Title 3—The President

MEMORANDUM OF JANUARY 2, 1973

[Presidential Determination No. 73-10]

Eligibility for the Purchase of Defense Articles Under the Foreign Military Sales Act, As Amended

Memorandum for the Secretary of State

THE WHITE HOUSE,

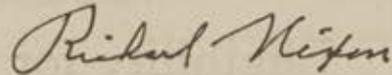

Washington, January 2, 1973.

In accordance with the recommendations in your memorandum of December 4, I hereby find pursuant to Section 3(a)(1) of the Foreign Military Sales Act, as amended, that the sale of defense articles and defense services to: *FAR EAST*: Australia, Brunei, Burma, Cambodia, Republic of China, Indonesia, Japan, Republic of Korea, Laos, Malaysia, New Zealand, Philippines, Singapore, Thailand, Republic of South Vietnam; *EUROPE*: Austria, Belgium, Denmark, Finland, France, Federal Republic of Germany, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom, Yugoslavia; *WESTERN HEMISPHERE*: Argentina, Bolivia, Brazil, Canada, Chile, Colombia, Costa Rica, Dominican Republic, Ecuador, El Salvador, Guatemala, Haiti, Honduras, Jamaica, Mexico, Nicaragua, Panama, Paraguay, Peru, Trinidad and Tobago, Uruguay, Venezuela; *AFRICA*: Cameroon, Dahomey, Ethiopia, Gabon, Ghana, Guinea, Ivory Coast, Liberia, Libya, Mali, Morocco, Niger, Nigeria, Senegal, Tunisia, Upper Volta, Republic of Zaire; *NEAR EAST AND SOUTH ASIA*: Afghanistan, Bahrain, Greece, India, Iran, Israel, Jordan, Kuwait, Lebanon, Nepal, Oman, Qatar, Pakistan, Saudi Arabia, Sri Lanka (Ceylon), Turkey, the United Arab Emirates, Yemen Arab Republic; *INTERNATIONAL ORGANIZATIONS*: NATO and its agencies, the United Nations and its agencies, and the Organization of American States, will strengthen the security of the United States and promote world peace.

In the implementation of Section 9 of Public Law 91-672, as amended, you are authorized on my behalf to determine whether the proposed transfer of a defense article by a foreign country or international organization to any foreign country or international organization

not included in the foregoing enumeration will strengthen the security of the United States and promote world peace.

In order that the Congress may be informed of the implementation of the Foreign Military Sales Act, you are requested on my behalf to report this finding to the Speaker of the House of Representatives and to the Chairman of the Senate Foreign Relations Committee.

Rules and Regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 18—Conservation of Power and Water Resources

CHAPTER I—FEDERAL POWER COMMISSION

[Docket No. R-449; Order 477]

ACCOUNTING FOR ACQUISITION ADJUSTMENTS AND REVOCATION AND AMENDMENT OF OUTDATED ACCOUNTING ORDERS

MARCH 12, 1973.

On August 8, 1972, the Commission issued a notice of proposed rule making in this proceeding (37 FR 16201, August 11, 1972) proposing to amend its Uniform Systems of Accounts to allow the disposition of electric and gas plant acquisition adjustments (debit amounts) over the remaining life of the related property acquired. Revision of Account 114, Plant Acquisition Adjustments, would permit debit acquisition adjustments, other than land, to be amortized to Account 425, Miscellaneous Amortization, over a period not longer than the remaining life of the relating properties unless Commission authority is granted to do so otherwise. Amounts related to land acquisition would be amortized to Account 425 over a period of not more than 15 years.

It was further proposed that certain sections of Part 120 of the Commission's regulations under the Federal Power Act and Part 221 of the regulations under the Natural Gas Act, Miscellaneous Accounting Orders, be revoked and certain sections retitled and relocated.

Comments were invited from interested parties to be submitted by September 22, 1972. In response to this notice, the Commission received comments from 22 respondents.¹

The reaction to disposition of acquisition adjustments over the remaining life of the related utility plant was generally favorable. One respondent, however, commented that selection of remaining life as the period for disposition of acquisition adjustments would prove to

¹ Arthur Andersen & Co., American Electric Power Service Corp., Arizona Public Service Co., Cincinnati Gas & Electric Co., The Consumers Power Co., Cleveland Electric Illuminating Co., The Dayton Power & Light Co., The Detroit Edison Co., Duke Power Co., Northern States Power Co., Pennsylvania Power & Light Co., Potomac Electric Power Co., Public Service Indiana, Colorado Interstate Gas Co., Columbia Gas Transmission Corp., Consolidated Gas Supply Corp., Lone Star Gas Co., Northern Natural Gas Co., Transcontinental Gas Pipeline Co., United Gas Pipeline Co., Interstate Commerce Commission, and Independent Natural Gas Association of America.

be arbitrary and would result in only a partial matching of revenues and expenses because the projected incremental revenues to which acquisition adjustments relate extend well beyond the remaining life of the acquired assets. The respondent suggests that the disposition of acquisition adjustments be associated with the period over which the development of the revenue potential is expected and, if a franchise exists, that the term of the franchise be used as the period of disposition. However, the "expected" period of revenue potential is indefinite as may be the franchise life because of the likelihood that the franchise will be extended. We believe, as proposed in the notice of rule making, that the disposition of acquisition adjustments over the remaining life of the related utility plant would better serve to match revenues and expenses and should be adopted.

Several respondents disagreed with the amendment to Account 114 that would provide that acquisition adjustments are to be charged to Account 425 unless otherwise authorized by the Commission on the basis that the amendment presumes that acquisition adjustments are to be disposed of to nonutility income. There was also some disagreement with the proposed disposition of land acquisition adjustments in that several respondents do not believe that the amounts should be written off at all. However, whether the Commission's original cost concept should be modified is not within the purview of this rule making, and the present provisions in Account 425 require that the amounts in Account 114 shall be written off thereto when not authorized to be included in utility operating expenses by the Commission. There is no change in this policy under this proceeding. While disposition of acquisition adjustments related to land over a 15-year period does not rest on the same theoretical foundation as the disposition of utility plant acquisition adjustments, we believe that the proposed period is reasonable and should be adopted. However, we are adopting the suggestion submitted by one respondent that when land and utility plant are acquired together that the acquisition adjustment related to the land may be disposed of over a period not to exceed the remaining life of the plant. We are also adopting a suggestion that the period of disposition of the acquisition adjustment be over a period not to exceed the "estimated" remaining life of plant. With respect to the disposition of amounts utilities now have recorded in Account 114, we are providing that such

amounts may be disposed of over a period not to exceed the estimated remaining life of the related facilities at the time this order becomes effective or over a period not to exceed the remainder of the 15-year period from the time of acquisition of land, as appropriate.

The respondents to the rule making either agreed to or did not comment on the proposed amendments to the regulations under the Natural Gas Act and regulations under the Federal Power Act. One respondent asked for clarification of proposed § 260.200, Original cost statement of utility property, in the regulations under the Natural Gas Act concerning the submission of original cost data. The requirement that original cost data be submitted pertains to pipeline companies that have never been subject to the jurisdiction of the Commission and not to properties that become jurisdictional as a result of their acquisition by a jurisdictional company. The properties, of course, must be recorded at original cost in either case.

The Commission finds:

(1) The notice and opportunity to participate in this rule making proceeding with respect to the matters presently before this Commission through the submission, in writing, of data, views, comments, and suggestions in the manner described above, are consistent and in accordance with the procedural requirements prescribed by section 553 of title 5 of the United States Code.

(2) The amendments to this Commission's Uniform Systems of Accounts for Public Utilities and Licensees, Regulations Under the Federal Power Act, Uniform Systems of Accounts for Natural Gas Companies, and regulations under the Natural Gas Act herein prescribed, are necessary and appropriate for administration of the Federal Power Act and the Natural Gas Act.

(3) Since the revisions prescribed herein, which were not included in the notice of the proceeding, are of a minor nature and consistent with the prime purpose of the proposed rule making, further compliance with the notice provision of 5 U.S.C. 553 is unnecessary.

(4) Good cause exists for making the revisions to the Uniform Systems of Accounts for Public Utility Companies and Natural Gas Companies ordered and adopted herein effective January 1, 1973.

The Commission, acting pursuant to the provisions of the Federal Power Act, as amended, particularly sections 3, 4, 208, 301, 304, 308, and 309 (41 Stat. 1063, 1065; 49 Stat. 853, 854, 855, 858; 16 U.S.C. 796, 797, 824g, 825c, 825g, 825h) and of

the Natural Gas, as amended, particularly sections 6, 8, 10, and 16 (52 Stat. 824, 825, 826, 830; 15 U.S.C. 717e, 717g, 717i, 717o) orders:

PART 101—UNIFORM SYSTEM OF ACCOUNTS PRESCRIBED FOR CLASS A AND CLASS B PUBLIC UTILITIES AND LICENSEES

A. The Commission's Uniform System of Accounts for Class A and Class B Public Utilities and Licensees prescribed by Part 101, Chapter I, Title 18, of the Code of Federal Regulations is amended as follows:

The text of the balance sheet accounts is amended by amending account "114, Electric Plant Acquisition Adjustments," by revising paragraph C. As so amended, account 114 reads:

114 Electric plant acquisition adjustments.

C. Debit amounts recorded in this account related to plant and land acquisition may be amortized to account 425, Miscellaneous Amortization, over a period not longer than the estimated remaining life of the properties to which such amounts relate. Amounts related to the acquisition of land only may be amortized to account 425 over a period of not more than 15 years. Should a utility wish to account for debit amounts in this account in any other manner, it shall petition the Commission for authority to do so. Credit amounts recorded in this account shall be accounted for as directed by the Commission.

PART 104—UNIFORM SYSTEM OF ACCOUNTS FOR CLASS C PUBLIC UTILITIES

B. The Commission's Uniform System of Accounts for Class C and Class D Public Utilities and Licensees prescribed by Part 104, Chapter I, Title 18, of the Code of Federal Regulations is amended as follows:

The text of the balance sheet accounts is amended by amending account "114, Electric Plant Acquisition Adjustments," by revising paragraph C. As so amended, account 114 reads:

114 Electric plant acquisition adjustments.

C. Debit amounts recorded in this account related to plant and land acquisition may be amortized to account 425, Miscellaneous Amortization, over a period not longer than the estimated remaining life of the properties to which such amounts relate. Amounts related to the acquisition of land only may be amortized to account 425 over a period of not more than 15 years. Should a utility wish to account for debit amounts in this account in any other manner, it shall petition the Commission for authority to do so. Credit amounts recorded in this account shall be accounted for as directed by the Commission.

PART 120 [REVOKED]

C. Part 120, Miscellaneous Accounting Orders of Chapter I, Title 18, of the Code of Federal Regulations is revoked.

PART 141—STATEMENTS AND REPORTS (SCHEDULES)

D. Part 141 of Chapter I, Title 18, of the Code of Federal Regulations is amended by adding a new § 141.200. As so amended, Part 141 reads:

§ 141.200 Original cost statement of utility property.

Any public utility or licensee becoming subject to the jurisdiction of the Commission shall file, insofar as applicable, the following statements properly sworn to by the officer in responsible charge of their compilation:

STATEMENT A

Statement A showing in outline the origin and development of the company including particularly a description (giving names of parties and dates) of each consolidation and merger to which the company, or a predecessor, was a party and each acquisition of an electric operating unit or system.

STATEMENT B

Statement B showing for each acquisition by the reporting company or any of its predecessors of an electric operating unit or system, the original cost, estimated, if not known, the cost of such company and the amount entered in the books in respect thereto as of the date of acquisition. If the depreciation, retirement, or amortization reserve was adjusted as of the date of acquisition and in connection therewith, a full disclosure of the pertinent facts should be made. The difference between the original cost and the amount entered in respect thereto of each acquisition of an electric operating unit or system, as of the date of acquisition, should be clearly stated, and a summary of all transactions affecting such difference through the end of the calendar year prior to the year in which the filing is made, and the resultant amount at the latter date, should be set forth. The amount to be included in account 114, Electric Plant Acquisition Adjustments, shall be subdivided so as to show the amounts applicable to (1) electric plant in service, (2) electric plant leased to others, and (3) electric plant held for future use. Whenever practical, such amount shall be classified according to nature, i.e., going value, structural value, etc.

Where estimates are used in arriving at original cost or the amount to be included in account 114, a full disclosure of the method and underlying facts should be given. The method of determining the original cost of the electric plant acquired as operating units or systems should be described in sufficient detail to permit a clear understanding of the nature of the investigations which were made for that purpose.

STATEMENT C

Statement C showing any amounts arrived at by appraisals in the electric plant accounts (and not eliminated) in lieu of cost to the reporting company. This statement should give the full journal entry at the time the appraisal was originally recorded and if the entry had the effect of appreciating or writing up the electric plant

account, the amount of the appreciation of writeup should be traced, by proper description and explanation of changes, from the date recorded through the end of the calendar year prior to the year in which the filing is made.

STATEMENT D

Statement D showing electric plant as classified in the books of account immediately prior to reclassification in accordance with the Uniform System of Accounts, including, under a descriptive heading, any unclassified amounts applicable jointly to the electric department and other departments of the utility.

STATEMENT E

Statement E showing summary of adjustments necessary to state accounts 101, 103-107, 114, and 116, as prescribed in the Uniform System of Accounts.

STATEMENT F

Statement F showing electric plant classified according to the accounts prescribed in the Uniform System of Accounts, and showing also the amount includible in account 116, Other Electric Plant Adjustments.

STATEMENT G

Statement G giving a comparative balance sheet showing the accounts and amounts appearing in the books before the adjusting entries have been made and after such entries shall have been made.

STATEMENT H

Statement H giving a suggested plan for depreciating, amortizing, or otherwise disposing in whole or in part of the amounts includible in account 114, Electric Plant Acquisition Adjustments, and account 116, Other Electric Plant Adjustments.

STATEMENT I

Statement I giving the following statistical information relative to electric plant.

PRODUCTION PLANT

Steam production. Separately for each steam plant: Name of plant, date of construction, nameplate generating capacity (kw.) as originally constructed and as at present, also nameplate capacity and date of installation of each addition to generating capacity. The original cost, where available, by accounts 310 and 316, of each steam production plant.

Hydraulic production. Separately for each hydro plant: Name of plant, date of construction, capacity of reservoirs (acre-feet), nameplate generating capacity (kw.) as originally constructed and as at present, also nameplate capacity and date of installation of each addition to generating capacity. The original cost, where available, by accounts 330 and 336, of each hydraulic production plant.

Internal combustion engine production. For each internal combustion engine plant: Name of plant, date of construction, nameplate generating capacity (kw.) as originally constructed and as at present, also nameplate capacity and date of installation of each addition to generating capacity. The original cost, where available, by accounts 340 to 346, of each internal combustion engine production plant.

TRANSMISSION PLANT

Overhead transmission lines. For each overhead transmission line or for each group of transmission lines of the same voltage, same general type of construction, and same

number of circuits per structure; the voltage, length in miles, type of construction, kind and size of conductor. The original cost, where available, by accounts 350, 352, 354, 355, 356, and 359, of each such line or group of lines.

Underground transmission lines. For each underground transmission line or for each group of transmission lines of the same voltage, same general type of construction and same number of circuits per structure: The voltage length in miles and type of construction. The original cost, where available, by accounts 350, 352, 357, 358, and 359, of each such line or group of lines.

Transmission substations. For each substation: Function, capacity (kva), high and low voltages of transformers, description and capacity of special items of equipment.

DISTRIBUTION PLANT

Overhead system.² Number of pole and circuit miles, number of active meters or services connected (if available), description and number of each type of pole or tower.

Underground system.² Number of circuit miles, number of active meters or services connected (if available), description of type of construction and general statement of any special construction problem.

Distribution substation. General description of number, capacity (kva) and high and low voltages of transformers.

Line transformers. Number and capacity.

Street lighting and signal systems. Description and number of each type of street lighting standard, number and wattage of lamps, and description of signal system.

GENERAL PLANT

Description of principal structures and improvements.

Number and type of transportation vehicles and appurtenant equipment.

Description of store, shop, and laboratory equipment.

Description of communication equipment.

Description of miscellaneous equipment.

PART 201—UNIFORM SYSTEM OF ACCOUNTS FOR NATURAL GAS COMPANIES

E. The Commission's Uniform System of Accounts for Class A and Class B Natural Gas Companies prescribed by Part 201, Chapter I, Title 18, of the Code of Federal Regulations is amended as follows:

The text of the balance sheet accounts is amended by amending account "114, Gas Plant Acquisition Adjustments," by revising paragraph C. As so amended account 114 reads:

114 Gas plant acquisition adjustments.

C. Debit amounts recorded in this account related to plant and land acquisition may be amortized to account 425, Miscellaneous Amortization, over a period not longer than the estimated remaining life of the properties to which such amounts relate. Amounts related to the acquisition of land only may be amortized to account 425 over a period of not more than 15 years. Should a utility wish

² If number of active meters or services is not available separately for overhead and underground systems, report totals.

³ To be shown on the original when tendered for filing with the Commission of every paper as specified in § 1.17(f) of this chapter.

to account for debit amounts in this account in any other manner, it shall petition the Commission for authority to do so. Credit amounts recorded in this account shall be accounted for as directed by the Commission.

PART 204—UNIFORM SYSTEM OF ACCOUNTS FOR CLASS C NATURAL GAS COMPANIES

F. The Commission's Uniform System of Accounts for Class C and Class D Natural Gas Companies prescribed by Part 204, Chapter I, Title 18, of the Code of Federal Regulations:

The text of the balance sheet accounts is amended by amending account "114, Gas Plant Acquisition Adjustments," by revising paragraph C. As so amended, account 114 reads:

114 Gas plant acquisition adjustments.

C. Debit amounts recorded in this account related to plant and land acquisition may be amortized to account 425, Miscellaneous Amortization, over a period not longer than the estimated remaining life of the properties to which such amounts relate. Amounts related to the acquisition of land only may be amortized to account 425 over a period of not more than 15 years. Should a utility wish to account for debit amounts in this account in any other manner, it shall petition the Commission for authority to do so. Credit amounts recorded in this account shall be accounted for as directed by the Commission.

PART 221 [REVOKED]

G. Part 221 of Chapter I, Title 18, of the Code of Federal Regulations is revoked.

PART 260—STATEMENTS AND REPORTS (SCHEDULES)

H. Part 260 of Chapter I, Title 18, of the Code of Federal Regulations is amended by adding a new § 260.200, reading as follows:

§ 260.200 Original cost statement of utility property.

Any natural gas company becoming subject to the jurisdiction of the Commission shall file, insofar as applicable, the following statements properly sworn to by the officer in responsible charge of their compilation:

STATEMENT A

Statement A showing the origin and development of the company, including, particularly, a description (giving names of parties and dates) of each consolidation and merger to which the company, or a predecessor, was a party and each acquisition of a gas operating unit or system. Any affiliation existing between the parties shall be stated.

STATEMENT B

Statement B showing for each acquisition of a gas operating unit or system by the reporting company or any of its predecessors: (1) The original cost (estimated only if not determinable from existing records), (2) the

cost of the acquiring company, (3) the amount entered in the books as of the date of acquisition, (4) the difference between the original cost and the amount entered in the books, (5) a summary of all transactions affecting such difference, including retirements, between the date of each acquisition and the end of the calendar year prior to the year in which the filing is made, and (6) the amount of such difference remaining at the latter date.

If the depreciation, retirement, or amortization reserve was adjusted as of the date of acquisition and in connection therewith, a full disclosure of the pertinent facts shall be made.

The amount to be included in account 114, Gas Plant Acquisition Adjustments, shall be subdivided so as to show the amounts applicable to (a) gas plant in service, (b) gas plant leased to others, and (c) gas plant held for future use.

The procedure followed in determining the original cost of the gas plant acquired as operating units or systems shall be described in sufficient detail so as to permit a clear understanding of the nature of the investigations and analyses which were made for that purpose.

Where estimates are used in arriving at original cost or the amount to be included in account 114, a full disclosure of the method and underlying facts shall be given. The proportion of the original cost of each acquisition which has been determined from actual recorded costs and the proportion estimated shall be shown for each functional class of plant. In addition there shall be furnished in respect to each predecessor or vendor company for which complete construction costs are not available, a description of such plant records as are available, including the years covered thereby.

STATEMENT C

Statement C showing any amounts arrived at by appraisals in the gas plant accounts (and not eliminated) in lieu of cost to the reporting company. This statement should describe the appraisal and give the complete journal entry at the time the appraisal was originally recorded. If the entry had the effect of appreciating or writing up the gas plant account, the amount of the appreciation or writeup should be traced, by proper description and explanation of changes, from the date recorded through the end of the calendar year prior to the year in which the filing is made.

STATEMENT D

Statement D showing in detail gas plant as classified in the books of account immediately prior to reclassification in accordance with the Uniform System of Accounts, including, under appropriate descriptive headings, any unclassified amounts applicable jointly to the gas department and other departments of the utility.

STATEMENT E

Statement E showing the adjustments necessary to state accounts 101, 103-107, 114, and 116, and amount of common utility plant includible in account 118, as prescribed in the Uniform System of Accounts.

STATEMENT F

Statement F showing gas plant classified according to the accounts prescribed in the Uniform System of Accounts, and showing also the amount includible in account 116, Other Gas Plant Adjustments, and the amount of common utility plant includible in account 118, Other Utility Plant.

STATEMENT G

Statement G showing a comparative balance sheet reflecting the accounts and amounts appearing in the books before the adjusting entries have been made and after such entries shall have been made. The balance sheet shall be classified by the accounts set forth in the Uniform System of Accounts Prescribed for Natural Gas Companies.

STATEMENT H

Statement H giving a suggested plan for depreciating, amortizing, or otherwise disposing of, in whole or in part, the amounts includible in account 114, Gas Plant Acquisition Adjustments, and account 116, Other Gas Plant Adjustments.

STATEMENT I

Statement I furnishing the following statistical information relative to gas plant:

PRODUCTION PLANT

MANUFACTURED GAS

Show separately for each producing plant the name and location of plant, date of original construction, type of plant (whether coal gas, coke ovens, water gas, etc.), rated 24-hour capacity in Mcf of each unit and of the total plant, and date of installation of each unit installed after original construction. Show also the original cost according to the System of Accounts for each plant, by accounts 304 to 319, inclusive.

NATURAL GAS

For each "field" includible in account 101, Gas Plant in Service, furnish the number of acres each of gas producing lands owned, of gas producing lands leased by the company, and of land on which gas rights only are owned, as included in accounts 325.1, 325.2, 325.3, respectively. The same information, classified by subaccounts, shall be furnished for producing and nonproducing acreage includible in account 104, Gas Plant Leased to Others, and in account 105, Gas Plant Held for Future Use.

For each "field" state number of feet of each size pipe used in field gathering lines.

For each "field" state number of wells included in accounts 330 and 331 segregated to show the number of wells on each type of producing lands classified under accounts 325.1, 325.2, 325.3.

When pumping or compressing plants exist within the production plant, include the same information as that requested for compressor stations under transmission plant.

State type and character of purification equipment and residual refining equipment included in accounts 336 and 337, respectively.

Show the original cost according to the System of Accounts for natural gas production plant by each "field" and by accounts 325.1 to 340.

STORAGE PLANT

Show separately for each location the name of plant, date of construction, type and total capacity (Mcf) of each gas holder. State also the original cost according to the System of Accounts for each location, by accounts 350.1 to 351, inclusive.

If depleted gas fields are being repressured, the statements furnished shall reflect the number of acres involved and the original cost according to the System of Accounts (accounts 350.1 to 351, inclusive).

TRANSMISSION PLANT

State the number of feet of each size of main.

State separately for each compressor boosting station the name of plant, location, date of original construction, rated capacity, type and character of power unit, and rated ca-

capacity and type of compressor units. Also state the capacity, type, and date of installation of each additional power or compressor unit. Show for each station the original cost according to the System of Accounts by accounts 365.1, 365.2, 366, 368, and 369.

DISTRIBUTION PLANT

State number of feet of each size of main and the number of active meters, house regulators, and services. Give a general description of the district regulators and number, by sizes.

Where pumping or compressor stations exist within the distribution plant, include the same information requested for similar stations under transmission plant.

GENERAL PLANT

Describe the principal structures and improvements.

State the number and type of transportation vehicles and appurtenant equipment.

Give a description of store, shop, and laboratory equipment and miscellaneous equipment.

Furnish maps, drawn to scale, upon which indicate transmission mains, location of production plants (artificial and natural), producing and nonproducing leaseholds (indicating thereon producing wells, dry holes and depleted wells), gathering systems, booster and compressor stations, communities served (noting as to wholesale or retail), and large industrial consumers. Where gas is purchased from or sold to other gas utilities, indicate location of measuring stations or gates. If scale maps are not available, furnish sketch maps upon which should be indicated approximate distances between the locations above specified.

I. This order is effective January 1, 1973.

J. The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By direction of the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Valencia Orange Reg. 420, Amdt. 1]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

This regulation increases the quantity of California-Arizona Valencia oranges that may be shipped to fresh market during the weekly regulation period March 9-15, 1973. The quantity that may be shipped is increased due to improved market conditions for California-Arizona Valencia oranges. The regulation and this amendment are issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and Marketing Order No. 908.

(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the

Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The need for an increase in the quantity of oranges available for handling during the current week results from changes that have taken place in the marketing situation since the issuance of Valencia Orange Regulation 420 (38 FR 6288). The marketing picture now indicates that there is a greater demand for Valencia oranges than existed when the regulation was made effective. Therefore, in order to provide an opportunity for handlers to handle a sufficient volume of Valencia oranges to fill the current demand thereby making a greater quantity of Valencia oranges available to meet such increased demand, the regulation should be amended, as hereinafter set forth.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restriction on the handling of Valencia oranges grown in Arizona and designated part of California.

(b) *Order, as amended.* The provisions in paragraph (b) (1) (iii) of § 908.720 (Valencia Orange Regulation 420, 38 FR 6288) are hereby amended to read as follows:

§ 908.720 Valencia Orange Regulation 420.

Title 12—Banks and Banking
CHAPTER VII—NATIONAL CREDIT UNION
ADMINISTRATION

PART 701—ORGANIZATION AND OPERA-
TION OF FEDERAL CREDIT UNIONS

Amendments to Publications Incorporated
by Reference

On pages 6181-6182 of the March 25, 1972, edition of the FEDERAL REGISTER, certain publications of the National Credit Union Administration were incorporated by reference, with the approval of the Director, Office of the Federal Register, into the rules and regulations of the National Credit Union Administration, 12 CFR Chapter VII. These publications were incorporated by establishing § 701.2 (12 CFR 701.2) and are described in §§ 701.14 (12 CFR 701.14) and 701.15 (12 CFR 701.15).

The availability of these publications is set forth in § 701.2(b) (12 CFR 701.2(b)) and §§ 701.14 (12 CFR 701.14) and 701.15 (12 CFR 701.15). These publications, including recent amendments thereto, are currently available in the manner set forth in § 701.2(b) (12 CFR 701.2(b)).

This notice of amendment to several of these publications is published pursuant to the provisions of 1 CFR 51.8(c) and 12 CFR 701.2(e). Copies of the publications, as amended, are on file with the Director, Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408.

A brief summary of the amendments to the several publications is set forth below.

1. *Accounting manual for Federal credit unions.* A number of changes in the accounting procedures have been made. Some of the more significant changes deal with procedures relative to closing entries in the event of a loss from operations or as a result of the required transfer of gross earnings to regular reserve, recording appreciation for securities purchased below par, handling share accounts of nonmembers, using the supplemental reserve account and recording payroll deduction proceeds from governmental agencies prior to actual receipt of funds.

Also included are several new general ledger accounts, an optional method of offsetting losses on loans purchased from liquidating credit unions against gains on other loans purchased, procedures for collection of utility bills, procedures for the accounting of costs for buildings on Department of Defense installations, and a definition of direct and indirect costs.

2. *Supervisory committee manual for Federal credit unions.* This manual has been subdivided into two parts. Part 1

is the basic instructional manual for use by supervisory committees of limited experience or knowledge in bookkeeping and auditing. Part 2 is the comprehensive technical guide for the use of supervisory committees with considerable experience and knowledge in bookkeeping and auditing. There have been no major changes in the text of the manual; only in the manner of presentation. Essentially, all of Part 1 has been added while Part 2 is basically the same as the previous publication.

3. *Credit manual for Federal credit unions.* Discussion on the three "C"'s of credit (character, capacity, and collateral), Fair Credit Reporting Act, and mobile home loans have been added. Minor revisions in other sections were also made. Appendix A, Consumer Patterns, of the previous edition, has been deleted.

4. *Organizing a Federal credit union.* This revision contains certain changes in National Credit Union Administration chartering procedures and policies. Some of the more significant items are the requirement of a charter organization meeting to be held prior to submittal of the charter application and documents executed at such a meeting, and a revision of minimum potential membership guidelines. The manual also contains a revision of numerous individual policies for occupational, associational, and residential groups. Also included are the guidelines for standard amendments to Federal credit union charters and bylaws.

5. *Data processing guidelines for Federal credit unions.* No major changes in the text of this manual have been made. However, Appendix C, Explanation of Terms, has been added.

6. *Sale and redemption of U.S. savings bonds by Federal credit unions.* The recent revision updates the manual to provide current references to the Federal Credit Union Act. No major changes in the publication have been made.

7. *Accounting machine handbook for Federal credit unions.* Only minor revisions have been made. Format and style have been changed with the manual now divided into five chapters. An explanation of terms was added to increase reader comprehension and understanding.

PART 701—ORGANIZATION AND OPERATION OF FEDERAL CREDIT UNIONS

PART 747—RULES OF PRACTICE AND PROCEDURE

Miscellaneous Amendments to Chapter

Pursuant to the authority conferred by section 120, 73 Stat. 635, 12 U.S.C. 1766, certain portions of Chapter VII of Title 12 of the Code of Federal Regulations (12 CFR Ch. VII) are amended as set forth below. These amendments are technical in nature and involve no substantive change to the regulations affected hereby.

The changes are self-explanatory. The deletion of paragraph (d) (6) in § 701.2 (12 CFR 701.2) and of paragraph (f) in § 701.14 (12 CFR 701.14) are a result of the inclusion of the publication "Guide to Standard Amendments to the Federal Credit Union Charter and Bylaws" in the publication "Organizing a Federal Credit Union."

Effective date. These changes are effective April 16, 1973.

HERMAN NICKERSON, Jr.,
Administrator.

MARCH 12, 1973.

1. Wherever the words "1325 K Street NW." appear, they should be deleted. This change is applicable in Part 701, §§ 701.2(b), 701.2(c); and in Part 747, § 747.16.

2. In Part 701, § 701.2, delete paragraph (d) (6) and change paragraphs (d) (7) to (d) (6), (d) (8) to (d) (7), (d) (9) to (d) (8), (d) (10) to (d) (9), (d) (11) to (d) (10), (d) (12) to (d) (11), and (d) (13) to (d) (12).

3. In Part 701, § 701.14, delete paragraph (f) and change paragraphs (g) to (f), (h) to (g), (i) to (h).

4. In Part 701, § 701.14, newly designated paragraph (f), insert the following immediately after the first sentence: "This booklet contains the guidelines for standard amendments to a Federal credit union charter and bylaws."

5. Wherever the word "Bulletin" appears, it should be changed to "Quarterly." This change is applicable in Part 701, newly designated § 701.2(d) (9), § 701.14(a), newly designated §§ 701.14(g) and 701.14(h), and § 701.15(a).

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Airspace Docket No. 73-NW-4]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the description of the Idaho Falls, Idaho, control zone. A portion of

the control zone that extends to the northeast is described by the use of a bearing from Skyline NDB (formerly Idaho Falls RBN), which is scheduled for decommissioning on March 29, 1973. Accordingly, the description of the control zone needs to be altered by substituting a radial of the Idaho Falls VOR for the bearing from Skyline NDB.

Since this amendment is minor in nature and no substantive change in the regulation is effected, notice and public procedure thereon are unnecessary and good cause exists for making this amendment effective on less than 30 days' notice.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended effective March 19, 1973 as set forth below.

In § 71.171 (38 FR 351), the description of the Idaho Falls, Idaho, control zone is amended as follows:

Beginning in line 3, delete all after: " * * * to 10.5 miles southwest of the VOR;" and substitute therefor:

"within 4 miles each side of the Idaho Falls VOR 030° radial, extending from the 5-mile-radius zone to 11 miles northeast of the VOR."

(Sec. 307(a), Federal Aviation Act of 1958, as amended, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Seattle, Wash., on March 8, 1973.

[Airspace Docket No. 72-SW-80]

PART 73—SPECIAL USE AIRSPACE

Designation of Temporary Restricted Area

On January 11, 1973, a notice of proposed rule making (NPRM) was published in the FEDERAL REGISTER (38 FR 1283) stating that the Federal Aviation Administration (FAA) was considering an amendment to Part 73 of the Federal Aviation Regulations that would designate a temporary joint-use restricted area near Killeen, Tex. The area would be utilized for a 9-day period beginning April 23, 1973, for the joint training exercise Gallant Hand 73.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. Due consideration was given to all relevant matter presented.

One party objected to the rule. He noted that both the number of areas and the number of days proposed for the exercise are more than were designated for a similar event conducted in 1972. He also stated that he did not think he should have to ask the military to fly off his own airstrip.

In response to the above objection, a comparison was made between the restricted airspace designated for the 1972 exercise and that proposed for Gallant Hand 73. It showed that although the 1973 exercise area is subdivided, it is but slightly larger than that used in

1972. When excluded portions are considered, the total volume of airspace restricted for 1973 is actually less than that used in 1972. Further, although Gallant Hand 73 is scheduled for 9 days, the area subdivisions and exclusions, which will allow flight through the subareas while exercises are being conducted elsewhere, together with better communications, should reduce the impact upon the aviation public. However, the exercise activities will create flight hazards within the activated restricted area, and controlled access to it is therefore necessary for flight safety. This is the basis for requiring nonparticipating pilots to obtain clearance from the using agency. A wide area telecommunications service number (800-792-9800) will be provided by the using agency so that nonparticipating pilots can obtain clearances on an individual basis without charge to themselves. The number will be published in Part 3A of the Airman's Information Manual (AIM). The Gallant Hand 73 restricted area will also be depicted in that publication.

