PART I

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

ORAL CONTRACEPTIVE LABELING—USDA proposes to include venereal disease warning statement; comments by 6–18–74 13972

MEDICAL INSURANCE FOR AGED AND DISABLED—HEW proposal on extended coverage and enrollment eligibility; comments by 5–20–74 13972

EXECUTIVE CONTROL GROUPS—CLC redefines term regarding Phase IV reporting and recordkeeping; effective 4–17–74 13962

TETRAETHYL PYROPHOSPHATE—EPA establishes tolerance; effective 4–19–74 13970

UNDERGROUND MINE SAFETY—Interior Department issues regulations on emergency training and use of self-rescue devices; effective 4–19–74 13968

TARIFF CHANGES—FMC proposes extended period for filing protests; comments by 5–17–74 13976

ANTIDUMPING—Tariff Commission determination on hand-operated plastic pistol-grip liquid sprayers from Japan 13988

NUCLEAR POWER—AEC proposes amendments on quality assurance program for plant facilities; comments by 6–3–74 13974

RED TART PITTED CHERRIES—USDA revises grade standards; effective 5–15–74 13962

(Continued inside)

PART II:

SERIES H SAVINGS BONDS—Treasury Department increases investment yields; effective 12–1–73 14061

PART III:

MINIMUM WAGES—Labor Department determination decisions for Federal and Federally assisted construction 14111

April 19, 1974—Pages 13955–14176

REMINDERS

(The items in this list were editorially compiled as an aid to FEDERAL REGISTER users. Inclusion or exclusion from this list has no legal significance. Since this list is intended as a reminder, it does not include effective dates that occur within 14 days of publication.)

Rules Going Into Effect Today

This list includes only rules that were published in the FEDERAL REGISTER after October 1, 1972.

federal register

Area Code 202 Phone 523–5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $45 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

MEETINGS—
EPA: Environmental Radiation Exposure Advisory Committee, 5–13 and 5–14–74 13987
Antimicrobial Program Advisory Committee, 5–29 and 5–30–74 13986
Commerce Department: Economic Advisory Board, 5–8–74 13979

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month. In the last issue of the month the cumulative list will appear at the end of the issue.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1974, and specifies how they are affected.

Rules and Regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 5—Administrative Personnel

CHAPTER I—CIVIL SERVICE COMMISSION

PART 213—EXCEPTED SERVICE

Executive Office of the President

Section 213.3303 is amended to show that one position of Staff Assistant to the Deputy Administrator, Federal Energy Office, is excepted under Schedule C.

Effective on April 19, 1974, § 213.3303 (k) (2) is added as set out below.

§ 213.3303 **Executive Office of the President.**

* * * * *

(k) *Federal Energy Office.* * * *

(2) One Staff Assistant to the Deputy Administrator.

PART 713—EQUAL OPPORTUNITY

PART 772—APPEALS TO THE COMMISSION

Requests for Reopening

Sections 713.235 and 772.308(b) are amended to define the nature of the compliance, and the extent to which an agency must comply with the recommendation of the Board of Appeals and Review when it intends to request reopening by the Commissioners in the case of employee appeals involving removal, separation, or suspension continuing beyond the date of the request for reopening; to require agency notice to the employee-appellant of the nature of the corrective action pending the agency request for reopening; and to provide a period of time after which an agency request for reopening will not be considered by the Commissioners.

1. Effective April 19, 1974 § 713.235 is amended as follows:

Insert "(a)" immediately before "The" in the initial sentence of the section, and add the following as the final paragraph of the section:

§ 713.235 **Review by the Commissioners.**

* * * * *

(b) When an agency gives notice of intent to request reopening within the time specified in the decision of the Board of Appeals and Review for the agency report of corrective action, the agency may not effect the corrective action recommended by the Board except as provided in this paragraph. When the agency gives notice of intent to request reopening, and when the appeal involves removal, separation, or suspension continuing beyond the date of the request for reopening, and when the Board decision recommends retroactive restoration, the agency shall comply with the Board decision only to the extent of the temporary or conditional restoration of the employee to duty status in the position recommended by the Board pending the outcome of the agency request for reopening. The agency shall notify the Board and the employee in writing that the corrective action it takes is temporary or conditional at the same time it gives notice of intent to request reopening. When the agency does not give notice of intent to request reopening within the time specified in the Board decision for the agency report of corrective action, or when, after giving notice of intent to request reopening, the agency does not file a request for reopening within 30 days from the date of the Board decision, or when a request to reopen is denied, the agency shall effect the corrective action recommended by the Board, and there is no further right by the agency to request reopening. However, service under the temporary or conditional restoration provisions of the paragraph may not be credited toward the completion of a probationary or trial period, eligibility for a within-grade increase, or the completion of the service requirement for career tenure.

(5 U.S.C. 1301, 3301, 3302, 7151–7154, 7301, E.O. 10577; 3 CFR, 1954–1958 Comp., p. 218, E.O. 11222; 3 CFR, 1964–1965 Comp., p. 306, E.O. 11478; 3 CFR, 1969 Comp. p. 133)

2. Effective April 19, 1974, § 772.308(b) is revised to read as follows:

§ 772.308 **Review by the Commission.**

* * * * *

(b) When an agency gives notice of intent to request reopening within the time specified in the decision of the Board of Appeals and Review for the agency report of corrective action, the agency may not effect the corrective action recommended by the Board except as provided in this paragraph. When the agency gives notice of intent to request reopening, and when the appeal involves removal, separation, or suspension continuing beyond the date of the request for reopening, and when the Board decision recommends retroactive restoration, the agency shall comply with the Board decision only to the extent of the temporary or conditional restoration of the employee to duty status in the position recommended by the Board pending the outcome of the agency request for reopening. The agency shall notify the Board and the employee in writing that the corrective action it takes is temporary or conditional at the same time it gives notice of intent to request reopening within the time specified in the Board decision for the agency report of corrective action, or when, after giving notice of intent to request reopening, the agency does not file a request for reopening within 30 days from the date of the Board decision, or when a request to reopen is denied, the agency shall effect the corrective action recommended by the Board and there is no further right by the agency to request reopening. However, service under the temporary or conditional restoration provisions of this paragraph may not be credited toward the completion of a probationary or trial period, eligibility for a within-grade increase, or the completion of the service requirement for career tenure.

(5 U.S.C. 1302, 3301, 3302, 5115, 5338, 7512, 7701, 8347, E.O. 10577; 3 CFR 1954–1958 Comp., p. 218, E.O. 11491; 3 CFR 1969 Comp.)

PART 890—FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

Changes in Subscription Charges; Extension of Deadline To Submit Proposals

On February 14, 1974, there was published in the FEDERAL REGISTER a notice of a proposed amendment to the health benefits regulations to extend for one month, the deadline date by which carriers must submit to the Commission, proposals for changes in subscription charges for the ensuing contract period. Carriers and other interested persons were invited to submit their comments, objections or suggestions to the Commission within 30 days after publication of such notice. The comments, objections and suggestions received on the proposal have been considered by the Commission and the Commission has decided to adopt the proposed amendment. Accordingly, § 890.203(b) is hereby amended as set out below.

§ 890.203 **Application for approval of, and proposal of amendments to, health benefits plans.**

* * * * *

(b) Any proposal for change in a health benefits plan should be in writing,

specifically describe the change proposed and be signed by an authorized official of the carrier. The Commission will review a proposal for change and notify the carrier whether it accepts the change and may made a counter-proposal or at any time propose changes on its own motion. The Commission will not consider until after the expiration of the then current contract period any proposal for a change which is received less than 8 months before the expiration of the then current contract period, except that changes in subscription charges for the ensuing contract period may be proposed not less than 5 months before the expiration of the then current contract period.

(5 U.S.C. 8913)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.74-9014 Filed 4-18-74;8:45 am]

Title 6—Economic Stabilization

CHAPTER I—COST OF LIVING COUNCIL

PART 152—PHASE IV PAY REGULATIONS

Executive Control Group Reporting and Recordkeeping Requirements

In Part 152, § 152.130 is amended to redefine the term "annual sales or revenues" found in paragraphs (f)(1) and (g). Under these amendments the total gross receipts of a U.S. firm, from whatever source derived, are to be considered in determining executive control group reporting or recordkeeping requirements. Prior to these amendments, § 152.130 incorporated the definition of "annual sales or revenues" set forth in § 152.2, which in certain instances excludes the gross receipts of or from a foreign branch or division of the U.S. firm and the gross receipts of or from a wholly or partially owned foreign entity. The compensation paid to a member of an executive control group is normally related to the entire operation of the firm, and not simply to the firm's U.S. operations. The Council reviews the information submitted on the required reports in relationship to the firm's total revenues from all sources. Therefore, the Council has determined that receipts from foreign operations of U.S. firms should be included in determining whether a U.S. firm is subject to the reporting or recordkeeping requirements set forth in § 152.130.

This amendment does not apply to or affect the definition of "annual sales or revenues" for any other purpose in the Economic Stabilization Regulations. Neither does this amendment affect U.S. citizens who reside and are employed outside the U.S. while generating such "annual sales or revenues."

This amendment is effective with respect to reports required to be filed and records required to be maintained with respect to fiscal years ending prior to April 17, 1974, for which incentive compensation payments are made on or after such date, and with respect to fiscal years ending on or after April 17, 1974.

Because the immediate implementation of Executive Order 11730 is required, and because the purpose of these regulations is to provide immediate guidance as to Cost of Living Council decisions, the Council finds that publication in accordance with normal rule making procedures is impracticable and that good cause exists for making these amendments effective in less than 30 days. Interested persons may submit comments regarding these amendments. Communications should be addressed to the Office of General Counsel, Cost of Living Council, Washington, D.C. 20508.

(Economic Stabilization Act of 1970, as amended, Public Law 92-210, 85 Stat. 743; Public Law 93-28, 87 Stat. 27; E.O. 11695, 38 FR 1473; E.O. 11730, 38 FR 19345; Cost of Living Council Order No. 14, 38 FR 1489.)

In consideration of the foregoing, Part 152 of Title 6 of the Code of Federal Regulations is amended as set forth herein, effective April 17, 1974.

Issued in Washington, D.C. on April 17, 1974.

JAMES W. MCLANE,
Deputy Director,
Cost of Living Council.

In 6 CFR Part 152, paragraphs (f)(1) and (g) of § 152.130 are amended to read as follows:

§ 152.130 Executive control groups.

* * * * *

(f) *Reporting*—(1) *Timing of report.*—A firm which derives annual sales or revenues in excess of $250 million (including, in the case of an affiliated group of entities, the sales or revenues attributable to all such entities of which such firm is the parent) shall submit a report to the Council not later than 10 days after any payment, award, or grant of any item of incentive compensation subject to § 152.124 or § 152.125 is made with respect to a member of an executive control group. If no payments, awards, or grants are made with respect to a fiscal year pursuant to an incentive compensation plan or practice subject to § 152.124 or § 152.125, such a firm shall submit a report to the Council not later than 30 days after the end of such fiscal year. For purposes of this paragraph, annual sales or revenues means the total gross receipts of a firm during the most recently completed fiscal year, from whatever source derived. Notwithstanding the previous sentence, annual sales or revenues of a foreign firm with a U.S. branch, division or subsidiary means only those receipts from operations of the U.S. entity.

(g) *Recordkeeping*—A firm which derives annual sales or revenues in excess of $50 million (including, in the case of an affiliated group of entities, the sales or revenues attributable to all such entities of which such firm is the parent) shall maintain records sufficient to permit the submission of a report described in paragraph (f) of this section, upon request by the Council. For purposes of this paragraph, annual sales or revenues means the total gross receipts of a firm during the most recently completed fiscal year, from whatever source derived. Notwithstanding the previous sentence, annual sales or revenues of a foreign firm with a U.S. branch, division or subsidiary means only those receipts from operations of the U.S. entity.

Title 7—Agriculture

CHAPTER I—AGRICULTURAL MARKETING SERVICE, DEPARTMENT OF AGRICULTURE

PART 52—PROCESSED FRUITS AND VEGETABLES, PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS [1]

Subpart—United States Standards for Grades of Canned Red Tart Pitted Cherries

A notice of proposed rulemaking to revise the United States Standards for Grades of Canned Red Tart Pitted Cherries was published in the FEDERAL REGISTER of September 11, 1973 (38 FR 24904). Interested parties were given until November 1, 1973, to study the proposal and offer comments, suggestions, or arguments relative to the proposal.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the United States Standards for Grades of Canned Red Tart Pitted Cherries are hereby revised pursuant to the authority contained in the Agricultural Marketing Act of 1946 (Sec. 205, 60 Stat. 1090, as amended; 7 U.S.C. 1624).

STATEMENT OF CONSIDERATION LEADING TO THE REVISION OF THE STANDARD

A proposed revision of the United States Standards for Grades of Canned Red Tart Pitted Cherries was published in the FEDERAL REGISTER of September 11, 1973, at the request of the National Red Cherry Institute, East Lansing, Michigan. It was requested that the standards be revised to:

(1) Clarify the definition of a "blemished cherry" under the factor of defects to conform to the recently revised definition in the standard of quality for canned cherries issued by the Federal Food and Drug Administration; and

(2) Include a third grade classification above Substandard to be designated as "U.S. Grade B" (or "U.S. Choice").

Comments were received regarding the proposal from three consumers and two trade associations.

One consumer suggested it is not practical to establish a Grade B classification based on requirements for color, texture,

[1] Compliance with the provisions of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act or with applicable State laws and regulations.

flavor and odor unless an accurate measurement can be made.

The Department concurs that it is most desirable to be able to use objective and accurate measurements to separate product characteristics into different levels of quality and acceptability. Consequently, no differentiation is made between Grades A, B, and C with respect to flavor and odor. In all three grades the flavor and odor must be normal.

Various instruments and devices are available to measure color and texture. However, the Department has not yet found them entirely suitable and practical for application to canned red tart pitted cherries. In the meantime, the standards can be interpreted and applied with reasonable uniformity by relying on the expertise of trained personnel. The inclusion of an additional grade level will require some adjustment in cut-off points but will not dilute the effectiveness of the grade standards in being responsive to current industry practices of recognizing three marketable grade levels.

Comments from the second consumer did not relate to the proposed revision but were more in the form of a complaint regarding the general low quality of canned cherries.

A third consumer suggested that a Grade B is not needed and that the present requirements for Grade A are too lenient. This consumer wanted a guarantee that the product will be totally free of pits and defects.

The Grade B designation was requested by the National Red Cherry Institute to meet customer demands. They felt that there was indeed a marketable quality level between the existing Grade A and Grade C. The present quality levels in Grade A have been slightly improved in this proposal.

The best of growing conditions on a commercial basis and the best of commercial processing techniques cannot guarantee a product totally free of defects or pits. The USDA grade standards for canned red tart pitted cherries set allowances for these factors for the different quality levels based on good commercial practices. Producing a product totally free of defects or pits would not be possible.

Comments from the Northwest Food Processors Association, Portland, Oregon, gave basic agreement with the proposed revision but took exception to the lower limits for drained weights. The Northwest Canners Association suggests that the variation in drained weight be approximately five percent from the sample average. This would decrease the lower limit value for drained weights by 0.3 ounces for the smaller can sizes and 2.7 ounces for the No. 10 container. The supporting reasons given were:

(1) In different lots of product, variability in cell wall strengths and incidence of rupture caused significant fluctuations in the amount of liquid released from fruit cells.

(2) Retained water in the pit cavity of the fruit cannot be controlled and can, in itself, produce enough weight variation to exceed the lower limits permitted by the standards.

(3) Variations in tare weight of metal cans could account for a major portion of the permitted variation.

It was further stated that to illustrate the effect of these factors on No. 10 containers, an average drained weight of 76 ounces would normally be required to assure that the required number of cans meet or exceed the 71.2-ounce lower limit. Such overfill would be excessive, resulting in compression and crushing of fruit units, further cell rupture, and loss of fruit liquid, and considerable economic loss.

A comprehensive fill weight-drained weight study was performed by the U.S. Department of Agriculture in several red tart pitted cherry canning plants in Michigan and Pennsylvania in 1970 at the request of the National Red Cherry Institute. The data obtained from this study took into consideration such factors as variability from lot to lot in cell wall strength and incidence of rupture, retention of water in the pit cavity, and variations in tare weights of the various container sizes since these factors are inherent in any canning operation of this product.

Statistical analyses of these data showed a definite correlation between the fill weight (ingoing weight of the fruit) and the drained weight of the finished product. It further showed that a lot averaging 72.70 ounces drained weight or better would be accepted 95 percent or more of the time when the sample average requirement is 72.0 ounces. This, statistically, is considered the normal degree of reliability for acceptance based on the sample average value.

The various lower limits for fill weights and drained weights were statistically calculated from analysis of the data from the above-mentioned study. These values are based on the standard deviation (variability) taken from the study of the process capabilities for both fill weights and drained weights.

Experience with the drained weight limits in major red sour pitted cherry canning areas, as studied under a proposal in 1971 and since their inclusion in the grade standards in 1972, indicates that very little difficulty has been encountered because of failure to meet the lower limit value for drained weights when appropriate processing controls were exercised.

The Department feels there is no statistically valid reason to base lower limit values for all container sizes on a single percentage. Based on the results of the aforementioned study, lowering the limit for low drained weights would allow slack filled cans in excess of that normally expected in a reasonably well controlled filling operation. Therefore, until such time as data can be furnished to show just cause for lowering the lower limit values, the Department feels the values that have been in effect since 1972 and contained the proposal in the September 11, 1973 issue of the FEDERAL REGISTER should be retained.

Comments from the National Red Cherry Institute, East Lansing, Michigan, suggest basic agreement with the proposal, with the following exceptions:

(1) In § 52.778 *Color*, paragraph (c) *(B) classification*, the standards committee unanimously supports the concept that this should be neither a limiting rule nor a partial limiting rule. USDA proposed that color in the (B) classification be a limiting rule, meaning that if the color of a sample unit was evaluated as Grade B the sample unit could not be classified above Grade B regardless of the total score.

The standards committee argues that color of canned red tart pitted cherries at the Grade B level is not important enough to be a limiting factor by itself.

The Department agrees that the basic difference between Grade A and Grade B color is not sufficient to justify implementing a limiting rule for the factor of color at the Grade B level.

(2) In § 52.780 *Defects*. In the definition of "blemished cherry," the word "scab" has no application to red tart pitted cherries. The standards committee recommends it be deleted.

The definition for "blemished cherry" is taken from the definition contained in the Federal Food and Drug Standard of Quality for canned cherries since the word "scab" is contained in that definition, the Department feels it should be retained in the U.S.D.A. grade standards.

Other comments from the National Red Cherry Institute were basically of an editorial nature.

No other comments were received. Therefore, the United States Standards for Grades of Canned Red Tart Pitted Cherries are hereby revised as proposed, except for the aforementioned changes, effective May 15, 1974.

The revision is as follows:

IDENTITY AND GRADES

Sec.
52.771 Identity.
52.772 Grades.

LIQUID MEDIA AND BRIX MEASUREMENTS

52.773 Liquid media and Brix measurements.

FILL OF CONTAINER

52.774 Fill of container.

SAMPLE UNIT SIZE

52.775 Sample unit size.

FACTORS OF QUALITY

52.776 Ascertaining the grade of a sample unit.
52.777 Ascertaining the rating for the factors which are scored.
52.778 Color.
52.779 Freedom from pits.
52.780 Defects.
52.781 Character.

ALLOWANCES FOR QUALITY FACTORS

52.782 Allowances for quality factors.

LOT COMPLIANCE

52.783 Ascertaining the grade of a lot.

SCORE SHEET

52.784 Score sheet for canned red tart pitted cherries.

AUTHORITY: Agricultural Marketing Act of 1946, Sec. 205, 60 Stat. 1090, as amended; 7 U.S.C. 1624.

IDENTITY AND GRADES

§ 52.771 Identity.

"Canned red tart pitted cherries" is the product represented as defined in the standard of identity for canned cherries (21 CFR 27.30), issued pursuant to the Federal Food, Drug, and Cosmetic Act, and packed in one of the liquid media specified in § 52.773; and is sealed in a hermetically sealed container and so processed by heat as to prevent spoilage.

§ 52.772 Grades.

(a) "U.S. Grade A" (or "U.S. Fancy") is the quality of canned red tart pitted cherries that have at least the following attributes:

(1) At least a reasonably good color;
(2) Practically free from pits;
(3) Practically free from defects;
(4) Good character;
(5) Normal flavor and odor; and
(6) Score not less than 90 points when scored in accordance with the scoring system outlined in this subpart.

Canned red tart pitted cherries of this grade may contain not more than eight cherries per sample unit that are less than 9/16 inch (14 mm) in diameter.

(b) "U.S. Grade B" (or "U.S. Choice") is the quality of canned red tart pitted cherries that have at least the following attributes:

(1) Reasonably good color;
(2) Reasonably free from pits;
(3) Reasonably free from defects;
(4) Reasonably good character;
(5) Normal flavor and odor; and
(6) Score not less than 80 points when scored in accordance with the scoring system outlined in this subpart.

Canned red tart pitted cherries of this grade may contain not more than 15 cherries per sample unit that are less than 9/16 inch (14 mm) in diameter.

(c) "U.S. Grade C" (or "U.S. Standard") is the quality of canned red tart pitted cherries that have at least the following attributes:

(1) Fairly good color;
(2) Fairly free from pits;
(3) Fairly free from defects;
(4) Fairly good character;
(5) Normal flavor and odor; and
(6) Score not less than 70 points when scored in accordance with the scoring system outlined in this subpart.

There is no size requirement for canned red tart pitted cherries of this grade.

(d) "Substandard" is the quality of canned red tart pitted cherries that fail to meet the requirements of "U.S. Grade C."

LIQUID MEDIA AND BRIX MEASUREMENTS

§ 52.773 Liquid media and Brix measurements.

(a) Brix measurement requirements for the liquid media in canned red tart pitted cherries are not incorporated in the grades of the finished product since sirup, or any other liquid medium, as such, is not a factor of quality for the purpose of the grades. The designation of liquid packing media and Brix measurements, where applicable, are as follows:

Designations	*Brix measurement*
Water (cherry juice and water).	Not applicable.
Cherry juice	Not applicable.
Slightly sweetened water.	Less than 18°.
Slightly sweetened cherry juice.	Less than 18°.
Light sirup	18° or more, but less than 22°.
Light cherry juice sirup.	18° or more, but less than 22°.
Heavy sirup	22° or more, but less than 28°.
Heavy cherry juice sirup.	22° or more, but less than 28°.
Extra heavy sirup	28° or more, but less than 45°.
Extra heavy cherry juice sirup.	28° or more, but less than 45°.

(b) The densities of the packing media, as listed in this section, are measured on the refractometer, expressed as percent by weight sucrose (degrees Brix) with correction for temperature to the equivalent at 20° C. (68° F.), but without correction for invert sugars or other substances. The Brix measurement of the packing media may be determined by any other method which gives equivalent results.

(c) Brix determination is made on the packing media 15 days or more after the cherries are canned or on the blended homogenized slurry of the comminuted entire contents of the container if canned for less than 15 days.

FILL OF CONTAINER

§ 72.774 Fill of container.

(a) *FDA requirements.* Canned red tart pitted cherries shall meet the fill of container requirements as set forth in the regulations of the Food and Drug Administration (21 CFR 27.32).

(b) *Recommended minimum drained weights*—(1) *General.* The minimum drained weight recommendations for the various container sizes and types of packing media as listed in Table I of this section are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purpose of these grades.

(2) *Definitions.*

Sample average—Average of all the drained weights of the sample containers representing a lot.

$\overline{X}_d$—A specified minimum sample average drained weight.

LL—Lower limit for individual container drained weight.

(3) *Method for ascertaining drained weight.* The drained weight of canned red tart pitted cherries is determined by emptying the contents of the container upon a U.S. Standard No. 8 circular sieve of proper diameter containing eight meshes to the inch (0.0937 inch (2.3 mm), ±3 percent, square openings) so as to distribute the product evenly over the sieve. Without shifting the product, incline the sieve at an angle of 17° to 20° to facilitate drainage and allow to drain for two minutes. The weight of drained cherries is the weight of the sieve and product less the weight of the dry sieve. A sieve eight inches in diameter is used for No. 3 size containers (404 x 414) and smaller, and a sieve 12 inches in diameter is used for containers larger than No. 3 size containers.

(4) *Compliance with recommended minimum drained weights.* A lot of canned red tart pitted cherries is considered as meeting the minimum drained weight recommendations when the following criteria are met:

(i) The sample average meets the specified minimum sample average drained weight (designated as "$\overline{X}_d$" in Table I); and

(ii) The number of sample containers which fail to meet the minimum drained weight for individual containers (designated as "LL" in Table I) does not exceed the applicable acceptance number specified in Table II.

TABLE I—RECOMMENDED MINIMUM DRAINED WEIGHTS FOR CANNED RED TART PITTED CHERRIES

Container designation	Packed in water or cherry juice		Packed in any sirup or slightly sweetened water	
	LL	$\overline{X}_d$	LL	$\overline{X}_d$
	Ounces		*Ounces*	
No. 303 (303 x 406)	10.7	11.0	9.9	10.2
No. 303 Cylinder (303 x 509)	14.0	14.4	12.7	13.1
No. 2 (307 x 409)	13.1	13.5	12.3	12.7
No. 10 (603 x 700)	71.2	72.0	69.4	70.2

TABLE II—SINGLE SAMPLING PLANS AND ACCEPTANCE NUMBERS

Sample Size (No. of sample containers)	3	6	13	21	29	38	48	60
Acceptance numbers	0	1	2	3	4	5	6	7

(c) *Recommended fill weights*—(1) *General.* The minimum fill weight recommendations for the various container sizes in Table III of this section are not incorporated in the grades of the finished product since fill weight, as such, is not a factor of quality for the purpose of these grades.

(2) *Definitions.*

Subgroup	A group of sample containers representing a portion of a sample.
$\overline{X}'_{min}$	A specified minimum lot average fill weight.
$LWL_{\overline{x}}$	Lower warning limit for subgroup averages.
$LRL_{\overline{x}}$	Lower reject limit for subgroup averages.
LWL	Lower warning limit for individual fill weight measurements.
LRL	Lower reject limit for individual fill weight measurements.
$\overline{R}'$	A specified average range value.
R_{max}	A specified maximum range for subgroups.

(3) *Method for ascertaining fill weight.* The fill weight of canned red tart pitted cherries is determined in accord-

ance with the U.S. Standards for Inspection by Variable and the U.S. Standards for Determination of Fill Weights.

(4) *Compliance with recommended fill weights.* Compliance with the recommended fill weights for canned red tart pitted cherries shall be in accordance with the U.S. Standards for Inspection by Variables and the U.S. Standards for Determination of Fill Weights.

TABLE III—RECOMMENDED FILL WEIGHT VALUES FOR CANNED RED TART PITTED CHERRIES

Container designation	Fill weight values in ounces							
	$\bar{X}'_{min}$	$LWL_{\bar{X}}$	$LRL_{\bar{X}}$	LWL	LRL	$\bar{R}'$	R_{max}	Sampling allowance code
No. 303	12.9	12.6	12.4	12.2	11.8	0.80	1.70	F
No. 303 Cylinder	16.8	16.4	16.2	15.9	15.4	1.10	2.20	H
No. 2	15.8	15.4	15.2	14.9	14.4	1.10	2.20	H
No. 10	86.7	85.9	85.5	85.0	84.1	2.00	4.20	P

SAMPLE UNIT SIZE

§ 52.775 Sample unit size.

Compliance with requirements for the size and the various quality factors is based on the following sample unit sizes for the applicable factor:

(a) Size, color, pits, and character—20 ounces of drained cherries.

(b) Defects (other than harmless extraneous material)—100 cherries.

(c) Harmless extraneous material—The total contents of each container in the sample.

§ 52.776 Ascertaining the grade of a sample unit.

FACTORS OF QUALITY

(a) *General.* The grade of a sample unit of canned red tart pitted cherries is ascertained by considering the factor of flavor and odor of the product and the requirement for size (in U.S. Grade A and U.S. Grade B) which are not scored; the ratings for the factors of color, freedom from pits, defects, and character, which are scored; and the limiting rules which may be applicable.

(b) *Factors rated by score points.* The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given each factor is:

Factors:	Points
Color	20
Freedom from pits	20
Defects	30
Character	30
Total score	100

(c) *Definition.* "Normal flavor and odor" means that the flavor and odor are characteristic of canned red tart pitted cherries and that the product is free from objectionable flavors and objectionable odors of any kind.

§ 52.777 Ascertaining the rating for the factors which are scored.

The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "18 to 20 points" means 18, 19, or 20 points).

§ 52.778 Color.

(a) (*A*) *classification.* Canned red tart pitted cherries that have a good color may be given a score of 18 to 20 points. "Good color" means a practically uniform color that is bright and typical of canned red tart pitted cherries which have been prepared and processed from properly ripened cherries.

(b) (*B*) *classification.* Canned red tart pitted cherries that have a reasonably good color may be given a score of 16 or 17 points. "Reasonably good color" means a reasonably uniform color, typical of canned red tart pitted cherries which have been properly prepared and processed and which color may range from a slight yellowish-red color to a slightly mottled reddish brown.

(c) (*C*) *classification.* Canned red tart pitted cherries that have a fairly good color may be given a score of 14 or 15 points. Canned red tart pitted cherries that fall into this classification shall not be graded above U.S. Grade C, regardless of the total score for the product (this is a limiting rule). "Fairly good color" means a fairly uniform color typical of canned red tart pitted cherries which have been properly processed and which color may range from a brownish cast to mottled shades of brown.

(d) (*SStd.*) *classification.* Canned red tart pitted cherries that fail to meet the color requirements for U.S. Grade C may be given a score of 0 to 15 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.779 Freedom from pits.

(a) *General.* The factor of freedom from pits refers to the incidence of pits and pit fragments.

(b) *Definitions.* (1) A "pit," for the purposes of the allowances in this section, is a whole cherry pit or portions of pits computed as follows:

(i) A single piece of pit shell, whether or not within or attached to a whole cherry, that is larger than one-half pit shell is considered as one pit;

(ii) A single piece of pit shell, whether or not within or attached to a whole cherry, that is not larger than one-half pit shell is considered as one-half pit;

(iii) Pieces of pit shell, within or attached to a whole cherry, when their combined size is larger than one-half pit shell are considered as one pit; and

(iv) Pieces of pit shell, within or attached to a whole cherry, when their combined size is not larger than one-half pit shell are considered as one-half pit.

(2) "Drained cherries" means pitted cherries that have been drained of packing medium by the method prescribed in this subpart.

(c) (*A*) *classification.* Canned red tart pitted cherries that are practically free from pits may be given a score of 18 to 20 points. "Practically free form pits" means that the number of pits that may be present in the drained cherries does not exceed the allowances for this classification as set forth in Table IV.

(d) (*B*) *classification.* Canned red tart pitted cherries that are reasonably free from pits may be given a score of 16 or 17 points. Canned red tart pitted cherries that fall into this classification shall not be graded above U.S. Grade B, regardless of the total score for the product (this is a limiting rule). "Reasonably free from pits" means that the number of pits that may be present does not exceed the allowances for this classification as set forth in Table IV.

(e) (*C*) *classification.* Canned red tart pitted cherries that are fairly free from pits may be given a score of 14 or 15 points. Canned red tart pitted cherries that fall into this classification shall not be graded above U.S. Grade C, regardless of the total score for the product (this is a limiting rule). "Fairly free from pits" means that the number of pits that may be present in the drained cherries does not exceed the allowances for this classification as set forth in Table IV.

(f) (*SStd.*) *classification.* Canned red tart pitted cherries that fail to meet the requirements of U.S. Grade C may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.780 Defects.

(a) *General.* The factor of defects refers to the degree of freedom from harmless extraneous material, mutilated cherries, and cherries blemished by scab, hail injury, discoloration, scar tissue, or by other means.

(1) "Cherry" means a whole cherry, whether or not pitted, or portions of such cherries which in the aggregate approximate the average size of the cherries.

(2) "Harmless extraneous material" means any vegetable substance (including, but not being limited to, a leaf or a stem, and any portions thereof) that is harmless.

(3) "Mutilated cherry" means a cherry that is so pitter-torn or damaged by other means that the entire pit cavity is exposed and the appearance of the cherry is seriously affected.

(4) "Minor blemished cherry" means any cherry blemished with skin discoloration (other than scald) having an aggregate area of a circle 9/32 inch (7 mm) or less in diameter which more than

slightly affects the appearance of the cherry but does not extend into the fruit tissue.

(5) "Blemished cherry" means any cherry blemished by skin discoloration (other than scald) which in the aggregate exceeds the area of a circle 9/32 inch (7 mm) in diameter. A cherry affected by skin discoloration extending into the fruit tissue or by scab, hail injury, scar tissue, or other abnormality, regardless of size, is considered a blemished cherry.

(b) *(A) classification.* Canned red tart pitted cherries that are practically free from defects may be given a score of 27 to 30 points. "Practically free from defects" means that the number of defects that may be present does not exceed the number specified for the type of defects in Table IV.

(c) *(B) classification.* Canned red tart pitted cherries that are reasonably free from defects may be given a score of 24 to 26 points. Canned red tart pitted cherries that fall into this classification may not be graded above U.S. Grade B, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the number of defects that may be present does not exceed the number specified for the type of defects in Table IV.

(d) *(C) classification.* If the canned red tart pitted cherries are fairly free from defects, a score of 21 to 23 points may be given. Canned red tart pitted cherries that fall into this classification shall not be graded above U.S. Grade C, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that the number of defects that may be present does not exceed the number specified for the type of defects in Table IV.

(e) *(SStd.) classification.* Canned red tart pitted cherries that fail to meet the requirements for Grade C for any reason may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.781 Character.

(a) *General.* The factor of character refers to the physical characteristics of the flesh of the cherries.

(b) *(A) classification.* Canned red tart pitted cherries that have a good character may be given a score of 27 to 30 points. "Good character" means that the cherries are thick-fleshed and have a firm, tender texture.

(c) *(B) classification.* Canned red tart pitted cherries that have a reasonably good character may be given a score of 24 to 26 points. Canned red tart pitted cherries that fall into this classification shall not be graded above U.S. Grade B, regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that the cherries may be reasonably thick-fleshed and may be slightly soft.

(d) *(C) classification.* Canned red tart pitted cherries that have a fairly good character may be given a score of 21 to 23 points. Canned red tart pitted cherries that fall into this classification shall not be graded above U. S. Grade C, regardless of the total score for the product (this is a limiting rule). "Fairly good character" means that the cherries may be thin-fleshed, and may be soft but not mushy, or slightly tough but not leathery.

(e) *(SStd.) classification.* Canned red tart pitted cherries that fail to meet the requirements for U.S. Grade C may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

ALLOWANCES FOR QUALITY FACTORS

§ 52.782 Allowances for quality factors.

TABLE IV—ALLOWANCES FOR QUALITY FACTORS

Factor	Sample unit size	Maximum number permissible for the respective grade					
		A		B		C	
Pits	20 ozs.	Not more than 2 in any sample unit.	Sample average 1 per 40 ozs.	Not more than 3 in any sample unit.	Sample average 1 per 30 ozs.	4 or more in any sample unit.	Sample average 1 per 20 ozs.
Defects:	100 cherries.						
Total—multilated, plus minor blemished plus blemished of which		10		15		20	
Blemished—limited to Harmless extraneous material.	Total contents.	3 Average 1 piece per 60 oz. net contents.		7 Average 1.5 pieces per 60 oz. net contents.		15 Average 3 piece per 60 oz. net contents.	

LOT COMPLIANCE

§ 52.783 Ascertaining the grade of a lot.

The grade of a lot of canned red tart pitted cherries covered by these standards is determined by the procedures set forth in the Regulations Governing Inspection and Certification of Processed Fruits and Vegetables, Processed Products Thereof, and Certain Other Processed Food Products (§§ 52.1 to 52.87).

SCORE SHEET

§ 52.784 Score sheet for canned red tart pitted cherries.

The United States Standards for Grades of Canned Red Tart Pitted Cherries, as herein revised, shall become effective May 15, 1974, and thereupon will supersede the United States Standards for Grades of Canned Red Tart Pitted Cherries which have been in effect since June 16, 1972.

