CFR 575.2(c) is amended as follows:

1. The definition of brake power unit is revised to read: "Brake power unit means a device installed in a brake system that provides the energy required to actuate the brakes, either directly or indirectly through an auxiliary device, with the operator action consisting only of modulating the energy application level."

2. The words "curb weight" in subsections (1) and (2) of "Lightly loaded vehicle weight" are changed to "unloaded vehicle weight."

3. In "Maximum sustained vehicle speed" the word "obtainable" is changed to "attainable."

Effective date: February 28, 1972. Since these amendments are primarily a matter of form and have no significant effect on substantive requirements, it is found for good cause that notice and public procedure thereon is unnecessary, and an immediate effective date is in the public interest.

(Secs. 112, 119, Public Law 89-563, 80 Stat. 718, 15 U.S.C. 1401, 1407; delegation of authority at 49 CFR 1.51)

Issued on February 21, 1973.

DOUGLAS W. TOMS,
Administrator.

Title 50—Wildlife and Fisheries

CHAPTER I—BUREAU OF SPORT FISHERIES AND WILDLIFE, FISH AND WILDLIFE SERVICE, DEPARTMENT OF THE INTERIOR

PART 28—PUBLIC ACCESS, USE, AND RECREATION

Back Bay National Wildlife Refuge, Va.

The following special regulation is issued and is effective March 30, 1973 through December 31, 1973.

§ 28.28 Special regulations; public access, use, and recreation; for individual wildlife refuge areas.

VIRGINIA

BACK BAY NATIONAL WILDLIFE REFUGE

A notice of proposed rulemaking was issued on January 12, 1972 (50 CFR Part 28, FR Vol. 27, No. 7) regarding proposed restriction on use of the Back Bay National Wildlife Refuge beach in Virginia by unauthorized motorized vehicles.

Interested persons were given an opportunity to participate in the rulemaking process through submission of comments, and oral statements presented at a public hearing held on this matter in May 1970, the Bureau of Sport Fisheries and Wildlife, Department of the Interior, is publishing the following regulations concerning the use of the Atlantic Ocean Beach within the Back Bay National Wildlife Refuge:

1. All access to or across refuge lands will be subject to the control of the refuge manager or his designated representative.

2. Access along the beach by motorized vehicles will be allowed only after a permit has been issued by the refuge manager or his designated representative. The refuge manager is authorized to establish a system of permits consistent with the requirements of these regulations. Permits shall be displayed at all times in such manner as to be readily visible on any motor vehicle and shall be nontransferable. Permits may be issued for 1 year, 1 day, or one trip, depending upon reasonable requirements of the applicant, but not to extend beyond December 31 of the year of issuance and are valid for the hours 6 a.m. to 9 p.m. unless otherwise specified by the refuge manager. No motor vehicle will be operated by other than a holder of a valid operator's license and permit and on any portion of a dune except at posted dune crossings. Violation of any refuge regulation will result in cancellation of the permit.

3. Free annual permits will be issued as follows:

(a) To all persons now residing or owning land south of the refuge in the False Cape State Park acquisition area, Virginia. Permits will also be issued to permanent, year-round, full-time residents who can furnish legal proof of such residence prior to January 12, 1972, now living on the Outer Banks in Currituck County, from the North Carolina line south to the village of Carolla, N.C., as well as their successors and assigns, who will be permanent, year-round, full-time residents.

(b) To the school bus transporting children of False Cape residents to and from school.

(c) To commercial fishermen who have verified their dependence upon egress, ingress, or crossing refuge land for a livelihood.

4. Free daily or single-trip permits will also be issued to or for:

(a) Service and public utility vehicles on business calls to same residents as described in 3(a) above, upon verification of a request from the residents.

Service vehicles means. Any vehicle owned or operated by or on behalf of an individual, partnership, or corporation engaged in the business of furnishing construction, maintenance, or repair services, including but not limited to building, plumbing, septic tanks, installation or repair of household appliances, carpentry, painting, landscaping, garbage collection, and delivery services.

Public utility vehicles means. Any vehicle owned or operated by a public utility or a public service company franchised or licensed to supply Outer Banks residents with electricity, water, or telephone service.

(b) Visitors of same residents as described in 3(a) above, after notice in advance, or upon verification, of an anticipated visit.

5. Scientific and wildlife-oriented uses that are compatible with the primary objectives for which the Back Bay National Wildlife Refuge was established as permitted by the refuge manager or his designated representative. These uses include, but are not limited to, waterfowl hunting and surf fishing.

Hunting of waterfowl is permitted on private and State-owned land on the Barbara Hills tract in the False Cape State Park south of the refuge during the open season prescribed by the Commonwealth of Virginia. Those hunters may be issued permits to travel to the hunting area and return to the field headquarters who can verify their ownership, lease, or that they have been assigned a blind by the Virginia Commission of Game and Inland Fisheries in the State hunting area. Applicable Federal, State, and local laws and regulations, and maps showing the designated route to be used are available in the office of the refuge manager.

6. Permits will be available at refuge field headquarters or office in Princess Anne.

7. Excluded from the restriction of these regulations are any military, fire, emergency, or law enforcement vehicle when used for emergency purposes and official use by an employee, agent, or designated representative of the Federal, State, or local government in the course of his official duties. Also excluded are vehicles required for medical assistance, or to transport sick, injured, aged, handicapped, or other persons needing medical attention or treatment.

8. In an emergency, the refuge manager may suspend, for such period or periods as he shall deem advisable, any or all of the foregoing restrictions on vehicular travel, and he may announce such suspension by whatever means are available. In the event of high winds and waves, storms, or other adverse weather conditions, the refuge manager may close all or any portion of the refuge to vehicular travel for such period as he shall deem advisable in the interest of public safety.

9. Violators of these special regulations and all other regulations pertaining to the Back Bay National Wildlife Refuge will be subject to legal action as prescribed by 50 CFR 27.10.

It has been determined that continued unregulated vehicular use of the refuge beach is seriously damaging the dunes and is detrimental to the primary objectives for which the refuge was established. Therefore, the foregoing regulations are issued, as a result of a detailed study, public hearing, and written comments to preserve the Back Bay National Wildlife Refuge for use by wildlife and wildlife-oriented recreation pursuits. These regulations will apply to all persons and vehicles described in subparagraphs 3, 4, and 5 of paragraph (b) of this section until an improved alternative access becomes available to them.

The refuge, comprising approximately 4,600 acres, is delineated on a map available from the Refuge Manager, Box 6128, Virginia Beach, VA 23456, or from the Regional Director, Bureau of Sport Fisheries and Wildlife, John W. McCormack,

Title 7—Agriculture

CHAPTER III—ANIMAL AND PLANT HEALTH INSPECTION SERVICE, DEPARTMENT OF AGRICULTURE

PART 354—OVERTIME SERVICES RELATING TO IMPORTS AND EXPORTS

Commuted Traveltime Allowances

The purpose of this amendment is to establish commuted traveltime periods as nearly as may be practicable to cover

the time necessarily spent in reporting to and returning from the place at which an employee of the Plant Protection and Quarantine Programs performs overtime or holiday duty when such travel is performed solely on account of such overtime or holiday duty. Such establishment depends upon facts within the knowledge of the Animal and Plant Health Inspection Service.

Therefore, pursuant to the authority conferred upon the Deputy Administrator, Plant Protection and Quarantine Programs by 7 CFR 354.1 of the regulations concerning overtime services relating to imports and exports, the administrative instructions appearing at 7 CFR 354.2, as amended, December 6, 1972 (37 FR 25913) prescribing the commuted traveltime that shall be included in each period of overtime or holiday duty are further amended by deleting or adding (in appropriate alphabetical sequence) the information as shown below:

§ 354.2 Administrative instructions prescribing commuted traveltime.

COMMUTED TRAVELTIME ALLOWANCES

(In hours)

Effective date. The foregoing amendment shall become effective on February 27, 1973.

It is to the benefit of the public that this instruction be made effective at the earliest practicable date. Accordingly, pursuant to 5 U.S.C. 553, it is found upon good cause that notice and public procedure on this instruction are impracticable, unnecessary, and contrary to the public interest, and good cause is found

for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 22d day of February 1973.

LEO G. K. IVERSON,
Deputy Administrator, Plant
Protection and Quarantine
Programs.

[FR Doc.73-3665 Filed 2-27-73;8:45 am]

CHAPTER VII—AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE (AGRICULTURAL ADJUSTMENT), DEPARTMENT OF AGRICULTURE

SUBCHAPTER D—PROVISIONS COMMON TO MORE THAN ONE PROGRAM

[Amdt. 1]

PART 791—AUTHORITY TO MAKE PAYMENTS WHEN THERE HAS BEEN A FAILURE TO COMPLY FULLY WITH THE PROGRAM

Loans and Purchases

Section 791.2 is being revised to provide that, in addition to the making of payments and the issuance of wheat marketing certificates, the Deputy Administrator, State and County Operations, may, under certain circumstances, authorize the making of loans and purchases in cases where a producer fails to comply fully with the program. The revision is issued in accordance with the provisions of the Agricultural Act of 1970, Public Law 91-524. As revised, § 791.2 reads as follows:

§ 791.2 The making of loans, purchases, and payments when there has been a failure to fully comply with the program.

In any case in which the failure of a producer to comply fully with the terms and conditions of a program to which this part is applicable precludes the making of loans, purchases, or payments or the issuance of wheat marketing certificates, the Deputy Administrator, State and County Operations, may nevertheless authorize the making of payments or the issuance of wheat marketing certificates and the making of loans and purchases with respect to the commodities included in the set-aside programs in such amounts as he determines to be equitable in the relation to the seriousness of the default. The provisions of this part shall be applicable only to producers who made a good faith effort to comply fully with the terms and conditions of the program and rendered substantial performance. Any person who feels that he is entitled to consideration under the provisions of this part may file a request therefor with the county committee.

Effective date. Since the foregoing amendment will permit the making of 1972 price support loans and purchases with respect to commodities included in the set-aside programs for wheat, feed grains, and upland cotton, it is essential that the amendment be made effective as soon as possible. It is, therefore, found and determined that compliance with the notice and public procedure provisions of 5 U.S.C. 553 is impracticable and contrary to the public interest. Accordingly, this amendment shall become effective on February 28, 1973.

Signed at Washington, D.C., on February 21, 1973.

KENNETH E. FRICK,
Administrator, Agricultural Stabilization and Conservation Service.

[FR Doc. 73-3702 Filed 2-27-73; 8:45 am]

Title 12—Banks and Banking
CHAPTER VII—NATIONAL CREDIT UNION ADMINISTRATION

PART 701—ORGANIZATION AND OPERATION OF FEDERAL CREDIT UNIONS

Insured Loans to Student Members in Eligible Higher Education or Vocational Institutions

Notice is hereby given that the Administrator of the National Credit Union Administration, pursuant to the authority conferred by section 120, 73 Stat. 635, 12 U.S.C. 1766, intends to revise § 701.25 (12 CFR 701.25) as set forth below.

The purpose of the revision is to eliminate the requirement for and amendment to a Federal credit union's bylaws in order for such Federal credit union to make insured loans pursuant to the Higher Education Act of 1965 and the National Vocational Student Loan Insurance Act of 1965.

At the time of enactment of the aforementioned legislation, the language of the Standard Federal Credit Union Bylaws was such that an amendment thereto was necessary in order for a Federal credit union to engage in this type of lending activity.

Since that time, the wording of the Standard Federal Credit Union Bylaws has been changed so that an amendment thereto is no longer required.

Inasmuch as this technical revision will have no adverse effect upon a Federal credit union, it has been determined that the solicitation of comments is not necessary.

In consideration of the foregoing, Part 701 of title 12 of the Code of Federal Regulations is amended by revising § 701.25 to read as follows:

§ 701.25 Insured loans to student members in eligible higher education or vocational institutions.

Notwithstanding the limitations of the Federal Credit Union Act with respect to loans to members, and the provisions of § 701.21, a Federal credit union may make insured loans to student members pursuant to the power conferred by the Higher Education Act of 1965, title IV, Part B, section 434, Public Law 89-329, 79 Stat. 1247, approved November 8, 1965, and the National Vocational Student Loan Insurance Act of 1965, section 16, Public Law, 89-287, 79 Stat. 1247, approved October 22, 1965. The exercise of this power by a Federal credit union, including the aggregate and individual amounts, terms, and conditions of insured loans to student members, and the necessary practices and procedures in connection therewith, shall be in ac-

cordance with the provisions of title IV, Part B, of the Higher Education Act of 1965, the National Vocational Student Loan Insurance Act of 1965, and the regulations issued thereunder.

Effective date. This revision is effective April 2, 1973.

HERMAN NICKERSON, JR.,
Administrator.

FEBRUARY 21, 1973.

Title 14—Aeronautics and Space
CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Airspace Docket No. 72-GI-64]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

On page 26531 of the FEDERAL REGISTER dated December 13, 1972, the Federal Aviation Administration published a notice of proposed rule making which would amend §§ 71.171 and 71.181 of Part 71 of the Federal Aviation Regulations so as to alter the control zone and transition area at Houghton, Mich.

Interested persons were given 30 days to submit written comments, suggestions, or objections regarding the proposed amendments.

No objections have been received and the proposed amendments are hereby adopted without change and are set forth below.

These amendments shall be effective 0901 G.m.t., April 26, 1973.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348, sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Des Plaines, Ill., on February 6, 1973.

LYLE K. BROWN,
Director, Great Lakes Region.

In § 71.171 (38 FR 351), the following control zone is amended to read:

HOUGHTON, MICH.

Within a 6-mile radius of Houghton County Memorial Airport (latitude 47°10'06" N., longitude 88°29'20" W.); within 3 miles each side of the 020° bearing from the Calumet RBN, extending from the 6-mile-radius zone to 6½ miles north of the RBN.

In § 71.181 (38 FR 435), the following transition area is amended to read:

HOUGHTON, MICH.

That airspace extending upward from 700 feet above the surface within an 18-mile radius of the Houghton VOR; and that airspace extending upward from 1,200 feet above the surface within 4½ miles east and 9½ miles west of the 020° bearing from the Calumet RBN, extending from the RBN to 18½ miles north of the RBN; within 4½ miles northeast and 10½ miles southwest of the Houghton ILS localizer northwest course, extending from the airport to 24½ miles northwest; within 4½ miles southeast and

9½ miles northwest of the Houghton VOR 060° radial extending from the VOR to 18½ miles northeast of the VOR; and within 4½ miles southwest and 9½ miles northeast of the Houghton ILS localizer southeast course extending from the airport to 23½ miles southeast.

[FR Doc. 73-3698 Filed 2-27-73; 8:45 am]

[Airspace Docket No. 72-NW-2]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

On December 13, 1972, a notice of proposed rule making (NPRM) was published in the FEDERAL REGISTER (37 FR 26531) stating that the Federal Aviation Administration (FAA) was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the North Bend, Oreg., control zone and transition area.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., April 26, 1973, as hereinafter set forth.

1. In § 71.171 (38 FR 351), the North Bend, Oreg., control zone is amended to read as follows:

NORTH BEND, OREG.

Within a 5-mile radius of North Bend Municipal Airport (latitude 43°25'00" N., longitude 124°14'45" W.); within 2 miles each side of the North Bend VORTAC 044° radial, extending from the 5-mile-radius zone to 6.5 miles northeast of the VORTAC; within 2 miles each side of the North Bend VORTAC 111° radial, extending from the 5-mile-radius zone to 4.5 miles east of the VORTAC; within 3 miles each side of the 337° bearing from the Barview RBN, extending from the 5-mile-radius zone to 7 miles northwest of the RBN, and within 3 miles each side of the 241° bearing from the Empire LOM (latitude 43°23'42" N., longitude 124°18'33" W.), extending from the 5-mile-radius zone to 7 miles southwest of the LOM.

2. In § 71.181 (38 FR 435), the North Bend, Oreg., transition area is amended as follows:

In line 8 between the phrase "VORTAC to 5 miles south of the VORTAC" and the phrase "within 2 miles each side of the North Bend VORTAC 270° radial," insert "within 2 miles south and 6.5 miles north of the North Bend VORTAC 241° radial, extending from the VORTAC to 17 miles southwest of the VORTAC;"

In line 12, delete "extending from the VORTAC to 12 miles east of the VORTAC" and substitute "extending from the VORTAC to 12 miles east of the VORTAC; within 2.5 miles southeast and 11.5 miles northwest of the North Bend VORTAC 241° radial, extending from the VORTAC to 25.5 miles southwest of the VORTAC," therefor.

(Sec. 307(a), 1110, Federal Aviation Act of 1958, 49 U.S.C. 1348(a), 1510; Executive Order 10854, 24 FR 9565; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655 (c))

Issued in Washington, D.C., on February 20, 1973.

H. B. HELSTROM,
Chief, Airspace and Air
Traffic Rules Division.

[FR Doc. 73-3699 Filed 2-27-73; 8:45 am]

[Airspace Docket No. 72-GL-59]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On page 24767 of the FEDERAL REGISTER dated November 21, 1972, the Federal Aviation Administration published a notice of proposed rule making which would amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to alter the transition area at Port Clinton, Ohio.

Interested persons were given 30 days to submit written comments, suggestions, or objections regarding the proposed amendment.

No objections have been received and the proposed amendment is hereby adopted without change and is set forth below.

This amendment shall be effective 0901 G.m.t., April 26, 1973.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Des Plaines, Ill., on February 6, 1973.

LYLE K. BROWN,
Director, Great Lakes Region.

In § 71.181 (38 FR 435), the following transition area is amended to read:

PORT CLINTON, OHIO

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Carl R. Keller Field, Port Clinton, Ohio (latitude 41°30'57" N., longitude 82°51'58" W.) within 3 miles each side of the 082° bearing from the airport extending from the 7-mile radius to 8 miles east of the airport.

[FR Doc. 73-3696 Filed 2-27-73; 8:45 am]

[Airspace Docket No. 72-WA-11]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Terminal Control Area

On February 8, 1973, FR Doc. 73-2402 was published in the FEDERAL REGISTER (38 FR 3588) which designated a terminal control area (TCA) for Miami, Fla., effective April 26, 1973.

In the description of Area C the south boundary is described as " * * * west along Lat. 25°52'34" N." Public comment indicated a desire to define this boundary by electronic navigational aids or prominent visual landmarks. Subsequent to the publication of the docket in the FEDERAL REGISTER, it was determined that the

boundary in question could be described as "west along Northwest 103d Street."

It is found that notice and public procedure hereon is impracticable because of the imminent charting date and is unnecessary because the amount of airspace involved is extremely small. Additionally, this amendment enhances safety by enabling the VFR pilot to more accurately determine his position in relation to the TCA boundary by allowing a well-known ground feature to be used.

In consideration of the foregoing FR Doc. 73-2402 (38 FR 3588) is amended, as hereinafter set forth.

In Area C delete "latitude 25°52'34" N." and substitute "Northwest 103d Street (identified as 49th Street in the city of Hialeah)." therefor. After "to the point of beginning" add "Excluding that airspace within the Miami, Fla. (International Airport), control zone."

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on February 21, 1973.

H. B. HELSTROM,
Chief, Airspace and Air
Traffic Rules Division.

[Airspace Docket No. 72-GL-60]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

On page 24767 of the FEDERAL REGISTER dated November 21, 1972, the Federal Aviation Administration published a notice of proposed rule making which would amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a transition area at De Kalb, Ill.

Interested persons were given 30 days to submit written comments, suggestions, or objections regarding the proposed amendment.

No objections have been received and the proposed amendment is hereby adopted without change and is set forth below.

This amendment shall be effective 0901 G.m.t., April 26, 1973.

(Sec. 307(a) Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

In § 71.181 (38 FR 435), the following transition area is added:

DE KALB, ILL.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the De Kalb Municipal Airport (latitude 41°55'45" N.; longitude 88°43'00" W.); and within 3.5 miles each side of the 097° bearing from the De Kalb Municipal Airport, extending from the 5-mile radius to 11.5 miles east of the airport; excluding that airspace that overlies the Chicago, Ill., transition area.

Issued in Des Plaines, Ill., on February 6, 1973.

LYLE K. BROWN,
Director, Great Lakes Region.

Title 20—Employees' Benefits

CHAPTER V—MANPOWER ADMINISTRATION, DEPARTMENT OF LABOR

PART 625—DISASTER UNEMPLOYMENT ASSISTANCE

Week of Unemployment

The definition of "week of unemployment" is revised so that self-employed individuals will be deemed unemployed even though they perform certain specified services or activities.

Part 625 of Chapter V of Title 20 of the Code of Federal Regulations is amended as follows:

Section 625.2(x) is revised to read as follows:

§ 625.2 Definitions.

(x) "Week of unemployment" means, with respect to an individual, any week during which he performs no services and no wages are payable to him or he performs less than full-time work and the wages payable to him are less than 1½ times the amount of the disaster unemployment assistance payable to him for a week of total unemployment; except that a self-employed individual shall be deemed to have a week of unemployment even though he performs services or activities during such week if they are for the sole purpose of enabling him to resume his self-employment.

Effective date. As this is an interpretative regulation, no notice of rulemaking or delay in effective date is required (5 U.S.C. 553) and it shall become effective on February 28, 1973.

Signed at Washington, D.C., this 21st day of February 1973.

PAUL J. FASSER, Jr.,
Deputy Assistant Secretary for
Manpower and Manpower
Administrator.

[FR Doc. 73-3746 Filed 2-27-73; 8:45 am]

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Food Additives Permitted in Food for Human Consumption; Brominated Vegetable Oil

In the FEDERAL REGISTER of July 28, 1970 (35 FR 12062), the Commissioner of Food and Drugs promulgated an interim food additive regulation for brominated vegetable oil, 21 CFR 121.1234. In the FEDERAL REGISTER of February 1, 1972 (37 FR 2437), as amended in the FEDERAL REGISTER of December 2, 1972 (37 FR 25705), the Commissioner established a new Subpart H for such interim regulations. Since the regulation for brominated vegetable oil is an interim regulation, it should be included in Subpart H. Therefore Part 121 is hereby amended by transferring § 121.1234 without change to Subpart H as new § 121.4004.

Effective date. This transfer is effective February 28, 1973.

Dated: February 21, 1973.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner
for Compliance.

[FR Doc.73-3686 Filed 2-27-73;8:45 am]

PART 121—FOOD ADDITIVES

Food Additives Permitted in Food for Human Consumption; Phosalone

A petition (FAP 1H2659) was filed by Rhodia Inc., Chipman Division, 120 Jersey Avenue, New Brunswick, NJ 08903, in accordance with provisions of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 348), proposing establishment of a food additive tolerance (21 CFR Part 121) of 15 parts per million for residues of the insecticide phosalone (S-(6-chloro-3-(mercaptomethyl)-2-benzoxazolinone) O, O-diethyl phosphorodithioate) in or on dried apricots and dried prunes resulting from application of the insecticide to growing apricots and plums (fresh prunes).

Subsequently, the petitioner amended the petition by proposing a tolerance of 40 parts per million on dried prunes and withdrawing the proposed tolerance on dried apricots. (For a related document, see this issue of the FEDERAL REGISTER page 5337).

The Reorganization Plan No. 3 of 1970, published in the FEDERAL REGISTER of October 6, 1970 (35 FR 15623), transferred (effective December 2, 1970) to the Administrator of the Environmental Protection Agency the functions vested in the Secretary of Health, Education, and Welfare for establishing tolerances for pesticide chemicals under section 406, 408, and 409 of the Federal Food, Drug, and Cosmetic Act, as amended (21 U.S.C. 346, 348a, and 348). Pesticide and food additive tolerances for phosalone have previously been established.

Having evaluated the data in the petition and other relevant material, it is concluded that the tolerance should be established.

Therefore, pursuant to provisions of the act (sec. 409(c) (1), (4), 72 Stat. 1788; 21 U.S.C. 348(c) (1), (4)), the authority transferred to the Administrator of the Environmental Protection Agency (35 FR 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticide Programs (36 FR 9038), § 121.1226 is revised to read as follows:

§ 121.1226 Phosalone.

Tolerances are established for residues of the insecticide phosalone (S-(6-chloro-3-(mercaptomethyl)-2-benzoxazolinone) O, O-diethyl phosphorodithioate) in or on the following processed foods when present therein as a result of application of the insecticide to the growing crops:

40 parts per million in or on dried prunes.

20 parts per million in or on raisins.

Any person who will be adversely affected by the foregoing order may at any time on or before March 30, 1973, file

with the Hearing Clerk, Environmental Protection Agency, Room 3902A, Fourth and M Streets SW., Waterside Mall, Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on February 28, 1973.

(Sec. 409(c) (1), (4), 72 Stat. 1788; 21 U.S.C. 348(c) (1), (4))

Dated: February 23, 1973.

HENRY J. KOPP,
Deputy Assistant Administrator
for Pesticide Programs.

[FR Doc.73-3755 Filed 2-27-73;8:45 am]

SUBCHAPTER C—DRUGS

PART 138—DRUGS; OFFICIAL NAMES

Additions, Deletions, and Changes in Listing of Names

In the FEDERAL REGISTER of January 27, 1972 (37 FR 1248), a notice was published

proposing that § 138.2 be amended by deleting from the table the official names "benazoline" and "poncuronium" and their accompanying chemical names or descriptions and molecular formulae and by adding certain additional items to the table therein as official names for drugs.

A single comment was received on the proposal pointing out certain minor technical or editorial errors. Accordingly, the Commissioner of Food and Drugs concludes that the proposal, except for the proposed name "epinephryl borate," should be adopted with minor technical or editorial changes. The name "epinephryl borate" is being withheld pending further evaluation.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 508, 76 Stat. 1789; 21 U.S.C. 358) and the Administrative Procedures Act (sec. 552, 80 Stat. 383, as amended, 81 Stat. 54; 5 U.S.C. 552) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), § 138.2 is amended by:

1. Deleting from the table the names "benazoline" and "poncuronium" and their accompanying chemical names or descriptions and molecular formulae, and

2. Alphabetically inserting in the table the following official names for drugs:

§ 138.2 Drugs; official names.

Official name	Chemical name or description	Molecular formula
Acetylcysteine	N-Acetyl-L-cysteine	C ₄ H ₉ NOS
Adenosine	6-Amino-9-β-D-ribofuranosyl-9H-purine	C ₁₀ H ₁₃ N ₅ O ₄
Allobarbital	5,5-Diallylbarbituric acid	C ₁₆ H ₂₁ N ₃ O ₃
Ambuphylline	Theophylline, compound with 2-amino-2-methyl-1-propanol	C ₁₃ H ₁₈ N ₄ O ₆ ·C ₃ H ₉ NO
Aminacrine	9-Aminoacridine	C ₁₅ H ₉ N ₃
Amphotycin	A substance produced by <i>Streptomyces canus</i>	
Anisotropine	Tropine 2-propylvalerate	C ₁₈ H ₂₅ NO ₂
Artegrat	Arterial graft composed of a section of bovine carotid artery that has been subjected to enzymatic digestion with collagen and tanned with dialdehyde starch	
Bilamicol	5-N-Diallyl-2,6-bis(diethylamino)-m,m'-bitolyl-4,4'-diol	C ₃₈ H ₆₆ N ₄ O ₂
Butaperazine	1-[10-[3-(4-Methyl-1-piperazinyl)propyl]phenothiazin-2-yl]-1-butanone	C ₂₄ H ₃₄ N ₂ O ₂
Calcium carbaspirin	Calcium salicylate diacetate compound with urea	C ₁₀ H ₁₀ CaO ₆ ·CH ₄ N ₂ O
Carbochloral	Ethyl (2,2-trichloro-1-hydroxyethyl)carbamate	C ₈ H ₇ Cl ₃ NO ₂
Casanthranol	A purified mixture of the anthranol glycosides derived from <i>Casara sagrada</i>	
Cellulase	A concentrate of cellulose-splitting enzymes derived from <i>Aspergillus niger</i> and other sources	
Cetalkonium	Benzylhexadecyldimethylammonium ion	C ₂₄ H ₄₈ N ⁺
Chlophedianol	2-Chloro-α-[2-(dimethylamino)ethyl]benzhydrol	C ₁₇ H ₁₉ ClNO
Chlorodantrol	5-(1-Ethylpiperidyl)-3-[(trichloromethyl)thio]hydrantoin	C ₁₈ H ₂₃ Cl ₃ N ₂ O ₂ S
Chlorhexidine	1,1'-Hexamethylenebis[5-(p-chlorophenyl)biguanide]	C ₂₄ H ₃₈ Cl ₂ N ₁₀
Chlorindanol	7-Chloro-4-indanol	C ₉ H ₉ ClO
Chlorphenesin	3-(p-Chlorophenoxy)-1,3-propanediol	C ₁₀ H ₁₃ ClO ₂
Chlorphentermine	4-Chloro-α,α-dimethylphenethylamine	C ₁₀ H ₁₃ ClN
Cinnazoline	1-Cinnamyl-4-diphenylmethylpiperazine	C ₂₄ H ₂₉ N ₃
Cloflucarban	4,4'-Dichloro-3-(trifluoromethyl)carbanilide	C ₁₄ H ₁₁ Cl ₂ F ₃ N ₂ O
Cyclopenthiadiazide	6-Chloro-3-(cyclopentylmethyl)-3,4-dihydro-2H-1,2,4-benzothiadiazine-7-sulfonamide 1,1-dioxide	C ₁₈ H ₁₉ ClN ₃ O ₄ S ₂
Dioxybenzole	2,2'-Dihydroxy-4-methoxybenzophenone	C ₁₄ H ₁₂ O ₄
Ethylestrenol	19-Nor-17α-pregn-4-en-17β-ol	C ₂₇ H ₄₆ O
Floxuridine	2'-Deoxy-3-fluorouridine	C ₁₀ H ₁₂ F ₂ N ₂ O ₄
Fluocinonide	6α,9-Difluoro-11β,16α,17,21-tetrahydroxypregna-1,4-diene-3,20-dione, cyclic 16,17-acetal with acetone, 2l-acetate	C ₂₇ H ₃₈ F ₂ O ₇
Glucosamine	2-Amino-2-deoxy-β-D-glucopyranose	C ₆ H ₁₂ NO ₅
Hexafluorurem	Hexamethylenebis[9-fluorenyldimethylammonium] ion	C ₄₈ H ₄₈ N ₄ ⁴⁺
Hydroxocobalamin	Cobinamide hydroxide phosphate, 3'-ester with 5,β-dimethyl-1-α-D-ribofuranosylbenzimidazole, inner salt	C ₅₄ H ₇₈ CoN ₁₄ O ₁₄ P
Inositol niacinate	myo-Inositol hexanicotinate	C ₄₀ H ₆₂ N ₆ O ₁₂
Iothalamic acid	6-Acetamido-2,4,6-triiodo-N-methylisophthalamic acid	C ₁₁ H ₁₁ I ₃ N ₂ O ₄
Iron sorbitex	A sterile, colloidal solution of a complex of trivalent iron, sorbitol, and citric acid, stabilized with dextrin and sorbitol	
Ketamine	(±)-2-(p-Chlorophenyl)-2-(methylamino)cyclohexanone	C ₁₃ H ₁₉ ClNO
Levamisole	(-)-α-Methylphenethylamine	C ₈ H ₉ N
Lucanthone	1-[2-(Diethylamino)ethyl]amino]-4-methylthioxanthone-9-one	C ₂₀ H ₂₇ N ₂ O ₂ S
Lypressin	L-lysine vasopressin	C ₁₂ H ₂₁ N ₅ O ₆ S ₂
Medrysone	11β-Hydroxy-6α-methylpregn-4-ene-3,20-dione	C ₂₇ H ₄₆ O ₂
Mefenamic acid	N-(2,3-Xylyl)anthranilic acid	C ₁₈ H ₁₅ NO ₂
Moprednisone	17,21-Dihydroxy-16β-methylpregna-1,4-diene-3,11,20-trione	C ₂₆ H ₃₄ O ₆
Mesoridazine	10-[2-(1-Methyl-2-piperidyl)ethyl]-2-(methylsulfonyl)pyrrolidine	C ₂₀ H ₂₉ N ₃ O ₂
Mettzoline	2-[2-(Methylbenzothien-3-yl)methyl]-2-imidazoline	C ₁₁ H ₁₄ N ₂ S

Official name	Chemical name or description	Molecular formula
Minocycline	4,7-Bis(dimethylamino)-1,4,4a,5,5a,6,11,12a-octahydro-3,10,12,12a-tetrahydro-1,11-dioxo-2-naphthacene-carboxamide	$C_{22}H_{27}N_5O_7$
Naloxone	(-)-17-Allyl-4,5 α -epoxy-3,14-dihydroxymorphinan-6-one	$C_{20}H_{27}NO_5$
Nifuraldehyde	5-Nitro-2-furaldehyde semioxamzone	$C_7H_5N_3O_4$
Oxybenzone	2-Hydroxy-4-methoxybenzophenone	$C_{15}H_{13}O_3$
Oxychlorosene	The hypochlorous acid complex of a mixture of the phenyl sulfonate derivatives of aliphatic hydrocarbons	
Pancuronium	1,1'-(3 α , 17 β -Dihydroxy-5 α -androstan-2 β , 16 β -ylene)bis[1-methyl-piperidinium ion diacetate]	$C_{24}H_{46}N_8O_8^{++}$
Phthaloflyne	Mono(1-ethyl-1-methyl-2-propynyl) phthalate	$C_{21}H_{20}O_4$
Piperacetazine	10-[3-[4-(2-Hydroxyethyl)piperidinyl]propyl]phenothiazin-2-yl methyl ketone	$C_{24}H_{30}N_2O_2S$
Poloxalene	Liquid nonionic surfactant polymer of the polyoxypropylene polyoxyethylene type, having an average molecular weight of 3000.	
Polyglycolic acid	Poly(oxy-carbonylmethylene)	$(C_3H_4O_2)_n$
Polymacon	Poly(2-hydroxyethyl methacrylate)	$(C_5H_8O_2)_n$
Pregnenolone	3 β -Hydroxypregn-5-en-20-one	$C_{27}H_{46}O_2$
Propiolactone	2-Oxetanone; β -propiolactone	$C_4H_6O_2$
Pyritihione zinc	Bis[1-hydroxy-2(1H)-pyridinethionato]zinc	$C_{10}H_8N_2O_2S_2Zn$
Pyrracaine	1-Pyrrolidinedi-2,6'-xylylide	$C_{14}H_{18}N_2O$
Quinaldine blue	1-Ethyl-2-[3-(1-ethyl-2(1H)quinolylidene)propenyl]quinolinium chloride	$C_{24}H_{26}ClN_2$
Sulfisobenzene	5-Benzoyl-4-hydroxy-2-methoxybenzenesulfonic acid	$C_{14}H_{12}O_6S$
Surgibone	Bone and cartilage obtained from bovine embryos and young calves	
Testolactone	13-Hydroxy-3-oxo-13,17-secoandrosta-1,4-dien-17 α -lactone	$C_{28}H_{42}O_3$
Thiophenamil	2-(Diethylamino)ethyl diphenylthioacetate	$C_{24}H_{28}NOS$
Thionizolium	Hexadecyl[2-(p-methoxybenzyl)-2-pyrimidinylamino]ethyl-dimethylammonium ion	$C_{24}H_{46}N_2O^+$
Triclocarban	3,4,4'-Trichlorocarbaniide	$C_{12}H_5Cl_3N_2O$
Trifluoridol	4'-Fluoro-4-[4-hydroxy-4-(α,α,α -trifluoro-m-tolyl) piperidinol]butyropheneone	$C_{22}H_{28}F_3NO_3$
Tyloxapol	p-(1,1,3,3-Tetramethylbutyl)phenol polymer with formaldehyde, ether with polyethylene glycol	

Effective date. This order shall become effective March 30, 1973.

(Sec. 508, 76 Stat. 1789; 21 U.S.C. 358; sec. 552, 80 Stat. 383, as amended by 81 Stat. 54; 5 U.S.C. 552)

Dated: February 20, 1973.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner
for Compliance.

Title 32—National Defense

CHAPTER I—OFFICE OF THE SECRETARY OF DEFENSE

SUBCHAPTER G—CIVIL DEFENSE

PART 188—DEVELOPMENT, USE, MARKING AND STOCKING OF FALLOUT SHELTERS

The Deputy Secretary of Defense approved the following addition of Part 188. The purpose of this Part is to update references to Office of Civil Defense, now the Defense Civil Preparedness Agency (DCPA), and to revise the section on marking and stocking since DCPA no longer procures subsistence stocks or fallout shelter signs. In addition, this Part authorizes the Military Departments to procure their own signs, to budget for subsistence stocks if a military requirement exists, and to make plans for the emergency stocking of fallout shelters from locally available sources.

Sec.

- 188.1 Purpose and Scope.
- 188.2 Applicability.
- 188.3 Definitions.
- 188.4 Policy and Objectives.
- 188.5 Procedures.
- 188.6 Technical Standards for Fallout Shelters.

AUTHORITY: 50 U.S.C., App. 2287; E.O. 10952 of July 20, 1961; E.O. 11490 of October 28, 1969.

§ 188.1 Purpose and Scope.

This part provides objectives, policies and criteria for development, use, mark-

ing and stocking of fallout shelters at Department of Defense installations located in the 50 United States, the District of Columbia, Puerto Rico, and the territories and possessions of the United States under the provisions of 50 U.S.C., App. 2287; Executive Order 10952 dated July 20, 1961; and Executive Order 11490 dated October 28, 1969.

§ 188.2 Applicability.

The provisions of this part apply to the Military Departments (including Reserve Forces and National Guard organizations) and Defense Agencies (hereinafter referred to collectively as "DOD Components").

§ 188.3 Definitions.

For the purposes of this part, the following definitions will apply:

(a) "Protection Factor (PF)." The relation between the amount of fallout radiation which would be received by a completely unprotected person compared to the amount which would be received by a person in a fallout shelter. Example: A shelter with a PF of 40 means that a person inside the shelter would be exposed to a radiation dose rate one-fortieth of that to which he would be exposed in the same location if unprotected.

(b) "Fallout Shelter." A structure or contiguous group of structures or space therein, which can provide protection to the occupants from fallout gamma radiation with a PF of at least 40, and meet space, ventilation and other shelter standards as set forth in § 188.6.

(c) "DOD Personnel." Military and civilian personnel regularly assigned to DOD installations, as well as those whose duty or conduct of routine business or service operations would cause them to be present on a DOD installation during the greater part of the working day.

(d) "Adjacent Community." An inhabited area under the jurisdiction of civilian authority which is so located with respect to a DOD installation that the people living therein could feasibly

use DOD shelter space on the installation or that DOD personnel could feasibly use shelter spaces located therein.

§ 188.4 Policy and objectives.

The Department of Defense has a requirement to provide fallout shelters for (a) all DOD Personnel, and (b) citizens of adjacent communities where feasible and necessary pursuant to programs developed under 50 U.S.C., App. 2287, and Executive Orders 10952 and 11490. The Department of Defense, by its actions and example in providing fallout shelters, can further demonstrate to the public its preparedness for any eventuality, including nuclear attack.

(1) The objective is the provision of fallout shelters at all DOD installations, either under the provisions of this part or pursuant to DOD Manual 4270.1-M, "DOD Construction Criteria Manual." Measures taken under DOD Manual 4270.1-M¹ will be integrated with the overall measures taken by each DOD Component under this Part.

(2) To the extent determined by the commander concerned that installation operational considerations permit, fallout shelter spaces and the next best available fallout protection (less than PF 40) in excess of the requirements of a DOD installation, will be made available to citizens of adjacent communities with shelter deficits.

(i) If requested by the commander concerned, local Civil Defense officials will designate shelter managers for such shelters, or next best available fallout protection, who should be made accountable to installation commanders for shelter management and control of shelter occupants.

