FRIDAY, FEBRUARY 1, 1974

WASHINGTON, D.C.

Volume 39 ■ Number 23

Pages 4055–4455

PART I

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

ARCHEOLOGICAL AND PALEONTOLOGICAL OBJECTS—Federal Highway Administration codifies procedures on salvage in highway projects 4078

RUBBER TIRES AND INNER TUBES—CLC price exemption; effective 1–30–74 4065

NITROGEN OXIDE EMISSION—EPA grants suspension applications to 1976 standard 4132

CACAO AND CONFECTIONERY—FDA clarifies and extends comment period on manufacturing practice regulation; comments by 2–25–74 4113

COLD-PACK CHEESE—FDA provides for alternate names in labeling; effective 4–2–74 4076

DEBENTURE INTEREST RATES—HUD amendments concerning mortgage insurance and improvement loans; effective 1–1–74 4089

WOOL—CITA provides import control level for certain textile products from Republic of Korea 4128

PUBLIC ASSISTANCE—HEW proposal defining incapacity for AFDC program purposes; comments by 3–4–74 4114

(Continued inside)

PART II:

INTERSTATE LIVESTOCK MOVEMENT—USDA updates listing of approved markets and slaughtering establishments; effective 2–1–74 4229

PART III:

WAGE DETERMINATION—Labor Department issues general decisions and index for Federal and Federally assisted construction (2 documents) 4261

PART IV:

PETROLEUM—

FEO regulations concerning price rule and omission in propane allocation 4450

Correction to National Supply/Capacity Ratio and Refiners Buy/Sell List 4451

February 1, 1974—Pages 4055–4455

REMINDERS

(The items in this list were editorially compiled as an aid to FEDERAL REGISTER users. Inclusion or exclusion from this list has no legal significance. Since this list is intended as a reminder, it does not include effective dates that occur within 14 days of publication.)

Rules Going Into Effect Today

This list includes only rules that were published in the FEDERAL REGISTER after October 1, 1972.

page no. and date

FEBRUARY 1

Agriculture—Plant variety protection act regulations and rules of practice; limit of reciprocity..... 785; 1–3–74

Consumer Product Safety Commission—Hazardous Substances and Articles; Administration and enforcement regulations; Baby Cribs..... 32128; 11–21–73

FAA—General Dynamics models 22, 22M, and 30A Airplanes; airworthiness directives..... 35298; 12–27–73

DOT—Cargo security advisory standards partial effective date.... 38 FR 6997; 3–15–73

DoT—Federal motor vehicle safety standard for retreaded pneumatic tires (partial effective date). 38 FR 2982; 1–31–73

National Highway Traffic Safety Administration—Vehicles manufactured in two or more stages; certification and labeling of altered vehicles.... 15961; 6–19–73

federal register

Area Code 202 Phone 523–5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $45 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

FOOD ADDITIVES—FDA provides for safe use of bis-(sodium 2-sulfoethyl) maleate, copolymers, and castor oil, polyoxyethylated (3 documents); effective 2–1–74 4077

HARD MINERAL LEASING—
BLM proposed amendments permitting development of deposits on Outer Continental Shelf; comments by 3–15–74 4105

Geological Survey proposes mining operations on Outer Continental Shelf; comments by 3–15–74 4108

SUPPLEMENTAL SECURITY INCOME—HEW proposal concerning decisions on presumptive disability; comments by 3–4–74 4115

MEAT AND POULTRY INSPECTION—
USDA amends rules of practice; effective 2–1–74 4067
USDA proposal clarifying policy on dry milk ingredients used in poultry food products; comments by 4–19–74 .. 4113

PETROCHEMICALS—CLC amends regulations on sale, cost-justification and prenotification requirements; effective 1–30–74 4064

MEETINGS—
Interior: Bonneville Regional Advisory Council, 3–5–74 .. 4123
State: Study Group 1, U.S. National Committee for the International Telegraph and Telephone Consultative Committee (CCITT), 2–14–74 4122
Study Group 7, U.S. National Committee for the International Radio Consultative Committee (CCIR), 2–26–74 4122
National Advisory Committee on Oceans and Atmosphere, 2–10, 2–11 and 2–12–74 4143

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month. In the last issue of the month the cumulative list will appear at the end of the issue.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1974, and specifies how they are affected.

Title 3—The President

PROCLAMATION 4262

International Women's Year 1975

By the President of the United States of America

A Proclamation

There is a growing awareness today of the significant contributions that American women have made to our country's development, its culture, and its social and economic life. Women have enriched our society as homemakers and mothers and our community life through dedicated service as volunteers. Their entry into the labor force in increasing numbers has strengthened and expanded our economy. Despite these important contributions, women continue to face inequities as they seek a broader role in the life of our Nation.

In recent years, we have made significant progress toward remedying this situation, not only by striking down barriers to the employment and advancement of women in Government, but by ending discriminatory practices in other fields through legislation, Executive order, and judicial decree. Even when legal equality is achieved, however, traditional discriminatory attitudes, beliefs and practices may persist, preventing women from enjoying the full and equal rights that they deserve.

This Administration is committed to providing an opportunity for women to participate on an equal basis with men in our national life. We support the Equal Rights Amendment, we are moving vigorously to ensure full equal employment opportunity for women in the Federal service, and we are enforcing the law requiring similar efforts in business and institutions which receive Federal contracts or assistance.

The United Nations General Assembly, by adoption of Resolution 3010 of December 18, 1972, designated 1975 as International Women's Year. This resolution offers an exceptional opportunity to intensify the national effort already underway in the United States to further advance the status of women.

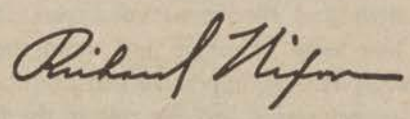

In observing International Women's Year, we should emphasize the role of women in the economy, their accomplishments in the professions, in Government, in the arts and humanities, and in their roles as wives and mothers.

The Congress approved the Equal Rights Amendment to the Constitution in 1972. It would be a fitting tribute to America's women to complete the ratification of this amendment by 1975.

Let us begin now to work together, men and women, to make 1975 an outstanding year for women in the United States, and lend our support to the advancement of women around the world.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the year 1975 as International Women's Year in the United States. I call upon the Congress and the people of the United States, interested groups and organizations, officials of the Federal Government and of State and local governments, educational institutions, and all others who can be of help, to begin now to provide for the observance of International Women's Year with practical and constructive measures for the advancement of the status of women, and also to cooperate with the activities and observances to be arranged under the auspices of the United Nations.

IN WITNESS WHEREOF, I have hereunto set my hand this thirtieth day of January in the year of our Lord nineteen hundred seventy-four, and of the Independence of the United States of America the one hundred ninety-eighth.

[FR Doc.74-2861 Filed 1-30-74;4:52 pm]

Rules and Regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 1—General Provisions

CHAPTER I—ADMINISTRATIVE COMMITTEE OF THE FEDERAL REGISTER

CFR CHECKLIST

1973 Issuances

This checklist, prepared by the Office of the Federal Register, is published in the first issue of each month. It is arranged in the order of CFR titles, and shows the revision date and price of the volumes of the Code of Federal Regulations issued for 1973. New units issued during the month are announced on the back cover of the daily FEDERAL REGISTER as they become available.

Order from Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

Title 5—Administrative Personnel

Chapter I—Civil Service Commission

PART 752—ADVERSE ACTIONS BY AGENCIES

Clarification of Meaning of the Term Political Reasons

Sections 752.104(b) and 752.304(b)(3) are amended by inserting the word "partisan" in each section to show that the term "political reasons" means specifically and exclusively "partisan political reasons."

Par. 1. § 752.104(b) is revised to read as follows:

§ 752.104 General standards.

* * * * *

(b) Except when required by statute, an agency may not take an adverse action against an employee covered by this part because of marital status or for partisan political reasons.

* * * * *

Par. 2. § 752.304(b)(3) is revised to read as follows:

§ 752.304 Appeal rights to the Commission.

* * * * *

(b) *Scope of review.* * * *

(3) When an employee alleges that the suspension was taken against him for partisan political reasons not required by statute, or resulted from discrimination because of marital status, or from improper discrimination because of physical handicap, the Commission de- and takes appropriate action when indicated.

* * * * *

Title 6—Economic Stabilization

CHAPTER I—COST OF LIVING COUNCIL

PART 150—COST OF LIVING COUNCIL PHASE IV PRICE REGULATIONS

Petrochemicals; Miscellaneous Amendments

The Council has determined that there are severe shortages of certain petrochemical products which are creating serious market disruptions within the petrochemical industry and other industries which depend upon an adequate supply of petrochemical products for the manufacture of their commodities. The purpose of these amendments is to help relieve these shortages and related market disruptions.

To illustrate the current problems addressed by these amendments, the plastic fabrication industry has experienced raw material shortages in the range of 20 to 40 percent concurrently with employment reductions ranging up to an estimated 15–20 percent. It is estimated that continued shortfalls of the magnitude currently being experienced could cause a loss of up to one million jobs and significant nonavailability of essential products for consumer and industrial use.

Consistent with the congressional intent to give priority to actions designed to insure supplies of petrochemical feedstocks, the Council is exempting the sale of certain petrochemicals and eliminating the cost-justification and prenotification requirements for others. Petrochemical products for which cost-justification and prenotification requirements have been eliminated constitute the larger of the two groups and will remain subject to profit controls. These products are referred to as "profit-controlled" products.

These actions are expected to increase the supply of petrochemicals since they will provide manufacturers with an incentive to maximize their output within current capacity limits, reduce their exports, and expand production capacity.

In addition, a petrochemical firm which derives five percent or more of its total sales and revenues from profit-controlled products is required by these amendments to adhere to a quarterly profit margin limitation. For the purpose of computing profit margins, exempt products which are produced by a firm and further used by that firm to make non-exempt products may be costed at the market price for the exempt product. The market price is determined by the average price in transactions by the firm when the total number of units purchased and sold (except foreign sales) is equal to or exceeds 5 percent of the units used in production. If the firm has not engaged in significant external transactions with respect to the exempt product, the firm may impute costs by determining the price at which other producers domestically sell the product.

Consistent with the foreging changes these amendments also provide that a refiner of petroleum and petroleum products which is also engaged in manufacturing petrochemicals must compute a base period profit margin for its petroleum operations and a separate base period profit margin for its petrochemical and other non-refinering activities. The establishment of separate profit margin controls is also consistent with the division of regulatory responsibility which now exists between the Council and the Federal Energy Office with respect to the petroleum and petrochemical industries.

If a firm produces products, in addition to those which are exempt and profit controlled, the prices which may be charged for those other products remain unaffected under Phase IV regulations.

Benzene and toluene are specifically excluded from the operation of these regulations since the Emergency Petroleum Allocation Act places those products within the jurisdiction of the Federal Energy Office.

Since the Council does not have exclusive jurisdiction over products in the petrochemical area, the Federal Energy Office is also taking coordinate actions to achieve the same goal with respect to products within its jurisdiction. The Council realizes that product shortages may continue in areas in which neither the Council nor the Federal Energy Office at present have primary responsibility (e.g. natural gas liquids) and that shortages may persist in the petrochemical industry despite the Council's efforts as reflected in these amendments. In cases where petrochemical products continue to remain in short supply the Council expects suppliers of the products to allocate supplies among their purchasers so that gross inequities and market distortions are eliminated and smaller producers are equitably provided for. Toward this end the Council is requiring major petrochemical firms to file customer allocation plans with the Council. These plans must include a description of the classes of purchasers who will receive allocations which are different from allocations made to other classes of purchasers, a description of the method of allocation among those classes and a description of any differences in the allocation plans for different products.

Because the purpose of these amendments is to provide immediate guidance and information with respect to decisions of the Council, the Council finds that publication in accordance with normal rulemaking procedures is impracticable and that good cause exists for making these amendments effective in less than 30 days.

(Economic Stabilization Act of 1970, as amended, Pub. L. 92–210, 85 Stat. 743; Pub. L. 93–28, 87 Stat. 27; E.O. 11730, 38 FR 19345; Cost of Living Council Order No. 14, 38 FR 1489.)

In consideration of the foregoing, Part 150 of Title 6 of the Code of Federal Regulations are amended as set forth below, effective January 30, 1974.

Issued in Washington, D.C., on January 30, 1974.

JAMES W. MCLANE,
Deputy Director, Cost of Living Council.

1. Section 150.11 is amended by revising paragraph (a) and by adding a new paragraph (d)(4) to read as follows:

§ 150.11 Profit margin limitation.

(a) *Scope.* (1) A firm shall compute a single base period profit margin for all of its manufacturing, service, retailing and wholesaling activities except where particular regulations under this part (such as Subpart N, Construction) require separate computation of a profit margin. For the purposes of this section, unless otherwise provided, a firm is either (i) a parent and its consolidated entities or (ii) an unconsolidated entity.

(2) A refiner of petroleum and petroleum products which is also engaged in manufacturing petrochemicals (including those profit-controlled products described in § 150.73(e)) shall compute a base period profit margin for its petroleum and petroleum-product refining activities and a separate base period profit margin on the basis of its petrochemical and other activities as distinct from its refining activities.

* * * * *

(d) *Special rules.* * * *

(4)(i) This subparagraph applies to each firm which charges a price in excess of the base level for a profit-controlled product described in § 150.73(e) and which derived 5 percent or more of

its total sales or revenues from the sale of the products described in § 150.73(e) in its most recent fiscal quarter.

(ii) A firm may not, for the fiscal quarter and the fiscal year in which a price in excess of the base level is charged, exceed its base period profit margin.

(iii) For the purpose of calculating profit margin a firm which uses a product, the price of which is exempt under § 150.54(dd), in the manufacturer of another product, the price of which is subject to and is not exempt under this title, may impute the cost of that exempt product as follows:

(A) If the firm had significant external transactions (as defined inetaoi—

(A) If the firm had significant external transactions (as defined in § 150.210) with respect to the exempt product the imputed cost of that product is the weighted average price of that product in those external transactions.

(B) If the firm did not have significant external transactions with respect to the exempt product during the accounting month next preceding the use of the exempt product, the imputed cost of that product during that period is the average price charged by other firms for that product in domestic transactions during that period.

(iv) A firm which imputes costs under this subparagraph shall not include in the computation of profit margin any actual costs incurred in production of the product for which costs are imputed.

3. Section 150.54 is amended by adding a new paragraph (dd) to read as follows:

§ 150.54 Certain price adjustments.

* * * * *

(dd) *Petrochemicals.* Prices charged for ethylene, propylene, butylenes, butadienes, isoprene, acetylene, pentenes, hexenes, heptenes, octenes, nonenes, decenes, naphthalene (methyl and dimethyl), ortho-xylene, meta-xylene, para-xylene, cyclic aliphatics, cresols, and dodecenes are exempt.

4. Section 150.73 is amended by adding a new paragraph (e) to read as follows:

§ 150.73 Price increases.

* * * * *

(e) Notwithstanding any other provision of this title except §§ 150.11, 150.54 (dd) and 150.210, any price may be charged for a product listed in the 1972 edition Standard Industrial Classification Manual, under Industrial Codes 2821, 2822, 2823, 2824, 2865 (except benzene and toluene), 2869, 2893, and 2895. These products may be referred to as profit-controlled products.

5. Section 150.151(b)(1)(i) is amended to read as follows:

§ 150.151 Prenotification.

* * * * *

(b) Waiver of Prenotification. (1) * * *

(i) Any price increases for items which are exempt under Subpart D or otherwise excluded from coverage of this title, or for profit-controlled products described in § 150.73(e).

* * * * *

6. Section 150.162 is amended to read as follows:

§ 150.162 Additional reports and information.

(a) Whenever the Cost of Living Council considers it necessary for the effective administration of the Economic Stabilization Program, it may order any firm to file special or separate reports, setting forth information relating to the Economic Stabilization Program, in addition to any other reports required by this part.

(b) Each price category I and II firm which during its most recently completed fiscal year derived 5 percent or more of its sales and revenues from the sale of profit-controlled products described in § 150.73(e) shall file with the Cost of Living Council not later than March 1, 1974, its customer allocation plans for the distribution of those profit-controlled products for which it is not able to fulfill its current or expected orders. The customer allocation plans shall include:

(1) A detailed description of the classes of purchasers who will receive allocations different from allocations made to other classes of purchasers. For example, classes of purchasers which may receive different allocations are foreign, subsidiary, captive use, historic contract, historic non-contract (spot), and new purchasers.

(2) A description of the method of allocation to be applied to each class of purchasers in terms of a percentage of a specified base period.

(3) A description of any differences in the allocation plans for different products (e.g., plastics or industrial chemicals).

7. Subpart E is amended by adding a new § 150.210 to read as follows:

§ 150.210 Intra-firm uses of certain petrochemical products.

(a) *Applicability.* This section applies to certain intra-firm uses of petrochemical products which were manufactured by the firm concerned and which are either exempt products under § 150.54(dd) or profit-controlled products as described in § 150.73(e).

(b) *Rule.* A firm which manufactures an exempt product as described in § 150.54(dd) or a profit-controlled product described in § 150.73(e) and which uses that product in the manufacture of another product which is not exempt or otherwise excluded from the coverage of this part may impute the cost of that exempt or profit-controlled product as follows:

(1) If the firm had significant external transactions with respect to the product concerned during the accounting month next preceding the use of the product concerned, the current cost of that product is the weighted average price of that product in those external transactions.

(2) If the firm did not have significant external transactions with respect to the product concerned during the accounting month next preceding the use of the product concerned, the imputed cost of that product is the average price charged by other firms for that product in domestic transactions during that period.

(c) *Definitions.* For purposes of this section:

A "firm" includes a parent and the consolidated and unconsolidated entities which it directly or indirectly controls; and

"Significant external transactions" are present when the total number of units of a particular exempt or profit-controlled product traded during the accounting month concerned is equal to or more than 5 percent of the total number of units of that product used in production during the same accounting month. For the purposes of this definition, units traded means all units sold domestically and all units purchased from foreign and domestic sources, in arms-length trading between unrelated persons.

[FR Doc.74-2864 Filed 1-30-74;5:01 pm]

PART 150 COST OF LIVING COUNCIL PHASE IV PRICE REGULATIONS

PART 152—COST OF LIVING COUNCIL PHASE IV PAY REGULATIONS

Exemption of Rubber Tires and Inner Tubes

The purpose of these amendments is to exempt rubber tires and other products under Phase IV price regulations and to add a parallel exemption under the Phase IV pay regulations.

The price exemption extends to prices charged by manufacturers for the following rubber products as listed in Industry Code 3011 of the Standard Industrial Classification Manual, 1972 edition:

Camelback for tire retreading
Inner tubes: airplane, automobile, bicycle, motorcycle, and tractor
Pneumatic casings (rubber tires)
Tire sundries and tire repair materials, rubber
Tires, cushion or solid rubber
Tiring, continuous lengths: rubber, with or without metal core

The Council's action in exempting the above products was preceded by individual meetings with the five largest firms in the rubber industry as a result of which these firms separately committed themselves (barring unforseen major economic events) to limit through August 1, 1974, the wholesale price increase on all passenger car tires and tubes to a maximum of 5 percent on a weighted average basis, above the cost-justified levels permitted under the Council's Special Rule No. 2, as amended. For the same period, these firms have also agreed to limit increases in the suggested retail price to a maximum of 4 percent for any tire of the standard size and type used on the following small cars:

AMERICAN MOTORS CORP.	
Gremlin	Apollo
Hornet	
GENERAL MOTORS CORP.	
Vega	Dart
Nova	Javelin
Ventura	
FORD MOTOR CO.	
Pinto	Maverick
Mustang	
CHRYSLER CORP.	
Valiant	Omega

This commitment applies also to retail prices for replacement tires for these cars and small imported cars.

The separate agreements reached between the Council and the rubber companies should have the effect of preventing excessive price increases on small car tires which might otherwise result due to the increased demand for small cars brought on by the energy crisis. Moreover, the 4 percent limitation to August 1 on increases in the suggested retail price of any standard small car tire is considerably less than what the industry could pass through in cost increases which are occurring for synthetic and natural rubber and steel cord.

Other factors contributed to the Council's decision to exempt the rubber tire industry. The firms which have made price-restraint commitments have also agreed to accelerate conversion to production of small radial tires which are now in short supply due to higher small car sales. This will indirectly contribute to achieving the government's energy-conservation goals. In addition, a moderate rate of labor cost increases for tire manufacturers can be expected since labor agreements in this industry were reached last year covering a three year period.

In developing the list of items the sale of which is exempt under these amendments, the Council relied on the SIC Manual code system. Only the sale by the manufacturer of the specific items listed in the amendment to § 150.54 are exempt. Other items which may be generically similar but are not listed do not come within the scope of these amendments.

Under §§ 150.11(e) and 150.161(b), a firm with revenues in its most recent fiscal year from the sale of exempt items remains subject to the profit margin constraints and reporting provisions of the Phase IV program unless it derived both less than $50 million in annual sales or revenues from the sale or lease of nonexempt items and 90 percent or more of its sales and revenues from the sale of exempt items or exempt sales.

As a complementary action to the exemption from price controls, the Council has also exempted pay adjustments affecting employees engaged on a regular and continuing basis in the operation of an establishment in the tires and inner tubes manufacturing industry. The exemption is set forth in a new § 152.401. The exemption is inapplicable to any such employee who receives an item of incentive compensation, or who is a member of an executive control group. The exemption is also inapplicable to any such employee whose duties and responsibilities are not of a type exclusively performed in or related to the tires and inner tubes manufacturing industry and whose pay adjustments are historically related to the pay adjustments of employees performing such duties outside the industry and are not related to the pay adjustments of other employees that are within the exemption. The exemption is further inapplicable to employees who are part of an appropriate employee unit where 25% or more of the members of such unit are not engaged on a regular and continuing basis in the operation of an establishment in the tires and inner tubes manufacturing industry or in support thereof. In cases of uncertainty of application, inquiries concerning the scope or coverage of the exemption should be addressed to the Administrator, Office of Wage Stabilization, P.O. Box 672, Washington, D.C. 20044.

The Council retains the authority to reestablish price and wage controls over any of the industries exempted by these amendments if price or wage behavior is inconsistent with the polices of the Economic Stabilization Program. The Council also has the power, under §§ 150.162 and 152.26, to require firms to file special or separate reports setting forth information relating to the Economic Stabilization Program in addition to any other reports which may be required under the Phase IV controls program.

Because the purpose of these amendments is to grant an immediate exemption from the Phase IV price and pay regulations, the Council finds that publication in accordance with normal rule making procedure is impracticable and that good cause exists for making this amendment effective in less than 30 days. Interested persons may submit written comments regarding this amendment. Communications should be addressed to the Office of the General Counsel, Cost of Living Council, 2000 M Street, NW., Washington, D.C. 20508.

(Economic Stabilization Act of 1970, as amended, Pub. L. 92-210, 85 Stat. 743; Pub. L. 93-28, 87 Stat. 27; E.O. 11695, 38 FR 1473; E.O. 11730, 38 FR 19345; Cost of Living Council Order No. 14, FR 1489.)

In consideration of the foregoing, Parts 150 and 152 of Title 6 of the Code of Federal Regulations are amended as set forth herein, effective January 30, 1974.

Issued in Washington, D.C., on January 30, 1974.

JAMES W. MCLANE,
Deputy Director,
Cost of Living Council.

1. Section 150.54 is amended to add a new paragraph (ee) to read as follows:

§ 150.54 Certain price adjustments.

* * * * *

(ee) *Rubber tires and inner tubes.* The prices which manufacturers of the following products charge for those products areexempt: products listed in the SIC Manual, 1972 edition, under Industry No. 3011.

2. In 6 CFR Part 152, Subpart D is amended by adding thereto a new § 152.401 to read as follows:

§ 152.401 Tires and Inner Tubes Manufacturing Industry.

(a) *Exemption.* Pay adjustments affecting employees engaged on a regular and continuing basis in the operation of an establishment in the tires and inner tubes manufacturing industry or in support of such operation are exempt from and not limited by the provisions of this title.

(b) *Establishment in the tires and inner tubes manufacturing industry.* For purposes of this section, "Establishment in the tires and inner tubes manufacturing industry" means an establishment classified in the Standard Industrial Classification Manual, 1972 edition, under Industrial Code 3011 (Tires and Inner Tubes) and primarily engaged in the manufacture of any such product described therein.

(c) *Covered employees.* For purposes of this section, an employee is considered to be engaged on a regular and continuing basis in the operation of an establishment in the tires and inner tubes manufacturing industry or in support of such operation only if such employee is employed at an establishment in the tires and inner tubes manufacturing industry and only if such employee is employed by the firm which operates such establishment.

(d) *Limitation.* The exemption provided in paragraph (a) of this section shall not be applicable to—

(1) An employee who receives an item of incentive compensation subject to the provisions of §§ 152.124, 152.125, or 152.126;

(2) An employee who is a member of an executive control group (determined pursuant to § 152.130);

(3) Employees whose occupational duties and responsibilities are of a type not exclusively performed in or related to the tires and inner tubes manufacturing industry and whose pay adjustments are—

(i) Historically related to the pay adjustments of employees performing such duties outside the tires and inner tubes manufacturing industry; and

(ii) Not related to pay adjustments of another unit of employees engaged on a regular and continuing basis in the operation of an establishment in the tires and inner tubes manufacturing industry or in support of such operation within the meaning of paragraph (c) of this section; or

(4) Employees who are members of an appropriate employee unit if 25 percent or more of the employees who are members of such unit are not engaged on a regular and continuing basis in the operation of an establishment in the tires and inner tubes manufacturing industry or in support of such operation.

(e) *Effective date.* The exemption provided in this section shall be applicable to pay adjustments with respect to work performed on and after January 30, 1974.

* * * * *

[FR Doc.74-2866 Filed 1-30-74;5:05 pm]

Title 7—Agriculture

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Lemon Reg. 624]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

This regulation fixes the quantity of California-Arizona lemons that may be shipped to fresh market during the weekly regulation period Feb. 3-9, 1974. It is issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and Marketing Order No. 910. The quantity of lemons so fixed was arrived at after consideration of the total available supply of lemons, the quantity of lemons currently available for market, the fresh market demand for lemons, lemon prices, and the relationship of season average returns to the parity price for lemons.

§ 910.924 Lemon Regulation 624.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The need for this section to limit the quantity of lemons that may be marketed during the ensuing week stems from the production and marketing situation confronting the lemon industry.

(i) The committee has submitted its recommendation with respect to the quantity of lemons it deems advisable to be handled during the ensuing week. Such recommendation resulted from consideration of the factors enumerated in the order. The committee further reports the demand for lemons is fairly active, except for larger fruit of both grades for which demand continues to ease. Average f.o.b. price was $5.49 per carton the week ended January 26, 1974 compared to $5.48 per carton the previous week. Track and rolling supplies at 142 cars were up 20 cars from last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the quantity of lemons which may be handled should be fixed as hereinafter set forth.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this regulation until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this regulation is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this regulation effective during the period herein specified; and compliance with this regulation will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on January 29, 1974.

(b) *Order.* (1) The quantity of lemons grown in California and Arizona which may be handled during the period February 3, 1974, through February 9, 1974, is hereby fixed at 200,000 cartons.

(2) As used in this section, "handled", and "carton(s)" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended (7 U.S.C. 601-674))

Dated: January 31, 1974.

CHARLES R. BRADER,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

335.50 Notification to operator of establishment of incident.
335.51 Procedure upon failure of operator of establishment to take action required by § 305.5(b) of regulations.

AUTHORITY: The provisions of this Part 335 issued under Sec. 21, 34 Stat. 1264, as amended (21 U.S.C. 621); 37 FR 28464, 28477.

Subpart A—General

§ 335.1 Meaning of words.

As used in this part, words in the singular form shall be deemed to import the plural, and vice versa, as the case may require.

§ 335.2 Definitions.

As used in this part, the terms as defined in section 1 of the Act (21 U.S.C. 601) shall apply with equal force and effect. In addition and except as may be provided otherwise in this part:

(a) "Act" means the Federal Meat Inspection Act, as amended by the Wholesome Meat Act (21 U.S.C. 601 et seq.).

(b) "Regulations" means the regulations promulgated pursuant to the Act (9 CFR 301.1 et seq.).

(c) "Hearing" means that part of the proceeding which involves the submission of evidence and means either an oral or written hearing.

(d) "Moving paper" means any formal complaint or other document by virtue of which a proceeding under the Act is instituted.

(e) "Complainant" means the party upon whose moving paper the proceeding is instituted.

(f) "Respondent" means the party proceeded against.

(g) "Secretary" means the Secretary of Agriculture, United States Department of Agriculture, or any officer or employee to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

(h) "Hearing Clerk" means the Hearing Clerk, United States Department of Agriculture, Washington, D.C. 20250.

(i) "Judge" means any Administrative Law Judge appointed pursuant to 5 U.S.C. 3105 (the Administrative Procedure Act) and assigned to the proceeding involved.

(j) "Administrator" means the Administrator, Animal and Plant Health Inspection Service, United States Department of Agriculture, or any officer or employee to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead in connection with the function involved.

(k) "Decision" means the Judge's initial decision made in accordance with the provisions of 5 U.S.C. 556 and 557, and includes the Judge's (1) findings of fact and conclusions with respect to all material issues of fact, law or discretion, as well as the reasons or basis therefor, (2) order, and (3) rulings on proposed findings, conclusions and orders submitted by the parties.

§ 335.3 Scope and applicability of this part.

The rules of practice in this part shall be applicable to the procedure governing proceedings and summary action for the refusal, withdrawal or suspension of inspection service with respect to any applicant or recipient of such service under Title I of the Act.

Subpart B—Rules Applicable to Refusal or Withdrawal of Inspection Service Under Section 401 of the Act

§ 335.10 Institution of proceeding.

§ 335.10–1 Issuance of moving paper; filing and service.

If the Administrator has reason to believe that the applicant for, or recipient of, service under Title I of the Act is unfit to engage in any business requiring such inspection because of any of the reasons specified in section 401 of the Act, he may institute a proceeding by filing a moving paper with the Hearing Clerk, who promptly shall serve a true copy thereof upon each respondent, as provided in § 335.21.

§ 335.10–2 Docket number.

Each proceeding shall be assigned a docket number by the Hearing Clerk and thereafter the proceeding shall be referred to by such number.

§ 335.10–3 Contents of moving paper.

The moving paper shall set forth briefly the reasons for refusal or withdrawal of service, including allegations of fact which constitute a basis for the proceeding. The moving paper shall offer respondent the opportunity to submit a specific written statement by way of answer and the opportunity to request an oral hearing, and shall state the time within which answer by respondent and request for oral hearing must be made, which shall not be less than 10 days after service of the moving paper.

§ 335.10–4 Amendments.

At any time prior to the close of the hearing, the moving paper may be amended; but, in case of an amendment adding new provisions, the hearing shall, on the request of the respondent, be adjourned for a period not exceeding 15 days, if the Judge determines that such an adjournment is necessary to avoid prejudice to the respondent.

§ 335.11 Answer.

§ 335.11–1 Filing and service.

The respondent shall file an answer to the allegations of the moving paper, with the Hearing Clerk, signed by the respondent or his attorney, within the period of time for answering set forth in the moving paper.

§ 335.11–2 Contents.

(a) The answer shall (1) contain a concise statement of the facts which constitute the grounds of defense, and shall specifically admit, deny, or explain each of the allegations of the moving paper unless the respondent is without knowledge, in which case the answer shall so state; (2) state that the respondent admits all of the facts alleged in the moving paper; or (3) state that the respondent admits the jurisdictional allegations of the moving paper and neither admits nor denies the remaining allegations and consents to the issuance of a specified order without further procedure. If the complainant recommends that the order consented to by the respondent not be issued, the respondent may file an answer within 10 days from the service of such recommendation on him, in accordance with § 335.11–1 and § 335.11–2(a)(1) or (2).

(b) The answer may contain a request for oral hearing or an express waiver of such hearing.

§ 335.11–3 Failure to file.

Failure to file an answer to, or plead specifically to, any allegation of the moving paper shall constitute an admission of such allegation, except as provided in § 335.11–2(a)(3).

§ 335.12 Consent order.

At any time after the institution of a proceeding, the respondent may file an answer or amended answer consenting to an order as set forth in § 335.11–2(a)(3). Within 15 days after service of such an answer, the complainant shall file its recommendation. If the complainant recommends that the order consented to by the respondent be issued, the Judge may enter such order which shall have the same force and effect as a decision issued by the Judge.

§ 335.13 Procedure upon admission of facts.

The admission, in the answer or by failure to file an answer, of all the material allegations of fact contained in the moving paper shall constitute a waiver of hearing. Upon such admission of facts, the complainant shall file in triplicate a proposed decision, along with a motion for adoption thereof, which motion and proposed decision shall be served upon the respondent by the Hearing Clerk. Within 20 days after service of such motion and proposed decision, respondent

may file with the Hearing Clerk, objections thereto, In not less than 30 days after service of complainant's motion and proposed decision, the Judge shall issue a decision without further procedure or hearing. Absent a waiver by the parties of service of the Judge's decision, it shall be served upon them in the manner provided in § 335.21–2. The parties shall be given an opportunity to file appeals to the decision, to file briefs in support of such appeals, and to make oral argument before the Secretary in accordance with § 335.19. Unless the initial decision is appealed under § 335.19, it shall become final and effective without further procedure 35 days after service thereof upon the respondent.

§ 335.14 Procedure upon denial of any material fact.

In the event the respondent denies any material fact and fails to request a hearing within the time specified in the complaint, the matter shall be set down for hearing by the Judge, upon motion of the complainant in accordance with § 335.15–1.

§ 335.15 Procedure for hearing.

§ 335.15–1 Time and place of hearing.

If and when the proceeding has reached the stage where a hearing is to be held, the Judge, not less than 10 days after service on all parties of a motion by any of the parties, jointly or individually, stating that the matter is at issue and is ready for hearing, shall set a time and place for hearing, giving careful consideration to the convenience of the parties, and shall file with the Hearing Clerk a notice stating the time and place of hearing, which shall be served upon the parties. If any change in the time or place of the hearing is made, the Judge shall file with the Hearing Clerk a notice of such change, which notice shall be served upon the parties, unless it is made during the course of the hearing and made a part of the transcript.

§ 335.15–2 Appearances.

The parties may appear in person or by counsel or other representative. Persons who appear as counsel or in a representative capacity must conform to the standards of ethical conduct required of practitioners before the courts of the United States. Whenever the Secretary finds, after notice and opportunity for hearing, that a person, who is acting or has acted as counsel or representative for another person in any proceeding before the Secretary, is unfit to act as such representative or counsel, he will order that such person be precluded from acting as counsel or representative in any proceeding under the Act. The procedure in such case will be governed by the applicable provisions of this part: *Provided,* That the moving paper may be issued by the Administrator, the Judge, or the Secretary.

§ 335.15–3 Failure to appear.

If any party to the proceeding, after being duly notified, fails to appear at the hearing, he shall be deemed to have waived the right to a hearing in the proceeding. In the event that a party appears at the hearing and no party appears for the opposing side, the party who is present shall have an election whether to present his evidence, in whole or in part, in the form of affidavits or by oral testimony before the Judge. Failure to appear at a hearing shall not be deemed to be a waiver of the right to be served with a copy of the decision of the Judge and to appeal as hereinafter provided.

§ 335.15–4 Order of proceeding.

Except as may be determined otherwise by the Judge, the Administrator shall proceed first at the hearing.

§ 335.15–5 Evidence.

(a) *General.* The testimony of witnesses at the hearing shall be upon oath or affirmation and subject to cross-examination. Any witness may, in the discretion of the Judge, be examined separately and apart from all other witnesses except those who may be parties to the proceeding. The Judge shall determine and rule upon the admissibility of evidence and shall admit all relevant and material evidence, except evidence which is unduly repetitious.

(b) *Objections.* If a party objects to the admission or exclusion of any evidence or to the limitation of the scope of any examination or cross-examination or to any other ruling of the Judge, he shall briefly state the grounds for such objection, whereupon an automatic exception will follow which may be pursued in an appeal pursuat to § 335.19 hereof by the party adversely affected by the ruling of the Judge. The transcript need not include argument or debate thereon except as may be ordered by the Judge. The ruling of the Judge on any objection shall be a part of the transcript. Only objections made before the Judge may subsequently be relied upon in the proceeding.

(c) *Records of the Department.* A true copy of every written entry in the records of the Department, made by an officer or employee thereof in the course of his official duty and relevant and material to the issues involved in the hearing, shall be admissible as prima facie evidence of the facts stated therein, without the production of such officer or employee.

(d) *Exhibits.* Except where the Judge finds that the furnishing of copies is impracticable, sufficient copies of each exhibit in addition to the original and two copies, shall be filed with the Judge, for the use of each of the other parties to the proceeding. A true copy of an exhibit may be substituted for the original.

(e) *Official notice.* Official notice may be taken of official publications of the Department and other Federal agencies, of such matters as are judicially noticed by the courts of the United States, and of any other matter of technical or scientific fact of established character: *Provided,* That the parties shall be given adequate notice, at the hearing or by reference in the Judge's decision or otherwise, of matters so noticed, and shall be given adequate opportunity to show that such facts are erroneously noticed.

(f) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence excluded. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript and record if the Secretary, upon appeal, decides the Judge's ruling excluding the evidence was erroneous and prejudicial. The Judge shall not allow the insertion of such excluded evidence in toto if the taking of such evidence will consume considerable time at the hearing. In this latter event, if the Secretary decides the Judge's ruling excluding the evidence was both erroneous and prejudicial, the hearing may be reopened to permit the taking of such evidence.

§ 335.15–6 Transcripts.

(a) *Filing and certification.* Oral hearings shall be stengraphically reported and transcribed. As soon as practicable after the close of the hearing, and within the time provided by the reporting contract, the reporter shall transmit to the Hearing Clerk the original of the transcript of testimony and the original and copies of exhibits introduced or offered in evidence at the hearing, and as many copies of the transcript as required and officially requested. Upon receipt of the original and copies of the transcript and exhibits, the Hearing Clerk shall send to the Judge the original transcript and exhibits. At such time as the Judge may specify, but not later than the time fixed for filing proposed findings of fact, conclusions and order, or briefs, as the case may be, the parties may file with the Judge proposed corrections to the transcript. As soon as practicable, the Judge shall file with the Hearing Clerk his certificate, indicating any corrections to be made in the transcript, and stating that, to the best of his knowledge and belief, the transcript, as corrected, is a true, correct, and complete transcript of the testimony given at the hearing and that the exhibits are all the exhibits properly a part of the hearing record. The original of such certificate shall be attached to the original transcript, and a copy of such certificate shall be served upon each of the parties by the Hearing Clerk who shall also enter onto the transcript (without obscuring the text) any corrections noted in the certification.

(b) *Ordering copies.* Parties to the proceeding or other persons who desire a copy of the transcript of the hearing may place orders at the hearing with the reporter who will furnish and deliver such copies directly to the purchaser upon payment therefor at the rate per page provided by the contract between the reporter and the purchaser.

§ 335.15–7 Proposed findings of fact, conclusions, and order; reply.

(a) Within such time as the Judge may prescribe each party may file with the Hearing Clerk proposed findings of fact, conclusions, and order, based solely on the record, and a brief in support thereof. A copy of each such document filed by a party shall be served upon the other party by the Hearing Clerk.

(b) Within 20 days after service of the proposed findings of fact, conclusions, and order, each party may file a reply in writing with the Hearing Clerk, to the proposed findings of fact, conclusions, and order, and any brief in support thereof of the opposing party.

(c) Within the same periods of time, either party may file with the Hearing Clerk a brief statement in writing concerning each of the objections taken to the action of the Judge at the hearing, as set out in § 335.15–5(b), upon which the party wishes to rely, referring, where relevent, to the pages of the transcript.

§ 335.15–8 Judge's decision.

(a) The Judge, within a reasonable time after the termination of the period allowed to the parties for the filing of proposed findings of fact, conclusions, and order, and briefs in support thereof and replies thereto, shall prepare on the basis of the record and shall file with the Hearing Clerk, his decision. A copy of such decision shall be served by the Hearing Clerk upon each of the parties.

(b) Such decision shall become final and effective without further proceedings 35 days after service thereof upon the respondent unless there is an appeal to the Secretary by a party to the proceeding: *Provided, however,* That no decision shall be final for purposes of judicial review except a final decision issued by the Secretary pursuant to an appeal by a party to the proceeding.

§ 335.15–9 Appeal of decision.

Any party who disagrees with the decision, or any part thereof, may file an appeal in writing to the Secretary in the manner specified in § 335.19.

§ 335.16 Motions and requests.

§ 335.16–1 General.

All motions and requests shall be filed with the Hearing Clerk, and shall be served upon all the parties, except those made during the course of an oral hearing may be filed with the Judge or may be stated orally and made a part of the transcript. The Judge is authorized to rule upon all motions and requests filed or made prior to the filing of the decision with the Hearing Clerk as hereinbefore provided. The Secretary will rule on any motions and requests filed after that time.

§ 335.16–2 Motions entertained.

Any motion will be entertained except a motion to dismiss on the pleadings. All motions and requests concerning the sufficiency of the moving paper must be made within the time allowed for filing an answer.

§ 335.16–3 Contents.

All written motions and requests shall state the particular order, ruling, or action desired and the grounds therefor.

§ 335.16–4 Response to motions and requests.

Within 15 days after service of any written motion or request, or within such other period fixed by the Secretary or the Judge, the opposing party shall file a response to the motion or request. If the opposing party does not file a timely response, he shall be deemed to have no objection to the granting of the relief asked for in the motion or request. Unless permitted by the Judge, or by the Secretary, the moving party shall have no right to reply to the answer.

§ 335.16–5 Certification to Secretary.

The submission or certification of any motion, request, objection, or other question to the Secretary prior to the time when the Judge's decision is filed with the Hearing Clerk shall be by and in the discretion of the Judge. The Judge may either rule upon or certify the motion, request, objection, or other question, but not both.

§ 335.17 Prehearing conferences.

When it appears that such procedure will expedite the proceeding, the Judge, at any time prior to the commencement of the oral hearing, may request the parties or their counsel to appear at a conference before him to consider (a) the simplification of issues; (b) the necessity or desirability of amendments to pleadings; (c) the possibility of obtaining stipulations of fact and of documents which will avoid unnecessary proof; (d) the limitation of the number of experts or other witnesses; and (e) such other matters as may expedite and aid in the disposition of the proceeding. No transcript of such conference shall be made, unless agreed to by the parties and ordered by the Judge, but the Judge shall prepare and file for the record a written summary of the action taken at the conference, or orally summarize the actions taken on the record of the hearing as part of the hearing transcript, and shall incorporate any written stipulations or agreements made by the parties at the conference or as a result of the conference. If the circumstances are such that a conference is impracticable, the Judge may request the parties to correspond with him for the purpose of accomplishing any of the objects set forth in this section. The Judge shall forward copies of letters and documents to the parties as the circumstances require. Correspondence in such negotiations shall not be a part of the record, but the Judge shall submit a written summary for the record if any action is taken.

§ 335.18 Judge.

§ 335.18–1 Assignment.

No Judge shall be assigned to serve in any proceeding who (a) has any pecuniary interest in any matter or business involved in the proceeding, (b) is related within the third degree by blood or marriage to any party to the proceeding, or (c) has participated in the investigation preceding the institution of the proceeding or in the determination that it should be instituted or in the preparation of the moving paper or in the development of the evidence to be introduced therein.

§ 335.18–2 Disqualification of Judge.

(a) Any party to the proceeding may, by motion made to the Judge, request that the Judge disqualify himself and withdraw from the proceeding. The Judge may then either rule upon or certify the motion to the Secretary, but not both.

(b) A Judge shall withdraw from any proceeding in which he deems himself disqualified for any reason.

§ 335.18–3 Conduct.

At no stage of the proceeding between its institution and the issuance of the final decision shall the Secretary or the Judge discuss ex parte the merits of the proceeding with any person who is connected with the proceeding in an advocative or in an investigative capacity, or with any representative of such person: *Provided,* That the Secretary or Judge may discuss the merits of the case with such a person if all parties to the proceeding, or their representatives, have been given an opportunity to be present. Any memorandum or other communication addressed to the Secretary or a Judge, during the pendency of the proceeding, and relating to the merits thereof, by or on behalf of any party shall be regarded as argument made in the proceeding and shall be filed with the Hearing Clerk, who shall serve a copy thereof upon the opposite party to the proceeding, and opportunity will be given the opposite party to file a reply thereto.

§ 335.18–4 Powers.

Subject to review by the Secretary as provided elsewhere in this part, the Judge, in any proceeding assigned to him, shall have power to:

(a) Rule upon motions and requests;

(b) Set the time and place of prehearing conferences and the hearing, adjourn the hearing from time to time, and change the time and place of hearing;

(c) Administer oaths and affirmations and take affidavits;

(d) Summon and examine witnesses and receive evidence;

(e) Issue subpoenas under the facsimile signature of the Secretary, requiring the attendance and testimony of witnesses and the production of books, contracts, papers and other documentary evidence;

(f) Admit or exclude evidence;

(g) Hear oral argument on facts or law, or both;

(h) Take or order the taking of depositions; and

(i) Do all acts and take all measures necessary for the maintenance of order at the hearing and for the efficient, fair and impartial conduct of the proceeding.

§ 335.18–5 Who may act in the absence of the Judge.

In case of the absence of the Judge or his inability to act, the powers and duties to be performed by him under this part in connection with a proceeding assigned to him may, without abatement of the proceeding unless otherwise directed by the Secretary, be assigned to any other Judge.

§ 335.19 Appeal procedure and transmittal of record.

§ 335.19–1 Filing of appeal.

Any party to the proceeding who desires to appeal a decision of the Judge shall file his appeal in writing with the Hearing Clerk within 30 days after service of said decision upon such party.

§ 335.19–2 Content of appeal.

Each issue shall be separately numbered and plainly and concisely stated. The same point shall not be restated in repetitive discussions of an issue. Each issue shall be supported by detailed citations of the record, statutes, regulations or principal authorities relied upon. A brief may be filed in support of the appeal simultaneously with the appeal.

§ 335.19–3 Response to appeal.

Within 20 days after service of copy of an appeal on the other party, said other party may file with the Hearing Clerk a response in support of or in opposition to the appeal.

§ 335.19–4 Failure to file response.

If appellee fails to file his response to the appeal as provided in § 335.19–4, he shall be deemed to have waived his right to file a response.

§ 335.19–5 Orders denying appeal after review.

If the Secretary decides on appeal, after reviewing the entire record, that no change or modification of the Judge's decision is warranted, he may adopt the Judge's decision as the final decision of the Secretary, preserving any right of the party bringing the appeal to seek judicial review of such decision in the proper forum.

§ 335.19–6 Transmittal of record.

Immediately following filing of an appeal, the Hearing Clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: the pleadings; motions and requests filed, and rulings thereon; the transcript of the testimony taken at the hearing, together with the exhibits filed therein; any documents or papers filed in connection with prehearing conferences; such proposed findings of fact, conclusions, and orders, and briefs in support thereof and replies, as may have been filed in connection with the proceeding; the Judge's decision; and such exceptions, statements of objections, and briefs in support thereof as may have been filed in the proceeding.

§ 335.19–7 Oral argument.

(a) *Request for oral argument.* Within the time allowed for filing of an appeal and brief in support thereof, appellant may request in writing opportunity for oral argument before the Secretary. Within the time allowed for filing a response, appellee may file a request in writing for opportunity for such oral argument. Failure to make such request in writing shall be deemed a waiver of oral argument. The Secretary in his discretion, may grant, refuse or limit any request for oral argument on appeal. Except where the Secretary determines that argument on additional issues would be helpful, argument shall be limited to the issues raised by the appeal(s).

(b) *Scope of argument.* Argument to be heard on appeal, whether oral or on brief, shall be limited to the issues raised by the appeal, except that if the Secretary determines that additional issues should be argued, the parties shall be given reasonable notice of such determination, so as to permit preparation of adequate arguments on all issues to be argued.

(c) *Notice of argument; postponement.* The Hearing Clerk shall advise all parties of the time and place at which oral argument will be heard. A request for postponement of the argument must be made by motion filed a reasonable amount of time in advance of the date fixed for argument.

(d) *Order and content of argument.* The appellant is entitled to open and conclude the argument. The opening argument shall include a concise statement of the case.

(e) *Cross and separate appeals.* A cross or separate appeal shall be argued with the initial appeal at a single argument, unless the Secretary otherwise directs. If a case involves a cross-appeal, the Administrator shall be deemed the appellant unless the parties otherwise agree or the Secretary otherwise directs. If separate appellants support the same argument, care shall be taken to avoid duplication of argument.

(f) *Submission on briefs.* By agreement of the parties, an appeal may be submitted for decision on the briefs, but the Secretary may direct that the appeal be argued orally.

§ 335.19–8 Decision of the Secretary.

(a) As soon as practicable after oral argument, or in case there is no oral argument, as soon as practicable after the filing of the appeal and grounds therefor and any response thereto, the Secretary shall issue his decision in the proceeding, which shall include findings of fact, conclusions, order, and rulings on motions, exceptions, statements of objections, and proposed findings, conclusions, and orders submitted by the parties not theretofore ruled upon; unless he issues an order denying the appeal as provided for in § 335.19–5 herein.

(b) The decision, prepared as described in paragraph (a) of this section, shall be issued and served upon the parties as the final decision in the proceeding without further procedure.

§ 335.20 Petitions for reopening hearing; for rehearing or reargument of proceeding; or for reconsideration of Secretary's decision.

§ 335.20–1 Petition requisite.

(a) *Filing; service; ruling.* An application for reopening the hearing to take further evidence, or for rehearing or reargument of the proceeding, or for reconsideration of the Secretary's decision, must be made by petition filed with the Hearing Clerk. Every such petition must state specifically the grounds relied upon. Any such petition filed prior to an appeal being filed shall be ruled upon by the Judge, and any such petition filed after an appeal is filed shall be ruled upon by the Secretary.

(b) *Petition to reopen hearing.* A petition to reopen a hearing to take further evidence may be filed at any time prior to the issuance of the Secretary's decision. Every such petition shall state briefly the nature and purpose of the evidence to be adduced, shall show that such evidence is not merely cumulative, and shall set forth a good reason why such evidence was not adduced at the hearing.

(c) *Petition to rehear or reargue proceeding, or to reconsider Secretary's decision.* A petition to rehear or reargue the proceeding or to reconsider the Secretary's decision shall be filed within 15 days after the date of the service of the Secretary's decision. Every such petition must state specifically the matters claimed to have been erroneously decided and alleged errors must be briefly stated.

§ 335.20–2 Procedure for disposition of petitions.

Within 20 days following the service of any petition provided for in this § 335.20, the other party to the proceeding shall file with the Hearing Clerk an answer thereto. As soon as practicable thereafter, the Judge or the Secretary, as the case may be, shall announce his decision whether to grant or to deny the petition. Unless the Secretary shall determine otherwise, operation of the Secretary's decision shall not be stayed pending the decision to grant or to deny the petition directed to him. In the event that any such petition is granted, the applicable rules of practice, as set out elsewhere herein, shall be followed. A person filing a petition under this section shall be regarded as the moving party or complainant, although he shall be referred to as the complainant or respondent, depending upon his designation in the original proceeding.

§ 335.21 Filing; service; extensions of time; additional time for filing; and computation of time.

§ 335.21–1 Filing; number of copies.

Except as is provided otherwise in this section, all documents or papers required or authorized by the rules in this part to be filed with the Hearing Clerk shall be filed in triplicate: *Provided,* That where there are more than two parties to the proceeding, a sufficient number of copies shall be filed so as to provide for

service upon all the parties to the proceeding. Any document or paper, required or authorized under the rules in this part to be filed with the Hearing Clerk, shall, during the course of an oral hearing, be filed with the Judge.

§ 335.21–2 Service; proof of service.