Dated: April 12, 1974.

E. L. PETERSON,
Administrator,
Agricultural Marketing Service.

[FR Doc.74-8971 Filed 4-18-74;8:45 am]

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Lemon Reg. 635]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

This regulation fixes the quantity of California-Arizona lemons that may be shipped to fresh market during the weekly regulation period April 21-27, 1974. It is issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and Marketing Order No. 910. The quantity of lemons so fixed was arrived at after consideration of the total available supply of lemons, the quantity of lemons currently available for market, the fresh market demand for lemons, lemon prices, and the relationship of season average returns to the parity price for lemons.

§ 910.935 Lemon Regulation 635.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is

hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The need for this regulation to limit the quantity of lemons that may be marketed during the ensuing week stems from the production and marketing situation confronting the lemon industry.

(i) The committee has submitted its recommendation with respect to the quantity of lemons it deems advisable to be handled during the ensuing week. Such recommendation resulted from consideration of the factors enumerated in the order. The committee further reports the demand for lemons continues about unchanged from last week. Average f.o.b. price was $5.68 per carton the week ended April 13, 1974, compared to $5.58 per carton the previous week. Track and rolling supplies at 155 cars were down 5 cars from last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the quantity of lemons which may be handled should be fixed as hereinafter set forth.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on April 16, 1974.

(b) *Order.* (1) The quantity of lemons grown in California and Arizona which may be handled during the period April 21, 1974, through April 27, 1974, is hereby fixed at 225,000 cartons.

(2) As used in this section, "handled," and "carton(s)" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended (7 U.S.C. 601–674))

Dated: April 17, 1974.

CHARLES R. BRADER,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 74-NE-11; Amdt. 39-1823]

PART 39—AIRWORTHINESS DIRECTIVES

Avco Lycoming Aircraft Engines

There have been contained failures of the second, third, fourth and fifth stage compressor rotor discs and impeller assemblies on Avco Lycoming T5309C, T5311A and T53.1B turboshaft engines due to stress rupture, stress corrosion or fatigue which have resulted in partial or complete engine power losses. Since this condition is likely to exist or develop in other engines of the same model, an Airworthiness Directive is being issued to require the removal of the compressor rotor discs and centrifugal impeller assemblies and replacement with new improved discs and impeller assemblies. Due to the high spread in time in these failures, this replacement is required within 100 hours time in service after the effective date of this Airworthiness Directive.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than thirty (30) days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new Airworthiness Directive:

AVCO LYCOMING. Applies to all Avco Lycoming T5309C, T5311A and T5311B turboshaft engines.

Compliance required, unless already accomplished, prior to the accumulation of 100 hours in service after the effective date of this AD.

To prevent possible compressor disc or impeller assembly failures leading to partial or complete loss of engine power, remove and replace the second, third, fourth, and fifth stage compressor rotor discs and centrifugal impeller assemblies in accordance with the table below.

Component	Remove P/N	Install P/N
2d stage compressor rotor disk	1-100-239-01	1-100-239-04 or later FAA approved P/N.
3d stage compressor rotor disk	1-100-242-01 or 1-100-242-06	1-100-242-09 or later FAA approved P/N.
4th stage compressor rotor disk	1-100-244-01, 1-100-244-02, 1-100-244-04, or 1-100-244-06.	1-100-244-08 or later FAA approved P/N.
5th stage compressor rotor disk	1-100-417-01 or 1-100-417-02	1-100-417-05 or later FAA approved P/N.
Centrifugal impeller assembly	1-100-440-04 or 1-100-440-07	1-100-440-07 Rev. B or later FAA approved P/N.

Upon submission of substantiating data through an FAA Maintenance Inspector, the Chief, Engineering and Manufacturing Branch, FAA, New England Region, may adjust the compliance time.

NOTE: (Avco Lycoming Service Bulletin Number 0033 pertains to this subject.)

This amendment becomes effective May 2, 1974.

(Secs. 313(a), 601 and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421 and 1423), and Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c))

Issued in Burlington, Massachusetts on April 11, 1974.

FERRIS J. HOWLAND,
Director, New England Region.

[FR Doc.74-9009 Filed 4-18-74;8:45 am]

[Docket No. 73-NW-15-AD; Amdt. 39-1822]

PART 39—AIRWORTHINESS DIRECTIVES

Boeing 707, 727 and 737 Series Airplanes

A proposal to amend § 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39-1627 (38 FR 9990), AD 73-9-4, as amended by Amendment 39-1643 (38 FR 13549), to include all Boeing Model 727-200 series airplanes incorporating the forward entry door upper hinge assembly spigot, P/N 65-29996-1, as being applicable to the inspection and interim modification requirements specified in Boeing Service Bulletin 727-52-83 was published in 39 F.R. 1640.

Interested persons have been afforded an apportunity to participate in the making of the amendment. A comment was made that the amendment as proposed would add all Model 727-200 series airplanes to AD 73-9-4 whereas only a portion of Model 727-200 series airplanes have been determined to be suspect of inadvertent upper spigot retention bushing installation, which has caused the spigots to crack or fail. These affected Model 727-200 series airplanes are those airplanes listed under Group II in Paragraph I.A.1. of Boeing Service Bulletin 727-52-83, Revision 1 dated June 20, 1973. Therefore, the commentator stated that if the AD is amended it should include only those Model 727-200 series airplanes which are suspect of having the bushing installed. The FAA agrees with this comment; therefore, the

amendment will be made accordingly.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 FR 13697) § 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39–1627 (38 FR 9990), AD 73–9–4, as amended by Amendment 93–1643 (38 FR 13549) is further amended by amending the applicability to read:

BOEING: Applies to all Model 707, 727 and 737 series airplanes certificated in all categories, listed in Boeing Service Bulletins 3105, Revision 1, dated June 15, 1973 (707); 727–52–83, Revision 1, dated June 20, 1973; and 737–52–1044, Revision 1, dated June 15, 1973, respectively, or later FAA approved revisions.

This amendment becomes effective May 20, 1974.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in Seattle, Washington on April 10, 1974.

C. B. WALK, JR.,
Director,
FAA Northwest Region.

[FR Doc.74–9008 Filed 4–18–74;8:45 am]

[Docket No. 74–SO–42; Amdt. 39–1821]

PART 39—AIRWORTHINESS DIRECTIVES

Piper PA–28 Series Airplanes

There have been instances where crash forces could have resulted in hazardous rear seat belt loads due to the belts attachment location on Piper PA–28 Series Airplanes. Since this condition exists in other airplanes of the same type design, an airworthiness directive is being issued to require relocation of the rear seat belt attachments on Piper PA–28 series airplanes.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 FR 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

PIPER. Applies to Model PA–28–140 Serial Numbers 28–7225001 through 28–7325674; Model PA–28–180 Serial Numbers 28–7205001 through 28–7305601; Model PA–28–235 Serial Numbers 28–7210001 through 28–7310176; and Model PA–28R–200 Serial Numbers 28R–7235001 through 28R–7335446, certificated in all categories.

Compliance required within the next 100 hours time in service from the effective date of this AD, unless already accomplished.

To provide a safer rear seat belt installation, accomplish the following:

Relocate the rear seat safety belt outboard attachments in accordance with Piper Service Bulletin Number 393 or equivalent approved by the Chief, Engineering and Manufacturing Branch, Federal Aviation Administration, Southern Region, Atlanta, Georgia.

The manufacturer's specifications and procedures identified and described in this directive are incorporated herein and made a part hereof pursuant to 5 U.S.C. 552(a)(1). All persons affected by this directive who have not already received these documents from the manufacturer may obtain copies upon request to Piper Aircraft Corporation, Vero Beach Division, Vero Beach, Florida 32960. These documents may also be examined at the Federal Aviation Administration, Southern Region, 3400 Whipple Street, East Point, Georgia 30344 and at Federal Aviation Administration Headquarters, 800 Independence Avenue SW., Washington, D.C. A historical file on this AD which includes the incorporated material in full is maintained by the FAA at its Headquarters in Washington, D.C., and at the Federal Aviation Administration, Southern Region.

This amendment becomes effective April 24, 1974.

(Sec. 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c))).

Issued in East Point, Georgia on April 9, 1974.

NOTE: The incorporation by reference provision in this document was approved by the Director of the Federal Register on June 19, 1967.

P. M. SWATEK,
Director, Southern Region.

[FR Doc.74–9007 Filed 4–18–74;8:45 am]

[Airspace Docket No. 74–RM–5]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On March 12, 1974, a notice of proposed rule making was published in the FEDERAL REGISTER (39 FR 9544) stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the description of the Bismarck, No. Dak., transition area.

Interested persons were given 30 days in which to submit written comments, suggestions, or objections. No objections have been received and the proposed amendment is hereby adopted without change.

Effective date. This amendment shall be effective 0901 G.m.t., June 20, 1974.

Sec. 307(a), Federal Aviation Act of 1958, as amended (49 U.S.C. 1348(a)); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c))

Issued in Aurora, Colorado, on April 11, 1974.

M. M. MARTIN,
Director,
Rocky Mountain Region.

In § 71.181 (39 FR 440) amend the 1200-foot transition area for Bismarck, N. Dak. to read as follows:

BISMARCK, N. DAK.

* * *; that airspace extending upward from 1200 feet above the surface within a 22½-mile radius of the Bismarck VORTAC, extending from the Bismarck VORTAC 290° radial clockwise to the Bismarck VORTAC 082° radial and within a 33-mile radius of the Bismarck VORTAC extending from the Bismarck VORTAC 082° radial clockwise to the Bismarck VORTAC 290° radial.

[FR Doc.74–9010 Filed 4–18–74;8:45 am]

Title 30—Mineral Resources

CHAPTER I—BUREAU OF MINES, DEPARTMENT OF THE INTERIOR

SUBCHAPTER N—METAL AND NONMETALLIC MINE SAFETY

PART 57—HEALTH AND SAFETY STANDARDS—METAL AND NONMETALLIC UNDERGROUND MINES

Miscellaneous Amendments

In accordance with the provisions of section 6 of the Federal Metal and Nonmetallic Mine Safety Act (30 U.S.C. 725) there was published in Part II of the FEDERAL REGISTER for December 9, 1972 (37 FR 26379 and 26380) a notice of proposed rulemaking setting forth proposals to amend Part 57, Subchapter N, Chapter I, 30 CFR, relating to certain health and safety standards applicable to underground mines subject to the Act. These standards had been developed after consultation with the Federal Metal and Nonmetal Mine Safety Advisory Committee appointed pursuant to section 7 of the Act (30 U.S.C. 726). Included among these standards was a proposal to add a new mandatory standard 57.18–28 requiring instruction in approved courses on mine emergency training and the use of the self-rescue devices. Although considered, the proposed standard was not recommended by the Advisory Committee.

Subject to the provisions of subsection (e) of section 6 of the Act (30 U.S.C. 725(e)) and in accordance with the provisions of subsection (d) of section 6 (30 U.S.C. 725(d)) on or before the last day of the period fixed for the submission of comments and recommendations, any person who may be adversely affected by a proposed health and safety standard which had been designated as a "Mandatory" standard and which had not been recommended as a "Mandatory" standard by the Advisory Committee may file with the Secretary of the Interior written objections thereto stating the grounds for such objections and request a public hearing (subject to the provisions of the Administrative Procedure Act (5 U.S.C. 556 and 557) on such objections.

Interested persons were afforded a period of 30 days following publication of the Notice of Proposed Rulemaking in the FEDERAL REGISTER within which to submit to the Director, Bureau of Mines, their written data, views, arguments or objections to the proposed mandatory standards. Such period was subsequently extended to January 31, 1973, by a notice published in the FEDERAL REGISTER for January 23, 1973 (38 FR 2219).

Included among the letter responses submitting comments and objections to the Notice of Proposed Rulemaking of December 9, 1972, was a letter dated January 12, 1973 to the Director, Bureau of Mines, from the President, American Mining Congress, on behalf of its member companies, requesting a public hearing with respect to certain proposed mandatory standards including 57.18–28 which, has indicated above, had been designated as a "Mandatory" standard and which had not been recommended as "Mandatory" by the Advisory Committee.

On April 25, 1973, a notice was published in the FEDERAL REGISTER (38 FR 10156) which set forth the objections which had been filed and upon which a hearing had been requested and gave notice that a public hearing would be conducted by an Administrative Law Judge, Office of Hearings and Appeals, Department of the Interior, to receive evidence relevant and material to the issues raised by the objections which had been filed, commencing on Monday, May 21, 1973, at 9 a.m., m.d.t., at the Airport Holiday Inn, 4040 Quebec, Denver, Colorado. The notice further provided that the Administrative Law Judge would consider all objections and based upon the record submit a recommended decision to the Secretary of the Interior who would review the recommended decision and issue the final decision.

The public hearing commenced at 9 a.m., on May 21, 1973 and closed at 12 noon on May 22, 1973. Among those organizations which were represented and actively participated in the public hearing were the American Mining Congress, the National Crushed Stone Institute, the United Steel Workers of America, the United States Bureau of Mines, the Colorado Bureau of Mines, and several metal and nonmetal mining companies. At the conclusion of the hearing the parties and other interested persons were allowed 30 days from availability of transcript of the proceedings to file statements of facts and arguments in support of their positions.

After carefully considering the sworn statements of testimony presented, the exhibits admitted into evidence and the post hearing statements of facts and arguments, Administrative Law Judge, John R. Rampton, Jr., who presided at the hearing, submitted a recommended decision to the Secretary of the Interior on September 13, 1973.

Section 6(d)(2) of the Act prescribes that as soon as practicable after completion of the hearing the Secretary shall act upon such objections and make his decision public. Based upon the substantial evidence of record and the recommended decision, the Secretary of the Interior adopted and ratified the recommended decision as the final decision in this matter. A Notice which adopted and set forth the recommended decision in its entirety was published in the FEDERAL REGISTER on Friday, October 26, 1973 (38 FR 29623–29627).

An editorial change has been made in standard 57.18–28 which is promulgated below. This change, with the exception of references to Bureau of Mines Instruction Guides 2, 3, and 19, deleted the references to the words "Bureau of Mines" and "Bureau" in the proposed standard and substituted in lieu thereof the words "Mining Enforcement and Safety Administration" and "MESA", respectively, and are made in accordance with Secretarial Order 2953 issued on May 7, 1973 which established within the Department of the Interior the Mining Enforcement and Safety Administration. MESA became operative on July 16, 1973 (38 FR 18665–18668 and 18695–18696) and is responsible for administering health and safety and education and training functions under the Federal Metal and Nonmetallic Mine Safety Act that were carried out by the Bureau of Mines.

Subsection (d) of section 57.18–28 provides, in part, that mine operators must keep records of individual instruction in the MESA approved courses on mine emergency training and the use of self-rescue devices, and that copies of these records must be submitted, upon completion of such instruction, to the nearest MESA training centers. These training centers are:

Office of Education and Training
Training Center
4 Parkway Center—Suite 100
Pittsburgh, Pennsylvania 15220

Office of Education and Training
Training Center
Federal Street, Post Office Building
Norton, Virginia 24273

Office of Education and Training
Training Center
2231 South Kanawha Street
Beckley, West Virginia 25801

Office of Education and Training

P.O. Box 1020
Dallas, Texas 75221

Office of Education and Training
Training Center
603 Miller Court
Denver, Colorado 80215

Office of Education and Training
Training Center
500 Date Street
Boulder City, Nevada 89005

Office of Education and Training
Training Center
1450 West Queen Avenue
Albany, Oregon 97321

The instruction is given by MESA personnel or by industry cooperative instructors who are certified to give such instruction by the Division of Education and Training Operations, Mining Enforcement and Safety Administration. To facilitate recordkeeping and reporting, mine operators may use Bureau of Mines Form 6–1457, entitled "Health and Safety Individual Training Record," (renumbered MESA Form 5000–1; OMB approval No. 042R 1600) in recording and reporting of individual instruction. The information recorded on this form includes a listing of the persons trained, the individual's Social Security Number, name (first, middle and last), date of birth (month, day and year), occupation and training data. This information will be entered into a computer data bank located in Denver, Colorado and the computer will provide a data base for the issuance of certificates and cards of certification and qualification of persons trained by MESA and industry cooperative instructors; statistical information which may be used for evaluating the effectiveness and impact such training is having on accident prevention; data to support enforcement of the standard; and other information which may be compiled, analyzed and published by the Secretary and MESA.

An initial supply of Health and Safety Individual Training Record forms will be mailed to each mine operator. Additional report forms may be obtained, as needed, from the nearest training center listed.

Part 57 of Chapter I of Title 30 CFR is amended and revised as set forth below:

Effective date. Federal mandatory standard 57.18–28 shall become effective immediately on April 19, 1974.

(Sec. 6, Federal Metal and Nonmetallic Mine Safety Act; 80 Stat. 772; 30 U.S.C. 725)

Dated: April 16, 1974.

WILLIAM A. VOGELY,
Acting Deputy Assistant Secretary of the Interior.

Part 57 of 30 CFR is amended by adding standard 57.18–28 to read as follows:

1. New standard 57.18–28, which applies to underground only, is added to read as follows:

* * * * *

57.18–28 Mandatory—(a) Within 6 months after promulgation of this standard and thereafter on an annual basis all persons who are required to go underground shall be instructed in the Mining Enforcement and Safety Administration approved course contained in Bureau of Mines Instruction Guide 19, "Mine Emergency Training" (September 1972). The instruction shall be given by MESA personnel or by persons who are certified by the Mining Enforcement and Safety Administration, Division of Education and Training Operations, to give such instruction.

(b) Within 6 months after promulgation of this standard and thereafter on an annual basis all persons who go underground shall be instructed in the Mining Enforcement and Safety Administration course contained in Bureau of Mines Instruction Guide 2, "MSA W–65 Self-Rescuer" (March 1972) or Bureau of Mines Instruction Guide 3, "Permissible Drager 810 Respirator for Self-Rescue" (March 1972). The instruction shall be given by MESA personnel or by persons who are certified by the Mining Enforcement and Safety Administration, Division of Education and Training Operations to give such instructions: provided, however, that if a Mining Enforcement and Safety Administration instructor or a certified instructor is not immediately available such instruction of new employees in self-rescuers may be

conducted by qualified company personnel who are not certified, but who have obtained provisional approval from the Mining Enforcement and Safety Administration, Division of Education and Training Operations, to give such instruction. Any person who has not had self-rescuer instruction within 12 months immediately preceding going underground shall be instructed in the use of self-rescuers before going underground.

(c) All instructional material, handouts, visual aids, and other such teaching accessories used by the operator in the courses prescribed in paragraphs (a) and (b) shall be available for inspection by the Secretary or his authorized representative.

(d) Records of all instruction shall be kept at the mine site or nearest mine office at least 2 years from the date of instruction. Upon completion of such instruction, copies of the record shall be submitted to the nearest Mining Enforcement and Safety Administration training center.

(e) The Bureau of Mines instruction guides to which reference is made in items (a) and (b) of this standard are hereby incorporated by reference and made a part hereof. The incorporated instruction guides are available and shall be provided upon request made to any Mining Enforcement and Safety Administration training center or Metal and Nonmetal Mine Health and Safety Subdistrict Office.

Title 35—Panama Canal

CHAPTER I—CANAL ZONE REGULATIONS

PART 61—HEALTH, SANITATION, AND QUARANTINE

Age Increase for Compulsory Smallpox Vaccination of Children

This document amends the health regulations of the Canal Zone to raise from three months to one year the age at which children must be vaccinated against smallpox for the first time. The amendment is intended to conform the regulation to current medical practice in the United States.

In 35 CFR Part 61, § 61.1(a) is amended by deleting the words "three months" and substituting therefor the words "one year."

Effective date. This amendment is effective May 1, 1974.

(2 C.Z.C. section 911, 76A Stat. 36, 35 CFR 3.1(a)(3))

Dated: March 29, 1974.

HOWARD H. CALLAWAY,
Secretary of the Army.

[FR Doc.74-9013 Filed 4-18-74;8:45 am]

Title 38—Pensions, Bonuses, and Veterans' Relief

CHAPTER I—VETERANS ADMINISTRATION

PART 3—ADJUDICATION

Subpart A—Pensions, Compensation and Dependency and Indemnity Compensation

FORFEITURES

The Administrator of Veterans' Affairs amends § 3.905 of Title 38 of the Code of Federal Regulations to authorize the Adjudication Officer in the VA Regional Office, Manila, Philippines, to make a determination whether the evidence of record warrants formal consideration as to forfeiture of rights to benefits.

Sections 3.901, 3.902, 3.903 and 3.904 of Title 38, Code of Federal Regulations, provide for forfeiture of rights to gratuitous benefits under laws administered by the Veterans Administration because of fraud (under limited conditions), treason and subversive activities. Jurisdiction to declare a forfeiture is vested in the Director, Compensation and Pension Service, VA Central Office, and persons designated by him.

Section 3.905 of Title 38, Code of Federal Regulations, prior to amendment provided that, at the regional office level, the Chief Attorney is authorized to determine whether the evidence warrants formal consideration as to forfeiture. The amendment to § 3.905 qualifies this provision by providing that in the Manila regional office the Adjudication Officer will make this determination. Other regional offices are not affected by this change which was necessitated by approval of an organizational change in the Manila Office.

Minor editorial changes, unrelated to the substantive change to § 3.905, have been made in § 3.904 solely to clarify the provisions apply equally to male and female veterans. Similar editorial changes are included in § 3.905. No change in benefits or entitlement is involved.

Compliance with the provisions of § 1.12 of this chapter, as to notice of proposed regulatory development and delayed effective date, is unnecessary in this instance and would serve no useful purpose since the amendment effects a change in internal jurisdiction but does not effect a change in benefits.

1. In § 3.904, paragraph (c) is amended to read as follows:

§ 3.904 Effect of forfeiture after veteran's death.

* * * * *

(c) *Subversive activities.* Where the veteran was convicted of subversive activities after September 1, 1959, no award of gratuitous benefits (including the right to burial in a national cemetery) may be made to any person based on any period of service commencing before the date of commission of the offense which resulted in the forfeiture unless the veteran had been granted a pardon of the offense by the President of the United States. If pardoned, the veteran's surviving dependents upon proper application may be paid pension, compensation or dependency and indemnity compensation, if otherwise eligible, and the right to burial in a national cemetery is restored. (38 U.S.C. 3505(a))

2. In § 3.905, paragraphs (a) and (b) are amended to read as follows:

§ 3.905 Declaration of forfeiture or remission of forfeiture.

(a) *Jurisdiction.* At the regional office level, except in VA Regional Office, Manila, Philippines, the Chief Attorney is authorized to determine whether the evidence warrants formal consideration as to forfeiture. In the Manila Regional Office the Adjudication Officer is authorized to make this determination. Submissions may also be made by the director of a service, the Chairman, Board of Veterans Appeals, and the General Counsel. Jurisdiction to determine whether the claimant or payee has forfeited the right to gratuitous benefits or to remit a prior forfeiture is vested in the Director, Compensation and Pension Service, and personnel to whom authority has been delegated under the provisions of § 3.100(c).

(b) *Fraud or treasonable acts.* Forfeiture of benefits under § 3.901 or 3.902 will not be declared until the person has been notified by the Chief Attorney or, in VA Regional Office, Manila, Philippines, the Adjudication Officer, of the right to present a defense. Such notice shall consist of a written statement sent to the person's latest address of record setting forth the following:

(1) The specific charges against the person;

(2) A detailed statement of the evidence supporting the charges, subject to regulatory limitations on disclosure of information;

(3) Citation and discussion of the applicable statute;

(4) The right to submit a statement or evidence within 60 days, either to rebut the charges or to explain the person's position;

(5) The right to a hearing within 60 days, with representation by counsel of the person's own choosing, and that no expenses incurred by a claimant, counsel or witness will be paid by the Veterans Administration.

* * * * *

3. Immediately following § 3.905, "Servicemen's indemnity. See § 3.1816." is deleted from the list of cross references.

Effective date. Section 3.905 is effective April 12, 1974.

Approved: April 12, 1974.

By direction of the Administrator.

[SEAL] R. L. ROUDEBUSH,
Deputy Adminstrator.

Title 40—Protection of Environment

CHAPTER I—ENVIRONMENTAL PROTECTION AGENCY

SUBCHAPTER E—PESTICIDE PROGRAMS

PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Tetraethyl Pyrophosphate

A petition (PP 1F1086) was filed by Miller Chemical and Fertilizer Corp., Post Office Box 333, Hanover, PA 17331, in accordance with provisions of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a), proposing establishment of tolerances for negligible residues

of the insecticide tetraethyl pyrophosphate in or on the raw agricultural commodities apples, cabbage, cauliflower, hops, oranges, peaches, and potatoes at 0.01 part per million.

Subsequently, the petitioner amended the petition by deleting the proposed tolerance on hops.

Based on consideration given the data submitted in the petition and other relevant material, it is concluded that:

1. The insecticide is useful for the purpose for which the tolerances are being established.

2. There is no reasonable expectation of residues in eggs, meat, milk, or poultry, and § 180.6(a)(3) applies.

3. The tolerances established by this order will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator of the Environmental Protection Agency (35 FR 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticide Programs (36 FR 9038), Part 180 is amended as follows:

1. Section 180.3(e)(5) is amended by alphabetically inserting in the list of cholinesterase-inhibiting pesticides a new item as follows:

§ 180.3 Tolerances for related pesticide chemicals.

* * * * *

(e) * * *

(5) * * *

Tetraethyl pyrophosphate

* * * * *

§ 180.319 [Amended]

2. Section 180.319 *Interim tolerances* is amended by deleting the item "Tetraethyl pyrophosphate * * *" from the list of items in the table.

3. The following new section is added to Subpart C:

§ 180.347 Tetraethyl pyrophosphate; tolerances for residues.

Tolerances are established for negligible residues of the insecticide tetraethyl pyrophosphate in or on the raw agricultural commodities apples, cabbage, cauliflower, oranges, peaches, and potatoes at 0.01 part per million.

Any person who will be adversely affected by the foregoing order may at any time, on or before May 20, 1974, file with the Hearing Clerk, Environmental Protection Agency, Room 1019E, 4th & M Streets, SW., Waterside Mall, Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on April 19, 1974.

(Sec. 408(d)(2), 68 Stat. 512 (21 U.S.C. 346a(d)(2)))

Dated: April 16, 1974.

EDWIN L. JOHNSON,
Acting Deputy Assistant Administrator for Pesticide Programs.

CHAPTER X—INTERSTATE COMMERCE COMMISSION

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[Service Order 1134, Amdt. 4]

PART 1033—CAR SERVICE

Restrictions on Reconsigning Lumber and Plywood

At a session of the Interstate Commerce Commission, Division 3, held in Washington, D.C., on the 11th day of April 1974.

Upon further consideration of Service Order No. 1134 (38 FR 12606, 19831 and 31681), and good cause appearing therefor:

It is ordered, That:

Section 1033.1134 *Service Order No. 1134* (Lumber and plywood—restrictions on reconsigning) be, and it is hereby, amended by substituting the following paragraph (d) for paragraph (d) thereof:

(d) *Exportation date.* The provisions of this order shall remain in effect until further order of the Commission.

It is further ordered, That:

Service Order No. 1134 be, and it is hereby suspended until further order of the Commission.

Effective date. This amendment shall become effective at 11:59 p.m., April 15, 1974.

(Secs. 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, and 17(2). Interprets or applies Secs. 1(10-17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10-17), 15(4), and 17(2))

It is further ordered, That a copy of this amendment shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this amendment be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Division 3.

[SEAL] ROBERT L. OSWALD,
Secretary.

Proposed Rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rulemaking prior to the adoption of the final rules.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 310]

ORAL CONTRACEPTIVE PATIENT LABELING

Proposed Venereal Disease Warning Statement

Section 310.501 (21 CFR 310.501), formerly § 130.45 in Subpart A of Part 130, recodified in the FEDERAL REGISTER of March 29, 1974 (39 FR 11697), specifies the kinds of information to be included in or with the oral contraceptive package dispensed to patients. In addition, the regulations require that a booklet (or other form of information), written in lay language and containing information on effectiveness, contraindications, warnings, precautions, and adverse reactions attributed to the use of these drugs, be made available to physicians for all patients who may request it. In the FEDERAL REGISTER of September 26, 1973 (38 FR 26809), the Commissioner of Food and Drugs proposed to amend § 310.501 (formerly § 130.45).

David M. Davis, M.D., Professor Emeritus of Urology, Thomas Jefferson University School of Medicine, Philadelphia, PA, has sent letters to the Department of Health, Education, and Welfare, and to the Food and Drug Administration, noting that there has been an increase in venereal disease and stating that some laymen may erroneously believe that oral contraceptives will prevent this disease. Dr. Davis has suggested that it would be helpful in reducing the incidence of venereal disease if there were a requirement that all oral contraceptive labeling directed to the patient include a warning that these drugs do not prevent venereal disease.

The Food and Drug Administration's Obstetrics and Gynecology Advisory Committee concluded that Dr. Davis' suggestion has definite merit and recommended its implementation. The Venereal Disease Branch, State and Community Services Division, Center for Disease Control, Atlanta, GA, expressed complete agreement with the suggestion. The Commissioner of Food and Drugs is in agreement with the suggested warning and believes that it is in the interest of public health. All oral contraceptive manufacturers have been contacted and requested to include, in the mandatory patient labeling and the patient brochure for oral contraceptives, the statement "Caution: Oral Contraceptives are of no value in the prevention or treatment of venereal disease."

Letters, a pertinent excerpt from the advisory committee minutes, and prior published documents are on public display in the office of the Hearing Clerk, Food and Drug Administration, Rm. 6–86, 5600 Fishers Lane, Rockville, MD 20852.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 502 (a) and (f), 505, 701(a), 52 Stat. 1050–1053 as amended, 1055 as amended; 21 U.S.C. 352 (a) and (f), 355, 371(a)) and under authority delegated to him, the Commissioner proposes to further amend § 310.501 in Subpart E of Part 310 (formerly § 130.45 in Subpart A of Part 130), as proposed in the FEDERAL REGISTER of September 10, 1973 (38 FR 26809), by revising the "Patient Package Information" in paragraph (a)(4), and by adding a new paragraph (a)(6)(xiii) to read as follows:

In § 310.501 amend (a)(4), and add (a)(6)(xiii) as set forth below:

§ 310.501 Preparations for contraception; labeling directed to the patient.

(a) * * *

(4) * * *

(Patient Package Information)

ORAL CONTRACEPTIVES

(Birth Control Pills)

Do Not Take This Drug Without Your Doctor's Continued Supervision

The oral contraceptives are powerful and effective drugs which can cause side effects in some users and should not be used at all by some women. The most serious side effect is abnormal blood clotting which can be fatal.

Safe use of this drug requires a careful discussion with your doctor. To assist him in providing you with the necessary information, _____ has prepared a (Firm name)

booklet (or other form) written in a style understandable to you as the drug user. This provides information on the effectiveness and known hazards of the drug including warnings, side effects and who should not use it. Your doctor will give you this booklet (or other form) if you ask for it and he can answer any questions you may have about the use of this drug.

Notify your doctor if you notice any unusual physical disturbance or discomfort.

Caution: Oral contraceptives are of no value in the prevention or treatment of venereal disease.

* * * * *

(6) * * * (xiii) A statement warning the patient that oral contraceptives are of no value in the prevention or treatment of venereal disease.

* * * * *

Interested persons may, on or before June 18, 1974, file with the Hearing Clerk, Food and Drug Administration, Rm. 6–86, 5600 Fishers Lane, Rockville, MD 20852, written comments (preferably in quintuplicate) regarding this proposal. Comments may be accompanied by a memorandum or brief in support thereof. Received comments may be seen in the above office during working hours, Monday through Friday.

Dated: April 15, 1974.

SAM D. FINE,
Associate Commissioner for Compliance.

Social Security Administration

[20 CFR Part 405]

[Reg. No. 5]

FEDERAL HEALTH INSURANCE FOR THE AGED AND DISABLED

Supplementary Medical Insurance Benefits; Premiums

Notice is hereby given pursuant to the Administrative Procedure Act (5 U.S.C. 553) that the amendments to regulations set forth in tentative form below are proposed by the Commissioner of Social Security with the approval of the Secretary of Health, Education, and Welfare. The proposed amendments implement portions of the following provisions of the Social Security Amendments of 1972 (P.L. 92–603): (1) Section 201, which extends Medicare coverage to persons under age 65 who have been entitled to a disability benefit for 24 consecutive months; (2) section 202, which permits enrollment for hospital insurance benefits under Part A at a substantial premium by certain uninsured individuals age 65 or older, not otherwise eligible; (3) section 206, which establishes automatic enrollment in supplementary medical insurance of certain persons who become entitled to hospital insurance; (4) section 260, which requires that any period during which the law previously in effect prevented an individual from enrolling (or reenrolling) should not be counted against him in determining how much his premium is to be increased for late enrollment (or reenrollment); (5) section 299i, which extends Medicare coverage to individuals with permanent kidney failure who meet certain eligibility requirements.

Prior to the final adoption of the proposed regulations, consideration will be given to any comments, views, or objections relating thereto which are submitted in writing in triplicate to the Commissioner of Social Security, Department of Health, Education, and Wel-

fare Building, Fourth and Independence Avenue, SW., Washington, D.C. 20201, on or before May 20, 1974.

Copies of all comments received in response to this notice will be available for public inspection during regular business hours at the Washington Inquiries Section, Office of Public Affairs, Social Security Administration, Department of Health, Education, and Welfare, North Building, Room 4146, 330 Independence Avenue SW., Washington, D.C. 20201.

The proposed amendments are to be issued under the authority contained in sections 1102, 1818, 1837, 1838, 49 Stat. 647, as amended, 86 Stat. 1374, 79 Stat. 304, 305, as amended; 42 U.S.C. 1302, 1395i–2, p, q.

(Catalog of Federal Domestic Assistance Program No. 13.801, Health Insurance for the Aged—Supplementary Medical Insurance.)

Dated: March 15, 1974.

J. B. CARDWELL,
Commissioner of Social Security.

Approved: April 12, 1974.

FRANK CARLUCCI,
Acting Secretary of Health, Education, and Welfare.

Regulations No. 5 of the Social Security Administration (20 CFR Part 405) are amended as follows:

1. Section 405.205 is revised to read as follows:

§ 405.205 Eligibility requirements for for enrollment.

An individual is eligible for enrollment in the supplementary medical insurance plan (unless excluded under § 405.206) if he either:

(a) Is entitled to hospital insurance under Part A of title XVIII of the Act (see §§ 405.102–405.107 of this chapter); or

(b) Has attained age 65 and is a resident of the United States *and* is either a citizen, or an alien lawfully admitted for permanent residence who has resided in the United States continuously during the 5 years immediately preceding the month in which he applies for enrollment under the regulations in this part.

2. Section 405.210 is revised to read as follows:

§ 405.210 Individual enrollment; enrollment procedures.

(a) *What constitutes enrollment.* To enroll in the supplementary medical insurance program, an eligible individual (see § 405.205) must:

(1) File with the Administration, during a period of enrollment (see §§ 405.211 through 405.214) open to such individual, a written request for enrollment, signed by him or on his behalf; or

(2) Be deemed to have enrolled in accordance with the provisions of paragraph (b) of this section.

(b) *When an individual is deemed to have enrolled.* Any individual who is eligible to enroll in the supplementary medical insurance plan by reason of entitlement to hospital insurance (see paragraph (a) of § 405.205) and whose initial enrollment period under § 405.212 begins after March 31, 1973, and who is residing in the United States, exclusive of Puerto Rico, shall, unless he timely declines such insurance in accordance with paragraph (c) of this section, be deemed to have enrolled in the supplementary medical insurance plan, pursuant to the following:

(1) He will be deemed to have enrolled for supplementary medical insurance in the third month of his initial enrollment period if:

(i) He was entitled to monthly insurance benefits under sections 202 or 223 of the Act on the first day of his initial enrollment period, or

(ii) He becomes entitled to monthly insurance benefits under section 202, by filing application and meeting all other requirements therefor during the first 3 months of such period, or

(iii) He is entitled to hospital insurance by reason of permanent kidney failure under sections 226 (e) and (f) of the Act.