(ii) When fallout shelter spaces and next best available protection are made available to an adjacent community, the local Civil Defense official will be responsible for any emergency stockage of such space.

§ 188.5 Procedures.

(a) Each DOD Component will develop plans or update existing plans for providing fallout shelter to protect all DOD personnel on installations under its jurisdiction and for making fallout shelter available to citizens of adjacent communities as needed. If fallout shelter space is not available for all DOD personnel, use will be made temporarily of available fallout shelter in adjacent communities and of the next best available fallout protection on DOD installations and in adjacent communities until sufficient fallout shelter space is available on the installation. The plans and programs will be consistent with the following:

(1) All facility projects proposed for inclusion in an annual military construction program (DOD Directive 7040.4²) will be designed using techniques and standards developed by the Defense Civil

¹ Copies available from Government Printing Office.

² Filed as part of original. Copies available from the U.S. Naval Publications and Forms Center, 5801 Tabor Avenue, Philadelphia, PA 19120, Attention: Code 300.

Preparedness Agency (DCPA) to maximize fallout protection (i) when such can be done without impairing the purpose for which the construction is authorized or the effectiveness of the structure, and (ii) where expenditures for maximizing fallout protection will not exceed 1 percent of the military construction authorization for the project in which the fallout protection is included. (Where two or more facilities or projects are being constructed on an installation, the 1-percent limitation may be combined and applied to a single facility or a number of facilities or projects, when such application will result in more fallout protection or is needed to meet minimum fallout protection standards in such facilities or projects, and provided that 1 percent of the total installation military construction program authorization is not exceeded.)

(2) When fallout shelter can be provided in a facility at a cost which is more economical than that of any other alternative method, shelter may be programmed in a specific item regardless of the percentage of item total cost. Notification of exceeding the 1 percent authorization will be made by individually identifying the scope and cost of shelter on the "Military Construction Project paragraph (b) of this section.)

(b) Each DOD Component when submitting annual military construction programs under DOD Directive 7040.4¹ will include on the DD Form 1391 for facilities which might reasonably be expected to include fallout protection, a statement of the number of fallout shelter spaces proposed to be provided by that project, or, if no shelters are provided, the reasons therefor. (Facilities which obviously contain no provisions for personnel (such as aircraft runways) are excluded from the provisions of this Part and from computation of the 1 percent allowable expenditure.)

(c) With respect to those National Guard funds which represent a Federal contribution to a State project, the appropriate State officials will be strongly encouraged to use standards for planning, design, and construction which will maximize protection for the public in accordance with section 3002(4) of Executive Order 11490.

(d) When sufficient fallout shelter is available on a DOD installation for DOD personnel and when sufficient fallout shelter is available to adjacent communities, no further significant construction or major alteration costs will be incurred for the provision of additional fallout shelter. Continuous emphasis, however, will be given to design and construction techniques which could add to the fallout protection capability of a structure at nominal or no additional cost, particularly if the shelter-use plan of the installation or the adjacent community will be enhanced.

(e) Since DCPA stocks are no longer available (except shelter signs and radiation detection kits), each DOD Component will prepare shelter utilization plans, including plans for stocking shelters in a crisis situation. These plans will

include all shelters required to meet installation needs and those required by and made available to adjacent communities. In preparing such plans, the following actions will be taken:

(1) Follow the procedures set forth in the Federal Civil Defense Guide, Part D, Ch. 2, "Provisioning Shelters," September 1964² insofar as is possible. Within the terms of the Federal Civil Defense Guide, Part D, Ch. 2, "Provisioning Shelters," September 1964² commanding officers are construed to be "local civil defense directors" and military installations are construed to be "political subdivisions."

(2) Notify the appropriate District Engineer, Army Corps of Engineers or the Engineering Field Divisions, Naval Facilities Engineering Command (CE/NAVFAC) when buildings at an installation designated as fallout shelters are ready for marking and stocking.

(3) Maintain those standard fallout shelter signs which are already in place and, when appropriate, continue to obtain and post new signs for as long as they are available. Signs may be obtained from the appropriate CE/NAVFAC office. These organizations may assist in posting signs if requested. If no signs are available, individual installations will provide signs or markings from their own resources. Any such markings should be similar to the standard signs and readily identifiable as to purpose. See Federal Civil Defense Guide Publication FG-C-8.1, "Handbook of Instructions for Posting Fallout Shelter Signs," June 1964.³

(4) Maintain any stocks of survival rations, water, medical and sanitation kits already in place for as long as feasible. Prepare plans for the emergency stocking of the shelters from locally available sources (commissary, mess, dispensary, etc.), or other sources, insofar as practicable for both immediate crisis and strategic warning situations. Budget for the procurement and maintenance of stocks on a continuing basis for those situations where a completely justified military requirement can be shown to exist.

(5) Continue to obtain from the DCPA such items as are available (radiation monitoring kits) or which may become available, and continuously maintain stocks of such items. See Federal Civil Defense Guide, Part D, Ch. 2, "Provisioning Shelters," September 1964.²

§ 188.6 Technical standards for fallout shelters.

(a) *General.* The following technical standards have been extracted from Department of the Army, Office of Civil Defense⁴ Technical Memorandum 69-1, April 5, 1969, and modified slightly to meet military code requirements. Of all standards, the protection factor is of greatest importance and should receive priority in design if the designer is constrained by cost. The standards themselves do not constitute authority to exceed the 1 percent limitation on costs

(see § 188.5) and, in some cases, will have the effect of limiting occupancy of a shelter. However, every attempt should be made to conform as closely to these standards as the primary function of the facility and budget constraints will permit.

(b) Standards.

(1) Protection Factor: 40 (see § 188.3 (b)) computed for least protected area of shelter.

(2) Floor Space: 10 square feet of usable space per person with a head room of 6½ feet.

(3) Volume: 65 cubic feet per person.

(4) Ventilation: The shelter shall have a ventilation rate sufficient to maintain a daily average Effective Temperature (ET) of not more than 82° F. for at least 90 percent of the days of the year. ET is an empirical index which combines in a single number the effect of temperature, humidity, and air movement on the sensation of warmth or cold felt by the human body. (Definition is by the American Society of Heating, Refrigeration and Air Conditioning Engineers.) This rate of ambient air is shown in Fig. 1.⁵ To prevent air vitiation, the minimum rate of fresh air supply shall be 3 cubic feet per minute per shelter occupant, except that the maximum daily average effective temperature requirement of 82° ET for 90 percent of the days is an overriding requirement. The minimum recommended shelter temperature to be maintained during the occupancy period is 50° F.

(5) Filters: Filters are not required for ventilation systems with protected or hooded fresh air intakes provided that the normal face velocity at the intake is less than 150 feet per minute. Filters designed for normal ventilation requirements should be adequate for use in emergencies under fallout conditions.

(6) Structural: See DOD Manual 4270.1-M, October 1972.¹

(7) Fire Resistance: See DOD Manual 4270.1-M, October 1972.¹

(8) Hazards: Hazardous utility lines, such as steam, gas, oil, etc., should not be located in or near the shelter unless provision is made to control such hazards by valving or other means.

(9) Access and Egress: As a minimum, shelters should have at least one unit of access and egress width for every 200 shelter occupants. (A unit width is 22 inches, the space required for free travel of one column of people.) In no case shall a single passage width be less than 24 inches nor shall there be less than two widely separated means of egress. They shall be designed so that any normal size adult can readily enter or leave the shelter.

(10) Lighting: The following levels are deemed adequate for emergency occupancies:

(i) Sleeping areas: 2-foot candles at floor level.

(ii) Activity areas: 5-foot candles at floor level.

(iii) Administrative and medical areas: 20-foot candles at desk level.

¹ Copies available from the Defense Civil Preparedness Agency, Washington, D.C.

² Now the Defense Civil Preparedness Agency.

³ Filed as part of original.

⁴ Copies available from Government Printing Office.

⁵ See footnote on page 5344.

(11) Electrical Power: Electrical power may or may not be available from normal sources in a fallout situation. Therefore, where emergency power is available, it may be tied into shelters. Consideration should also be given to use of local unit and installation portable emergency generators to provide power for fallout shelters. Where such generators are included in fallout shelter plans, the plans should also include 2-weeks fuel supply for each generator and electrical tie-in of the generators to minimum essential operational and environmental circuitry. Wiring from the generators should be through a panel with a double throw switch to service shelter circuits from either normal or emergency power. Simplified instructions should be provided and conspicuously marked wherever action will be required by the shelter occupants in order to activate an emergency power system.

SUBCHAPTER M—MISCELLANEOUS
PART 204—TEST AND EVALUATION
Development Test and Evaluation

The policies in Part 204 are primarily the same as those established by several Deputy Secretary of Defense memorandums and by Part 213. However, this new part does make more precise certain of the policies and includes policy for some areas not previously stated. In particular, the new part includes:

A. The purpose and phasing of Development Test and Evaluation (D.T. & E.) in the acquisition process.

B. The T. & E. policies for major ships of a class.

C. The T. & E. policies for one-of-a-kind systems.

D. More precise language and procedures for the relationship of test and evaluation plans and results to the Development Concept Papers/Defense Systems Acquisition Review Council (DCP/DSARC) process.

E. The policy for granting of waivers of required test and evaluation on less than major programs as well as major programs.

This part also codifies the responsibilities of the Deputy Director of Defense Research and Engineering (Test and Evaluation) as previously specified by the Deputy Secretary of Defense.

The Deputy Secretary of Defense has approved the following:

PART 204—TEST AND EVALUATION

- Sec.
204.1 Purpose.
204.2 Scope and applicability.
204.3 Policies and principles.
204.4 Waivers.
204.5 Exclusions.

Sec.
204.6 Responsibilities of the Deputy Director of Defense Research and Engineering, Test and Evaluation (DD(T&E)).

204.7 Reporting requirements.

AUTHORITY: 5 U.S.C. 301, 522.

§ 204.1 Purpose.

This part establishes policy for the conduct of test and evaluation by the Military Departments and Defense Agencies (hereinafter referred to collectively as "DOD Components") in the acquisition of defense systems (§ 204.2 through § 204.5). In addition, it codifies the responsibilities of the Deputy Director of Defense Research and Engineering, Test and Evaluation (DD(T&E)) (§ 204.6).

§ 204.2 Scope and applicability.

The provisions of this part encompass major programs of defense systems acquisition as designated by the Secretary of Defense (described in § 213.2 of this subchapter) and apply to all DOD Components that are responsible for such programs. In addition, it provides principles to be applied by the DOD Components in their acquisition of defense systems that do not fall in the "major acquisition programs" category.

§ 204.3 Policies and principles.

(a) General.

(1) Test and evaluation shall be commenced as early as possible and conducted throughout the system acquisition process as necessary to assist in progressively reducing acquisition risks and in assessing military worth.

(2) Acquisition schedules will be based, *inter alia*, upon accomplishing test and evaluation milestones prior to the time that key decisions which commit significant added resources are to be made.

(3) Before the initiation of development of a new system, test and evaluation using existing systems, or modifications thereto, may be appropriate to help define the military need for the proposed new system and to estimate its military utility. Determination of military worth, need, and utility will be accomplished in accordance with other DOD directives.

(4) All test and evaluation activities shall consider environmental issues and provide assessments for review as early as possible in the test planning cycle. (See Part 214 of this subchapter.)

(b) Development Test and Evaluation (D.T. & E.). D.T. & E. is that test and evaluation conducted to: Demonstrate that the engineering design and development process is complete; demonstrate that the design risks have been minimized; demonstrate that the system will meet specifications; and estimate the system's military utility when introduced. D.T. & E. is planned, conducted, and monitored, by the developing agency of the DOD Component, and the results thereof are reported by that agency to the responsible Military Service Chief or Defense Agency Director.

(1) D.T. & E. shall be started as early in the development cycle as possible and

include testing of component(s), subsystem(s), and prototype or preproduction model(s) of the entire system. Compatibility and interoperability with existing or planned equipments and systems shall be tested.

(2) During the development phase following the Program Initiation Decision (Milestone D), adequate D.T. & E. shall be accomplished to demonstrate that technical risks have been identified and that solutions are in hand.

(3) During the full-scale development phase and prior to the first major production decision, the D.T. & E. accomplished shall be adequate to insure: That engineering is reasonably complete; that all significant design problems (including compatibility, interoperability, reliability, maintainability, and logistical considerations) have been identified; and that solutions to the above problems are in hand.

(4) For those systems which have a natural interface with equipment of another Component or may be acquired by two or more Components, joint D.T. & E. may be required. Such joint testing will include participation and support by all affected Components as appropriate.

(c) Operational Test and Evaluation (O.T. & E.). O.T. & E. is that test and evaluation conducted to estimate the prospective system's military utility, operational effectiveness, and operational suitability (including compatibility, interoperability, reliability, maintainability, and logistic and training requirements), and need for any modifications. In addition, O.T. & E. provides information on organization, personnel requirements, doctrine, and tactics. Also it may provide data to support or verify material in operating instructions, publications, and handbooks. O.T. & E. will be accomplished by operational and support personnel of the type and qualifications of those expected to use and maintain the system when deployed, and will be conducted in as realistic an operational environment as possible. O.T. & E. will normally be conducted in phases, each keyed to an appropriate decision point. During full-scale development O.T. & E. will be accomplished to assist in evaluating operational effectiveness and suitability (including compatibility, interoperability, reliability, maintainability, and logistic and training requirements). O.T. & E. will be continued as necessary during and after the production period to refine these estimates, to evaluate changes, and to reevaluate the system to insure that it continues to meet operational needs and retains its effectiveness in a new environment or against a new threat.

(1) In each DOD Component there will be one major field agency (or a limited number of such major field agencies) separate and distinct from the developing/procuring command which will be responsible for O.T. & E. and which will:

(i) Report the results of its independent test and evaluation directly to the Military Service Chief or Defense Agency Director.

(ii) Recommend directly to its Military Service Chief or Defense Agency

Director the accomplishment of adequate O.T. & E.

(iii) Insure that the O.T. & E. is effectively planned and conducted.

(2) In addition, each DOD Component will provide within its immediate headquarters staff a full-time, strong, focal point organization to assist the independent O.T. & E. field agency and to keep its Military Service Chief or Defense Agency Director fully informed as to needs and accomplishments.

(3) Operational testing should be separate from development testing. However, development testing and early phases of operational testing may be combined where separation would cause delay involving unacceptable military risk, or would cause an unacceptable increase in the acquisition cost of the system. When combined testing is conducted, the necessary test conditions and test data required by both the DOD Component developing agency and O.T. & E. agency must be realized. In addition, the separate Component O.T. & E. agency must: Insure that the combined test is so planned and executed as to provide the necessary operational test information; participate actively in the test; and provide separate evaluation of the resultant operational test information.

(4) Acquisition programs will be so structured that at least an initial phase of operational test and evaluation (I.O.T. & E.) will be accomplished prior to the first major production decision adequate to provide a valid estimate of expected system operational effectiveness and suitability (including compatibility, interoperability, reliability, maintainability, and logistic and training requirements). Pilot production items will be employed for I.O.T. & E. wherever practicable. Prototypes, if they are reasonably representative of the expected production items, may be employed, where there otherwise would be delay involving unacceptable military risk or unacceptable increased acquisition costs.

(5) For more complex systems, additional phases of O.T. & E. may be required and performed with pilot or pre-production items subsequent to the first major production decision but prior to the availability of first production items. When production items are available in sufficient quantity, follow-on phases of O.T. & E. adequate to meet the full objective outlined above will be accomplished by the appropriate DOD Component's independent O.T. & E. agency.

(6) For those systems which have a natural interface with equipment of another Component, or may be acquired by two or more Components, joint O.T. & E. will be conducted where required. Such joint testing will include participation and support by all affected Components as appropriate.

(d) Test and Evaluation for Major Ships of a Class. The long design, engineering, and construction period of a major ship will normally preclude completion of the lead ship and accomplishment of test thereon prior to decision to proceed with follow ships. In lieu

thereof, successive phases of D.T. & E. and O.T. & E. will be accomplished as early as practicable at test installations and on the lead ship so as to rapidly reduce risks and thereby minimize the need for modification to follow ships.

(1) When combat system complexity warrants, there will be constructed a combat system test installation wherein the weapon, sensor, and information processing subsystems are integrated through their interfaces in the manner expected in the ship class. Adequate initial D.T. & E. and O.T. & E. of the integration of those subsystems will be accomplished thereon prior to the first major production decision on follow ships. To the degree practicable first generation subsystems will have been approved for service use prior to the initiation of integrated operational testing. Where subsystems cannot be service approved prior to the initial operational testing, their integration will be tested at the test site installation as early as possible in their acquisition cycle.

(2) For new ship types incorporating major technical advancements not earlier proven in hull or non-nuclear-propulsion design, a prototype incorporating these advancements will be employed. If the major technological advancements are contemplated in only some features of the hull or non-nuclear-propulsion design, the test installation need incorporate only the applicable new features. Adequate test and evaluation on such prototype will be completed prior to the first major production decision on follow ships.

(3) The prototyping of Navy nuclear propulsion plants will be accomplished in accordance with the methods in use by the Atomic Energy Commission. Construction of the lead and follow ships will be done in the sequence now being used.

(4) For all new ship classes, continuing phases of O.T.&E. on the lead ship will be conducted at sea as early in the acquisition process as possible for specified systems or equipments and, if required, full ship operational evaluation to the degree feasible.

(5) A description of the subsystems to be included in any test site or test prototype, the schedules to accomplish test and evaluation, and any exceptions to the above policies will be set forth in the initial and any subsequent DCPs and approved by the Secretary of Defense.

(e) Test and Evaluation for One-of-a-Kind Systems. For one-of-a-kind systems, or systems involving procurement of only a very few over an extended period, the principles of D.T. & E. of component(s), subsystem(s), and prototype or first production model(s) of the entire system will be applied. Compatibility and inter-operability with existing or planned equipments will be tested. O.T. & E. will be conducted as early as possible by the O.T. & E. agency as necessary to provide a valid estimation of operational suitability and effectiveness.

(f) Production Acceptance Test and Evaluation (P.A.T. & E.). P.A.T. & E. is test and evaluation of production items

to demonstrate that the items procured fulfill the requirements and specifications of the procuring contract or agreements. It is the responsibility of each DOD Component to accomplish the necessary P.A.T. & E. throughout the production phase of the acquisition process.

(g) Integrated T. & E. Plans. The DOD Component will prepare as early as possible in the acquisition process, and prior to the initiation of full-scale development, an overall test and evaluation plan to identify and integrate the effort and schedules of all T. & E. to be accomplished and to insure that all necessary T. & E. is accomplished prior to the key decision points. This plan will be kept current by the DOD Component.

(h) Defense Systems Acquisition Review Council (DSARC)/Development Concept Paper (DCP) Procedures for Major Defense Systems.

(1) The DCP prepared for use at the time of the Program Initiation Decision (Milestone D) for a major defense system will identify the critical questions and areas of risk to be resolved by test and evaluation. It will also provide a summary statement of test objectives, schedules, and milestones. The DSARC in its review will determine the adequacy of the statement of questions and issues and of test objectives and schedules.

(2) When the DOD Component proposes to initiate full-scale development, the revised DCP will give the results of T. & E. accomplished to that date, an updated statement of critical questions and areas of risk still needing test to resolve, and a detailed statement of test plans and milestones. The DSARC will assess and comment to the Secretary of Defense as to the adequacy of T. & E. progress and of planned T. & E. to occur prior to the first major production decision.

(3) The DSARC in its review prior to the first major production decision will assess and comment to the Secretary of Defense as to the adequacy of test results to support a decision to proceed with major production and the adequacy of plans and schedules for any remaining testing.

(4) In case of DCP revisions and DSARC reviews subsequent to the first major production decision, an updated assessment of test results and plans and schedules for additional test and evaluation will be presented.

§ 204.4 Waivers.

(a) In the case of major programs, any waiver of the accomplishment of the T. & E. as outlined in the approved DCP will be granted only by the Secretary of Defense.

(b) For other than major programs, the DOD Components will designate the minimum threshold for definition of less than major programs. For such programs the waiver of the required T. & E. will:

(1) Within the Military Departments, be granted only by the Secretary, the Under Secretary, or such Assistant Secretary as the Secretary may designate.

(2) Within the Department of Defense Agencies, be granted only by the Director.

§ 204.5 Exclusions.

Test and evaluation of nuclear weapons subsystems which are governed by other joint DOD/AEC agreements are excluded from the foregoing provisions of this part.

§ 204.6 Responsibilities of the Deputy Director of Defense Research and Engineering, Test and Evaluation (DD(T&E)).

(a) The DD(T&E) has across-the-board responsibility for OSD in test and evaluation matters. This responsibility includes;

(1) Reviewing test and evaluation policy and procedures applicable to the Department of Defense as a whole and recommending changes he believes appropriate directly to the Secretary of Defense.

(2) Monitoring closely the test and evaluation planned and conducted by the DOD Components for major acquisition programs and for such other programs as he believes necessary.

(3) Assisting in the preparation of, and/or reviewing, the test and evaluation sections of DCP's and program memoranda (PM's).

(4) For major programs, reporting to the DSARC and the Worldwide Military

Command and Control System Council as appropriate, and directly to the Secretary of Defense for such programs, at each major milestone decision point his assessment as to the adequacy of the identified critical issues and questions to be resolved by test and evaluation, test plans and schedules, and the adequacy of the accomplished T. & E. to justify the action recommended for that milestone decision.

(5) Monitoring closely such joint testing as is accomplished by the DOD Component in connection with their planned acquisition of specific systems. In addition, initiating and coordinating the accomplishment of such additional joint testing as is necessary, with specific delegation to an appropriate Component (or Components) of all practical aspects of the joint test.

(6) Coordinating and reviewing the test and evaluation of foreign systems for possible DOD use.

(7) Fulfilling OSD responsibilities for the National and major Service test facilities.

(8) Monitoring, only to the extent required to determine the applicability of results to weapon system acquisition or modification, that test and evaluation;

(i) Directed by the Joint Chiefs of Staff which relates to the single integrated operational plan (SIOP) operational factors.

(ii) Conducted primarily for development or investigation of organizational or doctrinal concepts.

(b) To accomplish these duties, statements of critical issues for DCP's/PM's, test plans for their resolution, and test results will be made available to DD(T&E) at his request as early as developed.

§ 204.7 Reporting requirements.

The reporting requirements prescribed herein are exempt from formal approval and control in accordance with IILD.3, of DOD Directive 5000.19, "Policies for the Management and Control of DOD Information Requirements," June 2, 1971.¹

MAURICE W. ROCHE,
Director, Correspondence and
Directives Division, OASD

Proposed Rule Making

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration
[21 CFR Part 278]

REBUILDING AND REASSEMBLY OF DIAG- NOSTIC X-RAY EQUIPMENT

Notice of Proposed Rule Making

When Congress enacted the Radiation Control for Health and Safety Act of 1968, it stated clearly in the declaration of purpose "that the public health and safety must be protected from the dangers of electronic product radiation." In order to implement this congressional intent, the act provided for the development of an electronic product radiation control program which was to include "the development and administration of performance standards to control the emission of electronic product radiation from electronic products * * *." Pursuant to that mandate, the Food and Drug Administration has developed a performance standard for diagnostic X-ray systems and their major components, which was promulgated (21 CFR 278.213) on August 15, 1972 (37 FR 16461) and will be applicable to products manufactured after August 15, 1973.

Since the promulgation of this performance standard, it has come to the attention of the Commissioner of Food and Drugs that certain questions have arisen regarding the applicability of the performance standard to diagnostic X-ray equipment originally assembled prior to the August 15, 1973, applicable date of the performance standard, but then subsequently rebuilt or reassembled after that date.

The Commissioner recognizes that this is a matter of some significance. It is estimated that the sale of used X-ray equipment may be as high as 40 percent of the total sales of X-ray equipment. Furthermore, the Commissioner recognizes that much of the used X-ray equipment that is now taken in on trade and resold would not meet the requirements of the performance standard without substantial modification and expense on the part of the owner.

In order to clarify the position of the agency on this matter, therefore, the Commissioner proposes to amend the regulations governing enforcement of the Radiation Control for Health and Safety Act of 1968 to make it clear that all diagnostic X-ray equipment reassembled, rebuilt, or refurbished after the August 15, 1973, applicable date of the performance standard must comply with all applicable portions of that standard.

The Commissioner is aware that interpretation of the coverage of the per-

formance standard to include such used equipment may cause hardship for certain members of the affected industry, particularly those dealing in used X-ray equipment. Balanced against this hardship, however, is the danger to the public health which is posed by the continued use of older X-ray equipment not complying with the standard. Because of the durability of many of the major components of such equipment, it is clear that this X-ray equipment will pose continuing unnecessary radiation hazards for the foreseeable future unless a policy is adopted which will have the effect of bringing it into compliance with the performance standard.

The Commissioner has therefore determined to implement a policy that any diagnostic X-ray system which is rebuilt, reassembled, or refurbished after August 15, 1973, must comply with the diagnostic X-ray performance standard (§ 278.213 of this chapter) just as if it had been manufactured and assembled initially after that date. The policy would not be applicable to equipment disassembled merely for the purpose of reassembly in another location, if this change of location is not associated with a change in ownership of the equipment and if the equipment is not rebuilt or refurbished in any other way.

It is proposed to make these amendments effective upon publication in the FEDERAL REGISTER following the public comment period.

Therefore, pursuant to provisions of the Radiation Control for Health and Safety Act of 1968 (secs. 354, 355, 356, and 358, 82 Stat. 1173-1175, 1177; 42 U.S.C. 263b-263d, 263f) and under authority delegated to him (21 CFR 2.120), the Commissioner proposes to amend Part 278 by adding a new § 278.103 as follows:

§ 278.103 Applicability of performance standard for diagnostic X-ray systems to rebuilt or reassembled X-ray equipment.

(a) Any person, corporation, or company which rebuilds, reassembles, or refurbishes diagnostic X-ray equipment after August 15, 1973, shall rebuild, reassemble, or refurbish such equipment in a manner so that it complies with the requirements of § 278.213 of this part, except as provided in paragraph (c) of this section.

(b) Paragraph (a) of this section applies regardless of whether the X-ray equipment assembled after August 15, 1973, is partially or even principally composed of used parts. Any rebuilding, reassembling or refurbishing, except as provided in paragraph (c) of this section, is considered to be manufacturing within the meaning of the act.

(c) Diagnostic X-ray equipment disassembled for the purpose of subsequent reassembly in another location without an associated change of ownership, and which is not in any other way rebuilt or refurbished, is not subject to paragraphs (a) and (b) of this section.

Interested persons may, within 60 days after publication hereof in the FEDERAL REGISTER, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, MD 20852, written comments (preferably in quintuplicate) regarding this proposal. Comments may be accompanied by a memorandum or brief in support thereof. Received comments may be seen in the above office during working hours, Monday through Friday.

Dated: February 15, 1973.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner
for Compliance.

[FR Doc.73-3498 Filed 2-27-73; 8:45 am]

[21 CFR Part 278]

CONTROL OF ELECTRONIC PRODUCT RADIATION; ASSEMBLY OF DIAGNOSTIC X-RAY SYSTEMS

Notice of Proposed Rule Making

Pursuant to the authority of the Public Health Service Act as amended by the Radiation Control for Health and Safety Act of 1968 (Public Law 90-602, 42 U.S.C. 263b et seq.), notice is hereby given of a proposal to amend Subpart B of Part 278 by adding a new § 278.103 which would set forth interpretive policy concerning assembly of diagnostic X-ray systems in specific situations.

Performance standards for electronics products, § 278.213 Diagnostic X-ray systems and their major components, applies both to specified major components which are manufactured after August 15, 1973, and to systems which incorporate one or more of such components. Section 278.213-1(c) requires that specified components manufactured after August 15, 1973, be certified by their manufacturers as meeting the provisions of the standard applicable to those components, and be so labeled. Section 278.213-1(d) requires that assemblers who assemble one or more certified component(s) into an X-ray system after August 15, 1973, submit a report either certifying that the components were assembled in compliance with the component manufacturer's instructions or reporting that he was unable, due to noncompatibility between components, to comply with the component manufacturer's instructions in assembling the certified components into the system.

One aspect of the manufacture of diagnostic X-ray equipment which differs from that of some other electronic products is that most X-ray systems are assembled at the place of use rather than at a factory. Generally, the assembly procedures will affect the performance of the system with regard to the standard. There are, therefore, two distinct manufacturing processes addressed in the standard; the manufacture of the specified major components, and the assembly of the system at the place of use.

The primary purpose of the proposed amendments is to provide interpretation of the meaning of the date of manufacture of components and systems, in order to clarify the applicability of the standard to situations in which a component is physically produced before August 15, 1973, but assembled into a system after August 15, 1973.

The policy proposed for such cases is that the date of manufacture shall be considered the date the component is sold to a purchaser if this occurs after August 15, 1973. Sections 278.102 (a) and (b) would address such situations.

Section 278.102(a) would establish the policy that the standard would not apply to equipment assembled after August 15, 1973, if the major components (as listed in § 278.213-1(a)(1)) so assembled were manufactured and sold to a purchaser on or before that date, and are not certified by the component manufacturer under the provisions of § 278.213-1(c). No report of assembly would be required in such a situation. If any of the components so assembled are certified, however, the assembler would be required to file a report pursuant to § 278.213-1(d).

Section 278.102(b) would require that any component(s) (as listed in § 278.213-1(a)(1)) sold to a purchaser after August 15, 1973, and assembled into an X-ray system must have been certified by the component manufacturer pursuant to § 278.213-1(c) regardless of the date of the physical production of such component(s). The assembler would be required to file a report of the assembly of these components in such a situation. In the cases above, the term purchaser is used as defined in § 278.100(n).

The amendments also address the assembly of noncompatible components into X-ray systems all of whose major components are certified. Generally, these would be relatively new systems, initially assembled after August 15, 1973, and containing major components manufactured after that date. In such situations, compatible major components should be readily available and it would not be necessary to permit the assembler to assemble noncompatible components into such a system and submit a report of noncompatibility pursuant to § 278.213-1(d)(2). Therefore, § 278.102(c) would be added to prohibit the installation of non-compatible components into an X-ray system previously certified under § 278.213-1(c) and (d)(1). It would prohibit assemblers from assembling, after August 15, 1973, any noncompatible, major component(s) (as listed in § 278.213-1(a)(1)) into X-ray systems which con-

tain other such major components, if all such components are certified in accordance with § 278.213-1(c).

These amendments would assure that a purchaser buying X-ray equipment after the applicable date of the standard would receive only equipment which complies with the standard and is so certified. It is proposed to make these amendments effective upon republication in the FEDERAL REGISTER following the public comment period.

Therefore, the Commissioner of Food and Drugs, pursuant to the Public Health Service Act, as amended by the Radiation Control for Health and Safety Act of 1968 (secs. 354, 355, 356, and 358, 82 Stat. 1173-1175, 1177; 42 U.S.C. 263b-263d, 263f) and under authority delegated to him (21 CFR 2.120), proposes to amend Part 278, by adding a new § 278.102, as follows:

§ 278.102 Policy on assembly of diagnostic X-ray equipment.

(a) X-ray equipment assembled after August 15, 1973, will not be subject to the provisions of § 278.213 provided the major components, as specified in § 278.213-1(a)(1), so assembled were manufactured and sold to a purchaser prior to August 15, 1973, and are not certified in accordance with § 278.213-1(c). The assembler shall file a report in accordance with § 278.213-1(d)(1) or § 278.213-1(a)(2) if the components so assembled into the X-ray system include one or more components certified pursuant to § 278.213-1(c).

(b) X-ray components specified in § 278.213-1(a)(1) which are sold to a purchaser after August 15, 1973, and assembled into an X-ray system shall be only those which have been certified by the component manufacturer in accordance with § 278.213-1(c). The assembler of such certified components shall file a report pursuant to § 278.213-1(d)(1) or § 278.213-1(d)(2) if the components so

(c) X-ray components specified in § 278.213-1(a)(1) which are assembled after August 15, 1973, into an X-ray system containing components listed in § 278.213-1(a)(1), all of which are certified pursuant to § 278.213-1(c), shall be assembled in accordance with the instructions of the component manufacturer(s). The assembler may not file a report of noncompatibility, as defined in § 278.213-1(d)(2), for such acts of assembly.

Interested persons may, within 60 days after publication hereof in the FEDERAL REGISTER, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-38, 5600 Fishers Lane, Rockville, MD 20852, written comments (preferably in quintuplicate) regarding this proposal. Comments may be accompanied by a memorandum or brief in support thereof. Received comments may be seen in the above office during working hours, Monday through Friday.

Dated: February 15, 1973.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner
for Compliance.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 72-SO-86]

CONTROL AREA

Proposed Alteration

The Federal Aviation Administration (FAA) is considering an amendment to Part 71 of the Federal Aviation Regulations that would alter Control 1152 and designate a new control area adjacent to it.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southern Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box 20636, Atlanta, GA 30320. All communications received on or before March 30, 1973, will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW, Washington, DC 20591. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

As part of this proposal relates to the navigable airspace outside the United States, this notice is submitted in consonance with the ICAO International Standards and Recommended Practices.

Applicability of International Standards and Recommended Practices by the Air Traffic Services, FAA, in areas outside domestic airspace of the United States is governed by Article 12 of and Annex 11 to the Convention on International Civil Aviation, which pertain to the establishment of air navigation facilities and services necessary to promoting the safe, orderly, and expeditious flow of civil air traffic. Their purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The International Standards and Recommended Practices in Annex 11 apply in those parts of the airspace under the jurisdiction of a contracting state, derived from ICAO, wherein air traffic services are provided and also whenever a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, state aircraft are exempt from the provisions of Annex 11

and its Standards and Recommended Practices. As a contracting state, the U.S. agreed by Article 3(d) that its state aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since this action involves, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

The FAA proposes to amend the description of Control 1152 by deleting "Including the airspace extending upward from FL 230 * * *" and all that follows.

The FAA further proposes to designate a new control area described as follows: "That airspace east of Myrtle Beach, S.C., extending upward from 2,000 feet MSL bounded on the east by Control 1150, on the south by Control 1152, and on the west and north by a line 3 nautical miles from and parallel to the shoreline."

The above action would restore the limits of Control 1152 to a channel of airspace associated with the route between Charleston and Smelt intersection. The new control area proposed generally encompasses the geographical limits of Warning Area W-177. It will provide joint military/FAA use of this airspace; thus, will expedite traffic and enhance ATC radar vectoring capability.

This amendment is proposed under the authority of sections 307(a) and 1110 of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a) and 1510), Executive Order 10854 (24 FR 9565) and section 5(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on February 21, 1973.

CHARLES H. NEWPOL,
Acting Chief, Airspace and Air
Traffic Rules Division.

ATOMIC ENERGY COMMISSION

[10 CFR Part 50]

LICENSING OF PRODUCTION AND UTILIZATION FACILITIES

Environmental Effects of Transportation of Fuel and Waste From Nuclear Power Reactors; Notice of Hearing

On February 5, 1973, the Atomic Energy Commission published in the FEDERAL REGISTER (38 FR 3334) a notice that it was considering amendment of its regulations in 10 CFR Part 50, Appendix D, "Interim Statement of General Policy and Procedure: Implementation of the National Environmental Policy Act of 1969 (Public Law 91-190)," to deal specifically with consideration of environmental effects associated with the transportation of fuel and waste in the individual cost-benefit analyses for light-water-cooled nuclear power reactors. The notice scheduled an informal rule making hearing on the possible amendments on April 2, 1973, at 10 a.m. and indicated

that the location and presiding officer would be designated in a notice to be published in the FEDERAL REGISTER at a later date.

Notice is hereby given that the location of the hearing will be New Executive Office Building, Room 2010, 17th and H Street NW., Washington, D.C.

A hearing board consisting of Max D. Paglin, Esq.—Chairman, Dr. William E. Martin, and Dr. David B. Hall, will preside.

(Sec. 161, 68 Stat. 948; Sec. 102, 83 Stat. 853, 42 U.S.C. 2201, 4332)

Dated at Washington, D.C. this 27th day of February 1973.

For the Atomic Energy Commission.

PAUL C. BENDER,
Secretary of the Commission.

[FR Doc. 73-3951 Filed 2-27-73; 10:20 am]

FEDERAL TRADE COMMISSION

[16 CFR Part 256]

GUIDES FOR THE LAW BOOK INDUSTRY

Notice of Opportunity To Present Written Views, Suggestions, Objections or Pertinent Information

Proposed Guides for the Law Book Industry are hereinafter set forth and are today made public by the Commission for consideration by industry members and other interested or affected parties pursuant to the Federal Trade Commission Act, as amended, 15 U.S.C. 41, et seq., and the provisions of Part 1, Subpart A, of the Commission's procedures and rules of practice, 16 CFR 1.5, 1.6.

Opportunity is hereby extended by the Federal Trade Commission to any and all persons, firms, corporations, organizations or other parties affected by or having an interest in the proposed Guides for the Law Book Industry, to present to the Commission their views concerning the guides, including such pertinent information, suggestions, or objections as they may desire to submit. For this purpose, copies of the proposed guides, which are advisory in nature as to the applicability of legal requirements, may be obtained upon request to the Commission. Data, views, information, objections, and suggestions may be submitted by letter, memorandum, brief, or other written communication not later than May 29, 1973, to the Assistant Director, Division of Rules and Guides, Bureau of Consumer Protection, Federal Trade Commission, Pennsylvania Avenue and Sixth Street NW., Washington, D.C. 20580. The Commission particularly desires to receive comments with regard to § 256.14, dealing with upkeep service, including any suggested alternatives thereto. Written comments received in the proceeding will be available for examination by interested parties at the Commission's Washington address and will be fully considered by the Commission.

Text of the proposed guides follows:

NOTE: These guides have not been approved by the Federal Trade Commission.

They are proposed Guides which are made available to all interested or affected parties for their consideration and for submission of such views, suggestions, objections or other pertinent information as they may care to present, due consideration to which will be given by the Commission before proceeding to final action on the proposed Guides.

These Guides are designed to assist sellers, publishers, marketers, and advertisers of law books in selling, distributing, and advertising such products in a manner which conforms with the Federal Trade Commission Act, as amended (15 U.S.C. sec. 41 et seq.). Their purpose is to encourage voluntary compliance with the Act by those whose practices are subject to the jurisdiction of the Commission, in the interest of protecting the public and effecting more widespread and equitable observance of laws administered by the Commission. Proceedings to prevent deceptive practices in the advertising, sale, and distribution of law books may be brought under the Federal Trade Commission Act. Briefly stated, the Act makes it illegal for one to engage in "unfair methods of competition in commerce and unfair or deceptive acts or practices in commerce."

Sec.	Definitions of terms as used in this part.

256.16	Misrepresentation (general).

AUTHORITY: 38 Stat. 717, as amended; 15 U.S.C. 41-58.

§ 256.0 Definitions of terms as used in this part.

(a) Industry Product means any law book, publication (including pamphlets and the like), series, service, law research materials, supplements (including pocket part supplements, replacement pages and the like), and other printed materials of similar nature sold, offered for sale or distributed by industry members; not included are secondhand or used law materials.

(b) Industry Member means any person, firm, corporation, publisher, advertiser, dealer, organization, or other seller engaged in the publication, sale, or distribution of industry products.

§ 256.1 General disclosures.