Copies of all such documents or papers, required or authorized by the rules in this part to be filed with the Hearing Clerk, shall be served upon the parties by the Hearing Clerk, by the Judge, or by some other employee of the Department, or by a United States Marshal or his deputy. Service shall be made either (1) by delivering a copy of the document or paper to the individual to be served, or to a member of the partnership to be served, or to the president, secretary or other executive officer or any director of the corporation or association to be served, or to the attorney or agent of record of such individual, partnership, corporation, or association; or (2) by leaving a copy of the document or paper at the principal office or place of business of such individual, partnership, corporation, or association, or of his or its attorney or agent of record; or (3) by registering or certifying and mailing a copy of the document or paper, addressed to such individual, partnership, corporation, or association, or to his or its attorney or agent of record, at his or its last known residence or principal office or place of business: *Provided,* That if the registered or certified document or paper is not a moving paper or final order and is returned undelivered because the addressee refused or failed to accept delivery, the document or paper shall be remailed by regular mail. Proof of service hereunder shall be made by the certificate of the person who actually made the service: *Provided,* That if the service be made by mail, as outlined in subparagraph (3) of this paragraph, proof of service shall be made by the return post-office receipt, in the case of registered or certified mail, or by the certificate of the person who mailed the matter by regular mail. The certificate and post-office receipt contemplated herein shall be filed with the Hearing Clerk, and the fact of filing thereof shall be noted in the record of the proceeding.

§ 335.21–3 Computation of time.

Saturdays, Sundays, and holidays shall be included in computing the time allowed for the filing of any document or paper: *Provided,* That, when such time expires on a Saturday, Sunday, or Federal legal holiday, such period shall be extended to include the next following business day.

§ 335.21–4 Extension of time.

The time for the filing of any document or paper required or authorized under the rules in this part to be filed may be extended by the Judge (before the Judge's decision is filed) or by the Secretary (after the Judge's decision is filed), if request for such extension of time is made prior to or on the final date allowed for such filing, and if, in the judgment of the Judge or the Secretary, as the case may be, after notice to and consideration of the views of the other party, when practicable, there is a good reason for the extension.

§ 335.22 Depositions.

§ 335.22–1 Application for taking deposition.

Upon the application of a party to the proceeding, the Judge may, at any time after the filing of the moving paper, order, under the facsimile signature of the Secretary, the taking of testimony by deposition. The application shall be in writing and shall be filed with the Hearing Clerk and shall set forth: (1) The name and address of the proposed deponent; (2) the name and address of the person (referred to in this section as "officer"), qualified under the rules in this part to take depositions, before whom the proposed examination is to be made; (3) the proposed time and place of the examination, which should be at least 15 days after the date of the mailing of the application; and (4) the reasons why such deposition should be taken.

§ 335.22–2 Judge's order for taking deposition.

If the Judge is satisfied that good cause for taking the deposition is present, he may order its taking. The order shall be filed with the Hearing Clerk and shall be served upon the parties and shall state: (1) The time and place of the examination (which shall not be less than 10 days after the filing of the order); (2) the name of the officer before whom the examination is to be made; and (3) the name of the deponent. The officer and the time and place need not be the same as those suggested in the application.

§ 335.22–3 Qualifications of officer.

The deposition shall be made before the Judge, or before an officer authorized by the law of the United States or by the law of the place of the examination to administer oaths, or before an officer authorized by the Secretary to administer oaths. No deposition shall be made before an officer who is a relative (within the third degree by blood or marriage), employee, attorney, or counsel of any party or who is a relative (within the third degree by blood or marriage), or employee of any attorney or counsel for any party or who is financially interested in the result of the proceeding: *Provided, however,* That an officer who is an employee of the Department and is not a relative of any such party, attorney, or counsel may take depositions in any proceeding under the Act.

§ 335.22–4 Procedure on examination.

The deponent shall be examined under oath or affirmation and shall be subject to cross-examination. The testimony of the deponent shall be recorded by the officer or by some person under his direction and in his presence. In lieu of oral cross-examination, parties may transmit written cross-interrogatories to the officer prior to the examination and the officer shall propound such cross-interrogatories to the deponent.

The applicant must arrange for the examination of the witness either by oral examination or by written interrogatories. If it is found by the Judge, upon the protest of a party to the proceeding, that such party has his residence and his place of business more than 100 miles from the place of the examination and that it would constitute an undue hardship upon such party to be represented at the examination, the applicant will be required to conduct the examination by means of interrogatories. When the examination is conducted by means of interrogatories, copies of the interrogatories shall be served upon the other parties to the proceeding at least 10 days prior to the date set for the examination, and the other parties shall be afforded an opportunity to file with the officer cross-interrogatories at any time prior to the time of the examination.

§ 335.22–5 Signature by witness.

The transcript of the deposition shall be read to or by the deponent, unless such reading is waived by the parties and the deponent. Any changes which the deponent wishes to make shall be entered upon the deposition by the officer, with a statement of the reasons given by the deponent for such changes. The deposition shall be signed by the deponent, unless the parties by stipulation waive such signing, or unless the deponent is ill or cannot be found or refuses to sign. If the deponent does not sign, the officer shall sign and shall state on the record the reason why the deponent did not sign. In such case the deposition shall be as valid as though signed by the deponent, unless the Judge finds that the reason given by the deponent for his refusal to sign requires rejection of the deposition in whole or in part.

§ 335.22–6 Certification by officer.

The officer shall certify on the deposition that the deponent was duly sworn by him and that the deposition is a true record of the deponent's testimony. He shall then securely seal the deposition, together with two copies thereof, in an envelope and mail the same by registered or certified mail to the Hearing Clerk.

§ 335.22–7 Use of depositions.

A deposition ordered and taken in accord with the provisions of this section, may be used in a proceeding under the Act if the Judge finds that the evidence is otherwise admissible and (1) that the witness is dead; or (2) that the witness is at a greater distance than 100 miles from the place of hearing, unless it appears that the absence of the witness was procured by the party offering the deposition; or (3) that the witness is unable to attend or testify because of age, sickness, infirmity, or imprisonment; or (4) in any event, upon application

and notice that such exceptional circumstances exist as to make it desirable, in the interests of justice and with due regard to the importance of presenting the testimony orally before the Judge, to allow the deposition to be used. If any part of a deposition is put in evidence by a party, any other party may require the production of the remainder, or any other portion, of the deposition.

§ 335.23 Subpoenas.

§ 335.23–1 Issuance of subpoenas.

The attendance of witnesses and the production of documentary evidence from any place in the United States on behalf of any party to the proceeding may, by subpoena, be required at any designated place of hearing. Subpoenas may be issued by the Secretary or by the Judge, under the facsimile signature of the Secretary, upon a reasonable showing by the applicant of the grounds, necessity, and reasonable scope thereof.

§ 335.23–2 Application for subpoena duces tecum.

Subpoenas for the production of documentary evidence, unless issued by the Judge upon his own motion, shall be issued only upon a verified written application. Such application shall specify, as exactly as possible, the documents desired and shall show their competency, relevancy, and materiality and the necessity for their production.

§ 335.23–3 Service of subpoenas.

Subpoenas may be served (1) by a United States Marshal or his deputy, or (2) by any other person who is not less than 18 years of age, or (3) by certifying or registering and mailing a copy of the subpoena addressed to the person to be served at his or its last known residence or principal place of business or residence. Proof of service may be made by the return of service on the subpoena by the United States Marshal or his deputy; or, if served by an individual other than a United States Marshal or his deputy, by an affidavit of such person stating that he personally served a copy of the subpoena upon the person named therein; or if service was by certified or registered mail, by an affidavit made by the person mailing the subpoena that it was mailed as provided herein and by the signed return post-office receipt: *Provided,* That, where the subpoena is issued on behalf of the Secretary, the return receipt without an affidavit of mailing shall be sufficient proof of service. In making personal service, the person making service shall leave a copy of the subpoena with the person subpoenaed; the original, bearing or accompanied by the required proof of service, shall be returned to the official who issued the same.

§ 335.24 Fees of witnesses.

Witnesses summoned before the Judge or the Secretary shall be paid the same fees and mileage that are paid witnesses in the courts of the United States, and witnesses whose depositions are taken, and the persons taking the same, shall be entitled to the same fees as are paid for like service in the courts of the United States. Fees shall be paid by the party at whose instance the witness appears.

Subpart C—Rules Applicable to Withdrawal of Inspection Service for Failure of an Establishment To Destroy Any Condemned Carcass or Part Thereof or Any Condemned Meat or Meat Food Product

§ 335.30 Notification of intent to withdraw inspection.

In any situation in which the Administrator has reason to believe that an establishment which receives inspection service under Title I of the Act has failed to destroy any condemned carcass or part thereof or any condemned meat or meat food product, as required under sections 4 and 6 of the Act and the regulations in this subchapter, he may notify the operator of the establishment, orally or in writing, of the Administrator's intent to withdraw (for such period or indefinitely as the Administrator deems necessary to effectuate the purposes of the Act) inspection service from the establishment, pursuant to sections 4, 6, and 401 of the Act and § 305.5(a) of the regulations, if the establishment fails to destroy the product or products involved, as specified in the notification, within 3 days from the receipt of the notification by the operator of the establishment. In the event of oral notification, a written confirmation shall be given as promptly as circumstances permit, pursuant to § 335.21–2 of the rules of practice in this part, to the operator of the establishment of the intent to withdraw inspection.

§ 335.31 Procedure upon failure of an establishment to take required action specified in notice.

(a) If any establishment notified under § 335.30 fails to destroy any condemned carcass or part thereof or any condemned meat or meat food product as specified in the notice, the Administrator may file a moving paper with the Hearing Clerk, who shall promptly assign the matter a docket number and serve a true copy of the moving paper upon the respondent as provided in § 335.21–2 of the rules of practice in this part. Effective upon service of the moving paper, inspection service under the Act shall be withdrawn (for such period or indefinitly as the Administrator deems necessary to effectuate the purposes of the Act) from such establishment as provided in sections 4, 6, and 401 of the Act and § 305.5(a) of the regulations in this subchapter.

(b) The moving paper shall set forth briefly the reason for the withdrawal of service, including allegations of fact which constitute a basis for the action. The moving paper shall offer respondent the opportunity to submit a specific written statement by way of answer and the right to request a hearing with respect to the merits or validity of the withdrawal action, and shall state the time within which answer by respondent must be made, which shall not be less than 10 days after service of the moving paper. At any time prior to the close of the hearing, the moving paper may be amended; but, in case of an amendment adding new provisions, the hearing shall on the request of the respondent, be adjourned for a period not exceeding 15 days, if the Judge determines that such an adjournment is necessary to avoid prejudice to the respondent.

(c) After the moving paper is served upon the respondent as provided in paragraphs (a) and (b) of this section, the proceeding shall thereafter be conducted in accordance with §§ 335.11–335.24 of the rules of practices in this part.

Subpart D—Rules Applicable to Refusal or Withdrawal of Inspection Service for Failure of an Establishment To Maintain Sanitary Conditions

§ 335.40 Notification of refusal of inspection.

In any situation in which the Administrator determines that the sanitary conditions of an establishment which receives inspection under Title I of the Act are such that any meat or meat food products prepared therein are rendered adulterated, he shall refuse to allow said meat or meat food products to be labeled, marked, stamped, or tagged as "inspected and passed," pursuant to section 8 of the Act. The Administrator shall notify the operator of the establishment, orally or in writing as promptly as circumstances permit, of such refusal to inspect and pass the meat or meat food products and the reasons therefor, and the action which the Administrator deems necessary to eliminate the unsanitary conditions. In the event of oral notification, a written confirmation shall be given as promptly as circumstances permit, pursuant to § 335.21–2 of the rules of practice in this part, to the operator of the establishment.

§ 335.41 Procedure upon failure of an establishment to take required action specified in the notice.

(a) If any establishment notified under § 335.40, fails to take the necessary action to eliminate the unsanitary conditions within the period specified in the notice, the Administrator may file a moving paper with the Hearing Clerk, who shall promptly assign the matter a docket number and serve a true copy of the moving paper upon the respondent as provided in § 335.21–2 of the rules of practice in this part. Effective upon service of the moving paper, inspetcion service shall be withdrawn (for such period or indefinitely as the Administrator deems necessary to effectuate the purposes of the Act) from such establishment as provided in sections 8 and 401 of the Act and § 305.5(a) of the regulations in this subchapter.

(b) The moving paper shall set forth briefly the reason for the withdrawal of service, including allegations of fact which constitute a basis for the action. The moving paper shall offer respondent

the opportunity to submit a specific written statement by way of answer and the right to request a hearing with respect to the merits or validity of the withdrawal action, and shall state the time within which answer by respondent must be made, which shall not be less than 10 days after service of the moving paper. At any time prior to the close of the hearing, the moving paper may be amended; but, in case of an amendment adding new provisions, the hearing shall on the request of the respondent, be adjourned for a period not exceeding 15 days, if the Judge determines that such an adjournment is necessary to avoid prejudice to the respondent.

(c) After the moving paper is served upon the respondent as provided in paragraphs (a) and (b) of this section, the proceeding shall thereafter be conducted in accordance with §§ 335.11–335.24 of the rules of practice in this part.

Subpart E—Rules Applicable to Suspension of Assignment of Inspectors for Threats To Forcibly Assault or Forcible Assault, Intimidation or Interference With Any Inspection Service Employee

§ 335.50 Notification to operator of establishment of incident.

In any situation in which a supervisor of an inspection service employee determines that the operator of any official establishment or any subsidiary therein, or any officer, employee, or agent of any such operator or any subsidiary therein, acting within the scope of his office, employment, or agency, has threatened to forcibly assault or has forcibly assaulted, intimidated, or interfered with any inspection service employee, under his supervision, in or on account of the performance of the employee's official duties under the Act, he shall notify the operator of the establishment, orally or in writing, of the incident, in accordance with § 305.5(b) of the regulations in this subchapter.

§ 335.51 Procedure upon failure of operator of establishment to take action required by § 305.5(b) of regulations.

(a) If any operator of an establishment notified under § 335.50, fails promptly to take any of the actions specified in § 305.5(b) of the regulations, the Administrator may suspend the assignment of inspectors at the establishment, in whole or in part, as the Administrator determines necessary to avoid impairment of the effective conduct of inspection service, by notifying the operator of the establishment, orally or in writing, of such suspension. In the event of oral notification, a written confirmation shall be given as promptly as circumstances permit, pursuant to § 335.21–2 of the rules of practice in this part, to the operator of the establishment.

(b) The written notification or confirmation, specified in paragraph (a) of this section, which shall constitute the moving paper in the proceeding, shall set forth briefly the reason for the suspension of the assignment of inspectors, including allegations of fact which constitute a basis for the action. The moving paper shall offer respondent the opportunity to submit a specific written statement by way of answer and the right to request a hearing with respect to the merits or validity of the suspension action, and shall state the time within which answer by respondent must be made, which shall not be less than 10 days after service of the moving paper. At any time prior to the close of the hearing, the moving paper may be amended; but, in case of an amendment adding new provisions, the hearing shall on the request of the respondent, be adjourned for a period not exceeding 15 days, if the Judge determines that such an adjournment is necessary to avoid prejudice to the respondent.

(c) A copy of the moving paper served upon the respondent shall be filed with the Hearing Clerk who shall assign the matter a docket number.

(d) After the moving paper is served upon the respondent, as provided in paragraphs (a) and (b) of this section, the proceeding shall thereafter be conducted in accordance with §§ 335.11–335.24 of the rules of practice in this part.

Effective date: The foregoing rules shall become effective February 1, 1974.

Rules of practice with respect to other proceedings under the Act will be published at a later date.

Done at Washington, D.C., on January 25, 1974.

F. J. MULHERN,
Administrator, Animal and Plant Health Inspection Service.

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Airworthiness Docket No. 73-WE-2-AD; Amdt. 39-1781]

PART 39—AIRWORTHINESS DIRECTIVES

General Dynamics Model Airplanes

There have been cracks found in the Pilot and Copilot direct vision window frame castings, P/N's 240–3110314–6 and –7 on General Dynamics Model 240 airplanes that could result in failure in flight and consequent rapid decompression. Since this condition is likely to exist or develop in other airplanes of the same type design, an airworthiness directive is being issued to require inspection of the castings for cracks and replacement if necessary on General Dynamics Model 240 series and T–29B airplanes, including those modified for turbopropeller power.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making the amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 FR 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

GENERAL DYNAMICS. Applies to Model 240 series and T–29B airplanes including those modified for Turbo-propeller power per STC SA1054WE certificated in all categories.

Compliance required as indicated.

To detect cracks in the Pilot and Copilot direct vision window frame castings, P/N's 240–3110314–6 and –7 (hereinafter referred to as the casting) which could result in failure in flight and consequent rapid decompression, accomplish the following:

(a) Inspect each casting with 4500 or more hours' time in service on the effective date of this AD for cracks in accordance with (c), below, within the next 250 hours' time in service after the effective date of this AD unless already accomplished within the last 750 hours' time in service, and thereafter at intervals not to exceed 1000 hours' time in service from the last inspection.

(b) Inspect each casting with less than 4500 hours' time in service on the effective date of this AD for cracks in accordance with (c), below, prior to the accumulation of 4750 hours' time in service and thereafter at intervals not to exceed 1000 hours' time in service from the last inspection.

(c) Inspect the castings in accordance with Paragraph 2B of General Dynamics Service Bulletin 600 (240D), S.B. No. 53–2A, dated December 21, 1973, or later FAA-approved revisions, or by a method approved by the Chief, Aircraft Engineering Division, FAA Western Region.

(d) If a crack is found, comply with (1) or (2), below, as appropriate:

(1) If the crack completely severs the frame at any point, replace the casting with a new part, P/N 240–3110314–6 or –7, prior to further flight, except that the airplane may be flown with a zero differential cabin pressure in accordance with FAR 21.197 to a base where the replacement can be accomplished.

(2) If the crack does not completely sever the frame at any point, replace the casting with a new part, P/N 240–3110314–6 or –7, within 250 hours' time in service after crack discovery, except that, until such time as the casting is replaced, the following shall apply:

(i) The airplane must be operated at a zero differential cabin pressure.

(ii) Prior to take off after crack discovery, an operating limitation in the form of a placard must be installed in clear view of the pilot stating: "Operation Limitation. Pressurized Flight Prohibited."

(e) Operators who have not kept records of hours' time in service of individual castings shall substitute hours' time in service of the airplane in lieu thereof.

(f) Upon request of the operator, an FAA maintenance inspector, subject to prior approval of the Chief, Aircraft Engineering Division, FAA Western Region, may adjust the compliance times herein if the request contains substantiating data to justify the increase for that operator.

This amendment becomes effective on February 4, 1974.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, 1423); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in Los Angeles, Calif., on January 23, 1974.

ARVIN O. BASNIGHT,
Director, FAA Western Region.

[FR Doc.74-2674 Filed 1-31-74;8:45 am]

[Docket No. 74-SO-11, Amdt. 39-1780]

PART 39—AIRWORTHINESS DIRECTIVES

Teledyne Engines

Pursuant to the authority delegated to me by the Administrator (37 FR 13697), an airworthiness directive was adopted on January 16, 1974, and made effective as to all known United States operators of aircraft equipped with certain Teledyne Continental Model TSIO-360 and IO-360 engines. This directive requires immediate inspection and replacement, if necessary, of certain engine cylinders.

Since it was found that immediate corrective action was required, notice and public procedure thereon was impracticable and contrary to the public interest and good cause existed for making the airworthiness directive effective immediately as to all known United States operators of aircraft equipped with certain Teledyne Continental Model TSIO-360 and IO-360 engines by air mail letter dated January 16, 1974. These conditions still exist and the airworthiness directive is hereby published in the FEDERAL REGISTER as an amendment to § 39.13 of Part 39 of the Federal Aviation Regulations to make it effective as to all persons.

TELEDYNE CONTINENTAL MOTORS. Applies to the following Teledyne Continental Model Engines:

IO-360-C. Engine Serial Numbers 350016 through 350019.

IO-360-D. Engine Serial Numbers 351044 through 351055, 351057, and 351058.

IO-360-G. Engine Serial Numbers 352169 through 352179, 352181 through 352184, 352187 through 352191, 352153 and 352197.

IO-360-H. Engine Serial Numbers 353124 through 353134, 353136 through 353141, 353154.

TSIO-360-C. Engine Serial Numbers 300152, 300170 through 300185, 300187, 300188 and 300204.

Compliance required as indicated, unless already accomplished. To prevent cylinder head separation, accomplish the following:

The inspection outlined below is required within the next five hours time in service after receipt of this letter and at 25 hour intervals thereafter up to 100 hours time in service. Engines exceeding 100 hours time in service must be inspected on a one-time basis only. All inspections may be terminated after 100 hours operational service.

(1) Visually inspect each cylinder assembly in the area where the steel cylinder barrel and aluminum cylinder head join together. Inspect for oil leaks and/or combustion product stains.

(2) Remove the upper spark plug on each cylinder; insert a borescope instrument and inspect for circumferential cracks located approximately 1.5 inches below the top end of the cylinder barrel. The piston must be at the bottom of its travel in order to accomplish this inspection.

If cracks are found, cylinders must be replaced with serviceable components prior to further flight.

Teledyne Continental Motors Service Bulletin M74-2A covers this subject.

This amendment is effective February 1, 1974, and was effective upon receipt for all recipients of the air mail letter dated January 16, 1974, which contained this amendment.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, (49 U.S.C. 1354(a), 1421, 1423); sec. 6(c), Department of Transportation Act, (49 U.S.C. 1655(c)))

Issued in East Point, Ga., on January 23, 1974.

PHILLIP M. SWATEK,
Director, Southern Region.

[Airspace Docket No. 73-CE-20]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area; Correction

In FR Doc. 73-23605 appearing on page 30737 of the issue for Wednesday, November 7, 1973, the Corning Municipal Airport coordinates recited in the Corning, Iowa, transition area designation as "latitude 41°00'00" N., longitude 94°46'00" W." are changed to read "latitude 40°59'30" N., longitude 94°45'40" W.".

Issued in Kansas City, Mo., on January 15, 1974.

A. L. COULTER,
Director, Central Region.

[FR Doc.74-2677 Filed 1-31-74;8:45 am]

[Airspace Docket No. 73-CE-17]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone; Correction

In FR Doc. 73-25932 appearing on page 33766 in the issue of Friday, December 7, 1973, the effective date should be changed to read January 31, 1974.

Issued in Kansas City, Mo., on January 15, 1974.

A. L. COULTER,
Director, Central Region.

[FR Doc.74-2676 Filed 1-31-74;8:45 am]

[Airspace Docket No. 74-WA-4]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of VOR Federal Airway

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to amend the description of VOR Federal Airway No. 69 between Shreveport, La., and El Dorado, Ark.

At the present time V-18N, V-69, and V-69W are codesignated east of Shreveport. However, V-18N will be realigned three degrees to the north between Shreveport and Monroe, La., effective May 28, 1974, due to the relocation of the Monroe VORTAC. That amendment was published in the FEDERAL REGISTER on July 10, 1973 (38 FR 18363). To retain the codesignation of these airways east of Shreveport, action is taken herein to alter a portion of V-69.

Since this amendment is minor in nature and one upon which the public would not have particular reason to comment, notice and public procedure thereon are unnecessary. This amendment could become effective upon publication in the FEDERAL REGISTER, but to provide sufficient time for this alteration to be placed on aeronautical charts, it will become effective more than 30 days after publication.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 g.m.t., May 23, 1974, as hereinafter set forth.

Section 71.123 (39 FR 307) is amended as follows:

In V-69

"via INT Shreveport 087° and El Dorado, Ark., 218° radials; El Dorado, including a W alternate via INT Shreveport, 087° and El Dorado 233° radials;" is deleted and "via Shreveport 084° and El Dorado, Ark., 218° radials; El Dorado, including a W alternate via INT Shreveport 084° and El Dorado 233° radials;" is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, (49 U.S.C. 1348(a)); sec. 6(c), Department of Transportation Act, (49 U.S.C. 1655(c)))

Issued in Washington, D.C., on January 28, 1974.

CHARLES H. NEWPOL,
Acting Chief, Airspace and Air Traffic Rules Division.

[FR Doc.74-2675 Filed 1-31-74;8:45 am]

[Docket No. 13513, Amdt. 901]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

This amendment to Part 97 of the Federal Aviation Regulations incorporates by reference therein changes and additions to the Standard Instrument Approach Procedures (SIAPs) that were recently adopted by the Administrator to promote safety at the airports concerned.

The complete SIAPs for the changes and additions covered by this amendment are described in FAA Forms 3139, 8260-3, 8260-4, or 8260-5 and made a part of the public rulemaking dockets of the FAA in accordance with the procedures set forth in Amendment No. 97-696 (35 FR 5609).

SIAPs are available for examination at the Rules Docket and at the National Flight Data Center, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, D.C. 20591. Copies of SIAPs adopted in a particular region are also available for examination at the headquarters of that region. Individual copies of SIAPs may be purchased from the FAA Public Document Inspection Facility, HQ-405, 800 Independence Avenue, SW., Washington, D.C. 20591 or from the applicable FAA regional office in accordance with the fee schedule prescribed in 49 CFR 7.85. This fee is payable in advance and may be paid by check, draft or postal money order payable to the Treasurer of the United States. A weekly transmittal of all SIAP changes and additions may be obtained by subscription

at an annual rate of $150.00 per annum from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Additional copies mailed to the same address may be ordered for $30.00 each.

Since a situation exists that requires immediate adoption of this amendment, I find that further notice and public procedure hereon is impracticable and good cause exists for making it effective in less than 30 days.

In consideration of the foregoing, Part 97 of the Federal Aviation Regulations is amended as follows, effective on the dates specified:

1. Section 97.23 is amended by originating, amending, or canceling the following VOR-VOR/DME SIAPs, effective March 14, 1974:

Lewistown, Mont.—Lewistown Municipal Arpt., VOR Rwy 7, Amdt. 8
Mt. Vernon, Ill.—Mt. Vernon-Outland Arpt., VOR Rwy 5, Amdt. 5
Mt. Vernon, Ill.—Mt. Vernon-Outland Arpt., VOR Rwy 23, Amdt. 3
Port Clinton, Ohio—Carl R. Keller Field, VOR-A, Amdt. 5, Canceled
Sandusky, Ohio—Griffing Sandusky Arpt., VOR Rwy 36, Amdt. 5, Canceled

* * * effective March 7, 1974:

Honolulu, Hawaii—Honolulu Int'l Arpt., VOR Rwy 8 (TAC), Amdt. 7

* * * effective February 14, 1974:

Elgin, Ill.—Elgin Arpt., VOR-A, Amdt. 5

* * * effective January 18, 1974:

Livermore, Calif.—Livermore Municipal Arpt., VOR/DME-A, Amdt. 2

2. Section 97.27 is amended by originating, amending, or canceling the following NDB/ADF SIAPs, effective March 14, 1974.

Macomb, Ill.—Macomb Municipal Arpt., NDB Rwy 26, Amdt. 3
Mt. Vernon, Ill.—Mt. Vernon-Outland Arpt., NDB Rwy 23, Amdt. 2
Newark, N.J.—Newark Int'l Arpt., NDB Rwy 22R, Amdt. 5
Port Huron, Mich.—St. Clair County Arpt., NDB-A, Amdt. 3
Port Huron, Mich.—St. Clair County Arpt., NDB Rwy 4, Amdt. 3

* * * effective March 7, 1974:

Honolulu, Hawaii—Honolulu Int'l Arpt., NDB Rwy 8, Amdt. 10

3. Section 97.29 is amended by originating, amending or canceling the following ILS SIAPs, effective March 14, 1974:

Newark, N.J.—Newark Int'l Arpt., ILS Rwy 22L, Amdt. 3

* * * effective March 7, 1974:

Honolulu, Hawaii—Honolulu Int'l Arpt., ILS Rwy 4R, Amdt. 1
Honolulu, Hawaii—Honolulu Int'l Arpt., ILS Rwy 8, Amdt. 9
Salinas, Calif.—Salinas Municipal Arpt., ILS/DME Rwy 31, Orig.

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 19—CHEESES, PROCESSED CHEESES, CHEESE FOODS, CHEESE SPREADS, AND RELATED FOODS

Cold-Pack Cheese Labeling; Order To Provide for Alternate Names

In the matter of amending the standard of identity for cold-pack cheese (21 CFR 19.785) to provide for an alternate arrangement of words in the product name as it appears on labels: A notice of proposed rule making in the above-identified matter was published in the FEDERAL REGISTER on May 30, 1973 (38 FR 14174), based on a petition filed by the American Blue Cheese Association, Inc., 110 North Franklin St., Chicago, IL 60606. The proposal provided for the name "_____ cold pack cheese" as an alternative to the presently provided for names "Cold-pack _____ cheese", "_____ club cheese", and "Comminuted _____ cheese", the blanks being filled in with the name or names of cheese varieties used in the food, in order of predominance. The notice also included a proposal on the initiative of the Commissioner of Food and Drugs that the cold-pack cheese identity standard be amended by deletion of the provision for the optional names "_____ club cheese" and "Comminuted _____ cheese".

The only comment to the proposal opposed deletion of the provision for the name "_____ club cheese" on product labels, on the ground that this name is currently being used on some marketed products, and is a name familiar to consumers.

Having considered the information submitted by the petitioner, the comment received, and other relevant information, the Commissioner concludes that it will promote honesty and fair dealing in the interest of consumers to amend the identity standard for cold-pack cheese as proposed, except that the Commissioner's proposal to delete "_____ club cheese", an alternate name for the food, will not be adopted.

Due to the revisions of §§ 19.525 and 19.530 (21 CFR 19.525, 19.530) and the promulgation of § 19.531 (21 CFR 19.531), published in the FEDERAL REGISTER of June 30, 1972 (37 FR 12935), the name creamed cottage cheese has been removed from § 19.785(a)(1) (21 CFR 19.785(a)(1)) because it is obsolete and the names "cottage cheese dry curd" and "lowfat cottage cheese" have been added. The purpose of these editorial changes is to up-date the list of cheeses not used for ing cold-pack cheese.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055-1056, as amended by 70 Stat. 919 and 72 Stat. 948; (21 U.S.C. 341, 371)) and under authority delegated to the Commissioner (21 CFR 2.120): *It is ordered*, That § 19.785 be amended by revising the section heading and paragraphs (a)(1) and (d)(1) to read as follows:

§ 19.785 Cold-pack cheese, club cheese; identity; label statement of optional ingredients.

(a)(1) Cold-pack cheese, club cheese, is the food prepared by comminuting, without the aid of heat, one or more cheeses of the same or two or more varieties, except cream cheese, neufchatel cheese, cottage cheese, lowfat cottage cheese, cottage cheese dry curd, hard grating cheese, semisoft part-skim cheese, part-skim spiced cheese and skim milk cheese for manufacturing, into a homogeneous plastic mass. One or more of the optional ingredients designated in paragraph (c) of this section may be of this section may be used.

* * * * *

(d)(1) The name of a cold-pack cheese for which a definition and standard of identity is prescribed by this section is "Cold-pack _____ cheese", "_____ cold-pack cheese" or "_____ club cheese", the blanks being filled in with the name or names of the varieties of cheese used, in order of predominance by weight.

* * * * *

Other labeling requirements applicable to these foods were established by an order published in the FEDERAL REGISTER of April 23, 1973 (38 FR 9996).

Any person who will be adversely affected by the foregoing order may at any time on or before March 4, 1974 file with the Hearing Clerk, Food and Drug Administration, Rm. 6-86, 5600 Fishers Lane, Rockville, MD 20852, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable, and state the grounds for the objections. If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Objections may be accompanied by a memorandum or brief in support thereof. Six copies of all documents shall be filed. Received objections may be seen in the above office during working hours, Monday through Friday.

Effective date. This order shall become effective April 2, 1974, except as to any provisions that may be stayed by the filing of proper objections. Notice of the filing of objections or lack thereof will be given by publication in the FEDERAL REGISTER.

(Secs. 401, 701, 52 Stat. 1046, 1055-1056, as amended by 70 Stat. 919 and 72 Stat. 948; (21 U.S.C. 341, 371))

Dated: January 24, 1974.

SAM D. FINE,
Associate Commissioner for Compliance.

PART 121—FOOD ADDITIVES

Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food; Resinous and Polymeric Coatings

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 3B2870) filed by Monsanto Co. as Monsanto Industrial Chemicals Co., 800 North Lindbergh Boulevard, St. Louis, MO 63166, and other relevant material, concludes that the food additive regulations should be amended, as set forth below, to provide for the safe use of ethylene and acrylamide as copolymers of vinyl chloride for use as a resinous and polymeric coating or coating component for food-contact surfaces.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; (21 U.S.C. 348(c)(1))) and under authority delegated to the Commissioner (21 CFR 2.120), Part 121 is amended in § 121.2514 (b)(3)(xv) by alphabetically inserting in the list of substances a new item, as follows:

§ 121.2514 **Resinous and polymeric coatings.**

* * * * *

(b) * * *

(3) * * *

(xv) * * *

Substances	Limitations
Vinyl chloride copolymerized with acrylamide and ethylene in such a manner that the finished copolymers have a minimum weight coverage molecular weight of 30,000 and contain not more than 3.5 weight percent of total polymer units derived from acrylamide; the acrylamide portion may or may not be subsequently partially hydrolyzed.	

* * * * *

Any person who will be adversely affected by the foregoing order may at any time on or before March 4, 1974 file with the Hearing Clerk, Food and Drug Administration, Rm. 6-86, 5600 Fishers Lane, Rockville, MD 20852, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable, and state the grounds for the objections. If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually and legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Objections may be accompanied by a memorandum or brief in support thereof. Six copies of all documents shall be filed. Received objections may be seen in the above office during working hours, Monday through Friday.

Effective date. This order shall become effective on February 1, 1974.

(Sec. 409(c)(1), 72 Stat. 1786; (21 U.S.C. 348(c)(1)))

Dated: January 24, 1974.

SAM D. FINE,
Associate Commissioner for Compliance.

[FR Doc.74-2705 Filed 1-31-74;8:45 am]

PART 121—FOOD ADDITIVES

Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food; Adhesives

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 3B2866) filed by Borden Chemical, Division of Borden, Inc., P.O. Box 9524, Philadelphia, PA 19124, and other relevant material, concludes that the food additive regulations should be amended, as set forth below, to provide for safe use of bis-(sodium 2-sulfoethyl) maleate as a component of adhesives. The Commissioner further concludes that the additive should be described by the preferred chemical nomenclature given below.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; (21 U.S.C. 348(c)(1))) and under authority delegated to the Commissioner (21 CFR 2.120), § 121.2520(c)(5) is amended by alphabetically inserting in the list of substances under "Polymers" a new item, as follows:

§ 121.2520 **Adhesives.**

* * * * *

(c) * * *

(5) * * *

COMPONENTS OF ADHESIVES

Substances	Limitations
* * * * *	
Polymers: Homopolymers and copolymers of the following monomers:	
* * * * *	
Maleic acid, diester with 2-hydroxyethanesulfonic acid, sodium salt.	
* * * * *	

Any person who will be adversely affected by the foregoing order may at any time on or before March 4, 1974 file with the Hearing Clerk, Food and Drug Administration, Rm. 6-86, 5600 Fishers Lane, Rockville, MD 20852, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable, and state the grounds for the objections. If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually and legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Objections may be accompanied by a memorandum or brief in support thereof. Six copies of all documents shall be filed. Received objections may be seen in the above office during working hours, Monday through Friday.

Effective date. This order shall become effective February 1, 1974.

(Sec. 409(c)(1), 72 Stat. 1786; (21 U.S.C. 348(c)(1)))

Dated: January 24, 1974.

SAM D. FINE,
Associate Commissioner for Compliance.

[FR Doc.74-2704 Filed 1-31-74;8:45 am]

PART 121—FOOD ADDITIVES

Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food; Paper and Paperboard

The Commissioner of Food and Drugs, having evaluated data in a petition (FAP 3B2903) filed by GAF Corp., 140 W. 51st St., New York, NY 10020, and other relevant material, concludes that the food additive regulations should be amended, as set forth below, to provide for the safe use of castor oil, polyoxyethylated (42 moles ethylene oxide), as a component of paper and paperboard in contact with dry food.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; (21 U.S.C. 348(c)(1))) and under authority delegated to the Commissioner (21 CFR 2.120), Part 121 is amended in § 121.2571 (b)(2) by alphabetically adding to the list of substances a new item as follows:

§ 121.2571 Components of paper and paperboard in contact with dry food.

* * * * *

(b) * * *

(2) * * *

List of substances	*Limitations*
* * * * *	
Castor oil, polyoxyethylated (42 moles ethylene oxide).	--------
* * * * *	

Any person who will be adversely affected by the foregoing order may at any time on or before March 4, 1974 file with the Hearing Clerk, Food and Drug Administration, Rm. 6–86, 5600 Fishers Lane, Rockville, MD 20852, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable, and state the grounds for the objections. If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually and legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Objections may be accompanied by a memorandum or brief in support thereof. Six copies of all documents shall be filed. Received objections may be seen in the above office during working hours, Monday through Friday.

Effective date. This order shall become effective on February 1, 1974.

(Sec. 409(c)(1), 72 Stat. 1786 (21 U.S.C. 348(c)(1)))

Dated: January 24, 1974.

SAM D. FINE,
Associate Commissioner for Compliance.

SUBCHAPTER C—DRUGS

PART 130—NEW DRUGS

Conditions for Marketing of Digoxin Products; Correction

In FR Doc. 74–1512 appearing at page 2471 in the FEDERAL REGISTER of Tuesday, January 22, 1974, the following changes should be made:

1. On page 2472 the first paragraph of the third column is amended as follows:

a. The fifth line is revised to read "amount of digoxin and so that the quan-".

b. The 28th line is revised to read "formulated so that either (1) the quantity of di-".

c. The 31st line is revised to read "of digoxin or (2) the quantity of digoxin".

2. On page 2473 the first four lines of the first column are revised to read "achieve a dissolution at any rate above the dissolution requirements of the USP, and either (1) not more than 95 percent dissolution at one hour or (2) not more than 90 percent".

3. Section 130.51 appearing on page 2475 is hereby amended to be consistent with the above changes and paragraphs (a)(2)(i), (3) (i) and (iii), and (i) are revised to read as follows:

§ 130.51 Digoxin products for oral use; conditions for marketing.

(a) * * *

(2) * * *

(i) A statement that the applicant will establish procedures to test each lot of digoxin tablets prior to releasing the batch for distribution to assure that the batch meets all The United States Pharmacopeia (USP XVIII) requirements for digoxin tablets including, but not limited to, potency, content uniformity, and dissolution and either (*a*) that the quantity of digoxin dissolved at one hour is not more than 95 percent of the assayed amount of digoxin or (*b*) that the quantity of digoxin dissolved at 15 minutes is not more than 90 percent of the assayed amount of digoxin.

* * * * *

(3) * * *

(i) Test a sample of the batch to assure that the batch meets all of the requirements of The United States Pharmacopeia (USP XVIII) including but not limited to, potency, content uniformity, and dissolution and either (*a*) that the quantity of digoxin dissolved at one hour is not more than 95 percent of the assayed amount of digoxin or (*b*) that the quantity of digoxin dissolved at 15 minutes is not more than 90 percent of the assayed amount of digoxin.

* * * * *

(iii) Withhold the batch from distribution until he is notified by the Food and Drug Administration that the sample was tested and found to meet all of the requirements in The United States Pharmacopeia (USP XVIII) for potency, content uniformity, and dissolution and either (*a*) that the quantity of digoxin dissolved at one hour is not more than 95 percent of the assayed amount of digoxin or (*b*) that the quantity of digoxin dissolved at 15 minutes is not more than 90 percent of the assayed amount of digoxin.

* * * * *

(i) Digoxin tablets formulated so that the quantity of digoxin dissolved at one hour, when tested by the method in The United States Pharmacopeia (USP XVIII), is greater than 95 percent of the assayed amount of digoxin and so that the quantity of digoxin dissolved at 15 minutes is greater than 90 percent of the assayed amount of digoxin are new drugs which may be marketed only with an approved full new drug application as provided for in § 130.4. The application shall include, but not be limited to, clinical studies establishing significantly greater bioavailability than digoxin tablets meeting compendial requirements and dosage recommendations based on clinical studies establishing the safe and effective use of the more bioavailable digoxin product. Marketing of these digoxin products will be allowed only under a proprietary or trade name, established name, and labeling which differs from that used for digoxin tablets that meet all of the requirements in The United States Pharmacopeia (USP XVIII) and that are formulated so that either (1) the quantity of digoxin dissolved at one hour is not more than 95 percent of the assayed amount of digoxin or (2) the quantity of digoxin dissolved at 15 minutes is not more than 90 percent of the assayed amount of digoxin. New drug applications for these digoxin products shall be submitted to the Food and Drug Administration, Bureau of Drugs, Office of Scientific Evaluation (HFD–100), 5600 Fishers Lane, Rockville, MD 20852.

Dated: January 28, 1974.

SAM D. FINE,
Associate Commissioner for Compliance.

Title 23—Highways

CHAPTER I—FEDERAL HIGHWAY ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

SUBCHAPTER H—RIGHT-OF-WAY AND ENVIRONMENT

PART 765—ARCHEOLOGICAL AND PALEONTOLOGICAL SALVAGE

As part of the Federal Highway Administration's program of converting the agency's Policy and Procedure Memorandum to Regulations the following new Part is added to Title 23 of the Code of Federal Regulations. This part converts Policy and Procedure Memorandum 20–7 on Archeological and Paleontological Salvage on Federal and federally aided highway projects to Part 765 of Title 23 of the Code of Federal Regulations.

As the matters herein deal with grants or contracts and as no substantive change is made in current substantive policies or in procedures this part is made effective immediately.

Sec.
765.1 General policies.
765.2 Definitions.
765.3 Coordination.
765.4 Eligibility.
765.5 Programming.
765.6 Agreements and authorizations.
765.7 Direct Federal projects.

AUTHORITY: 23 U.S.C. 138; 23 U.S.C. 305; 23 U.S.C. 315; 16 U.S.C. 432; 16 U.S.C. 433; 23 U.S.C. 101 et seq.; 49 CFR 1.48(b); 34 Stat. 225.

§ 765.1 General policies.

(a) This part prescribes the procedures for implementing the provisions of Title 23, U.S.C., Section 305 involving the use of Federal highway funds for archeological and paleontological salvage on Federal and Federal-aid highway projects.

(b) A principal objective is to increase the knowledge of archeological and paleontological objects through cooperation with recognized museums, universities, colleges, or other scientific or educational institutions. It is expected that objects

salvaged will be permanently preserved without private gain for the inspiration and benefit of the people of the United States.

(c) It is national policy that special effort be made to preserve for public use objects, sites, or buildings of National, State or local historic significance. It is a Federal crime to appropriate, excavate, injure, or destroy any historic or prehistoric ruin or monument, or any object of antiquity, situated on government lands without permission of the head of the department having jurisdiction over such lands. Several States have similar statutes.

§ 765.2 Definitions.

As used in this part:

(a) "FHWA" means the Federal Highway Administration.

(b) "State" means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, the Trust Territory of the Pacific Islands, and, where appropriate, any political subdivision thereof.

(c) "State highway department" means that department, commission, board, or official of any State charged by its laws with the responsibility for highway construction and operations.

(d) "Historic objects" means any archeological and paleontological objects including ruins, sites, buildings, artifacts, fossils, and objects of antiquity, having National, State or local historical or scientific significance for the inspiration and benefit of the people of the United States.

(e) "Salvage and/or salvage project" means and includes any or all of the following:

(1) "Reconnaissance survey" means any work for the location of sites of historic objects on or along proposed routes during or after the route selection stage of a highway project.

(2) "Preliminary site examination" means any work for the inspection, preliminary testing, and evaluation of known or suspected sites of historic objects to determine the necessity for salvage work.

(3) "Salvage work" means any work for the excavation, removal, and preservation of historic objects, and/or the collection of data relating thereto, and may include the preparation and issuance of a salvage work report to the participating agency limited to a description of the activities undertaken at the salvage site including the objects salvaged and the data collected.

(f) "Salvage authority" means the Federal, State or local authorities, including qualified representatives of the highway agencies, concerned with the salvage, preservation, and study of historic objects. "Salvage authority" includes institutions and organizations qualified to examine, excavate, and gather historic objects and information thereof, such as museums, universities, colleges, or other recognized scientific or educational institutions.

§ 765.3 Coordination.

(a) When it is anticipated that historic objects may be encountered during construction of a proposed highway project, the State highway department should, as early as practicable, contact the appropriate salvage authority so that arrangement can be made for the necessity reconnaissance survey and/or preliminary site examination to determine whether the highway project will damage or destroy the historic objects, and whether, from a historic standpoint, such objects should be preserved or salvaged, or that data should be collected thereon.

(b) When a salvage authority determines that historic objects should be preserved or salvaged, or that data should be collected thereon, the State highway department should assure that suitable arrangements are made for the necessary salvage work.

(c) If unforeseen objects of possible historic significance are encountered during construction, the appropriate salvage authority should be notified immediately and suitable arrangements made as set forth in paragraphs (a) and (b) of this section.

(d) When a salvage authority advises that historic objects may be encountered during construction of a proposed highway project, the procedures set forth in paragraphs (a) and (b) of this section are to be followed.

(e) Where there are known or suspected historic objects to be encountered within the limits of a highway project, the FHWA shall satisfy itself that adequate consideration has been given and appropriate provision has been made for the protection or collection of data on objects deemed to have historical significance before authorizing construction of the highway project to proceed.

§ 765.4 Eligibility.

(a) Federal-aid highway funds may participate in the cost of salvage pursuant to the provisions of Title 23, U.S.C. § 305 and this Part in the same proportion as Federal funds are expended on the related highway project.

(b) Federal-aid highway funds may participate in such salvage costs as are clearly attributable to highway projects, including survey costs incurred in advance of construction, as are determined to be necessary to preserve historic objects which might otherwise be adversely affected by highway construction, or to avoid increased salvage costs as may otherwise be incurred during highway construction.

(c) Salvage costs may include costs of protecting and preserving historic objects during removal of the site, but shall not include the costs of shipping or otherwise removing such objects from the project site except for moving them to the nearest point at which suitable transportation or temporary storage is available.

(d) The salaries, fees, and expenses incurred by a salvage authority are eligible for reimbursement to the extent that such costs are attributable to and supported as part of the project cost.

(e) In those instances where highway construction operations result in exposing, disturbing, or otherwise adversely affecting historic objects beyond the road prism, Federal-aid funds may participate in the salvage operations beyond the road prism for such limited distance within the highway right-of-way as deemed necessary to prevent loss of historic objects or data which otherwise may occur during normal construction operations.

(f) In isolated instances, the necessity, for salvage of historic objects may arise as a result of obtaining materials from borrow pits. If the borrow pit and the historic objects are in public ownership, Federal funds may participate in salvage costs which are directly attributable to the utilization of the borrow pit unless it would be in the public interest to utilize a borrow pit in another location. In those instances where the borrow pit is commercially operated or otherwise is not in public ownership, Federal participation will depend upon a showing that the private owner has waived all claims to the historic objects and that such objects will be used for public purposes without private gain to any individual.

(g) Where the removal or relocation of buildings or other structures located wholly or partly within the right-of-way will necessitate salvage of historic objects at either the existing or the relocation site, Federal funds may participate in the costs of performing such salvage as part of the project costs. Participation in such costs at relocation sites will require a showing that it is necessary to relocate the buildings or structures at that particular site. Participation will also be dependent upon a showing that the salvaged objects will be used for public purposes without private gain to any individual.

§ 765.5 Programming.

Salvage projects should preferably be handled ahead of regular construction contracts. These projects may be programmed as separate projects or as separate line items of related highway projects, and, if appropriate, are eligible for Federal participation as preliminary engineering, right-of-way, or actual construction costs. Reconnaissance survey work or preliminary site examination may also be eligible for highway planning and research funds prior to route location selection upon approval of the FHWA.

§ 765.6 Agreements and Authorization.

(a) The State and the salvage authority shall agree in writing on their separate responsibilities for financing and accomplishing the salvage project. Individual agreements shall be used on a case-by-case or project basis, and shall set forth: (1) The scope, description, and location of the work to be undertaken, and (2) where applicable, the terms and amounts of any funds, other than public

highway funds, made available to the State for financing the salvage project.

(b) The agreement shall be supported by plans and estimates of the work agreed upon, which shall be sufficiently informative and complete to provide the State and the FHWA with a clear showing of work required.

(1) The plans shall indicate the location of the salvage project in relation to the latest available information on the highway alignment and grade, right-of-way lines and, where applicable, access control lines; and

(2) The estimate shall set forth the items of work to be performed, broken down as to estimated cost of labor, overhead, materials and supplies, handling charges, transportation, and equipment.

(c) Where the salvage project involves work that is not attributable to the highway project, the written agreement shall state the share of the total costs to be charged to the highway project. Reimbursement shall follow the basis of cost allocation set out in the agreement, except where adjustment is required by changes between the work planned and accomplished.

(d) The FHWA shall approve the written agreement. Any conditions or qualifications attached to this approval shall be set out by letter to the State. Such approval and any conditions or qualifications attached to his approval are for the purpose of informing the State of the extent that Federal funds are eligible to participate in the costs incurred under the approved agreement, subject to the provisions of this part.

(e) In the event there are changes in the scope of work, extra work, or major changes in the planned work covered by the approved agreement, plans and estimates, reimbursement therefor shall be limited to costs covered by a modification of the agreement, or a written change or extra work order, approved by the State and the FHWA.

(f) If a contractor's operations are delayed because of a salvage project, such contractor may be given an appropriate extension of the contract time. If practicable, the operations should be rescheduled to avoid the section until the removal of the historic objects or the gathering of historical data has been accomplished by the salvage authority.

§ 765.7 Direct Federal Projects.

The principles set forth in this part are applicable also to Federal domain projects under Federal Highway Administration supervision. Agreements may be entered into with the salvage authority to pay from Federal highway funds the reasonable costs of salvage operations. Directives or change orders may be issued to the contractors in this connection provided the specifications have not required the contractor to cover such work in his unit bid prices. They may also be issued in cases within the meaning of "subsurface or latent conditions" or "unknown physical conditions" where such terms are used in the standard contract forms.

Issued: January 22, 1974.

NORBERT T. TIEMANN,
Federal Highway Administrator.

[Directive 74-1]

PART 0—ORGANIZATION OF THE DEPARTMENT OF JUSTICE

Subpart R—Drug Enforcement Administration

APPENDIX TO SUBPART R—REDELEGATION OF FUNCTIONS

Under the authority delegated to the Administrator of the Drug Enforcement Administration by §§ 0.100 and 0.104 of Subpart R, I hereby make the following change in Directive 73-1, 38 FR 18381.

Paragraph (c) of section 3 is amended by deleting the words "Regional Administrator" and substituting the words "Regional Director".

Section 3 is amended by adding a new paragraph (d) as follows: "(d) All special agents in charge of offices are authorized to sign and issue subpoenas under 21 U.S.C. 875 and 876 in regard to matters within their respective jurisdictions."

Dated: January 28, 1974.

JOHN R. BARTELS, Jr.,
Administrator,
Drug Enforcement Administration.

Title 29—Labor

CHAPTER I—NATIONAL LABOR RELATIONS BOARD

PART 102—RULES AND REGULATIONS, SERIES 8

Dismissal of Petition

By virtue of the authority vested in it by the National Labor Relations Act, approved July 5, 1935,[1] the National Labor Relations Board hereby issues the following further amendment to its rules and regulations, Series 8, as amended, which it finds necessary to carry out the provisions of said Act.

Section 102.71 is amended to read as follows:

§ 102.71 Dismissal of petition; refusal to proceed with petition; requests for review by Board of action of the regional director.

