PART I

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

PHASE IV—CLC amends pre-notification and reporting requirements of pay adjustments affecting low wage employees in food industry; effective 8–28–73 22961

WILDLIFE—Interior Department proposals to control airborne hunting; comments by 10–19–73 22959

ADP PROGRAMS AND SYSTEMS—Commerce Department proposes Federal information processing standards; comments by 10–29–73 22991

LIFESAVING EQUIPMENT—CG proposes to amend buoyant vest specification; comments by 9–28–73 22980

AUTO SAFETY—DoT amends requirements for seat belt assemblies; effective 8–28–73 22958

SMALL BUSINESS ASSISTANCE—SBA revises loan policy to State and local development companies; comments by 9–17–73 22983

DRUG ABUSE PREVENTION—HEW proposes regulations governing formula grants to States; comments by 9–27–73 22995

VETERANS BENEFITS—VA proposes to exclude from income payments, compensation received from Volunteer programs; comments by 9–27–73 22986

VIETNAM VETERANS EMPLOYMENT—Treasury Department proposes to revise depository contract provisions; comments by 9–27–73 22963

NEW DRUGS—
FDA proposes withdrawal of approval of certain drugs (3 documents) 22994, 22996
FDA reevaluates bethanechal chloride 22993

NEW ANIMAL DRUGS—FDA approves use of solutions for treatment of dogs and cats; effective 8–28–73 22958

(Continued inside)

PART II:

TELECOMMUNICATIONS SERVICES—Labor Dept. proposes safety and health standards; comments by 10–12–73 23037

PART III:

NATIONAL DEFENSE STUDENT LOAN PROGRAM—HEW lists school having high concentration of students from low income families for 1972–1974 school years 23171

August 28, 1973—Pages 22949–23301

REMINDERS

NOTE: There were no items published after October 1, 1972, that are eligible for inclusion in the list of RULES GOING INTO EFFECT TODAY.

federal register

Area Code 202 Phone 523-5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by the Executive Branch of the Federal Government. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $2.50 per month or $25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

FEDERAL SAVINGS AND LOAN SYSTEM—FHLBB amends regulations regarding insurance premiums; effective 8–28–73 22955

ANTI DUMPING—Treasury Department issues finding on stainless steel wire rods from France 22961

COSTA RICAN COTTONS—CITA announces adjustments in levels 23009

MEETINGS—
Agriculture Dept.: Raisin Advisory Board, 9–10–73 23021
Interior Dept.: New Mexico Grazing District Advisory Boards, 9–5, 9–6, 9–10, 9–11–73 22988
DoD: Commandant of the Marine Corps Advisory Committee for Minority Affairs, 9–14–73 22988
EPA: Environmental Radiation Exposure Advisory Committee, 10–2 to 10–3–73 23010

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month. In the last issue of the month the cumulative list will appear at the end of the issue.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1973, and specifies how they are affected.

Rules and Regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 7—Department of Agriculture

SUBTITLE A—OFFICE OF THE SECRETARY OF AGRICULTURE

PART 2—DELEGATIONS OF AUTHORITY BY THE SECRETARY OF AGRICULTURE AND GENERAL OFFICERS OF THE DEPARTMENT

Administration of Agreements Regarding the Handling of Wool, Mohair, Sheep, Goats and Products

Part 2, Subtitle A of Title 7, Code of Federal Regulations is amended to transfer the authority, from the Assistant Secretary for International Affairs and Commodity Programs to the Assistant Secretary for Marketing and Consumer Services, for administering agreements under section 708 of the National Wool Act of 1954, as amended (7 U.S.C. 1787), between the Secretary and marketing cooperatives, trade associations, and others engaged or whose members are engaged in the handling of wool, mohair, sheep, or goats or the products thereof, and to redelegate such authority from the Assistant Secretary for Marketing and Consumer Services to the Administrator, Agricultural Marketing Service, as follows:

Subpart C—Delegations of Authority to the Under Secretary, Assistant Secretaries and Directors

§ 2.17 Delegations of authority to the Assistant Secretary for Marketing and Consumer Services.

Title 12—Banks and Banking

CHAPTER V—FEDERAL HOME LOAN BANK BOARD

[No. 73-1160]

SUBCHAPTER D—FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION

PART 561—DEFINITIONS

PART 563—OPERATIONS

Insurance Premiums

AUGUST 15, 1973.

Amendments to section 404 of the National Housing Act, as amended (12 U.S.C. 1727) have been adopted by Congress and signed into law by the President (Pub. L. No. 93-100, section 6). Said section 404 governs the payment of insurance premiums to the Federal Savings and Loan Insurance Corporation by savings and loan associations and other savings institutions whose accounts are insured by the Corporation pursuant to section 403 of the National Housing Act, as amended (12 U.S.C. 1726). A major objective of these amendments is to gradually eliminate the Corporation's secondary reserve. Two techniques are used to accomplish this objective. First, further prepayments of premiums by insured institutions to the secondary reserve are discontinued. Second, the amendments require the Board, under certain conditions, to authorize that a portion of the regular annual insurance premium of each insured institution for a given year be paid from the pro rata share of such institution, if any, in the secondary reserve. The Board is given the authority to determine such portion provided that such portion is between 30 percent and 70 peroent of the premium due from each insured institution. Both the discontinuance of premium prepayments and the authorization concerning the regular annual insurance premiums necessitate that the Federal Home Loan Bank Board amend several sections of Parts 561 and 563 of the rules and regulations for Insurance of Accounts (12 CFR Parts 561, 563).

Section 561.9 is amended by revoking the first sentence thereof which defines the term "premium prepayment".

Section 563.15 sets forth the conditions under which insured institutions shall pay their regular annual insurance premiums to the Corporation. Paragraph (b) of said § 563.15 states that no insured institution shall be required to pay an annual insurance premium with respect to its premium year commencing on the May 1 next succeeding any December 31 as of the close of which the Corporation's primary reserve equalled or exceeded the percentage set forth in paragraph (2) of subsection (b) of section 404 of the National Housing Act, as amended. Paragraph (b) of said § 563.15 is amended by inserting the percentage mentioned in said paragraph (2) of subsection (b) of section 404 of the National Housing Act, as amended, (2 percent) and by redesignating said paragraph (b) as subparagraph (1) thereof. Paragraph (b) of said § 563.15 is further amended by adding a new subparagraph (2) thereto. Said new subparagraph (2) states that each insured institution's pro rata share of the Corporation's secondary reserve shall be used, to the extent available, to discharge a percentage, to be determined by the Corporation, of such institution's regular

annual insurance premium for its premium year beginning after the May 1 next succeeeding any December 31 (beginning with December 31, 1972) as of the close of which (1) the aggregate of the Corporation's primary and secondary reserves equalled or exceeded 1¼ percent of the total amount of all accounts of insured members of all insured institutions, and (2) the primary reserve did not equal or exceed 2 percent of such base. Said new subparagraph (2) also states that the percentage to be determined by the Corporation shall be the same for all insured institutions and shall be not more than 70 percent and not less than 30 percent of each insured institution's premium obligation.

Section 563.16–1 sets forth the manner in which premium prepayments must be made. Said § 563.16–1 is revoked in its entirety. The first sentence of § 563.16–2 requires that premium prepayments be credited to the secondary reserve. Said § 563.16–2 is amended by revoking the first sentence thereof.

In addition to the above described amendments necessitated by the amendments to section 404, the Board also considers it desirable to amend paragraph (a) of § 563.15 and to further amend § 563.16–2 in order to clarify existing regulatory provisions and to set forth the Board's practices with respect to particular situations.

An introductory clause is added to paragraph (a) of said § 563.15 to make it clear that the provisions set forth in amended paragraph (b) of that section are exceptions to said paragraph (a). The first sentence of said paragraph (a) presently provides that each institution whose application for insurance is approved by the Corporation shall pay a premium charge for such insurance at the rate fixed by statute. Said paragraph (a) is amended by setting forth the statutory rate presently referred to. Said rate is one-twelfth of one percent of the total amount of all accounts of the insured members of such institution. The present second and third sentences of said paragraph (a) are combined; the term "anniversary year" is also substituted for the phrase "at the beginning of each insurance year." The first sentence of said paragraph (a) presently provides that an institution's initial premium charge shall be determined from "the latest report of the insured institution filed with the Corporation." The fourth sentence thereof now provides that all annual premiums following the above mentioned initial premium shall be determined from "the latest report of the insured institution filed with the Corporation or, if the institution has failed to file such report within 60 days prior to any date upon which its annual premium becomes due, from the latest report of the institution made or published pursuant to the requirements of law or regulations." These two provisions concerning the basis for determining the premium payable by an insured institution are combined in amended paragraph (a) into the following single provision: "[t]he amount of each premium to be paid by an insured institution shall be determined on the basis of the most recent report filed by such institution with the Corporation, except that any insured institution which has not filed such a report within 60 days of any premium anniversary date shall provide more recent information if requested to do so by the Corporation." All of the above mentioned amendments are intended to clarify said paragraph (a) of § 563.15.

As was previously mentioned, the deletion of the first sentence of § 563.16–2 was necessitated by the recent amendments to section 404 of the National Housing Act, as amended. Subparagraph (1) of new paragraph (a) of said § 563.16–2, which paragraph is captioned "Annual credit to secondary reserve," contains the amended versions of the present second and third sentences of said § 563.16–2; however, the order of said sentences is changed. The present third sentence provides that the Corporation shall credit a return to the secondary reserve as of the close of each calendar year; such return shall be "as determined by the Corporation in accordance with subsection (e) of section 404 of the National Housing Act, as amended." Said sentence, which is amended for the purpose of clarification by incorporating therein the text of said subsection (e), now provides that the Corporation's annual credit to the secondary reserve shall be "as determined by the Corporation, at a rate equal to the average annual rate of return to the Corporation during the year ending at the close of November 30 of such calendar year, as determined by the Corporation, on investments held by the Corporation in obligations of, or guaranteed as to principal and interest by, the United States." (This provision of subsection (e) is unchanged by the amendments to section 404.) The present second sentence of said § 563.16–2 is amended by adding an additional provision thereto. Said provision states that the Corporation shall apportion its annual credit to the secondary reserve among all insured institutions on the basis of the average of the daily balances of their respective pro rata shares of the secondary reserve during the calendar year just closed. It has been the Board's practice to apportion the annual credit to the secondary reserve on this basis.

Subsection (e) of section 404 of the National Housing Act, as amended (the substance of which is unchanged by the instant statutory amendments) requires the Corporation to credit a return to the secondary reserve "as of the close of each calendar year." However, the amendments to said section 404 intend that insured institutions' pro rata shares of the secondary reserve will decrease and eventually be exhausted due to the use of such institutions' pro rata shares to discharge a percentage of their regular annual insurance premium obligations. Therefore, the pro rata share of a given insured institution will be exhausted during some future calendar year. Subparagraph (2) of new paragraph (a) of § 563.16–2, which subparagraph is captioned "Exhaustion of pro rata shares of secondary reserve," provides that such an institution, whose accounts are still insured by the Corporation as of the close of the calendar year in which its pro rata share of the secondary reserve is exhausted, is entitled to share in the apportionment of the secondary reserve credit at the end of such calendar year for the period between the date on which such insured institution's pro rata share was exhausted and the previous December 31. An insured institution entitled to a credit pursuant to said subparagraph (2) will be paid such credit in cash as soon as possible after the amount of such credit is determined by the Corporation. This provision is consistent with the intent of the amendments to section 404 to eliminate the secondary reserve and the expectation that insured institutions will exhaust their pro rata shares of such reserve during future calendar years.

Subparagraph (3) of new paragraph (a) of § 563.16–2, which subparagraph is captioned "Termination of insurance," provides that an institution will not be entitled to share in the calendar year end apportionment of this required annual credit, pursuant to subparagraph (1) of said paragraph (a), for any calendar year during which (1) such institution's insurance is terminated prior to the end of such calendar year, and (2) such institution's pro rata share of the secondary reserve is paid out of such reserve. The Board has consistently followed this procedure with respect to terminating institutions since Congress created the secondary reserve in 1961.

The last sentence of present § 563.16–2 is redesignated as paragraph (b) of said section.

Accordingly, the Federal Home Loan Bank Board hereby amends said Parts 561 and 563 by revising §§ 561.9, 563.15 and 563.16–2 thereof to read as set forth below and by revoking § 563.16–1 thereof, effective August 28, 1973.

Since all of the amendments to §§ 561.9, 563.15, 563.16–1 and 563.16–2 are either required by the amendments to section 404 of the National Housing Act, as amended, are for the purpose of clarification, or set forth existing Board policy in regulatory form, the Board hereby finds that notice and public procedure thereon are unnecessary under the provisions of 12 CFR 508.11 and 5 U.S.C. 553 (b). The Board hereby finds that publication of said amendments for the 30-day period specified in 12 CFR 508.14 and 5 U.S.C. 553(d) prior to the effective date thereof is also unnecessary for the same reasons and the Board hereby provides that said amendments shall become effective as hereinbefore set forth.

§ 561.9 Premium.

The term "premium" means the premium provided for by subsection (b) of section 404 of the National Housing Act, as amended. It does not includes or refer to additional premiums provided for by subsection (c) of said section 404.

§ 563.15 Insurance premiums.

(a) *General provisions.*—Except as provided in paragraph (b) of this section, each institution whose application for insurance is approved by the Corporation shall pay to the Corporation a premium charge for such insurance equal to one-twelfth of one percent of the total amount of all accounts of the insured members of such institution. Each insured institution shall pay such premium at the time its certificate of insurance is issued by the Corporation and thereafter annually on the anniversary of the issuance of such certificate. The amount of each premium to be paid by an insured institution shall be determined on the basis of the most recent report filed by such institution with the Corporation, except that any insured institution which has not filed such a report within 60 days of any premium anniversary date shall provide more recent information if requested to do so by the Corporation. Any amount contained in any such report covering interest accrued, but not due and payable, or dividends declared but not due and distributable, upon an account of an insured member will not be inluded by the Corporation in the computation of premiums.

(b) *Exceptions.* (1) *Primary reserve equals or exceeds 2 percent.*—If, at the close of any December 31, the primary reserve of the Corporation equals or exceeds 2 percent of the total amount of all accounts of insured members of all insured institutions as of such close, no premium required to be paid by paragraph (a) of this section shall be payable by any insured institution with respect to its premium year beginning during the year commencing on the May 1 next succeeding such December 31. The foregoing exception shall not be applicable to any insured institution with respect to any of the twenty premium years beginning with the premium year commencing on the date on which such insured institution was issued a certificate of insurance by the Corporation.

(2) *Primary reserve less than 2 percent.*—If, at the close of December 31, 1972 or any subsequent December 31, the aggregate of the primary reserve of the Corporation (established pursuant to section 404(a)(1) of the National Housing Act, as amended) and its secondary reserve (established pursuant to the former provisions of sections 404(c) and 404(d)(1) of that Act) equals or exceeds 1¼ percent of the total amount of all accounts of insured members of all insured institutions but the primary reserve does not equal or exceed 2 percent of such base, each insured institution's pro rata share of the secondary reserve shall, during the year beginning with the May 1 next succeeding such close, be used, to the extent available, to discharge a percentage, to be determined by the Corporation, of such institution's obligation for its premium under paragraph (a) of this section for the premium year beginning in such year. The percentage to be determined by the Corporation referred to in the next preceding sentence shall be the same for all insured institutions and shall not be more than 70 percent nor less than 30 percent of each insured institution's premium obligation.

§ 563.16–2 Secondary reserve.

(a) *Annual credit to secondary reserve.* (1) *General provisions.*—The Corporation shall credit to the secondary reserve, as of the close of each calendar year, a return on the outstanding balances of the secondary reserve, as determined by the Corporation, at a rate equal to the average annual rate of return to the Corporation during the year ending at the close of November 30 of such calendar year, as determined by the Corporation, on investments held by the Corporation in obligations of, or guaranteed as to principal and interest by the United States. The Corporation shall maintain records showing each insured institution's pro rata share of the secondary reserve and shall apportion the credit mentioned in the next previous sentence among all insured institutions on the basis of the average of the daily balances of their respective pro rata shares of the secondary reserve during the calendar year just closed, except as otherwise provided in this section.

(2) *Exhaustion of pro rata shares of secondary reserve.*—In the event that the remainder of an insured institution's pro rata share of the secondary reserve is used to discharge a percentage of such insured institution's annual insurance premium pursuant to § 563.15(b)(2), such insured institution shall be entitled to share in the credit apportioned pursuant to subparagraph (1) of this paragraph for the period between the date on which the remainder of such insured institution's pro rata share was used to discharge a percentage of that insured institution's annual insurance premium and the December 31 immediately preceding such date. Insured institutions entitled to credit pursuant to this subparagraph (2) shall be paid such credit in cash as soon as possible after the amount of such credit is determined by the Corporation.

(3) *Termination of insurance.*—If, prior to the close of any calendar year, (i) an institution's insurance is terminated, and (ii) such institution's pro rata share of the secondary reserve is paid out of such reserve, such institution shall not receive a return on such pro rata share for such calendar year.

(b) *Transfer of interest in secondary reserve.*—Except as provided in the next following sentence or by action of the Corporation pursuant to the last sentence of subsection (e) of section 404 of the National Housing Act, as amended, no right, title, or interest of any institution in or with respect to its pro rata share of the secondary reserve shall be assignable or transferable, whether by operation of law or otherwise. In the event that an insured institution (hereinafter in this sentence called the merging institution) is merged into another insured institution (hereinafter in this sentence called the surviving institution), the merging institution's pro rata share of the secondary reserve, if any, shall automatically be transferred to the surviving institution.

(Secs. 402, 403, Stat. 1256, 1257, as amended (12 U.S.C. 1725, 1726). Reorg. Plan No. 3 of 1947, 12 FR 4981, 3 CFR, 1943–48 Comp., p. 1071)

By the Federal Home Loan Bank Board.

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION

[Airspace Docket No. 73–SO–41]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On July 9, 1973, a notice of proposed rulemaking was published in the FEDERAL REGISTER (38 FR 18255), stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Anniston, Ala., transition area.

Interested persons were afforded an opportunity to participate in the rulemaking through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 g.m.t., November 8, 1973, as hereinafter set forth.

In § 71.181 (38 FR 435), the Anniston, Ala., transition area is amended as follows:

"* * * longitude 86°03'36" W.) . . ." is deleted and ". . . longitude 86°03'36" W.); within 9.5 miles southeast and 4.5 miles northwest of Talladega VORTAC 223° radial, extending from the 12-mile radius area to 18.5 miles southwest of the VORTAC; within 9.5 miles south and 4.5 miles north of the Talladega VORTAC 252° radial, extending from the 12-mile radius area to 18.5 miles west of the VORTAC . . ." is substituted therefor.

(Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and of Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in East Point, Ga., on August 16, 1973.

PHILLIP M. SWATEK,
Director, Southern Region.

[FR Doc.73–18156 Filed 8–27–73;8:45 am]

[Airspace Docket No. 73–SO–25]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Redesignation of Control Zone and Alteration of Transition Area

On July 9, 1973, a notice of proposed rulemaking was published in the FEDERAL

REGISTER (38 FR 18255), stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would redesignate the Biloxi, Miss., control zone and alter the Gulfport, Miss., transition area.

Interested persons were afforded an opportunity to participate in the rule-making through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., November 8, 1973, as hereinafter set forth.

In § 71.171 (38 FR 351), the Biloxi, Miss., control zone is amended as follows:

"* * * This control zone is effective from 0600 to 2200 hours, local time, daily . . ." is deleted.

In § 71.181 (38 FR 435), the Gulfport, Miss., transition area is amended as follows:

"* * * within 3 miles each side of the 036° bearing from Keesler RBN, extending from the 8.5-mile radius area to 8.5 miles northeast of the RBN . . ." is deleted.

(Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and of Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in East Point, Ga., on August 17, 1973.

DUANE W. FREER,
Acting Director, Southern Region.

[FR Doc.73-18155 Filed 8-27-73;8:45 am]

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER C—DRUGS

PART 135c—NEW ANIMAL DRUGS IN ORAL DOSAGE FORMS

Meglumine Diatrizoate and Sodium Diatrizoate Oral Solution

The Commissioner of Food and Drugs has evaluated a new animal drug application (91-327V) filed by E. R. Squibb & Sons, Inc., New Brunswick, NJ 08903, proposing the safe and effective use of meglumine diatrizoate and sodium diatrizoate oral solution for the treatment of dogs and cats. The application is approved.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i)) and under authority delegated to the Commissioner (21 CFR 2.120), Part 135c is amended by adding a new section as follows:

§ 135c.108 Meglumine diatrizoate and sodium diatrizoate oral solution.

(a) *Specifications.*—Meglumine diatrizoate oral solution is a water soluble radiopaque medium containing 66 percent meglumine diatrizoate and 10 percent sodium diatrizoate.

(b) *Sponsor.*—See code No. 035 in § 135.501(c) of this chapter.

(c) *Conditions of use.*—(1) It is indicated for radiography of the gastrointestinal tract in dogs and cats.

(2) It is administered orally at a dosage level of 0.5 to 1.0 milliliter per pound of body weight by gavage or stomach tube. It is administered rectally at a dosage level of 0.5 to 1.0 milliliter per pound of body weight diluted with 1 part of the drug to 5 parts of water.

(3) Federal law restricts this drug to use by or on the order of a licensed veterinarian.

Effective date.—This order shall be effective August 28, 1973.

(Sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i)))

Dated August 22, 1973.

FRED J. KINGMA,
Acting Director, Bureau of Veterinary Medicine.

Title 47—Telecommunication

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

PART 83—STATIONS ON SHIPBOARD IN THE MARITIME SERVICE

Frequency Available; Correction

Editorial amendment of § 83.351(a) of the Commission's rules and regulations.

This is to clarify the Order released June 6, 1973, and published in the FEDERAL REGISTER of June 13, 1973, at 38 FR 15510. With respect to the correction cited in the Order, § 83.351(a) is correct as printed in the Code of Federal Regulations. The correction applies only to the loose-leaf edition of the rules issued by the Federal Communications Commission through the Superintendent of Documents and should not have been published.

Released August 23, 1973.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Acting Secretary.

[FR Doc.73-18210 Filed 8-27-73;8:45 am]

Title 49—Transportation

CHAPTER V—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 73-16; Notice 2]

PART 571—FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Seatbelt Assemblies; Webbing Width; Retractors

The purpose of this notice is to amend certain requirements of Motor Vehicle Safety Standard No. 209 (49 CFR 571.209), *Seatbelt assemblies*, relating to the width of belt webbing and to the performance of seat belt retractors. The amendments were proposed in a notice published June 20, 1973 (38 FR 16084).

In the June 20 notice, the agency proposed to allow the width of those portions of a combination lap and shoulder belt that do not touch the occupant to be less than the 1.8 inches formerly required by the standard. The Chrysler Corporation, in its comment, suggested that narrower webbing should also be permitted for the type of lapbelt that is used by itself. The agency agrees that a lapbelt in combination with a shoulder belt (known as Type 2 assembly) is indistinguishable from an independent lapbelt (Type 1 assembly), as far as the width of its webbing is concerned, and is therefore amending the standard to permit narrower webbing for noncontract portions of Type 1 belts as well as Type 2 belts.

Chrysler also requested narrower webbing for noncontact portions of children's harnesses (Type 3 assemblies). In view of the close-fitting design of Type 3 assemblies, the agency has not found a benefit to be gained from the use of narrower webbing in the few areas of noncontact. The Type 3 requirements are not being amended at this time. The American Safety Equipment Corporation requested that the contactability of the webbing with occupants be determined with a range of occupants. The agency remains persuaded that the use of a 95th percentile adult male occupant will be sufficient to insure that the narrower webbing will not touch any occupant who uses the seat. The agency therefore declines to adopt American Safety's suggestion.

The proposed amendment of the emergency-locking retractor requirements of S4.3 drew several comments, not all of them relating to the parts of S4.3 that were proposed to be changed. Mercedes Benz requested revision of the requirement of S4.3(j)(2) that the retractor must not lock before the webbing extends 2 inches under an acceleration of 0.3g or less. The 0.3g requirement had been carried over without change from the previous version of S4.3 and was thought to be a reasonable means of preventing retractors from being inconveniently sensitive. The NHTSA does not find sufficient cause at this time to alter its conclusion concerning the most appropriate minimum level and is therefore retaining the minimum level of 0.3g.

A second issue raised by Mercedes Benz concerns the treatment under section S4.3(j) of a retractor having both vehicle sensitive and webbing sensitive features. It has been the NHTSA's position that with respect to the maximum permissible locking level, a dual-action retractor would conform if it met either of the applicable requirements. Thus, a dual-action retractor whose webbing-sensitive mechanism locks within 1 inch at an acceleration of 0.7g will conform, even though its vehicle-sensitive mechanism is not capable of locking at its required level. With respect to the minimum locking level, however, different considerations apply. The agency's intent in providing a minimum level below which the retractor must not lock is to enhance the convenience of the system. The webbing-sensitive mechanism that locks below 0.3g would be no less inconvenient if coupled with a vehicle sensitive mechanism than it

would be if used by itself. The agency has therefore concluded that a dual-action retractor may conform to the maximum locking acceleration level of 0.7g (S4.3 (j)(1)) with either mechanism, but that it must conform to both minimum locking level requirements (S4.3(j)(2) and (3)).

The tilt angle of 17° proposed as the minimum locking level for vehicle sensitive retractors was stated by several comments to be too high. Although there was general agreement as to the advisability of using a tilt test rather than an acceleration test, lower tilt angles were suggested, ranging downward to 11°. After considering the comments, the NHTSA has concluded that a moderate downward revision to 15° will prevent retractor lockup in normal road operation and has adopted that angle in S4.3(j)(3). The suggestion by Ford and American Motors that the "retractor drum's central axis" may be difficult to determine in complicated mechanisms has been found to have merit and the requirement as adopted refers to the orientation at which the retractor is installed in the vehicle.

The proposed revisions to the minimum retraction force requirements for retractors attached to upper torso restraints encountered several objections, the principal one being that no one was certain about the meaning of the proposed requirement that the retractor should "retract the webbing fully." The quoted language had been proposed in response to a petition by General Motors requesting amendment of the requirement that the retractor exert a retractive force of not less than 0.45 pound. The GM petition had requested a force of 0.2 pound, but the agency's initial intent, as reflected in the notice, was to grant a potentially greater relief by deleting reference to a specific minimum force. It appears from the confusion in the comments that a contrary result might be produced in some cases, and the agency has therefore concluded that a simple reduction in the force level to the level requested by GM is the least complicated and most readily enforceable means of lowering the minimum force level. The suggestion by Ford, that the ability to retract is implicit in the definition of retractor and that no minimum force level is required, has some merit, but the agency prefers to retain a measurable minimum level.

There were several questions of interpretation concerning the point at which the retraction force is to be measured. The test procedures of S5.2 provide that the webbing is to be fully extended, passing over any hardware or other material specified for use with the webbing, and that it is then to be retracted and the retraction force measured as the lowest force within plus or minus 2 inches of 75 percent extension. The procedure is intended to measure the ability of the retractor to retract the webbing as installed in the vehicle, and the point of measurement most consistent with this intent is the most distant point of the webbing from the retractor. The NHTSA intends to conduct its measurements in this fashion.

The proposed amendment to S5.2 that would amend the test procedures to reflect the limitation of the 0.3g acceleration level to webbing-sensitive retractors was not objected to and is adopted as proposed.

In consideration of the foregoing, S4.2(a), S4.3(j), and S5.2(j) of Motor Vehicle Safety Standard No. 209, 49 CFR 571.209, are amended as follows:

1. S4.2(a) is amended to read:

§ 571.209 Standard No. 209; seatbelt assemblies.

* * * * *

S4.2 Requirements for webbing.

(a) *Width.*—The width of the webbing in a seatbelt assembly shall be not less than the following when measured under the conditions prescribed in S5.1(a):

(1) Type 1 and Type 2 assemblies—1.8 inches, except for portions that do not touch a 95th percentile adult male with the seat in any adjustment position and the seat back in the manufacturer's nominal design riding position.

(2) Type 3 seatbelt assembly—0.9 inch.

2. S4.3(j) is amended to read:

S4.3 Requirements for hardware.

* * * * *

(j) *Emergency-locking retractor.*—An emergency-locking retractor of a Type 1 or Type 2 seatbelt assembly, when tested in accordance with the procedures specified in paragraph S5.2(j)—

(1) Shall lock before the webbing extends 1 inch when the retractor is subjected to an acceleration of 0.7g;

(2) Shall not lock, if the retractor is sensitive to webbing withdrawal, before the webbing extends 2 inches when the retractor is subjected to an acceleration of 0.3g or less;

(3) Shall not lock, if the retractor is sensitive to vehicle acceleration, when the retractor is rotated in any direction to any angle of 15° or less from its orientation in the vehicle;

(4) Shall exert a retractive force of at least 1.5 pounds under zero acceleration when attached only to the pelvic restraint;

(5) Shall exert a retractive force of not less than 0.2 pound and not more than 1.1 pounds under zero acceleration when attached only to an upper torso restraint;

(6) Shall exert a retractive force of not less than 0.2 pound and not more than 1.5 pounds under zero acceleration when attached to a strap or webbing that restrains both the upper torso and the pelvis.

3. The fourth sentence of S5.2(j) is amended to read:

S5.2 Hardware.

* * * * *

(j) * * * A retractor that is sensitive to webbing withdrawal shall be subjected to an acceleration of 0.3g within a period of 50 ms. while the webbing is at 75 percent extension, to determine compliance with S4.3(j)(2).

The NHTSA finds it desirable to allow manufacturers to produce seatbelt assemblies under the requirements as hereby amended (which generally are relaxed relative to previous requirements) prior to the effective date of the next phase of Standard No. 208 (49 CFR 571.208). It is therefore found for good cause shown that the amendments contained herein shall become effective on August 28, 1973.

(Sec. 103, 119, Pub. L. 89-563, 80 Stat. 718 (15 U.S.C. 1392, 1407) delegation of authority at 49 CFR 1.51)

Issued on August 23, 1973.

JAMES B. GREGORY,
Administrator.

[FR Doc.73-18209 Filed 8-27-73;8:45 am]

Title 50—Wildlife and Fisheries

CHAPTER I—BUREAU OF SPORT FISHERIES AND WILDLIFE, FISH AND WILDLIFE SERVICE, DEPARTMENT OF THE INTERIOR

PART 32—HUNTING

PART 33—SPORT FISHING

Upper Mississippi River Wild Life and Fish Refuge, Illinois and Certain Other States

The following special regulations are issued and are effective on August 28, 1973.

§ 32.12 Special regulations; migratory game birds; for individual wildlife refuge areas.

ILLINOIS, IOWA, MINNESOTA, AND WISCONSIN

UPPER MISSISSIPPI RIVER WILD LIFE AND FISH REFUGE

The public hunting of migratory game birds on the Upper Mississippi River Wild Life and Fish Refuge, Illinois, Iowa, Minnesota, and Wisconsin is permitted on the areas designated by signs as "open" to hunting. Hunting of migratory game birds is NOT permitted on the areas designated by signs as "closed" to hunting. The "open" areas comprising 153,000 acres are delineated on maps available at the refuge headquarters, Winona, Minnesota 55987, and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Federal Building, Fort Snelling, Twin Cities, Minnesota 55111.

Hunting shall be subject to the following conditions:

(1) The hunting of migratory game birds shall be in accordance with all applicable State and Federal regulations and seasons which are adopted herein and made a part of this regulation.

(2) No person shall hunt migratory game birds on the Upper Mississippi River Wild Life and Fish Refuge during any period that person's migratory game bird hunting privileges are suspended or under revocation in any state or Canadian province for game law infractions.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas

generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective until June 30, 1974.

§ 32.22 Special regulations, upland game, for individual wildlife refuge areas.

ILLINOIS, IOWA, MINNESOTA, AND WISCONSIN

UPPER MISSISSIPPI RIVER WILD LIFE AND FISH REFUGE

The public hunting of upland game birds, upland game animals, and raccoon, groundhogs, foxes, and crows on the Upper Mississippi River Wild Life and Fish Refuge, Illinois, Iowa, Minnesota, and Wisconsin is permitted on the areas designated by signs as "open" to hunting. Restricted hunting of these species is also permitted on the areas designated by signs as "closed" to hunting, except that the Goose Island Closed Area in Pool 8 is closed at all times to hunting and the discharge of guns is prohibited thereon. The "open" areas comprising 153,000 acres, and the "closed" areas comprising 41,000 acres are delineated on maps available at the refuge headquarters, Winona, Minnesota 55987, and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Federal Building, Fort Snelling, Twin Cities, Minnesota 55111.

Hunting shall be subject to the following special conditions:

(1) Hunting on designated "open" areas concurrent with applicable State seasons is permitted, but only during the period from the first day of the earliest fall State GAME bird or GAME animal season applicable to the geographic area concerned, until the end of the applicable State seasons, or until the next succeeding March 1, whichever occurs first.

(2) Except for the Goose Island Closed Area which is closed to hunting at all times, hunting on designated "closed" areas concurrent with applicable State seasons is permitted, but only during the period from the first day after the close of the last hunting season for ducks applicable to the geographic area concerned, until the end of the applicable State seasons, or until the next succeeding March 1, whichever occurs first.

(3) The hunting of upland game birds, upland game animals, and raccoon, groundhogs, fox, and crows shall be in accordance with all applicable state regulations which are adopted herein and make a part of this regulation.

(4) No person shall hunt upland game birds or animals on the Upper Mississippi River Wild Life and Fish Refuge during any period that person's small game hunting privileges are suspended or under revocation in any state or Canadian province for game law infractions.

(5) Except with permission in writing obtained from the Refuge Manager, the discharge of guns of all types is prohibited on all lands and waters of the Upper Mississippi River Wild Life and Fish Refuge during the period from March 1 until the first day of the earliest fall state game bird or game animal season applicable to the geographic area concerned.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective until June 30, 1974.

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

ILLINOIS, IOWA MINNESOTA, AND WISCONSIN

UPPER MISSISSIPPI RIVER WILD LIFE AND FISH REFUGE

The public hunting of deer on the Upper Mississippi River Wild Life and Fish Refuge, Illinois, Iowa, Minnesota, and Wisconsin is permitted on the areas designated by signs as "open" to hunting. Restricted hunting of deer is also permitted on the areas designated by signs as "closed" to hunting, except that the Goose Island Closed Area in Pool 8 is closed to all hunting at all times. The "open" areas comprising 153,000 acres, and the "closed" areas comprising 41,000 acres are delineated on maps available at the refuge headquarters, Winona, Minnesota 55987, and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Federal Building, Fort Snelling, Twin Cities, Minnesota 55111.

Hunting shall be subject to the following conditions:

(1) Bow and gun deer hunting on designated "open" areas is permitted concurrent with applicable State seasons.

(2) Except for the Goose Island Closed Area which is closed to hunting at all times, bow and gun deer hunting on designated "closed" areas concurrent with applicable State seasons is permitted, but only during the period from the first day AFTER the close of the last hunting season for DUCKS applicable to the geographic area concerned, until the end of the applicable State seasons, or until the next succeeding March 1, whichever occurs first.

(3) The hunting of white-tailed deer shall be in accordance with all applicable State regulations which are adopted herein and made a part of this regulation.

(4) No person shall hunt deer on the Upper Mississippi River Wild Life and Fish Refuge during any period that person's big game hunting privileges are suspended or under revocation in any state or Canadian province for game law infractions.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective until June 30, 1974.

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

ILLINOIS, IOWA, MINNESOTA, AND WISCONSIN

UPPER MISSISSIPPI RIVER WILD LIFE AND FISH REFUGE

Sport fishing, commercial fishing, and the taking of frogs, turtles, crayfish, and clams on the Upper Mississippi River Wild Life and Fish Refuge, Illinois, Iowa, Minnesota, and Wisconsin, is permitted on all water areas of the refuge. The refuge water areas comprising 125,000 acres are delineated on maps available at the refuge headquarters, Winona, Minnesota 55987, and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, Federal Building, Fort Snelling, Twin Cities, Minnesota 55111. All fishing is subject to the following conditions:

(1) Unless further restrictions are imposed by this regulation, all fish, frogs, turtles, crayfish, and clams shall be taken in accordance with all applicable state regulations and seasons which are adopted herein and made a part hereof.

(2) All sport and commercial fishing and all travel by boat or any other means across, through, or on the Spring Lake Closed Area of the Upper Mississippi River Wild Life and Fish Refuge in Carroll Co., Illinois is prohibited from October 1 through December 20.

(3) All persons, including their helpers, exercising the privilege of commercial fishing on the Spring Lake Closed Area must possess a valid commercial fishing permit issued by the Refuge Manager authorizing such commercial fishing, and must comply with all conditions as prescribed by the Refuge Manager which are set forth in the permit.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective until June 30, 1974.

Dated August 20, 1973.

CHARLES A. HUGHLETT,
Acting Regional Director.

Title 6—Economic Stabilization

CHAPTER I—COST OF LIVING COUNCIL

PART 130—COST OF LIVING COUNCIL PHASE IV REGULATIONS

Miscellaneous Amendments Relating to the Food Industry

The purpose of the amendments set forth below is to provide specific rules with respect to the prenotification and reporting of pay adjustments involving low wage employees in the food industry. In addition, an amendment to § 130.58a (a)(3) prescribes that all submissions to the Council relating to pay adjustments affecting employees in the food industry are to be sent to P.O. Box 6185, Washington, D.C. 20044 rather than the former P.O. Box 19100, Washington, D.C. 20508.

In the case of appropriate employee units containing low wage employees, new paragraph (h) of § 130.58a requires that a prenotification or report on the Council's Form PB–3 or Form PB–3A (optional for units containing fewer than 1,000 employees), must include a base compensation rate computed on the basis of wages and salaries actually in effect on the base date and all increases in such rate actually put into effect or proposed to be put into effect for all employees in the unit. This necessarily includes those employees who earn $3.50 or less on the base date. In addition, the prenotification or report is required to include another Form PB–3 or PB–3A, as appropriate, covering separately the base compensation rate and increases thereon for those employees in the unit earning on the base date a straight-time hourly rate of $3.50 per hour or more.

A conforming change is also made to § 130.36(d).

Because the purpose of the publication of these amendments is to provide immediate guidance as to Cost of Living Council decisions, the Council finds that publication in accordance with normal rulemaking procedures is impracticable and that good cause exists for making these amendments effective in less than 30 days. Interested persons may submit comments regarding these regulations. Communications should be addressed to the Office of General Counsel, Cost of Living Council, Washington, D.C. 20508.

(Economic Stabilization Act of 1970, as amended, Pub. L. 92–210, 85 Stat. 743; Pub L. 93–28, 87 Stat. 27; E.O. 11695, 38 FR 1473; E.O. 11730, 38 FR 19345; Cost of Living Council Order No. 14, 38 FR 1489)

In consideration of the foregoing, Part 130 of Title 6 of the Code of Federal Regulations is amended as set forth herein, effective August 28, 1973.

Issued in Washington, D.C. on August 24, 1973.

WILLIAM N. WALKER,
Acting Deputy Director,
Cost of Living Council.

Paragraph 1. In § 130.36, paragraph (d)(2) is revised and paragraph (d)(3) is added. The revised and added provisions read as follows:

§ 130.36 Low wage employees.

* * * * *

(d) *Employees earning more than $3.50.* * * *

(2) *Food industry.*—For rules with respect to pay adjustments affecting employees in the food industry see § 130.58 a(h).

(3) *Health services industry.*—The Tripartite Health Industry Wage and Salary Committee shall develop one or more methods for reporting and evaluating wage and salary increases paid to employees who are paid straight-time hourly rates in excess of $3.50 and who are members of an appropriate employee unit in which low wage employees are paid wage or salary increases which are exempt under the provisions of paragraph (b) of this section.

* * * * *

Par. 2. In § 130.58a, the introductory material in paragraph (a)(3) is revised and a new paragraph (h) is added. The revised and added provisions read as follows:

§ 130.58a Prenotification and reporting requirements for pay adjustments made after 9 p.m., e.s.t., March 29, 1973.

(a) *General rule.* * * *

(3) *Content of prenotification and reports.*—Prenotification and reports shall be submitted on forms prescribed by and pursuant to instructions issued by the Council. All forms must be sent to Office of Wage Stabilization, P.O. Box 6185, Washington, D.C. 20044. In addition—

* * * * *

(h) *Low wage employees.*—If an appropriate employee unit includes an employee earning a straight-time hourly rate on the base date that is equal to or less than $3.50, and a prenotification or report is submitted with respect to such unit pursuant to the provisions of this subpart, then such prenotification or report shall include—

(1) A Form PB–3 or PB–3A (as appropriate) that covers all employees in the appropriate employee unit, and that reflects—

(i) A base compensation rate computed on the basis of wages and salaries actually in effect on the base date; and

(ii) All increases in the base compensation rate actually put into effect or proposed to be put into effect; and

(2) A Form PB–3 or PB–3A (as appropriate) that covers separately those employees whose straight-time hourly rates on the base date (determined individually) are equal to or in excess of $3.50.

Title 19—Customs Duties

CHAPTER I—UNITED STATES CUSTOMS SERVICE

[T.D. 73–243]

PART 153—ANTIDUMPING

Stainless Steel Wire Rods From France

AUGUST 24, 1973.

Section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)), gives the Secretary of the Treasury responsibility for determination of sales at less than fair value. Pursuant to this authority the Secretary of the Treasury has determined that stainless steel wire rods from France are being, or are likely to be, sold at less than fair value within the meaning of section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)). (Published in the FEDERAL REGISTER of April 10, 1973 (38 FR 9094).)

Section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)), gives the United States Tariff Commission responsibility for determination of injury or likelihood of injury. The United States Tariff Commission has determined, and on July 24, 1973, it notified the Secretary of the Treasury that an industry in the United States is being injured by reason of imports of stainless steel wire rods from France sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended. (Published in the FEDERAL REGISTER of July 31, 1973 (38 FR 20382).)

On behalf of the Secretary of the Treasury, I hereby make public these determinations, which constitute a finding of dumping with respect to stainless steel wire rods from France.

Stainless steel wire rods produced by Creusot-Loire of Paris, France, are excluded from this finding of dumping for reasons given in the sales at less than fair value determination.

Section 153.43 of the Customs regulations is amended by adding the following to the list of findings of dumping currently in effect:

Merchandise	Country	T.D.
Stainless steel wire rods, except those produced by Creusot-Loire of Paris, France.	France	73-243

(Secs. 201, 407, 42 Stat. 11, as amended, 18 (19 U.S.C. 160, 173))

[SEAL] EDWARD L. MORGAN,
Assistant Secretary of the Treasury.

Proposed Rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rulemaking prior to the adoption of the final rules.

DEPARTMENT OF STATE

Bureau of Security and Consular Affairs

[22 CFR Part 42]

[Docket No. SD—103]

DOCUMENTATION OF IMMIGRANTS UNDER THE IMMIGRATION AND NATIONALITY ACT, AS AMENDED

Notice of Proposed Rulemaking

In view of questions raised by the decision of July 5, 1973, in the case of Hou Ching Chow v. The Attorney General (Civil Action 2418–72, United States District Court for the District of Columbia) concerning the validity of the revocation of § 42.91(a)(14)(ii)(*f*) of Title 22, Code of Federal Regulations, on July 22, 1972, (37 FR 14693), notice is hereby given of the proposed issuance of the following rule pertaining to the bases upon which an alien seeking to immigrate to the United States may satisfy the requirements of section 212(a)(14) of the Immigration and Nationality Act, as amended, by establishing that he does not seek to enter the United States for the purpose of performing skilled or unskilled services of labor.

This notice is given solely for the purpose of removing any question of the validity of the action taken on July 22, 1972, and is without prejudice to this Department's position with respect to the applicability of section 553(a)(1) of Title 5 of the United States Code (80 Stat. 383) to the publication of rules pertaining to Parts 41, 42, or 46 of Title 22, Code of Federal Regulations.

Interested persons may submit to the Administrator of the Bureau of Security and Consular Affairs, Room 6811, Department of State, Washington, D.C., 20520, written data, views, or arguments, in duplicate, relative to this proposed rule. Submission of such material may not be made orally. All relevant material received on or before September 18, 1973 will be considered.

Section 42.91(a)(14)(ii)(*f*) of Title 22 Code of Federal Regulations Part 42, as it read prior to July 22, 1972, is revoked.

Dated August 23, 1973.

For the Secretary of State.

[SEAL] BARBARA M. WATSON,
Administrator, Bureau of Security and Consular Affairs, Department of State.

DEPARTMENT OF THE TREASURY

Fiscal Service

[31 CFR Parts 202, 203, and 214]

AMENDMENT OF DEPOSITARY CONTRACT PROVISIONS

Notice of Proposed Rule Making

Notice is hereby given that the Department of the Treasury proposes to revise the depositary contract provisions in 31 CFR Parts 202 and 203 in order to implement the provisions of Public Law 92–540, 38 U.S.C. 2012, Executive Order 11701 of January 24, 1973, 38 FR 2675, and the Labor Department regulations published January 31, 1973, 38 FR 2968. Under the provisions cited there is to be included in every contract for $2,500 or more for nonpersonal services a provision that the contractor, in order to provide special emphasis to the employment of qualified disabled veterans and veterans of the Vietnam era, list at an appropriate local office of the state employment service system all suitable employment openings.

The Department of the Treasury is also proposing to utilize this amendatory action to amend the depositary contract provisions in 31 CFR Parts 202, 203 and 214 to include specific reference to the amendment of the Equal Employment Opportunity Executive Order 11246 by Executive Order 11375, October 13, 1967, 32 FR 14303, which prohibits discrimination in employment on grounds of sex.

The specific amendments proposed to be made in 31 CFR are as follows:

PART 202—DEPOSITARIES AND FINANCIAL AGENTS OF THE GOVERNMENT

I. Section 202.4 is amended by revising the final sentence to read:

§ 202.4 Contract of deposit.

* * * * *

The terms of the contract include all the provisions of this part and the provisions prescribed in section 202 of Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and the provisions of the Department of Labor regulations for the promotion of employment of disabled and Vietnam era veterans, 41 CFR Part 50–250, except that depositaries which notify the Department of the Treasury that the gross annual earning value on their Federal deposits is less than $2,500 are exempt from the application of the Department of Labor regulations.

PART 203—SPECIAL DEPOSITARIES OF PUBLIC MONEY

II. Section 203.4 is amended by revising the final sentence to read:

§ 203.4 Contract of deposit.

* * * * *

The terms of the contract include all the provisions of this part and the provisions prescribed in section 202 of Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and the provisions of the Department of Labor regulations for the promotion of employment of disabled and Vietnam era veterans, 41 CFR Part 50–250, except that depositaries which notify the Department of the Treasury that the gross annual earning value on their Federal deposits is less than $2,500 are exempt from the application of the Department of Labor regulations.

PART 214—DEPOSITARIES FOR FEDERAL TAXES

III. Section 214.5(c) is amended to read:

§ 214.5 Qualification.

* * * * *

(c) *Agreement.*—Receipt by a depositary of notice of approval of its application by the Federal Reserve Bank completes the depositary's qualification and creates an agreement between it and the Treasury Department under which the depositary agrees to be bound by all the terms and provisions of this part and the provisions prescribed in section 202 of Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375.

IV. § 214.5(d) is amended by revising the final sentence to read:

§ 214.5 Qualification.

* * * * *

(d) *Existing agreements.*

* * * * *

A depositary which accepts a deposit of Federal taxes under an existing agreement thereby agrees to be bound by all the terms and provisions of this part and the provisions prescribed in section 202 of Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375.

Interested persons are invited to submit written comments, suggestions or objections regarding the aforesaid revisions and amendments to the Fiscal Service, Department of the Treasury, Washington, D.C. 20226, on or before September 27, 1973. In accordance with 31 CFR 1.4(b), 36 FR 13835, comments submitted in response to this notice of proposed rule making are available to the public upon request therefor unless confidential status of the submission has been requested and approved.

Dated August 22, 1973.

[SEAL] JOHN K. CARLOCK,
Fiscal Assistant Secretary.

LABOR CERTIFICATION EXEMPTION

Notice of Proposed Rule Making

In view of the questions raised by the decision of July 5, 1973 in the case of Hou Ching Chow v. The Attorney General (Civil Action No. 2418-72, United States District Court for the District of Columbia), concerning the validity of the deletion of § 212.8(b)(5) of Title 8, Code of Federal Regulations, on August 2, 1972 (37 FR 15419), pursuant to section 553 of Title 5 of the United States Code (80 Stat. 383), notice is hereby given of the proposed issuance of the following rule pertaining to the bases upon which an alien seeking to immigrate to the United States may satisfy the requirements of section 212(a)(14) of the Immigration and Nationality Act, as amended, by establishing that he does not seek to enter the United States for the purpose of performing skilled or unskilled services or labor. The proposed amendment deletes the exemption for certain students from the labor certification requirement as it read prior to August 2, 1972.

This notice is published solely for the purpose of removing any question of the validity of the action taken on August 2, 1972, and is without prejudice with respect to the applicability of section 553 (a)(1) of Title 5 of the United States Code (80 Stat. 383) to the publication of that rule or any other rules, conforming to regulations of the Department of State, adopted for the purpose of securing uniform interpretations of the law in accordance with section 104(e) of the Immigration and Nationality Act.

In accordance with section 553 of Title 5 of the United States Code (80 Stat. 383), interested persons may submit to the Acting Commissioner of Immigration and Naturalization, Room 757, 119 D Street, NE, Washington, D.C. 20536, written data, views, or arguments, in duplicate, relative to the proposed rule. Such representations may not be presented orally in any manner. All relevant material received on or before September 18, 1973, will be considered.

In § 212.8 *Certification requirement of section 212(a)(14)*, paragraph (b) *Aliens not required to obtain labor certifications* is amended by deleting therefrom item (5) as it read immediately prior to August 2, 1972.

(Sec. 103, 66 Stat. 173; (8 U.S.C. 1103))

Dated August 23, 1973.

JAMES F. GREENE,
Acting Commissioner of Immigration and Naturalization.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 948]

IRISH POTATOES GROWN IN COLORADO—AREA NO. 2

Notice of Proposed Handling Regulation

This proposal, designed to promote orderly marketing of Colorado Area No. 2 potatoes, would impose minimum quality standards and would require inspection of fresh shipments to keep undesirable, low quality potatoes from being shipped to consumers.

Consideration is being given to issuing a handling regulation which was recommended by the Colorado Area No. 2 Committee. It is established under Marketing Agreement No. 97 and Order No. 948, both as amended (7 CFR Part 948). This marketing order program regulates the handling of Irish potatoes grown in the State of Colorado and is issued under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

The recommendations of the committee reflect its appraisal of the composition of the 1973 crop in Area No. 2 and of the marketing prospects for this season. Shipments are expected to be in significant volume by mid-September so the regulation should become effective by that period. The grade, size, and maturity requirements provided herein are necessary to prevent potatoes of lesser maturities, undesirable sizes, or low quality from being distributed in fresh market channels. They will also provide consumers with good quality potatoes consistent with the overall quality of the crop.

Exceptions are provided to certain of these requirements to recognize special situations in which such requirements would be inappropriate or unreasonable.

Shipments may be made to certain special purpose outlets without regard to the grade, size, maturity, and inspection requirements, provided that safeguards are met to prevent such potatoes from reaching unauthorized outlets. Seed is so exempted because requirements for this outlet differ greatly from those for fresh market. Shipments for use as livestock feed are likewise exempt. Since no purpose would be served by regulating potatoes used for charity purposes, such shipments are exempt. Exemption of potatoes for most processing uses is mandatory under the legislative authority for this part and therefore shipments to processing outlets are unregulated.

All persons who desire to submit written data, views, or arguments in connection with this proposal may file the same, in four copies, with the Hearing Clerk, Room 112-A, U.S. Department of Agriculture, Washington, D.C. 20250, not later than September 4, 1973. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)). The proposed regulation is as follows:

§ 948.370 Handling regulation.

During the period September 17, 1973, through June 30, 1974, no person shall handle any lot of potatoes grown in Area No. 2 unless such potatoes meet the requirements of paragraphs (a), (b), and (c) of this section, or unless such potatoes are handled in accordance with paragraphs (d), (e), or (f) of this section. The maturity requirements specified in paragraph (b) shall terminate October 31, 1973, at 11:59 p.m. m.s.t.

(a) *Minimum grade and size requirements.* (1) *Round varieties.*—U.S. No. 2, or better grade, 2 inches minimum diameter.

(2) *Long varieties.*—U.S. No. 2, or better grade, 2 inches minimum diameter or 4 ounces minimum weight.

(3) *All varieties.* Size B, if U.S. No. 1, or better, grade.

(b) *Maturity (skinning) requirements.* (1) *Russet Burbank and Red McClure varieties.*—For U.S. No. 2 grade not more than "moderately skinned" and for other grades not more than "slightly skinned."

(2) *All other varieties.*—Not more than "moderately skinned."

(c) *Inspection.*—(1) No handler shall handle any potatoes for which inspection is required unless an appropriate inspection certificate has been issued with respect thereto and the certificate is valid at the time of shipment. For purposes of operation under this part it is hereby determined pursuant to paragraph (d) of § 948.40, that each inspection certificate shall be valid for a period not to exceed 5 days following the date of inspection as shown on the inspection certificate.

(2) No handler may transport or cause the transportation by motor vehicle of any shipment of potatoes for which an inspection certificate is required unless each shipment is accompanied by a copy of the inspection certificate applicable thereto and the copy is made available for examination at any time upon request.

(d) *Special purpose shipments.*—(1) The grade, size, maturity, and inspection requirements of paragraphs (a), (b), and (c) of this section and the assessment requirements of this part shall not be applicable to shipments of potatoes for:

(i) Livestock feed;

(ii) Relief or charity; or

(iii) Canning, freezing, and "other processing" as hereinafter defined.

(2) The grade, size, maturity and inspection requirements of paragraphs (a), (b) and (c) of this section shall not be

applicable to shipments of seed pursuant to § 948.6 but such shipments shall be subject to assessments.

(e) *Safeguards.*—Each handler of potatoes which do not meet the grade, size, and maturity requirements of paragraphs (a) and (b) of this section and which are handled pursuant to paragraph (d) for any of the special purposes set forth therein shall,

(1) Prior to handling, apply for and obtain a Certificate of Privilege from the committee.

(2) Furnish the committee such reports and documents as requested, including certification by the buyer or receiver as to the use of such potatoes, and

(3) Bill each shipment directly to the applicable processor or receiver.

(f) *Minimum quantity.*—For purposes of regulation under this part, each person may handle up to but not to exceed 1,000 pounds of potatoes without regard to the requirements of paragraphs (a), (b) and (c) of this section, but this exception shall not apply to any shipment which exceeds 1,000 pounds of potatoes.

(g) *Definitions.*—The terms "U.S. No. 1," "U.S. No. 2," "slightly skinned," and "moderately skinned" shall have the same meaning as when used in the U.S. Standards for Potatoes (§§ 51.1540–51.1566 of this title, effective September 1, 1971, as amended), including the tolerances set forth therein. The term "other processing" has the same meaning as the term appearing in the act and includes, but is not restricted to, potatoes for dehydration, chips, shoestrings, starch, and flour. It includes only that preparation of potatoes for market which involves the application of heat or cold to such an extent that the natural form or stability of the commodity undergoes a substantial change. The act of peeling, cooling, slicing, or dicing, or the application of material to prevent oxidation does not contsitute "other processing." Other terms used in this section shall have the same meaning as when used in Marketing Agreement No. 97, as amended, and this part.

(h) *Applicablity to imports.*—Pursuant to section 8e of the act and § 980.1, *Import regulations* (7 CFR 980.1), Irish potatoes of the red skinned round type, except certified seed potatoes, imported into the United States during the period September 17, 1973, through June 30, 1974, shall meet the grade, size, and quality requirements specified in paragraph (a) of this section, and during the period September 17, 1973, through October 31, 1973, shall be not more than "moderately skinned."

Dated August 22, 1973.

CHARLES R. BRADER,
Acting Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.73-18178 Filed 8-27-73;8:45 am]

[7 CFR Part 981]

ALMONDS GROWN IN CALIFORNIA

Proposed Expenses of the Control Board and Rate of Assessment for the 1973–74 Crop Year

Notice is given of proposed expenses of the Almond Control Board, and rate of assessment, for the 1973–74 crop year. The proposal is pursuant to §§ 981.80 and 981.81 of the marketing agreement, as amended, and Order No. 981, as amended (7 CFR Part 981). The amended marketing agreement and order regulate the handling of almonds grown in California, and are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674).

The proposal is based on the unanimous recommendation of the Almond Control Board. Proposed expenses of the Board for the 1973–74 marketing year, beginning July 1, 1973, total $1,945,481. The proposed rate of assessment is 1.250 cent per pound of almonds (kernel weight basis).

All persons who desire to submit written data, views, or arguments on this proposal should file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, to be received not later than September 7, 1973. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The proposal is as follows:

§ 981.323 Expenses of the Control Board and rate of assessment for the 1973–74 crop year.

(a) *Expenses.*—Expenses in the amount of $1,945,481 are reasonable and likely to be incurred by the Control Board during the crop year beginning July 1, 1973, for its maintenance and functioning and for such purposes as the Secretary may, pursuant to the provisions of this part, determine to be appropriate.

(b) *Rate of assessment.* The rate of assessment for said crop year, payable by each handler in accordance with § 981.81, less any amount credited pursuant to § 981.41 but not to exceed 1 cent per pound of almonds (kernel weight basis), is fixed at 1.250 cent per pound of almonds (kernal weight basis).

Dated August 22, 1973.

CHARLES R. BRADER,
Acting Deputy Director, Fruit and Vegetable Division.

[Docket Nos. AO-355-A14, AO-105-A37]

MILK IN THE CENTRAL ILLINOIS AND QUAD CITIES-DUBUQUE MARKETING AREAS

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreements and Orders

Notice is hereby given of a public hearing to be held at the Holiday Inn, Airport Junction Highways 150, 6, 92, and I-280, Moline, Illinois 61265, beginning at 10:00 a.m., local time, on September 5, 1973, with respect to proposed amendments to the tentative marketing agreements and to the orders, regulating the handling of milk in the Central Illinois and Quad Cities-Dubuque marketing areas.

The hearing is called pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900).

The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions in each of the aforesaid specified marketing areas which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreements and to the orders.

Evidence also will be taken to determine whether emergency marketing conditions exist that would warrant omission of a recommended decision under the rules of practice and procedure (7 CFR 900.12(d)) with respect to any or all of the proposals.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

PROPOSED BY MISSISSIPPI VALLEY MILK PRODUCERS ASSOCIATION, INC.

PROPOSALS TO AMEND THE CENTRAL ILLINOIS ORDER

Proposal No. 1.