Direct-mail promotional materials¹

designed to solicit the sale of specific industry products should clearly disclose:

(a) Name and address of the publisher;

(b) Full title of the book, set, or series including any subtitles;

(c) Surname and given name or initials of author, editor, or compiler; if more than two, surname and given names or initials of at least two, or designate if authored, edited, or compiled by publisher's editorial staff;

(d) Latest copyright date of the advertised publication and whether supplemented;

(e) In the case of a reprint, publisher and date of the original work reprinted, reprint dates, and name and address of the reprint publisher;

(f) Whether an advertised book or publication is part of a set or series and, if so, full title of said set or series;

(g) Amount of shipping and/or handling charges, if any, and specify the charges even where provided free for prepaid orders;

(h) A synoptic description of the limited coverage of the subject matter where the title of the advertised publication is general;

NOTE: If a title or representation is general, and the subject matter of the publication is more limited in scope than the title thereof, this fact must be clearly and conspicuously disclosed (e.g., *The Law of Landlord & Tenant* deals with the subject of leases; *Torts by John Smith* deals with negligence law; *Criminal Law by Homey* deals with homicide).

(i) Type of binding (e.g. permanently bound with pocket parts, postbound (compression-binder type), looseleaf, paperback, etc.), or an illustration or picture of the publication. [Guide 1]

§ 256.2 Disclosures relative to supplementation.

Direct-mail promotional materials designed to solicit the sale of specific industry products should clearly disclose:

(a) Where an advertised work is being supplemented, or supplementation is being contemplated, the general type of supplementation (e.g., pocket part supplements (bound, unbound, or pamphlet type), or replacement pages, etc.), and the approximate frequency of supplementation;

(b) Where an advertised work is supplemented, whether or not latest pocket parts or supplements will be supplied free with original purchase and/or period of time within which free supplementation will be supplied;

(c) If there is an offer of credit or discount for supplements with original purchases, the period of time for said offer;

¹ Where the direct-mail advertising of specific publications consists of a promotional package containing more than 1 advertising piece (e.g., a brochure and/or cover letter, order form, and/or reply card, etc.), the disclosures required by Guides 1, 2, 3, and 5 must appear clearly and conspicuously, in a place where they are likely to be noticed, on at least 1 piece of the promotional advertising package. The promotional package should also conform with Guides 4, 6, and 7.

(d) Whether supplementation to the advertised work has been abandoned, or is going to be abandoned within 6 months of issuance of the advertisement, and the date or approximate date for abandonment of supplementation. [Guide 2]

§ 256.3 Disclosures relative to sets or series.

Direct-mail promotional materials designed to solicit the sale of specific industry products should clearly disclose:

(a) For a multivolume set, the number or estimated number of volumes to complete the set, and the estimated publication schedule;

(b) Where a set or series is complete, the date of completion thereof and the total number of books therein;

(c) Where offer is of set or series, a general description of subjects covered under said set or series title,

[NOTE: Industry members should clearly indicate scope of the work, e.g., set may be titled *Encyclopedia of Hawaiian Law* but it may not be a full encyclopedic treatment of Hawaiian law. It may only cover automobile, real property (landlord and tenant) laws of Hawaii];

(d) Where volumes in a set are not sequentially numbered (sequential numbering system may include split-numbered volumes, e.g., Volume 1-A) the type of numbering system or designation system used to denote volume sequence (e.g., stars, diamonds, letters, etc.). [Guide 3]

§ 256.4 New revisions or replacement sets or series.

In cases where a publisher replaces or substantially revises a set or series without providing at least six (6) months' advance notice (to purchasers of the precursor work) of such revision or replacement, such publisher should offer to the purchaser either:

(a) Full refund for the obsolete work, less reasonable charges for the period of use of the work within the 6-month period, or

(b) Full credit on the obsolete work toward purchase of the new work less reasonable charges for the period of use of the obsolete work within the 6-month period.

NOTE: In determining whether refund or credit must be made available under this section, the Commission will consider whether or not the publisher continues full supplementation of the precursor set or series.

[Guide 4]

§ 256.5 Representations, express or implied, describing a work as "new," "current" or "up-to-date."

No direct-mail promotional materials designed to solicit the sale of specific industry products should:

(a) Contain terminology which expressly or impliedly represents that the advertised or offered publication is new when said publication is more than 1 year old at the time of the offer or dissemination of the advertisement (some examples of terms suggesting new publications are: "Announcing," "newly revised," "New 8th edition," "Just Reprinted");

(b) Represent a publication as current or up-to-date unless the work itself, or the supplementation thereto, is current or up-to-date, considering the amount and nature of legal activity in the particular area of law covered on the date of issuance of the advertisement; but in no event should the copyright date, printing date or end-of-coverage date for such supplementation be more than 1 year from the date of issuance of the ad; (e.g., some areas of the law and thus some works may require monthly supplementation for currency while others may be kept sufficiently current by annual supplementation.) [Guide 5]

§ 256.6 Disclosures relative to misleading titles.

Direct-mail promotional materials designed to solicit the sale of specific industry products should clearly disclose:

(a) By whom all or substantial parts of a publication are authored or edited where a title contains the name of a person who did not author or edit, or only partially authored or edited the actual publication. Such name should appear in immediate conjunction with the title in a clear and conspicuous manner; *Example: Jones on Mortgages, Fifteenth Edition, Edited by Samuel Smith.*

(b) Other or prior titles and last copyright date where the book or publication or substantially the same book or publication is or was published separately and/or as part of a set or as part of two or more sets, under identical or different titles [e.g., *Smith on Mortgages* is also published as Volume 9 of *The Symposium on Real Property Law (1980)*; or—*Smith on Mortgages* is substantially the same book as—or is based on—or is composed of material also found in—*Volume 9 of the Symposium on Real Property Law (1980)* (or words to that effect)];

(c) Other or prior titles and last copyright date where the book or publication or substantially the same book or publication is or was published elsewhere and/or in another format or language under identical or different titles [e.g., *Brown on Leases, Revised Edition, published under the title of Landlord and Tenant (1980)*; or *Brown on Leases, Revised Edition, is composed primarily of materials from Landlord and Tenant (1980)* (or words to that effect)];

(d) Which substantial portions of the advertised book or publication came from other sources and the identity of such source by title and last copyright date where the material in the advertised book or publication is substantially based on or is substantially extracted from another source such as an encyclopedia, treatise, etc. [e.g., Chapter 1 of this book is based on the author's article in 97 *Harvard Law Review* 283 (1980)];

(e) Original title and last copyright date of precursor publication where the advertised publication is a revision or a new edition under an old or new title. [Guide 6]

§ 256.7 Representations relative to works not yet published.

Promotional materials designed to solicit the sale of specific industry products should not expressly or impliedly hold out a publication as having been printed or published at the time of the offer when such is not the fact. Advertising relative to works not yet published should clearly and conspicuously disclose that the publication is being planned or contemplated and that inquiries or orders are being solicited to determine demand for the publication, or words to that effect. [Guide 7]

§ 256.8 Representations relative to home State designations.

No direct-mail promotional materials designed to solicit the sale of specific industry products should describe a publication with a home State designation in the title or in any manner as a publication designed for a particular State (e.g., Maryland Edition; or Montana Real Estate Law) unless the contents of said publication are composed of a substantial amount of subject matter which is primarily designed for use in the State so designated. [Guide 8]

§ 256.9 Catalogs.

Listings and descriptions of law publications in catalogs should conform with the information required by §§ 256.1, 256.2, 256.3, and 256.5, and prohibited by §§ 256.4, 256.6, and 256.7 of this part, and should clearly display on the front cover of said catalogs, the printing or coverage dates therefor. [Guide 9]

§ 256.10 Subscription renewal notices.

(a) A subscription renewal notice for publications should not be sent to any person, firm or library, etc., where the recipient thereof has not previously subscribed to, ordered or owned the publication to which the renewal notice refers or relates.

(b) A subscription renewal notice should clearly designate the number of the notice (e.g., "First Renewal Notice;" "Second Renewal Notice," etc.). [Guide 10]

§ 256.11 Disclosures on publications.

Law publications, separately published or published in sets or series should clearly disclose:

- (a) On title page:
 - (1) Full title of the book, including any sub-titles;
 - (2) If part of a set or series, the title of same;
 - (3) The number of the edition if not the first;

(4) The title and copyright date of the precursor book or books where publication is a revision or new edition under an old or new title;

(5) Unambiguous identification of author, editor or compiler; or if authored, edited or compiled by the publisher's editorial staff;

(6) Name, city and state of publisher;

(7) Prior titles and the place and date of previous publication where the book or substantially the same book is or was

published separately or as part of one or more sets under identical or different titles; or is or was published in various places, formats or languages under identical or different titles;

(8) By whom substantial parts of the book were authored or edited where the book was authored, edited or compiled by more than one person;

(9) Sources by titles and copyright dates when the book is substantially based on or is substantially extracted from another source;

(10) By whom substantial parts of a book were authored or edited where the title contains the name of a person who did not author or edit, or only partially authored or edited the book;

(11) If a reprint, original title, author, copyright date, and name, city and state of original publisher;

(12) Where a name appearing in the title of a book differs from the name of the author or editor of the book, the name of the author or editor should appear on the title page in conspicuous type or print.

(b) On title page or verso: If a reprint, name, city and State of reprint publisher and date of reprint. [Guide 11]

§ 256.12 Home State designations on publications.

No law publication should be designated as a home State edition or titled with a State name (e.g., Maryland Edition or Montana Real Estate Law) unless the contents of said publication are composed of a substantial amount of subject matter which is primarily designed for use in the State for which the publication is so designated or titled. [Guide 12]

§ 256.13 Disclosures on supplements.

Supplements issued to law publications which are separately published or are published as part of a set or series should clearly disclose:

(a) On title page of pocket parts and on cover page or cover sheet for replacement or supplemental pages:

(1) Full title of the book; and where part of a set or series, title of the set or series;

(2) Surname and given name of author, editor or compiler of the titled book or if prepared by the publisher's editorial staff;

(3) Surname and given name of author, editor or compiler of supplement if different from that of the titled book;

(4) Coverage or printing dates for the supplement.

(b) On each replacement page, the date of issuance thereon. [Guide 13]

§ 256.14 Upkeep service.*

Any contract, order form or other agreement for the purchase of law publications containing provisions for subsequent automatic shipment of books or materials for upkeep purposes should, on

* Upkeep service is also sometimes referred to as "Standing Order," "Continuations," "Subscription," "Subscription Upkeep" and the like.

the face of such agreement, clearly and conspicuously define the nature and extent of such upkeep service and should offer the following alternatives to be checked by the customer:

(a) The alternative of accepting all automatic upkeep as defined by the seller, or

(b) The alternative of being notified of and having the opportunity to order, divisibly, units of the upkeep service offered by the seller.²

NOTE 1: The purpose of § 256.14 of this part is to furnish the seller and buyer with a clear understanding of what is being ordered. There has been dissension and confusion in the lawbook industry as to what constitutes upkeep service and as to what the customer expects to receive or thinks he ordered under the upkeep provision, and as to which parts or units of the upkeep service the customer considers necessary or unnecessary for his particular needs.

Once a customer invests in a work, his investment serves as a compelling factor in his decision of whether or not to continue future upkeep. Financial practicality and limited choices offered by sellers of particular types of works in a heavily concentrated industry tend to keep the buyer confined to the work in which he has already invested; therefore, the buyer will not or is reluctant to switch to a competitive work (if there is one) when he cannot purchase the type of upkeep he wants or needs.

Customers have varied needs and wants in reference to upkeep. For example, the customer may wish to enter his subscription or order for automatic upkeep of supplements (i.e., pocket part supplements, pamphlet supplements, replacement pages, releases), replacement volumes and recompiled volumes, but he may want to be notified of and given the opportunity to order any additional, companion or related volumes, series or sets, new editions, new revisions, or any related titles. On the other hand, the customer may not wish to receive any upkeep service whatsoever on an automatic basis, but may wish to be notified of and have the opportunity to order, separately, all units of future upkeep.

NOTE 2: Where a customer elects to be notified of and to order individual parts or units of the upkeep service [para. (b) above], the total cost for each unit so ordered shall not exceed the cost of such unit when ordered automatically [para. (a) above], unless the increase in charges is based upon the actual increased costs to the seller for such sale and/or delivery.

NOTE 3: This section does not apply to those upkeep services for which a fixed annual fee is charged.

NOTE 4: The Federal Trade Commission Act will be enforced in accordance with section 3009 of the Postal Reorganization Act which designates that "(a) . . . the mailing of unordered merchandise or of communications prohibited by paragraph (c) of this section constitutes an unfair method of competition and an unfair trade practice . . ."

"(b) Any merchandise mailed in violation of paragraph (a) of this section, or

² This paragraph is not intended to suggest that a complete unit of upkeep for one title be made divisible. For example, pocket part supplements need not be sold individually in divided portions for one title instead of as an entire unit for the title, but the seller should honor the buyer's request, e.g., to receive supplements automatically, to be notified of supplements and/or to be notified of, say, replacement volumes.

within the exceptions contained therein, may be treated as a gift by the recipient, who shall have the right to retain, use, discard, or dispose of it in any manner he sees fit without any obligation whatsoever to the sender. All such merchandise shall have attached to it a clear and conspicuous statement informing the recipient that he may treat the merchandise as a gift to him and has the right to retain, use, discard, or dispose of it in any manner he sees fit without any obligation whatsoever to the sender.

"(c) No matter of any merchandise mailed in violation of paragraph (a) of this section or within the exceptions contained therein, shall mail to any recipient of such merchandise a bill for such merchandise or any dunning communications." [Guide 14]

§ 256.15 Billing practices.

(a) Publishers and sellers of law publications should clearly and conspicuously notify all customers:

(1) To conspicuously mark their account numbers (if any) on all correspondence and payments, including checks, sent by customers to the seller;

(2) That, upon request, any customer may receive an open-account billing statement, on a monthly basis, showing each purchase itemized (including purchases prior to the current month), in lieu of a balance brought forward figure;

(3) That, upon request, any customer may receive a statement of accounts (where the customer has not elected to receive monthly open-account billing statements);

(4) To indicate or identify to the seller or payee to what item or items any payment is to be applied.

(b) The publisher or seller of law book publications should:

(1) When receiving communications showing account numbers, have the responsibility of applying all correspondence and payments to the correct ac-

count, and if there is any question, notify the customer before feeding the computer;

(2) Provide open-account monthly billing statements or statements-of-accounts when requested by the customer;

(3) Apply payments or credits as designated by the buyer or payor;

(4) Upon being notified in writing by the customer of an error on the customer's billing statement, or where the customer seeks clarification with respect to the statement:

1. Send a written acknowledgment to the customer within 10 days;

2. Cease from sending further bills until the inquiry is clarified;

3. Send a written correction or clarification of the account within 30 days;

4. Send documentary evidence of the customer's indebtedness where the seller avers that the seller's statement is correct.

(c) The seller of law publications should not directly or indirectly threaten the customer with unfavorable consequences concerning unpaid bills unless the seller has complied with paragraphs (a) and (b) of this section as listed above.

(d) The seller of law publications, in written communications with the buyer, shall not use fictitious names, but shall use names of live persons who are actively participating in the business.

(e) Monthly billing statements to purchasers of law publications should show:

(1) Date;

(2) An invoice number for each item;

(3) A clear and readable description of each item or unit. If abbreviations are used, the statement should have thereon or attached thereto a clear interpretation of said abbreviations (e.g., a table);

(4) A price for each item.

(f) All law publication invoices should:

(1) Be clear and readable;

(2) Be numbered;

(3) Show account number, if any;

(4) Show a clear and readable description of each item. If abbreviations are used, the invoice should have thereon or attached thereto a clear interpretation of said abbreviations (e.g., a table);

(5) A price for each item. Guide [15]

§ 256.16 Misrepresentation (general).

An industry product should not be advertised, published or otherwise represented in any manner which may have the capacity and tendency or effect of misleading or deceiving purchasers or prospective purchasers concerning the grade, quality, material, size, contents, use, value, price, origin, preparation, manufacture or date of publication or copyright of any book, or of any supplementation thereto, or the current or up-to-date character thereof, or concerning any service offered in connection therewith, or in any other material respect. [Guide 16]

Note: The Commission recognizes that an industry dependent upon millions of mail transactions each month cannot completely avoid errors. Accordingly, random, sporadic, isolated nonconformance with this part shall not constitute a violation if the seller's procedures, manpower, and facilities are adequate to ensure that the occurrence of such errors is minimized and they are corrected promptly upon their discovery, or if such nonconformance is the result of circumstances beyond the seller's control.

Issued: February 23, 1973.

By direction of the Commission.

Notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF DEFENSE

Department of the Air Force U.S. AIR FORCE ACADEMY ADVISORY COUNCIL

Notice of Meeting

FEBRUARY 20, 1973.

The U.S. Air Force Academy Advisory Council, Plenary Session, will hold closed meetings on March 8 and 9, 1973, from 9 a.m. until 4 p.m., at the U.S. Air Force Academy, Colo.

The agenda will include discussions on volunteer cadet attrition, minority group recruiting, liaison officer progression, and psychological screening of applicants.

For additional information on these meetings contact the Assistant Executive Officer, Secretary to the Advisory Council, U.S. Air Force Academy, extension 4510.

JOHN W. FAHRNEY,
Colonel, USAF, Chief, Legislative Division, Office of the Judge Advocate General.

Office of the Secretary of Defense

DEPARTMENT OF DEFENSE WAGE COMMITTEE

Notice of Closed Meetings

Pursuant to the provisions of section 10 of Public Law 92-463, effective January 5, 1973, notice is hereby given that meetings of the Department of Defense Wage Committee will be held on:

Tuesday, March 6, 1973.
Tuesday, March 13, 1973.
Tuesday, March 20, 1973.
Tuesday, March 27, 1973.

These meetings will convene at 9:30 a.m. and will be held in Room 1E-801, The Pentagon, Washington, D.C.

The Committee's primary responsibility is to consider and make recommendations to the Assistant Secretary of Defense (Manpower and Reserve Affairs) on all matters involved in the development and authorization of wage schedules for Federal prevailing rate employees paid from appropriated funds pursuant to Public Law 92-392.

At these scheduled meetings, the Committee will consider wage survey specifications, wage survey data, local reports and recommendations, statistical analyses and proposed pay schedules derived therefrom.

Under the provisions of section 10(d) of Public Law 92-463 and 5 U.S.C. 552(b) (2) and (4), the Assistant Secretary of Defense (Manpower and Reserve

Affairs) has determined that these meetings will be closed to the public.

However, members of the public who may wish to do so, are invited to submit material in writing to the Chairman concerning matters felt to be deserving of the Committee's attention. Additional information concerning these meetings may be obtained by contacting the Chairman, Department of Defense Wage Committee, Room 3D-281, The Pentagon, Washington, D.C.

MAURICE W. ROCHE,
Director, Correspondence and
Directives Division, OASD
(Comptroller).

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Wyoming 36117]

WYOMING

Opening Lands to Small Tract Application

FEBRUARY 20, 1973.

1. Pursuant to Small Tract Classification Wyoming 36117 dated February 20, 1973, the following described land will be opened to small tract application as set out below, for lease only for business site purposes under the Small Tract Act, as amended; 43 U.S.C. 682a (1970):

SIXTH PRINCIPAL MERIDIAN

T. 20 N., R. 83 W.,
Sec. 20, SW $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$
NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$.

The lands are located in Carbon County approximately 5 miles southeast of Walcott Junction, Wyo.

2. At 10 a.m. on March 5, 1973, the land will be open to application for a business site lease under the Small Tract Act. All valid applications received at or prior to 10 a.m. on March 5, 1973, will be considered as simultaneously filed at that time. All applications filed after that time will be considered in the order of filing.

3. Applicants must file, in duplicate, with the Chief, Lands and Mining Section, Bureau of Land Management, P.O. Box 1828, 2120 Capitol Avenue, Cheyenne, WY 82001, application form 2233-1 filled out in compliance with instructions on the form and accompanied by any showings or documents required by those instructions. Copies of the application form can be secured from the above-named official. The application must be accompanied by a filing fee of \$10 and a deposit of \$360 advance rental for 1 year. Failure to transmit these payments with

application will render the application invalid. Advance rentals will be returned to unsuccessful applicants. All filing fees will be retained by the United States.

4. The lease will be issued for a term of 20 years. To maintain rights under this lease, the lessee will be required to place substantial improvements on the land. Minimum requirements will be made a part of the terms and requirements of the lease. Failure to adhere to the terms and requirements will result in nonrenewal of the lease. The lease will be renewable at the discretion of the Bureau of Land Management and the renewal lease will be subject to such terms and conditions as are deemed necessary in the light of the circumstances existing at the time of renewal.

JOHN T. WASSERBURGER,
Acting State Director.

MINUTE MAN NATIONAL HISTORICAL PARK ADVISORY COMMISSION

Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the Minute Man National Historical Park Advisory Commission will be held, commencing at 9 a.m. on Saturday, March 10, 1973, at Park Headquarters on Route 2A, Lincoln, Mass.

The Commission was established by Public Law 86-321 to advise the Secretary of the Interior on the development of Minute Man National Historical Park.

The members of the Commission are as follows:

Mr. David B. Little, chairman, Salem, Mass.
Mr. James DeNormandie, Lincoln, Mass.
Mr. Donald E. Nickerson, Lexington, Mass.
Mr. Francis S. Moulton, Jr., Concord, Mass.
Mrs. Katherine S. White, Lincoln, Mass.

The matters to be discussed at this meeting include the new regulations governing operations of advisory commissions, the Bicentennial, North Bridge, and Fiske Hill developments, Route 2, and land acquisition. In addition, the superintendent will give a report on activities and park operations since the last Commission meeting.

Between 9 a.m. and 11:30 a.m. the meeting will be open to the public. The meeting will be closed to the public between 11:30 a.m. and 12:30 p.m., in order to permit Commission discussion of land acquisition matters. The meeting will then be reopened to the public after 12:30 p.m. Facilities and space are available to accommodate approximately 35 members of the public. Any person may submit written statements to the Commission concerning matters to be discussed.

Any person who wishes further information concerning this meeting, or who wishes to submit a written statement, may contact Herbert Olsen, General Superintendent, Boston Group, National Park Service, 617-369-6993. Minutes of the meeting will be available for public inspection 2 weeks after the meeting at the Office of the General Superintendent, Boston Group, National Park Service, Liberty Street, Concord, Mass.

Dated: February 21, 1973.

STANLEY W. HULETT,
Associate Director,
National Park Service.

[FR Doc. 73-3724 Filed 2-27-73; 8:45 am]

WESTERN REGIONAL ADVISORY COMMITTEE

Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the Western Regional Advisory Committee will be held from 8:30 a.m. to 4:30 p.m., March 9, and from 1:30 p.m. to adjournment on March 10, in the Western regional office conference room 14401, 450 Golden Gate Avenue, San Francisco, CA. The morning of March 10 the Committee will tour a portion of the recently authorized Golden Gate National Recreation Area.

The purpose of the Western Regional Advisory Committee is to provide for the free exchange of ideas between the National Park Service and the public, and to facilitate the solicitation of advice or other counsel from members of the public in problems and programs pertinent to the Western region of the National Park Service.

The members of the Advisory Committee are as follows:

Mr. Lewis S. Eaton, chairman, Fresno, Calif.
Mr. Ben Avery, Phoenix, Ariz.
Mr. Frederick B. Eisenman, Jr., Scottsdale, Ariz.
Mr. Jack H. Walston, Los Angeles, Calif.
Mr. James R. Hooper, Crescent City, Calif.
Mr. Todd Watkins, Bishop, Calif.
Mr. C. Clifton Young, Reno, Nev.
Mr. Ed Fike, Las Vegas, Nev.

Mr. David W. Ballie, Jr., Lihue, Kauai, Hawaii.

The matters to be discussed at this meeting, including a field trip to portions of the recently authorized Golden Gate National Recreation Area, are:

1. Legislative requirements of Committee.
2. Planning and programing for the Western region.
3. Master planning.
4. Back country management.
5. Visitor capacities.
6. Wilderness reports.

The meeting will be open to the public. However, facilities and space for accommodating members of the public are limited and it is expected that not more than 25 persons will be able to attend the sessions. On March 10, facilities will not be available for public participation in the field trip and building passes will be required to enter the Federal building on that date. Passes may be secured from the security guards on duty at the building entrance. Any members of the public may file with the Committee a written statement concerning the matters to be discussed.

Persons wishing further information concerning this meeting, or who wish to submit written statements, may contact John E. Cook, associate director, Western regional office, at 415-556-1486. Minutes of the meeting will be available for public inspection 4 weeks after the meeting at the Office of the Western region, 450 Golden Gate Avenue, San Francisco, CA.

Dated: February 22, 1973.

STANLEY W. HULETT,
Associate Director,
National Park Service.

DESCANSO DISTRICT GRAZING ADVISORY BOARD

Notice of Meeting

The Descanso District Grazing Advisory Board will meet at 8 p.m., March 6, 1973, at Descanso Ranger District Office, 2707 Alpine Boulevard, Alpine, CA 92001.

The purpose of this meeting is to provide National Forest grazing permittees means for expression of recommendations concerning management and administration of Cleveland National Forest grazing resource; better understanding of policy, regulations, and requirements; to develop local interest and responsibility in better range management.

To elect members to the Board of Directors and other offices of the organization as set forth in the bylaws.

The contact address is: William Tulloch, Star Route, Pine Valley, Calif. 92062, phone 714-437-8344.

Written statements may be filed with the committee before or after the meeting.

The committee has established the following rules for public participation. Public members may participate only when they are recognized by the officer in charge of the meeting.

KENTON P. CLARK,
Forest Supervisor.

Proposed Posting of Stockyards
Correction

In FR Doc. 73-1611 appearing on page 2775 in the issue for Tuesday, January 30, 1973, in the list of stockyards the fifth identification number, now reading "TX-203", should read "TX-302".

Rural Electrification Administration
ASSOCIATED ELECTRIC COOPERATIVE,
INC., SPRINGFIELD, MO.
Notice of Availability of Final
Environmental Statement

Notice is hereby given that the Rural Electrification Administration has prepared a Final Environmental Statement in accordance with section 102(2)(C) of the National Environmental Policy Act of 1969, in connection with loan applications from 43 distribution cooperatives supplied by Associated Electric Cooperative, Inc., of Springfield, Mo., through six member G&T systems. These funds will finance construction of a 345-kv. transmission line from New Madrid, Mo., to Dixon, Mo. Financing arrangements involve Federated Electric Cooperative, Inc., an affiliate of Associated.

Additional information may be secured on request, submitted to the Assistant Administrator-Electric, Rural Electrification Administration, U.S. Department of Agriculture, Washington D.C. 20250. The final environmental statement may be examined during regular business hours at the offices of REA in the South Agriculture Building, 12th Street and Independence Avenue SW., Washington, D.C., Room 4310 or at the borrower address indicated above.

Final REA action with respect to this matter (including any release of funds) may be taken after thirty (30) days, but only after REA has reached satisfactory conclusions with respect to its environmental effects and after procedural requirements set forth in the National Environmental Policy Act of 1969, have been met.

Dated at Washington, D.C., this 22d day of February 1973.

DAVID A. HAMIL,
Administrator, Rural Electrification
Administration.

Office of the Secretary
CERTAIN INDIAN TRIBES LOCATED IN
NEW MEXICO

Feed Grain Donations

Pursuant to the authority set forth in section 407 of the Agricultural Act of 1949, as amended (7 U.S.C. 1427), and Executive Order 11336, I have determined that:

1. The chronic economic distress of the needy members of the Acoma, Picuris, Pojoaque, San Ildefonso, Santa Clara, and Taos Pueblos Indian Tribes in New Mexico has been materially increased and become acute because of the severe summer drought of the past two growing seasons which has severely impaired the production of forage for livestock in the State. These lands are reservation or other lands designated for Indian use and are utilized by members of the Indian Tribes for grazing.

2. The use of feed grains or products thereof made available by the Commodity Credit Corporation for livestock feed for such needy members of the tribes will not displace or interfere with normal marketing of agricultural commodities.

Based on the above determinations, I hereby declare the reservation and grazing lands of these tribes to be acute distress areas and authorize the donation of feed grains owned by the Commodity Credit Corporation to livestockmen who are determined by the Bureau of Indian Affairs, Department of the Interior, to be needy members of the tribes utilizing such lands. These donations by the Commodity Credit Corporation may commence upon signature of this notice and shall be made available through the duration of the existing emergency or to such other time as may be stated in a notice issued by the Department of Agriculture.

Signed at Washington, D.C. on February 23, 1973.

EARL L. BUTZ,
Secretary.

Administration

[Docket No. A-597]

JOHN WILLIAM AKER

Notice of Loan Application

FEBRUARY 20, 1973.

John William Aker, Post Office Box 274, Yakutat, AK 99689, has applied for a loan from the Fisheries Loan Fund to aid in financing the purchase of a used wood vessel, about 35 feet in length, to engage in the fishery for salmon, halibut, crab, and shrimp.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries

Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, National Marine Fisheries Service, on or before March 30, 1973. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

PHILIP M. ROEDEL,
Director.

GROUND FISH FISHERIES

Closure of Season

Notice is hereby given pursuant to § 240.8(a)(4), Title 50, Code of Federal Regulations, as follows:

On February 23, 1973, the Director, National Marine Fisheries Service, determined that U.S. vessels operating in regulatory area-Subarea 5, east of 69°00' W. longitude, defined in § 240.1(b)(5) and § 240.6(b)(2), will have reached the quarterly catch limit for yellowtail flounder of 2,950 metric tons for the period January 1-March 31, 1973, as described in § 240.6(b)(2), published in the FEDERAL REGISTER (38 FR 2703) on or about March 3, 1973.

I hereby announce that the season for taking yellowtail flounder without restriction as to quantity by persons and vessels subject to the jurisdiction of the United States, will terminate at 0001 hours local time in the area affected March 3, 1973. The restriction will remain in effect until 0001 hours local time April 1, 1973.

Issued at Washington, D.C., and dated February 26, 1973.

ROBERT W. SCHONING,
Acting Director, National Marine
Fisheries Service.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

BIOLOGICAL PRODUCTS; BACTERIAL VACCINES AND TOXOIDS WITH STANDARDS OF POTENCY, SINGLE OR IN COMBINATION

Safety, Effectiveness and Labeling Review; Request for Data Information

The Food and Drug Administration is undertaking a review of all biological products to determine that they are safe, effective, and not misbranded under prescribed, recommended or suggested conditions of use. This review will utilize advisory panels composed of independent experts who will provide their conclusions and recommendations to the Commissioner of Food and Drugs.

A final order outlining procedures and explaining the purpose of this review was published in the February 13, 1973, issue of the FEDERAL REGISTER (38 FR 4319). To facilitate this review and a determination as to whether a biological product is safe and effective and not misbranded, and to provide all interested persons an opportunity to present for the consideration of the reviewing panel the best data and information available to support the stated claims for biological products, submission of data, published and unpublished, and other information pertinent to these products listed is hereby solicited. The format of submissions shall be in accordance with § 273.245 (b) (3) (21 CFR 273.245). However, in lieu of the information requested in: Section IV, Animal Safety Data; Section V, Human Safety Data; Section VI, Efficacy Data; and Section VII, Summary Data, submissions may be abbreviated as follows:

Previously documented information such as (a) reports in medical and scientific journals, (b) statistical studies concerning disease incidence, and (c) mortality and morbidity studies may be cited as references and need not be submitted in full. For products for which the specific manufacturing and testing methods vary from those cited in the submitted material, and for which specific additional studies have elicited further information regarding the safety and effectiveness of the specific product, information indicating the equivalency of the manufacturing and testing methods to those cited and all other pertinent information must be included with the submission.

Accordingly, notice is hereby given that all data and information regarding the safety and effectiveness of bacterial vaccines and toxoids with standards of potency, single or in combination, which is the second category of licensed products to be reviewed, are requested to be submitted. Included within this category are the following vaccine and toxoid products, either singly or in combination:

Anthrax Vaccine, adsorbed.
BCG Vaccine.
Cholera Vaccine.

Diphtheria Toxoid, fluid and adsorbed.
Tetanus Toxoid, fluid and adsorbed.
Pertussis Vaccine, fluid and adsorbed.
Plague Vaccine.
Typhoid Vaccine.

To be considered, 12 copies of the data and information must be submitted in the prescribed format on or before April 30, 1973, to:

Safety and Efficacy Review (BI-5), Bureau of Biologics, Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20852.

Data and information pertinent to this category of biological products is requested from all interested persons.

Dated: February 21, 1973.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner
for Compliance.

BIOLOGICAL PRODUCTS; VIRAL VACCINES, SINGLE OR IN COMBINATION, AND RICKETTSIAL VACCINES

Safety, Effectiveness and Labeling Review; Request for Data and Information

The Food and Drug Administration is undertaking a review of all biological products to determine that they are safe, effective, and not misbranded under prescribed, recommended or suggested conditions of use. This review will utilize advisory panels composed of independent experts who will provide their conclusions and recommendations to the Commissioner of Food and Drugs.

A final order outlining procedures and explaining the purpose of this review was published in the February 13, 1973, issue of the FEDERAL REGISTER (38 FR 4319). To facilitate this review and a determination as to whether a biological product is safe and effective and not misbranded, and to provide all interested persons an opportunity to present for the consideration of the reviewing panel the best data and information available to support the stated claims for biological products, submission of data, published and unpublished, and other information pertinent to the products listed below is hereby solicited. The format of submissions shall be in accordance with 21 CFR 273.245(b)(3) (21 CFR 273.245). However, in lieu of the information requested in: Section IV, Animal Safety Data; Section V, Human Safety Data; Section VI, Efficacy Data; and Section VII, Summary Data, submissions may be abbreviated as follows:

Previously documented information such as (a) reports in medical and scientific journals, (b) statistical studies concerning disease incidence, and (c) mortality and morbidity studies may be cited as references and need not be submitted in full. For products for which the specific manufacturing and testing methods vary from those cited in the submitted material, and for which spe-

cific additional studies have elicited further information regarding the safety and effectiveness of the specific product, information indicating the equivalency of the manufacturing and testing methods to those cited and all other pertinent information must be included with the submission.

Accordingly, notice is hereby given that all data and information regarding the safety and effectiveness of viral vaccines, single or in combination, and rickettsial vaccines, which is the third category of licensed products to be reviewed, are requested to be submitted. Included within this category are the following vaccines, either singly or in combination:

Adenovirus Vaccine.
Influenza Virus Vaccine.
Measles Virus Vaccine, live, attenuated.
Measles, Mumps and Rubella Virus Vaccine, live.
Measles and Rubella Virus Vaccine, live.
Measles-Smallpox Vaccine, live.
Mumps Vaccine.
Mumps Virus Vaccine, live.
Poliovirus Vaccine fluid or adsorbed.
Diphtheria and Tetanus Toxoids and Pertussis and Poliovirus Vaccines in any combination.
Poliovirus Vaccine, live, oral, trivalent.
Poliovirus Vaccine, live, oral, Type 1.
Poliovirus Vaccine, live, oral, Type 2.
Poliovirus Vaccine, live, oral, Type 3.
Rabies Vaccine.
Rocky Mountain Spotted Fever Vaccine.
Rubella and Mumps Virus Vaccine, live.
Rubella Virus Vaccine, live.
Smallpox Vaccine.
Typhus Vaccine.
Yellow Fever Vaccine.

To be considered, 12 copies of the data and information must be submitted in the prescribed format on or before April 30, 1973.

Safety and Efficacy Review (BI-5), Bureau of Biologics, Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20852.

Data and information pertinent to this category of biological products is requested from all interested persons.

Dated: February 21, 1973.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner
for Compliance.

Health Services and Mental Health Administration

NATIONAL ADVISORY BODIES

Notice of Meetings

The Acting Administrator, Health Services and Mental Health Administration, announces the meeting dates and other required information for the following National Advisory bodies scheduled to assemble the month of March 1973:

Committee name	Date, time, place	Type of meeting and/or contact person
National Advisory Council on Health Manpower shortage areas.	Mar. 2 and 3, 9 a.m. Woodmont Room, Holiday Inn of Bethesda, 8120 Wisconsin Ave., Bethesda, Md.	Open—Contact Jane Hoffman, Room 6-05, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md. Code 301-443-4437.

Purpose.—The Council is charged with establishing guidelines and regulations to improve the delivery of health care services; assigning public health service personnel to areas where medical manpower and facilities are inadequate to meet the health needs of persons living in such areas; and on a nationwide basis recommending the criteria and personnel on which selection of areas are based.

Agenda.—Agenda items will cover the Secretary's override procedure, regulations and plans for implementation of new legislation (92-585), status reports on recruitment and application review.

Committee name	Date, time, place	Type of meeting and/or contact person
Regional Health Advisory Committee, Region IV.	Mar. 8 and 9, 1 p.m., Atlanta Cabana Hotel, 7th and Peachtree Sts., N.E., Atlanta, Ga.	Open—Contact James J. Cox, Room 423, 50 7th St., Atlanta, Ga. Code 404-526-5008.

Purpose.—The Committee convenes to offer consultation, opinions, and guidance on policy and programs in health, including prevention and consumer services, development, delivery, and mental health. The Committee represents consumer and provider interests and advises on State and community needs and priorities in relationship to Federal health programs, recommending courses of action, and noting sensitive situations, and local conditions that might bear on performance in health delivery organization.

Agenda.—Agenda items will cover organization and delivery of public health programs, priorities and current emphasis in areas of health, and Federal directions in relationship to State and community funding for health projects.

Committee name	Date, time, place	Type of meeting and/or contact person
Federal Hospital Council.	Mar. 13, 9 a.m., Conference Room G, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md.	Closed—9-10 a.m. Open—remainder of meeting. Contact Russell Z. Seidel, Room 15-35, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md. Code 301-443-2910.

Purpose.—The Council is charged with advising on policies and regulations under title VI of the Public Health Service Act and to provide final review of grant applications for Federal assistance in the program area administered by the National Center for Health Services Research and Development.

Agenda.—The Council will review grant applications which contain trade secrets, commercial or financial information obtained from a person and privileged or confidential and will be closed to the public for that portion of the meeting in accordance with the determination made by the Acting Administrator, Health Services and Mental Health Administration pursuant to the provisions of Public Law 92-463, section 10(d). The meeting will be open to the public for that portion when the Director, Health Care Facilities Service submits his report.

Committee name	Date, time, place	Type of meeting and/or contact person
Coal Mine Health Research Advisory Council.	Mar. 16, 9 a.m., Conference Room A, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md.	Partially open to the public; closed for grant review. Contact Dr. Raymond T. Moore, Room 10A-13, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md. Code 301-443-2100.

Purpose.—To consult with, and make recommendations to, the Secretary of Health, Education, and Welfare on matters involving or relating to coal mine health research, including grants and contracts for such research.

Agenda.—Agenda items will cover prevalence study of incidence of coal workers' pneumoconiosis in surface coal miners; second round medical examinations of coal miners; progress reports on computer and X-ray analysis; reports of Bureau of Mines Diesel Symposium, and research program at the Appalachian Laboratory for Occupational Respiratory Diseases, and this portion of the meeting will be open to the public. The remainder of the meeting will be closed for the review of research grants in accordance with the determination by the Acting Administrator, Health Services and Mental Health Administration pursuant to the provisions of Public Law 92-463, section 10(d).

Purpose.—The Councils are charged with advising on policies and regulations under title III and title VI of the Public Health Service Act.

Agenda.—The Councils will be receiving reports from the Director and staff members of the National Center for Health Services Research and Development relative to current programs and plans for fiscal year 1974 and will be open to the public.

Committee name	Date, time, place	Type of meeting and/or contact person
Joint Meeting of the National Advisory Health Services Council and Federal Hospital Council.	Mar. 14, 9 a.m., Conference Room G-H, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md.	Open—Contact Russell Z. Seidel, Room 15-35, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md. Code 301-443-2940

Purpose.—The Council is charged with advising on policies, needs and requirements for research and development designed to increase effectiveness and efficiency of medical care and health services. Council is also charged with the final review of grant applications for Federal assistance in the program areas administered by the National Center for Health Services Research and Development.