(a) If, after a petition has been filed and at any time prior to the close of hearing, it shall appear to the regional director that no further proceedings are warranted, the regional director may dismiss the petition by administrative action and shall so advise the petitioner in writing, setting forth a simple statement of the procedural or other grounds for the dismissal, with copies to the other parties to the proceeding. Any party may obtain a review of such action by filing a request therefor with the Board in Washington, D.C., in accordance with the provisions of paragraph (c) of this section. A request for review from an action of a regional director pursuant to this subsection may be granted only upon one or more of the following grounds:

(1) That a substantial question of law or policy is raised because of (i) the absence of, or (ii) a departure from, officially reported Board precedent.

(2) There are compelling reasons for reconsideration of an important Board rule or policy.

(3) The regional director's determination of a substantial factual issue is clearly erroneous and such error prejudicially affects the rights of a party.

(4) The regional director's action is, on its face, arbitrary or capricious.

(b) Where the regional director dismisses a petition or directs that the proceeding on the petition be held in abeyance, and such action is taken because of the pendency of concurrent unresolved charges of unfair labor practices, and the regional director, upon request, has so notified the parties in writing, any party may obtain a review of the regional director's action by filing a request therefor with the Board in Washington, D.C., in accordance with the provisions of paragraph (c) of this section. A review of an action of a regional director pursuant to this subsection may be granted only upon one or more of the following grounds:

[1] 49 Stat. 449; 29 U.S.C. 151-166, as amended by act of June 23, 1947 (61 Stat. 136; 29 U.S.C. Sup. 151-167), act of October 22, 1951 (65 Stat. 601; 29 U.S.C. 158, 159, 168), and act of September 14, 1959 (73 Stat. 519; 29 U.S.C. 141-168).

(1) That a substantial question of law or policy is raised because of (i) the absence of, or (ii) a departure from, officially reported Board precedent.

(2) There are compelling reasons for reconsideration of an important Board rule or policy.

(3) The regional director's action is, on its face, arbitrary or capricious.

(c) A request for review must be filed with the Board in Washington, D.C., and a copy filed with the regional director and copies served upon all the other parties within 10 days of service of the notice of dismissal or notification that the petition is to be held in abeyance. The request shall be submitted in eight copies and shall contain a complete statement setting forth facts and reasons upon which the request is based. Such request shall be printed or otherwise legibly duplicated: *Provided, however,* That carbon copies of typewritten matter shall not be filed and if submitted will not be accepted. Requests for an extension of time within which to file the request for review shall be filed with the Board in Washington, D.C., and a statement of service shall accompany such request.

This amendment shall become effective on February 1, 1974.

Dated, Washington, D.C., January 29, 1974.

By direction of the Board.

JOHN C. TRUESDALE,
Executive Secretary.

Title 40—Protection of Environment

CHAPTER I—ENVIRONMENTAL PROTECTION AGENCY

SUBCHAPTER C—AIR PROGRAMS

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Approval of Plan Revision for State of Maine

On May 31, 1972 (37 FR 10842), pursuant to section 110 of the Clean Air Act, the Administrator approved a plan implementing National Ambient Air Quality Standards for the State of Maine. This publication contains the Administrator's approval of a revision to that plan.

On October 15, 1973, in a letter to the Governors of fourteen States, the Administrator advised that the responsible State agencies proceed quickly to devise and initiate plans to prevent, to the greatest degree possible, any detrimental air pollution effects that might result from a probable low sulfur fuel shortage during the coming winter months. The Administrator emphasized the need for States to undertake feasible energy conservation measures either prior to or concurrent with any variance requests in order to minimize the need for variances. Among the other measures recommended was the formulation, according to the anticipated degree of shortage, of a comprehensive variance plan for sulfur content in fuel regulations. Priorities for granting variances would be established which would encourage the distribution (or allocation) of available low sulfur fuel to areas where it would be most needed for the protection of public health. The Administrator described the procedures governing Governor's submissions of such variances to the Environmental Protection Agency for approval as implementation plan revisions. Criteria for approval would be as follows:

1. Compliance with EPA procedural requirements.

2. A demonstration (a) that fuel with a sulfur content low enough to enable compliance with the applicable regulation is in fact unavailable to the source, (b) that the variance requires the use of the lowest sulfur content fuel that is available, and (c) that the time period involved reflects the reasonably predicted period of shortage.

3. A demonstration that low sulfur fuel that might have been available to the source involved (a) no longer is available, or (b) has been allocated or distributed to other sources deserving higher priority either because of air quality considerations, or because of a Federally imposed allocation plan.

On November 28, 1973, the Maine Department of Environmental Protection submitted for the Administrator's approval a revision to § 100.6 of the approved Air Implementation Plan for the State of Maine. Section 100.6 requires that all fuel utilization facilities in the Metropolitan Portland Air Quality Control Region (AQCR) use fuel with no greater sulfur content than 1.5 percent. The revision would permit sources in that area to use fuel with a maximum sulfur content of 2.5 percent for a period extending from November 1, 1973 to April 30, 1974.

After a careful evaluation of the State's submittal, the Administrator has determined that the revision is in accordance with the criteria stated above, and is therefore in accordance with the procedural and substantive requirements of 40 CFR Part 51. Information submitted by the State, corroborated by the Agency's own information, indicates that fuel allocation and redistribution measures cannot obviate the need for the revision requested, either in the degree or in the time allowed.

Accordingly, a revision to the Maine Implementation Plan is approved subject to the following conditions:

1. That suppliers be required to demonstrate a need to utilize the variance based either on inadequate storage capacity or lack of adequate conforming fuel and certify in writing prior to utilization to the State of Maine and EPA that the lowest sulfur content fuel oil available is being supplied and will continue to be supplied and that all efforts will be made to supply conforming fuel.

2. That prior to April 30, 1974 suppliers certify to the Maine Department of Environmental Protection and EPA Region I that they have adequate facilities to store sufficient amounts of 1.5 percent sulfur fuel to meet Metropolitan Portland customer requirements either at their Portland storage facility or at an alternate terminal not necessarily within the State or that prior to April 30, 1974 suppliers submit final plans for installation of such facilities with a time schedule including final date for installation no later than November 1, 1974.

In addition, the State must submit to EPA all information required by the above conditions and certify that all such conditions have been met.

Since variances are temporary solutions to short term problems, should a source in the Metropolitan Portland AQCR find it necessary to apply for a variance beyond the expiration date of this variance, plans and a schedule for installation of control equipment to meet Maine emission limitations must accompany any new application for a variance from sulfur content requirements.

The State's submittal is available for public inspection during normal business hours at the following addresses: Department of Environmental Protection, Bureau of Air Quality Control, Vickering-Hill Building, Chapel Street, Augusta, Maine 04330, and EPA Region I Office of Public Affairs, Room 2203, John F. Kennedy Federal Building, Boston, Massachusetts 02203. In addition, EPA's evaluation of the State's submittal is available during normal business hours at the EPA address listed above.

The Agency finds that good cause exists for not publishing the actions as a notice of proposed rulemaking and for making it effective immediately upon publication for the following reasons:

1. The emergency nature of the current fuel shortage requires that the affected source know immediately the fuel restrictions which are applicable to it so that it may make arrangements to obtain the appropriate fuel.

2. The implementation plan revision was adopted in accordance with procedural requirements of State and Federal laws, which provided for an adequate public hearing and comment, and further participation would be impracticable.

Dated: January 25, 1974.

JOHN QUARLES,
Acting Administrator,
Environmental Protection Agency.

[FR Doc.74-2662 Filed 1-31-74;8:45 am]

PART 52—APPROVAL AND PROMULGATION OF STATE IMPLEMENTATION PLANS

Approval of Revisions

On May 31, 1972 (37 FR 10842), and on October 28, 1972 (37 FR 23085), the Administrator approved South Carolina's plan to attain and maintain the national ambient air quality standards. Because the State failed to submit all the necessary compliance schedules by the required date, EPA proposed on June 20, 1973 (38 FR 16171) and promulgated on August 23, 1973 (38 FR 22736), Federal categorical compliance schedules for the sources located within the State.

To resolve its compliance schedule deficiencies, South Carolina, after a public hearing held on July 16, 1973, deleted entirely from its implementation plan the existing version of Regulation No. 4A of the Air Pollution Control Regulations and Standards and replaced it with a new Regulation No. 4A which contained a schedule regulation requiring achievement of periodic increments of progress. The eight source categories covered by the new regulation are cotton gins, fuel burning operations, hot mix asphalt plants, mining and quarrying operations, incinerators, primary and secondary metals plants, pulp and paper manufacturing plants, and sulfuric acid manufacturing plants. This new regulation was submitted to EPA as a proposed plan revision on August 16, 1973.

Also on August 16, 1973, South Carolina submitted to EPA the following proposed plan revisions: (1) Changes of wording that update and clarify Regulations No. 1A and 2A and Standard No. 4A by means of minor substitutions, deletions, and additions; (2) the addition of a new Regulation No. 5A dealing with hazardous conditions and requiring the owners or operators of any source to take necessary steps to protect human health and welfare and to make proper notification when hazardous materials have been released; and (3) the addition of a requirement in Regulation No. 1A, Section II, that an operating permit be obtained in addition to construction permits which were previously required.

The proposed revisions were announced in the FEDERAL REGISTER of October 26, 1973 (38 FR 29609). Copies of the proposed revisions were made available for public inspection at the EPA Region IV office in Atlanta, Georgia as well as at the office of the South Carolina Department of Health and Environmental Control in Columbia, South Carolina. Written comments were solicited from the public, and four replies were received, all favoring the approval of the proposed revisions.

After careful evaluation of all of the proposed plan revisions submitted by the State on August 16, 1973, and of the public comments received on them, the Administrator has determined that the proposed revisions are consistent with the attainment of national ambient air quality standards in South Carolina. Accordingly, all the revisions submitted by the State on August 16, 1973, are hereby approved as part of the South Carolina State Implementation Plan. Concurrently, the Federal categorical compliance schedules as promulgated on August 23, 1973, are hereby revoked.

These actions are effective on February 1, 1974. The Agency finds that good cause exists for not deferring the date of approval since:

(1) The periodic increments contained in new Regulation 4A impose no greater burden on sources subject to this regulation than is presently the case under § 52.2123—the Federal compliance schedule regulation which is being revoked by this promulgation.

(2) Immediate effectiveness of the hazardous conditions provisions of Regulation 5A which augment South Carolina's already approved emergency episode regulations is deemed to be in the public interest.

(3) The operating permit provision which is being added to Regulation 1A has been in effect in the State of South Carolina since August 1973. As such, no source subject to this provision will be prejudiced by EPA's approval being made immediately effective.

(4) The other changes to Regulation 1A and those changes made to Regulation 2A and Standard Regulation 4A are either interpretative in nature or are so minor as to preclude the need for deferral.

(42 U.S.C. 1857c-5)

Dated: January 25, 1974.

JOHN QUARLES,
Acting Administrator.

Part 52 of Chapter I, Title 40, of the Code of Federal Regulations is amended as follows:

Subpart PP—South Carolina

1. Section 52.2120 is amended by revising paragraph (c) to read as follows:

§ 52.2120 Identification of plan.

* * * * *

(c) Supplemental information was submitted on:

(1) May 4, 1972, by the South Carolina Pollution Control Authority,

(2) July 21 and August 23, 1972,

(3) February 16, 1973, and

(4) August 16, 1973, by the South Carolina Department of Health and Environmental Control.

2. In § 52.2123, paragraphs (a) and (c) are revoked and paragraph (a) is reserved as follows:

§ 52.2123 Compliance schedules.

(a) [Reserved]

Title 49—Transportation

SUBTITLE A—OFFICE OF THE SECRETARY OF TRANSPORTATION

[OST Docket No. 1, Amdt. 1-84]

PART 1—ORGANIZATION AND DELEGATION OF POWERS AND DUTIES

Commandant of the Coast Guard; Delegation of Functions

By Executive Order 11735, hereinafter referred to as "the Order", published in the FEDERAL REGISTER of August 7, 1973 (38 FR 21243), the President assigned to various Federal agencies functions vested in him by section 311 of the Federal Water Pollution Control Act, as amended by the Federal Water Pollution Control Act Amendments of 1972 (June 30, 1948, C. 758, 311, as added October 18, 1972, Pub. L. 92-500, 2, 86 Stat. 862; (33 U.S.C. 1321)), hereinafter referred to as "the Act". The purpose of this amendment is to delegate to the Commandant of the Coast Guard those functions of the President assigned to the Secretary of Transportation by the Order and those functions vested in the Secretary by the Act.

To the Commandant of the Coast Guard are delegated those functions assigned to the Secretary by the following provisions of the Order:

1. By section 2(1), the authority of the President under subsection (e) of section 311 of the Act, relating to determinations of imminent and substantial threat because of actual or threatened discharges of oil or hazardous substances from transportation-related onshore and offshore facilities, and relating to securing relief necessary to abate such actual or threatened discharges through court action.

2. By section 2(2), the authority of the President under subsection (j)(1)(C) of section 311 of the Act, relating to the establishment of procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from vessels and transportation-related onshore and offshore facilities and to contain such discharges.

3. By section 2(3), the authority of the President under subsection (j)(1)(D) of section 311 of the Act, relating to the inspection of vessels carrying cargoes of oil and hazardous substances and the inspection of such cargoes.

4. By section 2(4), the authority to administer the revolving fund established pursuant to subsection (k) of section 311 of the Act.

5. By section 2(5), the authority under subsection (m) of section 311 of the Act, relating to the boarding and inspection of vessels, and the arrest of persons violating section 311, and the execution of warrants or other process pursuant to that section.

6. By section 5(a), the authority under subsection (c)(1) of section 311 of the Act, relating to the removal of oil and hazardous substances discharged into or

upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone, to be exercised in accordance with the National Contingency Plan for the removal of oil and hazardous substance discharges (38 FR 21887), as now or hereafter amended, prepared by the Council on Environmental Quality pursuant to subsection (c)(2) of section 311 of the Act.

7. By section 5(b), in and for the waters and areas for which the Coast Guard has responsibility for providing or furnishing on-scene coordinators under the National Contingency Plan—

(1) The authority under subsection (c)(2)(C) of section 311 of the Act, relating to the determination of major ports for establishment of emergency task forces;

(2) The authority under subsection (d) of section 311 of the Act, relating to the coordination and direction of the removal or elimination of threats of pollution hazards from discharges, or imminent discharges, of oil or hazardous substances, and the removal and destruction of vessels;

(3) The authority of the President under subsection (j)(1)(A) of section 311 of the Act, relating to the establishment of methods and procedures for the removal of discharged oil and hazardous substances; and

(4) The authority of the President under subsection (j)(1)(B) of section 311 of the Act, relating to the establishment of criteria for the development and implementation of local and regional oil and hazardous substance removal contingency plans.

8. By section 5(c), the authority of the President under subsection (j)(2) of section 311 of the Act with respect to assessing and compromising civil penalties in connection with enforcement of the regulations issued by the Coast Guard pursuant to the Order.

9. By section 6, the responsibility to exercise the functions assigned to the Secretary by the Order subject to consultation with the Secretaries of departments and the heads of agencies with operating or regulatory responsibilities which may be significantly affected.

To the Commandant of the Coast Guard are delegated those functions vested in the Secretary by the following provisions of the Act:

1. By subsection (i) of section 104 of the Act, relating to cooperating with the Administrator of the Environmental Protection Agency on oil and hazardous substance pollution control studies.

2. By subsection (j) of section 104 of the Act, relating to solid waste disposal equipment for vessels.

3. By subsection (b)(6) of section 311 of the Act, the authority to assess and compromise civil penalties against owners and operators of vessels, onshore facilities, or offshore facilities from which oil or hazardous substances have been discharged in violation of subsection (b)(3) of section 311(b) of the Act, and the authority to request the Secretary of the Treasury to withhold the clearance required by section 4197 of the Revised Statutes of the United States, as amended (46 U.S.C. 91), of any vessel the owner or operator of which is subject to such a penalty, and the authority to determine in such case whether a bond or other surety filed is satisfactory so that the clearance so withheld may be granted.

4. By subsection (p)(6) of section 311 of the Act, the authority to deny entry to any port or place in the United States to, and detain at the port or place in the United States from which it is about to depart for any other port or place in the United States, any vessel subject to subsection (p) of section 311 of the Act, which upon request does not produce evidence furnished by the President (the Federal Maritime Commission pursuant to section 3 of the Order) that the financial responsibility provisions of subsection (p)(1) of section 311 of the Act have been complied with.

5. By section 312 of the Act, relating to marine sanitation devices.

6. By subsection (b)(6) of section 402 of the Act, relating to consulting with the Secretary of the Army concerning substantial impairment of anchorage or navigation of any navigable waters affected by State discharge permit programs established under subsection (b) of section 402 of the Act.

In carrying out the functions delegated to him by this amendment, the Commandant of the Coast Guard, by internal Departmental Order, is required to:

1. Consult with the Administrator of the Federal Highway Administration prior to making determinations of imminent and substantial threat because of actual or threatened discharges of oil or hazardous substances from motor vehicles pursuant to subsection (e) of section 311 of the Act and prior to establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from motor vehicles pursuant to subsection (j)(1)(C) of section 311 of the Act.

2. Consult with the Administrator of the Federal Railroad Administration prior to making determinations of imminent and substantial threat because of actual or threatened discharges of oil or hazardous substances from rolling stock pursuant to subsection (e) of section 311 of the Act and prior to establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from rolling stock pursuant to subsection (j)(1)(C) of section 311 of the Act.

3. Consult with the Assistant Secretary for Environment, Safety, and Consumer Affairs prior to making determinations of imminent and substantial threat because of actual or threatened discharges of oil or hazardous substances from pipeline systems pursuant to subsection (e) of section 311 of the Act and prior to establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from pipeline systems pursuant to subsection (j)(1)(C) of section 311 of the Act.

4. Consult with the Administrator of the Federal Aviation Administration prior to making determinations of imminent and substantial threat because of actual or threatened discharges of oil or hazardous substances from aircraft pursuant to subsection (e) of section 311 of the Act and prior to establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from aircraft pursuant to subsection (j)(1)(C) of section 311 of the Act.

Since this amendment relates to Departmental management, procedures, and practices, notice and public procedure thereon are unnecessary and it may be made effective in fewer than 30 days after publication in the FEDERAL REGISTER.

In consideration of the foregoing, paragraphs (l) and (m) of § 1.46 of Part 1 of Title 49 of the Code of Federal Regulations are revised to read as follows:

§ 1.46 Delegations to the Commandant of the Coast Guard.

* * * * *

(l) Carry out the functions vested in the Secretary by sections 104(i), 104(j), 311(b)(6), 311(p)(6), 312 and 402(b)(6) of the Federal Water Pollution Control Act, as amended by the Federal Water Pollution Control Act Amendments of 1972 (86 Stat. 862).

(m) Carry out the functions assigned to the Secretary by sections 2, 5 and 6 of Executive Order 11735 (38 FR 21243), assigning functions under the Federal Water Pollution Control Act, as amended (86 Stat. 862).

* * * * *

(Sec. 9(e), Department of Transportation Act (49 U.S.C. 1567(e)))

Effective date. This amendment is effective January 17, 1974.

Issued in Washington, D.C., on January 25, 1974.

CLAUDE S. BRINEGAR,
Secretary of Transportation.

[OST Docket No. 32]

PART 85—CARGO SECURITY ADVISORY STANDARDS

Appendix—Internal Accountability Procedures

By notice published in the FEDERAL REGISTER of August 30, 1973 (38 FR 23419), the Department of Transportation proposed the issuance of its third Cargo Security Advisory Standard, on Internal Accountability Procedures, and

invited public comment on the advisory standard. Numerous comments were received and the advisory standard has been changed in light of some of the comments.

United Air Lines (UAL) suggests several changes to the proposed advisory standard and the issuance of a separate advisory standard for air cargo operations. With respect to the latter point, also suggested by the Airport Security Council (ASC), the Department does not feel that the movement of cargo by air is sufficiently different from movement by another mode—at least as it involves matters covered by this advisory standard—to warrant separate treatment in its own advisory standard. As stated in the notice of proposed advisory standard setting—

> It is recognized that there are differences in methods, nomenclature, documents, and procedures among the various modes of transportation. Fundamentally, however, the movement of freight between shipper and consignee involves the same basic elements. The carrier can be a water, rail, air, or motor carrier or any combination thereof. The transportation unit can be a vessel, railcar, aircraft, or truck or any combination thereof. Regardless, freight signed for on pickup is ultimately accounted for with either a clear delivery receipt or a paid claim. Good cargo accountability and control reduce theft and pilferage, shortages, and careless handling and provide quicker discovery of any response to robbery and hijacking.

A summary of UAL's other suggestions and the Department's responses thereto follows:

Section 85–3.5 Definitions. UAL suggests that "high-value cargo" be defined. The Department agrees and has incorporated in the advisory standard the definition of "high-value cargo" which appears in the second Cargo Security Advisory Standard, "High-Value Commodity Storage". A definition of sensitive cargo is also included.

Section 85–3.23 Outbound freight procedures: Pickup. UAL does not agree that more valuable cargo should be specifically identified on the container. The advisory standard does not recommend that containers be so identified; rather it recommends that documents for high-value cargo be designated, as by a stamp such as "Supervisor sign".

Section 85–3.27 Return freight. UAL advises that return air cargo is not stripped of documents but goes directly into the reprocessing cycle and implies that it would be impractical to separate a document from return cargo. The Department feels nonetheless that to facilitate later referral in cases of lost or misplaced freight one copy of appropriate documents should be retained in the carrier's office before return cargo is recycled; hence, this comment has not been adopted.

The Air Transport Association of America (ATA) suggests with respect to § 85–3.13 *General* that when secondhand containers are used in cargo handling all previous markings be obliterated. The Department agrees and has adopted the comment.

ATA, UAL, ASC, and the Kennedy Airport Airlines Management Council all suggest that a criterion of practicability be incorporated in the advisory standard, for example "Where practicable, each time cargo is handled it should be counted, the count recorded, and the handler identified.". This suggestion has not been adopted because it leaves the determination of the practicability of counting cargo contingent upon the speed of the air cargo operation. Regardless of speed of handling all cargo should be accounted for each time it is handled; otherwise the audit trail necessary for cargo accountability will be seriously jeopardized.

Section 85–3.13 General. ASC suggests that the recommendation in paragraph (g) of this section to use strapping and banding be qualified in the interest of preventing damage to cargo. The Department has not adopted this suggestion because paragraph (g) already suggests the use of shrink wrapping or pilferproof sealing tape as alternatives to consolidate small or fragile cargo.

Section 85–3.71 General. ASC suggests that in paragraph (f) of this section "delivery receipt" be substituted for "inspection report". This suggestion has been adopted.

On behalf of the stevedoring/marine terminal industry, the National Association of Stevedores (NAS) has submitted three substantive comments, with all of which the Department agrees and all of which have been incorporated in the advisory standard.

Section 85–3.55 Marine cargo. With regard to paragraph (a) of this section NAS suggests that a freight release given by a marine carrier to a terminal operator is not sufficiently reliable evidence of the cargo count. The Department agrees and has changed the paragraph by substituting "tally count and OS&D reports" for "freight release".

In paragraph (b) NAS suggests that "dock receipt" is more appropriate than "delivery receipt".

Section 85–3.57 Interchange: Truck and rail or vessel and rail. NAS suggests that the second sentence be revised and it has been to read: "Accountability is generally assumed by the party responsible for the loading, counting, and sealing per tariffs duly filed with the Federal Maritime Commission or the Interstate Commerce Commission."

The Atomic Energy Commission makes several specific, constructive comments in addition to a general comment commending the Department for its efforts in the area of cargo theft and pilferage prevention.

Section 85–3.3 General. AEC questions use of the term "maximum security area" because it is not defined in the advisory standard and it implies that there are other areas with different degrees of security. It further suggests that the provisions of paragraph (a) of this section recommending conditions on access to maximum security areas are redundant. The Department believes that the term "maximum security area" is sufficiently qualified in context as to leave in the reader's mind little doubt of its meaning. AEC's other comment, on the redundancy of language, is well taken and has been incorporated in the advisory standard.

Section 85–3.5 Definitions. AEC suggests a redefinition of "freight bill" with which the Department agrees and which has been incorporated in the advisory standard. The Department does not agree, however, with the comment that "manifest" be further defined when used in conjunction with other terms (for example, "line haul manifest", "city manifest", and "dock manifest") because it is believed that these other terms in context are meaningful and unambiguous.

AEC also finds confusing that "containers" is used to define "transportation unit" while "shipping container" is itself a defined term. It suggests that "package" be substituted for "shipping container". The Department has inserted "intermodal" before "container" in the definition of "transportation unit" to mitigate confusion. AEC also recommends the addition of an eighth item to the definition of "waybill"—"(8) charges prepaid or collect." This comment has been adopted.

Section 85–3.13 General. AEC suggests inclusion in the advisory standard of the following caveat:

> Do not preprint famous trade names on shipping cartons or stencil specific information about the contents, as in the case of firearms, shoes, clothing or other consumer products easily convertible to cash.

The Department concurs and has added a modification of this sentence to this section.

Section 85–3.23 Outbound freight procedures: Pickup (ordinary method). Since it is not contrasted with another method and is meaningless AEC suggests that "(ordinary method)" be deleted from the catchline of this section. This has been done.

Section 85–3.13 General. The National Industrial Traffic League (NITL), Department of Defense, and AEC do not see the necessity of identifying containers at several different locations nor the practicality of enclosing a packing list in the shipping container. It was further suggested that all shipping documents be retained for three years.

A substantial portion of freight is misrouted and subsequently lost due to illegible and inadequate delivery and handling instructions on the shipping container. The Department will amend this provision to require such markings only on one end, side, and top. The standard only refers to the inclusion of a packing list in each container when practical. Certainly, there is no requirement that a container be opened so that a packing list can be placed therein. Finally, the Department does not see the usefulness of retaining all cargo documents for three years. Since other commentators have also pointed out that the delivery receipts and bills of lading are two key cargo documents and should be retained

for three years, the standard will be modified to reflect this suggestion.

Section 85–3.71 General. NITL and AEC make several comments pertaining to this section. NITL suggests that paragraph (a) be reworded to the extent that if the condition of the shipping container indicates the possibility of loss or damage, it should be monitored in the presence of the carrier's employee. The Department does not concur with the comment and feels that the existing wording in the paragraph is sufficient.

Both NITL and AEC suggest that paragraph (b) be changed to make the weighing of containers contingent upon practicality. The Department disagrees with this suggestion because it is felt this is one method of cargo accountability that is both practical and expedient. It is a way to spot cargo pilferage when inspection of the shipping containers bears no evidence of tampering.

NITL and AEC suggest that paragraph (c) be reworded to reflect that exceptions and condition of cargo be noted on the carrier's receipt. The Department does not concur with the comment and feels that the existing wording of the paragraph is sufficient.

AEC suggested that paragraph (e) be reworded for clarity and has offered a modification for inclusion. The Department agrees and will include the AEC suggestion in the final draft of the advisory standard.

Section 85–3.3 General. The Association of American Railroads and UAL suggest that not all areas where air cargo documents are processed be treated as maximum security areas and that perhaps such treatment should be limited to the dock terminal and office areas. Also, they comment that existing procedures provide adequate control in these areas.

The Department is not adopting this suggestion because the purpose of this section is to emphasize the necessity of protecting the integrity of cargo documents and the areas in which they are stored or processed. Any attempt by the Department to define these areas might be construed by industry to mean that the Department was attempting to place limitations on the areas in which cargo documents could be stored or processed.

In consideration of the foregoing, the Appendix to Part 85 of Title 49 of the Code of Federal Regulations is amended by adding a new Part 85–3, to read as follows:

APPENDIX—CARGO SECURITY ADVISORY STANDARDS

PART 85–3—INTERNAL ACCOUNTABILITY PROCEDURES

SUBPART A—GENERAL

Sec.
85–3.1 Purpose.
85–3.3 General.
85–3.5 Definitions.

SUBPART B—SHIPPER'S CARGO ACCOUNTABILITY AND PROCEDURES

85–3.11 Purpose.
85–3.13 General.

SUBPART C—CARRIER CARGO ACCOUNTABILITY AND PROCEDURES

85–3.21 Equipment controls.
85–3.23 Outbound freight procedures: Pick-up.
85–3.25 Outbound freight procedures: Stripping and loading.
85–3.27 Return freight.
85–3.29 Inbound freight procedures: Stripping and loading.
85–3.31 Inbound freight procedures: Delivery.

SUBPART D—EXCEPTIONS

85–3.41 LTL freight.
85–3.43 Dockman responsibilities.
85–3.45 Driver responsibility.
85–3.47 Supervisor responsibility.

SUBPART E—INTERCHANGE

85–3.51 General.
85–3.53 Air cargo.
85–3.55 Marine cargo.
85–3.57 Interchange: truck and rail or vessel and rail.

SUBPART F—CONTAINERS, PALLETIZING, AND UTILIZING

85–3.61 Intermodal containers.
85–3.63 Air cargo containers.

SUBPART G—CONSIGNEE CARGO ACCOUNTABILITY AND PROCEDURES

85–3.71 General.

SUBPART H—"IN BOND" CARGO

85–3.81 General.

AUTHORITY: Sec. 9(e)(1), 80 Stat. 944 (49 U.S.C. 1657(e)(1)); 49 CFR 85.3.

SUBPART A—GENERAL

SECTION 85–3.1 *Purpose.* (a) The purpose of this part is to set forth minimum procedures and guidelines that should be observed in order to account for each step in the cargo movement process and to fix responsibility when exceptions occur.

(b) The provisions herein are general and each may not apply to every transportation mode.

SEC. 85–3.3 *General.* (a) All areas in which documents necessary for the proper movement or accountability of cargo are processed or handled should be treated as maximum security areas. Specifically, personnel should be restricted from—

(1) Congregating in or using for breaks, and

(2) Entering unless authorized—

these areas, and bills of lading and other documents should not be left unattended in these areas.

(b) Personnel preparing or processing the flow of documents and those having access to documents in any way should be included in the chain of accountability of those documents. Generally, such documents should be retained for at least one year; bills of lading should be retained for three years.

SEC. 85–3.5 *Definitions.* As used in this part—

"Airbill" means the shipping document used for both the air and motor portions of a freight movement.

"Bill of lading" means the document by which a carrier acknowledges receipt of freight and contracts for its carriage.

"Carrier" means a common or contract carrier, but does not mean a private carrier.

"Dock receipt" means the receipt given for a shipment received or delivered at a pier or dock covering cargo for export.

"Freight bill" means the carrier invoice for charges rendered to the consignee, the consignor, or a third party, according to the terms of the bill of lading, and showing—

(1) Consignor and origin;
(2) Consignee and destination;
(3) Route;
(4) Transportation unit number;
(5) Description of shipment;
(6) Weight, rate, and charges; and
(7) Charges prepaid, collect, or billed to a third party.

"High-value cargo" means cargo handled at a facility, which cargo, because of its monetary value, utility, desirability, or history of frequent theft, requires greater protection than other commodities normally handled at the facility.

"Manifest" means the document describing a vessel's cargo or the contents of a truck.

"Sensitive cargo" means cargo handled at a facility, which cargo, because of its strategic value, constitutes a significant national security risk requiring greater protection than other commodities normally handled at the facility.

"Shipper Load and Count" means that the contents of the transportation unit were loaded and counted by the shipper and not verified by the carrier.

"Shipping container" means any receptacle used for shipping a product.

"Transportation unit" means a trailer, intermodal container, truck, vessel, or railcar.

"Waybill" means the document prepared by a carrier at the point of origin of a shipment and forwarded with the shipment, or directly by mail, to the agent at the transfer point or waybill destination, and showing—

(1) Point of origin;
(2) Destination;
(3) Route;
(4) Consignor;
(5) Consignee;
(6) Description of shipment;
(7) Amount charged for carriage; and
(8) Charges prepaid or collect.

SUBPART B—SHIPPER CARGO ACCOUNTABILITY AND PROCEDURES

SEC. 85–3.11 *Purpose.* The purpose of this subpart is to set forth minimum procedures and guidelines to assist shippers in preparing cargo for shipment.

SEC. 85–3.13 *General.* Shippers should—

(a) Number all shipping containers in a shipment and record such numbers on the shipping documents. In addition, each container in a shipment of more than one container should be marked thusly: One of four, two of four, etc.

(b) Place clear and complete delivery and handling instructions on one end, one side, and the top of each shipping container.

(c) In marking shipping containers, use indelible inks and paints and water-resistant labels to preclude obliteration or loss of marks, shipping instructions, and handling symbols.

(d) Forward all shipping documents promptly to minimize delay at domestic and international transfer points.

(e) Count the number of pieces in each shipment and retain a record of the count and condition of the pieces and of the legible signature and employee number of the employee making the count.

(f) When practical, enclose a packing list in each container in a shipment to permit timely and complete investigation of any pilferage or damage.

(g) Consolidate small or non-uniform containers into single-load units. Unitize, palletize, and use intermodal containers whenever possible. Pilfer-proof sealing tape, corrugated fasteners, shring wrapping, strapping, and banding reduce theft and pilferage.

(h) Require carrier personnel to verify their identity and restrict them to authorized

areas. For each shipment, record the names of the driver and carrier, vehicle number, name of consignee, and number of pieces and total weight of the shipment.

(i) Before releasing a shipment to a carrier obtain in ink or indelible pencil the signature of the driver verifying receipt of the freight listed on the manifest.

(j) File in tamper- and theft-proof repository all copies of bills of lading, dock receipts, airbills, waybills, manifests and other documents. Generally, documents should be kept for one year; bills of lading should be kept for three years.

(k) Refrain from preprinting well-known trade names, or stenciling information about contents, on shipping cartons.

(l) If secondhand containers are used, obliterate all previous markings.

Subpart C—Carrier Cargo Accountability and Procedures

Sec. 85–3.21 *Equipment controls.* At facilities at which cargo is handled, there should be established and maintained controls on the use on docks and platforms of all handling and moving equipment such as handcarts, forklifts, etc.

Sec. 85–3.23 *Outbound freight procedures: Pickup.* (a)(1) When a pickup call is received, a pickup order or slip for the pickup driver should be prepared.

(2) The pickup order should include the date and time of call, the names of the shipper and the consignee, the number of pieces and total weight of the shipment, and the name of the driver.

(b) When the pickup driver arrives at the shipper's facility, he should note the condition of the shipment, count the pieces therein, and compare the count with that shown on the bill of lading. He should then record the date, the number of pieces, and his truck number on the pickup order and the bill of lading and sign his name legibly in ink or indelible pencil.

(c) Upon return to the carrier's terminal, the pickup driver should report to the cashier and surrender all documents and receipts. At this time all documents and receipts should be checked for completeness and accuracy.

(d)(1) The cashier should forward the bills of lading and pickup orders to the manifest clerk who prepares the dock manifest showing the names of the driver, the shipper, and the consignee, the unit number, date, and number of pieces and total weight of the shipment. A copy of the bill of lading should be forwarded to the billing office where the invoice is prepared, the bill of lading is retained, and the line haul manifest is prepared.

(2) Control copies of all bills of lading and other documents used at the terminal should be retained.

(3) Documents for high-value cargo should be specially designated, as by a stamp such as "Supervisor sign". Such cargo itself should be handled in accordance with Part 85–2 of this Appendix, "High-Value Commodity Storage".

Sec. 85–3.25 *Outbound freight procedures: Stripping and loading.* (a) At the carrier's terminal, a separate area should be designated for each of the following types of cargo; outbound, inbound, hold-on-dock, order notify, and OS&D (over, short and damaged).

(b) Upon receiving a dock manifest, a supervisor should code the manifest as to door and unit number and assign a dockman to the particular manifest. Bay doors and equipment should be clearly and properly marked.

(c) The dockman should work from the dock manifest. He should strip the unit and, if freight is docked, note its location on the bill of lading and forward the bill to the office. Bills of lading should not be left with docked freight. If high-value commodities are docked, they should be placed in a security crib pending delivery or transfer in accordance with Part 85–2 of this Appendix, "High-Value Commodity Storage".

(d) If freight is loaded the dockman should note on the manifest, in ink or indelible pencil, the number of the outbound trailer, dock number, number of pieces and total weight of the shipment, date, origin number, and his legible signature, and return the manifest to the supervisor.

(e) Exceptions should be brought to the attention of the OS&D clerk and the supervisor immediately. Drivers should be questioned about exceptions as soon as practical. Any trends should be noted, recorded, and acted upon.

(f) The supervisor should compare the manifest with the typed bills of lading, record the line haul unit number on the bills, and sort the bills by destination terminal and line haul unit. Matching bills with freight maintains the audit trail and obviates having bills for which there is no freight and freight for which there are no bills.

(g) The line haul unit should then be closed by a switcher or supervisor. Whoever is authorized to apply seals should then seal the unit and record on the seal log, in ink or indelible pencil, the seal serial number and his legible signature.

(h) The outbound manifest and typed bills by unit should be put together and seal serial numbers recorded in the office by a supervisor.

(i) The outbound manifest and bills of lading should be given to the line haul driver and the unit and seal serial numbers should be checked at the gate upon departure. Both verbally and in writing, the driver should be given instructions regarding handling of any high-value, sensitive, or hazardous cargo.

Sec. 85–3.27 *Return freight.* (a) Procedures should be established requiring that all returned high-value cargo and other selected commodities be stripped and the appropriate bills of lading returned to the office. Common sense should dictate the handling of bulk cargo.

(b) Return freight and its paperwork should be reinserted into the cargo handling process as soon as possible. The driver's legible signature, the location of the return freight on the dock, and the reason for its return should become permanent records of the carrier. A substantial part of claims paid is attributable to improper handling of return freight.

Sec. 85–3.29 *Inbound freight procedures: stripping and loading.* (a) When the line haul unit arrives at the destination terminal, the unit number and seal serial number should be checked at the gate and recorded. The driver should take the inbound manifest and bills of lading to the office where the bills should be routed to the delivery unit by door number. One control copy of the manifest and of each bill should be kept in the office.

(b) Only authorized personnel should remove a seal from an inbound trailer. If a hostler has to break and remove a seal on a swing-door trailer before spotting it at the dock, the breaking of the seal should be witnessed from the dock by an authorized person who should check the serial number on the seal against the seal serial number entered on pertinent documents, in accordance with Part 85–1 of this Appendix, "Seal Accountability and Procedures".

(c) The Inbound Supervisor should record on the line haul dispatch sheet the date, arrival time, and unit number. He should also check the number of bills against the manifest and record the date and unit number on each bill.

(d) When the dockman receives the bills he should begin to strip and load. If freight is docked, he should record on the appropriate bill, in ink or indelible pencil, the location of the freight on the dock, his legible signature, and dock number. If high-value commodities are docked, they should be placed in a security crib in accordance with the provisions of Part 85–2 of this Appendix, "High-Value Commodity Storage". If the freight is loaded, the dockman should record on each bill, in ink or indelible pencil, the unit number and his legible signature before returning the bills to the supervisor.

Sec. 85–3.31 *Inbound freight procedures: Delivery.* (a) The supervisor should match the bills of lading signed and returned by the dockman with the control copies and verify the signature of the dockman. He should then prepare the city manifest and put it into the unit "pigeon hole", pouch, or file.

(b) The assigned driver should receive the city manifest and bills from dispatch. He should note and place in the driver pouch the delivery receipt, consignee memo, driver work card, tally sheet, and detention slip.

(c) Upon leaving the terminal, the driver should be checked at the gate for seal or lock, as appropriate. Unit number, time, and date should be recorded.

(d) Upon return to terminal, the city driver should turn in to the cashier the receipts, bills, and city manifests.

Subpart D—Exceptions

Sec. 85–3.41 *LTL freight.* LTL (Less Than Truck Load) freight should be counted and checked for visible damage at each step of the cargo handling process. This should begin at pickup where the carrier's liability attaches with the driver's signature. This should continue as the freight moves through the carrier's operation and should terminate only when the consignee accepts delivery with a clear receipt.

Sec. 85–3.43 *Dockman responsibilities.* The dockman who strips the pickup unit, the one who loads the line haul unit, the one who unloads the line haul unit, and the one who loads the delivery unit each should sign for the count and apparent physical condition of each shipment that he handles.

Sec. 85–3.45 *Driver responsibility.* Drivers should call in any exceptions immediately and a call-in log should be maintained.

Sec. 85–3.47 *Supervisor responsibility.* Exceptions should be immediately reported to a supervisor who should attempt to resolve them immediately. Exceptions which should be reported to supervisors include not only those of count and damage but also those of instances of bills of lading for which there is no freight and freight for which there are no bills.

Subpart E—Interchange

Sec. 85–3.51 *General.* A substantial part of cargo is interchanged between carriers, often in the same mode. Cargo moving by water or air often must be handled at terminals and/or over piers, where cargo moves from railroad or truck to forwarder or stevedoring company and then to aircraft or vessel. At the terminus of the movement, the process is reversed. These transfer points are the most vulnerable places for loss of cargo. The same type of accountability procedures apply equally well to export, import, and domestic cargo.

Sec. 85–3.53 *Air cargo.* (a) Air carriers should count the number of shipping containers and their condition when receiving or delivering cargo. Cargo going from ter-

minal to ramp via cart should be counted as it enters the belly of the aircraft. At destination, it should again be counted as it comes out of the aircraft prior to arrival at the terminal.

(b) The carrier should manifest all shipments for delivery on a trucking manifest. The manifest should show—

(1) Names of drivers and the motor carrier and truck number.

(2) Name of air carrier employee checking cargo into truck.

(3) Date and station preparing manifest.

(4) Names of shipper and consignee, air bill number, number of pieces and total weight of shipment.

(5) Any exceptions and name of agent preparing manifest.

(6) Legible signature of the truck driver, in ink or indelible pencil, verifying receipt of cargo as shown on manifest.

SEC. 85-3.55 *Marine cargo.* (a) Stevedoring companies or terminal operators should keep a tally of cargo as it is off-loaded from the vessel to the terminal and provide tally and OS&D reports to the water carrier or his agent.

(b) Marine checkers should be assigned to count pieces, verify count and legibly sign appropriate documents in ink or indelible pencil. The original dock receipt should be retained as a permanent record.

(c) Cargo should not remain in terminals overly long. Delay in sorting, depalletizing, vanning, or devanning contributes to theft and pilferage.

(d) Longshoremen should be supervised and cargo checked when loaded from terminals. Marine checkers should be present to count and verify and obtain legible signatures, during loading and tie-down on truck or railcars.

SEC. 85-3.57 *Interchange: truck and rail or vessel and rail.* Interchange between truck and rail or vessel and rail generally involves movement into a terminal and then to a railcar. Accountability is generally assumed by the party responsible for the loading, counting, and sealing per tariffs duly filed with the Federal Maritime Commission or the Interstate Commerce Commission. The the seal remains intact assumes no liability rail carrier checks the seal and as long as for shortages discovered at destination. In a situation of Shipper Load and Count, if seals remain intact, the shipper assumes liability for shortage.

SUBPART F—CONTAINERS, PALLETIZING, AND UNITIZING

SEC. 85-3.61 *Intermodal containers.* (a) Intermodal containers, adaptable to carriage by truck, railcar, barge, and ocean-going vessel, reduce vulnerability to pilferage and theft and eliminate multiple handling of individual items of cargo. A shipper can use such containers to convey goods directly from his premises to his customers.

(b) Reduced handling requirements simplify accountability for shipper, carrier, and consignee. Shippers assume responsibility for accuracy of the count; so long as containers remain sealed and intact, carriers are not liable for shortages.

(c) Verification and recording of seal serial numbers in accordance with company procedures (see Part 85-1 of this Appendix, "Seal Accountability and Procedures") assures accountability in the chain of custody.

SEC. 85-3.63 *Air cargo containers.* Air cargo containers designed specifically for the configuration of aircraft offer the same advantages as intermodal containers. They provide for more efficient use of the capacity of the aircraft, reduce the number of pieces that must be counted and handled, and minimize exposure to weather, theft, pilferage, and damage, thereby simplifying accountability.

SUBPART G—CONSIGNEE CARGO ACCOUNTABILITY AND PROCEDURES

SEC. 85-3.71 *General.* Delay in taking delivery of cargo increases the possibility of theft and pilferage and makes recovery of lost shipments and pieces more difficult. Since pilferage from shipping containers can sometimes escape detection at time of delivery, consignees should—

(a) Inspect shipping containers for signs of break-in, opening, crushing, and resealing. Shipping containers should be inventoried in the presence of a carrier employee.

(b) Weigh shipping containers and compare the weights with those recorded on pertinent documents.

(c) Note on the carrier's receipt the number of pieces in each shipping container as well as their condition.

(d) Obtain, in ink or indelible pencil, the legible signature of the driver on consignee's copy of the receipt.

(e) Inspect cargo as soon after receipt as practical to determine any loss or damage, regardless of the apparent condition of the cargo at time of delivery, and report any exceptions.

(f) Obtain a copy of the carrier's delivery receipt and file it with copies of the other documents concerning the cargo.

(g) Retain as a permanent record the legible signature, in ink or indelible pencil, piece count, and condition verification of the employee accepting the cargo.

(h) Retain all essential documents for at least one year; bills of lading should be retained for three years.

SUBPART H—"IN BOND" CARGO

SEC. 85-3.81 *General.* Special care should be taken with "in bond" cargo handled under Customs supervision. United States Customs inspectors count, to the greatest extent possible, merchandise landed and quantities delivered. They also verify selected bills of lading at time of unloading. Ordinarily they do not use tally sheets, OS&D (over, short, and damaged) reports, or other records of the importing carrier to determine quantity.

Effective date. This amendment is effective February 1, 1974.

Issued in Washington, D.C., on January 29, 1974.

RICHARD F. LALLY,
Director of Transportation Security.

[FR Doc.74-2721 Filed 1-31-74;8:45 am]

CHAPTER V—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket 71-18; Notice 5]

PART 571—FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Standard 119 Effective Date

This notice amends Standard 119, *New pneumatic tires for vehicles other than passenger cars*, 49 CFR 571.119 by changing the effective date from September 1, 1974, to March 1, 1975.

A major concern of manufacturers commenting on Standard 119 as it was published in final form on November 13, 1973, (38 FR 31299), with a September 1, 1974, effective date, was the limited leadtime in which to modify tire molds and certify the conformity of tires. Correct use of the DOT symbol, lettering height, and clarification of treadwear indicator language required attention before the changeover process could begin.

Manufacturers requested up to 11 months' additional leadtime in view of these difficulties. Amendments have been proposed that would resolve these specific problems (39 _____, _____). Because of the range of non-passenger car tires is so great, however, the National Highway Traffic Safety Administration has determined that even with these changes an additional 6 months' leadtime is justified to accomplish full certification.

Other matters raised by petitions for reconsideration are presently under consideration and will be answered in accordance with the procedures of 49 CFR 553.35, *Petitions for reconsideration.*

In consideration of the foregoing, Standard 119 (49 CFR 571.119) is amended by changing the effective date of September 1, 1974, to March 1, 1975.

Because this amendment creates no additional burden, and because changeover scheduling must begin immediately, it is found for good cause shown that notice and public procedure thereon are impracticable and unnecessary.

(Secs. 103, 119, 201, Pub. L. 89-563, 80 Stat. 718, (15 U.S.C. 1392, 1407 1421); delegation of authority at 49 CFR 1.51.)

Issued on January 29, 1974.

JAMES B. GREGORY,
Administrator.

[FR Doc.74-2748 Filed 1-30-74;11:14 am]

[Docket No. 25; Notice 8]

PART 575—CONSUMER INFORMATION REGULATIONS

Uniform Tire Quality Grading; Correction

In FR Doc. 74-295, appearing at page 1037 in the issue of Friday, January 4, 1974, the notice number should read as set forth above.

(Secs. 103, 112, 119, 201, 203, Pub. L. 89-563, 80 Stat. 718 (15 U.S.C. 1392, 1401, 1407, 1421, 1423); delegation of authority at 49 CFR 1.51)

Issued on January 28, 1974.

JAMES B. GREGORY,
Administrator.

[FR Doc.74-2726 Filed 1-31-74;8:45 am]

CHAPTER X—INTERSTATE COMMERCE COMMISSION

[S.O. 1144; Amdt. 1]

PART 1033—CAR SERVICE

St. Louis-San Francisco Railway Co.

St. Louis-San Francisco Railway Co. authorized to operate over tracks of the Atchison, Topeka and Santa Fe Railway Co. At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 28th day of January 1974.

Upon further consideration of Service Order No. 1144 (38 FR 20622), and good cause appearing therefor:

It is ordered, That:

§ 1033.1144 Service Order No. 1144.

(a) (*St. Louis-San Francisco Railway Company authorized to operate over*

tracks of the Atchison ,Topeka and Santa Fe Railway Company) Service Order No. 1144 be, and it is hereby, amended by substituting the following paragraph (e) for paragraph (e) thereof:

* * * * *

(e) *Expiration date.* The provisions of this order shall expire at 11:59 p.m., May 31, 1974, unless otherwise modified, changed, or suspended by order of this Commission.

Effective date. This amendment shall become effective at 11:59 p.m., January 31, 1974.

(Secs. 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; (49 U.S.C. 1, 12, 15, and 17(2)). Interprets or applies Secs. 1(10–17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; (49 U.S.C. 1(10–17), 15(4), and 17(2)).)

It is further ordered, That a copy of this amendment shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this amendment be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[FR Doc.74–2735 Filed 1–31–74;8:45 am]

[S.O. No. 1151 Amdt. 1]

PART 1033—CAR SERVICE

Peoria Terminal Co.

Peoria Terminal Co. authorized to operate over tracks of the Peoria and Pekin Union Railway Company at a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 25th day of January 1974.

Upon further consideration of Service Order No. 1151 (38 FR 27218), and good cause appearing therefor:

It is ordered, That:

§ 1033.1151 Service Order No. 1151.

(a) (*Peoria Terminal Company authorized to operate over tracks of the Peoria and Pekin Union Railway Company.*) Service Order No. 1151 be, and it is hereby, amended by substituting the following paragraph (e) for paragraph (e) thereof:

* * * * *

(e) *Expiration date.* The provisions of this order shall expire at 11:59 p.m., July 31, 1974, unless otherwise modified, changed, or suspended by order of this Commission.

(f) *Effective date.* This amendment shall become effective at 11:59 p.m., January 31, 1974.

(Secs. 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; (49 U.S.C. 1, 12, 15, and 17(2)). Interprets or applies Secs. 1(10–17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10–17), 15(4), and 17(2).)

It is further ordered, That a copy of this amendment shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this amendment be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[FR Doc.74–2736 Filed 1–31–74;8:45 am]

[S.O. 1171]

PART 1033—CAR SERVICE

Regulations for Return of Hopper Cars

At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 25th day of January 1974.

It appearing, that an acute shortage of hopper cars exists in certain sections of the country; that shippers are being deprived of hopper cars required for loading coal, resulting in an emergency, forcing curtailment of their operations, and thus creating great economic loss and reduced employment of their personnel; that coal stockpiles of several utility companies are being depleted; that hopper cars, after being unloaded, are being appropriated and being retained in services for which they have not been designated by the car owners; that present regulations and practices with respect to the use, supply, control, movement, distribution, exchange, interchange, and return of hopper cars are ineffective. It is the opinion of the Commission that an emergency exists requiring immediate action to promote car service in the interest of the public and the commerce of the people. Accordingly, the Commission finds that notice and public procedure are impracticable and contrary to the public interest, and that good cause exists for making this order effective upon less than thirty days' notice.

It is ordered, That:

§ 1033.1171 Service Order No. 1171

(a) (Regulations for return of hopper cars.) Each common carrier by railroad subject to the Interstate Commerce Act shall observe, enforce, and obey the following rules, regulations, and practices with respect to its car service:

(1) Exclude from all loading and return to owner empty, either via the reverse of the service route or direct, as agreed to by the owner, all hopper cars owned by the following railroads:

Illinois Central Gulf Railroad Company
Reporting marks: CM&O, IC, ICG

(2) Carriers named in paragraph (1) above are prohibited from loading all hopper cars foreign to their lines and must return such cars to the owner, either via the reverse of the service route or direct, as agreed to by the owner.