In § 1050.61, amend paragraph (a) to read as follows:

§ 1050.61 Plants subject to other Federal orders.

* * * * *

(a) A distributing plant qualified pursuant to § 1050.12(a) which meets the requirements of a fully regulated plant pursuant to the provisions of another order issued pursuant to the Act and from which a greater quantity of fluid milk products, except filled milk, is disposed of during the month from such plant as Class I in the marketing area regulated by the other order than as Class I in the Central Illinois marketing area: *Provided,* That such a distributing plant which was a pool plant under this

order in the immediately preceding month shall continue to be subject to all of the provisions of this part until the third consecutive month in which a greater proportion of such Class I disposition is made in such other marketing area, unless the other order requires regulation of the plant without regard to its qualifying as a pool plant under this order subject to the proviso of this paragraph;

* * * * *

PROPOSALS TO AMEND THE QUAD CITIES-DUBUQUE ORDER

Proposal No. 2.

Revise § 1063.10(a) (1) and (2) to read as follows:

§ 1063.10 Pool plant.

* * * * *

(a) * * *

(1) The volume of Class I packaged fluid milk products, except filled milk, disposed of during the month either on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets or moved to other plants, less receipts of packaged fluid milk products other than filled milk from other pool distributing plants, is not less than (a) 45 percent during each of the months of September through January and (b) 40 percent during each other month, of the total Grade A fluid milk products, except filled milk, received at such plant, exclusive of receipts of packaged fluid milk products from other pool distributing plants and receipts from other order plants which are assigned pursuant to § 1063.46(a)(4)(ii) and the corresponding step of § 1063.46(b); and

(2) Not less than 15 percent of net receipts specified in subparagraph (1) of this paragraph, is so disposed of in the marketing area on routes: *Provided*, That a handler who has disposed of not less than 15 percent of such receipts during each of the preceding months of September through January shall continue to be a pool plant if not less than 10 percent of such receipts are disposed of in the marketing area.

* * * * *

Proposal No. 3

Revise § 1063.14 to read as follows:

§ 1063.14 Producer milk.

"Producer milk" means the skim milk and butterfat contained in Grade A milk received at a pool plant directly from a dairy farmer, except that milk received by diversion from other order plants which are assigned pursuant to § 1063.46(a)(4)(ii) and the corresponding step of § 1063.46(b). Milk normally received from a dairy farmer at a pool plant which is diverted from such pool plant by the operator of the plant or a cooperative association handler pursuant to § 1063.12(c) to a nonpool plant that is not an other order plant or to a nonpool plant that is an other order plant if diverted as Class II milk shall also be producer milk and shall be deemed to have been received by the diverting handler at the plant from which diverted, except that milk diverted from a plant located in the Central Illinois marketing areas as defined in Part 1050 shall be priced at the location of the plant to which diverted: *Provided*, That in any of the months of September through January milk diverted from the farm of a producer on more than the number of days that milk was delivered to a pool plant from such farm during the month shall not be deemed to have been received by the diverting handlers.

* * * * *

Proposal No. 4.

Add a new subparagraph (4) to § 1063.52(a) as follows:

§ 1063.52 Location adjustments to handlers.

(a) * * *

(4) At a plant located in that territory beyond 70 miles from the nearer of the City Hall, Rock Island, Illinois, or the Post Office, West Liberty, Iowa, and South of U.S. Highway No. 80, or within the Central Illinois marketing area as specified in Part 1050, add any amount by which the price specified in § 1063.50(b) is exceeded by the applicable Class I price at the same location pursuant to Part 1050 regulating the handling of milk in the Central Illinois marketing area.

* * * * *

Notice of Hearing—Central Illinois and Quad Cities-Dubuque

PROPOSED BY THE DAIRY DIVISION, AGRICULTURAL MARKETING SERVICE

Proposal No. 5

Make such changes as may be necessary to make the entire marketing agreements and the orders conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrators Fred L. Shipley, P.O. Box 1485, Maryland Heights, Missouri 63043, John B. Rosenbury, 909 Sixth Street NW., Rochester, Minnesota 55901, or from the Hearing Clerk, Room 112-A, Administration Building, United States Department of Agriculture, Washington, D.C. 20250, or may be there inspected.

Signed at Washington, D.C., on August 22, 1973.

E. L. PETERSON,
Administrator,
Agricultural Marketing Service.

[FR Doc.73-18177 Filed 8-27-73;8:45 am]

[7 CFR Part 981]

HANDLING OF ALMONDS GROWN IN CALIFORNIA

Notice of Proposed Salable and Reserve Percentages for the 1973-74 Crop Year

Notice is given of proposed salable and reserve percentages of 100 and 0 percent, respectively, for California almonds, for the 1973-74 crop year, which began July 1, 1973. The proposal is in accordance with the provisions of the marketing agreement, as amended, and Order No. 981, as amended (7 CFR Part 981), regulating the handling of almonds grown in California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). The proposal was unanimously recommended by the Almond Control Board. No export percentage for reserve almonds was recommended by the Board, because of its recommendation for a reserve percentage of 0 percent.

All persons who desire to file written data, views, or arguments in connection with the aforesaid proposal should file the same, in quadruplicate, with the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, to be received not later than September 10, 1973. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during official hours of business (7 CFR 1.27(b)).

In determining the percentages, the Board considered the following estimates (kernel weight basis) for the crop year beginning July 1, 1973:

(1) Production of 155 million pounds;
(2) Trade demand for domestic almonds of 75 million pounds;
(3) Handler carryover of 16 million pounds on July 1, 1973;
(4) Desirable handler carryover of 21 million pounds on June 30, 1974;
(5) Trade demand and desirable handler carryover requirements for 1973 crop almonds of 80 million pounds (item 2 plus 4 minus 3); and
(6) Export requirements of 75.0 million pounds.

In arriving at its recommendation, the Board also took into consideration the strong world demand for almonds and the estimated shortage in available world supplies to meet this demand. Because of this supply and demand situation, demand for California almonds in all markets is very strong, and buyers are actively bidding for California almonds. The Board concluded that handlers may therefore experience difficulty in meeting the needs of all their customers. In order to provide handlers maximum flexibility in disposition of their tonnage, the Board recommended that the percentages for the 1973-74 crop year be established at 100 percent salable and 0 percent reserve.

In view of these circumstances, it is likely that the estimated season average price to producers for 1973 crop almonds will exceed parity. Trade information indicates that much of the 1973 crop has been sold in advance at f.o.b. California prices which would return to growers prices well in excess of the parity level.

The proposal is as follows:

§ 981.223 Salable and reserve percentages for almonds during the crop year beginning July 1, 1973.

The salable and reserve percentages during the crop year beginning July 1,

1973, shall be 100 and 0 percent, respectively.

Dated August 22, 1973.

CHARLES R. BRADER,
Acting Deputy Director,
Fruit and Vegetable Division.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[29 CFR Part 1910]

EXPOSURE OF EMPLOYEES TO ORGANOPHOSPHOROUS PESTICIDES

Consideration of EPA Hearings

On June 29, 1973, the Occupational Safety and Health Administration (OSHA) published a notice of proposed rulemaking concerning exposure to organophosphorous pesticides (38 FR 17245-46). The notice invited interested persons to submit written comments and present oral testimony at hearings in four different cities. On July 31, 1973, the Environmental Protection Agency (EPA) also published a notice of hearings on pesticides (38 FR 20362-65) which schedules hearings in seven different cities and includes, among others, the same issues as those noted in the OSHA proposal. The notice refers to the OSHA June 29 notice of proposed rulemaking and announces the intention of EPA to base its action on the combined record of both agencies.

This document supplements the OSHA June 29 notice of proposed rulemaking by giving notice that OSHA will also consider, in connection with its rulemaking, the record of the EPA hearings which are scheduled in the EPA notice of July 31, 1973.

It is desirable to consider the records of both the OSHA and the EPA hearings for three reasons: (1) It will provide more relevant information upon which to base a decision; (2) it will minimize the possibility of reaching conflicting conclusions; and, above all, (3) it will afford more persons interested in the regulation of pesticides a greater opportunity to participate in the OSHA rulemaking proceeding through an appearance at any one of the hearings scheduled by OSHA or EPA.

Signed at Washington, D.C., this 22nd day of August, 1973.

JOHN STENDER,
Assistant Secretary of Labor.

[FR Doc.73-18200 Filed 8-27-73;8:45 am]

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR Part 1820]

EXECUTION AND FILING OF FORMS

Place for Filing—Alaska

The purpose of this amendment is to make the boundaries of the Bureau of Land Management land districts in Alaska identical with the BLM's administrative districts. The administrative boundaries conform to natural topographic features which influence the travel and trade patterns of Alaskans. The administrative boundaries have been found to correspond closer to these patterns than the land district boundaries. The change will therefore better serve the convenience of the Alaskan public as well as promote administrative efficiency.

In accordance with the Department's policy on public participation in rulemaking (36 FR 8336), interested parties may submit written comments, suggestions, or objections with respect to the proposed rules to the Director (210), Bureau of Land Management, Washington, D.C. 20240, until September 25, 1973.

Copies of comments, suggestions, or objections made pursuant to this notice will be available for public inspection in the Office of Information, Bureau of Land Management, Room 5643, Interior Building, Washington, D.C., during regular business hours (7:45 a.m.-4:15 p.m.)

Section 1821.2-1 would be amended by inserting a revised map of the Alaska Land District boundaries in paragraph (d).

§ 1821.2-1 Office hours of land offices; place for filing.

(d) * * *

Footnote 1

August 21, 1973.

JACK O. HORTON,
Assistant Secretary
of the Interior.

Fish and Wildlife Service

[50 CFR Part 18]

MARINE MAMMALS

Extension of Comment Period

This notice extends the period for comments on the notice published August 16, 1973, (38 FR 22143) proposing amendments to 50 CFR Part 18, Marine Mammals.

This extension of the period for comments is made to coincide with that established by the Department of Commerce (NOAA) in their proposed amendments to 50 CFR Part 216 which relate to those marine mammals under their jurisdiction, also published on August 16, 1973 (38 FR 22133).

Accordingly, the period for receiving comments with respect to the notice of proposed rulemaking to amend 50 CFR Part 18, published on August 16, 1973, is extended from September 24 to October 1, 1973.

CHARLES M. LOVELESS,
Acting Director, Bureau of
Sport Fisheries and Wildlife.

[50 CFR Part 19]

AIRBORNE HUNTING

Notice of Proposed Rulemaking

Notice is given that the Fish and Wildlife Service proposes to amend its regulations by adding a new Part 19—Airborne Hunting to subchapter B of Chapter 1 of 50 CFR. These regulations would implement the Fish and Wildlife Act of 1956 as amended by Pub. L. 92-159 and Pub. L. 92-502. A new Part 19 is proposed as follows:

PART 19—AIRBORNE HUNTING

Subpart A—Introduction

Sec.
19.1 Purpose of regulations.
19.2 Scope of regulations.
19.3 Conflict with other laws.
19.4 Definitions.

Subpart B—Prohibitions

19.11 General prohibition.
19.12 Exceptions to general prohibition.

Subpart C—Federal Permits

19.21 Limitation on Federal permits.

Subpart D—State Permits and Annual Report Requirements

19.31 State permits.
19.32 Annual reporting requirements.

AUTHORITY: Fish and Wildlife Act of 1956, 85 Stat. 480, as amended, 86 Stat. 905.

Subpart A—Introduction

§ 19.1 Purpose of regulations.

The regulations contained in this part provide rules for the shooting or harassing of wildlife from any aircraft, provide the requirements for the contents and filing of annual reports by the States regarding permits issued for such shooting or harassing, and provide regulations necessary for effective enforcement of the Fish and Wildlife Act of 1956 as amended (16 U.S.C. 742a–j–1).

§ 19.2 Scope of regulations.

The regulations contained in this part apply to all persons within the territorial jurisdiction of the United States, to all United States citizens whether within the territorial jurisdiction of the United States or on the high seas or on board aircraft in flight over the high seas, and to all persons on board aircraft belonging in whole or in part to any United States citizen, firm, or partnership, or corporation created by or under the laws of the United States, or any State, territory or possession thereof.

§ 19.3 Conflict with other laws.

Nothing in this part nor in the terms of any permit shall be construed to authorize any person to shoot or shoot at from an aircraft or use an aircraft to harass any bald or golden eagle, polar bear, sea otter, manatee, walrus, or migratory bird, except that persons acting under a Federal permit to scare or herd migratory birds issued pursuant to § 12.41 of this subchapter, may use aircraft if authorized in the permit.

§ 19.4 Definitions.

For the purposes of this part:

Harass means to disturb, worry, molest, rally, concentrate, harry, chase, drive, herd or torment.

Subpart B—Prohibitions

§ 19.11 General prohibition.

(a) Except as otherwise authorized by the Fish and Wildlife Act of 1956 as amended, no person shall:

(1) While airborne in any aircraft shoot or attempt to shoot for the purpose of capturing or killing any wildlife;

(2) Use an aircraft to harass any wildlife; or

(3) Knowingly participate in using an aircraft whether in the aircraft or on the ground for any purpose referred to in paragraphs (1) or (2);

(b) The acts prohibited in this section include, but are not limited to, any person who—

(1) Pilots or assists in the operation of an aircraft from which another person shoots or shoots at wildlife while airborne, or

(2) While on the ground takes or attempts to take any wildlife by means, aid, or use of an aircraft.

§ 19.12 Exceptions to general prohibitions.

The prohibitions of the preceding section shall not apply to any person who—

(1) Is acting within the scope of his official duties as an employee or authorized agent of a State or the United States to administer or protect or aid in the administration or protection of land, water, wildlife, livestock, domesticated animals, human life or crops; or

(2) Is acting within the limitations of a permit issued pursuant to §§ 19.21 or 19.31 of this part.

Subpart C—Federal Permits

§ 19.21 Limitation on Federal permits.

No Federal permits will be issued to authorize any individual to hunt, shoot, or harass any wildlife from an aircraft, except that Federal permits to scare or herd migratory birds issued pursuant to § 21.41 of this subchapter may authorize such activities.

Subpart D—State Permits and Annual Report Requirements

§ 19.31 State permits.

(a) Except as provided in § 19.3, States may issue permits to individuals to engage in airborne hunting or harassing of wildlife for purposes of administering or protecting land, water, wildlife, livestock, domestic animals, human life or crops. States may not issue permits for the purpose of sport hunting.

(b) Upon issuance of a permit by a State to an individual pursuant to this section, the issuing authority will provide immediate notification to the Special Agent in Charge having jurisdiction according to § 10.22.

§ 19.32 Annual reporting requirements.

(a) Any State issuing permits to individuals to engage in airborne hunting or harassing of wildlife or whose employees or agents participate in airborne hunting or harassing of wildlife for purposes of administering or protecting land, water, wildlife, livestock, domestic animals, human life or crops shall file with the Director, an annual report on or before July 1 for the preceding calendar year ending December 31.

(b) The annual report required by this section shall contain the following information as to each such permit issued:

(1) The name and address of each person to whom a permit was issued.

(2) Permit number and inclusive dates during which permit was valid.

(3) The aircraft number of the aircraft used and the location where such aircraft was based.

(4) Common name and number of the wildlife for which authorization to take was given and a description of the area from which the wildlife were authorized to be taken.

(5) The purpose for which the permit was issued, specifically identifying whether the permit was issued to protect land, water, wildlife, livestock, domestic animals, crops, or human life.

(6) The common name and number of wildlife taken by permittees and State employees or agents.

(c) A compilation of all annual reports required by this section shall be made by the Director and furnished to any State filing such annual report.

Interested persons are invited to submit written comments, suggestions, or objections concerning this proposed new Part 19—Airborne Hunting, to the Director, Bureau of Sport Fisheries and Wildlife, U.S. Department of the Interior, Washington, D.C. 20240. Comments received by October 19, 1973, will be considered.

CHARLES M. LOVELESS,
Acting Director, Bureau of Sport Fisheries and Wildlife.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Public Health Service

[42 CFR Part 54b]

GRANTS FOR DRUG ABUSE PREVENTION, TREATMENT AND REHABILITATION

Notice of Proposed Rulemaking

Notice is hereby given that the Administrator, Health Services and Mental Health Administration, with the approval of the Secretary of Health, Education, and Welfare, proposes to revise Part 54b of Title 42, Code of Federal Regulations, currently entitled "Grants to States for Drug Abuse Prevention Functions."

Part 54b now establishes only the formula for allotting the sums appropriated under section 409 of the Drug Abuse Office and Treatment Act of 1972 (86 Stat. 80, 21 U.S.C. 1176) to the States (42 CFR 54b.102). The provisions appearing in the current Part 54b and the provisions to be added by this proposed revision which govern formula grants to States would constitute Subpart A of the

revised Part 54b. This proposed revision reserves Subpart B of Part 54b for regulations governing project grants authorized by section 410 of the Drug Abuse Office and Treatment Act of 1972.

The principal purpose of the revision is to establish requirements for grants to States under section 409 of the Drug Abuse Office and Treatment Act of 1972 for: (1) The preparation of State plans for planning, establishing, conducting, and coordinating projects for the development of more effective drug abuse prevention functions in the State and for evaluating the conduct of such functions; (2) the expenses of carrying out projects under and otherwise implementing State plans approved by the Secretary and evaluating the results of such implementation; and (3) State administrative expenses for carrying out approved State plans.

Section 54b.105 of the proposed regulations establishes procedures for applying for grants for preparation of the State plan. This section provides that a State may apply for a preparation grant through the single State agency designated by the State as the sole agency for the preparation and administration of the State plan or for supervising such administration and preparation or, if such agency has not been designated, through an agency designated by the State to apply for the grant and begin preparation of the State plan pending designation of the single State agency.

As provided in § 54b.106 a State must submit to and have approved by the Secretary a State plan which meets the statutory and regulatory requirements in order to receive funds for implementing the State plan, evaluating the results of such implementation and meeting the administrative costs of carrying out the plan.

The proposed regulation also includes the uniform administrative requirements for grants-in-aid to State and local governments required by Office of Management and Budget Circular No. A–102. The Department of Health, Education, and Welfare is currently preparing a Department-wide regulation to implement the OMB requirements. Such regulation may contain deviations from the requirements of these proposed regulations. In that event, these proposed regulations will be revised to conform with the applicable provisions of the Department-wide regulation.

These proposed regulations have been developed in consultation with the Special Action Office for Drug Abuse Prevention.

Interested persons are invited to submit written comments, suggestions, or objections regarding the proposed revision of 42 CFR Part 54b to the National Institute of Mental Health, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852, on or before September 26, 1973: *Provided*, That comments are not invited with regard to § 54b.101 and paragraph (a) of § 54b.103 of the proposed regulations. These provisions are now in effect, respectively, as §§ 54b.101 and 54b.102 of the current Part 54b. These provisions are included in the notice of proposed rule making only for the sake of completeness.

Comments received will be available for public inspection at Room 17–99, Parklawn Building, between the hours of 8:30 a.m. and 5:00 p.m., Monday through Friday.

It is, therefore, proposed to revise Part 54b of Title 42 CFR in the manner set forth below.

Dated June 4, 1973.

HAROLD O. BUZZELL,
Administrator, Health Services and Mental Health Administration.

Approved August 20, 1973.

CASPAR W. WEINBERGER,
Secretary.

Part 54b is revised to read as follows:

PART 54b—GRANTS FOR DRUG ABUSE PREVENTION TREATMENT AND REHABILITATION

Subpart A—Grants to States for Drug Abuse Prevention Functions

Sec.

54b.101 Applicability.
54b.102 Definitions.
54b.103 Allotments.
54b.104 Transfer of allotments.
54b.105 Grants for preparation of State plans.
54b.106 State plan; submission and review.
54b.107 State plan, purpose; consistency with other plans.
54b.108 State plan; coordination.
54b.109 State plan; single State agency.
54b.110 State plan; State advisory council.
54b.111 State plan; survey of need; resource allocation plan.
54b.112 State plan; monitoring and reporting of program performance.
54b.113 State plan; administration.
54b.114 State plan; financial management systems; program income.
54b.115 Property management.
54b.116 State plan; subgrants.
54b.117 Contract procurement standards; States and subgrantees.
54b.118 Records.
54b.119 Reports.
54b.120 Assurances.
54b.121 Nondiscrimination on account of race, color, or national origin.
54b.122 Grant suspension and termination.

Subpart B [Reserved]

AUTHORITY: Sec. 409; 86 Stat. 80; (21 U.S.C. 1176).

Subpart A—Grants to States for Drug Abuse Prevention Functions

§ 54b.101 Applicability.

The regulations of this subpart apply only to grants under section 409 of the Act to assist the States in the preparation of plans for planning, establishing, conducting, and coordinating projects for the development of more effective drug abuse prevention functions in each State; in carrying out projects under and otherwise implementing such plans; in evaluating the results of such plans as implemented; and in paying the administrative expenses of carrying out such plans.

§ 54b.102 Definitions.

All terms not defined herein shall have the same meanings as given them in the Act. As used in this subpart:

(a) "Act" means the Drug Abuse Office and Treatment Act of 1972 (86 Stat. 65; 21 U.S.C. 1101 et seq.).

(b) "Secretary" means the Secretary of Health, Education, and Welfare and any other officer or employee of the Department of Health, Education, and Welfare to whom the authority has been delegated.

(c) "State" means the 50 states, the District of Columbia, the Virgin Islands, the Commonwealth of Puerto Rico, Guam, American Samoa, and the Trust Territory of the Pacific Islands.

(d) "State plan" means the plan for planning, establishing, conducting, and coordinating projects for the development of more effective drug abuse prevention functions in the State and for evaluating the conduct of such functions which contains the information, proposals, and assurances required by section 409 of the Act and the regulations of this subpart.

(e) "State agency" means the single State agency, which may be an individual agency or an interdepartmental agency, designated by the State as the sole agency for the preparation and administration of the State plan or for supervising the preparation and administration of the State plan.

(f) "Population", with respect to any State or area thereof, means the latest figures of total population certified by the United States Department of Commerce.

§ 54b.103 Allotments.

(a) *Allotments to States.*—The allotments to the several States under section 409 of the Act will be computed by the Secretary as follows:

(1) One-third weight on the basis of total population weighted by financial need, as determined by the relative per capita income for each State for the three most recent consecutive years for which data is available from the Department of Commerce.

(2) One-third weight on the basis of the need for more effective conduct of drug abuse prevention functions as measured by an estimate of chronic drug abusers in each State relative to the total number of chronic drug abusers in the United States, based upon the latest statistical data available to the Secretary.

(3) One-third weight on the basis of the relative additional need for more effective conduct of drug abuse prevention functions as measured by the relative difference between each State's percentage share of the total population of the United States and such State's percentage share of Federal funds which had been obligated for the support of drug abuse prevention functions within all the States as of October 18, 1972, as determined by the Secretary.

Example: A State which has 10 percent of the total population and which had re-

ceived 5 percent of the total Federal funds obligated for the support of drug abuse prevention functions within all the States as of October 18, 1972, would be allotted, from the one-third of the appropriation distributed pursuant to this factor, an amount equal to twice as much as a State which has 10 percent of the total population and which had received 7½ percent of the total Federal funds obligated for such purposes as of October 18, 1972. A State which had received a percentage of such funds equal to or greater than its percentage share of the total population of the United States would be allotted zero funds under this factor.

(b) If, after determining the amount of the allotment for each State in accordance with paragraph (a) of this section, it appears that any State (with the exception of the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands) would receive less than the minimum allotment prescribed by section 409(c)(1) of the Act, the Secretary shall reduce the shares of each State which would receive more than such minimum allotment by an equal percentage and reallocate such sums as required to assure that eyery State (other than the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands) will receive at least the prescribed minimum allotment.

§ 54b.104 Transfer of allotments.

(a) *Allotments to the 50 States, the District of Columbia and the Commonwealth of Puerto Rico.*—Any amount allotted to any of the 50 States, the District of Columbia, or the Commonwealth of Puerto Rico for a fiscal year which remains unobligated at the end of such fiscal year shall remain available to such State, for the purposes for which made, for the next fiscal year and any such amount shall be in addition to the amounts allotted to such State for such next fiscal year; Provided, that any amount remaining unobligated at the end of the sixth month following the end of the fiscal year for which such amount was allotted may be reallotted by the Secretary to any other of the States having need therefor, on such basis as the Secretary deems equitable and consistent with the purposes of the Act, if the Secretary determines that such amounts will remain unobligated at the end of the next fiscal year following the fiscal year for which such amounts were allotted. Funds thus reallotted to any of the States shall be available for the purposes for which made until the close of such next fiscal year. Any amount so reallotted shall be in addition to the amounts allotted and available for the same period.

(b) *Allotments to the Virgin Islands, American Samoa, Guam, and the Trust Territory of the Pacific Islands.*—Any amount allotted to the Virgin Islands, American Samoa, Guam, or the Trust Territory of the Pacific Islands for a fiscal year which remains unobligated at the end of such year shall remain available for the purposes for which made for the next two fiscal years, and any such amount shall be in addition to the amounts allotted for each of such next two fiscal years; *Provided*, That any amount remaining unobligated at the close of the first of such next two years, which the Secretary determines will remain unobligated at the close of the second of such next two years, may be reallotted by the Secretary to any other of the foregoing four States which has a need therefor, on such basis as the Secretary deems equitable and consistent with the purposes of the Act, to be available until the close of the second of such next two fiscal years. Any amount so reallotted shall be in addition to the amounts allotted and available for the same period.

(c) *Reallotment determination.*—In determining whether a reallotment of funds to a particular State would be equitable and consistent with the purposes of the Act, the Secretary will consider:

(1) The extent to which the proposed recipient State has demonstrated a high incidence of drug abuse problems in its general population;

(2) The extent to which the proposed recipient State has demonstrated an urgent need for drug abuse services for a specific target population group;

(3) The extent to which the proposed recipient State is effectively implementing its State plan provisions for drug abuse services; and

(4) Such other factors as the Secretary may find to be relevant.

(d) *Reports.*—In order to assist the Secretary in making the reallotments authorized by the Act and this section each State shall, with respect to each fiscal year for which it receives an allotment, submit a report to the Secretary describing in detail how it plans to obligate funds from the allotment which have not been obligated by the date of the report and what funds, if any, it does not plan to obligate during the period in which such funds are available for obligation.

(1) Each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico shall file such report not later than the end of the sixth month following the end of the fiscal year for which the allotment was made.

(2) The Virgin Islands, American Samoa, Guam, and the Trust Territory of the Pacific Islands shall each submit such report not later than the end of the first fiscal year following the fiscal year for which the allotment was made.

§ 54b.105 Grants for preparation of State plans.

In order to receive funds from its allotment for the preparation of a State plan a State must submit an application to the Secretary in accordance with the requirements of this section.

(a) *Eligible applicants.*—An application for a grant under this section shall be submitted by the State agency or, if no State agency has been designated or established, by an agency designated and authorized by the State to apply for funds for the preparation of the State plan and to begin preparation of the State plan pending designation of the State agency.

(b) *Application.*—An application for a grant for the preparation of a State plan shall be in such form and shall be submitted at such time and in such manner as the Secretary may prescribe. Each application shall contain:

(1) Evidence that the applicant has been duly designated and authorized to apply for a grant and to prepare the State plan;

(2) A statement of the amount of the State's allotment which is requested for preparation of the State plan;

(3) An assurance that the funds requested will be used for the preparation of a State plan which is intended to meet the requirements of section 409(e) of the Act and the regulations of this subpart and only for payment of the costs incurred in such preparation, and a proposed budget for the expenditure of such funds;

(4) An assurance that the grant funds will be so used as to supplement and increase, to the extent feasible and practical, the level of State, local, and other non-Federal funds that would, in the absence of the grant, be made available to prepare a State plan and will in no event supplant such State, local, and other non-Federal funds; and

(5) An assurance that the views of representatives of State and local governments, public and private agencies or organizations concerned with drug abuse problems, and of the general public will be sought and considered in the development of the State plan.

(c) *Grant award.*—(1) All grant awards under this section shall be in writing and shall, subject to the limitation in paragraph (c)(2) of this section, set forth the amount of funds granted and the period for which such funds will be available for obligation by the State.

(2) No grant award under this section shall exceed $100,000: *Provided, however*, That the Secretary may make a supplemental grant award upon the written request of the applicant if he finds that all funds available under the initial grant award have been obligated, and that the proposed expenditure for planning purposes of the requested additional funds is justified and consistent with the Act and the regulations of this subpart and that sufficient funds are available from the State's allotment.

(d) *Payments.*—The Secretary will from time to time make payments to the State of all or a portion of the grant award, either in advance or by way of reimbursement.

(e) *Expenditure of funds.*—Grant funds awarded under this section may be expended only for the purpose of preparing a State plan which is intended to meet the requirements of section 409(e) of the Act and the regulations of this subpart. Allowability of costs incurred in such preparation shall be determined in accordance with the principles set forth in Chapter 5-60 of the Department of

Health, Education, and Welfare Grants Administration Manual.[1]

(1) Examples of allowable costs under this section include costs incurred for conducting demographic and statistical surveys, including salaries for key punch operators and computer time and costs incurred by citizen committees convened to provide advice with respect to the preparation of the State plan.

(2) Examples of costs which are not allowable under this section include general administrative costs not related to the development of the State plan and costs arising from the implementation of an approved State plan such as travel and per diem costs of members of the State Advisory Council incurred in connection with such implementation.

(f) *Participation by other agencies.*—Funds from the grant award may be made available, in accordance with the requirements of § 54b.116, to sub-State regional, county, city, or other planning groups or agencies for input into the overall State plan and for development of a local drug abuse prevention and treatment plan which, upon approval by the chief executive officer of the locality and the applicant, shall be incorporated by reference in the State plan.

(g) *Records and reports.*—(1) All payments made by the Secretary under this section shall be recorded by the State on accounting records separate from the records of all other funds including funds made available from the State's allotment for other purposes. Such records shall conform to the standards set forth in § 54b.114 and shall be retained and subject to inspection as required by § 54b,118.

(2) Each grant awarded pursuant to this section shall be subject to the condition that the State shall file performance and fiscal reports with the Secretary in accordance with the provisions of, respectively, §§ 54b.112(b) and 54b.119.

(h) *Grant closeout.*—Closeouts of grants awarded pursuant to this section shall be made in accordance with the following procedures:

(1) When all work under the grant is completed or upon the date specified in the grant award or any supplement or amendment thereto as the date on which Federal assistance ends, all unobligated balances of cash advanced to the State shall be immediately refunded to the Secretary or otherwise disposed of in accordance with his instructions.

(2) Upon request, the Secretary shall, within the limits of the grant award, make, or arrange for, prompt payment to the State for allowable reimbursable costs not covered by previous payments.

(3) The provisions of § 54b.115 shall be observed by the applicant in accounting for any property acquired with Federal funds or received from the Federal Government in connection with the grant.

(4) Within 90 days of the date of completion of all work under the grant or the end of the grant period, whichever is earlier, the applicant shall furnish all financial, performance, and other reports required by the regulations of this subpart or otherwise required by the Secretary. The Secretary may grant extensions when requested by the applicant. After receipt of these reports, the Secretary shall make a settlement for any upward or downward adjustment of the Federal share of costs, to the extent called for by the terms of the grant.

(5) In the event a final audit has not been performed prior to the closeout of the grant, the Secretary shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

(i) *Grant suspension and termination.*—Grants awarded pursuant to this section may be suspended and terminated by the Secretary in accordance with § 54b.122.

§ 54b.106 State plan; submission and review.

(a) *Submission.*—In order to receive funds from its allotment for the purposes authorized by sections (b)(2) and (b)(3) of section 409 of the Act, a State must submit to and have approved by the Secretary a State plan which meets the requirements specified in the Act and the regulations of this subpart. The initial State plan submitted by each of the States shall contain all of the information, proposals and assurances requires by these regulations. As prescribed in paragraph (b) of this section, changes in the information and proposals contained in the initial State plan shall be incorporated by reference in modifications of the State plan submitted to the Secretary for his approval. Documents incorporated by reference in such modifications become a part of the State plan as though fully set forth therein. Such documents must be:

(1) Clearly identified as to subject, date and location,

(2) Officially adopted and disseminated in accordance with applicable procedures, and

(3) Made available to the Secretary and to the public for inspection.

(b) *Review.*—The State agency shall from time to time, but not less often than annually, review its State plan and submit to the Secretary for approval modifications thereof which shall:

(1) Contain budgetary requirements for the new fiscal year and such updates of the assurances contained in the State plan as may be prescribed by the Secretary; and

(2) Incorporate by reference such changes in the proposals and information contained in the State plan as may be prescribed by the Secretary and such additional changes as the State agency may consider to be necessary.

(c) *Review and comment by the Governor.*—Prior to submission to the Secretary of the State plan or any modification thereof the Governor of the State shall be afforded a reasonable opportunity to review and comment upon such plan or modification. The comments of the Governor, if any, must be submitted to the Secretary with such plan or modification.

(d) *Publicizing the State plan.*—Concurrently with submission to the Secretary of the State plan or any modification thereof, the State agency shall publicize a general description of the proposed plan or modification. The State plan and modifications thereof shall be readily available and accessible for examination and comment by interested persons both prior to and after submission of such plan or modification to the Secretary.

§ 54b.107 State plan; purpose, consistency with other plans.

(a) *Purpose.*—The purpose of the State plan is to provide a rational and more effective basis for the utilization of Federal, State, and all other available resources in establishing, conducting, maintaining, and evaluating all drug abuse prevention activities within the State, and for ongoing planning for improvement or expansion of such activities, as necessary.

(b) The State plan must demonstrate:

(1) That it is, to the extent practicable, consistent with the drug abuse component of the State plan for comprehensive health or mental health planning developed pursuant to section 314(a) of the Public Health Service Act (42 U.S.C. 246(a)), if such a drug abuse component exists, and that cognizance has been taken of other Statewide and local plans for drug abuse planning in the State;

(2) That cognizance has been taken of area-wide or sub-State regional planning in such areas as comprehensive health, vocational rehabilitation, urban development, alcoholism, corrections, and welfare services, including any pertinent plans developed pursuant to section 314(b) of the Public Health Service Act;

(3) That in cases where services or activities are to be provided across State lines, such services or activities are consistent with the drug abuse plan or plans of the State or States concerned; and

(4) That there has been, to the maximum extent practicable coordination with city, metropolitan area, sub-State regional, or interstate planning agencies to achieve consistency in planning for drug abuse prevention activities and other health, vocational rehabilitation, welfare, and physical development plans.

(c) In order to supplement, broaden, and complement State health plans developed under section 314(d)(2) of the Public Health Service Act (42 U.S.C. 246(d)(2)), the State plan shall contain:

(1) Provisions for the licensing or accreditation of treatment and rehabilitation facilities for persons with drug abuse and drug dependence problems required under section 314(d)(2)(K)(i) of the Public Health Service Act (42 U.S.C. 246(d)(2)(K)(i)). Such provisions shall include:

[1] The Department Grants Administration Manual is available for inspection at the Public Information Office of the several Department Regional Offices and available for purchase at the Government Printing Office, GPO Document No. 894-523.

(i) Minimum standards for maintenance and operation of each type of drug abuse treatment and rehabilitation facility which each such facility must meet in order to qualify for licensure or accreditation;

(ii) A description of the specific methods for licensing or accrediting the facilities which qualify under the standards and identification of the persons or agencies responsible for carrying out such methods; and

(iii) A description of the sanctions or penalties imposed for noncompliance, and the incentives, if any, offered for compliance; and

(2) Provisions for expansion of State mental health programs in the field of drug abuse and drug dependence as required by section 314(d)(2)(K)(ii) of the Public Health Service Act (42 U.S.C. (d)(2)(K)(ii)) which shall be consistent with the action plan required under § 54b.111(d).

§ 54b.108 State plan; coordination.

The State plan must contain policies and procedures for coordinating all drug abuse prevention activities and programs planned or implemented by governmental and nongovernmental agencies, organizations, groups, or individuals within the State to assure that all such efforts are nonduplicative and are consistent with the State plan, including policies and procedures under which the State agency will:

(a) Provide consultation to, and consult with, other State and local agencies concerned with health, vocational rehabilitation, law enforcement, education, and other related planning activities which affect or are related to the State plan, with particular emphasis on assisting the State agencies which administer, respectively, the Comprehensive Health Services Plan (authorized by section 314(d) of the Public Health Service Act) and the Community Mental Health Centers Plan (authorized by section 204 of the Community Mental Health Centers Act) in carrying out the requirements, respectively, of section 314(d)(2)(K) of the Public Health Service Act (42 U.S.C. 246(d)(2)(K)) and section 204(c) of the Community Mental Health Centers Act (42 U.S.C. 2684(c));

(b) Review applications for assistance under section 410 of the Act; *Provided*, That the State plan may contain a written waiver of the right of review with respect to all or certain categories of applications for assistance under section 410. If the State plan does not include a waiver of all such review rights, it must describe policies and procedures for review which shall provide that the State agency will:

(1) Prepare a written evaluation of the project described in the application which shall include comments on the relationship of the project to other projects pending and approved and to the State plan;

(2) Submit such evaluation to the Secretary within 30 days of the date upon which the State agency received the application for assistance; and

(3) Furnish a copy of the evaluation to the applicant;

(c) Review applications for assistance under section 256 of the Community Mental Health Centers Act (42 U.S.C. 2688n–1) and submit to the Secretary within 30 days of the date the State agency received the application either such comments as it deems necessary or a written notification that it has no comments;

(d) Review and comment upon other proposals for drug abuse prevention, treatment, and rehabilitation activities to be conducted within the State which are submitted to it for this purpose by other agencies or organizations;

(e) Ensure that agencies or authorities which have interests or responsibilities related to the project and program proposals developed or reviewed by the State agency have been afforded a reasonable opportunity to review such proposals;

(f) Obtain such data and information from other organizations and individuals as may be necessary to implement and modify the State plan and incorporate such data and information into a management information system at the State level, which shall be, to the extent practicable, consistent with Federal information systems;

(g) Inform interested agencies and organizations and the general public about the agency's activities and recommendations, including information about scientific, technological, and programmatic advances in drug abuse prevention and treatment; and

(h) Provide advice and guidance to State and local governmental officials and legislators in the development of laws, regulations, or policy on all matters pertaining to drug abuse prevention functions.

§ 54b.109 State plan; single State agency.

(a) The State plan must contain documentary evidence of the designation or establishment of a single State agency. Such documentation shall include:

(1) The Executive Order, Statute, resolution, motion or similar action by the State authority which designated or established the State agency; and

(2) Evidence that the State agency has legal authority to apply on behalf of the State for the grants authorized by section 409 of the Act and to carry out all duties and responsibilities required by the Act and by the regulations of this subpart.

(b) The State agency may have designated responsibilities for State alcohol abuse and alcoholism programs as well as State drug abuse programs; *Provided, however*, That the State plan must include documents which identify the officials who will head each area of responsibility, and establish policies and procedures for ensuring that separate records are maintained with respect to the alcohol abuse and drug abuse programs and that all other Federal requirements applicable to each such program are met.

(c) If part or all of the responsibility for preparing or administering the State plan has been or is to be delegated to one or more agencies (under the supervision of the State agency), the State plan must include documents which identify such other agency or agencies, including local governmental agencies, and set forth the responsibilities of each such agency.

§ 54b.110 State plan; State advisory council.

(a) *Establishment; scope of authority.*—The State plan must provide for the establishment of a State Drug Abuse Advisory Council to consult with and advise the State agency in carrying out the State plan.

(b) *Membership; selection.*—The State Advisory Council shall, as a minimum, include representatives of public and nongovernmental organizations or groups, and of agencies concerned with drug abuse prevention functions from different geographical areas of the State.

(1) Representatives of nongovernmental organizations and groups and of public agencies which are in frequent contact with drug abusers are eligible for membership on the Council even though such organizations, groups, or agencies are not engaged in the direct provision of drug abuse prevention, treatment or rehabilitation services. For example, representatives of welfare agencies, vocational rehabilitation agencies, police, schools, courts, citizen groups, employee groups, and employers' organizations would be eligible for Council membership.

(2) The State plan shall contain the policies and procedures for selection of Advisory Council members, and a list of members for the current fiscal year, their names, addresses, occupations, and affiliations.

(c) *Multi-purpose councils.*—The State plan may establish a new Council or designate an existing Council established for some other purpose (for example a planning advisory Council or joint drug abuse and alcoholism council) to perform the duties of the Drug Abuse Advisory Council, provided that the membership, when sitting as a Drug Abuse Advisory Council, must meet the requirements of this section.

(d) *Meetings; recommendations.*—(1) The State plan shall contain guidelines and instructions establishing the time, place, and frequency of meetings of the Council which shall provide, as a minimum, for annual meetings of the Council.

(2) The State agency shall maintain, on an annual basis, records of the recommendations made to it by the State Drug Abuse Advisory Council and, if such recommendations are not adopted, the reasons therefor. Such records shall be retained and subject to inspection in accordance with § 54b.118. Copies of the records for the pertinent year shall be included in the annual report to the Secretary required by § 54b.112.

§ 54b.111 State plan; survey of need; resource allocation plan.

(a) *Need.*—The State plan must contain an assessment of the need for drug

abuse programs throughout the State. Such assessment shall include:

(1) An assessment of the extent of the problem of drug abuse and drug dependency in various geographic areas and subareas of the State, including estimates (and the basis for these estimates) of the number of drug abusers as measured by the best available set of drug abuse indicators in the area under consideration. In connection with this assessment each State shall initiate a survey to determine the total number of chronic drug abusers in the State through an unduplicated count.

(2) A description of factors which may relate to the extent and severity of the drug abuse or drug dependence problem including economic factors, special health, vocational, or social problems, special problems of urban and suburban settings, drug abuse in the context of law enforcement and criminal justice, and ethnic and geographic factors.

(3) A description of the special needs of specific high risk or target population groups in the State.

(4) A description of financial support currently provided for drug abuse treatment, vocational rehabilitation, prevention, education, and training, including third party payments, charitable contributions, county bond issues, grants for law eforcement and criminal justice, and all other Federal, State, and local public or private funds provided for drug abuse programs within the State.

(b) *Current Resources.*—The State plan shall contain a description of the present availability and accessibility of all public and private health and related resources and programs for serving the needs of drug abusers and drug dependent individuals within the State, which shall include:

(1) Resources available from and services currently provided by: (i) State and local governments; (ii) Public and private employers for their employees; (iii) Self-help groups; and (iv) Public and private health care facilities such as hospitals, community mental health centers, and neighborhood health centers; and

(2) An estimate of the number of available personnel who are qualified to provide such services and a description of their training and experience.

(c) *Additional resources needed.*—The State plan must contain a description of the additional resources, including facilities and personnel, training, technical assistance, and funds necessary to meet those needs identified pursuant to paragraph (a) of this section which are not being met by the existing resources described pursuant to paragraph (b) of this section.

(d) *Action plan.*—The State plan must contain an action plan which:

(1) Describes the steps necessary to secure and develop the necessary resources described in paragraph (c) of this section;

(2) Establishes priorities for distribution of facilities and services in all geographic areas and subareas of the State;

(3) Sets forth, in order of such priority, the additional projects and programs required to meet the unmet need, the estimated costs of each and the source of financial and other resources expected to support each project or program, including those drug abuse prevention functions to be supported with funds made available under section 409 of the Act and the regulations of this subpart;

(4) Includes a timetable for completing all such projects and programs; and

(5) Includes a long-term plan for expansion or diminution of existing resources or development of new resources in accordance with projected estimates of future needs.

§ 54b.112 State plan; monitoring and reporting of program performance.

(a) *Review; monitoring of performance.*—The State plan shall contain policies and procedures under which the State agency will:

(1) From time to time, but not less often than annually, review its State plan and submit modifications thereof to the Secretary as required by § 54b.106 (b); and

(2) Constantly monitor and review the performance of all programs and activities receiving support from the State's allotment in order to assure that time schedules are being met, project work units by time periods are being accomplished, and other performance goals are being achieved and submit, not later than 90 days after the end of each fiscal year (The Secretary may approve a request for an extension of such due date if he determines that the request is justified.), a performance report which shall analyze and evaluate the effectiveness of the prevention and treatment programs and activities carried out under the plan. Copies of the performance report shall be furnished to the agency or agencies having direct responsibility for enforcing the State standards for maintenance and operation of prevention, treatment, and rehabilitation facilities and programs.

(b) *Contents of performance report.*—The performance report shall contain the following information with respect to each program, function, or activity carried out under the State plan:

(1) A comparison of actual accomplishments to the goals established for the fiscal year. Where the output of a particular activity or program can be readily quantified, such quantitative data shall be related to cost data for computation of unit costs;

(2) Reasons for failure to attain established goals; and

(3) Such other pertinent information as the Secretary may prescribe including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(c) *Interim reporting.*—States shall promptly inform the Secretary in writing of events occurring between the scheduled performance reporting dates which have significant impact upon the program or activity supported with funds from the State allotment. The following types of conditions are subject to this prompt reporting requirement:

(1) Problems, delays, or adverse conditions which will materially affect the ability to attain program objectives, prevent the meeting of time schedules and goals, or preclude the attainment of project work units by established time periods. This disclosure shall be accompanied by a statement of the action taken, or contemplated, and any additional Federal assistance needed to resolve the situation; and

(2) Favorable developments or events which enable meeting time schedules and goals sooner than anticipated or producing more work units than originally projected.

(d) *Site visits by the Secretary.*—Site visits will be made by representatives of the Secretary as frequently as practicable to:

(1) Review program accomplishments and management control systems; and

(2) Provide such technical assistance as may be required.

§ 54b.113 State plan; administration.

(a) Upon application by any State on such forms, at such time, and in such manner as the Secretary may prescribe, a portion of any allotment or allotments of such State may be made available in accordance with subsection (b)(3) of section 409 of the Act for payment of the State administrative expenses incurred in carrying out the approved State plan. Allowability of such administrative costs shall be determined in accordance with the principles set forth in Chapter 5–60 of the Department of Health, Education, and Welfare Grants Administration Manual.[1]

(1) *Allowable costs.*—Funds made available under this section may be used to pay costs incurred for the following purposes:

(i) Costs of compensation of personnel, including consultants, and other administrative expenses directly related to administering or supervising the administration of the State plan, in accordance with the applicable provisions of the Act and the regulations of this subpart.

(ii) Expenses of the State advisory council designated pursuant to section 409(e)(3) of the Act, including per diem and travel expenses incurred by council members at rates not exceeding those established under applicable State law.

(iii) Expenses of regional and local drug abuse and drug advisory groups to the extent that such groups provide advice or contractual services related to administering, or supervising the administration of, the State plan.

(2) *Nonallowable costs.*—Funds made available under this section may not be used to pay:

(i) Administrative costs exceeding 10 percent of the State allotment for the fiscal year or $50,000, whichever is less.

---

[1] The Department Grants Administration Manual is available for inspection at the Public Information Office of the Several Department Regional Offices and available for purchase at the Government Printing Office, GPO Document No. 894–523.

(ii) Expenses of central administrative departments of State and local governments other than those directly related to administration of the State plan.

(iii) Administrative costs of services which the State is required to provide at its own expense in order to satisfy the maintenance of effort requirement.

(iv) Acquisition of land or construction or acquisition of buildings.

(3) *Applications.*—Each application submitted under this section shall state the amount requested to be made available for expenditures under this section and shall set forth a budget statement which shall list proposed expenditures by general category.

(4) *Records.*—All payments made by the Secretary under this section shall be recorded by the State on accounting records separate from the records of all other funds including other funds made available from the State's allotment for other purposes. Such records shall conform to the standards set forth in § 54b.144 and shall be retained and subject to inspection as required by § 54b.118.

(5) *Reports.*—The State shall file performance and financial reports relating to the expenditure of funds made available under this section in accordance with the provisions of, respectively, §§ 54b.112 and 54b.119.

(b) *Personnel administration.* (1) *Merit system personnel.*—The State plan shall provide for the establishment and maintenance of personnel standards on a merit basis for persons employed by the State agency in the administration or supervision of the administration of the State plan. Conformity with Standards for a Merit System of Personnel Administration, 45 CFR Part 70, issued by the Secretary of Health, Education, and Welfare, including any amendments thereto, and any standards prescribed by the U.S. Civil Service Commission pursuant to section 208 of the Intergovernmental Personnel Act of 1970 (Public Law 91-648; 84 Stat. 1915) modifying or superseding such standards, will be deemed to meet this requirement as determined by said Commission. Laws, rules, regulations, and policy statements, and amendments thereto, effectuating such methods of personnel administration shall be included in the State plan.

(2) *Equal employment opportunity.*—Equal employment opportunity will be assured in the State merit system and affirmative action provided in its administration. Discrimination against any person in recruitment, examination, appointment, training, promotion, retention, discipline or any other aspect of personnel administration because of political or religious opinions or affiliations or because of race, national origin, or other nonmerit factors will be prohibited. Discrimination on the basis of age or sex or physical disability will be prohibited except where specific age, sex, or physical requirements constitute a bona fide occupational qualification necessary to proper and efficient administration. The State merit system must include procedures for appeals in cases of alleged discrimination to an impartial body whose determination shall be binding upon a finding of discrimination. The State must develop an affirmative action plan to assure such equal employment opportunity which shall be subject to inspection, comment and approval by the Secretary. Such plan shall contain such information and be completed on such date as the Secretary may prescribe.

(3) *Assurances.*—The State plan shall contain assurances that:

(i) The State agency will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

(ii) The State will establish policies and procedures to assure that no qualified applicant for a position supported in whole or in part from funds made available from the State's allotment will be denied employment solely on the basis of a prior history of drug abuse or drug dependence.

(4) *Other personnel.*—The State plan must include professional standards to be followed in hiring individuals (other than employees under a governmental merit system) to carry out activities related to the implementation of the State plan. Such standards shall include schedules or other bases upon which the salaries of such personnel are determined and paid which shall be in accord with the usual and customary practices in the State.

§ 54b.114 State plan; financial management systems; program income.

(a) *Financial management.* — The State plan shall provide for the establishment of a State financial management system and describe policies and procedures under which subgrantees (public and nonprofit private agencies, institutions and organizations receiving funds from the State's allotment) will be required to establish financial management systems. The State and subgrantee financial management systems shall provide for:

(1) Accurate, current, and complete disclosure of the financial results of expenditures of funds from the State's allotment in accordance with financial reporting requirements prescribed by the Secretary.

(2) Records which identify adequately the source and application of funds for activities supported with funds from the State's allotment. These records shall contain information pertaining to allotments and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

(3) Effective control over and accountability for all funds, and property and other assets acquired with funds from the State's allotment. States and their subgrantees shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.

(4) Comparison of actual with budgeted amounts for each of the grants from the State's allotment authorized respectively by subsections (b)(1), (b)(2), and (b)(3) of section 409 of the Act, and when specifically required by the Secretary, relation of financial information with performance of productivity data, including the production of unit cost information.

(5) Procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and the disbursement by the State, whenever funds are advanced by the Federal Government. When advances are made by letter-of-credit method, the State shall make drawdowns from the U.S. Treasury through its commercial bank as close as possible to the time of making the disbursements. Subgrantees shall adopt analogous procedures when funds are advanced by the State.

(6) Procedures for determining the allowability and allocability of costs in accordance with the applicable cost principles set forth in Chapter 5-60 of the Department of Health, Education, and Welfare Grants Administration Manual.[1] Costs incurred in the preparation of the State plan and costs of administration of the State plan are allowable in accordance with, respectively, §§ 54b.105 and 54b.113. Funds made available to States under subsection (b)(2) of section 409 of the Act may be expended for the expenses of carrying out projects under and otherwise implementing an approved State plan and evaluating the results of such plan as actually implemented, except that the following costs shall not be included:

(i) Costs incurred in the acquisition of land or construction or acquisition of buildings; and

(ii) Such other costs as the Secretary may find to be inconsistent with the Act or the regulations of this subpart.

(7) Accounting records which are supported by source documentation.

(8)(i) Audits to be made by the State or at its discretion to determine, at a minimum, the fiscal integrity of financial transactions and reports, and compliance with laws, regulations, and administrative requirements applicable to the grant. The State will schedule such audits with reasonable frequency, usually annually, but not less frequently than once every two years, considering the nature, size, and complexity of the activity.

(ii) Subgrantees which are State or local governments shall, with respect to the subgrant, conduct or provide for audits which meet the requirements set forth in paragraph (a)(8)(i) of this section. Subgrantees other than State or local governments are encouraged but not required to comply with the standards set forth in paragraph (a)(8)(i) of this section.

[1] The Department Grants Administration Manual is available for inspection at the Public Information Office of the several Department Regional Offices and available for purchase at the Government Printing Office, GPO Document No. 984-523.

(9) A systematic method to assure timely and appropriate resolution of audit findings and recommendations.

(b) *Accounting for program income.* (1) *Interest.*—Pursuant to section 203 of the Intergovernmental Cooperation Act of 1968 (42 U.S.C. 4213) a State will not be held accountable for interest earned on grant funds pending their disbursement for grant purposes. A State, as defined in section 102 of the Intergovernmental Cooperation Act, means any one of the several States, the District of Columbia, Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State, but does not include the governments of the political subdivisions of the State.

(2) *Meaning of "program income."*—As used in this paragraph, the term "program income" means earnings by the State realized from grant-supported activities as a result of a grant under this subpart. Such earnings exclude interest income and include, but are not limited to, income from service fees, sale of commodities, usage or rental fees, sale of assets purchased with funds from the State's allotment and royalties on patents and copyrights.

(3) *Sale of personal property.*—Proceeds from the sale of personal property, the acquisition cost of which was borne in whole or in part by funds from the State's allotment, shall be handled in accordance with § 54b.115.

(4) *Royalties.*—Royalties received by States from copyrights on publications developed with funds from the State's allotment and royalties received by States from patents or inventions conceived or first actually reduced to practice in the course of or under a grant to the State under this subpart shall be handled as follows:

(i) Royalties received during the grant period shall be retained by the State which may elect to use such royalties for purposes which further the objectives of section 409 of the Act or to deduct such royalties from total costs for the purpose of determining the net costs on which the Federal share of costs will be based, unless the terms and conditions of the grant specify that one of such alternatives is to be followed.

(ii) In the absence of a specific agreement between the Secretary and the State, the Federal share of copyright royalties in excess of $200 received annually after termination or completion of the grant period shall be paid to the Secretary. The Federal share of such royalties shall be computed on the same ratio basis as the percentage of Federal participation in the cost of the project or program.

(iii) Patents. Disposition of patent royalties received after termination or completion of the grant period shall be governed by agreements between the Secretary and the grantee, pursuant to the Department's patent regulations (Parts 6 and 8 of Title 45.)

(5) *Other program income.*—All program income earned during the grant period except royalties and proceeds from the sale of personal property shall be retained by the State which may elect to use such income for purposes which further the objectives of section 409 of the Act or to deduct such income from total costs for the purpose of determining the net costs on which the Federal share of costs will be based, unless the terms and conditions of the grant specify that one of such alternatives is to be followed.

§ 54b.115 Property management.

(a) *Definitions.*—As used in this section:

(1) "Real property" means land, land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

(2) "Personal property" means property of any kind except real property. It may be tangible—having physical existence, or intangible—having no physical existence.

(3) "Nonexpendable personal property" means tangible personal property having a useful life of more than one year and an acquisition cost of $300 or more per unit. A State may use its own definition of nonexpendable personal property provided that such definition includes all tangible personal property as defined by this subparagraph.

(4) "Expendable personal property" refers to all tangible personal property other than nonexpendable property.

(5) "Acquisition" means the obtaining of property through purchase, construction or fabrication.

(6) "Acquisition cost" when applied to the acquisition of nonexpendable personal property by purchase means the net invoice price of the property, including any attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Ancillary charges such as taxes, duty, in-transit insurance, freight, or installation shall be included in or excluded from acquisition cost in accordance with the State's regular accounting procedure.

(b) *Nonexpendable personal property.* (1) *Title.*—When nonexpendable personal property is acquired by a grantee wholly or in part with funds from the State's allotment, title shall be vested in the grantee.

(2) *Use.*—(i) The grantee shall retain such property in the grant-supported activity as long as there is a need for such property to accomplish the purpose of the activity, whether or not the activity continues to be supported by Federal funds.

(ii) When there is no longer a need for the property to accomplish the purpose of the original activity, the grantee shall use the property, as needed, in connection with other Federal awards it has received in the following order of priority:

(A) Other awards under Federal programs administered by the National Institute of Mental Health;

(B) Awards of other components of the Department of Health, Education, and Welfare and other Federal agencies.

(iii) When the grantee no longer has need for such property in any of its Federally financed activities, the property may be used for the grantee's own official activities in accordance with the following standards:

(A) If the property had an acquisition cost of less than $500 per unit and has been used for four years or more, the grantee may use the property without reimbursement to the Federal Government or sell the property and retain the proceeds;

(B) For all such property not covered under subdivision (A) of this subdivision, the grantee may retain the property for its own use provided that a fair compensation is made to the Federal Government for the Federal share of the property. The amount of such compensation shall be computed by applying the percentage of Federal participation in the total cost of the activity to the current fair market value of the property.

(3) *Disposition.*—If the grantee has no need for the property, disposition of the property shall be made as follows:

(i) If the property had an acquisition cost of $1,000 or less per unit (except for property covered under paragraph (b)(2)(iii)(A) of this section), the grantee shall sell the property and reimburse the Federal Government in accordance with paragraph (b)(2)(iii)(B) of this section.

(ii) If the property had an acquisition cost of over $1,000 per unit, the grantee shall request disposition instructions from the Secretary. The Secretary shall issue instructions to the grantee within 120 days following the receipt of such request and the following procedures shall govern:

(A) If the grantee is instructed to ship the property elsewhere, the grantee will be reimbursed by the Federal Government with an amount which is computed by applying the percentage of the grantee's participation in the grant supported activity to the current fair market value of the property.

(B) If the grantee is instructed to otherwise dispose of the property, the grantee will be reimbursed by the Federal Government for the costs incurred in such disposition.

(C) If disposition or other instructions are not issued within the 120-day period the grantee shall sell the property and reimburse the Federal Government with an amount which is computed by applying the percentage of Federal participation in the activity to the sales proceeds. The grantee may retain $100 or 10 percent of the proceeds, whichever is greater, for the grantee's selling and handling expenses.

(c) *Special property.*—Where the Secretary determines that nonexpendable personal property with an acquisition cost of $1,000 or more and financed solely with Federal funds is unique, difficult, or costly to replace, he may reserve the right to require the grantee to transfer title to the property to the Federal Government or to a third party named by the Secretary, subject to the following provisions:

(1) The right to require transfer of title may be reserved only by means of an express special condition in the grant award document.

(2) The property must be appropriately identified in the award document or otherwise made known to the grantee.