The two other comments received interposed no additional objections; however, in one, the Air Transport Association of America (ATA) did express concern regarding problems that the restricted area may create for air carrier flights.

Release of subareas, flight path exclusions, and assistance from the communications and radar facilities provided by the using agency will enable flights to transit the area without difficulty. A new exclusion, developed after publication of the notice, was added to the restricted area description so that uninterrupted access would be provided into and out of Brownwood, Tex. This exclusion reduces the restriction by preventing exercise activity within defined portions of Subareas "A" and "B" from the surface to 5,000 feet MSL between 0600 c.s.t. and 2000 c.s.t. daily throughout the exercise.

In order to simplify describing the new exclusion noted above, the east boundary of Subarea "A" (west boundary of Subarea "B") has been modified somewhat from the description contained in the notice. Minor corrections for accuracy have also been made to some of the geographical coordinates used in the description. None of these alterations interpose any additional burden to the public.

In consideration of the foregoing, Part 73 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., March 29, 1973, as hereinafter set forth.

In § 73.63 (38 FR 669), the following temporary restricted area is added:

R-6314, KILLEEN, TEX.

SUBAREA A

Boundaries. Beginning at lat. 32°10'00" N., long. 98°52'00" W.; to lat. 32°10'00" N., long. 99°30'00" W.; to lat. 31°20'00" N., long. 99°55'00" W.; to lat. 31°02'00" N., long. 99°00'00" W.; to lat. 31°41'55" N., long. 99°00'00" W.; thence counterclockwise along the arc of a 6-nautical-mile-radius circle centered on the Brownwood, Tex., Municipal Airport (lat. 31°47'41" N., long. 98°57'24"

CHAPTER II—CIVIL AERONAUTICS BOARD

SUBCHAPTER D—SPECIAL REGULATIONS

[Regulation SPR-67; Amdt. 6]

PART 378—INCLUSIVE TOURS BY SUPPLEMENTAL AIR CARRIERS, CERTAIN FOREIGN AIR CARRIERS, AND TOUR OPERATORS

Air/Sea Cruise Tours

Part 378 presently establishes a three-stop requirement for inclusive tour charters (ITC's).¹ By delegated authority, staff may grant waivers to permit, on air/sea inclusive tours, daytime stops by a cruise ship in lieu of overnight stops.²

By SPDR-26C, dated October 10, 1972, the Board proposed an amendment to Part 378 to provide that the requirement for overnight hotel accommodations at a minimum of three places may be satisfied, in the case of air/sea cruises, if shipboard accommodations in port or at sea are provided for at least three nights and the ship stops at a minimum of three ports no less than 50 air miles apart.³

Six comments have been filed with respect to SPDR-26C, all of which support the proposed rule.⁴ However, two of them⁵ request some modification, asserting that the rule as proposed would not literally apply to a common form of combined land and sea itinerary, such as, for example, an air/sea cruise which combines a land stop at Miami, Fla., with cruise stops at Freeport and Nassau, both in the Bahamas.

The requested modification has merit, and we are accordingly revising the text of the rule, so as to make it clear that sea and land accommodations may be combined in such tours.

¹ 14 CFR § 378.2(b) (2) provides, inter alia: "The land portion of the tour must provide overnight hotel accommodations at a minimum of three places other than the point of origin * * *"

² 14 CFR § 385.13(v) (1) grants to the Director, Bureau of Operating Rights, authority to grant waivers of § 378.2(b) (2) to permit, on air/sea inclusive tours, daytime stop by a cruise ship in lieu of overnight stops where both of the following conditions prevail: (1) The daytime stop is of at least 12 hours' duration; and (2) the daytime stop is preceded or followed by a night at sea. By reason of the action taken herein, that staff delegation is no longer required and Part 385 is being amended contemporaneously herewith (OR-70) to delete such delegation of authority.

³ SPDR-26C was substituted for a more restrictive proposal which had been included in SPDR-26, dated Oct. 26, 1971.

⁴ Comments were filed by Overseas National Airways, Inc. (Overseas), Saturn Airways, Inc. (Saturn), Modern Air Transport, Inc. (Modern), 3 supplemental air carriers; and by Royal Caribbean Tours, Inc. (Royal Caribbean), Jetways, Inc. (Jetways), and AITS, tour operators.

⁵ Modern and Jetways.

Since the within amendments are of a technical nature and impose no burden on anyone, we have determined to make them effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 378 of its Special Regulations (14 CFR Part 378), effective March 13, 1973, as follows:

1. Amend § 378.2(b) (2) to read as follows:

§ 378.2 Definitions.

As used in this part, unless the context otherwise requires—

(b) "Inclusive tour" means * * *

(2) The land portion of the tour must provide overnight hotel accommodations at a minimum of three places other than the point of origin, such places to be no less than 50 air miles from each other: *Provided, That*, in the case of an "air/sea tour," overnight accommodations provided aboard a ship, while in port or at sea, may be regarded as "hotel" accommodations; *And provided further*, That, for any night on which accommodations are provided aboard a ship at sea, either the first port at which the ship stops following such night, or the last port at which the ship stops preceding such night, may be regarded as the "place" at which the overnight accommodations were provided.

(Secs. 101(3), 101(33), 204(a), 401, 402, 407, and 416(a), Federal Aviation Act of 1958, as amended, 72 Stat. 737 (as amended by 75 Stat. 467, 78 Stat. 143, 82 Stat. 867, 84 Stat. 921), 743, 754, 757, 766, 771; 49 U.S.C. 1301, 1324, 1371, 1372, 1377, 1386)

By the Civil Aeronautics Board.

Adopted: March 13, 1973.

Secretary.

SUBCHAPTER E—ORGANIZATION REGULATIONS

[Regulation OR-70; Amdt. 31]

PART 385—DELEGATIONS AND REVIEW OF ACTION UNDER DELEGATION; NON-HEARING MATTERS

Deletion of Delegation of Authority to Director, Bureau of Operating Rights, To Grant Waivers Concerning Air/Sea Cruises Under Part 378

By SPR-67, issued contemporaneously herewith, the Board has amended Part 378 so as to provide for air/seacruises under prescribed conditions. This amendment to Part 378 removes the need for the Board's delegation of authority to the Director, Bureau of Operating Rights, to grant waivers of § 378.2(b) (2) so as to permit, on air/sea inclusive tours, daytime stops by a cruise ship in lieu of overnight stops where prescribed conditions are met. For this reason, this delegation of authority will be deleted.

Since the within regulation is a rule of agency organization, notice and public procedure thereon are not necessary

and it may be made effective March 13, 1973, immediately.

Accordingly, the Civil Aeronautics Board hereby amends § 385.13(v) of its organization regulations (14 CFR Part 385), effective by deleting and reserving subparagraph (1).

As amended § 385.13(v) will read in part as follows:

§ 385.13 Delegation to the Director, Bureau of Operating Rights.

- (v) With respect to * * *
- (1) [Reserved.]

(Sec. 204(a) of the Federal Aviation Act of 1938, as amended, 72 Stat. 743; 49 U.S.C. 1324. Reorganization Plan No. 3 of 1961, 75 Stat. 837, 26 FR 5989; 49 U.S.C. 1324 (note))

CHAPTER II—SECURITIES AND
EXCHANGE COMMISSION

[Release No. 33-5359]

PART 231—INTERPRETATIVE RELEASES
RELATING TO THE SECURITIES ACT OF
1933 AND GENERAL RULES AND REG-
ULATIONS THEREUNDER

Use of "Sales Literature" in Investment
Company Prospectuses

The Securities and Exchange Commission, both through its Advisory Committee on Investment Companies and Advisers, which submitted its report December 29, 1972, and independently through its staff is studying the substance, use of, and review procedures for investment company prospectuses.¹ In connection with this study, the Commission made clear that no objection will be raised if investment company issuers include in their prospectuses material which otherwise would be deemed "sales literature" as defined in the Commission's statement of policy, as amended November 5, 1957.

The Commission is continuously concerned with the "readability" and "understandability" of prospectuses, and in this regard has recognized that visual aids, as an example of one form of "sales literature," contribute to "readability" and also may make more meaningful the presentation of textual material.² Because prospectuses themselves constitute sales literature,³ the Commission sees no reason why both the information required in the prospectus and the information in other sales literature cannot be presented in one document, thus insuring investors an opportunity to con-

sider both forms of communication at one time.

In including "sales literature" in prospectuses, however, issuers should be aware of the following: (1) Sales literature should not be of such quantity as to overly lengthen the prospectus, and it should not be so placed as to obscure essential statutory disclosure; (2) sales literature included in prospectuses is subject to and must comply with the Commission's statement of policy; and (3) members of the National Association of Securities Dealers are not relieved, of course, of the filing and other requirements of the NASD with respect to investment company sales literature.

PART 231—INTERPRETATIVE RELEASES
RELATING TO THE SECURITIES ACT OF
1933 AND GENERAL RULES AND REG-
ULATIONS THEREUNDER

Disclosure of Projections of Future
Economic Performance

On November 1, 1972, the Commission announced a public rule making proceeding relating to the use, both in filings with the Commission and otherwise, of estimates, forecasts, or projections of economic performance by issuers whose securities are publicly traded (Securities Exchange Act Release No. 9844, November 1, 1972) (37 FR 23850). These hearings were ordered by the Commission for the purpose of gathering information relevant to a reassessment of Commission policies relating to disclosure of projected sales and earnings (hereafter, "projections"). The Division of Corporation Finance, in conducting the public hearings from November 20 to December 12, 1972, received testimony from 53 witnesses, including representatives of publicly held corporations, the securities industry, the academic community, the self-regulatory organizations, and the accounting and legal professions. In addition, letters from over 200 interested persons were received and made part of the public record.

The Commission has never required a company to publicly disclose its projections and does not intend to do so now. It has been the Commission's long-standing policy generally not to permit projections to be included in prospectuses and reports filed with the Commission. However, on the basis of the information obtained through the hearings and on the basis of staff recommendations and its experience in administering the securities laws, the Commission has now determined that changes in its present policies with regard to use of projections would assist in the protection of investors and would be in the public interest. The Commission recognizes that projections are currently widespread in

the securities markets and are relied upon in the investment process. Persons invest with the future in mind and the market value of a security reflects the judgments of investors about the future economic performance of the issuer. Thus projections are sought by all investors, whether institutional or individual. The Commission is concerned, however, that all investors do not have equal access to this material information. Because of widespread public interest in this area and because of its importance to investors, the Commission is releasing at this time its general conclusions regarding use of projections.

Information gathered at the hearings reinforced the Commission's own observation that management's assessment of a company's future performance is information of significant importance to the investor, that such assessment should be able to be understood in light of the assumptions made, and that such information should be available, if at all, on an equitable basis to all investors. The hearings also revealed widespread dissatisfaction with the fact that there are today no guidelines or standards that the issuer, the financial analyst, or the investor can rely on in issuing or interpreting projections. In addition, public comment indicated that there were many issuers who are opposed to being required to issue public projections.

The Commission plans to take the first steps toward integrating projections into the disclosure system, but it has determined not to require issuers to generate or disclose projections. The system that the Commission envisions would apply only to issuers who choose to disclose their projections. In this connection, the Commission proposes to permit issuers who meet certain standards to include projections in filings with the Commission under the Securities Act of 1933 and the Securities Exchange Act of 1934 (Exchange Act). The standards would include a requirement that the issuer had been a reporting company for a reasonable period of time and that it had a history of earnings and of internal budgeting. The specific standards would be included in any proposed rules when issued for comment. It is contemplated that there would be certain restrictions on the type of projection that could be filed, for example, that it relate to a minimum to sales and earnings, that it be expressed as an exact figure or within a reasonable range, that the underlying assumptions be set forth, and that it be for a reasonable period, such as a fiscal year.⁴ The Commission believes that these limitations would help to assure that only projections that have a reasonable basis, are generally reliable, and are based on experience would be included in prospectuses and other filings.

⁴ The Commission recognizes that tax shelter investments involve different considerations and that projections covering only 1 year would not be meaningful. Accordingly, a separate release will be issued covering such securities.

¹ See Securities Act Release No. 5305 (Sept. 21, 1972) (37 FR 20317).

² See Investment Company Act Release No. 150 (June 20, 1941) (37 FR 20317).

³ See Securities Act Releases Nos. 5231 (Feb. 3, 1972) (37 FR 4327) and 5171 (July 20, 1971) (36 FR 13915).

Further, the Commission contemplates that issuers who file projections with the Commission would be required to update those projections on a regular basis, as well as in the event of material changes in the projections. However, any issuer who had filed projection information in the past in registration statements or reports but who decides to omit such information in future filings, would be able to do so if it filed a statement of the reasons for that change of policy.

Although it is proposed that disclosure of projections in Commission documents would be voluntary, the Commission is also considering a requirement that all issuers who elect to disclose their projections to the public through the financial media, financial analysts, or otherwise, file such projections with the Commission on a new form that would be developed especially for the filing of projections. Statements by management confirming the projections of others would cause the projections to be imputed to management for these purposes.

The Commission has also concluded that, in order to provide adequate information for evaluating the projections made, any issuer subject to the reporting requirements of the Exchange Act who had made a public projection during any fiscal year, should be required to file in its annual report on Form 10-K (17 CFR 249.310) for that year a statement of the projection made, the circumstances under which it was made, and a comparison of the projection with actual results and an explanation of material variances, if any.

There was extensive testimony given at the hearings on the question of verification or certification of projection information by accountants or others. The Commission is concerned as to whether such verification would be meaningful since there are no generally accepted principles or policies at the present time that could be applied in the verification process. Thus, the Commission has determined not to allow any statement of certification or verification by any third party to be disclosed in filings with the Commission, at this time. Should such principles be developed, the Commission will reconsider its position.

The Commission is aware of the fact that one of the primary deterrents to a rational and open disclosure system for projections is the fear of liability for inaccurate projections. The Commission has decided that a rule, or rules, relating to the liability provisions of the securities laws and defining the circumstances under which a projection would not be considered to be a misleading statement of a material fact, would be appropriate in connection with any changes in the Commission's policy on the use of projections. It is contemplated that such a rule would embody the concept that a projection is not a promise that it will be achieved nor per se misleading if not achieved. A projection would not be considered to be a misstatement of a material fact if it were reasonably based in fact, prepared with reasonable care and carefully reviewed.

In addition to the above changes, all of which would require amendments to existing forms and reports, or development of new rules and forms, the Commission plans to issue a release setting forth its more detailed views on the issuance of projections by management, financial analysts, and other members of the financial community. The release would be particularly concerned with the liabilities involved for issuers and others making projections without reasonable bases and would contain a statement of the Commission's strong reservations about the ability of issuers with limited resources or operational histories to make reasonably based projections. The release would also deal with the problem of selective disclosure of projections and the liabilities resulting therefrom.

The Commission believes that it is in the interest of investors and issuers to move gradually in this area. Action taken in the form of proposed rules would, of necessity, be in the nature of an experiment and would be carefully monitored by the Commission. The results of the hearings conducted by the staff have convinced the Commission that now is the appropriate time to take action in this area, to recognize the realities of the situation, and to take the lead in developing standards and guidelines that will enable all issuers to understand their responsibilities and all investors to have equal access to projection information.

In summary, the Commission has determined that:

1. Disclosure of projections in Commission filings should not be required except under the circumstances set forth in paragraphs 7 and 8, below.

2. Issuers who are reporting companies and who meet certain standards relating to their earnings histories and budgeting experience should be permitted to include projections in filings made with the Commission pursuant to the Securities Act and the Exchange Act.

3. Projections disclosed in Commission filings should meet certain standards, for example, the underlying assumptions should be set forth, the projection should be of sales and earnings and expressed as a reasonably definite figure, and the projections should be for a reasonable period of time.

4. Any issuer who files projection information should be required to update the filed projection on a regular basis and whenever the issuer materially changes its projection.

5. Any issuer who has previously filed projection information should be allowed to stop filing such information if it discloses its decision and the reasons therefor.

6. No statement of verification or certification of the projections by any third party should be permitted in any filing with the Commission at this time.

7. Any issuer who discloses projections outside of filings with the Commission, whether through financial media, financial analysts, or otherwise, should be required to file such projections with the Commission on a special projection form.

8. Any issuer subject to the reporting requirements of the Exchange Act who discloses a projection, whether in a Commission filing or not, should be required to include in its annual report on Form 10-K (17 CFR 249.310) for the fiscal year during which the projection was made, a statement of the projection made, the circumstances under which it was disclosed, and a comparison of the projection with actual results.

9. The Commission should adopt rules under the securities laws to define the circumstances under which a projection would not be considered to be a misleading statement of a material fact.

10. The Commission should issue a release setting forth certain standards for the preparation and dissemination of projections by management of public companies, financial analysts, and other members of the financial community. The release should highlight the Commission's reservations as to whether anyone who makes a projection with respect to an issuer having a limited history of operations can meet the standards necessary to avoid liability. In addition, the adverse consequences of selective disclosure of material information such as projections should be emphasized.

The Commission has directed its Division of Corporation Finance to prepare specific releases and rule and form changes necessary to implement the conclusions set forth above. The rule and form changes will be published for comment at a later date, at which time the general release described in paragraph 10 will be issued.

By the Commission.

Title 20—Employees' Benefits
CHAPTER III—SOCIAL SECURITY ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

[Regs. 1, 22, further amended]

PART 401—DISCLOSURE OF OFFICIAL RECORDS AND INFORMATION

PART 422—ORGANIZATION AND PROCEDURES

Disclosure of Certain Medicare Reports and Records

On September 2, 1972, there was published in the FEDERAL REGISTER (37 FR 17978) a notice of proposed rule making which set forth proposed amendments to authorize the Social Security Administration to disclose to the public: (1) At specified locations, prospective survey reports on Medicare providers of services and related material pertaining to compliance with conditions of participation; (2) prospective survey reports relating to performance of Medicare providers, with safeguards to protect the privacy of patients and others; (3) the latest review report pertaining to a particular intermediary or carrier, and in addition prospective contractor review reports; and (4) under specified conditions, the

identification of providers of services, physicians, and other persons furnishing services to Medicare beneficiaries where disclosure is in the public interest. Interested persons were given the opportunity to submit within 30 days data, views, or arguments with regard to the proposed amendments.

On October 30, 1972, the President signed into law the Social Security Amendments of 1972—Public Law 92-603. Sections 299D and 249C of that law directed the Secretary to disclose certain information and reports on the administration of the Medicare program, most of which were covered by the notice of proposed rule making published in the FEDERAL REGISTER on September 2, 1972. On the basis of the comments received pursuant to such notice of proposed rule making and the directives in sections 299D and 249C of Public Law 92-603, a number of changes were made in the proposed amendments as announced under such notice. Accordingly, such amendments are hereby adopted with the following significant changes.

Section 401.3(v)(1) has been revised to specify that prospective statements of deficiencies based on survey reports prepared by State agencies on providers of services, and the survey reports, will be available or made available at certain district offices and regional offices and that the statements of deficiencies will also be available at local public assistance offices. A corresponding change has been made in § 422.430(b)(19). In addition, the maximum time period for withholding disclosure of the statement of deficiencies and the survey report has been changed from 60 days following the receipt of the report to 90 days following the completion of the survey to comply with section 299D of Public Law 92-603 with the added condition that such time period shall not exceed 30 days following the receipt of such report by the Administration.

The maximum time period for withholding disclosure of reports specified in § 401.3(v)(2) and (3) has been reduced from 60 days to 30 days.

In accordance with section 249C of Public Law 92-603, a provision has been added to § 401.3(v)(3) authorizing the disclosure of reports relating to the evaluation of the performance of State agencies under agreements entered into pursuant to section 1864 of the Social Security Act. In accordance with the same section of Public Law 92-603, subparagraphs (2) and (3) of § 401.3(v) have been modified to provide that in the case of reports and evaluations available thereunder, references to internal tolerance rules and practices, internal working papers or other informal memoranda will be excluded.

Section 401.3(v)(4)(ii) has been modified to reflect that a finding by a carrier or intermediary that a provider of services, a physician, or other person has been engaged in a pattern of furnishing services to beneficiaries which are substantially in excess of their medical needs, as a condition to disclosure of the name of such provider, physician, or other person, can be made only after

consultation with a professional medical association functioning external to program administration or, if appropriate, the State medical society. This section has also been modified to reflect that the name of any such provider, physician, or other person shall not be disclosed unless such provider, physician, or other person has first been afforded a reasonable opportunity to offer evidence on his behalf.

An amendment has been made to § 422.428 merely to conform to the change in § 422.430(b)(19).

(Secs. 205, 1102, 1106, 1864, and 1871, 53 Stat. 1368, as amended, 49 Stat. 647, as amended, 53 Stat. 1398, as amended, 86 Stat. 1452, as amended, 79 Stat. 331; 42 U.S.C. 405, 1302, 1306, 1395aa, and 1395hh)

Effective date. These amendments shall be effective on March 19, 1973, except that § 401.3(v)(1) applies to reports prepared after January 31, 1973, subparagraphs (2) and (3) of § 401.3(v) apply to reports and evaluations completed after January 31, 1973, and § 401.3(v)(3) also applies to the contract performance review report specified therein prepared prior to February 1, 1973.

Dated: February 1, 1973.

ROBERT M. BALL,
Commissioner of Social Security.

Approved: March 8, 1973.

CASPAR W. WEINBERGER,
Secretary of Health,
Education, and Welfare.

Regulation No. 1 and Regulation No. 22 of the Social Security Administration (20 CFR 401.1 et seq. and 422.1 et seq.) are further amended as set forth below.

1. Section 401.3 is amended by adding at the end thereof the following new paragraph (v) to read as follows:

§ 401.3 Information which may be disclosed and to whom.

Disclosure of any such file, record, report, or other paper, or information, is hereby authorized in the following cases and for the following purposes:

(v) To the public:

(1) (i) Statements of deficiencies based upon official survey reports prepared after January 31, 1973, by a State agency pursuant to its agreement entered into under section 1864 of the Social Security Act and furnished to the Social Security Administration, which relate to such State agency's findings on the compliance of a health care institution or facility with the applicable provisions in section 1861 of such Act and with the regulations, promulgated pursuant to such provisions, dealing with health and safety of patients in such institutions and facilities, and (ii) such State agency survey reports. Such statement of deficiencies or report and any pertinent written statements furnished by such institution or facility on such statement of deficiencies shall be disclosed within 90 days following the completion of the survey by such State agency, but not to exceed 30 days following the receipt of such report by the Administration. (Such statements of

deficiencies, reports, and pertinent written statements shall be available or made available only at the district office and the regional office of the Social Security Administration servicing the area in which such institution or facility is located, except that such statements of deficiencies and pertinent written statements shall also be available at the local public assistance offices servicing such area.)

(2) Upon request in writing, official reports and other formal evaluations (including followup reviews), excluding references to internal tolerance rules and practices contained therein, internal working papers or other informal memoranda, prepared by the Social Security Administration and completed after January 31, 1973, which relate to the performance of providers of services under title XVIII of the Social Security Act: *Provided*, That no information identifying individual patients, physicians, or other practitioners, or other individuals shall be disclosed under this subparagraph. Such reports and evaluations shall be disclosed within 30 days following the final preparation thereof by the Administration during which time such providers of services shall be afforded a reasonable opportunity to offer comments, and there shall be disclosed with such reports and evaluations any pertinent written statements furnished the Social Security Administration by such providers on such reports and evaluations.

(3) Upon request in writing, official contractor performance review reports and other formal evaluations (including followup reviews), excluding references to internal tolerance rules and practices contained therein, internal working papers or other informal memoranda, prepared by the Social Security Administration and completed after January 31, 1973, which relate to the evaluation of the performance of (i) intermediaries and carriers under their agreements entered into pursuant to sections 1816 and 1842 of the Social Security Act and (ii) State agencies under their agreements entered into pursuant to section 1864 of such Act (including comparative evaluations of the performance of such intermediaries, carriers, and State agencies). The latest Contract Performance Review Report pertaining to a particular intermediary or carrier, prepared prior to February 1, 1973, may also be disclosed to any person upon request in writing. Such reports and evaluations shall be disclosed within 30 days following the final preparation thereof by the Administration (or 30 days following the request therefor, in the case of the contract performance review report prepared prior to February 1, 1973), during which time such intermediaries, carriers, and State agencies, as the case may be, shall be afforded a reasonable opportunity to offer comments, and there shall be disclosed with such reports and evaluations any pertinent written statements furnished the Social Security Administration by such intermediaries, carriers, or State agencies on such reports and evaluations.

(4) The name of any provider of services, physician, or other person furnishing services to beneficiaries under title XVIII of the Act who—

(i) Has been found by a Federal court to have been guilty of submitting false claims in connection with title XVIII; or

(ii) Has been found by a carrier or intermediary, after consultation with a professional medical association functioning external to program administration or, if appropriate, the State medical authority, to have been engaged in a pattern of furnishing services to such beneficiaries which are substantially in excess of their medical needs; except that the name of any such provider of services, physician, or other person shall not be disclosed pursuant to a finding under this subdivision (ii), unless such provider, physician, or other person, as the case may be, has first been afforded a reasonable opportunity to offer evidence on his behalf.

2. Section 422.428 is amended by revising the sixth sentence as set forth below. As amended, § 422.428 reads as follows:

§ 422.428 Where requests for information or records may be made.

Requests for information, for copies of records, or to inspect or copy records may be made at any of the Social Security Administration district offices or branch offices. Similar requests relating to information or records available in the Bureau of Hearings and Appeals may be made at any of its field offices. For materials which are available or will be made available at district offices and branch offices, see § 422.430. Although all of the materials listed in § 422.430 are not maintained in all district offices and branch offices, any item listed will be obtained by an office and made available to the requester. For materials in the Bureau of Hearings and Appeals field offices, see § 422.432. The materials available at district offices and branch offices are also available at the Social Security Administration headquarters, 6401 Security Boulevard, Baltimore, MD 21235, and at the Washington Inquiries Section of the Office of Public Affairs, Social Security Administration, Department of Health, Education, and Welfare, North Building, Room 4146, 330 Independence Avenue SW., Washington, DC 20201, except as provided in § 422.430(b) (19). The materials available at the Bureau of Hearings and Appeals field offices are also available at the latter office. In addition, a request for information or a record may be submitted through any office of the Social Security

Administration or to any employee of the Social Security Administration in the regular course of his conduct of official business.

3. Paragraph (b) of § 422.430 is amended by redesignating subparagraphs (19) and (20) as subparagraphs (20) and (21) and inserting a new subparagraph (19) to read as follows:

§ 422.430 Materials available at district offices and branch offices.

(b) *Materials available for inspection and copying.* The following materials are available or will be made available for inspection and copying at the district offices and branch offices, except as provided in subparagraph (19) of this paragraph:

(19) Statements of deficiencies based upon survey reports of health care institutions or facilities prepared after January 31, 1973, by a State agency, pursuant to its agreement entered into under section 1864 of the Social Security Act, and such reports (including pertinent written statements furnished by such institution or facility on such statements of deficiencies), as set forth in § 401.3(v) (1) of this chapter. Such statements of deficiencies, reports, and pertinent written statements shall be available or made available only at the district office and the regional office servicing the area in which the institution or facility is located, except that such statements of deficiencies and pertinent written statements shall also be available at the local public assistance offices servicing such area.

CHAPTER I—DEPARTMENT OF JUSTICE**

[Order No. 509-73]

PART 0—ORGANIZATION OF THE DEPARTMENT OF JUSTICE

Subpart 0—Administrative Division

AUTHORITY TO MAKE CERTAIN DETERMINATIONS UNDER FEDERAL INSURANCE CONTRIBUTIONS ACT

Section 3121(b) of the Federal Insurance Contributions Act (26 U.S.C. 3121 (b)) defines the term "employment," for purposes of taxes under that Act, to exclude service performed in the employ of the United States but not if the service is not covered by a retirement system established by a law of the United States. Section 3122 of the Act authorizes an agency head or his designee to determine whether an individual has performed service which constitutes "employment" and to determine the amount of remuneration for such service which constitutes "wages," as defined by the Act. This order delegates to the Assistant Attorney General for Administration the authority to make the determinations under section 3122.

By virtue of the authority vested in me by 28 U.S.C. 509, 510, 5 U.S.C. 301, and section 3122 of the Federal Contributions Insurance Act (26 U.S.C. 3122), § 0.76(a) of Subpart 0 of Part 0 of Chapter I of Title 28, Code of Federal Regulations, is amended by adding the following new subparagraph (14) immediately after subparagraph (13):

§ 0.76 Specific functions and delegations of authority.

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

PART 1914—AREAS ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

Section 1914.4 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence a new entry to the table. In this entry, a complete chronology of effective dates appears for each listed community. Each date appearing in the last column of the table is followed by a designation which indicates whether the date signifies the effective date of the authorization of the sale of flood insurance in the area under the emergency or the regular flood insurance program. The entry reads as follows:

Title 47—Telecommunication CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 19385; FCC 73-278]

LICENSING AND USE OF EMERGENCY LOCATOR TRANSMITTERS (ELT's)

Report and order. In the matter of amendments of Parts 1, 2, and 87 of the rules to provide for the licensing and use of emergency locator transmitters (ELT's), Docket No. 19385.

1. On January 7, 1972, we released a notice of proposed rule making in this docket. The notice was published in the FEDERAL REGISTER on January 13, 1972 (37 FR 537). The notice provided for the filing of comments and reply comments by specified times that have now passed.

2. For reasons described in detail in the notice, we proposed to amend Parts 1, 2, and 87 of our rules essentially and briefly as follows:

a. To provide for licensing, testing and operation of an emergency locator transmitter (ELT) and to specify frequencies that may be assigned for ELT purposes; and

b. To include certain technical specifications for ELT's in the rules.

3. Eleven comments were received in response to the notice of proposed rule making. No reply comments were received. Listed below are the commentors, and a summary of their comments.

a. Aircraft Owners and Pilots Association, Washington, D.C., an association with 162,000 members: Supports the proposed rule changes and asserts it "will enhance safety."

b. National Pilots Association, Washington, D.C.: "Fully agrees" with the proposed rule changes.

c. Dillingham Corporation-Marine Services, (Dillingham), Honolulu, Hawaii, operator of vessels, primarily tugs and barges: States, in the interests of safety at sea, it is in favor of the proposed changes but suggests, for numerous detailed reasons, the changes be extended to include maritime services.

d. Marine Technology Division of Dayton Aircraft, Inc. (Mar Tech), Fort Lauderdale, Fla.: Asserts, for detailed technical reasons, that the reduced power output specified when testing an ELT with an internal test circuit cannot be met and suggests that field strength measurement in the test position be eliminated from the proposed specifications. Mar Tech states, that it conducted tests with various models of ELT's "utilizing an RF test and generating 75 mw on both frequencies with the antenna removed and the final RF amplifier output fed directly into a test light, 1 meter from the transmitter * * * Under those conditions, Mar Tech reports that a radiated voltage was generated that ranged from 1,500 micro v/m on 121.5 MHz and 6,000 micro v/m on 243 MHz in the case of a small, personal, portable beacon, to 5,500 micro v/m on 121.5 MHz and 29,000 micro v/m on 243 MHz in the case of a large survival-type beacon. Mar Tech also asks for authority to operate ELT's with an A3 (voice) emission.

e. Robert S. Barnes, Ann Arbor, Mich., Civil Air Patrol Commander: Supports the proposed rule changes and states that failure to adopt the changes would have an adverse affect on search and rescue operations by removing certain aircraft from the limited types of aircraft that are available for such operations.

f. J. De Blick, Midland, Mich.: Recommends adoption of the proposed rule changes and believes a filing fee for an ELT "would be an unnecessary tax on safety."

g. Anthony M. Wojcicki, D.M.D., M. Sc. D., Nashua, N.H.: Is an aircraft owner and supports the rule change that would eliminate a license filing fee and the operator permit requirement in case of ELT operations.

h. The Aerospace and Flight Test Radio Coordination Council, (AFTRCC): Strongly supports the proposed rule changes except, for detailed reasons, believes the two frequencies proposed for use when testing ELT's will be inadequate

and recommends instead that all the remaining aeronautical "utility ground control" frequencies (121.7, 121.75, 121.8, 121.85, and 121.9 MHz) also be made available for ELT testing and training. AFTRCC points out that there are too many locations where both the 121.6 and 121.65 MHz frequencies will be in simultaneous use and more flexibility is needed in order to select one of the several utility station frequencies that is relatively little used; AFTRCC believes that some provision should be made for operational testing of an ELT on the frequency 121.5 MHz since there will be many instances when FAA coordination is not practicable.

i. Experimental Aircraft Association, Hales Corners, Wis.: Supports the proposed elimination of the license filing fee and operator permit requirements for use of an ELT.

j. Donald A. Warfle, Xenia, Ohio: Supports the proposed elimination of the license filing fee and operator permit requirements for use of an ELT.

k. California Department of Aeronautics (CDA): Supports the elimination of filing fee and operator permit requirements for ELT's and does not object to the use of 121.6 and 121.65 MHz for development tests and training, but asserts that the operation of ELT's on 243 MHz should be expressly authorized and authority to test ELT's not equipped with internal test circuits, on 121.5 MHz, for brief "confidence checks" should be provided, and objects to use of A3 (voice) emissions on ELT's because of resultant rapid power depletion.

In addition to the foregoing comments from the public, we have been requested by the Federal Aviation Administration (FAA) to include in any new rules adopted a provision that would permit brief operation for testing an ELT on the emergency frequency 121.5 MHz under controlled conditions. The FAA has also advised us that it concurs in the AFTRCC recommendation that all frequencies used by aeronautical utility stations be made available for assignment to ELT

testing stations without interference to voice communications on those frequencies, and under FAA coordination.