(b) For the purpose of improving car utilization and the efficiency of railroad operations, or alleviating inequities or hardships, modifications may be authorized by the Chief Transportation Officer of the car owner, or by R. D. Pfahler, Director, Bureau of Operations, Interstate Commerce Commission. Modifications authorized by the car owner must be confirmed in writing to W. H. Van Slyke, Chairman, Car Service Division, Association of American Railroads, Washington, D.C., for submission to, and approval by, R. D. Pfahler.

(c) No common carrier by railroad subject to the Interstate Commerce Act shall accept from shipper any loaded hopper car, described in this order, contrary to the provisions of the order.

(d) The term hopper cars, as used in this order, means all freight cars assigned one of the mechanical designations described in the section "Class 'H'—Hopper Car type," under the heading "General Service Freight Equipment" published on pages 1119 to 1121, inclusive, of the Official Railway Equipment Register, ICC R&R No. 390, issued by W. J. Trezise, or successive issues thereof, including cars bearing mechanical designations modified in the manner described in Notes 1, 2 or 3 of that section, and listed elsewhere in that tariff under the name of a railroad named in paragraph (1) of this section.

(e) *Application.* The provisions of this order shall apply to intrastate, interstate, and foreign commerce.

(f) *Effective date.* This order shall become effective at 12:01 a.m., February 1, 1974.

(g) *Expiration date.* The provisions of this order shall expire at 11:59 p.m., June 30, 1974, unless otherwise modified, changed or suspended by order of this Commission.

(Secs. 1, 12, 15 and 17(2), 24 Stat. 379, 383, 384, as amended; (49 U.S.C. 1, 12, 15 and 17(2)). Interprets or applies Secs. 1(10–17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10–17), 15(4), and 17(2).)

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroad subscribing to the car service and per diem agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this order be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD, *Secretary.*

Title 24—Housing and Urban Development

SUBTITLE A—OFFICE OF THE SECRETARY, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. R-74-216]

PART 0—STANDARDS OF CONDUCT

Basic Principle

This amendment to Part 0 of Subtitle A of Title 24 is made to effect changes related to basic standards of conduct principles.

Since this amendment relates to Department management and personnel, notice and public procedure and a deferred effective date are unnecessary.

Section 0.735-201(b) is amended by adding subparagraphs (3) and (4) which read as follows:

§ 0.735-201 Basic principle.

* * * * *

(b) * * *

(3) Employees are encouraged to expose corruption and inefficiency in the Department wherever discovered. Information concerning such matters should normally be communicated through supervisory channels. However, where this would not be feasible, information should be given to the Office of the Inspector General either orally or in writing.

(4) The foregoing and other provisions of these regulations are not intended and shall not be construed to abridge in any way the rights and privileges of employees guaranteed to them under the First Amendment to the Constitution as interpreted by the courts with respect to public employees similarly situated.

((18 U.S.C. 201); E.O. 11222 of May 8, 1965, 30 FR 6469; 5 CFR 735.104)

This amendment was approved by the Civil Service Commission on November 27, 1973, and is effective on February 1, 1974.

JAMES T. LYNN,
Secretary of Housing and Urban Development.

[FR Doc.74-2685 Filed 1-31-74;8:45 am]

CHAPTER II—OFFICE OF ASSISTANT SECRETARY FOR HOUSING PRODUCTION AND MORTGAGE CREDIT—FEDERAL HOUSING COMMISSIONER (FEDERAL HOUSING ADMINISTRATION), DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. R-74-250]

DEBENTURE INTEREST RATES

The following amendments have been made to this chapter to change the debenture interest rate. The Secretary has determined that advance publication and notice and public procedure are unnecessary since the debenture interest rate is set by the Secretary of the Treasury in accordance with a procedure established by statute and that said cause exists for making this amendment effective January 1, 1974.

Accordingly, Chapter II is amended as follows:

PART 203—MUTUAL MORTGAGE INSURANCE AND INSURED HOME IMPROVEMENT LOANS

1. Section 203.405 is amended to read as follows:

§ 203.405 Debenture interest rate.

Debentures shall bear interest from the date of issue, payable semiannually on the first day of January and the first day of July of each year at the rate in effect as of the date the commitment was issued or as of the date that the mortgage was endorsed for insurance, whichever rate is higher. The following interest rates are effective for the dates listed:

Effective rate (percent)	On or after—		Prior to—	
5⅜	Jan.	1, 1972	July	1, 1972
5½	July	1, 1972	Jan.	1, 1973
5¼	Jan.	1, 1973	July	1, 1973
6	July	1, 1973	Jan.	1, 1974
6¼	Jan.	1, 1974		

(Sec. 211, 52 Stat. 23; (12 U.S.C. 1715b). Interprets or applies sec. 203, 52 Stat. 10, as amended; (12 U.S.C. 1709))

2. Section 203.479 is amended to read as follows:

§ 203.479 Debenture interest rate.

Debentures shall bear interest from the date of issue, payable seminanually on the first day of January and the first day of July of each year at the rate in effect as of the date the commitment was issued, or as of the date the loan was endorsed for insurance, whichever rate is the higher. The following interest rates are effective for the dates listed:

Effective rate (percent)	On or after—		Prior to—	
5⅜	Jan.	1, 1972	July	1, 1972
5½	July	1, 1972	Jan.	1, 1973
5¼	Jan.	1, 1973	July	1, 1973
6	July	1, 1973	Jan.	1, 1974
6¼	Jan.	1, 1974		

(Sec. 211, 52 Stat. 23 (12 U.S.C. 1715b). Interprets or applies to sec. 203, 52 Stat. 10, as amended (12 U.S.C. 1709))

PART 207—MULTIFAMILY HOUSING MORTGAGE INSURANCE

In § 207.259 paragraph (e)(6) is amended to read as follows:

§ 207.259 Insurance benefits.

* * * * *

(e) Issuance of debentures. * * *

(6) Bear interest from the date of issue, payable semianually on the first day of January and the first day of July of each year at the rate in effect as of the date the commitment was issued, or as of the date of initial insurance endorsement of the mortgage, whichever rate is the higher. The following interest rates are effective for the dates listed:

Effective rate (percent)	On or after—		Prior to—	
5⅜	Jan.	1, 1972	July	1, 1972
5½	July	1, 1972	Jan.	1, 1973
5¼	Jan.	1, 1973	July	1, 1973
6	July	1, 1973	Jan.	1, 1974
6¼	Jan.	1, 1974		

(Sec. 211, 52 Stat. 23 (12 U.S.C. 1715b). Interprets or applies sec. 207, 52 Stat. 16, as amended (12 U.S.C. 1713))

PART 220—URBAN RENEWAL MORTGAGE INSURANCE AND INSURED IMPROVEMENT LOANS

Section 220.830 is amended to read as follows:

§ 220.830 Debenture interest rate.

Debentures shall bear interest from the date of issue, payable semiannually on the first day of January and the first day of July of each year at the rate in effect as of the date the commitment was issued or as of the date the loan was endorsed for insurance, whichever rate is higher. The following interest rates are effective for the dates listed:

Effective rate (percent)	On or after—		Prior to—	
5⅜	Jan.	1, 1972	July	1, 1972
5½	July	1, 1972	Jan.	1, 1973
5¼	Jan.	1, 1973	July	1, 1973
6	July	1, 1973	Jan.	1, 1974
6¼	Jan.	1, 1974		

(Sec. 211, 52 Stat. 23; (12 U.S.C. 1715b). Interprets or applies sec. 220, 68 Stat. 596, as amended; (12 U.S.C. 1715k))

Effective date. These amendments are effective as of January 1, 1974.

W. B. CHRISTENSEN,
Assistant Secretary for Administration.

SHELDON B. LUBAR,
Assistant Secretary-Commissioner for Housing Production and Mortgage Credit.

CHAPTER X—FEDERAL INSURANCE ADMINISTRATION, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI-286]

PART 1914—AREAS ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

Section 1914.4 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence a new entry to the table. In this entry, a complete chronology of effective dates appears for each listed community. Each date appearing in the last column of the table is followed by a designation which indicates whether the date signifies the effective date of the authorization of the sale of flood insurance in the area under the emergency or the regular flood insurance program. The entry reads as follows:

§ 1914.4 Status of participating communities.

[Docket No. FI-288]

PART 1915—IDENTIFICATION OF SPECIAL HAZARD AREAS

List of Communities With Special Hazard Areas

The Federal Insurance Administrator finds that comment and public procedure and the use of delayed effective dates in identifying the areas of communities which have special flood or mudslide hazards, in accordance with 24 CFR Part 1915, would be contrary to the public interest. The purpose of such identifications is to guide new development away from areas threatened by flooding, a purpose which is accomplished pursuant to statute by denying subsidized flood insurance to structures thereafter built within such areas. The practice of issuing proposed identifications for comment or of delaying effective dates would tend to frustrate this purpose by permitting imprudent or unscrupulous builders to start construction within such hazardous areas before the official identification became final, thus increasing the communities' aggregate exposure to loss of life and property and the agency's financial exposure to flood losses, both of which are contrary to the statutory purposes of the program. Accordingly, the Department is not providing for public comment in issuing this amendment and it will become effective February 1, 1974. Section 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

§ 1915.3 List of communities with special hazard areas.

[Docket No. FI–289]

PART 1915—IDENTIFICATION OF SPECIAL HAZARD AREAS

List of Communities With Special Hazard Areas

The Federal Insurance Administrator finds that comment and public procedure and the use of delayed effective dates in identifying the areas of communities which have special flood or mudslide hazards, in accordance with 24 CFR Part 1915, would be contrary to the public interest. The purpose of such identifications is to guide new development away from areas threatened by flooding, a purpose which is accomplished pursuant to statute by denying subsidized flood insurance to structures thereafter built within such areas. The practice of issuing proposed identifications for comment or of delaying effective dates would tend to frustrate this purpose by permitting imprudent or unscrupulous builders to start construction within such hazardous areas before the official identification became final, thus increasing the communities' aggregate exposure to loss of life and property and the agency's financial exposure to flood losses, both of which are contrary to the statutory purposes of the program. Accordingly, the Department is not providing for public comment in issuing this amendment and it will become effective February 1, 1974. Section 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

§ 1915.3 List of communities with special hazard areas.

State	County	Location	Map No.	State map repository	Local map repository	Effective date of identification of areas which have special flood hazards
Arizona	White	Judsonia, city of	H 05 145 2090 01	Arizona State Land Department, 1624 West Adams, Rm. 400, Phoenix, Ariz. 36104. Arizona Department of Insurance, P.O. Box 7098, 718 West Glenrosa, Phoenix, Ariz. 85011.	Mayor, City Hall, Judsonia, Ariz. 72081.	Jan. 25, 1974.

SUBCHAPTER C—FEDERAL CRIME INSURANCE PROGRAM

[Docket No. R–74–109]

PART 1931—PURCHASE OF INSURANCE AND ADJUSTMENT OF CLAIMS

Sale of Insurance in Delaware

On the basis of the Administrator's continuing review of the crime insurance availability in the various States, and on the basis of the findings and recommendations by the Commissioner of Insurance of the State of Delaware, the Administrator has determined that a critical unavailability situation exists in that State, and Delaware will be made eligible for the sale of crime insurance on the effective date of this regulation.

In view of the critical unavailability situation in Delaware which makes it essential that the benefits of the crime insurance program be made available to the citizens of Delaware at the earliest possible date and because of the time required to initiate the establishment of servicing facilities in that State, it is impracticable to provide for notice and public procedure, and good cause exists for making this amendment effective on March 1, 1974. Accordingly, Subchapter C of Chapter X of Title 24 is amended as follows:

2. Paragraph (b) of § 1931.1 is revised to read as follows:

§ 1931.1 States eligible for the sale of crime insurance.

* * * * *

(b) On the basis of the information available to date, the Administrator has concluded that the following States have an unresolved critical market availability situation which necessitates the implementation of the Federal crime insurance program within such States:

Connecticut	Massachusetts
Delaware	Missouri
District of Columbia	New Jersey
Florida	New York
Illinois	Ohio
Kansas	Pennsylvania
Maryland	Rhode Island
	Tennessee

* * * * *

Effective date. This amendment shall be effective March 1, 1974.

GEORGE K. BERNSTEIN,
Federal Insurance Administrator.

[FR Doc.74–2690 Filed 1–31–74;8:45 am]

Proposed Rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rulemaking prior to the adoption of the final rules.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR Part 3300]

OUTER CONTINENTAL SHELF LEASING; GENERAL

Proposed Hard Mineral Leasing Regulations

Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior by section 5 of the Outer Continental Shelf Lands Act of August 7, 1953, (67 Stat. 462 at 464 (43 U.S.C. 1331 at 1334)), it is proposed to amend certain regulations in Part 3300 of Title 43 of the Code of Federal Regulations (CFR) as set forth below.

The principal purpose of the proposed regulations is to permit the proper development of deposits on the outer continental shelf of all minerals other than oil and gas, sulphur and salt, which are treated in the present 43 CFR Part 3300. These proposed amendments would provide for the leasing of other minerals, as well.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rule-making process. Accordingly, interested parties may submit written comments, suggestions, or objections with respect to the proposed amendments to 43 CFR Part 3300 to the Director, Bureau of Land Management (Attn. 210), Washington, D.C. 20240 until March 15, 1974.

Copies of comments, suggestions, or objections made pursuant to this notice will be available for public inspection in the Office of Information, Bureau of Land Management, Room 5643, Interior Building, Washington, D.C., during regular business hours 7:45 a.m. to 4:15 p.m.

Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(c)), the Department has prepared a draft environmental statement on the proposed amendments to the regulations. The availability of this statement is being officially announced coincidentally with the publication of this notice. Comments thereon are being invited and will be considered in the preparation of a final environmental statement, to be published prior to any final decision on the issuance of the proposed amendments.

Part 3300 of Chapter II of Title 43 of the Code of Federal Regulations is amended as follows:

1. Section 3300.4 is revised to read as follows:

§ 3300.4 Payments of filing charges, bonuses, rentals, and royalties.

All payments to the United States required by the act or the regulations in this part shall be made with respect to oil and gas, sulphur and salt leases to the oil and gas supervisor of the Geological Survey or with respect to other mineral leases to the mining supervisor of the Geological Survey for the region in which the leased area is situated, except that payments of filing charges, bonuses and first year's rental shall be made to the manager of the appropriate field office, Bureau of Land Management, unless otherwise directed by the Secretary. All payments should be made by check, bank draft, or money order payable to the Geological Survey, if the payments are made to the Geological Survey, or to the Bureau of Land Management, if the payments are made to that Bureau.

2. Section 3301.3 is revised to read as follows:

§ 3301.3 Nominations of tracts.

§ 3301.3–1 General.

In selecting tracts for oil and gas, sulphur, or other mineral leasing, the Director will receive and consider nominations of tracts or requests describing areas and expressing an interest in leasing of minerals, or, from time to time, upon his own motion, upon approval of the Secretary, may issue calls for nominations of tracts for the leasing of minerals in specified areas. Nominations of tracts for oil and gas, sulphur, or salt leasing should be addressed to the Director, with copies to the appropriate Bureau of Land Management field office and the appropriate oil and gas supervisor of the Geological Survey. Nominations of tracts for the leasing of minerals other than oil and gas, sulphur or salt should be addressed to the Director, with copies to the appropriate Bureau of Land Management field office and the appropriate mining supervisor of the Geological Survey. The Director, Geological Survey, shall submit recommendations to the Director on tract selections and lease terms and conditions.

§ 3301.3–2 Supplementary information to accompany nominations for leasing of minerals other than oil and gas, sulphur or salt.

All nominations received expressing an interest in leasing of minerals other than oil and gas, sulphur or salt whether submitted at the initiative of the nominator or pursuant to a call for nominations issued by the Director will be accompanied by written supplemental information for the purpose of assisting the authorized officer in determining whether to offer an area for lease and the terms and conditions of such a lease if one is issued. This information will consist of, but not be limited to, a listing of the principal minerals expected to be found and a general description of the nominator's preliminary plans for exploration and development including his anticipated method of mining operation and disposal of spoil or waste during mining and beneficiation, and will describe his intended method of transporting the minerals from the mining site on the Outer Continental Shelf to onshore processing facilities or markets. He will to the extent possible outline the general supply and demand situation with respect to the minerals in the market to be served and include a statement whether the market characteristics of the minerals would warrant their development and production from the Outer Continental Shelf. The supplemental information shall outline in detail any expected or possible effect of the planned mining operation on the total environment, aquatic resources, aesthetics, recreation and other resources in the entire area and specify what environmental protection measures the nominator would take to assure all other uses in the area. The statement by the nominator should indicate the specific expertise used by him in evaluating the various components of the environmental impact.

3. Section 3301.4 is revised to read as follows:

§ 3301.4 Selection of tracts.

The Director, prior to the final selection of tracts for leasing, either selected on his own motion or nominated pursuant to § 3301.3, shall evaluate fully the potential effect of the leasing program on the total environment, aquatic resources, aesthetics, recreation, and other resources in the entire area during exploration, development and operational phases. To aid him in his evaluation and determinations he may request an onsite evaluation by an environmental analysis team, shall request and consider the views and recommendations of appropriate Federal agencies, may hold public hearings after appropriate notice, and may consult with State agencies, organizations, industries, and individuals. The Director shall develop special leasing stipulations and conditions when necessary to protect the environment and all other resources, and such special stipulations and conditions shall be contained in the proposed notice

of lease offer. The proposed notice of lease offer, together with all views and recommendations received and the Director's findings or actions thereon, shall be submitted to the Secretary for final approval.

4. Section 3301.5 is revised to read as follows:

§ 3301.5 Notice of lease offer.

Upon approval of the Secretary, the Director shall publish the notice of lease offer at the expense of the United States in the FEDERAL REGISTER, as the official publication, and in such other publications as he may deem desirable. The publication in the FEDERAL REGISTER shall be at least 30 days prior to the date of the sale. The notice shall state the place and time at which bids will be filed, and the place, date, and hour at which bids will be opened. The notice will state that the lessor will reserve, under any mineral lease issued pursuant to the notice, the right to enter the leased premises at any time for environmental protection monitoring purposes and all other rights in the leased area not expressly granted to the lessee by applicable laws or regulations or the lease. The notice shall also contain any special stipulations or conditions which will become a part of any lease issued pursuant to such notice, including stipulations or conditions for the protection of the environment, aquatic life and other resources. A notice of lease offer for any mineral other than oil and gas, sulphur or salt will contain a statement that no operations will be permitted under the lease until, pursuant to 30 CFR Part 260, the lessee has submitted exploration, development, mining and transportation plans and those plans have been approved by the appropriate officer. Moreover, the notice of lease offer for minerals other than oil and gas, sulphur, or salt shall announce the minerals which are expected to be mined pursuant to the lease and shall announce that, although all other minerals except oil and gas, sulphur, and salt will be subject to the lease, the right to mine those other minerals may subsequently be denied by the lessor for environmental reasons or otherwise in the public interest.

Section 3302.1 is revised to read as follows:

§ 3302.1 General.

Tracts will be offered for lease by competitive sealed bidding under conditions specified in the notice of lease offer.

§ 3302.1–1 Oil and gas, sulphur and salt leases.

Each oil and gas, sulphur or salt lease issued pursuant to section 8 of the act shall cover a compact area not exceeding 5,760 acres.

§ 3302.1–2 Mining leases.

(a) The term "mining lease" as used in this part means any lease issued under section 8(e) of the Act except a lease for salt.

(b) A mining lease shall include all minerals other than oil and gas, sulphur, and salt; however, the right to exploit minerals other than those specified in the notice offering the mining lease may be restricted.

(c) A mining lease will be issued to the qualified person offering the highest cash bonus on a basis of competitive sealed bidding in whichever of the following three classes the lease is offered by the Director:

(1) Exploratory lease with the option to convert to development or production leases; development or production leases;

(2) Development lease with the option to convert to production leases; or

(3) Production lease.

(d) An exploratory lease shall not exceed 36 leasing blocks of not more than 5,760 acres each, in reasonably compact form. Such a lease shall give the lessee exclusive rights to explore by geophysical and other means but shall not permit production.

(e) If the mining supervisor of the Geological Survey determines from evidence submitted by the lessee that a discovery of valuable mineral deposits has been made under an exploratory lease prior to the expiration of the lease, blocks selected from that lease may be converted to a development lease upon application filed by the lessee. A development lease shall not exceed 9 leasing blocks which shall not be more than 5,760 acres each and shall be reasonably contiguous and in compact form. A development lease shall give the lessee the right to conduct mining research, to collect bulk samples, and to develop mining systems, but shall permit only such production as necessary to verify the feasibility of systems.

(f) If the mining supervisor of the Geological Survey determines from evidence submitted by the lessee that the research, sampling, and mining systems developed under a development lease have progressed to a point of commercial feasibility, the development lease may be converted to a production lease upon application filed by the lessee. A production lease shall be in compact form, and may be issued for contiguous quarter-block tracts as approved by the mining supervisor, so as to conform as closely as possible to the shape of the deposit but shall not exceed 3 leasing blocks of 5,760 acres each. An exploration lease may be converted to a production lease without a development lease phase.

(g) Applications to convert portions of exploratory leases to development leases or production leases, or development leases to production leases, and evidence in support of such applications, shall be filed in duplicate with the appropriate mining supervisor of the Geological Survey not later than 30 days prior to the expiration of the lease to be converted.

6. Section 3302.2 is revised to read as follows:

§ 3302.2 Term.

(a) All oil and gas leases shall be issued for a term of five years and so long thereafter as oil or gas may be produced from the leasehold in paying quantities, or drilling or well reworking operations, as approved by the Secretary under § 3305a.1, are conducted thereon.

(b) All sulphur and salt leases shall be issued for a term of ten years and so long thereafter as sulphur or salt may be produced from the leasehold in paying quantities or drilling, well reworking, plant construction, or other operations for the production of sulphur and salt, as approved by the Secretary, are conducted thereon.

(c) A mining exploratory lease shall be issued for a primary term of two years. The lease may be extended by the authorized officer of the Bureau of Land Management for a single period of two years upon a finding by the mining supervisor of the Geological Survey that the lessee has been unable, with reasonable diligence, to properly explore the leased area, or that there are other reasons warranting such an extension. An application for extension shall be filed in the proper office of the Bureau of Land Management not less than 90 days prior to the expiration of the exploratory lease.

(d) A mining development lease shall be issued for a primary term of two years. The lease may be extended by the authorized officer of the Bureau of Land Management for a single period of two years upon a finding by the mining supervisor of the Geological Survey that the lessee has been unable, with reasonable diligence, to develop mining and recovery systems on the leased area, or that there are other reasons warranting such an extension. An application for the extension shall be filed in the proper office of the Bureau of Land Management not less than 90 days prior to the expiration of the development lease and shall be accompanied by a statement of the reasons the extension is considered necessary.

(e) A mining production lease shall be issued for a term of ten years and so long thereafter as minerals may be produced in paying quantities or other operations for mineral production, as approved by the Secretary, are conducted on the leased area.

(f) Production leases for minerals, other than oil and gas, sulphur and salt shall be subject to readjustment of terms, including, but not limited to, rentals and royalties at the end of each ten-year period succeeding the date of the production lease. This will be in addition to the Secretary's authority to prescribe and amend at any time such rules and regulations as he determines to be necessary and proper in order to provide for the prevention of waste and conservation of natural resources and the protection of correlative rights, and to make such amendments applicable to existing leases. The lessee will be notified of the proposed readjustment of terms or notified that no readjustment is to be made. Unless the lessee files objection to the proposed terms or a relinquishment of the lease within 30 days after receipt of the notice, he will be deemed to have

agreed to such terms. Notice of the proposed readjustments will be given before the expiration of each such ten-year period. The readjustment of terms will become a part of each lease issued.

7. Section 3302.6 is revised to read as follows:

§ 3302.6 Form.

Leases will be issued on forms approved by the Director.

8. Section 3303.1 is revised to read as follows:

§ 3303.1 Rentals.

(a) An annual rental on oil and gas, sulphur, and salt leases shall be due and payable in advance on the first day of each lease year prior to discovery (or, with respect to salt, prior to production) at the rate specified in the lease. The owner of any lease created by the assignment of a portion of a producing lease and on which assigned portion there is no discovery shall be required to pay an annual rental for such assigned portion as the rate per acre specified in the lease payable each year following the year in which the assignment becomes effective and prior to a discovery (or, with respect to salt, prior to production) on such segregated portion.

(b) An annual rental on each mining lease shall be due and payable in advance on the first day of each year at a rate specified in the lease form which shall be not less per acre or fraction thereof than ten cents for an exploratory lease, 25 cents for a development lease, and $1.00 for a production lease. Rentals paid on a production lease for any one lease year shall be credited against the royalties accruing for that year.

9. Section 3303.2 is revised to read as follows:

§ 3303.2 Royalties.

(a) Royalties on oil and gas, sulphur and salt shall be at the rate specified in the lease, but in no event shall the royalty on oil and gas be less than 12½ percent of the amount or value of the production saved, removed or sold from the lease, nor on sulphur less than five percent of the gross production or value of the sulphur at the wellhead.

(b) Royalties on mining production leases shall be determined on the gross value of production at the point of shipment to market and shall be at the rate specified in the lease which shall in no event be less than two percent; however, the royalty rate for any minerals not specified in the notice of offering the mining lease may not be established in the lease at the time of issuance, but may instead be left for determination by the lessor after the lessee has submitted a plan for the development of those other minerals.

10. A new § 3303.4 is added as follows:

§ 3303.4 Minimum expenditures.

(a) Minimum expenditures on each mining exploratory lease shall be as specified in the lease, but shall be not less than $40,000 for the first year and $50,000 for the second year. If the lease is extended, the minimum expenditures for each year of the extended term shall be at least $60,000. Expenditures on adjacent and contiguous leases will satisfy the requirement for minimum expenditures, if approved in advance by the mining supervisor.

(b) Minimum expenditures on each mining development lease shall be as specified in the leases, but not less than $125,000 for the first year and $150,000 for the second year. If the lease is extended, the minimum expenditures for each year of the extended term shall be at least $175,000. Expenditures on adjacent and contiguous leases will satisfy the requirement for minimum expenditures, if approved in advance by the mining supervisor.

(c) The expenditures required by this section must be made in actual operations on the lands in the lease, or, where expenditures on adjacent and contiguous leases are approved as provided in paragraphs (a) and (b) of this section, they must be made in actual operations on or for the benefit of the leased lands.

(d) Expenditures in excess of the required amounts for any given year shall be credited to the requirements for the subsequent year or years, if approved by the mining supervisor.

11. Section 3303.5 is revised to read as follows:

§ 3303.5 Effect of suspension on royalty and rental.

(a) In the event that under the provisions of 30 CFR 250.12(c) or (d)(1) the regional oil and gas supervisor of the Geological Survey, or under the provisions of 30 CFR 260.12(c) or (d) the regional mining supervisor of the Geological Survey, with respect to any lease directs the suspension of both operations and production, or with respect to a lease on which there is no producible well the regional oil and gas supervisor directs the suspension of operations, no payment of rental or minimum royalty will be required for or during the period of the suspension. In the event that under the provisions of 30 CFR 250.12(d) the regional oil and gas supervisor, or under the provisions of 30 CFR 260.12(d) the regional mining supervisor, approves, at the request of a lessee, the suspension of operations or production, or both, or suspends any operation including production, the lessee will not be relieved of the obligation to pay rental, minimum royalty or royalty for or during the period of suspension.

(b) In the event the anniversary date of a lease falls within a period of suspension for which no rental or minimum royalty payments are required under paragraph (a) of this section, the prorated rentals or minimum royalties, if any are due and payable as of the date the suspension period terminates, shall be computed and notice thereof given the lessee. Payment of the amount due shall be made by the lessee within 30 days after receipt of such notice. The anniversary date of a lease will not change by reason of any period of lease suspension or rental or royalty relief resulting therefrom.

12. Section 3305.1 is revised to read as follows:

§ 3305.1 Assignment of leases or interests therein.

(a) Except as provided in paragraph (b) of this section, leases or any undivided interest therein, may be assigned in whole or as to any officially designated subdivision subject to the approval of the authorized officer, to any one qualified under § 3300.1 to take and hold a lease. Any assignment made under this section shall, upon approval, be deemed to be effective on and after the first day of the lease month following its filing in the appropriate office of the Bureau of Land Management, unless at the request of the parties an earlier date is specified in the Director's approval. The assignor shall be liable for all obligations under the lease accruing prior to the approval of the assignment.

(b) No exploratory or development mining lease may be assigned. A production mining lease may be assigned in whole or in part, but no assignment may separate the minerals subject to such a lease.

13. Section 3305a.4 is revised to read as follows:

§ 3305a.4 Effect of suspension on lease term.

In the event that under the provisions of 30 CFR 250.12(c) or (d)(1), the regional oil and gas supervisor of the Geological Survey, or under the provisions of 30 CFR 260.12(c) or (d)(1) the regional mining supervisor of the Geological Survey, directs the suspension of either operations or production, or both, with respect to any lease, the terms of the lease will be extended by a period equivalent to the period of the suspension, but in no event for a longer period than that between the date of suspension and the date on which the lease would have terminated in the absence of the suspension. In the event that under the provisions of 30 CFR 250.12(c) or (d)(1), the oil and gas supervisor, or under the provisions of 30 CFR 260.12(c) or (d)(1) the regional mining supervisor, approves the suspension of either operations or production, or both, with respect to any lease, the term of the lease will not be deemed to expire so long as the suspension remains in effect.

14. Section 3306.1 is divided into two paragraphs (a) and (b) and revised to read as follows:

§ 3306.1 Relinquishment of leases or parts of leases.

(a) A lease or any officially designated subdivision thereof may be surrendered by the record title holder by filing a written relinquishment, in triplicate, with the appropriate office of the Bureau of Land Management. A relinquishment shall take effect on the date it is filed subject to the continued obligation of the lessee and his surety to make payment of all

accrued rentals and royalties and, in the case of an oil and gas, sulphur, or salt lease, to abandon all wells on the land to be relinquished in a condition satisfactory to the oil and gas supervisor or, in the case of a mining lease, to leave all land subject to the lease in a condition satisfactory to the mining supervisor.

(b) A mining lease extended by production may be relinquished at any time or may be cancelled for other reasons, but shall not be terminated for the failure of production until two years after the cessation of production in paying quantities. However, termination shall be automatic when there has been no production in paying quantities for two years, unless operations and production have been suspended on the lease under 30 CFR 260.12. For purposes of this section, "production in paying quantities" means production of such magnitude that the royalty thereon exceeds the required rental.

BRAD E. HAINSWORTH,
Deputy Assistant Secretary of the Interior.

JANUARY 29, 1974.

[FR Doc.74-2691 Filed 1-31-74;8:45 am]

Geological Survey

[30 CFR Part 260]

OUTER CONTINENTAL SHELF

Proposed Hard Mineral Operating Regulations

Notice is hereby given that pursuant to the authority vested in the Secretary of Interior under section 5 of the Outer Continental Shelf Lands Act of August 7, 1953 (67 Stat. 464, (43 U.S.C. 1331 at 1334)), it is proposed to add Part 260, as set forth below, to Chapter II of Title 30, Code of Federal Regulations, to govern operations conducted on the Outer Continental Shelf for minerals other than oil and gas, sulphur and salt.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rule making process. Accordingly, interested parties may submit written comments, suggestions or objections with respect to the proposed addition of 30 CFR Part 260, to the Director, U.S. Geological Survey, National Center, 1201 Sunrise Valley Drive, Reston, Virginia 22092 until March 15, 1974.

A draft environmental impact statement on the proposed regulations has been prepared in accordance with the provisions of section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), and is now available. Formal notice of its availability is being announced coincidentally with this notice. After the Department has received the comments on the draft statement, a final statement will be published. Only thereafter will a final decision on the issuance of regulations and on the content of those regulations, if issued, be made.

PART 260—MINING OPERATIONS IN THE OUTER CONTINENTAL SHELF

GENERAL PROVISIONS

Sec.
260.1 Purpose and authority.
260.2 Scope.
260.3 Definitions.

JURISDICTION AND FUNCTIONS OF MINING SUPERVISOR

260.10 Jurisdiction.
260.11 General functions.
260.12 Regulation of operations.
260.13 Temporary approvals.
260.14 Sampling.
260.15 Drilling and abandonment of test holes.
260.16 Rights of use and easement.
260.17 Platforms, pipelines, and conveyors.

REQUIREMENTS FOR LESSEES

260.30 General obligation of lessees.
260.31 Designation of operator.
260.32 Local agent.
260.33 Exploration, development, and mining plans.
260.34 Records of drill holes and bottom sampling.
260.35 Maps.
260.36 Pollution and waste disposal.
260.37 Accidents, fires, and malfunctions.
260.38 Workmanlike operations.
260.39 Royalty and rental payments.

ROYALTIES AND AUDITS

260.60 Value basis for computing royalties.
260.61 Royalty.
260.62 Audits.

DEFAULT AND APPELLATE PROCEDURES

260.82 Public inspection of records.

AUTHORITY: Sec. 5, 67 Stat. 464 (43 U.S.C. 1334).

CROSS REFERENCE: For further regulations pertaining to the issuance of mining leases covering submerged lands in the Outer Continental Shelf, see 43 CFR Part 3300.

GENERAL PROVISIONS

§ 260.1 Purpose and authority.

(a) Section 8(e) of the Outer Continental Shelf Lands Act (43 U.S.C. 1337 (e)), referred to in this part as "the Act", authorizes the Secretary of the Interior to issue leases for minerals other than oil and gas and sulphur on lands subject to the Act. Section 5(a)(1) of the Act (43 U.S.C. 1334(a)(1)) authorizes the Secretary to issue such rules and regulations as may be necessary to carry out the provisions of the Act. The regulations included in this Part will be applicable to all operations conducted under any lease issued pursuant to section 8(e) except a lease issued thereunder for salt. Any lease issued for salt will be subject to the regulations in Part 250 of this chapter.

(b) Section 5(a)(1) also provides that the Secretary may at any time prescribe and amend such rules and regulations as he determines to be necessary and proper to provide for the prevention of waste and conservation of the natural resources of the Outer Continental Shelf, and the protection of correlative rights therein. Amendments to this Part made for any of these three purposes will upon issuance become applicable not only to future leases, but also to existing leases even when inconsistent with their express terms.

(c) Subject to the supervisory authority of the Secretary of the Interior, the regulations in this part shall be administered by the Director of the Geological Survey through the Chief, Conservation Division.

§ 260.2 Scope.

The regulations in this part shall govern operations conducted under exploratory, development, and production leases issued for minerals other than oil and gas, sulphur and salt on the Outer Continental Shelf.

§ 260.3 Definitions.

The following terms as used in the regulations in this part shall have the meanings here given:

(a) *Secretary.* The Secretary of the Interior.

(b) *Director.* The Director of the Geological Survey, Washington, D.C., having administrative direction of the enforcement of the regulations in this part.

(c) *Mining Supervisor.* A representative of the Secretary, under administrative direction of the Director, through the Chief, Conservation Division, Geological Survey, authorized and empowered to regulate operations and to perform other duties prescribed in the regulations in this part, or any subordinate of such representative acting under his direction.

(d) *Outer Continental Shelf.* All submerged lands (1) which lie seaward and outside of the area of lands beneath navigable waters as defined in the Submerged Lands Act (67 Stat. 29) and (2) of which the subsoil and seabed appertain to the United States and are subject to its jurisdiction and control.

(e) *Lease.* A lease issued under section 8(a) of the Act for any mineral other than salt, or the land covered by the lease, whichever is required by the context.

(f) *Lessee.* The party authorized by a lease, or an approved assignment thereof, to develop and produce the leased deposits in accordance with the regulations in this part, including all parties holding such authority by or through him.

(g) *Operator.* The individual, partnership, firm, or corporation having control or management of operations on the leased land or a portion thereof. The operator may be a lessee, a designated agent of the lessee, or holder of rights under an approved operating agreement or sublease.

(h) *OCS Order.* A formal numbered order issued by the mining supervisor, with the prior approval of the Chief, Conservation Division, Geological Survey, that implements the regulations in this

part and applies to operations in a region or a major portion thereof.

JURISDICTION AND FUNCTIONS OF MINING SUPERVISOR

§ 260.10 Jurisdiction.

Subject to the supervisory authority of the Secretary and the Director, exploratory, development, mining, and processing operations, handling and measurement of production, determination and collection of rental and royalty, and, in general, all other operations conducted on a lease by or on behalf of a lessee are subject to the regulations in this part and are under the jurisdiction of the mining supervisor for any region as delineated by the Director.

§ 260.11 General functions.

The mining supervisor is authorized and directed to act upon the requests, applications, and notices submitted under the regulations in this part and to require compliance with applicable laws, the lease terms, applicable regulations, and OCS orders to the end that all operations shall be conducted in a manner that will to the extent feasible protect the living and non-living natural resources of the Outer Continental Shelf and result in the maximum economic recovery of the mineral resources in a manner compatible with sound conservation, environmental and multiple use practices. Subject to the approval of the Chief, Conservation Division, Geological Survey, the mining supervisor may issue OCS orders implementing the requirements of the regulations of this part when such implementations apply to an entire region or a major portion thereof. The mining supervisor may also issue written or oral orders to govern operations on specific leases. Oral orders shall be confirmed in writing by the mining supervisor as promptly as possible. Prior to the issuance of OCS orders and other orders and rules, the mining supervisor may consult with, and receive comments from, lessees, operators, and other interested parties. Before permitting operations on the leased land, the mining supervisor will require that adequate measures for protection of the environment and other natural resources be taken and will determine that a lease is in good standing, that the lessee is authorized to conduct operations, and that an acceptable bond has been filed.

§ 260.12 Regulation of operations.

(a) *Duties of mining supervisor.* The mining supervisor in accordance with the regulations in this part shall inspect and regulate all operations and is authorized to issue OCS orders and other orders and rules necessary for him to supervise operations effectively and to prevent damage to, or waste of, any natural resource, or injury to life or property. The mining supervisor shall receive, and shall, when in his judgment it is necessary, consult with or solicit advise from lessees, officials of interested Departments and agencies, and representatives of state and local governments.

(b) *Departures from orders.* (1) The mining supervisor may prescribe or approve in writing, or orally with written confirmation, minor departures from the requirements of OCS orders and other orders and rules issued pursuant to Paragraph (a) of this section, when such departures are necessary for the conservation of natural resources, protection of aquatic and wildlife species, or protection of human health and safety, property, or the environment.

(2) All requests or recommendations for major departures from the requirements of OCS orders, whether on an individual operation or area basis, shall require the approval of the Chief, Conservation Division.

(c) *Emergency suspensions.* The mining supervisor is authorized, either in writing or orally with written confirmation, to suspend any operation, including production, which in his judgment threatens immediate and serious harm or damage to life, including aquatic and wildlife species, to property, to the leased deposits, to other valuable mineral deposits or to the environment. Such emergency suspension shall continue until in his judgment the threat or danger has terminated.

(d) *Other suspensions.* (1) In addition to the provisions of section 12 (c) and (d) of the act providing for suspension of operations and production, in the interest of conservation the mining supervisory may direct or, at the request of a lessee, may approve the suspension of operations or production, or both. A suspension of operations or production to permit compliance with the provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4347), or any regulations or guidelines issued thereunder, will be deemed a suspension in the interest of conservation.

(2) The mining supervisor is authorized by written notice to the lessee to suspend any operation, including production, for failure to comply with applicable law, the lease terms, the regulations in this part, OCS orders, approved exploration, development or mining plans, or any other written order or rule, including orders for filing of reports and drill logs within the time specified.

(e) *Reduction of rental and royalty.* In order to increase the ultimate recovery of minerals and in the interest of conservation, the Director of the Geological Survey, whenever he determines it necessary to promote development or finds that a lease cannot be successfully operated under the terms provided therein, may reduce the rental, minimum royalty, or royalty on the entire leasehold, or on any deposit, tract, or portion thereof segregated for royalty purposes. An application for any of the above relief shall be filed in triplicate with the mining supervisor. It must contain the serial number of the lease; the name of the record title holder; a description of the area included in the lease; and a tabulated statement for each month, covering a period of not less than six months prior to the date of filing the application, of the aggregate amount of minerals subject to royalty computed in accordance with the lease and applicable regulations. Every application must also contain a detailed statement of expenses and costs of operating the entire lease and of the income from the sale of any leased products, and all facts tending to show whether the workings can be successfully operated upon the rental or royalty fixed in the lease. Where the application is for a reduction of royalty, full information shall be furnished as to whether royalties or payments out of production are paid to others than the United States, the amounts so paid, and efforts made to reduce them. The applicant must also file agreements of the holders of the lease and of royalty holders to a permanent reduction of all royalties from the leasehold, other than the royalties payable to the United States, to an aggregate not in excess of one percent of the gross value of the products produced.

§ 260.13 Temporary approvals.

Whenever the regulations in this part require a lessee to obtain approval of the mining supervisor, the lessee may make an oral or telegraphic request for such approval, and the mining supervisor may give such oral or telegraphic approval as may be warranted. However, both the lessee and the mining supervisor shall forthwith confirm their oral or telegraphic actions in writing as otherwise required by the regulations in this part.

§ 260.14 Sampling.

(a) When deemed necessary or advisable, the mining supervisor is authorized to require the lessee to make adequate tests in an acceptable manner without cost to the lessor to determine the presence, quantity, and quality of mineral deposits.

(b) The mining supervisor may, at the time of approval of any notice to sample bottom deposits or to drill any hole to determine the identity and character of any deposit, stipulate reasonable requirements for the taking of samples or cores. All drilling shall be reported in duplicate on standard drill log number 9–1147.

§ 260.15 Drilling and abandonment of test holes.

The mining supervisor shall in accordance with such plan as may be approved or prescribed by him, demand that test drilling be conducted in accordance with the terms of the lease and of the regulations in this part, and subject to such other conditions, including depth, as he may deem advisable, and require plugging and abandonment of any wells drilled.

§ 260.16 Rights of use and easement.

(a) In addition to the rights and privileges granted to a lessee under a lease, the mining supervisor may grant such a lessee, subject to such reasonable conditions as the mining supervisor may prescribe, the right of use or an easement to construct and maintain platforms and floating or fixed structures, and to use

the same for carrying on exploration, development, production and processing operations, and housing of personnel engaged in operations, not only in connection with the lease on which the platform, structure, or island is situated, but also for the conduct of operations on any other lease, State or Federal.

(b) The mining supervisor may grant to a holder of a Federal lease the right of use or an easement to construct and maintain platforms and floating or fixed structures on areas of the Outer Continental Shelf, near or adjacent to the leased area, and to use same for handling, treating, and storing the production from the leased area. Such rights of use or easement if on an area subject to any mineral lease issued or maintained under the act shall be granted only after the lessee under such lease has been notified and afforded an opportunity to voice objections thereto, and any such right shall be exercised only in such manner so as not to interfere unreasonably with operations of the lessee under such lease.

(c) In addition to the rights and privileges granted to a Federal lessee under any lease issued or maintained under the act, the mining supervisor upon proper application may grant to a holder of a Federal lease or State lease issued by a State which extends the same rights to holders of Federal leases, subject to such reasonable conditions as the mining supervisor may prescribe, the right of use or an easement to construct and maintain pipelines or conveyors on areas of the Outer Continental Shelf which are constructed, owned and maintained by the lessee and used for purposes such as: (1) Moving production to a central point for gathering, processing, storing, or measuring; (2) delivery of production to a point of sale; (3) delivery of production to a pipeline, conveyor, ship, barge, platform, or floating or fixed structure operated by a transportation company; or (4) moving fluids or slurries in connection with lease operations, such as for sluicing or injection purposes. The mining supervisor is authorized to approve any reasonable offshore or onshore location as a delivery point. Rights of use or easement across areas covered by a lease shall be granted only after the lessee under such a lease has been notified by the applicant and afforded a reasonable opportunity to express its views with respect thereto, and any such rights shall be exercised only in a manner so as not to interfere unreasonably with operations of the lessee under such lease. The foregoing right of use and easement shall not apply to pipelines or conveyors used for transporting production after custody has been transferred to a purchaser or carrier as provided for in section 5(c) of the Act and regulations in 43 CFR Part 2883.

(d) Once a right of use or easement has been exercised by the erection of platforms, floating or fixed structures, or pipelines, the right shall continue only so long as they are maintained and are useful for the purpose specified therein, as determined by the mining supervisor, even beyond the termination of any lease on which they may be situated, and the rights of all subsequent lessees shall be subject to such rights of use and easement by prior lessees. Upon termination by the mining supervisor of the right of use and easement, the lessee shall remove or otherwise dispose of all platforms, floating or fixed structures, pipelines, conveyors, and other facilities and restore the premises to the satisfaction of the mining supervisor.

§ 260.17 Platforms, pipelines, and conveyors.

(a) The mining supervisor is authorized to approve the design, other features, and plan of installation of all platforms and floating and fixed structures as a condition of the granting of a right of use or easement under paragraphs (a) or (b) of § 260.16 or authorized under any lease issued or maintained under the act.

(b) The mining supervisor is authorized to approve the design, other features, and plan of installation of all pipelines and conveyors for which a right of use or easement has been granted under paragraph (c) of § 260.16 or authorized under any lease, including those portions of such lines which extend onto or traverse areas other than the Outer Continental Shelf.

Requirements for Lessees

§ 260.30 General obligation of lessees.

(a) The lessee shall comply with provision of applicable laws and regulations, the terms and conditions of the lease, the requirements of the approved exploration, development, or mining plan, OCS orders and other written or oral orders or instructions of the mining supervisor in performing exploration, development, mining, and processing operations under the lease. Lessees shall take precautions to prevent waste and damage to mineral-bearing formations and shall take such steps as may be needed to prevent injury to life or health and to provide for the health and welfare of employees.

(b) The lessee shall take such action as may be needed to prevent pollution of air, water and submerged and adjacent coast land, damage to aquatic and wildlife species, obstacles and hazards to navigation, and unnecessary disturbance to the environment. Where any question arises as to the necessity for or the adequacy of an action to meet the requirements of this paragraph, the determination of the mining supervisor shall be final, subject to the right of appeal as provided in § 260.71.

(c) All operations conducted under these regulations in this part must be consistent with applicable water and air quality standards.

(d) When the mining supervisor determines that water pollution exists or is a probable consequence of lease operations, the mining supervisor may require that a lessee maintain a record of quantity and quality of waste and refuse discharged from mining and processing operations, including the chemical content. In order to obtain this information, the lessee may be required to install a suitable monitoring system.

(e) Full report of accidents or fires shall be promptly mailed to the mining supervisor by the operator or his representative. Fatal accidents, accident which threatens damage to the deposit or equipment, or accidents which could cause water pollution, damage to aquatic and wildlife species, or hazards to navigation shall be reported promptly to the mining supervisor by telegram or telephone.

(f) The lessee shall submit reports and records of operations when required, and in the manner and form prescribed, by the mining supervisor.

§ 260.31 Designation of operator.

In all cases where operations are not conducted by the record owner but are to be conducted under authority of an unapproved operating agreement, assignment, or other arrangement, a "designation of operator" shall be submitted to the mining supervisor, in a manner and form approved by him, prior to commencement of operations. Such designation will be accepted as authority of operator or his local representative to fulfill the obligations of the lessee and to sign any papers or reports required under the regulations in this part. All changes of address and any termination of the authority of the operator shall be immediately reported, in writing, to the mining supervisor or his representative. In case of such termination or of controversy between the lessee and the designated operator, the operator, if in possession of the lease, will be required to protect the interests of the lessor.

§ 260.32 Local agent.

When required by the mining supervisor, the lessee shall designate a representative empowered to receive notices and comply with orders of the mining supervisor issued pursuant to the regulations in this part.

§ 260.33 Exploration, development, and mining plans.

(a) *General.* Before conducting any operations under a lease, the operator shall submit, in triplicate, to the mining supervisor for approval exploration, development, or production plans, as appropriate, which shall indicate the types of minerals subject to the plans and shall show in detail where and how the proposed exploration, development, mining, processing, and transportation operations are to be conducted. The plans shall be consistent with and responsive to the requirements of the lease for the prevention of air, land, and water pollution, interference with navigation, and damage to aquatic and wildlife species and other natural resources. When necessary, the mining supervisor will consult with and obtain the recommendations of specialists in other interested Federal agencies and departments and interested local and State agencies, and shall

promptly approve the plans or indicate what modifications of the plans are necessary to conform to the provisions of the lease, regulations and any special stipulations. When the plan involves minerals other than those specified in the notice offering the lease or involves a significant change in the techniques employed, the mining supervisor shall consult the Bureau of Land Management and obtain its views on the plan. No operations shall be conducted except under an approved plan. Failure to comply with this section will subject the lease to cancellation.

(b) *Exploration plan.* The mining supervisor may require that an exploration plan include, among such items as he may deem advisable, the following:

(1) A description of the type of exploration operations to be conducted.

(2) The equipment to be used.

(3) Adequate maps showing the location where exploration work is to be performed.

(4) A description of measures to be taken to prevent or control air, land, and water pollution, damage to aquatic and wildlife species and other natural resources, hazards to public health and safety, and hazards to navigation.

(c) *Mining and development plans.* The mining supervisor may require that a mining and development plan include, among such items as he may deem advisable, the following:

(1) A general description of the environmental conditions and aquatic and wildlife species in the area of operations.

(2) A detailed description of the nature and occurrence of the mineral deposits in the leased area. Adequate maps and sections should be included.

(3) A detailed description of development and mining methods to be used, the proposed sequence of mining or development, the expected production rate, and the method and location of the proposed processing operation. Adequate maps and engineering designs should be included.

(4) A detailed description of the method of transporting the minerals from the lease to onshore, and adequate maps showing the locations of pipelines, conveyors or other transportation facilities.

(5) A detailed description of the method for discharge and disposal of waste and refuse, including its chemical and physical characteristics.

(6) A detailed description of measures to be taken to prevent, limit, or control air, land, and water pollution, damage to aquatic and wildlife species and other natural resources, hazards to public health and safety, and hazards to navigation.

(d) *Changes in plans.* (1) Exploration, development and mining plans may be changed by mutual consent of the mining supervisor and the operator at any time to adjust to changed conditions or to correct an oversight. To obtain approval of a changed or supplemental plan, the operator shall submit a detailed written statement of the proposed changes or additions and the justification for the changes proposed. If circumstances warrant, or if preparation of an exploration, development or mining plan for the entire operation is dependent upon unknown factors which cannot or will not be determined except during the progress of the operations, a partial plan may be approved and supplemented from time to time. The operator shall not, however, perform any operation except under an approved plan.

(2) If the lessee shall decide to explore for, develop, or mine minerals other than those specified in the notice of lease offering pursuant to which the lease was issued, he shall submit a new exploration, development, or mining plan, as appropriate. The mining supervisor shall have the responsibility of examining the environmental impact of such a plan, and, where environmental considerations or the public interest requires, the mining supervisor may prohibit exploration for, development of, or mining of those other minerals.

(e) *Abandonment.* Plans for abandonment of a leasehold operation must be submitted in detail by the lessee and approved by the supervisor. In general, the bottom must be left free of structures presenting a hazard to navigation or to commercial fishing, unless authorized by the mining supervisor after consultation with appropriate personnel of the Corps of Engineers or the National Marine Fisheries Service.

§ 260.34 Records of drill holes and bottom sampling.

(a) The lessee shall keep at his field headquarters or at other locations conveniently available to the mining supervisor, accurate and complete logs of all drill holes or bottom sampling. The logs shall contain a description of all the materials or formations penetrated; the content to each sample recovered including all data from any analysis performed on the sample; and any other pertinent information. Logs shall be reported on form 9–1147 and submitted in triplicate to the mining supervisor as soon as the hole is completed.

§ 260.35 Maps.

(a) Maps of the operations shall be drawn to a scale acceptable to the mining supervisor. All maps shall be appropriately marked with reference to official lease tract boundaries. The maps shall be kept current and submitted to the mining supervisor annually, or more often when required by the mining supervisor. The accuracy of maps furnished shall be certified by a professional engineer, professional land surveyor or other professionally qualified person.