(2) An individual who is not deemed to have enrolled under paragraph (b)(1) of this section, and who first files application establishing his entitlement to hospital insurance in the last 4 months of his initial enrollment period, will be deemed to have enrolled for supplementary medical insurance in the month in which such application was filed.

(3) An individual who is not deemed to have enrolled under paragraphs (b)(1) or (b)(2) of this section, and who first files application establishing his entitlement to hospital insurance benefits after his initial enrollment period, will be deemed to have enrolled for supplementary medical insurance on the first day of the then current or immediately succeeding general enrollment period, whichever is earlier.

(c) *Opportunity to decline deemed enrollment.* Every person who has not actually requested enrollment but is deemed to have enrolled under paragraph (b) of this section will be given opportunity to decline such deemed enrollment as follows: he will be mailed notice of his deemed enrollment and advised by such notice that he may decline supplementary medical insurance and will be deemed not to have enrolled if he files with the Administration, before his coverage begins or, if later, within a specified period (not less than 2 calendar months) after the month in which such notice is mailed to him, his signed statement that he does not wish such insurance.

3. Section 405.213 is amended by designating the existing material therein as paragraph (a) and adding thereto the following new paragraph:

§ 405.213 Individual enrollment; general enrollment periods.

* * * * *

(b) Notwithstanding the provisions of paragraph (a) of this section and of § 405.214, an individual eligible to enroll for premium hospital insurance under section 1818 of the Act (42 U.S.C. 1395i–2) on or before May 31, 1973, who enrolls for such insurance between December 1, 1972, and August 31, 1973, inclusive, may enroll for supplementary medical insurance at the same time.

4. Section 405.214 is amended by adding thereto a new paragraph (d), as follows:

§ 405.214 Individual enrollment; limitation on enrollment and reenrollment.

* * * * *

(d) *Separate continuous period of eligibility.* Each period throughout which an individual has been entitled to hospital insurance and which terminated before the month he attained age 65 shall be considered to be a separate continuous period of eligibility, and shall be deemed not to have existed for purposes of determining his enrollment rights under this section during a subsequent separate continuous period of eligibility.

5. Section 405.221 is amended by adding thereto a new paragraph (e), as follows:

§ 405.221 Individual enrollment; coverage period beginning date.

* * * * *

(e) *Enrollment between December 1, 1972, and August 31, 1973, inclusive.* An individual who is enrolled for supplementary medical insurance between December 1, 1972, and August 31, 1973, inclusive, pursuant to § 405.213(b) will have supplementary medical insurance coverage beginning on the same date as his premium hospital insurance coverage unless his supplementary medical insurance coverage would begin earlier under paragraph (c) or (d) of this section.

6. Section 405.223 is amended by adding thereto a new paragraph (e), as follows:

§ 405.223 Individual enrollments; State enrollments, manner and time of termination of enrollment and coverage period.

* * * * *

(e) *Termination of hospital insurance before individual attains age 65.* If an enrollee's hospital insurance entitlement terminates before the month in which he attains age 65, his medical insurance coverage period, if it has not previously ended pursuant to paragraph (a) or (b) of this section, will terminate on the same date as his hospital insurance entitlement (see § 405.103(b)).

7. Section 405.902 is amended by revising paragraph (b) to read as follows:

§ 405.902 Amount of premiums.

* * * * *

(b) *Enrollment after initial enrollment period.* In the case of an individual who first enrolls after the close of his initial enrollment period (not including an enrollment under the "good cause" provisions discussed in § 405.224) or reenrolls after termination of his supplementary medical insurance coverage (see § 405.214), the monthly premium, as determined under paragraph (a) of this

section will be increased by 10 percent for each full 12 months in the following total (no increase is made for a fractional portion of 12 months):

(1) The number of months which elapsed between the close of his initial enrollment period and the close of the general enrollment period in which he first enrolled plus, in the case of an individual who enrolls for the second time, (2) the number of months which elapsed after the end of his initial period of coverage and the close of the general enrollment period (see § 405.213) in which he thereafter enrolled, but excluding from such total:

(i) The 3 months January through March 1968 for any person who enrolled during the first general enrollment period, October 1967 through March 1968; or

(ii) Any months prior to January 1973 during which he was precluded from enrolling or reenrolling by the 3-year limitation on enrollment or reenrollment which was in effect until the enactment of section 260 of the Social Security Amendments of 1972, Public Law 92–603; or

(iii) Any months in or before a period of coverage under a Federal-State agreement (see §§ 405.222(d) and 405.904(d)); or

(iv) In the case of an individual under age 65, any month prior to his current continuous period of entitlement to hospital insurance and in the case of an individual age 65 or older, any month before the month he attained age 65 (see § 405.214(d)).

* * * * *

Example 4: X attained age 65 in August 1966 and enrolled during his initial enrollment period. His coverage was terminated effective June 30, 1968, for nonpayment of premiums. He reenrolls in March 1973. For purposes of computing any applicable premium increase, he will not be charged any months after March 1971 (the end of the last general enrollment period during which he was eligible to reenroll under the law in effect prior to October 30, 1972) through December 1972. Therefore, he will be charged 36 months (July 1968–March 1971 plus January 1973–March 1973) and his premiums for his second period of coverage will be increased 30 percent.

* * * * *

[FR Doc.74–8950 Filed 4–18–74;8:45 am]

ATOMIC ENERGY COMMISSION

[10 CFR Part 50]

QUALITY ASSURANCE CRITERIA

Permissible Organizational Relationships

The Atomic Energy Commission has under consideration an amendment to its regulation 10 CFR Part 50, Appendix B, "Quality Assurance Criteria for Nuclear Power Plants and Fuel Reprocessing Plants." The purpose of the amendment is to clarify the intent of Criterion I, "Organization," with regard to permissible organizational relationships.

Appendix B establishes quality assurance requirements for the design, construction, and operation of those structures, systems, and components of nuclear power plants and fuel reprocessing plants that prevent or mitigate the consequences of postulated accidents that could cause undue risk to the health and safety of the public. The pertinent provisions of Appendix B apply to all activities which affect the safety-related functions of such structures, systems, and components.

The intent of the quality assurance criteria provided in Appendix B to 10 CFR Part 50 is to require that all activities affecting the safety-related functions of nuclear facility structures, systems, and components be accomplished in a systematic and controlled manner so that there is a high degree of assurance that these activities are performed correctly. Appendix B in addition to requiring that these activities be performed in a systematic and controlled manner, such as by requiring that the activities be prescribed and accomplished in accordance with written instructions or procedures, also requires additional assurance of quality to be provided by verification of the correct performance of these activities by means such as checking, reviewing, inspecting, testing, and auditing. Execution of a quality assurance program which complies with Appendix B thus involves both the performers and the verifiers.

One of the matters with which Criterion I deals is the organizational relationship of the persons and organizations which are assigned the quality assurance functions of (1) assuring that the quality assurance program is established and executed and (2) verifying that an activity has been correctly performed. Criterion I now requires that such persons and organizations shall have sufficient authority and organizational freedom to identify quality problems; to initiate, recommend, or provide solutions; and to verify implementation of solutions. The intent of these organizational requirements is to assure that those persons and organizations performing quality assurance functions have the required degree of freedom from other organizational responsbilities, such as cost and scheduling responsibilities, which could conflict with their quality assurance functions.

It was recognized in establishing the organizational requirements in Criterion I that the degree of separation or independence of the persons and organizations performing quality assurance functions can affect their ability to carry out these functions. While it is desirable from one point of view to have persons and organizations performing quality assurance functions completely separated, organizationally, from individuals who have significant responsibility for performance of the work (including but not limited to cost and schedule responsibility), that same separation may in some instances hinder the quality assurance persons and organizations in performing their functions. The greater the independence or separation, for example, the more difficult it may be in some instances to maintain lines of communication in identifying quality problems and initiating corrective action. A number of variables affect the establishment of a quality assurance organization that will be consistent with Criterion I. The variables include, but are not limited to, the size of the organization, its organizational structure, the type of activity being performed, and the location or locations where the work is being performed.

In a memorandum and order issued December 7, 1973, CLI 73–32, RAI 73–12 1072, affirming the decision of the Atomic Safety and Licensing Appeal Board in Commonwealth Edison Co., (LaSalle County Nuclear Station Units 1 and 2), ALAB–153, RAI 73–10 821 (October 19, 1973), the Commission announced its intention of initiating a rulemaking proceeding to provide an oportunity for public participation on the questions raised by the decision of the Appeal Board in that case and in the Consumers Power (Midland) case (ALAB–147, RAI–73–9, 636, September 18, 1973, reconsideration denied, ALAB–152, RAI–73–10 816, October 5, 1973).

In order to clarify the intent of Criterion I with regard to organizational requirements, in the proposed amendment to the Criterion which follows, the sentence, "The applicant may delegate to other organizations the work of establishing and executing the quality assurance program, or any part thereof, but shall retain responsibility therefor", would be changed to "The applicant may delegate to contractors the work of * * *" to eliminate confusion between contractors doing work for the applicant and organizations performing quality assurance functions which are discussed later in the Criterion. The sentence, "In general, assurance of quality requires management measures which provide that the individual or group assigned the responsibility for checking, auditing, and inspecting or otherwise verifying that an activity has been correctly performed is independent of the individual or group directly responsible for performing the specific activity", would be deleted. The sentence which would be substituted for the above sentence states that the persons and organizations shall report to a management level which provides the required authority and organizational freedom, including sufficient independence from the pressures of production.

Further, a statement would be added to note that, because of the many variables involved, the organizational structure for executing the quality assurance program may take various forms provided that the persons and organizations assigned the quality assurance functions have the required authority and organizational freedom.

A sentence would be added to Criterion I to emphasize that, regardless of the organizational structure, the individual responsible for directing and managing the quality assurance program shall have direct access to such levels of management as may be necessary to achieve effective implementation of a quality assurance program. This

provision is similar to subsection 1.B.201 of the National Aeronautics and Space Administration Quality Program Provisions for Aeronautical and Space System Contractors, NHB 5300.4 (1B). Criterion II of Appendix B of Part 50, "Quality Assurance Program," already includes the requirement that management regularly review the status and adequacy of the quality assurance program.

In this connection, documents entitled: (1) Guidance on Quality Assurance Requirements During Design and Procurement Phase of Nuclear Power Plants, dated June 7, 1973; and (2) Guidance on Quality Assurance Requirements During the Operations Phase of Nuclear Power Plants, dated October 26, 1973,[1] provide guidance as to implementation of a quality assurance program that includes the concepts embodied in the proposed amendment.

Pursuant to the Atomic Energy Act of 1954, as amended, and section 553 of Title 5 of the United States Code, notice is hereby given that adoption of the following amendment to 10 CFR Part 50 is contemplated. All interested persons who desire to submit written comments or suggestions for consideration in connection with the proposed amendment should send them to the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Public Proceedings Staff, by June 3, 1974. Copies of comments received on the proposed amendment may be examined in the Commission's Public Document Room at 1717 H Street NW., Washington, D.C. In 10 CFR Part 50, Appendix B, Criterion I, is amended to read as follows:

I. ORGANIZATION

The applicant[1] shall be responsible for the establishment and execution of the quality assurance program. The applicant may delegate to contractors the work of establishing and executing the quality assurance program, or any part thereof, but shall retain responsibility therefor. The authority and duties of persons and organizations performing quality assurance functions shall be clearly established and delineated in writing. Such persons and organizations shall have sufficient authority and organizational freedom to identify quality problems; to initiate, recommend, or provide solutions; and to verify implementation of solutions. The persons and organizations assigned the responsibility for checking, auditing, inspecting, or otherwise verifying that an activity has been correctly performed shall report to a management level such that this required authority and organizational freedom, including sufficient independence from the pressures of production, are provided. Because of the many variables involved, such as the size of the organization, its organizational structure, the type of activity being performed, and the location or locations where the activity is performed, the organizational structure for executing the quality assurance program may take various forms; provided that the persons and organizations assigned the quality assurance functions have this required authority and organizational freedom. Irrespective of the organizational structure, the individual responsible for directing and managing the quality assurance program at any location where activities subject to this Appendix are being performed shall have direct access to such levels of management as may be necessary to achieve effective implementation of a quality assurance program which complies with the requirements of this Appendix.

(Section 161, Pub. Law 83-703, 68 Stat. 948 (42 U.S.C. 2201)).

Dated at Germantown, Md. this 15th day of April 1974.

For the Atomic Energy Commission.

PAUL C. BENDER,
Secretary of the Commission.

CIVIL SERVICE COMMISSION

[5 CFR Parts 890, 891]

HEALTH BENEFITS

Retired Employees and Survivors

Notice is hereby given that under authority of section 8913 of title 5, United States Code, (the Federal Employee Health Benefits law), section 9(a) of Public Law 86-724, 74 Stat. 851, (the Retired Federal Employee Health Benefits Act) and section 2 of Public Law 93-246 (84 Stat. 869), it is proposed to amend the regulations for the health benefits programs authorized by these laws:

(1) To provide a one-time opportunity for retired employees and survivors enrolled or eligible to enroll under the Retired Federal Employees Health Benefits Program to register to be enrolled under the Federal Employees Health Benefits Program,

(2) To provide for cancellation of such enrollment and reinstatement under the Retired Federal Employees Health Benefits Program, and

(3) To fix the effective date of section 2, Public Law 93-246.

These changes are being made in Parts 890 and 891 of Chapter 1 of Title 5 of the Code of Federal Regulations.

Carriers, and other interested persons, may submit written comments, objections, or suggestions to the Bureau of Retirement, Insurance, and Occupational Health, U.S. Civil Service Commission, Washington, D.C. 20415, on or before May 20, 1974.

The proposed amendments are set out below:

(1) Part 890 of Chapter I, Title 5, Code of Federal Regulations is amended by the addition of a new Subpart F as set out below:

Subpart F—Transfers From Retired Federal Employees Health Benefits Program

§ 890.601 Coverage.

An annuitant (a retired employee or survivor under Part 891 of this chapter) who is enrolled, or is eligible to enroll, under the Retired Federal Employees Health Benefits Program (Part 891 of this chapter) is eligible to enroll under the Federal Employees Health Benefits Program under this part.

§ 890.602 Opportunity to change enrollment.

An annuitant eligible to enroll under § 890.601 may register during the period from June 1, 1974, through September 30, 1974.

§ 890.603 Effective dates.

The effective date of an enrollment under § 890.602 is the first day of the first pay period following receipt of the enrollment but not earlier than July 1, 1974.

§ 890.604 Termination of enrollment.

An annuitant who enrolls under § 890.602 may at any time register to cancel his enrollment by filing with his employing office a properly completed health benefits registration form, and may register to be reenrolled under the Retired Federal Employees Health Benefits Program as provided under Subpart F of Part 891 of this chapter. Except as provided in this section the cancellation is effective on the last day of the pay period in which the request is received by the employing office when the request is received at least 15 days before the end of the pay period; when the request is received less than 15 days before the end of the pay period, the cancellation shall be effective on the last day of the next pay period. When the request is received before January 1, 1974, and the annuitant has not received benefits under this program or upon repayment of any benefits received under this program, at the request of the annuitant, the effective date of the cancellation shall be made retroactive to the commencing date of enrollment under this part.

(2) Part 891 of Chapter I, Title 5, Code of Federal Regulations is amended by the addition of a new Subpart F, as set out below:

Subpart F—Transfers to Federal Employees Health Benefit Program

§ 891.601 Eligibility.

Notwithstanding § 891.103 a retired employee or survivor enrolled under § 890.602 of this chapter may cancel his enrollment and reenroll under § 891.602.

§ 891.602 Reenrollment.

(a) A retired employee or survivor enrolled, or eligible to be enrolled, under this section will, beginning June 1, 1974, have a 4-month period during which he may elect to register to be enrolled under the Federal Employees Health Benefits Program, as provided under Part 890 of this chapter.

(b) A retired employee or survivor who elected to be enrolled under Part 890 of this chapter may cancel that enrollment before January 1, 1975, and, when no benefits have been paid under Part 890 of this chapter, or upon repayment of any benefits paid under Part 890 may elect to reenroll retroactively under this part. When the retired employee or survivor

was previously enrolled in the uniform plan, he shall be restored to his initial coverage with retroactive deductions. When the retired employee or survivor formerly had been receiving a Government contribution toward a private health benefits plan, the contribution may be restored retroactively to the extent that coverage under the private health benefits plan is restored retroactively.

(c) A retired employee and survivor who does not elect retroactive reenrollment under this part, or who cancels his enrollment under Part 890 of this chapter after December 31, 1974, or who has not repaid benefits paid under Part 890 of this chapter, may elect to reenroll prospectively under this part for self or self and family, basic coverage, in the uniform plan or in a private health benefits plan. Elections are effective for a retired employee receiving annuity and a survivor receiving compensation on the first day of the third month following the month in which the retirement office receives the election. Withholdings and contributions are effective for months beginning on and after the first day of the second month following the month in which the retirement office receives the election. For any other retired employee receiving compensation, the election is effective on the first day of the third 4-week period following the 4-week period in which the Office of Federal Employees' Compensation receives the election, and withholdings and contributions are effective beginning with the second 4-week period following receipt of the election.

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
Executive Assistant to the Commissioners.

FEDERAL MARITIME COMMISSION

[46 CFR Part 502]

[Docket No. 74-13]

PROTESTS TO TARIFFS

Notice of Proposed Rulemaking

Notice is hereby given that in accordance with the provisions of section 4 of the Administrative Procedure Act (5 U.S.C. 553) and section 43 of the Shipping Act, 1916, (46 U.S.C. 841(a)), the Federal Maritime Commission is considering amending Rule 5(g), paragraph (1), of its rules of practice and procedure, 46 CFR 502.67(a).

Rule 5(g) currently provides that protests to tariff changes must be filed 13 days before the changes are to become effective. The 13-day period includes Saturdays, Sundays and legal holidays, several of which always fall on a Monday. Frequently, there is not enough time for staff evaluation of the protests or replies thereto and consideration by the Commission. It appears necessary to amend Rule 5(g) to provide for a 15-day period to act upon protests which would allow a reasonable time for replies to protests, proper analysis by the staff of the Commission and submission of recommendations in time for consideration by the Commission. Accordingly, § 502.67(a) of 46 CFR, is proposed to be amended to read as follows:

§ 502.67 Proceedings under section 3 of the Intercoastal Act.

(a) Protests against proposed changes in tariffs, invoking the provisions of section 3 of the Intercoastal Shipping Act, 1933, may be made by letter, telegram, or radiogram, and shall be filed with the Director, Bureau of (Compliance) not later than (fifteen (15)) days prior to the proposed effective date of the change unless the Commission permits the filing of the change in less than (fifteen (15)) days prior to the proposed effective date thereof, pursuant to the provisions of section 2 of the Intercoastal Act. Every protest shall clearly identify the tariff in question, give specific reference to the items opposed, set forth the grounds for opposition to the change, including a reference to the section or sections of the shipping acts alleged to be violated, shall be subscribed and verified, and shall be served upon each carrier whose tariff is protested or the issuing agent. Protests sent by telegraph or radiogram shall be confirmed promptly by letter signed by the person making the protests or by someone in his behalf, and shall be subscribed and verified. Replies thereto shall conform to the requirements of § 502.74 (Rule 5(n)).

* * * * *

Interested parties may participate in the rulemaking proceeding by submitting an original and fifteen copies of written statements, data, views or arguments pertaining thereto to the Secretary, Federal Maritime Commission, 1100 L Street, N.W., Washington, D.C. 20573. All communications received on or before May 17, 1974, will be considered. No public hearing is contemplated at this time.

By order of the Commission.

[SEAL] FRANCIS C. HURNEY,
Secretary.

[FR Doc.74-9063 Filed 4-18-74;8:45 am]

FEDERAL POWER COMMISSION

[18 CFR Parts 2, 154, 157]

[Docket No. R-389-B]

JUST AND REASONABLE NATIONAL RATES FOR SALES OF NATURAL GAS FROM WELLS COMMENCED ON OR AFTER JANUARY 1, 1973

Order Granting Extension of Time for Filing Comments and Denying Motions for Amendment of Notice Issuing Staff Reports

APRIL 12, 1974.

On March 21, 1974, we issued a notice in this proceeding and requested that all parties desiring to do so file comments relating to the attached Staff reports.[1] Comments were to be filed on or before April 22, 1974, and responses to the initial comments were to be filed on or before May 13, 1974. Procedures were also provided by which interested persons, not already a party or respondent to this proceeding, could become a party to the proceeding.

On April 3, 1974, a group of natural gas producers filed a joint motion requesting a 30 day extension of time within which to file the initial and reply comments.[2] The Phillips Group requested a 30 day extension of time to file comments because of the complexity of the issues raised by the notice and the time required to prepare responses thereto, and "the existence of other proceedings to which various of these respondents are parties, including the oral argument of the South[ern] Louisiana II case before the U.S. Supreme Court."

On April 5, 1974, the United Distribution Companies[3] requested a 30 day extension of time within which to file comments because information relating to the drilling footages associated with the reserve additions reported in Appendix B-1 of the March 21, 1974, notice were not available for their consideration. The United Distribution Companies (UDC) also referred to a letter from their consultant, Mr. William J. Ogden,[4] requesting this same information. We will treat UDC's request for an extension of time within which to file comments the same as the request by the Phillips Group; however, we believe that the matters raised by UDC's motion and Mr. Ogden's letters will be most appropriately raised during the conference to be held in this proceeding on April 16, 1974.[5] We shall, therefore, defer consid-

[1] 39 FR 11310 (1974). This proceeding was initiated by a notice of proposed rulemaking issued on April 11, 1973. 38 FR 10014 (1973).

[2] Phillips Petroleum Company, Atlantic Richfield Company, Amerada Hess Corporation, Ashland Oil, Inc., Cabot Corporation, Cities Service Oil Company, Continental Oil Company, Diamond Shamrock Corp., Estate of E. Cockrell, Jr., et al., Exxon Corporation, Forest Oil Corporation, Freeport Oil Company, Getty Oil Company, Gulf Oil Corporation, Hunt Oil Company, et al., Inexco Oil Company, Kerr-McGee Corporation, Marathon Oil Company, Mobil Oil Corporation, Placid Oil Company, Shell Oil Company, Signal Oil & Gas Co., Skelly Oil Company, Sohio Petroleum Co., Sun Oil Company, Superior Oil Company, Texaco Inc., Tenneco Oil Company, Union Oil Company of California. Hereinafter referred to as the "Phillips Group."

[3] American Natural Gas System, Central Illinois Public Service, Columbia Gas System, Consolidated Natural Gas Company, Consumers Power Company, Dayton Power And Light Company, Equitable Gas Company, Illinois Power Company, Indiana Gas Company, Michigan Gas Utilities Company, National Fuel Gas System, Niagara Mohawk Power Corporation, Northern Illinois Gas Company, Orange & Rockland Utilities, Inc., Peoples Gas Companies, and South Carolina Electric & Gas Company.

[4] Filed on April 1, 1974.

[5] See notice of April 9, 1974 (39 FR 12929) announcing a meeting between the Staff of the Federal Power Commission and the Staff of the American Gas Association and the "Notice Amending Notice" issued on April 9, 1974, in this proceeding. This conference will be open to the public and of record.

eration of the matters raised by UDC and Mr. Ogden until after the public conference to be held in this proceeding.

After careful consideration of the requests for extensions of time within which to file comments, the Commission has concluded that a 15 day extension of time is in the public interest and will grant the same.

On April 4, 1974, the Pennzoil Companies[6] and The Rodman Corporation filed separate, but identical, motions requesting "that the Federal Power Commission amend its notice issued March 21, 1974, in the above-described docket to provide for comments on whether a component for Federal income tax liability should be included in the cost of finding and producing natural gas." We deny these motions to amend the March 21, 1974 notice since by the language of that notice "all issues are open to comment" (March 21, 1974, notice, mimeo, p. 5). Thus, the Pennzoil Companies, The Rodman Corporation or any other parties are free to make any comments which they desire to place before the Commission for consideration.[7] Neither the Pennzoil Companies' motion nor The Rodman Corporation's motion state good cause for amending the March 21, 1974, notice in this proceeding, therefore, the motions are denied without prejudice to their rights to file such comments as they deem appropriate in this proceeding.

The Commission finds:

(1) It is in the public interest and necessary to the orderly administration of the Natural Gas Act that the times for filing of comments to the March 21, 1974, notice in this proceeding be extended 15 days.

(2) The Pennzoil Companies and The Rodman Corporation have not shown good cause for amending the March 21, 1974, notice in this proceeding so as to specifically request comments relating to Federal income taxes.

The Commission orders:

(A) The time for filing written comments to the March 21, 1974, notice in this proceeding is extended from April 22, 1974, to and including May 7, 1974, and the time for filing replies to the written comments is extended from May 13, 1974, to and including May 29, 1974.

(B) The motions of the Pennzoil Companies and The Rodman Corporation to amend the March 21, 1974, notice in this proceeding to specifically request comments on Federal income tax liabilities are denied without prejudice to their rights to file such comments as they deem appropriate in this proceeding.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.74-9003 Filed 4-18-74;8:45 am]

[6] Pennzoil Company, Pennzoil Producing Company, Pennzoil Offshore Gas Operators, Inc. (POGO), and Pennzoil Louisiana and Texas Offshore, Inc. (PLATO).

[7] We take notice of the fact that the Pennzoil Companies made comments with respect to the Federal income tax liabilities in their initial and reply comments submitted on May 16, 1973, and June 1, 1973, respectively.

Notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

PERENOSA TIMBER SALE REVISION

Notice of Availability of Final Environmental Statement

Pursuant to section 102(2)(C) of the Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a final environmental statement for the revision of the Perenosa Timber Sale, USDA-FS-(Adm) 74-5.

The environmental statement concerns a proposed action to revise a timber sale made in 1968 to include resource/environmental modifications.

This draft environmental statement was filed with CEQ on April 15, 1974.

Copies are available for inspection during regular working hours at the following locations:

USDA, Forest Service
South Agriculture Bldg., Room 3230
12th St. & Independence Ave., S.W.
Washington, D.C. 20250

USDA, Forest Service
Suite 205
121 West Fireweed Lane
Anchorage, Alaska 99503

A limited number of single copies are available upon request to Area Manager, Chugach National Forest, Suite 205, 121 W. Fireweed Lane, Anchorage, Alaska 99503.

Copies of the environmental statement have been sent to various Federal, State and local agencies as outlined in the Council on Environmental Quality Guidelines.

R. MAX PETERSON,
Deputy Chief, Forest Service.

Notice of Applications for Duty-Free Entry of Scientific Articles

The following are notices of the receipt of applications for duty-free entry of scientific articles pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897). Interested persons may present their views with respect to the question of whether an instrument or apparatus of equivalent scientific value for the purposes for which the article is intended to be used is being manufactured in the United States. Such comments must be filed in triplicate with the Director, Special Import Programs Division, Office of Import Programs, Washington, D.C. 20230, on or before May 9, 1974.

Amended regulations issued under cited Act, as published in the February 24, 1972 issue of the FEDERAL REGISTER, prescribe the requirements applicable to comments.

A copy of each application is on file, and may be examined during ordinary Commerce Department business hours at the Special Import Programs Division, Department of Commerce, Washington, D.C. 20230.

Docket Number: 74-00231-33-46040. Applicant: Southern Illinois University School of Medicine, Department of Medical Sciences, P.O. Box 3926, Springfield, Ill. 62708. Article: Electron Microscope, Model JEM 100B. Manufacturer: JEOL Ltd., Japan. Intended use of Article: The article is intended to be used in the following research projects:

(1) Capillary blood vessel changes in the brain following severe head injury during chronic mental deterioration associated with aging and various degenerative brain diseases, and the vascular complications of the spinal meningitis, particularly in the newborn baby.

(2) Virus etiology of cancer—studies of different types of human cancers for the presence of virus particles.

Numerous other investigations are planned in the areas of muscle embryogenesis and pathogenesis, kidney disease pathogenesis, cell surface and membrane changes associated with cancer cells, morphology of gastrointestinal diseases and cardiovascular disease. The article will also be used to teach undergraduate medical students and residents the techniques of electron microscopy and the applications of electron microscopy in medicine. Application received by Commissioner of Customs: December 3, 1973.

Docket Number: 74-00315-33-90000. Applicant: Ralph K. Davies Medical Center, Castro & Duboce Streets, San Francisco, California 94114. Article: EMI Scanner System. Manufacturer: EMI Limited, United Kingdom. Intended use of Article: The article is intended to be used to investigate and diagnose a large variety of neurologic disorders, the most common of which are cerebral vascular accident (stroke) and brain tumors. The article will also be used in the instruction of students and residents in the natural history of cerebral vascular accidents and brain tumors, particularly where radiation therapy and/or chemotherapy is involved. Application received by Commissioner of Customs: January 31, 1974.

Docket Number: 74-00353-33-90000. Applicant: Fort Sanders Presbyterian Hospital, 1909 Clinch Avenue, SW, Knoxville, Tennessee 37916. Article: EMI Scanner System. Manufacturer: EMI Limited, United Kingdom. Intended use of article: The article is intended to be used as a clinical tool for the study of the brain. The major applications will be geographic in delineating vascular insults, neoplasia, and hydrocephalus. Vascular insults will be further defined as to hemorrhagic with clot or occlusive. Results will be correlated with the presently available x-rays studies, including tomography, pneumoencephalography and arteriography, as well as electroencephalography, radio-isotope scans, and flow studies. Application received by Commissioner of Customs: February 20, 1974.

Docket Number: 74-00380-33-46040. Applicant: The Mount Sinai School of Medicine of the City University of N.Y., 100 St. & Madison Avenue, New York City, N.Y. 10029. Article: Electron Microscope, Model HU-12A. Manufacturer: Hitachi, Ltd., Japan. Intended use of article: The article is intended to be used for the following research:

(1) A detailed analysis of structures in the brain of rhesus monkeys which carry lesions mimicking disease states in man.

(2) The study of latent virus infections in the nervous system.

(3) The study of the metabolism of drugs currently in clinical use against brain tumors.

(4) A multifacted approach to the biochemistry of nerve impulse and nerve impulse transmission.

Application received by Commissioner of Customs: March 13, 1974.

Docket Number: 74-00381-33-46040. Applicant: Cornell University, Section of Genetics, Development & Physiology, New York State College of Agricultural Sciences, Plant Sciences, Ithaca, N.Y. 14850. Article: Electron Microscope, Model EM201. Manufacturer: Philips Electronic Instruments NVD, The Netherlands. Intended use of Article: The article is intended to be used for research involving various aspects of ultrastructural studies in different organisms. The main areas of research will be the following:

1. Fine structure of cytoplasmic microfilaments in elongating plants cells, and of P-protein in the sieve elements of phloem;

2. Fate of DNA in differentiating and mature sieve elements;

3. Alterations in chloroplast membranes during cold acclimation of spinach plants;

4. Comparative ultrastructural studies of the ascospore in the wild type and mutant strains of the fungus, *Neurospora crassa*.

The article will be used for educational purposes in the following courses:

(1) Electron microscopy for Biologists—an introductory course in electron microscopy that will include most conventional techniques and the principle of an electron microscope.

(2) Advanced Electron Microscopy for Biologists—a course aimed to familiarize students with advanced techniques, such as freeze-fracturing, autoradiography at the EM level, cytochemistry, high resolution electron microscopy, and nucleic acid visualization, and

(3) Problem Course in Electron Microscopy—an advanced course for which the above two courses are a prerequisite. Application received by Commissioner of Customs: March 13, 1974.

Docket Number: 74-00382-33-46040. Applicant: Lincoln Hospital Center Laboratories, Albert Einstein College of Medicine, 149th Street & Morris Avenue, New York, N.Y. 10451. Article: Electron Microscope, Model Elmiskop 101. Manufacturer: Siemens AG, West Germany. Intended use of article: The article is intended to be used for a wide range of ultrastructural projects which include studies on kidney disease, problems related to fertility and infertility, problems related to gastro-intestinal disease, and studies of vascular endothelial structure as a measure of degenerative disease. The article will also be used in diagnosis of diseases due to virus, where other methods are of limited diagnostic ability. Application received by Commissioner of Customs: March 19, 1974.

Docket Number: 74-00383-33-46040. Applicant: St. Johns Hospital, 33 North "F" Street, Oxnard, California 93030. Article: Electron Microscope, Model HS-9. Manufacturer: Hitachi Ltd., Japan. Intended use of article: The article is intended to be used for studies of biological specimens taken from marine mammals in experiments designed to evaluate the hazards of organisms to humans who are exposed to and work with marine mammals. The article will also be used for an educational training program utilizing medical technologists in the operation of the electron microscope. In addition, the article will be used for the evaluation of renal biopsies on patients before, after and during treatment and examination of human tissues removed from cases of cancer. Application received by Commissioner of Customs: March 21, 1974.

Docket Number: 74-00384-33-46040. Applicant: University of Hawaii, Pacific Biomedical Resarch Center, 1960 East-West Road, Honolulu, Hawaii 96822. Article: Electron Microscope, Model EM 201. Manufacturer: Philips Electronic Instruments NVD, The Netherlands. Intended use of article: The article is intended to be used for a wide variety of biological investigations at the subcellular and cellular levels which include the following:

(1) Microtubular structure and function, including the mechanism of motility of cilia and flagella, and of chromosome movement in the mitotic apparatus,

(2) The mechanism of cell division particularly the role of fibrillar structures in the formation of the cell furrow.

(3) The breakdown of the cortical granules and their role in the formation of the hyaline layer at fertilization.

(4) The structure of the egg cortex and its role in embryonic determination.

The article will also be used extensively by graduate students in two directed research courses, number 699 in the Department of Zoology and 799 in the Department of Biochemistry and Biophysics. Application received by Commissioner of Customs: March 19, 1974.

Docket Number: 74-00385-33-90000. Applicant: Harvard University Purchasing Department, 75 Mt. Auburn Street, Cambridge, Mass. 02138. Article: Elliott GX13 Rotating Anode Generator. Manufacturer: Elliott Brothers, United Kingdom. Intended use of article: The article is intended to be used in the determination of the structure of proteins and viruses by x-ray diffraction studies. In addition the article will be used to train predoctoral and postdoctoral students in the techniques of x-ray diffraction. Application received by Commissioner of Customs: March 15, 1974.

Docket Number: 74-00386-85-43000. Applicant: University of Utah, Department of Geology and Geophysics, Salt Lake City, Utah 84112. Article: Rock Magnetometer. Manufacturer: Digico Ltd., United Kingdom. Intended use of article: The article is intended to be used for the study of the magnetism of rocks of all types. The experiment to be conducted is the measurement of the magnetic field near the rock and the computer analysis of this data, including correction for strike and dip of bedding plane, calculation of position of ancient magnetic pole, and determination of Fisher statistical parameters. The article will also be used in laboratory exercises in the following courses:

GGS 521, Magnetic and Gravimetric Methods of Exploration
GGS 526, Electromagnetic Properties of Rocks
GGS 692, Paleomagnetism

Application received by Commissioner of Customs: March 15, 1974.

Docket Number: 74-00387-33-46070. Applicant: Wayne State University, Kresge Eye Institute, 540 East Canfield, Detroit, Michigan 48201. Article: Scanning Electron Microscope, Model PSEM-500. Manufacturer: Philips Electronic Instruments NVD, The Netherlands. Intended use of article: The article is intended to be used for studies of various tissues of the eye from experimental animals as well as some human sources. Both normal and pathologic structure will be analyzed. The structural properties of cell membranes and the products of cell secretion, cell configurations, and intercellular relationships in the cornea, lens, as well as other tissues of the eye, including the extraocular muscles, iris and retina will be studied. Application received by Commissioner of Customs: March 19, 1974.

Docket Number: 74-00388-90-73610. Applicant: Cornell University, Dept. of Plant Pathology, 351 Plant Science Building, Ithaca, New York 14850. Article: Seven-Day Recording Volumetric Spore Trap. Manufacturer: Burkard Manufacturing Co., Ltd., United Kingdom. Intended use of article: The article is intended to be used for studies of fungus spores to determine the type and quantity of spores in the air in relation to weather conditions. The objective is to develop better control of plant diseases caused by fungi. Application received by Commissioner of Customs: February 25, 1974.