(3) The Secretary may not exercise the right until the grantee no longer needs the property in the activity for which it was acquired. Such need shall be presumed to end on the date of completion or termination of the grant unless the grantee continues to conduct the activity after that date and demonstrates to the Secretary a continued need for the property in such activity.

(4) In order to exercise the right the Secretary must issue dispositon instructions to the grantee not later than 120 days after the grantee no longer needs the property in the project for which it was acquired. If instructions are not issued within that time, the grantee shall act in accordance with paragraphs (b)(1), (b)(2)(ii), (b)(2)(iii), and (b)(3)(i) of this section.

(5) The grantee will be reimbursed for any shipping and interim storage costs it incurs pursuant to the Secretary's disposition instructions.

(d) *Property management standards.*—The State shall establish property management standards for nonexpendable personal property which shall include the following procedural requirements:

(1) Property records shall be maintained accurately and provide for:

(i) A description of the property;

(ii) Manufacturer's serial number or other identification number;

(iii) Acquisition date and cost;

(iv) Source of the property;

(v) Percentage of Federal funds used in the acquisition of the property;

(vi) Location, use, and condition of the property; and

(vii) Ultimate disposition data including sales price or the method used to determine current fair market value if the State reimburses the Federal Government for the Federal share.

(2) A physical inventory of property shall be taken and the results reconciled with the property records at least once every two years to verify the existence, current utilization, and continued need for the property.

(3) A control system shall be in effect to ensure adequate safeguards to prevent loss, damage, or theft to the property. Any loss, damage or theft of nonexpendable personal property shall be investigated and fully documented.

(4) Adequate maintenance procedures shall be implemented to keep the property in good condition.

(5) Proper sales procedures shall be established for unneeded property which will provide for competition to the extent practicable and result in the highest possible return.

(e) *Unused expendable personal property.*—If the total inventory value of any unused expendable personal property exceeds $500 and such property is not needed for any Federally sponsored activity, the grantee may retain or sell the property, but must compensate the Federal Government for its share of the cost. The amount of compensation shall be computed in accordance with paragraph (b)(2)(iii)(B) of this section.

(f) *Patents and inventions.*—(1) All inventions conceived or first actually reduced to practice in the course of or under a grant from a State's allotment are subject to the Patent Regulations promulgated by the Secretary (45 CFR Parts 6 and 8). Each such invention shall be promptly and fully reported to the Assistant Secretary for Health, Department of Health, Education, and Welfare.

(2) Determination as to ownership and disposition of rights to such inventions, including whether a patent application shall be filed, and if so, the manner of obtaining, administering, and disposing of rights under any patent which may be issued shall be made:

(i) By the Assistant Secretary for Health of the Department of Health, Education, and Welfare, whose decision will be final, or

(ii) Where the grantee has a separate, formal institutional agreement with the Secretary, by the grantee in accordance with such agreement.

(g) *Copyrights.*—When a book or other copyrightable material is developed under a grant from a State's allotment, the author or grantee is free to copyright the work, but the Secretary reserves a royalty free, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use the work for Government purposes.

(h) *Determining percentage of participation.*—(1) Under this section a determination of the Federal and grantee participation in the cost of the activity or project is required in order to compute the amount of compensation for the value of property or proceeds from the sale thereof. In determining the applicable percentage, there shall first be deducted from the gross cost incurred during the grant period any applicable credits such as purchase discounts, refund, or rebates, and any royalties or other income (except interest income and proceeds from the sale of property) earned by the grant supported activity or project during the grant period.

(2) The deduction of income required by paragraph (h)(1) of this section is independent of, and is not intended to control, the disposition of such income pursuant to § 54b.114(b).

§ 54b.116 State plan; subgrants.

(a) Subgrants of funds made available to the State for carrying out projects under and otherwise implementing its approved State plan and for evaluating the results of such implementation may be made to public and private nonprofit agencies, organizations and institutions. Subgrants of funds made available to the State for the preparation of a State plan may be made to the public agencies specified in § 54b.105. The State shall conform to the following requirements in making all such subgrants.

(1) Subgrants in excess of $10,000 shall include provisions for compliance with Executive Order No. 11246 entitled "Equal Employment Opportunity" as supplemented in Department of Labor Regulations (41 CFR Part 60). Each subgrantee shall be required to have an affirmative action plan which declares that it does not discriminate on the basis of race, color, religion, creed, national origin, sex, or age and which specifies goals and target dates to assure the implementation of that plan. The State shall establish procedures to assure compliance with this requirement and to assure that suspected or reported violations are promptly investigated.

(2) Subgrants for remodeling, alteration or repairs shall include a provision for compliance with the Copeland "Anti-Kick Back" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). This Act provides that each subgrantee shall be prohibited from inducing, by any means, any person employed in the repair of public work, to give up any part of the compensation to which he is otherwise entitled. The State shall report all suspected or reported violations to the Secretary.

(3) Subgrants for research or development shall contain a notice to the effect that rights to inventions conceived or first actually reduced to practice in the course of or under the subgrant shall be governed by the Department of Health, Education, and Welfare Patent Regulations (45 CFR Parts 6 and 8) any implementing terms and conditions of the grant to the State, and any pertinent regulations or other requirements issued by the State. The State shall assure that the performer of the research or development work either is given all necessary information regarding these matters, or is advised as to the source of such information. This subparagraph shall also apply to nonresearch and nondevelopment awards in fields of science or technology on which there has been little significant experience outside of work funded by the Federal Government.

(4) Subgrants in excess of $100,000 shall contain a provision which requires the recipient to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act of 1970 as amended (42 U.S.C. 1857b et seq.). Violations shall be reported to the Secretary and the regional office of the United States Environmental Protection Agency.

(5) The State shall require all subgrantees to comply with the applicable regulations of this subpart concerning accounting for Federal funds (§ 54b.114) and procurement (§ 54b.117).

(b) In addition to the requirements imposed by paragraph (a) of this section which are applicable to all subgrants, a State which intends to make subgrants of funds made available for implementing the State plan and evaluating the results of such implementation shall in-

clude in its State plan policies and procedures which:

(1) Establish criteria of eligibility for applicants for subgrants;

(2) Describe how potential applicants will be made aware of the availability of funds;

(3) Describe the methods established for submittal, evaluation, and approval of applications for subgrants; and

(4) Will ensure that the activities carried out by subgrantees will be:

(i) Carried out in accordance with standards and criteria which will assure that such activities are of no lower quality than those activities which the State undertakes to conduct directly, and

(ii) Evaluated by the State agency for the purpose of ascertaining compliance with such standards and criteria.

§ 54b.117 Contract procurement standards; States and subgrantees.

(a) *General.*—(1) This section provides standards for use by States in establishing procedures for the procurement by contract of supplies, equipment, and other services whose cost is borne in whole or in part by funds from the State's allotment. These standards are furnished to insure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal law and Executive orders. The requirements of this section apply to contract procurements by States and, as specified, to procurements by public or nonprofit private agencies, institutions, and organizations to which funds from the State's allotment have been made available through subgrants. The requirements for making funds from the State's allotment available through subgrants are set forth in § 54b.116.

(2) Procurement policies which reflect applicable State and local law, rules, and regulations may be used, provided that procurements whose cost is borne in whole or in part by funds from the State's allotment shall adhere to the standards set forth in this section.

(3) The standards contained in this section do not relieve the State or its subgrantees of the responsibilities arising under their contracts. The State is the responsible authority regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of a grant from the State's allotment. This includes but is not limited to: Disputes, claims, protests of award, source evaluation, or other matters of a contractual nature. Matters concerning violation of law are to be referred to such local, State, or Federal authority as may have proper jurisdiction.

(b) *Code of conduct.*—The State shall maintain a code or standards of conduct which shall govern the performance of its officers, employees, or agents in contracting with and expending Federal grant funds. The State's officers, employees or agents, shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or potential contractors. To the extent permissible by State or local law, rules, or regulations, such standards shall provide for penalties, sanctions, or other disciplinary actions to be applied for violations of such standards by either the State's officers, employees, or agents, or by contractors or their agents.

(c) *Free competition.*—All procurement transactions by the State which involve the expenditure of funds from the State's allotment regardless of whether negotiated or advertised and without regard to dollar value shall be conducted in a manner so as to provide maximum open and free competition. The State should be alert to organizational conflicts of interest or noncompetitive practices among contractors which may restrict or eliminate competition or otherwise restrain trade.

(d) *Procedural requirements.*—The State shall establish procurement procedures which provide for, as a minimum, the following:

(1) Proposed procurement actions shall be reviewed by high level State officials to avoid purchasing unnecessary or duplicative items. Where appropriate, an analysis shall be made of lease and purchase alternatives to determine which would be the most economical, practical procurement.

(2) Invitations for bids or requests for proposals shall be based upon a clear and accurate description of the technical requirements for the material, product, or services to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. "Brand name or equal" description may be used as a means to define the performance or other salient requirements of a procurement, and when so used, the specific features of the named brand which must be met by offerors should be clearly specified.

(3) Positive efforts shall be made by the State to utilize small business and minority-owned business sources of supplies and services. Such efforts should allow these sources the maximum feasible opportunity to compete for contracts to be performed under Federal grants.

(4) The type of procuring instruments used (i.e., fixed price contracts, cost reimbursable contracts, purchase orders, incentive contracts, etc.), shall be appropriate for the particular procurement and for promoting the purposes of the grant project or program involved. The "cost - plus - a - percentage - of - cost" method of contracting shall not be used.

(5) Formal advertising, with adequate purchase description, sealed bids, and public openings shall be the required method of procurement unless negotiation pursuant to paragraph (e) of this section is necessary to accomplish sound procurement. However, procurements of $2,500 or less need be so advertised unless otherwise required by State or local law or regulations, or by the procurement policies of the State.

(i) The awards shall be made to the responsible bidder whose bid is responsive to the invitiation and is most advantageous to the grantee, price and other factors considered. Factors such as discounts, transportation costs, and taxes may be considered in determining the lowest bid.

(ii) Invitations for bids shall clearly set forth all requirements which the bidder must fulfill in order for his bid to be evaluated by the State.

(iii) Any or all bids may be rejected when it is in the State's interest to do so, and such rejections are in accordance with applicable State and local law, rules, and regulations.

(e) *Negotiated procurement.*—Procurements may be negotiated if it is impracticable and unfeasible to use formal advertising; *Provided, however,* That competition shall be obtained to the maximum extent practicable where negotiation is justified. Generally, procurements may be negotiated by the State if one or more of the following conditions prevail:

(1) The public exigency will not permit the delay incident to advertising;

(2) The material or service to be procured is available from only one person or firm; provided that all contemplated sole source procurements where the aggregate expenditure is expected to exceed $5,000 shall be referred to the granting agency for prior approval;

(3) The aggregate amount involved does not exceed $2,500;

(4) The contract is for personal or professional services, or for any service to be rendered by a university, college, or other educational institution;

(5) The material or services are to be procured and used outside the limits of the United States and its possessions;

(6) No acceptable bids have been received after formal advertising;

(7) The purchases are for highly perishable materials or medical supplies, for material or services where the prices are established by law, for technical items or equipment requiring standardization and interchangeability of parts with existing equipment, for experimental, developmental or research work, for supplies purchased for authorized resale, and for technical or specialized supplies requiring substantial initial investment for manufacture; or

(8) Negotiation is otherwise authorized by law, rules or regulations.

(f) *Contractor responsibility.*—Contracts shall be made by States only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of a proposed procurement. Considerations shall be given to such matters as contractor integrity, record of past performance, financial and technical resources, or accessibility to other necessary resources.

(g) *Records.*—The State's procurements records or files for purchases in amounts in excess of $2,500 shall provide at least the following pertinent information: justification for the use of negotiation in lieu of advertising, contractor selection, and the basis for the cost or price negotiated.

(h) *Contract administration system.*—A system for contract administration shall be maintained by the State to as-

sure contractor conformance with terms, conditions, and specifications of the contract or order, and to assure adequate and timely follow-up of all purchases.

(i) *Contract provisions.*—The State shall establish policies which define a sound and complete agreement in all contracts which it awards when the contract costs are to be borne in whole or in part by funds from the State's allotment. In awarding such contracts, the State must comply with the following requirements:

(1) Contracts shall contain such contractual provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate.

(2) All contracts in excess of $2,500 shall contain suitable provisions for termination by the State including the manner by which it will be effected and the basis for settlement. In addition, such contracts shall describe the conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(3) All negotiated contracts (except those of $2,500 or less) shall include a provision to the effect that the State agency, the Secretary of Health, Education, and Welfare, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the contractor which are directly pertinent to a specific grant program for the purpose of making audit, examination, excerpts, and transcriptions.

(4) All contracts in excess of $10,000 shall include provisions for compliance with Executive Order No. 11246, entitled, "Equal Employment Opportunity," as supplemented in Department of Labor Regulations (41 CFR Part 60). Each contractor shall be required to have an affirmative action plan which declares that it does not discriminate on the basis of race, color, religion, creed, national origin, sex, or age and which specifies goals and target dates to assure the implementation of that plan. The State shall establish procedures to assure compliance with this requirement by contractors and to assure that suspected or reported violations are promptly investigated.

(5) All contracts for remodeling, alteration or repairs shall include a provision for compliance with the Copeland "Anti-Kick Back" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). This Act provides that each contractor shall be prohibited from inducing, by any means, any person employed in the repair of public work, to give up any part of the compensation to which he is otherwise entitled. The State shall report all suspected or reported violations to the Secretary.

(6) All research or development contracts shall contain a notice to the effect that rights to inventions conceived or first actually reduced to practice in the course of or under the agreement shall be governed by the Patent Regulations of the Department of Health, Education, and Welfare (45 CFR Parts 6 and 8), any implementing terms and conditions set forth in the grant from the State's allotment, and any pertinent regulations or other requirements consistent therewith issued by the State. The State shall assure that the performer of the research or development work either is given all necessary information regarding these matters, or is advised as to the source of such information. This subparagraph shall also apply to nonresearch and nondevelopment awards in fields of science or technology in which there has been little significant experience outside of work funded by the Federal Government.

(7) Each contract of an amount in excess of $2,500 awarded by the State or its subgrantees shall provide that the recipient will comply with applicable regulations and standards of the Cost of Living Council in establishing wages and prices. The provision shall advise the recipient that submission of a bid or offer or the submittal of an invoice or voucher for property, goods, or services furnished under a contract or agreement with the grantee or subgrantee shall constitute a certification by him that amounts to be paid do not exceed maximum allowable levels authorized by the Cost of Living Council regulations or standards. Violations shall be reported to the Secretary and the local Internal Revenue Service field office.

(8) Contracts in excess of $100,000 shall contain a provision which requires the recipient to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act of 1970 as amended (42 U.S.C. 1857b, et seq.). Violations shall be reported to the Secretary and the regional office of the United States Environmental Protection Agency.

§ 54b.118 Records.

(a) *Assurance.*—The State plan must contain an assurance that all records required by section 409 of the Act and the regulations of this subpart will be kept intact and accessible in accordance with the provisions of this section.

(b) *Retention.*—Except as otherwise provided in paragraphs (c) and (d)(1) of this section, records shall be retained as follows:

(1) Records supporting cost allocation plans of States shall be retained for 3 years after the date of submission of the cost allocation plan to the Secretary or, if such plan is not required to be submitted to the Secretary, for 3 years after the end of the fiscal year covered by the plan.

(2) Records for nonexpendable personal property whose acquisition cost was borne in whole or in part by funds made available under section 409 of the Act shall be retained for 3 years after final disposition of the property.

(3) All other records for each fiscal year shall be retained for 3 years after the date of the submission of the annual expenditure report for that year. The term "expenditure report" means the "Financial Status Report" (or other report equivalent thereto).

(c) *Audit questions.*—All records pertaining to audit questions which have arisen before the end of any such 3-year period shall be further retained until resolution of all such questions: *Provided, however,* That a State is not required to retain records relating to any funds with respect to which actions for recovery by the United States are barred by the statute of limitations (28 U.S.C. 2415(b)).

(d) The Secretary shall request transfer of certain records to his custody when he determines that the records possess long-term retention value. In order to avoid duplicate record-keeping the Secretary may arrange for States to retain for joint use any records which are continuously needed by the State. When records are transferred to or maintained by the Secretary the retention requirements set forth in paragraph (b) of this section are not applicable.

(e) *Microfilm copies.* States may substitute microfilm copies in lieu of original records in meeting the requirements of this section.

(f) *Audit and examination.* The Secretary and the Comptroller General of the United States or any of their duly authorized representatives shall have access to any books, documents, papers and records of the State or its subgrantees which are pertinent to the State plan and expenditures thereunder, for the purpose of making audit, examination, excerpts and transcripts.

(g) *Public access.*—All records required by section 409 of the Act and the regulations of this subpart shall be available and accessible to the public except when the records must remain confidential for any of the following reasons:

(1) To prevent a clearly unwarranted invasion of personal privacy;

(2) To comply with an Executive Order or statute which specifically requires the records to be kept secret;

(3) To protect commercial or financial information obtained from a person or firm on a privileged or confidential basis; or

(4) To protect information which can be improperly exploited for personal gains.

(h) *Confidentiality of patient records.* Attention is called to the provisions of section 408 of the Act (21 U.S.C. 1175) which provides that records of the identity, diagnosis, prognosis, or treatment of any patient which are maintained in connection with the performance of any drug abuse prevention function authorized or assisted under the Act or any Act amended thereby shall be confidential and may be disclosed only for the purposes and under the circumstances expressly authorized under section 408. Violations of section 408 of the Act are subject to a criminal penalty. A regulation implementing section 408, has been

issued by the Director of the Special Action Office for Drug Abuse Prevention (21 CFR Part 401). Grants made under this subpart are subject to the provisions of section 408 of the Act and said implementing regulations.

§ 54b.119 Reports.

(a) *Assurance.*—The State plan must contain an assurance that the State agency will make such reports, in such form, and containing such information as are required by the regulations of this subpart and such additional reports in such form and containing such information as the Secretary may from time to time reasonably require.

(b) *Financial reports.*—In addition to any other reports required by these regulations or which may reasonably be required by the Secretary under section 409 of the Act, the State agency shall submit the following reports to the Secretary:

(1) Reports of expenditures under grants for the preparation of the State plan which, as a minimum, shall be filed at the end of the grant period specified in the grant award and annually during such grant period.

(2) Reports of expenditures under grants for the costs of administration of an approved State plan which, as a minimum, are to be filed annually.

(3) Reports of expenditures under grants for carrying out projects under and otherwise implementing the State plan and for evaluating the results of such implementation. As a minimum such reports shall be filed annually.

(c) *Frequency of reports.*—The minimum frequency for filing the respective reports shall be as prescribed in paragraph (b) of this section: *Provided, however,* That the Secretary may, in consideration of the size and complexity of a particular program or activity require more frequent reports, but in no event will filing of the reports specified in paragraph (b) of this section be required more frequently than quarterly.

(d) *Due dates.*—When the reports specified in paragraph (b) of this section are required on a quarterly or semiannual basis, they shall be due 30 days after the end of the specified reporting period. When required on an annual basis, they shall be due 90 days after the end of the fiscal year. Final reports shall be due 90 days after the completion or termination of grant support. The Secretary may approve a request for an extension of a reporting due date upon a determination that such request is justified.

§ 54b.120 Assurances.

In addition to any other assurances required by law and the regulations of this subpart the State plan must contain the following assurances:

(a) *Maintenance of effort.*—An assurance that Federal funds made available under section 409 of the Act and the regulations of this subpart will be so used as to supplement and increase, to the extent feasible and practical, the level of State, local, and other non-Federal funds that would in the absence of such Federal funds be made available for the programs described in section 409 of the Act and will in no event supplant such State, local, and other non-Federal funds. Substantial compliance with such assurance will be deemed to have been met if the Secretary finds that:

(1) The aggregate level of State funds expended by the State (including State funds allocated to other public or nonprofit private agencies, institutions, and organizations) for drug abuse prevention functions carried out under the State plan with Federal assistance made available under section 409 of the Act is no lower for any fiscal year than the aggregate level of State funds expended by the State for such functions in the immediately preceding fiscal year, except that the Secretary may take into consideration the extent to which the level of such funds for any fiscal year may have included funds for an activity of a nonrecurring nature.

(2) The State plan contains written procedures, including implementation and enforcement mechanisms, for ensuring that the aggregate level of non-Federal funds (other than State funds allocated by the State) expended for drug abuse prevention functions carried out under the State plan with Federal assistance made available under section 409 of the Act by public or nonprofit private agencies, institutions, and organizations is no lower for any fiscal year than the aggregate level of non-Federal funds expended by each such agency, institution or organization for such functions in the immediately preceding fiscal year. Such procedures may provide for consideration of the extent to which the level of such funds for any fiscal year may have included funds for an activity of a nonrecurring nature.

(b) *Community Service.*—Assurances that all facilities, programs, and services supported in whole or in part with funds made available under section 409 of the Act and the regulations of this subpart will be:

(1) Made available without discrimination on the grounds of sex, creed, duration of residence, or ability or inability to pay for services;

(2) So publicized as to be generally known to the population to be served;

(3) Available to, and responsive to the needs of, all members of the population to be served; and

(4) So located as to be readily accessible to the population to be served.

(c) *Admission of drug abusers to hospitals for emergency treatment.*—An assurance that Federal funds made available to the State under section 409 of the Act and the regulations of this subpart will not be made available to public or private general hospitals which refuse admission or treatment to drug abusers suffering from emergency medical conditions solely on the basis of their drug abuse or drug dependence.

(d) *Relocation assistance.*—An assurance that the State agency will comply with the requirements of the provisions of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (P.L. 91-646) which provides for fair and equitable treatment of persons displaced as a result of Federal and Federally assisted programs and the applicable regulations issued thereunder (45 CFR Part 15, as added by 36 FR 18838, September 22, 1971).

§ 54b.121 Nondiscrimination on account of race, color, or national origin.

Attention is called to the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d; 78 Stat. 252) which provides that no person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. A regulation implementing such Title VI has been issued by the Secretary of Health, Education, and Welfare with the approval of the President (45 CFR Part 80). Such regulation is applicable to the drug abuse prevention and treatment activities and programs receiving funds from the State's allotment under section 409 of the Act and requires receipt and acceptance by the Secretary of the applicable documentation set forth therein.

§ 54b.122 Grant suspension and termination.

(a) *Definitions.*—As used in this section:

(1) "Termination" means the cancellation of Federal assistance in whole or in part, under a grant at any time prior to the end of the period of grant support.

(2) "Suspension" means an action by the Secretary which temporarily suspends Federal assistance under the grant pending corrective action by the State or pending a decision to terminate the grant by the Secretary.

(3) "Applicant" means the State agency or such other unit of State government as may be designated in a grant award for preparation of the State plan.

(b) *Suspension.*—(1) When a State has materially failed to comply with the applicable requirements of the Act, the regulations of this subpart, or other terms and conditions applicable to the grant, the Secretary may, after reasonable notice to the applicant, suspend the grant. No obligations incurred by the State during the period of suspension shall be allowable under the suspended grant, except that the Secretary may at his discretion allow necessary and proper costs which the State could not reasonably avoid during the period of suspension provided that such costs would otherwise be allowable under the applicable cost principles set forth in the Department of Health, Education, and Welfare Grants Administration Manual. Appropriate adjustments to the payments under the suspended grant will be made, either by withholding the payments or by not allowing the State credit for disbursements which it may make in liquidation of unauthorized obligations it incurs during the period of suspension. Suspensions shall remain in effect until the State has taken corrective action to

the satisfaction of the Secretary, or given assurances satisfactory to the Secretary that corrective action will be taken, or until the Secretary terminates the grant.

(c) *Termination.* (1) *Termination for cause.*—The Secretary may terminate any grant in whole, or in part, at any time before the date of completion, whenever he determines that the State has materially failed to comply with applicable requirements of the Act, the regulations of this subpart or other terms and conditions applicable to the grant. The Secretary will promptly notify the applicant in writing of the determination and the reasons for the termination, together with the effective date. Payments made to States or recoveries by the Secretary under grants terminated for cause shall be in accordance with the legal rights and obligations of the parties.

(2) *Termination on other grounds.*—(i) Except as provided in paragraph (c)(1) of this section grants may be terminated in whole or in part only as follows:

(A) By the Secretary, with the consent of the State, or

(B) By the State, upon written notification to the Secretary, setting forth the reasons for such termination.

(ii) When a grant is terminated pursuant to paragraph (c)(2)(i) of this section, the two parties shall agree upon the termination conditions. The State shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Secretary will allow full credit to the State for the Federal share of noncancellable obligations properly incurred by the State prior to termination.

[Regs. No. 5]

FEDERAL HEALTH INSURANCE FOR THE AGED

Payment for Services of Physicians in Teaching Hospitals, for Physician Costs to Hospitals and Medical Schools, and for Volunteer Services; Extension of Comment Period

This notice extends the period for comments provided in the notice published July 19, 1973 (38 FR 19230), in which comments were solicited on proposed amendments to Part 405 (Regulations No. 5) relating to payment for services of teaching physicians and certain other related costs.

Comment on the proposed regulations was invited on or before August 20, 1973. Several concerned organizations have requested additional time to submit comments. The time period for comment is hereby extended to October 17, 1973.

Comments on the proposed regulations of the Social Security Administration (20 CFR Part 405) should be submitted in writing, in triplicate, to the Commissioner of Social Security, Department of Health, Education, and Welfare Building, Fourth and Independence Avenue SW., Washington, D.C. 20201 on or before October 17, 1973.

Copies of all comments received will be available for public inspection during regular business hours at the Washington Inquiries Section, Office of Public Affairs, Social Security Administration, Department of Health, Education, and Welfare, Room 4146, 330 Independence Avenue SW., Washington, D.C. 20201.

DEPARTMENT OF TRANSPORTATION

COAST GUARD

[33 CFR Part 127]

[CGD 73-182P]

NEW LONDON HARBOR, CONNECTICUT

Proposed Establishment of Security Zones

The Coast Guard is considering amending Title 33 of the Code of Federal Regulations to establish two security zones on the Thames River at New London, Connecticut. These security zones are needed to safeguard U.S. Naval vessels under construction at the Electric Boat Division Shipyard and U.S. Naval vessels moored at or near the State Pier #1 from destruction, loss, or injury from sabotage or other subversive acts, accidents, or other causes of similar nature. The security zone regulations in 33 CFR 127.15 would not apply to public vessels operating in these two security zones, and they would not apply to vessels owned by, under hire to, or performing work for the Electric Boat Division operating in Security Zone B.

Interested persons may participate in this proposed rule making by submitting written data, views, or arguments to the Commander (mps), Third Coast Guard District, Governors Islands, New York 10004. Each person submitting comments should include his name and address, identify the notice (CGD 73-182P), and give reasons for any recommended change in the proposal. Copies of all submissions received will be available for examination by interested persons at the Office of the Commander, Third Coast Guard District.

The Commander, Third Coast Guard District, will forward any comments received before September 28, 1973, and his recommendations to the Commandant (GW), U.S. Coast Guard, who will evaluate all communications received and take final action on this proposal. The proposed regulations may be changed in light of comments received.

In consideration of the foregoing, it is proposed to amend Part 127 of Title 33 of the Code of Federal Regulations by adding a new § 127.305 to read as follows:

§ 127.305 New London Harbor, Connecticut.

(a) *Security Zones.* (1) *Security Zone A.*—The waters of the Thames River off State Pier enclosed by a line beginning at the midpoint of the southeast face of State Pier thence to latitude 41°21'24" N., longitude 72°05'21.2" W.; thence to latitude 41°21'26.2" N., longitude 72°05'19.3" W.; thence to latitude 41°21'34" N., longitude 72°05'18.1" W.; thence to latitude 41°21'37.4" N., longitude 72°05'21" W. (Buoy C 15); thence to latitude 41°21'37" N., longitude 72°05'25.1" W. (Winthrop Point Anchorage Buoy A); thence westerly to the shoreline at latitude 41°21'37" N., longitude 72°05'28" W.; thence along the shoreline and pier to the point of beginning.

(2) *Security Zone B.*—The waters of the Thames River west of the Electric Boat Division Shipyard enclosed by a line beginning at a point on the shoreline at latitude 41°20'27" N., longitude 72°04'51.5" W.; thence due west to latitude 41°20'27" N., longitude 72°05'-02" W.; thence to latitude 41°21'03" N., longitude 72°05'06.7" W.; thence easterly to a point on the shoreline at latitude 41°21'103" N., longitude 72°05'00" D.; thence along the shoreline to the point of beginning.

(b) *Special regulations.*—Section 127.15 does not apply to public vessels when operating in Security Zones A or B, or to vessels owned by, under hire to, or performing work for the Electric Boat Division when operating in Security Zone B.

(46 Stat. 220, as amended, sec. 1, 63 Stat. 503, sec. 6(b), 80 Stat. 937 (50 U.S.C. 191, 14 U.S.C. 91, 49 U.S.C. 1655(b)(1)) E.O. 10173, as amended; 3 CFR 1949-1953 Comp. 356, 778, 873, 3 CFR 1964-1965 Comp. 349, 33 CFR Part 6, 49 CFR 1.46(b))

Dated August 21, 1973.

W. M. BENKERT,
Rear Admiral, U.S. Coast Guard, Chief, Office of Marine Environment and Systems.

[FR Doc.73-18182 Filed 8-27-73;8:45 am]

[46 CFR Part 160]

[CGD 73-130P]

LIFESAVING EQUIPMENT

Proposed Specification

The Coast Guard is considering amending the lifesaving equipment specifications by adding an alternative test for a dee ring and snap hook assembly,

or an assembly of a similar device, that is consistent with the specification for a body strap assembly.

Any interested person may submit written data, views, or arguments concerning this notice to the Executive Secretary, Marine Safety Council (GCMC/82), Room 8234, 400 Seventh Street, SW., Washington, D.C. 20590. Each written comment should include the docket number of this notice (CGD 73-130P), the name and address of the person submitting the comment, the section number of the proposal to which the comment is addressed, any specific wording recommended, and the reason and supporting data for any recommended change.

Each comment received before September 28, 1973, will be fully considered and evaluated before final action is taken on this proposal. Copies of all written communications received will be available for examination in room 8234, 400 Seventh Street, SW., Washington, D.C., both before and after the closing date for the receipt of comments. The proposal may be changed in the light of the comments received.

The Coast Guard has received comments pointing out an inconsistency in the breaking strength requirements for body strap and dee ring and snap hook assemblies in the buoyant vest specifications. The specification requires a body strap assembly to withstand 150 pounds for an adult size and 115 pounds for a child size, but the same specification requires a dee ring and snap hook to withstand 300 pounds for an adult size and 230 pounds for a child size.

The higher requirement for a dee ring and snap hook assembly is to compensate for any loss of strength resulting from weathering while in service. The Coast Guard is considering an amendment to §§ 160.047-3, 160.052-3, and 160.060-3 which would allow an alternative assembly specification. This alternative would be an assembly with a lower breaking strength that has passed specified weathering tests and a weight test of 150 pounds for an adult size and 115 pounds for the child size.

In consideration of the foregoing, the Coast Guard proposes to amend 46 CFR Part 160 as follows:

1. By revising § 160.047-3(g) to read as follows:

§ 160.047-3 Materials.

* * * * *

(g) *Dee ring and snap hook assembly and similar assemblies*—(1) *Standards for dee ring and snap hook assemblies made of brass, bronze or stainless steel.* (i) The size of the opening must be consistent with the webbing.

(ii) The assembly may have decorative platings in any thickness.

(iii) The webbing opening of the snap hook must be a continuous ring.

(iv) The snap hook spring must be of phosphor bronze or other corrosion resistant material.

(v) A dee ring must be welded to form a continuous ring or be a one piece casting.

(2) *Standards for dee ring and snap hook assemblies and similar assemblies made of inherently corrosion resistant materials.*—(i) The size of the opening must be consistent with the webbing.

(ii) The assembly may have decorative platings in any thickness.

(3) *Tests.*—(i) An assembly consisting of dee ring and snap hook constructed to the standard contained in subparagraph (1) of this paragraph must pass one of the following tests:

(*a*) The assembly must be attached to a support for 10 minutes and bear 300 pounds for an adult size and 230 pounds for a child size, without breaking or distorting.

(*b*) The test contained in subparagraph (3)(ii) of this paragraph.

(ii) An assembly consisting of a dee ring and snap hook or a similar assembly, constructed to the standard contained in subparagraph (1) or (2) of this paragraph, must be attached to a support for 10 minutes and bear 150 pounds for an adult size and 115 pounds for a child size without breaking or distorting after being tested for weathering by one or more of the following tests selected by the Coast Guard:

(*a*) Application of a 20 percent sodium-chloride solution spray at a temperature of 95°F (35°C.) for a period of 240 hours, in accordance with the procedures contained in method 811 of the Federal Test Method Standard No. 151.

(*b*) Exposure to a carbon-arc weatherometer for a period of 100 hours.

(*c*) Submergence for a period of 100 hours in each of the following:

(*1*) Leaded gasoline.

(*2*) Gum turpentine.

* * * * *

§§ 160.052-3 and 160.060-3 [Amended]

2. By revising §§ 160.052-3(e) and 160.060-3(e) to read the same as the proposed § 160.047-3(g).

(Sec. 17, 54 Stat. 166, as amended, Sec. 5, 85 Stat. 215, sec. 6(b)(1), 80 Stat. 937 (46 U.S.C. 526p, 1454, 49 U.S.C. 1655(b)(1)) 49 CFR 1.46 (b), (o)(1))

Dated August 21, 1973.

W. F. REA, III,
Rear Admiral, U.S. Coast Guard, Chief, Office of Merchant Marine Safety.

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 73-NE-25]

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending §§ 71.171 and 71.181 of Part 71 of the Federal Aviation Regulations so as to alter the Concord, New Hampshire, control zone (38 FR 367) and 700-foot transition area (38 FR 467).

The establishment of two new Standard Instrument Approach Procedures at Concord Municipal Airport, Concord, New Hampshire, in accordance with the U.S. Standard for Terminal Instrument Procedures, requires the cancellation of the ADF and VOR approaches. These revised procedures will require the alteration of the Concord, New Hampshire, control zone and 700-foot transition area in order to provide controlled airspace protection for aircraft executing these procedures.

Interested persons may submit such written data or views as they may desire. Communications should be submitted in triplicate to the Director, New England Region, Attention: Chief, Air Traffic Division, Department of Transportation, Federal Aviation Administration, 12 New England Executive Park, Burlington, Massachusetts 01803. All communications received within thirty (30) days after publication in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements may be made for informal conferences with Federal Aviation Administration officials by contacting the Chief, Operations, Procedures and Airspace Branch, New England Region.

Any data or views presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Office of Regional Counsel, Federal Aviation Administration, 12 New England Executive Park, Burlington, Massachusetts.

The Federal Aviation Administration, having completed a review of the airspace requirements for the terminal area of Concord, New Hampshire, proposes the airspace action hereinafter set forth:

1. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Concord, New Hampshire, control zone and insert the following in lieu thereof:

"Within a 5-mile radius of the center, 43°12'16" N, 71°30'07" W, of Concord Municipal Airport, Concord, New Hampshire; within 1.5 miles each side of the 337° bearing from the Epping, New Hampshire, NDB, 43°07'05" N, 71°27'13" W, extending from the 5-mile radius zone to the Epping NDB."

2. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Concord, New Hampshire, 700-foot transition area and insert the following in lieu thereof:

"That airspace extending upward from 700 feet above the surface bounded by a line beginning at 43°23'00" N, 71°11'50" W, to 43°09'00" N, 71°11'50" W, to 42°58'50" N, 71°01'00" W, to 42°53'00", 71°11'30" W, to 42°47'00" N, 71°09'00" W, to 42°38'00" N, 71°20'00" W, to 42°40'00" N, 71°35'00" W, to 42°43'00" N, 71°36'00" W, to 42°45'00" N, 71°38'25" W, to 42°54'00" N, 71°57'00" W, to 43°06'00" N, 71°47'00" W, to 43°23'00" N, 71°47'00" W, to point of beginning. 1,200-foot Transition Area is unchanged.

(Sec. 307(a) of the Federal Aviation Act of 1958 [72 Stat. 749; 49 U.S.C. 1348]; sec. 6(c) of the Department of Transportation Act [49 U.S.C. 1655(c)]).

Issued in Burlington, Massachusetts, on August 10, 1973.

FERRIS J. HOWLAND,
Director,
New England Region.

NATIONAL CREDIT UNION ADMINISTRATION

[12 CFR Part 709]

DIVISION OF ASSETS, LIABILITIES, AND CAPITAL

Proposed Rulemaking

Notice is hereby given that the Administrator of the National Credit Union Administration, pursuant to the authority conferred by section 120, 73 Stat. 635, 12 U.S.C. 1766, proposes to revise the entire Part 709 (12 CFR Part 709) as set forth below.

The purpose of the proposed revision is to update Part 709 (12 CFR Part 709) in accordance with recent revisions relating to chartering policies and procedures contained in Part 701. (12 CFR Part 701.)

This part will enable separately identifiable groups of an existing Federal credit union to undertake an equitable division of the Federal Credit Union assets, liabilities and capital, and to charter a new Federal credit union.

Interested persons are invited to submit written comments, suggestions, or objections regarding the proposed revision to the Administrator, National Credit Union Administration, 2025 M Street NW., Washington, D.C. 20456, to be received not later than October 30, 1973.

HERMAN NICKERSON, Jr.,
Administrator.

Sec.
709.0 Scope.
709.1 When permissible.
709.2 Approval by board and appointment of committee.
709.3 Preparation of plan.
709.4 Notice of option to transfer.
709.5 Submittal of plan to Administration.
709.6 Investigation and charter and insurance application.
709.7 Approval of plan by Administrator.
709.8 Approval of plan by members of the existing Federal Credit Union.
709.9 Issuance of chapter to the new Federal Credit Union and completion of division.

Authority: Sec. 120, 73 Stat. 635 (12 U.S.C. 1766).

§ 709.0 Scope.

This part prescribes the procedures that will enable members of a Federal credit union who are a separately identifiable group to undertake an equitable division of their assets, liabilities and capital and charter a new Federal credit union.

§ 709.1 When permissible.

A Federal credit union may undertake an equitable division of its assets, liabilities and capital when:

(a) A group of persons within the field of membership of the Federal credit union constitutes a separately identifiable group which is eligible for a Federal credit union charter;

(b) A sufficient number of those in the separately identifiable group have authorized transfer of their share and loan accounts to justify the division; and

(c) The other requirements of the regulations in this part are met.

§ 709.2 Approval by board and appointment of committee.

Upon the board of directors approval of a proposition for the Federal credit union to divide its assets, liabilities and capital between itself and a Federal credit union to be organized to serve persons in a separately identifiable group with the existing Federal credit union's field of membership, the board shall:

(a) Appoint a committee of members of the said group to assist in the preparation and execution of a plan for division and to subscribe to an Organization Certificate for the proposed new Federal credit union; and

(b) Promptly notify the Regional Director of these actions.

§ 709.3 Preparation of plan.

The board of directors shall prepare a plan for division which shall provide that:

(a) The members within the separately identifiable group shall have the option to be exercised in writing by a specified date, of (1) authorizing the transfer of their accounts to the new Federal credit union upon approval of its charter by the Administrator, or (2) maintaining their accounts in the existing Federal credit union, provided, however, the Bylaws of the existing Federal credit union would permit such retention.

(b) The remaining assets, liabilities and capital will be equitably divided; and

(c) The records will be closed and the division effected by a specified date, subsequent to but no later than six months after the date set for members to exercise their options as specified in § 709.3 (a).

§ 709.4 Notice of Options.

The board of directors shall give written notice of the options set forth in § 709.3(a) to each person who would be eligible for membership in the proposed new credit union. The written notice shall contain a summary of the plan and a form for confirmation of account balances and authorization for transfer of accounts. If authorization is given to transfer an account, it shall be valid for six months from the date fixed for the exercise of the option.

§ 709.5 Submittal of Plan to Administration.

If a number of members, sufficient to make the division reasonable and feasible, have authorized the transfer of their accounts by the date fixed for exercising the option to transfer, the board of directors shall submit the following information to the Regional Director:

(a) A copy of the Plan for Division of Assets, Liabilities and Capital;

(b) A current financial and statistical report;

(c) A Certification of Acceptance of Option to Transfer Shares and Loans; summarizing the results of the Notice of Option to Transfer; and

(d) A schedule of the share and loan balances of all members who authorized the transfer of their accounts.

§ 709.6 Investigation and Charter and Insurance Application.

(a) An examiner will make the necessary investigation. If requirements are met and the plan appears acceptable, the examiner will assist in holding the charter-organization meeting and completing the required forms.

(b) The Regional Director will review the proposal and forward it, with his recommendation, to the Administrator for action.

§ 709.7 Approval of Plan by Administrator.

If the Administrator finds that the plan for division complies with this and other parts of these regulations, he will approve the plan and authorize the board of directors of the existing Federal credit union to present the proposal to the members for approval at an annual or special meeting as provided in § 709.8.

§ 709.8 Approval of Plan by Members of the Existing Federal Credit Union.

(a) If the Administrator approves the plan for division, it may be submitted to the members at an annual meeting, if one is to be held at a time which will assure the consummation of the plan within six months after the expiration of the option to transfer, or at a special meeting to be called as provided in the bylaws and held within the six-month period.

(b) The notice of the meeting shall:

(1) State that one of the purposes of the meeting is to vote on the proposed plan;

(2) Be given to each member of the credit union;

(3) Advise the members of the reasons for the proposal, the fact that the Administrator has given his approval, the number of eligible members who have authorized the transfer of their accounts, and the membership vote required for approval; and

(4) Be accompanied by a copy of the Plan for Division of Assets, Liabilities, and Capital.

(c) A majority of the members present and voting at the meeting must approve the plan in order for the board of directors to proceed with the division.

(d) The board of directors will promptly certify the results of the membership vote to the Regional Director.

§ 709.9 **Issuance of Charter to the New Federal Credit Union and Completion of Division.**

(a) If the plan was approved by the members of the existing Federal credit union as provided in § 709.8, the Administrator will issue the charter and insurance certificate to the new Federal credit union.

(b) The division will be completed as of the date specified in the plan. Upon completion of the division, the new Federal credit union will be vested with all assets received and will be responsible for all liabilities and capital assumed.

(c) The boards of directors for both Federal credit unions will promptly certify the completion of the division to the Regional Director. Financial and statistical reports for both Federal credit unions, before and after the division, will accompany the certification.

[FR Doc.73-18166 Filed 8-27-73;8:45 am]

SMALL BUSINESS ADMINISTRATION

[13 CFR Part 108]

LOANS TO STATE AND LOCAL DEVELOPMENT COMPANIES

Proposed Revision

Notice is hereby given that the Small Business Administration proposes to revise Part 108 (Revision 3) of Chapter I of Title 13 of the Code of Federal Regulations. Prior to adoption of Revision 4, consideration will be given to any comments, suggestions, or objections submitted in writing, in triplicate, to the Associate Administrator for Finance and Investment, Small Business Administration, 1441 L Street, NW., Washington, D.C. 20416, on or before September 17, 1973.

Proposed Revision 4 will consolidate Revision 3 and its several amendments, reducing text of some sections by referencing to "Loan Policy," Part 120 of this chapter and other minor changes. Elimination of paragraph (1), Amendment 3, Revision 3, will permit the use of blanket guarantees.

If adopted in final form, the new Revision 4 would read as follows:

GENERAL

Sec.
108.1 Policy.
108.2 Definitions.
108.3 Procedures for loan applications.

LOANS UNDER SECTION 501

Sec.
108.501 Statutory provision.
108.501-1 Section 501 loans.

LOANS UNDER SECTION 502

Sec.
108.502 Statutory provision.
108.502-1 Section 502 loans.

AUTHORITY: The provisions of this Part 108 issued under sec. 5, Pub. L. 85-536, secs. 201, 308, Pub. L. 85-690.

GENERAL

§ 108.1 **Policy.**

(a) As part of the congressional policy to improve and stimulate the national economy in general, and the small business segment thereof in particular, by establishing a program to stimulate the flow of private equity capital and long-term loans for the sound financing of the operations, growth, expansion, and modernization of small business concerns, the Small Business Administration is authorized to make loans to state and local development companies which will further that policy. This policy shall be carried out in such manner as to insure the maximum participation of private financing sources. No such loan shall be made if the effect thereof will be to cause a substantial increase of unemployment in any area of the country.

(b) The Government of the United States has declared that no person in the United States shall, on the grounds of race, color, religion, sex, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. (Title VI of the Civil Rights Act of 1964.) The President of the United States has also declared in Executive Orders No. 10925 of March 6, 1961 (26 FR 1977), No. 11114 of June 23, 1963 (28 FR 6485), and No. 11246 of September 24, 1965 as amended by No. 11375 of October 13, 1967 (32 FR 14303) that all qualified persons should be given equal employment opportunity without regard to race, color, religion, sex, or national origin, when employed or seeking employment with Government contractors or with contractors performing under Federally assisted construction contracts. Recipients of financial assistance under this part are subject to the nondiscrimination requirements of the laws and policies referred to in this section.

§ 108.2 **Definitions.**

For purposes of this part:

(a) "Administrator" means the Administrator of the Small Business Administration.

(b) "SBA" means the Small Business Administration.

(c) "Small business concern" means a business concern which would qualify as a small business under § 121.3-10 or § 121.3-11 of this chapter.

(d) "Development company" means an enterprise incorporated under the laws of one of the several states, formed for the purpose of furthering the economic development of its community and environs, and with authority to promote and assist the growth and development of small business concerns in the areas covered by their operations. Such corporation may be organized either as a profit or nonprofit enterprise.

(1) A state development company is a corporation organized under or pursuant to a special legislative act to operate on a statewide basis.

(2) A local development company is a corporation chartered under any applicable state corporation law to operate in a specified area within a state. A local development company shall be principally composed of and controlled by persons residing or doing business in the locality; such local persons shall ordinarily constitute not less than 75 percent of the voting control of the development company. No shareholder or member of the development company may own in excess of 25 percent of the voting control in the development company if he and his affiliated interest have direct pecuniary interest in the project involving the section 502 loan or in the small business concern which is to be assisted. The primary objective of the development company must be of benefit to the community as measured by increased employment, payroll, business volume, and corresponding factors rather than monetary profits to its shareholders or members; any monetary profits or other benefits which flow to the shareholders or members of the local development company must be merely incidental thereto.

(e) "Section 501 loan" means a loan authorized under section 501 of the Small Business Investment Act of 1958, as amended.

(f) "Section 502 loan" means a loan authorized under section 502 of the Small Business Investment Act of 1958, as amended.

(g) "Plant" means any physical facility, including land, buildings, machinery, and equipment owned or acquired by the development company or the small business concern and employed or to be employed by the small business concern in the conduct of its business, whether the business be of an industrial, commercial, or recreational nature.

(h) "Construction contract" as used herein means any contract entered into by the development company or the small business concern being assisted for the construction, rehabilitation, alteration, conversion, extension, or repair of buildings, highways, or other improvements to real property.

§ 108.3 **Procedures for loan applications.**

(a) *Relocation.*—No loan shall be made under this part that will result in a substantial increase of unemployment in any area of the country.

(1) In cases where the small business concern to be assisted is relocating its operations, said concern must submit and certify to evidence, prior to the filing of the application by the state or local development company for a section 502 loan or prior to disbursement by the state development company of the proceeds of a section 501 loan previously granted, that its relocation will not result in a substantial increase of unemployment in the area from which it is moving. Said evidence shall be submitted by the state or local development company to the SBA field office as designated in paragraph (c) of this section, and within 30 days SBA will notify the development company whether it may file a section 502 loan application or disburse section 501 loan proceeds.

(2) A substantial increase in unemployment shall be presumed to occur when (i) the relocation would result in the unemployment of one-third of the work force of the small business concern to be assisted, (ii) the unemployment

would result in making the area affected an area of substantial unemployment as designated by the Department of Labor, or (iii) the area affected is one of substantial unemployment as designated by the Department of Labor.

(b) *Form of application.*—An application for a section 501 loan shall be made upon SBA Form 501 and for a section 502 loan upon SBA Form 502, and shall include all other pertinent information required in supporting schedules and forms. The application and supporting materials shall be submitted in duplicate.

(c) *Place of filing.*—Application shall be made in the SBA field office serving the area in which the applicant is located if no bank participation in the loan is available. If participation is available, the application and supporting materials shall be submitted in duplicate to the lending institution which will submit one complete copy to SBA along with a letter confirming its willingness to participate.

(d) *Nondiscrimination.* — Applicants for section 501 and section 502 loans and identifiable small business concerns, beneficiaries of such loans, will be required to execute when appropriate the compliance forms furnished by SBA.

LOANS UNDER SECTION 501

§ 108.501 Statutory provision.

Section 501. (a) The Administration is authorized to make loans to State development companies to assist in carrying out the purposes of this Act. Any funds advanced under this subsection shall be in exchange for obligations of the development company which bear interest at such rate, and contain such other terms, as the Administration may fix, and funds may be so advanced without regard to the use and investment by the development company of funds secured by it from other sources.

(b) The total amount of obligations purchased and outstanding at any one time by the Administration under this section from any one State development company shall not exceed the total amount borrowed by it from all other sources. Funds advanced to the State development company under this section shall be treated on an equal basis with those funds borrowed by such company after the date of the enactment of this Act, regardless of source, which have the highest priority, except when this requirement is waived by the Administrator.

§ 108.501–1 Section 501 loans.

(a) *Participation.*—To insure participation of private financing sources, the state development company shall agree, unless otherwise notified by SBA, that within 30 days after disbursement of the loan and thereafter during the period in which the loan or any part thereof remains unpaid, it will maintain portfolio investments or loans, or both, meeting the requirements of paragraph (e) of this section, having a stated outstanding principal value equal to no less than 133⅓ percent of the unpaid principal of the loan. Deviation from this ratio will be permitted during intervals between repayment or other disposal of such investments or loans and the prompt reinvestment of funds resulting from such repayment or disposal.

(b) *Loan amount.*—Subject to the limitation contained in section 501(b) of the Small Business Investment Act of 1958, as amended, a loan authorized under this authority shall be in such amount as determined by SBA to be consistent with sound business practice.

(c) *Repayment of loan.*—A section 501 loan shall not be made for a term longer than 20 years. Payment of all or any part of a loan may be anticipated without penalty on any interest payment date. Except when the rate of repayment is waived by SBA, such rate shall be adjusted by SBA so that a section 501 loan shall be repaid at no lesser rate than the other debts of the development company which first become due; but in any event not less frequently than annually. *Provided, however,* That at no time will the outstanding amount of a section 501 loan to a development company exceed the limitation set forth in section 501(b) of the Small Business Investment Act of 1958, as amended.

(d) *Security.*—Except where this requirement is waived by SBA, funds advanced to a development company under a section 501 loan shall be secured on an equal basis with those funds borrowed by such company after August 21, 1958, regardless of source. Equal basis does not require that all SBA funds be secured in the highest degree that any other development company funds are secured; however, SBA funds shall be secured on a ratable basis.

(e) *Use of proceeds.*—(1) The proceeds of loans to state development companies shall be used only to provide equity capital or make long-term loans, or both, to small business concerns. For the purposes of this section, a long-term loan or any debt instrument through which equity may be acquired shall have a final maturity of not less than 5 years. State development companies may use section 501 loan proceeds to acquire capital stock or other equity instruments from, or to relend to, small business concerns in need of assistance to finance their operations, growth, expansion, or modernization: *Provided, however,* That the authority to acquire with such proceeds an equity or other proprietary interest in a borrower shall extend only to state development companies which are wholly owned and controlled by private interests.

(2) The proceeds of loans to state development companies may not be used for:

(i) Relending or reinvesting by the small business concern;

(ii) Purposed contrary to the public interest, including but not limited to gambling enterprises and activities;

(iii) Any purposes which would encourage monopoly or be inconsistent with accepted standards of free enterprise;

(iv) Use outside of the United States: *Provided, however,* That a state development company may provide funds to a small business concern which is subject to state or Federal jurisdiction, (a) for use in the domestic production of products for distribution abroad, or to acquire abroad materials for such operations, or (b) for use in its branch operations abroad or for transfer to its controlled foreign subsidiary in exchange for further equity interest in or the monetary obligation of such foreign subsidiary; so long as the major portion of the assets and activities of such concern, after funds are so employed, remains within the territorial jurisdiction of the United States.

(f) *Interest rate.*—The rate of interest on section 501 loans to state development companies shall be the same rate at which the state development company borrows funds from its members.

(g) *Firm commitment.*—A firm commitment may be given by SBA for a period of 1 year subject to the payment of a commitment fee computed on the basis of 1 percent per annum, beginning with the first day after the first 30 days following the date of the note.

(h) *Disposal of obligations.*—SBA may, in its discretion and upon such terms and conditions and for such consideration as shall be deemed to be reasonable, sell, assign, transfer or otherwise dispose of the note, and all other evidence of debt or security held in connection with the payment of any loan made under section 501 of the Small Business Investment Act of 1958, as amended.

LOANS UNDER SECTION 502

§ 108.502 Statutory provision.

Section 502. The Administration may, in addition to its authority under section 501, make loans for plant construction, conversion, or expansion, including the acquisition of land, to state and local development companies, and such loans may be made or effected either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred basis: *Provided, however,* That the foregoing powers shall be subject to the following restrictions and limitations:

(1) All loans made shall be so secured as reasonably to assure repayment. In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement.

(2) The proceeds of any such loan shall be used solely by such borrower to assist an identifiable small-business concern and for a sound business purpose approved by the Administration.

(3) Loans made by the Administration under this section shall be limited to $350,000 for each such identifiable small-business concern.

(4) Any development company assisted under this section must meet criteria established by the Administration, including the extent of participation to

be required or amount of paid-in capital to be used in each instance as is determined to be reasonable by the Administration.

(5) No loans, including extensions or renewals thereof, shall be made by the Administration for a period or periods exceeding 25 years plus such additional period as is estimated may be required to complete construction, conversion, or expansion, but the Administration may extend the maturity of or renew any loan made pursuant to this section beyond the period stated for additional periods, not to exceed 10 years, if such extension or renewal will aid in the orderly liquidation of such loan. Any such loan shall bear interest at a rate fixed by the Administration.

§ 108.502–1 Section 502 loans.

SBA is authorized to make loans to development companies to finance plant construction, conversion, or expansion, including the acquisition of land: *Provided, however,* That such loans will assist an identifiable small business concern in accomplishing a sound business purpose.

(a) *Sound business purpose.*—A loan will not be considered to be for a sound business purpose: (1) If, in any case where the relocation of a small business concern is involved, the relocation will result in the avoidance by such concern of obligations incurred in the location from which the move is to be made or if the primary incentive for such relocation is a local subsidy; (2) if the concern is being relocated from another area unless there is demonstrated to SBA a need to locate closer to the source of basic materials or to major consumers, or to consolidate operations in one location, or unless such relocation is justified by other reasons satisfactory to SBA; (3) if it is to accomplish an expansion or conversion which is unwarranted in the light of the small business concern's past experience and management ability; (4) if it will subsidize inferior management; (5) if it provides funds for speculation; or (6) if its effect will be to encourage monopolies or be inconsistent with accepted standards of the American system of free competitive enterprise.

(b) *Ineligible categories.*—A loan will not be made if the small business concern to be assisted does not qualify as an eligible small business under Part 120 of this chapter, except where inconsistent with specific provisions in this part.

(c) *Collateral.*—All loans made under this section shall be so secured as reasonable to assure repayment. SBA shall determine that all property and rights available as collateral security for such a loan are of a character and value as reasonably to assure repayment of the loan. Collateral shall be insured against such hazards and risks as SBA may require.

(d) *Loan amount.*—(1) Loans made by SBA under this section shall be limited to $350,000 for each identifiable small business concern. The total unpaid amount of any such SBA loan or loan in aid of a particular small business concern shall never exceed $350,000.

(2) Development companies may be eligible to be considered for such additional loans of not more thna $350,000 each, as there may be additional identifiable small business concerns to be assisted.

(e) *Participation by the development company.*—A development company may be required to furnish a reasonable part, as determined by SBA, of the funds necessary to accomplish the plant construction, conversion, or expansion, or the acquisition of land. For the purposes of this paragraph, the furnishing of not less than 20 percent of the necessary funds generally be considered a reasonable part. SBA may require that the funds to be furnished by the development company be derived from paid-in capital or surplus of the development company, as well as from other sources. The amount of paid-in capital to be required will depend in part upon the amount of the loan, the maturity of the loan, the extent to which other borrowings of the development company may be subordinated to the SBA loan and such other factors as the SBA may consider appropriate to the individual case. For the purpose of this section, "paid-in capital" is cash and property actually received in exchange for shares of stock issued by the development company, or cash and property contributed to the development company without obligation therefore, or cash and property for which the development company is indebted on a subordinated basis.

(f) *Other financing.*—(1) A loan will not be made unless the development company and the small business concern shall show to the satisfaction of SBA that the desired financial assistance is not available on reasonable terms.

(2) In the case of a development company, it shall be satisfactorily demonstrated that the desired financing is not available by means of sale of stock or debt securities, or both, in the development company; from funds agreed to be furnished by participating members of the development company; and by means of loans from not less than two lending institutions (where the population of the community exceeds 200,000) which have a sufficient legal and normal lending limit to cover the loan applied for.

(3) In the case of a small business concern, the demonstration of the unavailability of the desired financial assistance on reasonable terms shall be in accordance with Section 120.2(a) of this chapter. SBA will rely on the development company's certification as to the unavailability of such other financial assistance to the small business concern.

(g) *Participation by other financial institutions in loans to development companies.*—In order to stimulate and encourage loans by banks and other lending institutions, the SBA shall require that:

(1) An applicant for a loan show that a participation by another lending institution is not available. No financial assistance shall be extended in participation with another lending institution on an immediate basis unless the applicant shall show that a participation on a deferred basis is not available.

(2) SBA's share of immediate participation loans shall not exceed 75 percent of the loan. Exceptions may be made in cases when the participant's legal lending limit precludes a 25 percent participation. In such cases the participant will be required to share in the loan to the extent of its legal lending limit but in no event less than 10 percent. In guaranteed loans the exposure of SBA under the guaranty may not exceed 90 percent of the unpaid principal balance and accrued interest.

(3) Participation charges and service fees shall be in accordance with § 120.3 (b) (1) and (3), respectively, of this chapter.

(h) *Interest rate.*—The interest rate on a direct section 502 loan to a development company and on SBA's share of a section 502 loan made in participation with another lending institution shall be 5½ percent per annum: *Provided, however,* That where the interest on the share of the loan of the bank or other lending institution in a guaranteed or immediate participation loan is less than 5½ percent per annum, then the rate on SBA's share of the loan shall be at the same rate, but not less than 5 percent per annum. For the purposes of this paragraph, bank's share of the guaranteed participation shall be the entire amount of the loan until such time as SBA shall actually purchase its participation.