Agenda.—The Council will review grant applications which contain trade secrets, commercial or financial information obtained from a person and privileged or confidential and will be closed to the public in accordance with the determination made by the Acting Administrator, Health Services and Mental Health Administration pursuant to the provisions of Public Law 92-463, section 10(d).

Committee name	Date, time, place	Type of meeting and/or contact person
National Advisory Council on Alcohol Abuse and Alcoholism.	Mar. 26 and 27, 9-30 a.m., Conference Room G, Parklawn Bldg., 5600 Fishers Lane, Rockville, MD.	Open Mar. 26. Closed Mar. 27. Contact Delores del Motoyor Finister, Room 16C-02, Parklawn Bldg., 5600 Fishers Lane, Rockville, MD. Code 301-443-2550.

Purpose.—The Council advises the Secretary, Department of Health, Education, and Welfare regarding policy direction and program issues of national significance in the area of alcohol abuse and alcoholism. It reviews all grant applications submitted and evaluates these in terms of scientific merit and coherence with Department policies.

Agenda.—March 26 will be devoted to a discussion of policy issues, including a discussion of the '73 and '74 budgets and their implementation by the Director; a report on the National Center for Alcohol Education; a report on decentralization; and discussions with the Director, National Institute of Mental Health and the Administrator, Health Services and Mental Health Administration. On March 27, the Council will conduct a final review of grant applications for Federal assistance and this session will not be open to the public, in accordance with the determination by the Acting Administrator, Health Services and Mental Health Administration, pursuant to

the provisions of Public Law 92-463, Section 10(d).

Agenda items are subject to change as priorities dictate.

A roster of members and relevant information regarding open sessions may be obtained from the contact persons listed above.

Dated: February 23, 1973.

ANDREW J. CARDINAL,
Acting Associate Administrator
for Management, Health
Services and Mental Health
Administration.

National Institutes of Health
CANCER TREATMENT ADVISORY
COMMITTEE

Notice of Meeting

Pursuant to Public Law 92-463, notice is hereby given of the meeting of the Cancer Treatment Advisory Committee, March 1-2, 1973, 9 a.m.-5 p.m., National Institutes of Health, Building 31, Conference Room 10. This meeting is to discuss the disease orientation and combined modality approach to improving the results of cancer treatment and will be open to the public. Attendance by the public will be limited to space available.

Mr. Frank Karel, Associate Director for Public Affairs, NCI, Building 31, Room 10A31, National Institutes of Health, Bethesda, Md. 20014 (301-496-1911), will furnish summaries of the open meeting and roster of committee members.

Dr. C. Gordon Zubrod, Executive Secretary, Building 31, Room 3A52, National Institutes of Health, Bethesda, Md. 20014 (301-496-4291), will provide substantive program information.

JOHN F. SHERMAN,
Acting Director,
National Institutes of Health.

GENERAL RESEARCH SUPPORT
PROGRAM ADVISORY COMMITTEE

Notice of Meeting

Pursuant to Public Law 92-463, notice is hereby given of the meeting of the General Research Support Program Advisory Committee, March 1-2, 1973, at 8:30 a.m., National Institutes of Health, Building 31, Conference Room 9. This meeting will be open to the public from 8:30 a.m. to 9 a.m. on March 1, 1973, and from 10:30 a.m. to 4:30 p.m. on March 2, 1973, for general remarks and introduction of ad hoc consultants by the Chairman of the General Research Support Program Advisory Committee, followed by brief remarks from the Division Director. The meeting will be closed to the public from 9 a.m. to 5 p.m. on March 1, 1973, and from 8:30 a.m. to

10:30 a.m. on March 2, 1973, in accordance with the provisions set forth in section 10(d) of Public Law 92-463. Attendance by the public will be limited to space available.

The Information Officer who will furnish summaries of the meeting and roster of Committee members is Mr. James Augustine, Division of Research Resources, Building 31, Room 4B03, Bethesda, Md. 20014, 496-5545.

The Executive Secretary from whom substantive program information may be obtained is Dr. George M. Willis, Building 31, Room 4B04, Bethesda, Md. 20014, 496-6743.

JOHN F. SHERMAN,
Deputy Director,
National Institutes of Health.

DEPARTMENT OF TRANSPORTATION

Coast Guard

[CGD 73-37PH]

BALTIMORE & OHIO RAILROAD CO.

Notice of Public Hearing

Notice is hereby given that a public hearing regarding the Baltimore & Ohio Railroad Co. bridge across the Ohio River at mile 184.3 will be held on April 3, 1973, at 9:30 a.m. at the National Guard Armory, 1500 Blizard Drive, Parkersburg, WV. This hearing is being held under the authority of section 3 of the act of June 21, 1940 (Truman-Hobbs Act) 54 Stat. 498, 33 U.S.C. 513; section 4(f), 80 Stat. 934, as amended, 49 U.S.C. 1653(f); section 6(g)(3), 80 Stat. 937, 49 U.S.C. 1655(g)(3); 33 CFR 116.20 and 49 CFR 1.46(c)(6).

The existing bridge, which is a multi-span fixed bridge, provides a minimum horizontal clearance of 326.5 feet and a vertical clearance of 70.7 feet (above normal pool stage) in the navigation channel. A number of complaints have been received alleging that the bridge is unreasonably obstructive to navigation. The purpose of the hearing is to determine whether alteration is needed and if so what alteration is required, having due regard for the necessity of free and unobstructed navigation upon the river. The needs of rail traffic will also be considered.

Public comment, views, and data are required for ascertaining whether the bridge unreasonably obstructs navigation, whether vessels have unreasonable difficulty in passing through the bridge, the changes necessary to render navigation through or under the bridge reasonably free, easy, and unobstructed, the character and amount of commerce affected, whether the commerce affected is sufficient to justify alteration of the bridge, and the impact of the alteration, if made, upon the quality of the human environment.

Any person who wishes to appear and be heard at this Public Hearing may do so and such person is requested to notify the Commander, Second Coast Guard District, any time prior to the hearing

indicating the amount of time required. Depending upon the number of scheduled statements, it may be necessary to limit the amount of time allocated to each person. Limitations of time allocated, if required, will be announced at the beginning of the hearing. Written statements and exhibits may be submitted in place of or in addition to oral statements and will be made a part of the record of the hearing. Such written statements and exhibits may be delivered at the hearing on April 3, 1973, or mailed in advance to Commander, Second Coast Guard District, Federal Building, 1520 Market Street, St. Louis, MO 63103.

Dated: February 21, 1973.

J. D. McCANN,
Captain, U.S. Coast Guard
Acting Chief, Office of Marine Environment and Systems.

National Highway Traffic Safety Administration

YOUTHS HIGHWAY SAFETY ADVISORY COMMITTEE

Notice of Public Meeting

On March 3, 1973, the Membership Subcommittee of the Youths Highway Safety Advisory Committee will hold an open meeting at the Continental Hotel, Kansas City, Mo. The Subcommittee is composed of persons appointed by the Secretary of Transportation to advise and consult with the National Highway Traffic Safety Administrator concerning programs and activities to attract and sustain the participation of young people in the national effort to combat highway deaths and injuries.

The meeting will be in session from 9 a.m. to 4 p.m. on Saturday, March 3, 1973.

The agenda is as follows:

Establishing a manual for youths to be sent to Governors' Representatives to assist them in planning a statewide youth highway safety committee.

Establishing a relationship between the Youths Highway Safety Advisory Committee and the Youth Order.

This notice is given pursuant to section 10(a)(2) of Public Law 92-463, January 5, 1973 (Federal Advisory Committee Act).

Issued on February 26, 1973.

DANA L. SCOTT,
Associate Administrator
for Administration.

ATOMIC ENERGY COMMISSION

[Docket No. 50-247]

CONSOLIDATED EDISON CO. OF NEW YORK, INC.

Order Extending Completion Date

Consolidated Edison Co. of New York, Inc., is the holder of Provisional Construction Permit CPPR-21 issued by the Commission on October 14, 1966, for the

construction of the Indian Point Station Unit No. 2, a 2,758-megawatt (thermal) pressurized water nuclear reactor, presently under construction at the company's site on the Hudson River in the village of Buchanan, Westchester County, N.Y.

On January 30, 1973, the company requested an extension of completion date because of delays in the construction and associated testing of the facility due to the determination to refabricate the core. The final shipment of refabricated fuel is expected onsite shortly. The Director of Regulation having determined that this action involves no significant hazards consideration, and good cause having been shown:

It is hereby ordered, That the latest completion date for CPPR-21 is extended from March 1, 1973, to June 1, 1973.

Date of issuance: February 20, 1973.

For the Atomic Energy Commission.

A. GIAMBUSO,
Deputy Director for Reactor Projects, Directorate of Licensing.

[Order 73-2-85]

WESTERN AIR LINES, INC.**Order of Investigation and Suspension Regarding Hawaiian GIT Routing Changes**

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 22d day of February 1973.

By tariff revisions¹ marked to become effective February 23, 1973, Western Air Lines, Inc. (Western) proposes to permit members of 154-passenger group inclusive tours to Hawaii to stop over in Las Vegas at no extra charge, and to provide for such stopovers by publishing new

¹ Revisions to Airline Tariff Publishers, Inc., Agent, Tariff CAB No. 143.

routings via Las Vegas in conjunction with American Airlines, Inc. (American), Air Canada, Delta Air Lines, Inc. (Delta), Eastern Air Lines, Inc. (Eastern), National Airlines, Inc. (National), and Trans World Airlines, Inc. (TWA).²

In support of its proposal, Western alleges that stopovers at Las Vegas are permitted for similar 154-passenger group inclusive tours to Hawaii and that both United Air Lines, Inc. (United) and Delta publish routings via Las Vegas which can be used for such tours.

No complaints have been filed.

Upon consideration of the tariff proposal and all relevant matters the Board finds that the routings proposed jointly with American, Eastern, and Air Canada may be unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and should be investigated. The Board further concludes that in view of the circuitry involved these routings raise a sufficient question of reasonableness to warrant suspension of the joint routings with American and Eastern pending investigation.

These routings would require that the group first travel to Los Angeles, San Diego, or San Francisco, from which Western would provide round-trip transportation to Las Vegas and return at no extra cost before continuing outbound to Hawaii. A total backhaul distance ranging from 452 to 838 miles would be involved. Since the tariff provides that the group may stop over at the same point both outbound to and inbound from Hawaii, circuitry could be double this amount.

The Board has previously expressed its concern with the significant discounts from normal coach fares which these group fares represent, even on a direct basis.³ For this reason, we are not prepared to permit the further dilution of yield which would flow from this proposal without prior investigation.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a), 403, 404, and 1002 thereof,

It is ordered, That:

1. An investigation be instituted to determine whether the provisions described in appendices A and B hereto, and rules, regulations, and practices affecting such provisions, are or will be unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful, to determine and prescribe the lawful provisions, and rules, regulations, or practices affecting such provisions;

2. Pending hearing and decisions by the Board, the provisions described in Appendix A hereto are suspended and

² These fares permit individual travel from the point of origin to the assembly points of Chicago, Dallas/Fort Worth, Los Angeles, St. Louis, San Diego, or San Francisco. Stopovers are presently permitted at any of the assembly points.

³ Order 72-11-31, Nov. 10, 1972.

their use deferred to and including May 23, 1973, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. The proceeding ordered herein be assigned for hearing before an Administrative Law Judge of the Board at a time and place hereafter to be designated; and

4. Copies of this order be filed in the aforesaid tariff and served on American Airlines, Inc., Eastern Air Lines, Inc., Air Canada, and Western Air Lines, Inc., which are hereby made parties to this proceeding.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] **PHYLLIS T. KAYLOR,**
Acting Secretary.

COUNCIL ON ENVIRONMENTAL QUALITY**ENVIRONMENTAL IMPACT STATEMENTS****Notice of Public Availability**

Environmental impact statements received by the council from February 12 through February 16, 1973.

NOTE: At the head of the listing of statements received from each agency is the name of an individual who can answer questions regarding those statements.

DEPARTMENT OF AGRICULTURE

Contact: Dr. T. C. Byerly, Office of the Secretary, Washington, D.C. 20250, 202-447-7803.

FOREST SERVICE

Draft, February 5

Cooperative Spruce Budworm Suppression Project, Maine, County: several. The statement refers to the proposed aerial spraying in late May and June 1973, of 500,000 acres of state and private woodlands in Aroostook, Penobscot, Piscataquis, and Washington Counties, in order to minimize further spruce budworm caused tree mortality. The chemical agents to be used are Zectran and fenitrothion. The insecticides may find their way into local water systems, with possible adverse effect to aquatic life. (82 pages) (ELR Order No. 00179) (NTIS Order No. EIS 73 0179-D)

Draft, February 6

Rogue River, Mt. Hood, and Willamette National Forests, Oregon and California. The statement refers to a program of herbicides use within the three National Forests, for the purposes of reforestation, forest plantation management, and the maintenance of rights-of-way, among others. The chemical agents to be used are Amitrole, Dicamba, 2,4-D, 2,4,5-T, Silvex, and Picloram. Counties to be affected are Multnomah, Hood, Wasco, Clackamas, Marion, Linn, Lane, Douglas, Jackson, Klamath, and Josephine in Oregon, and Siskiyou in California. Nontarget species will be affected. (Approximately 400 pages) (ELR Order No. 00192) (NTIS Order No. EIS 73 0192-D)

SOIL CONSERVATION SERVICE**Draft, February 6**

Swan Creek Watershed Project, Ala. County, Limestone. The statement refers to a project which is designed to provide flood protection on the 56,429-acre watershed. Conservation land treatment measures will be employed on 39,110 acres; structural measures will include 12.5 miles of channel works and 12 miles of channel clearing. Approximately 300 acres of forest land will be cleared for project installation. (22 pages) (ELR Order No. 00189) (NTIS Order No. EIS 73 0189-D)

ARCHITECT OF THE CAPITOL

Contact: Mr. George M. White, Architect of the Capitol, U.S. Capitol, Room SB 15, Washington, D.C. 20515, 202-225-1200.

Draft, February 13

Capitol Powerplant, District of Columbia. The statement refers to the proposed construction of a refrigeration plant building which is to be the first module of a long range expansion program for the Capitol Powerplant. The plant presently produces steam for heating and chilled water for air conditioning for the Capitol, the two Senate Office Buildings, the three House Office Buildings, the Supreme Court Building, and the two Library of Congress Buildings; and steam heat alone for several other buildings. No significant adverse impact is expected from the action. (39 pages) (ELR Order No. 00253) (NTIS Order No. EIS 73 0253-D)

ATOMIC ENERGY COMMISSION

Contact: For nonregulatory matters: Mr. Robert J. Catlin, Director, Division of Environmental Affairs, Washington, D.C. 20545, 202-973-5391. For regulatory matters: Mr. A. Giambusso, Deputy Director for Reactor Projects, Directorate of Licensing, Washington, D.C. 20545, 202-973-7373.

Final, February 13

La Salle County Station, Ill. County: La Salle. The statement refers to an application by the Commonwealth Edison Co. for construction permits for the station. Two boiling water reactors, of 3293 MWT and 1100 MWe each, would be constructed. Cooling water would be drawn from a to-be-constructed artificial lake. Approximately 6,860 acres of agricultural land will be required for the project; an additional 400 acres will be taken for appurtenant facilities (including transmission line); 30 families will be displaced. An unspecified amount of gaseous radioactive effluents will be released to the environs. (276 pages) Comments made by: USDA, COE, DOC, HEW, HUD, DOL, DOT, EPA, and FPC. (ELR Order No. 00247) (NTIS Order No. EIS 73 0247-F)

Bally Generating Station, Ind. County:

Porter. The statement considers the issuance of a construction permit to the Northern Indiana Public Service Co. for a 1931 MWT, 685 MWe boiling water unit. Natural draft cooling towers will be used, with water being drawn from Lake Michigan. Approximately 34,000 curies of radioactivity in gaseous wastes and 25 curies (including 20 of tritium) in liquid wastes will be released to the environment annually. The mixing of cooling tower plume with smoke plume from existing coal-fired units may form acids which, with salts and liquid chemical wastes, may have adverse effects upon flora and fauna in the adjacent Cowles Bog National Landmark of the Indiana Dunes National Lakeshore. (338 pages) Comments made by: USDA, COE, DOC, HEW, DCI, DOT, EPA, and FPC. (ELR Order No. 00246) (NTIS Order No. EIS 73 0246-F)

DEPARTMENT OF COMMERCE

Contact: Dr. Sidney R. Galler, Deputy Assistant Secretary for Environmental Affairs, Department of Commerce, Washington, D.C. 20230, 202-987-4335.

Final, February 12

Fruit/Church Industrial Park, Calif. County: Fresno. The statement refers to the proposed development of an industrial park in southwest Fresno. The action will include a loan to the O'Neill Meat Co., which will enable it to modernize its plant; and a grant to the city of Fresno, which will permit the acquisition of the 74-acre site and its development for use by heavy industry. There will be increases in noise, dust, and exhaust emissions during and after construction. (163 pages) and Comments made by: USDA, EPA, HUD, and DOI. (ELR Order No. 00240) (NTIS Order No. EIS 73 0240-F)

DEPARTMENT OF DEFENSE**ARMY CORPS**

Contact: Mr. Francis X. Kelly, Director, Office of Public Affairs, Attention: DAEN-PAP, Office of the Chief of Engineers, U.S. Army Corps of Engineers, 1000 Independence Avenue SW., Washington, DC 20314, 202-693-7168.

Draft, February 16

West Terre Haute Levee, Ind. The proposed project involves the construction of 10,000 feet of levee, 845 feet of concrete wall, 2,000 feet of railroad fill slope blanket, and 1,900 feet of raised street, in order to provide local flood protection for the city of West Terre Haute. Sixty acres of land will be committed to the project. (11 pages) (ELR Order No. 00281) (NTIS Order No. EIS 73 0281-D)

Draft, February 15

Aguirre Power Complex, Puerto Rico. The statement refers to the proposed granting of the permit for construction of a discharge channel under section 10 of the River and Harbor Act of 1899. Associated action involves the construction of a steam-electric power generating plant (utilizing two low sulfur fuel oil fired 420 mw. units) and transmission lines. The 317.5-acre site consists of 154 acres of mangrove forest and 112 acres of agricultural land. An additional 42 acres of live mangrove will be eliminated during construction of the discharge canal and dumping area. Cooling water will be drawn from Jabos Bay at 552,000 g.p.m. (Approximately 400 pages) (ELR Order No. 00267) (NTIS Order No. EIS 72 0267-D)

Final, February 16

Ririe Dam and Lake, Idaho. Counties: Bonneville and Bingham. The statement refers to the proposed construction of Ririe Dam Lake on Willow Creek. The project, which is for the purpose of flood control, is 26 percent complete. A 251-foot high rockfill dam is being constructed, along with a 7.8-mile long floodway channel. Approximately 6,815 acres, of which 1,560 will be inundated, are required for the project; 12 miles of natural stream will also be inundated. Much of the area involved is farm land and wildlife habitat. (115 pages) Comments made by: USDA, EPA, DOI, and PRBC. (ELR Order No. 00276) (NTIS Order No. EIS 73 0276-F)

DELAWARE RIVER BASINS COMMISSION

Contact: Mr. W. Brinton Whitall, Secretary, Post Office Box 360, Trenton, NJ 08603, 609-883-9500.

Draft, February 6

Edge Moor Steam Electric Generating Station, Delaware. County: New Castle. The statement refers to the proposed construction of Unit 5, a 400 mw. oil-fired steam-electric generating station; the replacement of the four existing coal-fired units with oil-fired units; and the construction of such related facilities as storage tanks, a domestic waste system, inlet and outlet works, and a water channel. The project will discharge additional amounts of solids, chemical, and waste heat to the Delaware River. (Approximately 400 pages) (ELR Order No. 00193) (NTIS Order No. EIS 73 0193-D)

Final, February 14

Point Pleasant Diversion Plan, Pennsylvania. Counties: Bucks and Montgomery. The statement refers to a proposed pumping station on the Delaware River at Point Pleasant, which would pump water through a transmission main to a 46 million gallon reservoir. There the flow would be diverted, part flowing to the North Branch Neshaminy Creek and Reservoir PA-617 for augmentation of low summer flow; and part being pumped into East Branch Perkiomen Creek, in order to serve the Limerick Nuclear Power Station and the future supply needs of Bucks and Montgomery Counties. Without additional reservoirs in the upper Delaware basin consumptive use of its water will require controls, conceivably to the detriment of producing electrical energy. (Approximately 300 pages) Comments made by: USDA, EPA, and DOI, agencies of Pennsylvania and New Jersey, and concerned citizens. (ELR Order No. 00260) (NTIS Order No. EIS 73 0260-F)

GENERAL SERVICES ADMINISTRATION

Contact: Mr. Rod Kreger, Acting Administrator, GSA-AD, Washington, D.C. 20405, 202-343-6077.

Draft, February 6

Metropolitan Correctional Center, Philadelphia, Pa. The proposed action is the construction of a new Metropolitan Correctional Center (MCC) in urban Philadelphia. The facility will be operated by the Bureau of Prisons, Department of Justice. The MCC will provide detention of persons awaiting trial or sentencing for Federal offenses, and for those serving short-term sentences. The five-story structure will have a capacity of 300. Adverse impact will include construction disruption. (46 pages) (ELR Order No. 00190) (NTIS Order No. EIS 73 0190-D)

DEPARTMENT OF HEW

Contact: Mr. Paul Cromwell, Office of the Assistant Secretary for Health and Scientific Affairs, Room 3718 HEWN, 3000 Independence Avenue SW., Washington, DC 20202, 202-963-4456.

Final, February 14

Community College of Delaware County, Pa. County: Delaware. The statement refers to the proposed construction of a new community college on a 120-acre site. The facility will serve 2,500 students and cost \$18 million. Concern has been expressed that construction will adversely affect local water systems. (171 pages) Comments made by: USDA, 2 EPA, 2 COE, 2 DOI, and 2 DOT. (ELR Order No. 00264) (NTIS Order No. EIS 73 0264-F)

DEPARTMENT OF INTERIOR

Contact: Mr. Bruce Blanchard, Director, Environmental Project Review, Room 7260, Department of the Interior, Washington, D.C. 20240, 202-343-3891.

BUREAU OF SPORTS FISHERIES AND WILDLIFE

Draft, February 13

Hawaiian Islands National Wildlife Refuge, Hawaii. County: Honolulu. The statement refers to a legislative proposal that 303,963 acres of the 304,203 acre Hawaiian Islands National Wildlife Refuge be designated as wilderness within the National Wilderness Preservation System. The area includes island groups, reefs, shoals, and adjacent submerged lands of the Leeward Hawaiian Islands. (39 pages) (ELR Order No. 00251) (NTIS Order No. EIS 72 0251-D)

NATIONAL PARK SERVICE

Draft, February 13

Katmai National Monument, Alaska. The statement, a revised draft, proposes the legislative designation of 2,603,547 acres of the Monument as wilderness. The establishment of Katmai Wilderness would insure protection of a primitive area containing 100 miles of ocean bays, fjords, and lagoons, backed by a range of glacier covered peaks and volcanic crater lakes. The interior provides important habitat for the Alaskan brown bear, as well as such rare and endangered species as the wolverine and the bald eagle. (61 pages) (ELR Order No. 00249) (NTIS Order No. EIS 73 0249-D)

Proposed Wilderness, Mesa Verde National Park, Colo. County: Montezuma. The statement refers to the proposed legislative designation of three units of wilderness (totaling 8,100 acres) in the 52,074 acre Mesa Verde National Park. Not recommended for wilderness is the balance of roadless area lands (34,000 acres) which contain a high density of Pueblo archeological resources which have not yet been fully surveyed. (77 pages) (ELR Order No. 00248) (NTIS Order No. EIS 73 0248-D)

Draft, February 6

Crater Lake National Park, Oreg. County: Klamath. The statement refers to the proposed legislative designation of 115,900 acres of the 160,200-acre Crater Lake National Park as wilderness. Such designation will forego the possibility of additional visitor facilities and developments in the present roadless area (80 pages) (ELR Order No. 00182) (NTIS Order No. EIS 73 0182-D)

OFFICE OF COAL RESEARCH

Final, February 15

Synthetic Fuels Pilot Plant, W. Va. The statement refers to the modification and operation of a synthetic fuels pilot plant at Cresap. The purpose of the plant is that of defining the most economic conditions for the conversion of high-sulfur Eastern coal to low sulfur fuel oil for utility station use. The statement anticipates no environmental problems from the revised pilot plant. (160 pages) Comments made by: EPA, HEW, and DOI. (ELR Order No. 00270) (NTIS Order No. EIS 73 0270-F)

OFFICE OF SALINE WATER

Final, February 15

Desalting Technology. The statement refers to a proposed 5-year extension of research and development projects and programs which are intended to improve desalting technology. The research is being conducted under Public Law 92-60. Separate impact statements will be prepared on specific programs as required. (92 pages) Comments made by: USN, DOC, COE, EPA, HUD, and DOI. (ELR Order No. 00266) (NTIS Order No. EIS 73 0266)

NATIONAL CAPITAL PLANNING COMMISSION

Contact: Mr. Donald F. Bozarth, Director of Current Planning and Programming, Washington, D.C. 20576, 202-382-1471.

Draft, February 16

Downtown Urban Renewal Area, District of Columbia. The statement refers to proposed modification to the Downtown Urban Renewal Plan for the District of Columbia's Fourth Year Neighborhood Development Program (NDP-4). The modifications provide for addition of land use and building controls to the Plan; the designation of a site for a new fire station; the designation of a 1½-acre site for clearance. Adverse effects will include construction disruption and increased demands upon water and sewage facilities. (176 pages) (ELR Order No. 00272) (NTIS Order No. EIS 73 0272-D)

Shaw School Urban Renewal Plan, District of Columbia. The statement refers to proposed modifications to the Shaw School Urban Renewal Plan for the District of Columbia's Fourth Year Neighborhood Development Program (NDP-4). The modification would provide for the designation of five sites for residential development; the designation of five sites for public/open space; and the designation of several squares for rehabilitation. New residential construction will total 392 units. Adverse effects of the action will include construction disruption and increased demand upon existing water and sewer facilities. (203 pages) (ELR Order No. 00274) (NTIS Order No. EIS 73 0274-D)

DEPARTMENT OF TRANSPORTATION

Contact: Mr. Martin Convisser, Director, Office of Environmental Quality, 400 Seventh Street SW., Washington DC 20590, 202-466-4357.

FEDERAL AVIATION ADMINISTRATION

Draft, February 12

Washington National and Dulles International Airports, District of Columbia. The statement proposes policy changes in the use of Washington National Air-

port (DCA) and Dulles International Airport (IAD). Those changes are: DCA will be operated solely as a short haul airport insofar as air carrier operations are concerned (policy will increase utilization of Dulles by shifting longer haul flights from DCA to IAD), no significant expansion of DCA will occur (except for improving airport access and egress, baggage handling, and overall aesthetics); the upper limitation of 40 carrier operations per hour will be reduced as new large aircraft are scheduled into DCA. Increased utilization of water and sewer facilities and increased air pollution at both airports will occur. (95) (ELR Order No. 00229) (NTIS Order No. EIS 73 0229-D)

Cresco Municipal Airport, Iowa. County:

Howard. The proposed project is the relocation and surfacing of the primary landing strip consisting of a 50' x 2,950' NW/SE Portland cement concrete surface. Approximately 20 acres of land will be obtained for the purposes of constructing the landing strip. (83 pages) (ELR Order No. 00231) (NTIS Order No. EIS 73 0231-D)

Beloit Municipal Airport, Kans. County:

Mitchell. The proposed project is the paving and extending of Runway 17/35 to 3,000' x 60'. The action also contemplates constructing a turnaround and connecting taxiway apron; installation of medium intensity runway lighting, including VASI 2, lighted wind cone, beacon, segmented circle, and runway marking. Approximately 44 acres of land will be acquired for airport development and clear zones. Increases in noise and air pollution will occur. (65 pages) (ELR Order No. 00236) (NTIS Order No. EIS 73 0236-D)

Houghton Lakes Municipal Airport, Mich. County: Roscommon. The proposed project calls for the reimbursement for approximately 115 acres of land to extend and widen Runway 9-27 from 2,900' x 60' to 4,000' x 75'; construct a taxiway type turnaround on the east end of Runway 9-27 and install medium intensity lighting, including 2-box VASI. Tree clearance in the approach to the runway (20 acres) will reduce wildlife habitat. The extension will traverse part of a swamp destroying part of its natural environment. Increases in noise and air pollution will occur. (28 pages) (ELR Order No. 00232) (NTIS Order No. EIS 73 0232-D)

Detroit Lakes Airport, Minn. County:

Becker. The proposed project is to extend and widen the existing 75' x 3,400' NW/SE runway to 100' x 4,500', relocate and install medium intensity runway lights, enlarge existing apron and install VASI. The facility will require 22.75 acres of land and relocate a township road. Adverse effects will include loss of agricultural land and wildlife habitat and increases in noise and air pollution levels. (18 pages) (ELR Order No. 00235) (NTIS Order No. EIS 73 0235-D)

Seminole Municipal Airport, Okla. County:

Seminole. The proposed project is designed to reconstruct and mark existing N/S Runway (3,000' x 75'), extend runway (600' x 75'), construct stud taxiway, and install medium intensity runway lights. No land will be acquired. Increases in air and noise pollution will occur. (27 pages) (ELR Order No. 00233) (NTIS Order No. EIS 73 0233-D)

Final, February 16

Columbia-Adair County Airport, Ky. County: Adair. The statement refers to the proposed construction of a new airport capable of accommodating propeller aircraft under 12,500 pounds on a 24-hour basis. The project will provide for a 4,000' x 75' paved runway and future development of a 1,000-foot extension, medium intensity lights, apron, and taxiway. The airport will be constructed on predominantly city-owned land with approximately 40 acres acquired from private property owners. Air and noise pollution levels will increase. (37 pages) Comments made by: USDA, DOI, DOT, EPA, and HEW. (ELR Order No. 00278) (NTIS Order No. EIS 73 0278-F)

FEDERAL HIGHWAY ADMINISTRATION

Draft, February 13

Mills Avenue Extension—Orlando, Fla. County: Orange. The proposed project is the extension of Mills Avenue in Orlando. Total length of the project is 0.545 mile. The facility will displace between 32 and 60 individuals. Approximately 200 trees will be removed. The facility, by means of fill, would reduce the area of Lake Lawson from 10.4 acres to 10 acres. Increases in noise and air pollution will occur. (84 pages) (ELR Order No. 00256) (NTIS Order No. EIS 73 0256-D)

Draft, February 12

Breman Bypass (US-6), Indiana. County: Marshall. The proposed project is the construction of U.S. Highway 6, bypass of Breman. Project length is 7 miles. The facility will require 230 acres of land and displace four to nine families, depending upon the alternate chosen. Increases in noise and air pollution levels will occur. (34 pages) (ELR Order No. 00243) (NTIS Order No. EIS 73 0243-4)

Draft, February 9

I-787 Connection (Hoosick Street Bridge), New York. Counties: Albany and Rensselaer. The proposed project is the construction of a multilane (eight lanes) facility (including a bridge over the Hudson River) known as the Hoosick Street Bridge. The 0.8-mile project will extend from Maplewood to Troy. Depending upon alternate chosen, the project will displace between 135 and 213 families and 34 to 41 businesses. Relocation of existing public utilities and the acquisition of a part of a church will occur. Noise and air pollution levels will increase. (179 pages) (ELR Order No. 00228) (NTIS Order No. EIS 73 0228-D)

U.S. 17—South Carolina, South Carolina. Counties: Georgetown and Charleston. The statement refers to the proposed multilane widening of a 41.8 miles section of U.S. Route 17, of which 8.4 miles is in Georgetown County and 33.4 miles is in Charleston County. The project would extend from Road 8-23 to near South Carolina Route 41. Existing two-lane bridges over both the North and South Santee Rivers will be widened or replaced to provide four-lane traffic movement. Seven businesses, 57 residences, four unidentified structures, and a firetower will be displaced. One acre of section 4(f) land from the Buck Hall recreation area will be encroached upon. (29 pages) (ELR Order No. 00220) (NTIS Order No. EIS 73 0220-D)

Draft, February 8

Tennessee State Route 1 (U.S. 11W), Tennessee. County: Hawkins. The proposed project is the improvement and relocation of State Route 1 (U.S. 11W). Project length is 12 miles. Depending upon the

alternate chosen, between 150 and 175 acres of land would be acquired for right-of-way; 20 to 30 families and 0 to 1 businesses would be displaced. The facility will traverse four streams causing siltation, sedimentation, and erosion that will be detrimental to the aquatic life found in the streams. Other adverse effects will be loss of wildlife and increased noise and air pollution. (40 pages) (ELR Order No. 00210) (NTIS Order No. EIS 73 0210-D)

U.S. 8, Spring Creek Drive, Wisconsin. Counties: Lincoln and Oneida. The proposed project is the relocation and reconstruction of portions of U.S. Highway 8. Project length is 10 miles. Construction of the facility will require 190 acres of land consisting of 80 percent timberland, 15 percent open lands, and 5 percent farm lands. Two farms will be crossed by the project. There will be a decrease in air quality. (18 pages) (ELR Order No. 00211) (NTIS Order No. EIS 73 0211-D)

Final, February 8

FA Route 2, Illinois. County: Winnebago. The proposed project is the construction of a 5.8-mile segment of FA Route 2. Two hundred and thirty-two acres of land will be acquired for right-of-way; 13 families, two farms and a rural fire department will be displaced. Adverse effects will include increases in noise and air pollution levels. (57 pages) Comments made by: USDA, DOI, DOT, EPA, and HUD. (ELR Order No. 00196) (NTIS Order No. EIS 73 0196-F)

Final, February 13

U.S. 169—Kansas, Kansas. Counties: Allen and Neosho. The proposed project is the relocation of 34 miles of U.S. 169. The facility will require 1,746 acres of land (of which 1,023 acres is farmland) for right-of-way and displace seven families. Eighty-five farm tracts will be severed by the project. The facility will traverse the Neosho River and other waterways causing erosion, increased water pollution and the possible contamination of public water supplies of surrounding communities. Other adverse effects will include the loss of aquatic and wildlife habitat, the encroachment upon two archeological sites, increased noise and air pollution, and the disruption of community activities. (192 pages) Comments made by: USDA, COF, DOI, DOT, EPA, HUD, OEO, and State agencies. (ELR Order No. 00257) (NTIS Order No. EIS 73 0257-F)

Final, February 8

Somerset-London Road (Kentucky 80), Kentucky. County: Laurel. The statement refers to the proposed relocation of Kentucky 80 between Somerset and London. The project is a segment of the Appalachian Developmental Highway System, designated as corridor "J". Total project length is 6.4 miles. Approximately 250 acres of land will be committed to the action; 23 residences and two businesses will be displaced. Other impacts include severance of some medium-sized tracts of land and noise and air pollution during construction. (57 pages) Comments made by: COE, EPA, HEW, DOI, DOT, and State and local agencies. (ELR Order No. 00201) (NTIS Order No. EIS 73 0201-F)

Final, February 13

U.S. 31, Michigan, Michigan. County: Mason. The proposed project is the construction of 9.5 to 11 miles of U.S. 31. The amount of acreage required for right-of-way and the number of displacements is unspecified. Short and long-term agri-

cultural production, and archeological and prehistoric sites will be adversely affected. Established drainage patterns and ground water levels and flows will be disrupted or reduced, affecting adjacent wetlands. Other adverse impacts will include loss of aquatic and wildlife habitat, increased levels of noise, air, and water pollution, and complex erosion and sedimentation. (211 pages) Comments made by: USCG, EPA, HUD, and State agencies. (ELR Order No. 00255) (NTIS Order No. EIS 73 0255-F)

U.S. COAST GUARD

Draft, February 6

USCG Fire Test Facility, Alabama. The statement refers to the proposed berthing of the 460' cargo ship the Mayo Lykes at Little Sand Island in Mobile Bay, for use as a fire test platform. The testing consists of lighting an appropriate fire aboard the vessel and observing the fire-fighting technique in question. The fires will use oil transported from USCG Base, Mobile, as fuel. Adverse effects include possible water pollution from the test fuel and extinguishing agents, and air pollution from test smoke. (6 pages) (ELR Order No. 00186) (NTIS Order No. EIS 73 0186-D)

Final, February 16

Oil Pollution Prevention Regulations. The statement refers to proposed regulations concerning the prevention of oil pollution from vessels and oil transfer facilities. The marine environments of all states containing navigable waters, and particularly those states containing marine (inland or coastal) oil transfer facilities, are expected to be enhanced as a result of the implementation of the regulations. (25 pages) Comments made by: STAT and DOT. (ELR Order No. 00279) (NTIS Order No. EIS 73 0279-F)

TIMOTHY ATKESON,
General Counsel.

ENVIRONMENTAL PROTECTION AGENCY

AMCHEM PRODUCTS, INC.

Notice of Filing of Petition Regarding Pesticide Chemical

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 68 Stat. 512; 21 U.S.C. 346a(d) (1)), notice is given that a petition (PP 3F1353) has been filed by Amchem Products, Inc., Ambler, Pa. 19002, proposing establishment of a tolerance (40 CFR Part 180) for residues of the plant regulator ethephon ((2-chloroethyl) phosphonic acid) in or on the raw agricultural commodity cranberries at 6 parts per million.

The analytical method proposed in the petition for determining residues of the plant regulator is a procedure in which the residues are esterified with diazomethane and then analyzed by gas chromatography using an alkali thermionic detector.

Dated: February 23, 1973.

HENRY J. KOPP,
Deputy Assistant Administrator
for Pesticide Programs.

[FR Doc.73-3752 Filed 2-27-73;8:45 am]

CIBA-GEIGY CORP.

Notice of Withdrawal of Petitions Regarding Pesticide Chemical and Food Additive

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 409(b) (5), 68 Stat. 512; 72 Stat. 1786; 21 U.S.C. 346a(d) (1), 348(b) (5)), the following notice is issued:

In accordance with § 180.8 *Withdrawal of petitions without prejudice* of the pesticide procedural regulations (40 CFR 180.8) and § 121.52 *Withdrawal of petitions without prejudice* of the procedural food additive regulations (21 CFR 121.52), CIBA-GEIGY Corp., Ardsley, N.Y. 10502, has withdrawn its petitions (PP 9F0779, PP 1F1049, FAP 2H5003 and FAP 2H2663), notices of which were published respectively in the FEDERAL REGISTER of January 8, 1969 (34 FR 273), November 11, 1970 (35 FR 17364), January 11, 1972 (37 FR 411), and August 17, 1971 (36 FR 15679), proposing establishment of tolerances for residues of the insecticide isopropyl 4,4'-dibromobenzilate in or on the raw agricultural commodities apples at 5 parts per million; citrus fruits at 3 parts per million; in meat, fat, and meat byproducts of cattle, goats, hogs, horses, and sheep at 0.75 part per million; in milk at 0.03 part per million; in or on apple pomace at 12 parts per million resulting from application of the insecticide to apples, and in or on dried citrus pulp at 9 parts per million resulting from application of the insecticide to citrus fruit.

Dated: February 23, 1973.

HENRY J. KOPF,
Deputy Assistant Administrator
for Pesticide Programs.

ENVIRONMENTAL IMPACT STATEMENTS

Availability of Agency Comments

Pursuant to the requirements of section 102(2)(C) of the National Environmental Policy Act of 1969 and section 309 of the Clean Air Act, as amended, the Environmental Protection Agency (EPA) has reviewed and commented in writing on Federal agency actions impacting the environment contained in the following appendices during the period from January 19, 1973, to January 31, 1973.