ECONOMIC ADVISORY BOARD

Notice of Meeting

A meeting of the Department of Commerce Economic Advisory Board will be held on Wednesday, May 8, 1974 from 10 a.m. to 3 p.m. in room 4832, Commerce Building, 14th Street and Constitution Avenue NW., Washington, D.C.

The purpose of the Board is to advise the Secretary of Commerce on economic policy matters. The intended agenda for this meeting is as follows:

Near-term economic outlook
Short-supply commodities
Financial liquidity

A limited number of seats will be available to the public and the press. Public participation will be limited to requests

for clarification of items under discussion; additional statements or inquiries may be submitted to the chairman before or after the meeting. Persons desiring to attend the meeting should advise Miss Ruby Gore, telephone 202–967–3727, by May 3, 1974.

For further information, inquiries may be directed to Mr. Basil R. Littin, Special Assistant to the Secretary for Public Affairs, room 5419, Department of Commerce, Washington, D.C. 20230, telephone 202–967–3263.

SIDNEY L. JONES,
Assistant Secretary for Economic Affairs.

ADVISORY COMMITTEES

Notice of May Meetings

Pursuant to the Federal Advisory Committee Act (P.L. 92–463), the Administrator, Health Resources Administration, announces the meeting dates and other required information for the following National Advisory bodies scheduled to assemble the month of May 1974:

Committee name	Date, time, place	Type of meeting and/or contact person
National Advisory Council on Nurse Training.	May 6-7, 10:00 a.m. Conference Room No. 9, Bldg. 31, National Institutes of Health, 9000 Rockville Pike, Bethesda, Md.	Open—May 6, 10:00 a.m.–12:00 noon. Closed—remainder of meeting. Contact Dr. Mary S. Hill, Room 6C–08, Federal Bldg., 9000 Rockville Pike, Bethesda, Md. Code 301–496–6985.

Purpose. Performs final review of applications for construction projects, special projects for the improvement of nurse training, and research grants. Recommends approval, disapproval, or deferral action to the Administrator of the Health Resources Administration.

Agenda. Agenda items for the open portion of the meeting will cover consideration of meetings dates for 1974 and 1975, and administrative and staff reports. During the remainder of the meeting, the Council will conduct a final review of grant applications for Federal assistance and will not be open to the public in accordance with the determination by the Administrator, Health Resources Administration, pursuant to the provisions of Public Law 92–463, section 10(d).

Committee name	Date, time, place	Type of meeting and/or contact person
Health Services Research Training Committee.	May 12, 8:00 p.m., Holiday Inn, 8120 Wisconsin Ave., Bethesda, Md.	Open.
	May 13–14, 9:00 a.m., Conference Room M, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md.	Closed, Contact Jean G. Carmody, Room 15A–38, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md. Code 301–443–2950.

Purpose. The committee is charged with the initial review of grant applications for Federal assistance in the program areas administered by the Bureau of Health Services Research, relating to research training activities and makes recommendations to the National Advisory Councils in that program for final review.

Agenda. On May 12, there will be a discussion of the position of the Bureau relative to training, current health services training criteria, and other related business. On May 13 and 14, the committee will be reviewing grant applications relating to health services training and will be closed to the public in accordance with the determination by the Administrator, Health Resources Administration, pursuant to the provisions of Public Law 92–463, section 10(d).

Committee name	Date, time, place	Type of meeting and/or contact person
National Advisory Council on Health Professions Education.	May 13–14, 8:30 a.m., Conference Room No. 6, Bldg. 31–C, National Institutes of Health, 9000 Rockville Pike, Bethesda, Md.	Open—May 13, 8:30 a.m.–10:30 a.m. Closed—remainder of meeting. Contact Ms. Lynn Stevens, Room 4C–06, Bldg. 31–C, National Institutes of Health, 9000 Rockville Pike, Bethesda, Md. Code 301–496–5353

Purpose. Advises the Secretary with respect to the administration of programs of financial assistance for the health professions, including construction of facilities, student loans and scholarships, capitation for the support of educational programs, special projects and other purposes to improve the quality of education and conducts the final review of grant applications in these areas.

Agenda. The Council will discuss administrative and staff reports and this portion of the meeting will be open to the public. The Council will review grant applications, and this portion will be closed to the public, in accordance with the determination by the Administrator, Health Resources Administration, pursuant to Public Law 92–463, section 10(d).

Committee name	Date, time, place	Type of meeting and/or contact person
U.S. National Committee on Vital and Health Statistics.	May 28–29, 9:30 a.m., Room 200, Brookings Institution, Washington, D.C.	Open, Contact Dr. I. M. Moriyama, Room 9A–54, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md. Code 301–443–1066.

Purpose. To delineate statistical problems on public health importance which are of national or international interest; review findings submitted by other organizations and agencies; make recommendations for national and/or international adoption; cooperate with and advise other organizations on matters relating to vital and health statistics in the U.S.; and cooperate with national committees of other countries, and with the World Health Organization and other international agencies, in the study of problems of mutual interest.

Agenda. Discussion items include the minimum basic set of information which should be entered in the records of ambulatory medical care provided in various settings; methods for identifying and measuring the effect of environmental hazards on the health of the population; statistics and statistical data systems needed as a basis for formulation of national population policy; analytical methods by which the maximum information can be extracted by the data collection systems operated by the National Center for Health Statistics; and kinds of disease classifications needed for various purposes.

Agenda items are subject to change as priorities dictate.

Those portions of the meetings so indicated, are open to the public for observation and participation. Anyone wishing to participate, obtain a roster of members or other relevant information on the Committee, should contact the person listed above.

Dated: April 12, 1974.

KENNETH M. ENDICOTT,
Administrator, HRA.

ASSESSMENT OF AUTOMATED BLOOD PRESSURE MEASURING DEVICES

Change in Meeting Dates

The meeting date for the third meeting of the Task Force on the Assessment of Automated Blood Pressure Measuring

Devices has been changed. The meeting will be taking place on May 17, 1974 from 1:00 p.m. to 5 p.m., and May 18, from 8:30 a.m. to 5 p.m. in Conference Room 7, Building 31, National Institutes of Health, Bethesda, Maryland. The purpose of the meeting will be to continue discussion of automated blood pressure measuring devices as they relate to the needs of a mass screening program. Attendance by the public will be limited to space available.

For further information please contact Dr. Bernard H. Doft, NHLI, Landow Building, Room A-922, telephone 496-5421.

Dated: April 16, 1974.

LEON M. SCHWARTZ,
Associate Director for Administration, National Institutes of Health.

Order Approving Agreement

Correction

In FR Doc. 74–8230 appearing at page 12912 in the issue of Tuesday, April 9, 1974, insert the following words between lines 4 and 5 of the first full paragraph on page 12913: "American, while retaining last summer's"

[Docket No. 26080; Order 74–4–88]

BALAIR AG

Statement of Tentative Findings and Conclusions and Order To Show Cause

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 16th day of April 1974.

Balair AG, a citizen of Switzerland, holds a foreign air carrier permit issued pursuant to Order 73–5–54, approved by the President on May 8, 1973, authorizing the carrier to engage in foreign charter air transportation of persons and property, subject to conditions, between the Swiss Confederation and the United States and between certain third countries [1] and the United States.

On November 8, 1973, Balair filed an application [2] for amendment of its permit to obtain authority to perform inclusive tour charter flights between any point or points in the Swiss Confederation and any point or points in the United States.[3]

In issuing a permit to Balair less than one year ago, the Board found that the carrier met the fitness standards of the Federal Aviation Act and that the grant of a permit was in the public interest.[4] It is tentatively found that the facts upon which the Board relied in finding Balair fit, willing and able remain valid.

In addition, we tentatively find that issuance of an amended permit is in the public interest. As the Board indicated in Order 73–5–54, the air transport agreement between the Governments of the United States and Switzerland does not embrace charter air transportation. Accordingly, a determination of whether or not the proposed amendment is in the public interest is based upon considerations of reciprocity and comity. In this regard the Swiss Federal Air Office has notified the Board that U.S. air carriers operated 44 and 41 inclusive tour charters to or from Switzerland in 1972 and 1973, respectively, that no application by a U.S. air carrier to perform a charter flight was denied by the Federal Air

---

[1] Austria, Belgium, Cyprus, Denmark, Finland, France, Federal Republic of Germany, Greece, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, United Kingdom of Great Britain and Northern Ireland and Yugoslavia.

[2] Copies of the application have been transmitted to the President in accordance with section 801 of the Federal Aviation Act of 1958.

[3] Balair also requests that its existing circle tour charter authority, embodied in authorizing paragraphs 3 and 5 of its permit, be amended to include inclusive tour charter authority.

In the application approved by Order 73–5–54 (Docket 23766), Balair had not requested any inclusive tour charter authority.

[4] Balair successfully performed several flights pursuant to its permit between May and September, 1973.

Office in 1972 or 1973 and that the Swiss charter rules apply equally to both Swiss and U.S. carriers. It therefore appears that grant of the proposed amendment is supported by reciprocity and comity.

In view of the facts set forth, the Board tentatively finds and concludes that: (a) it is in the public interest to amend the foreign air carrier permit of Balair AG so as to include the following authorizations:

Inclusive tour charter flights with respect to persons and their accompanying baggage between any point or points in the Swiss Confederation and any point or points in the United States.

Circle tour charter flights (including inclusive tour charters) with respect to persons and their accompanying baggage which originate and terminate at a point or points in the Swiss Confederation and serve a point or points in the United States and a point or points in any country other than the Swiss Confederation and the United States.

Circle tour charter flights (including inclusive tour charters) with respect to persons and their accompanying baggage which originate and terminate at a point or points in Austria, Belgium, Cyprus, Denmark, Finland, France, Federal Republic of Germany, Greece, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, United Kingdom of Great Britain and Northern Ireland, and Yugoslavia, and serve a point or points in any country other than a named European country and the United States.

(b) Balair is fit, willing and able to provide the foreign air transportation in issue and to conform to the provisions of the Act and the rules, regulations and requirements of the Board thereunder; and (c) the public interest requires that the exercise of the privileges proposed to be granted in Balair's amended permit should be subject to the terms, conditions and limitations contained in Order 73–5–54, those in the proposed form of permit attached hereto, and to such other reasonable terms, conditions and limitations required by the public interest as may from time to time be imposed by the Board.[5]

Accordingly, it is ordered, That:

1. All interested persons be and they hereby are directed to show cause why the Board should not make final the tentative findings and conclusions herein, and why, subject to the approval of the President pursuant to section 801 of the Federal Aviation Act, the Board should not issue an amended foreign air carrier permit to Balair AG in the form attached to this order;

2. Any interested person having objections to the tentative findings and conclusions set forth herein, or in the issuance of the proposed foreign air carrier permit, shall, within 10 days after the date of service of this order, file with the Board and serve on the persons named in paragraph 5 a statement of objections together with statistical data and other materials and evidence relied upon to support the stated objections; [6]

3. If timely and properly supported objections are filed, full consideration will be accorded the matters and issues raised by the objections before further action is taken by the Board: *Provided,* That the Board may proceed to enter an order in accordance with the tentative findings and conclusions herein if it is determined that there are no factual issues presented that wararnt the holding of an evidentiary hearing;

4. In the event that no objections are filed, all further procedural steps shall be deemed waived, and the Board may proceed to enter an order in accordance with the tentative findings and conclusions set forth herein; and

5. This order shall be served upon Balair AG, Swissair, Pan American World Airways, Trans World Airlines, Capitol International Airways, Overseas National Airways, Saturn Airways, Trans International Airlines, and World Airways.

This order shall be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] PHYLLIS T. KAYLOR,
Acting Secretary.

SPECIMEN PERMIT TO FOREIGN AIR CARRIER
[AS AMENDED]

BALAIR AG is hereby authorized, subject to the provisions hereinafter set forth, the provisions of the Federal Aviation Act of 1958, and the orders, rules, and regulations issued thereunder, to engage in charter foreign air transportation as follows:

1. Charter flights with respect to persons and their accompanying baggage between any point or points in the Swiss Confederation and any point or points in the United States.

2. Planeload charter flights with respect to property between any point or points in the Swiss Confederation and any point or points in the United States, limited to ten one-way flights within any calendar year.

3. Inclusive tour charter flights with respect to persons and their accompanying baggage between any point or points in the Swiss Confederation and any point or points in the United States.

4. Circle tour charter flights (including inclusive tour charters) with respect to persons and their accompanying baggage which originate and terminate at a point or points in the Swiss Confederation and serve a point or points in the United States and a point or points in any country other than the Swiss Confederation and the United States.

5. Charter flights with respect to persons and their accompanying baggage between a point or points in Austria, Belgium, Cyprus, Denmark, Finland, France, Federal Republic of Germany, Greece, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, United Kingdom of Great Britain and Northern Ireland, and Yugoslavia, and any point or points in the United States, limited to charter flights which originate in a named European country.

6. Circle tour charter flights (including inclusive tour charters) with respect to persons and their accompanying baggage which originate and terminate at a point or points in Austria, Belgium, Cyprus, Denmark, Finland, France, Federal Republic of Germany, Greece, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, United Kingdom of Great Britain and Northern Ireland, and Yugoslavia, and serve a point or points in the United States and a point or points in any country other than a named European country and the United States.

7. By and only by charter agreement with Swiss Transport Company Ltd. (Swissair) to transport in its own aircraft:

(a) Property as to which airwaybills have been issued by or on behalf of Swissair;

(b) Passengers holding tickets issued by or on behalf of Swissair; and

(c) Mail which has been delivered to Swissair by any postal authority;

for carriage in foreign air transportation over routes specified, and between the points authorized to receive service by Swissair in permits issued by the Board and approved by the President including off-route charter authority subject to the provisions of Part 212.

This permit shall be subject to the following terms, conditions, and limitations:

(1) With respect to the authorizations contained in paragraphs 1, 2, 3, and 4 above, the holder shall not engage in foreign air transportation between the United States and any point or points, other than a point or points in the Swiss Confederation, or transport any persons whose journey, by any means of transportation, begins or ends at a point not in the United States or the Swiss Confederation: *Provided,* That this condition shall not prevent the holder, under the authorization contained in paragraph 4 above, from serving a point or points in any foreign country between the point of origin and the point of termination of the charter flight in the Swiss Confederation, or prevent the holder from carrying between a point or points in the Swiss Confederation and a point or points in the United States charters originating in one of the European countries named in paragraph 5 or 6 above.

(2) During any calendar year in which the holder: (a) operates less than 18 charter trips originating outside the United States, the number of United States-originated charter trips shall not exceed those originating outside the United States by more than six; (b) operates between 18 and 45 charter trips originating outside the United States, the number of United States-originated charter trips shall not exceed those originating outside the United States by more than one-third; (c) operates more than 45 charter trips originating outside the United States, the number of United States-originated charter trips shall not exceed those orignating outside the United States by more than 15. Any charter originating in one country and flown to another, whether one-way or round-trip, will be considered one charter trip for these purposes. Charters (wet lease) performed for Swissair for the carriage of traffic individually ticketed or waybilled by Swissair shall not be deemed to constitute "charter trips" for the purposes of this paragraph.

(3) The authority of the holder to perform inclusive tour charters originating in the Swiss Confederation shall be subject to the terms, conditions, and limitations contained in licenses to be issued by the Swiss Federal Air Office (or other appropriate aviation authority) authorizing the performance of such charters. The authority of the holder to perform inclusive tour charters originating in the United States shall be subject to the pro-

[5] In view of Balair's affiliation with Swissair, Order 73–5–54 issuing Balair's permit imposed a number of conditions designed to maintain the separate identities and operations of the two Swiss carriers in the U.S. market.

[6] Since provision is made for the filing of objections to this order, petitions for reconsideration of this order will not be entertained.

visions of Part 378 of the Board's Special regulations, and all amendments and revisions thereof as the Board, by order or regulation and without hearing, may adopt. The authority of the holder to perform inclusive tour charters originating in a named European country shall be subject to the following conditions:

(a) Each tour shall provide overnight hotel accommodations at a minimum of three places other than the point of origin, such places to be no less than 50 air miles from each other.

(b) If more than one group is carried, each of the groups shall consist of 40 or more tour participants.

(c) The Board, by order or regulation and without hearing, may waive conditions (a) and (b) in whole or in part.

(4) With respect to the authorization contained in paragraph 7 above:

(a) The holder shall not conduct any flights pursuant to such authorization unless and until the holder has applied for and received specific Board approval for the performance of any such flight.

(b) The holder shall carry only traffic which can lawfully be carried by Swissair between the same points, at the same fares or charges and under the same conditions applicable to Swissair in the permits or any amendments thereto heretofore issued b the Board and approved by the President.

(c) The holder shall not hold itself out to the public as conducting any individually ticketed or waybilled service in air transportation.

(d) The interior of aircraft wet leased to Swissair shall contain a sign, prominently displayed and clearly showing that Balair is in operational control of the aircraft ar the fact that its crews are operating the aircraft.

(5) The exercise of the privileges granted by this permit, except with respect to inclusive tour charters and with respect to authorizations contained in paragraph 7 above, shall be subject to the provisions of Part 214 of the Board's Economic Regulations, and all amendments and revisions thereof as the Board, by order or regulation and without hearing, may adopt.

(6) The Board, by order or regulation and without hearing, may require advance approval of individual charter trips conducted by the holder pursuant to the authority granted by this permit, if it finds such action to be required in the public interest.

(7) The holder shall conform to the airworthiness and airman competency requirements prescribed by the Government of the Swiss Confederation for Swiss international air service.

(8) The holder shall keep on deposit with the Board a signed counterpart of CAB Agreement 18900, an agreement relating to liability limitations of the Warsaw Convention and the Hague Protocol approved by Board Order E-23680, dated May 13, 1966, and a signed counterpart of any amendment or amendments to such agreement which may be approved by the Board and to which the holder becomes a party.

(9) The holder (1) shall not provide foreign air transportation under this permit unless there is in effect third-party liability insurance in the amount of $1,000,000 or more to meet potential liability claims which may arise in connection with its operations under this permit, and unless there is on file with the Docket Section of the Board a statement showing the name and address of the insurance carrier and the amounts and liability limits of the third-party liability insurance provided, and (2) shall not provide foreign air transportation with respect to persons unless there is in effect liability insurance sufficient to cover the obligations assumed in CAB Agreement 18900, and unless there is on file with the Docket Section of the Board a statement showing the name and address of the insurance carrier and the amounts and liability limits of the passenger liability insurance provided. Upon request, the Board may authorize the holder to supply the name and address of an insurance syndicate in lieu of the names and addresses of the member insurers.

(10) By accepting this permit the holder waives any right it may possess to assert any defense of sovereign immunity from suit in any action or proceeding instituted against the holder in any court or other tribunal in the United States (or its territories or possessions) based upon any claim arising out of operations by the holder under this permit.

(11) By accepting this permit, the holder agrees that the Board may by notice to the holder, suspend without hearing any proposed or existing charter tariff filed by the holder, if the Board finds that any rate set forth therein is below the rates generally prevailing for comparable service by U.S. supplemental carriers and is adverse to the public interest.

(12) The holder shall not operate charters for or on behalf of air freight forwarders.

(13) This permit shall be subject to all applicable provisions of any treaty, convention, or agreement affecting international air transportation now in effect, or that may become effective during the period this permit remains in effect, to which the United States and the Swiss Confederation shall be parties.

The exercise of the privileges granted by this permit shall be subject to such other reasonable terms, conditions, and limitations required by the public interest as may from time to time be prescribed by the Board.

This permit shall be effective on _____ and shall terminate on May 7, 1975: *Provided, however,* That if during said period the operation of the foreign air transportation herein authorized becomes the subject of any treaty, convention, or agreement to which the United States and the Swiss Confederation are or shall become parties, then and in that event this permit is continued in effect during the period provided in such treaty, convention, or agreement.

IN WITNESS WHEREOF, the Civil Aeronautics Board has caused this permit to be executed by the Secretary of the Board, and the seal of the Board to be affixed hereto, on the

Issuance of this permit to the holder approved by the President of the United States on _____ in _____

[SEAL] _____,
Secretary.

[Docket No. 25280; Order 74-4-82]

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Order Relating to Cargo Rate Matters

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 12th day of April 1974.

By Order 73-11-48 dated November 12, 1973, the Board disapproved in part an agreement adopted by the International Air Transport Association (IATA) which emanated from the Composite Traffic Conference held in Mexico City in May/June 1973. Specifically, the Board disapproved IATA resolutions which would establish charges for excess value, rates for live animals and birds; charges for stalls; charges for disbursements and C.O.D. service charges.

In its order of disapproval, the Board encouraged the carriers to return to the conference table to reconsider the issues. As a result an informal cargo policy meeting was held in Geneva on February 15, 1974, and a mail vote was circulated to the IATA membership which was completed successfully resulting in a new agreement which has been submitted to the Board for approval.

The proposals, which involve valuation charges, charges for disbursements and C.O.D. shipments, and rates for live animals and stalls, are summarized in the Appendix.[1]

The purpose of this order is to establish procedural dates for justification from the carrier members of IATA and comments and/or objections from interested persons. Carrier justification shall be submitted within ten days after the date of service of this order; comments and/or objections from interested persons shall be filed within twenty days from the date of service of this order and replies shall be filed within thirty days after the date of service of this order.

Accordingly, it is ordered, That:

1. All United States air carrier members of the International Air Transport Association shall file within ten calendar days after the date of service of this order full documentation and economic justification in support of the subject agreement; [2]

2. Comments and objections from interested persons and parties shall be submitted within twenty calendar days after the date of service of this order;

3. Replies to justifications received in response to ordering paragraph 1 above and replies to comments received pursuant to ordering paragraph 2 above shall be submitted within thirty calendar days after the date of service of this order; and

4. Insofar as air transportation as defined by the Act is concerned, tariffs implementing the agreement shall not be filed in advance of Board approval of the subject agreement.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] PHYLLIS T. KAYLOR,
Acting Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[OPP-32000/40]

NOTICE OF RECEIPT OF APPLICATIONS FOR PESTICIDE REGISTRATION

Data To Be Considered in Support of Applications

On November 19, 1973, the Environmental Protection Agency published in the FEDERAL REGISTER (38 FR 31862) its

[1] Filed as part of the original document.

[2] An original and 19 copies should be filed with the Board's Docket Section.

interim policy with respect to the administration of section 3(c)(1)(D) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 979), and its procedures for implementation. This policy provides that EPA will, upon receipt of every application, publish in the FEDERAL REGISTER a notice containing the information shown below. The labeling furnished by the applicant will be available for examination at the Environmental Protection Agency, Room EB–37, East Tower, 401 M Street SW., Washington, D.C. 20460.

On or before June 18, 1974, any person who (a) is or has been an applicant, (b) desires to assert a claim for compensation under Section 3(c)(1)(D) against another applicant proposing to use supportive data previously submitted and approved, and (c) wishes to preserve his opportunity for determination of reasonable compensation by the Administrator must notify the Administrator and the applicant named in the Federal Register of his claim by certified mail. Every such claimant must include, at a minimum, the information listed in this interim policy published on November 19, 1973.

Applications submitted under 2(a) or 2(b) of the interim policy in regard to usage of existing supportive data for registration will be processed in accordance with existing procedures. Applications submitted under 2(c) will be held for the sixty-day period before commencing processing. If claims are not received, the application will be processed in normal procedure. However, if claims are received within sixty days, the applicants against whom the particular claims are asserted will be advised of the alternatives available under the Act. No claims will be accepted for possible EPA adjudication which are received after June 18, 1974.

ANTIMICROBIAL PROGRAM ADVISORY COMMITTEE

Notice of Meeting

Pursuant to the Federal Advisory Committee Act (P.L. 92–463, 86 Stat. 707), notice is hereby given that a meeting of the Antimicrobial Program Advisory

Committee will be held at 9 a.m., May 29 and 30, 1974. The meeting will be held in Conference Room 3805, Waterside Mall, 401 M Street, SW., Washington, D.C.

This will be the sixth meeting of the Committee. The agenda will allow a maximum time of one hour for public participation at the beginning of each session, provided the procedures established by the Committee for public participation have been followed. Any member of the public who desires to present an oral statement must: (1) Notify the Executive Secretary or the Chairman at least 48 hours prior to the meeting; (2) Identify himself by name and affiliation; (3) Identify the subject of the statement; (4) Estimate the time that will be required to present the statement; and, (5) Limit the statement to the agenda of the meeting, as published in the FEDERAL REGISTER.

The Agenda will include a review of the Registration Divisions current program concerning claims which are permitted on the labels of disinfectant-type products, as well as claims which are not permitted in labeling. The Committee will discuss the adequacy of the current program, and possibly make recommendations for revisions if necessary.

The meeting will be open to the public. Any member of the public wishing to participate or present written or oral views should contact Dr. William G. Roessler, Executive Secretary, Antimicrobial Program Advisory Committee (202 755–2562, at least 48 hours prior to the meeting.

Dated: April 12, 1974.

ARSEN J. DARNAY,
Acting Assistant Administrator for Hazardous Material Control.

ENVIRONMENTAL RADIATION EXPOSURE ADVISORY COMMITTEE

Notice of Meeting

Pursuant to P.L. 92–463, notice is hereby given that a meeting of the Environmental Radiation Exposure Advisory Committee will be held on May 13–14, 1974, from 9 a.m. to 4:30 p.m. each day, in Conference Rooms 3305 and 3307, Waterside Mall, 401 M Street, SW., Washington, D.C.

This is the twelfth meeting of the Committee and will center on the Office of Radiation Programs strategy with respect to plutonium and other actinides. Some of the specific topics to be covered are Plutonium—Problem and Program, Environmental Transport, Occupation Guidance Review, and Natural Radioactivity in Industrial Effluents.

The meeting will be open to the public. Any member of the public wishing to attend the meeting should contact Mrs. Patricia S. Petroff, Administrative Assistant, Office of Radiation Programs, (202) 755–5482.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (74–26)]

NASA RESEARCH AND TECHNOLOGY ADVISORY COUNCIL—PANEL ON GENERAL AVIATION TECHNOLOGY

Notice of Meeting

The NASA Research and Technology Advisory Council Panel on General Aviation Technology will meet on April 24–25, 1974, at NASA Headquarters, Room 625, 600 Independence Avenue, SW, Washington, D.C. 20546. Members of the public will be admitted on a first-come, first-served basis, up to the seating capacity of the room, which is about 25 persons. All visitors must report to the receptionist outside the conference room.

The NASA Research and Technology Advisory Council Panel on General Aviation Technology serves in an advisory capacity only. The current Chairman is Mr. J. W. Olcott. There are 12 members. The following list sets forth the approved agenda and schedule for the April 24–25, 1974, meeting of the Panel on General Aviation Technology. For further information, please contact Mr. Roger L. Winblade, Area Code 202, 755–2399.

APRIL 24, 1974

Time	*Topic*
10:00 a.m.	Welcoming Remarks and Introductory Statements (Purpose: To establish the context for the Panel's activities.)
11:00 a.m.	NASA Organization and Management Structure (Purpose: To define the NASA organization and identify the interfaces that will be of significance to the Panel's consideration of program content and balance.)
11:30 a.m.	NASA Budgeting Process (Purpose: To provide an understanding of the timing and review cycles for the NASA budget as a basis for the Panel's consideration of future plans and programs.)
1:00 p.m.	Description of NASA Centers (Purpose: To identify for the Panel the capacity and capability for NASA research and development efforts in general aviation.)

APRIL 24—Continued

Time	Topic
2:30 p.m.	Overview of General Aviation Program for Fiscal Years 1974 and 1975 (Purpose: To provide a description of the general aviation related research and technology efforts as a basis for subsequent discussions of specific technological programs.)
3:30 p.m.	Panel Questions and Discussions Regarding Current General Aviation Programs (Purpose: To provide the Panel with the opportunity to review the preceding agenda items, clarify specific points, and to identify areas for further discussion and comment.)

APRIL 25, 1974

8:30 a.m.	Further Discussion of Organizations and Programs (Purpose: To provide for further questions and comments by the Panel.)
9:00 a.m.	Adhesives and Bonding Technology (Purpose: To provide an opportunity for the Panel to review and comment on a potential new technology program.)
10:15 a.m.	Integrated Avionics (Purpose: To provide a review of the planning and study efforts that have been devoted to the development of a long-range technology program in integrated avionics for general aviation.)
11:15 a.m.	Improved Handling Qualities Through Aircraft and Control System Design (Purpose: To provide for Panel review and comment on the viability of increased emphasis on general aviation handling qualities.)
1:00 p.m.	Emission Reduction and Hydrogen Injection (Purpose: To provide a review of the on-going and planned joint Federal Aviation Administration-NASA programs for emission reduction and a description of the NASA program on the application of hydrogen injection to light aircraft as a basis for discussion and comment by the Panel.)
1:30 p.m.	Industry / University / NASA/Federal Aviation Administration Interfaces and Working Arrangements (Purpose: To provide the Panel with a basis for recommendations on how the results of NASA efforts can be more rapidly infused into aircraft development.)

APRIL 25—Continued

Time	Topic
2:00 p.m.	Member Reports and Recommendations (Purpose: To provide an opportunity for the Panel members to present information of interest to the Panel. In addition, factors such as anticipated funding levels, internal organizational concerns, and NASA/industry needs can be considered as appropriate in developing Panel recommendations.)
4:30 p.m.	Adjournment

BOYD C. MYERS, II,
Assistant Associate Administrator for Organization and Management, National Aeronautics and Space Administration.

APRIL 16, 1974.

OFFICE OF MANAGEMENT AND BUDGET

CLEARANCE OF REPORTS

List of Requests

The following is a list of requests for clearance of reports intended for use in collecting information from the public received by the Office of Management and Budget on April 16, 1974 (44 U.S.C. 3509). The purpose of publishing this list in the FEDERAL REGISTER is to inform the public.

The list includes the title of each request received; the name of the agency sponsoring the proposed collection of information; the agency form number, if applicable; the frequency with which the information is proposed to be collected; the name of the reviewer or reviewing division within OMB, and an indication of who will be the respondents to the proposed collection.

The symbol (x) identifies proposals which appear to raise no significant issues, and are to be approved after brief notice through this release.

Further information about the items on this Daily List may be obtained from the Clearance Office, Office of Management and Budget, Washington, D.C. 20503 (202-395-4529).

NEW FORMS

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration, Regional Sport Fish Survey (Bimonthly Survey and Telephone Screening), Form ____, Bimonthly, Planchon/Foster, Recreational marine anglers.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education, Library General Information Survey (LIBGISI); Public School Libraries/Media Centers, Fall 1974, School Form and State Form, Form OE 2349-2, Annual, Planchon, Elementary and secondary public school libraries/media centers and State educational agencies.

Library General Information Survey (LIBGIS I) Public Libraries, Fiscal 1974, Form OE 2349-1, Annual, Planchon, Public Libraries.

Health Resources Administration, Phase I—Longitudinal Study of Functions and Education of Nurse Practitioners, Form ____, Single time, Weiner, Educational programs and nurse practitioner students.

TENNESSEE VALLEY AUTHORITY

Bass Fishing Survey, Forms TVA 20001, TVA 20001A, Single time, Planchon, Individuals.

REVISIONS

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service, Processing Operations at Official Establishments, Form MP 404, Weekly, Lowry, Federally inspected meat processing plants.

DEPARTMENT OF COMMERCE

Bureau of the Census, Survey of Purchases and Ownership, Form S-170, Annual, Raynsford, Households in 461 PSU's in the U.S.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Health Resources Administration, Completion of HANES I Detailed Examination Component, Stands 66-100, Single time, Reese, Probability sample of U.S. adults 25-70 years of age.

Pretest of 1975 Health Interview Survey Questionnaire, Form ____, Occasional, Reese, Samples of households in several locations.

EXTENSIONS

None.

PHILLIP D. LARSEN,
Budget and Management Officer.

TARIFF COMMISSION

[AA1921-138]

HAND-OPERATED PLASTIC PISTOL-GRIP LIQUID SPRAYERS FROM JAPAN

Determination of No Injury or Likelihood Thereof

APRIL 15, 1974.

The Treasury Department advised the Tariff Commission on January 14, 1974, that hand-operated plastic pistol-grip liquid sprayers from Japan are being, or are likely to be, sold at less than fair value within the meaning of the Antidumping Act of 1921, as amended. In accordance with the requirements of Section 201(a) of the Antidumping Act (19 U.S.C. 160(a)), the Tariff Commission instituted investigation AA1921-138 to determine whether an industry in the United States is being or is likely to be injured, or is prevented from being established, by reason of the importation of such merchandise into the United States.

Notice of the institution of the investigation and of a public hearing to be held in connection therewith was published in the FEDERAL REGISTER of January 22, 1974 (39 FR 2522). The hearing was held on February 26, 1974.

In arriving at its determination, the Commission gave due consideration to

all written submissions from interested parties, evidence adduced at the hearing, and all factual information obtained by the Commission's staff from questionnaires, personal interviews, and other sources.

On the basis of the investigation, the Commission[1] has unanimously determined that an industry in the United States is not being injured or is not likely to be injured, or is not prevented from being established, by reason of the importation of hand-operated plastic pistol-grip liquid sprayers from Japan that are being, or are likely to be, sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended.

STATEMENT OF REASONS

The Antidumping Act, 1921, as amended, requires that the Tariff Commission find two conditions satisfied before an affirmative determination can be made. First, there must be injury, or likelihood of injury, to an industry in the United States, or an industry in the United States must be prevented from being established. Second, such injury or likelihood of injury or prevention of establishment of an industry[2] must be "by reason of" the importation into the United States of the class or kind of foreign merchandise which the Secretary of the Treasury has determined is being, or is likely to be, sold at less than fair value (LTFV).

In the instant investigation there is insufficient evidence to warrant the conclusion that the first condition, that of injury, is satisfied or that the second condition, that of causation, is satisfied. Accordingly, for the reasons set forth below, we have determined that an industry in the United States is not being nor is it likely to be injured by reason of importation of hand-operated plastic pistol-grip liquid sprayers from Japan found by the Secretary of the Treasury to have been sold, or likely to be sold, at LTFV within the meaning of the Antidumping Act, 1921, as amended.

The imported hand-operated plastic pistol-grip liquid sprayers that are made in Japan and sold in the United States at LTFV are reusable devices, the base of which is threaded to permit them to be attached to containers for holding liquids. They are used to dispense disinfectants, cleaning products, lubricants, insecticides, and other high-viscosity liquids. The imported sprayers are similar in appearance and performance to those produced in the United States by the AFA Corp., Miami Lakes, Fla., a wholly owned subsidiary of Thiokol Corp., Bristol, Penn. The AFA Corp. is the only U.S. producer of this type of sprayer.

It is acknowledged that imports of sprayers from Japan, some of which were sold at LTFV, have obtained a significant share of the U.S. market for these articles. Import penetration by itself, however, is not an adequate basis for determining injury. Other tests of injury applied by the Commission in this case, including but not limited to price depression, lost sales, and inadequate earnings, did not show that an industry in the United States is being injured or is likely to be injured.

Treasury's determination of sales at LTFV was based on price comparisons during the October 1972–February 1973 period. Separate comparisons were made on sprayers assembled in Japan, imports of which ceased in January 1973, and on those assembled in Korea from Japanese components. All of the sprayers imported since January 1973 have been assembled in Korea. Less than half of the sprayers assembled in Korea, which are the only ones to which antidumping duty could apply, were sold below fair value, and the margin on those sales was small and could have had only a minimal effect on their price in the United States.

Annual U.S. consumption of sprayers increased by more than 25 percent over the years 1972–73. Imports of sprayers, which first entered the United States in February 1972, increased rapidly thereafter and accounted for a large share of the growth in the U.S. market. This is in large part attributable to the fact that the imported sprayers were marketed differently and reached different customers than the sprayers made by the domestic producer. The domestic producer sells its sprayer without other articles, primarily to 29 distributors. The importer sells the Japanese sprayer in conjunction with an extensive line of related products to a multitude of distributors and retailers, many of them handling such an article for the first time. In addition evidence was presented to the effect that the imported sprayers because they contained no rubber components are more suitable for dispensing certain liquids than the standard domestically produced sprayers.