(i) *Loan maturity.*—The maturity of any loan under this section may not exceed 25 years plus such additional period as is estimated may be required to complete construction, conversion or expansion. It shall be the policy of SBA generally, in the case of a lease agreement between a local development company and an identifiable small business concern, to require that the term of the lease shall not be less than the term of the loan. It shall also be the policy of SBA generally to require repayment in equal periodic installments. Extensions or renewals of the loan for an additional period not to exceed 10 years beyond the stated maturity may be granted by SBA only if such extensions or renewals will aid in the orderly liquidation of such loans.

(j) *Use of proceeds.*—(1) As of the time of approval and the time of disbursement of a section 502 loan, the development company shall submit evidence satisfactory to SBA that the proceeds of such loan will be used for plant construction, conversion, expansion, or the acquisition of land, solely to assist an identifiable small business concern: *Provided, however,* That as of the time of disbursement, with respect to size, evidence need be submitted to show only the fact that the small business concern to be assisted has not adversely affected its status as an identifiable small business concern since the date of approval of loan by reason of any reorganization (including any reorganization under any Federal or state statute, sale of assets, merger, consolidation, purchase,

sale or exchange of securities, or long-term lease) or franchise agreement.

(2) The identifiable small business concern, under agreement existing at the time of such disbursement, shall be entitled or permitted to possess and use, as owner or tenant, the plant which is constructed, converted, or expanded, with the proceeds of said loan.

(3) Evidence, satisfactory to SBA, shall be submitted prior to approval and disbursement of said loan, that the identifiable small business concern intends or has the right to use the said plant during a period of time equal at least to the maximum contract term of the section 502 loan or 5 years after full disbursement of the section 502 loan, whichever is the longer period; and that use of said proceeds will assist only the identifiable small business concern. Evidence of such intent and purpose shall be deemed to exist where the proceeds of the section 502 loan will be used by the development company to (i) relend to the identifiable small business concern for construction, conversion, or expansion of a plant owned, occupied, and used by said concern; (ii) construct, convert, or expand a plant to be sold immediately to the identifiable small business concern for its occupancy and use; (iii) construct, convert, or expand a plant owned by the development company to be leased to the identifiable small business concern with the right in such concern to apply rentals, under a purchase option arrangement, on the purchase price of the plant; or (iv) construct, convert, or expand a plant owned by the development company to be leased to the identifiable small business concern without a purchase option arrangement, but with the right in such concern to occupy the plant during a period of time equal at least to the maximum contract term of the section 502 loan or 5 years after full disbursement of the section 502 loan, whichever is the longer period; upon terms between the development company and said concern intended to provide the development company with total funds not in excess of those necessary; to repay with interest the section 502 loan; for applicable taxes upon and maintenance of the plant; to recover administrative costs; to provide a reasonable sum as a reserve for contingencies to cover unusual costs or expenses; and to recover capital investments and expenditures of the development company's own funds in the project with a reasonable return on such as may be necessary to attract and maincapital investments and expenditures tain a broad base of ownership or membership and interest in continuing local development projects.

(k) *Compliance.*—(1) All complaints alleging discrimination in construction contracts involving the use of section 502 loan proceeds shall be investigated by SBA. Complaints alleging discrimination must be filed with SBA within 90 days of the alleged discrimination.

(2) SBA may hold informal hearings and make findings regarding the allegation of discrimination in accordance with the rules of the President's Committee on Equal Employment Opportunity. In the event that SBA finds discrimination to have occurred, it may cancel loans approved but not disbursed to an applicant, it may refuse to make further disbursement on account of the loan, or it may accelerate the maturity of the note between borrower and SBA, or it may take any action of a lesser nature. Failure of SBA to invoke or assert any of the aforesaid sanctions or any other sanctions shall not be construed to be a waiver of SBA's right to assert any of such sanctions. See also part 112 of this chapter.

Dated August 17, 1973.

VETERANS ADMINISTRATION

[38 CFR Part 3]

ANNUAL INCOME

Foster Grandparent Program; Older Americans Community Service Programs

Public Law 93-29 (87 Stat. 55), enacted May 3, 1973, amended the Older Americans Act of 1965. One of the amendments effected by this Act was an extension of the Foster Grandparents Program to provide person-to-person services to disadvantaged persons other than children. These programs utilize the services of volunteers 60 years or older who are out of the normal work force and who have low incomes. A specific provision added by Pub. L. 93-29 prescribes that, notwithstanding any other provision of law, compensation received for services rendered under these programs shall not be considered income for any purpose. To effectuate this provision of the Act, the Administrator of Veterans' Affairs proposes regulatory changes which would exclude compensation under these programs from computation as income of the recipient in determining entitlement to pension, compensation, or dependency and indemnity compensation payable by the Veterans Administration. It is proposed to amend Part 3, Title 38, Code of Federal Regulations, as set forth below.

Interested persons are invited to submit written comments, suggestions, or objections regarding the proposal to the Administrator of Veterans' Affairs (232H), Veterans Administration, Central Office, 810 Vermont Avenue NW., Washington, D.C. 20420. All relevant material received before Sept. 27, 1973 will be considered. All written comments received will be available for public inspection at the above address only between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays), during the mentioned 30-day period and for 10 days thereafter. Any person visiting Central Office for the purpose of inspecting any such comments will be received by the Central Office Veterans Assistance Unit in room 132. Such visitors to any VA field station will be informed that the records are available for inspection only in Central Office and will be furnished the address of the above room number.

Notice is given that it is proposed to make these amendments effective May 3, 1973.

1. In § 3.261(a), subparagraph (33) is added to read as follows:

§ 3.261 **Character of income; exclusions and estates.**

* * * * *

	Dependency (parents)	Dependency and indemnity compensation (parents)	Pension protected (veterans, widows and children)	Pension; Public Law 86-211 (veterans, widows and children)	See—
(a) *Income:*					
* * *					
(33) Foster Grandparent Program and Older Americans Community Services Programs payments (Public Law 93-29).	Excluded	Excluded	Excluded	Excluded	§ 3.262(q).
* * *					

2. In § 3.262, paragraph (q) is added to read as follows:

§ 3.262 **Evaluation of income.**

* * * * *

(q) *Payments Under Foster Grandparent Program and Older Americans Community Service Programs.*—Effective May 3, 1973, compensation received under the Foster Grandparent Program and Older Americans Community Service Programs (42 U.S.C. 3044b) will be excluded from income in claims for compensation, pension and dependency and indemnity compensation. (Pub. L. 93-29; 87 Stat. 55)

Approved August 22, 1973.

[SEAL] FRED B. RHODES,
Deputy Administrator.

DEPARTMENT OF THE TREASURY

Bureau of Alcohol, Tobacco and Firearms

NOTICE OF GRANTING OF RELIEF

Notice is hereby given that pursuant to 18 U.S.C., section 925(c), the following named persons have been granted relief from disabilities imposed by Federal laws with respect to the acquisition, transfer, receipt, shipment, or possession of firearms incurred by reason of their convictions of crimes punishable by imprisonment for a term exceeding one year.

It has been established to my satisfaction that the circumstances regarding the convictions and each applicant's record and reputation are such that the applicants will not be likely to act in a manner dangerous to public safety, and that the granting of the relief will not be contrary to the public interest.

Baker, Howard Joseph, 59 Lund Street, Eugene, Oregon, convicted on January 14, 1966, and April 15, 1969, in the Circuit Court, County of Lane, State of Oregon.

Beck, Michael W., 2102 South Seventh Street, Temple, Texas, convicted on February 12, 1969, in the District Court, Bell County, Belton, Texas, and on October 15, 1970, in District Court, Bell County, 169th Judicial District of Texas.

Clark, James H., III, P.O. Box 813, Elizabethtown, North Carolina, convicted on November 13, 1967, in the Court of General Sessions, Chesterfield County, South Carolina.

Coleman, George Richard, 5805 S.W. 192nd, Aloha, Oregon, convicted on August 20, 1970, in United States District Court, Portland, Oregon.

Eichner, Leonard, Jr., 4499 Pardee, Dearborn Heights, Michigan, convicted on October 21, 1946, in the District Court, Keith County in Ogallala, Nebraska.

Foss, Clifford Everett, Wentworth, South Dakota, convicted on January 7, 1971, in the Circuit Court, Second Judicial Circuit, Sioux Falls, South Dakota.

Long, Albert Stanley, Peytonsburg, Kentucky, convicted on September 28, 1939 and November 19, 1953, in the United States District Court, Bowling Green, Western District of Kentucky.

Monell, Franklin, 156 Windsor Place, Brooklyn, New York, convicted on May 7, 1962, in Supreme Court, Kings County, New York.

Perry, Darrell Lee, 3117½ W. Maplewood, Bellingham, Washington, convicted on December 11, 1970, in Superior Court for the State of Washington, Bellingham, Whatcom County.

Reid, Irvine J., 2323 North B nd, Saginaw, Michigan, convicted on November 10, 1941, in Saginaw County Circuit Court, Saginaw, Michigan.

Rogers, Charles M., 244 Lansbury Drive, Danville, Virginia, convicted on March 19, 1952, in Corporation Court of Danville, Virginia, and on April 16, 1962, in the United States District Court for the Western District of Virginia.

Sheldon, Wilfred, Jr., Box 71 Brainard Station Road, Brainard, New York, convicted on June 1, 1967, in the Supreme Court, County of Albany, New York.

Signed at Washington, D.C. this 15th day of August, 1973.

Office of the Secretary

REFORM OF THE INTERNATIONAL MONETARY SYSTEM

Establishment of Advisory Committee

Pursuant to Pub. L. 92-463, the Federal Advisory Committee Act, the Treasury Department has established the Advisory Committee on Reform of the International Monetary System. The Committee is composed of leading members of the United States international financial community and will be chaired by former Secretary of the Treasury Henry H. Fowler.

The Committee will consult with and advise the Secretary and his staff with respect to issues arising in the negotiations of international monetary reform and related issues. It has been determined that the function of this Committee could not be performed by an agency of the Government or an existing Committee.

The Under Secretary for Monetary Affairs has certified that the establishment of this Advisory Committee is in the public interest.

Dated August 22, 1973.

[SEAL] J. ELTON GREENLEE,
Acting Assistant Secretary for Administration and Departmental Advisory Committee Management Officer.

U.S. Customs Service

[T.D. 73-234]

INSTRUMENTS OF INTERNATIONAL TRAFFIC

Steel Rack Skids, Wooden Shells, and Steel Bars

AUGUST 22, 1973.

It has been established to the satisfaction of the U.S. Customs Service that units composed of a steel rack skid, wooden shells, and steel bars, 65 inches in height by 42 inches by 65 inches, used for the transportation of wire tire cord fabric, are substantial, suitable for and capable of repeated use and will be used in significant numbers in international traffic.

Under the authority of § 10.41a(a)(1), Customs regulations (19 CFR 10.41a(a)(1)), I hereby designate the above-described units as "instruments of international traffic" within the meaning of section 322(a), Tariff Act of 1930, as amended. These units may be released under the procedures provided for in § 10.41a, Customs regulations.

[SEAL] VERNON D. ACREE,
Commissioner of Customs.

DEPARTMENT OF DEFENSE

Department of the Army

LAUREL RIVER LAKE, KENTUCKY

Joint Order Interchanging Administrative Jurisdiction of Department of the Army Lands and National Forest Lands

By virtue of the authority vested in the Secretary of the Army and the Secretary of Agriculture by the Act of July 26, 1956 (70 Stat. 656 (16 U.S.C. 505a, 505b)), it is ordered as follows:

(1) The lands under the jurisdiction of the Department of the Army described in Exhibit A, attached hereto and made a part hereof, which lands are within and adjacent to the exterior boundaries of the Daniel Boone National Forest, Kentucky, are hereby transferred from the jurisdiction of the Secretary of the Army to the jurisdiction of the Secretary of Agriculture, subject to outstanding rights or interest of record and to such continued use by the Corps of Engineers of all of these lands which are necessary for the construction, operation, and maintenance of the Laurel River Lake project for its intended purposes, other than for recreation and fish and wildlife, as presently authorized, or as may be authorized in the future, including, but not limited to the right to perform timber clearing, flooding of the area, to construct and maintain transmission lines and utilities, access roads, and to make improvements in the aid of navigation, and to a reservation by the Corps of Engineers of the privilege of outgranting rights-of-way for power and telephone lines, for roads and pipelines, etc., as necessary to accommodate such facilities as are relocated and reconstructed under certain relocation contracts between the Corps of Engineers and owners thereof. Administration of licenses, permits, and easements for such outgrants of rights-of-way will be transferred to the Secretary of Agriculture.

(2) The National Forest lands described in Exhibit B, attached hereto and made a part hereof, which are a part of the Daniel Boone National Forest, Kentucky, are hereby transferred from the jurisdiction of the Secretary of Agriculture to the jurisdiction of the Secretary of the Army, subject to outstanding rights or interests of record, and to a reservation for and on behalf of the United States Forest Service of the right of access and use necessary to provide for required other uses of National Forest lands, including the sale of timber therefrom prior to clearning actitvties of the Corps of Engineers and access for National Forest purposes.

Pursuant to section 2 of the aforesaid Act of July 26, 1956, the National Forest lands transferred to the Secretary of the Army by this order are hereafter subject only to the laws applicable to the Department of the Army lands comprising the Laurel River Lake project. The Department of the Army lands transferred to the Secretary of Agriculture by this order are hereafter subject to the laws applicable to lands acquired under the Act of March 1, 1911 (38 Stat. 961), as amended.

Effective Date.—This order will be effective August 28, 1973.

Dated July 9, 1973.

HOWARD H. CALLAWAY,
Secretary of the Army.

EARL L. BUTZ,
Secretary of Agriculture.

EXHIBIT A

Lands transferred from the Secretary of the Army to the Secretary of Agriculture.

The following listed tracts acquired by the Department of the Army for, or, in connection with the Laurel River Lake project in Whitley and Laurel Counties, Kentucky:

Segment 1—Tract 113.

Segment 2—Tracts 200, 201, 202, 203, 207.

Segment 3—Tracts 301, 302, 304, 305, 306, 307.

Segment 4—Tracts 400, 402, 403, 404, 405, 406, 410, 412.

Segment 5—Tracts 500, 501, 503, 506, 508.

Segment 6—Tracts 600, 602, 603, 605, 607, 608, 609, 611, 612, 613–1, 613–2, 613–3, 615, 616, 618, 619, 621.

Segment 7—Tracts 701, 702, 703, 704, 706, 708, 710, 712, 713, 715, 716, 717, 718, 725, 729, 730, 732, 733.

Segment 8—Tracts 800, 801, 802, 804, 805, 806, 808, 809, 810, 811, 812, 814.

Segment 9—Tracts 900, 901, 902, 903, 906, 908, 909, 910, 914, 915, 917, 918, 919, 920, 922, 823, 824, 825, 826, 928.

Segment 10—Tracts 1007, 1008, 1012–1, 1012–2, 1013, 1017, 1021, 1023, 1026, 1029, 1036, 1038, 1043, 1057, 1058, 1061–1, 1061–2, portion of Tract 1037.

The lands listed above consist of 6,337 acres, more or less. Legal descriptions of the transferred tracts and Real Estate Segment Maps depicting their location are on file in the office of the District Engineer, U.S. Army Corps of Engineers, Nashville District, Nashville, Tennessee; and the office of the Forest Supervisor, Daniel Boone National Forest, Winchester, Kentucky.

EXHIBIT B

Lands transferred from the Secretary of Agriculture to the Secretary of the Army.

Tract 1557, consisting of 107 acres, more or less.

Complete legal description of the transferred tract and survey plat depicting the location are on file in the office of the District Engineer, U.S. Army Corps of Engineers, Nashville District, Nashville, Tennessee; and the office of the Forest Supervisor, Daniel Boone National Forest, Winchester, Kentucky.

ADVISORY COMMITTEE FOR MINORITY AFFAIRS

Notice of Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92–463 (1972)), notice is hereby given that the Commandant of the Marine Corps Advisory Committee for Minority Affairs will have a closed meeting on September 14, 1973, at Headquarters, United States Marine Corps, Navy Annex, Arlington, Virginia.

The agenda of this meeting consists of matters determined by the Secretary of the Navy to be exempt from disclosure under the provisions of section 552(b) of title 5, United States Code.

MERLIN H. STARING,
Rear Admiral, JAGC, U.S. Navy, Judge Advocate General of the Navy.

AUGUST 20, 1973.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

NEW MEXICO

NEW MEXICO GRAZING DISTRICT ADVISORY BOARDS

Notice of Meetings

Notice is hereby given that four Bureau of Land Management grazing district advisory boards, chartered by the Taylor Grazing Act, will meet at separate locations in New Mexico during September 1973, as follows in chronological order:

Socorro, September 5, at 9 a.m., at the Bureau of Land Management District Office. The agenda contains but one item: Discussion of the regulations and interagency agreement pertaining to the protection and management of wild, free-roaming horses and burros on public lands.

Roswell, September 6, at 9 a.m., at the Bureau of Land Management District Office. The agenda contains but one item: Discussion of the regulations and interagency agreement pertaining to the protection and management of wild, free-roaming horses and burros on public lands.

Las Cruces, September 10, at 9 a.m., at the Bureau of Land Management District Office. The agenda contains but one item: Discussion of the regulations and interagency agreement pertaining to the protection and management of wild, free-roaming horses and burros on public lands.

Albuquerque, September 11, at 9 a.m., at the Bureau of Land Management District Office. The agenda contains two items: (1) Discussion of the regulations and interagency agreement pertaining to the protection and management of wild, free-roaming horses and burros on public lands and, (2) explanation of various aspects of the Bureau of Land Management's planning process and recommendations for the San Juan unit of the Farmington Resource Area. Wild horse regulations will be discussed, beginning at 9 a.m. The BLM planning process will be discussed, beginning at 1 p.m.

All meetings will be open to the public. Written and oral statements are welcome. Written statements should be addressed to advisory board chairmen, as follows:

Socorro—William M. Seis, P.O. Box 1456, Socorro, NM 87801.

Roswell—Carl Johnson, P.O. Box 1397, Roswell, NM 88201.

Las Cruces—Eldon P. Harvey, P.O. Box 1420, Las Cruces, NM 88001.

Albuquerque—Pablo Roybal, 3550 Pan American Freeway, Albuquerque, NM 87107.

MICHAEL T. SOLAN,
Acting State Director.

CHILDRENS HOSPITAL

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (37 FR 3892 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 73–00463–33–46040. Applicant: Children's Hospital Research Foundation, Elland and Bethesda Avenues, Cincinnati, Ohio 45229. Article: Electron microscope, Model EM–10. Manufacturer: Carl Zeiss, West Germany. Intended use of article: The article is intended to be used in the study of lysosomal disease utilizing tissue cultures from patients with such diseases as Type II glycogenosis, Tay Sachs disease, mucopolysarcharidoses, mucosulfatidoses, etc. The morphologic alterations of lysosomes which cells in tissue culture from these diseases demonstrate will be investigated.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provides a continuous magnification from 100 to 200,000 magnifications, without changing the pole-piece. The most closely comparable domestic instrument is the Model

EMU-4C manufactured by the Forgflo Corporation. The Model EMU-4C, with its standard pole-piece, has a specified range from 1,400 to 240,000 magnifications. For survey and scanning, the lower end of this range can be reduced to 200 magnifications or less. But the continued reduction of magnification induces an increasingly greater distortion. The domestic manufacturer suggests in its literature on the Model EMU-4C that for highest quality, low magnification electron micrographs in the magnification range between 500 and 70,000 magnifications, an optional low magnification pole-piece should be used. Changing the pole-piece on the Model EMU-4C requires a break in the vacuum of the column. We are advised by the Department of Health, Education and Welfare (HEW) in its memorandum dated August 9, 1973, that the applicant requires the capability of taking high-quality micrographs at low magnifications in order to achieve the purposes for which the article is intended to be used.

HEW further advises that breaking the vacuum in the column induces the danger of contamination which would very likely lead to the failure of the experiment.

Therefore, the capability of moving from 100 to 200,000 magnifications without changing pole-pieces, while at the same time providing high-quality micrographs at low magnifications, is considered to be a pertinent characteristic. For these reasons, we find that the Model EMU-4C is not of equivalent scientific value to the foreign article for such purposes as this article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

A. H. STUART,
Director,
Special Import Programs Division.

PHILADELPHIA GENERAL HOSPITAL, ET AL.

Applications for Duty-Free Entry of Scientific Articles

The following are notices of the receipt of applications for duty-free entry of scientific articles pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897). Interested persons may present their views with respect to the question of whether an instrument or apparatus of equivalent scientific value for the purposes for which the article is intended to be used is being manufactured in the United States. Such comments must be filed in triplicate with the Director, Special Import Programs Division, Office of Import Programs, Washington, D.C. 20230, on or before September 17, 1973.

Amended regulations issued under cited Act, as published in the February 24, 1972 issue of the FEDERAL REGISTER, prescribe the requirements applicable to comments.

A copy of each application is on file, and may be examined during ordinary Commerce Department business hours at the Special Import Programs Division, Department of Commerce, Washington, D.C. 20230.

Docket Number: 74-00041-33-46500. Applicant: Philadelphia General Hospital, 700 Civic Center Boulevard, Philadelphia, Pennsylvania 19104. Article: Ultramicrotome, Model LKB 8800A and 4806A Ultrotome Table. Manufacturer: LKB Produkter AB, Sweden. Intended Use of Article: The article is intended to be used in research on animal brain which has been innoculated with cells believed to contain a virus responsible for the pathogenesis of multiple sclerosis (MS). Objectives are (1) to explore the possibility that a virus is responsible for MS (2) to grow this virus in cell cultures and (3) to create MS lesions in the brains of monkeys and identify the virus. Application received by Commissioner of Customs: July 24, 1973.

Docket Number: 74-00042-33-46500. Applicant: Hospital of the Good Samaritan Medical Center, 1212 Shatto Street, Los Angeles, California 90017. Article: Ultramicrotome, Model LKB 8800A, 14800-1 CryoKit, and 4806A Ultrotome Table. Manufacturer: LKB Produkter AB, Sweden. Intended Use of Article: The article is to be used in studies of normal and pathological human tissue, specifically, normal and malignant cells taken from biopsies of human breast and urinary bladder. Application received by Commissioner of Customs: July 24, 1973.

Docket Number: 74-00043-01-07500. Applicant: Medical University of South Carolina, Biochemistry Department, 80 Barre Street, Charleston, South Carolina 29401. Article: LKB Batch Microcalorimeter, Model 10700-2. Manufacturer: LKB Produkter AB, Sweden. Intended Use of Article: The article is intended to be used for the study of proteins and other biologically important molecules. The protein systems include the enzymes: xanthine oxidase, synthetase, dihydrofolate reductase, serine tranhydroxymethylase, uricase, and ATPase. Whole cell studies will also be conducted. Thermal changes associated with biological reactions undergone by the above both in vitro will be investigated. Application received by Commissioner of Customs: July 23, 1973.

Docket Number: 74-00048-36-46070. Applicant: University of Wisconsin—Oshkosh, Oshkosh, Wisconsin 54901. Article: Scanning Electron Microscope, Model HHS-2R. Manufacturer: Hitachi Perkin-Elmer, Japan. Intended Use of Article: The foreign article is intended to be used in research on (1) The Taxonomy of the genus *chironomus: C: palli-divittatus* and its relationship to various European species (2) the morphology of the Army Cutworm, *Chorizagrotis auxiliaris* and (3) the structure of the Prophase I Nucleus in the mushroom Genus *Mycena*. The article will also be used in a regular undergraduate program in advanced courses in plant morphology, entomology, cytology and bactiology. Application received by Commissioner of Customs: July 27, 1973.

Docket Number: 74-00049-38-64700. Applicant: University of Hawaii, Department of Educational Psychology, 1776 University Avenue, Honolulu, Hawaii 96822. Article: 704 TKK Polygraph for Group Use. Manufacturer: Takei & Company, Ltd., Japan. Intended Use of Article: The article is intended to be used in research studies of psychophysiological changes as concommitants of small group process. Specifically it is intended to measure the psychophysiological aronsol as a function of (1) group leadership styles (2) group membership styles (3) inclusion stage in groups (4) affection stage in groups (5) control stage in groups (6) problem solving stage in groups (7) high verbal times vs. low verbal times for leaders and for members and (8) high ambiguity vs. low ambiguity times in the group. Application received by Commissioner of Customs: July 30, 1973.

Docket Number: 74-00050-75-77025. Applicant: University of California, Purchasing Department, P.O. Box 1500, Berkeley, California 94701. Article: ^{3}He Fast Neutron Spectrometer. Manufacturer: Seforad-Applied Radiation Ltd., Israel. Intended Use of Article: The foreign article will be used in research studies of delayed neutron spectra from decay of short-lived fission products. It is intended the studies will include as many spectra as are accessible under the available experimental conditions.

The article will also be used in teaching courses in Nuclear Engineering. Application received by Commissioner of Customs: July 30, 1973.

Docket Number: 74-00051-33-46040. Applicant: University of Maryland School of Medicine, Department of Anatomy, 29 South Greene Street, Baltimore, Maryland 21201. Article: Electron Microscope, Model EM 201. Manufacturer: Philips Electron Instruments NVD, The Netherlands. Intended Use of Article: The article is intended to be used in the following research projects of a biomedical nature:

(1) An intensive study of cellular content of peripheral or prenodal lymph—The overall objective of the project is to correlate the information obtained on the structure and function of these cells in postnodal lymph in an attempt to understand the role which these cells play in the defensive mechanism of the body in general and immune process in particular.

(2) The role of thyrocalcitonin in the induction of tumors—The objectives of the project are (a) to expand the preliminary experiments involving the administration of thyrocalcitonin to potentially leukemic mice to provide further information on the development of neoplastic disease, (b) to investigate the characteristics of any induced neoplasms to determine the site of origin, and (c) to determine by electron microscopy the presence or the absence of viral particles in induced tumors, and if present, to determine whether any apparent relationship exists between this virus and the preexisting virus in the bone cells.

(3) A comparative study of metastasizing and non-metastasizing murine tumors: The role of the Intracisternal A-particle—The

objective of this project is to determine if alteration of cellular properties plays a decisive role in malignancy.

In addition the article will be used in the courses: Techniques in Electron Microscopy, Histology for the Medical Students and Histology for graduate students, for training in electron microscopy and for providing the students with a basic knowledge and understanding of the microscopic structure of the human body.

Application received by Commissioner of Customs: August 2, 1973.

Docket Number: 74-00052-33-75300. Applicant: Mental Health Research Institute, University of Michigan, 205 N. Washtenaw, Ann Arbor, Michigan 48104. Article: Semiautomatic Radioautographic Coating Device. Manufacturer: V. Avarlaid, Canada. Intended Use of Article: The foreign article is intended to be used in research on the process of axonal flow (transport along nerve axons) in the goldfish visual system using the technique of electron microscopic radioautography.

The article will also be used in training postdoctoral students in the application of electron microscopic radioautography. Application received by Commissioner of Customs: August 3, 1973.

Docket Number: 74-00053-33-46040. Applicant: Papanicolaou Cancer Research Institute, 1155 N.W. 14th Street, Miami, Florida 33136. Article: Electron Microscope, Model EM 301. Manufacturer: Philips Electron Instruments NVD, The Netherlands. Intended Use of Article: The foreign article is intended to be used in research to study the lungs and blood vessels of laboratory animals, specifically, lung sections after perfusion with certain synthesized vasoactive polypeptides and electron microscope auto radiographs made after perfusion of the lung with radioactive analogs of these compounds. The article will also be used in teaching graduate students in cell biology and neurobiology and for training postdoctoral fellows in specialized techniques related to the study of the lungs. Application received by Commissioner of Customs: August 2, 1973.

Docket Number: 74-00054-39-41700. Applicant: University of Virginia Medical Center, Department of Plastic Surgery, P.O. Box 223, Charlottesville, Virginia 22901. Article: Medilase 791 CO_2 Surgical Laser. Manufacturer: Laser Industries Ltd., Israel. Intended Use of Article: The foreign article is intended to be used in research experiments designed to evaluate the effects of laser beam energy on normal, diseased, and wounded tissue. In addition, an evaluation will be made on the use of the article as a surgical scapel for the debridgement of severely burned patients, for making incisions in human and animal soft tissue and bone, for treatment of tumors and for making bloodless incisions. Application received by Commissioner of Customs: August 2, 1973.

Docket Number: 74-00055-33-46040. Applicant: University of Connecticut, Biobehavioral Sciences, Bldg. #1, Horsebarn Road, Box U-154, Storrs, Connecticut 06268. Article: Electron Microscope, Model EM 10 and accessories. Manufacturer: Carl Zeiss, West Germany. Intended Use of Article: The foreign article is intended to be used for research in high resolution studies of nerve tissue sections and will include: (1) Studies of the morphology of cells in the cerebellum and its related nuclei; (2) the mapping of synapses on the neuronal surface of determined cell types and their distribution in certain portions of tissue; (3) high resolution analysis of the fine structure of synaptic vesicles and synaptic membranes in adult and developing animals (embryos), in thin sections and in freeze-fractured specimens; (4) the fine alterations of synaptic contacts under degenerative phenomena such as those provoked by severance of the cell processes and; (5) studies on the molecular structure of purified enzymes from nervous tissue (such as, acetycholinesterase).

The article will also be used in teaching methods of high resolution electron microscopy to selected graduate students. Appplication received by Commissioner of Customs: August 2, 1973.

Docket Number: 74-00056-33-46500. Applicant: New York State Institute for Basic Research in Mental Retardation, 1050 Forest Hill Road, Staten Island, New York 10314. Article: Ultramicrotome, Model Om U3. Manufacturer: C. Reichert Optische Werke AG, Austria. Intended Use of Article: The foreign article is intended to be used in the study of human murine cytomegalovirus and suitable host cells infected with virions to determine the sequence of events which take place in both abortively and productively infected cells. The article will also be used in training research scientists in specimen preparation for electron microscope studies without the use of a specified course. Application received by Commissioner of Customs: July 5, 1973.

Docket Number: 74-00057-33-46040. Applicant: Baylor College of Medicine, 1200 Moursund Avenue, Houston, Texas 77025. Article: Electron Microscope, Model EM 201. Manufacturer: Philips Electronic Instruments NVD, The Netherlands. Intended Use of Article: The article is intended to be used by senior investigators and selected postdoctoral fellows to examine biological material in a broad-based study of normal and diseased mammalian myocardium. Studies of normal fine structure of mammalian fetal, neonatal and adult heart will be performed, as well as continuing investigation of animal models for myocardial disease. Application received by Commissioner of Customs: August 6, 1973.

Docket Number: 74-00058-33-46040. Applicant: Kansas State University, Division of Biology, Ackert Hall, Manhattan, Kansas 66506. Article: Electron Microscope, Model EM 201. Manufacturer: Philips Electronic Instruments, NVD, The Netherlands. Intended Use of Article: The article is intended to be used in studies of biological cells in stages of division, including both mitosis and meiosis; cultured cells in states of differentiation and specialization of function; cells secreting calcium for deposition in extracellular matrices, viruses and virus infected cells. The studies all relate to fundamental research of biological problems, many of which have medical orientation and implications. The article will also be used in the course: Special Topics in Developmental Biology to prepare students and faculty members for research applications of the electron microscope. Application received by Commissioner of Customs: August 4, 1973.

Docket Number: 74-00059-00-14200. Applicant: University of California, Facility for Advanced Instrumentation, Davis, California 95616. Article: Accessory Model Quantimet 720R (Pattern Recognition Unit) for Image Analysing Computer. Manufacturer: Metals Research Ltd., United Kingdom. Intended Use of Article: The foreign article is intended to be used in research on the predator-prey relationship between *Bdellovibrio bacteriovorus* and its bacterial host by detection of the change in shape of the host cell from a rod to a sphere when attacked successfully by *Bdellovibrio*. Detection of induced variations will determine the susceptibility of a given host and possibly determine whether such variations were genetically stable or simply controlled by ambient environmental conditions. Application received by Commissioner of Customs: August 6, 1973.

Docket Number: 74-00060-33-46040. Applicant: North Shore Hospital, 300 Community Drive, Manhasset, New York 11030. Article: Electron Microscope, Model JEM 100B. Manufacturer: JEOL Ltd., Japan. Intended Use of Article: The foreign article is intended to be used in research using animal and human material on these projects: (1) Alterations in ultrastructural and electron microscopic cytochemical characteristics of intestinal epithelial cells with carbohydrate malabsorption of infections and noninfectious (induced by hypoxia, epinephrine level modification, hypothermia, is chemical, or ischemia) origin; (2) Studies on cultural mammalian central nervous system tissue concerning the flow of membrane associated with synaptic vesicles and the presynaptic surface; (3) Detailed serial section studies on the possible connections between dense-cored catecholamine containing vesicles and the axonal reticulum; (4) Electron microscopic study of blood platelets and white blood cell myoproliferative disease.

The article will also be used in training a limited number of PH.D. and M.D. Students as a preliminary to research work. Application received by Commissioner of Customs: August 6, 1973.

Maritime Administration

[Docket No. S-384]

UNITED STATES LINES, INC.

Notice of Application

Notice is hereby given that United States Lines, Inc. has filed an application for operating-differential subsidy on four (4) proposed converted tankers of approximately 80,000 deadweight tons each. Said vessels will operate in worldwide tanker trades in the foreign commerce of the United States.

Any party having an interest in such application and who would contest a finding of the Board that the service now provided by vessels of United States registry for the worldwide carriage of liquid and dry bulk cargoes, not subject to the cargo preference statutes, moving in the foreign commerce of the United States or in any particular trade in the foreign commerce of the United States is inadequate, must on or before September 10, 1973, notify the Secretary in writing of his interest and of his position and file a petition for leave to intervene in accordance with the Boards Rules of Practice and Procedure (46 CFR Part 201). Each such statement of interest and petition to intervene shall state whether a hearing is requested under section 605(c) of the Merchant Marine Act, 1936, as amended, and with as much specificity as possible and facts that the intervenor would undertake to prove at such hearing.

In the event that a section 605(c) hearing is ordered to be held, the purpose of such hearing will be to receive evidence relevant to whether the service already provided by vessels of U.S. registry for the worldwide movement of liquid and dry bulk cargoes in the foreign oceanborne commerce of the United States is inadequate and whether in the accomplishment of the purposes and policy of the Act additional vessels should be operated in such service.

If no request for hearing and petition for leave to intervene is received within the specified time, or if the Maritime Subsidy Board determines that petitions for leave to intervene filed within the specified time do not demonstrate sufficient interest to warrant a hearing the Maritime Subsidy Board will take such action as may be deemed appropriate.

Dated August 22, 1973.

By Order of the Maritime Subsidy Board.

JAMES S. DAWSON, Jr.,
Secretary.

National Bureau of Standards

SOFTWARE SUMMARY FOR DESCRIBING COMPUTER PROGRAMS AND AUTOMATED DATA SYSTEMS

Proposed Federal Information Processing Standards

Under the provisions of Public Law 89-306, the Secretary of Commerce is authorized to make appropriate recommendations to the President relating to the establishment of uniform Federal automatic data processing standards. Effective May 9, 1973, Executive Order 11717 transferred to the Secretary of Commerce all functions being performed in the Office of Management and Budget relating to the establishment of government-wide automatic data processing standards, including the function of approving standards on behalf of the President pursuant to section 111(f)(2) of the Federal Property and Administrative Services Act of 1949, as amended.

A proposed Standard Software Summary for Describing Computer Programs and Automated Data Systems provides a standard software summary form for describing computer programs and automated data systems. These forms will be used to compile an information base for government-wide reference and dissemination and for agency and installation documentation requirements. This proposed standard, developed by Federal Information Processing Standards Task Group 14, Documentation, will be promulgated as a Federal Information Processing Standard at such time as it may be approved by the Secretary of Commerce, on behalf of the President.

Prior to the submission of the final endorsement of this proposal to the Secretary of Commerce, it is essential to assure that proper consideration is given the needs and views of manufacturers, the public, and state and local governments. The purpose of this notice is to solicit such views.

Proposed Federal Information Processing Standards contain two basic sections: (1) An announcement section which provides information concerning the applicability, implementation, and maintenance of the standard, and (2) a specification section which details the technical requirements of the standard. Both sections are provided in their entirety.

Interested parties may submit comments to the Associate Director for ADP Standards, Institute for Computer Sciences and Technology, National Bureau of Standards, Washington, D.C. 20234, on or before Oct. 26, 1973.

Dated August 22, 1973.

RICHARD W. ROBERTS,
Director.

FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATION

DATE ----------

ANNOUNCING THE STANDARD FOR

SOFTWARE SUMMARY FOR DESCRIBING COMPUTER PROGRAMS AND AUTOMATED DATA SYSTEMS

Federal Information Processing Standards Publications are issued by the National Bureau of Standards under the Provisions of Public Law 89-306 and Executive Order 11717.

Name of Standard.—Software Summary for Describing Computer Programs and Automated Data Systems.

Category of Standard.—Software Standard, Documentation.

Explanation.—This publication provides a standard software summary form for describing computer programs and automated data systems. These forms are to be used to compile an information base for government-wide reference and dissemination.

Background.—Software costs are the most expensive aspect of computer based systems. Software includes the computer programs, procedures and related documentation as distinguished from hardware components and data. Federal ADP users currently, for the most part, acquire separately their computer software. In most instances this is done without benefit of knowing what has been acquired or developed by other Government users. Accordingly, this has led to unnecessary duplications. A need has been identified for a central reference index of computer programs and automated data systems that have been developed or are in use by the Government.

Public Law 89-306 was enacted in 1965 to provide for the economic and effective purchase, lease, maintenance, operation and utilization of automatic data processing equipment by Federal departments and agencies. In implementing this law, the Institute for Computer Sciences and Technology of the National Bureau of Standards was charged with the responsibilities of providing advisory and consulting services to Federal agencies and of developing and maintaining uniform Federal ADP standards. Specifically, NBS is responsible for maintaining a reference index of computer programs to minimize the need for the development of programs already developed, tested and in use elsewhere.

This FIPS PUB establishes procedures and provides standard forms for recording and reporting summary information about computer programs and automated data systems by Federal ADP users.

The central index of programs will be promulgated by NBS. This, in addition to minimizing duplication, should provide new and improved communications among ADP users within the Federal community who are encountering similar system design or operational problems. NBS is also undertaking concurrent standards efforts to facilitate the transferability of programs and data among Federal users.

The successful implementation of this standard through the cooperation of all Federal ADP users and agencies is expected to result in reduced costs and in improved utilization of the Government's ADP resources.

Approving Authority.—Secretary of Commerce.

Maintenance Agency.—Institute for Computer Sciences and Technology, National Bureau of Standards.

Applicability.—The standard Software Summary Form, SF —, provided in the specifications section of this FIPS PUB will be used for describing all current and new computer programs and automated systems developed or revised by Federal Departments and Agencies. This standard also applies to all computer programs and automated data systems developed through Federal Government grant or contract. Excluded are com-

puter programs or automated systems of a classified nature.

Implementation Schedule.—This standard becomes effective upon publication. New programs and systems will be recorded and reported quarterly to the NBS Institute for Computer Sciences and Technology. The recording and reporting of current programs will be time phased over a two-year period. Revisions and deletions will be recorded and reported as applicable.

Copies of all summaries should be maintained by the agency or installation as part of its program and system documentation.

NBS on a periodic basis will promulgate registries of software summaries for reference purposes for use of Federal departments and agencies.

Special Information.—All automated data systems and independent computer programs will be reported. However, when a computer program is a component of an automated data system, it should be reported only if it has potential use separate and apart from the system.

Specifications.—Federal Information Processing Standard —, Sofeware Summary for Describing Computer Programs and Automated Data Systems (Affixed).

Where to Obtain Copies of the Standard.—Copies of this publication are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Refer to Federal Information Processing Standards Publication (FIPS PUB) —. Price — cents a copy.

Copies of Standard Form —, Federal Information Processing Standard Software Summary are available from established sources within each agency or from the Institute for Computer Sciences and Technology, National Bureau of Standards, Washington, D.C. 20234. Price — a thousand.

FEDERAL INFORMATION PROCESSING STANDARD — SPECIFICATIONS FOR

SOFTWARE SUMMARY FOR DESCRIBING COMPUTER PROGRAMS AND AUTOMATED DATA SYSTEMS

1. *Name of Standard.*—Software Summary for Describing Computer Programs and Automated Data Systems.

2. *Category of Standard.*—Software Standard, Documentation.

3. *Explanation.*—This publication provides a standard software summary form for describing computer programs and automated data systems. These forms are to be used to compile an information base for government-wide reference and dissemination.

4. *Definitions.*

a. *Computer program.*—An identifiable series of instructions or statements, in a form acceptable to a computer prepared in order to achieve a certain result.

b. *Automated data system.*—An assembly of computer programs designed to accomplish specific objectives or functions.

c. *Software Summary.*—A short form or abstract of a computer program or automated data system.

5. *Specifications.*—The figures contained in the following pages are copies of the referenced Standard Form —, Federal Information Processing Standard Software Summary, together with instructions for completion. For the purpose of illustration in this FIPS PUB, the instructions for completing this form have been placed on the page opposite the form. However, the forms which you receive will have the instructions printed on the back of each.

2=revision
3=deletion

09. Software Function: Classify software in one of the following categories:
A=systems support/utility applications
B=management/business applications
C=scientific applications
D=data/file handlers
E=bibliographic applications
F=other (specify category)

10. Software Identification: Submitting agency's identification number or code for software. If none assigned, indicate NONE.

11. Title: Software title should be made as descriptive as possible.

12. Acronym: Commonly used abbreviation identifying software. (optional)

13. Organization: Identify organization responsible for software as completely as possible, including Agency (Department), Office, Service, Bureau, Corporation, Commission, or Council.

14. Address: Complete mailing address for responsible organization including building name, street address, city, state, and ZIP code. Include mail stop number if applicable.

15. Technical Contact(s): Name of person(s) to be contacted for technical information. Provide organization name and mailing address if different from those indicated in items 13 and 14.

16. Telephone number(s): Telephone number of technical contact(s). Provide area code, seven-digit commercial number, and extension.

20. Computer Manufacturer and Model: Identify mainframe computer on which software is operational. Use manufacturer, model, and abbreviations and codes provided in OMB Circular A-11.

21. Computer Memory Requirements: Maximum memory required to execute software other than that required for operating system. Specify bytes or words and numbers of bits per word.

22. Computer Operating System: Name, version, and release under which software is operating. Identify any operating system enhancements.

23. Tape Drives: Identify number needed to operate software. Specify, if critical, additional requirements such as manufacturer, model, recording density, number of tracks, etc

24. Disk/Drum Units: Identify number needed to operate software. Specify manufacturer, model, etc., where critical.

25. Keyboard Terminals: Identify number of keyboard terminals used for inquiry and response, and/or remote operations. Specify manufacturer and model.

26. Programming Language(s): Identify programming language(s) used to generate software (include versions) e.g., ANSI COBOL, FORTRAN V, SIMSCRIPT II.5.

30. Other Operational Requirements: Identify other peripheral devices, support software, or related equipment used, but not indicated above, e.g., optical character readers, facsimile, computer-output-microfilm, graphic plotters.

35. Narrative: Describe concisely what the software functionally accomplishes, its design characteristics, specific areas of application, relationship to other software, and other significant features.

40. Keywords: List significant words or phrases which reflect the functions, applications, and features of the software. Separate entries with semicolons.

45. Status: Enter code best describing software status:
1=planned
2=under development
3=operational
4=post operational
5=other (explain in narrative)

46. Software Availability:
1=available
2=proprietary
3=classified
4=other (explain in narrative)

47. Documentation:
1=available
2=in preparation
3=unavailable

* In this draft, elements are numbered in groups for identification purposes. In the final form, elements will be numbered sequentially.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[DESI 6536 Docket No. FDC-D-307; NDA 6-536]

BETHANECHOL CHLORIDE

Drugs for Human Use; Drug Efficacy Study Implementation; Followup Notice

In a notice (DESI 6536) published in the FEDERAL REGISTER of May 22, 1971 (36 FR 9341), the Commissioner of Food and Drugs announced his conclusions pursuant to the evaluation of reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following drugs:

NDA 6-536; Urecholine Chloride Tablets and Injection containing bethanechol chloride; Merck Sharp & Dohme, Division of Merck and Co., Inc., West Point, PA 19486.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application(s) reviewed and are subject to this notice. See 21 CFR 130.40 (37 FR 23185, Oct. 31, 1972). Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, MD 20852.

The notice stated that bethanechol injection was deemed effective for certain indications and the tablets probably effective for these indications and that the other labeled indications were possibly effective and lacking substantial evidence of effectiveness. The possibly effective indications have been reclassified as lacking substantial evidence of effectiveness in that no new evidence of effectiveness has been received pursuant to the notice.

Based upon reevaluation of available information, the indications previously considered as probably effective are now regarded as effective. Also, the requirement that bioavailability data be submitted has been deferred and abbreviated rather than full new drug applications and supplements may be submitted.

Accordingly, the previous announcement is amended to read as follows:

A. *Effectiveness classification.*—The Food and Drug Administration has considered the Academy's reports, as well as other available evidence, and concludes that:

1. Bethanechol chloride injection and tablets are effective for treatment of acute postoperative and postpartum nonobstructive (functional) urinary retention and for neurogenic atony of the urinary bladder with retention.

2. These drugs lack substantial evidence of effectiveness for all their other labeled indications.

B. *Conditions for approval and marketing.*—The Food and Drug Administration is prepared to approve abbreviated new drug applications and abbreviated supplements to previously approved new drug applications under conditions described herein.

1. *Form of drug.*—These preparations are in sterile aqueous solution or tablet form suitable for subcutaneous or oral administration, respectively.

2. *Labeling conditions.*—a. The labels bear the statement, "Caution: Federal law prohibits dispensing without prescription."

b. The drugs are labeled to comply with all requirements of the Act and regulations, and the labeling bears adequate information for safe and effective use of the drug(s). The "Indications" are as follows:

INDICATIONS

For the treatment of acute postoperative and postpartum nonobstructive (functional) urinary retention and for neurogenic atony of the urinary bladder with retention.

3. *Marketing status.*—Marketing of such drugs may be continued under the conditions described in the notice entitled *Conditions for Marketing New Drugs Evaluated in Drug Efficacy Study*, published in the FEDERAL REGISTER July 14, 1970 (35 FR 11273), as follows:

a. For holders of "deemed approved" new drug applications (i.e., an application which became effective on the basis of safety prior to October 10, 1962), the submission of a supplement for revised labeling and an abbreviated supplement for updating information as described in paragraphs (a)(1)(i) and (iii) of the notice of July 14, 1970.

b. For any person who does not hold an approved or effective new drug application, the submission of an abbreviated new drug application as described in paragraph (a)(3)(i) of that notice.

c. For any distributor of the drug, the use of labeling in accord with this announcement for any such drug shipped within the jurisdiction of the Act as described in paragraph (b) of that notice.

C. *Notice of opportunity for a hearing.*—Notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355 (e)) withdrawing approval of the listed new drug application(s) and all amendments and supplements thereto providing for indications lacking substantial evidence of effectiveness referred to in paragraph A.2. of this notice on the grounds that new information before him with respect to the drug(s), evaluated together with theevidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling. An order withdrawing approval will not issue with respect to any application(s) supplemented, in accord with this notice, to delete the claim(s) lacking substantial evidence of effectiveness.

Any manufacturer or distributor of such an identical, related, or similar product is an interested person who may in response to his notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) providing for the claim(s) involved should not be withdrawn.

On or before September 27, 1973 the applicant(s) and any other interested person may file with the Hearing Clerk, Food and Drug Administration, Room 6-86, 5600 Fishers Lane, Rockville, Maryland 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other interested person to file a written appearance of election within the specified time will constitute an election by him not to avail himself of the opportunity for a hearing. No extension of time may be granted.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the application(s) which have not been supplemented to delete the indication(s) lacking substantial evidence of effectiveness.

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before September 27, 1973, a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized and full-factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14(b)).

If review of the data submitted by an applicant or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claim(s) involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order making findings and conclusions on such data and withdrawing approval of application(s) not supplemented to delete the claim(s) involved.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after September 27, 1973, a written notice of the time and place at which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

Communications forwarded in response to this notice should be identified with the reference number DESI 6536, directed to the attention of the appropriate office listed below, and addressed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20852:

Supplements (identify with NDA number):
Office of Scientific Evaluation (BD-100), Bureau of Drugs.
Original abbreviated new drug applications (identify as such):
Generic Drug Staff (BD-69), Bureau of Drugs.
Requests for the Academy's report:
Drug Efficacy Study Information Control (BD-66), Bureau of Drugs.
Request for Hearing (identify with docket number):
Hearing Clerk, (CC-20), Room 6-86, Parklawn Building.
All other communications regarding this announcement:
Drug Efficacy Study Implementation Project Manager (BD-101), Bureau of Drugs.

Received requests for a hearing may be seen in the office of the Hearing Clerk (address given above) during regular business hours, Monday through Friday.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (Sec. 502, 505, 52 Stat. 1050-53, as amended; 21 U.S.C. 352, 355) and the Administrative Procedure Act (5 U.S.C. 554), and under the authority delegated to the Commisssioner of Food and Drugs (21 CFR 2.120).

Dated August 21, 1973.

SAM D. FINE,
Associate Commissioner for Compliance.

[FR Doc.73-18152 Filed 8-27-73;8:45 am]

[DESI 5773 Docket No. FDC-D-642; NDA No. 5-773]

HOLLAND-RANTOS CO., INC.

Nylmerate Jelly; Notice of Opportunity for Hearing on Proposal To Withdraw Approval of New Drug Application

In a notice (DESI 5773) published in the FEDERAL REGISTER of July 27, 1972 (37 FR 15030) the Commissioner of Food and Drugs announced his conclusions pursuant to the evaluation of a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the drug described below stating that the drug was regarded as possibly effective and as lacking substantial evidence of effectiveness for the various labeled indications. The possibly effective indications have been reclassified as lacking substantial evidence of effective in that no data have been submitted pursuant to the notice.

Nylmerate Jelly containing nonoxynol 9 (previously listed as polyoxyethylenenonylphenol), phenylmercuric acetate, and boric acid; marketed by Holland-Rantos Co., Inc., Enterprise Avenue, Trenton, N.J. 08638 (NDA 5-773).

Therefore, notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of

the listed new drug application(s) and all amendments and supplements thereto on the grounds that new information before him with respect to the drug(s), evaluated together with the evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application(s) reviewed. See 21 CFR 130.40 (37 FR 23185, October 31, 1972). Any manufacturer or distributor of such an identical, related, or similar product is an interested person who may in response to this notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing. Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Maryland 20852.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) should not be withdrawn.

On or before September 27, 1973 the applicant(s) and any other interested person is required to file with the Hearing Clerk, Food and Drug Administration, Room 6-86, 5600 Fishers Lane, Rockville, Maryland 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other interested person to file a written appearance of election within the specified time will constitute an election by him not to avail himself of the opportunity for a hearing. No extension of time may be granted.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the application(s).

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before September 27, 1973 a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized and full-factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14(b)).

If review of the data submitted by an applicant or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claims involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order of withdrawal making findings and conclusions on such data.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after September 27, 1973, a written notice of the time and place at which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

Requests for a hearing and/or elections not to request a hearing may be seen in the Office of the Hearing Clerk (address given above) during regular business hours, Monday through Friday.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1052-53, as amended; 21 U.S.C. 355), and the Administrative Procedure Act (5 U.S.C. 554), under authority delegated to the Commissioner (21 CFR 2.120).

Dated August 21, 1973.

SAM D. FINE,
Associate Commissioner for Compliance.

[FR Doc.73-18151 Filed 8-27-73;8:45 am]

[DESI 4589; Docket No. FDC-D-490; NDA No. 4-589]

McGAW LABORATORIES

Intravenous Solution Containing 5 Percent Alcohol and 5 Percent Dextrose With Vitamins; Opportunity for Hearing on Proposal To Withdraw Approval of New Drug Application

In a notice (DESI 4589) published in the FEDERAL REGISTER of July 28, 1972 (37 FR 15184), the Commissioner of Food and Drugs announced his conclusions pursuant to the evaluation of a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the drug described below stating that the drug was regarded as lacking substantial evidence of effectiveness for promoting water excretion in postoperative or other dilutional hyponatremias and as possibly effective for its other labeled indications. The possibly effective indications have been reclassified as lacking substantial evidence of effectiveness in that no data have been submitted pursuant to the notice.

That part of NDA 4-589 pertaining to 5 percent Alcohol, 5 percent Dextrose with Vitamins, containing alcohol, dextrose, niacinamide, riboflavin, and thiamine hydrochloride; McGaw Laboratories, Inc. (successor to Don Baxter, Inc.), 1016 Grandview Avenue, Glendale, CA 91201.

Therefore, notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355 (e)) withdrawing approval of pertinent parts of the listed new drug application(s) and all amendments and supplements thereto on the grounds that new information before him with respect to the drug(s), evaluated together with the evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application(s) reviewed. See 21 CFR 130.40 (37 FR 23185, October 31, 1972). Any manufacturer or distributor of such an identical, related, or similar product is an interested person who may in response to this notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing. Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Maryland 20852.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355), and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) should not be withdrawn.

On or before September 27, 1973, the applicant(s) and any other interested person is required to file with the Hearing Clerk, Food and Drug Administration, Room 6-86, 5600 Fishers Lane, Rockville, Maryland 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other in-

terested person to file a written appearance of election within the specified time will constitute an election by him not to avail himself of the opportunity for a hearing. No extension of time may be granted.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of pertinent parts of the application(s).

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before September 27, 1973, a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized and full-factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14(b)).

If review of the data submitted by an application or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claims involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order of withdrawal making findings and conclusions on such data.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after September 27, 1973, a written notice of the time and place at which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

Requests for a hearing and/or elections not to request a hearing may be seen in the Office of the Hearing Clerk (address given above) during regular business hours, Monday through Friday.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1052–53, as amended; 21 U.S.C. 355), and the Administrative Procedure Act (5 U.S.C. 554), and under authority delegated to the Commissioner (21 CFR 2.120).

Dated August 21, 1973.

SAM D. FINE,
Associate Commissioner for Compliance.

[DESI 11926 Docket No. FDC-D-645; NDA 11-926 etc.]

ROCHE LABORATORIES

Triclobisonium Chloride Vaginal Preparations; Opportunity for Hearing on Proposal To Withdraw Approval of New Drug Applications

In a notice (DESI 11926) published in the FEDERAL REGISTER of February 26, 1971 (36 FR 3537), the Commissioner of Food and Drugs announced his conclusions pursuant to the evaluation of reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group on the following drugs containing triclobisonium chloride:

1. NDA 11-926, Trib Vaginal Cream; and

2. NDA 12-523, Trib Vaginal Suppositories;

formerly marketed by Roche Laboratories, Division of Hoffmann-LaRoche, Inc., 340 Kingsland Avenue, Nutley, New Jersey 07110.

The notice stated that these drugs were regarded as probably effective and possibly effective for their labeled indications. The drugs have been reclassified as lacking substantial evidence of effectiveness in that no data have been submitted pursuant to the notice. Roche has stated that the products are no longer marketed.

Therefore, notice is given to the holder(s) of the new drug application(s) and to any other interested person that the Commissioner proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355 (e)) withdrawing approval of the listed new drug application(s) and all amendments and supplements thereto on the grounds that new information before him with respect to the drug(s), evaluated together with the evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug(s) will have all the effects purported or represented to have under the conditions of use prescribed, recommended, or suggested in the labeling.

All identical, related, or similar products, not the subject of an approved new drug application, are covered by the new drug application(s) reviewed. See 21 CFR 130.40 (37 FR 23185, October 31, 1972). Any manufacturer or distributor of such an identical, related, or similar product is an interested person who may in response to this notice submit data and information, request that the new drug application(s) not be withdrawn, request a hearing, and participate as a party in any hearing. Any person who wishes to determine whether a specific product is covered by this notice should write to the Food and Drug Administration, Bureau of Drugs, Office of Compliance (BD-300), 5600 Fishers Lane, Rockville, Maryland 20852.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner hereby gives the applicant(s) and any other interested person an opportunity for a hearing to show why approval of the new drug application(s) should not be withdrawn.

On or before September 27, 1973, the applicant(s) and any other interested person is required to file with the Hearing Clerk, Food and Drug Administration, Room 6-86, 5600 Fishers Lane, Rockville, Maryland 20852, a written appearance electing whether or not to avail himself of the opportunity for a hearing. Failure of an applicant or any other interested person to file a written appearance of election within the specified time will constitute an election by him not to avail himself of the opportunity for a hearing. No extension of time may be granted.

If no person elects to avail himself of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the application(s).

If an applicant or any other interested person elects to avail himself of the opportunity for a hearing, he must file, on or before September 27, 1973, a written appearance requesting the hearing, giving the reasons why approval of the new drug application(s) should not be withdrawn, together with a well-organized and full-factual analysis of the clinical and other investigational data he is prepared to prove in support of his opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing (21 CFR 130.14(b)).

If review of the data submitted by an applicant or any other interested person warrants the conclusion that there exists substantial evidence demonstrating the effectiveness of the product(s) for the labeling claims involved, the Commissioner will rescind this notice of opportunity for hearing.

If review of the data in the application(s) and data submitted by the applicant(s) or any other interested person in a request for a hearing, together with the reasoning and factual analysis in a request for a hearing, warrants the conclusion that no genuine and substantial issue of fact precludes the withdrawal of approval of the application(s), the Commissioner will enter an order of withdrawal making findings and conclusions on such data.

If, upon the request of the new drug applicant(s) or any other interested person, a hearing is justified, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after September 27, 1973, a written notice of the time and place at

which the hearing will commence. All persons interested in identical, related, or similar products covered by the new drug application(s) will be afforded an opportunity to appear at the hearing, file briefs, present evidence, cross-examine witnesses, submit suggested findings of fact, and otherwise participate as a party. The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

Requests for a hearing and/or elections not to request a hearing may be seen in the Office of the Hearing Clerk (address given above) during regular business hours, Monday through Friday.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1052–53, as amended; 21 U.S.C. 355), and the Administrative Procedure Act (5 U.S.C. 554), and under authority delegated to the Commissioner (21 CFR 2.120).

Dated August 21, 1973.

SAM D. FINE,
Associate Commissioner for Compliance.