Appendix I contains a listing of draft environmental impact statements reviewed and commented upon in writing during this reviewing period. The list includes the Federal agency responsible for the statement, the number and title of the statement, the classification of the nature of EPA's comments as defined in Appendix II, and the EPA source for copies of the comments as set forth in Appendix V.

Appendix II contains the definitions of the classifications of EPA's comments on the draft environmental impact statements as set forth in Appendix I.

Appendix III contains a listing of final environmental impact statements reviewed and commented upon in writing during this reviewing period. The listing will include the Federal agency responsible for the statement, the number and title of the statement, a summary of the nature of EPA's comments, and the EPA source for copies of the comments as set forth in Appendix V.

Appendix IV contains a listing of proposed Federal agency regulations, legislation proposed by Federal agencies, and any other proposed actions reviewed and commented upon in writing pursuant to section 309(a) of the Clean Air Act, as amended, during the referenced reviewing period. The listing includes the Federal agency responsible for the proposed action, the title of the action, a summary of the nature of EPA's comments, and

the EPA source for copies of the comments as set forth in Appendix V.

Appendix V contains a listing of the names and addresses of the sources for copies of EPA comments listed in Appendices I, III, and IV.

Copies of the EPA Order 1640.1, setting forth the policies and procedures for EPA's review of agency actions, may be obtained by writing the Public Inquiries Branch, Office of Public Affairs, Environmental Protection Agency, Washington, D.C. 20460. Copies of the draft and final environmental impact statements referenced herein are available from the originating Federal department or agency or from the National Technical Information Service, U.S. Department of Commerce, Springfield, Va. 22151.

Dated: February 15, 1973.

SHELDON MEYERS,
Director,
Office of Federal Activities.

APPENDIX II—DEFINITION OF CODES FOR THE GENERAL NATURE OF EPA COMMENTS

ENVIRONMENTAL IMPACT OF THE ACTION

LO—Lack of objection. EPA has no objections to the proposed action as described in the draft impact statement; or suggests only minor changes in the proposed action.

ER—Environmental reservations. EPA has reservations concerning the environmental effects of certain aspects of the proposed action. EPA believes that further study of suggested alternatives or modifications is required and has asked the originating Federal agency to reassess these aspects.

EU—Environmentally unsatisfactory. EPA believes that the proposed action is unsatisfactory because of its potentially harmful effect on the environment. Furthermore, the Agency believes that the potential safeguards which might be utilized may not adequately protect the environment from hazards arising from this action. The Agency recommends that alternatives to the action be analyzed further (including the possibility of no action at all).

AMBIGUITY OF THE IMPACT STATEMENT

Category 1—Adequate. The draft impact statement adequately sets forth the environmental impact of the proposed project or action as well as alternatives reasonably available to the project or action.

Category 2—Insufficient information. EPA believes that the draft impact statement does not contain sufficient information to assess

fully the environmental impact of the proposed project or action. However, from the information submitted, the Agency is able to make a preliminary determination of the impact on the environment. EPA has requested that the originator provide the information that was not included in the draft statement.

Category 3—Inadequate. EPA believes that the draft impact statement does not adequately assess the environmental impact of the proposed project or action, or that the

PETROCHEMICAL INDUSTRY ADVISORY COMMITTEE

Notice of Meeting

Pursuant to Public Law 92-463, notice is hereby given that a meeting of the Petrochemical Industry Advisory Committee will be held from 8:30 a.m. to 4:30 p.m. on March 22, 1973, in the National Environmental Research Center, Wing B, Classroom 2, Research Triangle Park, N.C.

The meeting will be primarily concerned with a review of the First Interim Report containing a study of various petrochemical industries submitted by the Houdry Division of Air Products, the contractor for the study.

The meeting will be open to the public. Any member of the public wishing to attend or participate or present comments should contact Mr. Leslie B. Evans, Executive Secretary, Petrochemical Industry Advisory Committee, (919) 688-8146, extension 295.

WILLIAM D. RUCKELSHAUS,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[FCC 73-215]

PROGRAM-LENGTH COMMERCIALS

Statement of Commission Position

FEBRUARY 22, 1973.

The Commission has issued several rulings concerning programs that interweave program content so closely with the commercial message that the entire

program must be considered commercial.¹ (Although the decisions to date have dealt with "program-length" commercials, the policy expressed and the rulings described here can be equally applied to segments of programs.)

Program-length commercials raise three basic problems. Of primary concern is that such programs may exhibit a pattern of subordinating programming in the public interest to programming in the interest of salability. In addition, a program-length commercial is almost always inconsistent with the licensee's representations to the Commission as to the maximum amount of commercial matter that will be broadcast in a given clock hour. Finally, there are usually logging violations involved. For example, the entries in the logs may show a total of 6 minutes of commercial matter during a half-hour program, when the entire 30 minutes should have been logged as a commercial.

Some examples of program-length commercials are set out below. However, the examples are by no means all-inclusive, and licensees should not conclude that the fact that a program employs a different format will necessarily cause it to comply with Commission policies and rules. The licensee is expected to exercise its judgment in this area of its broadcast material as it does in all other areas of programming.

Example 1. A half-hour program is sponsored by a real estate developer. The program primarily shows views of the developer's latest venture, including its golf course, yacht club, marina, beach, and road and housing construction. The narration emphasizes the desirability of owning real estate generally and the desirability of buying real estate at the sponsor's development specifically. The narration also points out the desirability of the location in terms of nearby recreation areas, other facilities, access to highways and projected economic growth in the area. The narrator states that he has purchased land at the development and urges viewers to do the

¹ These rulings include: Topper Corporation, 21 FCC 148 (1959); American Broadcasting Companies, Inc., 23 FCC 2d 132 (1970); American Broadcasting Companies, Inc., 23 FCC 2d 134 (1970); Columbus Broadcasting Company, Inc. (WRBL-TV), 25 FCC 2d 56, 18 RR 2d 684 (1970); Multimedia, Inc. (WBIR-TV), 25 FCC 2d 59, 18 RR 687 (1970); KCOP-TV, Inc., 24 FCC 2d 149, 19 RR 2d 607 (1970); Dena Pictures, Inc., 31 FCC 2d 206 (1971); National Broadcasting Company, 29 FCC 2d 67, 21 RR 2d 593 (1971); WUAB, Inc., 37 FCC 2d 748, 26 RR 2d 137 (1972); and WFIL, Inc., 38 FCC 2d 411, 25 RR 2d 1027 (1972).

same. The entire program is commercial matter. See Columbus Broadcasting Company, Inc. (WRBL-TV), cited above in the footnote.

Example 2. A record producer sponsors a 15-minute program in which listeners are asked to identify various compositions, all of which are contained on a record currently being distributed by the producer/sponsor. None of the compositions is played in its entirety and the excerpts vary from 35 seconds to 1 minute, 45 seconds. At the end of each excerpt the name of the composition and its composer is given. No other information is given or comments made. The record is advertised in three formal commercial announcements totaling 3½ minutes. The entire 15-minute program is commercial. See KCOP-TV, Inc., cited in the footnote, above.

Example 3. An association of dealers in lawn and garden supplies sponsors a program on gardening and lawn care. Throughout the program there are both formal commercials and informal plugs for various fertilizers, potting soils, pesticides, and implements all of which are sold by association members. The dealers' association and the dealers themselves are also plugged. During demonstrations of gardening or lawn care techniques, various products sold by the dealers are used, promoted, and prominently displayed. The program is entirely commercial.

In the past, the broadcast of such programs has resulted in issuance of letters of admonition and/or relatively small forfeitures based on the logging violation aspect of the cases. However, the Commission continues to receive evidence that some stations still are broadcasting programs which, because of the interweaving of "entertainment" or "informational" content with promotion of the advertisers' products, are program-length commercials.

This constitutes a reminder that the Commission considers the broadcast of such programs to involve a serious dereliction of duty on the part of the licensee, and a notice to all licensees that the Commission intends in the future to consider imposition of sanctions which it believes will be more effective in bringing about a discontinuance of the practice.

Action by the Commission February 21, 1973.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 73-15]

NASA LIFE SCIENCES COMMITTEE

Notice of Meeting

A meeting of the NASA Life Sciences Committee will be held on March 12, 13, 1973, at the Headquarters of the National Aeronautics and Space Administration, Washington, D.C. 20546. The meeting will be held in Room 425 of the Federal Office Building 10B, NASA Headquarters, 600 Independence Avenue SW., Washington, DC. The meeting is open and members of the public will be admitted on a first-come, first-served basis up to the seating capacity of the room which is 70 persons.

The committee is meeting for the purpose of advising NASA regarding content and emphasis of its Life Sciences programs.

The NASA Life Sciences Committee serves in an advisory capacity only. In this capacity, it is concerned with man in relation to space and habitation, exobiology, with other life forms, and including: Physiology, behavior, clinical aerospace medicine, microbiology, radiobiology, biochemistry, nutrition, and food technology, biology of gravity and rhythms, ecology, and biotechnology. The current Chairman is Dr. Shields Warren.

The following agenda is proposed for the meeting on March 12, 13, 1973. For further information, please contact Dr. Stanley C. White, Area Code 202-755-2350.

MARCH 12, 1973

Time	Topic
9 a.m.-----	Administrative. (Purpose: This period is provided to permit the Chairman to complete actions on the minutes of the previous meeting, to discuss NASA actions taken on previous committee recommendations, to present his plan for the work for this meeting and for the future.)

Time	Topic
9:20 a.m.-----	Subcommittee Reports—Planetary Quarantine Review. (Purpose: A subcommittee of the LSC has reviewed the data base developed through ground based experimentation, and the evolving plans for sterilizing the Viking spacecraft. A report on these findings and recommendations will review of the scientific research and technology program currently planned by NASA. The LSC plan and assignments for accomplishing this activity will be discussed.)
9:45 a.m.-----	Ecology Program Review Planning. (Purpose: The LSC and the Applications Committee are planning to undertake a Apollo 17 Results and Apollo Program Summary. (Purpose: A summary of the Life Sciences related results of the Apollo 17 mission will be discussed. This will be followed by a discussion of a summary of the Life Sciences findings which have been recorded during the total Apollo Flight Program.)
10:30 a.m.---	Skylab Status Report. (Purpose: To obtain LSC comments concerning the results of the Skylab Medical Experiments Altitude Test and their implication for the Skylab flight operations and the readiness of the Life Sciences experiments and the medical operations plan for flight.)
1:30 p.m.---	NASA Director for Life Sciences Review of Current Life Sciences Program Status. (Purpose: The NASA Director for Life Sciences will inform the LSC on the agency Life Sciences organization, personnel, budgetary and supporting research program status for the remainder of FY 73 and the forecast for FY 74. This data will be used as background for developing future LSC recommendations.)

- Time** **Topic**
- 2:30 p.m.--- *Russian Life Sciences Data Exchange.* (Purpose: The LSC will be provided a report on the results of the recent exchange of data by the US/USSR Working Group, Space Biology and Medicine. This discussion will provide background for future LSC recommendations for NASA Life Sciences programs.)
- 2:45 p.m.--- *Life Sciences Committee Recommendations for Developing Standards to be used during Experiments which Involve Human Test Subjects.* (Purpose: The NASA seeks the assistance of the LSC in establishing appropriate standards for the use and protection of humans who are being used as test subjects in biological and behavioral research. This discussion will outline the problem and summarize the assistance being sought from the committee on this topic.)
- 3 p.m.----- *Life Sciences Planning for the Shuttle Program.* (Purpose: Life Sciences activities that are now underway as preparation for Life Sciences flight payloads and for the development of criteria for selecting nonastronaut crewmen will be discussed. This discussion is planned as background material as preparation for obtaining future LSC recommendations on this area.)
- 3:45 p.m.---- *Viking Biological Payload Status.* (Purpose: A progress report on the development and testing of the three life detection experiments will be provided for the committee. The LSC Subcommittee for this area will plan its next proposed periodic review of this area as a result of this discussion.)
- 4 p.m.----- Discussion of Material Presented During the Day.
- MARCH 13, 1973
- 9 a.m.----- *Advanced Development Programs for Environmental and Life Support Systems.* (Purpose: To discuss the scope and progress in this NASA supporting research and technology program in advanced life support. This is presented as background for future LSC study of this area.)
- 9:30 a.m.---- *NASA Life Sciences Thrusts for the 80's.* (Purpose: To discuss with the committee the thrusts in research development and flight programs which have been proposed by the Chairman of the LSC to NASA management through the Space Program Advisory Council.)

- Time** **Topic**
- 10:15 a.m.--- *Life Detection Efforts which should follow Viking '76.* (Purpose: NASA is seeking scientific and technical recommendations for future research thrusts for this area. The Planetary Biology Program staff will outline the work being requested of the committee.)
- 11:00 a.m.--- Discussion of Material and Initial Thoughts on Recommendations by the Committee.

HOMER E. NEWELL,
Associate Administrator, National Aeronautics and Space Administration.

FEBRUARY 22, 1973.

[Notice 73-16]

SPACE SCIENCE AND APPLICATIONS STEERING COMMITTEE

Establishment of Ad Hoc Subcommittee for Evaluation of Pioneer Venus Flight Experiment Proposals

Pursuant to section 9(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), and after consultation with the Office of Management and Budget, I have determined that the establishment of the following advisory subcommittee is in the public interest in connection with the performance of duties imposed upon NASA by law:

Ad Hoc Subcommittee of the Space Science and Applications Steering Committee for Evaluation of Pioneer Venus Flight Experiment Proposals.

The function of this subcommittee will be to review the scientific merit of proposals which are submitted for the Pioneer Venus mission. The reason for establishing this subcommittee is to obtain expert scientific advice in connection with the timely selection of an optimum flight payload.

The Space Science and Applications Steering Committee, under which the subcommittee will operate, is a NASA internal committee, composed wholly of Government employees.

Dated: February 23, 1973.

JAMES C. FLETCHER,
Administrator.

SECURITIES AND EXCHANGE COMMISSION

[811-1709]

CORPORATE ENTERPRISES, INC.

Notice of Filing of Application for Order

FEBRUARY 21, 1973.

Notice is hereby given that Corporate Enterprises, Inc. (Applicant), 7300 Biscayne Boulevard, Miami, FL 33138, registered under the Investment Company Act of 1940 (the Act), as a non-

diversified, closed-end management investment company, has filed an application for an order pursuant to section 8(f) of the Act declaring that Applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations made therein, which are summarized below.

Applicant registered under the Act in November 1968, subsequent to the sale of its business operations. Since July 1970, Applicant has, through acquisition of three wholly owned subsidiaries, concentrated its investments in real estate. Applicant is also presently engaged in the development of a business which provides financial services to small businesses and unions through the operations of Interservices, Inc., another wholly owned subsidiary of applicant.

On December 31, 1970, stockholders of Applicant holding a majority of applicant's voting stock voted in favor of a resolution that Applicant change the nature of its operations and cease to be an investment company. As of December 1, 1972, applicant had total assets of approximately \$1,418,019, of which approximately \$1,200,000 represented the fair value of Applicant's investments in its wholly owned subsidiaries. Less than 5 percent of Applicant's total assets was invested in investment securities as of that date.

Applicant represents that it is not an investment company because it is not acting or holding itself out as an investment company within the meaning of the act and because it intends to continue to refrain from acting or holding itself out as an investment company.

Section 8(f) of the act provides, in pertinent part, that when the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and upon the taking effect of such order the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than March 16, 1973, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed to the Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the persons being served are located more than 500 miles from the point of mailing) upon applicant at the address stated above. Proof of such service (by affidavit, or in case of any attorney at law, by certificate) shall be filed contemporaneously with the request. At any time after such date, as provided by Rule 0-5 of the rules

and regulations promulgated under the act, an order disposing of the application herein may be issued upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advise us to whether a hearing is ordered, will receive notice of further developments in the matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT,
Secretary.

[FR Doc. 73-3692 Filed 2-27-73; 8:45 am]

[70-5114]

DELMARVA POWER & LIGHT CO.

Notice of Post-Effective Amendment Regarding Issue and Sale of Notes

FEBRUARY 21, 1973.

Notice is hereby given that Delmarva Power & Light Co. (Delmarva) 800 King Street, Wilmington, DE 19899, a registered holding company, has filed with this Commission a second post-effective amendment to its application in this proceeding pursuant to sections 6 and 7 of the act and Rule 50(a)(5) promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the application, as so amended, which is summarized below, for a complete statement of the proposed transactions.

By order of the Commission dated December 28, 1971 (Holding Company Act Release No. 17412) Delmarva was authorized to issue and sell, through December 31, 1973, unsecured short-term notes to banks and to a dealer in commercial paper up to an aggregate maximum amount of \$40 million at any one time outstanding. By its present post-effective amendment in this proceeding, Delmarva requests that the authorization in respect of such unsecured notes be increased to a maximum of \$56 million at any one time outstanding, and that the period of the related transactions be extended to July 31, 1974. The proposed aggregate borrowings of \$56 million will be used to finance part of Delmarva's construction program for 1973 and 1974, estimated to aggregate approximately \$200 million.

The notes to be issued to banks will aggregate not in excess of \$16,500,000 outstanding at any one time, and will mature not more than 180 days from the date of issue and in any event not later than July 31, 1974. The bank notes will bear interest at the prime commercial bank rate, in effect as of the dates the notes are executed and will be subject to prepayment at any time without penalty except that the notes may not be prepaid in whole or in part from the proceeds of any subsequent bank loan at a lower rate of interest. The company has

maintained balances with these banks averaging approximately \$2 million or 12 percent of its maximum authorized borrowings. If such balances were maintained solely to satisfy compensating balance requirements, the effective interest cost on such loans, assuming a 6 percent prime rate, would be 6.7 percent. The proposed borrowings will be effected from among the banks set forth below, in the maximum amounts indicated for each.

Wilmington Trust Co., Wilmington, Del.....	\$5,000,000
Bank of Delaware, Wilmington, Del.....	3,000,000
Farmers Bank of the State of Delaware, Wilmington, Del.....	1,800,000
Delaware Trust Co., Wilmington, Del.....	1,600,000
First National Bank of Maryland, Salisbury and Baltimore, Md.....	5,100,000
Total	16,500,000

Delmarva also proposes to issue and sell, from time to time not later than July 31, 1974, commercial paper in the form of short-term promissory notes to a dealer in commercial paper, A. G. Becker & Co., Inc. (dealer), of up to \$56 million face amount to be outstanding at one time. The total amount of commercial paper and bank loans outstanding at any one time will not exceed \$56 million. The commercial paper notes will be of varying maturities, with no such notes maturing more than 270 days after the date of issue and in any event not later than July 31, 1974. Such notes, in denominations of not less than \$50,000 and not more than \$1 million, will be issued and sold by Delmarva directly to the dealer at a discount which will not be in excess of the discount rate per annum prevailing at the date of issuance for commercial paper of comparable quality and of the particular maturity sold by issuers thereof to commercial paper dealers. The application states that no commercial paper notes will be issued having a maturity of more than 90 days, at an effective interest cost which exceeds that at which Delmarva could borrow from banks.

It is stated that no commission or fee will be payable in connection with the issue and sale of the commercial paper notes. The dealer, as principal, will reoffer such notes at a discount of one-eighth of 1 percent per annum less than the prevailing discount rate to Delmarva. The notes will be reoffered, in a manner which will not constitute a public offering, to no more than 200 identified and designated customers in a list (nonpublic) prepared in advance by the dealer.

Delmarva proposes to retire the bank notes and commercial paper from the net proceeds of the sale of first mortgage bonds and/or equity securities prior to August 1, 1974.

Delmarva requests exception from the competitive bidding requirements of Rule 50 for the proposed issue and sale of its commercial paper pursuant to paragraph (a)(5) thereof. Delmarva also requests authority to file certificates under Rule 24 with respect to the issue

and sale of commercial paper within 30 days after the end of each calendar quarter.

No fees or expenses are expected to be incurred by Delmarva in connection with the proposed transactions. It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than March 19, 1973, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by the application as amended by said post-effective amendment which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as amended by said post-effective amendment or as it may be further amended, may be granted as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advise as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT,
Secretary.

SELECTIVE SERVICE SYSTEM

RANDOM SELECTION SEQUENCE FOR INDUCTION OF REGISTRANTS

Notice of Lottery Drawing

By virtue of the authority vested in me by § 1631.1 of Selective Service Regulations (32 CFR 1631.1), a drawing will be conducted in the Department of Commerce Auditorium, Washington, D.C., on March 8, 1973, beginning at 10 a.m., e.s.t., to establish a random selection sequence for induction of registrants who during the calendar year 1973 have attained their 19th but not their 20th year of age.

BYRON V. PEPITONE,
Acting Director.

**VETERANS ADMINISTRATION
SPECIAL MEDICAL ADVISORY GROUP
Notice of Meeting**

The Veterans Administration gives notice that a meeting of the Special Medical Advisory Group, authorized by section 4112(a) of title 38, United States Code, will be held at the Veterans Administration Central Office, 810 Vermont Avenue NW., Washington, DC, on March 26 and 27, 1973 at 9 a.m. The meeting will be for the purposes of reviewing various aspects of patient care, education and research activities and plans of the Department of Medicine and Surgery and the VA health care system.

The meeting will be open to the public up to the seating capacity of the conference room which is about 40 persons. Because of the limited seating capacity and the need for building security, it will be necessary for those wishing to attend to contact Mr. Edward M. Friedlander, Executive Secretary, Special Medical Advisory Group, VA Central Office (phone 202-389-5004) prior to March 26.

Any interested person may attend, appear before, or file statements with the committee—which statements, if in written form, may be filed before or after the meeting, or, if oral, at the time and in the manner permitted by the committee.

Dated: February 20, 1973.

By direction of the Administrator.

[SEAL] RUFUS H. WILSON,
Associate Deputy Administrator.

**VA ACTUARIAL ADVISORY COMMITTEE
Notice of Continuation**

Pursuant to the Federal Advisory Committee Act (Public Law 92-463), the Veterans Administration has determined that the continuation of the VA Actuarial Advisory Committee is in the public interest in connection with the performance of duties imposed on the Veterans Administration by law.

Signed at Washington, D.C., this 19th day of February 1973.

[SEAL] DONALD E. JOHNSON,
Administrator.

**FOURTH SECTION APPLICATIONS FOR
RELIEF**

FEBRUARY 23, 1973.

An application, as summarized below, has been filed requesting relief from the requirements of section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 1100.40 of the General Rules of Practice (49 CFR 1100.40) and filed on or before March 15, 1973.

FSA No. 42630—*Beet or cane sugar from and to points in western trunk line territory.* Filed by Southwestern Freight Bureau, agent (No. B-382), for interested rail carriers. Rates on sugar, beet or cane, in carloads, in bulk, in covered hopper cars, as described in the application, from points in Colorado, Idaho, Kansas, Nebraska, Utah, and Wyoming, to points in Texas; also returned shipments in the reverse direction.

Grounds for relief—Market competition and rate relationship.

Tariff—Supplement 33 to Southwestern Freight Bureau, agent, tariff ICC 4815. Rates are published to become effective on March 31, 1973.

FSA No. 42631—*Industrial sand from Crystal City, Mo.* Filed by Southwestern Freight Bureau, agent (No. B-378), for interested rail carriers. Rates on sand, industrial, in carloads, as described in the application, from Crystal City, Mo., to points in southern territory.

Grounds for relief—Market competition.

Tariff—Supplement 176 to Southwestern Freight Bureau, agent, tariff ICC 4797. Rates are published to become effective on April 1, 1973.

FSA No. 42632—*Sand to Austinburg, Ohio.* Filed by Southwestern Freight Bureau, agent (No. B-383), for interested rail carriers. Rates on sand, NOIBN, in carloads, as described in the application, from Klondike, Ludwig, and Pacific, Missouri, to Austinburg, Ohio.

Grounds for relief—Market competitions, modified short-line distance formula and grouping.

Tariff—Supplement 176 to Southwestern Freight Bureau, agent, tariff ICC 4797. Rates are published to become effective on April 1, 1973.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.73-3734 Filed 2-27-73;8:45 am]

[Notice 7]

MOTOR CARRIER ALTERNATE ROUTE DEVIATION NOTICES

FEBRUARY 23, 1973.

The following letter-notices of proposals (except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application), to operate over deviation routes for operating convenience only have been filed with the Interstate Commerce Commission under the Commission's Revised Deviation Rules—Motor Carriers of Property, 1969 (49 CFR 1042.4(d)(11)) and notice thereof to all interested persons is hereby given as provided in such rules (49 CFR 1042.4(d)(11)).

Protests against the use of any proposed deviation route herein described may be filed with the Interstate Commerce Commission in the manner and form provided in such rules (49 CFR 1042.4(d)(12)) at any time, but will not operate to stay commencement of the proposed operations unless filed on or before March 30, 1973.

Successively filed letter-notices of the same carrier under the Commission's Revised Deviation Rules—Motor Carriers of Property, 1969, will be numbered consecutively for convenience in identification and protests, if any, should refer to such letter-notices by number.

MOTOR CARRIERS OF PROPERTY

No. MC-13235 (Deviation No. 1), CENTRALIA CARTAGE CO., 650 West Nolema Street, Centralia, IL 62801, filed January 5, 1973. Carrier's representative: Charles W. Singer, 2440 East Commercial Boulevard, Fort Lauderdale, FL 33308. Carrier proposes to operate as a common carrier, by motor vehicle, of general commodities, with certain exceptions, over deviation routes as follows: (1) From Marion, Ill., over Illinois Highway 13 to junction U.S. Highway 45, thence over U.S. Highway 45 to junction Illinois Highway 141, thence over Illinois Highway 141 to the Illinois-Indiana State line, thence over Indiana Highway 62 to Evansville, Ind., (2) from Evansville, Ind., over U.S. Highway 41 to junction U.S. Highway 50, thence over U.S. Highway 50, thence over U.S. Highway 50 to Lawrenceville, Ill., (3) from Mount Carmel, Ill., over Illinois Highway 15 to the Illinois-Indiana State line, thence over Indiana Highway 64 to junction U.S. Highway 41, thence over U.S. Highway 41 to Evansville, Ind., (4) from Mount Carmel, Ill., over Illinois Highway 15 to the Illinois-Indiana State line, thence

over Indiana Highway 64 to junction Indiana Highway 65, thence over Indiana Highway 65 to junction U.S. Highway 460, (5) from Mount Vernon, Ill., over Illinois Highway 148 to junction Illinois Highway 13, (6) from New Minden, Ill., over Illinois Highway 177 to junction U.S. Highway 51.

(7) From Carlyle, Ill., over Illinois Highway 127 to junction Interstate Highway 55 (also U.S. Highway 66), (8) from junction Illinois Highways 160 and 177 over Illinois Highway 160 to junction U.S. Highway 50, (9) from Fayetteville, Ill., over Illinois Highway 4 to Lebanon, Ill., (10) from Gordon, Ill., over Illinois Highway 33 to junction Illinois Highway 130, (11) from Greenup, Ill., over Illinois Highway 130 to Urbana, Ill., and (12) from junction U.S. Highway 40 and Illinois Highway 49 over U.S. Highway 40 to junction Illinois Highway 1, and return over the same routes, for operating convenience only. The notice indicates that the carrier is presently authorized to transport the same commodities, over pertinent service routes as follows: (1) From Marion, Ill., over Illinois Highway 37 to Benton, Ill., thence over Illinois Highway 14 to junction U.S. Highway 460, thence over U.S. Highway 460 to Evansville, Ind., (2) from Evansville, Ind., over U.S. Highway 460 to junction Illinois Highway 1, thence over Illinois Highway 1 to Lawrenceville, Ill., (3) from Mount Carmel, Ill., over Illinois Highway 1 to junction U.S. Highway 460, thence over U.S. Highway 460 to Evansville, Ind., (4) from Mount Carmel, Ill., over Illinois Highway 1 to junction U.S. Highway 460, thence over U.S. Highway 460 to junction Indiana Highway 65, (5) from Mount Vernon, Ill., over Illinois Highway 37 to junction Illinois Highway 13, thence over Illinois Highway 13 to junction Illinois Highway 148, (6) From New Minden, Ill., over Illinois Highway 127 to junction Illinois Highway 15, thence over Illinois Highway 15 to junction U.S. Highway 51, thence over U.S. Highway 51 to junction Illinois Highway 177, (7) from Carlyle, Ill., over U.S. Highway 50 to junction Interstate Highway 55 (also U.S. Highway 66), thence over Interstate Highway 55 to junction Illinois Highway 127, (8) from junction Illinois Highways 160 and 177 over Illinois Highway 177 to junction Illinois Highway 13, thence over Illinois Highway 13 to junction U.S. Highway 50, thence over U.S. Highway 50 to junction Illinois Highway 160, (9) from Fayetteville, Ill., over Illinois Highway 15 to junction U.S. Highway 50, thence over U.S. Highway 50 to Lebanon, Ill., (10) from Gordon, Ill., over Illinois Highway 1 to Lawrenceville, Ill., thence over U.S. Highway 50 to junction Illinois Highway 130, thence over Illinois Highway 130 to junction Illinois Highway 33, (11) Greenup, Ill., over Illinois Highway 130 to junction Illinois Highway 33, thence over Illinois Highway 33 to junction U.S. Highway 45, thence over U.S. Highway 45 to Urbana, Ill., and (12) from junction Illinois Highway 49 and U.S. Highway 40

over U.S. Highway 40 to junction Illinois Highway 130, thence over Illinois Highway 130 to junction U.S. Highway 50, thence over U.S. Highway 50 to junction Illinois Highway 1, thence over Illinois Highway 1 to junction U.S. Highway 40, and return over the same routes.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Notice 16]

MOTOR CARRIER APPLICATIONS AND CERTAIN OTHER PROCEEDINGS

FEBRUARY 23, 1973.

The following publications¹ are governed by the new Special Rule 1.247 of the Commission's rules of practice, published in the FEDERAL REGISTER, issue of December 3, 1963, which became effective January 1, 1964.

The publications hereinafter set forth reflect the scope of the applications as filed by applicant, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

MOTOR CARRIERS OF PROPERTY

APPLICATION FOR CERTIFICATE OR PERMIT WHICH ARE TO BE PROCESSED CONCURRENTLY WITH APPLICATION UNDER SECTION 5 GOVERNED BY SPECIAL RULE 240 TO THE EXTENT APPLICABLE

No. MC 34975 (Sub-No. 6), filed February 5, 1973. Applicant: TREDWAYS EXPRESS, INC., 512 Myrtle Avenue, Boonton, NJ 07005. Applicant's representative: William J. Augello, 120 Main Street, Huntington, NY 11743. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: General commodities (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment) between New York, N.Y., and points in Nassau and Suffolk Counties, N.Y. Note: Applicant states that the requested authority can be tacked with its existing authority to serve various points in New York, New Jersey, and Pennsylvania. Common control may be involved. This application is a matter directly related to MC-F 11794 published in the FEDERAL REGISTER on February 14, 1973. If a hearing is deemed necessary, applicant requests it be held at New York, N.Y.

¹ Except as otherwise specifically noted, each applicant (on applications filed after Mar. 27, 1972) states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

APPLICATIONS UNDER SECTIONS 5 AND 210a(b)

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5(a) and 210a(b) of the Interstate Commerce Act and certain other proceedings with respect thereto (49 CFR 1.240).

MOTOR CARRIERS OF PROPERTY

No. MC-F-11797. Authority sought for purchase by TRUCK TRANSPORT, INCORPORATED, 1931 North Geyer Road, St. Louis, MO 63131, of the operating rights of ROBERT BERNARD SCHILLI, TRUSTEE UNDER THE LAST WILL OF BERNARD RAYMOND SCHILLI, DECEASED, doing business as SCHILLI TRANSPORTATION, 230 St. Clair Avenue, East St. Louis, IL 62201, and for acquisition by ROBERT B. SCHILLI, also of St. Louis, Mo. 63131, of control of such rights through the purchase. Applicants' representative: Jerry R. Ferris, of the immediately above-mentioned address. Operating rights sought to be transferred: *Clay products* and joint materials, as a *common carrier* over irregular routes, from St. Louis, Mo., to points in Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Iowa, Kentucky, Louisiana, Michigan, Minnesota, Mississippi (except Blue Mountain and Ripley), Nebraska, North Carolina, Ohio, Oklahoma, South Carolina, and Tennessee, with the transportation of clay products and joint materials on return movement; *corrugated fiberboard boxes and interior parts, and corrugated pulpboard sheets*, from Fenton, Mo., to certain specified points in Illinois, Arkansas, Oklahoma, Kansas, from Evansville, Ind., to Fenton, Mo.; *clay*, except in bulk, from points in Georgia (except Decatur, Grady, Thomas, Mitchell, and Colquitt Counties), and South Carolina, to points in Illinois (except Chicago Heights and points in the Chicago commercial zone as defined by the Commission); *dry ammonium nitrate*, in bulk, from the plantsite of the U.S. Powder Co., a division of Commercial Solvents Corp., at or near Ordill, Ill., to points in Arkansas, Indiana, Kansas, Kentucky, Ohio, Tennessee, and points in that part of Missouri on and south of Interstate Highway 70 (except the St. Louis commercial zone as defined by the Commission); manufactured dry fertilizers, from the shipping facilities of Monsanto Co., located with 5 miles of Crab Orchard Arsenal, at Ordill, Ill., to points in Arkansas, Indiana, Kansas, Kentucky, Michigan, Ohio, Tennessee, Wisconsin, and points in that part of Missouri on and south of Interstate Highway 70 (except the St. Louis commercial zone as defined by the Commission), from Cairo and Mounds, Ill., to points in Arkansas, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Ohio, Tennessee, and Wisconsin, from the shipping facilities of Monsanto Co. and Commercial Solvents Corp., at Cairo

and Mounds, Ill., to points in Arkansas, Indiana, Kansas, Kentucky, Michigan, Minnesota, Ohio, Tennessee, Wisconsin, and points in that part of Missouri, on and south of Interstate Highway 70 (except the St. Louis commercial zone as defined by the Commission); *ammonium nitrate*, in bulk, from the shipping facilities of Phillips Petroleum Co., located at Ordill, Ill., and points within 5 miles thereof, to points in Arkansas, Illinois, Indiana, Kentucky, Ohio, Tennessee, and points in that part of Missouri on and south of Interstate Highway 70 (except the St. Louis commercial zone as defined by the Commission); *nitro-carbonate*, from the plantsite of Monsanto Co., near Midland, Ind., to the plantsite of Monsanto Co., near Central City, Ky., from the plantsite of Monsanto Co., near Pyatts, Ill., to points in Indiana, Kentucky, and Missouri, from Central City, Ky., to points in Illinois, Indiana, and Missouri, from from Central City, Ky., to points in Lee, Wise, Buchanan, Dickenson, and Scott Counties, Va., and points in Tennessee. Vendee is authorized to operate as a *common carrier* in all of the States in the United States. Application has not been filed for temporary authority under section 210a(b).

No. MC-F-11798. Authority sought for purchase by H & W MOTOR EXPRESS COMPANY, 3000 Elm Street, Dubuque, IA 52001, of the operating rights of JOHN SCACHITTI, doing business as J & S CARTAGE COMPANY, 1916 South California Avenue, Chicago, IL 60608, and for acquisition by MARIE C. HAAS, 915 Victoria Place, Dubuque, IA 52001, and CYRIL H. WISSEL, 1849 Plymouth Road, Dubuque, IA 52001, of control of such rights through the purchase. Applicant's attorney: Carl L. Steiner, 39 South La Salle Street, Chicago, IL 60603. Operating rights sought to be transferred: Under a certificate of registration, in Docket No. MC-97218 (Sub-No. 1), covering the transportation of general commodities, as a *common carrier*, in interstate commerce, within the State of Illinois. Vendee is authorized to operate as a *common carrier* in Iowa, Illinois, Indiana, Minnesota, Missouri, and Wisconsin. Application has not been filed for temporary authority under section 210a(b). Note: MC-69224 (Sub-No. 40), is a matter directly related.

No. MC-F-11799. Authority sought for purchase by BEVERAGE TRANSPORT, INC., Post Office Box 88, East Bloomfield, NY 14443, of the operating rights of ROCHESTER CARTING COMPANY, 401 Pixley Road, Rochester, NY 14624, and for acquisition by JAMES L. FITZGERALD, also of East Bloomfield, N.Y. 14443, of control of such rights through the purchase. Applicant's attorney: S. Michael Richards, 44 North Avenue, Webster, NY 14580. Operating rights sought to be transferred: General commodities, excepting among others, classes A and B explosives, household goods and commodities in bulk, as a *common carrier*, over irregular routes, between points in Rochester, N.Y., between Rochester, N.Y., on the one hand, and, on the other,

points and places in Monroe County, N.Y. Vendee is authorized to operate as a *common carrier* in New Jersey, New York, New Hampshire, Maine, Massachusetts, Michigan, Connecticut, Ohio, Indiana, Pennsylvania, Rhode Island, and Vermont. Application has not been filed for temporary authority under section 210a(b).

No. MC-F-11800. Authority sought for purchase by GLENN H. BOWER, South Hills, Lewistown, Pa. 17044, of the operating rights of WILLIAM F. JONES, Rural Delivery No. 1, Stevens, Pa. 17578. Applicant's attorney: John M. Musselman, 410 North Third Street, Post Office Box 1146, Harrisburg, PA 17108. Operating rights sought to be transferred: *Fresh and frozen meats*, as a *contract carrier* over irregular routes, from Scottsbluff, Nebr., Denison and Sioux City, Iowa, and Rockport, Mo., to Philadelphia, Pa., with restriction; from points in Iowa (except Denison, Sioux City, and Dubuque), Kansas, Missouri (except Rockport), Nebraska (except Scottsbluff), and South Dakota, to Philadelphia, Pa. Vendee is authorized to operate as a *common carrier* in Pennsylvania, Connecticut, Delaware, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Rhode Island, Vermont, Virginia, West Virginia, Wisconsin, District of Columbia, Alabama, Florida, Georgia, Louisiana, North Carolina, South Carolina, Texas, Mississippi, and Tennessee, and as a *contract carrier* in Maryland, New Jersey, New York, and Pennsylvania. Application has not been filed for temporary authority under section 210a(b).