Sales of domestically produced sprayers in the years 1972–73 were at a level substantially above that in 1969–71, when imports were not a factor. Moreover, list prices for the domestic sprayers were maintained and earnings on their manufacture in 1972 and 1973, as in earlier years, compared favorably with those on the manufacture of all plastic and related products.

The evidence indicates that U.S. imports of the Japanese sprayers will terminate with a shipment that is scheduled for mid-April 1974. Thereafter it is proposed that the importer's requirements for sprayers will be supplied by a production facility established jointly by the importer and the Japanese producer in St. Louis, Mo. It is expected that this plant will begin producing sprayers in May 1974. The proposed elimination of imports would seem to preclude any likelihood of their injuring an industry in the United States.

Accordingly, we have determined, on the basis of all the facts, that an industry in the United States is not being and is not likely to be injured by reason of the importation of hand-operated plastic pistol-grip sprayers from Japan that are being, or are likely to be sold at LTFV within the meaning of the Antidumping Act, 1921, as amended.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

[FR Doc.74-9031 Filed 4-18-74;8:45 am]

[1] Commissioners Leonard and Young did not participate in the decision.

[2] Prevention of the establishment of an industry is not an issue in the instant case and will not be discussed further.

INTERSTATE COMMERCE COMMISSION

[Notice 490]

ASSIGNMENT OF HEARINGS

APRIL 16, 1974.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after the date of this publication.

I & S 8926, Transit Charge on Compressed Cotton, Southern Territory, now assigned July 8, 1974, at Washington, D.C., is cancelled.

MC 120981 Sub-15, Bestway Express, Inc., now assigned continued hearing May 13, 1974, at Charleston, West Virginia, will be held in Room 3105, 500 Quarrier St.

MC 128521 Sub 2, Birmingham-Nashville Express, Inc., now assigned June 3, 1974, at New Orleans, La., is cancelled and reassigned to June 3, 1974 (2 weeks), at the Holiday Inn, 710 James Robertson Parkway, Nashville, Tennessee.

MC-128981 Sub 7, Land-Air Delivery, Inc., now being assigned hearing June 3, 1974 (2 days), at Kansas City, Mo., in a hearing room to be later designated.

MC-F-12038, Arrow Motor Freight Line, Inc.—Control & Merger—Rite-Way Trucking Company, now being assigned hearing June 5, 1974 (3 days), at Kansas City, Mo., in a hearing room to be later designated.

MC-114632 Sub 65, Apple Lines, Inc., now being assigned hearing June 10, 1974 (1 day), at Kansas City, Mo., in a hearing room to be later designated.

MC-138926 Sub 2, Gencom, Inc., now being assigned hearing June 11, 1974 (1 day), at Kansas City, Mo., in a hearing room to be later designated.

MC-111231 Sub 183, Jones Truck Lines, Inc., now being assigned hearing June 12, 1974 (3 days), at Kansas City, Mo., in a hearing room to be later designated.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.74-9055 Filed 4-18-74;8:45 am]

[I.C.C. Order 124; Rev. S.O. 994]

BALTIMORE & OHIO RAILROAD CO.

Rerouting or Diversion of Traffic

In the opinion of R. D. Pfahler, Agent, The Baltimore and Ohio Railroad Company (B&O) is unable to transfer shipments of coal from rail to water because of a fire at its coal unloading piers at Baltimore, Maryland.

It is ordered, That:

(a) The B&O being unable to transfer shipments of coal from rail to water because of a fire at its coal unloading piers at Baltimore, Maryland; that carrier is hereby authorized to direct to Newport News, Virginia, via any available route, for unloading at the coal piers located at that point.

(b) Concurrence of receiving roads to be obtained. The B&O, when diverting traffic under this order shall receive the concurrence of other railroads to which such traffic is to be diverted, before the diversion is ordered.

(c) Notification to shippers. The B&O, when diverting cars in accordance with this order shall notify each shipper at the time each car is diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion of traffic is deemed to be due to carrier disability, the rates applicable to traffic diverted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the division of the rates of transportation applicable to said traffic. Divisions shall be, during the time this order remains in force; those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) *Effective date.* This order shall become effective at 8 a.m., April 4, 1974.

(g) *Expiration date.* This order shall expire at 11:59 p.m., April 30, 1974, unless otherwise modified, changed, or suspended.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that it be filed with the Director, Office of the Federal Register.

Issued at Washington, D.C., April 4, 1974.

INTERSTATE COMMERCE COMMISSION,
[SEAL] R. D. PFAHLER,
Agent.

[FR Doc.74-9059 Filed 4-18-74;8:45 am]

[Ex Parte 241; Rule 19, Exemption 67]

ILLINOIS CENTRAL GULF RAILROAD CO.

Exemption Under Mandatory Car Service Rules

It appearing, that there is an emergency movement of transmission line pipe from Alton, Illinois, to points in Central and Western Kansas; and that the originating carrier has insufficient system cars of suitable dimensions immediately available for loading with this traffic; that sufficient cars of other ownership having suitable dimensions are available on the line of the originating carrier and on its connections; and that compliance with Car Service Rules 1 and 2 would prevent the timely assembly and use of such cars.

It is ordered, That pursuant to the authority vested in me by Car Service Rule 19, the Car Service Division of the Association of American Railroads is authorized to direct the movement to the Illinois Central Gulf Railroad Company, the railroads designated by the Car Service Division are authorized to move to, and the Illinois Central Gulf Railroad is authorized to accept, assemble, and load not to exceed ninety (90) empty cars with transmission line pipe from Alton, Illinois, to points in Central and Western Kansas, regardless of the provisions of Car Service Rules 1(b), 2(c), 2(d), or 2(e).

Effective April 8, 1974.

Expires May 6, 1974.

Issued at Washington, D.C., April 5, 1974.

INTERSTATE COMMERCE COMMISSION,
[SEAL] R. D. PFAHLER,
Agent.

[FR Doc.74-9056 Filed 4-18-74;8:45 am]

[Ex Parte 241; Rule 19, Exemption 66]

ILLINOIS CENTRAL GULF RAILROAD CO.

Exemption Under Mandatory Car Service Rules

It appearing, that there are substantial quantities of agricultural limestone available for shipment at various points served by the Illinois Central Gulf Railroad Company (ICG) in Mississippi; that there is urgent need for this limestone for improving soil conditions in the area served by the producers of this agricultural limestone; that the ICG is unable to furnish sufficient system cars and foreign cars of suitable ownership in time to move this limestone promptly and that, unless relief is provided, agricultural production will be curtailed because of the inability of farmers to secure sufficient limestone to improve soil conditions for growth and development of this years crops.

It is ordered, That, pursuant to the authority vested in me by Car Service Rule 19, the ICG be, and it is hereby authorized to place for loading with agricultural limestone and to accept from shippers located in the state of Mississippi not to exceed 100 gondola cars, 61 ft. or less in length, described in the Official Railway Equipment Register, ICC RER No. 380, issued by W. J. Trezise, or successive issues thereof, as having mechanical designation "GB" or "GS", regardless of the provisions of Car Service Rule 2.

Effective April 2, 1974.

Expires April 30, 1974.

Issued at Washington, D.C., April 2, 1974.

INTERSTATE COMMERCE COMMISSION,
[SEAL] R. D. PFAHLER,
Agent.

NONGOVERNMENTAL INTERMEDIARIES

General Reference List

APRIL 12, 1974.

The provision of the Canons of Conduct of the Interstate Commerce Commission relating to Intermediaries (49 CFR 1000.735-23) reads as follows:

Intermediaries. Members and employees of the Commission shall not recommend or suggest the use of any non-governmental intermediary (individual, firm, corporation, or other entity) offering any service as consultant, agent representative, attorney, expeditor, or specialist for the purpose of assisting in any negotiations, transactions, or other business with or before this Commission: *Provided, however*, That making available general reference lists of such nongovernmental intermediaries, the use of which is authorized by the Secretary of the Commission shall not be deemed to be in violation of this Canon.

The following is a general reference list of nongovernmental intermediaries in the Washington area who regularly utilize the Commission's records in the Public Tariff File Room of its Bureau of Traffic and who engage in rate work, the preparation of tariff material, etc.

The list has been prepared solely for the information and convenience of the public. It does not constitute an endorsement by the Commission, nor is any responsibility for the services rendered assumed by the Bureau, its officers, supervisors or employees. Without designating any intermediary listed of the specialized qualifications of any, the entire list must be made available.

[Notice 64]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's Special Rules of Practice any interested person may file a petition seeking reconsideration of the following numbered proceedings on or before May 9, 1974. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-75012. By order of April 11, 1974, the Motor Carrier Board approved the transfer to L. R. Capshaw, Inc., Virginia Beach, Va., of Certificate No. MC-133529 issued March 18, 1970, in the name of Piedmont Petroleum Products, Inc., Chesapeake, Va., authorizing the transportation of fertilizer and fertilizer materials from Norfolk, Va., to Pendleton, N.C.; and fertilizer from Norfolk, Va., to Edenton, N.C. Mr. Peter A. Agelasto III, Attorney at Law, 1300 United Virginia Bank Building, Norfolk, VA 23510.

No. MC-FC-75042. By order of April 11, 1974, the Motor Carrier Board approved the transfer to P. D. J. Trucking Co., Inc., Nutley, N.J., of Certificate No. MC-134085 (Sub-No. 3), issued January 31, 1973, to Transloric Trucking Corp., Jersey City, N.J., authorizing the transportation of: Spaghetti, macaroni, products thereof, and equipment, etc., used in the manufacture, sale, etc., of same, between plant site at Fair Lawn, N.J., on the one hand, and, on the other, New York, N.Y., and specified points in New York, and Connecticut. George A. Olsen, Practitioner, 69 Tonnele Ave., Jersey City, New Jersey 07306.

No. MC-FC-75066. By order of April 11, 1974, the Motor Carrier Board approved the transfer to R. L. Barlow, Inc., East Burke, Vt., of the operating rights in Certificate No. MC-9491 issued October 20, 1949, to Carroll H. Haskins, Brattleboro, Vt., authorizing the transportation of building and construction materials and equipment, forest products, agricultural commodities, loam, lime, and fertilizer, between points in Bennington and Windham Counties, Vt., on the one hand, and, on the other, points in a described portion of Massachusetts, Edwin W. Free, Jr., P.O. Box 315, Hardwick, Vt. 05843, Attorney for applicants.

No. MC-FC-75067. By order of April 11, 1974, the Motor Carrier Board approved the transfer to Quickway Express, Inc., Mahwah, N.J., of the operating rights in Permit No. MC-129080 issued June 26, 1972, to Charles Corbishley, doing business as Quickway, Mahwah, N.J., authorizing the transportation of various commodities from and to specified points and areas in New York, New Jersey, Connecticut, and Pennsylvania. George A. Olsen, 69 Tonnele Ave., Jersey City, N.J. 07306, Representative for applicants.

No. MC-F-75070. By order of April 11, 1974, the Motor Carrier Board approved the transfer to C-A Freight Lines, Inc., Phoenix, Ariz., of the operating rights in Certificate No. MC-58022 (Sub-No. 1), issued December 2, 1964, to Frank J. Mitchell, doing business as Black Mountain Truck Lines, Parker, Ariz., authorizing the transportation of general commodities, with exceptions, between points in Arizona within 25 miles of Parker, Ariz., including Parker, and points in San Bernardino County, Calif., within 50 miles of Earp, Calif., including Earp. Bruce Phillips, 22 East Mitchell Drive, Phoenix, Ariz. 85012, Attorney for applicants.

[Notice 53]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

APRIL 12, 1974.

The following are notices of filing of application, except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application, for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67, (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

No. MC 340 (Sub-No. 30 TA), filed April 1, 1974. Applicant: QUERNER TRUCK LINES, INC., 1131 Austin Street, San Antonio, Tex. 78208. Applicant's representative: M. Ward Bailey, 2412 Continental Life Bldg., Fort Worth, Tex. 76102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat by-products, and articles distributed by meat packinghouses* as described in Sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, from Amarillo, Tex., to points in Alabama, Florida, Georgia, Kentucky, Louisiana, North Carolina, South Carolina, Tennessee, Mississippi, Rhode Island, Illinois, Indiana, Texas, Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Virginia, West Virginia, Michigan, restricted to shipments originating at the plantsite and facilities utilized by John Morrell and Company,

for 180 days. SUPPORTING SHIPPER: John Morrell & Co., 208 S. LaSalle St., Chicago, Ill. 60604. SEND PROTESTS TO: Richard H. Dawkins, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 301 Broadway, Room 206, San Antonio, Tex. 78205.

No. MC 9325 (Sub-No. 68 TA), filed April 2, 1974. Applicant: K LINES, INC., P.O. Box 1348, Lake Oswego, Oreg. 97034. Applicant's representative: Eugene A. Feise (same address as applicant). [SEAL] ROBERT L. OSWALD, *Secretary.*

[FR Doc.74-9053 Filed 4-18-74;8:45 am]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

[Notice 54]

APRIL 16, 1974.

The following are notices of filing of application, except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application, for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

No. MC 989 (Sub-No. 23 TA), filed April 5, 1974. Applicant: IDEAL TRUCK LINES, INC., 912 North State St., Norton, Kans. 67654. Applicant's representative: Frank W. Taylor, Jr., 1221 Baltimore Avenue, Kansas City, Mo. 64105. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading: (1) between Kansas City, Mo., and Washington, Kans., from Kansas City, Mo., over Interstate Highway 29 to St. Joseph, Mo., thence over U.S. Highway 36 to Washington, Kans., and return over the same route serving the intermediate points of Marysville, Hiawatha, and Seneca, Kans., and the junction of U.S. Highways 75 and 36 as points of joinder only; and (2) between Kansas City, Mo., and Marysville, Kans., from Kansas City, Mo., over U.S. Highway 24 to the junction of U.S. Highway 77, thence over U.S. Highway 77 to Marysville, Kans., and return over the same route serving the intermediate point of Blue Rapids, Kans., and serving the junction of U.S. Highways 24 and 77 as point of joinder only, for 180 days.

NOTE.—Applicant states it does intend to tack with its authority in MC 989 Sub 13, and interline at Denver, Colo., Kansas City, Mo., and Omaha, Nebr.

SUPPORTED BY: There are approximately 34 statements of support attached to the application, which may be examined here at the Interstate Commerce Commission in Washington, D.C., or copies thereof which may be examined at the field office named below. SEND PROTESTS TO: Thomas P. O'Hara, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 234 Federal Building, Topeka, Kans. 66603.

No. MC 61802 (Sub-No. 7 TA), filed April 5, 1974. Applicant: THE COLONIAL TRANSIT COMPANY INCORPORATED, Box 508, Fredericksburg, Va. 22401. Applicant's representative: L. C. Major Jr., Suite 301 Tavern Square, 421 King St., Alexandria, Va. 22314. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Passengers and their baggage* in the same vehicle with passengers, from Lake Ridge and Occoquan, Va., as intermediate points on applicant's existing route between Dale City, Va., and Washington, D.C., over Virginia Highway 640 to junction Virginia Highway 253 to junction with Interstate Highway 95 to Washington, D.C., for 180 days.

NOTE.—Applicant states it does intend to tack with its authority in MC 61802 Sub 204.

SUPPORTED BY: There are approximately 31 statements of support attached to the application, which may be examined here at the Interstate Commerce Commission in Washington, D.C., or copies thereof which may be examined at the field office named below. SEND PROTESTS TO: District Supervisor Clatin M. Harmon, Bureau of Operations, Interstate Commerce Commission, 10–502 Federal Bldg., Richmond, Va.

WATER CARRIER ORDER

No. W–1189 (Sub-No. 32TA), filed March 11, 1974. Applicant: BULK FOOD CARRIERS, INC., 425 California Street, San Francisco, Calif. 94104. Applicant's representative: J. Raymond Clark, 1250 Connecticut Avenue NW., Washington, D. C. 20036. By order of the Commission entered March 25, 1974, and served April 2, 1974, the Motor Carrier Board granted Bulk Food Carriers, Inc., San Francisco, Calif., 90-day temporary authority to engage in the business of transportation by *water* vessel as a *contract carrier*, in interstate commerce, in the transportation of *lumber and lumber products* by tug and barge, from Coos Bay and Newport, Oreg., and Grays Harbor (Aberdeen) and Port Gamble, Wash., to points and ports in New York Harbor, N.Y.-N.J., and Portsmouth, R.I. Any interested person, or persons, may file a petition for reconsideration within 20 days from the date of this publication. Within 20 days after the filing of such a petition or petitions with the Commission, any interested person may file and serve a reply thereto.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

ATOMIC ENERGY COMMISSION

[Docket Nos. 50–475, 50–476]

CONSUMERS POWER CO.

Notice of Receipt of Application for Construction Permits and Facility Licenses and Availability of Applicant's Environmental Report; Time for Submission of Views on Antitrust Matters

Consumers Power Company (the applicant), pursuant to section 103 of the Atomic Energy Act of 1954, as amended, has filed an application, which was docketed February 28, 1974, for authorization to construct and operate two generating units utilizing pressurized water nuclear reactors. The application was tendered on October 29, 1973. Following a preliminary review for completeness, the application was rejected on November 8, 1973, for lack of sufficient information. The applicant submitted additional information on February 11, 1974, and the application was found to be acceptable for docketing. Docket Nos. 50–475 and 50–476 have been assigned to the application and should be referenced in any correspondence relating to the application.

The proposed nuclear facility, designated by the applicant as the Quanicassee Plant, is located in Hampton Township, Bay County, Michigan, and each unit is designed for initial operation at approximately 3425 megawatts (thermal), with a net electrical output of approximately 1150 megawatts.

A Notice of Hearing with opportunity for public participation is being published separately.

Any person who wishes to have his views on the antitrust matters of the application presented to the Attorney General for consideration should submit such views to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Office of Antitrust and Indemnity, Directorate of Licensing, on or before May 29, 1974. The request should be filed in connection with Docket Nos. 50-475-A and 50-476-A.

A copy of the application is available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C. 20545, and at the Bay City Public Library, 708 Center Avenue, Bay City, Michigan, 48706.

The applicant has also filed, pursuant to the National Environmental Policy Act of 1969, and the regulations of the Commission in Appendix D to 10 CFR Part 50, an Environmental Report dated February 1974. The report, which discusses environmental considerations related to the construction and operation of the proposed facility is being made available for public inspection at the aforementioned locations and at the State Planning Division, Bureau of Programs and Budget, Executive Office of the Governor, Lewis Cass Building, Lansing, Michigan 48913, and the Bay Regional Planning Commission, County Building, Bay City, Michigan 48706.

After the Environmental Report has been analyzed by the Commission's Director of Regulation or his designee, a draft environmental statement will be prepared by the Commission's Regulatory staff. Upon preparation of the draft environmental statement, the Commission will, among other things, cause to be published in the FEDERAL REGISTER a summary notice of availability of the draft statement with a request for comments from interested persons on the draft statement. The summary notice will also contain a statement to the effect that comments of Federal agencies and State and local officials will be made available when received. Upon consideration of comments submitted with respect to the draft environmental statement, the Regulatory staff will prepare a final environmental statement, the availability of which will be published in the FEDERAL REGISTER.

Dated at Bethesda, Md., this 14th day of March 1974.

For the Atomic Energy Commission.

KARL KNIEL,
Chief, Light Water Reactors Branch 2-2, Directorate of Licensing.

[Docket Nos. 50-329A; 50-330A]

CONSUMERS POWER CO.

Notice and Order for Reconvening Evidentiary Hearing

In the matter of Consumers Power Company (Midland Plant, Units 1 and 2), Docket Nos. 50-329A, 50-330A.

Pursuant to a telephone conference call between and among the parties and the Licensing Board Chairman (April 15, 1974), and in accordance with the views of the parties the Evidentiary Hearing in this proceeding will resume on May 21, 1974, at 9 a.m., local time, in the ASLBP Hearing Room, 1202 Landow Building, 7910 Woodmont Avenue, Bethesda, Maryland 20014.

The Applicant advised the Licensing Board Chairman that it intends to introduce further direct evidence in this proceeding. Accordingly, the May 21 session will concern itself with the direct testimony of the Applicant. In this regard, it is expected that the Applicant will provide all other parties by the close of business May 7, 1974, with any written testimony it proposes to offer during the May 21 session.

The Licensing Board Chairman was also advised during the telephone conference that both the Applicant and the Department of Justice intend to offer rebuttal testimony in this proceeding. Neither the Regulatory Staff nor the Joint Intervenors intend to offer such testimony. Therefore, the hearing as regards the rebuttal cases of the Department of Justice and the Applicant will commence on May 28, 1974, at 9 a.m., local time, at the same location as for the May 21 session. The Department of Justice will introduce its rebuttal case first, to be followed by that of the Applicant. It is anticipated that any written rebuttal testimony will be submitted to all other parties no later than the close of business May 14, 1974. The rebuttal cases will run continuously under the same rules that were in effect during the direct cases of the parties until the completion of the Evidentiary Hearing in this proceeding.

Issued at Bethesda, Maryland, this 16th day of April 1974.

It is so ordered.

ATOMIC SAFETY AND LICENSING BOARD,
JEROME GARFINKEL,
Chairman.

DUKE POWER CO.

Notice and Order for Prehearing Conference

In the matter of Duke Power Company (Oconee Units 1, 2 & 3, McGuire Units 1 & 2), Docket Nos. 50-269A, 50-270A, 50-287A, 50-369A, 50-370A.

Take notice, that pursuant to the Atomic Energy Commission's Notice of Antitrust Hearing dated June 28, 1972, and published in the FEDERAL REGISTER (37 FR 13202) on July 4, 1972, and in accordance with the Commission's Rules of Practice, a prehearing conference will be held in the above-entitled proceedings on May 3, 1974 at 9:30 a.m. local time, at the Postal Rate Commission, 2000 L Street NW., Washington, D.C.

This prehearing conference will consider: (1) Reports by the parties on prospects for a settlement, (2) final procedures for the Evidentiary Sessions, (3) such other matters as may aid in the orderly disposition of these proceedings.

Pursuant to joint motion and agreement among the parties, approved by the Board, the schedule for procedural dates is hereby rescheduled as follows:

(1) April 22, 1974—Final date for submission of testimony.
(2) May 1, 1974—Final date for submission of prehearing briefs.
(3) May 3, 1974—Prehearing Conference.
(4) May 8, 1974—Evidentiary Session commences.

Dated this 16th day of April 1974, at Bethesda, Maryland.

It is so ordered.

COMMITTEE OF SENIOR REVIEWERS

Notice of Meeting

APRIL 17, 1974.

In accordance with the purposes of Section 142.b of the Atomic Energy Act of 1954, as amended, the Committee of Senior Reviewers will hold a meeting on May 21, 22, and 23, 1974, in Room 1062 of the AEC Washington, D.C. Office, 1717 H Street NW. The subject for discussion involves information concerning the design and fabrication of atomic weapons.

I have determined, in accordance with subsection 10(d) of Public Law 92-463, that the discussion at this meeting will consist of classified matters which fall within exemptions (1) and (3) of 5 U.S.C. 552(b) and it is essential to close this meeting to the public to protect the discussion of these classified matters.

FEDERAL POWER COMMISSION

[Docket Nos. RI74-198, etc.]

RATE CHANGES

Order Providing for Hearing and Suspension, and Allowing Rate Changes To Become Effective Subject to Refund [1]

APRIL 10, 1974.

Respondents have filed proposed changes in rates and charges for jurisdictional sales of natural gas, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders: (A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto [18 CFR Ch. I], and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of the expiration of the suspension period without any further action by the Respondent or by the Commission. Each Respondent shall comply with the refunding procedure required by the Natural Gas Act and § 154.102 of the Regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[1] Does not consolidate for hearing or dispose of the several matters herein.

[Docket No. E-8714]

CENTRAL HUDSON GAS & ELECTRIC CORP.

Notice of Supplement to Rate Schedule

APRIL 12, 1974.

Take notice that Central Hudson Gas & Electric Corporation (Hudson) on April 1, 1974, tendered for filing Supplement to its rate schedule, FPC No. 42. The said Supplement set forth actual 1973 charges and estimated 1974 charges to Consolidated Edison Company of New York, Inc. and Niagara Mohawk Power Corporation by Hudson under the Roseton Transmission Agreement. According to Hudson, the actual 1973 charges were lower than estimated 1973 charges which resulted in a credit being given to the purchasers. Under the terms of the Agreement, the actual 1973 charges will become the estimated 1974 charges.

Hudson requests an April 1, 1974 effective date for said Supplement. Hudson states that notice of this filing has been given to the purchasers.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol

Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 29, 1974. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. CP74-186]

CITIES SERVICE GAS CO.

Notice of Extension of Time and Postponement of Hearing

APRIL 12, 1974.

On April 1, 1974, the State Corporation Commission of the State of Kansas filed a motion for an extension of the procedural dates fixed by the order issued March 25, 1974, in the above-designated matter.

Upon consideration notice is hereby given that the procedural dates in the above matter are modified as follows:

Service of direct testimony and exhibits by Union and Cities, May 1, 1974.
Service of direct testimony and exhibits by the Kansas Corporation Commission, June 5, 1974.
Hearing, June 26, 1974 (10:00 a.m. e.d.t.).

MARY B. KIDD,
Acting Secretary.

[FR Doc.74-8995 Filed 4-18-74;8:45 am]

[Docket No. CP74-65]

CITIES SERVICE GAS CO.

Notice of Petition To Amend

APRIL 12, 1974.

Take notice that on March 28, 1974, Cities Service Gas Company (Applicant), P.O. Box 25128, Oklahoma City, Oklahoma 73125, filed in Docket No. CP74-65 a petition to amend the order of the Commission issued in said docket on January 10, 1974 (51 FPC), pursuant to section 7 of the Natural Gas Act and § 157.7 (g) of the regulations thereunder, to waive the total project cost limitation of $1,000,000, and the single project cost limitation of $250,000 contained therein, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

By order issued January 10, 1974, a budget-type certificate of public convenience and necessity was issued authorizing the construction and granting permission and approval for the abandonment, for the calendar year of 1974, and the operation of field gas compression and related metering and appurtenant facilities. Said order limits the total expenditures for compression and related metering and appurtenant facilities to $1,000,000 and limits the maximum expenditure for a single project to $250,000.

Petitioner now anticipates that it will be required by reason of declining well working pressures on its system to install during this period and operate additional field compression and related metering and appurtenant facilities not originally contemplated. Petitioner, therefore, requests that the total project cost limitation be increased to $2,000,000 and the single project cost limitation be increased to $500,000, in lieu of the previously authorized total cost limitation of $1,000,000 and $250,000 single project limitation.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-8987 Filed 4-18-74;8:45 am]

[Docket No. RP72-89]

COLUMBIA GAS TRANSMISSION CORP.

Notice of Motion for Extension of Interim Curtailment Plan Pendente Lite

APRIL 12, 1974.

Take notice that Columbia Gas Transmission Corporation (Columbia), on April 10, 1974, filed a motion requesting the Commission to extend its interim curtailment plan, pendente lite, together with certain implementing tariff sheets. Except for two minor exceptions concerning small customers' maximum monthly entitlements, the terms and conditions of the tariff sheets are identical to those currently in effect and approved by the Commission's September 29, 1972 order in the above-entitled proceeding for the period ending June 30, 1974.

Columbia also filed tariff sheets containing the priority-of-service categories set forth in the Commission's Order No. 467-B, with the exception of including firm industrial sales up to 300 Mcf/day in category priority 2 as authorized by Opinion 647-A, along with end-use data to permit implementation of same, in accordance with its interpretation of the Commission's orders of February 5, 1973 and March 27, 1973 in this proceeding. Columbia asserts that, absent the Commission's granting of this motion, because of the Commission's warnings of the risks involved in implementing a plan not in conformity with Order No. 467-B, that it would have to implement same on July 1, 1974. Columbia also asserts that the extension of its interim plan, requested by its motion pending a determination after a prompt hearing on the merits of its permanent plan, would maintain the status quo to the extent possible. Columbia alleges that the extension will avoid an unreasonable disruption of the annual entitlement feature for the twelve-month period ending October 1974 contained in the interim plan. Columbia states that it does not anticipate curtailments through October 1974.

In further support of its motion, Columbia cites the Commission's March 19, 1974, order in Trunkline Gas Company's curtailment proceeding in Docket No. RP71-100, whereby the Commission permitted Trunkline's pro rata curtailment plan to be effective pending a determination on the merit thereof. Columbia alleges that its interim plan is consistent with the basic objective of Order No. 467-B, asserting that the exemption provision contained in its interim plan fully protects residential and commercial consumers to the extent possible, and only 4 percent of its total annual sales are in Commission Order No. 467-B's large volume interruptible priorities 6 through 9.

It appears reasonable and consistent with the public interest in this proceeding to prescribe a period shorter than 15 days for the filing of comments and petitions to intervene. Therefore, any person desiring to be heard or to protest said motion should, on or before April 22, 1974, file such comment or petition to intervene with the Federal Power Commission, Washington, D.C. 20426, in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. Persons that have previously filed a notice or petition for intervention in this proceeding need not file additional notices or petitions to become parties with respect to the instant filing. The filing which was made with the Commission is available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-8992 Filed 4-18-74;8:45 am]

[Docket No. CP74-113, CI74-276]

CONSOLIDATED GAS SUPPLY CORP. AND CNG PRODUCING CO.

Order Fixing Date for Prehearing Conference and Granting Petition To Intervene

APRIL 15, 1974.

On October 26, 1973, Consolidated Gas Supply Corporation (Supply Corporation), CNG Producing Company (CNG Producing), and Consolidated Natural Gas Company (Consolidated), filed a joint application in Docket No. CP74-113 pursuant to sections 4, 5, and 7 of the Natural Gas Act (Act) for a certifi-

cate of public convenience and necessity and abandonment approval authorizing transfer through Consolidated of all of Supply Corporation's developed gas producing leases and related facilities in the Louisiana area to CNG Producing. On the same date CNG Producing filed in Docket No. CI74–276 an application pursuant to sections 4 and 7 of the Act for authorization to continue, as successor in interest to Supply Corporation, thirteen off-system sales presently being made by Supply Corporation in the South Louisiana Area, and to initiate eleven sales of gas to Supply Corporation from production onshore and offshore Louisiana.

Notice of the within applications was issued on November 9, 1973, and was published in the FEDERAL REGISTER on November 20, 1973 (38 FR 31998). A petition to intervene in each docket was filed by Rochester Gas and Electric Corporation on November 30, 1973.

Supply Corporation states that the purpose of the transfer of its producing properties to CNG Producing is to insure that sufficient gas supplies are developed and dedicated to the Supply Corporation system to permit the rendering of adequate and reliable services.

The applications disclose that an estimated 150,191,000 Mcf of natural gas reserves would be dedicated to Supply Corporation by CNG Producing upon transfer to leases pursuant to eleven separate sales agreements which are included as exhibits to the CNG Producing application in Docket No. CI74–276. An estimated 7,041,000 Mcf would be acquired by CNG Producing in "isolated reserves", which are not at the present time the subject of sales agreements.

In addition to the undedicated reserves mentioned above, an estimated 257,054,000 Mcf of proven gas reserves, presently dedicated to thirteen "off-system" sales by Supply Corporation, are to be transferred to CNG Producing. As to these dedicated leases, CNG Producing requests authority to continue the sales as successor in interest to Supply Corporation.

The proposed transfer is to be made pursuant to an agreement entitled "Agreement To Transfer Oil and Gas Properties" executed October 19, 1973, by Supply Corporation, Consolidated and CNG Producing. The agreement provides that, in consideration for the transfer of the above-described properties, Consolidated, the parent holding company, agrees to cancel a portion of Supply Corporation's long-term indebtedness equal to the lesser of (1) the net book value of the properties multiplied by Supply Corporation's ratio of long-term indebtedness to total net book value of Supply Corporation's plant or (2) the adjusted basis, for Federal income tax purposes, of the properties transferred. According to the applications herein, the net book cost of the production properties proposed to be transferred, as of June 30, 1973, was $46,101,145.

CNG Producing, in support of its request in Docket No. CI74–276 for authority to initiate the eleven above-mentioned sales not presently dedicated, states that it is willing to accept certificates limited to the area rates applicable to gas of like quality and vintage in North and South Louisiana, even though the subject contracts provide for rates in excess thereof. CNG Producing states that such treatment is in accordance with Commission precedent in Tennessee Gas Pipeline, et al., 42 FPC 292, and Panhandle Eastern Pipeline Company, et al., Opinion Nos. 626 and 626–A, FPC, issued September 20 and November 17, 1972, respectively.

The applications do not establish with certainty the effect which such a proposed transfer will have on Supply Corporation's cost of service. In support of its application, Supply Corporation avers that the transfer will have a de minimus effect on its cost of service due to the accounting treatment it has followed for such properties in computing its rate base in all rate proceedings since 1960.

After analysis of the applications herein, our Staff has determined that further evidence is needed as to, inter alia, the cost of gas produced from the subject leases; programs, if needed, for expenditure of any revenues in excess of such costs; ultimate disposition of reserves from leases which are not presently the subject of transfer agreements, including Louisiana leases currently undeveloped and all other Supply Corporation leases not covered by the within transfer proposal.

It is clear from the foregoing that the proposals submitted by Supply Corporation and CNG Producing would not be approved as filed, but that all issues herein, and any others related thereto, should be set for hearing and a prehearing conference should be held in connection therewith.

The Commission finds:

(1) It is necessary and in the public interest that these proceedings be consolidated and set for hearing, and that a prehearing conference be held in connection with the issues presented herein.

(2) It is desirable and in the public interest to allow Rochester Gas and Electric Corporation to intervene in this proceeding.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 7, and 16 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act, Docket No. CI74–276 and CP74–113 are consolidated, and a public hearing shall be held concerning the issues presented herein.

(B) Pursuant to § 2.62(c) of the Commission's rules of practice and procedure, Supply Corporation and CNG Producing shall promptly serve copies of its filings upon intervenor Rochester Gas and Electric Corporation unless such service has already been effected.

(C) Within fifteen (15) days of the date of this order, Supply Corporation and CNG Producing shall file their direct testimony and evidence in support of their joint applications. All testimony and evidence filed herein shall be served upon the Presiding Administrative Law Judge, Commission Staff, and all other parties to the proceeding.

(D) Within ten (10) days of the date that Supply Corporation and CNG Producing are required by this order to file their direct testimony and evidence, all other parties to this proceeding shall file their rebuttal testimony, if any.

(E) On May 21, 1974, a prehearing conference shall be held in accordance with § 1.18 of the rules of practice and procedure (18 CFR 1.18(c)) to resolve the questions involved in this proceeding and to expedite the hearing provided for in Ordering Paragraph (A), supra, in a hearing room of the Federal Power Commission, Washington, D.C. 20426 at 10 a.m., e.d.s.t.

(F) A Presiding Administrative Law Judge, to be designated by the Chief Administrative Law Judge for that purpose (see 18 CFR 3.5(d)), shall convene the prehearing conference in the proceeding.

(G) The Administrative Law Judge may in his discretion grant recesses from time to time if he deems submission of the issues upon stipulated facts to be possible. If no stipulation can be reached by the parties hereto, after reasonable time and provision has been made for the same, the Administrative Law Judge shall order that the hearing provided for in Ordering Paragraph (A), supra, commence forthwith.

(H) Rochester Gas and Electric Corporation is permitted to intervene in this proceeding subject to the rules and regulations of the Commission; Provided, however, that participation of such intervenor shall be limited to matters affecting asserted rights and interests of such party: and Provided, further, that the admission of such intervenor shall not be construed as recognition by the Commision that it might be aggrieved because of any order of the Commision entered in this proceeding.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.74–9001 Filed 4–18–74;8:45 am]

[Docket No. CP74–259]

FLORIDA GAS TRANSMISSION CO.

Notice of Application

APRIL 12, 1974.

Take notice that on April 1, 1974, Florida Gas Transmission Company (Applicant), P.O. Box 44, Winter Park, Florida 32789, filed in Docket No. CP74–259 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain transportation service presently rendered to Sun Oil Company (Sun) and to abandon the facilities used to render said service by sale of these facilities to C. B. Gas Gathering Inc. (CB Gas), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to abandon the transportation service which it has been rendering for Sun in order to allow Sun

to deliver gas to American Smelting & Refining Company (AS & R) through 16.3 miles of 6⅝-inch pipe extending from a point on Applicant's 10-inch Murdock Pass Lateral pipeline in Nueces County, Texas, to a meter and regulator station on the property of AS & R in Corpus Christi, Nueces County, Texas. Applicant states that Sun by letter dated June 6, 1972, terminated the agreement between it and Applicant providing such service effective as of September 1, 1972.