Office of Education

NEW TRAINING GRANTS

Notice of Closing Dates for Receipt of Applications

Pursuant to the authority contained in section 632 of the Education of the Handicapped Act (84 Stat. 175, 184, 185 (20 U.S.C. 1432)) notice is hereby given that the U.S. Commissioner of Education has established the final closing date of October 1, 1973, for receipt of applications for new training grants and October 15, 1973, for receipt of applications for continuation grants under Part D of the Act by State educational agencies. Such applications must be postmarked on or before the aforementioned dates.

A notice of proposed rulemaking governing grants for teacher training, authorized under Part D of the Act, will soon be published in the FEDERAL REGISTER and will govern the program when republished in the FEDERAL REGISTER as final regulations.

(Catalog of Federal Domestic Assistance No. 13.451 Handicapped Teacher Education)

PETER P. MUIRHEAD,
Acting Commissioner of Education.

DEPUTY GENERAL COUNSEL ET AL.

Delegation of Authority To Certify True Copies

Under the authority delegated by the Secretary to the Assistant Secretary for Administration (34 FR 17346), and redelegated to me by the Assistant Secretary for Administration (34 FR 18049), I hereby redelegate to the Regional Attorneys the authority to certify true copies of any books, records, papers, or other documents on file within the Department, or extracts from such, to certify the complete original record, or to certify the nonexistence of records on file within the Department, and to cause the Seal of the Department to be affixed to such certifications.

These same officials are authorized to cause the Seal to be affixed to agreements, awards, citations, diplomas, and similar documents.

This material supplements the previous redelegation appearing at 35 FR 922 of January 22, 1970.

Dated August 15, 1973.

ST. JOHN BARRETT,
Acting General Counsel.

[FR Doc.73-18207 Filed 8-27-73;8:45 am]

OFFICE OF THE ASSISTANT SECRETARY FOR PLANNING AND EVALUATION

Statement of Organization, Functions, and Delegations of Authority

Part I of the Statement of Organization, Functions, and Delegations of Authority for the Department of Health, Education, and Welfare is revised to delete the Office of Indian Affairs, and to expand the responsibilities of two suboffices of the Office of Special Concerns of the Office of the Assistant Secretary (Planning and Evaluation) (38 FR 13577, May 23, 1973). (Deletion of the Office of Indian Affairs is necessitated by the functional transfer of that office, its responsibilities and associated personnel to the Office of the Assistant Secretary (Human Development). Upon publication, the Statement of Organization, Functions, and Delegations of Authority of the Office of Native American Programs, Office of the Assistant Secretary (Human Development) will reflect this functional transfer.) The revised functional statement is appended to Chapter G. 20H and reads as follows:

1. The Office of Spanish Surnamed Americans serves as the principal advisor on Spanish Surnamed American affairs for the Office of the Secretary; is responsible to the Assistant Secretary (Planning and Evaluation) for participation in the development of Department policies and programs pertaining to Spanish Surnamed Americans; recommends Department goals and policy in the provision of services to Spanish Surnamed Americans; seeks coordinated achievement of Departmental goal by operating agencies, through such mechanisms as DHEW's Program.

Reviews current legislative authorities to determine which Department programs should be of assistance to the Spanish Surnamed American population in the areas of education, health, and social welfare; makes recommendations to various Departmental authorities in the formulation of legislation which impacts upon Spanish Surnamed Americans; provides a central information resource to collect and disseminate materials related to Spanish Surnamed Americans; reflects responsibly the special needs of the Spanish Surnamed American community in operational decisions within the Department by advising the Secretary on ways for building and sustaining effective communication with the Spanish Surnamed American community, and by insuring an appropriate degree of community participation in the implementation and evaluation of DHEW programs.

2. The Women's Action Program is responsible for advising the Secretary on the coordination, development, and implementation of Department policies and programs as they pertain to the status of women in society.

The Women's Action Program serves as the pricipal advisor for the Office of the Secretary on Department policies and programs as they pertain to the status of women in society; is responsible to the Assistant Secretary/Planning and Evaluation for participation in the development of Department policies pertaining to the needs of women; seeks coordinated achievement of Departmental goals by operating agencies, through such mechanisms as DHEW's Program Guidance Memorandum and the Operational Planning System; makes recommendations for strengthening the Department's enforcement of legislation and Executive Orders prohibiting discrimination on the basis of sex in federally funded programs; formulates plans for assessing progress towards meeting designated objectives regarding Department services to women; makes recommendations to various Departmental authorities in the formulation of legislation which impacts upon women; maintains liaison with the offices within the Department whose programs most directly impact on women's concerns.

Dated August 21, 1973.

CASPAR W. WEINBERGER,
Secretary.

[FR Doc.73-18208 Filed 8-27-73;8:45 am]

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. EX72-1; Notice 4]

LOTUS CARS, LTD.

Temporary Exemption From Federal Motor Vehicle Standard

The National Highway Traffic Safety Administration has decided to extend the exemption from compliance with Federal Motor Vehicle Safety Standard No. 214, *Side Door Strength* (49 CFR 571.214) previously granted Lotus Cars, Ltd. The extension expires April 30, 1974. The ground for the extension of exemption is that compliance would cause the petitioner substantial economic hardship. The exemption is for the Europa model only.

Notice of the petition for extension was published in the FEDERAL REGISTER

on July 25, 1973 (38 FR 19921) and interested persons afforded an opportunity for comment. Only one valid comment was received. It was from Lotus/East, an importer and distributor of Lotus cars, stating that such vehicles are "our only source of income, [and] being out of merchandise [until May 1, 1974] would probably result in our going out of business". An anonymous communication was received, which in accordance with NHTSA procedural rules, 49 CFR 551.35, was not considered.

The NHTSA has decided that Lotus has adequately made and documented its case for continuing substantial economic hardship, on the basis of the discussion contained in the notice of July 25, 1973, as well as those of the original notice and grant of exemption (December 2, 1972, 37 FR 25768; January 11, 1973, 38 FR 1299). The company had intended to phase out the Europa before the January 1, 1973, effective date of Standard No. 214 but encountered developmental delays in the model intended as its successor. The NHTSA considers the fact that Lotus has been able to reengineer the Europa to comply with the new safety requirements that will be met by 1974 model year vehicles, such as roof crush resistance, rear bumper protection, seat belt ignition-interlock and accelerator control, as evidence of general good faith to meet Federal safety standards in a time manner.

In consideration of the foregoing, NHTSA Exemption No. 73–1 granted Lotus Cars, Ltd. is extended to exempt Europa models manufactured on or before April 30, 1974, from compliance with Federal Motor Vehicle Safety Standard No. 214, *Side Door Strength*.

(Sec. 3, Pub. L. 92–548, 86 Stat. 1159 (15 U.S.C. 1410) delegation of authority at 49 CFR 1.51).

Issued on August 23, 1973.

JAMES B. GREGORY,
Administrator.

ATOMIC ENERGY COMMISSION

[Docket No. 50–293]

BOSTON EDISON CO.

Order for Modification of License

I. The Boston Edison Co. (the licensee) is the holder of Facility License DPR–35. License DPR–35 authorizes operation of the Pilgrim Nuclear Power Station (the plant) in the Town of Plymouth, Plymouth County, Massachusetts. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plant, for operation of the plant during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On January 4, 1973, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM–10735, "Densification Considerations in BWR Fuel Design and Performance," dated December, 1972. The Staff reviewed the licensee's submission as well as five additional supplements to NEDM–10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July, 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 15, 1973, the licensee submitted the requested information including Supplement 6 to NEDM–10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plant are necessary in order to assure that the calculated peak cladding temperature of the core of the plant following a postulated loss-of-coolant accident will not exceed 2,300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of License DPR–35 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate of 11.1 kw/ft; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any rod in any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.5.K of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above.

It is ordered, That:

The Technical Specifications of License DPR–35 are hereby changed, to include Limiting Conditions for Operation, sections 3.5.J. and 3.5.K., and Surveillance Requirements, sections 4.5.J. and 4.5.K. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this order see: The Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to J. M. Carroll from A. Giambusso, November 20, 1972; letter to A. Giambusso from J. M. Carroll, January 4, 1973, with enclosure General Electric topical report, Densification Considerations in BWR Fuel Design and Performance; letter to J. M. Carroll from J. F. Stolz, with enclosure the Staff's GE Model for Fuel Densification, July 16, 1973; letter to A. Giambusso from J. M. Carroll, August 15, 1973; the Staff Technical Report of Densification of General Electric Reactor Fuels, August 23, 1973; the Staff Safety Evaluation of the Fuel Densification Effects on the Pilgrim Nuclear Power Station, August 24, 1973; all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C.

Copies of these documents may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Dated at Bethesda, Md., this 24th day of August 1973.

For the Atomic Energy Commission.

L. MANNING MUNTZING,
Director of Regulation.

NOTICE OF AVAILABILITY

Copies of Appendix I to Order for Modification of License, dated August 24, 1973, are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., or may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

[FR Doc.73–18301 Filed 8–27–73;8:45 am]

[Docket Nos. 50–254, 50–265]

COMMONWEALTH EDISON CO.

Order for Modification of License

I. The Commonwealth Edison Co. (the licensee) is the holder of Facility Licenses DPR–29 and DPR–30. Licenses DPR–29 and DPR–30 authorize operation of the Quad-Cities Nuclear Power Station, Units 1 and 2 (the plants) in Rock Island County, Illinois. These licenses expressly provide, inter alia, that they are subject to all rules, regulations and orders of the Commission now or hereinafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on

Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plants, for operation of the plants during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On January 3, 1973, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM-10735, "Densification Considerations in BWR Fuel Design and Performance" dated December, 1972. The Staff reviewed the licensee's submission as well as five additional supplements to NEDM-10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July, 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 15, 1973, the licensee submitted the requested information including Supplement 6 to NEDM-10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plants are necessary in order to assure that the calculated peak cladding temperature of the core of the plants following a postulated loss-of-coolant accident will not exceed 2,300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of Licenses DPR-29 and DPR-30 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate defined by the curve in Limiting Condition for Operation, figure 3.5.1, of section 3.5.J. of the attached Appendix I, attached hereto; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any rod in any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.5.K. of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above.

It is ordered, That:

The Technical Specifications of Licenses DPR-29 and DPR-30 are hereby changed, to include Limiting Conditions for Operation, section 3.5.J. and 3.5.K., and Surveillance Requirements, sections 4.5.J. and 4.5.K. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this Order see: The Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to B. Lee, Jr. from A Giambusso, November 20, 1972; letter to A. Giambusso from L. D. Butterfield, Jr., January 3, 1973, with enclosure General Electric topical report, Densification Considerations in BWR Fuel Design and Performance; letter to B. Lee, Jr., from D. Zieman, with enclosure the Staff's GE Model for Fuel Densification, July 16, 1973; letter to D. Zieman from J. S. Abel, August 15, 1973; the Staff Technical Report for Densification of General Electric Reactor Fuels, August 23, 1973; the Staff Safety Evaluation of the Fuel Densification Effects on the Quad-Cities Nuclear Power Station, Units 1 and 2, August 24, 1973; all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C.

Copies of these documents may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Dated at Bethesda, Md., this 24th day of August 1973.

For the Atomic Energy Commission.

L. MANNING MUNTZING,
Director of Regulation.

[Docket No. 50-237]

COMMONWEALTH EDISON CO.

Order for Modification of License

I. The Commonwealth Edison Co. (the licensee) is the holder of Facility License DPR-19. License DPR-19 authorizes operation of the Dresden Nuclear Power Station, Unit No. 2 (the plant) in Grundy County, Illinois. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereinafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plants, for operation of the plants during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On January 3, 1973, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM-10735, "Densification Considerations in BWR Fuel Design and Performance" dated December 1972. The Staff reviewed the licensee's submission as well as five additional supplements to NEDM-10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 15, 1973, the licensee submitted the requested information including Supplement 6 to NEDM-10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plant are necessary in order to assure that the calculated peak cladding temperature of the core of the plant following a postulated loss-of-coolant accident will not exceed 2,300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of License DPR-19 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear generation rate defined by the curve in Limiting Condition for Operation, figure 3.5.1, of section 3.5.I. of the attached Appendix I, attached hereto; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any rod in any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum

LHGR provided in Limiting Condition for Operation, section 3.5.J. of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomc Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above

It is ordered, That:

The Technical Specifications of License DPR–19 are hereby changed, to include Limiting Conditions for Operation, sections 3.5.I. and 3.5.J., and Surveillance Requirements, sections 4.5.I. and 4.5.J. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, any other person whose interest may be affected may file a request for a hearing with respect to this Order in accordance with the provisions of 10 CFR 2.714 of the Commission's Rules of Practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this Order see: the Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to B. Lee, Jr. from A. Giambusso, November 20, 1972; letter to A. Giambusso from L. D. Butterfield, Jr., January 3, 1973, with enclosure General Electric topical report, Densification Considerations in BWR Fuel Design and Performance; letter to B. Lee, Jr., from D. [Docket No. 50–249]

COMMONWEALTH EDISON CO.

Order for Modification of License

I. The Commonwealth Edison Co. (the licensee) is the holder of Facility License DPR–25. License DPR–25 authorizes the operation of the Dresden Nuclear Power Station, Unit No. 3 (the plant) in Grundy County, Illinois. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereinafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plants, for operation of the plants during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On January 3, 1973, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM–10735, "Densification Considerations in BWR Fuel Design and Performance" dated December 1972. The Staff reviewed the licensee's submission as well as five additional supplements to NEDM–10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 15, 1973, the licensee submitted the requested information including Supplement 6 to NEDM–10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plant are necessary in order to assure that the calculated peak cladding temperature of the core of the plant following a postulated loss-of-coolant accident will not exceed 2,300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and therefore, that the Technical Specifications of License DPR–25 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation rate of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate defined by the curve in Limiting Condition for Operation, figure 3.5.1, of section 3.5.I of the attached Appendix I, attached hereto; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.5.J. of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above

It is ordered, That:

The Technical Specifications of License DPR–25 are hereby changed, to include Limiting Conditions for Operation, sections 3.5.I. and 3.5.J., and Surveillance Requirements, sections 4.5.I. and 4.5.J. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

[Docket No. 50-245]

CONNECTICUT LIGHT & POWER CO., ET AL.

Order for Modification of License

I. The Connecticut Light & Power Co., Hartford Electric Light Co., Western Massachusetts Electric Co., and Millstone Point Co. (the Licensees) are the holders of Facility License DPR-21. License DPR-21 authorizes operation of the Millstone Nuclear Power Station, Unit No. 1 (the plant) in the Town of Waterford, New London County, Connecticut. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensees to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plant, for operation of the plant during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On December 29, 1972, the licensees provided the requested information including, by reference, the General Electric Company Report NEDM-10735, "Densification Considerations in BWR Fuel Design and Performance" dated December 1972. The Staff reviewed the licensees' submission as well as five additional supplements to NEDM-10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July 1973. By letter of July 16, 1973, the Staff requested the licensees, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 14, 1973, the licensees submitted the requested information including Supplement 6 to NEDM-10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plants are necessary in order to assure that the calculated peak cladding temperature of the core of the plants following a postulated loss-of-coolant accident will not exceed 2300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of License DPR-21 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation rate of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate defined by the curve in Limiting Condition for Operation, figure 3.11.1, of section 3.11.A. of the attached Appendix I, attached hereto; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.11.B. of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above

It is ordered, That:

The Technical Specifications of License DPR-21 are hereby changed, to include Limiting Conditions for Operation, section 3.11.A. and 3.11.B., and Surveillance Requirements, sections 4.11.A. and 4.11.B. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, period any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this order see: the Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to D. C. Switzer from A. Giambusso, November 20, 1972; letter to A. Giambusso from D. C. Switzer, December 29, 1972, with enclosure General Electric topical report, Densification Considerations in BWR Fuel Design and Performance; letter to D. C. Switzer from D. Zieman, with enclosure the Staff's GE Model for Fuel Densification, July 16, 1973; letter to D. Zieman from D. C. Switzer, August 14, 1973; the Staff Technical Report on Densification of General Electric Reactor Fuels, August 23, 1973; the Staff Safety Evaluation of the Fuel Densification Effects on the Millstone Nuclear Power Station, Unit 1, August 24, 1973; all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C.

Copies of these documents may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Dated at Bethesda, Md., this 24th day of August 1973.

For the Atomic Energy Commission.

L. MANNING MUNTZING,
Director of Regulation.

NOTICE OF AVAILABILITY

Copies of Appendix I to Order for Modification of License, dated August 24, 1973, are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., or may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

[Docket No. 50-219]

JERSEY CENTRAL POWER & LIGHT CO.

Order for Modification of License

I. The Jersey Central Power & Light Co. (the licensee) is the holder of Facility License DPR-16. License DPR-16 authorizes operation of the Oyster Creek Nuclear Power Station (the plant) in Ocean County, New Jersey. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plant, for operation of the plant during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On January 18, 1973, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM-10735, "Densification Considerations in BWR Fuel Design and Performance," dated December, 1972. The Staff reviewed the licensee's submissions, as well as Facility Change Request No. 4 and its supplements No. 1, 3 and 4, and five additional supplements to NEDM-10735 which were

submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July, 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 15, 1973, the licensee submitted the requested information including Supplement 6 to NEDM–10735 and "Exxon Nuclear Oyster Creek Densification Analysis."

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plant are necessary in order to assure that the calculated peak cladding temperature of the core of the plant following a postulated loss-of-coolant accident will not exceed 2,300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of License DPR–16 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate defined by the curves in Limiting Condition for Operation, figure 3.10.1, of section 3.10.A. of the attached Appendix I, attached hereto; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any rod in any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.10.B. of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above.

It is ordered, That:

The Technical Specifications of License DPR–16 are hereby changed, to include Limiting Conditions for Operation, sections 3.10.A. and 3.10.B., and Surveillance Requirements, sections 4.10.A. and 4.10.B. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this Order see: the Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to R. H. Sims from A. Giambusso, November 20, 1972; letter to A. Giambusso from R. H. Sims, January 18, 1973, with enclosure General Electric topical report, Densification Considerations in BWR Fuel Design and Performance; letter to R. H. Sims from R. J. Schemel, with enclosure the Staff's GE Model for Fuel Densification, July 16, 1973; letter to R. J. Schemel from I. R. Finfrock, Jr., August 15, 1973; the Staff Technical Report of Densification of General Electric Reactor Fuels, August 23, 1973; the Staff Technical Report of Densification of Exxon Nuclear Company Reactor Fuels (to be issued by September 4, 1973), the Staff Safety Evaluation of the Fuel Densification Effects on the Oyster Creek Nuclear Power Station, August 24, 1973; all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C.

Copies of these documents may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Dated at Bethesda, Md., this 24th day of August 1973.

For the Atomic Energy Commission.

L. MANNING MUNTZING,
Director of Regulation.

NOTICE OF AVAILABILITY

Copies of Appendix I to Order for Modification of License, dated August 24, 1973, are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., or may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

[Docket No. 50-220]

NIAGARA MOHAWK POWER CORP.

Order for Modification of License

I. The Niagara Mohawk Power Co. (the licensee) is the holder of Facility License DPR–17. License DPR–17 authorizes operation of the Nine Mile Point Nuclear Power Station, Unit No. 1 (the plant) in Oswego County, New York. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereinafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plant, for operation of the plant during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On January 3, 1973, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM–10735, "Densification Considerations in BWR Fuel Design and Performance" dated December, 1972. The Staff reviewed the licensee's submission as well as five additional supplements to NEDM–10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July, 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 14, 1973, the licensee submitted the requested information including Supplement 6 to NEDM–10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plant are necessary in order to assure that the calculated peak cladding temperature of the core of the plant following a postulated loss-of-coolant accident will not exceed 2,300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of License DPR–17 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation rate of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate defined by the curve in Limiting Condition for Operation, figure 3.1.7. of section 3.1.7.a of the attached Appendix I, attached hereto; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.1.7.b. of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above

It is ordered, That:

The Technical Specifications of License DPR–17 are hereby changed, to

include Limiting Conditions for Operation, sections 3.1.7.a. and 3.1.7.b., and Surveillance Requirements, sections 4.1.7.a. and 4.1.7.b. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this Order see: the Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to T. J. Brosnan from A. Giambusso, November 20, 1972; letter to A. Giambusso from T. J. Brosnan, January 3, 1973, with enclosure General Electric topical report, Densification Considerations in BWR Fuel Design and Performance; letter to P. D. Raymond from D. Zieman, with enclosure the Staff's GE Model for Fuel Densification, July 16, 1973; letter to D. Zieman from R. R. Schneider, August 14, 1973; the Staff Technical Report on Densification of General Electric Reactor Fuels, August 23, 1973; the Staff Safety Evaluation of the Fuel Densification Effects on the Nine Mile Point Nuclear Power Station, Unit 1, August 24, 1973; all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C.

Copies of these documents may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Dated at Bethesda, Md., this 24th day of August 1973.

For the Atomic Energy Commission.

L. MANNING MUNTZING.
Director of Regulation.

NOTICE OF AVAILABILITY

[Docket No. 50-263]

NORTHERN STATES POWER CO.

Order for Modification of License

I. The Northern States Power Co. (the licensee) is the holder of Facility License DPR-22. License DPR-22 authorizes operation of the Monticello Nuclear Power Station, (the plant) in Wright County, Minnesota. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereinafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plant, for operation of the plant during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On December 29, 1972, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM-10735, "Densification Considerations in BWR Fuel Design and Performance" dated December, 1972. The Staff reviewed the licensee's submission as well as five additional supplements to NEDM-10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July, 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 15, 1973, the licensee submitted the requested information including Supplement 6 to NEDM-10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plant are necessary in order to assure that the calculated peak cladding temperature of the core of the plant following a postulated loss-of-coolant accident will not exceed 2,300°F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of License DPR-22 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation rate of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate of 11.5 kw/ft; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any rod in any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.5.K of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following Order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above

It is ordered, That:

The Technical Specifications of License DPR-22 are hereby changed, to include Limiting Conditions for Operation, sections 3.5.J. and 3.5.K., and Surveillance Requirements, sections 4.5.J. and 4.5.K. attached hereto ase Appendix I and the plant shall be operated immediately in accordance therewith.

On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973, any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this Order see: The Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to A. V. Dienhart from A. Giambusso, November 20, 1972; letter to A. Giambusso from L. O. Mayer, December 29, 1972, with enclosure General Electric topical report, Densification Considerations in BRW Fuel Design and Performance; letter to A. V. Dienhart, with enclosure the Staff's GE Model for Fuel Densification, July 16, 1973; letter to D. Zieman from L. O. Mayer, August 15, 1973; the Staff Technical Report on Densification of General Electric Reactor Fuels, August 23, 1973; the Staff Safety Evaluation of the Fuel Densification Effects on the Monticello Nuclear Power Station, August 24, 1973; all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C.

Copies of these documents may be obtained upon request addressed to the Deputy Director for Reactor Projects, Directorate of Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Dated at Bethesda, Md., this 24th day of August 1973.

[Docket No. 50-271]

VERMONT YANKEE NUCLEAR POWER CORP.

Order for Modification of License

I. The Vermont Yankee Nuclear Co. (the licensee) is the holder of Facility License DPR-28. License DPR-28 authorizes operation of the Vermont Yankee Nuclear Power Station (the plant) in the Town of Vernon, Windham County, Vermont. This license expressly provides, inter alia, that it is subject to all rules, regulations and orders of the Commission now or hereafter in effect.

II. On November 14, 1972, the AEC Regulatory Staff (the Staff) issued a report entitled "Technical Report on Densification of Light Water Reactor Fuels" (the Report). By letter of November 20, 1972, the Staff requested the licensee to submit analyses and data specified in the report related to determining the consequences of fuel densification for normal operation of the plant, for operation of the plant during various maneuvers and transients, and under postulated accident situations, including the design basis loss-of-coolant accidents. On January 3, 1973, the licensee provided the requested information including, by reference, the General Electric Company Report NEDM-10735, "Densification Considerations in BWR Fuel Design and Performance" dated December 1972. The Staff reviewed the licensee's submission as well as five additional supplements to NEDM-10735 which were submitted by the General Electric Company in response to requests for additional information from the Staff. The latest of these supplements was dated July, 1973. By letter of July 16, 1973, the Staff requested the licensee, inter alia, to furnish additional analyses regarding the calculated peak cladding temperatures during a postulated loss-of-coolant accident. On August 15, 1973, the licensee submitted the requested information including Supplement 6 to NEDM-10735.

On the basis of the Staff's review of the above identified submittals and its evaluation of fuel densification effects upon the operation of boiling water reactors which are reflected in a safety evaluation report relating to the plant dated August 24, 1973, the Staff has determined that changes in the operating conditions for the plant are necessary in order to assure that the calculated peak cladding temperature of the core of the plant following a postulated loss-of-coolant accident will not exceed 2,300° F taking into account fuel densification effects as described in the Staff's safety evaluation identified above, and, therefore, that the Technical Specifications of License DPR-28 should be amended to require: (1) The immediate control of steady-state power operation so that the average linear heat generation of all the rods in any fuel assembly, as a function of planar exposure, at any axial location, shall not exceed the maximum average planar linear heat generation rate defined by the curve in Limiting Condition for Operation, figure 3.5.1, of section 3.5.J of the attached Appendix I, attached hereto; and (2) that during steady state power operation, the linear heat generation rate (LHGR) of any rod in any fuel assembly at any axial location shall not exceed the maximum allowable LHGR as calculated using the equation for maximum LHGR provided in Limiting Condition for Operation, section 3.5.K of the attached Appendix I.

III. In view of the foregoing, the Director of Regulation finds that the public health, safety, and interest require that the following order be made effective immediately. Pursuant to the Atomic Energy Act of 1954, as amended, the Commission's regulations in 10 CFR 2.204 and 50.100 and the license condition noted in Part I above.

It is ordered, That:

The Technical Specifications of License DPR-28 are hereby changed, to include Limiting Conditions for Operation, sections 3.5.J. and 3.5.K., and Surveillance Requirements, sections 4.5.J. and 4.5.K. attached hereto as Appendix I and the plant shall be operated immediately in accordance therewith.

IV. On or before September 27, 1973, the licensee may file a request for a hearing with respect to this order. On or before September 27, 1973 any other person whose interest may be affected may file a request for a hearing with respect to this order in accordance with the provisions of 10 CFR 2.714 of the Commission's rules of practice. If a request for a hearing is filed within the time prescribed herein, the Commission will issue a notice of hearing or an appropriate order.

For further details pertinent to this Order see: the Staff Technical Report on Densification of Light Water Reactor Fuels, November 14, 1972; letter to A. A. Cree from A. Giambusso, November 20, 1972; letter to U.S. Atomic Energy Commission from D. E. Vandenburgh, January 3, 1973, with enclosure General Electric topical report, Densification Considerations in BWR Fuel Design and Performance; letter to A. A. Cree from D. Zieman, with enclosure the Staff's GE Model for Fuel Densification, July 16, 1973; letter to D. Zieman from D. E. Vandenburgh, August 15, 1973; the Staff Technical Report on Densification of General Electric Reactor Fuels, August 23, 1973; the Staff Safety Evaluation of the Fuel Densification Effects on the Vermont Yankee Nuclear Power Station, August 24, 1973; all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C.

[Docket Nos. 50-315, 50-316]

INDIANA AND MICHIGAN ELECTRIC CO., ET AL.

Order on Motions Re Scheduling of Prehearing Conference

In the matter of Indiana and Michigan Electric Co., et al., (Donald C. Cook Nuclear Plant, Units 1 and 2).

Take notice that a prehearing conference in the subject proceeding will be held on September 6, 1973, at 11:00 a.m., local time, in Suite 500, Postal Rate Commission Offices at 2000 L Street, NW., Washington, D.C. 20268.

The purpose of this prehearing conference is to discuss, amongst other matters, the key environmental issues in controversy between the parties. In addition, the Board will hear oral argument on a Joint Motion for adoption of hearing schedule.

Issued at Washington, D.C., this 22d day of August 1973.

It is so ordered.

ATOMIC SAFETY AND LICENSING BOARD,
MAX D. PAGLIN,
Chairman.

[FR Doc.73-18161 Filed 8-27-73;8:45 am]

[Docket No. 50-410]

NIAGARA MOHAWK POWER CORP.

Notice and Order for Third Prehearing Conference

In the matter of Niagara Mohawk Power Corporation, (Nine Mile Point, Unit No. 2), Docket No. 50-410.

Notice is hereby given, in accordance with § 2.752 of the Atomic Energy Commission's rules of practice, 10 CFR Part 2, the Atomic Safety and Licensing Board (the Board) will hold a third prehearing conference in the above-captioned cause on Wednesday, September 12, 1973 at 10 a.m., local time, in the Legislators Chambers, County Building, 46 East Bridge Street, Oswego, New York 13126.

This third prehearing conference shall consider the following matters:

1. The status of discovery;
2. Further simplification, clarification and specification of the issues;
3. The necessity or desirability or amending the pleadings;
4. The obtaining of stipulations and admissions of fact and of the contents and authenticity of documents to avoid unnecessary proof;
5. Identification of witnesses and the limitation of the number of expert witnesses, and other steps to expedite the presentation of evidence;

6. The setting of a hearing schedule; and

7. Such other matters as may aid in the orderly disposition of the proceeding.

The attorneys for the respective parties are directed to confer in advance of this prehearing conference, in such manner as they deem appropriate, and report to the Board at said conference on any stipulations regarding issues or evidence, and on any other mutually agreeable procedures to expedite the evidentiary hearing.

Members of the public are invited to attend this third prehearing conference as well as the evidentiary hearing to be held at a later date to be fixed by the Board.

Dated this 23d day of August 1973 at Washington, D.C.

By order of the Atomic Safety and Licensing Board.

DANIEL M. HEAD,
Chairman.

CIVIL AERONAUTICS BOARD

[Docket 25711; Order 73-8-105]

SOUTHERN AIRWAYS, INC., ET AL.

Order of Tentative Approval

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 21st day of August 1973.

By application filed on July 18, 1973 [1] SOADO Venture (SOADO), Southern Airways, Inc. (Southern), and various officers and directors of Southern [2] requested (a) approval pursuant to the third proviso of Section 408(b) of the Federal Aviation Act of 1958, as amended, (the Act) with respect to various control relationships which have arisen or may arise among the above-mentioned applicants, (b) approval pursuant to section 409(a) of the Act with respect to various interlocking relationships which may exist among certain of the applicants, and (c) as an alternative to the approval requested in (a) and (b) above, a disclaimer of jurisdiction with respect to certain control and interlocking relationships among the applicants. In addition to the foregoing, the applicants have requested a declaration by the Board that Section 409(b) of the Act does not prohibit the individual applicants from receiving and retaining the proceeds from the future sale of Southern securities as they may be required to purchase following the offer of such securities to the other common stockholders of Southern.

In brief the application concerns the formation of a joint venture (SOADO) by certain officers and directors of Southern for the purpose of (a) purchasing $7,000,000 principal amount of Southern's 6½ percent Convertible Subordinated Debentures (Debentures) from the ISI Fund Corporation (ISI); (b) eliminating the warrants attached to such Debentures and converting 16⅔ percent of such Debentures into 116,700 shares of Southern's common stock and (c) offering the holders of Southern's common stock the right to purchase their pro rata portion of the remaining Debentures together with the newly issued common stock.

According to the application, in November 1968, Southern placed an issue of 6½ percent Convertible Debentures (Debentures) in the principal amount of $8,000,000 with three mutual funds managed by ISI. [3] As of April 1973, ISI owned $7,000,000 principal amount of the Debentures. On April 12, 1973, ISI inquired of Southern as to whether Southern was interested in retiring the Debentures at a substantial discount. [4] The application recites that Souhern's management recognized that it would be to Southern's benefit if the Debentures could be removed from the current market and placed with longer-term investors. Thus, according to the application, the convertibility feature with warrants together with a continuing offer by ISI would be injurious to the public market for future issues of Southern's equity securities. Moreover, it was recognized that the availability of the Debentures for retirement at a discount offered an opportunity for improvement of Southern's debt/equity ratio and reduction of its interest burden. Under its principal credit agreements Southern is restricted against commitment of its funds for the retirement of, or underwriting the reissue of, the type of securities discussed herein, and Southern was advised that such restrictions would not be waived. However, a plan was arrived at for a reduction in the outstanding Debentures and a realization of some of the benefits to Southern as described earlier.

On May 25, 1973 the individual applicants entered into a joint venture agreement for the formation of SOADO the functions of which were to borrow $3,200,000 to purchase the Debentures; convert $1,167,000 of the face amount of such Debentures to common stock; make the offer to Southern's shareholders; cancel and surrender to Southern the existing warrants; and dissolve. On May 30, 1973, the Debentures were sold by ISI to SOADO and in turn were pledged by SOADO with the First National Bank of Chicago to secure its loan of $3,200,000 to SOADO.

On June 1, 1973, the applicants filed a Registration Statement with the Securities and Exchange Commission covering the securities to be offered by SOADO to Southern's stockholders. Thus, the aforesaid statement indicates that Southern's common stockholders will be offered the right to purchase their pro rata portion of the Debentures remaining after conversion of $1,167,000 principal amount. The proposed price for the remaining Debentures (in units of $500) would be $2,584,019 (44.3 percent of the face amount), and for the newly issued 116,700 shares of common stock the proposed price would be $516,981 ($4.43 per share).

From the application it appears that the Debentures to be offered by SOADO represent $5,833,000 principal amount and the common stock will represent a little less than 8 percent of the total outstanding voting stock of Southern. In this connection, the application indicates that the offering is to be made to all holders of Southern's common stock. In this regard, the individual applicants, as stockholders, will also have rights to purchase a portion of the securities units to be offered. However, pursuant to the Joint Venture Agreement (Agreement) the individual participants shall transfer their respective rights to a rights pool in the joint venture. Following the offering, the individual participants will purchase out of the joint venture pool their pro rata parts of such rights. Furthermore, the individual applicants are obligated to take up any units which are unsubscribed to by the remaining stockholders.

According to the application, the individual applicants presently own 18.1 percent of the voting stock of Southern. It is expected that the offer will be fully subscribed or substantially fully subscribed by the non-SOADO common stockholders. The application asserts that if the offer is virtually fully subscribed the individual applicants collectively will, after taking up in accordance with their joint obligations the remaining securities, continue to own 18.1 percent of Southern's voting stock. Moreover, the 18.1 percent of ownership by the applicants would not vary even if 100 percent of the Debentures are eventually converted into Southern common stock. The existence of SOADO will terminate 45 days after the offering or on November 1, 1973, whichever first occurs.

No comments or requests for a hearing with respect to the application have been received.

Applicants assert that the transaction here involved should not be regarded as an acquisition of control requiring approval, nor should SOADO be regarded as a company engaged in a phase of aeronautics. To the extent that the acquisition is designed merely as a process by which the outstanding Debentures of

[1] The application was amended on July 30, 1973.

[2] Frank W. Hulse, George M. Gross, Graydon Hall, Cecil A. Beasley, Jr., Alexander J. Brunini, Alton F. Irby, Jr., G. Gunby Jordan, Henry P. Johnston, R. Eugene Orr, G. Frank Purvis, Jr., A. L. Maxson, Victor C. Pruitt, Frank H. Wheeler, T. A. Wiley, Jr., Elton B. Stephens, Richard A. Trippeer, Jr., and Wm. Ben White Jr. (hereinafter referred to as the individual applicants).

[3] Each $1,000 of principal amount of the Debentures carries rights for the purchase of eighteen shares of Southern's common stock at $10 per share.

[4] ISI indicated that it did not wish to retain the Debentures.

Southern will be acquired and distributed to existing shareholders in roughly the same proportions as their present stockholdings, it does not appear that the control of Southern Airways would be significantly affected.[6] We have concluded, however, that a declination of jurisdiction would not be appropriate.[6]

At the very least, the transaction will result in a transitory change in both the form and extent of control. Through the acquisition of the Debentures, the individual applicants have undertaken significant holdings in the debt securities of Southern (approximately 25 percent of the long-term debt as of April 30, 1973) and, through conversion privileges, acquired the rights to a substantial additional amount of Southern's common stock. Moreover, the individual applicants have introduced a new entity (SOADO) into the previously existing control picture and through this transaction and the current increase in the holding of Southern's securities have created a new control relationship between themselves and Southern. Moreover, SOADO itself plays an integral part in this new control relationship and shares in such control. Even if these changes are transitory, and will cease when the transaction is completed, approval of the acquisition of control of Southern by the individual participants under section 408(a)(5) is required.[7]

Moreover, the Board cannot be certain at this time that all changes of control will be transitory. As noted, the SOADO Agreement obligates the individual participants to purchase any investment units not subscribed to by non-SOADO shareholders. To be sure, if the non-SOADO shareholders fully subscribe to the offering (as contemplated), the SOADO shareholders will not increase their proportionate shareholdings. However, if the unanticipated comes to pass, and the SOADO shareholders are required to purchase a substantial number of unsubscribed investment units, their degree of control could be significantly increased.

Consequently, we will limit our approval to the anticipated transaction—that is, one in which the non-SOADO shareholders substantially subscribe to the offering, and the SOADO shareholders do not substantially increase the degree of their control of Southern Airways. In that event, no further Board approval will be required. On the other hand, should there be a significant percentage of the investment units not subscribed to, with the result that the participants will substantially change their present investment holdings in Southern, the applicants will be required to obtain further Board approval with respect to such changed control. (See TWA, Further Control by Hughes Tool Company, 9 CAB 381, 390 (1948).)

As a result of the transaction described herein it appears that Southern may realize a strengthened financial position through (a) a more stable market for the issuance of future equity securities; (b) an improved equity to debt ratio; and (c) the lessening of its interest payment burden. Furthermore, it appears that Southern's existing stockholders have an opportunity to share in the new securities issue on an equitable basis with the individual applicants who, if the offer is virtually fully subscribed, will continue to own 18.1 percent of Southern's common stock as they did before the instant transaction. Moreover, as the application points out, the individual applicants are persons who have been long associated with Southern and it can reasonably be concluded, under the circumstances as described, that such persons are attempting to aid and benefit Southern.

In view of the foregoing, we have tentatively concluded that the transactions described herein and the resulting control relationships will not be inconsistent with the public interest, will not result in creating a monopoly, and will not tend to restrain competition. Our approval, however, will apply only to the interim control relationships herein described, which are necessary for the purpose of acquisition and ultimate distribution of the debentures to existing shareholders roughly in proportion to their existing holdings. Since upon successful consummation of the transaction in this manner, the existing control relationships of Southern will not be significantly affected, the Board finds that the transaction does not affect the control of an air carrier directly engaged in the operation of aircraft in air transportation within the meaning of the third proviso of section 408(b). Furthermore, no person disclosing a substantial interest in the proceedings is currently requesting a hearing, and it does not appear that the public interest requires a hearing. Accordingly, the Board tentatively finds that, to the extent set forth above, the control relationships arising from the proposed transaction should be approved pursuant to the third proviso of section 408(b).

In addition to the control relationships discussed above, it appears that interlocking relationships within the meaning of section 409(a) of the Act have been created between an air carrier (Southern), on the one hand, and a person engaged in a phase of aeronautics (SOADO), on the other hand. However, upon final approval of the control relationships described herein the aforesaid interlocking relationships would appear to come within the scope of the exemption from section 409 afforded by section 287.3 of the Board's Economic Regulations. Accordingly, in our final order we will dismiss the application to the extent it requests approval of such interlocking relationships.

With regard to the applicants' request that the Board include in this order a declaration that section 409(b) of the Act does not prohibit the individual applicants from receiving and retaining the proceeds from the future sale of such securities as they may be required by the Agreement to purchase following the offer of the securities to the other common stockholders of Southern, the Board notes that section 409(b) of the Act reads as follows:

"Profit From Transfer of Securities: (b) It shall be unlawful for any officer or director of any air carrier to receive for his own benefit, directly or indirectly, any money or thing of value in respect of negotiation, hypothecation, or sale of any securities issued or to be issued by such carrier, or to share in any of the proceeds thereof."

The applicants argue that this section applies only to transactions in which the air carrier itself is a party, and not to transactions by officers and directors with third parties in carrier securities which are outstanding. They argue that if the section applied to the latter case, officers and directors would not be able to sell stock in their own air carriers for value, whether at a profit or loss. They point to legislative history of the language of section 409(b) to support their interpretation of it. Since the language of 409(b) is identical to that of section 20a.(12) of the Interstate Commerce Act, 49 U.S.C. 20.a(12), they cite legislative statements of the evil sought to be remedied by that section. That evil, they contend, was the practice of some railroad officers and directors of causing their carriers to make public offerings of securities, the proceeds of which were siphoned off in various ways for the private enrichment of the individuals involved. It is the applicants' position that there is no indication whatsoever that Congress ever intended to concern itself with any problems with respect to officer and director transactions with third persons in outstanding securities of publicly-held carriers. They say this is how the Interstate Commerce Commission had dealt with section 20a.(12) of their Act. Any other interpretation by the Board of section 409(b) would, they say, be so novel that thousands of violations in every air carrier would be found to exist. They contend

[6] The Board notes that the individual participants prior to the formation of SOADO already controlled in excess of 18% of the voting stock of Southern. This fact, together with the facts that there is apparently no other single stockholder holding as much as 5% of the voting stock of Southern and the individual participants constitute 13 of the 17 directors of Southern, indicates that such participants prior to the acquisition shared, in a major way, in the control of Southern.

[6] Various control and interlocking relationships which are included in the instant proceeding were established without Board approval. However, exceptional circumstances appearing to exist, it has been decided not to enforce the doctrine expressed in Sherman, Control and Interlocking Relationships, 15 CAB 876 (1952) and to consider the application on its merits.

[7] We also find approval to be required under section 408(a)(6), since SOADO, as a company whose sole function is holding and distributing securities of an air carrier, must be considered a "phase of aeronautics." The Board does not, as applicants contend, confine the definition of "phase of aeronautics" strictly to companies involved in the science and art of flight. See *e.g.*, Consolidated Airline Purchasing Corporation, Orders E-19721, E-20109; and Allegheny Airlines-Corcoran Thom, Order E-17654.

that the words of that section are aimed at a type of dealing which is harmful to the air carriers' capital structure, not a transaction which will be beneficial to the capital structure, as in this case. Another way of putting this, according to the applicants, is that section 409(b) prohibits a form of breach of fiduciary duty. They say it is because Southern cannot itself take the steps that SOADO is taking that the joint venture was formed to secure the benefits of this transaction for Southern.

Section 409(b) is not so limited in its application as the applicants herein contend. This is demonstrated by reference to the legislative history of the language of that section, and by a comparison of that language with a contemporaneously enacted law.

The applicants are wrong in their contention that there is no indication that Congress intended to concern itself with officers and directors of air carriers dealing in the stock of their companies. The following testimony appears in the hearings that led to enactment of the Civil Aeronautics Act of 1938: [8]

"Mr. WRIGHT * * * we suggest that the meaning is not clear where it says:

It shall be unlawful for any officer or director of any air carrier or airport operator to receive for his own benefit, directly or indirectly, any money, or thing of value in respect of negotiation, hypothecation, or sale of securities, issued or to be issued by such air carrier or airport operator.

Does this mean that no officer or director can buy or sell for his own account stock in his own company?

Senator McCARRAN. That language is taken from the Interstate Commerce Act.

Senator TRUMAN. *That is what it is intended for, to keep the officers of the company from speculating in the stock of their own company.* (emphasis added)

Mr. WRIGHT. That is the point I wanted to bring out. It is conceivable, however, that a man sufficiently interested in a company to be a director of it, and a man who spends his life in the company being an officer and directing the affairs of it, might wish for his own account to purchase securities issued by that company. It is a most normal thing, I should think.

Senator McCARRAN. That is what caused the difficulty with the railroad organizations.

Mr. WRIGHT. Then may I suggest that some amended provision might be put in there to cover the question of speculation, but for legitimate investment give proper protection to the officers and directors. I merely lay that thought before you for your consideration.

Senator McCARRAN. You are giving us a hard problem.

Mr. WRIGHT. We respectfully point out that the stockholdings of all officers and directors of air carriers are not a matter of record with the Securities and Exchange Commission and such holdings are regularly reported to that body * * *"

It seems clear, therefore, that the Congressional intent in enacting section 409 (b) included the prevention of speculation by air carrier officers and directors in the stock of their companies. It does not appear that Congress intended to preclude an officer's or director's investment for his own account in the stock of the air carrier, so long as the purpose was investment and not speculation.

A comparison of the language of this section with that of a similar section of a contemporaneous act further supports this interpretation of section 409(b) of the Act. The Natural Gas Act, 15 USC 717 et seq., contains language similar to that of section 409(b) of the Act, and it was enacted at almost the same time as the Civil Aeronautics Act of 1938. Section 717k. of the Natural Gas Act reads as follows:

"Officials Dealing in Securities: It shall be unlawful for any officer or director, of any natural-gas company to receive for his own benefit, directly or indirectly, any money or thing of value in respect of negotiation, hypothecation, or sale *by such natural-gas company* of any security issued, or to be issued, by such natural gas company, or to share in any of the proceeds thereof * * *" (emphasis added)

This language and that of section 409(b) of the Act are identical except for the underlined words of section 717k. of the Natural Gas Act, which clearly show that it applies only to instances where securities are issued by the company itself. If Congress wanted to similarly limit section 409(b) of the Act, it could have done so by the addition of a few words. Since no such limiting words appear in section 409(b) of the Act, it must be concluded that Congress did not intend to limit the applicability of section 409(b) as the applicants herein contend.

However, in the present case, it does not appear that the individual applicants' motivation in participating in the joint venture is speculation in the stock of Southern (see Certifications in Appendix A to the application in Docket 25711).[9] As the previous discussion in this order concluded, it appears that the transactions herein will not be detrimental to Southern, nor do they appear to put the individual applicants in positions of conflict of interest with their fiduciary responsibilities to Southern. Therefore, although the reasons gven by the applicants for their request are not correct in that section 409(b) of the Act does not have so restrictive an application as they contend, we will grant their request with respect to interpretation of section 409 (b) to the extent indicated above.

In accordance with section 408(b) of the Act, this order, constituting notice of the Board's tentative findings, will be published in the FEDERAL REGISTER and interested persons will be afforded an opportunity to file comments or request a hearing on the Board's tentative decision.

Accordingly, it is ordered, That:

1. The control of (a) SOADO by the individual applicants while they control Southern and (b) Southern by the individual applicants and SOADO, resulting from the formation of SOADO by the individual applicants; the purchase of the Debentures by SOADO; and the conversion of $1,167,000 principal amount of such Debentures into shares of Southern's common stock, be and they are hereby tentatively approved pursuant to section 408(b) of the Act insofar as necessary to permit the acquisition of the Debentures, and proportional offering and distribution thereof to Southern's existing shareholders.

2. The request for a disclaimer of jurisdiction by the applicants in Docket 25711 be and it hereby is denied;

3. Applicants' request for an interpretation and declaratory order with respect to section 409(b) of the Act, be and it hereby is granted to the extent indicated herein, and is otherwise denied;

4. Interested persons be and they hereby are afforded a period of 10 days within which to file comments or request a hearing with respect to the Board's proposed action on the application in Docket 25711; [10] and

5. The Attorney General of the United States be furnished a copy of this order within one day of publication.

This order shall be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] EDWIN Z. HOLLAND,
Secretary.

[Dockets 25743, 25748, 25751]

UNITED AIR LINES, INC.

Order Dismissing Complaints

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 22nd day of August 1973.

By tariff revisions [1] marked to become effective September 1, 1973, United Air Lines, Inc. (United) proposes to establish a common-rated roundtrip midweek excursion fare of $166.62 ($179.95 tax included) in markets of 2,000 miles or more in distance. The fare, which provides discounts up to 48 percent, would be available between October 16, 1973 and February 28, 1974 [2] on most United routes in the 48 contiguous states.[3] The fare would be available for travel on Tuesdays, Wednesdays, and Thursdays for passengers who purchase tickets at least seven days in advance of departure

---

[8] Hearings on S. 2 and S. 1760 before a subcommittee of the Senate Committee on Interstate and Foreign Commerce, 75th Congress, 1st Session, pp. 651-52 (1937). (Statement of Paul A. Wright, representing the United Air Lines Transport Corporation).

[9] Applicants have certified that the securities being purchased are being purchased for an investment and not with the view to the distribution thereof, and with the ultimate purpose of protecting and aiding Southern.

[10] Comments shall conform to the requirements of the Board's Rules of Practice for filing comments. Further, since an opportunity to file comments is provided for, petitions for reconsideration of this order will not be entertained.

[1] Revisions to Airline Tariff Publisheds, Inc. Agent, CAB No. 136.

[2] The proposed fares will not be valid for traffic originating during Thanksgiving week (November 20, 21, 22) or during the Christmas/New Year's holiday period (December 7, 1973 through January 7, 1974).

[3] The fare will not apply in the Florida, Atlanta, or mainland-Hawaii markets.

and who agree to a length of stay of between seven and nine days, inclusive. American Airlines, Inc. (American), Northwest Airlines, Inc. (Northwest), and Trans World Airlines, Inc (TWA) have filed to match United's proposal.[4]

United's justification for the proposed fare rests primarily on the traffic results and economic evaluation derived from last year's similar experiment. Based on these data, United expects to board 35,000 roundtrip excursion passengers for the 15-week winter period, and to experience a 42.5/57.5-generation/diversion ratio. Assuming an incremental expense of approximately $392,000, the carrier anticipates a net profit impact of $506,960.

United alleges that the modifications of last year's program are intended to improve profits and reduce risk. In extending the period of availability from six to 15 weeks, United alleges that it will achieve a greater economic impact per advertising and promotional dollar expended, while simultaneously affording the public more time to solidify travel plans. Similarly, based on experience with last year's three-tier fare structure, the carrier has concluded that it should concentrate its efforts only in markets over 2,000 miles where consumer response proved to be greatest. It is also anticipated that the more limited market application will "reduce the need to spend advertising and promotional dollars in as many cities, thereby permitting concentration in major metropolitan areas for maximum impact." Finally, United excludes Hawaii, Florida, and Atlanta from the present filing "because of high load factors, United's circuitous southeast route authority, and the unique market situation which already provides them with an adequate and separate promotional fare structure."

Continental Air Lines, Inc. (Continental), Northwest, and TWA have filed complaints requesting investigation and suspension. Continental and Northwest allege, inter alia, that the proposed fare is anticompetitive since smaller carriers without United's extensive route structure will be unable to match the fare; that the proposal will result in a loss of interline traffic since United does not intend to interline travel at the fare and carriers will be unable to absorb the otherwise excessive prorate dilution; and that the fare violates previously established policy with respect to commonrating.

TWA alleges that United has failed to provide sufficient justification for its proposal and that the fare does not adequately satisfy the profit impact criteria established by the Board in Phase 5 of the Domestic Passenger-Fare Investigation (DPFI). Specifically, TWA alleges that United has grossly understated the degree of "borrowed traffic" which occurred during last year's excursion-fare experiment, since it fails "to differentiate between the traffic moving in the latter three weeks of December (after the fare expired), versus the first week in December (while the fare was still in effect)."[5] TWA contends that treating December as if the whole month lacked the excursion fare results in an inflated traffic level for the post-fare period, and hence understates the degree of diversion caused by the fare. Using the New York-Los Angeles market as its example, TWA alleges that United's traffic growth rate immediately following expiration of last year's fare fell from a positive 25-percent/35-percent growth to a negative 13-percent growth—a swing which would conclusively indicate that United's 17.5-percent "borrowed" factor is significantly understated.

In addition, TWA alleges that United has understated the degree of revenue dilution inherent in its proposal by treating diverted passengers as though they would otherwise have used an alternative discount fare. TWA asserts that, based on submissions made to the Board following last year's excursion fare, TWA and American experienced diversion factors from full coach fares of 30 percent and 44 percent, respectively. Finally, TWA contends that approval of United's fare would be tantamount to withdrawing previous approval of Demand Scheduling, since the two fares offer a comparable discount although the reservation and ticketing requirements for Demand Scheduling are far more restrictive.[6] In TWA's opinion, the public would no longer accept the rather stringent requirements of Demand Scheduling, since it could receive the same discount without them.

United has answered the complaints alleging that, contrary to TWA's opinion, the fare is fully consistent with the Phase 5 decision; that it successfully meets the profit-impact test; and that the Board's approval of TWA's Demand Scheduling does not preclude United or any other carrier from introducing competitive discount fares as long as they are cost justified.

Specifically, United asserts that it has not understated the degree of "borrowed traffic" in its analysis of the results of last year's midweek excursion fare, but merely referenced erroneously as "December" the results for the Christmas travel period following expiration of the fare (December 17 through January 9). The decline in growth rate evidenced in the New York-Los Angeles market was allegedly not simply the result of "borrowed traffic," but representative of a traffic decline experienced by United throughout its system. In any event, United claims to have significantly reduced the danger of "borrowed traffic" in its instant proposal by applying a blackout on originating traffic for the full Thanksgiving week as well as throughout the Christmas/New Year's holiday season.

In response to other arguments advanced by the complainants, United alleges that revenue dilution caused by diversion from the full coach fare will be minimized this year by the fare's limitation to long-haul markets where many other discount fares presently apply; that the fare may well help carriers achieve their load factor objectives under present capacity agreements; that the principle of common-rating is a well-established concept approved by the Board on numerous occasions; and that the argument relating to prorate dilution is an insufficient reason for suspension, since it might be applied to virtually any discount fare which is filed by a long-haul carrier.

Upon consideration of the tariff filing, the justification, complaints, and answer thereto, and all other relevant matters, the Board finds that the complaints do not set forth sufficient facts to warrant investigation of the proposal, and the request therefor and consequently the requests for suspension will be denied and the complaints dismissed.

United's proposal appears to constitute a reasonable attempt to generate additional traffic during a traditionally off-peak season. While the discounts in the longest markets amount to a generous 48 percent, they are not out of line with several types of discount fares presently available in a variety of markets. Nor are we persuaded that United has failed to justify its proposal adequately. It is based substantially on the results of last year's 7–9-day midweek excursion fare, which produced a positive profit impact for the three participating carriers (American, TWA, and United) of $322,832.

TWA has advanced a number of arguments against United's proposal, among them that the traffic generated by the proposed fare, in combination with the recent capacity agreement load factor objective of 60 percent, will result in an inordinate displacement of full-fare passengers, or create an unnecessary demand for extra sections. On the other hand, the fares will be applicable only on three off-peak days of the week, and only during the offpeak season. In our opinion, this should significantly minimize the possibility of insufficient capacity to satisfy demand, notwithstanding the capacity agreement. Furthermore, United and its competitors offer numerous one-stop services in markets over 2,000 miles, which could readily accommodate any displaced passengers.

TWA also alleges that United has failed to compute accurately the generation/diversion ratio which will result from the fare and has, therefore, overstated its profitability. Specifically, TWA

[4] TWA has also filed a separate tariff revision effective September 9, 1973, proposing initiation of the plan on October 2, 1973 and eliminating the holiday blackout periods.

[5] By "borrowed traffic," TWA is referring to traffic which would have traveled in any event at a time when the 7–9-day excursion fare was not in effect, but was diverted to take advantage of the lower fare.

[6] Demand-Scheduling fares require reservations 90 days in advance of departure accompanied by a $20 nonrefundable deposit for each one-way booking. The balance of the ticket price is due 60 days in advance, at which time the passenger is notified of the precise flight departure time. Under United's plan, no deposit is required, full refunds are available for missed flights, and the reservation lead time is only a minimum of seven days.

asserts that United overstates the generation factor by failing to quantify correctly the amount of "borrowed traffic" manifested by last year's similar fare. However, United has clarified this question in its answer, and its estimate of "borrowed traffic" does not appear to be understated. United points out that last year's estimated 17.5-percent diversionary shift from December was used in calculating the amount of "borrowed traffic" which may be involved in the instant proposal, despite the fact that the entire Thanksgiving week will be blacked out this year, as it was not last year. For this reason, and since the markets considered most diversionary (i.e., 1,000–2,000 miles) have been eliminated in the present filing, it is not unreasonable to assume that actual generation may well be significantly higher than 42.5 percent, which represents last year's experience in all markets. If anything, the profit impact may be more favorable than United projects.

TWA contends that approval of United's proposal would force it to abandon the Demand-Scheduling experiment, and destroy the many public benefits which allegedly will flow from that experiment. While it is only reasonable to anticipate some diversion of traffic from Demand Scheduling, it is not at all clear from the evidence at hand that the two programs cannot coexist on an economic basis. For example, if length of stay or one-way travel are primary factors, United's program will not provide an attractive alternative since the fare is only for round-trip travel and the length of stay is rather severely restricted. In any event, TWA has provided no data regarding the travel characteristics of its Demand-Schedule passengers, information which would do much to answer the question of probable impact on its Demand-Scheduling service.

It is also important to note that reservations for Demand Scheduling are now finalized for travel commencing through at least the second week of November and, on the assumption that United will not actively promote its fare until it receives Board approval around the first of September, they should be virtually finalized through to the year-end blackout period. With reservations already made there would seem to be little or no incentive for passengers to go to the bother of switching to another fare plan, and we are unable to conclude that United's excursion fare would pose a threat until January 8, 1974, after the Christmas/New Year's holiday blackout period. On the other hand, if the 7-9-day midweek excursion fare proves successful in the marketplace after that date, it can then be argued that the public has made its choice.

Finally, Continental and Northwest argue that United's proposal is anticompetitive. Essentially, Continental alleges that, due to the prorate dilution that would be involved, it cannot economically meet United's fares on an interline basis and will thus lose traffic to United. Northwest, on the other hand, alleges that to prevent a total loss of traffic to United it will be compelled to enter into uneconomic joint fares. The evidence presented by these carriers does not convince us that the fares would necessarily be uneconomic on an interline basis. Various other fare proposals at similarly low levels have been permitted in the past, and we are not prepared to suspend United's proposal here on this basis.[7]

In summary, the Board believes that United has adequatedly demonstrated a favorable profit impact in accordance with the criteria established in Phase 5 of the DPFI. In our opinion, each discount-fare proposal is entitled to be considered on its own individual merits. However, we would caution that we have considered this proposal in the context of the limited off-peak period during which it is to be effective, and would be extremely reluctant to permit its extension beyond the tariff's expiration date of February 28, 1974 in the absence of a most convincing showing.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a), 403, 404, and 1002 thereof,

It is ordered, That:

1. The complaints in Dockets 25743, 25748, and 25751 be and hereby are dismissed; and

2. Copies of this order be served upon Trans World Airlines, Inc., Continental Air Lines, Inc., Northwest Airlines, Inc., American Airlines, Inc., and United Air Lines, Inc.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board:

[SEAL] EDWIN Z. HOLLAND,
Secretary.