4. With respect to the Dillingham comment that provisions, comparable to those proposed in this proceeding for aviation, should be included in the Commission's rules for operation of locator devices in the maritime services, we agree and a study on that subject is now nearing completion. If a notice of proposed rule making is released that proposes the operation of locator devices in the maritime services, Dillingham's comments filed in this docket will be considered in that proceeding, without prejudice to its right to file additional comments as provided in any forthcoming notice of proposed rule making on the subject.

5. Concerning the Mar Tech assertion that the specified reduced power for testing an ELT with an internal test circuit cannot be met, we do not agree. We do not consider that the tests conducted by Mar Tech resolve this question because the tests were not conducted under the conditions specified in our proposed rule making; i.e., with the transmitter output switched to an internal test circuit (dummy load). We believe, however, that to specify a fixed limit on radiation level at this time may be unrealistic and undesirable in view of the various sizes and characteristics of ELT chassis and case configurations which ordinarily could be expected to technically influence the radiation emitted from an ELT. We are, therefore, amending the rule by omitting the proposed 15 microvolts per meter and providing in lieu thereof that radiation must be reduced to the minimum practicable level. If this test procedure for ELT's with internal test circuits proves to be inadequate and causes interference to other stations or creates false distress situations, we will consider further rule changes to cope with that matter. The Mar Tech request that provision for operation of an ELT with a 6A3 (voice) emission is not considered desirable and will not be adopted. It has long been our policy to not authorize the use of single channel transmitters in the aviation service. A single channel aircraft transmitter would most likely be equipped with the emergency frequency 121.5 MHz and we believe there would be a tendency for a pilot to use that frequency for routine operational voice communications, to the degradation of the frequency for emergency communications. It is our deliberate intention in this rulemaking proceeding not to depart substantively from this longstanding policy. As stated in our notice of proposed rule making, we proposed here, in the interests of safety and to aid in implementing new legislation requiring, in some aircraft, the locator beacons, to permit the licensing of a single channel transmitter designated an ELT, but only when it is operated with an A9 (and not a voice) emission. If a licensee desires to operate on the emergency frequency 121.5 MHz with an A3 (voice) emission, there is already adequate provisions in the rules to permit him to do so under the conditions speci-

fied in our rules. In such a case, however, an operator permit and an application filing fee are required.

6. We agree with the AFTRCC recommendation for the reasons furnished that all utility station frequencies be made available for assignment to test ELT's at the design and maintenance stages and we are expanding § 87.521(e) of the rules to include all these frequencies. No reply comments were received objecting to this recommendation and the FAA which primarily uses these frequencies in its aerodrome control activities, or is involved in the use of the frequencies by our licensees who operate aerodrome control stations, concurs in making all seven of the frequencies available for ELT test and training purposes; *Provided*, That coordination is established in each instance with the appropriate FAA Regional Frequency Management Office. Additionally, the matter has been reviewed by the Interdepartment Radio Advisory Committee which interposed no objections to this use of all the utility frequencies.

7. We also agree with the FAA, CDA, and AFTRCC, for the reasons they provide, that provision should be made for brief operational tests of ELT's on 121.5 MHz and we are modifying the rule to so provide.

8. In our definitions for ELT's in Parts 1 and 87 of the rules we will delete the word "ship" from that part of the definitions that describes an ELT as " * * * part of an aircraft, ship, or survival craft station * * * ". At the time we released the ELT NPRM, we had under study a similar rulemaking proceeding for Part 83 (Stations on Shipboard in the Maritime Services) and we contemplated that the same definition would be suitable in both services for a piece of equipment that is essentially identical, except that in the maritime community it is generally identified as an EPIRB (emergency position indicating radio beacon). We intended, if possible, to avoid the confusion that could result from having two names and definitions in our rules for essentially the identical piece of equipment. It appears, however, that the maritime community may desire a slightly different definition for a similar transmitter when it is operated in the maritime services. We will, therefore, in this proceeding, orient our definition of an ELT toward operation in the aviation services, with the possibility that we may yet, in the Part 83 proceeding, arrive at a single definition that is acceptable to both the aviation and maritime communities. Additionally, in this proceeding, we are amending § 87.183(1) to permit the use of an ELT on 243 MHz with the new A9 emission specified in the new rule § 87.67.

9. In view of the foregoing: *It is ordered*, That, pursuant to the authority contained in sections 4(i), 303(r), and 318 to the Communications Act of 1934 as amended, Parts 1, 2, and 87 of the Commission's rules, are amended, effective April 23, 1973, as set forth below.

10. *It is further ordered*, That, the proceeding in this docket is terminated.

(Secs. 4, 303, 318, 48 Stat., as amended, 1066, 1082, 1089; 47 U.S.C. 154, 303, 318)

Adopted: March 7, 1973.

Released: March 13, 1973.

FEDERAL COMMUNICATIONS COMMISSION,¹

[SEAL] BEN F. WAPLE,
Secretary.

PART 1—PRACTICE AND PROCEDURE

I. Part 1 of the rules is amended as follows:

Section 1.1115(c) of the rules is amended by adding a new subparagraph (9) as follows:

§ 1.1115 Schedule of fees for the safety and special radio services.

(c) * * *

(9) Applications for license for an aircraft station to operate with only an emergency locator transmitter.

PART 2—FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS: GENERAL RULES AND REGULATIONS

II. Part 2 of the rules is amended as follows:

1. In § 2.1 new definitions, Emergency locator transmitter and Emergency locator transmitter test station are added in alphabetical order as follows:

§ 2.1 Definitions.

Emergency locator transmitter. A transmitter intended to be manually or automatically activated and operated automatically as part of an aircraft or survival craft station with an A9 emission as a locating aid for survival purposes.

Emergency locator transmitter test station. A land station, operated with an A9 emission on the frequencies used for testing emergency locator transmitters, for testing equipment intended to be used as emergency locator transmitters, or for training in the use of emergency locator transmitters.

2. In § 2.106, columns 10 and 11 for the frequency bands 117.975-132 MHz are amended by adding the following:

§ 2.106 Table of frequency allocation.

Band (MHz)	Frequency (MHz)	Nature	[OF SERVICES of stations
1	10	11.	
117.975	121.6		•••
132	121.9		•••
	(NG 34)		Aeronautical utility land; aeronautical utility mobile; and emergency locator transmitter test.
			•••

PART 87—AVIATION SERVICES

III. Part 87 of the rules is amended as follows:

¹ Commissioner Reid absent.

1. In § 87.5 of the rules new definitions, Emergency locator transmitter and Emergency locator transmitter test station are added, in alphabetical order, to read as follows:

§ 87.5 Definition of terms.

Emergency locator transmitter. A transmitter intended to be actuated manually or automatically and operated automatically as part of an aircraft or a survival craft station, with an A9 emission, as a locating aid for survival purposes.

Emergency locator transmitter test station. A land station, operated with an A9 emission on the frequencies used for testing emergency locator transmitters, for testing equipment intended to be used as emergency locator transmitters, or for training in the use of emergency locator transmitters.

2. A footnote 6 indicator is added to the emission 13A9 in the emission designator column in § 87.67(b)(1) of the rules, and a new 3.2A9 emission with footnote 7, and a new footnote 7, is added as follows:

§ 87.67 Types of emission.

Class of emission	Emission designator	Authorized bandwidth		
		Below 50 MHz	Above 50 MHz	Frequency deviation
		kilohertz	kilohertz	kilohertz
...
A3J ¹	3A3J ¹	4.0		
A9	13A9 ⁶		1.25	
A9	3.2A9 ⁷		1.25	
F1	1.7F1	1.7		
...

¹ Applicable only to emergency locator transmitters, and emergency locator transmitter test stations, employing modulation in accordance with that specified in § 87.73(h) of the rules. The specified bandwidth and modulation requirements shall apply to emergency locator transmitters for which type acceptance is granted after April 23, 1973; to all such transmitters first installed after October 21, 1973; and to all such transmitters after December 30, 1976.

3. A new paragraph (h) is added in § 87.73 of the rules as follows:

§ 87.73 Modulation requirements.

(h) Emergency locator transmitters, and emergency locator transmitter test stations shall employ amplitude modulation of the carrier with an audio frequency sweeping downward over a range of not less than 700 Hz, within the range 1600 to 300 Hz, with a sweep rate between two and four times per second. The modulation applied to the carrier shall be in accordance with that specified in the Radio Technical Commission for Aeronautics (RTCA) Documents Nos. DQ-145 or DO-146 (available from Radio Technical Commission for Aeronautics, Room 655, 1717 H Street, NW., Washington, DC 20006).

4. Section 87.93 is amended to read as follows:

§ 87.93 Routine tests.

(a) The licensees of all classes of stations in the aviation services are author-

ized to make such routine tests, other than emergency locator transmitter tests, as may be required for the proper maintenance of the stations provided that adequate precautions are taken to insure that there is no interference with the communications of any other station.

(b) An emergency locator transmitter (ELT) may be tested only under the conditions set forth below.

(1) An ELT fitted with an internal test circuit having a manually activated test switch and an output indicator may be tested provided that the switch, in the test position:

(i) Permits the operator to determine that the unit is operative;

(ii) Switches the transmitter output to a test circuit (dummy load), the impedance of which is equivalent to that of the antenna affixed to the ELT; and

(iii) Reduces radiation to the minimum level that is technically feasible.

(2) An ELT not fitted with an internal test circuit may be tested in coordination with, or under the control of, a Federal Aviation Administration representative to insure that testing is conducted under electronic shielding, or other conditions, sufficient to insure that no transmission of radiated energy occurs that could be received by a radio station and result in a false distress signal. If testing with FAA involvement as described above is not practicable or feasible, brief operational tests are authorized provided the tests are conducted within the first 5 minutes of any hour, are not longer than three audio sweeps, and, if the antenna is removable, a dummy load is substituted during the test.

5. Section 87.139(a)(2) of the rules is amended as follows:

§ 87.139 Operator licenses not required for certain operations.

(a) ...

(2) Operation of an aircraft station using only an emergency locator transmitter, or a survival craft station while it is being used solely for survival purposes, or for testing of such stations.

6. In § 87.183, the introduction text in paragraph (f), and paragraph (1) are amended to read as follows:

§ 87.183 Frequencies available.

(f) 121.5 Megahertz: This is a universal simplex clear channel frequency for use by aircraft in distress or condition of emergency. Except for transmissions of signals by an aircraft station operated with only an emergency locator transmitter using an A9 emission, it will not be assigned to aircraft unless other frequencies are assigned and available for normal communications. The channel is available, as follows:

(1) 243 MHz: This is an emergency and distress frequency available for use by survival craft stations, emergency locator transmitters and equipment used for survival purposes which are also

equipped to transmit on the frequency 121.5 MHz. Use of 243 MHz shall be limited to transmission of signals and communications for survival purposes. Types A2, A3, or A9 emissions may be employed, except in the case of emergency locator transmitters where only A9 is permitted.

7. The title of Subpart P of Part 87 of the rules is changed to read as follows:

Subpart P—Land Test Stations

8. In § 87.521 a new paragraph (e) is added as follows:

§ 87.521 Frequencies available.

(e) The frequencies 121.6, 121.65, 121.7, 121.75, 121.8, 121.85, and 121.9 MHz may be assigned to emergency locator transmitter test stations on the condition that (1) no harmful interference is caused to voice communications on these frequencies, and (2) coordination is established with the appropriate FAA Regional Frequency Management Office prior to activating the transmitter. Authority to operate on these frequencies does not include authority to operate on any harmonically related frequency; i.e. 243.2 MHz, etc.

9. In § 87.523 the existing paragraph is designated paragraph (a) and a new paragraph (b) is added as follows:

§ 87.523 Scope of service.

(a) Transmissions by radionavigation land test stations shall be limited to the necessities of the testing and calibration of aircraft navigational aids and associated equipment when such testing must be performed by means of radio transmissions.

(b) Transmissions by emergency locator transmitter test stations shall be limited to the necessities of testing emergency locator transmitters and to training operations in connection with the use of such transmitters.

10. In § 87.525 the existing paragraph is designated paragraph (a) and a new paragraph (b) is added as follows:

§ 87.525 Eligibility.

(a) Authorizations for radionavigation land test stations (MTF) will be granted only to applicants engaged in the development, manufacture or maintenance of aircraft radionavigation equipment. Authorizations for radionavigation land test stations (OTF) will be granted only to an applicant who agrees to establish the facility at an airport for the use of the public.

(b) Authorizations for emergency locator transmitter test stations will be granted only to persons having a need for training personnel in the operation and location of emergency locator transmitters, or for testing in connection with the manufacture or design of emergency locator transmitters.

Title 49—Transportation
 CHAPTER X—INTERSTATE COMMERCE
 COMMISSION

SUBCHAPTER A—GENERAL RULES AND
 REGULATIONS

PART 1000—THE COMMISSION

Identification Credentials for Commission
 Officials and Investigatory Personnel

MARCH 13, 1973.

To advise that new identification credentials are being issued to all Interstate Commerce Commission officials and personnel charged with investigatory responsibilities. Section 100.5 of 49 CFR is amended as follows:

§ 1000.5 Credentials required by special agents, accountants, and examiners.

(a) Carrier records and property subject to inspection and examination.

(1) Persons appointed as special agents, accountants, and examiners of the Commission are authorized to enter upon, to inspect and examine any and all lands, buildings, and equipment of carriers and other persons subject to the Interstate Commerce Act and related Acts, and to inspect and copy any and all accounts, books, records, memoranda, correspondence, and other documents of carriers, and other persons subject to the Act.

(2) Inspection or copying authority with respect to persons who furnish railroad cars or protective service against heat or cold to or on behalf of a carrier or an express company, shall be limited to accounts, books, records, memoranda, correspondence, and other documents which pertain or relate to cars or protective service.

(3) Carriers and other persons subject to the Act shall submit their accounts, books, records, memoranda, correspondence, and other documents for inspection and copying, and such carriers and other persons shall submit their lands, buildings, and equipment for examination and inspection, to any spe-

cial agent, accountant, or examiner of the Commission upon demand and the display of a Commission credential identifying him as a special agent, accountant, or examiner.

(b) Definition of "other persons subject to the Act." The term "other persons subject to the Act," as used in this section, includes:

(1) Brokers subject to Part II of the Interstate Commerce Act, freight forwarders subject to Part IV of the Act, lessors of carrier operating rights, receivers, trustees, administrators, executors, and other persons having custody, possession, or control of carrier operations or the business of other persons subject to the Act;

(2) Persons who furnish railroad cars or protective service against heat or cold to or on behalf of railroads or express companies (but only with respect to records pertaining to the cars or protective services to be furnished);

(3) Associations of carriers or brokers subject to the Act which perform any service or engage in any activities in connection with any traffic, transportation, or facilities subject to the Act;

(4) And, to the extent specified in orders of the Commission issued under section 5 of the Act, persons controlling two or more carriers.

(c) Definition of special agents, accountants, and examiners. The duties of the following described employees or positions, and such other employees of the Commission as the Chairman shall specify in writing, include those of special agent, accountant or examiner, and they are hereby authorized to inspect and copy records and to inspect and examine lands, buildings, and equipment in the same manner and to the same extent as special agents, accountants, and examiners:

Chairman.
 Vice Chairman.
 Commissioners.

Heads; Associate, Assistant and Deputy Heads; Assistants to Heads; Chiefs and Assistant Chiefs of Sections; and Branch Chiefs of all Headquarters Bureaus and Offices.

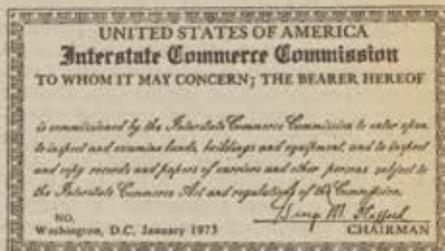

Public Information Officer and Assistant. Chairmen of Employee Boards. Chief of Rail Investigations (Operations). Transportation Assistant (Operations). Regional Managers.

Regional Auditors (Accounts). Regional Counsels (Enforcement). Assistant Regional Counsels (Enforcement). Regional Directors (Operations). Assistant Regional Directors (Operations). Trial Attorneys—Field (Enforcement). Auditors, Accountants and Financial Analysts (Accounts).

Transportation Specialists (Operations). Transportation Consumer Specialists (Operations). Transportation Rate and Tariff Specialists (Operations).

Railroad Service Agents (Operations). District Supervisors (Operations). Investigators (Operations).

(d) Facsimile of the Commission's credentials:

(Sec. 6, 36 Stat. 915, as amended, secs. 12, 20, 24 Stat. 383, as amended, 386, as amended, sec. 25, 41 Stat. 498, as amended, sec. 220, 49 Stat. 563 as amended, sec. 313, 54 Stat. 944, as amended, sec. 412, 56 Stat. 294, as amended; 45 U.S.C. 29, 49 U.S.C. 12, 20, 26, 320, 913, 1012) (32 FR 20004, Dec. 20, 1967, as amended at 35 FR 16802, Oct. 30, 1970)

Proposed Rule Making

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR Part 31]

ELECTIVE SOCIAL SECURITY COVERAGE FOR VOW-OF-POVERTY MEMBERS OF RELIGIOUS ORDERS

Notice of Proposed Rule Making

Notice is hereby given that the regulations set forth in tentative form set forth below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury or his delegate. Prior to the final adoption of such regulations, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing (preferably six copies) to the Commissioner of Internal Revenue, Attention: CC: LR:T, Washington, D.C. 20224, by April 8, 1973. Any written comments or suggestions not specifically designated as confidential in accordance with 26 CFR 601.601(b) may be inspected by any person upon written request. Any person submitting comments or suggestions who desires an opportunity to comment orally at a public hearing on these proposed regulations should submit his request, in writing, to the Commissioner by April 8, 1973. In such case, a public hearing will be held, and notice of the time, place, and date will be published in a subsequent issue of the FEDERAL REGISTER unless the person or persons who have requested a hearing withdraw their requests for a hearing before notice of the hearing has been filed with the Office of the Federal Register. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

This document contains proposed amendments to the Employment Tax Regulations (26 CFR Part 31) in order to conform such regulations to the provisions of section 123 of the Social Security Amendments of 1972 (86 Stat. 1354), relating to elective social security coverage for vow-of-poverty members of religious orders.

Under prior law, the services performed by a member of a religious order who is subject to a vow of poverty which were in the exercise of the duties required by the order were excluded from coverage under social security. Under section 123 such service will be covered under social security if the order (or an autonomous subdivision of the order)

irrevocably elects coverage for its members subject to a vow of poverty, and if the order also makes an irrevocable election (or makes irrevocable a previous election) to cover its lay employees. The election may be made retroactive for up to 20 calendar quarters preceding the quarter in which the certificate of election is filed.

The "wages" of these members of religious orders for social security purposes include the fair market value of any board, lodging, clothing, and other perquisites furnished to the member, except that the amount included as such individual's remuneration shall not be less than \$100 a month. The proposed regulations provide that where the fair market value of any board, lodging, clothing, and other perquisites furnished to all members of an electing religious order or subdivision (or to all in a group of members) does not vary significantly, such order or subdivision may treat all of its members (or all in such group of members) as having a uniform wage. Examples are provided illustrating principles to be applied in determining the amount of "wages."

A member of a religious order (i.e., an individual whose "wages" are subject to tax) is defined as any individual who is subject to a vow of poverty as a member of such order, who performs tasks usually required (and to the extent usually required) of an active member of such order, and who is not considered retired because of old age or total disability. The proposed regulations provide that, in determining whether it is reasonable to consider an individual to be retired because of old age, consideration is first to be given the nature of the services rendered by the individual to his religious order, the amount of time the individual devotes to the performance of services for his religious order, and the nature and extent of the services rendered by the individual before he "retired," as compared with the services performed thereafter. Where consideration of these factors does not establish whether an individual is or is not reasonably considered retired, all other factors are considered. Examples are given which provide guidelines for the factual determinations which must be made under this test.

Under the proposed rules, an electing religious order or subdivision which determines that a member has retired must submit with its employment tax return a summary of the facts upon which the determination has been made.

The proposed regulations also provide that a religious order or an autonomous

subdivision of such an order desiring to make an election of coverage shall file a certificate of election on new Form SS-16, Certificate of Election of Coverage. However, in the case of an election made before the 30th day after these regulations are published as a Treasury decision, a document other than Form SS-16 may, under certain circumstances, constitute a certificate of election.

PROPOSED AMENDMENTS TO THE REGULATIONS

In order to conform the Employment Tax Regulations (26 CFR Part 31) under section 3121 of the Internal Revenue Code of 1954 to the provisions of section 123 of the Social Security Amendments of 1972 (86 Stat. 1354), such regulations are amended as follows:

PARAGRAPH 1. Paragraph (a)(5) of § 31.0-2 is amended by adding subdivision (viii) at the end thereof to read as follows:

§ 31.0-2 General definitions and use of terms.

(a) *In general.* As used in the regulations in this part, unless otherwise expressly indicated—

(5) * * * * *
(viii) The Social Security Amendments of 1972 means the act approved October 30, 1972 (86 Stat. 1329).

PAR. 2. Section 31.3121(b)(8) is amended by revising § 31.3121(b)(8)(A) and the historical note to read as follows:

§ 31.3121(b)(8) Statutory provisions; definitions; employment; services performed by a minister of a church or a member of a religious order; services in employ of religious, charitable, educational, or certain other organizations exempt from income tax.

SEC. 3121. Definitions. * * *
(b) *Employment.* For purposes of this chapter, the term "employment" means * * * any service, of whatever nature, performed after 1954 * * *; except that * * * such term shall not include—

(8) (A) Service performed by a duly ordained, commissioned, or licensed minister of a church in the exercise of his ministry or by a member of a religious order in the exercise of duties required by such order, except that this subparagraph shall not apply to service performed by a member of such an order in the exercise of such duties, if an election of coverage under subsection (r) is in effect with respect to such order, or with respect to the autonomous subdivision thereof to which such member belongs;

[Paragraph (9), sec. 3121(b) redesignated paragraph (8) by sec. 205(b), Social Security Amendments 1954; as amended by sec. 405 (b), Social Security Amendments 1958; sec. 123(a)(2), Social Security Amendments 1972]

PAR. 3. Section 31.3121(b)(8)-1 is amended by revising paragraph (a) thereof to read as follows:

§ 31.3121(b)(8)-1 **Services performed by a minister of a church or a member of a religious order.**

(a) *In general.* Services performed by a duly ordained, commissioned, or licensed minister of a church in the exercise of his ministry, or by a member of a religious order in the exercise of his duties required by such order, are excluded from employment, except that services performed by a member of such an order in the exercise of such duties are included in employment if an election of coverage under section 3121(r) and § 31.3121(r)-1 is in effect with respect to such order or with respect to the autonomous subdivision thereof to which such member belongs. For provisions relating to the election available to certain ministers and members of religious orders with respect to the extension of the Federal old-age, survivors, and disability insurance system established by title II of the Social Security Act to certain services performed by them, see Part 1 of this chapter (Income Tax Regulations).

PAR. 4. Section 31.3121(b)(8)-2 is amended by revising paragraph (a) thereof to read as follows:

§ 31.3121(b)(8)-2 **Services in employ of religious, charitable, educational, or certain other organizations exempt from income tax.**

(a) Services performed by an employee in the employ of a religious, charitable, educational, or other organization described in section 501(c)(3) which is exempt from income tax under section 501(a) are excepted from employment. However, this exception does not apply to services with respect to which a certificate, filed pursuant to section 3121(k) or (r), or section 1426(l) of the Internal Revenue Code of 1939, is in effect. For provisions relating to the services with respect to which such a certificate is in effect, see §§ 31.3121(k)-1 and 31.3121(r)-1.

PAR. 5. Section 31.3121(i) is amended by adding a new paragraph (4) to the end thereof and by revising the historical note. These added and revised provisions read as follows:

§ 31.3121(i) **Statutory provisions; definitions; computation of wages in certain cases.**

Sec. 3121. *Definitions.* . . .

(1) *Computation of wages in certain cases.* . . .

(4) *Service performed by certain members of religious orders.* For purposes of this chapter, in any case where an individual is

a member of a religious order (as defined in subsection (r)(2)) performing service in the exercise of duties required by such order, and an election of coverage under subsection (r) is in effect with respect to such order or with respect to the autonomous subdivision thereof to which such member belongs, the term "wages" shall, subject to the provisions of subsection (a)(1), include as such individual's remuneration for such service the fair market value of any board, lodging, clothing, and other perquisites furnished to such member by such order or subdivision thereof or by any other person or organization pursuant to an agreement with such order or subdivision, except that the amount included as such individual's remuneration under this paragraph shall not be less than \$100 a month.

[Sec. 3121(i) as amended by sec. 410, Servicemen's and Veterans' Survivor Benefits Act (70 Stat. 878); sec. 202(a)(1), Peace Corps Act (75 Stat. 626); sec. 123(c)(2), Social Security Amendments 1972]

PAR. 6. There is inserted immediately after § 31.3121(i)-3 a new § 31.3121(i)-4 to read as follows:

§ 31.3121(i)-4 **Computation of remuneration for service performed by certain members of religious orders.**

In any case where an individual is a member of a religious order (as defined in section 3121(r)(2) and paragraph (b) of § 31.3121(r)(1) performing service in the exercise of duties required by such order, and an election of coverage under section 3121(r) and § 31.3121(r)-1 is in effect with respect to such order or its autonomous subdivision to which such member belongs, the term "wages" shall, subject to the provisions of section 3121(a)(1) (relating to definition of wages), include as such individual's remuneration for such service the fair market value of any board, lodging, clothing, and other perquisites (including any cash) furnished to such member by such order or subdivision or by any other person or organization pursuant to an agreement (whether written or oral) with such order or subdivision. For this purpose, perquisites shall be considered to be furnished over the period during which the member receives the benefit of them. In no case shall the amount included as such individual's remuneration under this paragraph be less than \$100 a month. All relevant facts and elements of value shall be considered in every case. Where the fair market value of any board, lodging, clothing, and other perquisites furnished to all members of an electing religious order or autonomous subdivision (or to all in a group of members) does not vary significantly, such order or subdivision may treat all of its members (or all in such group of members) as having a uniform wage. The provisions of this section may be illustrated by the following examples:

Example (1). M is a religious order which requires its members to take a vow of poverty and which has made an election under section 3121(r). Under section 3121(i)(4), M must include in the wages of its members the fair market value of the clothing it provides for its members. M and several other religious orders using essentially the same type of religious habit purchase clothing for their members from either of two suppliers

in arms-length transactions. The fair market value of such clothing (i.e., the price at which such items would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell) is determined by reference to the actual sales price of these suppliers to the religious orders.

Example (2). N is a religious order which requires its members to take a vow of poverty and which has made an election under section 3121(r). N operates a seminary adjacent to a university. Students at the university obtain lodging and board on campus from the university for its fair market value of \$2,000 for the school year. Such lodging and board is essentially the same as that provided by N at its seminary to N's members subject to a vow of poverty. Accordingly, the amount to be included in the "wages" of such members with respect to lodging and board for the same period of time is \$2,000.

Example (3). O is a religious order which requires its members to take a vow of poverty and to observe silence, and which has made an election under section 3121(r). O operates a monastery in a remote rural area. Under section 3121(i)(4), O must include in the wages of its members assigned to this monastery the fair market value of the board and lodging furnished to them. In making a determination of the fair market value of such board and lodging, the remoteness of the monastery, as well as the smallness of the rooms and the simplicity of their furnishings, affect this determination. However, the facts that the facility is used by a religious order as a monastery and that the order's members maintain silence do not affect the fair market value of such items.

Example (4). P is a religious order which is a corporation organized under the laws of Wisconsin, which requires its members to take a vow of poverty, and which has made an election under section 3121(r). P has convents in rural South America and in suburbs and central city areas of the United States. Characteristically, in the United States its suburban convents provide somewhat larger and newer rooms for its members than do its convents in city areas. Moreover, its suburban convents have more extensive grounds and somewhat more elaborate facilities than do its older convents in city areas. However, both types of convents limit resident members to a single, plainly furnished room and provide them meals which are comparable. P's members in South America live in extremely primitive dwellings and otherwise have extremely modest perquisites. Under section 3121(i)(4), P may report a uniform wage for its members who live in suburban convents and city convents in the United States, as the board, lodging, and perquisites furnished these members do not vary significantly from one convent to the other. P may report another uniform wage (but not less than \$100 per month apiece) for its members who are citizens of the United States and who reside in South America based on the fair market value of the perquisites furnished these individuals, as the fair market value of the perquisites furnished these individuals, varies significantly from that of those furnished its members who live in its domestic convents but does not vary significantly among members in South America whose wages are subject to tax.

Example (5). Q is a religious order which requires its members to take a vow of poverty and which has made an election under section 3121(r). Several of Q's members are attending a university on a full-time basis. Q pays the university \$1,000 at the beginning of each semester for the board and lodging of each of such members. In addition, Q gives each such member a \$400 cash advance to cover his miscellaneous expenses during the

semester. Under section 3121(i)(4), Q must prorate the fair market value of such member's board and lodging, as well as the miscellaneous items, over the semester and include such value "as wages."

PAR. 7. Immediately after § 31.3121(q)-1 there are inserted the following new sections:

§ 31.3121(r) Statutory provisions; definitions; election of coverage by religious orders.

SEC. 3121. Definitions. * * *

(r) Election of coverage by religious orders—(1) Certificate of election by order. A religious order whose members are required to take a vow of poverty, or any autonomous subdivision of such order, may file a certificate (in such form and manner, and with such official, as may be prescribed by regulations under this chapter) electing to have the insurance system established by title II of the Social Security Act extended to services performed by its members in the exercise of duties required by such order or such subdivision thereof. Such certificate of election shall provide that—

(A) Such election of coverage by such order or subdivision shall be irrevocable;

(B) Such election shall apply to all current and future members of such order, or in the case of a subdivision thereof to all current and future members of such order who belong to such subdivision;

(C) All services performed by a member of such an order or subdivision in the exercise of duties required by such order or subdivision shall be deemed to have been performed by such member as an employee of such order or subdivision; and

(D) The wages of each member, upon which such order or subdivision shall pay the taxes imposed by sections 3101 and 3111, will be determined as provided in subsection (i)(4).

(2) Definition of member. For purposes of this subsection, a member of a religious order means any individual who is subject to a vow of poverty as a member of such order and who performs tasks usually required (and to the extent usually required) of an active member of such order and who is not considered retired because of old age or total disability.

(3) Effective date for election. (A) A certificate of election of coverage shall be in effect, for purposes of subsection (b)(8)(A) and for purposes of section 210(a)(8)(A) of the Social Security Act, for the period beginning with whichever of the following may be designated by the order or subdivision thereof:

(i) The first day of the calendar quarter in which the certificate is filed,

(ii) The first day of the calendar quarter succeeding such quarter, or

(iii) The first day of any calendar quarter preceding the calendar quarter in which the certificate is filed, except that such date may not be earlier than the first day of the twentieth calendar quarter preceding the quarter in which such certificate is filed.

Whenever a date is designated under clause (iii), the election shall apply to services performed before the quarter in which the certificate is filed only if the member performing such services was a member at the time such services were performed and is living on the first day of the quarter in which such certificate is filed.

(B) If a certificate of election filed pursuant to this subsection is effective for one or more calendar quarters prior to the quarter in which such certificate is filed, then—

(i) For the purposes of computing interest and for purposes of section 6651 (relating to addition to tax for failure to file tax

return), the due date for the return and payment of the tax for such prior calendar quarters resulting from the filing of such certificate shall be the last day of the calendar month following the calendar quarter in which the certificate is filed; and

(ii) The statutory period for the assessment of such tax shall not expire before the expiration of 3 years from such due date.

(4) Coordination with coverage of lay employees. Notwithstanding the preceding provisions of this subsection, no certificate of election shall become effective with respect to an order or subdivision thereof, unless—

(A) If at the time the certificate of election is filed a certificate of waiver of exemption under subsection (k) is in effect with respect to such order or subdivision, such order or subdivision amends such certificate of waiver of exemption (in such form and manner as may be prescribed by regulations made under this chapter) to provide that it may not be revoked, or

(B) If at the time the certificate of election is filed a certificate of waiver of exemption under such subsection is not in effect with respect to such order or subdivision, such order or subdivision files such certificate of waiver of exemption under the provisions of such subsection except that such certificate of waiver of exemption cannot become effective at a later date than the certificate of election and such certificate of waiver of exemption must specify that such certificate of waiver of exemption may not be revoked. The certificate of waiver of exemption required under this subparagraph shall be filed notwithstanding the provisions of subsection (k)(3).

[Sec. 3121(r) as added by sec. 123(b), Social Security Amendments 1972]

§ 31.3121(r)-1 Election of coverage by religious orders.

(a) In general. A religious order whose members are required to take a vow of poverty, or any autonomous subdivision of such an order, may elect to have the Federal old-age, survivors, and disability insurance system established by title II of the Social Security Act extended to services performed by its members in the exercise of duties required by such order or subdivision. See section 3121(i)(4) and § 31.3121(i)-4 for provisions relating to the computation of the amount of remuneration of such members. For purposes of this section, a subdivision of a religious order is autonomous if it directs and governs its members, if its members have a vested right of franchise (e.g., the right to elect the superior in the subdivision who will govern them), and if it is responsible for its members' care and maintenance.

(b) Definition of member—(1) In general. For purposes of section 3121(r) and this section, a member of a religious order means any individual who is subject to a vow of poverty as a member of such order, who performs tasks usually required (and to the extent usually required) of an active member of such order, and who is not considered retired because of old age or total disability.

(2) Retirement because of old age—(i) In general. For purposes of section 3121(r)(2) and this paragraph, an individual is considered retired because of old age if (A) in view of all the services performed by the individual and the sur-

rounding circumstances it is reasonable to consider him to be retired, and (B) his retirement occurred by reason of old age. Even though an individual performs some services in the exercise of duties required by the religious order, the first test (the retirement test) is met where it is reasonable to consider the individual to be retired.