No. MC-F-11801. Authority sought for purchase by INTERSTATE DRESS CARRIERS, INC., 247 West 35th Street, New York, NY 10001, of a portion of the operating rights of GILBERT CARRIER CORP., 1 Gilbert Drive, Secaucus, NJ 07094, and for acquisition by JACK LIEBERMAN and ROBERT GIDDENS, both of 247 West 35th Street, New York, NY 10001, of control of such rights through the purchase. Applicant's attorney: Herbert Burstein, One World Trade Center, New York, N.Y. 10048. between Paterson, N.J., on the one hand, and, on the other, Cobleskill and Frankfort, N.Y., between Poughkeepsie, N.Y., and Rutland, Vt., on the one hand, and, on the other, Jersey City, N.J.; *materials used in the manufacture of ladies' wearing apparel*, from New York, N.Y., to Utica, Hudson Falls and Troy, N.Y., from Union City, N.J., to Chatham, N.Y., from Pittsfield, Mass., to Little Falls, Peekskill, Cohoes, Yonkers, Port Chester, Tuckahoe, and New York, N.Y.; *ladies' wearing apparel, on hangers*, between Pittsfield, Mass., on the one hand, and, on the other, Little Falls, Peekskill, Cohoes, Yonkers, Port Chester, and Tuckahoe, N.Y., between New York, N.Y., on the one hand, and, on the other, Utica, Hudson Falls, and Troy, N.Y., between Union City, N.J., on the one hand, and, on the other, Chatham, N.Y., from Poultney, Vt., and Cohoes, N.Y., to New York, N.Y., from Oneonta, N.Y., to West New York, N.J., from Pittsfield, Mass., to New York, N.Y., from Kingston and St. Johnsville, N.Y., to New York, N.Y.; *ladies' wearing apparel*, from Poughkeepsie, N.Y., to New Brunswick, N.J., from Troy, N.Y., to Jersey City, N.J.; *materials and supplies used in the manufacture of ladies' wearing apparel*, from New York, N.Y., to Poultney, Vt., and Cohoes, N.Y., from New York, N.Y., to Kingston and St. Johnsville, N.Y., from West New York, N.J., to Oneonta, N.Y., between Jersey City, N.J., on the one hand, and, on the other, Troy, N.Y., from New Brunswick, N.J., to Poughkeepsie, N.Y.; *ladies' and children's wearing apparel, on hangers, and the materials used in the manufacture thereof*, between Pittsfield, Mass. and Burlington, Vt., between New York, N.Y., on the one hand, and, on the other, points in Addison, Caledonia, Chittenden, Franklin, Lamolle, Rutland (except Poultney, Vt.), and Washington Counties, Vt.; *ladies' and children's wearing apparel, on hangers*, from New York, N.Y., to Pittsfield, Mass.; *ladies' and children's wearing apparel and, materials used in the manufacture thereof*, between Cooperstown, N.Y., and West New York, N.J. Vendee is authorized to operate as a common carrier in Maryland, New Jersey, New York, Pennsylvania, Tennessee, Virginia, and West Virginia. Application has been filed for temporary authority under section 210a(b).

SEABOARD COAST LINE RAILROAD COMPANY, Post Office Box 27581, Richmond, VA 23261. Represented by RICHARD A. HOLLANDER, and LOUISVILLE AND NASHVILLE RAILROAD COMPANY, Post Office Box 1198, Louisville, KY 40201, represented by JOSEPH L. LENIHAN of the same address, hereby give notice that on the 2d day of February 1973, they filed an application under section 5(2) of the Interstate Commerce Act seeking authority to permit the Seaboard Coast Line Railroad Co. and the Louisville and Nashville Railroad Co. to re-lease and to continue to operate the properties of Georgia Railroad and Banking Co., and to control through assignment of stock

pursuant to such lease the Atlanta and West Point Railroad Co. and the Western Railway of Alabama. Approval of this application, filed in Finance Docket No. 27298 would permit continuation by applicants of operations: By the Louisville and Nashville Railroad from Atlanta, Ga., to Montgomery and Selma, Ala., and by the Seaboard Coast Line Railroad between Atlanta, Ga., and Montgomery, Ala., and between Atlanta and Augusta, Ga. Applicant Louisville and Nashville Railroad Co. presently operates lines of railroad in Alabama, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Ohio, South Carolina, Tennessee, and Virginia; and the Seaboard Coast Line Railroad Co. now operates in Alabama, Florida, Georgia, North Carolina, and South Carolina. In the opinion of the applicants, approval of this application will have no significant effect on the quality of the human environment. The proceeding will be handled without public hearings unless protests are received which contain information indicating a need for such hearings. Any protests submitted shall be filed with the Commission no later than March 30, 1973.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings on or before March 20, 1973. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-74095. By order of February 6, 1973, the Motor Carrier Board approved the transfer to M. T. J. Motor Lines, Inc., Revere, Mass., of Certificate No. MC-118233 (Sub-No. 1) issued October 30, 1967, to Trioli Transport, Inc., Gloucester, Mass., authorizing the transportation of bananas, from points in the New York, N.Y., commercial zone as defined by the Commission, to Boston and Ipswich, Mass. George C. O'Brien, attor-

ney, 15 Court Square, Boston, MA 02108, applicants' attorney.

No. MC-74163. By order of February 6, 1973, the Motor Carrier Board approved the transfer to John J. Boyce Transportation, Inc., Atlantic City, N.J., of Certificate No. MC-37398 issued July 25, 1968, to Morris Weinstein and Jay H. Weinstein, doing business as John J. Boyce & Son, Atlantic City, N.J., authorizing the transportation of packinghouse products and byproducts and commodities used in the display and sale thereof, between Atlantic City, N.J., and Philadelphia, Pa., serving named intermediate and off-route points. Alan Kahn, 1920 2 Penn Center Plaza, Philadelphia, Pa. 19102, applicants' attorney.

[Notice 211]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

FEBRUARY 20, 1973.

The following are notices of filing of applications¹ for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, on or before March 15, 1973. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

[Notice 22]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

FEBRUARY 21, 1973.

The following are notices of filing of applications¹ for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, on or before March 15, 1973. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 72442 (Sub-No. 40 TA), filed February 13, 1973. Applicant: AKERS MOTOR LINES, INCORPORATED, Post Office Box 10303, 4101 South Interstate 85, Charlotte, NC 28201. Applicant's representative: Lennox O. Boyles (same address as applicant). [No. MC-C-7999]

NATIONWIDE AUTO TRANSPORTERS, INC.

Notice of Filing of Petition

FEBRUARY 23, 1973.

Nationwide Auto Transporters, Inc., petition for a declaratory order. Petitioner: NATIONWIDE AUTO TRANSPORTERS, INC., Fort Lee, N.J. Petitioner's representatives: Harold G. Hernly, Harold G. Hernly, Jr., Mel P. Booker, Jr., 2030 North Adams Street, Arlington, VA 22201. By petition filed February 1, 1973, petitioner seeks a declaratory order to determine (1) whether the commodity description "automobiles" encompasses authority to transport "motor homes," and (2) whether a movement from a specialty or body plant, such as a "motor home" plant, is a secondary movement. Petitioner states that it has acquired in No. MC-FC-72289, authority to transport automobiles (other than those moving to or from a point of manufacture or assembly), new, used, unfinished, and wrecked, in subsequent or secondary movement, in driveway service, between points in the United States, except those in Alaska, Arizona, Hawaii, Nevada, Oregon, and Vermont, and except between plantsites or other facilities including railheads of the Ford Motor Co. in the Chicago, Ill., commercial zone, on the one hand, and, on the other, points in Illinois, Indiana, Michigan, Wisconsin, and Iowa.

Petitioner upon advice of counsel, filed a tariff in MF-ICC No. 2 and Supplements 5, 6, and 7, and at section 7 thereof sets forth rates covering the movement of motor homes. The tariff was accepted for filing by the Commission; however, subsequent thereto, by corrected order served December 18, 1972, Docket No. 35754, Tariff MF-ICC No. 2 of Nationwide Auto Transporters, Inc., Division 2, issued a show cause order requiring petitioner to inform the Commission

in writing within 45 days of the service date of said order whether any reason exists why an order should not be entered striking section No. 7 of Tariff MF-ICC No. 2 as amended. This controversy having arisen, it was determined to file the instant petition as well as a petition in Docket No. 35754 seeking a stay of any determination in that matter pending disposition by the Commission of the captioned matter. In support of its position, it submits statements from Fleetwood Enterprises, Inc., of Riverside, Calif., and Redman Industries, Inc., of Arlington, Tex., producers of motor homes, contending that motor homes are automobiles. They produce smaller motor homes on van chassis and claim that many persons use motor homes as "second cars."

Petitioner states that motor homes are listed as passenger cars for licensing purposes in 28 States and can be driven with ordinary drivers' licenses in 33 States. Petitioner cites three review board decisions (not including American International Driveaway Ext.-Hawaii, 117 MCC 63) which concluded that motor homes are not automobiles,¹ but it contends that those decisions did not directly confront the issue and did not employ proper standards in reaching those determinations. In addition, petitioner seeks a determination on the question of whether or not the movement of a motor home from a plant (1) where a body or "box" is placed on a chassis, or (2) where a van is modified to accommodate certain items such as a refrigerator, stove, or sunroof, is a "secondary" movement as opposed to an "initial" movement. Petitioner admits that this issue was resolved in the American International decision, supra, but seeks a further finding in this matter "out of an abundance of caution."

No oral hearing is contemplated at this time, but anyone (including petitioner) wishing to make representations in favor of, or against, the relief sought in the petition may do so by the submission of written data, views, or arguments. An original and 15 copies of such data, views, or arguments shall be filed with the Commission on or before April 24, 1973. A copy of each representation should be served upon petitioner's representatives. Written material or suggestions submitted will be available for public inspection at the Offices of the Interstate Commerce Commission, 12th and Constitution, Washington, D.C., during regular business hours. Notice to the general public of the matter herein under consideration will be given by depositing a copy of this notice in the Office of the Secretary of the Commission for public inspection and by filing a copy thereof

NOTICE OF FILING OF MOTOR CARRIER INTRASTATE APPLICATIONS

FEBRUARY 23, 1973.

The following applications for motor common carrier authority to operate in intrastate commerce seek concurrent motor carrier authorization in interstate or foreign commerce within the limits of the intrastate authority sought, pursuant to section 206(a)(6) of the Interstate Commerce Act, as amended October 15, 1962. These applications are governed by Special Rule 1.245 of the Commission's rules of practice, published in the FEDERAL REGISTER, issue of April 11, 1963, page 3533, which provides, among other things, that protests and requests for information concerning the time and place of State Commission hearings or other proceedings, any subsequent changes therein, any other related matters shall be directed to the State Commission with which the application is filed and shall not be addressed to or filed with the Interstate Commerce Commission.

Wisconsin Docket No. CC 815 (24), filed January 31, 1973. Applicant: FOREWAY EXPRESS, INC., 204 South Bellis Street, Wausau, WI 54401. Applicant's representative: Nancy J. Johnson, 4506 Regent Street, Madison, WI 53705. Certificate of public convenience and necessity sought to operate a freight service as follows: Transportation of property, (a) Highway 42 between Kewaunee and Manitowoc. Service to be authorized between Two Rivers and Kewaunee on the one hand and on the other hand, all points authorized to be served in certificate CC-815. (b) Highway 147 between Two Rivers and Junction 141 (for operating convenience only). (c) Highway 29 between Kewaunee and Highway 141 (for operating convenience only). NOTE: Applicant proposes to amend CC-815 by deletion of Restriction 11 of Amendment 16 to C-815 which reads as follows: No local single-line service between Brokaw on the one hand, and on the other hand, Wausau, Rothschild, Schofield, Green Bay, Oshkosh, and Milwaukee. Both intrastate and interstate authority sought.

HEARING: April 9, 1973, at Brown County Courthouse, at 1 p.m., c.s.t. Requests for procedural information should be addressed to the Wisconsin Public Service Commission, Hill Farms State Office Building, 4802 Sheboygan Avenue, Madison, WI 53702, and should not be directed to the Interstate Commerce Commission.

Louisiana Docket No. T-12272, filed February 14, 1973. Applicant: MURPHY BONDED WAREHOUSE, INC., 4002 Mansfield Road, Shreveport, LA. Applicant's representative: Arthur R. Camody, Jr., 1708 Beck Building, Shreveport, La. Certificate of public convenience and necessity sought to operate a freight service as follows: Transportation of any and all merchandise handled through applicant's warehouse in Shreveport, La., in LTL or truckload quantities, for the shippers or pool distribution to destinations in Louisiana within a radius of 125 airline miles from applicant's Shreveport warehouse. This authority applies only on outbound movements from Shreveport, reserving, however, the right to return to said warehouse damaged, refused, or otherwise undeliverable merchandise. Both intrastate and interstate authority sought.

HEARING: Date, time, and place not shown. Requests for procedural information should be addressed to the Louisiana Public Service Commission, Post Office Box 44035, Capitol Station, Baton Rouge, LA 70804, and should not be directed to the Interstate Commerce Commission.

Texas Docket No. 31084, filed February 1, 1973. Applicant: LIQUID FOOD CARRIERS, INC., 3700 North Grove Street, Post Office Box 4524, Fort Worth, TX 76106. Applicant's representative: Clayte Binion, 1108 Continental Life Building, Fort Worth, Tex. 76102. Certificate of public convenience and necessity sought to operate a freight service as follows: Transportation of animal and vegetable fats and oils and blends thereof; syrups; and plastic pellets and powders, all in tank or hopper type vehicles, in intrastate and in interstate and foreign commerce, between points in the Dallas and Fort Worth commercial zones as defined by the Railroad Commission of Texas on the one hand, and, on the other, points in Texas. Both intrastate and interstate authority sought.

HEARING: Date, time, and place not shown. Requests for procedural information should be addressed to the Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, TX 78711, and should not be directed to the Interstate Commerce Commission.

Florida Docket No. 73093-CCT, filed February 13, 1973. Applicant: SMALLEY INVESTMENTS, INC., doing business as SMALLEY TRANSPORTATION COMPANY, 2202 38th Street, Tampa, FL. Applicant's representative: David C. G. Kerr and Ansley Watson, Jr., 512 North Florida Avenue, Tampa, FL. Certificate of public convenience and necessity sought to operate a freight service as follows: Transportation of general commodities, except those of unusual value,

class A and B explosives, household goods as defined by the Commission, commodities in bulk, garments on hangers, commodities requiring refrigerations, building and construction materials and supplies in truck load lots on flat bed equipment, and commodities the transportation of which because of size and weight, require the use of special equipment (except flat bed trailers), over regular routes and on regular schedules between Ocala, Fla., and Orlando, Fla., using State Road 50, U.S. 27, and U.S. 441, and between all points and places on such highways between Ocala, Fla., and Orlando, Fla.; and between all points and places in Jacksonville (Duval County), Fla.; and between Jacksonville (Duval County), Fla., and Ocala, Fla., using U.S. 301. Applicant also seeks authority to engage in transportation in interstate and foreign commerce within the limits of the intrastate authority sought herein. Applicant further seeks authority to tack the authority sought herein with the authority which it presently holds under FPSC Certificate No. 1013 and Interstate Commerce Commission Certificate of Registration No. MC 121667, and Subs thereunder. Both intrastate and interstate authority sought.

HEARING: Date, time, and place not shown. Requests for procedural information should be addressed to the Florida Public Service Commission, 700 South Adams Street, Tallahassee, FL 32304, and should not be directed to the Interstate Commerce Commission.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.73-3737 Filed 2-27-73;8:45 am]

[Rev. S.O. 994; Rev. ICC Order 79]

ST. JOHNSBURY AND LAMOILLE COUNTY RAILROAD

Rerouting or Diversion of Traffic

In the opinion of R. D. Pfahler, Agent, the St. Johnsbury & Lamoille County Railroad is unable to transport traffic over its line between Wolcott, Vt., and St. Johnsbury, Vt., because of track damage.

It is ordered, That:

(a) Rerouting traffic. The St. Johnsbury & Lamoille County Railroad, being unable to transport traffic over its line between Wolcott, Vt., and St. Johnsbury, Vt., because of track damage, that carrier and its connections are hereby authorized to reroute or divert such traffic via any available route to expedite the movement. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving roads to be obtained. The railroad desiring to divert or reroute traffic under this order

shall receive the concurrence of other railroads to which such traffic is to be diverted or rerouted, before the rerouting or diversion is ordered.

(c) *Notification to shippers.* Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic is deemed to be due to carrier disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided

for in this order the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic. Divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) *Effective date.* This order shall become effective at 11:59 p.m., February 20, 1973.

(g) *Expiration date.* This order shall expire at 11:59 p.m., March 15, 1973,

unless otherwise modified, changed, or suspended.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that it be filed with the Director, Office of the Federal Register.

Issued at Washington, D.C., February 15, 1973.

INTERSTATE COMMERCE
COMMISSION,
R. D. PFAHLER,
Agent.

OFFICE OF THE FEDERAL REGISTER DELIVERY OF THE FEDERAL REGISTER

Request for Information

In our continuing efforts to improve all aspects of the Federal Register system, this office is seeking information from subscribers regarding the promptness of delivery of the FEDERAL REGISTER.

Some subscribers have complained that there is a significant delay between date of publication and date of receipt. Other subscribers say the FEDERAL REGISTER is not received on a regular day-to-day basis, but that often several days pass without delivery and then three or four issues are received at one time.

In order to take effective remedial action, we need to know the extent of the problem. We ask for your cooperation by completing the form set forth below and returning it to this office. Your response will be greatly appreciated and, hopefully, will lead to improved delivery service.

FRED J. EMERY,
Director of the Federal Register.

Volume 38 ■ Number 39

PART II

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

NATIONAL REGISTER OF
HISTORIC PLACES

Advisory Council on
Historic Preservation

Protection of Properties
on the National Register;
Procedures For Compliance

DEPARTMENT OF THE INTERIOR

National Park Service

NATIONAL REGISTER OF HISTORIC PLACES

Pursuant to the National Historic Preservation Act of 1966 (80 Stat. 915, 16 U.S.C. 470) the National Park Service, Department of the Interior has undertaken steps to implement the purposes of that act through: (1) Expansion of the National Register of Historic Places, (2) initiating a program of grants-in-aid for historic preservation, and (3) adoption of procedures and criteria for furthering the Nation's historic preservation program.

It is the purpose of this notice, through publication of information and materials included herein, to apprise the public, as well as governmental agencies, associations, and all other organizations and individuals interested in historic preservation of the implementing actions that have been taken in order that there will be a greater awareness of the means by which properties of State and local historical significance may be nominated for placement in the National Register and of the criteria used in evaluating the properties. The notice includes a list of the properties included in the National Register of Historic Places through February 1, 1973.

THOMAS FLYNN,
Deputy Director,
National Park Service.

THE NATIONAL HISTORIC PRESERVATION ACT
THE NATIONAL REGISTER OF HISTORIC
PLACES AND PROCEDURES FOR REGISTRATION

A. Introduction. In the National Historic Preservation Act of 1966, 80 Stat. 915, 16 U.S.C. 470, the Congress found and declared:

(a) That the spirit and direction of the Nation are founded upon and reflected in its historic past;

(b) That the historical and cultural foundations of the Nation should be preserved as a living part of our community life and development in order to give a sense of orientation to the American people.

(c) That, in the face of ever-increasing extensions of urban centers, highways, and residential, commercial, and industrial developments, the present governmental and nongovernmental historic preservation programs and activities are inadequate to insure future generations a genuine opportunity to appreciate and enjoy the rich heritage of our Nation; and

(d) That, although the major burdens of historic preservation have been borne and major efforts initiated by private agencies and individuals, and both should continue to play a vital role, it is nevertheless necessary and appropriate for the Federal Government to accelerate its historic preservation programs and activities, to give maximum encouragement to agencies and individuals undertaking preservation by private means, and to assist State and local governments and the National Trust for Historic Preservation in the United States to expand and accelerate their historic preservation programs and activities.

In order to accomplish these purposes, the National Historic Preservation Act provided for three significant innova-

tions: An expanded National Register of Historic Places, a program of grants-in-aid for historic preservation, and an Advisory Council on Historic Preservation empowered to comment upon all undertakings licensed, assisted, or carried out by the Federal Government that have an effect upon properties in the National Register.

Official notice is hereby given to the public and government agencies of the opportunities and restrictions provided by the National Historic Preservation Act. Detailed administrative procedures for the program may be found in the manuals, "Policies and Procedures for Historic Preservation Grants-in-Aid," and "How to Complete National Register Forms" September 1972 (U.S. Department 16 U.S.C. 470) the National Park Service, Washington, D.C.).

B. Expanding the National Register of Historic Places. The Act authorizes the Secretary of the Interior to expand and maintain a National Register of districts, sites, buildings, structures, and objects significant in American history, architecture, archeology, and culture. Previously, the National Register included only nationally significant properties that are historical or archeological units of the National Park System or that have been declared eligible for designation as National Historic Landmarks. Because they must meet exacting criteria of national significance, such properties are few in number. The National Historic Preservation Act of 1966 provides a means for States to nominate properties of State and local significance for placement in the National Register.

The following officials have been designated by their Governors to act as State Liaison Officers responsible for State activities under the National Historic Preservation Act:

STATE LIAISON OFFICERS

ALABAMA

Chairman, Alabama Historical Commission, State Department of Archives and History, 305 South Lawrence Street, Montgomery, AL 36104.

ALASKA

Director, Division of Parks, Department of Natural Resources, 323 East Fourth Avenue, Anchorage, AK 99501.

ARIZONA

Director, State Parks Board, 1688 West Adams, Phoenix, AZ 85007.

ARKANSAS

Director, Arkansas Department of Parks and Tourism, State Capitol, Room 149, Little Rock, Ark. 72201.

CALIFORNIA

Director, Department of Parks and Recreation, State Resources Agency, Post Office Box 2390, Sacramento, CA 95811.

COLORADO

State Liaison Officer, State Historical Society, Colorado State Museum, 200 14th Avenue, Denver, CO 80203.

CONNECTICUT

Chairman, Connecticut Historical Commission, 59 South Prospect Street, Hartford, CT 06103.

DELAWARE

Director, Division of Historical and Cultural Affairs, Department of State, Dover, Del. 19901.

FLORIDA

Director, Division of Archives, History, and Records Management, Department of State, 401 East Gaines Street, Tallahassee, FL 32304.

GEORGIA

Director, Georgia Historical Commission, 116 Mitchell Street SW., Atlanta, GA 30303.

HAWAII

Chairman, Department of Land and Natural Resources, State of Hawaii, Post Office Box 621, Honolulu, HI 96809.

IDAHO

Director, Idaho Historical Society, 610 North Julia Davis Drive, Boise, ID 83706.

ILLINOIS

Director, Department of Conservation, 102 State Office Building, 400 South Spring Street, Springfield, IL 62706.

INDIANA

Director, Department of Natural Resources, State of Indiana, 615 State Office Building, Indianapolis, Ind. 42604.

IOWA

Assistant State Archeologist, University of Iowa, Iowa City, Iowa 52240.

KANSAS

Executive Director, Kansas State Historical Society, 120 West 10th, Topeka, KS 66612.

KENTUCKY

Executive Director, Kentucky Heritage Commission, 401 Wapping Street, Frankfort, KY 40601.

LOUISIANA

Chairman, Louisiana Historical Preservation and Cultural Commission, Old State Capitol, North Boulevard, Baton Rouge, La. 70802.

MAINE

Director, Maine Historic Preservation Commission, 31 Western Avenue, Augusta, ME 04330.

MARYLAND

Director, Maryland Historical Trust, 2525 Riva Road, Annapolis, MD 21401.

MASSACHUSETTS

Secretary of the Commonwealth, Chairman, Massachusetts Historical Commission, 40 Beacon Street, Boston, MA 02133.

MICHIGAN

Acting Deputy Director, Recreation, Department of Natural Resources, Stevens T. Mason Building, Lansing, Mich. 48926.

MINNESOTA

Director, Minnesota Historical Society, 690 Cedar Street, St. Paul, MN 55101.

MISSISSIPPI

Director, State of Mississippi, Department of Archives and History, Post Office Box 871, Jackson, MS 39205.

MISSOURI

Director, Missouri State Park Board, Post Office Box 176, 1204 Jefferson Building, Jefferson City, MO 65101.

MONTANA

Chief of Recreation and Parks Division, Department of Fish and Game, State of Montana, Mitchell Building, Helena, Mont. 59601.

NEBRASKA

Director, The Nebraska State Historical Society, 1500 R Street, Lincoln, NE 68508.

NEVADA

Administrator, Division of State Parks, 301 South Fall Street, Room 221, Nye Building, Carson City, NV 89701.

NEW HAMPSHIRE

Commissioner, Department of Resources and Economic Development, 856 State House Annex, Concord, NH 03301.

NEW JERSEY

Commissioner, Department of Environmental Protection, Post Office Box 1420, Trenton, NJ 08625.

NEW MEXICO

Acting State Planning Officer, State Capitol, 403 Capitol Building, Santa Fe, N. Mex. 87501.

NEW YORK

Commissioner of Parks and Recreation, Room 303, South Swan Street Building, Albany, N.Y. 12226.

NORTH CAROLINA

State Historian and Administrator, Office of Archives and History, Department of Art, Culture and History, 109 East Jones Street, Raleigh, NC 27602.

NORTH DAKOTA

Superintendent, State Historical Society of North Dakota, Liberty Memorial Building, Bismarck, N. Dak. 58501.

OHIO

Director, The Ohio Historical Society, Columbus, Ohio 43211.

OKLAHOMA

President, Oklahoma Historical Society, 1108 Colcord Building, Oklahoma City, Okla. 73102.

OREGON

Administrator of Highways, State Highway Division, 135 State Highway Building, Salem, Oreg. 97310.

PENNSYLVANIA

Deputy Executive Director, Pennsylvania Historical and Museum Commission, William Penn Memorial Museum and Archives Building, Box 1026, Harrisburg, PA 17108.

RHODE ISLAND

Director, Rhode Island Department of Community Affairs, C.I.C. Building, 289 Promenade Street, Providence, RI 02908.

SOUTH CAROLINA

Director, State Archives Department, 1430 Senate Street, Columbia, SC 29211.

SOUTH DAKOTA

Director, W. H. Over Dakota Museum, The University of South Dakota, Vermillion, S. Dak. 57069.

TENNESSEE

Executive Director, Tennessee Historical Commission, State Library and Archives Building, Nashville, Tenn. 37219.

TEXAS

Executive Director, Texas State Historical Survey Committee, Post Office Box 12276, Capitol Station, Austin, TX 78701.

UTAH

Director, Department of Development Services, 312 State Capitol Building, Salt Lake City, Utah 84102.

VERMONT

Director, Vermont Division of Historic Sites, Pavilion Building, Montpelier, Vt. 05602.

VIRGINIA

Executive Director, Virginia Historic Landmarks Commission, Room 1106, Ninth Street State Office Building, Richmond, Va. 23219.

WASHINGTON

Director, Washington State Parks and Recreation Commission, Post Office Box 1128, Olympia, WA 98504.

WEST VIRGINIA

Director, Department of Archives and History, 1800 Kanawha Boulevard East, Charleston, WV 25305.

WISCONSIN

Director, State Historical Society of Wisconsin, 816 State Street, Madison, WI 53706.

WYOMING

Director, Wyoming Recreation Commission, 604 East 25th Street, Box 309, Cheyenne, WY 82001.

DISTRICT OF COLUMBIA

Deputy Mayor, District of Columbia Government, Washington, D.C. 20004.

COMMONWEALTH OF PUERTO RICO

Executive Director, Institute of Puerto Rican Culture, Apartado 4184, San Juan, P.R. 00905.

GUAM

Acting Director, Department of Commerce, Government of Guam, Post Office Box 682, Agaña, GU 96910.

VIRGIN ISLANDS

Planning Director, Virgin Islands Planning Board, Charlotte Amalie, St. Thomas, V.I. 00810.

SAMOA

Executive Secretary, Environment Quality Commission, Office of the Governor, Pago Pago, American Samoa 96920.

The State Liaison Officer supervises a professional survey staff in conducting a statewide historic sites survey. From the survey findings a comprehensive statewide historic preservation plan is prepared. The plan must be reviewed and approved by a high-level professional review committee. The State Liaison Officer, in accordance with the plan, may then nominate properties for inclusion in the National Register. The nominated properties which are approved by the National Park Service are entered in the National Register of Historic Places by the Director, Office of Archeology and Historic Preservation, National Park Service.

The following criteria shall be used by the States in evaluating properties for nomination to the National Register of Historic Places and by the National Park Service in reviewing State nominations.

National Register Criteria of Evaluation

The quality of significance in American history, architecture, archeology, and culture is present in districts, sites, buildings, structures, and objects of State and local importance that possess integrity of location design, setting, materials, workmanship, feeling, and association, and:

1. That are associated with events that have made a significant contribution to the broad patterns of our history; or

2. That are associated with the lives of persons significant in our past; or

3. That embody the distinctive characteristics of a type, period, or method of construction, or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction; or

4. That have yielded, or may be likely to yield, information important in pre-history or history.

Criteria considerations. Ordinarily cemeteries, birthplaces, or graves of historical figures, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in nature, and properties that have achieved significance within the past 50 years shall not be considered eligible for the National Register. However, such properties will qualify if they are integral parts of districts that do meet the criteria or if they fall within the following categories:

(a) A religious property depriving primary significance from architectural or artistic distinction or historical importance.

(b) A building or structure removed from its original location but which is significant primarily for architectural value, or which is the surviving structure most importantly associated with a historic person or event.

(c) A birthplace or grave of a historical figure of outstanding importance if there is no appropriate site or building directly associated with his productive life.

(d) A cemetery which derives its primary significance from graves of persons of transcendent importance, from age, from distinctive design features, or from association with historic events.

(e) A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived.

(f) A property primarily commemorative in intent if design, age, tradition, or symbolic value has invested it with its own historical significance.

(g) A property achieving significance within the past 50 years if it is of exceptional importance.

C. Grants for historic preservation. The National Historic Preservation Act also authorizes a program of grants-in-aid to States for comprehensive statewide historic site surveys and preservation plans. Grants are also authorized to States, local governments, private organizations, and individuals for preservation projects in accordance with an approved statewide plan. All grants are made through the States. The State Liaison

son Officer may then distribute the funds to other approved public and private recipients. Funds may be used for acquisition, protection, rehabilitation, restoration, and reconstruction of properties included in the National Register of Historic Places.

[FR Doc.73-3423 Filed 2-27-73; 8:45 am]

ADVISORY COUNCIL ON HISTORIC PRESERVATION

NATIONAL REGISTER OF HISTORIC PLACES

Protection of Properties; Procedures for Compliance

Pursuant to the National Historic Preservation Act of 1966 (80 Stat. 915, 16 U.S.C. 470), the Advisory Council on Historic Preservation has undertaken steps to implement the purposes of that Act through the publication of procedures for compliance with section 106 of the Act and information to define the role and function of the Advisory Council. It is the purpose of this notice, through publication of the following procedures and information, to apprise the public, as well as governmental agencies, associations, and all other organizations and individuals interested in historic preservation, of the implementing actions that have been taken in order that the historic preservation responsibilities of Federal agencies and the Advisory Council may be met. Inquiries regarding the substance of, and compliance with, the procedures and information set forth in this notice should be directed to the Executive Secretary, Advisory Council on Historic Preservation, Suite 430, 1522 K Street NW., Washington, DC 20005.

THOMAS FLYNN,

Executive Director, Advisory Council
on Historic Preservation.

THE NATIONAL HISTORIC PRESERVATION ACT PROTECTION OF PROPERTIES IN THE NATIONAL REGISTER OF HISTORIC PLACES

Introduction. The National Historic Preservation Act of 1966 created the Advisory Council on Historic Preservation, an independent agency of the Executive branch of the Federal Government, to advise the President and Congress on matters involving historic preservation. Its members are the Secretary of the Interior, the Secretary of Housing and Urban Development, the Secretary of the Treasury, the Secretary of Commerce, the Attorney General, the Secretary of Transportation, the Secretary of Agriculture, the Administrator of the General Services Administration, the Secretary of the Smithsonian Institution, the Chairman of the National Trust for Historic Preservation, and 10 citizen members selected on the basis of their outstanding service in the field of historic preservation.

The Council is authorized to review and comment upon undertakings carried out, licensed, or financially assisted by the Federal Government which have an effect upon properties listed on the National Register; to recommend measures

to coordinate activities of Federal, State, and local agencies and private institutions and individuals relating to historic preservation; and to secure from the appropriate Federal agencies certain information necessary to the performance of these duties.

I. PROCEDURES FOR COMPLIANCE WITH SECTION 106

The Council exercises an important function by reviewing and commenting upon undertakings carried out, licensed, or financially assisted by the Federal Government when the undertaking will affect a property listed on the National Register. This authority derives from section 106 of the National Historic Preservation Act, which provides that:

The head of any Federal agency having direct or indirect jurisdiction over a proposed Federal or federally assisted undertaking in any State and the head of any Federal department or independent agency having authority to license any undertaking shall, prior to the approval of the expenditure of any Federal funds on the undertaking or prior to the issuance of any license, as the case may be, take into account the effect of the undertaking on any district, site, building, structure, or object that is included in the National Register. The head of any such Federal agency shall afford the Advisory Council on Historic Preservation established under Title II of this Act a reasonable opportunity to comment with regard to such undertaking.

The Advisory Council desires to provide maximum assistance to Federal agencies in connection with section 106. Normally the Council anticipates that its comments will be required in only the most complex situations, and it requests that Federal agencies fulfill their obligations under section 106 by the use of the following procedures:

PROCEDURES FOR COMPLIANCE WITH SECTION 106 NATIONAL HISTORIC PRESERVATION ACT OF 1966

The Advisory Council on Historic Preservation hereby establishes the following procedures for agencies of the Federal Government having direct or indirect jurisdiction or authority over a Federal or federally financed or licensed undertaking for compliance with section 106 of the National Historic Preservation Act of 1966.

A. Definitions. As used in these procedures:

1. "National Historic Preservation Act" means Public Law 89-665, approved October 15, 1966, an "Act to establish a program for the preservation of additional historic properties throughout the Nation and for other purposes," 80 Stat. 915, 16 U.S.C. 470, hereinafter referred to as "the Act."

2. "Undertaking" means any Federal action, activity, or program, or the approval, sanction, assistance, or support of any other action, activity, or program, such as the issuance of a license or permit, the granting of funds, or the development or funding of master or regional plans.

3. "National Register" means the National Register of Historic Places, which is a register of districts, sites, buildings,

structures, and objects, significant in American history, architecture, archeology, and culture, maintained by the Secretary of the Interior under authority of section 2(b) of the Historic Sites Act of 1935 (49 Stat. 666, 16 U.S.C. 461) and section 101(a)(1) of the National Historic Preservation Act. The National Register is published in its entirety in the FEDERAL REGISTER each year in February. Addenda are published monthly.

4. "National Register Property" means a district, site, building, structure, or object, listed in the National Register.

5. "National Register Criteria" means the following criteria established by the Secretary of the Interior for use in evaluating and determining the eligibility of properties for listing in the National Register:

The quality of significance in American history, architecture, archeology, and culture, is present in districts, sites, buildings, structures, and objects of State and local importance that possess integrity of location, design, setting, materials, workmanship, feeling and association and:

a. That are associated with events that have made a significant contribution to the broad patterns of our history; or

b. That are associated with the lives of persons significant in our past; or

c. That embody the distinctive characteristics of a type, period, or method of construction, or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction; or

d. That have yielded, or may be likely to yield, information important in prehistory or history.

Criteria considerations. Ordinarily cemeteries, birthplaces, or graves of historical figures, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in nature, and properties that have achieved significance within the past 50 years shall not be considered eligible for the National Register. However, such properties will qualify if they are integral parts of districts that do meet the criteria or if they fall within the following categories:

(1) A religious property deriving primary significance from architectural or artistic distinction or historical importance.

(2) A building or structure removed from its original location but which is significant primarily for architectural value, or which is the surviving structure most importantly associated with a historic person or event.

(3) A birthplace or grave of a historical figure of outstanding importance if there is no appropriate site or building directly associated with his productive life.

(4) A cemetery which derives its primary significance from graves of persons of transcendent importance, from age, from distinctive design features, or from association with historic events.

(5) A reconstructed building when accurately executed in a suitable environment and presented in a dignified manner as part of a restoration master plan, and when no other building or structure with the same association has survived.

(6) A property primarily commemorative in intent if design, age, tradition, or symbolic value has invested it with its own historical significance.

(7) A property achieving significance within the past 50 years if it is of exceptional importance.

6. "Criteria for Effect" means the following criteria established by the Advisory Council on Historic Preservation for use in determining the effect of an undertaking upon a National Register property:

A federally financed or licensed undertaking shall be considered to have an effect on a National Register listing (districts, sites, buildings, structures, and objects, including their settings) when any condition of the undertaking causes or may cause any change in the quality of the historical, architectural, archeological, or cultural character that qualified the property under the National Register criteria for listing in the National Register.

Generally, adverse effects occur under conditions which include but are not limited to:

a. Destruction or alteration of all or part of a property;

b. Isolation from or alteration of its surrounding environment;

c. Introduction of visual, audible, or atmospheric elements that are out of character with the property and its setting.

7. "Agency Official" means the head of the Federal Agency having responsibility for the undertaking or a subordinate employee of the Federal Agency to whom authority with respect to the evaluation of the effect of the proposed undertaking has been delegated.

8. "Executive Director" means the Executive Director of the Advisory Council on Historic Preservation established by Section 205 of the Act, or his designated representative.

9. "State Liaison Officer" means the official within each State, authorized by the State at the request of the Secretary of the Interior, to act as liaison for purposes of implementing the Act, or his designated representative.

B. *Agency procedures*—1. *Consideration of effect.* At the earliest stage of planning or consideration of a proposed undertaking, including master and regional planning, the Agency Official shall: (a) Consult the National Register to determine if a National Register property is involved in the undertaking; and (b) upon finding involvement, apply the "Criteria for Effect." Upon applying the criteria and finding no effect, the undertaking may proceed.

2. *Effect established.* Upon finding that the undertaking will have an effect upon a National Register property, the Agency Official shall: (a) Notify the State Liaison Officer and the Executive Director; and (b) in joint consultation with them,

determine whether or not the effect will be adverse.

3. *Finding of no adversity.* Upon finding the effect not to be adverse, the Agency Official, the State Liaison Officer and the Executive Director shall execute a joint memorandum acknowledging no adversity and forward the document to the Chairman of the Advisory Council for review pursuant to section C(1).

4. *Finding of adversity.* If any of the consulting parties find the effect to be adverse, the Agency Official shall consult further with the State Liaison Officer and the Executive Director to determine whether there is a feasible and prudent alternative to remove or satisfactorily mitigate the adverse effect.

5. *Removal of adversity.* If the Agency Official, the State Liaison Officer, and the Executive Director select and unanimously agree upon a feasible and prudent alternative to remove the adverse effect of the undertaking, they shall execute a joint memorandum acknowledging no adversity. This document shall be forwarded to the Chairman of the Advisory Council for review pursuant to section C(1).

6. *Mitigation of adversity.* If the consulting parties are unable to unanimously agree upon a feasible and prudent alternative to remove the adversity, the Agency Official shall consult with the State Liaison Officer and the Executive Director to determine whether there is a feasible and prudent alternative to satisfactorily mitigate the adverse effect of the undertaking. Upon finding and unanimously agreeing to such an alternative, they shall execute a joint memorandum acknowledging satisfactory mitigation of effect. This document shall be forwarded to the Chairman of the Advisory Council for review pursuant to section C(1).

7. *Failure to remove or mitigate adversity.* Upon the failure of the consulting parties to find and unanimously agree upon a feasible and prudent alternative to remove or satisfactorily mitigate the adverse effect, the Agency Official shall delay further processing of the undertaking and provide written notice affording the Advisory Council an opportunity to comment upon the proposed undertaking. Such notice shall include a record of the status of the proposal in the planning and funding sequence and an account of actions taken in accordance with the Procedures for Compliance. Upon request, the Agency Official shall submit a report of the undertaking to the Advisory Council.

C. *Council procedures*—1. *Review of joint memorandum.* Upon receipt from the Agency Official of a joint memorandum acknowledging either no adversity or satisfactory mitigation of effect, the Chairman of the Council shall review the content of the document. Unless the Chairman, or in his absence a citizen member of the Council appointed by the membership for this purpose, shall notify the Agency Official that the matter has been placed on the agenda of the Council for final review and comment, the joint memorandum shall become final in 30 days and the undertaking may proceed.

The Chairman, or in his absence the Council's appointee, may waive all or part of the 30-day review period by notice to the Agency Official, at which time the joint memorandum shall become final and the undertaking may proceed.