(b) The operator shall prepare such maps of the leased lands as in the judgment of the mining supervisor are necessary to show the geological conditions as determined from geological and geophysical surveys, bottom sampling, drill holes, trenching, dredging, or mining. All excavations shall be shown in such manner that the production of minerals for any royalty period can be accurately ascertained.

(c) If any map submitted by an operator is believed to be incorrect, the mining supervisor may cause a survey to be made, and if the survey shows the map submitted by the operator to be substantially incorrect in whole or in part, the cost of making the survey and preparing the map shall be charged to and promptly paid by the operator.

(d) In event of the failure of the operator to furnish the maps required, the mining supervisor shall employ a competent surveyor to make the required survey and maps, and the costs thereof shall be charged to and promptly paid by the operator.

§ 260.36 Pollution and waste disposal.

(a) The lessee shall not pollute air, water or submerged and adjacent coast land, damage aquatic and wildlife species or cause any other unnecessary disturbance to the environment. The lessee shall dispose of all waste materials as prescribed by plans approved under § 260.33. All spills or water pollution by hazardous materials of a size or quantity which cannot be immediately controlled shall be reported by the lessee without delay to the mining supervisor and to the Coast Guard and other agencies in accordance with provisions of the applicable pollution contingency plan. Other spills of materials, whether hazardous or nonhazardous, shall be recorded by the lessee and reported to the mining supervisor.

(b) If the waters of the sea are polluted by the drilling or production operations conducted by or on behalf of the lessee, and such pollution damages or threatens to damage aquatic and wildlife species, other natural resources or public or private property, the control and removal of the pollutant, wheresoever found, proximately resulting therefrom shall be at the expense of the lessee. Upon failure of the lessee to control and remove the pollutant, the mining supervisor, in cooperation with other appropriate agencies of the Federal, state, and local governments, or in cooperation with the lessee, or both, shall have the right to accomplish the control and removal of the pollutant in accordance with any established contingency plan or by other means at the cost of the lessee, but such action shall not relieve the lessee of any responsibility as provided herein.

(c) The lessee's liability to third parties, other than for cleaning up the pollutant in accordance with paragraph (b) of this section, shall be governed by applicable law.

§ 260.37 Accidents, fires, and malfunctions.

The lessee shall conduct all its exploration, development and mining operations in a manner which will prevent accidents and fires and shall immediately notify the mining supervisor of all serious accidents and fires on the lease, and shall submit in writing a full report thereon within 10 days. The lessee shall notify

the mining supervisor within 24 hours of any other unusual condition, problem, or malfunction.

§ 260.38 Workmanlike operations.

The lessee shall perform all operations in a safe and workmanlike manner and shall maintain equipment for the protection of the lease, its improvements, for the health and safety of all persons, and for the preservation and conservation of the property and the environment. All unsafe or hazardous conditions shall be corrected immediately.

§ 260.39 Royalty and rental payments.

The lessee shall pay all rentals when due and shall pay when due all royalties in the dollar amounts determined by the mining supervisor as payable under the terms of the lease. Payments of rentals and royalties shall be by check or draft on a solvent bank, or by money order, drawn to the order of the United States Geological Survey.

ROYALTIES AND AUDITS

§ 260.60 Value basis for computing royalties.

The value of production, for the purpose of computing royalty, shall be the value of the product at the point of shipment to market, as determined by the mining supervisor, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same area, to the price received by the lessee, to posted prices, and to other relevant matters. Under no circumstances shall the value of production for the purposes of computing royalty be deemed to be less than the value computed on such reasonable unit value as shall have been determined by the Secretary. In the absence of good reason to the contrary, value computed on the basis of the highest price paid or offered at the time of production in a fair and open market for the major portion of like-quality products produced and sold from the area where the leased lands are situated will be considered to be a reasonable value.

§ 260.61 Royalty.

Royalty shall be paid monthly based on production removed or sold from the leasehold during each month. Records of production removed or sold shall be signed by representatives of the lessee and of the purchaser or the transporter who have witnessed the weights and measurements reported, or shall meet such other requirements as the mining supervisor may approve.

§ 260.62 Audits.

An independent audit of the lessee's accounts and books by qualified, disinterested certified public accountants may be required annually or at such other times as may be directed by the mining supervisor, and at the expense of the lessee. The lessee shall furnish free of cost duplicate copies of such annual or other audits to the mining supervisor, within 30 days after the completion of each audit.

DEFAULT AND APPELLATE PROCEDURES

§ 260.70 Default.

Whenever the lessee fails to comply with the provisions of the regulations in this part, the mining supervisor is authorized to give a 30-day notice of such default by registered letter to the lessee at his record post office address as provided in section 5(b)(1) of the act. If the lessee fails to correct the default within 30 days of receipt of the notice, the mining supervisor is authorized to recommend to the Secretary, through the Director, (a) lease cancellation pursuant to section 5(b) (1) and (2) of the act, (b) appropriate action under the penalty provisions of section 5(a)(2) of the act, or (c) the exercise of any other legal or equitable remedy which the lessor may have.

§ 260.71 Appeals.

(a) A person adversely affected by an order or decision of the mining supervisor made pursuant to the provisions of this part shall have a right of appeal to the Director and the further right of appeal to the Director, Office of Hearings and Appeals, Office of the Secretary, from an adverse decision of the Director, unless such decision was approved by the Secretary prior to promulgation. Compliance with any such order or decision shall not be suspended by reason of an appeal having been taken unless such suspension is authorized in writing by the Director, or by the Director, Office of Hearings and Appeals, dependent upon with whom the appeal is pending, and then only upon a determination that such suspension will not be detrimental to the lessor or upon the submission and acceptance of a bond deemed adequate to indemnify the lessor from loss or damage.

(b) An appeal to the Director may be taken by filing a notice of appeal with the mining supervisor within 30 days from service of the mining supervisor's order or decision. The notice of appeal shall incorporate or be accompanied by such written showing and argument on the facts and the law as the appellant may deem adequate to justify reversal or modification of the order or decision. Within the same 30-day period, the appellant will be permitted to file with the mining supervisor additional statements of reasons and written arguments or briefs.

(c) The mining supervisor shall transmit the appeal and accompanying papers, together with a full report and recommendations, to the Director, who will review the record and render a decision in the case.

(d) Oral argument in any case pending before the Director will be allowed on motion in his discretion and at a time to be fixed by him.

(e) Appeals to the Director, Office of Hearings and Appeals, shall be made pursuant to procedures set forth in 43 CFR Part 4, Department of Hearings and Appeals Procedures.

(f) Procedures with respect to notice of hearings, and the conduct thereof, and in respect to appeals from decisions of hearing examiners upon such hearings, shall follow insofar as practicable the procedural rules applicable to hearings and appeals in public lands cases within the jurisdiction of the Board of Land Appeals set forth in 43 CFR Part 4, Department Hearings and Appeals Procedures. If the hearing examiner shall find that a violation exists, the lessee shall have an extension of time of 30 days after the lessee's receipt of the hearing examiner's decision upon such a hearing within which to correct the violation of regulations or of lease terms, or, if the violation is one which cannot be corrected within such extended period, such longer time as may be required provided the lessee has commenced in good faith within such extended 30-day period and thereafter proceeds diligently to correct the violation.

(g) With the exception of the time fixed for filing a notice of appeal, the time for filing any document in connection with an appeal to the Director may be extended by the Director. A request for an extension of time must be filed within the time allowed for the filing of the document and must be filed in the same office in which the document in connection with which the extension is requested must be filed.

§ 260.72 Judicial review.

Nothing contained in this part shall be construed to prevent any interested party from seeking judicial review as authorized by law.

REPORTS AND RECORDS

§ 260.80 Monthly report of operations.

A separate report of operations for each lease must be made for each calendar month, beginning with the month in which operations are initiated, and must be filed in duplicate with the mining supervisor on or before the 20th day of the succeeding month, unless an extension of time for the filing of such report is granted by the mining supervisor. The report shall disclose accurately and in detail all operations conducted during each month, and present a general summary of the status of operations on the leased lands. The report must be submitted each month until the lease is terminated or relinquished or unless omission of the report is authorized by the mining supervisor. The report shall show for each calendar month the location of each operation, the number of days operated, the quantity, quality and value of lease products produced, sold and disposed of and other information as may be required by the mining supervisor.

§ 260.81 Special forms or reports.

When special forms or reports other than those referred to in the regulations in this part may be necessary, instructions for the filing of such forms or reports will be given by the mining supervisor.

§ 260.82 Public inspection of records.

Geological and geophysical interpretations, maps, and data and commercial and financial information required to be

submitted under this part shall not be available for public inspection without the consent of the lessee so long as the lessee furnishing such data, or his successors or assignees, continues to hold a lease of the lands involved.

JOHN B. RIGG,
Deputy Assistant Secretary of the Interior.

JANUARY 29, 1974.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[9 CFR Part 381]

DRY MILK PRODUCTS INTENDED FOR USE AS INGREDIENTS OF POULTRY FOOD PRODUCTS

Proposed Restrictions

Notice is hereby given in accordance with the administrative procedure provisions in 5 U.S.C. 553, that pursuant to the authority contained in the Poultry Products Inspection Act (21 U.S.C. 451 et seq.), the Animal and Plant Health Inspection Service is proposing to amend Part 381, Subpart 0, of the poultry products inspection regulations (9 CFR Part 381) to require that dry milk products used in poultry products be produced in accordance with the requirements for grading and inspection, general specifications for approved plants, and standards for grades of dairy products as provided in Title 7, Part 58, of the Code of Federal Regulations.

Statement of considerations. In 1967, after the Food and Drug Administration reported the presence of Salmonella in several production lots of dry milk products, the Federal meat inspection regulations were amended to require that all dry milk products used in the preparation of meat food products be produced in a dairy products plant approved under 7 CFR Part 58. The regulations under 7 CFR Part 58 require that plants producing dairy products under those regulations meet certain equipment and facility requirements necessary for the sanitary handling of such products and submit such products for inspection at all phases of their production. That amendment to the Federal meat inspection regulations strengthened the consumer's protection against possible foodborne illnesses by assuring that such dairy products used in preparing meat food products were produced under USDA inspection. The Department's poultry products inspection regulations were not amended at that time to similarly reflect this added consumer assurance.

Recently, there has been considerable interest exhibited by poultry products processors to expand the use of dry milk products, in accordance with the present poultry products inspection regulations, in preparing some poultry products. Therefore, the Department is proposing to amend the poultry products inspection regulations to require that dairy products used in preparing poultry products must be produced under the requirements of 7 CFR Part 58 to give the consumer the same measure of assurance for those poultry products containing dry milk as received when purchasing meat food products containing similar materials.

This Department's Agricultural Marketing Service, Dairy Division, periodically prepares a list of plants producing dairy products which have been approved under 7 CFR Part 58. This list is made available to USDA inspectors assigned to meat and poultry plants for their use in determining acceptability of dairy products entering such establishments.

Accordingly, § 381.147 would be amended by redesignating paragraphs (d), (e), and (f) as paragraphs (e), (f), and (g), respectively, and adding a new paragraph (d) to read as follows:

§ 381.147 Restrictions on the use of substances in poultry products.

* * * * *

(d) Dry milk products which are intended for use as ingredients of poultry products shall be considered acceptable for use only when produced in a plant approved by the Department under the regulations in 7 CFR Part 58, and when found to be sound and otherwise acceptable when presented for use. Dry milk products prepared in a plant not so approved shall not be used in the preparation of such poultry products.

* * * * *

Any person wishing to submit written data, views, or arguments concerning the proposed amendment may do so by filing them in duplicate with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250, or if the material is deemed to be confidential, with the Inspection Standards and Regulations Staff, Technical Services, Meat and Poultry Inspection Program, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, Washington, D.C. 20250, by April 19, 1974.

Any person desiring opportunity for oral presentation of views should address such request to the Staff identified in the preceding paragraph, so that arrangements may be made for such views to be presented prior to the date specified in the preceding paragraph. A record will be made of all views orally presented.

All written submissions and records of oral views made pursuant to this notice will be made available for public inspection in the Office of the Hearing Clerk during regular hours of business, unless the person makes the submission to the Staff identified in the preceding paragraph and requests that it be held confidential. A determination will be made whether a proper showing in support of the request has been made on grounds that its disclosure could adversely affect such person by disclosing information in the nature of trade secrets or commercial or financial information obtained from any person and privileged or confidential. If it is determined that a proper showing has been made in support of the request, the material will be held confidential; otherwise, notice will be given of denial of such request and an opportunity afforded for withdrawal of the submission. Requests for confidential treatment will be held confidential (7 CFR 1.27(c)).

Comments on the proposal should bear a reference to the date and page number of this issue of the FEDERAL REGISTER.

Done at Washington, D.C., on January 28, 1974.

G. H. WISE,
Acting Administrator, Animal and Plant Health Inspection Service.

CACAO PRODUCTS AND CONFECTIONERY

Proposal To Establish Good Manufacturing Practice Regulation; Clarification and Extension of Time for Filing Comments

In the FEDERAL REGISTER of November 26, 1973 (38 FR 32554), the Commissioner of Food and Drugs proposed establishment of a current good manufacturing practice regulation for the manufacture and processing of cacao products and confectionery (21 CFR Part 128c). A period of 60 days was provided for the filing of comments.

The Commissioner has received a request for extension of such time. Good reason therefor appearing, the time for filing comments in this matter is extended to February 25, 1974.

The Commissioner has also received inquiries as to whether proposed Part 128c covers the manufacture and processing of chewing gum. For the purpose of clarification notice is hereby given that proposed Part 128c does not cover chewing gum.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 402(a)(4), 701(a), 52 Stat. 1046, 1055; (21 U.S.C. 342(a)(4), 371(a))) and under authority delegated to the Commissioner (21 CFR 2.120).

Dated: January 28, 1974.

SAM D. FINE,
Associate Commissioner for Compliance.

of the final order in the FEDERAL REGISTER."

Social and Rehabilitation Service

[45 CFR Part 233]

PUBLIC ASSISTANCE—INCAPACITY IN AFDC

Proposed Definition

Notice is hereby given that the regulations set forth in tentative form below are proposed by the Administrator, Social and Rehabilitation Service, with the approval of the Secretary of Health, Education, and Welfare. The proposed regulation relates to the definition of "physical or mental incapacity" of a parent under the Aid to Families with Dependent Children program, title IV–A of the Social Security Act.

Under the current regulation, States are permitted to include families where the parent who has been supporting the child is unable to care for the child or where the parent who has been caring for the child continues to be able to perform that function but is physically or mentally unable to support the child. Most States have determined incapacity in terms of the usual function, either supporting or caring, performed by the parent. Thus, a mother's (or father's if he is homemaker) inability to work outside the home would not make her eligible for AFDC if she could still care for the children in the home and that is what she was doing before she became incapacitated. Most States have also required that there be a causal connection between the incapacity and the inability to support or care and that the inability be substantial.

These practical constructions of the Act and regulation are within the scope of the statutory and regulatory intent. It is desirable, however, to define the term "incapacity" with greater clarity to achieve uniformly equitable administration.

This proposed regulation would explicitly require that there be a causal connection between the parent's incapacity and his inability to support or care for the child. The proposed regulation would further provide that the parent's ability to support or care for the child must be reduced substantially or eliminated as the result of the incapacity. "Reduced substantially" or "eliminated" is not intended as an option but is to make clear the necessity of causal relationship between the physical or mental condition and the ability to support or care. Thus, although the incapacity may still be temporary, it must be the cause of and result in a substantial inability to support or care for the child.

The following examples indicate how the regulation would be applied. These examples are merely illustrative and are not intended to provide parameters or guidelines to implementattion of the proposed regulation.

Mr. and Mrs. X have two children. Mr. X is a file clerk and is otherwise eligible under the State need standard. Mrs. X stays home and cares for the children.

(1) Mr. X is informed by his optometrist that he must wear glasses to correct severe myopia. The glasses do not interfere with his employment and thus there is no causal connection between the wearing of glasses and Mr. X's ability to support the family.

(2) Mr. X fractures his femur bone and expects to be bedridden and in traction for at least six weeks. This condition satisfies the definition because the physical impairment is the cause that makes Mr. X unable to work and support his children. Of course the family may still be ineligible if he has accrued sick leave. In this event he would still be considered employed. If he has other income such as insurance he would be eligible, so long as his total income is less than the State's need standard. Such income would be deducted as unearned income.

(3) Mr. X recovers and returns to work and Mrs. X fractures her femur and expects to be bedridden and in traction for at least 6 weeks. The family, which is still needy under the State's standard of need, may be eligible. If the children are small, Mrs. X's impairment may well reduce substantially or eliminate her ability to care for them. On the other hand, if the children are teenagers, the type of care necessary may be such that it can be performed while bedridden. Since her usual function is homemaking, her ability to earn income is not relevant to the determination of incapacity.

Prior to the adoption of the proposed regulations, consideration will be given to any comments, suggestions, or objections thereto which are received in writing by the Administrator, Social and Rehabilitation Service, Department of Health, Education, and Welfare, 330 Independence Avenue, SW., Washington, D.C. 20201, on or before March 4, 1974. Comments received will be available for public inspection in Room 5224 of the Department's offices at 330 C Street, SW., Washington, D.C. on Monday through Friday of each week from 8:30 a.m. to 5:00 p.m. (area code 202–245–0365).

(Sec. 1102, 49 Stat. 647 (42 U.S.C. 1302))

Dated: September 26, 1973.

JAMES S. DWIGHT, Jr.,
Administrator, Social and Rehabilitation Service.

Approved: January 28, 1974.

CASPAR W. WEINBERGER,
Secretary.

Section 233.90, Part 233, Chapter II, Title 45 of the Code of Federal Regulations is amended by adding a new subdivision (6) to paragraph (b) and revising paragraphs (c)(1)(i) and (iv). As amended, § 233.90(b) and (c) read as set forth below:

§ 233.90 Factors specific to AFDC.

* * * * *

(b) *Condition for plan approval.* (1) A child may not be denied AFDC either initially or subsequently "because of the conditions of the home in which the child resides", or because the home is considered "unsuitable", unless "provision is otherwise made pursuant to a State statute for adequate care and assistance with respect to such child". (Section 404(b) of the Social Security Act.)

(2) An otherwise eligible child who is under the age of 18 years may not be denied AFDC, regardless of whether he attends school or makes satisfactory grades.

(3) If a State elects to include in its AFDC program children 18 and over, it must include all children 18 years of age and under 21 who are students regularly attending a school, college, or university, or a course of vocational or technical training designed to fit them for gainful employment.

(4) A child may not be denied AFDC either initially or subsequently because a parent or caretaker relative fails to assist:

(i) In the establishment of paternity of a child born out of wedlock; or

(ii) In seeking support from a person having a legal duty to support the child; But neither this nor any other provision of these regulations should be construed to require that provision be made by a State in its AFDC program for the maintenance of a parent or caretaker who fails to provide such assistance and AFDC may be denied with respect to such parent or caretaker.

(5) [Reserved]

(6) An otherwise eligible child may not be denied AFDC if a parent is mentally or physically incapacitated as defined in paragraph (c)(1)(iv) of this section.

(c) *Federal financial participation.* (1) Federal financial participation under title IV–A of the Social Security Act in payments with respect to a "dependent child", as defined in section 406(a) of the Act, is available within the following interpretations:

(i) *Needy child deprived by reason of.* The phrase "needy child * * * deprived * * * by reason of" requires that both need and deprivation of parental support or care exist in the individual case. The phrase encompasses the situation of any child who is in need and otherwise eligible, and whose parent—father or mother—either has died, has a physical or mental incapacity, or is continually absent from the home. This interpretation is equally applicable whether the parent was the chief bread winner or devoted himself or herself primarily to the care of the child, and whether or not the parents were married to each other. The determination whether a child has been deprived of parental support or care is made in relation to the child's natural parent or, as appropriate, the adoptive parent or stepparent described in paragraph (a) of this section.

(ii) *Death of a parent.* If either parent of a child is deceased, the child is deprived of parental support or care, and may, if he is in need and otherwise eligible, be included within the scope of the program.

(iii) *Continued absence of the parent from the home.* Continued absence of the parent from the home constitutes the reason for deprivation of parental support or care when the parent is out of the home, the nature of the absence is such as either to interrupt or to terminate the parent's functioning as a provider of maintenance, physical care, or guidance for the child, and the known

or indefinite duration of the absence precludes counting on the parent's performance of his function in planning for the present support or care of the child. If these conditions exist, the parent may be absent for any reason, and he may have left only recently or some time previously.

(iv) *"Physical or mental incapacity".* "Physical or mental incapacity" of a parent shall be deemed to exist when one parent has a physical or mental defect, illness, or impairment. The incapacity shall be supported by competent medical testimony and must be of such a debilitating nature as to reduce substantially or eliminate the parent's ability to support or care for the otherwise eligible child and be expected to last for a period of at least 30 days.

(v) *"Living with [a specified relative] in a place of residence maintained * * * as his * * * own home".* (A) A child may be considered to meet the requirement of living with one of the relatives specified in the Act if his home is with a parent or a person in one of the following groups:

(*1*) Any blood relative, including those of half-blood, and including first cousins, nephews, or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great.

(2) Stepfather, stepmother, stepbrother, and stepsister.

(3) Persons who legally adopt a child or his parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with State law.

(4) Spouses of any persons named in the above groups even after the marriage is terminated by death or divorce.

(B) A home is the family setting maintained or in process of being established, as evidenced by assumption and continuation of responsibility for day to day care of the child by the relative with whom the child is living. A home exists so long as the relative exercises responsibility for the care and control of the child, even though either the child or the relative is temporarily absent from the customary family setting. Within this interpretation, the child is considered to be "living with" his relative even though

(*1*) He is under the jurisdiction of the court (e.g., receiving probation services or protective supervision); or

(2) Legal custody is held by an agency that does not have physical possession of the child.

(vi) *"Student regularly attending a school, college, or university, or regularly attending a course of vocational or technical training designed to fit him for gainful employment."* A child may be considered a student regularly attending a school or a training course:

(A) If he is enrolled in and physically attending a full-time (as certified by the school or institute attended) program of study or training leading to a certificate, diploma or degree; or

(B) If he is enrolled in and physically attending at least half-time (as certified by the school or institute attended) a program of study or training leading to a certificate, diploma or degree and is regularly employed in or available for and actively seeking part-time employment; or

(C) If he is enrolled in and physically attending at least half-time (as certified by the school or institute attended) a program of study or training leading to a certificate, diploma or degree and is precluded from full-time attendance or part-time employment because of a verified physical handicap.

Under this interpretation:

(D) Full-time and half-time attendance are defined, as set forth in Veterans Administration requirements:

(*1*) In a trade or technical school, in a program involving shop practice, full-time is 30 clock hours per week and half-time is 15 clock hours; in a program without shop practice, full-time is 25 clock hours and half-time is 12 clock hours;

(2) In a college or university, full-time is 12 semester or quarter hours and half-time is 8 semester or quarter hours;

(3) In a secondary school, full-time is 25 clock hours per week or 4 Carnegie units per year and half-time is 12 clock hours or 2 Carnegie units;

(4) In a secondary education program of cooperative training or in apprenticeship training, full-time attendance is as defined by State regulation or policy; and

(E) A child shall be considered in regular attendance in months in which he is not attending because of official school or training program vacation, illness, convalescence, or family emergency, and for the month in which he completes or discontinues his school or training program.

(2) Federal financial participation is available in:

(i) Initial payments made on behalf of a child who goes to live with a relative specified in section 406(a)(1) of the Social Security Act within 30 days of the receipt of the first payment, provided payments are not made for a concurrent period for the same child in the home of another relative or as AFDC–FC;

(ii) Payments with respect to an unborn child when the fact of pregnancy has been determined by medical diagnosis;

(iii) Payments made for the entire month in the course of which a child leaves the home of a specified relative, provided payments are not made for a concurrent period for the same child in the home of another relative or as AFDC–FC; and

(iv) Payments made to persons acting for relatives specified in section 406(a)(1) of the Act in emergency situations that deprive the child of the care of the relative through whom he has been receiving aid, for a temporary period necessary to make and carry out plans for the child's continuing care and support.

(3) Federal financial participation (at the 50 percent rate) is available in any expenses incurred in establishing eligibility for AFDC, including expenses incident to obtaining necessary information to determine the existence of incapacity of a parent or pregnancy of a mother.

[Regs. No. 16]

SUPPLEMENTAL SECURITY INCOME FOR THE AGED, BLIND AND DISABLED

Decisions of Presumptive Disability

Notice is hereby given, pursuant to the Administrative Procedure Act (5 U.S.C. 553), that the regulations set forth in tentative form below are proposed by the Commissioner of Social Security, with the approval of the Secretary of Health, Education, and Welfare. The proposed regulations relate to decisions of presumptive disability under the Supplemental Security Income program.

The rules set forth in the proposed regulations will be applied by the Social Security Administration in order to administer the Supplemental Security Income program during the period from January 1, 1974, when the new program becomes effective, until final regulations are adopted.

Prior to the adoption of the proposed regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in triplicate to the Commissioner of Social Security, Department of Health, Education, and Welfare Building, Fourth and Independence Avenue SW., Washington, D.C. 20201, on or before March 4, 1974.

Copies of all comments received in response to this notice will be available for public inspection during regular business hours at the Washington Inquiries Section, Office of Public Affairs, Social Security Administration, Department of Health, Education, and Welfare, North Building, Room 4146, 330 Independence Avenue SW., Washington, D.C. 20201.

The proposed regulations are to be issued under the authority contained in sections 1102, 1614, and 1631 of the Social Security Act; 49 Stat. 647, as amended, 86 Stat. 1471, 86 Stat. 1475; 42 U.S.C. 1302, 1382c, and 1383.

(Catalog of Federal Domestic Assistance Program No. 13.807, Supplemental Security Income Program)

Dated: January 21, 1974.

J. B. CARDWELL,
Commissioner of Social Security.

Approved: January 28, 1974.

CASPAR W. WEINBERGER,
Secretary of Health, Education, and Welfare.

Part 416 of Chapter III of Title 20 of the Code of Federal Regulations is amended by adding new §§ 416.951–416.953 reading as follows:

§ 416.951 Presumptive disability—general.

Payment may be made to an individual applying for supplemental security income benefits on the basis of disability, for a period not exceeding three months, prior to a determination of disability if such individual is found to presumptively disabled and has been determined to meet all other eligibility requirements. Any payments made on the basis of presumptive disability shall not be considered overpayments if the individual is subsequently found not to be an eligible individual or an eligible spouse solely on the basis of a determination that he is not under a disability.

§ 416.952 Initiation, duration and termination of payments made on the basis of presumptive disability.

Payments may be made on the basis of presumptive disability for a period of not more than three months beginning with and for the month in which the presumptive disability decision is rendered. Payments on the basis of presumptive disability will end with the earlier of the following:

(a) The month in which the disability determination is made, or

(b) The third monthly payment based on presumptive disability.

§ 416.953 Findings of presumptive disability.

(a) Findings of presumptive disability may be made when there is evidence of a prima facie case of disability. A prima facie case of disability is one in which the evidence available at the time of the presumptive disability decision, when viewed in light of the definition of disability in § 416.901(b)(1), reflects a high degree of probability that the applicant is disabled as so defined.

(b) In the case of readily observable severe impairments (e.g., amputation of extremities), a prima facie case of disability may be present without medical evidence. In all other cases, a prima facie case of disability will be based on medical and other evidence which, though not sufficient for a final determination of disability, is sufficient for authorized disability evaluators to determine that there is a high degree of probability that the applicant is disabled as defined in § 416.901(b)(1).

§ 416.954 Presumptive disability for certain conversion recipients.

An individual determined to be permanently and totally disabled under a State plan approved under title XIV or XVI of the Act as in effect for October 1972 but who did not receive aid under such plan for at least one month prior to July 1973, as required by section 1614(a)(3)(E) of the Act, may receive payments based on presumptive disability beginning in January 1974 and subject to the termination conditions defined in § 416.952: *Provided*, The individual was certified for disability eligibility and received aid under such plan on the basis of disability for December 1973. The finding of permanent and total disability under the State plan will, in such cases, be regarded as evidence of a prima facie case of disability as required by § 416.953.

ENVIRONMENTAL PROTECTION AGENCY

[40 CFR Part 52]

MAINE

Proposed Revision Concerning Open Burning

On May 31, 1972 (37 FR 10842) pursuant to section 110 of the Clean Air Act and 40 CFR Part 51, the Administrator approved with exceptions the Maine implementation plan for the attainment of national ambient air quality standards. Included in approved portions of the plan were regulations banning the use of open burning as a means of solid waste disposal after July 1, 1974. On September 4, 1973, Mr. William R. Adams, Jr., Commissioner of the Maine Department of Environmental Protection, submitted a proposed revision to the plan which would postpone the date for cessation of open burning until July 1, 1975.

The Administrator hereby issues this notice setting forth the revision to the Maine implementation plan postponing the date for cessation of open burning for one year as proposed rulemaking and advises the public that comments may be submitted addressing approval/disapproval of the revision as required by section 110 of the Clean Air Act. The Administrator's decision to approve or disapprove the plan is based on whether it meets the requirements of section 110(a)(2)(A-H) of the Act, and EPA regulations in 40 CFR Part 51.

In addition to postponing the final date of compliance with the Maine Regulation 100.2, the revision sets forth the following schedule for compliance:

A. *November 1, 1973.* Status reports from towns currently open burning to be submitted to the Maine Board of Environmental Protection.

B. *April 15, 1974.* Status report indicating that the necessary studies and investigation, and preparation of final plans is progressing to insure compliance with § 100.2.

C. *October 1, 1974.* Final plans for alternate method of solid waste disposal to be submitted to the Board for review and approval.

D. *April 15, 1975.* Copies of executed contracts or agreements necessary to implement the approved final plans.

E. *July 1, 1975.* Certification of compliance.

Copies of the Maine revision are available for public inspection during normal business hours at the EPA Regional Office, Region I, Room 2113, J. F. Kennedy Federal Building, Boston, Massachusetts 02203, the Bureau of Air Quality Control, Maine Department of Environmental Protection, Vickering-Hill Building, Chapel Street, Augusta, Maine, and the Freedom of Information Center, EPA, 401 M Street, SW., Washington, D.C.

Interested persons may participate in this rulemaking by submitting written comments, preferably in triplicate, to the Regional Administrator, Environmental Protection Agency, Region I, J. F. Kennedy Federal Building, Boston, Massachusetts 02203. All comments received on or before March 4, 1974, will be considered. Receipt of comments will be acknowledged. Comments received will be available during normal working hours at the Region I office.

All relevant matter presented shall be evaluated and the Agency will incorporate in the rules adopted a concise general statement of their basis and purpose.

(42 U.S.C. 1857c-5(a))

Dated: January 25, 1974.

JOHN QUARLES,

[40 CFR Part 405]

DAIRY PRODUCTS PROCESSING INDUSTRY POINT SOURCE CATEGORY

Proposed Effluent Limitations Guidelines for Existing Sources and Standards of Performance and Pretreatment Standards for New Sources; Extension of Time for Comments

On December 20, 1973, the Environmental Protection Agency (EPA) published a notice of proposed rulemaking pursuant to sections 301, 304(b) and (c), 306(b) and 307(c) of the Federal Water Pollution Control Act as amended, 33 U.S.C. 1251, et. seq. (38 FR 34954). The proposed regulation establishes effluent limitations guidelines for existing sources and standards of performance and pretreatment standards for new sources in the dairy products processing industry point source category. As a result of a clerical error, no due date for comments was provided in the notice. Subsequently, on January 9, 1974, a correction notice was published which provided a due date for submission of comments of January 21, 1974 (39 FR 1454).

EPA anticipated that the "Development Document for Proposed Effluent Limitations Guidelines and New Source Performance Standards for the Point Source Category", which contains information pertinent to the proposed regulation, would be available to the public throughout the comment period. Production difficulties, however, have delayed the availability of the Development Document. The Agency believes that members of the public should have an opportunity to review the Development Document in connection with their review of the proposed regulation. Accordingly, the date for submission of comments is hereby extended to and including February 28, 1974.

Dated: January 28, 1974.

ALAN G. KIRK II,
Assistant Administrator for Enforcement and General Counsel.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 73]

[Docket No. 19906, RM-1786]

EXTENSION METERING OF BROADCAST TRANSMITTERS

Order Extending Time for Filing Comments and Reply Comments

In the matter of amendment of Part 73 of the Commission's rules and regulations to provide for extension metering of broadcast transmitters.

1. On December 19, 1973, the Commission adopted a notice of proposed rule making in the above-entitled proceeding. Publication was given in the FEDERAL REGISTER on January 4, 1974, 39 FR 1070. Comment and reply comment dates are presently February 4 and February 15, 1974, respectively.

2. On January 22, 1974, the Association of Federal Communications Consulting Engineers (AFCCE) requested a 30-day extension to and including March 5, 1974 in which to file comments. The AFCCE states the additional time is required for the Rules and Standards Committee to obtain suggestions from individual members and finalize comments to be filed on behalf of the Association.

3. We are of the view that the public interest would be served by extending the time in this proceeding. *Accordingly, it is ORDERED*, that the dates for filing comments and reply comments are extended to and including March 5, and March 26, 1974, respectively.

4. This action is taken pursuant to authority found in sections 4(i), 5(d)(1), and 303(r) of the Communications Act of 1934, as amended, and Section 0.281 (b)(6) of the Commission's rules.

Adopted: January 24, 1974.

Released: January 24, 1974.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

Notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF STATE

[Public Notice CM–106]

STUDY GROUP 1 OF THE U.S. NATIONAL COMMITTEE FOR THE INTERNATIONAL TELEGRAPH AND TELEPHONE CONSULTATIVE COMMITTEE (CCITT)

Notice of Meeting

The Department of State announces a scheduled meeting of the United States Study Group on U.S. Government Regulatory Problems concerned with preparation for meetings of Study Groups of the International Telegraph and Telephone Consultative Committee of the International Telecommunication Union. The meeting will take place on Thursday, February 14, 1974, at 10:00 a.m. in Room 847 of the Federal Communications Commission, 1919 M Street, N.W., Washington, D.C.

The agenda of this first CCITT Study Group I preparatory meeting in the 1973–1976 CCITT study period will include plans for the development of U.S. Contributions on questions assigned for study during the 1973–1976 period to CCITT Study Group I, "Telegraph operation and tariffs (including telex)," and the development of U.S. positions on questions where it is decided not to submit U.S. contributions. In particular, proposals for revision of rules for counting of chargeable words in telegrams will be considered.

Members of the general public who desire to attend the meeting on February 14 will be admitted up to the limit of the capacity of the meeting room.

Dated: January 24, 1974.

RICHARD T. BLACK,
Chairman,
U.S. National Committee.

[Public Notice CM–107]

STUDY GROUP 7 OF THE U.S. NATIONAL COMMITTEE FOR THE INTERNATIONAL RADIO CONSULTATIVE COMMITTEE (CCIR)

Notice of Meeting

The Department of State announces that Study Group 7 of the U.S. National Committee for the International Radio Consultative Committee (CCIR) will meet on February 26, 1974, at 9:30 a.m. in Room N–13 of Building 12, National Aeronautics and Space Administration (NASA), Goddard Space Flight Center, Greenbelt, Maryland.

Study Group 7 deals with time-signal services. The agenda for the meeting will include the following matters:

a. Final review of, and formulation of a U.S. position toward all foreign documents (submitted for the Geneva meetings) received by that date;

b. Review of any last minute developments which could affect the U.S. posture at the International Study Group 7 meetings.

Members of the general public who desire to attend the meeting will be admitted up to the limits of the capacity of the meeting room. In that regard, entrance to the Goddard Space Flight Center is controlled and all non-NASA representatives will be required to register at whichever gate is used for entry to the area. Entry for members of the general public may be facilitated if arrangements are made in advance of the meeting. Therefore, it is suggested that prior to February 26, 1974, members of the general public who plan to attend the meeting should inform their name, affiliation and address to Mr. Hugh Fosque, NASA Headquarters; the telephone number is area code 202, 755–2434.

Dated: January 24, 1974.

GORDON L. HUFFCUTT,
Chairman,
U.S. CCIR National Committee.

Bonneville Power Administration

BONNEVILLE REGIONAL ADVISORY COUNCIL

Notice of Public Meeting

The Bonneville Regional Advisory Council will hold its annual meeting on March 5, 1974, at the Portland Sheraton Motor Inn, Portland, Oregon. The meeting will begin at 9:30 a.m. and will be open to interested members of the public. A registration period will precede the start of the meeting. There is no registration fee, but there will be a charge for the no-host luncheon.

The main purpose of the meeting will be to discuss the energy situation within the Pacific Northwest region served by the Bonneville Power Administration. Aspects of this topic to be covered include such items as the Pacific Northwest energy outlook, energy conservation and the environment, the proposed BPA wholesale rate increase, and long-range planning to meet the power supply needs of the region.

The Bonneville Regional Advisory Council serves to bring to the attention of its members matters pertinent to BPA programs. The Council does not pass formal resolutions as such but the annual meeting does serve as a general forum for the free exchange of ideas as to the best ways of utilizing the energy resources of the region.

Copies of the proceedings of the annual meeting will be furnished upon request to the Executive Secretary, Bonneville Regional Advisory Council, PO Box 3621, Portland, Oregon 97208.

Dated: January 23, 1974.

DONALD PAUL HODEL,
Administrator.

El Sol to Vail Transmission Line (TG&E); Availability of Draft Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Bureau of Land Management, Department of the Interior, has prepared a draft environmental statement for the construction of two 345 kv Transmission Lines from El Sol Substation at Phoenix, to the Vail Substation at Tucson, Arizona. Tucson Gas & Electric Company proposes to construct the lines through portions of Maricopa, Pinal, and Pima Counties. The lines proposed are an extension of the power transmission system for power being generated at the coal fired Navajo Plant in Northern Arizona.

The draft statement considers the impacts of powerline construction, operation, and maintenance.

Copies are available for inspection at the following locations during regular office hours:

Phoenix District Office, Bureau of Land Management, 2929 West Clarendon Avenue, Phoenix, Arizona.

Arizona State Office, Bureau of Land Management, Room 3204, Federal Building, 230 N. 1st Avenue, Phoenix, Arizona.

Office of Public Affairs, Bureau of Land Management, Room 5643, Interior Building, Washington, D.C.

A limited number of single copies may be obtained by writing the Arizona State Director, Bureau of Land Management, 3022 Federal Building, Phoenix, Arizona 85025. Otherwise copies may be obtained for $13.75 each, by writing to the National Technical Information Service, Department of Commerce, Springfield, Va. 22151. Please refer to the statement number above.

Comments on the draft environmental statement should be sent to the State Director, Bureau of Land Management, Room 3022, Federal Building, 230 N. 1st Avenue, Phoenix, Arizona 85025. These comments must be made on or before March 18, 1973 to be considered in preparation of the final environmental statement.

Dated: January 28, 1974.

PROPOSED ROXBOROUGH PARK ACQUISITION

Availability of Final Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Department of the Interior has prepared a final environmental statement for the Roxborough Park acquisition. The Notice of Availability inviting comments on the draft statement (Int Des 73–71) was published in the FEDERAL REGISTER on November 23, 1973.

The environmental statement considers the acquisition by the State of Colorado of approximately 402 acres of land for the purpose of establishing a new State Park. Federal financial assistance would be provided from the Land and Water Conservation Fund. Tentative future development plans include construction of trails for walking, hiking, horseback riding, a visitor/interpretive center with associated parking, and some designated picnic sites.

Copies of the final environmental statement are available for inspection at the following locations:

Bureau of Outdoor Recreation, Mid-Continent Region, 603 Miller Court, Lakewood, Colorado 80215.

Bureau of Outdoor Recreation, Division of State Programs, Interior Building, 18th and C Streets, N.W., Washington, D.C. 20240.

State Clearinghouse, Executive Director, Department of Local Affairs, 1550 Lincoln Street, Room 208, Denver, Colorado 80203.

Douglas County Courthouse, Castle Rock, Colorado.

Denver Regional Council of Governments, 1776 South Jackson, Suite 200, Denver, Colorado 80210.

Copies may be obtained by writing the National Technical Information Service, Department of Commerce, Springfield, Virginia 22151. Please refer to the statement number above.

Dated: January 28, 1974.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Federal Disaster Assistance Administration

[Docket No. NFD-146; FDAA-412-DR]

CALIFORNIA

Notice of Major Disaster and Related Determinations

Pursuant to the authority vested in the Secretary of Housing and Urban Development by the President under Executive Order 11749 of December 10, 1973; and delegated to me by the Secretary under Department of Housing and Urban Development Delegation of Authority, Docket No. D-73-238; and by virtue of the Act of December 31, 1970, entitled "Disaster Relief Act of 1970" (84 Stat. 1744), as amended by Pub. L. 92-209 (85 Stat. 742); notice is hereby given that on January 25, 1974, the President declared a major disaster as follows:

I have determined that the damage in certain areas of the State of California resulting from severe storms and flooding, beginning about January 15, 1974, is of sufficient severity and magnitude to warrant a major disaster declaration under Public Law 91-606. I therefore declare that such a major disaster exists in the State of California. You are to determine the specific areas within the State eligible for Federal assistance under this declaration.

Notice is hereby given that pursuant to the authority vested in the Secretary of Housing and Urban Development under Executive Order 11749, and delegated to me by the Secretary under Department of Housing and Urban Development Delegation of Authority, Docket No. D-73-238, to administer the Disaster Relief Act of 1970 (Pub. L. 91-606, as amended), I hereby appoint Mr. Robert C. Stevens, HUD Region 9, to act as the Federal Coordinating Officer to perform the duties specified by section 201 of that Act for this disaster.

I do hereby determine the following areas in the State of California to have been adversely affected by this declared major disaster:

The counties of:

Glenn	Siskiyou
Humboldt	Tehama
Mendocino	Trinity
Shasta	

This disaster has been designated as FDAA-412-DR.

(Catalog of Federal Domestic Assistance Program No. 50.002, Disaster Assistance)

Dated: January 25, 1974.

THOMAS P. DUNNE,
Administrator, Federal Disaster Assistance Administration.

[Docket No. NFD-147; FDAA-415-DR]

IDAHO

Notice of Major Disaster and Related Determinations

Pursuant to the authority vested in the Secretary of Housing and Urban Development by the President under Executive Order 11749 of December 10, 1973; and delegated to me by the Secretary under Department of Housing and Urban Development Delegation of Authority, Docket No. D-73-238; and by virtue of the Act of December 31, 1970, entitled "Disaster Relief Act of 1970" (84 Stat. 1744), as amended by Pub. L. 92-209 (85 Stat. 742); notice is hereby given that on January 25, 1974, the President declared a major disaster as follows:

I have determined that the damage in certain areas of the State of Idaho resulting from severe storms, snowmelt, and flooding, beginning about January 13, 1974, is of sufficient severity and magnitude to warrant a major disaster declaration under Public Law 91-606. I therefore declare that such a major disaster exists in the State of Idaho. You are to determine the specific areas within the State eligible for Federal assistance under this declaration.

Notice is hereby given that pursuant to the authority vested in the Secretary of Housing and Urban Development under Executive Order 11749, and delegated to me by the Secretary under Department of Housing and Urban Development Delegation of Authority, Docket No. D-73-238, to administer the Disaster Relief Act of 1970 (Pub. L. 91-606, as amended), I hereby appoint Mr. William H. Mayer, HUD Region 10, to act as the Federal Coordinating Officer to perform the duties specified by Section 201 of that Act for this disaster.

I do hereby determine the following areas in the State of Idaho to have been adversely affected by this declared major disaster:

The counties of:

Adams	Kootenai
Benewah	Latah
Bonner	Shoshone
Boundary	Washington

This disaster has been designated as FDAA-415-DR.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

NATIONAL MOTOR VEHICLE SAFETY ADVISORY COUNCIL

Notice of Public Meeting

On February 13 and 14, 1974, the National Motor Vehicle Safety Advisory Council will hold open meetings in the DOT Headquarters Building, 400 Seventh Street, SW., Washington, D.C. The Advisory Council is composed of 22 members, a majority of whom are representatives of the general public, including representatives of State and local governments, with the remainder including representative of motor vehicle manufacturers, motor vehicle equipment manufacturers, and motor vehicle dealers. The Advisory Council makes recommendations to the Secretary of Transportation on motor vehicle safety and property loss reduction programs carried out by the National Highway Traffic Safety Administration.

The following meetings are subject to the approval of the Secretary of Transportation.

On February 13 at 8:30 a.m. in room 10234 the Crashworthiness Committee will meet with the following agenda:

Review of 50 mph Barrier Impact Design
Seat Design and Occupant Protection
Standard 208—Occupant Crash Protection
Air Bags and Small Cars
New Business

At 11:00 a.m. on February 13th Consumer and Public Information Committee will meet in room 10238 with the following agenda:

Role of Mass Media in Highway Safety
Title II—Motor Vehicle Information and Cost Savings Act
Publicizing Benefits of Motor Vehicle Safety Standards
New Business

On February 13 at 2:00 p.m. in room 10234 the Accident Avoidance and Operating Systems Committee will meet with the following agenda:

Title III—Motor Vehicle Information and Cost Savings Act
Diagnostic Centers
Vehicle-In-Use Standards
Recommendations from Second International Congress
a. Recreational Vehicles
b. Motorcycles
Heavy Duty Truck Underride Protection
New Business

At 8:30 a.m. on February 14 in room 10238 the Executive Committee will meet with the following agenda:

Future Council Programs
New Business

On February 14 at 9:30 a.m. in room 10234 the full Council will meet with the following agenda:

Reports from:
Executive Committee
Accident Avoidance and Operating Systems Committee
Status Report—Evaluation of Safety Belt Interlocks
Reports from:
Consumer and Public Information Committee
Crashworthiness Committee
Safety Belt Usage Conference Reports
New Business

This notice is given pursuant to section 10(a)(2) of Pub. L. 92–463, Federal Advisory Committee Act (FACA), effective January 5, 1973.

For further information contact the NHTSA Executive Secretary, room 5215, 400 Seventh Street SW., Washington, D.C., telephone 202–426–2872.

Issued on: January 28, 1974.

CRAIG L. MILLER,
Acting Executive Secretary.

ATOMIC ENERGY COMMISSION

[Dockets Nos. 50–413, 50–414]

DUKE POWER CO.

Notice of Continuation of Evidentiary Hearing

In the matter of Duke Power Company (Catawba Nuclear Station Units 1 and 2).

Take notice that further evidentiary hearings will be conducted in the above-captioned proceeding, to begin at 1 p.m., local time on Tuesday, February 5, 1974, at the Holiday Inn, Highway No. 21, Anderson Road in Rock Hill, South Carolina. The public is invited to attend the hearing. A hearing conference to discuss procedural matters with the parties will precede the opening of the hearing and will commence at 10 a.m.

It is so ordered.

Issued at Washington, D.C., this 29th day of January, 1974.

THE ATOMIC SAFETY AND LICENSING BOARD,
MAX D. PAGLIN,
Chairman.

[FR Doc.74–2820 Filed 1–31–74;8:45 am]

[Docket No. 50–269A, etc.]

DUKE POWER CO.

Notice of Reconstitution of Board

In the matter of Duke Power Company (Oconee Units 1, 2 and 3; McGuire Units 1 and 2), Docket Nos. 50–269A, 50–270A, 50–287A, 50–369A and 50–370A.

Walter W. K. Bennett, Esq., who was the Chairman of the Board for the above proceeding, has retired from the Atomic Safety and Licensing Board Panel. John B. Farmakides, Esq., who has been a member of this Board, is designated Chairman.

Dr. George R. Hall is appointed the third member of the Board. Dr. Hall's address is Atomic Safety and Licensing Board Panel, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Reconstitution of the Board in this manner is in accordance with § 2.721 of the Rules of Practice, as amended.

Dated at Washington, D.C. this 28th day of January 1974.

NATHANIEL H. GOODRICH,
Chairman, Atomic Safety and Licensing Board Panel.

[FR Doc.74–2668 Filed 1–31–74;8:45 am]

[Docket No. 50–382]

LOUISIANA POWER AND LIGHT CO.

Notice of Hearing

In the matter of Louisiana Power & Light Co., (Waterford Steam Electric Station, Unit 3).

Take notice, that pursuant to the Atomic Energy Commission's "Notice of Hearing on Application for Construction Permits" dated August 7, 1972 (37 FR 16562, Aug. 16, 1972) and in accordance with the Commission's rules of practice

(10 CFR Part 2), a public hearing will be held commencing at 9:30 a.m. local time, Tuesday, February 19, 1974, in the West Courtroom, Room 265, in the courthouse of the U.S. Court of Appeals for the Fifth Circuit, 600 Camp Street, New Orleans, Louisiana 70130.

This hearing before an Atomic Safety and Licensing Board (the Board) designated by the U.S. Atomic Energy Commission is for the purpose of considering the application of the Louisiana Power & Light Company for construction permits, pursuant to the Atomic Energy Act and 10 CFR Part 50, to build a pressurized water nuclear reactor facility (the facility) at the Applicant's plant site on the west bank of the Mississippi River near the town of Taft, Louisiana in St. Charles Parish, about 20 miles west of New Orleans. The proposed facility, to be known as the Waterford Steam Electric Generating Station, is designed for initial operation at approximately 3390 megawatts thermal, with a net electrical output of 1165 megawatts.

This evidentiary hearing is open to the public and will concern the radiological health and safety matters and environmental matters set forth in the Commission's August 7, 1972 "Notice of Hearing on Application for Construction Permits," including the specific contentions and matters in controversy identified in prior Prehearing Conference Orders and other orders of the Board assigned to this proceeding.

The hearing will continue daily from 9:30 a.m. to 6:00 p.m. the week of February 19–23, 1974, including Saturday, if necessary to complete the proceedings. Persons making a limited appearance will be heard early on the first day of the hearing, and if necessary, on the morning of the second day. Due to the number of limited appearance requests, persons making such presentations orally are requested to limit such statements to ten minutes. Oral statements may be supplemented by filing additional written statements, with no limitation on length, or the entire limited appearance statement may be filed in writing. If a limited appearance statement is entirely in writing, it may be filed by mail without the necessity of a personal appearance at the hearing. Such written limited appearance statements should be mailed to the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, Attn: Chief, Public Proceedings Branch.

All interested members of the public are invited to attend the hearing.

Issued at Washington, D.C., this 29th day of January 1974.

It is so ordered.

For the Atomic Safety and Licensing Board.

THOMAS W. REILLY,
Chairman.

[FR Doc.74-2669 Filed 1-31-74;8:45 am]

[Docket Nos. 50-434 and 50-435]

VIRGINIA ELECTRIC AND POWER CO.

Notice of Reconstitution of Board

In the matter of Virginia Electric and Power Company, (Surry Power Station, Units 3 and 4); Docket Nos. 50-434 and 50-435.

Charles A. Haskins, Esq., the designated Chairman in the above entitled proceeding, died on December 18, 1973. Frederic T. Suss, Esq., the designated Alternate Chairman, has resigned from the Atomic Safety and Licensing Board Panel. Accordingly, James R. Yore, Esq., is designated as the successor Chairman of the Board for this proceeding.

Dr. John C. Geyer, because of a schedule conflict, is unable to continue in his duties as the environmentalist scientist member of this Board. Dr. Frederick P. Cowan, whose address is Conquistador II-104, 100 Rinconado, Stuart, Florida 33494, is appointed a member of the Board to replace Dr. Geyer. Mr. Ralph S. Decker will continue his duties as an alternate member of the Board.

Reconstitution of the Board in this manner is in accordance with § 2.721 of the Rules of Practice, as amended.

Dated at Washington, D.C. this 28th day of January 1974.

NATHANIEL H. GOODRICH,
Chairman, Atomic Safety and Licensing Board Panel.