(ii) Factors to be considered. In determining whether it is reasonable to consider an individual to be retired, consideration is first to be given to all of the following factors:

(A) Nature of services. Consideration is given to the nature of the services performed by the individual in the exercise of duties required by his religious order. The more highly skilled and valuable such services are, the more likely the individual rendering such services is not reasonably considered retired. Also, whether such services are of a type performed principally by retired members of the individual's religious order may be significant.

(B) Amount of time. Consideration is also given to the amount of time the individual devotes to the performance of services in the exercise of duties required by his religious order. This time includes all the time spent by him in any activity in connection with services which might appropriately be performed in the exercise of duties required of active members by the order. Normally, an individual who, solely by reason of his advanced age, performs services of less than 45 hours per month shall be considered retired. In no event shall an individual who, solely by reason of his advanced age, performs services of less than 15 hours per month not be considered retired.

(C) Comparison of services rendered before and after retirement. In addition, consideration is given to the nature and extent of the services rendered by the individual before he "retired," as compared with the services performed thereafter. A large reduction in the importance or amount of services performed by the individual in the exercise of duties required by his religious order tends to show that the individual is retired; absence of such reduction tends to show that the individual is not retired. Normally, an individual who reduces by at least 75 percent the amount of services performed shall be considered retired.

Where consideration of the factors described in paragraph (b)(2)(ii) of this section does not establish whether an individual is or is not reasonably considered retired, all other factors are considered.

(iii) Examples. The rules of this subparagraph may be illustrated by the following examples:

Example (1) A is a member of a religious order who is subject to a vow of poverty. A's religious order is principally engaged in providing nursing services, and A has been fully trained in the nursing profession. In accordance with the practices of her order, upon attaining the age of 65, A is relieved of her nursing duties by reason of her age, and is assigned to a mother house where she is required to perform only such duties as light

housekeeping and ordinary gardening. A is reasonably considered retired since the services she is performing are simple in nature, are markedly less skilled than those professional services which she previously performed, are of a type performed principally by retired members of her order, and are performed at a location to which members frequently retire.

Example (2). Assume the same facts as in example (1) except that A is not reassigned to a mother house. Instead, she is reassigned to full-time duties in a hospital not utilizing her nursing skills. Whether A has met the retirement test requires consideration of the nature of her work. If A's new duties are almost entirely of a make-work nature primarily to occupy her body and mind, she is reasonably considered retired. However, if they are essential to the operation of the hospital, she is not reasonably considered retired.

Example (3). B is a member of a religious order who is subject to a vow of poverty. As such, he provides supportive services to his order, such as housekeeping, cooking, and gardening. By reason of having attained the age of 62, he reduces the number of hours spent per day in these services from 8 hours to 2 hours. B is reasonably considered retired in view of the large reduction in the amount of time he devotes to his duties.

Example (4). C is a member of a religious order who is subject to a vow of poverty. In his capacity as a member of the order, he performs duties as president of a university. Upon attaining the age of 65, C is relieved of his duties as president of the university and instead becomes a member of its faculty, teaching two courses whereas full-time members of the faculty normally teach four comparable courses. Although C's duties are no longer as demanding as those he previously performed, and although the amount of his time required for them is less than full time, he is nonetheless performing duties requiring a high degree of skill for a substantial amount of time. Accordingly, C is not reasonably considered retired.

Example (5). Assume the same facts as in example (4), except that C teaches only one course upon being relieved of his position as president by reason of age. C is reasonably considered retired.

Example (6). D is a member of a contemplative order who is subject to a vow of poverty. In accordance with the practices of his order, upon attaining the age of 70, D reduces by 50 percent the amount of time spent performing the normal duties of active members of his order. D is not reasonably considered retired.

Example (7). Assume the same facts as in example (6), except that because of his age D no longer participates in the more rigorous liturgical services of the order and that the amount of time which he spends in all duties which might appropriately be performed by active members of his order is reduced by 75 percent. D is reasonably considered retired in view of the large reduction in his participation in the usual devotional routine of his order.

(3) *Retirement because of total disability.* For purposes of section 3121(r) (2) and this paragraph, an individual is considered retired because of total disability (i) if he is unable, by reason of a medically determinable physical or mental impairment, to perform the tasks usually required of an active member of his order to the extent necessary to maintain his status as an active member, and (ii) if such impairment is reasonably expected to prevent his resumption of the performance of such tasks to

such extent. A physical or mental impairment is an impairment that results from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques. Statements of the individual, including his own description of his impairment (symptoms), are, alone, insufficient to establish the presence of a physical or mental impairment.

(4) *Evidentiary requirements with respect to retirement.* There shall be attached to the return of taxes paid pursuant to an election under section 3121(r) a summary of the facts upon which any determination has been made by the religious order or autonomous subdivision that one or more of its members retired during the period covered by such return. Such order or subdivision shall maintain records of the details relating to each such "retirement" sufficient to show whether or not such member or members has in fact retired.

(c) *Certificates of election.*—(1) *In general.* A religious order or an autonomous subdivision of such an order desiring to make an election of coverage pursuant to section 3121(r) and this section shall file a certificate of election on Form SS-16 in accordance with the instructions thereto. However, in the case of an election made before (30th day after the date of publication of this section in final regulations) a document other than Form SS-16 shall constitute a certificate of election if it purports to be a binding election of coverage and if it is filed with an appropriate official of the Internal Revenue Service. Such a document shall be given the effect it would have if it were a certificate of election containing the provisions required by subparagraph (2) of this paragraph. However, it should subsequently be supplemented by a Form SS-16.

(2) *Provisions of certificates.* Each certificate of election shall provide that—

(i) Such election of coverage by such order or subdivision shall be irrevocable,

(ii) Such election shall apply to all current and future members of such order, or in the case of a subdivision thereof to all current and future members of such order who belong to such subdivision,

(iii) All services performed by a member of such order or subdivision in the exercise of duties required by such order or subdivision shall be deemed to have been performed by such member as an employee of such order or subdivision, and

(iv) The wages of each member, upon which such order or subdivision shall pay the taxes imposed on employees and employers by sections 3101 and 3111, will be determined as provided in section 3121(i) (4).

(d) *Effective date of election.*—(1) *In general.* Except as provided in paragraph (e) of this section, a certificate of election of coverage filed by a religious order or its subdivision pursuant to section 3121(r) and this section shall be in effect, for purposes of section 3121(b) (8) (A) and for purposes of section 210

(a) (8) (A) of the Social Security Act, for the period beginning with whichever of the following may be designated by the electing religious order or subdivision:

(i) The first day of the calendar quarter in which the certificate is filed,

(ii) The first day of the calendar quarter immediately following the quarter in which the certificate is filed, or

(iii) The first day of any calendar quarter preceding the calendar quarter in which the certificate is filed, except that such date may not be earlier than the first day of the 20th calendar quarter preceding the quarter in which such certificate is filed.

(2) *Retroactive elections.* Whenever a date is designated as provided in paragraph (d) (1) (iii) of this section, the election shall apply to services performed before the quarter in which the certificate is filed only if the member performing such services was a member at the time such services were performed and is living on the first day of the quarter in which such certificate is filed. Thus, the election applies to an individual who is no longer a member of a religious order on the first day of such quarter if he performed services as a member at any time on or after the date so designated and is living on the first day of the quarter in which such certificate is filed. For purposes of computing interest and for purposes of section 6651 (relating to additions to tax for failure to file tax return or to pay tax), in any case in which such a date is designated the due date for the return and payment of the tax, for calendar quarters prior to the quarter in which the certificate is filed, resulting from the filing of such certificate shall be the last day of the calendar month following the calendar quarter in which the certificate is filed. The statutory period for the assessment of the tax for such prior calendar quarters shall not expire before the expiration of 3 years from such due date.

(e) *Coordination with coverage of lay employees.* If at the time the certificate of election of coverage is filed by a religious order or autonomous subdivision, a certificate of waiver of exemption under section 3121(k) (extending coverage to any lay employees) is not in effect, the certificate of election shall not become effective unless the order or subdivision files a Form SS-15, and a Form SS-15a to accompany the certificate on Form SS-15, as provided by section 3121(k) and §§ 31.3121(k)-1 through 31.3121(k)-3. The preceding sentence applies even though an order or subdivision has no lay employees at the time it files a certificate of election of coverage. The effective date of the certificate of waiver of exemption must be no later than the date on which the certificate of election becomes effective, and it must be specified on the certificate of waiver of exemption that such certificate is irrevocable. The certificate of waiver of exemption required under this paragraph shall be filed notwithstanding the provisions of section 3121(k) (3) (relating to no renewal of the waiver of exemption) which otherwise would prohibit the filing of a waiver of

exemption if an earlier waiver of exemption had previously been terminated. If at the time the certificate of election of coverage is filed a certificate of waiver of exemption is in effect with respect to the electing religious order or autonomous subdivision, the filing of the certificate of election shall constitute an amendment of the certificate of waiver of exemption making the latter certificate irrevocable.

HANDLING OF VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Expenses and Rate of Assessment and Carryover of Unexpended Funds

This proposal would fix the expenses that are reasonable and likely to be incurred by the Valencia Orange Administrative Committee, the local administrative agency established pursuant to Marketing Order No. 908, for the administration of the program during the 1972-73 fiscal period. The proposal would also fix the rate of assessment believed necessary to secure the income for the period. Under the proposal, unexpended assessment funds from the previous fiscal period would be placed into the reserve fund to be used for purposes specified in the order.

Consideration is being given to the following proposals submitted by the Valencia Orange Administrative Committee, established under the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), as the agency to administer the terms and provisions thereof: (1) That the expenses which are reasonable and likely to be incurred by the Valencia Orange Administrative Committee during the period from November 1, 1972, through October 31, 1973, will amount to \$249,700; (2) that there be fixed, at \$0.013 per carton of oranges, the rate of assessment payable by each handler in accordance with § 908.41 of the aforesaid marketing agreement and order; and (3) that unexpended funds in excess of expenses incurred during the fiscal year ended October 31, 1972, in the amount of \$10,000, be carried over as a reserve in accordance with § 908.42.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals should file same in quadruplicate with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than March 26, 1973. All written submissions made pursuant to this notice will be made available for public inspection at the

office of the hearing clerk during regular business hours (7 CFR 1.27(b)).

MILK IN THE WICHITA, KANS., MARKETING AREA

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreement and Order

Notice is hereby given of a public hearing to be held at the Canterbury Inn, 5801 West Kellogg, Wichita, KS, beginning at 9:30 a.m., on April 3, 1973, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the Wichita, Kans., marketing area.

The hearing is called pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900).

The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions which relate to the proposed amendments, herein-after set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

Evidence also will be taken to determine whether emergency marketing conditions exist that would warrant omission of a recommended decision under the rules of practice and procedure (7 CFR Part 900.12(d)) with respect to proposals Nos. 3, 4, and 5.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

PROPOSED BY ASSOCIATED MILK PRODUCERS, Inc.

Proposal No. 1. Amend § 1073.12 to read as follows:

§ 1073.12 Pool plant.

"Pool plant" means any plant (other than a plant operated by a producer-handler or one exempt pursuant to § 1073.61) described in paragraph (a), (b), or (c) of this section;

(a) A distributing plant from which during the month:

(1) Fluid milk products (except filled milk) are disposed of on routes in an amount not less than 50 percent of the total quantity of fluid milk products (except filled milk) received at the plant or diverted to a nonpool plant by the plant operator under the limitations of § 1073.14; and

(2) Fluid milk products (except filled milk) are disposed of on routes in the marketing area in an amount not less than 15 percent of the total route disposition of the plant.

(b) A supply plant from which fluid milk products (except filled milk) are transferred during the month to a plant(s) described in paragraph (a) of this section in an amount not less than 50 percent of milk received at the supply plant from dairy farmers who would be eligible as producers under § 1073.7 if such plant qualifies pursuant to this paragraph and milk of such dairy farmers diverted from such plant by the plant operator. Any plant that qualifies under this paragraph during each of the months of September through December shall continue so qualified in each of the following months of January through August until any month of such period in which less than 20 percent of plant receipts and diverted milk specified previously herein is transferred to plants described in paragraph (a) of this section. A plant not meeting such 20-percent requirement in any month of such January-August period shall be qualified under this paragraph in any remaining month of the year only if transfers of fluid milk products (except filled milk) from the plant during the months to plant(s) described in paragraph (a) of this section are at least 50 percent of the plant receipts and diverted milk specified previously herein.

(c) A plant(s) operated by cooperative association and located within the marketing area at which milk is received from dairy farmers producing milk approved by duly constituted health authority for fluid consumption if the total of fluid milk products described in paragraph (c) (1) and (2) of this section received at plants described pursuant to paragraph (a) of this section is not less than 50 percent of total milk of member producers during the month;

(1) Fluid milk products (except filled milk) transferred from such cooperative association plant(s); and

(2) Milk of member producers received from such producers.

§ 1073.7 [Amended]

Proposal No. 2. Amend § 1073.7 by adding a new paragraph (c) to read as follows:

(c) This definition shall not include:

(1) Any person with respect to milk produced by him that is diverted to a pool plant from an other order plant if the other order designates such person as a producer under that order and the handler under the other order diverting such milk and the operator of the pool plant each request Class II classification of such milk in their reports of receipts and utilization filed with the market administrator; or

(2) Any person with respect to milk produced by him that is diverted to an other order plant if such person is designated as a producer under the other order with respect to such milk.

Proposal No. 3. Amend §1073.14 to read as follows:

§ 1073.14 Producer milk.

"Producer milk" means skim milk and butterfat in milk from producers that is:

- (a) Received by the operator of a pool plant at such pool plant from producers;
- (b) Diverted by the operator of a pool plant to a nonpool plant subject to the conditions of paragraph (e) of this section;
- (c) Received from producers by a cooperative association handler pursuant to § 1073.8(d); or
- (d) Diverted by cooperative association for its account from the pool plant of another handler to a nonpool plant subject to the conditions of paragraph (e) of this section.

(e) Milk diverted from a pool plant to a nonpool plant shall be subject to the following conditions:

(1) A cooperative association may divert from pool plants to nonpool plants for its account, subject to conditions of paragraph (e) (3) of this section, a total quantity of milk not in excess of the total milk of its member-producers received at all pool plants during the month. Diversions in excess of such quantity shall not be eligible under this section and the diverting cooperative shall specify the dairy farmers whose diverted milk is not so eligible. If the cooperative association fails to designate such persons, status under this section shall be forfeited with respect to all milk diverted by such cooperative association;

(2) The operator of a pool plant other than a cooperative association may divert from his pool plant to a nonpool plant for his account, subject to the conditions of paragraph (e) (3) of this section, milk of producers not members of a cooperative association received at such pool plant(s) during the month. Milk diverted in excess of such quantity shall not be eligible under this section and the diverting handler shall specify the dairy farmers whose diverted milk is not so eligible. If a handler fails to designate such persons, status under this section shall be forfeited with respect to all milk diverted by such handler;

(3) Milk of a producer shall not be eligible for diversion from a pool plant under this section if during the month less than 15 percent of the total milk of such person as a producer is received at a pool plant;

(4) Milk qualified as producer milk that is diverted by a handler to a nonpool plant pursuant to this section shall be accounted for as received by the diverting handler at the location of the nonpool plant.

§ 1073.53 [Amended]

Proposal No. 4. Amend § 1073.53 by deleting the word "pool" preceding the word "plant."

§ 1073.82 [Amended]

Proposal No. 5. Amend § 1073.82 by deleting the word "pool" preceding the word "plant."

PROPOSED BY THE DAIRY DIVISION, AGRICULTURAL MARKETING SERVICE

Proposal No. 6. In § 1073.8, paragraphs (c) and (d) are revised as follows:

§ 1073.8 Handler.

(c) Any cooperative association with respect to milk of producers which is diverted from a pool plant to a nonpool plant for the account of such association;

(d) A cooperative association with respect to milk of producers which is received from the farm for delivery to the pool plant of another handler in a tank truck owned and operated by, or under contract to, such cooperative association. Such milk shall be considered as having been received by the cooperative association at the location of the plant to which it was delivered; and

Proposal No. 7. In § 1073.71, paragraph (a) is revised as follows:

§ 1073.71 Computation of uniform prices.

(a) Combine into one total the values computed pursuant to § 1073.70 for all handlers who filed the reports prescribed by § 1073.30 for the month and who made the payments pursuant to § 1073.84 for the preceding month;

Proposal No. 8. Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, Post Office Box 1961, Main Office, Wichita, KS 67201, or from the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250, or may be there inspected.

Signed at Washington, D.C., on March 14, 1973.

**Rural Electrification Administration
[7 CFR Part 1701]**

**CONSOLIDATED FARM AND RURAL
DEVELOPMENT ACT**

Proposed Loan Policy and Procedure

Notice is hereby given that, pursuant to the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.), REA proposes to issue a supplement to REA Bulletin 20-14.

The Rural Electrification Administration (REA) has previously given notice of changes in its programs, including use of the Rural Development Act (RD Act) as a financing source (38 FR 3988-

3989). It is, accordingly, necessary to determine the manner of applying to the revised electrification program the requirements for supplemental financing from non-REA sources heretofore established by Bulletin 20-14, "Supplemental Financing for Loans Considered Under Section Four of the Rural Electrification Act," and various "file with" amendments thereto. Among other things, this may involve the accommodation of the overall objective of the RD Act to promote rural community development, with the requirement of section 333(a) of the Act that the applicant be unable to "obtain sufficient credit elsewhere to finance his actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in the community in or near which the applicant resides for loans for similar purposes and periods of time."

In such an accommodation, pertinent factors requiring consideration include the following: (1) The relationship of continued availability of adequate and reliable electric service at reasonable rates to rural areas' economic and environmental development and well-being; (2) the importance to sound community development of financially strong and stable electric distribution cooperatives; (3) the need for opportunity of borrowers' own credit organizations to experience orderly growth and development; (4) the Government's financial interest in the continued viability of the borrowers' systems for which very large amounts of past Government loans remain outstanding; and (5) the importance of orderly and expeditious administration of the REA program.

The rules proposed in supplement to REA Bulletin 20-14 given below are designed to reflect the foregoing factors as they are currently evaluated. The rules stated in this supplement will be reconsidered from time to time, and it is anticipated that the requirements for obtaining credit from other sources will be increased as experience in operating under the RD Act indicates that such increases can be made in an orderly fashion without undue adverse effect.

Persons interested in the proposed supplement may submit written data, views, or comments to Administrator, Rural Electrification Administration, U.S. Department of Agriculture, Washington, D.C. 20250, not later than April 16, 1973.

To continue to meet the urgent requirements of REA electric borrowers, loans under the Rural Development Act may be made by REA on a case-by-case basis pending issuance of the proposed supplement to REA Bulletin 20-14.

The text of the proposed supplement to REA Bulletin 20-14 is as follows:

SUPPLEMENTAL LOANS UNDER THE CONSOLIDATED FARM AND RURAL DEVELOPMENT ACT (RD Act)

PROPOSED SUPPLEMENT TO REA BULLETIN 20-14

The title of REA Bulletin 20-14, Supplemental Financing for Loans Considered Under section 4 of the Rural Electrification Act

is changed to Supplemental Financing Required in Conjunction with REA Loans. All memorandums issued supplementary to the bulletin not in conflict with this "Supplement" remain in effect.

The Rural Electrification Administration (REA) has announced that loans to finance rural electrification would be made under the Consolidated Farm and Rural Development Act (RD Act). A major thrust of the Act is rural job creation and increasing of rural farm and nonfarm income and business activity. In order to be eligible for such loans, section 333(a) of that Act requires that an applicant be unable to "obtain sufficient credit elsewhere to finance his actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in the community in or near which the applicant resides for loans for similar purposes and periods of time."

In determining the extent to which it may be able to obtain credit from sources other than REA to finance its actual needs, the loan applicant may therefore take into consideration not only the rates and terms under which financing may be available but also the objective of operating the system in a manner consistent with the community development objectives of the RD Act.

In order to facilitate the administration of such lending, and to provide general guidance to the public, it is necessary to determine the circumstances under which RD Act funds will be available for rural electric distribution system purposes, and to enunciate requirements for participation by outside lenders in loans made under the Act.

Due to the diversity in their circumstances, criteria for financing for power supply borrowers will be determined on an individual basis.

REA has made the following general findings (using the definitions of TIER, DSC, and PRR set forth in REA Bulletin 20-14, as revised to July 1972):

Electric distribution system borrowers who do not have a TIER of 1.5 or a DSC ratio of 1.25 or more cannot be reasonably expected to maintain system operation on a basis consistent with RD Act objectives if required to repay new loans at a total interest rate in excess of 5 percent per annum.¹

Borrowers who have a TIER of 1.5 or more, a DSC ratio of 1.25 or more, and PRR of 9.01 or more can be reasonably expected to repay prevailing rates of interest on 10 percent of the total amount of a new loan, provided they are obligated to repay the remaining 90 percent of the loan at interest not in excess of 5 percent per annum. Such borrowers cannot reasonably be expected to maintain system operation on a basis consistent with RD Act objectives if required to repay more than 10 percent of their new loan at prevailing outside rates of interest.²

Borrowers who have a TIER of 1.5 or more, a DSC ratio of 1.25 or more, and a PRR of 8.01 to 9.0 can be reasonably expected to repay prevailing rates of interest on 20 percent of the total amount of a new loan, provided they are obligated to repay the remaining 80 percent of the loan at interest not in excess of 5 percent per annum. Such borrowers cannot reasonably be expected to maintain system operation on a basis consistent with RD Act objectives if required to repay more than 20 percent of their new loan at prevailing outside rates of interest.³

Borrowers who have a TIER of 1.5 or more, a DSC ratio of 1.25 or more, and a PRR of 8.00 and below can be reasonably expected to repay prevailing rates of interest on 30 percent of the total amount of a new loan, provided they are obligated to repay the remaining 70 percent of the loan at interest not in excess of 5 percent per annum. Such borrowers cannot reasonably be expected to maintain system operation on a basis consistent with RD Act objectives if required to repay more than 30 percent of their new loan at prevailing outside rates of interest.⁴

These guides will be followed unless an applicant for an electric distribution system loan certifies, and REA determines, from information in REA's possession, that the applicant can, without impairment of continued system operation consistent with RD Act objectives, repay a loan bearing more than 5 percent interest on a greater part of the loan than is indicated by the above general rule.

The general findings with respect to the proportions of their loan that borrowers can reasonably be expected to repay at prevailing outside rates of interest without impairing continued system operation consistent with RD Act objectives will be reviewed from time to time, and will be revised as may be necessary to meet changed conditions.

The RD Act requires that the applicant for a loan must submit a certification concerning his inability to obtain sufficient credit elsewhere under specified terms and conditions that would permit him to attain the objectives of the program. A sample certification (Attachment C) is attached below.

The RD Act also requires the submission of all applications for financial assistance (loans) to multijurisdictional planning agencies and county and municipal governments having jurisdiction over the area(s). Attachment D below discusses these procedures. Further information is available from the appropriate area director. For your convenience a form of application to the appropriate planning group is attached (Attachment E) below.

A form of board resolution (Attachment F below) requesting a loan from REA under the RD Act section 306(a) (1) may also be used along with the application to planning groups (Attachment E below) to satisfy the requirements of the RD Act concerning submission of the application to such groups. Two certified

copies of this resolution should be submitted to REA.

Dated: March 13, 1973.

DAVID A. HAMIL,
Administrator.

ATTACHMENT C—CERTIFICATE OF NONAVAILABILITY OF SUFFICIENT CREDIT ELSEWHERE

In support of the application of the _____ for an REA loan under (system)

the Consolidated Farm and Rural Development Act, we hereby certify that the figures given below reflect the actual needs of the applicant and the maximum amount of credit that the applicant is able to obtain elsewhere in connection with these needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in the community in or near which the system operates, for loans for similar purposes and periods of time, considering also the objective of operating the system in a manner consistent with the community development objectives of the Rural Development Act, and in keeping with the rules in REA Bulletin 20-14 and Supplements thereto.

An application is accordingly being submitted in the total amount of \$_____ for 35 years of which _____ percent is being requested from REA at 5 percent per annum and _____ percent is being requested from _____ which is expected to

(Name of supplemental lender)
be at _____ percent per annum.

ATTACHMENT D—REQUIREMENTS FOR NOTIFYING CLEARINGHOUSES, ETC., OF PLANS TO SUBMIT A LOAN APPLICATION TO REA

Prior to making application for an REA loan under the Consolidated Farm and Rural Development Act (or as soon as possible after receiving this instruction if the loan application has already been submitted), the applicant shall submit a copy of its application describing its plans to the appropriate State, metropolitan, and regional clearinghouses and the county or municipal governments which have jurisdiction over the area in which the proposed project or projects are to be located. REA will supply a list of the clearinghouses in the State at the request of the applicant. The application shall include a brief description of the construction anticipated by each county and municipality in which the construction will take place, and a statement whether or not an environmental statement will be required.

The clearinghouses and county or municipal governments shall be given 30 days in which to review and comment on the proposed project.

A sample format of information to be submitted to these bodies is attached.

The following information shall be submitted to REA. During the transition to the new procedures, this information may be submitted after the loan application is submitted to REA, but in any event must be received by REA before funds from a loan made under the Consolidated Farm and Rural Development Act can be released for advance.

1. Copy of the application, list of the clearinghouses and governmental bodies to which it was sent, date on which it was sent, and statement that the addressees included all the clearinghouses, county governments,

¹ For purposes of this bulletin, the TIER shall mean the average of the 2 largest such ratios with respect to each of the 3 calendar years last preceding the current year. For purposes of this bulletin, the DSC ratio shall mean the average of the 2 largest such ratios with respect to each of the 3 calendar years last preceding the current year.

and municipal governments having jurisdiction over areas in which construction from the proposed loan will take place.

2. Copies of all comments received and a list of addresses from whom no comments were received within 30 days, or up to the date on which the material is being sent to REA, whichever is later.

3. If any comments indicate that the applicant's construction plans may be inconsistent with any multijurisdictional planning and development district areawide plan of a reviewing agency, full information must be submitted, including copies of all additional correspondence with the questioning agency, in order to permit REA to make a determination as to whether such inconsistency does exist.

ATTACHMENT E—FORMAT OF INFORMATION TO BE SENT TO CLEARINGHOUSES, COUNTY AND MUNICIPAL GOVERNMENTS HAVING JURISDICTION OVER AREAS IN WHICH CONSTRUCTION WILL BE PERFORMED

Notice is hereby given that the Rural Electric Cooperative of Upstate, N.Y., intends to submit (or, if appropriate, "has submitted") the attached application requesting a loan in the approximate amount of \$_____ from the Rural Electrification Administration (include a copy of the board resolution or other form of application to be submitted to REA).

The construction program of the cooperative is subject to revision to meet needs. However, it is anticipated that the funds from this loan, together with financing from other sources, will be used for construction as detailed below. Except when described differently below, the construction of distribution line consists primarily of service drops and extensions to existing lines of the cooperative to serve new consumers.

1. Madison County—Construction of approximately _____ miles of distribution line to serve approximately _____ consumers.

2. Washington County—Construction of approximately _____ miles of distribution line to serve _____ consumers. Alterations to the existing substation located at the intersection of County Roads 16 and 32 to increase its capacity.

3. Jefferson County—Construction of approximately _____ miles of distribution line to serve _____ consumers. Construction of a 69,000 volt transmission line approximately 10 miles long from the substation of the XYZ Power Co. located 2 miles east of Small Town, in a southerly direction to the existing cooperatively owned three-phase line near the crossing of County Road 25 and the railway, and construction of a new substation at this point. This will give improved service to the rural consumers in this area.

4. Polk County. Construction of approximately _____ miles of distribution line to serve approximately _____ consumers. Conversion of the cooperative's existing 2.5 mile single phase line to three phase from U.S. Highway 1 to the ABC Community Development. This will involve adding two conductors and a crossarm to each pole, and changing some poles to a larger size. Construction of approximately _____ miles of distribution line to serve approximately _____ consumers within the ABC Community Development. (Include detail of each county and for each municipality in which construction is anticipated. The total for the detailed listings should agree with the proper total for the entire application.)

Due to the nature of the construction planned, we do not expect that REA will require an environmental statement. (Or, if appropriate, state, "It is anticipated that REA will issue an environmental statement covering * * * and then describe the facilities to be covered by an environmental statement. The REA area office should be consulted before stating that an environmental statement will probably be issued.")

This application is submitted for review and comment within 30 days pursuant to requirements of the Consolidated Farm and Rural Development Act, under which the anticipated REA loan will be made. If there is any indication that the proposed construction by the cooperative might be inconsistent with any areawide goals and plans of your agency, please notify us as soon as possible so that such problems can be resolved. None of the funds requested by the cooperative in this loan will be released by the Rural Electrification Administration until at least 30 days after the date of this notification. If any further information is required concerning the proposed construction, it will be supplied upon request.

ATTACHMENT F—SAMPLE BOARD RESOLUTION REQUESTING CONCURRENT FINANCING

Whereas, it has been determined on the basis of the current 2-year construction work plan that financing is needed for electric facilities as shown on REA Form 740c, Cost Estimates and Loan Budget for Electric Borrowers, as follows:

Total estimated cost.....	\$.....
Less available funds and materials:	
A. Funds available from prior loans
B. Value of materials and special equipment on hand to be used for facilities.....
C. General funds available or expected to become available for facilities.....
Total funds and materials available
New financing required for facilities
REA loan requested for facilities.....
Loan requested from supplemental lender

And whereas, present lending by the Rural Electrification Administration is authorized under section 306(a)(1) of the Consolidated Farm and Rural Development Act (RD Act); and

Whereas, said section 306(a)(3)(III) of the RD Act requires submission of such financing application to certain multijurisdictional planning and development agencies and any county or municipal governments having jurisdiction over the area in which the project is to be located; and

Whereas, this board has considered the requirements under section 333(a) of the RD Act concerning the "nonavailability of credit elsewhere," and the rules set forth in the supplement to Bulletin 20-14.

Now, therefore, be it resolved: That this resolution be considered an application to the Rural Electrification Administration for a loan in the approximate amount of \$_____ at 5 percent per annum to be used to finance a portion of the above-mentioned facilities;² and that an application be made to (name and address of supplemental source of funds) for a loan in the approximate amount of \$_____ under terms and conditions satisfactory to the Administrator, to provide the balance of financing needed in connection with the above-mentioned facilities.

Be it further resolved: ² That (name and address of applicant), in order to facilitate

² If the source of supplemental financing is not known, substitute the following: On condition that a loan in the approximate amount of \$_____ be obtained from a supplemental source or sources, under terms and conditions satisfactory to the Administrator, for the balance of the financing needed in connection with the above-mentioned facilities.

² If the source of supplemental financing is not known, this portion should be submitted later as a separate resolution.

the obtaining of the supplemental financing required, hereby authorizes the Rural Electrification Administration to release the (name and address of supplemental source of funds) information relating to this application and to the financial and operating condition of (name of applicant), and such other information and data relating thereto as REA in its discretion determines necessary for said purpose.

Be it further resolved: That the manager and/or officers as may be indicated are directed to submit this application for a loan to the planning bodies mentioned in the RD Act along with supplementary information as illustrated on Attachment E of the supplement to Bulletin 20-14.

And be it further resolved: That the manager and president are authorized to sign a Certificate of Nonavailability of Sufficient Credit Elsewhere for submission to REA with this application in keeping with the rules in the supplement to Bulletin 20-14.

I, _____, Secretary of _____, do hereby certify that the above is a true and correct excerpt from the minutes of the meeting of the Board of Directors of the _____ held on the _____ day of _____, 19____, at which meeting a quorum was present.

[29 CFR Part 1953]
[Docket No. SP-1]

CHANGES TO STATE PLANS FOR THE DEVELOPMENT AND ENFORCEMENT OF STATE STANDARDS

Proposed Policy and Procedures

Notice is hereby given that under the authority of sections 8(g)(2) and 18 of the Williams-Steiger Occupational Safety and Health Act of 1970 (29 U.S.C. 657(g)(2) and 667), it is proposed to amend 29 CFR Ch. XVII by adding a new part thereto designated Part 1953.

The new Part 1953 contains policy and procedures for the review of changes to State plans approved under section 18 of the Act, in order to assure that the plans fulfill assurances upon which their approval under section 18(c) of the Act was based. Foremost among these assurances are those given by the State that the plan provides for the development of State standards and the enforcement of such standards which are or will be at least as effective in providing safe and healthful employment and places of employment as the standards promulgated by the Secretary of Labor under section 6 of the Act which relate to the same issues.

Under § 1902.2(b) of Chapter XVII, a State plan may be approved under section 18(c) although upon submission it does not fully meet the criteria set forth in § 1902.3, if it includes satisfactory assurances by the State that it will take the necessary steps to bring the plan into conformity with these criteria within the 3-year period immediately following commencement of the plan's operation. A State plan approved under section 18(c), therefore, in many cases,

must develop both up to and along with the Federal program for the development and enforcement of safety and health standards.

Section 18(e) of the Act provides for a period of concurrent Federal and State jurisdiction until the Assistant Secretary determines, on the basis of actual operations, that the State is applying the criteria of section 18(c) of the Act and Part 1902. During this period of concurrent jurisdiction, as well as after a determination has been made under section 18(e), the State plan will be continually evaluated under section 18(f) of the Act as to the manner in which the provisions (including any assurances) are implemented. In conjunction with this evaluation of plan implementation, changes which have been made or are proposed to be made in the plan will be reviewed as provided under section 18(c) of the Act.

It is the purpose of Part 1953 to set out policies and procedures by which the Assistant Secretary for Occupational Safety and Health (hereinafter referred to as the Assistant Secretary) under a delegation of authority from the Secretary of Labor (Secretary's Order 12-71, 36 FR 8754, May 12, 1971) will review changes to a State plan approved in accordance with section 18(c) and Part 1902, and also provide for advisory opinions on proposed changes.

Interested persons are hereby given until April 18, 1973, to submit written comments, suggestions, or objections regarding the proposed Part 1953 to the Office of the Director, Federal and State Operations, Room 408, Docket No. SP-1, 400 First Street NW., Washington, DC 20210.

Comments received will be available for public inspection and copying during normal business hours at the above address. The proposed rule may be revised prior to final publication to reflect suggestions made by the comments.