Applicant also proposes to abandon the aforsaid line by sale of these facilities to CB Gas pursuant to an Option Agreement effective January 19, 1974, and an Escrow Agreement dated February 18, 1974. Applicant states that CB Gas has exercised this option and has deposited $10,000 as earnest money in the bank under said agreements. Applicant proposes to sell this property to CB Gas for $100,000.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-8984 Filed 4-18-74;8:45 am]

[Docket No. E-8677]

KENTUCKY UTILITIES CO.

Notice of Application

APRIL 12, 1974.

Take notice that on March 20, 1974, Kentucky Utilities Company (Applicant), filed an application pursuant to section 203 of the Federal Power Act, seeking authorization to acquire from Old Dominion Power Company from time to time during the year 1974, unsecured promissory notes of Old Dominion (a) in amounts not to exceed $2,000,000 and (b) in such additional amounts as may be loaned by the Applicant to Old Dominion on or after the respective maturity dates of two notes issued by Old Dominion to the Applicant in the principal amount of $300,000 due November 20, 1974, and $150,000 due December 29, 1974, provided that the amount of any such notes of Old Dominion which may be acquired (c) shall not exceed the principal amount of each such outstanding note of Old Dominion due in 1974. Old Dominion is a wholly-owned subsidiary of the Applicant.

Applicant is incorporated under the laws of the State of Kentucky, with its principal business office at Lexington, Kentucky, and is engaged in the electric utility business in central, southeastern and western Kentucky.

Each such unsecured promissory note shall be dated on the date on which the loan to be evidenced thereby shall be made and shall bear interest from the date thereof at a rate of interest per annum equal to 1 percent less than the prime rate of interest charged by the First National Bank of Chicago on loans made to its Most-Credit-Worthy corporate borrowers as of the date of the loan evidenced by such note, but not less than the cost of money to the Applicant in respect of its First Mortgage Bonds most recently issued. The notes shall mature on a date not more than 10 years from the date of such note and shall be subject to the prepayment by Old Dominion at anytime without premium or penalty.

The proceeds from the notes will be used by Old Dominion to finance the construction, completion, extension and improvement of its electric utility facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 29, 1974 file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-8982 Filed 4-18-74;8:45 am]

[Docket Nos. G-18314, CP66-121, etc.]

MIDWESTERN GAS TRANSMISSION CO. AND GREAT LAKES TRANSMISSION CO.

Order Vacating Order To Show Cause

APRIL 15, 1974.

The Commission on March 29, 1974, issued an order approving amendments to import authorizations previously issued to Midwestern Gas Transmission Company (Midwestern) and Great Lakes Transmission Company (Great Lakes) (Docket Nos. G-18314, CP66-121, CP66-110 and CP66-112). Midwestern and Great Lakes had sought approval of a minimum price of 105 percent of the Manitoba Zone rates charged Canadian customers of TransCanada Pipe Line Limited (TransCanada), the supplier. The Commission modified the proposed amendments, however, to provide that while the 105 percent provision might be applied to the Manitoba Zone rates in effect on April 1, 1974, any further increase would be subject to approval by the Commission upon a new application.

On the same day the Commission issued an order in Docket Nos. CP74-255 and CP74-256, saying that the same considerations may apply to the existing import authorizations of Midwestern and Great Lakes which at present allow any upward adjustment in price reflecting 105 percent of the Manitoba Zone rates without further application to or approval by this Commission, and that Midwestern and Great Lakes would be required to show cause why their existing import authorizations should not be amended to conform to the modifications required by the order in Dockets Nos. G-18314, et al. Upon further consideration, however, it appears that the issues raised in the show cause order can be more appropriately dealt with in the remaining proceedings in Docket Nos. G-18314, et al.

The Commission orders:

(A) The order to show cause issued March 29, 1974, Docket Nos. CP74-255 and CP74-256 is vacated and proceedings in those dockets terminated.

(B) The issues raised by said order to show cause shall be considered and determined in the remaining proceedings in Docket Nos. G-18314, CP66-121, CP66-110 and CP66-112.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.74-9005 Filed 4-18-74;8:45 am]

[Docket No. CP74-243]

MISSISSIPPI RIVER TRANSMISSION CORP. AND TEXAS GAS TRANSMISSION CORP.

Notice of Application

APRIL 12, 1974.

Take notice that on March 21, 1974, Mississippi River Transmission Corporation (Mississippi), 9900 Clayton Road, St. Louis, Missouri 63124, and Texas Gas Transmission Corporation (Texas Gas), 3800 Fredrica Street, Owensboro, Kentucky 42301, filed in Docket No. CP74-243 an application pursuant to section 7(c) of the Natural Gas Act for authorization to exchange natural gas between Applicants and to construct and operate certain metering and interconnection facilities related thereto, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicants request authorization to exchange natural gas pursuant to an agreement between Applicants dated February 19, 1974. The agreement contemplates the making of gas exchanges when beneficial to one of the Applicants in the operation of its system, provided that the exchange can be made by the other without impairing proper operation of its system and its service obligations to others. Applicants state that ordinarily delivery of gas from one party to the other at one of the exchange points would be offset by the simultaneous return of a like quantity of gas at the other exchange point; however, if this is not possible a party is allowed up to 30 days for such return.

Applicants request authorization to construct and operate two exchange points located at the intersections of Applicants' pipelines near Texas Gas' Bastrop, Louisiana, compressor station and Mississippi's Unionville, Louisiana, compressor station. Texas Gas will install, own and maintain on its own lines at the points of interconnection the valves and other facilities required for connecting to the facilities of Mississippi and Mississippi will install, own and maintain similar equipment on its lines at said points, together with necessary connection and orifice-type measuring equipment.

Applicants state that the primary and immediate purpose of the exchange agreement is to enable Mississippi to inject maximum volumes of gas into its West and East Unionville Storage Fields during the summer injection period to help meet its winter season requirements. In order to maximize injections into the Fields during 1974, Mississippi contemplates transporting approximately 115,000 Mcf per day of gas for injection through its existing facilities; the exchange arrangement proposed herein will permit the injection on certain days of an additional 125,000 Mcf of gas into storage. Texas Gas has agreed to the exchange arrangement primarily as an accommodation to Mississippi but also to provide for deliveries of gas between Applicants in the case of emergency or under other circumstances when such deliveries would be beneficial.

The application states that Applicants propose a straight gas-for-gas exchange with no monetary compensation to be paid to or by either party. The estimated cost of the proposed facilities is $84,400, which will be financed from available funds.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-8980 Filed 4-18-74;8:45 am]

[Docket No. CI74-518]

MITCHELL ENERGY OFFSHORE CORP.

Notice of Application

APRIL 12, 1974.

Take notice that on March 18, 1974, Mitchell Energy Corporation (Applicant), 3900 One Shell Plaza, Houston, Texas 70002, filed in Docket No. CI74-518 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Natural Gas Pipeline Company of America (Natural) from the Southland Paper Mills #B-2 Well, in Seven Oaks Field, Polk County, Texas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to sell approximately 90,000 Mcf of natural gas per month to Natural from the Southland Paper Mills #B-2 Well at an initial rate of 35.5 cents per Mcf at 14.65 psia subject to upward and downward Btu adjustment from a base of 1,000 Btu per cubic foot. Applicant indicates that sale of gas from the subject acreage is currently being sold to Natural purusant to the authorization granted under § 157.29 of the Commission's Regulations (18 CFR 157.29).

Applicant asserts that the rate proposed herein when viewed in light of relevant factors traditionally considered in evaluating a supply project, namely cost, reliability, alternative supplies and energy sources, must be found to be in the public interest, as it insures that gas consumers are receiving the lowest cost increment of supply. Applicant contends that the instant price is lower than the cost of finding new gas supplies, than new intrastate sales prices in the range from 45.0 cents per Mcf to 71 cents per Mcf in the other Southwest Area, and is lower than the cost of Canadian gas, regasified coal, synthetic gas and imported liquefied natural gas. Applicant submits that offset wells to the Southland Paper Mills #B-2 Well have been committed to the intrastate market at $1.00 per Mcf plus Btu adjustment.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-8981 Filed 4-18-74;8:45 am]

[Docket No. CI74-519]

MITCHELL ENERGY OFFSHORE CORP.

Notice of Application

APRIL 12, 1974.

Take notice that on March 18, 1974, Mitchell Energy Offshore Corporation (Applicant), 3900 One Shell Plaza, Houston, Texas 77002 filed in Docket No. CI74-519 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Natural Gas Pipeline Company of America (Natural) from the Block 176-S Field, offshore Texas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to sell approximately 90,000 Mcf of natural gas per month to Natural at an initial rate of 35.5 cents per Mcf at 14.65 psia subject to upward and downward Btu adjustment pursuant to a contract dated March 1, 1974. Applicant indicates that sales of gas from the subject acreage are currently being sold to Natural pursuant to a limited term certificate.

Applicant asserts that the rate proposed herein when viewed in light of relevant factors traditionally considered in evaluating a supply project, namely cost, reliability, alternative supplies and energy sources must be found to be in the public interest, as it insures that gas consumers are receiving the lowest cost increment of supply. Applicant contends that the instant price is lower than the estimated cost of finding new gas supplies, than new intrastate sales prices in the range of 80 cents to $1.00 per Mcf in the Texas Gulf Coast area and is lower than the cost of Canadian gas, regasified coal, synthetic gas and imported liquefied natural gas.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974, file with the Federal Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP74-44]

OKLAHOMA NATURAL GAS GATHERING CORP.

Notice of Amendment to Rate Filing

APRIL 12, 1974.

Take notice that on March 25, 1974, Oklahoma Natural Gas Gathering Corporation (Gathering Corporation) tendered for filing in this docket substitute revised sheet No. 59 to its FPC Gas Tariff Original Volume No. 1. Gathering Corporation states that the purpose of the substitute sheet is to correct an error within substitute revised sheet No. 59 as filed on March 7, 1974. Gathering Corporation explains that the March 7, 1974 filing inadvertently used a figure of 3 months rather than 2 months in paragraph 5(a). Gathering Corporation requests that the substitute revised sheet No. 59 filed on March 7, 1974 be withdrawn and that the March 25, 1974 sheet be made effective on April 24, 1974.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 22, 1974. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. E-8702]

PENNSYLVANIA-NEW JERSEY-MARYLAND INTERCONNECTION, NEW YORK POWER POOL

Notice of Application

APRIL 12, 1974.

Take notice that on March 27, 1974, Public Service Electric and Gas Company, Philadelphia Electric Company, Pennsylvania Power and Light Company, Baltimore Gas and Electric Company, Potomac Electric Power Company, Pennsylvania Electric Company, Metropolitan Edison Company and Jersey Central Power and Light Company (hereinafter PJM Applicants) tendered for filing pursuant to section 205 of the Federal Power Act and § 35.12 of the regulations issued thereunder, a fuel conservation energy Transmission Agreement dated March 26, 1974 with Central Hudson Gas and Electric Corporation, Consolidated Edison Company of New York, Long Island Lighting Company, New York State Electric and Gas Corporation, Niagara Mohawk Power Corporation, Orange and Rockland Utilities, and Rochester Gas and Electric Corporation (hereinafter NYPP Applicants), whereby off-peak energy from other systems will be delivered to PJM and NYPP membership for fuel conservation purposes. Section 1 of the Transmission Agreement establishes a 1.75 mills per Kwh service charge for deliveries of fuel conservation energy from systems interconnected with either group of Applicants to recoup associated administrative and general costs of delivery arrangements. The Agreement, which is requested to take effect January 1, 1974, terminates on December 31, 1974.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 10, 1974 file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-8978 Filed 4-18-74;8:45 am]

[Docket No. CI73-736]

PHILLIPS PETROLEUM CO.

Orders Setting Hearing, Granting Interventions and Prescribing Procedures

APRIL 12, 1974.

On April 30, 1973, Phillips Petroleum Company filed an application for a limited term certificate of three years duration for the sale of gas from uncommited gas volumes available in the Powder River Basin Area, Wyoming. Phillips proposes to sell an estimated 75,000 Mcf per month to Panhandle Eastern Pipeline Company at a rate of 40¢ per Mcf to be delivered to Panhandle at the Mill Compressor Station in Campbell County, Wyoming. Phillips filed pursuant to Order No. 431 its application for limited term certificate with

pre-granted abandonment authorization for a sale of residue gas to Panhandle, attributable to gas produced from the #1 Phillips Federal Well located in the Spotted Horse Field, Powder River Basin, Campbell County, Wyoming, at a rate of 41.024¢ per Mcf at 15.025 psia (equivalent to 40.0¢ per Mcf at 14.65 psia).

The current applicable area rate is 22.18¢ per Mcf (at 14.65 psia). Evidence presented on the price issue shall be limited, as set out in prior Order No. 431 proceedings, e.g., Atlantic Richfield Company, Docket No. CI73–691, orders issued August 30, and October 10, 1973.

Phillips proposed to construct and operate approximately 35 miles of 8-inch line from its well in the Spotted Horse Field in a southeasterly direction to a point of delivery at Panhandle's existing Mill Field Booster Compressor Station site located near Gillette, Wyoming. Panhandle will transport these raw volumes from Mill Booster south through its 8-inch diameter line a distance of some 33 miles to a point near Hay, Wyoming, where Panhandle's 8-inch diameter line interconnects with Panhandle's 16-inch line. From Hay, the gas will be transported south by Panhandle through its 16-inch diameter line a distance of some 80 miles to Phillips' Douglas Plant (near Douglas, Converse County, Wyoming) for processing.

Phillips will pay Panhandle for the 113 mile transportation service 2.4¢ per Mcf for liquids and liquefiable hydrocarbons attributable to the gas transported. The residue gas price after processing is 40.0¢ per Mcf at 14.65 psia.

Phillips states that additional deliveries may be made if other uncommitted gas is developed and tied into its system. Phillips characterizes its 35 miles of 8-inch diameter line from Spotted Horse Field to Mill Booster as a "gathering line."

Notice of the application was issued on May 9, 1973 (38 FR 13501, May 22, 1973).

On June 8, 1973, Panhandle Eastern Pipe Line Company filed a petition for leave to intervene. Panhandle will be required to install a tap and side valve and gas measurement facilities along with modifications to an existing engine-compressor unit, at an estimated cost of $33,000, to accept delivery of gas from Phillips. Panhandle states that it requires supplemental supplies on its system to assist its customers, the proposed delivery and sale by Phillips is in the public interest, and Panhandle requests that all necessary authorizations be issued promptly.

On May 24, 1973, McCulloch Interstate Gas Corp. filed a petition to intervene in opposition to the subject application on the basis that the proposed 35 mile 8-inch diameter pipe line of Phillips would parallel and be in direct competition with McCulloch's pipeline system. Moreover, McCulloch asserts that there are insufficient reserves to support another pipeline.

In view of the above, McCulloch requests that the Commission (1) permit McCulloch to intervene in this proceeding; (2) set the matter for hearing; (3) deny Phillips' application for a certificate; and (4) grant such other and further relief as the Commission deems proper.

Phillips' response, filed on June 8, 1973, states that McCulloch has apparently misapprehended what is involved in Phillips' application. Phillips stated that the installation of the 35 miles of subject 8-inch diameter gathering line is not an act subject to Commission jurisdiction as stated in Opinion No. 617, in Docket Nos. CP70–43, et al. Hence, according to Phillips, there is no jurisdictional pipeline to the Spotted Horse Field as alleged by McCulloch. Phillips further stated that it has accepted the Commission's directive in Opinion No. 617 to use its own judgment on the economics of installing additional gathering lines in order to secure production from the Spotted Horse Field and that the cost and inherent risk of this gathering are being borne by Phillips.

Phillips further states that it would be in the public interest for the Commission to order briefing directly to the Commission rather than setting this matter for a hearing before an Administrative Law Judge and would allow prompt resolution of the case with a consequent prompt commencement of deliveries of the gas to the interstate market.

McCulloch's response to Phillips of June 15, 1973, states that a hearing is absolutely necessary to prevent duplicate pipeline systems without supporting reserves. McCulloch states that the determination of a jurisdictional pipeline, as distinguished from a gathering system, is dependent upon the pipeline's location, physical characteristics, purpose, interconnections, and other matters, which are issues of fact to be determined at a hearing; the issue of insufficient reserves to support the proposed Phillips' pipeline, as raised in McCulloch's petition to intervene, presents an issue of fact to be determined at a hearing; and the ambiguities in Phillips' application for a certificate of public convenience and necessity and absence of facts in said petition, as to ownership of various facilities in Campbell County, Wyoming, also presents issues of fact to be determined at a hearing.

By mailgram received June 25, 1973, McCulloch advised the Commission that it has verified by onsite inspection that excavation operations for the 35 mile Phillips' line has commenced notwithstanding McCulloch's petition to intervene. McCulloch requested that the Commission take immediate steps to prevent construction of the pipeline until all parties have had an opportunity to obtain a full and fair hearing on this matter. On June 26, 1973, McCulloch filed an affidavit of Robert Beck in support of the June 25, 1973, mailgram.

By letter dated July 17, 1973, the Commission advised McCulloch that the Commission had no authority under the Natural Gas Act to take any immediate step to prevent the construction of the pipeline by Phillips, as the Commission did not under those circumstances have jurisdiction over the facilities which Phillips proposed to construct between Mill Compressor Station and the Spotted Horse Field. As the Commission did not have jurisdiction, Phillips was not obligated to first obtain a certificate for the construction of said facilities from the Federal Power Commission. Installation of such facilities by Phillips prior to receipt of certificate for sale of gas was at producer's risk, and nothing stated therein, however, was intended in any way to affect the outcome of the Commission's consideration of the issues raised by Phillips and McCulloch in determining whether the public convenience and necessity requires the issuance of a certificate to Phillips authorizing the sale of natural gas proposed in Docket No. CI73–736, or any other related application.

On July 30, 1973, McCulloch filed an application for rehearing of the Commission's letter of July 17, 1973, stating in effect that the facts of this case differ from the facts in the Brooks case[1] since, among other things, title to the gas passes to Panhandle at the Mill Booster Station some 115 miles north of Phillips plant and not at the plant outlet. Moreover, McCulloch said the Brooks case did not involve an integrated pipeline system such as is involved in this case. Hence, McCulloch contends that Brooks is not applicable in this case and Phillips' 35 mile 8-inch diameter line is jurisdictional. § 1.34(c) of the rules of practice and procedure states that unless the Commission acts on such applications for rehearing within thirty days after it is filed, such application shall be deemed to have been denied and McCulloch's subsequent nonaction on the jurisdictional issue effectively forecloses further consideration thereof. McCulloch, however, is free to present evidence and arguments on all other issues.

On October 9, 1973, Phillips notified the Commission that pursuant to § 157.29 of the Regulations it commenced the sale of gas to Panhandle for a 60-day period, beginning on October 4, 1973. Phillips estimated daily sales at 2,000 Mcfd. On December 11, 1973, Panhandle notified the Commission that it commenced on emergency purchase from Phillips on October 4, 1973, and such purchase will continue for the period provided by Order No. 491–B or until issuance of a certificate in this docket, whichever occurs first.

The Commission finds:

The above-named petitioners should be granted intervention in the above-described proceeding.

The Commission orders:

(A) Pursuant to the authority conferred on the Federal Power Commission by the Natural Gas Act and the Commission's Regulations under the Natural Gas Act, a public hearing will commence on April 30, 1974, at 10 a.m., e.d.t., in a hearing room of the Federal Power Commission, 825 North Capitol

[1] 383 F. 2d 503 (D.C. Cir. 1967).

Street, NE., Washington, D.C. 20426 respecting the matter set forth above and more fully set forth in the application in Docket No. CI73–736.

(B) The petitioners named above are hereby permitted to intervene in this proceeding subject to the rules and regulations of the Commission, provided that the participation of such interveners shall be limited to matters affecting the rights and interests specifically set forth in their respective petitions to intervene, and that the admission of such interveners shall not be construed as recognition by the Commission that they or any of them might be aggrieved, because of any order issued by the Commission in this proceeding.

(C) Applicant and interveners shall serve prepared testimony in support of their positions on issues in this proceeding, including prepared testimony of witnesses and exhibits, on the Office of the Administrative Law Judges, the Commission staff and every party to this proceeding on or before April 22, 1974.

(D) An Administrative Law Judge to be hereinafter designated by the Chief Administrative Law Judge shall preside at the hearing and, in his discretion shall control the proceedings hereafter.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[Docket No. E–8242]

PUBLIC SERVICE CO. OF OKLAHOMA

Notice of Further Extension of Time and Postponement of Hearing

APRIL 12, 1974.

On April 10, 1974, Public Service Company of Oklahoma filed for a revision of the procedural dates fixed by notice issued February 14, 1974, in the above designated matter. The motion states that none of the parties has any objection to the proposed changes.

Upon consideration notice is hereby given that the procedural dated in the above matter are further modified as follows:

Service of Rebuttal evidence by Public Service Company of Oklahoma, May 13, 1974.
Prehearing Conference, May 28, 1974 (10 a.m., e.d.t.).
Hearing, To commence at the conclusion of the prehearing conference.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.74–8993 Filed 4–18–74;8:45 am]

[Docket Nos. RP73–64, RP72–91 (Phase II), etc.]

SOUTHERN NATURAL GAS CO.

Notice of Proposed Changes in FPC Gas Tariff

APRIL 12, 1974.

Take notice that Southern Natural Gas Company (Southern) on April 4, 1974, tendered for filing proposed changes in its FPC Gas Tariff, Sixth Revised Volume No. 1 to become effective April 6, 1974. Southern states that such filing is pursuant to the Commission's order issued March 29, 1974, in United Gas Pipe Line Company et al., Docket Nos. RP72–75 et al. rejecting the proposed PGA rate increase filings of several companies, including Southern's filing of February 20, 1974 in Docket Nos. RP73–64 and RP72–91 (Phase II).

Southern alleges that the proposed tariff sheet refiled herewith eleiminates the impact of the increased Louisiana severance taxes upon Southern's proposed April 6, 1974, rate increase and, as such, the proposed rate increase reflects only the increased cost of gas purchased by Southern from United Gas Pipe Line Company (United) as reflected in United's revised filing made by it in compliance with the above Commission order. Since Southern has only reflected the increase in cost of gas purchased from United, Southern's proposed increase is reduced from $14,554,772 to $3,189,304.

Copies of the filing are being served upon the company's jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 23, 1974. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[Docket No. CP74–258]

SOUTH TEXAS NATURAL GAS GATHERING CO. AND COASTAL STATES GAS PRODUCING CO.

Notice of Application

APRIL 12, 1974.

Take notice that on March 13, 1974, South Texas Natural Gas Gathering Company (South Texas) and Coastal States Gas Producing Company (Coastal States), (Applicants), both at P.O. Drawer 521, Corpus Christi, Texas 78403, filed in Docket No. CP74–258 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the exchange and transportation of natural gas between Applicants, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicants request authorization to exchange and transport gas pursuant to an agreement between Applicants dated January 1, 1963, as amended September 18, 1967. Under this arrangement, Coastal States delivers gas into South Texas' system, subject to the availability of such excess capacity as may exist from time to time in the South Texas facilities, and South Texas redelivers such volumes transported at various delivery points as may be mutually agreed upon by the parties, from time to time. Furthermore, the agreement provides that upon the mutual agreement of the parties, and upon Coastal States requesting that any volumes of gas delivered by Coastal States to South Texas are to be redelivered at Trans-Valley Station on South Texas' system, such volumes of gas will be considered as exchange gas.

Coastal States will pay South Texas 1 cent per Mcf per 100 miles for volumes transported, but there is no charge to either party for the exchange service to be performed. The application states that South Texas will operate the interconnecting and measuring facilities at delivery points. Applicants state further that gas is presently being transported by South Texas for Coastal States from a point on the South Texas line near the Santellana Field to a point near Falfurrias, Texas.

Applicants state that the proposed service is a continuation of service which has been provided for some years by South Texas by means of its existing facilities, and that the instant application is filed pursuant to the Commission's Opinion No. 683 and order issued January 14, 1974, in Docket No. CP67–349 (51 FPC).

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a peti-

tion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. CP74-248]

TENNESSEE GAS PIPELINE CO.

Notice of Application

APRIL 12, 1974.

Take notice that on March 25, 1974, Tennessee Gas Pipeline Company, a Division of Tenneco Inc. (Applicant), P.O. Box 2511, Houston, Texas 77001, filed in Docket No. CP74-248 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain pipeline facilities necessary to connect gas purchased from Tenneco Oil Company in South Marsh Island area, Block 61, offshore Louisiana, all as more fully set forth in the application which is on file with the Commission and is open to public inspection.

Applicant requests authorization to construct facilities necessary to connect its presently dedicated gas reserves in Block 61, South Marsh Island, an area not now physically connected to Applicant's system. The proposed facilities, estimated to cost $769,500, consist of approximately 0.5 mile of 10-inch pipeline which will originate at Tenneco Oil Company's 61-B platform in Block 61, South Marsh Island area and connect to Applicant's existing 523M-1300 line also in Block 61, which line then connects to Applicant's Blue Water Project facilities.

Applicant estimates that approximately 117,938,000 Mcf of recoverable gas reserves will be available as a result of construction of the proposed facilities which will make available to Applicant deliverability of approximately 50,000 Mcf per day.

Applicant states that the proposed facilities are necessary to enable Applicant to attach reserves needed to improve its ability to serve existing customers.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10), All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. CP74-252]

TRANSWESTERN PIPELINE CO.

Notice of Application

APRIL 12, 1974.

Take notice that on March 28, 1974, Transwestern Pipeline Company (Applicant), P.O. Box 2521, Houston, Texas 77001, filed in Docket No. CP74-252 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing facilities on Applicant's existing gas supply system in the states of Oklahoma, New Mexico and Texas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to construct and operate 19 field compressor units totaling 19,640 compressor horsepower and related metering and appurtenant facilities on its existing gas supply system to enable it to offset the decline of reservoir pressures presently being experienced in the gas fields connected to its system, to facilitate the receipt of new gas supplies and to maintain deliveries to its customers. Applicant states that the estimated cost of the proposed facilities is $8,974,000.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. CI74-541]

UNION TEXAS PETROLEUM CORP.

Notice of Application

APRIL 12, 1974.

Take notice that on March 29, 1974, Union Texas Petroleum, a Division of Allied Chemical Corporation (Applicant), 3000 Richmond Avenue, Houston, Texas 77006, filed in Docket No. CI74-541 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas to El Paso Natural Gas Company (El Paso) from the Monument Field, Lea County, New Mexico, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to sell an estimated 12,000 Mcf of natural gas per month to El Paso from the subject acreage for three years, at a rate of 45.0 cents per Mcf at 14.65 psia, subject to upward and downward Btu adjustment from a base of 1,000 Btu per cubic foot, all within the contemplation of § 2.70 of the Commission's General Policy and Interpretations (18 CFR 2.70).

Any person desiring to be heard or to make any protest with reference to said application should on or before May 6, 1974 file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to

the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP74-21]

UNITED GAS PIPE LINE CO.

Notice of Extension of Time

APRIL 12, 1974.

On April 5, 1974, Memphis Light, Gas and Water Division filed a motion for an extension of time to file its testimony as required by notice of February 13, 1974, as amended by notice of February 25, 1974. The motion that neither staff nor United object to the request. The motion also states that Memphis requested each party advise the Secretary of its position on the request.

On April 9, 1974, counsel for Mississippi Valley Gas Company and Mobil Gas Service Corporation advised that they did not object to the motion.

Upon consideration notice is hereby given that the procedural dates in the above matter are further modified as follows:

Service of evidence by Intervenors, April 23, 1974.
Service of Rebuttal evidence by Company, May 9, 1974.
Hearing (unchanged), May 21, 1974 (10 a.m., e.d.t.).

[Docket No. RI74-187]

WARREN PETROLEUM CO.

Notice of Petition for Special Relief

APRIL 12, 1974.

Take notice that on March 18, 1974, Warren Petroleum Company (Petitioner), P.O. Box 1589, Tulsa, Oklahoma 74102, filed a petition for special relief in Docket No. RI74-187. Petitioner requests that it be granted special relief from the area rate set forth in Opinion No. 586, issued September 18, 1970, in Docket Nos. AR64-1, *et al.* and that a 26.1138 cent rate be authorized for sales of residue gas to Transwestern Pipeline Company under its FPC Gas Rate Schedule No. 51 from its McLean Gas Processing Plant in Wheeler County, Texas. Petitioner states that its proposed increase is necessary to permit it to recover the increased purchased gas costs incurred by it pursuant to the renewal or extension of many of its supplier contracts (most of which are with small producers) and to maintain the differential between its purchase and resale prices.

Any person desiring to be heard or to make any protest with reference to said petition should on or before May 6, 1974, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any party wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
Secretary.

ELECTRIC POWER RESEARCH AND DEVELOPMENT

Notice of Conference

A conference between members of the Federal Power Commission staff and representatives of the Electric Power Research Institute will be held in Room 6200 of the Federal Power Commission offices, 825 North Capitol Street NE., Washington, D.C. on Wednesday, May 1, 1974 at 9 a.m. to discuss the organization, financing, research plan, budget and management of research projects.

AGENDA

1. ORGANIZATION

Corporate Membership
Role of Advisory Board
Makeup and roles of Industry Advisory Committees
Present level and makeup of EPRI staff
Role of state regulatory agencies in approving expenditures or budgets.

2. FINANCING

Various rate allowances approved by state regulatory agencies
Level and source of present and future funds
Explanation of 20% local R&D clause
Use of uncommitted funds

3. RESEARCH PLAN AND BUDGET

Details of present budget
Comparison with budgets of predecessor organizations
Future budgets
Criteria and methodology for selecting projects and assigning priorities
Criteria and methodology for short- and long-range planning
Format of planning document

4. MANAGEMENT OF RESEARCH PROJECTS

EPRI organization
Extent and form of joint sponsorship of projects with Federal and other research organizations
Relative support to inhouse, academic, research organization, engineering consulting firms, industries and utilities
Extent and role of EPRI owned facilities
EPRI's role in breeder reactor program
Philosophy on effort vs. result oriented contracts
Degree of encumbrance by prior commitments of predecessor organizations

The conference is open to the public.

KENNETH F. PLUMB,
Secretary.

[FR Doc.74-9189 Filed 4-18-74;11:22 am]

FEDERAL ENERGY OFFICE

TOURISM RECREATION ADVISORY COMMITTEE

Notice of Establishment

This notice is published in accordance with the provisions of section 9(a)(2) of the Federal Advisory Committee Act (Public L. 92-463). Following consultation with the Office of Management and Budget, notice is hereby given that it is in the public interest, in connection with the performance of the duties delegated to the Federal Energy Office by Executive Order No. 11748 to establish the Tourism-Recreation Advisory Committee.

A description of the nature and purpose of this Committee is contained in its charter which is published below.

Because of the emergency nature of this advisory committee, the Office of Management and Budget has authorized filing of the charter 14 days after this publication (May 3, 1974), rather than the usual 30 days.

Dated: April 17, 1974.

WILLIAM E. SIMON,
Administrator.

TOURISM-RECREATION ADVISORY COMMITTEE—CHARTER

A. *Establishment.* The Administrator, Federal Energy Office, having determined, after consultation with the Director, Office of Management and Budget, that it is in the public interest in connection with the performance of duties imposed on the Federal Energy Office by Executive Order #11748, dated December 4, 1973, which delegated to the Administrator, Federal Energy Office, authority vested in the President by the Emergency Petroleum Allocation Act of 1973 (Pub. L. 93-159); Section 203(a)(3) of the Economic Stabilization Act of 1970, as amended (Pub. L. 92-210); and Defense Production Act of 1950 (50 U.S.C. App. 2061 et seq.), as amended, hereby establishes the Tourism-Recreation Advisory Committee pursuant to the Federal Advisory Committee Act (Pub. L. 92-463).

B. *Duties, Functions and Administrative Provisions*—1. *Objectives and Scope.* The objective of the Tourism-Recreation Advisory Committee is to advise the Federal Energy Office (FEO) with respect to tourist/recreational aspects of interests and problems related to the policy and implementation of programs to meet the current national energy crisis.

2. *Committee Tenure.* In view of the goals and purposes of the Committee, it will be expected to continue for approximately 1 year.

3. *Official to whom Committee reports.* The Committee will report to the Administrator, Federal Energy Office.

4. *Support Services.* Necessary support for the Committee will be furnished by the Federal Energy Office.

5. *Committee Duties.* The duties of the Committee are solely advisory and are to provide the Federal Energy Office with direct and timely access to the knowledge of the Committee's members relating to tourist/recreational aspects of the current energy crisis.

6. *Estimated Annual Cost.* The estimated annual operating costs for the Committee are $20,000.00 and approximately one-half man years of staff support.

7. *Meetings.* The Committee will meet approximately four times a year.

8. *Termination Date.* The Committee will terminate one year from date of this Charter, unless prior to that date renewal action is taken by the Administrator, Federal Energy Office.

WILLIAM E. SIMON,
Administrator.

DEPARTMENT OF THE TREASURY

Fiscal Service, Bureau of the Public Debt

■

U.S. SAVINGS BONDS, SERIES H

Debt. Circular No. 905, 6th Rev.

Title 31—Money and Finance: Treasury

CHAPTER II—FISCAL SERVICE, DEPARTMENT OF THE TREASURY

SUBCHAPTER B—BUREAU OF THE PUBLIC DEBT

PART 332—OFFERING OF UNITED STATES SAVINGS BONDS, SERIES H

The regulations in 31 CFR Part 332, including the tables incorporated therein, have been revised and amended primarily for the purpose of increasing the investment yields on Series H savings bonds bearing issue dates of December 1, 1973, or thereafter.

Notice and public procedures are unnecessary and are dispensed with as the fiscal policy of the United States is involved. The changes were effected under authority of Section 22 of the Second Liberty Bond Act, as amended, 49 Stat. 21, as amended (31 U.S.C. 757c); and 5 U.S.C. 301.

Dated: March 18, 1974.

[SEAL] JOHN K. CARLOCK,
Fiscal Assistant Secretary.

Department of the Treasury Circular No. 905, Fifth Revision, dated December 12, 1969, as amended and supplemented, including the tables incorporated therein (31 CFR 332), is hereby revised and amended and issued as Department of the Treasury Circular No. 905, Sixth Revision, effective as of December 1, 1973:

Sec.

332.1 Offering of bonds.
332.2 Description of bonds.
332.3 Governing regulations.
332.4 Registration.
332.5 Limitation on holdings.
332.6 Purchase of bonds.
332.7 Delivery of bonds.
332.8 Extended terms and improved yields for outstanding bonds.
332.9 Taxation.
332.10 Payment or redemption.
332.11 Reservation as to issue of bonds.
332.12 Preservation of rights.
332.13 Fiscal agents.
332.14 Reservation as to terms of offer.
Tables of checks issued and investment yields.
Appendix.

AUTHORITY: Sec. 22, Second Liberty Bond Act, as amended, 49 Stat. 21, as amended, (31 U.S.C. 757c), and (5 U.S.C. 301).

§ 332.1 Offering of bonds.

The Secretary of the Treasury hereby offers for sale to the people of the United States, United States Savings Bonds of Series H, hereinafter generally referred to as "Series H bonds" or "bonds." This offer, effective as of December 1, 1973, will continue until terminated by the Secretary of the Treasury.

§ 332.2 Description of bonds.

(a) *General.* Series H bonds bear a facsimile of the signature of the Secretary of the Treasury and of the Seal of the Department of the Treasury. They are issued only in registered form and are nontransferable.

(b) *Denominations and prices.* Series H bonds are issued at face (par) amount and are available in denominations of $500, $1,000, $5,000 and $10,000.