[FR Doc.74-2667 Filed 1-31-74;8:45 am]

URANIUM ENRICHMENT SERVICES

Termination Charges

The United States Atomic Energy Commission (AEC) hereby announces the applicable charges for termination of short-term and long-term Fixed-Commitment Uranium Enrichment Services Agreements entered into pursuant to "Uranium Enrichment Services Criteria", as published in the FEDERAL REGISTER on May 9, 1973 (38 FR 12180), and as the same may be amended from time to time. The charges have been established on the basis of recovery of the costs which the Commission estimates may arise from (a) termination by the customers or (b) termination by the Commission in the event (i) the right of the owner of the designated facility to possess enriched uranium to be delivered to the customer expires or is suspended or terminated by any authority having power to take such action: (ii) The customer shall fail to perform its obligations, and shall fail to take corrective action within 30 days of the date of the written notice of such failure to perform as provided above, unless such failure arises out of causes beyond the control and without the fault or negligence of the customer, its contractors or agents; (iii) bankruptcy or insolvency proceedings are commenced by or against the customer or the owner of the designated facility, or if receivers are appointed to take possession of the business of the customer or the business of the owner of the designated facility; or (iv) the agreement for cooperation pursuant to which the enrichment services agreement has been executed is terminated, and said enrichment services agreement provides that in such event the customer shall pay a termination charge.

1. The termination charge applicable to termination of a Long-Term, Fixed-Commitment Agreement prior to the receipt of the construction permit (or comparable authorization in the case of an agreement entered into pursuant to an agreement for cooperation with a foreign nation) from the cognizant regulatory body for the facility designated therein shall be the termination charge prescribed by the provisions of such Agreement which is hereby incorporated herein by reference.

2. The termination charge applicable to termination, in whole or part, of a Long-Term, Fixed-Commitment Agreement subsequent to the receipt of a construction permit for the facility designated therein and the termination charge applicable to termination, in whole or part, of a Short-Term, Fixed-Commitment Agreement shall be determined by applying to the terminated enriching services a unit charge or charges as provided in the following table:

For advance notice of termination [1]		Termination charge per kilogram unit of separative work terminated as percentage of applicable enriching service charge [2]
At least	But less than	
		Percent
0 Year	1 Year	57.3
1 Year	2 Years	53.6
2 Years	3 Years	50.8
3 Years	4 Years	46.1
4 Years	5 Years	41.8
5 Years	6 Years	39.0
6 Years	7 Years	36.4
7 Years	8 Years	34.6
8 Years	9 Years	25.2
9 Years	10 Years	23.9

[1] For purposes of determining when enriching services would have been furnished but for such termination, enriching services scheduled to be delivered on a monthly basis shall be deemed to be scheduled for delivery on the 15th day of such months; and for services scheduled for delivery on a fiscal year basis, they shall be deemed to be scheduled for delivery on January 1 of such fiscal years.

[2] For purposes of determining the applicable enriching services charge per kilogram units of separative work terminated which have not been scheduled for delivery on other than a fiscal year basis, such applicable charge shall be the average of the applicable charges scheduled to be effective during such fiscal year.

For advance notices of termination of 10 years or more, the applicable unit termination charge shall be 23.9 percent of the applicable enriching services charge divided by $(1.055)^n$ where n is the number of years in excess of 9 years, 11 months and 29 days for such notice of termination; provided, however, that if n has a fractional part it shall be

rounded up to the next higher integer before being applied as an exponent.

3. Enriching Services charges applicable to the terminated enriching services shall be determined in accordance with the established charges for enriching services in effect on the date of receipt of notice of termination; provided, however, that in the event revisions in the standard table of enriching services, revisions in the established charges for enriching services, and/or automatic periodic increases in the enriching services charges have been announced and are to become effective subsequent to receipt of notice of termination, the kg units of separative work and the enriching services charge applicable to the terminated enriching services which, but for such termination, would have been furnished under this agreement on and after the effective date of such revision or automatic periodic increases shall be determined in accordance with such revised table of enriching services and/or revised or automatic periodic increases in charges for enriching services.

Effective date. This notice is effective February 1, 1974.

Dated at Washington, D.C., this 25th day of January 1974.

GORDON M. GRANT,
Acting Secretary of the Commission.

[FR Doc.74-2672 Filed 1-31-74;8:45 am]

[Docket Nos. 50-463, 50-464]

PHILADELPHIA ELECTRIC CO.

Special Prehearing Conference

JANUARY 28, 1974.

In the matter of Philadelphia Electric Company, Fulton Generating Station Units 1 and 2.

Take notice, that pursuant to the Atomic Energy Commission's "Notice of Hearing on Application for Construction Permits," dated December 5, 1973, and in accordance with § 2.751a of said Commission's rules of practice, a special prehearing conference will be held in the subject proceeding on March 11, 1974, at 1:00 p.m., local time, in Courtroom No. 2 (Second Floor), York County Courthouse, 28 East Market Street, York, Pennsylvania 17405.

The special prehearing conference will deal with the following matters:

1. Identification and simplification of the issues;
2. Outstanding petitions for intervention;
3. Establishment of schedules for further action;
4. Need for discovery, and the time required for such discovery;
5. Motions to be addressed to the Atomic Safety and Licensing Board (Board); and
6. Such other matters as may aid in the orderly disposition of the instant proceeding.

The attorneys for the respective parties, including petitioners for intervention, are hereby directed to confer in advance and report to the Board at the time said conference on the prospects of:

1. Settlement;
2. A stipulation of the matters in controversy;
3. A stipulation or statement of the uncontested facts.

At the special prehearing conference, the Board will hear oral argument on the outstanding petitions to intervene. The petitioners, as well as the parties, will be permitted to be heard in this regard. Omission of the identities and addresses of individual members of certain petitioning organizations, and their interests in this proceeding will be topics of discussion.

It is so ordered.

Issued at Washington, D.C., this 28th day of January 1974.

ATOMIC SAFETY AND LICENSING BOARD,
JEROME GARFINKEL,
Chairman.

[Docket Nos. 50-438 and 50-439]

TENNESSEE VALLEY AUTHORITY

Availability of AEC Draft Environmental Statement for Bellefonte Nuclear Plant

Pursuant to the National Environmental Policy Act of 1969 and the United States Atomic Energy Commission's regulations in Appendix D to 10 CFR Part 50, notice is hereby given that a Draft Environmental Statement prepared by the Commission's Directorate of Licensing related to the proposed Bellefonte Nuclear Plant, to be constructed by Tennessee Valley Authority in Jackson County, Alabama, is available for inspection by the public in the Commission's Public Document Room at 1717 H Street NW., Washington, D.C. and in the Scottsboro Public Library, 1002 South Broad Street, Scottsboro, Alabama 35768. The Draft Statement is also being made available at the Alabama Development Office, State Office Building, Montgomery, Alabama 36104, and Top of Alabama Regional Council of Governments, P.O. Box 308, City Hall 6th Floor, Huntsville, Alabama 35801. Copies of the Commission's Draft Environmental Statement may be obtained by request addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Deputy Director for Reactor Projects, Directorate of Licensing.

The Applicant's Draft Environmental Statement submitted by Tennessee Valley Authority is also available for public inspection at the above-designated locations. Notice of availability of the Applicant's Draft Environmental Statement was published in the FEDERAL REGISTER on August 3, 1973 (38 FR 20932).

Pursuant to 10 CFR Part 50, Appendix D, interested persons may submit comments on the Applicant's Environmental Report, as supplemented, and the Draft Environmental Statement for the Commission's consideration. Federal and State agencies are being provided with copies of the Applicant's Environmental Report and the Draft Environmental Statement (local agencies may obtain these documents upon request). Comments are due by March 25, 1974. When comments thereon by Federal, State, and local officials are received by the Commission, such comments will be made available for public inspection at the Commission's Public Document Room in Washington, D.C. and the Scottsboro Public Library, 1002 South Broad Street, Scottsboro, Alabama 35758. Upon consideration of comments submitted with respect to the Draft Environmental Statement, the Regulatory staff will prepare a Final Environmental Statement, the availability of which will be published in the FEDERAL REGISTER.

Comments on the Draft Environmental Statement from interested members of the public should be addressed to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Deputy Director for Reactor Projects, Directorate of Licensing.

Dated at Bethesda, Maryland, this 28th day of January 1974.

For the Atomic Energy Commission.

WM. H. REGAN, JR.,
Chief, Environmental Projects Branch No. 4, Directorate of Licensing.

COMMISSION ON CIVIL RIGHTS

ARIZONA STATE ADVISORY COMMITTEE

Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a planning meeting of the Arizona State Advisory Committee (SAC) to this Commission will convene at 7:00 p.m. on February 18, 1974, in the Sonora Room of the Hunter Inn, 124 South 24 Street, Phoenix, Arizona 85034.

Persons wishing to attend this meeting should contact the Committee Chairman, or the Mountain States Regional Office of the Commission, Room 216, 1726 Champa Street, Denver, Colorado 80202.

The purpose of this meeting shall be to discuss plans for the Arizona SAC's factfinding meeting on prisons tentatively scheduled for March 15–16, 1974.

This meeting will be conducted pursuant to the Rules and Regulations of the Commission.

Dated at Washington, D.C., January 28, 1974.

ISAIAH T. CRESWELL, Jr.,
Advisory Committee Management Officer.

[FR Doc.74-2714 Filed 1-31-74;8:45 am]

MICHIGAN STATE ADVISORY COMMITTEE

Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a planning meeting of the Michigan State Advisory Committee (SAC) to this Commission will convene at 1:45 p.m. on February 7, 1974, in Room 206 of the Main Post Office Building, 250 East Boulevard Drive, Flint, Michigan 48501.

Persons wishing to attend this meeting should contact the Committee Chairman, or the Midwestern Regional Office of the Commission, Room 1428, 219 South Dearborn Street, Chicago, Illinois 60604.

The purposes of this meeting shall be (1) to discuss the feasibility of conducting an Indian project in the State of Michigan, and (2) to brief new SAC members on the activities now underway and future activities planned for the Michigan SAC.

This meeting will be conducted pursuant to the Rules and Regulations of the Commission.

Dated at Washington, D.C., January 28, 1974.

ISAIAH T. CRESWELL, Jr.,
Advisory Committee Management Officer.

[FR Doc.74-2715 Filed 1-31-74;8:45 am]

UTAH STATE ADVISORY COMMITTEE

Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a planning meeting of the Utah State Advisory Committee (SAC) to this Commission will convene at 7:00 p.m. on February 4, 1974, in the Governor's Board Room, State Capitol Building, State Street, Salt Lake City, Utah 84103.

Persons wishing to attend this meeting should contact the Committee Chairman, or the Mountain States Regional Office of the Commission, Room 216, 1726 Champa Street, Denver, Colorado 80202.

The purpose of this meeting shall be to discuss plans for a proposed project on Credit Availability for Women to be undertaken by the Utah SAC.

This meeting will be conducted pursuant to the Rules and Regulations of the Commission.

Dated at Washington, D.C., January 28, 1974.

ISAIAH T. CRESWELL, Jr.,
Advisory Committee Management Officer.

[FR Doc.74-2712 Filed 1-31-74;8:45 am]

VERMONT STATE ADVISORY COMMITTEE

Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a planning meeting of the Vermont State Advisory Committee (SAC) to this Commission will convene at 7:30 p.m. on February 7, 1974, at the Montpelier Motor Inn, Montpelier, Vermont 05602.

Persons wishing to attend this meeting should contact the Committee Chairman, or the Northeastern Regional Office of the Commission, Room 1639, 26 Federal Plaza, New York, New York 10007.

The purposes of this meeting shall be (1) to review followup activities to the Vermont SAC report entitled "Closing the Ethnic Gap" and (2) to discuss plans for a proposed conference on the minority student in the State of Vermont.

This meeting will be conducted pursuant to the Rules and Regulations of the Commission.

Dated at Washington, D.C., January 28, 1974.

ISAIAH T. CRESWELL, Jr.,
Advisory Committee Management Officer.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

CERTAIN WOOL TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN THE REPUBLIC OF KOREA

Entry or Withdrawal From Warehouse for Consumption

On October 4, 1973, there was published in the FEDERAL REGISTER (38 FR 27547) a letter of September 28, 1973 from the Chairman, Committee for the Implementation of Textile Agreements, to the Commissioner of Customs implementing those provisions of the Bilateral Wool and Man-Made Fiber Textile Agreement of January 4, 1972 between the Governments of the United States and the Republic of Korea which establish specific export limitations on wool and man-made fiber textile products in certain categories, produced or manufactured in the Republic of Korea, for the agreement year which began on October 1, 1973.

The agreement also provides for the limitations for the agreement year which categories not having specific export limitations for the agreement year which began on October 1, 1973. These levels which are initially controlled by the Government of the Republic of Korea, can also be controlled at a later date by the U.S. Government in the same manner as those categories having specific export limitations.

A level of 188,889 units has been established for wool textile products in Category 121 produced or manufactured in the Republic of Korea for the agreement year which began on October 1, 1973. The United States Government has decided to control imports in this category for the remainder of the agreement year. The level of restraint contained in the letter published below has been adjusted to reflect entries charged against such level through November 30, 1973.

Accordingly, there is published below a letter of January 29, 1974, from the Chairman of the Committee for the Implementation of Textile Agreements to the Commissioner of Customs directing that the amounts of wool textile products in Category 121, produced or manufactured in the Republic of Korea, which may be entered or withdrawn from warehouse for consumption in the United States for the twelve-month period beginning October 1, 1973 and extending through September 30, 1974, be limited to the designated adjusted level.

SETH M. BODNER,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance.

JANUARY 29, 1974.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

COMMISSIONER OF CUSTOMS,
Department of the Treasury, Washington, D.C. 20229.

DEAR MR. COMMISSIONER: Under the provisions of the Bilateral Wool and Man-Made Fiber Textile Agreement of January 4, 1972, between the Governments of the United States and the Republic of Korea and in accordance with the procedures of Executive Order 11651 of March 3, 1972, you are directed to prohibit, effective as soon as possible, and for the period extending through September 30, 1974, entry into the United States for consumption and withdrawal from warehouse for consumption of wool textile products in Category 121, produced or manufactured in the Republic of Korea, in excess of 143,925 units.[1]

[1] The adjusted level of restraint reflects entries made through November 30, 1973. The level has not been adjusted to reflect any entries made after November 30, 1973.

Entries of wool textile products in Category 121 produced or manufactured in the Republic of Korea and which have been exported to the United States prior to October 1, 1973 shall not be subject to this directive.

Wool textile products which have been released from the custody of the U.S. Customs Service under the provisions of 19 U.S.C. 1448(b) prior to the effective date of this directive shall not be denied entry under this directive.

A detailed description of the wool textile categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on April 29, 1972 (37 FR 8802), as amended on February 14, 1973 (38 FR 4436) and on January 2, 1974 (39 FR 28).

In carrying out this directive, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of the Republic of Korea and with respect to imports of wool textile products from the Republic of Korea have been determined by the Committee for the Implementation of Textile Agreements to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the rule-making provisions of 5 U.S.C. 553. This letter will be published in the FEDERAL REGISTER.

Sincerely,

SETH M. BODNER,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance.

[FR Doc.74-2695 Filed 1-31-74;8:45 am]

COST OF LIVING COUNCIL

[Order No. 47, Amdt. 1]

ADMINISTRATOR OF THE FEDERAL ENERGY OFFICE

Delegation of Authority

On January 2, 1974, the Council published Order No. 47 (39 FR 24). That order delegated to the Administrator, Federal Energy Office, the authority to exercise certain price stabilization authority over petroleum products and crude oil pursuant to the Economic Stabilization Act of 1970, as amended. The Council retained and still retains its price stabilization authority with respect to such products as: Ethylene, propylene, butylenes, insoprene, acetylene, and naphthalene (methyl and dimethyl).

The purpose of this amendment is to: (1) Clearly delineate those products over which the Federal Energy Office exercises price stabilization authority because of its mandate under the Emergency Petroleum Allocation Act of 1973, and (2) identify those petrochemical products over which the Council exercises price stabilization authority. This action is related to a series of actions which the Council is undertaking today in an effort to relieve the severe shortages of petrochemical products which the nation is currently experiencing.

Accordingly, Council Order No. 47 is hereby amended by inserting the following new paragraph in lieu of the last paragraph in numbered paragraph (1) of that order:

For the purposes of this order petroleum products and crude oil mean products described in the 1972 edition, Standard Industrial Classification Manual, under Industrial Codes 1311 (excluding natural gas), 132 (excluding ethane) or 2911 (including benzene and toluene but excluding ortho-xylene, meta-xylene, para-xylene and butadienes) and all forms of benzene and toluene.

This order shall be effective on January 30, 1974.

Issued in Washington, D.C., on January 30, 1974.

GEORGE P. SHULTZ,
Chairman, Cost of Living Council.

[FR Doc.74-2865 Filed 1-30-74;5:04 pm]

COUNCIL ON ENVIRONMENTAL QUALITY

ENVIRONMENTAL IMPACT STATEMENTS

Availability

Environmental Impact Statements received by the Council on Environmental Quality from January 21 through January 25, 1974.

NOTE: At the head of the listing of statements received from each agency is the name of an individual who can answer questions regarding those statements.

DEPARTMENT OF AGRICULTURE

Contact: Dr. Fred H. Tschirley, Acting Coordinator, Environmental Quality Activities, Office of the Secretary, U.S. Department of Agriculture, Room 331-E, Administration Building, Washington, D.C. 20250, 202-447-3965.

AGRICULTURAL RESEARCH SERVICE

Final

Pilot Study, Municipal Waste Composting Prince Georges County, Maryland, January 24: The statement refers to a proposed research-demonstration pilot study under which sewage sludge cake from the Blue Plains Waste Water Treatment Plant will be transported to a 5-10 acre site of the Agricultural Research Center in Beltsville. There it will be composted and cured, and used for research or land improvement. Possible adverse environmental effects include those of odor and flies, and drainage water pollution (28 pages). Comments made by: EPA, HEW, NCPC, DOI, AUP, and local agencies. (ELR Order No. 40148.) (NTIS Order No. EIS 74 0148-F.)

FOREST SERVICE

Draft

Proposed Mogollon Rim Land Use Plan, Coconino, Gila, and Navajo Counties, Arizona, January 23: The statement refers to a land use proposal for the 750,000-acre Mogollon Rim Area, which lies within the Coconino, Sitgreaves, and Tonto National Forests. The proposal recommends land use emphasis and management for each of the area's 32 management units, based upon land sensitivity and capabilities. Under the plan, existing levels of productivity would be maintained. (ELR Order No. 40139.) (NTIS Order No. EIS 74 0139-D.)

Timber Management Plan, Klamath N.F., California and Oregon, January 23: The statement refers to a proposed timber management plan for the 1,695,000 acre Klamath National Forest, which is located within Siskiyou County, California, and Jackson County, Oregon. The plan proposes an annual harvest of 267 million board feet; in carrying out the plan, between 1,000 and 1,100 miles of roadway will be constructed within the next ten years. Implementation of the plan will have impact upon water quality and quantity, air quality, aesthetic values, and fish and wildlife habitat. (ELR Order No. 40140.) (NTIS Order No. EIS 74 0140-D.)

Horseshoe Meadow Land Use Plan, California, January 21: The statement refers to the construction of year-round recreational facilities of a moderate scale near Horseshoe Meadows, within the Cottonwood Basin of the Inyo National Forest. The plan calls for a 100-unit overnight campground, a program interpreting the Golden Trout and its High Sierra environs, trail facilities for the Pacific Crest trail, a pack station, and limited development for crosscountry skiing. Adverse environmental impacts include: some impact on soils, water, and aesthetics; some vegetation will be removed and soil disturbed during construction (51 pages). (ELR Order No. 40115.) (NTIS Order No. EIS 74 0115-D.)

Soldier Mountain Ski Area, Sawtooth N.F., Camas County, Idaho, January 22: The statement refers to the proposed expansion and development of the Soldier Mountain Ski Area of the Sawtooth National Forest. Expansion would be from 235 acres to 1,240 acres, with five new chair lifts and support facilities being constructed. Ultimate Area capacity is planned at 1,500 skiiers per day. Major impact will be to soil, water, and aesthetic values (40 pages). (ELR Order No. 40131.) (NTIS Order No. EIS 74 0131-D.)

Draft

Elk City Planning Unit, Nezperce N.F., Idaho County, Idaho, January 24: The statement refers to the proposed multiple use plan for the 89,000-acre Elk City Planning Unit, Elk City Ranger District, Nezperce National Forest. The Unit contains 66,000 acres of National Forest lands, of which 27,000 acres are presently roadless. Under the plan, management would be for the enhancement of timber production, for watershed protection (the Unit incorporates the entire American River watershed and portions of three other river drainages), for big game habitat improvement, and for scenic viewing, among other values. Major impacts will include those resulting from timber harvest, mining, domestic livestock grazing, ORV use, and recreational uses. (ELR Order No. 40143.) (NTIS Order No. EIS 74 0143-D.)

American Fork Canyon—Provo Peak Unit, Unita N.F., Utah and Wasatch Counties, Utah, January 21: The statement refers to the proposed land use plan for the 130,848-acre American Fork Canyon-Provo Peak Planning Unit of the Unita National Forest. The protection of watershed values and the continuation of recreational uses are the key items of the plan. Adverse impact will result from the construction of new campgrounds, roads, and other facilities. Expanded recreational use will have particular adverse effects upon wildlife habitat (approximately 360 pages). (ELR Order No. 40119.) (NTIS Order No. EIS 74 0119-D.)

Libby Face Planning Unit, Kootenai N.F., Montana, January 21: The statement refers to the multiple use plan for the 67,356-acre Libby Face Planning Unit of the Kootenai National Forest. Under the plan there will be recreational use, timber harvesting and road construction, and enhancement of big game wildlife habitat. Adverse impact will include soil disturbance, erosion, and fish habitat degradation (154 pages). (ELR Order No. 40112.) (NTIS Order No. EIS 74 0112-D.)

Swan Lake Planning Unit, Flathead N.F., Lake County, Montana, January 21: The statement refers to a proposed multiple-use plan for the 60,000-acre Swan Lake Planning Unit, Flathead National Forest. The plan would allow road construction and timber

harvesting recreational use, and wildlife habitat protection. Seven thousand three hundred and sixty acres of currently roadless area is proposed for development (56 pages). (ELR Order No. 40113.) (NTIS Order No. EIS 74 0113–D.)

Weyerhaeuser Road Construction, Snoqualmie N.F., King County, Washington, January 21: The statement refers to a request by the Weyerhaeuser Company of Tacoma, Washington, for non share cost easements for construction and use of short segments of three roads across Snoqualmie National Forest Lands. The area is covered by a joint Forest Service-Weyerhaeuser agreement of Sept. 21, 1970, for the joint development of road systems. It is anticipated that the Company will place its accessed lands under management for timber production; this, as well as the actual road development, would affect scenic values (36 pages). (ELR Order No. 40114.) (NTIS Order No. EIS 74 0114–D.)

SOIL CONSERVATION SERVICE

Final

Poinsett Watershed Project, Poinsett and Craighead Counties, Arkansas, January 23: The statement refers to a watershed protection project which will involve land treatment measures, land stabilization measures, and the construction of 47 floodwater retarding structures and 217 miles of channel enlargement. Erosion and sedimentation will be decreased, and flood damages will be reduced by 94% on the 10,452 acre flood plain. Approximately 1,100 acres, some of it to be inundated, will be committed to the project; 1,400 acres of wildlife habitat will be disrupted during construction; the clearing of the remaining 693 acres of woodland on the flood plain may be accelerated (66 pages). Comments made by: DOD, DOI, EPA, and state agencies. (ELR Order No. 40138) (NTIS Order No. EIS 74 0138–F.)

Chippewa Creek Watershed, several counties in Ohio, January 22: The statement refers to a proposed flood protection project on 10,300 acres of the Chippewa Creek Watershed, located in Wayne, Medina, Summit, and Stark Counties. The project involves land treatment measures on 1,800 acres, and the construction of 3 floodwater retarding structures and 33.2 miles of channel modification. Approximately 123 acres of woodland and 33 acres of other land will be disturbed by channel modification; 334 acres of agricultural, wildlife, and recreation use land will be periodically inundated by detention pools; 38 acres will be permanently committed to project structures (201 pages). Comments made by: USDA, DOD, HEW, DOI, DOT, EPA, and state and local agencies. (ELR Order No. 40120) (NTIS Order No. EIS 74 0120–F.)

ATOMIC ENERGY COMMISSION

Contact: For Non-Regulatory Matters: Mr. W. Herbert Pennington, Office of Assistant General Manager, E–201, AEC, Washington, D.C. 20545, 301–973–4241. For Regulatory Matters: Mr. A. Giambusso, Deputy Director for Reactor Projects, Directorate of Licensing, P–722, AEC, Washington, D.C. 20545, 301–973–7373.

Draft

New Waste Calcining Facility, National Testing Station, Butte County, Idaho, January 24: The statement refers to proposed legislation which would authorize and appropriate funds for the design and construction of a new waste calcining facility at the Idaho Chemical Processing Plant, National Reactor Testing Station. The facility will eventually replace the original calcining plan which has been in operation since 1963; the new facility is scheduled for operation in 1977. Adverse impact of the action will include the discharge of small amounts of radioactive gaseous and particulate matter (112 pages). (ELR Order No. 40150) (NTIS Order No. EIS 74 0150–D.)

High Level Waste Facilities, Savannah River Plant, Aiken and Barnwell Counties, South Carolina, January 24: The statement refers to proposed legislative authorization and appropriation for the design and construction of additional high level radioactive waste management facilities at the Savannah River Plant. New facilities will include a waste evaporator and associated auxiliaries, and six 1.3 million gallon steel tanks, each of which will be enclosed in a steel-lined, underground, concrete containment vessel. Nuclear wastes will be dewatered by a factor of one third. Impacts of the action will include those resulting from construction disruption, and the release of small amounts of radioactivity during operation of the evaporator (87 pages). (ELR Order No. 40151) (NTIS Order No. EIS 74 0151–D.)

DEPARTMENT OF DEFENSE

ARMY CORPS

Contact: Mr. Francis X. Kelly, Director, Office of Public Affairs, Attn: DAEN–PAP, Office of the Chief of Engineers, U.S. Army Corps of Engineers, 1000 Independence Avenue S.W., Washington, D.C. 20314, 202–693–7168.

Draft

Millers Ferry Lock and Dam, Alabama, January 24: The statement refers to the completion of construction and the continued operation and maintenance of the Millers Ferry project. The project consists of a concrete gravity type dam, a powerhouse, a navigation lock, a reservoir, and public use areas. Impact of the project includes a conversion of 1,689 acres of agricultural and forest lands to project measures; the loss stream and mussel fisheries; and temporary increases in water turbidity (Mobile District) (32 pages). (ELR Order No. 40149) (NTIS Order No. EIS 74 0149–D.)

Morro Bay Harbor, Operation and Maintenance, January 22: California, The project involves the performance of maintenance dredging within Morro Bay Harbor to maintain Federal channels at presently authorized depths. Spoils will be deposited in the Pacific Ocean about 2,500 ft. seaward of the entrance to Morro Bay. Adverse effects include: short-term loss of benthic organisms on the channel floor and at the offshore disposal site; temporary increase of turbidity; and possible temporary inconvenience to harbor traffic (Los Angeles District) (67 pages). (ELR Order No. 40122) (NTIS Order No. EIS 74 0122–D.)

Clearwater Lake, Missouri, Operation and Maintenance, January 21: The project involves the operation and maintenance of Clearwater lake flood control project, 32 miles northwest of Poplar Bluff on the Black River. Normal operation and maintenance consists of flood control, maintenance of parks and management of land and water resources. Adverse impacts are flood control procedures, that result in lake fluctuations, adversely affect shoreline vegetation and lake fish: agricultural and grazing leases contribute to the euthrophication of the lake by the addition of agricultural wastes, fertilizer, and insecticide contamination (38 pages). (ELR Order No. 40108) (NTIS Order No. EIS 74 0108–D.)

Stockton Lake, Sac River, Missouri, January 23: The statement refers to the continued operation and maintenance of Stockton Lake and its project lands. The Lake is operated for hydroelectric power generation, flood control, public recreation, and fish and wildlife habitat maintenance. Lake fluctuation during hydroelectric power production has impact upon fish spawning habitat and shoreline vegetation (Kansas City District). (ELR Order No. 40136) (NTIS Order No. EIS 74 0136–D.)

Flathead Flood Control, Flathead River, Flathead County, Montana, January 21: The statement refers to the construction of a setback levee 6.25 miles long, and appurtenant structures on the right bank of the Flathead River near Kalispell. The purpose of the project is to provide a comprehensive flood control plan for the communities of Evergreen and Days Acres, and for unprotected areas along the Flathead River. The project will reduce flood damages over a 3,500 acre area. Adverse impacts include: possible lowering of water quality, loss of agricultural potential and loss of wildlife habitat (Seattle District) (71 pages). (ELR Order No. 40106) (NTIS Order No. EIS 74 0106–D.)

Oregon Slough Dredging, North Portland Harbor, Oregon, January 21: The plan involves the construction of a 40 foot deep, 400 foot wide navigation channel from the Columbia River to the Oregon Slough. The channel will be 1.5 miles in length. Initial construction will involve the removal of an estimated 1,100,000 cubic yards of sand and sandy silt by pipeline dredge. Dredging will have an adverse environmental impact on aquatic organism. Also, the necessity of disposal sites will cause the dislocation of some land animals (Portland District) (88 pages). (ELR Order No. 40109) (NTIS Order No. EIS 74 0109–D.)

Pat Mayse Lake, Sanders Creek, Texas, January 24: The statement refers to the continued operation and maintenance of Pat Mayse Lake, Sanders Creek, a flood control and reservoir regulation project. Adverse effects of the operation are those which result from heavy recreational use, and the action of pool fluctuation on the shoreline (Tulsa District) (58 pages). (ELR Order No. 40145) (NTIS Order No. EIS 74 0145–D.)

Parker Creek, Virginia, Maintenance Dredging, January 21: The statement refers to the maintenance dredging of a channel 40 feet wide and 5 feet deep from the mouth of Parker Creek to the Metomkin Bay Channel. An expected 30,000 cubic yards of spoil will be dredged by hydraulic pipeline and placed on Metomkin Island. The major adverse environmental impact is the removal and subsequent loss of organisms at the dredging site and disposal area (20 pages). (ELR Order No. 40107) (NTIS Order No. EIS 74 0107–D.)

Gallipolis Locks and Dam, Ohio River, West Virginia, January 24: The statement refers to the proposed modernization of the existing dam, and the replacement of the existing navigation locks with new locks in a bypass canal. The project is intended to make this reach of the Ohio River compatible with other parts of the Ohio River navigation system. The plan will result in increased potential for pollution from the increased use of the River by barge and pleasure craft (Huntington District) (31 pages). (ELR Order No. 40144) (NTIS Order No. EIS 74 0144–D.)

Final

Preferential Mail Center, Manchester, New Hampshire, January 22: The statement refers to the proposed construction of a preferential mail center on a 45 acre site in Manchester. Adverse impact will result from construction disruption and runoff to a local brook (Waltham District) (86 pages). Comments made by: USDA, HEW, HUD, DOI, DOT, and EPA. (ELR Order No. 40123) (NTIS Order No. EIS 74 0123–F.)

Sisuslaw River and Bar, Oregon, January 21: The statement refers to the proposed construction of a navigation channel extension 12′ deep x 150′ wide from river mile 8.5 to 16.5, with widening at bends and a turning basin. Seventeen acres of upland will be used

for spoil deposit. Riparian habitat will be disturbed (121 pages). Comments made by: EPA, DOI, USDA, HEW, HUD, USCG, FPC, and state and local agencies. (ELR Order No. 40104) (NTIS Order No. EIS 74 0104–F.)

Town Creek Small Navigation Project, South Carolina, January 21: Proposed is a navigation project which will involve the deepening of the natural channel in Town Creek, and the construction of an entrance channel in the Atlantic Ocean. Adverse impact will include the temporary disruption of benthic communities and oyster banks, and the conversion of irregularly flooded marsh to a terrestrial environment. (Charleston District) (34 pages). Comments made by: DOC, EPA, USDA, DOI, and state agencies. (ELR Order No. 40105) (NTIS Order No. EIS 74 0105–F.)

Snyder-Winnebago Lakes, Iowa and Nebraska, January 22: The statement refers to the construction of a protective levee and water control structures which will protect a planned recreation complex in Iowa and Nebraska. The agricultural productivity of 290 acres will be lost to the action (108 pages). Comments made by: DOI, USDA, HEW, DOT, and state and local agencies and concerned citizens. (ELR Order No. 40129) (NTIS Order No. EIS 74 0129–F.)

ENVIRONMENTAL PROTECTION AGENCY

Contact: Mr. Sheldon Meyers; Director, Office of Federal Activities, Room 3630, Waterside Mall, Washington, D.C. 20460, 202–755–0940.

Final

Sewage Treatment Plant, Fulton and Cobb Counties, Georgia, January 22: The statement refers to projects which have been funded or are proposed for funding. Included are interceptor sewers, pumping stations and force mains, and expansions to the existing Bay Creek sewage treatment plant. Sanitary sewage will be treated prior to discharge to the Chattahochee River. The primary adverse impact of the action is the stimulation of secondary effects caused by urban development, including a reduction of the aesthetic values of the Chattahochee River corridor (280 pages). Comments made by: DOI, USDA, HEW, DOT, and state and local agencies and concerned citizens. (ELR Order No. 40130) (NTIS Order No. EIS 74 0130–F.)

Village Creek Facility, Fort Worth, Texas: January 21: The statement refers to the proposed construction of additional wastewater treatment facilities at the Village Creek Wastewater Treatment Facility, Fort Worth. Work includes the 51 MGD expansion of the existing 45 MGD facility. The proposed project is expected to increase water quality of the Trinity River and aid in the orderly development of member communities. There will be construction disruption, and increased odor and noise from the new project (215 pages). Comments made by: DOT, DOI, COE, HUD, USDA, and state and local agencies. (ELR Order No. 40116) (NTIS Order No. EIS 74 0116–F.)

DEPARTMENT OF INTERIOR

Contact: Mr. Bruce Blanchard, Director, Environmental Project Review, Room 7260, Department of the Interior, Washington, D.C. 20240, 202–343–3891.

BUREAU OF LAND MANAGEMENT

Final

1974 OCS Oil and Gas Lease Sale, Louisiana, January 23: The statement refers to the proposed sale of oil and gas leases to 215 tracts (totalling 952,592.48 acres) of Outer Continental Shelf Lands. Twelve of the tracts are situated in water depths of 300 meters or more. All tracts pose some degree of pollution risk. Each tract offered is subject to a matrix analytical technique in order to evaluate significant environmental impacts should leasing occur and subsequent oil and gas exploration ensue. The sale is tentatively scheduled to be held in early spring, 1974 (three volumes). Comments made by: AEC, EPA, DOC, FPC, DOI, agencies of Louisiana, Alabama, and Mississippi, and concerned citizens. (ELR Order No. 40134) (NTIS Order No. EIS 74 0134–F.)

BUREAU OF RECLAMATION

Final

Granite Reef Aqueduct, Arizona, January 22: The proposed project is a feature of the Central Arizona Project. The aqueduct and its pumping plants will convey water from Lake Havasu at Buckskin Mountains Tunnel, 182 miles southeast to the Central Arizona service area. An annual average of 1.1 million acre-feet will be pumped through the system for multiple-use purposes. This import of water will utilize the major portion of Arizona's remaining entitlement to Colorado River water. Approximately 8,900 acres will be committed to the project (approx. 481 pages). Comments made by: DOI, USDA, HEW, HUD, FPC, and State and local agencies and concerned citizens. (ELR Order No. 40124) (NTIS Order No. EIS 74 0124–F.)

NATIONAL PARK SERVICE

Draft

Proposed Wilderness, Lake Mead National Recreation, Nevada and Arizona, January 22: The statement refers to the proposed legislative designation of 469,300 acres of land in Lake Mead National Recreation Area, Clark County, Nevada, and Mohave and Coconino Counties, Arizona as wilderness within the National Wilderness Preservation System. The action will increase long-term protection of natural and cultural resources. Adverse effects could occur due to the permissibility of mining, prospecting, grazing, and reclamation activities in recreation-area wilderness (124 pages). (ELR Order No. 40132) (NTIS Order No. EIS 74 0132–D.)

DEPARTMENT OF TRANSPORTATION

FEDERAL HIGHWAY ADMINISTRATION

Draft

Sawmill Creek Road, Sitka, Alaska, January 22: The statement refers to the improvement of the Sawmill Creek Road in the town of Sitka. The project requires the improvement of the existing roadway surface with some reconstruction and modifications in various sections to eliminate existing and potential accident locations. Adverse impacts are: increases in air and noise pollution levels during construction; sedimentation and spillage in Thimbleberry Creek and the proximal waters during construction; and loss of vegetation and slopes (61 pages). (ELR Order No. 40125) (NTIS Order No. EIS 74 0125–D.)

SR–200, Nassau County, Florida, January 21: The statement refers to the upgrading of SR–200 in Nassau County, from a rural road to a divided four-lane facility. The project begins in the town of Yulee west of US–17 and extends eastward to the approach to the Amelia River Bridge, a distance of approximately 6.1 miles. Two two-hundred-foot bridges will span Lofton Creek. Adverse impacts include: water quality changes in the three creeks; loss of some marsh area; noise level increases; and, displacement of 28 families and 4 businesses. A 4(f) determination will have to be made concerning Lofton Creek and the Nassau River-St. Johns River Marshes Aquatic Preserve (100 pages). (ELR Order No. 40117) (NTIS Order No. EIS 74 0117–D.)

SR 25 and SR 28, Bourne, Barnstable County, Massachusetts, January 22: The project, located in the town of Bourne, involves the improvement of a section of Route 28, approximately 4.1 miles in length, from Bourne Bridge to Connery Circle, and a 4.4 mile extension of Route 25 from Bourne Bridge to the Mid-Cape Highway (U.S. 6), terminating at the Sandwich town line. Adverse impacts include: dislocation of 2 families and 3 businesses; slight increase in noise levels on Route 28; loss of deer habitat; and reduction in the land area of Otis AFB (85 pages). (ELR Order No. 40128) (NTIS Order No. EIS 74 0128–D.)

I–394, Hennepin County, Minnesota, January 21: The project involves the construction of an east-west Interstate freeway, I–394, from Minnetonka to Minneapolis, a distance of 8.5 miles. I–394 will provide six continuous through lanes with interchanges spaced at 1 mile intervals. Adverse impacts are: the dislocation of from 58 to 89 families and 39 to 51 businesses, depending on which of the three alternatives is chosen; the destruction of from 42 to 8 acres of wildlife habitat; and the increase of air and noise pollution levels. A 4(f) determination will probably have to be made concerning parkland in the area (210 pages). (ELR Order No. 40118) (NTIS Order No. EIS 74 0118–D.)

Draft

I–80N, Portland, Multnomah County, Oregon, January 23: The statement refers to a study of seven proposed transportation options for the Mt. Hood Freeway, I–80N, in Portland. The options range up to an eight lane freeway, with various transit and depressed-transit/freeway combinations also being considered. Impacts of the action would vary according to the option chosen. (ELR Order No. 40141) (NTIS Order No. EIS 74 0141–D.)

I–820, Tarrant County, Texas, January 22: The statement refers to the construction of I–820 in the northwest portion of Tarrant County and within the cities of White Settlement, Lake Worth, and Fort Worth. The highway will be a basic six-lane freeway having controlled access and continuous frontage roads for most of its entire 13.5 mile length. Approximately 800 acres are to be used as right-of-way. Adverse impacts are: the displacement of wildlife; the conversion of grazing and urban open lands to permanently paved roadways; and increases in air, water, and noise pollution (58 pages). (ELR Order No. 40121) (NTIS Order No. EIS 74 0121–D.)

SR 262, Staunton, Augusta County, Virginia, January 22: The statement refers to the construction of Route 262, which will begin at I–81 and continue northwest to Route 250. The new corridor will provide a controlled-access, four-lane divided facility on the southern perimeter of the city of Staunton. Five interchanges and two overpasses are proposed. There are six alternative route combinations being considered which vary in length from 6.17 to 7.27 miles. Adverse impacts are: displacement of a maximum of 75 families and 8 businesses; conversion of pastureland to roadway; and the increase of noise and air pollution (91 pages). (ELR Order No. 04012) (NTIS Order No. EIS 74 0126–D.)

Draft

Cross Island Highway, St. Croix, Virgin Islands, January 24: The statement refers to the proposed construction of 8.25 miles of four-lane highway between Christiansted and Frederiksted. Right-of-way acquisition would impact 55 residences, 25 businesses, 3 churches, and 1 school. Additionally, several thousand large shade trees would be destroyed by the project (74 pages). (FLR

Order No. 40147) (NTIS Order No. EIS 74 0147–D.)

Final

US Rte. 101, Humboldt County, California, January 21: The proposed project consists of reconstructing a 1.7 mile segment of an existing 4-lane facility to an initial 4-lane divided freeway with provisions for two additional lanes. The project will displace 167 families, 17 businesses and two churches; 53 acres of land will be acquired for right-of-way. A section 4(f) statement was filed to obtain Vinum Park. Adverse effects will include increased air and noise pollution (231 pages). Comments made by: EPA, DOI, DOT, and state and local agencies. (ELR Order No. 40110) (NTIS Order No. EIS 74 0110–F.)

Pomona Freeway, SR 60, Los Angeles County, California, January 24: The statement refers to the proposed widening of the Pomona Freeway, Route 60, from Mednik Avenue to 0.2 mile east of Rosemead Boulevard, and ramp metering from the Long Beach Freeway, Route 7, to the San Gabriel Freeway, in the cities of Montebello, Monterey Park, Roasemead, and South El Monte. Adverse impact will include the need to acquire three residences and a five unit apartment complex. Comments made by: DOI, HEW, COE, and local agencies. (ELR Order No. 40142) (NTIS Order No. EIS 74 0142–F.)

Interstate Route 95, Massachusetts, January 22: The statement refers to the proposed reconstruction of I–95 from the Danvers-Middleton town line north to the Merrimack River at the west edge of the City of Newburyport. The existing 17-mile section of four-lane highway will be widened to eight lanes. Twenty-four residences and eight businesses will be displaced. Three hundred and twenty acres will be acquired for right-of-way. Section 4(f) land from the Georgetown-Rowley State Forest, the Downfall Wildlife Management Area, and the Newburyport City Forest will be encroached upon (approx. 465 pages). Comments made by: DOI, DOC, HEW, FPC, EPA, USDA, GSA, and state and local agencies. (ELR Order No. 40133) (NTIS Order No. EIS 74 0133–F.)

Major Deegan Expressway, Bronx County, New York, January 23: Proposed is the reconstruction of the existing interchange between the Major Deegan Expressway, I–87, and Macombs Dam Bridge. One or two of the existing ramps will be relocated, depending on the alternate selected. Length of the project is 0.9 mile (203 pages). Comments made by: USDA, HEW, DOI, FPC, EPA, USCG, DOT, COE, and local agencies. (ELR Order No. 40135) (NTIS Order No. EIS 74 0135–F.)

County Road No. 65C (Bridge Street), Montgomery County, New York, January 24: The statement refers to the proposed reconstruction of CR 65C (Bridge Street) including a new structure over the Penn Central Railroad tracks. Nine families and two businesses will be displaced (52 pages). Comments made by: DOI, USDA, and state and local agencies and concerned citizens. (ELR Order No. 40146) (NTIS Order No. EIS 74 0146–F.)

US 52, SR 7, SR 607, Lawrence County, Ohio, January 21: The plan involves the construction of approximately 10 miles of 4 lane highway from Chesapeake to east of Proctorville. Included in the project is the construction of a connecting road (SR 607) from the proposed new SR 7 facility to a bridge. Adverse impacts of the project include: the removal of natural vegetation, relocation of the sections of channels of three streams, and the displacement of 106 families, businesses and farms. A 4(f) determination will have to be made concerning the construction of bridge piers on a public use area (63 pages). Comments made by: DOI, EPA, HUD, HEW, USDA, COE, USCG, and state and local agencies. (ELR Order No. 40111) (NTIS Order No. EIS 74 0111–F.)

Spur 351, US 90A to Leissner Road, Guadalupe County, Texas, January 23: The proposed project is a 2.2 mile extension of Spur 351 from U.S. Highway 90 (Alternate) west of Sequin, south to Leissner Road. The work involves the construction of a two-lane highway on new location and includes a major drainage structure over the Guadalupe River. Two families may be displaced and an unspecified number of businesses displaced (61 pages). Comments made by: HEW, DOD, USDA, DOI, EPA, and state and local agencies. (ELR Order No. 40137) (NTIS Order No. EIS 74 0137–F.)

S.T.H. 56, Richland County, Wisconsin, January 22: The proposed project consists of replacing a deficient bridge and reconstructing 0.32 miles of approaches on Highway 56. Nine to twelve trees will be removed; 2.9 acres of cropland will be acquired for right-of-way (31 pages). Comments made by: USDA, DOI, EPA, COE, and USCG. (ELR Order No. 40127) (NTIS Order No. EIS 74 0127–F.)

GARY L. WIDMAN,
General Counsel.

ENVIRONMENTAL PROTECTION AGENCY

1976 NITROGEN OXIDE EMISSION STANDARD

Applications for Suspension

Applicants:
American Motors Corporation
Baverische Motoren Werke AG (BMW)
British Leyland Motor Corporation
S.A. Automobiles Citroen
Daimler-Benz AG
Ferrari S.p.A. SEFAC
Fiat S.p.A.
Fuju Heavy Industries, Ltd.
Jensen Motors, Ltd.
Lancia S.p.A.
Officine Alfieri Maserati S.p.A.
Nissan Motor Co., Ltd.
Regie Nationale Des Usine Renault
Rolls Royce, Ltd.
Volkswagenwerk A.G.
A.B. Volvo

DECISION OF THE ADMINISTRATOR

Section 202(b)(5)(B) of the Clean Air Act, as amended, provides that at any time after January 1, 1973, any automobile manufacturer may file with the Administrator of the Environmental Protection Agency an application requesting the suspension for one year only of the effective date, with regard to that manufacturer, of the nitrogen oxides emission standard applicable to light duty vehicles manufactured beginning with the 1976 model year. If the Administrator determines that suspension should be granted, he must simultaneously with such determination prescribe by regulation an interim emission standard applicable to such vehicles manufactured during the 1976 model year.

On July 30, 1973, the Administrator granted to Chrysler Corporation, Ford Motor Company, and General Motors Corporation a one-year suspension of the effective date of the statutory nitrogen oxides (NO_x) emission standard applicable to 1976 model light duty motor vehicles. The Administrator simultaneously established an interim NO_x emission standard of 2.0 grams per mile applicable to each applicant's 1976 model year vehicles (see 38 FR 22474, August 21, 1973).

The Administrator's decision was based on findings required by section 202(b)(5)(D)(i), (ii), (iii) and (iv) of the Clean Air Act, as amended. EPA regards findings (i) (a suspension is essential to the public interest) and (iii) and (iv) (technology required to meet the standards is not generally available) as applicable to the automobile industry as a whole and, hence, conclusive as to any applications for suspension of the 1976 NO_x statutory standard. The remaining finding, that the applicant has made all good faith efforts to meet the statutory standard (section 202(b)(5)(D)(ii)), is made with respect to each applicant on the basis of an application, and after adequate time for public review and comment. A decision granting or denying any application shall be made within 60 days after receipt thereof. Any manufacturer granted a suspension is subject to the interim 2.0 grams per mile NO_x standard established by the July 30, 1973, decision.

On November 15, 1973, Officine Alfieri Maserati S.p.A. filed with the Administrator an application for a one year suspension with respect to that company of the effective date of the 1976 NO_x emission standard. Subsequent applications for suspension have been filed by Daimler-Benz (received November 20, 1973), Jensen Motors (received November 28, 1973), Renault (received December 4, 1973), Volkswagen (received November 30, 1973), Fuju Heavy Industries (received December 11, 1973), Rolls Royce (received December 11, 1973), American Motors (received December 11, 1973), Volvo (received December 18, 1973), BMW (received December 19, 1973), Ferrari (received December 20, 1973), Fiat (received December 20, 1973), Lancia (received December 28, 1973), Citroen (received January 2, 1974), British Leyland (received January 2, 1974), and Nissan (received January 3, 1974).

On December 28, 1973, notice was given in the FEDERAL REGISTER (38 FR 35528) for disposition of all suspension applications received by the Administrator prior to January 4, 1974. In accordance with the procedures outlined therein, each application was made available for public review and comment. Since no public comments were received on the submitted applications, I have determined that no useful purpose would be served by holding a suspension hearing on these applications.

On the basis of our review of the submitted applications, I have determined that each applicant has made all good faith efforts to meet the 1976 NO_x statutory standard. Accordingly, I hereby grant suspension of the 1976 NO_x standard to each of the sixteen (16) applicants set forth above. Each applicant's 1976 model year light duty vehicles sold in the United States will be required to meet the interim NO_x standard of 2.0 grams per mile.

Dated: January 25, 1974.

JOHN QUARLES,
Acting Administrator.

FEDERAL COMMUNICATIONS COMMISSION

PANEL 9—CTAC COMMITTEE

Notice of Meeting

JANUARY 24, 1974.

Pursuant to Pub. L. 92–463, notice is hereby given of a meeting of the Panel 9 Committee on Monday, February 4, 1974, to be held by Theta-Com of California, at the Airport Marina Hotel, Corner of Manchester and Lincoln Boulevard, Los Angeles, California, beginning at 10 a.m.

(1) Approval of minutes of Last Meeting.
(2) Report on Steering Committee Activities.
(3) Report of Sub-Committee on Survey of Data Systems Characteristics Questionnaire.
(4) Report of Sub-Committee on Draft Recommendations for Panel 9 Final Report.
(5) Discussion of measurements on existing two-way systems.
(6) Review of Bi-Directional Field Test Activities.
(7) Task assignments.
(8) Other business.
(9) Date of next meeting.

Any member of the public may attend or may file a written statement with the Committee either before or after the meeting. Any member of the public wishing to make an oral statement must consult with the Committee prior to the meeting. Inquiries may be directed to Mr. S. R. Effros, FCC, 1919 M Street NW., Washington, D.C. 20554—Telephone 202–632–6468.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Secretary.

[Docket No. 19660, RM–690]

RCA GLOBAL COMMUNICATIONS, INC.

Order Extending Time

In the matter of International Record Carriers' scope of operations in the continental United States, including possible revisions to the formula prescribed under section 222 of the Communications Act.

1. By memorandum opinion and order in the above-captioned matter released November 26, 1973, F.C.C. 73–1203, 43 F.C.C. 2d —, we instituted an investigation into the international formula. That order directed the parties to submit by January 25, 1974, statements of fact and memorandums of law with respect to the issues designated for investigation.

2. We have received from RCA Global Communications, Inc. (RCA) a request for an extension of time in which to file the required comments. RCA states that the extension is needed to permit evaluation of data which is being prepared for submission to the parties by the International Quota Bureau and which will enable them more adequately to frame their comments. The request has not been opposed.

3. Additionally, RCA requested that we convene a meeting of the parties during the period of the extension so that procedures may be developed which will facilitate eliciting of information relevant to the proceeding. We believe that such a meeting will be beneficial and will convene it by appropriate notification to the parties.

4. Since RCA has shown good cause for its request, and since the extension is unopposed and will not seriously delay the proceeding, we will grant an extension of three weeks.

Accordingly, it is ordered, Pursuant to § 0.303(c) of the Commission's rules, that the time for the parties to submit their comments in this proceeding is extended until February 15, 1974.

Adopted: January 24, 1974.

Released: January 28, 1974.

[SEAL] WALTER R. HINCHMAN,
Chief, Common Carrier Bureau.

FEDERAL POWER COMMISSION

[Project No. 271]

ARKANSAS POWER AND LIGHT CO.

Notice of Issuance of Annual License

JANUARY 28, 1974.