PART 1953—CHANGES TO STATE PLANS; RELATED PROCEDURES

Sec.	
1953.1	Purpose and scope.
1953.2	General policies.
1953.3	Filing of changes or supplements.
1953.4	Submission and consideration.
1953.5	Advisory opinions.

AUTHORITY: Sec. 8(g)(2), Pub. L. 91-596, 84 Stat. 1600 (29 U.S.C. 657(g)(2)); sec. 18, Pub. L. 91-596, 84 Stat. 1608 (29 U.S.C. 687).

§ 1953.1 Purpose and scope.

(a) This part applies to the provisions of section 18 of the Williams-Steiger Occupational Safety and Health Act of 1970 (hereinafter referred to as the Act) relating to State plans for the development and enforcement of State safety and health standards. The provisions of this part set forth the procedures by which the Assistant Secretary for Occupational Safety and Health (hereinafter referred to as the Assistant Secretary) under a delegation of authority from the Secretary of Labor (Secretary's Order 12-71, 36 FR 8754, May 12, 1971), will review changes in a State plan approved in ac-

cordance with section 18(c) of the Act and Part 1902 of this chapter, and also provide for advisory opinions on proposed changes to be made by a State in implementing its plan.

(b) States may submit plans covering any occupational safety and health issue with respect to which a Federal standard has been promulgated under section 6 of the Act. These plans must meet the criteria in section 18(c) of the Act and Part 1902 of this chapter either at the time of submission or in any event not later than the 3-year period immediately following commencement of the plant's operation, where the plan is developmental. The Act provides for discretionary concurrent Federal and State jurisdiction during this developmental period and until the Assistant Secretary determines on the basis of actual operations that the State is applying the criteria of section 18(c) of the Act. During the period of concurrent Federal and State jurisdiction as well as after a determination has been made under section 18(e) that the plan is meeting the criteria of the Act and Part 1902 of this chapter the State plan will be continually evaluated under section 18(f) of the Act as to the manner in which the provisions (including any assurances) are implemented. In conjunction with this evaluation of plan implementation, changes which have been made or are proposed to be made will be reviewed for approval as provided under section 18(c) of the Act.

(c) The Assistant Secretary shall withdraw approval of a plan in whole or in part whenever he determines, after notice and affording the State an opportunity for a hearing that in the administration of the plan there is a failure to comply substantially with any provision of the plan or assurances contained therein including changes required to be submitted in accordance with this part. Upon notice the State shall cease operation under any disapproved plan or part thereof except that it will be permitted to retain jurisdiction as to any case commenced before withdrawal of approval whenever the issues involved do not relate to the reason for withdrawal of approval of the plan.

§ 1953.2 General policies.

(a) Approval of a plan submitted under section 18(b) of the Act is based on a finding that there is a reasonable expectation that the State plan will meet the criteria in § 1902.3 of this chapter within a 3-year developmental period. As the State plan is implemented, supplements will be required to complete its development. Also the development of the Federal program and the on-going Federal evaluation of the State program will require that changes be made in the plan. It is therefore, necessary for the Assistant Secretary to have some procedure of reviewing any changes to the State plan both during the period leading up to a determination under section 18(e) of the Act, as well as after final approval has been given to a plan under section 18(e). These changes will be reviewed by the Assistant Secretary in conjunction with any records or reports required

of the States under sections 18(c)(8) and 18(f) of the Act.

(b) Because of the States' need to continue an on-going program, the Assistant Secretary may also provide for furnishing advisory opinions to requesting States under this part. While not binding decisions, these opinions will be made available to the public along with the plans and they will provide the States with a basis for operation pending review of changes submitted under § 1953.4.

§ 1953.3 Filing of changes or supplements.

(a) A State must file a supplement to its plan within a reasonable time under the following circumstances:

(1) Whenever any change is made in a State plan as a result of changes in the Federal program such as changes in any relevant standards issued under section 6 of the Act, or whenever changes are made in the legislation, regulations, or policies of the Secretary of Labor, which would render the corresponding standards, legislation, regulations, or policies under a State plan less effective.

(2) Whenever any change is made in a State plan as a result of an evaluation by the Assistant Secretary which found parts of the State plan to be not as effective as the Federal program. Before any such supplements are filed, a State may be given an opportunity to show cause why such modifications need not be submitted.

(3) Whenever any other change is made by a State in its applicable laws, standards, regulations, budgetary resources, or policies.

(b) Any supplement to a plan shall indicate expressly whether it involves the completion of steps in the developmental schedule, any changes in the schedule, provisions, or assurances provided by the plan, any additional modifications of the plan made at the initiative of the State, or a change made in response to a Federal program change or as a result of an evaluation finding.

§ 1953.4 Submission and consideration.

(a) An authorized representative of the State agency or agencies designated under section 18(c)(1) to administer the plan shall submit the supplements with 10 copies to the appropriate Regional Administrator for the Occupational Safety and Health Administration, U.S. Department of Labor. Upon receipt of the State plan supplements, the Regional Administrator shall make a preliminary review of the changes. If his examination reveals any apparent defect in the supplement, the Regional Administrator shall offer assistance to the State agency and shall provide the agency an opportunity to cure such defect. After his preliminary review and after affording the State agency such informal opportunity to cure apparent defects, the Regional Administrator shall submit the changes to the Assistant Secretary.

(b) In determining the adequacy of any State supplement the Assistant Secretary may follow the procedures for

submission, approval or rejection of State plans prescribed in Subpart C of Part 1902 of this chapter or any other appropriate procedure. The Assistant Secretary may defer consideration of any supplement to the plan until the end of each full year of operation of the State plan.

(c) Copies of all supplements to a plan shall be available for inspection and copying at the expense of the person requesting the copy at the locations specified in the subpart of Part 1952 of this chapter relating to the State plan. The locations include the Office of the Director, Office of Federal and State Operations, Office of the Regional Administrator in whose region the State is located, and an office or offices of the State which have been designated by the State for this purpose. The most current copy of a State plan will be located in the State and regional offices pending submission of the supplements to the Assistant Secretary.

(d) During the period leading up to a determination under section 18(e) of the Act, as well as after final approval has been given to a State plan under section 18(e), notices will be published from time to time in the FEDERAL REGISTER providing an opportunity for public comments on charges submitted for review. However, the submission of supplements to the State plan will occur over a number of years. Therefore, in order to obtain public comments on the supplements to State plans, interested persons shall have the opportunity to submit in writing, data, views, and arguments on the supplements at any time, irrespective of whether a notice has been currently published in the FEDERAL REGISTER. Comments received under this section will be considered in conjunction with the next subsequent evaluation. The written comments received or copies thereof shall be available for public inspection and copying at the Office of the Director, Office of Federal and State Operations, Room 305, Railway Labor Building, 400 First Street NW., Washington, DC 20210; the Office of the Regional Administrator in whose region the State is located and an office or offices of the State which have been designated by the State for this purpose, as specified in the subpart of Part 1952 of this chapter relating to the State plan.

(e) At any time during the review period leading up to a determination under section 18(e) of the Act or after final approval has been given to a State plan under section 18(e), interested persons may petition for withdrawal of approval under section 18(f) of the Act on the grounds that as a result of a change in the plan there is a failure to comply substantially with any provision of a State plan or any assurances contained therein. In petitions filed prior to a determination under section 18(e) interested persons may also show that as a result of a change in the plan there is no longer a reasonable expectation to

believe that a State plan will meet the criteria of § 1902.3 of this chapter within the 3 year developmental period leading up to the 18(e) determination. Consideration of such petitions shall commence not later than the evaluation of the State plan occurring at the end of each full year of operation of the plan provided that the petition is received at least 60 days prior to the end of the year of operation.

§ 1953.5 Advisory opinions.

(a) An authorized representative of a State agency or agencies designated under section 18(c) to administer a plan may request staff views from the Regional Administrator with respect to a course of action which the requesting party proposes to pursue. It is the Occupational Safety and Health Administration's policy to consider requests for such advice and, where practicable, to inform the requesting party of views at the staff level. A request ordinarily will be considered inappropriate for such advice: (1) Where the proposed course of action or its effects may be such that an informed decision thereon cannot be made or could be made only after extensive investigation, clinical study, testing, or collateral inquiry or (2) where the same or substantially the same course of action is under evaluation in another State or has been the subject of a current evaluation, approval, or disapproval proceeding by the Assistant Secretary.

(b) The request for advice should be submitted in writing to the Regional Administrator in whose region the State is located and should include full and complete information regarding the proposed course of action. Conferences with members of the regional and national office staffs may be held before or after submittal of the request. Submittals of additional information may be required.

(c) (1) On the basis of the facts submitted, as well as other information available to him, the Regional Administrator, after appropriate consultation with the Director, Office of Federal and State Operations and the Office of the Solicitor, will inform the requesting State of the staff views and may take such other action as may be appropriate.

(2) Any advice given is without prejudice to the right of the Assistant Secretary to reconsider the questions involved and, where the objectives of the Act and the public interest require, to rescind or revoke the advice. Notice of such rescission or revocation will be given to the requesting State so that it may discontinue the course of action taken. The Assistant Secretary will not proceed against the requesting State with respect to any action taken in good faith reliance upon the advice given under this section, where all relevant facts were fully, completely, and accurately presented and where such action was promptly discontinued upon notification by the Assistant Secretary.

(d) Within a reasonable time after the State has received the requested ad-

vice, the advisory opinions, and supplementing information including results of any meetings will be placed with the requesting State's plan at the locations specified in the subpart of Part 1952 of this chapter relating to the State plan.

Signed at Washington, D.C., this 13th day of March 1973.

CHAIN ROBBINS,
Acting Assistant
Secretary of Labor.

Social Security Administration

[20 CFR Part 401]

[Reg. 1]

MEDICAL INFORMATION

Proposed Disclosure

Notice is hereby given, pursuant to the Administrative Procedure Act (5 U.S.C. 552 et seq.), that the amendments to the regulation set forth in tentative form below are proposed by the Commissioner of Social Security, with the approval of the Secretary of Health, Education, and Welfare. The proposed amendments will permit the Social Security Administration to furnish medical information, obtained from a physician in connection with a claim for disability benefits, to the claimant if the doctor agrees, or to other persons than the claimant, with the consent of the claimant and the doctor. This change will permit the Social Security Administration to furnish such medical information to a State agency for use in connection with a claim for workmen's compensation benefits, to an employer or an insurance company in connection with a private pension or insurance program, or to a court if the claimant is involved in a court case involving a non-Social Security matter. The proposed amendments also provide when a charge will be made for the information furnished.

Prior to the final adoption of the proposed amendments to the regulation, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in triplicate to the Commissioner of Social Security, Department of Health, Education, and Welfare Building, Fourth and Independence Avenue SW., Washington, DC 20201, on or before April 18, 1973.

Copies of all comments received in response to this notice will be available for public inspection during regular business hours at the Washington Inquiries Section, Office of Public Affairs, Social Security Administration, Department of Health, Education, and Welfare, North Building, Room 4146, 330 Independence Avenue SW., Washington, DC 20201.

The proposed amendments are to be issued under the authority contained in sections 205, 1102, and 1106, 53 Stat. 1368, as amended, 49 Stat. 647, as

amended, 53 Stat. 1398, as amended; 42 U.S.C. 405, 1302, and 1306.

Dated: February 8, 1973.

ROBERT M. BALL,
Commissioner of Social Security.

Approved: March 8, 1973.

CASPER W. WEINBERGER,
Secretary of Health, Education,
and Welfare.

Regulation No. 1 of the Social Security Administration (20 CFR 401.1 et seq.) is further amended as set forth below.

1. Section 401.1 is revised to read as follows:

§ 401.1 Prohibition against disclosure.

No disclosure of (a) any return or portion of a return (including information returns or other written statements) filed with the Commissioner of Internal Revenue under title VIII of the Social Security Act, the Federal Insurance Contributions Act, or the Self-Employment Contributions Act, or under regulations made under authority thereof, which has been transmitted to the Department of Health, Education, and Welfare by the Commissioner of Internal Revenue, or (b) any file, record, report, or other paper or any information obtained at any time by or from the Department or any officer or employee of the Department, or any person, agency, or organization with whom the Social Security Administration has entered into an agreement or contract to perform certain functions in the administration of title II or title XVIII of the Social Security Act, including the performance of medical examinations that are authorized under title II, which in any way relates to, or is necessary to, or is used in or in connection with, the administration of the retirement, survivors, disability, or health insurance programs conducted pursuant to titles II and XVIII of the Social Security Act, shall be made directly or indirectly except as hereinafter authorized by this part or as otherwise expressly authorized by the Commissioner of Social Security.

2. Section 401.3 is amended by revising paragraphs (a) (2), (b) (3), and (e) to read as follows:

§ 401.3 Information which may be disclosed and to whom.

Disclosure of any file, record, report, or other paper, or information, is hereby authorized in the following cases and for the following purposes:

(a) (1) * * *

(2) As to medical information directly concerning any claimant or prospective claimant for benefits or payments under title II of the Social Security Act;

(i) To such claimant or prospective claimant or his duly authorized representative, but only if disclosure of such medical information is reasonably necessary for a title II purpose,

(ii) To such claimant or prospective claimant or his duly authorized representative for other than a title II purpose, but only if (A) the source of such information, or if such source is not

available, a physician in the employ of the Department, consents to such disclosure, and (B) such disclosure is consistent with the proper and efficient administration of the Act; or

(iii) To others, but only if (A) such claimant or prospective claimant or his duly authorized representative consents to the disclosure of such information, and (B) the source of such information, or if such source is not available, a physician in the employ of the Department, consents to such disclosure, and (C) such disclosure is consistent with the proper and efficient administration of the Act; or

(b) After the death of an individual;

(3) As to medical information relating to the individual and obtained in the administration of title II;

(i) To a surviving relative or legal representative of the estate of the individual, but only if disclosure of such medical information is reasonably necessary for a title II purpose;

(ii) To a surviving relative or legal representative of the estate of the individual for other than a title II purpose, but only if (A) the source of such information, or if such source is not available, a physician in the employ of the Department, consents to such disclosure, and (B) such disclosure is consistent with the proper and efficient administration of the Act; or

(iii) To others, but only if (A) a surviving relative or the legal representative of the estate of the individual consents to the disclosure of such information, (B) the source of such information, or if such source is not available, a physician in the employ of the Department, consents to such disclosure, and (C) such disclosure is consistent with the proper and efficient administration of the Act; or

(e) To any officer or employee of an agency of the Federal Government or a State government lawfully charged with the administration of a Federal or State unemployment compensation law or contributions or tax levied in connection therewith, for the purpose of such administration only; except that in the case of medical information relating to an individual, only medical information available under paragraphs (a) (2) (iii) and (b) (3) (iii) of this section can be disclosed under this paragraph.

3. Section 401.6 is amended by revising paragraph (e) to read as follows:

§ 401.6 Payment for information in specific cases.

In any case falling within any of the paragraphs of this section, the payment required as a prerequisite to preparation for disclosure or disclosure of information shall be as specified in such paragraph in lieu of the cost of disclosing such information. In any case in which the receipt of payment in advance, pursuant to this section or § 401.5 would in-

terfere with efficient administration, the Department may permit such payment to be made at such time or times as it deems consistent with efficient administration.

(e) When the request is for medical information obtained under title II of the Social Security Act relating to an individual, or as to the existence or duration of a disability of an individual, pursuant to § 401.3(a), (b), (f), or (g), by a person or agency thereby authorized to receive such information, the information shall be furnished without charge; except that in the case of a request for information pursuant to paragraph (a) (2) (ii) or (iii) or paragraph (b) (3) (ii) or (iii) of § 401.3—

(1) For a purpose other than the care or treatment of the individual, or

(2) From a person other than an officer or employee of an agency of the Federal or a State Government lawfully charged with the administration of a benefit paying program,

The information shall be furnished only upon payment of the cost of furnishing such information.

DEPARTMENT OF TRANSPORTATION

Coast Guard

[33 CFR Part 110]

[CGD 73-48P]

MILWAUKEE HARBOR, WIS.

Special Anchorage Areas

The Coast Guard is considering amending the anchorage regulations to enlarge the two existing special anchorage areas and to establish an additional special anchorage area in Milwaukee Harbor, Wis. The two existing areas are overcrowded and the enlargement of the two areas together with the establishment of an additional area would relieve the situation and enhance safety. The three special anchorage areas are adjacent to three parks: McKinley Park, South Shore Park, and Bay View Park. In special anchorage areas vessels under 65 feet in length are not required to carry or exhibit anchor lights.

Interested persons may participate in this proposed rule making by submitting written data, views, or arguments to the Commander, Ninth Coast Guard District, 1240 East Ninth Street, Cleveland, OH 44199. Each person submitting comments should include his name and address, identifying the notice (CGD 73-48P) and give any reasons for any recommended change in the proposal. Copies of all submissions received will be available for examination by interested persons at the office of the Commander, Ninth Coast Guard District.

The Commander, Ninth Coast Guard District, will forward any comments received before April 16, 1973, and his recommendations to the Chief, Office of Marine Environment and Systems, U.S. Coast Guard Headquarters, who will evaluate all communications received

and take final action on this proposal. The proposed regulations may be changed in the light of comments received.

In consideration of the foregoing, it is proposed to amend Title 33 of the Code of Federal Regulations by revising § 110.80 to read as follows:

§ 110.80 Milwaukee Harbor, Milwaukee, Wis.

(a) *McKinley Park.* The water area east of McKinley Park enclosed by a line beginning at McKinley Park Jetty Light; thence 090°, 500 feet to a point on the breakwater; thence northerly and northwesterly following the breakwater, piers, jetty, and natural shoreline to the point of beginning.

(b) *South Shore Park.* The water area northeast of South Shore Park enclosed by a line beginning at the northeast corner of the jetty at latitude 43°00'07.5" N., longitude 87°53'08" W.; thence to latitude 43°00'05" N., longitude 87°53'01" W.; thence to latitude 42°59'55" N., longitude 87°52'53" W.; thence to latitude 42°59'40" N., longitude 87°52'33.5" W.; thence to a point on the shoreline at latitude 42°59'34" N., longitude 87°52'43.5" W.; thence following the shoreline to the point of beginning.

(c) *Bay View Park.* The water area east of Bay View Park enclosed by a line beginning on the shoreline at latitude 42°59'28.5" N., longitude 87°52'35" W.; thence to latitude 42°59'35.5" N., longitude 87°52'27" W.; thence to latitude 42°59'08" N., longitude 87°51'37" W.; thence to a point on the shoreline at latitude 42°58'59" N., longitude 87°51'46" W.; thence following the shoreline to the point of beginning.

NOTE: An ordinance of the city of Milwaukee, Wis., requires the approval of the Milwaukee harbor master for the location and type of moorings placed in these special anchorage areas.

(Rule 9, 28 Stat. 647, as amended, 33 U.S.C. 258; sec. 8(g) (1) (C), 80 Stat. 937, 49 U.S.C. 1655(g) (1) (C); 49 CFR 1.46(c) (3))

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 72-EA-88]

ADDITIONAL CONTROL AREAS

Proposed Designation

The Federal Aviation Administration (FAA) is considering an amendment to Part 71 of the Federal Aviation Regulations that would designate three offshore additional control areas near Narragansett, R.I., Patchogue, N.Y., and Barnegat, N.J.

As part of this proposal relates to the navigable airspace outside the United States, this notice is submitted in consonance with the ICAO International Standards and Recommended Practices.

Applicability of International Standards and Recommended Practices, by the Air Traffic Service, FAA, in areas outside domestic airspace of the United States is governed by Article 12 and Annex 11 to the Convention on International Civil Aviation (ICAO), which pertain to the establishment of air navigation facilities and services necessary to promoting the safe, orderly and expeditious flow of civil air traffic. Their purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The international Standards and Recommended Practices in Annex 11 apply in those parts of the airspace under the jurisdiction of a contracting State, derived from ICAO, wherein air traffic services are provided and also whenever a contracting State accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting State accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, State aircraft are exempt from the provisions of Annex 11 and its standards and recommended practices. As a contracting State, the United States agreed by Article 3(d) that its State aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since this action involves, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Eastern Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y. 11430. All communications received on or before April 18, 1973, will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20591. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The FAA proposes the following airspace action:

NARRAGANSETT, R.I.

That airspace extending upward from 3,000 feet m.s.l. bounded on the north by the south boundary of Control 1169, on the east by the southwest boundary of Control 1145, on the south by the New York Oceanic CTA/FIR, on the southwest by the northeast boundary of Control 1147, on the west by longitude 72°30'00" W., excluding those portions within the Fire Island, N.Y., South Island, N.Y., and Nantucket, Mass., transition areas.

PATCHOGUE, N.Y.

That airspace extending upward from 3,000 feet m.s.l. bounded on the north by the south boundary of Control 1169, on the east by longitude 72°30'00" W., on the southwest by the northeast boundary of Control 1147, on the northwest by the east boundary of Victor Airway 139 excluding those portions within the Fire Island, N.Y., and South Island, N.Y., transition areas.

BARNEGAT, N.J.

That airspace extending upward from 2,000 feet m.s.l. bounded on the northeast by the southwest boundary of Control 1147, on the southeast by the New York Oceanic CTA/FIR, on the southwest by the northeast boundary of Control 1148, on the northwest by the east boundary of Victor Airway 139, on the north by latitude 39°44'00" N.

The proposed additional control areas would provide controlled airspace over water south of Rhode Island and Long Island, N.Y., and east of the southern part of New Jersey. This would give air traffic control added flexibility in traffic handling and enhance the movement of air traffic.

Related nonrule making action would also be taken to add controlling agency information for Warning Areas W-105, W-106, and W-107. Procedures for joint use of these areas would be required. Should the proposed actions be taken, concurrent action would also be taken to effect nonregulatory Jet Advisory Area service within these additional control areas.

This amendment is proposed under the authority of sections 307(a) and 1110 of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a) and 1510) and Executive Order 10854 (24 FR 9565) and section 6 (c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on March 12, 1973.

CHARLES H. NEWPOL,
Acting Chief, Airspace and Air
Traffic Rules Division.

ADDITIONAL CONTROL AREA

Proposed Designation

The Federal Aviation Administration (FAA) is considering an amendment to Part 71 of the Federal Aviation Regulations that would designate an additional control area adjacent to the east coast of the United States.

In conjunction with this proposal, non-rule making action would be required to

alter Warning Area W-108 as described herein. Procedures for joint use of W-108 by the using agency and the FAA would also be required.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Eastern Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y. 11430. All communications received on or before May 3, 1973, will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Council, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20591. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

As part of this proposal relates to the navigable airspace outside the United States, this notice is submitted in consonance with the ICAO International Standards and Recommended Practices.

Applicability of International Standards and Recommended Practices by the Air Traffic Service, FAA, in areas outside domestic airspace of the United States is governed by Article 12 of and Annex 11 to the Convention on International Civil Aviation, which pertain to the establishment of air navigation facilities

and services necessary to promoting the safe, orderly, and expeditious flow of civil air traffic. Their purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The International Standards and Recommended Practices in Annex 11 apply in those parts of the airspace under the jurisdiction of a contracting state, derived from ICAO, wherein air traffic services are provided and also whenever a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, state aircraft are exempt from the provisions of Annex 11 and its standards and recommended practices. As a contracting state, the United States agreed by Article 3(d) that its state aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since this action involves, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

The proposed amendment would designate an additional control area as follows:

BETHANY BEACH, DEL.

That airspace extending upward from 2,000 feet MSL bounded on the west by a line 3 nautical miles east of and parallel to the U.S. shoreline; on the northeast by the southwest boundary of Control 1148; and on the south by lat. 38°00'00" N.

Nonrule making action associated with the proposed amendment would alter Warning Area W-108 as follows:

a. Change time of use from "Monday through Saturday, Sunrise to Sunset," to "Intermittent."

b. Add "Controlling agency, Federal Aviation Administration, New York ARTC Center."

The proposal would permit more efficient use of the airspace within Warning Area W-108 when it is not being used by the using agency. The establishment of additional controlled airspace would provide more flexibility in routing oceanic air traffic.

This amendment is proposed under the authority of section 307(a) and 1110 of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a) and 1510), Executive Order 10854 (24 FR 9565), and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on March 12, 1973.

Air Traffic Rules Division.*

FEDERAL LAW ENFORCEMENT OFFICERS

Authorization To Request the Issuance of Search Warrant

Rule 41(a), F.R. Crim. P., provides that a search warrant may be issued "upon request of a Federal law enforcement officer or an attorney for the government." Rule 41(h) defines "Federal law enforcement officer" as "any Government agent, other than an attorney for the Government as defined in rule 54(c), who is engaged in the enforcement of the criminal laws and is within any category of officers authorized by the Attorney General to request the issuance of a search warrant." Listing the categories of officers was intended to inform courts and magistrates of the personnel authorized to request search warrants. It should be noted that only in the very rare, emergent case is the law enforcement officer permitted to seek a search warrant without the concurrence of the appropriate U.S. Attorney's Office. The following list of categories is furnished pursuant to Rule 41(h), Federal Rules of Criminal Procedure.

1. Any person authorized to execute search warrants by a statute of the United States.
2. Any person who has been authorized to execute search warrants by the head of a department, bureau, or agency (or his delegate, if applicable) pursuant to any U.S. statute.
3. Any peace officer or customs officer of the Virgin Islands, Guam, or the Canal Zone.
4. Any officer of the Metropolitan Police Department, District of Columbia.
5. Any person authorized to execute search warrants by the President of the United States.

There follows a list of agencies with law enforcement personnel coming within these categories.

GEORGE WASHINGTON MEMORIAL PARKWAY**Notice of Intention To Issue Concession Permit**

Pursuant to the provisions of section 5 of the Act of October 9, 1965 (79 Stat. 969; 16 U.S.C. 20), public notice is hereby given that on April 18, 1973, the Department of the Interior, through the Superintendent, George Washington Memorial Parkway, proposes to issue a concession permit to Belle Haven Marina, Inc., authorizing it to provide marine services for the public at Belle Haven Marina, for a period of 5 years, from January 1, 1973 through December 31, 1977.

The foregoing concessioner has performed its obligation under an existing permit to the satisfaction of the National Park Service, and therefore, pursuant to the Act cited above, is entitled to be given preference in the issuance of a new permit. However, under the Act cited above, the Secretary is also required to consider and evaluate all proposals received as a result of this notice. Any proposal to be considered and evaluated must be submitted on or before April 18, 1973.

Interested parties should contact the Superintendent, George Washington Memorial Parkway, Turkey Run Park, McLean, VA 22101, for information as to the requirements of the proposed permit.

DAVID A. RITCHIE,
 Superintendent.

DEPARTMENT OF HEALTH,
EDUCATION, AND WELFARE

Food and Drug Administration

[DESI 11255; Docket No. FDC-D-566; NDA 6-547, etc.]

CERTAIN COMBINATION DRUGS CONTAINING ANTACIDS WITH ANTICHOLINERGICS

Notice of Withdrawal of Approval of New Drug Applications

On November 29, 1972, there was published in the FEDERAL REGISTER (37 FR 25247) a notice of opportunity for hearing (DESI 11255) in which the Commissioner of Food and Drugs proposed to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of the new drug applications for the subject drugs in the absence of substantial evidence that these fixed combination drugs will have the effects that they purport or are represented to have under the conditions of use prescribed, recommended, or suggested in the labeling. The notice further stated that drugs containing an anticholinergic with an antacid are not appropriate for administration as fixed-dose combinations within the guidelines set forth in the statement of general policy or interpretation, § 3.86 Fixed-combination prescription drugs for humans, published in the FEDERAL REGISTER of October 15, 1971 (36 FR 20037).

On December 20, 1972, the Caldwell & Bloor Co., 80 West Third Street, Mansfield, OH 44902, manufacturers of Martab No. 2 Tablets containing calcium carbonate, magnesium oxide, phenobarbital, and atropine sulfate; and Martab No. 3 Tablets containing calcium carbonate, phenobarbital and atropine sulfate, formulated for Dr. Edward A. Marshall, elected to avail for itself and for Dr. Marshall the opportunity for a hearing. On December 26, 1972 Riker Laboratories, holder of NDA 12-830 for Estomul Tablets and Liquid, also has elected to avail itself of the opportunity for a hearing.

These requests are under review and will be the subject of a future publication in the FEDERAL REGISTER.

Neither the holders of the following new drug applications nor any other interested person have filed a written appearance of election as provided by said notice. The failure to file such an appearance constitutes an election by such persons not to avail themselves of the opportunity for a hearing:

1. NDA 11-255; Modutrol Tablets containing pipethanate hydrochloride, scopolamine methylnitrate aluminum hydroxide, and magnesium hydroxide; Reed & Carrick, 30 Boright Avenue, Kenilworth, NJ 07033.

2. NDA 6-547; Alzinol Compound Tablets and Magma containing dihydroxy-aluminum aminoacetate, phenobarbital and homatropine methylbromide; Smith, Miller & Patch, Inc., 401 Joyce Kilmer Avenue, New Brunswick, NJ 08902.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug applications reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, Oct. 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Md. 20852.

The Commissioner of Food and Drugs, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1053, as amended; 21 U.S.C. 355), and the Administrative Procedure Act (5 U.S.C. 554), and under authority delegated to him (21 CFR 2.120), finds on the basis of new information before him with respect to the drugs, evaluated together with the evidence available to him when the applications were approved, there is a lack of substantial evidence that the drugs will have the effects they purport or are represented to have under the conditions of use prescribed, recommended, or suggested in the labeling thereof. The Commissioner further concludes that these drugs are not appropriate for administration as fixed dose combinations within the guidelines set forth in the statement of general policy or interpretation, § 3.86 Fixed-combination prescription drugs for humans, published in the FEDERAL REGISTER of October 15, 1971 (36 FR 20037).

Therefore, pursuant to the foregoing findings, approval of the above new drug applications and all amendments and supplements applying thereto is withdrawn effective on March 19, 1973. Shipment in interstate commerce of the above-listed drug products or of any identical, related, or similar product, not the subject of an approved new drug application, is henceforth unlawful.

Dated: March 12, 1973.

SAM D. FINE,
Associate Commissioner
for Compliance.

10. Decapryn Tablets containing doxylamine succinate; Merrell-National Laboratories, Division of Richardson-Merrell, Inc., Cincinnati, Ohio 45215 (NDA 6-412).

11. Disomer Tablets and Syrup containing dexbrompheniramine maleate; Schering Corp., 60 Orange Street, Bloomfield, NJ 07003 (NDA 11-814).

12. Clistin Elixir containing carbinoxamine maleate; McNeil Laboratories, Inc., Camp Hill Road, Fort Washington, PA 19034 (NDA 8-955).

13. Thephorin Tartrate Syrup containing phenindamine tartrate; Roche Laboratories, Division of Hoffman-La Roche, Inc., Nutley, NJ 07110 (NDA 6-332).

14. Clistin Tablets containing carbinoxamine maleate; McNeil Laboratories, Inc. (NDA 8-915).

15. Thephorin Tablets containing phenindamine tartrate; Roche Laboratories (NDA 6-303).

The following drug was also included in the notice of May 22, 1971: Semikon Hydrochloride Tablets containing methapyrilene hydrochloride; The S. E. Massengill Co., 527 Fifth Street, Bristol, TN 37620 (NDA 6-614). Approval of that ap-

plication has been withdrawn (37 FR 25, Feb. 8, 1972) on the grounds that reports required under section 505(j) of the Act and §§ 130.13 and 130.35 (e) and (f) of the new drug regulations (21 CFR 130.13 and 130.35) had not been submitted. That drug is regarded as a related drug.

The notice stated that these drugs were regarded as probably effective, possibly effective and lacking substantial evidence of effectiveness for their labeled indications. The possibly effective indications have been reclassified as lacking substantial evidence of effectiveness in that no new evidence of effectiveness has been received pursuant to the notice of May 22, 1971. Based upon evaluation of available information, the indications previously considered as probably effective are now regarded as effective as restated in the "Labeling conditions" below. In addition, two other effective indications are described.

In addition to the drugs described above, the following products, all in sustained release, long acting, or repeat action form, were included in the notice of May 22, 1971.

1. Dimetane Extentabs (sustained release tablets) containing brompheniramine maleate; A. H. Robins Co., 1407 Cummings Drive, Richmond, VA 23220 (NDA 10-799).

2. Forhista Lontabs (long acting tablets) containing demethindene maleate; Ciba Pharmaceutical Co., Division of Ciba-Geigy Corp., 556 Morris Avenue, Summit, NJ 07901 (NDA 12-336).

3. Disomer Chronotabs (repeat action tablets containing dexbrompheniramine maleate; Schering Corp., 60 Orange Street, Bloomfield, NJ 07003 (NDA 11-905).

4. Clistin R-A (repeat action tablets) containing carbinoxamine maleate; McNeil Laboratories, Inc., Camp Hill Road, Fort Washington, PA 19034 (NDA 8-915).

5. Hispril spansules (sustained release capsules) containing diphenylpyraline hydrochloride; Smith Kline & French Laboratories, 1500 Spring Garden Street, Philadelphia, PA 19101 (NDA 11-945).

The notice of May 22, 1971, stated that the above sustained release, long acting, or repeat action products were probably effective, possibly effective, or lacking substantial evidence of effectiveness for their various labeled indications. The possibly effective indications have been reclassified as lacking substantial evidence of effectiveness in that such evidence has not been received. Any such product on the market for human use with labeling bearing indications lacking substantial evidence of effectiveness will be subject to regulatory proceedings. The probably effective indications for these products will be the subject of a future notice in the FEDERAL REGISTER.

Accordingly, with respect to the above-listed products which are not in sustained release, long acting, or repeat action form, the revised effectiveness classification and marketing status are as follows:

A. *Effectiveness classification.* The Food and Drug Administration has considered the Academy's reports, as well as other available evidence, and concludes that these drugs are effective for the indications listed in the labeling conditions below and lack substantial evidence of effectiveness for all of their other labeled indications.