(c) *Inscription and issue.* At the time of issue the issuing agent will (1) inscribe on the face of each Series H bond the name, social security number, and address of the owner, and the name of the beneficiary,[1] if any, or the name, social security number and address of the first-named coowner and the name of the other coowner,[1] (2) enter in the upper right-hand portion of the bond the issue date, and (3) imprint the agent's dating stamp in the lower right-hand portion to show the date the bond is actually inscribed. A Series H bond shall be valid only if an authorized issuing agent receives payment therefor and duly inscribes, dates and stamps it.

(d) *Term.* A Series H bond will be dated as of the first day of the month in which payment therefor is received by an agent authorized to issue the bonds. This date is the issue date and the bond will mature and be payable 10 years from the issue date. The bond may not be called for redemption prior to maturity or the end of any extended maturity period (see § 332.8(a)(3)). The bond may be redeemed at par after 6 months from the issue date. However, the Department may require reasonable notice of presentation for redemption before the maturity date or any authorized extended maturity date.

(e) *Interest (investment yield).* The interest on a Series H bond will be paid semiannually by check drawn to the order of the registered owner or coowners, beginning 6 months from issue date. Interest payments will be on a graduated scale, fixed to produce an investment yield of approximately 6 percent per annum, compounded semiannually, if the bond is held to maturity but the yield will be less if the bond is redeemed prior thereto. See Table 1. Interest will cease at maturity, or at the end of the extended maturity period, or if redeemed before the maturity or extended maturity date, at the end of the interest period next preceding the date of redemption. However, if the date of redemption falls on an interest payment date, interest will cease on that date.

§ 332.3 Governing regulations.

Series H bonds are subject to the regulations of the Department of the Treasury, now or hereafter prescribed, governing United States Savings Bonds, contained in Department of the Treasury Circular No. 530, current revision (31 CFR Part 315),[2] except as otherwise specifically provided herein.

[1] The title of a female registrant designated as beneficiary or second-named coowner need not be furnished if her social security number is provided. If so requested, both title and number may be inscribed.

[2] Copies may be obtained from any Federal Reserve Bank or Branch or the Bureau of the Public Debt, Washington, D.C. 20226, or its Chicago Office, 536 South Clark Street, Chicago Illinois 60605.

§ 332.4 Registration.

(a) *General.* Generally, only residents of the United States, its territories and possessions, the Commonwealth of Puerto Rico, the Canal Zone and citizens of the United States temporarily residing abroad are eligible to be named as owners of Series H bonds. The bonds may be registered in the names of natural persons in their own right as provided in paragraph (b) of this section, and in the names and titles or capacities of fiduciaries and organizations as provided in paragraph (c) of this section. Full information regarding authorized forms of registration and restrictions with respect thereto will be found in the governing regulations.

(b) *Natural persons in their own right.* The bonds may be registered in the names of natural persons (whether adults or minors) in their own right, in single ownership, coownership, and beneficiary forms.

(c) *Others.* The bonds may be registered in single ownership form in the names of fiduciaries and private and public organizations, as follows:

(1) *Fiduciaries.* In the names of and showing the titles or capacities of any persons or organizations, public or private, as fiduciaries (including trustees, legal guardians or similar representatives, and certain custodians) but not where the fiduciary would hold the bonds merely or principally as security for the performance of a duty, obligation, or service.

(2) *Private and public organizations.* In the names of private or public organizations (including private corporations, partnerships, and unincorporated associations, and States, counties, public corporations, and other public bodies), in their own right, but not in the names of commercial banks.[3]

§ 332.5 Limitation on holdings.

The amount of Series H bonds originally issued during any 1 calendar year that may be held by any one person, at any one time, computed in accordance with the governing regulations, is limited, as follows:

(a) *General limitation.* $10,000 (face amount) for the calendar year 1974 and each calendar year thereafter.

(b) *Special limitation for gifts to exempt organizations under 26 CFR 1.501(c)(3)–1.* $200,000 (face amount) for bonds received as gifts by an organization which at the time of purchase is an exempt organization under the terms of 26 CFR 1.501(c)(3)–1.

(c) *Exchange pursuant to Department of the Treasury Circular No. 1036, as amended.* Series H bonds issued in an exchange pursuant to the provisions of Department of the Treasury Circular No. 1036 (31 CFR Part 339), as in effect at the time of the exchange, are exempt from the annual limitation.

[3] For this purpose, commercial banks (as defined in § 315.7, Department of the Treasury Circular No. 530, current revision) are those accepting demand deposits.

§ 332.6 Purchase of bonds.

(a) *Issuing Agents.* Only the Federal Reserve Banks and branches and the Department of the Treasury are authorized to act as official issuing agents for the sale of Series H bonds. However, financial institutions may forward applications for purchase of the bonds. The date an issuing agent receives the application and payment will govern the issue date of the bond purchased.

(b) *Application for purchase and remittance.* The applicant for purchase of Series H bonds should furnish (1) instructions for registration of the bonds to be issued, which must be in an authorized form, (2) the appropriate social security or employer identification number, (3) the post office address of the owner or first-named coowner, and (4) the address(es) for delivery of the bonds and for mailing checks in payment of interest, if other than that of the owner or first-named coowner. The application should be forwarded to a Federal Reserve Bank or Branch, or the Department of the Treasury, Washington, D.C. 20226, accompanied by a remittance to cover the purchase price. Any form of exchange, including personal checks, will be accepted subject to collection. Checks or other forms of exchange should be drawn to the order of the Federal Reserve Bank or the United States Treasury, as the case may be. Checks payable by endorsement are not acceptable. Any depositary qualified pursuant to Department of the Treasury Circular No. 92, current revision (31 CFR Part 203), will be permitted to make payment by credit for bonds applied for on behalf of its customers up to any amount for which it shall be qualified in excess of existing deposits, when so notified by the Federal Reserve Bank of its district.

§ 332.7 Delivery of bonds.

Authorized issuing agents will deliver Series H bonds either over-the-counter in person, or by mail at the risk and expense of the United States, to the address given by the purchaser, but only within the United States, its territories and possessions, the Commonwealth of Puerto Rico and the Canal Zone. No mail deliveries elsewhere will be made. If purchased by citizens of the United States temporarily residing abroad, the bonds will be delivered at such address in the United States as the purchaser directs.

§ 332.8 Extended terms and improved yields for outstanding bonds.

(a) *Extended maturity periods—(1) General.* The tems "extended maturity period" and "second extended maturity period," when used herein, refer to the intervals after the original maturity dates during which owners may retain their bonds and continue to earn interest thereon. No special action is required of owners desiring to take advantage of any extensions heretofore or herein granted.[4]

(2) *Bonds with issue dates June 1, 1952, through January 1, 1957.* Owners of Series H bonds with issue dates of June 1, 1952, through January 1, 1957, may retain their bonds for a second extended maturity period of 10 years.

(3) *Bonds with issue dates February 1, 1957, or thereafter.* Owners of Series H bonds with issue dates of February 1, 1957, or thereafter, may retain their bonds for an extended maturity period of 10 years.

(b) *Improved yields*[5]*—(1) Outstanding bonds.* The investment yield on all outstanding Series H bonds is hereby increased as follows:

(i) *Bonds in original maturity period on December 1, 1973.* By approximately ½ of 1 percent per annum, compounded semiannually, for the remaining period to the maturity date. The increase will be included in the interest checks issued on or after June 1, 1974.

(ii) *Bonds in an extended or second extended maturity period on December 1, 1973.* By approximately ½ of 1 percent per annum, compounded semiannually, for the remaining period to the extended maturity date or second extended maturity date, as the case may be. The increase will be included in the interest checks issued on or after June 1, 1974.

(iii) *Bonds entering an extended or second extended maturity period on December 1, 1973, or January 1, 1974.* To 6 percent per annum, compounded semiannually, for the extended or second extended maturity period.

(2) *Other authorized extension periods.* The investment yield for any authorized extension period, other than as set forth in paragraph (b)(1) of this section, will be at the rate in effect for Series H bonds being issued at the time the outstanding bonds reach their next maturity dates. The tables of checks and investment yields published herein will not apply if at the time an extension begins the rate is different from 6 percent.

§ 332.9 Taxation.

The income derived from Series H bonds is subject to all taxes imposed under the Internal Revenue Code of 1954. The bonds are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, by any of the possessions of the United States, or by any local taxing authority.

§ 332.10 Payment or redemption.

A Series H bond may be redeemed at par at any time after 6 months from the issue date. The bond must be presented and surrendered, with a duly executed request for payment, to (a) a Federal Reserve Bank or Branch, (b) the Department of the Treasury, Washington, D.C. 20226, or (c) the Bureau of the Public Debt, 536 South Clark Street, Chicago, Illinois 60605. A bond received by an agent during the calendar month preceding an interest payment date may not be redeemed until that date.

§ 332.11 Reservation as to issue of bonds.

The Secretary of the Treasury reserves the right to reject any application for Series H bonds, in whole or in part, and to refuse to issue or permit to be issued hereunder any such bonds in any case or any class or classes of cases if he deems such action to be in the public interest, and his action in such respect shall be final.

§ 332.12 Preservation of rights.

Nothing contained herein shall limit or restrict rights which owners of Series H bonds heretofore issued have acquired under offers previously in force.

§ 332.13 Fiscal agents.

Federal Reserve Banks and Branches, as fiscal agents of the United States, are authorized to perform such services as may be requested of them by the Secretary of the Treasury in connection with the issue, delivery, redemption, and payment of Series H bonds.

§ 332.14 Reservation as to terms of offer.

The Secretary of the Treasury may at any time or from time to time supplement or amend the terms of this offering of bonds, or of any amendments or supplements thereto.

---

[4] The tables incorporated herein, arranged according to issue dates, show the current schedules of interest payments and investment yields.

[5] See Appendix for summary of investment yields to the maturity and extended maturity dates under regulations heretofore and herein prescribed.

[1] All yields are in terms of percent per annum, compounded semiannually. The first figure in each maturity period is the overall yield for that period at time of entry into period. Interest payments are on a graduated basis unless otherwise indicated, the full rate being received only if held to the end of the period (lesser rate if redeemed earlier). An "e" indicates payments on an approximately level basis. A "b" indicates increased interest on a bonus basis, that is, the full rate is received only if the bond is held to the end of the period (no increase if redeemed earlier). Rate increases within periods took effect at the beginning of the first full half-year interest period starting on or after the effective date as follows:

1959 - graduated improvements in rate to next maturity beginning June 1, 1959.
1965 - graduated improvement in rate to next maturity beginning Dec. 1, 1965.
1968 - bonus improvement in rate to next maturity beginning June 1, 1968.
1969 - maximum rate to next maturity beginning June 1, 1969.
1970 - level and bonus improvements in rate to next maturity beginning June 1, 1970. In the case of .50b the increase is spread over the second 5 years of maturity period.
1973 - level improvement in rate to next maturity beginning Dec. 1, 1973.

[2] Yield does not apply if prevailing rate for Series H bonds being issued at time extension begins is different from 6.00 percent.

FEDERAL REGISTER, VOL. 39, NO. 77—FRIDAY, APRIL 19, 1974

federal register

FRIDAY, APRIL 19, 1974

WASHINGTON, D.C.

Volume 39 ■ Number 77

PART III

DEPARTMENT OF LABOR

Employment Standards Administration

■

Minimum Wages for Federal and Federally Assisted Construction

General Wage Determination Decisions

DEPARTMENT OF LABOR

Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

General Wage Determination Decisions and Modifications and Supersedeas Decisions

General Wage Determination Decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138), and of Secretary of Labor's Orders 12–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and Federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determination frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General Wage Determination Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

MODIFICATIONS AND SUPERSEDEAS DECISIONS TO GENERAL WAGE DETERMINATION DECISIONS

Modifications and Supersedeas Decisions to General Wage Determination Decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the Modifications and Supersedeas Decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138), and of Secretary of Labor's Orders 13–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing General Wage Determination Decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and Federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and Supersedeas Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rule-making procedures prescribed in 5 U.S.C. 553 has been set forth in the original General Wage Determination Decision.

NEW GENERAL WAGE DETERMINATION DECISIONS

Kentucky	AQ-4102
Pennsylvania	AQ-2083
Virginia	AQ-2103

MODIFICATIONS TO GENERAL WAGE DETERMINATION DECISIONS

The numbers of the decisions being modified and their dates of publication in the FEDERAL REGISTER are listed with each State:

Arkansas:	
AQ-7	July 20, 1973
Louisiana:	
AQ-90	Mar. 29, 1974
New Jersey:	
AQ-2093; AQ-2094	Apr. 5, 1974
Oklahoma:	
AQ-64	Dec. 7, 1973
Oregon:	
AQ-1079	Feb. 8, 1974
Pennsylvania:	
AQ-2042	Do.
AQ-2055; AQ-2061; AQ-2062; AQ-2065; AQ-2069	Feb. 15, 1974
Tennessee:	
AQ-4011	Sept. 21, 1973
AQ-4014; AQ-4015; AQ-4016.	Oct. 5, 1973

SUPERSEDEAS DECISIONS TO GENERAL WAGE DETERMINATION DECISIONS

The numbers of the decisions being superseded and their dates of publication in the FEDERAL REGISTER are listed with each State; Supersedeas Decision numbers are in parentheses following the number of the decisions being superseded:

Colorado:	
AM-6723(AQ-1099)	Apr. 21, 1972
Hawaii:	
AQ-1039; AQ-1040(AQ-1096)	Sept. 21, 1973
Kentucky:	
AQ-4022(AQ-4102)	Oct. 12, 1973
Louisiana:	
AQ-39(AQ-99)	Oct. 26, 1973
AQ-76 & AQ-77(AQ-99)	Feb. 1, 1974
AQ-83(AQ-99)	Feb. 22, 1974
Maryland:	
AQ-2022(AQ-2100)	Oct. 1973
AQ-2040(AQ-2101)	Jan. 25, 1974
Michigan:	
AQ-3069(AQ-3123)	Jan. 11, 1974
AQ-3070(AQ-3123)	Feb. 1, 1974
Mississippi:	
AP-534(AQ-91)	July 6, 1973
New Jersey:	
AP-826(AQ-2102); AP-827 (AQ-2104)	May 18, 1973
Pennsylvania:	
AP-835(AQ-2099)	May 25, 1973

Signed at Washington, D.C., this 12th day of April 1974.

RAY J. DOLAN,
Assistant Administrator,
Wage & Hour Division.

LABORERS

GROUP 1: All clean-up work of debris, grounds and buildings; Bridge laborers; Construction laborers; Dumpman; Gardeners; Horticultural and landscape laborers; General laborers; Limbers, brush loaders and pilers; Maintenance, repair (track and roadbeds)

GROUP 1-a: Mason Tenders

GROUP 1-b: High Scaler

GROUP 1-c: Gunnite Operator

GROUP 1-d: Powderman

GROUP 2: Asphalt shovelers; Cement dumpers; Choke setter and rigger (clearing work); Concrete chipping; Concrete laborers (wet or dry) incl. bucket tender for concrete; Driller's helper, chuck tender, outside nipper; Guinea chaser (stakeman); High pressure nozzleman-hydraulic monitor (over 100# pressure) excl. levee work; Loading and unloading, carrying and handling of all rods and materials for use in reinforcing concrete construction; Mucker (under ground) Sloper; All penumatic, gas and electric tools not listed in Group I

GROUP 3: Asphalt ironers and rakers; Barko and similar type tampers; Buggymobile; Chainsaw, faller, logloader and bucker; Concrete and magnesite mixer under 1/2 yd.; Concrete grinder; Concrete pan work; Concrete saw (walking or hand type); Cribbers; Cut granite curb setter; Form raisers; Header board; Mortar mixers (block-brick-masonry); Jackhammer operator; Jackson and similar type compactors; Lagging, sheeting, whaling, bracing, trench-jacking, hand-guided lagging hammer; Magnesite and mastic workers (wet or dry); Mechanical drillers not covered elsewhere; Pavement breakers; Pipelayers, caulkers, bander; Pipe-wrappers, kettlemen, potmen and men applying asphalt, Lay-Kold, creosote and similar type materials; Post hole diggers (hand held--gas, air and electric); Riprap, stonepaver and rockslinger, incl. placing of sacked concrete (wet or dry); Rotary scarifier; Roto-tiller; Sandblasters; Tank cleaners; Tree climbers; Vibra-screed (bull float in connection with laborers' work); Vibrator, Burning, welding, signaling, and rigging in connection with laborers' work; Concrete pump machine; Joy drill Model TWM-2A, Gardner Denver DH-132, and similar type drills (Track Drillers, Diamond Core, Wagon Drillers and Davis Trencher T-66 or similar

POWER EQUIPMENT OPERATORS
(Except Piledriving and Steel Erection)

GROUP 1: Partsman (heavy duty repair shop parts room when needed); Repairman Helper

GROUP 2: Compressor, electrically, diesel or gas powered etc.; Hydraulic Monitor; Material Loader and/or Conveyor Operator (handling building material); Mixer Box Operator (concrete plant); Pump Operator; Spreader Boxman (with screeds); Tar Pot Fireman (power agitated)

GROUP 3: Oiler; Fireman; Switchman; Brakeman; Deckhand; Tar Pot Fireman; Box Operator (bunker); Locomotive (up to and incl. 30 tons); Roller (5 tons and under); Screedman (except asphaltic concrete paving); Self-propelled, automatically applied concrete curing machine (on streets, highways, airports and canals); Tugger Hoist, single drum

GROUP 4: Boom Truck or Dual Purpose "A" Frame Truck; Fork Lift or Lumber Stacker (construction job site); Material Hoist (1 drum); Straddle Truck; Ross Carrier and similar (jobsite); Dinky Operator

GROUP 5: Concrete Mixer (up to 2 yds.); Concrete Pumps or Pumpcrete Guns; Generators, gasoline or diesel driven (100 K.W.); Lubrication and service engineer (mobile and grease rack); Towermobile; Welding Machine (gasoline or diesel); Agri-cat (Mini Cat)

GROUP 6: Combination Loader and Backhoe incl. Hopto (up to and incl. 1/2 yd.); Concrete Batch Plants (wet or dry); Concrete Saws and/or Grinder (self-propelled unit on streets, highways, airports and canals); Drilling Machinery (not to apply to waterliners, wagon drills or jackhammers); Highline Cable-way Signalman; Loader (up to and incl. 2-1/2 cu. yds.); Lull High Lift; Pavement Breaker; Maginnis Internal Full Slab Vibrator (on airports, highways, canals, and warehouses); Mechanical Finishers (concrete)(large Clary, Johnson Bidwell Bridge Deck or similar types); Mobile Crane Driver; Portable Crushers; Power Jumbo Operator (setting slip forms, etc., in tunnels); Rollers (over 5 tons); Self-propelled Compactor (single engine); Small Rubber-tired Tractors; Trencher (up to and incl. 6'); Slip Form Pumps (power driven by hydraulic, electric, gas, etc., lifting device for concrete forms)

POWER EQUIPMENT OPERATORS (cont'd)

(Except Piledriving and Steel Erection)

GROUP 7: Crusher Plant; Dual Drum Mixer; Gradesetter; Hoist (2 drums); Loader (over 2-1/2 cu. yds. up to and incl. 5 cu. yds.); Mechanical Finishers or Spreader Machine, asphalt (Barber Greene and similar) (Screedman required); Mine or Shaft Hoist; Pavement Breaker, truck mounted, with compressor combination; Pavement Breaker with compressor combination (operates 1 or 2); Pipe Cleaning Machine (tractor propelled and supported); Pipe Wrapping Machine (tractor propelled and supported); Pipe Bending Machine (pipe lines only); Self-propelled Elevating Grade Plane; Slusher Operator; Trencher (over 6'); Water Tanker (pulled by Euclids, T-Pulls, DW-10, 20, 21 or similar); Mixermobile (over 5 tons); Small tractor (with boom D-6 or similar)

GROUP 8: Boring Machine; Cast-in-place Pipe Laying Machine; Concrete Batch Plant (multiple units); Combination Loader and Hydraulic Backhoe (over 1/2 yd. to and incl. 3/4 yd.); Conveyor (tunnel); Engineer, locomotive (over 30 tons up to and incl. 100 tons); Finishing Machine Operator (airports and highways); Hydraulic Backhoe (over 1/2 yd. to and incl. 3/4 yd.); Kolman Loader; Mechanic trench shield; Mucking Machine; No-joint Pipe Laying Machine; Portable Crushing and Screening Plants; Saurman type Dragline (under 5 yds.); Self-propelled Boom type Lifting Device; Stationary Pipe Wrapping, Cleaning and Bending Machine; Surface Heater and Planer; Tunnel Badger; Tri-batch Paver

GROUP 9: Boom type Backfilling Machine; Combination Mixer and Compressor (gunite); Do-mor Loader and Adams Elegrader; Lull Hi-lift (40' or over); Rubber-tired Earthmoving Equipment (up to 12 cu. yds.); Wheel Trencher (over 6')

GROUP 9-A: Dozers; Heavy Duty Repairman or Welder; Push Cats; Scrapers; Self-propelled Compactor with dozer; Sheep foot; Tractors; Tractors (with boom, larger than D-6 and similar)

GROUP 10: Chicago Boom; Hoist (3 drums); Koehring Skooper; Loader (over 5 yds. up to and incl. 12 yds.); Locomotive (over 100 tons) (single or multiple units); Power Blade Operator; Rubber-tired Earthmoving Equipment (up to and incl. 35 cu. yds. , Euclids, T-Pulls, DW-10, 20, 21 and similar); Saurman type Dragline (5 yds. or over); Soil Stabilizer (P & H equal); Sub-grader (Gurries or other automatic type); Track-laying type Earthmoving Machine (single engine with tandem scraper); Tractor, Compressor, Drill Combination; Tractor (tandem scraper); Tractors (D-9 or equivalent)

POWER EQUIPMENT OPERATORS (cont'd)

(Except Piledriving and Steel Erection)

GROUP 10-A: Cranes (not over 25 tons); Power shovels, Clamshells, Draglines, Backhoes, Gradealls (up to and including 1 cu. yd.)

GROUP 11: Automatic slip form paver (concrete or asphalt)(Gradesetter, Screedman required); Cranes (over 25 tons); DW-10, 20, etc. (Tandem); Earth-moving machines (multiple propulsion power units and two or more scrapers)(up to and incl. 35 cu. yds. struck "MRC"); Highline cableway; Lift slab machine; Loader (over 12 yds.); Power shovels, clamshells, draglines, backhoes; Gradealls (over 1 yd. and up to 7 yds.); Power blade operator (16 or over); Pre-stress wire wrapping machine; Self-propelled compactor (with multiple propulsion power units); Single engine rubber tired earth moving machine(with tandem scraper); Tandem cats; Tower cranes, mobile; Trencher (pulling attached shield); Universal, Liebher, Linden and similar types of tower cranes; Wheel excavator (up to and incl. 750 cu. yds. per hour)

GROUP 12: Band wagon (in conjunction with wheel excavator); Derricks; Drill rigs; Multi-propulsion earth moving machines (2 or more scrapers) (over 35 cu. yds. "struck" mrc); Power shovels and draglines (7 cu. yds. and over); Rubber tired earthmoving equipment (over 35 cu. yds. Euclids, T-Pulls, DW-10, 20, 21 and similar); Wheel excavator (over 750 cu. yds.)

SUPERSEDEAS DECISION

STATE: Kentucky COUNTY: See below*
DECISION NUMBER: AQ-4102 DATE: Date of Publication
Supersedes Decision No. AQ-4022 dated October 12, 1973
DESCRIPTION OF WORK: Building Construction, (excluding single family homes and garden type apartments up to and including 4 stories).

*Counties: Hardin, Jefferson & Meade

56-KY-1-a (3-3)

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
Asbestos workers	$8.85	.30	.20		
Boilermakers - Blacksmiths	8.10	.30	.70	.55	.01

GROUP II	5.90	a	a	b		
GROUP III	5.83	a	a	b		
GROUP IV	5.72	a	a	b		
GROUP V	5.60	a	a	b		

GROUP I: Euclid and other heavy moving equipment and lowboy; Winch truck and A-Frame and monorail truck used to transport building materials; Fork lift truck when used to transport building materials

GROUP II: Mechanic; Concrete mixers (all types), hauling only on job site

GROUP III: Over 3 tons; Semi-trailer, tandem axle or pole trailers & dumps

GROUP IV: 3 tons and under; Mechanic helpers; greasers and tire changers

GROUP V: Helpers

FOOTNOTE:

a. Employer contributes $13.50 per week to Health & Welfare; and $14.00 per week to Pensions for each employee whose name appears on the payroll that week who has been employed a minimum of 20 work days within any 90 consecutive day period.

b. Employees who have been regularly employed on a project by an employer for one year and who have worked a minimum of 1200 hours during the year receive a vacation and pay for 40 hours. Employees who have been regularly employed on a project by an employer for one year, and who have worked a minimum of 650 hours during the year receive a vacation and pay for 20 hours. Employees who have worked 1200 hours since their 2nd year of employment and have completed three years receive an additional week vacation (40 hours).

WELDERS - receive rate prescribed for craft performing operation to which welding is incidental.

FOOTNOTES:
a - 1st 6 mos. - none; 6 mos. to 5 yrs. - 2%; over 5 yrs. - 4% of basic hourly rate.
b - Paid Holidays - A through F

PAID HOLIDAYS:
A-New Years' Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day

CLASSIFICATIONS DEFINITIONS

LABORERS - ZONE 1

GROUP 1 - Building and labor construction
GROUP 2 - Stone mason helpers; mechanical tool operators; sewerman (bottom men, caulkers, tenders, joint wipers, hot-pot, grade carriers, layers and ditchers 4 feet or over); tender of all crafts; sandblaster (nozzlemen); Sandblaster (pot tender); laying non-metallic pipe over 4 feet deep, including sewer pipe, drain pipe, and underground tile; septic tank diggers and installers, over 4 feet deep; gas & oil pipeline laborers and wrappers
GROUP 3 - Gunite tool operators

LABORERS - ZONE 2

GROUP 1 - Building laborer; rotary drill laborers; foundation drill crewman
GROUP 2 - Mason mixer; plaster mixer; mechanical tool operator; sandblaster; laying concrete pipe; clay pipe, plastic pipe, asbestos cement pipe, casing pipe and corrugated metal pipe, as sewer pipe, drain pipe, and underground tile (caulkers, joint wrappers, hot pot and pipe layers); gas and oil pipeline laborers, wrappers and dopers

LABORERS - ZONE 3

GROUP 1 - Building and general laborer; tenders (carpenter, plaster, cement finisher, mason); tank and vessel cleaners
GROUP 2 - Air tool operators (except jackhammer); interior of closed tanks and vessels power equipment
GROUP 3 - Mortar mixers and jackhammer operators
GROUP 4 - Blasterers
GROUP 5 - Blaster helpers; concrete cutters behind paving machine and puddlers; form setters and lines asphalt worker
GROUP 6 - Wiping joints, laying pipe and tile from pumpcrete
GROUP 7 - Interior of closed tanks and vessels manually

LABORERS - ZONE 4

GROUP 1 - Building and general laborers, carpenter tenders
GROUP 2 - Power tool operators (hammer men, tamper, vibrators, power buggies, concrete chippers or cutters, chain saw operators, etc.); pipelayers (non-metallic)
GROUP 3 - Mason tenders, plaster tenders, cement mix (wet or dry) tenders, hod carrier tender; mortar mixers & cement mixers (wet or dry)

LABORERS - ZONE 5

GROUP 1 - Building laborers
GROUP 2 - Laborers handling steel pans, stone masons helpers, mechanical tool operators, sewermen (bottom men, caulkers, tenders, joint wipers, hot pot, grade carriers, layers and ditchers 4 feet and over), sand blaster (nozzlemen and pot tender), laying non-metallic pipe over 4 feet deep, septic diggers and installers over 4 feet deep, gas and oil pipeline laborers and wrappers
GROUP 3 - Gunite tool operators
GROUP 4 - Bricklayers tenders and mason tenders
GROUP 5 - Hod carriers using prime mover to serve a bricklayer
GROUP 6 - Mortar mixers

LABORERS - ZONE 6

GROUP 1 - Common laborers
GROUP 2 - Jackhammermen, sewermen, mason tenders, plasterer tenders, stone masons helpers, vibratormen
GROUP 3 - Mortar mixers

LABORERS - ZONE 7

GROUP 1 - Common laborers; carpenter helpers; mason tenders (other than cement); plasterers' tenders; stone mason helpers; concrete workers; scaffold builders
GROUP 2 - Air tool operators (jackhammer, vibrator, and tamper); sewer pipe joiners and setters; concrete cutters; hod carriers; creosote material handler; acid worker; mason tenders (cement); mortar mixer (wet or dry); motorized buggy operator; waterproofers (mastic); form setters (steel paving forms)
GROUP 3 - Chain saw operator
GROUP 4 - Asphalt raker, tamper, smoother and shovelers; sewer pipe layers; blaster helpers
GROUP 5 - Powderman

LABORERS - ZONE 8

GROUP 1 - Building laborers
GROUP 2 - Mason tenders, plasterer tenders
GROUP 3 - Asphalt rakers, asphalt smoothers
GROUP 4 - Mortar mixers
GROUP 5 - Air jack operators, vibrator operators
GROUP 6 - Sewer pipe layers, sewer pipe wipers

LABORERS - ZONE 9

GROUP 1 - Laborers, tenders (brickmasons, stonemasons, cement masons, carpenter, plasterers); stripping & dismantling; concrete form work; loading, unloading, carrying & handling steel & steel mesh; assisting to the setting of cut stone, granite or artifical stone; building scaffolds; shoring
GROUP 2 - Mechanical tool operator (air, electric, motor, engine, etc.); sewer pipe layers; mortar mixers (hand or machine); gunite operator
GROUP 3 - Pipe dopers & burners

PAINTERS - ZONE 1

GROUP 1 - Brush, wood or wall
GROUP 2 - Brush on steel, buffer on wood or wall
GROUP 3 - Paperhanging, taping & floating
GROUP 4 - Spray, wood & wall, rollers
GROUP 5 - Steeplejack, sandblasting, spider operator, rubberizing & pyroflexing, steam jennier, spray, steel

PAINTERS - ZONE 2

GROUP 1 - Brush
GROUP 2 - Industrial & steel
GROUP 3 - Taping, floating and texture
GROUP 4 - All spray painting; roller operator & using of mitts; All power tools for cleaning and preparing surfaces for painting; All work on stacks, steeples, flag poles and all towers and tanks over 50 feet; All work off swing stage, bosun chair and spiders; All work with creosote material or any similar material as service cement paint

PAINTERS - ZONE 3

GROUP 1 - Painters, paperhangers and sheetrock tapers and floaters
GROUP 2 - Structural steel painters of new buildings under construction; the following overall of thirty (30) feet; tanks, air conditioning towers, smoke stacks, sprinkler systems, wharves and structural steel in old buildings; spray painters, swing stage painters
GROUP 3 - Industrial

PAINTERS - ZONE 4

GROUP 1 - Brush, wood or wall
GROUP 2 - Industrial & steel
GROUP 3 - Textone, paperhanging, wall covering & spray

PAINTERS - ZONE 5

GROUP 1 - Commercial brush
GROUP 2 - Industrial
GROUP 3 - Roller, power tools
GROUP 4 - Spray, sandblasting
GROUP 5 - Sheetrock finishers

PAINTERS - ZONE 6

GROUP 1 - Painters, paperhangers, tapers, floaters
GROUP 2 - Commercial steel, such as churches or any commercial building with closed roof deck or walls
GROUP 3 - Other commercial work, brush spray, stage, window jacks, flagpoles and steeple work
GROUP 4 - All industrial work including sandblasting or power tools of any kind

PAINTERS - ZONE 7

GROUP 1 - Painters, tape & float & paperhangers
GROUP 2 - Stage, window jacks & structural steel
GROUP 3 - Stage, window jacks & structural steel over 30 feet
GROUP 4 - Stage, window jacks & structural steel over 75 feet
GROUP 5 - Sandblasting, spray

PAINTERS - ZONE 8

GROUP 1 - Painters, paperhangers, tapers, floaters
GROUP 2 - Stage, window jacks, bosun chairs
GROUP 3 - Structural steel, brush
GROUP 4 - Structural steel, roller; equipment painting; sandblasting, spray
GROUP 5 - Stack, sign, tank painting, steeple jack work

POWER EQUIPMENT OPERATORS - ZONES 1, 2 & 3

GROUP 1 - Oiler
GROUP 2 - Mechanic helper
GROUP 3 - Oiler-Driver
GROUP 4 - Scaleman

POWER EQUIPMENT OPERATORS - ZONE 1, 2 & 3 (CONT'D)

GROUP 5 - Air Compressor; Asphalt Plant Operator; Bulldozers, D-4 and equivalent & under; Bullfloats; Concrete Spreader; Finishing Machines; Concrete Mixer (16-s or less); Concrete Saw; Distributors (Bitum Surface); Dowell Bar Machine; Farm-Type Tractor (with all attachments except backhoe); Fireman; Fork Lifts (other than setting steel, machinery or pipe); Hoist, 1 drum or less than 4 stories; Kolum Buff Machine; Pull Cats; Pump (3" and over); Pump, concrete (under 6"); Rollers, except on asphalt or bricks; Straddle Buggies; Sweepers on streets & roads (Motorized); Winch Truck, A-Frame (other than handling steel or pipe)

GROUP 6 - Asphalt Spreader; Backhoe; Bulldozer, over D-4 and equivalent; Cableways; Concrete Mixer, over 16-s; Cranes; Derricks; Ditching or Trenching Machines; Draglines; Fork Lifts (setting steel, machinery or pipe); Front-End Loaders (except Farm-type tractors); Grease Serviceman; Hoist, 1 drum, 4 stories or more; Hoist, 2 drums and over; Hydrolifts; Heavy Duty Mechanic; Motor Patrols; Piledrivers; Pump, concrete (6" & over); Road Pavers; Rollers on asphalt or brick; Scoopmobiles; Scrapers; Sideboom Cats; Shovels; Tractovators; Welder, journeyman; Well Point System; Winch Cats (hoisting); Winch Truck, A-Frame (handling steel or pipe)

POWER EQUIPMENT OPERATORS - ZONE 4

GROUP 1 - Scale operator
GROUP 2 - Pumps under 3 inch suction
GROUP 3 - Oiler-Driver on Motor Crane
GROUP 4 - Oiler
GROUP 5 - Mechanic Helper
GROUP 6 - Fireman
GROUP 7 - Batch Plant Operator
GROUP 8 - Combination Oiler-Compressor Operator
GROUP 9 - Combination Oiler-Fireman
GROUP 10 - Bush Hog; Compressors; Concrete Pumps, under 6" discharge; Concrete saw; Kolum Buff Machines; Mixers (1 sack and under); Motorized street sweepers self-propelled; Pumps (3 inch and over); Deck Winch (1 drum); Distributors; Dowel Bar Machine; Farm-type tractors (when used to pull discs, grasscutters, etc.); Test Pump, Internal combustion engine powered; Ditching or Trenching Machines (non-riding type); Water Blast Pumps; Hoist (1 drum under 4 stories)
GROUP 11 - Asphalt Plant Operator; Boom Trucks; Bullfloats; Concrete Spreader; Farm Type Front End Loaders; Rollers (other than plant mix asphalt); Straddle Buggies; Winch Truck with A-Frame (under 5 tons); Work Boat, not requiring licensed operator; Finishing Machines
GROUP 12 - Asphalt Spreader; Backhoes (all types); Bulldozers; Cable Ways; Cherry Pickers (all types); Concrete Mixers (over 1 sack); Cranes; Deck Winch (2 drums or over); Front End Loaders (except farm type); Grease Serviceman; Hoist (1 drum, 4 stories, or 40 feet) on construction other than buildings; Hoist (2 drums or over); Locomotives (all types); Mechanic; Mixer Plant Operator, Central Mix; Motor Patrols; Piledrivers; Pull Cat; Pump Crete, 6" and over discharge; Push Cat; Road Pavers; Derricks; Ditching or Trenching Machines (riding type); Draglines; Dredges; Fork Lifts (other than farm type) outside warehouses; Foundation Drill; Rollers (plant Mix Asphalt); Scrapers; Shovels; Sidebooms; Unit Operator; Welder, journeyman; Well Point System; Whirleys; Winch Cats (Cat D-4 and over); Winch Trucks with A-Frame (5 tons and over); Work Boats, requiring licensed operator

POWER EQUIPMENT OPERATORS - ZONE 5

GROUP 1 - Snatch Cat
GROUP 2 - Pumps, 3 inch suction or more
GROUP 3 - Pumps, under 3 inch suction
GROUP 4 - Oiler
GROUP 5 - Mechanic Helper
GROUP 6 - Batch Plant Operator
GROUP 7 - Air Compressor; Asphalt Plant Engineer; Blade Grader; Distributor (Bitum Surface); Finishing Machine (Concrete, Paving); Hoist, 1 drum, less than 4 stories; Concrete Mixer under 16S; Oiler Driver; Pump Crete; Street and Road Sweeper; Roller (except on asphalt or brick); Roller, asphalt or brick (under 5 tons); Post-Hole Digger; Tractor operated Bush Hog and similar grass or bush cutting equipment
GROUP 8 - A-Frame Truck; Bulldozer, under 6; Crew Boat Operator; Fireman; Fork Lift; Straddle Buggy; Traxcavator, Scoopmobile and similar front-end loading equipment with Scoop or Bucket under one (1) cubic yard capacity; Locomotive; Well Point System; Unit Operator; Hoist, 1 drum, 4 stories or over
GROUP 9 - Backhoe; Cable Way; Concrete Mixer, 16S & up; Crane; Derrick; Dragline; Dredge; Equipment Maintenance Mechanic; Hoist, 2 drum; Locomotive Crane; Paving Mixer; Piledriver; Road Paver; Roller on Asphalt or Brick (5 tons & over); Shovel; Sideboom Cat; Bulldozer, 6 and over; Motor Patrol Scraper; Hydrolift Crane, Hydrolift Truck, Yard Crane, Cherry Picker, etc.; Foundation, Boring and Reaming Machine; Cement Stabilizer; Trenching Machine; Asphalt Spreader; Traxcavator and similar front-end loading equipment with Scoop or Bucket of one (1) cubic yard or more capacity; Tug Boat Operator; Turnapull, Euclid, DW-10 and other similar self-loading earth moving equipment; Concrete Pump (not Pump Crete)

POWER EQUIPMENT OPERATORS - ZONE 6

GROUP 1 - Assistant Master Mechanic
GROUP 2 - Master Mechanic
GROUP 3 - Oilers
GROUP 4 - Batch Plant Operators; Mechanic Helpers; Oilers (Drivers)
GROUP 5 - A-frame truck, except when working with ironworkers or pipefitters; Air Compressor; Asphalt Plant Engineers; Asphalt Finisher, Screed Men; Blade Graders; Boat Operator; Bullfloat; Concrete Joining Machines; Concrete Mixers, 16s and under; Concrete Spreader; Crusher Operator; Deck Winch Operator (1); Distributors, asphalt "Ditch Witch " and similar equipment; Electric Elevators (inside); Finishing Machine; Fireman; Form Graders; Fork Lifts; Hoist, 1 drum, under 4 stories; Power Subgrader; Pug Mill Operators; Pull Tractors; Pump, Pump Crete; Rollers, except on brick and asphalt; Rubber Tired Front End Loader (with or without blade attachments) less than 1 cu. yd. capacity; Scale Operator; Scoopmobile; Snatch Cats; Spray Machines; Stabilizers, less than 3 drums; Straddle-Buggy; Track Machines and equivalent Machines; Tractors or Bulldozers smaller than D-6
GROUP 6 - A-Frame Truck, when working with ironworkers and pipefitters; Bulldozers D-6 and larger; Cable Ways; Concrete Mixers; Over 16-s paving machines; Cranes; Derricks; Draglines and Clam Shells; Deck Winches (2); Gradealls; Hi-Ho and similar type equipment; Hoist, 1 drum, 4 stories and over; Hoist, 2 drums or more; Hydro Cranes; Mechanic; Motor Patrols; Piledrivers; Rollers on brick and asphalt; Rubber Tired Front End Loader, with or without blade attachments, 1 cu. yd. capacity or more; Scrapers; Shovels, Backhoes (all types); Sideboom Cats; Stabilizers, 3 drums or more; Traxcavators; Trenching Machines; Unit Operator; Welder, journeyman; Well Point Systems (gas, diesel, electric, etc.)