On February 4, 1970, and supplemented on October 8, 1970, Arkansas Power and Light Company, Licensee for Carpenter and Remmel Developments Project No. 271, located on Quachita River in Hot Spring and Garland and Montgomery Counties, Arkansas, filed an application for a new license under Section 15 of the Federal Power Act and Commission regulations thereunder (§ 16.1–16.6).

The present license for Project No. 271 was issued effective February 7, 1923, for a period ending February 6, 1973. In order to authorize the continued operation of the project pursuant to section 15 of the Act pending completion of Licensee's application and Commission action thereon it is appropriate and in the public interest to issue an annual license to Arkansas Power and Light Company for the continued operation and maintenance of Project No. 271.

Take notice that an annual license is issued to Arkansas Power and Light Company (Licensee) under section 15 of the Federal Power Act for the period February 7, 1974, to February 6, 1975, or until Federal takeover, or the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the Carpenter and Remmel Developments Project No. 271, subject to the terms and conditions of its license.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74–2837 Filed 1–31–74;8:45 am]

[Docket No. RP71–107, etc.]

NORTHERN NATURAL GAS CO.

Notice of Filing of Change in Rates

JANUARY 28, 1974.

Take notice that on January 23, 1974, Northern Natural Gas Company (Northern) Docket Nos. RP71–107 (Phase II), RP72–127, RP73–105, RP74–9, filed with the Commission Fourth Revised Sheet No. 4a and Second Revised Sheet No. 59 of Third Revised Volume No. 1 and First Revised Sheet No. 1c of Original Volume No. 2 of Northern's FPC Gas Tariff, to become effective December 27, 1973. Northern states that Fourth Revised Sheet 4a and First Revised Sheet No. 1c contain the Settlement Rates with the adjustments ordered by the Commission in their "Order Approving Rate Settlement with Conditions and Setting Procedural Dates for Reserved Issues" dated January 4, 1974. According to Northern, these two sheets also contain modifications to Northern's October 25, 1973, advance payment and research and development tracking filings to reflect (1) elimination of the preliminary costs of locating new storage fields amounting to .05¢ per Mcf, as required by Ordering Paragraph (L) of the January 4, 1974, order mentioned above, and (2) elimination of the rate effect of certain costs associated with expenditures for the testing and development of the Dallas Center Underground Storage Project in Docket No. RP74–9, amounting to .03¢ per Mcf.

Second Revised Sheet No. 59 deletes Northern's proposed change to Paragraph 9.1 of the General Terms and Conditions to permit Northern to reduce deliveries below Contract Demand to conserve available supplies of gas. This change in tariff language was also part of the Stipulation and Agreement as approved. Northern states that copies of the filing have been served upon each of its "Gas Utility Customers and interested State Commissions".

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 12, 1974. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Com-

mission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-2836 Filed 1-31-74;8:45 am]

[Docket No. E-8582]

WASHINGTON WATER POWER CO.

Notice of Application

JANUARY 28, 1974.

Take notice that on January 7, 1974, the Washington Water Power Company (Applicant) tendered for filing pursuant to section 205 of the Federal Power Act and Part 35 of the Regulations issued thereunder, an Agreement executed April 12, 1973 for the exchange of electric power and energy with the Bonneville Power Administration (BPA).

The Agreement provides for delivery to BPA of a portion of Applicant's share of the output from the Centralia Thermal Project in exchange for availability of BPA firm energy. Exchange arrangements were developed to (1) market Applicant's share of the Centralia Project output, and (2) render energy available for sale to industrial customers of BPA. Pursuant exchange transactions are dependent upon contract determination of Project capability, currently considered to total 1,000,000 KW for the purposes of the Agreement. The contract forbids exchange transactions until such time as project capability exceeds 1,000,000 KW, and delivery of nonfirm energy by BPA is not anticipated to begin until the summer of 1974.

Any person desiring to be heard or to make any protest with reference to said application, should on or before February 20, 1974, file with the Federal Power Commission, Washington, D.C. 20426, protests or petitions to intervene in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

KANSAS CITY POWER & LIGHT CO.

Further Extension of Time and Postponement of Prehearing Conference and Hearing

JANUARY 29, 1974.

On January 21, 1974, Staff Counsel requested an extension of the procedural dates fixed by order issued October 16, 1973, in the above-designated matter. The motion states that Counsel for Kansas City Power and Light Company and counsel for all intervenors either support or do not object to the motion.

Upon consideration, notice is hereby given that the procedural dates in the above matter are modified as follows:

Staff Service of Testimony, March 7, 1974.
Intervenors Service of Testimony, March 21, 1974.
KCP&L Rebuttal Testimony, April 4, 1974.
Prehearing Conference, April 18, 1974 (10:00 a.m., e.d.t.).
Commence Cross-Examination, April 25, 1974 (10:00 a.m., e.d.t.).

[Project No. 184]

PACIFIC GAS AND ELECTRIC CO.

Notice of Issuance of Annual License

JANUARY 28, 1974.

On February 27, 1970, Pacific Gas and Electric Company, Licensee for El Dorado Project No. 184 located in El Dorado, Alpine and Amador Counties, California on the South Fork of the American River partially within the boundaries of El Dorado National Forest, filed an application for a new license under section 15 of the Federal Power Act and Commission regulations thereunder (§§ 16.1-16.6). Licensee also made supplemental filings on June 22, 1970, and January 22, 1971.

The license for Project No. 184 was issued effective February 23, 1922, for a period ending February 22, 1972. In order to authorize the continued operation of the Project pursuant to section 15 of the Act pending completion of Licensee's application and Commission action thereon it is appropriate and in the public interest to issue an annual license to Pacific Gas and Electric Company for continued operation and maintenance of Project No. 184.

Take notice that an annual license is issued to Pacific Gas and Electric Company (Licensee) under Section 15 of the Federal Power Act for the period February 23, 1974, to February 22, 1975, or until Federal takeover, or the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the El Dorado Project No. 184, subject to the terms and conditions of its license.

[Project No. 2301]

MONTANA POWER CO.

Mystic Lake Project; Notice of Availability of Staff Draft Environmental Impact Statement

Notice is hereby given in the captioned Project, that on January 30, 1974, as required by section 2.81(b) of Commission Order No. 415-C, a draft environmental impact statement prepared by the Staff of the Federal Power Commission was made available for comments. This statement deals with an application for a new license filed pursuant to the Federal Power Act for the existing Mystic Lake Project No. 2301, located on West Rosebud Creek in Stillwater and Carbon Counties, Montana.

This statement has been circulated for comments to Federal, State and local agencies, has been placed in the public files of the Commission, and is available for public inspection both in the Commission's Office of Public Information, Room 1000, 825 North Capitol Street, NE., Washington, D.C. 20426 and at its Chicago Regional Office located at 610 S. Canal Street, Room 1051, Chicago, Illinois 60606.

Copies may be ordered from the National Technical Information Service, Department of Commerce, Springfield, Virginia 22151, and the Commission's

Office of Public Information, Washington, D.C. 20426.

The existing project consists of a 45-foot high concrete arch dam; a 446-acre reservoir (Mystic Lake); a pipeline and penstock extending to a powerhouse having an installed capacity of 10,000 kW and located on West Rosebud Creek; and about 20 miles of transmission line. The Applicant also proposes to construct a 49-acre re-regulating reservoir downstream of the powerhouse to reduce the fluctuation of stream flows caused by project operation.

Any person who wishes to do so may file comments on the staff draft statement for the Commission's consideration. All comments must be filed on or before March 18, 1974.

Any person who wishes to present evidence regarding environmental matters in this proceeding must file with the Commission a petition to intervene pursuant to § 1.8 of the Commission's rules of practice and procedure. Petitioners must also file timely comments on the draft statement in accordance with section 2.81(c) of Order No. 415–C.

All petitions to intervene must be filed on or before March 18, 1974.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74–2642 Filed 1–31–74;8:45 am]

GENERAL SERVICES ADMINISTRATION

[Federal Property Management Regs.; Temporary Reg. F–208]

DATA SERVICES OF THE FEDERAL TELECOMMUNICATIONS SYSTEM INTERCITY VOICE NETWORK

1. *Purpose.* This regulation prescribes revised procedures and reporting requirements and updated rates for the data services provided by the Federal Telecommunications System (FTS) intercity voice network.

2. *Effective date.* This regulation is effective on February 1, 1974.

3. *Expiration date.* This regulation expires June 30, 1974, unless sooner revised or superseded.

4. *Conditions of service.* This regulation contains provisions for conditions of service and methods of charging for direct use of the FTS intercity voice network for transmission of data by facsimile, magnetic tape, card transceiver, or similar data terminal equipment.

a. *General.* The FTS intercity voice network is available under controlled conditions for direct subscriber access by Federal agencies or their approved cost reimbursement contractors for the transmission of only that data which can be accommodated over normal voice-grade, unconditioned switched channels.

b. *Suspension of service.* Daytime use of the FTS intercity voice network for data transmission is subject to restrictions necessary to protect the quality of regular network service for voice transmission. In the event of deterioration of quality of service for voice transmission at any location, the General Services Administration may inform agencies of the necessity for temporary or permanent cessation of use of particular FTS voice circuits for data transmission during the daytime usage hours.

c. *Service availability.* Service is offered between locations which are served direct by the FTS intercity voice network. No off-net originating service is available. Off-net terminating service is available only by special arrangement.

5. *Direct subscriber use between agency terminals.* This service is available to agencies having a data transmission requirement between locations served direct by the FTS intercity voice network. The following general provisions, rates, and method of billing will apply:

a. *Prior approval.* Prior approval must be obtained from GSA in accordance with FPMR 101–35.2 before the inception of service.

b. *Charges.* (1) Data transmission during daytime hours (7 a.m. to 7 p.m. e.s.t., Mondays through Fridays, except holidays) will be at the rate of 14 cents per minute. Although calls may be subject to sampling, such calls will not be included in the sampling results.

(2) Night, holiday, and weekend service (7 p.m. to 7 a.m. e.s.t., Mondays through Fridays, and 24 hours per day on Saturdays, Sundays, and holidays) will be provided without charge.

(3) All costs associated with data terminal equipment, data sets, channel terminations, installation charges, special circuitry, metering devices, etc., will continue to be borne by the subscribing agency unless agreements have been made with GSA wherein GSA will provide a total communications service for the agency at a rate which also covers such items as those listed above.

(4) Agency subscribers of GSA's Remote Access Multi-User System (RAMUS), provided by the Federal Data Processing Center in Atlanta, Georgia, and located within a 100-mile radius of the entry points listed below to the Atlanta time-sharing computer, are not subject to the above usage charges or to the reporting requirements of subparagraphs 5c and d, below, since the FTS intercity costs within this radius are included in the charges for the RAMUS service.

LIST OF ENTRY POINTS

Chicago, IL	New York, NY
Detroit, MI	Washington, DC
Boston, MA	Vicksburg, MS
Atlanta, GA	

c. *Reports and billing.* (1) Agencies using the FTS intercity voice network for data usage shall submit no later than 30 calendar days after the end of each quarter usage reports on GSA Form 2830, Individual Terminal Report of FTS Intercity (Voice Network) Data Transmission. GSA Form 2830 requires the number of calls and minute usage for daytime hours for each terminal location (address—number, street, city, State, ZIP code, and room number) and, for information purposes, a listing of the treminals used at night, holidays, and weekends. Reports shall be forwarded to the General Services Administration (CXM), Washington, DC 20405.

(2) For that part of agency traffic that is carried over the FTS intercity voice network under the GSA Teleprocessing Services Contract, a quarterly report of usage need not be submitted since this traffic will be reported to GSA by the contractor.

(3) GSA will render a quarterly bill to the agency headquarters level based on its quarterly usage reported in (1) and (2), above, and d, below.

d. *Alternate data usage reporting.* Agencies using the FTS intercity voice network for data usage may submit agencywide monthly bulk minute usage for daytime hours in lieu of the reporting requirements set forth in c, above. In the case of night, holiday, and weekend usage, a report listing terminals used will be submitted for traffic analysis. This alternate reporting method may be used through June 30, 1974. Agencies may use GSA Form 2830 for this report.

6. *Forms availability.* Agency field offices should submit all requirements for GSA Form 2830 to their Washington, DC headquarters office which will forward consolidated annual requirements to the General Services Administration (BRAF), Washington, DC 20405.

7. *Service to Alaska, Hawaii, and Puerto Rico.* This service continues to be available on an authorized and controlled basis for certain types of record and data traffic requiring the use of unconditioned voice circuits serviced direct by the FTS intercity voice network.

a. To avoid interruption of transmission, it is required that the originator of data calls to and from Alaska, Hawaii, and Puerto Rico inform the FTS overseas operator that the call is a data call and give the approximate length of transmission.

b. The following rates cover only the cost of service from the gateway centers (San Francisco to Hawaii for Hawaii service; Seattle to Alaska for Alaska service; and Washington, DC, to Puerto Rico for Puerto Rico service) and are effective July 1, 1973.

To and from gateway centers and:	*Rate/ Minute*
Alaska	.90
Hawaii	1.00
Puerto Rico	1.00

c. Data transmissions originating or terminating in Alaska, Hawaii, or Puerto Rico are not subject to the reporting requirements of paragraph 5, above. GSA will render a quarterly bill at the headquarters level based on tickets prepared by GSA operators at the gateway centers. GSA will also bill at the rate of 14 cents per minute for any data traffic (7 a.m. to 7 p.m. e.s.t., Monday through Friday, except holidays) that passes over the conterminous 48-State portion of the FTS intercity voice network. Although such conterminous traffic may be subject to sampling, such calls will not be included in sampling results.

8. *General-usage magnetic tape and card service.* Service to agencies having a requirement for the delivery of magnetic tapes and punched cards is currently available by arrangement between

any of the GSA terminal stations in the following locations:

Atlanta, GA	Fort Worth, TX
Auburn, WA	Kansas City, MO
Boston, MA	New York, NY
Chicago, IL	San Francisco, CA
Denver, CO	Washington, DC

a. The reimbursement rate for the transmission of magnetic tape between any two GSA terminal locations, including usage of the FTS intercity voice network, will be $1 per minute. Service is also available to agencies operating their own magnetic tape terminal having access to the FTS intercity voice network. The charge for magnetic tape service from an agency-operated terminal to any of the above GSA locations or from any of the above GSA locations to an agency-operated terminal will be at the rate of 57 cents per minute. This rate includes FTS usage and use of the single GSA magnetic tape terminal.

b. The reimbursement rate for the transmission of punched card traffic between any two GSA terminal locations is 2½ cents per card. The card transceiver network is also interconnected with the Defense Communications System Automatic Digital Network (AUTODIN), enabling the exchange of card traffic with any location served by the military worldwide system.

c. The pickup and delivery of magnetic tapes and card decks from GSA-operated terminals are the responsibilities of the subscribing agency. Agencies are to return or make suitable replacement for magnetic tapes provided by GSA.

d. Billing for services will be made monthly by GSA on the basis of usage reports from the GSA data communications centers providing the service.

9. *Prior approval and information.* a. Prior arrangements must be made with GSA before the inception of service. Requests for information and approval in connection with initial requirements should be directed to:

General Services Administration (CP)
Washington, DC 20405
Telephone: FTS 202 254-6306
IDS 193-46306
Centrex A 46306

b. Information regarding specific rate applications and billing may be obtained from:

General Services Administration (CX)
Washington, DC 20405
Telephone: FTS 202 254-6364
IDS 193-46364
Centrex A 46364

10. *Effect on other issuances.* This regulation cancels FPMR Temporary Regulation F-185.

ARTHUR F. SAMPSON,
Administrator of General Services.

JANUARY 25, 1974.

SECRETARY OF DEFENSE

Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government in an electric rate proceeding.

2. *Effective date.* This regulation is effective immediately.

3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201(a)(4) and 205(d) (40 U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government before the Kansas State Corporation Commission in a proceeding (Docket No. 99486-U) involving the application of the Kansas Gas and Electric Company for an electric rate increase.

b. The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

c. This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and, further, shall be exercised in cooperation with the responsible officers, officials, and employees thereof.

ARTHUR F. SAMPSON,
Administrator of General Services.

[Federal Property Management Regs.; Temporary Reg. F-207]

SECRETARY OF DEFENSE

Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of Defense to represent the consumer interest of the Federal Government in a communications services rate proceeding.

2. *Effective date.* This regulation is effective immediately.

3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201(a)(4) and 205(d) (40 U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense to represent the consumer interest of the executive agencies of the Federal Government before the Hawaiian Public Utilities Commission in a remand proceeding involving intrastate rates for communications services provided by the Hawaiian Telephone Company (Docket No. 1871).

b. The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

c. This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and, further shall be exercised in cooperation with the responsible officers, officials, and employees thereof.

ARTHUR F. SAMPSON,
Administrator of General Services.

LIBRARY OF CONGRESS

[LCR 2010-1]

DIRECTOR OF PERSONNEL

Delegation of Authority

Subject: *Appointive Authority.* 2, U.S.C. (140) provides that "All persons employed in and about said Library of Congress under the Librarian shall be appointed solely with reference to their fitness for their particular duties."

2, U.S.C. (141 and 142a) provide that duties required to be performed shall be performed "under the direction of the Librarian of Congress, by such persons as the Librarian may appoint for those purposes."

Under the provisions of LCR 2011-4, the Librarian has delegated authority to the Director of Personnel to give final approval on certain Personnel Action Recommendations, including "appointments, transfers, and promotions to positions up to and including grade GS-13." PAR's above GS-13 are forwarded through the Assistant Librarian and the Deputy Librarian to the Librarian for final action.

[SEAL] L. QUINCY MUMFORD,
Librarian of Congress.

Approved February 23, 1973.

[FR Doc.74-2637 Filed 1-31-74;8:45 am]

[LCR 2010-3]

EQUAL EMPLOYMENT OPPORTUNITY PROGRAM AND PLAN

Assignment of Responsibilities

SECTION 1. *Purpose.* This regulation assigns responsibilities for the Equal Employment Opportunity Program and Plan for the Library deriving from the provisions of the Equal Employment Opportunity Act of 1972 (Pub. L. 92-261) [see section 2.B. of LCR 2010-21. It states the responsibilities of officials and staff members, provides for affirmative action programs to promote and assure fair and equal treatment of all staff members and candidates for positions, and provides for impartial counsel and investigation and resolution of claims of discrimination (under LCR 2010-3.1). These programs

shall be achieved in part through the annual preparation, review, and approval of an Equal Employment Opportunity Plan which will define and contain elements of the over-all Equal Employment Opportunity Program.

SEC. 2. *Assignment of responsibilities.* A. The Librarian will receive annually, review, and approve the Equal Employment Opportunity Plan, on which he shall publish semiannual progress reports. The Plan shall be concerned with the principal functional areas as outlined below and shall set forth objectives of the Program, as well as continuing affirmative action programs and specific assignments established to be performed on an annual basis or other reasonably achievable time period.

B. The Director of Personnel with the assistance of the Assistant Director for Equality Programs, shall be responsible for developing, assembling, and coordinating with the Equal Opportunity Coordinator, interested individuals, groups and organizations and management officials the Equal Employment Opportunity Plan based on requirements of law and Library Regulations. He shall transmit this annually to the Librarian for review and approval. The Director of Personnel shall be responsible also for the implementation, through the Assistant Director for Equality Programs and the staff of the Personnel Office and all managers and supervisors of the Library, of an affirmative action program based on the annually approved Equal Employment Opportunity Plan and for the preparation and submission to the Librarian of semi-annual reports on the program conducted under this and related regulations.

C. It shall be the responsibility of the Equal Opportunity Coordinator to administer the Equal Opportunity Office and, with the assistance of the Equal Opportunity Officers, the Investigator, and the Equal Opportunity Counselors, in accordance with the provisions of LCR 2010–3.1 and the direction of the Deputy Librarian, to counsel, investigate and supervise investigations, coordinate and make recommendations concerning the resolution of specific cases of alleged discrimination brought by members of the staff as individuals or as groups or by applicants for employment. He shall make recommendations relating to the Equal Employment Opportunity Program and Plan and shall participate in evaluating appropriate affirmative action items in the Plan. The Coordinator shall also report semi-annually to the Deputy Librarian on the activities of the Equal Opportunity Office and perform other duties as enumerated in LCR 2010–3.1.

D. The Federal Woman's Program Coordinator. The Federal Woman's Program Coordinator, a staff member designated by the Librarian to serve on a part-time basis for a two-year term, shall advise the Deputy Librarian, the Director of Personnel, the Assistant Director for Equality Programs, the Equal Opportunity Coordinator, and other appropriate officers concerning the special Equal Employment Opportunity Program needs in the Library for women, including affirmative action items for the Equal Employment Opportunity Plan, special studies relating to the employment of women and other matters of special concern to women in the Library. This officer shall make recommendations relating to the Equal Employment Opportunity Program and Plan.

SEC. 3. *The Equal Employment Opportunity Plan.* A. In accordance with the requirements of the Equal Employment Opportunity Act of 1972 and as indicated in section 2.B. of this regulation, the Director of Personnel is responsible for assembling for final approval by the Librarian an annual Equal Employment Opportunity Plan. The purpose of the plan is to present specific affirmative action items relating primarily to the areas of personnel management and discrimination complaint resolution to be accomplished within an indicated reasonable time frame and which will contribute directly to the accomplishment of the aims of the Equal Employment Opportunity Program. The elements specified in the plan shall include the following:

(1) Orientation, training, and education programs designed to provide a maximum opportunity for employees to advance so as to perform at their highest potential.

(2) Solicitation from interested groups and individuals of views and proposals concerning the Equal Employment Opportunity Program and Plan.

(3) Organization, staff, and other resources (funds, space, facilities, equipment) needed to carry out the Program and Plan.

(4) A description of the qualifications and training relating to equal employment opportunity required to be met by the principal and operating officials responsible for carrying out the Library's Equal Employment Opportunity Program.

(5) A program for the review, counseling and appeal of complaints or charges of discrimination on an informal and formal basis.

The Plan may encompass but not limited to the following:

(1) Promotion and reassignment programs.

(2) Evaluation of performance and potential of staff.

(3) Counseling and advisory services with respect to career advancement and utilization.

(4) Internal and external recruitment, placement, examining, testing, and selection programs.

(5) Data collection and analysis programs.

(6) Communication concerning the Equal Employment Opportunity Program.

(7) Employee services and Community Relations.

(8) Performance recognition and incentive programs.

[SEAL] L. QUINCY MUMFORD,
Librarian of Congress.

Approved February 23, 1973.

[FR Doc.74–2639 Filed 1–31–74;8:45 am]

[LCR 2010–2]

NON-DISCRIMINATION

Library Employment and Staff Relationships

SECTION 1. *Purpose.* This Regulation restates the Library of Congress' established policy of non-discrimination in employment and all staff relationships and in accordance with the Equal Employment Opportunity Act of 1972; it establishes the Equal Employment Opportunity Program in the Library under the terms of that Act.

SEC. 2. *Policy and legal basis.* A. It is the policy of the Library not to discriminate in staff relationships and personnel actions (including consideration of candidates for employment). To this end management officials, supervisors, and staff members at all levels shall do everything possible to assure that all personnel actions affecting staff members or applicants for employment are free from any discrimination based upon race, color, religion, sex, national origin, or lawful political affiliation and to provide a work environment wherein equal opportunity and equal consideration are given to all. This policy is based on the philosophy that every individual is a person of dignity and worth and must be so treated. In order to carry out this policy, the Library is establishing an Equal Employment Opportunity Program. Management officers and supervisors at all levels shall consider the aims and policies of this program, as set forth in this and related regulations, as an integral part of their responsibilities at all times.

B. Library policy is also in accordance with the provisions of section 717 of the Equal Employment Opportunity Act of 1972 (Pub. L. 92–261) which states in part that "All personnel actions affecting employees or applicants for employment * * * in the Library of Congress shall be made free from any discrimination based on race, color, religion, sex or national origin." This section further sets forth that the Librarian shall:

(1) Have the authority to enforce the provisions of the above through appropriate remedies, including reinstatement or hiring of employees with or without back pay, and shall issue rules, regulations, orders and instructions as he deems necessary and appropriate to carry out his responsibilities under this section;

(2) Be responsible for an annual review and approval of an Equal Employment Opportunity Plan in order to maintain an affirmative program of equal employment opportunity for all employees and applicants for employment;

(3) Review and evaluate the operation of an Equal Employment Opportunity Program and publish on at least a semi-annual basis progress reports on such a program;

(4) Consult with and solicit the recommendations of interested individuals, groups and organizations with regard to equal employment opportunity;

(5) Notify any employee or applicant of any final action taken on any com-

plaint of discrimination filed by him under the Program;

(6) Establish an Equal Employment Opportunity Plan which shall include among other things:

(a) Provisions for the establishment of training and education programs designed to provide maximum opportunity for employees to advance so as to perform at their highest potential;

(b) A description of the qualifications in terms of training and experience relating to equal employment opportunity for the principal and operating officials of the Library responsible for carrying out the Equal Employment Opportunity Program; and

(c) A description of the allocation of personnel and resources proposed by the Library to effectuate the Equal Employment Opportunity Program.

Section 717 further permits employees and applicants to file private civil suits as a result of an agency's final adverse action on a discrimination complaint or as a result of an agency's inaction on such complaints. Specifically, this section provides that an employee or applicant may file a civil action, as provided in Section 706 of the Civil Rights Act of 1964 (78 Stat. 253; (42 U.S.C. 2000e et seq)):

(1) Within 30 days of such notice of final action; or

(2) After 180 days from the filing of an initial charge of discrimination with the Library, if the Library fails to take final action on said complaint. (Suits filed under this provision will not enjoin the agency from taking or completing final action on a complaint.)

[SEAL] L. QUINCY MUMFORD,
Librarian of Congress.

Approved February 23, 1973.

[FR Doc.74-2638 Filed 1-31-74;8:45 am]

[LCR 2010-3.1]

PROBLEMS, COMPLAINTS, AND CHARGES OF DISCRIMINATION

Policies and Procedures

SECTION 1. *Purpose.* This regulation states the Library's policies and procedures for the resolution of problems, complaints, or charges relating to discrimination, as defined in LCR 2010-2, section 2.A., received from individuals or groups in the Library or from applicants for employment.[1]

SEC. 2. *Policy.* A. It is the policy of the Library to provide an impartial and expeditious counseling and investigatory activity as part of the Equal Employment Opportunity Program, which shall assure access by all staff and attempt prompt solution to problems, complaints, or charges of discrimination based on grounds of race, color, religion, sex, or national origin. All staff members shall cooperate in providing information and consultation, and supervisors shall allow an adequate amount of official time for solutions to equal opportunity problems. Conciliation and resolution of complaints should be sought by all parties concerned at all stages of the process provided for in this regulation.

[1] Chart of procedures filed as part of original document.

B. Should discrimination be found and/or charges of discrimination sustained under this Regulation, disciplinary action against those responsible shall be taken when it is appropriate.

C. Where it has been determined that remedial action is appropriate, it shall be provided within the law and Library Regulations.

SEC. 3. *Assignment of responsibilities—*

A. *Equal Opportunity Office.* The Equal Opportunity Office shall be responsible for developing and executing the program and procedures for the resolution of complaints and charges of discrimination including the hearing procedures. It shall operate under the general guidance of the Deputy Librarian of Congress, who provides direction to the Equal Opportunity Office Coordinator, who, in turn, directs the Equal Opportunity Office staff. Any conflicts which staff members may have between their duties as Equal Opportunity Officers and Counselors and their official positions shall be resolved by the Coordinator.

8. *Deputy Librarian.* The Deputy Librarian provides leadership for the Equal Opportunity Office and its needs through advice to and reports from the Coordinator. The Deputy Librarian shall review findings and recommendations of the Equal Opportunity Office and attempt resolution of complaints. With respect to all third party problems, complaints or charges, and those of outside applicants, his decision shall be a final agency decision. Where the Deputy Librarian does find discrimination, he is hereby authorized to take any appropriate remedial action he deems necessary.

C. *Equal Opportunity Coordinator.* Through close association with the Deputy Librarian, Library staff members, and Library organizations, the Coordinator shall direct the Equal Opportunity Office Program. He shall have the authority to direct that personnel actions involved in an allegation of discrimination be suspended for a period not to exceed 10 workdays from the date of the request. If an extension beyond this time is desired, such extension must be approved by the Director of Personnel. The Coordinator shall furnish data and statistics, initiate studies, develop and implement uniform procedures, participate in recommendations in discrimination cases, counsel the Equal Opportunity staff and other Library officers, and assist the hearing examiners as needed.

D. *Equal Opportunity Officers.* Equal Opportunity Officers shall be available for consultation by Counselors. These Officers shall be appointed by the Librarian and shall serve terms of two years, and they shall be eligible for reappointment. The Officers shall review, process and attempt resolution of problems or complaints referred by the Coordinator, and they shall make findings and recommendations thereon. In addition, they shall handle pre-complaints and complaints by third parties and groups. The Officers shall act for the Coordinator as assigned. They may also assist the Coordinator or the Deputy Librarian in special studies and planning relating to the program.

E. *Equal Opportunity Counselors.* Equal Opportunity Counselors shall be available to any staff member or qualified applicant who wishes to state the belief, and reasons therefore, that he or she is being or has been discriminated against. Counselors are appointed by the Librarian and shall serve a term of two years and shall be eligible for reappointment. The Counselors shall inquire into such allegations, assist a grievant and management, and seek resolution of such matters on as informal and confidential a basis as possible. Counselors shall prepare all necessary records and they shall report promptly, in writing, to the Coordinator as required by this Regulation.

F. *Equal Opportunity Investigators.* Investigators are responsible for investigating assigned complaints pursuant to the procedures set out in section 8.B., below.

G. *Supervisors.* It is the responsibility of department directors, division chiefs, and immediate supervisors to make the contents of this Regulation available to their staff members and to assure that the names, photographs, locations, and telephone numbers of the Coordinator, Equal Opportunity Officers, and Counselors are posted on the bulletin boards in their respective work areas. In addition, supervisors shall be responsible for notifying the Equal Opportunity Coordinator immediately of any allegations of discrimination brought to their attention from within their jurisdiction. They also shall be responsible for cooperating with the Equal Opportunity Office in its investigation, and they shall take or recommend remedial measures where possible to resolve specific cases.

SEC. 4. *Pre-complaint procedures.* This section shall apply to individual problems or charges of discrimination only. General allegations of discrimination by organizations or other third parties shall be considered third party allegations, and provisions for processing the same are provided for in Section 12., below. The pre-complaint procedures are as follows:

A. A staff member, or qualified applicant, who believes that he or she has been, or is being, discriminated against, and who wishes to resolve the matter, shall notify and consult with an Equal Opportunity Counselor not later than 20 workdays after the date of the alleged discriminatory matter. The counseling process shall be informal and at the request of the dissatisfied employee confidential. The dissatisfied employee's name may be used only with his permission. The allegation need not be in writing.

B. The time limitation for notifying the Equal Opportunity Counselor may be extended upon written request to, and approval of, the Equal Opportunity Coordinator. In such request, the grievant shall cite justification for the delay. The Coordinator's reply shall be in writing. The Coordinator shall extend the time limits upon his prior determination that the grievant was prevented by circumstances beyond his control from submitting the matter within the required time limits.

C. After recording the initial counseling date, the Counselor shall make whatever inquiry he considers necessary into the matter, with the aim of assisting the grievant and management in defining and understanding the problem or charge. He shall seek also to resolve the problem on an informal basis to the satisfaction of all parties. The Counselor shall keep a record of his counseling activities. Where the Counselor concludes that a matter does not involve discrimination, as defined by LCR 2010–2, section 2.A., he shall advise the grievant of such conclusion within the time period and pursuant to the procedures set out in Sub-section D., below. Should the Counselor recognize, however, that there is in the problem a matter requiring other management attention, he shall refer the grievant to the appropriate Library officer.

D. Insofar as is practicable, the Equal Opportunity Counselor shall conduct a final interview with the dissatisfied employee not later than 15 workdays after the initial counseling date. If, at that time, the Counselor has not resolved the matter to the satisfaction of the parties, he shall notify the dissatisfied employee, in writing, of his right to file a complaint at any time after receipt of the said notice up to 10 workdays thereafter, and the appropriate official with whom to file the complaint. A copy of this notice shall be sent to the Coordinator. The Counselor shall not restrain a dissatisfied employee from filing a complaint nor shall a counselor restrain an employee charged from independently seeking counsel or otherwise exercising his right to defend himself against charges of discrimination. In carrying out his responsibilities under this Section the Counselor shall have the full cooperation of all staff members, and he shall be free from restraint, interference, coercion, or reprisal in connection with the performance of these duties.

E. When advised by the Coordinator that a complaint of discrimination has been accepted, the Counselor shall submit a written report to the Coordinator, with a copy of the same to the complainant, summarizing the counseling and advice he gave the grievant and management officials. If the Counselor had been able to propose a solution which he considered to be equitable, and where the complainant or management refused to accept that solution, offering no reason or reasons which the Counselor considered justifiable, the Counselor shall make a record of this in his report. Where such refusal was by the complainant, the record may serve as the basis for acceptance or rejection of a complaint by the Coordinator (see section 6.F., below). Where such refusal was by management, the reasons for the refusal shall be stated in writing; the Coordinator may then take the matter and the pertinent files directly to the Deputy Librarian of Congress for a decision on implementing appropriate corrective action immediately.

SEC. 5. *Filing and presentation of complaints.* A. In pursuing all processes under this Regulation, a dissatisfied employee and any employee(s) charged, as well as their representatives, shall be free from restraint, interference, coercion, or reprisal. The dissatisfied employee and any employee(s) charged shall each have the right to be accompanied, represented, and advised by a representative of their own choosing. Subject to the provisions of Sub-section B., below, a staff member may serve as the representative for a dissatisfied employee or employee(s) charged; however, he may so represent a nonemployee complainant only while on his own time.

B. Dissatisfied employees or employees charged shall be permitted to have as their representative a particular employee of the Library, provided that said employee consents and that such representation would not result in a conflict of interest. Dissatisfied employees, employees charged, and their representatives shall be permitted to have a reasonable amount of official time for consultation and/or preparation and presentation or defense of a complaint.

Should issues develop over these rights they shall be resolved by the Coordinator. In resolving conflicts the Coordinator may seek information or advice from appropriate Library officers or staff members.

C. The complainant shall submit his complaint in writing on the proper form. A complaint may be submitted by a complainant's representative, and in such instances, a written designation of representation, signed by the complainant, shall be attached to the complaint when filed. In all cases, whether filed by the complainant or by his representative, the complaint shall be signed by the complainant.

D. Complaints shall be addressed to the Coordinator and submitted to the Equal Opportunity Coordinator in person or by mail. Complaints shall be deemed filed on the date they are delivered to the Coordinator, or if mailed to the Coordinator, on the postmark date.

E. The Coordinator shall extend the time limits (see section 4.B. above) for filing a complaint upon his prior determination that the complainant was prevented by circumstances beyond his control from submitting the complaint on time.

F. The Coordinator shall acknowledge acceptance of a complaint using the proper form. Said acknowledgement shall be sent to the complainant or his representative and shall advise the complainant of his administrative rights and of his right to file a civil action, and it shall further inform him of the time limits imposed on the exercise of these rights.

SEC. 6. *Acceptance of complaints.* A. The Coordinator shall accept a complaint for processing under this Regulation only if the requirements of this Section are met.

B. Complaints which are within the purview of this Regulation and which are filed with the Equal Opportunity Coordinator shall be accepted for processing only if:

(1) The complaint is in writing (Form LW 13–152) and alleges, in sufficient specificity, discrimination on the basis of race, color, religion, sex, or national origin;

(2) The complainant brought to the attention of an Equal Opportunity Counselor the matter causing him to believe he was discriminated against, and he did so within 20 workdays after the date of the alleged discriminatory matter, or such extension of said time period as was granted under the provisions of 4.B., above; and

(3) The complainant or his representative submitted the written complaint to the Coordinator within 10 workdays of the date of receipt of a final notice from an Equal Opportunity Counselor (see Section 4.D., above).

C. Complaints filed with the Equal Opportunity Coordinator shall be within the purview of this regulation. In making that determination, the Coordinator shall be guided by the report of the Equal Opportunity Counselor and the allegation requirements of sub-section B.1., above.

D. If an allegation of discrimination is filed by a group of grievants reflecting an individual complaint which they have in common, and it otherwise satisfies the requirements of this section, it shall be accepted for processing under this regulation as a single complaint, with a joint investigation and, if necessary, a joint hearing (see section 9.E., below). If the allegation filed by the group does not reflect an individual complaint which they have in common, it shall be treated as a third party allegation and processed under section 12, below.

E. The Coordinator shall not accept a complaint that (1) is not filed on time (see sections 4.D. and 5.E., above); or (2) contains allegations which do not come within the purview of this regulation; or (3) contains allegations which set forth substantially identical matter as that which gave rise to a previous complaint, filed by the same complainant, which is pending in the Library or has been decided by the Library.

F. In addition to the above, the Coordinator shall not accept a complaint in which, under section 4.E, above, the accompanying report of the Equal Opportunity Counselor leads the Coordinator to concur with that Counselor's proposed solution, because he finds it to be favorable to the complainant, equitable under the circumstances, and acceptable to management, and that the complainant has refused to accept that solution, offering no reason or no justifiable reason for his refusal.

G. Where he has determined that a complaint will not be accepted, the Coordinator shall transmit that decision, along with the reasons for such, in writing, to the complainant and his representative. That notice shall inform the complainant of his right to appeal that decision to the Deputy Librarian within five workdays after his receipt of such. A copy of this written decision shall be sent to the Deputy Librarian.

H. If the complainant wishes to appeal the Coordinator's decision not to accept his complaint, he must do so in writing and file his appeal with the Deputy Librarian not later than five workdays

after the complainant receives the Coordinator's decision. His written appeal shall contain the complainant's reasons why his complaint should be accepted. The Deputy Librarian shall make a final agency decision on acceptance of the complaint for processing and shall communicate such decision in writing to the complainant and his representative not later than five workdays after receipt of the appeal. A copy of the Deputy Librarian's written decision shall be sent to the Coordinator.

SEC. 7. *Termination of complaints.* A. If an adjustment of the complaint is reached, the terms of the adjustment shall be reduced to writing and made part of the complaint file, with a copy of the adjustment provided for the complainant. If the Library does not carry out or if it rescinds any action specified by the terms of the adjustment for any reason not attributable to acts of conduct of the complainant, the Library shall, upon the complainant's written request to the Coordinator, reinstate the complaint for further processing from the point processing ceased under the terms of the adjustment.

B. At any stage of the complaint process, a complainant may withdraw his complaint by giving written notice to the Coordinator that (1) he does not wish to proceed, or (2) he wishes to withdraw his complaint.

C. In instances in which the Coordinator has determined that a complainant, having had opportunity to do so, has failed to prosecute his complaint, the Coordinator may cancel a complaint subject to the complainant's right to appeal such action.

D. Where he has made a decision to cancel a complaint, the Coordinator shall transmit that decision, along with the reasons for such, by letter to the complainant and his representative. That decision letter shall inform the complainant of his right to appeal the decision to the Deputy Librarian within five workdays after the complainant's receipt of such letter.

E. Any appeal of the Coordinator's decision to cancel a complaint shall be filed by the complainant, in writing, with the Deputy Librarian not later than five workdays after receipt by the complainant of such decision. In his appeal, the complainant shall state his reasons why the complaint should not be cancelled. The Deputy Librarian shall make a final agency decision on retention of the complaint for processing and shall communicate such decision in writing to the complainant and his representative not later than five workdays after receipt of the appeal. A copy of the Deputy Librarian's written decision shall be sent to the Coordinator.

F. Any cancellation action which is sustained by the Deputy Librarian, or any voluntary withdrawal of a complaint by the complainant, shall preclude future refiling of the same complaint.

SEC. 8. *Investigation of complaints.* A. If a complaint is accepted, pursuant to the provisions of section 6., the Coordinator shall give written notice to each individual charged and shall indicate that the individual has the right to representation under this regulation. The Coordinator shall assign the case to an Equal Opportunity Officer, who shall conduct such initial inquiry or further review as is applicable, hear if appropriate any statement from any party, and resolve the matter if possible. The complaint must have sufficient specificity to enable the Officer to review the charges properly and effectively. The Officer may require such additional specificity as is necessary to proceed with his inquiry. All evidence in the complainant's possession shall be provided to the Officer. If the Officer cannot resolve the case within 10 workdays, the Officer shall request the Coordinator to assign an Investigator to the case.

B. Upon request of an Equal Opportunity Officer, the Coordinator shall assign the case to an Investigator, who shall investigate and submit a written report and the investigative file to the Officer assigned to the case within 30 workdays. The report shall detail the scope and content of the investigation, and the Investigator shall report all information resulting from his investigation.

C. The Officer shall review the Investigator's report and the investigative file. He shall then make available to the complainant a copy of the report, a list of all witnesses interviewed, and a list of all documents in the file. The written findings of the Officer shall be submitted to the Coordinator no later than 10 workdays after the Officer has received the Investigator's report and the investigative file.

D. The Coordinator, in concert with the Equal Opportunity Officers, shall examine the written findings and the investigative file, resolve any further questions they may have, and prepare a written report containing their conclusions and recommendations. This report shall be completed within five workdays of receipt of the Officer's written findings and the investigative file.

E. The Coordinator shall submit the report and the complete file to the Deputy Librarian, who may request from staff any added information he may require.

F. In carrying out their responsibilities under this section, the Coordinator, Equal Opportunity Officers and Investigators, and Library officials shall have the full cooperation of all staff members, and all shall be free from restraint, interference, coercion, or reprisal in connection with the performance of these duties.

SEC. 9. *Adjustment of complaints and offer of hearing.* A. Upon receipt, review and consideration of the investigative file and final recommendations of the Equal Opportunity Office on a complaint, the Deputy Librarian or in his extended absence his designee shall:

(1) Remand the file for further consideration or action, giving his reason(s) for such decision; or

(2) Upon determining that there is no need to remand the file, attempt to resolve the matter; or

(3) Upon determining that resolution is not possible, adopt, modify, or reject the findings and recommendations of the Equal Opportunity Office, giving his reasons for such decision.

B. The Deputy Librarian shall notify in writing the parties and the Equal Opportunity Office of his decision not later than five workdays after his receipt (initial or following return on remand) of the investigative file and recommendations and findings of the Equal Opportunity Office. If his decision is unfavorable to an employee complainant personally or personally adverse to an employee charged, the Deputy Librarian shall advise said employee of his right to reconsideration or appeal, as set out in subsections C., D., and E., below. With respect to third party complaints or those of outside applicants, the Deputy Librarian's decision shall be a final agency decision, subject to any request for reconsideration, as set out in sub-section D., below.

C. If a decision of the Deputy Librarian is unfavorable to the complainant personally or personally adverse to an employee charged, the complainant or employee charged shall have the right to request reconsideration by the Deputy Librarian within five workdays. Such a request, if made, shall be in writing and shall contain the reasons for the request. The Deputy Librarian shall reconsider his decision upon receipt of any request so made, and he shall reply in writing to the request not later than five workdays after its receipt. If the decision is unchanged, the Deputy Librarian shall notify the complainant or the employee charged in writing of (1) his right to a hearing by a hearing examiner with the final agency decision being made by the Librarian, or (2) his right to a final agency decision by the Librarian without a hearing.

D. A request for a hearing shall be submitted in writing and shall be filed with the Coordinator within five workdays after receipt of the Deputy Librarian's initial or reconsidered decision. A request for a final agency decision by the Librarian without a hearing shall be filed in writing with the Librarian within five work days after receipt of the Deputy Librarian's initial or reconsidered decision.

E. A group of staff members having a common complaint, as identified by section 6.D., above, shall have the right to appeal the decision of the Deputy Librarian to a hearing examiner for a joint hearing or to the Librarian for a final agency decision without a hearing.

SEC. 10. *Hearing.* A. The Coordinator of the Equal Opportunity Office shall receive all requests for hearings made pursuant to decisions of the Deputy Librarian on the merits of the complaint. The Coordinator shall be responsible for all preparations in support of the hearing.

B. Upon receipt of a request for a hearing, properly and timely filed, the Coordinator shall request another Federal agency to provide the Library with a qualified hearing examiner as certified

by the U.S. Civil Service Commission or other Federal agency.

C. In addition to the above, the Coordinator shall:

(1) Notify the Deputy Librarian that a request has been filed for a hearing;

(2) Deliver the investigative file to the hearing examiner;

(3) Make available to the parties or their representatives copies of the investigative file; and

(4) Make all other arrangements which may be necessary and which are required by the provisions of the Appendix hereto.

D. The hearing itself is an adjunct to the investigative process, an administrative proceeding designed to provide a review of the evidence in the investigative file or the evidence submitted at the hearing, which shall result in advisory findings and recommendations. The hearing shall be conducted in accordance with the procedures described in the Appendix to this regulation.

E. Following the hearing, the hearing examiner shall consider all documents in the investigative file, as well as the record of the hearing. He shall determine from his analysis and findings which charges are sustained and which are not sustained, giving his reasons for such determinations and his recommendations with respect thereto. Should he find that a charge has no basis in fact, he shall give his reasons for such finding and his recommendations with respect thereto.

F. The hearing examiner shall transmit to the Librarian:

(1) The complete file;

(2) His written analysis of the matter which gave rise to the complaint and his advisory findings thereon; and

(3) His written recommendations, including any remedial action where appropriate, with regard to the matter which gave rise to the complaint.

G. The hearing examiner shall notify the Coordinator and the parties in writing of the date that the file and his advisory findings, analysis, and recommendations are transmitted to the Librarian, and through the Coordinator he shall provide them with copies of the advisory findings, analysis, and recommendations.

H. Should the hearing examiner encounter information during the course of the hearing having no direct bearing on the complaint or the environment in which the complaint developed but information which the examiner believes may be of interest or concern to the Library, he shall submit such information as he considers appropriate to the Librarian by separate letter, together with his advisory findings and recommendations.

SEC. 11. *Final agency action.* A. When making a final agency decision without a hearing, the Librarian may, in his discretion, make his determination on the basis of the investigative file and/or by interviewing the complainant and the parties charged. In making such decisions, the Librarian may also consult with counsel or other Library officers, provided that these persons have no substantive interest in his final decision. The Librarian shall transmit to the parties or their representatives a written decision containing the specific reasons for that decision, and the remedial actions to be taken, if any.

B. Following a review and consideration of the hearing examiner's report, the Librarian will make a final agency decision on the complaint. This decision will be in writing and will be transmitted to the appellant and his representative. Simultaneously, copies of this decision will be transmitted to the other party to the complaint and hearing, and to the Coordinator of the Equal Opportunity Office. The decision of the Librarian will adopt, modify, or reject the findings and recommendations of the hearing examiner. If the decision is to reject or modify the findings and recommendations, the decision letter will set out the specific reasons for such rejection or modification. In making such decisions, the Librarian may consult with counsel or other Library officers, provided that they have no substantive interest in his final decision.

C. The Librarian will direct that remedial action be taken as authorized by law or Library Regulations when his decision is that there has been discrimination. He also will take any other action he considers necessary to promote the policy of equal opportunity whether or not there is a finding of discrimination.

D. In instances in which the Librarian determines that there has been discrimination, he will review the matter giving rise to the complaint to determine further whether disciplinary action against a discriminating staff member is appropriate, and he shall record the basis for such determination. Where he determines that disciplinary action is warranted, he will transmit that decision to the Director of Personnel for a further determination as to the appropriate disciplinary action, and for further implementation as provided by sub-section E., below.

E. The Director of Personnel shall take such disciplinary action as he determines appropriate pursuant to his review and consideration of the hearing examiner's report and the Librarian's final decision thereon. Such disciplinary action shall be taken pursuant to the provisions of LCR 2020–6. The staff member against whom disciplinary action is to be taken may request a hearing pursuant to the provisions of LCR 2020–3.

F. The Librarian, and/or any party to the hearing, may directly request, within 10 workdays of receipt of the hearing examiner's report, reconsideration by the hearing examiner of his findings and recommendations. In so doing, the requester shall submit written evidence or argument which establishes that:

(1) New material evidence is available that was not readily available when the previous finding was issued; or

(2) The report contains a material erroneous interpretation of law or regulation or a material misapplication of established Library policy; or

(3) The report contains a material error of fact; or

(4) The recommendations in the report are of precedential nature involving a new or unreviewed policy consideration that may have effects beyond the actual case at hand.

G. The party submitting such request for reconsideration to the hearing examiner shall transmit copies of said request to all parties to the hearing, who may submit their comments thereon to the hearing examiner for consideration.

H. The hearing examiner shall accept all such requests which are properly made under sub-section F., above. Upon acceptance, he shall reconsider his findings and recommendations with respect to the argument made in the request and any comments of others (sub-section G., above) submitted thereon.

I. After a hearing examiner has reconsidered a case, he shall issue a second report in the same manner as the first report (see section 10.E., above). The reconsideration report shall reply to the evidence or arguments submitted by a party seeking reconsideration and may contain other or revised findings and recommendations which the hearing examiner deems necessary to make.

J. Following a review and consideration of the hearing examiner's report on reconsideration, the Librarian will make the final agency decision, executing the requirements and procedures set out in sub-sections A., B., C., and D. of this section to the extent that the same are applicable.

SEC. 12. *Third party allegations.* This section shall apply to general allegations by organizations, or other third parties, of discrimination in personnel matters within the Library which are unrelated to an individual complaint of discrimination. These shall be considered third party allegations and shall be processed as follows:

A. Such allegations shall be filed, in writing, directly with the Coordinator, who shall, upon accepting the same (section 6., above), assign them to an Equal Opportunity Officer.

B. In so filing, the organization or other third party shall state the allegations with sufficient specificity so that the Officer may fully investigate it. The Officer may require such additional specificity as necessary to proceed with the investigation.

C. The Coordinator may split off from a third party complaint an individual complaint for processing under these regulations if the requirements of section 6., above for the acceptance of such complaints are met.

D. The Officer assigned shall investigate the allegations pursuant to the procedures set out in section 8.A., above. If an Equal Opportunity Office Investigator is assigned to the case, he shall investigate the allegations pursuant to the procedures set out in section 8.B., above.

E. The Officer investigating a third party complaint shall establish a file on each general allegation, and this file shall contain copies of all material used in making findings on the allegations. Subsequent processing of the complaint and

the procedures followed by the Equal Opportunity Office and any other Library officers shall be pursuant to the provisions of section 8.A. through 8.E., above, as appropriate.

F. The Deputy Librarian shall review the findings and recommendations of the Equal Opportunity Office, conduct any further investigation he considers necessary, resolve the matter, or make a final agency decision. He shall give the complainants and any employee(s) charged written notification of his final action and the reasons therefor, and he shall send a copy of that decision to the Coordinator.

SEC. 13. *Remedial actions.* A. Where it has been determined that an employee of the Library was discriminated against, and as a result of that discrimination was denied a benefit, the Library shall take remedial actions which may include one or more of the following, but need not be limited to these actions:

(1) Retroactive promotion, with back pay computed in the same manner prescribed by 5 CFR 550.804, when the record clearly shows that but for the discrimination the employee would have been promoted or would have been paid at a higher rate; provided that the back pay liability may not accrue from a date earlier than two years prior to the date that the discrimination complaint was filed, but, in any event, not to exceed the date he would have been promoted. If a finding of discrimination was not based on a complaint, the back pay liability may not accrue from a date earlier than two years prior to the date the Librarian's determination of discrimination was recorded, but, in any event, not to exceed the date he would have been promoted.

(2) Consideration for promotion to a position for which he is qualified before consideration is given to other candidates when the record shows that discrimination existed at the time selection for promotion was made, but it is not clear that except for the discrimination the employee would have been promoted. If th individual is not later selected, the agency shall record the reasons for nonselection.

(3) Restoration of an employee following cancellation of an unwarranted adverse action which affected him.

(4) Expunction from Library records of any reference to or any record of an unwarranted disciplinary action.