B. *Conditions for approval and marketing.* The Food and Drug Administration is prepared to approve abbreviated new drug applications and abbreviated supplements to previously approved new drug applications under conditions described herein.

1. *Form of drug.* These preparations are in tablet, capsule, or liquid form, as indicated above, suitable for oral administration.

2. *Labeling conditions.* a. The labels bear the statement, "Caution: Federal law prohibits dispensing without prescription."

b. The drugs are labeled to comply with all requirements of the Act and regulations, and the labeling bears adequate information for safe and effective use of the drug(s). The "Indications" are as follows: (Labeling guidelines for these drugs are available from the Administration on request.)

INDICATIONS

For the symptomatic treatment of:

Seasonal and perennial allergic rhinitis.

Vasomotor rhinitis.

Allergic conjunctivitis due to inhaled allergens and foods.

Mild, uncomplicated allergic skin manifestations of urticaria and angioedema.

For the amelioration of the severity of allergic reactions to blood or plasma in patients with a known history of such reactions.

Dermographism.

As therapy for anaphylactic reactions adjunctive to epinephrine and other standard measures after the acute manifestations have been controlled.

3. *Marketing status.* Marketing of such drugs may be continued under the conditions described in the notice entitled "Conditions for Marketing New Drugs Evaluated in Drug Efficacy Study," published in the FEDERAL REGISTER July 14, 1970 (35 FR 11273), as follows:

a. For holders of "deemed approved" new drug applications (i.e., an application which became effective on the basis of safety prior to October 10, 1962), the submission of a supplement for revised labeling and an abbreviated supplement for updating information as described in paragraphs (a)(1)(i) and (iii) of the notice of July 14, 1970.

b. For any person who does not hold an approved or effective new drug application, the submission of an abbreviated new drug application as described in paragraph (a)(3)(i) of that notice.

c. For any distributor of the drug, the use of labeling in accord with this announcement for any such drug shipped within the jurisdiction of the Act as described in paragraph (b) of that notice.

C. Notice of opportunity for a hearing. Notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of the listed new drug application(s) or pertinent parts thereof and all amendments and supplements thereto providing for indications lacking substantial evidence of effectiveness referred to in paragraph A of this notice on the grounds that new information before him with respect to the drug(s), evaluated together with the evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling. An order withdrawing approval will not issue with respect to any application(s) supplemented, in accord with this notice, to delete the claim(s) lacking substantial evidence of effectiveness.

Any manufacturer or distributor of such an identical, related, or similar product is an interested person who may in response to this notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) providing for the claim(s) involved should not be withdrawn.

On or before April 18, 1973, the applicant(s) and any other interested person may file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, MD 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other interested person to file a written appearance of election on or before April 18, 1973, will constitute an election by him not to avail himself of the opportunity for a hearing.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the application(s) which have not been supplemented to delete the indication(s) lacking substantial evidence of effectiveness.

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before April 18, 1973, a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized and full-factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposi-

tion. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14(b)).

If review of the data submitted by an applicant or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claim(s) involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order making findings and conclusions on such data and withdrawing approval of application(s) or pertinent parts thereof not supplemented to delete the claim(s) involved.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after the expiration of April 18, 1973, a written notice of the time and place at which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug applications reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, October 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, MD 20852.

CLEMIZOLE HYDROCHLORIDE

Drugs for Human Use; Drug Efficacy Study Implementation; Followup Notice

In a notice (DESI 12024) published in the FEDERAL REGISTER of March 9, 1971 (36 FR 4560), the Commissioner of Food and Drugs announced his conclusions pursuant to the evaluation of reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following drugs containing clemizole hydrochloride:

1. Reactrol tablets; the Purdue Frederick Co., 99-101 Saw Mill River Road, Yonkers, NY 10701 (NDA 12-779).

2. Allereur tablets; J. B. Roerig and Co., Division of Pfizer, Inc., 235 East 42d Street, New York, NY 10017 (NDA 12-024).

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application(s) reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, Oct. 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, MD 20852.

The notice of March 9, 1971 stated that these drugs were regarded as probably effective and possibly effective for their labeled indications. The possibly effective indications have been reclassified as lacking substantial evidence of effectiveness in that no new evidence of effectiveness has been received pursuant to the notice of March 9, 1971.

Based upon evaluation of available information, the indications previously considered as probably effective are now

regarded as effective as restated in the "Labeling conditions" below. In addition, three other effective indications are added. Accordingly, the revised effectiveness classification and marketing status are as follows:

A. *Effectiveness classification.* The Food and Drug Administration has considered the Academy's reports, as well as other available evidence, and concludes that:

1. Clemizole hydrochloride is effective for the indications included in the labeling conditions herein.

2. It lacks substantial evidence of effectiveness for all other labeled indications.

B. *Conditions for approval and marketing.* The Food and Drug Administration is prepared to approve abbreviated new drug applications and abbreviated supplements to previously approved new drug applications under conditions described herein.

1. *Form of drug.* These preparations are in tablet form suitable for oral administration.

2. *Labeling conditions.* a. The labels bear the statement, "Caution: Federal law prohibits dispensing without prescription."

b. The drugs are labeled to comply with all requirements of the Act and regulations, and the labeling bears adequate information for safe and effective use of the drugs. The indications for the drugs are as follows. (Labeling guidelines for the drug are available from the Administration on request.)

INDICATIONS

For the symptomatic treatment of:

Seasonal and perennial allergic rhinitis.

Vasomotor rhinitis.

Allergic conjunctivitis due to inhaled allergens and foods.

Mild, uncomplicated allergic skin manifestations of urticaria and angioedema.

For the amelioration of the severity of allergic reactions to blood or plasma in patients with a known history of such reactions.

Dermographism.

As therapy for anaphylactic reactions adjunctive to epinephrine and other standard measures after the acute manifestations have been controlled.

3. *Marketing status.* Marketing of such drugs may be continued under the conditions described in the notice entitled "Conditions for Marketing New Drugs Evaluated in Drug Efficacy Study", published in the FEDERAL REGISTER July 14, 1970 (35 FR 11273), as follows:

a. For holders of "deemed approved" new drug applications (i.e., an application which became effective on the basis of safety prior to Oct. 10, 1962), the submission of a supplement for revised labeling and an abbreviated supplement for updating information as described in paragraphs (a) (1) (i) and (iii) of the notice of July 14, 1970.

b. For any person who does not hold an approved or effective new drug application, the submission of an abbreviated new drug application as described in paragraph (a) (3) (i) of that notice.

c. For any distributor of the drug, the use of labeling in accord with this an-

nouncement for any such drug shipped within the jurisdiction of the Act as described in paragraph (b) of that notice.

C. *Notice of opportunity for a hearing.* Notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of the listed new drug application(s) and all amendments and supplements thereto providing for indications lacking substantial evidence of effectiveness referred to in paragraph A.2 of this notice on the grounds that new information before him with respect to the drug(s), evaluated together with the evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling. An order withdrawing approval will not issue with respect to any application(s) supplemented, in accord with this notice, to delete the claim(s) lacking substantial evidence of effectiveness.

Any manufacturer or distributor of such an identical, related, or similar product is an interested person who may in response to this notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) providing for the claim(s) involved should not be withdrawn.

On or before April 18, 1973, the applicant(s) and any other interested person may file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, MD 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other interested person to file a written appearance of election on or before April 18, 1973, will constitute an election by him not to avail himself of the opportunity for a hearing.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the application(s) which have not been supplemented to delete the indication(s) lacking substantial evidence of effectiveness.

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before April 18, 1973, a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized

and full-factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14(b)).

If review of the data submitted by an applicant or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claim(s) involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order making findings and conclusions on such data and withdrawing approval of application(s) not supplemented to delete the claim(s) involved.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after April 18, 1973, a written notice of the time and place at which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

Communications forwarded in response to this notice should be identified with the reference number DESI 12024, directed to the attention of the appropriate office listed below, and addressed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Md. 20852:

DESERPIDINE

Drugs for Human Use; Drug Efficacy Study Implementation; Followup Notice

In a notice (DESI 8867) published in the FEDERAL REGISTER of April 28, 1971 (36 FR 7984), the Commissioner of Food and Drugs announced his conclusions pursuant to evaluation of a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group on Harmony Tablets containing deserpidine; Abbott Laboratories, 14th and Sheridan Road, North Chicago, Ill. 60064 (NDA 10-796).

All identical, related, or similar products are covered by the new drug application reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, Oct. 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Md. 20852.

The notice stated that the drug was regarded as probably effective for treatment of mild essential hypertension and for use with benzothiadiazines (thiazides) for treating hypertension; and possibly effective as a tranquilizer in some patients with mild anxiety states.

The possibly effective indication has been reclassified to lacking substantial evidence of effectiveness in that such evidence has not been received pursuant to the notice.

Based upon further review, the Commissioner concludes that the drug is effective for the previously probably effective indications as reworded in the "Labeling conditions" set forth below.

Accordingly, the previous notice is amended to read as follows, insofar as it pertains to deserpidine tablets.

A. *Effectiveness classification.* The Food and Drug Administration has considered the Academy's report, as well as other available evidence, and concludes that:

1. Oral deserpidine is effective in the treatment of mild essential hypertension; as adjunctive therapy with other antihypertensive agents in the more severe forms of hypertension; for the relief of symptoms in agitated psychotic states, e.g., schizophrenia—primarily in

those individuals unable to tolerate phenothiazine derivatives or those who also require antihypertensive medication.

2. The drug lacks substantial evidence of effectiveness for other indications.

B. *Conditions for approval and marketing.* The Food and Drug Administration is prepared to approve abbreviated new drug applications and abbreviated supplements to previously approved new drug applications under conditions described herein.

1. *Form of drug.* Deserpidine preparations are in tablet form suitable for oral administration.

2. *Labeling conditions.* a. The label bears the statement, "Caution: Federal law prohibits dispensing without prescription."

b. The drug is labeled to comply with all requirements of the Act and regulations and the labeling bears adequate information for safe and effective use of the drug. The indications are:

For the treatment of mild essential hypertension. It is also useful as adjunctive therapy with other antihypertensive agents in the more severe forms of hypertension.

For the relief of symptoms in agitated psychotic states, e.g., schizophrenia—primarily in those individuals unable to tolerate phenothiazine derivatives or those who also require antihypertensive medication.

Other parts of the labeling are as set forth for oral reserpine published in the notice of April 28, 1971.

3. *Marketing status.* Marketing of such drugs may be continued under the conditions described in the notice entitled "Conditions for Marketing New Drugs Evaluated in Drug Efficacy Study," published in the FEDERAL REGISTER July 14, 1970 (35 FR 11273), as follows:

a. For holders of "deemed approved" new drug applications (i.e., an application which became effective on the basis of safety prior to October 10, 1962), the submission of a supplement for revised labeling and an abbreviated supplement for updating information as described in paragraphs (a) (1) (i) and (iii) of the notice of July 14, 1970.

b. For any person who does not hold an approved or effective new drug application, the submission of an abbreviated new drug application as described in paragraph (a) (3) (i) of that notice.

c. For any distributor of the drug, the use of labeling in accord with this announcement for any such drug shipped within the jurisdiction of the Act as described in paragraph (b) of that notice.

C. *Notice of opportunity for a hearing.* Notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of the listed new drug application(s) and all amendments and supplements thereto providing for indications lacking substantial evidence of effectiveness referred to in paragraph A of this notice on the grounds that new information before him with respect to the drug(s), evaluated together with the

evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling. An order withdrawing approval will not issue with respect to any application(s) supplemented, in accord with this notice, to delete the claim(s) lacking substantial evidence of effectiveness.

Any manufacturer or distributor of such an identical, related or similar product is an interested person who may in response to this notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) providing for the claim(s) involved should not be withdrawn.

On or before April 18, 1973, the applicant(s) and any other interested person may file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, Md 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other interested person to file a written appearance of election on or before April 18, 1973, will constitute an election by him not to avail himself of the opportunity for a hearing.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the application(s) which have not been supplemented to delete the indication(s) lacking substantial evidence of effectiveness.

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before April 18, 1973, a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized and full-factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14(b)).

If review of the data submitted by an applicant or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claim(s) involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in

Notice of Drugs Deemed Adulterated**

a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order making findings and conclusions on such data and withdrawing approval of application(s) not supplemented to delete the claim(s) involved.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after April 18, 1973, a written notice of the time and place at which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

Communications forwarded in response to this notice should be identified with the reference number DESI 8867, directed to the attention of the appropriate office listed below, and addressed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Md. 20852.

[FR Doc. 73-5151 Filed 3-16-73; 8:45 am]

In an announcement in the FEDERAL REGISTER of July 9, 1970 (35 FR 11070, DESI 0173NV), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration following evaluation of reports received from the National Academy of Sciences—National Research Council, Drug Efficacy Study Group, on Golden Oak Swine Concentrate Medicated and Golden Oak Swine Vitamin Premix Medicated; marketed by Hoffman-La Roche, Inc., Nutley, N.J. 07110.

Said announcement provided the manufacturer and all interested parties a 6 month period in which to submit new animal drug applications. Hoffman-La Roche, Inc., did not submit a new animal drug application for said products. They responded to said announcement by advising the Commissioner that these premixes have been discontinued.

Therefore, based on the information before him, the Commissioner concludes that the above-named premixes are adulterated within the meaning of section 501 (a) (5) or (6) of the Federal Food, Drug, and Cosmetic Act, in that they are not the subject of approved new animal drug applications pursuant to section 512 of the act. Notice is given to Hoffmann-La Roche, Inc. and all interested persons that all stocks of the above named drugs for use in animal feed and all feed bearing or containing these products within the jurisdiction of the Federal Food, Drug, and Cosmetic Act are deemed adulterated within the meaning of the act and are subject to appropriate regulatory action.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 501(a) (5), (6), 512, 52 Stat. 1049, as amended, 82 Stat. 343-351; 21 U.S.C. 351(a) (5) and (6), 360b) and under authority delegated to the Commissioner (21 CFR 2.120).

Dated: March 12, 1973.

[DESI 6566; Docket No. FDC-D-557;
NDA 10-723]**MERCK SHARP & DOHME****Benactyzine Hydrochloride; Notice of Withdrawal of Approval of New Drug Application**

A notice was published in the FEDERAL REGISTER of December 23, 1972 (37 FR 28437), extending to Merck Sharp & Dohme, Division Merck & Co., Inc., West Point, Pa. 19486 and to any interested person, an opportunity for hearing on the proposal of the Commissioner of Food and Drugs to issue an order under section 505(e) of the Federal Food, Drug, and

Cosmetic Act withdrawing approval of NDA 10-723 for Suavivil Tablets (benactyzine hydrochloride). The basis of the proposed action was the lack of substantial evidence that the drug is effective for its labeled indications.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, October 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Md. 20852.

Neither the holder of the application nor any other person filed a written appearance of election within the 30 days provided by said notice. The failure to file such an appearance constitutes election by such persons not to avail themselves of an opportunity for hearing.

The Commissioner of Food and Drugs pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1053, as amended; 21 U.S.C. 355) and the Administrative Procedure Act (5 U.S.C. 554), and under the authority delegated to him (21 CFR 2.120), finds that on the basis of new information before him with regard to the drug, evaluated together with the evidence available to him when the application was approved, there is a lack of substantial evidence that the drug will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling thereof.

Therefore, pursuant to the foregoing finding, approval of new drug application No. 10-723 and all amendments and supplements thereto is withdrawn effective on March 19, 1973.

Shipment in interstate commerce of the above-listed drug product or of any identical, related, or similar product, not the subject of an approved new drug application, is henceforth unlawful.

Dated: March 12, 1973.

[DESI 13334; Docket No. FDC-D-569; NDA 13-334]

MERCK SHARP & DOHME**Dexamethasone Sodium Phosphate and Lidocaine Hydrochloride Injection, Dilute; Notice of Withdrawal of Approval of New Drug Application**

On December 9, 1972 there was published in the FEDERAL REGISTER (37 FR 26357) a notice of opportunity for hearing (DESI 13334) in which the Commissioner of Food and Drugs proposed to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic

Act (21 U.S.C. 355(e)) withdrawing approval of that part of NDA 13-334 pertaining to Decadron Phosphate with Xylocaine Injection, Dilute containing dexamethasone sodium phosphate 1 mg./ml. and lidocaine hydrochloride 5 mg./ml.; Merck Sharp & Dohme, Division of Merck & Co., Inc., West Point, Pa. 19486.

The basis of the proposed withdrawal of approval was the lack of substantial evidence that this fixed combination drug will have the effect that it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling.

Neither Merck nor any other interested person has filed a written appearance of election as provided by said notice. The failure to file such an appearance constitutes an election by such persons not to avail themselves of the opportunity for a hearing.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, October 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Md. 20852.

The Commissioner of Food and Drugs, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1053, as amended; 21 U.S.C. 355), and the Administrative Procedure Act (5 U.S.C. 554), and under authority delegated to him (21 CFR 2.120), finds that on the basis of new information before him with respect to the drug, evaluated together with the evidence available to him when the application was approved, there is a lack of substantial evidence that the drug will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling thereof.

Therefore, pursuant to the foregoing findings, approval of that portion of new drug application 13-334 pertaining to the subject drug and all amendments and supplements applying thereto is withdrawn effective on March 19, 1973.

Shipment in interstate commerce of the above-listed drug product or of any identical, related, or similar product, not the subject of an approved new drug application, is henceforth unlawful.

Dated: March 12, 1973.

[DESI 9760]

NIACIN AND SITOSTEROLS

Certain Antilipemic Drugs; Amendment

The Food and Drug Administration published an announcement in the FEDERAL REGISTER of August 12, 1972 (37 FR

16121) (DESI 12180) regarding the efficacy of aluminum nicotinate.

The notice stated that the drug was effective as an antilipemic agent and required the following statement to follow the "Indications" section either enclosed in a block or in italics:

Notice: It has not been established whether drug-induced lowering of serum cholesterol or other lipid levels has a detrimental, a beneficial or no effect on the morbidity due to atherosclerosis or coronary heart disease. Several years will be required before current investigations can yield an answer to this question.

In the FEDERAL REGISTER of April 15, 1972 (37 FR 7535) (DESI 9760) the Food and Drug Administration published an announcement, stating the conditions under which niacin and sitosterols were effective antilipemic agents. This notice did not contain the above listed qualifying statement.

The Commissioner of Food and Drugs finds it appropriate to amend the announcement of April 15, 1972 by:

1. Changing the "Indications" section to read the same as published in the FEDERAL REGISTER of August 12, 1972 (37 F.R. 16121) for aluminum nicotinate, i.e.,

INDICATIONS

As adjunctive therapy in addition to diet and other measures in the treatment of hypercholesterolemia and hyperbetalipoproteinemia.

2. Requiring the following statement to follow the "Indications" section either enclosed in a block or in italics:

Notice: It has not been established whether drug-induced lowering of serum cholesterol or other lipid levels has a detrimental, a beneficial or no effect on the morbidity due to atherosclerosis or coronary heart disease. Several years will be required before current investigations can yield an answer to this question.

Holders of applications approved for niacin or sitosterols intended as antilipemic agents should submit, on or before May 18, 1973, supplements to their new drug applications to provide for revised labeling in accord with the indications and qualifying statement described above. Such supplements should be submitted under the provisions of § 130.9 (d) and (e) of the new drug regulations (21 CFR 130.9 (d) or (e)) which permit certain changes to be put into effect at the earliest possible time.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug applications reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, Oct. 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Md. 20852.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 505, 52 Stat. 1050-53, as amended; 21 U.S.C. 352, 355), and the Administrative Procedure Act (5 U.S.C. 554), and under authority dele-

gated to the Commissioner of Food and Drugs (21 CFR 2.120).

[DESI 6333; Docket No. FDC-D-612; NDA 6-333]

THEOPHYLLINE SODIUM GLYCINATE FOR INTRAVENOUS USE

Drugs for Human Use; Drug Efficacy Study Implementation Followup

In a notice (DESI 6333) published in the FEDERAL REGISTER of May 22, 1971 (36 FR 9340), the Commissioner of Food and Drugs announced his conclusions pursuant to the evaluation of a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following drug:

Synophylate injection containing theophylline sodium glycinate; the Central Pharmaceutical Co., 116-128 East Third Street, Seymour, IN 47274 (NDA 6-333).

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, Oct. 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, MD 20852.

No new clinical data were received pursuant to the notice. However, based upon reevaluation of available information, the drug is regarded as effective for certain indications as described herein. Accordingly, the effectiveness classification and marketing status are as follows:

A. *Effectiveness classification.* The Food and Drug Administration has considered the Academy's report, as well as other available evidence, and concludes that:

1. Theophylline sodium glycinate injection is effective for emergency use in acute attacks of bronchial asthma and other bronchospastic conditions.
2. The drug lacks substantial evidence of effectiveness for its other labeled indications.

B. *Conditions for approval and marketing.* The Food and Drug Administration is prepared to approve abbreviated new drug applications and abbreviated supplements to previously approved new drug applications under conditions described herein.

1. *Form of drug.* Theophylline sodium glycinate preparations are in sterile aqueous solution form suitable for intravenous administration.

2. *Labeling conditions.* a. The label bears the statement, "Caution: Federal law prohibits dispensing without prescription."

b. The drug is labeled to comply with all requirements of the Act and regulations, and the labeling bears adequate information for safe and effective use of the drug. The indications are: For emergency use in acute attacks of bronchial asthma and other bronchospastic conditions.

3. *Marketing status.* Marketing of such drugs may be continued under the conditions described in the notice entitled Conditions for Marketing New Drugs Evaluated in Drug Efficacy Study, published in the FEDERAL REGISTER July 14, 1970 (35 FR 11273), as follows:

a. For holders of "deemed approved" new drug applications (i.e., an application which became effective on the basis of safety prior to Oct. 10, 1962), the submission of a supplement for revised labeling and an abbreviated supplement for updating information as described in paragraphs (a) (1), (i), and (iii) of the notice of July 14, 1970.

b. For any person who does not hold an approved or effective new drug application, the submission of an abbreviated new drug application as described in paragraph (a) (3) (i) of that notice.

c. For any distributor of the drug, the use of labeling in accord with this notice for any such drug shipped within the jurisdiction of the Act as described in paragraph (b) of that notice.

C. *Notice of opportunity for a hearing.* Notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of pertinent parts of the listed new drug application(s) and all amendments and supplements thereto providing for indications lacking substantial evidence of effectiveness referred to in paragraph A.2. of this notice on the grounds that new information before him with respect to the drug(s), evaluated together with the evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling. An order withdrawing approval will not issue with respect to any application(s) supplemented, in accord with this notice, to delete the claim(s) lacking substantial evidence of effectiveness.

Any manufacturer or distributor of such an identical, related, or similar product is an interested person who may in response to this notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) providing for

the claim(s) involved should not be withdrawn.

On or before April 18, 1973, the applicant(s) and any other interested person may file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-88, 5600 Fishers Lane, Rockville, MD 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other interested person to file a written appearance of election on or before April 18, 1973, will constitute an election by him not to avail himself of the opportunity for a hearing.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of pertinent parts of the application(s) which have not been supplemented to delete the indication(s) lacking substantial evidence of effectiveness.

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before April 18, 1973, a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized and full factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14 (b)).

If review of the data submitted by an applicant or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claim(s) involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order making findings and conclusions on such data and withdrawing approval of pertinent parts of the application(s) not supplemented to delete the claim(s) involved.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after the expiration of such 30 days, a written notice of the time and place at which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing con-

templated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

Communications forwarded in response to this notice should be identified with the reference number DESI 6333, directed to the attention of the appropriate office listed below, and addressed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Md. 20034.

ATOMIC ENERGY COMMISSION

[Docket No. 50-382A]

LOUISIANA POWER AND LIGHT CO.

Notice and Order for First Prehearing Conference

In the matter of Louisiana Power and Light Co., Waterford Steam Electric Generating Station, Unit 3.

Take notice, that pursuant to the Atomic Energy Commission's notice of February 23, 1973, published in FEDERAL REGISTER (38 FR 5502) March 1, 1973, and in accordance with the said Commission's rules of practice, a First Prehearing Conference will be held in the subject proceedings on March 27, 1973, at 10 a.m. at the Veterans Administration Building, 811 Vermont Avenue NW., Room 111, Washington DC 20420.

The attorneys for applicant are ordered to:

(1) Be prepared at the said Conference to explain and clarify the meaning and scope of the Attorney General's proposed license conditions; and

(2) Supply to this Board, not later than the date of the said Conference three copies of any and all documents in Applicant's possession (a) which purport to explain or clarify the meaning of the said conditions or (b) which comment upon or propose or describe modus operandi for complying with the said conditions.

The Attorneys for the Antitrust Division of the Department of Justice are requested to appear and be prepared to explain and clarify the meaning and scope of the said proposed license conditions as understood by the Department of Justice.

The Attorneys for the Intervenor and for each of the Petitioners for leave to intervene are ordered to be prepared at the said Conference to concisely and specifically:

(1) Define the alleged situation inconsistent with the antitrust laws or the policies clearly underlying these laws which allegedly will be created or maintained by activities under the proposed license. (Please note that the Board desires a definition of the situation and not a recital of activities creating or maintaining the situation);

(2) State wherein Intervenor's and Petitioner's interest may be affected by the alleged situation;

(3) Point out the nexus of the "situation" to "activities under the proposed license";

(4) State the relief desired and the relationship between said relief and the activities under the license proposed for Waterford Unit 3;

(5) Point out wherein the said relief is not obtainable under the aforesaid "conditions".

The First Prehearing Conference will be concerned with the following matters:

I. Explanation and clarification of the meaning and scope of the Attorney General's proposed license conditions;

II. As to the Intervenor and each Petitioner for leave to intervene, the ascertaining, in concise and specific terms, of:

(a) Intervenor's and Petitioner's contentions as to the situation alleged to be inconsistent with the antitrust laws or the policies clearly underlying these laws which allegedly will be created or maintained by activities under the proposed license;

(b) Wherein the Intervenor's and Petitioner's interest may be affected by the alleged situation;

(c) Relief desired by the Intervenor and Petitioner;

(d) The relationship between the specific relief sought and the activities under the license proposed for Waterford Unit 3; and

(e) The extent to which the said license conditions will not afford such relief.

III. The possibility of developing interim relief which would permit construction of Waterford Unit 3 pending final disposition of all relevant antitrust matters.

IV. Such other matters as may be deemed desirable as contributing to an early initial decision by this Board. This will include a discussion of scheduling of further activities in these proceedings.

Issued at Washington, D.C., this 14th day of March 1973.

By order of the Atomic Safety and Licensing Board.

HUGH K. CLARK,
Chairman.

INDIANA AND MICHIGAN ELECTRIC CO., AND INDIANA AND MICHIGAN POWER CO.

Notice of Opportunity for Hearing on Application for an Extension of Construction Permit Completion Dates

On March 25, 1969, the Atomic Energy Commission (the Commission) issued two provisional construction permits to the Indiana and Michigan Electric Co. and the Indiana and Michigan Power Co. (Companies) for construction of Units 1 and 2 of the Donald C. Cook Nuclear Plant. In accordance with section 185 of the Atomic Energy Act, 42 U.S.C. section 2235, the construction permits for the two units stated the earliest and latest dates for the completion of construction (Unit 1: November 1, 1971 and November 1, 1972, respectively. Unit 2: January 1, 1973 and January 1, 1974, respectively). On October 10, 1972, the Companies requested an extension of the latest permit completion date on both permits, citing bad weather, unexpected labor troubles and delay due to the redesign of certain reactor containment components. The Commission granted the Companies' request by Order dated October 26, 1972 (37 FR 23373), extending the latest completion dates for Units 1 and 2 to November 1, 1974 and December 1, 1975, respectively. On review of this order, however, the Court of Appeals for the District of Columbia Circuit directed the Commission on March 8, 1973:

Promptly to afford the petitioners, and any other interested persons, an opportunity for hearing on the question of whether the Companies have shown "good cause" for extension of the permit completion dates. ("Brooks, et al. v. Atomic Energy Commission," No. 72-1277)

Notice is hereby given that any person whose interest may be affected by the Commission's determination of the Companies' application may file a petition for leave to intervene and request for a hearing on the extension application by April 18, 1973. If a timely request for a hearing, accompanied by a petition for leave to intervene, is filed by an interested person, a hearing will be conducted at a time and place to be announced by the Atomic Safety and Licensing Board (Board) specified below.

The issue to be decided by any hearing on this application is whether the Companies have shown "good cause" for extension of the construction permit completion dates. The specific matters to be considered within the confines of this issue will be determined by the Board on the basis of the petitions submitted. Following a hearing, the Licensing Board shall render a de novo decision. The burden of proof shall be on the Companies.

Papers required to be filed in the proceeding may be filed by mail or telegram addressed to the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Public Proceeding Branch, or may be filed by delivery to the Commission's Public Document Room, 1717 H Street NW., Washington, DC. Pending further order of the Board, persons are required to file, pursuant to the provisions of 10 CFR 2.708 of the Commission's "Rules of Practice," an original and 20 conformed copies of each such paper with the Commission.

A copy of the Companies' application and other documents relevant to the Cook facility are available for inspection by members of the public in the Commission's Public Document Room, 1717 H Street NW., Washington, DC.

In accordance with the Court's decision in the "Brooks" case, supra, construction of the Cook plant will continue pending the outcome of this hearing. Against this background, and the Court's further statement that this hearing is in addition to the hearings presently scheduled for this summer on the continuation, modification, termination, or conditioning of the construction permits and the issuance of operating licenses for the plant (see 37 FR 20996), the Commission has directed that the "good cause" proceeding be concluded with utmost expedition. Final decision on the "good cause" question shall be reached by June 4, 1973. For these purposes the proceeding shall be conducted under the following requirements:

1. The hearing will be held before an Atomic Safety and Licensing Board (Licensing Board) composed of the following members: Jerome Garfinkel, Esq., (Chairman), Mr. Gustave A. Linenberger, and Dr. Ernest O. Salo. Dr. Gerard A. Rohlich has been designated as a technically qualified alternate, and Thomas W. Reilly, Esq., has been designated as an alternate qualified in the conduct of administrative proceedings.

2. The Licensing Board shall render its initial decision by May 18, 1973. In order

to meet this schedule, the Licensing Board shall conduct the hearing as soon as possible.

3. The Licensing Board's initial decision shall constitute the final decision of the Commission unless exceptions are filed within 5 days after its date. If exceptions are filed, the decision shall not be final until Appeal Board review is concluded.

Insofar as this notice and these requirements reflect shortening of time periods otherwise prescribed in 10 CFR Part 2, the Commission finds good cause for such action under 10 CFR § 2.711, for the reasons stated above. We further note that the authority of 10 CFR § 2.711 also extends to the Licensing Board.

Dated at Germantown, Md., this 15th day of March 1973.

By the Commission.

PAUL C. BENDER,
Secretary of the Commission.

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

Subcommittee on Electrical Systems, Control, and Instrumentation; Notice of Meeting

MARCH 14, 1973.

In accordance with the purposes of sections 29 and 182 b. of the Atomic Energy Act (42 U.S.C. 2039, 2232 b.), the Advisory Committee on Reactor Safeguards' Subcommittee on Electrical Systems, Control, and Instrumentation will hold a meeting on March 23, 1973, in Room 1062, at 1717 H Street NW., Washington, DC. The subject scheduled for discussion is the proposed Regulatory Guide: "Availability of Electric Power Sources".

This meeting will be closed to the public, under the authority of section 10(d) of Public Law 92-463 (the Federal Advisory Committee Act).

CIVIL AERONAUTICS BOARD

[Docket No. 21350; Order 73-3-40]

DELTA AIR LINES, INC.

Extension of Temporary Suspension of Service

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 13th day of March, 1973.

By Order 70-3-62, March 13, 1970, the Board authorized Northeast Airlines, Inc. (subsequently merged with Delta Air Lines, Inc.), to suspend its services at Augusta/Waterville and Lewiston/Auburn, Maine, for a period of 3 years.¹ The

¹ This order was reconsidered on remand from the U.C. Court of Appeals for the District of Columbia Circuit in *Air Line Pilots Ass'n., International v. C.A.B.*, 458 F.2d 846 (D.C. Cir. 1972) and reaffirmed by the Board in Orders 72-9-39, September 12, 1972, and 73-1-3, January 2, 1973.

Board provided for immediate termination of the suspension authority if an air taxi operator should reduce the levels of, or cease to provide, the prescribed minimum amount of service.²

On January 19, 1973, Delta filed the subject application in which it requests the Board (1) to extend its suspension authority at Augusta/Waterville and Lewiston/Auburn until 90 days after final decision in the "New England Service Investigation", Docket 22973, and (2) to reduce the required level of replacement service in the Lewiston/Auburn-Boston market from five to three daily round-trip flights. Responsive pleadings were filed by a number of parties.³

Since the subject matter of Delta's application can be divided into two distinct areas, we will discuss the positions of the parties and our disposition of the application under two separate headings, as follows:

I. Renewal of Suspension. In support of its application for extension of its suspension authority, Delta alleges, inter alia, that the circumstances and conditions which originally justified the suspensions in 1970 continue to exist; that Delta would suffer an estimated annual operating loss of \$718,796 if it were required to resume service even assuming that it supplied a minimum pattern with FH-227 aircraft; that neither Delta nor Northeast, its predecessor, has received complaints from the communities or the traveling public with respect to the incumbent replacement service; and that there is no reason for the Board to alter the status quo in advance of its final decision in the "New England Service Investigation."

No party answering Delta's application for renewal of the suspension authority has objected in principle to the extension of that authorization. However, the Lewiston/Auburn Area Chamber of Commerce urges that Delta be required, as a condition to continued suspension, to institute an "Allegheny Commuter" type service in the Lewiston/Auburn-Boston market. The Chamber recognizes that the

² The minimum amount of service is as follows:

(a) Eight round-trip flights on weekdays and four round-trip flights on weekends between Augusta and Boston from May 1 to November 1;

(b) Six round-trip flights on weekdays and three round-trip flights on weekends between Augusta and Boston from November 1 to May 1.

(c) Five daily round-trip flights between Lewiston and Boston.