2. *Preliminary action on notice affording opportunity for comment.* Upon receipt of a written notice from an agency affording the Advisory Council an opportunity to comment pursuant to section B(7) of these procedures, the notice shall be acknowledged and a 30-day review period instituted during which:

a. It shall be determined whether the Procedures for Compliance have been observed;

b. The Federal Agency, the State Liaison Officer and the Executive Director shall provide such information as may be requested by the Council; and

c. The Chairman, or in his absence the Council's appointee under section C(1), shall determine whether or not the Council will comment. If the Council decides not to comment, the undertaking may proceed.

3. *Decision to comment.* Upon determination to comment upon an undertaking, the Council shall:

a. Schedule the matter for consideration at a regular meeting no less than 60 days from the date the notice was received, or in exceptional cases, schedule the matter for consideration in an un-assembled or special meeting;

b. Notify the Federal Agency of the date on which comments will be considered; and

c. Authorize preparation of a section 106 report.

4. *Content of section 106 report.* For purposes of arriving at comments under section 106 of the Act, the Advisory Council prescribes that certain reports be made available to it and accepts reports and statements from other interested parties. Specific informational requirements are enumerated below. Generally, the requirements represent an explication or elaboration of principles contained in the "Criteria for Effect." The Council notes, however, the Act recognizes that historical and cultural resources should be preserved "as a living part of our community life and development." Consequently, in arriving at final comments, the Council considers those elements in an undertaking that have relevance beyond historical and cultural concerns. To assist it in weighing the public interest, the Council welcomes information not only bearing upon physical, sensory, or esthetic effects but information concerning economic, social, and other benefits or detriments that will result from the undertaking.

5. *Elements of the section 106 report.* The report on which the Council relies for comment shall consist of:

a. A report from the Executive Director to include a verification of the legal and historical status of the National Register property; an assessment of the historical, architectural, archeological, or cultural significance of the National Register property; a statement indicating the special value of features to be most affected by the undertaking; an evaluation

of the total effect of the undertaking upon the National Register property; and a critical review of any known feasible and prudent alternatives.

b. A report from the Federal Agency requesting comment to include a general discussion of the proposed undertaking; when appropriate, an account of the steps taken to comply with section 102(2)(A) of the National Environmental Policy Act of 1969 (83 Stat. 852, 42 U.S.C. 4332); an evaluation of the effect of the undertaking upon the National Register property, with particular reference to the impact on the historic scene; steps taken or proposed by the agency to take into account or minimize the effect of the undertaking; a discussion of alternatives, and, if applicable and available, a copy of the draft of the preliminary environmental impact statement prepared in compliance with section 102(2)(C) of the National Environmental Policy Act of 1969.

c. A report from any other Federal Agency having under consideration a plan or undertaking that will concurrently or ultimately affect the National Register property, including a general description of the plan or undertaking and a discussion of the effect of the undertaking under consideration by the Council will have upon such proposals.

d. A report from the State Liaison Officer to include an assessment of the significance of the National Register property; an identification of features of special value; an evaluation of the effect of the undertaking upon the National Register property and its specific components; a consideration of known alternatives; a discussion of present or proposed participation of State and local agencies or organizations in preserving or assisting in preserving the National Register property; an indication of the support or opposition of units of government and public and private agencies and organizations within the State; and the recommendations of his office.

e. Other pertinent reports, statements, correspondence, transcripts, minutes, and documents, received by the Council from any and all parties, public or private.

6. *Report by recipient or potential recipient.* When the Federal Agency requests comment upon an application for funds, a grant, or license or some other form of Federal approval, sanction, assistance, or support, the Council will welcome the submission and presentation of a report by the applicant or potential recipient. Arrangements for the submission and presentation of reports by applicants or potential recipients should be made through the Federal Agency having jurisdiction in the matter.

7. *Coordination of section 106 reports and statements.* a. In considerations involving, either directly or indirectly, more than one Federal department, the agency requesting comment shall act as a coordinator in arranging for a full assessment and discussion of all interdepartmental facets of the problem and prepare a record of such coordination to be made available to the Council.

b. The Council may request the State Liaison Officer or other State officials to accept the responsibility for notifying appropriate governmental units and public and private organizations within the State of the pending comments of the Council, and to coordinate the presentation of written statements to the Council.

8. *Council meetings.* The Council will not hold formal hearings on section 106 matters. All meetings will be open except as otherwise ordered by the Chairman. Reports and statements will be presented to the Council in open session in accordance with a prearranged agenda and considered by the Council in executive session for the purpose of preparing comments. Regular meetings of the Council occur on the first Wednesday and Thursday of February, May, August, and November.

9. *Oral statements to the Council.* A schedule shall provide for oral statements from the Executive Director; the referring Federal Agency presently or potentially involved; the recipient or potential recipient; the State Liaison Officer; and representatives of national, State, or local units of government and public and private organizations. The Council requests that parties wishing to make oral remarks submit written statements of position in advance to the Council staff.

10. *Comments by the Council.* The comments of the Council shall take the form of a three-part statement, including an introduction, findings, and a conclusion. The statement shall include notice to the Federal Agency of the report required under section C(11) of these procedures. Comments shall be made to the head of the Federal Agency requesting comment or having responsibility in the matter. Immediately thereafter, the comments of the Council will be forwarded to the President and the Congress as a special report under authority of section 202(b) of the Act and published as soon as possible in the FEDERAL REGISTER.

11. *Report of agency action in response to Council comments.* When a final decision on the undertaking is reached by the Federal Agency, the Agency Official shall submit a written report to the Council containing: (a) A description of actions taken by the Federal Agency subsequent to the Council's comments; (b) a description of actions taken by other parties pursuant to the actions of the Federal Agency; and (c) the ultimate effect of such actions on the National Register property involved. The Council may request supplementary reports if the nature of the undertaking requires them.

12. *Records of the Council.* The records of the Council shall consist of an oral transcript of the proceedings at each meeting, the section 106 report prepared by the Executive Director, and all other reports, statements, transcripts, correspondence, and documents received. Records shall be maintained in the Office of the Council.

13. *Continuing review jurisdiction.* When the Council has formally commented pursuant to sections C(2) through C(10) or has approved a joint memorandum pursuant to section C(1) concerning an undertaking, such as a master plan, which by its nature requires subsequent action by the Federal Agency, the Council will consider its comments or approval to extend only to the undertaking as reviewed. The Agency Official shall insure that subsequent action related to the undertaking is submitted to the Council for review in accordance with these procedures when that action is found to have an effect on a National Register property.

II. OTHER POWERS OF THE COUNCIL

A. *Comment or report upon non-Federal undertaking.* The Council will exercise the broader advisory powers, vested by section 202(a)(1) of the Act, to comment or report upon a non-Federal undertaking that will adversely affect a National Register property or any other property determined by the Secretary of the Interior to meet the National Register criteria: (1) Upon request from the President of the United States, the President of the U.S. Senate, or the Speaker of the House of Representatives, or (2) when agreed upon by a unanimous vote of the members of the Council.

B. *Comment or report upon Federal undertaking in special circumstances.* The Council will exercise its broader advisory powers by commenting to Federal agencies in certain special situations even though written notice that an undertaking will have an effect has not been received. For example, the Council may choose to comment in situations where an objection is made to a Federal Agency finding of "no effect."

The following properties were listed on the National Register as of February 1, 1973. Those which are marked by an asterisk have been designated National Historic Landmarks by the Secretary of the Interior.

NATIONAL REGISTER ENTRIES

ALABAMA

Baldwin County

Gasque vicinity, *Fort Morgan, western terminus of Alabama 180.

Tensaw vicinity, Fort Mims Site, Sec. 46, R. 2 E., T. 3 N.

Barbour County

Eufaula, Bray-Barron Home, North Eufaula Avenue.

Eufaula, Cato House, 823 West Barbour Street.

Eufaula, Drewry-Mitchell-Moorer House, 640 North Eufaula Avenue.

Eufaula, Fendall Hall, Barbour Street.

Eufaula, Kendall Manor, 534 West Broad Street.

Eufaula, McNab Bank Building, Broad Street.

Eufaula, Sheppard Cottage, East Barbour Street.

Eufaula, Shorter Mansion, 340 North Eufaula Avenue.

Eufaula, Sparks, Governor, House (H. C. Hart House), 257 Broad Street.

Eufaula, The Tavern (River Tavern), 105 Riverside Drive.

Eufaula, *Wellborn (Welborn) House*, Livingston Avenue.

Blount County

Oneonta vicinity, *Horton Mill Covered Bridge*, 5 miles north of Oneonta on Route 3.

Calhoun County

Jacksonville, *Francis, Dr. J. C., Office*, 100 Gayle Street.

Cherokee County

Cedar Bluff vicinity, *Cornwall Furnace*, 2 miles north of Cedar Bluff.

Colbert County

Florence vicinity, **Wilson Dam*, Tennessee River, on Alabama 133 (also in Lauderdale County).

Tuscumbia, *Ivy Green (Helen Keller Birthplace)*, 300 West North Common.

Dallas County

Selma, *Morgan, John Tyler, House*, 719 Tremont.

Selma, *Water Avenue Historic District*, Water Avenue.

De Kalb County

Fort Payne, *Alabama Great Southern Railroad Passenger Depot*, Northeast Fifth Street.

Fort Payne, *Fort Payne Opera House*, 510 Gault Avenue, North.

Elmore County

Wetumpka vicinity, **Fort Toulouse*, 4 miles southwest of Wetumpka at confluence of the Coosa and Tallapoosa rivers.

Greene County

Eutaw, *Coleman-Banks House*, 430 Springfield Road.

Eutaw, *Greene County Courthouse*, Court-house Square.

Forkland vicinity, *Rosemount*, 1 mile northwest of Forkland.

Hale County

Moundville vicinity, **Moundville Site*, 1 mile west of Moundville on County Route 21.

Jackson County

Bridgeport vicinity, *Russell Cave National Monument*, 8 miles west of Bridgeport via U.S. 72 and County Routes 91 and 75.

Jefferson County

Bessemer, *The McAdory House*, 214 Eastern Valley Road.

Birmingham, *Arlington (Mudd-Munger Home)*, 331 Cotton Avenue SW.

Birmingham, *Sloss Blast Furnace Site*, First Avenue at 32d Street.

Lauderdale County

Florence, *Karsner-Carroll House*, 303 North Pine Street.

*Wilson Dam (see Colbert County).

Lee County

Auburn vicinity, *Noble Hall (Frazier-Brown House)*, Shelton Mill Road, 3 miles north of Auburn.

Limestone County

Belle Mina vicinity, *Belle Mina*, south of Belle Mina on the Mooresville-Elkton Road.

Mooresville, *Mooresville*.

Lowndes County

Hayneville, *Lowndes County Courthouse*, Washington Street.

Macon County

Tuskegee vicinity, **Tuskegee Institute*, 1 mile northwest of Tuskegee on U.S. 80.

Madison County

Huntsville, *Southern Railway System Depot*, 330 Church Street.

Huntsville, *Twickenham Historic District*.

Marengo County

Dayton vicinity, *Half-Chance Bridge*, Sec. 32, T. 16 N., R. 4 E.

Demopolis, *Bluff Hall*, 405 North Commissioners Avenue.

Demopolis, *Gaineswood*, 805 South Cedar Street.

Demopolis, *White Bluff*, Arch Street.

Mobile County

Mobile, *Barton Academy*, 504 Government Street.

Mobile, *Bishop Portier Home*, 307 Conti Street.

Mobile, *Bragg-Mitchell House*, 1906 Springhill Avenue.

Mobile, *Church Street East Historic District*.

Mobile, *City Hall*, 111 South Royal Street.

Mobile, *De Tonti Square Historic District*.

Mobile, *Fort Condé-Charlotte*, within an area bounded roughly by Emanuel, Theater, Royal, and Church Streets, and extending slightly north of Church Street.

Mobile, *Georgia Cottage*, 2564 Springhill Avenue.

Mobile, *Horst, Martin, House*, 407 Conti Street.

Mobile, *Oakleigh*, 350 Oakleigh Street.

Mobile, *Old City Hospital*, 900-950 St. Anthony Street.

Mobile, *Semmes, Raphael, Home*, 804 Government Street.

Mobile, *Washington Square Historic District (Oakleigh Garden Historic District)*.

Montgomery County

Montgomery, **Alabama State Capitol (First Confederate Capitol)*, Goat Hill, east end of Dexter Avenue.

Montgomery, *Governor's Mansion*, 1142 South Perry Street.

Montgomery, *The Murphy House*, 22 Bibb Street.

Montgomery, *Ordeman-Shaw Historic District*, bounded on the west by a line midway between McDonough and Hull Streets;

on the north by Randolph Street; on the east by a line midway between Hull and Decatur Streets (to Jefferson Street) and by Decatur Street; and on the south by Madison Avenue.

Montgomery, *Perry Street Historic District*, bounded roughly by McDonough on the east, Sayre on the west, Washington on the north, and Donaldson on the south.

Montgomery, *Semple House*, 725 Monroe Street.

Montgomery, *Winter Building*, 2 Dexter Avenue.

Morgan County

Decatur, *State Bank Building*, Decatur Branch, 925 Bank Street NE.

Somerville, *Somerville Courthouse*.

Russell County

Fort Mitchell vicinity, *Fort Mitchell Site*, north of Fort Mitchell.

Holy Trinity vicinity, **Apalachicola Fort*, 1.5 miles east of Holy Trinity on Chattahoochee River.

St. Clair County

Ohatchee vicinity, *Fort Strother*, approximately 3 miles west of Ohatchee on Coosa River.

Shelby County

Montevallo, *Manson House*, campus of the University of Montevallo.

Sumter County

Livingston, *Sumter County Courthouse*.

Talladega County

Talladega, *Talladega Court House Square Historic District*.

Talladega vicinity, **Curry, J. L. M., Home*, 3 miles northeast of Talladega on Alabama 21.

Tallapoosa County

Dadeville vicinity, *Horseshoe Bend National Military Park*, Tallapoosa River, 12 miles north of Dadeville on Alabama 49.

Tuscaloosa County

Abernath vicinity, *Tannehill Furnace*, sec. 33, R. 5 W., T. 20S.

Northport, *Shirley, James, House*, 512 Main Avenue.

Tuscaloosa, *Collier-Overby House*, southeast corner of Ninth Street and 21st Avenue.

Tuscaloosa, *Friedman Civic and Cultural Center*, 1010 Greensboro Avenue.

Tuscaloosa, *Gorgas-Manly Historic District*, bounded approximately by Seventh and Eighth Avenues, Capstone Drive, and the street 1 block south of Third.

Tuscaloosa, *Jemison-Vandegraaf House*, 1305 Greensboro Avenue.

Tuscaloosa, *President's Mansion*, University of Alabama campus.

University, *The Old Observatory*, north of University Boulevard.

Walker County

Cordova vicinity, *Glichrist House*, 12 miles southwest of Cordova on the Pleasantfield-Evansbridge Road.

Washington County

St. Stephens vicinity, *Site of Old St. Stephens*, northeast of St. Stephens and bounded on the north by cement excavations, on the east by the Tombigbee River, on the south by woodland, and on the west by woodland and pasture.

ALASKA

Interior District

Eagle, *Eagle Historic District*, left bank of the Yukon River at the mouth of Mission Creek; secs. 24, 25, 36, T. 1 S., R. 32 E., secs. 19, 30, 31, T. 1 S., R. 33 E., sec. 1, T. 2 S., R. 32 E., secs. 4, 5, 6, T. 2 S., R. 33 E.

Fairbanks, *George C. Thomas Memorial Library*, 901 1st Avenue.

Fairbanks, *Nemana (steamer)*, Alaskaland.

Flaxman Island, *Leffingwell Camp*, Arctic coast, 58 miles west of Barter Island.

Paxson vicinity (also in South Central District), *Tangle Lakes Archeological District*, Denali Highway, western boundary is 40 miles west of Paxson.

Northwestern District

Barrow vicinity, **Birnik Site*, 5 miles northeast of Barrow.

Cape Denbigh Peninsula, **Iyatayet Site*, Norton Sound.

Cape Prince of Wales vicinity, **Wales Sites*, adjacent to Cape Prince of Wales on Seward Peninsula.

Kiana vicinity, *Onion Portage Archeological District*, east of Kiana on the Kobuk River.

Nome vicinity, **Anvil Creek Gold Discovery Site*, 4.25 miles north of Nome on Seward Peninsula at Anvil Creek.

Point Hope Peninsula, **Ipiutak Site*, tip of Point Hope lat. 68°20' N., long. 167°50' W.

St. Lawrence Island, **Gambell Sites*, Northwest Cape.

South Central District

Dutch Harbor, Unalaska Island, **Church of the Holy Ascension*, Unalaska.

Hope, *Hope Historic District*.

Kenai, **Church of the Assumption of the Virgin Mary*, east shore of Cook Inlet.

Kodiak, Kodiak Island, **Erskine House (Baranov Warehouse)*, Main Street and Mission Street.
 Kodiak Island, *Three Saints Bay Archeological Site*, north of Cape Kaslak, T. 35 S., R. 27 W.
 Kodiak vicinity, *Fort Abercrombie State Historic Site*, Kodiak Island.
 Nikolski vicinity, **Chaluka Site*, Umnak Island, Aleutian Islands.
 Pribilof Islands, St. Paul Island, **Fur Seal Rookeries*.
 Rip Rock vicinity, Hawkins Island, **Palugvik Site*, 3.75 miles east of Rip Rock on Prince William Sound.
Tangle Lakes Archeological District (see Interior District).
 Yukon Island, **Yukon Island Main Site*, Kachemak Bay, Cook Inlet.

Southeastern District

Haines, *Fort William H. Seward*, Port Chilkoot.
 Ketchikan, *Alaska Totems*, between Park and Deermont Avenues.
 Ketchikan vicinity, *Totem Eight State Historic Site*, west coast of Revillagigedo Island.
 Metlakatla, *Duncan, Father William, House*, Fifth Avenue and Atkinson Street.
 Sitka, *Alaska Native Brotherhood Hall, Sitka Camp No. 1*; Katlean Street.
 Sitka, **American Flag Raising Site*, Castle Hill.
 Sitka, **Russian Mission Orphanage*, Lincoln and Monastery Streets.
 Sitka, **St. Michael's Cathedral*, Lincoln and Maksoutoff Streets.
 Sitka, *Sheldon Jackson Museum*, Lincoln Street.
 Sitka, Baranof Island, *Sitka National Monument*.
 Sitka vicinity, **Old Sitka Site*, 6 miles north of Sitka on Starrigavan Bay.
 Skagway and vicinity, **Skagway Historic District and White Pass*, head of Taiya Inlet on Lynn Canal.
 Wrangell, *Chief Shakes State Historic Site*, Shakes Island.
 Yakutat vicinity, *New Russia Archeological Site*, southwest of Yakutat on Phipps Peninsula.

Southwestern District

Aleutians, *Ananitulak Island Archeological District*, lat. 53° N., long. 168° 50' W.
 Eklutna, *Old St. Nicholas Russian Orthodox Church*, Eklutna Village Road.

AMERICAN SAMOA

Fagotogo, *Navy Building 43*.
 Fagotogo, *Navy Building 38*.

Western Samoa

Afao Village vicinity, *Atauloma Girls School*.
 Leone Village vicinity, *Fagalele Boys School*.

Tutuila Island

Pago Pago, *Government House*, Togotogo Ridge.

ARIZONA

Apache County

Chinle, *Canyon de Chelly National Monument*, east side of Chinle.
 Ganado, *Hubbell Trading Post National Historic Site*, west side of Ganado.
 Springerville vicinity, **Casa Malpais Site*, 2 miles north of Springerville.

Cochise County

Bisbee, *Phelps Dodge General Office Building*, Copper Queen Plaza, intersection of Main Street and Brewery Gulch.
 Bisbee vicinity, *Coronado National Memorial*, 30 miles southwest of Bisbee via Arizona 92 and secondary road.
 Bisbee vicinity, **Lehner Mammoth-Kill Site*, 10 miles west of Bisbee.

Bowle vicinity, *Fort Bowle National Historic Site*, 13 miles south of Bowle.
 Douglas vicinity, **Double Adobe Site*, 12 miles northwest of Douglas on the west bank of Whitewater Creek.
 Douglas vicinity, **San Bernardino Ranch*, 17 miles east of Douglas on the international boundary.
 Fairbank vicinity, *Quburi*, north of Fairbank.
 Tombstone, *St. Paul's Episcopal Church*, Saford and Third Streets.
 Tombstone, *Tombstone City Hall*, 315 East Fremont Street.
 Tombstone, *Tombstone Courthouse (Cochise County Courthouse)*, 219 East Toughnut.
 Tombstone, **Tombstone Historic District*.

Coconino County

Flagstaff vicinity, **Lowell Observatory*, 1 mile west of Flagstaff on Mars Hill.
 Flagstaff vicinity, **Merriam C. Hart, Base Camp Site*, 20 miles northwest of Flagstaff, at Little Springs private enclave in Coconino National Forest.
 Flagstaff vicinity, *Walnut Canyon National Monument*, 8 miles east of Flagstaff on U.S. 66.
 Flagstaff vicinity, *Wupatki National Monument*, 30 miles north of Flagstaff off U.S. 89.
 Winona vicinity, **Winona Site*, 5 miles northeast of Winona on U.S. 66, Coconino National Forest.

Gila County

Globe vicinity, **Roosevelt Dam*, Salt River, 31 miles northwest of Globe on Arizona 88 (also in Maricopa County).
 Globe vicinity, *Tonto National Monument*, 28 miles northwest of Globe on Arizona 88.
 Whiteriver vicinity, **Kinishba Ruins*, 15 miles west of Whiteriver via Arizona 73 and secondary road.

Graham County

Bonita vicinity, **Sierra Bonita Ranch*, southwest of Bonita.
 Morenci vicinity, **Point of Pines*, 30 miles northwest of Morenci, San Carlos Indian Reservation.

Maricopa County

Gila Bend vicinity, *Fortaleza*, Gila Bend Indian Reservation.
 Gila Bend vicinity, **Gatlin Site*, 3 miles north of Gila Bend.
 Phoenix, **Hohokam-Pima Irrigation Sites*, Park of the Four Waters.
 Phoenix, **Pueblo Grande Ruin*, Washington Avenue, Pueblo Grande City Park.
 Phoenix, *Rosson, Dr. Ronald, House*, 139 North Sixth Street.
 **Roosevelt Dam* (see Gila County).
 Tempe, *Farmer-Goodwin House*, 820 Farmer Avenue.

Mohave County

Fredonia vicinity, *Pipe Spring National Monument*, 15 miles southwest of Fredonia.

Navajo County

Kayenta vicinity, *Navajo National Monument*, 30 miles southwest of Kayenta.
 Keams Canyon vicinity, **Awatovi Ruins*, 8 miles south of Keams Canyon, Hopi Indian Reservation.
 Oraibi vicinity, **Old Oraibi*, 3 miles west of Oraibi on Arizona 264, Hopi Indian Reservation.
 Snowflake, *Flake, James M., Home*, southwest corner of Stinson and Hunt Streets.
 Snowflake, *Smith, Jesse N., Home (Pioneer Memorial Home)*, 203 West Smith Avenue.

Pima County

Santa Rosa vicinity, **Ventana Cave*, 11 miles west of Santa Rosa, Papago Indian Reservation.

Tucson, *Cordova House*, 173-177 North Meyer Avenue.
 Tucson, *El Tiradito (Wishing Shrine)*, 221 South Main.
 Tucson, *Fremont House*, 145-153 South Main Street.
 Tucson, *The Old Adobe Patio (Charles O. Brown House)*, 40 West Broadway.
 Tucson, *Old Main*, University of Arizona campus.
 Tucson vicinity, **Desert Laboratory*, west of Tucson off West Anklam Road.
 Tucson vicinity, **San Xavier del Bac*, 9 miles south of Tucson via Mission Road.

Pinal County

Chandler vicinity, **Snaketown*, 12 miles southwest of Chandler, Gila River Indian Reservation.
 Coolidge vicinity, *Casa Grande Ruins National Monument*, 2 miles north of Coolidge on Arizona 87.
 Florence vicinity, *Adamsville Ruin*, 3.5 miles southwest of Florence on Arizona 287.

Santa Cruz County

Nogales vicinity, *Calabasas*, north of Nogales on the east bank of the Santa Cruz River.
 Nogales vicinity, *Guevavi Mission Ruins*, approximately 6 miles above the international boundary.
 Nogales vicinity, *Tumacacori National Monument*, 18 miles north of Nogales on Interstate 19.
 Tubac, *Old Tubac Schoolhouse*.
 Tubac, *Tubac Presidio*, Broadway and River Road.

Yavapai County

Camp Verde, *Fort Verde District*, bounded by Hance Street on the north, Copplinger Street on the east, and Woods Street on the west.
 Clarkdale vicinity, *Tuzigoot National Monument*, 2 miles east of Clarkdale.
 Flagstaff vicinity, *Montezuma Castle National Monument*, 40 miles south of Flagstaff on Interstate 17.
 Jerome, **Jerome Historic District*.
 Prescott, *Old Governor's Mansion*, 400 block of West Gurley.

Yuma County

Ehrenberg vicinity, *Old La Paz (Laguna de La Paz)*, northeast of Ehrenberg on the Colorado River Indian Tribes Reservation.

Gillett vicinity, *Arkansas Post National Memorial*, 8 miles southeast of Gillett on Arkansas 1 and 169.

Benton County

Pea Ridge, *Pea Ridge National Military Park*.

Carroll County

Eureka Springs, *Eureka Springs Historic District*, enclosed by a rectangle, the coordinates of which are on the northwest corner latitude 36°24'42" N., longitude 93°44'54" W., on the northeast corner latitude 36°24'42" N., longitude 93°43'42" W., on the southeast corner latitude 36°23'30" N., west corner latitude 36°23'30" N., longitude 93°44'54" W.

Clark County

Arkadelphia, *Magnolia Manor*, on Arkansas 51.

Cleveland County

Fordyce vicinity, *Mark's Mill Battlefield Park*, intersection of Arkansas 8 and 97.

Columbia County

Bussey vicinity, *Frog Level*, SE $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 11, T. 17 S., R. 22 W.

Crawford County

Van Buren, *Drennen-Scott House*, Drennen Reserve, North Third Street.

Cross County

Parkin vicinity, **Parkin Indian Mound*, north edge of Parkin.

Drew County

Selma, *Selma Methodist Church*, NW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ sec. 36, T. 11 S., R. 5 W.

Grant County

Leola vicinity, *Jenkin's Ferry Battleground State Park*, northeast of Leola on Arkansas 46.

Hempstead County

Washington, *Confederate State Capitol (The Hempstead County Courthouse)*.

Washington, *Royston, Grandison D., House*, Alexander Street, 200 feet southwest of Columbus Street (Arkansas 4) and approximately 450 feet southeast of Old Military Road (Arkansas 195).

Washington, *Washington Historic District*, boundaries correspond to original 1824 plat of Washington.

Independence County

Batesville, *Garrott House (Case-Marfield House)*, 561 East Main Street.

Batesville, *Morrow Hall*, Seventh and Boswell Streets.

Jackson County

Jacksonport, *Jacksonport State Park*, located between Avenue Main, and Dillard Streets, and the White River.

Jefferson County

Pine Bluff, *Du Bocage*, 1115 West Fourth Street.

Pine Bluff, *Hudson-Grace-Borreson House*, 716 West Barraque.

Lawrence County

Powhatan, *Powhatan Courthouse*.

Lee County

Blackton vicinity, *Louisiana Purchase Survey Marker*, southeast of Blackton at the corner of the three counties (also in Monroe and Phillips Counties.)

Mississippi County

Wilson, **Nodena Site*, south edge of Wilson.

Monroe County

Louisiana Purchase Survey Marker (see Lee County).

Ouachita County

Camden, *McCollum-Chidester House*, 926 Washington Street NW.

Camden, *Tate's Barn*, 902 Tate Street.

Chidester vicinity, *Poison Spring State Park*, E $\frac{1}{2}$ NE $\frac{1}{4}$ sec. 1, T. 13 S., R. 19 W.

Phillips County

Louisiana Purchase Survey Marker (see Lee County).

Pope County

Pottsville, *Potts' Inn*, Main and Center Streets.

Pulaski County

Little Rock, *The Little Rock*, on the south bank of the Arkansas River at the foot of Rock Street.

Little Rock, *Mount Holly Cemetery*, 12th Street and Broadway.

Little Rock, *Old Statehouse*, 300 West Markham Street.

Little Rock, *Pike-Fletcher-Terry House*, 411 East Seventh Street.

Little Rock, *The Tavern, Arkansas Territorial Restoration*, 214 East Third Street.

Little Rock, *U.S. Arsenal Building*, MacArthur Park, Ninth and Commerce Streets.

Little Rock, *Villa Marre (Angelo Marre House)*, 1321 Scott Street.

Mabelvale vicinity, *Ten Mile House (Stage coach House)*, north of Mabelvale on Arkansas 5.

Sebastian County

Fort Smith, *Bonneville House*, 318 North Seventh Street.

Fort Smith, *Clayton, W. H. H., Home*, 514 North Sixth Street.

Fort Smith, *Fort Smith National Historic Site*.

Fort Smith, *Joseph Knoble's Brewery*, North Third and E Streets.

Fort Smith, *Sparks, James, House*, 201 North 14th Street.

Washington County

Fayetteville, *Headquarters House (Tebbetts House)*, 118 East Dickson Street.

Fayetteville, *Old Main, University of Arkansas*, Arkansas Avenue.

Fayetteville, *Ridge House, The*, 230 West Center Street.

Fayetteville, *Stone House*, 207 Center Street.

Fayetteville, *Washington County Courthouse*, College Avenue and East Center Street.

Prairie Grove, *Prairie Grove Battlefield Park*, within a triangle formed by North Road on the northwest and U.S. 62 on the south.

CALIFORNIA

Alameda County

Berkeley, **Room 307 Gilman Hall, University of California*, University of California campus.

Fremont, *California Nursery Co. Guest House (Jose de Jesus Valjejo Adobe)*, California Nursery Co., Niles Boulevard at Nursery Avenue.

Fremont (Mission San José District), *Mission San José, Mission Boulevard* at Washington Boulevard.

Oakland, *The Abbey (Joaquin Miller House)*, Joaquin Miller Road and Sanborn Drive.

Oakland, *Dunsmuir House*, Peralta Oaks Court.

Oakland, **Lake Merritt Wild Duck Refuge*, Lakeside Park, Grand Avenue.

Oakland, *Mills Hall*, Mills College campus.

Oakland, *Old Oakland Public Museum (Cameron-Stanford House)*, 1426 Lakeside Drive.

Amador County

Jackson, *Amador County Hospital Building*, 810 Court Street.

Volcano vicinity, *Indian Grinding Rock (Chaw'se)*, 2.25 miles southwest of Volcano on Pine Grove-Volcano Road.

Butte County

Chico, *Bidwell Mansion*, Sowillemno Avenue.

Paradise vicinity, *Centerville Schoolhouse*, 2 miles northwest of Paradise on Humbug Road.

Chico vicinity, *Patrick Rancheria*, 3 miles south of Chico.

Chico vicinity, *Patrick, William G., Home*, 3 miles southeast of Chico off U.S. 99 E.

Calaveras County

Angels Camp, *Angels Hotel*, Main Street at Birds Way.

Murphys, *Murphys Hotel (Mitchler Hotel)*, Main and Algiers Streets.

San Andreas, *Calaveras County Courthouse*, Main Street.

San Andreas, *Thorn House*, 87 East St. Charles Street.

Colusa County

Grimes vicinity, *Novel Rancheria*, 1 mile southeast of Grimes on California 45.

Contra Costa County

Byron vicinity, *Marsh, John, Home*, Marsh Creek Road, approximately 6 miles west of Byron.

Danville vicinity, **O'Neill, Eugene, House (Tao House)*, 1.5 miles west of Danville.

Martinez, *John Muir National Historic Site*, 4440 Alhambra Avenue.

Orinda, *Moraga Adobe*, 24 Adobe Lane.

Richmond vicinity, *East Brother Island Light Station*, on the East Brother Island west of Point San Pablo.

El Dorado County

Placerville vicinity, **Coloma*, 7 miles northwest of Placerville on California 49.

Fresno County

Fresno, *Old Fresno Water Tower*, 2444 Fresno Street.

Humboldt County

Eureka, *Tsahpek*, 3431 Fort Avenue.

Eureka vicinity, **Gunter Island Site 67 (Tolocot)*, northeast end of Gunther Island in Humboldt Bay north of Eureka.

Imperial County

Winterhaven, **Yuma Crossing and Associated Sites* (see Yuma County, Ariz.).

Inyo County

China Lake vicinity, **Big and Little Petroglyph Canyons*, China Lake Naval Ordnance Test Station.

Kern County

Bakersfield, **Walker Pass*, 60 miles northwest of Bakersfield, on California 178.

Johannesburg vicinity, *East Chance Canyon*, 16 miles west of Johannesburg on U.S. 395.

Lebec vicinity, *Fort Tejon*, 3 miles northwest of Lebec on U.S. 99.

Kings County

Hanford, *Taoist Temple*, No. 12 China Alley.

Kettleman City vicinity, *Witt Site*, 12 miles west of Kettleman City on Utica Avenue.

Lake County

Clearlake Oaks vicinity, *Patwin Indian Site*, 6 miles northwest of Clearlake Oaks.

Lakeport, *Lake County Courthouse*, 255 North Main Street.

Los Angeles County

Aqua Dulce, *Vasquez Rocks*, T. 5 N., R. 14 W., sec. 27, E $\frac{1}{2}$ of SE $\frac{1}{4}$; sec. 26, W $\frac{1}{2}$ of SW $\frac{1}{4}$.

Encino, *Rancho El Encino (Los Encinos State Historic Park)*, 18756 Moorpark Street.

Long Beach, **Los Cerritos Ranch House*, 4600 Virginia Road.

Los Angeles, *Barnsdall Park*, 4800 Hollywood Boulevard.

Los Angeles, *Bradbury Building*, 304 South Broadway.

Los Angeles, *Catholic-Protestant Chapels*, Eisenhower Avenue near Bonsall Avenue.

Los Angeles, *Ennis House*, 2607 Glendower Avenue.

Los Angeles, *Freeman, Samuel, House*, 1962 Glencoe Way.

Los Angeles, *Hale House*, 3800 North Homer Street.

Los Angeles, *Los Angeles Central Library*, 630 West 5th Street.

Los Angeles, *Los Angeles Plaza Historic District*, generally bounded by Spring Street, Macy Street, Alameda Street, and Arcadia Street.

Los Angeles, *Lovell House*, 4616 Dundee Drive.

Los Angeles, *Lummis Home*, 200 E Avenue 43.

Los Angeles, *Schindler House*, 833 North Kings Road.

Los Angeles, *Souden, John, House*, 5121 Franklin Avenue.
 Los Angeles, *Storer House*, 8161 Hollywood Boulevard.
 Los Angeles, *Streetcar Depot (Building No. 66)*, Pershing and Dewey Avenues.
 Los Angeles, *Will Rogers State Historic Park (Will Rogers House)*, 14253 Sunset Boulevard.
 Mission Hills, *Pico-Romulo Adobe*, 10940 Sepulveda Boulevard.
 Montrovia, *Stinclair, Upton, House*, 464 North Myrtle Avenue.
 Pasadena, *Gamble House (Greene and Greene Library)*, 4 Westmoreland Place.
 Pasadena (San Marino), *Old Mill (El Molino Viejo)*, 1129 Old Mill Road.
 Pomona, *Palomares Adobe*, corner of Arrow Highway and Orange Grove Avenue.
 San Dimas, *San Dimas Hotel*, 121 North San Dimas Avenue.
 San Fernando, *Lopez Adobe*, 1100 Pico Street.
 San Fernando, *San Fernando Mission*, 15151 San Fernando Mission Boulevard.
 San Fernando vicinity, *Well No. 4, Pico Canyon Oil Field*, 9.8 miles north of San Fernando and west of U.S. 99.
 San Gabriel, *San Gabriel Mission*, Junipero Street and West Mission Drive.
 San Pedro, *Point Fermin Lighthouse*, 805 Paseo Del Mar.
 South Pasadena, *Miltimore House*, 1301 South Chelton Way.
 Tujunga, *Bolton Hall (Tujunga City Hall)*, 10118 Commerce Avenue.
 Wilmington, *Banning Home*, 401 East M Street.
 Wilmington, *Drum Barracks*, 1053 Carey Street.

Madera County

Madera, *Madera County Courthouse*, 210 West Yosemite Avenue.

Marin County

San Rafael, *The Dixie Schoolhouse*, 2255 Las Gallinas Avenue.
 San Rafael, *Dollar, Robert, Estate*, 1408 Mission Avenue.
 San Rafael, *Miller Creek School Indian Mound*, 2255 Las Gallinas Avenue.
 Tiburon vicinity, *Angel Island*, southeast of Tiburon in San Francisco Bay.

Mendocino County

Mendocino, *Mendocino and Headlands Historic District*, bounded approximately by the Pacific Ocean on the west and south, Little Lake Street on the north, and U.S. 1 on the east.
 Pine Grove vicinity, *Point Cabrillo Site*, 0.75 mile west of Pine Grove and California 1.

Mono County

Bridgeport vicinity, *Bodie Historic District*, 7 miles south of Bridgeport on U.S. 395, then 12 miles east on secondary road.

Monterey County

Carmel, *Carmel Mission*, Rio Road.
 Jolon vicinity, *Dutton Hotel, Stagecoach Station*, King City-Jolon Road.
 Monterey, *El Castillo*, on Presidio Headlands facing Lighthouse Avenue.
 Monterey, *Larkin House*, 464 Calle Principal.
 Monterey, *Monterey Old Town Historic District*. Two districts. The southern one bounded by Dutra Street on the west, Madison Street on the east, Polk Street on the south, and Jefferson Street on the north; northern district bounded by Pacific Street on the west, Scott Street on the south, by Alvarado Street on the east, and Decatur Street on the north.

Fort Ross vicinity, **Fort Ross*, north of Fort Ross on California 1, Fort Ross State Historical Monument.

Fort Ross vicinity, **Fort Ross Commander's House*, north of Fort Ross on California 1, Fort Ross State Historical Monument.

Glen Ellen vicinity, **London, Jack, Ranch*, 0.4 mile west of Glen Ellen, Jack London Historical State Park.

Jenner vicinity, *Duncans Landing Site*, south of Jenner on U.S. 1.

Petaluma vicinity, **Petaluma Adobe*, 4 miles east of Petaluma on Casa Grande Road.

Santa Rosa, **Burbank, Luther, House and Garden*, 200 block Santa Rosa Avenue.

Sonoma, **Sonoma Plaza*, center of Sonoma.

Sonoma, *Vallejo House*, corner of Spain and West Third Street.

Stewarts Point vicinity, *Salt Point State Park Archeological District*, 15 miles south of Stewarts Point on California 1.

Stanislaus County

La Grange vicinity, *Gold Dredge*, off county road.

Trinity County

Weaverville, *Weaverville Historic District*, both sides of Main Street.

Tulare County

Allensworth, *Allensworth Historic District*.

Tuolumne County

Sonora vicinity, **Columbia Historic District*, 4 miles northwest of Sonora on California 49.

Ventura County

Oxnard, *Oxnard Public Library (Oxnard Chamber of Commerce—Art Club of Oxnard)*, 424 South C Street.

Ventura, *Ventura County Courthouse*, 501 Poll Street.

Yolo County

Broderick, **First Pacific Coast Salmon Cannery Site*, on the Sacramento River, opposite the foot of K Street.

Brooks vicinity, *Cañon School*, north of Brooks.

Woodland, *Woodland, Hershey, Opera House*, 320 Second Street.

Woodland vicinity, *Nelson Ranch*, California 18C between Routes 113 and 102.