(5) Full opportunity to participate in the employee benefit denied him (e.g., training, or preferential work assignments).

B. Where the Deputy Librarian determines that an applicant for employment has been discriminated against, and except for that discrimination would have been hired, the following procedures shall be followed:

(1) The Library shall offer the applicant employment at the same grade denied him and in the next available position for which he is qualified. The offer shall be made in writing.

(2) The individual shall have 10 workdays from the date of receipt of the offer within which to accept or decline the offer. Failure to notify the agency of his decision within the 10 workday period will be considered a declination of the offer, unless the individual can show that circumstances beyond his control prevented him from responding within the time limit.

(3) If the offer is accepted, appointment shall be retroactive to the date the applicant would have been hired, subject to the limitation in sub-section D., below.

(4) Back pay, computed in the same manner prescribed by 5 CFR 550.804, shall be awarded from the beginning of the retroactive period, subject to the same limitation (sub-section D., below) until the date the individual actually enters on duty. The individual shall be deemed to have performed service for the Library during this period of retroactivity for all purposes except for meeting service requirements for completion of a required probationary period.

(5) If the offer is declined, the Library shall award the individual a sum equal to the back pay he would have received, computed in the same manner prescribed by 5 CFR 550.804, from the date he would have been appointed until the date the offer was made, subject to the limitation set out in sub-section D., below. The Library shall inform the applicant, in its offer, of his right to this award in the event he declines the offer.

C. Where the Deputy Librarian determines that discrimination existed at the time an applicant was considered for employment but does not determine that the individual is the one who would have been hired except for discrimination, the following procedures shall be followed:

(1) The Library shall consider the individual for any existing vacancy of the same grade for which he had been considered initially and for which he is qualified before consideration is given to other candidates.

(2) If the individual is not selected, the recommending officer shall forward to the Deputy Librarian specific written justification for non-selection.

(3) If no vacancy exists, the Library shall give him this priority consideration for the next vacancy for which he is qualified.

D. A period of retroactivity or a period for which back pay is awarded under this section may not extend from a date earlier than two years prior to the date on which the complaint was initially filed by the applicant. If a finding of discrimination was not based on a complaint, the period of retroactivity or period for which back pay is awarded under this section may not extend earlier than two years prior to the date the final determination of discrimination was recorded.

E. This section and regulation shall be cited as the authority under which the above-described appointments or awards of back pay shall be made, in addition to the provisions of 5 U.S.C. 5596.

SEC. 14. *Administrative provisions.* A. The Coordinator shall arrange, through the Procurement and Supply Division, Administrative Department, for such contractual services as may be necessary to provide a verbatim transcript of all hearings (section 10.) and he shall determine the number of copies of such transcript required to assure that the hearing examiner, the Librarian, and all parties receive one. The Coordinator shall transmit copies of the transcripts to the above recipients as soon as the same are received by him, unless otherwise requested by the hearing examiner.

B. Transcripts are the property of the U.S. Government and shall be returned to the Equal Opportunity Office not later than 30 workdays after final agency action on the complaint. Where the complainant has filed a civil action in the proper U.S. District Court, the transcripts may be retained, but in no event beyond 30 workdays after final judicial action on the complaint.

C. Testimony given and all documents submitted at the hearing or which may already be in the investigative file shall be kept confidential at all times. The hearing examiner's report, initial or on reconsideration, and the transcript of the hearing are confidential. Recipients of these materials shall not disclose their content to any one other than persons authorized by this regulation to receive or be party to such information. Subject to the limitations set out in section 11.B. of this regulation, the Librarian may discuss the content with staff members with whom he consults prior to reaching a final agency decision. In the event of such discussion, consultants and all others having proper access to such information, shall be bound by the same restrictions, set out above, applicable to recipients of these materials. Staff members who violate these provisions shall be subject to disciplinary action.

D. At any time during the complaint or appeal procedures under this Regulation, a complainant or employee(s) charged shall have the right to assistance by the Equal Opportunity Office in obtaining representation from the Library staff to assist him in the presentation of his case. The Equal Opportunity Office shall maintain a list of staff members who are willing to provide such assistance. A complainant or employee(s) charged shall be free to select outside counsel; however, any expense involved in retaining representation from outside the Library shall be borne solely by the individual who retains such.

E. With respect to the policy requirements of this regulation, a staff member shall appear as a witness when requested to do so, whether that request be made during the investigative or hearing procedure. Any staff member so requested who believes that he has no first-hand knowledge of the case or nothing of value to contribute shall, nevertheless, appear and make such statement under oath. Unless his absence is due to illness, assignment out of the greater Washington area, or extended leave, or reasons of like gravity, a staff member's unjustified failure to appear, or refusal to do so, may result in disciplinary action against him. Requests by the Coordinator for the appearance of witnesses shall be made through supervisory channels.

F. The appearance of an employee of the Library as a witness during the inves-

tigative process or at a hearing shall be considered as an official assignment. Such employee shall be in duty status during the time he is made available as a witness. Before, during, and after such testimony, staff members who appear as witnesses shall be free from restraint, interference, coercion, or reprisal.

Approved: January 2, 1974.

[SEAL] L. QUINCY MUMFORD,
Librarian of Congress.

APPENDIX

PROCEDURES FOR THE CONDUCT OF HEARINGS UNDER PROVISIONS OF LCR 2010–3.1

I. *Preliminary review.* A. The Coordinator, Equal Opportunity Office, shall transmit the investigative file to the hearing examiner, who shall review the file to determine whether further investigation is needed before scheduling the hearing. If he so determines, he shall remand the file to the Coordinator for further investigation, giving his reasons for taking such action.

B. Upon accepting the investigative file, the hearing examiner shall communicate with the parties and the Coordinator and shall establish the date and time of the hearing and shall arrange for a pre-hearing conference. The locations for the hearing and the pre-hearing conference shall be arranged by the Coordinator pursuant to section 10.A and 10.C. (4) of LCR 2010–3.1.

II. *Pre-hearing conference.* A. It shall be the purpose of the pre-hearing conference to expedite processing by the hearing examiner and completion of the hearing. The hearing examiner shall use the occasion to:

(1) Instruct the parties and their representatives on the procedures to be followed at the hearing; for purposes of this regulation, the term "parties" shall include the complainant(s) and the employee(s) charged with discrimination,

(2) Define and, if possible, limit the issues to be considered in the hearing to those raised in the complaint, and secure common agreement on these issues between the parties,

(3) Determine the need for the identity of any witnesses, and

(4) Identify the scope and substance of each witness' testimony so as to (a) limit the number of witnesses to those persons who have first-hand knowledge, relevant to the issues determined under subsection 2., above, and (b) preclude unnecessary repetitious testimony.

(B) The determinations of the hearing examiner and any stipulations by the parties shall be recorded by the hearing examiner and initialed by the parties or their representatives at the pre-hearing conference. The hearing examiner shall prepare copies of that agreement and transmit the same to the parties prior to or on the first day of the hearing.

III. *Arrangements for witnesses.* A. The hearing examiner shall request the Coordinator to see to the availability, as witnesses, of those employees requested by any party to the hearing whose testimony the hearing examiner has determined is necessary. Through the Coordinator, the hearing examiner shall also request the Library to make available as a witness any other employee whose testimony he desires to supplement the information in the investigative file.

B. The hearing examiner shall give the parties requesting the appearance of a witness his reasons for denying such request, and shall insert those reasons in the record of the hearing.

C. Subject to the provisions of LCR 2010–3.1, section 14.E., staff members shall appear as witnesses when requested to do so. The Coordinator shall confirm the availability of those witnesses to the hearing examiner. The hearing examiner shall call the witnesses in such order as he determines will best develop information relevant to the issues determined under sub-section II.A. (3), above.

D. The hearing examiner shall arrange with the parties and the Coordinator to obtain testimony through a written interrogatory from any employee who is found to be unavailable for the hearing. He shall obtain the written interrogatory and furnish copies of the same to all parties as soon as possible. Answers of witnesses to an interrogatory shall be obtained under oath or affirmation. If the interrogatory is introduced at the hearing and made a part of the record, any objections to any aspect of it made by any party shall also be made a part of the record.

E. The status of staff members appearing as witnesses and the protections accorded them in that capacity are determined by the provisions of LCR 2010–3.1, section 14.F.

IV. *Authority of the Hearing Examiner.* The hearing examiner has the authority to:

(1) Take testimony under oaths or affirmations;

(2) Regulate the course of the hearing;

(3) Rule on offers of proof;

(4) Limit the number of potential witnesses whose testimony he determines would be unduly repetitious or irrelevant; and

(5) Exclude any person from the hearing for disruptive conduct or misbehavior.

V. *Attendance.* A. Attendance at the hearing shall be limited to persons determined by the hearing examiner to have a direct connection with the complaint; in most hearings these are the hearing examiner, the official recorder, the parties, their representatives, and witnesses as they testify.

B. A party may request, preferably at the pre-hearing conference, the presence of one adviser to provide technical assistance. Such request shall be allowed when, in the opinion of the hearing examiner, this assistance is necessary. If the adviser is to be a witness, then such adviser shall testify before other witnesses, but he or she may be recalled if the hearing examiner considers it important to do so.

VI. *Conduct of hearing.* A. The hearing examiner shall not conduct the hearing as an adversary proceeding (see LCR 2010–3.1, section 10.D.). Rather, he shall establish an order of procedure so as to bring out pertinent facts, including the introduction of pertinent documents. He shall exclude irrelevant or unduly repetitious evidence, and in so doing, he shall insert into the record his reasons for any exclusion of evidence and any exception taken by any party to such action.

B. Only information having a direct bearing on the complaint shall be received into evidence. Any stipulations among the parties to the hearing concerning one or more aspects of the complaint which they believe need not be taken up at the hearing shall be made a part of the record of the hearing, whether arrived at during the hearing or in a pre-hearing conference.

C. All parties shall be given the opportunity to cross-examine witnesses who appear and testify. If any party to the hearing volunteers information as a witness, he shall be subject to cross-examination. If any party does not so volunteer, the hearing examiner shall call him as a witness upon request by any other party, and the provisions of LCR 2010–3.1, section 14.E., shall apply.

VII. *Record of the hearing.* The hearing shall be recorded verbatim. All documents, including the investigative file, which are submitted to, and accepted by, the hearing examiner shall be made part of the record of the hearing. Copies of any document that is accepted shall be furnished to the parties. Copies of the transcript shall be distributed and governed by the provisions of LCR 2010–3.1, sections 14.A. and 14.B.

[FR Doc.74–2640 Filed 1–31–74;8:45 am]

NATIONAL ADVISORY COMMITTEE ON OCEANS AND ATMOSPHERE

NOTICE OF PARTIALLY CLOSED MEETING

JANUARY 28, 1974.

The National Advisory Committee on Oceans and Atmosphere (NACOA) will hold a meeting Sunday through Tuesday, February 10–12, 1974. The afternoon session (1:30 to 5:00 p.m.) on Monday and the first hour (9:00 to 10:00 a.m.) of the Tuesday session will be closed to the public under authorization of the Assistant Secretary of Commerce for Administration, in a determination dated January 18, 1974, and cosigned by the Assistant General Council for Administration, which finds that these sessions are concerned with matters listed in section 552(b) (1) of title 5, United States Code. All other sessions will be open to the public. The Sunday session will be held in the Capitol Room of the Hotel Washington, 15th and Pennsylvania Avenue, NW., Washington, D.C., commencing at 9:30 a.m. The Monday and Tuesday sessions will be held in Room 6802 of the U.S. Department of Commerce Building, 15th and Constitution Avenue, NW., Washington, D.C. The Monday session will begin at 8:45 a.m. and the Tuesday session at 9:00 a.m.

The Committee, consisting of 25 non-Federal members appointed by the President from State and local governments, industry science, and other appropriate areas, was established by Congress by Pub. L. 92–125, on August 16, 1971. Its duties are to (1) Undertake a continuing review of the progress of the marine and

atmospheric science and service programs of the United States, (2) submit a comprehensive annual report to the President and to the Congress setting forth an overall assessment of the status of the Nation's marine and atmospheric activities on or before June 30 of each year, and (3) advise the Secretary of Commerce with respect to the carrying out of the purposes of the National Oceanic and Atmospheric Administration.

A general agenda contains the following topics:

Sunday, the 10th. 9:30 a.m. to 5:00 p.m.—Status of NACOA work in progress and discussion of topics for the annual report.

Monday, the 11th. 8:45 a.m. to approximately 10:00 a.m. (cont'd 10:30 a.m. to 12:30 p.m.)—Briefings by several individual speakers on the historical development of national and international Law of the Sea positions and discussions of the various elements of United States interest such as deep sea mining, fisheries, freedom of research, etc.

10:00 a.m. to 10:30 a.m. (approximately)—Swearing in of new NACOA members.

1:30 p.m. to 5:00 p.m. (Closed)—Briefing by the Department of Defense on national security and the question of freedom of navigation, and a discussion with representatives of the Department of State on negotiating strategies of the U.S. Government. This session of necessity will involve the presentation of classified exhibits and the discussion of classified information contained in classified documents covered within Executive Order 11652.

Tuesday the 12th. 9:00 a.m. to 10:00 a.m. (Closed)—Continuation of the discussion of classified material to define the need for the Committee comment in its forthcoming report.

10:00 a.m. to 4:00 p.m.—Presentation on the President's budget for FY'75 and further discussion of work in progress.

At open sessions, the public will be admitted to the extent of the seating available on a first come, first served basis. Questions from the public will be permitted during specific periods announced by the Chairman. Persons wishing to make formal statements should notify the Chairman in advance of the meeting. The Chairman retains the prerogative to place limits on the duration of oral statements and discussions. Written statements may be submitted before or after each session.

Additional information concerning this meeting may be obtained through the Committee's Executive Director, Dr. Douglas L. Brooks, whose mailing address is: National Advisory Committee on Oceans and Atmosphere, Department of Commerce Building, Room 5225, Washington, D.C. 20230. The telephone number is 967-3343.

DOUGLAS L. BROOKS,
Executive Director.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (74-6)]

NASA LUNAR PLANNING COMMITTEE

Notice of Date and Place of Meeting

The NASA Lunar Planning Committee will meet at the Goddard Space Flight Center on February 21 and 22, 1974. The meeting will be held in Room 200, Building 26 from 8:30 a.m. to 5 p.m. on February 21 and from 8:30 a.m. to 3:30 p.m. on February 22. The meeting is open to members of the public to within the 40-seat capacity of the room.

The NASA Lunar Planning Committee serves in a consultative capacity to the National Aeronautics and Space Administration to review the NASA lunar programs and objectives. The Committee has 16 members including the Chairman, Dr. Noel W. Hinners. At the meeting the Lunar Planning Committee will review the status of previous recommendations and action items, the Lunar Science Institute, and the Fifth Lunar Science Conference. The Lunar Photo Data Analysis Program will be discussed. The Committee will be asked to critique its content and to recommend on Program balance. Orbital photography, acquired for geologic purposes, will be reviewed with emphasis upon recent results and establishing scientific requirements for future data acquisition. The objectives for a potential lunar polar orbit mission will be formulated.

For further information regarding the meeting, please contact Dr. Richard J. Allenby, area code 202-755-1948.

Dated: January 29, 1974.

HOMER E. NEWELL,
Associate Administrator, National Aeronautics and Space Administration.

[Notice 74-7]

ERTS FOLLOW-ON INVESTIGATION REVIEW COMMITTEE

Notice of Establishment

Pursuant to section 9(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), and after consultation with the Office of Management and Budget, I have determined that the establishment of the following advisory committee is in the public interest in connection with the performance of duties imposed upon NASA by law:

ERTS Follow-on Investigation Review Committee.

The functions of this committee will be the review and evaluation of ERTS Follow-on Investigation proposals. The reason for establishing this Committee is to obtain advice for NASA as to the scientific and technical merit of the proposed research.

Dated: January 30, 1974.

JAMES C. FLETCHER,
Administrator.

NATIONAL SCIENCE FOUNDATION

ADVISORY COMMITTEE FOR PLANNING AND INSTITUTIONAL AFFAIRS

Notice of Meeting

Pursuant to the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given of a meeting of the Advisory Committee for Planning and Institutional Affairs to be held at 9 a.m. on February 14 and 15, 1974, in Room 545 at 1800 G Street NW., Washington, D.C. 20550.

The purpose of this Committee is to provide advice and recommendations to the National Science Foundation concerning planning, evaluation, and policy study activities within NSF; and the impact of actual and proposed Foundation programs on the effectiveness and integrity of academic and other institutions performing research, viewed as a whole.

The agenda for this meeting shall include:

FEBRUARY 14

MORNING

9:00—Introduction, Committee Chairman.
9:15—Comments, Assistant Director for Administration.
9:30—Committee Issues and the Current Planning Context, NSF Deputy Director.
10:30—Coffee Break.
10:45—Discussion of Planning Within the Research Directorate, Assistant Director for Research.
11:45—Recess for Lunch.

AFTERNOON

1:00—Work on Study Topics, Committee Chairman.
5:00—Public Discussion (if necessary).

FEBRUARY 15

MORNING

9:00—Continued Work on Study Topics, Committee Chairman.
12:00—Recess for Lunch.

AFTERNOON

1:00—Committee Discussion with NSF Director, NSF Director
2:30—Discussion of arrangements for next meeting and Adjournment, Committee Chairman

This meeting shall be open to the public. Individuals who wish to attend should inform Mrs. Mary L. Parramore, Executive Assistant, Office of Budget, Programming, and Planning Analysis, Room 426, 1800 G Street, NW., Washington, D.C. 20550 (telephone: 202-63-4050)

prior to the meeting. Persons requiring further information concerning this Committee should contact Mrs. Mary L. Parramore, at the above address. Summary minutes relative to this meeting may be obtained from the Management Analysis Office, Room K-720, 1800 G Street, NW., Washington, D.C. 20550.

T. E. JENKINS,
Assistant Director for Administration.

SMALL BUSINESS ADMINISTRATION

[License No. 08/08-0034]

FIRST DAKOTA CAPITAL CORP.

Notice of Issuance of Small Business Investment Company License

On October 12, 1973, a notice was published in the FEDERAL REGISTER (38 FR 28333) stating that an application had been filed by First Dakota Capital Corporation, Suite 110 Professional Building, 100 South 4th, Fargo, North Dakota 58102, with the Small Business Administration (SBA) pursuant to § 107.102 of the regulations governing small business investment companies (13 CFR 107.102) for a license as a small business investment company.

Interested parties were given until close of business October 29, 1973, to submit their comments to SBA. No comments were received.

Notice is hereby given that, pursuant to section 301(c) of the Small Business Investment Act of 1958, as amended, after having considered the application and all other pertinent information, SBA issued License No. 08/08-0034 to First Dakota Capital Corporation to operate as a small business investment company.

Dated: January 24, 1974.

JAMES THOMAS PHELAN,
Deputy Associate Administrator for Investment.

[Notice of Disaster Loan Area 1033]

NEW HAMPSHIRE

Notice of Disaster Relief Loan Availability

As a result of the President's declaration of the State of New Hampshire as a major disaster area following heavy rains and flooding beginning on or about December 21, 1973, applications for disaster relief loans will be accepted by the Small Business Administration from flood victims in the following Counties: Grafton and Cheshire, and adjacent affected areas.

Applications may be filed at the:

Small Business Administration
District Office
55 Pleasant Street
Concord, New Hampshire 03301

and at such temporary offices as are established. Such addresses will be announced locally. Applications will be processed under the provisions of Pub. L. 93-24.

Applications for disaster loans under this announcement must be filed not later than March 22, 1974.

Dated: January 22, 1974.

THOMAS S. KLEPPE,
Administrator.

SUSQUEHANNA RIVER BASIN COMMISSION

WYOMING VALLEY FLOOD CONTROL

Hearing

JANUARY 15, 1974.

Notice is hereby given that the Susquehanna River Basin Commission will hold a public hearing on Thursday, February 14, 1974, at the Treadway Inn, Route 315, Wilkes-Barre, Pennsylvania. The hearing will begin at 2:30 p.m. The purpose of the hearing is to gather data on the Wyoming Valley Flood Control Plan as proposed by the Corps of Engineers which will help the Commission to decide whether it should be made a part of the Comprehensive Plan.

The Wyoming Valley Flood Control Project proposed by the Corps of Engineers consists of a higher levee and wall protection system with associated increased pump capacity for interior drainage facilities, an improved channel cross section where hydraulic efficiency is improved, replacement or raising of three highway bridges, and substructure modifications of two railroad bridges. Corps' projections indicate that these flood control works would protect against a flood of 320,000 cfs on the Susquehanna River, which has a frequency of 200 years under existing conditions and 370 years when the Tioga-Hammond Lakes and Cowanesque Lake Projects are completed.

Documents relating to the Wyoming Valley Flood Control Project may be examined at the Commission's offices located at 5012 Lenker Street, Mechanicsburg, Pennsylvania, or by writing to the District Engineer, Baltimore District, Corps of Engineers, P.O. Box 1715, Baltimore, Maryland 21203.

Copies of Interim Rules Governing Public Hearings of the Commission are available by writing to the Commission at the above address.

All persons wishing to testify are requested to notify the Commission in writing as early as possible.

ROBERT J. BIELO,
Executive Director.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

ADVISORY COMMITTEE ON CONSTRUCTION SAFETY AND HEALTH

Notice of Subcommittee Meeting

Notice is hereby given that the Advisory Commitee on Construction Safety and Health, established under section 107(e)(1) of the Contract Work Hours & Safety Standards Act (40 U.S.C. 333) and section 7(b) of the Williams-Steiger Occupational Safety and Health Act of 1970 (20 U.S.C. 656) Subcommittee on Editing Part 1910 for Construction Operations will meet on Thursday, February 14, and Friday, February 15, 1974, starting at 9:00 a.m. in Conference Room 500, 1726 M Street NW., Washington, D.C. The meeting shall be open to the public.

The Subcommittee will continue review of the General Industries Standards, Part 1910, to determine which individual items may be applicable to construction operations.

Written data, views, or arguments concerning the subject to be considered may be filed, together with 20 copies thereof, with the Committee's Management Officer by February 11, 1974. Such submissions may also be filed with the Committee's Management Officer at the meeting. Any such submissions will be provided to the members of the committee and will be included in the record of the meeting.

Persons wishing to orally address the committee at the meeting should submit a written request to be heard, together with 20 copies thereof, to the Committee's Management Officer no later than February 11, 1974. The request must contain a short summary of the intended presentation and an estimate of the amount of time that will be needed.

Communications may be mailed to:

Standards Advisory Committees, OSHA-OS, 1726 M Street NW., Room 203.
U.S. Department of Labor, Washington, D.C. 20210.

Signed at Washington, D.C., this 28th day of January 1974.

JOHN STENDER,
Assistant Secretary of Labor.

[Notice 14]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132) appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's Special Rules of Practice, any interested person may file a petition seeking reconsideration of the following numbered proceedings on or before February 21, 1974. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-74926. By order of January 23, 1974, the Motor Carrier Board approved the transfer to Barbara J. Hawk, doing business as 7 League Travel, 521 Seventh St., New Kensington, Pa., of License No. MC-12933, issued March 2, 1970, to P. Franklin Long, doing business as 7 League Travel, 521 Seventh St., New Kensington, Pa., authorizing it to engage in operations as a booker of passengers and their baggage in all expense round-trip tours beginning and ending at New Kensington, Lower Burrell, and Arnold, Pa., and extending to points in the United States, including Alaska and Hawaii.

No. MC-FC-74764. By order of January 17, 1974, the Motor Carrier Board approved the transfer to Jack Bars Corportion, P.O. Box 1327, Alvin, Tex. 77511, of: (1) Certificate No. MC-52727, issued on June 17, 1949, to R. T. Bars, doing business as Jack Bars Trucking Contractor, Angleton, Tex., authorizing the transportation of machinery, materials, supplies, and equipment related to the discovery, development, and production of natural gas and petroleum between points in Texas; and (2) Certificate of Registration No. MC-52727 (Sub-No. 1) issued on April 1, 1964, to R. T. Bars, doing business as Jack Bars Trucking Contractor, Angleton, Tex., corresponding in scope to the intrastate authority granted in Certificate No. 5837 by the Railroad Commission of Texas.

No. MC-FC-74931. By order entered January 22, 1974, the Motor Carrier Board approved the transfer to Larry G. Whitmoyer, Millville, Pa., of the operating rights set forth in Permits Nos. MC-128604 and MC-128604 (Sub-No. 1), issued by the Commission February 16, 1968, and March 27, 1972, respectively, to Carl Kessler, Benton, Pa., authorizing the transportation of industrial sand, limestone, and fire-clay, in dump vehicles, from points in Sussex, Camden, and Cumberland Counties, N.J., to the plant site of Benton Foundry, Inc., in Sugarloaf Township, Columbia County, Pa., restricted to a transportation service to be performed under a continuing contract Benton Foundry, Inc.; foundry materials, from points in Essex, Sussex, Camden, and Cumberland Counties, N.J., to the plant site of Hallstead Foundry, Inc., Hallstead, in Susquehanna County, Pa., restricted to a transportation service to be performed under a continuing contract with Hallstead Foundry, Inc.; and from points in Essex County, N.J., to the plant site of Benton Foundry, Inc., Sugarloaf Township (in Columbia County), Pa., restricted to a transportation service to be performed under a continuing contract with Benton Foundry, Inc.—S. Berne Smith, 100 Pine Street (P.O. Box 1166), Harrisburg, Pa. 17108, attorney for applicants.

No. MC-FC-74935. By order of January 22, 1974, the Motor Carrier Board approved the transfer to Chief Truck Lines, Inc., a Delaware corporation, East Gary, Ind., of the operating rights in Certificate No. MC-43963, issued December 26, 1972, to Chief Truck Lines, Inc., Hinsdale, Ill., authorizing the transportation of various commodities between specified points and areas in Illinois, Indiana, and Wisconsin and of the operating rights in Certificate No. MC-83403, issued August 6, 1971, in the name of Richard Payne Trucking Company, a corporation, and acquired by transferor herein in No. MC-FC-74597, authorizing the transportation of general commodities, with exceptions between specified points in Illinois and Missouri—Richard A. Kerwin, 127 North Dearborn St., Chicago, Ill. 60602, attorney for applicants.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Notice 13]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 25, 1974.

The following are notices of filing of application; except as otherwise specifi-

cally noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application, for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representatives, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

[Notice 14]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 28, 1974.

The following are notices of filing of application; except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 112107 (Sub-No. 8 TA), filed January 18, 1974. Applicant: NEW ENGLAND MOTOR FREIGHT, INC., 520 Main Street, Wallington, N.J. 07057. Applicant's representative: Morton E. Kiel, 5 World Trade Center, Suite 6193, New York, N.Y. 10048. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Cable, wire, and empty reels*, serving Trenton, N.J., as an off route on its regular route, between Paterson, N.J., and Providence, R.I., for 180 days.

NOTE.—Applicant regular route will be joined with other routes in the certificate and with its irregular routes.

SUPPORTING SHIPPER: Collyer Wire and Cable Co., 100 Higginson Avenue, Lincoln, R.I. 02865. SEND PROTESTS TO: District Supervisor Joel Morrows, Interstate Commerce Commission, Bureau of Operations, 9 Clinton St., Newark, N.J. 07102.

No. MC 116073 (Sub-No. 290 TA) (CORRECTION), filed January 2, 1974, published in the FEDERAL REGISTER issue of January 22, 1974, and republished as corrected this issue. [Notice 15]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 29, 1974.

The following are notices of filing of application, except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application, for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67, (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 71642 (Sub-No. 16 TA), filed January 22, 1974. Applicant: N. S. DESHONG, 3201 Mill Creek Rd., Wilmington, Del. 19808. Applicant's representative: Samuel W. STOCKYARDS AND SLAUGHTERING ESTABLISHMENTS

Specific Approval

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

STOCKYARDS AND SLAUGHTERING ESTABLISHMENTS

Specific Approval

The regulations in 9 CFR Part 78, as amended, contain restrictions on the interstate movement of cattle, other domestic animals, and bison to prevent the spread of brucellosis. This document adds certain stockyards and slaughtering establishments to the list of those specifically approved for purposes of the regulations, on the basis of a determination of their eligibility for such approval under § 78.16(b) of the regulations and removes from the list certain other stockyards and slaughtering establishments which have been found no longer to qualify for such approval.

Pursuant to § 78.16(b) of the regulations (9 CFR 78.16(b)) under provisions of the Act of May 29, 1884, the Act of February 2, 1903, and the Act of March 3, 1905, and amendments thereof, and the Act of July 2, 1962 (secs. 4–7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791–792, as amended; sec. 3, 33 Stat. 1265, as amended; sec. 2, 65 Stat. 693; and secs. 3 and 11, 76 Stat. 130, 132; (21 U.S.C. 111–113, 114a–1, 115, 117, 120, 121, 125, 134b, 134f)) and delegations of authority thereunder (37 FR 28464, 28477; 38 FR 19141) notice is hereby given that the following stockyards a d slaughtering establishments are specifically approved under said regulations as indicated below:

SPECIFICALLY APPROVED STOCKYARDS

The following stockyards preceded by an asterisk are specifically approved for the purposes of 9 CFR 78.5, concerning brucellosis reactors and of paragraphs (b) and (c) of 9 CFR 78.12, concerning cattle not known to be affected with brucellosis. The following stockyards not preceded by an asterisk are specifically approved for the purposes of paragraphs (b) and (c) of § 78.12 only:

Effective date. The foregoing notice shall become effective on February 1, 1974.

This action imposes certain restrictions necessary to prevent the spread of brucellosis, relieves certain restrictions presently imposed, and makes certain changes which do not affect the substance of the restrictions set forth in 9 CFR Part 78. The action should be made effective promptly in order to accomplish its purpose in the public interest and to be of maximum benefit to persons subject to the restrictions which are relieved. Therefore, under the administrative procedure provisions of 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to this action are impracticable, unnecessary and contrary to the public interest, and good cause is found for making this action effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 22d day of January 1974.

J. K. ATWELL,
Acting Deputy Administrator, Veterinary Services, Animal and Plant Health Inspection Service.

DEPARTMENT OF LABOR

Employment Standards Administration

■

Minimum Wages for Federal and Federally Assisted Construction

Modifications and Supersedeas Decisions; Index

DEPARTMENT OF LABOR

Employment Standards Admministration

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

Modifications and Supersedeas Decisions

General wage determination decisions. General Wage Determination Decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's Orders 12–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and Federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determination frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General Wage Determination Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

Modifications and supersedeas decisions to general wage determination decisions. Modifications and Supersedeas Decisions to General Wage Determination Decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the Modifications and Supersedeas Decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedures for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's Orders 13–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing General Wage Determination Decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and Federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and Supersedeas Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rule-making procedures prescribed in 5 U.S.C. 553 has been set forth in the original General Wage Determination Decision.

New general wage determination decisions. New General Wage Determination Decision No. AQ–3076 for the State of Massachusetts.

FOOTNOTE:

a. Employer credits 4% basic hourly rate of employee with over 5 years' service, 2% basic hourly rate from 6 months to 5 years' service to Vacation Fund. 6 Paid Holidays: A through F.

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

LABORERS:	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
GROUP I					
ALL HELPERS NOT HEREIN SEPARATELY CLASSIFIED; Cesspool diggers and installers; Chat box man; Checker, tool dispatcher; Concrete dump man belt, pipe and/or hoseman; Dumpman and/or spotter; Fence builder, guard rail builder hwy.; Form strippers; Labor, general or construction; Landscape gardener and nurseryman; Packing rod steel and pans; Rip rap stoneman	$5.86	.50	.60		.06
GROUP II					
CEMENT FINISHER TENDER; Concrete curer (impervious membrane); Cutting torch operator; Fine grader (highway, engineering and sewer work only); Kettleman-tarman; Power type concrete buggy	5.97	.50	.60		.06
GROUP III					
BANDER; CHUCKTENDER (except tunnel); Creosote tieman; Guinea chaser; Powderman helper; Rip-rap stone paver; Sandblaster (pot tender); Spikers and wrenchers	6.08	.50	.60		.06
GROUP IV					
CEMENT DUMPERS (skip-type mixer or handling bulk cement); Chain saw machines (on clearing and grubbing); Concrete vibrating machines; Cribber and shorer (except tunnel); Floor sanders - concrete; Hydraulic jacks, and similar mechanical tools not separately herein classified; Operators and tenders of pneumatic and electric tools; Pipe caulker and/or Backup man (pipeline); Pipe wrapper; Pneumatic gopher; Rigger/signalman (pipeline)	6.16	.50	.60		.06

LABORERS: (cont'd)

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
GROUP V AIR AND WATER WASH-OUT NOZZLEMAN; Asphalt rakers and ironers; Driller; Grade setter (pipeline); Hand guided trencher and similar operated equipment; Jackhammer and/or pavement breakers; Pipe layer (including but not limited to non-metallic, transite and plastic pipe, water pipe, sewer pipe, drain pipe, underground tile and conduit); Rock slinger; Scaler (using bos'ns chair or safety belt); Tampers (nechanical-all types)	$6.30	.50	.60		.06
GROUP VI CONCRETE CUTTING TORCH; CONCRETE SAW (hand guided); Driller (core, diamond, wagon or air track); Drill doctor and/or air tool repairman; Gunman and mixerman (gunite); Sandblaster (nozzleman)	6.605	.50	.60		.06
GROUP VII CONCRETE ROAD FORM SETTER; Gunite nozzleman or rodman; Drillers, Joy Mustang, PR 143, 220 Gardner-Denver, hydrosonic; Powder man; Scaler (drillers); Welders and/or pipe layers installing process piping	7.115	.50	.60		.06
MASON TENDERS	6.465	.50	.60		.06
PLASTERERS' TENDERS	6.78	.50	.60		.06

LABORERS: (cont'd)

TUNNEL AND SHAFT WORKERS	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
GPOUP I BULL GANG, MUCKERS, TRACKMAN; DUMPMEN; Concrete crew (includes rodders and spreaders); Grout crew; Swamper (brakeman and switchmen on tunnel work)	$6.055	.50	.60		.06
GROUP II NIPPER; CHUCKTENDER, CABLETENDER; Vibratorman, Jackhammer, Pneumatic tools (except driller)	6.19	.50	.60		.06
GROUP III GROUT GUNMAN	6.29	.50	.60		.06
GRCUP IV TIMBERMAN, RETIMBERMAN - wood or steel blaster, driller powderman; Cherry pickerman; Powderman - primer house; Steel form raiser and setter; Kemper and other pneumatic concrete placer operator; Miner - finisher	6.39	.50	.60		.06
GROUP IV-A MINERS - Tunnel (hand or machine)	6.59	.50	.60		.06
GROUP V DIAMCND DRILL	6.725	.50	.60		.06
GROUP V-A SHAFT AND RAISE MINER WELDER	6.925	.50	.60		.06

POWER EQUIPMENT OPERATORS

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
GROUP I					
Air compressor operator; Field equipment servicemen helper; Heavy duty repair helper; Heavy duty welder helper; Oiler; Pump operator	$6.65	.55	.60		.03
GROUP II					
Conveyor operator; Generator Op. - portable; Power grizzly operator; Self-propelled chip spreading machine-conveyor operator; Watch fireman; Welding machine operator gasoline and diesel power	6.98	.55	.60		.03
GROUP III					
Concrete mixer operator-skip type; Dinky operator - (under 20 tons wt.); Driver-moto paver, Slurry seal machine, and similar type equipment; Motor crane driver; Power sweeper operator - self-propelled; Ross carrier or fork lift op.; Skip loader op. - all types with rated capacity 1½ cu. yds. or less; Wheel type tractor operator (Ford, Ferguson, or similar type) with attachments such as fresno, push blade, post hole auger, mower, etc. excluding compacting equipment	7.40	.55	.60		.03
GROUP IV					
A-Frame boom truck or winch truck operator; Asphalt plant firemen; Elevator hoist op. (incl. Tuskey hoist or similar types); Grade checker (excl. civil engineer); Multiple power concrete saw op.; Pavement breaker, mechanical compactor operator, power propelled; Roller operator-all types except as otherwise classified; Screed op.; Self-propelled chip spreading machine operator (incl. Slurry Seal machine op.) Stationary pipe-wrapping and cleaning machine operator; Tugger operator	7.87	.55	.60		.03

POWER EQUIPMENT OPERATORS: (cont'd)

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
GROUP V					
Aggregate plant operator (incl. crushing screening and sand plants, etc.); Asphalt laydown machine operator; Asphalt plant mixer operator; Beltcrete machine; Boring machine op.; Concrete mechanical tamping, spreading or finishing machine (incl. Clary, Johnson, or similar types); Concrete pump operator; Concrete batch plant operator, all types & sizes; Conductor, brakeman, or handler; Elevating grader op.- all types & sizes (except as otherwise classified); Field equipment serviceman; Highline cableway signalman; Kolman belt loader op. or similar type, w/belt width 48" or over; Locomotive engineer (incl. Dinky-20 tons wt. & over); Moto-paver and similar type equipment operator; Operating engineer rigger; Pneumatic-tired scraper op. (Turnapull, Euclid, Cat, D-W, Hancock and similar equipment) up to & incl. 12 cu. yds.; Power jumbo form setter op.; Pressure grout machine op. (as used in heavy engineering construction); Road oil mixing machine op.; Roller op. on all type asphalt pavement; Self-propelled compactor, with blade; Skip loader op. - all types with rated capacity over 1½ but less than 4 cu. yds.; Slip form op. (power driven lifting device for concrete forms); Soil cement road mixing machine op. - single pass type; Stationary Central generating plant op. - rated 300 k.w. or more; Surface heater and planer operator; Traveling pipewrapping machine op.	$8.34	.55	.60		.03

POWER EQUIPMENT OPERATORS (cont'd)

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vocation	App. Tr.
GROUP V-A					
Heavy duty mechanic and/or welder; Pneumatic tired scraper, all sizes and types over 12 cu. yds. up to and incl. 45 cu. yds. MRC (Turnapull, Euclid, Cat, D-W, Hancock, and similar equipment); Tractor operator (Pusher, Bulldozer, Scraper) up to 400 net horsepower rating; Trenching machine operator	$8.61	.55	.60		.03
GROUP VI					
Auto-grade machine (CMI and similar equipment); Boring machine operator (incl. Mole, Badger and similar type); Concrete mixer operator - paving type, and mobile mixer, Concrete pump operator with boom attachment (truck mounted); Crane operator - crawler and pneumatic type, under 100 ton capacity MRC; Crawler type tractor operator - with boom attachment; Derrick operator; Forklift operator for hoisting personnel; Grade-all operator; Helicopter hoist; Highline cableway operator (less than 20 tons rated capacity); Mass excavator operator (150 Bucyrus Erie and similar types); Mechanical hoist operator (two or more drums); Motor grade operator - any type power blade; Motor grader operator with elevating grader attachment; Mucking machine operator; Overhead crane operator; Piledriver engineer (portable, stationary or skid rig); Pneumatic-tired scraper operator-all sizes and types (Turnapull, Euclid, Cat, D-W, Hancock and similar equipment over 45 cu. yds. MRC);					

POWER EQUIPMENT OPERATORS (cont'd)

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vocation	App. Tr.
GROUP VI (cont'd)					
Power driven ditch lining or ditch trimming machine operator; Skip loader operator - all types with rated capacity 4 cu. yds. but less than 8 cu. yds.; Slip form paving machine operator (including Gunnert, Zimmerman and similar types); Specialized power digger operator - attached to wheel-type tractor; Tower crane (or similar type) operator; Tractor operator (Pusher, Bulldozer, Scraper) 400 net horsepower and over; Tugger operator (two or more); Univeral equipment operator - Shovel, Backhoe, Dragline, Clamshell, etc., up to 8 cu.yds.	$8.91	.55	.60		.03
GROUP VII					
Crane operator - pneumatic or crawler (100 ton hoisting capacity and over MRC rating); Helicopter pilot - FAA qualified when used in construction work; Highline cableway operator, over 20 ton rated capacity and using traveling head and tail tower; Remote control earth moving equipment operator; Skip loader operator - all types with rate capacity of 8 cu. yds. or more; Universal equipment - Shovel, Backhoe, Dragline, Clamshell, etc. 8 cu. yds. and over	9.44	.55	.60		.03

TRUCK DRIVERS

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
GROUP I					
PICKUP; Station wagon; Teamster	$6.01	.50	.60		.03
GROUP II					
BUGGYMOBILE, 1 C. Y. OR LESS; Bulk cement spreader (2 or 3 axle); Bus driver; Dump (2 or 3 axle); Flatrack (2 or 3 axle); Water (under 2500 gal.)	6.12	.50	.60		.03
GROUP III					
BULK CEMENT SPREADER (4 AXLE); Dump (4 axle); Dumptor or dumpster, less than 7 c. y.; Flatrack (4 axle); Water (2500 gal. but less than 4000 gal.)	6.28	.50	.60		.03
GROUP IV					
BULK CEMENT SPREADER (5 AXLE); Dump (5 axle); Dumptor or dumpster, 7 c.y. but less than 16 c.y.; Flaherty spreader or similar type equipment or leverman; Flatrack (5 axle); Slurry type equipment or leverman; Transit mix, 8 c.y. or less mixer capacity	6.57	.50	.60		.03
GROUP V					
BULK CEMENT SPREADER (6 AXLE); Dump (2 axle); Flatrack (6 axle); Rock truck (dart, euclid, and other similar type end dumps, single unit) less than 16 c.y.	6.70	.50	.60		.03
GROUP V-A					
OIL TANKER OR SPREADER TRUCK DRIVER and/or bootman, retortman or leverman	6.84	.50	.60		.03

TRUCK DRIVERS (cont'd)

	Basic Hourly Rates	Fringe Benefits Payments

FOOTNOTES:

a - 1st 6 mos. - none; 6 mos. to 5 yrs. - 2%; over 5 yrs. - 4% of basic hourly rate.
b - Paid Holidays - A through F.
c - All of the parish west of a straight line drawn from the Louisiana-Mississippi border, east of the city limits of Warrenton, Louisiana, southwest through Hammond, Louisiana to the Gulf of Mexico.
d - All of the parish east of a line drawn from the meeting point of the boundaries of the Parishes of Rapides, Avoyelles and Evangeline, southwest along the western city limits of Abbeville, Louisiana to the Gulf of Mexico.
e - All of the parish west of a straight line drawn from the Louisiana-Mississippi border, west of the city limits of Warrenton, Louisiana, southwest through Hammond, Louisiana to the Gulf of Mexico.
f - All of the parish west of a line drawn from the meeting point of the boundaries of the Parishes of Rapides, Avoyelles and Evangeline, southwest along the western city limits of Abbeville, Louisiana to the Gulf of Mexico.
g - North of a line drawn from the southern limits of the Town of St. James in St. James Parish to the northern limits of the Town of Napoleonville in Assumption Parish and then directly west to the Parish; all of St. James Parish except, that part which is east of a line drawn from Lutcher, Louisiana to U. S. Highway #61 (Airline Highway) then west on U. S. #61 to Blind River, and then on a direct line to Manchac, Louisiana.
h - South and west of a line running from the western parish line to a point directly east which touches the northern limits of the Town of Independence then directly south to Lake Pontchartrain.
i - That part of southeastern Louisiana bounded on the north by the State of Mississippi, on the east by the State of Mississippi and the Mississippi Sound, on the south by the Gulf of Mexico and on the west by a line drawn as follows: Beginning at a point on the Louisiana-Mississippi boundary in Washington Parish, Louisiana, due north of the town of Hackley, Louisiana, thence southwesterly in a straight line to a point on the east bank of the Mississippi River at the southernmost point of Lutcher (including Gramercy in the area), thence in a more southwesterly direction in a straight line to midstream of the Atchafalaya River at Morgan City-Berwick (including Morgan City in this area), thence southerly on a line following midstream of the Atchafalaya River to Atchafalaya Bay and in a line due south to the Gulf of Mexico.
j - Northwest of a straight line drawn from the City of Berwick to the City of Lutcher.
k - West of a line drawn north from the City of Lutcher to the east side of the City of Hammond to the Louisiana-Mississippi border.
l - East and west of a line from the City of Berwick north to the eastern boundary of the City of Krotz Springs.

PAID HOLIDAYS:
A-New Years' Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

SUPERSEDEAS DECISION

STATE: Louisiana
DECISION NO.: AQ-77
PARISH: Calcasieu
DATE: Date of Publication
Supersedes Decision No. AQ-4, dated July 20, 1973, in 38 FR 19645.
DESCRIPTION OF WORK: Residential Construction consisting of single family homes and garden type apartments up to and including 4 stories.

Welders-receive rate for craft

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day;
C-Independence Day; D-Labor Day;
E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:
a. Employer contributes 4% basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit
b. Six paid holidays: A through F.

BUILDING CONSTRUCTION	Basic Hourly Rates	Fringe Benefits Payments H & W	Pensions	Vacation	App. Tr.	Others

d. Employer contribures $1.50 per hour to healt and welfare and pension fund.

e. Eight(8) paid holidays, A through F, Washington's Birthday, Good Friday and Christmas Eve, provided the employee has worked 45 days for the employer during the 120 days prior to the holiday, and is available for work the days preceding and following the holiday.

f. Paid Holidays: July 4th and Labor Day.

g. Paid Holidays: Washington's Birthday, Good Friday; Memorial Day; Labor Day; Presidential Election Day; Veterans' Day; and Thanksgiving Day.

		H & W	Pensions	Vacation	App. Tr.	Others
POWER EQUIPMENT OPERATORS						
HEAVY EQUIPMENT:						
Utility operator	$6.15	.30	.35		.05	
Blade grader, self-propelled; Clam shells; Cable ways; Cranes, power operated, all types; Derricks, power operated, all types; Draglines; Elevating grader, self-propelled; Hoist, 2 drums or more; Locomotive; Mixmobiles; Paving mixers, all types; Pile Drivers; Scrapers, Bulldozers, Side boom; Cherry pickers; Shovels; Heavy duty mechanic; All welders; All tractors with power attachments (crawler type); Ditching machine; Farm type tractor (loader, 1 yd. & over) with backhoe	6.01	.30	.35		.05	
All other equipment of similar nature coming within the heavy class, when power operated.						
LIGHT EQUIPMENT:						
Farm type tractor (loader, under 1 yd.) with backhoe; GO-devil; Mixers, 14 cu ft. or over; Rollers, over 10 tons; 2 pumps operated by one man; Air compressor and one tugger	5.83	.30	.35		.05	
Winch trucks	5.73	.30	.35		.05	
2 air compressors; 1 air compressor and 1 pump; Front end scoopmobile loader & payloader	5.70	.30	.35		.05	
Blade grader, towed; Elevators, building; Form lifts; Hoists, single drum or 1 line hoisting (1 tugger); Mixers less than 14 cu. ft.; Rollers; Screening plants; Welding machines (gas or diesel) min. 2, max. 7; Crushing plants; Tractors wheel type except when hauling material; Truck crane driver and/or oiler front end crane	5.59	.30	.35		.05	
Pulsometer; 1 pump; 1 air compressor; mechanic helper; Welders helpers; fireman	5.41	.30	.35		.05	
Greasers	5.22	.30	.35		.05	
Oilers	5.12	.30	.35		.05	
All other equipment of similar nature coming within the light class, when power operated

GENERAL WAGE DETERMINATION DECISIONS AND MODIFICATIONS AS OF JANUARY 4, 1974

Index

There is set forth below an index to general wage determination decisions and modifications as published in the FEDERAL REGISTER pursuant to the Davis-Bacon and related Acts. The index lists general wage determination decisions and modifications by State and county. An updated index is published on the first Friday of each month.

The index is published for the convenience of the public and the Department of Labor will endeavor to keep it accurate and up to date. In the event the data in the index and published general decisions do not coincide, the published general decisions shall control.

Abbreviations:

(B)—Building Construction.
(D)—Dredging Construction.
(F)—Flood Control Construction.
(H)—Heavy Construction.
(Hw)—Highway Construction.
(R)—Residential Construction.
Mod.—Modification.
(HE)—Heavy Engineering.
(LE)—Light Engineering.
(U)—Utility.
(S)—Streets.

Signed at Washington, D.C., this 25th day of January 1974.

RAY J. DOLAN,
Assistant Administrator,
Wage and Hour Division.

MANDATORY PETROLEUM ALLOCATION AND PRICE REGULATIONS; CORRECTION OF NATIONAL SUPPLY/ CAPACITY RATIO AND REFINERS BUY/SELL LIST

Title 10—Energy

CHAPTER II—FEDERAL ENERGY OFFICE

PART 211—MANDATORY PETROLEUM ALLOCATION REGULATIONS

PART 212—MANDATORY PETROLEUM PRICE REGULATIONS

Special Propane Price Rule and Correction of Omission In Propane Allocation

1. This amendment is designed to limit the costs which refiners may allocate to propane and pass on in the form of higher prices.

Under the current FEO price regulations, which provide for the allocation of a refiner's increased crude oil and product costs to individual refined products, propane is treated in a category that includes all refined petroleum products other than gasoline, No. 2 heating oil and No. 2–D diesel fuel.

In apportioning the amount of increased product costs attributable to this category of other products, a refiner may apportion the total amount allocable among particular products in whatever amounts it deems appropriate. On the basis of this authority, refiners have been apportioning a disproportionate share of their increased costs to propane and have thereby caused substantially greater increases in the price of propane than the increases on other petroleum products. These price increases have helped alleviate feared short supplies of propane for agricultural and rural use by providing incentives to producers to direct supplies into these markets.

The amendment adds a new clause to § 212.83(c)(1) restricting the increased costs which may otherwise be allocated to propane pursuant to § 212.83(c)(1)(ii), during any twelve month period following January 31, 1974, to no greater percentage of the total amount of increased costs incurred during that period than the percentage that the total sales volume of propane of the refiner bears to the total sales volume of all covered products of the refiner during the twelve month period. This rule continues to allow refiners the necessary flexibility to vary prices of propane for seasonal and other reasons and continues current price incentives to help assure supplies to agricultural and rural markets. However, it also serves the objective of preventing propane from bearing a disproportionate share of the costs of assuring, that on an annual test basis, only a proportionate share of the costs are allocated to propane.

2. An allocation level is specified for certain limited electric utility uses. This provision was omitted inadvertently from the January 15 regulations.

Because the purposes of these amendments is to provide immediate guidance and information with respect to the mandatory petroleum allocation rules and regulations, the Federal Energy Office finds that normal rulemaking procedure is impracticable and that good cause exists for making these amendments effective in less than 30 days.

(Emergency Petroleum Allocation Act of 1973, Pub. L. 93–159, E.O. 11748, 38 FR 33575; Economic Stabilization Act of 1970, as amended, Pub. L. 92–210, 85 Stat. 743; Pub. L. 93–28, 87 Stat. 27; E.O. 11730, 38 FR 19345; Cost of Living Council Order No. 47, 39 FR 24)

In consideration of the foregoing, Parts 211 and 212 of Chapter II, Title 10 of the Code of Federal Regulations are amended as set forth below, effective immediately.

Issued in Washington, D.C., January 30, 1974.

JOHN C. SAWHILL,
Deputy Administrator,
Federal Energy Office.

1. Section 212.83(c)(1) is amended by adding a clause (iii) to read as follows:

§ 212.83 Allocation of refiner's increased product costs.

* * * * *

(c) *Allocation of increased costs.* * * *

(1) *General rule.* * * *

(iii) *Special propane rule.* Notwithstanding the provisions of § 212.83(c)(1)(ii) or § 212.83(d), in computing base prices for propane, a refiner may not, during any twelve month period following January 31, 1974, apportion to propane a greater percentage of the total amount increased product costs incurred during that period by that refiner than the percentage that the total sales volume of propane of that refiner is to the total sales volume of all covered products of that refiner during that twelve month period.

2. Section 211.83(a) is amended by adding a subparagraph (9) to read as follows:

§ 211.83 Allocation levels.

(a) One hundred (100) percent of current requirements for:

* * * * *

(9) Start-up, testing and flame stability of coal-fired electrical utility plants.