³ Answers have been filed by the Cities of Lewiston and Auburn and the Lewiston/Auburn Airport Committee, the Lewiston/Auburn Area Chamber of Commerce, Auburn Aircraft Service, the State of Maine, and Executive Airlines, Inc. Delta filed a consolidated reply to the answers.

In addition, the City of Waterville, the Waterville Area Chamber of Commerce and the Waterville Airport Board (the Waterville Parties) filed a reply to Executive's answer together with a motion for leave to file (the otherwise unauthorized document). Delta filed a reply to the Waterville Parties also accompanied by a motion for leave to file. Both motions will be granted.

Board might wish to defer decision on the "Allegheny Commuter" issue, "in view of the progress of the New England Service Investigation."⁴

Upon consideration of the pleadings and all the relevant facts, we have decided to authorize Delta to extend its suspension of service at Augusta/Waterville and Lewiston/Auburn until 90 days after final decision in the "New England Service Investigation." Less than 3 months ago we concluded that Delta's suspension at the points in question, subject to conditions, was consistent with the public interest. Since, with the exception of the contingent objections of the State of Maine already discussed, no party has objected to an extension of the suspension, we reaffirm the findings and conclusions contained in Orders 72-9-39, September 12, 1972 and 73-1-3, January 2, 1973. Accordingly, we conclude that extension of Delta's suspension authority until 90 days after final decision in the "Service Investigation" is in the public interest.⁵

II. Reduction in Frequencies at Lewiston/Auburn. In support of its request for reduction of the replacement service frequencies in the Lewiston/Auburn-Boston market from five to three daily round trips, Delta alleges that Executive has already reduced its service without incurring adverse reaction from the communities and the traveling public; that the replacement service in the market has been sufficient to insure adequate capacity at all times; and that the future of service in the Lewiston/Auburn-Boston market will be fully considered in the "New England Service Investigation."

Executive Airlines, stressing its own recent financial problems, the lack of community complaint concerning the level of service at Lewiston/Auburn, and the pendency of the "Service Investigation", alleges in support of Delta's application that no more than three daily round trip flights are needed at Lewiston/Auburn and that grant of Delta's

⁴ In addition, the State of Maine, contingently "renews all of the objections filed in response to Order 72-9-39" if the Board grants Delta's application for a reduction in the frequency-of-service requirements in the Lewiston/Auburn-Boston market. Since we are granting Delta's application in that respect, the State's objections are technically before us for consideration. We have previously found those objections insufficient to warrant denial of Delta's continued suspension at the points in question (Order 73-1-3), however, and we reaffirm that conclusion here.

⁵ We will deny the request of the Lewiston/Auburn Area Chamber of Commerce that Delta be required to provide an "Allegheny Commuter" type of service. We have denied similar requests by the State of Maine and find in the instant pleadings no reason for departure from our earlier conclusions. See Orders 72-6-63, June 15, 1972 and 73-1-3, January 2, 1973.

application will strengthen Executive while assuring the public of "all the service which it requires."

The Lewiston/Auburn parties argue that reduced traffic did not mandate a reduction of service but rather that the deterioration of service resulted in less demand; that Delta is financially able to resume service; and that the burden is on Delta to assure continued compliance with Orders 70-3-62 and 73-1-3. In addition, they contend that their acquiescence in Executive's service reduction in 1971, just prior to the commencement of its reorganization proceedings, resulted from a desire to assist that carrier through its financial difficulties and should not be construed as acceptance of the situation. The State of Maine asserts that Delta is presently in violation of the terms of Order 73-1-3 and, therefore, that the Board should refuse to process the application with respect to Lewiston/Auburn until Delta fulfills its existing obligations. Moreover, the State argues that, since the Board has previously indicated a desire to maintain the status quo during the pendency of the "New England Service Investigation", it should not now amend the minimum service requirements at a point in issue in that proceeding. The Waterville Parties contend that Executive should be required to reinstate the prescribed frequency of service and that Delta should subsidize the carrier's service if necessary.

In these circumstances, there can be no wholly satisfactory solution. Through an oversight, the unauthorized reduction in the level of replacement service actually operated at Lewiston/Auburn has escaped attention for a period of approximately 18 months, notwithstanding our reimposition as recently as January of this year of the original five round-trip requirement.⁶ Thus, the reduced pattern of service has become the status quo.⁷ Grant of Delta's application at this time will result in no change in the service actually provided; denial of Delta's application, on the other hand, would require the carrier either to reinstate service with its own aircraft (a course of action seriously advocated by no party) or, apparently, to subsidize the services of Executive. While the latter course of action is a valid possibility, we are reluctant to require such steps on an interim basis when the whole matter will

⁶The communities affected apparently preferred to acquiesce in the reduction of service in order to assist reorganization efforts rather than bring the matter affirmatively to the Board's attention.

⁷We do not condone any violation of the Board's orders which may have taken place. On the facts as they now appear, as of the date on which the replacement carrier ceased to provide five daily round trips in this market, the suspension authority of Northeast and Delta terminated by operation of law and, consequently, the carriers were in violation of Orders 70-3-62 and 73-1-3, section 404(a) of the Act and their certificate obligations. Our conclusion herein is not intended to preclude any enforcement proceedings which may be taken as a result of those apparent violations.

soon be before us on a complete record in the "Service Investigation." This is particularly so since, on the basis of the facts before us, it appears that the level of service operated by Executive is sufficient to meet the demands of the market.⁸ Accordingly, we conclude that grant of Delta's request for a reduction in the frequency of replacement service required as a condition to its suspension at Lewiston/Auburn is in the public interest.

Accordingly, it is ordered, That:

1. Delta Air Lines, Inc., be and it hereby is authorized to suspend service at Augusta/Waterville and Lewiston/Auburn, Maine, conditioned upon compliance by Delta with the Railway Labor Act;

2. The authority granted herein shall be subject to the condition that such suspension shall immediately terminate if, at any time during the period set forth in paragraph 4, below, the air taxi service to Augusta/Waterville and/or Lewiston/Auburn should, for any reason, cease or fall below the levels of service described below:

(a) Eight daily round-trip flights, Monday through Friday, in the Boston/Augusta/Waterville market for the period May 1 through October 31;

(b) Six daily round-trip flights, Monday through Friday, in the Boston/Augusta/Waterville market for the period November 1 through April 30;

(c) Four daily round-trip flights Saturday and Sunday in the Boston/Augusta/Waterville market for the period May 1 through October 31;

(d) Three daily round-trip flights, Saturday and Sunday in the Boston/Augusta/Waterville market for the period November 1 through April 30;

(e) Three daily round-trip flights in the Boston-Lewiston-Auburn market;

3. Executive Airlines shall keep on deposit with the Board a signed counterpart of Agreement C.A.B. 18900, an agreement relating to liability limitations of the Warsaw Convention and the Hague Protocol approved by Board Order E-23680, dated May 13, 1966, and a signed counterpart of any amendment which may be approved by the Board and to which the holder becomes a party;

⁸Uncontroverted data submitted by Delta indicate that during 1972, the service generated on average fewer than nine passengers per day in each direction, or scarcely three per flight. Indeed, the peak month, August, produced only 12 passengers per day each way. Even during the 1970-71 period in which five round trips were operated, traffic never exceeded the 20 passengers per day in each direction (roughly four per flight) attained in the summer of 1970. The three round trips operated by Executive provide a basic pattern of service which exceeds the two round-trip standard under which the local service carriers operate and is far in excess of the service which Delta would provide. There are, in fact, no allegations that Executive's service is inadequate; rather, the communities simply desire additional service. While it is doubtless true that more service would generate some increase in traffic, we cannot conclude that the present service is insufficient for the demonstrated needs of the communities.

4. The authority in paragraphs 1 and 2 above, should expire 90 days after the effective date of the final order in the "New England Service Investigation." Docket 22973;

5. The motion of the Waterville Parties for leave to file an otherwise unauthorized document, be and it hereby is granted; and

6. The motion of Delta Air Lines, Inc., for leave to file a late-filed reply, be and it hereby is granted.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

FOREST SERVICE

Draft, March 7

Proposed Off-Road Vehicle Regulations. The statement refers to the proposed regulations on the use of off-road vehicles on National Forest system lands, which have been formulated in accordance with Executive Order 11644. The regulations would provide that recreational off-road vehicles use on National Forest lands be conducted to minimize the impact on the environment. Off-road vehicles used in mineral activities are excepted from the regulations. (19 pages). (ELR Order No. 00390) (NTIS Order No. EIS 73 0390-D)

Draft, March 5

Timber Management Plan, Santa Fe National Forest, N. Mex. County: Several. The proposal is a Timber Management Plan for the Santa Fe National Forest. The Plan is developed around an annual programmed harvest of 42.6 million board feet; the calculated potential yield is 49.4 million board feet yearly. Included is the construction of roads, with 300 miles of new roadway needed to complete the planned system, and 1,200 miles of existing roadway requiring improvement. There will be adverse impact to air, water, soils, natural beauty, and fire control. Wildlife habitat and outdoor recreation will be adversely affected. (95 pages). (ELR Order No. 00364) (NTIS Order No. EIS 73 0364-D)

Draft, March 5

South Holston Unit, Cherokee National Forest, Tenn. Virginia. The proposed action is the initiation of a 10-year management plan for the 37,714-acre Unit of the National Forest. The plan allows for an annual timber harvest of 3.2 million board-feet. Approximately 38 miles of access road will be constructed, along with 10 miles of cycle trails and 11 miles of flat loop trails. There will be improvement of some wildlife habitat, and restrictions placed upon the use of off-road vehicles. Adverse effects of the plan include soil movement and visual impact from logging and motorized vehicles, and dispersed litter from recreationists. (71 pages). (ELR Order No. 00389) (NTIS Order No. EIS 73 0389-D)

Final, March 1

Big Game Habitat Improvement, Idaho. The statement considers the prescribed burning of brushfield and coniferous trees in northern Idaho during (fiscal) 1973-1975, for the purpose of providing forage for Rocky Mountain elk and mule deer. The project area includes the drainages of the Spokane, St. Joe, Clearwater, and Salmon Rivers. Adverse impact will result to air, water, soil, and esthetic qualities. (84 pages). SOIL CONSERVATION SERVICE

Draft, March 1

Baker Lake Watershed, Mont. County: Falcon. The proposal is for a watershed protection project on the 4,128 acre Baker Lake Watershed. Project measures include one floodwater retarding structure and land treatment. One hundred and twenty-two acres of rangeland and 6 acres of wetland will be permanently inundated; 82 acres will be periodically inundated. Because of active oil and gas exploration in the area, the possibility of oil waste pollution in the floodwater retarding basin will be increased by the project. (30 pages). (ELR Order No. 00354) (NTIS Order No. EIS 73 0354-D)

Final, March 1

Stevens-Rugg Watershed, Vt. County: Franklin. The statement considers the implementation of land treatment measures on 10,175 acres and the construction of a collection basin and channel works, for the purpose of flood protection. Ten acres will be committed to the project; construction activity will disturb wildlife habitat. (33 pages) Comments made by: COE, EPA, HEW, HUD and DOI. Red River Waterway. The proposed project is a 294-mile-long navigation project on the Red River, from the Mississippi River to Shreveport, La. States affected are Louisiana, Texas, Arkansas, and Oklahoma. Project measures include the 9-foot deep, 200-foot wide channel; five locks and dams; and related bank stabilization, along with channel realignment, Wildlife, fishery, and forest resources will be adversely affected. Bull Shoals Lake, Ark.: Missouri. The statement refers to the continued operation and maintenance of Bull Shoals Lake, for the purposes of hydroelectric power generation, flood control, recreational uses, and land and water resource management. Power generation and flood control regulation result in lake fluctuations that adversely affect shoreline vegetation. (40 pages) (ELR Order No. 00351) (NTIS Order No. EIS 73 0349-D)

Draft, March 7

Housatonic River Estuary, Conn. The proposed project is the maintenance dredging of major shoal areas in the Housatonic River estuary at Stratford-Milford, Conn. Approximately 185,000 cubic yards of material will be removed and spoiled at a spoil site. Adverse effects will include the destruction of oysters and other benthic forms, and a degradation in water quality. (37 pages). (ELR Order No. 00388) (NTIS Order No. EIS 73 0388-D)

Draft, March 1

Norfolk Lake, Mo., Arkansas. Cowanessque Lake, Pa. County: Tioga. The proposed project involves the construction of a 3,100-foot-long earthfill dam, along with dikes, recreation facilities, and appurtenances, in order to provide flood control and recreation opportunities. The reservoir will permanently inundate 410 acres of land and 4.2 miles of stream; an additional 3,690 acres will be periodically inundated. Much of the land which will be affected is forest. Approximately 600 persons will be displaced by the action. (120 pages). Comments made by: EPA and DOI, agencies of Pennsylvania and New York. (ELR Order No. 00345) (NTIS Order No. EIS 73 0345-F)

Water Quality Management, Huron River, Mich. Counties: Wayne, Washtenaw, Oakland. The statement refers to the Huron River Basin portion of the Interim Water Quality Management Plan for the Southeast Michigan Metropolitan-Regional Area. The proposed action includes the construction of a major new secondary wastewater treatment plant with 90-percent phosphorus removal, at the Huron River discharging to Lake Erie. Also included is an interceptor system that would serve portions of Wayne, Washtenaw, and Oakland Counties. Under the plan existing treatment plants on the Huron River within the 1990 service area would be abandoned. Decreased flows in the Lower Huron, and the discharge of increased amounts of treated wastewater to Lake Erie will result. (199 pages). (ELR Order No. 00357) (NTIS Order No. EIS 73 0357-D)

The proposed action arises from a proceeding presently before the Commission, involving Public Utility District No. 1 of Douglas County and the Washington State Department of Game, regarding a determination of the extent of wildlife losses directly attributable to the Wells Project No. 2149, and mitigation measures as required by the license. Three alternative plans are proposed, including such measures as intensive habitat improvement, the raising and release of pheasants, and continued wildlife studies. Randolph Urban Renewal Area, Va. The Randolph Urban Renewal Project, which consists of 380 acres of urbanized low- and moderate-income residential area in Richmond, is proposed to be a redevelopment and conservation area. Of the 2,173 residential buildings in the area, 1,117 structures (containing 1,613 dwelling units) will be cleared, along with 58 of the 117 nonresidential buildings. Rehabilitation will consist of the construction of 1,053 residential buildings. The relocation of residents within the redevelopment area, and increased air and noise pollution, are adverse impacts of the project. The Downtown Expressway will produce a high concentration of air and noise pollution. (71 pages.) (ELR Order No. 00385) (NTIS Order No. EIS 73 0385-D)

Lakeland Urban Renewal Project, Maryland. County: Prince Georges. The statement refers to an Urban Renewal Project on 105 acres at Lakeland, in College Park. The project will involve residential rehabilitation of 70 units, the clearance of 80 structures, redevelopment for new residential and commercial use, and necessary flood protection measures on Paint Branch and Indian Creeks. Completion of the project could lead to severe downstream flooding and siltation damage to existing or future development. (280 pages). Comments made by: COE, EPA, HEW, and DOI. Final, March 1

San Juan Generating Station, N. Mex. County: San Juan. The statement considers the construction of the first (345 mw.) unit of a coal-burning thermal electric generating station 12 miles northwest of Farmington; a 345 kV transmission line 400 miles to Tucson, Ariz.; a 160-mile, 345-kV. line to Espanola, N. Mex.; two 9-mile segments of line; and stripmining at Fruitland Field. Ultimate capacity of the station will be 1290 Mw. by 1982. Approximately 44 acres per year will be stripmined for each 345-Mw. unit; SO₂ and NO_x will be emitted, along with particulates at 99.5 percent control; archeologic and historic sites may be adversely affected. (approximately 600 pages) Comments made by: USDA, EPA, AEC, HEW, HUD, DOC, COE, and TVA. (ELR Order No. 00342) (NTIS Order No. EIS 73 0342-F)

FEDERAL AVIATION ADMINISTRATION

Draft, March 1

Litchfield Municipal Airport, Ill. County: Montgomery. The proposed project contemplates acquiring land to construct, light and mark a 600-foot x 75-foot extension to the E/W runway. The action also includes installation of VASI, overlaying the existing taxiway, and constructing T-hangers, taxiway, and apron. There will be temporary increases in air pollution during construction and an increase in the noise level for residences east of the project. (46 pages). (ELR Order No. 00352) (NTIS Order No. EIS 73 0352-D)

FEDERAL HIGHWAY ADMINISTRATION

Highway 82 Bypass, El Dorado, Ark. County: Union. The statement refers to the proposed construction of 5.9 miles of four-lane, divided highway. The project will bypass the City of El Dorado, beginning on the western edge of El Dorado and terminating east of U.S. 167 on the east edge of the city. Ten families will be displaced. An unspecified amount of industrial land will be acquired for right of way. Disruption to traffic and increases in ambient noise and air pollution levels for certain areas will occur. (14 pages). (ELR Order No. 00346) (NTIS Order No. EIS 73 0346-D)

State Routes 106 and 30, California. County: San Bernardino. The statement refers to the proposed construction of 6.6 miles of six-lane freeway to form a connecting link between Interstate Route 10 and existing State Route 30. The facility will provide a continuous freeway system around the major portion of the City of San Bernardino and provide an all-weather crossing of the Santa Ana River. Seventy-seven single family residences, 11 apartments, a 60-space mobile home park and four commercial units will be displaced. Sound levels may be a problem in 11 areas. (50 pages). (ELR Order No. 00359) (NTIS Order No. EIS 73 0359-D)

Draft, March 2

U.S. Route 101, California. County: Humboldt. The proposed project consists of reconstructing a 1.7-mile segment of an existing four-lane facility to an initial four-lane divided freeway with provisions for two additional lanes. The project will displace 167 families, 17 businesses and two churches; 53 acres of land will be acquired for right of way. A section 4(f) statement was filed to obtain Vinum Park. Adverse effects will include increased air and noise pollution. (66 pages). (ELR Order No. 00360) (NTIS Order No. EIS 73 0360-D)

Draft, March 6

Mission Road Grade Separation, California. County: Los Angeles. The proposed project provides for a separation of grade between the Southern Pacific Co.'s El Paso Line Tracks and two City of Los Angeles streets—Mission Road and Griffin Avenue. The separation will be accomplished by lowering the railroad track and raising the street grade on two vehicular bridges. Approximately 48 families will be displaced and 20 businesses affected by the project. Construction disruption, tree removal, and encroachment on section 4(f) land from Lincoln Park are adverse effects of the action. (78 pages). (ELR Order No. 00380) (NTIS Order No. EIS 73 0380-D)

Draft, March 7

Boulder Bypass (SR 157), Colorado. County: Boulder. The statement considers seven alternate locations for the design and construction of State highway 157 from State highway 119 north of the City of Boulder to either State highway 93 or U.S. 366 south of the city. Construction of any of the proposed alignments will affect local and regional traffic movement, noise and air quality, and land use in the Boulder Valley. (257 pages). (ELR Order No. 00384) (NTIS Order No. EIS 73 0384-D)

Draft, March 6

Interstate 75, Florida. Counties: Broward, Dade. The proposed project involves the construction of a 23-mile segment of I-75. The corridor will displace 5 to 26 families and 12 to 16 businesses; an unspecified amount of acreage will be acquired for right of way. An increase in noise pollution levels will occur. (204 pages). (ELR Order No. 00379) (NTIS Order No. EIS 73 0379-D)

Draft, March 5

New Cut Road—Louisville, Ky. County: Jefferson. The proposed project is the improvement of 1.7 miles of New Cut Road. Three dwelling units and one business will be acquired for right of way. A section 4(f) statement will be filed to obtain 3 acres from the Iroquois Park. Adverse impacts will include loss of timber, and increased air and noise pollution levels. (68 pages). (ELR Order No. 00362) (NTIS Order No. EIS 73 0362-D)

Draft, March 1

Relocated U.S. Route 140 (Northwest Expressway), Maryland. County: Baltimore. The proposed project consists of the construction of a six-lane divided highway on new location for both Relocated U.S. 140 (Northwest Expressway) and Relocated Maryland Route 30 (Reisters-town Bypass). Also included is a two-track rapid rail transit line in the median of the highway from the Baltimore City line to Pontiac Mill Road, a distance of 5.5 miles. Total project length is 14.4 miles. The displacement of residents, conflict with the potential Stream Valley Park along Gwynn Falls, and increases in noise levels are adverse effects of the action. (245 pages). (ELR Order No. 00341) (NTIS Order No. EIS 73 0341-D)

Missouri Route 63, Missouri. County: Boone. The statement refers to the proposed relocation of a 6.9-mile segment of route 63 with half the project located in the city limits of Columbia. The action consists of an ultimate four-lane divided highway including four interchanges and four grade separation structures, with full control of access. Approximately 300 acres will be acquired for right of way. Ten families and one business will be displaced. Adverse effects include loss of tax base and loss of wildlife habitat. (14 pages). (ELR Order No. 00355) (NTIS Order No. EIS 73 0355-D)

Draft, March 2

Southern Tier Expressway (Route 415), New York. County: Steuben. The proposed project is the construction of a portion of the Southern Tier Expressway. Depending upon the alternate chosen, the facility will vary from 8 to 14 miles in length and displace 35 to 80 families and zero to 30 businesses. The facility will traverse the Chemung River requiring riverbank relocations and crossing, thus causing erosion and siltation. Adverse effects will include loss and disruption of fish and wildlife habitat, and increased air and noise pollution. Flood control programs will be affected. (150 pages). (ELR Order No. 00361) (NTIS Order No. EIS 73 0361-D)

Draft, March 7

Relocation of WVA 2, West Virginia. County: Cabell. The statement refers to the proposed construction of approximately 4 miles of West Virginia route 2 beginning north of an intersection with Cabell County route 3 and extending beyond the Cabell-Mason County line. A 700-foot bridge over the Baltimore and Ohio Railroad and a 200-foot bridge over Guyan Creek will be constructed. Adverse effects include displacement of 10 residences, disturbance of the Guyan Creek bottom, and temporary increases in noise and air pollution. (58 pages). (ELR Order No. 00387) (NTIS order No. EIS 73 0387-D)

Park Freeway and Spur, Wisconsin. County: Milwaukee. The statement refers to the proposed construction of the Park Freeway and Spur, a 2.7 mile portion of the Milwaukee County Expressway System. The multilane facility is designed to connect with the recommended Stadium Freeway (north) on the west and with the North-South Freeway (U.S. 41) on the east, in the City of Milwaukee. Relocation and land acquisition impacts are 99 percent complete. Adverse effects of the project include the concentration of air and sound pollution in the freeway corridor. (108 pages). (ELR Order No. 00383) (NTIS Order No. EIS 73 0383-D)

Final, March 8

State Route 20, Alabama. County: Lauderdale. The proposed project is the relocation of 7.08 miles of route 20 from the Alabama-Tennessee State line to the Natchez Trace Parkway. Approximately 200 acres of rural land will be acquired for right-of-way. Four families and one business will be displaced. Opportunities for hunting and small game habitat will be affected. (49 pages). Comments made by: EPA, DOC, DOI, HUD, HEW, DOT, TVA, and USDA. (ELR Order No. 00371) (NTIS Order No. EIS 73 0371-F)

Mount Horeb Bypass, Wisconsin. County: Dane. The statement refers to the corridor location of the bypass, which would begin at highway 78 and proceed easterly to the junction of highways 18 and 151. Two streams would be crossed by the four-lane facility, and approximately 200 acres would be taken for right-of-way. (32 pages). Comments made by: USDA, EPA, DOI, and DOT. (ELR Order No. 00369) (NTIS Order No. EIS 73 0369-F)

FEDERAL COMMUNICATIONS COMMISSION

[Report 639]

COMMON CARRIER SERVICES INFORMATION¹

Domestic Public Radio Services Applications Accepted for Filing²

MARCH 12, 1973.

Pursuant to §§ 1.227(b) (3) and 21.30 (b) of the Commission's rules, an appli-

cation, in order to be considered with any domestic public radio services application appearing on the list below, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cutoff dates are set forth in the alternative—applications will be entitled to consideration with those listed below if filed by the end of the 60-day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest

action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL]

BEN F. WAPLE,
Secretary.

¹ All applications listed below are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations, and other requirements.

² The above alternative cutoff rules apply to those applications listed below as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio and Local Television Transmission Services (Part 21 of the rules).

APPENDIX

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

- 6386-C2-P-73—Springfield Radio Communications, Inc. (New), C.P. for a new two-way station to operate on 454.025 MHz at Buck Mountain, Springfield, Oregon.
- 6378-C2-P-73—Mobilphone-Paging Radio Corp. (KRS653), C.P. to replace transmitter, operating on 152.24 MHz near Ashby Street, Johnston, R.I.
- 6387-C2-P-73—Tel-Illinois, Inc. (New), C.P. for a new one-way paging station to operate on 152.24 MHz at 3 miles north of Centralia city center, Illinois.
- 6388-C2-P-(2)-73—Airsignal of California, Inc. (KMA287), C.P. to change antenna system, frequency, and replace transmitter to operate on 2121.60 MHz control at 238 North Fresno Street, Fresno, CA, and on 2,171.60 MHz repeater at KFTV Tower, Bald Mountain, Meadow Lakes, Calif.
- 6377-C2-AP-73—Page-Two, Inc. (KUO556), consent to assignment of permit from Page-Two, Inc., assignor to Tel-Illinois, Inc., assignee. Station: KUO556, Galesburg, Ill.
- 6389-C2-P/ML-73—New York Telephone Co. (KC5161), C.P. and license to add five mobile units to operate on 35.42, 35.50, 35.66, 43.42, 54.50, 152.51, 152.54, 152.57, 152.60, 152.63, 152.66, 152.69, 152.72, 152.75, 152.78, 152.81, 152.84, 158.10, 157.77, 157.80, 157.83, 157.86, 157.92, 157.95, 157.98, 158.01, 158.04, 158.07, 454.375, 454.400, 454.425, 454.450, 454.475, 454.500, 454.525, 454.550, 454.575, 454.600, 454.625, 454.650, 454.675, 454.700, 454.750, 454.800, 454.850, 454.900, 454.950, 459.375, 459.400, 459.425, 459.450, 459.475, 459.500, 459.525, 459.550, 459.575, 459.600, 459.625, 459.650, 459.700, 459.750, 459.800, 459.850, 459.900, and 459.950 MHz within the territory of the grantee (developmental).
- 6461-C2-AL-73—Collins Communications Co. (KLF605), consent to assignment of license from Collins Communications Co., assignor to Telepage, Inc., assignee. Station: KLF605, Cuitus Mountain, Wash.
- 6462-C2-AL-(2)-73—Lafayette Radiofone (KLF621, KKO352), consent to assignment of license from Lafayette Radiofone, assignor to Gulf Central Communications & Electronics, Inc., assignee. Stations: KLF621 and KKO352, Lafayette, La.
- 6463-C2-P-(4)-73—Hawaiian Telephone Co. (KUA216), C.P. to change antenna system, operating on 152.51, 152.63, 152.69, and 152.81 MHz at Mount Tantalus, 2.9 miles northeast of Honolulu, Hawaii.
- 6464-C2-P-(4)-73—Radiofone of Georgia, Inc. (KIR202), C.P. to replace transmitter and change power. To operate on 152.03 MHz at Dewey Street and Wilson Avenue, Albany, Ga.
- 6465-C2-P-73—General Communications Service, Inc. (KSV965), C.P. to change antenna location, to operate on frequency: 35.23 MHz at 2 Peachtree Street NW., Atlanta, GA.
- 6466-C2-P-73—Tel-Page, Inc. (KMB305), C.P. to replace transmitter, change emission and delete standby transmitter. Operating on 43.58 MHz on San Bruno Mountain, 2.5 miles from South San Francisco, Calif.
- 6467-C2-P-73—Radiofone, James D. and Lawrence D. Garvey doing business as (New), C.P. for a new one-way signaling station to operate on 158.70 MHz at 0.5 mile north-northeast, Houma, La.
- 6468-C2-MP-73—Jacksonville Radio Dispatch Service (KTS254), C.P. to change antenna location, control point location, change antenna system, and to replace transmitter, operating on 454.100 MHz at 373 Dobbs Road, St. Augustine, FL.
- 6469-C2-TC-(2)-73—Anserfone, Inc., consent to transfer of control from Lamar B. Hill and Elizabeth O. Bolling, transferor to A. Herbert Turpin and Douglas G. Gentry, transferees. Station: KIR205 and KSV932, Macon, Ga.
- 6470-C2-MP-73—Bennett Answering Service (KOP326), C.P. to replace transmitter, operating on 152.06 MHz at Hurley Hospital, Begole and Sixth Avenue, Flint, MI.
- 6471-C2-P-73—New England Telephone & Telegraph Co. (KCA689), C.P. to add a new antenna site at 15 Chestnut Street, Worcester, MA, and operating on 454.575 MHz (location No. 2).

- 6472-C2-P-73—Radiofons Corporation of New Jersey, Inc. (KQ1776), C.P. to add an antenna location (No. 2) to operate on 454.275 MHz at the General Motors Building, 767 Fifth Avenue, New York, N.Y.
- 6473-C2-P-73—Radiofons Corporation of New Jersey, Inc. (KQ2777), C.P. to add an antenna location (No. 3) to operate on 454.050 MHz at the General Motors Building, 767 Fifth Avenue, New York, N.Y.
- 6474-C2-P-73—Cascadia Utilities, Inc. (KOP224), C.P. for additional facilities, operating on 454.500 MHz at Top Day Hill Road, 2 miles south of Esacanda, Ore.
- 6475-C2-P-73—Morris Communications, Inc. (KSV933), C.P. to change antenna location at 50 View Point Drive, Greenville, SC, operating on 158.70 MHz (one-way).
- 6476-C2-P-73—Morris Communications, Inc. (KFL880), C.P. to change antenna location and to replace transmitter at 50 View Point Drive, Greenville, SC, and operating on 35.23 MHz (one-way signaling).
- 6482-C2-P-73—Peacock Radio Service (KLF662), C.P. to change antenna system, antenna location, control point location, and to replace transmitter, operating on 152.24 MHz at 1100 Cleveland Street, Clearwater, FL (one-way paging).
- 6483-C2-P-73—Peacock Radio Service (KLF387), C.P. to change antenna system, antenna location, control point location, and to replace transmitter, operating on 152.03 and 152.15 MHz at 1100 Cleveland Street, Clearwater, FL.

Major Amendments

- 2685-C2-P-73—(New), Charles P. Oden doing business as Oden Communications Co., O'Neill, Neb. Amend to change base frequency from 152.18 MHz to 152.12 MHz. All other particulars of operation remain as reported in Public Notice No. 620, dated October 30, 1972.
- 1097-C2-P-73—(KQ2734), Frank L. Yates, Jr. doing business as Gulf Mobilphone, Gulfport, Miss. Amend to change the base station antenna system, the orientation of the base station antenna and the effective radiated power. All other particulars of operation remain as reported in Public Notice No. 611, dated August 28, 1972.

Correction

- Major amendment: 1765-C2-P-73—Industrial Communications, Inc. (KSV928), correct Public Notice No. to read 615 instead of 165. All particulars to remain the same as reported in Public Notice No. 638, dated March 5, 1973.

RURAL RADIO SERVICE

- 6462-C1-AL-73—Lafayette Radiofons (KLU50), consent to assignment of license from Lafayette Radiofons, assignor to Gulf Central Communications & Electronics, Inc., assignee. Station: KLU50 Temporary-fixed.

POINT-TO-POINT MICROWAVE RADIO SERVICE

- 6346-C1-P-73—The Bell Telephone Company of Pennsylvania (KYS58), Ramsey Hill, 2.6 miles southwest of Lewisberry, Pa. Latitude 40°05'12" N., longitude 76°53'23" W. C.P. to add power amplifier and change power on frequency 10,875V MHz toward Mount New-man, Pa.
- 6347-C1-P-73—The Western Union Telegraph Co. (KNG60), 1.2 miles north of Aukum, Calif. Latitude 38°34'25" N., longitude 120°43'32" W. C.P. to add frequency 6123.1V MHz toward Thornton, Calif.
- 6348-C1-P-73—Same (New), 4.4 miles north of Thornton, Calif. Latitude 38°17'00" N., longitude 121°25'10" W. C.P. for a new station on frequency 6375.2V MHz toward Cordella, Calif.; frequency 6386.2V MHz toward Mount Aukum, Calif.
- 6349-C1-P-73—Same (New), 4.4 miles northwest of Cordella, Calif. Latitude 38°14'51" N., longitude 122°12'09" W. C.P. for a new station on frequency 6123.1V MHz toward San Francisco, Calif.; frequency 6394.2V MHz toward Thornton, Calif.

[Independent Ocean Freight Forwarder
License 1366]

JUAN GALLEGOS MOVING & STORAGE CORP.

Order of Revocation

By letter dated January 16, 1973, Juan Gallegos Moving & Storage Corp., 118 Hudson Street, New York, NY 10013, was advised by the Federal Maritime Commission that Independent Ocean Freight Forwarder License No. 1366 would be automatically revoked or suspended unless a valid surety bond was filed with the Commission on or before February 15, 1973.

Section 44(c), Shipping Act, 1916, provides that no independent ocean freight forwarder license shall remain in force unless a valid bond is in effect and on file with the Commission. Rule 510.9 of Federal Maritime Commission General Order 4, further provides that a license will be automatically revoked or suspended for failure of a licensee to maintain a valid bond on file.

Juan Gallegos Moving & Storage Corp. has failed to furnish a valid surety bond.

By virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commission Order No. 1 (revised) § 7.04(g) (dated 5-1-72):

It is ordered, That Independent Ocean Freight Forwarder License No. 1366 of Juan Gallegos Moving & Storage Corp. be returned to the Commission for cancellation.

It is further ordered, That Independent Ocean Freight Forwarder License No. 1366 of Juan Gallegos Moving & Storage Corp. be and is hereby revoked effective February 15, 1973.

It is further ordered, That a copy of this order be published in the FEDERAL REGISTER and served upon Juan Gallegos Moving & Storage Corp.