POWER EQUIPMENT OPERATORS - ZONE 7

GROUP 1 - Oiler
GROUP 2 - Mechanic Helper
GROUP 3 - Oiler-Driver
GROUP 4 - Scaleman
GROUP 5 - Bullfloats; Concrete Spreader; Finishing Machines; Pull Cats; Air Compressor; Fireman; Motorized Sweepers; Pump, concrete (under 6"); Straddle Buggies; Rollers, except on asphalt or brick; Hoist, 1 drum, less than 4 stories; Winch Truck; A-Frame (other than handling steel or pipe); Farm-type Tractor (with front-end buckets and/or when used to pull discs, grasscutters,etc.); Asphalt Plant Operator; Bulldozers, D-4 & equivalent & under; Fork Lifts; Concrete Saw; Concrete Mixer, 16-s or less; Doweli Bar Machines; Kolum Buff Machines; Pumps (3" and over); Distributors (Bitum Surface)
GROUP 6 - Backhoe; Cableways; Derricks; Dredges; Locomotives; Motor Patrols; Pile-drivers; Road Pavers; Scrapers; Shovels; Hydrolifts; Scoopmobiles; Pump, concrete (6" & over); Welder, journaymen; Winch Cats (hoisting); Winch Trucks (handling steel and pipe); Front-end loaders (except farm-type tractors); Bulldozer, over D-4 or equivalent; Asphalt Spreader; Crane; Draglines; Grease Serviceman; Heavy Duty Mechanic; Hoist, 1 drum, 4 stories or more; Hoist, 2 drums or over; Roller on asphalt or brick; Sideboom Cats; Well Point Systems; Tractorvators; Concrete Mixers (over 16-s); Fork Lift setting steel, machinery or pipe

TRUCK DRIVERS - ZONE 1

GROUP 1 - Teamsters, Pick-up drivers & chauffeurs
GROUP 2 - Stake bodies (all sizes)
GROUP 3 - Trucks trailer & dumps over 8 yds.
GROUP 4 - Mixers on trucks up to and including 3 yds.
GROUP 5 - Mixers on trucks over 3 yds.
GROUP 6 - Winch Trucks
GROUP 7 - Mississippi wagons & Koehring dumpsters & similar dirt moving equipment (up to and including 8 yds.)
GROUP 8 - Trucks - dumps
GROUP 9 - Mississippi wagons & Koehring dumpsters & similar dirt moving equipment over 8 yds.

TRUCK DRIVERS - ZONE 2

GROUP 1 - Teamster, pick-up drivers
GROUP 2 - Stake bodies (all sizes)
GROUP 3 - Truck & trailer; Dump
GROUP 4 - Mixers on trucks, up to and including 3 yds.
GROUP 5 - Mixers on trucks over 3 yds.
GROUP 6 - Winch Trucks
GROUP 7 - Mississippi wagons & Koehring dumpsters, tandem and similar dirt moving equipment, up to and including 8 yds.
GROUP 8 - Mississippi wagons, Koehring dumpsters, tandem and similar dirt moving equipment, over 8 yds.

TRUCK DRIVERS - ZONE 3

GROUP 1 - Pick-up drivers, spotters & dumpers of dirt, gravel, asphalt & rock; Truck helpers
GROUP 2 - Stake bodies; flat beds (all sizes)
GROUP 3 - Single axle dumps & water trucks; transit mix, up to & including 3 yds.
GROUP 4 - Tandem axle dump, batch and water trucks over 3 tons, pickups with trailer

TRUCK DRIVERS - ZONE 3 (CONT'D)

GROUP 5 - Mississippi wagons; floats; tractor trailers; rubber tired tractors and wobble wheels
GROUP 6 - Euclids, low-boys, Dempsey dumpsters, Koehring-dumps, five axle trucks, transit mix over three (3) yards, fuel truck
GROUP 7 - Fork lift

AREA COVERED BY VARIOUS ZONES

1

ASBESTOS WORKERS

ZONE 1 - Acadia, Allen, Beauregard, Calcasieu, Cameron, Evangeline, Jefferson Davis, Rapides, Vermilion & Vernon Parishes

ZONE 2 - Bienville, Bossier, Caddo, Caldwell, Claiborne, DeSoto, Grant, Jackson, Lincoln, Natchitoches, Ouachita, Red River, Sabine, Union, Webster & Winn Parishes

ZONE 3 - Ascension, Assumption, Avoyelles, Catahoula, Concordia, East Baton Rouge, East Feliciana, Iberia, Iberville, Jefferson, Lafayette, Lafourche, LaSalle, Livingston, Orleans, Plaquemines, Pointe Coupee, St. Bernard, St. Charles, St. Helena, St. James, St. John the Baptist, St. Landry, St. Martin, St. Mary, St. Tammany, Tangipahoa, Terrebonne, Washington, West Baton Rouge & West Feliciana Parishes

ZONE 4 - East Carroll, Franklin, Madison, Morehouse, Richland, Tensas & West Carroll Parishes

2

BRICKLAYERS & STONEMASONS

ZONE 1 - Ascension, East Baton Rouge, East Feliciana, Iberville, Livingston, St. Helena, Tangipahoa, West Baton Rouge & West Feliciana Parishes

ZONE 2 - Evangeline, Pointe Coupee & St. Landry Parishes

ZONE 3 - Acadia, Allen, Beauregard, Calcasieu, Cameron, Jefferson Davis, Vermilion & Vernon Parishes

ZONE 4 - Assumption, Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John the Baptist, St. Tammany (extending northward to that part of St. Tammany Parish from the Tangipahoa Parish line on the west, along U.S. Highway #190 through the lower limits of Covington, along State Highway #58, through the lower limits of Abita Springs and Talisheek to the Mississippi State Line) & Terrebonne Parishes

ZONE 5 - St. Tammany (north half including Covington north of Highway #190) & Washington Parishes

ZONE 6 - Avoyelles, Catahoula, Concordia, Grant, LaSalle & Rapides Parishes

ZONE 7 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Red River & Webster Parishes

ZONE 8 - Natchitoches & Sabine Parishes

ZONE 9 - Caldwell, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, West Carroll & Winn Parishes

ZONE 10 - Iberia, Lafayette, St. Martin & St. Mary Parishes

3

CARPENTERS

ZONE 1 - Acadia, Evangeline, Iberia (west of the Atchafalaya River), Lafayette, St. Landry, St. Martin (west of the Atchafalaya River), St. Mary (west of the Atchafalaya River) & Vermilion Parishes

PILEDRIVERMEN

ZONE 1 - St. Tammany (to the overpass at Slidell, Louisiana, along State Highway #464 in St. Tammany Parish to the city limits of the town of Ponchatoula running north & south to Amite, Louisiana in Tangipahoa Parish, including the town of Covington, Louisiana in St. Tammany Parish), Tangipahoa & Washington Parishes

ZONE 2 - Ascension (north of the Mississippi River), East Baton Rouge, East Feliciana, Iberville, Livingston, Pointe Coupee, St. Helena, St. James (north of the Mississippi River), West Baton Rouge & West Feliciana Parishes

ZONE 3 - Ascension (south of the Mississippi River), Assumption, Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. James (south of the Mississippi River), St. John the Baptist, St. Martin (southern segment), St. Mary (northeast of the Atchafalaya River), St. Tammany (southern portion) & Terrebonne Parishes

PILEDRIVERMEN CONTINUED
ZONE 4 - Acadia, Allen, Beauregard, Calcasieu, Cameron, Evangeline, Iberia, Jefferson Davis, Lafayette, St. Landry, St. Martin (west of the Atchafalaya River), St. Mary (west of the Atchafalaya River), Vermilion & Vernon Parishes
ZONE 5 - Avoyelles, Grant, LaSalle & Rapides Parishes
ZONE 6 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Red River & Webster Parishes
ZONE 7 - Natchitoches & Sabine Parishes
ZONE 8 - Caldwell, Catahoula, Concordia, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, West Carroll & Winn Parishes

6

CEMENT MASONS
ZONE 1 - Ascension, Assumption, East Baton Rouge, East Feliciana, Iberville, Livingston, Pointe Coupee, St. Helena, St. James, Tangipahoa, West Baton Rouge & West Feliciana Parishes
ZONE 2 - Allen, Beauregard, Calcasieu, Cameron, Jefferson Davis & Vernon Parishes
ZONE 3 - Acadia, Iberia, Lafayette, St. Landry, St. Martin, St. Mary & Vermilion Parishes
ZONE 4 - Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany (southern portion) & Terrebonne Parishes
ZONE 5 - St. Tammany (northern half including Covington north of Highway #190) & Washington Parishes
ZONE 6 - Avoyelles, Catahoula, Concordia, Evangeline, Grant, LaSalle & Rapides Parishes
ZONE 7 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Red River, Sabine & Webster Parishes
ZONE 8 - Caldwell, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, West Carroll & Winn Parishes
ZONE 9 - Natchitoches Parish

7

ELECTRICIANS
ZONE 1 - Ascension, East Baton Rouge, East Feliciana, Iberville, Livingston, Pointe Coupee, St. Helena, St. Landry, West Baton Rouge & West Feliciana Parishes
ZONE 2 - St. Tammany, Tangipahoa & Washington Parishes
ZONE 3 - Allen, Beauregard, Calcasieu, Cameron & Jefferson Davis Parishes
ZONE 4 - Acadia, Iberia, Lafayette, St. Martin (that portion north of Iberia Parish), St. Mary (that portion southwest of the Atchafalaya River) & Vermilion Parishes
ZONE 5 - Assumption, Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John the Baptist, St. Martin (that portion south of Iberia Parish), St. Mary (that portion northeast of the Atchafalaya River) & Terrebonne Parishes
ZONE 6 - Avoyelles, Catahoula, Concordia, Evangeline, Grant, LaSalle, Natchitoches (that portion southwest of the Red River), Rapides, Sabine, Vernon & Winn Parishes
ZONE 7 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Natchitoches (that portion northeast of the Red River), Red River & Webster Parishes
ZONE 8 - Caldwell, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union & West Carroll Parishes

8

ELEVATOR CONSTRUCTORS
ZONE 1 - Acadia, Allen, Ascension, Assumption, Beauregard, Calcasieu, Cameron, East Baton Rouge, East Feliciana, Evangeline, Iberia, Iberville, Jefferson, Jefferson Davis, Lafayette, Lafourche, Livingston, Orleans, Plaquemines, Pointe Coupee, St. Bernard, St. Charles, St. Helena, St. James, St. John the Baptist, St. Landry, St. Martin, St. Mary, St. Tammany, Tangipahoa, Terrebonne, Vermilion, Washington, West Baton Rouge & West Feliciana Parishes
ZONE 2 - Avoyelles, Bienville, Bossier, Caddo, Caldwell, Catahoula, Claiborne, Concordia, DeSoto, East Carroll, Franklin, Grant, Jackson, LaSalle, Lincoln, Madison, Morehouse, Natchitoches, Ouachita, Rapides, Red River, Richland, Sabine, Tensas, Union, Vernon, Webster, West Carroll & Winn Parishes

9

GLAZIERS
ZONE 1 - Allen (except northeast corner), Beauregard, Calcasieu, Cameron, Jefferson Davis & Vernon Parishes
ZONE 2 - Ascension (north & west of Highway #22), Assumption (north of Grand Bayou), East Baton Rouge, East Feliciana, Iberville, Livingston (north & west of Highway #22), Pointe Coupee, St. Helena, Tangipahoa (west of Highway #51), West Baton Rouge & West Feliciana Parishes
ZONE 3 - Ascension (east & south of Highway #22), Assumption (south of Grand Bayou), Jefferson, Lafourche, Livingston (east & south of Highway #22), Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John the Baptist, St. Mary (Morgan City Area), St. Tammany, Tangipahoa (east of Highway #51), Terrebonne & Washington Parishes
ZONE 4 - Acadia, Iberia, Lafayette, St. Landry, St. Martin, St. Mary (except Morgan City Area) & Vermilion Parishes
ZONE 5 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Natchitoches (to the city of Natchitoches), Red River, Sabine & Webster Parishes
ZONE 6 - Caldwell, Concordia, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, West Carroll & Winn (north half) Parishes

10

IRONWORKERS
ZONE 1 - All of Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist & St. Tammany Parishes; Parts of Lafourche, Livingston, St. James, Tangipahoa, Terrebonne & Washington Parishes (west of a straight line drawn from the Louisiana-Mississippi border, east of the city limits of Warrenton, Louisiana, southwest through Hammond, Louisiana to the Gulf of Mexico)
ZONE 2 - All of Ascension, Assumption, Avoyelles, East Baton Rouge, East Feliciana, Iberia, Iberville, Pointe Coupee, St. Helena, St. Martin, St. Mary, West Baton Rouge & West Feliciana Parishes; Parts of Acadia, Evangeline, Lafayette, St. Landry & Vermilion Parishes (east of a line drawn from the meeting point of the boundaries of the Parishes of Rapides, Avoyelles & Evangeline, southwest along the western city limits of Abbeville, Louisiana, to the Gulf of Mexico); Parts of Lafourche, Livingston, St. James, Tangipahoa, Terrebonne & Washington Parishes (west of a straight line drawn from the Louisiana-Mississippi border, west of the city limits of Warrenton, Louisiana, southwest through Hammond, Louisiana to the Gulf of Mexico);

IRONWORKERS CONTINUED
ZONE 2 (Cont'd) - Parts of Catahoula, Concordia, LaSalle & Rapides Parishes (south of a line drawn from Natchez, Mississippi southwesterly to the city of Kolin, from there northwesterly through the city of Boyce to the Natchitoches Parish boundary)
ZONE 3 - All of Bossier, Caddo, DeSoto, Red River & Webster Parishes; Parts of Bienville, Claiborne, Natchitoches & Winn Parishes (west of a line drawn directly south from the Arkansas-Louisiana border through the cities of Arcadia & Cloutierville); Part of Sabine Parish (north of a line drawn from the Natchitoches Parish boundary west through the city of Peason to the Texas-Louisiana border)
ZONE 4 - All of Caldwell, East Carroll, Franklin, Grant, Jackson, Lincoln, Morehouse, Ouachita, Richland, Tensas, Union & West Carroll Parishes; Parts of Bienville, Claiborne, Natchitoches & Winn Parishes (east of a line drawn directly south from the Arkansas-Louisiana border through the cities of Arcadia & Cloutierville); Part of Madison Parish (except the cities of Mound, Delta & adjacent areas); Parts of Catahoula, Concordia, LaSalle & Rapides Parishes (north of a line drawn from Natchez, Mississippi southwesterly to the city of Kolin, from there northwesterly through the city of Boyce to the Natchitoches Parish boundary)
ZONE 5 - That part of Madison Parish (including the cities of Mound, Delta & adjacent areas)
ZONE 6 - All of Allen, Beauregard, Calcasieu, Cameron, Jefferson Davis & Vernon Parishes; Parts of Acadia, Evangeline, Lafayette, Rapides, St. Landry & Vermilion Parishes (west of a line drawn from the city of Kolin, southwest along the western city limits of Abbeville, Louisiana to the Gulf of Mexico and southwest of a line drawn from Kolin through Boyce to the Natchitoches-Rapides Parish boundary); Part of Sabine Parish (south of a line drawn from the Natchitoches Parish boundary west through the city of Peason to the Texas-Louisiana border)

11
LABORERS
ZONE 1 - St. Tammany (as far south as Bayou Lacombe and east to the Mississippi State Line at Pearlington), Tangipahoa (except that portion south of a line running due east from the western boundary of Tangipahoa Parish which follows the northern city limits of Independence, Louisiana to 20 miles east of U.S. Highway #51, than running south paralleling Highway #51 at a 20 mile distance to Lake Pontchartrain) & Washington Parishes
ZONE 2 - Acadia, Iberia, Lafayette, St. Landry, St. Martin, St. Mary & Vermilion Parishes
ZONE 3 - Allen, Beauregard, Calcasieu, Cameron, Jefferson Davis & Vernon Parishes
ZONE 4 - All of Ascension, East Baton Rouge, East Feliciana, Iberville, Livingston, Pointe Coupee, St. Helena, West Baton Rouge & West Feliciana Parishes; Parts of Assumption, St. James & St. John the Baptist Parishes (north of a line drawn from the southern limits of the town of St. James in St. James Parish to the northern limits of the town of Napoleonville in Assumption Parish and then directly west to the Parish, all of St. James Parish except that part which is east of a line drawn from Lutcher, Louisiana to U.S. Highway #61 (Airline Highway) than west on U.S. #61 to Blind River, and then on a direct line to Manchac, Louisiana); That part of Tangipahoa Parish (south and west of a line running from the western parish line to a point directly east which touches the northern limits of the town of Independence then directly south to Lake Pontchartrain)
ZONE 5 - Jefferson (except Grand Isle), Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist (on the west bank of the Mississippi River and the portion of St. John the Baptist on the east bank of the Mississippi River as far as the Sycamore Inn Lutcher and north to Blind River and Manchac) & St. Tammany (north as far as Bayou Lacombe, east to the Mississippi State Line at Pearlington) Parishes

LABORERS CONTINUED
ZONE 6 - Assumption (north of Napoleonville), Jefferson (Grand Isle), Lafourche, St. James (on the west bank and including the town of Vacherie) & Terrebonne Parishes
ZONE 7 - Avoyelles, Evangeline, Grant, LaSalle, Natchitoches, Rapides & Winn Parishes
ZONE 8 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Red River, Sabine & Webster Parishes
ZONE 9 - Caldwell, Catahoula, Concordia, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union & West Carroll Parishes

12
LATHERS
ZONE 1 - All of Acadia, Ascension, East Baton Rouge, East Feliciana, Iberia, Iberville, Lafayette, Livingston, Pointe Coupee, St. Helena, St. Landry, St. Martin, Vermilion, West Baton Rouge & West Feliciana Parishes; Parts of Assumption & St. James (up to a 40 mile radius of Baton Rouge); Parts of Evangeline & St. Mary (up to a 40 mile radius of Lafayette)
ZONE 2 - All of Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany, Tangipahoa, Terrebonne & Washington Parishes; Parts of Assumption & St. James Parishes (beyond a 40 mile radius of Baton Rouge); Part of St. Mary Parish (beyond a 40 mile radius of Lafayette)
ZONE 3 - Allen, Beauregard, Calcasieu, Cameron, Evangeline (that portion beyond a 40 mile radius of Lafayette), Jefferson Davis & Vernon Parishes
ZONE 4 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Lincoln, Natchitoches, Red River & Webster Parishes
ZONE 5 - Rapides Parish

13

PAID HOLIDAYS
A- New Years Day; B- Memorial Day; C- Independence Day
D- Labor Day E- Thanksgiving Day; F- Christmas Day

FOOTNOTES:
a. Six paid holidays: A through F.
b. Employer contributes 4% of regular hourly rate to Vacation pay credit for employee who has worked in business more than 5 years. Employer contributes 2% of regular hourly rate to vacation pay credit for employee in the business less than 5 years.
c. Nine paid holidays, A through F plus Washington's Birthday, Christmas Eve, and Good Friday, providing employee has worked 45 full days during the 120 calendar days prior to the holiday, and the regular scheduled work day immediately preceding and following the holiday.

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Employer contributes $8.00 per day to Annuity Fund.

b. Holidays: A through F; Lincoln's Birthday, Washington's Birthday, Columbus Day, Election Day, Armistice Day.

c. Employer contributes 6.4% basic hourly rate for 5 years or more of service or 4.2% basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit.

d. One week vacation after one year's work; two weeks vacation after 4 year's work; 3 weeks vacation after 15 year's work.

e. Holidays: A through F, Washington's Birthday and Good Friday, Christmas Eve, providing employee has worked 45 full days during the 120 calendar days prior to the holiday and the regular scheduled work days immediately preceding and following the holiday.

f. Employer contributes 1% to Temporary Disability Fund.

g. Employers contributes $.60 per hour to a Trust fund.

h. Employer contributes $.15 per hour to a annuity fund.

BUILDING & HEAVY CONSTRUCTION - POWER EQUIPMENT OPERATORS:

GROUP I: Autograde - combn. subgrader, base MIL spreader & base trimmer (CMI & similar types), autograde placer-trimmer-spreader-combn. (CMI & similar types), autograde slipform paver (CMI & similar types), backhoes (all types, including all combination hoe loaders), central power plants (all types), concrete paving machines, cranes (all types including overhead & straddle travelling type), cranes (gantry), derricks (land or floating), drillmaster, quarrymaster (down the hole drill), draglines, elevator graders, engines (large diesel 1620 HP and staging pump), front end loaders (5 yds. and over), gradalls, grader, rago, helicopters (co-pilot), jack (screw air hydraulic power operated unit or console type (not hand jack or pile load test type), locomotive (large), mucking machines, pavers (21-E and over), paver (resinous, broyhill), pavement & concrete breaker (super-hammer), pavement breaker truck mounted, piledriver, scooper (loader and shovel) koehring, shovels, tree chopper, trench machines

GROUP II: "A" frame, boring & drilling machines, brush chopper, chipper & shredder, cableways carryalls, cherry pickers (6 tons & under), concrete pump, concrete pumping system, pumpcrete, squeezecrete & similar types, conveyors (125' & over), econo-mobiles (hilo, lull, hyster similar type equipment), fork lifts, front end loaders (2 yds, but less than 5 yds.), grove cutting machine, heater planer, pans (letourneau, dw's ukes), pumpcrete (unit type), pumpcrete machines (squeezecrete & concrete pumping regardless of size), rollers (backtop), scrapers (letourneau, dw's ukes), side booms, squeezecrete, straddle carrier (ross & similar types), winch trucks (hoisting)

GROUP III: Aerial platform (used as hoist), hoist (all type hoists, gas, diesel, electric, air, hydraulic, single and double drum, concrete, brick shaft caisson, conveyor, snorkel, roof, tugger, and house cars or any other similar type hoisting machines, portable or stationary, except Chicago boom type), elevators or house cars, roof hoist

GROUP IV: Asphalt curbing machine, asphalt plant engineer, asphalt spreaders, auto-grade tube finisher & texturing machine (CMI & similar), autograde curecrete machine (CMI & similar), autograde crub trimmer & sidewalk, shoulder slipform (CMI & similar types), bar bending machines (power), batchers, batching plant & crusher on site, belt conveyor systems, boilers and steam jennies (irrespective of their use), boom type skimmer machines, bridge deck finisher, car dumpers (railroad), compressor and blower type units (used independently or mounted on dual purpose trucks, on job site or in conjunction with job site, in loading and unloading of concrete, cement, fly ash, instancrete, or similar type materials), concrete breaking machines, concrete finishing machines, concrete saws & cutters (ride on type), concrete spreaders hetzel, rexomatic and similar types, conveyors (under 125'), crushing machines, ditching machines (small, ditchwitch or similar), drill doctor (duties include dust collector, maintenance), dope pots (mechanical with or without pump), dumpsters, fine grade machine (large type), front end loaders (under 2 yds.), generators giraffe grinders, grader (finish only), graders and motor patrols, gunite machines (excluding nozzle), hammer vibrator (in conjunction with generator), hoppers, hopper doors (power operated), ladders (motorized), laddervator, lights (portable generating light plants), locomotive (dinky type), maintenance and repair of asphalt curbing machines, concrete finishing machines, concrete vibrators, gas buggies, leveling machines, portable generators, power saws, compressor equipment or compressor units used in connection with cement,

BUILDING & HEAVY CONSTRUCTION - POWER EQUIPMENT OPERATORS CONT'D.:

paint, insulating and accustical sprays, plaster, curing and sandblasting (all and similar types), mechanic, mixers (excepting paving mixers), motor patrols and graders, pavers (under 21-E), pavement breakers (small, self propelled ride on type, also maintains compressor or hydraulic unit), pipe bending machine (power), pitch pump, plaster pump (regardless of size), post hole digger, rod bending machines (power), scales (power), seaman pulverizing mixer, silas, steam jennies and boilers (irrespective of theiruse), steel cutting machine (service & maintains), vibrating plants (used in conjunction with unloading, welder and repair mechanic.

GROUP V: Welding machines (gas or electric converters of any type 2 or 3 in battery), compressors (2 or 3 within a total distance of 100' constitutes a battery), welding system, mutiple (rectifiertransformer type)

GROUP VI: Bulldozer, fireman, sprinkler and water pump trucks (used on job site or in conjunction with job site), stone, spreaders, sweepers & brooms, tractors (D-8 and over), water & sprinkler trucks (used on job site or in conjunction with job site)

GROUP VII: Compressor (single), heaters (nelson or other type including propane, natural gas or flow type units), pumps (4 inch suction & over including submersible pumps), temporary heating plant (nelson or other type including propane, natural gas or flow type units), welding machines (gas or electric converters of any type single), wellpoint system (including installation and maintenance)

GROUP VIII: Concrete spreaders (small type), fertilizing equipment and maintenance of), grease, gas, fuel and oil supply trucks, mulching equipment (operation and maintenance of), seeding equipment (operation and maintenance of), tamping machines (vibrating self propelled)

GROUP IX: Assistant engineer/oiler, mechanics helper, tire repair & maintenance

GROUP X: Water Operations: On all power boats used in conjunction with pipeline, river crossings and all types of construction: captain (power boats), tug master (power boats)

GROUP XI: Water Operations: Deckhand

GROUP XII: Pump (staging)

GROUP XIII: Rollers (grade fill or stone base)

GROUP XIV: Helicopters (pilot/engineer)

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Employer contributes 4% basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit.

b. Holidays: A through F.

c. Holidays: A through F, Washington's Birthday and Good Friday, providing employee has worked 45 full days during the 120 calendar days prior to the holiday, and the regular scheduled work days immediately preceding and following the holiday.

d. Employer contributes 1% to Temporary Disability Fund.

e. Employer contributes .95 per hour to an Annuity Fund.

f. Employer contributes .60 per hour to a Trust Fund.

BUILDING & HEAVY CONSTRUCTION - POWER EQUIPMENT OPERATORS:

GROUP I: Autograde - combn. subgrader, base MTL spreader & base trimmer (CMI & similar types), autograde placer-trimmer-spreader-combn. (CMI & similar types), autograde slipform paver (CMI & similar types), backhoes (all types, including all combination hoe loaders), central power plants (all types), concrete paving machines, cranes (all types including overhead & straddle travelling type), cranes (gantry), derricks (land or floating), drillmaster, quarrymaster (down the hole drill), draglines, elevator graders, engines (large diesel 1620 HP and staging pump), front end loaders (5 yds. and over), gradalls, grader, rago, helicopters (co-pilot), jack (screw air hydraulic power operated unit or console type (not hand jack or pile load test type), locomotive (large), mucking machines, pavers (21-E and over), paver (resinous, broyhill), pavement & concrete breaker (super-hammer), pavement breaker truck mounted, piledriver, scooper (loader and shovel) koehring, shovels, tree chopper, trench machines

GROUP II: "A" frame, boring & drilling machines, brush chopper, chipper & shredder, cableways carryalls, cherry pickers (6 tons & under), concrete pump, concrete pumping system, pumpcrete, squeezecrete & similar types, conveyors (125' & over), econo-mobiles (hilo, lull, hyster similar type equipment), fork lifts, front end loaders (2 yds, but less than 5 yds.), grove cutting machine, heater planer, pans (letourneau, dw's ukes), pumpcrete (unit type), pumpcrete machines (squeezecrete & concrete pumping regardless of size), rollers (backtop), scrapers (letourneau, dw's ukes), side booms, squeezecrete, straddle carrier (ross & similar types), winch trucks (hoisting)

GROUP III: Aerial platform (used as hoist), hoist (all type hoists, gas, diesel, electric, air hydraulic, single and double drum, concrete, brick shaft caisson, conveyor, snorkel, roof, tugger, and house cars or any other similar type hoisting machines, portable or stationary, except Chicago boom type), elevators or house cars, roof hoist

GROUP IV: Asphalt curbing machine, asphalt plant engineer, asphalt spreaders, auto-grade tube finisher & texturing machine (CMI & similar), autograde curecrete machine (CMI & similar), autograde curb trimmer & sidewalk, shoulder slipform (CMI & similar types), bar bending machines (power), batchers, batching plant & crusher on site, belt conveyor systems, boilers and steam jennies (irrespective of their use), boom type skimmer machines, bridge deck finisher, car dumpers (railroad), compressor and blower type units (used independently or mounted on dual purpose trucks, on job site or in conjunction with job site, in loading and unloading of concrete, cement, fly ash, instancrete, or similar type materials), concrete breaking machines, concrete finishing machines, concrete saws & cutters (ride on type), concrete spreaders hetzel, rexomatic and similar types, conveyors (under 125'), crushing machines, ditching machines (small, ditchwitch or similar), drill doctor (duties include dust collector, maintenance), dope pots (mechanical with or without pump), dumpsters, fine grade machine (large type), front end loaders (under 2 yds.), generators giraffe grinders, grader (finish only), graders and motor patrols, gunite machines (excluding nozzle), hammer vibrator (in conjunction with generator), hoppers, hopper doors (power operated), ladders (motorized), laddervator, lights (portable generating light plants), locomotive (dinky type), maintenance and repair of asphalt curbing machines, concrete finishing machines, concrete vibrators, gas buggies, leveling machines, portable generators, power saws, compressor equipment or compressor units used in connection with cement,

BUILDING & HEAVY CONSTRUCTION - POWER EQUIPMENT OPERATORS CONT'D.:

paint, insulating and acoustical sprays, plaster, curing and sandblasting (all and similar types), mechanic, mixers (excepting paving mixers), motor patrols and graders, pavers (under 21-E), pavement breakers (small, self propelled ride on type, also maintains compressor or hydraulic unit), pipe bending machine (power), pitch pump, plaster pump (regardless of size), post hole digger, rod bending machines (power), scales (power), seaman pulverizing mixer, silas, steam jennies and boilers (irrespective of theiruse), steel cutting machine (service & maintains), vibrating plants (used in conjunction with unloading, welder and repair mechanic.

GROUP V: Welding machines (gas or electric converters of any type 2 or 3 in battery), compressors (2 or 3 within a total distance of 100' constitutes a battery), welding system, mutiple (rectifiertransformer type)

GROUP VI: Bulldozer, fireman, sprinkler and water pump trucks (used on job site or in conjunction with job site), stone, spreaders, sweepers & brooms, tractors (D-8 and over), water & sprinkler trucks (used on job site or in conjunction with job site)

GROUP VII: Compressor (single), heaters (nelson or other type including propane, natural gas or flow type units), pumps (4 inch suction & over including submersible pumps), temporary heating plant (nelson or other type including propane, natural gas or flow type units), welding machines (gas or electric converters of any type single), wellpoint system (including installation and maintenance).

GROUP VIII: Concrete spreaders (small type), fertilizing equipment and maintenance of), grease, gas, fuel and oil supply trucks, mulching equipment (operation and maintenance of), seeding equipment (operation and maintenance of), tamping machines (vibrating self propelled)

GROUP IX: Assistant engineer/oiler, mechanics helper, tire repair & maintenance

GROUP X: Water Operations: On all power boats used in conjunction with pipeline, river crossings and all types of construction: captain (power boats), tug master (power boats)

GROUP XI: Water Operations: Deckhand

GROUP XII: Pump (staging)

GROUP XIII: Rollers (grade fill or stone base)

GROUP XIV: Helicopters (pilot/engineer)

United States Government Manual

1973/74 Edition

"Bureaucrat's Bible" or
"Guerrilla Handbook"?

The Manual has been called the "bureaucrat's bible." It has also been called a "guerrilla warfare handbook for citizens tired of jousting with windmills."

As the United States Government Organization Manual, it has been a familiar aid to businessmen, researchers, lawyers, and students seeking current information about the Federal Government. This year, the title has been changed to reflect a broader emphasis on consumer-interest programs, although the agency organization charts are still included.

A fresh, modern format highlights a "Sources of Information" section for most agencies, with addresses and telephone numbers for obtaining information on:

- Employment
- Government contracts
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups

$4.95 PER COPY
Paperbound, with charts

MAIL ORDER FORM To:

Superintendent of Documents, Government Printing Office, Washington, D.C. 20402