[FR Doc.73-18223 Filed 8-27-73;8:45 am]

[7] We note that in Phase 4 of the DPFI the Board specifically stated its intention to reserve the matter of joint fares for discount traffic (other than children's-fare traffic) for the proper exercise of managerial discretion.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN COSTA RICA

Entry or Withdrawal From Warehouse for Consumption

AUGUST 27, 1973.

On October 11, 1972 and January 29, 1973, there was published in the FEDERAL REGISTER (37 FR 21456 and 38 FR 2714) letters dated October 5, 1972 and January 22, 1973 from the Chairman, Committee for the Implementation of Textile Agreements, to the Commissioner of Customs, establishing levels of restraint applicable to cotton textile products in Categories 53 and 51, respectively, produced or manufactured in Costa Rica and exported to the United States during the twelve-month periods beginning October 1, 1972 and extending through September 30, 1973 for Category 53; and beginning November 28, 1972 and extending through November 27, 1973 for Category 51.

These levels of restraint are subject to adjustment pursuant to paragraph 4 of Article 3 of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962. Paragraph 4 of Article 3 provides, in substance, that where more than one product is under restraint, the level of restraint for any one product may be exceeded by 5 percent, provided that the total exports subject to restraint do not exceed the aggregate level for all products so restrained.

The Government of Costa Rica has requested that such an increase be applied to Category 53 with an equivalent reduction effected in Category 51.

Accordingly, there is published below a letter of August 27, 1973, from the Chairman of the Committee for the Implementation of Textile Agreements to the Commissioner of Customs amending the directives of October 5, 1972 and January 22, 1973 by adjusting the levels of restraint applicable to imports of cotton textile products in Categories 53 and 51 from Costa Rica.

SETH M. BODNER,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20229.

AUGUST 27, 1973.

DEAR MR. COMMISSIONER: This directive amends but does not cancel the directives issued, to you on October 5, 1972, and January 22, 1973, by the Chairman, Committee for the Implementation of Textile Agreements, regarding imports into the United States of cotton textile products in Categories 53 and 51, respectively, produced or manufactured in Costa Rica.

Under the terms of Article 3 of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 6(c) thereof relating to nonparticipants, and in accordance with the procedures of Executive Order 11651 of March 3, 1972, you are directed to prohibit, effective as soon as possible and for the twelve-month periods beginning October 1, 1972 and extending through September 30, 1973 for Category 53; and beginning November 28, 1972 and extending through November 27, 1973 for Category 51, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textile products in Categories 53 and 51, produced or manufactured in Costa Rica, in excess of the following adjusted levels of restraint:

Category	*Adjusted Twelve-Month Levels of Restraint*[1]
53	32,414 dozen
51	13,817 dozen

[1] These levels have not been adjusted to reflect any entries made in Category 53 on or after October 1, 1972, or in Category 51 on or after November 28, 1972.

The actions taken with respect to the Government of Costa Rica and with respect to imports of cotton textile products from Costa Rica have been determined by the Committee for the Implementation of Textile Agreements to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553. This letter will be published in the FEDERAL REGISTER.

Sincerely,

SETH M. BODNER,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance.

ENVIRONMENTAL PROTECTION AGENCY

ENVIRONMENTAL RADIATION EXPOSURE ADVISORY COMMITTEE

Notice of Meeting

Pursuant to Pub. L. 92-463, notice is hereby given that a meeting of the Environmental Radiation Exposure Advisory Committee will be held on October 2-3, 1973, from 9 a.m. to 5 p.m. each day, in the Executive Conference Room, National Environmental Research Center, 944 East Harmon Avenue, Las Vegas, Nevada 89114.

This is the eleventh meeting of the Committee and will center on the Office of Radiation Programs approach for programmatic efforts in the radiological emergency preparedness area. Some of the specific topics to be covered are Radiation Accidents, Protective Action Guides, Protective Measures, and Emergency Planning.

The meeting will be open to the public. Any member of the public wishing to attend the meeting should contact Mr. Robert I. Chissler, Administrative Officer, Office of Radiation Programs, (202) 755-5482.

CHARLES L. ELKINS,
Acting Assistant Administrator for Hazardous Materials Control.

[FR Doc.73-18184 Filed 8-27-73;8:45 am]

[I.F. & R. Docket No. 2]

PAX CO.

Determination and Order

This proceeding involves a challenge by the Pax Company of Utah, a corporation, (Pax) pursuant to section 4(c) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) (7 U.S.C. 135b (c)), to an order canceling the registration of five arsenical-based products. Subsequently, the petitioner withdrew its petition with respect to four of the products, leaving only PAX 3-Year Crabgrass Control, EPA Reg. No. 3234-3 to be considered in this proceeding. For the reasons set forth herein, the original determination to cancel the registration of this product is hereby vacated, without prejudice to further action in the future by this Agency, if warranted.

On July 18, 1969, the Department of Agriculture notified Pax that the registration of its five products would be canceled, effective 30 days from receipt of said notice, on the basis of the requirements of Interpretation 25 (40 CFR 162.123). That Interpretation provided that "Labeling for economic poisons submitted in connection with registration under the Act bearing directions for use of products containing more than 2-percent sodium arsenite or more than 1.5-percent arsenic trioxide in or around the home is not acceptable." The Interpretation further provided that products bearing otherwise acceptable labeling for commercial, industrial, or agricultural use must bear warnings against use or storage around the home and against allowing domestic or animals grazing treated areas. Pax then filed a petition requesting that the scientific questions raised by the notice of cancellation be referred to a scientific advisory committee.

On May 24, 1973, the Advisory Committee, which was convened at the request of Pax, issued its report and recommended that the registration of the Pax product not be canceled. In so doing, the Committee felt that further research needed to be done not only with respect to the Pax product but with related arsenicals as well.

Based on consideration of the views of the Committee and other data available to me, I concur in the recommendation of the Committee. Such concurrence is based, in part, upon the fact that this Agency has underway a comprehensive review of data with respect to all arsenical based pesticides.

Order. It is ordered that the cancellation of registration number 3234-3 be vacated, without prejudice to any future action that may be taken by this Agency with respect to arsenical based pesticides pursuant to the provisions of the Federal Insecticide, Fungicide and Rodenticide Act as amended (86 Stat. 973).

Done this 22d day of August 1973.

JOHN QUARLES,
Acting Administrator.

[FR Doc.73-18185 Filed 8-27-73;8:45 am]

USE OF PRODUCTS CONTAINING CALCIUM CYANIDE, STRYCHNINE, SODIUM MONOFLUOROACETATE (1080) AND SODIUM CYANIDE FOR HOME, URBAN AND FIELD RODENTICIDES

Notice of Public Hearings

By a Notice of Intent to Hold a Hearing, dated June 19, 1973, this Agency noticed a hearing to determine whether or not the use of products containing calcium cyanide, strychnine, sodium monofluoroacetate (1080), and sodium cyanide as rodenticides in field, home, or urban areas, should be canceled or amended. In order to expedite preparation for this hearing, which this Agency desires to commence by December 1973, it has been decided that it is in the best interest of the orderly administration of government to hold informal public hearings to solicit the views of all interested persons prior to the formal hearings in December.

This notice is published to notify all interested persons that such hearings are to be held in the following cities on the dates indicated:

Washington, D.C.	September 17, 1973
Denver, Colorado	September 25, 1973
Dallas, Texas	September 27, 1973
Sacramento, California	October 2, 1973

The initial hearing of two days duration in Washington, D.C., will be held in Room 3906, Waterside Mall, 401 M Street SW. Specific addresses and number of days duration for other hearings will be published by September 10, 1973.

It should be emphasized that these informal hearings are only in preparation for formal hearings to be held, pursuant to section 6(b)(2) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, by the notice dated June 19, 1973.

While this notice is not intended to limit the views of all interested parties, the views solicited herein should deal with the Statement of Issues dated June 19, 1973, that accompanied the Notice of Intent to Hold a Hearing. The Statement of Issues is published herewith as Appendix A below. Furthermore, any person wishing to present his views in writing other than at these informal hearings in September and October may do so by filing them in duplicate with the Hearing Clerk, Environmental Protection Agency, Waterside Mall East, 401 M Street SW., Washington, D.C. 20460, on or by October 15, 1973.

Dated August 20, 1973.

(86 Stat. 996)

CHARLES L. ELKINS,
Acting Assistant Administrator for Hazardous Materials Control.

ENVIRONMENTAL PROTECTION AGENCY

Before the Administrator.

In regards the use of products containing calcium cyanide, strychnine, sodium monofluoroacetate (1080) and sodium cyanide for home, urban and field rodenticides, I.F. & R. Docket No. 294, statement of issues.

Pursuant to the accompanying Notice of Intention to hold a hearing, issued pursuant to the authority vested in me by section 6(b) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, I desire the following issues to be addressed by such hearing concerning the use of calcium cyanide, strychnine, sodium monofluoroacetate (1080), and sodium cyanide as rodenticides for use in the field, home, or urban areas, in addition to any other the Administrative Law Judge deems relevant, namely:

I. Whether considerations of human health and economics require continued control by these products of rodent species, including, but not limited to house mice, ground squirrels (including the Beechey ground squirrel in Southern California), chipmunks, prairie dogs, field mice, pocket gophers, cotton rats, woodchucks, moles, kangaroo rats, jackrabbits, porcupines, Norway rats, feral pigeons, English sparrows.

II. Whether the present use of rodenticides containing these compounds poses an environmental threat of extinction to certain endangered and target species, and a substan-

tial danger through secondary poisoning to non-target species.

III. Whether the major rodenticides containing these compounds are in fact more effective than their alternatives; whether the alternatives pose in some cases a more substantial environmental hazard, and also in some cases less effective control; whether the use of rodenticides in general can be sufficiently restricted and controlled to render them environmentally safe to a high degree but still effective on target species.

IV. In addressing these general issues, attention should be given to the following specific concerns:

A. *Need for rodent control.*—1. The danger of plague from epizootics (animal die-offs) particularly among ground squirrels and Norway rats;

2. The economic threat from destruction by field mice to reforestation;

3. The economic threat from damage to facilities and underground equipment by tunneling and burrowing activities of rodents, particularly the Beechey ground squirrel in Southern California;

4. The economic threat to rangeland enterprises from competition for forage by prairie dogs, and danger to livestock from holes and tunnels of burrowing animals;

B. *Alternative rodenticides.*—1. The extent to which less hazardous alternatives are available and would achieve equally effective control;

2. The question whether the method of death involved in the use of some alternatives is as inhumane as the effect of the rodenticide compounds herein in question;

C. *Environmental threat.*—1. The danger of species extinction through direct control as on prairie dogs or through secondary poisoning of non-target species, including the California condor;

2. The magnitude of secondary poisoning of non-target species not considered endangered; and

3. The potential for restriction and control on use of certain or all rodenticides, including: (a) Strict recording of sales and shipment; (b) Restricted sales; (c) Application restricted to trained personnel; (d) Use restricted to justified need; (e) Development of alternative application methods, i.e., ground as opposed to aerial; and (f) Development of alternative rodent control or accommodation procedures.

Dated June 19, 1973.

ROBERT W. FRI,
Acting Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[FCC 73-881]

COMPOSITE WEEK FOR PROGRAM LOG ANALYSIS

Public Notice

AUGUST 22, 1973.

The following dates will constitute the composite week for use in the preparation of program log analysis submitted with applications for AM, FM, and TV station licenses which have termination dates in 1974.

Sunday, April 8, 1973.
Monday, December 11, 1972.
Tuesday, March 27, 1973.
Wednesday, August 9, 1972.
Thursday, May 31, 1973.
Friday, October 13, 1972.
Saturday, January 6, 1973.

FEDERAL COMMUNICATIONS COMMISSION,[1]
[SEAL] VINCENT J. MULLINS,
Acting Secretary.

[FR Doc.73-18211 Filed 8-27-73;8:45 am]

FREQUENCY COORDINATION EXTENDED BEYOND AUGUST 31, 1973 IN CHICAGO

Public Notice

AUGUST 20, 1973.

In the Second Report and Order in Docket No. 19150, the Commission indicated that frequency coordination would not be required of applicants in the Chicago District after August 31, 1973. However, because of unforeseen delays in completing the data base, the requirement for frequency coordination will be continued until further notice. It is expected that the delay will not exceed 60 to 90 days.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Acting Secretary.

[FR Doc.73-18212 Filed 8-27-73;8:45 am]

FEDERAL MARITIME COMMISSION

AMERICAN MAIL LINE LTD. AND EVERETT ORIENT LINE, INC.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763 (46 U.S.C. 814)).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1015; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, by September 17, 1973. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of Agreement Filed by:

Mr. W. R. Purnell, Assistant Vice President, American Mail Line Ltd., 601 California Street, Suite 610, San Francisco, California 94108.

Agreement No. 10060-1, between American Mail Line Ltd. and Everett Orient Line, Inc., amends Article 1 of their approved Transshipment Agreement to provide for the westbound movement of cargo in addition to the present eastbound movements, in the trade between Thailand and Pacific Northwest ports of the United States, with transshipment at Hong Kong or Japanese ports.

By Order of the Federal Maritime Commission.

Dated August 21, 1973.

JOSEPH C. POLKING,
Assistant Secretary.

PORT OF OAKLAND AND JAPAN LINE, LTD. ET AL.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as

amended (39 Stat. 733, 75 Stat. 763 (46 U.S.C. 814)).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1015; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, and San Francisco, California. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, by September 17, 1973. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of Agreement Filed by:

J. Kerwin Rooney, Esq., Port Attorney, Port of Oakland, 66 Jack London Square, P.O. Box 2064, Oakland, California 94607.

Agreement No. T-2836, between the Port of Oakland (Oakland) and Japan Line, Ltd., Kawasaki Kisen Kaisha, Ltd., Mitsui O.S.K. Lines, Ltd., and Yamashita-Shinnihon Steamship Co., Ltd. (the Lines), is a 3-year nonexclusive containership preferential assignment of certain marine terminal facilities in Oakland, California, which the Lines will use primarily for handling containerized traffic. Oakland reserves secondary berthing privileges and all charges in connection therewith will accrue to and be billed by Oakland. The Lines will pay Oakland's terminal tariff charges subject to a certain annual minimum plus a portion of the cost for the construction of improvements by Oakland, as further provided for in the basic agreement. Once the minimum annual guarantee is reached, provision is made for a division of certain revenues from secondary use by the Lines. The Lines agree that if they publish a terminal tariff for services they perform at the terminal, all charges will be identical to the charges appearing in Oakland's tariff.

By Order of the Federal Maritime Commission.

Dated August 23, 1973.

JOSEPH C. POLKING,
Assistant Secretary.

WEDEMANN & GODKNECHT, INC., AND SOPAC TRANSPORT CORP.

Notice of Agreement Filed

Notice is hereby given that the following Agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763 (46 U.S.C. 814)).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1015; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, by September 7, 1973.

Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of Agreement filed by:

Gerald H. Ullman, Esq., 120 Broadway, New York, New York 10005.

Agreement No. FF 74-1, between Wedermann & Godknecht, Inc. (WGI FMC No. 889), Sopac Transport Corp. (Sopac FMC No. 832) and L. B. Fichtmann, the sole stockholder of Sopac, provides for the purchase of certain assets of Sopac by WGI. Under the terms of the agreement WGI is to acquire all of Sopac's New York ocean export accounts, its goodwill and all rights to the use of the name "Sopac" or any variant thereof on the east coast of the United States, except the State of Florida. In addition, a noncompete clause provides that for a period of five years after the closing, neither L. B. Fichtmann nor Sopac will in any manner, directly or indirectly, compete with or become interested in any competitor of WGI. The covenant applies to the east coast of the United States, except the State of Florida where Sopac operates an ocean forwarding business.

Sopac is to retain its independent ocean freight forwarder license and operate in the State of Florida.

By order of the Commission.

Dated: August 20, 1973.

JOSEPH C. POLKING,
Assistant Secretary.

FEDERAL RESERVE SYSTEM

AMERICAN BANCSHARES, INC.; NORTH MIAMI, FLORIDA

Order Approving Acquisition of Bank

American Bancshares, Inc., North Miami, Florida, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire 90 percent or more of the outstanding voting shares of Executive Bank of Fort Lauderdale, Fort Lauderdale, Florida (Bank).

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and none have been received. The application has been considered in light of the factors set out in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant has seven subsidiary banks, with aggregate deposits of $190.8 million,[1] representing less than one percent of deposits held by banks in Florida. Acquisition of Bank, which has deposits of $4.9 million, will have little effect on statewide concentration and on Applicant's share of deposits.

Bank opened for business in November, 1972, in the north Broward County banking market, extending from Fort Lauderdale to Boca Raton, Florida. Bank is one of the smaller of 48 banks in the market, with less than one percent of bank deposits in the area. Applicant's subsidiary nearest to Bank is Sterling National Bank of Davie, seventeen miles southwest, in the contiguous but separate market of south Broward County. Applicant does not compete with Bank, and Bank does not compete with any of Applicant's subsidiaries. No competition will be eliminated nor is it likely that Applicant will obtain a dominant position in the market by consummating the proposed acquisition.

The area's banking needs are being met by the organizations in the market. This acquisition should aid Bank in meeting the borrowing needs of its larger customers, and Applicant will assist Bank in developing a more diverse loan portfolio. Convenience and needs factors support approval.

Considerations relating to the financial and managerial resources and future prospects of Applicant, its subsidiaries and Bank, in view of Applicant's commitments to reduce its debt and to furnish additional capital to Bank, are regarded as satisfactory and consistent with approval of the application. It is this Federal Reserve Bank's judgment that the proposed transaction is in the public interest and that the application should be approved.

On the basis of the record in this case, the application is approved for the reasons summarized above. However, the transaction shall not be consummated (a) before the thirtieth calendar day following the effective date of this Order or (b) later than three months after the date of this Order, unless such period is extended for good cause by the Federal Reserve Bank of Atlanta pursuant to delegated authority.

By order of the Federal Reserve Bank of Atlanta, acting pursuant to delegated authority for the Board of Governors of the Federal Reserve System, effective August 16, 1973.

[SEAL] MONROE KIMBREL,
President.

[FR Doc.73-18219 Filed 8-27-73;8:45 am]

[1] Banking data are as of December 31, 1972, except that deposits of Bank are as of March 28, 1973. Holding company formations and acquisitions approved by the Board through June 28, 1973, are included.

EXCHANGE BANCORPORATION, INC.; TAMPA, FLORIDA

Order Approving Acquisition of Bank

Exchange Bancorporation, Inc., Tampa, Florida, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire up to 100 percent of the outstanding stock of Madeira Beach Bank, Madeira Beach, Florida (Bank).

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and none have been received. The application has been considered in the light of the factors set out in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant has ten subsidiary banks with aggregate deposits of $390.6 million, 2.29 percent of deposits in all banks in Florida, and is the tenth largest banking organization in the state.[1] Acquisition of bank, which as of March 28, 1973, had deposits of $30.9 million, will have only nominal effect on state-wide concentration and on Applicant's share of deposits.

Bank is the 14th largest bank in the relevant banking market, south Pinellas County, Florida, and holds 2.82 percent of aggregate deposits in this market. Applicant has one subsidiary in this market and three existing or proposed subsidiaries within a 25-mile radius of Bank. There is some overlap in the service areas between Applicant's subsidiaries and Bank, and Bank attracts a small percentage of commercial mortgage loans from the service area of Applicant's lead bank, Exchange National Bank of Tampa. Concurrently with this application Applicant is seeking to acquire First Gulf Beach Bank and Trust Company, St. Petersburg Beach, an affiliate of Bank through stockholders in common, and the limited competition between them would remain unchanged if this acquisition is approved. The two banks would also be eliminated as potential entry vehicles into the market for holding companies not present in the market. The effects of approval on competition are viewed as slightly adverse.

The banking needs of the community are being met by organizations in the market. Applicant has stated that improvements will be sought in the data processing operations, trust operations, and investment portfolio management of Bank. Furthermore, Bank has a relatively low loan to deposit ratio, and Applicant intends to improve Bank's lending practices and increase its volume of loans. These factors of meeting the convenience and needs of the community to be served lend sufficient support for approval to offset the slightly adverse competitive effects.

Considerations relating to the financial and managerial resources and future

[1] Banking data are as of June 30, 1972 unless otherwise stated.

prospects of Applicant, its subsidiaries, and Bank, in view of Applicant's commitment to increase equity capital in one subsidiary, are regarded as satisfactory and consistent with approval. It is this Federal Reserve Bank's judgment that the proposed transaction is in the public interest and the application should be approved.

On the basis of the record in this case, the application is approved for the reasons summarized above. However, the transaction shall not be consummated (a) before the 30th calendar day following the effective date of this Order or (b) later than three months after the date of this Order, unless such period is extended for good cause by the Federal Reserve Bank of Atlanta pursuant to delegated authority.

By order of the Federal Reserve Bank of Atlanta, acting pursuant to delegated authority for the Board of Governors of the Federal Reserve System, effective August 16, 1973.

[SEAL] MONROE KIMBREL,
President.

[FR Doc.73-18218 Filed 8-27-73;8:45 am]

EXCHANGE BANCORPORATION, INC.; TAMPA, FLORIDA

Order Approving Acquisition of Bank

Exchange Bancorporation, Inc., Tampa, Florida, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire up to 100 percent of the outstanding voting shares of First Gulf Beach Bank and Trust Company, St. Petersburg Beach, Florida (Bank).

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and none have been received. The application has been considered in light of the factors set out in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant has ten subsidiary banks with aggregate deposits of $390.6 million,[1] 2.29 percent of deposits in Florida banks. Acquisition of Bank, which has deposits as of March 28, 1973 of $46.3 million, will have only nominal effect on statewide concentration and on Applicant's share of deposits.

Bank is the tenth largest in south Pinellas County, Florida, the relevant banking market, and holds 4.22 percent of bank deposits in this market. Applicant has one subsidiary in this banking market and three existing or proposed subsidiaries within a 25-mile radius of Bank. There is some overlap in service areas between Bank and Applicant's subsidiaries, and Bank attracts a small percentage of commercial mortgage loans from the service area of Applicant's lead bank, Exchange National Bank of Tampa. Concurrently with this application, Applicant is seeking to acquire Madeira Beach Bank, an affiliate of Bank through stock ownership in common. Acquisition of these two banks would leave unchanged the limited competition between them, and would eliminate Bank as a potential entry vehicle into the market for companies not presently in the market. The competitive effects of the proposed acquisition are viewed as slightly adverse.

The Banking needs of the community are being met by organizations in the market. However, Applicant intends to improve Bank's data processing operations, trust operations and investment portfolio management. Bank has a relatively low loan to deposit ratio, and Applicant intends to change Bank's lending practices and increase its loan volume. The convenience and needs factors lending support for approval are sufficient to offset the slightly adverse competitive effects.

Considerations relating to the financial and managerial resources and future prospects of Applicant, its subsidiaries, and Bank, in view of Applicant's commitment to increase the equity capital in one of its subsidiary banks, are regarded as satisfactory and consistent with approval. It is this Federal Reserve Bank's judgment that the proposed transaction is in the public interest and that the application should be approved.

On the basis of the record in this case, the application is approved for the reasons summarized above. However, the transaction shall not be consummated (a) before the thirtieth calendar day following the effective date of this Order, or (b) later than three months after the date of this Order, unless such period is extended for good cause by the Federal Reserve Bank of Atlanta pursuant to delegated authority.

By order of the Federal Reserve Bank of Atlanta, acting pursuant to delegated authority for the Board of Governors of the Federal Reserve System, effective August 16, 1973.

[SEAL] MONROE KIMBREL,
President.

FIRST NATIONAL AGENCY OF AITKIN, INC.

Order Approving Formation of Bank Holding Company and Continuation of Insurance Agency Activities

The First National Agency of Aitkin, Inc., Aitkin, Minnesota, has applied for the Board's approval under § 3(a)(1) of the Act (12 U.S.C. 1842(a)(1)) of formation of a bank holding company through acquisition of 80 percent or more of the voting shares of The First National Bank of Aitkin, Aitkin, Minnesota (Bank).

At the same time, Applicant has applied for the Board's approval under section 4(c)(8) of the Act (12 U.S.C. 1843(c)(8)) and § 225.4(b)(2) of Regulation Y to continue to engage in permissible insurance agency activities in Aitkin, Minnesota (population of less than 2,000). The operation by a bank holding company of a general insurance agency in a community with a population not exceeding 5,000 is an activity that the Board has previously determined to be closely related to banking (12 CFR 225.4(a)(9)(iii)(a)).

Notice of receipt of the applications has been given in accordance with sections 3 and 4 of the Act, and the time for filing comments and views has expired. The Board has considered the applications and all comments received in light of the factors set forth in section 3(c) of the Act, and the considerations specified in section 4(c)(8) of the Act.

Applicant, which is wholly-owned by the president and principal shareholder of Bank, is a general insurance agency whose business operations are conducted from the premises of Bank. Bank ($12.5 million in deposits) the larger of two banks in Aitkin, a rural community in central Minnesota, controls 26.3 percent of the total deposits held by the five banks in the Aitkin banking market and is the largest bank in that market.[1] Since Applicant has no banking subsidiaries, acquisition of Bank by Applicant would not eliminate any existing competition. Moreover, it does not appear that the proposal would have an undue adverse effect on any other bank in the market, nor preclude the establishment of new banks in the area. Therefore, competitive considerations are consistent with approval of the application.

The financial and managerial resources and future prospects of Applicant and Bank are regarded as generally satisfactory and consistent with approval. Applicant will incur debt in acquiring Bank; however, its income from Bank and insurance agency activities should provide sufficient revenue to service the debt adequately without impairing the financial condition of Bank. Although consummation of the transaction would have no immediate effect on the area's banking needs, improved services may result in the future under the more flexible corporate structure of the holding company. Considerations relating to the convenience and needs of the community to be served, therefore, are consistent with approval of the application. It is the Board's judgment that consummation of the proposed transaction would be in the public interest and that the application to acquire Bank should be approved.

Applicant is one of three insurance agencies located in Aitkin and has been closely associated with Bank through common ownership. Continuation of Applicant's insurance activities would enable Bank's customers to enjoy the continued convenience of obtaining banking and insurance activities in conjuction with each other. There is no evidence in the record indicating consummation of the proposal would result in any undue concentration of resources,

[1] Banking data are as of June 30, 1972, unless otherwise indicated.

[1] All banking data are as of December 31, 1972.

unfair competition, conflicts of interest, unsound banking practices or other adverse effects on the public interest. On the basis of the foregoing and other facts reflected in the record, the Board has determined that the considerations affecting the competitive factors under section 3(c) of the Act and the balance of the public interest factors the Board must consider under section 4(c)(8) in permitting a holding company to engage in an activity on the basis that it is closely related to banking both favor approval of Applicant's proposal.

Accordingly, the applications are approved for the reasons summarized above. The acquisition of Bank shall not be consummated (a) before the thirtieth calendar day following the effective date of this Order, or (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Minneapolis pursuant to delegated authority. The determination as to Applicant's insurance activities is subject to the Board's authority to require reports by, and make examinations of, holding companies and their subsidiaries and to require such modification or termination of the activities of a holding company or any of its subsidiaries as the Board finds necessary to assure compliance with the provisions and purposes of the Act and the Board's regulations and orders issued thereunder, or to prevent evasion thereof.

By order of the Board of Governors,[2] effective August 20, 1973.

[SEAL] THEODORE E. ALLISON,
Assistant Secretary of the Board.

[FR Doc.73-18216 Filed 8-27-73;8:45 am]

FIRST NEW MEXICO BANKSHARE CORP.

Order Approving Acquisition of Bank

First New Mexico Bankshare Corp., Albuquerque, New Mexico, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire 80 percent or more of the voting shares of Grant County Bank, Silver City, New Mexico (Bank).

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant is the largest banking organization in New Mexico with seven subsidiary banks and controls, in the aggregate, approximately $542 million in deposits, representing approximately 25 percent of the deposits in commercial banks in the State. Consummation of this proposal would increase Applicant's share of the deposits in the State by less than one percent and would not significantly increase the concentration of banking resources in New Mexico.

Bank is the slightly larger of two banks in Silver City, New Mexico, controlling approximately $14 million in deposits. Applicant's closest present subsidiary is located more than 238 miles from Bank and there is no existing competition between Bank and any of Applicant's present subsidiaries. Due to the cyclical nature of the economy, which is based on mining, and the fact that deposits per banking office in the Silver City market are lower than the state average, de novo entry does not appear attractive. The Board concludes that consummation of the proposal would have no adverse effects on existing or potential competition.

The financial and managerial resources and future prospects of Applicant (and its subsidiary banks) are satisfactory to excellent. The financial resources and future prospects of Bank are generally satisfactory. Bank appears to have a slight management succession problem as well as a problem in obtaining competent middle management. Applicant would help solve this problem and provide continuous aggressive and competent management. Considerations relating to financial and managerial resources lend slight weight in favor of approval of the application. While there is no evidence that the banking needs of the public in the Silver City market are going unserved, there are public benefits to be derived from this proposal in the form of proposed new services to be offered. Applicant proposes to have Bank offer trust services, payroll accounting services, and placement of real estate loans with permanent investors, as well as raise the passbook savings rate to the maximum. Considerations relating to the convenience and needs of the community therefore also lend slight weight in favor of approval of this application.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be consummated (a) before the thirtieth calendar day following the effective date of this Order or (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Kansas City pursuant to delegated authority.

By order of the Board of Governors,[3] effective August 20, 1973.

[SEAL] THEODORE E. ALLISON,
Assistant Secretary of the Board.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (73-65)]

SPACE SHUTTLE MAIN ENGINE COMPONENT AND SUBSYSTEM TESTING, CALIF.

Final Environmental Impact Statement; Public Notice Regarding Availability

Notice is hereby given of the public availability of the final Envronmental Impact Statement for the Space Shuttle Man Engine Component and Subsystem Testing, Santa Susana, California.

Comments on the draft Environmental Statement were previously solicited from State and local agencies and members of the public through a notice in the Federal Register of April 16, 1973.

Copies of the draft and final statement have been furnished to the Council on Environmental Quality, Office of Management and Budget, Environmental Protection Agency, Department of Defense, Department of Health, Education, and Welfare, Department of Commerce, Department of Transportation, Department of Housing and Urban Development, and the Department of the Interior.

Copies of the final statement may be obtained or examined at any of the following locations:

(a) National Aeronautics and Space Administration, Public Documents Room (Room 126), 600 Independence Ave., SW., Washington, D.C. 20546.

(b) Ames Research Center, NASA (Building 201, Room 17), Moffett Field, Calif. 94035.

(c) Flight Research Center, NASA (Building 4800, Room 1017), P.O. Box 273, Edwards, Calif. 93523.

(d) Goddard Space Flight Center, NASA (Building 8, Room 150), Greenbelt, Md. 20771.

(e) Johnson Space Center, NASA (Building 1, Room 136), Houston, Tex. 77058.

(f) John F. Kennedy Space Center, NASA (Headquarters Building, Room 1207), Kennedy Space Center, Fla. 32899.

(g) Langley Research Center, NASA (Building 1219, Room 304), Hampton, Va. 23365.

(h) Lewis Research Center, NASA (Building, Administration, Room 120), 21000 Brookpark Rd., Cleveland, Ohio 44135.

(i) George C. Marshall Space Flight Center, NASA (Building 4200, Room G-11), Huntsville, Ala. 35812.

(j) Mississippi Test Facility, NASA (Building 1100, Room A-213), Bay St. Louis, Mo. 39520.

(k) NASA Pasadena Office (Jet Propulsion Laboratory, Building 180, Room 600), 4800 Oak Grove Dr., Pasadena, Calif. 91103.

(l) Wallops Station, NASA (Library Building, Room E-105), Wallops Island, Va. 23337.

Done at Washington, D.C., this 22d day of August 1973.

By direction of the Administrator.

HOMER E. NEWELL,
Associate Administrator, National Aeronautics and Space Administration.

SECURITIES AND EXCHANGE COMMISSION

[Release Nos. 34-10260, 34-10351; File No. 4-168]

NATIONAL ASSOCIATION OF SECURITIES DEALERS, INC.

Request for Comments on Proposed Tax Shelter Rule

The Commission today announced that it is requesting public comment on proposed rules[1] now being considered for adoption by the National Association of Securities Dealers, Inc. ("NASD") which would establish a system of regulation in connection with the distribution by NASD members of securities of tax sheltered programs.[2]

The NASD published for comment on May 9, 1972 proposals which were substantially similar to the present proposals. The Commission has decided to supplement and update the NASD's publication by requesting all persons interested in this matter (including those who submitted comments to the NASD last May) to submit their views directly to the Commission. The Commission desires comments not only to aid in its possible consideration of the specifics of the NASD's proposed plan of regulation, when it is filed formally under the provisions of section 15A(j) of the Exchange Act, but also to provide itself with a broadened basis for developing its own policy respecting an appropriate regulatory approach in the tax shelter area generally. It should be emphasized that the Commission has not yet officially reviewed the NASD rules and has suggested that the NASD defer further action to establish and implement its program until the Commission and the Association have had an opportunity to examine the responses to this release.

A. *Background.*—For the past few years the NASD, as well as other regulatory and self-regulatory organizations, has been concerned about the expanding number of sales of tax sheltered securities which it believed were not being adequately regulated. The present NASD rule proposals reflect two years of effort on the part of the NASD and its special committees to remedy various significant problems it believes are present in many tax sheltered offerings. During this period the NASD has advised the Commission staff of its progress on a regular basis.

The Commission has also been concerned with tax sheltered programs. For example, it has initiated a proposal for federal legislation which would provide for the protection of participants in oil and gas drilling funds or programs.[3] The proposal is designed to deal with oil and gas programs which provide flow-through federal tax treatment to investors and which generally offer their participation interests to the public. Its regulatory provisions would, among other things, provide controls designed to prevent conflicts of interest and unfair transactions between oil and gas programs and their managers; prohibit changes in fundamental policies of an oil and gas program without the approval of program participants; and require that persons acting as program managers do so pursuant to a written contact, material alterations of which would have to receive the participants' approval.

In another area, the Commission on May 3, 1972 appointed a Real Estate Advisory Committee to study the securities regulatory questions raised by real estate investment programs. The Committee's report which was published on October 12, 1972 emphasized the importance of certain present regulatory tools, such as the disclosure requirements under the Federal securities laws, to ensure that adequate information is available to customers; but, it also expressed caution against extending present Commission regulation over real estate securities.[4] The Committee concluded, however, that if improved disclosure and enforcement policies do not adequately protect the interests of public purchasers in a competitive market, and if the state regulatory agencies and self-regulatory organizations are unable to achieve satisfactory uniformity in their regulatory programs in this regard, then a federal legislative approach may be necessary. The Committee also indicated that if legislation is deemed appropriate it might be modeled after the proposed Oil and Gas Investment Act.

Many of the states and various groups of state securities administrators have also been active in pursuing effective regulatory control over tax sheltered programs. In California, for example, the Real Estate Advisory Committee to the Commissioner of Corporations submitted its findings on February 23, 1973, and proposed rules for the offer and sale of real estate programs covering disclosure, investor suitability and management fees, among other matters. Rule proposals covering real estate syndications comparable to California's have also been adopted by the Midwest Securities Commissioners Association and we understand that they have been implemented in about 24 states represented in that group. These rules are substantially comparable to the NASD's proposals in the real estate area. The North American Securities Administrators Association also has been actively concerned with developing model rules and guidelines for use by its members within their own jurisdictions.

B. *Nature of the NASD proposals.*—The NASD rule proposals, which would prescribe standards governing tax shelters in which its members may participate, are rather lengthy (about 50 pages) and cover a great many aspects of their operations and underwriting arrangements. We have therefore prepared the following summary of them in order to facilitate discussion. The section numbers in parentheses refer to the appropriate sections of the NASD's draft.

1. Expertise (section 2(a) and (b))—NASD members who desire to act as sponsors of a program would be required to have a certain expertise appropriate to such a program (i.e., at least 4 years of experience in such matters).

2. Minimum Program Net Worth and Public Sales (section 2(c) and (d))—a sponsor would have to have a certain net worth before NASD members could underwrite or participate in the distribution of the program.[5] In oil and gas programs, a minimum amount of public sales would have to be effected before the program could be activated. If such an amount were not raised, then all funds received from participants would have to be returned to them.

---

[1] The full current text of the rules is available for review or copying at the Commission's Public Reference Room, at 500 North Capitol St., Washington, D.C. 20549, or upon request from the NASD's Department of Corporate Financing, 1735 K Street NW., Washington, D.C. 20006, after July 5, 1973. It is suggested that persons wishing to comment on the specifics of these rule proposals utilize this text as the basis for such comments. For those who may be interested only in responding to the policy questions discussed in section C of this release, the May 9, 1972 draft of the rules previously disseminated by the NASD appears to be sufficient for this purpose.

Under section 15A(j) of the Securities Exchange Act of 1934, the NASD is required to submit any change in or addition to its rules for Commission review. Any such rule change or addition automatically takes effect thirty days after filing it with the Commission (or sooner if the Commission permits) unless the Commission enters an order disapproving it; such disapproval is given if the alterations or additions are inconsistent with the requirements of the Securities Exchange Act.

The subject rule proposals, which represent the NASD's most recent draft, are not at this stage a formal NASD filing under section 15A(j). The Commission understands, however, that the NASD is now prepared to make such a filing.

[2] Basically, a "tax shelter" is an investment in which flow-through tax benefits are a material factor affording investors relatively large deductions and lower income tax rates. Because of their tax significance these investments are usually sold to individuals who have substantial incomes.

[3] S.-1050, 93d Cong., 2nd Session (February 28, 1973), as submitted by the Securities and Exchange Commission. This bill was originally introduced on August 7, 1972, S.-3884.

This proposed legislation was drafted by the Commission pursuant to the directive of the Managers on the part of the House in their statement appended to the Report of the Conference Committee on the Investemnt Company Amendment Act of 1970 (Pub. L. 91-547, approved December 14, 1970).

[4] Real Estate Advisory Committee, Report to the Securities and Exchange Commission (October 12, 1972) at pp. 5, 14 and 15.

[5] It should be noted that the NASD uses the concept of net worth based on fair market value whereas the Midwest Securities Commissioners Association guidelines (as referred to above) use book value in computing net worth. Comments are invited as to the relative validity of these two methods for use by the NASD in the real estate area.

In programs other than oil and gas, there would likewise have to be minimum public sales before the program could be activated; however, unlike the oil and gas requirements, there would be no specified minimum dollar standard. Instead, this provision would require that there be sufficient funds to effect the objectives of the program.

3. Tax Benefits (section 2(e))—if the program could not substantiate its favorable tax benefits as described in the prospectus, by presenting a tax ruling or an opinion in respect to such matters by an independent tax counsel, an NASD member could not underwrite or participate in the distribution. Another provision of the proposed rules would require that purchasers have a right of withdrawal if the tax benefit representations in the prospectus were not accurate.

4. Subscriptions (section 2(f))—the amount of a subscription for an oil and gas program could not be less than $5,000. Other types of programs would not be required to have a minimum subscription amount.

Installment Payments (section 2(g))—deferred subscription payments beyond a 12-month period may be permitted only in certain types of offerings, for example, in farming and real estate developments, among others.

5. Assessments[6] (section 2(j)-(p))—proper disclosure would be required by the rules of possible assessments, mandatory or optional, which may be levied against program participants. Also, certain limitations would be placed on the maximum amount of mandatory assessments, and on the amount of certain penalties for failing to pay various assessments.

6. Reinvestment (section 2(g))—an investor would be provided with complete information on the amount of money to which he is entitled under a reinvestment program and with a copy of a prospectus relating to such subsequent program before deciding to participate.

7. Liquidation of Program Interests (section 2(r), (s) and (t))—programs whose sponsors are permitted to liquidate their interests would be required to allow public participants to transfer or sell their program interests on a comparable basis. When the latter possibility is provided, the rules would require that an independent appraisal be made of the liquidation values.

8. Disclosure of Certain Transactions (section 2(u) and (v))—in addition to requirements that all of the above information be fully disclosed in the prospectus, the rules would require specifically that information concerning business transactions of the program with any person would have to be similarly disclosed, if the aggregate amount of such transaction is at least 20 percent of the total dollar value of the participants' interest in the program.

9. Rights of Participants (section 3)—the provisions in this area concern the legal relationships between the program and its participants. If the enumerated standards were not met, an NASD member would be prohibited from participating in the distribution of the program. Some of these requirements would be the right of participants by majority vote to remove the sponsor, to amend the partnership agreement and to dissolve the partnership; the termination of all contracts between the program and the sponsor without penalty on 60 days notice in writing; and the right of a participant to obtain a list of the names, addresses and interests held by all participants in the program (after payment of reproduction costs).

10. Conflicts of Interest (section 4)—all potential conflicts of interest of sponsors and managers would be required to be fully disclosed in the prospectus. Also, if any property is sold to a program by its sponsor, the sale price would have to be established as fair according to the procedures established by the proposed rules; for example, the fair market value of the property would have to be determined by an independent qualified appraiser.

11. Suitability (section 5)—a program would be required to establish and disclose in the prospectus its suitability standards for program participants. In order to determine the suitability of a program for a particular investor, the rules would establish certain minimum guidelines, among which are that the customer should be reasonably anticipated to be in at least a 50 percent tax bracket, in certain high risk situations, and that the customer have a net worth sufficient to sustain the risk inherent in the program, including the loss of his investment.

12. Organization and Offering Expenses[7] (section 6)—the underwriting arrangements, including compensation received by NASD members for underwriting activities, would have to be fair and reasonable and fully disclosed in the prospectus. The rules also would provide that the organization and offering expenses must not exceed 15 percent of the dollar amount of the cash receipts of the offering.

13. Sponsor's Compensation (section 7)—a summary of all compensation to the sponsor would be required to be disclosed in the prospectus and such compensation would have to be fair and reasonable. Also, the amount of compensation to sponsors would be subject to specific guidelines, with separate standards for oil and gas and real estate programs. For example, in the real estate area, the rules would require that programs prohibit the payment of rebates, concessions and comparable forms of compensation to the sponsor by a third party who has rendered services to the program for which he was compensated and would limit property management fees paid to a sponsor to an amount no higher than customary charges for similar services by an non-affiliated person engaged in property management as a regular business.

14. Periodic Reports (section 8)—these provisions would require sponsors and programs to send specified reports to participants—e.g., quarterly reports (by oil and gas programs during the drilling phase of operations only), containing information concerning the receipt and disbursement of revenue and other information, and annual statements after the close of the fiscal year.

15. Sales Literature (section 9)—the proposed rules set forth detailed standards regarding the content of sales literature utilized by members and would require such literature to be filed with the NASD for review in advance of use. The rules would require that certain information be included in all sales literature; for example, a statement of the relevant factors relating to investment suitability of the program, the amount of sales charges and an accurate statement of the tax aspects of the program.

C. *Policy questions.*—While there appears to be wide support for more precise and effective regulation concerning tax sheltered distributions, and while considerable effort has already been devoted to formulating standards, the Commission believes that further discussion of some overall policy issues relating to the NASD proposals would be appropriate. Thus, the Commission requests that interested persons direct comments to the following policy questions.

1. *Scope of NASD regulation.*—a. In many of the areas covered by the proposed rules, the NASD has traditionally regulated the activities of its members. Among other things, it has dealt with qualification requirements for its members (under which would fall the proposed experience requirement referred to in paragraph 1 of the above summary), and it maintains standards for a review of sales literature (comparable to those discussed in paragraph 15).[8] Also in this category are the provisions that would require NASD members adequately to assure themselves that purchasers of tax sheltered securities have sufficient financial resources to undertake the risks of such an investment (paragraph 11).[9] Tax shelter organization and offering ex-

[6] Assessments, as used here, are understood to include additional amounts of capital which a participant may be required or requested to furnish beyond the subscription price.

[7] Such expenses, as defined by the proposed rules, are those "charged directly to the program which are incurred in preparing a tax sheltered program for registration and subsequently offering and distributing it to the public * * *."

[8] See qualification requirements under Article 1, section 12 and Schedule C of its Bylaws (CCH, NASD Manual, Par. 1102A) and standards for sales literature used by member firms pursuant to the Interpretation of the NASD's Board of Governors concerning advertising generally (CCH, NASD Manual, Par. 2151) and investment company securities (CCH, NASD Manual, Par. 5252).

[9] This suitability requirement is comparable in certain respects to the present NASD rule concerning member recommendations to customers. Article III, Section 2 of the NASD's Rules of Fair Practice (CCH, NASD Manual, Par. 2152).

penses (paragraph 12) and the requirements concerning prospectus disclosures (paragraphs 3, 5, 6, 8, 10, and 11) are additional subjects covered by the proposed rules which are now covered under comparable present NASD provisions for other underwritings.[10]

b. On the other hand, the NASD is also considering rules concerning tax shelters which may indirectly affect non-NASD members (e.g. sponsors and issuers) in ways not thought of heretofore as within the usual scope of the NASD's functions.[11] These include requirements relating to the program's net worth and public sales (paragraph 2), amount of participant subscriptions and arrangements for installment payments (paragraph 4), assessments (paragraph 5), liquidation of program interests (paragraph 7), rights of participants (paragraph 9), conflicts of interest (paragraph 10), sponsor's compensation (paragraph 13) and periodic reports (paragraph 14).[12] The effect of these provisions would be that NASD members would be prevented from underwriting or participating in the distribution of the securities of tax sheltered programs unless such programs (e.g. the issuer and their managers) met the standards and requirements of the proposed rules. To this extent the issuer would be indirectly regulated by the NASD under federally granted powers. Since several of these regulatory standards would appear to go to the merits of tax shelter securities and to the propriety of various policies and practices of the managements of such issuers, they are substantially similar in impact to the "blue-sky" fairness statutes of a number of states. These aspects of the NASD's contemplated regulatory program give rise to a number of important policy issues:

i. The "blue-sky" impact may be in contrast with the underlying philosophy of the federal scheme of regulation of the public distribution by issuers of securities reflected in the Securities Act of 1933, which is basically one of full and fair disclosure. The thrust of the 1933 Act in this regard is "to assure ample and reliable data for decision making by investors and the financial community, as distinguished from the Federal Government assuming the more paternalistic role of passing on the merits of securities." [13] Thus, there is a policy question, on which comments would be appreciated, as to whether the NASD, in the exercise of its broad authority under the Exchange Act over the conduct of its members,[14] would be engaging in a type of issuer-oriented regulation inconsistent with the intent of the 1933 Act. If so, the further question arises whether the Exchange Act affords adequate legislative sanction for such regulation.

ii. The NASD estimates that its members distribute about three-quarters of all registered tax sheltered programs and in about one-half of these, an NASD member or an affiliate is the sponsor. In view of the NASD membership's involvement in the issuer-management phases of the investment products it sells to investors, its issuer-oriented proposals may be appropriate to that extent. Thus, if it is determined that the NASD should not, as a general proposition, pursue its rule proposals insofar as they relate to issuer-quality and management practices, then, in the alternative, it may be deemed appropriate for the NASD to enact the latter rules limiting their applicability to member affiliated issuers. Public comment on the practicality of this approach is invited.

iii. It has been contended by some that if additional regulation of issuers of tax sheltered programs along the lines described in the preceding two paragraphs (i and ii) is necessary, it should be achieved through comprehensive federal regulation rather than NASD rulemaking. The argument here seems to be predicated on concern whether it would be appropriate to give a self-regulatory organization composed of businessmen the authority and responsibility to effectively bar access to the capital markets for specific categories of investment "products." Since it is possible that federal regulation with respect to tax sheltered programs in the areas highlighted by the NASD proposal may be in order ultimately, there is a question as to whether the necessary authority and responsibility to administer such regulation, to the degree required, should reside solely in governmental hands rather than in the hands of distributors of competitive products. Comments on this question are invited.

iv. Considerations of the nature discussed in paragraphs i, ii, and iii above bear on the question of the appropriate allocation of regulatory responsibility, in this instance as between the Commission and the NASD. Interested persons are therefore invited to comment on the NASD's tax shelter proposals from the viewpoint of how this responsibility and authority, with respect to each of the problem areas they would deal with, should be apportioned.

2. *Improved disclosures.*—It should be noted that the Commission has been considering under its present powers possible additional measures in the tax shelter area, including stepped up enforcement of present rules and the need for additional rules to improve prospectus disclosures.[15] Among the recommendations included in the Report to the Commission of the Real Estate Advisory Committee (October 1972) were suggestions that the Commission augment its efforts to ensure that full and proper disclosure is provided in prospectuses under the Securities Act of 1933 relating to real estate tax shelter offerings and to consider promulgating additional disclosure rules which would more adequately treat the individual characteristics of these tax sheltered programs.[16] The Commission intends to pursue this course.

3. *Need for development of a legislative program.*—The information gathered by the Commission through its surveillance programs and the cooperative efforts of the state authorities and the NASD indicates that additional regulation of tax shelters in the general areas included in the NASD rule proposals may well be needed. Many of these problems cannot readily be addressed by the Commission under its present statutory powers. By means of legislation the Commission could acquire full and flexible direct authority to regulate, when necessary. Legislation also may be desirable to help resolve some or all of the legal and policy questions regarding the proper scope of NASD authority con-

[10] See Review of Corporate Financing Interpretation of the (NASD) Board of Governors relating to Section 1 of Article III of the Rules of Fair Practice (CCH, NASD Manual, Par. 2151).

[11] The Commission must also consider the NASD's rule proposals in light of its regulatory responsibilities respecting those nonmember broker-dealers who qualify under section 15(b)(8) of the Exchange Act as "SECO" firms. In this regard, the Commission generally would consider proposing rules comparable to the NASD's in order to maintain the comparability between NASD and SECO firms from a regulatory viewpoint.

[12] It should be noted that several of these sections also include some provisions, such as participant suitability or disclosure standards, where the NASD has had an interest in the past.

[13] Securities and Exchange Commission, Report of the Special Study of the Securities Markets, H.R. Doc. 95, 88th Cong., 1st Sess., pt. 1 (1962) at p. 591; see also section 23 of the Securities Act of 1933 (15 U.S.C. § 77w).

[14] Section 15A(b)(8) of the Exchange Act provides, in pertinent part: "An applicant association shall not be registered as a national securities association unless it appears to the Commission that * * * the rules of the association are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to provide safeguards against unreasonable profits or unreasonable rates of commissions or other charges and, in general, to protect investors and the public interest, and to remove impediments to and perfect the mechanism of a free and open market."

[15] With regard to recent Commission action in the disclosure area, we note that on February 2, 1973 (Release No. 33-5362 and Release No. 34-9984) the Commission announced plans to take the first steps toward integrating projections of sales and earnings of issuers into the disclosure system. The Commission also indicated, among other things, that it recognizes that any rules it may adopt in this area will have to accommodate the different time periods which may be used to formulate projections of tax sheltered programs.

[16] For example, in its report, the Advisory Committee recommended that a prospectus offering real estate securities should contain, among other things:

"(a) A clear exposition of the real and potential conflicts of interest that may be involved in the sale of the securities, the use of the proceeds, and the management of the properties purchased. This section should include a summary of each type of transaction in which an affiliate may engage with the registrant, and the manner of resolving the conflicts."

"(b) A clear statement of the duties that the general partner owes to the limited partners * * * along with an explanation of the various ways of enforcing the duties."

sidered above. The Commission's views with respect to the formulation of a legislative program will hinge in large part on the conclusions it reaches following consideration of the public comments it receives in response to this release. Accordingly, the Commission also would welcome views of all interested persons on the need for and the appropriate structure and content of such a program.

4. *Partial Regulation by the NASD.*—Commentators also are invited to consider the advisability of the NASD proceeding to implement rules covering one or more of the "traditional" areas discussed above (at p. 7) without going forward, pending possible legislative action, in the other, less traditional areas. The Commission is now inclined to the view that the implementation of the NASD proposals which do not raise the legal and policy issues previously noted should proceed, subject to Commission and NASD consideration of the responses to this release, pending development of a legislative program.

The Commission desires to receive comments from all interested persons and requests that such comments be directed as much as possible to the issues discussed heretofore. While comments with regard to the specifics of the NASD rule proposals are also welcome, the Commission is particularly interested in receiving the views concerning the basic policy questions referred to above as to the proper regulatory approach to tax sheltered programs.

Interested persons are requested to submit their views, any data or other comments or information, in writing with two copies, on the foregoing issues prior to September 15, 1973[1] to the Office of the Secretary, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. All communications should refer to File No. 4–168.

By the Commission.

[SEAL] RONALD F. HUNT,
Secretary.

JULY 2, 1973.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

WISCONSIN DEVELOPMENTAL PLAN

Notice of Informal Hearing

On January 31, 1973 (38 FR 3019), notice was published of the submission, pursuant to section 18 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 667) and 29 CFR 1902.11, and availability for public comment of the Occupational Safety and Health Plan for the State of Wisconsin. An initial examination of the plan, reveals that it proposes to meet the standards of section 18(c) of the Act and 29 CFR Part 1902 by extensive use of general administrative rulemaking authority. Under the plan, the following requirements, among others, would be met by regulatory rather than statutory authority: Prohibition of advance notice of inspections, procedures and criteria for granting variances to standards, employee complaint and participation in inspection procedures, and employee protection against discrimination. In addition, the State's penalty and collection provisions are different from those of the Act.

In view of the necessity for the widest information on the effectiveness of these different approaches in meeting the requirements of the Act and the regulations for State plan approval, the Assistant Secretary for Occupational Safety and Health hereby gives notice under 29 CFR 1902.11(e) that an informal hearing will be held on the plan on September 12, 1973, commencing at 9:30 a.m. (c.s.t.). Interested persons are invited to present orally data, views, or arguments concerning the plan and the issues presented thereby at the informal hearing. The informal hearings will be held in the auditorium, Wisconsin Center Building, 702 Langdon Street, Madison, Wisconsin 53706.

Beginning at 9:30 a.m. on September 12, 1973, the administrative law judge will hold abrief prehearing conference in order to establish the order and time for the presentation of statements and settle any other matters which may be relevant to the disposition of the hearing. The informal hearing will begin at the close of the prehearing conference.

Interested persons desiring to appear at the informal hearing shall file in writing a notice of intention to appear with the Acting Director of Federal and State Operations, Room 305, Railway Labor Building, 400 First Street NW., Washington, D.C. 20210. The notice of intention to appear (original and two copies) must be filed no later than September 7, 1973. The notice must state the name and address of the person to appear, and the approximate amount of time required for his presentation. The notice must also include, or be accompanied by, a statement of the position to be taken with regard to the plan and of the evidence to be adduced in support of the position. The use of prepared statements by witnesses is encouraged. All documents intended to be submitted for the record at the hearing should be submitted in duplicate.

The informal hearing will be conducted in accordance with 5 U.S.C. 556 and 557 by an administrative law judge to be appointed pursuant to 5 U.S.C. 3105. The presiding administrative law judge is empowered to:

(1) Rule upon procedural requests, objections, and other procedural matters;

(2) Regulate the course of the hearing and the presentation of oral data, views, or arguments concerning the plan.

The hearing will be reported verbatim, and transcripts will be available for inspection to any interested person on such conditions as the presiding administrative law judge may prescribe. The judge will have discretion to keep the record of the hearing open for a reasonable stated time to receive written recommendations, and additional data, views, and arguments from any person who has participated in the oral proceeding. Within a reasonable time following the close of the record the administrative law judge shall certify the complete record, including the transcript of the hearing, all exhibits filed during the hearing, all written submissions on the proposed rules, and any posthearing presentations to the Assistant Secretary of Labor for Occupational Safety and Health for his decision.

The Assistant Secretary of Labor for Occupational Safety and Health shall thereafter consider all relevant comments and arguments presented and issue his decision on the Plan. Signed at Washington, D.C., this 24th day of August, 1973.

JOHN STENDER,
Assistant Secretary of Labor.

RAISIN ADVISORY BOARD

Notice of Public Meeting

Pursuant to the Federal Advisory Committee Act (Pub. L. 92–463; 86 Stat. 770), notice is given of a meeting of the Raisin Advisory Board at 7:30 p.m., P.d.t., September 10, 1973, in the Press Room of the Fresno Hilton Hotel, Fresno, California.

The purpose of the meeting is to: Develop recommendations to be submitted to the Raisin Administrative Committee regarding marketing policy for the 1973–74 crop year; receive a report of the International Sultana Conference meeting which was held in London in June; and receive a report of a meeting between industry representatives and exporters. The meeting of the Raisin Advisory Board will be open to the public.

The Raisin Advisory Board is established under the marketing agreement, as amended, and Order No. 989, as amended (7 CFR Part 989), regulating the handling of raisins produced from grapes grown in California. The marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (Secs. 1–19, 48 Stat. 31, as amended (7 U.S.C. 601–674)).

The names of board members, agenda, summary of the meeting and other information pertaining to the meeting may be obtained from Clyde E. Nef, Manager, Raisin Administrative Committee, 732 North Van Ness, Fresno, California 93720; telephone 209–268–5666.

Dated August 22, 1973.

E. L. PETERSON,
Administrator,
Agricultural Marketing Service.

[FR Doc.73–18175 Filed 8–27–73;8:45 am]

[1] The original deadline of August 15, 1973 is extended by Release No. 34–10351. The Commission has received several requests for such an extention and has determined to extend the deadline in view of the significance of the relevant issues and its desire to afford sufficient time for all interested persons to respond. (August 20, 1973.)

Animal and Plant Health Inspection Service

HUMANELY SLAUGHTERED LIVESTOCK

Identification of Carcasses; List of Establishments

Pursuant to section 4 of the Act of August 27, 1958 (7 U.S.C. 1904), and the statement of policy thereunder in 9 CFR 391.1, the following table lists the establishments operating under Federal inspection pursuant to the Federal Meat Inspection Act, as amended (21 U.S.C. 601 et seq.) which were officially reported as humanely slaughtering and handling the species of livestock respectively designated for such establishments in the table. Additions to and deletions from this list will be made from time to time as the facts may warrant, by notices published in the FEDERAL REGISTER. The establishment number given with the name of the establishment is branded on each carcass of livestock inspected at that establishment. The table should not be understood to indicate that all species of livestock slaughtered at a listed establishment are slaughtered and handled by humane methods unless all species are listed for that establishment in the table. Nor should the table be understood to indicate that the affiliates of any listed establishment use only humane methods.

Rural Electrification Administration

SOUTHERN MARYLAND ELECTRIC COOPERATIVE, INC.

Draft Environmental Statement

Notice is hereby given that the Rural Electrification Administration has prepared a Draft Environmental Statement in accordance with section 102(2)(c) of the National Environmental Policy Act of 1969, in connection with a proposed loan application from Southern Maryland Electric Cooperative, Inc., Hughesville, Maryland. This loan application, together with funds from other sources, will include financing for approximately 22.3 miles of 230 kV transmission line with a switching station at one terminal and a 230 kV to 69 kV step down substation at the other terminal.