AARON W. REESE,
Managing Director.

[Docket No. CP72-208]

ALABAMA GAS CORP. AND SOUTHERN NATURAL GAS CO.

Order Granting Intervention and Denying Application of Alabama Gas Corporation

MARCH 13, 1973.

On February 22, 1972, Alabama Gas Corp. (Alabama) filed in Docket No. CP72-208 an application pursuant to section 7(a) of the Natural Gas Act, requesting the Commission to issue an order requiring Southern Natural Gas Co. (Southern) to establish three additional delivery points to enable Alabama to sell natural gas on an interruptible basis to three of Southern's existing direct customers, American Can Co., Gulf States Paper Corp. and MacMillan Bloedel, Inc. Alabama would supply the interruptible requirements from valley gas generated by the grouping of contracts demands as permitted by Southern's Tariff.

As a present customer of Southern, Alabama is served under Rate Schedule OCD-2 pursuant to an effective service agreement. It presently purchases its total contract demand from Southern at an annual load factor of about 61 percent. Therefore, Alabama proposes to make the proposed sales by increasing its purchases of commodity gas from Southern, thus utilizing more of its contract demand on an annual basis.

In its answer, Southern claims, among other things, that the application by Alabama does not meet the public interest requirements as set forth in section 7(a) of the Natural Gas Act. In support of its claim, Southern states that granting the request would result in increased annual sales to Alabama which would thereby require Southern to reduce deliveries to

its present resale and direct customers.

Timely petitioners to intervene in Docket No. CP72-208 were filed by Marengo Corp. on March 13, 1972, and by Carolina Pipeline Co. on March 16, 1972. A late petition to intervene was filed by the City of Linden, Ala. (Linden), on April 14, 1972.

Applicant's request, if granted, would result in a shifting of direct interruptible industrial customers to a distributor. Since Alabama's proposed gas supply is its existing valley gas under Southern's firm rate schedule, its proposal would transfer Southern's existing direct interruptible service for direct customers to added demand on the firm delivery quantities of Alabama.

It was past Commission policy to favor service to industrial customers through local distributors. (Panhandle Eastern Pipe Line Company, 13 FPC 301 (1954); Southern Natural Gas Company, 25 FPC 925 (1961); Northern Natural Gas Company, 33 FPC 501 (1965); Panhandle Eastern Pipe Line Company, 36 FPC 1107 (1966), aff'd sub nom "Panhandle Eastern Pipe Line Company v. Federal Power Commission, 386 F. 2d 607 (3d Cir. 1967)). However, the shifting of interruptible loads from a pipeline to a distributor is not an absolute rigid policy. As we said in Panhandle: "The policy of this Commission which protects the right of the local distributor to render sales to industrial customers within its area of service is conditional—it does not apply if economic considerations preclude it." (36 FPC at 1112.)

Economic considerations include the impact of the shifting of an interruptible industrial customer from a pipeline to a distributor because it effects both the ability of the pipeline company to manage its gas supply and the pipeline's load balancing operations.

Also, the end result of granting this type application would not be in the public interest during periods of curtailment because a transfer from a direct to a resale load, as is contemplated here, would have the effect of enabling a distributor to allocate the gas as it sees fit, thereby allowing the distributor to continue service to interruptible industrials during the curtailment period, while reducing full service to higher priority customers. As we have stated in Missouri Edison Company, Opinion No. 614, 47 FPC — (1972) " * * * it would be unwise for this Commission to encourage direct interruptible industrial customers to migrate to distributors since this may result in their avoiding the effect of curtailment plans which are now necessary on many pipeline systems. Such migration could result in increased use of natural gas for industrial purposes and would undermine the essential need of the pipeline companies to maintain a high degree of flexibility during periods of gas supply shortage."

Therefore, it is our conclusion that this application is not in the public interest and should, therefore, be denied.

The Commission finds:

(1) The participation of Marengo Corp., Carolina Pipeline Co., and City of Linden, Ala., in this proceeding may be in the public interest.

(2) Good cause exists to deny Alabama's application for an order under section 7(a) of the Natural Gas Act.

The Commission orders:

(A) Each of the above-named petitioners is permitted to intervene in this proceeding subject to the Rules and Regulations of the Commission: *Provided however*, That the participation of said interveners shall be limited to matters affecting asserted rights and interests specifically set forth in the petitions to intervene; and *Provided further*, That the admission of such interveners shall not be construed as recognition by the Commission that they or any of them might be aggrieved by any order or orders entered in this proceeding.

(B) For the reasons hereinbefore stated, Alabama's application is denied.

By the Commission.

Secretary.

[Docket No. G-7214]

CALIFORNIA CO.

Notice of Petition To Amend

MARCH 13, 1973.

Take notice that on March 5, 1973, The California Co., a division of Chevron Oil Co. (Petitioner), 1111 Tulane Avenue, New Orleans, LA 70112, filed in Docket No. G-7214 a petition to amend the order issuing a certificate of public convenience and necessity in said docket pursuant to section 7(c) of the Natural Gas Act by authorizing the sale of natural gas from additional acreage to Texas Eastern Transmission Corp. (Texas Eastern) from the Gist Field, Newton, and Jasper Counties, Tex., and by authorizing the sale of previously dedicated gas to Texas Eastern at an increased price, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

Petitioner states that it is presently authorized to sell natural gas to Texas Eastern at 19 cents per Mcf at 14.65 p.s.i.a. pursuant to a contract on file as Petitioner's FPC Gas Rate Schedule No. 54, that said contract has expired, and that Petitioner proposes to sell gas from previously dedicated and additional acreage at 24 cents per Mcf at 14.65 p.s.i.a. subject to upward and downward B.t.u. adjustment. Petitioner has filed a superseding contract for the sale of gas from all of the acreage.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before April 2, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to par-

ticipate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

[Project No. 2530]

Notice of Application for a Change in Land Rights

MARCH 13, 1973.

Public notice is hereby given pursuant to section 4(e) of the Federal Power Act (16 U.S.C. 791a-825r) that an application for a change in land rights was filed on December 21, 1972, by Central Maine Power Co. (correspondence to: Mr. Seward B. Brewster, Secretary, Central Maine Power Co., 9 Green Street, Augusta, ME 04330) licensee for Project No. 2530, known as the Hiram Project, located on the Saco River in the towns of Hiram, Baldwin, Brownfield, and Denmark, in the counties of Cumberland and Oxford, Maine.

Applicant proposes to lease for 1 year and thereafter from year to year approximately 1.5 acres of project lands to the town of Hiram to provide recreational facilities for its residents and others. The land to be leased is situated north of 1,600 feet long and varies in width from 20 to 125 feet, and is bordered by the road leading from Hiram to Cornish and the Saco River.

The town proposes to erect two open wood frame picnic shelters with picnic tables and plans to develop a small boat and canoe landing to allow public access to the Saco River from the Hiram-Cornish Road.

Any person desiring to be heard or to make protest with reference to said application should on or before April 16, 1973, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to a proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and is available for public inspection.

[Docket No. E-7825]

CENTRAL MAINE POWER CO.

Notice of Initial Rate Schedule Filing

MARCH 15, 1973.

Take notice that Central Maine Power Co. (Maine) on November 13, 1972, tendered for filing an initial rate schedule. The filing consist of a composite pur-

chase contract between Maine, Bangor Hydro-Electric Co., and Maine Public Service Co. (Sellers) and Eastern Maine Electric Cooperative, Inc., and Houlton Water Co. (Purchasers).

Sellers comprise 3 of the 11 sponsoring companies of Maine Yankee Atomic Power Co. (Maine Yankee, licensed to construct, own, and operate a nuclear generating unit in the town of Wiscasset, Maine, which will have an initial gross capability of 830 megawatts electric. Maine states that commercial operation of the unit and delivery of electricity are expected to commence about December 1, 1972. Maine has therefore proposed an effective date of December 1, 1972.

Maine has mailed copies of this filing to the Purchasers. Maine also states that the service furnished at the proposed rates is limited to wholesale sale of electricity.

Maine avers that because the unit has been licensed by the AEC to operate at less than its initial design level for less than the usual 40-year period, estimates required by § 35.12(b) cannot be made with relative accuracy. Maine estimates that in the first year at 75 percent of capacity and 80 percent station factor, 3,969,000 megawatt hours will be produced, and total costs to be allocated will be \$47,700,000.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with sections 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before March 29, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. C173-588]

COLUMBIA GAS DEVELOPMENT CORP.

Notice of Application

MARCH 13, 1973.

Take notice that on March 5, 1973, Columbia Gas Development Corp. (Applicant), 20 Montchanin Road, Wilmington, DE 19807, filed in Docket No. C173-588 an application pursuant to section 7(c) of the Natural Gas Act and § 2.75 of the Commission's general policy and interpretations (18 CFR 2.70) for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Columbia Gas Transmission Corp. (Columbia Transmission) from Blocks 268 and 267, Block 255 Field, Vermillion Area, offshore Louisiana, all as more fully set forth in the application

which is on file with the Commission and open to public inspection.

Applicant proposes under the optional gas pricing procedure to sell natural gas to Columbia Transmission at an initial rate of 45 cents per Mcf at 15.025 p.s.i.a., subject to upward and downward B.t.u. adjustment. The basic contract for the subject sale dated February 20, 1973, provides for price escalations of 1 cent per Mcf every year, for reimbursement to the seller for all of any additional or increased taxes and for a term of 20 years. Estimated monthly sales volumes are 450,000 Mcf of gas.

Applicant asserts that for the gas reserves dedicated to the subject contract a minimum of 45 cents per Mcf must be obtained. Applicant states that the gas industry is having a great difficulty in raising adequate outside funds to meet the increasing costs of lease acquisition and exploratory programs and that higher prices like the present one will help overcome this reluctance of investors to commit funds toward offshore Louisiana projects. Applicant believes that the proposed price will help provide a cash flow and develop earnings that will attract necessary capital to its gas exploration program. Applicant further asserts that its overall program to obtain additional gas supplies has in the past operated at a deficit, mainly attributable to the fact that it has not been permitted prices for its gas which fully recognize the investments made and the costs incurred. Applicant, which is affiliated with the purchaser, indicates that the 45 cent price is the same as the contract price under Columbia Transmission's contracts with certain other nonaffiliated independent producers.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 6, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required,

further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

EAST TENNESSEE NATURAL GAS CO.

Notice of Application

MARCH 13, 1973.

Take notice that on March 5, 1973, East Tennessee Natural Gas Co. (Applicant), Post Office Box 1024, Knoxville, TN 37919, filed in Docket No. CP73-228 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities, all

as more fully set forth in the application which is in file with the Commission and open to public inspection.

Applicant requests authorization to construct and operate one additional 1,100-h.p. gas turbine compressor at its existing Compressor Station No. 3119 near Wartburg, Tenn. Applicant asserts that the proposed compressor will provide the maximum recovery of deliverability when any engine on its system is out of service, off-peak operating flexibility, and a more functional maintenance schedule. Applicant states that the proposed facilities will not provide added capacity or new sales.

Applicant estimates the cost of the proposed compressor facilities at \$385,900, which it proposes to finance from general funds or from affiliated company advances or a combination of both.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 6, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. [Docket No. CP73-33]

FLORIDA GAS TRANSMISSION CO. AND
TEXAS GAS TRANSMISSION CORP.

Notice of Amendment to Application

MARCH 12, 1973.

Take notice that on February 27, 1973, Florida Gas Transmission Co. (Florida Gas), Post Office Box 44, Winter Park,

FL 32789, and Texas Gas Transmission Corp. (Texas Gas), Post Office Box 1160, Owensboro, KY 42301, filed in Docket No. CP73-33 an amendment to their application in said docket for a certificate of public convenience and necessity authorizing the exchange of natural gas between the two companies, all as more fully set forth in the amendment which is on file with the Commission and open to public inspection.

On August 3, 1972, Florida Gas and Texas Gas filed in Docket No. CP73-33 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the exchange of natural gas pursuant to an agreement between the two companies, dated July 10, 1972. Applicants state that it was contemplated that Texas Gas would deliver approximately 15,000 m.c.f. of gas per day, and occasionally up to 50,000 m.c.f. per day, to Florida Gas during the period July 10, 1972, through March 1, 1973, and that Florida Gas would thereafter return the gas at a rate of approximately 5,000 m.c.f. per day until Texas Gas received full repayment of the gas delivered to Florida Gas. Deliveries by Texas Gas were commenced on July 10, 1972, within the contemplation of Section 157.22 of the Regulations under the Natural Gas Act (18 CFR 157.22). Deliveries continued until November 21, 1972, when, Texas Gas states, it had to discontinue them because of unanticipated developments in respect to its own supply. Applicants state that by the time deliveries were terminated, Texas Gas had delivered a total of 3,208,521 m.c.f. (15.025 p.s.i.a.) to Florida Gas. Applicants further state that no more deliveries to Florida Gas will be made under the subject exchange agreement.

Accordingly, Applicants now amend their application herein to request authority for Florida Gas to return the exchange gas to Texas Gas under the terms of the agreement of July 10, 1972. They contemplate that redeliveries will begin on April 1, 1973, and continue until Texas Gas has received a total volume equivalent to that previously delivered by Texas Gas to Florida Gas. The amendment indicates that redeliveries will be made at the rate of approximately 4,400 Mcf of gas per day for so long as it is necessary to complete the pay-back.

Any person desiring to be heard or to make any protest with reference to said amendment should on or before April 2, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must

file a petition to intervene in accordance with the Commission's rules.

IDAHO POWER CO.

Notice of Proposed Increase in Rates and Charges

MARCH 13, 1973.

Take notice that on February 28, 1973, Idaho Power Co. filed in this docket a proposed increase in rates for sales of electric power to California-Pacific Utilities Co. Idaho Power states that the present rates have been in effect since

November 1, 1957, for the Van-Unity-Burns delivery points and since August 1, 1961, for the Baker-La Grande delivery points. Idaho Power further states that since these dates the company has been required to make substantial investments to serve these loads, and the cost of labor, materials and supplies, taxes, purchased power, interest and preferred dividends have increased materially.

The proposed increase in rates totals \$564,237 annually based on costs and revenues for test year 1971. The company requests that the proposed increase in rates be made effective 60 days after the date of filing, which would be April 29, 1973.

Copies of the present filing were mailed by the Company to California-Pacific Utilities Co. and the regulatory agencies of Oregon and Idaho.

Any person wishing to be heard with reference to Idaho Power Co.'s rate increase application in this docket should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 2, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. LINCOLN ROCK CORP.

Notice of Application

MARCH 13, 1973.

Take notice that on March 6, 1973, Lincoln Rock Corp. (Applicant), Post Office Box 418, Northfield, IL 60093, filed in Docket No. C173-590 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Cimarron Transmission Company from acreage in Love County, Oklahoma, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to sell approximately 30,000 Mcf of gas per month for 11 months at 35 cents per Mcf at 14.65 p.s.i.a. within the contemplation of § 2.70 of the Commission's General Policy and Interpretations (18 CFR 2.70). The application states that the purchaser's sole customer is Natural Gas Pipeline Company of America.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions

to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before March 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MARCH 13, 1973.

Take notice that on March 5, 1973, Northern Natural Gas Co. (Applicant), 2223 Dodge Street, Omaha, NE 68102, filed in Docket No. CP73-227 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain interconnecting facilities with the pipeline system of Midwestern Gas Transmission Co. (Midwestern) and the transportation and delivery to Midwestern of up to 12,000 Mcf of gas per day for the account of Northern States Power Co. (Northern States), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The application indicates that Northern States purchases gas from Midwestern for resale distribution service in and around the communities of Fargo and Grand Forks, N. Dak. Northern States has advised Applicant that it is currently experiencing a shortage of gas supply to meet the anticipated load growth of its residential and small volume commercial and industrial customers in these communities. Applicant states that in order to assure maintenance of adequate service to these customers, Northern States has contracted with Midwestern and Applicant for the delivery of gas by Midwestern to Northern States in the Fargo and Grand Forks areas in exchange for gas volumes to be concurrently redelivered by Applicant to Midwestern in Chisago and Isanti Counties, Minn., for the account of Northern States.

Applicant and Northern States have entered into a contract, dated January 12, 1973, providing for Applicant to render the proposed transportation service beginning November 27, 1973, and continuing through March 26, 1974, and thereafter during each successive November 27 through March 26. Applicant will render the proposed service at a rate of 5.25 cents per Mcf of gas transported. The volumes of gas to be transported from St. Paul, Minn., to Chisago and Isanti Counties will be equivalent to the amount of peak shaving gas produced that same day by Northern States specifically for this purpose in its plants near St. Paul. Applicant states that on each day that it transports gas for Northern States, Applicant's obligation to render firm gas service to Northern States at the St. Paul delivery point shall be reduced by the volume of gas delivered by Applicant to Midwestern for Northern States' account.

Deliveries to Midwestern will be made by means of an existing interconnection between the systems of Applicant and Midwestern in Chisago County and by a

proposed interconnection between the two companies' systems in Isanti County. Applicant states that the estimated cost of the proposed interconnection is \$126,500 and that Northern States has agreed to reimburse Applicant for all costs.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 2, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. E-7739]

ROCKLAND ELECTRIC CO.

Notice of Filing of Motion for Approval Proposed Settlement Agreement

MARCH 13, 1973.

Take notice that Rockland Electric Co. (Rockland) filed on March 1, 1973, a motion for approval of proposed settlement of the above-described proceeding.

Rockland states that the principal settlement provisions are:

Rates—Effective January 1, 1973.

The settlement rates included in the settlement tariff will yield \$99,970 to Rockland Electric in annual revenues based on the 1971 test year.

Rockland Electric will not include in the tariff a purchased power adjustment clause.

The ratchet will be increased from 50 percent to 80 percent.

The demand charge will be lowered from \$3, in the proposed tariff, to \$2.72.

The proposed increase indicates a rate of return of 5.8 percent on a 1971 rate base dedicated to the service of Park Ridge (see Statement N). Rockland Electric's present cost of long-term debt based on test year 1971 is 7.01 percent.

Rockland Electric agrees that it will not apply to this Commission for any further increase in its rates that would be effective prior to January 1, 1974.

Copies of this filing are on file with the Commission and are available for public inspection. Any person desiring to comment upon the offer of settlement should file such comments with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, on or before March 23, 1973.

SOUTH GEORGIA NATURAL GAS CO.

Notice of Proposed Changes in Rates and Charges

MARCH 13, 1973.

Take notice that South Georgia Natural Gas Co. (South Georgia) on March 1, 1973, tendered for filing revised tariff sheets to its FPC Gas Tariff, Original Volume No. 1 to become effective April 16, 1973. South Georgia proposes to increase its rates effective April 16, 1973, for the purpose of tracking two rate increase filings by Southern Natural Gas Co. (Southern). South Georgia proposes to increase its rates

effective April 16, 1973, for the purpose of tracking two rate increase filings by Southern Natural Gas Co. (Southern).

South Georgia states that First Revised Sheet No. 3A included in the filing reflects a rate increase that provides \$319,969 of additional revenues due to the increase in purchased gas cost from Southern. South Georgia further states that copies of this filing and of this letter of transmittal are being made available in South Georgia's office in Thomasville, Ga., and are being mailed to the purchasers, State Commissions, and interested parties named on the attached list.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before March 29, 1973. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

TEXAS INTERNATIONAL PETROLEUM CORP.

Notice of Application

MARCH 13, 1973.

Take notice that on March 5, 1973, Texas International Petroleum Corp. (Applicant), 770 National Foundation Center, 3545 Northwest 58th Street, Oklahoma City, OK 73112, filed in Docket No. C173-585 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Southern Natural Gas Co. from the Section 28 Field, St. Martin Parish, La., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to sell the lesser of 1,600 Mcf of gas per day or 80 percent of deliverability for 1 year commencing April 16, 1973, at 30 cents per Mcf at 15.025, subject to upward and downward B.t.u. adjustment, within the contemplation of § 2.70 of the Commission's general policy and interpretations (18 CFR 2.70).

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should

on or before March 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Project 2486]

WISCONSIN MICHIGAN POWER CO.

Notice of Application for Approval of Exhibit R

MARCH 12, 1973.

Public notice is hereby given pursuant to section 4(e) of the Federal Power Act (16 U.S.C. 791a-825r) that an application for approval of an Exhibit R (Recreational Use Plan) was filed on January 14, 1971, by Wisconsin Michigan Power Co. (Correspondence to: Mr. J. K. Babbit, Vice-President, 807 South Oneida Street, Appleton, WI 53911) Licensee for Project No. 2486, known as the Pine Plant Hydroelectric Project, located on the Pine River in Florence County, in the vicinity of Florence, Wis.

The Exhibit was filed pursuant to Article 34 of the license issued to Wisconsin Michigan Power Co. by the Commission on September 26, 1967.

The plan for the Pine Project includes two developed recreation areas and a canoe portage which have been provided by the Licensee at the project. The two developed recreation areas, one on the north side and one on the south side of the reservoir consist of a boat landing, picnic table, refuse barrel, and a toilet facility at each area. The plan also reserves approximately 10 acres of land at each area for future expansion.

All lands within the project boundary owned by the Licensee, except those immediately surrounding the plant where hazards exist, are open to the public for recreation. Lands so designed are utilized for wilderness camping, berry-picking, hiking, and hunting.

Pine River was designated as a "wild river" by the Wisconsin Legislature by statute of November 18, 1965. According to the application, the applicant and the Wisconsin Department of Natural Resources have agreed that primary consideration should be given toward preservation of the natural environment of the river. The State of Wisconsin has notified the Commission that it has no objection to the proposed recreational plan.

Any person desiring to be heard or to make protest with reference to said application should on or before April 16, 1973, file with the Federal Power Com-

mission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to a proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The application is on file with the Commission and is available for public inspection.

UNION TEXAS PETROLEUM

Notice of Application

MARCH 12, 1973.

Take notice that on March 5, 1973, Union Texas Petroleum, a division of Allied Chemical Corp. (Applicant), Post Office Box 2120, Houston, TX 77002, filed in Docket No. CI73-584 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to El Paso Natural Gas Co. from the Crosby Deep Field, Lea County, N. Mex., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to sell approximately 60,000 Mcf of gas per month for 18 months at 35 cents per Mcf at 14.65 p.s.i.a., subject to upward and downward B.t.u. adjustment, within the contemplation of § 2.70 of the Commission's general policy and interpretations (18 CFR 2.70).

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before March 29, 1973, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the

Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. [Notice 73-22]

RESEARCH AND TECHNOLOGY ADVISORY COUNCIL

Notice of Meeting

The NASA Research and Technology Advisory Council will meet on March 22 and 23, 1973, at Headquarters, National Aeronautics and Space Administration. The meeting will be held in Room 625, Federal Office Building 10B, on March 22, and in Room 7002, Federal Office Building 6, on March 23. The meeting is open to the public with the exception of the closed sessions: (1) March 22, 8:30-10:30 a.m., (2) March 23, 1-3 p.m. The seating capacity of the rooms is about 40 persons, including Council members and other participants.

The NASA Research and Technology Advisory Council was established to advise NASA's senior management in the area of aeronautics and space research and technology. The Council studies issues, pinpoints critical problems, determines gaps in needed technology, points out desirable goals and objectives; summarizes the state-of-the-art, assesses on-going work, and makes recommendations to help NASA plan and carry out a program of greatest benefit to the Nation. The current Chairman is Mr. Richard E. Horner. There are 15 members on the Council itself and additional members on eight committees which report to the Council.

The following list sets forth the approved agenda and schedule for the meeting. For further information, please contact the Executive Secretary, Mr. Fred W. Bowen, Jr.: Area Code 202-755-2494.

NATIONAL LABOR RELATIONS BOARD

SYMPHONY ORCHESTRAS

Notice of Issuance of Jurisdictional Standards

On March 7, 1973 at page 6176 of the FEDERAL REGISTER, there was published a notice of issuance of rule by the National Labor Relations Board with respect to the jurisdictional standard applicable to symphony orchestras. The following notice should have been published in the notices section of that FEDERAL REGISTER and is hereby published for that purpose.

Dated, Washington, D.C., March 12, 1973.

By direction of the Board.

[SEAL] JOHN C. TRUESDALE,
Executive Secretary.

On August 19, 1972, the Board published in the FEDERAL REGISTER, a notice of proposed rule making which united interested parties to submit to it (1) data relevant to defining the extent to which symphony orchestras are in commerce, as defined in section 2(6) of the National Labor Relations Act, and to assessing the effect upon commerce of a labor dispute in those enterprises, (2) statements of views or arguments as to the desirability of the Board exercising jurisdiction, and (3) data and views concerning the appropriate jurisdictional standards which should be established in the event the Board decides to promulgate a rule exercising jurisdiction over those enterprises. The Board received 26 responses to the notice. After careful consideration of all the responses, the Board has concluded that it will best effectuate the purposes of the Act to assert jurisdiction over symphony orchestras and apply a \$1 million annual gross revenue standard, in addition to statutory jurisdiction. A rule establishing that standard has been issued concurrently with the publication of this notice.

It is well settled that the National Labor Relations Act gives to the Board a jurisdictional authority coextensive with the full reach of the commerce clause.¹ It is equally well settled that the Board in its discretion may set boundaries on the exercise of that authority.² In exercising that discretion, the Board has consistently taken the position that it would better effectuate the purposes of the Act, and promote the prompt handling of major cases, not to exercise its jurisdiction to the fullest extent possible under the authority delegated to it by Congress, but to limit that exercise to enterprises whose operations have, or at which labor disputes would have, a pronounced impact upon the flow of interstate commerce.³ The standard announced above, in our opinion, accommodates this position.

The Board, in arriving at a \$1 million gross figure,⁴ has considered, inter alia, the impact of symphony orchestras on commerce and the aspects of orchestra operations as criteria for the exercise of jurisdiction. Symphony orchestras in the United States are classified in four categories: college, community, metropolitan, and major.⁵ Community orchestras constitute the largest group with over 1,000 in number and, for the most part, are composed of amateur players. The metropolitan orchestras are almost exclusively professional and it is estimated that there are between 75 and 80 orchestras classified as metropolitan. The annual budget for this category ranges approximately from \$250,000 to \$1 million. The major orchestras are the largest and usually the oldest established musical organizations. All of them are completely professional, and a substantial number operates on a year-round basis. For this category the minimum annual budget is approximately \$1 million. Presently, there are approximately 28 major symphony orchestras in the United States. Thus, statistical projections based on data submitted by responding parties, as well as data compiled by the Board, disclose that adoption of such a standard would bring approximately 2 percent of all symphony orchestras, except college, or approximately 28 percent of the professional metropolitan and major orchestras, within reach of the Act. The Board is satisfied that symphony

⁴ As reflected in the rule, this figure includes revenues from all sources, excepting only contributions which, because of limitations placed thereon by the grantor, are not available for operating expenses. These contributions encompassing, for example, contributions to an endowment fund or building fund, are excluded because of their generally nonrecurring nature. (Cf. Magic Mountain, Inc., 123 NLRB 1170.) Income derived from investment of such funds will, however, be counted in determining whether the standard has been satisfied.

⁵ The latter three categories are defined by the American Symphony Orchestra League principally on the basis of their annual budgets.

orchestras with gross revenues of \$1 million have a substantial impact on commerce and that the figure selected will not result in an unmanageable increase on the Board's workload. The adoption of a \$1 million standard, however, does not foreclose the Board from reevaluating and revising that standard should future circumstances deem it appropriate.

In view of the foregoing, the Board is satisfied that the \$1 million annual gross revenue standard announced today will result in attaining uniform and effective regulation of labor disputes involving employees in the symphony orchestra industry whose operations have a substantial impact on interstate commerce.

DEPARTMENT OF LABOR

Office of the Secretary

CHRYSLER CORP.

Notice of Certification of Eligibility of Workers To Apply for Adjustment Assistance

Under date of February 9, 1973, the U.S. Tariff Commission made a report of the results of its investigation (TEA-W-165) under section 301(c)(2) of the Trade Expansion Act of 1962 (76 Stat. 884) in response to a petition for determination of eligibility to apply for adjustment assistance submitted on behalf of the workers formerly employed by the Commerce, Calif., assembly plant of Chrysler Corp. In this report the Commission found that articles like new passenger automobiles produced by the Chrysler Corp. are, as a result in major part of concessions granted under trade agreements, being imported into the United States in such increased quantities as to cause or threaten to cause unemployment or underemployment of a significant number or proportion of the

workers of such firm or appropriate subdivision thereof.

Upon receipt of the Tariff Commission's affirmative finding, the Department, through the Director of the Office of Foreign Economic Policy, Bureau of International Labor Affairs, instituted an investigation.

Following this, the Director made a recommendation to me relating to the matter of certification (Notice of Delegation of Authority and Notice of Investigation, 34 FR 18342; 37 FR 2472; 38 FR 5019, 29 CFR Part 90). In the recommendation she noted that imports of automobiles produced at the company's Canadian assembly plant in Windsor, Ontario, had increased substantially, and that production at the Canadian plant had shifted from full-size cars to intermediate and compact cars similar to those produced at the Commerce assembly plant. As a result, the daily production rate at the Commerce plant was reduced in model year 1971 (August 1970-July 1971) and employment levels declined. The plant ceased all production at the end of the model year in July 1971. Chrysler's Canadian imports constituted a major threat to employment at the Commerce assembly plant beginning in model year 1970 (August 1969-July 1970). Actual layoffs attributable in major part to increased imports occurred in December of model year 1971. After due consideration I make the following certification.

All hourly and salaried workers of the Chrysler Corp. assembly plant in Commerce, Calif., who became unemployed or underemployed after November 29, 1970, are eligible to apply for adjustment assistance under title III, chapter 3, of the Trade Expansion Act of 1962.

Signed at Washington, D.C., this 12th day of March 1973.

JOEL SEGALL,
Deputy Under Secretary,
International Affairs.

FOURTH SECTION APPLICATION FOR RELIEF

MARCH 14, 1973.

An application, as summarized below, has been filed requesting relief from the requirements of section 4 of the Interstate Commerce Act to permit common

carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with rule 1100.40 of the general rules of practice (49 CFR 1100.40) and filed on or before April 3, 1973.

FSA No. 42643—Sheet steel to North Jefferson, Mo. Filed by Traffic Executive Association—Eastern Railroads, Agent, (E.R. No. 3032), for interested rail carriers. Rates on sheet steel, in coils, in carloads, as described in the application, from specified points in Pennsylvania, Ohio, and West Virginia, to North Jefferson, Mo.

Grounds for relief—Barge-truck and market competition.

Tariff—Supplement 85 to Traffic Executive Association—Eastern Railroads, Agent, tariff ICC C-455. Rates are published to become effective on April 14, 1973.

By the Commission.

HOUSEHOLD GOODS REGULATIONS

Agents Performing Own Operations; Administrative Application and Interpretation

20(11), 20(12)]

JANUARY 22, 1973.

The following is an administrative ruling of the Bureau of Operations made in response to questions propounded by the public, indicating what is deemed by the Bureau to be the correct application and interpretation of the Act and/or regulations and is made in the absence of an authoritative decision on the subject by the Commission.

Question:

Where an agent of a household goods carrier is to move a shipment under his own operating authority, must the estimate of charges, order for service, bills of lading, and other related documents be prepared and issued by the agent in his own name rather than in the name of his principal?

Answer:

Yes.

The provisions of the household goods regulations, including those which require that all estimates be in writing and that orders for service and bills of lading be issued, apply fully to agents when they conduct operations under their own operating authority. The wrongful issuance of any such documents in the name of the principal household goods carrier may subject the agent to penalties for violating the law and the regulations, and also may impose liability on the principal.

In Ex Parte No. MC-19 (Sub-No. 9), Practices of Motor Common Carriers of Household Goods (Agency Relationships), 115 M.C.C. 628, 649, the Commission imposed requirements on the principal by virtue of § 1056.20(c) of the household goods regulations (49 CFR 1056.20(c)) to use due diligence and to

exercise reasonable care in selecting and maintaining agents. It put responsibility on the principal for all acts or omissions of the agent relating to the performance of interstate transportation held out in the name of the principal or where the shipper is misled to believe the transportation would be performed by the principal.

In view of the foregoing, it is the position of this Bureau that where an agent for a principal household goods carrier books a shipment for transportation under his authority, that agent must prepare and issue the estimate of charges, order for service, bill of lading, and other related documents in his own name and on his own forms, and not in the name of or on the forms of the principal household goods carrier.

The issuance of this ruling is meant to emphasize the intent and purpose of full disclosure of relevant facts, as expressed in recent proceedings. It was deemed necessary because of recurrent problems in this area and the determined action being taken by the Commission with respect to those problems.

Director.

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings on or before April 9, 1973. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-73987. By order of February 26, 1973, the Motor Carrier Board approved the transfer to Miami Valley Bus Lines, Inc., Trotwood, Ohio, of certificate No. MC-128779 issued July 18, 1967, to Megacity Transit Lines, Inc., Dayton, Ohio, authorizing the transportation of: *Passengers and their baggage, express, and newspapers* in the same vehicle with passengers, between Greenville, Ohio, and Dayton, Ohio, serving all intermediate points. James M. Burtch, 100 East Broad Street, Columbus, OH 43215, applicants' attorney.

No. MC-FC-74281. By order entered February 26, 1973, the Motor Carrier Board approved the transfer to Rosendo Diaz, doing business as Jensen Movers and Kelley Movers, Philadelphia, Pa., of the operating rights set forth in certificate No. MC-41657, issued August 15, 1968, to Rosendo Diaz and Jose Garcia de los Salmones, doing business as Jensen Movers, Philadelphia, Pa., authorizing the transportation of household goods, as defined by the Commission, between Philadelphia, Pa., on the one hand, and, on the other, points in New Jersey, Delaware, Maryland, and that part of New York south of a line extending from Hancock, N.Y., through Saugerties, N.Y., to the intersection of the New York-Massachusetts-Connecticut State lines, including points on Long Island. Edwin L. Scherlis, 1209 Lewis Tower Building, Philadelphia, Pa. 19102, attorney for applicants.