COLORADO

Arapahoe County

Strasburg vicinity, *Comanche Crossing of the Kansas Pacific Railroad*, on the Union Pacific Railroad tracks east of the Strasburg depot.

Archuleta County

Chimney Rock vicinity, *Chimney Rock Archeological Site*, San Juan National Forest, 2 miles east of the Piedra River and 1.5 miles north of Colorado 151.

Clear Creek County

Georgetown, *Hamill House*, Argentine Street and Third.

Georgetown, *Hotel de Paris*, Alpine Street.

Georgetown, *McClellan House*, 919 Taos Street.

Georgetown, *Toll House (Julius G. Pohle House)*, south side of town adjacent to Interstate 70 right-of-way.

Georgetown vicinity, *Ore Processing Mill and Dam*, approximately 1 mile southwest of Georgetown, adjacent to Interstate 70 and Clear Creek.

Georgetown-Silver Plume vicinity, **Georgetown-Silver Plume Historic District*.

Silver Plume, *Silver Plume Depot*, Interstate 70.

Silver Plume vicinity, *Lebanon and Everett Mine Tunnels*, northeast of Silver Plume, adjacent to Interstate 70 right-of-way.

Conejos County

Sanford vicinity, **Pike's Stockade*, 4 miles east of Sanford on Colorado 136.

Costillo County

Fort Garland, *Fort Garland*, on Colorado 159, one block south of U.S. 10-160.

Denver County

Denver, *Brown, Molly, House*, 1340 Pennsylvania Street.

Denver, *Brown Palace Hotel*, 17th Street and Tremont Place.

Denver, *Byers-Evans Home*, 1310 Bannock Street.

Denver, *Constitution Hall (First National Bank Building)*, 1507 Blake Street.

Denver, *Daniels and Fisher Tower*, 1101 16th Street.

Denver, *Denver Mint*, West Colfax Avenue and Delaware Street.

Denver, *Emmanuel Shearith Israel Chapel (Emmanuel Episcopal Chapel)*, 1201 10th Street.

Denver, *Four Mile House*, 715 South Forest Street.

Denver, *Governor's Mansion*, 400 East Eighth Avenue.

Denver, *Grant-Humphreys House*, 770 Pennsylvania Street.

Denver, *Pearce-McAllister Cottage*, 1880 Gaylord Street.

Denver, *St. Elizabeth's Church*, 1062 11th Street.

Denver, *Trinity United Methodist Church*, East 18th Avenue and Broadway.

El Paso County

Colorado Springs, *El Paso County Courthouse*, 215 South Tejon Street.

Colorado Springs vicinity, **Pikes Peak*, 15 miles west of Colorado Springs, Pike National Forest.

Gilpin County

Central City, **Central City Historic District*.

Jefferson County

Golden vicinity, *Mount Vernon House (Robert W. Steele House)*, about 1 mile south of the Golden city limits at the junction of Interstate 70, Colorado 25, and Mount Vernon Canyon Road.

Lake County

Leadville, *Dexter Cabin*, 912 Harrison Avenue, Leadville, *Bealy House*, 912 Harrison Avenue, Leadville, **Leadville Historic District*.

La Plata County

Durango, **Durango-Silverton Narrow Gauge Railroad*, right-of-way between Durango and Silverton (also in San Juan County). Durango vicinity, *Ute Mountain Ute Mancos Canyon Historic District*, that portion of the Ute Mountain Ute Indian Reservation lying north of the Colorado-New Mexico State line and east of Colorado 666 (also in Montezuma County).

Larimer County

Fort Collins, *Avery House*, 328 West Mountain Avenue. Fort Collins vicinity, **Lindenmeier Site*, 28 miles north of Fort Collins.

Las Animas County

Trinidad, *Bea House and Outbuilding*, 300 block of Main Street. Trinidad, *Bloom, Frank G., House*, 300 block of Main Street. Trinidad, *Jaffa Opera House*, 100-116 West Main Street. Trinidad vicinity, **Raton Pass*, U.S. 85-87, Colorado-New Mexico border (see Colfax County, N. Mex.).

 Kansas City, *Katz Building (Doley Building)*, 1130 Walnut Street.
 Kansas City, *Kelly's Westport Inn*, Westport Road and Pennsylvania Avenue.
 Kansas City, *Majors, Alexander, House*, 8145 State Line Road.
 Kansas City, *Scarritt Building and Arcade*, corner of Ninth and Grand Streets, and 819 Walnut Street.
 Kansas City, *20 West Ninth Street Building (New York Life Building)*, 20 West Ninth Street.
 Kansas City, *Union Station*, Pershing Road and Main Street.
 Kansas City, *Wornall House*, 146 West 61st Street.
 Sibley, **Fort Osage*, north edge of Sibley on the Missouri River.
 Sibley, *Fort Osage Archaeological District*, Fort Osage Park.

Jefferson County

Hillsboro vicinity, *Sandy Creek Covered Bridge*, 5 miles north of Hillsboro on U.S. 21, east on Goldman Road, and southwest on Lemay Ferry Road.

Johnson County

Warrensburg, *Johnson County Courthouse (Old Johnson County Courthouse)*, Old Public Square.

Lafayette County

Lexington, *Anderson House and Lexington Battlefield*, bounded on the west by 10th Street, on the northwest by the Missouri Pacific Railroad, on the south by Utah and Wood Streets, and on the east by the continuation of 15th Street.
 Lexington, *Lafayette County Courthouse*, Public Square.

Lawrence County

Mount Vernon vicinity, *Old Spanish Fort Archeological Site*, 3 miles south of Mount Vernon.

Lincoln County

Moscow Mills, *Old Rock House*, Second and Mill Streets.

Linn County

Laclede, *Pershing, General John J., Boyhood Home*, State and Worlow Streets.

Laclede vicinity, *Locust Creek Covered Bridge*, 3 miles west of Laclede on U.S. 36, then north 1 mile and east 0.63 mile on a gravel road.

Marion County

Hannibal, **Twain, Mark, Boyhood Home*, 206-208 Hill Street.

Palmyra, *Gardner House*, 421 South Main Street.

Mississippi County

Charleston, *Missouri Pacific Depot*, East of the intersecting branches of the Missouri Pacific Railroad.

Crosno vicinity, *Crosno Fortified Village Archeological Site*, 1 mile south of Crosno. East Prairie vicinity, *Hoccake Village Archeological Site*, 7 miles southeast of East Prairie at the intersection of County Routes AA and FF.

Wolf Island vicinity, *Beckwith's Fort Archeological Site*, SE $\frac{1}{4}$ sec. 29, T. 24 N., R. 17 E. Wyatt vicinity, *O'Bryan Ridge Archeological District*, 2 miles south of Wyatt.

Moniteau County

California, *Moniteau County Courthouse Square*, Public Square.

Jamestown vicinity, *Geiger Archeological Site*, 3 miles east of Jamestown.

Monroe County

Florida vicinity, *Crigler Mound Group Archeological Site*, 1 mile north of Florida. Florida vicinity, *Twain, Mark, Birthplace Cabin*, Mark Twain State Park, 0.25 mile south of Florida on Missouri 107. Paris vicinity, *Union Covered Bridge*, about 6 miles southwest of Paris on the Elk Fork of the Salt River.

Montgomery County

Big Spring vicinity, *Pinnacle Lake Rock-shelter*, 3 miles northeast of Big Spring. Mineola vicinity, **Graham Cave*, 0.5 mile north of Mineola.

New Madrid County

Catron vicinity, *Hurricane Ridge Site*, 3 miles northeast of Catron.

Lilbourn, *Lilbourn Fortified Village Archeological Site*, within city limits of Lilbourn. Sikeston vicinity, *Sikeston Fortified Village Archeological Site*, 2 miles southeast of Sikeston.

Newton County

Diamond vicinity, *George Washington Carver National Monument*, 3 miles south of Diamond.

Oregon County

Riverton vicinity, *Pigman Mound Archeological Site*, 3 miles southeast of Riverton.

Osage County

Westphalia, *St. Joseph Church*, 4 blocks east of U.S. 63 on Main Street.

Pemiscot County

Caruthersville vicinity, *Murphy Mound Archeological Site*, both sides of County Route D, 1.5 miles south of intersection of County Routes D and U.

Denton vicinity, *Denton Mound and Village Archeological Site*, 1 mile northeast of Denton.

Wardell vicinity, *Wallace, J. M., Archeological Site (Wardell Mounds)*, 1 mile southwest of Wardell.

Perry County

Wittenburg vicinity, *Tower Rock*, 1 mile south of Wittenburg, east 1 mile from County Route A.

Phelps County

Newburg vicinity, *Gourd Creek Cave Archeological Site*, 8 miles southeast of Newburg.

Newburg vicinity, *Ozark Iron Furnace Stack*, SW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 21, T. 37 N., R. 9 W. and SE $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 20, T. 37 N., R. 9 W.

St. James vicinity, *Maramec Ironworks District*, 7 miles south of St. James on Missouri 8.

Pike County

Eolia vicinity, *St. John's Episcopal Church*, 0.25 mile north of Eolia on County Route D, 0.25 mile east on County Route H.

Platte County

Kansas City vicinity, *Deister Archeological Site*, within Kansas City limits, Line Creek Park.

Riverside vicinity, *Renner Village Archeological Site*, 0.25 mile southwest of Riverside.

Weston, *Weston Historic District*.

Pulaski County

Buckhorn vicinity, *Decker Cave Archeological Site*, 4 miles southwest of Buckhorn.

Ralls County

New London, *Ralls County Courthouse and Jail/Sheriff's House*, Courthouse Square.

Randolph County

Cairo vicinity, *Mitchell Petroglyph Archeological Site*, 6 miles east of Cairo.

St. Charles County

St. Charles, *First Missouri State Capitol Buildings*, 208-16 South Main Street.

St. Charles, *Newbill-McElhiney House*, 625 South Main Street.

St. Charles, *St. Charles Historic District*, bounded on the north by the south line of Madison Street; on the east by the Missouri River; on the south (east of Main Street) by the north line of Chauncey Street and (west of Main Street) by a line running along the west line of Main Street 100 feet south from the south line of the Boonslick Road and thence westward 50 feet to a point 50.5 feet south of the Boonslick Road; and on the west by an alley running north and south from Boonslick Road to Madison Street.

St. Charles, *Stone Row*, 314-330 South Main Street.

Ste. Genevieve County

Ste. Genevieve, **Bolduc, Louis, House*, 123 South Main Street.

Ste. Genevieve, *Guibourd, Jacques Dubreuil, House*, northwest corner, Fourth and Merchant Streets.

Ste. Genevieve, **Ste. Genevieve Historic District*.

Ste. Genevieve vicinity, *Common Field Archeological Site*, 3 miles south of Ste. Genevieve.

St. Mary vicinity, *The Kreilich Archeological Site*, 3 miles northwest of St. Mary.

St. Louis (independent city)

**Anheuser-Busch Brewery*, 721 Pestalozzi Street.

Bissell Street Water Tower, intersection of Bissell Street and Blair Avenue.

Compton Hill Water Tower, in Reservoir Park, at Grand and Russell Boulevards and Lafayette Avenue.

**Eads Bridge*, spanning the Mississippi River at Washington Street (also in St. Clair County, Ill.).

**Goldenrod Showboat*, 400 North Wharf Street.

Grand Avenue Water Tower, intersection of East Grand Avenue and 20th Street.

Jefferson National Expansion Memorial National Historic Site, on the Mississippi River between Washington and Poplar Streets.

Lafayette Square Historic District.

**Old Post Office (U.S. Custom House and Post Office)*, Eighth and Olive Streets.

St. John Nepomuk Parish Historic District. **St. Louis Union Station*, 18th and Market Streets.

Shaw's Garden (Missouri Botanical Garden), bounded by Tower Grove Avenue and Magnolia, Alfred, and Shaw Streets.

Tower Grove Park, bounded by Magnolia and Arsenal Streets on the north and south and Grand and Kingshighway Boulevards on the east and west.

**Wainwright Building*, 709 Chestnut Street. *Wainwright Tomb*, Bellefontaine Cemetery, 4947 West Florissant Avenue.

St. Louis County

Afton, *Benoist, Louis Auguste, House*, 7802 Genesta Street.

Clayton, *Hanley, Martin Franklin, House*, 7600 Westmoreland Avenue.

Crescent vicinity, *Crescent Quarry Archeological Site*, 1 mile east of Crescent.

Florissant, *St. Stanislaus Seminary*, 700 Howdershell Road.

St. Louis vicinity, *Jefferson Barracks Historic District*, 10 miles south of St. Louis on the Mississippi River.

Webster Groves, *Hawken House*, 9442 Big Bend Boulevard.

Saline County

Arrow Rock, **Arrow Rock*, Arrow Rock State Park.

Arrow Rock, *Arrow Rock Tavern*, Main Street.

Arrow Rock, **Bingham, George Caleb, House*, Arrow Rock State Park.

Arrow Rock vicinity, *Sappington, William B., House*, 3 miles southwest of Arrow Rock on County Route TT.

Malta Bend vicinity, *Gumbo Point Archeological Site*, 3 miles northwest of Malta Bend.

Marshall vicinity, **Utz Site*, 12 miles north of Marshall, adjoining Van Meter State Park.

Malta Bend vicinity, *Platner Archeological Site*, 1 mile north of Malta Bend.

Miami vicinity, *The Fisher-Gabert Archeological Site*, 2 miles east of Miami.

Miami vicinity, *Guthrey Archeological Site*, 1.75 miles east-northeast of Miami.

Miami vicinity, *The Old Fort*, Van Meter State Park.

Scott County

Diehlstadt vicinity, *Brown, E. L., Village and Mound Archeological Site*, 2 miles northeast of Diehlstadt.

Diehlstadt vicinity, *Sandy Woods Settlement Archeological Site*, 1.75 miles northwest of Diehlstadt.

Shelby County

Bethel, *Bethel Historic District*, bounded on the north by a line parallel to and 322 feet north of Fourth Street; bounded on the east and west by lines parallel to and approximately equidistant (513 feet) from Main Street running south 1,930 feet to the southern boundary; bounded on the south by a line parallel to and 312 feet south of First Street.

Bethel vicinity, *Elm (Dr. William Keil House)*, 1.5 miles east of Bethel.

Shelbina, *Benjamin House*, 322 South Shelby Street.

Stoddard County

Bernie vicinity, *Rich Woods Archeological Site*, 2 miles north of Bernie.

Texas County

Buckyrus vicinity, *White Rock Bluffs Archeological Pictograph Site*, 2 miles south of Buckyrus.

Vernon County

Arthur vicinity, *Coal Pit Archeological Site*, 1 mile northwest of Arthur.

Fair Haven vicinity, *Brown Archeological Site*, 2 miles west of Fair Haven.

Nevada vicinity, **Carrington Osage Village Site*, north of Nevada, on west edge of Green Valley Prairie.

Warren County

Marthasville vicinity, *Borgmann Mill*, 5 miles east of Marthasville on County Route D.
Marthasville vicinity, *Callaway, Flanders, House*, 1 mile south of Marthasville on Missouri 94.
Warrenton, *Warren County Courthouse and Circuit Court Building*, Main Street.

Washington County

Caledonia vicinity, *Land Archeological Site*, 3 miles northeast of Caledonia.
Caledonia vicinity, *Lost Creek Pictograph Archeological Site*, 2 miles northeast of Caledonia.
Fertile vicinity, *Cresswell Petroglyph Archeological Site*, 2 miles east of Fertile.
Fertile vicinity, *Washington State Park Petroglyph Archeological Site*, 1 mile northeast of Fertile.

Wright County

Mansfield vicinity, *Wilder, Laura Ingalls, House*, 1 mile east of Mansfield on U.S. Business 60.

MONTANA

Beaverhead County

Armstead vicinity, **Lemhi Pass* (see Lemhi County, Idaho).
Dillon vicinity, **Bannack Historic District*, 22 miles from Dillon on secondary road off Montana 278.
Wisdom vicinity, *Big Hole National Battlefield*, 12 miles west of Wisdom.

Big Horn County

Hardin vicinity, *Custer Battlefield National Monument*, 15 miles south of Hardin.
Kirby vicinity, *Battle of the Rosebud Site*, 6 miles south of Kirby.
Pryor vicinity, *Chief Plenty Coups Memorial*, 1 mile west of Pryor on Montana 416.

Blaine County

Chinook vicinity, *Chief Joseph Battleground of the Bear's Paw* (Bearpaw Mountain Fight), about 15 miles south of Chinook.

Cascade County

Great Falls, **Russell, Charles M., House and Studio*, 1217-19 Fourth Avenue North.
Great Falls vicinity, **Great Falls Portage*, southeast of Great Falls at junction of Montana 87, 89, and 91.

Chouteau County

Fort Benton, **Fort Benton*.
Fort Benton, *Fort Benton Historic District*.

Dawson County

Glendive vicinity, **Hagen Site*, 5 miles southeast of Glendive on secondary road.

Gallatin County

Logan vicinity, *Madison Buffalo Jump State Monument*, sec. 34, T. 1 N., R. 2 E.
Three Forks vicinity, **Three Forks of the Missouri*, northeast of Three Forks on the Missouri River, Missouri Headwaters State Monument.

Glacier County

Browning vicinity, **Camp Disappointment*, 12 miles northeast of Browning on the Blackfeet Reservation.

Lewis and Clark County

Helena, *Former Executive Mansion*, Sixth Avenue and Ewing Street.
Helena, *Helena Historic District*.
Helena, *Kluge House*, 540 West Main Street.

Madison County

Dillon vicinity, *Beaverhead Rock*, NW $\frac{1}{4}$ and N $\frac{1}{2}$ SW $\frac{1}{4}$ sec. 22, T. 5 S., R. 7 W.
Virginia City, **Virginia City Historic District*, Wallace Street.

Meagher County

White Sulphur Springs vicinity, *Fort Logan*, 17 miles northwest of White Sulphur Springs.

Missoula County

Lolo vicinity, **Traveler's Rest*, 1 mile south of Lolo near U.S. 93.
Lolo vicinity, **Lolo Trail* (see Clearwater County, Idaho).

Pondera County

Browning vicinity, *Two Medicine Fight Site*, about 25 miles southeast of Browning.

Powell County

Deer Lodge, **Grant-Kohrs Ranch National Historic Site*, edge of Deer Lodge.

Ravalli County

Hamilton vicinity, *Canyon Creek Laboratory of the U.S. Public Health Service*, 0.75 mile west of the Hamilton city limits.
Stevensville, *St. Mary's Mission Church and Pharmacy*, North Avenue.
Stevensville vicinity, *Fort Owen*, about 0.5 mile northwest of Stevensville.

Roosevelt County

Fort Union Trading Post National Historic Site (see Williams County, N. Dak.).
Poplar, *Fort Peck Agency*, parts of T. 27 N., R. 50 E. and T. 27 N., R. 51 E.

Silver Bow County

Butte, **Butte Historic District*.
Butte, *Clark, W. A., Mansion*, 219 West Granite.

Wibaux County

Wibaux, *Wibaux, Pierre, House*, Orgain Avenue.

Yellowstone County

Billings, *Billings Chamber of Commerce Building*, 303 North 27th Street.
Billings, *Parmlly Billings Memorial Library*, 2822 Montana Avenue.
Billings vicinity, **Pictograph Cave*, 7 miles southeast of Billings via U.S. 87 and secondary road, Indian Caves Park.
Pompey's Pillar vicinity, **Pompey's Pillar*, west of Pompey's Pillar on U.S. 10.

NEBRASKA

Antelope County

Neligh, *Neligh Mill*, 111 West Second Street.

Burt County

Oakland vicinity, *Logan Creek Site*, SE $\frac{1}{4}$, sec. 11, SW $\frac{1}{4}$, sec. 12, T. 12 N., R. 8 E.

Butler County

Able vicinity, *Barcal or Skull Creek Site*, 3 miles north of Able.
Linwood vicinity, *Linwood Site*, 1 mile southwest of Linwood on Nebraska 115.

Cass County

Murray vicinity, **Gilmore, (Walker), Site (Stearns Creek Site)*, 5 miles southeast of Murray.
Nehawka vicinity, *Nehawka Flint Quarries*, 2 miles north of Nehawka.
Weeping Water, *Weeping Water Historic District*.
Weeping Water vicinity, *Theodore Davis Site (25CC17)*, 1.5 miles east on Nebraska 250.

Chase County

Wauneta vicinity, *Lovett Site*, 12 miles north of Wauneta on U.S. 6.

Cuming County

Bancroft, *Neihardt, John G., Study*, northwest corner, Washington and Grove Streets.

Dakota County

Dakota City, *Emmanuel Lutheran Church*, 1500 Hickory Street.

Dawes County

Chadron vicinity, *Bordeaux, James, Trading Post*, 3 miles east of Chadron on U.S. 20.
Crawford vicinity, **Fort Robinson and Red Cloud Agency*, 2 miles west of Crawford (also in Sioux County).

Dawson County

Gothenburg vicinity, *Midway Stage Station*, 3 miles south of Gothenburg.

Deuel County

Big Springs, *Phelps Hotel*, northeast corner Second and Pine Streets.

Douglas County

Omaha, *Bank of Florence*, 8502 North 30th Street.

Omaha, *Crook, General George, House*, Quarters No. 1, Fort Omaha.

Omaha, *Joslyn, George A., Mansion*, 3902 Davenport Street.

Omaha, *Omaha National Bank Building (New York Life Insurance Building)*, 17th and Farnam Streets.

Omaha, *Union Passenger Terminal*, 10th and Marcy Streets.

Omaha vicinity, *Cabanne Archeological Site*, approximately 2 miles north of Omaha.

Gage County

Beatrice vicinity, *Homestead National Monument*, 4 miles northwest of Beatrice on Nebraska 4.

Garden County

Lewellen vicinity, **Ash Hollow Cave*, 2 miles southeast of Lewellen.

Hall County

Grand Island, *Stolley State Park Historic District*, Stolley State Park.

Howard County

Cotesfield vicinity, **Coufal Site*, 6 miles northwest of Cotesfield on Davis Creek.
Palmer vicinity, **Palmer Site*, 4 miles north and 1 mile west of Palmer on Loup River.

Jefferson County

Fairbury, *Jefferson County Courthouse*, Block bounded by Fourth and Fifth Streets and D and E Streets.

Steele City, *Steele City Historic District*.

Kearney County

Newark vicinity, *Fort Kearney*, 2 miles west of Newark on Nebraska 10.

Lincoln, *Kennard, Thomas P., House (Nebraska Statehood Memorial)*, 1627 H Street.

Lincoln, *Lewis-Syford House*, 700 North 16th Street.
Lincoln, *Nebraska State Capitol*, 1445 K Street.
Lincoln, *Rock Island Depot*, 1944 O Street.

Morrill County

Bayard vicinity, *Chimney Rock National Historic Site*, 3 miles southwest of Bayard off Nebraska 86.

Nance County

Genoa vicinity, *Genoa Site*, 1 mile south of Genoa on Nebraska 39.

Nemaha County

Brownville, *Brownville Historic District*, bounded on the south by Allen and Richard Streets, on the north by Nemaha and Nebraska Streets, on the west by Seventh Street, on the east by the Missouri River, and on the northwest and southwest by Second Street.

Otoe County

Nebraska City, *U.S. Post Office*, 202 South Eighth Street.

Nebraska City vicinity, *Morton, J. Sterling, House (Arbor Lodge)*, Arbor Lodge State Park.

Red Willow County

McCook, **Norris, Senator George William, House*, 706 Norris Avenue.

Richardson County

Humboldt, *Holman, John, House*, 947 Nemaha Street.

Rulo vicinity, **Leary Site*, 4 miles southeast of Rulo.

Sarpy County

Bellevue, *Burlington Depot (Omaha & Southern Railroad Station)*, Haworth Park.
Bellevue, *Fontanelle Bank*, 2212 Main Street.
Bellevue, *Hamilton, William, House*, 2003 Bluff Street.

Bellevue, *Old Log Cabin*, 1805 Hancock Street.
Bellevue, *Presbyterian Church*, 2002 Franklin Street.

La Platte vicinity, *Moses Merrill Mission and Oto Indian Village*, 4 miles west of La Platte.

Saunders County

Inglewood vicinity, *McClellan site (McClaine Site)*, 2 miles south of Inglewood on U.S. 77.

Leshara vicinity, *Leshara Site*, 0.5 mile northwest of Leshara.

Yutan vicinity, *Yutan Site*, southeast of Yutan, off U.S. 92.

Scotts Bluff County

Gering vicinity, **Robidoux Pass*, 9 miles west of Gering.

Gering vicinity, *Scotts Bluff National Monument*, 3 miles west of Gering on Nebraska 92.

Gering vicinity, **Signal Butte*, 13 miles west of Gering.

Stout County

**Fort Robinson and Red Cloud Agency* (see Dawes County).

Valley County

North Loup vicinity, **Schultz Site*, 3 miles northwest of North Loup.

Washington County

Blair vicinity, *Bertrand* (steamboat), De Soto National Wildlife Refuge.

Fort Calhoun vicinity, **Fort Atkinson*, 1 mile east of Fort Calhoun.

Webster County

Guide Rock vicinity, **Pike Pawnee Village Site (Hill Site)*, 4 miles southwest of Guide Rock.

**Red Cloud, Cather House*, southwest corner, Third and Cedar Streets.
Red Cloud vicinity, Starke Round Barn, 4.5 miles east of Red Cloud on U.S. 136.

NEVADA

Churchill County

Austin vicinity, *Cold Springs Station*, 51 miles west of Austin on U.S. 50.

Fallon vicinity, *Grimes Point*, 12 miles southeast of Fallon on U.S. 50.

Clark County

Las Vegas, *Las Vegas Mormon Fort*, 900 Las Vegas Boulevard North.

Lander County

Austin, *Austin Historic District*.

Lincoln County

Piochê vicinity, *Bristol Wells*, off U.S. 93, 23 miles north of Piochê.

Lyon County

Weeks vicinity, **Fort Churchill*, U.S. 95A, 8 miles south of U.S. 50.

Nye County

Berlin, *Berlin Historic District*, sec. 29, T. 12 N., R. 30 E.

Tonopah vicinity, *Belmont*, 46 miles northeast of Tonopah via U.S. 6, Nevada 8-A and 82.

Pershing County

Lovelock vicinity, **Leonard Rockshelter*, 12 miles south of Lovelock off Nevada 159.

Storey County

Virginia City, **Virginia City Historic District*.

Washoe County

Reno, *The Lake Mansion*, 46 South Virginia Street.

Reno, **Newlands, Senator Francis G., House*, 7 Elm Court.

White Pine County

Ely vicinity, *Fort Schellbourne*, 43 miles north of Ely via U.S. 93 and east 3 miles on Nevada 2.

Ely vicinity, *Ward Charcoal Ovens*, off U.S. 6-50-93, then 14 miles south via Cave Valley Road.

Hobson vicinity, **Fort Ruby*, near Hobson on a secondary road, west side of Ruby Lake.

NEW HAMPSHIRE

Belknap County

Leconia, *Belknap-Sulloway Mill*, Mill Street.
Laconia, *Bustel-Seeburg Mill*, Mill Street.

Carroll County

Silver Lake vicinity, **Joy Farm (E. E. Cummings House)*, north of Silver Lake.

Cheshire County

Harrisville, *Harrisville Historic District*.

Grafton County

Canaan, *Canaan Town Hall*, Canaan Street.

Hillsboro County

Hillsboro vicinity, **Pierce, Franklin, Homestead*, 3 miles west of Hillsboro on New Hampshire 31.

Nashua, *Hunt Memorial Library*, 6 Main Street.

Peterborough, **MacDowell Colony*, west of U.S. 202.

Merrimack County

Concord, *Pierce, Franklin, House*, 18 Montgomery Street.

Rockingham County

Derry Village, **Thornton, Matthew, House*, 2 Thornton Street.

Derry vicinity, **Frost, Robert, Homestead*, 2 miles southeast of Derry on New Hampshire 28.

Exeter, *Dudley House (Perry-Dudley House)*, 14 Front Street.

Exeter, *The First Church (Congregational Church)*, 21 Front Street.

Kingston, **Bartlett, Josiah, House*, on New Hampshire Route 111.

Portsmouth, *Hart, Jeremiah, House*, 112 Deer Street.

Portsmouth, *Hart, John, House*, 63 Deer Street.

Portsmouth, *Hart-Rice House*, 77 Deer Street.

Portsmouth, **Jackson, Richard, House*, Northwest Street.

Portsmouth, **Macphedris-Warner House*, Chapel and Daniel Streets.

Portsmouth, **Moffatt-Ladd House*, 154 Market Street.

Portsmouth, *Neal, James, House*, 74 Deer Street.

Portsmouth, *Nutter-Rymes House*, 48 School Street.

Portsmouth, *Pinkham, Daniel, House*, Deer Street.

Portsmouth, *Portsmouth Parade Historic District*.

Portsmouth, *Sherburne, Henry, House*, 73 Deer Street.

Portsmouth, *Smith, Simeon P., House*, 94 Russell Street.

Portsmouth, **Wentworth-Gardner House*, 140 Mechanic Street.

Portsmouth, *Wentworth, Joshua, House*, 119 Hanover Street.

Portsmouth, *Whidden-Ward House*, 117 Deer Street.

Portsmouth vicinity, **Wentworth-Coolidge Mansion*, 2 miles south of Portsmouth, off U.S. 1A.

Sullivan County

Cornish, *St. Gaudens, Louis, House and Studio*, Dingleton Hill and Whitten Roads.

Plainfield vicinity, *Saint-Gaudens National Historic Site*, south of Plainfield off New Hampshire 12A.

NEW JERSEY

Atlantic County

Atlantic City, *Absecon Lighthouse*, Vermont and Pacific Avenues.

Margate City, *Lucy, the Margate Elephant*, Decatur and Atlantic Avenues.

Somers Point, *Somers Mansion*, Shore Road and Somers Point Circle.

Dodgeville, *Iowa County Courthouse*, northwest corner of Iowa and Chapel Streets.
 Mineral Point, *Mineral Point Hill*, on Wisconsin 23.
 Mineral Point, *Mineral Point Historic District*, within a rectangle the coordinates of which are on the northwest latitude 42°-52'22" N., longitude 90°11'29" W.; on the northeast latitude 42°52'22" N., longitude 90°9'44" W.; on the southeast 42°51'26" N., longitude 90°9'44" W.; on the southwest 42°51'26" N., longitude 90°11'29" W.
 Mineral Point, *Pendarvis*, 114 Shake Rag Street.

Jefferson County

Fort Atkinson, *May, Eli House (Site of Fort Koshkonong)*, 407 East Milwaukee Avenue.
 Fort Atkinson, *Panther Intaglio Effigy Mound*, on Wisconsin 106 at west corporate city limits.
 Lake Mills vicinity, *Aztalan*, near Lake Mills on Wisconsin 89, Aztalan State Park.
 Watertown, *First Kindergarten*, 919 Charles Street.
 Watertown, *Octagon House*, 919 Charles Street.

La Crosse County

West Salem, *Garland, Hamlin, House*, 357 West Garland Street.

Lafayette County

Belmont vicinity, *First Capitol*, 3 miles north and 1 mile west of Belmont.
 New Diggings, *St. Augustine Church*, just off County Route W.

Marquette County

Peshtigo, *Peshtigo Fire Cemetery*, Oconto Avenue between Peck and Ellis Avenues.

Milwaukee County

Greendale, *Curtain, Jeremiah, House*, 8685 West Grange Avenue.
 Milwaukee, *Bogk, Frederick C., House*, 2420 North Terrace Avenue.
 Milwaukee, *Church, Benjamin, House*, Parkway Drive, Estabrook Park.
 Milwaukee, *Holy Trinity Roman Catholic Church*, 605 South Fourth Street.
 Milwaukee, *Pabst Theater*, 144 East Wells Street.
 Wauwatosa, *Damon House*, 2107 North Wauwatosa Avenue.

Oconto County

Oconto, *Oconto Site*, Copper Culture State Park.

Outagamie County

Kaukauna, *Grignon, Charles A., House*, Augustine Street.

Rock County

Janesville, *Lincoln-Tallman House*, 440 North Jackson Street.

Milton, *Milton House*, 18 South Janesville Street.

Sauk County

Baraboo, *Ringling Brothers Circus Headquarters, Ringlingville*, bounded roughly by Water Street on the north, Briar Street on the east, Lynn Street on the south, and East Street on the west.

Sheboygan County

Greenbush, *Wade, Sylvanus, House*, intersection of Wisconsin 23 and Kettle Moraine Drive in Old Wade House State Park.

Walworth County

Elkhorn, *Webster, Joseph P., House*, 9 East Rockwell Street.

Washington County

West Bend vicinity, *Lizard Mound State Park*, 3 miles northeast of West Bend on Wisconsin 144, then 0.33 mile east on County Route A.

Waukesha County

Delafield, *Hawks Inn*, 428 Wells Street.
 Delafield, *St. John Chrysostom Church*, 1111 Genesee Street.
 Nashotah vicinity, *Chapel of St. Mary the Virgin*, 1 mile south and 1 mile west of Nashotah on Nashotah House Road.

WYOMING

Albany County

Laramie, *Iverson Mansion and Grounds*, lots 1-8, block 178.
 Sherman vicinity, *The Ames Monument*, north west of Sherman, NE¼NW¼ sec. 6, T. 13 N., R. 71 W.

Big Horn County

Kane vicinity, *Medicine Wheel (Indian site)*, just north of U.S. 14 alternate, about 15 miles east of Kane.

Carbon County

Elk Mountain vicinity, *Fort Halleck*, NW¼ NE¼NE¼ sec. 20, T. 20 N., R. 18 W.
 Rawlins vicinity, *Bridger's Pass*, SE¼NW¼ sec. 8, T. 18 N., R. 89 W.
 Fort Fred Steele vicinity, *Fort Fred Steele*, on North Platte River at point of Union Pacific Railroad crossing.

Independence Rock vicinity, *Sun, Tom, Ranch, 6 miles west of Independence Rock on Wyoming 220 (also in Natrona County). Saratoga vicinity, *Platte River Crossing (Bennett's Crossing)*, 17 miles west of Saratoga, SE $\frac{1}{4}$ sec. 33, T. 19 N., R. 85 W.

Converse County

Glenrock vicinity, *Glenrock Buffalo Jump*, about 2 miles west of Glenrock Interchange on Int. 25.

Douglas vicinity, *Fort Fetterman*, W $\frac{1}{2}$ SE $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$ sec. 10, and NE $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 15, T. 33 N., R. 72 W.

Fremont County

Ethete, *St. Michael's Mission*.

Fort Washakie, *Fort Washakie*, on U.S. 287. Moneta vicinity, *Castle Gardens Petroglyph Site*, c. 28 miles south of Moneta on U.S. 20-20.

South Pass City, *South Pass City*, sec. 20, T. 29 N., R. 100 W.

South Pass City vicinity, **South Pass*, 10 miles southwest of South Pass City on Wyoming 28.

Union Pass, on Continental Divide, 12 miles west-southwest of Wind River Ranger Station, Shoshone National Forest; 16 miles north-northeast of Kendall Ranger Station, Bridger National Forest; 20 miles east-southeast of Goose Wing Ranger Station, Teton National Forest.

Goshen County

Lusk vicinity, *Cheyenne-Black Hills Stage Route and Rawhide Buttes and Running Water Stage Stations*, 1 mile west of Lusk to c. 15 miles southwest of Lusk (includes both stage stations)* (also in Niobrara County).

Fort Laramie vicinity, *Fort Laramie National Historic Site*, 3 miles southwest of Fort Laramie.

Hot Springs County

Thermopol vicinity, *Woodruff Cabin Site*, 28 miles northwest of Thermopolis, 18 miles west on County Route 0900 from intersection with Wyoming 120.

Johnson County

Story vicinity, **Fort Phil Kearny and Associated Sites*, on secondary road west of U.S. 87.

Sussex vicinity, *Fort Reno*, SE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 33, T. 45 N., R. 78 W.

Laramie County

Cheyenne, *Baker, Jim, Cabin*, Frontier Park. Cheyenne, *Governor's Mansion*, 300 East 21st Street.

Cheyenne, *St. Mark's Episcopal Church*, 1908 Central Avenue.

Cheyenne vicinity, *Francis E. Warren Air Force Base*, bounds against the west side of Cheyenne, the two are roughly separated by Interstate 25.

Lincoln County

La Barge vicinity, *Names Hill*, on the Green River, 5 miles south of La Barge, just west of U.S. 189.

Natrona County

Casper, *Fort Casper*, 14 Fort Casper Road. Casper vicinity, **Independence Rock*, 60 miles southwest of Casper on Wyoming 220.

Casper vicinity, *Pathfinder Dam*, 45 miles southwest of Casper.

**Sun, Tom, Ranch* (see Carbon County).

Niobrara County

Cheyenne-Black Hills State Route and Rawhide Buttes and Running Water Stage Stations (see Goshen County).

Van Tassell, *Ferdinand Branstetter Post No. 1, American Legion*, lots 1 and 2, block 8, sec. 17, T. 31 N., R. 60 W.

Park County

Cody vicinity, *Buffalo Bill Dam (Shoshone Dam)*, 7 miles west of Cody.

Cody vicinity, **Horner Site*, 4 miles north-east of Cody on U.S. 20.

Wapiti vicinity, **Wapiti Ranger Station*, Shoshone National Forest.

Platte County

Chugwater, **Swan Land and Cattle Company Headquarters*, east side of Chugwater.

Guernsey vicinity, **Oregon Trail Ruts*, south side of the North Platte River, 0.5 mile south of Guernsey.

Guernsey vicinity, *Register Cliff*, NW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 7, T. 26 N., R. 65 W.

Sheridan County

Ranchester, *Connor Battlefield (Tongue River Battlefield)*, City Park on the Tongue River.

Sheridan, **Sheridan Inn*, Broadway and Fifth Street.

Sheridan, *Trail End*, 400 Clarendon Avenue.

Sublette County

Big Piney vicinity, *Wardell Buffalo Trap*, 6 miles east and 2 miles north of Big Piney. Daniel vicinity, *Father De Smet's Prairie Mass Site*, S $\frac{1}{2}$ SE $\frac{1}{4}$ sec. 36, T. 34 N., R. 111 W.

Daniel vicinity, **Upper Green River Rendezvous Site*, on Green River above and below Daniel.

Pinedale vicinity, *Fort Bonneville*, NE $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 30, T. 34 N., R. 111 W.

Union Pass (see Fremont County).

Sweetwater County

Granger, *Granger Stage Station*, NW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 32, T. 19 N., R. 111 W.

Green River, **Expedition Island*.

Rock Springs vicinity, *Point of Rocks Stage Station*, SW $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 27, T. 20 N., R. 101 W.

Teton County

Jackson vicinity, *Miller Cabin*, c. 3 miles east of Jackson's central square, along Main Street; follow northeast fork of road for 1 mile beyond city limits.

Moose, *Menor's Ferry*, on the Snake River.

Uinta County

Fort Bridger vicinity, *Fort Bridger*, on Black's Fork of the Green River near town of Fort Bridger.

Hilliard vicinity, *Piedmont Charcoal Kiln*, 14 miles northeast of Hilliard, NW $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 4, T. 14 N., R. 117 W.

Weston County

Newcastle vicinity, *Jenney Stockade*, NE $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 7, T. 44 N., R. 60 W.

An Invaluable Reference Tool

1972/73 Edition

This guidebook provides information about significant programs and functions of the U.S. Government agencies, and identifies key officials in each agency.

Included with most agency statements are "Sources of Information" sections which give helpful information on:

- Employment
- Contracting with the Federal Government
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups

This handbook is a "must" for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.

\$3.00
per copy.
Paperbound, with charts