Additional information may be secured by request submitted to Mr. David H. Askegaard, Assistant Administrator—Electric, Rural Electrification Administration, U.S. Department of Agriculture, Washington, D.C. 20250. Comments are particularly invited from State and local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental impact involved from which comments have not been requested specifically.

Copies of the REA Draft Environmental Statement have been sent to various Federal, State and local agencies, as outlined in the Council on Environmental Quality Guidelines. The Draft Environmental Statement may be examined during regular business hours at the offices of REA in the South Agriculture Building, 12th Street and Independence Avenue SW, Washington, D.C., Room 4310, or at Southern Maryland Electric Cooperative, Inc., Hughesville, Maryland.

Comments concerning the environmental impact of the construction proposed should be addressed to Mr. Askegaard at the address given above. Comments must be received on or before October 12, 1973 to be considered in connection with the proposed use of loan funds.

Any loan which may be made pursuant to this application will be subject to, and release of funds thereunder contingent upon, REA's reaching satisfactory conclusions with respect to environmental effects and after compliance with Environmental Statement procedures required by the National Environmental Policy Act of 1969.

Dated at Washington, D.C., this 22 day of August, 1973.

DAVID A. HAMIL,
Administrator, Rural Electrification Administration.

Office of the Secretary

LAUREL RIVER LAKE, KENTUCKY

Joint Order Interchanging Administrative Jurisdiction of Department of the Army Lands and National Forest Lands

CROSS REFERENCE: For a document issued jointly by the Department of Defense and the Department of Agriculture transferring Army lands and National Forest lands, see FR Doc. 73-18181, Department of Defense, Department of the Army, *supra*.

INTERSTATE COMMERCE COMMISSION

[Notice 329]

ASSIGNMENT OF HEARINGS

AUGUST 23, 1973.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after the date of this publication.

MCC 8088, Point Express, Inc.—Investigation and Revocation of Certificates—now assigned September 27, 1973, at Columbus, Ohio, is postponed indefinitely.

MCC 8089, Interstate Motor Freight System—Investigation and Revocation of Certificates—MC 35628 Sub 343, Interstate Motor Freight System, now being assigned prehearing conference September 24, 1973, at the Offices of the Interstate Commerce Commission, Washington, D.C.

MC 20824 Sub 31, Commercial Motor Freight, Inc., now assigned October 23, 1973, at Indianapolis, Ind., will be held in Conference Room, State Office Bldg., 100 N. Senate Avenue.

MC 119493 Sub 100, Monkem Company, Inc., now assigned September 12, 1973, at Kansas City, Mo., is postponed indefinitely.

MC 5623 Sub 22, Arrow Trucking Co., now assigned September 10, 1973, at Kansas City, Mo., is canceled and the application is dismissed.

No. 35717, Southern Railway Company V. Union Pacific Railroad Company and the Denver and Rio Grande Western Railroad Company; No. 35717 Sub 1, Louisville and Nashville Railroad Company V. Union Pacific Railroad Company and the Denver and Rio Grande Western Railroad Company now being assigned further prehearing conference October 2, 1973, at the Offices of the Interstate Commerce Commission, Washington, D.C.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.73-18233 Filed 8-27-73;8:45 am]

FOURTH SECTION APPLICATIONS FOR RELIEF

AUGUST 23, 1973.

An application, as summarized below, has been filed requesting relief from the requirements of section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 1100.40 of the General Rules of Practice (49 CFR 1100.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

FSA No. 42736—*Perlite Rock from Antonito, Colorado.* Filed by Western Trunk Line Committee, Agent (No. A-2688), for interested rail carriers. Rates on perlite rock, in carloads, as described in the application, from Antonito, Colorado, to Woodbury, N.J.

Grounds for relief—Rate relationship.

Tariff—Supplement 365 to Western Trunk Line Committee, Agent, tariff 134-Q, ICC No. A-4620. Rates are published to become effective on September 25, 1973.

FSA No. 42737—*Salt to Rittman, Ohio.* Filed by Southwestern Freight Bureau, Agent (No. B-425), for interested rail carriers. Rates on salt, common, in bulk in covered hopper cars, as described in the application, from specified points in Louisiana, to Rittman, Ohio.

Grounds for relief—Market and barge-truck competition.

Tariff—Supplement 2 to Southwestern Freight Bureau, Agent, tariff 137-I, ICC No. 5091. Rates are published to become effective on September 29, 1973.

By the Commission.

[SEAL] JOSEPH M. HARRINGTON,
Acting Secretary.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

■

TELECOMMUNICATIONS

Proposed Standards

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[29 CFR Part 1910]

TELECOMMUNICATIONS

Proposed Safety and Health Standards

Pursuant to section 6(b) of the Williams-Steiger Occupational Safety and Health Act of 1970 (84 Stat. 1593; 29 U.S.C. 655), Secretary of Labor's Order No. 12–71 (36 FR 8754) and 29 CFR 1911.11, it is hereby proposed to establish Safety and Health Standards relating to work involved in the provision of telecommunications services. The foremost concern of these standards is to assure that telecommunication workers will take proper precautionary measures and have proper training with respect to them and will use appropriate protective equipment in the carrying out of their duties. The primary hazards to which these standards are directed relate to the prevention of injuries caused by electricity and falling.

As helicopters and aerial lifts are frequently used in telecommunication work as well as in other industries, this notice also proposes to make the current standards relating to their use in construction (29 CFR 1926.551 & .556) generally applicable. The standards proposed herein are not intended to apply to construction which is specifically the subject of 29 CFR Part 1926.

The proposed new Subpart T—"Telecommunications" is substantially based on the recommendations of a 28-member telecommunications standards committee. The committee included representatives of telephone companies, communications unions, and other affected groups.

Written data, views, and arguments concerning the proposal may be mailed to the Office of Standards, Occupational Safety and Health Administration, Attention S. Patti, Room 308, 400 First Street, NW, Washington, D.C. 20001, at any time prior to October 12, 1973. The data, views, and arguments will be available for public inspection and copying at the above address.

Oral and written views, and arguments will be received by an administrative law judge to be assigned by the Chief Administrative Law Judge of the United States Department of Labor at a hearing beginning at 10 a.m. on October 24, 1973, in Room 107 of the United States Department of Labor Building, 14th Street and Constitution Avenue, NW, Washington, D.C. Persons desiring to appear at the hearing must file with the Office of Standards a notice of intention to appear, no later than October 15, 1973. The notice must state the name and address of the person to appear, the capacity in which he will appear, and the approximate amount of time required for his presentation. The notice must also include, or be accompanied by, a statement of the positions to be taken and of the evidence to be adduced in support of them.

The hearing shall be conducted and the decision thereafter shall be made in accordance with the rules of procedure in 29 CFR Part 1911.

1. A new § 1910.185 would be added to 29 CFR Part 1910 to read as follows:

§ 1910.185 Helicopters.

(a) *Helicopter regulations.*—Helicopter cranes shall be expected to comply with any applicable regulations of the Federal Aviation Administration.

(b) *Briefing.*—Prior to each day's operation a briefing shall be conducted. This briefing shall set forth the plan of operation for the pilot and ground personnel.

(c) *Slings and tag lines.*—Load shall be properly slung. Tag lines shall be of a length that will not permit their being drawn up into rotors. Pressed sleeve, swedged eyes, or equivalent means shall be used for all freely suspended loads to prevent hand splices from spinning open or cable clamps from loosening.

(d) *Cargo hooks.*—All electrically operated cargo hooks shall have the electrical activating device so designed and installed as to prevent inadvertent operation. In addition, these cargo hooks shall be equipped with an emergency mechanical control for releasing the load. The hooks shall be tested prior to each day's operation to determine that the release functions properly, both electrically and mechanically.

(e) *Personal protective equipment.*—(1) Personal protective equipment for employees receiving the load shall consist of complete eye protection and hardhats secured by chinstraps.

(2) Loose-fitting clothing likely to flap in downwash and thus be snagged on hoist line, shall not be worn.

(f) *Loose gear and objects.*—Every practical precaution shall be taken to provide for the protection of the employees from flying objects in the rotor downwash. All loose gear within 100 feet of the place of lifting the load, depositing the load, and all other areas susceptible to rotor downwash shall be secured or removed.

(g) *Housekeeping.*—Good housekeeping shall be maintained in all helicopter loading and unloading areas.

(h) *Operator responsibility.*—The size and weight of loads, and the manner in which loads are connected to the helicopter shall be checked. The helicopter operator shall not make a lift if he believes the lift cannot be made safely.

(i) *Hooking and unhooking loads.*—When employees are required to perform work under hovering craft a safe means of access shall be provided for employees to reach the hoist line hook and engage or disengage cargo slings. Employees shall not be permitted to perform work under hovering craft except when necessary to hook or unhook loads.

(j) *Static charge.*—Static charge on the suspended load shall be dissipated with a grounding device before ground personnel touch the suspended load, or protective rubber gloves shall be required to be worn by all ground personnel touching the suspended load.

(k) *Weight limitation.*—The weight of an external load shall not exceed the manufacturer's rating.

(l) *Ground lines.*—Hoist wires or other gear, except for pulling lines or conductors that are allowed to "pay out" from a container or roll off a reel, shall not be attached to any fixed ground structure, or allowed to foul on any fixed structure.

(m) *Visibility.*—When visibility is reduced by dust or other conditions, ground personnel shall exercise special caution to keep clear of main and stabilizing rotors. Precautions shall also be taken by the employer to eliminate, as far as practical, the dust or other conditions reducing the visibility.

(n) *Signal systems.*—Signal systems between aircrew and ground personnel shall be understood and checked in advance of hoisting the load. This applies to either radio or hand signal systems. Hand signals shall be as shown in Figure N–1.

(o) *Approach distance.*—No unauthorized person shall be allowed to approach within 50 feet of the helicopter when the rotor blades are turning.

(p) *Approaching helicopter.*—Whenever approaching or leaving a helicopter with blades rotating, all employees shall remain in full view of the pilot and keep in a crouched position. Employees shall avoid the area from the cockpit or cabin rearward unless authorized by the helicopter operator to work there.

(q) *Personnel.*—Sufficient ground personnel shall be provided when required for safe helicopter loading and unloading operations.

(r) *Communications.*—There shall be constant reliable communication between the pilot and a designated employee of the ground crew who acts as a signal man during the period of loading and unloading. This signalman shall be distinctly recognizable from other ground personnel.

(s) *Fires.*—Open fires shall not be permitted in an area that could result in such fires being spread by the rotor downwash.

(Sec. 6, Pub. L. 91–596, 84 Stat. 1593 (29 U.S.C. 655))

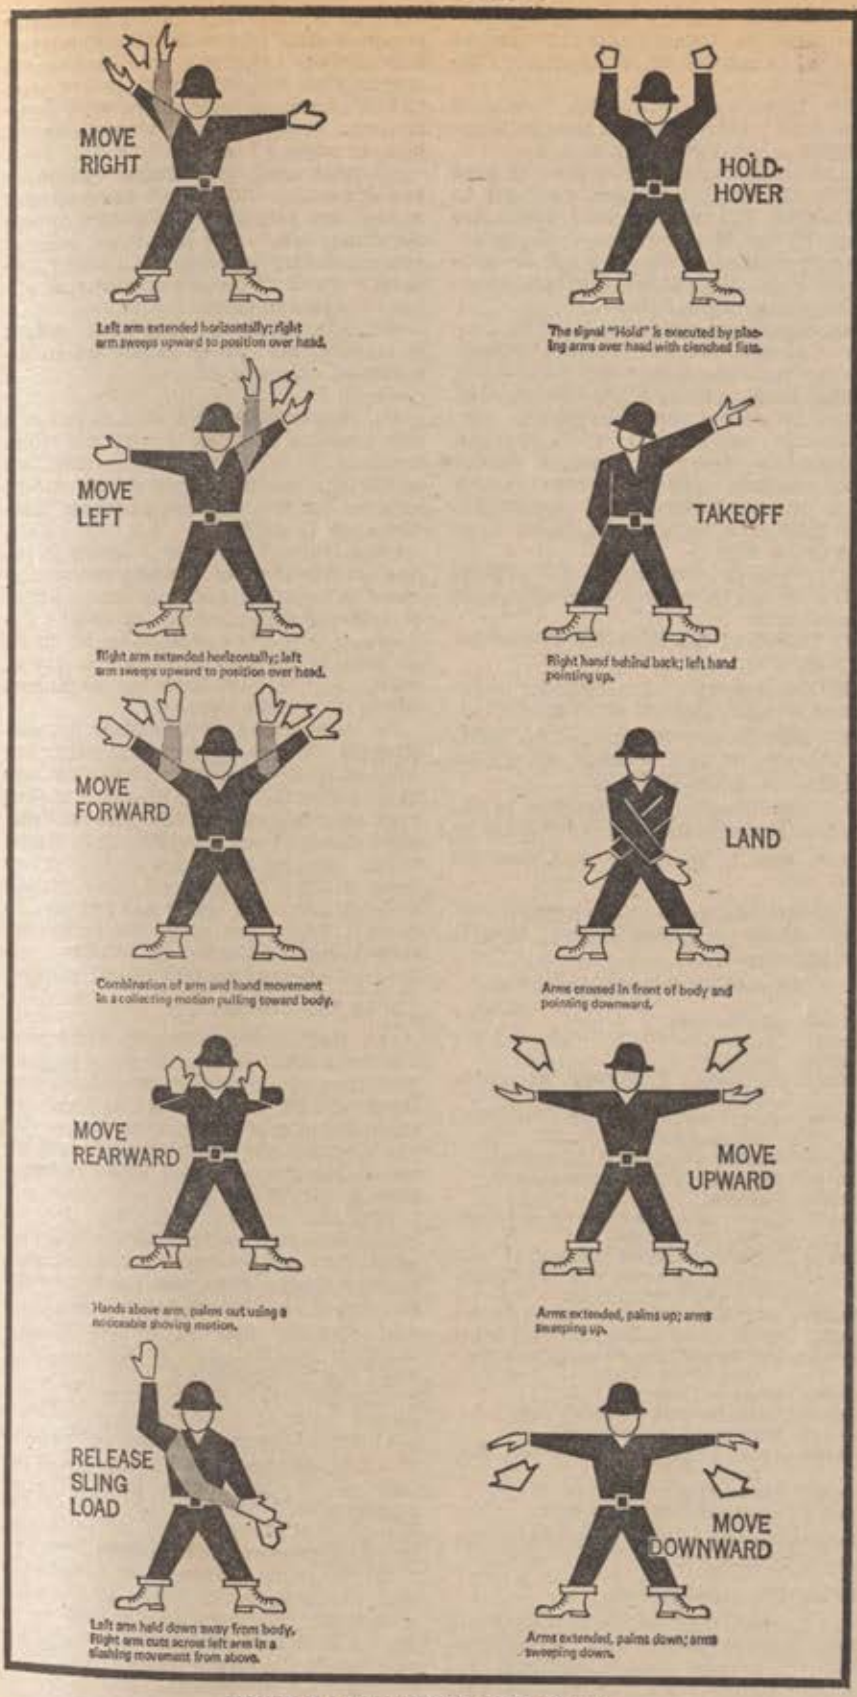

FIGURE N-1 HELICOPTER HAND SIGNAL

2. Paragraph (b) would be revised and a new paragraph (c) would be added to § 1910.67 to read as follows:

§ 1910.67 Vehicle-mounted elevating and rotating platforms.

* * * * *

(b) *General Requirements.*—(1) Unless otherwise provided in this section aerial devices (aerial lifts) acquired for use on or after [the effective date of this provision will be inserted here] must have been designed and constructed in conformance with the applicable requirements of the American National Standard for "Vehicle Mounted Elevating and Rotating Work Platforms," (ANSI) ANSI A92.2–1969, including appendix. Aerial lifts acquired before the effective date, which do not meet the requirements of ANSI A92.2–1969, may not be used after January 1, 1976, unless they shall have been modified so as to conform with the applicable design and construction requirements of ANSI A92.2–1969. Aerial devices includes the following types of vehicle-mounted devices used to elevate personnel to jobsites above ground: (i) Extensible boom platforms, (ii) aerial ladders, (iii) articulating boom platforms, (iv) vertical towers, and (v) a combination of any of the above. Aerial equipment may be made of metal, wood, fiberglass reinforced plastic (FRP), or other material, may be powered or manually operated; and are deemed to be aerial lifts whether or not they are capable of rotating about a substantially vertical axis.

(2) Aerial lifts may be "field modified" for uses other than those intended by the manufacturer provided the modification has been certified in writing by the manufacturer or by any other equivalent entity, such as a nationally recognized testing laboratory, to be in conformity with all applicable provisions of ANSI A92.2–1969 and this section and to be at least as safe as the equipment was before modification.

(3) The requirements of this section do not include any matter relating to firefighting equipment or any matter relating to the vehicles upon which aerial devices are mounted, except in respect to a vehicle being a stable support for the aerial device.

(4) Operating near electric power lines. (i) Except where the electrical distribution and transmission lines have been deenergized and visibly grounded at point of work or where insulating barriers not a part of or an attachment to the aerial lift have been erected to prevent physical contact with the lines, aerial lifts shall be operated proximate to, under, over, by, or near powerlines only in accordance with the following:

(A) For lines rated 50 kv. or below, minimum clearance between the lines and any part of the aerial lift shall be 10 feet.

(B) For lines rated over 50 kv., minimum clearance between the lines and any part of the aerial lift shall be 10 feet plus 0.4 inch for each 1 kv. over 50

kv., or shall be twice the length of the line insulator, but never less than 10 feet.

(ii) Proximity warning devices may be used on aerial lifts, but the use of such devices shall not operate to alter the requirements of subdivision (i) of this subparagraph.

(iii) Before the commencement of operations near electrical lines, the owners of the lines or their authorized representatives shall be notified and provided with all pertinent information. The owner's cooperation shall be requested.

(iv) Any overhead wire shall be considered to be an energized line until the owner of the line or their authorized representative state that it is deenergized.

(c) *Specific requirements.* (1) *Ladder trucks and tower trucks.*—Aerial ladders shall be secured in the lower traveling position by the locking device on top of the truck cab, and the manually operated device at the base of the ladder before the truck is moved for highway travel.

(2) *Extensible and articulating boom platforms.*—(i) Lift controls shall be tested each day prior to use to determine that such controls are in safe working condition.

(ii) Only authorized persons shall operate an aerial lift.

(iii) Belting off to an adjacent pole, structure, or equipment while working from an aerial lift shall not be permitted.

(iv) Employees shall always stand firmly on the floor of the basket, and shall not sit or climb on the edge of the basket or use planks, ladders, or other devices for a work position.

(v) A body belt shall be worn and lanyard attached to the boom or basket when working from an aerial lift.

(vi) Boom and basket load limits specified by the manufacturer shall not be exceeded.

(vii) The brakes shall be set and when outriggers are used, they shall be positioned on pads or a solid surface. Wheel chocks shall be installed before using an aerial lift on an incline.

(viii) An aerial lift truck shall not be moved when the boom is elevated in a working position with men in the basket, except for equipment which is specifically designed for this type of operation in accordance with the provisions of subparagraphs (1) and (2) of paragraph (b) of this section.

(ix) Articulating boom and extensible boom platforms, primarily designed as personnel carriers, shall have both platform (upper) and lower controls. Upper controls shall be in or beside the platform within easy reach of the operator. Lower controls shall provide for overriding the upper controls. Controls shall be plainly marked as to their function. Lower level controls shall not be operated unless permission has been obtained from the employee in the lift, except in case of emergency.

(x) Climbers shall not be worn while performing work from an aerial lift.

(xi) The insulated portion of an aerial lift shall not be altered in any manner that might reduce its insulating value.

(xii) Before moving an aerial lift for travel, the boom(s) shall be inspected to see that it is properly cradled and outriggers are in stowed position except as provided in subdivision (viii) of this subparagraph.

(3) *Electrical tests.*—All electrical tests shall conform to the requirements of ANSI A92.2–1969, Section 5. However, equivalent DC voltage tests may be used in lieu of the AC voltage specified in A92.2–1969. DC voltage tests which are approved by the equipment manufacturer or equivalent entity shall be considered an equivalent test for the purpose of this subparagraph (3).

(4) *Bursting safety factor.*—The provisions of the American National Standards Institute standard ANSI A92.2–1969, Section 4.9 Bursting Safety Factor, shall apply to all critical hydraulic and pneumatic components. Critical components are those in which a failure would result in a free fall or free rotation of the boom. All noncritical components shall have a bursting safety factor of at least two to one.

(5) *Welding standards.*—All welding shall conform to the following standards as applicable:

(i) Standard Qualification Procedure, AWS B3.0–41.

(ii) Recommended Practices for Automotive Welding Design, AWS D8.4–61.

(iii) Standard Qualification of Welding Procedures and Welders for Piping and Tubing, AWS D10.9–69.

(iv) Specifications for Welding Highway and Railway Bridges, AWS D2.0–69.

(Sec. 6, Pub. L. 91–596, 84 Stat. 1593 (29 U.S.C. 655))

3. A new Subpart T—"Telecommunications" would be added to Part 1910 to read as follows:

Subpart T—Telecommunications

Sec.

1910.330 Application.
1910.331 General.
1910.332 Training.
1910.333 Employee Protection in Public Work Areas.
1910.334 Tools and Personal Protective Equipment.
1910.335 Rubber Insulating Equipment.
1910.336 Personal Climbing Equipment.
1910.337 Ladders.
1910.338 Other Tools and Personal Protective Equipment.
1910.339 Vehicle-mounted Material Handling Devices and other Mechanical Equipment.
1910.340 Materials Handling and Storage.
1910.341 Cable Fault Locating and Testing.
1910.342 Grounding for Employee Protection—Pole Lines.
1910.343 Overhead Lines.
1910.344 Underground Lines.
1910.345 Microwave Transmission.
1910.346 Tree Trimming—Electrical Hazards.
1910.347 Definitions.
1910.348 Standards Organizations.

AUTHORITY: Sec. 6, Pub. L. 91–596, 84 Stat. 1593 (29 U.S.C. 655).

§ 1910.330 Application.

(a) This Subpart sets forth Safety and Health Standards that apply to the conditions, practices, means, methods, operations, installations and processes performed at telecommunications centers and telecommunications field work, when performed under the control of employers providing telecommunications services located outdoors or in building spaces used for such field installations. "Field" work includes installations, operation, maintenance, rearrangement, and removal of conductors and other equipment used for signal or communication service, and of their supporting or containing structures, overhead or underground, on public or private rights of way, including buildings or other structures. "Center" work includes installation, operation, maintenance, rearrangement, and removal of communications equipment and other associated equipment in telecommunications switching centers.

(b) These standards do not apply to construction work, as this phrase is defined in § 1910.12; nor to installations under the exclusive control of electric utilities for the purpose of communications or metering, or for generation, control, transformation, transmission, and distribution of electric energy, located in buildings used exclusively by the utilities for such purposes, or located outdoors on property owned or leased by the utilities or on public highways, streets, roads, etc., or outdoors by established rights on private property.

(c) Operations or conditions not specifically covered by this Subpart T are subject to applicable general standards in Subpart D through Q and S of this Part 1910, see § 1910.5(c). The fact that attention is directed in several provisions of this Subpart to the application of sections of other Subparts of this Part 1910 to facilitate their use is not intended to detract from the applicability of any other general standard dealing with matters not covered by this Subpart T.

§ 1910.331 General.

(a) *Buildings containing telecommunications centers.* (1) *Electrical plans.*—Buildings which contain telecommunications centers shall be constructed and equipped in accordance with engineering plans whose electrical specifications for the building power and light shall conform to § 1910.309.

(2) *Illumination.*—Lighting in telecommunication centers shall be provided such that continuing work operations, routine observations, and the passage of employees can be carried out in a safe and healthful manner. Certain specific tasks in centers such as splicing cable and the maintenance and repair of equipment frame lineups may require a higher level of illumination while they are being performed. In such cases, where it is not reasonable to install permanent lighting of that higher level, portable supplemental lighting to attain that higher level shall be provided as needed to safely perform the required task.

(3) *Working surfaces.*—Guard rails and toe boards on distribution frame mezzanine platforms may be omitted to permit access to equipment only on the side facing the frame where the frame is equipped. The general provisions of § 1910.23 shall also be applicable to working surfaces.

(4) *Working spaces.*—"Maintenance aisles," or "wiring aisles," between equipment frame lineups are considered to be working spaces and are not a means of egress as defined in § 1910.35(a).

(5) *Special doors.*—Where provided, blastproof doors and power operated doors in special purpose buildings or spaces shall be installed in accordance with the building plans. However, doors shall be so designed and installed that they will not impede or prevent emergency use of the exit.

(6) *Equipment, machinery and machine guarding.*—Power plant machinery in telecommunications centers may be operated with commutators and couplings uncovered, provided the adjacent housing is clearly marked to alert personnel to the rotating machinery.

(b) *Battery rooms.*—(1) Employees taking battery readings or handling electrolyte shall wear eye protection devices which provide side as well as frontal eye protection. Acid resistant gloves and aprons shall be worn for protection against spattering. Facilities for quick drenching or flushing of the eyes and body shall be provided in battery rooms unless the storage batteries are of the enclosed type (equipped with explosion proof vents) in which case sealed water rinse or neutralizing packs shall be provided. Employees assigned to work with storage batteries shall be instructed in emergency procedures such as coping with accidental acid spills, as well as routine operations.

(2) Electrolyte (acid and distilled water) or sodium hydroxide for battery cells shall be mixed in a well ventilated room. Acid or sodium hydroxide shall be poured gradually while stirring into the water. Water shall never be poured into concentrated (greater than 75 percent) acid solutions. Electrolyte shall never be placed in metal containers nor stirred with metal objects.

(3) When taking specific gravity readings, an acid resistant gloved finger shall be placed over the end of the hydrometer while moving it from cell to cell to avoid splashing or throwing the electrolyte.

(c) *Medical and first aid.*—First aid supplies recommended by a consulting physician shall be placed in weatherproof containers (unless stored indoors) and shall be easily accessible. Expended items shall be replaced.

(d) *Hazardous materials.*—Highway mobile vehicles and trailers stored in garages in accordance with Section 1910.110 may be equipped to carry more than one LP-gas container, but the total capacity of LP-gas containers per work vehicle stored in garages shall not exceed 100 pounds LP-gas. All container valves shall be closed when not in use.

(e) *Compressed gas.*—Nitrogen cylinders may be transported and used in a horizontal position only if special compartments, racks, or adequate blocking to prevent cylinder movement is provided.

(f) *Support structures.*—No employee or any material or equipment shall be supported or permitted to be supported on any portion of a pole structure, platform, ladder, walkway or other elevated structure or aerial device without its first being inspected, determined to be adequately strong, in good condition and properly secured in place.

(g) *Approach distances.*—No employees shall be permitted to approach or take any conductive object closer to any electrically energized parts than prescribed in Table T–1, unless:

(1) The employee is insulated or guarded from the energized parts (insulating gloves rated for the voltage involved shall be considered adequate insulation), or

(2) The energized parts are insulated or guarded from the employee and any other conductive object at a different potential, or

(3) The power conductors and equipment are deenergized and grounded.

TABLE T–1.—APPROACH DISTANCES TO EXPOSED ENERGIZED POWER CONDUCTORS

Voltage Range (nominal, phase to phase):	*Distance Avoid Contact*
300 v and less	12 in.
Over 300, not over 750 v	18 in.
Over 750 v, not over 2 kv	24 in.
Over 2 kv, not over 15 kv	36 in.
Over 15 kv, not over 37 kv	42 in.
Over 37 kv, not over 87.5 kv	48 in.
Over 87.5 kv, not over 121 kv	54 in.
Over 121 kv, not over 140 kv	

(h) When working closer than 6" from exposed energized power conductors the employee shall wear head protection, insulating gloves and safety glasses.

§ 1910.332 Training.

(a) Employees may not be allowed by any employer to engage in the activities to which this Subpart applies until they have received training pursuant to an established written training program in precautions they may be required to take in accordance with this Subpart. In addition, such training shall, where appropriate, include the subjects of avoidance of harmful substances and dangers relating to encounters with animal or plant life and procedures for use in emergency situations. First-aid training which includes artificial respiration shall also be provided.

§ 1910.333 Employee Protection in Public Work Areas.

(a) Before engaging in work in the vicinity of vehicular or pedestrian traffic which may endanger employees, warning signs and/or flags or other traffic control devices shall be placed conspicuously to alert and channel approaching traffic. Where further protection is needed, barriers shall be utilized. At night warning lights shall be prominently displayed and excavations shall be enclosed with protective barricades.

(b) If work exposes energized or moving parts that are normally protected, danger signs shall be displayed and a barricade erected, as necessary, to warn other personnel in the area.

(c) An employee finding any crossed or fallen wires at the work area which create or may create a hazard shall remain on guard or adopt other adequate means to warn other employees of the danger and shall have the proper authority notified at the earliest practical moment.

§ 1910.334 Tools and Personal Protective Equipment. Generally.

Employees shall be required to use the personal protective equipment, the protective devices, and the special tools required for their work. Before use, these devices and tools shall be carefully checked by the employee to make sure that they are in good condition.

§ 1910.335 Rubber Insulating Equipment.

(a) Rubber insulating equipment designed for the voltage levels to be encountered shall be used as required in other Sections of this Subpart. This equipment shall meet the electrical and physical properties requirements contained in ANSI J6.6–1971 and ANSI J6.4–1971 with the exception that a modified (thinner) Class I glove is permitted in telecommunications operations. This "Modified Class I" glove shall meet the following electrical test voltages.

Class of glove	3 minimum proof test voltage-RMS volts	Maximum proof-test current, ma 14-in. glove	Minimum breakdown voltage, RMS volts
Modified Class I	10,000	16	17,000

(b) When these gloves are being used on jobs where they are likely to be torn, they shall be protected with heavy outer canvas or leather gloves, and in pole placing or removal operations, pole insulating devices shall be used in accordance with § 1910.343(k).

(c) Multi-ply construction with contrasting colors may be used with insulating gloves to aid in detecting cuts, cracks, and deep abrasions.

(d) Protective equipment fabricated of material other than rubber shall provide equal or better electrical and mechanical protection.

(e) The employer is responsible for periodic retest of insulating gloves and blankets. This retest shall be electrical, visual and mechanical. The following maximum retest intervals shall apply:

	Natural rubber	Synthetic rubber
New Gloves	12 months	18 months.
Re-issued Gloves	9 months	15 months.
New Blankets	12 months	18 months.
Re-issued Blankets	9 months	15 months.

(f) Gloves and blankets shall be marked in some manner to indicate compliance with the retest schedule. They shall be legibly stamped with the date the next test is due. Gloves found to be

defective in the field or by electrical test shall be destroyed by cutting open from the finger to the gauntlet.

(g) When not being used, insulating gloves shall be stored in glove bags or their original containers to minimize chances for damage. Insulating blankets shall be stored in a canister or other device which offers equivalent protection.

(h) Insulating gloves and blankets shall be stored away from the direct sunlight, steam pipes, radiators and other excessive heat. Gloves and blankets shall not be folded while in storage, however blankets may be rolled for storage.

§ 1910.336 Personal Climbing Equipment.

(a) No safety belts, safety straps or pole climbers acquired after [effective date of this subpart] shall be used unless they meet the requirements set forth in this section. Safety belts and straps shall be used by employees to protect them in working positions at elevated locations (more than 4 feet above ground) on poles, towers or other outside structures (excluding portable ladders) as discussed further in § 1910.343, *Overhead Lines*. Safety belts and straps shall be checked at least semiannually by the employer to determine that they are in safe working condition.

(b) *Telecommunication lineman's body belts, safety straps, and lanyards.*—(1) *General requirements.*—Hardware for lineman's body belts, safety straps, and lanyards shall be drop forged or pressed steel and have a corrosive resistive finish tested to American Society for Testing and Materials B117–64 (50-hour test). Surfaces shall be smooth and free of sharp edges. Lineman's safety straps, body belts and lanyards shall be approved by a nationally recognized testing laboratory as having been tested in accordance with the requirements of this section.

(2) All buckles shall withstand a 2,000-pound tensile test with a maximum permanent deformation no greater than one sixty-forth inch.

(3) D rings shall withstand a 5,000-pound tensile test without failure. Failure of a D ring shall be considered cracking or breaking.

(4) Snaphooks shall withstand a 5,000-pound tensile test without failure, or a 3,000-pound tensile test and a bend test. Tensile failure of a snaphook shall be distortion sufficient to release the keeper. Failure of the bend test shall be cracking of the snaphook.

(c) *Specific requirements.*—(1) (i) All fabric used for safety straps shall be capable of withstanding an A.C. dielectric test of not less than 25,000 volts per foot "dry" for 3 minutes, without visible deterioration.

(ii) All fabric and leather used shall be tested for leakage current which shall not exceed 1 milliampere when a potential of 3,000 volts is applied to the electrodes positioned 12 inches apart.

(iii) Direct current tests may be permitted in lieu of alternating current tests.

(2) The cushion part of the body belt shall:

(i) Contain no exposed rivets on the inside. This provision shall not apply to belts used by craftsman not engaged in line work.

(ii) Be at least three (3) inches in width;

(iii) Be at least five thirty-seconds (5/32) inch thick, if made of leather and and

(iv) Have pocket tabs that extended at least 1½ inches down and three (3) inches back of the inside of the circle of each D ring for riveting on plier or tool pockets. On shifting D belts, this measurement for pocket tabs shall be taken when the D ring section is centered.

(3) A maximum of four (4) tool loops shall be situated on the body belt.

(4) Suitable copper, steel, or equivalent liners shall be used around the bar of D rings to prevent wear between these members and the leather or fabric enclosing them.

(5) All stitching shall be a minimum 42-pound weight nylon or equivalent thread and shall be lock stitched. Stiching parallel to an edge shall not be less than three-sixteenths (3/16) inch from edge of narrowest member caught by the thread. The use of cross stitching on leather is prohibited.

(6) The keeper of snaphooks shall have a spring tension that will not allow the keeper to begin to open with a weight of 2½ pounds or less, but the keeper of snaphooks shall begin to open with a weight of four (4) pounds, when the weight is supported on the keeper against the end of the nose.

(7) Safety straps and lanyards shall be tested in accordance with the following procedure:

(i) Attach one end of the safety strap or lanyard to a rigid support, the other end shall be attached to a 250-pound canvas bag of sand:

(ii) Allow the 250-pound canvas bag of sand to free fall 4 feet for (safety strap test) and 6 feet for (lanyard test) in each case stopping the fall of the 250-pound bag:

(iii) Failure of the strap or lanyard shall be indicated by any breakage or slippage sufficient to permit the bag to fall free of the strap or lanyard. The entire "body belt assembly" shall be tested using one D ring. A safety strap or lanyard shall be used that is capable of passing the "impact loading test" as described in subdivision (ii) and attached as required in subdivision (i) of this subparagraph. The body belt shall be secured to the 250-pound bag of sand at a point to simulate the waist of a man and allowed to drop as stated in subdivision (ii) of this subparagraph. Failure of the body belt shall be indicated by any breakage, or slippage sufficient to permit the bag to fall free of the body belt.

(d) *Pole climbers.*—(1) Pole climbers shall not be used after the gaffs are worn to less than 1¼ inches long as measured on the underside of the gaff.

(2) Pole climbers shall be inspected for the following conditions; fractured or cracked gaffs or leg irons, loose or dull gaffs, broken straps or buckles. If found, these conditions shall be corrected before the climbers are used.

(3) Pole climbers shall be inspected before each use and tested at least weekly when in use. The employer shall make at least a semiannual inspection of all climbers in active use in their operations.

(4) Pole climbers shall not be worn when:

(i) Working in trees, however specifically designed tree climbers shall be used for tree climbing.

(ii) Working on ladders.

(iii) working in an aerial lift.

(iv) driving a vehicle.

(v) walking on rocky, brushy or hilly terrain.

§ 1910.337 Ladders.

(a) No employee or any material or equipment, shall be supported or permitted to be supported on any portion of a ladder without its first being determined, by inspections and checks that such a ladder is adequately strong, in good condition, and properly secured in place.

(b) The spacing of steps or rungs permanently installed on poles and towers and fixed ladders on towers when so equipped, shall be no more than 18 inches (36 inches on any given side) and steps shall be uniform above the initial unstepped section except where working, standing or access steps are required. Fixed ladder rungs and step rungs for poles and towers shall have a minimum diameter of ⅝". Fixed ladder rungs shall have a minimum clear width of 12 inches. Steps for poles and towers shall have a minimum clear width of 4½ inches. Spacing of detachable steps shall not exceed 30 inches and steps shall be properly secured when in use.

(c) Portable wood ladders intended for general use shall not be painted but may be coated with a translucent nonconductive coating. They shall not be longitudinally reinforced with metal.

(d) Portable wood ladders that are not being carried on vehicles and are not being used for extended periods shall be stored where they will not be exposed to the elements but where there is good ventilation. Ladders shall not be stored near radiators, stoves, steampipes or in places where the wood may be subjected to excessive heat or dampness.

(e) Rolling ladders used in telephone Communication Centers shall have a minimum width between the side rails, inside of at least eight inches.

(f) Climbing ladders or stairways on scaffolds may be used for access and egress, if affixed or built into the scaffold by proper design and engineering, and located so that its use will not disturb the stability of the scaffold. The rungs of the climbing device shall be equally spaced, but not less than 12 inches nominal or more than 16 inches nominal. Horizontal end rungs used for platform supports may also be used as

the climbing device if they are spaced as provided above, and provided that there is sufficient clearance between the rung and the edge of the platform to afford an adequate handhold. In lieu of these requirements a portable ladder with rungs equally spaced as above may be securely attached to the scaffold. A clearance in the back of the ladder of not less than 6 inches from center of rung to the nearest scaffold structural member shall be provided.

(g) When a ladder is supported by aerial strand and ladder hooks or other supports are not being used the ladder shall be at least 2 feet above the strand and be secured to it (e.g. lashed or held by safety strap around strand and ladder side rail).

(h) *Metal manhole ladders.*—(1) Except as provided herein specific design and construction requirements are not contained in this section because of the wide variety of metals and design possibilities. However, the design shall be such as to produce a ladder without structural defects or accident hazards such as sharp edges and burrs. The metal selected shall be protected against corrosion unless inherently corrosion-resistant.

(2) Because of the varied conditions, and the wide variety of ladder uses, ladders may be designed with parallel side rails, with side rails varying uniformly in separation along the length (tapered), or with side rails flaring at the base to increase stability.

(3) The spacing of rungs or steps shall be on 12-inch centers.

(4) Rungs or steps to side rail connections shall be so constructed as to insure rigidity as well as strength.

(5) Rungs and steps shall be corrugated, knurled, dimpled, coated with skid-resistant material, or otherwise treated to minimize the possibility of slipping.

(6) Hardware shall meet strength requirements of the ladder's component parts, and shall be of a material that is protected against corrosion unless inherently corrosion-resistant. Metals shall be so selected as to avoid excessive galvanic action.

§ 1910.338 Other Tools and Personal Protective Equipment.

(a) *Head protection.*—Helmets for the protection of heads of employees exposed to possible head injury from impact, or from falling or flying objects or exposed to high voltage electrical contact shall be worn and meet the requirements of ANSI Standard Z89.2–1971 (Class B).

(b) *Eye protection.*—Eye protection shall meet the requirement prescribed in § 1910.133 of this part. Eye protection shall be used where foreign objects may enter the eyes due to work operations such as but not limited to:

(1) Drilling or chipping stone, brick or masonry, breaking concrete or pavement, etc., by hand tools (sledgehammer, etc.) or power tools such as pneumatic drill or hammer.

(2) Working on or around high speed emery or other grinding wheels unprotected by guards.

(3) Cutting or chipping terra cotta ducts, tile, etc.

(4) Working under motor vehicles requiring hammering.

(5) Cleaning operations using compressed air, steam, or sand blast.

(6) Acetylene welding or similar operations where sparks are thrown off.

(7) Using powder actuated stud drivers.

(8) Tree pruning or cutting underbrush.

(9) Handling battery cells and solutions such as taking battery readings with a hydrometer and thermometer.

(10) Removing or rearranging strand or open wire.

(11) While performing lead sleeve opening and closing as covered in § 1910.338(1) of this part.

(c) *Hearing protection.*—The provisions of § 1910.95 shall apply.

(d) *LP-gas.*—LP-gas used at work locations shall be transported in DOT approved cylinders and marked in accordance with § 1910.110(c)(2) of this part. NOTE: Section 1910.110(b)(5) does not apply to these cylinders.

(e) *Tent heaters.*—Unless aerial or ground tent covers are constructed of fire resistant material and adequate ventilation is provided, heaters used on platforms and within tents at outdoor locations require an automatic fuel shutoff device.

(f) *Torches.*—Torches may be used on aerial splicing platforms or buckets enclosed by tents provided the tent material is constructed of fire resistant material and torch is turned off when not in actual use. Aerial tents shall be ventilated while the torch is in operation.

(g) *Portable power equipment.*—Nominal 120V, or less, portable generators for providing power at work locations do not require grounding provided the output circuit is completely isolated from the frame of the unit.

(h) *Vehicle-mounted utility generators.*—Vehicle-mounted utility generators for providing nominal 240V AC or less for powering portable tools and equipment need not be grounded to earth provided all of the following conditions met:

(1) One side of the voltage source is solidly strapped to the metallic structure of the vehicle;

(2) Use grounding-type outlets, with a "grounding" conductor between the outlet grounding terminal and the side of the voltage source that is strapped to the vehicle;

(3) All metallic encased tools and equipment that are powered from this system shall be equipped with three-wire cords and plugs, except as designated in § 1910.338 (i) and (j) of this part.

(i) *Portable lights, tools, and appliances.*—Portable lights, tools, and appliances having noncurrent carrying external metal housing may be used with power equipment described in paragraph (g) without the need for a grounding conductor. When operated from commercial power such metal parts of these devices shall be grounded, except as provided in paragraph (j) of this section.

(j) *Portable tools and appliances.*—Portable tools and appliances which are protected by a system of double insulation, or its equivalent, need not be grounded. Where such a system is employed, the equipment shall be distinctively marked.

(k) *Soldering devices.*—Grounding shall be omitted when using soldering irons, guns or power wire-wrap tools on telecommunications circuits.

(l) *Lead work.*—The wiping or unwiping of lead joints using melted solder gas fueled torches, soldering irons or other appropriate heating devices and the soldering of wires or other electrical connections does not constitute welding, cutting, and brazing as covered in Subpart Q of Part 1910. Electric solder pots may be used with power equipment described in (g) without the need for a grounding conductor. When operated from commercial power the metal housing of such pots must be grounded. Eye protection shall be provided by the employer and worn at all times while lead wiping, unwiping, and soldering are being performed. Wiping gloves shall be provided and used in lead wiping or unwiping. A drip pan to catch hot lead dripping shall also be provided and used.

§ 1910.339 Vehicle-mounted Material Handling Devices and other Mechanical Equipment.

(a) *General.* (1) Visual inspections shall be required to be made of the equipment to insure it is in good condition each day the equipment is to be used.

(2) Tests shall be made at the beginning of each shift to insure the vehicle brakes and operating systems are in proper working condition.

(b) *Scrapers, loaders, dozers, graders, and tractors.*—(1) All rubber-tired, self-propelled scrapers, rubber-tired front-end loaders, rubber-tired dozers, agricultural and industrial tractors, crawler tractors, crawler-type loaders, and motor graders, with or without attachments, that are used in telecommunications work shall have rollover protective structures in accordance with Subpart W of Part 1926.

(2) Operators shall wear eye protection when working in areas where flying material is generated.

(c) *Vehicle mounted elevating and rotating work platforms.*—This equipment shall conform to § 1910.67 of this part. These devices shall not be operated with any conductive part of the equipment closer to exposed energized power lines than the clearances set forth in Table T–1 of § 1910.331(g).

(d) *Derrick trucks and similar equipment.*—(1) This equipment shall not be operated closer to energized parts than permitted in § 1910.331(g) of this part;

(2) When derricks are used to handle poles near energized power conductors, these operations shall comply with § 1910.343(k) and § 1910.331(g) of this part;

(3) Moving parts of telecommunication line trucks may be protected with barricades as specified in § 1910.333(b) of this part;

(4) Derrick requirements. (i) Manufacturer's specifications, load ratings and instructions for derrick operation shall be strictly observed.

(ii) Rated load capacities and instructions related to derrick operation shall be conspicuously posted on a permanent weather-resistant plate or decal in a location that is plainly visible to the derrick operator.

(iii) Prior to derrick operation the parking brake must be set and the stabilizers extended if the vehicle is so equipped. When the vehicle is situated on a grade, the wheels must be chocked on the downgrade side of the rear wheels.

(iv) Only persons trained in the operation of the derrick shall be permitted to operate the derrick.

(v) All hand signals employed between the operator and other persons directing the work operation shall be thoroughly understood by all persons concerned.

(vi) The derrick and associated equipment shall be inspected at intervals designated by the manufacturer and employer but in no case less than once per year. Records shall be maintained denoting the dates of inspection and necessary repairs made if corrective action is required.

(vii) Modifications or additions to the derrick and associated equipment that alter the capacity or affect its safe operation shall be made only with written certification from the manufacturer, or other equivalent entity such as a nationally recognized testing laboratory. Such changes shall require the changing and posting of revised capacity and instruction decals or plates, the new ratings or limitations being provided by the manufacturer or other equivalent entity. The certification shall state that the modification results in the equipment being as safe as the equipment was before modification.

(viii) Wire rope associated with derricks shall be of improved plow steel grade or equivalent and shall have a maximum rated working load of not more than one-half the published breaking strength of the wire rope.

(ix) Wire rope shall be taken out of service or the effected portion removed when any of the following conditions exist: (A) The rope strength has been significantly reduced due to corrosion, pitting, or excessive heat, or

(B) The thickness of the outer wires of the rope has been reduced by wear to one-half or more of the original thickness, or

(C) There are more than nine broken wires in any one rope lay, or

(D) There is excessive permanent distortion caused by kinking, crushing, or severe twisting of the rope.

(x) Telecommunications derricks are defined in this section as a rotating or nonrotating derrick structure having a working capacity of 2,000 pounds or greater, mounted on a vehicle for the purpose of lifting, lowering the positioning hardware and materials used in telecommunications work.

§ 1910.340 Materials Handling and Storage.

(a) *Poles.*—When working with poles in piles or stacks, employees shall work from the ends of the poles as much as possible, and shall be alert for a man at the other end of the pole. During pole hauling operations, all loads shall be secured to prevent displacement, and lights, reflector and/or flags shall be displayed on the end and sides of the load as necessary. The installation, removal, or other handling of poles in pole lines is governed by § 1910.343 of this part for Overhead Lines. In the case of hoisting machinery equipped with a positive stop load-holding device it shall be permissible for the operator to leave his position at the controls while a load is suspended for the purpose of assisting in positioning the load prior to landing it. Prior to unloading steel, poles, crossarms and similar material the load shall be thoroughly examined to ascertain that the load has not shifted, that binders or stakes have not broken or that the load is not otherwise hazardous to employees.

(b) *Cable reels.*—Cable reels in storage shall be chocked or otherwise restrained when there is a possibility they might accidentally roll from position.

§ 1910.341 Cable Fault Locating and Testing.

When high voltages are used in locating trouble or testing a cable the employer shall instruct the employees involved in steps to be taken for their own and other employee's safety. These include isolating the cable conductors to the extent practical and warning employees, by such techniques as briefing and tagging at all affected locations, to stay clear while the voltage is applied.

§ 1910.342 Grounding for Employee Protection—Pole Lines.

(a) Electric power conductors and equipment shall be treated as energized unless it can be seen that they are bonded to one of the grounds listed in paragraph (e) of this section.

(b) *Nonworking open wire.*—Nonworking open wire communications lines shall be bonded to one of the grounds listed in paragraph (e) of this section.

(c) *Vertical power conduit, power ground wires and street light fixtures.*—(1) Metal power conduit on joint use poles, exposed vertical power ground wires, and street light fixtures which are below communications attachments or less than 20 inches above shall be considered energized and tested for voltage unless it can be seen that they are bonded to the communications suspension strand or cable sheath.

(2) If no hazardous voltage is shown by the voltage test, a temporary bond shall be placed between such street light fixture, exposed vertical power grounding conductor, or metallic power conduit and the communications cable strand. Temporary bonds used for this purpose shall have sufficient conductivity to carry at least 500 amperes for a period of one second without fusing.

(d) *Line installation.*—Installation of telecommunication suspension strands can be considered as deenergized where no energized power conductors are present and no thunderstorm activity is evident.

(e) *Suitable grounds for protective grounding.*—Suitable grounds for protective grounding are as follows:

(1) A vertical ground wire which has been tested, found safe, and is connected to a power system multigrounded neutral or the grounded neutral of a power secondary system where there are at least three services connected.

(2) Communications cable sheath or shield and its supporting strand where the sheath or shield is:

(i) Bonded to underground or buried cable which is connected to a central office ground or,

(ii) Bonded to an underground metallic piping system or,

(iii) Bonded to a power system multigrounded neutral or grounded neutral of power secondary system which has at least three services connected.

(3) Guys which are bonded to (1) or (2) above, and whose continuity is not interrupted by an insulator.

(4) In the absence of any of the preceding grounds, arrays of driven ground rods may be used where the resultant resistance to ground will be less than 25 ohms.

(f) *Attaching and removing temporary bonds.*—When attaching grounds (bonds), the first attachment shall be made to the protective ground. The bond shall be attached while wearing insulating gloves. When removing bonds, the connection to the line or equipment shall be removed first. Insulating gloves shall be worn during this operation.

(g) *Temporary grounding of suspension strand.*—(1) Suspension strand shall be grounded to existing grounds listed in paragraph (e) preceding when being placed

(i) On jointly used poles or

(ii) During thunderstorm activity. Intervals between such grounds need not be closer than ¼ mile.

(2) Where power crossings are encountered on nonjoint lines, the strand shall be bonded to an existing ground (see paragraph (e) of this section) as close as possible to the crossing. This is not required where crossings are made on a common crossing pole unless there is an upward change in grade at the pole.

(3) Where roller type bonds are used, they shall be restrained so as to avoid stressing the electrical connections.

(4) Bonds between the suspension strand and the existing ground shall be at least #6AWG copper.

(5) Temporary bonds shall be left in place until the strand has been tensioned, dead ended, and permanently grounded.

(6) The preceding paragraphs (1 through 5) do not apply to the installation of insulated strand.

(h) Antenna work—radio transmitting stations (3–30 MHZ).—(1) Prior to

grounding a radio transmitting station antenna, the rigger in charge shall:

(i) Prepare a danger tag signed with his signature,

(ii) Contact the transmitting technician regarding the transmitter shutdown and the grounding of the antenna with its grounding switch.

(iii) be notified by the transmitting technician that the transmitter has been shutdown. After the antenna has been grounded by the transmitting technician, the rigger shall tag the antenna ground switch personally in the presence of the transmitting technician. Power shall not be applied to the antenna, or the ground switch opened under any circumstance while tag is on. Where no ground switches are provided, ground sticks shall be used, one each side of line, and the tag put on the ground sticks, antenna switch, or plate power switch, in a conspicuous place. In certain cases, ground sticks or short circuits may be needed directly on the transmission lines near the transmitter in addition to the regular ground switches in order to reduce excessive radio frequency pickup. In other cases it may reduce pickup at the point in the field if the antenna lines are disconnected from ground and the transmitter.

(2) Riggers shall test all radio frequency line wires for pickup with an insulated probe before handling with bare hands or metal tools.

(3) Transmitting technicians shall warn the riggers of adjacent lines which are, or may become energized.

(4) When antenna work has been completed, the rigger in charge of the job shall return to the transmitter, notify the transmitting technician in charge and personally remove the tag.

§ 1910.343 Overhead Lines.

(a) *Handling suspension strand.*—(1) Persons handling cable suspension strand being installed on poles carrying exposed energized power conductors shall wear insulating gloves and avoid body contact with the strand until after it has been tensioned, deadened, and permanently grounded.

(2) Strand shall be restrained against upward movement during installation where there is an upward change in grade on joint-use poles, and on nonjoint poles where the line crosses under energized power conductors.

(b) *Need for testing wood poles.*—Unless temporary guys or braces are attached first, poles shall be tested before climbing where one or more of the following conditions exist:

(1) At deadend poles (does not include properly braced or guyed "Y" or "T" cable junction poles).

(2) Straight line poles which are not storm guyed and adjacent span lengths exceed 165 feet.

(3) Where there is a downward change in grade at the pole and it is not a guyed or braced corner pole or a cable junction pole.

(4) Where the pole supports only telephone drop wire.

(5) Where the pole carries less than ten communication line wires (on joint use poles), one power line wire shall be counted as two communication wires.

(c) *Methods of testing wood poles.*—One of the following methods or its equivalent shall be used.

(1) Rap the pole sharply with a hammer weighing about 3 pounds, beginning near the ground line and continuing to a height of about 6 feet, going completely around the pole. The hammer will produce a clear sound and rebound sharply when striking sound wood. Decay pockets will be indicated by a dull sound and the hammer rebound is less pronounced. In this case, the pole shall be considered unsafe. Also, prod the pole as near the ground line as possible using a pole prod or a screwdriver with 5 inch or longer blade. If substantial decay is encountered, the pole shall be considered unsafe.

(2) Apply a horizontal force to the pole and attempt to rock it back and forth in a direction across the line. (Caution must be exercised to avoid causing power wires to swing together.) The force may be applied either by pushing with a pike pole or pulling with a rope. If the pole cracks during the test, it shall be considered unsafe.

(d) *Unsafe poles or structures.*—Poles or structures found to be unsafe by test or observation shall not be climbed until made safe by guying, bracing or other adequate means. Poles found unsafe to climb shall, until they are made safe, be tagged in a conspicuous place to alert and warn all employees of the unsafe condition.

(e) *Testing cable suspension strand.*—Before attaching a splicing platform to cable suspension strand, it shall be tested as follows to make sure it has sufficient strength to support the weight of the platform and the employee, except that where the strand crosses above power wires or railroad tracks, an inspection should be made as described in paragraph (f) of this section below. One of the following methods or its equivalent shall be used:

(1) Throw ⅜ inch rope (or larger) over the strand. On joint lines, pass the rope over the strand using tree pruner handles or a wire raising tool. If two employees are present, both shall grip the double rope and slowly transfer their entire weight to the rope. The feet should not be more than about 12 inches above the ground.

(2) If only one employee is present, one end of the rope shall be tied to the bumper of the truck or other equally secure anchorage; the employee shall then grasp the other end of the rope and attempt to raise himself about a foot above the ground.

(f) *Inspection of strand.*—Where strand passes over electric power wires or major railroad tracks, it shall not be tested, but shall be inspected from a convenient working position at both poles supporting the span in question. If any of the following conditions exist, such strand shall not be used to support any splicing platform, scaffold or cable car.

(1) Corrosion so that no galvanizing can be seen.

(2) One or more wires of the strand are broken.

(3) Any worn spots.

(4) Burn marks such as those caused by contact with electric power wires.

(g) *Outside work platforms.*—Safety straps and body belts shall be used while working on elevated work platforms such as aerial splicing platforms, pole platforms, ladder platforms and terminal balconies unless railings are provided.

(h) *Other elevated locations.*—Safety straps and body belts shall be worn to protect employees working at elevated positions on poles, towers or similar structures, which do not have suitably guarded work areas.

(i) *Installing and removing wire and cable.*—Before installing or removing wire or cable, the pole or structure shall be guyed, braced, or otherwise supported as necessary to prevent failure of the pole or structure.

(j) *Avoiding contact with energized power conductors or equipment.*—When setting, moving, or removing poles using cranes, derricks, or other mechanized equipment, precautions shall be taken to avoid contact with energized power conductors or equipment.

(k) *Handling poles near energized power conductors.*—(1) Joint use poles shall not be set, moved or removed by telecommunication employees where the nominal voltage of open electrical power conductors exceed 34.5kv phase to phase (20kv to ground).

(2) Poles shall not be placed, moved or removed during heavy rain, sleet or wet snow fall in joint lines carrying more than 8.7kv phase to phase voltage (5kv to ground) except that poles which have been cut off two feet or more below the level of the lowest power conductor may be removed where the nominal phase to phase voltage does not exceed 34.5kv provided the pole is also cut off near the ground line.

(3) (i) Wet poles being placed, moved or removed where power voltages are over 750 volts, but not over 34.5kv phase to phase voltage (20kv to ground) shall be insulated with either a rubber insulating blanket, a fiberglass box guide or equivalent protective equipment.

(ii) Dry poles being set, moved or removed where power voltages exceed 8.7kv phase to phase (5kv to ground) but do not exceed 34.5kv phase to phase (20kv to ground) shall be insulated with either a rubber insulating blanket, a fiberglass box guide or equivalent.

(iii) Insulation is not required where wet or dry poles are being removed provided the pole is cut off 2 feet or more below the lowest power wire and cut off near the ground line.

(4) Insulating gloves shall be worn by all persons handling the pole either with their hands or with tools throughout the time that there is a possibility that the pole may contact a power conductor. Where the voltage to ground of the power conductor exceeds 15kv to ground, the gloves shall be Class II (ANSI J-6 Stand-

ard). For voltages not exceeding 15kv to ground, insulating gloves shall have a breakdown voltage of at least 17kv.

(5) The guard or insulating material used to protect the pole shall meet the appropriate 3 minute proof test voltage requirements contained in the ANSI J-6.4-1971.

(6) During the time that there is a possibility of contact between the pole or the equipment used to handle it, and an energized power conductor, the following precautions shall be observed by the operator of the equipment:

(i) When on the vehicle which carries the derrick, the employee shall avoid all contact with the ground itself, persons standing on the ground, and all grounded objects such as guys, tree limbs, metal sign posts, etc. If possible, the employee shall remain on the vehicle as long as the possibility of contact exists.

(ii) When it is necessary to leave the vehicle, the employee shall step onto an insulating blanket and break all contact with the vehicle before stepping off the blanket and onto the ground. As a last resort if a blanket is not available, the employee may jump cleanly from the vehicle.

(iii) When it is necessary to enter the vehicle, the employee shall first step onto an insulating blanket and break all contact with the ground, grounded objects and other persons before touching the truck or derrick. As a last resort if a blanket is not available, the employee may jump cleanly onto the vehicle, avoiding all contact with the grounded objects and persons.

(l) *Approach distances.*—No employee shall bring any part of his body, or any conductive tools or conductive objects closer to exposed energized power conductors than the distances permitted in § 1910.331(g) of this part.

(m) *Working position on poles.*—Except as provided in this section, employees shall not climb or work above the level of the lowest electric power conductor on the pole (exclusive of vertical runs and street light wiring). This rule does not apply where the communications facilities are attached above the electric power conductors if a rigid fixed barrier has been installed between the electric power facility and the communications facility. This rule does not apply to cabled secondary service drops carrying less than 300v to ground and attached 40 inches or more below the communitions conductors or cables.

(n) *Metal tapes and ropes.*—(1) Metal measuring tapes, metal measuring ropes, or tapes containing conductive strands shall not be used when working near exposed energized parts.

(2) Where it is necessary to measure clearances from energized parts, only non-conductive devices shall be used.

§ 1910.344 Underground Lines.

The following provisions of this section apply to guarding manholes and street openings and ventilation and testing for gas in manholes and unvented vaults for telecommunications field work on or with underground lines:

(a) *Guarding manholes and street openings.*—(1) When covers of manholes or vaults are removed, the opening shall be promptly guarded by a railing, temporary cover, or other suitable temporary barrier substantial enough to prevent an accidental fall through the opening and suitable to protect persons working in the manhole from foreign objects from above.

(2) While work is being performed in the manhole, a person with basic first aid training shall be immediately available to render assistance if there is cause for believing that a safety hazard exists and the requirements listed under §§ 1910.333(a) and 1910.344(a)(1) of this part do not adequately protect the employee(s). Examples of manhole work site hazards deemed to constitute such cause could include, but are not limited to:

(i) Manhole work sites where safety hazards are created by traffic patterns that cannot be corrected by provisions of § 1910.333(a) "Employee Protection in Public Work Areas."

(ii) Manhole work sites that are subject to unusual water hazards that cannot be abated by conventional means.

(iii) Manhole work sites that are occupied jointly with power utilities as described in § 1910.344(c) of this part.

(b) *Requirements prior to entering manholes and unvented vaults.*—(1) Prior to an employee entering a manhole the following shall be complied with.

(i) The internal atmosphere shall be tested for combustible gas and, except when continuous forced ventilation is provided, the atmosphere shall also be tested for oxygen deficiency.

(ii) When unsafe conditions are detected by testing or other means, the work area shall be ventilated and otherwise made safe before entry.

(2) An adequate continuous supply of air shall be provided while work is performed.

(i) Where combustible or explosive gas vapors have been initially detected and subsequently reduced to a safe level by ventilation.

(ii) Where organic solvents are used in the work procedure.

(iii) Where open flame torches are used in the work procedure.

(iv) In that portion of a public right of way open to vehicular traffic and/or exposed to a seepage of gas or gases, or

(v) Where toxic gases or oxygen deficiency is found.

(3) *Central office cable vaults.*—(i) Central office cable vaults that are adequately vented do not need to comply with § 1910.344(b)(1)&(2) of this part.

(ii) Unvented vaults shall comply with the provisions of § 1910.344(b)(1)&(2) of this part.

(c) *Joint power and telecommunication manholes.*—While work is being performed in a manhole occupied jointly, by an electric utility and a telecommunication utility, an employee shall be available in the immediate vicinity to render emergency assistance as may be required. This shall not preclude the employee in the immediate vicinity from occasionally entering a manhole to provide assistance, other than emergency. This requirement does not preclude a qualified employee, working alone, from entering for brief periods of time, a manhole where energized cables or equipment are in service, for the purpose of inspection, housekeeping, taking readings, or similar work if such work can be performed safely.

(d) *Ladders.*—Ladders shall be used when going in or out of manholes in excess of 4 feet deep.

(e) *Flames.*—Where open flames must be used in manholes, the following special precautions shall be taken to provide protection against combustible gas levels during the period in use.

(1) A test for combustible gas shall be made immediately prior to use of the open flame device.

(2) While using the open flame device, not more than one hour shall elapse without repeating the test for combustible gas.

(3) A fuel tank, e.g. acetylene, shall be in the manhole only when in actual use.

§ 1910.345 Microwave Transmission.

(a) *Eye protection.*—Employees shall not look into an open waveguide which is connected to any energized source of microwave radiation.

(b) *Safe area.*—(1) Accessible areas associated with microwave radio systems where the exposed radiated power density exceeds 10mw/cm² shall be posted in accordance with § 1910.97 of this part. The lower half of the warning symbol shall include the following:

"Radiation in this area may exceed hazard limitations and special precautions are required.

See Instruction_____before entering."

Employees shall not enter an area posted according to above unless one of the following is compiled with:

(i) The power is reduced until the radiated power density is equal to or less than 10mw/cm², (prior to restoring normal operating power levels, the operator shall verify that all employees have been cleared from the posted area); or

(ii) Microwave protective garments are worn as described in paragraph (c) of this section.

(2) Power density in front of microwave transmitting antennas is computed by using the Formula Wo=4P/A, where Wo is power density in mw/cm², P is the combined input power in milliwatts and A is the areas of the antenna aperture in square centimeters.

(3) When the temperature is greater than 68°F, a radiation protective garment may be required even with power densities less than 10mw/cm². This is determined by a Temperature Humidity Index (THI) as shown in Table T-2 of this section. When such climatic conditions (THI greater than 70) exist, a microwave radiation protective garment shall be worn if the power density exceeds the value shown in Table T-2 of this section for that THI.

Table T-2

Temperature Humidity Index (THI) (See Note 1)	Maximum Power Density (mw/cm^2)
70 or less	10
71	9
72	8
73	7
74	6
75	5
76	4
77	3
78	2
79 or more	1

Note 1: An approximation of the THI (within 1%) above 50% relative humidity (the range of concern) may be obtained from the relation:

$$THI = 0.8T + RH/10 + 5$$

Where T is degrees farenheit and RH is relative humidity in percent.

(c) *Protective garments.*—(1) These garments shall be such that the employee shall not be exposed to microwave radiation greater than $10mw/cm^2$.

(2) Employees wearing microwave protective garments shall maintain safe distances from exposed electrically energized conductors and equipment. For the purpose of this paragraph (c) of this section, microwave protective garments shall be considered conductive objects and employees shall comply with the distance requirements § 1910.331(g) of this part.

(3) Microwave protective garments shall be inspected by the employee prior to each use to be sure that they are free from tears or ripped seams. Any such tears or rips shall be repaired before using the suit.

(d) *Hot patching.*—An employee shall wear a radiation protective garment when patching waveguide which is propagating RF energy (a procedure known as "hot patching") unless the following safety precautions are complied with:

(1) The total RF input power to the waveguide is 30 watts or less; and

(2) The employee's head and body (excluding limbs) is not permitted closer to the propagating open end of the waveguide than the following distances:

(i) 24 inches from the propagating open end of the waveguide measured along its axis; and

(ii) 12 inches measured perpendicularly from the axis as projected from the propagating open end of the waveguide.

§ 1910.346 Tree Trimming—Electrical Hazards.

(a) *General.* (1) Tree workers shall consider all overhead and underground electrical conductors and all communications wires and cables to be energized with potentially fatal voltages, never to be touched (contacted) either directly or indirectly.

(2) Every tree worker shall be instructed that:

(i) A direct contact is made when any part of the body touches or contacts an energized conductor, or other energized electrical fixture or apparatus.

(ii) An indirect contact is made when any part of the body touches any object in contact with an energized electrical conductor, or other energized fixture or apparatus.

(iii) An indirect contact can be made through conductive tools, tree branches, trucks, equipment, or other objects, or as a result of communications wires, cables, fences, or guy wires being accidentally energized.

(iv) Electric shock will occur when a tree worker, by either direct or indirect contact with an energized conductor, energized tree limb, tool equipment, or other object, provides a path for the flow of electricity to a grounded object or to the ground itself. Simultaneous contact with two energized conductors will also cause electric shock which may result in serious or fatal injury.

(3) The system operator/owner shall be advised before any work is performed in proximity to energized conductors. This rule shall not apply to persons working on behalf of, or employed by, the system operator/owner.

(b) *Working in proximity to electrical hazards.*—(1) A close inspection shall be made by the tree worker and by the man in charge to determine whether an electrical conductor passes through the tree or passes within reaching distance of the tree worker before climbing, entering, or working around any tree. If any of these conditions are found either directly or indirectly, it shall be considered that an electrical hazard exists, unless the system operator/owner has caused the hazard to be removed by deenergizing or installing protective equipment.

(2) Only a qualified line-clearance tree trimmer or qualified line-clearance tree-trimmer trainee will be assigned to the work if it is found that an electrical hazard exists.

(3) During all tree working operations aloft where an electrical hazard of more than 750 V exists, there shall be a second qualified line-clearance tree trimmer or qualified line-clearance tree-trimmer trainee within normal voice communication. This does not apply to utility workers engaged in tree trimming incidental to their normal occupation or to one-man service crews.

(4) Line-clearance tree trimmers and line-clearance tree-trimmer trainees shall maintain clearances from energized conductors as given in Table T-3.

Table T-3.—Minimum Working Distances from Energized Conductors for Line-Clearance Tree Trimmers and Line-Clearance Tree-Trimmer Trainees

Voltage Range (phase to phase) (kv):	Minimum Working Distance
2.1 to 15.0	2 ft 0 in
15.1 to 35.0	2 ft 4 in
35.1 to 46.0	2 ft 6 in
46.1 to 72.5	3 ft 0 in
72.6 to 121.0	3 ft 4 in
138.0 to 145.0	3 ft 6 in
161.0 to 169.0	3 ft 8 in
230.0 to 242.0	5 ft 0 in
345.0 to 362.0	7 ft 0 in
500.0 to 552.0	11 ft 0 in
700.0 to 765.0	15 ft 0 in

(5) Tree workers shall maintain a minimum clearance of 10 feet from any conductors rated 50 kv or less. For lines rated over 50 kv, the minimum clearance shall be 10 feet plus $\frac{4}{10}$ inch for each kilovolt over 50 kv. If safe clearances cannot be maintained, the system operator/owner shall be contacted to provide adequate protective measures or devices before any work is begun in or near the tree.

(6) Branches hanging on an energized conductor may only be removed using appropriately insulated equipment.

(7) Rubber footwear, including lineman's overshoes, shall not be considered as providing any measure of safety from electrical hazards.

(8) Ladders, platforms, and aerial devices, including insulated aerial devices, shall not be brought in contact with an electrical conductor. Reliance shall not be placed on their dielectric capabilities.

(9) When an aerial lift device contacts an electrical conductor, the truck supporting the aerial lift device shall be considered as energized.

(c) *Storm work and emergency conditions.*—(1) Storm work and emergency conditions create special hazards, and only authorized representatives of the system operator/owner shall perform tree work where conductors are involved.

(2) When an emergency condition develops due to tree operations, work shall be suspended and the system operator/owner shall be notified immediately.

§ 1910.347 Definitions.

(a) *Aerial lift.*—An aerial lift relates to the following types of vehicle-mounted aerial devices used to elevate personnel to job sites above ground:

(1) Extensible boom platforms,

(2) Aerial ladders,

(3) Articulate boom platforms,

(4) Vertical towers,

(5) A combination of any of the above defined in ANSI A92.2–1969. These devices are made of metal, wood, fiberglass reinforced plastic (FRP), or other material and are powered or manually operated; whether or not they are capable of rotating about a substantially vertical axis.

(b) *Aerial splicing platform.*—This consists of a platform approximately 3 ft. x 4 ft. used to perform aerial cable work. It is furnished with fiber or synthetic ropes for supporting the platform from aerial strand, detachable guy ropes for anchoring it and a device for raising and lowering it with a handline.

(c) *Aerial tent.*—A small tent usually constructed of vinyl coated canvas, usually supported by light metal or plastic tubing. It is designed to protect employees in inclement weather while working on ladders, aerial splicing platforms, or aerial devices.

(d) *Alive or live (energized).*—Electrically connected to a source of potential difference, or electrically charged so as to have a potential significantly different from that of the earth in the vicinity. The term "live" is sometimes used in place of the term "current-carrying," where the intent is clear, to avoid repetition of the longer term.

(e) *Barricade.*—A physical obstruction such as types, cones, or "A" frame

type wood and/or metal structure intended to warn and limit access to a work area.

(f) *Barrier.*—A physical obstruction which is intended to prevent contact with energized lines or equipment, or to prevent unauthorized access to work area.

(g) *Battery room.*—A room in which batteries are located and whose aggregate capacity at the 8-hour discharge rate exceeds 5 kilowatt hours.

(h) *Bond.*—An electrical connection from one conductive element to another for the purpose of minimizing potential differences or providing suitable conductivity for fault current or for mitigation of leakage current and electrolytic action.

(i) *Cable.*—A conductor with insulation, or a stranded conductor with or without insulation and other coverings (single-conductor cable) or a combination of conductors insulated from one another (multiple-conductor cable).

(j) *Cable sheath.*—A protective covering applied to cables. NOTE: A cable sheath may consist of multiple layers of which one or more is conductive.

(k) *Circuit.*—A conductor or system of conductor through which an electric current is intended to flow.

(l) *Communication lines.*—The conductors and their supporting or containing structures for telephone, telegraph, railroad signal, data, clock, fire, police-alarm, community television antenna and other systems which are used for public or private signal or communication service, and which operate at potentials not exceeding 400 volts to ground or 750 volts between any two points of the circuit, and the transmitted power of which does not exceed 150 watts. When operating at less than 150 volts no limit is placed on the capacity of the system. Specifically designed communications cables may include communication circuits not complying with preceding limitation, where such circuits are also used incidentally to supply power to communication equipment.

(m) *Conductor.*—A material, usually in the form of a wire, cable, or bus bar suitable for carrying an electric current.

(n) *Effectively grounded.*—Intentionally connected to earth through a ground connection or connections of sufficiently low impedance and having sufficient current-carrying capacity to prevent the build-up of voltages which may result in undue hazard to connected equipment or to persons.

(o) *Equipment.*—A general term which includes fittings, devices, appliances, fixtures, apparatus, and the like, used as part of, or in connection with, a supply or communications installation.

(p) *Ground. (Reference).*—That conductive body, usually earth, to which an electric potential is referenced.

(q) *Ground (as a Noun).*—A conductive connection whether intentional or accidental, by which an electric circuit or equipment is connected to reference ground.

(r) *Ground (as a Verb).*—The connecting or establishment of a connection, whether by intention or accident, of an electric circuit or equipment to reference ground.

(s) *Ground tent.*—A small tent usually constructed of vinyl coated canvas supported by a metal or plastic frame. Its purpose is to protect employees from inclement weather while working at buried cable pedestal sites or similar locations.

(t) *Grounded conductor.*—A system or circuit conductor which is intentionally grounded.

(u) *Grounded systems.*—A system of conductors in which at least one conductor or point (usually the middle wire, or neutral point of transformer or generator windings) is intentionally grounded, either solidly or through a current-limiting device (not a current-interrupting device).

(v) *Grounding electrode conductor. (Grounding conductor).*—A conductor used to connect equipment or the grounded circuit of a wiring system to a grounding electrode.

(w) *Insulated.*—Separated from other conducting surfaces by a dielectric substance (including air space) offering a high resistance to the passage of current.

NOTE: When any object is said to be insulated, it is understood to be insulated in suitable manner for the conditions to which it is subjected. Otherwise, it is within the purpose of these rules, uninsulated. Insulating covering of conductors is one means of making the conductor insulated.

(x) *Insulation (as applied to cable.)*—That which is relied upon to insulate the conductor from other conductors or conducting parts or from ground.

(y) *Joint use.*—The sharing of a common facility such as a manhole, trench or pole by two or more different kinds of utilities (e.g., power and telecommunications).

(z) *Ladder platform.*—Designed to facilitate working aloft from an extension ladder. Consists of a platform (approximately 9" x 18") hinged to a welded pipe frame. The rear edge of platform and the bottom cross-member of the frame are equipped with latches to lock the platform to ladder rungs.

(aa) *Ladder seat.*—A removable seat used to facilitate work at an elevated position on rolling ladders in telecommunication centers.

(bb) *Manhole.*—A subsurface enclosure which personnel may enter and which is used for the purpose of installing, operating and maintaining submersible equipment and/or cable.

(cc) *Manhole platform.*—Consists of separate planks which are laid across steel platform supports. The ends of the supports are engaged in the manhole cable racks.

(dd) *Nominal voltage.*—The nominal voltage of a system or circuit is the value assigned to a system or circuit of a given voltage class for the purpose of convenient designation. The actual voltage may vary above or below this value.

(ee) *Pole balcony or seat.*—This balcony or seat is used as a support for workmen at pole mounted equipment or terminal boxes. It consists of a bolted assembly of steel details and a wooden platform. Steel braces run from the pole to the underside of the balcony. A guard rail (approximately 30" high) may be provided.

(ff) *Pole platform.*—This is intended for use by a workman in splicing and maintenance operations on aerial operations adjacent to a pole. It consists of a platform equipped at one end with a hinged chain binder for securing the platform to a pole. A brace from the pole to the underside of the platform is also provided.

(gg) *Qualified line-clearance tree trimmer.*—A tree worker who through related training and on-the-job experience is familiar with the special techniques and hazards involved in line clearance.

(hh) *Qualified line-clearance tree-trimmer trainee.*—Any worker regularly assigned to a line-clearance tree trimming crew and undergoing on-the-job training who, in the course of such training, has demonstrated his ability to perform his duties safely at his level of training.

(ii) *Qualified personnel.*—Any worker who by reason of his training and experience has demonstrated his ability to safely perform his duties.

(jj) *Qualified tree worker.*—A worker who through related training and on-the-job experience is familiar with the techniques and hazards of tree pruning, trimming, repairing, or removal, and the equipment used in such operations.

(kk) *System operator/owner.*—The person or organization that operates or controls the electrical conductors involved.

(ll) *Telecommunications center.*—An installation of communication equipment under exclusive control of an organization providing telecommunications service, located outdoors, or in a vault, chamber, or building space used primarily for such installations.

NOTE.—Telecommunication centers are facilities established, equipped, and arranged in accordance with engineered plans for the purpose of providing telecommunications service. They may be located on premises owned or leased by the organization providing telecommunication service, or on the premises owned or leased by others. Included in this definition are switch rooms, (whether electromechanical, electronic, or computer controlled), terminal rooms, power rooms, repeater rooms, transmitter and receiver rooms, switchboard operating rooms, cable vaults, and miscellaneous communications equipment rooms. Simulations of telecommunication centers for training or developmental purposes are also included.

(mm) *Telecommunication line truck.*—A truck used to transport men, tools, and material, and to serve as a traveling workshop for telecommunication installation and maintenance work. It is sometimes equipped with a boom and auxiliary equipment for setting poles, digging holes, and elevating material or men.

(nn) *Telecommuncation service.*—The furnishing of a capability to signal or communicate at a distance by means such as telephone, telegraph, police and fire-alarm, community antenna televi-

sion, or similar system, using wire, conventional cable, coaxial cable, wave guides, or microwave transmission or other similar means.

(oo) *Unvented vault.*—An enclosed vault in which the only openings are access openings.

(pp) *Vault.*—An enclosure above or below ground which personnel may enter and is used for the purpose of installing, operating, and/or maintaining equipment and/or cable which need not be of submersible design.

(qq) *Vented vault.*—An enclosure as described in paragraph (pp) above, with provision for air changes using exhaust flue stack(s) and low level air intake(s), operating on differentials of pressure and temperature providing for air flow.

(rr) *Voltage of an effectively grounded circuit.*—The voltage between any conductor and ground unless otherwise indicated.

(ss) *Voltage of a circuit not effectively grounded.*—The voltage between any two conductors. If one circuit is directly connected to and supplied from another circuit of higher voltage (as in the case of an autotransformer), both are considered as of the higher voltage, unless the circuit of lower voltage is effectively grounded, which case its voltage is not determined by the circuit of higher voltage. Direct connection implies electric connection as distinguished from connection merely through electromagnetic or electrostatic induction.

§ 1910.348 Standards Organizations.

Specific standards of the following organizations have been referenced in this subpart. Copies of the referenced standards may be obtained from the issuing organizations. The names and address of the issuing organizations are as follows:

American National Standards Institute (ANSI), 1430 Broadway, New York, N.Y. 10018.

American Society for Testing & Materials (ASTM), 1916 Race Street, Philadelphia, Pa. 19103.

Signed at Washington, D.C., this 18th day of August 1973.

JOHN STENDER,
Assistant Secretary of Labor.

NATIONAL DEFENSE STUDENT LOAN PROGRAM

List of Schools Determined to Have a High Concentration of Students From Low Income Families; For Cancellation Benefits During Both the 1972–1973 and 1973–1974 School Years

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

NATIONAL DEFENSE STUDENT LOAN PROGRAM

List of Schools Determined To Have a High Concentration of Students From Low-Income Families

Pursuant to the provisions of section 205(b)(3)(A)(i) of the National Defense Education Act of 1958 as amended (20 U.S.C. 425(b)(3)(A)(i)), notice is hereby given of the public and other nonprofit elementary and secondary schools which have been listed in accordance with the regulations governing the administration of the National Defense Student Loan Program (45 CFR 144.8(i)(2)) as being in school districts of local educational agencies eligible for assistance pursuant to title II of Public Law 874, 81st Congress, as amended (title I of the Elementary and Secondary Education Act of 1965), and as having high concentrations of children from low-income families during the school year 1972–73. Loans made subsequent to June 30, 1972 under the National Direct Student Loan Program (20 U.S.C. 1087aa–1087ff) are not subject to provisions of section 205(b)(3)(A)(i) and as such are not subject to this notice.

Teachers with outstanding indebtedness as a result of loans made prior to July 1, 1972 under the National Defense Student Loan Program are entitled to the 15 percent per annum rate of loan cancellation for each complete academic year (or equivalent) of full-time service performed in a public or other nonprofit elementary or secondary school which for that year has been designated by the U.S. Commissioner of Education as having a high concentration of students from low-income families.

The purpose of the lists published under this notice is to identify those schools in each of the States in which loan cancellation for teaching service during both the 1972–73 and 1973–74 school years is authorized under the special incentive terms and rates provided under section 205(b)(3)(A) of the National Defense Education Act of 1958.

The school lists appear in alphabetical order by State. The entries for American Samoa, Guam, Puerto Rico, the Trust Territory of the Pacific Islands, and the Virgin Islands appear following the list for the State of Wyoming. The District of Columbia is included in the alphabetical sequence.

Despite the fact that every reasonable precaution has been taken to assure the accuracy of these lists, it is possible that some errors may occur. Should an apparent discrepancy be noted, inquiry may be made to the appropriate State educational agency or the Program Support Branch, Division of Student Assistance, Bureau of Higher Education, U.S. Office of Education, Washington, D.C. 20202.

Dated: June 4, 1973.

S. W. HERRELL,
Acting Deputy Associate Commissioner for Higher Education.

Approved: June 6, 1973.

JOHN R. OTTINA,
Acting U.S. Commissioner of Education.

ALABAMA

List of Schools Determined To Have a High Concentration of Students From Low-Income Families; This List Is for Cancellation Benefits During Both the 1972–73 and 1973–74 School Years

Location (city or town); name of school

Abbeville:
Abbeville, EL.
Abbeville, HS.
Henry County Middle.
Akron; Akron Community, HS.
Alberta; Alberta, JHS.
Albertville; Albertville, HS.
Aliceville:

ARKANSAS

List of Schools Determined To Have a High Concentration of Students From Low-Income Families; This List Is for Cancellation Benefits During Both the 1972–73 and 1973–74 School Years

Location (city or town); name of school

Altheimer: Altheimer, 1–12.
Arkansas City: Arkansas City, EL.
Armorel: Armorel, 1–12.

Aubrey; Aubrey, EL.
Bentonville; Bentonville, 1–12.
Big Flat; Big Flat, 1–12.
Blytheville:
Blytheville, HS.
Central, EL.
East, JHS.
Fairview, EL.
Franklin, EL.
Lange, EL.
Robinson, EL.
Sudbury, EL.
West, JHS.
Bradley; Bradley, 1–12.
Brickeys; Nathan Hale, EL.
Brinkley; Brinkley, 1–12.
Bruno; Bruno, 1–12.
Burdette:
Burdette, EL.
Burdette, JHS.
Cabot; Cabot, EL.
Caldwell; Caldwell, EL.
Cale; Cale, 1–12.
Camden:
Camden, 1–12.
Fairview, 1–12.
Cherry Valley:
Cherry Valley, EL.
Cross County, HS.
Chidester; Chidester, 1–12.
Clinton; Alread, 1–12.
Conway; Conway, JHS.
Corning:
Corning Central, EL.
Corning, HS.
McDougal, EL.
Success, EL.
Cotton Plant; Cotton Plant, 1–12.
Crawfordsville; Crawfordsville 1–12.
Dalton; Dalton, EL.
Deer; Deer, 1–12.
Delaplaine; Delaplaine, 1–12.
Dermott:
Dermott, 1–12.
Morris Booker Memorial, 1–12.
Dumas; Dumas, 1–12.
Dyess; Dyess, 1–9.
Earle; Earle, 1–12.
Edmondson; Wedlock, EL.
Elaine; Elaine, 1–12.
England; England, 1–12.
Eudora:
Eudora, 1–12.
Ross Van Ness, EL.
Fifty-Six; Fifty-Six, 1–9.
Forrest City:
Evans, EL.
Forrest City, JHS.
Forrest City, HS.
McDaniel-Central, EL.
Stewart, EL.
Fort Smith:
Belle Grove, EL.
DuVal, EL.
Howard, EL.
Parker, EL.
Gentry; Gentry, 1–12.
Gould; Gould, 1–12.
Grady; Grady, 1–12.
Guy; Guy-Perkins, 1–12.
Harrisburg; Common, 1–12.
Helena:
Helena, EL.
Helena Crossing, EL.
Jefferson, EL.
North End, EL.
Wahl, EL.
White-Lake View, 1–12.
Hindsville; Hindsville, EL.
Hiwasse; Hiwasse, EL.
Holly Grove; Holly Grove, 1–12.
Hope:
Hope, HS.
Yerger, JHS.
Hot Springs:
Goldstein, EL.
Lee, EL.
Rix, EL.
Hughes; Hughes, 1–12.
Hulbert; Dabbs, EL.
Huntsville:
Huntsville, EL.
Huntsville, HS.
Watson, EL.
Jasper:
Compton, EL.
Jasper, 1–12.
Jerusalem; Jerusalem, EL.
Joiner; Shawnee, 1–9.
Jonesboro; East, EL.
Keiser; Keiser, 1–9.
Kingston; Kingston, 1–12.
Knobel; Knobel, 1–12.
Lake City; Dixie, EL.
Lake Village; Lakeside, 1–12.
Lamar; Lamar, HS.
Lawson; Lawson, EL.
Lepanto; Lepanto, 1–12.
Lewisville; Lewisville, 1–12.
Little Rock:
Gibbs, EL.
Pfeifer, EL.
Stephens, EL.
Washington, EL.
Lonoke; Lonoke, 1–12.
Luxora; Luxora, 1–12.
McCrory; McCrory, 1–12.
McGehee; McGehee, 1–12.
McNeil; McNeil, 1–12.
Madison; Madison-Butler, EL.
Magnolia; Magnolia, 1–12.
Marianna:
Anna Strong, EL.
Anna Strong, JHS.
Lee, HS.
T. A. Futrall, JHS.
Whitten-Nunnally, EL.
Marion; Marion, 1–12.
Marked Tree; Marked Tree, 1–12.
Marshall; Marshall, 1–12.
Marvell; Marvell, 1–12.
Menifee; East Side, 1–12.
Monticello:
Monticello, 1–12.
Enon, EL.
Moro; Moro, EL.
Morrilton; Center, EL.
Moscow; Linwood, 1–12.
Mount Judea; Mount Judea, 1–12.
Mountain Home:
Gamaliel, EL.
Nelson-Wilkes, EL.
Mountain View:
Mountain View, EL.
Mountain View, HS.
Newport:
Albright, EL.
Castleberry, EL.
Newport, JHS.
Newport, HS.
Rutherford, EL.
Norman; Caddo Hills, HS.
North Little Rock:
Glenview, EL.
Pine, EL.
Redwood, EL.
Seventh Street, EL.
Oark; Oark, 1–12.
Okolona; Okolona, 1–12.
Osceola:
East, EL.
Osceola, EL.
Osceola, JHS.
Osceola, HS.
West, EL.
Palestine; Palestine, 1–12.
Paragould:
East, EL.
Elmwood, EL.
Greene County Tech, JHS.
Greene County Tech, HS.
Oakwood, EL.
West, EL.
Parkdale; Parkdale, 1–9.
Parkin; Parkin, 1–12.
Patmos; Patmos, EL.
Pine Bluff:
Dollarway, 1–12.
Greenville, EL.
Owen, EL.
Pine Bluff, HS.
Southeast, JHS.
Pleasant Grove; Pleasant Grove, EL.
Portland; Portland, 1–12.
Prairie View; Prairie View, EL.
Rohwer; Desha Central, EL.
Rosston; Oak Grove, 1–12.
Rushing; Rural Special, 1–12.
St. Paul; St. Paul, 1–12.
Saratoga; Saratoga; 1–12.
Scott; Scott, EL.
Scranton; St. Ignatius, EL.
Selma; Selma, EL.
Sherrill; Barret-Rosenwald, EL.
Snow Lake; Snow Lake, EL.
Springdale; Jones, EL.
Stamps; Stamps, 1–12.
Star City; Star City, 1–12.
Sulphur Springs; Sulphur Springs, EL.
Texarkana; Carver, EL.
Tillar; Prewitt-Tillar, 1–12.
Timbo; Timbo, 1–12.
Trumann; Trumann, 1–12.
Turrell; Turrell, 1–12.
Tyronza; Tyronza, 1–12.
Urbana; Urbana, 1–9.
Van Buren; Sophia Meyer, EL.
Vanndale; Vanndale, EL.
Viola; Viola, 1–12.
Wabbaseka; Wabbaseka, 1–12.
Washington; Lincoln, 1–12.
Watson:
Watson, EL.
Delta, JHS.
Delta, HS.
West Helena:
Beech Crest, EL.
Central, HS.
Miller, JHS.
Woodruff, EL.
West Side, EL.
West Memphis:
Bragg, EL.
East, JHS.
Jackson, EL.
Maddux, EL.
West, JHS.
Wonder, EL.
Wonder, JHS.
West Point; West Point, EL.
West Ridge; Mississippi County, K–12.
Western Grove; Western Grove, 1–12.
Wheatley; Wheatley, K–12.
Widener; DeRossitt, EL.
Wilmar; Wilmar, 1–12.
Wilmot; Wilmot, 1–12.
Wilson:
Wilson, 1–9.
Rivercrest, HS.
Wright; Plum Bayou, 1–12.
Wynne; Wynne, 1–12.

CALIFORNIA

List of Schools Determined To Have a High Concentration of Students From Low-Income Families; This List Is for Cancellation Benefits During Both the 1972–73 and 1973–74 School Years

[Please note that all elementary and secondary schools in this State operated by the Bureau of Indian Affairs are considered to meet the qualification of a high concentration of students from low-income families, and are, therefore, not included on this list.]

Location (city or town); name of school

Acampo; Houston, EL.

COLORADO

List of Schools Determined To Have a High Concentration of Students From Low-Income Families; This List Is for Cancellation Benefits During Both the 1972–73 and 1973–74 School Years

[Please note that all elementary and secondary schools in this State operated by the Bureau of Indian Affairs are considered to meet the qualification of a high concentration of students from low-income families, and are, therefore, not included on this list.]

MINNESOTA

List of Schools Determined To Have a High Concentration of Students From Low-Income Families; This List Is for Cancellation Benefits During Both the 1972–73 and 1973–74 School Years

Location (city or town); name of school

Adams:
Adams, EL–JHS–HS.
Elkton, EL–JHS–HS.
Rose Creek, EL–JHS–HS.
Adrian; Adrian, EL–JHS–HS.
Aitkin:
Ripplesides, EL.
Aitkin EL–JHS–HS.
Albany; Albany EL–JHS–HS.
Alexandria:
Central, JHS.
Jefferson, SHS.
Lincoln, EL.
Washington, EL.
Amboy-Good Thunder; Amboy-Good Thunder, EL–JHS–HS.
Appleton:
Appleton, EL.
Appleton, JHS–HS.
Ashby; Ashby, EL–JHS–HS.
Askov; Askov, EL–JHS–HS.
Atwater; Atwater, EL–JHS–HS.
Audubon; Audubon, EL–JHS–HS.

Backus; Backus, EL–HS.
Badger; Badger, EL–JHS–HS.
Bagley; Bagley, EL–JHS–HS.
Balaton; Balaton, EL–JHS–HS.
Barnesville:
  Barnesville, EL.
  Barnesville, JHS–HS.
Barrett; Barrett, EL–JHS–HS.
Battle Lake; Battle Lake, EL–JHS–HS.
Baudette; Baudette, JHS–HS.
Beardsley; Beardsley, EL–JHS–HS.
Belgrade; Belgrade, EL–JHS–HS.
Belle Plaine; Belle Plaine, EL–JHS–HS.
Bellingham; Bellingham, EL–JHS–HS.
Belview; Belview, EL–JHS–HS.
Bemidji:
  Bemidji JHS–HS.
  Central EL.
  Lincoln EL.
  J. W. Smith EL.
Benson:
  Benson JHS–HS.
  Northside EL.
Bertha-Hewitt; Bertha-Hewitt EL–JHS–HS.
Bird Island:
  Bird Island EL–JHS–HS.
  St. Mary EL.
Blackduck; Blackduck EL–JHS–HS.

Blue Earth; Blue Earth EL–JHS–HS.
Borup; Borup EL–HS.
Brandon; Brandon EL–JHS–HS.
Breckenridge:
  Breckenridge EL.
  Breckenridge JHS–HS.
Brewster; Brewster EL–JHS–HS.
Bricelyn; Bricelyn EL–JHS–HS.
Brooten; Brooten EL–JHS–HS.
Browerville; Browerville EL–JHS–HS.
Buffalo Lake; Buffalo Lake EL–JHS–HS.
Butterfield; Butterfield JHS–HS.
Caledonia; Caledonia EL–JHS–HS.
Campbell; Campbell-Tintah EL–JHS–HS.
Canby:
  Canby EL–JHS–HS.
  St. Peter EL.
Cass Lake:
  Cass Lake EL.
  Cass Lake JHS–HS.
Ceylon; Ceylon EL–JHS–HS.
Chandler; Chandler-Lake Wilson EL–HS.
Chatfield; Chatfield EL–JHS–HS.
Chokio-Alberta; Chokio EL–JHS–HS.
Clara City; Clara City, EL–JHS–HS.
Clarissa; Clarissa, EL–JHS–HS.
Clarkfield; Clarkfield, EL–JHS–HS.
Clearbrook; Clearbrook, EL–JHS–HS.
Cleveland; Cleveland, EL–JHS–HS.
Clinton; Clinton, EL–JHS–HS.
Comfrey; Comfrey, EL–JHS–HS.
Cosmos; Cosmos, EL–JHS–HS.
Cottonwood; Cottonwood, EL–JHS–HS.
Crosby-Ironton; Central, JHS–HS.
Cyrus; Cyrus, EL–JHS–HS.
Danube; Danube, EL–JHS–HS.
Dawson-Boyd:
  Dawson, EL.
  Dawson, JHS–HS.
Deer Creek; Deer Creek, EL–JHS–HS.
Deer River:
  King, EL.
  Deer River, JHS–HS.
Delano; Delano, EL–JHS–HS.
Delavan; Delavan, EL–JHS–HS.
Duluth:
  Bryant, EL.
  Central, HS.
  Denfeld, HS.
  Duluth Cathedral, HS.
  Emerson, EL.
  Franklin, EL.
  Grant, EL.
  Irving, EL.
  Jefferson, EL.
  Lincoln, JHS.
  Lincoln, EL.
  McArthur, EL.

  St. Anthony, EL.
  St. James, EL.
  Washington, EL.
  Washington, JHS.
  West, JHS.
  West End EL.
Eagle Bend; Eagle Bend, EL–JHS–HS.
East Chain; East Chain, EL–JHS–HS.
Echo; Echo, EL–JHS–HS.
Eden Valley; Eden Valley, EL–JHS–HS.
Edgerton:
  Edgerton Christian, EL.
  Edgerton, EL–JHS–HS.
  Southwest Christian, HS.
Elbow Lake; Elbow Lake, JHS–HS.
Ellendale; Ellendale, EL–JHS–HS.
Elmore; Elmore, EL–JHS–HS.
Emmons; Emmons, EL–JHS–HS.
Erskine; Erskine, EL–JHS–HS.
Evansville; Evansville, EL–JHS–HS.
Fairfax; Fairfax, EL–JHS–HS.
Fertile; Fertile, EL–JHS–HS.
Finlayson; Finlayson, EL–JHS–HS.
Floodwood; Floodwood, EL–JHS–HS.
Foley:
  Foley, EL–JHS–HS.
  St. John, EL.
Fosston:
  Fosston, EL.
  Fosston, JHS–HS.
Frazee; Frazee, EL–JHS–HS.
Frost; Frost, EL–JHS–HS.
Fulda; Fulda, EL–JHS–HS.
Gary; Gary, EL–JHS–HS.
Gibbon; Gibbon, EL–JHS–HS.
Glenville; Glenville, EL–JHS–HS.
Glenwood:
  Prospect Park-Central, EL.
  Glenwood, JHS–HS.
Gonvick; Gonvick, EL–JHS–HS.
Goodhue; Goodhue, EL–JHS–HS.
Goodridge; Goodridge EL–JHS–HS.
Graceville; Graceville EL–JHS–HS.
Granada:
  Granada JHS–HS.
  Huntley EL.
Grand Rapids:
  Grand Rapids JHS.
  Grand Rapids HS.
Greenbush; Greenbush EL–JHS–HS.
Grey Eagle; Grey Eagle EL–JHS–HS.
Grove City; Grove City EL–JHS–HS.
Hancock; Hancock EL–JHS–HS.
Harmony; Harmony EL–JHS–HS.
Hawley; Hawley EL–JHS–HS.
Hayfield; Hayfield JHS–HS.
Henderson; Henderson EL–JHS–HS.
Hendricks; Hendricks EL–JHS–HS.
Henning; Henning EL–JHS–HS.
Herman; Herman EL–JHS–HS.
Heron Lake; Heron Lake EL–JHS–HS.
Hills-Beaver Creek; Hills-Beaver Creek EL–JHS–HS.
Hill City:
  Hill City EL.
  Hill City HS.
Hinckley; Hinckley EL–JHS–HS.
Hoffman; Hoffman EL–JHS–HS.
Holdingford; Holdingford EL–JHS–HS.
Houston; Houston EL–JHS–HS.
Howard Lake; Howard Lake EL–JHS–HS.
Humboldt; Humboldt-St. Vincent EL–JHS–HS.
Isle; Isle EL–JHS–HS.
Ivanhoe; Ivanhoe EL–JHS–HS.
Jackson:
  Riverside EL.
  Jackson JHS–HS.
Jasper; Jasper EL–JHS–HS.
Karlstad; Karlstad EL–JHS–HS.
Kelliher; Kelliher EL–JHS–HS.
Kensington; Kensington EL–JHS–HS.
Kenyon; Kenyon EL–JHS–HS.
Kerkhoven:
  Kerkhoven EL.
  Kerkhoven JHS–HS.
Kiester:
  Kiester EL.
  Kiester JHS–HS.
Kimball; Kimball EL–JHS–HS.
Laporte; Laporte EL–JHS–HS.
Lake Benton; Lake Benton EL–JHS–HS.
Lake Crystal; Lake Crystal EL–JHS–HS.
Lakefield; Lakefield EL–JHS–HS.
Lake Wilson; Lake Wilson EL–JHS–HS.
Lamberton; Lamberton EL–JHS–HS.
Lancaster; Lancaster EL–JHS–HS.
Lanesboro; Lanesboro EL–JHS–HS.
LeCenter; LeCenter EL–JHS–HS.
LeRoy; LeRoy EL–JHS–HS.
Lester Prairie; Lester Prairie EL–JHS–HS.
Litchfield:
  Litchfield HS.
  Lake Ripley EL.
  Wagner EL.
  Washington JHS.
Little Falls:
  Lincoln EL.
  Lindbergh EL.
  Little Falls JHS–HS.
  St. Mary EL.
Long Prairie; Long Prairie EL–JHS–HS.
Lynd; Lynd EL–JHS–HS.
Mabel-Canton; Mabel-Canton EL–JHS–HS.
Madelia; Madelia EL–JHS–HS.
Madison; Madison EL–JHS–HS.
Magnolia; Magnolia EL–JHS–HS.
Mahnomen:
  Mahnomen EL.
  Mahnomen JHS–HS.
Maple Lake; Maple Lake EL–JHS–HS.
Mapleton; Mapleton EL–JHS–HS.
Marietta; Marietta EL–JHS–HS.
Marshall:
  Eastside EL.
  Westside EL.
  Marshall JHS–HS.
  Holy Redeemer EL.
Maynard; Maynard EL–JHS–HS.
McGregor; McGregor EL–JHS–HS.
McIntosh; McIntosh EL–JHS–HS.
Melrose:
  St. Mary EL.
  Melrose EL–JHS–HS.
Menahga; Menahga EL–JHS–HS.
Mentor; Mentor EL–JHS–HS.
Middle River; Middle River EL–JHS–HS.
Milaca:
  Milaca EL.
  Milaca JHS–HS.
Milan; Milan EL–JHS–HS.
Milroy; Milroy EL–JHS–HS.
Minneapolis:
  Ascension EL.

List of Schools Determined to Have a High Concentration of Students From Low-Income Families; This List is For Cancellation Benefits During Both the 1972–73 and 1973–74 School Years

[Please note that all elementary and secondary schools in this State operated by the Bureau of Indian Affairs are considered to meet the qualification of a high concentration of students from low-income families, and are, therefore, not included in this list.]

Location (city or town); name of school

Alexander; Alexander No. 2.
Almont; Sims No. 8.
Amidon; Amidon No. 32.
Anamoose; Anamoose No. 14.
Ashley; Ashley No. 9.
Balfour; Balfour No. 56.
Beach; Beach No. 3.
Balcourt; St. Ann Mission EL.
Beulah; Beulah No. 27.
Bismarck:
Naughton No. 25 EL.
Telfer No. 46 EL.
Blaisdell; Granada No. 110 EL.
Bottineau; Bottineau No. 1.
Braddock; Braddock No. 7.
Butte; Butte No. 62.
Carrington; Estabrook No. 19 EL.
Carson; Roosevelt No. 18.
Cartwright; Horse Creek No. 32 EL.
Cavalier; Cavalier No. 6.
Center; Center No. 18.
Columbus; Columbus No. 34.
Courtenay; Courtenay No. 24.
Crosby; Divide County No. 1.
Deering; Thursby Butte No. 37.
Devils Lake; Devils Lake Central 5–12.
Dodge; Dodge No. 8.
Donnybrook; Donnybrook No. 24.
Drake; Drake No. 57.
Driscoll; Driscoll No. 36.
Dunseith; Dunseith No. 1.
Eckelson; Eckelson No. 45 EL.
Edgeley; Edgeley No. 3.
Elgin; Elgin No. 16.

Ellendale; Ellendale No. 40.
Epping; Epping No. 88.
Esmond; Esmond No. 25.
Fargo:
Benjamin Franklin JHS.
Jefferson EL.
South SHS.
Flasher:
Flasher No. 39.
Oak Coulee No. 35 EL.
Forman; Sargent Central No. 6.
Fort Ransom; Fort Ransom No. 6 EL.
Fort Yates; St. Bernard Mission EL.
Gackle; Gackle No. 14.
Garrison; Garrison No. 51.
Gladstone; Iota No. 18 EL.
Golden Valley; Juzeler No. 20.
Goodrich; Goodrich No. 16.
Glen Ullin; Glen Ullin No. 48.
Grand Forks:
Belmont EL.
Valley JHS.
Washington EL.
Wilder EL.
Winship EL.
Hague:
Bakker No. 10 EL.
Odessa No. 9 EL.
Hamilton; Hamilton No. 39.
Hankinson; Hankinson No. 8.
Hannover:
Bismarck No. 7 EL.
Springbrook No. 14 EL.
Harvey; Harvey No. 38.
Hazelton; Hazelton-Moffit No. 6.
Hazen; Hazen No. 3.
Hebron; Hebron No. 13.
Hoople; Dundee No. 34 EL.
Hurdsfield; Pleasant Valley No. 35.
Jud; Jud No. 5.
Karlsruhe; Karlsruhe No. 54.
Killdeer; Killdeer No. 16.
Kulm; Kulm No. 7.
LaMoure; LaMoure No. 8.
Langdon; Langdon No. 23.
Lehr; Lehr No. 10.
Lemmon; (South Dakota) North Lemmon No. 4 EL.
Lidgerwood; Lidgerwood No. 28.
Linton; Linton No. 36.
Lisbon; Lisbon No. 19.
Luverne; Willow Lake No. 18
Maddock; Maddock No. 9.
Mandan; Marmot HS.
Manfred; Manfred No. 20 EL.
Marmarth; Marmarth No. 12 EL.
Max; Max No. 50.
McClusky; McClusky No. 19.
McLaughlin; (South Dakota) Goose Camp No. 10 EL.
Medora; Billings County No. 1 EL.
Minot:
Eric Ramstad JHS.
Harrison No. 2 EL.
Jim Hill JHS.
Minot SHS.
South Prairie No. 70 EL.
Mohall; Mohall No. 9.
Mott; Mott No. 6.
Mylo; Mylo No. 26 EL.
Napoleon; Napoleon No. 2.
New Leipzig; New Leipzig No. 15.
New Rockford; New Rockford No. 1.
New Salem; New Salem No. 7.
New Town; New Town No. 1.
Oakes; Oakes No. 41.
Oberon; Oberon No. 16.
Palermo; Palermo No. 83.
Parshall; Parshall No. 3.
Pettibone; Pettibone No. 11.
Powers Lake; Powers Lake No. 27.
Regan; Regan No. 2 EL.
Robinson; Robinson No. 14.
Rolette; Rolette No. 29.
Rolla; Mt. Pleasant No. 4.
Rugby; Rugby No. 5.
Selfridge; Selfridge No. 8.
Selz; Selz No. 31 EL.
Sentinel Butte; Garner No. 10 EL.
Sidney; (Montana) Earl No. 18 EL.
Solen; Solen No. 3.
St. Anthony; Little Heart No. 4 EL.
St. Michael; St. Michael Tribal K–9.
St. John; St. John No. 3.
Stanley; Stanley No. 2.
Steele; Steele No. 26.
Sykeston; Sykes No. 39.
Tappen; Tappen No. 28.
Taylor; Taylor No. 3.
Towner; Newport No. 4.
Turtle Lake; Turtle Lake-Mercer No. 72.
Valley City; Green No. 99 EL.
Venturia; Johnstown No. 12 EL.
Wales; Dresden No. 9 EL.
Walhalla; Walhalla No. 27.
Warwick; Warwick No. 29.
Washburn; Washburn No. 4.
Watford City; McKenzie County No. 1.
West Fargo; L. E. Berger Middle.
Wildrose; Wildrose No. 91.
Williston; New No. 8 EL.
Wilton; Wilton No. 1.
Wing; Wing No. 28.
Wishek; Wishek No. 19.

OHIO

List of Schools Determined To Have a High Concentration of Students From Low-Income Families. This List is for Cancellation Benefits During Both the 1972–1973 and 1973–1974 School Years.

Location; city or town; name of school

Aberdeen; Aberdeen EL.
Adamsville; Adamsville EL.
Addyston; Addyston EL.
Adena; Adena EL.
Akron:
Bryan EL.
Buchtel HS.
Central-Hower HS.
Crosby EL.
Crouse EL.
East HS.
Findley EL.
Fraumfelter EL.
Garfield HS.
Glover EL.
Goodrich JHS.
Goodyear JHS.
Grace EL.
Henry EL.
Hill EL.
Jennings JHS.

OKLAHOMA

List of Schools Determined to Have a High Concentration of Students From Low-Income Families. This List is for Cancellation Benefits During Both the 1972–1973 and 1973–1974 School Years.

(Please note that all elementary and secondary schools in this State operated by the Bureau of Indian Affairs are considered to meet the qualification of a high concentration of students from low-income families, and are, therefore, not included on this list.)

Location: city or town; name of school

Ada:
- Ada JHS.
- Ada HS.
- Byng EL–JHS–HS.
- Latta EL–JHS–HS.

Adair; Adair EL–JHS–HS.
Albion; Albion EL.
Allen; Allen EL–JHS–HS.
Altus:
- Altus HS.
- Central JHS.
- Eugene Field EL.
- Roosevelt EL.
- Will Rogers EL.
- Wilson EL.

Anardarko:
- Anadarko HS.
- East EL.
- West EL–East JHS.

Antlers:
- Antlers EL.
- Antlers JHS–HS.

Apache; Broxton EL–JHS–HS.
Ardmore:
- Ardmore JHS–HS.
- Dickson EL–JHS–HS, Dickson, I–77.
- Washington EL.

Arkoma; Arkoma EL–HS.
Atoka:
- Atoka JHS–HS.
- Mamie Johnson EL.
- Thunderbird EL.

Barnsdall; Barnsdall EL–JHS–HS.
Bartlesville; Central JHS.
Battiest; Battiest EL–JHS–HS.
Beggs; Beggs EL–JHS–HS.
Binger; Binger EL–JHS–HS.
Bluejacket; Bluejacket EL–JHS–HS.
Bokchito; Bokchito EL–JHS–HS.
Bokoshe; Bokoshe EL–JHS–HS.
Boley:
- Boley EL–JHS–HS.
- Chilesville EL., Chilesville, D–7.

Boswell; Boswell EL–JHS–HS.
Bowlegs; Bowlegs EL–JHS–HS.
Boynton; Boynton EL–JHS–HS.
Bromide; Bromide EL.
Bristow:
- Bristow JHS–HS.
- Edison EL.
- Slick EL.
- Washington EL.

Broken Bow:
- Bennett EL.
- Broken Bow HS.
- East Side JHS.

Cache; Cache EL–JHS–HS.
Caddo; Caddo EL–JHS–HS.
Cameron; Cameron EL–JHS–HS.
Caney; Caney EL–JHS–HS.
Canton; Canton EL–JHS–HS.
Carnegie; Carnegie EL.
Castle; Castle EL.
Catoosa; Catoosa EL–JHS.
Centrahoma; Centrahoma EL.
Chandler; Chandler EL–JHS–HS.
Checotah:
- Checotah EL.
- Checotah JHS–HS.
- Longfellow EL.

Chickasha:
- Chickasha Intermediate.
- Chickasha JHS.
- Northwest EL.

Choctaw; Choctaw EL–HS.
Claremore:
- Claremont EL.
- Claremore HS.
- West Side EL.
- Will Rogers JHS.

Clayton; Clayton EL–JHS–HS.
Cleveland:
- Cleveland EL–JHS.
- Cleveland HS.

Coalgate:
- Coalgate EL–JHS–HS.
- Cottonwood EL.
- Cottonwood, D–4.

Colbert; Colbert EL.
Colcord; Colcord EL–JHS–HS.
Commerce; Commerce EL–JHS–HS.
Connerville; Connerville EL.
Coweta; Coweta EL–JHS–HS.
Cromwell; Butner EL–JHS–HS.
Davenport; Davenport EL–JHS–HS.
Dewar; Dewar EL–JHS–HS.
Drumright; Olive EL–JHS–HS.
Duncan; Empire EL–JHS–HS.
Durant:
- Durant HS.
- Silo EL–JHS–HS.
- Silo I–1.

Dustin; Dustin EL–JHS–HS.
Eagletown; Eagletown EL–JHS–HS.
Elgin; Elgin EL–JHS–HS.
Elk City; Elk City JHS–HS.
Enid; Enid HS.
Eufaula; Eufaula JHS–HS.
Fairfax; Fairfax EL–JHS–HS.
Fillmore; Fillmore EL.
Fort Cobb; Fort Cobb EL–JHS–HS.
Fort Gibson; Fort Gibson EL–JHS–HS.
Fort Smith; (Arkansas) Pocola EL–JHS–HS.
Fort Towson; Fort Towson EL–JHS–HS.
Fox; Fox EL–JHS–HS.
Foyil; Foyil EL–JHS–HS.
Frederick:
- Central EL.
- Frederick JHS.

Gore; Gore EL–JHS–HS.
Graham; Graham EL–JHS–HS.
Grandfield; Grandfield EL–JHS–HS.
Grant; Grant EL–JHS–HS.
Grove:
- Grove EL.
- Grove JHS–HS.

Guthrie; Guthrie HS.
Haileyville; Haileyville EL–JHS–HS.
Hanna; Hanna EL–JHS–HS.
Hartshorne:
- Hartshorne JHS–HS.
- North Ward EL.

Haskell; Haskell EL–JHS–HS.
Haworth; Haworth EL–JHS–HS.
Heavener:
- Heavener EL.
- Heavener JHS–HS.

Henryetta:
- Henryetta EL.
- Henryetta JHS–HS.
- Ryal EL, Ryal, D–3.

Hobart:
- Eugene Field EL.
- Francis Willard EL.
- Hobart JHS–HS.

Hodgens; Hodgens EL.
Holdenville:
- Holdenville JHS–HS.
- Park View EL.
- Thomas EL.

Hollis; Hollis EL–JHS–HS.
Hominy; Hominy EL–JHS–HS.
Hugo:
- Eugene Field EL.
- Goodland EL, Goodland, D–13.
- Hugo JHS–HS.

Hulbert:
- Hulbert EL–JHS–HS.
- Lost City EL, Lost City, D–17.
- Shady Grove EL.

Idabel:
- Central EL.
- Idabel JHS–Gray HS.
- Oak Grove EL, Oak Grove, D–63.
- Southeast EL.

Indianola; Indianola EL–JHS–HS.
Jay:
- Jay EL.
- Jay JHS–HS.

Jones; Jones EL–JHS–HS.
Kansas; Kansas EL–JHS–HS.
Kellyville; Kellyville EL–JHS–HS.
Keota; Keota EL–JHS–HS.
Ketchum; Ketchum EL–JHS–HS.
Kingston; Kingston EL–JHS–HS.
Kinta; Kinta EL–JHS–HS.
Konawa:
- Konawa EL–JHS–HS.
- Vamoosa EL, Vamoosa, D–8.

Lawton:
- Central JHS.
- Dunbar EL.
- Eisenhower JHS–HS.
- Lawton HS.
- Lincoln EL.
- St. Mary EL.
- Will Rogers EL.

Leach; Leach EL.
LeFlore; LeFlore EL–JHS–HS.
Leon; Leon EL.
Lindsay:
- Lindsay EL.
- Lindsay JHS–HS.

Locust Grove; Locust Grove EL–JHS–HS.
Lookeba:
- Lookeba-Sickles EL.
- Lookeba-Sickles JHS–HS.

Madill:
- Madill EL.
- Madill JHS–HS.

Mangum:
- Mangum EL.
- Mangum JHS–HS.

Mannford; Mannford EL–JHS–HS.
Marble City; Marble City EL.
Marietta; Marietta EL–HS.
Marlow:
- Marlow EL.
- Marlow JHS–HS.

Maud; Wolf EL.
Maysville; Story EL.
McAlester:
- McAlester HS.
- McAlester JHS.
- Puterbaugh JHS.
- Will Rogers EL.
- McCurtain; McCurtain EL–JHS–HS.

McLoud; McLoud EL–JHS–HS.
Milburn; Milburn EL–JHS–HS.
Moffett; Moffett EL.
Morris; Morris EL–JHS–HS.
Muldrow:
- Belfonte EL.
- Muldrow EL–JHS–HS.

Muskogee:
- Alice Robertson JHS.
- Cherokee EL.
- DuBois EL, DuBois, D–42.
- Muskogee HS.
- West JHS.

Nashoba; Nashoba EL.
New Lima; New Lima EL–JHS–HS.
Nowata:
- Nowata EL.
- Nowata JHS–HS.

Oaks; Oaks Mission EL–JHS–HS.
Okay; Okay EL–JHS–HS.
Okemah:
- Oakes EL.
- Okemah JHS–HS.

Oklahoma City:
Capitol Hill HS.
Capitol Hill JHS.
Central JHS.
Central Oak EL–Crooked Oak JHS–HS, Crooked Oak I–53.
Oak JHS–HS, Crooked Oak, I–53.
Classen HS.
Columbus EL.
Corpus Christi EL.
Douglass-Kennedy JHS–HS.
Harding JHS.
Hoover JHS.
Jackson JHS.
Mark Twain EL.
Millwood EL–JHS–HS, Millwood, I–37.
Northeast HS.
Northwest Classen HS.
Rockwood EL.
Rogers Middle.
Roosevelt JHS.
Shidler EL.
Southeast HS.
Stand Watie EL.
St. Joseph EL.
Star-Spencer HS.
Taft JHS.
U.S. Grant HS.
Webster JHS.
West Oak EL, Crooked Oak, I–53.
Wheeler EL.
Willard EL.
Wilson EL.
Okmulgee:
Nuyaka EL, Nuyaka, D–10.
Horace Mann EL.
Okmulgee HS.
Okmulgee JHS.
Twin Hills EL, Twin Hills, D–11.
Wilson EL.
Panama; Panama EL–JHS–HS.
Park Hill; Stone Chapel EL.
Pauls Valley:
Pauls Valley JHS.
Pauls Valley HS.
Pawhuska:
Pawhuska EL.
Pawhuska JHS–HS.
Pawnee; Pawnee JHS–HS.
Perry; Perry EL–JHS–HS.
Picher; Picher-Cardin EL–JHS–HS.
Ponca City:
Garfield EL.
McKinley EL.
Porter; Porter EL–JHS–HS.

UTAH

List of Schools Determined To Have a High Concentration of Students From Low-Income Families. This List is for Cancellation Benefits During Both the 1972–1973 and 1973–1974 School Years.

(Please note that all elementary and secondary schools in this State operated by the Bureau of Indian Affairs are considered to meet the qualification of a high concentration of students from low-income families, and are, therefore, not included on this list.)

Current White House Releases

WEEKLY COMPILATION OF PRESIDENTIAL DOCUMENTS

This unique service makes available transcripts of the President's news conferences; messages to Congress; public speeches, remarks, and statements; and other Presidential materials released by the White House.

The Weekly Compilation carries a Monday dateline and covers materials released during the preceding week. It includes an Index of Contents and a system of cumulative indexes. Other finding aids include lists of laws approved by the President and of nominations submitted to the Senate, a checklist of White House releases, and a digest of other White House announcements.

This systematic publication of Presidential items provides users with up-to-date information and a permanent reference source concerning Presidential policies and pronouncements.

Subscription Price: $9.00 per year

Compiled by Office of the Federal Register, National Archives and Records Service, General Services Administration

Order from: Superintendent of Documents,
U.S. Government Printing Office,
Washington, D.C. 20402
